§ 900.3 Proposals.

(a) A marketing agreement or a marketing order may be proposed by the Secretary or by any other person. If any person other than the Secretary proposes a marketing agreement or marketing order, he shall file with the Administrator a written application, together with at least four copies of the proposal, requesting the Secretary to hold a hearing upon the proposal. Upon receipt of such proposal, the Administrator shall cause such investigation to be made and such consideration thereof to be given as, in his opinion, are warranted. If the investigation and consideration lead the Administrator to conclude that the proposed marketing agreement or marketing order will not tend to effectuate the declared policy of the act, or that for other proper reasons a hearing should not be held on the proposal, he shall deny the application, and promptly notify the applicant of such denial, which notice shall be accompanied by a brief statement of the grounds for the denial.

The time of the hearing shall not be less than 15 days after the date of publication of the notice in the FEDERAL REGISTER, as provided in this subpart, unless the Administrator shall determine that an emergency exists which requires a shorter period of notice, in which case the period of notice shall be that which the Administrator may determine to be reasonable in the circumstances: *Provided*, That, in the case of hearings on amendments to marketing agreements or marketing orders, the time of the hearing may be less than 15 days but shall not be less than 3 days after the date of publication of the notice in the FEDERAL REGISTER.

(b) *Giving notice of hearing and supplemental publicity.* (1) The Administrator shall give or cause to be given notice of hearing in the following manner:

(iv) By forwarding copies of the notice of hearing addressed to the governors of such of the several States of the United States and to executive heads of such of the Territories and possessions of the United States as the Administrator, having due regard for the subject matter of the proposal and the public interest, shall determine, should be notified.

In the alternative, if notice is not given in the manner provided in paragraph (b)(1)(ii), (iii), and (iv) of this section there shall be filed with the hearing clerk or submitted to the judge at the hearing a determination by the Administrator that such notice is impracticable, unnecessary, or contrary to the public interest with a brief statement of the reasons for such determination. § 900.6 Judges.

(a) *Assignment.* No judge who has any pecuniary interest in the outcome of a proceeding shall serve as judge in such proceeding.

(b) *Powers of judges.* Subject to review by the Secretary, as provided elsewhere in this subpart, the judge, in any proceeding, shall have power to:

(1) Rule upon motions and requests;

(2) Change the time and place of hearing, and adjourn the hearing from time to time or from place to place;

(3) Administer oaths and affirmations and take affidavits;

(4) Examine and cross-examine witnesses and receive evidence;

- (5) Admit or exclude evidence;
- (6) Hear oral argument on facts or law;
- (7) Do all acts and take all measures necessary for the maintenance of order at the hearing and the efficient conduct of the proceeding.

(c) *Who may act in absence of judge.* In case of the absence of the judge or his inability to act, the powers and duties to be performed by him under this part in connection with a proceeding may, without abatement of the proceeding unless otherwise ordered by the Secretary, be assigned to any other judge.

(d) *Disqualification of judge.* The judge may at any time withdraw as judge in a proceeding if he deems himself to be disqualified. Upon the filing by an interested person in good faith of a timely and sufficient affidavit of personal bias or disqualification of a judge, the Secretary shall determine the matter as a part of the record and decision in the proceeding, after making such investigation or holding such hearings, or both, as he may deem appropriate in the circumstances.

§ 900.7 Motions and requests.

(a) *General.* All motions and requests shall be filed with the hearing clerk, except that those made during the course of the hearing may be filed with the judge or may be stated orally and made a part of the transcript. Except as provided in § 900.15(b) such motions and requests shall be addressed to, and ruled on by, the presiding officer if made prior to his certification of the transcript pursuant to § 900.10 or by the Secretary if made thereafter.

(b) *Certification to Secretary.* The judge may in his discretion submit or certify to the Secretary for decision any motion, request, objection, or other question addressed to the judge.

§ 900.8 Conduct of the hearing.

(a) *Time and place.* The hearing shall be held at the time and place fixed in the notice of hearing, unless the judge shall have changed the time or place, in which event the judge shall file with the hearing clerk a notice of such change, which notice shall be given in the same manner as provided in § 900.4 (relating to the giving of notice of the hearing): *Provided*, That, if the change

in time or place of hearing is made less than 5 days prior to the date previously fixed for the hearing, the judge, either in addition to or in lieu of causing the notice of the change to be given, shall announce, or cause to be announced, the change at the time and place previously fixed for the hearing.

(b) *Appearances*—(1) *Right to appear.* At the hearing, any interested person shall be given an opportunity to appear, either in person or through his authorized counsel or representative, and to be heard with respect to matters relevant and material to the proceeding. Any interested person who desires to be heard in person at any hearing under these rules shall, before proceeding to testify, state his name, address, and occupation. If any such person is appearing through a counsel or representative, such person or such counsel or representative shall, before proceeding to testify or otherwise to participate in the hearing, state for the record the authority to act as such counsel or representative, and the names and addresses and occupations of such person and such counsel or representative. Any such person or such counsel or representative shall give such other information respecting his appearance as the judge may request.

(2) *Debarment of counsel or representative.* Wherever, while a proceeding is pending before him, the judge finds that a person, acting as counsel or representative for any person participating in the proceeding, is guilty of unethical or unprofessional conduct, the judge may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: *Provided*, That the judge may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or other representative. In case the judge has ordered that a person be precluded from further acting as counsel or representative in the proceeding, the presiding officer, within a reasonable time thereafter shall submit to the Secretary a report of the facts and circumstances surrounding such order and

shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter the Secretary may, after notice and an opportunity for hearing, issue such order, respecting the appearance of such person as counsel or representative in proceedings before the Secretary, as the Secretary finds to be appropriate.

(3) *Failure to appear.* If any interested person fails to appear at the hearing, he shall be deemed to have waived the right to be heard in the proceeding.

(c) *Order of procedure.* (1) The judge shall, at the opening of the hearing prior to the taking of testimony, have noted as part of the record the notice of hearing as filed with the Office of the Federal Register and the affidavit or certificate of the giving of notice or the determination provided for in § 900.4(c).

(2) Evidence shall then be received with respect to the matters specified in the notice of the hearing in such order as the judge shall announce.

(d) *Evidence*—(1) *In general.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

(i) Every witness shall, before proceeding to testify, be sworn or make affirmation. Cross-examination shall be permitted to the extent required for a full and true disclosure of the facts.

(ii) When necessary, in order to prevent undue prolongation of the hearing, the judge may limit the number of times any witness may testify to the same matter or the amount of corroborative or cumulative evidence.

(iii) The judge shall, insofar as practicable, exclude evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to any other ruling of the judge during the hearing, he shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the judge. The transcript shall not include argument or debate thereon except as ordered by the judge. The rul-

ing of the judge on any objection shall be a part of the transcript. Only objections made before the judge may subsequently be relied upon in the proceeding.

(3) *Proof and authentication of official records or documents.* An official record or document, when admissible for any purpose, shall be admissible as evidence without the production of the person who made or prepared the same. Such record or document shall, in the discretion of the judge, be evidenced by an official publication thereof or by a copy attested by the person having legal custody thereof and accompanied by a certificate that such person has the custody.

(4) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon satisfactory showing of the authenticity, relevancy, and materiality of the contents thereof, be numbered as exhibits and received in evidence and made a part of the record. Such exhibits shall be submitted in quadruplicate and in documentary form. In case the required number of copies is not made available, the judge shall exercise his discretion as to whether said exhibits shall, when practicable, be read in evidence or whether additional copies shall be required to be submitted within a time to be specified by the judge. If the testimony of a witness refers to a statute, or to a report or document (including the record of any previous hearing) the judge, after inquiry relating to the identification of such statute, report, or document, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an exhibit, or whether it shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is embraced in a report or document (including the record of any previous hearing) containing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the presiding officer.

Agricultural Marketing Service, USDA

§ 900.10

(5) *Official notice.* Official notice may be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific or commercial fact of established character: *Provided*, That interested persons shall be given adequate notice, at the hearing or subsequent thereto, of matters so noticed and shall be given adequate opportunity to show that such facts are inaccurate or are erroneously noticed.

(6) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript if the Secretary decides that the judge's ruling in excluding the evidence was erroneous. The judge shall not allow the insertion of such evidence in toto if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the judge erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

[25 FR 5907, June 28, 1960, as amended at 37 FR 1103, Jan. 25, 1972]

§ 900.9 Oral and written arguments.

(a) *Oral argument before judge.* Oral argument before the judge shall be in the discretion of the judge. Such argument, when permitted, may be limited by the judge to any extent that he finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(b) *Briefs, proposed findings and conclusions.* The judge shall announce at the hearing a reasonable period of time within which interested persons may file with the hearing clerk proposed findings and conclusions, and written arguments or briefs, based upon the evidence received at the hearing, citing, where practicable, the page or pages of the transcript of the testi-

mony where such evidence appears. Factual material other than that adduced at the hearing or subject to official notice shall not be alluded to therein, and, in any case, shall not be considered in the formulation of the marketing agreement or marketing order. If the person filing a brief desires the Secretary to consider any objection made by such person to a ruling of the judge, as provided in § 900.8(d), he shall include in the brief a concise statement concerning each such objection, referring where practicable, to the pertinent pages of the transcript.

§ 900.10 Certification of the transcript.

The judge shall notify the hearing clerk of the close of a hearing as soon as possible thereafter and of the time for filing written arguments, briefs, proposed findings and proposed conclusions, and shall furnish the hearing clerk with such other information as may be necessary. As soon as possible after the hearing, the judge shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. He shall attach to the original transcript of testimony his certificate stating that, to the best of his knowledge and belief, the transcript is a true transcript of the testimony given at the hearing except in such particulars as he shall specify; and that the exhibits transmitted are all the exhibits as introduced at the hearing with such exceptions as he shall specify. A copy of such certificate shall be attached to each of the copies of the transcript of testimony. In accordance with such certificate the hearing clerk shall note upon the official record copy, and cause to be noted on other copies, of the transcript each correction detailed therein by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate place any words necessary to make the same conform to the correct meaning, as certified by the judge. The hearing clerk shall obtain and file certifications to the effect that such corrections have been effected in copies other than the official record copy.

§ 900.11 Copies of the transcript.

(a) During the period in which the proceeding has an active status in the Department, a copy of the transcript and exhibits shall be kept on file in the office of the hearing clerk, where it shall be available for examination during official hours of business. Thereafter said transcript and exhibits shall be made available by the hearing clerk for examination during official hours of business after prior request and reasonable notice to the hearing clerk.

(b) Transcripts of hearings shall be made available to any person at actual cost of duplication.

(b) *Contents.* The Administrator's recommended decision shall include: (1) A preliminary statement containing a description of the history of the proceedings, a brief explanation of the material issues of fact, law, or discretion presented on the record, and proposed findings and conclusions with respect to such issues as well as the reasons or basis therefor; (2) a ruling upon each proposed finding or conclusion submitted by interested persons, and (3) an appropriate proposed marketing agreement or marketing order effectuating his recommendations.

(c) *Exceptions to recommended decision.* Immediately following the filing of his recommended decision, the Administrator shall give notice thereof, and opportunity to file exceptions thereto by publication in the FEDERAL REGISTER. Within a period of time specified in such notice any interested person may file with the hearing clerk exceptions to the Administrator's proposed marketing agreement or marketing order, or both, as the case may be, and a brief in support of such exceptions. Such exceptions shall be in writing, shall refer, where practicable, to the related pages

of the transcript and may suggest appropriate changes in the proposed marketing agreement or marketing order.

(d) *Omission of recommended decision.* The procedure provided in this section may be omitted only if the Secretary finds on the basis of the record that due and timely execution of his functions imperatively and unavoidably requires such omission.

§ 900.13 Submission to Secretary.

Upon the expiration of the period allowed for filing exceptions or upon request of the Secretary, the hearing clerk shall transmit to the Secretary the record of the proceeding. Such record shall include: All motions and requests filed with the hearing clerk and rulings thereon; the certified transcript; any proposed findings or conclusions or written arguments or briefs that may have been filed; the Administrator's recommended decision, if any, and such exceptions as may have been filed.

§ 900.13a Decision by Secretary.

After due consideration of the record, the Secretary shall render a decision. Such decision shall become a part of the record and shall include: (a) A statement of his findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact, law or discretion presented on the record, (b) a ruling upon each proposed finding and proposed conclusion not previously ruled upon in the record, (c) a ruling upon each exception filed by interested persons and (d) either (1) a denial of the proposal to issue a marketing agreement or marketing order or (2) a marketing agreement and, if the findings upon the record so warrant, a marketing order, the provisions of which shall be set forth directly or by reference, regulating the handling of the commodity or product in the same manner and to the same extent as such marketing agreement, which order shall be complete except for its effective date and any determinations to be made under § 900.14(b) or § 900.14(c): *Provided*, That such marketing order shall not be executed, issued, or made effective until and unless the Secretary determines that the

If and when such number of the handlers as the Secretary shall deem sufficient shall have executed the agreement, the Secretary shall execute the agreement. After execution of a marketing agreement, such agreement shall be filed with the hearing clerk, and notice thereof, together with notice of the effective date, shall be given by publication in the FEDERAL REGISTER. The marketing agreement shall not become effective less than 30 days after its publication in the FEDERAL REGISTER, unless the Secretary, upon good cause found and published with the agreement, fixes an earlier effective date therefor: *Provided*, That no marketing agreement shall become effective as to any person signatory thereto before either (1) it has been filed with the Office of the Federal Register, or (2) such person has received actual notice that the Secretary has executed the agreement and the effective date of the marketing agreement.

(b) *Issuance of marketing order with marketing agreement.* Whenever, as provided in paragraph (a) of this section, the Secretary executes a marketing agreement, and handlers also have executed the same as provided in section 8c(8) of the Act, he shall, if he finds that it will tend to effectuate the purposes of the Act, issue and make effective the marketing order, if any, which was filed as a part of his decision pursuant to § 900.13a: *Provided*, That the issuance of such order shall have been approved or favored by producers as required by section 8c(8) of the act.

(c) *Issuance of marketing order without marketing agreement.* If, despite the failure or refusal of handlers to sign the marketing agreement, as provided in section 8c(8) of the Act, the Secretary makes the determinations required

under section 8c(9) of the Act, the Secretary shall issue and make effective the marketing order, if any, which was filed as a part of his decision pursuant to § 900.13a.

(d) *Effective date of marketing order.* No marketing order shall become effective less than 30 days after its publication in the FEDERAL REGISTER, unless the Secretary, upon good cause found and published with the order, fixes an earlier effective date therefor: *Provided*, That no marketing order shall become effective as to any person sought to be charged thereunder before either (1) it has been filed with the Office of the Federal Register, or (2) such person has received actual notice of the issuance and terms of the marketing order.

(e) *Notice of issuance.* After issuance of a marketing order, such order shall be filed with the hearing clerk, and notice thereof, together with notice of the effective date, shall be given by publication in the FEDERAL REGISTER. (7 U.S.C. 610(c).)

Each proceeding, immediately following its institution, shall be assigned a docket number by the hearing clerk and thereafter the proceeding may be referred to by such number.

§ 900.55 Judges.

(a) *Assignment.* No judge who has any pecuniary interest in the outcome of the proceeding, or who has participated in any investigation preceding the institution of the proceeding, shall serve as judge in such proceeding.

(b) *Conduct.* The judge shall conduct the proceeding in a fair and impartial manner and shall not discuss ex parte the merits of the proceeding with any person who is or who has been connected in any manner with the proceeding in an advocative or investigative capacity.

(c) *Powers of judges.* Subject to review by the Secretary, as provided elsewhere

in this subpart, the judge shall have power to:

- (1) Rule upon motions and requests;
- (2) Adjourn the hearing from time to time, and change the time and place of hearing;
- (3) Administer oaths and affirmations and take affidavits;
- (4) Issue subpoenas, under the facsimile signature of the Secretary, requiring the attendance and testimony of witnesses and the production of books, records, contracts, papers, and other documentary evidence;
- (5) Examine witnesses and receive evidence;
- (6) Take or order, under the facsimile signature of the Secretary, the taking of depositions;
- (7) Admit or exclude evidence;
- (8) Hear oral argument on facts or law;
- (9) Consolidate hearings upon two or more petitions pertaining to the same order;
- (10) Do all acts and take all measures necessary for the maintenance of order at the hearing and the efficient conduct of the proceeding.

(d) *Who may act in absence of judge.* In case of the absence of the judge or his inability to act, the powers and duties to be performed by him under these rules of practice in connection with a proceeding may, without abatement of the proceeding unless otherwise ordered by the Secretary, be assigned to any other judge.

(e) *Disqualification of judge.* The judge may at any time withdraw as judge in a proceeding if he deems himself to be disqualified. Upon the filing by an interested person in good faith of a timely and sufficient affidavit of personal bias or disqualification of a judge, the Secretary shall determine the matter as a part of the record and decision in the proceeding, after making such investigation or holding such hearings, or both, as he may deem appropriate in the circumstances.

§ 900.56 Consolidated hearings.

At the discretion of the judge, hearings upon two or more petitions pertaining to the same order may be consolidated, and the evidence taken at such consolidated hearing may be embodied in a single record.

§ 900.57 Intervention.

Intervention in proceedings subject to this subpart shall not be allowed, except that, in the discretion of the Secretary or the judge, any person (other than the petitioner) showing a substantial interest in the outcome of a proceeding shall be permitted to participate in the oral argument and to file a brief.

§ 900.58 Prehearing conferences.

In any proceeding in which it appears that such procedure will expedite the proceeding, the judge, at any time prior to the commencement of or during the course of the hearing, may request the parties or their counsel to appear at a conference before him to consider (a) the simplification of issues; (b) the possibility of obtaining stipulations of fact and of documents which will avoid unnecessary proof; (c) the limitation of the number of expert or other witnesses; and (d) such other matters as may expedite and aid in the disposition of the proceeding. No transcript of such conference shall be made, but the judge shall prepare and file for the record a written summary of the action taken at the conference, which shall incorporate any written stipulations or agreements made by the parties at the conference or as a result of the conference. If the circumstances are such that a conference is impracticable, the judge may request the parties to correspond with him for the purpose of accomplishing any of the objects set forth in this section. The judge shall forward copies of letters and documents to the parties as the circumstances require. Correspondence in such negotiations shall not be a part of the record, but the judge shall submit a written summary for the record if any action is taken.

§ 900.59 Motions and requests.

(a) *General.* (1) All motions and requests shall be filed with the hearing clerk, except that those made during the course of an oral hearing may be filed with the judge or may be stated orally and made a part of the transcript.

(2) The judge is authorized to rule upon all motions and requests filed or made prior to the transmittal by the

hearing clerk to the Secretary of the record as provided in this subpart. The Secretary shall rule upon all motions and requests filed after that time.

(b) *Certification of motions.* The submission or certification of any motion, request, objection, or other question to the Secretary, as provided in this subpart, shall be in the discretion of the judge.

[25 FR 5907, June 28, 1960, as amended at 38 FR 29798, Oct. 29, 1973]

§ 900.60 Oral hearings before judge.

(a) *Time and place.* The judge shall set a time and place for hearing and shall file with the hearing clerk a notice stating the time and place of hearing. If any change in the time or place of hearing becomes necessary, it shall be made by the judge, who, in such event, shall file with the hearing clerk a notice of the change. Such notice shall be served upon the parties, unless it is made during the course of an oral hearing and made a part of the transcript.

(b) *Appearances—(1) Representation.* In any proceeding under the act, the parties may appear in person or by counsel or other representative. The Department, if represented by counsel, shall be represented by an attorney assigned by the General Counsel of the Department, and such attorney shall present or supervise the presentation of the position of the Department.

(2) *Debarment of counsel or representative.* Whenever, while a proceeding is pending before him, the judge finds that a person acting as counsel or representative for any party to the proceeding is guilty of unethical or unprofessional conduct, the judge may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: *Provided*, That the judge may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or representative. In case the judge has issued an order precluding a person from further acting as counsel or representative in the proceeding, the judge, within a reasonable time thereafter, shall submit to the

Secretary a report of the facts and circumstances surrounding the issuance of the order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter, the Secretary may, after notice and an opportunity for hearing, issue such order respecting the appearance of such person as counsel or representative in proceedings before the Secretary as the Secretary finds to be appropriate.

(3) *Failure to appear.* If the petitioner, after being duly notified, fails to appear at the hearing, he shall be deemed to have authorized the dismissal of the proceeding, without further procedure, and with or without prejudice as the judge may determine. In the event that the petitioner appears at the hearing and no representative of the Department appears, the judge shall proceed ex parte to hear the evidence of the petitioner. *Provided*, That failure on the part of such representative of the Department to appear at a hearing shall not be deemed to be waiver of the Department's right to file suggested findings of fact, conclusions and order; to be served with a copy of the judge's initial decision and to appeal to the Secretary with respect thereto.

(c) *Order of proceeding.* Except as may be determined otherwise by the judge, the petitioner shall proceed first at the hearing.

(d) *Evidence—(1) In general.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

(i) The testimony of witnesses at a hearing shall be upon oath or affirmation and subject to cross-examination.

(ii) Any witness may, in the discretion of the judge, be examined separately and apart from all other witnesses except those who may be parties to the proceeding.

(iii) The judge shall exclude, insofar as practicable, evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to the limitation of the scope

of any examination or cross-examination, or any other ruling of the judge, he shall state briefly the grounds of such objection, whereupon an automatic exception will follow which may be pursued in an appeal pursuant to § 900.65 by the party adversely affected by the judge's ruling.

(3) *Depositions.* The deposition of any witness shall be admitted, in the manner hereinafter provided in and subject to the provisions of § 900.61.

(4) *Affidavits.* Except as is otherwise provided in this subpart, affidavits may be admitted only if the evidence is otherwise admissible and the parties agree (which may be determined by their failure to make timely objections) that affidavits may be used.

(5) *Proof and authentication of official records or documents.* An official record or document, when admissible for any purpose, shall be admissible in evidence without the production of the person who made or prepared the same. Such record or document shall, in the discretion of the judge, be evidenced by an official publication thereof or by a copy attested by the person having legal custody thereof and accompanied by a certificate that such person has the custody.

(6) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon a satisfactory showing of the admissibility of the contents thereof, be numbered as exhibits and received in evidence and made a part of the record. Except where the judge finds that the furnishing of copies is impracticable, a copy of each exhibit, in addition to the original, shall be filed with the judge for the use of each other party to the proceeding. The judge shall advise the parties as to the exact number of copies which will be required to be filed and shall make and have noted on the record the proper distribution of the copies. If the testimony of a witness refers to a statute, or to a report, document, or transcript, the judge, after inquiry relating to the identification of such statute, report, document, or transcript, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an ex-

hibit, or whether it shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is embraced in a report, document, or transcript containing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the judge.

(7) *Official notice.* Official notice will be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific, or commercial fact of established character: *Provided*, That the parties shall be given adequate notice, at the hearing or by reference in the judge's report or the tentative order or otherwise, of matters so noticed, and (except where official notice is taken, for the first time in the proceeding, in the final order) shall be given adequate opportunity to show that such facts are erroneously noticed.

(8) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript if the Secretary decides that the judge's ruling in excluding the evidence was erroneous. The judge shall not allow the insertion of such evidence in toto if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if on appeal the Secretary decides that the judge erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

(e) *Transcript.* Transcripts of hearings shall be made available to any person at actual cost of duplication.

[25 FR 5907, June 28, 1960, as amended at 38 FR 29798, Oct. 29, 1973; 67 FR 10829, Mar. 11, 2002]

§ 900.61 Depositions.

(a) *Procedure in lieu of deposition.* Before any party may have testimony taken by deposition, said party shall, if practicable, submit to the other party an affidavit which shall set forth the facts to which the witness would testify, if the deposition should be taken. If, after examination of such affidavit, the other party agrees, or (within 10 days after submission of the affidavit) fails to object, that the affidavit may be used in lieu of the deposition, the judge shall admit the affidavit in evidence and shall not order the deposition to be taken.

(b) *Application for taking deposition.* Upon the application of a party to the proceeding, the judge may, at any time after the filing of the moving paper, order, under the facsimile signature of the Secretary, the taking of testimony by deposition. The application shall be in writing and shall be filed with the hearing clerk and shall set forth: (1) The name and address of the proposed deponent; (2) the name and address of the person (referred to hereinafter in this section as the *judge*), qualified under the rules in this part to take depositions, before whom the proposed examination is to be made; (3) the proposed time and place of the examination, which shall be at least 15 days after the date of the mailing of the application; and (4) the reasons why such deposition should be taken.

(c) *Judge's order for taking deposition.* If, after the examination of the application, the judge is of the opinion that the deposition should be taken, he shall order its taking. The order shall be filed with the hearing clerk and shall be served upon the parties and shall state: (1) The time and place of the examination (which shall not be less than 10 days after the filing of the order); (2) the name of the judge before whom the examination is to be made; (3) the name of the deponent. The judge and the time and place need not be the same as those suggested in the application.

(d) *Qualifications of judge.* The deposition shall be taken before the judge, or before a judge authorized by the law of the United States or by the law of the place of the examination to administer

oaths, or before a judge authorized by the Secretary to administer oaths.

(e) *Procedure on examination.* (1) The deponent shall be examined under oath or affirmation and shall be subject to cross-examination. The testimony of the deponent shall be recorded by the judge or by some person under his direction and in his presence. In lieu of oral examination, parties may transmit written interrogatories to the judge prior to the examination and the judge shall propound such interrogatories to the deponent.

(2) The applicant must arrange for the examination of the witness either by oral examination or by written interrogatories. If it is found by the judge, upon the protest of a party to the proceeding, that such party has his residence and his place of business more than 100 miles from the place of the examination and that it would constitute an undue hardship upon such party to be represented at the examination, the applicant will be required to conduct the examination by means of interrogatories. When the examination is conducted by means of interrogatories, copies of the interrogatories shall be served upon the other parties to the proceeding at least five days prior to the date set for the examination, and the other parties shall be afforded an opportunity to file with the judge cross-interrogatories at any time prior to the time of the examination.

(f) *Certification by judge.* The judge shall certify on the deposition that the deponent was duly sworn by him and that the deposition is a true record of the deponent's testimony. He shall then securely seal the deposition, together with two copies thereof, in an envelope and mail the same by registered mail to the hearing clerk.

(g) *Use of depositions.* A deposition ordered and taken in accord with the provisions of this section may be used in a proceeding under the act if the judge finds that the evidence is otherwise admissible and (1) that the witness is dead; or (2) that the witness is at a distance greater than 100 miles from the place of hearing, unless it appears that the absence of the witness was procured by the party offering the deposition; or (3) that the witness is unable to attend or testify because of age,

sickness, infirmity, or imprisonment; or (4) that the party offering the deposition has endeavored to procure the attendance of the witness by subpoena but has been unable to do so; or (5) that such exceptional circumstances exist as to make it desirable, in the interests of justice, to allow the deposition to be used. If a deposition has been taken, and the party upon whose application it was taken refuses to offer it in evidence, the other party may offer the deposition, or any part thereof, in evidence.

§ 900.62 Subpenas.

(a) *Issuance of subpoenas.* The attendance of witnesses and the production of documentary evidence from any place in the United States on behalf of any party to the proceeding may, by subpoena, be required at any designated place of hearing. Subpoenas may be issued by the Secretary or by the judge, under the facsimile signature of the Secretary, upon a reasonable showing by the applicant of the grounds, necessity, and reasonable scope thereof.

(b) *Application for subpoena duces tecum.* Subpoenas for the production of documentary evidence, unless issued by the judge upon his own motion, shall be issued only upon a certified written application. Such application shall specify, as exactly as possible, the documents desired and shall show their competency, relevancy, and materiality and the necessity for their production.

(c) *Service of subpoenas.* Subpoenas may be served (1) by a United States Marshal or his deputy, or (2) by any other person who is not less than 18 years of age, or (3) by registering and mailing a copy of the subpoena addressed to the person to be served at his or its last known residence or principal place of business or residence. Proof of service may be made by the return of service on the subpoena by the United States Marshal or his deputy; or, if served by an individual other than a United States Marshal or his deputy, by an affidavit of such person stating that he personally served a copy of the subpoena upon the person named therein; or, if service was by registered mail, by an affidavit made by the person mailing the subpoena that it was mailed as pro-

vided in this paragraph and by the signed return post office receipt: *Provided*, That, if the subpoena is issued on behalf of the Department, the return receipt without an affidavit of mailing shall be sufficient proof of service. In making personal service, the person making service shall leave a copy of the subpoena with the person subpoenaed; the original, bearing or accompanied by the required proof of service, shall be returned to the official who issued the same.

[25 FR 5907, June 28, 1960, as amended 67 FR 10829, Mar. 11, 2002]

§ 900.63 Fees and mileage.

Witnesses who are subpoenaed and who appear in such proceeding, including witnesses whose depositions are taken, shall be paid the same fees and mileage that are paid witnesses in the courts of the United States, and persons taking depositions shall be entitled to the same fees as are paid for like services in the courts of the United States, to be paid by the party at whose request the deposition is taken. Witness fees and mileage shall be paid by the party at whose instance the witnesses appear, and claims therefor, as to witnesses subpoenaed on behalf of the Department, shall be proved before the person issuing the subpoena, and, as to witnesses subpoenaed on behalf of any other party, shall be presented to such party.

§ 900.64 The Judge's decision.

(a) *Corrections to and certification of transcript.* (1) At such time as the judge may specify, but not later than the time fixed for filing proposed findings of fact, conclusions and order, or briefs, as the case may be, the parties may file with the judge proposed corrections to the transcript.

(2) As soon as practicable after the filing of proposed findings of fact, conclusions and order, or briefs, as the case may be, the judge shall file with the hearing clerk his certificate indicating any corrections to be made in the transcript, and stating that, to the best of his knowledge and belief, the transcript, as corrected, is a true, correct, and complete transcript of the testimony given at the hearing, and that the exhibits are all the exhibits

properly a part of the hearing record. The original of such certificate shall be attached to the original transcript and a copy of such certificate shall be served upon each of the parties by the hearing clerk who shall also enter onto the transcript (without obscuring the text) any correction noted in the certification.

(b) *Proposed findings of fact, conclusions, and orders.* Within 10 days (unless the judge shall have announced at the hearing a shorter or longer period of time) after the transcript has been filed with the hearing clerk, as provided in paragraph (a) of this section, each party may file with the hearing clerk proposed findings of fact, conclusions, and order, based solely upon the evidence of record, and briefs in support thereof.

(c) *Judge's Decision.* The judge, within a reasonable time after the termination of the period allowed for the filing of proposed findings of fact, conclusions, and orders, and briefs in support thereof, shall prepare upon the basis of the record, and shall file with the hearing clerk, his initial decision, a copy of which shall be served by the hearing clerk, upon each of the parties. Such decision shall become final without further proceedings 35 days after the date of service thereof, unless there is an appeal to the Secretary by a party to the proceeding: *Provided, however,* That no decision shall be final for the purpose of judicial review except a final decision issued by the Secretary pursuant to an appeal by a party to the proceeding.

[25 FR 5907, June 28, 1960, as amended at 38 FR 29799, Oct. 29, 1973; 67 FR 10830, Mar. 11, 2002]

§ 900.65 Appeals to Secretary: Transmittal of record.

(a) *Filing of appeal.* Any party who disagrees with a judge's decision or any part thereof, may appeal the decision to the Secretary by filing an appeal petition with the Hearing Clerk within 30 days after service of said decision upon said party. Each issue set forth in the appeal, and the arguments thereon, shall be separately numbered; shall be plainly and concisely stated; and shall contain detailed citations of the record, statutes, regulations and au-

thorities being relied upon in support thereof. The appeal petition shall be served upon the other party to the proceeding by the hearing clerk.

(b) *Argument before Secretary*—(1) *Oral argument.* A party bringing an appeal may request within the prescribed time period for filing such appeal, an opportunity for oral argument before the Secretary. Failure to make such request in writing, within the prescribed time period, shall be deemed a waiver of oral argument. The Secretary, in his discretion, may grant, refuse or limit any request for oral argument on appeal.

(2) *Scope of argument.* Argument to be heard on appeal, whether oral or in a written brief, shall be limited to the issues raised by the appeal, except that if the Secretary determines that additional issues should be argued, the parties shall be given reasonable notice of such determination, so as to permit preparation of adequate arguments on all the issues to be argued.

(c) *Response.* Within 20 days after service of an appeal brought by a party to the proceeding, any other party may file a response in support of or in opposition to such appeal.

(d) *Transmittal of record.* Whenever an appeal is filed by a party to the proceeding, the hearing clerk shall transmit to the Secretary the record of the proceeding. Such record shall include: The pleadings; any motions and requests filed, and the rulings thereon; the transcript of the testimony taken at the hearing, as well as the exhibits filed in connection therewith; any statements filed under the shortened procedure; any documents or papers filed in connection with prehearing conferences; such proposed findings of fact, conclusions, and orders, and briefs in support thereof, as may have been filed in connection with the hearing; the judge's initial decision; and the appeal petition; briefs in support thereof, and responses thereto as may have been filed in the proceeding.

§ 900.68

§ 900.66 Consideration of appeal by the Secretary and issuance of final order.

(a) *Consideration of appeal.* As soon as practicable after the receipt of the record from the hearing clerk, or, in case oral argument was had, as soon as practicable thereafter, the Secretary, upon the basis of and after due consideration of the record, shall rule on the appeal. If the Secretary decides that no change or modification of the judge's decision is warranted, he may adopt the Judge's decision as the final order of the Secretary, preserving any right of the party bringing the appeal to seek judicial review of such decision in the proper forum. At no stage of the proceeding between its institution and the issuance of the order shall the Secretary discuss ex parte the merits of the proceeding with any person who is connected with the proceeding in an advocative or an investigative capacity, or with any representative of such person: *Provided, however,* That the Secretary may discuss the merits of the proceeding with such a person if all parties to the proceeding, or their representatives, have been given an opportunity to be present. If, notwithstanding the foregoing provisions of this section, a memorandum or other communication from any party, or from any person acting on behalf of any party, which relates to the merits of the proceeding, receives the personal attention of the Secretary (or, if an official other than the Secretary is to issue the order, then of such other official) during the pendency of the proceeding, such memorandum or communication shall be regarded as argument made in the proceeding and shall be filed with the hearing clerk, who shall serve a copy thereof upon the opposite party to file a reply thereto.

(b) *Issuance of final order.* A final order issued by the Secretary shall be filed with the hearing clerk, who shall serve it upon the parties: *Provided,* That, if the terms of the order differ substantially from those proposed in the decision of the judge, the Secretary shall, if he deems it advisable to do so, direct that a copy of the order be served upon the parties as a tentative order; and, in such event, opportunity shall be given the parties to file excep-

tions thereto and written arguments or briefs in support of such exceptions. In such case, if exceptions are filed within a period of time (to be fixed by the Secretary but not to exceed 20 days) following the service of the tentative order, the Secretary shall give consideration, to and shall make such changes in the tentative order as he deems to be appropriate; otherwise, the tentative order shall become final, as of the day following the date of expiration of the period fixed for the filing of exceptions.

[38 FR 29799, Oct. 29, 1973]

§ 900.68 Petitions for reopening hearings; for rehearings or rearguments of proceedings; or for reconsideration of orders.

(a) *Petition requisite*—(1) *Filing; service.* A petition for reopening the hearing to take further evidence, or for rehearing or reargument of the proceeding, or for reconsideration of the order shall be made by petition addressed to the Secretary and filed with the hearing clerk, who immediately shall notify and serve a copy thereof upon the other party to the proceeding. Every such petition shall state specifically the grounds relied upon.

(2) *Petitions to reopen hearings.* A petition to reopen the hearing for the purpose of taking additional evidence may be filed at any time prior to the issuance of the final order. Every such petition shall state briefly the nature and purpose of the evidence to be adduced, shall show that such evidence is not merely cumulative, and shall set forth a good reason why such evidence was not adduced at the hearing.

(3) *Petitions to rehear or reargue proceedings, or to reconsider orders.* A petition to rehear or reargue the proceeding or to reconsider the final order shall be filed within 15 days after the date of the service of such order. Every such petition shall state specifically the matters claimed to have been erroneously decided, and alleged errors must be briefly stated.

(b) *Procedure for disposition of petitions.* Within 10 days following the service of any petition provided for in this section, the other party to the proceeding shall file with the hearing clerk an answer thereto. As soon as

practicable thereafter, the Secretary shall announce the decision granting or denying the petition. Unless the Secretary shall determine otherwise, the issuance or operation of the order shall not be stayed pending the decision of the Secretary upon the petition. In the event that any such petition is granted by the Secretary, the applicable rules of practice, as set out elsewhere in this subpart, shall be followed.

§ 900.69 Filing; service; extensions of time; effective date of filing; and computation of time.

(a) *Filing; number of copies.* Except as provided otherwise herein, all documents or papers required or authorized in this subpart to be filed with the hearing clerk shall be filed in quadruplicate: *Provided*, That, if there are more than two parties to the proceeding, a sufficient number of additional copies shall be filed so as to provide for service upon all the parties to the proceeding. Any document or paper, required or authorized in this subpart to be filed with the hearing clerk, shall, during the course of an oral hearing, be filed with the judge.

(b) *Service; proof of service.* Copies of all such papers shall be served upon the parties by the hearing clerk, by the judge, or by some other employee of the Department or by a United States Marshal or his deputy. Service shall be made either (1) by delivering a copy of the document or paper to the individual to be served or to a member of the partnership to be served or to the president, secretary, or other executive officer or any director of the corporation, organization, or association to be served, or to the attorney or agent of record of such individual, partnership, corporation, organization, or association; or (2) by leaving a copy of the document or paper at the principal office or place of business of such individual, partnership, corporation, organization, or association, or of his or its attorney or agent of record; or (3) by registering and mailing a copy of the document or paper, addressed to such individual, partnership, corporation, organization, or association, or to his or its attorney or agent of record, at

his or its last known principal office, place of business, or residence. Proof of service hereunder shall be made by the affidavit of the person who actually made the service. The affidavit contemplated herein shall be filed with the hearing clerk, and the fact of filing thereof shall be noted on the docket of the proceeding.

(c) *Extensions of time.* The time for the filing of any documents or papers required or authorized in this subpart to be filed may be extended upon (1) a written stipulation between the parties, or (2) upon the request of a party, by the judge before the transmittal of the record to the Secretary, or by the Secretary at any other time if, in the judgment of the Secretary or the judge, as the case may be, there is good reason for the extension.

(d) *Effective date of filing.* Any document or paper required or authorized in this subpart to be filed shall be deemed to be filed at the time it is received by the Hearing Clerk.

(e) *Computation of time.* Each day, including Saturdays, Sundays, and legal public holidays, shall be included in computing the time allowed for filing any document or paper: *Provided*, That when the time for filing a document or paper expires on a Saturday, Sunday, or legal public holiday, the time allowed for filing the document or paper shall be extended to include the following business day.

(a) *Filing the application.* A person who has filed a petition pursuant to § 900.52 may by separate application filed with the hearing clerk apply to the Secretary for an order postponing the effective date of, or suspending the application of, the marketing order or any provision thereof, or any obligation imposed in connection therewith, pending final determination of the proceeding.

(b) *Contents of the application.* The application shall contain a statement of the facts upon which the relief is requested, including any facts showing irreparable injury. The application must be signed and sworn to by the petitioner and any facts alleged therein

which are not within his personal knowledge shall be supported by affidavits of a person or persons having personal knowledge of such facts or by proper documentary evidence thereof.

(c) *Answer to application.* Immediately upon receipt of the application, the hearing clerk shall transmit a copy thereof, together with all supporting papers, to the Administrator, who shall, within 20 days, or such other time fixed by the Secretary, after the filing of the application file an answer thereto with the hearing clerk.

(d) *Contents of answer.* The answer shall contain a statement of the objections, if any, of the Administrator to the application for interim relief, and may be supported by affidavits and documentary evidence.

(e) *Transmittal to Secretary.* Upon receiving the answer of the Administrator or upon the expiration of the time for filing the answer, the hearing clerk shall transmit to the Secretary for his decision all papers filed in connection with the application.

(f) *Hearing and oral argument.* The Secretary may, in his discretion, permit oral argument or the taking of testimony in connection with such application. However, unless written request therefor is filed with the hearing clerk prior to the transmittal of the papers to the Secretary, the parties shall be deemed to have waived oral argument and the taking of testimony.

(g) *Decision by Secretary.* The Secretary may grant or deny the application. Any action taken by the Secretary shall be in the form of an order filed with the hearing clerk and shall contain a brief statement of the reasons for the action taken. The hearing clerk shall cause copies of the order to be served upon the parties.

§ 900.71 Hearing before Secretary.

The Secretary may act in the place and stead of a judge in any proceeding hereunder. When he so acts the hearing clerk shall transmit the record to the Secretary at the expiration of the period provided for the filing of proposed findings of fact, conclusions and orders, and the Secretary shall thereupon, after due consideration of the record,

issue his final order in the proceeding: *Provided*, That he may issue a tentative order in which event the parties shall be afforded an opportunity to file exceptions before the issuance of the final order.

Agricultural Marketing Service, USDA

§ 900.305

§ 900.302 Associations eligible to vote.

(a) Any association of producers, not previously determined to be a cooperative association may file an application for a determination as to whether it is a cooperative association and thus eligible to vote in a referendum. Such application shall be filed with the Administrator at least 60 days prior to the holding of the referendum: *Provided, however,* That the Administrator may permit the filing of an application in less than 60 days when, in the opinion of the Administrator, such filing would not delay the conduct of the referendum.

(b) Within a time fixed by the referendum agent, but not later than 5 days prior to the final date for balloting, each cooperative association electing to vote shall, upon the request of the referendum agent, furnish to him a certified list showing the name and address of each producer for whom it claims the right to vote and the plant at which such person's milk was received during the representative period.

§ 900.303 Conduct of referendum.

The referendum shall be conducted by mail in the manner prescribed in this subpart. The referendum agent may utilize such personnel or agencies of the Department as are deemed necessary by the Administrator.

§ 900.304 Who may vote.

(a) Each producer shall be entitled to only one vote and to cast one ballot in each referendum; and no person who may claim to be a producer shall be refused a ballot. Each producer casting more than one ballot with conflicting votes shall thereby invalidate all ballots cast by such producer in such referendum. Each ballot cast shall contain a certification by the person casting the ballot that he is a producer.

(b) Except as provided in section 8c(5)(B) of the act, as amended, any cooperative association eligible under § 900.302 may, if it elects to do so, vote and cast one ballot for producers who are members of, stockholders in, or under contract with, such cooperative association. A cooperative association shall submit, with its ballot, a certified copy of the resolution authorizing the

casting of the ballot. Each such cooperative association entitled to vote in a referendum casting more than one ballot with conflicting votes shall thereby invalidate all ballots cast by such voter in such referendum.

(c) Voting by proxy or agent, or in any manner, except by the producer or cooperative association will not be permitted; however, a producer which is other than an individual may cast its ballot by a person who is duly authorized and such ballot shall contain a certification by such person that the person on whose behalf the ballot is cast is a producer.

§ 900.305 Duties of referendum agent.

The referendum agent shall also:

(a) For purposes of mailing, prepare a record of producers which will disclose the name of each such person, his address, the name of the handler who received the producer's milk during the representative period, and the name of the cooperative association, if any, which claims the right to vote for the producer. Such record may be compiled from readily available sources, including the following:

- (1) Records of the Department;
- (2) Producer records supplied by handlers;
- (3) Health authority records;
- (4) Certifications signed by dairy farmers who claim to be producers;
- (5) Any other reliable sources of information which may be available to the referendum agent.

(b) Apply, as a guide, the following criteria in preparing a record of producers:

(1) When the order requires approval by an appropriate health authority before a person meets the definition of producer, only those persons having such approval and who otherwise meet the definition may be regarded as producers. When the definition of producer requires the shipment of milk to a handler or a plant as well as health authority approval, only those persons having such approval and whose milk was received by a handler or at a plant may be regarded as producers.

(2) When the order requires shipment to a handler or to a plant, without regard to health authority approval, a

§ 900.306

7 CFR Ch. IX (1-1-20 Edition)

person may not be regarded as a producer, except as provided in paragraph (b)(6) of this section, unless his name appears on the handler's producer records.

(3) In the case of a producer that is other than an individual, the business unit shall be regarded as the producer.

(4) No person may be included in the record more than once although he may operate more than one farm, hold more than one health authority approval, or appear on more than one handler's producer records.

(5) In the event the health authority records are not available, are inaccurate, or are incomplete, the appearance of the producer's name on a handler's records as an approved producer shall be prima facie evidence of health authority approval.

(6) In the event any handler refuses or fails to make his records available to the referendum agent, a certification signed by the producer shall be regarded by the referendum agent as prima facie evidence that such person is eligible to vote.

(c) Verify the information supplied by each cooperative association which wishes to vote on behalf of producers, as follows:

(1) Examine the records of the cooperative association for the purpose of ascertaining whether each producer claimed by the cooperative association is a member of, stockholder in, or under contract with the cooperative association.

(2) Identify the persons ascertained to be members of, stockholders in, or under contract with a cooperative association which wishes to vote on behalf of its producers with the names of producers which appear on the record compiled pursuant to paragraph (a) of this section.

(ii) The cooperative association may cast only one ballot for all such producers.

(iii) Whenever more than one cooperative association claims the right to vote for a producer only the cooperative association which furnished evidence satisfactory to the referendum agent that such association was in fact marketing the milk of the producer on the date of the referendum order may vote for such producer.

(2) Give public notice of the referendum:

within the prescribed time, the ballot shall be eligible to be counted. If the referendum agent ascertains that the person who cast the ballot was not eligible to do so, or if the producer who cast the ballot was a member of, stockholder in, or under contract with a cooperative association which cast a valid ballot, or if the ballot is not completed or cast in accordance with instructions, or if the ballot was not mailed to or received by the referendum agent within the prescribed time, the ballot shall be marked "disqualified" with a notation on the ballot as to the reason for the disqualification. The total number of ballots cast, including the disqualified ballots, shall be ascertained. The number of eligible ballots cast approving and the number of eligible ballots cast disapproving the issuance of the order shall also be ascertained. The ballots marked "disqualified" shall not be considered as approving or disapproving the issuance of the order, and the persons who cast such ballots shall not be regarded as participating in the referendum.

(b) *Individual-handler pool provisions.* Whenever separate approval of the pooling provisions of the order is required by section 608c(5)(B)(i) of the act, any ballot which approves the issuance of the order and disapproves the pooling provisions, or approves the pooling provisions and disapproves the issuance of the order, shall be disqualified; and the referendum agent shall mark the ballot accordingly.

(c) *Record of results of the referendum.* The referendum agent shall notify the Administrator of the number of eligible ballots cast, the count of the votes, the number of disqualified ballots and the number of producers who were eligible to cast ballots. The referendum agent shall seal the ballots, including those marked "disqualified", the list of eligible voters and tabulation of ballots, and shall transmit to the Administrator a complete detailed report of all action taken in connection with the referendum together with all the ballots cast and all other information furnished to or compiled by the referendum agent.

§ 900.309 Confidential information.

The ballots cast, the identity of any person who voted, or the manner in which any person voted and all information furnished to, compiled by, or in the possession of the referendum agent, shall be regarded as confidential.

§ 900.310 Supplementary instructions.

The Administrator is authorized to issue instructions and to prescribe forms and ballots, not inconsistent with the provisions of this subpart, to govern the conduct of referenda by referendum agents.

§ 900.350 General statement.

Cooperative marketing associations apply for qualification by the Secretary under the Federal milk order program for certain privileges and exemptions. These privileges and exemptions are expressed in the Agricultural Marketing Agreement Act of 1937 (50 Stat. 246) as amended, and the milk marketing orders issued pursuant to its provisions.

§ 900.351 Applications for qualification.

Any association of producers may apply for determinations as to whether it is a qualified cooperative association with authority to represent producers

in order referendums; has authorization to collect payment from handlers for members' milk; and is rendering specified marketing services to producers. Applicant associations should supply information for these determinations, using as a guide Application Form DA-25. The application form may be obtained from the Dairy Division, Agricultural Marketing Service, United States Department of Agriculture, Washington, DC 20250. Determinations required of the Secretary of Agriculture, or the Administrator of the Agricultural Marketing Service, by delegation are made by the Director of the Dairy Division. Once issued they are valid until amended, suspended or terminated.

§ 900.352 Confidential information.

The documents and other information submitted by an applicant association and otherwise obtained by investigation, examination of books, documents, papers, records, files and facilities, and in reports filed subsequent to initial determinations of qualification, shall be regarded as confidential and shall be governed by § 900.210.

§ 900.353 Qualification standards.

Statutory requirements for qualification of cooperative associations are provided in subsections (5) and (12) of section 608c of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 *et seq.*). The association must: (a) Be a cooperative marketing association of producers, qualified under the provisions of the Act of Congress of February 18, 1922, as amended, known as the "Capper-Volstead Act," (7 U.S.C. 291, 292); (b) have its entire organization and all of its activities under the control of its members; (c) have full authority in the sale of its members' milk; and (d) be engaged in making collective sales or marketing of milk or milk products for the producers thereof. Qualification for exemption from deductions for marketing service payments under specific marketing orders and payment for milk of members under specific orders shall be determined in accordance with the terms of the respective marketing orders.

7 CFR Ch. IX (1-1-20 Edition)

§ 900.354 Inspection and investigation.

The Secretary of Agriculture, or his duly authorized representative, shall have the right, at any time after an application is received, to examine all books, documents, papers, records, files and facilities of the association, to verify any of the information submitted and to procure such other information as may be required to determine whether the association is qualified in accordance with its application.

§ 900.355 Annual reporting.

Determinations of qualification for privileges and exemptions are subject to amendment, termination or suspension if the association does not currently meet the qualification standards. An association found to be qualified pursuant to the Act is required to file an annual report after its annual meeting has been held following the close of its fiscal year. Form DA-24 is used for this purpose. The report form is available at the Dairy Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, DC 20250. The association is required to file a copy of its report with the Dairy Division at Washington and with the market administrator of each order under which it operates.

§ 900.356 Listing of qualified associations.

A copy of each determination of qualification is furnished to the respective association. Copies are also filed in the Dairy Division, Agricultural Marketing Service, and with the Hearing Clerk, Office of the Secretary, U.S. Department of Agriculture, Washington, DC 20250, where they are available for public inspection. A list of qualified associations engaged in marketing milk under a particular milk marketing order is maintained at the office of the market administrator of the order.

§ 900.357 Denial of application; suspension or revocation of determination of qualification.

Any cooperative association whose application has been wholly or partially denied, or whose determination of qualification has been wholly or partly revoked or suspended, may petition the Secretary for a review of such

action. Such petition shall state facts relevant to the matter for which review is sought. After due notice to such cooperative association, the Director of the Dairy Division, or in his absence the Acting Director, shall hold, in the manner hereinafter specified, an informal hearing.

(a) *Notice.* Notice shall be given in writing and shall be mailed to the last known address of the association, or of an officer thereof, at least 3 days before the date set for a hearing. Such notice shall contain: A statement of the time and place of the hearing, said place to be as convenient to the association as can reasonably be arranged, and may contain a statement of the reason for calling the hearing and the nature of the questions upon which evidence is desired or upon which argument may be presented.

(b) *Parties.* Hearings are not to be public and are to be attended only by representatives of the association and of the Government, and such other persons as either the association or the Government desires to have appear for purposes of submitting information or as counsel.

(c) *Conduct of hearing.* The Director or Acting Director of the Dairy Division, or a person designated by him, shall preside at the hearing. The hearing shall be conducted in such manner as will be most conducive to the proper disposition of the matter. Written statements or briefs may be filed by the association within the time specified by the presiding officer.

(d) *Preliminary report.* The presiding officer shall prepare a preliminary report setting forth a recommendation as to what action shall be taken and the basis for such action. A copy of said report shall be served upon the association by mail or in person. The association may file exceptions to said report within 10 days after service thereof.

(e) *Final report.* After due consideration of all the facts and the exceptions, if any, the Director of the Dairy Division shall issue a final report setting forth the action to be taken and the basis for such action.

(vi) The number of organic certified producers for whom they handle or market product (including the applicant);

(vii) A requirement that the applicant attach a copy of their certificate of organic operation and all applicable producer certificates of organic operation issued by a USDA-accredited certifying agent under the OFPA and the NOP;

(viii) Certification, as evidenced by signature and date, that all information provided by the applicant is true; and

(ix) Such other information as the committee or board may require, with the approval of the Secretary.

(2) The handler shall file the application with the committee or board, prior to or during the applicable assessment period, and annually thereafter, as long as the handler continues to be eligible for the exemption. If the person complies with the requirements of this section and is eligible for an assessment exemption, the committee or board will approve the exemption request and provide written notification of such to the applicant within 30 days. If the application is disapproved, the committee or board will provide written notification of the reason(s) for such disapproval within the same time-frame.

(3) The exemption will apply at the beginning of the next assessable period following notification of approval of the assessment exemption, in writing, by the committee or board.

(d) Assessment exemption calculation.

(1) The applicable assessment rate for any handler approved for an exemption shall be computed by dividing the committee’s or board’s estimated non-marketing promotion expenditures by the committee’s or board’s estimated total expenditures approved by the Secretary and applying that percentage to the assessment rate applicable to all persons for the assessment period. The modified assessment rate shall then be applied to the quantity of certified

“organic” or “100 percent organic” products handled under an approved organic assessment exemption as provided in paragraph (c)(2) of this section. Products handled not subject to an approved organic assessment exemption shall be assessed at the assessment rate applicable to all persons for the assessment period. The committee’s or board’s estimated non-marketing promotion expenditures shall exclude the direct costs of marketing promotion and the portion of committee’s or board’s administrative and overhead costs (*e.g.*, salaries, supplies, printing, equipment, rent, contractual expenses, and other applicable costs) to support and administer the marketing promotion activities.

(2) If a committee or board does not plan to conduct any market promotion activities in a fiscal year, the committee or board may submit a certification to that effect to the Secretary, and as long as no assessments for such fiscal year are used for marketing promotion projects, or the administration of projects are funded by a previous fiscal period’s assessments, the committee or board may assess all handlers, regardless of their organic status, the full assessment rate applicable to the assessment period.

(3) For each assessment period, the Secretary shall review the portion of the assessment rate applicable to marketing promotion for persons eligible for an exemption and, if appropriate, approve the assessment rate.

(4) When the requirements of this section for exemption no longer apply to a handler, the handler shall inform the committee or board within 30 days and pay the full assessment on all remaining assessable product for all committee or board assessments from the date the handler no longer is eligible to the end of the assessment period.

(5) Within 30 days following the applicable assessment period, the committee or board shall re-compute the applicable assessment rate for handlers exempt under this section based on the actual expenditures incurred during the applicable assessment period. The Secretary shall review, and if appropriate, approve any change in the portion of the assessment rate for market promotion applicable to exempt han-

dlers, and authorize adjustments for any overpayments or collection of underpayments.

The committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred to carry out the functions of the committee under this subpart during each fiscal period. § 905.41 Assessments.

(a) Each handler who first handles fruit shall pay to committee, upon demand, such handler's pro rata share of the expenses which the Secretary finds will be incurred by the committee for the maintenance and functioning, during each fiscal period, of the committee established under this subpart. Each such handler's share of such expenses shall be that proportion thereof which the total quantity of fruit shipped by such handler as the first handler thereof during the applicable fiscal period is of the total quantity of fruit so shipped by all handlers during the same fiscal period. The Secretary shall fix the rate of assessment per standard packed carton of fruit to be paid by each such handler. The payment of assessments for the maintenance and functioning of the committee may be required under this part

(b) At any time during or after the fiscal period, the Secretary may increase the rate of assessment so that the sum of money collected pursuant to the provisions of this section shall be adequate to cover the said expenses. Such increase shall be applicable to all fruit shipped during the given fiscal period. In order to provide funds to carry out the functions of the committee established under §905.19, handlers may make advance payment of assessments.

(c) In the case of an extreme emergency, the committee may borrow money on a short term basis to provide funds for the administration of this part. Any such borrowed money shall only be used to meet the committee's current financial obligations, and the committee shall repay all such borrowed money by the end of the next fiscal period from assessment income.

§ 905.42 Handler's accounts.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, the Committee, with the approval of the Secretary, may carry over such excess into subsequent fiscal periods as a reserve: *Provided*, That funds already in the reserve do not exceed approximately two fiscal periods' expenses. Such reserve funds may be used (1) to cover any expenses authorized by this part and (2) to cover necessary expenses of liquidation in the event of termination of this part. If any such excess is not retained in a reserve, each handler entitled to a proportionate refund shall be credited with such refund against the operations of the following fiscal period unless he demands payment of the sum due him, in which case such sum shall be paid to him. Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practical, such funds shall be re-

REGULATIONS

§ 905.50 Marketing policy.

(a) Before making any recommendations pursuant to §905.51 for any variety of fruit, the committee shall, with respect to the regulations permitted by §905.52, submit to the Secretary a detailed report setting forth an advisable marketing policy for such variety for the then current shipping season. Such report shall set forth the proportion of the remainder of the total crop of such variety of fruit (determined by the committee to be available for shipment during the remainder of the shipping season of such variety) deemed advisable by the committee to be shipped during such season.

(b) In determining each such marketing policy and advisable proportion, the committee shall give due consideration to the following factors relating to citrus fruit produced in Florida and in other States:

(1) The available crop of each variety of citrus fruit in Florida, and in other States, including the grades and sizes thereof, which grades and sizes in Florida shall be determined by the committee pursuant to §905.31;

(2) The probable shipments of citrus fruit from other States;

(3) The level and trend in consumer income;

(4) The prospective supplies of competitive commodities; and

(5) Other pertinent factors bearing on the marketing of fruit.

(c) In addition to the foregoing, the committees shall set forth a schedule of proposed regulations for the remainder of the shipping season for each variety of fruit for which recommendations to the Secretary pursuant to

§ 905.51

§ 905.51 are contemplated. Such schedules shall recognize the practical operations of harvesting and preparation for market of each variety and the change in grades and sizes thereof as the respective seasons advance. In the event it is deemed advisable to alter such marketing policy or advisable proportion as the shipping season progresses, in view of changed demand and supply conditions with respect to fruit, the said committee shall submit to the Secretary a report thereon.

(d) The committee shall transmit a copy of each marketing policy report or revision thereof to the Secretary and to each producer and handler who files a request therefor. Copies of all such reports shall be maintained in the office of the committee where they shall be available for examination by producers and handlers.

§ 905.51 Recommendations for regulation.

(a) Whenever the committee deems it advisable to regulate any variety in the manner provided in § 905.52, it shall give due consideration to the following factors relating to the citrus fruit produced in Florida and in other States: (1) Market prices, including prices by grades and sizes of the fruit for which regulation is recommended; (2) maturity, condition, and available supply, including the grade and size thereof in the producing areas; (3) other pertinent market information; and (4) the level and trend in consumer income. The committee shall submit to the Secretary its recommendations and supporting information respecting the factors enumerated in this section.

(b) The committee shall give notice of any meeting to consider the recommendation of regulations pursuant to § 905.52 by mailing a notice of meeting to each handler who has filed his address with committee for this purpose. The committee shall give the same notice of any such recommendation before the time it is recommended that such regulation become effective.

§ 905.52 Issuance of regulations.

(a) Whenever the Secretary shall find from the recommendations and reports of the committee, or from other available information, that to limit the shipment of any variety would tend to effectuate the declared policy of the act, he shall so limit the shipment of such variety during a specified period or periods. Such regulations may:

(1) Limit the shipments of any grade or size, or both, of any variety, in any manner as may be prescribed, and any such limitation may provide that shipments of any variety grown in Regulation Area II shall be limited to grades and sizes different from the grade and size limitations applicable to shipments of the same varieties grown in Regulation Area I: *Provided*, That whenever any such grade or size limitation restricts the shipment of a portion of a specified grade or size of a variety the quantity of such grade or size that may be shipped by a handler during a particular week shall be established as a percentage of the total shipments of such variety by such handler in such prior period established by the committee with the approval of the Secretary, in which he shipped such variety.

(2) Limit the shipment of any variety by establishing and maintaining, only in terms of grades or sizes, or both, minimum standards of quality and maturity;

(3) Limit the shipment of the total quantity of any variety by prohibiting the shipment thereof: *Provided*, that no such prohibition shall apply to exports or be effective during any fiscal period with respect to any variety other than for one period not exceeding five days during the week in which Thanksgiving Day occurs, and for not more than two periods not exceeding a total of 14 days during the period December 20 to January 20, both dates inclusive.

(4) Establish, prescribe, and fix the size, capacity, weight, dimensions, marking (including labels and stamps), or pack of the container or containers which may be used in the packaging, transportation, sale, shipment, or other handling of fruit.

(5) Provide requirements that may be different for the handling of fruit within the production area, the handling of fruit for export, or for the handling of fruit between the production area and any point outside thereof within the United States.

(6) Any regulations or requirements pertaining to intrastate shipments shall not be implemented unless Florida statutes and regulations regulating such shipments are not in effect.

(b) Prior to the beginning of any such regulations, the Secretary shall notify the committee of the regulation issued by him, and the committee shall notify all handlers by mailing a copy thereof to each handler who has filed his address with said committee for this purpose.

(c) Whenever the Secretary finds from the recommendations and reports of the committee, or from other available information, that a regulation should be modified, suspended, or terminated with respect to any or all shipments of fruit in order to effectuate the declared policy of the act, he shall so modify, suspend, or terminate such regulation. If the Secretary finds that a regulation obstructs or does not tend to effectuate the declared policy of the act, he shall suspend or terminate such regulation. On the same basis, and in like manner, the Secretary may terminate any such modification or suspension.

(d) Whenever any variety is regulated pursuant to paragraph (a)(3) of this section, no such regulation shall be deemed to limit the right of any person to sell, contract to sell, or export such variety but no handler shall otherwise ship any fruit of such variety which was prepared for market during the effective period of such regulation.

§ 905.53 Inspection and certification.

(a) Whenever the handling of a variety of a type of fruit is regulated pursuant to § 905.52, each handler who handles any variety of such type of fruit shall, prior to the handling of any lot of such variety, cause such lot to be in-

spected by the Federal-State Inspection Service and certified by it as meeting all applicable requirements of such regulation: *Provided*, That such inspection and certification shall not be required if the particular lot of fruit previously had been so inspected and certified unless such prior inspection was not performed within such time limitations as may be prescribed pursuant to paragraph (b) of this section. Each handler shall promptly submit, or cause to be submitted, to the committee a copy of each certificate of inspection issued to him covering varieties so handled.

(b) With respect to any variety regulated pursuant to § 905.52(a)(4), the committee may prescribe, with the approval of the Secretary, such requirements with respect to time of inspection as it may deem necessary to insure satisfactory condition of the fruit at time of export.

The expenses of such projects shall be paid by funds collected pursuant to § 905.41. (1) Such fruit meets the requirements of U. S. No. 2 Russet grade and those requirements of U. S. No. 1 grade relating to shape (form), as such requirements are set forth in the revised U. S. Standards for Grades of Florida Oranges and Tangelos (7 CFR 51.1140 through 51.1179), the revised Standards for Florida Tangerines (7 CFR 51.1810 through 51.1837), or the revised U. S. Standards for Grades of Florida Grapefruit (7 CFR 51.750 through 51.784). Such fruit also meets applicable minimum size requirements in effect for domestic shipments of citrus fruits.

(2) All such citrus shall be inspected as required by § 905.53 by the Federal or Federal-state Inspection Service prior to the time such citrus is shipped from the packing facility, and certified as meeting the applicable requirements.

§ 905.147 Certificate of privilege.

(a) *Application.* Application for Certificate of Privilege by a Special Purpose Shipper shall be made on forms furnished by the committee. Each ap-

plication may contain, but need not be limited to, the name and address of each handler; a list of certified organic citrus fruit growers, including addresses; a list of receivers; the quantity and variety of citrus to be shipped; a certification to the Secretary of Agriculture and to the committee as to the truthfulness of the information shown thereon; and any other appropriate information or documents deemed necessary by the committee or its duly authorized agents for the purposes stated in § 905.146.

(b) *Approval.* The committee or its duly authorized agents shall give prompt consideration to each application for a Certificate of Privilege. Approval of an application based upon a determination as to whether the information contained therein and other information available to the committee supports approval, shall be evidenced by the issuance of a Certificate of Privilege to the applicant. Each certificate shall expire at the end of the fiscal period.

(c) *Suspension or Denial of Certificate of Privilege.* The committee may investigate the handling of special purpose shipments under Certificates of Privilege to determine whether Special Purpose Shippers are complying with the requirements and regulations applicable to such certificates. Whenever the committee finds that a Special Purpose Shipper or consignee is failing to comply with the requirements and regulations applicable to such certificates, the Certificate of Privilege issued to such Special Purpose Shipper may be suspended or, in the case of an application for the issuance of an initial Certificate of Privilege, may be denied. Such suspension of a certificate shall be for a reasonable period of time as determined by the committee, but in no event shall it extend beyond the end of the current fiscal period. In the case of the denial of an application for the issuance of an initial certificate, such certificate shall be denied until the applicant comes into compliance with the requirements and regulations applicable to such certificates. Prior to suspending or denying an application for a Certificate of Privilege, the committee shall give the shipper or applicant reasonable advance notice in writing of its

intention and the facts and reasons therefor, and afford the shipper or applicant an opportunity, either orally or in writing, to present opposing facts and reasons. The shipper or applicant shall be informed of the committee's determination in writing and in a timely manner.

§ 905.148 Reports of special purpose shipments under certificates of privilege.

(a) Each handler of citrus shipping under Certificates of Privilege shall supply the committee with reports on each shipment as requested by the committee, on forms supplied by the committee, showing the name and address of the shipper or shippers; name and address of the certified organic Florida citrus fruit grower or growers supplying fruit for such shipment; truck or other conveyance identification; the loading point; destination, consignee; the inspection certificate number; and any other information deemed necessary by the committee.

(b) One copy of the report on each shipment shall be forwarded by the shipper to the committee within 10 days after such shipment, and two copies of the report shall accompany each shipment to the receiver. Upon the receipt of each shipment, the receiver shall complete the applicable portion of the form and return one copy to the committee within 10 days and one copy shall be retained by the shipper. Such completion shall contain a certification to the Secretary and the committee that the citrus described shall be distributed in the outlets described. Failure to complete and return such forms will be cause to remove that receiver's name from the committee's list of eligible receivers.

§ 905.149 Procedure for permitting growers to ship tree run citrus fruit.

(a) *Tree run citrus fruit.* Tree run citrus fruit as referenced in this section is defined in the Florida Department of Citrus (FDOC) regulation 20-35.006, which specifies that "Tree run grade is

that grade of naturally occurring sound and wholesome citrus fruit which has not been separated either as to grade or size after severance from the tree." Wholesomeness is as defined in FDOC regulation 20-62.002. The tree run citrus fruit shipped under this provision also must be from the applying grower's own grove.

(b) *Application.* A grower shall apply to ship tree run fruit using a Grower Tree Run Certificate Application, furnished by the committee. Such application shall contain, but not be limited to: the name, address, and phone number of the grower; legal description of the grove(s) from which citrus will be shipped; variety of citrus produced on the identified grove(s); approximate number of boxes produced on the identified grove(s); and a certification to the U.S. Department of Agriculture and to the committee as to the truthfulness of the information shown thereon; and any other appropriate information or documents deemed necessary by the committee or its duly authorized agents.

(c) *Approval.* The committee or its duly authorized agents shall give prompt consideration to each application for a Grower Tree Run Certificate. Approval of an application will be based upon a determination as to whether the information contained therein and on whether other information available to the committee supports an application's approval. Approval of an application shall be evidenced by the issuance of a Grower Tree Run Certificate to the applicant. Each certificate shall expire at the end of the fiscal period.

(d) *Suspension or denial of a Grower Tree Run Certificate.* The committee may investigate the handling of tree run shipments under a Grower Tree Run Certificate to determine whether growers are complying with the requirements and regulations applicable to such certificates. Whenever the committee finds that a grower is failing to comply with the requirements and regulations applicable to such certificates, the Grower Tree Run Certificate issued to such grower may be suspended or, in the case of an application for the issuance of an initial Grower Tree Run Certificate, may be denied.

§ 905.150

Such suspension of a certificate shall be for a reasonable period of time as determined by the committee, but in no event shall it extend beyond the end of the fiscal period. In the case of the denial of an application for the issuance of an initial certificate, such certificate shall be denied until the applicant comes into compliance with the requirements and regulations applicable to such certificates. Prior to suspending or denying an application for a Grower Tree Run Certificate, the committee shall give the grower reasonable advance notice in writing of its intention and the facts and reasons therefor, and afford the grower an opportunity, either orally or in writing, to present opposing facts and reasons. The grower shall be informed of the committee's determination in writing and in a timely manner.

(e) To qualify for a Grower Tree Run Certificate, each such grower must notify the committee prior to the first shipment of tree run Florida citrus fruit of the grower's intent to ship such citrus, submit an application on forms supplied by the committee, and agree to other requirements as set forth in this section with respect to such shipments.

(f) The handling of tree run citrus under a Grower Tree Run Certificate shall be exempt from the provisions of §§ 905.52 and 905.53 and the regulations issued thereunder, under the following conditions:

(1) A grower may only ship up to 150 1% bushel boxes per variety, per shipment.

(2) A grower may only ship up to 3,000 boxes per variety per season.

(3) Each grower shall apply to the Citrus Administrative Committee and receive a Grower Tree Run Certificate prior to shipping their own tree run Florida citrus fruit.

(4) Each grower of citrus shipping under a Grower Tree Run Certificate shall supply the committee with reports on each shipment as requested by the committee, on forms supplied by the committee, providing the following information: The name and address of the grower, along with the grower's Grower Tree Run Certificate number; the legal description of the grove; the variety and amount of citrus shipped;

7 CFR Ch. IX (1-1-20 Edition)

the date the fruit was shipped; and the truck/trailer license number. A copy of the form will be completed for each shipment. One copy of the report will be forwarded by the grower to the committee office within 10 days after such shipment, and one copy of the report will accompany each shipment and be given to the Road Guard Station.

(5) Each container of tree run fruit shipped under a Grower Tree Run Certificate shall be labeled with or contain the name and address of the grower shipping under the Grower Tree Run Certificate.

[67 FR 62313, Oct. 7, 2002, as amended at 68 FR 52329, Sept. 3, 2003; 69 FR 50269, Aug. 16, 2004]

(b) The public member should be able to devote sufficient time and express a willingness to attend Committee activities regularly and become familiar with the background and economics of the industry.

(c) The public member must be a resident of the production area.

(d) The public member should be nominated by the Citrus Administrative Committee and should serve a 1-year term which coincides with the term of office of producer and handler members of the Committee.

§ 905.153 Procedure for determining handlers' permitted quantities of red seedless grapefruit when a portion of sizes 48 and 56 of such variety is restricted.

(a) For the purposes of this section, the prior period specified in § 905.52 is hereby established as an average week within the immediately preceding three seasons. Each handler's average week shall be computed by adding the total volume of red seedless grapefruit handled in the immediately preceding three seasons and dividing the total by 99. The average week for handlers with less than three previous seasons of

shipments shall be calculated by adding the total volume of shipments for the seasons they did ship red seedless grapefruit, divide by the number of seasons, divide further by 33. If crop conditions limit shipments from any or all of the immediately preceding three season(s), the committee may use a prior season or seasons for the purposes of calculating an average week. New handlers with no record of shipments could ship size 48 and 56 red seedless grapefruit as a percentage of total shipments equal to the percentage applied to other handlers' average week; once such handlers have recorded shipments, their average week shall be calculated as an average of total shipments for the weeks they have shipped red seedless grapefruit during the current season. When used in the regulation of red seedless grapefruit, the term season means the weeks beginning the third Monday in September and ending the first Sunday in the following May. The term *regulation period* means the 22-week period beginning the third Monday in September of the current season.

(b) When a size limitation restricts the shipment of a portion of sizes 48 and 56 red seedless grapefruit during a particular week as provided in § 905.52, the committee shall compute the quantity of sizes 48 and 56 red seedless grapefruit that may be shipped by each handler by multiplying the handler's calculated average week shipments of such grapefruit by the percentage established by regulation for red seedless grapefruit for that week. Such set percentage may vary from week to week but shall not be less than 25 percent in any week.

(c) The committee shall notify each handler of the quantity of size 48 and 56 red seedless grapefruit such handler may handle during a particular week.

(d) During any regulation week for which the Secretary has fixed the percentage of sizes 48 and 56 red seedless grapefruit, any person who has received an allotment may handle, in addition to their total allotment available, an amount of size 48 and 56 red seedless grapefruit up to 10 percent greater than their allotment. The quantity of the overshipment shall be deducted from the handler's allotment

for the following week. Overshipments will not be allowed during the last week of regulation. If the handler fails to use his or her entire allotment, the undershipment is not carried forward to the following week. Each handler shipping size 48 and/or 56 red seedless grapefruit during the regulation period shall complete and submit to the committee, no later than 2 p.m. of the business day following the shipment, a report of red seedless grapefruit shipments by day for each regulation week.

(e) Any handler may transfer or loan any or all of their shipping allotment (excluding the overshipment allowance) of size 48 and 56 red seedless grapefruit to any other handler. Each handler party to such transfer or loan shall no later than noon on the Wednesday following the regulation week notify the committee so the proper adjustment of records may be made. In each case, the committee shall confirm in writing all such transactions, prior to the following week, to the handlers involved. The committee may act on behalf of handlers wanting to arrange allotment loans or participate in the transfer of allotments.

(f) New handlers with no record of shipments planning to ship red seedless grapefruit covered by any percentage size regulation shall register with the committee prior to the regulation period so their allotments can be properly calculated. Each new handler shall provide on a form furnished by the committee their Florida citrus fruit dealer's license number, their Florida Department of Agriculture and Consumer Services' Fruit and Vegetable Division packinghouse registration number, and the physical location of the packinghouse where the red seedless grapefruit is to be prepared for market. The committee shall notify any new handlers of their allotments prior to the regulation period.

(a) A repacking shipper is a person who repacks and ships citrus fruit

grown in the production area in Florida which has been previously inspected and certified as meeting the requirements specified under § 905.52 of the order, and who has obtained a currently valid repacking certificate of privilege issued to him or her by the committee as specified in § 905.162.

(b) Each repacking shipper, to qualify for a repacking certificate of privilege, must notify the committee 10 days prior to his or her first shipment of repacked citrus fruit during a particular fiscal period of his or her intent to ship such citrus fruit, submit an Application for a Repacking Certificate of Privilege form supplied by the committee, and agree to other requirements as set forth in §§ 905.162 and 905.163 inclusive, with respect to such shipments. The repacking shipper shall certify that he or she will only handle previously inspected and certified citrus fruit.

(c) Any repacking shipper who handles citrus fruit shipped under a repacking certificate of privilege must, other order provisions not withstanding, meet the following requirements:

(1) All such citrus fruit must be positive lot identified by the Federal or Federal/State Inspection Service and certified as meeting the applicable requirements for citrus fruit shipped to the domestic market (fruit shipped from the production area to any point outside thereof in the 48 contiguous States and the District of Columbia of the United States), prior to being repacked and shipped by the repacking shipper. Each such citrus fruit shipment shall be accompanied by a Federal-State manifest that certifies the grade and amount of each load of citrus fruit received, which shall be retained by the repacking shipper.

(2) Be reported as required in § 905.163.

(3) The repacking facility used to repack previously inspected and certified citrus fruit by the repacking shipper shall not have operable equipment to wash, brush, wax, or dry citrus fruit.

(4) All citrus fruit handled by a repacking shipper shall be packed in approved Florida Department of Citrus fruit containers.

(5) Each container shipped with such citrus fruit shall be marked with the

§ 905.162 Repacking certificate of privilege.

(a) *Application.* Application for a repacking certificate of privilege by a repacking shipper shall be made on an Application for a Repacking Certificate of Privilege form supplied by the committee. Each such application shall contain, but need not be limited to, the name, address and Florida citrus fruit dealer license number of the applicant; approximate number of boxes to be handled during the season; the various types of containers to be used to ship the repacked citrus fruit; a certification to the Secretary of Agriculture and to the committee as to the truthfulness of the information shown thereon; and any other appropriate information or documents deemed necessary by the committee or duly authorized agents for the purposes stated in § 905.161.

(b) *Approval.* The committee or its duly authorized agents shall give prompt consideration to each application for a repacking certificate of privilege. Approval of an application based upon a determination as to whether the information contained therein and other information available to the committee supports approval, shall be evidenced by the issuance of a repacking certificate of privilege to the applicant. Each such certificate shall expire at the end of the fiscal period.

(c) *Suspension or denial of certificate of privilege.* The committee may investigate the handling of repacked fresh citrus fruit shipments under certificates of privilege to determine whether repacking shippers are complying with the requirements and regulations applicable to such certificates. Whenever the committee finds that a repacking shipper is failing to comply with the requirements and regulations applicable to such certificates, the certificate of privilege issued to such repacking shipper may be suspended or, in the case of an application for the issuance of an initial certificate of privilege, may be denied. Such suspension of a

Prior to suspending or denying an application for a certificate of privilege, the committee shall give the shipper or applicant an opportunity, either orally or in writing, to present opposing facts and reasons. The shipper or applicant shall be informed of the committee's determination in writing and in a timely manner.

These manifests shall be readily available to the committee upon request.

(b) One copy of the Report of Shipments Under Certificate of Privilege form on each shipment shall be forwarded to the committee promptly, one copy of such form shall be retained by the repacking shipper, and one copy

all handlers as first handlers thereof during such fiscal period.

§ 906.33 Budget.

At the beginning of each fiscal period and as may be necessary thereafter, the committee shall prepare an estimated budget of income and expenditures necessary for the administration of this part. The committee shall recommend the rate of assessment calculated to provide adequate funds to defray its proposed expenditures. The committee shall present such budget to the Secretary with an accompanying report showing the basis for its estimates and recommendations.

§ 906.34 Assessments.

(a) The funds to cover the committee's expenses shall be acquired by the levying of assessments upon handlers as provided in this subpart. Each handler who first handles fruit shall, with respect to the fruit so handled by him, pay assessments to the committee upon demand, which assessments shall be in payment of such handler's pro rata share of the committee's expenses.

(b) Assessments shall be levied upon handlers at rates established by the Secretary. Such rates may be established upon the basis of the committee's recommendations and other available information. Such rates may be applied to specified containers used in the production area.

Such increase shall be applicable to all fruit handled during such fiscal period.

(d) The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions of this part are suspended or become inoperative.

§ 906.35 Accounting.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in paragraph (a)(2) of this section, it shall be refunded proportionately to the persons from whom collected.

(2) The committee, with the approval of the Secretary may carry over such excess into subsequent fiscal periods as a reserve: *Provided*, That funds already in the reserve do not equal approximately 1 fiscal period's expenses. Such reserve funds may be used for any expenses authorized pursuant to § 906.32 and for necessary expenses of liquidation in the event of termination of this part. Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate. To the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the terms of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in his possession to the committee, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the committee full title to all of the property, funds, and claims vested in such member pursuant to this part.

EXPENSES AND ASSESSMENTS

§ 915.40 Expenses.

The committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred to enable the committee to exercise its powers and perform its duties in accordance with the provisions of this part during each fiscal year. The funds to cover such expenses shall be acquired by the levying of assessments as provided for in § 915.41.

[19 FR 3439, June 11, 1954. Redesignated at 26 FR 12751, Dec. 30, 1961, as amended at 35 FR 16627, Oct. 27, 1970]

§ 915.41 Assessments.

(a) Each person who first handles avocados shall, with respect to the avocados so handled by him, pay to the committee upon demand such person's pro rata share of the expenses which the Secretary finds are reasonable and likely to be incurred by the committee during each fiscal year. Each such person's share of such expenses shall be equal to the ratio between the total quantity of avocados handled by him as the first handler thereof during the applicable fiscal year, and the total quantity of avocados so handled by all persons during the same fiscal year. The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative. If a handler does not pay

his assessment within the time prescribed by the committee, the unpaid assessment may be subject to an interest charge at rates prescribed by the committee with the approval of the Secretary.

(b) The Secretary shall fix the rate of assessment per 55-pounds of fruit or equivalent in any container or in bulk, to be paid by each such handler. At any time during or after a fiscal year, the Secretary may increase the rate of assessment, in order to secure sufficient funds to cover any later finding by the Secretary relative to the expense which may be incurred. Such increase shall be applied to all fruit handled during the applicable fiscal year. In order to provide funds for the administration of the provisions of this part, the committee may accept the payment of assessments in advance, or borrow money on an emergency short-term basis. The authority of the committee to borrow money is subject to approval of the Secretary and may be used only to meet financial obligations as the obligations occur or to allow the committee to adjust its reserve funds to meet such obligations.

§915.42 Accounting.

(a) If, at the end of a fiscal year, the assessments collected are in excess of expenses incurred, such excess shall be accounted for as follows:

(1) Except as provided in paragraph (a)(2) of this section, each person entitled to a proportionate refund of the excess assessment shall be credited with such refund against the operation of the following fiscal year unless such person demands repayment thereof, in which event it shall be paid to him: *Provided*, That any sum paid by a person in excess of his pro rata share of the expenses during any fiscal year may be applied by the committee at the end of such fiscal year to any outstanding obligations due the committee from such person.

(2) The Secretary, upon recommendation of the committee, may determine that it is appropriate for the maintenance

and functioning of the committee that the funds remaining at the end of a fiscal year which are in excess of the expenses necessary for committee operations during such year may be carried over into following years as a reserve. Such reserve may be established at an amount not to exceed approximately 3 fiscal years' operational expenses. Funds in the reserve may be used to cover the necessary expenses of liquidation, in the event of termination of this part, and to cover the expenses incurred for the maintenance and functioning of the committee during any fiscal year when there is crop failure, or during any period of suspension of any or all of the provisions of this part. Such reserve may also be used by the committee to finance its operations during any fiscal year prior to the time that assessment income is sufficient to cover such expenses and to cover deficits incurred during any fiscal year when income is less than expenses. Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part, and shall be accounted for in the manner provided in this part. The Secretary may, at any time, require the committee and its members to account for all receipts and disbursements.

The committee shall publicly announce the contents of each marketing policy report and copies thereof shall be maintained in the offices of the committee where they shall be

available for examination by growers and handlers.

(b) The Secretary shall fix the respective rate of assessment, which handlers shall pay with respect to each fruit during each fiscal period in an amount designed to secure sufficient funds to cover the respective expenses, which may be incurred during such period. At any time during or after the fiscal period, the Secretary may increase the rates of assessment in order to secure funds to cover any later findings by the Secretary relative to such expenses, and such increase shall apply to all fruit shipped during the fiscal period.

EXPENSES AND ASSESSMENTS

§ 920.40 Expenses.

The committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by the committee for its maintenance and functioning and to enable it to exercise its powers and perform its duties in accordance with the provisions of this part. The funds to cover such expenses shall be acquired in the manner prescribed in § 920.41.

§ 920.41 Assessments.

(a) As his or her pro rata share of the expenses which the Secretary finds are reasonable and likely to be incurred by the committee during a fiscal period, each person who first handles kiwifruit during such period shall pay to the committee, upon demand, assessments on all kiwifruit so handled. The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect, irrespective of whether particular provisions thereof are suspended or become inoperative. If a handler does not pay any assessment within the time prescribed by the committee, the assessment may be subject to an interest or late payment charge, or both, as may be established by the Secretary upon recommendation of the committee.

(b) The Secretary shall fix the rate of assessment to be paid by each such person during a fiscal period in an amount designed to secure sufficient funds to cover the expenses which may be incurred during such period and to accumulate and maintain a reserve fund equal to approximately one fiscal period's expenses. At any time during or after the fiscal period, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses which

§ 920.42

7 CFR Ch. IX (1–1–20 Edition)

may be incurred: *Provided*, That any assessment, excluding any amount collected pursuant to § 920.55(c), must be limited to a maximum assessment rate of three and one-half cents per flat, or the equivalent thereof. The Secretary may increase this maximum rate in each succeeding year after the initial year of order operation by the Consumer Price Index (cost of living) for California as published by the Bureau of Labor Statistics. Such increase shall be applied to all kiwifruit handled during the applicable fiscal period. In order to provide funds for the administration of the provisions of this part during the first part of a fiscal period before sufficient operating income is available from assessments on the current year's shipments, the committee may accept the payment of assessments in advance, and may also borrow money for such purposes.

[49 FR 39658, Oct. 10, 1984, as amended at 57 FR 1220, Jan. 12, 1992]

§ 920.42 Accounting.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in paragraph (a)(2) of this section, it shall be refunded proportionately to the persons from whom it was collected: *Provided*, That any sum paid by a person in excess of his or her pro rata share of the expenses during any fiscal period may be applied by the committee at the end of such fiscal period to any outstanding obligations due the committee from such person.

(2) The committee, with the approval of the Secretary, may carry over such excess into subsequent fiscal periods as a reserve: *Provided*, That funds already in the reserve do not equal approximately one fiscal period's expenses. Such reserve funds may be used: (i) To defray expenses, during any fiscal period, prior to the time assessment income is insufficient to cover such expenses; (ii) to cover deficits incurred during any fiscal year when assessment income is less than expenses; (iii) to defray expenses incurred during any period when any or all provisions of this part are suspended or are inoper-

ative; and, (iv) to cover necessary expenses of liquidation in the event of termination of this part. Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the term of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in his or her possession to the committee, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the committee full title to all of the property, funds, and claims vested in such member pursuant to this part.

§ 920.45 Contributions.

The committee may accept voluntary contributions, but these shall only be used to pay expenses incurred pursuant to § 920.47 and § 920.48. Furthermore, such contributions shall be free from any encumbrances by the donor, and the committee shall retain complete control of their use.

With each such recommendation for regulation, the committee shall submit to the Secretary the data and information on which such recommendation is predicated and such other available information as the Secretary may request.

§ 920.52 Issuance of regulations.

(a) The Secretary shall regulate, in the manner specified in this section, the handling of kiwifruit whenever the Secretary finds, from the recommendations and information submitted by the committee, or from other available information, that such regulations will tend to effectuate the declared policy of the act. Such regulations may:

(1) Limit, during any period or periods, the shipment of any particular grade, size, quality, maturity, or pack, or any combination thereof, of any variety or varieties of kiwifruit grown in the production area;

(2) Limit the shipment of kiwifruit by establishing, in terms of grades, sizes, or both, minimum standards of quality and maturity during any period when season average prices are expected to exceed the parity level;

Such rules, regulations, and safeguards may include the requirements that handlers shall file applications and receive approval from the committee for authorization to handle kiwifruit pursuant to this section, and that such applications be accompanied by a certification by the intended purchaser or receiver that the kiwifruit will not be used for any purpose not authorized by this section.

(a) Whenever the handling of any variety of kiwifruit is regulated pursuant to § 920.52, or § 920.53, each handler who handles kiwifruit shall, prior thereto, cause such kiwifruit to be inspected by the Federal or Federal-State Inspection Service and certified as meeting the applicable requirements of such regulation: *Provided*, That inspection and certification shall not be required for kiwifruit which previously have been so inspected and certified if such prior inspection was performed within such period as may be established pursuant to paragraph (b) of this section. Promptly after inspection and certification, each such handler shall submit, or cause to be submitted, to the committee a copy of the certificate of inspection issued with respect to such kiwifruit. The committee may, with the approval of the Secretary, prescribe rules and regulations waiving the inspection requirements of this section where it is determined that inspection is not available: *Provided*, That all shipments made under such waiver shall comply with all regulations in effect.

(b) The committee may, with the approval of the Secretary, establish a period prior to shipment during which the inspection required by this section must be performed.

(c) The committee may enter into an agreement with the Federal and Federal-State Inspection Services with respect to the costs of the inspection required by paragraph (a) of this section, and may collect from handlers their respective pro rata shares of such costs.

No such employee shall disclose to any person, other than the Secretary upon request therefor, data or information obtained or extracted from such reports and records which might affect the trade position, financial condition, or business operation of the particular handler from whom received: *Provided*, That such data and information may be combined, and made available to any person, in the form of general reports in which the identities of the individual handler furnishing the information, is not disclosed but may be revealed to any extent necessary to effect compliance with the provisions of this part and the regulations issued thereunder.

(c) The Secretary shall terminate the provisions of this part whenever the Secretary finds by referendum or otherwise that such termination is favored by a majority of the growers: *Provided*, That such majority has, during the current marketing season, produced more than 50 percent of the volume of the kiwifruit which were produced within the production area for shipment in fresh form. Such termination

§ 920.64

(b) The said trustees shall:

(1) Continue in such capacity until discharged by the Secretary;

(2) From time to time account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such persons as the Secretary may direct; and

such nomination meetings may participate in the nomination and election of nominees for grower members and their alternates. Each grower shall be entitled to cast only one vote for each nominee to be elected in the district in which he produces apricots. No grower shall participate in the election of nominees in more than one district in any one fiscal year. If qualified, a person may vote either as a grower or as a handler but not as both.

(3) Only handlers, including duly authorized officers or employees of corporate handlers, who are present at such nomination meetings, may participate in the nomination and election of nominees for handler members and their alternates. Each handler shall be entitled to cast only one vote for each nominee to be elected in the district in which he handles apricots. No handler shall participate in the election of nominees in more than one district in any one fiscal year. If qualified, a person may vote either as a grower or as a handler but not as both.

To fill any vacancy occasioned by the failure of any person selected as a member or as an alternate member of the committee to qualify, or in the

If the names of nominees to fill any such vacancy are not made available to the Secretary within a reasonable time after such vacancy occurs, the Secretary may fill such vacancy without regard to nominations, which selection shall be made on the basis of representation provided for in § 922.20.

§ 922.27 Alternate members.

An alternate member of the committee, during the absence or at the request of the member for whom he is an alternate, shall act in the place and stead of such member and perform such other duties as assigned. In the event of the death, removal, resignation, or disqualification of a member, his alternate shall act for him until a successor for such member is selected and has qualified. In the event both a member of the committee and his alternate are unable to attend a committee meeting, the member or the committee may designate any other alternate member from the same district and group (handler or grower) to serve in such member's place and stead.

(l) To investigate compliance with the provisions of this part;

(m) With the approval of the Secretary, to redefine the districts into which the production area is divided, and to reapportion the representation of any district on the committee: *Provided*, That any such changes shall reflect, insofar as practicable, shifts in apricot production within the districts and the production area.

§ 922.32 Procedure.

(a) Eight members of the committee, including alternates acting for members, shall constitute a quorum; and any action of the committee shall re-

quire the concurring vote of at least 7 members: *Provided*, That when two-thirds of the membership present is greater than 7, such requirement shall be two-thirds of such membership.

(b) The committee may provide for simultaneous meetings of groups of its members assembled at two or more designated places: *Provided*, That such meetings shall be subject to the establishment of communication between all such groups and the availability of loud speaker receivers for each group so that each member may participate in the discussions and other actions the same as if the committee were assembled in one place. Any such meeting shall be considered as an assembled meeting.

(c) The committee may vote by telegraph, telephone, or other means of communication, and any votes so cast shall be confirmed promptly in writing: *Provided*, That if an assembled meeting is held, all votes shall be cast in person.

§ 922.33 Expenses and compensation.

The members of the committee, and alternates when acting as members, shall be reimbursed for expenses necessarily incurred by them in the performance of their duties under this part and may also receive compensation, as determined by the committee, which shall not exceed \$10 per day or portion thereof spent in performing such duties: *Provided*, That at its discretion the committee may request the attendance of one or more alternates at any or all meetings, notwithstanding the expected or actual presence of the respective members, and may pay expenses and compensation, as aforesaid.

Agricultural Marketing Service, USDA

§ 922.42

(b) An appraisal of the effect of such regulatory operations upon the apricot industry; and

(c) Any recommendations for changes in the program.

EXPENSES AND ASSESSMENTS

§ 922.40 Expenses.

The committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by the committee to enable it to exercise its powers and perform its duties in accordance with the provisions of this part during each fiscal period. The funds to cover such expenses shall be acquired by the levying of assessments as prescribed in § 922.41.

§ 922.41 Assessments.

(a) Each person who first handles apricots shall, with respect to the apricots so handled by him, pay to the committee upon demand such person's pro rata share of the expenses which the Secretary finds will be incurred by the committee during each fiscal period. Each such person's share of such expenses shall be equal to the ratio between the total quantity of apricots handled by him as the first handler thereof during the applicable fiscal period and the total quantity of apricots so handled by all persons during the same fiscal period. The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) The Secretary shall fix the rate of assessment to be paid by each such person. At any time during or after the fiscal period, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses which may be incurred. Such increase shall be applied to all apricots handled during the applicable fiscal period. In order to provide funds for the administration of the provisions of this part during the first part of a fiscal period before sufficient operating income is available from assessments on the current year's shipments, the committee may accept the pay-

ment of assessments in advance, and may also borrow money for such purpose.

§ 922.42 Accounting.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, such excess shall be accounted for as follows:

(1) Except as provided in paragraph (a)(2) of this section each person entitled to a proportionate refund of any excess assessment shall be credited with such refund against the operation of the following fiscal period unless such person demands repayment thereof, in which event it shall be paid to him: *Provided*, That any sum paid by a person in excess of his pro rata share of the expenses during any fiscal period may be applied by the committee at the end of such fiscal period to any outstanding obligations due the committee from such person.

(2) The Secretary, upon recommendation of the committee, may determine that it is appropriate for the maintenance and functioning of the committee that the funds remaining at the end of a fiscal period which are in excess of the expenses necessary for committee operations during such period may be carried over into following periods as a reserve. Such reserve may be established at an amount not to exceed approximately one fiscal period's operational expenses; and such reserve may be used to cover the necessary expenses of liquidation, in the event of termination of this part, and to cover the expenses incurred for the maintenance and functioning of the committee during any fiscal period when there is a crop failure, or during any period of suspension of any or all of the provisions of this part. Such reserve may also be used by the committee to finance its operations, during any fiscal period, prior to the time that assessment income is sufficient to cover such expenses; but any of the reserve funds so used shall be returned to the reserve as soon as assessment income is available for this purpose. Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That

§ 922.45

to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the term of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in his possession to his successor in office, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor full title to all of the property, funds, and claims vested in such member pursuant to this part.

RESEARCH

§ 922.45 Marketing research and development.

The committee, with the approval of the Secretary, may establish or provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of apricots. The expense of such projects shall be paid from funds collected pursuant to § 922.41.

REGULATIONS

§ 922.50 Marketing policy.

(a) Each season prior to making any recommendations pursuant to § 922.51, the committee shall submit to the Secretary a report setting forth its marketing policy for the ensuing season. Such marketing policy report shall contain information relative to:

(1) The estimated total production of apricots within the production area;

(2) The expected general quality and size of apricots in the production area and in other areas;

(3) The expected demand conditions for apricots in different market outlets;

(4) The expected shipments of apricots produced in the production area

7 CFR Ch. IX (1-1-20 Edition)

and in areas outside the production area;

(5) Supplies of competing commodities;

(6) Trend and level of consumer income;

(7) Other factors having a bearing on the marketing of apricots; and

(8) The type of regulations expected to be recommended during the season.

(b) In the event it becomes advisable, because of changes in the supply and demand situation for apricots, to modify substantially such marketing policy, the committee shall submit to the Secretary a revised marketing policy report setting forth the information prescribed in this section. The committee shall publicly announce the contents of each marketing policy report, including each revised marketing policy report, and copies thereof shall be maintained in the office of the committee where they shall be available for examination by growers and handlers.

§ 922.51 Recommendations for regulation.

(a) Whenever the committee deems it advisable to regulate the handling of any variety or varieties of apricots in the manner provided in § 922.52, it shall so recommend to the Secretary.

(b) In arriving at its recommendations for regulation pursuant to paragraph (a) of this section, the committee shall give consideration to current information with respect to the factors affecting the supply and demand for apricots during the period or periods when it is proposed that such regulation should be made effective. With each such recommendation for regulation, the committee shall submit to the Secretary the data and information on which such recommendation is predicated and such other available information as the Secretary may request.

§ 922.52 Issuance of regulations.

(a) The Secretary shall regulate, in the manner specified in this section, the handling of apricots whenever he finds from the recommendations and information submitted by the committee, or from other available information, that such regulations will tend

Agricultural Marketing Service, USDA

§ 922.55

to effectuate the declared policy of the act. Such regulations may:

(1) Limit, during any period or periods, the shipment of any particular grade, size, quality, maturity, or pack, or any combination thereof, of any variety or varieties of apricots grown in any district or districts of the production area;

(2) Limit the shipment of apricots by establishing, in terms of grades, sizes, or both, minimum standards of quality and maturity during any period when season average prices are expected to exceed the parity level;

(3) Fix the size, capacity, weight, dimensions, markings, or pack of the container, or containers, which may be used in the packaging or handling of apricots.

(b) The committee shall be informed immediately of any such regulation issued by the Secretary, and the committee shall promptly give notice thereof to growers and handlers.

§ 922.53 Modification, suspension, or termination of regulations.

(a) In the event the committee at any time finds that, by reason of changed conditions, any regulations issued pursuant to § 922.52 should be modified, suspended, or terminated, it shall so recommend to the Secretary.

(b) Whenever the Secretary finds, from the recommendations and information submitted by the committee or from other available information, that a regulation should be modified, suspended, or terminated with respect to any or all shipments of apricots in order to effectuate the declared policy of the act, he shall modify, suspend or terminate such regulation. On the same basis and in like manner the Secretary may terminate any such modification or suspension. If the Secretary finds that a regulation obstructs or does not tend to effectuate the declared policy of the act, he shall suspend or terminate such regulation. On the same basis and in like manner the Secretary may terminate any such suspension.

§ 922.54 Special purpose shipments.

(a) Except as otherwise provided in this section, any person may, without regard to the provisions of §§ 922.41, 922.52, 922.53, and 922.55, and the regulations issued thereunder, handle apricots (1) for consumption by charitable institutions; (2) for distribution by relief agencies; or (3) for commercial processing into products.

(b) Upon the basis of recommendations and information submitted by the committee, or from other available information, the Secretary may relieve from any or all requirements, under or established pursuant to § 922.41, § 922.52, § 922.53, or § 922.55, the handling of apricots in such minimum quantities, or types of shipments, or for such specified purposes (including shipments to facilitate the conduct of marketing research and development projects established pursuant to § 922.45), as the committee, with approval of the Secretary, may prescribe.

(c) The committee shall, with the approval of the Secretary, prescribe such rules, regulations, and safeguards as it may deem necessary to prevent apricots handled under the provisions of this section from entering the channels of trade for other than the specific purposes authorized by this section. Such rules, regulations, and safeguards may include the requirements that handlers shall file applications and receive approval from the committee for authorization to handle apricots pursuant to this section, and that such applications be accompanied by a certification by the intended purchaser or receiver that the apricots will not be used for any purpose not authorized by this section.

§ 922.55 Inspection and certification.

Whenever the handling of any variety of apricots is regulated pursuant to § 922.52 or § 922.53, each handler who handles apricots shall, prior thereto, cause such apricots to be inspected by the Federal-State Inspection Service and certified by it as meeting the applicable requirements of such regulation: *Provided*, That inspection and certification shall be required for apricots which previously have been so inspected and certified only if such apricots have been regraded, resorted, repackaged, or in any other way further

§ 922.60

prepared for market. Promptly after inspection and certification, each such handler shall submit, or cause to be submitted, to the committee a copy of the certificate of inspection issued with respect to such apricots. The committee may, with the approval of the Secretary, prescribe rules and regulations modifying the inspection requirements of this section as to time and place such inspection shall be performed whenever it is determined it would not be practical to perform the required inspection at a particular location: *Provided*, That all such shipments shall comply with all regulations in effect.

their respective successors are selected and have qualified. Committee members shall not serve more than three consecutive terms. Members who have served for three consecutive terms must leave the committee for at least one year before becoming eligible to serve again.

[70 FR 44252, Aug. 2, 2005]

§ 923.22 Nomination.

(a) *Initial members.* Nominations for each of the ten initial grower members and five initial handler members of the committee, together with nominations for the initial alternate members for each position, may be submitted to the Secretary by individual growers and handlers. Such nominations may be made by means of group meetings of the growers and handlers concerned in each district. Such nominations, if made, shall be filed with the Secretary no later than the effective date of this part. In the event nominations for initial members and alternate members of the committee are not filed pursuant to, and within the time specified, in this section, the Secretary may select such initial members and alternate members without regard to nominations, but selections shall be on the basis of the representation provided for in § 923.20.

(b) *Successor members.* (1) The committee shall hold or cause to be held, not later than March 1 of each year, a meeting or meetings of growers and handlers in each district for the purpose of designating nominees for successor members and alternate members of the committee. At each such meeting a chairman and a secretary shall be selected by the growers and handlers eligible to participate therein. The chairman shall announce at the meeting the number of votes cast for each person nominated for member or alternate member and shall submit promptly to the committee a complete report concerning such meeting. The committee shall, in turn, promptly submit a copy of each such report to the Secretary.

(2) Only growers, including duly authorized officers or employees of corporate growers, who are present at such nomination meetings may participate in the nomination and election of

nominees for grower members and their alternates. Each grower shall be entitled to cast only one vote for each nominee to be elected in the district in which he produces cherries. No grower shall participate in the election of nominees in more than one district in any one fiscal year. If a person is both a grower and a handler of cherries, such person may vote either as a grower or as a handler but not as both.

(3) Only handlers, including duly authorized officers or employees of handlers, who are present at such nomination meetings, may participate in the nomination and election of nominees for handler members and their alternates. Each handler shall be entitled to cast only one vote for each nominee to be elected in the district in which he handles cherries. If the names of nominees to fill any such vacancy are not made available to the Secretary within a reasonable time after such vacancy occurs, the Secretary may fill such vacancy without regard to nominations, which selection shall be made on the basis of representation provided for in § 923.20.

§ 923.27 Alternate members.

An alternate member of the committee, during the absence or at the request of the member for whom he is an alternate, shall act in the place and stead of such member and perform such other duties as assigned. In the event of the death, removal, resignation, or disqualification of a member, his alternate shall act for him until a successor for such member is selected and has qualified. - (d) To keep minutes, books, and records which will reflect all of the acts and transactions of the committee and which shall be subject to examination by the Secretary;

- (e) To prepare periodic statements of the financial operations of the committee and to make copies of each such statement available to growers and handlers for examination at the office of the committee;

- (k) To give the Secretary the same notice of meetings of the committee as is given to its members;

- (l) To investigate compliance with the provisions of this part;

- (m) With the approval of the Secretary, to redefine the districts into which the production area is divided, and to reapportion the representation of any district on the committee: *Provided*, That any such changes shall reflect, insofar as practicable, shifts in cherry production within the districts and the production area.

§ 923.32 Procedure.

- (a) Twelve members of the committee, including alternates acting for

Agricultural Marketing Service, USDA

§ 923.41

members, shall constitute a quorum; and any action of the committee shall require the concurring vote of at least nine members.

(b) The committee may provide for simultaneous meetings of groups of its members assembled at two or more designated places: *Provided*, That such meetings shall be subject to the establishment of communication between all such groups and the availability of loud speaker receivers for each group so that each member may participate in the discussions and other actions the same as if the committee were assembled in one place. Any such meeting shall be considered as an assembled meeting.

(c) The committee may vote by telegraph, telephone, or other means of communication, and any votes so cast shall be confirmed promptly in writing: *Provided*, That if an assembled meeting is held, all votes shall be cast in person.

§ 923.33 Expenses and compensation.

The members of the committee, and alternates when acting as members, shall be reimbursed for expenses necessarily incurred by them in the performance of their duties under this part and may also receive compensation, as determined by the committee, which shall not exceed \$10 per day or portion thereof spent in performing such duties: *Provided*, That at its discretion the committee may request the attendance of one or more alternates at any or all meetings, notwithstanding the expected or actual presence of the respective members, and may pay expenses and compensation, as aforesaid.

§ 923.34 Annual report.

The committee shall, prior to the last day of each fiscal period, prepare and mail an annual report to the Secretary and make a copy available to each handler and grower who requests a copy of the report. This annual report shall contain at least: (a) A complete review of the regulatory operations during the fiscal period; (b) an appraisal of the effect of such regulatory operations upon the cherry industry; and (c) any recommendations for changes in the program.

EXPENSES AND ASSESSMENTS

§ 923.40 Expenses.

The committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by the committee to enable it to exercise its powers and perform its duties in accordance with the provisions of this part during each fiscal period. The funds to cover such expenses shall be acquired by the levying of assessments as prescribed in § 923.41.

§ 923.41 Assessments.

(a) Each person who first handles cherries shall, with respect to the cherries so handled by him, pay to the committee upon demand such person's pro rata share of the expenses which the Secretary finds will be incurred by the committee during each fiscal period. Each such person's share of such expenses shall be equal to the ratio between the total quantity of cherries handled by him as the first handler thereof during the applicable fiscal period and the total quantity of cherries so handled by all persons during the same fiscal period. The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) The Secretary shall fix the rate of assessment to be paid by each such person. At any time during or after the fiscal period, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses which may be incurred. Such increase shall be applied to all cherries handled during the applicable fiscal period. In order to provide funds for the administration of the provisions of this part during the first part of a fiscal period before sufficient operating income is available from assessments on the current year's shipments, the committee may accept the payment of assessments in advance, and may also borrow money for such purpose.

(c) If a handler does not pay any assessment within the time prescribed by the committee, the assessment may be

§ 923.42

7 CFR Ch. IX (1–1–20 Edition)

subject to an interest or late payment charge, or both, as may be established by USDA as recommended by the committee.

[22 FR 3835, June 1, 1957. Redesignated at 26 FR 12751, Dec. 30, 1961, as amended at 66 FR 58356, Nov. 21, 2001.]

§ 923.42 Accounting.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, such excess shall be accounted for as follows:

(1) Except as provided in paragraph (a)(2) of this section, each person entitled to a proportionate refund of any excess assessment shall be credited with such refund against the operation of the following fiscal period unless such person demands repayment thereof, in which event it shall be paid to him: *Provided*, That any sum paid by a person in excess of his pro rata share of the expenses during any fiscal period may be applied by the committee at the end of such fiscal period to any outstanding obligations due the committee from such person.

(2) The Secretary, upon recommendation of the committee, may determine that it is appropriate for the maintenance and functioning of the committee that the funds remaining at the end of a fiscal period which are in excess of the expenses necessary for committee operations during such period may be carried over into following periods as a reserve. Such reserve may be established at an amount not to exceed approximately one fiscal period's operational expenses; and such reserve may be used to cover the necessary expenses of liquidation, in the event of termination of this part, and to cover the expenses incurred for the maintenance and functioning of the committee during any fiscal period when there is a crop failure, or during any period of suspension of any or all of the provisions of this part. Such reserve may also be used by the committee to finance its operations, during any fiscal period, prior to the time that assessment income is sufficient to cover such expenses; but any of the reserve funds so used shall be returned to the reserve as soon as assessment income is available for this purpose. Upon termination of this part, any funds not required to

defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the term of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in his possession to his successor in office, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor full title to all of the property, funds, and claims vested in such member pursuant to this part.

§ 923.43 Contributions.

The committee may accept voluntary contributions but these shall only be used to pay expenses incurred pursuant to § 923.45. Furthermore, such contributions shall be free from any encumbrances by the donor and the committee shall retain complete control of their use.

[70 FR 44252, Aug. 2, 2005]

RESEARCH

§ 923.45 Marketing research and development.

The committee, with the approval of the Secretary, may establish or provide for the establishment of marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of cherries. The expense of such projects shall be paid from funds collected pursuant to § 923.41.

Agricultural Marketing Service, USDA

§ 923.53

REGULATIONS

§ 923.50 Marketing policy.

(a) Each season prior to making any recommendations pursuant to § 923.51, the committee shall submit to the Secretary a report setting forth its marketing policy for the ensuing season. Such marketing policy report shall contain information relative to:

- (1) The estimated total production of cherries within the production area;
- (2) The expected general quality and size of cherries in the production area and in other areas;
- (3) The expected demand conditions for cherries in different market outlets;
- (4) The expected shipments of cherries produced in the production area and in areas outside the production area;

- (6) Trend and level of consumer income;
- (7) Other factors having a bearing on the marketing of cherries; and
- (8) The type of regulations expected to be recommended during the season.

(b) In the event it becomes advisable, because of changes in the supply and demand situation for cherries, to modify substantially such marketing policy, the committee shall submit to the Secretary a revised marketing policy report setting forth the information prescribed in this section. The committee shall publicly announce the contents of each marketing policy report, including each revised marketing policy report, and copies thereof shall be maintained in the office of the committee where they shall be available for examination by growers and handlers.

§ 923.51 Recommendations for regulation.

(a) Whenever the committee deems it advisable to regulate the handling of any variety or varieties of cherries in the manner provided in § 923.52, it shall so recommend to the Secretary.

(b) In arriving at its recommendations for regulation pursuant to paragraph (a) of this section, the committee shall give consideration to current information with respect to the

factors affecting the supply and demand for cherries during the period or periods when it is proposed that such regulation should be made effective. With each such recommendation for regulation, the committee shall submit to the Secretary the data and information on which such recommendation is predicated and such other available information as the Secretary may request.

§ 923.52 Issuance of regulations.

(a) The Secretary shall regulate, in the manner specified in this section, the handling of cherries whenever he finds, from the recommendations and information submitted by the committee, or from other available information, that such regulations will tend to effectuate the declared policy of the act. Such regulations may:

- (1) Limit, during any period or periods, the shipment of any particular grade, size, quality, maturity, or pack, or any combination thereof, of any variety or varieties of cherries grown in any district or districts of the production area;
- (2) Limit the shipment of cherries by establishing, in terms of grades, sizes, or both, minimum standards of quality and maturity during any period when season average prices are expected to exceed the parity level;
- (3) Fix the size, capacity, weight, dimensions, markings, or pack of the container, or containers, which may be used in the packaging or handling of cherries.

(b) The committee shall be informed immediately of any such regulation issued by the Secretary, and the committee shall promptly give notice thereof to growers and handlers.

§ 923.53 Modification, suspension, or termination of regulations.

(a) In the event the committee at any time finds that, by reason of changed conditions, any regulations issued pursuant to § 923.52 should be modified, suspended, or terminated, it shall so recommend to the Secretary.

§ 923.54

(b) Whenever the Secretary finds, from the recommendations and information submitted by the committee or from other available information, that a regulation should be modified, suspended, or terminated with respect to any or all shipments of cherries in order to effectuate the declared policy of the act, he shall modify, suspend, or terminate such regulation. On the same basis and in like manner the Secretary may terminate any such modification or suspension. If the Secretary finds that a regulation obstructs or does not tend to effectuate the declared policy of the act, he shall suspend or terminate such regulation. On the same basis and in like manner the Secretary may terminate any such suspension.

§ 923.54 Special purpose shipments.

(a) Except as otherwise provided in this section, any person may, without regard to the provisions of §§ 923.41, 923.52, 923.53, and 923.55, and the regulations issued thereunder, handle cherries (1) for consumption by charitable institutions; (2) for distribution by relief agencies; or (3) for commercial processing into products.

(b) Upon the basis of recommendations and information submitted by the committee, or from other available information, the Secretary may relieve from any or all requirements, under or established pursuant to § 923.41, § 923.52, § 923.53, or § 923.55, the handling of cherries in such minimum quantities, or types of shipments, or for such specified purposes, as the committee, with approval of the Secretary, may prescribe. Specified purposes under this section may include shipments of cherries for grading or packing to specified locations outside the production area and shipments to facilitate the conduct of marketing research and development projects established pursuant to § 923.45.

(c) The committee shall, with the approval of the Secretary, prescribe such rules, regulations, and safeguards as it may deem necessary to prevent cherries handled under the provisions of this section from entering the channels of trade for other than the specific purposes authorized by this section. (b) The Secretary shall fix the rate of assessment to be paid by each such person during a fiscal period in an amount designed to secure sufficient funds to cover the expenses which may be incurred during such period and to accumulate and maintain a reserve fund equal to approximately one fiscal period's expenses. At any time during or after a fiscal period, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any later findings by the Secretary relative to the expenses which may be incurred. Such increase shall be applied to all grapes handled during the applicable fiscal period. In order to provide funds for the administration of the provisions of this part during the first part of a fiscal period before sufficient operating income is available from assessments in the current period's shipments, the committee may accept the payment of assessments in advance, and may also borrow money for such purpose.

(c) Any assessment not paid by a handler within a period of time prescribed by the committee may be subject to an interest or late payment charge, or both. The period of time, rate of interest, and late payment charge shall be recommended by the committee and approved by the Secretary. Subsequent to such approval, all assessments not paid within the prescribed time shall be subject to the interest or late payment charge, or both.

§ 925.42 Accounting.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, such excess shall

be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in paragraph (d)(2) of this section, it shall be refunded proportionately to the persons from whom it was collected: *Provided*, That any sum paid by a person in excess of that person's pro rata share of the expenses during any fiscal period may be applied by the committee at the end of such fiscal period to any outstanding obligations due the committee from such person.

(2) The committee, with the approval of the Secretary, may carry over such excess into subsequent fiscal periods as a reserve: *Provided*, That funds in the reserve shall not exceed approximately one fiscal period's expenses. Such reserve funds may be used: (i) To defray expenses, during any fiscal period, prior to the time the assessment income is sufficient to cover such expenses; (ii) to cover deficits incurred during any fiscal period when assessment income is less than expenses; (iii) to defray expenses incurred during any period when any or all provisions of this part are suspended or are inoperative; or (iv) to cover necessary expenses of liquidation in the event of termination of this part. Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practicable such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee under this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the term of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in such member's possession to the committee, and shall execute such assignments and other instruments as may be necessary

§ 925.45

or appropriate to vest in the committee full title to all of the property, funds, and claims vested in such member pursuant to this part.

RESEARCH AND MARKET DEVELOPMENT

§ 925.45 Production research and market research and development.

The committee, with the approval of the Secretary, may establish or provide for the establishment of production research, marketing research and development projects designed to assist, improve or promote the marketing, distribution and consumption or the efficient production of grapes. The expense of such projects shall be paid from funds collected pursuant to this part.

REGULATIONS

§ 925.50 Marketing policy.

Each season prior to making any recommendation pursuant to § 925.51 the committee shall submit to the Secretary a report setting forth its marketing policy for the ensuing marketing season. Such marketing policy report shall contain information relative to:

- (a) The estimated total shipments of grapes produced within the production area;
- (b) The expected general quality of grapes in the production area;
- (c) The expected demand conditions for grapes;
- (d) The probable prices for grapes;
- (e) Supplies of competing commodities, including foreign produced grapes;
- (f) Trend and level of consumer income;
- (g) Other factors having a bearing on the marketing of grapes; and
- (h) The type of regulations expected to be recommended during the marketing season.

§ 925.51 Recommendation for regulation.

Upon complying with the requirements of § 925.50 the committee may recommend regulations to the Secretary whenever the committee deems that such regulations as are provided in § 925.52 will tend to effectuate the declared policy of the act.

7 CFR Ch. IX (1-1-20 Edition)

§ 925.52 Issuance of regulations.

(a) The Secretary shall regulate, in the manner specified in this section, the handling of grapes upon finding from the recommendations and information submitted by the committee, or from other available information, that such regulation would tend to effectuate the declared policy of the act. Such regulation may:

(1) Limit the handling of any grade, size, quality, maturity, or pack, or any combination thereof, of any or all varieties of grapes during any period or periods;

(2) Limit the handling of any grade, size, quality, maturity, or pack of grapes differently for different varieties, or any combination of the foregoing during any period or periods;

(3) Limit the handling of grapes by establishing in terms of grades, sizes, or both, minimum standards of quality and maturity during any period when season average prices are expected to exceed the parity level;

(4) Fix the size, capacity, weight, dimensions, markings, materials, or pack of the container which may be used in handling of grapes;

(5) Establish holidays by prohibiting the packing of all varieties of grapes during a specified period or periods.

(b) No handler shall handle grapes that were packed during any period when such packing was prohibited by any regulation issued under paragraph (a)(5) of this section unless such grapes are handled under § 925.54.

§ 925.53 Modification, suspension, or termination of regulations.

(a) In the event the committee at any time finds that, by reason of changed conditions, any regulations issued pursuant to § 925.52 should be modified, suspended, or terminated, it shall so recommend to the Secretary.

(b) Whenever the Secretary finds from the recommendations and information submitted by the committee or from other available information that a regulation should be modified, suspended, or terminated with respect to any or all shipments of grapes in order to effectuate the declared policy of the act, the Secretary shall modify, suspend, or terminate such regulation. If the Secretary finds that a regulation

§ 925.60

obstructs or does not tend to effectuate the declared policy of the act, the Secretary shall suspend or terminate such regulation. On the same basis and in like manner the Secretary may terminate any such modification or suspension.

§ 925.54 Special purpose shipments.

(a) Regulations in effect pursuant to § 925.41, § 925.52, or § 925.55 may be modified, suspended, or terminated to facilitate handling of grapes for purposes which may be recommended by the committee and approved by the Secretary.

(b) The committee shall, with the approval of the Secretary, prescribe such rules, regulations, and safeguards as it may deem necessary to prevent grapes handled under the provisions of this section from entering the channels of trade for other than the specific purposes authorized by this section.

INSPECTION AND CERTIFICATION

§ 925.55 Inspection and certification.

(a) Whenever the handling of any variety of grapes is regulated pursuant to § 925.52, each handler who handles grapes shall, prior thereto, cause such grapes to be inspected by the Federal or Federal-State Inspection Service and certified as meeting the applicable requirements of such regulation: *Provided*, That inspection and certification shall not be required for grapes which previously have been so inspected and certified if such prior inspection was performed within such period as may be established pursuant to paragraph (b) of this section. Promptly after the inspection and certification each such handler shall submit, or cause to be submitted, to the committee a copy of the certificate of inspection issued with respect to such grapes.

(b) The committee may, with the approval of the Secretary, establish a period prior to shipment during which the inspection required by this section must be performed.

(c) The committee may enter into an agreement with the Federal and Federal-State Inspection Services with respect to the costs of the inspection required by paragraph (a) of this section,

and may collect from handlers their respective pro rata share of such costs.

REPORTS

§ 925.60 Reports.

(a) Each handler shall furnish to the committee, at such times and for such periods as the committee may designate, certified reports covering, to the extent necessary for the committee to perform its functions, each shipment of grapes as follows:

(1) The name of the shipper and the shipping point;

(2) The car or truck license number (or name of the trucker), and identification of the carrier;

(3) The date and time of departure;

(4) The variety;

(b) Upon request of the committee, made with the approval of the Secretary, each handler shall furnish to the committee, in such manner and at such times as it may prescribe, such other information as may be necessary to enable the committee to perform its duties under this part.

(c) Each handler shall maintain for at least two succeeding fiscal periods after the end of the fiscal period in which the transactions occurred, such records of the grapes received and disposed of by such handler as may be necessary to verify the reports such handler submits to the committee pursuant to this section.

(d) All reports and records submitted by handlers pursuant to the provisions of this section shall be received by, and at all times be in custody of one or more designated employees of the committee. No such employee shall disclose to any person, other than the Secretary upon request therefor, data or information obtained or extracted from such reports and records which might affect the trade position, financial condition, or business operation of the particular handler from whom received: *Provided*, That such data and information may be combined, and made available to any person, in the form of

§ 925.61

general reports in which the identities of the individual handlers furnishing the information are not disclosed and may be revealed to any extent necessary to effect compliance with the provisions of this part and the regulations issued thereunder.

Except as provided in this part, no handler shall handle grapes except in conformity with the provisions of this part and the regulations issued thereunder.

§ 925.62 Right of the Secretary.

(a) The Secretary shall terminate or suspend the operation of any and all of the provisions of this part whenever the Secretary finds that such provisions do not tend to effectuate the declared policy of the act.

(b) The Secretary shall terminate the provisions of this part whenever it is found by referendum or otherwise that such termination is favored by a majority of the growers: *Provided*, That such majority has during the current marketing season produced more than 50 percent of the volume of grapes which were produced within the production area for shipment in fresh form. Such termination shall become effective on the first day of December subsequent to the announcement thereof by the Secretary.

(c) The provisions of this part shall, in any event, terminate whenever the

7 CFR Ch. IX (1-1-20 Edition)

provisions of the act authorizing them cease to be in effect.

§ 925.64 Proceedings after termination.

(a) Upon the termination of the provisions of this part, the committee shall, for the purpose of liquidating the affairs of the committee, continue as trustees of all the funds and property then in its possession, or under its control, including claims for any funds unpaid or property not delivered at the time of such termination. Any action by said trustees shall require the concurrence of a majority of the trustees.

(b) The said trustees shall:

(1) Continue in such capacity until discharged by the Secretary;

(2) From time to time account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such persons as the Secretary may direct;

(3) Upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person, full title and right to all of the funds, property, and claims vested in the committee or the trustees pursuant thereto.

(c) Any person to whom funds, property, or claims have been transferred or delivered, pursuant to this section, shall be subject to the same obligation imposed upon the committee and upon the trustees.

§ 925.65 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this part or any regulation issued pursuant to this part, or the issuance of any amendment to either thereof, shall not:

(b) Release or extinguish any violation of this part or any regulation issued under this part; or

(c) Affect or impair any rights or remedies of the Secretary or any other person with respect to any such violation.

(ii) Containers with a net weight of 5 kilograms (approximately 11 pounds) shall be for export only.

(iii) Such other types and sizes of containers as may be approved by the Committee for experimental or research purposes.

(2) The minimum net weight of grapes in any such containers, except for containers containing grapes packed in sawdust, cork, excelsior or similar packing material, or packed in bags or wrapped in plastic or paper, and containers authorized in paragraph (b)(1)(iii) of this section, shall be 20 pounds based on the average net weight of grapes in a representative sample of containers. Grapes in any such containers packed in bags, or wrapped in plastic or paper prior to being placed in these containers shall meet a minimum net weight of 18 pounds based on the average net weight of grapes in a representative sample of containers: *Provided*, That grapes packed in master containers containing individual consumer packages are exempt from container marking requirements and minimum net weight requirements. Containers of grapes other than master containers containing individual consumer packages shall be marked with the minimum net weight of 20 or 18 pounds.

(3) Such containers of grapes shall be plainly marked with the minimum net weight of grapes contained therein (with numbers and letters at least one-fourth inch in height), the name of the variety of the grapes and the name of the shipper, as provided in §§1436.30 and 1359 of Title 3: California Code of Regulations.

(4) Such containers of grapes shall be plainly marked with the lot stamp number corresponding to the lot inspection conducted by an authorized inspector, except that such requirement shall not apply to containers in the center tier of a lot palletized in a 3 box by 3 box pallet configuration: *Provided*, That pallets of reusable plastic containers shall have the lot stamp number stamped on two USDA-approved pallet tags, each affixed to opposite sides of the pallet of containers, in addition to other required information on the cards of the individual containers.

(c) *Donation to charitable organizations.* Handlers of grapes failing to meet the requirements of §925.55 and paragraph (a) of this section may donate such grapes to charitable organizations. Any such grapes shall not be used for resale. Handlers donating such grapes to a charitable organization shall submit a completed Food Donation Form, CDGAC Form No. 8, as required in §925.160(c), within 2 days of receipt by the intended charity.

(d) *Organically grown grapes.* Organically grown grapes (defined to mean grapes which have been grown for market as natural grapes by performing all the normal cultural practices, but not using any inorganic fertilizers or agricultural chemicals including insecticides, herbicides, and growth regulators, except sulfur) need not meet the minimum individual berry size requirements of this section if the following conditions and safeguards are met: (1)

The handler of such grapes has registered and certified with the committee on a date specified by the committee the location of the vineyard, the acreage and variety of grapes, and such other information as may be needed by the committee to carry out these provisions; (2) each container of organically grown grapes bears the words “organically grown” on one outside end of the container in plain letters in addition to requirements specified under paragraph (b)(3) of this section.

(e) *By-product grapes.* The handling of grapes for processing (raisins, crushing and other by-products) is exempt from requirements specified in paragraphs (a), (b), and (c) of this section if the committee determines that the person handling such grapes has secured the appropriate permit or order from the County Agricultural Commissioner, and the by-product plant or packing plant to which the grapes are shipped has adequate facilities for commercial processing, grading, packing or manufacturing of by-products for resale.

(f) *Suspension of packing holidays.* Upon recommendation of the committee and approval of the Secretary, the prohibition against packing or repacking grapes on any Saturday, Sunday or on Memorial Day or Independence Day holidays of each year, may be modified or suspended to permit the handling of grapes provided such handling complies with procedures and safeguards specified by the committee as follows:

(1) All requests for suspension of a packing holiday shall be in writing, shall state the reasons the suspension is being requested, and shall be submitted to the Committee manager by noon on Wednesday or at least 3 days prior to the requested suspension date;

(2) Upon receipt of a written request, the Committee manager shall promptly give reasonable notice to producers and handlers and to the Secretary that an assembled Committee meeting will be held to discuss the request(s). The representative of the Secretary shall attend the meeting via speakerphone or in person, and all votes of the Committee members shall be cast in person;

(3) The Committee members shall consider marketing conditions (i.e.,

supplies of competing commodities to include quantities in inventory, the expected demand conditions for grapes in different markets, and any pertinent documents which provide data on market conditions), weather conditions, labor shortages, the size of the crop remaining to be marketed, and other pertinent factors in reaching a decision to suspend packing holidays;

(4) Once a vote is taken, any documents utilized during the meeting will be forwarded immediately to the Secretary’s representative and a summary of the Committee’s action and reasons for recommending approval or disapproval will be prepared and also forwarded by the committee; and

(5) The Secretary’s representative shall notify the Committee manager of approval or disapproval of the request prior to commencement of the suspended packing holiday and the Committee manager shall notify handlers and producers accordingly.

(g) Certain maturity, container, and pack requirements cited in this regulation are specified in the Title 3: California Code of Regulations and are incorporated by reference. EXPENSES AND ASSESSMENTS

§ 927.40 Expenses.

The Fresh Pear Committee and the Processed Pear Committee are authorized, each independently, to incur such expenses as the Secretary finds may be necessary to carry out their functions under this subpart. The funds to cover such expenses shall be acquired by the levying of assessments as provided in § 927.41.

§ 927.41 Assessments.

(a) Assessments will be levied only upon handlers who first handle pears. Each handler shall pay assessments on all pears handled by such handler as the pro rata share of the expenses which the Secretary finds are reasonable and likely to be incurred by the Fresh Pear Committee or the Processed Pear Committee during a fiscal period. The payment of assessments for the maintenance and functioning of the Fresh Pear Committee or the Processed Pear Committee may be required under this part throughout the period such assessments are payable irrespective of whether particular provisions thereof are suspended or become inoperative.

(b)(1) Based upon a recommendation of the Fresh Pear Committee or other available data, the Secretary shall fix three base rates of assessment for pears that handlers shall pay on pears handled for the fresh market during each fiscal period. Such base rates shall include one rate of assessment for any or all varieties or subvarieties of pears classified as summer/fall; one rate of assessment for any or all varieties or subvarieties of pears, classified as winter; and one rate of assessment for any or all varieties or subvarieties of pears classified as other. Upon recommendation of the Fresh Pear Committee or other available data, the Secretary may also fix supplemental rates of assessment on individual varieties or subvarieties categorized within the assessment classifications in this paragraph (b)(1) to secure sufficient funds to provide for projects authorized under § 927.47. At any time during the

fiscal period when it is determined on the basis of a Fresh Pear Committee recommendation or other information that different rates are necessary for fresh pears or for any varieties or subvarieties, the Secretary may modify those rates of assessment and such new rate shall apply to any or all varieties or subvarieties that are shipped during the fiscal period for fresh market.

(2) Based upon a recommendation of the Processed Pear Committee or other available data, the Secretary shall fix three base rates of assessment for pears that handlers shall pay on pears handled for processing during each fiscal period. Such base rates shall include one rate of assessment for any or all varieties or subvarieties of pears classified as summer/fall; one rate of assessment for any or all varieties or subvarieties of pears, classified as winter; and one rate of assessment for any or all varieties or subvarieties of pears classified as other. Upon recommendation of the Processed Pear Committee or other available data, the Secretary may also fix supplemental rates of assessment on individual varieties or subvarieties categorized within the assessment classifications defined in paragraph (b)(1) of this section to secure sufficient funds to provide for projects authorized under § 927.47. At any time during the fiscal period when it is determined on the basis of a Processed Pear Committee recommendation or other information that different rates are necessary for pears for processing or for any varieties or subvarieties, the Secretary may modify those rates of assessment and such new rate shall apply to any or all varieties or subvarieties of pears that are shipped during the fiscal period for processing.

(c) Based on the recommendation of the Fresh Pear Committee, the Processed Pear Committee or other available data, the Secretary may establish additional base rates of assessments, or change or modify the base rate classifications defined in paragraphs (a) and (b) of this section.

(d) The Fresh Pear Committee or the Processed Pear Committee may impose a late payment charge on any handler who fails to pay any assessment within the time prescribed. In the event the handler thereafter fails to pay the

Agricultural Marketing Service, USDA

§ 927.47

amount outstanding, including the late payment charge, within the prescribed time, the Fresh Pear Committee or the Processed Pear Committee may impose an additional charge in the form of interest on such outstanding amount. The Fresh Pear Committee or the Processed Pear Committee, with the approval of the Secretary, shall prescribe the amount of such late payment charge and rate of interest.

(e) In order to provide funds to carry out the functions of the Fresh Pear Committee or the Processed Pear Committee prior to commencement of shipments in any season, handlers may make advance payments of assessments, which advance payments shall be credited to such handlers and the assessments of such handlers shall be adjusted so that such assessments are based upon the quantity of each variety or subvariety of pears handled by such handlers during such season. Further, payment discounts may be authorized by the Fresh Pear Committee or the Processed Pear Committee upon the approval of the Secretary to handlers making such advance assessment payments.

§ 927.42 Accounting.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, the Fresh Pear Committee or the Processed Pear Committee may carryover such excess into subsequent fiscal periods as a reserve: *Provided*, That funds already in the reserve do not exceed approximately one fiscal period's expenses. Such reserve may be used to cover any expense authorized under this part and to cover necessary expenses of liquidation in the event of termination of this part. Any such excess not retained in a reserve or applied to any outstanding obligation of the person from whom it was collected shall be refunded proportionately to the persons from whom it was collected. Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the Fresh Pear Committee or the Processed Pear Committee and its members to account for all receipts and disbursements.

§ 927.43 Use of funds.

From the funds acquired pursuant to § 927.41 the Fresh Pear Committee and the Processed Pear Committee, each independently, shall pay the salaries of its employees, if any, and pay the expenses necessarily incurred in the performance of the duties of the Fresh Pear Committee or the Processed Pear Committee.

§ 927.44 [Reserved]

§ 927.45 Contributions.

The Fresh Pear Committee or the Processed Pear Committee may accept voluntary contributions, but these shall only be used to pay expenses incurred pursuant to § 927.47. Furthermore, such contributions shall be free from any encumbrances by the donor, and the Fresh Pear Committee or the Processed Pear Committee shall retain complete control of their use.

RESEARCH AND DEVELOPMENT

§ 927.47 Research and development.

The Fresh Pear Committee or the Processed Pear Committee, with the approval of the Secretary, may establish or provide for the establishment of production and post-harvest research, or marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption of pears. Such projects may provide for any form of marketing promotion, including paid advertising. The expense of such projects shall be paid from funds collected pursuant to §§ 927.41 and 927.45. Expenditures for a particular variety or subvariety of pears shall approximate the amount of assessments and voluntary contributions collected for that variety or subvariety of pears.

REGULATION OF SHIPMENTS

§ 927.50 Marketing policy.

(a) It shall be the duty of the Fresh Pear Committee to investigate, from time to time, supply and demand conditions relative to pears and each grade, size, and quality of each variety or subvariety thereof. Such investigations shall be with respect to the following:

(1) Estimated production of each variety or subvariety of pears and of each grade, size, and quality thereof;

(2) Prospective supplies and prices of pears and other fruits, both in fresh and processed form, which are competitive to the marketing of pears;

(3) Prospective exports of pears and imports of pears from other producing areas;

(4) Probable harvesting period for each variety or subvariety of pears;

(5) The trend and level of consumer income;

(6) General economic conditions; and

(7) Other relevant factors.

(b) On or before August 1 of each year, the Fresh Pear Committee shall recommend regulations to the Secretary if it finds, on the basis of the investigations specified in this section, that such regulation as is provided in § 927.51 will tend to effectuate the declared policy of the act.

(c) In the event the Fresh Pear Committee at any time finds that by reason of changed conditions any regulation issued pursuant to § 927.51 should be modified, suspended, or terminated, it shall so recommend to the Secretary.

§ 927.51 Issuance of regulations; and modification, suspension, or termination thereof.

(a) Whenever the Secretary finds, from the recommendations and information submitted by the Fresh Pear Committee, or from other available information, that regulation, in the manner specified in this section, of the shipment of fresh pears would tend to effectuate the declared policy of the act, he or she shall so limit the shipment of such pears during a specified period or periods. Such regulation may:

(1) Limit the total quantity of any grade, size, quality, or combinations thereof, of any variety or subvariety of

pears grown in any district and may prescribe different requirements applicable to shipments to different export markets;

(2) Limit, during any period or periods, the shipment of any particular grade, size, quality, or any combination thereof, of any variety or subvariety, of pears grown in any district or districts of the production area; and

(3) Provide a method, through rules and regulation issued pursuant to this part, for fixing markings on the container or containers, which may be used in the packaging or handling of pears, including appropriate logo or other container markings to identify the contents thereof.

(b) Whenever the Secretary finds, from the recommendations and information submitted by the Fresh Pear Committee, or from other available information, that a regulation should be modified, suspended, or terminated with respect to any or all shipments of fresh pears grown in any district in order to effectuate the declared policy of the act, he or she shall so modify, suspend, or terminate such regulation. If the Secretary finds, from the recommendations and information submitted by the Fresh Pear Committee, or from other available information, that a regulation obstructs or does not tend to effectuate the declared policy of the act, he or she shall suspend or terminate such regulation. On the same basis and in like manner, the Secretary may terminate any such modification or suspension.

§ 927.52 Prerequisites to recommendations.

(a) Decisions of the Fresh Pear Committee or the Processed Pear Committee with respect to any recommendations to the Secretary pursuant to the establishment or modification of a supplemental rate of assessment for an individual variety or subvariety of pears shall be made by affirmative vote of not less than 75 percent of the applicable total number of votes, computed in the manner described in paragraph (b) of this section, of all members. Decisions of the Fresh

Agricultural Marketing Service, USDA

§ 927.65

Pear Committee pursuant to the provisions of § 927.50 shall be made by an affirmative vote of not less than 80 percent of the applicable total number of votes, computed in the manner prescribed in paragraph (b) of this section, of all members.

(b) With respect to a particular variety or subvariety of pears, the applicable total number of votes shall be the aggregate of the votes allotted to the members in accordance with the following: Each member shall have one vote as an individual and, in addition, shall have a vote equal to the percentage of the vote of the district represented by such member; and such district vote shall be computed as soon as practical after the beginning of each fiscal period on either:

(1) The basis of one vote for each 25,000 boxes (except 2,500 boxes for varieties or subvarieties with less than 200,000 standard boxes or container equivalents) of the average quantity of such variety or subvariety produced in the particular district and shipped therefrom during the immediately preceding three fiscal periods; or

(2) Such other basis as the Fresh Pear Committee or the Processed Pear Committee may recommend and the Secretary may approve. The votes so allotted to a member may be cast by such member on each recommendation relative to the variety or subvariety of pears on which such votes were computed.

§ 927.53 Notification.

(a) The Fresh Pear Committee shall give prompt notice to growers and handlers of each recommendation to the Secretary pursuant to the provisions of § 927.50.

(b) The Secretary shall immediately notify the Fresh Pear Committee of the issuance of each regulation and of each modification, suspension, or termination of a regulation and the Fresh Pear Committee shall give prompt notice thereof to growers and handlers.

INSPECTION

§ 927.60 Inspection and certification.

(a) Handlers shall ship only fresh pears inspected by the Federal-State Inspection Service or under a program developed by the Federal-State Inspection Service: except, that such inspection and certification of shipments of pears may be performed by such other inspection service as the Fresh Pear Committee, with the approval of the Secretary, may designate. Promptly after shipment of any pears, the handler shall submit, or cause to be submitted, to the Fresh Pear Committee a copy of the inspection certificate issued on such shipment.

(b) Any handler may ship pears, on any one conveyance and in such quantity as the committee, with the approval of the Secretary, may prescribe, exempt from the inspection and certification requirements of paragraph (a) of this section.

(b) All such reports shall be held under appropriate protective classification and custody by the Fresh Pear Committee or the Processed Pear Committee, or duly appointed employees thereof, so that the information contained therein which may adversely affect the competitive position of any handler in relation to other handlers will not be disclosed. Compilations of general reports from data submitted by handlers are authorized subject to the prohibition of disclosure of individual handler's identities or operations.

(c) Each handler shall maintain for at least two succeeding years such records of the pears received and of pears disposed of, by such handler as may be necessary to verify reports pursuant to this section.

cumstance, or thing shall not be affected thereby.

§ 927.74 Derogation.

§ 927.75 Liability.

No member or alternate for a member of the Fresh Pear Committee or the Processed Pear Committee, nor any employee or agent thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any party under this subpart or to any other person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate for a member, agent or employee, except for acts of dishonesty, willful misconduct, or gross negligence.

The provisions of this subpart and of any amendment thereto shall become effective at such time as the Secretary may declare, and shall continue in force until terminated in one of the ways specified in § 927.78.

§ 927.78 Termination.

(a) The Secretary may at any time terminate this subpart.

(b) The Secretary shall terminate or suspend the operation of any or all of the provisions of this subpart whenever he or she finds that such operation obstructs or does not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this subpart applicable to

fresh pears for market or pears for processing at the end of any fiscal period whenever the Secretary finds, by referendum or otherwise, that such termination is favored by a majority of growers of fresh pears for market or pears for processing, respectively: *Provided*, That such majority has during such period produced more than 50 percent of the volume of fresh pears for market or pears for processing, respectively, in the production area. Such termination shall be effective only if announced on or before the last day of the then current fiscal period.

(d) The Secretary shall conduct a referendum within every six-year period beginning on May 21, 2005, to ascertain whether continuance of the provisions of this subpart applicable to fresh pears for market or pears for processing are favored by producers of pears for the fresh market and pears for processing, respectively. The Secretary may terminate the provisions of this subpart at the end of any fiscal period in which the Secretary has found that continuance of this subpart is not favored by producers who, during a representative period determined by the Secretary, have been engaged in the production of fresh pears for market or pears for processing in the production area: *Provided*, That termination of the order shall be effective only if announced on or before the last day of the then current fiscal period.

(e) The provisions of this part shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

(c) Any funds collected pursuant to this subpart and held by such joint trustees or such person over and above the amounts necessary to meet outstanding obligations and the expenses necessarily incurred by the joint trustees or such other person in the performance of their duties under this subpart, as soon as practicable after the termination hereof, shall be returned to the handlers pro rata in proportion to their contributions thereto.

(d) Any person to whom funds, property, or claims have been transferred or delivered by the Fresh Pear Committee or the Processed Pear Committee or its members, upon direction of the Secretary, as provided in this section, shall be subject to the same obligations and duties with respect to said funds, property, or claims as are imposed upon the members or upon said joint trustees.

(b) The Secretary shall fix the rate of assessment to be paid by each handler during a fiscal period in an amount designated to secure funds sufficient to cover the expenses which may be incurred during such period and to accumulate and maintain a reserve fund equal to approximately one fiscal period's expenses. If any such excess is not retained in a reserve, it shall be refunded proportionately to the handlers from whom the excess was collected. Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate; *Provided*, That to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(2) For growers with 5 years of sales history from acreage planted or replanted 2 years prior to the first harvest on that acreage, the sales history is computed by averaging the highest 4 of the 5 years.

(3) For growers with 5 years of sales history from acreage planted or replanted 1 year prior to the first harvest on that acreage, the sales history is computed by averaging the highest 4 of the 5 years and in a year prior to a year of a producer allotment volume regulation shall be adjusted as provided in paragraph (a)(6) of this section.

(4) For a grower with 4 years or less of sales history, the sales history shall be computed by dividing the total sales from that acreage by 4 and in a year prior to a year of a producer allotment volume regulation shall be adjusted as provided in paragraph (a)(6) of this section.

(5) For growers with acreage having no sales history, or for the first harvest of replanted acres, the sales history will be the average first year yields (depending on whether first harvested 1 or 2 years after planting or replanting) as established by the committee and multiplied by the number of acres.

(6) In a year prior to a year of a producer allotment volume regulation, in addition to the sales history computed in accordance with paragraphs (a)(3) and (a)(4) of this section, additional sales history shall be assigned to growers using the formula $x = (a - b)c$. The letter “x” constitutes the additional number of barrels to be added to the grower’s sales history. The value “a” is the expected yield for the forthcoming year harvested acreage as established by the committee. The value “b” is the total sales from that acreage as established by the committee divided by four. The value “c” is the number of acres planted or replanted in the specified year. For acreage with five years of sales history: a = the expected yield for the forthcoming sixth year harvested acreage (as established by the committee); b = an average of the most recent 4 years of expected yields (as established by the committee); and c = the number of acres with 5 years of sales history.

(b) A new sales history shall be calculated for each grower after each crop year, using the formulas established in paragraph (a) of this section, or such other formula(s) as determined by the committee, with the approval of the Secretary.

(c) The committee, with the approval of the Secretary, may adopt regulations to change the number and identity of years to be used in computing sales histories, including the number of years to be used in computing the average. The committee may establish, with the approval of the Secretary, rules and regulations necessary for the implementation and operation of this section.

(d) Sales histories, starting with the crop year following adoption of this part, shall be calculated separately for fresh and processed cranberries. The amount of fresh fruit sales history may be calculated based on either the delivered weight of the barrels paid for by the handler (excluding trash and unusable fruit) or on the weight of the fruit paid for by the handler after cleaning and sorting for the retail market. Handlers using the former calculation shall allocate delivered fresh fruit subsequently used for processing to growers’ processing sales. Fresh fruit sales history, in whole or in part, may be added to process fruit sales history with the approval of the committee in the event that the grower’s fruit does not qualify as fresh fruit at delivery.

(e) The committee may recommend rules and regulations, with the approval of the Secretary, to adjust a grower’s sales history to compensate for catastrophic events that impact the grower’s crop.

929.49 Marketable quantity, allotment percentage, and annual allotment.

(a) Marketable quantity and allotment percentage. If the Secretary finds, from the recommendation of the committee or from other available information, that limiting the quantity of cranberries purchased from or handled on behalf of growers during a crop year would tend to effectuate the declared policy of the Act, the Secretary shall determine and establish a marketable quantity for that crop year.

(b) The marketable quantity shall be apportioned among growers by applying the allotment percentage to each grower’s sales history, established pursuant to §929.48. Such allotment percentage shall be established by the

Agricultural Marketing Service, USDA

§ 929.50

Secretary and shall equal the marketable quantity divided by the total of all growers' sales histories including the estimated total sales history for new growers. Except as provided in paragraph (g) of this section, no handler shall purchase or handle on behalf of any grower cranberries not within such grower's annual allotment.

(c) In any crop year in which the production of cranberries is estimated by the committee to be equal to or less than its recommended marketable quantity, the committee may recommend that the Secretary increase or suspend the allotment percentage applicable to that year. In the event it is found that market demand is greater than the marketable quantity previously set, the committee may recommend that the Secretary increase such quantity.

(d) *Issuance of annual allotments.* The committee shall require all growers to qualify for such allotment by filing with the committee a form wherein growers include the following information:

(1) The amount of acreage which will be harvested;

(2) A copy of any lease agreement covering cranberry acreage;

(3) The name of the handler(s) to whom their annual allotment will be delivered;

(4) Such other information as may be necessary for the implementation and operation of this section.

(e) On or before such date as determined by the committee, with the approval of the Secretary, the committee shall issue to each grower an annual allotment determined by applying the allotment percentage established pursuant to paragraph (b) of this section to the grower's sales history.

(f) On or before such date as determined by the committee, with the approval of the Secretary, in which an allotment percentage is established by the Secretary, the committee shall notify each handler of the annual allotment that can be handled for each grower whose total crop will be delivered to that handler. In cases where a grower delivers a crop to more than one handler, the grower must specify how the annual allotment will be apportioned among the handlers. If a

grower does not specify how their annual allotment is to be apportioned among the handlers, the Committee will apportion such annual allotment equally among those handlers they are delivering their crop to.

(g) Growers who do not produce cranberries equal to their computed annual allotment shall transfer their unused allotment to such growers' handlers unless it is transferred to another grower in accordance with § 929.50(b) or if it is not assigned in accordance with paragraph (i) of this section. The handler shall equitably allocate the unused annual allotment to growers with excess cranberries who deliver to such handler. Unused annual allotment remaining after all such transfers have occurred shall be reported and transferred to the committee by such date as established by the committee with the approval of the Secretary.

(h) Handlers who receive cranberries more than the sum of their growers' annual allotments have "excess cranberries," pursuant to § 929.59, and shall so notify the committee. Handlers who have remaining unused allotment pursuant to paragraph (g) of this section are "deficient" and shall so notify the committee. The committee shall allocate unused allotment to all handlers having excess cranberries, proportional to each handler's total allotment.

(i) Growers who decide not to grow a crop, during any crop year in which a volume regulation is in effect, may choose not to assign their allotment to a handler.

(j) The committee may establish, with the approval of the Secretary, rules and regulations necessary for the implementation and operation of this section.

[70 FR 7641, Feb. 15, 2005]

§ 929.50 Transfers of Sales Histories and Annual Allotments.

(a) *Leases and sales of cranberry acreage—*(1) *Total or partial lease of cranberry acreage.* When total or partial lease of cranberry acreage occurs, sales history attributable to the acreage being leased shall remain with the lessor.

(2) *Total sale of cranberry acreage.* When there is a sale of a grower's total

§ 929.51

cranberry producing acreage, the committee shall transfer all owned acreage and all associated sales history to such acreage to the buyer. The seller and buyer shall file a sales transfer form providing the committee with such information as may be requested so that the buyer will have immediate access to the sales history computation process.

(3) *Partial sale of cranberry acreage.* When less than the total cranberry producing acreage is sold, sales history associated with that portion of the acreage being sold shall be transferred with the acreage. The seller shall provide the committee with a sales transfer form containing, but not limited to the distribution of acreage and the percentage of sales history, as defined in § 929.48(a)(1), attributable to the acreage being sold.

(4) No sale of cranberry acreage shall be recognized unless the committee is notified in writing.

(b) *Allotment transfers.* During a year of volume regulation, a grower may transfer all or part of his/her allotment to another grower. If a lease is in effect the lessee shall receive allotment from lessor attributable to the acreage leased. *Provided,* That the transferred allotment shall remain assigned to the same handler and that the transfer shall take place prior to a date to be recommended by the Committee and approved by the Secretary. Transfers of allotment between growers having different handlers may occur with the consent of both handlers.

(c) The committee may establish, with the approval of the Secretary, rules and regulations, as needed, for the implementation and operation of this section.

[70 FR 7642, Feb. 15, 2005]

§ 929.51 Recommendations for regulation.

(a) Except as otherwise provided in paragraph (b) of this section, if the committee deems it advisable to regulate the handling of cranberries in the manner provided in § 929.52, it shall so recommend to the Secretary by the following appropriate dates:

(1) An allotment percentage regulation must be recommended by no later than March 1;

7 CFR Ch. IX (1–1–20 Edition)

(2) A handler withholding program must be recommended by not later than August 31. Such recommendation shall include the free and restricted percentages for the crop year;

(3) If both programs are recommended in the same year, the Committee shall submit with its recommendation an economic analysis to the USDA prior to March 1 of the year in which the programs are recommended.

(b) An exception to the requirement in paragraph (a)(1) of this section may be made in a crop year in which, due to unforeseen circumstances, a producer allotment regulation is deemed necessary subsequent to the March 1 deadline.

(c) In arriving at its recommendations for regulation pursuant to paragraph (a) of this section, the committee shall give consideration to current information with respect to the factors affecting the supply of and demand for cranberries during the period when it is proposed that such regulation should be imposed. With each such recommendation for regulation, the committee shall submit to the Secretary the data and information on which such recommendation is based and any other information the Secretary may request.

[70 FR 7642, Feb. 15, 2005]

§ 929.52 Issuance of regulations.

(a) The Secretary shall regulate, in the manner specified in this section, the handling of cranberries whenever the Secretary finds, from the recommendations and information submitted by the committee, or from other available information, that such regulation will tend to effectuate the declared policy of the Act. Such regulation shall limit the total quantity of cranberries which may be handled during any fiscal period by fixing the free and restricted percentages, applied to cranberries acquired by handlers in accordance with § 929.54, and/or by establishing an allotment percentage in accordance with § 929.49.

(b) The committee shall be informed immediately of any such regulation

Agricultural Marketing Service, USDA

§ 929.55

issued by the Secretary, and the committee shall promptly give notice thereof to handlers.

[70 FR 7643, Feb. 15, 2005]

§ 929.53 Modification, suspension, or termination of regulations.

(a) In the event the committee at any time finds that, by reason of changed conditions, any regulations issued pursuant to § 929.52 should be modified, suspended, or terminated, it shall so recommend to the Secretary.

(b) Whenever the Secretary finds, from the recommendations and information submitted by the committee or from other available information, that a regulation should be modified, suspended, or terminated in order to effectuate the declared policy of the act, he shall modify, suspend, or terminate such regulation: *Provided*, That no such modification shall increase the restricted percentage previously established for the then current fiscal year. If the Secretary finds that a regulation obstructs or does not tend to effectuate the declared policy of the act, he shall suspend or terminate such regulation.

§ 929.54 Withholding.

(a) Whenever the Secretary has fixed the free and restricted percentages for any fiscal period, as provided for in § 929.52(a), each handler shall withhold from handling a portion of the cranberries acquired during such period. The withheld portion shall be equal to the restricted percentage multiplied by the volume of marketable cranberries acquired. Such withholding requirements shall not apply to any lot of cranberries for which such withholding requirement previously has been met by another handler in accordance with § 929.55.

(b) The committee, with the approval of the Secretary, shall prescribe the manner in which, and date or dates during the fiscal period by which, handlers shall have complied with the withholding requirements specified in paragraph (a) of this section.

(c) Withheld cranberries may meet such standards of grade, size, quality, or condition as the committee, with the approval of the Secretary, may prescribe. The Federal or Federal-State Inspection Service may inspect all

such cranberries. A certificate of such inspection shall be issued which shall include the name and address of the handler, the number and type of containers in the lot, the location where the lot is stored, identification marks (including lot stamp, if used), and the quantity of cranberries in such lot that meet the prescribed standards. Promptly after inspection and certification, each such handler shall submit to the committee a copy of the certificate of inspection issued with respect to such cranberries.

(d) Any handler who withholds from handling a quantity of cranberries in excess of that required pursuant to paragraph (a) of this section shall have such excess quantity credited toward the next fiscal year's withholding obligation, if any—provided that such credit shall be applicable only if the restricted percentage established pursuant to § 929.52 was modified pursuant to § 929.53; to the extent such excess was disposed of prior to such modification; and after such handler furnishes the committee with such information as it prescribes regarding such withholding and disposition.

(e) The Committee, with the approval of the Secretary, may establish rules and regulations necessary and incidental to the administration of this section.

[70 FR 7643, Feb. 15, 2005]

§ 929.55 Interhandler transfer.

(a) Transfer of cranberries from one handler to another may be made without prior notice to the committee, except during a period when a volume regulation has been established. If such transfer is made between handlers who have packing or processing facilities located within the production area, the assessment and withholding obligations provided under this part shall be assumed by the handler who agrees to meet such obligation. If such transfer is to a handler whose packing or processing facilities are outside of the production area, such assessment and withholding obligation shall be met by the handler residing within the production area.

(b) All handlers shall report all such transfers to the committee on a form provided by the committee four times

§ 929.56

7 CFR Ch. IX (1-1-20 Edition)

a year or at other such times as may be recommended by the committee and approved by the Secretary.

(c) The committee may establish, with the approval of the Secretary, rules and regulations necessary for the implementation and operation of this section.

[38 FR 29801, Oct. 29, 1973, as amended at 57 FR 38750, Aug. 27, 1992]

§ 929.56 Special provisions relating to withheld (restricted) cranberries.

(a) A handler shall make a written request to the committee for the release of all or part of the cranberries that the handler is withholding from handling pursuant to § 929.54(a). Each request shall state the quantity of cranberries for which release is requested and shall provide such additional information as the committee may require. Handlers may replace the quantity of withheld cranberries requested for release as provided under either paragraph (b) or (c) of this section.

(b) The handler may contract with another handler for an amount of free cranberries to be converted to restricted cranberries that is equal to the volume of cranberries that the handler wishes to have converted from his own restricted cranberries to free cranberries.

(1) The handlers involved in such an agreement shall provide the committee with such information as may be requested prior to the release of any restricted cranberries.

(2) The committee shall establish guidelines to ensure that all necessary documentation is provided to the committee, including but not limited to, the amount of cranberries being converted and the identities of the handlers assuming the responsibility for withholding and disposing of the free cranberries being converted to restricted cranberries.

(3) Cranberries converted to replace released cranberries may be required to be inspected and meet such standards as may be prescribed for withheld cranberries prior to disposal.

(4) Transactions and agreements negotiated between handlers shall include all costs associated with such transactions including the purchase of the

free cranberries to be converted to restricted cranberries and all costs associated with inspection (if applicable) and disposal of such restricted cranberries. No costs shall be incurred by the committee other than for the normal activities associated with the implementation and operation of a volume regulation program.

(5) Free cranberries belonging to one handler and converted to restricted cranberries on the behalf of another handler shall be reported to the committee in such manner as prescribed by the committee.

(c) Except as otherwise directed by the Secretary, as near as practicable to the beginning of the marketing season of each fiscal period with respect to which the marketing policy proposes regulation pursuant to § 929.52(a), the committee shall determine the amount per barrel each handler shall deposit with the committee for it to release to him, in accordance with this section, all or part of the cranberries he is withholding; and the committee shall give notice of such amount of deposit to handlers. Such notice shall state the period during which such amount of deposit shall be in effect. Whenever the committee determines that, by reason of changed conditions or other factors, a different amount should therefore be deposited for the release of withheld cranberries, it shall give notice to handlers of the new amount and the effective period thereof. Each determination as to the amount of deposit shall be on the basis of the committee's evaluation of the following factors:

(1) The prices at which growers are selling cranberries to handlers,

(2) The prices at which handlers are selling fresh market cranberries to dealers,

(3) The prices at which cranberries are being sold for processing in products,

(4) The prices at which handlers are selling cranberry concentrate,

(5) The prices the committee has paid to purchase cranberries to replace released cranberries in accordance with this section, and

(6) The costs incurred by growers in producing cranberries.

Agricultural Marketing Service, USDA

§ 929.58

(7) Each request for release of withheld cranberries shall include, in addition to all other information as may be prescribed by the committee, the quantity of cranberries the release is requested and shall be accompanied by a deposit (a cashier's or certified check made payable to the Cranberry Marketing Committee) in an amount equal to the twenty percent of the amount determined by multiplying the number of barrels stated in the request by the then effective amount per barrel as determined in paragraph (c).

(8) Subsequent deposits equal to, but not less than, the ten percent of the remaining outstanding balance shall be payable to the committee on a monthly basis commencing on January 1, and concluding by no later than August 31 of the fiscal period.

(9) If the committee determines such a release request is properly filled out, is accompanied by the required deposit, and contains a certification that the handler is withholding such cranberries, it shall release to such handler the quantity of cranberries specified in his request.

(d) Funds deposited for the release of withheld cranberries, pursuant to paragraph (c) of this section, shall be used by the committee to purchase from handlers unrestricted (free percentage) cranberries in an aggregate amount as nearly equal to, but not in excess of, the total quantity of the released cranberries as it is possible to purchase to replace the released cranberries.

(e) All handlers shall be given an equal opportunity to participate in such purchase of unrestricted (free percentage) cranberries. If a larger quantity is offered than can be purchased, the purchases shall be made at the lowest price possible. If two or more handlers offer unrestricted (free percentage) cranberries at the same price, purchases from such handlers shall be in proportion to the quantity of their respective offerings insofar as such division is practicable. The committee shall dispose of cranberries purchased as restricted cranberries in accordance with § 929.57. Any funds received by the committee for cranberries so disposed of, which are in excess of the costs incurred by the committee in making

such disposition, will accrue to the committee's general fund.

(f) In the event any portion of the funds deposited with the committee pursuant to paragraph (c) of this section cannot, for reasons beyond the committee's control, be expended to purchase unrestricted (free percentage) cranberries to replace those withheld cranberries requested to be released, such unexpended funds shall, after deducting expenses incurred by the committee, be refunded to the handler who deposited the funds. The handler shall equitably distribute such refund among the growers delivering to such handler.

(g) Inspection for restricted (withheld) cranberries released to a handler is not required.

(h) The committee may establish, with the approval of the Secretary, rules and regulations for the implementation of this section. Such rules and regulations may include, but are not limited to, revisions in the payment schedule specified in paragraphs (c)(7) and (c)(8) of this section.

[70 FR 7643, Feb. 15, 2005]

§ 929.57 Outlets for restricted cranberries.

(a) Except as provided in this section and in § 929.56, cranberries withheld from handling may be disposed of only through diversion to such outlets as the committee, with the approval of the Secretary, finds are noncompetitive to outlets for unrestricted (free percentage) cranberries.

(b) The storage and disposition of all cranberries withheld from handling shall be subject to the supervision and accounting control of the committee.

§ 929.58 Exemptions.

(a) Upon the basis of the recommendation and information submitted by the committee, or from other available information, the Secretary may relieve from any or all requirements pursuant to this part the handling of cranberries in such minimum quantities as the committee, with the approval of the Secretary, may prescribe.

(b) Upon the basis of the recommendation and information submitted by the committee, or from

§ 929.59

other available information, the Secretary may relieve from any or all requirements pursuant to this part the handling of such forms or types of cranberries as the committee, with the approval of the Secretary, may prescribe. Forms of cranberries could include cranberries intended for fresh sales or organically grown cranberries.

(c) The committee, with the approval of the Secretary, shall prescribe such rules, regulations, and safeguards as it may deem necessary to ensure that cranberries handled under the provisions of this section are handled only as authorized.

[70 FR 7644, Feb. 15, 2005]

§ 929.59 Excess cranberries.

(a) Whenever the Secretary establishes an allotment percentage pursuant to § 929.52, handlers shall be notified by the committee of such allotment percentage and shall withhold from handling such cranberries in excess of the total of their growers' annual allotments obtained during such period. Such withheld cranberries shall be defined as "excess cranberries" after all unused allotment has been allocated.

(1) Excess cranberries received by a handler shall be made available for inspection by the committee or its representatives from the time they are received until final disposition is completed. Such excess cranberries shall be identified in such manner as the committee may specify in its rules and regulations with the approval of the Secretary.

(2) All matters dealing with handler-held excess cranberries shall be in accordance with such rules and regulations established by the committee, with the approval of the Secretary.

(b) Prior to January 1, or such other date as recommended by the committee and approved by the Secretary, handlers holding excess cranberries shall submit to the committee a written plan outlining procedures for the systematic disposal of such cranberries in the outlets prescribed in § 929.61.

(c) Prior to March 1, or such other date as recommended by the committee and approved by the Secretary,

7 CFR Ch. IX (1–1–20 Edition)

all excess cranberries shall be disposed of pursuant to § 929.61.

(f) *Other reports.* Upon the request of the committee, with the approval of the Secretary, each handler shall furnish to the committee such other information with respect to the cranberries and cranberry products acquired and disposed of by such person as may be necessary to enable the committee to exercise its powers and perform its duties under this part.

Subpart B—Administrative Requirements

§ 929.101 Minimum exemption.

The requirements of § 929.41 *Assessments* and § 929.54 *Withholding* shall not apply to any handler in a fiscal year during which the handler handles not more than a total of 300 barrels of cranberries.

[53 FR 12374, Apr. 14, 1988]

§ 929.102 Procedure to determine quantity of screened cranberries in unscreened lots.

The determination pursuant to § 929.54 of the quantity of screened cranberries contained in an unscreened lot shall be made in accordance with the following procedure and on the basis of a sample of representative boxes comprising no less than 2 percent of the cranberries in the lot:

(a) The cranberries in the sample are cleaned to remove chaff, and the boxes of cleaned berries are weighed. The weight of the boxes themselves is then deducted to determine the weight of the cleaned berries. The weight of the cleaned berries is divided by the number of boxes in the sample to obtain the net weight of cleaned cranberries per box. The net weight is multiplied by the number of boxes in the lot to obtain the net weight of the berries in the unscreened lot.

(b) The cleaned berries are run through a separator, having a $\frac{3}{32}$ inch screen, and with the bounce boards in the lowest position.

(c) The berries from the lower three bounce boards are rerun through the separator.

(d) The berries from the upper four bounce boards are thoroughly mixed and a random cupful (approximately 1 pint) is used to determine, from a count of the sound and unsound berries, the percentage of sound berries in the lot.

(e) Such percentage is adjusted by increasing it by 5 percentage points but not to exceed a total of 100 percent. (This increase makes the sample comparable to lots of screened cranberries, as such lots generally contain an average of 5 percent unsound berries.)

(f) The net weight, as determined in accordance with paragraph (a) of this section, of the berries in the unscreened lot, is multiplied by the adjusted percentage to obtain the quantity of screened cranberries in the unscreened lot.

§ 929.103 Inspection procedure.

(a) Inspection of withheld cranberries shall be limited to any plant, storage facility, or other location, within the production area where facilities suitable to the inspection service are available for sampling, weighing, and inspection of cranberries.

(b) The handler offering any lot of cranberries for inspection shall furnish the necessary labor and pay the costs of moving, weighing, and otherwise making available the sample the inspector chooses for inspection. The size of the sample shall be determined by the inspector. In the case of inspection of a lot of unscreened cranberries, the sample shall be screened by the handler under the supervision of the inspector and the inspection certificate shall show the quantity of cranberries in such lot which meets the requirements established for withheld cranberries pursuant to § 929.54(c).

During a year of volume regulation, cranberry concentrate and other processed products made from excess or restricted cranberries harvested in that year may be diverted according to the provisions of this part. Any handler disposing of concentrate or other processed products must report the whole-berry equivalent to the Committee so that all excess or restricted cranberries are accounted for and reported per rules and regulations in effect. Table 1—Conversion Table provides a conversion rate for concentrate to barrels of whole berries based on Brix average by production region. Should requests be made to use other processed products for diversion, conversion rates for those products would be provided by the Committee based on information provided by the requesting handler.

(b) Upon transfer of all or a portion of a grower's acreage, the committee shall be provided with certain information on the forms it will provide to the parties. The transferor and transferee must provide the following information:

(1) Crop records for the acreage involved;

(2) Annual production and sales for each crop year on the acreage involved, either in total, or for each individual parcel; and

§ 929.149 Determination of sales history.

A sales history for each grower shall be computed by the Committee in the following manner when a producer allotment volume regulation is in effect.

(a) For each grower with acreage with 6 or more years of sales history, a new sales history shall be computed using an average of the highest 4 of the most recent 6 years of sales. If the grower has acreage with 5 years of sales history and such acreage was planted more than 6 years ago, a new sales history shall be computed by averaging the highest 4 of the 5 years.

(b) For growers whose acreage has 5 years of sales history and was planted 6 years ago or later, the sales history shall be computed by averaging the highest 4 of the 5 years and shall be adjusted as provided in paragraph (d). For growers whose acreage has 4 years of sales history, the sales history shall be computed by averaging all 4 years and shall be adjusted as provided in paragraph (d). For growers whose acreage has 1 to 3 years of sales history, the sales history shall be computed by dividing the total years sales by 4 and shall be adjusted as provided in paragraph (d).

(c) For growers with acreage with no sales history or for the first harvest of re-planted acres, the sales history will be 75 barrels per acre for acres planted or re-planted 1 year ago and first harvested in the current crop year and 156 barrels per acre for acres planted or re-planted 2 years ago and first harvested in the current crop year.

(d) In addition to the sales history computed in accordance with paragraphs (a) and (b) of this section, additional sales history shall be assigned to

Diversion by disposal may take place prior to placing the cranberries into the processing line or after processing. Handlers may also divert cranberries or cranberry products to approved, noncompetitive outlets for withheld fruit. Whole berries or processed products diverted must come from the current crop year. Any information collected of a confidential and/or proprietary nature would be held in confidence pursuant to § 929.65.

(1) *Diversion through disposal.* This type of diversion is to be carried out under the supervision of the Committee, and the cost of such supervision is to be paid by the handler. Handlers shall notify the Committee of their intent to dispose of cranberries or cranberry products using Form CMC-DISP as specified in § 929.162(c). Following notification, a Committee inspector will meet with the handler to verify the documentation provided and, when possible, witness the destruction. The Committee inspector may request receipts, visual proof, or any other information needed to support the disposal as reported. Once the verification process has been completed, the Committee inspector will sign the certification section of Form CMC-DISP and return it to the Committee.

(2) *Diversion through noncompetitive outlets.* To divert cranberries or cranberry products to a noncompetitive outlet, handlers must apply to the Committee using Form CMC-OUT as specified in § 929.162(d) prior to each disposal activity of this type. The handler will have until August 31 to fulfill the plan, by which time the handler shall submit a final report detailing how the restricted percentage obligation was met using Form CMC-AUG as specified in § 929.162(b).

(c) *Request for review.* (1) If a handler is dissatisfied with a determination made by the Committee which affects such handler, the handler may submit to the Committee within 30 days after receipt of the Committee's determination, a request for a review by an appeals subcommittee composed of two independent growers and two cooperative representatives, as well as a public member. The appeals subcommittee shall be appointed by the Committee chairperson. The handler may forward with the request any pertinent materials for consideration of the appeal.

(2) The subcommittee shall review the information submitted by the handler and render a decision within 30 days of receipt of such appeal. The subcommittee shall notify the handler of its decision, accompanied by the reasons for its conclusions and findings.

(3) The handler may further appeal to the Secretary, within 15 days after notification of the subcommittee's findings, if such handler is not satisfied with the appeals subcommittee's decision. ADMINISTRATIVE BODY

§ 930.20 Establishment and membership.

(a) There is hereby established a Cherry Industry Administrative Board, the membership of which shall be calculated in accordance with paragraph (b) of this section. The number of Board members may vary, depending upon the production levels of the districts. All but one of these members shall be qualified growers and handlers selected pursuant to this part, each of whom shall have an alternate having the same qualifications as the member for whom the person is an alternate. One member of the Board shall be a public member who, along with his or her alternate, shall be elected by the Board from the general public.

(b) District representation on the Board shall be based upon the previous three-year average production in the district and shall be established as follows:

(1) Up to and including 10 million pounds shall have 1 member;

(2) Greater than 10 and up to and including 40 million pounds shall have 2 members;

(3) Greater than 40 and up to and including 80 million pounds shall have 3 members; and

(4) Greater than 80 million pounds shall have 4 members; and

(5) Allocation of the seats in each district shall be as follows but subject to the provisions of paragraphs (d), (e) and (f) of this section:

| District type | Grower members | or | Handler members |
|--|----------------|----|-----------------|
| Up to and including 10 million pounds | 1 | | 1 |
| More than 10 and up to 40 million pounds | 1 | | 1 |
| More than 40 and up to 80 million pounds | 1 | | 2 |
| More than 80 million pounds | 2 | | 2 |

(c) Upon the adoption of this part, the production area shall be divided into the following described subdivisions for purposes of this section:

District 1—Northern Michigan: that portion of the State of Michigan which is north of a line drawn along the northern boundary of Mason County and extended east to Lake Huron.

District 2—Central Michigan: that portion of the State of Michigan which is south of District 1 and north of a line drawn along the northern boundary of Allegan County and extended east to Lake St. Clair.

District 3—Southern Michigan: That portion of the State of Michigan not included in Districts 1 and 2.

District 4—The State of New York.

District 5—The State of Oregon.

District 6—The State of Pennsylvania.

District 7—The State of Utah.

District 8—The State of Washington.

District 9—The State of Wisconsin.

(d) The ratio of grower to handler representation in districts with three members shall alternate each time the term of a Board member from the representative group having two seats expires. During the initial period of the order, the ratio shall be as designated in paragraph (b) of this section.

(e) Board members from districts with one seat may be either grower or handler members and will be nominated and elected as outlined in § 930.23.

(f) If the 3-year average production of a district changes so that a different number of seats should be allocated to the district, then the Board will be re-established by the Secretary, and such seats will be filled according to the applicable provisions of this part. Each

§ 930.23

district's 3-year average production shall be recalculated annually as soon as possible after each season's final production figures are known.

(g) In order to achieve a fair and balanced representation on the Board, and to prevent any one sales constituency from gaining control of the Board, not more than one Board member may be from, or affiliated with, a single sales constituency in those districts having more than one seat on the Board; *Provided*, That this prohibition shall not apply in a district where such a conflict cannot be avoided. There is no prohibition on the number of Board members from differing districts that may be elected from a single sales constituency which may have operations in more than one district. However, as provided in § 930.23, a handler or grower may only nominate Board members and vote in one district.

(h) Subject to the approval of the Secretary, the Board shall at its first meeting and annually thereafter elect from among any of its members a chairperson and a vice-chairperson and may elect other appropriate officers.

(i) The Board, with the approval of the Secretary, may establish rules and regulation's necessary and incidental to the administration of this section.

[61 FR 49942, Sept. 24, 1996, as amended at 67 FR 51713, Aug. 8, 2002; 75 FR 33677, June 15, 2010]

§ 930.21 Reestablishment.

Districts, subdivisions of districts, and the distribution of representation among growers and handlers within a respective district or subdivision thereof, or among the subdivision of districts, may be reestablished by the Secretary, subject to the provisions of § 930.23, based upon recommendations by the Board. In recommending any such changes, the Board shall consider:

(a) The relative importance of producing areas;

(b) Relative production;

(c) The geographic locations of producing areas as they would affect the efficiency of administration of this part;

(d) Shifts in cherry production within the districts and the production area;

(e) Changes in the proportion and role of growers and handlers within the districts; and

(f) Other relevant factors.

§ 930.22 Term of office.

The term of office of each member and alternate member of the Board shall be for three fiscal years: Provided that, of the nine initial members and alternates from the combination of Districts 1, 2 and 3, one-third of such initial members and alternates shall serve only one fiscal year, one-third of such members and alternates shall serve only two fiscal years, one-third of such members and alternates shall serve three fiscal years; and one-half of the initial members and alternates from Districts 4 and 7 shall serve only one fiscal year, and one-half of such initial members and alternates shall serve two fiscal years (determination of which of the initial members and their alternates shall serve for 1 fiscal year, 2 fiscal years, or 3 fiscal years, in both instances, shall be by lot). Members and alternate members shall serve in such capacity for the portion of the term of office for which they are selected and have qualified until their respective successors are selected, have qualified and are appointed. The consecutive terms of office of grower, handler and public members and alternate members shall be limited to two 3-year terms, excluding any initial term lasting less than 3 years. The term of office of a member and alternate member for the same seat shall be the same. If this part becomes effective on a date such that the initial fiscal period is less than six months in duration, then the tolling of time for purposes of this subsection shall not begin until the beginning of the first 12-month fiscal period.

Similar petition forms and election ballots shall be used for both members and alternate members and

any requirements for election of a member shall apply to the election of an alternate.

(b) *Nomination.* (1) In order for the name of a grower nominee to appear on an election ballot, the nominee's name must be submitted with a petition form, to be supplied by the Secretary or the Board, which, except in District 8, contains at least five signatures of growers, other than the nominee, from the nominee's district who are eligible to vote in the referendum. Grower petition forms in District 8 must be signed by only two growers, other than the nominee, from the nominee's district.

(2) In order for the name of a handler nominee to appear on an election ballot, the nominee's name must be submitted with a petition form, to be supplied by the Secretary or the Board, which contains the signature of one or more handler(s), other than the nominee, from the nominee's district who is or are eligible to vote in the election and that handle(s) a combined total of no less than five percent (5%) of the average production, as that term is used § 930.20, handled in the district. *Provided*, that this requirement shall not apply if its application would result in a sales constituency conflict as provided in § 930.20(g). The requirement that the petition form be signed by a handler other than the nominee shall not apply in any district where fewer than two handlers are eligible to vote.

(3) Only growers, including duly authorized officers or employees of growers, who are eligible to serve as grower members of the Board shall participate in the nomination of grower members and alternate grower members of the Board. No grower shall participate in the submission of nominees in more than one district during any fiscal period. If a grower produces cherries in more than one district, that grower may select in which district he or she wishes to participate in the nominations and election process and shall notify the Secretary or the Board of such selection. A grower may not participate in the nomination process in one district and the election process in a second district in the same election cycle.

(4) Only handlers, including duly authorized officers or employees of han-

dlers, who are eligible to serve as handler members of the Board shall participate in the nomination of handler members and alternate handler members of the Board. No handler shall participate in the selection of nominees in more than one district during any fiscal period. If a handler handles cherries in more than one district, that handler may select in which district he or she wishes to participate in the nominations and election process and shall notify the Secretary or the Board of such selection. A handler may not participate in the nominations process in one district and the elections process in a second district in the same election cycle. If a person is a grower and a grower-handler only because some or all of his or her cherries were custom packed, but he or she does not own or lease and operate a processing facility, such person may vote only as a grower.

(5) In districts entitled to only one Board member, both growers and handlers may be nominated for the district's Board seat. Grower and handler nominations must follow the petition procedures outlined in paragraphs (b)(1) and (b)(2) of this section.

(6) All eligible growers and handlers in all districts may submit the names of the nominees for the public member and alternate public member of the Board.

(7) After the appointment of the initial Board, the Secretary or the Board shall announce at least 180 days in advance when a Board member's term is expiring and shall solicit nominations for that position in the manner described in this section. Nominations for such position should be submitted to the Secretary or the Board not less than 120 days prior to the expiration of such term.

(c) *Election.* (1) After receiving nominations, the Secretary or the Board shall distribute ballots via the U.S. Postal Service or other means, as determined by the Secretary, to all eligible growers and handlers containing the names of the nominees by district for the respective seats on the Board, excluding the public voting member seat. The ballots will clearly indicate that growers and handlers may only rank or otherwise vote for nominees in their own district.

Agricultural Marketing Service, USDA

§ 930.25

(2) Except as provided in paragraph (c)(4) of this section, only growers, including duly authorized officers or employees of growers, who are eligible to serve as grower members of the Board shall participate in the election of grower members and alternate grower members of the Board. No grower shall participate in the election of Board members in more than one district during any fiscal period. If a grower produces cherries in more than one district, the grower must vote in the same district in which he or she chose to participate in the nominations process under paragraph (b)(3) of this section. However, if the grower did not participate in the nominations process, he or she may select in which district he or she wishes to vote and shall notify the Secretary or the Board of such selection.

(3)(i) Except as provided in paragraph (c)(4) of this section, only handlers, including duly authorized officers or employees of handlers, who are eligible to serve as handler members of the Board shall participate in the election of handler members and alternate handler members of the Board. No handler shall participate in the election of Board members in more than one district during any fiscal period. If a handler does handle cherries in more than one district, he or she must vote in the same district in which the handler elected to participate in the nominations process under paragraph (b)(4) of this section. However, if a handler did not participate in the nominations process, that handler may select in which district he or she chooses to vote and shall notify the Secretary or the Board of such selection. If a person is a grower and a grower-handler only because some or all of his or her cherries were custom packed, but he or she does not own or lease and operate a processing facility, such person may vote only as a grower.

(ii) To be seated as a handler representative in any district, the successful candidate must receive the support of handler(s) that handled a combined total of no less than five percent (5%), of the average production, as that term is used in § 930.20, handled in the district; *Provided*, that this paragraph shall not apply if its application would

result in a sales constituency conflict as provided in § 930.20(g).

(4) In districts entitled to only one Board member, growers and handlers may vote for either the grower or handler nominee(s) for the single seat allocated to those districts.

(d) The members of the Board appointed by the Secretary pursuant to § 930.24 shall, at the first meeting and whenever necessary thereafter, by at least a two-thirds vote of the entire Board, select individuals to serve as the public member and alternate public member of the Board from the list of nominees received from growers and handlers pursuant to paragraph (b) of this section or from other persons nominated by the Board. The persons selected shall be subject to appointment by the Secretary under § 930.24.

(e) The Board, with the approval of the Secretary, may establish rules and regulations necessary and incidental to the administration of this section.

§ 930.24 Appointment.

The selection of nominees made pursuant to elections conducted under § 930.23(c) shall be submitted to the Secretary in a format which indicates the nominees by district, with the nominee receiving the highest number of votes at the top and the number of votes received being clearly indicated. The Secretary shall appoint from those nominees or from other qualified individuals, the grower and handler members of the Board and an alternate for each such member on the basis of the representation provided for in § 930.20 or as provided for in any reapportionment or reestablishment undertaken pursuant to § 930.21. The public member and alternate public member are nominated by the Board pursuant to § 930.23(d) and shall also be subject to appointment by the Secretary. The Secretary shall appoint from nominees by the Board or from other qualified individuals the public member and the alternate public member.

§ 930.25 Failure to nominate.

If nominations are not made within the time and in the manner prescribed in § 930.23, the Secretary may, without

§ 930.26

§ 930.26 Acceptance.

Each person to be appointed by the Secretary as a member or as an alternate member of the Board shall, prior to such appointment, qualify by advising the Secretary that he/she agrees to serve in the position for which nominated for selection.

§ 930.27 Vacancies.

To fill any vacancy occasioned by the failure of any person appointed as a member or as an alternate member of the Board to qualify, or in the event of the death, removal, resignation, or disqualification of any member or alternate member of the Board, a successor for the unexpired term of such member or alternate member of the Board shall be appointed by the Secretary from the most recent list of nominations for the Board made by growers and handlers, from nominations made by the Board, or from other qualified individuals. Any nominations made by the Board to fill a vacancy must be received by the Secretary within 90 days of the effective date of the vacancy. Board members wishing to resign from the Board must do so in writing to the Secretary.

§ 930.28 Alternate members.

An alternate member of the Board, during the absence of the member for whom that member serves as an alternate, shall act in the place and stead of such member and perform such other duties as assigned. However, if a member is in attendance at a meeting of the Board, an alternate member may not act in the place and stead of such member. In the event a member and his or her alternate are absent from a meeting of the Board, such member may designate, in writing and prior to the meeting, another alternate to act in his or her place: *Provided*, that such alternate represents the same group (grower or handler) as the member. In the event of the death, removal, resignation or disqualification of a mem-

Such audit shall include an examination of the receipt of assessments and the disbursement of all funds. The Board shall provide the Secretary with a copy of all audits and shall make copies of such audits, after the removal of any confidential individual grower or handler information that may be contained in them, available to growers and handlers for examination at the offices of the Board;

(i) To act as intermediary between the Secretary and any grower or handler with respect to the operations of this part;

(j) To investigate and assemble data on the growing, handling, and marketing conditions with respect to cherries;

(k) To apprise the Secretary of all Board meetings in a timely manner;

(l) To submit to the Secretary such available information as the Secretary may request;

(m) To investigate compliance with the provisions of this part;

(n) To develop and submit an annual marketing policy for approval by the Secretary containing the optimum supply of cherries for the crop year established pursuant to § 930.50 and recommending such action(s) necessary to achieve such optimum supply;

(o) To implement volume regulations established under § 930.50 and issued by

the Secretary under § 930.51, including the release of any inventory reserves;

(p) To provide thorough communication to growers and handlers regarding the activities of the Board and to respond to industry inquiries about Board activities;

(q) To oversee the collection of assessments levied under this part;

(r) To enter into contracts or agreements with such persons and organizations as the Board may approve for the development and conduct of activities, including research and promotion activities, authorized under this part or for the provision of services required by this part and for the payment of the cost thereof with funds collected through assessments pursuant to § 930.41 and income from such assessments. Contracts or agreements for any plan or project shall provide that:

(1) The contractors shall develop and submit to the Board a plan or project together with a budget(s) which shall show the estimated cost to be incurred for such plan or project;

(2) Any contract or agreement for a plan or project and any plan or project adopted by the Board shall only become effective upon approval by the Secretary; and

(3) Every such contracting party shall keep accurate records of all of its transactions and make periodic reports to the Board of activities conducted and an accounting for funds received and expended, and such other reports as the Secretary or the Board may require. The Secretary or employees of the Board may audit periodically the records of the contracting party;

(s) Pending disbursement consistent with its budget, to invest, with the approval of the Secretary, and in accordance with applicable Departmental policies, funds collected through assessments authorized under § 930.41 and income from such assessments;

(t) To establish standards or grade requirements for cherries for frozen and canned cherry products, subject to the approval of the Secretary;

(u) To borrow such funds, subject to the approval of the Secretary and not to exceed the expected expenses of one fiscal year, as are necessary for administering its responsibilities and obligations under this part; and

§ 930.32

(v) To establish, with the approval of the Secretary, such rules and procedures relative to administration of this subpart as may be consistent with the provisions contained in this subpart and as may be necessary to accomplish the purposes of the Act and the efficient administration of this subpart.

§ 930.32 Procedure.

(a) Two-thirds of the members of the Board, including alternates acting for absent members, shall constitute a quorum. For any action of the Board to pass, at least two-thirds of the entire Board must vote in support of such action.

(b) The Board may provide through its own rules and regulations, subject to approval by the Secretary, for simultaneous meetings of groups of its members assembled at different locations and for votes to be conducted by telephone or other means of communication. Votes so cast shall be promptly confirmed in writing.

(c) All meetings of the Board are open to the public, although the Board may hold portions of meetings in executive session for the consideration of certain business. The Board will establish, with the approval of the Secretary, a means of advanced notification of growers and handlers of Board meetings.

§ 930.33 Expenses and compensation.

Except for the public member and alternate public member who shall receive such compensation as the Board may establish and the Secretary may approve, the members of the Board, and alternates when acting as members, shall serve without compensation but shall be reimbursed for necessary and reasonable expenses, as approved by the Board, incurred by them in the performance of their duties under this part. The Board at its discretion may request the attendance of one or more alternates at any or all meetings, notwithstanding the expected or actual presence of the respective member(s), and may pay the expenses of such alternates.

7 CFR Ch. IX (1–1–20 Edition)

EXPENSES AND ASSESSMENTS

§ 930.40 Expenses.

The Board is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred for its maintenance and functioning and to enable it to exercise its powers and perform its duties in accordance with the provisions of this part. The funds to cover such expenses shall be acquired by the levying of assessments as provided in § 930.41.

§ 930.41 Assessments.

(a) An assessment may be levied upon handlers annually under this part to cover the administrative costs of the Board, costs of inspection, and any research, development and promotion activities initiated by the Board under § 930.48.

(b) Each part of an assessment intended to cover the costs of each activity in paragraph (a) of this section, must be identified and approved by the Board and the Secretary, and any notification or other statement regarding assessments provided to handlers must contain such information.

(c) As a pro rata share of the administrative, inspection, research, development, and promotion expenses which the Secretary finds reasonable and likely to be incurred by the Board during a fiscal period, each handler shall pay to the Board assessments on all cherries handled, as the handler thereof, during such period: *Provided*, a handler shall be exempt from any assessment only on the tonnage of handled cherries that either are diverted by destruction at the handler's facilities according to § 930.59 or are cherries represented by grower diversion certificates issued pursuant to § 930.58(b) and acquired by handlers as described in § 930.59.

(d) The Secretary, after consideration of the recommendation of the Board, shall fix the rate of assessment to be paid by each handler during the fiscal period in an amount designed to secure sufficient funds to cover the expenses which may be approved and incurred during such period or subsequent period as provided in paragraph (c) of this section. At any time during or after the fiscal period, the Secretary

Agricultural Marketing Service, USDA

§ 930.44

may increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses which may be incurred. Such increase shall be applied to all cherries handled during the applicable fiscal period. In order to provide funds for the administration of the provisions of this part during the first part of a fiscal period before sufficient operating income is available from assessments, the Board may accept the payment of assessments in advance, and may borrow money for such purposes.

(e) Assessments not paid within a time prescribed by the Board may be made subject to interest or late payment charges, or both. The period of time, rate of interest, and late payment charge will be as recommended by the Board and approved by the Secretary: *Provided*, That when interest or late payment charges are in effect, they shall be applied to all assessments not paid within the prescribed period of time.

(f) Assessments shall be calculated on the basis of pounds of cherries handled. The established assessment rate may be uniform, or may vary dependent on the product the cherries are used to manufacture. In recommending annual assessment rates, the Board shall consider:

(1) The differences in the number of pounds of cherries utilized for various cherry products; and

(2) The relative market values of such cherry products.

(g) The Board, with the approval of the Secretary, may establish rules and regulations necessary and incidental to the administration of this section.

[61 FR 49942, Sept. 24, 1996, as amended at 67 FR 51714, Aug. 8, 2002]

§ 930.42 Accounting.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, the Board, with the approval of the Secretary, may carry over all or any portion of such excess into subsequent fiscal periods as a reserve. Such reserve funds may be used to cover any expenses authorized by this part, and to cover necessary expenses of liquidation in the event of termination of this part. If any such

excess is not retained in a reserve, it shall be refunded proportionately to the handlers from whom the excess was collected. Without an additional reserve level approved by the Secretary, the amount held in reserve may not exceed approximately one year's operational expenses. Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such a manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practicable, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the Board pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the Board and its members to account for all receipts and disbursements.

QUALITY CONTROL

§ 930.44 Quality control.

(a) *Quality standards.* The Board may establish, with the approval of the Secretary, such minimum quality and inspection requirements applicable to cherries as will contribute to orderly marketing or be in the public interest. If such requirements are adopted, no handler shall process cherries into manufactured products or sell manufactured products in the current of commerce unless such cherries and/or such cherries used in the manufacture of products meet the applicable requirements as evidenced by certification acceptable to the Board. The Board, with the approval of the Secretary, may establish rules and regulations necessary and incidental to the administration of this section.

(b) *Inspection and certification.* Whenever the handling of any cherries requires inspection pursuant to this part, each handler who handles cherries shall cause such cherries to be inspected by the appropriate division of USDA, and certified by it as meeting the applicable requirements of such regulation: *Provided*, That inspection and certification shall be required for cherries which previously have been so

§ 930.48

7 CFR Ch. IX (1–1–20 Edition)

inspected and certified only if such cherries have been regraded, resorted, repackaged, or in any other way further prepared for market. Promptly after inspection and certification, each such handler shall submit, or cause to be submitted, to the Board a copy of the certificate of inspection issued with respect to such cherries.

RESEARCH, MARKET DEVELOPMENT AND PROMOTION

§ 930.48 Research, market development and promotion.

The Board, with the approval of the Secretary, may establish or provide for the establishment of production and processing research, market research and development, and/or promotional activities, including paid advertising, designed to assist, improve or promote the efficient production and processing, marketing, distribution, and consumption of cherries subject to this part. The expense of such projects shall be paid from funds collected pursuant to this part and the income from such funds.

REGULATIONS

§ 930.50 Marketing policy.

(a) *Optimum supply.* On or about July 1 of each crop year, the Board shall hold a meeting to review sales data, inventory data, current crop forecasts and market conditions in order to establish an optimum supply level for the crop year. The optimum supply volume shall be calculated as 100 percent of the average sales of the prior three years reduced by average sales that represent dispositions of exempt cherries and restricted percentage cherries qualifying for diversion credit for the same three years, unless the Board determines that it is necessary to recommend otherwise with respect to sales of exempt and restricted percentage cherries, to which shall be added a desirable carry-out inventory not to exceed 20 million pounds or such other amount as the Board, with the approval of the Secretary, may establish. This optimum supply volume shall be announced by the Board in accordance with paragraph (h) of this section.

(b) *Preliminary percentages.* On or about July 1 of each crop year, the

Board shall establish a preliminary free market tonnage percentage which shall be calculated as follows: from the optimum supply computed in paragraph (a) of this section, the Board shall deduct the carry-in inventory to determine the tonnage requirements (adjusted to a raw fruit equivalent) for the current crop year which will be subtracted from the current year USDA crop forecast or by an average of such other crop estimates the Board votes to use. If the resulting number is positive, this would represent the estimated overproduction which would be the restricted tonnage. This restricted tonnage would then be divided by the sum of the crop forecast(s) for the regulated districts to obtain a preliminary restricted percentage, rounded to the nearest whole number, for the regulated districts. If subtracting the current crop year requirement, computed in the first sentence from the current crop forecast, results in a negative number, the Board shall establish a preliminary free market tonnage percentage of 100 percent with a preliminary restricted percentage of zero. The Board shall announce these preliminary percentages in accordance with paragraph (h) of this section.

(c) *Interim percentages.* Between July 1 and September 15 of each crop year, the Board may modify the preliminary free market tonnage and restricted percentages to adjust to the actual pack occurring in the industry. The Board shall announce any interim percentages in accordance with paragraph (h) of this section.

(d) *Final percentages.* No later than September 15 of each crop year, the Board shall review the most current information available including, but not limited to, processed production and grower diversions of cherries during the current crop year. The Board shall make such adjustments as are necessary between free and restricted tonnage to achieve the optimum supply and recommend such final free market tonnage and restricted percentages to the Secretary and announce them in accordance with paragraph (h) of this section. The difference between any final free market tonnage percentage designated by the Secretary and 100 percent shall be the final restricted

percentage. With its recommendation, the Board shall report on its consideration of the factors in paragraph (e) of this section.

(e) *Factors.* When computing preliminary and interim percentages, or determining final percentages for recommendation to the Secretary, the Board shall give consideration to the following factors:

- (1) The estimated total production of cherries;
- (2) The estimated size of the crop to be handled;
- (3) The expected general quality of such cherry production;
- (4) The expected carryover as of July 1 of canned and frozen cherries and other cherry products;
- (5) The expected demand conditions for cherries in different market segments;
- (6) Supplies of competing commodities;
- (7) An analysis of economic factors having a bearing on the marketing of cherries;
- (8) The estimated tonnage held by handlers in primary or secondary inventory reserves;
- (9) Any estimated release of primary or secondary inventory reserve cherries during the crop year; and
- (10) The quantity of grower-diverted cherries during the crop year.

(f) *Modification.* In the event the Board subsequently deems it advisable to modify its marketing policy, because of national emergency, crop failure, or other major change in economic conditions, it shall hold a meeting for that purpose, and file a report thereof with the Secretary within 5 days (exclusive of Saturdays, Sundays, and holidays) after the holding of such meeting, which report shall show the Board's recommended modification and the basis therefor.

(g) *Additional tonnage to sell as free tonnage.* In addition, the Board, in years when restricted percentages are established, shall make available tonnage equivalent to an additional 10 percent, if available, of the average sales of the prior 3 years, as defined in paragraph (a) of this section, for market expansion.

(h) *Publicity.* The Board shall promptly give reasonable publicity to growers

and handlers of each meeting to consider a marketing policy or any modification thereof, and each such meeting shall be open to them and to the public. Similar publicity shall be given to growers and handlers of each marketing policy report or modification thereof, filed with the Secretary and of the Secretary's action thereon. Copies of all marketing policy reports shall be maintained in the office of the Board, where they shall be made available for examination. The Board shall notify handlers, and give reasonable publicity to growers, of its computation of the optimum supply, preliminary percentages, and interim percentages and shall notify handlers of the Secretary's action on final percentages by registered or certified mail.

(i) *Restricted percentages.* Restricted percentage requirements established under paragraphs (b), (c), or (d) of this section may be fulfilled by handlers by either establishing an inventory reserve in accordance with § 930.55 or § 930.57 or by diversion of product in accordance with § 930.59. In years where required, the Board shall establish a maximum percentage of the restricted quantity which may be established as a primary inventory reserve such that the total primary inventory reserve does not exceed 50-million pounds; *Provided*, That such 50-million-pound quantity may be changed upon recommendation of the Board and approval of the Secretary. Any such change shall be recommended by the Board on or before September 30 of any crop year to become effective for the following crop year, and the quantity may be changed no more than one time per crop year. Handlers will be permitted to divert (at plant or with grower diversion certificates) as much of the restricted percentage requirement as they deem appropriate, but may not establish a primary inventory reserve in excess of the percentage established by the Board for restricted cherries. In the event handlers wish to establish inventory reserve in excess of this amount, they may do so, in which case it will be classified as a secondary inventory reserve and will be regulated accordingly.

(j) *Inventory Reserve Release.* In years when inventory reserve cherries are

§ 930.51

available and when the expected availability of cherries from the current crop plus expected carryin inventory does not fulfill the optimum supply, the Board shall release not later than November 1st of the current crop year such volume from the inventory reserve as will satisfy the optimum supply.

(k) The Board, with the approval of the Secretary, may establish rules and regulations necessary and incidental to the administration of this section.

[61 FR 49942, Sept. 24, 1996, as amended at 66 FR 35896, July 10, 2001; 67 FR 51714, Aug. 8, 2002; 75 FR 33677, June 15, 2010; 77 FR 33306, June 6, 2012]

§ 930.51 Issuance of volume regulations.

(a) Whenever the Secretary finds, from the recommendation and supporting information supplied by the Board, that to designate final free market tonnage and restricted percentages for any cherries acquired by handlers during the crop year will tend to effectuate the declared policy of the Act, the Secretary shall designate such percentages. Such regulation designating such percentage shall fix the free market tonnage and restricted percentages, totaling 100 percent, which shall be applied in accordance with this section, §§ 930.55, 930.57 and 930.59 to cherries grown in regulated districts, as determined under § 930.52, and handled during such fiscal period.

(b) The Board shall be informed immediately of any such regulation issued by the Secretary, and the Board shall promptly give notice thereof to handlers.

(c) That portion of a handler's cherries that are restricted percentage cherries is the product of the restricted percentage imposed under paragraph (a) of this section multiplied by the tonnage of cherries, originating in a regulated district, handled, including those diverted according to § 930.59, by that handler in that fiscal year.

(d) The Board, with the approval of the Secretary, shall develop rules and regulations which shall provide guidelines for handlers in complying with any restricted tonnage requirements, including, but not limited to, a grace period of at least 30 days to segregate

7 CFR Ch. IX (1-1-20 Edition)

and appropriately document any tonnage they wish to place in the inventory reserve and to assemble any applicable diversion certificates.

[61 FR 49942, Sept. 24, 1996, as amended at 67 FR 51714, Aug. 8, 2002]

§ 930.52 Establishment of districts subject to volume regulations.

(a) The districts in which handlers shall be subject to any volume regulations implemented in accordance with this part shall be those districts in which the average annual production of cherries over the prior 3 years has exceeded 6 million pounds. Handlers shall become subject to volume regulation implemented in accordance with this part in the crop year that follows any 3-year period in which the 6-million pound average production requirement is exceeded in that district.

(b) Handlers in districts which are not subject to volume regulation would only be so regulated to the extent that they handled cherries which were grown in a district subject to regulation as specified in paragraph (a) of this section. In such a case, the handler must place in inventory reserve pursuant to § 930.55 or § 930.57 or divert pursuant to § 930.59 the required restricted percentage of the crop originating in the regulated district.

(c) Handlers in districts not meeting the production requirement described in paragraph (a) of this section in a given year would not be subject to volume regulation in the next crop year.

(d) Any district producing a crop which is less than 50 percent of the average annual processed production in that district in the previous five years would be exempt from any volume regulation if, in that year, a restricted percentage is established.

(e) The Board, with the approval of the Secretary, may establish rules and regulations necessary and incidental to the administration of this section.

§ 930.53 Modification, suspension, or termination of regulations.

(a) In the event the Board at any time finds that, by reason of changed conditions, any regulations issued pursuant to § 930.44 or § 930.51 should be

Agricultural Marketing Service, USDA

§ 930.55

modified, suspended, or terminated, it shall so recommend to the Secretary.

(b) Whenever the Secretary finds, from the recommendations and information submitted by the Board or from other available information, that a regulation issued pursuant to § 930.44 or § 930.51 should be modified, suspended or terminated with respect to any or all shipments of cherries in order to effectuate the declared policy of the Act, the Secretary shall modify, suspend, or terminate such regulation.

§ 930.54 Prohibition on the use or disposition of inventory reserve cherries.

Cherries that are placed in inventory reserve pursuant to the requirements of § 930.50, § 930.51, § 930.55, or § 930.57 shall not be used or disposed of by any handler or any other person except as provided in § 930.50 or in paragraphs (a), (b), or (c) of this section.

(a) If the Board determines that the total available supplies for use in commercial outlets are less than the amount needed to meet the demand in such outlets, the Board may recommend to the Secretary that a portion or all of the primary and/or secondary inventory reserve cherries be released for such use.

(b) The Board may recommend to the Secretary that a portion or all of the primary and/or secondary inventory reserve cherries be released for sale in certain designated markets. Such designated markets may be defined in terms of the use or form of the cherries.

(c) Cherries in the primary and/or secondary inventory reserve may be used at any time for uses exempt from regulation under § 930.62.

(d) Should the volume of cherries held in the primary inventory reserves and, subsequently, the secondary inventory reserves reach a minimum amount, which level will be established by the Secretary upon recommendation from the Board, the products held in the respective reserves shall be released from the reserves and made available to the handlers as free tonnage.

EDITORIAL NOTE: At 66 FR 232, Jan. 3, 2001, in § 930.54 paragraph (a), the word "normal" was suspended indefinitely.

§ 930.55 Primary inventory reserves.

(a) Whenever the Secretary has fixed the free market tonnage and restricted percentages for any fiscal period, as provided for in § 930.51(a), each handler in a regulated district shall place in his or her primary inventory reserve for such period, at such time, and in such manner, as the Board may prescribe, or otherwise divert, according to § 930.59, a portion of the cherries acquired during such period.

(b) The form of the cherries, frozen, canned in any form, dried, or concentrated juice, placed in the primary inventory reserve is at the option of the handler. The product(s) placed by the handler in the primary inventory reserve must have been produced in either the current or the preceding two crop years. Except as may be limited by § 930.50(i) or as may be permitted pursuant to §§ 930.59 and 930.62, such inventory reserve portion shall be equal to the sum of the products obtained by multiplying the weight or volume of the cherries in each lot of cherries acquired during the fiscal period by the then effective restricted percentage fixed by the Secretary; *Provided*, That in converting cherries in each lot to the form chosen by the handler, the inventory reserve obligations shall be adjusted in accordance with uniform rules adopted by the Board in terms of raw fruit equivalent.

(c) Inventory reserve cherries shall meet such standards of grade, quality, or condition as the Board, with the approval of the Secretary, may establish. All such cherries shall be inspected by USDA. A certificate of such inspection shall be issued which shall show, among other things, the name and address of the handler, the number and type of containers in the lot, the grade of the product, the location where the lot is stored, identification marks (can codes or lot stamp), and a certification that the cherries meet the prescribed standards. Promptly after inspection and certification, each such handler shall submit, or cause to be submitted, to the Board, at the place designated by the Board, a copy of the certificate

[67 FR 51714, Aug. 8, 2002, as amended at 75 FR 33678, June 15, 2010]

§ 930.56

of inspection issued with respect to such cherries.

(d) Handlers shall be compensated for inspection costs incurred on cherries placed in the primary inventory reserve. All reporting of cherries placed in, rotated in and out, or released from an inventory reserve shall be in accordance with rules and procedures established by the Board, with the approval of the Secretary. The Board could, with the approval of the Secretary, also limit the number of inspections of reserve cherries being rotated into inventory reserves for which the Board would be financially liable.

(e) Except as provided in § 930.54, handlers may not sell inventory reserve cherries prior to their official release by the Board. Handlers may rotate cherries in their inventory reserves with prior notification to the Board. All cherries rotated into the inventory reserve must meet the applicable inspection requirements.

[61 FR 49942, Sept. 24, 1996, as amended at 75 FR 33678, June 15, 2010]

§ 930.56 Off-premise inventory reserve.

Any handler may, upon notification to the Board, arrange to hold inventory reserve, of his or her own production or which was purchased, on the premises of another handler or in an approved commercial storage facility in the same manner as though the inventory reserve were on the handler's own premises.

§ 930.57 Secondary inventory reserve.

(a) In the event the inventory reserve established under § 930.55 of this part is at its maximum volume, and the Board has announced, in accordance with § 930.50, that volume regulation will be necessary to maintain an orderly supply of quality cherries for the market, handlers in a regulated district may elect to place in a secondary inventory reserve all or a portion of the cherries the volume regulation would otherwise require them to divert in accordance with § 930.59.

(b) Should any handler in a regulated district exercise his or her right to establish a secondary inventory reserve under paragraph (a) of this section, all costs of maintaining that reserve, as

well as inspection costs, will be the responsibility of the individual handler.

(c) The secondary inventory reserve shall be established in accordance with §§ 930.55 (b) and (c) and such other rules and regulations which the Board, with the approval of the Secretary, may establish.

(d) The Board shall retain control over the release of any cherries from the secondary inventory reserve. No cherries may be released from the secondary reserve until all cherries in any primary inventory reserve established under § 930.55 have been released. Any release of the secondary inventory reserve shall be in accordance with the annual marketing policy and with § 930.54.

§ 930.58 Grower diversion privilege.

(a) *In general.* Any grower may voluntarily elect to divert, in accordance with the provisions of this section, all or a portion of the cherries which otherwise, upon delivery to a handler, would become restricted percentage cherries. Upon such diversion and compliance with the provisions of this section, the Board shall issue to the diverting grower a grower diversion certificate which such grower may deliver to a handler. Any grower diversions completed in accordance with this section, but which are undertaken in districts subsequently exempted by the Board from volume regulation under § 930.52(d), shall qualify for diversion credit.

(b) *Eligible diversion.* Grower diversion certificates shall be issued to growers only if the cherries are diverted in accordance with the following terms and conditions or such other terms and conditions that the Board, with the approval of the Secretary, may establish. Diversion may take such of the following forms which the Board, with the approval of the Secretary, may designate: uses exempt under § 930.62; nonhuman food uses; or other uses, including diversion by leaving such cherries unharvested.

(c) *Application/mapping.* The Board, with the approval of the Secretary, shall develop rules and regulations providing for the diversion of cherries by growers. Such regulations may include, among other things:

(1) The form and content of applications and agreements relating to the diversion, including provisions for supervision and compensation; and

(2) Provisions for mapping areas in which cherries will be left unharvested.

(d) *Diversion certificate.* If the Board approves the application it shall so notify the applicant and conduct such supervision of the applicant's diversion of cherries as may be necessary to assure that the cherries have been diverted. After the diversion has been accomplished, the Board shall issue to the diverting grower a diversion certificate stating the weight of cherries diverted. Where diversion is carried out by leaving the cherries unharvested, the Board shall estimate the weight of cherries diverted on the basis of such uniform rule prescribed in rules and regulations as the Board, with the approval of the Secretary, may recommend to implement this section.

[61 FR 49942, Sept. 24, 1996, as amended at 67 FR 51715, Aug. 8, 2002; 77 FR 33306, June 6, 2012]

§ 930.59 Handler diversion privilege.

(a) *In general.* Handlers handling cherries harvested in a regulated district may fulfill any restricted percentage requirement in full or in part by acquiring diversion certificates or by voluntarily diverting cherries or cherry products in a program approved by the Board, rather than placing cherries in an inventory reserve. Upon voluntary diversion and compliance with the provisions of this section, the Board shall issue to the diverting handler a handler diversion certificate which shall satisfy any restricted percentage or diversion requirement to the extent of the Board or Department inspected weight of the cherries diverted.

(b) *Eligible diversion.* Handler diversion certificates shall be issued to handlers only if the cherries are diverted in accordance with the following terms and conditions or such other terms and conditions that the Board, with the approval of the Secretary, may establish. Such diversion may take place in any form which the Board, with the approval of the Secretary, may designate. Tart cherry juice and juice concentrate may receive diversion credit but only if

diverted in forms approved under the terms of this section. Such forms may include, but are not limited to:

(1) Contribution to a Board-approved food bank or other approved charitable organization;

(2) Use for new product and new market development;

(3) Export to designated destinations; or

(4) Other uses or disposition, including destruction of the cherries at the handler's facilities.

(c) *Notification.* The handler electing to divert cherries through means authorized under this section shall first notify the Board of such election. Such notification shall describe in detail the manner in which the handler proposes to divert cherries including, if the diversion is to be by means of destruction of the cherries, a detailed description of the means of destruction and ultimate disposition of the cherries. It shall also contain an agreement that the proposed diversion is to be carried out under the supervision of the Board and that the cost of such supervision is to be paid by the handler. Uniform fees for such supervision may be established by the Board, pursuant to rules and regulations approved by the Secretary.

(d) *Diversion certificate.* The Board shall conduct such supervision of the handler's diversion of cherries under paragraph (c) of this section as may be necessary to assure that the cherries are diverted as authorized. After the diversion has been completed, the Board shall issue to the diverting handler a handler diversion certificate indicating the weight of cherries which may be used to offset any restricted percentage requirement.

(e) *Transfer of certificates.* Within such restrictions as may be prescribed in rules and regulations, including but not limited to procedures for transfer of diversion credit and limitations on the type of certification eligible for transfer, a handler who acquires diversion certificates representing diverted cherries during any crop year may transfer such certificates to another handler or handlers. The Board must be notified in writing whenever such transfers take place during a crop year.

(f) The Board, with the approval of the Secretary, may establish rules and

§ 930.60

regulations necessary and incidental to the administration of this section.

[67 FR 51715, Aug. 8, 2002]

§ 930.60 Equity holders.

(a) *Inventory reserve ownership.* The inventory reserve shall be the sole responsibility of the handlers who place products into the inventory reserve. A handler's equity in the primary inventory reserve may be transferred to another person upon notification to the Board.

(b) *Agreements with growers.* Individual handlers are encouraged to have written agreements with growers who deliver their cherries to the handler as to how any restricted percentage cherries delivered to the handler will be handled and what share, if any, the grower will have in the eventual sale of any inventory reserve cherries.

(c) *Rulemaking authority.* The Board, with the approval of the Secretary, may adopt rules and regulations necessary and incidental to the administration of this section.

§ 930.61 Handler compensation.

Each handler handling cherries from a regulated district that is subject to volume regulations shall be compensated by the Board for inspection relating to the primary inventory reserve as the Board may deem to be appropriate. The Board, with the approval of the Secretary, may establish such rules and regulations as are necessary and incidental to the administration of this section.

§ 930.62 Exempt uses.

(a) The Board, with the approval of the Secretary, may exempt from the provisions of § 930.41, § 930.44, § 940.51, § 930.53, or § 930.55 through § 930.57 cherries for designated uses. Such uses may include, but are not limited to:

- (1) New product and new market development;
- (2) Export to designated destinations;
- (3) Experimental purposes; or
- (4) For any other use designated by the Board, including cherries processed into products for markets for which less than 5 percent of the preceding 5-year average production of cherries were utilized.

7 CFR Ch. IX (1–1–20 Edition)

(b) The Board, with the approval of the Secretary, shall prescribe such rules, regulations, and safeguards as it may deem necessary to ensure that cherries handled under the provisions of this section are handled only as authorized.

(c) Diversion certificates shall not be issued for cherries which are used for exempt purposes; *Provided*, that growers engaging in such activities under the authority of § 930.58 shall be issued diversion certificates for such activities.

[67 FR 51715, Aug. 8, 2002]

§ 930.63 Deferment of restricted obligation.

(a) *Bonding.* The Board, with the approval of the Secretary, may require handlers to secure bonds on deferred inventory reserve tonnage. Handlers may, in order to comply with the requirements of §§ 930.50 and 930.51 and regulations issued thereunder, secure bonds on restricted percentage cherries to temporarily defer the date that inventory reserve cherries must be held to any date requested by the handler. This date shall be not later than 60 days prior to the end of that crop year. Such deferment shall be conditioned upon the voluntary execution and delivery by the handler to the Board of a written undertaking within thirty (30) days after the Secretary announces the final restricted percentage under § 930.51. Such written undertaking shall be secured by a bond or bonds with a surety or sureties acceptable to the Board that on or prior to the acceptable deferred date the handler will have fully satisfied the restricted percentage amount required by § 930.51.

(b) *Rulemaking authority.* The Board, with the approval of the Secretary, may adopt rules and regulations necessary and incidental to the administration of this section.

REPORTS AND RECORDS

§ 930.70 Reports.

(a) *Weekly production, monthly sales, and inventory data.* Each handler shall, upon request of the Board, file promptly with the Board, reports showing weekly production data; monthly sales

Agricultural Marketing Service, USDA

§ 930.83

and inventory data; and such other information, including the volume of any cherries placed in or released from a primary or secondary inventory reserve or diverted, as the Board shall specify with respect to any cherries handled by the handler. Such information may be provided to the Board members in summary or aggregated form only without any reference to the individual sources of the information.

(b) *Other reports.* Upon the request of the Board, with the approval of the Secretary, each handler shall furnish to the Board such other information with respect to the cherries acquired, handled, stored and disposed of by such handler as may be necessary to enable the Board to exercise its powers and perform its duties under this part.

(c) *Protection of proprietary information.* Under no circumstances shall any information or reports be made available to the Board members, or to any person designated by the Board or by the Secretary, which will reveal the proprietary information of an individual handler.

§ 930.71 Records.

Each handler shall maintain such records of all cherries acquired, handled, stored or sold, or otherwise disposed of as will substantiate the required reports and as may be prescribed by the Board. All such records shall be maintained for not less than two years after the termination of the fiscal year in which the transactions occurred or for such lesser period as the Board may direct with the approval of the Secretary.

§ 930.72 Verification of reports and records.

For the purpose of assuring compliance and checking and verifying the reports filed by handlers, the Secretary and the Board, through its duly authorized agents, shall have access to any premises where applicable records are maintained, where cherries are received, stored, or handled, and, at any time during reasonable business hours, shall be permitted to inspect such handlers premises and any and all records of such handlers with respect to matters within the purview of this part.

§ 930.73 Confidential information.

All reports and records furnished or submitted by handlers to the Board and its authorized agents which include data or information constituting a trade secret or disclosing trade position, financial condition, or business operations of the particular handler from whom received, shall be received by and at all times kept in the custody and under the control of one or more employees of the Board or its agent, who shall disclose such information to no person other than the Secretary.

MISCELLANEOUS PROVISIONS

§ 930.80 Compliance.

Except as provided in this part, no person may handle cherries, the handling of which has been prohibited by the Secretary under this part, and no person shall handle cherries except in conformity with the provisions of this part and the regulations issued hereunder. No person may handle any cherries for which a diversion certificate has been issued other than as provided in §§ 930.58(b) and 930.59(b).

§ 930.81 Right of the Secretary.

Members of the Board (including successors and alternates), and any agents, employees, or representatives thereof, shall be subject to removal or suspension by the Secretary at any time. Each regulation, decision, determination, or other act of the Board shall be subject to the Secretary's disapproval at any time. Upon such disapproval, the disapproved action of the Board shall be deemed null and void, except as to acts done in reliance thereon or in accordance therewith prior to such disapproval by the Secretary.

§ 930.82 Effective time.

The provisions of this part, and of any amendment thereto, shall become effective at such time as the Secretary may declare, and shall continue in force until terminated, or suspended.

§ 930.83 Termination.

(a) The Secretary may, at any time, terminate any or all of the provisions of this part by giving at least 1 day's notice by means of a press notice or in

any other manner in which the Secretary may determine.

(b) The Secretary shall terminate or suspend the operation of any or all of the provisions of this part whenever the Secretary finds that such provisions do not tend to effectuate the declared policy of the Act.

(c) The Secretary shall terminate the provisions of this part whenever the Secretary finds by referendum or otherwise that such termination is favored by a majority of the growers and processors: *Provided*, That such majority has, during the current fiscal year, produced or canned and frozen more than 50 percent of the volume of the cherries which were produced or processed within the production area. Such termination shall become effective on the last day of June subsequent to the announcement thereof by the Secretary.

(d) The Secretary shall conduct a referendum within the month of March of every sixth year after the effective date of this part to ascertain whether continuation of this part is favored by the growers and processors. The Secretary may terminate the provisions of this part at the end of any fiscal period in which the Secretary has found that continuance is not favored by a majority of growers and processors who, during a representative period determined by the Secretary, have been engaged in the production or processing of tart cherries in the production area. Such termination shall be announced on or before the end of the fiscal period.

(e) The provisions of this part shall, in any event, terminate whenever the provisions of the Act authorizing them cease to be in effect.

§ 930.84 Proceedings after termination.

(a) Upon the termination of the provisions of this part, the then functioning members of the Board shall, for the purpose of liquidating the affairs of the Board, continue as trustees of all the funds and property then in its possession, or under its control, including claims for any funds unpaid or property not delivered at the time of such termination.

(b) The said trustees shall:

(1) continue in such capacity until discharged by the Secretary;

(2) from time to time account for all receipts and disbursements and deliver all property on hand, together with all books and records of the Board and of the trustees, to such person as the Secretary may direct; and

(3) upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the funds, property, and claims vested in the Board or in the trustees pursuant to this part.

(c) Any person to whom funds, property, and claims have been transferred or delivered, pursuant to this section, shall be subject to the same obligations imposed upon the Board and upon the trustees.

§ 930.85 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this part or of any regulation issued pursuant to this part, or the issuance of any amendment to either thereof, shall not:

(a) Affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this part or any regulation issued thereunder;

(b) Release or extinguish any violation of this part or any regulation issued thereunder;

(c) Affect or impair any rights or remedies of the Secretary or any other person with respect to any such violation.

§ 930.86 Duration of immunities.

The benefits, privileges, and immunities conferred upon any person by virtue of this part shall cease upon its termination, except with respect to acts done under and during the existence of this part.

§ 930.87 Agents.

The Secretary may, by designation in writing, name any officer or employee of the United States, or name any agency or division in the U.S. Department of Agriculture, to act as the Secretary's agent or representative in connection with any provisions of this part.

§ 930.88 Derogation.

Nothing contained in this part is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the Act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 930.89 Personal liability.

No member or alternate member of the Board and no employee or agent of the Board shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate member, employee, or agent, except for acts of dishonesty, willful misconduct, or gross negligence.

§ 930.90 Separability.

If any provision of this part is declared invalid or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this part or the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.

§ 930.91 Amendments.

Amendments to this subpart may be proposed, from time to time, by the Board or by the Secretary.

§ 930.100 Grower diversion certificates.

(a) In accordance with paragraph (b) of this section, the Board may, for the 1997 crop year, issue diversion certificates to growers, in districts subject to volume regulation (Northwest Michigan, Central Michigan, New York, and Utah) who have voluntarily elected to divert in the orchard all or a portion of their 1997 tart cherry production which otherwise, upon delivery to handlers, would become restricted percentage cherries. Growers may offer the diversion certificate to handlers in lieu of delivering cherries.

(b) *Terms and conditions.* To be eligible to receive diversion credit, growers voluntarily choosing to divert cherries

must meet the following terms and conditions:

(1) In order to receive a certificate, a grower must demonstrate, to the satisfaction of the Board, that rows or trees which were selected for diversion were not harvested. Trees six years old or younger do not qualify for diversion.

(2) The grower must furnish the Board with a total harvested production amount so the Board can calculate the amount of grower diversion tonnage to be placed on the diversion certificate. The Board will confirm the grower's production amount with information provided by handlers (to which the grower delivers cherries) on Board Form Number Two.

(3) The grower must agree to allow a Board compliance officer to visit the grower's orchard to confirm that diversion has actually taken place.

(c) *Calculation of diversion amounts.* The weight of cherries diverted and left unharvested shall be calculated by the Board after growers furnish the Board with the necessary information concerning their production. After verification of the volume of cherries diverted, the Board shall calculate the amounts of grower diversion tonnage to be placed on the diversion certificates and issue such certificates to growers. Such amounts shall be determined as follows:

(1) For whole block diversion, the weight of a harvested sample of 5 percent of each diverted block, provided by the grower, will be used to calculate the total volume of diverted cherries to be credited on the diversion certificate. For example, a grower farms 1,000 acres and elects to whole block divert a 200 acre block. If 5 percent of the harvested trees in the block diverted yield 80,000 pounds of cherries, the grower would receive a diversion certificate for 1,600,000 pounds (80,000 pounds divided by 5 percent (.05) yields 1,600,000 pounds). The rest of the block would remain unharvested.

(2) For random row diversion, such estimated volume would be calculated by applying the percentage of the grower's production diverted to the actual average volume per acre of cherries produced and harvested. For example, a grower farms 1,000 acres and

§ 930.107

elects to divert 20 percent of the harvestable acreage (200 acres). The grower harvests the remaining 800 acres and obtains 6,400,000 pounds of cherries, which represents a yield per acre of 8,000 pounds. Such grower would receive a diversion certificate for 1,600,000 pounds of cherries (8,000 lbs multiplied by the 20 percent of the total acreage diverted; in this instance, 200 acres).

Pursuant to § 930.7, fiscal period shall mean the period beginning October 1 and ending September 30 of each year.

§ 930.120 Board membership.

When the production level from a district falls below the thresholds stated in § 930.20(b)(5), members of the specific district will make a recommendation to the Board as to who should be removed from the Board and the Board shall submit a recommendation to the Secretary for approval. If the recommendation is not made by the Board within a reasonable time, the Secretary may select the member and alternate to be removed.

Subpart B—Administrative Requirements

§ 930.133 Compensation rate.

A compensation rate of \$250 per meeting shall be paid to the public member and to the alternate public member when attending Board meetings. Such compensation is a per meeting rate. For example, if a Board meeting is convened and lasts one or two days or only four hours, the public member and/or alternate public member attending the meeting would receive \$250 each.

§ 930.141 Delinquent assessments.

(a) Pursuant to § 930.41, the Board shall impose an interest charge on any handler whose assessment payment has not been received by October 1 of each

crop year. The interest rate shall be a rate of one percent per month and shall be applied to the unpaid assessment balance not paid by the October 1 due date. In addition to the interest charge, the Board shall impose a late payment charge on any handler whose assessment payment has not been received within 90 days from the due date of October 1. The late payment charge shall be 10 percent of the unpaid balance.

(b) [Reserved]

[62 FR 55150, Oct. 23, 1997, as amended at 63 FR 14024, Mar. 24, 1998]

§ 930.151 Desirable carry-out inventory.

For the 2016 crop year, the desirable carry-out inventory, for the purposes of determining an optimum supply volume, will be 57 million pounds.

[82 FR 28755, June 26, 2017]

§ 930.154 Release of inventory reserve cherries.

(a) As provided in § 930.54, the Board may recommend a release of a portion or all of the primary and/or secondary reserve cherries. The total available reserves will be determined at the beginning of the crop year. The primary reserve as defined in §§ 930.55 and 930.150 must be depleted before the secondary reserve can be released. If a release is recommended, the recommended volume shall be apportioned to handlers on the basis of each handler's proportion of the total volume handled in the preceding three crop years.

(b) If a handler has less volume in reserve than is apportioned, the excess volume shall be reapportioned to those who still have volume in reserve until the total release is complete.

[81 FR 63679, Sept. 16, 2016]

§ 930.158 Grower diversion and grower diversion certificates.

(a) *Grower diversion certificates.* The Board may issue diversion certificates

to growers in districts subject to volume regulation who have voluntarily elected to divert in the orchard all or a portion of their tart cherry production which otherwise, upon delivery to handlers, would become restricted percentage cherries. Growers may offer the diversion certificate to handlers in lieu of delivering cherries. Handlers may redeem diversion certificates with the Board through June 30 of each crop year. After June 30 of the crop year that crop year's grower diversion certificates are no longer valid. Cherries that have reached a harvestable, marketable condition will be eligible for diversion. Diversion will not be granted to growers whose fruit was destroyed before it set and/or matured on the tree, or whose fruit is unmarketable. If marketable fruit were to be damaged or destroyed by acts of nature such as storms or hail diversion credit could be granted. To be considered marketable for the purposes of this section, sampled fruit may not exceed a 5 percent tolerance for insects or a 7 percent tolerance for rot.

(b) *Application and mapping for diversion.* Any grower desiring to divert cherries using methods other than in-orchard tank shall submit a map of the orchard or orchards to be diverted, along with a completed Grower Diversion Application, to the Board by April 15 of each crop year. The application includes a statement which must be signed by the grower which states that the grower agrees to comply with the regulations established for a tart cherry diversion program. Each map shall contain the grower's name and number assigned by the Board, the grower's address, block name or number when appropriate, location of orchard or orchards and other information which may be necessary to accomplish the desired diversion. On or before July 1, the grower should inform the Board of such grower's intention to divert in-orchard and what type of diversion will be used. The four types of diversion are random row diversion, whole block diversion, partial block diversion and in-orchard tank diversion. A grower who informs the Board about the type of diversion he or she wishes to use by July 1 can elect to use any diversion method or combination of diversion methods.

Only random row or in-orchard tank diversion methods may be used if the Board is not so informed by July 1. Trees that are four years or younger do not qualify for diversion. Annual re-submissions of either the map or application will no longer be required. Growers will only submit a new application and map if they are participating in the grower diversion program for the first time. Growers will need only to submit a new orchard map if he/she adds a new block of trees to the orchard or changes the orchard layout differently from the map previously submitted to the Board.

(1) *Random row diversion.* Using the orchard map furnished by the grower, the Board will randomly select rows of trees within the orchard to be diverted. The amount of cherries to be diverted will be based on the preliminary restricted percentage amount established pursuant to § 930.50. A grower may elect a different percentage amount; however, the grower needs to inform the Board as soon as possible after the preliminary percentages are announced of this other amount, but in no event shall this be less than seven days in advance of harvest. The designated rows indicated by the map must not be harvested. After completing harvest of the remaining rows in the orchard, the grower must notify the Board and/or the Board's compliance officer. A compliance officer will then be allowed to observe the grower's orchard to assure that the selected rows have not been harvested. The grower must inform the Board of the total production of the orchard to calculate the tonnage that was diverted.

(2) *Whole block diversion.* Based on maps supplied by the grower, a sampling procedure will be used to determine the amount of cherries in the orchard to be diverted. A block is defined as rows that run in the same direction, are similar in age, and have definable boundaries. The Board will require a number of tree sites to be sampled depending on the size of the block. A tree site is a planted tree or an area where a tree was planted and may have been uprooted or died. If a block has 5 rows or less, or 200 or less tree sites, 3 rows would be randomly chosen to be sampled, if a block has 6 to 15 rows, or 201–

400 tree sites, 4 rows would be randomly chosen to be sampled, and if a block has 16 or more rows and greater than 400 tree sites, 5 rows would be randomly chosen to be sampled. The Board's compliance officer will apply the sampling procedure (based on the number of rows or the number of tree sites) which results in the fewest number of tree sites required to be sampled. From each of the rows to be sampled, ten contiguous tree sites will be sampled. Only trees more than five years old will be harvested for the sample. For example, if it is determined that five rows are to be sampled, 10 contiguous tree sites in each of the five rows will be subject to harvest. Trees within the 10 sites which are more than five years old will be harvested. The harvested tonnage will be converted to a volume that represents the entire block of cherries. If, for example, a total of 4,600 pounds is harvested from the sample tree sites and this total is divided by 50 tree sites a yield of 92 pounds per tree site is obtained. To find the total yield for the block, the 92 pounds per tree site yield is multiplied by the 880 tree sites that were mapped in the block and that equals 80,960 pounds for that block. The compliance officer would be allowed access to the block to oversee the sampling process and to confirm that the block has been diverted.

(3) *Partial block diversion.* Partial block diversion will also be accomplished using maps supplied by the grower. Sampling will be done as in whole block diversion except that only partial blocks would be selected and sampled. Growers may divert up to five partial blocks, or 50 percent of a grower's total number of blocks per year. Such block(s) must be mapped and will be sampled as described under whole block diversion. Rows used in partial block diversion must be contiguous.

(4) *In-orchard tank diversion.* Growers wishing to in-orchard tank divert must pick the cherries to be diverted and place them in harvesting tanks. A compliance officer would then probe the tanks for volume measurement and observe the destruction of the cherries on the grower's premises. Growers wishing to take advantage of this option must have at least 10 tanks ready for diver-

sion. The compliance officer has up to five days to come to the grower's premises to observe the diversion after being contacted.

(c) *Compliance.* Growers who voluntarily participate in the grower diversion program must sign and file with the Board a Grower Diversion Application. By signing the application, a grower agrees to the terms and conditions of the grower diversion program as contained in these regulations. To be eligible to receive diversion credit, growers voluntarily choosing to divert cherries must meet the following terms and conditions:

(1) In order to receive a certificate, a grower must demonstrate, to the satisfaction of the Board, that rows or trees which were selected for diversion were not harvested. Trees four years old or younger do not qualify for diversion.

(2) The grower must furnish the Board with a total harvested production amount so the Board can calculate the amount of grower diversion tonnage to be placed on the diversion certificate. The Board will confirm the grower's production amount with information provided by handlers (to which the grower delivers cherries) on Board form Number Two.

(3)(i) The grower must agree to allow a Board compliance officer to visit the grower's orchard to confirm that diversion has actually taken place. If the terms and conditions for whole block, partial block or in-orchard tank diversion are not completed, the Board shall not issue the grower a diversion certificate.

(ii) If a grower who chooses random row diversion harvests rows that were designated not to be harvested, the grower should inform the Board immediately of the error. The grower will then be required to divert twice the amount (rows or trees) incorrectly harvested to correct the mistake. The grower will still receive a diversion certificate equal to the original requested amount. However, in instances where a grower is at the end of harvesting the orchard and fails to divert a complete block or specified rows, the Board shall multiply by two the difference between the original diversion amount and the actual diverted amount. The Board shall subtract that

amount from the diversion application amount. Thus, the grower would receive a grower diversion certificate equal to a portion of the originally requested amount. If the grower does not inform the Board of such errors, the grower will not receive a diversion certificate.

EFFECTIVE DATE NOTE: At 76 FR 65360, Oct. 21, 2011, in § 930.158, paragraphs (b)(1) and (c)(3)(i) were suspended indefinitely.

§ 930.159 Handler diversion.

(a) *Methods of diversion.* Handlers may divert cherries by redeeming grower diversion certificates, by destroying cherries at handlers' facilities (at-plant), by diverting cherry products accidentally or voluntarily destroyed, by donating cherries or cherry products to charitable organizations or by using cherries or cherry products for exempt purposes under § 930.162, including export to countries other than Canada, and Mexico. Once diversion has taken place, handlers will receive diversion certificates stating the weight of cherries diverted. Diversion credit may be used to fulfill any restricted percentage requirement in full or in part. Any information of a confidential and/or proprietary nature included in this application would be held in confidence pursuant to § 930.73 of the order.

(b) *Board notification and handler plan.* Any handler intending to divert cherries or cherry products pursuant to § 930.59 of the order (except through exempt uses under § 930.62 of the order) must notify the Board of such intent and provide a plan by October 1 which shows how the handler intends to meet the restricted percentage obligation, except that, for the 1997-98 season only, the deadline is February 5, 1998. The Board may extend this date in individual cases pursuant to a written request showing good cause why the plan cannot be provided by the due date. A handler will have one year to fulfill such plan. The details of the plan shall include, but not be limited to, the name and address of the handler, the total product processed at-plant, product diverted at-plant, in-orchard diver-

sion certificates to be redeemed, anticipated donations to charitable outlets, disposition to exempt outlets or uses and detailed plans for how and where such disposition will be made, and inventory reserve amount. It shall also contain an agreement that the proposed diversion is to be carried out under the supervision of the Board and that the cost of such supervision is to be paid by the handler. Supervision of diversion by means other than destruction of the cherries at a handler's facility will be subject to supervision as found necessary by the Board. USDA inspectors or Board employees will supervise diversion of cherry products at the current hourly rate under USDA's inspection fee schedule (7 CFR 52.42). Any cherries not diverted in accordance with the handler's plan will be placed into the secondary inventory reserve or the primary inventory reserve if a secondary inventory reserve has not been established.

(c) *At-plant diversion.* Diversion by disposal at-plant may take place prior to placing the cherries into the processing line, or after processing, but before a finished product is manufactured. Such diversion will take place under the supervision of USDA Inspection Service or Board employee inspectors. USDA inspectors or Board employees or Board agents will supervise diversion of cherry products at-plant at the current hourly rate under USDA's inspection fee schedule (7 CFR 52.42).

(d) *Diversion of finished products.* Handlers may be granted diversion credit for finished tart cherry products that are accidentally destroyed or voluntarily destroyed by the handler. To receive diversion credit under this option the cherry products must be owned by the handler at the time of accidental or voluntary destruction, be a marketable product at the time of processing, be included in the handler's end of the year handler plan, and have been assigned a Raw Product Equivalent (RPE) by the handler to determine the volume of cherries. In addition, the accidental or voluntary destruction and disposition of the product must be verified by either a USDA inspector or Board agent or employee who witnesses the disposition of the accidentally or

voluntarily destroyed product. Products will be considered as accidentally destroyed if they sustain damage which renders them unacceptable in normal market channels. Products which are voluntarily destroyed must have deteriorated in condition to such an extent that they are not acceptable for use in normal market channels.

(e) *Contributions to approved charitable organizations.* When diverting by donating cherries or cherry products to charitable organizations, handlers should follow the requirements specified herein. For contributions to qualify for diversion credit, the contributed product should be marked clearly “NOT FOR RESALE”. The receiving organization must be approved by the Board as a qualified recipient of contributions of tart cherry products. Such organizations must be tax-exempt, must not sell the donated products and must be noncompetitive with other tart cherry industry sales outlets. Once products are donated to an organization, the Board must receive satisfactory documentation of the transaction. Handlers should provide the Board with information on how the product was used and the volume of product used.

(f) *Grower diversion certificates.* To satisfy restricted percentage obligations by redeeming grower diversion certificates handlers must present to the Board grower diversion certificates obtained from growers who have diverted cherries by non-harvest, and who have been issued diversion certificates by the Board in accordance with the applicable rules and regulations governing the issuance of grower diversion certificates. For this crop year July 1, 1997, through June 30, 1998, grower diversion certificates will be valid until February 5, 1998.

[63 FR 404, Jan. 6, 1998, as amended at 63 FR 20019, Apr. 22, 1998; 64 FR 9268, Feb. 25, 1999; 64 FR 33009, June 21, 1999; 65 FR 35267, June 2, 2000; 69 FR 41385, July 9, 2004; 71 FR 16985, Apr. 5, 2006; 78 FR 46496, Aug. 1, 2013]

§ 930.162 Exemptions.

(a) *General.* Tart cherries which are used for the purpose of new product development, for new market development and market expansion, for the development of export markets, for experimental purposes, for export to

countries other than Canada, and Mexico, or which are donated to charitable organizations may be granted an exemption by the Board and will be exempt from §§ 930.41, 930.44, 930.51, 930.53, and §§ 930.55 through 930.57, subject to the following terms and conditions. Any information received of a confidential and/or proprietary nature included in this application will be protected from disclosure pursuant to § 930.73 of the order.

(b) *Definitions.* The terms in paragraph (a) of this section shall have the following meaning:

(1) *New product development.* This term includes the development of new tart cherry products or of foods or other products in which tart cherries or tart cherry products are incorporated which are not presently being produced on a commercial basis. New product development can also include the production or processing of a tart cherry product using a technique not presently being utilized commercially in the tart cherry industry; an end product of the processing of raw tart cherries done by the industry at pack time either for resale or for re-manufacturing which has not been manufactured previously by the industry; or a processed, value-added item that includes tart cherry products as an ingredient which has never been marketed to consumers either by a handler within the industry or by a food manufacturer. In addition, the maximum duration of any credit activity is five years from the date of the first shipment.

(2) *New market development and market expansion.* This includes the development of markets for tart cherry products which are not commercially established markets and which are not competitive with commercial outlets presently utilized by the tart cherry industry (including the development of new export markets): *Provided*, That these markets are a geographic area into which tart cherries or products derived from them have not been previously sold. The term “market expansion”, includes activities that incrementally expand the sale of either tart cherries or the products in which tart cherries are an ingredient, such as, but not limited to: Expansions of the geographic areas into which tart cherries or tart

cherry products are marketed; product line extensions; significant improvements to or revisions of existing products; packaging innovations; segmentation of markets along geographic, demographic, or other definable characteristics; and product repositionings. In addition, shipments of tart cherries or tart cherry products in new market development and market expansion outlets are eligible for handler diversion credit for a period of five years from the handler's date of the first shipment into such outlets.

(3) *Development of export markets.* The sale of cherries or cherry products, including the development of sales for new or different tart cherry products or the expansion of sales for existing tart cherry products, to countries other than Canada, and Mexico.

(4) *Experimental purposes.* The use of cherries or cherry products in preliminary and/or developmental activities intended to result in new products, new applications and/or new markets for tart cherry products. Any exemption for experimental work shall be limited in scope, duration and volume based on information supplied by the applicant at the time a request for exemption is made. In no case shall an individual exemption for experimental purposes last longer than five years or exceed 100,000 pounds raw product equivalent of tart cherries.

(c) *Obtaining approval for exempt uses.* In order to receive exemptions for cherries or cherry products utilized for exempt purposes, handlers must apply to the Board for a new exemption or for renewal of an existing exemption by November 1 for the next succeeding year, except for the 1997 year only, handlers may apply through February 5, 1998. A handler shall have one crop year to dispose of cherries or cherry products to exempt outlets approved by the Board, unless granted a renewal. Handlers applying to the Board for a new exemption or for renewal of an existing exemption are subject to the following conditions:

(1) When applying to the Board for an exemption for new product development, handlers must detail the nature of their new product, how it differs from current, existing products and the anticipated short and long term sales

volume for the exemption. It will be the Board staff's responsibility to analyze and investigate any request and upon completion of that analysis authorize or deny the exemption.

(2) When applying to the Board for an exemption for new market development, handlers must detail the nature of their new market, how it differs from current, existing markets and the anticipated short and long term sales volume for the exemption. It will be the Board staff's responsibility to analyze and investigate any request and upon completion of that analysis authorize or deny the exemption.

(3) When applying to the Board for an exemption for the use of domestic tart cherry products in markets not currently served by the domestic industry, handlers may provide a verifiable statement from the buyer of its intent to use domestic tart cherry products to the Board staff for review in lieu of review by the subcommittee as detailed in paragraph (d) of this section. A verifiable statement is defined as a written statement from the buyer that it will use domestic tart cherries in products or markets not currently supplied by domestic sources, which will be reviewed and documented by Board staff.

(4) When applying to the Board for an exemption for the development of export markets for tart cherries or cherry products (including juice and juice concentrate) in countries other than Canada and Mexico, including the expansion of sales in existing export markets, handlers must detail the nature of their product, specify whether such product differs from current products being sold in export markets, and estimate the anticipated short and long term sales volumes for the requested exemption.

(5) When applying to the Board for an exemption for experimental purposes, handlers must indicate the preliminary and/or developmental experimental activity. Such experimental purposes should be intended to result in new products, new applications and/or new markets for existing tart cherry products. Any exemption for experimental work shall be limited in scope, duration and volume which the proposing

party shall specify at the time a request for exemption is made. In no case shall an exemption for experimental purposes last longer than five years or exceed 100,000 pounds raw product equivalent per handler of tart cherries during the duration of the experiment.

(6) To be eligible for new product, new market development and market expansion diversion exemptions, a handler must demonstrate involvement in the activity for which the exemptions are sought. The requesting handler must either be or have been involved in development of the product, the market, or market expansion activities for which the exemptions are sought or have had financial involvement in the activities. This involvement must be demonstrated and established to the satisfaction of the Board by the handler requesting the exemptions.

(d) *Review of applications.* A Board appointed subcommittee shall review applications for exemption or renewal of exemption and either approve or deny the exemption. The subcommittee shall consist of three members and one alternate, each having no handler affiliation but knowledge of the tart cherry industry, one of whom shall be the public member or the alternate public member if available to serve. Any denial of an application for exemption or renewal of an existing exemption shall be served on the applicant by certified mail and shall state the reasons for the denial. Within 10 days after the receipt of a denial, the applicant may file an appeal, in writing, with the Deputy Administrator, Specialty Crops Program, supported by any arguments and evidence the applicant may wish to offer as to why the application for exemption or renewal of exemption should have been approved. The Deputy Administrator, upon consideration of such appeal, will take such action as deemed appropriate with respect to the application for exemption or renewal of exemption.

(e) *Progress report.* Each handler that is granted an exemption must submit to the Board an annual progress report, due May 1 of each crop year. The progress report shall include the results of the exemption activity (comparison of intended activity with actual activity) for the year in its en-

tirety, the volume of exempted fruit, an analysis of the success of the exemption program, and such other information as the Board may request.

(f) *Diversion credit; failure to meet terms and conditions of exemption.* Handler diversion certificates for exempt uses shall be issued to handlers provided that terms and conditions applicable to exempt uses are satisfied. Diversion certificates will not be issued to handlers for any volume of tart cherry products for which such terms and conditions are not satisfied and such cherries would be subject to all of the terms and conditions of §§ 930.41, 930.44, 930.51, 930.53, and §§ 930.55 through 930.57.

(g) *Failure to meet terms and conditions for exemption.* Upon termination of an exemption, any volume of tart cherry products that were granted an exemption but were not utilized for the authorized exempt purpose would be subject to all of the terms and conditions of §§ 930.41, 930.44, 930.51, 930.53, and §§ 930.55 through 930.57.

(h) *Extensions and transfers.* (1) If no shipments are made within the first year of any approved exemption project from the date of approval, new applications for a similar project (same market or product) are eligible for approval; *provided that*, handlers with an approved exemption project have the opportunity to apply to the subcommittee for a six-month extension of this time period.

(2) For projects granted extensions, if no shipment is made prior to the end of the extension period, new applications for the same market or project are eligible for approval.

§ 930.163 Deferment of restricted obligation.

A handler may obtain a surety bond on restricted percentage cherries to be posted to temporarily defer the date that inventory reserves must be held. The surety bond must be posted at two times the market value of the quantity of cherries for which the holding obligation is being deferred. The Board can

temporarily defer the date inventory reserve cherries must be held to any date requested by the handler. However, this date shall not be later than 60 days prior to the end of the crop year. The deferment shall be conditioned on the execution and delivery by the handler to the Board of a written undertaking within 30 days after the Secretary announces the final restricted percentage under §930.51. The written undertaking (required to be secured by a bond or bonds with a surety or sureties acceptable to the Board) must guarantee that on or prior to the deferment date requested by the handler the handler will have fully satisfied the restricted percentage obligation. On or prior to the deferment date requested by the handler, the handler will have to fully satisfy the restricted percentage obligation. In the event, a handler has posted the surety bond, reached the deferment date deadline and does not have cherries in the inventory reserve to cover his/her inventory reserve obligation, the bond will be forfeited to the Board. The Board will then buy cherries to fulfill that handler's obligation.

§ 932.36 Procedure.

Decisions of the committee shall be by majority vote of the members present and voting, and a quorum must be present: *Provided*, That decisions requiring a recommendation to the Secretary on matters pertaining to grade and size regulations shall require at least 10 affirmative votes, at least 5 of which must be from producer members and at least 5 of which must be from handler members and, if the committee is increased by the addition of a public member, at least 11 affirmative votes shall be required, at least 5 of which must be from producer members and at least 5 of which must be from handler members. A quorum shall consist of at least 10 members of whom at least 5 shall be producer members and at least 5 shall be handler members and, if the committee is increased by the addition of a public member, a quorum shall consist of at least 11 members of which at least 5 shall be producer members

§ 932.38

7 CFR Ch. IX (1-1-20 Edition)

EXPENSES AND ASSESSMENTS

§ 932.38 Expenses.

The committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by the committee for its maintenance and functioning and to enable it to exercise its powers and perform its duties in accordance with the provisions of this part. The funds to cover such expenses shall be acquired in the manner prescribed in § 932.39.

§ 932.39 Assessments.

(a) As each handler's pro rata share of the expenses which the Secretary finds are reasonable and likely to be incurred by the committee during a fiscal year, each handler who first handles olives during the current crop year shall pay to the committee, upon demand, assessments less any amounts which may be credited pursuant to § 932.45, on all olives to be used in the production of packaged olives, including olives to be used in canned ripe olives of the "tree-ripened" type or green olives when such are regulated as packaged olives pursuant to § 932.52. The payment of assessments for maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) The Secretary shall fix the rate of assessment to be paid by each such handler during a fiscal year in an amount designed to secure sufficient funds to cover the expenses which may be incurred during such period. At any time during or after the fiscal year, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses which may be incurred. Such increase shall be applied to all olives handled during the applicable crop year. In order to provide funds for the administration of the provisions of this part during the first part of a fiscal year before sufficient operation income is available from assessments, the committee may accept the payment of assessments in advance, and may also borrow money for such purpose.

(c) Any assessment not paid by a handler within a period of time prescribed by the committee may be subject to an interest or late payment charge, or both. The period of time, rate of interest and late payment charge shall be as recommended by the committee and approved by the Secretary. Subsequent to such approval, all assessments not paid within the prescribed period of time shall be subject to an interest or late payment charge or both.

§ 932.40 Accounting.

(a) If, at the end of a fiscal year, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve as provided in paragraph (a)(2) of this section, the committee shall refund or credit to handler accounts the aforesaid excess. Each handler's share of such excess funds shall be the amount of assessments such handler has paid in excess of such handler's pro rata share of the actual net expenses of the committee for such fiscal year. Excess funds may be used temporarily by the committee to defray expenses of the subsequent fiscal year: *Provided*, That each handler's share of such excess shall be made available to the handler by the committee within five months after the end of the fiscal year.

(2) The committee, with the approval of the Secretary, may carry over such excess into subsequent fiscal years as a reserve: *Provided*, That funds already in the reserve do not exceed approximately one fiscal year's expenses. Such reserve funds may be used for any expenses authorized pursuant to § 932.38 and for necessary expenses of liquidation in the event of termination of this part. Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practicable, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the term of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in his possession to the committee, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the committee full title to all of the property, funds, and claims vested in such member pursuant to this part.

RESEARCH AND DEVELOPMENT

§ 932.45 Production research and marketing research and development projects.

(a) The following activities of the committee are authorized under this section.

(1) The committee may, with the approval of the Secretary, establish or provide for the establishment of production research, and marketing research and development projects designed to assist, improve or promote the marketing, distribution, and consumption or efficient production of California olives. Such projects may provide for any marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption or efficient production of California olives. Such projects may provide for any form of marketing promotion including paid advertising. The expenses of such research and projects shall be paid from funds collected pursuant to § 932.39 or from voluntary contributions. Voluntary contributions may be accepted by the committee only to pay the expenses of such projects: *Provided*, That the committee shall retain complete control over the use of such contributions which shall be free from any encumbrances.

(2) The committee, with the approval of the Secretary, may provide for crediting a portion of a handler's direct expenditures for paid brand advertising for olives. Such expenditures may include, but are not limited to, money spent for advertising space in magazines, newspapers, outdoor media and transit or time charges for radio and television. No handler shall receive credit in excess of such handler's pro rata share of the total monies allotted by the committee for brand advertising credit. Each advertisement must be published, broadcast or displayed during the fiscal year for which credit is requested. Before any creditable brand advertising may be undertaken pursuant to this paragraph (a)(2) of this section, the Secretary, upon recommendation by the committee, shall prescribe appropriate rules and regulations as are necessary to effectively regulate such activity.

(b) In recommending marketing research and development projects pursuant to this section, the committee shall give consideration to the following factors:

(1) The expected supply of olives in relation to market requirements;

(2) The supply situation among competing areas and commodities; and

(3) The need for marketing research with respect to any marketing development activity and the need for a coordinated effort with USDA's Plentiful Food Program.

(c) In recommending production research projects pursuant to this section, the committee shall give consideration to the extent and need for assistance to, and improvement of California olive production.

(d) If the committee should conclude that a program of production research, marketing research, or development should be undertaken or continued pursuant to this section in any fiscal year, it shall submit the following for the approval of the Secretary:

(1) Its recommendations as to funds to be obtained pursuant to § 932.39 or voluntary contributions;

(2) Its recommendations as to any production research or marketing research project; and

(3) Its recommendation as to promotion activity and paid advertising.

§ 932.50

7 CFR Ch. IX (1-1-20 Edition)

(e) The committee shall, as soon as practicable, prepare and mail reports on current production research and marketing research and development projects to the Secretary and make a copy of such reports available at the committee office for examination by producers, handlers, or other interested parties.

REGULATIONS

§ 932.50 Report of marketing policy.

At least 14 days prior to the start of each crop year (except that this period may be shortened by the committee not more than 5 days if warranted), the committee shall hold a meeting for the purpose of formulating a marketing policy for the coming crop year: *Provided*, That with respect to the 1982-83 crop year the committee shall hold a meeting for such purpose as soon as practicable. The committee shall prepare and submit to the Secretary promptly after each such meeting, a report setting forth its recommended marketing policy for the ensuing crop year. In the event it becomes advisable to modify such policy, because of changed supply, demand, or other conditions, the committee shall formulate a new policy and shall submit a report thereon to the Secretary. In developing the marketing policy, the committee shall give consideration to the handler carryover, production, probable quality and composition of olive sizes in the crop, trade demand, probable imports, whether producer prices are likely to exceed parity, the probable assessable tonnage and such other factors as may have a bearing on the marketing of olives or the administration of this part. Notice of the committee's marketing policy, and of any modifications thereof, shall be given promptly by reasonable publicity to producers and handlers.

§ 932.51 Incoming regulations.

(a) *Minimum standards for natural condition olives.* (1) Except as otherwise provided in this section, no handler

shall process any lot of natural condition olives for use in the production of packaged olives which has not first been:

(i) Weighed on scales sealed by the State of California Department of Weights and Measures, an official certified weight certificate issued thereon, and a copy of such certificate furnished to the Federal or Federal-State Inspection Service and the committee; and

(ii) Size-graded, either by sample or by lot, under the supervision of any such inspection service and classified into separate size designations and a certification issued with respect thereto by such inspection service. Such size designations shall be in accordance with those set forth in the U.S. Standards for Grades of Canned Ripe Olives (7 CFR part 52) or subsequent amendments thereto, or such sizes as may be recommended by the committee and established by the Secretary: *Provided*, That, for the purpose of this part, the size designations in said standards shall be deemed to include the following additional size designations.

| Designation(s) | Approximate count (per pound) | Average count range (per pound) |
|--------------------------------|-------------------------------|---------------------------------|
| Subpetite | | 181 and up. |
| Petite | 160 | 141-180, inclusive. |
| Extra Large Sevillano "L" | 82 | 76-88, inclusive. |
| Extra Large Sevillano "C" | 70 | 65-75, inclusive. |

Provided further, That the additional size designations may be renamed and/or modified as recommended by the committee and approved by the Secretary. Such certification shall show, in addition to the quantities by weight of the olives in the lot that are classified as being in each size or size designation the quantity of olives classified as culls by the handler: *Provided*, That when the Secretary, upon the recommendation of the committee, issues a definition of and classification for "culls", the aforesaid quantity of culls shall be determined on the basis of such definition and in accordance with such classification.

(2) Each handler may satisfy the incoming and outgoing size requirements for any lot of olives under the conditions set forth in subdivisions (i), (ii),

Agricultural Marketing Service, USDA

§ 932.51

and (iii) of this paragraph: *Provided*, That any such lot shall be kept intact under surveillance by the inspection services:

(i) When the Secretary authorizes use of limited size olives for limited use styles during any crop year, any lot of limited use size olives may be used in the production of packaged olives for limited use styles without an outgoing inspection if such olives are within the following average count range for that variety group, and meet such further size requirements as recommended by the committee with the approval of the Secretary:

| Variety | Average count range (per pound) |
|--|---------------------------------|
| Group 1, except Ascolano, Barouni, and St. Agostino. | 76–88, inclusive. |
| Group 1, Ascolano, Barouni and St. Agostino. | 89–140, inclusive. |
| Group 2, except Obliza | 141–180, inclusive. |
| Group 2, Obliza | 128–140, inclusive. |

Provided, That the varietal groupings and/or average count ranges may be changed, and additional size certification procedures and requirements may be established as recommended by the committee and approved by the Secretary;

(ii) When limited use size olives are not authorized for limited use styles during any crop year, any lot of the minimum canning size olives may be used in the production of packaged olives for limited use styles without an outgoing inspection for size if such olives are within the following average count range for that variety group, and meet such further size requirements as recommended by the committee with approval of the Secretary:

| Variety | Average count range (per pound) |
|--|---------------------------------|
| Group 1, except Ascolano, Barouni, and St. Agostino. | 65–75, inclusive. |
| Group 1, Ascolano, Barouni and St. Agostino. | 65–88, inclusive. |
| Group 2, except Obliza | 128–140, inclusive. |
| Group 2, Obliza | 106–121, inclusive. |

Provided, That for whole and whole pitted styles of olives an additional size grading is required after processing, prior to canning, and those olives that fail to meet the requirements in § 932.52 may be used in limited use styles. *Provided further*, That the varietal

groupings, average count ranges, and/or other size requirements may be changed or modified as recommended by the committee and approved by the Secretary;

(iii) The committee may recommend, subject to approval by the Secretary, size certification procedures for olives used in the production of canned whole or pitted styles of olives: *Provided*, That if size certification for canned whole or pitted styles is implemented, marketing order sizes shall be adopted and size requirements in the U.S. Grade Standards shall not apply. Size certification of such styles shall be applicable to any or all sizes of olives recommended by the committee and approved by the Secretary pursuant to § 932.52(a)(2). Size certification procedures recommended to the Secretary may include but are not limited to the establishment of average count ranges, acceptable count ranges, and approximate counts (midpoints) for each variety or variety group.

(3) Each handler shall, under the supervision of any such inspection service, dispose of into noncanning use an aggregate quantity of olives, comparable in size and characteristics and equal to the quantities shown on the certification for each lot to be:

(i) Variety Group 1 olives, except the Ascolano, Barouni, and St. Agostino varieties, of a size which individually weigh less than $\frac{1}{90}$ pound;

(ii) Variety Group 1 olives of the Ascolano, Barouni, and St. Agostino varieties of a size which individually weigh less than $\frac{1}{140}$ pound;

(iii) Variety Group 2 olives, except the Obliza variety, of a size which individually weigh less than $\frac{1}{180}$ pound;

(iv) Variety Group 2 olives of the Obliza variety of a size which individually weigh less than $\frac{1}{140}$ pound;

(v) Such other sizes for the foregoing variety groups as are not authorized for limited use pursuant to § 932.52; and

(vi) Olives classified as culls.

(4) Notwithstanding the provisions of paragraph (a)(3) of this section, a handler may (i) meet any deficit in such handler's undersize obligation in one variety by disposing of, under supervision of the inspection service, as other than canned ripe olives, an equal quantity of undersize olives, of any

other variety, or by so disposing of an equal quantity of olives of that or any other variety of sizes larger than undersize of a quality better than culls, and (ii) meet any deficit in such handler's cull obligation in one variety by so disposing of an equal quantity of cull olives of any other variety, or by so disposing of an equal quantity of olives of any variety of sizes larger than undersize of a quality better than culls.

(5) Each handler shall hold at all times a quantity of olives equal to the quantities required in paragraph (a)(3) of this section, less any quantity previously disposed of as specified in such subparagraph.

(b) Whenever a handler receives a lot of natural condition olives, or makes a separation resulting in a subplot, solely for use in the production of green olives or canned ripe olives of the "tree-ripened" type, he may handle such lot or subplot without regard to the provisions of this section and § 932.52 only if (1) he notifies the committee upon receiving such a lot or making such a separation; (2) the identity of all such lots and sublots of olives is maintained by keeping them separate and apart from other olives he receives; (3) the packaged olives produced from such lots and sublots after processing are canned ripe olives of the "tree-ripened" type or green olives; and (4) there are no outgoing regulations pursuant to § 932.52 then applicable to packaged olives that are canned ripe olives of the "tree-ripened" type or green olives.

(3) Notwithstanding the provisions of paragraph (b)(2) of this section, a handler may meet any deficit in his obligation to dispose of limited use size olives into noncanning use pursuant to this paragraph by disposing of, under supervision of the inspection service, an equivalent quantity of olives of a size larger than the limited use size and of a quality better than culls.

(4) Each handler shall hold at all times a quantity of olives eligible to

§ 932.53

(b) The committee may enter into an agreement with either or both of said inspection services with respect to the costs of the inspection required by this section and may collect from handlers their respective pro rata share of such costs.

(b) District 2 shall be represented by five producer members and alternates.

§ 932.129 Nomination procedures for producer members.

Members and alternate members on the Committee who represent producers shall be nominated in accordance with the procedures specified in either paragraph (a) or paragraph (b) of this section as the Committee may determine.

(a) *Mail ballot voting.* (1) The Committee shall schedule a meeting, prior to March 1 of each odd-numbered year, in each producing district for the purpose of selecting candidates for member and alternate member nominations. A notice of such meetings will be mailed to each producer of record in each district. The nomination process is as follows:

(i) Any person who produces olives in a particular district may offer the

name of any producer from that district as a candidate for either a member or alternate member position in said district.

(ii) A producer, who produces olives in more than one district, can be selected as a candidate for a member or alternate member position in only one district.

(iii) The Committee will notify by mail producers who are selected as candidates but are not in attendance at such meetings. Such producers have the right to decline such listing on the ballot within 7 days of mailing such notice.

(iv) In the event a producer cannot attend a meeting but wishes to be included on the ballot, that producer may notify the Committee office in writing no later than 7 days after the date of the nomination meeting for the producer's district and request that the producer's name be included on the ballot.

(v) In the event that no candidates or an insufficient number of candidates are selected at such meetings for the producer members and alternates in the respective districts, the Committee will give written notice to producers in said district that additional names may be submitted for the specified position(s).

(2) Following such meetings, and no later than March 15 of each odd-numbered year, the Committee shall prepare and mail a ballot to each producer that delivered olives during that crop year in each district.

(i) A producer who produces olives in more than one district must choose the district in which the producer will vote and notify the Committee of that choice. If the Committee is not notified and more than one ballot is received from such a producer, the first ballot received will be counted. Candidates may only vote in the district in which they are seeking nomination.

(ii) Each ballot will list separately the names of candidates for the member positions and the names of candidates for the alternate member positions for said district.

(iii) A ballot will be mailed to producers of record to give them an opportunity to vote. Committee records will be used to determine the list of pro-

ducers eligible to cast ballots. However, any producer who is not identified in such records may receive a ballot if the Committee determines that such producer is eligible to participate in nominations in that district.

(iv) A producer may cast a vote for as many candidates as there are member or alternate positions in said district.

(v) The candidate on each list, as prescribed in paragraph (a)(2)(ii) of this section, who receives the most votes will be the nominee for the first position, and until all positions for that district are filled, the candidates receiving the second, third and fourth highest number of votes will be the nominees for the second, third and fourth position respectively.

(vi) In the event of a tie which would result in elimination of a tied candidate, a second ballot with the names of those tied candidates will be mailed to producers in said district for another vote.

(b) *Nomination meetings.* In lieu of the mail ballot nomination procedure specified in paragraph (a) of this section, the Committee may schedule nomination meetings. In such an event, the following procedure will apply:

(1) Prior to March 15 of each odd-numbered year, the Committee shall schedule a nomination meeting to be held in each district for the purpose of obtaining nominees for producer members and alternate members for such district.

(2) Nominations for members and balloting thereon shall precede nominations and balloting for alternate members.

(3) The candidate for each position who receives the highest number of votes shall be the nominee for the position: *Provided*, That such candidate receives a majority of the ballots cast. If no candidate receives such a majority, the two candidates who received the highest number of votes shall participate in a run-off balloting to determine which is the nominee.

(c) For the purposes of this section, a producer is a person engaged in a proprietary capacity as a single business unit in the production of olives for market as packaged olives and includes

§ 932.139

an individual (owner-operated), partnership, corporation, association, institution, or other legal business unit.

(d) *Determination of producer eligibility.* (1) Only producers (including duly authorized officers or employees of producers) who produced olives within the district shall participate in the nomination and election of producer members and alternates.

(2) Each producer (as defined in paragraph (c) of this section) shall be entitled to cast only one vote for each position.

(3) A producer having olive acreage in more than one district may participate in nominations and elections in only one district. The district in which the producer wishes to participate shall be the producer's choice.

(4) Any member of a producer's family (husband, wife, son or daughter) may vote on behalf of an owner-operated, landlord-tenant, family enterprise, or other farming unit.

(5) Any authorized officer or employee of a corporation which is a producer may vote.

(6) Any authorized member of a partnership which is a producer may vote.

(7) Power of attorney (proxies) for voting purposes are not accepted.

The late payment charge shall be five percent of the unpaid balance.

on any handler whose assessment payment has not been received in the committee's office, or the envelope containing the payment legibly postmarked by the U.S. Postal Service, within 30 days of the invoice date. The interest charge shall be the current commercial prime rate of the committee's bank plus two percent which shall be applied to the unpaid balance and late payment charge for the number of days all or any part of the assessment specified in the handler's assessment statement is delinquent beyond the 30 day payment period.

(c) The committee, upon receipt of a late payment equal to or greater than the assessment specified on the handler's assessment statement, shall promptly notify the handler (by registered mail) of any late payment charge and/or interest due as provided in paragraphs (a) and (b) of this section. If such charges are not paid, or the envelope containing payment is not legibly postmarked by the U.S. Postal Service, within 30 days of the date on such notification, late payment and interest charges as provided in paragraphs (a) and (b) of this section will accrue on the unpaid amount.

The committee shall notify the applicant and the organization in writing of its approval, or denial, of the application. Any such approval shall continue in effect so long as the packaged olives covered thereby are disposed of consistent with this section. Upon approval, the applicant handler shall notify the Inspection Service. Packaged olives so identified and remaining unused at the end of the approved test-market period shall be disposed of according to paragraph (a) of this section.

(c) In accordance with the provisions of § 932.55(b), any handler may use processed olives in the production of packaged olives for repackaging, and ship packaged olives for repackaging, if the packaged olives meet the minimum quality requirements, except for the requirement that the packaged olives possess a reasonably good flavor: *Provided*, That the failure to possess a reasonably good flavor is due only to excessive sodium chloride.

ized in § 945.40. The committee shall present such budget promptly to the Secretary with an accompanying report showing the basis for its calculations.

§ 945.42 Assessments.

(a) The funds to cover the committee's expenses pursuant to § 945.40 shall be acquired by the levying of assessments upon handlers as provided in this subpart. Each handler who ships potatoes as the first handler thereof shall pay assessments to the committee upon demand, which assessments shall be in payment of such handler's pro rata share of such expenses.

(b) Assessments shall be levied upon handlers at a rate per hundredweight of potatoes or equivalent established by the Secretary. Such rate may be established upon the basis of the committee's budget recommendations, and other available information.

(c) At any time during or subsequent to a given fiscal period, the committee may recommend the approval of an amended budget and an increase in the rate of assessment. Upon the basis of such recommendation, or other available information, the Secretary may approve an amended budget and increase the rate of assessment. Such increase shall be applicable to all potatoes assessable under this part and handled by the first handler thereof during such fiscal period.

(d) The committee may impose a late payment charge or an interest charge, or both, on any handler who fails to pay, on or before the due date established by the Secretary, the total assessment for which such handler is liable. Such due date and the late payment fee and interest rate shall be recommended by the committee and approved by the Secretary.

(e) In order to provide funds to carry out its function, after the effective date of this subpart the committee may accept advance assessments from handlers. Advance assessments received from a handler shall be credited toward assessments levied against that handler during that fiscal period. In the case of an extreme emergency, the committee may also borrow money on a short term basis to provide funds for the administration of this part. Any

such borrowed money shall only be used to meet the committee's current financial obligations, and the committee shall repay all borrowed money by the end of the next fiscal period from assessment income.

§ 945.43 Accounting.

(a) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part.

(b) The Secretary may at any time require the committee, its members and alternates, employees, agents, and all other persons to account for all receipts and disbursements, funds, property, and records for which they are responsible. Whenever any person ceases to be a member or alternate of the committee, he shall account for all receipts, disbursements, funds, and property (including but not limited to books and other records) pertaining to the committee's activities for which he is responsible, and deliver all such property and funds in his hands to such successor, agency, or person as may be designated by the Secretary, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor, agency, or designated person, the right to all of such property and funds and all claims vested in such person.

(c) The committee may make recommendations to the Secretary for one or more of the members thereof, or any other person or persons to act as trustee or trustees for holding records, funds, or any other committee property during periods of suspension of this part, or during any period or periods when regulations are not in effect and, if the Secretary determines such action appropriate, he may direct that such person or persons shall act as trustee or trustees for the committee.

§ 945.44 Excess funds.

(a) The funds remaining at the end of a fiscal period which are in excess of the expenses necessary for committee operations during such period may be carried over, with the approval of the Secretary, into following periods as a

reserve. Such reserve shall be established at an amount not to exceed approximately one fiscal period's budgeted expenses. Funds in such reserve shall be available for use by the committee for expenses authorized under § 945.40.

(b) Funds in excess of those placed in the operating reserve shall be credited proportionately against a handler's operations of the following fiscal period, except that if the handler demands payment, such proportionate refund shall be paid to such handler.

(c) Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate. To the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(a) *Preparation.* Prior to or at the same time as recommendations are made pursuant to § 945.51, the committee shall consider, and prepare, a proposed policy for the marketing of potatoes. In developing its marketing policy the committee shall investigate relevant supply and demand conditions for potatoes. In such investigations the committee shall give appropriate consideration to the following:

(1) Market prices for potatoes, including prices by grade, size, and quality, in different packs, and in different containers;

(2) Supplies of potatoes by grade, size, and quality in the production area and in other potato producing areas;

(3) The trend and level of consumer income;

(4) Establishing and maintaining orderly marketing conditions for potatoes;

(5) Orderly marketing of potatoes as will be in the public interest; and

(6) Other relevant factors.

§ 945.51

(b) *Reports.* (1) The committee shall promptly submit a report to the Secretary setting forth the aforesaid marketing policy and shall notify producers and handlers of the contents of such report.

(2) In the event it becomes advisable to deviate from such marketing policy because of changed supply and demand conditions, the committee shall formulate a new or revised marketing policy in the manner set forth in this section. The committee shall promptly submit a report thereon to the Secretary and notify producers and handlers of the contents of such report on the new or revised marketing policy.

§ 945.51 Recommendation for regulations.

Whenever the committee deems it advisable that the handling of potatoes be regulated pursuant to § 945.52, or § 945.53, or both, it shall recommend to the Secretary grade, size, quality, or maturity regulation, or any combination thereof, or amendment thereto, or modification, suspension, or termination thereof, whenever it finds that such regulation, as provided in such sections, will tend to effectuate the declared policy of the act.

§ 945.52 Issuance of regulations.

(a) The Secretary shall limit the handling of potatoes whenever he finds from the recommendations and information submitted by the committee, or from other available information, that such regulation will tend to effectuate the declared policy of the act. Such limitation may:

(1) Regulate in any or all portions of the production area, the handling of particular grades, sizes, qualities, or maturities, or any combination thereof, of any or all varieties of potatoes during any period; or

(2) Regulate the shipment of particular grades, sizes, qualities, or maturities of potatoes differently, for different varieties, for different portions of the production area, for different packs, for different containers, or for any combination of the foregoing, during any period; or

(3) Fix the size, capacity, weight, dimensions, pack, labeling or marking of the container, or containers, which

may be used in the packaging or handling of potatoes, or both; or

(4) Regulate the shipment of potatoes by establishing, in terms of grades, sizes, or both, minimum standards of quality and maturity.

(b) [Reserved]

[23 FR 5709, July 30, 1958. Redesignated at 26 FR 12751, Dec. 30, 1961, as amended at 60 FR 29727, June 5, 1995]

§ 945.53 Shipments for specified purposes.

Whenever the Secretary finds, upon the basis of the recommendations and information submitted by the committee, or from other available information, that it will tend to effectuate the declared policy of the act, he shall modify, suspend, or terminate regulations under or pursuant to § 945.42, § 945.52, or § 945.65, or any combination thereof in order to facilitate shipments of potatoes for the following purposes:

- (a) Export;
- (b) Relief or charity;
- (c) Livestock feed;
- (d) Certified seed potatoes;
- (e) Processing into specified products; and

(f) Such other purposes which may be specified by the Committee, with the approval of the Secretary.

§ 945.54 Minimum quantity exemption.

The committee, with the approval of the Secretary, may establish, for any or all portions of the production area, minimum quantities below which shipments will be free from regulations issued or in effect pursuant to §§ 945.40 to 945.65, inclusive, or any combination thereof.

§ 945.55 Notification of regulation.

The Secretary shall notify the committee of any regulations issued or of any modifications, suspension, or termination thereof. The committee shall give reasonable notice thereof to handlers.

§ 945.56 Safeguards.

(a) The committee, with the approval of the Secretary, may prescribe adequate safeguards to prevent shipments pursuant to § 945.53 from entering channels of trade and other outlets for

§ 945.80

other than the specific purpose authorized therefor.

(b) Safeguards, provided by this section, may include, but shall not be limited to, requirements that handlers:

(1) Shall obtain the inspection required by § 945.65 or pay the assessment provided by § 945.42, or both, in connection with the potato shipments effected in accordance with § 945.53; and

(2) Shall obtain Certificates of Privilege from the committee for shipments of potatoes effected or to be effected under provisions of § 945.53.

(c) The committee, with the approval of the Secretary, shall prescribe rules governing the issuance and the contents of Certificates of Privilege.

(d) The committee may rescind, or deny to any handler, Certificates of Privilege if proof satisfactory to the committee is obtained that potatoes shipped by him for the purposes stated in § 945.53 were handled contrary to the provisions of this section.

(e) The committee shall make reports to the Secretary, as requested, showing the number of applications for such certificates, the quantity of potatoes covered by such applications for such certificates, the number of such applications denied and certificates granted, the quantity of potatoes shipped under duly issued certificates, and such other information as may be requested by the Secretary.

INSPECTION AND CERTIFICATION

§ 945.65 Inspection and certification.

(a) During any period in which regulations are in effect pursuant to § 945.42, § 945.52, or § 945.53, or any combination thereof, no handler shall handle potatoes unless such potatoes are inspected by an authorized representative of the Federal-State Inspection Service, and are covered by a valid inspection certificate, except when relieved from such requirements pursuant to recommendations by the committee and approved by the Secretary.

(b) Regrading, resorting, or repacking any lot of potatoes shall invalidate any prior inspection certificates covering such potatoes insofar as the requirements of this section are concerned. During any period in which shipments of potatoes are regulated, as

aforesaid, no handler shall handle potatoes after they have been regraded, resorted, repacked, or in any way further prepared for market, unless such potatoes are inspected and covered by a valid inspection certificate as required in paragraph (a) of this section.

(c) Insofar as the requirements of this section are concerned, the length of time for which an inspection certificate shall be valid may be established by the committee with the approval of the Secretary; and such length of time may be different for shipments for different purposes.

(d) When potatoes are inspected in accordance with the requirements of this section, a copy of each inspection certificate issued shall be made available promptly to the committee by the inspection service.

COMPLIANCE

§ 945.70 Compliance.

Except as provided in this part, no handler shall ship potatoes, the shipment of which has been prohibited by the Secretary in accordance with provisions of this subpart, and no handler shall ship potatoes except in conformity to the provisions of this subpart.

MISCELLANEOUS PROVISIONS

§ 945.80 Reports.

(a) Upon the request of the committee, with approval of the Secretary, every handler shall furnish to the committee, in such manner and at such time as may be prescribed, such information as will enable the committee to exercise its powers and perform its duties under this subpart. The Secretary shall have the right to modify, change, or rescind any requests for reports pursuant to this section.

(b) All data or other information constituting a trade secret, or disclosing a trade position or business condition of a particular handler shall be treated as confidential and shall at all times be received by and kept in the custody and under the control of one or more

designated employees of the committee. Information which would reveal the circumstances of a single handler shall be disclosed to no person other than the Secretary.

(c) Each handler shall maintain for at least two succeeding fiscal periods such records of potatoes received and of potatoes disposed of by such handler as may be necessary to verify reports required pursuant to this section. The committee, with the approval of the Secretary, may prescribe rules and regulations issued pursuant to this section specifying handler records and reports which the committee may need to perform its functions.

(d) For the purpose of assuring compliance and checking and verifying reports filed by handlers, the Secretary and the committee, through its duly authorized agents, shall have access to any premises where applicable records are maintained, where potatoes are held, and, at any time during reasonable business hours, shall be permitted to inspect such handlers' premises and any and all records of such handlers with respect to matters within the purview of this part.

The members of the committee (including successors and alternates), and any agent or employee appointed or employed by the committee, shall be subject to removal or suspension by the Secretary at any time. Each and every order, regulation, decision, determination or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time. Upon such disapproval, the disapproved action of the said committee shall be deemed null and void, except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.

§ 945.82 Effective time.

The provisions of this subpart shall become effective at such time as the Secretary may declare above his signature attached to this subpart, and shall continue in force until terminated in

one of the ways specified in this subpart.

§ 945.83 Termination.

(a) The Secretary may, at any time, terminate the provision of this subpart by giving at least one day's notice by means of a press release or in any other manner which he may determine.

(b) The Secretary may terminate or suspend the operation of any or all of the provisions of this subpart whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this subpart at the end of any fiscal period whenever he finds that such termination is favored by a majority of producers who, during the preceding fiscal period, have been engaged in the production for market of potatoes: *Provided*, That such majority has, during such period, produced for market more than fifty percent of the volume of such potatoes produced for market; but such termination shall be effective only if announced on or before April 30 of the then current fiscal period.

(d) The Secretary shall conduct a referendum as soon as practicable after July 31, 1992, and at such time every sixth year thereafter, to ascertain whether continuance of this order is favored by potato producers. The Secretary may terminate the provisions of this order at the end of any fiscal period in which the Secretary has found that continuance of this order is not favored by producers who, during a representative period determined by the Secretary, have been engaged in the production for market of potatoes in the production area. Termination of the order shall be effective only if announced on or before July 1 of the then current fiscal period.

(e) The provisions of this subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

§ 945.84 Proceedings after termination.

(a) Upon the termination of the provisions of this subpart the then functioning members of the committee shall continue as trustees, for the purpose of liquidating the affairs of the committee, of all the funds and property then in the possession of or under control of the committee, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(b) The said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such person as the Secretary may direct; and shall upon request of the Secretary execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the funds, property, and claims vested in the committee or the trustees pursuant thereto.

(c) Any person to whom funds, property, or claims have been transferred or delivered by the committee or its members, pursuant to this section, shall be subject to the same obligations imposed upon the members of the committee and upon the said trustees.

§ 945.85 Effect of termination or amendments.

(a) Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendments to either thereof, shall not (1) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or any regulation issued under this subpart, or (2) release or extinguish any violation of this subpart or of any regulation issued under this subpart, or (3) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violation.

(b) The persons who are committee members and alternates on the effective

date of this subpart shall continue in office until their successors have been selected and have qualified. All rules and regulations issued or approved by the Secretary pursuant to this part (Order No. 945, as amended) and not in conflict herewith, which are in effect immediately prior to the date of this amendment shall continue in effect under this subpart as originally issued, or subsequently modified, until such rules and regulations are changed, modified, or suspended in accordance with this subpart.

§ 945.86 Duration of immunities.

The benefits, privileges, and immunities conferred upon any person by virtue of this subpart shall cease upon the termination of this subpart, except with respect to acts done under and during the existence of this subpart.

§ 945.87 Agents.

The Secretary may, by designation in writing, name any person, including any officer or employee of the Government, or name any bureau or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this subpart.

§ 945.88 Derogation.

Nothing contained in this subpart is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers, granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 945.89 Personal liability.

No member or alternate of the committee, nor any employee or agent thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any handler or to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, or employee, except for acts of dishonesty.

§ 945.90 Separability.

If any provision of this subpart is declared invalid, or the applicability

thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this subpart, or the applicability thereof to any other person, circumstance, or thing, shall not be affected thereby.

§ 945.91 Amendments.

Amendments to this subpart may be proposed, from time to time, by the committee or by the Secretary.

CERTIFICATES OF PRIVILEGE

§ 945.120 General.

Whenever shipments of potatoes for special purposes pursuant to § 945.53 are relieved in whole or in part from grade and size regulations issued under § 945.52 the committee shall require information and evidence as to the manner, methods, and timing of such shipments as safeguards against the entry of any such potatoes into trade channels other than those for which intended. Such information and evidence shall include the requirements set forth below with respect to Certificates of Privilege.

§ 945.121 Qualification.

Before handling potatoes for special purposes which do not meet regulations issued pursuant to § 945.52 a handler must qualify with the committee to handle shipments for special purposes. To qualify he must (a) apply for and receive a Certificate of Privilege indicating his intent to so handle potatoes; (b) agree to comply with reporting and other requirements set forth in §§ 945.121 to 945.125, inclusive, with respect to such shipments; and (c) receive approval of the committee, or its duly authorized agents, to so handle potatoes. Such approval will be based upon evidence furnished in his application for a Certificate of Privilege, and other information available to the committee.

§ 945.122 Application.

(a) Application for a Certificate of Privilege shall be made on forms furnished by the committee. Each application may contain, but need not be limited to, the name and address of the handler; the quantity by grade, size, quality and variety of the potatoes to be shipped; the mode of transportation; the consignee; the destination; the purpose for which the potatoes are to be used; a certification to the United States Department of Agriculture and to the committee as to the truthfulness of the information shown thereon; and any other appropriate information or documents deemed necessary by the committee or its duly authorized agents for the purpose stated in § 945.120.

Agricultural Marketing Service, USDA

§ 945.341

(b) The committee may require each handler making shipments of potatoes for export to include with his application a copy of the Department of Commerce Shipper's Export Declaration Form No. 7525-V applicable to such shipment.

§ 945.123 Approval.

The committee or its duly authorized agents shall give prompt consideration to each application for a Certificate of Privilege. Approval of an application, based upon a determination as to whether the information contained therein and other information available to the committee supports approval, shall be evidenced by the issuance of a Certificate of Privilege to the applicant. Each certificate shall cover a specified period, and specified qualities and quantities of potatoes to be sold or transported to the designated consignee for the purposes declared.

§ 945.124 Reports.

Each handler of potatoes shipping under Certificates of Privilege shall supply the committee with reports as requested by the committee or its duly authorized agents showing the name and address of the shipper; the car or truck identification; the loading point; destination; consignee; the inspection certificate number when inspection is required; and any other information deemed necessary by the committee.

§ 945.125 Disqualification.

The committee from time to time may conduct surveys of handling of potatoes for special purposes requiring Certificates of Privilege to determine whether handlers are complying with the requirements and regulations applicable to such certificates. Whenever the committee finds that a handler or consignee is failing to comply with requirements and regulations applicable to handling of potatoes in special outlets, and requiring such certificates, a Certificate or Certificates of Privilege issued such handler may be rescinded and further certificates denied. Such disqualification shall apply to, and not exceed, a reasonable period of time as determined by the committee but in no event shall it extend beyond the end of

the succeeding fiscal period. Any handler who has a certificate rescinded or denied may appeal to the committee in writing for reconsideration of his disqualification.

Subpart C—Assessment Rates

§ 945.249 Assessment rate.

On and after August 1, 2017, an assessment rate of \$0.002 per hundredweight is established for Idaho-Eastern Oregon potatoes.

producer without regard to the foregoing maturity requirements.

(ii) If an officially inspected lot of potatoes meets the foregoing maturity requirements, but fails to meet the grade and size requirements, the lot may be regraded. If, after regrading, such lot then meets the grade and size requirements but fails to meet the maturity requirements, as indicated by the applicable Federal-State inspection certificate, such lot if not exceeding 100 hundredweight shall be exempt from the foregoing maturity requirements if the handler complies with paragraph (b)(3)(iii) of this section.

(iii) Prior to each shipment of potatoes exempt from the foregoing maturity requirements, the handler thereof shall report to the committee the name and address of the producer of such potatoes, and each such shipment shall be handled as an identifiable entity.

(c) *Pack and marking.* (1) When 50-pound containers (except master containers) of potatoes are marked with a count, size or similar designation, they must meet the count, average count and weight ranges for the count designation listed below.

The following tolerances by weight, are provided for potatoes in any lot which fail to meet the weight range for the designated count:

(i) Not to exceed 5 percent for undersize; and

(ii) Not to exceed 10 percent for oversize.

(2) Potatoes packed in cartons (except when used as a master container) shall be either:

(i) U.S. No. 1 grade or better, except potatoes of U.S. Extra No. 1 shall be no smaller than 110 size nor larger than 60 size; or

(ii) U.S. No. 2 grade in 50-pound fiber-board cartons of natural kraft color, provided the cartons are permanently and conspicuously marked as to grade.

(d) *Inspection.* Except when relieved of such requirement pursuant to paragraphs (e) and (f), or (g) of this section:

(1) No handler shall handle potatoes unless such potatoes are inspected by either the Idaho Federal-State Inspection Service or Oregon Federal-State Inspection Service and are covered and accompanied by a valid inspection certificate, numbered notesheet, or shipping clearance report: *Provided*, That a valid inspection certificate, numbered notesheet, or shipping clearance report is not required to accompany positive lot identified potatoes.

(2) Each lot shipped shall be accompanied by a copy of a valid inspection certificate, a numbered notesheet, shipping clearance report, or the lot must meet PLI requirements established by the Fresh Products Branch, Fruit and Vegetable Division, Agricultural Marketing Service of the U.S. Department of Agriculture.

(3) Inspection certificates, numbered notesheets or shipping clearance reports for potatoes to be shipped must be issued within four days of such shipment. Otherwise, such potatoes, including lots that are positive lot identified, can only be shipped if a new inspection is performed to verify that the potatoes meet the requirements specified in paragraphs (a), (b), and (c) of this section. If the subsequent inspection verifies that the lot meets the requirements of paragraphs (a), (b), and (c) of this section, a new certificate, a new numbered notesheet, or a new shipping clearance report shall be issued and, if positive lot identified, shall reference the original PLI number, and a new PLI number need not be applied to the

lot. However, if upon subsequent inspection, the lot does not meet the requirements specified in either paragraphs (a), (b), or (c) of this section, the lot shall be reconditioned in the presence of an authorized representative of the Idaho Federal-State Inspection Service or Oregon Federal-State Inspection Service prior to the close of the business day. If the lot is reconditioned prior to the close of the business day, a new certificate, a new numbered notesheet, or a new shipping clearance report must be issued, and either a new PLI number must be applied to the lot or the original PLI number must be modified. If the PLI numbered lot is not reconditioned prior to the close of the business day, all PLI numbers must be obliterated. Any inspection certificate, numbered notesheet, or shipping clearance report issued upon a subsequent inspection, including when a lot is reconditioned, must be issued within four days of shipment of the potatoes.

(4) Handlers shall provide the Committee with the destination zip codes of all potatoes handled by permitting the Idaho Federal-State Inspection Service or Oregon Federal-State Inspection Service to review the bills of lading upon inspection to determine the destination zip codes. The destination zip codes shall be included on the inspection certificates. 7 CFR Ch. IX (1-1-20 Edition)

EXPENSES AND ASSESSMENTS

§ 946.40 Expenses.

The committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by it during each fiscal period for its maintenance and functioning, and for such other purposes as the Secretary, pursuant to this subpart, determines to be appropriate. The committee shall submit to the Secretary a budget for each fiscal period, including an explanation of the items appearing therein, and a recommendation as to the rate of assessment for such fiscal period.

[37 FR 10917, June 1, 1972]

§ 946.41 Assessments.

Each handler shall pay to the committee upon demand, his pro rata share of the expenses authorized by the Secretary for each fiscal period. Each handler's pro rata share shall be the rate of assessment per hundredweight fixed by the Secretary times the quantity of potatoes which he handles as the first handler thereof. At any time during or after a fiscal period, the Secretary may increase the rate of assessment as necessary to cover authorized expenses. Such increase shall be applicable to all potatoes handled during the given fiscal period. The payment of expenses for the maintenance and functioning of the committee may be required during periods when no regulations are in effect. If a handler does not pay his assessment within the time prescribed by the committee, the assessment may be increased by a late payment charge or an interest charge, or both, at rates prescribed by the committee with the approval of the Secretary.

[37 FR 10917, June 1, 1972]

§ 946.42 Accounting.

(a) *Excess funds.* At the end of a fiscal period, funds in excess of the year's expenses shall be placed in an operating reserve not to exceed approximately two fiscal periods' operational expenses or such lower limits as the committee, with the approval of the Secretary, may establish. Funds in such reserve

Agricultural Marketing Service, USDA

§ 946.51

(ii) Prepare on forms furnished by the committee a special purpose shipment report on each such shipment, a copy of which must also accompany each shipment. The handler shall forward copies of each such special purpose shipment report to the committee office and to the receiver with instructions to the receiver to sign and return a copy to the committee office. Failure of the handler or receiver to report such shipments by promptly signing and returning the applicable special purpose shipment report to the committee office shall be cause for cancellation of such handler’s certificate applicable to such special purpose shipments and/or the receiver’s eligibility to receive further shipments pursuant to such certificate. Upon cancellation

of such certificate, the handler may appeal to the committee for reconsideration; such appeal shall be in writing;

(iii) Before diverting any such special purpose shipment from the receiver of record as previously furnished to the committee by the handler such handler shall submit to the committee a revised special purpose shipment report.

(2) Handlers desiring to ship potatoes for grading or storing to any specified location in Morrow or Umatilla Counties in the State of Oregon shall:

(i) Notify the committee of intent to ship potatoes by applying on forms furnished by the committee for a certificate applicable to such special purpose shipment. Upon receiving such application, the committee shall supply to the handler the appropriate certificate after it has determined that adequate facilities exist to accommodate such shipments and that such potatoes will be used only for authorized purposes;

(ii) If reshipment is for any purpose other than as specified in paragraph (d) of this section, each handler desiring to make reshipment of potatoes which have been graded or stored shall, prior to reshipment, cause each such shipment to be inspected by an authorized representative of the Federal-State Inspection Service. Such shipments must comply with the minimum grade, size, cleanness, maturity, and pack requirements specified in paragraphs (a), (b), and (c) of this section;

(iii) If reshipment is for any of the purposes specified in paragraph (d) of this section, each handler making reshipment of potatoes which have been graded or stored shall do so in accordance with the applicable safeguard requirements specified in paragraph (e) of this section.

(3) Each handler making shipments of potatoes for canning, freezing, or "other processing" pursuant to paragraph (d) of this section shall:

(i) First apply to the committee for and obtain a Special Purpose Certificate to make shipments for processing;

(ii) Make shipments only to those firms whose names appear on the committee's list of canners, freezers, or other processors of potato products maintained by the committee, or to persons not on the list provided the handler furnishes the committee, prior

to such shipment, evidence that the receiver may reasonably be expected to use the potatoes only for canning, freezing, or other processing;

(iii) Upon request by the committee, furnish reports, or cause reports to be furnished, for each shipment pursuant to the applicable Special Purpose Certificate;

(iv) Mail to the office of the committee a copy of the bill of lading for each Special Purpose Certificate shipment promptly after the date of shipment unless other arrangements are made;

(v) Bill each shipment directly to the applicable processor.

(4) Each receiver of potatoes for processing pursuant to paragraph (d) of this section shall:

(i) Complete and return an application form for consideration of approval as a canner, freezer, or other processor of potato products;

(ii) Certify to the committee and to the Secretary that potatoes received from the production area for processing will be used for such purpose and will not be placed in fresh market channels;

(iii) Report on shipments received as the committee may require and the Secretary approve.

(5) Each handler desiring to make shipments of potatoes for experimentation shall:

(i) First apply to the committee for and obtain a Special Purpose Certificate to make shipments for experimentation;

(ii) Upon request by the committee, furnish reports of each shipment pursuant to the applicable Special Purpose Certificate.

(6) Handlers diverting potatoes to livestock feed are not required to apply for a Special Purpose Certificate nor report such shipments to the committee.

(7) Each handler desiring to make shipments of potatoes for charity shall:

(i) First apply to the committee for, and obtain, a Special Purpose Certificate for the purpose of making shipments for charity: *Provided*, That shipments for charity of 1,000 pounds or less are exempt from the application and reporting requirements: *And provided further*, That potatoes previously

graded, assessed, and inspected in preparation for shipment to the fresh market are exempt from the application and reporting requirements.

(ii) Each handler shipping potatoes to charity must inform the recipient that the potatoes cannot be resold or otherwise placed in commercial market channels.

(8) Each handler making shipments of seed potatoes shall furnish, at the request of the committee, reports on the total volume of seed potatoes handled.

(f) *Minimum quantity exemption.* Each handler may ship up to, but not to exceed 5 hundredweight of potatoes per day without regard to the inspection and assessment requirements of this part, but this exception shall not apply to any shipment over 5 hundredweight of potatoes.

(g) *Inspection.* (1) Except when relieved by paragraphs (d) or (f) of this section, no person may handle any potatoes unless a Federal-State Inspection Notesheet or certificate covering them has been issued by an authorized representative of the Federal-State Inspection Service and the document is valid at the time of shipment.

(2) U.S. No. 1 grade or better potatoes in the State of Washington which are resorted or repacked within 72 hours of being inspected and certified are exempt from reinspection.

(h) *Definitions.* The terms *U.S. No. 1*, *U.S. No. 2*, *not seriously damaged by dirt*, *fairly clean*, *slightly skinned*, and *moderately skinned* shall have the same meaning as when used in the United States Standards for Grades of Potatoes (7 CFR 51.1540–51.1566), including the tolerances set forth in it. The term *prepeeling* means the commercial preparation in the prepeeling plant of clean, sound, fresh tubers by washing, peeling or otherwise removing the outer skin, trimming, sorting, and properly treating to prevent discoloration preparatory to sale in one or more of the styles of peeled potatoes described in §52.2422 United States Standards for Grades of Peeled Potatoes (7 CFR 52.2421–52.2433). The term *other processing* has the same meaning as the term appearing in the Act and includes, but is not restricted to, potatoes for dehydration, chips, shoe-

strings, starch, and flour. It includes the application of heat or cold to such an extent that the natural form or stability of the commodity undergoes a substantial change. The act of peeling, cooling, slicing, dicing, or applying material to prevent oxidation does not constitute “other processing.” Other terms used in this section have the same meaning as when used in the marketing agreement, as amended, and this part.

(2) Upon recommendation of the Colorado Potato Committee, or on other available information, the general cull regulation may be suspended or modified by the Secretary during a specified period with respect to any or all varieties of potatoes.

(b) *Area marketing policies.* Each season prior to or at the same time as initial recommendations are made pursuant to § 948.21, each area committee shall submit to the Secretary a report setting forth the marketing policy it deems desirable for the industry to follow in handling the respective area's potatoes during the ensuing season. Additional reports shall be submitted from time to time if it is deemed advisable by an area committee to adopt a new marketing policy because of changes in the demand and supply situation with respect to potatoes. The committee shall publicly announce the submission of each such marketing policy report and copies thereof shall be available at the committee's office for inspection by any producer or any handler. In determining each such marketing policy the committee shall give due consideration to the following:

(1) Supply of potatoes by grade, size, quality, and maturity in the respective area, in the production area, and in other areas;

(b) Such safeguards may include requirements that handlers or processors desiring to handle potatoes pursuant to § 948.23 shall:

(1) Apply for and obtain Certificates of Privilege from the area committee for handling potatoes affected or to be affected under the provisions of § 948.23;

(2) Obtain inspection as required by § 948.40, or pay the assessment levied pursuant to § 948.77, or both, except as modified pursuant to § 948.23 in connection with shipments made under any such certificate; and

(3) Furnish the committee such information, and execute or obtain execution of such documents, as the committee may require.

(c) An area committee may rescind or deny to any handler permission to handle potatoes pursuant to § 948.23 of this subpart if proof satisfactory to the committee is obtained that potatoes handled by him for a purpose stated in § 948.23 were handled contrary to the provisions of this subpart.

(d) The committee shall make reports to the Secretary, as requested, showing the number of applications for such certificates, the quantity of potatoes covered by such applications, the number of such applications denied and certificates granted, the quantity of potatoes handled under duly issued certificates, and such other information as may be requested.

EXEMPTIONS

§ 948.28 Policy.

Any producer whose potatoes have been adversely affected by acts beyond the control or reasonable expectation of a prudent grower and who, by reason of any regulation issued pursuant to this part, is or will be prevented from shipping or having shipped during the then current marketing season, or a specific portion thereof, as large a proportion of his potato crop as the average proportion shipped or to be shipped during comparable portions of the season by all producers in his immediate area of production, may apply to the committee for exemptions from such regulations for the purpose of obtaining equitable treatment under such regulations.

§ 948.29 Procedure.

Rules and procedures for granting exemptions may be issued by the Secretary, upon recommendation of area committees. Such rules and procedures may provide for methods of determinations by area committees of average proportions of crops shipped or being

§ 948.30

shipped in respective areas or subdivisions thereof during any or all portions of a season, for processing applications for exemption, for issuing or denying certificates of exemption, for administrative compliance with certificates issued, for reports by handlers thereon, and for such other procedures as may be necessary to administration hereof.

§ 948.30 Granting exemptions.

An area committee may issue certificates of exemption to any qualified applicant who furnishes adequate evidence to such committee:

(a) That the grade, size, or quality of the applicant's potatoes have been adversely affected by acts beyond his control or reasonable expectations;

(b) That by reason of regulations issued pursuant to § 948.20 or § 948.22, the applicant will be prevented as a producer from shipping or having shipped as large a proportion of his production as the average proportion of production shipped by all producers in said applicant's immediate area of production during the season, or a specific portion thereof.

(c) Each such certificate issued shall permit the person identified therein to ship or have shipped the potatoes described thereon, and evidence of such certificates shall be made available to subsequent handlers thereof.

§ 948.31 Investigation.

An area committee shall be permitted at any time to make a thorough investigation of any applicant's claim pertaining to exemptions.

§ 948.32 Appeal.

If any applicant for exemption certificates is dissatisfied with the determination by an area committee with respect to his application, he may file an appeal with the committee. Any applicant filing an appeal shall furnish evidence satisfactory to the committee for a determination on the appeal.

RESEARCH AND DEVELOPMENT

§ 948.35 Research and development.

The committee, with the approval of the Secretary, may provide for the establishment of marketing research and development projects designed to as-

7 CFR Ch. IX (1-1-20 Edition)

sist, improve, or promote the marketing, distribution, and consumption of potatoes and may make available committee information and data to any person, or to any employee of an agency or its agent, authorized by the committee as its agent with the approval of the Secretary, to conduct such projects.

INSPECTION

§ 948.40 Inspection and certification.

(a) During any period in which the handling of potatoes is regulated pursuant to § 948.20 through § 948.24, inclusive, no handler shall handle potatoes unless such potatoes are inspected by an authorized representative of the Federal or a Federal-State Inspection Service and are covered by a valid inspection certificate, except when relieved of such requirements by § 948.22(b), § 948.23, or § 948.40(b).

(b) Rules may be issued by the Secretary, upon recommendation of the Colorado Potato Committee requiring inspection on regraded, resorted or repacked lots, or providing for special inspection requirements or relief therefrom. Such rules may provide distinctions, insofar as practical, between handling at shipping point and handling in receiving markets within the production area.

(c) Upon recommendation of an area committee and approval by the Secretary, any or all potatoes so inspected and certified shall be identified by appropriate seals, stamps, or tags to be affixed to the containers by the handler under the direction and supervision of a Federal or Federal-State Inspector or the committee. Master containers may bear the identification instead of the individual containers within said master container.

(d) Insofar as the requirements of this section are concerned, the length of time for which an inspection certificate is valid may be established by the committee with the approval of the Secretary.

(e) When potatoes are inspected in accordance with the requirements of this section, a copy of each inspection certificate issued shall be made available to the committee by the inspection service.

Agricultural Marketing Service, USDA

§ 948.53

(f) Area committees with the approval of the Colorado Potato Committee may recommend and the Secretary may require that no handler shall transport or cause the transportation of potatoes by motor vehicle or by other means unless such shipment is accompanied by a copy of the inspection certificate issued thereon, or other document authorized by the committee to indicate that such inspection has been performed. Such certificate or document shall be surrendered to such authority as may be designated.

Handlers shall share expenses upon the basis of a fiscal period. Each handler's share of such expenses shall be proportionate to the ratio between the total quantity of potatoes handled by him as the first handler thereof during a fiscal period and the total quantity of potatoes handled by all handlers as first handlers thereof during such fiscal period.

§ 948.76 Budget.

As soon as practicable after the beginning of each fiscal period and as may be necessary thereafter, each area committee shall prepare an estimated budget of income and expenditures necessary for its administration of this part. Each area committee shall present such budget to the Secretary with an accompanying report showing the basis for its calculations.

§ 948.77 Assessments.

(a) The funds to cover each area committee's expenses shall be acquired by the levying of assessments upon handlers as provided in this subpart. Each handler who first handles potatoes under this part, shall pay assessments to his respective area committee upon demand, which assessments shall be in

payment of such handler's pro rata share of the area committee's expenses.

(b) Assessments shall be levied upon handlers at rates established by the Secretary. Such rates may be established upon the basis of each area committee's budget, recommendations, and other available information. Such rates may be applied to specified containers used in the production area.

(c) At any time during, or subsequent to, a given fiscal period each area committee may recommend the approval of an amended budget and an increase in the rate of assessment. Upon the basis of such recommendations, or other available information, the Secretary may approve an amended budget and increase the rate of assessment. Such increase shall be applicable to all potatoes grown within the particular area where an area committee recommends such increase and which were handled by the first handler thereof during such fiscal period.

(d) The payment of assessments for the maintenance and functioning of each area committee may be required under this part throughout the period it is in effect irrespective to whether particular provisions thereof are suspended or become inoperative.

(e) In order to provide funds to enable each area committee to perform its functions under this part, handlers may make advance payment of assessments.

(1) If such excess is not retained in a reserve, as provided in paragraph (a)(2) of this section, it shall be refunded proportionately to the persons from whom it was collected.

(2) An area committee, with the approval of the Secretary, may carry over such excess into subsequent fiscal periods as a reserve: *Provided*, That funds already in the reserve are less than approximately two fiscal period's expenses. Such reserve funds may be used (i) to defray expenses, during any fiscal period, prior to the time assessment income is sufficient to cover such

expenses; (ii) to cover deficits incurred during any fiscal period when assessment income is less than expenses; (iii) to defray expenses incurred during any period when any or all provisions of this subpart are suspended or are inoperative; (iv) to cover necessary expenses of liquidation in the event of termination of this subpart. Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate. To the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by an area committee pursuant to the provisions of this part shall be used solely for the purposes specified herein. The Secretary may at any time require an area committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the term of office of any member of an area committee, such member shall account for all receipts and disbursements and deliver all property and funds in his possession to such committee, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such committee full title to all of the property funds and claims vested in such member pursuant to this part.

(d) Each area committee may make recommendations to the Secretary for one or more of the members thereof, or any other person, to act as a trustee for holding records, funds, or any other committee property during periods of suspension of this subpart, or during any period or periods when regulations are not in effect and if the Secretary determines such action appropriate, he may direct that such person or persons shall act as trustee or trustees for such committee.

Such increase shall be applicable to all Vidalia onions which were handled during such fiscal period.

(d) The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions of this part are suspended or become inoperative.

(e) To provide funds for the administration of the provisions of this part during the initial fiscal period or the first part of a fiscal period when neither sufficient operating reserve funds nor sufficient revenue from assessments on the current seasons's shipments are available, the committee may accept payment of assessments in advance or may borrow money for such purposes.

(f) The committee may impose a late payment charge or an interest charge or both, on any handler who fails to pay any assessment in a timely manner. Such time and the rates shall be recommended by the committee and approved by the Secretary.

§ 955.43 Accounting.

(a) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part.

(b) The Secretary may at any time require the committee, its members and alternates, employees, agents and all other persons to account for all receipts and disbursements, funds, property, or records for which they are responsible. Whenever any person ceases to be a member or alternate of the committee, such person shall account for all receipts and disbursements and deliver all property and funds in such member's possession to the committee,

pertaining to the committee's activities for which such person was responsible, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the committee full title to all of the property, funds, and claims vested in such person.

Handlers shall share expenses upon the basis of a fiscal period. Each handler's share of such expenses shall be proportionate to the ratio between the total quantity of such handler's onion shipments inspected pursuant to this part that are handled by him as the first handler thereof during a fiscal period, and the total quantity of such onions handled by all handlers as first handlers thereof during the same period.

§ 958.41 Budget.

Prior to each fiscal period, and as may be necessary thereafter the committee shall prepare a budget of estimated income and expenditures necessary for the administration of this part. The committee shall recommend to the Secretary a rate of assessment calculated to provide adequate funds to defray its proposed expenditures. The committee shall present such budget promptly to the Secretary with an accompanying report thereon showing the basis for its calculations and recommended rate.

[22 FR 26, Jan. 3, 1957. Redesignated at 26 FR 12751, Dec. 30, 1961, as amended at 41 FR 36196, Aug. 27, 1976]

Each handler who handles onions as the first handler thereof which are inspected pursuant to this part shall pay assessments to the committee upon demand, which assessments shall be in payment of such handler's pro rata share of such expenses.

(b) Assessments shall be levied upon handlers at rates established by the Secretary. Such rates may be established upon the basis of the commit-

tee's recommendations or other available information.

(c) At any time during or subsequent to a given fiscal period, the committee may recommend the approval of an amended budget and an increase in the rate of assessment. Upon the basis of such recommendation, or other available information, the Secretary may approve an amended budget and increase the rate of assessment. Such increase shall be applicable to all onion shipments inspected pursuant to this part during such fiscal period.

§ 958.43 Accounting.

(a) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purposes specified in this part.

(b) The Secretary may at any time require the committee, its members and alternates, employees, agents, and all other persons to account for all receipts and disbursements, funds, property, or records for which they are responsible. Whenever any person ceases to be a member or alternate of the committee, he shall account for all receipts, disbursements, funds, and property (including, but not being limited to, books and other records) pertaining to the committee's activities for which he is responsible, and deliver all such property and funds in his hands to such successor, agency, or person as may be designated by the Secretary, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in each such successor, agency, or person as may be designated by the Secretary the right to all of such property and funds and all claims vested in such person.

(c) The committee may make recommendations to the Secretary for one or more of the members thereof, or any other person, to act as a trustee for holding records, funds, and any other committee property during periods of suspension of this part, or during any periods when regulations are not in effect; and, if the Secretary determines such action appropriate, he may direct that such person or persons shall so act as trustee or trustees.

Agricultural Marketing Service, USDA

§ 958.50

§ 958.44 Reserve fund.

At the end of each fiscal period, funds in excess of the committee's expenses may be placed in an operating reserve not to exceed approximately 1 fiscal year's operational expenses or such lower limits as the committee, with the approval of the Secretary, may establish. Also, the committee, with the approval of the Secretary, may include in its budget an item for such reserve. Funds in the reserve shall be available for use by the committee for expenses authorized pursuant to § 958.40. Funds in excess of those placed in the operating reserve shall be refunded to handlers. Each handler's share of such excess shall be the amount he paid in excess of his pro rata share of the expenses of the committee.

[32 FR 11261, Aug. 3, 1967]

§ 958.45 Accounting of funds upon termination of the order.

Any funds collected as assessments pursuant to this subpart and remaining unexpended in the possession of the committee after termination of this part shall be distributed in such manner as the Secretary may direct: *Provided*, That to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

[32 FR 11262, Aug. 3, 1967]

[41 FR 36196, Aug. 27, 1976]

(a) The committee with the approval of the Secretary, may establish or provide for the establishment of projects involving production research, marketing research and development projects, and marketing promotion including paid advertising, designed to

Any such project for the promotion and advertising of onions may utilize an identifying mark which shall be made available for use by all handlers in accordance with such terms and conditions as the committee, with the approval of the Secretary, may prescribe. The expenses of such projects shall be paid from funds collected pursuant to § 958.42 or § 958.46.

(3) The anticipated benefits from such projects in relation to their costs;

(4) The need for marketing research with respect to any market development activity; and

(5) The need for a coordinated effort with USDA's Food Marketing Alert or other similar programs.

(c) If the committee should conclude that a program of research or development should be undertaken, or continued, in any crop year, it shall submit the following for the approval of the Secretary:

REGULATION

§ 958.50 Marketing policy.

(a) *Preparation.* Prior to each marketing season the committee shall consider and prepare a proposed policy for the marketing of onions. In developing its marketing policy the committee shall investigate relevant supply and demand conditions for onions. In such investigations the committee shall

§ 958.51

7 CFR Ch. IX (1–1–20 Edition)

give appropriate consideration to the following:

(1) Market prices for onions, including prices by variety, grade, size, and quality, and by different packs;

(2) Supply of onions by grade, size, quality, and variety in the production area and in other onion producing sections;

(3) The trend and level of consumer income;

(4) Establishing and maintaining orderly marketing conditions for onions;

(5) Orderly marketing of onions as will be in the public interest; and

(6) Other relevant factors.

(b) *Reports.* (1) The committee shall submit a report to the Secretary setting forth the aforesaid marketing policy; and the committee shall notify producers and handlers of the contents of such report.

(2) In the event it becomes advisable to shift from such marketing policy because of changed supply and demand conditions, the committee shall prepare an amended or revised marketing policy in accordance with the manner previously outlined. The committee shall submit a report thereon to the Secretary and notify producers and handlers of the contents of such report on the revised or amended marketing policy.

§ 958.51 Recommendations for regulations.

The committee shall recommend regulations to the Secretary whenever it finds that such regulations as provided in § 958.52 will tend to effectuate the declared policy of the act. The committee also may recommend modification, suspension, or termination of any regulation, or amendments thereto, in order to facilitate the handling of onions for the purposes authorized in § 958.53. The committee may also recommend amendment, modification, termination, or suspension of any regulation issued under this part.

§ 958.52 Issuance of regulations.

(a) Except as otherwise provided in this part, the Secretary shall limit the shipment of onions by any one or more of the methods hereinafter set forth whenever he finds from the recommendations and information sub-

mitted by the committee, or from other available information, that such regulation would tend to effectuate the declared policy of the act. Such limitation may:

(1) Regulate in any or all portions of the production area, the handling of particular grades, sizes, or qualities of any or all varieties of onions, or combinations thereof, during any period or periods;

(2) Regulate the handling of particular grades, sizes, or qualities, of onions differently, for different varieties, for different portions of the production area, for different packs, or for any combination of the foregoing, during any period or periods;

(3) Provide a method, through rules and regulations issued pursuant to this part, for fixing the size, capacity, weight, dimensions, or pack of the container, or containers, which may be used in the packaging or handling of onions, including appropriate container markings to identify the contents thereof;

(4) Regulate the handling of onions by establishing, in terms of grades, sizes, or both, minimum standards of quality and maturity; or

(5) Limit the shipment of the total quantity of onions by prohibiting the handling thereof during a specified period or periods. No regulation issued pursuant to this subparagraph shall be effective for more than 96 consecutive hours: *Provided*, That not less than 72 consecutive hours shall elapse between the termination of any such period of prohibition and the beginning of the next such period.

(6) Regulate the handling of onions by establishing, in terms of total weight or total number of layers of containers of onions, the maximum load in railcars, taking into account types of containers and sizes of railcars used, potential resulting damage, and other relevant factors.

(b) In the event the handling of onions is regulated pursuant to paragraph (a)(5) of this section, no handler shall handle any onions which were prepared for market or loaded during the effective period of such regulation. However, during any such period, no such regulation shall be deemed to limit the right of any person to sell or contract

Agricultural Marketing Service, USDA

§ 958.56

to sell onions for future shipment or delivery.

(c) The Secretary may amend any regulation issued under this part whenever he finds that such amendment would tend to effectuate the declared policy of the act. The Secretary may also terminate or suspend any regulation or amendment thereof whenever he finds that such regulation or amendment obstructs or no longer tends to effectuate the declared policy of the act.

[22 FR 26, Jan. 3, 1957. Redesignated at 26 FR 12751, Dec. 30, 1961, as amended at 32 FR 11262, Aug. 3, 1967; 47 FR 8000, Feb. 24, 1982]

§ 958.53 Handling for specified purposes.

Upon the basis of recommendations and information submitted by the committee, or other available information, the Secretary shall issue special regulations, or modify, suspend, or terminate requirements in effect pursuant to §§ 958.42, 958.52, 958.60, or any combination thereof, in order to facilitate the handling of onions for the following purposes whenever he finds that to do so will tend to effectuate the declared policy of the act:

- (a) Shipments of onions for export;
- (b) Shipments of onions for relief or to charitable institutions;
- (c) Shipments of onions for livestock feed;
- (d) Shipments of onions for planting; and
- (e) Shipments of onions for other purposes which may be specified.

§ 958.54 Minimum quantities.

The committee, with the approval of the Secretary, may establish minimum quantities below which onion shipments will be free from the requirements in, or pursuant to, §§ 958.42, 958.52, 958.53, 958.60, or any combination thereof.

§ 958.55 Notification of regulations.

The Secretary shall notify the committee of each regulation issued, and of each amendment, modification, suspension, or termination thereof. The committee shall give reasonable notice thereof to handlers.

§ 958.56 Safeguards.

(a) The committee, with the approval of the Secretary, may prescribe adequate safeguards to prevent onions shipped,

(1) Pursuant to § 958.53 or § 958.54; or

(2) To commercial dehydrators for processing by such dehydrators into dehydrated onion products,

from entering channels of trade for other than the purpose authorized therefor.

(b) The committee, with the approval of the Secretary, may also prescribe rules and regulations governing the issuance, and the contents, of Certificates of Privilege if such certificates are prescribed as safeguards by the committee. Such safeguards may include requirements that:

(1) Handlers shall first file applications with the committee to ship such onions;

(2) Handlers shall obtain inspection provided by § 958.60, or pay the pro rata share of expenses provided by § 958.42, or both, in connection with such onions; and

(3) Handlers shall obtain Certificates of Privilege from the committee prior to effecting the particular onion shipment.

(c) The committee may rescind any Certificate of Privilege, or refuse to issue any Certificate of Privilege to any handler if proof is obtained that onions shipped by him for the purposes stated in the Certificate of Privilege were handled contrary to the provisions of this part.

(d) The Secretary shall have the right to modify, change, alter, or rescind any safeguards prescribed and any certificates issued by the committee pursuant to the provisions of this section.

(e) The committee shall make reports to the Secretary, as requested, showing the number of applications for such certificates, the quantity of onions covered by such applications, the number of such applications denied and certificates granted, the quantity of onions handled under duly issued certificates, and such other information as may be requested.

INSPECTION

REPORTS

§ 958.60 Inspection and certification.

(a) During any period in which shipments of onions are regulated pursuant to this subpart, no handler shall handle onions unless such onions are inspected by an authorized representative of the Federal-State Inspection Service, or such other inspection service as the Secretary shall designate and are covered by a valid inspection certificate, except when relieved from such requirements pursuant to § 958.53, § 958.54, or both.

(b) Regarding, resorting, or repacking any lot of onions shall invalidate prior inspection certificates insofar as the requirements of this section are concerned. No handler shall ship onions after they have been regarded, resorted, repacked or in any other way further prepared for market, unless such onions are inspected by an authorized representative of the Federal-State Inspection Service, or such other inspection service as the Secretary shall designate.

(c) Upon recommendation of the committee, and approval of the Secretary, all onions that are required to be inspected and certified in accordance with this section, shall be identified by appropriate seals, stamps, tags, or other identification to be furnished by the committee and affixed to the containers by the handler under the direction and supervision of the Federal-State, or Federal inspector, or the committee. Master containers may bear the identification instead of the individual containers within said master container.

(d) Insofar as the requirements of this section are concerned, the length of time for which an inspection certificate is valid may be established by the committee with the approval of the Secretary.

(e) When onions are inspected in accordance with the requirements of this section, a copy of each inspection certificate issued shall be made available to the committee by the inspection service.

§ 958.65 Reports.

Upon request of the committee, made with the approval of the Secretary, each handler shall furnish to the committee, in such manner and at such time as it may prescribe, such reports and other information as may be necessary for the committee to perform its duties under this part.

(a) Such reports may include, but are not necessarily limited to, the following:

(1) The quantities of onions received by a handler;

(2) The quantities disposed of by him, segregated as to the respective quantities subject to regulation and not subject to regulation;

(3) The date of each such disposition and the identification of the carrier transporting such onions; and

(4) identification of the inspection certificates relating to the onions which were handled pursuant to §§ 958.53 and 958.54.

(b) All such reports shall be held under appropriate protective classification and custody by the committee, or duly appointed employees thereof, so that the information contained therein which may adversely affect the competitive position of any handler in relation to other handlers will not be disclosed. Compilations of general reports from data submitted by handlers is authorized, subject to the prohibition of disclosure of individual handler's identities or operations.

(c) Each handler shall maintain for at least two succeeding years such records of the onions received, and of onions disposed of, by such handler as may be necessary to verify the reports he submits to the committee pursuant to this section.

EFFECTIVE TIME AND TERMINATION

§ 958.70 Effective time.

The provisions of this subpart, or any amendment thereto, shall become effective at such time as the Secretary may declare and shall continue in force until terminated in one of the ways specified in this subpart.

(b) The Secretary may terminate or suspend the operations of any or all of the provisions of this subpart whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(c) The Secretary shall terminate the provisions of this subpart at the end of any fiscal period whenever he finds that such termination is favored by a majority of producers who, during a representative period, have been engaged in the production for market of onions: *Provided*, That such majority has, during such representative period, produced for market more than fifty percent of the volume of such onions produced for market, but such termination shall be effective only if announced on or before May 31 of the then current fiscal period.

(d) The provisions of this subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

§ 958.72 Proceeding after termination.

Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(b) The said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such person as the Secretary may direct; and shall, upon request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the

funds, property, and claims vested in the committee or the trustees pursuant to this subpart.

(c) Any person to whom funds, property, or claims have been transferred or delivered by the committee or its members pursuant to this section, shall be subject to the same obligations imposed upon the members of the committee and upon the said trustees.

§ 958.73 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or of any regulation issued under this subpart; (b) release or extinguish any violation of this subpart or of any regulations issued under this subpart; or (c) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violations.

Subpart C—Handling Requirements

§ 958.328 Handling regulation.

No person shall handle any lot of onions, except braided red onions, unless such onions are at least "moderately cured," as defined in paragraph (h) of this section, and meet the requirements of paragraphs (a), (b), and (c) of this section, or unless such onions are handled in accordance with paragraphs (d), (e) and (f) or (g) of this section.

(a) *Grade and size requirements*—(1) *White varieties (except cipolline (Borettana) varieties)*. Shall be either:

(i) U.S. No. 1, 1 inch minimum to 2 inches maximum diameter; or

(ii) U.S. No. 1, at least 1½ inches minimum diameter. However, neither of these two categories of onions may be commingled in the same bag or other container.

(2) *Cipolline (Borettana) varieties and red varieties*. U.S. No. 2 or better grade, at least 1½ inches minimum diameter.

(3) *All other varieties*. Shall be either:

(i) U.S. No. 2 or U.S. Commercial grade, at least 3 inches minimum diameter, but not more than 30 percent of the lot shall be comprised of onions of U.S. No. 1 quality when packed in containers weighing less than 60 pounds; or

(ii) U.S. No. 1, 1¾ inches minimum to 2¾ inches maximum diameter; or

(iii) U.S. No. 1, at least 2¾ inches minimum diameter.

However, none of these three categories of onions may be commingled in the same bag or other container.

(b) *Pack*. Onions packed as U.S. Commercial grade in containers weighing less than 60 pounds shall have the

grade marked permanently and conspicuously on the container.

(c) *Inspection.* No handler may handle any onions regulated hereunder unless such onions are inspected by the Federal-State Inspection Service and are covered by a valid applicable inspection certificate, except when relieved of such requirement pursuant to paragraph (d), (e) or (g) of this section.

(d) *Onions for peeling, chopping, or slicing.* Onions that have been inspected and certified as meeting the requirements of paragraphs (a) and (b) of this section and that are subsequently peeled, chopped, or sliced for fresh market within the production area may be handled without reinspection: *Provided the following:*

(1) Each handler making shipments of onions for alteration or performing alteration by peeling, chopping, or slicing must furnish the committee the following information on the “Fresh Cut Report” and such other documents as required:

- (i) Business name, address, telephone number, signature, and the date the form was signed;
- (ii) The date of peeling, chopping, or slicing;
- (iii) Inspection certificate number;
- (iv) The quantity of onions; and
- (v) Such other information as may be required by the committee.

(2) Handlers who peel, chop, or slice onions produced outside the production area must provide the committee with documentation showing that the onions so prepared were produced outside the production area.

(e) *Special purpose shipments.* (1) The minimum grade, size, maturity, pack, assessment, and inspection requirements of this section shall not be applicable to shipments of onions for any of the following purposes:

- (i) Planting,
- (ii) Livestock feed,
- (iii) Charity,
- (iv) Dehydration,
- (v) Canning,
- (vi) Freezing,
- (vii) Extraction,
- (viii) Pickling, and

(f) *Safeguards.* Each handler making shipments of onions outside the production area for dehydration, canning, freezing, extraction, pickling, or experimentation pursuant to paragraph (e) of this section shall:

(1) Furnish “Application to Make Special Purpose Shipments—Certificate of Privilege” and such other information to the committee as required. The committee will review and verify each “Application to Make Special Purpose Shipments—Certificate of Privilege” and notify the handler of approval or disapproval. The committee may contact the receiver or receiver’s agent of the special purpose shipment for verification and request the receiver or receiver’s agent to complete a “Special Purpose Shipment Receiver Certification”

(2) Bill or consign each shipment directly to the applicable receiver or receiver’s agent of the special purpose shipment;

(3) Furnish “Onion Diversion Report” and such other information to the committee as required. Failure of the handler to furnish such report and information as required to the committee may be cause for cancellation of such handlers’ Certificate of Privilege. Upon cancellation of any such Certificate of Privilege the handler may appeal to the committee for reconsideration. The committee may audit a receiver or receiver’s agent of the special purpose shipment to verify reports and information submitted by handlers. Failure of a receiver or receiver’s agent of a special purpose shipment to comply with the committee may be cause for cancellation of the receiver’s or receiver agent’s eligibility to receive further special purpose shipments from

the production area. Upon cancellation of any such Certificate of Privilege the receiver or the receiver's agent may appeal to the committee for reconsideration.

(g) *Minimum quantity exemption.* Each handler may ship up to, but not to exceed, one ton of onions each day without regard to the inspection and assessment requirements of this part, if such onions meet minimum grade, size and maturity requirements of this section. This exception shall not apply to any portion of a shipment that exceeds one ton of onions.

(h) *Definitions.* The terms "U.S. No. 1", "U.S. Commercial," and "U.S. No. 2" have the same meaning as defined in the United States Standards for Grades of Onions (Other than Bermuda Granex-Grano and Creole Types), as amended (7 CFR 51.2830 through 51.2854), or the United States Standards for Grades of Bermuda-Granex-Grano Type Onions (7 CFR 51.3195 through 51.3209), as amended, whichever is applicable to the particular variety, or variations thereof specified in this section. The term "braided red onions" means onions of red varieties with tops braided (interlaced). "Pearl onions" means onions produced using specific cultural practices that limit growth to the same general size as boilers and picklers (defined in the United States Standards specified in this paragraph), and that have been inspected and certified as measuring 2 inches in diameter or less. The term "moderately cured" means the onions are mature and are more nearly well cured than fairly well cured. Other terms used in this section have the same meaning as when used in Marketing Agreement No. 130 and this part.

§ 959.31 Alternate members.

An alternate member of the committee shall act in the place and stead of the member for whom he is an alternate, during such member's absence or when designated to do so by the member for whom he is an alternate. (l) To consult, cooperate, and exchange information with other marketing agreement committees and other individuals or agencies in connection with all proper committee activities and objectives under this part.

EXPENSES AND ASSESSMENTS

§ 959.40 Expenses.

The committee is authorized to incur such expenses as the Secretary may find are reasonable and likely to be incurred during each fiscal period for its maintenance and functioning, and for such purposes as the Secretary, pursuant to this subpart, determines to be appropriate. Handlers shall share expenses on the basis of a fiscal period. Each handler's share of such expenses shall be proportionate to the ratio between the total quantity of onions handled by him as the first handler thereof during a fiscal period and the quantity of onions handled by all handlers as first handlers thereof during such fiscal period.

§ 959.41 Budget.

As soon as practicable after the beginning of each fiscal period and as may be necessary thereafter, the committee shall prepare an estimated budget of income and expenditures necessary for the administration of this part. The committee may recommend a rate of assessment calculated to provide adequate funds to defray its proposed expenditures. The committee shall present such budget to the Secretary with an accompanying report showing the basis for its calculations.

§ 959.42 Assessments.

(a) The funds to cover the committee's expenses shall be acquired by the levying of assessments upon handlers as provided in this subpart. Each handler who first handles onions, which are regulated under this part, shall pay assessments to the committee upon demand, which assessments shall be in payment of such handler's pro rata share of the committee's expenses.

Agricultural Marketing Service, USDA

§ 959.48

(b) Assessments shall be levied upon handlers at rates established by the Secretary. Such rates may be established upon the basis of the committee's recommendations and other available information. Such rates may be applied to specified containers used in the production area.

(c) At any time during, or subsequent to, a given fiscal period the committee may recommend the approval of an amended budget and an increase in the rate of assessment. Upon the basis of such recommendations, or other available information, the Secretary may approve an amended budget and increase the rate of assessment. Such increase shall be applicable to all onions which were regulated under this part and which were handled by the first handlers thereof during such fiscal period.

(d) The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(e) If a handler does not pay assessments within the time prescribed by the committee, the assessment may be increased by a late payment charge and/or an interest rate charge at amounts prescribed by the committee with approval of the Secretary.

[26 FR 704, Jan. 25, 1961, as amended at 73 FR 10976, Feb. 29, 2008]

(a) Assessments collected in excess of expenses incurred shall be accounted for in accordance with one of the following:

(1) Excess funds not retained in a reserve, as provided in paragraph (a)(2) of this section shall be refunded proportionately to the persons from whom they were collected.

(2) The committee, with the approval of the Secretary, may carry over excess funds into subsequent fiscal periods as reserves: *Provided*, That funds already in reserves do not equal approximately two fiscal periods' expenses. Such reserve funds may be used (i) to defray expenses during any fiscal period prior to the time assessment income is sufficient to cover such expenses, (ii) to

cover deficits incurred during any fiscal period when assessment income is less than expenses, (iii) to defray expenses incurred during any period when any or all provisions of this part are suspended or are inoperative, (iv) to cover necessary expenses of liquidation in the event of termination of this part. Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate. To the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided for in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the term of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in his possession to the committee, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the committee full title to all of the property, funds, and claims vested in such member pursuant to this part.

(d) The committee may make recommendations to the Secretary for one or more of the members thereof, or any other person, to act as a trustee for holding records, funds, or any other committee property during periods of suspension of this subpart, or during any period or periods when regulations are not in effect and if the Secretary determines such action appropriate, he may direct that such person or persons shall act as trustee or trustees for the committee.

(2) Limit the handling of particular grades, sizes, qualities, or packs of onions differently for different varieties, for different containers, for different portions of the production area, or any combination of the foregoing, during any period;

(3) That regulations issued hereunder no longer tend to effectuate the declared policy of the act.

(d) No handler may handle onions that were packaged or loaded or both during any period when such packaging or loading or both was prohibited by any regulation issued pursuant to paragraphs (b)(5) or (6) of this section, except such onions as were exempted thereunder.

INSPECTION

§ 959.60 Inspection and certification.

(a) Whenever the handling of onions is regulated pursuant to § 959.52, or at other times when recommended by the committee and approved by the Secretary, no handlers shall handle onions unless they are inspected by an authorized representative of the Federal or Federal-State Inspection Service and are covered by a valid inspection certificate, except when relieved from such requirements pursuant to § 959.52(c) or § 959.54, or paragraph (b) of this section.

(b) Regarding, resorting, or repacking any lot of onions shall invalidate any prior inspection certificate insofar as the requirements of this section are concerned. No handler shall handle onions after they have been regraded, resorted, or repacked unless such onions are inspected by an authorized representative of the Federal or Federal-State Inspection Service. Such inspection requirements on regraded, resorted, or repacked onions may be modified, suspended, or terminated upon recommendation by the committee and approval of the Secretary.

(c) Upon recommendation of the committee and approval by the Secretary, any or all onions so inspected and certified shall be identified by appropriate seals, stamps, or tags to be affixed to the containers by the handler under the direction and supervision of a Federal or Federal-State Inspector or the Committee. Master containers may bear the identification instead of the individual containers within said master container.

(d) At any time this marketing order is inoperative, compulsory inspection is not required.

(e) Insofar as the requirements of this section are concerned, the length of time for which an inspection certificate is valid may be established by the committee with the approval of the Secretary.

(f) When onions are inspected in accordance with the requirements of this section, a copy of each inspection certificate issued shall be made available to the committee by the Inspection Service.

§ 959.80

(g) The committee may recommend and the Secretary may require that no handler shall transport or cause the transportation of onions by motor vehicle or by other means unless such shipment is accompanied by a copy of the inspection certificate issued thereon, or other document authorized by the committee to indicate that such inspection has been performed. Such certificate or document shall be surrendered to such authority as may be designated.

REPORTS

§ 959.80 Reports.

Upon request of the committee, made with the approval of the Secretary, each handler shall furnish to the committee, in such manner or form and at such time as it may prescribe, such reports and other information as may be necessary for the committee to perform its duties under this part.

(d) The Secretary shall conduct a referendum within six years after the effective date of this paragraph and every sixth year thereafter to ascertain whether continuance is favored by producers. The Secretary would consider termination of this part if less than two-thirds of the growers voting in the referendum and growers of less than two-thirds of the volume of onions represented in the referendum favor continuance.

(e) The provisions of this subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

§ 959.90 Personal liability.

No member or alternate of the committee nor any employee or agent thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any handler or to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, agent, or employee, except for acts of dishonesty, willful misconduct, or gross negligence.

Subpart B—Administrative Provisions

GENERAL

§ 959.100 Order.

Order means Order No. 959 (§§ 959.1 to 959.92; 26 FR 704) regulating the handling of onions grown in South Texas.

§ 959.101 Terms.

The terms used in this subpart shall have the same meaning as when used in the order.

§ 959.102 Communications.

Unless otherwise provided in the order, or by specific direction of the committee, all reports, applications, submittals, requests and communications in connection with the order shall be addressed to the South Texas Onion Committee, at its principal office.

§ 959.103 Registered handler.

For purposes of this part any person who operates an established packing house within the production area with commonly accepted adequate facilities for grading and packing onions for market, and who customarily buys onions from producers for grading, packing, and marketing shall be recorded by the committee as a registered handler. Any other person who wishes to be listed as a registered handler may make application for registration on forms furnished by the committee. If such applicant has facilities available to him that are determined by the committee to be adequate for grading and packing onions for market, and he assumes responsibility for inspection of onions handled by him, and for assessments thereon, he may be approved and recorded as a registered handler. If the committee determines from the available information that the applicant is not entitled to be registered with the committee, he shall be so informed by written notice stating the reason for denial of his application. Any registration of a handler pursuant to this section may be canceled by the committee under circumstances which would have justified denial of his application. Any handler whose registration has been canceled shall be so informed by written notice thereof stating the reason therefor. The committee shall also notify producers of each such cancellation of handler registration through committee bulletins or published notice in local newspapers of general distribution, or both.

§ 959.104 Fiscal period.

The fiscal period shall begin August 1 of each year and end July 31 of the following year, both dates inclusive.

SAFEGUARDS

§ 959.120 Policy.

Whenever shipments of onions for special purposes pursuant to § 959.53 are relieved in whole or in part from regulations issued under § 959.52, the committee may require information and evidence on the manner, methods, and timing of such shipments as safeguards against the entry of any such onions in trade channels other than those for which intended. Such information and evidence shall include requirements set forth below with respect to Certificates of Privilege.

§ 959.121 Qualification.

Before handling onions for special purposes which do not meet regulations issued pursuant to § 959.52, a handler, when required by such regulations, must qualify with the committee to handle shipments for special purposes. To qualify he must (a) apply for and receive a Certificate of Privilege indicating his intent to so handle onions, (b) agree to comply with reporting and other requirements set forth in §§ 959.120 to 959.125, inclusive, with respect to such shipments, and (c) receive approval of the committee, or its duly authorized agents, to so handle onions. Such approval will be based upon evidence furnished in his application for Certificate of Privilege and other information available to the committee.

§ 959.122 Application.

(a) Applications for a Certificate of Privilege shall be made on forms furnished by the committee. Each application may contain, but need not be limited to, the name and address of the handler; the quantity by grade, size, and quality of the onions to be shipped; the mode of transportation; the consignee; the destination; the purpose for which the onions are to be used; and certification to the United States Department of Agriculture and to the committee as to the truthfulness of the information shown thereon, and any other appropriate information or documents deemed necessary by the com-

mittee or its duly authorized agents for the purposes stated in § 959.120.

(b) The committee may require each handler making shipments of onions for export to include with his application a copy of the Department of Commerce Shippers Export Declaration Form No. 7525-V applicable to such shipment.

§ 959.123 Approval.

The committee or its duly authorized agents shall give prompt consideration to each application for a Certificate of Privilege. Approval of an application, based upon the determination as to whether the information contained therein and other information available to the committee supports approval, shall be evidenced by the issuance of a Certificate of Privilege to the applicant. Each certificate shall cover a specified period and specified qualities and quantities of onions to be sold or transported to a designated consignee for the purpose declared.

§ 959.124 Reports.

Each handler of onions shipping under Certificates of Privilege shall supply the committee with reports as requested by the committee, or its duly authorized agents, showing the name and address of the shipper; the car or truck identification; the loading point; destination; consignee; the inspection certificate number when inspection is required; and any other information deemed necessary by the committee.

§ 959.125 Disqualification.

The committee from time to time may conduct surveys of handling of onions for special purposes requiring Certificates of Privilege to determine whether handlers are complying with the requirements and regulations applicable to such certificates. Whenever the committee finds that the handler or consignee is failing to comply with requirements and regulations applicable to handling of onions in special outlets and requiring such certificates, a Certificate or Certificates of Privilege issued such handler may be rescinded and subsequent certificates denied. Such disqualification shall apply to, and not exceed, a reasonable period of time as determined by the committee,

§ 959.126

7 CFR Ch. IX (1–1–20 Edition)

but in no event shall it extend beyond the date of the succeeding fiscal period. Any handler who has a Certificate rescinded or denied may appeal to the committee in writing for reconsideration of his disqualification.

§ 959.126 Handling of culls.

(a) The handling of culls, i.e., onions which fail to meet the grade, size and quality requirements established under § 959.52(b) of this part, is prohibited, unless such onions are:

(1) Mechanically mutilated at the packing shed rendering them unsuitable for fresh market;

(2) Handled for special purpose outlets approved under § 959.53 of this part; or

(3) Handled for canning or freezing.

(b) As a safeguard against culls entering fresh market channels each handler of culls under paragraphs (a) (2) or (3) of this section shall apply for and obtain a certificate from the committee which shall require the handler to furnish such reports or other information as the committee may request.

[28 FR 60, Jan. 3, 1963]

§ 959.237 Assessment rate.

On and after August 1, 2017, an assessment rate of \$0.065 per 50-pound equivalent is established for South Texas onions.

[83 FR 594, Jan. 5, 2018]

§ 959.322 Handling regulation.

During the period beginning March 1 and ending June 4, no handler shall handle any onions, including onions for peeling, chopping, and slicing, unless they comply with paragraphs (a) through (c) or (d) or (e) of this section; except that onions handled during the period June 5 through July 15 shall comply with paragraphs (c) or (d) or (e) of this section.

(a) *Grade requirements.* Not to exceed 20 percent defects of U.S. No. 1 grade. In percentage grade lots, tolerances for serious damage shall not exceed 10 percent including not more than 2 percent decay. Double the lot tolerance shall be permitted in individual packages in percentage grade lots. Application of tolerances in U.S. onion standards shall apply to in-grade lots.

(b) *Size requirements.* (1) “Small”—1 to 2¼ inches in diameter, and limited to whites only;

(2) “Repacker”—1¾ to 3 inches in diameter, with 60 percent or more 2 inches in diameter or larger;

(3) “Medium”—2 to 3½ inches in diameter; or

(4) “Jumbo” or “Large”—3 inches or larger in diameter; or

(5) “Colossal”—3¾ inches or larger in diameter.

(6) Tolerances for size in the U.S. onion standards shall apply except that for “repacker” and “medium” sizes not more than 20 percent, by weight, of onions in any lot may be larger than the maximum diameter specified. Application of tolerances in the U.S. onion standards shall apply.

(c) *Inspection.* (1) No handler may handle any onions regulated hereunder, except pursuant to paragraphs (d), (e)(1), or (e)(2) of this section unless an inspection certificate has been issued by the Federal or Federal-State Inspection Service, Texas Cooperative Inspection Program, covering them and the certificate is valid at the time of shipment. City destinations shall be listed on inspection certificates and release forms.

(2) No handler may transport by motor vehicle or cause such transportation of any shipment of onions for which an inspection certificate is required unless each such shipment is accompanied by a copy of the inspection certificate applicable thereto or the shipment release form furnished by the inspection service identifying truck lots to which a valid inspection certificate is applicable. A copy of such inspection certificate or shipment release form shall be surrendered upon request to Texas Department of Agriculture personnel designated by the committee.

(3) For purposes of operation under this part, each inspection certificate, shipment release form, or committee form required as evidence of inspection is hereby determined to be valid for a period not to exceed 72 hours following completion of inspection as shown on the certificate.

(4) Handlers shall pay assessment on all assessable onions according to the provisions of § 959.42.

(d) *Minimum quantity exemption.* Any handler may handle, other than for resale, up to, but not to exceed 110 pounds of onions per day without regard to the requirements of this section, but this exemption shall not apply to any shipment or any portion thereof of over 110 pounds of onions.

(e) *Special purpose shipments.* (1) The minimum grade, size, quality, and inspection requirements set forth in paragraphs (a) through (c) of this section shall not be applicable to shipments of onions for charity, relief, export, and processing if handled in accordance with paragraph (f) of this section.

(2) *Experimental shipments.* Upon approval by the committee, onions may be shipped for experimental purposes exempt from regulations issued pursuant to §§ 959.42, 959.52 and 959.60, provided they are handled in accordance with the safeguard provisions of paragraph (f) of this section.

(3) *Onions failing to meet requirements.* Onions failing to meet the grade and size requirements of this section, and not exempt under paragraphs (d) or (e) of this section, may be handled only pursuant to § 959.126. Such onions not handled in accordance with paragraph (f) of this section shall be mechanically mutilated at the packing shed rendering them unsuitable for fresh market.

(f) *Safeguards.* Each handler making shipments of onions for charity, relief, export, processing, or experimental purposes shall:

(1) Apply to the committee for and obtain a Certificate of Privilege to make such shipments;

(2) Furnish reports of each shipment made under the applicable Certificate of Privilege;

(3) Such reports, in accordance with § 959.80, shall be furnished to the committee in such manner, on such forms and at such times as it may prescribe. Each handler shall maintain records of such shipments pursuant to § 959.80(c), and the records shall be subject to review and audit by the committee to verify reports thereon.

(4) In addition to provisions in the preceding paragraphs, each handler making shipments for processing shall:

(i) Weigh or cause to be weighed each shipment prior to, or upon arrival at, the processor.

(ii) Attach a copy of the weight ticket to a completed copy of the Report of Special Purpose Onion Shipment and return both promptly to the committee office.

(iii) Make each shipment directly to the processor or the processor's subcontractor and attach a copy of the Report of Special Purpose Onion Shipment.

(v) Each processor who receives cull onions shall make available at its business office at any reasonable time during business hours, copies of all applicable purchase orders, sales contracts, or disposition documents for examination by the Department or by the committee, together with any other information which the committee or the Department may deem necessary to enable it to determine the disposition of the onions.

(vi) If a processor employs a subcontractor for any stage of processing, such processor shall be responsible for ensuring that the subcontractor accounts for all quantities of onions received and processed or otherwise disposed of, and that the subcontractor reports to the committee in the same manner and frequently as the processor.

(5) Cull onions transported in bags shall be transported in unlabelled bags, or shall have labelled bags reversed so that the label is not visible.

(g) *Definitions.* *U.S. onion standards* means the United States Standards for Grades of Bermuda-Granex-Grano Type Onions (7 CFR 51.3195–51.3209), or the United States Standards for Grades of Onions (Other Than Bermuda-Granex-Grano and Creole Types) (7 CFR 51.2830–51.2854), whichever is applicable to the particular variety, or variations thereof specified in this section. The term *U.S. No. 1* shall have the same

Pt. 966

meaning as set forth in these standards. *Processing* means cooking or freezing the onions in such a way, or with such other food components, that the consistency of the product is changed. Canning and freezing shall be considered forms of processing. All other terms used in this section shall have the same meaning as when used in Marketing Agreement No. 143, as amended, and this part.

EXPENSES AND ASSESSMENTS

§ 966.40 Expenses.

The committee is authorized to incur such expenses as the Secretary may find are reasonable and likely to be incurred during each fiscal period for its maintenance and functioning, and for such purposes as the Secretary, pursuant to this subpart, determines to be appropriate. Handlers shall share expenses upon the basis of a fiscal period. Each handler's share of such expense shall be proportionate to the ratio between the total quantity of tomatoes handled by him as the first handler thereof during a fiscal period and the total quantity of tomatoes handled by all handlers as first handlers thereof during such fiscal period.

§ 966.41 Budget.

At the beginning of each fiscal period and as may be necessary thereafter, the committee shall prepare an estimated budget of income and expenditures necessary for the administration of this part. The committee may recommend a rate of assessment calculated to provide adequate funds to

defray its proposed expenditures. The committee shall present such budget to the Secretary with an accompanying report showing the basis for its calculations.

§ 966.42 Assessments.

(a) The funds to cover the committee's expenses shall be acquired by the levying of assessments upon handlers as provided in this subpart. Each handler who first handles tomatoes shall pay assessments to the committee upon demand, which assessments shall be in payment of such handler's pro rata share of the committee's expenses.

(b) Assessments shall be levied upon handlers at rates established by the Secretary. Such rates may be established upon the basis of the committee's recommendations and other available information. Such rates may be applied to specified containers used in the production area.

(c) At any time during, or subsequent to, a given fiscal period the committee may recommend the approval of an amended budget and an increase in the rate of assessment. Upon the basis of such recommendations, or other available information, the Secretary may approve an amended budget and increase the rate of assessment. Such increase shall be applicable to all tomatoes which were regulated under this part and which were shipped by the first handler thereof during such fiscal period.

(d) The payment of assessments for the maintenance and functioning of the committee may be required under this part throughout the period it is in effect irrespective whether particular provisions thereof are suspended or become inoperative.

(e) In order to provide funds for the administration of the provisions of this part, the committee may accept the payment of assessments in advance, or may borrow money on a short-term basis not to exceed one full-year coinciding with the existing committee's term of office. The authority of the committee to borrow money may be used only to meet financial obligations as they occur and to allow the committee a season to adjust its reserve

§ 966.43

funds to meet any additional obligations.

[20 FR 7357, Oct. 4, 1955. Redesignated at 26 FR 12751, Dec. 30, 1961, as amended at 51 FR 30474, Aug. 27, 1986]

§ 966.43 Accounting.

Whenever any person ceases to be a member of the committee or alternate, he shall account to his successor, the committee, or to the person designated by the Secretary, for all receipts, disbursements, funds and property (including but not being limited to books and other records) pertaining to the committee's activities for which he is responsible, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor, committee, or designated person, the right to all of such property and funds and all claims vested in such person.

(c) The committee may make recommendations to the Secretary for one or more of the members thereof, or any other person, to act as a trustee for holding records, funds, or any other committee property during periods of suspension of this subpart, or during any period or periods when regulations are not in effect and, if the Secretary determines such action appropriate, he may direct that such person or persons shall act as trustee or trustees for the committee.

§ 966.44 Excess funds.

(a) If, at the end of a fiscal period, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in paragraph (a)(2) of this section, to the extent practical it shall be refunded proportionately to the persons from whom it was collected.

7 CFR Ch. IX (1-1-20 Edition)

(2) The committee, with the approval of the Secretary, may establish an operating monetary reserve and may carry over to subsequent fiscal periods excess funds in a reserve so established: *Provided*, That funds in the reserve shall not exceed approximately one fiscal period's expenses. Such reserve funds may be used (i) to defray any expenses authorized under this part, (ii) to defray expenses during any fiscal period prior to the time assessment income is sufficient to cover such expenses, (iii) to cover deficits incurred during any fiscal period when assessment income is less than expenses, (iv) to defray expenses incurred during any period when any or all provisions of this part are suspended or are inoperative, and (v) to cover necessary expenses of liquidation in the event of termination of this part. Upon such termination any funds not required to defray the necessary expenses of liquidation, and after reasonable effort by the committee it is found impracticable to return such remaining funds to handlers, such funds shall be disposed of in such manner as the Secretary may determine to be appropriate.

Additional reports shall be submitted from time to time if it is deemed advisable by the committee to adopt a new or modified marketing policy because of changes in the demand and supply situation with respect to tomatoes. The committee shall publicly announce the submission of each such marketing policy report and copies thereof shall be available at the committee's office for inspection by any producer or any handler. In determining each such marketing policy the committee shall give due consideration to the following:

(a) Market prices of tomatoes, including prices by grades, sizes, and quality in different packs, and such prices by foreign competing areas;

(b) Supply of tomatoes, by grade, size, and quality in the production area, and in other production areas, including foreign competing production areas;

§ 966.52 Issuance of regulations.

The Secretary shall limit the handling of tomatoes whenever he finds from the recommendation and information submitted by the Committee, or from other available information, that such regulation would tend to effectuate the declared policy of the act. Such regulation may:

(a) Limit, in any or all portions of the production area, the handling of particular grades, sizes, qualities (including maturity as a factor of grade or quality), or packs of any or all varieties of tomatoes, during any period; or

(b) Limit the handling of particular grades, sizes, qualities, or packs of tomatoes differently, from different varieties, for different stages of maturity, for different portions of the production area, for different containers, for different markets, for different purposes specified in § 966.54, or any combination of the foregoing, during any period; or

(c) Limit the handling of tomatoes by establishing, in terms of grades, sizes, or both, minimum standards of quality and maturity; or

(d) Fix the size, weight, capacity, dimensions, markings (including labels and stamps), or pack of the container or containers which may be used in the packaging, transportation, sale, shipment, or other handling of tomatoes.

§ 966.56 Safeguards.

(a) The committee, with the approval of the Secretary, may prescribe adequate safeguards to prevent handling of tomatoes pursuant to § 966.53 or § 966.54 from entering channels of trade for other than the specific purpose authorized therefor, and rules governing the issuance and the contents of Certificates of Privilege if such certificates are prescribed as safeguards by the committee. Such safeguards may include requirements that:

(b) The committee may rescind or deny Certificates of Privilege to any handler if proof is obtained that tomatoes handled by him for the purposes stated in §§ 966.53 and 966.54 were handled contrary to the provisions of this part.

(c) The Secretary shall have the right to modify, change, alter, or rescind any safeguards prescribed and any certificates issued by the committee pursuant to the provisions of this section.

(d) The committee shall make reports to the Secretary, as requested, showing the number of applications for such certificates, the quantity of tomatoes covered by such applications, the number of such applications denied and certificates granted, the quantity of tomatoes handled under duly issued certificates, and such other information as may be requested.

INSPECTION

§ 966.60 Inspection and certification.

DEFINITIONS

§ 966.110 Order.

Order means Order No. 966 (§§ 966.1 through 966.92) regulating the handling of tomatoes grown in Florida, also referenced in this part as *marketing order and agreement*.

[84 FR 59292, Dec. 5, 2019]

§ 966.111 Marketing Agreement.

The Marketing Agreement associated with Order No. 966 is Marketing Agreement No. 125.

[84 FR 59292, Dec. 5, 2019]

§ 966.112 Terms.

Terms used in this subpart shall have the same meaning as when used in the marketing agreement and order.

§ 966.113 Registered handler certification.

Each handler who handles tomatoes grown in the production area must be certified as a registered handler by the committee in order to ship such tomatoes outside of the regulated area. A handler who is certified as a registered handler is a handler who has adequate facilities to meet the requirements for preparing tomatoes for market, obtains inspection on tomatoes handled, agrees to handle tomatoes in compliance with the order's grade, size and container requirements, pays applicable assessments on a timely basis, submits reports required by the committee, and agrees to comply with other regulatory requirements on the handling of tomatoes grown in the production area.

(a) Based on the criteria specified in this section, the committee shall determine eligibility for certification as a registered handler. The committee or its authorized agent shall inspect a handler's facilities to determine if the facilities are adequate for preparing tomatoes for market. In order to be adequate for such purposes, the facilities must be permanent, nonportable buildings located in the production area with equipment that is nonportable for the proper washing, grading, sizing and packing of tomatoes grown in the production area.

(b) Application for certification shall be executed by the handler and filed with the committee on a form, prescribed by and available at the principal office of the committee, containing the following information:

- (1) Business name,
- (2) Address of handling facilities (including telephone and facsimile number),
- (3) Mailing address (if different from handling facility),
- (4) Number of years in tomato business in Florida,
- (5) Type of business, and
- (6) Names of senior officers, partners, or principal owners with financial interest in the business.

(c) If the committee determines from available information that an applicant meets the criteria specified in this section, such applicant shall be certified as a registered handler and shall be so informed by written notice from the committee. If certification is denied, such denial shall be made by the committee in writing, stating the reasons for denial.

(d) A registered handler's certification shall be cancelled by the committee, with the approval of the Secretary, if the handler fails to pay assessments within 45 days of the end of the assessment billing period, fails to provide reports, or no longer has adequate facilities as described in this section. Cancellation of a handler's registration shall be made in writing to the handler and shall specify the reason(s) for and effective date of such cancellation. The committee shall recertify the handler's registration at such time as the handler corrects the deficiencies which resulted in the cancellation. Certification is permanent until the committee determines, based on criteria herein, that cancellation is warranted. Persons who make deliveries of ungraded tomatoes to such certified registered handlers are hereby determined to be exempt from otherwise applicable regulations pursuant to this part.

(e) During any period in which the handling of tomatoes is regulated pursuant to this part, no handler shall obtain an inspection certifying that said handler's tomatoes meet the requirements of the marketing order unless said handler has been certified as a registered handler. Any person who is not certified as a registered handler may receive inspection on tomatoes from the Federal-State Inspection Service. Such inspection certificate shall state "Fails to meet the requirements of Marketing Order No. 966 because the handler is not a registered handler."

INTERPRETATIVE RULES

§ 966.150 Meaning of “producer”.

The term “producer” is defined in § 966.8 as being any person engaged in a proprietary capacity in the production of tomatoes for market. Under the definition of “tomatoes” in § 966.5, such production must have been in the production area. Section 966.22 provides that each person selected as a committee member or alternate must be a producer, or an officer or an employee of a corporate producer. Section 966.27 provides that producers may vote for nominees for members and alternates on the Florida Tomato Committee, the administrative agency established pursuant to said marketing agreement and order. Section 966.3 defines a person as an individual, partnership, corporation, association, or other business unit. The term “person” is construed to mean the business unit which produces the tomatoes for market.

(a) The prevailing principle which shall apply to the determination of “producer” is who or which interest as a unit, whether an individual, partnership, corporation, association, or any other business unit, has the authority to pass title to the tomatoes grown and made a part of the marketable supply of tomatoes. In other words, the terms shall be limited to those who have an ownership in tomatoes produced in the production area.

(b) *Producer* means any person, as defined in this section:

(1) Who or which owns and farms land resulting in his or its ownership of the tomatoes produced thereon;

(2) Who or which rents or farms land, resulting in his or its ownership of all or a portion of the tomatoes produced thereon; or

§ 966.160

(3) Who or which owns land which he or it does not farm and, as rental for such land, obtains the ownership of a portion of the tomatoes produced thereon.

(c) The term “partnership” shall be deemed to include a husband and wife with respect to land, the title to which, or leasehold interest in which, is vested in them as tenants in common, joint tenants, tenants by entirety, or, under community property laws, as community property. The term “partnership” shall also be deemed to include individuals, partnerships or corporations which join together by agreement, informal or otherwise, for the purpose of growing tomatoes and which, as a unit, have authority to transfer title to such tomatoes at the time they are harvested or subsequent thereto. The term “partnership” shall also include so-called “joint ventures,” wherein one or more parties to the arrangement contributes capital and others contribute labor, management, equipment, or other services, or any variation of such contributions by two or more parties, so that it results in the growing of tomatoes and the authority to transfer title to the tomatoes so produced from that business unit to some other parties in the marketing chain.

(d) Each legal entity, whether an individual, a partnership, a “joint venture,” or a corporation, so engaged in the production of tomatoes for market shall have one vote for each position which is to be filled for the district for which he or it is eligible to vote. In the case of a partnership or a “joint venture,” such vote shall not be accepted in the absence of unanimous agreement of the respective members. In the case of a corporation, such vote shall be cast pursuant to the authorization of its board of directors. In the case of a person who owns land which he or it does not farm but, as rental for such land, obtains the ownership of a portion of the tomatoes produced thereon, such person shall be regarded as the producer of that portion and entitled to one vote, and the tenant on such land shall be regarded as the producer of the remaining portion produced on such land and also entitled to one vote.

(e) A producer eligible to vote is a person who produced tomatoes for mar-

7 CFR Ch. IX (1–1–20 Edition)

ket in a proprietary capacity in the production area during the then current fiscal period, i.e., between August 1, of the previous year and July 31 of the then current year. If a person who would otherwise qualify as a producer in a proprietary capacity in the production area planted tomatoes for market as fresh tomatoes during the current fiscal period, but (1) did not market any tomatoes in the fresh market during the current fiscal period due to adverse weather conditions, or (2) has tomatoes in production for fresh market during the current fiscal period, although still unharvested, he shall, nevertheless, be eligible as a producer to vote for committee nominees, if he produced and marketed tomatoes grown in the production area in the next preceding fiscal period.

On and after August 1, 2017, an assessment rate of \$0.025 per 25-pound container is established for Florida tomatoes.

Subpart D—Handling Requirements**§ 966.323 Handling regulation.**

From October 10 through June 15 of each season, except as provided in paragraphs (b) and (d) of this section, no person shall handle any lot of tomatoes produced in the production area for shipment outside the regulated area unless it meets the requirements of paragraph (a) of this section.

(a) *Grade, size, container, and inspection requirements*—(1) *Grade*. Tomatoes shall be graded and meet the requirements specified for U.S. No. 1, U.S. Combination, or U.S. No. 2 of the U.S. Standards for Grades of Fresh Tomatoes. When not more than 15 percent of the tomatoes in any lot fail to meet the requirements of U.S. No. 1 grade and not more than one-third of this 15 percent (or 5 percent) are comprised of defects causing very serious damage including not more than 1 percent of tomatoes which are soft or affected by decay, such tomatoes may be shipped and designated as at least 85 percent U.S. No. 1 grade.

(2) *Size*. (i) All tomatoes packed by a registered handler shall be at least $2\frac{9}{32}$ inches in diameter and shall be sized with proper equipment in one or more of the following ranges of diameters. Tomatoes shipped outside the regulated area shall also be sized with proper equipment in one or more of the following ranges of diameters. Measurements of diameters shall be in accordance with the methods prescribed in § 51.1859 of the U.S. Standards for Grades of Fresh Tomatoes.

| Size designation | Inches minimum diameter | Inches maximum diameter |
|------------------|-------------------------------|-------------------------------|
| 6 × 7 | $2\frac{9}{32}$ | $2\frac{19}{32}$ |
| 6 × 6 | $2\frac{17}{32}$ | $2\frac{29}{32}$ |
| 5 × 6 | $2\frac{25}{32}$ | |

(ii) Tomatoes of designated sizes may not be commingled, and each container or lid shall be marked to indicate the designated size.

(iii) Only 6 × 7, 6 × 6, or 5 × 6, may be used to indicate the above listed size designations or containers of tomatoes.

(iv) To allow for variations incident to proper sizing, not more than a total of ten (10) percent, by count, of the tomatoes in any lot may be smaller than the specified minimum diameter or larger than the maximum diameter.

(3) *Containers*. (i) All tomatoes packed by a registered handler shall be packed in containers of 10, 20, and 25 pounds designated net weights. The net weight of the contents shall not be less than the designated net weight and shall not exceed the designated net weight by more than two pounds.

(ii) Each container or lid shall be marked to indicate the designated net weight and must show the name and address of the registered handler (as defined in 966.7) in letters at least one-fourth ($\frac{1}{4}$) inch high, and such containers must be packed at the registered handler's facilities. The use of inverted, previously printed container lids is limited to the registered handler identified by the labels or marks that originally appeared on the lid.

(iii) The container in which the tomatoes are packed must be clean and bright in appearance without marks, stains, or other evidence of previous use.

(4) *Inspection*. Tomatoes shall be inspected and certified pursuant to the provisions of § 966.60. Each handler who applies for inspection shall register with the committee pursuant to § 966.113. Persons not certified by the committee as a registered handler shall be issued inspection certificates on shipments handled by such persons stating "Fails to meet the requirements of Marketing Order No. 966 because the handler is not a registered handler." Evidence of inspection must accompany truck shipments.

(b) *Special purpose shipments*. The requirements of paragraph (a) of this section shall not be applicable to shipments of tomatoes for pickling, processing, experimental purposes, relief,

charity, export, or other outlets recommended by the committee and approved by the Secretary, if the handler thereof complies with the safeguard requirements of paragraph (c) of this section. Shipments for processing are also exempt from the assessment requirements of this part.

(c) *Safeguards.* Each handler making shipments of tomatoes for pickling, canning, experimental purposes, relief, charity, or export in accordance with paragraph (b) of this section shall:

(1) Apply to the committee and obtain a Certificate of Privilege to make such shipments.

(2) Prepare on forms furnished by the committee a report in quadruplicate on such shipments authorized in paragraph (b) of this section.

(3) Bill or consign each shipment directly to the designated applicable receiver.

(4) Forward one copy of such report to the committee office and two copies to the receiver for signing and returning one copy to the committee office. Failure of the handler or receiver to report such shipments by signing and returning the applicable report to the committee office within ten days after shipment may be cause for cancellation of such handler's certificate and/or receiver's eligibility to receive further shipments pursuant to such certificate. Upon cancellation of any such certificate, the handler may appeal to the committee for reconsideration.

(5) Make shipments only to those who have qualified with the committee as approved receivers.

(d) *Exemption*—(1) *For types.* The following types of tomatoes are exempt from these regulations: Elongated types commonly referred to as pear shaped or paste tomatoes and including but not limited to San Marzano, Red Top, and Roma varieties; cerasiform type tomatoes commonly referred to as cherry tomatoes; hydroponic tomatoes; and greenhouse tomatoes. Specialty packed red ripe tomatoes, yellow meated tomatoes, and single layer and two layer place packed tomatoes are exempt from the container net weight requirements specified in paragraph (a)(3)(i) of this section, and the requirement that each container or lid shall be marked to indicate the designated

net weight as specified in paragraph (a)(3)(ii) of this section, but must meet the other requirements of this section. Producer field-packed tomatoes must meet all of the requirements of this section except for the requirement that all containers must be packed at registered handler facilities as specified in paragraph (a)(3)(ii) of this section, and the requirement that such tomatoes designated as size 6 × 6 must meet the maximum diameter requirement specified in paragraph (a)(2)(i) of this section: *Provided*, That 6 × 6 and larger is used to indicate the listed size designation on containers.

(2) *For minimum quantity.* For purposes of this regulation each person subject thereto may handle up to but not to exceed 50 pounds of tomatoes per day without regard to the requirements of this regulation, but this exemption shall not apply to any shipment or any portion thereof of over 50 pounds of tomatoes.

(3) *For special packed tomatoes.* Tomatoes which met the inspection requirements of paragraph (a)(4) of this section which are resorted, regraded, and repacked by a handler who has been designated as a "Certified Tomato Repacker" by the committee are exempt from:

(i) The tomato grade classifications of paragraph (a)(1) of this section;

(ii) The size classifications of paragraph (a)(2) of this section, except that the tomatoes shall be at least 2-9/32 inches in diameter; and

(iii) The container weight requirements of paragraph (a)(3) of this section.

(4) *For varieties.* Upon recommendation of the committee, varieties of tomatoes that are elongated or otherwise misshapen due to adverse growing conditions may be exempted by the Secretary from the provisions of paragraph (a)(2) of this section.

(5) *For UglyRipe™ and Vintage Ripes™ tomatoes.* UglyRipe™ and Vintage Ripes™ tomatoes must meet all the requirements of this section: *Provided*, That UglyRipe™ and Vintage Ripes™ tomatoes shall be graded and at least meet the requirements specified for U.S. No. 2 under the U.S. Standards for Grades of Fresh Tomatoes, except they are exempt from the

requirements that they be reasonably well formed and not more than slightly rough, and *Provided*, Further that the UglyRipe™ and Vintage Ripes™ tomatoes meet the requirements of the Identity Preservation program, Fresh Products Branch, Fruit and Vegetable Programs, AMS, USDA.

(e) *Report of packouts*. Each registered handler shall, at the end of each day during which handling activities have been conducted, or the following morning as the committee may prescribe, provide to the committee or its designated agent a complete and accurate accounting of the number of containers of tomatoes packed that day. The report shall include an accounting of the grade, size, maturity, and net weight of the containers packed in each such category. The total packout report shall be provided to the committee or its authorized agent in a timely fashion that allows the committee to compile a daily, industry-wide packout report.

(f) *Assessments*. Handlers shall pay assessments as provided in §966.42. Assessment will be based on inspection certificates supplied to the committee by the Federal-State Inspection Service.

(g) *Definitions*. *Hydroponic tomatoes* means tomatoes grown in solution without soil; *greenhouse tomatoes* means tomatoes grown indoors; *specialty packed red ripe tomatoes* means tomatoes which at the time of inspection are #5 or #6 color (according to color classification requirements in the U.S. tomato standards) with their calyx ends and stems attached and cell packed in a single layer container; and *producer field-packed tomatoes* means tomatoes which at the time of inspection are #3 color or higher (according to color classification requirements in the U.S. tomato standards), that are picked and place packed in new containers in the field by a producer as defined in §966.150 and transferred to a registered handler's facilities for final preparation for market. A *Certified Tomato Repacker* is a repacker of tomatoes in the regulated area who has the facilities for handling, regrading, resorting, and repacking tomatoes into consumer sized packages and has been certified as such by the committee. *Processing* as used in §§966.120 and

966.323 means the manufacture of any tomato product which has been converted into juice, or preserved by any commercial process, including canning, dehydrating, drying, and the addition of chemical substances. Further, all processing procedures must result in a product that does not require refrigeration until opened. *Pickling* as used in §§966.120 and 966.323 means to preserve tomatoes in a brine or vinegar solution. *U.S. tomato standards* means the revised United States Standards for Fresh Tomatoes (7 CFR 51.1855 through 51.1877) effective October 1, 1991, as amended, or variations thereof specified in this section, provided that §51.1863 shall not apply to tomatoes covered by this part. PART 980—VEGETABLES; IMPORT REGULATIONS

Sec.

980.1 Import regulations; Irish potatoes.

980.117 Import regulations; onions.

980.212 Import regulations; tomatoes.

980.501 Safeguard procedures for potatoes, onions, and tomatoes exempt from grade, size, quality, and maturity requirements.

AUTHORITY: 7 U.S.C. 601-674.

§ 980.1 Import regulations; Irish potatoes.

(a) *Findings and determinations with respect to imports of Irish potatoes*. (1) Pursuant to section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), it is hereby found that:

(i) Grade, size, quality, and maturity regulations have been issued from time to time pursuant to the following marketing orders: No. 945 (part 945 of this chapter), No. 948 (part 948 of this chapter), No. 947 (part 947 of this chapter), No. 946 (part 946 of this chapter), and No. 953 (part 953 of this chapter).

(ii) During the past several years, grade, size, quality, and maturity regulations have been in effect pursuant to two or more of such orders during each month of the year;

(iii) The marketing of Irish potatoes can be reasonably distinguished by the several seasonal categories, i.e., winter, early spring, late spring, early summer, late summer, and fall. The bulk of the fall crop is harvested and placed in storage in the fall and marketed over a period of several months extending into the following summer. But potatoes harvested from the other seasonal crops are generally marketed as the potatoes are harvested. The marketing seasons for these crops overlap.

(iv) Concurrent grade, size, quality, and maturity regulations under two or more of the aforesaid marketing orders are expected in the ensuing and future seasons, as in the past.

(2) Therefore it is hereby determined that:

(i) Imports of red-skinned, round type potatoes during each month of the marketing year are in most direct competition with potatoes of the same type produced in the area covered by Marketing Order No. 946 (part 946 of this chapter).

(ii) Imports of all other round type potatoes during each month of the marketing year are in most direct competition with potatoes of the same type produced in Area 2, Colorado (San Luis Valley) covered by Marketing Order No. 948, as amended (part 948 of this chapter).

(iii) Imports of long type potatoes during each month of the marketing year are in most direct competition with potatoes of the same type produced in the area covered by Order No. 945 (part 945 of this chapter).

(b) *Grade, size, quality, and maturity requirements.* On and after the effective date hereof importation of Irish potatoes, except certified seed potatoes and red skinned, round types of potatoes, shall be prohibited unless they comply with the following requirements.

(1) Through the entire year, the grade, size, quality, and maturity requirements of Area II, Colorado (San Luis Valley) covered by Marketing Order No. 948, as amended (part 948 of

this chapter), applicable to potatoes of the round type, other than red-skinned varieties, shall be the respective grade, size, quality, and maturity requirements for imports of all other round type potatoes.

(2) Through the entire year the grade, size, quality, and maturity requirements of Marketing Order 945, as amended (part 945 of this chapter) applicable to potatoes of all long types shall be the respective grade, size, quality, and maturity requirements for imported potatoes of all long types.

(3) The grade, size, quality, and maturity requirements as provided for in this paragraph shall apply to imports of similar types of potatoes, unless otherwise ordered, on and after the effective date of the applicable domestic regulation or amendment thereto, as provided in this paragraph or 3 days following publication of such regulation or amendment in the FEDERAL REGISTER, whichever is later.

(c) *Minimum quantities.* Any importation which, in the aggregate, does not exceed 500 pounds of red skinned, round type or long type potatoes, or 2,000 pounds for all other round type potatoes, may be imported without regard to the provisions of this section.

(d) *Plant quarantine.* No provisions of this section shall supersede the restrictions or prohibitions of potatoes under the Plant Quarantine Act of 1912.

(e) *Certified seed.* Certified seed potatoes shall include only those potatoes which are officially certified and tagged as seed potatoes by the Plant Health and Production Division, Plant Products Directorate, Canadian Food Inspection Agency, and which are subsequently used as seed.

(f) *Designation of governmental inspection services.* The Federal or Federal-State Inspection Service, Fruit and Vegetable Programs, Agricultural Marketing Service, U.S. Department of Agriculture and the Food of Plant Origin Division, Plant Products Directorate, Canadian Food Inspection Agency, are hereby designated as governmental inspection services for the purpose of certifying the grade, size, quality, and maturity of Irish potatoes that are imported, or to be imported, into the United States under the provisions of § 608e of the Act.

Agricultural Marketing Service, USDA

§ 980.1

(g) *Inspection and official inspection certificates.* An official inspection certificate certifying the potatoes meet the United States import requirements for Irish potatoes under section 8e (7 U.S.C. 608e) issued by a designated governmental inspection service applicable to a particular shipment of potatoes is required on all imports of potatoes other than certified seed.

(1)(i) Inspection and certification by the Federal or Federal-State Inspection Service will be available and performed in accordance with the rules and regulations governing certification of fresh fruits, vegetables, and other

products (part 51 of this title), and each lot shall be made available and accessible for inspection as provided therein. Cost of inspection and certification shall be borne by the applicant.

(ii) Since inspectors may not be stationed in the immediate vicinity of a port, or point of entry, an importer of uninspected and uncertified Irish potatoes should make advance arrangements for inspection. § 980.117 Import regulations; onions.

(a) *Findings and determinations with respect to onions.* (1) Under section 8e of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), it is hereby found that:

(i) Grade, size, quality, and maturity regulations have been issued regularly under Marketing Orders No. 958 and 959, both as amended;

(ii) Since December 9, 1985, grade, size, quality, and maturity regulations have been in effect pursuant to these orders during the period August through July;

(iii) The marketing of onions can be reasonably distinguished by the seasonal categories, i.e., late summer and early spring. The bulk of the late summer crop is harvested and placed in storage in late summer and early fall and marketed over a period of several months extending into the following spring. But the onions harvested from the early spring crop are generally marketed as soon as the onions are

harvested. The marketing seasons for these crops overlap;

(iv) Concurrent grade, size, quality, and maturity regulations under the two marketing orders are expected in future seasons, as in the past.

(2) Therefore, it is hereby determined that: Imports of onions during the June 5 through March 9 period, and the entire year for imports of pearl and cipolline varieties of onions, are in most direct competition with the marketing of onions produced in designated counties of Idaho and Malheur County, Oregon, covered by Marketing Order No. 958, as amended (7 CFR Part 958) and during the March 10 through June 4 period the marketing of imported onions, not including pearl or cipolline varieties of onions, is in most direct competition with onions produced in designated counties in South Texas covered by Marketing Order No. 959, as amended (7 CFR part 959).

(b) *Grade, size, quality, and maturity requirements.* On and after the effective date hereof no person may import onions as defined herein unless they are inspected and meet the following requirements:

(1) During the period June 5 through March 9 of each marketing year, and the entire year for pearl and cipolline onions, whenever onions grown in designated counties in Idaho and Malheur County, Oregon, are regulated under Marketing Order No. 958, imported onions shall comply with the grade, size, quality, and maturity requirements imposed under that order.

(2) During the period March 10 through June 4 of each marketing year, whenever onions grown in designated counties in South Texas are regulated under Marketing Order No. 959, imported onions, not including pearl and cipolline onions, shall comply with the grade, size, quality, and maturity requirements imposed under that order.

(c) *Minimum quantity exemption.* Any importation which in the aggregate does not exceed 110 pounds (50 kilograms) may be imported without regard to the provisions of this section.

(d) *Plant quarantine.* Provisions of this section shall not supercede the restrictions or prohibitions on onions under the Plant Quarantine Act of 1912.

Agricultural Marketing Service, USDA

(e) *Designation of governmental inspection service.* The Federal or Federal-State Inspection Service, Fruit and Vegetable Programs, Agricultural Marketing Service, U.S. Department of Agriculture and the Food of Plant Origin Division, Plant Products Directorate, Canadian Food Inspection Agency, are hereby designated as governmental inspection services for the purpose of certifying the grade, size, quality, and maturity of onions that are imported, or to be imported, into the United States under the provisions of section 8e of the Act.

(f) *Inspection and official inspection certificates.* (1) An official inspection certificate certifying the onions meet the U.S. import requirements for onions under section 8e (7 U.S.C. 608e-1), issued by a designated governmental inspection service and applicable to a specified lot is required on all imports of onions.

(2) Inspection and certification by the Federal or Federal-State Inspection Service will be available and performed in accordance with the rules and regulations governing certification of fresh fruits, vegetables and other products (7 CFR part 51). Each lot shall be made available and accessible for inspection as provided therein. Cost of inspection and certification shall be borne by the applicant.

(3) Since inspectors may not be stationed in the immediate vicinity of some smaller ports of entry, importers should make advance arrangements for inspection by ascertaining whether or not there is an inspector located at their particular port of entry. For all ports of entry where an inspection office is not located, each importer must give the specified advance notice to the applicable office listed below prior to the time the onions will be imported.

ALMOND BOARD OF CALIFORNIA

§ 981.30 Establishment.

A Board of ten members, with an alternate member for each such member, is hereby established.

§ 981.31 Membership representation.

Membership of the Board will be determined in the following manner:

(a) Two members and an alternate for each member shall be selected from nominees submitted by each of the following groups designated in paragraphs (a) (1) and (2) of this section, or from among other qualified persons belonging to such groups:

(1) Those growers who market their almonds through cooperative handlers; and

(2) Those growers who market their almonds through other than cooperative handlers.

(b) Two members and an alternate for each member shall be selected from nominees submitted by each of the following groups designated in paragraphs (b) (1) and (2) of this section, or from among other qualified persons belonging to such groups:

(1) Cooperative handlers; and

(2) All handlers, other than cooperative handlers.

(c) One member and an alternate shall be selected from nominees submitted by each of the following groups designated in paragraphs (c) (1) and (2) of this section, or from among other qualified persons belonging to such groups:

(1) The group of cooperative handlers or the group of handlers other than cooperative handlers, whichever received for their account more than 50 percent of the almonds delivered by all growers as determined by December 31 of the then current crop year; and

(2) Those growers whose almonds were marketed through the handler group identified in paragraph (c)(1) of this section.

[61 FR 32920, June 26, 1996]

§ 981.32 Nominations.

(a) *Method.* (1) Each year the terms of office of three of the members elected pursuant to § 981.31(a) and (b) shall expire, except every third year when the term of office for two of those members

shall expire. Nominees for each respective member and alternate member shall be chosen by ballot delivered to the Board. Nominees chosen by the Board in this manner shall be submitted by the Board to the Secretary on or before June 1 of each year together with such information as the Secretary may require. If a nomination for any Board member or alternate is not received by the Secretary on or before June 1, the Secretary may select such member or alternate from persons belonging to the group to be represented without nomination. The Board shall mail to all handlers and growers, other than the cooperative(s) of record, the required ballots with all necessary voting information including the names of incumbents willing to accept renomination, and, to such growers, the name of any person proposed for nomination in a petition signed by at least 15 such growers and filed with the Board on or before April 1. Distribution of ballots shall be announced by press release, furnishing pertinent information on balloting, issued by the Board through newspapers and other publications having general circulation in the almond producing areas.

(2) Nominees for the positions described in § 981.31(c) shall be handled in the same manner as described in paragraph (a)(1) of this section except that those terms of office shall expire annually.

(3) The Board may recommend, subject to the approval of the Secretary, a change to the nomination method, should the Board determine that a revision is necessary.

(b) *Voting.* (1) Nominees for each member and alternate member position shall be voted upon separately by the group proposing them. The handler or grower group which is determined to be eligible for additional representation pursuant to § 981.31 (e) and (f), respectively, shall nominate such representatives in the same manner prescribed for choosing other nominees.

(2) Each handler may vote for a nominee for each position representing the group to which he belongs. Each handler vote shall be weighted by the quantity of almonds (kernel weight basis computed to the nearest whole ton) handled for his own account

through December 31 of the crop year in which nominations are made. The nominee for each position shall be the person receiving the highest weighted vote for the position.

(3) Growers who market their almonds through cooperative handlers shall vote through their respective organizations. Each cooperative shall cast a vote for nominees for each position representing the cooperative grower group and such ballots shall be weighted by the number of growers who are members of, or under contract with, such cooperative. The nominee for each position shall be the person receiving the highest weighted vote for that position.

(4) Growers who market their almonds through other than cooperative handlers shall each have one equal vote. The nominees for each position representing such grower group shall be the person receiving the highest number of votes for that position.

Members and alternates shall continue to serve until their respective successors are selected and qualified.

(b) The term of office of members of the Board shall be for a period of three years beginning on August 1 of the years selected except where otherwise provided. However, for the initial eight members of the Board selected pursuant to this section and to paragraphs (a) and (b) of § 981.31, two members shall serve for a term of one year; three members shall serve for a term of two years; and three members shall serve for a term of three years. For the initial terms of office, at the time of nomination under § 981.32, the Board shall make this designation by lot. The term of office for the two members selected under paragraph (c) of § 981.31 shall always be for a period of one year.

§ 981.34

(c) Board members may serve for a total of six consecutive years. Members who have served for six consecutive years must leave the Board for at least one year before becoming eligible to serve again. A person who has served less than six consecutive years on the Board may not be nominated to a new three year term if his or her total consecutive years on the Board at the end of that new term would exceed six years. This limitation on tenure shall not apply to alternate members.

(d) The Board may recommend, subject to approval of the Secretary, revisions to the start date for the term of office of members of the Board.

§ 981.34 Qualification and acceptance.

(a) Any person to be selected as a member or alternate of the Board shall, prior to such selection, qualify by providing such background information as necessary and by advising the Secretary that he/she agrees to serve in the position for which nominated. Grower members and alternates shall be growers or employees of growers, and handler members and alternates shall be handlers or employees of handlers. In the event any member or alternate ceases to be qualified for the position for which selected, that position shall be deemed vacant.

(b) The Board, with approval of the Secretary, may establish additional eligibility requirements for grower members on the Board.

§ 981.35 Alternates.

An alternate for a member for the Board shall act in the place and stead of such member (a) in his absence, or (b) in the event of his death, removal, resignation or disqualification, until a successor for his unexpired term has been selected and has qualified.

§ 981.36 Vacancy.

§ 981.38 Powers.

The Board shall have the following powers:

(a) To administer the provisions of this part in accordance with its terms;

(b) To make rules and regulations to effectuate the terms and provisions of this part;

(d) To furnish to the Secretary such available information as may be deemed pertinent or as he may request;

(e) To appoint such employees as it may deem necessary and to determine the salaries, define the duties and fix the bonds of such employees; and

(f) To cause the books of the Board to be audited by one or more competent certified public accountants at least once for each crop year, and at such other times as the Board may deem necessary or as the Secretary may request; and the report of each such audit shall show, among other things, the receipt and expenditure of funds pursuant hereto; and to file with the

Secretary three copies of all audit reports made.

§ 981.40 Procedure.

(a) *Organization and rules.* The members of the Board shall select a chairman from their membership. The Board shall select such other officers and adopt such rules for the conduct of its business as it may deem advisable. The Board shall give to the Secretary or his designated agent and representatives the same notice of meetings of the Board as is given to members of the Board.

(b) *Quorum.* All decisions of the Board, except where otherwise specifically provided, shall be by a majority vote of the members present. The presence of six members shall be required to constitute a quorum.

(c) *Voting by mail, telegram, fax or other electronic means.* The Board may vote by mail, telegram, fax or other electronic means upon written notice to all members, or alternates acting in their place, including in the notice a statement of a reasonable time, not to exceed 10 days, in which a vote by mail, telegram, fax or other electronic means must be received by the Board for counting. Voting by mail, telegram, fax or other electronic means shall not be permitted at any assembled meeting of the Board. When a proposition is submitted for vote by mail, telegram, fax or other electronic means, at least eight members of the Board must vote in favor of its passage or the proposition shall be defeated.

(d) *Right of the Secretary.* The members of the Board (including successors or alternates), and any agent or employee appointed or employed by the Board, shall be subject to removal or suspension by the Secretary at any time. Each and every order, regulation, decision, determination, or other act of the Board shall be subject to the continuing right of the Secretary to disapprove of the same at any time, and, upon such disapproval, shall be deemed null and void except as to acts done in reliance thereon or in compliance therewith.

(e) *Additional voting requirements.* Adoption of recommendations by the Board with respect to projects pursuant to § 981.41 involving production re-

search, marketing research and development projects, and marketing promotion including paid advertising and crediting the pro rata expense assessment obligation of handlers with such portion of their direct expenditures for marketing promotion including paid advertising, shall require at least seven affirmative votes.

[35 FR 11372, July 16, 1970, as amended at 37 FR 3984, Feb. 15, 1972; 61 FR 32921, June 26, 1996]

RESEARCH

§ 981.41 Research and development.

(a) *General.* The Board, with the approval of the Secretary, may establish or provide for the establishment of projects involving production research, marketing research and development projects, and marketing promotion including paid advertising, designed to assist, improve, or promote the marketing, distribution, consumption or efficient production of almonds. The Board may also provide for crediting the pro rata expense assessment obligations of a handler with such portion of his direct expenditure for such marketing promotion including paid advertising as may be authorized. The expenses of such projects shall be paid from funds collected pursuant to § 981.81(a) or credited pursuant to paragraph (c) of this section.

(b) *Authorization.* If, on the basis of a Control Board recommendation pursuant to § 981.40(e) with respect to projects pursuant to this section, and appertaining rules and regulations established by the Secretary on recommendation of the Board, and other available information, the Secretary concurs that such activities should be permitted, he shall authorize such activities.

(c) *Creditable expenditures.* The Board, with the approval of the Secretary, may provide for crediting all or any portion of a handler's direct expenditures for marketing promotion including paid advertising, that promotes the sale of almonds, almond products or their uses. No handler shall receive credit for any allowable direct expenditures that would exceed the total of his

assessment obligation which is attributable to that portion of his assessment designated for marketing promotion including paid advertising. Such expenditures may include, but are not limited to, money spent for advertising space or time in newspaper, magazines, radio, television, transit, and outdoor media, including the actual standard agency commission costs not to exceed 15 percent.

(d) *Promotion guidelines.* All marketing promotion activity engaged in by the Board, including paid advertising, shall be subject to the following terms and conditions:

(1) No marketing promotion, including paid advertising shall refer to any private brand, private trademark or private trade name;

(2) No promotion or advertising shall disparage the quality, use, value, or sale of like or any other agricultural commodity or product, and no false or unwarranted claims shall be made in connection with the product;

(3) No promotion or advertising shall be undertaken without reason to believe that returns to producers will be improved by such activity; and

(4) Upon conclusion of each activity, but at least annually, the Board shall summarize and report the results of such activity to its members and to the Secretary.

(e) *Rules and regulations.* Before any project involving marketing promotion, including paid advertising and the crediting of the pro rata expense assessment obligation of handlers is undertaken pursuant to this section, the Secretary, after recommendation by the Board, shall prescribe appropriate rules and regulations as are necessary to effectively regulate such activity.

[37 FR 3984, Feb. 25, 1972, as amended at 61 FR 32921, June 26, 1996]

QUALITY CONTROL

§ 981.42 Quality control.

(a) *Incoming.* Except as provided in this paragraph, each handler shall cause to be determined, through the inspection agency, and at handler expense, the percent of inedible kernels in each variety received by him and shall report the determination to the

Board. The quantity of inedible kernels in each variety in excess of two percent of the kernel weight received, shall constitute a weight obligation to be accumulated in the course of processing and shall be delivered to the Board, or Board accepted crushers, feed manufacturers, or feeders. The Board, with the approval of the Secretary, may change this percentage for any crop year, may authorize additional outlets, may exempt bleaching stock from inedible kernel determination or obligation and may establish rules and regulations necessary and incidental to the administration of this provision, including the method of determining inedible kernel content and satisfaction of the disposition obligation. The Board for good cause may waive portions of obligations for those handlers not generating inedible material from such sources as blanching or manufacturing.

(b) *Outgoing.* For any crop year the Board may establish, with the approval of the Secretary, such minimum quality and inspection requirements applicable to almonds to be handled or to be processed into manufactured products, as will contribute to orderly marketing or be in the public interest. In such crop year, no handler shall handle or process almonds into manufactured items or products unless they meet the applicable requirements as evidenced by certification acceptable to the Board. The Board may, with the approval of the Secretary, establish different outgoing quality requirements for different markets. The Board, with the approval of the Secretary, may establish rules and regulations necessary and incidental to the administration of this provision.

§ 981.43 Marking or labeling of containers.

The Board may, with the approval of the Secretary, establish regulations to require handlers to mark or label their containers that are used in packaging or handling of bulk almonds. For purposes of this section, *container* means a box, bin, bag, carton, or any other type

VOLUME REGULATION

§ 981.45 General.

In order to effectuate the declared policy of the act, no handler shall handle almonds except in accordance with the terms and conditions of this part.

§ 981.46 Withholding reserve.

When a reserve percentage has been fixed for any crop year, as hereinafter provided, no handler shall handle almonds except on condition that he comply with the requirements in respect to withholding reserve almonds and the prescribed disposition thereof.

§ 981.47 Method of establishing salable and reserve percentages.

Whenever the Secretary finds, from the recommendations and supporting information supplied by the Board or from any other available information, that to designate the percentages of almonds during any crop year which shall be salable almonds and reserve almonds would tend to effectuate the declared policy of the act, he shall designate such percentages. Except as provided in § 981.50 the salable and reserve percentages shall each be applied to the kernel weight of almonds received by a handler for his own account during the crop year. In establishing such salable and reserve percentages, the Secretary shall give consideration to the ratio of estimated trade demand (domestic plus export, less the handler carryover available to satisfy trade demand plus the desirable handler carryover at the end of the crop year) to the estimated production of marketable almonds (all expressed in terms of kernel weight) or the allocation quantity (marketable production plus almonds diverted to oil or feed when eligible for reserve satisfaction) whichever is applicable; the recommendation submitted to him by the Board; and such other information as he deems appropriate. The total of the salable and re-

serve percentages established each crop year shall equal 100 percent.

[41 FR 26853, June 30, 1976, as amended at 61 FR 32921, June 26, 1996]

§ 981.48 Increase of salable percentage.

Upon request filed prior to May 15 by the Board or, if the Board should fail to request, by two or more handlers who have handled at least 15 percent of all almonds handled in the preceding crop year, and after findings of fact (based upon a revision of the estimates required under § 981.49 and other pertinent information) that the quantity of salable almonds is not sufficient to satisfy trade demand and desirable carryover requirements for the crop year, the Secretary may increase the salable percentage. Such findings shall be made in the manner specified in § 981.47.

§ 981.49 Board estimates and recommendations.

To aid the Secretary in fixing the salable and reserve percentages, the Board shall furnish to the Secretary, not later than August 1, the following estimates (kernel weight basis) and recommendations for the crop year, each of which, or any later revisions thereof, shall be adopted by the affirmative vote of at least six members:

- (a) The quantity of marketable almonds to be produced;
- (b) The estimated handler carryover and the estimated reserve inventory as of July 31;
- (c) The desirable handler carryover and the probable reserve inventory at the end of the crop year;
- (d) The trade demand, taking into consideration anticipated imports, economic conditions and the anticipated market price (within the limitations of the act); and
- (e) The recommended salable and reserve percentages to be established.

The Board shall also furnish to the Secretary a complete report of the proceedings of the Board meeting at which the recommended salable and reserve percentages were considered. If, for any reason, the Board fails to make these estimates or to recommend to the Secretary salable and reserve percentages

§ 981.50

as required hereby, reports representing the views of members with respect to such matters may be submitted to the Secretary who may act on the basis of such reports or other information available to him.

[35 FR 11372, July 16, 1970, as amended at 41 FR 26853, June 30, 1976; 61 FR 32921, June 26, 1996]

§ 981.50 Reserve obligation.

Whenever salable and reserve percentages are in effect for a crop year, each handler shall withhold from handling a quantity of almonds having a kernel weight equal to the reserve percentage of the kernel weight of all almonds such handler receives for his own account during the crop year: *Provided*, That, any quantity of almonds delivered to outlets such as poultry or animal feed or crushing into oil, in a manner permitting accountability to the Board, shall not be included in such receipts. The quantity of almonds hereby required to be withheld from handling shall constitute, and may be referred to as the "reserve" or "reserve obligation" of a handler. The almonds handled as salable almonds by any handler, in accordance with the provisions of this part, shall be deemed to be that handler's quota fixed by the Secretary within the meaning of section 8a(5) of the act.

[41 FR 26853, June 30, 1976]

§ 981.51 Requirements for reserve.

Each handler may satisfy his reserve obligation with such almonds specified in the terms of the agency agreement authorized in § 981.67, including all applicable inspection and certification requirements. Any handler who does not become an agent may receive credit by similarly delivering almonds to the Board or its designees. These requirements may be established by the Board, with the approval of the Secretary, and from time to time so modified, and may include grade requirements for reserve almonds delivered to human consumption outlets.

[41 FR 26853, June 30, 1976]

7 CFR Ch. IX (1-1-20 Edition)

§ 981.52 Holding requirement and delivery.

Each handler shall, at all times, hold in his possession or under his control, in proper storage for the account of the Board, the quantity of almonds necessary to meet his reserve obligation less: (a) Any quantity which was disposed of by him pursuant to § 981.67; and (b) any quantity for which he is otherwise relieved by the Board of responsibility to so hold almonds. Upon demand of the Board reserve almonds shall be delivered to the Board f.o.b. handler's warehouse or point of storage, except that the Board shall not make such demand upon a handler with respect to reserve almonds for which he has agreed to undertake disposition pursuant to § 981.67. Any handler who does not act as agent for the Board in the disposition of reserve almonds shall be subject to the applicable inspection and certification requirements prescribed by the Board pursuant to § 981.67.

[41 FR 26853, June 30, 1976]

§ 981.54 Payment to handlers for services rendered.

The Board may pay handlers for necessary services rendered by them in connection with almonds eventually disposed of directly by the Board as reserve including but not limited to storing, shelling, sorting, bleaching, grading, packaging, fumigating, and other services in accordance with such schedule of payments and under such conditions as may be established by the Secretary after recommendation of the Board.

§ 981.55 Interhandler transfers.

(a) Any handler may, upon notice to and under the supervision and direction of the Board, transfer almonds or reserve credits to another handler. Any such transfers shall be accounted for in such manner that the reserve obligation and assessments on the combined transactions of the participating handlers shall be fully met and such reserve withholding obligation and assessments may be divided between such handlers in accordance with their arrangements subject to approval of the Board.

§ 981.61

(b) When salable and reserve percentages are in effect, any handler may transfer reserve withholding obligation to other handlers. Terms and conditions implementing this provision must be recommended by the Board and approved by the Secretary.

[35 FR 11372, July 16, 1970, as amended at 61 FR 32921, June 26, 1996]

§ 981.56 Assistance of Board in accounting for reserve.

The Board, on written request, may assist handlers in accounting for their reserve obligations and may aid any handler in acquiring almonds to meet any deficiency in his reserve.

§ 981.57 Application of salable and reserve percentages after end of crop year.

The salable and reserve percentages established for any crop year shall continue in effect with respect to all almonds for which the reserve obligation has not been previously met, which are received for his own account or handled by any handler after the end of such crop year and before salable and reserve percentages are established for the succeeding crop year. After such percentages are established for the new crop year, the withholding requirements for all such almonds theretofore received for his own account or handled during that crop year shall be adjusted to the newly established percentages.

§ 981.59 Adjustment upon increase of salable percentage.

(a) Upon any increase in the salable percentage and corresponding decrease in the reserve percentage, the reserve obligation of each handler for the entire crop year to the effective date of such action shall be computed in accordance with such revised salable and reserve percentages. From the reserve almonds that may have been withheld by him and not yet disposed of, any handler authorized to act and acting as agent of the Board in disposing of reserve pursuant to § 981.66 shall be permitted to select, under the supervision and direction of the Control Board, the particular reserve almonds to be restored to his salable percentage, and such restoration shall be deemed to fulfill

the obligation of the Board with respect to such increase.

(b) In the case of handlers who have not been authorized to dispose of their own reserves, and handlers who have terminated their agencies to dispose of their own reserves, prior to an increase in the salable percentage, insofar as practicable each such handler shall be permitted to select almonds from his own reserve to be restored to his salable quantity. In the event there are not sufficient reserve almonds held by the Board at the time the salable percentage is increased, to make full restoration, as represented by the increase in the salable percentage, to all such handlers, the restoration to the salable quantities of the respective handlers shall be pro rata on the basis of certified kernel weight poundage of reserve contributed by said handlers during the crop year to the date of increase of the salable percentage: *Provided*, That restoration shall be made in a manner that will result, to the extent practicable, in a comparable percentage of reserve disposition for each such handler and that no handler shall receive almonds in excess of his contribution. Such restoration to the salable quantity shall be deemed to fulfill the obligation of the Board with respect to the increase in the salable percentage.

§ 981.60 Determination of kernel weight.

(a) *Almonds for which settlement is made on kernel weight.* All lots of almonds, whether shelled or unshelled, for which settlement is made on the basis of kernel weight shall be included in the total kernel weight for any handler at the settlement weight.

(b) *Almonds for which settlement is made on unshelled weight.* The settlement weight for unshelled almonds shall be determined on the basis of representative samples of unshelled almonds reduced to shelled weight.

[35 FR 11372, July 16, 1970, as amended at 61 FR 32921, June 26, 1996]

§ 981.61 Redetermination of kernel weight.

The Board, on the basis of reports by handlers, shall redetermine the kernel weight of almonds received by each

handler for his own account during each crop year through each of the following dates: December 31, March 31, and June 30. Such redetermined kernel weight for each handler shall be the basis for computing his reserve obligation for the crop year through such dates, except that adjustment shall be made for almonds on which the obligation has been assumed by another handler. The redetermined kernel weight of each handler's receipts, as of any date during the crop year, shall be his carryover as of that date plus the weight of almonds delivered or used in products minus the carryover at the beginning of the crop year, the weight on which another handler has assumed the obligations, and the weight delivered to exempt outlets. Weights used in such computations for various classifications of almonds shall be:

(a) For unshelled almonds, the kernel weight based on representative samples reduced to shelled weight;

(b) For shelled almonds, the net weight; and

(c) For shelled almonds used in production of almond products, the net weight of such almonds.

DISPOSITION OF RESERVE

§ 981.65 Prohibition on the use or disposition of reserve almonds.

Except as provided in §§ 981.66 and 981.67, almonds that are withheld as reserve pursuant to the requirements of § 981.50 or are creditable in satisfaction of a reserve withholding obligation thereunder, shall not be used or disposed of by any handler or any other person.

§ 981.66 Conditions governing disposition of reserve.

(a) *General.* The Board shall have power and authority to sell or dispose of any and all reserve almonds withheld upon the best terms and at the highest return obtainable consistent with the ultimate complete disposition of reserve, subject to all conditions of this section.

(b) *Exclusion from salable normal trade channels.* No reserve almonds shall be sold in the United States, Puerto Rico,

and the Canal Zone other than to governmental agencies or to charitable institutions for charitable purposes, except for diversion into almond oil, almond butter, poultry or animal feed, or into other channels which the Board finds are noncompetitive with existing normal markets for almonds, and with proper safeguards in each case to prevent such almonds thereafter entering the channels of trade in such normal markets.

(c) *Disposition after December 31.* Any reserve almonds remaining unsold as of December 31 shall be disposed of by the Board as soon as practicable through the most readily available reserve outlets. The date of December 31 herein specified may be extended to a later date by the Secretary, upon recommendation of the Board or other information.

(d) *Expenses.* Direct expenses incurred by the Board in the maintenance and disposition of reserve almonds shall be charged against the proceeds of sales of such almonds.

(e) *Distribution of proceeds.* Net proceeds from the disposition of reserve almonds by the Board shall be distributed to each handler in proportion to his relative share of such disposition in terms of creditable reserve kernel weight pursuant to § 981.51 or such other basis as the Board may adopt with the approval of the Secretary.

[35 FR 11372, July 16, 1970, as amended at 37 FR 3984, Feb. 25, 1972; 41 FR 26854, June 30, 1976; 61 FR 32921, June 26, 1996]

§ 981.67 Disposition by handler.

Upon request of a handler, made prior to the delivery by him of any reserve to the Board in any crop year, the Board shall authorize such handler to act as agent of the Board, upon such reasonable terms and conditions, including inspection and certification requirements, as the Board may specify and subject to the conditions of § 981.66 in disposing of the reserve withheld from handling by such handler for that crop year. Any handler who is authorized to dispose of his reserve may, through arrangement with another handler dispose of such reserve through such other handler or, in lieu of disposition, may acquire credits for reserve disposition from another handler.

Agricultural Marketing Service, USDA

§ 981.71

In the first instance, the second handler shall also be subject to the conditions of § 981.66. It shall be the obligation of any handler authorized to dispose of such reserve to effect disposition thereof in accordance with all applicable requirements and conditions. The proceeds of such disposition shall be retained by the handler making the disposition, except that, in case he disposes of the reserve of another handler, the proceeds from that disposition shall be divided between the two handlers on the basis of a mutual agreement. Such authorization shall expire as of December 31 of the next crop year, and any reserve then remaining undisposed of by the handler shall be returned to the Board. If the date of December 31 specified in § 981.66(e) is extended, the date of December 31 shall be extended correspondingly. Any handler who has been authorized to act as agent of the Board in disposing of his reserve may terminate such agency as of April 1 of the particular crop year by giving written notice to the Board to that effect not later than the previous March 20, in which event such handler shall return to the Board, for disposition by it, all reserve almonds remaining in his possession. In case a handler does not terminate his agency as of April 1, he shall be required to continue to serve as such agent until December 31 of the next crop year. The Board shall not terminate such an agency prior to December 31 unless the agent violates the terms and conditions specified by the Board or other provisions of the order. During the period of such agency the Board, as principal, shall not dispose of the reserve withheld from handling by said agent. The Board, with the approval of the Secretary may prescribe such rules and regulations as are necessary to regulate disposition of reserve almonds including methods for crediting as reserve any salable almonds sold and delivered to reserve outlets.

RECORDS AND REPORTS

§ 981.70 Records and verification.

Each handler shall keep records which will clearly show the details of

his or her receipts of almonds, withholdings, sales, shipments, inventories, reserve disposition, advertising and promotion activities, as well as other pertinent information regarding his or her operation pursuant to the provisions of this part: *Provided*, that, such records shall be kept in the State of California. Such records shall be retained by the handler for 2 years after the end of the crop year to which they apply. Each handler's premises shall be accessible to authorized representatives of the Board and the Secretary for examination and audit of the aforesaid records and for inspection and observation of almonds. The Board shall make such checks of almonds or audits of each handler's records as it deems appropriate or are requested by the Secretary to insure that accurate information as required in this part is being furnished by handlers.

[35 FR 11372, July 16, 1970, as amended at 37 FR 3984, Feb. 25, 1972; 61 FR 32921, June 26, 1996]

§ 981.71 Record of receipts.

For the purpose of establishing the reserve obligation and furnishing statistical information to the Board necessary for the conduct of its operations, each handler, on receiving almonds for his own account, shall issue to the person from whom so received a receipt therefor. At least two duplicates thereof shall be made at the time of issuance, one of which shall be retained by the handler as a part of his records and the other submitted to the Board as hereinafter provided. Such receipts shall be serially numbered and shall accurately show for each lot received, the identity of the handler, the name and address of the person from whom received, the number of containers in the lot, the variety, whether shelled or unshelled, and the settlement weight for each such variety. The character and amount of all adjustments deducted from the gross weight shall be shown with the gross weight on the receipt issued by the handler.

EFFECTIVE DATE NOTE: At 40 FR 4416, Jan. 30, 1975, § 981.71 was suspended indefinitely.

§ 981.72

§ 981.72 Reports of receipts.

Each handler receiving almonds for his own account shall tabulate such receipts by varieties and shall submit reports thereof to the Board in such form and at such intervals as the Board may prescribe for all receipts issued by him. Such reports shall be accompanied by duplicate copies of the receipts issued pursuant to the provisions of § 981.71 for all almonds included in such report. The Board, after checking such reports in such manner as it deems desirable, shall determine in the manner specified in § 981.60 the kernel weight of the almonds so received.

EFFECTIVE DATE NOTE: At 40 FR 4416, Jan. 30, 1975, in § 981.72, the second sentence was suspended indefinitely.

§ 981.73 Periodic reports.

On or before January 15, and April 15, and August 15 of each crop year, each handler shall file with the Board a written report, certified to the Board and to the Secretary by such handler as to its completeness and correctness, showing as of the close of business on December 31, March 31, and July 31, respectively, such information as may be prescribed by the Board for use in retermination of kernel weight and marketing policy considerations.

[35 FR 11372, July 16, 1970, as amended at 61 FR 32922, June 26, 1996]

§ 981.74 Other reports.

Upon the request of the Board, made with the approval of the Secretary, every handler shall furnish to the Board in such manner and at such times as it prescribes (in addition to such other reports as are specifically provided for in this part) such other information as will enable the Board to perform its duties and exercise its powers hereunder.

§ 981.75 Confidential nature of records and reports.

All information contained in handler records made available to the Board or the Secretary, or in reports to the Board, constituting a trade secret or disclosing the trade position, financial condition, or business operations of any handler shall be considered as confidential information. Such informa-

tion received by the Board, shall be kept in the custody and under the control of one or more employees of the Board, who shall disclose such information to no person except the Secretary.

§ 981.76 Handler list of growers.

No later than December 31 of each crop year, each handler other than a cooperative handler (hereinafter, referred to as independent handler) governed by this subpart shall, upon request, submit to the Board a complete list of growers who have delivered almonds to such independent handler during that crop year.

[61 FR 32921, June 26, 1996]

EXPENSES AND ASSESSMENTS

§ 981.80 Expenses.

The Board is authorized to incur such expenses as the Secretary may find are reasonable and likely to be incurred by it during each crop year, for the maintenance and functioning of the Board, including the accumulation and maintenance of an operating reserve fund, and for such purposes as the Secretary may, pursuant to the provisions of this subpart, determine to be appropriate. The recommendation of the Board as to the expenses for each such year, together with all data supporting such recommendation, shall be submitted to the Secretary on or before August 1 of the crop year in connection with which such recommendation is made.

[35 FR 11372, July 16, 1970, as amended at 37 FR 3984, Feb. 25, 1972]

§ 981.81 Assessment.

(a) *Requirement for payment.* Each handler shall pay to the Board on demand by the Board, from time to time, such sum less any amounts credited pursuant to § 981.41, based on such rate per pound of almonds, kernel weight basis, received by him for his own account (except as to receipts from other handlers on which assessments have been paid) as the Secretary finds is necessary to provide funds to meet the authorized board expenses and the operating reserve requirements, and establishes for the crop year. Upon retermination of the kernel weight of almonds received by handlers for their

Agricultural Marketing Service, USDA

§ 981.85

own account as provided in §981.61, such redetermined kernel weight for each handler, adjusted for receipts on which assessments have been paid, shall be the basis upon which he shall pay assessments. At any time during or after a crop year, the Secretary may increase the rate of assessments to apply to all such almonds during such crop year to secure sufficient funds to cover the expenses authorized by §981.80 or by any later finding by the Secretary relative to the expenses of the Board, and such additional assessments shall be paid to the Board by each handler on demand. The payment of assessments for the maintenance and functioning of the Board may be required under this part throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) *Refunds.* Any money collected as assessments for either the administrative (maintenance and functioning) or research activities of the Board and not used for the expenses of the applicable crop year, may be used in paying the Board's expenses of the first four months of the succeeding crop year. No later than the fifth month the amount not expended from assessments collected for administrative-research in the previous crop year shall be retained in the operating reserve fund. Any amounts, not credited pursuant to §981.41 for a crop year may be used by the Board for its marketing promotion expenses of the succeeding crop year, and any unexpended portion of those amounts at the end of that crop year shall be retained in the marketing promotion portion of the operating reserve fund. Any funds in each portion of the operating reserve fund in excess of the level authorized pursuant to paragraph (c) of this section shall be refunded to handlers or used to reduce the assessment rate of the subsequent crop year, as the Board may determine. Each handler's share of a refund shall be the amount by which his payment of assessments exceeds his pro rata share of the two major classifications of Board expenses. For the purpose of computing any refund from the marketing promotion portion, each handler's payment of assessments shall include any amount credited to the handler pursuant

to §981.41. In lieu of a refund, each handler may have the amount due him credited to his assessment obligation of the crop year in which the amount would be refunded.

(c) *Reserves.* The Board may maintain an operating reserve fund consisting of an administrative-research portion and a marketing promotion portion. The amount in each portion shall not exceed approximately six-months' budget for the activity area or such lower amount as the Board may establish with the approval of the Secretary: *Provided,* That this limitation shall not restrict the temporary retention of excess funds for the purpose of stabilizing or reducing the assessment rate of a crop year. To the extent that funds from current crop year assessments are inadequate, funds in the operating reserve may be used for the authorized activities of the crop year. Funds so used, and not exceeding the six-month limitation, shall be replaced to the extent practicable from assessments subsequently collected for the crop year.

(d) *Disposition of funds upon termination.* Any money collected from assessments hereunder and remaining unexpended in possession of the Board upon the termination of this part shall be distributed in such manner as the Secretary may direct.

(e) Any assessment not paid by a handler within a period of time prescribed by the Board may be subject to an interest or late payment charge or both. The period of time, rate of interest and late payment charge shall be as recommended by the Board and approved by the Secretary. Subsequent to such approval, all assessments not paid within the prescribed period of time shall be subject to an interest or late payment charge or both.

operation of any or all of the provisions of this subpart, whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(2) The Secretary shall conduct a referendum as soon as practical after the end of the fiscal year ending two years after implementation of this amendment, and at such time every fifth year thereafter, to ascertain whether continuation of the order is favored by growers who have been engaged in the production of almonds for market within the State of California during the current crop year.

(3) *When favored by growers.* The Secretary shall terminate the provisions of this subpart at the end of any crop year whenever he finds that such termination is favored by a majority of the growers of almonds who during the crop year have been engaged in the production for market of almonds in the State of California: *Provided*, That such majority have during such period produced for market more than 50 percent of the volume of such almonds produced for market within said State; but such termination shall be effected only if announced on or before July 1 of the then current crop year.

(4) *If enabling legislation is terminated.* The provisions of this subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

(c) *Proceedings after termination*—(1) *Designation of trustees.* Upon the termination of the provisions of this subpart, the members of the Board then functioning shall continue as joint trustees, for the purpose of liquidating the affairs of the Board, of all funds and property then in the possession or under the control of the Board, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(2) *Duties of trustees.* Said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the Board and the joint trustees, to such person as the Secretary may direct; and shall, upon

request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the funds, property, and claims vested in the Board or the joint trustees pursuant thereto.

(3) *Obligations of persons other than board members and trustees.* Any person to whom funds, property, or claims have been transferred or delivered by the Board or its members, pursuant to this section, shall be subject to the same obligations imposed upon the members of the said Board and upon the said joint trustees.

§ 981.91 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or any regulation issued under this subpart, or (b) release or extinguish any violation of this subpart or of any regulation issued under this subpart, or (c) affect or impair any rights or remedies of the Secretary or of any other person, with respect to any such violation.

[81 FR 92564, Dec. 20, 2016]

Subpart C—Administrative Requirements

§ 981.401 Adjusted kernel weight.

(a) *Definition.* *Adjusted kernel weight* shall mean the actual gross weight of any lot of almonds: Less weight of containers; less moisture of kernels in excess of five percent; less shells, if applicable; less processing loss of one percent for deliveries with less than 95 percent kernels; less trash or other foreign material. The adjusted kernel weight shall be determined by sampling certified by the inspection agency.

(b) *Computation.* The computation of adjusted kernel weight shall be in the manner shown in the following examples. The examples are based on the analysis of a 1,000 gram sample taken from a lot of almonds weighing 10,000 pounds with less than 95 percent kernels, and a 1,000 gram sample taken from a lot of almonds weighing 10,000 pounds with 95 percent or more kernels. The first computation example is for the lot with less than 95 percent kernels containing the following: Edible kernels, 530 grams; inedible kernels, 120 grams; foreign material, 350 grams, and moisture content of kernels, seven percent. Excess moisture is two percent. The second computation example is for the lot with 95 percent or more kernels containing the following: Edible kernels, 840 grams; inedible kernels, 120 grams; foreign material, 40 grams; and moisture content of kernels, seven percent. Excess moisture is two percent. The example computations are as follows:

| | Computation number 1 | | Computation number 2 | |
|--|--|-----------------|--|-----------------|
| | Deliveries with less than 95 percent kernels | | Deliveries with 95 percent or more kernels | |
| | Percent of sample | Weight (pounds) | Percent of sample | Weight (pounds) |
| 1. Actual gross weight of delivery | | 10,000 | | 10,000 |
| 2. Percent of edible kernel weight | 53.000 | | 84.000 | |
| 3. Less weight loss in processing ¹ | 1.000 | | 0.000 | |
| 4. Less excess moisture of edible kernels (excess moisture × line 2) | 1.060 | | 1.680 | |
| 5. Net percent shell out (line 2 – lines 3 and 4) | 50.940 | | 82.320 | |
| 6. Net edible kernels (line 5 × line 1) | | 5,094 | | 8,232 |
| 7. Percent of inedible kernels (from sample) | 12.000 | | 12.000 | |
| 8. Less excess moisture of inedible kernels (excess moisture from sample × line 7) | 0.240 | | 0.240 | |
| 9. Net percent inedible kernels (line 7 – line 8) | 11.760 | | 11.760 | |
| 10. Total inedible kernels (line 9 × line 1) | | 1,176 | | 1,176 |
| 11. Adjusted kernel weight (line 6 + line 10) | | 6,270 | | 9,408 |

¹ Only applies to deliveries with less than 95 percent kernels.

(c) *Computation adjustments.* If applicable, adjustments shall be made by rounding such that the sample computation percentages total equals 100 percent. Rounding adjustments shall be made as follows: First adjust the foreign material percentage; if there is no foreign material in the sample, then adjust the excess moisture percentage; or if there is no foreign material or excess moisture in the sample, adjust the inedible kernels percentage.

[45 FR 68630, Oct. 16, 1980, as amended at 61 FR 42991, Aug. 20, 1996; 83 FR 28525, June 20, 2018]

§ 981.408 Inedible kernel.

Pursuant to § 981.8, the definition of inedible kernel is modified to mean a kernel, piece, or particle of almond kernel with any defect scored as serious damage, or damage due to mold, gum, shrivel, or brown spot, as defined in the United States Standards for Shelled Almonds, or which has embedded dirt or other foreign material not easily removed by washing: Provided, That the presence of web or frass shall not be considered serious damage for the purposes of determining inedible kernels, pieces, or particles of almond kernels.

[59 FR 39419, Aug. 3, 1994]

§ 981.413 Roadside stand exemption.

The term *at retail at a roadside stand* as used in § 981.13 shall be defined to mean sales for home use and not for resale which are not in excess of 100

pounds net kernel weight to any one customer per day. Sales of almonds at certified farmers' markets in compliance with section 1392 of the regulations of the California Department of Food and Agriculture shall be construed as "roadside" sales for the purpose of § 981.13 where these conditions are met.

[50 FR 30264, July 25, 1985]

§ 981.441 Credit for market promotion activities, including paid advertising.

(a) In order for a handler to receive credit for his/her own promotional activities from his/her pro rata portion of advertising assessment payments, pursuant to § 981.41(c), the Board must determine that such expenditures meet the applicable requirements of this section. Credit will be granted either in the form of a payment from the Board, or as an offset to that portion of the assessment if activities are conducted and documented to the satisfaction of the Board at least 2 weeks prior to the Board's first and second assessment billings, and at least 3 weeks prior to the Board's third and fourth assessment billings in a crop year. Credit, hereinafter termed "Credit-Back", will be granted in an amount not to exceed 66⅔ percent of a handler's proven expenditures for qualified activities.

(b) The portion of the handler assessment for which credit may be received under this section will be billed, and is due and payable, at the same time as the portion of the handler assessment

used for the Board's administrative expenses, unless the handler(s) conduct and document activities at least 2 weeks prior to the first and second assessment billings and 3 weeks prior to the third and fourth assessment billings. If the handler(s) conduct activities and submit documentation according to applicable provisions in this section, their advertising assessment obligation will be reduced according to the amount of proven activities approved by the Board.

(c) The Board shall grant Credit-Back for qualifying activities only to the handler who performed such activities and who filed a claim for Credit-Back in accordance with this section.

(d) Credit-Back shall be granted only for qualified promotional activities which are conducted and completed during the crop year for which Credit-Back is requested.

(e) The following requirements shall apply to Credit-Back for all promotional activities:

(1) Credit-Back granted by the Board shall be that which is appropriate when compared to accepted professional practices and rates for the type of activity conducted. In the case of claims for Credit-Back activities not covered by specific and established criteria, the Board shall grant the claim if it is consistent with practices and rates for similar activities. To this end, the Board may issue guidelines for qualifying activities from time to time as warranted. For activities in markets other than the United States and Canada, paragraph (e)(5) of this section shall also apply.

(2) The clear and evident purpose of each activity shall be to promote the sale, consumption or use of California almonds, and nothing therein shall detract from this purpose.

(3) No Credit-Back will be given for advertising placed in publications that target the farming or grower trade. No Credit-Back shall be given for any outdoor advertising in California almond growing counties with more than 1,000 bearing acres: *Provided*, That outdoor advertising in these counties which specifically directs consumers to a handler-operated outlet offering direct purchase of almonds will be eligible for Credit-Back.

(4) Credit-Back shall be granted for those qualified activities specified below, except that Credit-Back will not be allowed in any case for travel expenses, or for any promotional activities that result in price discounting.

(i) *Paid advertising directed to end-users, trade or industrial users.* Credit-Back shall be granted for money spent on paid advertising space or time including, but not limited to, newspapers, magazines, radio, television, transit and outdoor media, and including the standard agency commission costs not to exceed 15 percent of gross.

(ii) *Other market promotion activities.* Credit-Back shall be granted for market promotion other than paid advertising, for the following activities:

(A) Marketing research (except pre-testing and test-marketing of paid advertising);

(B) Trade and consumer product publicity: *Provided*, That no Credit-Back shall be given for related fees charged by an advertising or public relations agency;

(C) Printing costs for promotional material;

(D) Direct mail printing and distribution;

(E) Retail in-store demonstrations;

(F) Point-of-sale materials (not including packaging);

(G) Sales and marketing presentation kits;

(H) Trade fairs and exhibits;

(I) 50/50 advertising with retailers;

(J) Couponing (printing, distribution, and handling costs only); and

(K) Development and use of web-site on the Internet for advertising and public relations purposes, including E-commerce (mail ordering through the Internet): *Provided*, That Credit-Back shall be limited to \$20,000 per year for such activities, and no credit shall be given for costs for E-commerce administration, Extranet (restricted Web sites within the Internet), Intranet (inter-office communication network), or portions of a web-site that target the farming or grower trade.

(iii) For any qualified activity involving joint participation by a handler and a manufacturer or seller of a complementary product(s), or a handler selling multiple complementary products, including other nuts, with

such activity including the handler's name or brand, or the words "California Almonds", the amount allowed for Credit-Back claim shall reflect that portion of the activity represented by almonds, or the handler's actual payment, whichever is less.

(iv) Except as otherwise provided in paragraph (e)(4)(v) of this section, when products containing almonds are promoted, the amount allowed for Credit-Back shall reflect that portion of the product weight represented by almonds, or the handler's actual payment, whichever is less: *Provided*, That, except for mixed nut products, the amount of Credit-Back for qualified promotional activities for products containing almonds shall be granted at 66⅔ percent of proven expenditures, if the product is owned or distributed by the handler and such ownership or distributorship is stated on the package: *Provided Further*, That to receive any level of credit, the product must display the handler's name, the handler's brand, or the words "California Almonds" on the primary, face label.

(5) Credit-Back for promotional activities in a foreign market shall be granted at 66⅔ percent of a handler's unreimbursed expenditures for qualified activities in any foreign market, if the handler is promoting pursuant to a contract with the Foreign Agricultural Service, USDA (FAS) and/or the California Department of Food and Agriculture (CDFA). Such activities must also meet the requirements of paragraphs (e)(1), (2), (3), (4), and (6) of this section. Unless the Board is administering the foreign marketing program, such activities shall not be eligible for Credit-Back unless the handler certifies that he/she was not and will not be reimbursed by either FAS or the CDFA for the amount claimed for Credit-Back, and has on record with the Board all claims for reimbursement made to FAS and/or the CDFA. Foreign market expenses paid by third parties as part of a handler's contract with FAS or CDFA will not be eligible for Credit-Back.

(6) A handler must file claims with the Board to obtain Credit-Back for promotional expenditures, as follows:

(i) All claims submitted to the Board for any qualified activity must include:

(A) A description of the activity and when and where it was conducted;

(B) Copies of all invoices from suppliers or agencies;

(C) Copies of all canceled checks issued by the handler in payment of these invoices; and

(D) An actual sample, picture or other physical evidence of the activity.

(ii) Handlers may receive credit against their assessment obligation up to the advertising amount of the assessment installment due: *Provided*, That handlers submit the required documentation for a qualified activity at least 2 weeks prior to the mailing of the Board's first and second assessment notices, and at least 3 weeks prior to the mailing of the Board's third and fourth assessment notices in a crop year. In all other instances, handlers must remit the advertising assessment to the Board when billed, and a refund will be issued to the extent of proven, qualified activities.

(iii) Checks from the Board in payment of approved Credit-Back claims will be mailed to handlers on February 15, April 15, June 15, and 30 days after submission of final claims for the crop year pursuant to paragraph (e)(6)(iv) of this section. To receive payment on these dates, handler claims must be submitted, with all required elements, at least one month prior to the payment date. A handler can receive Credit-Back for his/her allowable direct expenditures only up to the amount of that portion of the handler's assessment designated for marketing promotion, including paid advertising.

(iv) A statement of the Credit-Back commitments outstanding as of the close of a crop year must be submitted in full to the Board within 15 days after the close of that crop year. Final claims pertaining to such commitments outstanding must be submitted with all required elements within 76 days after the close of that crop year. All other final claims for which no statement of Credit-Back commitments outstanding has been filed must be submitted by August 15 of that calendar year.

(f) *Appeals*. If a determination is made by the Board staff that a particular promotional activity is not eligible for Credit-Back because it does

not meet the criteria specified herein, or for any other reason, the affected handler may request the Public Relations and Advertising Committee to review the Board staff's decision. If the affected handler disagrees with the decision of the Public Relations and Advertising Committee, the handler may request that the Board review the Committee decision. If the handler disagrees with the decision of the Board, the handler, through the Board, may request that the Secretary review the Board's decision. Handlers have the right to request anonymity in the review of their appeal. The Secretary maintains the right to review any decisions made by the aforementioned bodies at his/her discretion.

§ 981.442 Quality control.

(a) *Incoming.* Pursuant to § 981.42(a), the quantity of inedible kernels in each variety of almonds received by a handler, including almonds of his own production, shall be determined and disposed of in accordance with the provisions of this paragraph.

(1) *Sampling.* Each handler shall cause a representative sample of almonds to be drawn from each lot of any variety received. The sample shall be drawn before inedible kernels are removed from the lot, or the lot is processed or stored by the handler. For receipts at premises with mechanical sampling equipment and under contracts providing for payment by the handler to the producer for sound meat content, samples shall be drawn by the handler in a manner acceptable to the Board and the inspection agency. The inspection agency shall make periodic checks of the mechanical sampling procedures. For all other receipts, including but not limited to field examination and purchase receipts, accumulations purchased for cash at the handler's door or from an accumulator, or almonds of the handler's own production, sampling shall be conducted or monitored by the inspection agency in a manner acceptable to the Board. All samples shall be bagged and identified in a manner acceptable to the Board and the inspection agency.

(2) *Variety.* For the purpose of classifying receipts by variety to determine a handler's disposition obligation, "variety" shall mean that variety of almonds which constitutes at least 90 percent of the lot: *Provided*, That lots containing a combination of Butte and Padre varieties only, shall be classified as "Butte-Padre", regardless of the percentage of each variety in the lot. If no variety constitutes at least 90 percent of the almonds in a lot, the lot shall be classified as "mixed": *Provided further*, That if the variety or varieties of almonds in a lot are not identified, the lot shall be classified as "mixed", regardless of the percentage of each variety in a lot.

(3) *Analysis of sample.* Each sample shall be analyzed by or under the surveillance of the inspection agency to determine the kernel content and the proportion of inedible kernels in the sample. The inspection agency shall prepare a report for each handler showing, by variety, the total adjusted kernel weight received by handler, the inedible kernel weight and any other information as the Board may prescribe. The report shall cover the handler's daily receipt or the handler's total receipts during a period not exceeding one week, and shall be submitted by the inspection agency to the Board and the handler.

(4) *Disposition obligation.* (i) Beginning August 1, 2016, the weight of inedible kernels in excess of 2 percent of kernel weight reported to the Board of any variety received by a handler shall constitute that handler's disposition obligation. For any almonds sold inshell, the weight may be reported to the Board and the disposition obligation for that variety reduced proportionately.

(ii) If a sufficient sample is not available for any lot of almonds, the handler may establish and substantiate, to the satisfaction of the Board, the received weight, the edible and inedible kernel weights, and the adjusted kernel weight by providing sufficient information as the Board may prescribe. If the handler is only able to establish and substantiate the approximate received weight, an inedible disposition obligation of 10 percent of such received

weight may be applied, upon agreement between the Board and the handler.

(5) *Meeting the disposition obligation.* Each handler shall meet its disposition obligation by delivering packer pickouts, kernels rejected in blanching, pieces of kernels, meal accumulated in manufacturing, or other material, to crushers, feed manufacturers, feeders, or dealers in nut wastes on record with the Board as accepted users. Handlers shall notify the Board at least 72 hours prior to delivery: *Provided*, That the Board or its employees may lessen this notification time whenever it determines that the 72 hour requirement is impracticable. The Board may supervise deliveries at its option. In the case of a handler having an annual total obligation of less than 1,000 pounds, delivery may be to the Board in lieu of an accepted user, in which case the Board would certify the disposition lot and report the results to the USDA. For dispositions by handlers with mechanical sampling equipment, samples may be drawn by the handler in a manner acceptable to the Board and the inspection agency. For all other dispositions, samples shall be drawn by or under supervision of the inspection agency. Upon approval by the Board and the inspection agency, sampling may be accomplished at the accepted user's destination. The edible and inedible almond meat content of each delivery shall be determined by the inspection agency and reported by the inspection agency to the Board and the handler. The handler's disposition obligation will be credited upon satisfactory completion of ABC Form 8. ABC Form 8, Part A, is filled out by the handler, and Part B by the accepted user. Beginning August 1, 2006, at least 50 percent of a handler's total crop year inedible disposition obligation shall be satisfied with dispositions consisting of inedible kernels as defined in § 981.408: *Provided*, That this 50 percent requirement shall not apply to handlers with total annual obligations of less than 1,000 pounds. Each handler's disposition obligation shall be satisfied when the almond meat content of the material delivered to accepted users equals the disposition obligation, but no later than September

30 succeeding the crop year in which the obligation was incurred.

(6) *Inedible almonds unfit for processing.* All lots received from growers as "inedible almonds unfit for processing," shall be exempt from the requirements of paragraphs (a) (1) and (3) of this section, but shall be disposed of in their entirety (other than as pickouts), as provided in paragraph (a)(5) of this section. Disposition of these lots shall not be credited toward the disposition obligation of paragraph (a)(4) of this section. If a grower sells or ships inedible almonds to a person other than a handler, the grower thereby becomes a handler and subject to all the requirements of this paragraph.

(7) *Accepted users.* An accepted user's eligibility shall be subject to the following criteria:

(i) Annual completion of an application with the Board for accepted user status;

(ii) Annual submission of a business data sheet to the Board;

(iii) Annual submission of an Accepted User Plan (Form ABC 30) to the Board by July 31 of each year;

(iv) The accurate and prompt submission of Form ABC 8, Part B, to the Board for each lot of almonds received. Each lot of inedible almonds received must be documented by a public weighmaster weight certificate issued at the request of the accepted user at the time of receipt of the lot. Weighmaster weight certificates must be submitted to the Board within 10 business days of issuance;

(v) Disposal of inedible almond material within 6 months of receipt; and

(vi) Disposal of inedible almond material received with no transfer of the material between accepted users.

(vii) The Board may deny or revoke accepted user status at any time if the applicant or accepted user fails to meet the terms and conditions of § 981.442, or if the applicant or accepted user fails to meet the terms and conditions set forth in the accepted user application (Form ABC 34).

(viii) The eligibility of accepted users shall be reviewed annually by the Board. Handlers will not receive credit towards their disposition obligations

pursuant to paragraph (a)(4) of this section for inedible lots where the difference between the weight of the lot reported by the inspection agency on Form ABC 8 and the weight of the lot reported on the public weighmaster weight certificate exceeds 2.0 percent.

(b) *Outgoing.* Pursuant to §981.42(b), beginning September 1, 2007, and except as provided in §981.13 and in paragraph (b)(6) of this section, handlers shall subject their almonds to a treatment process or processes prior to shipment to reduce potential *Salmonella* bacteria contamination in accordance with the provisions of this section.

(1) *Treatment process.* Treatment processes shall utilize technologies that have been determined to achieve in total a minimum 4-log reduction of *Salmonella* bacteria in almonds, pursuant to a letter of determination issued by the Food and Drug Administration (FDA), or acceptance by a scientific review panel as identified by the Board (Technical Expert Review Panel or “TERP”). Such panel shall be approved at least annually by the Board prior to the beginning of each crop year, or as needed during the crop year.

(2) *On-site versus off-site treatment.* Handlers shall subject almonds to a treatment process or processes prior to shipment either at their handling facility (on-site), or at an off-site treatment facility located within the production area. Transportation of almonds by a handler to an off-site treatment facility shall not be deemed a shipment.

(3) *Validation by process authorities.* Handlers shall only use, or transport their almonds to off-site treatment facilities that use treatment processes that have been validated by a Board-approved process authority. Treatment technology and equipment that have been modified to a point where operating parameters such as time, temperature, or volume change, shall be revalidated.

(i) Validation means that the treatment technology and equipment have been demonstrated to achieve in total a minimum 4-log reduction of *Salmonella* bacteria in almonds. Validation data prepared by a Board-approved process authority must be submitted to and accepted by the TERP for each piece of equipment used to treat al-

monds prior to its use under the program.

(ii) A process authority is a person that has expert knowledge of appropriate processes for the treatment of almonds as defined in paragraph (b)(1) of this section, and meets the following criteria:

(A) Knowledge about the equipment used for the treatment process;

(B) Experience in conducting appropriate studies to determine the ability of the equipment to deliver the appropriate treatment (such as heat penetration or heat distribution); and

(C) Able to determine that sufficient data has been gathered to identify the critical factors needed to ensure the quality of the final product.

(iii) Process authorities may be employees of the entity for which they are conducting validation. The Board shall provide process authorities specific protocols and parameters for treatment processes that are FDA determined or TERP accepted.

(iv) Process authorities must submit an initial application to the Board on ABC Form No. 51, “Application for Process Authority for Almonds,” and be approved by the TERP. Should the applicant disagree with the TERP’s decision concerning approval, the applicant may appeal the decision in writing to the Board, and ultimately to USDA. For subsequent crop years, approved applicants with no changes to their initial application must send the Board a letter, signed and dated, indicating that there are no changes to the application the Board has on file.

(v) The TERP may revoke any approval for cause. The TERP shall notify the process authority in writing of the reasons for revoking the approval. Should the process authority disagree with the TERP’s decision, he/she may appeal the decision in writing to the Board, and ultimately to USDA. A process authority whose approval has been revoked must submit a new application to the TERP and await approval.

(4) *Compliance and verification.* In accordance with the requirements of this paragraph, handlers shall utilize either an on-site verification program (traditional), or an audit-based verification program to ensure that their almonds

have been subjected to a treatment process to reduce *Salmonella* bacteria prior to shipment. Each handler may decide which verification program would be the most cost-effective for his or her operation.

(i) By May 31, each handler shall submit to the Board a Treatment Plan for the upcoming crop year. A Treatment Plan shall describe how a handler plans to treat his or her almonds, and must address specific parameters as outlined by the Board for the handler to ship almonds. Such plan shall be reviewed by the Board, in conjunction with the inspection agency, to ensure it is complete and can be verified, and be approved by the Board. Almonds sent by a handler for treatment to an off-site facility affiliated with another handler shall be subject to the approved Treatment Plan utilized at that facility. Handlers shall follow their own approved Treatment Plans for almonds sent to an off-site facility that is not affiliated with another handler.

(ii) Handlers utilizing an on-site verification program shall cause the inspection agency to verify that their Treatment Plans have been followed, and that their almonds have been subjected to a treatment process that has been validated by a Board-approved process authority. Such handlers shall submit, or cause to be submitted, a verification report to the Board. The inspection agency must physically observe the treatment process to issue such report.

(iii) Handlers utilizing an audit-based verification program shall be subject to periodic audits conducted by the inspection agency. The inspection agency shall provide copies of the audit report to the Board. Handlers who do not comply with an audit-based verification program shall be required to revert to an on-site verification program.

(iv) Interhandler transfers of almonds may or may not be treated prior to transfer. Handlers receiving untreated almonds from another handler shall be responsible for treating the product. Handlers receiving treated almonds from another handler must have procedures outlined in their Treatment Plan addressing how the integrity of the treated almonds will be maintained. In

all instances involving interhandler transfers, the receiving handler shall be responsible for ensuring that the almonds are treated prior to shipment and maintaining documentation to that effect.

(v) An off-site treatment facility that does not handle almonds, pursuant to § 981.16, shall provide access to the inspection agency and Board staff for verification of treatment and review of treatment records. A treatment process at an off-site treatment facility that has been validated by a Board approved process authority is deemed to be approved by the Board for handler use. The Board may revoke any such approval for cause. The Board shall notify the off-site treatment facility of the reasons for revoking the approval. Should the off-site facility disagree with the Board's decision, it may appeal the decision in writing to USDA. Handlers may treat their almonds only at off-site treatment facilities that have been deemed to be approved by the Board.

(5) *Records.* Handlers shall maintain records and documentation that will be subject to audit by the Board for the purpose of verifying compliance with this section. Records must be maintained for two full years following the end of the crop year, and must identify lots from the point of treatment forward to the point of shipment by the handler. Lot identification shall also provide the ability to differentiate treated from untreated product. Off-site treatment facilities that do not handle almonds pursuant to § 981.16, shall maintain treatment records for 2 full years following the end of a crop year and make such records available to the Board.

(6) *Exemptions.* Handlers may ship untreated almonds under the following conditions. For purposes of this section, container means a box, bin, bag, carton, or any other type of receptacle used in the packaging of bulk almonds.

(i) Handlers may ship untreated almonds for further processing directly to manufacturers located within the U.S., Canada or Mexico. This program shall be termed the Direct Verifiable (DV) program. Handlers may only ship untreated almonds to manufacturers who have submitted ABC Form No. 52,

“Application for Direct Verifiable (DV) Program for Further Processing of Untreated Almonds,” and have been approved by the TERP. Such almonds must be shipped directly to approved manufacturing locations, as specified on Form No. 52. Such manufacturers DV users must submit an initial Form No. 52 to the Board and be approved by the TERP. Should the applicant disagree with the TERP’s decision concerning approval, it may appeal the decision in writing to the Board, and ultimately to USDA. For subsequent crop years, approved applicants with no changes to their initial application must send the Board a letter, signed and dated, indicating that there are no changes to the application the Board has on file. The TERP may revoke any approval for cause. The TERP shall notify the manufacturer in writing of the reasons for revoking the approval. Should the manufacturer disagree with the TERP’s decision, it may appeal the decision in writing to the Board, and ultimately to USDA. A manufacturer whose approval has been revoked must submit a new application to the TERP and await approval. The Board shall issue a DV User code to an approved manufacturer. Handlers must reference such code in all documentation accompanying the lot and identify each container of such almonds with the term “unpasteurized.” Such lettering shall be on one outside principal display panel, at least ½ inch in height, clear and legible. If a third party is involved in the transaction, the handler must provide sufficient documentation to the Board to track the shipment from the handler’s facility to the approved DV user. While a third party may be involved in such transactions, shipments to a third party and then to a manufacturing location are not permitted under the DV program. Approved DV Users shall:

(A) Subject such almonds to a treatment process or processes using technologies that achieve in total a minimum 4-log reduction of *Salmonella* bacteria as determined by the FDA, accepted by the TERP, or established by a process authority approved in accordance with and subject to the provisions and procedures of paragraph (b)(3) of this section. Establish means that the

treatment process and protocol have been evaluated to ensure the technology’s ability to deliver a lethal treatment for *Salmonella* bacteria in almonds to achieve a minimum 4-log reduction;

(B) Identify the manufacturing locations where treatment will occur;

(C) Have their treatment technology and equipment validated by a Board-approved process authority, and provide documentation with their DV application to verify that their treatment technology and equipment have been validated by a Board-approved process authority. Such documentation may include, but not be limited to, a letter from such process authority certifying the validation. Such documentation shall be sufficient to demonstrate that the treatment processes and equipment achieve a 4-log reduction in *Salmonella* bacteria. Treatment technology and equipment that have been modified to a point where operating parameters such as time, temperature, or volume change, shall be revalidated;

(D) Have their technology and procedures verified by a Board-approved DV auditor to ensure they are being applied appropriately. A DV auditor may not be an employee of the manufacturer that he/she is auditing. DV auditors must submit a report to the Board after conducting each audit. DV auditors must submit an initial application to the Board on ABC Form No. 53, “Application for Direct Verifiable (DV) Program Auditors,” and be approved by the TERP. Should the applicant disagree with the TERP’s decision concerning approval, it may appeal the decision in writing to the Board, and ultimately to USDA. For subsequent crop years, approved DV auditors with no changes to their initial application must send the Board a letter, signed and dated, indicating that there are no changes to the application the Board has on file. The TERP may revoke any approval for cause. The TERP shall notify the DV auditor in writing of the reasons for revoking the approval. Should the DV auditor disagree with the TERP’s decision, it may appeal the decision in writing to the Board, and ultimately to USDA. A DV auditor whose approval has been revoked must

§ 981.450

submit a new application to the TERP and await approval;

(E) Maintain all records regarding validation and verification of treatment methods, processing, and product traceability. Such records shall be retained for two years and shall be made available for review by the Board; and,

(F) Ship any almonds which will not be treated to a handler, to another approved DV user, to locations outside the U.S., Canada, and Mexico (containers must remain identified with the term “unpasteurized”), as specified in § 981.442(b)(6)(i), or dispose of such almonds in non-edible channels.

(ii) Handlers may ship untreated almonds directly or through a third party to locations outside the U.S., Canada, and Mexico, provided that each container of such almonds is identified with the term “unpasteurized.” Such lettering shall be on one outside principal display panel, at least ½ inch in height, clear and legible. If a third party is involved in the transaction, the handler must provide sufficient documentation to the Board to track the shipment from the handler’s facility to the importer in the foreign country.

(7) *Other restrictions.* The provisions of this section do not supersede any restrictions or prohibitions regarding almonds grown in California under the Federal Food, Drug and Cosmetic Act, or any other applicable laws or regulations or the need to comply with applicable food and sanitary regulations of city, county, State or Federal agencies.

§ 981.450 Exempt dispositions.

As provided in § 981.50 any handler disposing of almonds for crushing into oil, or for poultry or animal feed, may have the kernel weight of these almonds excluded from his receipts, and exempt from program obligations so long as the handler qualifies as, or delivers such almonds to, a crusher, a feeder, or dealer in nut waste; the crusher, feeder, or dealer are acceptable to the Board; each delivery is

made directly to the crusher, feeder, or dealer, by June 30 of the crop year; and each delivery is certified to the Board by the handler on ABC Form 8.

§ 981.455 Interhandler transfers.

(a) *Transfers of almonds.* Interhandler transfers of almonds pursuant to § 981.55 shall be reported to the Board on ABC Form 7. The report shall contain the following information:

- (1) Date of transfer;
- (2) The names, and plant locations of both the transferring and receiving handlers;
- (3) The variety of almonds transferred;
- (4) Whether the almonds are shelled or unshelled;
- (5) The name of the handler assuming reserve and assessment obligations on the almonds transferred;
- (6) Whether the almonds had been treated to achieve a 4-log reduction in *Salmonella* bacteria, pursuant to § 981.442(b); and
- (7) A unique handler identification number for each lot.

(b) *Transfers of reserve credits.* A handler may transfer reserve credits to another handler after having filed with the Board, in accordance with § 981.474, a completed ABC Form 13/14 covering the almonds to be diverted to a non-competitive outlet and all the documentation applicable thereto. Such a transfer does not relieve the transferring handler of any reserve obligations for the applicable crop year. The transferred credit shall not exceed the quantity needed by the receiving handler to cover that handler’s reserve obligation. The Board shall complete the transfer upon receipt of an ABC Form 11 executed by both handlers. No transfer of reserve credits shall be made to satisfy a handler’s inedible disposition obligation incurred pursuant to § 981.42(a).

(c) *Transfers of reserve withholding obligation.* A handler may transfer reserve withholding obligation to other handlers pursuant to § 981.55 after having filed with the Board an ABC Form 11 executed by both handlers. The Board shall approve the transfer upon receipt of the properly completed form.

(d) Transfer of inedible obligation may be made, with the approval of the

Board, only when the inedible kernels are physically transferred with the entire lot of almonds. The transfer of the lot shall be reported on ABC Form 9, showing date of transfer and, for the transferring handler, the (1) original inspection certificate number, (2) total weight shown on the certificate, and (3) weight of inedible kernels shown on the certificate. For the receiving handler, ABC Form 9 shall show the (1) new inspection certificate number, (2) total weight shown on the certificate, and (3) weight of inedible kernels shown on the certificate. ABC Form 9 shall be signed by both, the transferring handler and the receiving handler, and submitted by the receiving handler to the Board for approval.

§ 981.466 Almond butter.

Almond butter as used in § 981.66(c) is hereby defined as a comminuted food product prepared by grinding shelled or blanched almonds into a homogeneous plastic or semiplastic mass or liquid having very few particles larger than $\frac{1}{16}$ inch in any dimension. To produce chunky style almond butter, almond chunks or pieces may be added up to a maximum of 25 percent by weight of the finished product. The size of the almond pieces used to make chunky style almond butter may not exceed $\frac{3}{16}$ inch in any dimension.

[48 FR 11250, Mar. 17, 1983]

§ 981.467 Disposition in reserve outlets by handlers.

(a) *Agents of Board.* Beginning with August 1 of any crop year, a handler may become an agent of the Board pursuant to § 981.67 for the purpose of disposing of reserve almonds of such crop year, in the authorized outlets. The agency shall be established upon a handler executing a reserve agreement (ABC Form 12) ABC, applicable to diversion, containing terms and conditions specified by the Board.

(b) *Reserve credit.* Credit in satisfaction of a reserve obligation shall not exceed the accrued reserve obligation derived by applying the reserve percentage to the quantity of almonds re-

ceived by a handler for his own account during the crop year. Disposition by an agent of the Board in eligible reserve outlets within a crop year in excess of his reserve obligation shall be held to be a disposition of salable almonds. Whenever such disposition has been inspected and certified, if required, and has complied with the terms, conditions, and documentation applicable to disposition of reserve almonds as determined by the Board, the disposition may be credited against any reserve obligation subsequently incurred by the handler during that crop year, or the disposition may be credited pursuant to § 981.455(b) against the reserve obligation of another handler.

(c) *Minimum prices.* Minimum prices shall apply to 1990–91 crop year reserve almonds diverted to almond butter, natural almond paste, foil packets for sales to airlines, and sales to government agencies, including federal and state school lunch programs. Prices are F.O.B. handlers plant. The prices may contain a maximum of two percent brokerage commission. No cash discounts are allowed. The prices are as follows for various grades or categories of almonds:

| U.S. Standard Sheller Run, unblanched | 74 cents. |

HAZELNUT CONTROL BOARD

§ 982.30 Establishment and membership.

(a) There is hereby established a Hazelnut Marketing Board consisting of

10 members, each of whom shall have an alternate member, to administer the terms and provisions of this part. Each member and alternate shall meet the same eligibility qualifications. The 10 member positions shall be allocated as follows:

(b) Four of the members shall represent handlers, as follows:

(1) One member shall be nominated by the handler who handled the largest volume of hazelnuts during the two marketing years preceding the marketing year in which nominations are made;

(2) One member shall be nominated by the handler who handled the second largest volume of hazelnuts during the two marketing years preceding the marketing year in which nominations are made;

(4) The fourth handler member shall be nominated by and represent all other handlers.

(b) The Secretary, upon the recommendation of the Board, may reestablish districts within the production area and may reapportion grower membership among the various districts: *Provided*, That in recommending any such changes, the Board shall give consideration to (1) the relative importance of production in each district and the number of growers in each district; (2) the geographic location of districts as they would affect the efficiency of administering this part; and (3) other relevant factors.

§ 982.32 Initial members and nomination of successor members.

(a) Members and alternate members of the Board serving immediately prior to the effective date of this amended subpart shall continue to serve on the Board until their respective successors have been selected.

(b) Nominations for successor handler members and alternate members specified in § 982.30(b) (1) through (3) shall be made by the largest, second largest, and third largest handler determined according to the tonnage of certified merchantable hazelnuts and, when shelled hazelnut grade and size regulations are in effect, the inshell equivalent of certified shelled hazelnuts (computed to the nearest whole ton) recorded by the Board as handled by each such handler during the two marketing years preceding the marketing year in which nominations are made.

(c) Nominations for successor handler member and alternate handler member positions specified in § 982.30(b)(4) shall be made by the handlers in that category by mail ballot. All votes cast shall be weighted according to the tonnage of certified merchantable hazelnuts and, when shelled hazelnut grade and size regulations are in effect, the inshell equivalent of certified shelled hazelnuts (computed to the nearest whole ton) recorded by the Board as handled by each handler during the two

marketing years preceding the marketing year in which nominations are made. If less than one ton is recorded for any such handler, the vote shall be weighted as one ton. If such petitions fail to result in submission of at least two names for a district, the Board shall request County Agricultural Extension Agents in that district to recommend one or more eligible growers to be included on the ballot. Ballots, accompanied by the names of all such candidates, with spaces to indicate voters' choices and spaces for write-in candidates, together with voting instructions, shall be mailed to all growers who are on record with the Board. The person receiving the highest number of votes shall be the member nominee for that district, and the person receiving the second highest number of votes shall be the alternate member. The Board shall recommend one candidate in case of a tie vote.

(f) Nominations received in the foregoing manner by the Board for all handler and grower member and alternate member positions shall be certified and sent to the Secretary at least 60 days prior to the beginning of each two-year

Board shall qualify by filing with the Secretary a written acceptance of willingness to serve on the Board.

(d) Any member or alternate member who at the time of selection was a member (or employed by or an agent of a member) of the group which nominated that person shall, upon ceasing to be such, become disqualified to serve further and that position shall be deemed vacant. In the event any grower member or alternate member of the Board handles hazelnuts produced by other growers or becomes an employee or agent of a handler, that person shall be disqualified to continue to serve on the Board in that capacity.

(e) No person nominated to serve as a public member or alternate member shall have a financial interest in any hazelnut growing or handling operation.

(f) The Board, with the approval of the Secretary, may issue rules and regulations covering matters of qualifications for members or alternate members.

§ 982.36 Alternates.

An alternate for a member of the Board shall act in the place of the member during such member's absence or, upon the member's death, removal, resignation, or disqualification, until a

MARKETING POLICY

§ 982.40 Marketing policy and volume regulation.

(a) *General*. As provided in this section, prior to September 20 of each marketing year, the Board may hold meetings for the purpose of computing its marketing policy for that year and shall do so for the purpose of submitting any recommendations on its policy to the Secretary. The Board may designate one of its employees to compute and announce the preliminary computed free and restricted percentages.

(b) *Inshell trade demand*. If the Board determines that volume regulation would tend to effectuate the declared policy of the act, it shall compute and announce an inshell trade demand for

that year prior to September 20. The inshell trade demand shall equal the average of the preceding three years' trade acquisitions of inshell hazelnuts: *Provided*, That the Board may increase such average by no more than 25 percent if market conditions justify such an increase. If the trade acquisitions during any or all of these years were abnormal because of crop or marketing conditions, the Board may use a prior year or years in determining the three-year average.

(c) *Inshell allocation*—(1) *Preliminary computed percentages*. Prior to September 20 of a marketing year, the Board shall compute and announce preliminary computed free and restricted percentages for that year, to release 80 percent of the inshell trade demand for that year. The preliminary computed free percentage shall be computed by multiplying that trade demand, adjusted by the declared carryin, by 80 percent, and by dividing that amount by the Board's estimate of orchard-run production less the average disappearance during the preceding three years, plus the undeclared carryin. The difference between 100 percent and the preliminary free percentage shall be the preliminary computed restricted percentage. At the same time, the Board may announce the portion of the restricted supply that may be shelled or exported, and the remainder of that supply to be disposed of in outlets approved by the Board pursuant to § 982.52.

(2) *Interim final and final percentages*. On or before November 15, the Board shall meet to recommend to the Secretary the interim final and final free and restricted percentages, including the portion of the restricted supply that may be shelled or exported. The interim final percentages shall release 100 percent of the inshell trade demand previously computed by the Board for the marketing year. The final free and restricted percentages may release an additional 15 percent of the average of the preceding three years' trade acquisitions of inshell hazelnuts for desirable carryout. If the trade acquisitions during any or all of these years were abnormal, the Board may use a prior year or years in determining this three-year average. The final free and

restricted percentages shall become effective 30 days prior to the end of the marketing year, or earlier as may be recommended by the Board and approved by the Secretary. The recommendations to the Secretary shall include the following:

(i) The estimated tonnage of merchantable hazelnuts expected to be produced during the marketing year.

(ii) The estimated tonnage of inshell hazelnuts held by handlers on the first day of the marketing year which may be available for handling as inshell hazelnuts thereafter.

(iii) Any other pertinent factors bearing on the marketing of hazelnuts during the marketing year.

Whenever the Secretary finds, on the basis of the recommendation of the Board or other available information that, to establish the interim final and final free and restricted percentages would tend to effectuate the declared policy of the act, the Secretary shall establish such percentages.

(d) *Grade, size, and quality regulations*. Prior to September 20, the Board may consider grade, size, and quality regulations in effect and may recommend modifications thereof to the Secretary.

(e) *Revision of marketing policy*. At any time prior to February 15 of the marketing year, the Board may recommend to the Secretary revisions in the marketing policy for that year: *Provided*, That in no event shall any such recommendation provide for free and restricted percentages based on an inshell trade demand which is more than 125 percent of the average of the preceding three years' trade acquisitions computed pursuant to paragraph (b) of this section for that marketing year. At any time during the period December 1 through February 10 at the request of two or more handlers, who during the preceding marketing year handled at least 10 percent of all hazelnuts handled, the Board shall meet to determine whether the marketing policy should be revised.

§ 982.41

7 CFR Ch. IX (1–1–20 Edition)

§ 982.41 Free and restricted percentages.

The free and restricted percentages computed by the Board or established by the Secretary pursuant to § 982.40 shall apply to all merchantable hazelnuts handled during the current marketing year. Until the preliminary computed free and restricted percentages are computed by the Board for the current marketing year, the percentages in effect at the end of the previous marketing year shall be applicable.

[51 FR 29548, Aug. 19, 1986]

GRADE, SIZE, AND QUALITY REGULATION

§ 982.45 Establishment of grade, size, and quality regulations.

(a) *Minimum standards.* No handler shall handle any inshell or shelled hazelnuts unless such inshell hazelnuts meet requirements of Oregon No. 1 grade and medium size (as defined in the Oregon Grade Standards Hazelnuts In Shell), and such shelled hazelnuts meet such requirements as are established by the Secretary on the basis of a recommendation of the Board, except as may be otherwise provided in § 982.57. These minimum standards may be modified by the Secretary on the basis of a recommendation of the Board or other information whenever he finds that such modification would tend to effectuate the declared policy of the act. Such minimum standards and the provisions of this part relating to the administration thereof shall continue in effect irrespective of whether the season average price of hazelnuts is above the parity level specified in section 2(1) of the act.

(b) *Additional grade and size regulations.* When the season average price of hazelnuts is not determined to be above parity, the Secretary may establish additional grade and size regulations for inshell hazelnuts in the form of a more restrictive minimum standard than that specified in paragraph (a) of this section, or pack specifications as to grades and sizes that may be handled, if he finds, on the basis of a recommendation of the Board or other information, that such regulations would tend to effectuate the declared policy of the act.

(c) *Quality regulations.* For any marketing year, the Board may establish, with the approval of the Secretary, such minimum quality and inspection requirements applicable to hazelnuts to facilitate the reduction of pathogens as will contribute to orderly marketing or will be in the public interest. In such marketing year, no handler shall handle hazelnuts unless they meet applicable minimum quality and inspection requirements as evidenced by certification acceptable to the Board.

(d) *Different regulations for different markets.* The Board may, with the approval of the Secretary, recommend different outgoing quality requirements for different markets. The Board, with the approval of the Secretary, may establish rules and regulations necessary and incidental to the administration of this provision.

§ 982.46 Inspection and certification.

(a) Before or upon handling any hazelnuts, or before any inshell or shelled hazelnuts are credited (under § 982.50 or § 982.51) in satisfaction of a restricted obligation, each handler shall, at his own expense, cause such hazelnuts to be inspected and certified by the Federal-State Inspection Service as meeting the then effective grade and size regulations or, if inshell or shelled hazelnuts are withheld under § 982.51, the applicable requirements specified in that section. The handler obtaining such inspection of hazelnuts shall cause a copy of the certificate issued by such inspection service applicable to such hazelnuts to be furnished to the Board.

(b) All hazelnuts so inspected and certified shall be identified as prescribed by the Board. Such identification shall be affixed to the hazelnut containers by the handler under direction and supervision of the Board or the Federal-State Inspection Service, and shall not be removed or altered by any person except as directed by the Board.

(c) Whenever the Board determines that the length of time in storage and conditions of storage of any lot of certified merchantable hazelnuts have

§ 982.51

been or are such as to normally cause deterioration, it may require that such lot of hazelnuts be reinspected at the handler's expense prior to handling.

(d) Whenever quality regulations are in effect pursuant to § 982.45, each handler shall certify that all product to be handled or credited in satisfaction of a restricted obligation meets the quality regulations as prescribed.

[40 FR 53227, Nov. 17, 1975, as amended at 61 FR 17560, Apr. 22, 1996; 83 FR 52949, Oct. 19, 2018]

CONTROL OF DISTRIBUTION

§ 982.50 Restricted obligation.

(a) No handler shall handle inshell hazelnuts unless prior to or upon shipment thereof, he: (1) Has withheld from handling a quantity, by weight, of certified merchantable hazelnuts determined by dividing the quantity handled, or to be handled, by the applicable free percentage and multiplying the quotient by the restricted percentage; (2) has withheld from handling an equivalent quantity of creditable ungraded inshell hazelnuts under § 982.51(a); or (3) has under § 982.51(b), declared in lieu of a quantity of certified merchantable hazelnuts, under paragraph (a)(1) of this section, the equivalent quantity, by weight as determined under that section, of shelled hazelnuts certified as meeting the standards in effect for Oregon No. 1 grade for shelled hazelnuts as contained in Oregon Grade Standards for Hazelnut Kernels or such other standards as may be recommended by the Board and established by the Secretary. Any handler who intends to withhold shelled hazelnuts in satisfaction of a restricted obligation must make such declaration to the Board prior to shelling any such hazelnuts. Withholding may be temporarily deferred under the bonding provisions in § 982.54. The quantity of hazelnuts required to be withheld shall be the restricted obligation. Certified merchantable hazelnuts handled in accordance with this subpart shall be deemed to be the handler's quota fixed by the Secretary within the meaning of section 8a(5) of the Act.

(b) Inshell hazelnuts withheld by a handler in satisfaction of his restricted

obligation shall not be handled and shall be held by him subject to examination by and accounting control of, the Board until disposed of pursuant to this part.

(c) A handler having certified merchantable hazelnuts which have not been handled at the end of a marketing year may elect to have those hazelnuts bear the restricted and assessment obligations of that year or of the marketing year in which handled. The Board shall establish such procedures as are necessary to facilitate the administration of this option among handlers.

(d) Whenever the restricted percentage for a marketing year is reduced, each handler's restricted obligation shall be reduced to conform with the new restricted percentage. Any handler who, upon such reduction, is withholding restricted hazelnuts in excess of his new restricted obligation may have the excess freed from withholding by complying with such procedures as the Board may require to insure identification of the remaining hazelnuts withheld.

[40 FR 53227, Nov. 17, 1975, as amended at 46 FR 26039, May 11, 1981]

§ 982.51 Restricted credit for ungraded inshell hazelnuts and for shelled hazelnuts.

(a) A handler may withhold ungraded inshell hazelnuts in lieu of certified merchantable hazelnuts in satisfaction of that handler's restricted obligations, and the weight on which credit may be received shall be the shelled hazelnut equivalent weight as inspected by the Federal-State Inspection Service multiplied by 2.5. Any lot of ungraded hazelnuts not meeting the moisture requirements for certified merchantable hazelnuts shall not be eligible for credit. All determinations as to the shelled hazelnut equivalent weight shall be made by the Federal-State Inspection Service at the handler's expense. Hazelnuts so withheld shall be subject to the applicable requirements of § 982.50. The weight of all such lots for which a handler has received credit shall be adjusted by the Board when the lots are handled or disposed of so that the creditable weight is equal to the amount of

certified merchantable inshell hazelnuts or certified shelled hazelnuts that are subsequently handled or disposed of from those lots. If this adjustment causes the handler to no longer be in satisfaction of that handler's restricted obligation as required by § 982.50, the deficiency shall be satisfied in the subsequent marketing year. If this adjustment results in a handler disposing of, in restricted outlets, a quantity in excess of that handler's restricted obligation, such excess shall not be credited to such handler's restricted obligation during the subsequent marketing year.

(b) A handler may withhold, in accordance with § 982.50(a), certified shelled hazelnuts in lieu of merchantable hazelnuts in satisfaction of such handler's restricted obligation, subject to such terms and conditions as are recommended by the Board and established by the Secretary. The inshell equivalent of such hazelnuts shall be determined by multiplying the weight of the shelled hazelnuts by 2.5.

(c) The Secretary upon recommendation of the Board and other available data may modify these procedures, change the conversion factors, and specify factors for conversion for different varieties of hazelnuts.

[51 FR 29548, Aug. 19, 1986, as amended at 61 FR 17560, Apr. 22, 1996]

§ 982.52 Disposition of restricted hazelnuts.

Hazelnuts withheld from handling as inshell hazelnuts pursuant to §§ 982.50 and 982.51 may be disposed of as follows:

(a) *Shelling.* Any handler may dispose of such hazelnuts by shelling them under the direction or supervision of the Board or by delivering them to an authorized sheller. Any person who desires to become an authorized sheller in any marketing year may submit written application during such year to the Board. Such application shall be granted only upon condition that the applicant agrees:

(1) To use such restricted hazelnuts as he may receive for no purpose other than shelling;

(2) To dispose of or deliver such restricted hazelnuts, as inshell hazelnuts, to no one other than another authorized sheller;

(3) To comply fully with all laws and regulations applicable to shelling of hazelnuts; and

(4) To make such reports, certified to the Board and to the Secretary as to their correctness, as the Board may require.

(b) *Export.* Sales of certified merchantable restricted hazelnuts for shipment to destinations outside the continental United States and such other distribution areas as may be recommended by the Board and established by the Secretary shall be made only by the Board. Any handler desiring to export any part or all of that handler's certified merchantable restricted hazelnuts shall deliver to the Board the certified merchantable restricted hazelnuts to be exported, but the Board shall be obligated to sell in export only such quantities for which it may be able to find satisfactory export outlets. Any hazelnuts so delivered for export which the Board is unable to export shall be returned to the handler delivering them. Sales for export shall be made by the Board only on execution of an agreement to prevent exportation into the area designated in § 982.16. A handler may be permitted to act as an agent of the Board, upon such terms and conditions as the Board may specify, in negotiating export sales, and when so acting shall be entitled to receive a selling commission as authorized by the Board. The proceeds of all export sales, after deducting all expenses actually and necessarily incurred, shall be paid to the handler whose certified merchantable restricted hazelnuts are so sold by the Board.

(c) *Other outlets.* In addition to the dispositions authorized in paragraphs (a) and (b) of this section, the Board may designate such other outlets into which such hazelnuts may be disposed which it determines are noncompetitive with normal market outlets for inshell hazelnuts. Such dispositions shall be made under the direction or supervision of the Board.

(d) *Restricted credits.* During any marketing year, handlers who dispose of a quantity of eligible hazelnuts in restricted outlets in excess of their restricted obligations, may transfer such excess credits to another handler or

Agricultural Marketing Service, USDA

§ 982.54

handlers. Upon a handler's written request to the Board during a marketing year, the Board shall transfer any or all of such excess restricted credits to such other handler or handlers that the handler may designate. The Board, with the approval of the Secretary, shall establish rules and regulations for the transfer of excess restricted credits.

[40 FR 53227, Nov. 17, 1975, as amended at 51 FR 29549, Aug. 19, 1986; 61 FR 17560, Apr. 22, 1996]

§ 982.53 Substandard hazelnuts.

The Board shall, with the approval of the Secretary, establish such reporting and disposition procedures as it deems necessary to insure that hazelnuts which do not meet the effective inshell or shelled hazelnut minimum standards do not enter normal market outlets for certified hazelnuts.

§ 982.54 Deferment of restricted obligation.

(a) *Bonding.* Compliance by any handler with the requirements of § 982.50 when restricted hazelnuts may be withheld shall be temporarily deferred to any date requested by the handler, but not later than 60 days prior to the end of the marketing year. Such deferment shall be conditioned upon the voluntary execution and delivery by the handler to the Board of a written undertaking before beginning to handle merchantable hazelnuts during the marketing year. Such written undertaking shall be secured by a bond or bonds with a surety or sureties acceptable to the Board that on or prior to such date the handler will have fully satisfied the restricted obligation required by § 982.50, subject to any adjustment pursuant to § 982.51.

(b) *Bonding requirement.* Such bond or bonds shall, at all times during their effective period, be in such amounts that the aggregate thereof shall be no less than the total bonding value of the handler's deferred restricted obligation. The bonding value shall be the deferred restricted obligation poundage multiplied by the applicable bonding rate. The cost of such bond or bonds shall be borne by the handler filing same.

(c) *Bonding rate.* Said bonding rate shall be an amount per pound as established by the Board. Such bonding rate shall be based on the estimated value of restricted credits for the current marketing year. Until bonding rates for a marketing year are fixed, the rates in effect for the preceding marketing year shall continue in effect. The Board should make any necessary adjustments once such new rates are fixed.

(d) *Restricted credit purchases.* Any sums collected through default of a handler on the handler's bond shall be used by the Board to purchase restricted credits from handlers, who have such restricted credits in excess of their needs, and are willing to part with them. The Board shall at all times purchase the lowest priced restricted credits offered, and the purchases shall be made from the various handlers as nearly as practicable in proportion to the quantity of their respective offerings of the restricted credits to be purchased.

(e) *Unexpended sums.* Any unexpended sums which have been collected by the Board through default of a handler on the handler's bond, remaining in the possession of the Board at the end of a marketing year, shall be used to reimburse the Board for its expenses, including administrative and other costs incurred in the collection of such sums, and in the purchase of restricted credits as provided in paragraph (d) of this section.

(f) *Transfer of restricted credit purchases.* Restricted credits purchased as provided for in this section shall be turned over to those handlers who have defaulted on their bonds for liquidation of their restricted obligation. The quantity delivered to each handler shall be that quantity represented by sums collected through default.

(g) *Collection upon bonds.* Collection upon any defaulted bond shall be deemed a satisfaction of the restricted obligation represented by the collection.

[40 FR 53228, Nov. 17, 1975, as amended at 46 FR 26039, May 11, 1981; 51 FR 29549, Aug. 19, 1986; 61 FR 17560, Apr. 22, 1996]

§ 982.55

§ 982.55 Exchange of certified merchantable hazelnuts withheld.

Any handler who has withheld from handling certified merchantable hazelnuts pursuant to the requirements of § 982.50 may exchange therefor an equal quantity, by weight, of other certified merchantable hazelnuts. Any such exchange shall be made under the direction or supervision of the Board.

§ 982.56 Interhandler transfers.

Within the area of production, interhandler transfers of hazelnuts may be made as follows:

(a) Uncertified inshell hazelnuts may be sold or delivered by one handler to another for packing or shelling, and the receiving handler shall be responsible for compliance with the regulations effective pursuant to this part with respect to such hazelnuts.

(b) Restricted hazelnuts withheld by a handler may be sold or delivered to another handler for shelling, export, or other authorized outlet subject to the disposition requirements set forth in § 982.52.

(c) Certified hazelnuts other than restricted hazelnuts may be sold or delivered by one handler to another and the transferring handler shall be responsible for compliance with the requirements effective pursuant to this part, unless specified and agreed upon in writing by both handlers that the receiving handler shall be responsible for such compliance and a copy of such agreement is furnished to the Board.

(d) The Board, with the approval of the Secretary, shall establish procedures, including necessary reports, for such transfers.

§ 982.57 Exemptions.

(a) *General.* The Board, with the approval of the Secretary, may establish such rules, regulations, and safeguards that exempt from any or all requirements pursuant to this part such quantities of hazelnuts or types of shipments as do not interfere with the volume and quality control objectives of this part, and shall require such reports, certifications, or other conditions as are necessary to ensure that such hazelnuts are handled or used only as authorized.

7 CFR Ch. IX (1–1–20 Edition)

(b) *Sales by growers direct to consumers.* Any hazelnut grower may sell hazelnuts of such grower's own production free of the regulatory and assessment provisions of this part if such grower sells such hazelnuts in the area of production directly to end users at such grower's ranch or orchard or at roadside stands and farmers' markets. The Board, with the approval of the Secretary, may establish such rules, regulations, and safeguards and require such reports, certifications, and other conditions, as are necessary to ensure that such hazelnuts are disposed of only as authorized. Mail order sales are not exempt sales under this part.

MARKET DEVELOPMENT

§ 982.58 Research, promotion, and market development.

(a) *General.* The Board, with the approval of the Secretary, may establish or provide for the establishment of projects involving production research, marketing research and development, and marketing promotion, including paid advertising, designed to assist, improve, or promote the marketing, distribution, consumption, or efficient production of hazelnuts. The Board may also provide for crediting the pro rata expense assessment obligations of a handler with such portion of such handler's direct expenditures for such marketing promotion including paid advertising as may be authorized. The expenses of such projects shall be paid from funds collected pursuant to § 982.61, § 982.63, or credited pursuant to paragraph (b) of this section.

(b) *Creditable expenditures.* The Board, with the approval of the Secretary, may provide for crediting all or any portion of a handler's direct expenditures for marketing promotion including paid advertising, that promotes the sale of hazelnuts, hazelnut products, or their uses. No handler shall receive credit for any allowable direct expenditures that would exceed the total of the handler's assessment obligation which is attributable to that portion of the handler's assessment designated for marketing promotion including paid advertising.

§ 982.62

(c) *Rules and regulations.* Before any projects involving marketing promotion, including paid advertising and the crediting of the pro rata expense assessment obligation of handlers is undertaken pursuant to this section, the Secretary, after recommendation by the Board, shall prescribe appropriate rules and regulations as are necessary to effectively administer such projects.

EXPENSES AND ASSESSMENTS

§ 982.60 Expenses.

The Board is authorized to incur such expenses including maintenance of an operating reserve fund as the Secretary may find are reasonable and likely to be incurred by it during each marketing year, for the maintenance and functioning of the Board and for such purposes as the Secretary may, pursuant to the provisions of this subpart, determine to be appropriate. The recommendation of the Board as to the expenses and size of the operating reserve for each such marketing year, together with all data supporting such recommendations, shall be submitted to the Secretary at the beginning of the fiscal year in connection with which such recommendation is made. The funds to cover such expenses shall be acquired by levying assessments as provided in § 982.61.

§ 982.61 Assessments.

(a) For each marketing year, the Secretary shall fix an assessment rate per pound of hazelnuts handled and withheld, including the creditable weight of ungraded restricted hazelnuts withheld pursuant to § 982.51 and, when subject to regulation pursuant to § 982.45, the inshell equivalent of shelled hazelnuts certified which are produced from other than restricted hazelnuts that will provide sufficient funds to meet the authorized expenses and reserve requirements of the Board. At any time during or after a marketing year when he determines, on the basis of a Board recommendation or other information, that a different rate is necessary, the Secretary may modify the assessment rate and the new rate shall be applica-

ble to all such hazelnuts. Each handler shall pay to the Board on demand, assessments on all such assessable hazelnuts at the rate fixed by the Secretary, less any amounts credited pursuant to § 982.58. The Board shall impose a late payment charge on any handler who fails to pay his assessment within the time prescribed by the Board. In the event the handler thereafter fails to pay the amount outstanding, including the late payment charge, within the prescribed time, the Board shall impose an additional charge in the form of interest on such outstanding amount. The rate of such charges shall be prescribed by the Board, with the approval of the Secretary.

(b) In order to provide funds for the administration of the provisions of this part during the first part of a fiscal period before sufficient operating income is available from assessments on the current year's shipments, the Board may accept the payment of assessments in advance, and may also borrow money for such purpose. Further, payment discounts may be authorized by the Board upon the approval of the Secretary to handlers making such advance assessment payments.

§ 982.62 Accounting.

(a) *Operating reserve.* The Board with the approval of the Secretary may establish and maintain an operating monetary reserve in an amount not to exceed approximately one marketing year's operational expenses or such lower limits as the Board with the approval of the Secretary may establish.

(b) *Refunds.* At the end of a marketing year funds in excess of the marketing year's expenses and reserve requirements shall be refunded to handlers from whom collected and each handler's share of such excess funds shall be the amount of assessments the handler paid in excess of the handler's pro rata share of expenses of the Board. However, excess funds may be maintained and used by the Board until December 1 following the end of any such marketing year: *Provided*, That the Board shall refund to each handler

§ 982.63

upon request, or credit to the handler's account with the Board, the handler's share of such excess prior to January 1.

(c) *Termination.* Upon termination of this subpart any money remaining unexpended in possession of the Board shall be distributed in such manner as the Secretary may direct: *Provided*, That to the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

§ 982.65 Carryover reports.

As of January 1, May 1, and August 1, or such other dates as the Board may recommend and the Secretary approve, each handler shall report within 10 days to the Board the handler's inventory of inshell and shelled hazelnuts. Such reports shall be certified to the Board and the Secretary as to their accuracy and completeness and shall show, among other items, the following: (a) Certified merchantable hazelnuts on which the restricted obligation has been met; (b) merchantable hazelnuts on which the restricted obligation has not been met; (c) the merchantable equivalent of any hazelnuts intended for handling as inshell hazelnuts; and (d) restricted hazelnuts withheld.

§ 982.67 Reports of disposition of restricted hazelnuts.

(a) Each handler, before he disposes of any quantity of restricted hazelnuts held by him, shall file with the Board a report of his intention to dispose of such quantity of restricted hazelnuts. This report shall be filed not less than five days prior to the date on which the restricted hazelnuts are disposed of, unless the five-day period is expressly waived by the Board.

(b) Each handler, within 15 days after the disposition of any quantity of restricted hazelnuts, shall file with the Board a report of the actual disposition of such quantity of restricted hazelnuts. Such reports shall be certified to the Board and to the Secretary as to their correctness and accuracy.

(c) All reports required by this section shall show the quantity, pack, and location of the hazelnuts covered by such reports; the applicable handler's storage lot and inspection certificate numbers; and the disposition of the restricted hazelnuts which is intended or which has been accomplished.

§ 982.69 Verification of reports.

For the purpose of checking and verifying reports submitted by handlers, the Secretary and the Board, through its duly authorized agents, shall have access to each handler's premises at any time during reasonable business hours and shall be permitted to inspect any hazelnuts held by such handler and all records of the handler with respect to hazelnuts held or disposed of by such handler and all records of the handler with respect to promotion and advertising activities conducted pursuant to § 982.58. (2) The Secretary shall terminate or suspend the operation of any or all of the provisions of this subpart whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(3) *Referendum.* The Board shall recommend to the Secretary during the first half of every 10-year period starting January 1, 1990, that a referendum be conducted to ascertain whether continuance of this subpart is favored by the producers.

(4) The Secretary shall terminate the provisions of this subpart at the end of any marketing year whenever the Secretary finds that such termination is favored by a majority of the producers of hazelnuts who during the preceding marketing year have been engaged in the production for marketing of hazelnuts in the States of Oregon and Washington: *Provided*, That such majority have during such period produced for market more than 50 percent of the volume of such hazelnuts produced for market within said States; but such termination shall be effected only if announced 30 days or more before the end of the then current marketing year.

(5) The provisions of this subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

(c) *Proceedings after termination.* (1) Upon the termination of the provisions of this subpart, the members of the Board then functioning shall continue as joint trustees, for the purpose of liquidating the affairs of the Board, of all funds and property then in the possession or under the control of the Board,

Subpart B—Grade and Size Requirements

§ 982.101 Grade requirements for shelled hazelnuts.

(a) Pursuant to § 982.45(a), no handler shall handle any shelled hazelnuts unless such hazelnuts meet the grade requirements for shelled hazelnuts as contained in exhibit A of this section.

(b) Pursuant to §§ 982.50(a) and 982.51(b), a handler may declare and withhold shelled hazelnuts in lieu of merchantable hazelnuts in satisfaction of the handler's restricted obligation. Shelled hazelnuts so declared and withheld shall, in lieu of the standards prescribed in § 982.50(a)(3), meet the grade requirements contained in exhibit A of this section.

EXHIBIT A

Grade Requirements for Shelled Hazelnuts

Hazelnut kernels or portions of hazelnut kernels shall meet the following requirements:

- (1) Well dried and clean;
- (2) Free from foreign material, mold, rancidity, decay or insect injury; and
- (3) Free from serious damage caused by serious shriveling, or other means.

Tolerances

In order to allow for variations incident to proper grading and handling the following tolerances, by weight, are permitted as specified:

- (1) For Foreign Material: 0.02 of one percent, for foreign material.
- (2) For Defects: Five percent for kernels or portions of kernels which are below the requirements of this grade, including not more than the following: Two percent for mold, rancidity, decay or insect injury: *Provided*, That not more than one percent shall be for mold, rancidity, or insect injury.

Definitions

- (1) *Well dried* means that the kernels are firm and crisp, not containing more than 6 percent moisture.
- (2) *Clean* means practically free from plainly visible adhering dirt or other foreign material.
- (3) *Foreign material* means any substance other than the hazelnut kernels, or portions

of kernels. (Loose skins, pellicles or corky tissue which have become separated from the kernels shall not be considered as foreign material, provided that this material does not exceed .02 of one percent by weight.)

(4) *Serious damage* means any specific defect described in this section, or any equally objectionable variation of any one of these defects, or any other defects, or any combination of defects, which seriously detracts from the appearance or the edible or marketing quality of the individual portion of the kernel or of the lot as a whole. The following defects shall be considered as serious damage.

(i) *Serious shriveling* means when the kernel is seriously shrunken, wrinkled and tough.

(ii) *Mold* means that there is a visible growth of mold either on the outside or inside of the kernel.

(iii) *Rancidity* means that the kernel is noticeably rancid to the taste. An oily appearance of the flesh does not necessarily indicate a rancid condition.

(iv) *Decay* means that any portion of the kernel is decomposed.

(v) *Insect injury* means that the insect, frass or web is present, or the kernel or portion of kernel show definite evidence of insect feeding.

(a) Each handler required to withhold restricted hazelnuts pursuant to § 982.50 or § 982.51 shall hold such hazelnuts separate from all other hazelnuts and shall maintain the identity of each lot so withheld. The restricted product withheld must be reported to the Board on F/H Form 1d, Restricted Inshell Certified.

(b) Each handler making the election pursuant to § 982.50(c) in connection with certified merchantable hazelnuts which have not been handled, shall thereupon give written notification to the Board on F/H Form 4 of the particular election and of the weight and identity of the hazelnuts involved.

(c) Pursuant to § 982.50(d), a handler may withdraw from withholding restricted hazelnuts in excess of such

handler's restricted obligation upon advising the Board of the weight and lot identity of the hazelnuts to be withdrawn. When the quantity of restricted hazelnuts to be withdrawn from withholding consists of a part of a lot of ungraded hazelnuts, no part of such lot shall be withdrawn unless the remainder of such lot is reinspected and meets the requirements of § 982.51. Handlers will use F/H Form 1d prior to the end of the marketing year or F/H Form 7 after the end of the marketing year, when reporting the withdrawal of restricted hazelnuts from withholding status.

[54 FR 46720, Nov. 7, 1989]

§ 982.452 Disposition of restricted hazelnuts.

(a) *Shelling.* (1) Any person desiring to shell restricted hazelnuts during a fiscal year may do so upon being designated by the Board as an authorized sheller for such year. Application for such designation shall be made in duplicate on F/H Form B and include, in addition to the conditions specified in § 982.52(a), the following: (i) The location of the applicant's shelling operation; (ii) the number of years such person has operated a hazelnut shelling plant; and (iii) the daily (8-hour) shelling capacity of the plant. Designation of an authorized sheller shall be effected by the board manager signing the application form and returning a signed copy of the form to the applicant. Each such designation shall continue in effect during the particular fiscal year so long as the authorized sheller is in compliance with the requirements and conditions pursuant to § 982.52 applicable to authorized shellers.

(2) When an authorized sheller completes the shelling of a lot of restricted hazelnuts, the sheller shall submit a report thereon to the Board on F/H Form 7 showing:

- (i) The date shelling was completed;
- (ii) The inspection certificate or lot number;
- (iii) The quantity shelled;
- (iv) The weight of the kernels produced; and
- (v) The location where restricted hazelnuts were held immediately prior to shelling.

(b) *Exports.* Any handler who desires to act as agent of the Board in negotiating export sales of certified merchantable restricted hazelnuts may do so upon the execution of an "Export Agreement", F/H Form A, wherein the handler agrees, among other things, to negotiate such export sales at not less than such price as the Board may prescribe, and in conformity to and compliance with the other terms and conditions of the Export Agreement including those set forth in § 982.52(b).

(c) *Other authorized outlets.* Under the direction or supervision of the Board, a handler may dispose of restricted hazelnuts for charitable purposes and for promoting the consumption of hazelnuts on behalf of the hazelnut industry in general. The report required under § 982.67(b) following each such disposition shall be accompanied by a certification by the person receiving such hazelnuts from the handler that they will be used for charitable or promotional purposes, as authorized.

[26 FR 4191, May 16, 1961. Redesignated at 26 FR 12751, Dec. 30, 1960, as amended at 54 FR 46721, Nov. 7, 1989]

§ 982.453 Disposition of substandard hazelnuts.

The Board shall maintain a list of approved users who are crushers, livestock feed manufacturers, or livestock feeders, and of the locations of the facilities to which substandard hazelnuts may be shipped. Users interested in purchasing substandard hazelnuts or hazelnut waste must make prior application to the Board on F/H Form D to be included on the approved list of such users. Each handler who disposes of substandard hazelnuts to an approved user shall, upon shipment, report to the Board on F/H Form D1 the quantities disposed of or shipped. Substandard hazelnuts disposed of to an approved user may only be shipped directly to an approved location where the crushing, feed manufacture, or feeding is to take place. The Board may deny approval to any user application, or may remove any user from the approved list when such denial or removal is deemed necessary to ensure control over disposition of substandard hazelnuts. This may occur if the Board determines that substandard hazelnuts

are not properly shipped to, or utilized at, approved facilities, in compliance with this requirement. F/H Form D includes the location and description of the disposal facilities to be used as well as a certification to the Board and the Secretary of Agriculture that the applicant will:

(a) Crush, manufacture feed, or feed to livestock such hazelnuts at the location;

(b) Use such hazelnuts for no other purpose than for crushing into oil, manufacturing into livestock feed, or livestock feeding;

(c) Permit such inspection of premises and of hazelnuts received and held, and such examination of books and records covering hazelnut transactions as the Board may require;

(d) Keep a record of receipts, holdings, and use of substandard hazelnuts available for examination by authorized representatives of the Board and the U.S. Department of Agriculture for a period of two years after the end of the marketing year in which the recorded transactions are completed; and

(e) Make such reports, certified to the Board and the Secretary of Agriculture as to their correctness, as the Board with the approval of the Secretary may require.

Bonds secured by cash, cashier's or certified checks, or by assets that are entirely separate and apart from the handler named in the bond may be accepted by the Board pursuant to § 982.54(a). As a condition of accepting any surety, the Board may require such financial statements or other information relating to the ability of such surety to guarantee a handler's bond as it deems necessary. Handlers are also required to submit F/H Form C to the Board to document the handler's execution of a bond.

§ 982.456 Interhandler transfers.

Each interhandler transfer of hazelnuts pursuant to § 982.56 (a) and (c) may be made upon notification to the Board in triplicate by the receiving handler on F/H Form 2 signed by both the transferring handler and the receiving handler which shall include the following information:

(b) *Application.* Each handler who has excess restricted credits and desires to transfer them to another handler, may submit such request to the Board on F/H Form 3. This form shall include:

- (1) The name and signature of the handler requesting the transfer;
- (2) The name and signature of the designated handler to whom the transfer is to be made;
- (3) The amount of excess restricted credits to be transferred; and
- (4) Such other information as may be needed by the Board to enable the

7 CFR Ch. IX (1-1-20 Edition)

Board to effect the requested transfer of the excess restricted credits.

(c) *Transfer.* The Board shall transfer the requested amount of the excess restricted credits from one handler to a designated handler upon receipt of a completed F/H Form 3 together with such information as may be required by this section.

Each handler shall report to the Board monthly on F/H Form 1 and F/H Forms 1a through 1e, as applicable, the quantities of inshell hazelnuts handled or withheld for restricted use and all product shelled and certified since the last report. All reports shall be submitted to include transactions through the end of each month, or other reporting periods established by the Board, and are due in the Board office on the tenth day following the end of the reporting period. The quantities of inshell hazelnuts handled shall be reported by size. The respective quantities of merchantable or ungraded hazelnuts withheld as restricted product shall be reported separately, and with

Agricultural Marketing Service, USDA

Pt. 983

ADMINISTRATIVE COMMITTEE

§ 983.41 Establishment and membership.

There is hereby established an administrative committee for pistachios to administer the terms and provisions of this part. This committee, consisting of twelve (12) member positions,

each of whom shall have an alternate, shall be allocated as follows:

(a) *Handlers.* Two of the members shall represent handlers, as follows:

(1) One handler member nominated by one vote for each handler; and

(2) One handler member nominated by voting based on each handler casting one vote for each ton (or portion thereof) of the assessed weight of pistachios processed by such handler during the two production years preceding the production year in which the nominations are made.

(b) *Producers.* Nine members shall represent producers. Producers within the respective districts shall nominate four producers from District 1, three producers from District 2, one producer from District 3, and one producer from District 4. The Secretary, upon recommendation of the committee, may reapportion producer representation among the districts to ensure proper representation.

(c) *Public member.* One member shall be a public member who is neither a producer nor a handler and shall have all the powers, rights and privileges of any other member of the committee. The public member and alternate public member shall be nominated by the committee and selected by the Secretary.

[69 FR 17850, Apr. 4, 2004. Redesignated and amended at 74 FR 56541, Nov. 2, 2009]

§ 983.42 Initial members and nomination of successor members.

Nomination of committee members and alternates shall follow the procedure set forth in this section or as may be changed as recommended by the committee and approved by the Secretary.

(a) *Initial members.* Nominations for initial producer and handler members shall be conducted by the Secretary by either holding meetings of handlers and producers, or by mail.

(b) *Successor members.* Subsequent to the first nomination of committee members under this part, persons to be nominated to serve on the committee as producer or handler members shall be selected pursuant to nomination procedures that shall be established by the committee with the approval of the Secretary: *Provided, That:*

(1) Any qualified individuals who seek nomination as a producer member shall submit to the committee an intent to seek office in one designated district on such form and with such information as the committee shall designate; ballots, accompanied by the names of all such candidates, with spaces to indicate voters' choices and spaces for write-in candidates, together with voting instructions, shall be mailed to all producers who are on record with the committee within the respective districts; the person(s) receiving the highest number of votes shall be the member nominee(s) for that district, and the person(s) receiving the second highest number of votes shall be the alternate member nominee(s). In case of a tie vote, the nominee shall be selected by a drawing.

(2) Any qualified individuals who seek nomination as a handler member shall submit to the committee an intent to seek office with such information as the committee shall designate; ballots, accompanied by the names of all such candidates, with spaces to indicate voters' choices and spaces for write-in candidates, together with voting instructions, shall be mailed to all handlers who are on record with the committee. For the first handler member seat, the person receiving the highest number of votes shall be the handler member nominee for that seat, and the person receiving the second highest number of votes shall be the alternate member nominee. For the second handler member seat, the person receiving the highest number of votes representing handler volume shall be the handler member nominee for that seat, and the person receiving the second highest number of votes representing handler volume shall be the alternate member nominee. In case of a tie vote, the nominee shall be selected by a drawing.

(c) *Handlers.* Only handlers, including duly authorized officers or employees of handlers, may participate in the nomination of the two handler member nominees and their alternates. Nomination of the two handler members and their alternates shall be as follows:

(1) For one handler member nomination, each handler entity shall be entitled to one vote;

(2) For the second handler member nomination, each handler entity shall be entitled to cast one vote respectively for each ton of assessed weight of pistachios processed by that handler during the two production years preceding the production year in which the nominations are made. For the purposes of nominating handler members and alternates by volume, the assessed weight of pistachios shall be credited to the handler responsible under the order for the payment of assessments of those pistachios. The committee with the approval of the Secretary, may revise the handler representation on the committee if the committee ceases to be representative of the industry.

(d) *Producers.* Only producers, including duly authorized officers or employees of producers, may participate in the nomination of nominees for producer members and their alternates. Each producer shall be entitled to cast only one vote, whether directly or through an authorized officer or employee, for each position to be filled in the district in which the producer produces pistachios. If a producer is engaged in producing pistachios in more than one district, such producer shall select the district in which to participate in the nomination. If a person is both a producer and a handler of pistachios, such person may participate in both producer and handler nominations, provided, however, that a single member may not hold concurrent seats as both a producer and handler.

(e) *Member's affiliation.* Not more than two members and not more than two alternate members shall be persons employed by or affiliated with producers or handlers that are affiliated with the same handler and/or producer. Additionally, only one member and one alternate in any one district representing producers and only one member and one alternate representing handlers shall be employed by, or affiliated with the same handler and/or producer. No handler, and all of its affiliated handlers, can be represented by more than one handler member.

(f) *Cooperative affiliation.* In the case of a producer cooperative, a producer shall not be deemed to be connected in a proprietary capacity with the cooper-

ative notwithstanding any outstanding retains, contributions or financial indebtedness owed by the cooperative to a producer if the producer has not marketed pistachios through the cooperative during the current and one preceding production year. A cooperative that has as its members one or more other cooperatives that are handlers shall not be considered as a handler for the purpose of nominating or voting under this part.

(g) *Alternate members.* Each member of the committee shall have an alternate member to be nominated in the same manner as the member. Any alternate serving in the same district as a member where both are employed by, or connected in a proprietary capacity with the same corporation, firm, partnership, association, or business organization, shall serve as the alternate to that member. An alternate member, in the absence of the member for whom that alternate is selected shall serve in place of that member on the committee, and shall have and be able to exercise all the rights, privileges, and powers of the member when serving on the committee. In the event of death, removal, resignation, or the disqualification of a member, the alternate shall act as a member on the committee until a successor member is selected and has been qualified.

(h) *Selection by Secretary.* Nominations under paragraph (g) of this section received by the committee for all handler and producer members and alternate member positions shall be certified and sent to the Secretary at least 60 days prior to the beginning of each two-year term of office, together with all necessary data and other information deemed by the committee to be pertinent or requested by the Secretary. From those nominations, the Secretary shall select the ten producer and handler members of the committee and an alternate for each member.

(i) *Acceptance.* Each person to be selected by the Secretary as a member or as an alternate member of the committee shall, prior to such selection, qualify by advising the Secretary that if selected, such person agrees to serve in the position for which that nomination has been made.

(j) *Failure to nominate.* If nominations are not made within the time and manner specified in this part, the Secretary may, without regard to nominations, select the committee members and alternates qualified to serve on the basis of the representation provided for in § 983.41.

(k) *Term of office.* Selected members and alternate members of the committee shall serve for terms of two years: *Provided*, That four of the initially selected producer members and one handler member and their alternates shall, by a drawing, be seated for terms of one year so that approximately half of the memberships' terms expire each year. Each member and alternate member shall continue to serve until a successor is selected and has qualified. The term of office shall begin on July 1st of each year. Committee members and alternates may serve up to four consecutive, two-year terms of office. In no event shall any member or alternate serve more than eight consecutive years on the committee. For purposes of determining when a member or alternate has served four consecutive terms, the accrual of terms shall begin following any period of at least twelve consecutive months out of office.

(l) *Qualifications.* (1) Each producer member and alternate shall be, at the time of selection and during the term of office, a producer or an officer, or employee, of a producer in the district for which nominated.

(2) Each handler member and alternate shall be, at the time of selection and during the term of office, a handler or an officer or employee of a handler.

(3) Any member or alternate member who at the time of selection was employed by or affiliated with the person who is nominated, that member shall, upon termination of that relationship, become disqualified to serve further as a member and that position shall be deemed vacant.

(4) No person nominated to serve as a public member or alternate public member shall have a financial interest in any pistachio growing or handling operation.

(m) *Vacancy.* Any vacancy on the committee occurring by the failure of any person selected to the committee

to qualify as a member or alternate member due to a change in status making the member ineligible to serve, or due to death, removal, or resignation, shall be filled, by a majority vote of the committee for the unexpired portion of the term. However, that person shall fulfill all the qualifications set forth in this part as required for the member whose office that person is to fill. The qualifications of any person to fill a vacancy on the committee shall be certified in writing to the Secretary. The Secretary shall notify the committee if the Secretary determines that any such person is not qualified.

(n) The committee, with the approval of the Secretary, may issue rules and regulations implementing §§ 983.41, 983.42 and 983.43.

(a) If, at the end of a production year, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in paragraph (a)(2) of this section, it shall be refunded proportionately to the persons from whom it was collected in accordance with § 983.71: *Provided*, That any sum paid by a person in excess of his/her *pro rata* share of the expenses during any production year may be applied by the committee at the end of such production year as credit for such person, toward the committee's fiscal operations of the following production year;

years as a reserve; *Provided*, That funds already in the reserve do not exceed approximately two production years' budgeted expenses. In the event that funds exceed two production years' budgeted expenses, future assessments will be reduced to bring the reserves to an amount that is less than or equal to two production years' budgeted expenses. Such reserve funds may be used:

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

The Secretary, upon recommendation of the committee, may issue rules and regulations changing the 5,000 pound quantity applicable to this exemption.

[74 FR 56540, Nov. 2, 2009]

Subpart B—Administrative Requirements

§ 983.150 Aflatoxin regulations.

(a) *Maximum level.* No handler shall ship for domestic human consumption, pistachios that exceed an aflatoxin level of 15 ppb. All shipments must also be covered by an aflatoxin inspection certificate. Pistachios that fail to meet the aflatoxin requirements shall be disposed in such manner as described in Failed lots/rework procedure of this part.

(b) *Change in level.* The committee may recommend to the Secretary changes in the aflatoxin level specified in this section. If the Secretary finds, on the basis of such recommendation or other information, that such an adjustment of the aflatoxin level would tend to effectuate the declared policy of the Act, such change shall be made accordingly.

(c) *Transfers between handlers.* Transfers between handlers within the production area are exempt from the aflatoxin regulation of this section.

(d) *Aflatoxin testing procedures.* To obtain an aflatoxin inspection certificate, each lot to be certified shall be uniquely identified, be traceable from testing through shipment by the handler, and be subjected to the following:

(1) *Samples for testing.* Prior to testing, each handler shall cause a representative sample to be drawn from each lot ("lot samples") of sufficient

§ 983.150

7 CFR Ch. IX (1–1–20 Edition)

weight to comply with Tables 1 and 2 of this section.

(i) At premises with mechanical sampling equipment (auto-samplers) approved by the USDA Federal-State Inspection Service, samples shall be drawn by the handler in a manner acceptable to the Committee and the USDA Federal-State Inspection Service.

(ii) At premises without mechanical sampling equipment, sampling shall be conducted by or under the supervision of an inspector, or as approved under an alternative USDA-recognized inspection program.

(2) *Test samples for aflatoxin.* Prior to submission of samples to an accredited laboratory for aflatoxin analysis, one sample (“test sample”) shall be created from the pistachios designated for aflatoxin testing in compliance with Tables 1 and 2 of this paragraph for inshell and kernel pistachio lots that weigh up to and including 4,400 pounds.

For lot sizes larger than 4,400 pounds, two samples (“test samples”) shall be created equally from the pistachios designated for aflatoxin testing in compliance with the requirements to Tables 1 and 2 of this paragraph. The test samples shall be prepared by, or under the supervision of an inspector, or as approved under an alternative USDA-recognized inspection program. The test samples shall be designated by an inspector as Test Sample #1 and Test Sample #2. Each sample shall be placed in a suitable container, with the lot number clearly identified, and then submitted to an accredited laboratory. The gross weight of the inshell lot sample for aflatoxin testing and the minimum number of incremental samples required are shown in Table 1 of this paragraph. The gross weight of the kernel lot sample for aflatoxin testing and the minimum number of incremental samples required is shown in the Table 2 of this paragraph.

|----------------------|---|--|---|
| 220 or less | 10 | 1.0 | 1.0 |
| 221–440 | 15 | 1.5 | 1.5 |

| 22,001–150,000 | 100 | 10.0 | 5.0 |

(3) *Testing of pistachios.* Test samples shall be received and logged by an accredited laboratory and each test sample shall be prepared and analyzed

using High Pressure Liquid Chromatography (HPLC), Vicam Method (Aflatest), or other methods as recommended by not fewer than eight

members of the committee and approved by the Secretary. The aflatoxin level shall be calculated on a kernel weight basis.

(4) *Certification of lots “negative” as to aflatoxin.* (i) Lots which require a single test sample will be certified as “negative” on the aflatoxin certificate if the sample has an aflatoxin level at or below 15 ppb. If the aflatoxin level is above 15 ppb, the lot fails and the accredited laboratory shall fill out a failed lot notification report as specified in §§ 983.52 and 983.152.

(ii) Lots which require two test samples will be certified as “negative” on the aflatoxin inspection certificate if Test Sample #1 has an aflatoxin level at or below 10 ppb. If the aflatoxin level of Test Sample #1 is above 20 ppb, the lot fails and the accredited laboratory shall fill out a failed lot notification report as specified in §§ 983.52 and 983.152. If the aflatoxin level of Test Sample #1 is above 10 ppb and at or below 20 ppb, the accredited laboratory may at the handler’s discretion analyze Test Sample #2 and the test results of Test Samples #1 and #2 will be averaged. Alternately, the handler may elect to withdraw the lot from testing, rework the lot, and resubmit it for testing after reworking. If the handler directs the laboratory to proceed with the analysis of Test Sample #2, a lot will be certified as negative to aflatoxin and the laboratory shall issue an aflatoxin inspection certificate if the averaged results of Test Sample #1 and Test Sample #2 is at or below 15 ppb. If the averaged aflatoxin level of Test Samples #1 and #2 is above 15 ppb, the lot fails and the accredited laboratory shall fill out a failed lot notification report as specified in §§ 983.52 and 983.152.

(iii) The accredited laboratory shall send a copy of the failed lot notification report to the Committee and to the failed lot’s owner within 10 working days of any failure described in this section. If the lot is certified as negative as described in this section, the aflatoxin inspection certificate shall certify the lot using a certification form identifying each lot by weight, grade, and date. The certification expires for the lot or remainder of the lot after 12 months.

(5) *Certification of aflatoxin levels.* Each accredited laboratory shall complete aflatoxin testing and reporting and shall certify that every lot of pistachios shipped domestically does not exceed the aflatoxin levels as required in paragraph (a) of this section or as provided under § 983.50. Each handler shall keep a record of each test, along with a record of final shipping disposition. These records must be maintained for three years beyond the production year of their applicability, and are subject to audit by the Secretary or the committee at any time.

(6) *Test samples that are not used for analysis.* If a handler does not elect to use Test Sample #2 for certification purposes, the handler may request that the laboratory return it to the handler.

[74 FR 56530, Nov. 2, 2009, as amended at 75 FR 43048, July 23, 2010; 79 FR 37932, July 3, 2014]

§ 983.152 Failed lots/rework procedure.

(a) *Inshell rework procedure for aflatoxin.* If inshell rework is selected as a remedy to meet the aflatoxin regulations of this part, then 100% of the product within that lot shall be removed from the bulk and/or retail packaging containers and reworked to remove the portion of the lot that caused the failure. Reworking shall consist of mechanical, electronic, or manual procedures normally used in the handling of pistachios. After the rework procedure has been completed, the total weight of the accepted product and the total weight of the rejected product shall be reported to the committee. The reworked lot shall be sampled and tested for aflatoxin as specified in § 983.150, except that the lot sample size and the test sample size shall be doubled. If, after the lot has been reworked and tested, it fails the aflatoxin test for a second time, the lot may be shelled and the kernels reworked, sampled, and tested in the manner specified for an original lot of kernels, or the failed lot may be used for non-human consumption or otherwise disposed of.

(b) *Kernel rework procedure for aflatoxin.* If pistachio kernel rework is selected as a remedy to meet the aflatoxin regulations in § 983.150, then 100% of the product within that lot

§ 983.155

7 CFR Ch. IX (1–1–20 Edition)

shall be removed from the bulk and/or retail packaging containers and reworked to remove the portion of the lot that caused the failure. Reworking shall consist of mechanical, electronic, or manual procedures normally used in the handling of pistachios. After the rework procedure has been completed, the total weight of the accepted product and the total weight of the rejected product shall be reported to the committee. The reworked lot shall be sampled and tested for aflatoxin as specified in § 983.150.

[74 FR 56531, Nov. 2, 2009]

§ 983.155 Reinspection.

(a) Any lot of inshell pistachios that is pin-picked, hand-sorted, color-sorted, and/or resized is considered to be “materially changed.” Pistachios which are roasted, salted, flavored, air-legged, dyed, color-coated, cleaned, and otherwise subjected to similar processes are not considered to be materially changed.

(b) Each handler who handles pistachios shall cause any lot or portion of a lot initially certified for aflatoxin, and subsequently materially changed, to be reinspected for aflatoxin and certified as a new lot or new lots: *Provided*, That, handlers exempted from order requirements under § 983.92 are exempt from all reinspection requirements.

Handlers shall furnish this report to the committee no later than 10 days after completion of the aflatoxin test. Each USDA-approved aflatoxin testing laboratory shall complete section C of this report, and forward this report and the failing aflatoxin test results to the committee and to the handler within 10 days of the test failure.

(b) *ACP-3, Failed Lot Disposition and Rework Report.* Each handler who reworks a failing lot of pistachios shall complete this report and shall forward it to the committee no later than 10 days after the rework is completed. If rework is not selected as a remedy, the handler shall submit the form to the committee office within 10 days of disposition of the lot.

(e) *ACP-6, Inter-handler Transfer.* Each handler who transfers uninspected pistachios to another handler within the production area shall complete the ACP-6 and sign Part A. The transferring handler shall forward the original ACP-6 and one copy to the handler who receives the uninspected pistachios. The transferring handler shall furnish one copy of ACP-6 to the committee within 30 days of the transfer. The handler receiving the uninspected pistachios (receiving handler) shall sign Part B of the original ACP-6 and shall file it with the committee within 30 days of the transfer.

(f) *ACP-7 Monthly Report of Inventory/Shipments.* Each handler of pistachios shall file this report with the committee by the 10th day of each month for the previous month’s inventory and shipment information.

(a) A California Walnut Board is hereby established consisting of 10 members selected by the Secretary, each of whom shall have an alternate nominated and selected in the same way and with the same qualifications as the member. (b) In the event that one handler handles 35% or more of the crop the membership of the Board shall be as follows:

(1) Two handler members to represent the handler that handles 35% or more of the crop;

(2) Two members to represent growers who market their walnuts through the handler that handles 35% or more of the crop;

[74 FR 18464, Apr. 23, 2009]

§ 984.37 Nominations.

(a) Nominations for all grower members shall be submitted by ballot pursuant to an announcement by press releases of the Board to the news media in the walnut producing areas. Such releases shall provide pertinent voting information, including the names of candidates and the location where ballots may be obtained. Ballots shall be accompanied by full instructions as to their markings and mailing and shall include the names of incumbents who are willing to continue serving on the Board and such other candidates as may be proposed pursuant to methods established by the Board with the approval of the Secretary. Each grower, regardless of the number and location of his or her walnut orchard(s), shall be entitled to cast only one ballot in the nomination and each vote shall be given equal weight. If the grower has orchards in both grower districts, he or she shall advise the Board of the district in which he/she desires to vote. The person receiving the highest number of votes for each grower position shall be the nominee.

(b) Nominations for handler members shall be submitted on ballots mailed by the Board to all handlers in their respective Districts. All handlers' votes shall be weighted by the kernelweight of walnuts certified as merchantable by each handler during the preceding marketing year. Each handler in the production area may vote for handler member nominees and their alternates. However, no handler with less than 35% of the crop shall have more than one member and one alternate member. The person receiving the highest number of votes for each handler member position shall be the nominee for that position.

(c) A calculation to determine whether or not a handler who handles 35 percent or more of the crop shall be made prior to nominations. For the first nominations held upon implementation of this language, the 35 percent threshold shall be calculated using an average of crop handled for the year in which nominations are made and one

year's handling prior. For all future nominations, the 35 percent handling calculation shall be based in the average of the two years prior to the year in which nominations are made. In the event that one handler handles 35% or more of the crop the membership of the Board, nominations shall be as follows:

(1) Nominations of growers who market their walnuts to the handler that handles 35% or more of the crop shall be conducted by that handler and the names of the nominees shall be forwarded to the Board for approval and appointment by the Secretary.

(2) Nominations for the two handler members representing the major handler shall be conducted by the major handler and the names of the nominees shall be forwarded to the Board for approval and appointment by the Secretary.

(3) Nominations on behalf of all other grower members (Groups (b)(4), (5) and (6) of § 984.35) shall be submitted after ballot by such growers pursuant to an announcement by press releases of the Board to the news media in the walnut producing areas. Such releases shall provide pertinent voting information, including the names of candidates and the location where ballots may be obtained. Ballots shall be accompanied by full instructions as to their markings and mailing and shall include the names of incumbents who are willing to continue serving on the Board and such other candidates as may be proposed pursuant to methods established by the Board with the approval of the Secretary. Each grower in Groups (Groups (b)(4), (5) and (6) of § 984.35), regardless of the number and location of his or her walnut orchard(s), shall be entitled to cast only one ballot in the nomination and each vote shall be given equal weight. If the grower has orchard(s) in both grower districts he or she shall advise the Board of the district in which he or she desires to vote. The person receiving the highest number of votes for grower position shall be the nominee.

(4) Nominations for handler members representing handlers that do not handle 35% or more of the crop shall be submitted on ballots mailed by the Board to those handlers. The votes of these handlers shall be weighted by the

§ 984.38

kernelweight of walnuts certified as merchantable by each handler during the preceding marketing year. Each handler in the production area may vote for handler member nominees and their alternates of this subsection. However, no handler shall have more than one person on the Board either as member or alternate member. The person receiving the highest number of votes for a handler member position of this subsection shall be the nominee for that position.

(d) Each grower is entitled to participate in only one nomination process, regardless of the number of handler entities to whom he or she delivers walnuts. If a grower delivers walnuts to more than one handler entity, the grower must choose which nomination process he or she participates in.

(e) The nine members shall nominate one person as member and one person as alternate for the tenth member position. The tenth member and alternate shall be nominated by not less than 6 votes cast by the nine members of the Board.

(f) Nominations in the foregoing manner received by the Board shall be reported to the Secretary on or before June 15 of each odd-numbered year, together with a certified summary of the results of the nominations. If the Board fails to report nominations to the Secretary in the manner herein specified by June 15 of each odd-numbered year, the Secretary may select the members without nomination. If nominations for the tenth member are not submitted by September 1 of any such year, the Secretary may select such member without nomination.

(g) The Board may recommend, subject to the approval of the Secretary, a change to these nomination procedures should the Board determine that a revision is necessary.

Each year such recommendation shall be adopted by the affirmative vote of at least 60% of the Board and shall include the following, and where applicable, on a kernelweight basis:

(1) Its estimate of the orchard-run production in the area of production for the marketing year;

(2) The Board's estimate of the handler inventory on September 1 of inshell and shelled walnuts;

(3) Its estimate of the merchantable and substandard walnuts in the production;

(4) The Board's estimate of the trade demand for such marketing year for shelled and inshell walnuts, taking into consideration trade inventory, imports, prices, competing nut supplies, and other factors;

(5) The Board's recommendation for desirable handler inventory of inshell and shelled walnuts on August 31 of each marketing year;

(6) Its recommendation as to the free and reserve percentages to be established for walnuts;

(7) Its recommendation of the percentage of reserve walnuts that may be exported pursuant to § 984.56, when it determines that the quantity of reserve walnuts that may be exported should be limited;

(b) [Reserved]

[39 FR 35330, Oct. 1, 1974; 39 FR 35999, Oct. 7, 1974, as amended at 41 FR 31543, July 29, 1976; 73 FR 11339, Mar. 3, 2008]

7 CFR Ch. IX (1-1-20 Edition)

§ 984.49 Volume regulation.

(a) *Free, reserve, and export percentages.* Whenever the Secretary finds, on the basis of the Board's recommendation or other information, that limiting the quantity of walnuts that may be handled in domestic markets for merchantable free walnuts during a marketing year will tend to effectuate the declared policy of the act, he shall establish a free percentage to prescribe the portion of such walnuts which may be handled as free walnuts, and a reserve percentage to prescribe the portion that must be withheld as reserve walnuts. Whenever the Board recommends an export percentage pursuant to § 984.48(a)(7), the Secretary shall establish a percentage if he finds it would tend to effectuate the declared policy of the act.

(b) *Revision of percentages.* (1) On or before February 15 of the marketing year, the Board may recommend that the free percentage be increased and the reserve percentage be decreased. On the basis of the Board's recommendation or other information the Secretary may establish such revisions. If the reserve percentage is reduced when an export percentage is in effect, an increase shall be made in the export percentage so that the quantity previously authorized for export will not be reduced. If the revised reserve quantity is less than the quantity previously authorized for export the export percentage shall be 100 percent. Upon revision, all reserve obligations that are theretofore accrued on merchantable walnuts certified during such year on the basis of the previously effective percentages shall be adjusted accordingly.

(2) Any time prior to July 1, the Board may recommend an increase in the export percentage, if it finds that there is an insufficient volume of reserve walnuts available for export and additional demand exists, which would not adversely affect the disposition of the oncoming crop. On the basis of the Board's recommendation or other information, the Secretary may establish such revision.

[41 FR 31543, July 29, 1976]

EFFECTIVE DATE NOTE: At 60 FR 40064, Aug. 7, 1995, in § 989.49, in paragraph (b)(1), the

§ 984.51

words "On or before February 15 of the marketing year," were suspended.

QUALITY CONTROL

§ 984.50 Grade, quality and size regulations.

(a) *Minimum standard for inshell walnuts.* Except as provided in §984.64, no handler shall handle inshell walnuts unless such walnuts are equal to or better than the requirements of U.S. No. 2 grade and baby size as defined in the then effective United States Standards for Walnuts (*Juglans regia*) in the Shell. This minimum standard may be modified by the Secretary on the basis of a Board recommendation or other information.

(b) *Minimum standard for shelled walnuts.* Except as provided in §984.64, no handler shall handle shelled walnuts unless such walnuts are equal to or better than the requirements of the U.S. Commercial grade as defined in the then effective United States Standards for Shelled Walnuts (*Juglans regia*) and the minimum size shall be pieces not more than 5 percent of which will pass through a round opening $\frac{5}{64}$ inch in diameter. This minimum standard may be modified by the Secretary on the basis of a Board recommendation or other information.

(c) *Effective period.* The minimum standards established pursuant to paragraphs (a) and (b) of this section and the provisions of this part relating to the administration thereof, shall continue in effect irrespective of whether the season average price for walnuts is above the parity level specified in section 2(1) of the Act.

(d) *Additional grade, size or other quality regulation.* The Board may recommend to the Secretary additional grade, size or other quality regulations, and may also recommend different regulations for different market destinations. If the Secretary finds on the basis of such recommendation or other information that such additional regulations would tend to effectuate the declared policy of the Act, he or she shall establish such regulations.

(e) *Minimum requirements for reserve.* The Board, with the approval of the Secretary, may specify the minimum kernel content and related requirements for any lot of walnuts acceptable

for disposition for credit against a reserve obligation: *Provided*, That reserve walnuts exported must meet the requirements of paragraph (a) of this section if inshell, or paragraph (b) of this section if shelled.

[27 FR 9094, Sept. 13, 1962, as amended at 39 FR 35330, Oct. 1, 1974; 41 FR 31543, July 29, 1976; 73 FR 11339, Mar. 3, 2008]

§ 984.51 Inspection and certification of inshell and shelled walnuts.

(a) Before or upon handling of any walnuts for use as free or reserve walnuts, each handler at his or her own expense shall cause such walnuts to be inspected to determine whether they meet the then applicable grade and size regulations. Such inspection shall be performed by the inspection service or services designated by the Board with the approval of the Secretary; *Provided*, That if more than one inspection service is designated, the functions performed by each service shall be separate, and shall not duplicate each other. Handlers shall obtain a certificate for each inspection and cause a copy of each certificate issued by the inspection service to be furnished to the Board. Each certificate shall show the identity of the handler, quantity of walnuts, the date of inspection, and for inshell walnuts the grade and size of such walnuts as set forth in the United States Standards for Walnuts (*Juglans regia*) in the Shell. Certificates covering reserve shelled walnuts for export shall also show the grade, size, and color of such walnuts as set forth in the United States Standards for Shelled Walnuts (*Juglans regia*). The Board, with the approval of the Secretary, may prescribe procedures for the administration of this provision.

(b) Inshell merchantable walnuts certified shall be converted to the kernelweight equivalent at 45 percent of their inshell weight. This conversion percentage may be changed by the Board with the approval of the Secretary.

(c) Upon inspection, all walnuts for use as free or reserve walnuts shall be identified by tags, stamps, or other means of identification prescribed by the Board and affixed to the container by the handler under the supervision of the Board or of a designated inspector

§ 984.52

and such identification shall not be altered or removed except as directed by the Board. The assessment requirements in § 984.69 shall be incurred at the time of certification.

(d) Whenever the Board determines that the length of time in storage or conditions of storage of any lot of merchantable walnuts which has been previously inspected have been or are such as normally to cause deterioration, such lot of walnuts shall be reinspected at the handler's expense and recertified as merchantable prior to shipment.

[39 FR 35330, Oct. 1, 1974, as amended at 41 FR 31543, July 29, 1976; 73 FR 11339, Mar. 3, 2008]

§ 984.52 Processing of shelled walnuts.

(a) No handler shall slice, chop, grind, or in any manner change the form of shelled walnuts unless such walnuts have been certified as merchantable or unless such walnuts meet quality regulations established under § 984.50(d) if such regulations are in effect.

(b) Any lot of shelled walnuts which, upon inspection, fails to meet the minimum standard effective pursuant to § 984.50 solely due to excess shriveling may be certified for processing provided that the total amount of shrivel does not exceed 20 percent, by weight, of the lot. All such walnuts must be reinspected after processing and shall be certified as merchantable if the processed material meets the effective minimum standard. The provisions of this paragraph may be modified by the Secretary, upon recommendation of the Board or other information.

(c) The Board shall establish such procedures as are necessary to insure that all such walnuts are inspected prior to being placed into the current of commerce.

[39 FR 35330, Oct. 1, 1974, as amended at 73 FR 11339, Mar. 3, 2008]

RESERVE WALNUTS

§ 984.54 Establishment of obligation.

(a) *Reserve obligation.* Whenever free and reserve percentages are in effect for a marketing year, each handler shall withhold a kernelweight of certified merchantable walnuts equal to a quantity derived by the application of the reserve percentage to the

7 CFR Ch. IX (1-1-20 Edition)

kernelweight of merchantable walnuts certified. The kernelweight of certified merchantable walnuts which handlers are required to withhold shall be the "reserve obligation." The walnuts handled for use as free walnuts by any handler in accordance with the provisions of this part shall be deemed to be that handler's quota fixed by the Secretary within the meaning of section 8(a)(5) of the act.

(b) *Holding requirements.* Each handler shall at all times hold in his possession or under his control in proper storage the kernelweight of certified merchantable walnuts necessary to meet his reserve obligation less:

(1) Any quantity which was disposed of by him pursuant to § 984.56; and

(2) Any quantity for which he is otherwise relieved by the Board of responsibility to so hold walnuts.

§ 984.56 Disposition of reserve walnuts.

(a) *General.* The Board shall have power and authority to sell or dispose of any and all reserve walnuts withheld upon the best terms and at the highest returns obtainable consistent with the ultimate complete disposition of reserve, subject to all conditions of this section. The Board may dispose of reserve walnuts through handlers acting as agents of the Board under the terms and conditions specified by the Board.

(b) *Export.* The Board may export or authorize the disposition in export to the destinations outside the United States, Puerto Rico, and the Canal Zone, the quantity of reserve walnuts permitted to be exported by the export percentage establishment pursuant to § 984.49. Reserve walnuts may be exported by any handler as an agent of the Board under the terms and conditions specified by the Board.

(c) *Pooling.* At any time during the marketing year a handler may deliver reserve walnuts and any substandard walnuts meeting the minimum kernel content requirements effective pursuant to § 984.50(e) to the Board for pooling and crediting against his reserve obligation. Any reserve walnuts that the handler as agent of the Board has

not disposed of by the end of the marketing year shall thereafter be delivered to the Board for pooling on demand. The Board shall dispose of these walnuts for use in the following outlets: Government agencies, charitable institutions, poultry or animal feed, walnut oil or other markets non-competitive with markets for merchantable free walnuts. The Board may rent and operate or arrange the use of facilities for storage and disposition of reserve walnuts delivered to it.

(d) *Crediting.* The kernelweight of walnuts disposed of in accordance with this section shall be credited to the handler's reserve obligation. At any time during the marketing year, upon a handler's written request, the Board shall transfer part or all of the handler's credit in excess of his reserve obligation to any handler he designates.

(e) *Pool proceeds.* The proceeds remaining after the payment of all expenses incurred by the Board in receiving, holding, and disposing of pooled walnuts shall be distributed pro rata by the Board to each handler in proportion to his contribution thereto, measured in kernelweight, or such other basis as the Board may adopt with the approval of the Secretary.

(f) *Rules and regulations.* The Board, with the approval of the Secretary, may prescribe such rules and regulations as are necessary to carry out the provisions of this section.

[41 FR 31544, July 29, 1976]

§ 984.59 Interhandler transfers.

For the purposes of this part, transfer means the sale of inshell and shelled walnuts within the area of production by one handler to another. The Board, with the approval of the Secretary, may establish methods and procedures, including necessary reports, for such transfers.

[73 FR 11339, Mar. 3, 2008]

§ 984.64 Disposition of substandard walnuts.

Substandard walnuts may be disposed of only for manufacture into oil, livestock feed, or such other uses as the Board determines to be non-competitive with existing domestic and export markets for merchantable wal-

nuts and with proper safeguards to prevent such walnuts from thereafter entering channels of trade in such markets. Wherever free and reserve percentages are in effect, the kernelweight of any walnuts meeting the minimum kernel content requirements effective pursuant to § 984.50(e), may be pooled and the disposition credited to the handler's reserve obligation pursuant to § 984.56. Each handler shall submit, in such form and at such intervals as the Board may determine, reports of (a) his production and holdings of substandard walnuts and (b) the disposition of all substandard walnuts to any other person, showing the quantity, lot, date, name and address of the person to whom delivered, the approved use and such other information pertaining thereto as the Board may specify.

[41 FR 31544, July 29, 1976]

§ 984.65 Compliance.

Except as provided in this subpart, no person shall handle walnuts, inshell or shelled, during any marketing year in which this subpart and any regulations issued by the Secretary hereunder are in effect, unless such person has previously met the obligations imposed by each such regulation and the provisions of this subpart.

§ 984.66 Assistance of the Board in meeting reserve obligation.

The Board may assist any handler in accounting for his reserve obligation and may aid any handler in acquiring walnuts to meet any deficiency in his reserve obligation, or in accounting for, or disposing of reserve walnuts.

[41 FR 31544, July 29, 1976]

§ 984.67 Exemptions.

(a) Exemption from volume regulation. Reserve percentages shall not apply to lots of merchantable inshell walnuts which are of jumbo size or larger as defined in the then effective United States Standards for Walnuts in the Shell, or to such quantities as the Board may, with the approval of the Secretary, prescribe.

(b) *Exemptions from assessments, quality, and volume regulations—*(1) *Sales by growers direct to consumers.* Any walnut

§ 984.68

grower may handle walnuts of his own production free of the regulatory and assessment provisions of this part if he sells such walnuts in the area of production directly to consumers under the following types of exemptions.

(i) At roadside stands and farmers' markets;

(ii) In quantities not exceeding an aggregate of 500 pounds of inshell walnuts or 200 pounds of shelled walnuts during any marketing year (at locations other than those specified in (b)(i) of this section); and

(iii) If shipped by parcel post or express in quantities not exceeding 10 pounds of inshell walnuts or 4 pounds of shelled walnuts to any one consumer in any one calendar day.

(2) *Green walnuts.* Walnuts which are green and which are so immature that they cannot be used for drying and sale as dried walnuts may be handled without regard to the provisions of this part.

(3) *Noncompetitive outlets.* Any person may handle walnuts, free of the provisions of this part, for use by charitable institutions, relief agencies, governmental agencies for school lunch programs, and diversion to animal feed or oil manufacture pursuant to an authorized governmental diversion program.

(c) *Rules and modifications.* The Board may establish, with the approval of the Secretary, such rules, regulations and safeguards and such modifications as will promote the objectives of this subpart.

EXPENSES AND ASSESSMENTS

§ 984.68 Expenses.

The Board is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by it during each marketing year for the maintenance and functioning of the Board, and for such other purposes as the Secretary may, pursuant to this part, determine to be appropriate. The Board shall file a proposed budget of expenses and a rate of assessment with the Secretary as soon as practicable

7 CFR Ch. IX (1-1-20 Edition)

after the beginning of each marketing year.

[41 FR 31544, July 29, 1976]

§ 984.69 Assessments.

(a) *Requirement for payment.* Each handler shall pay the Board, on demand, his pro rata share of the expenses authorized by the Secretary for each marketing year. Each handler's pro rata share shall be the rate of assessment per kernelweight pound of walnuts fixed by the Secretary times the kernelweight of merchantable walnuts he has certified. At any time during or after the marketing year the Secretary may increase the assessment rate as necessary to cover authorized expenses and each handler's pro rata share shall be adjusted accordingly.

(b) *Reserve walnut pool expenses.* The Board is authorized temporary use of funds derived from assessments collected pursuant to paragraph (a) of this section to defray expenses incurred in disposing of reserve walnuts pooled. All such expenses shall be deducted from the proceeds obtained by the Board from the sale or other disposal of pooled reserve walnuts.

(c) *Accounting.* If at the end of a marketing year the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in paragraph (c)(2) or (c)(3) of this section, it shall be refunded to handlers from whom collected and each handler's share of such excess funds shall be the amount of assessments he or she has paid in excess of his or her pro rata share of the actual expenses of the Board.

(2) Excess funds may be used temporarily by the Board to defray expenses of the subsequent marketing year: Provided, That each handler's share of such excess shall be made available to him or her by the Board within five months after the end of the year.

(3) The Board may carry over such excess into subsequent marketing years as a reserve: Provided, That funds already in reserve do not exceed approximately two years' budgeted expenses. In the event that funds exceed

Agricultural Marketing Service, USDA

§ 984.77

two marketing years' budgeted expenses, future assessments will be reduced to bring the reserves to an amount that is less than or equal to two marketing years' budgeted expenses. Such reserve funds may be used:

(i) To defray expenses, during any marketing year, prior to the time assessment income is sufficient to cover such expenses;

(ii) To cover deficits incurred during any year when assessment income is less than expenses;

(iii) To defray expenses incurred during any period when any or all provisions of this part are suspended;

(iv) To meet any other such costs recommended by the Board and approved by the Secretary.

(d) *Advanced assessments and commercial loans.* To provide funds for the administration of the provisions of this part during the part of a fiscal period when neither sufficient operating reserve funds nor sufficient revenue from assessments on the current season's certifications are available, the Board may accept payment of assessments in advance or may borrow money from a commercial lending institution for such purposes.

(e) *Termination.* Any money collected from assessments hereunder and remaining unexpended in the possession of the Board upon termination of this part shall be distributed in such manner as the Secretary may direct.

[27 FR 9094, Sept. 13, 1962, as amended at 41 FR 31544, July 29, 1976; 73 FR 11339, Mar. 3, 2008; 83 FR 21843, June 11, 2018]

(2) Said trustees shall continue in such capacity until discharged by the Secretary; shall from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the Board and the joint trustees to such person as the Secretary may direct; and shall, upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the funds, property, and claims vested in the Board or the joint trustees pursuant hereto.

(a) *Minimum kernel content requirements for inshell walnuts for reserve disposition credit.* For purposes of §§ 984.54 and 984.56, no lot of inshell walnuts may be held, exported, or disposed of for use by governmental agencies or charitable institutions unless it meets the minimum requirements for merchantable inshell walnuts effective pursuant to § 984.50(a). The disposition of any lot of inshell walnuts pursuant to § 984.64 having at least a certified kernelweight of not less than 10 percent of the inshell weight of the lot may be credited against a handler's reserve obligation.

(b) *Minimum kernel content requirements for shelled walnuts for reserve disposition credit.* For the purposes of §§ 984.54 and 984.56, no lot of shelled walnuts may be held, exported, or disposed of for use by government agencies or charitable institutions unless it meets the minimum requirements for merchantable shelled walnuts effective pursuant to § 984.50(b). The disposition of any lot of shelled walnuts pursuant to § 984.64 having at least a certified kernelweight of kernels six sixty-fourths of an inch or larger of not less than 10 percent of the total weight of the lot may be credited against a handler's reserve obligation: *Provided*, That such minimum kernel content requirements shall not apply to any lot of walnut meal certified by the designated inspection service as having been derived from chopping, slicing, or dicing merchantable shelled walnuts.

(c) *Inspection and certification of shelled walnuts that are manufactured into products.* For purposes of §§ 984.50(d) and 984.52(c), shelled walnuts may be cut or diced without prior inspection and certification: *Provided*, That the end product, except for walnut meal, is inspected and certified. For purposes of this section, *end product* shall be defined as walnut pieces equal to or larger than eight sixty-fourths of an inch in diameter. *Walnut meal* shall be defined as walnut pieces smaller than eight sixty-fourths of an inch in diameter.

(1) *End product.* End product must be sized, inspected and certified, and the size must be noted on the inspection certificate. The end product quality must be equal to or better than the minimum requirements of U.S. Commercial grade as defined in the United States Standards for Shelled Walnuts (*Juglans regia*).

(2) *Walnut meal.* Walnut meal that is accumulated during the cutting or dicing of shelled walnuts to create end product must be presented with the smallest end product from that manufacturing run that is inspected and certified. If the end product meets the applicable U.S. Commercial grade requirements, the walnut meal accumulated during the manufacture of that end product shall be identified and referenced on a separate meal certificate

as "meal derived from walnut pieces that meet U.S. Commercial grade requirements." The certificate number of the smallest end product will be referenced on the meal certificate.

(3) *Failed lots.* If the end product fails to meet applicable U.S. Commercial grade requirements, the end product may be reconditioned, re-sampled, inspected again, and certified. However, the walnut meal accumulated during the manufacture of that end product shall be rejected and disposed of pursuant to the requirements of § 984.64.

(b) The Board shall maintain a list of approved crushers, livestock feed manufacturers and livestock feeders, and of the locations of the facilities within the area of production to which substandard walnuts may be shipped. The Board may deny approval to any applicant or remove any approved crusher, feed manufacturer, or feeder from the list when such denial or removal is deemed necessary to insure control of substandard walnut disposition or the Board determines that substandard walnuts are not shipped to such facilities. Substandard walnuts disposed of to an approved crusher, livestock feed manufacturer, or livestock feeder, may only be shipped directly to an approved location where the crushing, feed manufacture, or feeding is to take place. Four of the members and alternates shall be producers in District 1; two members and alternates shall be producers in District 2; and one member and alternate shall be a producer in District 3. One member and alternate shall represent the public.

§ 985.21 Eligibility.

Each member and alternate member of the Committee shall be, at the time of selection and during the term of office, a producer, or an officer or employee of a producer, in the district for which selected: *Provided*, That these requirements shall not apply to the public member and alternate member.

§ 985.22 Term of office.

one-half of the initial members and alternates shall serve for terms ending December 31, 1981. Members and alternates shall serve in such capacity for the term of office for which they are selected and have qualified and until their respective successors are selected and have qualified. No member shall serve more than two consecutive terms as member and no alternate shall serve more than two consecutive terms as alternate.

§ 985.23 Nominations.

(a) *Procedure*. (1) Nominations for producer members of the Committee and their alternates shall be made at nomination meetings of producers in each District. Such meetings shall be held at such times (on or before November 1 of each year) and places as the Committee shall designate. One nominee shall be elected for each position to be filled. The names and addresses of each nominee shall be submitted to the Secretary not later than December 1 of each year.

(2) Only producers, including duly authorized officers or employees of producers present and eligible to serve as producer members of the Committee, shall participate in the nomination. If a producer produces oil in more than one district, the producer shall select the district in which that producer will participate and notify the Committee of the choice.

(3) Should the Committee find it impractical to hold nomination meetings, nominations may be submitted to the Secretary based on the results of balloting by mail. Ballots to be used may contain the names of candidates and a blank space for write-in candidates for each position, together with voting instructions. The eligible person receiving the highest number of votes for a member or alternate position shall be the nominee for that position.

(4) The producer members of the Committee shall nominate the public member and alternate and member at the first meeting following the selection of members for a new term of office.

(b) *Initial members*. As soon as practicable following the effective date of this subpart, the Secretary shall hold,

Agricultural Marketing Service, USDA

§ 985.26 Vacancies.

To fill any vacancy occasioned by the failure of any person appointed as a member or as an alternate member of the Committee to qualify, or in the event of the death, removal, resignation, or disqualification of any member or alternate member of the Committee, a successor to fill the unexpired term shall be nominated and appointed in the manner specified in §§ 985.23 and 985.24. If the names of the nominees to fill any such vacancy are not made available to the Secretary within 30 days after such vacancy occurs, the Secretary may fill such vacancy without regard to nominations, which appointment shall be made on the basis of representation provided for in § 985.20.

(f) To cause the books of the Committee to be audited by a certified public accountant at such times as the Committee may deem necessary, or as the Secretary may request, to submit copies of each audit report to the Secretary, and to make available a copy which does not contain confidential data for inspection at the offices of the committee by producers and handlers;

(g) To act as intermediary between the Secretary and any producer or handler;

(h) To investigate and assemble data on the growing, handling, and marketing conditions with respect to oil;

(i) To submit to the Secretary such available information as may be requested or that the Committee may deem desirable and pertinent;

(j) To notify producers and handlers of all meetings of the Committee to consider recommendations for regulations and of all regulatory actions taken affecting producers and handlers;

§ 985.29

§ 985.30 Expenses and compensation.

Members of the Committee, their alternates, subcommittees including any special subcommittees, shall serve without compensation but shall receive such allowances for necessary expenses, incurred in performing their duties, as may be approved by the Committee.

7 CFR Ch. IX (1-1-20 Edition)

RESEARCH

§ 985.31 Research and development projects.

The Committee, with the approval of the Secretary, may establish or provide for the establishment of production research, marketing research and development projects designed to assist, improve, or promote the marketing, distribution and consumption or efficient production of oil. The Committee shall consider ongoing research, by industry and grower organizations, in making its recommendations. The expense of such projects shall be paid from funds collected pursuant to § 985.41.

EXPENSES AND ASSESSMENTS

§ 985.40 Expenses.

The Committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by it for such purposes as the Secretary may, pursuant to this subpart, determine to be appropriate, and for the maintenance and functioning of the Committee during each marketing year. The Committee shall submit to the Secretary a budget for each marketing year, including an explanation of the items appearing therein, and a recommendation as to the rate of assessment for such year.

§ 985.41 Assessments.

(a) *Requirements for payment.* Each person who first handles salable oil shall pay to the Committee, upon demand, that handler's pro rata share of the expenses authorized by the Secretary for each marketing year. Each handler's pro rata share shall be the rate of assessment fixed by the Secretary times the quantity of oil which the handler handles as the first handler thereof. The payment of assessments for the maintenance and functioning of the Committee and for such purposes as the Secretary may, pursuant to this subpart, determine to be appropriate, may be required under this part throughout the period it is in effect, irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) *Rate of assessment.* The Secretary shall fix the rate of assessment to be

Agricultural Marketing Service, USDA

§ 985.51

paid by each handler. At any time during or after the marketing year, the Secretary may increase the rate of assessment as necessary to cover authorized expenses. Such increase shall be applied to all oil handled during the applicable marketing year. In order to provide funds for the administration of this part before sufficient operating income is available from assessments, the Committee may accept advance assessments and may also borrow money for such purpose. Advance assessments received from a handler shall be credited toward assessments levied against the handler during the marketing year.

§ 985.42 Accounting.

(a) *Excess funds.* At the end of a marketing year, funds in excess of the year's expenses may be placed in an operating reserve not to exceed approximately one marketing year's operational expenses or such lower limits as the Committee, with the approval of the Secretary, may establish. Funds in such reserve shall be available for use by the Committee for expenses authorized pursuant to § 985.40. Funds in excess of those placed in the operating reserve shall be refunded to handlers: *Provided*, That any sum paid by a first handler in excess of that handler's pro rata share of the expenses during any marketing year may be applied by the Committee at the end of such marketing year to any outstanding obligations due the Committee from such person. Each handler's share of such excess funds shall be the amount of assessments paid in excess of that handler's pro rata share.

(b) *Disposition of funds upon termination of order.* Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practicable, such funds will be returned pro rata to the first handler from whom such funds were collected.

VOLUME LIMITATIONS

§ 985.50 Marketing policy.

(a) The Committee shall meet on or before January 15 of each year to adopt a marketing policy for the ensuing

marketing year or years. As soon as is practical following the meeting or meetings, the Committee shall submit to the Secretary recommendations for volume regulations deemed necessary to meet market requirements and establish orderly marketing conditions. Additional reports shall be submitted to the Secretary of the Committee subsequently adopts a new or revised policy because of changes in the demand and supply situation with respect to the various classes of oil.

(b) In determining such marketing policy, Committee consideration shall include but not be limited to:

(1) The estimated quantity of salable oil of each class held by producers and handlers;

(2) The estimated demand for each class of oil;

(3) Prospective production of each class of oil;

(4) Total of allotment bases of each class of oil for the current marketing year and the estimated total of allotment bases of each class for the ensuing marketing year;

(5) The quantity of reserve oil, by class, in storage;

(6) Producer prices of oil, including prices for each class of oil;

(7) General market conditions for each class of oil, including whether the estimated season average price to producers is likely to exceed parity.

(c) Notice of the marketing policy recommendations for a marketing year and any later changes shall be announced publicly by the Committee, and be submitted promptly to the Secretary and all producers and handlers. The Committee shall publicly announce its marketing policy or revision thereof and notice and contents thereof shall be submitted to producers and handlers by bulletins or through appropriate media.

(d) As soon as practicable following the effective date of this subpart and the organization of the Committee, the Committee may adopt a marketing policy for the 1980-81 marketing year.

§ 985.51 Recommendations for volume regulation.

(a) If the Committee's marketing policy considerations indicate a need for limiting the quantity of oil of each

§ 985.52

7 CFR Ch. IX (1-1-20 Edition)

class marketed, the Committee shall recommend to the Secretary a salable quantity and allotment percentage for the ensuing marketing year. Such recommendations shall be made prior to February 15, or such other date as the Committee, with the approval of the Secretary, may establish.

(b) At any time during the marketing year for which the Secretary, pursuant to § 985.52(a), has established a salable quantity and an allotment percentage for each class of oil, the Committee may recommend to the Secretary that such quantity be increased with an appropriate increase in the allotment percentage. Each such recommendation, together with the Committee's reason for such recommendation, shall be submitted promptly to the Secretary.

(c) As soon as practical following the effective date of this subpart and the organization of the Committee, the Committee may recommend a salable quantity for the 1980-81 marketing year.

§ 985.52 Issuance of volume regulation.

(a) Whenever the Secretary finds, on the basis of the Committee's recommendation or other information, that limiting the total quantity of a class of oil of any crop that handlers may purchase from or handle on behalf of producers during a marketing year, would tend to effectuate the declared policy of the act, the Secretary shall establish the salable quantity for that oil.

The salable quantity shall be prorated among producers by applying an allotment percentage to each producer's allotment base for that class of oil. The allotment percentage shall be established for each class of oil by dividing the salable quantity by the total of all producers' allotment bases for the same class of oil.

(b) When an allotment percentage for a class of oil is established for any marketing year, no handler shall purchase from or handle on behalf of producers any oil of that class during such year unless:

(1) It is, at the time of handling, within the unused portion of a producer's annual allotment, and

(2) Such handler notifies the Committee of the handling in such manner as it may prescribe.

§ 985.53 Allotment base.

(a) *Initial issuance.* Each producer desiring an allotment base for one or more classes of oil shall register with the Committee and furnish to it, on forms provided by the Committee, a report of the number of pounds of each class of oil sold during each of the marketing years of 1977, of 1978, and of 1979, which is the representative base period, and the number of pounds of each class of oil currently available for sale and the location of such oil, the name and address of each handler, the quantity of oil by class sold to each handler, the acreage and location of each year's production of spearmint, and any additional information requested by the Committee. A producer who has changed or changes identity from an individual producer to a partnership or corporate producer, or from a partnership to a corporate or individual producer, or from a corporate to a partnership or individual producer, may for the purpose of establishing the initial and subsequent allotment base, register with the Committee as one and the same person.

(b)(1) Initially, the allotment base for each class of oil shall be established by the Committee for each registered producer, at the option of such producer, as follows:

(i) The average annual number of pounds of oil of that class sold during any two marketing years of the representative base period; or

(ii) The average annual number of pounds of that class of oil sold during the representative period plus 33⅓ percent of oil of that class currently available for sale; or

(iii) The quantity of that class of oil sold during the 1979 marketing year, plus the quantity of that class of oil currently available for sale.

(2) If a producer has spearmint planted by February 27, 1979, but has no sales history during the representative period, the producer's allotment base shall be established by multiplying its acreage to be harvested for spearmint oil by the average amount of oil per acre sold in the allotment base of other

producers in the state or area, whichever is more representative, in which the acreage is located: *Provided*, That, the Committee shall review and adjust these allotment bases in accordance with paragraph (c) of this section on the basis of the producer's sales of spearmint oil.

(c) Periodically, but at least once every five years, the Committee shall review and adjust each producer's allotment base to recognize changes and trends in production and demand. Any such adjustment shall be made in accordance with a formula prescribed by the Committee with the approval of the Secretary.

(d)(1) Beginning with the 1982-83 marketing year, the Committee annually shall make additional allotment bases available for each class of oil in the amount of no more than 1 percent of the total allotment base for that class of oil. Fifty percent of these additional allotment bases shall be made available for new producers and 50 percent made available for existing producers.

(2) Any person may apply for an additional allotment base for any class of oil by filing an application with the Committee on or before December 1 of the marketing year preceding the marketing year for which the additional allotment bases will be made available.

(3) The Committee shall, with the approval of the Secretary, establish rules and regulations to be used for determining the distribution of additional allotment bases. In establishing such rules, the Committee shall take into account, among other things, the minimum economic enterprise requirements for oil production, the applicant's ability to produce oil, the area where the oil will be produced and other economic and marketing factors.

(e) The right to each producer receiving an allotment base, or any legal successor in interest, to retain all or part of an allotment base, shall be dependent on continuance to make a bona fide effort to produce the annual allotment referable thereto and failing to do so, such allotment base shall be reduced by an amount equivalent to such unproduced portions.

EFFECTIVE DATE NOTE: At 50 FR 41480, Oct. 11, 1985, in §985.53, paragraph (d)(2) was suspended indefinitely.

§ 985.54 Issuance of annual allotments.

(a) Whenever the Secretary establishes a salable quantity and allotment percentage for a class of oil that may be freely marketed during a marketing year, the Committee shall issue an annual allotment to each producer holding an allotment base for that class of oil. Each producer's annual allotment for a class of oil shall be determined by multiplying the producer's allotment base for that class of oil by the applicable allotment percentage.

(b) On or before December 1, the Committee shall furnish each registered holder of an allotment base a form for the producer to apply for an annual allotment for the ensuing marketing year. The Committee, with the approval of the Secretary, shall establish rules and regulations prescribing the information to be submitted on this form. The Committee shall notify each producer of the producer's annual allotment for each class of oil within 10 days after the Secretary establishes the salable quantity and allotment percentage.

(c) Through 1981, a handler may acquire oil of a producer's own production to fulfill a written contract entered into by these two persons prior to February 27, 1979. The terms of this contract shall require the producer to deliver to that handler a specified quantity of a class of oil from that producer's production at a specific price from a specified acreage and produced prior to 1982. The quantity of oil acquired by the handler pursuant to that contract during the 1980-81 or 1981-82 marketing year may exceed the producer's annual allotment for the applicable marketing year, but shall be charged against the producer's annual allotment for that year.

§ 985.55 Identification.

(a) Each producer shall, under supervision of the Committee, identify each class of oil within 15 days following its production, or such other period of time as is recommended by the Committee with the approval of the Secretary. Identification of oil shall be accomplished before its delivery either to a handler for handling as salable oil, or to the Committee or its designees for storage as excess oil.

(b) Identification shall indicate whether the oil is salable or excess oil and include the name of the producer, the class of oil, the net weight, the container number and such other information as may be required by the Committee.

(c) Identification shall be accomplished in accordance with rules and regulations established by the Committee with the approval of the Secretary.

(d) No handler shall handle as salable oil, and the Committee shall not receive as excess oil, any oil that has not been identified as provided in this section, and no person shall alter or remove any identification except when incidental to final disposition.

§ 985.56 Excess oil.

Oil of any class in excess of a producer's applicable annual allotment shall be identified as excess oil and shall be disposed of as follows:

(a) Before October 15, or such date as the Committee, with the approval of the Secretary, may establish, a producer, following notification of the Committee, may transfer excess oil to another producer to enable that producer to fill a deficiency in that producer's annual allotment, or

(b) Before November 1, or such other date as the Committee, with the approval of the Secretary, may establish, excess oil, not used to fill another producer's deficiency, shall be delivered to the Committee or its designees for storage. Such oil shall be stored for the account of the producer. All costs of storage including identification and insurance shall be paid by the producer of excess oil. No handler shall handle excess oil and no producer shall deliver excess oil to other than the Committee or its designees.

(c) The Committee, with the approval of the Secretary, may establish such rules and regulations as it deems necessary for the transfer or storage of excess oil.

§ 985.57 Reserve pool requirements.

(a) On November 1, or such other date as the Committee, with the approval of the Secretary may establish, the Committee shall pool identified excess oil as reserve oil in such manner as to ac-

curately account for its receipt, storage, and disposition. The Committee shall store reserve oil for the account of the producer and maintain the identity of the reserve oil by producer's name, the year produced, the class of oil, and such other identification as may be used in normal commercial trade practices. The Committee shall designate a Committee employee as reserve pool manager.

(b) *Disposition.* (1) When, in any marketing year, a producer has produced less than the annual allotment of a class of oil, the producer may, upon notification of the Committee, fill the deficiency with the same class of reserve oil from the producer's prior production.

(2) Prior to March 15 of any year, or such other date as recommended by the Committee and approved by the Secretary, a producer may notify the Committee of a possible deficiency in the producer's ensuing year's production of oil and wishes to use reserve oil from own production to fill the ensuing year's annual allotment. The Committee shall approve the producer's request if the oil is still available at the time of the request.

(3) Under supervision of the Committee, a producer may exchange salable oil for the same class and quantity of reserve oil from own production so long as the oil is properly identified.

(4) When the Committee finds that additional oil is needed to fill the normal market demand, it shall offer all or a portion of the reserve oil for sale to handlers. Offers to sell, extension of offers and withdrawal of offers shall be subject to disapproval by the Secretary. The Committee may establish rules and regulations governing the offers and sale to handlers.

(5) The Committee may use reserve oil for market development projects approved by the Secretary. Such projects may be conducted by the Committee or in conjunction with or through handlers.

(c) *Pool expenses and proceeds.* Expenses incurred by the Committee in handling and storing reserve oil shall be paid by the equity holders. The proceeds from the disposition of reserve oil shall be distributed, after deduction

of any expenses incurred by the Committee in receiving, handling, storing, and disposing thereof, to the equity holders or their successors in interest, on the basis of the number of pounds, class of oil and quality credited to each equity holder's account in the pool. A full accounting to each equity holder, or successor in interest, in each reserve pool shall be made by the Committee annually.

§ 985.58 Exempt oil.

Oil held by a producer or handler on the effective date of this subpart shall not be regulated under this subpart if reported and identified to the Committee not later than 60 days after that date. Any such oil not reported and identified to the Committee shall be subject to all regulation under this subpart.

§ 985.59 Transfers.

(a) Nothing contained in this part shall prevent a producer from transferring the location where that producer's annual allotment is produced to another location except that the producer shall report the transfer to the Committee within 30 days after the transfer.

(b) A producer may transfer all or part of an allotment base to another producer under rules and regulations established by the Committee, with the approval of the Secretary: *Provided*, That the allotment base obtained by transfer from another producer or issued pursuant to § 985.53(d)(1) shall not be transferred for at least 2 years following transfer or issuance, and that the person receiving the allotment base submit to the Committee, evidence of an ability to produce and sell oil from such allotment base in the first marketing year following the transfer or issuance of the allotment base.

§ 985.153 Issuance of additional allotment base to new and existing producers.

(a) *Definitions.* (1) *New producer* means any person who never was issued an allotment base by the Committee for a class of oil in any capacity either as an individual, or as a member of a partnership, corporation, or any other business unit.

(2) *Existing producer* means any person who was issued an allotment based by the Committee for a class of oil in any capacity either as an individual, or as a member of a partnership, corporation, or any other business unit. Any

person who was initially issued an allotment base for a class of oil and changed identity of operation, as set forth in § 985.53(a), since April 14, 1980, and requests additional allotment base for that class of oil pursuant to this section, shall be deemed to be an existing producer.

(b) *Requests.* Any new or existing producer desiring additional allotment base for any class of oil made available by the Committee pursuant to § 985.53(d)(1) shall request such base by a date specified by the Committee prior to the marketing year for which such base will be made available.

(c) *Issuance—(1) New producers—(i) Regions:* For the purpose of issuing additional allotment base to new producers, the production area is divided into the following regions:

(A) *Region A.* The State of Washington.

(B) *Region B.* All areas of the production area outside the State of Washington.

(ii) The Committee shall review all requests from new producers for additional allotment base made available pursuant to § 985.53(d)(1).

(iii) Each year, the Committee shall determine the size of the minimum economic enterprise required to produce each class of oil. The Committee shall thereafter calculate the number of new producers who will receive allotment base under this section for each class of oil. The Committee shall include that information in its announcements to new producers in each region informing them when to submit requests for allotment base. The Committee shall determine whether the new producers requesting additional base have the ability to produce spearmint oil. The names of all eligible new producers from each region shall be placed in separate lots per class of oil. For each class of oil, separate drawings shall be held from a list of all applicants from Region A and from a list of all applicants from Region B. If, in any marketing year, there are no requests for additional base in a class of oil from eligible new producers in a region, such unallocated additional allotment base shall be issued to an eligible new producer whose name is selected by drawing from a list containing the

names of all remaining eligible new producers from the other region for that class of oil. The Committee shall immediately notify each new producer whose name was drawn and issue that producer an allotment base in the appropriate amount. Allotment base issued to new producers under this section shall not be transferred for at least five years following issuance.

(2) *Existing producers.* (i) The Committee shall review all requests from existing producers for additional allotment base.

(ii) *Class 1 base.* With respect to the issuance of additional Class 1 allotment base to existing producers for the 2014–2015 through the 2016–2017 marketing years, existing producers with less than 5,121 pounds of allotment base as of October 17, 2012, who request additional allotment base and who have the ability to produce additional quantities of Class 1 spearmint oil, shall be issued additional allotment base sufficient to bring them up to a level not to exceed 5,121 pounds: *Provided*, That such additional Class 1 allotment base shall be allocated to eligible producers on a pro-rata basis from available additional Class 1 allotment base: *Provided further*, That additional allotment base shall not be issued to any person if such additional allotment base would replace all or part of an allotment base that such person has previously transferred to another producer. Additional allotment base in excess of the amount needed to bring eligible producers up to 5,121 pounds of Class 1 allotment base shall be distributed on a prorated basis among all existing producers who apply and who have the ability to produce additional quantities of spearmint oil.

(iii) *Class 3 base.* With respect to the issuance of additional Class 3 allotment base for existing producers for the 2014–2015 through the 2017–2018 marketing years, existing producers with less than 5,812 pounds of allotment base as of October 17, 2012, who request additional allotment base and who have the ability to produce additional quantities of Class 3 spearmint oil, shall be issued additional allotment base sufficient to bring them up to a level not to exceed 5,812 pounds: *Provided*, That such additional Class 3 allotment base shall be allocated to eligible producers

Agricultural Marketing Service, USDA

§ 985.155

on a pro-rata basis from available additional Class 3 allotment base: *Provided further*, That additional allotment base shall not be issued to any person if such additional allotment base would replace all or part of an allotment base that such person has previously transferred to another producer. Additional allotment base in excess of the amount needed to bring eligible producers up to 5,812 pounds of Class 3 allotment base shall be distributed on a prorated basis among all existing producers who apply and who have the ability to produce additional quantities of spearmint oil.

(iv) For each marketing year after 2016-2017 for Class 1 oil and 2017-2018 for Class 3 oil, each existing producer of a class of spearmint oil who requests additional allotment base, and who has the ability to produce additional quantities of that class of spearmint oil, shall be eligible to receive a share of the additional allotment base issued for that class of oil. Additional allotment base issued by the Committee for a class of oil shall be distributed on a prorated basis among the eligible producers for that class of oil. The Committee shall immediately notify each producer who is to receive additional allotment base by issuing that producer an allotment base in the appropriate amount. Allotment base issued to existing producers under this section shall not be transferred for at least two years following issuance, except that additional allotment base allocated pursuant to paragraph (c)(2)(ii) and (c)(2)(iii) of this section shall not be transferred for at least five years following issuance.

(d) The person receiving additional allotment base pursuant to this section shall submit to the Committee evidence of an ability to produce and sell oil from such allotment base in the first marketing year following issuance of such base.

(1) The number of acres of each species (Scotch or Native) of spearmint planted, or intended to be planted for harvest in the ensuing marketing year;

(2) Whether the spearmint to be harvested in the ensuing marketing year is baby mint (first year harvest) or mature mint (second year or older harvest); and

(3) Any changes in location or production as reported for the preceding year.

(b) In order to enable the Committee to insure compliance and verify furnished information, each producer requesting an annual allotment shall permit the Committee or its representatives, whenever necessary, to measure the producer's spearmint acreage.

These assessment

ranges shall be in effect for the initial four years of the order.

(d) Subsequent assessment rates shall not exceed two percent of the aggregate of all prices in each classification across the production area based on Council data, or the average of USDA reported average price received by growers for each classification, in the preceding fiscal year as recommended by the Council and approved by the Secretary. After four years from the implementation of this part, the Council may recommend, subject to the approval of the Secretary, revisions to this calculation or assessment ranges.

(e) The Council, with the approval of the Secretary, may revise the assessment rates if it determines, based on information including crop size and value, that the action is necessary, and if the revision does not exceed the assessment limitation specified in this section and is made prior to the final billing of the assessment.

(f) In order to provide funds for the administration of the provisions of this part during the first part of a fiscal year, before sufficient operating income is available from assessments, the Council may accept the payment of assessments in advance and may also borrow money for such purposes; *Provided*, That no loan may amount to more than 50 percent of projected assessment revenue projected for the year in which the loan is secured, and the loan must be repaid within five years.

(g) If a handler does not pay assessments within the time prescribed by the Council, the assessment may be increased by a late payment charge and/or an interest rate charge at amounts prescribed by the Council with approval of the Secretary.

(h) On August 31 of each year, every handler warehousing inshell pecans shall be identified as the first handler of those pecans and shall be required to pay the assessed rate on the category of pecans in their possession on that date. The terms of this paragraph may be revised subject to the recommendation of the Council and approval by the Secretary.

(i) On August 31 of each year, all inventories warehoused by growers from the current fiscal year shall cease to be

eligible for inter-handler transfer treatment. Instead, such inventory will require the first handler that handles such inventory to pay the assessment thereon in accordance with the prevailing assessment rates at the time of transfer from the grower to the said handler. The terms of this paragraph may be revised subject to the recommendation of the Council and approval by the Secretary.

§ 986.62 Inter-handler transfers.

Any handler inside the production area, except as provided for in § 986.61(h) and (i), Assessments, may transfer inshell pecans to another handler inside the production area for additional handling, and any assessments or other marketing order requirements with respect to pecans so transferred may be assumed by the receiving handler. The Council, with the approval of the Secretary, may establish methods and procedures, including necessary reports, to maintain accurate records for such transfers. All inter-handler transfers will be documented by forms or electronic transfer receipts approved by the Council, and all forms or electronic transfer receipts used for inter-handler transfers shall require that copies be sent to the selling party, the receiving party, and the Council. Such forms must state which handler has the assessment responsibilities.

§ 986.63 Contributions.

The Council may accept voluntary contributions. Such contributions may only be accepted if they are free from any encumbrances or restrictions on their use and the Council shall retain complete control of their use. The Council may receive contributions from both within and outside of the production area.

§ 986.64 Accounting.

(a) Assessments collected in excess of expenses incurred shall be accounted for in accordance with one of the following:

(1) Excess funds not retained in a reserve, as provided in paragraph (a)(2) of this section shall be refunded proportionately to the persons from whom they were collected; or

(2) The Council, with the approval of the Secretary, may carry over excess funds into subsequent fiscal periods as reserves: *Provided*, That funds already in reserves do not equal approximately three fiscal years' expenses. Such reserve funds may be used:

(i) To defray expenses during any fiscal period prior to the time assessment income is sufficient to cover such expenses;

(ii) To cover deficits incurred during any fiscal period when assessment income is less than expenses;

(iii) To defray expenses incurred during any period when any or all provisions of this part are suspended or are inoperative; and

(iv) To cover necessary expenses of liquidation in the event of termination of this part.

(b) Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate. To the extent practical, such funds shall be returned pro rata to the persons from whom such funds were collected.

(c) All funds received by the Council pursuant to the provisions of this part shall be used solely for the purposes specified in this part and shall be accounted for in the manner provided for in this part. The Secretary may at any time require the Council and its members to account for all receipts and disbursements.

(d) Upon the removal or expiration of the term of office of any member of the Council, such member shall account for all receipts and disbursements and deliver all property and funds in their possession to the Council, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the Council full title to all of the property, funds, and claims vested in such member pursuant to this part.

(e) The Council may make recommendations to the Secretary for one or more of the members thereof, or any other person, to act as a trustee for holding records, funds, or any other Council property during periods of suspension of this subpart, or during any period or periods when regulations are

not in effect and if the Secretary determines such action appropriate, he or she may direct that such person or persons shall act as trustee or trustees for the Council.

§ 986.65 Marketing policy.

By the end of each fiscal year, the Council shall make a report and recommendation to the Secretary on the Council's proposed marketing policy for the next fiscal year. Each year such report and recommendation shall be adopted by the affirmative vote of at least two-thirds ($\frac{2}{3}$) of the members of the Council and shall include the following and, where applicable, on an inshell basis:

- (a) Estimate of the grower-cleaned production and handler-cleaned production in the area of production for the fiscal year;
- (b) Estimate of disappearance;

A California Date Administrative Committee consisting of nine members is hereby established to administer the terms and conditions of this part. For each member there shall be an alternate member, and the provisions of this part applicable to the number, nomination, qualification and selection of members shall apply in like manner to alternate members. Three of the members, referred to in this part as "producer members", shall be producers or officers or employees of producers, and shall not be handlers, or directors, officers, or employees exercising a supervisory or managerial function of a handler. The six remaining members, referred to in this part as "producer-handlers", shall be selected from (a) handlers, or directors, officers or employees of a handler, or (b) producers who are also handlers or directors, officers or employees exercising a supervisory or managerial function of a handler. The Committee, with the approval of the Secretary, may issue rules and regulations covering matters of eligibility for producer members, or revising the composition of the Committee prescribed in this section if it no longer is representative following a substantial change in the industry.

[43 FR 4251, Feb. 1, 1978]

§ 987.23 Term of office.

The term of office for members and alternate members shall be three years beginning August 1, except that such term may be shorter if the Committee composition is changed in the interim pursuant to § 987.21. *Provided*, That the terms of office of all members and alternates currently serving at the time

§ 987.24 Nomination and selection.

(b) Opportunity shall be provided producers and handlers to nominate individuals to serve on the Committee by establishing a day for polling and also for casting absentee ballots. Persons will only be able to vote in nominations for the group in which they would be qualified to serve on the Committee, and shall nominate the applicable number of individuals for the positions prescribed pursuant to § 987.21. Each producer, regardless of the number and locations of his date gardens, voting in the nominations for producer members and producer alternate members, shall be entitled to one vote for each member and alternate member position to be filled. The individual receiving the highest number of votes for a position shall be the nominee. Each person voting in the nominations for producer-handler members and producer-handler alternate members, shall be given the opportunity to vote for one member and one alternate member position. His ballot shall be weighted by the pounds of dates he had certified as marketable dates, from the beginning of the then current crop year through April which he produced in his own gardens or acquired from other producers. The individual receiving the highest weighted vote for a producer-handler position shall be the nominee. The Committee, with the approval of the Secretary, may issue rules and regulations on the manner in which nominees for a position may be obtained, polling, balloting, absentee ballots, and the weighting of votes for producer-handler positions when the Committee is restructured during a term of office.

If the vacancy is for a member position, the Committee shall recommend appointment of the alternate member if that person is willing to serve in that position. If the Committee's recommendation is not submitted within 30 calendar days after such vacancy occurs, the Secretary may fill such vacancy without regard to nominations, and the selection shall be made on the basis of representation provided in § 987.21.

In the event a member and his alternate are unable to attend a meeting of the Committee, such member or alternate, in that order, may designate an alternate from the group he represents to act in his place. If neither a member nor his alternate has

§ 987.28

MARKETING POLICY

§ 987.34 Development.

As early as practicable, but no later than October 31, the Committee shall prepare and submit to the Secretary, a report setting forth its marketing policy, including data on which it is based, by variety, for regulation of dates in the crop year.

(a) The committee shall consider such factors as:

(3) The handler carryin on October 1 of dates of those qualities;

(4) The estimated trade demand in each outlet during the crop year; and

(5) The desirable carryout, by outlet.

(b) If dates to be handled as free dates are not synonymous with those to be handled in DAC outlets, the Committee shall consider such additional factors as:

(1) The supply of marketable dates that will be available from the estimated production, and from the October 1 carryin, that could be used as free dates, and

(2) The estimated trade demand for free dates during the current crop year, and the desirable carryout for free dates.

(c) The Committee shall submit its recommendation as to grade, size, and container regulations and its recommendation whether free and restricted percentages should be established and if so, the free and restricted

§ 987.36 Notice.

The Committee shall give notice through newspapers having general circulation in the area of production or by other means of communication to producers and handlers of the contents of each marketing policy report submitted to the Secretary and of each report modifying such marketing policy. Copies of all such reports shall be maintained in the office of the Committee where they shall be available for examination by producers and handlers.

§ 987.38 Handlers of record.

Those reports required to be filed by October 10 shall reflect producers who are signed up with the handlers as of October 1 of the then current crop year. The Committee, with the approval of the Secretary, may issue rules and regulations to carry out the provisions of this section.

GRADE REGULATION

§ 987.39 The establishment of minimum standards.

In order to effectuate the declared policy of the act, all dates handled as marketable dates shall meet the requirements of U.S. Grade C, or if for further processing, U.S. Grade C (Dry) of the effective U.S. Standards for Grades of Dates, 7 CFR 52.1001: *Provided*, That the Secretary, may upon recommendation of the Committee, prescribe other minimum standards of grades and sizes for marketable dates of any variety to be handled in any designated outlet. To aid the Secretary in prescribing such other minimum standards, the Committee shall furnish to the Secretary the data upon which it acted in recommending such standards. The provisions hereof relating to minimum standards of grades and sizes for marketable dates and inspection requirements, within the meaning of section 2(3) of the act, and any other provisions relating to the administration and enforcement thereof shall continue in effect irrespective of whether the season average price to producers for dates is or is not in excess of the parity level specified in section 2(1) of the act. Notice of the minimum standard regulation shall be sent by the Committee to all handlers of record. On and after the effective date of such regulations no handler shall handle dates except in accordance with such minimum standard.

[32 FR 12596, Aug. 31, 1967, as amended at 43 FR 4252, Feb. 1, 1978]

§ 987.40 Additional grade or size regulations.

Whenever the Committee deems it advisable to establish grade or size requirements for any variety of dates, in addition to the minimum standard provided pursuant to § 987.39, to govern dates of such variety to be handled in any designated outlet or to be withheld to meet withholding obligation, or both, it shall recommend to the Secretary requirements as to grade based on the effective United States Standards for Grades of Dates or any modification thereof, and such size requirements as it may deem appropriate. If the Secretary finds, upon the basis of

Agricultural Marketing Service, USDA

§ 987.44

such recommendation or other information available to him, that such additional grade or size regulation, or both such regulations, will tend to effectuate the declared policy of the act, he shall establish such regulations. Notice thereof, showing the effective date, shall be sent by the Committee to all handlers of record. On and after the effective date no handler shall handle dates of such variety in any designated outlet or withhold such dates to meet withholding obligation except in accordance with such regulations.

[27 FR 6818, July 19, 1962, as amended at 43 FR 4252, Feb. 1, 1978]

§ 987.41 Inspection.

(a) *Packed dates.* Prior to handling any dates packed for handling each handler shall, at his own expense, cause:

(1) An inspection to be made of such dates in order to ascertain if such dates meet the applicable grade and size regulations prescribed or provided for in this part; and

(2) A certification for handling to be made of all such dates as meet such grade and size regulations.

(b) *Dates for further processing.* Prior to handling any dates for further processing each handler shall, at his own expense, cause: (1) An inspection to be made to ascertain if such dates meet the applicable grade and size requirements effective pursuant to § 987.39 or § 987.40, except for character associated with moisture; and (2) a certification for further processing to be made of all such dates as meet such grade and size requirements: *Provided*, That such inspection and certification requirements shall not apply to inter-handler transfers within the area of production of field-run dates or graded dates.

(c) *Identification and service.* All dates handled shall be identified by seals, stamps, or other means prescribed by the Committee and affixed to the containers by the handlers under the supervision of the Committee or the designated inspectors. Inspection shall be performed by inspectors of the United States Department of Agriculture's Processed Products Standardization and Inspection Branch or such other inspection service as may be recommended by the committee and ap-

proved by the Secretary. Handlers shall cause a copy of each inspection certificate to be furnished to the Committee.

VOLUME REGULATION

§ 987.43 Outlets and specifications for marketable dates.

Marketable dates shall not be handled or otherwise disposed of except as provided in this subpart. This shall not preclude dates of better grades or sizes being handled or otherwise disposed of in any outlet established for dates of lesser grades or sizes. The Committee, with the approval of the Secretary, may modify the designations specified in § 987.12 to reflect new major outlets and regulatory requirements needed because of changes in marketing conditions. Marketable dates shall include but not be limited to the following: DAC dates, Dates for further processing, Export dates, and Product dates.

[43 FR 4252, Feb. 1, 1978]

§ 987.44 Free and restricted percentages.

(a) Whenever the Committee finds that the available supply of marketable dates of applicable grade and size available to supply the trade demand for free dates of any variety is likely to be excessive, and that limiting the volume of marketable dates to be handled as free dates through establishment of free and restricted percentages applicable to such variety of such dates would tend to effectuate the declared policy of the act, it shall recommend such percentages to the Secretary. If the Secretary finds, upon the basis of the Committee's recommendation and supporting data or other information available to him, that the establishment of such percentages would tend to effectuate the declared policy of the act, he shall establish such percentages. The sum of the free and restricted percentages for any crop year shall equal 100 percent.

(b) The dates handled by any handler in accordance with the provisions hereof shall be determined to be that handler's quota fixed by the Secretary

§ 987.45

7 CFR Ch. IX (1-1-20 Edition)

within the meaning of section 8a(5) of the act.

[27 FR 6818, July 19, 1962, as amended at 43 FR 4252, Feb. 1, 1978]

§ 987.45 Withholding restricted dates.

(a) Whenever free and restricted percentages for any variety of dates have been established for a crop year by the Secretary in accordance with § 987.44, each handler shall, at the time of having dates of such variety certified for handling as free dates (including those for further processing that are to be handled as free dates), withhold from handling a quantity of marketable dates of such variety having a weight equal to the restricted percentage for such variety referable to the dates so far certified. The withholding requirement shall not apply to dates certified for delivery directly to an excess supply removal program of the Secretary. The weight required to be withheld shall be determined by dividing the restricted percentage by the free percentage and applying the resultant withholding factor, rounded to the nearest one-tenth of one percent, to the weight of dates so certified. The withholding factor, computed as aforesaid, shall be established by the Secretary. When pitted dates are certified, the weight to be withheld shall be determined by dividing the weight of the pitted dates certified for handling or further processing by a divisor established by the Committee with the approval of the Secretary and applying the withholding factor.

(b) Compliance by any handler with the withholding of restricted dates may be deferred to any date not later than January 31 of any crop year, upon request to the Committee and when accompanied by a written undertaking that on or prior to such date, he will have fully satisfied his withholding obligation. Such undertaking shall be secured by a bond or bonds to be filed with, and acceptable to, the Committee and with a surety or sureties acceptable to the Committee, running in favor of the Committee and the Secretary in an amount conditioned upon full compliance with such undertaking. The amount shall be determined by multiplying the poundage of the deferred restricted obligation by a bond-

ing rate per pound which would provide funds estimated to be sufficient for the Committee to purchase on the open market a volume of dates equivalent to the deferred obligation. Such bonding rate shall be established annually, and modified as necessary, by the Committee. Any sums collected through default by a handler on his bond shall be used by the Committee to purchase dates to meet the violated restricted obligation, reimburse the Committee for expenses relative to the default, and any excess money remaining shall be refunded to the defaulting handler. The dates so purchased by the Committee shall be turned over to the defaulting handler for disposition as restricted dates. In the event the Committee is unable to purchase a poundage of dates equal to the defaulted volume, the sums collected shall, after reimbursement of Committee expenses in connection with the default, be distributed among all handlers other than the defaulting handler in proportion to the volume of certified dates handled as free dates (including those for further processing that were handled as free dates), during the crop year in which the default occurred.

(c) At any time during the crop year free dates may be inspected and certified for handling or for further processing as provided in § 987.41. Dates so certified shall, at the time of certification, be identified by appropriate seals, stamps, or tags to be furnished by the Committee and to be affixed to the containers by the handler under the direction and supervision of the Committee or its designated inspectors. The assessment requirements in § 987.72 as well as the withholding obligation prescribed in paragraph (a) of this section shall be met at the time of certification. However, a handler who has had more free dates certified for handling or further processing than he subsequently shipped or otherwise handled may, upon request to the Committee and with its approval, have any of such excess quantity of the certified dates suspended from certification of record or, if damaged or the outlet changed, removed from certification, and his withholding and assessment obligations adjusted accordingly. A handler, who has had dates certified for

handling or further processing and has not had them so suspended from certification of record or removed from certification, may carry such certified free dates over into the new crop year and need not pay the assessment nor meet the requirements of any withholding percentages established for such year.

(d) Dates withheld to meet the withholding obligation shall be stored at the expense of the handler, in storage of his own choosing and disposed of in accordance with § 987.55. All such dates shall be inspected and identified by appropriate seals, stamps, or tags to be furnished by the Committee and to be affixed to the containers by the handler under the direction and supervision of the Committee or its designated inspectors. All withholding and movement of restricted dates, shall be subject to the supervision and accounting control of the Committee and reports shall be filed as required by this part. Any handler who during a crop year disposes in restricted outlets of a quantity of marketable dates in excess of his withholding obligation of such year may: (1) On written request delivered to the Committee not later than September 30 of such crop year have a part or all of such excess transferred, by the Committee, to such other handler or handlers as he may name, for crediting such other handlers' withholding obligations incurred in that crop year; and in addition (2) have a part or all of the remainder of such excess credited to his restricted obligation of the subsequent crop year: *Provided*, That the amount of any such credit shall not exceed that established by the Committee, with the approval of the Secretary, as the percentage of such withholding obligation.

(e) On request to the Committee and with its approval, a handler may, in accordance with the provisions of this paragraph and any applicable rules and regulations which the Committee may prescribe with the approval of the Secretary, defer until any date not later than September 30 of the crop year the meeting of any portion of his obligation to withhold restricted dates by setting aside such amount of graded dates as will assure a quantity of marketable dates equal at least to the

quantity needed to be withheld to meet his withholding obligation. With respect to any such dates the handler may set aside in connection with such a deferment, the Committee may require, if it deems it necessary, the handler to have made, at his own expense, such inspection as may be necessary for a determination as to whether such dates conform to the applicable requirements for dates that may be set aside under this paragraph. As a condition to the Committee approving the deferment, the handler shall agree in writing that:

(1) He will adequately mark and identify the set-aside graded dates as such and hold them separate and apart from other dates;

(2) The graded dates will not be removed from the stacks in which so set aside without the prior written permission of the Committee;

(3) Inspection of the dates by the Committee will be permitted at any reasonable time; and

(4) If the quantity, quality, or size of the set-aside dates is found by the Committee at any time to be deficient, the handler will promptly set aside such additional or substitute quantity of graded dates as is necessary to correct the deficiency.

(f) Upon the Committee prescribing, with the approval of the Secretary, minimum standards for inspection of field-run dates and appropriate administrative rules and regulations, a handler may, in accordance therewith and the provisions of this paragraph, satisfy all or any part of his obligation to withhold restricted dates by setting aside field-run dates or by disposing of field-run dates in outlets prescribed in, or pursuant to, § 987.56. The field-run dates shall be of such quality or size as shall be prescribed in such rules and regulations. The setting aside, direct disposal, and disposal of any field-run dates set aside shall occur prior to September 30 of the crop year in which the withholding obligation occurs. Prior to the disposal or setting aside of the field run dates, the handler shall have had them inspected to determine the weight of dates eligible to satisfy withholding obligation. Upon such disposal or setting aside of the field-run dates,

§ 987.46

the handler shall be credited with satisfaction of his restricted obligation to the extent of the eligible weight of dates. In permitting the handler to so satisfy his withholding obligation the Committee shall require the handler to agree in writing that:

(1) Any field-run dates set aside will be held separate and apart from other dates and appropriately marked;

(2) Such dates will not be removed from the stacks in which so set aside for substitution of other dates, disposition, or for any other reason without prior written permission of the Committee; and

(3) Inspection of said dates by the Committee will be permitted at any reasonable time. In order to satisfy a withholding obligation by direct disposal of field-run dates into cull outlets, the disposal shall be under the supervision of the Committee and through persons on a Committee approved list of feeders and manufacturers. The handler may, upon giving prior notice to the Committee of any of the following proposed actions with respect to field-run dates withheld and obtaining its approval, (i) dispose of any such set-aside, field-run dates in the same manner as provided for direct disposal (ii) grade such dates and have the graded dates certified as marketable dates and withhold or dispose of such marketable dates as restricted dates, or (iii) substitute for the set-aside, field-run dates an equivalent quantity of marketable dates which he shall withhold or dispose of as restricted dates.

§ 987.46 Revisions of percentages.

The Secretary may, on recommendation of the Committee submitted prior to January 31 of the crop year, or on the basis of other information available to him, increase the free percentage to conform with such new relation as may be found to exist between trade demand for free dates and available supply of marketable dates of applicable grade and size. Upon any revision in the free and restricted percentages the control obligation of each handler with respect to free dates handled or cer-

tified for handling or for further processing by him for the entire crop year shall be recomputed in accordance with such revised control percentages. The handler shall be permitted to select, insofar as practicable, under the supervision and direction of the Committee, the particular dates to be removed from any dates withheld.

§ 987.47 Surplus.

All cull dates and all substandard dates, including such dates blended with varieties within the generic term *dates* not regulated by this part, except any utility dates released to human consumption outlets pursuant to § 987.56, are surplus dates of any crop year. No handler shall ship or deliver such surplus dates to other than the Committee or its designee(s) for disposition in eligible outlets for such dates, except that any producer or handler may dispose of any such surplus dates of his own production within his own livestock feeding operations. Surplus dates delivered to the Committee shall be disposed of by it, in those outlets specified in § 987.56, at the best prices attainable and the proceeds returned pro rata, after deduction of Committee costs, to equity holders. The Committee may assist handlers with the cleaning, storage, or delivery of surplus dates and may, with the approval of the Secretary, establish rules and regulations necessary and incidental to administration of this regulation.

CONTAINER REGULATION

§ 987.48 Container regulation.

Whenever the Committee deems it advisable to establish a container regulation for any variety of dates, it shall recommend to the Secretary the size, capacity, weight, or pack of the container, or containers, which may be used in the handling or packaging of dates, or both. If the Secretary finds upon the basis of such recommendation or other information available to him that such container regulation would tend to effectuate the declared policy

of the act he shall establish such regulation and notice thereof showing the effective date shall be sent by the Committee to all handlers of record. After the effective date of such regulation, no handler shall handle dates of such variety except in accordance with such regulation and all other applicable requirements in effect pursuant to this part.

QUALIFICATIONS TO REGULATION

§ 987.50 Application after end of crop year.

Unless otherwise specified the regulations and the bonding rates established for any crop year shall continue in effect with respect to all free dates for which control obligations have not been previously met, until regulations and bonding rates are established for the new crop year. Thereupon the withholding obligations for all free dates handled or certified for handling or for further processing during such crop year shall be adjusted to the newly established percentages and a similar adjustment shall be made in any bond or bonds already given for that crop year.

§ 987.51 Interhandler transfers.

Transfers of dates may be made from one handler to another, and each handler who so transfers any such dates shall immediately upon the completion of the particular transfer notify the Committee of the transfer, specifying the date of the transfer, the quantity and variety of dates involved, and the name of the receiving handler. If such transfer is wholly within the area of production, the assessment and withholding obligations shall be placed on the handler agreeing to assume them: *Provided*, That in the absence of the Committee receiving notice of a specific agreement on such obligations, the buying handler shall be held accountable. If such transfer is from within the area of production to any point outside thereof, the assessment and withholding obligations shall be met by the handler within the area of production. Except for packed dates inspected and certified for handling prior to transfer and which are not repacked,

any receiving handler (other than a repacker not otherwise a handler, who shall comply with § 987.53) shall comply with the requirements of § 987.41 on all dates, but this shall apply to repacked dates previously inspected and certified for handling only if the handler also packs dates received as field-run dates.

[32 FR 12596, Aug. 31, 1967]

§ 987.52 Exemption.

(a) The Committee may exempt from regulation, upon written request of any producer or handler, the dates he sells to consumers through roadside stands, local date shops, mail order or specialty outlets, if it determines that the particular request is not likely to materially interfere with the objectives of this part. All dates handled pursuant to exemptions under this section shall be reported to the Committee in such manner and in such form as the Committee may prescribe. The Committee shall issue, with the approval of the Secretary, appropriate rules and regulations establishing the bases on which exemptions may be granted.

(b) The Committee may, with the approval of the Secretary, recommend that the handling of any date variety be exempted from regulations established pursuant to §§ 987.39 through 987.51 and §§ 987.61 through 987.72.

DISPOSITION OF OTHER THAN FREE DATES

§ 987.55 Outlets for restricted dates.

Restricted dates may be disposed of only through exportation to such countries as the Committee may approve or by diversion in product outlets described in § 987.43 which the Committee concludes to be appropriate and which will result in dates moving into consumption in a form other than that of whole or pitted dates. To facilitate sales and promote orderly marketing of any variety of restricted dates handled in export, the Committee may participate in or negotiate for handlers, the sale of such dates to meet all or a substantial part of the needs of the particular country, and, in connection with each such sale, the Committee shall extend to all handlers an opportunity to participate therein and shall distribute the returns therefrom to participating handlers according to their respective contributions of dates. The Committee, with the approval of the Secretary, may prescribe rules and regulations governing the opportunity to participate in such sales. The provisions of this section shall not preclude restricted dates being disposed of in outlets for utility and cull dates prescribed in § 987.56.

[43 FR 4253, Feb. 1, 1978]

§ 987.56 Outlets for utility and cull dates.

Subject to the provisions of § 987.47, utility dates and cull dates may be disposed of without inspection, but only in feed, non-table syrup, alcohol, or brandy outlets, or in such other outlets for non-human food products as the Committee with the approval of the Secretary, may specify: *Provided*, That whenever the Committee concludes and the Secretary finds that the use of utility dates of any variety in certain products for human consumption would tend to effectuate the declared policy of the act, the Secretary shall specify such products, and dates of such variety that are inspected and certified as utility dates may be disposed of for use, or used, in such products: *And provided further*, That whenever the Committee concludes and the Secretary finds that the disposition of utility

dates of any variety through any export outlet would tend to effectuate the declared policy of the act, the Secretary shall specify such export outlet, and dates of such variety that are inspected and certified as meeting such grade, size, container, and identification requirements as may be prescribed by the Committee with the approval of the Secretary for such outlet may be so exported.

Any person may become an approved manufacturer or feeder if he (1) submits an application to the Committee in which he agrees, as a condition to approval of his application, to furnish to the Committee such information as it may require and to comply with the requirements and restrictions relative to the use and disposition of such dates, as set forth in this part, and (2) receives from the Committee written approval of his application. Such reports shall show such information as the Committee may require and may be in such form as the Committee may prescribe.

§ 987.64 Reports on disposition of restricted, other marketable, utility, and cull dates.

Each handler disposing of any dates pursuant to §§ 987.55 and 987.56 shall promptly thereafter report such dis-

§ 987.65 Other reports.

Upon request of the Committee each handler shall furnish to it in such manner and at such times as it prescribes, such other information as will enable the Committee to perform its duties and exercise its powers hereunder.

§ 987.66 Certification of reports.

All reports submitted to the Committee as required in this part shall be certified to the United States Department of Agriculture and to the Committee as to the completeness and correctness of the information therein.

§ 987.67 Confidential information.

All data or other information constituting a trade secret or disclosing a trade position or business condition shall be received by, and kept in the custody of, one or more designated employees of the Committee and information which would reveal the circumstances of a single handler shall be disclosed to no person other than the Secretary.

For the purpose of checking compliance with record keeping requirements and verifying reports filed by handlers, the Secretary and the Committee, through its duly authorized employees, shall have access to any premises where dates are held and, at any time during reasonable business hours, shall be permitted to examine any dates held and any and all records with respect to matters within the purview of this part. Handlers shall furnish labor necessary to facilitate such examinations at no expense to the Committee. [27 FR 6818, July 19, 1962, as amended at 36 FR 15039, Aug. 12, 1971; 43 FR 4253, Feb. 1, 1978]

EXPENSES AND ASSESSMENTS

§ 987.71 Expenses.

The Committee is authorized to incur such expenses, including maintenance of an operating reserve fund, as the Secretary may find are reasonable and are likely to be incurred by it during each crop year for the maintenance and functioning of the Committee and for such other purposes as he determines to be appropriate. The recommendation of the Committee as to total expenses and allocation thereof for each crop year, together with all data supporting such recommendation, shall be submitted to the Secretary within a reasonable time after the marketing policy for each crop year is recommended.

§ 987.72 Assessments.

(a) *Requirement for payment.* Each handler shall pay to the Committee upon demand, on all dates he has certified as meeting the requirements for marketable dates and utility dates utilized in product outlets including the eligible portion of any field-run dates certified and set aside or disposed of pursuant to § 987.45(f), his pro rata share of all expenses which the Secretary finds are reasonable and likely to be incurred by the Committee during each crop year. Should the condition arise wherein the utility portion of dates handled in certain other outlets should not be, in the opinion of the Committee, subject to the payment of assessments on that portion, the Committee may recommend and the Secretary approve by rulemaking, such exclusion. Each handler's pro rata share shall be the rate of assessment per hundredweight fixed by the Secretary. At any time during or after a crop year the Secretary may increase such assessment rate to secure sufficient funds to cover unanticipated expenses or a deficit in assessable poundage. Any such increase shall apply to all assessable poundage of the crop year. The Committee may accept payments of assessments in advance and may borrow

money in any amount not to exceed 10 percent of the estimated expenses set forth in its budget for the then crop year. The assessment weight of pitted dates shall be determined by dividing the weight of such dates by a divisor established by the Committee with the approval of the Secretary.

(b) *Delinquent payments.* Any assessment not paid by a handler within a period of time prescribed by the Committee may be subject to an interest or late payment charge, or both. The period of time, rate of interest, and late payment charge shall be as recommended by the Committee and approved by the Secretary.

(c) *Surplus expenses.* The Committee is authorized to use temporarily funds derived from assessments collected pursuant to paragraph (a) of this section to defray expenses incurred in disposing of surplus dates. All such expenses shall be deducted from the proceeds obtained by the Committee from such disposal.

(d) *Operating reserve.* The Committee, with the approval of the Secretary, may establish and maintain during one or more crop years an operating monetary reserve in an amount not to exceed the average of one year's expenses incurred during the most recent five preceding crop years, except that an established reserve need not be reduced to conform to any recomputed average. Funds in reserve shall be available for use by the Committee for expenses authorized pursuant to § 987.71.

(e) *Refunds.* Funds held by the Committee at the conclusion of the crop year in excess of the crop year's expenses, including reserve requirements, may be used to defray expenses for no more than the ensuing four months, and thereafter within a reasonable time the Committee shall credit, or upon demand, refund the aforesaid excess to handlers who contributed to such excess: *Provided*, That the excess due any handler may be applied, in whole or in part, by the Committee to any outstanding obligation due the Committee from such handler. A handler's share of the excess funds shall be the amount of assessments he paid in excess of his actual pro rata share of

the expenses, including reserve requirements, of the Committee for the preceding crop year. Upon termination of this subpart any money in possession of the Committee shall be distributed in such manner as the Secretary may direct: *Provided*, That, to the extent practicable, such funds shall be returned pro rata to the persons from whom such funds were collected.

(3) *If enabling legislation is terminated.* The provisions of this part shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

(c) *Proceedings after termination—(1) Designation of trustees.* Upon the termination of the provisions hereof, the members of the Committee then functioning shall continue as joint trustees, for the purpose of liquidating the affairs of the Committee, of all funds and property then in the possession or under the control of the Committee, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(2) *Duties of trustees.* Said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the Committee and the joint trustees, to such person as the Secretary may direct; and shall, upon request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such persons full title and right to all funds, property, and claims vested in the Committee or the joint trustees pursuant hereto.

§ 987.102 Lot number.

Lot number is synonymous with code and means a combination of letters or numbers, or both, acceptable to the Committee, showing at least the date of packing, the variety, and the outlet category of the dates. IDENTIFICATION AND OUTLET
SPECIFICATIONS**§ 987.112 Identification of dates.**

(a) *General.* Prior to applying the markings required by this section, each handler shall remove or delete from each container all former identifying marks which conflict with those applicable to the dates currently in the container. Dates of each outlet category shall be held, stored, or shipped in a manner to preserve their identity. Except as provided in paragraph (d) of this section, the markings on the containers shall be not less than five-sixteenths ($\frac{5}{16}$) inch in height on containers exceeding 5 pounds net weight and not less than one-eighth ($\frac{1}{8}$) inch in height on smaller containers. All markings shall be legible.

(b) *DAC dates.* Each handler shall mark every shipping or storage container (excluding subcontainers) of DAC dates with his name or that of the distributor for whom the handler is packing, and the lot number. Under the supervision of the inspection service every container shall be marked with the date of inspection, the name or insignia of the inspection service, and the letters "DAC".

(c) *FP dates.* Each handler shall mark every shipping or storage container (excluding subcontainers) of FP dates with his name or that of the distributor for whom the handler is packing, and the lot number. (d) *Export dates.* Each handler shall mark every shipping or storage container (excluding subcontainers) of Export dates with his name or that of the exporting firm, and the lot number. If the dates, including fieldrun dates with cull dates removed, are certified as meeting the grade and size requirements for export to approved countries other than Mexico, the containers shall be marked "Export". Dry dates for processing packed for shipment to approved countries shall be marked "Export Dry". Dates packed for export to Mexico shall be marked "Export Mexico". However, "Export Mexico" shall

be in letters not less than three-fourths ($\frac{3}{4}$) inch in height on containers exceeding 5 pounds net weight, and not less than one-eighth ($\frac{1}{8}$) inch in height on smaller containers. DAC dates and FP dates, marked pursuant to paragraphs (b) and (c), respectively, of this section, may be exported without change of marking.

(e) *Product and utility dates.* Each handler shall mark every shipping or storage container (excluding subcontainers) of Product dates, or Utility dates when approved for use in products, with the lot number and, if for shipment outside the area of production, with the word *Product* or *Utility*, as applicable. Whenever a handler, or an approved date product manufacturer, utilizes a procedure that maintains the identity of the lot and assures that the dates will be used in products or exported, the Committee may waive the requirements of this paragraph for that lot.

(f) *Unidentified dates.* If a handler loses the identity of any lot of dates previously inspected and certified as marketable dates, the certification as to such lot shall be void.

[43 FR 28436, June 30, 1978]

§ 987.112a Grade, size, and container requirements for each outlet category.

(a) In lieu of the minimum standards prescribed in § 987.39, the following standards are prescribed as the minimum grades and sizes for marketable dates to be handled in the applicable outlets. These standards shall continue in effect irrespective of whether the season average price to producers for dates is or is not in excess of the parity level specified in section 2(1) of the act.

(b) *DAC dates.* (1) All varieties of DAC dates may be handled in the United States, Canada, or any other outlet established for dates of lesser grades or sizes.

(2) DAC dates of any variety shall at least meet the requirements of U.S. Grade B, except that up to 25 percent, by weight, of the dates may possess semi-dry or dry calyx ends, but not more than 5 percent, by weight, of the dates may possess dry calyx ends. Also, with respect to whole dates of the Deglet Noor variety, the individual

dates in the sample from the lot shall weigh at least 6.5 grams, but up to 10 percent, by weight, may weigh less than 6.5 grams, except beginning February 21, 1997, and ending October 31, 1997, the 10 percent tolerance shall be increased to 15 percent. These size requirements are in addition to, and do not supersede, the requirements as to uniformity of size prescribed in the grade standards.

(3) DAC dates of any variety, when packed in plastic containers, other than bags and master shipping containers, shall contain a net weight (i) for whole dates, of either eight ounces, twelve ounces, 1 pound 8 ounces, or two pounds or more, and (ii) for pitted dates, of either seven ounces, ten ounces, one pound, one pound eight ounces, or two pounds or more. DAC dates packed in other than plastic containers may be handled without regard to the net weight content. For the purpose of this subparagraph, *plastic container* means any containers of any shape made from plastic and in which dates are packed without the use of cardboard boats, trays, or other like stiffening material: *Provided*, That DAC dates shipped for sale in Canada in plastic containers are exempt from the net weight requirements of this subparagraph.

(4) The California Date Administrative Committee may designate with the approval of the Secretary such other types and sizes of containers for testing in connection with a research project conducted by or in cooperation with the Committee. The time period and the quantity of dates which may be marketed by handlers during that period shall be designated by the Committee for each market research project. The handling of each lot of dates in such test containers shall be subject to the prior approval, and under the supervision, of the Committee.

(c) *Dates for further processing.* (1) Except as provided in § 987.152(b)(1), all varieties of FP dates may be disposed of only (i) to persons in the United States capable of processing and packing the dates and having them certified as DAC dates, or (ii) exported to the countries designated in paragraph (d)(2) of this section.

(2) FP dates of any variety shall at least meet the requirements of U.S. Grade B (dry). Also, with respect to whole dates of the Deglet Noor variety, the individual dates in the sample from the lot shall weigh at least 6.5 grams, but up to 10 percent, by weight, may weigh less than 6.5 grams, except beginning February 21, 1997, and ending October 31, 1997, the 10 percent tolerance shall be increased to 15 percent. These size requirements are in addition to, and do not supersede, the requirements as to uniformity of size prescribed in the grade standards.

(d) *Export dates.* (1) Dates of any variety identified as “Export” dates and inspected and certified as meeting the requirements of this subparagraph may only be exported to any country except Canada. Such dates shall at least meet the requirements of U.S. Grade C: *Provided*, That Deglet Noor dates shall score not less than 31 points for character and 24 points for absence of defects but up to 40 percent, by weight, of the dates may be damaged by broken skin.

(2) *Export of dry dates.* Dates of any variety identified and certified as meeting the requirements of this subparagraph only may be exported to the following designated date producing and processing countries in North Africa: Morocco, Algeria, Tunisia, Libya,¹ Egypt, and Sudan; the following date processing and consuming countries north of the Mediterranean Sea: Spain, France, Belgium, West Germany, Italy, France, Greece, and the Netherlands; and the following date processing and consuming country in Asia: Japan. Such dates shall at least meet U.S. Grade C (dry) except for defects removable by washing: *Provided*, That Deglet Noor dates shall score not less than 31

¹Executive Order 12543 of January 7, 1986 (51 FR 875), prohibits trade and certain transactions involving Libya, and is applicable to exports of dates under this marketing order as long as the executive order is in effect. That order, among other things, prohibits the exports to Libya of any goods, technology (including technical data or other information) or services from the United States, except publications and donations of articles intended to relieve human suffering, such as food, clothing, medicine and medical supplies intended strictly for medical purposes.

points for character and 24 points for absence of defects but up to 40 percent, by weight, of the dates may be damaged by broken skin.

(3) Dates of any variety identified as "Export—Mexico" and inspected and certified as at least meeting the requirements of U.S. Grade C may be exported only to Mexico. No dates shall be exported to Mexico unless the handler certifies to the Committee and the U.S. Department of Agriculture, on CDAC Form No. 11(a), which shall be submitted to the Committee, that the importing buyer has agreed that such dates will not reenter the United States or be shipped to Canada. The form shall show the identity of the handler, the trucker, the importer, the destination of the dates, the location of the border-crossing station, and such other information as the Committee deems appropriate to perform its duties and exercise its powers under this part.

(4) Whenever field-run dates of any variety are authorized for export to any country, each lot shall consist of at least 85 percent, by weight, of sound dates. *Sound dates* means individual dates which are at least U.S. Grade C in character and are free of the defects—other than those removable by washing—scored to determine the point requirement applicable to their intended destination.

(5) Dates meeting the grade and size requirements of this paragraph may be disposed of in outlet categories established for dates of lesser grades and sizes.

(e) *Product dates.* (1) Dates of any variety identified as "Product" dates and inspected and certified as at least meeting the requirements of this paragraph may be disposed of by handlers for use or used by them in the production of table syrup, rings, chunks, pieces, butter, paste, and macerated dates or other products approved by the Committee. If the handler does not use the dates in products, he may sell them to: (i) Other handlers within the area of production for conversion into products, or (ii) to date product manufacturers approved by the Committee regardless of their location. Once the dates have been converted from their whole or pitted form, they may be

shipped to any market in the United States, Canada, or foreign country.

(2) Product dates of any variety and identified as "Product" shall meet the requirements of U.S. Grade C, except that mashing and mechanical injury not affecting eating quality shall not be considered in determining the defect factor.

(f) *Change of outlet.* A handler may change the outlet category for any lot of dates: *Provided*, That prior to such change, the handler files a completed CDAC Form No. 1(a) and a new inspection certificate with the Committee. If the grade and size requirements of the new outlet category are the same as or less than the requirements of the outlet category previously intended, only a condition inspection is required. If the grade and size requirements of the new outlet category are greater, a complete inspection is required. The handler shall change the marking on the containers to conform with the identification requirements prescribed in § 987.112 for the new outlet.

(g) *Deteriorated dates.* Any marketable dates which deteriorated in quality so that they are either utility or cull dates may be disposed of only in the applicable outlets for such dates or they may be reconditioned and upon reconditioning, the modified lot may be reinspected and recertified, as applicable.

[43 FR 28437, June 30, 1978]

VOLUME REGULATION

§ 987.145 Withholding obligation.

(a) *Satisfying the withholding obligation.* Any handler may satisfy all or part of his withholding obligation for any variety of dates for which free and restricted percentages have been established by having an adequate quantity of that variety inspected and certified as meeting the applicable grade, size, and container requirements prescribed by the Committee for any approved restricted date outlet.

(b) *Credit for excess disposition in restricted outlets.* Disposition of marketable dates in restricted outlets in excess of a handler's withholding obligation may be: (1) Transferred pursuant to § 987.45 upon such handler filing a completed CDAC Form No. 14 with the Committee, or (2) credited to the handler's withholding obligation of the following crop year so long as the excess disposition exceeds 199 pounds. However, the quantity so credited shall never exceed 40 percent of the handler's withholding obligation of the crop year in which the excess disposition occurred and 100 percent of the withholding obligation incurred by him during October through December of the crop year following the crop year in which such excess disposition occurred. All such crediting or accumulation shall be contingent upon the Committee receiving, in due course, confirmation that the dates were disposed of in eligible restricted outlets. With respect to exports, the withholding credit shall be granted upon the Committee receiving notification from the inspection service, and in due course a copy of the on board bill of lading or other documentary evidence satisfactory to the Committee.

(c) *FP dates.* Withholding obligations on FP dates shall be based on the weight of such dates when they are inspected and certified. However, if such dates are subsequently processed and packed within the area of production, the withholding obligation shall be adjusted to reflect any increase in weight.

(d) *Dates for deferment of withholding.* Any handler may defer his certification and withholding or disposition of restricted dates by pledging a comparable volume of graded or field-run dates as a surety that he will meet his withholding obligation at a later date. Such deferment shall not be effective until: (1) The handler files with the Committee a CDAC Form No. 12 to set aside graded dates or CDAC Form No. 13 to set aside field-run dates; and (2) the pledged dates are set aside as a lot and identified by the handler as "Restricted" and as "Graded" or "Field-Run", as appropriate, and as to the number of containers, the date of set-aside and whether or not the dates

have been inspected. If the handler sets aside field-run dates or disposes of field-run dates in outlets prescribed in or pursuant to § 987.56 to obtain withholding credit for the sound date portion in the lot, the field-run dates shall meet the requirements prescribed in paragraph (f) of this section for eligible field-run dates, as determined by the inspection service.

(e) *Identification of restricted dates.* Any lot of restricted dates not immediately disposed of through exportation to countries approved by the Committee or directed to approved product outlets shall be stored as a lot separate from all other dates and in a specified location with a USDA inspection service tag marked "Restricted".

(f) *Field-run dates.* Field-run dates set aside for the purpose of deferring or meeting any part or all of a withholding obligation shall consist of at least 70 percent, by weight, of sound dates but may contain 10 percent, by weight, of cull dates of which not more than 5 percent may be hidden culls—i.e., dates with internal defects including souring, mold, fermentation, insect infestation, or foreign material.

(g) *Substitution.* Any handler may, under the direction and supervision of the Committee or the inspection service, substitute for any quantity of restricted dates held by him a like quantity of dates of the same variety and of the same or more recent year's production which have been certified and identified as meeting the requirements for restricted dates.

[43 FR 28437, June 30, 1978]

SURPLUS

§ 987.147 Surplus.

(a) *General.* Surplus dates delivered to the Committee pursuant to § 987.47 shall be pooled for sale to livestock feeders, distillers, or manufacturers of inedible products: *Provided*, That if any portion of the deliveries differs sufficiently to require separate handling, and earn a different average return, such portion shall be handled as a separate pool. The income from sale of surplus, after deduction of committee expenses, shall be paid to the respective equity holders in the pool or pools, or

§ 987.151

to their assignees, on the basis of the weight of dates each delivered.

(b) *Delivery.* The Committee may refuse delivery of any surplus dates which it determines are excessively soured, fermented, or adulterated by palm debris, rocks, paper, wood, plastic liners, or other foreign material. If the Committee refuses delivery, the deliverer shall be permitted to clean such dates sufficiently to make them acceptable to the Committee. The weight of each accepted delivery shall be that determined by a public weightmaster or, in the absence of such weight, that determined by the Committee on the basis of the number and size of the containers used in the delivery. Upon delivery of surplus dates to the Committee, the deliverer, or a designee of the Committee shall execute CDAC Form SP-1, Delivery Manifest, showing:

- (1) The person to receive payment of the net proceeds for the surplus,
- (2) The date and place of loading,
- (3) If field surplus, the location and owner of the garden,
- (4) The type and number of containers loaded or dumped,
- (5) The net weight of the load, and
- (6) If the delivery is directly to a buyer's truck, the driver, truck and buyer.

QUALIFICATION TO REGULATION

§ 987.151 Interhandler transfers.

When any handler transfers dates, other than product dates, to another handler, the selling handler shall promptly notify the Committee by filing with it a completed CDAC Form No. 1 and shall show the name and address of the transferring or selling handler and of the receiving or buying handler, the variety and processed category or classification of the dates, the lot number and inspection certificate number on any lot of packed and certified dates, the number and type of containers, the net weight of the transferred dates, and if applicable, the transferring handler's statement on assuming the withholding and assessment obligation. A transfer of products dates between handlers shall be reported as a disposition by the selling

§ 987.152 Exemption from regulations.

(a) *Producer exemption.* The Committee may permit any producer to sell dates from such producer's own production free of the requirements of §§ 987.41, 987.45, 987.48, and 987.72 when sold directly to consumers through a roadside stand or date shop owned or operated by the producer within 25 miles of the city limits of Indio, California, through shipments by parcel post or express, or by certified producers at certified farmers' markets, as these terms are defined by the State of California. Permission to so sell dates shall be granted only upon the producer filing with the Committee a completed CDAC Form No. 9 wherein the producer describes how the producer plans to sell such dates and agrees to sell only dates of DAC date quality of the producer's own production in direct sales; and to report such sales to the Committee. If the producer fails to comply with this agreement, the Committee may revoke any or all exemptions granted the producer.

(b) *Handler exemptions*—(1) *Specialty sales.* The Committee may permit any handler to sell to health food stores or health food outlets, dates which at least meet the requirements for FP dates. It may permit any handler to sell to a candy manufacturer hand-pitted dates which meet the grade requirements for DAC dates except for size, or damage due to cutting and pitting. Also, it may permit any handler to sell hand-layered dates in tin, wood, plastic, or other type of container exempt from §§ 987.41(a) and 987.48, or to make shipments by common carrier of up to 150 pounds to any one purchaser in any one day exempt from the provisions of § 987.41(a): *Provided*, That the hand-layered dates or the shipment to a single purchaser in any 1 day have been packed from dates certified as meeting the grade requirements for DAC dates and have not been commingled with other dates. Permission to use these exemptions shall be granted only upon the handler filing with the Committee its CDAC Form No. 10

wherein he describes how he plans to sell, and agrees to sell only specific dates and to report such sales.

(2) *Donations.* The Committee may permit any handler to donate marketable dates other than DAC dates to needy persons, prisoners, or Indians on reservations. Before such donation is made, such handler shall file a request for donation with the Committee detailing the quantity and grade of dates involved and the name and address of the intended donee. The donation may be subject to Committee surveillance, verification by written documentation of receipt by the donee, and any other safeguards necessary to assure consumption in these outlets.

§ 987.157 Approved date product manufacturers.

Any person, including date handlers, with facilities for converting dates into products may apply to the committee, by filing CDAC Form No. 3, for listing as an approved date product manufacturer.

(a) The applicant shall indicate on such form: The products he/she intends to make; the quantity of dates he/she may use; the location of his/her facilities; and agree that all dates obtained for manufacturing into products shall be used for that purpose, none shall be resold or disposed of as whole or pitted dates.

(b) As a condition to become an approved date product manufacturer: Each applicant is subject to an inspection of his/her manufacturing plant to verify that proper equipment to convert dates into products is in place and that the plant meets appropriate sanitation requirements; the applicant also shall agree to file a report of the disposition of each lot of dates on the Committee's CDAC Form No. 8 within 24 hours of the transaction, and to file an annual usage and inventory report on CDAC Form No. 4 by October 10 of each year; and an applicant who is also a handler under the order shall be in compliance with the order, including the assessment payment and reporting requirements.

(c) The committee shall approve each such application on the basis of information furnished or its own investigation, and may revoke any approval for cause. The name and address of all approved manufacturers shall be placed on a list and made available to each date handler in Riverside County.

(d) If an application is disapproved, the committee shall notify the applicant in writing of the reasons for disapproval, and allow the applicant an opportunity to respond to the disapproval. When the applicant has complied with all the qualification requirements to become an approved manufacturer, the committee shall notify the applicant in writing of such approval. The applicant's name shall be added to the list of approved manufacturers, which shall be made available to each date handler in Riverside County.

(e) Each approved manufacturer of date products is required to renew their approved manufacturer status with the committee by submitting an updated CDAC Form No. 3 at the end of a crop year, but no later than October 10 of the new crop year. In addition, the approved manufacturer must continue to meet the other approved manufacturer qualification requirements.

(f) In the event an approved date product manufacturer who is also a regulated date handler within the area of production does not remain in compliance with the order, or fails or refuses to submit reports or to pay assessments required by the committee, such date product manufacturer shall become ineligible to continue as an approved date product manufacturer. Prior to making a determination to remove a date product manufacturer from the approved date product manufacturer list, the committee shall notify such manufacturer in writing of its intention and the reasons for removal. The committee shall allow the date product manufacturer an opportunity to respond. In the event that a date product manufacturer's name has been removed from the list of approved date product manufacturers, a new application must be submitted to the committee and the applicant must await approval.

No handler shall receive credit for any allowable direct expenditures that would exceed the total of his assessment obligation which is attributable to that portion of his assessment designated for marketing promotion including paid advertising.

(c) *Criteria.* Before any project involving marketing promotion, including paid advertising, and the crediting of the handler's pro rata expense assessment obligation of handlers is undertaken pursuant to this section, the Secretary after recommendation by the Committee, shall approve appropriate criteria to effectively regulate such activity.

MARKETING POLICY

§ 989.54 Marketing policy.

(a) *Marketing policy.* Each crop year, the Committee shall prepare and submit to the Secretary a report setting forth its recommended marketing policy, including quality regulations for the pending crop. In developing the marketing policy, the Committee may give consideration to the production, harvesting, processing, and storage conditions of that crop, as well as the following factors:

- (1) The estimated tonnage held by producers and handlers at the beginning of the crop year;
- (2) The expected general quality and any modifications of the minimum grade standards;
- (3) The estimated tonnage of standard and off-grade raisins which will be produced;
- (4) An estimated desirable carryout at the end of the crop year;

Agricultural Marketing Service, USDA

§ 989.58

(5) The estimated market demand for raisins, considering the estimated world raisin supply and demand situation;

(6) Current prices being received and the probable general level of prices to be received for raisins by producers and handlers;

(7) The trend and level of consumer income;

(8) Any prohibition of trade practices, pursuant to § 989.62 intended for the crop year; and

(9) Any other pertinent factors bearing on the marketing of raisins including the estimated supply of and demand for other varietal types and regulations applicable thereto.

(b) *Modification.* In the event the Committee subsequently deems it advisable to modify its marketing policy on any crop, because of national emergency, crop failure, or other major change in economic conditions, it shall hold a meeting for that purpose, and file a report thereof with the Secretary within 5 days (exclusive of Saturdays, Sundays, and holidays) after the holding of such meeting, which report shall show such modification and the basis therefor.

(c) *Publicity.* The Committee shall promptly give reasonable publicity to producers, dehydrators, handlers, and the cooperative bargaining association(s) of each meeting to consider a marketing policy or any modification thereof, and each such meeting shall be open to them. Similar publicity shall be given to producers, dehydrators, handlers, and the cooperative bargaining association(s) of each marketing policy report or modification thereof, filed with the Secretary and of the Secretary's action thereon. Copies of all marketing policy reports shall be maintained in the office of the Committee, where they shall be made available for examination by any producer, dehydrator, handler, or cooperative bargaining association representative. The Committee shall notify handlers, dehydrators and the cooperative bargaining association(s), and give reasonable publicity to producers of its computation.

§§ 989.55—989.56 [Reserved]

GRADE, QUALITY, AND CONDITION STANDARDS

§ 989.58 Natural condition raisins.

(a) *Regulation.* No handler shall acquire or receive natural condition raisins which fail to meet such minimum grade, quality, and condition standards as the Committee may establish, with the approval of the Secretary, in applicable rules and regulations: *Provided*, That a handler may receive raisins for inspection, may receive off-grade raisins for reconditioning and may receive or acquire off-grade raisins for use in eligible non-normal outlets: *And provided further*, That a handler may acquire natural condition raisins which exceed the tolerance established for maturity under a weight dockage system established pursuant to rules and regulations recommended by the Committee and approved by the Secretary. Nothing contained in this paragraph shall apply to the acquisition or receipt of natural condition raisins of a particular varietal type for which minimum grade, quality, and condition standards are not applicable or then in effect pursuant to this part.

(b) *Changes in minimum grade, quality, and condition standards for natural condition raisins.* The Committee may recommend to the Secretary changes in the minimum grade, quality, and condition standards for natural condition raisins of any varietal type and may recommend to the Secretary that minimum grade, quality, and condition standards for any varietal type be added to or deleted. The Committee shall submit with its recommendation all data and information upon which it acted in making its recommendation, and such other information as the Secretary may request. The Secretary shall approve any such change if he finds, upon the basis of data submitted to him by the Committee or from other pertinent information available to him, that to do so would tend to effectuate the declared policy of the Act.

(c) *Publicity and notice.* The Committee shall give prompt and reasonable publicity to producer, dehydrators, and handlers of each recommendation submitted by it to the

Secretary and of each regulation issued by the Secretary. Notice of such regulation shall be given to all handlers by registered or certified mail.

(d) *Inspection and certification.* (1) Each handler shall cause an inspection and certification to be made of all natural condition raisins acquired or received by him, except with respect to:

(i) An inter-plant or inter-handler transfer of off-grade raisins as described in paragraph (e)(2) of this section, unless such inspection and certification are required by rules and procedures made effective pursuant to this amended subpart;

(ii) An inter-plant or inter-handler transfer of standard raisins as described in § 989.59(e);

(iii) Raisins received from a dehydrator which have been previously inspected pursuant to paragraph (d)(2) of this section;

(iv) Any raisins for which minimum grade, quality, and condition standards are not then in effect;

(v) Raisins received from a cooperative bargaining association which have been inspected and are in compliance with requirements established pursuant to paragraph (d)(3) of this section; and

(vi) Any raisins, if permitted in accordance with such rules and procedures as the Committee may establish with the approval of the Secretary, acquired or received for disposition in eligible non-normal outlets. Except as otherwise provided in this section, prior to blending raisins, acquiring raisins, storing raisins, reconditioning raisins, or acquiring raisins which have been reconditioned, each handler shall obtain an inspection certification showing whether or not the raisins meet the applicable grade, quality, and condition standards: *Provided*, That the initial inspection for infestation shall not be required if the raisins are fumigated in accordance with such rules and procedures as the Committee shall establish with the approval of the Secretary. The handler shall submit or cause to be submitted to the Committee a copy of such certification, together with such other documents or records as the Committee may require. Such certification shall be issued by inspectors of the Specialty Crops In-

spection Division of the U.S. Department of Agriculture, unless the Committee determines, and the Secretary concurs in such determination, that inspection by another agency would improve the administration of this amended subpart. The Committee may require that raisins held on memorandum receipt be re-inspected and certified as a condition for their acquisition by a handler.

(2) The Committee may, in accordance with rules and procedures established with the approval of the Secretary, authorize handlers to receive or acquire natural condition raisins which have been produced by any dehydrator by dehydrating grapes by artificial means and have been inspected and certified on his premises. In the event there shall have been compliance with Committee requirements, any handler who receives or acquires such inspected and certificated raisins shall be deemed to have satisfied the requirements contained in paragraph (d)(1) of this section with respect to inspection and certification of natural condition raisins received or acquired by him.

(3) The Committee may, in accordance with rules and the procedures established with the approval of the Secretary, authorize handlers to receive or acquire without further inspection and certification, natural condition raisins, standard or off-grade, which have been inspected, certified and held, in compliance with Committee requirements, at a receiving station of a cooperative bargaining association.

(e) *Off-grade raisins.* (1) Any natural condition raisins tendered to a handler which fail to meet the applicable minimum grade, quality, and condition standards may:

(i) Be received or acquired by the handler for disposition, without further inspection, in eligible non-normal outlets;

(ii) Be returned unstemmed to the person tendering the raisins; or

(iii) Be received by the handler for reconditioning. Off-grade raisins received by a handler under any one of the three described categories may be changed to any other of the categories under such rules and procedures as the Committee, with the approval of the Secretary, shall establish. No handler

shall ship or otherwise dispose of off-grade raisins which he does not return to the tenderer, transfer to another handler as provided in paragraph (e)(2) of this section, or recondition so that they at least meet the minimum standards prescribed in or pursuant to this amended subpart, except into eligible non-normal outlets.

(2) Off-grade raisins may be transferred from the plant of the handler where received to another plant of his or to that of another handler within the State of California under such rules and procedures as the Committee, with the approval of the Secretary, shall establish to safeguard the objectives of this part.

(3) Each handler shall, while holding any off-grade raisins, store them separate and apart from other raisins and the off-grade raisins shall be stored in accordance with disposition and reconditioning categories. The Committee with the approval of the Secretary may prescribe rules and procedures for the storage of the raisins.

(4) If the handler is to acquire the raisins after they are reconditioned, his obligation with respect to such raisins shall be based on the weight of the raisins (if stemmed, adjusted to natural condition weight) after they have been reconditioned.

(5) The Committee shall establish, with the approval of the Secretary, such additional rules and procedures as may be necessary to insure adequate control of off-grade raisins, including, but not limited to, the reconditioning of off-grade raisins, the disposition and use of unsuccessfully reconditioned raisins, and the disposition and use of residual matter from reconditioning operations.

(f) *Blending.* No handler shall blend raisins except: (1) Incidental to reconditioning raisins as permitted under rules and procedures established by the Committee, with the approval of the Secretary; (2) blending standard raisins with standard raisins; or (3) blending raisins which meet the minimum grade standards for packed raisins with other raisins which meet such standards.

§ 989.59 Regulation of the handling of raisins subsequent to their acquisition by handlers.

(a) *Regulation.* Unless otherwise provided in this part, no handler shall:

(1) Ship or otherwise make final disposition of natural condition raisins unless they at least meet the effective and applicable minimum grade, quality, and condition standards for natural condition raisins; or

(2) Ship or otherwise make final disposition of packed raisins unless they at least meet such minimum grade quality, and condition standards established by the Committee, with the approval of the Secretary, in applicable rules and regulations or as later changed or prescribed pursuant to the provisions of paragraph (b) of this section: *Provided*, That nothing contained in this paragraph shall prohibit the shipment or final disposition of any raisins of a particular varietal type for which minimum standards are not applicable or then in effect pursuant to this part. *And provided further*, That a handler may grind raisins, which do not meet the minimum grade, quality, and condition standards for packed raisins because of mechanical damage or sugaring, into a raisin paste. The Committee may establish, with approval of the Secretary, different grade, quality, and condition regulations for different markets.

(b) *Changes to minimum grade, quality, or condition standards.* The Committee may recommend changes in the minimum grade, quality, or condition standards for packed raisins of any varietal type and may recommend to the Secretary that minimum grade, quality, or condition standards for any varietal type be added or deleted. The Committee shall submit with its recommendation all data and information upon which it acted in making its recommendation, and such other information as the Secretary may request. The Secretary shall approve any such change if he finds, upon the basis of data submitted to him by the Committee or from other pertinent information available to him, that to do so would tend to effectuate the declared policy of the Act.

(c) *Publicity and notice.* The Committee shall give prompt and reasonable notice to producers, dehydrators, handlers, and the cooperative bargaining association(s) of each recommendation submitted by it to the Secretary and of each regulation issued by the Secretary. Notice of such regulation shall be given to all handlers of record by registered or certified mail.

(d) *Inspection and certification.* Unless otherwise provided in this section, each handler shall, at his own expense, before shipping or otherwise making final disposition of raisins, cause an inspection to be made of such raisins to determine whether they meet the then applicable minimum grade, quality, and condition standards for natural condition raisins or the then applicable minimum standards for packed raisins. Such handler shall obtain a certificate that such raisins meet the aforementioned applicable minimum standards and shall submit or cause to be submitted to the Committee a copy of such certificate together with such other documents or records as the Committee may require. The certificate shall be issued by the Specialty Crops Inspection Division of the United States Department of Agriculture, unless the Committee determines, and the Secretary concurs in such determination, that inspection by another agency will improve the administration of this amended subpart. Any certificate issued pursuant to this paragraph shall be valid only for such period of time as the Committee may specify, with the approval of the Secretary, in appropriate rules and regulations.

(e) *Inter-plant and inter-handler transfers.* Any handler may transfer from his plant to his own or another handler's plant within the State of California any raisins without having had such raisins inspected as provided in paragraph (d) of this section. The transferring handler shall transmit promptly to the Committee a report of such transfer, except that transfers between plants owned or operated by the same handler need not be reported. Before shipping or otherwise making final disposition of such raisins, the receiving handler shall comply with the requirements of this section.

(f) *Disposition of off-grade raisins, other failing raisins, and raisin residual material in eligible non-normal outlets.* Any off-grade raisins, except those returned unstemmed to the tenderer or successfully reconditioned, and any raisin residual material which may be received or acquired by a handler or accumulated by a handler from reconditioning raisins or from processing standard raisins and other failing raisins, shall be disposed of or marketed by the handler, without further inspection, in eligible non-normal outlets: *Provided*, That no packer shall be precluded from recovering raisins from such accumulations or acquisitions: *Provided further*, That whenever the Secretary concludes, on the basis of a recommendation of the Committee, that to specify one or more non-normal outlets as ineligible for any class of such receipts, acquisitions, or accumulations will tend to effectuate the declared policy of the act, he shall specify such ineligible outlets and prohibit the shipment thereto or final disposition therein of such class by handlers as well as the receipt and use thereof by processors: *And provided further*, That no processor who is a distiller shall be precluded from receiving or using for distillation (1) the standard raisins which subsequently fail to meet the said applicable standards, (2) the raisin residual material accumulated from processing standard raisins, or (3) the raisin residual material referable to the standard raisin equivalent recovered in reconditioning; and any handler may ship such raisins and raisin residual material to such processor. The Committee shall establish, with the approval of the Secretary, such rules and procedures as may be necessary to insure adequate control over the off-grade raisins, other failing raisins, and raisin residual material subject to this paragraph. Such rules may include a requirement that the disposition and use of all or any class of off-grade raisins, other failing raisins, or raisin residual material be confined to the area. The provisions of this paragraph are not intended to excuse any failure to comply with all applicable food and sanitary rules and regulations of city, county, State, Federal, or other agencies having jurisdiction.

§ 989.62

(g) *Exemption of experimental and specialty packs.* The Committee may establish, with the approval of the Secretary, rules and procedures providing for the exemption of raisins in experimental and specialty packs from one or more of the requirements of the minimum grade, quality, or condition standards of this section, together with the inspection and certification requirements if applicable.

§ 989.60 Exemption.

(a) Notwithstanding any other provisions of this amended subpart, the Committee may establish, with the approval of the Secretary, such rules and procedures as may be necessary to permit the acquisition and disposition of any off-grade raisins, free from any or all regulations, for uses in non-normal outlets.

(b) The Committee may establish, with the approval of the Secretary, such rules and procedures as may be necessary to exempt from any or all regulations raisins produced in southern California (i.e., the counties of Riverside, Imperial, San Bernardino, Ventura, Orange, Los Angeles, and San Diego) and disposed of for distillation, livestock feed, or by export in natural condition to Mexico.

(c) The Committee may designate such raisins as it deems appropriate for production, processing, and marketing research and development. The period of such designation shall be for not more than five years unless extended by the Committee. The volume which may be acquired by all handlers shall not exceed 500 natural condition tons annually for each designated project, unless increased by the Secretary upon a recommendation of the Committee. Such designated raisins may be acquired and disposed of free from those regulations specified by the Committee. In any crop year, when the total industry acquisitions of the designated raisins exceed 500 natural condition tons or a larger quantity approved by the Secretary upon a rec-

ommendation of the Committee, the exemption shall not apply.

§ 989.61 Above parity situations.

The provisions of this part relating to minimum grade, quality, and condition standards and inspection requirements, within the meaning of section 2(3) of the Act, and any other provisions pertaining to the administration and enforcement of the Order, shall continue in effect irrespective of whether the estimated season average price to producers for raisins is in excess of the parity level specified in section 2(1) of the Act.

TRADE PRACTICES

§ 989.62 Authorization for prohibition of trade practices.

Whenever the Secretary finds, upon recommendation of the Committee or other information, that continuance of certain practices in trade channels would tend to interfere with the achieving of the objectives of this part, he may prohibit handlers from using such practices, for any crop year or portion thereof, in selling raisins in containers exceeding four pounds net weight. The prohibited practices may include:

(a) Any provision within or added to a sales contract, or action or agreement outside such contract, whereby the handler is obligated to reflect declines in market prices of raisins by charging the buyer a subsequent market price in lieu of the sales price specified in the contract.

(b)(1) Any agreement in an undertaking to hold raisins in reserve for possible future delivery to a buyer, or action or agreement outside such undertaking, whereby the handler is obligated to not reflect increases in market prices by charging the buyer a price specified in the agreement.

(2) Prior to any such practices being prohibited in any crop year, the Committee shall recommend, for the approval of the Secretary, such rules and

procedures and such record keeping requirements as are necessary to administer these prohibitions and obtain compliance therewith.

REPORTS AND RECORDS

§ 989.73 Reports.

(a) *Inventory reports.* Each handler shall, upon request of the Committee, file promptly with the Committee a certified report, showing such information as the Committee shall specify with respect to any raisins which were held by him on a date designated by the Committee, which information as specified may include, but not be limited to:

(1) The quantity of any raisins so held, segregated as to varietal type, natural condition, packed, standard quality or off-grade quality; and

(2) The locations of the raisins.

(b) *Acquisition reports.* Each handler shall submit to the Committee in accordance with such rules and procedures as are prescribed by the Committee, with the approval of the Secretary, certified reports, for such periods as the Committee may require, with respect to his acquisitions of each varietal type of raisins during the particular period covered by such report, which report shall include, but not be limited to:

(1) The total quantity of standard raisins acquired;

(2) The total quantity of off-grade raisins acquired pursuant to § 989.58(e)(1)(i); and

(3) Cumulative totals of such acquisitions from the beginning of the then current crop year to and including the end of the period for which the report is made. Upon written application made to the Committee, a handler may be relieved of submitting such reports after completing his packing operations for the season. Upon request of the Committee, each handler shall furnish to the Committee, in such manner and at such times as it may require, the name and address of each person from whom he acquired raisins and the

quantity of each varietal type of raisins acquired from each such person.

(c) Each handler shall file such reports of creditable promotion including paid advertising as recommended by the Committee and approved by the Secretary.

(d) *Other reports.* Upon the request of the Committee, with the approval of the Secretary, each handler shall furnish to the Committee such other information as may be necessary to enable it to exercise its powers and perform its duties under this amended part.

[25 FR 12813, Dec. 14, 1960, as amended at 32 FR 12164, Aug. 24, 1967; 32 FR 18086, Dec. 19, 1967; 48 FR 32978, July 20, 1983; 83 FR 53971, Oct. 26, 2018]

§ 989.75 Confidential information.

All reports and records furnished or submitted by a handler to the Committee shall be received by, and at all times kept under the custody or control of, one or more employees of the Committee, who shall disclose to no person, except the Secretary upon request therefor, data or information obtained or extracted therefrom which would constitute a trade secret or the disclosure of which might affect the trade position, financial condition, or business operations of the particular handler from whom received: *Provided*, That the Committee may require such an employee to disclose to it, or to any person designated by it or by the Secretary, information and data of a general nature, compilations of data affecting handlers as a group, and any data affecting one or more handlers, so long as the identity of the individual handlers involved is not disclosed.

§ 989.76 Records.

Each handler shall maintain such records of all raisins received, and of all raisins acquired, by him as prescribed by the Committee. Such records shall include, but not be limited to, the quantity of raisins of each varietal type acquired from each person and the name and address of each such person, total acquisitions, total sales, and total other disposition of each varietal type which he handles, and each handler shall maintain such records for at least two years after the

termination of the crop year in which the transactions occurred. The Committee, with the approval of the Secretary, may prescribe rules and regulations to include under this section handler records that detail promotion and advertising activities which the Committee may need to perform its functions under § 989.53.

§ 989.77 Verification of reports and records.

For the purpose of checking and verifying reports filed by handlers and records prescribed in or pursuant to this amended subpart, the Committee, through its duly authorized representatives, shall have access to any handler's premises during regular business hours and shall be permitted at any such times to inspect such premises and any raisins held by such handler, and any and all records of the handler with respect to the holding or disposition of raisins by him and promotion and advertising activities conducted by handlers under § 989.53. Each handler shall furnish all labor and equipment necessary to make such inspections. Each handler shall store raisins in a manner which will facilitate inspection, and shall maintain storage records which will permit accurate identification of raisins held by him or theretofore disposed of. Insofar as is practicable and consistent with the carrying out of the provisions of this amended subpart, all data and information obtained or received through checking and verification of reports and records shall be treated as confidential information.

EXPENSES AND ASSESSMENTS

§ 989.79 Expenses.

The Committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by it during each crop year, for the maintenance and functioning of the Committee and for such purposes as he may, pursuant to this subpart, determine to be appropriate. The funds to cover such expenses shall be obtained

levying assessments as provided in § 989.80. The Committee shall file with the Secretary for each crop year a proposed budget of these expenses and a proposal as to the assessment rate to be fixed pursuant to § 989.80, together with a report thereon. Such filing shall be not later than October 5 of the crop year, but this date may be extended by the Committee not more than 5 days if warranted by a late crop.

[83 FR 53971, Oct. 26, 2018]

§ 989.80 Assessments.

(a) Each handler shall pay to the Committee, upon demand, his pro rata share of the expenses which the Secretary finds will be incurred, as aforesaid, by the Committee during each crop year less any amounts credited pursuant to § 989.53. Such handler's pro rata share of such expenses shall be equal to the ratio between the total raisin tonnage acquired by such handler during the applicable crop year and the total raisin tonnage acquired by all handlers during the same crop year.

(b) Each handler who reconditions off-grade raisins but does not acquire the standard raisins recovered therefrom shall, with respect to his assessable portion of all such standard raisins, pay to the Committee, upon demand, his pro rata share of the expenses which the Secretary finds will be incurred by the Committee each crop year. Such handler's pro rata share of such expenses shall be equal to the ratio between the handler's assessable portion (which shall be a quantity equal to such handler's standard raisins which are acquired by some other handler or handlers) during the applicable crop year and the total raisin tonnage acquired by all handlers.

(c) The Secretary shall fix the rate of assessment to be paid by all handlers on the basis of a specified rate per ton. At any time during or after a crop year, the Secretary may increase the rate of assessment to obtain sufficient funds to cover any later finding by the Secretary relative to the expenses of the Committee. Each handler shall pay such additional assessment to the Committee upon demand. In order to provide funds to carry out the functions of the Committee, the Committee may

accept advance payments from any handler to be credited toward such assessments as may be levied pursuant to this section against such handler during the crop year. The payment of assessments for the maintenance and functioning of the Committee, and for such purposes as the Secretary may pursuant to this subpart determine to be appropriate, may be required under this part throughout the period it is in effect, irrespective of whether particular provisions thereof are suspended or become inoperative.

(d) Each handler shall, with respect to administrative assessments not paid within 30 calendar days of the date of the Committee's invoice, pay to the Committee interest on the unpaid assessment at the rate of the prime rate established by the bank in which the Committee has its administrative assessment funds deposited, on the day that the administrative assessment becomes delinquent plus 2 percent; and further, that such rate of interest be added to the bill monthly until the delinquent handler's assessment plus applicable interest has been paid: *Provided*, That the Committee may, with the approval of the Secretary, modify the interest rate applicable to delinquent handler's assessment through the establishment of applicable rules and regulations.

[29 FR 9484, July 11, 1964, as amended at 32 FR 12165, Aug. 24, 1967; 42 FR 37202, July 20, 1977; 48 FR 32978, July 20, 1983; 81 FR 44764, July 11, 2016; 83 FR 53971, Oct. 26, 2018]

§ 989.81 Accounting.

(a) If, at the end of the crop year, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve, as provided in paragraph (a)(2) of this section, it shall be refunded proportionately to the persons from whom collected in accordance with § 989.80; *Provided*, That any sum paid by a person in excess of his or her pro rata share of expenses during any crop year may be applied by the Committee at the end of such crop year as credit for such person, toward the Committee's administrative operations for the following crop year; *Provided further*, That

the Committee may credit the excess to any outstanding obligations due the Committee from such person.

(2) The Committee may carry over such excess funds into subsequent crop years as a reserve; *Provided*, That funds already in the reserve do not exceed one crop year's budgeted expenses as averaged over the past six years. In the event that funds exceed one crop year's expenses, funds in excess of one crop year's budgeted expenses shall be distributed in accordance with paragraph (a)(1) of this section. Such funds may be used:

(i) To defray essential administrative expenses (*i.e.*, staff wages/salaries and related benefits, office rent, utilities, postage, insurance, legal expenses, audit costs, consulting, Web site operation and maintenance, office supplies, repairs and maintenance, equipment leases, domestic staff travel and Committee mileage reimbursement, international Committee travel, international staff travel, bank charges, computer software and programming, costs of compliance activities, and other similar essential administrative expenses) exclusive of promotional expenses during any crop year, prior to the time assessment income is sufficient to cover such expenses;

(ii) To cover deficits incurred during any period when assessment income is less than expenses;

(iii) To defray expenses incurred during any period when any or all provisions of this part are suspended;

(iv) To meet any other such expenses recommended by the Committee and approved by the Secretary; and

(v) To cover the necessary expenses of liquidation in the event of termination of this part. Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate; *Provided*, That to the extent practicable, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) The Committee may, with the approval of the Secretary, maintain in its own name or in the name of its members, a suit against any handler for the

If any provision of this amended subpart is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder of this amended subpart or the applicability thereof to any other person, circumstance, or thing shall not be affected thereby.

§ 989.87 Derogation.

Nothing contained in this amended subpart is, or shall be construed to be,

in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 989.88 Duration of immunities.

The benefits, privileges, and immunities conferred upon any person by virtue of this amended subpart shall cease upon the termination of this amended subpart, except with respect to acts done under and during the existence of this subpart.

§ 989.89 Agents.

The Secretary may, by a designation in writing, name any person, including any officer or employee of the United States Government, or name any bureau or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions of this amended subpart.

§ 989.90 Effective time.

(a) The Secretary may, at any time, terminate the provisions of this amended subpart by giving at least one day's notice by means of a press release or in any other manner which he may determine.

(b) The Secretary shall terminate or suspend the operation of any or all of the provisions of this amended subpart, whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(c) No less than five crop years and no later than six crop years after the effective date of this amendment, the Secretary shall conduct a referendum to ascertain whether continuance of this part is favored by producers. Subsequent referenda to ascertain continuance shall be conducted every six crop

years thereafter. The Secretary may terminate the provisions of this part at the end of any crop year in which the Secretary has found that continuance of this part is not favored by a two-thirds majority of voting producers, or a two-thirds majority of volume represented thereby, who, during a representative period determined by the Secretary, have been engaged in the production for market of grapes used in the production of raisins in the State of California. Such termination shall be announced on or before the end of the crop year.

(d) The Secretary shall terminate the provisions of this amended subpart at the end of any crop year whenever he finds that such termination is favored by a majority of the producers who, during a representative period determined by the Secretary, have been engaged in the production for market of grapes used in the production of raisins in the State of California: *Provided*, That such majority have, during such representative period, produced for market more than 50 percent of the volume of such grapes produced for market within said State; but such termination shall be effective only if announced before July 31 of the then current crop year.

(e) The provisions of this amended subpart shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

(a) Upon the termination of the provisions of this amended subpart, the members of the Committee then functioning shall continue as joint trustees for the purpose of liquidating the affairs of the Committee, of all funds and property then in the possession or under the control of the Committee, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(b) Said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disburse-

ments and deliver all property on hand, together with all books and records of the Committee and the joint trustees, to such person as the Secretary may direct; and shall, upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the funds, property, and claims vested in the Committee or the joint trustees pursuant to this subpart.

(c) Any person to whom funds, property or claims have been transferred or delivered by the Committee or its members, pursuant to this section, shall be subject to the same obligations imposed upon the members of the said Committee and upon said joint trustees.

§ 989.93 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this amended subpart or any regulation issued pursuant to this amended subpart, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this amended subpart or any regulation issued under this amended subpart, (b) release or extinguish any violation of this amended subpart, or of any regulation issued under this amended subpart, or (c) affect or impair any rights or remedies of the Secretary or of any other person, with respect to any such violation.

Amendments to this amended subpart may be proposed from time to time, by any person or by the Committee.

§ 989.95 Right of Secretary.

The members of the Committee (including alternates and successors) and any agent or employee appointed or employed by the Committee, shall be subject to removal or suspension by the Secretary, in his discretion, at any time. DEFINITIONS

§ 989.102 Inspection service.

Inspection service means the Specialty Crops Inspection Division, Agricultural Marketing Service of the United States Department of Agriculture.

[49 FR 18730, May 2, 1984, as amended at 83 FR 53973, Oct. 26, 2018]

§ 989.104 Lot.

(a) *Natural condition raisins*—(1) *Basic definition*. For the purpose of incoming and outgoing inspection of natural condition raisins, *lot* means, except as otherwise provided in this paragraph, the quantity of such raisins of the same varietal type or of differing varietal types when commingled within their containers (including sweat and picking boxes and bins), which does not exceed a car, truck, or truck-trailer load, and which is submitted for inspection at one time and in the same place.

(2) *Separation of large units*. If a quantity of raisins in excess of a car, truck, or truck-trailer load is submitted for inspection, the total quantity may, at the discretion of the inspector, be separated

into such readily identifiable portions, either prior to or in the course of inspection, as can be conveniently and properly inspected, and each such portion shall constitute a lot.

(3) *Resubmission after reconditioning*. Raisins which are submitted for inspection after reconditioning (such as sorting or drying) and whose original lot identity is no longer applicable, shall be a new lot.

(4) *Meeting and failing portions*. Where a portion of a quantity of raisins submitted for inspection meets the minimum grade and condition standards and has been separated from the remainder of the raisins failing to meet such standards:

(i) The meeting portion shall be one lot; and

(ii) The remainder shall be one or more lots as necessary to cause each lot to contain either (a) a single defect in excess of tolerance or (b) two or more of the same defects in excess of tolerance occurring together within each of the individual containers.

(5) *Entire quantity failing*. Where the entire quantity of raisins submitted for inspection fails to meet such standards, then, whether such quantity shall be one or more lots shall be determined in the same manner as for the failing remainder referred to in paragraph (a)(4) of this section.

(6) *Special condition*. Notwithstanding other provisions of this section, any quantity of raisins failing to meet such standards and which are not to be reconditioned may be a single lot.

(b) *Packed raisins*. For the purpose of outgoing inspection of packed raisins, lot means: (1) For in-line inspection (i.e., where samples are drawn from a flow of raisins prior to packaging), the aggregate quantity of raisins of the same varietal type, subtype, or size (or in their mixed form), processed in any continuous production of one calendar day and packaged in one size and style of package but excluding those rejected by inspection; and (2) for floor inspection (i.e., where samples are drawn from containers of raisins), the aggregate quantity of such raisins in like containers but not necessarily processed in one continuous production or during one calendar day, identifiable and offered for inspection as a lot.

(b) Dipped Seedless includes all raisins produced by artificial dehydration of seedless grapes that possess the characteristics similar to Thompson Seedless grapes which, in order to expedite drying, have been dipped in or sprayed with water only after such grapes have been removed from the vine.

(c) Golden Seedless includes all seedless raisins whose color generally varies from golden yellow to dark amber.

(d) Muscats (including other raisins with seeds) include all raisins which

usually contain seeds and possess characteristics similar to Muscat raisins.

§ 989.129 Voting at nomination meetings.

Any person (defined in § 989.3 as an individual, partnership, corporation, association, or any other business unit) who is engaged, in a proprietary capacity, in the production of grapes which are sun-dried or dehydrated by artificial means to produce raisins and who qualifies under the provisions of § 989.29(b)(2) shall be eligible to cast one ballot for a nominee for each producer member position and one ballot for a nominee for each producer alternate member position on the committee which is to be filled for his district. Such person must be the one who or which: Owns and farms land resulting in his or its ownership of such grapes produced thereon; rents and farms land, resulting in his or its ownership of all or a portion of such grapes produced thereon; or owns land which he or it does not farm and, as rental for such land, obtains the ownership of a portion of such grapes or the raisins. In this connection, a partnership shall be deemed to include two or more persons (including a husband and wife) with respect to land the title to which, or leasehold interest in which, is vested in them as tenants in common, joint tenants, or under community property laws, as community property. In a landlord-tenant relationship, wherein each of the parties is a producer, each such producer shall be entitled to one vote for a nominee for each producer member position and one vote for each producer alternate member position. Hence, where two persons operate land as landlord and tenant on a share-crop basis, each person is entitled to one vote for each such position to be filled.

§ 989.139

QUALITY CONTROL

§ 989.157 Raisins produced from grapes grown outside of California.

(a) Any raisins produced from grapes grown outside the State of California that are received by a handler shall be observed and marked for identification by an inspector. As provided in § 989.173(b)(7), the inspection service may request information needed to properly mark such raisins for identification; it shall be the handler's responsibility to arrange for such identification and furnish required documentation promptly.

(b) In the absence of an inspector to observe and mark such raisins for identification, the handler shall not permit the unloading to occur unless the handler has a written statement from the inspection service that an inspector cannot be furnished within a reasonable time: *Provided*, That raisins so unloaded shall be observed and marked properly upon an inspector being available.

(c) The handler shall notify the inspection service in writing at least one business day in advance of the time

7 CFR Ch. IX (1–1–20 Edition)

such handler plans to begin receiving raisins produced from grapes grown outside the State of California, unless a shorter period is acceptable to the inspection service.

(d) Raisins produced from grapes grown outside of the State of California and received by a handler shall be marked for identification by the inspector affixing to one container on each pallet or to each bin in each lot a prenumbered RAC control card (to be furnished by the Committee) which shall remain affixed until the raisins are processed and disposed of or disposed of as natural condition raisins. The cards shall be removed only by an inspector of the inspection service or authorized Committee personnel.

(e) Each handler shall store raisins produced from grapes grown outside the State of California separate and apart from all other raisins held by such handler to the satisfaction of the Committee. Storage of such raisins shall be deemed "separate and apart" if the containers are marked as raisins produced from grapes grown outside the State of California and placed so as to be readily and clearly identified.

(f) Any raisins received by a handler produced from grapes grown outside the State of California shall be processed and/or disposed of under the surveillance of the inspection service. The handler shall notify the inspection service in writing at least one business day in advance of the time such processing and/or disposition will occur, unless a shorter period is acceptable to the inspection service.

(g) The handler receiving raisins produced from grapes grown outside of California shall pay fees assessed by the inspection service to identify and maintain surveillance of such raisins.

[55 FR 28019, July 9, 1990]

§ 989.158 Natural condition raisins.

(a) *Incoming inspection.* (1)(i) The Committee shall, upon request of a handler who complies with the requirements of this part with respect to inspection points, designate as his inspection point any place (including his plant or receiving station) where the handler receives raisins.

(ii) Each handler shall, at his expense, provide at each of his inspection

points reasonably safe and adequate facilities for receiving raisins, drawing samples, and efficient inspection of natural condition raisins. At the time of inspection of any lot, the handler shall, at his expense, provide the inspector with any assistance necessary in the inspection of the raisins, including the movement of individual containers. Each handler, other than a processor, shall maintain with the Committee a current written description, defining the boundaries and other pertinent details, of each of his inspection points. In the event the Committee determines that any inspection point, or any modification thereof, does not comply with the definition or the requirements of this part, it shall notify the handler of the changes necessary for compliance. The handler shall make such changes promptly. In the event any of his inspection points is the same as that of another handler or person receiving raisins or grapes in any form, the handler shall maintain his raisins separate and apart from any other raisins.

(iii) The weight of each lot of raisins tendered for receiving, storage, reconditioning, acquisition, or disposition shall be substantiated by an official "State Certificate of Weights and Measures" issued by a public weighmaster, whether located at the inspection point or otherwise, or such other document approved by the Committee which accurately reflects the weight of each lot tendered. The net weight of such raisins for the purposes of this part, shall be determined by deducting the sand tare and box tare from the gross weight of the raisins. The sand tare shall be the weight of the sand and other foreign material removed from the raisins by passing the raisins over a screen (of a type commonly used by the industry for such purpose) having 36 square openings to the square inch, with each opening being one-eighth of an inch square.

(2) No handler, other than a processor, shall receive at points other than at an inspection point, natural condition raisins from a tenderer, either for acquisition, storage, reconditioning, inspection, or for disposition in eligible non-normal outlets: *Provided*, That this requirement shall not

preclude a handler from dehydrating, free from the provisions of this part, at separate dehydrating facilities recognized in § 989.105 and located in California, raisins not delivered to an inspection point. Any handler who accepts raisins at an inspection point for drying or other reconditioning shall be deemed to have received the raisins for reconditioning and shall be subject to the provisions of this part with respect to such raisins.

(3) For each lot of natural condition raisins received by a handler for acquisition, reconditioning, storage, inspection, or for disposition in eligible non-normal outlets, the handler shall, immediately upon physical receipt and tentative acceptance thereof, issue a prenumbered (numbered serially in advance) door receipt or weight certificate showing the name and address of the tenderer, the weight of the lot, the number and type of containers in the lot, and any other information necessary to identify the lot. For the purposes of identifying incoming lots of raisins, other than dehydrated raisins covered by paragraph (e) of this section, a handler, if it is impracticable for him to issue immediately a door receipt or weight certificate, may issue for temporary use only a prenumbered "Request for USDA Inspection" on a form furnished by the Committee. Any such raisins so received by a handler shall, prior to their acceptance, be inspected at an inspection point during the unloading process, and if certified as standard raisins shall be, unless returned to the tenderer, either promptly acquired by the handler or received for storage on memorandum receipt: *Provided*, That in the absence of an inspector to perform inspection during unloading, the handler shall not permit unloading to occur unless such absence is during normal business hours and the handler has a written statement from the inspection service to the effect that inspection cannot be furnished within a reasonable time: *And provided further*, That the raisins so unloaded shall be inspected promptly upon an inspector being available. It shall be the handler's responsibility in any case to arrange for the inspection, other than with respect to dehydrated raisins covered by paragraph (e) of this

section, and furnish weight certificates promptly. Any raisins received by a handler as off-grade for disposition in eligible non-normal outlets or for reconditioning may be accepted uninspected: *Provided*, That an application for receiving such uninspected raisins shall be submitted by the handler, on a form furnished by the Committee, to the Inspection Service prior to, or upon physical receipt of, such off-grade raisins. Such form shall provide for at least the name and address of the tenderer (equity holder), date, number, and type of containers, net weight of the raisins, and the particular defect(s) the handler indicates would cause the raisins to be off-grade. Handlers shall complete and sign the form. The application for such uninspected raisins shall not be acceptable unless signed by the tenderer. The uninspected raisins shall be subject to surveillance by the Inspection Service. Each lot of raisins accepted by a handler for reconditioning shall be reconditioned separately from any other lot.

(4) If any lot of natural condition raisins tendered to a handler is separated into two or more lots because a portion of the original lot failed to meet minimum grade and condition standards, or because the entire lot failed due to more than one defect, the handler shall issue a prenumbered weight certificate for each such new lot not returned to the tenderer, showing the name and address of the tenderer, the weight of the lot, and the number and type of containers in the lot. The weight of any meeting lot shall be determined by weighing it, or by weighing the failing portion of the incoming lot and deducting the weight thereof from the weight of the incoming lot. The weight of each failing lot shall be determined by weighing it, or by deriving such weight by applying the original average container weight to the number of containers.

(5) Any financially interested party may, upon the payment of any fees assessed by the inspection service, obtain an appeal inspection. An appeal inspection shall be applicable only to raisins which have not been removed from their containers, with pallet control cards still affixed, are readily identifiable, and have not been removed from

the original inspection point: *Provided*, That when the condition of a lot of such raisins may have changed subsequent to the original inspection, an additional inspection, rather than an appeal inspection, may be obtained.

(6) Raisins produced by a handler shall be subject to the requirements of paragraph (a) (3) and (4) of this section upon delivery to an inspection point. Raisins produced by a handler by dehydration within an inspection point shall be subject to the requirements of paragraph (a) (3) and (4) of this section immediately upon completion of said dehydration.

(7) The inspection certificate for a mixed lot of natural condition raisins (raisins of different varietal types commingled within their containers) shall show the percentage which the raisins of each varietal type is of the total raisins contained in the lot.

(8) With respect to any lot of natural condition raisins being received and inspected at a handler's inspection point pursuant to paragraph (a)(3) of this section, the handler shall notify the inspection service if he elects to have the raisins inspected for infestation. If the handler elects not to have the raisins inspected for infestation, he shall: (i) Fumigate promptly all raisins he receives; (ii) notify the inspection service in advance of the time he plans to fumigate such raisins; (iii) permit the inspection service to monitor the fumigation; and (iv) permit the inspection service to make periodic incubation checks of his packed raisins. The inspection service shall certify the raisins received as standard raisins if they meet all other grade and condition standards. If the handler elects to have the raisins inspected for infestation, the inspector shall afford such handler the opportunity to fumigate such raisins during the inspection and certification process. Such raisins shall remain under the supervision of the inspector during the fumigation. The inspection certificate shall not be issued until the fumigation is completed: *Provided*, That the inspection certificate shall be issued, whether or not the fumigation is completed, not later than five business days after the date the inspection and certification process is

suspended by the inspector to permit fumigation.

(9) With respect to any lot (as defined in § 989.104(a)(1)) of natural condition raisins being received and inspected at a handler's inspection point pursuant to paragraph (a)(3) of this section and notwithstanding separation of the meeting portion of the original lot from the failing portions thereof for the purposes of § 989.104 and paragraph (a)(4) of this section, any tenderer may, when permitted by the handler and when notified by the inspector of defects during the inspection and certification process, and in accordance with the provisions of this subparagraph, perform any one or more of the following on an individual box basis: (i) Mix raisins within boxes containing raisins that are wet, or of high moisture content in some areas of the box; (ii) dump raisins from wet boxes into dry boxes; (iii) remove wet raisins; or (iv) remove foreign material such as sandburs, puncture vine seed, Eucalyptus pods or leaves, rocks, and sticks. This authorization to the tenderer shall not extend to raisins in containers larger than sweat boxes; and the number of boxes in the original lot on which the aforesaid actions may be performed during such process shall not exceed ten, or five percent of the total number of containers in the lot, whichever is less. Where the percentage computation results in a fraction of a box and is less than ten boxes, it shall be rounded upward to the next number. The entire lot of raisins shall remain under surveillance of the inspector during such process. The actions of the tenderer shall be done without delay, take place at the unloading dock in the inspection point, or in the immediate area thereof, and be under observation of the inspector.

(b) *Submission of inspection certificates to the Committee.* A copy of each inspection certificate which a handler is required to submit to the Committee pursuant to § 989.58(d) shall be submitted not later than Wednesday of the week following the week for which such certificate was issued. This may be accomplished by authorizing the inspection service to submit a copy of each such inspection certificate directly to the Committee. A copy of

such authorization shall be furnished to the Committee.

(c) *Off-grade raisins—(1) Holding and identification.* The inspection certificates covering any lot of off-grade raisins shall state whether or not such off-grade raisins are storable. Any raisins which do not meet the applicable grade and condition standards shall be classified in one of the three categories specified in § 989.58(e)(1) within 5 business days (excluding Saturdays, Sundays, and holidays) after inspection or 3 such business days after issuance of the inspection certificate, whichever is later: *Provided*, That these time limits may be extended by the Committee under such conditions as it may deem necessary in the circumstances. The handler shall report to the Committee the information as required and specified in § 989.173(b)(5). Any such lot of off-grade raisins shall be identified immediately following inspection by fixing to a container on each pallet a prenumbered RAC control card (to be furnished by the Committee), and kept separate and apart from any other raisins in the handler's possession. In the event the handler does not normally use pallets in his operation the RAC control card shall be affixed to one or more of the containers in each lot. The RAC control cards shall remain fixed to the containers until the raisins are (i) disposed of by the handler in eligible non-normal outlets, (ii) returned unstemmed to the tenderer, or (iii) submitted for reconditioning. The cards shall be removed only by an inspector of the inspection service or authorized Committee personnel, except control cards designating lots held only for fumigation may be removed by the handler after the completion of fumigation to the satisfaction of the inspection service. Each lot of off-grade raisins not returned to the tenderer shall be stored by the handler separate and apart by varietal types from all other raisins and by disposition and conditioning categories which preserve the lot identity and, if for reconditioning, the defect identity. Off-grade raisins shall be stored in such a manner as to be accessible to the Committee.

(2) *Change in off-grade categories.* After raisins have been classified as to the categories in § 989.58(e)(1), any lot

of natural condition off-grade raisins held by a handler under paragraph (i) or (iii) of § 989.58(e)(1), may be changed to the other category, or to paragraph (ii). Prior to making such change, the handler shall notify the inspection service at least one business day in advance of the time such handler plans to begin such change. Such notification shall be provided verbally or by other means of communication, including e-mail. Any off-grade lot under paragraph (ii) of § 989.58(e)(1) which has not been removed from the handler premises and is identifiable with the original inspection, may be tendered to the handler for the purposes of paragraph (i) or (iii) of § 989.58(e)(1) and, if accepted, the handler shall so report to the Committee. It shall be the responsibility of the handler to establish and maintain the identity of the raisins in the changed categories in accordance with the applicable provisions of paragraph (c)(1) of this section. Where the tenderer has a financial interest in the raisins the handler shall, before making any change in category, submit to the Committee evidence of the tenderer's permission to make any such change, except for changes from paragraph (i) or paragraph (iii) to paragraph (ii) of § 989.58(e)(1).

(3) *Inter-plant and inter-packer transfer of off-grade raisins.* Any packer may, pursuant to § 989.58(e)(2) and under the surveillance of the inspection service, transfer to or from another packer's plant in California, any off-grade raisins for reconditioning. Such transfer may be for the packer's convenience or that of a financially interested person. Where a tenderer or other person has a financial interest in the raisins, the handler shall first obtain the tenderer's or other interested person's written agreement to the transfer. The handler shall notify the inspection service in advance of the time such handler plans to transfer each lot. Such notification shall be provided verbally or by other means of communication, including e-mail. The notification shall be at least 1 business day in advance of the transfer unless a shorter period is acceptable to the inspection service. In the same manner except for the tenderer's or other person's written agreement, any packer may transfer off-grade raisins

from one of his plants or inspection points to another of his plants in California. In both cases such raisins may be removed directly to the premises of the receiving packer or another plant of the packer under the surveillance of the inspection service. Upon completion of the transfer all applicable provisions of this part shall apply with respect to such raisins and the packer receiving them.

(4) *Reconditioning off-grade raisins—reconditioning requirements.* (i) The handler shall notify the inspection service at least one business day in advance of the time such handler plans to begin reconditioning each lot of raisins, unless a shorter period is acceptable to the inspection service. Such notification shall be provided verbally or by other means of communication, including email. Natural condition raisins which have been reconditioned shall continue to be considered natural condition raisins for purposes of reinspection (inspection pursuant to § 989.58(d)) after such reconditioning has been completed, if no water or moisture has been added; otherwise, such raisins shall be considered as packed raisins. The weight of the raisins reconditioned successfully shall be determined by reweighing, except where a lot, before reconditioning, failed due to excess moisture only. The weight of such raisins resulting from reconditioning a lot failing account excess moisture may be determined by deducting 1.2 percent of the weight for each percent of moisture in excess of the allowable tolerance. When necessary due to the presence of sand, as determined by the inspection service, the requirement for deducting sand tare and the manner of its determination, as prescribed in paragraph (a)(1) of this section, shall apply in computing the net weight of any such successfully reconditioned natural condition raisins. The weight of the reconditioned raisins acquired as packed raisins shall be adjusted to natural condition weight by the use of factors applicable to the various degrees of processing accomplished. The applicable factor shall be that selected by the inspector of the reconditioned raisins from among factors established by the Committee with the approval of the Secretary.

(ii) In reconditioning off-grade raisins, a handler shall use methods designed to remove the defects whereby the lot fails to qualify as standard raisins. Lots with identical defects may be reconditioned simultaneously (commingled basis) but lots with differing defects shall be reconditioned as separate lots.

(5) *General.* Reconditioning of off-grade raisins by a handler shall be done in accordance with such procedure as will enable the inspector to observe the off-grade raisins at any time and to make a proper inspection. A packer may recover raisins from residual raisin material obtained from his reconditioning operations in conformity with the applicable provisions of § 989.159(g)(1).

(6) *Off-grade raisins which are not reconditioned successfully.* (i) Except as provided in paragraph (c)(6)(ii) of this section, no handler shall return to the tenderer any off-grade raisins received for reconditioning which, after his reconditioning of them is complete, have been stemmed and which then fail to meet the applicable minimum grade standards. Any raisins which fail to meet the applicable minimum grade and condition standards or minimum grade standards after reconditioning and all residual material from reconditioning, held by the handler, shall be identified promptly by affixing to one or more containers in each lot, or to a container in each pallet if pallets are used, a prenumbered RAC control card as prescribed in paragraph (c)(1) of this section: *Provided*, That such failing raisins and residual material which are placed directly into trucks or trailers for immediate disposition need not be identified by affixing thereto a RAC control card. The handler shall hold the failing raisins and the residual material separate and apart from all other raisins. The control cards shall be removed from the containers only by an inspector of the inspection service or authorized Committee personnel. The handler shall physically dispose of the residual material, and any failing raisins which he does not return unstemmed to the tenderer, only in eligible non-normal outlets as provided in § 989.159(g)(2).

(ii) Any packer may arrange for or permit the tenderer to remove the stemmed raisins (described in paragraph (c)(6)(i) of this section), but not the residual, directly to the premises, within California, of another packer for further reconditioning of the raisins at the latter's premises. Such removal and transfer shall be made under the surveillance of the inspection service. The packer shall notify the inspection service as required in paragraph (c)(3) of this section. Such raisins may be received by the other packer without inspection. On and after such receipt of the raisins for further reconditioning, all applicable provisions of this part shall apply with respect to such raisins and the packer so receiving them.

(7) *Return of off-grade raisins to tenderer.* Any off-grade raisins which are to be returned unstemmed to the tenderer pursuant to § 989.58(e)(1)(ii), shall be physically returned within five business days after the issuance of the inspection certificate: *Provided*, That such time limit may be extended by the Committee as it may deem justified by extenuating circumstances. The handler shall file with the Committee a report of the returned raisins as required in § 989.173(b)(4).

(i) *Unstemmed and stemmed raisins.* For the purpose of determining whether or not off-grade raisins may be returned to the person tendering such raisins, "unstemmed" raisins shall be defined as lots of raisins that contain 150 or more capstems per pound. "Stemmed" raisins means lots of raisins that contain less than 150 capstems per pound.

(d) *Reinspection of raisins held more than one hundred and twenty days on memorandum receipt.* No handler shall acquire raisins held on memorandum receipt for a period longer than one hundred and twenty (120) days unless such raisins have been reinspected and certified immediately prior to acquisition as meeting the minimum requirements for standard raisins: *Provided*, That the Committee at any other time may require such reinspection and certification of raisins held on memorandum receipt as a prerequisite to acquisition if it has reason to believe that the raisins do not then meet such requirements.

(e) *Inspection of raisins on dehydrator's premises—(1) Application and agreement.*

(i) Any dehydrator may submit to the Committee for approval, and the Committee may approve, in accordance with the provisions of this paragraph an application and agreement, on a form furnished by the Committee, providing for dehydrator on-premise inspection of natural condition raisins produced by the dehydrator by subjecting grapes to artificial heat. Raisins so produced are referred to in paragraph (a)(3) of this section and in this paragraph as “dehydrated raisins.”

(ii) The provisions of such application and agreement shall include at least the following:

(a) The dehydrator shall request the inspection service to inspect all dehydrated raisins which the dehydrator produces and to issue a related memorandum report of inspection at the time of loading any quantity of such raisins for delivery to a packer's inspection point;

(b) The dehydrator will arrange with the inspection service for the necessary inspection service to be performed by the service, and the dehydrator will submit to the Committee a statement from the inspection service that the dehydrator has adequate facilities for the inspection and that such arrangements have been made;

(c) All necessary reconditioning of dehydrated raisins, identification and segregation of raisins, and movement of inspected dehydrated raisins on or from the dehydrator's premises shall be done in such manner and under such conditions as the inspection service may require;

(d) The dehydrator shall, at the time of the packer's receipt of such raisins, furnish to the packer to whose inspection point the inspected raisins are delivered the original and one copy of the memorandum report of inspection covering such raisins;

(e) The dehydrator shall maintain such records and furnish such reports and permit access to such records and the dehydrator's premises as required in the application and agreement or as the Committee may subsequently request; and

(f) The application and agreement may be suspended or terminated as provided therein.

(iii) The Committee will notify raisin packers of each dehydrator whose application and agreement has been approved by the Committee (such dehydrator is referred to in this subpart as “authorized dehydrator”); similarly, the Committee will notify packers of each suspension or termination of a previously approved application and agreement.

(2) *Delivery of inspected dehydrated raisins.* Any dehydrated raisins which (i) are inspected on an authorized dehydrator's premises where produced; (ii) are moved promptly and directly to a packer's inspection point from the premises of the authorized dehydrator; (iii) are accompanied by an applicable memorandum report of inspection to be furnished to the packer; and (iv) are otherwise in compliance with the provisions of such approved application and agreement and this paragraph may be received by the packer without the inspection at time of receipt required by § 989.58(d). With respect to such dehydrated raisins, the packer shall comply with all applicable requirements and procedures of this part, including, but not limited to, inspection after any necessary reconditioning and the inspection prescribed in § 989.59.

(3) *Packer's obligations.* Immediately upon a packer's receiving any such already inspected dehydrated raisins accompanied by the applicable memorandum report of inspection, the packer shall give to the inspector at the packer's inspection point where the dehydrated raisins were received, the original and one copy of such memorandum report so that the inspector may enter the net weight and scale ticket number on such memorandum report of inspection and copy thereof. Whenever a packer receives off-grade raisins from an authorized dehydrator he shall so advise the inspector at the packer's inspection point at the time of such receipt; and such raisins shall not be unloaded except in the presence of the inspector or in accordance with such prior arrangements as may have been made between the packer and the inspection service.

(f) *Inspection of raisins at cooperative bargaining association's receiving station*—(1) *Application and agreement*. (i) In accordance with the provisions of this paragraph, any cooperative bargaining association may submit to the Committee for approval, and the Committee may approve, an application and agreement, on a form furnished by the Committee, providing that where the association receives from individual producers lots of natural condition raisins at any of its receiving points and the raisins are inspected and stored consistent with such application and agreement, such lots shall be eligible for delivery to handlers, pursuant to paragraph (f)(3) of this section, without reinspection. Any raisins which upon inspection by the inspection service do not meet the applicable grade and condition standards shall be identified immediately following inspection and kept separate and apart from any other raisins in the association's possession.

(2) *Terms and conditions*. The provisions of such application and agreement shall include at least the following terms and conditions:

(i) That the association shall, prior to delivery of any raisins to handlers, arrange for inspection services at the association's receiving station(s), and cause to be submitted to the Committee a statement by the inspection service of such arrangement and of the association's having adequate laboratory and other facilities for such services available at the association's receiving station(s).

(ii) That the association shall maintain such facilities satisfactory to the inspection service.

(iii) That the association shall request inspection of each lot of raisins immediately upon physical arrival thereof at the association's receiving station(s), and shall provide the inspector with any assistance necessary in the inspection of such raisins, including the movement of individual containers.

(iv) That the association shall fumigate all raisins received at the association's receiving station(s) as necessary to assure that the raisins are free from active infestation and maintain them as such while on such premises, and

that fumigation shall be performed to the satisfaction of the inspection service.

(v) That the association shall, with respect to all raisins entering its premises which are not returned to the producer as provided in paragraph (f)(2)(vi) of this section, promptly affix to one or more containers in each lot, or to a container in each pallet if pallets are used, a Committee control card showing thereon such information as the Committee requires to maintain the producer identity of each lot and prevent commingling with any other lot. The association shall not move all or any portion of a lot of raisins on the premises of the association's receiving station(s) or load any such raisins for shipment, except in the presence of an inspector of the inspection service.

(vi) That the association shall store any standard raisins and any off-grade raisins which are held by it after receipt and inspection on the premises of its receiving station(s) under conditions which protect the raisins from rain, infestation and contamination, and which can be expected to maintain their respective conditions except for normal and natural deterioration and shrinkage. Any raisins which after receipt and inspection are not accepted and held by the association shall be returned to the producer within 5 business days after the issuance of the inspection certificate.

(vii) That the association shall furnish the inspection service with a completed Committee form requesting issuance, at the time of loading any lot of inspected raisins for delivery to any handler's inspection point, of a memorandum report of inspection covering such lot.

(viii) That the association shall deliver to the handler at the time of receipt of any such lot of eligible raisins at the handler's inspection point the original and one copy of the inspection service's related memorandum report of inspection; and such original and copy shall accompany the shipment of such lot from the premises of the association's receiving station(s) to the handler's inspection point.

(ix) That the association shall maintain complete records of the receipt, holding and disposition of each lot of

raisins and retain such records for at least 2 years after the crop year in which such transactions occurred.

(x) That the association shall file promptly with the Committee certified reports showing such information as the Committee may request relative to the association's receipts, holdings, and dispositions of raisins.

(xi) That the association shall permit the Committee, the inspection service, and the Secretary of Agriculture, through their duly authorized representatives, to have access to the premises of the association's receiving station(s) to inspect such premises and any raisins thereon and any and all records with respect to the association's receipts, holdings and dispositions of raisins.

(xii) That upon approval of the application and agreement the Committee will notify handlers of such approval and that eligible lots of inspected raisins will not require incoming inspection at handler inspection points; will notify the interested handlers of any suspension or revocation, for good cause, of the eligibility of a particular lot of raisins; and will notify handlers of any suspension or termination of the application and agreement.

(xiii) That the Committee will request the inspection service to establish a fee to the association for the services to be rendered at the same rate as is charged handlers.

(xiv) That the application and agreement may be suspended or terminated as provided therein.

(3) *Waiver of requirement for incoming inspection at handler inspection point.* Any lot of raisins which (i) is inspected on the premises of the association's receiving station(s) pursuant to an approved application and agreement, (ii) is in compliance with the provisions of such application and agreement and this paragraph, (iii) is moved under the surveillance of the inspection service to a handler's inspection point from the association's receiving station(s) after issuance of the related memorandum report of inspection, and (iv) is accompanied by such memorandum report to be furnished to the handler may be received by the handler without the inspection as required by § 989.58(d) at time of receipt.

(4) *Handler's obligations.* With respect to such raisins received by the handler, the handler shall comply with all applicable requirements and procedures of this part, including, but not limited to, the inspection prescribed in § 989.59 and that required, as prescribed in § 989.58(d), prior to the handler acquiring reconditioned raisins. Immediately upon a handler receiving any such raisins accompanied by the applicable memorandum report of inspection, the handler shall give to the inspector at the handler's inspection point where such raisins are received, the original and one copy of the memorandum report so that the inspector may enter the net weight and scale ticket number on such memorandum report of inspection and copy thereof.

§ 989.159 Regulation of the handling of raisins subsequent to their acquisition.

(a) *Inspection facilities.* At each of the premises where packed raisins are to be inspected each handler shall, at his expense provide reasonably safe and adequate space and other facilities necessary for the proper and efficient inspection of such raisins.

(b) *Identification of inspected raisins.* (1) Each handler shall mark each shipping container with legible code or other identification, satisfactory to the Committee and the inspection service which shall indicate with respect to packed raisins, the date that the raisins in such shipping containers were packed, and with respect to shipments of natural condition raisins, the date on which such raisins were inspected.

(2) Each handler shall furnish promptly to the Committee, through the inspection service, a certified report on a form furnished by the Committee showing the handler's count and weight of the raisins of each pack and varietal type packed each day.

(c) *Outgoing inspection.* (1) Outgoing inspection and certification of raisins as required by § 989.59(d) shall be made as set forth in this paragraph.

(2) Such inspection of natural condition raisins (which is subject to exceptions and exemptions provided in this part) shall be made of each individual lot and in each case not more than five days before the date of shipment or other final disposition of the lot. The certificate that the raisins meet the applicable minimum grade and condition standards for natural condition raisins, which the handler is required to obtain and submit to the Committee pursuant to § 989.59(d), shall be on Form FV 146 labeled "Certificate of Quality and Condition (Processed Foods)." If shipment involves exportation to a foreign country, the handler shall surrender to the United States Customs Service at the port of exit two copies of such inspection certificate. Such an inspection and certification (on Form FV 146) may, if requested by the handler, be made at the time of his receipt or acquisition of the raisins. In such an event, no additional inspection shall be required if the lot remains intact and identifiable, and shipment or other final disposition takes place within five days after the date of the inspection.

(3) Such inspection of packed raisins shall be made prior to shipment or other final disposition, and unless made during the final processing or packing operations so as to facilitate proper sampling, the inspector shall perform the inspection on the basis of representative samples drawn from shipping containers of the packed raisins.

(4) Except as otherwise provided in this part, where there is presented for inspection a lot of packed raisins consisting of raisins of different varietal types or sub-types commingled within their containers, each such type and sub-type shall be inspected separately, except that inspection for moisture shall be performed on the lot as a whole. The inspection certificate shall show the respective percentages which the raisins of the various types and sub-types are of the lot and whether each meets the applicable minimum grade standards. In the event the raisins

of any such varietal type or sub-type contained in the lot fail to meet the applicable requirements, other than for moisture, none of the lot shall be certified as meeting minimum grade standards unless it is found to be practicable to separate the raisins into two new lots, one which meets and the other which fails to meet all of the applicable minimum standards, respectively. Any lot of mixed types or sub-types of packed raisins for which minimum grade standards are prescribed for each type or sub-type pursuant to § 989.59 (a) and (b) but which in their commingled form cannot be inspected against the standards for the respective varietal types or sub-types and hence are excluded from the category of "Mixed types" as defined in the then effective United States Standards for Grades of Processed Raisins, or any raisins which as a mixed lot contain moisture in excess of 18 percent, shall not be certified as meeting the minimum grade standard for packed raisins.

(d) *Submission of inspection certificates to the Committee.* A copy of each inspection certificate which a handler is required to submit to the Committee pursuant to § 989.59(d) shall be submitted not later than Wednesday of the week following the week in which the certificate was issued. This may be accomplished by authorizing the inspection service in writing to submit a copy of each such inspection certificate directly to the Committee. A copy of such authorization shall be furnished to the Committee.

(e) *Term of inspection certificate.* Any handler who:

(1) Fails to ship or make other final disposition for human consumption of any lot of packed raisins within 90 calendar days, or of any lot of natural condition raisins within 5 calendar days, after the date of the last inspection of the lot; or

(2) Has any shipment or portion of a shipment returned to his inspection point or storage premises within the area, shall, before any such shipment or final disposition, or before blending with other raisins, have such raisins inspected for condition and shall furnish promptly to the Committee (which may be through the inspection

service as provided in § 989.158(b)) a copy of the inspection certificate showing that the raisins meet the respective requirements of this part for shipment, final disposition or blending.

(f) *Exemption of experimental and specialty packs*—(1) *Shipment under exemption*. Upon obtaining approval of the Committee as provided in this paragraph, any handler may ship or dispose of raisins in experimental or specialty packs without regard to one or more of the requirements of the minimum grade standards for packed raisins and inspection and certification requirements, prescribed pursuant to § 989.59. For the purpose of this exemption, experimental and specialty packs means raisins processed using methods, materials, or techniques that are not normally employed in packing raisins.

(2) *Application for exemption*. Each application for exemption shall be filed with the Committee in triplicate. The application shall at least contain information as to:

- (i) The name and address of the handler;
- (ii) The estimated quantity of each varietal type of raisins for which the exemption is requested;
- (iii) The specific requirements in the minimum grade standards from which exemption is requested;
- (iv) The special processing involved;
- (v) The net weight of each type of container;
- (vi) Whether disposition will be made direct to consumers, wholesalers, retailers, persons, or organizations, and any special uses to be made of such raisins; and
- (vii) The general quality, style, and condition of the raisins for which the exemption is requested.

(3) *Committee action on application*. The Committee in its discretion shall approve each application for exemption of raisins, if it concludes that such exemption shall not jeopardize the objectives of the marketing order program. The Committee shall notify the handler promptly in writing of its approval or disapproval of his application and, if the application is approved, the maximum quantity for which approval is granted. If the application is disapproved, the Committee shall inform the handler of the reasons therefor.

(4) *Reports*. The handler shall report shipments or other dispositions under an approved exemption as required pursuant to § 989.173(e).

(g) *Off-grade raisins, other failing raisins, and raisin residual material*—(1) *Recovery of raisins*. (i) For the purposes of §§ 989.59(f) and 989.158(c)(4), a packer may recover raisins from:

(A) Residual raisins from his or her processing of standard raisins;

(B) Any raisins acquired as standard raisins which fail to meet the applicable outgoing grade and condition standards;

(C) Any raisins rejected on a condition inspection; and

(D) Residual raisins from reconditioning of off-grade raisins.

(ii) *Provided*, That such recovery under paragraphs (g)(1)(i)(B) and (C) of this section must occur without blending, if the failure to meet the minimum grade standards for packed raisins is due to a defect or defects affecting the wholesomeness of the raisins: *And provided further*, That such recovery under paragraph (g)(1)(i)(D) of this section must occur without blending, except as permitted in § 989.158(c)(4)(ii), and the weight of standard raisins in residual from off-grade raisins shall be credited equitably to the same lot or lots from which the residual was obtained. The provisions of this paragraph (g)(1) are not intended to excuse any failure to comply with all applicable food and sanitary rules and regulations of city, county, state, federal, or other agencies having jurisdiction.

(2) *Disposition*. (i) Except as authorized in this part, no handler shall ship or otherwise dispose of any off-grade raisins, other failing raisins, or raisin residual material. Any handler may ship, transfer, or otherwise dispose of off-grade raisins, other failing raisins, and raisin residual material to or at points within the continental United States (other than Alaska) for use in eligible non-normal outlets only after filing with the Committee a written application to make such shipment, transfer, or other disposition and receiving its written approval thereof. However, the requirements of prior filing and approval of any such application shall not apply to:

Agricultural Marketing Service, USDA

§ 989.159

(A) The transfer of any such raisins or residual material by a handler from one of his plants to another of his plants in the State of California, except any transfer of raisins which are for reconditioning shall be in accordance with § 989.158(c)(3);

(B) Any inter-packer transfer or removal of off-grade raisins made in accordance with § 989.158(c)(3) and of unsuccessfully reconditioned off-grade raisins which have been stemmed (other failing raisins) made in accordance with § 989.158(c)(6)(ii);

(C) Any return by a handler of unstemmed off-grade raisins to the tenderer in accordance with § 989.158(c)(7);

(D) Any shipment or transfer of off-grade raisins, other failing raisins, or raisin residual material by any handler to a processor within the State of California for use, within the State, in eligible non-normal outlets;

(E) Any shipment or transfer of off-grade raisins, other failing raisins, or raisin residual material by a handler to any person with an effective agreement with the Committee, in which he agrees to use such raisins and raisin residual material only in eligible non-normal outlets, if not so used, to pay to the Committee liquidated damages in the amount and under the conditions specified in paragraph (g)(2)(iii) of this section, and to maintain complete, accurate, and current records regarding his dealings in raisins and raisin residual material, retain the records for at least 2 years, and permit representatives of the Committee and Secretary of Agriculture to examine all of his books and records relating to raisins and residual material; and

(F) Any direct use by the handler of such raisins or material in eligible non-normal outlets within the State of California.

(ii) Each such application shall, in addition to the agreement specified in paragraph (g)(2)(iii) of this section, include as a minimum:

(A) The names and addresses of the handler, the buyer, the consignee, and the user;

(B) The quantity of off-grade and other failing raisins and the quantity of raisins residual material to be shipped or otherwise disposed of;

(C) A description of such off-grade raisins and other failing raisins and raisin residual material, as to type or origin;

(D) The present location of such raisins and raisin residual material;

(E) The particular use to be made of the raisins; and

(F) A copy of the sales contract, which may be on a form furnished by the Committee, wherein the buyer agrees:

(1) Not to ship such raisins or raisin residual material to points outside the continental United States or to Alaska;

(2) To dispose of the raisins or raisin residual material only for uses in eligible non-normal outlet(s); and

(3) To maintain complete, accurate, and current records regarding his or her dealings in raisins, retain the records for at least 2 years, and permit representatives of the Committee and of the Secretary of Agriculture to examine all of his or her books and records relating to raisins and residual material.

(iii) Each such application shall also include a provision for liquidated damages wherein the handler, in consideration of the Committee approving his application, agrees that in the event any raisins or raisin residual material covered by the approved application should be shipped to points outside of the continental United States or to Alaska, or disposed of in other than eligible non-normal outlets, by any person, it will cause serious and substantial damage to the Committee, to producers, and to handlers of raisins and will be difficult, if not impossible, to prove the extent of such damage. Therefore, the handler shall pay to the Committee a sum equal to the established field price as liquidated damages for each ton so shipped or disposed of, such sum being a fair measure of damages and not a penalty.

(iv) The Committee shall notify the applicant in writing of its approval action. In acting on an application, the Committee may disapprove the application when: The application is incomplete, or any required information has not been submitted; the Committee has cause to believe that the raisins or raisin residual material covered by the

§ 989.160

application will not be shipped or disposed of in accordance with the application; or the handler, or any of the parties involved in the proposed shipment or disposition, had shipped or made disposition or use of raisins or raisin residual material covered by a previously approved application inconsistent with that application. When the use or the name and address of the user or consignee are not known to the handler, the Committee shall not approve the application until it has been informed as to such use and user and consignee of the raisins or residual material.

(v) The Committee may, for cause, revoke any previously approved application of a handler if the handler, buyer, consignee or user covered by the application has shipped or made disposition inconsistent with any approved application. The Committee shall notify the handler in writing of such revocation.

(vi) The handler shall furnish the Committee with a copy of the shipping document or other documentary evidence of the disposition as may be satisfactory to the Committee and at such times as the Committee may direct.

(h) *Appeal inspection.* An appeal inspection on an original inspection may be obtained from the inspection service upon the request of any financially interested party and upon the payment of any fees assessed by the inspection service for such appeal inspection.

Subpart F—Quality Control

§ 989.701 Minimum grade and condition standards for natural condition raisins.

Effective pursuant to § 989.58, raisins meeting the varietal standards herein-after set forth shall be considered as standard raisins and those failing to meet such standards shall be considered as off-grade raisins. Where the raisins in any lot consist of two or more varietal types commingled within their containers, the lot shall be considered as a mixed lot and as standard raisins if they meet for each defect the most restrictive requirements for the varietal types of raisins comprising the lot. In the event layered Muscats (including other raisins with seeds) or Cluster Seedless raisins are commingled within their containers with loose Muscats (including other raisins with seeds) or loose Cluster Seedless raisins respectively, the entire lot shall be considered as loose Muscats (including other raisins with seeds) or Natural (sun-dried) Seedless raisins. The raisins shall be considered as standard raisins if the lot as a whole meets the minimum standards for loose Muscats (including other raisins with seeds) or Natural (sun-dried) Seedless raisins: *Provided*, That with respect to the requirements peculiar to a varietal type such as possessing characteristic color, flavor, or odor, the raisins shall be considered as meeting such requirements if they have been properly prepared as

raisins. In each category, only those raisins which have been properly dried and cured in original natural condition, are free from active infestation, and are in such condition that they are capable of being received, stored, and packed without undue deterioration or spoilage, shall be considered as storable raisins.

(a) *Natural (sun-dried) Seedless, Monukka and Other Seedless raisins.* Natural condition Natural (sun-dried) Seedless, Monukka and Other Seedless raisins shall have been prepared from sound, wholesome, matured grapes properly dried and cured, and shall meet the following additional requirements: (1) Shall be fairly free from damage by sugaring, mechanical injury, sunburn, or other similar injury; (2) shall have a normal characteristic color, flavor, and odor of properly prepared raisins; (3) shall contain not more than 5 percent, by weight, of sub-standard raisins (raisins that show development less than that characteristic of raisins prepared from fairly well-matured grapes), and shall also contain at least 50 percent well-matured or reasonably well-matured raisins; (4) shall not exceed 16 percent moisture as determined by the dried fruit moisture tester method, except that there shall be no maximum moisture content for Cluster Seedless raisins; and (5) shall be of such quality and condition as can be expected to withstand storage as provided in the order and that when processed in accordance with good commercial practice will meet the minimum standards for processed raisins established by the Committee, and that with respect to Cluster Seedless raisins, in addition to the above requirements the raisins shall be fairly free from shattered (or loose end) berries, and be uniformly cured; shall contain 30 percent or more “2 Crown” or larger size berries; and shall be of such quality and condition that when processed in accordance with good commercial practice will, except for moisture content, meet the minimum standards for processed raisins established by the Committee.

(b) *Dipped Seedless, Oleate and Related Seedless, and Other Seedless-Sulfured raisins.* Natural condition Dipped Seedless, and Other Seedless-Sulfured raisins shall have been prepared from sound, wholesome, matured grapes properly dried and cured, and shall meet the following additional requirements:

(1) Shall be fairly free from damage by sugaring, mechanical injury, sunburn, or other similar injury;

(2) Shall have a normal characteristic flavor and odor of properly prepared raisins;

(3) Shall contain not more than 5 percent, by weight, of substandard raisins (raisins that show development less than that characteristic of raisins prepared from fairly well-matured grapes), and for the 1985-86 and subsequent crop years also contain at least 50 percent well-matured or reasonably well-matured raisins;

(4) Shall not exceed 14 percent moisture as determined by the dried fruit moisture tester method,

(5) Shall be of such quality and condition as can be expected to withstand storage as provided in the order and that when processed in accordance with good commercial practice will meet the minimum standards for processed raisins established by the Committee.

(c) *Golden Seedless.* Natural condition Golden Seedless raisins shall have been prepared from sound, wholesome, matured grapes properly dried and cured, and shall meet the following additional requirements: (1) Shall be fairly free from damage by sugaring, mechanical injury, sunburn, or other similar injury; (2) shall have a normal characteristic flavor and odor of properly prepared raisins; (3) shall contain not more than 5 percent, by weight, of substandard raisins (raisins that show development less than that characteristic of raisins prepared from fairly well-matured grapes), and for the 1985-86 and subsequent crop years also contain at least 50 percent well-matured or reasonably well-matured raisins; (4) shall not exceed 14 percent moisture as determined by the dried fruit moisture tester method, (5) shall be of such quality and condition as can be expected to withstand storage as provided in the

order and that when processed in accordance with good commercial practice will meet the minimum standards for processed raisins established by the Committee; and (6) shall possess a color varying from yellowish green to dark amber or dark greenish amber with not more than 15 percent, by weight, of all the raisins being definitely dark berries. *Definitely dark berries* means raisins which are definitely darker than dark amber and characteristic of "naturally" raisined grapes.

(d) *Muscats (including other raisins with seeds).* Natural condition Muscat raisins (including other raisins with seeds) shall have been prepared from sound, wholesome, matured grapes properly dried and cured, and shall meet the following additional requirements:

(1) Shall be fairly free from damage by sugar, mechanical injury, sunburn or other similar injury;

(2) Shall have a normal characteristic color, flavor, and odor of properly prepared raisins and shall contain not more than 12 percent, by weight, of substandard raisins (raisins that show development less than that characteristic of raisins prepared from fairly well-matured grapes);

(3) Shall not exceed 16 percent moisture as determined by the dried fruit moisture tester method, except that water dipped, vine sprayed or similarly treated Muscats (including other raisins with seeds) shall not exceed 14 percent moisture, and that there shall be no maximum moisture content for layered Muscats (including other raisins with seeds);

(4) The raisins shall be of such quality and condition as can be expected to withstand storage as provided in the marketing agreement and order, and that when processed in accordance with good commercial practice will meet the minimum standards for processed raisins established by the Committee, and that with respect to layered Muscats (including other raisins with seeds), in addition to the above requirements the raisins shall be fairly free from shattered (or loose end) berries; uniformly cured; 30 percent or more "3 Crown" or larger size; of such

Subpart G—Antitrust Immunity and Liability

§ 989.801 Restrictions applicable to Committee personnel.

Members and employees of the Raisin Administrative Committee are immune from prosecution under the United States antitrust laws only insofar as their conduct in administering the Raisin Marketing Order is authorized by the Agricultural Marketing Agreement Act of 1937, 7 U.S.C. 601 *et seq.*, or the provisions of the order. Under the antitrust laws. Committee members and employees may not engage in any unauthorized agreement or concerted action that unreasonably restrains United States domestic or foreign commerce. For example, Committee members and employees have no authority to participate, either directly or indirectly, whether on an informal or formal, written or oral basis, in any bilateral or international undertaking or agreement with any competing foreign producer or seller or with any foreign government, agency, or instrumentality acting on behalf of competing foreign producers or sellers to (a) raise, fix, stabilize, or set a floor for raisin, sultana, or currant prices, or (b) limit the quantity or quality of raisins, sultanas, or currants imported into or exported from the United States. Participation in any such unauthorized agreement or joint undertaking could result in prosecution under the antitrust laws by the United States Department of Justice and/or suit by injured private persons seeking treble damages, and could also result in expulsion of members from the Committee or termination of employment with the Committee.

§ 990.1

7 CFR Ch. IX (1–1–20 Edition)

990.71 USDA plan reporting requirements.

AUTHORITY: 7 U.S.C. 1639o note, 1639p, 16939q, and 1639r.

SOURCE: 84 FR 58554, Oct. 31, 2019, unless otherwise noted.

EFFECTIVE DATE NOTE: At 84 FR 58554, Oct. 31, 2019, part 990 was added, effective Oct. 31, 2019 through Nov. 1, 2021.

Subpart A—Definitions

§ 990.1 Meaning of terms.

Words used in this subpart in the singular form shall be deemed to impart the plural, and vice versa, as the case may demand. For the purposes of provisions and regulations of this part, unless the context otherwise requires, the following terms shall be construed, respectively, to mean:

Acceptable hemp THC level. When a laboratory tests a sample, it must report the delta-9 tetrahydrocannabinol content concentration level on a dry weight basis and the measurement of uncertainty. The acceptable hemp THC level for the purpose of compliance with the requirements of State, Tribal, or USDA hemp plans is when the application of the measurement of uncertainty to the reported delta-9 tetrahydrocannabinol content concentration level on a dry weight basis produces a distribution or range that includes 0.3% or less. For example, if the reported delta-9 tetrahydrocannabinol content concentration level on a dry weight basis is 0.35% and the measurement of uncertainty is $\pm 0.06\%$, the measured delta-9 tetrahydrocannabinol content concentration level on a dry weight basis for this sample ranges from 0.29% to 0.41%. Because 0.3% is within the distribution or range, the sample is within the acceptable hemp THC level for the purpose of plan compliance. This definition of “acceptable hemp THC level” affects neither the statutory definition of hemp, 7 U.S.C. 1639o(1), in the 2018 Farm Bill nor the definition of “marihuana,” 21 U.S.C. 802(16), in the CSA.

Act. Agricultural Marketing Act of 1946.

Agricultural Marketing Service or *AMS.* The Agricultural Marketing Service of the U.S. Department of Agriculture.

Applicant. An applicant is:

(1) A State or Indian Tribe that has submitted a State or Tribal hemp production plan to USDA for approval under this part; or

(2) A producer in a State or territory of an Indian Tribe who is not subject to a State or Tribal hemp production plan and who has submitted an application for a license under the USDA hemp production plan under this part.

Cannabis. A genus of flowering plants in the family Cannabaceae of which *Cannabis sativa* is a species, and *Cannabis indica* and *Cannabis ruderalis* are subspecies thereof. Cannabis refers to any form of the plant in which the delta-9 tetrahydrocannabinol concentration on a dry weight basis has not yet been determined.

Controlled Substances Act (CSA). The Controlled Substances Act as codified in 21 U.S.C. 801 *et seq.*

Conviction. Means any plea of guilty or nolo contendere, or any finding of guilt, except when the finding of guilt is subsequently overturned on appeal, pardoned, or expunged. For purposes of this part, a conviction is expunged when the conviction is removed from the individual's criminal history record and there are no legal disabilities or restrictions associated with the expunged conviction, other than the fact that the conviction may be used for sentencing purposes for subsequent convictions. In addition, where an individual is allowed to withdraw an original plea of guilty or nolo contendere and enter a plea of not guilty and the case is subsequently dismissed, the individual is no longer considered to have a conviction for purposes of this part.

Corrective action plan. A plan established by a State, Tribal government, or USDA for a licensed hemp producer to correct a negligent violation or non-compliance with a hemp production plan and this part.

Criminal History Report. Criminal history report means the Federal Bureau of Investigation's Identity History Summary.

Culpable mental state greater than negligence. To act intentionally, knowingly, willfully, or recklessly.

Decarboxylated. The completion of the chemical reaction that converts THC-

acid (THC-A) into delta-9-THC, the intoxicating component of cannabis. The decarboxylated value is also calculated using a conversion formula that sums delta-9-THC and eighty-seven and seven tenths (87.7) percent of THC-acid.

Decarboxylation. The removal or elimination of carboxyl group from a molecule or organic compound.

Delta-9 tetrahydrocannabinol or *THC*. Delta-9-THC is the primary psychoactive component of cannabis. For the purposes of this part, delta-9-THC and THC are interchangeable.

Drug Enforcement Administration or *DEA*. The United States Drug Enforcement Administration.

Dry weight basis. The ratio of the amount of moisture in a sample to the amount of dry solid in a sample. A basis for expressing the percentage of a chemical in a substance after removing the moisture from the substance. Percentage of THC on a dry weight basis means the percentage of THC, by weight, in a cannabis item (plant, extract, or other derivative), after excluding moisture from the item.

Entity. A corporation, joint stock company, association, limited partnership, limited liability partnership, limited liability company, irrevocable trust, estate, charitable organization, or other similar organization, including any such organization participating in the hemp production as a partner in a general partnership, a participant in a joint venture, or a participant in a similar organization.

Farm Service Agency or *FSA*. An agency of the United States Department of Agriculture.

Gas chromatography or *GC*. A type of chromatography in analytical chemistry used to separate, identify, and quantify each component in a mixture. GC relies on heat for separating and analyzing compounds that can be vaporized without decomposition.

Geospatial location. For the purposes of this part, “geospatial location” means a location designated through a global system of navigational satellites used to determine the precise ground position of a place or object.

Handle. To harvest or store hemp plants or hemp plant parts prior to the delivery of such plants or plant parts for further processing. “Handle” also

includes the disposal of cannabis plants that are not hemp for purposes of chemical analysis and disposal of such plants.

Hemp. The plant species *Cannabis sativa* L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a delta-9 tetrahydrocannabinol concentration of not more than 0.3 percent on a dry weight basis.

High-performance liquid chromatography or *HPLC*. A type of chromatography technique in analytical chemistry used to separate, identify, and quantify each component in a mixture. HPLC relies on pumps to pass a pressurized liquid solvent containing the sample mixture through a column filled with a solid adsorbent material to separate and analyze compounds.

Indian Tribe. As defined in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304).

Information sharing system. The database mandated under the Act which allows USDA to share information collected under State, Tribal, and USDA plans with Federal, State, Tribal, and local law enforcement.

Key participants. A sole proprietor, a partner in partnership, or a person with executive managerial control in a corporation. A person with executive managerial control includes persons such as a chief executive officer, chief operating officer and chief financial officer. This definition does not include non-executive managers such as farm, field, or shift managers.

Law enforcement agency. Any Federal, State, or local law enforcement agency.

Lot. A contiguous area in a field, greenhouse, or indoor growing structure containing the same variety or strain of cannabis throughout the area.

Marijuana. As defined in the CSA, “marihuana” means all parts of the plant *Cannabis sativa* L., whether growing or not; the seeds thereof; the resin extracted from any part of such plant; and every compound, manufacture, salt, derivative, mixture, or preparation of such plant, its seeds or resin. The term ‘marihuana’ does not include

§ 990.2

7 CFR Ch. IX (1–1–20 Edition)

hemp, as defined in section 297A of the Agricultural Marketing Act of 1946, and does not include the mature stalks of such plant, fiber produced from such stalks, oil or cake made from the seeds of such plant, any other compound, manufacture, salt, derivative, mixture, or preparation of such mature stalks (except the resin extracted therefrom), fiber, oil, or cake, or the sterilized seed of such plant which is incapable of germination (7 U.S.C. 1639o). “Marihuana” means all cannabis that tests as having a concentration level of THC on a dry weight basis of higher than 0.3 percent.

Measurement of Uncertainty (MU). The parameter, associated with the result of a measurement, that characterizes the dispersion of the values that could reasonably be attributed to the particular quantity subject to measurement.

Negligence. Failure to exercise the level of care that a reasonably prudent person would exercise in complying with the regulations set forth under this part.

Phytocannabinoid. Cannabinoid chemical compounds found in the cannabis plant, two of which are Delta-9 tetrahydrocannabinol (delta-9 THC) and cannabidiol (CBD).

Plan. A set of criteria or regulations under which a State or Tribal government, or USDA, monitors and regulates the production of hemp.

Postdecarboxylation. In the context of testing methodologies for THC concentration levels in hemp, means a value determined after the process of decarboxylation that determines the total potential delta-9 tetrahydrocannabinol content derived from the sum of the THC and THC-A content and reported on a dry weight basis. The postdecarboxylation value of THC can be calculated by using a chromatograph technique using heat, gas chromatography, through which THCA is converted from its acid form to its neutral form, THC. Thus, this test calculates the total potential THC in a given sample. The postdecarboxylation value of THC can also be calculated by using a high-performance liquid chromatograph technique, which keeps the THC-A intact, and requires a conversion calculation of that THC-A to calculate total potential THC in a given

sample. See the definition for decarboxylation.

Produce. To grow hemp plants for market, or for cultivation for market, in the United States.

Producer. Producer means a producer as defined in 7 CFR 718.2 that is licensed or authorized to produce hemp under this part.

Reverse distributor. A person who is registered with the DEA in accordance with 21 CFR 1317.15 to dispose of marijuana under the Controlled Substances Act.

Secretary. The Secretary of Agriculture of the United States.

State. Any one of the fifty States of the United States of America, the District of Columbia, the Commonwealth of Puerto Rico, and any other territory or possession of the United States.

State department of agriculture. The agency, commission, or department of a State government responsible for agriculture in the State.

Territory of the Indian Tribe has the same meaning as “Indian Country” in 18 U.S.C. 1151.

Tribal government. The governing body of an Indian Tribe.

USDA licensed hemp producer or licensee. A person, partnership, or corporation authorized by USDA to produce hemp.

Subpart B—State and Tribal Hemp Production Plans

§ 990.2 State and Tribal plans; General authority.

States or Indian Tribes desiring to have primary regulatory authority over the production of hemp in the State or territory of the Indian Tribe for which it has jurisdiction shall submit to the Secretary for approval, through the State department of agriculture (in consultation with the Governor and chief law enforcement officer of the State) or the Tribal government, as applicable, a plan under which the State or Indian Tribe monitors and regulates that production.

§ 990.3 State and Tribal plans; Plan requirements.

(a) *General requirements.* A State or Tribal plan submitted to the Secretary for approval must include the practice

and procedures described in this paragraph (a).

(1) A State or Tribal plan must include a practice to collect, maintain, and report to the Secretary relevant, real-time information for each producer licensed or authorized to produce hemp under the State or Tribal plan regarding:

(i) Contact information as described in § 990.70(a)(1);

(ii) A legal description of the land on which the producer will produce hemp in the State or territory of the Indian Tribe including, to the extent practicable, its geospatial location; and

(iii) The status and number of the producer's license or authorization.

(2) A State or Tribal plan must include a procedure for accurate and effective sampling of all hemp produced, to include the requirements in this paragraph (a)(2).

(i) Within 15 days prior to the anticipated harvest of cannabis plants, a Federal, State, local, or Tribal law enforcement agency or other Federal, State, or Tribal designated person shall collect samples from the flower material from such cannabis plants for delta-9 tetrahydrocannabinol concentration level testing as described in §§ 990.24 and 990.25.

(ii) The method used for sampling from the flower material of the cannabis plant must be sufficient at a confidence level of 95 percent that no more than one percent (1%) of the plants in the lot would exceed the acceptable hemp THC level. The method used for sampling must ensure that a representative sample is collected that represents a homogeneous composition of the lot.

(iii) During a scheduled sample collection, the producer or an authorized representative of the producer shall be present at the growing site.

(iv) Representatives of the sampling agency shall be provided with complete and unrestricted access during business hours to all hemp and other cannabis plants, whether growing or harvested, and all land, buildings, and other structures used for the cultivation, handling, and storage of all hemp and other cannabis plants, and all locations listed in the producer license.

(v) A producer shall not harvest the cannabis crop prior to samples being taken.

(3) A State or Tribal plan must include a procedure for testing that is able to accurately identify whether the sample contains a delta-9 tetrahydrocannabinol content concentration level that exceeds the acceptable hemp THC level. The procedure must include a validated testing methodology that uses postdecarboxylation or other similarly reliable methods. The testing methodology must consider the potential conversion of delta-9 tetrahydrocannabinolic acid (THC-A) in hemp into THC and the test result measures total available THC derived from the sum of the THC and THC-A content. Testing methodologies meeting the requirements of this paragraph (a)(3) include, but are not limited to, gas or liquid chromatography with detection. The total THC concentration level shall be determined and reported on a dry weight basis.

(i) Any test of a representative sample resulting in higher than the acceptable hemp THC level shall be conclusive evidence that the lot represented by the sample is not in compliance with this part. Lots tested and not certified by the DEA-registered laboratory at or below the acceptable hemp THC level may *not* be further handled, processed or enter the stream of commerce and the producer shall ensure the lot is disposed of in accordance with § 990.27.

(ii) Samples of hemp plant material from one lot shall not be commingled with hemp plant material from other lots.

(iii) Analytical testing for purposes of detecting the concentration levels of THC shall meet the following standards:

(A) Laboratory quality assurance must ensure the validity and reliability of test results;

(B) Analytical method selection, validation, and verification must ensure that the testing method used is appropriate (fit for purpose), and that the laboratory can successfully perform the testing;

(C) The demonstration of testing validity must ensure consistent, accurate analytical performance;

§ 990.4

7 CFR Ch. IX (1–1–20 Edition)

(D) Method performance specifications must ensure analytical tests are sufficiently sensitive for the purposes of the detectability requirements of this part; and

(E) An effective disposal procedure for hemp plants that are produced that do not meet the requirements of this part. The procedure must be in accordance with DEA reverse distributor regulations found at 21 CFR 1317.15.

(F) Measurement of uncertainty (MU) must be estimated and reported with test results. Laboratories shall use appropriate, validated methods and procedures for all testing activities and evaluate measurement of uncertainty.

(4) A State or Indian Tribe shall promptly notify the Administrator by certified mail or electronically of any occurrence of cannabis plants or plant material that do not meet the definition of hemp in this part and attach the records demonstrating the appropriate disposal of all of those plants and materials in the lot from which the representative samples were taken.

(5) A State or Tribal plan must include a procedure to comply with the enforcement procedures in § 990.6.

(6) A State or Tribal plan must include a procedure for conducting annual inspections of, at a minimum, a random sample of producers to verify that hemp is not produced in violation of this part. These procedures must enforce the terms of violations as stated in the Act and defined under § 990.6.

(7) A State or Tribal plan must include a procedure for submitting the information described in § 990.70 to the Secretary not more than 30 days after the date on which the information is received. All such information must be submitted to the USDA in a format that is compatible with USDA's information sharing system.

(8) The State or Tribal government must certify that the State or Indian Tribe has the resources and personnel to carry out the practices and procedures described in paragraphs (a)(1) through (7) of this section.

(9) The State or Tribal plan must include a procedure to share information with USDA to support the information sharing requirements in 7 U.S.C. 1639q(d). The procedure must include

the requirements described in this paragraph (a)(9).

(i) The State or Tribal plan shall require producers to report their hemp crop acreage to the FSA, consistent with the requirement in § 990.7.

(ii) The State or Tribal government shall assign each producer with a license or authorization identifier in a format prescribed by USDA.

(iii) The State or Tribal government shall require producers to report the total acreage of hemp planted, harvested, and, if applicable, disposed. The State or Tribal government shall collect this information and report it to AMS.

(b) *Relation to State and Tribal law.* A State or Tribal plan may include any other practice or procedure established by a State or Indian Tribe, as applicable; *Provided*, That the practice or procedure is consistent with this part and Subtitle G of the Act.

(1) *No preemption.* Nothing in this part preempts or limits any law of a State or Indian Tribe that:

(i) Regulates the production of hemp; and

(ii) Is more stringent than this part or Subtitle G of the Act.

(2) *References in plans.* A State or Tribal plan may include a reference to a law of the State or Indian Tribe regulating the production of hemp, to the extent that the law is consistent with this part.

§ 990.4 USDA approval of State and Tribal plans.

(a) *General authority.* No plans will be accepted by USDA prior to October 31, 2019. No later than 60 calendar days after the receipt of a State or Tribal plan for a State or Tribal Nation in which production of hemp is legal, the Secretary shall:

(1) Approve the State or Tribal plan only if the State or Tribal plan complies with this part; or

(2) Disapprove the State or Tribal plan if the State or Tribal plan does not comply with this part. USDA shall provide written notification to the State or Tribe of the disapproval and the cause for the disapproval.

Agricultural Marketing Service, USDA

§ 990.5

(b) *Amended plans.* A State or Tribal government, as applicable, must submit to the Secretary an amended plan if:

(1) The Secretary disapproves a State or Tribal plan if the State or Tribe wishes to have primary jurisdiction over hemp production within its State or territory of the Indian Tribe; or

(2) The State or Tribe makes substantive revisions to its plan or its laws which alter the way the plan meets the requirements of this part. If this occurs, the State or Tribal government must re-submit the plan with any modifications based on laws and regulation changes for USDA approval. Such re-submissions should be provided to USDA within 365 days from the date that the State or Tribal laws and regulations are effective. Producers shall continue to comply with the requirements of the existing plan while such modifications are under consideration by USDA. If State or Tribal government laws or regulations in effect under the USDA-approved plan change but the State or Tribal government does not re-submit a modified plan within one year from the effective date of the new law or regulation, the existing plan is revoked.

(3) USDA approval of State or Tribal government plans shall remain in effect unless an amended plan must be submitted to USDA because of a substantive revision to a State's or Tribe's plan, a relevant change in State or Tribal laws or regulations, or approval of the plan is revoked by USDA.

(c) *Technical assistance.* The Secretary may provide technical assistance to help a State or Indian Tribe develop or amend a plan. This may include the review of draft plans or other informal consultation as necessary.

(d) *Approved State or Tribal plans.* If the Secretary approves a State or Tribal plan, the Secretary shall notify the State or Tribe by letter or email.

(1) In addition to the approval letter, the State or Tribe shall receive their plan approval certificate either as an attachment or assessable via website link.

(2) The USDA shall post information regarding approved plans on its website.

(3) USDA approval of State or Tribal government plans shall remain in effect unless:

(i) The State or Tribal government laws and regulations in effect under the USDA-approved plan change, thus requiring such plan to be re-submitted for USDA approval.

(ii) A State or Tribal plan must be amended in order to comply with amendments to Subtitle G the Act and this part.

(e) *Producer rights upon revocation of State or Tribal plan.* If USDA revokes approval of the State or Tribal plan due to noncompliance as defined in § 990.5, producers licensed or authorized to produce hemp under the revoked State or Tribal plan may continue to produce for the remainder of the calendar year in which the revocation became effective. Producers may then apply to be licensed under the USDA plan for 90 days after the notification even if the time period does not coincide with the annual application window.

§ 990.5 Audit of State or Tribal plan compliance.

The Secretary may conduct an audit of the compliance of a State or Indian Tribe with an approved plan.

(a) *Frequency of audits.* Compliance audits may be scheduled, at minimum, once every three years and may include an onsite-visit, a desk-audit, or both. The USDA may adjust the frequency of audits if deemed appropriate based on program performance, compliance issues, or other relevant factors identified and provided to the State or Tribal governments by USDA.

(b) *Scope of audit review.* The audit may include, but is not limited to, a review of the following:

(1) The resources and personnel employed to administer and oversee its approved plan;

(2) The process for licensing and systematic compliance review of hemp producers;

(3) Sampling methods and laboratory testing requirements and components;

(4) Disposal of non-compliant hemp plants or hemp plant material practices, to ensure that correct reporting to the USDA has occurred;

(5) Results of and methodology used for the annual inspections of producers; and

(6) Information collection procedures and information accuracy (*i.e.*, geospatial location, contact information reported to the USDA, legal description of land).

(c) *Audit reports.* (1) Audit reports will be issued to the State or Tribal government within 60 days after the audit concluded. If the audit reveals that the State or Tribal government is not in compliance with its USDA approved plan, USDA will advise the State or Indian Tribe of non-compliances and the corrective measures that must be completed to come into compliance with the regulations in this part. The USDA will require the State or Tribe to develop a corrective action plan, which will be reviewed and approved by the USDA, and the State or Tribe will be able to demonstrate its compliance with the regulations in this part through a second audit by USDA. If the State or Tribe requests USDA assistance to develop a corrective action plan in the case of a first instance of noncompliance, the State or Tribe must request this assistance not later than 30 days after the issuance of the audit report. The USDA will approve or deny the corrective action plan within 60 days of its receipt.

(2) If the USDA determines that the State or Indian Tribe is not in compliance after the second audit, the USDA may revoke its approval of the State or Tribal plan for a period not to exceed one year. USDA will not approve a State or Indian Tribe's plan until the State or Indian Tribe demonstrates upon inspection that it is in compliance with all regulations in this part.

§ 990.6 Violations of State and Tribal plans.

(a) *Producer violations.* Producer violations of USDA-approved State and Tribal hemp production plans shall be subject to enforcement in accordance with the terms of this section.

(b) *Negligent violations.* Each USDA-approved State or Tribal plan shall contain provisions relating to negligent producer violations as defined under this part. Negligent violations shall include, but not be limited to:

(2) Failure to obtain a license or other required authorization from the State department of agriculture or Tribal government, as applicable; or

(3) Production of cannabis with a delta-9 tetrahydrocannabinol concentration exceeding the acceptable hemp THC level. Hemp producers do not commit a negligent violation under this paragraph (b)(3) if they make reasonable efforts to grow hemp and the cannabis (marijuana) does not have a delta-9 tetrahydrocannabinol concentration of more than 0.5 percent on a dry weight basis.

(c) *Corrective action for negligent violations.* Each USDA-approved State or Tribal plan shall contain rules and regulations providing for the correction of negligent violations. Each correction action plan shall include, at minimum, the following terms:

(1) A reasonable date by which the producer shall correct the negligent violation.

(2) A requirement that the producer shall periodically report to the State department of agriculture or Tribal government, as applicable, on its compliance with the State or Tribal plan for a period of not less than the next 2 years from the date of the negligent violation.

(3) A producer that negligently violates a State or Tribal plan approved under this part shall not as a result of that violation be subject to any criminal enforcement action by the Federal, State, Tribal, or local government.

(4) A producer that negligently violates a USDA-approved State or Tribal plan three times in a 5-year period shall be ineligible to produce hemp for a period of 5 years beginning on the date of the third violation.

(5) The State or Tribe shall conduct an inspection to determine if the corrective action plan has been implemented as submitted.

(d) *Culpable violations.* Each USDA-approved State or Tribal plan shall contain provisions relating to producer violations made with a culpable mental state greater than negligence, including that:

(1) A person with a State or Federal felony conviction relating to a controlled substance is subject to a 10-year ineligibility restriction on participating in the plan and producing hemp under the State or Tribal plan from the date of the conviction. An exception applies to a person who was lawfully growing hemp under the 2014 Farm Bill before December 20, 2018, and whose conviction also occurred before that date.

(2) Any producer growing hemp lawfully with a license, registration, or authorization under a pilot program authorized by section 7606 of the Agricultural Act of 2014 (7 U.S.C. 5940) before October 31, 2019 shall be exempted from paragraph (e)(1) of this section.

(c) Acreage dedicated to the production of hemp, or greenhouse or indoor square footage dedicated to the production of hemp.

(d) License or authorization identifier.

§ 990.8 Production under Federal law.

Nothing in this subpart prohibits the production of hemp in a State or the territory of an Indian Tribe for which a State or Tribal plan is not approved under this subpart if the production of that hemp is in accordance with subpart C of this part, and if the production of hemp is not otherwise prohibited by the State or Indian Tribe.

Subpart C—USDA Hemp Production Plan

§ 990.21 USDA hemp producer license.

(a) *General application requirements—*

(1) *Requirements and license application.* Any person producing or intending to produce hemp must have a valid license prior to producing, cultivating, or storing hemp. A valid license means the license is unexpired, unsuspended, and unrevoked.

(2) *Application window.* Applicants may submit an application for a new license to USDA between December 2, 2019 and November 2, 2020. (b) *License renewals.* USDA hemp producer licenses must be renewed prior to license expiration. Licenses are not automatically renewed. Applications for renewal shall be subject to the same terms, information collection requirements, and approval criteria as provided in this subpart for initial applications unless there has been an amendment to the regulations in this part or the law since approval of the initial or last application.

(c) *License modification.* A license modification is required if there is any change to the information submitted in the application including, but not limited to, sale of a business, the production, handling, or storage of hemp in a new location, or a change in the key participants producing under a license.

§ 990.22 USDA Hemp producer license approval.

(a) A license shall not be issued unless:

(1) The application submitted for USDA review and approval is complete and accurate.

(2) The criminal history report(s) submitted with the license application confirms that all key participants to be covered by the license have not been convicted of a felony, under State or Federal law, relating to a controlled substance within the past ten (10) years unless the exception in § 990.20(b) applies.

(3) The applicant has submitted all reports required as a participant in the hemp production program by this part.

§ 990.25

whose license has been suspended, revoked, or is otherwise ineligible to participate.

(7) The State or territory of Indian Tribe where the person produces or intends to produce hemp does not have a USDA-approved plan or has not submitted a plan to USDA for approval and is awaiting USDA's decision. For the first year, USDA will not accept request for licenses under the USDA plan until December 2, 2019 to allow States and Tribes to submit their plans.

(8) The State or territory of Indian Tribe where the person produces or intends to produce hemp does not prohibit the production of hemp.

(b) USDA shall provide written notification to applicants whether the application has been approved or denied unless the applicant is from a State or territory of an Indian Tribe that has a plan submitted to USDA and is awaiting USDA approval.

(1) If an application is approved, a license will be issued. Information regarding approved licenses will be available on the AMS website.

(2) Licenses will be valid until December 31 of the year three after the year in which the license was issued.

(3) Licenses may not be sold, assigned, transferred, pledged, or otherwise disposed of, alienated or encumbered.

(4) If a license application is denied, the notification from USDA will explain the cause for denial. Applicants may appeal the denial in accordance with subpart D of this part.

(c) If the applicant is producing in more than one location, the applicant may have more than one license to grow hemp. If the applicant has operations in a location covered under a State or Tribal plan, that operation must be licensed under the State or Tribal plan, not a USDA plan.

§ 990.23 Reporting hemp crop acreage with USDA Farm Service Agency.

All USDA plan producers shall report hemp crop acreage with FSA and shall provide, at minimum, the following information:

(a) Street address and, to the extent practicable, geospatial location of the lot, greenhouse, building, or site where hemp will be produced. All locations

where hemp is produced must be reported to FSA.

(b) Acreage dedicated to the production of hemp, or greenhouse or indoor square footage dedicated to the production of hemp.

(c) The license number.

§ 990.24 Responsibility of a USDA licensed producer prior to harvest.

(a) Within 15 days prior to the anticipated harvest of cannabis plants, a producer shall have an approved Federal, State, local law enforcement agency or other USDA designated person collect samples from the flower material of such cannabis material for delta-9 tetrahydrocannabinol concentration level testing.

(b) The method used for sampling from the flower material of the cannabis plant must be sufficient at a confidence level of 95 percent that no more than one percent (1%) of the plants in the lot would exceed the acceptable hemp THC level. The method used for sampling must ensure that a representative sample is collected that represents a homogeneous composition of the lot.

(c) During a scheduled sample collection, the producer or an authorized representative of the producer shall be present at the growing site.

(d) Representatives of the sampling agency shall be provided with complete and unrestricted access during business hours to all hemp and other cannabis plants, whether growing or harvested, and all land, buildings, and other structures used for the cultivation, handling, and storage of all hemp and other cannabis plants, and all locations listed in the producer license.

(e) A producer shall not harvest the cannabis crop prior to samples being taken.

§ 990.25 Standards of performance for detecting delta-9 tetrahydrocannabinol (THC) concentration levels.

(a) Analytical testing for purposes of detecting the concentration levels of delta-9 tetrahydrocannabinol (THC) in the flower material of the cannabis plant shall meet the following standard:

§ 990.26

(1) Laboratory quality assurance must ensure the validity and reliability of test results;

(2) Analytical method selection, validation, and verification must ensure that the testing method used is appropriate (fit for purpose) and that the laboratory can successfully perform the testing;

(3) The demonstration of testing validity must ensure consistent, accurate analytical performance; and

(4) Method performance specifications must ensure analytical tests are sufficiently sensitive for the purposes of the detectability requirements of this part.

(b) At a minimum, analytical testing of samples for delta-9 tetrahydrocannabinol concentration levels must use post-decarboxylation or other similarly reliable methods approved by the Secretary. The testing methodology must consider the potential conversion of delta-9 tetrahydrocannabinolic acid (THCA) in hemp into delta-9 tetrahydrocannabinol (THC) and the test result reflect the total available THC derived from the sum of the THC and THC-A content. Testing methodologies meeting the requirements of this paragraph (b) include, but are not limited to, gas or liquid chromatography with detection.

(c) The total delta-9 tetrahydrocannabinol concentration level shall be determined and reported on a dry weight basis. Additionally, measurement of uncertainty (MU) must be estimated and reported with test results. Laboratories shall use appropriate, validated methods and procedures for all testing activities and evaluate measurement of uncertainty.

(d) Any sample test result exceeding the acceptable hemp THC level shall be conclusive evidence that the lot represented by the sample is not in compliance with this part.

§ 990.26 Responsibility of a USDA producer after laboratory testing is performed.

(a) The producer shall harvest the crop not more than fifteen (15) days following the date of sample collection.

(b) If the producer fails to complete harvest within fifteen (15) days of sam-

7 CFR Ch. IX (1–1–20 Edition)

ple collection, a secondary pre-harvested sample of the lot shall be required to be submitted for testing.

(c) Harvested lots of hemp plants shall not be commingled with other harvested lots or other material without prior written permission from USDA.

(d) Lots that meet the acceptable hemp THC level may enter the stream of commerce.

(e) Lots tested and *not* certified by the DEA-registered laboratory not exceeding the acceptable hemp THC level may *not* be further handled, processed, or enter the stream of commerce and the licensee shall ensure the lot is disposed of in accordance with § 990.27.

(f) Any producer may request additional testing if it is believed that the original delta-9 tetrahydrocannabinol concentration level test results were in error.

§ 990.27 Non-compliant cannabis plants.

(a) Cannabis plants exceeding the acceptable hemp THC level constitute marijuana, a schedule I controlled substance under the Controlled Substances Act (CSA), 21 U.S.C. 801 *et seq.*, and must be disposed of in accordance with the CSA and DEA regulations found at 21 CFR 1317.15.

(b) Producers must notify USDA of their intent to dispose of non-conforming plants and verify disposal by submitting required documentation.

§ 990.28 Compliance.

(a) *Audits.* Producers may be audited by the USDA. The audit may include a review of records and documentation, and may include site visits to farms, fields, greenhouses, storage facilities, or other locations affiliated with the producer's hemp operation. The inspection may include the current crop year, as well as any previous crop year(s). The audit may be performed remotely or in person.

(b) *Frequency of audit verifications.* Audit verifications may be performed once every three (3) years unless otherwise determined by USDA. If the results of the audit find negligent violations, a corrective action plan may be established.

Agricultural Marketing Service, USDA

§ 990.30

(c) *Assessment of producer's hemp operations for conformance.* The producer's operational procedures, documentation, and recordkeeping, and other practices may be verified during the onsite audit verification. The auditor may also visit the production, cultivation, or storage areas for hemp listed on the producer's license.

(1) *Records and documentation.* The auditor shall assess whether required reports, records, and documentation are properly maintained for accuracy and completeness.

(2) [Reserved]

(d) *Audit reports.* Audit reports will be issued to the licensee within 60 days after the audit is concluded. If USDA determines under an audit that the producer is not compliant with this part, USDA shall require a corrective action plan. The producer's implementation of a corrective action plan may be reviewed by USDA during a future site visit or audit.

§ 990.29 Violations.

Violations of this part shall be subject to enforcement in accordance with the terms of this section.

(a) *Negligent violations.* A hemp producer shall be subject to enforcement for negligently:

(1) Failing to provide an accurate legal description of land where hemp is produced;

(2) Producing hemp without a license; and

(3) Producing cannabis (marijuana) exceeding the acceptable hemp THC level. Hemp producers do not commit a negligent violation under this paragraph (a) if they make reasonable efforts to grow hemp and the cannabis (marijuana) does not have a delta-9 tetrahydrocannabinol concentration of more than 0.5 percent on a dry weight basis.

(b) *Corrective action for negligent violations.* For each negligent violation, USDA will issue a Notice of Violation and require a corrective action plan for the producer. The producer shall comply with the corrective action plan to cure the negligent violation. Corrective action plans will be in place for a minimum of two (2) years from the date of their approval. Corrective action plans will, at a minimum, include:

(1) The date by which the producer shall correct each negligent violation;

(2) Steps to correct each negligent violation; and

(3) A description of the procedures to demonstrate compliance must be submitted to USDA.

(c) *Negligent violations and criminal enforcement.* A producer that negligently violates this part shall not, as a result of that violation be subject to any criminal enforcement action by any Federal, State, Tribal, or local government.

(d) *Subsequent negligent violations.* If a subsequent violation occurs while a corrective action plan is in place, a new corrective action plan must be submitted with a heightened level of quality control, staff training, and quantifiable action measures.

(e) *Negligent violations and license revocation.* A producer that negligently violates the license 3 times in a 5-year period shall have their license revoked and be ineligible to produce hemp for a period of 5 years beginning on the date of the third violation.

(f) *Culpable mental state greater than negligence.* If USDA determines that a licensee has violated the terms of the license or of this part with a culpable mental state greater than negligence:

(1) USDA shall immediately report the licensee to:

(i) The U.S. Attorney General; and

(ii) The chief law enforcement officer of the State or Indian territory, as applicable, where the production is located; and

(2) Paragraphs (a) and (b) of this section shall not apply to culpable violations.

§ 990.30 USDA producers; License suspension.

(a) USDA may issue a notice of suspension to a producer if USDA or its representative receives some credible evidence establishing that a producer has:

(1) Engaged in conduct violating a provision of this part; or

(2) Failed to comply with a written order from the USDA-AMS Administrator related to negligence as defined in this part.

§ 990.31

7 CFR Ch. IX (1–1–20 Edition)

(b) Any producer whose license has been suspended shall not handle or remove hemp or cannabis from the location where hemp or cannabis was located at the time when USDA issued its notice of suspension, without prior written authorization from USDA.

(c) Any person whose license has been suspended shall not produce hemp during the period of suspension.

(d) A producer whose license has been suspended may appeal that decision in accordance with subpart D of this part.

(e) A producer whose license has been suspended and not restored on appeal may have their license restored after a waiting period of one year from the date of the suspension.

(f) A producer whose license has been suspended may be required to complete a corrective action plan to fully restore the license.

§ 990.31 USDA licensees; Revocation.

USDA shall immediately revoke the license of a USDA producer if such producer:

(a) Pleads guilty to, or is convicted of, any felony related to a controlled substance; or

(b) Made any materially false statement with regard to this part to USDA or its representatives with a culpable mental state greater than negligence; or

(c) Is found to be growing cannabis exceeding the acceptable hemp THC level with a culpable mental state greater than negligence or negligently violated this part three times in five years.

§ 990.32 Recordkeeping requirements.

(a) USDA producers shall maintain records of all hemp plants acquired, produced, handled, or disposed of as will substantiate the required reports.

(b) All records and reports shall be maintained for at least three years.

(c) All records shall be made available for inspection by USDA inspectors, auditors, or their representatives during reasonable business hours. The following records must be made available:

(1) Records regarding acquisition of hemp plants;

(2) Records regarding production and handling of hemp plants;

(3) Records regarding storage of hemp plants; and

(4) Records regarding disposal of all cannabis plants that do not meet the definition of hemp.

(d) USDA inspectors, auditors, or their representatives shall have access to any premises where hemp plants may be held during reasonable business hours.

(e) All reports and records required to be submitted to USDA as part of participation in the program in this part which include confidential data or business information, including but not limited to information constituting a trade secret or disclosing a trade position, financial condition, or business operations of the particular licensee or their customers, shall be received by, and at all times kept in the custody and control of, one or more employees of USDA or their representatives. Confidential data or business information may be shared with applicable Federal, State, Tribal, or local law enforcement or their designee in compliance with the Act.

(3) All other independent handlers who handled the remaining percentage of such prune tonnage shall nominate from their organizations, one nominee for a handler member and one for an alternate member.

(e) The producer and handler members of the Committee selected for a new term of office shall nominate a public member and alternate member at the first meeting following their selection.

[31 FR 9713, July 19, 1966, as amended at 46 FR 61636, Dec. 18, 1981]

GRADE AND SIZE REGULATIONS

§ 993.49 Incoming regulation.

(a) No handler shall receive prunes from producers or dehydrators, other than substandard prunes and undersized prunes, unless such prunes meet the minimum standards for natural condition prunes set forth in § 993.97 (Exhibit A), or as such standards may be modified, or the more restrictive grade regulation established pursuant to this section, and then in effect: *Provided*, That no handler shall receive any prunes (including substandard prunes and undersized prunes) from producers or dehydrators unless such prunes have been properly dried and cured in original natural condition, without the addition of water, and are free from active insect infestation, so that they are capable of being received, stored, and packed without material deterioration or spoilage. Any “high moisture content prunes,” as described in the exception in § 993.5(b), in the possession of a handler, shall be held separate and apart from any prunes held by him. If such “high moisture content prunes” are dried or dehydrated to a point where they are capable of being stored, without material deterioration or spoilage, unrefrigerated or not otherwise artificially preserved, they shall be deemed, at that time, to have been received by such handler as prunes, and shall be subject to all of the conditions and restrictions of this subpart.

(b) The Secretary, on the basis of a recommendation of the committee or other information, may establish size regulations or more restrictive grade regulations with respect to prunes that may be received by a handler from producers and dehydrators whenever he finds that such action would tend to effectuate the declared policy of the act.

(c) In no crop year shall a handler receive from producers or dehydrators prunes, other than as undersized prunes, which pass freely through a round opening with a diameter as follows: For French prunes 23/32 of an inch, and for non-French prunes 28/32 of an inch: *Provided*, That the Secretary upon a recommendation of the Committee, may establish larger openings whenever it is determined that supply conditions for a crop year warrant such

regulation. The quantity of undersized prunes in any lot received by a handler from a producer or dehydrator shall be determined by the inspection service and entered on the applicable inspection certificate.

[26 FR 476, Jan. 19, 1961, as amended at 37 FR 862, Jan. 20, 1972; 46 FR 61637, Dec. 18, 1981]

§ 993.50 Outgoing regulation.

(a) Except as otherwise specifically provided, no handler shall ship or otherwise make final disposition of prunes which fail to meet the applicable minimum standards set forth in § 993.97 (Exhibit A), or as such standards may be modified, for standard prunes or standard processed prunes.

(b) The Secretary, on the basis of a recommendation of the committee or other information, may establish size regulations, pack specifications, or more restrictive grade regulations with respect to prunes that may be shipped or otherwise disposed of by a handler if such action would tend to effectuate the declared policy of the act. If a more restrictive grade regulation is established in connection with § 993.97 (Exhibit A) it shall insofar as practicable apply comparably to both natural condition prunes and processed prunes. When pack specifications are in effect, no handler shall ship prunes in consumer packages, unless such prunes are identified by an appropriate label, seal, stamp, or tag affixed to such container by the handler showing the size of prunes in the lot from which the container was packed. In order to effectuate such orderly marketing of prunes as will be in the public interest, whether prices are above or below parity, no handler shall use descriptive terms in a manner inconsistent with that set forth in this subpart or in any pack specifications or other regulation issued by the Secretary pursuant to this subpart.

(c) Non-French prunes: No handler shall ship or otherwise make final disposition of any lot of standard prunes or standard processed prunes of the non-French varieties or any lot which includes non-French prunes in excess of a tolerance to be prescribed by the Secretary on recommendation of the Com-

mittee, unless the average count of such non-French prunes contained in any such lot is 40 or less per pound. However, under safeguards to be established by the Committee, any lot containing non-French prunes with an average size count of more than 40 prunes per pound may be shipped to or disposed of in prune product outlets in which they lose their form and character as prunes by conversion prior to consumption. A tolerance as to the permitted deviation of sizes about the average count shall be prescribed by the Secretary, upon recommendation of the Committee.

(d) French prunes: No handler shall ship or otherwise make final disposition of any lot of French prunes for human consumption as prunes, or any lot of mixed dried fruit containing French prunes for human consumption as mixed dried fruit, unless the average count of French prunes contained in any such lot is 100 or less per pound. However, under safeguards to be established by the Committee, any lot containing French prunes with an average size count of more than 100 prunes per pound may be shipped to or disposed of in prune product outlets in which they lose their form and character as prunes by conversion prior to consumption. In determining whether any such lot conforms to this minimum size requirement, the following tolerance shall apply: In a sample of 100 ounces, the count per pound of 10 ounces of the smallest prunes shall not vary from the count per pound of 10 ounces of the largest prunes by more than 45 points. The Secretary may, upon the basis of the recommendation and information submitted by the Committee and other available information, modify this tolerance for uniformity of size.

(e) No handler shall ship or otherwise make final disposition of any lot of substandard prunes except for use as prune products in which the prunes lose their form and character as prunes by conversion prior to consumption, or for use in non-human consumption outlets: *Provided*, That any such prunes which are shipped or otherwise disposed of for human consumption shall meet the minimum standards prescribed in II C (1), (2), and (3) of § 993.97 or as such standards as may pursuant

Agricultural Marketing Service, USDA

§ 993.53

to § 993.52 be modified. The committee shall issue any such rules and regulations as may be necessary to insure such uses.

(f) Notwithstanding the restrictions contained in this section, any handler may transfer prunes from one plant owned by him to another plant owned by him within the area without having an inspection made as provided for in § 993.51. Any handler may ship prunes from his plant to another handler's plant within the area without having an inspection made as provided for in § 993.51, but a report of such inter-handler transfer shall be made promptly by the transferring handler to the committee. The receiving handler shall, before shipping or otherwise making final disposition of such prunes, comply with the requirements of this section and of § 993.51.

(g) No handler shall ship or otherwise dispose of, for human consumption, the quantity of prunes determined by the inspection service pursuant to § 993.49(c) to be undersized prunes. However, such handler may, at the direction and under the supervision of the Committee, dispose of such quantity of prunes in nonhuman consumption outlets. Prunes so disposed of shall be of the same variety as, and reasonably comparable in size, to such undersized prunes. The handler shall cause the inspection service to make a determination whether the prunes disposed of by the handler in nonhuman consumption outlets meet such requirements. In making the determination with respect to comparability in size, the inspection service shall apply a tolerance permitting a deviation from the size of the applicable opening established pursuant to § 993.49(c). Any such tolerance, together with any rules and regulations to insure proper disposition of the prunes and that such prunes are reasonably comparable to the undersized prunes so received, shall be established by the Committee with the approval of the Secretary. The quantity of prunes determined pursuant to § 993.49(c) shall not be deemed to be within the handler's quota for salable prunes fixed by the Secretary within the meaning of section 8a(5) of the Act.

§ 993.51 Inspection and certification.

Each handler shall at his own expense, before or upon the receiving, and before the shipping or disposing of prunes, cause an inspection to be made of such prunes to determine whether they meet the applicable grade and size requirements or the pack specifications, including labeling, effective pursuant to this part. Such handler shall obtain a certificate that such prunes meet the aforementioned applicable requirements and shall submit such certificate, or cause it to be submitted, to the committee. Acceptable certificates shall be those issued by inspectors of the Dried Fruit Association of California. The Secretary may designate another inspection service in the event the services of the Association prove unsatisfactory.

§ 993.52 Modification.

Minimum standards, pack specifications or size regulations, including the openings prescribed in § 993.49(c), may be modified by the Secretary, on the basis of a recommendation of the committee or other information, whenever he finds that such modification would tend to effectuate the declared policy of the act.

The minimum standards, the minimum sizes, including the minimum undersized regulation in § 993.49(c), and the provisions of this part relating to administration shall continue in effect irrespective of whether the estimated season average price for prunes is in excess of the parity level specified in section 2(1) of the act.

RESERVE CONTROL

SOURCE: 30 FR 9799, Aug. 8, 1965, unless otherwise noted.

§ 993.54 Establishment of salable and reserve percentages.

Whenever the Secretary finds, from the recommendations and supporting information supplied by the committee, or from any other available information, that to establish the percentages of prunes for any crop year which shall be salable prunes and reserve prunes, respectively, or to modify the previously established percentages, would tend to effectuate the declared policy of the act, he shall establish or modify such percentages. The salable and reserve percentages when applied to the natural condition weight of prunes, excluding the quantity of undersized prunes determined pursuant to § 993.49(c), received during the crop year by a handler from producers and dehydrators, plus that diverted tonnage (dried weight natural condition prune basis) on diversion certificates issued pursuant to § 993.62 and credited to or held by him, shall determine the weight of each handler's receipts which are salable prunes and reserve prunes. The total of the salable and reserve percentages shall equal 100 percent. A cooperative marketing association may concentrate the prunes of its producer members before applying the salable and reserve percentages.

§ 993.55 Application of salable and reserve percentages after end of crop year.

The salable and reserve percentages established for any crop year shall remain in effect after that crop year until salable and reserve percentages are established for another crop year. After such percentages are established, all reserve obligations shall be adjusted to the newly established percentages.

EFFECTIVE DATE NOTE: At 70 FR 30613, May 27, 2005, § 993.55 was suspended indefinitely.

§ 993.56 Reserve obligation.

Whenever salable and reserve percentages are in effect for any crop year, the reserve obligation of a handler shall approximate the average marketable content of the handler's receipts and shall be a weight of natural condition prunes equal to the reserve percentage applied to the natural condition weight of prunes, excluding the quantity of undersized prunes determined pursuant to § 993.49(c), such handler receives during the crop year from producers and dehydrators plus that diverted tonnage (dried weight natural condition prune basis) on diversion certificates credited to or held by him which were issued pursuant to § 993.62. However, if the committee determines the requirement as to setaside reflecting average marketable content of receipts is not essential to achieve program objectives for the crop of a particular season, it may be eliminated for that season by the committee, with the approval of the Secretary. As a prerequisite for making this determination, the committee must find that the resultant setaside procedures assure that the trade demand for manufacturing prunes, as well as prunes for consumption as prunes, will be met. The salable prunes permitted to be disposed of by any handler in accordance with the provisions of this part shall be deemed to be that handler's quota fixed by the Secretary within the meaning of section 8a(5) of the act.

§ 993.57 Holding requirement and delivery.

Each handler shall at all times, hold, in his possession or under his control, in proper storage for the account of the committee, free and clear of all liens, the quantity of prunes necessary to meet his reserve obligation, less any quantity: (a) For which he has a temporary deferment pursuant to § 993.58(a); (b) of prune plums (dried weight natural condition basis) diverted pursuant to § 993.62 as shown on diversion certificates held by him, or credited by the committee against his

reserve obligation; (c) disposed of by him under a sales contract of the committee; (d) delivered by him to the committee, or to a person designated by it, pursuant to its instructions; and (e) for which he is otherwise relieved by the committee of such responsibility to so hold prunes. No handler may transfer a reserve obligation but any handler may, upon notification to the committee arrange to hold reserve prunes on the premises of another handler or in approved commercial storage, under conditions of proper storage. The committee may, after giving reasonable notice, require a handler to deliver to it, or to a person designated by it, f.o.b. handler's warehouse or point of storage, reserve prunes held by him. The committee may require that such delivery consist of natural condition prunes or it may arrange for such delivery to consist of processed prunes.

EFFECTIVE DATE NOTE: At 70 FR 30613, May 27, 2005, § 993.57 was suspended indefinitely.

§ 993.58 Deferment of time for withholding.

(a) Compliance by any handler with the requirement of § 993.57 for withholding reserve prunes may be temporarily deferred to any date desired by the handler, but not later than November 15 of the crop year, upon the execution and delivery by such handler to the committee of a written undertaking that on or prior to the desired date he will have fully satisfied his holding requirement. Such undertaking shall be secured by a bond or bonds to be filed with and acceptable to the committee in the amount or amounts specified, conditioned upon full compliance with such undertaking.

(b)(1) Each bond shall be provided by and at the handler's expense, with a surety or sureties acceptable to the committee, and shall be in an amount computed by multiplying the pounds of natural condition prunes for which deferment is desired by the bonding rate. Such bonding rate shall be established by the committee at a level sufficient to achieve the objectives of this part.

(2) In case a handler defaults in meeting his deferred withholding requirement, any funds collected by the committee from the bonding company

through such default shall be used by the committee to purchase from handlers a quantity of natural condition prunes, up to but not exceeding the quantity on which default occurred. Purchases shall be made from prunes with respect to which the reserve obligation has been met, and shall be of grades, varieties, or sizes and in such containers as the committee specifies in consideration of available reserve prune outlets. Purchases shall be at prices determined to be appropriate by the committee and if more prunes are offered than required by the committee, it shall make the purchases from various handlers as nearly as practicable in proportion to the quantity of their respective offerings at the same price. The committee shall dispose of the prunes acquired as soon as practicable in the most favorable reserve prune outlets and shall deposit the proceeds from such sales, less committee expenses in connection with such transaction, with reserve pool funds for distribution to equity holders.

(3) If for any reason the committee is unable to purchase a quantity of prunes as large as the quantity of reserve prunes in default by the handler, any remaining balance of funds received because of the default less expenses of the committee, shall be deposited with reserve pool funds for distribution to equity holders.

(c) A handler who has defaulted on his bond shall be credited on his reserve obligation with, and his holding requirement reduced by, that quantity of prunes represented by the sums collected but not more than the extent of his default.

§ 993.59 Payment to handlers for services.

PRODUCER DIVERSION

§ 993.62 Diversion privileges.

(a) *Prune plums.* The words *prune plums* as used in this section mean plums of a variety used in the production of prunes.

(b) *Voluntary principle.* No producer shall be required to divert all or any portion of the prune plums produced by him.

(c) *Authorization.* If, on the basis of a committee recommendation for diversion operations, the availability of governing rules and procedures established by the Secretary after recommendation of the committee, and other information, the Secretary concurs that diversion operations should be permitted, he shall authorize such operations.

(d) *Diversion certificates.* After diversion operations are authorized, and subject to the applicable rules and procedures, any producer may divert prune plums of his own production for eligible purposes and receive from the committee a diversion certificate therefor: *Provided*, That diversion certificates for prune plums diverted by producer members of a cooperative marketing association shall be issued by the committee to the association if it so requests. To the extent permitted by the rules and procedures, the certificate may be submitted to any handler in lieu of reserve prunes and to the same extent the certificate shall entitle the handler to satisfy his reserve obligation. Only to the extent permitted by the rules and procedures, diversion certificates may be transferable among producers and handlers.

(e) *Eligible diversions.* Within such restrictions as may be prescribed in rules and procedures, diversion may be authorized for such dispositions as are not competitive with the normal marketing of prunes and prune products. Such eligible diversions may include: (1) Disposal of prune plums for nonhuman use; (2) leaving prune plums unharvested; and (3) such other methods of diversion as may be authorized. No diversion certificate shall be issued by the committee for prune plums which would not, under normal pro-

ducer practices, be dried and delivered to a handler.

(f) *Nonparticipation in pool proceeds.* Any prune plums diverted pursuant to this section shall not be included in any reserve pool.

(g) *Payment of costs.* Prior to the issuance of a diversion certificate to a producer or a cooperative marketing association, the producer or association shall pay to the committee fees established to cover costs pertaining to the diversion.

DISPOSITION OF RESERVE PRUNES

§ 993.65 Disposition of reserve prunes.

(a) *Committee's right of disposition.* The committee shall have the power and authority to sell or dispose of any and all reserve prunes (1) to meet demand either (i) as domestic trade demand, or (ii) as foreign trade demand, or (2) for use in any outlet, defined in rules and procedures, established by the Secretary after recommendation of the committee, noncompetitive with normal outlets for salable prunes.

(b) *Methods of disposition.* The committee may, for any of the purposes of § 993.65(a), offer to sell and sell reserve prunes to handlers for disposition or sale by them in specified outlets. Sale of reserve prunes by the committee to any handler for resale in such outlets or for resale to other persons for sale in such outlets shall be governed by the provisions of a sales agreement, executed by the handler with the committee. The committee may refuse to sell reserve prunes to any handler if the handler violates the terms and conditions of the agreement or other provisions of this part. The committee may sell reserve prunes into any outlet in which direct selling is determined to be more appropriate.

(c) *Offers to sell reserve prunes.* No offer to sell reserve prunes either to handlers or to other persons shall be made by the committee until 5 days (exclusive of Saturdays, Sundays, and holidays) have elapsed from the time it files with the Secretary complete information as to the terms and conditions of the proposed offer including

the basis for determining the handlers' shares: *Provided*, That at any time prior to the expiration of the 5-day period the offer may be made upon the committee receiving from the Secretary notice that he does not disapprove it.

(d) *Transfer of shares*. No handler may transfer a reserve obligation. However, any handler who is authorized by the committee to dispose of reserve prunes may arrange with another handler to dispose of his share of reserve prunes through such other handler. In that event, credit for the reserve disposition shall go to the handler whose reserve prunes are used.

(e) *Distribution of proceeds*. Expenses incurred by the committee for the receiving, handling, holding, or disposing of any quantity of reserve prunes shall be charged against the proceeds of sales of such prunes. Net proceeds from the disposition of reserve prunes shall be distributed by the committee either directly, or through handlers as agents of the committee, under safeguards to be established by the committee, to persons in proportion to their contributions thereto, or to their successors in interest, with appropriate grade and size differentials as established by the committee. Progress payments may be made by the committee as sufficient funds accumulate. Distribution of the proceeds in connection with the reserve prunes contributed by a cooperative marketing association shall be made to such association, if it so requests.

retary. Notwithstanding the above provisions of this section, information may be disclosed to the committee when reasonably necessary to enable the committee to carry out its functions under this subpart.

EFFECTIVE DATE NOTE: At 70 FR 30613, May 27, 2005, § 993.74 was suspended indefinitely.

§ 993.75 Verification of reports.

For the purpose of checking and verifying reports filed by handlers or the operation of handlers under the provisions of this subpart, the Secretary, and the Committee through its duly authorized agents, shall have access to any premises where prunes may be held by any handler and at any time during reasonable business hours, shall be permitted to inspect any prunes so held by such handler and any and all records of such handler with respect to the holding or disposition of all prunes which may be held or which may have been disposed of by him.

EXPENSES AND ASSESSMENTS

§ 993.80 Expenses.

The committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by it during each crop year for the maintenance and functioning of the committee and for such other purposes as the Secretary may, pursuant to the provisions of this subpart, determine to be appropriate.

§ 993.81 Assessments.

(a) Each handler shall pay to the committee, upon demand, with respect to all salable prunes handled by him as the first handler thereof, his pro rata share of all expenses which the Secretary finds are reasonable and likely to be incurred by the committee during each crop year. Each handler's pro rata share shall be the rate of assessment per ton fixed by the Secretary. At any time during or after a crop year the Secretary may increase the rate of assessment to cover unanticipated expenses of the committee or a deficit in assessable tonnage.

(b) In order to provide funds to carry out the functions of the committee, the committee may accept advance payments from any handler to be credited toward such assessments as may be levied pursuant to this section against the respective handler.

(c) Any money collected as assessments during any crop year and not expended in connection with the committee's operations may be used by the committee for a period of five months subsequent to such crop year. At the end of such period the committee shall, from funds on hand, refund or credit to handler accounts the aforesaid excess. Each handler's share of such excess funds shall be the amount of assessments he has paid in excess of his pro rata share of the actual net expenses of the committee for the preceding crop year. Any money collected from assessments hereunder and remaining unexpended in the possession of the committee at the termination of this part, shall be distributed in such manner as the Secretary may direct: *Provided*, That to the extent practical, such funds shall be returned pro rata to the

Such trustees shall continue in such capacity until discharged by the Secretary, and shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and the joint trustees, to such person as the Secretary may direct; and shall, upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all the funds, properties, and claims vested in the committee or the joint trustees, pursuant to this subpart. Any person to whom funds, property, or claims have been transferred or delivered by the committee or the joint trustees, pursuant to this section, shall be subject to the same obligations imposed upon the members of the said committee and upon said joint trustees.

§ 993.92 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant to this subpart, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability

which shall have arisen or which may thereafter arise in connection with any provision of this subpart or any regulation issued under this subpart, or (b) release or extinguish any violation of this subpart or any regulation issued under this subpart, or (c) affect or impair any rights or remedies of the Secretary, or of any other person, with respect to such violation.

GRADE AND SIZE REGULATIONS

§ 993.149 Receiving of prunes by handlers.

(a) *Receiving stations*—(1) *General.* Prunes shall be received by a handler at any receiving station so designated by the Committee. *Receiving station* shall mean any plant of a handler or a dehydrator's premises; this term shall also mean any other place where prunes are normally and usually received by a handler in any considerable volume as ranch deliveries, and at which there are adequate facilities to enable the inspection service to determine whether the prunes meet the applicable grade, size, and condition requirements.

(2) *Receiving at dehydrator.* Any handler may arrange with the committee and the inspection service for the incoming inspection and certification to be based on samples of prunes drawn as prune plums and dehydrated in the same manner as the prunes to which they are referable. Where such arrangement is acceptable to the Committee as permitting the inspection and certification of the prunes to be comparable to an inspection and certification when based on samples drawn as prunes, such certification shall be acceptable for the purposes of this section if the inspector further certifies that the dehydration process of the prunes being certified resulted in prunes eligible to be received under the terms and conditions of this part.

(b) *Inspection stations.* Prunes shall be inspected only at inspection stations established by the inspection service with the concurrence of the Committee. *Inspection station* shall mean a centralized station and any receiving station other than a handler's plant or a dehydrator's premises.

(c) *Incoming inspection—(1) General.* Upon any producer or dehydrator delivering prunes to a handler, the handler shall issue to the inspection service an identification tag showing the name and address of such producer or dehydrator, the date of delivery, the county of production, the number and type of containers, the approximate net weight of the prunes, the place where the prunes are to be inspected, and any other information necessary to identify such prunes to the satisfaction of the inspector and the Committee. For each such delivery, the handler shall issue to the producer or dehydrator a door receipt or weight certificate showing the name and address of the producer or dehydrator, the weight of the delivery, and any other information necessary to identify the delivery. Such information shall be available to the inspector and the Committee. Each lot shall be sampled separately and as soon as practicable following delivery. The handler shall supply any necessary information together with any assistance needed by the inspector in drawing samples including the dumping of containers.

(2) *Certification.* Following inspection of a lot not returned to the producer or dehydrator, the handler shall require the inspection service to issue, in quintuplicate, a certificate containing at least the following information: (i) The place where samples were drawn and the date and place of inspection; (ii) the name and address of the producer or dehydrator, the handler, and the inspection service; (iii) the variety of the prunes, the county in which such prunes were produced, the number and type of the containers thereof, the net weight of the prunes as shown on the applicable door receipt or weight certificate, together with the number of such receipt or certificate, and the contract or account number under which the prunes were delivered; (iv) whenever applicable, the percentage by weight of undersized prunes in the lot; (v) with respect to the balance of the lot, the inspector's computation of the percentage, by screen size of prunes and in the aggregate, of each group or combination of groups of defects for which a maximum tolerance is in effect; (vi) whether the prunes in the lot, exclusive of any undersized prunes, are standard or substandard; (vii) the inspector's computation of the percentage of weight of each screen size and in the aggregate, of offgrade prunes (those defective pursuant to § 993.97) necessary to be removed therefrom in order for the remainder in each screen size and in the aggregate to be standard prunes, and (viii) the average size count of prunes of each screen size and of the aggregate: *Provided*, That whenever an undersized prune regulation is in effect for the crop year, the average size count shall be of all prunes except undersized prunes in the lot, by screen size and in the aggregate. The handlers shall require the inspection service to furnish promptly the producer or dehydrator with one copy of the certificate and the handler with two copies.

(d) *Conditional provisions—(1) Wet or slack-dry prunes.* Any prunes delivered to a handler by a producer or dehydrator which an inspector determines have not been properly dried and cured in original natural condition, or which show evidence of the addition thereto of water, may be held by the handler

for the account of the producer or dehydrator for conditioning by further drying or dehydration: *Provided*, That such prunes shall be identified and kept separate and apart from any other prunes in the handler's possession until resubmitted for inspection and certificated as properly dried and cured, or returned to the producer or dehydrator. The certificate shall show, in addition to other inspection requirements, that the conditioning was performed and indicate the net weight after conditioning.

(2) *Prunes with active insect infestation*. Any prunes delivered to a handler which an inspector determines are not free from active insect infestation, may be returned to the producer or dehydrator or may be held by the handler for the account of the producer or dehydrator for conditioning by fumigation: *Provided*, That such prunes shall be identified and kept separate and apart from any other prunes in the handler's possession until resubmitted for inspection and certificated to show, in addition to other inspection requirements, performance of fumigation and freedom from active infestation.

(3) *High moisture content prunes*. The delivery of any high moisture content prunes to a handler by a producer or dehydrator shall be reported promptly by the handler to the inspection service. The inspection service shall be requested to submit a report to the committee of each such delivery which shall contain the following information: (i) The date and place of the delivery; (ii) the name and address of the producer or dehydrator, the handler, and the inspection service; and (iii) the variety of the high moisture content prunes, the county in which they were produced, and their net weight as shown on the door receipt or weight certificate, together with the number of such receipt or certificate. Any handler who, subsequent to delivery to him of high moisture content prunes, elects to dry or dehydrate them or any portion thereof to a point where they are capable of being received by such handler shall, prior to proceeding with such drying or dehydration, notify an inspector of the inspection service of his election, and the same procedure shall apply as set forth in paragraph

(d)(1) of this section. For each day on which a handler processes and packages high moisture content prunes, he shall furnish promptly to the inspector a signed statement and one copy showing the handler's name and address and the net weight of the total tonnage of high moisture content prunes processed and packaged by him on that day. The handler shall furnish promptly to the inspector two copies of the shipping or disposition order or other documents which shall show the date of each shipment or disposition, the applicable reference number thereof, and an adequate description of the shipment or disposition. One copy of each document so furnished shall be required to be forwarded to the committee. Upon request of the committee a handler shall, within ten days thereafter, file with the committee a signed report on Form PMC 3.1 "Report of High Moisture Content Prunes" which shall contain the following information: (i) The date and the name and address of the handler; (ii) the total tonnage of high moisture content prunes delivered to the handler during the crop year to the date of the report; (iii) the total tonnage of high moisture content prunes shipped or otherwise disposed of by the handler during such period; (iv) the total tonnage of high moisture content prunes delivered to the handler during such period which were dried or dehydrated and received as prunes by the handler; and (v) the total tonnage of high moisture content prunes in the handler's possession on the date of the report.

(4) *Return of prunes to producers and dehydrators*. Any lot of prunes delivered to a handler by a producer or dehydrator may be returned to the producer or dehydrator prior to an inspection thereof. Any lot of prunes so delivered whose identity has been maintained may be so returned following an inspection thereof, except prunes which have been size graded or sorted by the handler, resulting in a segregation of defects. Prunes which have been sorted for the producer or dehydrator, the identity of which have been maintained to the satisfaction of the inspector and the Committee, may be resubmitted for inspection in not more than three

new lots, equal in weight to the original lot, and the applicable inspections shall supersede the original inspection.

§ 993.150 Disposition of prunes by handlers.

(a) *Inspection stations.* An inspection station shall be any plant of a handler, and any other place where he handles prunes.

(b) *Outgoing inspection.* Except as otherwise specifically provided, no handler shall ship or otherwise make final disposition of natural condition prunes or of processed prunes unless he has, prior to such shipment or final disposition, had them inspected and obtained a certificate showing that such prunes meet the effective minimum standards. Such inspection shall be made during that portion of the final preparation of the prunes for shipment or other final disposition as will permit proper sampling, whether in-line or floor inspection, and no handler shall perform such final preparation unless an inspector is present. The handler shall furnish promptly to the inspector a copy of the shipping or disposition order or other documents, which shall show the date of each shipment or disposition, the applicable reference number thereof, and an adequate description of the shipment or disposition. For the prunes inspected each day which meet the applicable minimum grade and size requirements for standard prunes, or standard processed prunes, the handler shall cause the inspector to issue in triplicate a signed certificate containing the following information:

- (1) The date and place of inspection;
- (2) The name and address of the handler and of the inspection service;
- (3) The number and size of packages or the net weight of prunes;
- (4) The number of the worksheet or worksheets on which the inspector's computations and results of tests are recorded; and

(5) A statement that the prunes meet the effective minimum standards for standard prunes, or standard processed prunes, as the case may be.

(c) *Interhandler transfers.* With the exception of those prunes held by a handler pending their disposition pursuant to § 993.49(c) and those prunes held by him for the account of the Committee pursuant to § 993.57, a handler may transfer prunes to another handler within the area. Any such interhandler transfer may be without the transferring handler having made an inspection made as provided for in § 993.51: *Provided*, That before each such transfer the transferring handler shall: (1) Give written notice of the transfer to the inspection service including the proposed date of the transfer, the names of the handlers and, by plant designation, the present location and the destination of the prunes, the number of containers, variety, size designation, and total net weight of the prunes, and the manifest or billing number; and (2) receive from the inspection service a DFA Form P-5 "Shipping Inspection Report and Certificate" marked "Interhandler Transfer Report" on which the inspection service recorded the information furnished by the transferring handler. The transferring handler shall sign the "Interhandler Transfer Report" including all copies thereof that were received from the inspection service, and forward the signed original and one copy to the receiving handler at the time of the interhandler transfer. Upon receipt of the transferred prunes, the receiving handler shall enter on both the original and the copy the date he received the prunes, sign the original, and immediately forward it to the inspection service. The transferring handler shall cause the inspection service to promptly report the transfer to the Committee. As provided in § 993.50(f), the receiving handler shall, before shipping or otherwise making final disposition of such prunes, comply with the requirements of §§ 993.50 and 993.51.

(d) *Tolerances for non-French prunes.* Any lot of standard prunes or standard processed prunes containing more than 2 percent by weight of non-French prunes shall be disposed of only in prune product outlets as prescribed in § 993.50(c) unless the non-French prunes

therein have an average count of 40 or less per pound and unless in a 100-ounce sample of the lot, the count per pound of 10 ounces of the smallest prunes in the sample does not vary from the count per pound of 10 ounces of the largest prunes in the sample by more than 35 points. A lot shall be deemed to exceed the 2 percent tolerance for non-French prunes whenever an inspection shows such prunes exceed 2 percent in any four consecutive sampling units of two tons or less or, if less than four such units are sampled, in such lesser number of units.

(e) *Prunes which fail to meet minimum standards*—(1) *Committee's approval of disposition*—(i) *General*. Those defective prunes accumulated by a handler by removing them from standard or substandard prunes, and those prunes received or held by a handler which fail to meet the applicable minimum standards and are held for disposition without removal of defective prunes in excess of maximum tolerances, may only be used, if within the tolerances prescribed in § 993.97 II. C. (1), (2), and (3), for prune products, or if any such tolerances are exceeded and any live infestation corrected by fumigation, for non-human consumption or be destroyed. In order to insure that all such prunes are shipped or otherwise disposed of in accordance with § 993.50(e), no handler shall during any crop year ship or otherwise make final disposition of any such prunes, other than prune waste subject to daily non-human disposition for sanitation purposes, unless prior thereto he had obtained during that crop year (except as otherwise provided in paragraph (e)(1)(iii) of this section) the Committee's approval of his application to do so.

(ii) *Application for approval*. The handler's application to ship or otherwise make final disposition of any such prunes shall be submitted on Form PMC 2.2 "Application for Permission to Dispose of Substandard Prunes". If the prunes are for shipment, the application shall set forth: (a) The name and address of the handler's vendee and the name and address of the consignee whether the same as or different from the vendee; (b) the particular use to be made of the prunes; (c) if such use is to

be by a person other than the handler's vendee or the consignee, the name and address of such user; and (d) the crop year or the period within, or the portion of, the crop year during which shipments are to be made. When the use or the name and address of the consignee or user are not known by the handler, the handler shall arrange for the submission of such information to the Committee. If use is to be by the handler, the application shall so indicate and shall set forth all applicable information. Each application for shipment shall be limited to the handler's vendee and the consignee if different from the vendee, and to a specific user and use, and may be open as to quantity: *Provided*, That, when the use or name and address of the user are not known by the handler, the application shall include the quantity of prunes to be shipped and be limited to that quantity. Each application for final disposition for a particular use by the handler shall be limited to such handler and use.

(iii) *Approval of applications*. The Committee's approval of a handler's application shall be transmitted to the handler on Form PMC 2.3 "Permission to Dispose of Substandard Prunes". In approving an application, the Committee shall specify the crop year, or the period within or the portion of the crop year, for which the approval is granted: *Provided*, That, the Committee may approve in July any such application that is submitted during that month by the handler for shipment or other final disposition of the prunes covered thereby in the succeeding crop year. When the use or the name and address of the user or consignee are not known to the handler, the Committee shall not approve the application until it has been informed as to such use and user and consignee of the prunes.

(iv) *Disapproval of applications; or revocation of approved applications*. In acting on an application, the Committee may disapprove the application when: (a) The application does not conform with the requirements of paragraph (e)(1)(ii) of this section; (b) the Committee has cause to believe that the prunes covered by the application will not be shipped or disposed of in accordance with the application; or (c) the

handler, or any of the parties involved in the proposed shipment or disposition, had shipped or made other disposition of prunes covered by a previously approved application inconsistent with that application. The Committee may for cause revoke a handler's previously approved application if he ships or makes other disposition inconsistent with such application. Whenever a user uses prunes inconsistent with an approved application, the Committee may for cause revoke such application, and such other approved applications applicable to such user as the Committee deems necessary to assure that the prunes covered by such applications will not be used in a manner inconsistent with those applications or the order. The Committee shall notify the handler in writing of each disapproval and each revocation.

(v) *Evidence of non-human disposition.* Whenever defective or substandard prunes or prune waste are shipped to or otherwise disposed of in non-human consumption outlets, or destroyed, the handler shall furnish the Committee with a copy of the shipping document or other documentary evidence of the disposition as may be satisfactory to the Committee and at such times as the Committee may direct.

(vi) *Books and records.* Each handler who ships or otherwise disposes of defective or substandard prunes or prune waste shall make available for examination by the Committee, at his business office at any reasonable time during business hours, copies of all applicable purchase orders, sales contracts, or disposition documents, together with any further information which the Committee may deem necessary or desirable to enable it to determine whether such prunes or prune waste have been or will likely be utilized as authorized.

(2) *Out of the area shipments.* Whenever substandard prunes for human consumption are packed in closed containers, and if for shipment outside the area they shall be so packed, each such container shall be clearly marked "For Manufacturing Purposes Only". Whenever substandard prunes restricted to non-human usage are shipped in closed containers, each such container shall

be clearly marked "For Non-Human Usage". In each instance, the letters shall be of reasonable prominence and in a conspicuous place on the container.

(3) *Inspection of substandard prunes.* Each handler shall cause substandard prunes, for use in prune products, to be inspected (prior to disposition or shipment by a handler) by an inspector, and that such inspector issue, in triplicate, a signed clearance certificate (for the preparation of which the handler shall make available to the inspector the necessary data) containing the following information:

- (i) The date and place of inspection and clearance;
- (ii) The name and address of the inspection service and of the handler;
- (iii) The number and kind of packages, the net weight, and the adequacy of the marking;
- (iv) The lot number or shipping or disposition order number;
- (v) The committee's approval number;
- (vi) The destination; and
- (vii) The actual percentage of off-grade prunes of each group, or combination of groups, of defects in excess of the then current tolerances for standard prunes or standard processed prunes.

(f) *Pitted prunes*—(1) *For human consumption as such.* (i) No handler shall ship or otherwise make final disposition of any lot of pitted prunes for human consumption as pitted prunes unless the lot, before pitting, met (A) the applicable minimum standard set forth in § 993.97 (Exhibit A), or as such standards may be modified, for standard prunes or standard processed prunes, and (B) the requirements specified in § 993.50 (c) and (d).

(ii) No handler shall ship or otherwise make final disposition of any lot of pitted prunes for human consumption as pitted prunes unless these prunes do not exceed an average of 0.5 percent by count of prunes with whole pits and/or pit fragments 2 mm or longer; and four of ten subsamples examined have no more than 0.5 percent by count of prunes with whole pits and/or pit fragments 2 mm or longer. For the purposes of this paragraph (f)(1)(ii), pitted prunes means prunes with the

pit removed that are characterized by a uniform depression and minimal skin break where the pit has been removed.

(iii) No handler shall ship or otherwise make final disposition of any lot of macerated prunes for human consumption as pitted prunes unless these prunes do not exceed an average of 2 percent by count of prunes with whole pits and/or pit fragments 2 mm or longer; and four of ten subsamples examined have no more than 2 percent by count with whole pits and/or pit fragments 2 mm or longer. For the purposes of this paragraph (f)(1)(iii), macerated prunes means prunes with the pit removed that are characterized by a flattened appearance with slightly more skin breaks where the pit has been removed than with pitted prunes.

(2) *For use in prune products.* Any lot of substandard prunes, whether natural condition or processed, if within the applicable tolerances prescribed in § 993.97 II C (1), (2), and (3), may be pitted and shipped or disposed of for use and used in prune products for human consumption: *Provided*, That prior to shipment or other final disposition by handler, such prunes have lost their form and character as prunes to the satisfaction of the inspector and the committee. An inspection certificate on such lot shall not be issued until the inspector has determined that the prunes therein have lost their form and character as prunes. Disposition of pitted prunes by handlers for use in prune products shall be in accordance with the applicable provisions of paragraph (e) of this section.

(g) *Disposition of undersized prunes—*
(1) *Application for and approval of disposition.* Undersized prunes accumulated by a handler pursuant to section 993.49(c) shall be disposed of in non-human consumption outlets during the crop year in which the prunes establishing such obligations were received from producers or dehydrators, or such later date that a handler may request in a notice, filed with the Committee at least 30 days prior to July 31 of the year of accumulation: *Provided*, That, such handler has made a bona fide effort to dispose of its undersized prunes as demonstrated by the shipment of at least 65 percent of its undersized obligation by May 31; such handler has a

sufficient quantity of undersized prunes held in storage to meet its remaining obligation; and the extension of time requested is not later than 60 days beyond the end of the crop year. Prior to making any such disposition, the handler shall obtain the Committee's approval of his application to do so. The handler's application to ship or otherwise make final disposition of any such undersized prunes shall be submitted on Form PMC 2.21 "Application for Permission to Dispose of Undersized Prunes" which shall set forth: (i) The name and address of the handler's vendee and the name and address of the consignee whether the same as or different from the vendee; (ii) the particular use to be made of the prunes; (iii) if such use is to be by a person other than the handler's vendee or the consignee, the name and address of such user; and (iv) the crop year or the period within, or portion of, the crop year during which shipment or other disposition is to be made. When the use or the name and address of the consignee or user are not known by the handler, the handler shall arrange for the submission of such information to the Committee. If use is to be by the handler, the application shall so indicate and shall set forth all applicable information. Each application for shipment shall be limited to the handler's vendee and the consignee, if different from the vendee, and to a specific user and use. Each application for final disposition for a particular use by the handler shall be limited to such handler and use. The Committee's approval of a handler's application shall be transmitted to the handler on Form PMC 2.31 "Permission to Dispose of Undersized Prunes." In approving an application, the Committee shall specify the crop year or the period within, or the portion of, the crop year for which the approval is granted. When the use or name and address of the user or consignee are not known to the handler, the Committee shall not approve the application until it has been informed as to such use and user and consignee of the prunes. The requirements of § 993.150(e)(1)(iv) (except item (a) thereof), (v), and (vi) with regard to disapproval of applications or revocation of approved applications, evidence of

§ 993.156

nonhuman disposition, and the maintenance of books and records, applicable to prunes which fail to meet minimum standards, shall also apply to undersized prunes.

(2) *Documentation of disposition of undersized prunes*—(i) *Documentation of shipment or other disposition*. For each quantity of undersized prunes so shipped or otherwise disposed of, the handler shall promptly forward to the Committee one copy of the applicable bill of lading, truck receipt, or related documentation of disposition which shall show: (a) The name of the consignee; (b) the destination by name and address of the person designated to receive the prunes; (c) the date of shipment or other disposition; (d) the net weight of the prunes; and (e) identification of the prunes as undersized prunes.

(3) *Tolerances permitting a deviation in prune sizes from applicable undersized openings*—(i) *Undersized French prunes*. Whenever an undersized regulation specifies an opening for French prunes, any quantity of any size of French prunes disposed of by a handler in compliance with § 993.50(g) shall satisfy a handler's undersized disposition.

(ii) *Undersized non-French prunes*. Whenever an undersized regulation specifies an opening for non-French prunes, any quantity of any size of non-French prunes disposed of by a handler in compliance with § 993.50(g) shall satisfy a handler's undersized disposition.

RESERVE CONTROL

§ 993.156 Application of reserve percentage.

The reserve obligation of each handler shall be determined by applying the reserve percentage to the weight of prunes in each lot, after deducting the weight of prunes in such lot shown as a percentage on the applicable inspection certificate as necessary to be removed therefrom pursuant to § 993.49(c), in

7 CFR Ch. IX (1–1–20 Edition)

such manner as may be prescribed in such reserve control regulation established for the crop year in which such lot is received by a handler from a producer or dehydrator.

[30 FR 13311, Oct. 20, 1965]

EFFECTIVE DATE NOTE: At 70 FR 30613, May 27, 2005, § 993.156 was suspended indefinitely.

§ 993.157 Holding and delivery of reserve prunes.

(a) *Sales and deliveries*. Committee sales and deliveries of reserve prunes from the holdings of any handler shall not exceed the quantity of reserve prunes required to be held by him. The reserve prune holding requirement of the handler shall be reduced by the tonnage so sold or delivered.

(b) *Assistance to handlers*. As assistance to handlers, the committee shall furnish each handler a monthly tabulation, beginning as soon as possible after the start of the crop year, showing his reserve obligation and holding requirement based on records on file with the committee.

(c) *Failure to hold and deliver reserve prunes in accordance with reserve obligation*. In the event a handler fails to hold for the committee and deliver his total reserve prune obligation in any category and is unable to rectify such a deficiency with salable prunes, he shall compensate the committee in an amount computed by multiplying the pounds of natural condition prunes so deficient by the applicable values established by the committee: *Provided*, That the remedies prescribed herein shall be in addition to, and not exclusive of, any of the remedies or penalties prescribed in the act with respect to noncompliance. The determination of any such deficiency shall include application of any tolerance allowance for shrinkage in weight, increase in the number of prunes per pound, and normal and natural deterioration and spoilage which may then be in effect.

(d) *Excess delivery of prunes to the committee*. In the event a handler delivers to the committee as reserve prunes a quantity of prunes in excess of his holding requirement for reserve prunes, the committee shall make such practical adjustments as are consistent with this part and this may include

Agricultural Marketing Service, USDA

§ 993.159

compensating the handler for such excess (nonreserve prunes) by paying to him the proceeds received by the committee for such excess.

(e) *Holding reserve prunes on other than a handler's premises.* No handler shall hold reserve prunes on the premises of another handler, or in approved commercial storage other than on his own premises, unless prior thereto he notifies the committee in a certified report on Form PMC 5.1 "Notice of Proposed Intent to Store Reserve Prunes" which shall contain at least the following information: (1) The date and the name and address of the handler; (2) the name and address of the person on whose premises the reserve prunes will be stored for the handler; (3) the approximate quantity to be so stored and the exact location and description of the storage facilities; and (4) the proposed date that such storage will begin. The report shall be accompanied by a signed statement by the persons on whose premises the reserve prunes are to be stored agreeing to hold such prunes under conditions of proper storage and further agreeing to permit access to such premises by the committee at any time during business hours for the purpose of examining or taking delivery of such prunes in accordance with the provisions of this part. No handler shall be permitted to hold reserve prunes on any premises outside the area.

(f) *Exchange of salable prunes for reserve prunes.* No handler shall exchange salable prunes for reserve prunes unless he has entered into a sales agreement authorized pursuant to § 993.65(b) whereby the value of any such exchange, and payment therefor to the committee, shall be determined.

(g) *Delivery by nonsignatory handlers.* Any handler not signing the sales agreement authorized pursuant to § 993.65(b), shall deliver to the Committee, upon demand, the total weight of his reserve obligation by such variety, grade, and size categories, and at the count per pound for each size category as is required by the reserve control regulation of the applicable crop year. Such deliveries of prunes may be either graded prunes or any lot of ungraded prunes, or portion thereof, identifiable to the satisfaction of the

committee as being in the same form as when received: *Provided*, That the percent of standard prunes in each lot shall be taken into account but with respect to any lot of graded prunes, no credit shall be given to the standard obligation of the handler if in a sample of 100 ounces, the count per pound of 10 ounces of the smallest prunes exceeds the count per pound of 10 ounces of the largest prunes by more than 45 prunes per pound.

§ 993.158 Deferment of reserve withholding.

Any handler who desires to defer withholding pursuant to the provisions of § 993.58 shall notify the committee on Form PMC 9.1, "Notification of Desire for Deferment of Reserve Withholding", containing at least the following information: (a) The date and the name and address of the handler; (b) the total salable prunes acquired or under contract with producers and dehydrators; (c) the period for which deferment is requested; and (d) the tonnage of reserve prunes, by categories, on which deferment is requested. The notification shall be accompanied by the undertaking and bond or bonds required by § 993.58. No handler shall defer withholding of reserve prunes until he has filed the required undertaking and bond or bonds with the committee and has received its acceptance.

§ 993.159 Payments for services performed with respect to reserve tonnage prunes.

(a) *Payment for crop year of acquisition.* Each handler shall, with respect to reserve prunes held by the handler for the account of the Committee pursuant to § 993.59, be paid at a rate computed by the Committee (natural condition rate) for necessary services rendered by the handler in connection with such prunes so held during all or

any part of the crop year in which the prunes were physically received from producers or dehydrators. Each handler holding reserve prunes shall perform such services to assure that the prunes are maintained in good condition. No payment will be made for prunes released by handler acceptance of diversion certificates if the handler has not stored the released prunes. The rate of payment shall be established by the Committee and must be approved by the Secretary. Following such approval, it shall be publicized as required in paragraph (e) of this section.

(1) On or before July 20 of each crop year when the Committee recommends a reserve pool (except the Committee may extend this date by not more than ten business days if warranted by a late crop), the Committee shall hold a meeting to review the costs for necessary services rendered by handlers in connection with reserve prunes.

(2) Such amount shall, together with the additional payments, as provided in this section, be in full payment for the costs incurred in connection with but not be limited to the following services: Inspection, receiving, storing, grading, fumigation, and handling. The costs include, but are not limited to:

(i) Acquisition costs, which include those for salaries, commission, or brokerage fees, transportation and handling between plants and receiving stations, inspection, and other costs, including container expenses, incidental to acquisition or storage;

(ii) Direct labor costs, which include those for weighing, receiving and stacking, grading, preliminary sorting and storing (including that performed by the handler at the receiving station), and loading for shipment or other delivery to the Committee or its designee;

(iii) Plant overhead costs, which include those for supervision, indirect labor, fuel, power and water, taxes and insurance on facilities, depreciation and rent, repairs and maintenance (clean-up, etc.), factory supplies and expense, and employee benefits (payroll taxes, compensation insurance, health insurance, pension plan contributions, vacation pay, holiday and other paid days off, and other such costs).

(3) The Committee shall survey all handlers to obtain their costs for services performed with respect to reserve tonnage prunes. The Committee will compute the average industry cost for holding reserve pool prunes by adding each handlers' cost data, and dividing the composite figure by the number of handlers participating in the survey. In the event that any handler's cost data is too low or too high, the Committee may choose to exclude the high and low data in computing an industry average. The industry average costs may be rounded to the nearest \$0.25. The industry average costs computed by the Committee shall be publicized by the Committee pursuant to paragraph (e) of this section.

(b) *Reimbursement for required insurance costs.* Each handler holding reserve prunes for the account of the Committee shall maintain proper insurance thereon, including fire and extended coverage, in valuations (according to grade and/or size) established by, or acceptable to, the Committee for the particular crop year. The Committee shall reimburse the handler for the actual costs of such insurance. Prior to the receipt of reserve prunes at the beginning of each crop year, the handler shall certify to the Committee and the Secretary of Agriculture, on Form PMC 4.5, that such handler has a fire and extended coverage policy fully insuring all reserve prunes received by the handler during such crop year. Such certification shall contain the following information:

(1) The name and address of the handler;

(2) The location(s) where reserve prunes will be held for the account of the Committee and the premium rate per \$100 value per annum at each location;

(3) The value per ton at which the reserve prunes are insured; and

(4) The name and address of the insurance underwriter.

(c) *Certain additional payments in connection with the holding of reserve prunes for the account of the Committee.* (1) Whenever a handler is directed by the Committee to move and dump containers or reserve prunes held by the

handler for the account of the Committee for the purpose of causing an inspection to be made of the prunes as provided in § 993.75, but without taking delivery of the prunes at that time, the handler shall be paid for such services at a rate per ton (natural condition weight) determined by the Committee and approved by the Secretary of Agriculture. Such reimbursement rate shall be computed as described in paragraph (a)(3) of this section and publicized as required in paragraph (e) of this section.

(2) Additional payment for reserve tonnage prunes held beyond the crop year of acquisition shall be made in accordance with this paragraph. Each handler holding reserve prunes shall complete such services so that the Committee is assured that the prunes are maintained in good condition.

(i) For storage and necessary fumigation, each handler shall be compensated at a per ton rate announced by the Committee in accordance with paragraph (a)(3) of this section:

(A) For all or any part of the first 3 months of the succeeding crop year, the rate per ton shall be 10 percent of the yearly rate established for the crop year of acquisition;

(B) For all or any part of the second 3 months of the succeeding crop year, the rate per ton shall be 50 percent of the rate established for the first 3 months of the succeeding crop year;

(C) For all or any part of the third 3 months of the succeeding crop year, the rate per ton shall be 25 percent of the rate established for the first 3 months of the succeeding crop year;

(D) For all or any part of the fourth 3 months of the succeeding crop year, the rate per ton shall be 25 percent of the rate established for the first 3 months of the succeeding crop year;

(ii) For all or part of the succeeding crop year, the Committee shall determine the per ton rate for bin rental within the industry and announce bin rental rate to the industry pursuant to paragraph (e) of this section.

(iii) For insurance as prescribed in paragraph (b) of this section.

(d) *Certain additional payments in connection with the delivery of reserve prunes to the Committee or its designee.*

(1) Whenever a handler is directed by

the Committee to deliver to it or its designee reserve prunes in natural condition, the Committee shall furnish the handler with the containers in which to deliver the prunes, or reimburse the handler, at cost, for any containers which the handler furnishes pursuant to an agreement with the Committee.

(2) Whenever the Committee arranges with a handler for the reserve prunes delivered to it or its designee to be in processed and packaged condition, the Committee shall reimburse the handler at the agreed rate, determined by the Committee to be reasonable, for the processing, container, and packaging costs.

(e) The Committee shall give reasonable publicity to producer and handler members and alternates who serve on the Committee, commercial dehydrators, handlers, and the cooperative bargaining association(s) of each meeting to consider handler payment rates or any modification thereof, and each such meeting shall be open to them. Similar publicity shall be given to producer and handler members and alternates who serve on the Committee, commercial dehydrators, handlers, and the cooperative bargaining association(s) of each payment rate modification submitted to USDA for review and approval. The Committee shall notify producer and handler members and alternates who serve on the Committee, commercial dehydrators, handlers, and cooperative bargaining association(s) of USDA's action on payment rates and conditions for payment by first class mail and/or by electronic communications.

VOLUNTARY DIVERSION

§ 993.162 Voluntary prune plum diversion.

(a) *Quantity to be diverted.* The Committee shall indicate the quantity of prune plums that producers may divert pursuant to § 993.62 whenever it recommends to the Secretary that diversion operations for a crop year be permitted. Whenever diversion operation for a crop year have been authorized by

the Secretary, the Committee shall notify producers, commercial dehydrators, and handlers, known to it of such authorization and diversion program procedures. The Committee shall compute the dried weight equivalent of prune plums so diverted on a dryaway basis as follows:

(1) For prune plums of the French variety, the Committee shall survey at least eight commercial prune dehydrators that are geographically dispersed within the production area to obtain their annual dryaway ratios for each of the preceding five crop years, and compute a five-year average dryaway ratio for each dehydrator. The Committee shall then add together the participating commercial dehydrators' five-year average dryaway ratios for each producing region within the production area, and divide the total by the number of participating commercial dehydrators in that region to compute the dryaway ratio by producing region. In the event any of the annual dryaway ratios for any of the crop years is abnormally high or low in any year, the Committee may replace the abnormal year's data with that of an earlier year. The prune producing regions for which dryaway ratios shall be computed for prune plums of the French variety are as follows:

- (i) North Sacramento Valley, which includes the counties of Butte, Glenn, Shasta, and Tehama;
- (ii) South Sacramento, Napa, Sonoma, and Santa Clara Valleys, which includes the counties of Amador, Colusa, Lake, Placer, Solano, Sutter, Yolo, Yuba, Napa, Sonoma, San Benito, and Santa Clara; and
- (iii) San Joaquin Valley, which includes the counties of Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare.

(A) *New producing counties within the area.* If there were new producing counties within the State of California, the Committee will, with the approval of the Secretary, assign the new prune producing county or counties, as the case may be, to one of the prune producing regions based on geographic proximity and/or production/dehydration characteristics. The addition of a county or counties, as the case may be,

to one of the producing regions will be announced to the industry.

(B) *Removal of a county from a production area.* When prune acreage ceases to exist in a county, the Committee will, with the approval of the Secretary, remove that county from the existing region. Removal of a county from a production region also will be announced to the industry.

(2) For prune plums of the non-French variety, the dryaway ratio shall be 1 pound for each 3.50 pounds of prune plums diverted. The prune-producing region for prune plums of non-French varieties is the State of California.

(b) *Eligible diversions.* Eligible diversions shall preclude prune plums from becoming prunes and may include the following methods:

(1) Disposing of harvested prune plums under Committee supervision for nonhuman use at a location and in a manner satisfactory to the Committee;

(2) Leaving unharvested the entire production of prune plums from a solid block of bearing trees designated by the producer applying for the diversion of removing prune plum trees prior to harvest; and/or

(3) Such other diversions as may be authorized by the Committee and approved by the Secretary.

(4) In accordance with § 993.62(c), eligible diversion shall not apply to prune plums, which would not, under normal producer practices, be dried and delivered to a handler. On or before July 20 of each crop year when the Committee recommends a reserve pool and diversion program (except the Committee with the approval of the Secretary may extend this date by not more than 10 business days if warranted by a late crop), the Committee shall identify, with the approval of the Secretary, the acceptable method(s) of voluntary prune plum diversion through reasonable publicity to producers, commercial dehydrators, handlers, and the cooperative bargaining association(s). For the purposes of this section, cooperative bargaining association means a nonprofit cooperative association of dried prune producers engaged within the production area in bargaining with

handlers as to price and otherwise arranging for the sale of natural condition dried prunes of its members.

(c) *Applications for diversion*—(1) *By producers.* Each producer desiring to divert prune plums of his own production shall, prior to diversion, file with the Committee a certified application on Form PMC 10.1 “Application for Prune Plum Diversion” containing at least the following information:

(i) The name and address of the producer; whether the producer is an owner-operator, share-landlord, share-tenant, or cash tenant; and the name and address of any other person or persons sharing a proprietary interest in such prune plums;

(ii) The proposed method of diversion and the location where the diversion is to take place;

(iii) The quantity and variety of prune plums proposed to be diverted; and

(iv) The approximate period of diversion.

(v) A deposit fee shall accompany each producer’s application to cover costs associated with processing the application and administering the diversion program. The Committee shall compute, with the approval of the Secretary, and announce to the industry, the deposit fee. The deposit fee announced shall be a set dollar amount or a per ton cost based on the tonnage to be diverted. The fee paid by the applicant shall be the greater of these amounts.

(2) *By dehydrator as agent.* Any producer, or group of producers, may authorize a dehydrator to act as an agent to divert harvested prune plums. Prior to diversion such dehydrator shall submit to the Committee an application on Form PMC 10.1 “Application for Prune Plum Diversion” for each producer or group of producers under contract with the dehydrator. A deposit fee shall accompany each such application to cover the costs associated with processing the application and administration of the program. With respect to any group of four or more producers under contract with a dehydrator, the deposit fee for the group shall be the greater of either double the single deposit fee, pursuant to paragraph (c)(1) of this section, or the amount obtained

by multiplying the total tonnage of prune plums to be diverted by the group of producers covered in the dehydrator’s application times the per ton deposit rate announced by the Committee pursuant to (c)(1) of this section.

(3) *Receipt of applications.* The Committee shall establish, and give prompt notice to the industry, a final date for receipt of applications for diversion: *Provided*, That the Committee may extend such deadline if the total tonnage represented in all applications is substantially less than the total tonnage established by the Committee pursuant to paragraph (a) of this section.

(d) *Approval of applications.* No certificate of diversion shall be issued by the Committee unless it has approved the application covering such diversion.

(1) The Committee’s approval of an application shall be in writing, and include at least the following:

(i) The details as to the method of diversion to be followed;

(ii) The method of appraisal to be used by the Committee to determine the quantity of prune plums diverted;

(iii) The lesser of either the quantity specified in the application to be diverted, or modification of that quantity as a result of any Committee action to prorate the total quantity to be diverted by all producers; and

(iv) Such other information as may be necessary to assist the applicant in meeting the requirements of this section, including the conditions for proof of diversion.

(2) If the Committee determines that it cannot approve an application it shall notify the applicant promptly. The Committee shall state the reason(s) for failing to approve the application, and request the applicant to submit, if practicable, an amended application correcting the deficiencies in the original application.

(3) The Committee shall establish, and give prompt notice to the industry of a final date by which a producer or dehydrator may modify an approved application, including changing the method of diversion or the quantity of prune plums to be diverted: *Provided*, That any such change shall include information on the location or quantity

of such diversion and shall be accompanied by a payment of a second deposit fee, calculated pursuant to paragraph (c)(1) or (c)(2), as applicable, of this section, plus a \$2 per ton service charge for any increase in tonnage to be diverted.

(4) If an applicant cancels an approved diversion application prior to diversion, no part of the deposit fee shall be refunded, except upon approval by the Committee following review of all circumstances in the matter.

(e) *Report of diversion.* (1) When diversion of prune plums has been completed, the diverter (whether producer or dehydrator as agent of a producer) shall submit the required proof of such diversion to the Committee. When the Committee concludes that diversion has been completed pursuant to the requirements of this section, it shall furnish the producer whose prune plums were diverted with a listing of the total quantity of prune plums concluded to be so diverted: *Provided*, That a producer shall be given credit for any quantity of his prune plums diverted in excess of the quantity approved by the Committee pursuant to paragraph (d) of this section but not in excess of 120 percent of such approved quantity and then only to the extent that such creditable excess is already covered by his applicable deposit fee or such fee is increased by an additional deposit to cover such excess.

(2) Upon completion of the computation of dryaway pursuant to paragraph (a) of this section applicable to the diverter's diversion of prune plums, the Committee shall issue a report of diversion to the producer whose prune plums were diverted for the total quantity, dried weight equivalent, credited for diversion setting forth the computations by which such total quantity was derived.

(f) *Transferable certificate of diversion*—(1) *General.* As hereinafter set forth, transferable certificates of diversion shall be issued by the Committee. Any transferable certificate of diversion issued to a handler that is a cooperative marketing association, or submitted to a handler and accepted by him, shall be returned to the Committee by the handler for credit against the handler's reserve obliga-

tion of the crop year in accordance with § 993.57. Such credit shall be based on the amount shown on the certificate, and shall be applied to reduce the handler's holding requirement for such crop year. With respect to such creditable certificate of a handler with a holding requirement prior to issuance or acceptance, as applicable, of the transferable certificate of diversion, such credit shall result in an adjustment downward in the handler's then applicable holding requirement in an amount equal to that computed by applying the applicable salable percentage to the total quantity on such certificate. Any adjustment in a handler's holding requirement shall not affect his obligation, if any, to continue to hold reserve prunes that are undersized prunes. The term *undersized prunes* shall have the same meaning as prescribed by the Secretary for the then current crop year. If the Committee determines that effective administration of diversion operations requires establishment of a final date for submission of transferable certificates of diversion by producers to handlers, or a final date for return of such certificates by handlers to the Committee for crediting against their reserve obligations, or both, it shall establish such dates.

(2) *Issuance to producers.* Except as provided in paragraph (f)(3) of this section, the Committee shall issue transferable certificates of diversion to each producer diverting prune plums and to whom a report of diversion was issued. Prior to issuance of any such transferable certificate of diversion, the producer shall advise the Committee, in writing: (i) Of the name of the handler to whom the transferable certificate of diversion is to be submitted and who is holding reserve prunes referable to prunes received from such producer; and (ii) how much of the quantity shown on his report of diversion he desires to use in lieu of reserve prunes but not in excess of the quantity of reserve prunes referable to prunes received by the handler from such producer. The Committee shall enter on the transferable certificate of diversion the name of the handler and the quantity covered by the certificate. The transferable certificate of diversion shall be endorsed by the producer and

the handler prior to its return to the Committee in order to be credited by the Committee against such handler's reserve obligation. If any portion of the quantity shown on the producer's report of diversion remains unused and he desires to transfer a transferable certificate of diversion covering all or any part of such unused portion to another producer, he shall advise the Committee, in writing, of the name and address of such producer, together with the applicable quantity desired to be covered by the transfer, and, if known, the name of the handler to whom such a transferable certificate is to be submitted. However, the quantity to be covered by the transfer shall not exceed the quantity of reserve prunes referable to prunes received by the handler from the transferee-producer. The Committee shall enter on the transferable certificate of diversion the names of the transferee-producer and the handler, and the quantity covered by the certificate. Prior to submission of any such transferred diversion certificate to a handler, the transferee-producer shall advise the Committee, in writing, of the name and address of the handler to whom the transferable certificate is to be submitted and who is holding reserve prunes referable to prunes received from such producer. Such transferred diversion certificate shall be endorsed by both producers and the handler in order to be credited by the Committee against such handler's reserve obligation.

(3) *Issuance to a cooperative marketing association.* In connection with prune plums diverted by producers who are members of a cooperative marketing association, the Committee shall, when so requested by the association, issue the applicable transferable certificates of diversion to it. The quantity entered on the report of diversion of a cooperative producer shall be entered on or annexed to the applicable transferable certificate of diversion issued to the association. Such transferable certificates of diversion shall be returned to the Committee by the association endorsed by an authorized officer of the association in order to be credited by the Committee against the association's reserve obligation.

(4) *Applicability of certain payments.* The provisions of §§ 993.59 and 993.159 governing payments to a handler for necessary services rendered by the handler in connection with reserve prunes shall not be applicable to prunes no longer required to be held as reserve prunes due to a downward adjustment by the Committee in the handler's holding requirement on the basis of applicable transferable certificates of diversion returned to the Committee.

(g) *Costs.* Pursuant to § 993.62(g), the costs pertaining to diversion are to be defrayed by payment of fees by the producer or cooperative marketing association to whom a diversion certificate is issued. After authorized diversion operations for a crop year are completed, the Committee shall ascertain its costs of diversion operations during such crop year. If the total amount represented by the deposit fees which accompanied the applications for diversion exceeds such costs, each producer, and each cooperative marketing association, entitled thereto shall receive a proportionate refund of the net amount. Such refund shall be calculated in the same proportion as the quantity of prune plums diverted by each such producer, and each such cooperative marketing association, is to the total quantity of prune plums diverted: *Provided*, That the Committee may prescribe a minimum charge to cover costs of processing each application for diversion submitted to it.

§ 993.515 Size categories.

For the purpose of this part, the pack specifications prescribed for the packing of prunes in consumer packages

Agricultural Marketing Service, USDA

§ 993.518

shall, subject to the limitation prescribed in § 993.516, be according to those commercially recognized size categories as are listed in paragraph (a) of this section by numerical designation or in paragraph (b) of this section by nomenclature designation.

(a) *Numerical designations.* Each of the following is a numerical size category described by the range of the size counts of prunes per pounds included in the respective size categories expressed as follows or in an applicable equivalent range expressed in the metric system per 500 grams: 15/20, 15/22, 18/24, 20/30, 25/35, 30/40, 35/45, 40/50, 50/60, 60/70, 70/80, 75/85, 80/90, and 90/100.

(1) Extra large;

(2) Large;

(3) Medium; and

(4) Small, breakfast, petite, or economy.

(c) *Nomenclature designations defined.* As used in paragraph (b) of this section:

With respect to in-line inspections and floor inspections, prunes in a particular lot shall, subject to the other applicable requirements of this section, be considered as being according to a particular size category prescribed in § 993.515 if the average size count of the prunes in such lot falls within the range of the size counts specified for such size category, and the count per pound of 10 ounces of the smallest prunes in a sample of 100 ounces varies

from the count per pound of 10 ounces of the largest prunes in such sample by no more than 45 points.

EFFECTIVE DATE NOTE: At 70 FR 30613, May 27, 2005, § 993.516 was suspended indefinitely.

LABELING

§ 993.517 Identification.

The size category of the prunes in any lot shall be clearly marked by the handler on each consumer package of such prunes, on the parts or panels of the package or label which are normally presented in retail display, in terms of the applicable numerical or nomenclature designation prescribed in § 993.515, which designation shall not be lacking in prominence and conspicuousness. Any handler may, at his option, clearly mark on such consumer package additional information describing in numerical terms the average size count, or particular range of size counts, of the prunes in such lot so long as such numerical terms fall within the range of the size counts of the applicable numerical or nomenclature designation and do not tend to be deceptive as to the actual average size count, or range of the size counts, of the prunes in such lot. Descriptive terms other than synonyms of the prescribed nomenclature designation or words of like connotation, describing the style of pack, variety of prune, or other item of commercial significance may also be marked on the consumer package. Prunes in any lot of which the maximum size count is less than 25 shall be clearly marked by the handler in terms of the applicable numerical designation prescribed in § 993.515(a); and the handler may use nomenclature terms descriptive of size other than the nomenclature designations prescribed in § 993.515(b).

packages of prunes unless such prunes are packed and labeled in accordance with the specifications prescribed in this subpart; and whether prices are above or below parity, no handler shall use the nomenclature designations in § 993.515(b) to describe size categories other than those prescribed pursuant to § 993.515(c).

Subpart F—Grade Requirements

§ 993.601 More restrictive grade regulation.

(a) *Incoming and outgoing regulation.* Whenever the estimated season average price to producers for prunes does not exceed the parity level specified in section 2(1) of the act, the minimum standards which handlers' receipts of natural condition prunes are required to meet pursuant to § 993.49(a) shall be the standards specified in §§ 993.49(a) and 993.97(I), and the minimum standards which handlers' shipments or other final dispositions of prunes are required to meet pursuant to § 993.50(a) shall be the applicable standards set forth in § 993.97 *Exhibit A; minimum standards*, except that the following revised tolerance allowances shall apply in lieu of the tolerance allowances prescribed in paragraphs I C(2), II C(3), I C(5) and II C(6) of § 993.97 as follows:

(1) The combined tolerance allowance for off-color, inferior meat condition, end cracks, fermentation, skin or flesh damage, scab, burned, mold, imbedded dirt, insect infestation, and decay shall not exceed fifteen percent (15%), except that the first eight percent (8%) of end cracks shall be given one-half value and any additional percentage of end cracks shall be given full value.

(2) The combined tolerance allowance for mold, brown rot, imbedded dirt, insect infestation, and decay shall not exceed five percent (5%), and, within such tolerance, brown rot shall not exceed three percent (3%).

(b) *Above parity situations.* Whenever the estimated season average price to producers for prunes exceeds the parity level specified in section 2(1) of the act,

7 CFR Ch. IX (1–1–20 Edition)

the minimum standards set forth in § 993.97 shall apply in their entirety.

§ 993.602 Maximum tolerances.

In lieu of the provision prescribed in I C of § 993.97 that the tolerance allowances prescribed therein shall be on a weight basis, the tolerance allowance percentage for each defect or group of defects in I C of § 993.97 shall be derived by dividing the number of prunes in the applicable sample affected with the applicable defect(s) by the total number of prunes in such sample.

QUALITY AND HANDLING STANDARDS

§ 996.30 Incoming quality standards.

(a) All farmers stock peanuts received or acquired by a handler shall be officially inspected by the Inspection Service, and certified as to segregation, moisture content, and foreign material.

(b) *Moisture.* Domestic and imported peanuts shall be dried to 18 percent or less prior to inspection and to 10.49 percent or less prior to storing or milling: *Provided*, That Virginia-type peanuts used for seed shall be dried to 18 percent or less prior to inspection and to

§ 996.40 Handling standards.

(a) *Identification:* Each lot of shelled or cleaned-inshell peanuts intended for human consumption shall be identified by positive lot identification prior to being shipped or otherwise disposed of. Positive lot identification (PLI) methods are tailored to the size and containerization of the lot, by warehouse storage or space requirements, or by necessary further movement of the lot prior to certification. Positive lot identification is established by the Inspection Service and includes the following methods of identification. For domestic lots and repackaged import lots, PLI includes PLI stickers, tags or seals applied to each individual package or container in such a manner that is acceptable to the Inspection Service and maintains the identity of the lot. For imported lots, PLI tape may be used to wrap bags or boxes on pallets, PLI stickers may be used to cover the shrink-wrap overlap, doors may be sealed to isolate the lot, bags or boxes may be stenciled with a lot number, or any other means that is acceptable to the Inspection Service. The crop year means the calendar year in which the peanuts were planted as documented by the applicant. All lots of shelled and cleaned-inshell peanuts shall be shipped under positive lot identification procedures. However, peanut lots failing to meet quality requirements may be moved from a handler's facility to another facility owned by the same handler or another handler without PLI so long as such handler maintains a satisfactory records system for traceability purposes as defined in § 996.73.

(b) *Sampling and testing shelled peanuts for outgoing inspection:* Prior to shipment, the following sampling and inspection procedures shall be conducted on each lot of shelled peanuts intended for human consumption. The lot size of shelled or cleaned-inshell peanuts presented for outgoing inspection

in bags or bulk shall not exceed 200,000 pounds.

(1) Each handler or importer shall cause appropriate samples, based on a sampling plan approved by the Inspection Service, of each lot of shelled peanuts intended for human consumption to be drawn by the Inspection Service. The gross amount of peanuts drawn shall be large enough to provide for a grade analysis, for a grading check-sample, and for three 48-pound samples for aflatoxin chemical analysis. The three 48-pound samples shall be designated by the Inspection Service as "Sample 1," "Sample 2," and "Sample 3" and each sample shall be placed in a suitable container and positive lot identified by means acceptable to the Inspection Service. Sample 1 may be prepared for immediate testing or Sample 1, Sample 2, and Sample 3 may be returned to the handler or importer for testing at a later date. Imported peanuts shall be labeled "Sample 1IMP," "Sample 2IMP," and "Sample 3IMP" and handled accordingly.

(2) Before shipment of a lot of shelled peanuts to a buyer, the handler or importer shall cause Sample 1 to be ground by the Inspection Service, a USDA laboratory or a USDA-approved laboratory, in a "subsampling mill." The resultant ground subsample from Sample 1 shall be of a size specified by the Inspection Service and shall be designated as "Subsample 1-AB" and at the handler's, importer's or buyer's option, a second subsample may also be extracted from Sample 1. It shall be designated as "Subsample 1-CD." Subsample 1-CD may be sent as requested by the handler or buyer, for aflatoxin assay, to a USDA laboratory or USDA-approved laboratory that can provide analyses results on such samples in 36 hours. The cost of sampling and testing Subsample 1-CD shall be for the account of the applicant. Subsample 1-AB shall be analyzed only in a USDA laboratory or USDA-approved laboratory. Both Subsamples 1-AB and 1-CD shall be accompanied by a notice of sampling or grade certificate, signed by the inspector, containing, at least, identifying information as to the handler or importer, and the positive lot identification of the shelled peanuts.

Agricultural Marketing Service, USDA

§ 996.50

(3) The samples designated as Sample 2 and Sample 3 shall be held as aflatoxin check-samples by the Inspection Service or the handler or importer and shall not be included in the shipment to the buyer until the analyses results from Sample 1 are known.

(4) Upon call from the laboratory, the handler or importer shall cause Sample 2 to be ground by the Inspection Service, USDA or USDA-approved laboratory in a "subsampling mill." The resultant ground subsample from Sample 2 shall be of a size specified by the Inspection Service and it shall be designated as "Subsample 2-AB." Upon call from the laboratory, the handler shall cause Sample 3 to be ground by the Inspection Service, USDA or USDA-approved laboratory in a "subsampling mill." The resultant ground subsample from Sample 3 shall be of a size specified by Inspection Service and shall be designated as "Subsample 3-AB." "Subsamples 2-AB and 3-AB" shall be analyzed only in a USDA laboratory or a USDA-approved laboratory and each shall be accompanied by a notice of sampling. The results of each assay shall be reported by the laboratory to the handler and to USDA.

(5) Handlers and importers may make arrangements for required inspection and certification by contacting the Inspection Service office closest to where the peanuts will be made available for sampling. For questions regarding inspection services, a list of Federal or Federal-State Inspection Service offices, or for further assistance, handlers and importers may contact: Specialty Crops Inspection Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW., Room 1536-S, (STOP 0240), Washington, DC, 20250-0240; Telephone: (202) 720-5870; Fax: (202) 720-0393.

(6) Handlers and importers may make arrangements for required chemical analysis for aflatoxin content at the nearest USDA or USDA-approved laboratory. For further information concerning chemical analysis and a list of laboratories authorized to conduct such analysis contact: Science and Technology Program, AMS, USDA, 1400 Independence Avenue SW., STOP 0270, Washington, DC 20250-0270; Telephone (202) 690-0621; Fax (202) 720-4631.

(c) *Appeal inspections.* Any "holder of the title" to any lot of peanuts may request an appeal inspection if it is believed that the original aflatoxin test results were in error. Appeal inspections would be conducted in accordance with Federal or Federal-State inspection procedures for milled peanuts. The aflatoxin appeal sample would be drawn by Federal or Federal-State Inspection Service officials and the appeal analysis would be conducted by USDA or USDA-approved laboratories. Any financially interested person may request an appeal inspection if it is believed that the original quality inspection is in error. Quality appeals would be conducted by Federal or Federal-State Inspection Service inspectors in accordance with the Federal or Federal-State inspection procedures for milled peanuts. The person requesting the appeal inspection would pay the cost of such appeals. The appeal inspection results shall be issued to the person requesting the appeal inspection and a copy shall be mailed to USDA or its agent.

[67 FR 57140, Sept. 9, 2002, as amended at 68 FR 1157, Jan. 9, 2003; 68 FR 46924, Aug. 7, 2003; 81 FR 50289, Aug. 1, 2016]

§ 996.50 Reconditioning failing quality peanuts.

(a) Lots of peanuts which have not been certified as meeting the requirements for disposition to human consumption outlets may be disposed for non-human consumption uses: *Provided*, That each such lot is positive lot identified using red tags, identified using a traceability system as defined in § 996.73, or other methods acceptable to the Inspection Service, and certified as to aflatoxin content (actual numerical count), unless they are designated for crushing. However, on the shipping papers covering the disposition of each such lot, the handler or importer shall cause the following statement to be shown: "The peanuts covered by this bill of lading (or invoice, etc.) are not to be used for human consumption."

(b)(1) Sheller oil stock residuals shall be positive lot identified using red tags, identified using a traceability system as defined in § 996.73, or other methods acceptable to the Inspection

Service, and may be disposed of domestically or to the export market in bulk or bags or other suitable containers. Disposition to crushing may be to approved crushers. However, sheller oil stock residuals may be moved from a handler's facility to another facility owned by the same handler or another handler without PLI so long as such handler maintains a satisfactory records system for traceability purposes as defined in § 996.73.

(2) If such peanuts are not tested and certified as to aflatoxin content, pursuant to paragraph (a) of this section, the handler or importer shall cause the following statement to be shown on the shipping papers: "The peanuts covered by this bill of lading (or invoice, etc.) are limited to crushing only and may contain aflatoxin."

(c) *Remilling.* Handlers and importers may remill, or cause to have remilled, lots of shelled or cleaned-inshell peanuts failing to meet the applicable outgoing quality standards in the table in § 996.31(a). If, after remilling, such peanut lot meets the applicable quality standards in § 996.31, the lot may be moved for human consumption under positive lot identification procedures and accompanied by applicable grade and aflatoxin certificates.

(d) *Blanching.* Handlers and importers may blanch, or cause to have blanched, shelled peanuts failing to meet the outgoing quality standards specified in the table in § 996.31(a). If after blanching, such peanut lot meets the quality standards in § 996.31(a), the lot may be moved for human consumption under positive lot identification procedures and accompanied by applicable grade and aflatoxin certificates. Peanut lots certified as meeting the fall through standard or the damaged kernels and minor defects standard as specified in § 996.31(a), prior to blanching shall be exempt from fall through, damaged kernels and minor defects standards after blanching.

(e) Lots of shelled peanuts moved for remilling or blanching shall be positive lot identified and accompanied by valid grade inspection certificate, *Except* That, a handler's shelled peanuts may be moved without PLI and grade inspection to the handler's blanching facility that blanches only the handler's

peanuts. Lots of shelled peanuts may be moved for remilling or blanching to another handler without PLI if the handler uses a traceability system as defined in § 996.73, *Except* That, any grade inspection certificates associated with these lots would no longer be valid. The title of such peanuts shall be retained by the handler or importer until the peanuts have been certified by the Inspection Service as meeting the outgoing quality standards specified in the table in § 996.31(a). Remilling or blanching under the provisions of this paragraph shall be performed only by those remillers and blanchers approved by USDA. Such approved entities must agree to comply with the handling standards in this part and to report dispositions of all failing peanuts and residual peanuts to USDA, unless they are designated for crushing.

(f) Residual peanuts resulting from remilling or blanching of peanuts shall be red tagged, identified using a traceability system as defined in § 996.73, or identified by other means acceptable to the Inspection Service, and returned directly to the handler for further disposition or, in the alternative, such residual peanuts shall be positive lot identified by the Inspection Service and shall be disposed of to handlers who are crushers, or to approved crushers, *Except* That, a handler may move the residual peanuts without PLI to a facility for crushing owned by the handler. Handlers who are crushers and crushers approved by USDA must agree to comply with the terms and conditions of this part.

(g) *Re-inspection.* Whenever USDA has reason to believe that domestic or imported peanuts may have been damaged or deteriorated while in storage, USDA may reject the then effective inspection certificate and may require the owner of the peanuts to have a re-inspection to establish whether or not such peanuts may be disposed of for human consumption.

(h) The cost of transportation, sampling, inspection, certification, chemical analysis, and identification, as well as remilling and blanching, and further inspection of remilled and blanched lots, and disposition of failing peanuts, shall be borne by the applicant. Whenever peanuts are presented

Agricultural Marketing Service, USDA

§ 996.72

for inspection, the handler or importer shall furnish any labor and pay any costs incurred in moving, opening containers, and shipping samples as may be necessary for proper sampling and inspection. The Inspection Service shall bill the applicant or other responsible entity separately for applicable fees covering sampling and inspection, delivering aflatoxin samples to laboratories, positive lot identification measures, and other certifications as may be necessary to certify edible quality or non-edible disposition. The USDA and USDA-approved laboratories shall bill the applicant or other responsible entity separately for applicable fees for aflatoxin assays.

[67 FR 57140, Sept. 9, 2002, as amended at 68 FR 46924, Aug. 7, 2003]

§ 996.60 Safeguard procedures for imported peanuts.

(a) Prior to arrival of a foreign-produced peanut lot at a port-of-entry, the importer, or customs broker acting on behalf of the importer, shall submit information electronically to the United States Customs and Border Protection, which includes the following: The Customs Service entry number; the container number(s) or other identification of the lot(s); the volume of the peanuts in each lot being entered; the inland shipment destination where the lot will be made available for inspection; and a contact name or telephone number at the destination.

(b) *Additional standards.* (1) Nothing contained in this section shall preclude any importer from milling or reconditioning, prior to importation, any shipment of peanuts for the purpose of making such lot eligible for importation into the United States. However, all peanuts entered for human consumption use must be certified as meeting the quality standards specified in § 996.31(a) prior to such disposition. Failure to fully comply with quality and handling standards as required under this section, will result enforcement action by USDA.

(2) Imported peanut lots sampled and inspected at the port-of-entry, or at other locations, shall meet the quality standards of this part in effect on the date of inspection.

(3) A foreign-produced peanut lot entered for consumption or for warehouse may be transferred or sold to another person: *Provided*, That the original importer shall be the importer of record unless the new owner applies for bond and files Customs Service documents pursuant to 19 CFR 141.113 and 141.20: *And provided further*, That such peanuts must be certified and reported to USDA pursuant to § 996.71 of this part.

(4) The provisions of this section do not supersede any restrictions or prohibitions on peanuts under the Federal Plant Quarantine Act of 1912, the Federal Food, Drug and Cosmetic Act, any other applicable laws, or regulations of other Federal agencies, including import regulations and procedures of the Customs Service.

[67 FR 57140, Sept. 9, 2002, as amended at 68 FR 1158, Jan. 9, 2003; 81 FR 50289, Aug. 1, 2016]

REPORTS AND RECORDS

§ 996.71 Reports and recordkeeping.

(b) Reports shall be maintained by the handler for nonconforming products to assure traceability throughout the supply chain. The traceability system must include documented records, which enable a full product history to be produced in a timely manner and must ensure product can be traced forward (raw material to distribution) and backwards from distribution to the warehouse feeding the shelling plant, and ensure that all associated tests and all relevant records have been completed. The traceability system shall include identification of all raw materials, process parameters (for specific lot), packaging and final disposition. The handler shall be able to identify the warehouse in which the peanuts were stored immediately prior to shelling. Traceability must be maintained throughout production runs with specific lot codes, and there shall be complete linkage from raw material receipt through final disposition.

(5) Fails to maintain and provide access to records, pursuant to § 996.71, and the standards for traceability and nonconforming product disposition pursuant to § 996.73, on the reconditioning or disposition of peanuts acquired by such handler or importer; and on lots that meet outgoing quality standards; or

(6) Otherwise violates any provision of section 1308 of the Act or any provision of this part.

(e) *Additional requirements*—(1) *General*. Prior to importation of any prunes, the person importing such prunes shall file an inspection certificate with the Collector of Customs at the port at which the customs entry is filed. In addition, if such prunes are manufacturing grade substandard prunes, such person shall also file with the Collector of Customs an executed Form FV-6—‘Importer’s Exempt Commodity Form.’ Promptly after such filing, such person shall transmit a copy of this form to the Fruit and Vegetable Division. (i) *Compliance*. Any person who violates any provision of this section shall be subject to a forfeiture in the amount prescribed in section 8a(5) of the Agricultural Marketing Agreement Act of 1937, as amended (sections 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674), or, upon conviction, a penalty in the amount prescribed in section 8c(14) of said act, or to both such forfeiture and penalty. To avoid delay in scheduling the inspection the applicant should make advance arrangements with the USDA inspection office.

(d) *Reconditioning.* Nothing contained in this section shall preclude the reconditioning of failing lots of raisins prior to importation of raisins in order that such raisins may be made eligible to

Agricultural Marketing Service, USDA

§ 999.400

meet the applicable grade and size requirements in paragraph (b) of this section.

(e) *Exemptions.* (1) Notwithstanding any other provision of this section, any lot of raisins which in the aggregate does not exceed 100 pounds, net weight, may be imported without regard to the restrictions of this section.

(2) Any lot of raisins which does not meet the applicable grade and size requirements of paragraph (b) of this section may be imported for use in the production of alcohol, syrup for industrial use, or any lot of raisins which does not meet such requirements with respect to mechanical damage or sugaring may be imported for use in the production of raisin paste, but all such raisins shall be subject to the safeguard provisions contained in § 999.500.

(f) *Books and records.* Each person subject to this section shall maintain true and complete records of his transactions with respect to imported raisins. Such records shall be retained for not less than 2 years subsequent to the calendar year of importation. The Secretary, through his duly authorized representatives, shall have access to any such person's premises during regular business hours and shall be permitted at any such time to inspect such records and any imported raisins held by such person.

(g) *Other restriction.* The provisions of this section do not supersede any restrictions or prohibitions on the importation of raisins under the Federal Plant Quarantine Act of 1912, the Federal Food, Drug and Cosmetic Act, or any other applicable laws or regulations, or the need to comply with applicable food and sanitary regulations of city, county, State, or Federal agencies.

(h) *Compliance.* Any person violating any of the provisions of this regulation is subject to a forfeiture in the amount prescribed in section 8a(5) of the Agricultural Marketing Agreement Act of 1937, as amended (sections 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674), or, upon conviction, a penalty in the amount prescribed in section 8c(14) of said act, or to both such forfeiture and penalty. False representation to an agency of the United States in any matter within its jurisdiction, knowing

it to be false, is a violation of 18 U.S.C. 1001 which provides for a fine or imprisonment or both.

EXHIBIT A

GRADE REQUIREMENTS FOR SHELLED FILBERTS

Filbert kernels or portions of filbert kernels shall meet the following requirements:

- (1) Well dried and clean;
- (2) Free from foreign material, mold, rancidity, decay or insect injury; and
- (3) Free from serious damage caused by serious shriveling, or other means.

TOLERANCES

In order to allow for variations incident to proper grading and handling the following tolerances, by weight, are permitted as specified:

- (1) For Foreign Material: 0.02 of one percent, for foreign material.
- (2) For Defects: Five percent for kernels or portions of kernels which are below the requirements of this grade, including not more than the following: Two percent for mold, rancidity, decay or insect injury: *Provided*, That not more than one percent shall be for mold, rancidity, or insect injury.

DEFINITIONS

(1) *Well dried* means that the kernels are firm and crisp, not containing more than 6 percent moisture.

(2) *Clean* means practically free from plainly visible adhering dirt or other foreign material.

(3) *Foreign material* means any substance other than the filbert kernels, or portions of kernels. (Loose skins, pellicles or corky tissue which have become separated from the kernels shall not be considered as foreign material, provided that this material does not exceed .02 of one percent by weight.)

(4) *Serious damage* means any specific defect described in this section, or any equally objectionable variation of any one of these defects, or any other defects, or any combination of defects, which seriously detracts from the appearance or the edible or marketing quality of the individual portion of the kernel or of the lot as a whole. The following defects shall be considered as serious damage.

(i) *Serious shriveling* means when the kernel is seriously shrunken, wrinkled and tough.

(ii) *Mold* means that there is a visible growth of mold either on the outside or inside of the kernel.

§ 999.500 Safeguard procedures for walnuts, dates, pistachios, and raisins exempt from grade, size, quality, and maturity requirements.

(a) Each person who imports or receives any of the commodities listed in paragraphs (a)(1) through (4) of this section shall file (electronically or paper) an "Importer's Exempt Commodity Form" (FV-6) with the Marketing Order and Agreement Division, Fruit and Vegetable Program, AMS,

USDA. A "person who imports" may include a customs broker, acting as an importer's representative (hereinafter referred to as "importer"). A copy of the form (electronic or paper) shall be provided to the U.S. Customs and Border Protection. If a paper form is used, a copy of the form shall accompany the lot to the exempt outlet specified on the form. Any lot of any commodity offered for inspection or aflatoxin testing and, all or a portion thereof, subsequently imported as exempt under this provision shall also be reported on an FV-6. Such form (electronic or paper) shall be provided to the Marketing Order and Agreement Division in accordance with paragraph (d) of this section. The applicable commodities are:

(1) Dates which are donated to needy persons, prisoners or Native Americans on reservations; dates for processing; dates prepared or preserved; or dates for packaging or dates in retail packages that fail to meet grade, size, quality, and maturity requirements and are reclassified as dates for processing;

(2) Walnuts which are: Green walnuts (so immature that they cannot be used for drying and sale as dried walnuts); walnuts used in non-competitive outlets such as use by charitable institutions, relief agencies, governmental agencies for school lunch programs, and diversion to animal feed or oil manufacture;

(3) Substandard pistachios which are for non-human consumption purposes; or

(4) Raisins which do not meet grade and size requirements and are used in the production of alcohol, or syrup for industrial use, or which do not meet grade requirements with respect to mechanical damage or sugaring and are used in the production of raisin paste.

(b) *Certification of exempt use.* (1) Each importer of an exempt commodity as specified in paragraph (a) of this section shall certify on the FV-6 form (electronic or paper) as to the intended exempt outlet (*e.g.*, processing, charity, livestock feed). If certification is made using a paper FV-6 form, the importer shall provide a handwritten signature on the form.

(2) Each receiver of an exempt commodity as specified in paragraph (a) of this section shall also receive a copy of

the associated FV-6 form (electronic or paper) filed by the importer. Within two days of receipt of the exempt lot, the receiver shall certify on the form (electronic or paper) that such lot has been received and will be utilized in the exempt outlet as certified by the importer. If certification is made using a paper FV-6 form, the receiver shall provide a handwritten signature on the form.

(c) It is the responsibility of the importer to notify the Marketing Order and Agreement Division of any lot of exempt commodity rejected by a receiver, shipped to an alternative exempt receiver, exported, or otherwise disposed of. In such cases, a second FV-6 form must be filed by the importer, providing sufficient information to determine ultimate disposition of the exempt lot, and such disposition shall be so certified by the final receiver.

(d) All FV-6 forms and other correspondence regarding entry of exempt commodities must be submitted electronically, by mail, or by fax to the Marketing Order and Agreement Division, Fruit and Vegetable Program, AMS, USDA, 1400 Independence Avenue SW, STOP 0237, Washington, DC 20250-0237; telephone (202) 720-2491; email ComplianceInfo@ams.usda.gov; or fax (202) 720-5698.

human consumption is prohibited unless it meets the requirements contained in this section, which are determined to be the same as or comparable to those imposed upon domestic pistachios handled pursuant to Order No. 983, as amended (part 983 of this chapter).

(c) *Maximum aflatoxin tolerance.* No importer shall ship for domestic human consumption lots of pistachios that exceed an aflatoxin level of 15 ppb. Compliance with the aflatoxin requirements of this section shall be determined upon the basis of sampling by a USDA-authorized inspector and testing by a USDA or USDA-accredited laboratory. All shipments must be covered by an aflatoxin inspection certificate issued by the laboratory. Testing and certification must be completed prior to the importation of pistachios.

(d) *Sampling.* (1) All sampling for aflatoxin testing shall be performed by USDA-authorized inspectors in accordance with USDA rules and regulations governing the inspection and certification of fresh fruits, vegetables, and other products (7 CFR part 51). The cost of each such sampling and related certification shall be borne by the importer. Whenever pistachios are offered for sampling and testing, the importer shall furnish any labor and pay any costs incurred for storing, moving, and opening containers as may be necessary for proper sampling and testing. The importer shall furnish the USDA inspector with the customs entry number and such other identifying information for each lot as he or she may request. Importers may make arrange-

ments for required sampling by contacting the Inspection Service office closest to where the pistachios will be made available for sampling. For questions regarding sampling, a list of Federal or Federal-State Inspection Program offices, or for further assistance, importers may contact: Specialty Crops Inspection Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW., Room 1536-S, Washington, DC 20250; Telephone: (202) 720-5870; Fax: (202) 720-0393.

Each sample shall be drawn and prepared in accordance with the sample size requirements outlined in Tables 1 and 2 below. The gross weight of the inshell lot and test samples for aflatoxin testing and the minimum number of incremental samples required are shown in Table 1. The gross weight of the kernel lot and test samples for aflatoxin testing and the minimum number of incremental samples required is shown in Table 2. If more than one test sample is necessary, the test samples shall be designated by the inspector as Test Sample #1 and Test Sample #2. Each sample shall be placed in a suitable container, with the lot number clearly identified, and the importer shall submit it, along with a copy of the customs entry documentation, to a USDA or USDA-accredited laboratory. The importer shall assume all costs for shipping samples to the laboratory.

(e) *Aflatoxin testing.* Importers may make arrangements for required chemical analysis for aflatoxin content at the nearest USDA or USDA-accredited laboratory. For further information concerning chemical analysis and a list of laboratories authorized to conduct such analysis contact: Science and Technology Programs, AMS, USDA, 1400 Independence Avenue SW., STOP 0270, Washington, DC 20250-0270; Telephone: (202) 720-5231; Fax: (202) 720-6496.

(1) Aflatoxin test samples shall be received and logged by a USDA or USDA-accredited laboratory, and each test sample shall be prepared and analyzed using High Pressure Liquid Chromatography (HPLC) or the AOAC-approved immunoaffinity column with direct fluorometry method. The aflatoxin level shall be calculated on a kernel weight basis.

(2) Lots that require a single test sample will be certified as “negative” on the aflatoxin inspection certificate if the sample has an aflatoxin level at or below 15 ppb. If the aflatoxin level is above 15 ppb, the lot fails and the laboratory shall fill out an *Imported Pistachios—Failed Lot Notification* report (Form FV-249) as described in paragraph (h)(1) of this section.

(3) Lots that require two test samples will be certified as “negative” on the aflatoxin inspection certificate if Test Sample #1 has an aflatoxin level at or below 10 ppb. If the aflatoxin level of Test Sample #1 is above 20 ppb, the lot fails and the laboratory shall fill out an *Imported Pistachios—Failed Lot Notification* report (Form FV-249). If the aflatoxin level of Test Sample #1 is above 10 ppb and at or below 20 ppb, the laboratory may, at the importer’s discretion, analyze Test Sample #2 and

average the test results of Test Samples #1 and #2. Alternately, the importer may elect to withdraw the lot from testing, rework the lot, and re-submit it for testing after reworking. If the importer directs the laboratory to proceed with the analysis of Test Sample #2, a lot will be certified as negative to aflatoxin and the laboratory shall issue an aflatoxin inspection certificate if the averaged result of Test Samples #1 and #2 is at or below 15 ppb. If the average aflatoxin level of Test Samples #1 and #2 is above 15 ppb, the lot fails and the laboratory shall fill out an *Imported Pistachios—Failed Lot Notification* report (Form FV-249).

(4) If an importer does not elect to use Test Sample #2 for certification purposes, the importer may request that the laboratory return the sample to the importer.

(f) *Certification.* Each lot of pistachios sampled and tested in accordance with paragraphs (d) and (e) of this section shall be covered by an aflatoxin inspection certificate completed by the laboratory. The certification expires for the lot or remainder of the lot after 12 months. Each such certificate shall set forth the following:

(1) The date and place of sampling and testing.

(2) The name of the applicant.

(3) The Customs entry number pertaining to the lot or shipment covered by the certificate.

(4) The quantity and identifying marks of the lot tested.

(5) The aflatoxin level of the lot, stated on a kernel weight basis.

(6) The statement, if applicable: “Meets U.S. import requirements under section 8e of the AMA Act of 1937.”

(7) If the lot fails to meet the import requirements, a statement to that effect and the reasons therefore.

(g) *Failed lots/rework procedure.* Any lot or portion thereof that fails to meet the import requirements prior to or after reconditioning may be exported, sold for non-human consumption, or disposed of under the supervision of Customs and, if necessary for verification purposes, the Federal or Federal-State Inspection Programs, with the costs of certifying the disposal of such lot paid by the importer.

(1) *Inshell rework procedure for aflatoxin.* If inshell rework is selected as a remedy to meet the aflatoxin requirements of this part, then 100 percent of the product within that lot shall be removed from the bulk and/or retail packaging containers and reworked to remove the portion of the lot that caused the failure. Reworking shall consist of mechanical, electronic, or manual procedures normally used in the handling of pistachios. After the rework procedure has been completed, the total weight of the accepted product and the total weight of the rejected product shall be reported by the importer to Customs and USDA on an *Imported Pistachios—Rework and Failed Lot Disposition* report (Form FV-251) as described in paragraph (h)(2) of this section. The reworked lot shall be sampled and tested for aflatoxin as specified in paragraphs (d) and (e) of this section, except that the lot sample size and the test sample size shall be doubled. If, after the lot has been reworked and tested, it fails the aflatoxin test for a second time, the lot may be shelled and the kernels reworked, sampled, and tested in the manner specified for an original lot of kernels, or the failed lot may be exported, used for non-human consumption, or otherwise disposed of.

(2) *Kernel rework procedure for aflatoxin.* If pistachio kernel rework is selected as a remedy to meet the aflatoxin requirements of this part, then 100 percent of the product within that lot shall be removed from the bulk and/or retail packaging containers and reworked to remove the portion of the lot that caused the failure. Reworking shall consist of mechanical, electronic, or manual procedures normally used in the handling of pistachios. After the

rework procedure has been completed the total weight of the accepted product and the total weight of the rejected product shall be reported to Customs and USDA on an *Imported Pistachios—Rework and Failed Lot Disposition* report (Form FV-251). The reworked lot shall be sampled and tested for aflatoxin as specified in paragraphs (d) and (e) of this section.

(3) *Failed lot reporting.* If a lot fails to meet the aflatoxin requirements of this part, the testing laboratory shall complete an *Imported Pistachios—Failed Lot Notification* report (Form FV-249) as described in paragraph (h)(1) of this section, and shall submit it to Customs, the importer, and USDA within 10 working days of the test failure. This form must be completed and submitted each time a lot fails aflatoxin testing.

(h) *Reports and Recordkeeping.*

(1) *Form FV-249 Imported Pistachios—Failed Lot Notification.* Each USDA or USDA-accredited laboratory shall notify the importer; Customs; and the Marketing Order and Agreement Division, Fruit and Vegetable Programs, AMS, USDA; of all lots that fail to meet the maximum aflatoxin requirements by completing this form and submitting it within 10 days of failed aflatoxin testing.

(2) *Form FV-251 Imported Pistachios—Rework and Failed Lot Disposition.* Each importer who reworks a failing lot of pistachios shall complete this report and shall forward it to Customs and the Marketing Order and Agreement Division, Fruit and Vegetable Programs, AMS, USDA, no later than 10 days after the rework is completed. If rework is not selected as a remedy, the importer shall complete and submit this form within 10 days of alternate disposition of the lot.

(i) *Exemptions.* Any importer may import pistachios free of the requirements of this section if such importer imports a quantity not exceeding a total of 5,000 dried pounds between September 1 and August 31 of each year. (j) *Reconditioning prior to importation.* Nothing contained in this section shall be deemed to preclude reconditioning

pistachios prior to importation, in order that such pistachios may be made eligible to meet the applicable aflatoxin regulations prescribed in paragraphs (c) through (f) of this section.

(k) *Comingling*. Certified lots of pistachios may be comingled with other certified lots, but the comingling of certified lots and uncertified lots shall cause the loss of certification for the comingled lots.

(l) *Retesting*. Whenever USDA has reason to believe that imported pistachios may have been damaged or deteriorated while in storage, USDA may reject the then effective inspection certificate and may require the owner of the pistachios to have them retested to establish whether or not such pistachios may be shipped for human consumption.

(m) *Compliance*. Any person who violates any provision of this section shall

(n) *Other import requirements*. The provisions of this section do not supersede any restrictions or prohibitions on pistachios under the Federal Plant Quarantine Act of 1912, or any other applicable laws or regulations of city, county, State, or Federal Agencies including the Federal Food, Drug and Cosmetic Act.
