§ 120.214 What conditions apply for variable interest rates?

A Lender may use a variable rate of interest, upon SBA's approval. SBA's maximum allowable rates apply only to the initial rate on the date SBA received the loan application. SBA shall approve the use of a variable interest rate under the following conditions:

(a) *Frequency.* The first change may occur on the first calendar day of the month following initial disbursement, using the base rate (see paragraph (c) of this section) in effect on the first business day of the month. After that, changes may occur no more often than monthly.

(b) *Range of fluctuation.* The amount of fluctuation shall be equal to the movement in the base rate. The difference between the initial rate and the ceiling rate may be no greater than the difference between the initial rate and the floor rate.

(c) *Base rate.* The base rate will be one of the following: (i) The prime rate; (ii) the thirty-day (1-month) London Interbank Offered Rate (LIBOR) plus 3 percentage points, or (iii) the Optional Peg Rate. The prime or LIBOR rate will be that which is in effect on the first business day of the month, as printed in a national financial newspaper published each business day. SBA publishes the Optional Peg Rate quarterly in the FEDERAL REGISTER.

(d) *Maturities under 7 years.* For loans with maturities under seven years, the maximum interest rate shall not exceed two and one-quarter (2 1/4) percentage points over the base rate.

(e) *Maturities of 7 years or more.* For loans with maturities of seven or more years, the maximum interest rate shall not exceed two and three-quarters (2 3/4) percentage points over the base rate.

(f) *Amortization.* Initial amortization of principal and interest may be recomputed and reassessed as interest rates fluctuate, as directed by SBA. With prior approval of SBA, the Lender may use certain other amortization methods, except that SBA does not allow balloon payments.

§ 120.215 What interest rates apply to smaller loans?

For a loan over $25,000 but not exceeding $50,000, the interest rate may be one percent more than the maximum interest rate described above. For a loan of $25,000 or less, the maximum interest rate described above may be increased by two percentage points.

FEES FOR GUARANTEED LOANS

§ 120.220 Fees that Lender pays SBA.

A Lender must pay a guaranty fee to SBA for each loan it makes. If the guarantee fee is not paid, SBA may terminate the guarantee. Acceptance of the guaranty fee by SBA does not waive any right of SBA arising from a Lender's negligence, misconduct or violation of any provision of these regulations, the guaranty agreement, or the loan authorization.

(a) *Amount of guaranty fee*—(1) *In general.* Except to the extent paragraph (a)(2) of this section applies, for a loan with a maturity of twelve (12) months or less, the guarantee fee which the Lender must pay to SBA is one-quarter (¼) of one percent of the guaranteed portion of the loan. For a loan with a maturity of more than twelve (12) months, the guarantee fee is payable as follows:

(i) Not more than 2 percent of the guaranteed portion of a loan if the total amount of the loan is not more than $150,000;

(ii) Not more than 3 percent of the guaranteed portion of a loan if the total amount of the loan is more than $150,000 but not more than $700,000;

(iii) Except as provided in paragraph (a)(1)(iv) of this section, not more than 3.5 percent of the guaranteed portion of a loan if the total amount of the loan is more than $700,000; and

(iv) An additional 0.25 percent of the guaranteed portion of a loan if the total amount of the loan is more than $1,000,000.

(2) *For loans approved October 1, 2002, through September 30, 2004.* For a loan with a maturity of twelve (12) months or less, the guarantee fee which the Lender must pay to SBA is one-quarter
