

§ 42.65 Expert testimony; tests and data.

(a) Expert testimony that does not disclose the underlying facts or data on which the opinion is based is entitled to little or no weight. Testimony on United States patent law or patent examination practice will not be admitted.

(b) If a party relies on a technical test or data from such a test, the party must provide an affidavit explaining:

- (1) Why the test or data is being used;
- (2) How the test was performed and the data was generated;
- (3) How the data is used to determine a value;
- (4) How the test is regarded in the relevant art; and
- (5) Any other information necessary for the Board to evaluate the test and data.

ORAL ARGUMENT, DECISION, AND
SETTLEMENT

§ 42.70 Oral argument.

(a) *Request for oral argument.* A party may request oral argument on an issue raised in a paper at a time set by the Board. The request must be filed as a separate paper and must specify the issues to be argued.

(b) Demonstrative exhibits must be served at least seven business days before the oral argument and filed no later than the time of the oral argument.

§ 42.71 Decision on petitions or motions.

(a) *Order of consideration.* The Board may take up petitions or motions for decisions in any order, may grant, deny, or dismiss any petition or motion, and may enter any appropriate order.

(b) *Interlocutory decisions.* A decision on a motion without a judgment is not final for the purposes of judicial review. If a decision is not a panel decision, the party may request that a panel rehear the decision. When rehearing a non-panel decision, a panel will review the decision for an abuse of discretion. A panel decision on an issue will govern the trial.

(c) *Petition decisions.* A decision by the Board on whether to institute a trial is final and nonappealable. A party may request rehearing on a decision by the Board on whether to institute a trial pursuant to paragraph (d) of this section. When rehearing a decision on petition, a panel will review the decision for an abuse of discretion.

(d) *Rehearing.* A party dissatisfied with a decision may file a single request for rehearing without prior authorization from the Board. The burden of showing a decision should be modified lies with the party challenging the decision. The request must specifically identify all matters the party believes the Board misapprehended or overlooked, and the place where each matter was previously addressed in a motion, an opposition, a reply, or a surreply. A request for rehearing does not toll times for taking action. Any request must be filed:

- (1) Within 14 days of the entry of a non-final decision or a decision to institute a trial as to at least one ground of unpatentability asserted in the petition; or
- (2) Within 30 days of the entry of a final decision or a decision not to institute a trial.

[77 FR 48669, Aug. 14, 2012, as amended at 80 FR 28565, May 19, 2015; 85 FR 79129, Dec. 9, 2020]

§ 42.72 Termination of trial.

The Board may terminate a trial without rendering a final written decision, where appropriate, including where the trial is consolidated with another proceeding or pursuant to a joint request under 35 U.S.C. 317(a) or 327(a).

§ 42.73 Judgment.

(a) A judgment, except in the case of a termination, disposes of all issues that were, or by motion reasonably could have been, raised and decided.

(b) *Request for adverse judgment.* A party may request judgment against itself at any time during a proceeding. Actions construed to be a request for adverse judgment include:

- (1) Disclaimer of the involved application or patent;
- (2) Cancellation or disclaimer of a claim such that the party has no remaining claim in the trial;

§ 42.74

(3) Concession of unpatentability or derivation of the contested subject matter; and

(4) Abandonment of the contest.

(c) *Recommendation.* The judgment may include a recommendation for further action by an examiner or by the Director.

(d) *Estoppel.* (1) *Petitioner other than in derivation proceeding.* A petitioner, or the real party in interest or privy of the petitioner, is estopped in the Office from requesting or maintaining a proceeding with respect to a claim for which it has obtained a final written decision on patentability in an *inter partes* review, post-grant review, or a covered business method patent review, on any ground that the petitioner raised or reasonably could have raised during the trial, except that estoppel shall not apply to a petitioner, or to the real party in interest or privy of the petitioner who has settled under 35 U.S.C. 317 or 327.

(2) *In a derivation,* the losing party who could have properly moved for relief on an issue, but did not so move, may not take action in the Office after the judgment that is inconsistent with that party's failure to move, except that a losing party shall not be estopped with respect to any contested subject matter for which that party was awarded a favorable judgment.

(3) *Patent applicant or owner.* A patent applicant or owner is precluded from taking action inconsistent with the adverse judgment, including obtaining in any patent:

(i) A claim that is not patentably distinct from a finally refused or canceled claim; or

(ii) An amendment of a specification or of a drawing that was denied during the trial proceeding, but this provision does not apply to an application or patent that has a different written description.

§ 42.74 Settlement.

(a) *Board role.* The parties may agree to settle any issue in a proceeding, but the Board is not a party to the settlement and may independently determine any question of jurisdiction, patentability, or Office practice.

(b) *Agreements in writing.* Any agreement or understanding between the

37 CFR Ch. I (7–1–21 Edition)

parties made in connection with, or in contemplation of, the termination of a proceeding shall be in writing and a true copy shall be filed with the Board before the termination of the trial.

(c) *Request to keep separate.* A party to a settlement may request that the settlement be treated as business confidential information and be kept separate from the files of an involved patent or application. The request must be filed with the settlement. If a timely request is filed, the settlement shall only be available:

(1) To a Government agency on written request to the Board; or

(2) To any other person upon written request to the Board to make the settlement agreement available, along with the fee specified in § 42.15(d) and on a showing of good cause.

CERTIFICATE

§ 42.80 Certificate.

After the Board issues a final written decision in an *inter partes* review, post-grant review, or covered business method patent review and the time for appeal has expired or any appeal has terminated, the Office will issue and publish a certificate canceling any claim of the patent finally determined to be unpatentable, confirming any claim of the patent determined to be patentable, and incorporating in the patent any new or amended claim determined to be patentable by operation of the certificate.
