

## Small Business Administration

## § 121.201

of that decision to the SBDC or PTAC that issued the small business status advisory opinion as well as to the covered concern.

(d) *Reliance*. A concern that receives a small business status advisory opinion holding that it does not exceed the applicable size standard(s) may rely upon that determination for purposes of responding to Federal procurement opportunities from the date it is issued unless and until that advisory opinion is rejected by SBA in accordance with paragraph (c) of this section or the concern undergoes a significant change in its ownership, management, or other factors bearing on its status as a small business concern. However, the firm's size may be protested by interested parties in connection with a specific procurement.

(e) *Referral for size determination*. Nothing in this section precludes the Associate General Counsel, Office of Procurement Law from requesting a formal size determination for a concern that is the subject of a small business status advisory opinion pursuant to § 121.1001(b)(9).

(f) *Penalties for misrepresentation*—(1) *Suspension or debarment*. The SBA suspension and debarment official may suspend or debar a person or concern for misrepresenting a concern's size for purposes of obtaining a small business size status advisory opinion pursuant to the procedures set forth in 48 CFR subpart 9.4.

(2) *Civil penalties*. Persons or concerns are subject to severe penalties under the False Claims Act, 31 U.S.C. 3729–3733, and under the Program Fraud Civil Remedies Act, 331 U.S.C. 3801–3812, and any other applicable laws.

(3) *Criminal Penalties*. Persons or concerns are subject to severe criminal penalties for knowingly misrepresenting the small business size status of a concern in connection with procurement programs pursuant to section 16(d) of the Small Business Act, 15 U.S.C. 645(d), as amended, 18 U.S.C.

1001, 18 U.S.C. 287, and any other applicable laws. Persons or concerns are subject to criminal penalties for knowingly making false statements or misrepresentations for the purpose of influencing any actions of SBA pursuant to section 16(a) of the Small Business Act, 15 U.S.C. 645(a), as amended, including failure to correct “continuing representations” that are no longer true.

[80 FR 7536, Feb. 11, 2015]

### § 121.110 What must a concern do in order to be identified as a small business concern in any Federal procurement databases?

(a) In order to be identified as a small business concern in the System for Award Management (SAM) database (or any successor thereto), a concern must certify its size in connection with specific size standards at least annually.

(b) If a firm identified as a small business concern in SAM fails to certify its size within one year of a size certification, the firm will not be listed as a small business concern in SAM, unless and until the firm recertifies its size.

[78 FR 38817, June 28, 2013. Redesignated at 80 FR 7536, Feb. 11, 2015.]

### SIZE STANDARDS USED TO DEFINE SMALL BUSINESS CONCERNS

### § 121.201 What size standards has SBA identified by North American Industry Classification System codes?

The size standards described in this section apply to all SBA programs unless otherwise specified in this part. The size standards themselves are expressed either in number of employees or annual receipts in millions of dollars, unless otherwise specified. The number of employees or annual receipts indicates the maximum allowed for a concern and its affiliates to be considered small.

SMALL BUSINESS SIZE STANDARDS BY NAICS INDUSTRY

NAICS codes	NAICS U.S. industry title	Size standards in millions of dollars	Size standards in number of employees
<b>Sector 11—Agriculture, Forestry, Fishing and Hunting</b>			
<b>Subsector 111—Crop Production</b>			
111110	Soybean Farming	\$1.0	
111120	Oilseed (except Soybean) Farming	\$1.0	
111130	Dry Pea and Bean Farming	\$1.0	
111140	Wheat Farming	\$1.0	
111150	Corn Farming	\$1.0	
111160	Rice Farming	\$1.0	
111191	Oilseed and Grain Combination Farming	\$1.0	
111199	All Other Grain Farming	\$1.0	
111211	Potato Farming	\$1.0	
111219	Other Vegetable (except Potato) and Melon Farming	\$1.0	
111310	Orange Groves	\$1.0	
111320	Citrus (except Orange) Groves	\$1.0	
111331	Apple Orchards	\$1.0	
111332	Grape Vineyards	\$1.0	
111333	Strawberry Farming	\$1.0	
111334	Berry (except Strawberry) Farming	\$1.0	
111335	Tree Nut Farming	\$1.0	
111336	Fruit and Tree Nut Combination Farming	\$1.0	
111339	Other Noncitrus Fruit Farming	\$1.0	
111411	Mushroom Production	\$1.0	
111419	Other Food Crops Grown Under Cover	\$1.0	
111421	Nursery and Tree Production	\$1.0	
111422	Floriculture Production	\$1.0	
111910	Tobacco Farming	\$1.0	
111920	Cotton Farming	\$1.0	
111930	Sugarcane Farming	\$1.0	
111940	Hay Farming	\$1.0	
111991	Sugar Beet Farming	\$1.0	
111992	Peanut Farming	\$1.0

SMALL BUSINESS SIZE STANDARDS BY NAICS INDUSTRY—Continued

NAICS codes	NAICS U.S. industry title	Size standards in millions of dollars	Size standards in number of employees
<b>Sector 92—Public Administration</b> <sup>19</sup>			

(Small business size standards are not established for this sector. Establishments in the Public Administration sector are Federal, state, and local government agencies which administer and oversee government programs and activities that are not performed by private establishments.)

Footnotes

1. [Reserved]
2. *NAICS code 237990*—Dredging: To be considered small for purposes of Government procurement, a firm must perform at least 40 percent of the volume dredged with its own equipment or equipment owned by another small dredging concern.
3. *NAICS code 311421*—For purposes of Government procurement for food canning and preserving, the standard of 1,000 employees excludes agricultural labor as defined in 3306(k) of the Internal Revenue Code, 26 U.S.C. 3306(k).
4. *NAICS code 324110*—To qualify as small for purposes of Government procurement, the petroleum refiner, including its affiliates, must be a concern that has either no more than 1,500 employees or no more than 200,000 barrels per calendar day total Operable Atmospheric Crude Oil Distillation capacity. Capacity includes all domestic and foreign affiliates, all owned or leased facilities, and all facilities under a processing agreement or an arrangement such as an exchange agreement or a throughput. To qualify under the capacity size standard, the firm, together with its affiliates, must be primarily engaged in refining crude petroleum into refined petroleum products. A firm’s “primary industry” is determined in accordance with 13 CFR 121.107.
5. *NAICS code 326211*—For Government procurement, a firm is small for bidding on a contract for pneumatic tires within Census NAICS Product Classification codes 3262111 and 3262113, provided that:
  - (a) The value of tires within Census NAICS Product Classification codes 3262111 and 3262113 that it manufactured in the United States during the previous calendar year is more than 50 percent of the value of its total worldwide manufacture,
  - (b) The value of pneumatic tires within Census NAICS Product Classification codes 3262111 and 3262113 comprising its total worldwide manufacture during the preceding calendar year was less than 5 percent of the value of all such tires manufactured in the United States during that period, and
  - (c) The value of the principal product that it manufactured, produced, or sold worldwide during the preceding calendar year is less

- than 10 percent of the total value of such products manufactured or otherwise produced or sold in the United States during that period.
6. *NAICS Subsectors 333, 334, 335 and 336*—For rebuilding machinery or equipment on a factory basis, or equivalent, use the NAICS code for a newly manufactured product. Concerns performing major rebuilding or overhaul activities do not necessarily have to meet the criteria for being a “manufacturer” although the activities may be classified under a manufacturing NAICS code. Ordinary repair services or preservation are not considered rebuilding.
7. *NAICS code 336413*—Contracts for the rebuilding or overhaul of aircraft ground support equipment on a contract basis are classified under NAICS code 336413.
8. *NAICS Codes 522110, 522120, 522130, 522190, and 522210*—A financial institution’s assets are determined by averaging the assets reported on its four quarterly financial statements for the preceding year. “Assets” for the purposes of this size standard means the assets defined according to the Federal Financial Institutions Examination Council 041 call report form for NAICS codes 522110, 522120, 522190, and 522210 and the National Credit Union Administration 5300 call report form for NAICS code 522130.
9. *NAICS codes 531110, 531120, 531130, and 531190*—Leasing of Building Space to the Federal Government by Owners: For Government procurement, a size standard of \$41.5 million in gross receipts applies to the owners of building space leased to the Federal Government. The standard does not apply to an agent.
10. *NAICS codes 488510 (part) 531210, 541810, 561510, 561520, and 561920*—As measured by total revenues, but excluding funds received in trust for an unaffiliated third party, such as bookings or sales subject to commissions. The commissions received are included as revenues.
11. *NAICS code 541713, 541714, and 541715*—
  - (a) “Research and Development” means laboratory or other physical research and development. It does not include economic, educational, engineering, operations, systems, or other nonphysical research; or computer programming, data processing, commercial and/or medical laboratory testing.

## Small Business Administration

## § 121.201

(b) For research and development contracts requiring the delivery of a manufactured product, the appropriate size standard is that of the manufacturing industry.

(c) For purposes of the Small Business Innovation Research (SBIR) and Small Business Transfer Technology (STTR) programs, the term “research” or “research and development” means any activity which is (A) a systematic, intensive study directed toward greater knowledge or understanding of the subject studied; (B) a systematic study directed specifically toward applying new knowledge to meet a recognized need; or (C) a systematic application of knowledge toward the production of useful materials, devices, and systems or methods, including design, development, and improvement of prototypes and new processes to meet specific requirements. See 15 U.S.C. 638(e)(5) and section 3 of the SBIR and STTR policy directives available at *www.sbir.gov*. For size eligibility requirements for the SBIR and STTR programs, see § 121.702 of this part.

(d) “Research and Development” for guided missiles and space vehicles includes evaluations and simulation, and other services requiring thorough knowledge of complete missiles and spacecraft.

12. *NAICS code 561210—Facilities Support Services:*

(a) If one or more activities of Facilities Support Services as defined in paragraph (b) (below in this footnote) can be identified with a specific industry and that industry accounts for 50 percent or more of the value of an entire procurement, then the proper classification of the procurement is that of the specific industry, not Facilities Support Services.

(b) “Facilities Support Services” requires the performance of three or more separate activities in the areas of services or specialty trade contractors industries. If services are performed, these service activities must each be in a separate NAICS industry. If the procurement requires the use of specialty trade contractors (plumbing, painting, plastering, carpentry, etc.), all such specialty trade contractors activities are considered a single activity and classified as “Building and Property Specialty Trade Services.” Since “Building and Property Specialty Trade Services” is only one activity, two additional activities of separate NAICS industries are required for a procurement to be classified as “Facilities Support Services.”

13. *NAICS code 238990—Building and Property Specialty Trade Services:* If a procurement requires the use of multiple specialty trade contractors (*i.e.*, plumbing, painting, plastering, carpentry, etc.), and no specialty trade accounts for 50 percent or more of the value of the procurement, all such specialty trade contractors activities are considered a

single activity and classified as Building and Property Specialty Trade Services.

14. *NAICS 562910—Environmental Remediation Services:*

(a) For SBA assistance as a small business concern in the industry of Environmental Remediation Services, other than for Government procurement, a concern must be engaged primarily in furnishing a range of services for the remediation of a contaminated environment to an acceptable condition including, but not limited to, preliminary assessment, site inspection, testing, remedial investigation, feasibility studies, remedial design, containment, remedial action, removal of contaminated materials, storage of contaminated materials and security and site closeouts. If one of such activities accounts for 50 percent or more of a concern’s total revenues, employees, or other related factors, the concern’s primary industry is that of the particular industry and not the Environmental Remediation Services Industry.

(b) For purposes of classifying a Government procurement as Environmental Remediation Services, the general purpose of the procurement must be to restore or directly support the restoration of a contaminated environment (such as, preliminary assessment, site inspection, testing, remedial investigation, feasibility studies, remedial design, remediation services, containment, removal of contaminated materials, storage of contaminated materials or security and site closeouts), although the general purpose of the procurement need not necessarily include remedial actions. Also, the procurement must be composed of activities in three or more separate industries with separate NAICS codes or, in some instances (*e.g.*, engineering), smaller sub-components of NAICS codes with separate, distinct size standards. These activities may include, but are not limited to, separate activities in industries such as: Heavy Construction; Specialty Trade Contractors; Engineering Services; Architectural Services; Management Consulting Services; Hazardous and Other Waste Collection; Remediation Services, Testing Laboratories; and Research and Development in the Physical, Engineering and Life Sciences. If any activity in the procurement can be identified with a separate NAICS code, or component of a code with a separate distinct size standard, and that industry accounts for 50 percent or more of the value of the entire procurement, then the proper size standard is the one for that particular industry, and not the Environmental Remediation Service size standard.

15. [Reserved]

16. *NAICS code 611519—Job Corps Centers.* For classifying a Federal procurement, the purpose of the solicitation must be for the

management and operation of a U.S. Department of Labor Job Corps Center. The activities involved include admissions activities, life skills training, educational activities, comprehensive career preparation activities, career development activities, career transition activities, as well as the management and support functions and services needed to operate and maintain the facility. For SBA assistance as a small business concern, other than for Federal Government procurements, a concern must be primarily engaged in providing the services to operate and maintain Federal Job Corps Centers.

17. *NAICS code 115310 (Support Activities for Forestry)*—Forest Fire Suppression and Fuels Management Services are two components of Support Activities for Forestry. Forest Fire Suppression includes establishments which provide services to fight forest fires. These firms usually have fire-fighting crews and equipment. Fuels Management Services firms provide services to clear land of hazardous materials that would fuel forest fires. The treatments used by these firms may include prescribed fire, mechanical removal, establishing fuel breaks, thinning, pruning, and piling.

18. *NAICS code 541519*—An Information Technology Value Added Reseller (ITVAR) provides a total solution to information technology acquisitions by providing multi-vendor hardware and software along with significant value added services. Significant value added services consist of, but are not limited to, configuration consulting and design, systems integration, installation of multi-vendor computer equipment, customization of hardware or software, training, product technical support, maintenance, and end user support. For purposes of Government procurement, an information technology procurement classified under this exception and 150-employee size standard must consist of at least 15% and not more than 50% of value added services, as measured by the total contract price. In addition, the offeror must comply with the manufacturing performance requirements, or comply with the non-manufacturer rule by supplying the products of small business concerns, unless SBA has issued a class or contract specific waiver of the non-manufacturer rule. If the contract consists of less than 15% of value added services, then it must be classified under a NAICS manufacturing industry. If the contract consists of more than 50% of value added services, then it must be classified under the NAICS industry that best describes the predominate service of the procurement.

19. *NAICS Sector 92*—Small business size standards are not established for this sector. Establishments in the Public Administration sector are Federal, State, and local government agencies which administer and oversee government programs and activities that are

not performed by private establishments. Concerns performing operational services for the administration of a government program are classified under the NAICS private sector industry based on the activities performed. Similarly, procurements for these types of services are classified under the NAICS private sector industry that best describes the activities to be performed. For example, if a government agency issues a procurement for law enforcement services, the requirement would be classified using one of the NAICS industry codes under 56161, Investigation, Guard, and Armored Car Services.

20. *NAICS code 511210*—For purposes of Government procurement, the purchase of software subject to potential waiver of the non-manufacturer rule pursuant to §121.1203(d) should be classified under this NAICS code.

[65 FR 30840, May 15, 2000]

EDITORIAL NOTES: 1. For FEDERAL REGISTER citations affecting §121.201, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at [www.govinfo.gov](http://www.govinfo.gov).

2. At 73 FR 12870, Mar. 11, 2008, §121.201 was amended; however, several amendments could not be incorporated due to inaccurate amendatory instruction.

#### SIZE ELIGIBILITY REQUIREMENTS FOR SBA FINANCIAL ASSISTANCE

#### § 121.301 What size standards and affiliation principles are applicable to financial assistance programs?

(a) For Business Loans (other than for 7(a) Business Loans for the period beginning May 5, 2009 and ending on September 30, 2010) and for Disaster Loans (other than physical disaster loans), an applicant business concern must satisfy two criteria:

(1) The size of the applicant alone (without affiliates) must not exceed the size standard designated for the industry in which the applicant is primarily engaged; and

(2) The size of the applicant combined with its affiliates must not exceed the size standard designated for either the primary industry of the applicant alone or the primary industry of the applicant and its affiliates, which ever is higher. These size standards are set forth in §121.201.

(b) For Development Company programs and, for the period beginning May 5, 2009 and ending on September 30, 2010, for 7(a) Business Loans, an applicant must meet one of the following standards:
