§ 600.1310

§ 600.1201 Relation to other laws.

(a) Regulations pertaining to conservation and management (including record keeping and reporting) for certain shark fisheries are also set forth in parts 635 (for Federal Atlantic Ocean, Gulf of Mexico, and Caribbean shark fisheries), 648 (for spiny dogfish fisheries), 660 (for fisheries off West Coast states), and 665 (for fisheries in the western Pacific) of this chapter.

§ 600.1202 Definitions.

Fin means any of the fins of a shark (including the tail) or a portion thereof.

Land or landing means offloading fish, or causing fish to be offloaded, from a fishing vessel, either to another vessel or to a shore side location or facility, or arriving in port, or at a dock, berth, beach, seawall, or ramp to begin offloading fish.

Naturally attached, with respect to a shark fin, means attached to the corresponding shark carcass through some portion of uncut skin.

(b) If there is any difference between a definition in this section and in § 600.10, the definition in this section is the operative definition for the purposes of this subpart.

(b) For purposes of this section, it is a rebuttable presumption that:

(1) If a fin is found aboard a vessel, other than a fishing vessel, without being naturally attached, such fin was transferred in violation of this section.

(2) If, after landing, the total weight of fins landed from any vessel exceeds five percent of the total weight of shark carcasses landed, such fins were taken, held, or landed in violation of this section.
