§ 1001.3

§ 1001.3 Requests to inspect other records not considered public under 5 U.S.C. 552.

(a) *Request and determination.* Requests to inspect records other than those now deemed to be of a public nature shall be in writing and addressed to the Freedom of Information Act Officer (FOIA Officer). The FOIA Officer shall determine within 20 days of receipt of a request (excepting Saturdays, Sundays, and legal public holidays) whether a requested record will be made available. If the FOIA Officer determines that a request cannot be honored, the FOIA Officer must inform the requesting party in writing of this decision and such letter shall contain a detailed explanation of why the requested material cannot be made available and explain the requesting party's right of appeal.

(b) *Appeal.* If the FOIA Officer rules that such records cannot be made available because they are exempt under the provisions of 5 U.S.C. 552(b), an appeal from such ruling may be addressed to the Chairman. The Chairman's decision shall be administratively final and shall state the specific exemption(s) contained in 5 U.S.C. 552(b) relied upon for any denial. Such an appeal must be filed within 90 days of the date of the FOIA Officer's letter. The Chairman shall act in writing on such appeals within 20 days (excepting Saturdays, Sundays, and legal public holidays) of receipt of any appeal. In unusual circumstances, as set forth in 5 U.S.C. 552(a)(6)(B), the time limit may be extended, by written notice to the person making the particular request, setting forth the reasons for such extension, for no more than 10 working days. If the appeal is denied, the Chairman's order shall notify the requesting party of his or her right to judicial review. Charges shall be made as provided for in 49 CFR 1002.1.

§ 1001.4 Predisclosure notification procedures for confidential commercial information.

(a) *In general.* Confidential commercial information provided to the Interstate Commerce Commission or the Board shall not be disclosed pursuant to a Freedom of Information Act (FOIA) request except in accordance with this section. For such purposes, the following definitions apply:

(1) *Confidential commercial information* means records provided to the government by a submitter that arguably contain material exempt from release under Exemption 4 of the Freedom of Information Act, 5 U.S.C. 552(b)(4), because disclosure could reasonably be expected to cause substantial competitive harm.

(2) *Submitter* means any person or entity who provides confidential commercial information to the government. The term “submitter” includes, but is not limited to, corporations, state governments, and foreign governments.

(b) *Notice to submitters.* Except as provided in paragraph (g) of this section, the Board, to the extent permitted by law, shall provide a submitter with prompt written notice, in accordance with paragraph (c) of this section, of receipt of an FOIA request encompassing its submissions. This notice shall either describe the exact nature of the information requested or provide copies of the records themselves.

(c) *When notice is required.* Notice shall be given to a submitter whenever:

(1) The Board has reason to believe that disclosure of the information could reasonably be expected to cause substantial competitive harm; or

(2) The information has been designated, in good faith by the submitter, as confidential commercial information at the time of submission or within a reasonable time thereafter. Whenever possible, the submitter's claim of confidentiality shall be supported by a statement or certification by an officer

Surface Transportation Board

§ 1002.1

or authorized representative of the company that the information in question is in fact confidential commercial information and has not been disclosed to the public.

(d) *Opportunity to object to disclosure.*

(1) Through the notice described in paragraph (b) of this section, the Board shall afford a submitter a reasonable period of time in which to provide it with a detailed statement of any objection to disclosure. Such statement shall specify all grounds for withholding the requested information.

(2) When notice is given to a submitter under this section, the Board also shall notify the requester that it has been provided.

(e) *Notice of intent to disclose.* (1) The Board shall consider carefully a submitter's objections and specific grounds for nondisclosure prior to its determination whether or not to disclose the requested information. Whenever the Board decides to disclose the information over a submitter's objection, it shall provide the submitter with written notice containing the following:

(i) A description or copy of the information to be disclosed;

(ii) The reasons why the submitter's disclosure objections were not sustained; and

(iii) A specific disclosure date, which shall be a reasonable number of days after the notice of intent to disclose has been mailed to the submitter.

(2) At the same time that notice of intent to disclose is given to a submitter, the Board shall notify the requester accordingly.

(f) *Notice of lawsuit.* (1) Whenever an FOIA requester brings legal action seeking to compel disclosure of confidential commercial information, the Board shall promptly notify the submitter.

(2) Whenever a submitter brings legal action seeking to prevent disclosure of confidential commercial information, the Board shall promptly notify the requester.

(g) *Exception to notice requirement.* The notice requirements of this section shall not apply if:

(1) The Board determines that the information requested should not be disclosed; or

(2) The information already has been published or otherwise officially made available to the public; or

(3) Disclosure of the information is required by law (other than 5 U.S.C. 552); or

(4) Disclosure is required by a Board rule that:

(i) Was adopted pursuant to notice and public comment;

(ii) Specifies narrow classes of records submitted to the Board that are to be released; and

(iii) Provides in exceptional circumstances for notice when the submitter provides written justification, at the time the information is submitted or within a reasonable time thereafter, that disclosure of the information could reasonably be expected to cause substantial competitive harm; or

(5) The information requested was not designated by the submitter as exempt from disclosure, when the submitter had an opportunity to do so at the time of submission or within a reasonable time thereafter, unless the Board has reason to believe that disclosure of the information could reasonably be expected to cause substantial competitive harm; or

(6) The designation made by the submitter in accordance with these regulations appears obviously frivolous; in such case, the Board must provide the submitter only with written notice of any administrative disclosure determination within a reasonable number of days prior to the specified disclosure date.

PART 1002—FEES

Sec.

1002.1 Fees for records search, review, copying, certification, and related services.

1002.2 Filing fees.

1002.3 Updating user fees.

AUTHORITY: 5 U.S.C. 552(a)(4)(A), (a)(6)(B), and 553; 31 U.S.C. 9701; and 49 U.S.C. 1321. Section 1002.1(f)(11) is also issued under 5 U.S.C. 5514 and 31 U.S.C. 3717.

§ 1002.1 Fees for records search, review, copying, certification, and related services.

Certifications and copies of such tariffs, reports and other public records and documents on file with the Surface

§ 1002.1

49 CFR Ch. X (10–1–21 Edition)

Transportation Board as may be practicable to furnish, as well as searches and copying of records not considered public under the Freedom of Information Act (5 U.S.C. 552), will be furnished on the following basis:

(a) Certificate of the Records Officer, \$20.00.

(b) Services involved in examination of tariffs or schedules for preparation of certified copies of tariffs or schedules or extracts therefrom at the rate of \$48.00 per hour.

(c) Services involved in checking records to be certified to determine authenticity, including clerical work, etc. incidental thereto, at a rate of \$33.00 per hour.

(d) Copies or computer printouts of tariffs, reports, and other public documents, at the rate of \$.25 per letter or legal size exposure, only after the first 100 pages, with a minimum charge of \$7.50. Copies of electronic records, audiovisual materials, or other forms of data are available at the actual cost of duplication or transcription.

(e) Fees for courier services to transport agency records to provide on-site access to agency records stored off-site will be set at the rates set forth in the Board's agreement with its courier service provider. Rate information can be obtained from the Board's Records Officer, Surface Transportation Board, Washington, DC 20423-0001.

(f) The fees for search, review and copying of records not considered public under the Freedom of Information Act are as follows:

(1) When records are sought for commercial use, requesters will be assessed the full and reasonable direct costs of document search, review and duplication. A "commercial use" request refers to a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made.

(2) When records are not sought for commercial use and a request is made by an educational or noncommercial scientific institution, requesters will be assessed only for the cost of duplication (excluding charges for the first 100 pages). The term "Educational Institution" refers to a preschool, a public or

private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, which operates a program of scholarly research. The term "noncommercial scientific institution" refers to an institution that is not operated on a "commercial" basis and that is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry. They must show that their request is authorized by and under the auspices of a qualifying institution and the records are not sought for a commercial use but, instead, are in furtherance of scholarly or scientific research.

(3) Requesters who are representatives of the news media (persons actively gathering news for an entity that is organized and operated to publish or broadcast news to the public) will be assessed only for the cost of duplication (excluding charges for the first 100 pages) if they can show that their request is not made for a commercial use. A request for records supporting the news dissemination function of the requester shall not be considered a request for a commercial use.

(4) All other requesters will be assessed fees which recover the full, reasonable direct cost of searching for and duplicating records that are responsive to the request (excluding charges for the first 100 pages of duplication and the first two hours of search time).

(5) All requesters must reasonably describe the records sought.

(6) The search and review hourly fees will be based upon employee grade levels in order to recoup the full, allowable direct costs attributable to their performance of these functions. A listing of the hourly fees by employee grade level is available on the Board's website, <http://www.stb.gov>.

(7) The fee for copies or computer printouts shall be \$.25 per letter or legal size exposure, with a minimum charge of \$7.50. Copies of electronic records, audiovisual materials, or other forms of data are available at the actual cost of duplication or transcription.

Surface Transportation Board

§ 1002.1

(8) If the cost of collecting any fee would be equal to or greater than the fee itself, it will not be assessed.

(9) A fee may be charged for searches which are not productive and for searches for records or those parts of records which subsequently are determined to be exempt from disclosure.

(10) Interest charges will be assessed on any unpaid bill starting on the date specified in the bill, at the rate prescribed in 31 U.S.C. 3717 and will accrue from the date of the billing. The Debt Collection Act, 5 U.S.C. 5514 (1982), including disclosure to the consumer reporting agencies and the use of collection agencies, as prescribed in the Board's Debt Collection Regulations in 49 CFR part 1018, will be utilized to encourage payment where appropriate.

(11) If search charges are likely to exceed \$25, the requester will be notified of the estimated fees unless requester willingness to pay whatever fee is assessed has been provided in advance. The administrative time limits prescribed in 5 U.S.C. 552(a)(6) will not begin until after the requester agrees in writing to accept the prospective charges.

(12) An advance payment (before work is commenced or continued on a request) may be required if the charges are likely to exceed \$250. Requesters who have previously failed to pay a fee charged in timely fashion (i.e. within 30 days of the date of billing) may be required first to pay this amount plus any applicable interest (or demonstrate that the fee has been paid) and then make an advance payment of the full amount of the estimated fee before the new or pending request is processed. The administrative time limits prescribed in 5 U.S.C. 552(a)(6) also will not begin until after a requester has complied with this provision.

(13) Documents shall be furnished without any charge or at a charge reduced below the fees set forth above if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester. The following six factors will be employed in determining when such fees shall be waived or reduced:

(i) The subject of the request: Whether the subject of the requester records concerns "the operations or activities of the government";

(ii) The informative value of the information to be disclosed: Whether the disclosure is "likely to contribute" to an understanding of government operations or activities;

(iii) The contribution to an understanding of the subject by the general public likely to result from disclosure: Whether disclosure of the requested information will contribute to "public understanding";

(iv) The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities;

(v) The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure; and, if so

(vi) The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is "primarily in the commercial interest of the requester." This fee waiver and reduction provision will be implemented in accordance with guidelines issued by the U.S. Department of Justice on April 2, 1987 and entitled "New FOIA Fee Waiver Policy Guidance." A copy of these guidelines may be inspected or obtained from the Surface Transportation Board's Freedom of Information Office, Washington, DC 20423-0001.

(14) No fees will be assessed if the FOIA Officer fails to comply with any time limit under the FOIA or these regulations, and has not timely notified the requester, in writing, that an unusual circumstance exists. If an unusual circumstance exists, and timely, written notice is given to the requester, the failure to meet the time limit may be excused an additional 10 working days before fees are automatically waived under this paragraph (f)(14).

(15) If the FOIA Officer determines that unusual circumstances apply and more than 5,000 pages are necessary to

§ 1002.2

49 CFR Ch. X (10–1–21 Edition)

respond to a request, fees may be charged if timely, written notice to the requester is provided and discussed with the requester via mail, Email, or telephone (or if at least three good-faith attempts are made to do so) regarding how the requester could effectively limit the scope of the request.

(16) If a court has determined that exceptional circumstances exist, a failure to comply with time limits imposed by these regulations or FOIA shall be excused for the length of time provided by court order.

(17) Fees may not be avoided by filing multiple requests at the same time. When the FOIA Officer reasonably believes that a requester, alone or with others, is breaking down one request into a series of requests to avoid fees, the requests will be combined, and the requester or requesters will be charged accordingly.

(g) Fees for services described in paragraphs (a) through (f) of this section may be paid by check, money order, or through the Board's electronic payment system in accordance with § 1002.2(a)(2).

(h) Transcript of testimony and of oral argument, or extracts therefrom, may be purchased by the public from the Board's official reporter. For information regarding the official reporter, contact the Records Officer, Surface Transportation Board, Washington, DC 20423–0001.

§ 1002.2 Filing fees.

(a) *Manner of payment.* (1) Except as specified in this section, all filing fees will be payable at the time and place the application, petition, notice, tariff, contract summary, or other document is tendered for filing.

(2) Filing fees for all e-filings must be paid via the Board's electronic payment system found on the Board's website. Filing fees for other filings may be paid via the electronic payment system, but will also be accepted payable to the Surface Transportation Board, either by check payable in

United States currency drawn upon funds deposited in a United States or foreign bank or other financial institution, or by money order payable in United States currency.

(b) *Nonpayment of fees.* Any filing that is not accompanied by the appropriate filing fee or a request for waiver of the fee is deficient. If a filer requests a fee waiver but does not submit the appropriate fee, the filing is held for processing until a determination has been made on the fee waiver request. If the filer requests a fee waiver and submits the appropriate fee, the filing is accepted and the Board refunds the fee or a portion thereof if the fee waiver is ultimately granted.

(c) *Fees not refundable.* Fees will be assessed for every filing in the type of proceeding listed in the schedule of fees contained in paragraph (f) of this section, subject to the exceptions contained in paragraphs (d) and (e) of this section. After the application, petition, notice, tariff, contract, or other document has been accepted for filing by the Board, the filing fee will not be refunded, regardless of whether the application, petition, notice, tariff, contract, or other document is granted or approved, denied, rejected before docking, dismissed, or withdrawn. If an individual exemption proceeding becomes a matter of general applicability and is handled through the rulemaking process, the Board will refund the filing fee.

(d) *Related or consolidated proceedings.* (1)(i) Except as provided for in paragraph (d)(1)(ii) of this section, separate fees need not be paid for related applications filed by the same applicant that would be the subject of one proceeding.

(ii) In proceedings filed under the rail consolidation procedures at 49 CFR part 1180, the applicable filing fee must be paid for each proceeding submitted concurrently with the primary application. The fee for each type of proceeding is set forth in the fee schedule contained in paragraph (f) of this section.

(2) A separate fee will be assessed for the filing of an application for temporary authority to operate a motor carrier of passengers as provided for in

Surface Transportation Board

§ 1002.2

paragraph (f)(5) of this section regardless of whether such application is related to a corresponding transfer proceeding as provided for in paragraph (f)(2) of this section.

(3) The Board may reject concurrently filed applications, petitions, notices, contracts, or other documents asserted to be related and refund the filing fee if, in its judgment, they embrace two or more severable matters which should be the subject of separate proceedings.

(e) *Waiver or reduction of filing fees.* It is the general policy of the Board not to waive or reduce filing fees except as described below:

(1) Except as noted in this paragraph (e)(1), filing fees are waived for an application, petition, notice, tariff, contract summary, or other document that is filed by a federal government agency or a state or local government entity. A fee waiver is not available under this paragraph for a quasi-governmental entity or government-subsidized transportation company. A fee waiver is also not available to any state or local government entity that is acting in the capacity of a carrier or shipper or that owns or proposes to own a carrier and is before the agency in its proprietary role.

(i) *When to request.* At the time that a filing is submitted to the Board, the fee waiver applicant may request a waiver of the fee prescribed in this part. Such request should be addressed

to the Chief, Section of Administration, Office of Proceedings, Surface Transportation Board.

(ii) *Board action.* The Board will either stamp the relevant filing with the notation "Filing Fee Waived," or the fee waiver applicant will be notified of the decision to grant or deny the request for waiver by the Chief, Section of Administration, Office of Proceedings.

(2) In extraordinary situations the Board will accept requests for waivers or fee reductions in accordance with the following procedure:

(i) *When to request.* At the time that a filing is submitted to the Board, the fee waiver applicant may request a waiver or reduction of the fee prescribed in this part. Such request should be addressed to the Chief, Section of Administration, Office of Proceedings.

(ii) *Basis.* The fee waiver applicant must show the waiver or reduction of the fee is in the best interest of the public, or that payment of the fee would impose an undue hardship on the fee waiver applicant.

(iii) *Board action.* The Chief, Section of Administration, Office of Proceedings will notify the fee waiver applicant of the decision to grant or deny the request for waiver or reduction.

(3) *Review.* No third-party appeals of fee waiver or reduction decisions are permitted.

(f) *Schedule of filing fees.*

§ 1002.3 Updating user fees.

(a) *Update.* Each fee established in this part shall be updated in accordance with this section at least once a year. However, any fee may be updated more than once a year, if the Board finds that an additional update is necessary.

(b) *Publication and effective dates.* Updated fees shall be published in the FEDERAL REGISTER and shall become effective 30 days after publication.

(c) *Payment of fees.* Any person submitting a filing for which a fee is established shall pay the fee in effect at the time of the filing.

(d) *Method of updating fees.* Each fee shall be updated by updating the cost components comprising the fee. Cost components shall be updated as follows:

(1) Direct labor costs shall be updated by multiplying base level direct labor costs by percentage changes in average wages and salaries of Board employees. Base level direct labor costs are direct labor costs determined by the cost study set forth in *Revision of Fees For*

Services, 1 I.C.C.2d 60 (1984) or subsequent cost studies. The base period for measuring changes shall be April 1984.

(2) Operations overhead shall be developed each year on the basis of current relationships existing on a weighted basis, for indirect labor applicable to the first supervisory work centers directly associated with user fee activity. Actual updating of operations overhead will be accomplished by applying the current percentage factor to updated direct labor, including current governmental overhead costs.

(3)(i) Office general and administrative costs shall be developed each year on the basis of current level costs, i.e., dividing actual office general and administrative costs for the current fiscal year by total office costs for the Offices directly associated with user fee activity. Actual updating of office general and administrative costs will be accomplished by applying the current percentage factor to updated direct labor, including current governmental overhead and current operations overhead costs.

(ii) Board general and administrative costs shall be developed each year on the basis of current level costs; i.e., dividing actual Board general and administrative costs for the current fiscal year by total agency expenses for the current fiscal year. Actual updating of Board general and administrative costs will be accomplished by applying the current percentage factor to updated direct labor, including current governmental overhead, operations overhead and office general and administrative costs.

(4) Publication costs shall be adjusted on the basis of known changes in the costs applicable to publication of material in the FEDERAL REGISTER.

(e) All updated fees shall be rounded downward in the following manner:

(1) Fees between \$1-\$30 will be rounded to the nearest \$1;

(2) Fees between \$30-\$100 will be rounded to the nearest \$10;

(3) Fees between \$100-\$999 will be rounded to the nearest \$50; and

(4) Fees above \$1,000 will be rounded to the nearest \$100. (This rounding procedure excludes copying, printing and search fees.)

PART 1004—INTERPRETATIONS AND ROUTING REGULATIONS

Sec.

1004.1 Gifts, donations, and hospitality by carriers.

1004.2 Misrouting, adjustment of claims.

AUTHORITY: 49 U.S.C. 1321.

SOURCE: 64 FR 47711, Sept. 1, 1999, unless otherwise noted.

§ 1004.1 Gifts, donations, and hospitality by carriers.

It is unlawful for any common carrier engaged in interstate or foreign commerce to offer, make, or cause any undue or unreasonable preference or advantage to any person. Gifts or services or anything of substantial value to particular shippers or their representatives are considered violations of the law. Expenditures for such gifts may not support requests to increase carrier rates. The Board shall take appropriate enforcement action to redress such unlawful expenditures.

§ 1004.2 Misrouting, adjustment of claims.

Carriers should adjust claims for damages resulting from misrouting. Where a carrier admits responsibility for billing, forwarding, or diverting a shipment over a higher rated route than that directed by the shipper or otherwise available, the misrouting carrier should refund the difference to the shipper (or reimburse the delivering carrier, as the case may be). Where the misrouting carrier alleges justification for using the higher rated route, the Board may, at its discretion and upon appropriate petition, determine or express an advisory opinion on the lawfulness of such routing. This interpretation must not be used to evade or defeat tariff rates or to meet the rate of a competing carrier or route, nor to relieve a shipper from responsibility for routing instruction. Damages caused by misrouting are not overcharges.

§ 1005.1 Applicability of regulations.

The regulations set forth in this part shall govern the processing of claims for loss, damage, injury, or delay to property transported or accepted for transportation, in interstate or foreign commerce, by each railroad, express company, motor carrier, water carrier, and freight forwarder (hereinafter called carrier), subject to the Interstate Commerce Act.

Surface Transportation Board

§ 1005.3

§ 1005.2 Filing of claims.

(a) *Compliance with regulations.* A claim for loss or damage to baggage or for loss, damage, injury, or delay to cargo, shall not be voluntarily paid by a carrier unless filed, as provided in paragraph (b) of this section, with the receiving or delivering carrier, or carrier issuing the bill of lading, receipt, ticket, or baggage check, or carrier on whose line the alleged loss, damage, injury, or delay occurred, within the specified time limits applicable thereto and as otherwise may be required by law, the terms of the bill of lading or other contract of carriage, and all tariff provisions applicable thereto.

(b) *Minimum filing requirements.* A written or electronic communication (when agreed to by the carrier and shipper or receiver involved) from a claimant, filed with a proper carrier within the time limits specified in the bill of lading or contract of carriage or transportation and: (1) Containing facts sufficient to identify the baggage or shipment (or shipments) of property, (2) asserting liability for alleged loss, damage, injury, or delay, and (3) making claim for the payment of a specified or determinable amount of money, shall be considered as sufficient compliance with the provisions for filing claims embraced in the bill of lading or other contract of carriage; *Provided, however,* That where claims are electronically handled, procedures are established to ensure reasonable carrier access to supporting documents.

(c) *Documents not constituting claims.* Bad order reports, appraisal reports of damage, notations of shortage or damage, or both, on freight bills, delivery receipts, or other documents, or inspection reports issued by carriers or their inspection agencies, whether the extent of loss or damage is indicated in dollars and cents or otherwise, shall, standing alone, not be considered by carriers as sufficient to comply with the minimum claim filing requirements specified in paragraph (b) of this section.

(d) *Claims filed for uncertain amounts.* Whenever a claim is presented against a proper carrier for an uncertain amount, such as "\$100 more or less," the carrier against whom such claim is filed shall determine the condition of

the baggage or shipment involved at the time of delivery by it, if it was delivered, and shall ascertain as nearly as possible the extent, if any, of the loss or damage for which it may be responsible. It shall not, however, voluntarily pay a claim under such circumstances unless and until a formal claim in writing for a specified or determinable amount of money shall have been filed in accordance with the provisions of paragraph (b) of this section.

(e) *Other claims.* If investigation of a claim develops that one or more other carriers has been presented with a similar claim on the same shipment, the carrier investigating such claim shall communicate with each such other carrier and, prior to any agreement entered into between or among them as to the proper disposition of such claim or claims, shall notify all claimants of the receipt of conflicting or overlapping claims and shall require further substantiation, on the part of each claimant of his title to the property involved or his right with respect to such claim.

[37 FR 4258, Mar. 1, 1972, as amended at 47 FR 12803, Mar. 25, 1982]

§ 1005.3 Acknowledgment of claims.

(a) Each carrier shall, upon receipt in writing or by electronic transmission of a proper claim in the manner and form described in the regulations, acknowledge the receipt of such claim in writing or electronically to the claimant within 30 days after the date of its receipt by the carrier unless the carrier shall have paid or declined such claim in writing or electronically within 30 days of the receipt thereof. The carrier shall indicate in its acknowledgment to the claimant what, if any, additional documentary evidence or other pertinent information may be required by it further to process the claim as its preliminary examination of the claim, as filed, may have revealed.

(b) The carrier shall at the time each claim is received create a separate file and assign thereto a successive claim file number and note that number on all documents filed in support of the claim and all records and correspondence with respect to the claim, including the acknowledgment of receipt. At

§ 1005.4

the time such claim is received the carrier shall cause the date of receipt to be recorded on the face of the claim document, and the date of receipt shall also appear in the carrier's acknowledgment of receipt to the claimant. The carrier shall also cause the claim file number to be noted on the shipping order, if in its possession, and the delivery receipt, if any, covering such shipment, unless the carrier has established an orderly and consistent internal procedure for assuring: (1) That all information contained in shipping orders, delivery receipts, tally sheets, and all other pertinent records made with respect to the transportation of the shipment on which claim is made, is available for examination upon receipt of a claim; (2) that all such records and documents (or true and complete reproductions thereof) are in fact examined in the course of the investigation of the claim (and an appropriate record is made that such examination has in fact taken place); and (3) that such procedures prevent the duplicate or otherwise unlawful payment of claims.

[37 FR 4258, Mar. 1, 1972, as amended at 37 FR 20943, Oct. 10, 1972; 47 FR 12803, Mar. 25, 1982]

§ 1005.4 Investigation of claims.

(a) *Prompt investigation required.* Each claim filed against a carrier in the manner prescribed herein shall be promptly and thoroughly investigated if investigation has not already been made prior to receipt of the claim.

(b) *Supporting documents.* When a necessary part of an investigation, each claim shall be supported by the original bill of lading, evidence of the freight charges, if any, and either the original invoice, a photographic copy of the original invoice, or an exact copy thereof or any extract made therefrom, certified by the claimant to be true and correct with respect to the property and value involved in the claim; or certification of prices or values, with trade or other discounts, allowance, or deductions, of any nature whatsoever and the terms thereof, or depreciation reflected thereon; *Provided, however,* That where property involved in a claim has not been invoiced to the consignee shown on the bill of lading or where an invoice does not

49 CFR Ch. X (10–1–21 Edition)

show price or value, or where the property involved has been sold, or where the property has been transferred at bookkeeping values only, the carrier shall, before voluntarily paying a claim, require the claimant to establish the destination value in the quantity, shipped, transported, or involved; *Provided, further,* That when supporting documents are determined to be a necessary part of an investigation, the supporting documents are retained by the carriers for possible Board inspection.

[41 FR 3087, Jan. 21, 1976, as amended at 64 FR 53266, Oct. 1, 1999; 74 FR 52903, Oct. 15, 2009]

When a request for information or for access to records has been made pursuant to § 1007.3, before information is given or access is granted pursuant to § 1007.5 of these rules, the Board shall require reasonable identification of the person making the request to insure that information is given and records are disclosed only to the proper person.

(a) An individual may establish his identity by:

(c) Where a document containing information about an individual also contains information not pertaining to him or her, the portion not pertaining to the individual shall not be disclosed except to the extent the information is available to any person under the Freedom of Information Act. If the records sought cannot be provided for review and copying in a meaningful form, the Board shall provide to the individual a summary of the information concerning the individual contained in the record or records which shall be complete and accurate in all material aspects.

(d) Where the disclosure involves medical records, the Privacy Officer may determine that such information will be provided only to a physician designated by the individual.

When it is determined to be in the best interest of the public, the Privacy Officer may waive the fee provision.

(g) Nothing in this subsection or in § 1007.3 shall:

(1) Require the disclosure of records exempted under § 1007.12 of these rules, including the exemption relating to investigative records;

(2) Allow an individual access to any information compiled in reasonable anticipation of a civil action or proceeding or a criminal proceeding; or,

(3) Require the furnishing of information or records which in the regular course of business cannot be retrieved by the name or other identifier of the individual making the request.

particular matters held within 30 days of the initial meeting in the series.

(c) With respect to any meeting closed to the public under this section, the General Counsel of the Board will issue his or her certification that, in his opinion, the meeting is one which may properly be closed pursuant to one or more of the provisions of paragraph (d) of this section.

(d) Meetings or portions of meetings may be closed to the public if the meeting or portion thereof is likely to:

(1) Disclose matters (i) specifically authorized under criteria established by an Executive order to be kept secret in the interests of national defense or foreign policy and (ii) in fact properly classified pursuant to such Executive order.

(2) Relate solely to the internal personnel rules and practices of the Board.

(3) Disclose matters specifically exempted from disclosure by statute (other than 5 U.S.C. 552); *Provided*, That such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(4) Disclose trade secrets or commercial information obtained from a person and privileged or confidential.

(5) Involve accusing any person of a crime, or formally censuring any person.

(6) Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy.

(7) Disclose investigatory records compiled for law enforcement purposes, or information which if written would be contained in such records, but only to the extent that the production of such records or information would (i) interfere with enforcement proceedings, (ii) deprive a person of a right to a fair trial or an impartial adjudication, (iii) constitute an unwarranted invasion of personal privacy, (iv) disclose the identity of a confidential source and (in the case of a record compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security in-

telligence investigation) disclose confidential information furnished only by the confidential source, (v) disclose investigative techniques and procedures, or (vi) endanger the life or physical safety of law enforcement personnel.

(8) Disclose information the premature disclosure of which could (i) lead to significant financial speculation in currencies, securities, or commodities, or (ii) significantly endanger the stability of any financial institution.

(9) Disclose information, the premature disclosure of which would be likely significantly to frustrate implementation of a proposed Board action, except that this subparagraph shall not apply in any instance after the content or nature of the proposed Board action has already been disclosed to the public by the Board, or where the Board is required by law to make such disclosure prior to the taking of final Board action on such proposal.

(10) Specifically concern the issuance of a subpoena.

(11) Specifically concern the Board's participation in a civil action or proceeding or an arbitration.

(12) Specifically concern the initiation, conduct, or disposition of a particular case or formal adjudication conducted pursuant to the procedures in 5 U.S.C. 554 or otherwise involving a determination on the record after an opportunity for hearing.

PART 1013—GUIDELINES FOR THE PROPER USE OF VOTING TRUSTS

Sec.

1013.1 The independence of the trustee of a voting trust.

1013.2 The irrevocability of the trust.

1013.3 Review and reporting requirements for regulated carriers.

AUTHORITY: 49 U.S.C. 1321, 13301(f).

SOURCE: 44 FR 59909, Oct. 17, 1979, unless otherwise noted.

§ 1013.1 The independence of the trustee of a voting trust.

(a) In order to avoid an unlawful control violation, the independent voting trust should be established before a controlling block of voting securities is purchased.

§ 1013.2

(b) In voting the trustee stock, the trustee should maintain complete independence from the creator of the trust (the settlor).

(c) Neither the trustee, the settlor, nor their respective affiliates should have any officers or board members in common or direct business arrangements, other than the voting trust, that could be construed as creating an indicium of control by the settlor over the trustee.

(d) The trustee should not use the voting power of the trust in any way which would create any dependence or intercorporate relationship between the settlor and the carrier whose corporate securities constitute the corpus of the trust.

(e) The trustee should be entitled to receive cash dividends declared and paid upon the trustee voting stock and turn them over to the settlor. Dividends other than cash should be received and held by the trustee upon the same terms and conditions as the stock which constitutes the corpus of the trust.

(f) If the trustee becomes disqualified because of a violation of the trust agreement or if the trustee resigns, the settlor should appoint a successor trustee within 15 days.

§ 1013.2 The irrevocability of the trust.

(a) The trust and the nomination of the trustee during the term of the trust should be irrevocable.

(b) The trust should remain in effect until certain events, specified in the trust, occur. For example, the trust might remain in effect until (1) all the deposited stock is sold to a person not affiliated with the settlor or (2) the trustee receives a Board decision authorizing the settlor to acquire control of the carrier or authorizing the release of the securities for any reason.

(c) The settlor should not be able to control the events terminating the trust except by filing with this Board an application to control the carrier whose stock is held in trust.

(d) The trust agreement should contain provisions to ensure that no violations of 49 U.S.C. 11323 will result from termination of the trust.

49 CFR Ch. X (10–1–21 Edition)

§ 1013.3 Review and reporting requirements for regulated carriers.

(a) Any carrier choosing to utilize a voting trust may voluntarily submit a copy of the voting trust to the Board for review. The Board's staff will give an informal, nonbinding opinion as to whether the voting trust effectively insulates the settlor from any violation of Board policy against unauthorized acquisition of control of a regulated carrier.

(b) Any person who establishes an independent trust for the receipt of the voting stock of carrier must file a copy of the trust, along with any auxiliary or modifying documents, with the Board.

(c) Any carrier required to file a Schedule 13D with the Securities and Exchange Commission (17 CFR 240.13d–1) which reports the purchase of 5 percent or more of the registered securities of another Board regulated carrier (or the listed shares of a company controlling 10 percent or more of the stock of a Board regulated carrier), must simultaneously file a copy of that schedule with the Board, along with any supplements to that schedule.

(d) Failure to comply with the reporting requirements in paragraphs (b) or (c) of this section will result in denial of the application in which acquisition of control, through the acquisition of the voting stock of another carrier, is sought, unless the applicant shows, by clear and convincing evidence, and the Board finds, that the failure to comply was unintentional and that denial of the application will substantially and adversely affect the public interest and the national transportation policy.

It shall be signed by the complainant or by someone authorized to do so on his or her behalf. Complaints filed on behalf of classes or third parties shall describe or identify (by name, if possible) the alleged victims of discrimination.

§§ 1014.104–1014.110

(3) *Has a record of such an impairment* means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) *Is regarded as having an impairment* means—

(i) Has a physical or mental impairment that does not substantially limit major life activities but is treated by the agency as constituting such a limitation;

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

(iii) Has none of the impairments defined in paragraph (1) of this definition but is treated by the agency as having such an impairment.

Historic preservation programs means programs conducted by the agency that have preservation of historic properties as a primary purpose.

Historic properties means those properties that are listed or eligible for listing in the National Register of Historic Places or properties designated as historic under a statute of the appropriate State or local government body.

Qualified handicapped person means—

(2) With respect to any other agency program or activity under which a person is required to perform services or to achieve a level of accomplishment, a handicapped person who meets the essential eligibility requirements and who can achieve the purpose of the program or activity without modifications in the program or activity that the agency can demonstrate would result in a fundamental alteration in its nature;

(3) With respect to any other program or activity, a handicapped person who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity; and

49 CFR Ch. X (10–1–21 Edition)

L. 93–516, 88 Stat. 1617), and the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978 (Pub. L. 95–602, 92 Stat. 2955). §§ 1014.104–1014.110 [Reserved]

§ 1014.111 Notice.

The agency shall make available to employees, applicants, participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the programs or activities conducted by the agency, and make such information available to them in such manner as the head of the agency finds necessary to apprise such persons of the protections against discrimination assured them by section 504 and this regulation.

§§ 1014.112–1014.129 [Reserved]

§ 1014.130 General prohibitions against discrimination.

(a) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

Surface Transportation Board

§ 1014.149

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives

of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified handicapped persons to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified handicapped persons to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this part.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 1014.131–1014.139 [Reserved]

§ 1014.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§§ 1014.141–1014.148 [Reserved]

§ 1014.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 1014.150, no qualified handicapped person shall, because the agency's facilities are inaccessible to or unusable by

handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 1014.150 Program accessibility: Existing facilities.

(a) *General.* The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 1014.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) *Methods—(1) General.* The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of

services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(2) *Historic preservation programs.* In meeting the requirements of § 1014.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to handicapped persons. In cases where a physical alteration to an historic property is not required because of § 1014.150(a)(2) or (a)(3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide handicapped persons into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) *Time period for compliance.* The agency shall comply with the obligations established under this section by October 21, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by August 22, 1989, but in any event as expeditiously as possible.

(d) *Transition plan.* In the event that structural changes to facilities will be

Surface Transportation Board

§ 1014.160

undertaken to achieve program accessibility, the agency shall develop, by February 23, 1987, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency's facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 1014.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151–4157), as established in 41 CFR 101–19.600 to 101–19.607, apply to buildings covered by this section.

§§ 1014.152–1014.159 [Reserved]

§ 1014.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and

enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf person (TDD's) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 1014.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action

§§ 1014.161–1014.169

that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 1014.161–1014.169 [Reserved]

§ 1014.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Equal Opportunity Officer shall be responsible for coordinating implementation of this section. Complaints may be sent to the Section of Personnel Services, Surface Transportation Board, Washington, DC 20423.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

49 CFR Ch. X (10–1–21 Edition)

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §1014.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

Subpart A—General Provisions

§ 1016.101 Purpose of these rules.

The Equal Access to Justice Act (5 U.S.C. 504) (called the “Act” in this part), provides for the award of attorney fees and other expenses to eligible individuals and entities who are parties to certain administrative proceedings (called “adversary adjudications”) before the Surface Transportation Board. An eligible party may receive an award when it prevails over the Board or another agency of the United States participating in the Board proceeding, unless the Board’s position in the proceeding, or that of the other agency, was substantially justified or special circumstances make an award unjust. The rules in this part describe the parties eligible for awards and the proceedings that are covered. They also explain how to apply for awards, and the procedures and standards that the Board will use to make them.

§ 1016.102 When the Act applies.

The Act applies to any adversary adjudication pending before the Board after October 1, 1981. This includes proceedings begun before October 1, 1981, if final Board action has not been taken before that date, regardless of when they were initiated or when final Board action occurs. These rules incorporate the changes made in Pub. L. No. 99–80, 99 Stat. 183, which applies generally to cases instituted after October 1, 1984. If

awards are sought for cases pending on October 1, 1981 or filed between that date and September 30, 1984, the prior statutory provisions (to the extent they differ from the existing ones, and our implementing rules) apply.

[54 FR 26379, June 23, 1989]

§ 1016.103 Proceedings covered.

(a) The Act applies to adversary adjudications conducted by the Board under 5 U.S.C. 554 in which the position of this or any other agency of the United States, or any component of an agency, is presented by an attorney or other representative (hereinafter “agency counsel”) who enters an appearance and participates in the proceeding. Proceedings for the purpose of establishing or fixing a rate are not covered by the Act. Proceedings to grant or renew licenses are also excluded, but proceedings to modify, suspend, or revoke licenses are covered if they are otherwise “adversary adjudications.” Generally, the types of Board proceedings covered by the Act include, but are not limited to, investigation proceedings instituted under 49 U.S.C. 11701 and 49 U.S.C. 13905 and disciplinary proceedings conducted pursuant to 49 CFR 1103.5.

(b) The Board may also designate a proceeding not listed in paragraph (a) of this section as an adversary adjudication for purposes of the Act by so stating in an order initiating the proceeding, designating the matter for hearing or at any other time during the proceeding. The Board’s failure to designate a proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes the proceeding is covered by the Act; whether the proceeding is covered will then be an issue for resolution in proceedings on the application.

(c) If a proceeding includes both matters covered by the Act and matters specifically excluded from coverage, any award made will include only fees and expenses related to covered issues.

§ 1016.104 Decisionmaking authority.

Unless otherwise ordered by the Board in a particular proceeding, each

§ 1016.105

application for an award under this part shall be assigned for decision to the official or decisionmaking body that entered the decision in the adversary adjudication. That official or decisionmaking body is referred to in this part as the “adjudicative officer.”

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26379, June 23, 1989]

§ 1016.105 Eligibility of applicants.

(a) To be eligible for an award of attorney fees and other expenses under the Act, the applicant must be a party to the adversary adjudication for which it seeks an award, it must have stood in an adversary relationship to the position taken by agency counsel, and it must have prevailed on one or more of the issues raised by agency counsel. The term “party” is defined in 5 U.S.C. 504(b)(1)(B). The applicant must show that it meets all conditions of eligibility set out in this subpart and in Subpart B.

(b) The types of eligible applicants are as follows:

(1) An individual whose net worth did not exceed \$2 million at the time the adversary adjudication was initiated;

(2) Any owner of an unincorporated business, or any partnership, corporation, association, unit of local government, or organization whose net worth does not exceed \$7 million and which had no more than 500 employees at the time the adversary adjudication was initiated;

(3) Any organization described in section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)(3)) exempt from taxation under section 501(a) of such Code, or a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)), may be a party regardless of the net worth of such organization or cooperative association.

(c) For the purpose of eligibility, the net worth and number of employees of an applicant shall be determined as of the date the proceeding was initiated.

(d) The employees of an applicant include all persons who regularly perform services for remuneration for the applicant, under the applicant’s direction and control. Part-time employees shall be included on a proportional basis. Independent contractors under

49 CFR Ch. X (10–1–21 Edition)

lease to motor carriers are not employees of the carriers under these rules. Also, agents for motor common carriers of household goods are not employees of their respective principal carriers.

(e) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility. Any individual, corporation or other entity that directly or indirectly controls or owns a majority of the voting shares or other interest of the applicant or any corporation or other entity of which the applicant directly or indirectly owns or controls a majority of the voting shares or other interest, will be considered an affiliate for purposes of this part, unless the adjudicative officer determines that such treatment would be unjust and contrary to the purposes of the Act in light of the actual relationship between the affiliated entities. In addition, the adjudicative officer may determine that financial relationships of the applicant other than those described in this paragraph constitute special circumstances that would make an award unjust.

(f) An applicant that participates in a proceeding primarily on behalf of one or more other persons or entities that would be ineligible is not itself eligible for an award.

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26379, June 23, 1989; 81 FR 8851, Feb. 23, 2016]

§ 1016.106 Standards for awards.

(a) A prevailing applicant may receive an award for fees and expenses incurred in connection with a proceeding, or in a significant and discrete substantive portion of the proceeding, unless the position of the agency over which the applicant has prevailed was substantially justified. Whether or not the position of the agency was substantially justified shall be determined on the basis of the administrative record made in the adversary adjudication for which fees and other expenses are sought. The burden of proof that an award should not be made to an eligible prevailing applicant is on the agency counsel, which may avoid an award by showing that its position was reasonable in law and fact.

Surface Transportation Board

§ 1016.201

(b) An award will be reduced or denied if the applicant has unduly or unreasonably protracted the proceeding or if special circumstances make the award sought unjust.

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26379, June 23, 1989]

§ 1016.107 Allowable fees and expenses.

(a) Awards will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents and expert witnesses, even if the services were made available without charge or at a reduced rate to the applicant.

(b) No award for the fee of an attorney or agent under these rules may exceed the amount specified by 5 U.S.C. 504(b)(1)(A), unless a higher fee is justified. 5 U.S.C. 504(b)(1)(A). However, an award may also include the reasonable expenses of the attorney, agent, or witness as a separate item, if the attorney, agent, or witness ordinarily charges clients separately for such expenses.

(c) In determining the reasonableness of the fee sought for an attorney, agent or expert witness, the adjudicative officer shall consider the following:

(1) If the attorney, agent or witness is in private practice, his or her customary fee for similar services, or, if an employee of the applicant, the fully allocated cost of the services;

(2) The prevailing rate for similar services in the community in which the attorney, agent, or witness ordinarily performs services;

(3) The time actually spent in the representation of the applicant;

(4) The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and

(5) Such other factors as may bear on the value of the services provided.

(d) The reasonable cost of any study, analysis, engineering report, test, project or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the service does not exceed the prevailing rate for similar services, and the study or

other matter was necessary for preparation of the applicant's case.

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26379, June 23, 1989; 81 FR 8851, Feb. 23, 2016]

§ 1016.109 Awards against other agencies.

If an applicant is entitled to an award because it prevails over another agency of the United States that participates in a proceeding before this agency and takes a position that is not substantially justified, the award or an appropriate portion of the award shall be made against that agency.

Subpart B—Information Required From Applicants

§ 1016.201 Contents of application.

(a) An application for an award of fees and expenses under the Act shall identify the applicant and the proceeding for which an award is sought. The application shall show that the applicant has prevailed and identify the position of the Board or other agencies in the proceeding that the applicant alleges was not substantially justified. Unless the applicant is an individual, the application shall also state the number of employees of the applicant and describe briefly the type and purpose of its organization or business.

(b) The application shall also include a statement that the applicant's net worth does not exceed \$2 million (if an individual) or \$7 million (for all other applicants, including their affiliates). However, an applicant may omit this statement if:

(1) It attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) exempt from taxation under section 501(a) of such Code; or

(2) It states that it is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)).

(c) The application shall state the amount of fees and expenses for which an award is sought.

(d) The application may also include any other matters that the applicant

§ 1016.202

wishes the Board to consider in determining whether and in what amount an award should be made.

(e) The application shall be signed by the applicant or an authorized officer or attorney of the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application is true and correct.

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26380, June 23, 1989]

§ 1016.202 Net worth exhibit.

(a) Each applicant must provide with its application a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in §1016.105(e) of this part) when the proceeding was initiated. The exhibit may be in any form convenient to the applicant that provides full disclosure of the applicant's and its affiliates' assets and liabilities and is sufficient to determine whether the applicant qualifies under the standards in this part. The adjudicative officer may require an applicant to file additional information to determine its eligibility for an award.

(b) Ordinarily, the net worth exhibit will be included in the public record of the proceeding. However, an applicant that objects to public disclosure of information in any portion of the exhibit and believes that there are legal grounds for withholding it from disclosure may file a motion to withhold the information from public disclosure. The burden is on the moving party to justify the confidentiality of the information.

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26380, June 23, 1989; 81 FR 8851, Feb. 23, 2016]

§ 1016.203 Documentation of fees and expenses.

The application shall be accompanied by full documentation of the fees and expenses, including the cost of any study, analysis, engineering report, test, project or similar matter, for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in connection with the proceeding by each

individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by another person or entity for the services provided. The adjudicative officer may require the applicant to provide vouchers, receipts, or other substantiation for any expenses claimed.

Subpart C—Procedures for Considering Applications

§ 1016.301 When an application may be filed.

(a) An application may be filed whenever the applicant has prevailed in the proceeding or in a significant and discrete substantive portion of the proceeding, but in no case later than 30 days after an administratively final disposition of the proceeding.

(b) If review or reconsideration is sought or taken of a decision as to which an applicant believes it has prevailed, proceedings for the award of fees shall be stayed pending final disposition of the underlying controversy.

(c) For purposes of this rule, see the Board's rules governing appellate procedures at §§1115.2 and 1115.3 to determine when a decision becomes administratively final.

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26380, June 23, 1989]

§ 1016.302 Filing and service of documents.

Any application for an award or other pleading or document related to an application shall be filed and served on all parties to the proceeding in the same manner as other pleadings in the proceeding, except as provided in §1016.202(b) for confidential financial information.

§ 1016.303 Answer to application.

(a) Within 30 days after service of an application, counsel representing the agency against which an award is sought may file an answer to the application. Unless agency counsel requests an extension of time for filing or files a statement of intent to negotiate

Surface Transportation Board

§ 1016.309

under paragraph (b) of this section, failure to file an answer within the 30-day period may be treated as a consent to the award requested.

(b) If agency counsel and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer for an additional 30 days, and further extensions may be granted as justified.

(c) The answer shall explain in detail any objections to the award requested and identify the facts relied on in support of agency counsel's position. If the answer is based on any alleged facts not already in the record of the proceeding, agency counsel shall include with the answer either supporting affidavits or a request for further proceedings under § 1016.307.

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26380, June 23, 1989]

§ 1016.304 Reply.

Within 15 days after service of an answer, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the proceeding, the applicant shall include with the reply either supporting affidavits or a request for further proceedings under § 1016.307.

§ 1016.305 Comments by other parties.

Any party to a proceeding other than the applicant and agency counsel may file comments on an application within 30 days after it is served or on an answer within 15 days after it is served. A commenting party may not broaden the issues.

§ 1016.306 Settlement.

The applicant and agency counsel may agree on a proposed settlement of the award before final action on the application, either in connection with a settlement of the underlying proceeding, or after the underlying proceeding has been concluded. If a prevailing party and agency counsel agree on a proposed settlement of an award before an application has been filed,

the application shall be filed with the proposed settlement.

§ 1016.307 Further proceedings.

(a) Ordinarily, the determination of an award will be made on the basis of the written record. However, on request of either the applicant or agency counsel or on his or her own initiative, the adjudicative officer may order further proceedings when necessary.

(b) A request that the adjudicative officer order further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why the additional proceedings are necessary to resolve the issues.

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26380, June 23, 1989]

§ 1016.308 Decision.

The adjudicative officer shall issue a decision on the application within 50 days after completion of proceedings on the application. The decision shall include written findings and conclusions on the applicant's eligibility and status as a prevailing party, and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the Board's or other agency's position was substantially justified, whether the applicant unduly protracted the proceedings, or whether special circumstances make an award unjust. If the applicant has sought an award against more than one agency, the decision shall allocate responsibility for payment of any award made among the agencies, and shall explain the reasons for the allocation made.

[46 FR 61660, Dec. 18, 1981, as amended at 54 FR 26380, June 23, 1989]

§ 1016.309 Agency review.

In the event the adjudicative officer is not the entire Board, the applicant or agency counsel may seek review of the initial decision on the fee application, or the Board may review the decision on its own initiative, in accordance with § 1115.2. If no appeal is taken, the initial decision becomes the action of the Board 20 days after it is issued.

§ 1016.310

If the adjudicative officer is the entire Board, § 1115.3 applies.

§ 1016.310 Judicial review.

Judicial review of final Board decisions on awards may be sought as provided in 5 U.S.C. 504(c)(2).

§ 1016.311 General provisions.

Where the award is granted against the Surface Transportation Board the applicant shall make its submission to the Chief, Section of Financial Services, Surface Transportation Board, Washington, DC 20423-0001. The Board will pay the amount awarded to the applicant within 60 days of the applicant's submission unless the judicial review of the award or of the underlying decision of the adversary adjudication has been sought by the applicant or any other party to the proceeding.

§ 1017.1 Purpose and scope.

(a) These regulations set forth guidelines for implementing the Debt Collection Act of 1982 at the Surface Transportation Board (STB). The purpose of the Act is to give agencies the ability to more aggressively pursue debts owed the Federal Government and to increase the efficiency of government-wide efforts to collect debts owed the United States. The authority for these regulations is found in the Debt Collection Act of 1982 (Pub. L. 97-365 and 4 CFR 101.1 *et seq.*), Collection by Offset From Indebted Government Employees (5 CFR 550.1101 *et seq.*), Federal Claims Collection Standards (4 CFR 101.1 *et seq.*), and Administrative Offset (31 U.S.C. 3716).

(b) These regulations provide procedures for administrative offset of a Federal employee's salary without his/her consent to satisfy certain debts owed to the Federal Government. The regulations covered in this part apply to all current and former Federal employees who owe debts to the Board and to current Board employees who owe debts to other Federal agencies. The regulations set forth herein do not apply when the employee consents to recovery from his/her current pay account.

(c) These regulations do not apply to debts or claims arising under:

- (1) The Social Security Act;
- (2) The Internal Revenue Code of 1954;
- (3) The tariff laws of the United States; or

(4) Any case where a collection of a debt by salary offset is explicitly provided for or prohibited by another statute.

(d) These regulations also do not preclude the compromise, suspension, or termination of collection action, where appropriate, under the standards implementing the Federal Claims Collection Act (31 U.S.C. 3711 *et seq.*, 4 CFR 101.1 *et seq.*). These regulations do not preclude an employee's requesting a waiver of a salary overpayment (i.e., alleged indebtedness) under 5 U.S.C.

5584, 10 U.S.C. 2774, or 32 U.S.C. 716, or in any way questioning the amount or validity of a debt by submitting a claim to the General Accounting Office (GAO), or requesting a waiver under statutory provisions pertaining to the particular debt.

(e) The Board's regulations governing debt collection for entities and individuals who are not current or former government employees are contained in 49 CFR part 1018.

§ 1017.5 Hearing procedures.

(a) Upon the Administrative Law Judge's determination of an employee's compliance with §§ 1017.4(b)(8) or 1017.4(c)(7) of this part, whichever is applicable, he/she shall set the time, date, and location for the hearing, paying due consideration to convenience to the employee.

(b) All significant matters discussed at the hearing shall be documented, although a verbatim transcript of the hearing shall not be made.

(c) The Administrative Law Judge may exclude any evidence he/she deems irrelevant, immaterial, or unduly repetitious.

(d) Any party to a hearing under these regulations is entitled to present his or her case or defense by oral or documentary evidence, and to conduct such cross-examination as may be required for a full and true disclosure of the facts.

(e) The Board has the initial burden of proof as to the existence and amount of the debt.

(f) The employee requesting the hearing shall bear the ultimate burden of proof.

(g) The evidence presented by the employee must prove that no debt exists or cast sufficient doubt that reasonable minds could differ as to the existence or amount of the debt.

(h) Where the employee files a petition for a hearing contesting the offset schedule imposed by the Board, the Administrative Law Judge shall take into consideration all relevant factors as to the employee's financial situation in determining whether said offset schedule should be altered.

(i) Any party to a hearing under these regulations is entitled to be accompanied, represented, and advised by counsel, as well as to appear in person or by or with counsel.

(j) The Administrative Law Judge shall issue a final written decision at the earliest practicable date, but not later than 60 days after the filing of the petition requesting the hearing, as stated in § 1017.4(b)(10) or § 1017.4(c)(9) of this part, whichever is applicable.

§ 1017.6 Result if employee fails to meet deadlines.

An employee will not be granted a hearing and will have his/her disposable pay offset in accordance with the Board's offset schedule if the employee:

(a) Fails to file a petition for a hearing in conformity with the requirements of § 1017.4(b)(8) or § 1017.4(c)(9) of this part, whichever is applicable. However, failure to file within the requisite time period set out in § 1017.4(b)(8) or § 1017.4(c)(9) of this part whichever is applicable, will not result in denial of a hearing or in immediate offset, if the Administrative Law Judge excuses the late filing if the employee can show that the delay was because of circumstances beyond his/her control or because of failure to receive notice of the filing deadline.

(b) Is scheduled to appear and fails to appear at the hearing without good cause.

§ 1017.7 Written decision following hearing.

(a) Written decisions provided after a request for a hearing will include:

(1) A statement of the facts presented to support the nature and origin of the alleged debt;

(2) The Administrative Law Judge's analysis, findings, and conclusions, in light of the hearing, concerning the employee's or the Board's grounds;

(3) The amount and validity of the alleged debt; and

§ 1017.8

(4) The repayment schedule (including percentage), if applicable.

(b) The Administrative Law Judge's decision does not preclude an employee from requesting a waiver of a salary payment under 5 U.S.C. 5584, 10 U.S.C. 2774, or 32 U.S.C. 716, or in any way questioning the amount or validity of a debt by submitting a subsequent claim to GAO in accordance with procedures prescribed by GAO.

§ 1017.8 Exception to entitlement to notice, hearing, written responses and final decisions.

The Board shall except from the provisions of § 1017.4 through § 1017.7 any adjustment to pay arising out of an employee's election of coverage or a change in coverage under a Federal benefits program, requiring periodic deductions from pay, if the amount to be recovered was accumulated over four pay periods or less.

§ 1017.9 Coordinating offset with another Federal agency.

(a) *The Board as creditor agency.* When the Chief, Section of Financial Services, determines that an employee of another Federal agency owes a delinquent debt to the Board, he/she shall:

(1) Arrange for a hearing upon proper petitioning by the employee;

(2) Certify in writing to the other Federal agency that the employee owes the debt, the amount and basis of the debt, the date on which payment is due, the date the Government's right to collect the debt accrued, that the Board's regulations for administrative offset have been approved by the Office of Personnel Management, and that the provisions of 4 CFR 102.3(f) have been fully complied with;

(3) If collection must be made in installments, advise the paying agency of the amount or percentage of disposable pay to be collected in each installment;

(4) Advise the paying agency of any action taken under 5 U.S.C. 5514(a);

(5) If the employee is in the process of separating, the Board must submit its debt claim to the paying agency as provided in this part. The paying agency must certify any amounts already collected, notify the employee, and send a copy of the certification and notice of the employee's separation to the

49 CFR Ch. X (10–1–21 Edition)

creditor agency—if the paying agency is aware that the employee is entitled to money from the Civil Service Retirement and Disability Fund, it must certify to the Office of Personnel Management (OPM) that:

(i) The debtor owes the U.S. a debt, including the amount of that debt;

(ii) The Board has complied with the applicable statutes, regulations, and procedures of OPM; and

(iii) The Board has complied with the requirements of 4 CFR 102.3, including any hearing or review; and

(6) If the employee has already separated and all payments due from the paying agency have been paid, the Chief, Section of Financial Services, may request from OPM, unless otherwise prohibited, that money payable to the employee from the Civil Service Retirement and Disability Fund or other similar funds be collected by administrative offset and provide the certification described in paragraph (a)(5) of this section.

(b) *The Board as paying agency.* (1) Upon receipt of a properly certified debt claim from another agency, deductions will be scheduled to begin at the next established pay interval. The employee must receive written notice that the Board has received a certified debt claim from the creditor agency, the amount of the debt, the date administrative offset will begin, and the amount of the deduction(s). The Board shall not review the merits of the creditor agency's determination of the validity or the amount of the certified claim.

(2) When the Board receives an incomplete debt from another (creditor) agency, the Board must return the debt claim with a notice that procedures under 5 U.S.C. 5514 and 5 CFR 550.1109 must be followed and a properly certified debt claim received before action will be taken to collect from the employee's current pay account.

(3) If the employee transfers to another agency after the creditor agency has submitted its debt claim to the Board and before the debt is fully collected, the Board must certify the total amount collected to the creditor agency, along with notice of the transfer,

and furnish a copy of same to the employee.

[56 FR 32333, July 16, 1991, as amended at 64 FR 53267, Oct. 1, 1999; 81 FR 8851, Feb. 23, 2016]

§ 1017.10 Procedures for administrative offset.

(a) Debts will be collected in one lump sum where possible. If the employee is financially unable to pay in one lump sum, collection shall be made in installments.

(b) Debts shall be collected by deduction at officially established pay intervals from an employee's current pay account, unless alternative arrangements for repayment are made.

(c) Installment deductions will be made over a period not greater than the anticipated period of employment. The size of installment deductions must bear a reasonable relationship to the size of the debt and the employee's ability to pay. The deduction for the pay intervals for any period shall not exceed 15 percent of disposable pay, unless the employee has agreed in writing to a deduction of a greater amount.

(d) Unliquidated debts may be offset against any financial payment due to a separated employee (including, but not limited to, final salary payment or lump-sum payment for leave).

§ 1017.11 Refunds.

(a) The Board shall promptly refund any amounts deducted to satisfy debts owed to it when the debt is waived, found not owed to the Board, or when directed by an administrative or judicial order.

(b) A creditor agency will promptly return any amounts deducted by the Board to satisfy debts owed to a creditor agency when the debt is waived, found not owed, or when directed by an administrative or judicial order.

(c) Unless required by law, refunds under this subsection shall not bear interest.

§ 1017.12 Statute of limitations.

If a debt has been outstanding for more than 10 years after the agency's right to collect the debt first accrued, the agency may not collect by salary offset unless facts material to the Government's right to collect were not

known and could not reasonably have been known by the official or officials who were charged with the responsibility for discovery and collection of such debts.

§ 1017.13 Nonwaiver of rights.

An employee's involuntary payment of all or any part of a debt collected under these regulations will not be construed as a waiver of any rights that employee may have under 5 U.S.C. 5514 or any other provision of law.

§ 1017.14 Interest, penalties, and administrative costs.

(a) The rate of interest assessed shall be the rate of the current value of funds to the U.S. Treasury (i.e., the Treasury tax and loan account rate), as prescribed and published by the Secretary of the Treasury in the FEDERAL REGISTER and the Treasury Financial Manual Bulletins. A higher rate of interest can be assessed if the Board can reasonably determine that a higher rate is necessary to protect the interests of the United States. The rate of interest, as initially assessed, shall remain fixed for the duration of the indebtedness, except where a debtor has defaulted on a repayment agreement and seeks to enter into a new agreement. The Board may set a new interest rate which reflects the current value of funds to the Treasury at the time the new agreement is executed. The Board shall waive the collection of interest on the debt or any portion of the debt which is paid within 30 days after the date on which interest began to accrue.

(b) The Board shall assess a penalty charge not to exceed 6 percent a year on any portion of a debt that is delinquent as defined in 4 CFR 101.2(b) for more than 90 days. This charge need not be calculated until the 91st day of delinquency, but shall accrue from the date that the debt became delinquent.

(c) The Board shall assess against a debtor charges to cover administrative costs incurred as a result of a delinquent debt—that is, the additional costs incurred in processing and handling the debt because it became delinquent as defined in 4 CFR 101.2(b).

Pt. 1018

(d) When a debt is paid in partial or installment payments, amounts received by the agency shall be applied first to outstanding penalty and administrative cost charges, second to accrued interest, and third to outstanding principal.

Subpart A—Application and Coverage

§ 1018.1 Application.

(a) This part applies to claims for the payment of debts owed to the United States Government in the form of money or property and unless a different procedure is specified in a statute, regulation, or a contractual agreement with the Board, prescribes procedures by which the Board:

(1) Collects, compromises, suspends, and terminates collection actions for claims;

(2) Determines and collects interest and other charges on these claims; and

(3) Refers unpaid claims to the General Accounting Office (GAO) and the Department of Justice (DOJ) for litigation.

(b) The following are examples of the kinds of debts to which special statutory and administrative procedures apply:

(1) A claim against an employee for erroneous payment of pay and allowances subject to waiver under 5 U.S.C. 5584 and other claims against employees which are handled under 49 CFR part 1017.

(2) A claim involving the payment of civil penalties or forfeitures which may

Surface Transportation Board

§ 1018.7

arise under provisions of the Interstate Commerce Act or legislation supplemental thereto. Those claims are handled under procedures set forth in 49 CFR part 1021.

(3) A claim involved in a case pending before any Federal Contract Appeals Board or Grant Appeals Board. However, nothing in this part prevents negotiation and settlement of a claim pending before a Board.

§ 1018.2 Definitions.

(a) *Administrative offset* means withholding money payable by the United States to, or held by the Government for, a person to satisfy a debt the person owes the Government.

(b) *Claim* and *debt* are used synonymously and interchangeably for purposes of this part. These terms refer to an amount of money or property which has been determined by an appropriate agency official to be owed to the United States by any person, organization, or entity except another Federal agency.

(c) *Delinquent*. A debt is considered delinquent if it has not been paid by the date specified in the initial written demand for payment or applicable contractual agreement with the Board, unless other satisfactory payment arrangements have been made by that date. If the debtor fails to satisfy an obligation under a payment agreement with the Board after other payment arrangements have been made, the debt becomes a delinquent debt.

(d) *Payment in full* means payment of the total debt due the United States, including any interest, penalty, and administrative costs of collection assessed against the debtor.

§ 1018.3 Communications.

Unless otherwise specified, all communications concerning the regulations in this part should be addressed to the Chief, Section of Financial Services, Surface Transportation Board, Washington, DC.

[81 FR 8851, Feb. 23, 2016]

§ 1018.4 Claims that are covered.

(a) These procedures generally apply to any claim for payment of a debt which:

(1) Results from activities of the Board including fees imposed under 49 CFR part 1002; or

(2) Is referred to the Board for collection.

(b) These procedures do not apply to:

(1) A claim based on a civil monetary penalty for violation of a requirement of the Interstate Commerce Act or an order or regulation of the Board unless 49 CFR part 1021 provides otherwise;

(2) A claim as to which there is an indication of fraud, the presentation of a false claim, or misrepresentation on the part of the debtor, or any other party having an interest in the claim;

(3) A claim between Federal agencies; and

(4) A claim once it becomes subject to salary offset which is governed by 5 U.S.C. 5514.

§ 1018.5 Monetary limitation on Board authority.

The Board's authority to compromise a claim or to terminate or suspend collection action on a claim covered by these procedures is limited by 31 U.S.C. 3711(a) to claims that:

(a) Have not been referred to another Federal agency, including the GAO, for further collection action; and

(b) Do not exceed \$100,000, exclusive of interest, penalties, and administrative costs (the monetary limitation).

§ 1018.6 Omissions not a defense.

(a) The failure of the Board to include in this part any provision of the Federal Claims Collection Standards, 31 CFR parts 900 through 904, does not prevent the Board from applying these provisions.

(b) A debtor may not use the failure of the Board to comply with any provision of this part or the Federal Claims Collection Standards as a defense to the debt.

[58 FR 7749, Feb. 9, 1993, as amended at 81 FR 8851, Feb. 23, 2016]

§ 1018.7 Conversion claims.

These procedures are directed primarily to the recovery of money on behalf of the Government. The Board may demand:

(a) The return of specific property; or

(b) Either the return of property or the payment of its value.

§ 1018.8

49 CFR Ch. X (10–1–21 Edition)

§ 1018.8 Subdivision of claims.

The Board shall consider a debtor's liability arising from a particular transaction or contract as a single claim in determining whether the claim is less than the monetary limitation for the purpose of compromising, suspending, or terminating action. A claim may not be subdivided to avoid the monetary limitation established by 31 U.S.C. 3711(a)(2) and § 1018.5 of this part.

[58 FR 7749, Feb. 9, 1993, as amended at 81 FR 8851, Feb. 23, 2016]

Subpart B—Administrative Collection of Claims

§ 1018.20 Written demand for payment.

(a) The Board shall make appropriate written demand upon the debtor for payment of money in terms which specify:

(1) The basis for the indebtedness and the right of the debtor to request review within the Board;

(2) The amount claimed;

(3) The date by which payment is to be made, which normally should not be more than 30 days from the date that the initial demand letter statement was mailed, unless otherwise specified by contractual agreement, established by Federal statute or regulation, or agreed to under a payment agreement;

(4) The applicable standards for assessing interest, penalties, and administrative costs (31 CFR 901.9 and 49 CFR 1018.30); and

(5) The applicable policy for reporting the delinquent debt to consumer reporting agencies.

(b) The Board normally shall send three progressively stronger written demands at not more than 30-day intervals, unless circumstances indicate that alternative remedies better protect the Government's interest, that the debtor has explicitly refused to pay, or that sending a further demand is futile. Depending upon the circumstances of the particular case, the second and third demands may:

(1) Offer or seek to confer with the debtor;

(2) State the amount of the interest and penalties that will be added on a daily basis, as well as the administra-

tive costs that will be added to the debt until the debt is paid; and

(3) State that the authorized collection procedures include any procedure authorized in this part including:

(i) Contacts with the debtor's employer when the debtor is employed by the Federal Government or is a member of the military establishment or the Coast Guard;

(ii) Possible referral of the debt to a private agency for collection;

(iii) Possible reporting of the delinquent debt to consumer reporting agencies in accordance with the guidelines and standards contained in 31 CFR 901.4 and the Board's procedures set forth in § 1018.23 of this part;

(iv) The suspension or revocation of a license or other remedy under § 1018.25 of this part;

(v) Installment payments possibly requiring security; and

(vi) The right to refer claims to GAO or DOJ for litigation.

(c) The failure to state in a letter of demand a matter described in § 1018.20 is not a defense for a debtor and does not prevent the Board from proceeding with respect to that matter.

[58 FR 7749, Feb. 9, 1993; 58 FR 11099, Feb. 23, 1993, as amended at 81 FR 8851, Feb. 23, 2016]

§ 1018.21 Telephone inquiries and investigations.

(a) If a debtor has not responded to one or more written demands, the Board shall make reasonable efforts by telephone to determine the debtor's intentions. If the debtor cannot be reached by telephone at the debtor's place of employment, the Board may telephone the debtor at his or her residence between 8 a.m. and 9 p.m.

(b) The Board may undertake an investigation to locate a debtor, if the whereabouts of a debtor is a problem, or if a debtor cannot be contacted by telephone. The Board may also send a representative to a debtor's place of employment if the debtor cannot be contacted by phone or the debtor does not respond to written demands by the Board for payment of claims.

(c) The Board under 15 U.S.C. 1681(f) may obtain consumer credit information from private firms, including name, address, former address, place of

Surface Transportation Board

§ 1018.25

employment, and former place of employment of a debtor.

§ 1018.22 Personal interviews.

(a) The Board may seek an interview with the debtor at the offices of the Board when:

(1) A matter involved in the claim needs clarification;

(2) Information is needed concerning the debtor's circumstances; or

(3) An agreement of payment might be negotiated.

(b) The Board shall grant an interview with a debtor upon the debtor's request. The Board will not reimburse a debtor's interview expenses.

§ 1018.23 Use of consumer reporting agencies.

(a) In addition to assessing interest, penalties, and administrative costs under § 1018.30 of this part, the Board may report a debt that has been delinquent for 90 days to a consumer reporting agency, if all the conditions of this paragraph are met.

(1) The debtor has not:

(i) Paid or agreed to pay the debt under a written payment plan that has been signed by the debtor and agreed to by the Board; or

(ii) Filed for review of the debt under § 1018.23(a)(2)(iv) of this section.

(2) The Board has included a notification in the third written demand (see § 1018.20(b)) to the debtor stating:

(i) That the account has been reviewed and payment of the debt is delinquent;

(ii) That, within not less than 60 days after the date of notification, the Board intends to disclose to a consumer reporting agency that the individual is responsible for the debt;

(iii) The specific information to be disclosed to the consumer reporting agency; and

(iv) That the debtor has the right to a complete explanation of the debt (if that has not already been given), to dispute information on Board records about the debt, and to request reconsideration of the debt by administrative appeal or review of the debt.

(3) The Board has sent at least one written demand by either registered or certified mail with the notification de-

scribed in paragraph (a)(2) of this section.

(4) The Board has reconsidered its initial decision on the debt when the debtor has requested a review under § 1018.23(a)(2)(iv).

(5) The Board has taken reasonable action to locate a debtor for whom the Board does not have a current address to send the notifications provided for in paragraph (a)(2) of this section.

(b) If there is a substantial change in the condition or amount of the debt, the Board shall:

(1) Promptly disclose that fact(s) to each consumer reporting agency to which the original disclosure was made;

(2) Promptly verify or correct information about the debt, on request of a consumer reporting agency for verification of any or all information so disclosed by the Board; and

(3) Obtain satisfactory assurances from each consumer reporting agency that they are complying with all applicable Federal, state, and local laws relating to its use of consumer credit information.

(c) The information the Board discloses to the consumer reporting agency is limited to:

(1) Information necessary to establish the identity of the individual debtor, including name, address, and taxpayer identification number;

(2) The amount, status, and history of the debt; and

(3) The Board activity under which the claim arose.

§ 1018.24 Contact with the debtor's employing agency.

If a debtor is employed by the Federal government or is a member of the military establishment or the Coast Guard, and collection by offset cannot be accomplished in accordance with 5 U.S.C. 5514, the Board shall contact the employing agency to arrange with the debtor for payment of the indebtedness by allotment or otherwise.

§ 1018.25 Sanctions.

(a) *Closure of accounts.* If a tariff filing fee account is past due more than 90 days, the Board will freeze the account until the account is made current. The Board will notify the account

§ 1018.26

holder that the account has been frozen and that until the account balance including any applicable interest, penalties, and administrative costs are paid, all future filings, must be accompanied by a certified check, cashier's check, or money order. The Board reserves the right to refuse to maintain an account which is repeatedly delinquent.

(b) *Suspension or revocation of tariff filing privileges.* If the account holder fails to satisfy all claims for tariff filing fees including applicable interest, penalties, and the administrative costs of collection of the debt, the Board may suspend or prohibit a tariff filing fee account holder from submitting tariff filings in its own name or on behalf of others.

(c) *Suspension or revocation of certificates, licenses, or permits granted by the Board.* The Board may suspend or revoke any certificates, permits, or licenses which the Board has granted to an account holder or other debtor for any inexcusable, prolonged, or repeated failure or refusal to pay a delinquent debt.

(d) *Procedures for suspension or revocation of filing privileges, certificates, licenses, or permits for failure to pay tariff filing fees.* Before suspending or revoking an account holder's privilege to submit tariff filings or suspending or revoking any certificate, license, or permit which the Board has granted to any account holder, the Board shall issue to the account holder an order to show cause why the tariff filing privilege or any certificate, license, or permit should not be suspended or revoked. The Board shall allow the debtor no more than 30 days to pay the debt in full including applicable interest, penalties, and administrative costs of collection of the delinquent debt. The Board may suspend or revoke any certificate, license, permit, approval or filing privilege at the end of this period upon a finding of willful noncompliance with the Board's order. If any certificate, license, permit, or filing privilege is revoked under this authority of this part, a new application with appropriate fees must be made to the Board, and all previous delinquent debts of the debtor to the Board must

49 CFR Ch. X (10–1–21 Edition)

be paid before the Board will consider such application.

(e) *Other sanctions.* The remedies and sanctions available to the Board in this area are not exclusive. The Board may impose other sanctions, where permitted by law for any inexcusable, prolonged, or repeated failure of a debtor to pay such claim. In such cases, the Board will provide notice and a hearing, as required by law, to the debtor prior to the imposition of any such sanctions.

[58 FR 7749, Feb. 9, 1993, as amended at 81 FR 8852, Feb. 23, 2016]

§ 1018.26 Disputed debts.

(a) A debtor who disputes a debt shall explain why the debt is incorrect in fact or law within 30 days from the date that the initial demand letter was mailed. The debtor may support the explanation by submitting affidavits, statements certified under penalty of perjury, canceled checks, or other relevant evidence.

(b) The Board may extend the interest waiver period as described in § 1018.30(j) pending a final determination of the existence or amount of the debt.

(c) The Board may investigate the facts involved in the dispute and if necessary, the Board may arrange for a conference at which the debtor may present evidence and arguments in support of the debtor's positions.

§ 1018.27 Contracting for collection services.

The Board may contract for collection services in order to recover delinquent debts. However, the Board retains the authority to resolve disputes, compromise claims, suspend or terminate collection action, and initiate enforced collection through litigation. When appropriate, the Board shall contract in accordance with 4 CFR 102.6.

§ 1018.28 Collection by administrative offset.

(a) The Board may administratively undertake collection by offset on each claim which is liquidated or certain in amount in accordance with the guidelines and the standards contained in 31 CFR 901.2 and 901.3 and 5 U.S.C. 5514, as applicable. The Board may not initiate

Surface Transportation Board

§ 1018.29

administrative offset to collect a debt more than 10 years after the Government's right to the debt first accrued, unless facts material to the Government's right to collect the debt were not known and could not reasonably have been known to the Board.

(b) Collection by administrative offset of amounts payable from the Civil Service Retirement and Disability Fund, the Federal Employees Retirement System, or other similar fund is made pursuant to 31 CFR 901.3(e) and the provisions of paragraph (d) of this section.

(c) Salary offset is governed by 5 U.S.C. 5514.

(d) The following procedures apply when the Board seeks to collect a debt by offset against any payment to be made to a debtor or against the assets of a holder of a certificate, permit, license, or authorization issued by the Board.

(1) Before the offset is made, the Board shall provide the debtor written notice of the nature and amount of the debt and:

(i) Notice of the Board's intent to collect the debt by offset;

(ii) An opportunity to inspect and copy Board records pertaining to the debt;

(iii) An opportunity to request reconsideration of the debt by the Board, or if provided for by statute, waiver of the debt;

(iv) An opportunity to enter into a written agreement with the Board to repay or pay the debt, as the case may be;

(v) An explanation of the debtor's rights under this subpart; and

(vi) An opportunity for a hearing when required under the provisions of 31 CFR 901.3(e).

(2) If the Board learns that other agencies of the Government are holding funds payable to the debtor, the Board shall provide the other agencies with written certification that the debt is owed to the Board and that the Board has complied with the provisions of 4 CFR 102.3. The Board shall request that funds which are due the debtor and which are necessary to offset the debt to the Board be transferred to the Board.

(3) The Board may accept a repayment or payment agreement, as appropriate, in lieu of offset, but will do so only after balancing the Government's interest in collecting the debts against fairness to the debtor. If the debt is delinquent and the debtor has not disputed its existence or amount, the Board may accept a repayment or payment agreement in lieu of offset only if the debtor is able to establish under sworn affidavit or statement certified under penalty of perjury that offset would result in financial hardship or would result in undue financial hardship or would be against equity and good conscience.

(4) Administrative offset is not authorized with respect to:

(i) Debts owed by any State or local government;

(ii) Debts once they become subject to the salary offset provisions of 5 U.S.C. 5514; or

(iii) Any case in which collection of the type of debt involved by administrative offset is explicitly provided for or prohibited by another statute.

(5) The Board reserves the right to take any other action in respect to offset as is permitted under 4 CFR 102.3.

(e) The Board shall make appropriate use of the cooperative efforts of other agencies including the Army Holdup List in effecting collections by offset. The Army Holdup List is a list of contractors indebted to the United States.

[58 FR 7749, Feb. 9, 1993, as amended at 81 FR 8852, Feb. 23, 2016]

§ 1018.29 Payments.

(a) *Payment in full.* The Board shall make every effort to collect a claim in full before it becomes delinquent. The Board shall impose charges for interest, penalties, and administrative costs as specified in § 1018.30.

(b) *Payment in installments.* If a debtor furnishes satisfactory evidence of inability to pay a claim in one lump sum, payment in regular installments may be arranged. Evidence may consist of a financial statement or a signed statement certified under penalty of perjury to be true and correct that application for a loan to enable the debtor to pay the claim in full was rejected. Except for a claim described at 5 U.S.C. 5514, all installment payment arrangements

§ 1018.30

49 CFR Ch. X (10–1–21 Edition)

must be in writing and require the payment of interest and administrative charges.

(1) Installment note forms including confess-judgment notes may be used. The written installment agreement must contain a provision accelerating the debt payment in the event the debtor defaults. If the debtor's financial statement discloses the ownership of assets which are free and clear of liens or security interests, or assets in which the debtor owns equity, the debtor may be asked to secure the payment of an installment note by executing a Security Agreement and Financial Statement transferring to the United States a security interest in the assets until the debt is discharged.

(2) If the debtor owes more than one debt and designates how a voluntary installment payment is to be applied among those debts, the Board shall follow that designation. If the debtor does not designate the application of the payment, the Board shall apply the payment to the various debts in accordance with the best interest of the United States as determined by the facts and circumstances of the particular case.

(c) *To whom payment is made.* Payment of a debt is made by check, money order, or credit card payable to the Surface Transportation Board and mailed or delivered to the Section of Financial Services, Surface Transportation Board, Washington, DC 20423, unless payment is:

(1) Made pursuant to arrangements with the GAO or DOJ;

(2) Ordered by a Court of the United States; or

(3) Otherwise directed in any other part of this chapter.

[58 FR 7749, Feb. 9, 1993, as amended at 64 FR 53267, Oct. 1, 1999]

§ 1018.30 Interest, penalties, and administrative costs.

(a) The Board shall assess interest, penalties, and administrative costs on debts owed to the United States Government in accordance with the guidance provided under the Federal Claims Collection Standards, 31 CFR 901.9 unless otherwise directed by statute, regulation, or contract.

(b) Before assessing any charges on delinquent debts, the Board shall mail a written notice to debtor explaining its requirements concerning these charges under 31 CFR 901.2 and 901.9.

(c) Interest begins to accrue from the date on which the initial invoice is first mailed to the debtor unless a different date is specified on a statute, regulation, or contract.

(d) The Board shall assess interest based upon the rate of the current value of funds to the United States Treasury (the Treasury tax and loan account rate) prescribed by statute, regulation, or contract.

(e) Interest is computed only on the principal of the debt, and the interest rate remains fixed for the duration of the indebtedness, unless the debtor defaults on a repayment agreement and seeks to enter into a new agreement.

(f) The Board shall assess against a debtor charges to cover administrative costs incurred as a result of a delinquent debt. Administrative costs may include costs incurred in obtaining a credit report or in using a private debt collector, to the extent they are attributable to the delinquency.

(g) The Board shall assess a penalty charge of six percent a year on any portion of a debt that is delinquent for more than 90 days. The charge accrues retroactively to the date that the debt became delinquent.

(h) Amounts received by the Board as partial or installment payments are applied first to outstanding penalty and administrative cost charges, second to accrued interest, and third to outstanding principal.

(i) The Board shall waive collection of interest on the debt or any portion of the debt which is paid in full within 30 days after the date on which interest began to accrue.

(j) The Board may waive interest during the periods a debt disputed under § 1018.26 is under investigation or review before the Board. This additional waiver is not automatic and must be requested before the expiration of the initial 30-day waiver period. The Board may grant the additional waiver only when it finds merit in the explanation the debtor has submitted under § 1018.26.

Surface Transportation Board

§ 1018.51

(k) The Board may waive the collection of interest, penalties, and administrative costs if it finds that one or more of the following conditions exists:

(1) The debtor is unable to pay any significant sum toward the debt within a reasonable time;

(2) Collection of interest, penalties, and administrative costs will jeopardize collection of the principal of the debt;

(3) The Board is unable to enforce collection in full within a reasonable time by enforced collection proceedings; or

(4) Collection would be against equity and good conscience or not in the best interest of the United States, including the situation in which an administrative offset or installment payment agreement is in effect.

[58 FR 7749, Feb. 9, 1993, as amended at 81 FR 8852, Feb. 23, 2016]

§ 1018.31 Use of credit reports.

The Board may institute a credit investigation of the debtor at any time following receipt of knowledge of the debt in order to aid the Board in making appropriate determinations as to:

(a) The collection and compromise of a debt;

(b) The collection of interest, penalties, and administrative costs;

(c) The use of administrative offset;

(d) The use of other collection methods; and

(e) The likelihood of collecting the debt.

§ 1018.32 Bankruptcy claims.

When the Board receives information that a debtor has filed a petition in bankruptcy or is the subject of a bankruptcy proceeding, it shall suspend all collection actions against the debtor in accordance with 11 U.S.C. 362 and shall furnish information concerning the debt owed the United States to the Department of Justice's Nationwide Central Intake Facility to permit the filing of a claim.

§ 1018.33 Use and disclosure of mailing addresses.

(a) When attempting to locate a debtor in order to collect or compromise a debt under this part, the Board may send a written request to the Secretary

of the Treasury (or designee) in order to obtain a debtor's mailing address from the records of the Internal Revenue Service.

(b) The Board may disclose a mailing address obtained under paragraph (a) of this section to other agents, including collection service contractors, in order to facilitate the collection or compromise of debts under this part, except that a mailing address may be disclosed to a consumer reporting agency only for the limited purpose of obtaining a commercial credit report on the particular taxpayer.

(c) The Board and its agents, including consumer reporting agencies and collection services, must comply with the provisions of 26 U.S.C. 6103(p)(4) and applicable regulations of the Internal Revenue Service.

§ 1018.34 Additional administrative collection action.

Nothing contained in this part is intended to preclude any other administrative remedy which may be available.

Subpart C—Compromise of a Claim

§ 1018.50 When a claim may be compromised.

The Board may compromise a claim not in excess of the monetary limitation if it has not been referred to GAO or DOJ for litigation. Only the Comptroller General of the United States or designee may effect the compromise of a claim that arises out of the exceptions made by the GAO in that account of an accountable officer, including a claim against the payee, prior to its referral by GAO for litigation.

[58 FR 7749, Feb. 9, 1993; 58 FR 11099, Feb. 23, 1993]

§ 1018.51 Reasons for compromising a claim.

(a) A claim may be compromised for one or more reasons set forth below:

(1) The full amount cannot be collected because:

(i) The debtor is unable to pay the full amount within a reasonable time; or

(ii) The debtor refuses to pay the claim in full, and the Government is

§ 1018.52

unable to enforce collection in full within a reasonable time; or

(2) There is a real doubt concerning the Government's ability to prove its case in Court for the full amount claimed, either because of the legal issues involved or a bona fide dispute as to the facts; or

(3) The costs of collecting the claim do not justify the enforced collection of the full amount. The Board shall apply this reason for compromise in accordance with the guidelines in 31 CFR 902.2.

(b) The Board shall determine the debtor's inability to pay, the Government's ability to enforce collection, and the amounts which are acceptable in compromise in accordance with the Federal Claims Collection Standards, 31 CFR part 902.

(c) Compromises payable in installments are discouraged, but, if necessary, must be in the form of a legally enforceable agreement for the reinstatement of the prior indebtedness less sums paid thereon. The agreement also must provide that in the event of default:

(1) The entire balance of the debt becomes immediately due and payable; and

(2) The Government has the right to enforce any security agreement.

[58 FR 7749, Feb. 9, 1993, as amended at 81 FR 8852, Feb. 23, 2016]

§ 1018.52 Restrictions on the compromise of a claim.

(a) The Board may not accept a percentage of a debtor's profits or stock in a debtor's corporation in compromise of a claim. In negotiating a compromise with a business concern, consideration is given to requiring a waiver of the tax-loss-carry-forward and tax-loss-carry-back rights of the debtor.

(b) If two or more debtors are jointly or severally liable, collection action is not withheld against one debtor until the other or others pay their share. The amount of a compromise with one debtor is not considered a precedent or binding in determining the amount which will be required from other debtors jointly and severally liable on the claim.

49 CFR Ch. X (10–1–21 Edition)

§ 1018.53 Finality of a compromise.

An offer of compromise must be in writing and signed by the debtor. An offer of compromise which is accepted by the Board is final and conclusive on the debtor and on all officials, agencies and courts of the United States, unless obtained by fraud, misrepresentation, the presentation of a false claim, or mutual mistake of fact.

Subpart D—Suspension or Termination of Collection Action

§ 1018.60 When collection action may be suspended or terminated.

The Board may suspend or terminate collection action on a claim not in excess of the monetary limitation, exclusive of interest, penalties, and administrative costs, after deducting the amount of partial payments, if any, if it has not been referred to GAO or DOJ for litigation.

§ 1018.61 Reasons for suspending collection action.

Collection action may be suspended temporarily:

(a) When the debtor cannot be located after diligent efforts, and there is reason to believe that future collection action may be sufficiently productive to justify periodic review and action on the claim considering the size of the claim and the amount which may be realized on it; or

(b) When the debtor owns no substantial equity in realty and is unable to make payments on the Government's claim or effect a compromise on it at the time, but the debtor's future prospects justify retention of the claim for periodic review and action:

(1) The applicable statute of limitations has been tolled or started anew; or

(2) Future collection can be effected by offset notwithstanding the statute of limitations.

§ 1018.62 Reasons for terminating collection action.

Collection action may be terminated:

(a) When it becomes clear that the Government cannot collect or enforce collection of any significant sum from

Surface Transportation Board

§ 1018.72

the debtor having due regard for the judicial remedies available to the Government, the debtor's future financial prospects, and the exemptions available to the debtor under State and Federal law;

(b) When the debtor cannot be located, there is no security remaining to be liquidated, the applicable statute of limitations has run, and the prospects of collecting by offset, notwithstanding the bar of the statute of limitations, are too remote to justify retention of the claim; or

(c) When it is likely that the cost of the collection action will exceed the amount recoverable.

§ 1018.63 Termination of collection action.

Collection action shall be terminated:

(a) Whenever it is determined that the claim is legally without merit; or

(b) When it is determined that the evidence necessary to prove the claim cannot be produced, or necessary witnesses are unavailable, and efforts to induce voluntary payments have been unavailing.

§ 1018.64 Transfer of a claim.

The Board may refer a claim to GAO when there is doubt as to whether or not a collection action should be suspended or terminated.

Subpart E—Referral of a Claim

§ 1018.70 Prompt referral.

(a) A claim which requires enforced collection is referred to GAO or DOJ for litigation. A referral is made as early as possible consistent with aggressive collection action and, in any event, well within the time required to bring a timely suit against the debtor. Ordinarily, referrals are made within 1 year of the Board's final determination of the fact and the amount of the debt.

(b) When the merits of the Board's claim, the amount owed on the claim, or the propriety of acceptance of a proposed compromise, suspension, or termination of collection actions is in doubt, the Board shall refer the matter to GAO for resolution and instruction prior to proceeding with collection ac-

tions and/or referral to DOJ for litigation.

(c) The Board may refer a claim to GAO or DOJ even though the termination of collection activity might otherwise be given consideration under § 1018.63 if:

(1) A significant enforcement policy is involved in reducing a statutory penalty or forfeiture to judgment; or

(2) Recovery of a judgment is a prerequisite to the imposition of administrative sanctions, such as suspension or revocation of a license or privilege of participating in a Government sponsored program.

(d) Once a claim has been referred to GAO or DOJ under this subpart, the Board shall refrain from any contact with the debtor and shall direct the debtor to GAO or DOJ as appropriate, when questions concerning the claim are raised by the debtor. The Board shall immediately advise GAO or DOJ, as appropriate, of any payments by the debtor.

§ 1018.71 Referral of a compromise offer.

The Board may refer a debtor's firm written offer of compromise which is substantial in amount to GAO or to DOJ if the Board is uncertain whether the offer should be accepted.

§ 1018.72 Referral to the Department of Justice.

(a) Claims for which the gross original amount is over \$500,000 must be referred to the Commercial Litigation Branch, Civil Division, Department of Justice, Washington, DC 20530. Claims for which the gross original amount is \$500,000 or less must be referred to the Department of Justice's Nationwide Central Intake Facility.

(b) A claim of less than \$600, exclusive of interest, is not referred for litigation unless:

(1) Referral is important to a significant enforcement policy; or

(2) The debtor has the clear ability to pay the claim, and the government can effectively enforce payment.

(c) A claim on which the Board holds a judgment is referred to DOJ for further action if renewal of the judgment lien or enforced collection proceedings

§ 1018.80

49 CFR Ch. X (10–1–21 Edition)

are justified under the criteria discussed in this part.

(d) Claims must be referred to the Department of Justice in the manner prescribed by 31 CFR 904.2. Care must be taken to preserve all files, records, and exhibits on claims referred under paragraphs (a) and (b) of this section.

[58 FR 7749, Feb. 9, 1993, as amended at 81 FR 8852, Feb. 23, 2016]

Subpart F—Internal Revenue Service Procedure

§ 1018.80 Reporting discharged debts to the Internal Revenue Service.

When the Board discharges a debt for less than the full value of the indebtedness, it will report the outstanding balance discharged, not including interest to the Internal Revenue Service, using IRS Form 1099-G or any other form prescribed by the IRS, when:

(a) The principal amount of the debt not in dispute is \$600 or more;

(b) The obligation has not been discharged in a bankruptcy proceeding; and

(c) The obligation is no longer collectible either because the time limit in the applicable statute for enforcing collection expired during the tax year, or because during the tax year a formal compromise agreement was reached in which the debtor was legally discharged of all or a portion of the obligation.

Subpart G—Tax Refund Offset

§ 1018.90 Purpose.

This subpart establishes procedures for the Board to refer past-due debts to the Internal Revenue Service (IRS) for the offset against the income tax refunds of persons owing debts to the Board. It specifies the Board's procedures and the rights of the debtor applicable to claims for the payment of debts owed to the Board.

§ 1018.91 Applicability and scope.

(a) These regulations implement 31 U.S.C. 3720A which authorizes the IRS to reduce a tax refund by the amount of a past-due legally enforceable debt owed to the Government of the United States.

(b) For purposes of this section, a past-due legally enforceable debt referable to the IRS is a debt which is owed to the Government of the United States and:

(1) Except in the case of a judgment debt, has been delinquent for at least 3 months but has not been delinquent for more than 10 years at the time the offset is made;

(2) Cannot be currently collected pursuant to the salary offset provisions of 5 U.S.C. 5514(a)(1);

(3) Is ineligible for administrative offset under 31 U.S.C. 3716(a) by reason of 31 U.S.C. 3716(c)(2) or cannot be collected by administrative offset under 31 U.S.C. 3716(a) by the Board against amounts payable to or on behalf of the debtor by or on behalf of the Board;

(4) With respect to which the Board has given the taxpayer at least 60 days from the date of notification to present evidence that all or part of the debt is not past-due or legally enforceable, has considered evidence presented by such taxpayer, and has determined that an amount of such debt is past-due and legally enforceable;

(5) Has been disclosed by the Board to a consumer reporting agency as authorized by 31 U.S.C. 3711(f), unless a consumer reporting agency would be prohibited from using such information by 15 U.S.C. 1681c, or unless the amount of the debt does not exceed \$100.00;

(6) With respect to which the Board has notified or has made a reasonable attempt to notify the taxpayer that the debt is past-due and, unless repaid within 60 days thereafter, the debt will be referred to the IRS for offset against any overpayment of tax;

(7) Is at least \$25.00; and

(8) All other requirements of 31 U.S.C. 3720A and the Department of the Treasury regulations codified at 26 CFR 301.6402-6 relating to the eligibility of a debt for tax return offset have been satisfied.

[58 FR 7749, Feb. 9, 1993, as amended at 81 FR 8852, Feb. 23, 2016]

§ 1018.92 Administrative charges.

In accordance with 49 CFR 1018.30, all administrative charges incurred in connection with the referral of the debts to the IRS shall be assessed on

Surface Transportation Board

§ 1019.1

the debt and thus increase the amount of the offset.

§ 1018.93 Notice requirement before offset.

A request for reduction of an IRS tax refund will be made only after the Board makes a determination that an amount is owed and past-due and provides the debtor with 60 days written notice. The Board's notice of intention to collect by IRS tax refund offset (Notice of intent) will state:

- (a) The amount of the debt;
- (b) That unless the debt is repaid within 60 days from the date of the Board's Notice of Intent, the Board intends to collect the debt by requesting that the IRS reduce any amount payable to the debtor as Federal Income tax refunds an amount equal to amount of the debt including all accumulated interest and other charges;
- (c) That the debtor has the right to present evidence that all or part of the debt is not past-due or legally enforceable; and
- (d) A mailing address for forwarding any written correspondence and a contact name and phone number for any questions.

§ 1018.94 Review within the Board.

(a) *Notification by Debtor.* A debtor who receives a Notice of Intent has the right to present evidence that all or part of the debt is not past-due or not legally enforceable. To exercise this right, the debtor must:

- (1) Send a written request for a review of the evidence to the address provided in the notice.
- (2) State in the request the amount disputed and the reasons why the debtor believes that the debt is not past-due or is not legally enforceable.
- (3) Include in the request any documents which the debtor wishes to be considered or state that additional information will be submitted within the 60-day period.

(b) *Submission of evidence.* The debtor may submit evidence showing that all or part of the debt is not past-due or not legally enforceable along with the notification required by paragraph (a) of this section. Failure to submit the notification and evidence within 60 days will result in an automatic refer-

ral of the debt to the IRS without further action by the Board.

(c) *Review of the evidence.* The Board will consider all available evidence related to the debt. Within 30 days, if feasible, the Board will notify the debtor whether the Board has sustained, amended, or canceled its determination that the debt is past-due and legally enforceable.

§ 1018.95 Board determination.

(a) Following review of the evidence, the Board will issue a written decision which will include the supporting rationale for the decision.

(b) If the Board either sustains or amends its determination, it shall notify the debtor of its intent to refer the debt to the IRS for offset against the debtor's Federal income tax refund. If the Board cancels its original determination, the debt will not be referred to IRS.

§ 1018.96 Stay of offset.

If the debtor timely notifies the Board that the debtor is exercising the right described in §1018.94(a) of this subpart, any notice to the IRS will be stayed until the issuance of a written decision which sustains or amends its original determination.

§ 1022.4 Cost-of living adjustments of civil monetary penalties.

(a) The inflation adjustment under § 1022.3 will initially be determined by increasing each maximum civil monetary penalty by the initial cost-of-living adjustment. Not later than January 15 of every year thereafter, the inflation adjustment will subsequently be determined by increasing the maximum civil monetary penalty for each civil monetary penalty by the cost-of-living adjustment. Any increase determined under this section shall be rounded to the nearest dollar.

(b) The cost-of-living adjustment required by the statute results in the following adjustments to the civil monetary penalties within the jurisdiction of the Board:

Parts 1030–1039—Carriers Subject to Part I, Interstate Commerce Act

PART 1033—CAR SERVICE

Sec.

1033.1 Car hire rates.

1033.2 Car service orders.

AUTHORITY: 49 U.S.C. 1321, 11121, 11122.

§ 1033.1 Car hire rates.

(a) Definitions applicable to this section:

(1) *Car*. A freight car bearing railroad reporting marks, other than an excluded boxcar as defined in § 1039.14(c)(2) of this chapter whenever it is owned or leased by any class III carrier and bears a class III carrier's reporting marks.

(2) *Car hire*. Compensation to be paid by a user to an owner for use of a car. Such compensation may include, but need not be limited to, hourly and mileage rates.

(3) *Fixed rate car.* Any car placed in service or rebuilt prior to January 1, 1993 or for which there was a written and binding contract to purchase, build, or rebuild prior to July 1, 1992, regardless of whether such car bore railroad reporting marks prior to January 1, 1993, provided, however, that until December 31, 1993, all cars shall be deemed to be fixed rate cars.

(4) *Market rate car.* Any car that is not a fixed rate car.

(5) *Owner.* A rail carrier entitled to receive car hire on cars bearing its reporting marks.

(6) *Prescribed rates.* The hourly and mileage rates in effect on December 31, 1990, as published in Association of American Railroads Circular No. OT-10 found in the information section of tariff STB RER 6411-U known as the Official Railway Equipment Register. This information can be obtained at the Association of American Railroads or the Board. Prescribed rates will be enhanced to reflect OT-37 surcharges and Rule 88 rebuilds for work undertaken and completed during 1991 and 1992, and for rebuilding work for which there was a written and binding contract prior to July 1, 1992.

(7) *User.* A rail carrier in possession of a car of which it is not the owner.

(b) *Fixed rate cars.* Car hire for fixed rate cars shall be determined as follows:

(1) Except as provided in paragraph (b)(3) of this section, for a 10-year period beginning January 1, 1993, the prescribed rates shall continue to apply to fixed rate cars without regard to the aging of such cars subsequent to December 31, 1990. Prescribed car hire rates shall not be increased for any additions and betterments performed on such cars after December 31, 1990. Any OT-37 surcharge to prescribed rates for work performed prior to January 1, 1993 shall expire upon the earlier of:

(i) The car becoming a market rate car; or

(ii) The expiration date provided in Association of American Railroads Circular No. OT-37.

(2) Upon termination of the 10-year period specified in paragraph (b)(1) of this section, all fixed rate cars shall be deemed to be market rate cars and

shall be governed by paragraph (c) of this section.

(3) (i) During each calendar year beginning January 1, 1994, a rail carrier may voluntarily elect to designate up to 10% of the cars in its fleet as of January 1, 1993 to be treated as market rate cars for the purposes of this section. The 10% limitation shall apply each calendar year and shall be non-cumulative. Cars designated to be treated as market rate cars shall be governed by paragraph (c) of this section. Such election shall be effective only in accordance with the following provisions:

(A) An election shall be irrevocable and binding as to the rail carrier making the election and all users and subsequent owners if:

(1) The rail carrier making the election has legal title to the car; or

(2) The rail carrier making the election does not have legal title to the car but obtains written consent for such election from the party holding legal title; or

(3) The transaction pursuant to which the party holding legal title to the car has furnished the car to the rail carrier making the election was entered into after January 1, 1991.

(B) An election shall be irrevocable and binding only for the term of the transaction pursuant to which the car was furnished to the rail carrier making the election as to that rail carrier and all users and subsequent owners if:

(1) That rail carrier does not have legal title to the car and does not obtain written consent or such election from the party holding legal title;

(2) The transaction was entered into prior to January 1, 1991; and

(3) The transaction does not provide that the compensation to be paid to the party furnishing the car is to be based in whole or in part directly on the car hire earnings of the car; provided, however, that if the rail carrier making the election subsequently obtains legal title to the car, such election shall then be irrevocable and binding as to the rail carrier and all users and subsequent owners.

(C) The party holding legal title to the car may revoke an election subject to the provisions of paragraph (b)(3)(i)(B) of this section only:

Surface Transportation Board

§ 1034.1

(1) At the time the transaction pursuant to which the car was furnished to the rail carrier making the election is first extended or renewed after January 1, 1991; or

(2) If such transaction is not extended or renewed, at the time such transaction terminates.

If such election is so revoked, a rail carrier may make a new election only with the written consent of the party holding legal title to the car, and such election shall be irrevocable and binding as to the rail carrier making the election and all users and subsequent owners.

(ii) Nothing in paragraph (b)(3)(i) of this section shall be construed to limit the rights of parties to any transaction to provide for the consent of any party to an election made pursuant to paragraph (b)(3)(i) of this section.

(c) *Market rate cars.* (1) Market rate cars shall not be subject to prescribed rates or to the provisions of 49 CFR 1039.14(c)(1) (i) and (ii) and (c)(4).

(2) (i) The Board shall not prescribe car hire for market rate cars.

(ii) The Code of Car Hire Rules referenced in the Association of American Railroads Car Service and Car Hire Agreement provides that owners and users party to that agreement shall resolve car hire disputes thereunder. The Board may review allegations of abuse of the car hire dispute resolution process established under those rules.

(iii) Car hire disputes involving an owner or user not a party to that agreement may be resolved by the Board.

(d) *Car hire agreements.* Rail carriers are authorized to negotiate and enter into agreements governing car hire.

(e) *Effective date.* This part shall take effect on January 1, 1994.

PART 1034—ROUTING OF TRAFFIC

AUTHORITY: 49 U.S.C. 1321, 11123.

§ 1034.1 Temporary authority.

(a) *Authority.* Any railroad subject to regulation under 49 U.S.C. 10501 may reasonably divert or reroute traffic to other carriers, if it is unable due to circumstances beyond its control promptly to transport traffic over a portion of its lines. Traffic necessarily diverted under this authority shall be rerouted to preserve as much as possible the participation and revenues of other carriers provided in the original routing. This authority may be exercised for no more than 30 days following the day on which the rerouting begins. If a carrier needs more than 30 days before its disability or the disability of a receiving carrier is cured, it may automatically extend its rerouting for additional 30-day periods. To extend the period, it must submit a written or electronic notice to the Association of American Railroads and the Board's Office of Public Assistance, Governmental Affairs, and Compliance explaining why the rerouting is necessary, when it began, when the disability occurred, why an extension is necessary, the specific lines disabled, the rerouting to be continued, which shippers are affected, and any other important facts.

(b) *Concurrence by carriers.* A railroad rerouting traffic must receive the concurrence of other railroads to which the traffic will be diverted or rerouted, before the rerouting or diversion begins. A rerouting carrier must also confirm the inability of a disabled receiving carrier to handle the traffic before rerouting that traffic. If the receiving carrier is no longer disabled, it must accept the traffic according to the routing originally designated.

(c) *Notice by rerouting carrier.* A rerouting carrier must notify the Board's Office of Public Assistance, Governmental Affairs, and Compliance, the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to car service and car hire agreements, and the American Short Line Railroad Association before the rerouting or diversion begins. The

originating carrier must notify each shipper at the time each shipment is rerouted or diverted and furnish to each shipper the rerouting, *except when the disability requiring the rerouting occurs after the movement has begun*. When a rerouting carrier submits to the Board a notice and explanation for an extension of the rerouting period, it must immediately also submit a copy of that notice and explanation to the AAR, the ASLRA and all shippers that have been affected or that the carrier believes will be affected or that request a copy.

(d) *Notice by AAR*. The AAR shall notify all carriers affected by rerouting or by an extension of a rerouting period, in a manner similar to that used for embargoes.

(e) *Applicable rates*. The rates applicable on shipments rerouted or diverted will be the rates applicable over the route originally designated at the time the shipments are tendered.

(f) *Divisions*. The carriers involved in the rerouting or diversion shall proceed even though no contracts, agreements, or arrangements exist between them at the time concerning the divisions of the rates applicable to the traffic. Divisions shall be, during the time the rerouting is in effect, those voluntarily agreed upon by the carriers.

APPENDIX B TO PART 1035—CONTRACT TERMS AND CONDITIONS

CONTRACT TERMS AND CONDITIONS

Sec. 1. (a) The carrier or party in possession of any of the property herein described shall be liable as at common law for any loss thereof or damage thereto, except as herein-after provided.

(b) No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto or delay caused by the act of God, the public enemy, the authority of law, or the act or default of the shipper or owner, or for natural shrinkage. The carrier's liability shall be that of warehouseman, only, for loss, damage, or delay caused by fire occurring after the expiration of the free time allowed by tariffs lawfully on file (such free time to be computed as therein provided) after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination, or tender of delivery of the property to the party entitled to receive it, has been made. Except in case of negligence of the carrier or party in possession (and the burden to prove freedom from such negligence shall be on the carrier or party in possession), the carrier or party in possession shall not be liable for loss, damage, or delay occurring while the property is stopped and held in transit upon the request of the shipper, owner, or party entitled to make such request, or resulting from a defect or vice in the property, or for country damage to cotton, or from riots or strikes.

(c) In case of quarantine the property may be discharged at risk and expense of owners into quarantine depot or elsewhere, as required by quarantine regulations or authorities, or for the carrier's dispatch at nearest available point in carrier's judgment, and in any such case carrier's responsibility shall cease when property is so discharged, or property may be returned by carrier at owner's expense to shipping point, earning freight both ways. Quarantine expenses of whatever nature or kind upon or in respect to property shall be borne by the owners of

the property or be a lien thereon. The carrier shall not be liable for loss or damage occasioned by fumigation or disinfection or other acts required or done by quarantine regulations or authorities even though the same may have been done by carrier's officers, agents, or employees, nor for detention, loss, or damage of any kind occasioned by quarantine or the enforcement thereof. No carrier shall be liable, except in case of negligence, for any mistake or inaccuracy in any information furnished by the carrier, its agents, or officers, as to quarantine laws or regulations. The shipper shall hold the carriers harmless from any expense they may incur, or damages they may be required to pay, by reason of the introduction of the property covered by this contract into any place against the quarantine laws or regulations in effect at such place.

Sec. 2. (a) No carrier is bound to transport said property by any particular train or vessel, or in time for any particular market or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination. In all cases not prohibited by law, where a lower value than actual value has been represented in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value plus freight charges if paid shall be the maximum amount to be recovered, whether or not such loss or damage occurs from negligence.

(b) As a condition precedent to recovery, claims must be filed in writing with the receiving or delivering carrier, or carrier issuing this bill of lading, or carrier on whose line the loss, damage, injury or delay occurred, within nine months after delivery of the property (or, in case of export traffic, within nine months after delivery at port of export) or, in case of failure to make delivery, then within nine months after a reasonable time for delivery has elapsed; and suits shall be instituted against any carrier only within two years and one day from the day

when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier hereunder shall be liable, and such claims will not be paid.

(c) Any carrier or party liable on account of loss of or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property, so far as this shall not avoid the policies or contracts of insurance: Provided, That the carrier reimburse the claimant for the premium paid thereon.

Sec. 3. Except where such service is required as the result of carrier's negligence, all property shall be subject to necessary cooerage and baling at owner's cost. Each carrier over whose route cotton or cotton linters is to be transported hereunder shall have the privilege, at its own cost and risk, of compressing the same for greater convenience in handling or forwarding, and shall not be held responsible for deviation or unavoidable delays in procuring such compression. Grain in bulk consigned to a point where there is a railroad, public or licensed elevator, may (unless otherwise expressly noted herein, and then if it is not promptly unloaded) be there delivered and placed with other grain of the same kind and grade without respect to ownership (and prompt notice thereof shall be given to the consignor), and if so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder.

Sec. 4. (a) Property not removed by the party entitled to receive it within the free time allowed by tariffs, lawfully on file (such free time to be computed as therein provided), after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination has been made, may be kept in vessel, car, depot, warehouse or place of delivery of the carrier, subject to the tariff charge for storage and to carrier's responsibility as warehouseman, only, or at the option of the carrier, may be removed to and stored in a public or licensed warehouse at the place of delivery or other available place, at the cost of the owner, and there held without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage.

(b) Where nonperishable property which has been transported to destination hereunder is refused by consignee or the party entitled to receive it, or said consignee or party entitled to receive it fails to receive it within 15 days after notice of arrival shall have been duly sent or given, the carrier may sell the same at public auction to the

highest bidder, at such place as may be designated by the carrier: Provided, That the carrier shall have first mailed, sent, or given to the consignor notice that the property has been refused or remains unclaimed, as the case may be, and that it will be subject to sale under the terms of the bill of lading if disposition be not arranged for, and shall have published notice containing a description of the property, the name of the party to whom consigned, or, if shipped order notify, the name of the party to be notified, and the time and place of sale, once a week for two successive weeks, in a newspaper of general circulation at the place of sale or nearest place where such newspaper is published: Provided, That 30 days shall have elapsed before publication of notice of sale after said notice that the property was refused or remains unclaimed was mailed, sent, or given.

(c) Where perishable property which has been transported hereunder to destination is refused by consignee or party entitled to receive it, or said consignee or party entitled to receive it shall fail to receive it promptly, the carrier, may, in its discretion, to prevent deterioration or further deterioration, sell the same to the best advantage at private or public sale: Provided, That if time serves for notification to the consignor or owner of the refusal of the property or the failure to receive it, and request for disposition of the property, such notification shall be given, in such manner as the exercise of due diligence requires, before the property is sold.

(d) Where the procedure provided for in the two paragraphs last preceding is not possible, it is agreed that nothing contained in said paragraphs shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law.

(e) The proceeds of any sale made under this section shall be applied by the carrier to the payment of freight, demurrage, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of caring for and maintaining the property, if proper care of the same requires special expense, and should there be a balance it shall be paid to the owner of the property sold hereunder.

(f) Property destined to or taken from a station, wharf, or landing at which there is no regularly appointed freight agent shall be entirely at risk of owner after unloaded from cars or vessels or until loaded into cars or vessels, and except in case of carrier's negligence, when received from or delivered to such stations, wharves, or landings shall be at owner's risk until the cars are attached to and after they are detached from locomotive or train or until loaded into and after unloaded from vessels.

Sec. 5. No carrier hereunder will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classifications or tariffs unless a special agreement to do so and a stipulated value of the articles are indorsed hereon.

Sec. 6. Every party, whether principal or agent, shipping explosives or dangerous goods, without previous full written disclosure to the carrier of their nature, shall be liable for and indemnify the carrier against all loss or damage caused by such goods, and such goods may be warehoused at owner's risk and expense or destroyed without compensation.

Sec. 7. The owner or consignee shall pay the freight and average, if any, and all other lawful charges accruing on said property; but, except in those instances where it may lawfully be authorized to do so, no carrier by railroad shall deliver or relinquish possession at destination of the property covered by this bill of lading until all tariff rates and charges thereon have been paid. The consignor shall be liable for the freight and all other lawful charges, except that if the consignor stipulates, by signature, in the space provided for that purpose on the face of this bill of lading that the carrier shall not make delivery without requiring payment of such charges and the carrier, contrary to such stipulation, shall make delivery without requiring such payment, the consignor (except as hereinafter provided) shall not be liable for such charges. Provided, that, where the carrier has been instructed by the shipper or consignor to deliver said property to a consignee other than the shipper or consignor, such consignee shall not be legally liable for transportation charges in respect of the transportation of said property (beyond those billed against him at the time of delivery for which he is otherwise liable) which may be found to be due after the property has been delivered to him, if the consignee (a) is an agent only and has no beneficial title in said property, and (b) prior to delivery of said property has notified the delivering carrier in writing of the fact of such agency and absence of beneficial title, and, in the case of a shipment reconsigning or diverted to a point other than that specified in the original bill of lading, has also notified the delivering carrier in writing of the name and address of the beneficial owner of said property; and, in such cases the shipper or consignor, or, in the case of a shipment so reconsigning or diverted, the beneficial owner, shall be liable for such additional charges. If the consignee has given to the carrier erroneous information as to who the beneficial owner is, such consignee shall himself be liable for such additional charges. On shipments reconsigning or diverted by an agent who has furnished the carrier in the reconsignment or diversion order with a no-

tice of agency and the proper name and address of the beneficial owner, and where such shipments are refused or abandoned at ultimate destination, the said beneficial owner shall be liable for all legally applicable charges in connection therewith. If the reconsignor or diverter has given to the carrier erroneous information as to who the beneficial owner is, such reconsignor or diverter shall himself be liable for all such charges.

If a shipper or consignor of a shipment of property (other than a prepaid shipment) is also the consignee named in the bill of lading and, prior to the time of delivery, notifies, in writing, a delivering carrier by railroad (a) to deliver such property at destination to another party, (b) that such party is the beneficial owner of such property, and (c) that delivery is to be made to such party only upon payment of all transportation charges in respect of the transportation of such property, and delivery is made by the carrier to such party without such payment, such shipper or consignor shall not be liable (as shipper, consignor, consignee, or otherwise) for such transportation charges but the party to whom delivery is so made shall in any event be liable for transportation charges billed against the property at the time of such delivery, and also for any additional charges which may be found to be due after delivery of the property, except that if such party prior to such delivery has notified in writing the delivering carrier that he is not the beneficial owner of the property, and has given in writing to such delivering carrier the name and address of such beneficial owner, such party shall not be liable for any additional charges which may be found to be due after delivery of the property; but if the party to whom delivery is made has given to the carrier erroneous information as to the beneficial owner, such party shall nevertheless be liable for such additional charges. If the shipper or consignor has given to the delivering carrier erroneous information as to who the beneficial owner is, such shipper or consignor shall himself be liable for such transportation charges, notwithstanding the foregoing provisions of this paragraph and irrespective of any provisions to the contrary in the bill of lading or in the contract of transportation under which the shipment was made. The term "delivering carrier" means the line-haul carrier making ultimate delivery.

Nothing herein shall limit the right of the carrier to require at time of shipment the prepayment or guarantee of the charges. If upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the freight charges must be paid upon the articles actually shipped.

Where delivery is made by a common carrier by water the foregoing provisions of this

Surface Transportation Board

Pt. 1037

section shall apply, except as may be inconsistent with part III of the Interstate Commerce Act.

Sec. 8. If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election of common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered a part of this bill of lading as fully as if the same were written or made in or in connection with this bill of lading.

Sec. 9. (a) If all or any part of said property is carried by water over any part of said route, and loss, damage or injury to said property occurs while the same is in the custody of a carrier by water the liability of such carrier shall be determined by the bill of lading of the carrier by water (this bill of lading being such bill of lading if the property is transported by such water carrier thereunder) and by and under the laws and regulations applicable to transportation by water. Such water carriage shall be performed subject to all the terms and provisions of, and all the exemptions from liability contained in the Act of Congress of the United States, approved on February 13, 1893, and entitled "An act relating to the navigation of vessels, etc." and of other statutes of the United States according carriers by water the protection of limited liability as well as the following subdivisions of this section: and to the conditions contained in this bill of lading not inconsistent with this section, when this bill of lading becomes the bill of lading of the carrier by water.

(b) No such carrier by water shall be liable for any loss or damage resulting from any fire happening to or on board the vessel, or from explosion, bursting of boilers or breakage of shafts, unless caused by the design or neglect of such carrier.

(c) If the owner shall have exercised due diligence in making the vessel in all respects seaworthy and properly manned, equipped and supplied, no such carrier shall be liable for any loss or damage resulting from the perils of the lakes, seas, or other waters, or from latent defects in hull, machinery, or appurtenances whether existing prior to, at the time of, or after sailing, or from collision, stranding, or other accidents of navigation, or from prolongation of the voyage. And, when for any reason it is necessary, any vessel carrying any or all of the property herein described shall be at liberty to call at any port or ports, in or out of the customary route, to tow and be towed, to transfer, trans-ship, or lighter, to load and discharge goods at any time, to assist vessels in distress, to deviate for the purpose of saving life or property, and for docking and repairs. Except in case of negligence such carrier shall not be responsible for any loss or damage to

property if it be necessary or is usual to carry the same upon deck.

(d) General Average shall be payable according to the York-Antwerp Rules of 1924, sections 1 to 15, inclusive, and sections 17 to 22, inclusive, and as to matters not covered thereby according to the laws and usages of the Port of New York. If the owners shall have exercised due diligence to make the vessel in all respects seaworthy and properly manned, equipped and supplied, it is hereby agreed that in case of danger, damage or disaster resulting from faults or errors in navigation, or in the management of the vessel, or from any latent or other defects in the vessel, her machinery or appurtenance, or from unseaworthiness, whether existing at the time of shipment or at the beginning of the voyage (provided the latent or other defects or the unseaworthiness was not discoverable by the exercise of due diligence), the shippers, consignees and/or owners of the cargo shall nevertheless pay salvage and any special charges incurred in respect of the cargo, and shall contribute with the shipowner in general average to the payment of any sacrifices, losses or expenses of a general average nature that may be made or incurred for the common benefit or to relieve the adventure from any common peril.

(e) If the property is being carried under a tariff which provides that any carrier or carriers party thereto shall be liable for loss from perils of the sea, then as to such carrier or carriers the provisions of this section shall be modified in accordance with the tariff provisions, which shall be regarded as incorporated into the conditions of this bill of lading.

(f) The term "water carriage" in this section shall not be construed as including lighterage in or across rivers, harbors, or lakes, when performed by or on behalf of rail carriers.

Sec. 10. Any alteration, addition, or erasure in this bill of lading which shall be made without the special notation hereon of the agent of the carrier issuing this bill of lading, shall be without effect, and this bill of lading shall be enforceable according to its original tenor.

PART 1037—BULK GRAIN AND GRAIN PRODUCTS—LOSS AND DAMAGE CLAIMS

Sec.

1037.1 Weights and weighing.

1037.2 Cars.

1037.3 Claims.

AUTHORITY: 49 U.S.C. 1321.

§ 1037.1

SOURCE: 40 FR 49342, Oct. 22, 1975, unless otherwise noted.

§ 1037.1 Weights and weighing.

(a) How determined—Accuracy of the weights used in determining the quantity of grain and grain products received for transportation by carriers and delivered by them to consignees being of primary and fundamental importance, the use of estimated weights based upon the cubical contents of the load and the test weight per bushel of the grain and grain products, or otherwise, will not be accepted. All shipments shall be carefully weighed by competent weighers upon scales that are known to be accurate within the limits of tolerance stated in scale specifications.

(b) Inspection of scales—Before weighing grain and grain products to and from cars, the scale and all other facilities to be used must be thoroughly inspected to ascertain whether they are in proper working condition, necessary adjustments or repairs, if any required, must be made, and an accurate and complete record thereof shall be entered at the time of inspection.

(c) Shipping weights—Where the shipper weighs the grain or grain products for shipment and a claim for loss and damage is subsequently filed on that shipment, the shipper shall furnish the carrier with whom the claim is filed certificates of weight showing car initials and number; the kind of grain or grain products; the total scale weight; the type and house number of the scale used; the number of drafts and weight of each draft; the date and time of weighing; whether the weight is official, board-of-trade, grain-exchange, State, or other supervised weight; and the number of grain doors used. This information should be furnished at the time the claim is filed.

(d) Destination weights—Where the consignee weighs a shipment of grain or grain products and a claim for loss and damage is subsequently filed on the shipment, the consignee shall furnish the carrier with whom the claim is filed certificates of weight showing the car initials and number; the kind of grain or grain products; the total scale weight; the type and house number of

49 CFR Ch. X (10–1–21 Edition)

the scale used; the number of drafts and weight of each draft, and the date and time of weighing; and whether the weight is official, board-of-trade, grain-exchange, State, or other supervised weight. This information should be furnished at the time the claim is filed.

(e) A difference in weights at origin and destination, both of which are based on supervised scales, establishes *prima facie* that the loss occurred in transit and that the railroad is liable. When a difference in weights is based in part on an unsupervised weight, which nevertheless, was accepted by the railroad as the basis for assessing freight charges, such unsupervised weight in combination with a supervised weight establishes *prima facie* that the loss occurred in transit and the railroad is liable. When a difference in weights is based in part on an unsupervised weight, with the above exception, a *prima facie* case of railroad liability for loss in transit has *not* been established. Such difference in weights is a factor, however, to be considered in connection with other evidence that a clear-record car arrived at destination with seals intact and unbroken or that the shipper made a written complaint that any car placed for loading was defective, in response to which the railroad filed a written report after investigation of the complaint. See paragraph (c) of § 1037.3.

§ 1037.2 Cars.

A car is not in suitable condition for the transportation of bulk grain and grain products when it is defective. The rules prescribed in this part 1037 apply on shipments transported solely in railroad-owned and railroad-leased cars.

[57 FR 54334, Nov. 18, 1992]

§ 1037.3 Claims.

(a) In computing the amount of the loss for which the carrier will pay there will be deducted from the gross amount of the ascertained actual loss one-fourth of 1 percent of the established loading weight to cover invisible loss and waste; provided, however, that where grain and grain products heat in transit and investigation shows that the invisible loss resulting therefrom exceeded one-fourth of 1 percent of

Surface Transportation Board

§ 1039.10

such other amount as may hereafter be fixed in the manner above stated, and that the carrier is not otherwise liable for said loss, then the ascertained actual amount of the invisible loss due to heating of the grain and grain products will be deducted.

(b) Where investigation discloses a defect in equipment, seal or seal record, or a transfer in transit by the carrier of a carload of bulk grain or grain products upon which the unloading weight is less than the loading weight and the shipper furnishes duly attested certificates showing the correctness of the claimed weight, and investigation fails to show that the discrepancy is due to defective scales or other shipper facilities, or to inaccurate weighing or other error at point of origin or destination, or to fraud, then the resulting claim will be adjusted subject to the deductions authorized in the immediately preceding paragraph (a) of this §1037.3; provided, however, that the clear record of either the carrier's or shippers' facilities shall not be interpreted as affecting or changing the burden of proof now lawfully resting upon either party. Therefore, movement in a clear-record car is not conclusive evidence of the fact that the car is not defective. It must be considered along with other evidence to determine liability. See paragraph (e) of §1037.1

(c) In case of a disputed claim, the records of both the carrier and the claimant affecting the shipment involved shall be available to both parties. These records shall include a written complaint, if any, filed by the shipper with the railroad at the time the car was placed for loading that the car was defective, and the written report of an investigation of the complaint, filed by the railroad with the shipper, if made.

§ 1039.13

Excluded from this exemption are any movements for which a finding of market dominance has been made. However, this exemption shall not be construed as affecting in any way the existing regulations, agreements, prescriptions, conditions, allowances or levels of compensation regarding the use of equipment, whether shipper or railroad owned or leased, including car hire, per diem and mileage allowances, and also including exemption from the anti-trust laws necessary to negotiate car service regulations or mandatory interchange of equipment or to maintain and execute such agreements. Nor shall this exemption be construed to affect existing Class III railroad “protections” in the case of boxcars. Consistent with the exemptions in §1039.10 and §1039.14, this exemption shall not apply to the regulation of demurrage, except the regulation of demurrage related to transportation that is subject to §1039.13.

(b) *Conditions.* Carriers must continue to comply with Board accounting and reporting requirements. All railroad tariffs pertaining to the transportation of these miscellaneous commodities will no longer apply. This exemption shall remain in effect, unless modified or revoked by a subsequent order of this Board.

[52 FR 23660, June 24, 1987]

§ 1039.14 Boxcar transportation exemptions and rules.

(a) The Rail transportation of all commodities in boxcars is exempt from the provisions of 49 U.S.C. subtitle IV except as otherwise provided in this section.

(b) The Board retains jurisdiction in the following areas:

- (1) Car hire and car service;
- (2) Mandatory interchange of equipment;

49 CFR Ch. X (10–1–21 Edition)

(3) Reciprocal switching or joint use of terminal facilities;

(4) Car supply;

(5) Freight car pooling agreements; and

(6) Freight rates applicable to boxcar traffic originating or terminating at an industry facility served physically by a Class III rail carrier, to the extent provided in paragraphs (c)(4) and (c)(5) of this section.

(c)(1) Except as provided in paragraph (c)(2) of this section, carriers are authorized to take the following actions with respect to boxcar equipment use:

(i) Assess charges for empty movement of cars where movements are made at the request of the car owner, the Association of American Railroads, or the Board. The empty mileage charge is subject to a maximum of 35 cents per mile, as adjusted for inflation or deflation using the rail cost adjustment factors published periodically by the Board in Ex Parte No. 290 (Sub-No. 2), *Railroad Cost Recovery Procedures*. In applying those factors, the figure of 35 cents will be treated as having been in effect on October 1, 1982.

(ii) Store empty cars and reclaim car hire payments beginning at the expiration of a 72-hour grace period after the car is made empty.

(iii) Negotiate bilateral agreements governing car hire rates, empty movements, and storage.

(2) The authorization in paragraphs (c)(1) (i) and (ii) of this section will not apply to excluded carriers, as defined in paragraph (c)(2)(i) of this section, nor will it apply to any boxcar which, on December 30, 1983, was owned or leased by a carrier which then would have qualified as an excluded carrier and which bears the reporting marks of an excluded carrier.

(i) An “excluded carrier” is a Class III carrier or a Class II carrier not affiliated with one or more Class I carriers. To be affiliated, the Class II carrier must be more than 50 percent owned by one or more Class I carriers.

(ii) The boxcar exclusion of paragraph (c)(2) of this section will apply:

(A) To an excluded boxcar whenever it is owned or leased by any Class III carrier and bears a Class III carrier’s reporting marks; and

Surface Transportation Board

§ 1039.14

(B) To an excluded boxcar owned or leased by an excluded Class II carrier beginning on October 16, 1986, and ending on October 31, 1990, so long as such boxcar has not been otherwise owned or leased by another carrier during this period.

(iii) The exclusion will not apply during any period in which an excluded boxcar is leased or assigned to a Class I or affiliated Class II carrier. If an excluded Class II carrier becomes a Class III carrier within the period under § 1039.14(c)(2)(ii)(B), that carrier will thereafter, for purposes of this rule, be treated as if it had been a Class III carrier on December 10, 1983.

(iv) Nothing in paragraph (c)(2) of this section will affect the right of any carrier to negotiate bilateral agreements governing car hire rates and rules.

(3) The hourly and mileage car hire rates in effect on January 1, 1985, as published in AAR Traffic Circular No. OT-10, for any boxcar excluded under paragraph (c)(2) of this section, will remain in effect without regard to the aging of such car subsequent to January 1, 1986, and any modification to the existing car hire formula will not apply to such cars. With respect to an excluded boxcar owned or leased by an excluded Class II carrier, those car hire rates shall remain in effect through October 31, 1990. Any improvements subsequent to January 1, 1985, to the excluded boxcars capitalized under OT-37 criteria or under rebuilt criteria will be subject to the same formula applicable to OT-37 or rebuilt cars under Ex Parte No. 334 or any other railroad car hire proceeding, including any efficiency ratio, if adopted. Any improvements or repairs subsequent to December 31, 1990, to the excluded boxcars performed under OT-37 criteria or under rebuilt criteria or any other criteria shall not result in any increases, additions, or surcharges in the car hire rates for such cars.

(4) No freight rate made effective after April 1, 1985, that applies to traffic moving by boxcar and originating or terminating at an industry facility served physically by a Class III rail carrier may discriminate while these rules are in effect on the basis of:

(i) The ownership of the boxcar used or the reporting marks any such boxcar bears;

(ii) The car hire rate applicable to the boxcar used; or

(iii) Any car hire discounts, in the form of reclaims or otherwise, available to any carriers with respect to the boxcar used.

Except as prohibited above, carriers may use car ownership or car marks for identification purposes when establishing rates.

(5) The provisions of 49 U.S.C. 10705 and 10705a applicable to joint rates and through routes will be effective as to rates and routes applicable to boxcar traffic originating or terminating at an industry facility served physically by a Class III rail carrier.

(6) The following carriers are not regarded as Class III or unaffiliated Class II carriers for the purpose of this section:

Central New York Railroad Corporation
Cooperstown and Charlotte Valley Railway Corporation
Fonda, Johnstown & Gloversville Railroad Corporation
Lackawaxen and Stourbridge Railroad Corporation
New York, Susquehanna & Western Railway Corporation
Rahway Valley Railroad Company
Staten Island Railway Corporation.

(d) Carriers must continue to comply with Board accounting and reporting requirements. Railroad tariffs pertaining to the exempted transportation of commodities in boxcars will no longer apply. Consistent with the exemptions in § 1039.10 and § 1039.11, this exemption shall not apply to the regulation of demurrage, except the regulation of demurrage related to transportation that is subject to § 1039.13. This exemption shall remain in effect, unless modified or revoked by a subsequent order of the Board.

§ 1039.16

§ 1039.16 Exemption of new highway trailers or containers.

The rail transportation of new highway trailers or containers (which is not otherwise exempt) is exempt from the provisions of 49 U.S.C. Subtitle IV, except that carriers must continue to comply with the Board's accounting and reporting requirements. This exemption will remain in effect unless modified or revoked by subsequent order of this Board.

[52 FR 17404, May 8, 1987]

§ 1039.17 Protective service contracts exemption.

Contracts for protective services against heat or cold, provided to or on behalf of rail carriers and express companies, are exempt from the requirements of 49 U.S.C. 11105. Nothing in this exemption shall be construed to affect our jurisdiction under section 10505 or our ability to enforce this decision or any subsequent decision made under authority of this exemption section. This exemption shall remain in effect, unless modified or revoked by a subsequent order of this Board.

[49 FR 19025, May 4, 1984]

§ 1039.20 Storage leases.

Storage leases for all equipment for all carriers are exempt from the provisions of 49 U.S.C. subtitle IV except for 49 U.S.C. 11123. Nothing in this exemption should be construed to affect our jurisdiction under section 10502 or our ability to enforce this decision or any subsequent decision made under authority of this exemption section. This exemption shall remain in effect, unless modified or revoked by a subsequent decision of this Board.

[51 FR 46675, Dec. 24, 1986, as amended at 69 FR 58365, Sept. 30, 2004]

§ 1039.22 Exemption of certain payments, services, and commitments from the Elkins Act and related provisions.

(a) Whenever a rail carrier:

(1) Provides payments or services for industrial development activities; or,

(2) Makes commitments regarding future transportation;

and reasonably determines that such payments, services or commitments

49 CFR Ch. X (10–1–21 Edition)

would not be eligible for inclusion in rail contracts under 49 U.S.C. 10709, such transaction(s) shall be exempt from 49 U.S.C. 13702(a), 13702(b)–(d), 11902, 11903, and 11904(a), subject to the conditions set forth in paragraphs (b) through (e) of this section.

(b) If any interested person(s) believes a transaction is eligible for inclusion in one or more contracts under 49 U.S.C. 10713, that person's exclusive remedy shall be to request the Board to so determine, and if the Board does so, the transaction shall no longer be exempted by this section commencing 60 days after the date of the Board's determination.

(c) Transactions that are exempt under paragraph (a) of this section shall be subject to all other applicable provisions of Title 49 U.S.C. Subtitle IV and to the antitrust laws to the extent that the activity does not fall within the Board's exclusive jurisdiction.

(d) For any actual movement of traffic, a carrier must file any required tariff or section 10713 contract, and conform to all other applicable provisions of the Interstate Commerce Act, but this paragraph shall not be interpreted to limit, revoke, or remove the effect of the exemption granted under paragraph (a) of this section with respect to any payments, services, or commitments made prior to the filing of the rate or contract.

(e) When any person files with the Board a petition to revoke the exemption granted by this section as to any specific transaction, the rail carrier shall have the burden of showing that, with respect to such transaction, all requirements of paragraph (a) of this section were met, and the carrier reasonably expected, before undertaking such payments, services or commitments, that such payments, services or commitments would result, within a reasonable time, in a contribution to the carrier's going concern value.

(f) This exemption shall remain in effect unless modified or revoked by a subsequent order of this Board.

§ 1090.3

Parts 1090–1099—Intermodal Transportation

PART 1090—PRACTICES OF CARRIERS INVOLVED IN THE INTERMODAL MOVEMENT OF CONTAINERIZED FREIGHT

Sec.

1090.1 Definition of TOFC/COFC service.

1090.2 Exemption of rail and highway TOFC/COFC service.

1090.3 Use of TOFC/COFC service by motor and water carriers.

AUTHORITY: 49 U.S.C. 1321.

§ 1090.1 Definition of TOFC/COFC service.

(a) Rail trailer-on-flatcar/container-on-flatcar (TOFC/COFC) service means the transportation by rail, in interstate or foreign commerce, of—

(1) Any freight-laden highway truck, trailer, or semitrailer,

(2) The freight-laden container portion of any highway truck, trailer, or semitrailer having a demountable chassis,

(3) Any freight-laden multimodal vehicle designed to operate both as a highway truck, trailer, or semitrailer and as a rail car,

(4) Any freight-laden intermodal container comparable in dimensions to a highway truck, trailer, or semitrailer and designed to be transported by more than one mode of transportation, or

(5) Any of the foregoing types of equipment when empty and being transported incidental to its previous or subsequent use in TOFC/COFC service.

(b) Highway TOFC/COFC service means the highway transportation, in interstate or foreign commerce, of any of the types of equipment listed in paragraph (a) of this section as part of a continuous intermodal movement that includes rail TOFC/COFC service, and during which the trailer or container is not unloaded.

[52 FR 23660, June 24, 1987]

§ 1090.2 Exemption of rail and highway TOFC/COFC service.

Except as provided in 49 U.S.C. 10502(e) and (g) and 13902, rail TOFC/COFC service and highway TOFC/COFC

service provided by a rail carrier either itself or jointly with a motor carrier as part of a continuous intermodal freight movement is exempt from the requirements of 49 U.S.C. subtitle IV, regardless of the type, affiliation, or ownership of the carrier performing the highway portion of the service. Motor carrier TOFC/COFC pickup and delivery services arranged independently with the shipper or receiver (or its representative/agent) and performed immediately before or after a TOFC/COFC movement provided by a rail carrier are similarly exempt. Tariffs heretofore applicable to any transportation service exempted by this section shall no longer apply to such service. The exemption does not apply to a motor carrier service in which a rail carrier participates only as the motor carrier's agent (Plan I TOFC/COFC), nor does the exemption operate to relieve any carrier of any obligation it would otherwise have, absent the exemption, with respect to providing contractual terms for liability and claims.

[54 FR 51746, Dec. 18, 1989, as amended at 81 FR 8852, Feb. 23, 2016]

§ 1090.3 Use of TOFC/COFC service by motor and water carriers.

(a) Except as otherwise prohibited by these rules, motor and water common and contract carriers may use rail TOFC/COFC service in the performance of all or any portion of their authorized service.

(b) Motor and water common carriers may use rail TOFC/COFC service only if their tariff publications give notice that such service may be used at their option, but that the right is reserved to the user of their services to direct that in any particular instance TOFC/COFC service not be used.

(c) Motor and water contract carriers may use rail TOFC/COFC service only if their transportation contracts and tariffs (for water carriers) make appropriate provisions therefor.

(d) Tariffs of motor and water common or water contract carriers providing for the use of rail TOFC/COFC service shall set forth the points between which TOFC/COFC service may be used.

[74 FR 52905, Oct. 15, 2009]

§ 1102.2 Procedures governing *ex parte* communications.

(a) *Definitions.* (1) “On-the-record proceeding” means any matter described in Sections 556–557 of the Administrative Procedure Act (5 U.S.C. 556–557) or any matter required by the Constitution, statute, Board rule, or by decision in the particular case, that is decided solely on the record made in a Board proceeding.

(2) “Informal rulemaking proceeding” means a proceeding to issue, amend, or repeal rules pursuant to 5 U.S.C. 553 and part 1110 of this chapter.

(3) “Covered proceedings” means on-the-record proceedings and informal rulemaking proceedings following the issuance of a notice of proposed rulemaking.

(4) “Person who intercedes in any proceeding” means any person, partnership, corporation, or association, private or public, outside of the Board which is neither a party nor party’s agent, that volunteers a communication that it has reason to know may advance or adversely affect the interest of a party or party’s agent in any proceeding before the Board.

(5) “Ex parte communication” means an oral or written communication that concerns the merits or substantive outcome of a pending proceeding; is made without notice to all parties and without an opportunity for all parties to be present; and could or is intended to influence anyone who participates or could reasonably be expected to participate in the decision.

(b) *Ex parte communications that are not prohibited and need not be disclosed.*

(1) Any communication that the Board formally rules may be made on an *ex parte* basis;

(2) Any communication occurring in informal rulemaking proceedings prior to the issuance of a notice of proposed rulemaking;

(3) Any communication of facts or contention which has general significance for a regulated industry if the communicator cannot reasonably be expected to have known that the facts or contentions are material to a substantive issue in a pending covered proceeding in which it is interested;

(4) Any communication by means of the news media that in the ordinary course of business of the publisher is intended to inform the general public, members of the organization involved, or subscribers to such publication with respect to pending covered proceedings;

(5) Any communications related solely to the preparation of documents necessary for the Board's implementation of the National Environmental Policy Act and related environmental laws, pursuant to part 1105 of this chapter;

(6) Any communication concerning judicial review of a matter that has already been decided by the Board made between parties to the litigation and the Board or Board staff who are involved in that litigation.

(c) *General prohibitions.* (1) Except to the extent permitted by the rules in this section, no party, counsel, agent of a party, or person who intercedes in any covered proceeding shall engage in any ex parte communication with any Board Member, hearing officer, or Board employee who participates, or who may reasonably be expected to participate, in the decision in the proceeding.

(2) No Board Member, hearing officer, or Board employee who participates, or is reasonably expected to participate, in the decision in a covered proceeding shall invite or knowingly entertain any ex parte communication or engage in any such communication to any party, counsel, agent of a party, or person reasonably expected to transmit the communication to a party or party's agent.

(d) *When prohibitions take effect.* In on-the-record proceedings, the prohibitions against ex parte communications apply from the date on which the first filing or Board decision in a proceeding is posted to the public docket by the Board, or when the person responsible for the communication has knowledge that such a filing has been filed, or at any time the Board, by rule or deci-

sion, specifies, whichever occurs first. In informal rulemaking proceedings, except as provided in paragraph (g) of this section, the prohibitions against ex parte communications apply following the issuance of a notice of proposed rulemaking. The prohibitions in covered proceedings continue until the proceeding is no longer subject to administrative reconsideration under 49 U.S.C. 1322(c) or judicial review.

(e) *Procedure required of Board Members and Board staff upon receipt of prohibited ex parte communications.* (1) Any Board Member, hearing officer, or Board employee who receives an ex parte communication not permitted by these regulations must promptly transmit either the written communication, or a written summary of the oral communication with an outline of the surrounding circumstances to the Chief, Section of Administration, Office of Proceedings, Surface Transportation Board. The Section Chief shall promptly place the written material or summary in the correspondence section of the public docket of the proceeding with a designation indicating that it is a prohibited ex parte communication that is not part of the decisional record.

The Designated Agency Ethics Official shall promptly reply to such requests. The Chief, Section of Administration, Office of Proceedings, shall promptly notify the Chairman of the Board of such ex parte communications sent to the Section Chief. The Designated Agency Ethics Official shall promptly notify the Chairman of all requests for rulings sent to the Designated Agency Ethics Official. The Chairman may require that any communication be placed in the correspondence section of the docket when fairness requires that it be made public, even if it is not a prohibited communication. The Chairman may direct the taking of such other action as may be appropriate under the circumstances.

Surface Transportation Board

§ 1102.2

(g) *Ex parte communications in informal rulemaking proceedings; disclosure requirements.* (1) Notwithstanding paragraph (c) of this section, *ex parte* communications with Board Members in informal rulemaking proceedings are permitted after the issuance of a notice of proposed rulemaking and until 20 days before the deadline for reply comments set forth in the notice of proposed rulemaking, unless otherwise specified by the Board in procedural orders governing the proceeding. The Board may delegate its participation in such *ex parte* communications to Board staff. All such *ex parte* communications must be disclosed in accordance with paragraph (g)(4) of this section. Any person who engages in such *ex parte* communications must comply with any schedule and additional instructions provided by the Board in the proceeding. (i) Any person who engages in *ex parte* communications in an informal rulemaking proceeding shall submit to the Board Member office or delegated Board staff with whom the meeting was held a memorandum that states the date and location of the communication; lists the names and titles of all persons who attended (including via phone or video) or otherwise participated in the meeting during which the *ex parte* communication occurred; and summarizes the data and arguments presented during the *ex parte* communication. Any written or electronic material shown or given to Board Members or Board staff during the meeting must be attached to the memorandum.

(ii) Memoranda must be sufficiently detailed to describe the substance of the presentation. Board Members or Board staff may ask presenters to resubmit memoranda that are not sufficiently detailed.

(iii) If a single meeting includes presentations from multiple parties, counsel, or persons, a single summary may be submitted so long as all presenters agree to the form and content of the summary.

(iv) If a memorandum, including any attachments, contains information that the presenter asserts is confidential, the presenter must submit a public version and a confidential version of the memorandum. If there is no existing protective order governing the proceeding, the presenter must, at the same time the presenter submits its public and redacted memoranda, file a request with the Board seeking such an order pursuant to § 1104.14 of this chapter.

(v) Memoranda must be submitted to the Board in the manner prescribed no later than two business days after the *ex parte* communication.

(vi) *Ex parte* memoranda submitted under this section will be posted on the Board's website in the docket for the informal rulemaking proceeding within five days of submission. If a presenter has requested confidential treatment

Subpart A—General Information

§ 1103.1 Register of practitioners.

The Board maintains a register containing the names of all non-attorneys entitled to practice before it. The register is maintained according to the individual non-attorney practitioner's name and not by corporate or firm name. Corporations and firms are not admitted or recognized as practitioners before the Board.

§ 1103.2 Attorneys-at-law—qualifications and requirements to practice before the Board.

Any person who is a member in good standing of the bar of the highest court of any State, Commonwealth, possession, territory, or the District of Columbia may represent persons before the Board.

§ 1103.3 Persons not attorneys-at-law—qualifications and requirements for practice before the Board.

(a) *In general.* Any citizen or resident of the United States, not an attorney-at-law, who files an application for admission to practice, accompanied by the payment of the fee prescribed by rule or order of the Board, and who

Surface Transportation Board

§ 1103.3

successfully completes the practitioners' examination, and shows that applicant possesses the necessary legal and technical qualifications to enable applicant to render valuable service before the Board and that applicant is competent to advise and assist in the presentation of matters before the Board, may be permitted to practice before the Board.

(b) *Qualifications standards.* A non-attorney applicant for admission to practice must meet one of the following requirements:

(1) An applicant must have completed 2 years (60 semester hours or 90 quarter hours) of post secondary education and must possess technical knowledge, training or experience in the field of transportation which is regarded by the Board as the equivalent of 2 additional years of college education;

(2) An applicant must have worked in the field of transportation for at least 10 years;

(3) An applicant must have received a bachelor's degree with at least 12 semester hours or 18 quarter hours in transportation or business; or

(4) An applicant must have received a bachelor's degree and worked in the field of transportation for at least one year. An applicant's statement of college education must be supported by a transcript of records attached to the original application. Transcripts from any college accredited by the U.S. Department of Education will be accepted without question. With all other institutions, the burden of proof is on the applicant to establish that the formal education satisfies the standards set forth above. The qualifications standards are intended as general guidelines. Individual situations that vary from the standards will continue to be evaluated on their own merits.

(c)(1) *Application for admission.* An application filed pursuant to this rule under oath for admission to practice shall be submitted between January and May 1 of the year in which the examination is to be taken. The application is to be completed in full on the form provided by the Board, and shall be addressed to the Director, Office of Public Assistance, Governmental Affairs, and Compliance, Surface Transportation Board, Washington, DC 20423-

0001, to the attention of the room number indicated on the form.

(2) *Certification.* All applicants must complete the following certification:

I, _____ (Name) _____, certify under penalty of perjury under the laws of the United States, that I have not been convicted, after September 1, 1989, of any Federal or State offense involving the distribution or possession of a controlled substance, or that if I have been so convicted, I am not ineligible to receive Federal Benefits, either by court order or operation of law, pursuant to 21 U.S.C. 862.

(d) *Application fee.* Each application filed pursuant to this rule must be accompanied by the non-refundable fee in the amount set forth in 49 CFR 1002.2(f)(99)(i). Payment must be made either by check, money order or credit card payable to the Surface Transportation Board. Cash payment will not be accepted.

(e) *Additional certification.* (1) When an application meets the required standards, a copy will be referred to the Association of Surface Transportation Board Practitioners for a report to the Board as to the reputation and character of the applicant. Inquiry also will be made by the Board of the sponsors as to their knowledge of the applicant's legal and technical qualifications as contemplated by the Board's Rules of Practice. If the Board is satisfied as to the applicant's qualifications, reputation and character, then applicant will be considered eligible to take the examination.

(2) The Board may require an applicant's sponsors to provide a detailed statement of the nature and extent of their knowledge of applicant's qualifications. Upon consideration of this material, if the Board is not satisfied as to the adequacy of applicant's qualifications, the applicant will be notified by registered mail. Applicant may then request a hearing to prove his qualifications. If applicant makes such a request, the Board will allow a hearing. In the absence of a request for a hearing within 20 days after receipt of the notice, the application will be considered withdrawn.

(f) *Scope of examination.* If applicant meets the educational and experience standards, and is found to be of good

§ 1103.4

49 CFR Ch. X (10–1–21 Edition)

character, the applicant will be permitted to take the examination. The examination tests the applicant's experience and knowledge of the principal regulations, laws, and economic principles in the field of transportation as well as knowledge of the Board's Rules of Practice and Canons of Ethics.

(g) *Time and place of examination.* The examination will be conducted once a year on the second Tuesday in July. Notice of the time and place to appear for the examination will be mailed to qualifying applicants approximately 30 days prior to the date of the examination.

(h) *Location of examination.* Examinations will be conducted at the Board's office in Washington, DC.

(i) *Cancellation of examination.* If the Board determines that there is an insufficient number of applicants to warrant conducting the examination, the Board will cancel the examination for that year. Notice of the cancellation will be mailed to applicants on or before June 15 and the application fee will be refunded. The Board will conduct the examination the next year following the cancellation of the examination.

(j) *Examination results.* Results will be released within 90 days after the examination. Individual results will be forwarded to the applicants at least 1 week before being publicly released. To protect the privacy of those taking the examination, individual grades will not be released over the telephone to anyone. Requests for grades may, however, be submitted in writing to the Office of Public Assistance, Governmental Affairs, and Compliance to the attention of the address stated in the application form.

(k) *Failure to appear for examination.* Applicants who have failed to appear for, or postponed taking an examination, a total of three times without showing good cause will have any subsequently filed application returned.

(l) *Failing or postponing the examination.* Applicants who fail the examination may reapply by submitting a request in writing with an additional filing fee in the amount set forth in 49 CFR 1002.2(f)(99)(i). Applicants who postpone taking the examination three

times without showing good cause will have their applications returned.

(m) The filing fee in the amount set forth in 49 CFR 1002.2(f)(99)(i) is not refundable.

(n) Any application resubmitted to the Board after being returned must be accompanied by a filing fee in the amount set forth in 49 CFR 1002.2(f)(99)(i).

(o) *Content and grading of examination.* A Board staff member is responsible, under the general supervision of the Vice Chairman, for the examination of non-attorney applicants, the preparation of examination questions, and the grading of examinations. The staff member is appointed by the Chairman, with the approval of the Board. The staff member must be an attorney and must have at least two years of experience with the Board.

(p) *Applicant's oath.* No applicant shall be admitted to practice before the Board until applicant shall subscribe to an oath or affirmation that applicant will conduct practice uprightly and according to the law, as a practitioner before the Board, and that applicant will support the Constitution of the United States and laws of the United States and will conform to the rules and regulations of the Board.

Practitioners shall file a declaration that they are authorized to represent the particular party on whose behalf they appear at the time of making an initial appearance, in all proceedings. This requirement can be met by:

(a) Entering the practitioner's name as the representative of an applicant in the appropriate space on an application form;

(b) Signing any complaint, petition, protest, reply or other pleading with a designation following the practitioner's signature that he is the representative of a party;

§ 1103.13

(d) Filing a letter with the Chief, Section of Administration, Office of Proceedings, Surface Transportation Board stating that practitioner is authorized to represent a party. § 1103.5 Discipline.

(a) A member of the Board's bar may be subject to suspension, disbarment, or other disciplinary action if it is shown that the practitioner:

(1) Has been suspended or disbarred from practice in any court of record;

(2) Violated any of the Board's rules including the Canons of Ethics set out in §§ 1103.10 through 1103.35; or

(3) Engaged in conduct unbecoming a member of the bar of the Board.

(b) The practitioner will be afforded an opportunity to show why he should not be suspended, disbarred, or otherwise disciplined. Upon the practitioner's timely response to the show cause order after any requested hearing, or upon failure to make a timely response to the show cause order, the Board shall issue an appropriate decision.

Subpart B—Canons of Ethics

§ 1103.10 Introduction.

The following canons of ethics are adopted as a general guide for those admitted to practice before the Surface Transportation Board. The practitioners before the Board include (a) lawyers, who have been regularly admitted to practice law and (b) others who have fulfilled the requirements set forth in § 1103.3. The former are bound by a broad code of ethics and unwritten rules of professional conduct which apply to every activity of a lawyer. The canons do not release the lawyer from any of the duties or principles of professional conduct by which lawyers are bound. They apply similarly to all practitioners before the Board, but do not negate the applicability of other ethical codes. The canons are organized under three headings, The Practi-

tioner's Duties and Responsibilities to the Board, The Practitioner's Duties and Responsibilities to the Client, The Practitioner's Duties and Responsibilities to Other Litigants, Witnesses and the Public.

THE PRACTITIONER'S DUTIES AND RESPONSIBILITIES TOWARD THE BOARD

§ 1103.11 Standards of ethical conduct in courts of the United States to be observed.

These canons further the purpose of the Board's Rules of Practice which direct all persons appearing in proceedings before it to conform, as nearly as possible, to the standards of ethical conduct required of practice before the courts of the United States. Such standards are taken as the basis for these specifications and are modified as the nature of the practice before the Board requires.

§ 1103.12 The practitioner's duty to and attitude toward the Board.

(a) It is the duty of the practitioner to maintain a respectful attitude toward the Board and for the importance of the functions it administers. In many respects the Board functions as a Court, and practitioners should regard themselves as officers of that Court and uphold its honor and dignity.

(b) It is the right and duty of the practitioner to submit grievances about a member or employee of the Board to the proper authorities when proper grounds for complaint exists. In such cases, charges should be encouraged and the person making them should be protected.

(c) It is the duty of the practitioner to be punctual in attendance, and to be concise and direct in the trial and disposition of causes.

§ 1103.13 Attempts to exert political or personal influence on the Board are prohibited.

(a) It is unethical for a practitioner to attempt to influence the judgment of the Board by threats of political or personal reprisal.

(b) Marked attention and unusual hospitality on the part of a practitioner to a Board Member, administrative law judge, or other representative of the Board, which is unwarranted by

§ 1103.14

the personal relationship of the parties, is subject to misconstruction of motive and should be avoided.

§ 1103.14 Private communications with the Board are prohibited.

To the extent that the Board acts in a quasi-judicial capacity, it is improper for litigants, directly or through any counsel or representative, to communicate privately with a Board Member, administrative law judge, or other representative of the Board about a pending case, or to argue privately the merits thereof in the absence of the adversaries or without notice to them. Practitioners at all times shall scrupulously refrain from going beyond *ex parte* representations which are clearly proper in view of the administrative work of the Board in their communication with the Board and its staff.

THE PRACTITIONER'S DUTIES AND RESPONSIBILITIES TOWARD A CLIENT

§ 1103.15 The practitioner's duty to clients, generally.

The practitioner shall be respectful of the law and its official ministers, and shall not be involved in corruption of public officials or deception of the public. In giving improper service or advice, the practitioner invites and deserves stern condemnation. The practitioner shall observe and advise all clients to observe the statutory law to the best of his knowledge or as interpreted by competent adjudication. The practitioner owes a general duty to practice candor toward his client with respect to all aspects to his service to the client.

§ 1103.16 Adverse influences and conflicting interests.

(a) At the time of the retainer, the practitioner shall disclose to the client all circumstances of his relations to the parties, and any interest in or connection with the case.

(b) It is unethical for a practitioner to represent conflicting interests, except by express consent of all concerned given after a full disclosure of the facts. Within the meaning of this section, a practitioner represents conflicting interest, when on behalf of one client, it is his duty to contend for that

49 CFR Ch. X (10–1–21 Edition)

which duty to another client requires him to oppose.

(c) The obligation to represent the client with undivided fidelity and not to divulge secrets or confidences forbids also the subsequent acceptance of retainers or employment from others in matters adversely affecting any interest of the client with respect to which confidence has been reposed.

[47 FR 49549, Nov. 1, 1982, as amended at 81 FR 8853, Feb. 23, 2016]

§ 1103.17 Joint association of practitioners and conflicts of opinion.

(a) A client's offer of the assistance of an additional practitioner should not be regarded as evidence of lack of confidence, but the matter should be left to the determination of the client. A practitioner shall decline association as colleague if it is objectionable to the practitioner first retained, but if the client should relieve the practitioner first retained, another may come into the case.

(b) When practitioners jointly associated in a case cannot agree as to any matter vital to the interest of the client the conflict of opinion should be frankly stated to the client for final determination. The client's decision should be accepted by them unless the nature of the difference makes it impracticable for the practitioner whose judgment has been overruled to cooperate effectively. In that event, it is the practitioner's duty to ask the client to relieve him of his obligation.

(c) It is the right of any practitioner to give proper advice to those seeking relief against an unfaithful or neglectful practitioner. The practitioner against whom the complaint is made should be notified of such action.

§ 1103.18 Withdrawal from employment.

The right of a practitioner to withdraw from employment, once begun, arises only from good cause. The desire or consent of the client is not always sufficient cause for withdrawal. The practitioner shall not abandon the unfinished task to the detriment of the client except for reasons of honor, or the client's persistence over the practitioner's remonstrance in presenting

Surface Transportation Board

§ 1103.20

frivolous defenses, or the client's deliberate disregard of an obligation as to fees or expenses. In these cases, the practitioner may be warranted in withdrawing after due notice to the client with time allowed for the employment of another practitioner. Other reasons for withdrawal might include instances in which a practitioner discovers that his client has no cause and the client is determined to continue the cause, or the practitioner's own inability to conduct a case effectively. Upon withdrawing from a case, the practitioner shall refund any part of a retainer which clearly has not been earned.

§ 1103.19 Advising upon the merits of a client's cause.

A practitioner shall try to obtain full knowledge of his client's cause before advising thereon. The practitioner shall give a candid opinion of the merits and probable result of bringing the case or of any related pending or contemplated litigation. The practitioner shall beware of bold and confident assurances to clients, especially where employment may depend upon such assurances. Whenever a fair settlement can be reached, the client shall be advised to avoid or to end litigation.

§ 1103.20 Practitioner's fees and related practices.

(a) *Establishing fees.* In establishing fees, a practitioner shall avoid charges which overestimate the value of his advice and services. A client's ability to pay cannot justify a charge in excess of the value of the service although a client's poverty may require a lesser charge or even no charge at all. Publicly quoted fees should be adhered to when actual charges are made. Practitioners are bound to charge no more than the quoted rates for 30 days following the date of their quotations unless a different period of time for the effectiveness of such rates is clearly specified when quoted, or unless permission to charge a higher rate is obtained from the Vice Chairman of the Board.

(b) *Compensation, commission, and rebates.* A practitioner shall accept no compensation, commission, rebates, or other advantages from the parties in a proceeding other than his client with-

out the knowledge and consent of his client after full disclosure.

(c) *Contingent fees.* Contingent fees should be only those sanctioned by law. In no case, except a charity case, should fees be entirely contingent upon success.

(d) *Division of fees.* Fees for services should be divided only with another member of the bar of practitioners and should be based upon a division of service or responsibility. It is unethical for a practitioner to retain laymen to solicit his employment in pending or prospective cases, and to reward them by a share of the fees. Such a practice cannot be too severely condemned.

(e) *Suing clients for fees.* Controversies with clients concerning compensation are to be entered into only insofar as they are compatible with self-respect and with the right to receive reasonable compensation for services. Lawsuits against clients should be resorted to only to prevent injustice, imposition or fraud.

(f) *Acquiring interest in litigation.* The practitioner shall not purchase or otherwise acquire any pecuniary interest in the subject matter of litigation which the practitioner is conducting.

(g) *Expenses.* A practitioner may not properly agree with a client that the practitioner shall pay or bear the expenses of litigation. He may in good faith advance expenses as a matter of convenience but must do so subject to reimbursement by the client. A practitioner shall bill and collect from a client, and thereafter retain only such payments and reimbursements for expenses as have actually been incurred on behalf of the client.

(h) *Witnesses' compensation.* Compensation of a witness is not to be made contingent on the success of a case in which the witness is called.

(i) *Dealing with trust property.* Money of the client or other trust property coming into the possession of the practitioner should be reported promptly, and, except with the client's knowledge and consent, should not be commingled with the practitioner's private property or be put to the practitioner's private use.

[47 FR 49549, Nov. 1, 1982, as amended at 81 FR 8853, Feb. 23, 2016]

§ 1103.21

§ 1103.21 How far a practitioner may go in supporting a client's cause.

A practitioner shall put forth his best effort to maintain and defend the rights of his client. Fear of disfavor of the Board or public unpopularity should not cause a practitioner to refrain from the full discharge of his duty. The client is entitled to the benefit of any and every remedy and defense authorized by law. The client may expect his counsel to assert every such remedy or defense. However, the practitioner shall act within the bounds of the law. A practitioner shall not violate the law or be involved in any manner of fraud or chicanery for any client.

§ 1103.22 Restraining clients from improprieties.

A practitioner should see that his clients act with the same restraint that the practitioner himself uses, particularly with reference to the client's conduct toward the Board, fellow practitioners, witnesses and other litigants. If a client persists in improper conduct, the practitioner should terminate their relationship.

§ 1103.23 Confidences of a client.

(a) The practitioner's duty to preserve his client's confidence outlasts the practitioner's employment by the client, and this duty extends to the practitioner's employees as well. Neither practitioner nor his employees shall accept employment which involves the disclosure or use of a client's confidences without knowledge and consent of the client even though there are other available sources of information. A practitioner shall not continue employment when he discovers that this obligation presents a conflict in his duty between the former and the new client.

(b) If a practitioner is falsely accused by his client, he is not precluded from disclosing the truth in respect to the false accusation. The announced intention of a client to commit a crime is not included in the confidence which a practitioner is bound to respect. The practitioner may properly make such disclosures to prevent the act or protect those against whom that is threatened.

49 CFR Ch. X (10-1-21 Edition)

THE PRACTITIONER'S DUTIES AND RESPONSIBILITIES REGARDING WITNESSES, OTHER LITIGANTS AND THE PUBLIC

§ 1103.24 Use of adverse witnesses.

A practitioner shall not be deterred from seeking information from a witness connected with or reputed to be biased in favor of an adverse party, if the ascertainment of the truth requires that such a person be called as a witness in a proceeding.

§ 1103.25 Treatment of witnesses, litigants and other counsel.

(a) A practitioner shall always treat adverse witnesses and other litigants with fairness and due consideration. He should never minister to the prejudice of a client in a trial or conduct in a cause. The client has no right to demand that the practitioner representing him abuse the opposing party or indulge in offensive personal attacks.

(b) A practitioner shall not attempt to obstruct Board investigations or corruptly to influence witnesses and potential witnesses during an investigation.

(c) In conducting a case it is improper for a practitioner to allude to the personal history or the personal peculiarities or idiosyncracies of practitioners on the other side, or otherwise engage in personal abuse of other practitioners.

§ 1103.26 Discussion of pending litigation in the public press.

Attempts to influence the action and attitude of the members and administrative law judges of the Board through propaganda or through colored or distorted articles in the public press, should be avoided. However, it is not against the public interest or unfair to the Board if the facts of pending litigation are made known to the public through the press in a fair and unbiased manner and in dispassionate terms. When the circumstances of a particular case appear to justify a statement to the public through the press, it is unethical to make it anonymously.

Surface Transportation Board

§ 1103.29

§ 1103.27 Candor and fairness in dealing with other litigants.

(a) The conduct of practitioners before the Board and with other practitioners should be characterized by candor and fairness. The practitioner shall observe scrupulously the principles of fair dealing and just consideration for the rights of others.

(b) It is not candid or fair for a practitioner knowingly to misstate or misquote the contents of a paper, the testimony of a witness, the language or the argument of an opposing practitioner, or the language or effect of a decision or a text book; or, with knowledge of its invalidity to cite as authority a decision which has been overruled or otherwise impaired as a precedent or a statute which has been repealed; or in argument to assert as a fact that which has not been proved, or to mislead his opponent by concealing or withholding positions in his opening argument upon which his side then intends to rely.

(c) It is dishonorable to deal other than candidly with the facts in taking the statements of witnesses, in drawing affidavits and other documents, and in the presentation of cases.

(d) A practitioner shall not offer evidence which he knows the Board should reject, in order to get the same before the Board by argument for its admissibility, or arguments upon any point not properly calling for determination. He shall not introduce into an argument remarks or statements intended to influence the bystanders.

(e) A practitioner shall rely on his judgment concerning matters incidental to the trial which may, in some cases, affect the proceeding. For example, a practitioner should not force a matter to trial when there is affliction or bereavement on the part of the opposing practitioner if no harm will come from postponing the proceeding.

(f) A practitioner shall not ignore known customs or practice of the Board, even when the law permits, without giving timely notice to the opposing practitioner.

(g) Insofar as is possible, important agreements affecting the rights of the clients should be made in writing. It is, however, dishonorable to avoid per-

formance of an agreement fairly made only because it is not made in writing.

§ 1103.28 Negotiations with opposing party.

A practitioner shall not in any way communicate upon the subject of controversy with a party represented by another practitioner except upon express agreement with the practitioner representing such party. He shall not negotiate or make compromises with the other party, but shall deal only with the opposing practitioner. The practitioner shall avoid everything that may tend to mislead a party not represented by a practitioner and should not advise that party as to the law.

§ 1103.29 Public communication and solicitation.

(a) A practitioner shall not make any public communication or solicitation for employment containing a false, fraudulent, misleading, or deceptive statement or claim. This prohibition includes, but is not limited to:

(1) The use of statements containing a material misrepresentation of fact or omission of a material fact necessary to keep the statement from being misleading;

(2) Statements intended or likely to create an unjustifiable expectation; statements of fee information which are not complete and accurate;

(3) Statements containing information on past performance or prediction of future success;

(4) Statements of prior Board employment outside the context of biographical information; statements containing a testimonial about or endorsement of a practitioner;

(5) Statements containing an opinion as to the quality of a practitioner's services, or statements intended or likely to attract clients by the use of showmanship, puffery, or self-laudation, including the use of slogans, jingles, or sensational language or format.

(b) A practitioner shall not solicit a potential client who has given the practitioner adequate notice that he does not want to receive communications from the practitioner, nor shall a

§ 1103.30

practitioner make a solicitation which involves the use of undue influence.

(c) A practitioner shall not solicit a potential client who is apparently in a physical or mental condition which would make it unlikely that he could exercise reasonable, considered judgment as to the selection of a practitioner.

(d) A practitioner shall not pay or otherwise assist any other person who is not also a practitioner and a member or associate of the same firm to solicit employment for the practitioner.

(e) If a public communication is to be made through use of radio or television, it must be prerecorded and approved for broadcast by the practitioner. A recording of the actual transmission must be retained by the practitioner for a period of 1 year after the date of the final transmission.

(f) A paid advertisement must be identified as such unless it is apparent from the context that it is a paid advertisement.

(g) A practitioner shall not compensate or give anything of value to a representative of any communication medium in anticipation of or in return for professional publicity in a news item.

§ 1103.30 Acceptance of employment.

(a) The practitioner must decline to conduct a case or to make a defense when convinced that it is intended merely to harass or to injure the opposing party, or to work oppression or wrong. Otherwise, it is the practitioner's right, and having accepted retainer, it becomes the practitioner's duty, to insist upon the judgment of the Board as to the merits of the client's claim. The practitioner's acceptance of a case is equivalent to the assertion that the client's case is proper for determination.

(b) No practitioner is obliged to act either as adviser or advocate for every potential client. The practitioner has the right to decline employment. Every practitioner shall decide what employment he will accept, what cases he will bring before the Board for complainants, or contest for defendants or respondents.

49 CFR Ch. X (10–1–21 Edition)

§ 1103.31 Responsibility for litigation.

The practitioner bears the responsibility for advising as to questionable transactions, bringing questionable proceedings, or urging questionable defenses. Client's instructions cannot be used as an excuse for questionable practices.

§ 1103.32 Discovery of imposition and deception and duty to report corrupt or dishonest conduct.

(a) The practitioner, upon detecting fraud or deception practiced against the Board or a party in a case, shall make every effort to rectify the practice by advising his client to forgo any unjustly earned advantage. If such advice is refused, the practitioner should inform the injured party or that party's practitioner so that appropriate steps may be taken.

(b) Practitioners shall expose without fear or favor before the proper tribunals any corrupt or dishonest conduct and should accept without hesitation employment against a practitioner who has wronged his client. The practitioner upon the trial of a case in which perjury has been committed owes it to the Board and to the public to bring the matter to the knowledge of the prosecuting authorities.

§ 1103.33 Responsibility when proposing a person for admission to practice before the Board.

The practitioner shall aid in guarding the bar of the Board against admission of candidates unfit or unqualified because deficient in either moral character or qualification. A practitioner shall propose no person for admission to practice before the Board unless from personal knowledge or after reasonable inquiry he sincerely believes and is able to vouch that such person possesses the qualifications prescribed in § 1103.3.

§ 1103.34 Intermediaries.

(a) The services of a practitioner should not be controlled or exploited by any lay agency, personal or corporate, which intervenes between client and practitioner. The responsibility and qualifications of the practitioner are individual. The practitioner shall avoid all relations which direct

Surface Transportation Board

§ 1104.1

the performance of his duties in the interest of such intermediaries. The practitioner's relationship and responsibility to the client should be direct.

(b) The practitioner may accept employment from any organization (such as an association, club or trade organization) authorized by law to be a party to proceedings before the Board, to render services in such proceedings in any matter in which the organization, as an entity, is interested. This employment should only include the rendering of such services to the members of the organization in respect to the individual affairs as are consistent with the free and faithful performance of his duties to the Board.

(c) Nothing in this canon shall be construed as conflicting with § 1103.20(d).

§ 1103.35 Partnership or professional corporation names and titles.

In the formation of a partnership or professional corporation among practitioners care should be taken to avoid any misleading name or representation which would create a false impression as to the position or privileges of a member not duly authorized to practice. No person should be held as a practitioner who is not duly qualified under § 1103.2 or § 1103.3 of these rules. No person who is not duly admitted to practice should be held out in a way which will give the impression that he is so admitted. No false or assumed or trade name should be used to disguise the practitioner or his partnership or professional corporation.

§ 1104.1 Address, identification, and electronic filing option.

(a) Except as provided in § 1115.7, pleadings should be addressed to the "Chief, Section of Administration, Office of Proceedings, Surface Transportation Board, Washington, DC 20423-0001," and should designate the docket number and title of the proceeding, if known.

(b) The address of the person filing the pleading should be included on the first page of the pleading.

(c) All envelopes in which a pleading is being submitted should be marked in the lower left hand corner with the docket number, if known, (not the full title) and the pleading type.

(d) All multi-volume pleadings must be sequentially numbered on the cover of each volume to indicate the volume number of the pleading and the total number of volumes filed (e.g., the first volume in a 4-volume set should be labeled "volume 1 of 4," the second volume "volume 2 of 4" and so forth).

(e) Unless otherwise directed by the Board, persons filing pleadings and documents with the Board have the option of electronically filing (e-filing) pleadings and documents instead of filing paper copies. Details regarding file size limitations, permissible formats, procedures to be followed, acceptable signature formats, and other pertinent information are available on the Board's website, www.stb.gov. If the e-filing option is chosen, then the applicable requirements will be those specified on the Board's website, and any requirements of this part that specifically apply to filing of paper copies will not apply to the e-filed pleadings and documents (these requirements include, but are not limited to, stapling or binding

§ 1104.2

specifications, signature “in ink,” etc.). Persons are not required to e-file and may continue to use the Board’s processes for filing paper copies.

§ 1104.2 Document specifications.

(a) Documents, except electronic filings, filed with the Board must be on white paper not larger than 8½ by 11 inches, including any tables, charts, or other documents that may be included. Ink must be dark enough to provide substantial contrast for scanning and photographic reproduction. Text must be double-spaced (except for footnotes and long quotations, which may be single-spaced), using type not smaller than 12 point. Printing may appear only on one side of the paper for original documents, but copies of filings may be printed on both sides of the paper.

(b) In order to facilitate automated processing in document sheet feeders, original documents of more than one page may not be bound in any permanent form (no metal, plastic, or adhesive staples or binders) but must be held together with removable metal clips or similar retainers. Original documents may not include divider tabs, but copies must if workpapers or expert witness testimony are submitted. All pages of original documents, and each side of pages that are printed on both sides, must be paginated continuously, including cover letters and attachments. Where, as a result of assembly processes, such pagination is impractical, documents may be numbered within the logical sequences of volumes or sections that make up the filing and need not be renumbered to maintain a single numbering sequence throughout the entire filing.

(c) Some filings or portions of filings will not conform to the standard paper specifications set forth in paragraph (a) of this section and may not be scannable. For example, electronic spreadsheets are not susceptible to scanning, but oversized documents, such as oversized maps and blueprints, may or may not be scannable. Filings that are not

scannable will be referenced on-line and made available to the public at the Board’s offices. If parties file oversized paper documents, they are encouraged to file, in addition to the oversized documents, representations of them that fit on the standard paper, either through reductions in size that do not undermine legibility, or through division of the oversized whole into multiple sequential pages. The standard paper representations must be identified and placed immediately behind the oversized documents they represent.

(d) Color printing may not be used for textual submissions. Use of color in filings is limited to images such as graphs, maps and photographs. To facilitate automated processing of color pages, color pages may not be inserted among pages containing text, but may be filed only as appendices or attachments to filings. Also, the original of any filing that includes color images must bear an obvious notation, on the cover sheet, that the filing contains color.

§ 1104.3 Paper filings, electronic submissions, and copies.

(a) The executed original of a paper pleading or document permitted or required to be filed under this subchapter, including correspondence, must be furnished for the use of the Board. Textual submissions of 20 or more pages must be accompanied by an electronic version. Details regarding electronic submissions, including evidence, workpapers, and other pertinent information are available on the Board’s website, www.stb.gov.

(b) The Board may, at its discretion, request paper copies of a pleading, document, or paper filed or e-filed with the Board. Any such copies must be clear and legible. Appropriate notes or other indications shall be used so that matters shown in color on the original, but in black and white on copies, will be accurately identified on all copies.

§ 1104.4 Attestation and verification.

(a) *Signature of attorney or practitioner.* If a party is represented by a

practitioner or an attorney, the original of each paper filed should be signed in ink by the practitioner or attorney, whose address should be stated. The signature of a practitioner or attorney constitutes a certification that the representative:

- (1) Has read the pleading, document or paper;
- (2) Is authorized to file it;
- (3) Believes that there is good ground for the document;
- (4) Has not interposed the document for delay;

A pleading, document or paper thus signed need not be verified or accompanied by affidavit unless required elsewhere in these rules.

(b) *Signature by one not authorized to represent others before the Board.* The original of each document not signed by a practitioner or attorney must be:

- (1) Signed in ink;
- (2) Accompanied by the signer's address; and
- (3) Verified, if it contains allegations of fact, under oath by the person, in whose behalf it is filed, or by a duly authorized officer of the corporation in whose behalf it is filed. If the pleading is a complaint, at least one complainant must sign and verify the pleading.

§ 1104.5 Affirmation or declarations under penalty of perjury in accordance with 18 U.S.C. 1621 in lieu of oath.

(a) An affirmation will be accepted in lieu of an oath.

(b) Whenever any rule of this Board requires or permits matter to be supported, evidenced, established, or proved by sworn declaration, verification, certificate, statement, oath, or affidavit, in writing of the person making the same (other than a deposition, oath of office, or an oath required to be taken before a special official other than a notary public), such matter may, with like force and effect, be supported, evidenced, established, or proven by the unsworn declaration, certificate, verification, or statement, in writing of such person which is subscribed by him, as true under penalty of perjury and dated, in the following form:

I _____, declare (certify, verify, or state) under penalty of perjury ("under the laws of the United States," if executed outside of the United States) that the foregoing is true and correct. Further, I certify that I am qualified and authorized to file this (specify type of document). Executed on (date).

§ 1104.6 Timely filing required.

Documents must be received for filing at the Board's offices in Washington, DC within the time limits set for filing. The date of receipt at the Board, and not the date of deposit in the mail, determines the timeliness of filing. However, if a document is mailed by United States express mail, postmarked at least one day prior to the due date, it will be accepted as timely. Other express mail, received by the private express mail carrier at least one day prior to the due date, also will be accepted as timely filed. The term express mail means that the carrier or delivery service offers next day delivery to Washington, DC. If the e-filing option is chosen (for those pleadings and documents that are appropriate for e-filing, as determined by reference to the information on the Board's Web site), then the e-filed pleading or document is timely filed if the e-filing process is completed before 11:59 p.m. eastern time on the due date.

§ 1104.7 Computation and extension of time.

(a) *Computation.* In computing any period of time, the day of the act, event, or default upon which the designated period of time begins to run is not included. The last day of the period is included unless it is Saturday, Sunday, or a legal holiday in the District

§ 1104.8

of Columbia, in which event the period runs until the end of the next day which is not a Saturday, Sunday or holiday. This rule applies to forward and backward measurement of time.

(b) *Extensions.* Any time period, except those provided by law or specified in these rules respecting informal complaints seeking damage may be extended by the Board in its discretion, upon request and for good cause. Requests for extensions must be served on all parties of record at the same time and by the same means as service is made on the Board, except if service is made on the Board in person and personal service on other parties is not feasible, service on other parties should be made by first class or express mail. A request for an extension must be filed not less than 10 days before the due date. Only the original of the request and certificate of service need be filed with the Board. If granted, the party making the request should promptly notify all parties to the proceeding of the extension and so certify to the Board, except that this notification is not required in rulemaking proceedings.

(c) *Exception to time computation rules.* See 49 CFR part 1152 for special abandonment rules.

§ 1104.12 Service of pleadings, papers, and decisions.

(a) *Generally.* Every document filed with the Board should include a certificate showing simultaneous service upon all parties to the proceeding. Service on the parties should be by the same method and class of service used in serving the Board, with charges, if any, prepaid. One copy should be served on each party. If service is made on the Board in person, and personal service on other parties is not feasible, service should be made by first-class or express mail. If a document is filed with the Board through the e-filing process, a copy of the e-filed document should be emailed to other parties if that means of service is acceptable to those other parties, or a paper copy of the document should be personally served on the other parties, but if email is not acceptable to the receiving party and personal service is not feasible, service of a paper copy should be by first-class or express mail. When a party is represented by a practitioner or attorney, service upon the practitioner is deemed to be service upon the party. If a document is filed with the Board through the e-filing process, a copy of the e-filed document should be emailed to other parties, or a paper copy of the document should be personally served on the other parties, but if neither email nor personal service is feasible, service of a paper copy should be by first-class or express mail.

(b) *Exceptions.* Copies of letters to the Board relating to oral argument under part 1116, and subpoenas under § 1113.2, need not be served on other parties of the proceeding. Service of comments in rulemaking proceedings is not required, unless specifically directed by the Board.

(c) *Sample Certificate of Service.*

(d) *Service by the Board.* Service of decisions and other Board issuances as appropriate generally will be made by electronic means (e-service), except in the case of paper filers that have not consented to e-service, in which case service upon that recipient will be made by first-class mail. Paper filers that include email contact information on their filing and do not opt out of e-service via written notification will be deemed to have consented to e-service.

§ 1104.14 Protective orders to maintain confidentiality.

(a) *Segregation of confidential material.* A party submitting materials which it believes are entitled to be kept confidential and not made part of the public docket should submit these materials as a separate package, clearly marked on the outside “Confidential materials subject to a request for a protective order.” When confidential documents are filed, redacted versions must also be filed.

(b) *Requests for protective orders.* A request that materials submitted to the Board be kept confidential should be

submitted as a separate pleading and clearly headed “Motion for protective order.”

(c) *Requests for protective orders in stand-alone cost and simplified standards cases.* A motion for protective order in stand-alone cost and simplified standards cases shall specify that evidentiary submissions will designate confidential material within single braces (*i.e.*, {X}), highly confidential material within double braces (*i.e.*, {{Y}}), and sensitive security information within triple braces (*i.e.*, {{{Z}}}). In stand-alone cost cases, the motion for protective order shall be filed together with the notice pursuant to 49 CFR 1111.1.

SOURCE: 56 FR 36105, July 31, 1991, unless otherwise noted.

§ 1105.1 Purpose.

These rules are designed to assure adequate consideration of environmental and energy factors in the Board's decisionmaking process pursuant to the National Environmental Policy Act, 42 U.S.C. 4332; the Energy Policy and Conservation Act, 42 U.S.C. 6362(b); and related laws, including the National Historic Preservation Act, 16 U.S.C. 470f, the Coastal Zone Management Act, 16 U.S.C. 1451, and the Endangered Species Act, 16 U.S.C. 1531.

§ 1105.2 Responsibility for administration of these rules.

The Director of the Office of Environmental Analysis is delegated the authority to sign, on behalf of the Board, memoranda of agreement entered into pursuant to 36 CFR 800.5(e)(4) regarding historic preservation matters. The Director of the Office of Environmental Analysis is responsible for the preparation of documents under these rules and is delegated the authority to provide interpretations of the Board's National Environmental Policy Act (NEPA) process, to render initial decisions on requests for waiver or modification of any of these rules for individual proceedings, and to recommend rejection of environmental reports not in compliance with these rules. This delegated authority shall be used only in a manner consistent with Board pol-

icy. Appeals to the Board will be available as a matter of right.

[81 FR 8853, Feb. 23, 2016]

§ 1105.3 Information and assistance.

Information and assistance regarding the rules and the Board's environmental and historic review process is available by writing or calling the Office of Environmental Analysis.

[81 FR 8853, Feb. 23, 2016]

§ 1105.4 Definitions.

In addition to the definitions contained in the regulations of the Council on Environmental Quality (40 CFR part 1508), the following definitions apply to these regulations:

(a) *Act* means the Interstate Commerce Act, Subtitle IV of Title 49, U.S. Code, as amended.

(b) *Applicant* means any person or entity seeking Board action, whether by application, petition, notice of exemption, or any other means that initiates a formal Board proceeding.

(c) *Board* means the Surface Transportation Board.

(d) *Environmental Assessment* or "EA" means a concise public document for which the Board is responsible that contains sufficient information for determining whether to prepare an Environmental Impact Statement or to make a finding of no significant environmental impact.

(e) *Environmental documentation* means either an Environmental Impact Statement or an Environmental Assessment.

(f) *Environmental Impact Statement* or "EIS" means the detailed written statement required by the National Environmental Policy Act, 42 U.S.C. 4332(2)(c), for a major Federal action significantly affecting the quality of the human environment.

(g) *Environmental Report* means a document filed by the applicant(s) that:

(1) Provides notice of the proposed action; and

(2) Evaluates its environmental impacts and any reasonable alternatives to the action. An environmental report may be in the form of a proposed draft Environmental Assessment or proposed draft Environmental Impact Statement.

Surface Transportation Board

§ 1105.6

(h) *Filing* means any request for STB authority, whether by application, petition, notice of exemption, or any other means that initiates a formal Board proceeding.

(i) *Office of Environmental Analysis* or “OEA” means the Office that prepares the Board’s environmental documents and analyses.

(j) *Third-Party Consultant* means an independent contractor, utilized by the applicant, who works with OEA’s approval and under OEA’s direction to prepare any necessary environmental documentation. The third party consultant must act on behalf of the Board. The railroad may participate in the selection process, as well as in the subsequent preparation of environmental documents. However, to avoid any impermissible conflict of interest (*i.e.*, essentially any financial or other interest in the outcome of the railroad-sponsored project), the railroad may not be responsible for the selection or control of independent contractors.

[56 FR 36105, July 31, 1991, as amended at 64 FR 53268, Oct. 1, 1999; 81 FR 8853, Feb. 23, 2016]

§ 1105.5 Determinative criteria.

(a) In determining whether a “major Federal action” (as that term is defined by the Council on Environmental Quality in 40 CFR 1508.18) has the potential to affect significantly the quality of the human environment, the Board is guided by the definition of “significantly” at 40 CFR 1508.27.

(b) A finding that a service or transaction is not within the STB’s jurisdiction does not require an environmental analysis under the National Environmental Policy Act or historic review under the National Historic Preservation Act.

(c) The environmental laws are not triggered where the STB’s action is nothing more than a ministerial act, as in:

(1) The processing of abandonments proposed under the Northeast Rail Services Act (45 U.S.C. 744(b)(3));

(2) Statutorily-authorized interim trail use arrangements under 16 U.S.C. 1247(d) [*see*, 49 CFR 1152.29]; or

(3) Financial assistance arrangements under 49 U.S.C. 10904 (*see* 49 CFR 1152.27).

Finally, no environmental analysis is necessary for abandonments that are authorized by a bankruptcy court, or transfers of rail lines under plans of reorganization, where our function is merely advisory under 11 U.S.C. 1166, 1170, and 1172.

[56 FR 36105, July 31, 1991; 56 FR 49821, Oct. 1, 1991; 81 FR 8853, Feb. 23, 2016]

§ 1105.6 Classification of actions.

(a) Environmental Impact Statements will normally be prepared for rail construction proposals other than those described in paragraph (b)(1) of this section.

(b) Environmental Assessments will normally be prepared for the following proposed actions:

(1) Construction of connecting track within existing rail rights-of-way, or on land owned by the connecting railroads;

(2) Abandonment of a rail line (unless proposed under the Northeast Rail Services Act or the Bankruptcy Act);

(3) Discontinuance of passenger train service or freight service (except for discontinuances of freight service under modified certificates issued under 49 CFR 1150.21 and discontinuances of trackage rights where the affected line will continue to be operated);

(4) An acquisition, lease or operation under 49 U.S.C. 10901, 10902, or 10907, or consolidation, merger or acquisition of control under 49 U.S.C. 11323 and 14303, if it will result in either

(i) Operational changes that would exceed any of the thresholds established in § 1105.7(e) (4) or (5); or

(ii) An action that would normally require environmental documentation (such as a construction or abandonment);

(5) A rulemaking, policy statement, or legislative proposal that has the potential for significant environmental impacts; and

(6) Any other proceeding not listed in paragraphs (a) or (c) of this section.

(c) No environmental documentation will normally be prepared (although a Historic Report may be required under section 1105.8) for the following actions:

§ 1105.7

(1) Any action that does not result in significant changes in carrier operations (*i.e.*, changes that do not exceed the thresholds established in section 1105.7(e) (4) or (5)), including (but not limited to) all of the following actions that meet this criterion:

(i) An acquisition, lease, or operation under 49 U.S.C. 10901, 10902, or 10907, or consolidation, merger, or acquisition of control under 49 U.S.C. 11323 and 14303 that does not come within subsection (b)(4) of this section.

(ii) Transactions involving corporate changes (such as a change in the ownership or the operator, or the issuance of securities or reorganization) including grants of authority to hold position as an officer or director;

(iii) Declaratory orders, interpretation or clarification of operating authority, substitution of an applicant, name changes, and waiver of lease and interchange regulations;

(iv) Pooling authorizations, approval of rate bureau agreements, and approval of shipper antitrust immunity;

(v) Determinations of the fact of competition;

(2) Rate, fare, and tariff actions;

(3) Common use of rail terminals and trackage rights;

(4) Discontinuance of rail freight service under a modified certificate issued pursuant to 49 CFR 1150.21;

(5) Discontinuance of trackage rights where the affected line will continue to be operated; and

(6) A rulemaking, policy statement, or legislative proposal that has no potential for significant environmental impacts.

(d) The Board may reclassify or modify these requirements for individual proceedings. For actions that generally require no environmental documentation, the Board may decide that a particular action has the potential for significant environmental impacts and that, therefore, the applicant should provide an environmental report and either an EA or an EIS will be prepared. For actions generally requiring an EA, the Board may prepare a full EIS where the probability of significant impacts from the particular proposal is high enough to warrant an EIS. Alternatively, in a rail construction, an applicant can seek to demonstrate

49 CFR Ch. X (10–1–21 Edition)

(with supporting information addressing the pertinent aspects of §1105.7(e)) that an EA, rather than an EIS, will be sufficient because the particular proposal is not likely to have a significant environmental impact. Any request for reclassification must be in writing and, in a rail construction, should be presented with the prefilings notice required by §1105.10(a)(1) (or a request to waive that prefilings notice period).

(e) The classifications in this section apply without regard to whether the action is proposed by application, petition, notice of exemption, or any other means that initiates a formal Board proceeding.

[56 FR 36105, July 31, 1991, as amended at 81 FR 8853, Feb. 23, 2016]

§ 1105.7 Environmental reports.

(a) *Filing.* An applicant for an action identified in §1105.6 (a) or (b) must submit to the Board (with or prior to its application, petition or notice of exemption) except as provided in paragraph (b) for abandonments and discontinuances) an Environmental Report on the proposed action containing the information set forth in paragraph (e) of this section. The Environmental Report may be filed with the Board electronically.

(b) At least 20 days prior to the filing with the Board of a notice of exemption, petition for exemption, or an application for abandonment or discontinuance, the applicant must serve copies of the Environmental Report on:

(1) The State Clearinghouse of each State involved (or other State equivalent agency if the State has no clearinghouse);

(2) The State Environmental Protection Agency of each State involved;

(3) The State Coastal Zone Management Agency for any state where the proposed activity would affect land or water uses within that State's coastal zone;

(4) The head of each county (or comparable political entity including any Indian reservation) through which the line goes;

(5) The appropriate regional offices of the Environmental Protection Agency;

(6) The U.S. Fish and Wildlife Service;

Surface Transportation Board

§ 1105.7

(7) The U.S. Army Corps of Engineers;

(8) The National Park Service;

(9) The Natural Resources Conservation Service;

(10) The National Geodetic Survey (formerly known as the Coast and Geodetic Survey) as designated agent for the National Geodetic Survey and the U.S. Geological Survey; and

(11) Any other agencies that have been consulted in preparing the report.

(c) *Certification.* In its Environmental Report, the applicant must certify that it has sent copies of the Environmental Report to the agencies listed and within the time period specified in paragraph (b) of this section and that it has consulted with all appropriate agencies in preparing the report. These consultations should be made far enough in advance to afford those agencies a reasonable opportunity to provide meaningful input. Finally, in every abandonment exemption case, applicant shall certify that it has published in a newspaper of general circulation in each county through which the line passes a notice that alerts the public to the proposed abandonment, to available reuse alternatives, and to how it may participate in the STB proceeding.

(d) *Documentation.* Any written responses received from agencies that were contacted in preparing the Environmental Report shall be attached to the report. Oral responses from such agencies shall be briefly summarized in the report and the names, titles, and telephone numbers of the persons contacted shall be supplied. A copy of, or appropriate citation to, any reference materials relied upon also shall be provided.

(e) *Content.* The Environmental Report shall include all of the information specified in this paragraph, except to the extent that applicant explains why any portion(s) are inapplicable. If an historic report is required under § 1105.8, the Environmental Report should also include the Historic Report required by that section.

(1) *Proposed action and alternatives.* Describe the proposed action, including commodities transported, the planned disposition (if any) of any rail line and other structures that may be involved, and any possible changes in current op-

erations or maintenance practices. Also describe any reasonable alternatives to the proposed action. Include a readable, detailed map and drawings clearly delineating the project.

(2) *Transportation system.* Describe the effects of the proposed action on regional or local transportation systems and patterns. Estimate the amount of traffic (passenger or freight) that will be diverted to other transportation systems or modes as a result of the proposed action.

(3) *Land use.* (i) Based on consultation with local and/or regional planning agencies and/or a review of the official planning documents prepared by such agencies, state whether the proposed action is consistent with existing land use plans. Describe any inconsistencies.

(ii) Based on consultation with the U.S. Soil Conservation Service, state the effect of the proposed action on any prime agricultural land.

(iii) If the action affects land or water uses within a designated coastal zone, include the coastal zone information required by § 1105.9.

(iv) If the proposed action is an abandonment, state whether or not the right-of-way is suitable for alternative public use under 49 U.S.C. 10905 and explain why.

(4) *Energy.* (i) Describe the effect of the proposed action on transportation of energy resources.

(ii) Describe the effect of the proposed action on recyclable commodities.

(iii) State whether the proposed action will result in an increase or decrease in overall energy efficiency and explain why.

(iv) If the proposed action will cause diversions from rail to motor carriage of more than:

(A) 1,000 rail carloads a year; or

(B) An average of 50 rail carloads per mile per year for any part of the affected line, quantify the resulting net change in energy consumption and show the data and methodology used to arrive at the figure given. To minimize the production of repetitive data, the information on overall energy efficiency in § 1105.7(e)(4)(iii) need not be supplied if the more detailed information in § 1105.7(e)(4)(iv) is required.

(5) *Air.* (i) If the proposed action will result in either:

(A) An increase in rail traffic of at least 100 percent (measured in gross ton miles annually) or an increase of at least eight trains a day on any segment of rail line affected by the proposal, or

(B) An increase in rail yard activity of at least 100 percent (measured by carload activity), or

(C) An average increase in truck traffic of more than 10 percent of the average daily traffic or 50 vehicles a day on any affected road segment, quantify the anticipated effect on air emissions. For a proposal under 49 U.S.C. 10901 (or 10502) to construct a new line or re-institute service over a previously abandoned line, only the eight train a day provision in subsection (5)(i)(A) will apply.

(ii) If the proposed action affects a class I or nonattainment area under the Clean Air Act, and will result in either:

(A) An increase in rail traffic of at least 50 percent (measured in gross ton miles annually) or an increase of at least three trains a day on any segment of rail line,

(B) An increase in rail yard activity of at least 20 percent (measured by carload activity), or

(C) An average increase in truck traffic of more than 10 percent of the average daily traffic or 50 vehicles a day on a given road segment, then state whether any expected increased emissions are within the parameters established by the State Implementation Plan. However, for a rail construction under 49 U.S.C. 10901 (or 49 U.S.C. 10502), or a case involving the reinstitution of service over a previously abandoned line, only the three train a day threshold in this item shall apply.

(iii) If transportation of ozone depleting materials (such as nitrogen oxide and freon) is contemplated, identify: the materials and quantity; the frequency of service; safety practices (including any speed restrictions); the applicant's safety record (to the extent available) on derailments, accidents and spills; contingency plans to deal with accidental spills; and the likelihood of an accidental release of ozone depleting materials in the event of a collision or derailment.

(6) *Noise.* If any of the thresholds identified in item (5)(i) of this section are surpassed, state whether the proposed action will cause:

(i) An incremental increase in noise levels of three decibels Ldn or more; or

(ii) An increase to a noise level of 65 decibels Ldn or greater. If so, identify sensitive receptors (*e.g.*, schools, libraries, hospitals, residences, retirement communities, and nursing homes) in the project area, and quantify the noise increase for these receptors if the thresholds are surpassed.

(7) *Safety.* (i) Describe any effects of the proposed action on public health and safety (including vehicle delay time at railroad grade crossings).

(ii) If hazardous materials are expected to be transported, identify: the materials and quantity; the frequency of service; whether chemicals are being transported that, if mixed, could react to form more hazardous compounds; safety practices (including any speed restrictions); the applicant's safety record (to the extent available) on derailments, accidents and hazardous spills; the contingency plans to deal with accidental spills; and the likelihood of an accidental release of hazardous materials.

(iii) If there are any known hazardous waste sites or sites where there have been known hazardous materials spills on the right-of-way, identify the location of those sites and the types of hazardous materials involved.

(8) *Biological resources.* (i) Based on consultation with the U.S. Fish and Wildlife Service, state whether the proposed action is likely to adversely affect endangered or threatened species or areas designated as a critical habitat, and if so, describe the effects.

(ii) State whether wildlife sanctuaries or refuges, National or State parks or forests will be affected, and describe any effects.

(9) *Water.* (i) Based on consultation with State water quality officials, state whether the proposed action is consistent with applicable Federal, State or local water quality standards. Describe any inconsistencies.

(ii) Based on consultation with the U.S. Army Corps of Engineers, state whether permits under section 404 of the Clean Water Act (33 U.S.C. 1344) are

Surface Transportation Board

§ 1105.8

required for the proposed action and whether any designated wetlands or 100-year flood plains will be affected. Describe the effects.

(iii) State whether permits under section 402 of the Clean Water Act (33 U.S.C. 1342) are required for the proposed action. (Applicants should contact the U.S. Environmental Protection Agency or the state environmental protection or equivalent agency if they are unsure whether such permits are required.)

(10) *Proposed Mitigation.* Describe any actions that are proposed to mitigate adverse environmental impacts, indicating why the proposed mitigation is appropriate.

(11) *Additional Information for Rail Constructions.* The following additional information should be included for rail construction proposals (including connecting track construction):

(i) Describe the proposed route(s) by State, county, and subdivision, including a plan view, at a scale not to exceed 1:24,000 (7½ minute U.S.G.S. quadrangle map), clearly showing the relationship to the existing transportation network (including the location of all highway and road crossings) and the right-of-way according to ownership and land use requirements.

(ii) Describe any alternative routes considered, and a no-build alternative (or why this would not be applicable), and explain why they were not selected.

(iii) Describe the construction plans, including the effect on the human environment, labor force requirements, the location of borrow pits, if any, and earthwork estimates.

(iv) Describe in detail the rail operations to be conducted upon the line, including estimates of freight (carloads and tonnage) to be transported, the anticipated daily and annual number of train movements, number of cars per train, types of cars, motive power requirements, proposed speeds, labor force, and proposed maintenance-of-way practices.

(v) Describe the effects, including indirect or down-line impacts, of the new or diverted traffic over the line if the thresholds governing energy, noise and air impacts in §§1105.7(e)(4), (5), or (6) are met.

(vi) Describe the effects, including impacts on essential public services (e.g., fire, police, ambulance, neighborhood schools), public roads, and adjoining properties, in communities to be traversed by the line.

(vii) Discuss societal impacts, including expected change in employment during and after construction.

(f) *Additional information.* The Board may require applicants to submit additional information regarding the environmental or energy effects of the proposed action.

(g) *Waivers.* The Board may waive or modify, in whole or in part, the provisions of this section where a railroad applicant shows that the information requested is not necessary for the Board to evaluate the environmental impacts of the proposed action.

§ 1105.8 Historic Reports.

(a) *Filing.* An applicant proposing an action identified in §1105.6 (a) or (b), or an action in §1105.6(c) that will result in the lease, transfer, or sale of a railroad's line, sites or structures, must submit (with its application, petition or notice) the Historic Report described in paragraph (d) of this section, unless excepted under paragraph (b) of this section. This report should be combined with the Environmental Report where one is required. The purpose of the Historic Report is to provide the Board with sufficient information to conduct the consultation process required by the National Historic Preservation Act. The Historic Report may be filed with the Board electronically.

(b) *Exceptions.* The following proposals do not require an historic report:

(1) A sale, lease or transfer of a rail line for the purpose of continued rail operations where further STB approval is required to abandon any service and there are no plans to dispose of or alter properties subject to STB jurisdiction that are 50 years old or older.

(2) A sale, lease, or transfer of property between corporate affiliates where

§ 1105.9

49 CFR Ch. X (10–1–21 Edition)

there will be no significant change in operations.

(3) Trackage rights, common use of rail terminals, common control through stock ownership or similar action which will not substantially change the level of maintenance of railroad property.

(4) A rulemaking, policy statement, petition for declaratory order, petition for waiver of procedural requirements, or proceeding involving transportation rates or classifications.

(c) *Distribution.* The applicant must send the Historic Report to the appropriate State Historic Preservation Officer(s), preferably at least 60 days in advance of filing the application, petition, or notice, but not later than 20 days prior to filing with the Board.

(d) *Content.* The Historic Report should contain the information required by § 1105.7(e)(1) and the following additional historic information:

(1) A U.S.G.S. topographic map (or an alternate map drawn to scale and sufficiently detailed to show buildings and other structures in the vicinity of the proposed action) showing the location of the proposed action, and the locations and approximate dimensions of railroad structures that are 50 years old or older and are part of the proposed action;

(2) A written description of the right-of-way (including approximate widths, to the extent known), and the topography and urban and/or rural characteristics of the surrounding area;

(3) Good quality photographs (actual photographic prints, not photocopies) of railroad structures on the property that are 50 years old or older and of the immediately surrounding area;

(4) The date(s) of construction of the structure(s), and the date(s) and extent of any major alterations, to the extent such information is known;

(5) A brief narrative history of carrier operations in the area, and an explanation of what, if any, changes are contemplated as a result of the proposed action;

(6) A brief summary of documents in the carrier's possession, such as engineering drawings, that might be useful in documenting a structure that is found to be historic;

(7) An opinion (based on readily available information in the railroad's possession) as to whether the site and/or structures meet the criteria for listing on the National Register of Historic Places (36 CFR 60.4), and whether there is a likelihood of archeological resources or any other previously unknown historic properties in the project area, and the basis for these opinions (including any consultations with the State Historic Preservation Office, local historical societies or universities);

(8) A description (based on readily available information in the railroad's possession) of any known prior subsurface ground disturbance or fill, environmental conditions (naturally occurring or manmade) that might affect the archeological recovery of resources (such as swampy conditions or the presence of toxic wastes), and the surrounding terrain.

(9) Within 30 days of receipt of the historic report, the State Historic Preservation Officer may request the following additional information regarding specified nonrailroad owned properties or groups of properties immediately adjacent to the railroad right-of-way: photographs of specified properties that can be readily seen from the railroad right-of-way (or other public rights-of-way adjacent to the property) and a written description of any previously discovered archeological sites, identifying the location and type of the site (*i.e.*, prehistoric or native American).

(e) Any of these requirements may be waived or modified when the information is not necessary to determine the presence of historic properties and the effect of the proposed action on them.

(f) Historic preservation conditions imposed by the Board in rail abandonment cases generally will not extend beyond the 330-day statutory time period in 49 U.S.C. 10904 for abandonment proceedings.

[56 FR 36105, July 31, 1991, as amended at 61 FR 67883, Dec. 24, 1996; 81 FR 8854, Feb. 23, 2016]

§ 1105.9 Coastal Zone Management Act requirements.

(a) If the proposed action affects land or water uses within a State coastal

Surface Transportation Board

§ 1105.10

zone designated pursuant to the Coastal Zone Management Act (16 U.S.C. 1451 *et seq.*) applicant must comply with the following procedures:

(1) If the proposed action is listed as subject to review in the State's coastal zone management plan, applicant (with, or prior to its filing) must certify (pursuant to 15 CFR 930.57 and 930.58) that the proposed action is consistent with the coastal zone management plan.

(2) If the activity is not listed, applicant (with, or prior to its filing) must certify that actual notice of the proposal was given to the State coastal zone manager at least 40 days before the effective date of the requested action.

(b) If there is consistency review under 15 CFR 930.54, the Board and the applicant will comply with the consistency certification procedures of 15 CFR 930. Also, the Board will withhold a decision, stay the effective date of a decision, or impose a condition delaying consummation of the action, until the applicant has submitted a consistency certification and either the state has concurred in the consistency certification, or an appeal to the Secretary of Commerce (under 15 CFR 930.64(e)) is successful.

§ 1105.10 Board procedures.

(a) *Environmental Impact Statements*—(1) *Prefiling Notice*. Where an environmental impact statement is required or contemplated, the prospective applicant must provide the Office of Environmental Analysis (OEA) with written notice of its forthcoming proposal at least 6 months prior to filing its application.

(2) *Notice and scope of EIS*. When an Environmental Impact Statement is prepared for a proposed action, the Board will publish in the FEDERAL REGISTER a notice of its intent to prepare an EIS, with a description of the proposed action and a request for written comments on the scope of the EIS. Where appropriate, the scoping process may include a meeting open to interested parties and the public. After considering the comments, the Board will publish a notice of the final scope of the EIS. If the Environmental Impact Statement is to be prepared in coopera-

tion with other agencies, this notice will also indicate which agencies will be responsible for the various parts of the Statement.

(3) *Notice of availability*. The Board will serve copies of both the draft Environmental Impact Statement (or an appropriate summary) and the full final Environmental Impact Statement (or an appropriate summary) on all parties to the proceeding and on appropriate Federal, State, and local agencies. A notice that these documents are available to the public will be published (normally by the Environmental Protection Agency) in the FEDERAL REGISTER. (Interested persons may obtain copies of the documents by contacting OEA.)

(4) *Comments*. The notice of availability of the draft Environmental Impact Statement will establish the time for submitting written comments, which will normally be 45 days following service of the document. When the Board decides to hold an oral hearing on the merits of a proposal, the draft Environmental Impact Statement will be made available to the public in advance, normally at least 15 days prior to the portion of the hearing relating to the environmental issues. The draft EIS will discuss relevant environmental and historic preservation issues. The final Environmental Impact Statement will discuss the comments received and any changes made in response to them.

(5) *Supplements*. An Environmental Impact Statement may be supplemented where necessary and appropriate to address substantial changes in the proposed action or significant new and relevant circumstances or information. If so, the notice and comment procedures outlined above will be followed to the extent practical.

(b) *Environmental Assessments*. In preparing an Environmental Assessment, OEA will verify and independently analyze the Environmental Report and/or Historic Report and related material submitted by an applicant pursuant to sections 1105.7 and 1105.8. The Environmental Assessment will discuss relevant environmental and historic preservation issues. OEA will serve copies of the Environmental Assessment on

§ 1105.11

all parties to the proceeding and appropriate federal, state, and local agencies, and will announce its availability to the public through a notice in the FEDERAL REGISTER. In the case of abandonment applications processed under 49 U.S.C. 10903, the availability of the Environmental Assessment must be announced in the applicant's Notice of Intent filed under 49 CFR 1152.21. The deadline for submission of comments on the Environmental Assessment will generally be within 30 days of its service (15 days in the case of a notice of abandonment under 49 CFR 1152.50). The comments received will be addressed in the Board's decision. A supplemental Environmental Assessment may be issued where appropriate.

(c) *Waivers.* (1) The provisions of paragraphs (a)(1) or (a)(4) of this section or any STB-established time frames in paragraph (b) of this section may be waived or modified where appropriate.

(2) Requests for waiver of § 1105.10(a)(1) must describe as completely as possible the anticipated environmental effects of the proposed action, and the timing of the proposed action, and show that all or part of the six month lead period is not appropriate.

(d) *Third-Party Consultants.* Applicants may utilize independent third-party consultants to prepare any necessary environmental documentation, if approved by OEA. The environmental reporting requirements that would otherwise apply will be waived if a railroad hires a consultant, OEA approves the scope of the consultant's work, and the consultant works under OEA's supervision. In such a case, the consultant acts on behalf of the Board, working under OEA's direction to collect the needed environmental information and compile it into a draft EA or draft EIS, which is then submitted to OEA for its review, verification, and approval. We encourage the use of third-party consultants.

(e) *Service of Environmental Pleadings.* Agencies and interested parties sending material on environmental and historic preservation issues directly to the Board should send copies to the applicant. Copies of Board communications to third-parties involving environ-

49 CFR Ch. X (10–1–21 Edition)

mental and historic preservation issues also will be sent to the applicant where appropriate.

(f) *Consideration in decisionmaking.* The environmental documentation (generally an EA or an EIS) and the comments and responses thereto concerning environmental, historic preservation, Coastal Zone Management Act, and endangered species issues will be part of the record considered by the Board in the proceeding involved. The Board will decide what, if any, environmental or historic preservation conditions to impose upon the authority it issues based on the environmental record and its substantive responsibilities under the Interstate Commerce Act. The Board will withhold a decision, stay the effective date of an exemption, or impose appropriate conditions upon any authority granted, when an environmental or historic preservation issue has not yet been resolved.

(g) *Finding of No Significant Impact.* In all exemption cases, if no environmental or historic preservation issues are raised by any party or identified by OEA in its independent investigation, the Board will issue a separate decision making a Finding of No Significant Impact ("FONSI") to show that it has formally considered the environmental record.

In every abandonment exemption case, the applicant shall publish a notice in a newspaper of general circulation in each county in which the line is located and certify to the Board that it has done this by the date its notice of (or petition for) exemption is filed. The notice shall alert the public to the proposed abandonment, to available reuse alternatives, such as trail use and public use, and to how it may participate in a Board proceeding. Sample newspaper notices are provided in the Appendix to this section for guidance to the railroads.

§ 1106.1 Purpose.

This part is designed to ensure adequate and coordinated consideration of safety integration issues, by both the Board and the Federal Railroad Administration, the agency within the Department of Transportation responsible for the enforcement of railroad safety, in the implementation of rail transactions subject to the Board's jurisdiction. It establishes the procedures by which the Board will consider safety integration plans in connection with its approval and authorization of transactions for which the Board has concluded such consideration is required.

§ 1106.2 Definitions.

The following definitions apply to this part:

Act means the ICC Termination Act of 1995, Pub. L. 104–88, 109 Stat. 803 (1995).

Amalgamation of operations, as defined by the Federal Railroad Administration at 49 CFR 244.9, means the migration, combination, or unification of one set of railroad operations with another set of railroad operations, including, but not limited to, the allocation of resources affecting railroad operations (*e.g.*, changes in personnel, track, bridges, or communication or signal systems; or use or deployment of maintenance-of-way equipment, locomotives, or freight or passenger cars).

Surface Transportation Board

§ 1106.4

Applicant means a Class I railroad or a Class II railroad engaging in a transaction subject to this part.

Board means the Surface Transportation Board.

Class I or Class II railroad has the meaning assigned by the Board's regulations (49 CFR part 1201; General Instructions 1-1), as those regulations may be revised by the Board (including modifications in class thresholds based on the revenue deflator formula) from time to time.

Environmental documentation means either an Environmental Assessment or an Environmental Impact Statement prepared in accordance with the National Environmental Policy Act and Board's environmental rules at 49 CFR part 1105.

Federal Railroad Administration ("FRA") means the agency within the Department of Transportation responsible for railroad safety.

Office of Environmental Analysis ("OEA") means the Office that prepares the Board's environmental documents and analyses.

Safety Integration Plan ("SIP") means a comprehensive written plan, prepared in accordance with FRA guidelines or regulations, explaining the process by which Applicants intend to integrate the operation of the properties involved in a manner that would maintain safety at every step of the integration process, in the event the Board approves the transaction that requires a SIP.

Transaction means an application by a Class I railroad that proposes to consolidate with, merge with, or acquire control under 49 U.S.C. 11323(a) of another Class I railroad, or with a Class II railroad where there is a proposed amalgamation of operations, as defined by FRA's regulations at 49 CFR 244.9. "Transaction" also includes a proceeding other than those specified above if the Board concludes that a SIP is necessary in its proper consideration of the application or other request for authority.

[67 FR 11607, Mar. 15, 2002, as amended at 83 FR 15078, Apr. 9, 2018]

§ 1106.3 Actions for which Safety Integration Plan is required.

A SIP shall be filed by any applicant requesting authority to undertake a transaction as defined under § 1106.2 of this part.

§ 1106.4 The Safety Integration Plan process.

(a) Each applicant in a transaction subject to this part shall file a proposed SIP in accordance with the informational requirements prescribed at 49 CFR part 244, or other FRA guidelines or requirements regarding the contents of a SIP, with OEA and FRA no later than 60 days from the date the application is filed with the Board.

(b) The proposed SIP shall be made part of the environmental record in the Board proceeding and dealt with in the ongoing environmental review process under 49 CFR part 1105. The procedures governing the process shall be as follows:

(1) In accordance with 49 CFR 244.17, FRA will provide its findings and conclusions on the adequacy of the proposed SIP (*i.e.*, assess whether the proposed SIP establishes a process that provides a reasonable assurance of safety in executing the proposed transaction) to OEA at a date sufficiently in advance of the Board's issuance of its draft environmental documentation in the case to permit incorporation in the draft environmental document.

(2) The draft environmental documentation shall incorporate the proposed SIP, any revisions or modifications to it based on further consultations with FRA, and FRA's written comments regarding the SIP. The public may review and comment on the draft environmental documentation within the time limits prescribed by OEA.

(3) OEA will independently review each proposed SIP. In its final environmental documentation, OEA will address written comments on the proposed SIP received during the time established for submitting comments on the draft environmental documentation. The Board then will consider the full environmental record, including the information concerning the SIP, in arriving at its decision in the case.

§ 1106.5

(4) If the Board approves the transaction and adopts the SIP, it will require compliance with the SIP as a condition to its approval. Each applicant involved in the transaction then shall coordinate with FRA in implementing the approved SIP, including any amendments thereto. FRA has provided in its rules at 49 CFR 244.17(g) for submitting information to the Board during implementation of an approved transaction that will assist the Board in exercising its continuing jurisdiction over the transaction. FRA also has agreed to advise the Board when, in its view, the integration of the applicants' operations has been safely completed.

(c) If a SIP is required in transactions that would not be subject to environmental review under the Board's environmental rules at 49 CFR part 1105, the Board will develop appropriate case-specific SIP procedures based on the facts and circumstances presented.

[67 FR 11607, Mar. 15, 2002, as amended at 83 FR 15078, Apr. 9, 2018]

§ 1106.5 Waiver.

The SIP requirements established by this part may be waived or modified by the Board where a railroad shows that relief is warranted or appropriate.

§ 1106.6 Reservation of Jurisdiction.

The Board reserves the right to require a SIP in cases other than those enumerated in this part, or to adopt modified SIP requirements in individual cases, if it concludes that doing so is necessary in its proper consideration of the application or other request for authority.

§ 1108.1 Definitions.

As used in this part:

(a) *Arbitrator* means a single person appointed to arbitrate pursuant to these rules.

(b) *Arbitrator Panel* means a group of three people appointed to arbitrate pursuant to these rules. One panel member would be selected from the roster by each side to the arbitration dispute, and the parties would mutually agree to the selection of the third-lead arbitrator under the “strike” methodology described in § 1108.6(c).

(c) *Arbitration program* means the program established by the Surface Transportation Board in this part under which participating parties, including rail carriers and shippers, have agreed voluntarily in advance, or on a case-by-case basis to resolve disputes about arbitration-program-eligible matters brought before the Board using the Board's arbitration procedures.

(d) *Arbitration-program-eligible matters* are those disputes or components of disputes, that may be resolved using the Board's arbitration program and include disputes involving one or more of the following subjects: rates; Demurrage; accessorial charges; misrouting or mishandling of rail cars; and disputes involving a carrier's published rules and practices as applied to particular rail transportation.

(e) *Counterclaim* is an independent arbitration claim filed by a respondent against a complainant arising out of the same set of circumstances or is substantially related to the underlying arbitration complaint and subject to the Board's jurisdiction.

(f) *Final arbitration decision* is the unredacted decision served upon the

Surface Transportation Board

§ 1108.3

parties 30 days after the close of the arbitration's evidentiary phase.

(g) *Interstate Commerce Act* means the Interstate Commerce Act as amended by the ICC Termination Act of 1995 and the Surface Transportation Board Reauthorization Act of 2015.

(h) *Lead arbitrator or single arbitrator* means the arbitrator selected by the strike methodology outlined in § 1108.6(c).

(i) *Monetary award cap* means a limit on awardable damages of \$25,000,000 in rate disputes, including any rate prescription, and \$2,000,000 in practice disputes, unless the parties mutually agree to a lower award cap. If parties bring one or more counterclaims, such counterclaims will be subject to a separate monetary award cap.

(j) *Practice disputes* are disputes involving demurrage; accessorial charges; misrouting or mishandling of rail cars; and disputes involving a carrier's published rules and practices as applied to particular rail transportation.

(k) *Statutory jurisdiction* means the jurisdiction conferred on the STB by the Interstate Commerce Act, including jurisdiction over rail transportation or services that have been exempted from regulation.

(l) *STB or Board* means the Surface Transportation Board.

(m) *Rate disputes* are disputes involving the reasonableness of a rail carrier's rates.

[78 FR 29079, May 17, 2013, as amended at 81 FR 69414, Oct. 6, 2016]

§ 1108.2 Statement of purpose, organization, and jurisdiction.

(a) *The Board's intent.* The Board favors the resolution of disputes through the use of mediation and arbitration procedures, in lieu of formal Board proceedings, whenever possible. This section provides for the creation of a binding, voluntary arbitration program in which parties, including shippers and railroads, agree in advance to arbitrate certain types of disputes with a limit on potential liability of \$25,000,000 in rate disputes, including any rate prescription, and \$2,000,000 in other disputes unless the parties mutually agree to a lower award cap. The Board's arbitration program is open to all parties

eligible to bring or defend disputes before the Board.

(1) Except as discussed in paragraph (b) of this section, parties to arbitration may agree by mutual written consent to arbitrate additional matters and to a lower amount of potential liability than the monetary award cap identified in this section.

(2) Nothing in these rules shall be construed in a manner to prevent parties from independently seeking or utilizing private arbitration services to resolve any disputes they may have.

(b) *Limitations to the Board's arbitration program.* These procedures shall not be available:

(1) To resolve disputes involving labor protective conditions;

(2) To obtain the grant, denial, stay or revocation of any license, authorization (e.g., construction, abandonment, purchase, trackage rights, merger, pooling), or exemption related to such matters;

(3) To prescribe for the future any conduct, rules, or results of general, industry-wide applicability;

(4) To resolve disputes that are solely between two or more rail carriers.

Parties may only use these arbitration procedures to arbitrate matters within the statutory jurisdiction of the Board.

[78 FR 29079, May 17, 2013, as amended at 81 FR 69414, Oct. 6, 2016]

§ 1108.3 Participation in the Board's arbitration program.

(a) *Opt-in procedures.* Any rail carrier, shipper, or other party eligible to bring or defend disputes before the Board may at any time voluntarily choose to opt into the Board's arbitration program. Opting in may be for a particular dispute or for all potential disputes before the Board unless and until the party exercises the opt-out procedures discussed in § 1108.3(b). To opt in parties may:

(1) File a notice with the Board, under Docket No. EP 699, advising the Board of the party's intent to participate in the arbitration program. Such notice may be filed at any time and shall be effective upon receipt by the Board.

§ 1108.4

(i) Notices filed with the Board shall state which arbitration-program-eligible issue(s) the party is willing to submit to arbitration.

(ii) Notices may, at the submitting party's discretion, provide for a lower monetary award cap than the monetary award caps provided in this part.

(2) Participants to a proceeding, where one or both parties have not opted into the arbitration program, may by joint notice agree to submit an issue in dispute to the Board's arbitration program. The joint notice must clearly state the issue(s) which the parties are willing to submit to arbitration and the corresponding maximum monetary award cap if the parties desire to arbitrate for a lower amount than the monetary award cap that would otherwise be applicable.

(3) Parties to a dispute may jointly notify the Board that they agree to submit an eligible matter in dispute to the Board's arbitration program, where no formal proceeding has begun before the Board. The joint notice must clearly state the issue(s) which the parties are willing to submit to arbitration and the corresponding maximum monetary award cap if the parties desire to arbitrate for a lower amount than the applicable monetary award cap.

(b) *Opt-out procedures.* Any party who has elected to participate in the arbitration program may file a notice at any time under Docket No. EP 699, informing the Board of the party's decision to opt out of the program or amend the scope of its participation. The notice shall take effect 90 days after filing and shall not itself excuse the filing party from arbitration proceedings that are ongoing, or permit it to withdraw its consent to participate in any arbitration-program-eligible dispute associated with their opt-in notice for any matter before the Board at any time prior to the end of the 90 day period before the opt-out notice takes effect.

(c) *Public notice of arbitration program participation.* The Board shall maintain a list of participants who have opted into the arbitration program on its Web site at www.stb.gov. Those parties participating in arbitration only for a

49 CFR Ch. X (10–1–21 Edition)

particular dispute will not be listed on the Board's Web site.

[78 FR 29079, May 17, 2013, as amended at 81 FR 69414, Oct. 6, 2016; 83 FR 15078, Apr. 9, 2018]

§ 1108.4 Use of arbitration.

(a) *Arbitration-program-eligible matters.* Matters eligible for arbitration under the Board's program are: rates; Demurrage; accessorial charges; misrouting or mishandling of rail cars; and disputes involving a carrier's published rules and practices as applied to particular rail transportation. Parties may agree in writing to arbitrate additional matters on a case-by-case basis as provided in paragraph (e) of this section.

(b) *Monetary award cap.* Arbitration claims will be subject to the arbitration program award cap of \$25,000,000, including any rate prescription, per rate dispute and \$2,000,000 per practice dispute unless:

(1) The defending party's opt-in notice provides for a lower monetary cap or;

(2) The parties agree to select a lower award cap that will govern their arbitration proceeding. The parties may change the award cap by incorporating an appropriate provision in their agreement to arbitrate.

(3) Counterclaims will not offset against the monetary award cap of the initiating claim. A counterclaim is an independent claim and is subject to a monetary award cap of \$25,000,000, including any rate prescription, per rate dispute and \$2,000,000 per practice dispute, separate from the initiating claim, or to a lower cap agreed upon by the parties in accordance with § 1108.4(b)(2).

(c) *Assignment of arbitration-program-eligible matters.* The Board shall assign to arbitration all arbitration-program-eligible disputes where all parties to the proceeding are participants in the Board's arbitration program, or where one or more parties to the matter are participants in the Board's arbitration program, and all other parties to the proceeding request or consent to arbitration for a particular dispute.

(d) *Matters partially arbitration-program-eligible.* Where the issues in a proceeding before the Board relate in part

Surface Transportation Board

§ 1108.5

to arbitration-program-eligible matters, only those parts of the dispute related to arbitration-program-eligible matters may be arbitrated pursuant to the arbitration program, unless the parties petition the Board in accordance with paragraph (e) of this section to include additional disputes.

(e) *Other matters.* Parties may petition the Board, on a case-by-case basis, to assign to arbitration disputes, or portions of disputes, not listed as arbitration-program-eligible matters. This may include counterclaims and affirmative defenses. Such disputes are subject to a monetary award cap of \$2,000,000 or to a lower cap agreed upon by the parties in accordance with paragraph (b)(2) of this section. The Board will not consider for arbitration types of disputes that are expressly prohibited in § 1108.2(b).

(f) *Arbitration clauses.* Nothing in the Board's regulations shall preempt the applicability of, or otherwise supersede, any new or existing arbitration clauses contained in agreements between shippers and carriers.

(g) *Rate disputes.* Arbitration of rate disputes will only be available to parties if the rail carrier has market dominance as determined by the Board under 49 U.S.C. 10707. In rate disputes, the arbitrator or panel of arbitrators, as applicable, shall consider the Board's methodologies for setting maximum lawful rates, giving due consideration to the need for differential pricing to permit a rail carrier to collect adequate revenues (as determined under 49 U.S.C. 10704(a)(2)).

[78 FR 29079, May 17, 2013, as amended at 81 FR 69414, Oct. 6, 2016]

§ 1108.5 Arbitration commencement procedures.

(a) *Complaint.* Except as provided in paragraph (e) of this section, arbitration under these rules shall commence with a written complaint, which shall be filed and served in accordance with Board rules contained at part 1104 of this chapter. Each complaint must contain a statement that the complainant and the respondent are participants in the Board's arbitration program pursuant to § 1108.3(a), or that the complainant is willing to arbitrate voluntarily all or part of the dispute pursuant to

the Board's arbitration procedures, and the relief requested.

(1) If the complainant desires arbitration with a single arbitrator instead of a three-member arbitration panel, the complaint must make such a request in its complaint.

(2) If the complainant is not a participant in the arbitration program, the complaint may specify the issues that the complainant is willing to arbitrate.

(3) If the complainant desires to set a lower amount of potential liability than the monetary award cap that would otherwise apply, the complaint should specify what amount of potential liability the complainant is willing to incur.

(b) *Answer to the complaint.* Any respondent must, within 20 days of the date of the filing of a complaint, answer the complaint. The answer must state whether the respondent is a participant in the Board's arbitration program, or whether the respondent is willing to arbitrate the particular dispute.

(1) If the complaint requests arbitration by a single arbitrator instead of by an arbitration panel, the answer must contain a statement consenting to arbitration by a single arbitrator or an express rejection of that request.

(i) The respondent may also initiate a request to use a single arbitrator instead of an arbitration panel.

(ii) Absent the parties agreeing to arbitration through a single arbitrator, the Board will assign the case to arbitration by a panel of three arbitrators as provided by § 1108.6(a) through (d). The party requesting the single arbitrator shall at that time provide written notice to the Board and the other parties if it continues to object to a three-member arbitration panel. Upon timely receipt of the notice, the Board shall set the case for formal adjudication by the Board.

(2) When the complaint limits the arbitrable issues, the answer must state whether the respondent agrees to those limitations or, if the respondent is already a participant in the Board's arbitration program, whether those limitations are consistent with the respondent's opt-in notice filed with the Board

pursuant to §1108.3(a)(1)(i). If the answer contains an agreement to arbitrate some but not all of the arbitration-program-eligible issues in the complaint, the complainant will have 10 days from the date of the answer to advise the respondent and the Board in writing whether the complainant is willing to arbitrate on that basis.

(3) When the complaint proposes a lower amount of potential liability, the answer must state whether the respondent agrees to that amount in lieu of the otherwise applicable monetary award cap.

(c) *Counterclaims.* In answering a complaint, the respondent may file one or more counterclaims against the complainant if such claims arise out of the same set of circumstances or are substantially related, and are subject to the Board's jurisdiction as provided in §1108.2(b). Counterclaims are subject to the assignment provisions contained in §1108.4(c)–(e). Counterclaims are subject to the monetary award cap provisions contained in §1108.4(b)(2)–(3).

(d) *Affirmative defenses.* An answer to an arbitration complaint shall contain specific admissions or denials of each factual allegation contained in the complaint, and any affirmative defenses that the respondent wishes to assert against the complainant.

(e) *Jointly-filed notice.* In lieu of a formal complaint proceeding, arbitration under these rules may commence with a jointly-filed notice by parties agreeing to submit an eligible matter in dispute to the Board's arbitration program under §1108.3(a)(3). The notice must:

(1) Contain a statement that all relevant parties are participants in the Board's arbitration program pursuant to §1108.3(a), or that the relevant parties are willing to arbitrate voluntarily a matter pursuant to the Board's arbitration procedures, and the relief requested;

(2) Indicate whether parties have agreed to a three-member arbitration panel or a single arbitrator;

(3) Indicate if the parties have agreed to a lower amount of potential liability in lieu of the otherwise applicable monetary award cap.

(f) *Arbitration initiation.* When the parties have agreed upon whether to

use a single arbitrator or a panel of arbitrators, the issues(s) to be arbitrated, and the monetary limit to any arbitral decision, the Board shall initiate the arbitration under §1108.7(a) and provide a list of arbitrators as described in §1108.6.

(g) *Arbitration agreement.* Shortly after the panel of arbitrators or arbitrator is selected, the parties to arbitration together with the lead or single arbitrator, as applicable, shall create a written arbitration agreement, which at a minimum will state with specificity the issues to be arbitrated and the corresponding monetary award cap to which the parties have agreed. The agreement may also contain other mutually agreed upon provisions.

(1) Any additional issues selected for arbitration by the parties, that are not outside the scope of these arbitration rules as explained in §1108.2(b), must be subject to the Board's statutory authority.

(2) These rules shall be incorporated by reference into any arbitration agreement conducted pursuant to an arbitration complaint filed with the Board.

[78 FR 29079, May 17, 2013, as amended at 81 FR 69415, Oct. 6, 2016]

§ 1108.6 Arbitrators.

(a) *Panel of arbitrators.* Unless otherwise requested in writing pursuant to §1108.5(a)(1) and agreed to by all parties to the arbitration, all matters arbitrated under these rules shall be resolved by a panel of three arbitrators.

(b) *Roster.* Arbitration shall be conducted by an arbitrator (or panel of arbitrators) selected, as provided herein, from a roster of persons with rail transportation, economic regulation, professional or business experience, including agriculture, in the private sector. Persons seeking to be included on the roster must have training in dispute resolution and/or experience in arbitration or other forms of dispute resolution. The Board will establish the initial roster of arbitrators by no-objection vote. The Board may modify the roster at any time by no-objection vote to include other eligible arbitrators or remove arbitrators who are no longer available. The Board's roster will provide a brief biographical sketch

Surface Transportation Board

§ 1108.7

of each arbitrator, including information such as background, area(s) of expertise, arbitration experience, and geographical location, as well as general contact information and fees, based on the information supplied by the arbitrator. The roster shall be published on the Board's Web site. The Board will update the roster every year. The Board will seek public comment on any modifications that should be made to the roster, including requesting the names and qualifications of new arbitrators who wish to be placed on the roster, and updates from arbitrators appearing on the roster to confirm that the biographical information on file with the Board remains accurate. Arbitrators who wish to remain on the roster must notify the Board of their continued availability.

(c) *Selecting the lead arbitrator.* If the parties cannot mutually agree on a lead arbitrator for a panel of arbitrators, the parties shall use the following process to select a lead arbitrator: First, each party will be given three peremptory strikes to remove names from the Board's roster. Then, from the remaining names on the roster, each party will submit a list of up to 10 potential arbitrators. If only one arbitrator appears on both lists, he or she would be selected as the single or lead arbitrator. If multiple arbitrators appear on both lists, the parties would alternatively strike names of the jointly listed arbitrators until one remains, beginning with complainant. If no name appears on both lists, the parties would alternatively strike from the Board's entire roster, as amended based on the peremptory strikes. A lead arbitrator shall be selected within 14 days of the Board initiating the arbitration process.

(1) The parties are responsible for conducting their own due diligence in striking names from the arbitrator list. The final selection of a lead arbitrator is not challengeable before the Board.

(2) The lead arbitrator appointed through the strike methodology shall serve as the head of the arbitration panel and will be responsible for ensuring that the tasks detailed in §§ 1108.7 and 1108.9 are accomplished.

(d) *Party-appointed arbitrators.* The party or parties on each side of an arbitration dispute shall select one arbitrator from the roster, regardless of whether the other party struck the arbitrator's name in selecting a lead arbitrator. The party or parties on each side will appoint that side's own arbitrator within 14 days of the Board initiating the arbitration process. Parties on one side of an arbitration proceeding may not challenge the arbitrator selected by the opposing side.

(e) *Use of a single arbitrator.* Parties to arbitration may request the use of a single arbitrator. Requests for use of a single arbitrator must be included in a complaint or an answer as required in § 1108.5(a)(1), or in the joint notice filed under § 1108.5(e). Parties to both sides of an arbitration dispute must agree to the use of a single arbitrator in writing. If the single-arbitrator option is selected, and if parties cannot mutually agree on a single arbitrator, the arbitrator selection procedures outlined in paragraph (c) of this section shall apply.

(f) *Arbitrator incapacitation.* If at any time during the arbitration process a selected arbitrator becomes incapacitated or is unwilling or unable to fulfill his or her duties, a replacement arbitrator shall be promptly selected by either of the following processes:

(1) If the incapacitated arbitrator was appointed directly by a party to the arbitration, the appointing party shall, without delay, appoint a replacement arbitrator pursuant to the procedures set forth in § 1108.6(d).

(2) If the incapacitated arbitrator was the lead or single arbitrator, the parties shall promptly inform the Board of the arbitrator's incapacitation and the selection procedures set forth in paragraph (c) of this section shall apply.

[78 FR 29079, May 17, 2013, as amended at 81 FR 69415, Oct. 6, 2016]

§ 1108.7 Arbitration procedures.

(a) *Initiation.* With the exception of rate dispute arbitration proceedings, the Board shall initiate the arbitration process within 40 days after submission of a written complaint or joint notice filed under § 1108.5(e). In arbitrations involving rate disputes, the Board shall

§ 1108.8

initiate the arbitration process within 10 days after the Board issues a decision determining that the rail carrier has market dominance.

(b) *Arbitration evidentiary phase timetable.* Whether the parties select a single arbitrator or a panel of three arbitrators, the lead or single arbitrator shall establish all rules deemed necessary for each arbitration proceeding, including with regard to discovery, the submission of evidence, and the treatment of confidential information, subject to the requirement that this evidentiary phase shall be completed within 90 days from the date on which the arbitration process is initiated, unless a party requests an extension, and the arbitrator or panel of arbitrators, as applicable, grants such extension request.

(c) *Written decision timetable.* The lead or single arbitrator will be responsible for writing the arbitration decision. The unredacted arbitration decision must be served on the parties within 30 days of completion of the evidentiary phase. A redacted copy of the arbitration decision must be served upon the Board within 60 days of the close of the evidentiary phase for publication on the Board's Web site.

(d) *Extensions to the arbitration timetable.* The Board may extend any deadlines in the arbitration timetable provided in this part upon agreement of all parties to the dispute.

(e) *Protective orders.* Any party, on either side of an arbitration proceeding, may request that discovery and the submission of evidence be conducted pursuant to a standard protective order agreement.

[81 FR 69416, Oct. 6, 2016]

§ 1108.8 Relief.

(a) *Relief available.* An arbitrator may grant relief in the form of monetary damages or a rate prescription in rate disputes to the extent they are available under this part or as agreed to in writing by the parties. A rate prescription shall not exceed 5 years.

(b) *Relief not available.* No injunctive relief shall be available in Board arbitration proceedings.

§ 1108.9 Decisions.

(a) *Decision requirements.* Whether by a panel of arbitrators or a single arbitrator, all arbitration decisions shall be in writing and shall contain findings of fact and conclusions of law. All arbitration decisions must be consistent with sound principles of rail regulation economics. The arbitrator shall provide an unredacted draft of the arbitration decision to the parties to the dispute, in accordance with any protective order governing the release of confidential and highly confidential information pursuant to § 1108.7(e).

(b) *Redacting arbitration decision.* The lead or single arbitrator shall also provide the parties with a draft of the decision that redacts or omits all proprietary business information and confidential information pursuant to any such requests of the parties under the arbitration agreement.

(c) *Party input.* The parties may then suggest what, if any, additional redactions they think are required to protect against the disclosure of proprietary and confidential information in the decision.

(d) *Lead or single arbitrator authority.* The lead or single arbitrator shall retain the final authority to determine what, if any, additional redactions are appropriate to make.

(e) *Service of arbitration decision.* The lead or single arbitrator shall serve copies of the unredacted decision upon the parties in accordance with the timetable and requirements set forth in § 1108.7(c). The lead or single arbitrator shall also serve copies of the redacted decision upon the parties and the Board in accordance with the timetable and requirements set forth in § 1108.7(c). The arbitrator may serve the decision via any service method permitted by the Board's regulations.

(f) *Service in the case of an appeal.* In the event an arbitration decision is appealed to the Board, the lead or single arbitrator shall, without delay and under seal, serve upon the Board an unredacted copy of the arbitration decision.

(g) *Publication of decision.* Redacted copies of the arbitration decisions shall be published and maintained on the Board's Web site.

(h) *Arbitration decisions are binding.* By arbitrating pursuant to these procedures, each party agrees that the decision and award of the arbitrator(s) shall be binding and judicially enforceable in any court of appropriate jurisdiction, subject to the rights of appeal provided in § 1108.11.

§ 1108.10 Precedent.

Decisions rendered by arbitrators pursuant to these rules may be guided by, but need not be bound by, agency precedent. Arbitration decisions shall have no precedential value and may not be relied upon in any manner during subsequent arbitration proceedings conducted under the rules in this part.

§ 1108.11 Enforcement and appeals.

(a) *Petitions to modify or vacate.* A party may petition the Board to modify or vacate an arbitral award. The appeal must be filed within 20 days of service upon the Board of a final arbitration decision, and is subject to the page limitations of § 1115.2(d) of this chapter. Copies of the appeal shall be served upon all parties in accordance with the Board's rules at part 1104 of this chapter. The appealing party shall also serve a copy of its appeal upon the arbitrator(s). Replies to such appeals shall be filed within 20 days of the filing of the appeal with the Board, and shall be subject to the page limitations of § 1115.2(d) of this chapter.

(b) *Board's standard of review.* On appeal, the Board's standard of review of arbitration decisions will be narrow. The Board will review a decision to determine if the decision is consistent with sound principles of rail regulation economics, a clear abuse of arbitral authority or discretion occurred; the decision directly contravenes statutory authority; or the award limitation was violated. Using this standard, the Board may modify or vacate an arbitration award in whole or in part.

(1) Board decisions vacating or modifying arbitration decisions under the Board's standard of review are reviewable under the Hobbs Act, 28 U.S.C. 2321 and 2342.

(2) Nothing in these rules shall prevent parties to arbitration from seek-

ing judicial review of arbitration awards in a court of appropriate jurisdiction pursuant to the Federal Arbitration Act, 9 U.S.C. 9-13, in lieu of seeking Board review.

(c) *Staying arbitration decision.* The timely filing of a petition for review of the arbitral decision by the Board will not automatically stay the effect of the arbitration decision. A stay may be requested under § 1115.3(f) of this chapter.

(d) *Enforcement.* Parties seeking to enforce an arbitration decision made pursuant to the Board's arbitration program must petition a court of appropriate jurisdiction under the Federal Arbitration Act, 9 U.S.C. 9-13.

§ 1108.12 Fees and costs.

(a) *Filing fees.* When parties use the Board's arbitration procedures to resolve a dispute, the party filing the complaint or an answer shall pay the applicable filing fee pursuant to 49 CFR part 1002.

(b) *Costs.* The parties shall share the costs incurred by the Board and arbitrators equally, with each party responsible for paying its own legal and other associated arbitration costs.

§ 1108.13 Additional parties per side.

Where an arbitration complaint is filed by more than one complainant in a particular arbitration proceeding against, or is answered or counterclaimed by, more than one respondent, these arbitration rules will apply to the complainants as a group and the respondents as a group in the same manner as they will apply to individual opposing parties.

§ 1109.1 Mediation statement of purpose, organization, and jurisdiction.

The Board favors the resolution of disputes through the use of mediation and arbitration procedures, in lieu of formal Board proceedings, whenever possible. Parties may seek to resolve a dispute brought before the Board using the Board's mediation procedures. These procedures shall not be available in a regulatory proceeding to obtain the grant, denial, stay or revocation of a request for construction, abandonment, purchase, trackage rights, merger, pooling authority or exemption related to such matters. The Board may, by its own order, direct the parties to participate in mediation using the Board's mediation procedures. The Board's mediation program is open to all parties eligible to bring or defend matters before the Board.

§ 1109.2 Commencement of mediation.

(a) *Availability of mediation.* Mediation may be commenced in a dispute before the Board:

(1) Pursuant to a Board order issued in response to a written request of one or more parties to a matter;

(2) Where the Board orders mediation by its own order; or

(3) In connection with a rate complaint, as provided by § 1109.4 and part 1111 of this chapter.

(b) *Requests for mediation.* Parties wishing to pursue mediation may file a request for mediation with the Board at any time following the filing of a complaint. Parties that use the Board's mediation procedures shall not be required to pay any fees other than the appropriate filing fee associated with the underlying dispute, as provided at 49 CFR 1002.2. The Board shall grant any mediation request submitted by all parties to a matter, but may deny mediation where one or more parties to the underlying dispute do not consent to mediation, or where the parties seek

49 CFR Ch. X (10–1–21 Edition)

to mediate disputes not eligible for Board-sponsored mediation, as listed in § 1109.1.

§ 1109.3 Mediation procedures.

(a) *Mediation model.* The Chairman will appoint one or more Board employees trained in mediation to mediate any dispute assigned for mediation. Alternatively, the parties to a matter may agree to use a non-Board mediator if they so inform the Board within 10 days of an order assigning the dispute to mediation. If a non-Board mediator is used, the parties shall share equally the fees and/or costs of the mediator. The following restrictions apply to any mediator selected by the Board or the parties:

(1) No person serving as a mediator may thereafter serve as an advocate for a party in any other proceeding arising from or related to the mediated dispute, including, without limitation, representation of a party to the mediation before any other federal court or agency; and

(2) If the mediation does not fully resolve all issues in the docket before the Board, the Board employees serving as mediators may not thereafter advise the Board regarding the future disposition of the remaining issues in the docket.

(b) *Mediation period.* The mediation period shall be 30 days, beginning on the date of the first mediation session. The Board may extend mediation for additional periods of time not to exceed 30 days per period, pursuant to mutual written requests of all parties to the mediation proceeding. The Board will not extend mediation for additional periods of time where one or more parties to mediation do not agree to an extension. The Board will not order mediation more than once in any particular proceeding, but may permit it if all parties to a matter mutually request another round of mediation. The mediator(s) shall notify the Board whether the parties have reached any agreement by the end of the 30-day period.

(c) *Party representatives.* At least one principal of each party, who has the authority to bind that party, shall participate in the mediation and be

Surface Transportation Board

§ 1109.4

present at any session at which the mediator(s) request that principal to be present.

(d) *Confidentiality.* Mediation is a confidential process, governed by the confidentiality rules of the Administrative Dispute Resolution Act of 1996 (ADRA) (5 U.S.C. 574). In addition to the confidentiality rules set forth in the ADRA, the Board requires the following additional confidentiality protections:

(1) All parties to Board sponsored mediation will sign an Agreement to Mediate. The Agreement to Mediate shall incorporate these rules by reference.

(2) As a condition of participation, the parties and any interested parties joining the mediation must agree to the confidentiality of the mediation process as provided in this section and further detailed in an agreement to mediate. The parties to mediation, including the mediator(s), shall not testify in administrative or judicial proceedings concerning the issues discussed in mediation, nor submit any report or record of the mediation discussions, other than the settlement agreement with the consent of all parties, except as required by law.

(3) Evidence of conduct or statements made during mediation is not admissible in any Board proceeding. If mediation fails to result in a full resolution of the dispute, evidence that is otherwise discoverable may not be excluded from introduction into the record of the underlying proceeding merely because it was presented during mediation. Such materials may be used if they are disclosed through formal discovery procedures established by the Board or other adjudicatory bodies.

(e) *Abeyance.* Except as otherwise provided for in § 1109.4(f) and part 1111 of this chapter, any party may request that a proceeding be held in abeyance while mediation procedures are pursued. Any such request should be submitted to the Chief, Section of Administration, Office of Proceedings. The Board shall promptly issue an order in response to such requests. Except as otherwise provided for in § 1109.4(g) and part 1111 of this chapter, the Board may also direct that a proceeding be held in abeyance pending the conclusion of mediation. Where both parties

to mediation voluntarily consent to mediation, the period during which any proceeding is held in abeyance shall toll applicable statutory deadlines. Where one or both parties to mediation do not voluntarily consent to mediation, the Board will not hold the underlying proceeding in abeyance and statutory deadlines will not be tolled.

(f) *Mediated settlements.* Any settlement agreement reached during or as a result of mediation must be in writing, and signed by all parties to the mediation. The parties need not provide a copy of the settlement agreement to the Board, or otherwise make the terms of the agreement public, but the parties, or the mediator(s), shall notify the Board that the parties have reached a mutually agreeable resolution and request that the Board terminate the underlying Board proceeding. Parties to the settlement agreement shall waive all rights of administrative appeal to the issues resolved by the settlement agreement.

(g) *Partial resolution of mediated issues.* If the parties reach only a partial resolution of their dispute, they or the mediator(s) shall so inform the Board, and the parties shall file any stipulations they have mutually reached, and ask the Board to reactivate the procedural schedule in the underlying proceeding to decide the remaining issues.

§ 1109.4 Mandatory mediation in rate cases to be considered under the stand-alone cost methodology.

(a) *Mandatory use of mediation.* A shipper seeking rate relief from a railroad or railroads in a case involving the stand-alone cost methodology must engage in non-binding mediation of its dispute with the railroad upon submitting a pre-filing notice under 49 CFR part 1111.

(b) *Assignment of mediators.* Within 5 business days after the shipper submits its pre-filing notice, the Board will assign one or more mediators to the case. Within 5 business days of the assignment to mediate, the mediator(s) shall contact the parties to discuss ground rules and the time and location of any meeting.

(c) *Party representatives.* At least one principal of each party, who has the

authority to bind that party, shall participate in the mediation and be present at any session at which the mediator(s) requests that the principal be present.

(d) *Settlement.* The mediator(s) will work with the parties to try to reach a settlement of all or some of their dispute or to narrow the issues in dispute, and reach stipulations that may be incorporated into any adjudication before the Board if mediation does not fully resolve the dispute. If the parties reach a settlement, the mediator(s) may assist in preparing a written settlement agreement.

(e) *Confidentiality.* The entire mediation process shall be private and confidential. No party may use any concessions made or information disclosed to either the mediator(s) or the opposing party before the Board or in any other forum without the consent of the other party. The confidentiality provision of § 1109.3(d) and the mediation agreement shall apply to all mediations conducted under this section.

(f) *Mediation period.* The mediation shall be completed within 60 days of the appointment of the mediator(s). The mediation may be terminated prior to the end of the 60-day period only with the certification of the mediator(s) to the Board. Requests to extend mediation, or to re-engage it later, will be entertained on a case-by-case basis, but only if filed by all interested parties.

(g) *Procedural schedule.* Absent a specific order from the Board granting an extension, the mediation will not affect the procedural schedule in standalone cost rate cases set forth at 49 CFR 1111.9(a).

§ 1109.5 Resolution of certain disputes involving the State Sponsored Route Committee and the Northeast Corridor Commission.

(a) In addition to the mediation procedures under this part that are available following the filing of a complaint in a proceeding before the Board, Amtrak or a State member of the State Supported Route Committee established under 49 U.S.C. 24712 may request that the Board informally assist

in securing outside professional mediation services in order to resolve disputes arising from: Implementation of, or compliance with, the cost allocation methodology for State-Supported Routes developed under section 209 of the Passenger Rail Investment and Improvement Act of 2008 or amended under 49 U.S.C. 24712(a)(6); invoices or reports provided under 49 U.S.C. 24712(b); or rules and procedures implemented by the State Supported Route Committee under 49 U.S.C. 24712(a)(4). With respect to a particular dispute, such a request for informal assistance in securing outside professional mediation services may be submitted to the Board:

(1) In the absence of a complaint proceeding before the Board; or

(2) If, while a formal complaint is pending before the Board, a motion is filed in that formal proceeding requesting that it be held in abeyance in light of the request for informal assistance.

(b) In addition to the mediation procedures under this part that are available following the filing of a complaint in a proceeding before the Board, the Northeast Corridor Commission established under 49 U.S.C. 24905, Amtrak, or public authorities providing commuter rail passenger transportation on the Northeast Corridor may request that the Board informally assist in securing outside professional mediation services in order to resolve disputes involving implementation of, or compliance with, the policy developed under 49 U.S.C. 24905(c)(1). With respect to a particular dispute, such a request for informal assistance in securing outside professional mediation services may be submitted to the Board:

(1) In the absence of a complaint proceeding before the Board; or

(2) If, while a formal complaint is pending before the Board, a motion is filed in that formal proceeding requesting that it be held in abeyance in light of the request for informal assistance.

(c) A request for informal Board assistance in securing outside professional mediation services under paragraph (a) or (b) of this section shall be submitted by letter duly authorized to be submitted to the Board by the requesting party. The request letter shall be addressed to the Director of the

Surface Transportation Board

§ 1110.3

Board's Office of Public Assistance, Governmental Affairs, and Compliance, and shall include a concise description of the issues for which outside professional mediation services are sought. The Office of Public Assistance, Governmental Affairs, and Compliance shall contact the requesting party in response to such request within 14 days of receipt of the request.

(b) Any person may petition the Board to open a proceeding to issue, amend, or repeal a rule.

(c) Each petition seeking the institution of a proceeding, filed under this section must:

(1) Be submitted to the Chief, Section of Administration, Office of Pro-

To the extent possible, the date of service will be the same as the date of publication in the FEDERAL REGISTER. When the service and publication dates are not the same, the date of publication in the FEDERAL REGISTER is controlling for the purpose of determining time periods set by these procedures or by notices issued in individual proceedings.

§ 1111.1 Pre-filing procedures in stand-alone cost cases.

(a) *General*. At least 70 days prior to the proposed filing of a complaint challenging the reasonableness of a rail rate based on stand-alone cost, complainant shall file a notice with the Board. The notice shall:

- (1) Identify the rate to be challenged;
- (2) Identify the origin/destination pair(s) to be challenged;
- (3) Identify the affected commodities; and

(4) Include a motion for protective order as set forth at 49 CFR 1104.14(c).

(b) *Liaison*. Within 10 days of the filing of the pre-filing notice, the Board shall appoint a liaison to the parties.

§ 1111.2 Content of formal complaints; joinder.

(a) *General*. A formal complaint must contain the correct, unabbreviated names and addresses of each complainant and defendant. It should set forth briefly and in plain language the facts

upon which it is based. It should include specific reference to pertinent statutory provisions and Board regulations, and should advise the Board and the defendant fully in what respects these provisions or regulations have been violated. The complaint should contain a detailed statement of the relief requested. Relief in the alternative or of several different types may be demanded, but the issues raised in the formal complaint should not be broader than those to which complainant's evidence is to be directed. In a complaint challenging the reasonableness of a rail rate, the complainant should indicate whether, in its view, the reasonableness of the rate should be examined using constrained market pricing or using the simplified standards adopted pursuant to 49 U.S.C. 10701(d)(3). If the complainant seeks to use the simplified standards, it should support this request by submitting, at a minimum, the following information:

- (1) The carrier or region identifier.
- (2) The type of shipment (local, received-terminated, etc.).
- (3) The one-way distance of the shipment.
- (4) The type of car (by URCS code).
- (5) The number of cars.
- (6) The car ownership (private or railroad).
- (7) The commodity type (STCC code).
- (8) The weight of the shipment (in tons per car).
- (9) The type of movement (individual, multi-car, or unit train).
- (10) A narrative addressing whether there is any feasible transportation alternative for the challenged movements.
- (11) For matters for which voluntary, binding arbitration is available pursuant to 49 CFR part 1108, the complaint shall state that arbitration was considered, but rejected, as a means of resolving the dispute.

(b) *Disclosure with simplified standards complaint*. The complainant must provide to the defendant all documents relied upon in formulating its assessment of a feasible transportation alternative and all documents relied upon to determine the inputs to the URCS Phase III program.

(c) *Multiple causes of action*. Two or more grounds of complaint concerning

§ 1111.3

the same principle, subject, or statement of facts may be included in one complaint, but should be stated and numbered separately.

(d) *Joinder*. Two or more complainants may join in one complaint against one or more defendants if their respective causes of action concern substantially the same alleged violations and like facts.

(e) *Request for access to waybill data*. Parties needing access to the Waybill Sample to prepare their case should follow the procedures set forth at 49 CFR 1244.9.

(f) *Discovery in stand-alone cost cases*. Upon filing its complaint, the complainant shall certify that it has served its initial discovery requests on the defendant.

§ 1111.3 Amended and supplemental complaints.

(a) *Generally*. An amended or supplemental complaint may be tendered for filing by a complainant against a defendant or defendants named in the original complaint, stating a cause of action alleged to have accrued within the statutory period immediately preceding the date of such tender, in favor of complainant and against the defendant or defendants. The time limits for responding to an amended or supplemental complaint are computed pursuant to §§1111.5 and 1111.6, as if the amended or supplemental complaint was an original complaint.

(b) *Stand-alone cost*. If a complainant tenders an amended or supplemental complaint in a stand-alone cost case, the complainant shall certify that it has served on the defendant those initial discovery requests affected by the amended or supplemental complaint, if any.

(c) *Simplified standards*. A complaint filed under the simplified standards may be amended once before the filing of opening evidence to opt for a different rate reasonableness methodology, among Three-Benchmark, Simplified-SAC, or Full-SAC. If so amended, the procedural schedule begins again under the new methodology as set forth at §§1111.9 and 1111.10. However, only one mediation period per complaint shall be required.

49 CFR Ch. X (10–1–21 Edition)

§ 1111.4 Service.

A complainant is responsible for serving formal complaints, amended or supplemental complaints, and cross complaints on the defendant(s). Service shall be made by sending a copy of such complaint to the chief legal officer of each defendant by either confirmed facsimile and first-class mail or express overnight courier. The cover page of each such facsimile and the front of each such first-class mail or overnight express courier envelope shall include the following legend: “Service of STB Complaint”. Service of the complaint shall be deemed completed on the date on which the complaint is served by confirmed facsimile or, if service is made by express overnight courier, on the date such complaint is actually received by the defendant. When the complaint involves more than one defendant, service of the complaint shall be deemed completed on the date on which all defendants have been served. The complaint should be filed with the Board together with an acknowledgment of service by the persons served or proof of service in the form of a statement of the date and manner of service, of the names of the persons served, and of the addresses to which the papers were mailed or at which they were delivered, certified by the person who made service.

§ 1111.5 Answers and cross complaints.

(a) *Generally*. An answer shall be filed within the time provided in paragraph (c) of this section. An answer should be responsive to the complaint and should fully advise the Board and the parties of the nature of the defense. In answering a complaint challenging the reasonableness of a rail rate, the defendant should indicate whether it will contend that the Board is deprived of jurisdiction to hear the complaint because the revenue-variable cost percentage generated by the traffic is less than 180 percent, or the traffic is subject to effective product or geographic competition. In response to a complaint filed under the simplified standards, the answer must include the defendant’s preliminary estimate of the

Surface Transportation Board

§ 1111.9

variable cost of each challenged movement calculated using the unadjusted figures produced by the URCS Phase III program.

(b) *Disclosure with simplified standards answer.* The defendant must provide to the complainant all documents that it relied upon to determine the inputs used in the URCS Phase III program.

(c) *Time for filing; copies; service.* An answer must be filed with the Board within 20 days after the service of the complaint or within such additional time as the Board may provide. The defendant must serve copies of the answer upon the complainant and any other defendants.

(d) *Cross complaints.* A cross complaint alleging violations by other parties to the proceeding or seeking relief against them may be filed with the answer. An answer to a cross complaint shall be filed within 20 days after the service date of the cross complaint. The party shall serve copies of an answer to a cross complaint upon the other parties.

(e) *Failure to answer complaint.* Averments in a complaint are admitted when not denied in an answer to the complaint.

(f) *Discovery in stand-alone cost cases.* Upon filing its answer, the defendant shall certify that it has served its initial discovery requests on the complainant. If the complainant tenders an amended or supplemental complaint to which the defendant must reply, upon filing the answer to the amended or supplemental complaint, the defendant shall certify that it has served on the complainant those initial discovery requests affected by the amended or supplemental complaint, if any.

§ 1111.6 Motions to dismiss or to make more definite.

An answer to a complaint or cross complaint may be accompanied by a motion to dismiss the complaint or cross complaint or a motion to make the complaint or cross complaint more definite. A motion to dismiss can be filed at anytime during a proceeding. A complainant or cross complainant may, within 10 days after an answer is filed, file a motion to make the answer

more definite. Any motion to make more definite must specify the defects in the particular pleading and must describe fully the additional information or details thought to be necessary.

§ 1111.7 Satisfaction of complaint.

If a defendant satisfies a formal complaint, either before or after answering, a statement to that effect signed by the complainant must be filed (original only need be filed), setting forth when and how the complaint has been satisfied. This action should be taken as expeditiously as possible.

§ 1111.8 Investigations on the Board's own motion.

(a) *Service of decision.* A decision instituting an investigation on the Board's own motion will be served by the Board upon respondents.

(b) *Default.* If within the time period stated in the decision instituting an investigation, a respondent fails to comply with any requirement specified in the decision, the respondent will be deemed in default and to have waived any further proceedings, and the investigation may be decided forthwith.

§ 1111.9 Procedural schedule in stand-alone cost cases.

(a) *Procedural schedule.* Absent a specific order by the Board, the following general procedural schedule will apply in stand-alone cost cases after the pre-complaint period initiated by the pre-filing notice:

(1) Day 0—Complaint filed, discovery period begins.

(2) Day 7 or before—Conference of the parties convened pursuant to § 1111.11(b).

(3) Day 20—Defendant's answer to complaint due.

(4) Day 150—Discovery completed.

(5) Day 210—Complainant files opening evidence on absence of intermodal and intramodal competition, variable cost, and stand-alone cost issues.

(6) Day 270—Defendant files reply evidence to complainant's opening evidence.

(7) Day 305—Complainant files rebuttal evidence to defendant's reply evidence. In cases using the streamlined market dominance approach, a telephonic evidentiary hearing before an

administrative law judge, as described in § 1111.12(d) of this chapter, will be held at the discretion of the complainant in lieu of the submission of a written rebuttal on market dominance issues. The hearing will be held on or about the date that the complainant's rebuttal evidence on rate reasonableness is due.

(8) Day 335—Complainant and defendant file final briefs.

(9) Day 485 or before—The Board issues its decision.

(b) *Staggered filings; final briefs.* (1) The parties may submit non-public (*e.g.*, confidential, highly confidential) versions of filings on the dates identified in the procedural schedule, and submit public versions of those filings within three business days thereafter.

(2) Final briefs are limited to 30 pages, inclusive of exhibits.

(c) *Conferences with parties.* (1) The Board will convene a technical conference of the parties with Board staff prior to the filing of any evidence in a stand-alone cost rate case, for the purpose of reaching agreement on the operating characteristics that are used in the variable cost calculations for the movements at issue. The parties should jointly propose a schedule for this technical conference.

(2) In addition, the Board may convene a conference of the parties with Board staff, after discovery requests are served but before any motions to compel may be filed, to discuss discovery matters in stand-alone cost rate cases. The parties should jointly propose a schedule for this discovery conference.

The hearing will be held on or about the date that the complainant's rebuttal evidence on rate reasonableness is due.

Surface Transportation Board

§ 1111.12

as described in § 1111.12(d) of this chapter, will be held at the discretion of the complainant in lieu of the submission of a written rebuttal on market dominance issues. The hearing will be held on or about the date that the complainant's rebuttal evidence on rate reasonableness is due.

(ii) In addition, the Board will appoint a liaison within 10 business days of the filing of the complaint.

(b) *Staggered filings; final briefs.* (1) The parties may submit non-public (e.g., confidential, highly confidential) versions of filings on the dates identified in the procedural schedule, and submit public versions of those filings within three business days thereafter.

(2) In cases relying upon the Simplified-SAC methodology, final briefs are limited to 30 pages, inclusive of exhibits.

(c) *Defendant's second disclosure.* In cases using the Simplified-SAC methodology, the defendant must make the following disclosures to the complainant by Day 170 of the procedural schedule.

(1) Identification of all traffic that moved over the routes replicated by the SARR in the Test Year.

(3) Total operating and equipment cost calculations for each of those movements, provided in electronic format.

(4) Revenue allocation for the on-SARR portion of each cross-over movement in the traffic group provided in electronic format.

(5) Total trackage rights payments paid or received during the Test Year associated with the route replicated by the SARR.

(6) All workpapers and documentation necessary to support the calculations.

(d) *Conferences with parties.* The Board may convene a conference of the parties with Board staff to facilitate voluntary resolution of discovery disputes and to address technical issues that may arise.

(e) *Complaint filed with a petition to revoke a class exemption.* If a complaint is filed simultaneously with a petition to revoke a class exemption, the Board will take no action on the complaint and the procedural schedule will be held in abeyance automatically until the petition to revoke is adjudicated.

[82 FR 57379, Dec. 5, 2017, as amended at 85 FR 47697, Aug. 6, 2020]

§ 1111.11 Meeting to discuss procedural matters.

(a) *Generally.* In all complaint proceedings, other than those challenging the reasonableness of a rail rate based on stand-alone cost or the simplified standards, the parties shall meet, or discuss by telephone, discovery and procedural matters within 12 days after an answer to a complaint is filed. Within 19 days after an answer to a complaint is filed, the parties, either jointly or separately, shall file a report with the Board setting forth a proposed procedural schedule to govern future activities and deadlines in the case.

(b) *Stand-alone cost or simplified standards complaints.* In complaints challenging the reasonableness of a rail rate based on stand-alone cost or the simplified standards, the parties shall meet, or discuss by telephone or through email, discovery and procedural matters within 7 days after the complaint is filed in stand-alone cost cases, and 7 days after the mediation period ends in simplified standards cases. The parties should inform the Board as soon as possible thereafter whether there are unresolved disputes that require Board intervention and, if so, the nature of such disputes.

§ 1111.12 Streamlined market dominance.

(a) A complainant may elect to pursue the streamlined market dominance approach to market dominance if the challenged movement satisfies the factors listed in paragraphs (a)(1) through (7) of this section. The Board will find a complainant has made a prima facie showing on market dominance when it can demonstrate the following with regard to the traffic subject to the challenged rate:

(1) The movement has an R/VC ratio of 180% or greater;

(2) The movement would exceed 500 highway miles between origin and destination;

(3) There is no intramodal competition from other railroads;

(4) There is no barge competition;

(5) There is no pipeline competition;

(6) The complainant has used truck for 10% or less of its volume (by tonnage) subject to the rate at issue over a five-year period; and

(7) The complainant has no practical build-out alternative due to physical, regulatory, financial, or other issues (or combination of issues).

(b) A complainant may rely on any competent evidence, including a verified statement from an appropriate official(s) with knowledge of the facts, in demonstrating the factors set out in paragraph (a) of this section. An appropriate official is any individual who has either direct or supervisory responsibility for, or otherwise has knowledge or understanding of, the complainant's transportation needs and options. The official(s) should provide his or her title and a short description of his or her duties in the verified statement. In demonstrating the revenue to variable cost ratio, a complainant must show its quantitative calculations.

(c) A defendant's reply evidence under the streamlined market dominance approach may address the factors in paragraph (a) of this section and any other issues relevant to market dominance. A complainant may elect to submit rebuttal evidence on market dominance issues. Reply and rebuttal filings under the streamlined market dominance approach are each limited to 50 pages, inclusive of exhibits and verified statements.

(d)(1) Pursuant to the authority under §1011.6 of this chapter, an administrative law judge will hold a telephonic evidentiary hearing on the market dominance issues at the discretion of the complainant in lieu of the submission of a written rebuttal on market dominance issues.

(2) The hearing will be held on or about the date that the complainant's rebuttal evidence on rate reasonableness is due. The complainant shall inform the Board by letter submitted in the docket, no later than 10 days after defendant's reply is due, whether it

elects an evidentiary hearing of lieu of the submission of a written rebuttal on market dominance issues.

(3) The Board will provide an unofficial copy of the hearing transcript no later than 5 days after the conclusion of the hearing. The Board will provide the official hearing transcript shortly thereafter. The hearing transcript will be part of the docket in the proceeding.

1112.4 Petitions to intervene.

1112.5 Joint pleadings.

SOURCE: 47 FR 49558, Nov. 1, 1982, unless otherwise noted.

§ 1112.1 When modified procedure is used.

The Board may decide that a proceeding be heard under modified procedure when it appears that substantially all material issues of fact can be resolved through submission of written statements, and efficient disposition of the proceeding can be accomplished without oral testimony. Modified procedure may be ordered on the Board's initiative, or upon approval of a request by any party.

[47 FR 49558, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996]

§ 1112.2 Decisions directing modified procedure.

A decision directing that modified procedure be used will set out the schedule for filing verified statements by all parties and will list the names and addresses of all persons who at that time are on the service list in the

Surface Transportation Board

§ 1112.10

proceeding. In this part, a statement responding to an opening statement is referred to as a “reply”, and a statement responding to a reply is referred to as a “rebuttal”. Replies to rebuttal material are not permitted. The filing of motions or other pleadings will not automatically stay or delay the established procedural schedule. Parties will adhere to this schedule unless the Board issues an order modifying the schedule.

[47 FR 49558, Nov. 1, 1982, as amended at 61 FR 58491, Nov. 15, 1996]

§ 1112.3 Default for failure to comply with schedule; effect of default.

If a party fails to comply with the schedule for submission of verified statements, or any other requirements established by the modified procedure decision, that party will be deemed to be in default and to have waived any further participation in the proceeding. Thereafter, the proceeding may be disposed of without notice to and without participation by parties in default.

§ 1112.4 Petitions to intervene.

(a) The Board may grant a petition to intervene in a proceeding set for modified procedure if intervention:

(1) Will not unduly disrupt the schedule for filing verified statements, except for good cause shown; and

(2) Would not unduly broaden the issues raised in the proceeding.

(b) The petition to intervene shall set out:

(1) The petitioner’s interest in the proceeding;

(2) Whether the petitioner supports or opposes the relief sought or the action proposed or is otherwise concerned with the issues presented in the proceeding; and

(3) The petitioner’s request, if any, for relief.

[47 FR 49558, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996]

§ 1112.5 Joint pleadings.

Parties with common interests are encouraged to prepare joint pleadings whenever possible.

§ 1112.6 Verified statements; contents.

A verified statement should contain all the facts upon which the witness relies, and to the extent that it contains arguments, they should be based only on those facts. Parties filing reply and rebuttal verified statements will be considered to have admitted the truth of material allegations of fact contained in their opponents’ statements unless those allegations are specifically challenged. Rebuttal statements shall be confined to issues raised in the reply statements to which they are directed.

§ 1112.7 Records in other Board proceedings.

If any portion of the record before the Board in any proceeding other than the proceeding at issue is offered in evidence, a true copy should be presented for the record.

[47 FR 49558, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996]

§ 1112.8 Verification.

The original of any pleading filed must show the signature, capacity, and seal, if any, of the person administering the oath, and the date thereof.

§ 1112.9 Sample verification for statement of fact under modified procedure.

State of _____,
County of _____,

§ 1112.10 Requests for oral hearings and cross examination.

(a) *Requests.* Requests for oral hearings in matters originally assigned for handling under modified procedure must include the reasons why the matter cannot be properly resolved under modified procedure. Requests for cross examination of witnesses must include

§ 1112.11

the name of the witness and the subject matter of the desired cross examination.

(b) *Disposition*. Unless material facts are in dispute, oral hearings will not be held. If held, oral hearings will normally be confined to material issues upon which the parties disagree. The decision setting a matter for oral hearing will define the scope of the hearing.

[61 FR 52712, Oct. 8, 1996]

§ 1112.11 Authority of officers.

Except to the extent that they apply only to the conduct of a public hearing, the officer assigned to handle a proceeding under the modified procedure shall have the same authority as officers assigned to conduct oral hearings as described in § 1113.3(a) and (b).

§ 1113.1 Scheduling hearings; continued hearings.

(a) *Assignment; service and posting of notice*. In those proceedings in which an oral hearing is to be held, the Board will assign a time and place for hearing. Notice of hearings will be posted on the Board's Web site, will be served

49 CFR Ch. X (10–1–21 Edition)

upon the parties and such other persons as may be entitled to receive notice under the Act, and will be available for inspection at the Board's office.

(b) *Requests for changes in assignment*. Requests for postponements of date of hearing will be granted only in exceptional circumstances.

(c) *Continuances*. (1) A continuance may be granted at the discretion of the presiding officer.

(2) If the presiding officer announces the time and place of a continued hearing on the record, no further notice need be given.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996; 74 FR 52907, Oct. 15, 2009]

§ 1113.2 Subpoenas.

(a) *Issuance*. A subpoena may be issued upon the direction of the Board on its own motion or upon request. A subpoena may be issued by the Board or by the officer presiding at a hearing and must be signed by the Director of the Office of Proceedings or a member of the Board.

(b) *Requests*. (1) A request for a subpoena to compel the appearance of a person at a hearing to give oral testimony, but not to produce documents, may be made either by letter (only the original need be filed with the Board) or orally upon the record at the hearing. A showing of general relevance and reasonable scope of the evidence sought to be introduced through the subpoenaed person may be required.

(2) A request for a subpoena to compel a witness to produce documentary evidence should be made in writing by petition. The petition should specify with particularity the books, papers, or documents desired and facts expected to be proved, and should show the general relevance and reasonable scope of the evidence sought. The officer presiding at a hearing may grant a request for such a subpoena made orally upon the record.

(c) *Service*. The original subpoena should be exhibited to the person served, should be read to him if he is unable to read, and a copy should be delivered to him by the officer or person making service.

(d) *Return.* If service of subpoena is made by a United States marshal or his deputy, service should be evidenced by his return of the subpoena. If made by any other person, such person shall make an affidavit stating the date, time and manner of service; and return such affidavit on, or with, the original subpoena in accordance with the form thereon. In case of failure to make service the reasons for the failure should be stated on the original subpoena. The written acceptance of service of a subpoena by the person subpoenaed will be sufficient without other evidence of return. The original subpoena bearing or accompanied by the required return, affidavit, statement, or acceptance of service, should be returned forthwith to the Chief, Section of Administration, Office of Proceedings, unless otherwise directed.

(e) *Witness fees.* A witness who is summoned and responds to the summons is entitled to the same fee as is paid for like service in the courts of the United States. Such fee is to be paid by the party at whose insistence the testimony is taken at the time the subpoena is served, except that when the subpoena is issued on behalf of the United States or an officer or agency thereof, fees and mileage need not be tendered at the time of service.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996; 74 FR 52907, Oct. 15, 2009; 81 FR 8854, Feb. 23, 2016]

§ 1113.3 Authority of officers.

(a) *General.* (1) The presiding officer has the authority to regulate the procedure in the hearing before him, and has authority to take all measures necessary or proper for the efficient performance of the duties assigned him. These include authority: (i) To hold hearings; (ii) to administer oaths and affirmations; (iii) to grant intervention; (iv) to accept any pleading; (v) to establish special rules of procedure appropriate to the effective handling of the particular proceeding; (vi) to examine witnesses; (vii) to issue subpoenas at the hearing; (viii) to dispose of requests for discovery; (ix) to hold conferences for the settlement and simplification of issues; (x) to rule on motions and dispose of procedural requests; (xi) to make initial decisions;

(xii) to exclude any person from the hearing for contemptuous conduct; and (xiii) to take any other action authorized by this part, by the Administrative Procedure Act, or by the Interstate Commerce Act and related acts.

(2) The presiding officer has the authority: (i) To terminate examination or cross-examination of repetitious or cumulative nature; (ii) to limit direct examination to material matters; (iii) to limit cross-examination to disputed material facts; (iv) to require that principal examination or cross-examination be conducted by one or more counsel representing similar interests in proceedings where several parties are involved; (v) to set reasonable schedules for the presentation of witnesses; (vi) and to set reasonable time limits for the examination or cross-examination of witnesses. In order to enforce this paragraph, the officer may require a clear statement on the record of the nature of the testimony to be given by any witness.

(b) *Motions to dismiss; amendments.* (1) The presiding officer shall have power to decide any motion to dismiss the proceeding or other motion which involves final determination of the merits of the proceeding.

(2) The presiding officer may grant leave to amend any application or complaint.

(c) *Preparation of the decision by the prevailing party.* Any proceeding in which an oral hearing is held and in which the officer is able to announce his decision either:

(1) On the record after the close of the taking of testimony and the hearing of arguments by the officer, or

(2) By appropriate notification to the parties after the close of the hearing, may be made the subject of an initial decision prepared by a party or parties in whose favor the officer decides, within a period specified by the officer, and subject to such changes as the officer considers appropriate in the draft prepared for him.

(d) *Recording; media coverage.* The presiding officer shall have authority to permit or to refuse to permit the recording of the hearing by means of live or delayed television or radio broadcast, or the use of a tape recorder or

§ 1113.4

other electronic or photographic equipment by any person other than the official reporter.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996; 81 FR 8854, Feb. 23, 2016]

§ 1113.4 Prehearing conferences.

(a) *Purposes.* Upon written notice by the Board in any proceeding, or upon written or oral instruction of an officer, parties or their representatives may be directed to appear before an officer at a specified time and place for a conference, prior to or during the course of a hearing, or in lieu of personally appearing, to submit suggestions in writing, for the purpose of formulating issues and considering:

- (1) The simplification of issues;
- (2) The necessity or desirability of amending the pleadings either for the purpose of clarification, amplification, or limitation;
- (3) The possibility of making admissions of certain averments of fact or stipulations concerning the use by any or all parties of matters of public record, such as annual reports and the like, to avoid the unnecessary introduction of proof;
- (4) The procedure at the hearing;
- (5) The limitation of the number of witnesses;
- (6) The propriety of prior mutual exchange between or among the parties of prepared testimony and exhibits; and
- (7) Such other matters, including disposition of requests for discovery, as may aid in the simplification of the evidence and disposition of the proceeding. Parties may request a prehearing conference.

(b) *Facts disclosed privileged.* Facts disclosed in the course of the prehearing conference are privileged and, except by agreement, will not be used against participating parties either before the Board or elsewhere unless fully corroborated by other evidence.

(c) *Recordation and decision.* Action taken at the conference, including a recitation of the amendments allowed to the pleadings, the agreements made by the parties as to any of the matters considered, and defining the issues, will be recorded in an appropriate decision unless the parties enter into a written

49 CFR Ch. X (10–1–21 Edition)

stipulation as to such matters, or agree to a statement thereof made on the record by the officer.

(d) *Objection to the decision; subsequent proceedings.* If a decision is entered, the parties may, within 20 days of the date of service, or within such lesser time as is set by the officer, present objections on the grounds that the decision does not fully or correctly embody the agreements reached at the conference. Thereafter the terms of the written stipulation or statement of the officer, as the case may be, will determine the subsequent course of the proceedings, unless modified to prevent manifest injustice.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996]

§ 1113.5 Stipulations.

Apart from the procedure contemplated by the prehearing provisions, the parties may, by stipulation in writing filed with the Board at any stage of the proceeding, or orally made at the hearing, agree upon any pertinent facts in the proceeding. The parties should agree to facts in this manner whenever practicable.

§ 1113.6 Appearances; withdrawal or absence from hearing.

(a) *Who may appear.* Any individual may appear for himself. Any member of a partnership which is a party to any proceeding may appear for such partnerships upon adequate identification. A bona fide officer or a full-time employee of a corporation, association, or of an individual may appear for such corporation, association, or individual by permission of the officer presiding at the hearing. A party also may be represented by a practitioner.

(b) *Withdrawal or absence from hearing.* A practitioner who has entered his appearance at the hearing shall not be permitted to withdraw from the hearing, or willfully be absent therefrom, except for good cause and, wherever practicable, only with the permission of the presiding officer. If a person who has entered an appearance withdraws from the hearing in a manner other than that specified, the Board or the

Surface Transportation Board

§ 1113.9

Officer may take such action as, in the interest of justice and the protection of the lawful rights of all parties to the proceeding, the circumstances of the case may warrant, including the striking out of all or any part of any pleading of the offending party, and including the possible dismissal of the action or proceeding, or any part thereof, the entry of an order of default against that party, or if the withdrawal is without the permission of the presiding officer, disciplining of the practitioner concerned.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996]

§ 1113.7 Intervention; petitions.

(a) *How requested.* Intervention will normally be granted only upon petition. In exceptional circumstances, where the issues would not be broadened or the proceeding delayed, an officer may, at his or her discretion, allow intervention upon motion made orally at the hearing.

(b) *Content generally.* A petition for leave to intervene must set forth the grounds for the proposed intervention, the position and interest of the petitioner in the proceeding, and whether petitioner's position is in support of or in opposition to the relief sought. If the proceeding is by formal complaint and affirmative relief is sought by petitioner, the petition should conform to the requirements for a formal complaint.

(c) *When filed.* A petition for leave to intervene in any proceeding should be filed prior to or at the time the proceeding is called for hearing, but not after, except for good cause shown.

(d) *Broadening issues; filing.* If the petition seeks a broadening of the issues and shows that they would not thereby be unduly broadened, and in respect thereof seeks affirmative relief, the petition should be filed in time to permit service upon and answer by the parties in advance of the hearing.

(e) *Copies; service; replies.* When a petition for leave to intervene is tendered at the hearing, sufficient copies of the petition must be provided for distribution to the parties represented at the hearing. When a petition for leave to intervene is not tendered at the hearing, the petition should be submitted

to the Board together with a certificate that service has been made by petitioner. Any reply in opposition to a petition for leave to intervene not tendered at the hearing must be filed within 20 days after service of the petition to intervene. At the discretion of the Board, leave to intervene may be granted or denied before the expiration of the time allowed for replies.

(f) *Disposition.* Leave to intervene will be granted only when the petitioner addresses issues reasonably pertinent to the issues already presented and which do not unduly broaden them. If leave is granted the petitioner becomes an intervenor and a party to the proceeding.

§ 1113.8 Witness examination; order of procedure.

Witnesses will be orally examined under oath before the officer unless the facts are presented to the Board in the manner provided under modified procedure. In formal complaint, application, and investigation proceedings, complainant, applicant, and respondent, respectively, shall open and close at the hearing. In the event of further hearings granted on petition, the petitioners requesting further hearing shall open and close the proceeding. Instances exist in which parties other than the respondent may open and close in investigations where the burden of proof is not upon the respondent. Intervenor shall follow the party on whose behalf the intervention is made. The foregoing order of presentation may be varied by the officer.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996; 81 FR 8854, Feb. 23, 2016]

§ 1113.9 Prepared statements.

With the approval of the officer, a witness may read into the record, as his testimony, statements of fact or expressions of opinion prepared by the witness, or written answers to interrogatories of counsel. A prepared statement of a witness who is present at the hearing may be received as an exhibit, provided that the statement does not include argument. Before any such

§ 1113.10

statement is read or admitted in evidence, the witness shall deliver to the officer, the reporter, and to opposing counsel, as may be directed by the officer, a copy of such statement or of such interrogatories and the written answers thereto. The admissibility of the evidence contained in such statement will be subject to the same rules as if such testimony was produced orally, including the right of cross-examination of the witness. The officer may require that the witness testify orally if, in the officer's opinion, the memory or demeanor of the witness may be of importance.

§ 1113.10 Records in other Board proceedings.

A portion of the record before the Board in another proceeding may be offered in evidence at an oral hearing. A party making such an offer must provide, as an exhibit, a certified copy of the material sought to be introduced. A hearing officer may waive the requirement that a copy be provided, subject to such conditions as he or she may impose to assure that a copy will be available later, if needed, at no expense to the Board and to assure that the interests of other parties are not prejudiced. An offer of evidence under this section will be subject to objection by other parties.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996]

§ 1113.11 Abstracts of documents.

When documents, such as freight bills or bills of lading, are numerous, the officer may refuse to receive all the documents in evidence and instead admit only a limited number of representative documents. He may instruct, if the proffer be for the purpose of proving damages, that introduction be deferred until there is opportunity to comply with § 1133.2. If the proffer be for another purpose the officer may require the party in orderly fashion to abstract the relevant data from the documents, affording other parties reasonable opportunity to examine both the documents and the abstract, and

49 CFR Ch. X (10–1–21 Edition)

thereupon offer such abstract in evidence in exhibit form.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996; 81 FR 8854, Feb. 23, 2016]

§ 1113.12 Exhibits.

(a) *Copies.* Unless the officer otherwise directs, the original and 10 copies of each exhibit of a documentary character should be furnished for the use of the Board. The original will be delivered to the reporter, and the copy to the officer. If the hearing is before a board, a copy of the exhibit should be furnished to each member of the board, unless the board otherwise directs. Unless the officer for cause directs otherwise, a reasonable number of copies should be furnished to counsel in attendance at the hearing.

(b) *Interchange prior to hearing.* Whenever practicable, the parties should interchange copies of exhibits or other pertinent material or matter before or at the commencement of the hearing; and the Board or presiding officer may so direct.

(c) *When excluded how treated.* When exhibit has been identified, objected to, and excluded, the officer will develop whether the party offering the exhibit withdraws the offer, and if so, permit the return of the exhibit to him. If the excluded exhibit is not withdrawn, it should be given an exhibit number for identification and be incorporated in the record. Exhibit numbers once used for identification will not be duplicated thereafter.

[47 FR 49559, Nov. 1, 1982, as amended at 53 FR 19301, May 27, 1988; 61 FR 52712, Oct. 8, 1996]

§ 1113.13 Filing evidence subsequent to hearing.

Except as provided in this section or as expressly may be permitted in a particular instance, the Board will not receive in evidence or consider as part of the record any documents, letters, or other writings submitted for consideration in connection with any proceeding after close of the hearing, and may return any such documents to the sender. Before the close of a hearing the officer may, at the request of a party or upon his own motion, or upon agreement of the parties, require that

Surface Transportation Board

§ 1113.18

a party furnish additional documentary evidence that supplements the existing record, within a stated period of time. Documentary evidence to be furnished in this way will be given an exhibit number at the time of filing and the parties advised accordingly.

[47 FR 49559, Nov. 1, 1982, as amended at 53 FR 19301, May 27, 1988; 61 FR 52712, Oct. 8, 1996; 84 FR 12944, Apr. 3, 2019]

§ 1113.14 Objections to rulings.

It is sufficient that a party, at the time the ruling is made or sought, make known to the officer on the record the action which he desires the officer to take or his objection to the action of the officer and his grounds for that objection. An objection not pressed in brief will be considered as waived. Where no brief is filed an objection will be considered as waived if not pressed in an appeal or reply to an appeal, if filed, or in a separate petition dealing only with that objection.

§ 1113.15 Interlocutory appeals.

Rulings of the presiding officer may be appealed prior to service of the initial decision only if:

- (a) The ruling denies or terminates any person's participation,
- (b) The ruling grants a request for the inspection of documents not ordinarily available for public inspection,
- (c) The ruling overrules an objection based on privilege, the result of which ruling is to require the presentation of testimony or documents, or
- (d) The presiding officer finds that the ruling may result in substantial irreparable harm, substantial detriment to the public interest, or undue prejudice to a party.

§ 1113.16 Oral argument before the hearing officer.

At the discretion of the hearing officer and upon reasonable notice to the parties, oral argument may be made at the close of testimony before him as an alternative to the filing of written briefs. Such argument, which should include requested findings and conclusions, will be recorded and made a part of the transcript of testimony, and will be available to the Board for consideration in deciding the case. The making

of such argument will not preclude oral argument before the Board.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996]

§ 1113.17 Transcript of record.

(a) *Filing.* After the close of the hearing, the complete transcript of the testimony taken and the exhibits shall be part of the record in the proceeding.

(b) *Corrections.* A suggested correction in a transcript ordinarily will be considered only if offered not later than 20 days after the date each transcript is filed with the Board. A copy of the letter (original only need be filed with the Board) requesting the suggested corrections should be served upon all parties of record and with 2 copies to the official reporter.

(c) *Objections to corrections.* Parties disagreeing with corrections suggested pursuant to paragraph (b) of this section should file written objections in the same manner as suggested corrections are to be filed. Objections to suggested corrections should be filed not later than 15 days after the filing with the Board of suggested corrections. If no objections are timely filed, the Office of Proceedings shall make the suggested corrections to the transcript. If objections are timely filed, the officer who presided at the hearing shall determine the merits of the suggested correction and enter an appropriate decision in the proceeding.

(d) *No free copies.* The Board will not furnish free copies of the transcript to any party to any proceeding.

[47 FR 49559, Nov. 1, 1982, as amended at 61 FR 52712, Oct. 8, 1996; 74 FR 52907, Oct. 15, 2009]

§ 1113.18 Briefs.

(a) *When filed.* In a proceeding which has been the subject of oral hearing, and in which briefs are to be filed, that fact will be stated by the officer on the record. The officer shall fix the time for filing briefs. Simultaneous filing will normally be required, and reply briefs will not normally be permitted.

(b) *Evidence abstract.* A brief filed after a hearing may contain an abstract of the evidence relied upon by the party filing it, preferably assembled by subjects, with reference to the

§ 1113.19

pages of the record, if written, or exhibit where the evidence appears. In the event the party elects not to include a separate abstract in his brief, he should give specific reference to the portions of the record, whether transcript or otherwise, relied upon in support of the respective statements of fact made throughout the brief.

(c) *Requested findings.* Each brief should include such requests for specific findings, separately stated and numbered, as the party desires the Board to make.

(d) *Exhibit reproduction.* Exhibits should not be reproduced in the brief, but may be shown, within reasonable limits, in an appendix to the brief. Analysis of such exhibits should be included in the brief where pertinent.

§ 1113.19 Pleadings: part of the record.

Matters of fact that are verified and filed prior to oral hearing and that are not specifically denied constitute evidence and are part of the record. A witness, who would present such evidence, must be made available for cross-examination if a request is reasonably made. This rule does not apply to protests against tariffs or schedules.

Subpart A—General Rules of Evidence

§ 1114.1 Admissibility.

Any evidence which is sufficiently reliable and probative to support a decision under the provisions of the Administrative Procedure Act, or which would be admissible under the general statutes of the United States, or under the rules of evidence governing proceedings in matters not involving trial by jury in the courts of the United States, will be admissible in hearings before the Board. The rules of evidence will be applied in any proceeding to the end that necessary and proper evidence will be conveniently, inexpensively, and speedily produced, while preserving the substantial rights of the parties.

[47 FR 49562, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996]

§ 1114.2 Official records.

An official record or an entry therein, when admissible for any purpose, may be evidenced by an official publication thereof or by a copy attested by the officer having the legal custody of the record, or by a deputy, and accompanied with a certificate that such officer has the custody. If the office in which the record is kept is within the United States or within a territory or insular possession subject to the dominion of the United States, the certificate may be made by a judge of a court of record of the district or political subdivision in which the record is kept, authenticated by the seal of the court, or may be made by any public officer having a seal of office and having official duties in the district or political subdivision in which the record

Surface Transportation Board

§ 1114.7

is kept, authenticated by the seal of his office. If the office in which the record is kept is in a foreign state or country, the certificate may be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent or by officer in the foreign service of the United States stationed in the foreign state or country in which the record is kept, and authenticated by the seal of his office. A written statement signed by an officer having the custody of an official record or by his deputy that after diligent search no record or entry of a specified tenor is found to exist in the records of his office, accompanied by a certificate as above provided, is admissible as evidence that the records of this office contain no such record or entry. This section does not prevent the proof of official records or of entry or lack of entry therein or official notice thereof by a method authorized by any applicable statute or by the rules of evidence.

§ 1114.3 Admissibility of business records.

Any writing or record, whether in the form of an entry in a book or otherwise, made as a memorandum or record of any act, transaction, occurrence, or event, will be admissible as evidence thereof if it appears that it was made in the regular course of business, and that it was the regular course of business to make such memorandum or record at the time such record was made, or within a reasonable time thereafter.

§ 1114.4 Documents in Board's files.

If a party offers in evidence any matter contained in a report or other document open to public inspection in the files of the Board, such report or other document need not be made available at the hearing.

[47 FR 49562, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996]

§ 1114.5 Records in other Board proceedings.

If any portion of the record before the Board in any proceeding other than the proceeding at issue is offered in

evidence, a true copy will be presented for the record.

[47 FR 49562, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996]

§ 1114.6 Official notice of corroborative material.

The Board or a hearing officer may take notice of official records, records in other Board proceedings, or other materials which are otherwise subject to specific rules governing admissibility regardless of compliance with the full technical provisions of such rules, where the admissibility of the evidence is for purposes of corroboration of testimony presented or to evaluate the credibility of testimony or allegations made in proceedings where the public interest is not otherwise adequately represented by counsel capable of fully complying with such rules.

[47 FR 49562, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996]

§ 1114.7 Exhibits.

Whenever practical the sheets of each exhibit and the lines of each sheet should be numbered. If the exhibit consists of five or more sheets, the first sheet or title-page should be confined to a brief statement of what the exhibit purports to show with reference by sheet and line to illustrative or typical examples contained therein. The exhibit should bear an identifying number, letter, or short title which will readily distinguish it from other exhibits offered by the same party. It is desirable that, whenever practicable, evidence should be condensed into tables. Whenever practicable, especially in proceedings in which it is likely that many documents will be offered, all the documents produced by a single witness should be assembled and bound together, suitably arranged and indexed, so that they may be identified and offered as one exhibit. Exhibits should not be argumentative and should be limited to statements of facts, and be relevant and material to the issue, which can better be shown in that form than by oral testimony.

[47 FR 49562, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996]

Subpart B—Discovery

§ 1114.21 Applicability; general provisions.

(a) *When discovery is available.* (1) Parties may obtain discovery under this subpart regarding any matter, not privileged, which is relevant to the subject matter involved in a proceeding other than an informal proceeding. For the purpose of this subchapter, informal proceedings are those not required to be determined on the record after hearing and include informal complaints and all proceedings assigned for initial disposition to employee boards under § 1011.5.

(2) It is not grounds for objection that the information sought will be inadmissible as evidence if the information sought appears reasonably calculated to lead to the discovery of admissible evidence.

(3) In cases using the simplified standards Three-Benchmark method, the number of discovery requests that either party can submit is limited as set forth in §§ 1114.22, 1114.26, and 1114.30, absent advance authorization from the Board.

(b) *How discovery is obtained.* All discovery procedures may be used by parties without filing a petition and obtaining prior Board approval.

(c) *Protective conditions.* Upon motion by any party, by the person from whom discovery is sought, or by any person with a reasonable interest in the data, information, or material sought to be discovered and for good cause shown, any order which justice requires may be entered to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, or to prevent the raising of issues untimely or inappropriate to the proceeding. Relief through a protective order may include one or more of the following:

- (1) That the discovery not be had;
- (2) That the discovery may be had only on specified terms and conditions, including a designation of the time and place;
- (3) That the discovery may be had only upon such terms and conditions as the Board may impose to insure financial responsibility indemnifying the party or person against whom dis-

covery is sought to cover the reasonable expenses incurred;

(4) That the discovery may be had only by a method other than that selected by the party seeking discovery;

(5) That certain matters not be inquired into or that the scope of discovery be limited to certain matters;

(6) That discovery be conducted with no one present except persons designated in the protective order;

(7) That a deposition after being sealed be opened only by order of the Board;

(8) That a trade secret or other confidential research development or commercial information not be disclosed or be disclosed only in a designated way; and

(9) That the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened only upon direction or order of the Board.

If the motion for a protective order is denied in whole or in part, the Board may, on such terms and conditions as it deems just, enter an order requiring any party or person to provide or permit discovery. A protective order under this paragraph may only be sought after, or in conjunction with, an effort by any party to obtain relief under § 1114.24(a), § 1114.26(a), or § 1114.31.

(d) *Sequence and timing of discovery.* Unless the Board upon motion, and subject to the requirements at 49 CFR 1111.2(f) and 1111.5(f) in stand-alone cost cases, for the convenience of parties and witnesses and in the interest of justice, orders otherwise, methods of discovery may be used in any sequence and the fact that a party is conducting discovery, whether by deposition or otherwise, should not operate to delay any party's discovery.

(e) *Stipulations regarding discovery.* Unless otherwise ordered, a written stipulation entered into by all the parties and filed with the Board may:

(1) Provide that depositions be taken before any person, at any time or place, upon sufficient notice, and in any manner and when so taken may be used like other depositions; and

(2) Modify the procedures provided by these rules for other methods of discovery.

Surface Transportation Board

§ 1114.24

(f) *Service of discovery materials.* Unless otherwise ordered by the Board, and subject to the requirements at 49 CFR 1111.2(f) and 1111.5(f) in stand-alone cost cases, depositions, interrogatories, requests for documents, requests for admissions, and answers and responses thereto, shall be served on other counsel and parties, but shall not be filed with the Board. Any such materials, or portions thereof, should be appended to the appropriate pleading when used to support or to reply to a motion, or when used as an evidentiary submission.

[47 FR 49562, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996; 72 FR 51377, Sept. 7, 2007; 81 FR 8854, Feb. 23, 2016; 82 FR 57381, Dec. 5, 2017]

§ 1114.22 Deposition.

(a) *Purpose.* The testimony of any person, including a party, may be taken by deposition upon oral examination.

(b) *Request.* A party requesting to take a deposition and perpetuate testimony:

(1) Should notify all parties to the proceeding and the person sought to be deposed; and

(2) Should set forth the name and address of the witness, the place where, the time when, the name and office of the officer before whom, and the cause or reason why such deposition will be taken.

(c) *Limitation under simplified standards.* In a case using the Three-Benchmark methodology, each party is limited to one deposition absent advance authorization from the Board.

[61 FR 52713, Oct. 8, 1996, as amended at 72 FR 51377, Sept. 7, 2007]

§ 1114.23 Depositions; location, officer, time, fees, absence, disqualification.

(a) *Where deposition should be taken.* Unless otherwise ordered or agreed to by stipulation, depositions should be taken in the city or municipality where the deponent is located.

(b) *Officer before whom taken.* Within the United States or within a territory or insular possession subject to the dominion of the United States, depositions should be taken before an officer authorized to administer oaths by the laws of the United States or of the

place where the examination is held. Within a foreign country, depositions may be taken before an officer or person designated by the Board or agreed upon by the parties by stipulation in writing to be filed with the Board.

(c) *Fees.* A witness whose deposition is taken pursuant to these rules and the officer taking same, unless he be employed by the Board, shall be entitled to the same fee paid for like service in the courts of the United States, which fee should be paid by the party at whose instance the deposition is taken.

(d) *Failure to attend or to serve subpoena; expenses.* (1) If the party who filed a petition for discovery fails to attend and proceed with the taking of the deposition and another party attends in person or by representative pursuant to an order of the Board granting discovery the Board may order the party who filed the petition to pay to such other party the reasonable expenses incurred by him and his representative in so attending, including reasonable attorney's fees.

(2) If the party who filed a petition for discovery fails to serve a subpoena upon the witness and the witness because of such failure does not attend, and if another party attends in person or by representative because he expects the deposition of the witness to be taken, the Board may order the party who filed the petition to pay to such other party the reasonable expenses incurred by him and his representative in so attending, including reasonable attorney's fees.

(e) *Disqualification for interest.* No deposition should be taken before a person who is a relative or employee or representative or counsel of any of the parties, or is a relative or employee of such representative or counsel or is financially interested in the proceeding.

[47 FR 49562, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996]

§ 1114.24 Depositions; procedures.

(a) *Examination.* Examination and cross-examination of witnesses should proceed as permitted at a hearing and should be limited to the subject matter specified in the order granting discovery. All objections made at the

time of the examination to the qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented, or to the conduct of any party, and any other objection to the proceedings, should be noted by the officer upon the deposition. Evidence objected to should be taken subject to the objections. In lieu of participating in the oral examination, parties may serve written questions in a sealed envelope on the party taking the deposition, and shall transmit them to the officer, who shall open the sealed envelope, propound the questions to the witness, and record the answers verbatim.

(b) *Use of depositions.* At the hearings, any part or all of a deposition, so far as admissible under the rules of evidence, may be used against any party who was present or represented at the taking of the deposition or who had due notice thereof, in accordance with any one of the following provisions:

(1) Any deposition may be used by any party for the purpose of contradicting or impeaching the testimony of the deponent as a witness.

(2) The deposition of a party or of anyone who at the time of taking the deposition was an officer, director, or managing agent, or a person designated to testify on behalf of a public or private corporation, partnership, association or governmental agency (other than this Board, except in those instances where the Board itself is a party to the proceeding) which is a party, may be used by an adverse party for any purpose.

(3) The deposition of a witness, whether or not a party, may be used by any party for any purpose if the presiding officer or Board finds:

- (i) That the witness is dead; or
- (ii) That the witness is at a greater distance than 100 miles from the place of hearing or is out of the United States, unless it appears that the absence of the witness was procured by the party offering the deposition; or
- (iii) That the witness is unable to attend or testify because of age, illness, infirmity, or imprisonment; or
- (iv) That the party offering the deposition has been unable to procure the attendance of the witness by subpoena; or

(v) Upon application and notice, that such exceptional circumstances exist as to make it desirable, in the interest of justice and with due regard to the importance of presenting the testimony of witness orally at public hearing, to allow the deposition to be used.

(4) If only part of a deposition is offered in evidence by a party, an adverse party may require him to introduce any other part which ought in fairness to be considered with the part introduced, and any party may introduce any other parts. Substitution of parties does not affect the right to use depositions previously taken.

(c) *Effect of taking or using depositions.* A party should not be deemed to make a person his own witness for any purpose by taking his deposition. The introduction in evidence of the deposition or any part thereof for any purpose other than that of contradicting or impeaching the deponent makes the deponent the witness of the party introducing the deposition, but this should not apply to the use of an adverse party of a deposition under paragraph (b)(2) of this section. At the hearing any party may rebut any relevant evidence contained in a deposition whether introduced by him or by any other party.

(d) *Motions to protect.* At any time during the taking of the deposition, on motion of any party or of the deponent and upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, the Board may order the officer conducting the examination to cease forthwith from taking the deposition, or may limit the scope and manner of the taking of the deposition as provided in §1114.21(c). If the order made terminates the examination, it should be resumed thereafter only if so ordered. Upon demand of the objecting party or deponent, the taking of the deposition should be suspended for the time necessary to make a motion for an order.

(e) *Recordation.* The officer before whom the deposition is to be taken shall observe the provisions of §1113.6 respecting appearances and typographical specifications, shall put the

Surface Transportation Board

§ 1114.25

witness under oath, and shall personally, or by someone acting under his direction and in his presence, record and transcribe the testimony of the witness as required by these rules.

(f) *Signing.* When the testimony is fully transcribed or otherwise recorded, the deposition should be submitted to the witness for examination and should be read to or by him unless such examination and reading are waived by the witness and the parties. Any changes in form or substance which the witness desires to make should be entered upon the deposition by the officer with a statement of the reasons given by the witness for making them. The witness shall then sign the deposition, unless the parties by stipulation waive the signing or the witness is ill or cannot be found or refuses to sign. If the deposition is not signed by the witness within 15 days of its submission to him, the officer shall sign it and state on the record the fact of the waiver or of the illness or absence of the witness or the fact of the refusal to sign together with the reason, if any, given therefor; and the deposition may then be used fully as though signed, unless, on a motion to suppress, it is found that the reasons given for refusal to sign require rejection of the deposition in whole or in part.

(g) *Attestation.* The officer shall certify on the deposition that the witness was duly sworn by him and that the deposition is a true record of the testimony given by the witness, and that the officer is: (1) not a relative, employee, representative or counsel of any of the parties, (2) not a relative or employee of such representative or counsel, and (3) not financially interested in the proceeding.

(h) *Return.* The officer shall securely seal the deposition in an envelope endorsed with sufficient information to identify the proceeding and marked "Deposition of (here insert name of witness)" and shall either personally deliver or promptly send the original and one copy of all exhibits by registered mail to the Office of Proceedings. A deposition to be offered in evidence must reach the Board not later than 5 days before the date it is to be so offered.

(i) *Notice.* The party taking the deposition shall give prompt notice of its filing to all other parties.

(j) *Copies.* Upon payment of reasonable charges, the officer before whom the deposition is taken shall furnish a copy of it to any interested party or to the deponent.

§ 1114.25 Effect of errors and irregularities in depositions.

(a) *As to disqualification of officer.* Objection to taking a deposition because of disqualification of the officer before whom it is to be taken is waived unless made before the taking of the deposition begins or as soon thereafter as the disqualification becomes known or could be discovered with reasonable diligence.

(b) *As to taking of deposition.* (1) Objections to the competency of a witness or to the competency, relevancy, or materiality of testimony are not waived by failure to make them before or during the taking of the deposition, unless the ground of the objection is one which might have been obviated or removed if presented at that time.

(2) Errors and irregularities occurring at the oral examination in the manner of taking the deposition, in the form of the questions or answers in the oath or affirmation, or in the conduct of parties, and errors of any kind which might be obviated, removed, or cured if promptly presented, are waived unless reasonable objection thereto is made at the taking of the deposition.

(c) *As to completion and return of deposition.* Objections to errors and irregularities in the manner in which the testimony is transcribed or the deposition is prepared, signed, certified, sealed, endorsed, transmitted, filed, or otherwise dealt with by the officer under § 1114.23 and 1114.24 are waived unless a motion to suppress the deposition or some part thereof is made with reasonable promptness after such defect is, or with due diligence might have been, ascertained.

§ 1114.26 Written interrogatories to parties.

(a) *Availability; procedures for use.* Subject to the provisions of § 1114.21(a), any party may serve upon any other party written interrogatories to be answered by the party served, or if the party served is a public or private corporation, partnership, association, or Governmental agency (other than this Board, except in those instances where the Board itself is a party to the proceeding), by any officer or agent, who shall furnish such information as is available to the party. Each interrogatory should be answered separately and fully in writing, unless it is objected to, in which event the reasons for objection should be stated in lieu of an answer. The answers are to be signed by the person making them and subscribed by an appropriate verification generally in the form prescribed in § 1112.9. Objections are to be signed by the representative or counsel making them. The person upon whom the interrogatories have been served shall serve a copy of the answers and objections within the time period designated by the party submitting the interrogatories, but not less than 15 days after the service thereof.

(b) *Option to produce business records.* Where the answer to an interrogatory may be derived or ascertained from the business records of the party upon whom the interrogatory has been served or from an examination, audit, or inspection of such business records or from a compilation, abstract, or summary based thereon, and the burden of deriving or ascertaining the answer is substantially the same for the party serving the interrogatory as for the party served, it is a sufficient answer to such interrogatory to specify the records from which the answer may be derived or ascertained and to afford to the party serving the interrogatory reasonable opportunity to examine, audit, or inspect such records and to make copies thereof, or compilation, abstracts, or summaries therefrom. If information sought is contained in computer runs, punchcards, or tapes which also contain privileged or proprietary information or information the disclosure of which is proscribed by the act, it will be sufficient response under

these rules that the person upon whom the interrogatory has been served is willing to make available to and permit an independent professional organization not interested in the proceeding and paid by the party serving the interrogatory to extract from such runs, punchcards, or tapes the information sought in the interrogatory that is not privileged or proprietary information or information the disclosure of which is proscribed by the act.

(c) *Service of interrogatories in those proceedings not requiring a petition.* No written interrogatories shall be served within 20 days prior to the date assigned for commencement of hearing or the filing of opening statements of fact and argument under the modified procedure, and when the written interrogatories are to be served in a foreign country, they shall not be served within 40 days prior to such date.

(d) *Limitation under simplified standards.* In a case using the Three-Benchmark methodology, each party is limited to ten interrogatories (including subparts) absent advance authorization from the Board.

[47 FR 49562, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996; 72 FR 51377, Sept. 7, 2007; 81 FR 8855, Feb. 23, 2016]

§ 1114.27 Request for admission.

(a) *Availability; procedures for use.* Subject to the provisions of § 1114.21(a), a party may serve upon any other party a written request for the admission, for purposes of the pending proceeding only, of the truth of any matters within the scope of § 1114.21 set forth in the request, including the genuineness of any documents described in the request for admission. Copies of documents should be served with the request unless they have been or are otherwise furnished or made available for inspection and copying. Each matter of which an admission is requested should be separately set forth. The matter is admitted unless, within a period designated in the request, not less than 15 days after service thereof, the party to whom the request is directed serves upon the party requesting the admission a written answer or objection addressed to the matter, signed by the party or his representative or counsel. If objection is

made, the reasons therefor should be stated. The answer should specifically deny the matter or set forth in detail the reasons why the answering party cannot truthfully admit or deny the matter. A denial should fairly meet the substance of the requested admission, and when good faith requires that a party qualify his answer or deny only a part of the matter of which an admission is requested, he shall specify so much of it as is true and qualify or deny the remainder. An answering party may not give lack of information or knowledge as a reason for failure to admit or deny unless he states that he has made reasonable inquiry and that the information known or readily obtainable by him is insufficient to enable him to admit or deny. A party who considers that a matter of which an admission has been requested presents a genuine issue for hearing may not, on that ground alone, object to the request; he may, subject to the provisions of § 1114.31, deny the matter or set forth reasons why he cannot admit or deny it.

(b) *Effect of admission.* Any matter admitted under this rule is conclusively established unless upon petition and a showing of good cause the Board enters an order permitting withdrawal or amendment of the admission. Any admission made by a party under this rule is for the purpose of the pending proceeding only and is not an admission by him for any other purpose nor may it be used against him in any other proceeding.

(c) *Service of written requests for admission in those proceedings not requiring a petition.* No requests for admission should be served within 20 days prior to the date assigned for commencement of hearing or the filing of opening statements of fact and argument under the modified procedure, and when requests for admission are to be served in a foreign country they should not be served within 40 days prior to such date.

[47 FR 49562, Nov. 1, 1982, as amended at 61 FR 52713, Oct. 8, 1996; 81 FR 8855, Feb. 23, 2016]

§ 1114.28 Depositions, requests for admission, written interrogatories, and responses thereto: inclusion in record.

At the oral hearing, or upon the submission of statements under the modified procedure, depositions, requests for admission and written interrogatories, and respective responses may be offered in evidence by the party at whose instance they were taken. If not offered by such party, they may be offered in whole or in part by any other party. If only part of a deposition, request for admission or written interrogatory, or response thereto is offered in evidence by a party, any other party (where the matter is being heard orally) may require him to introduce all of it which is relevant to the part introduced, and any party may introduce any other parts. Such depositions, requests for admission and written interrogatories, and responses thereto should be admissible in evidence subject to such objections as to competency of the witness, or competency, relevancy, or materiality of the testimony as were noted at the time of their taking or are made at the time they are offered in evidence.

§ 1114.29 Supplementation of responses.

A party who has responded to a request for discovery with a response that was complete when made is under a duty to supplement his response to include information thereafter acquired in the following instances:

(a) A party is under a duty seasonably to supplement his response with respect to any question directly addressed to:

(1) The identity and locations of persons having knowledge of discoverable matters, and

(2) The identity of each person expected to be called as an expert witness at the hearing, the subject matter on which he is expected to testify, and the substance of his testimony.

(b) A party who knows or later learns that his response is incorrect is under a duty seasonably to correct his response.

(c) A duty to supplement responses may be imposed by order, agreement of the parties, or at any time prior to the

hearing or the submission of verified statements under the modified procedure through new requests for supplementation of prior responses.

§ 1114.30 Production of documents and records and entry upon land for inspection and other purposes.

(a) *Scope.* Any party may serve on any other party a request:

(1) To produce and permit the party making the request to inspect any designated documents (including writings, drawings, graphs, charts, photographs, phonograph records, tapes, and other data compilations from which information can be obtained, translated, if necessary, with or without the use of detection devices into reasonably usable form), or to inspect and copy, test, or sample any tangible things which are in the possession, custody, or control of the party upon whom the request is served, but if the writings or data compilations include privileged or proprietary information or information the disclosure of which is proscribed by the Act, such writings or data compilations need not be produced under this rule but may be provided pursuant to § 1114.26(b) of this part; or

(2) To permit, subject to appropriate liability releases and safety and operating considerations, entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspecting and measuring, surveying, photographing, testing, or sampling the property or any designated object or operation thereon.

(b) *Procedure.* Any request filed pursuant to this rule should set forth the items to be inspected either by individual item or by category and describe each item and category with reasonable particularity. The request should specify a reasonable time, place, and manner of making the inspection and performing the related acts.

(c) *Limitation under simplified standards.* In a case using the Three-Benchmark methodology, each party is limited to ten document requests (including subparts) absent advance authorization from the Board.

(d) *Agreements containing interchange commitments.* In any proceeding involving the reasonableness of provisions re-

lated to an existing rail carrier sale or lease agreement that serve to induce a party to the agreement to interchange traffic with another party to the agreement, rather than with a third-party connecting carrier, whether by outright prohibition, per-car penalty, adjustment in the purchase price or rental, positive economic inducement, or other means, a party to the proceeding with a need for the information may obtain a confidential, complete version of the agreement, with the prior approval of the Board. The party seeking such approval must file an appropriate motion containing an explanation of the party's need for the information and a draft protective order and undertaking(s) that will ensure the agreement is kept confidential. The motion seeking approval may be filed at any time after the initial complaint or petition, including before the answer to the complaint or petition is due. A reply to such a motion must be filed within 5 days thereafter. The motion will be considered by the Board in an expedited manner.

[61 FR 52713, Oct. 8, 1996, as amended at 72 FR 51377, Sept. 7, 2007; 73 FR 31034, May 30, 2008]

§ 1114.31 Failure to respond to discovery.

(a) *Failure to answer.* If a deponent fails to answer or gives an evasive answer or incomplete answer to a question propounded under § 1114.24(a), or a party fails to answer or gives evasive or incomplete answers to written interrogatories served pursuant to § 1114.26(a), the party seeking discovery may apply for an order compelling an answer by motion filed with the Board and served on all parties and deponents. Such motion to compel an answer must be filed with the Board and served on all parties and deponents. Such motion to compel an answer must be filed with the Board within 10 days after the failure to obtain a responsive answer upon deposition, or within 10 days after expiration of the period allowed for submission of answers to interrogatories. On matters relating to a deposition on oral examination, the proponent of the question may complete or adjourn the examination before he applies for an order.

Surface Transportation Board

§ 1114.31

(1) *Reply to motion to compel generally.* Except in rate cases to be considered under the stand-alone cost methodology or simplified standards, the time for filing a reply to a motion to compel is governed by 49 CFR 1104.13.

(2) *Motions to compel in stand-alone cost and simplified standards rate cases.*

(i) Motions to compel in stand-alone cost and simplified standards rate cases must include a certification that the movant has in good faith conferred or attempted to confer with the person or party failing to answer discovery to obtain it without Board intervention.

(ii) In a rate case to be considered under the stand-alone cost or simplified standards methodologies, a reply to a motion to compel must be filed with the Board within 10 days of when the motion to compel is filed.

(3) *Conference with parties on motion to compel.* Within 5 business days after the filing of a reply to a motion to compel in a rate case to be considered under the stand-alone cost methodology or under the simplified standards, Board staff may convene a conference with the parties to discuss the dispute, attempt to narrow the issues, and gather any further information needed to render a ruling.

(4) *Ruling on motion to compel in stand-alone cost and simplified standards rate cases.* Within 5 business days after a conference with the parties convened pursuant to paragraph (a)(3) of this section, the Director of the Office of Proceedings will issue a summary ruling on the motion to compel discovery. If no conference is convened, the Director of the Office of Proceedings will issue this summary ruling within 10 days after the filing of the reply to the motion to compel. Appeals of a Director's ruling will proceed under 49 CFR 1115.9, and the Board will attempt to rule on such appeals within 20 days after the filing of the reply to the appeal.

(b) *Failure to comply with order.* (1) If a party or other witness refuses to be sworn or refuses to answer any question after being directed to do so by the Board, such refusal may subject the refusing party or person to action by the Board under 49 U.S.C. 1321(c) and (d) to compel appearance and compliance with the Board's order.

(2) If any party or an officer, director, managing agent, or employee of a party or person refuses to obey an order made under paragraph (a) of this section requiring him to answer designated questions, or an order made under § 1114.30 requiring him to produce any document or other thing for inspection, copying, testing, sampling, or photographing or to permit it to be done, or to permit entry upon land or other property, the Board may make such orders in regard to the refusal as are just, and among others the following:

(i) An order that the matters regarding which questions were asked, or the character or description of the thing or land, or the contents of the paper, or any other designated facts should be taken to be established for the purposes of the proceeding in accordance with the claim of the party obtaining the order:

(ii) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him from introducing in evidence designated documents or things or items of testimony:

(iii) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the proceedings or any party thereof.

(iv) In lieu of any of the foregoing orders, or in addition thereto, the Board shall require the party failing to obey the order or the attorney advising that party, or both, to pay the reasonable expenses, including attorney's fees, caused by the failure, unless the Board finds that the failure was substantially justified or that other circumstances make an award of expenses unjust.

(c) *Expenses on refusal to admit.* If a party, after being served with a request under § 1114.27 to admit the genuineness of any document or the truth of any matter of fact, serves a sworn denial thereof, and if the party requesting the admission thereafter proves the genuineness of any such document or the truth of any such matter of fact the Board may order the party making such denial to pay to such other party the reasonable expenses incurred in making that proof, including reasonable attorney's fees.

(d) *Failure of party to attend or serve answers.* If a party or a person or an officer, director, managing agent, or employee of a party or person willfully fails to appear before the officer who is to take his deposition, after being served with a proper notice, or fails to serve answers to interrogatories submitted under §1114.26, after proper service of such interrogatories, the Board on motion and notice may strike out all or any part of any pleading of that party or person, or dismiss the proceeding or any part thereof. In lieu of any such order or in addition thereto, the Board shall require the party failing to act or the attorney advising that party or both to pay the reasonable expenses, including attorney's fees, caused by the failure, unless the Board finds that the failure was substantially justified or that other circumstances make an award of expenses unjust.

(e) *Expenses against United States.* Expenses and attorney's fees are not to be imposed upon the United States under this rule.

SOURCE: 47 FR 49568, Nov. 1, 1982, unless otherwise noted.

§ 1115.1 Scope of rule.

(a) These appellate procedures apply in cases where a hearing is required by

law or Board action. They do not apply to informal matters such as car service, temporary authority, suspension, special permission actions, or to other matters of an interlocutory nature. Abandonments and discontinuance proceedings instituted under 49 U.S.C. 10903 are governed by separate appellate procedures exclusive to those proceedings. (See 49 CFR part 1152)

(b) Requests for appellate relief may relate either to initial decisions or to Board actions other than initial decisions. For each category, this rule describes the types of appeal permitted, the requirements to be observed in filing an appeal, provisions for stay of the action, and the status of the action in the absence of a stay.

(c) Appeals from the decisions of employees acting under authority delegated to them by the Chairman of the Board pursuant to §1011.6 will be acted upon by the entire Board. Appeals must be filed within 10 days of the date of the action taken by the employee, and responses to appeals must be filed within 10 days thereafter. Such appeals are not favored; they will be granted only in exceptional circumstances to correct a clear error of judgment or to prevent manifest injustice.

[47 FR 49568, Nov. 1, 1982, as amended at 61 FR 52714, Oct. 8, 1996; 69 FR 12806, Mar. 18, 2004]

§ 1115.2 Initial decisions.

This category includes the initial decision of an administrative law judge, individual Board Member, or employee board.

(a) An appeal of right is permitted.

(b) Appeals must be based on one or more of the following grounds:

(1) That a necessary finding of fact is omitted, erroneous, or unsupported by substantial evidence of record;

(2) That a necessary legal conclusion, or finding is contrary to law, Board precedent, or policy;

(3) That an important question of law, policy, or discretion is involved which is without governing precedent; or

(4) That prejudicial procedural error has occurred.

(c) Appeals must detail the assailed findings with supporting citations to the record and authorities.

Surface Transportation Board

§ 1115.5

(d) Appeals and replies shall not exceed 30 pages in length, including argument, and appendices or other attachments, but excluding a table of cases and an index of subject matter.

(e) Appeals must be filed within 20 days after the service date of the decision or within any further period (not to exceed 20 days) the Board may authorize. Replies must be filed within 20 days of the date the appeal is filed.

(f) The timely filing of an appeal to an initial decision will stay the effect of the action pending determination of the appeal.

(g) If an appeal of an initial decision is not timely filed or the Board does not stay the effectiveness on its own motion, the order set forth in the initial decision shall become the action of the Board and be effective at the expiration of the time for filing, unless otherwise provided.

[47 FR 49568, Nov. 1, 1982, as amended at 54 FR 19894, May 9, 1989; 61 FR 52714, Oct. 8, 1996; 81 FR 8855, Feb. 23, 2016]

§ 1115.3 Board actions other than initial decisions.

(a) A discretionary appeal of an entire Board action is permitted. Such an appeal should be designated a “petition for reconsideration.”

(b) The petition will be granted only upon a showing of one or more of the following points:

(1) The prior action will be affected materially because of new evidence or changed circumstances.

(2) The prior action involves material error.

(c) The petition must state in detail the nature of and reasons for the relief requested. When, in a petition filed under this section, a party seeks an opportunity to introduce evidence, the evidence must be stated briefly and must not appear to be cumulative, and an explanation must be given why it was not previously adduced.

(d) The petition and any reply must not exceed 20 pages in length. A separate preface and summary of argument, not exceeding 3 pages, may accompany petitions and replies and must accompany those that exceed 10 pages in length.

(e) Petitions must be filed within 20 days after the service of the action or

within any further period (not to exceed 20 days) as the Board may authorize.

(f) The filing of a petition will not automatically stay the effect of a prior action, but the Board may stay the effect of the action on its own motion or on petition. A petition to stay may be filed in advance of the petition for reconsideration and shall be filed within 10 days of service of the action. No reply need be filed. However, if a party elects to file a reply, it must reach the Board no later than 16 days after service of the action. In all proceedings, the action, if not stayed, will become effective 30 days after it is served, unless the Board provides for the action to become effective at a different date. On the day the action is served parties may initiate judicial review.

[61 FR 52714, Oct. 8, 1996, as amended at 61 FR 58491, Nov. 15, 1996]

§ 1115.4 Petitions to reopen administratively final actions.

A person at any time may file a petition to reopen any administratively final action of the Board pursuant to the requirements of § 1115.3 (c) and (d) of this part. A petition to reopen must state in detail the respects in which the proceeding involves material error, new evidence, or substantially changed circumstances and must include a request that the Board make such a determination.

[61 FR 52714, Oct. 8, 1996]

§ 1115.5 Petitions for other relief.

(a) A party may petition for a stay of an action pending a request for judicial review, for extension of the compliance date, or for modification of the date the terms of the decision take effect. The reasons for the desired relief must be stated in the petition, and the petition must be filed not less than 10 days prior to the date the terms of the action take effect. No reply need be filed. If a party elects to file a reply, the reply must reach the Board no later than 5 days after the petition is filed.

(b) When the terms of a Board action take effect on less than 15 days’ notice, a petition for stay pending a request for judicial review must be filed prior to the institution of court action and

§ 1115.6

as close to the service date as practicable. No reply need be filed. Where time permits, a party may elect to file a reply.

(c) A petition or reply must not exceed 10 pages in length.

[47 FR 49568, Nov. 1, 1982, as amended at 61 FR 52714, Oct. 8, 1996]

§ 1115.6 Exhaustion of remedies and judicial review.

These rules do not relieve the requirement that a party exhaust its administrative remedies before going to court. Any action appealable as of right must be timely appealed. If an appeal, discretionary appeal, or petition seeking reopening is filed under § 1115.2 or § 1115.3 of this part, before or after a petition seeking judicial review is filed with the courts, the Board will act upon the appeal or petition after advising the court of its pendency unless action might interfere with the court's jurisdiction.

[47 FR 49568, Nov. 1, 1982, as amended at 61 FR 52714, Oct. 8, 1996]

§ 1115.7 Petitions for judicial review; mailing address.

Petitions for judicial review of final agency orders may be served on the Board pursuant to 28 U.S.C. 2112(a) and be addressed to "General Counsel, Office of the General Counsel, Surface Transportation Board, Washington, DC 20423."

[53 FR 20854, June 7, 1988, as amended at 61 FR 52714, Oct. 8, 1996]

§ 1115.8 Petitions to review arbitration decisions.

An appeal of right to the Board is permitted. The appeal must be filed within 20 days upon the Board of a final arbitration decision, unless a later date is authorized by the Board, and is subject to the page limitations of § 1115.2(d). For arbitrations authorized under part 1108 of this chapter, the Board's standard of review of arbitration decisions will be narrow, and relief will only be granted on grounds that the decision is inconsistent with sound principles of rail regulation economics, a clear abuse of arbitral authority or discretion occurred, the decision directly contravenes statutory author-

49 CFR Ch. X (10-1-21 Edition)

ity, or the award limitation was violated. For labor arbitration decisions, the Board's standard of review is set forth in *Chicago and North Western Transportation Company—Abandonment—near Dubuque & Oelwein, Iowa*, 3 I.C.C.2d 729 (1987), *aff'd sub nom. International Brotherhood of Electrical Workers v. Interstate Commerce Commission*, 862 F.2d 330 (D.C. Cir. 1988). The timely filing of a petition will not automatically stay the effect of the arbitration decision. A stay may be requested under § 1115.3(f).

[81 FR 69417, Oct. 6, 2016]

§ 1115.9 Interlocutory appeals.

(a) Rulings of Board employees, including administrative law judges, may be appealed prior to service of the initial decision only if:

(1) The ruling denies or terminates any person's participation;

(2) The ruling grants a request for the inspection of documents not ordinarily available for public inspection;

(3) The ruling overrules an objection based on privilege, the result of which ruling is to require the presentation of testimony or documents; or

(4) The ruling may result in substantial irreparable harm, substantial detriment to the public interest, or undue prejudice to a party.

(b) In stand-alone cost complaints or in cases filed under the simplified standards, any interlocutory appeal of a ruling shall be filed with the Board within three (3) business days of the ruling. Replies to any interlocutory appeal shall be filed with the Board within three (3) business days after the filing of any such appeal. In all other cases, interlocutory appeals shall be filed with the Board within seven (7) calendar days of the ruling and replies to interlocutory appeals shall be filed with Board within seven (7) calendar days after the filing of any such appeal as computed under 49 CFR 1104.7.

PART 1121—RAIL EXEMPTION PROCEDURES

Sec.

- 1121.1 Scope.
- 1121.2 Discovery.
- 1121.3 Content.
- 1121.4 Procedures.

AUTHORITY: 49 U.S.C. 10502 and 10704.

SOURCE: 61 FR 52714, Oct. 8, 1996, unless otherwise noted.

§ 1121.1 Scope.

These procedures generally govern petitions filed under 49 U.S.C. 10502 to exempt a transaction or service from 49 U.S.C. subtitle IV, or any provision of 49 U.S.C. subtitle IV, or to revoke an exemption previously granted. These procedures also apply to notices of exemption.

§ 1121.2 Discovery.

Discovery shall follow the procedures set forth at 49 CFR part 1114, subpart B. Discovery may begin upon the filing of the petition for exemption or petition for revocation of an exemption. In petitions to revoke an exemption, a party must indicate in the petition whether it is seeking discovery. If it is, the party must file its discovery requests at the same time it files its petition to revoke. Discovery shall be completed 30 days after the petition to revoke is filed. The party seeking discovery may supplement its petition to revoke 45 days after the petition is filed. Replies to the supplemental petition are due 15 days after the supplemental petition is filed.

§ 1121.3 Content.

(a) A party filing a petition for exemption shall provide its case-in-chief, along with its supporting evidence, workpapers, and related documents at the time it files its petition.

(b) A petition must comply with environmental or historic reporting and notice requirements of 49 CFR part 1105, if applicable.

(c) A party seeking revocation of an exemption or a notice of exemption shall provide all of its supporting information at the time it files its petition. Information later obtained through discovery can be submitted in a supple-

mental petition pursuant to 49 CFR 1121.2.

(d) *Interchange Commitments.* (1) The filing party must certify whether or not a proposed acquisition or operation of a rail line involves a provision or agreement that may limit future interchange with a third-party connecting carrier, whether by outright prohibition, per-car penalty, adjustment in the purchase price or rental, positive economic inducement, or other means (“interchange commitment”). If such a provision exists, the following additional information must be provided (the information in paragraphs (d)(1)(ii), (iv), (vii) of this section may be filed with the Board under 49 CFR 1104.14(a) and will be kept confidential without need for the filing of an accompanying motion for a protective order under 49 CFR 1104.14(b)):

(i) The existence of that provision or agreement and identification of the affected interchange points; and

(ii) A confidential, complete version of the document(s) containing or addressing that provision or agreement;

(iii) A list of shippers that currently use or have used the line in question within the last two years;

(iv) The aggregate number of carloads those shippers specified in paragraph (d)(1)(iii) of this section originated or terminated (confidential);

(v) A certification that the filing party has provided notice of the proposed transaction and interchange commitment to the shippers identified in paragraph (d)(1)(iii) of this section;

(vi) A list of third party railroads that could physically interchange with the line sought to be acquired or leased;

(vii) An estimate of the difference between the sale or lease price with and without the interchange commitment (confidential);

(viii) A change in the case caption so that the existence of an interchange commitment is apparent from the case title.

(2) To obtain information about an interchange commitment for use in a proceeding before the Board, a shipper or other affected party may be granted access to the confidential documents filed pursuant to paragraph (d)(1) of this section by filing, and serving upon

the petitioner, a “Motion for Access to Confidential Documents,” containing:

(i) An explanation of the party’s need for the information; and

(ii) An appropriate draft protective order and confidentiality undertaking(s) that will ensure that the documents are kept confidential.

(3) *Deadlines.* (i) Replies to a Motion for Access are due within 5 days after the motion is filed.

(ii) The Board will rule on a Motion for Access within 30 days after the motion is filed.

(iii) Parties must produce the relevant documents within 5 days of receipt of a Board approved, signed confidentiality agreement.

[61 FR 52714, Oct. 8, 1996, as amended at 73 FR 31034, May 30, 2008; 78 FR 54590, Sept. 5, 2013]

§ 1121.4 Procedures.

(a) Exemption proceedings are informal, and public comments are generally not sought during consideration of exemption petition proposals, except as provided in § 1121.4(c). However, the Board may consider during its deliberation any public comments filed in response to a petition for exemption.

(b) If the Board determines that the criteria in 49 U.S.C. 10502 are met for the proposed exemption, it will issue the exemption and publish a notice of exemption in the FEDERAL REGISTER.

(c)(1) If the impact of the proposed individual exemption cannot be ascertained from the information contained in the petition or accompanying submissions, or significant adverse impacts might occur if the proposed exemption were granted, the Board may, in its discretion:

(i) Direct that additional information be filed; or

(ii) Publish a notice in the FEDERAL REGISTER requesting public comments.

(2) If a petition for a new class exemption is filed, the Board will publish a notice in the FEDERAL REGISTER requesting public comments before granting the class exemption. This requirement does not pertain to individual notices of exemption filed under existing class exemptions. The Board may deny a request for a class exemption without seeking public comments.

(d) Exemption petitions containing proposals that are directly related to

and concurrently filed with a primary application will be considered along with that primary application.

(e) Unless otherwise specified in the decision, an exemption generally will be effective 30 days from the service date of the decision granting the exemption. Unless otherwise provided in the decision, petitions to stay must be filed within 10 days of the service date, and petitions for reconsideration or petitions to reopen under 49 CFR part 1115 or 49 CFR 1152.25(e) must be filed within 20 days of the service date.

(f) Petitions to revoke an exemption or the notice of exemption may be filed at any time. The person seeking revocation has the burden of showing that the revocation criteria of 49 U.S.C. 10502(d) have been met.

(g) In abandonment exemptions, petitions to revoke in part to impose public use conditions under 49 CFR 1152.28, or to invoke the Trails Act, 16 U.S.C. 1247(d), may be filed at any time prior to the consummation of the abandonment, except that public use conditions may not prohibit disposal of the properties for any more than the statutory limit of 180 days after the effective date of the decision granting the exemption.

(h) In transactions for the acquisition or operation of rail lines by Class II rail carriers under 49 U.S.C. 10902, the exemption may not become effective until 60 days after applicant certifies to the Board that it has posted at the workplace of the employees on the affected line(s) and served a notice of the transaction on the national offices of the labor unions with employees on the affected line(s), setting forth the types and numbers of jobs expected to be available, the terms of employment and principles of employee selection, and the lines that are to be transferred.

AUTHORITY: 49 U.S.C. 1321, 11144, 11701.

SOURCE: 81 FR 90239, Dec. 14, 2016, unless otherwise noted.

§ 1122.1 Definitions.

(a) *Board-Initiated Investigation* means an investigation instituted by the Board pursuant to an Order of Investigation and conducted in accordance with Section 12 of the Surface Transportation Board Reauthorization Act of 2015, now incorporated and codified at 49 U.S.C. 11701.

(b) *Formal Board Proceeding* means a public proceeding instituted by the Board pursuant to an Order to Show Cause after a Board-Initiated Investigation has been conducted.

(c) *Investigating officer(s)* means the individual(s) designated by the Board in an Order of Investigation to conduct a Board-Initiated Investigation.

(d) *Preliminary Fact-Finding* means an informal fact-gathering inquiry conducted by Board staff prior to the opening of a Board-Initiated Investigation.

§ 1122.2 Scope and applicability of this part.

This part applies only to matters subject to Section 12 of the Surface Transportation Board Reauthorization Act of 2015, 49 U.S.C. 11701.

§ 1122.3 Preliminary Fact-Finding.

The Board staff may, in its discretion, conduct nonpublic Preliminary Fact-Finding, subject to the provisions of § 1122.6, to determine if a matter presents an alleged violation that could be of national or regional significance and subject to the Board's jurisdiction under 49 U.S.C. Subtitle IV, Part A, and warrants a Board-Initiated Investigation. Board staff shall inform the subject of Preliminary Fact-Finding

that Preliminary Fact-Finding has commenced. Where it appears from Preliminary Fact-Finding that a Board-Initiated Investigation is warranted, staff shall so recommend to the Board. Where it appears from the Preliminary Fact-Finding that a Board-Initiated Investigation is not warranted, staff shall conclude its Preliminary Fact-Finding and notify any parties involved that the process has been terminated.

§ 1122.4 Board-Initiated Investigations.

The Board may, in its discretion, commence a nonpublic Board-Initiated Investigation of any matter of national or regional significance that is subject to the jurisdiction of the Board under 49 U.S.C. Subtitle IV, Part A, subject to the provisions of § 1122.6, by issuing an Order of Investigation. Orders of Investigation shall state the basis for the Board-Initiated Investigation and identify all Board staff who are authorized to conduct the investigation as Investigating Officer(s). The Board may add or remove Investigating Officer(s) during the course of a Board-Initiated Investigation. To the extent practicable, an Investigating Officer shall not participate in any decisionmaking functions in any Formal Board Proceeding(s) opened as a result of any Board-Initiated Investigation(s) that he or she conducted.

§ 1122.5 Procedural rules.

(a) After notifying the party subject to Preliminary Fact-Finding that Preliminary Fact-Finding has commenced, the Board staff shall, within a reasonable period of time, either:

(1) Conclude Preliminary Fact-Finding and notify any parties involved that the process has been terminated; or

(2) Recommend to the Board that a Board-Initiated Investigation is warranted.

(b) Not later than 30 days after commencing a Board-Initiated Investigation, the Investigating Officer(s) shall provide the parties under investigation a copy of the Order of Investigation. If the Board adds or removes Investigating Officer(s) during the course of the Board-Initiated Investigation, it

Surface Transportation Board

§ 1122.7

shall provide written notification to the parties under investigation.

(c) Not later than 275 days after issuance of the Order of Investigation, the Investigating Officer(s) shall submit to the Board and the parties under investigation:

(1) Any recommendations made as a result of the Board-Initiated Investigation; and

(2) A summary of the findings that support such recommendations.

(d) Not later than 90 days after receiving the recommendations and summary of findings, the Board shall decide whether to dismiss the Board-Initiated Investigation if no further action is warranted or initiate a Formal Board Proceeding to determine whether any provision of 49 U.S.C. Subtitle IV, Part A, has been violated in accordance with section 12 of the Surface Transportation Board Reauthorization Act of 2015. The Board shall dismiss any Board-Initiated Investigation that is not concluded with administrative finality within one year after the date on which it was commenced.

(e) A Formal Board Proceeding commences upon issuance of a public Order to Show Cause. The Order to Show Cause shall state the basis for, and the issues to be considered during, the Formal Board Proceeding and set forth a procedural schedule.

§ 1122.6 Confidentiality.

(a) All information and documents obtained under § 1122.3 or § 1122.4, whether or not obtained pursuant to a Board request or subpoena, and all activities conducted by the Board under this part prior to the opening of a Formal Board Proceeding, shall be treated as nonpublic by the Board and its staff except to the extent that:

(1) The Board, in accordance with 49 CFR 1001.4(c), (d), and (e), directs or authorizes the public disclosure of activities conducted under this part prior to the opening of a Formal Board Proceeding. If any of the activities being publicly disclosed implicate records claimed to be confidential commercial information, the Board shall notify the submitter prior to disclosure in accordance with 49 CFR 1001.4(b) and provide an opportunity to object to disclosure in accordance with 49 CFR 1001.4(d);

(2) The information or documents are made a matter of public record during the course of an administrative proceeding; or

(3) Disclosure is required by the Freedom of Information Act, 5 U.S.C. 552 or other relevant provision of law.

(b) Procedures by which persons submitting information to the Board pursuant to this part of title 49, chapter X, subchapter B, of the Code of Federal Regulations may specifically seek confidential treatment of information for purposes of the Freedom of Information Act disclosure are set forth in § 1122.7. A request for confidential treatment of information for purposes of Freedom of Information Act disclosure shall not, however, prevent disclosure for law enforcement purposes or when disclosure is otherwise found appropriate in the public interest and permitted by law.

§ 1122.7 Request for confidential treatment.

Any person that produces documents to the Board pursuant to § 1122.3 or § 1122.4 may claim that some or all of the information contained in a particular document or documents is exempt from the mandatory public disclosure requirements of the Freedom of Information Act (FOIA), 5 U.S.C. 552, is information referred to in 18 U.S.C. 1905, or is otherwise exempt by law from public disclosure. In such case, the person making such a claim shall, at the time the person produces the document to the Board, indicate on the document that a request for confidential treatment is being made for some or all of the information in the document. In such case, the person making such a claim also shall file a brief statement specifying the specific statutory justification for non-disclosure of the information in the document for which confidential treatment is claimed. If the person states that the information comes within the exception in 5 U.S.C. 552(b)(4) for trade secrets and commercial or financial information, and the information is responsive to a subsequent FOIA request to the Board, 49 CFR 1001.4 shall apply.

§ 1122.8

§ 1122.8 Limitation on participation.

No party who is not the subject of a Board-Initiated Investigation may intervene or participate as a matter of right in any such Board-Initiated Investigation under this part.

§ 1122.9 Power of persons conducting Board-Initiated Investigations.

The Investigating Officer(s), in connection with any Board-Initiated Investigation, may interview or depose witnesses, inspect property and facilities, and request and require the production of any information, documents, books, papers, correspondence, memoranda, agreements, or other records, in any form or media, that are likely to be directly relevant to the issues of the Board-Initiated Investigation. The Investigating Officer(s), in connection with a Board-Initiated Investigation, also may issue subpoenas, in accordance with 49 U.S.C. 1321, to compel the attendance of witnesses, the production of any of the records and other documentary evidence listed above, and access to property and facilities.

§ 1122.10 Transcripts.

Transcripts, if any, of investigative testimony shall be recorded solely by the official reporter or other person or by means authorized by the Board or by the Investigating Officer(s). A witness who has given testimony pursuant to this part shall be entitled, upon written request, to procure a transcript of the witness' own testimony or, upon proper identification, shall have the right to inspect the official transcript of the witness' own testimony.

§ 1122.11 Rights of witnesses.

(a) Any person who is compelled or requested to furnish documentary evidence or testimony in a Board-Initiated Investigation shall, upon request, be shown the Order of Investigation. Copies of Orders of Investigation shall not be furnished, for their retention, to such persons requesting the same except with the express approval of the Chairman.

(b) Any person compelled to appear, or who appears in person at a Board-

49 CFR Ch. X (10–1–21 Edition)

Initiated Investigation by request or permission of the Investigating Officer may be accompanied, represented, and advised by counsel, as provided by the Board's regulations.

(c) The right to be accompanied, represented, and advised by counsel shall mean the right of a person testifying to have an attorney present with him during any aspect of a Board-Initiated Investigation and to have this attorney advise his client before, during and after the conclusion of such examination.

§ 1122.12 Certifications and false statements.

(a) When producing documents under § 1122.4, the producing party shall submit a statement certifying that such person has made a reasonable search for the responsive documents and is producing all the documents called for by the Investigating Officer(s), subject to any search protocols agreed to by the Investigating Officer(s) and producing parties. If any responsive document(s) are not produced for any reason, the producing party shall state the reason therefor.

(b) If any responsive documents are withheld because of a claim of the attorney-client privilege, work product privilege, or other applicable privilege, the producing party shall submit a list of such documents which shall, for each document, identify the attorney involved, the client involved, the date of the document, the person(s) shown on the document to have prepared and/or sent the document, and the person(s) shown on the document to have received copies of the document.

§ 1122.13 Right to submit statements.

Any party subject to a Board-Initiated Investigation may, at any time during the course of a Board-Initiated Investigation, submit to the Board written statements of facts or circumstances, with any relevant supporting evidence, concerning the subject of that investigation.

Surface Transportation Board

§ 1130.2

APPENDIX A TO PART 1122—INFORMAL PROCEDURE RELATING TO REC- COMMENDATIONS AND SUMMARY OF FINDINGS FROM THE BOARD-INITI- ATED INVESTIGATION

(a) After conducting sufficient investigation and prior to submitting recommendations and a summary of findings to the Board, the Investigating Officer, in his or her discretion, may inform the parties under investigation (orally or in writing) of the proposed recommendations and summary of findings that may be submitted to the Board. If the Investigating Officer so chooses, he or she shall also advise the parties under investigation that they may submit a written statement, as explained below, to the Investigating Officer prior to the consideration by the Board of the recommendations and summary of findings. This optional process is in addition to, and does not limit in any way, the rights of parties under investigation otherwise provided for in this part.

(b) Unless otherwise provided for by the Investigating Officer, parties under investigation may submit a written statement, as described above, within 14 days after of being informed by the Investigating Officer of the proposed recommendation(s) and summary of findings. Such statements shall be no more than 20 pages, not including any supporting data, evidence, and verified statements that may be attached to the written statement, double spaced on 8½ by 11 inch paper, setting forth the views of the parties under investigation of factual or legal matters or other arguments relevant to the commencement of a Formal Board Proceeding. Any statement of fact included in the submission must be sworn to by a person with personal knowledge of such fact.

(c) Such written statements, if the parties under investigation choose to submit, shall be submitted to the Investigating Officer. The Investigating Officer shall provide any written statement(s) from the parties under investigation to the Board at the same time that he or she submits his or her recommendations and summary of findings to the Board.

1130.1 When no damages sought.

1130.2 When damages sought.

AUTHORITY: 49 U.S.C. 1321, 13301(f), 14709.

§ 1130.1 When no damages sought.

(a) *Form and content.* Informal complaint may be by letter or other writing filed with the Board and will be serially numbered as filed. The complaint must contain the essential elements of a formal complaint as specified at 49 CFR 1111.2 and may embrace supporting papers.

(b) *Correspondence handling.* When an informal complaint appears susceptible of informal adjustment, the Board will send a copy or statement of the complaint to each subject of the complaint in an attempt to have it satisfied by correspondence, thereby avoiding the filing of a formal complaint.

(c) *Discontinuance of informal proceeding.* The filing of an informal complaint does not preclude complainant from filing a formal complaint. If a formal complaint is filed, the informal proceeding will be discontinued.

[47 FR 49570, Nov. 1, 1982, as amended at 48 FR 44827, Sept. 30, 1983; 69 FR 12806, Mar. 18, 2004; 82 FR 57382, Dec. 5, 2017; 84 FR 12944, Apr. 3, 2019]

§ 1130.2 When damages sought.

(a) *Actual filing required.* Notification to the Board that an informal complaint may or will be filed later seeking damages is not a filing within the meaning of the statute.

(b) *Content.* An informal complaint seeking damages must be filed within the statutory period, and should identify with reasonable definiteness the involved shipments or transportation services. The complaint should include:

(1) A statement that complainant seeks to recover damages;

(2) The names of each individual seeking damages;

(3) The names and addresses of defendants against which claim is made;

(4) The commodities, the rate applied, the date on which the charges were paid, the names of the parties paying the charges, and, if different, the names of the parties bearing the charges;

(5) The period of time within which or the specific dates upon which the shipments were made, and the dates when they were delivered or tendered for delivery;

(6) The specific origin and destination points or, where they are numerous, the territorial or rate group of the origin and destination points and, if known, the routes of movement; and

(7) The nature and amount of the injury sustained by each claimant.

(c) *Statement of prior claim.* A complaint filed under paragraph (b) of this section containing a claim which has been the subject of a previous informal or formal complaint must specifically refer to the previous complaint.

(d) *Copies.* The original of an informal complaint seeking damages must be accompanied by a sufficient number of copies to enable the Board to send one to each defendant named.

(e) [Reserved]

(f) *Notification to the parties; six months' rule.* If an informal complaint seeking damages (other than a contested tariff reconciliation petition) cannot be disposed of informally or is denied or withdrawn by complainant, the parties affected will be so notified in writing by the Board. Contested tariff reconciliation petitions either will be granted or denied by the entry of a decision. Unless within six months after the date on which a notice is mailed or a decision is served, a party either files a formal complaint or resubmits its informal complaint on an additional-fact basis, the matter in the complaint or petition will not be reconsidered. The claim will be considered abandoned and no complaint seeking damages on the same cause of action will be accepted unless filed within the statutory period. Any filing or resubmission satisfying the six months' requirement will be considered filed as of the date of the original filing and must specifically refer to that date and to the Board's file number. Any petition for reconsideration should be filed with the Board.

(g) *Tariff reconciliation proceedings for motor common carriers*—(1) *Petitions to waive collection or permit payment.* Subject to Board review and approval, motor common carriers (other than household goods carriers) and shippers may resolve, by mutual consent, overcharge and undercharge claims under the provisions of 49 U.S.C. 14709. Petitions for appropriate authority may be filed by either the carrier, shipper or

consignee on the Board's tariff reconciliation docket by submitting a letter of intent to depart from the filed rate. The petitions will be deemed the equivalent of an informal complaint and answer admitting the matters stated in the petition. Petitions shall be sent to the Office of Compliance and Enforcement, Surface Transportation Board, Washington, DC 20423. The petitions shall contain, at a minimum, the following information:

(i) The name(s) and address(es) of the payer(s) of the freight charges;

(ii) The name(s) of the carrier(s) involved in the traffic;

(iii) An estimate of the amount(s) involved;

(iv) The time period when the shipment(s) involved were delivered or tendered for delivery;

(v) A general description of the point(s) of origin and destination of the shipment(s);

(vi) A general description of the commodity(ies) transported;

(vii) A statement certifying that the carrier(s) and shipper(s) participating in the shipment(s) or the payer(s) of the freight charges concur(s) with the intent to depart from the filed rate; and

(viii) A brief explanation of the incorrect tariff provision(s) or billing error(s) causing the request to depart from the filed rate.

(2) *Public notice and protest.* Tariff reconciliation petitions (letters of intent) shall be served on all parties named in the petition by the party that files the petition and will be made available by the Board for public inspection in the Office of Compliance and Enforcement Public File, Surface Transportation Board, Washington, DC 20423. Any interested person may protest the granting of a petition by filing a letter of objection with the Office of Compliance and Enforcement within 30 days of Board receipt of the petition. Letters of objection shall identify the tariff reconciliation proceeding, shall clearly state the reasons for the objection, and shall certify that a copy of the letter of objection has been served on all parties named in the petition. The Board may initiate an investigation of the petition on its own motion.

(3) *Uncontested petitions.* If a petition is not contested, and if the Board does not initiate an investigation of the petition on its own motion, approval is deemed granted without further action by the Board, effective 45 days after Board receipt of the petition.

(4) *Contested petitions.* If a petition is contested or the Board initiates an investigation of the petition on its own motion, 15 days will be allowed for reply. The 15-day period will commence on the date of service of the objections or, if the Board initiates an investigation on its own motion, on the date of service of the decision initiating the investigation. After the period for reply has expired, the Board will issue a decision approving or disapproving the petition, or requesting further submissions from the parties, and then will issue a decision based on the further submissions.

PART 1132—PROTESTS REQUESTING SUSPENSION AND INVESTIGATION OF COLLECTIVE RATE- MAKING ACTIONS

Sec.

1132.1 Protest against collective ratemaking actions.

1132.2 Procedures in certain suspension matters.

AUTHORITY: 49 U.S.C. 1321, 13301(f), and 13703.

SOURCE: 62 FR 50885, Sept. 29, 1997, unless otherwise noted.

§ 1132.1 Protest against collective ratemaking actions.

(a) *Content.* The protested collective ratemaking action sought to be suspended, whether or not contained in a tariff filed with the Board, should be identified by making reference to: The name of the publishing carrier or collective ratemaking organization; the identification of the tariff, if applicable, or the identification of the collective ratemaking action publication if it is not contained in a tariff filed with the Board; the specific items or particular provisions protested; and the effective

date of the tariff or other collective ratemaking action publication. Reference should also be made to the tariff or collective ratemaking action, and the specific provisions proposed to be superseded. The protest should state the grounds in support thereof, and indicate in what respect the protested collective ratemaking action is considered to be unlawful. Such protests will be considered as addressed to the discretion of the Board. Should a protestant desire to proceed further against a collective ratemaking action which is not suspended, or which has been suspended and the suspension vacated, a separate later formal complaint or petition should be filed.

(b) *When filed.* Protests against, and requests for suspension of, collective ratemaking actions will not be considered unless made in writing and filed with the Board at Washington, DC. If the protestant desires action by the Board before the effective date of the collective action, protests and requests for suspension shall reach the Board at least 12 days (except as provided in paragraph (c) of this section) before such effective date. If the protested collective ratemaking action is already in effect, or if the protestant does not desire action before its effective date, protests and requests for suspension can be filed at any time.

(c) *Copies; service.* Every protest or reply filed under this section should be directed to the attention of the Chief, Section of Administration, Office of Proceedings, Surface Transportation Board. One copy of each protest or reply filed under this section simultaneously must be served upon the publishing carrier or collective ratemaking organization, and upon other persons known by protestant to be interested.

(d) *Reply to protest.* A reply to a protest filed at least 12 days before the effective date of proposed collective action provisions must reach the Board not later than the fourth working day prior to the scheduled effective date of the protested provisions unless otherwise provided.

If the shipments moved over more than one route, a separate statement should be prepared for each route, and separately numbered, except that shipments as to which the collecting carrier is in each instance the same may be listed in a single statement if grouped according to routes. The statement, together with the paid freight bills on the shipments, or true copies thereof, should then be forwarded to the carrier which collected the charges, for verification and certification as to its accuracy. If the statement is not forwarded immediately to the collecting carrier for certification, a letter request from defendants that forwarding be expedited will be considered to the end that steps be taken to have the statement forwarded immediately. All discrepancies, duplications, or other errors in the statements should be adjusted by the parties and corrected agreed statements submitted to the Board. The certificate must be signed in ink by a general accounting officer of the carrier and should cover all of the information shown in the statement. If the carrier which collected the charges is not a defendant in the case, its certificate must be concurred in by like signature on behalf of a carrier defendant. PART 1135—RAILROAD COST RECOVERY PROCEDURES

Sec.

1135.1 Quarterly adjustment.

1135.2 Revenue Shortfall Allocation Method: Annual State tax information.

AUTHORITY: 5 U.S.C. 553, and 49 U.S.C. 1321, 10701, 10704, 10708, and 11145.

§ 1135.1 Quarterly adjustment.

To enable the Board to publish the rail cost adjustment factor (RCAF) as required by 49 U.S.C. 10708, the Association of American Railroads (AAR) shall calculate and file with the Board by the fifth day of December, March, June and September of each year its forecast for the next calendar quarter of the all-

inclusive index of railroad costs and calculate and file the RCAF unadjusted for changes in railroad productivity as prescribed in *Railroad Cost Recovery Procedures*, 1 I.C.C.2d 207 (1984), and any subsequent amendments thereto. In addition, the AAR shall calculate the productivity-adjusted RCAF as prescribed in *Railroad Cost Recovery Procedures*, 5 I.C.C.2d 434 (1989), and any subsequent amendments thereto. The AAR shall submit workpapers detailing its calculations. The Board will review and verify the AAR submissions and make its RCAF publication by the twentieth day of December, March, June and September of each year.

[67 FR 55166, Aug. 28, 2002]

§ 1135.2 Revenue Shortfall Allocation Method: Annual State tax information.

(a) To enable the Board to calculate the revenue shortfall allocation method (RSAM), which is one of the three benchmarks that are used to determine the reasonableness of a challenged rate under one standard of the Board's *Simplified Standards for Rail Rate Cases*, STB Docket No. 646 (Sub-No. 1) (STB served Sept. 5, 2007), the Association of American Railroads (AAR) shall file with the Board, on or before May 30, the weighted average State tax rates applicable to each Class I railroad for the previous year. The AAR shall submit workpapers detailing its calculations.

(b) The Board will serve and publish a notice of the filing in the FEDERAL REGISTER within 10 days of the AAR's filing.

(c) Any interested party may file comments on the AAR's filing within 30 days of the notice described in paragraph (b) of this section. If no comments are received within 30 days, the Board will automatically adopt the AAR's weighted average State tax rates on the 31st day. If comments opposing the AAR's calculations are received, the AAR's response will be due within 20 days of the comments. The Board will review the submission and comments and serve a decision within 60 days from the date of the close of the record that either accepts, rejects,

Pt. 1141

or modifies the AAR's railroad-specific tax information.

PART 1141—PROCEDURES TO CALCULATE INTEREST RATES

AUTHORITY: 49 U.S.C. 1321.

§ 1141.1 Procedures to calculate interest rates.

(a) For purposes of complying with a Board decision in an investigation or complaint proceeding, interest rates to be computed shall be the most recent U.S. Prime Rate as published by The Wall Street Journal. The rate levels will be determined as follows:

(1) For investigation proceedings, the interest rate shall be the U.S. Prime Rate as published by The Wall Street Journal in effect on the date the statement is filed accounting for all amounts received under the new rates.

(2) For complaint proceedings, the interest rate shall be the U.S. Prime Rate as published by The Wall Street Journal in effect on the day when the unlawful charge is paid. The interest rate in complaint proceedings shall be updated whenever The Wall Street Journal publishes a change to its reported U.S. Prime Rate. Updating will continue until the required reparation payments are made.

(b) For investigation proceedings, the reparations period shall begin on the date the investigation is started. For complaint proceedings, the reparations period shall begin on the date the unlawful charge is paid.

(c) For both investigation and complaint proceedings, the annual percentage rate shall be the same as the annual nominal (or stated) rate. Thus, the nominal rate must be factored exponentially to the power representing the portion of the year covered by the interest rate. A simple multiplication of the nominal rate by the portion of the year covered by the interest rate would not be appropriate because it would result in an effective rate in excess of the nominal rate. Under this "exponential" approach, the total cumulative reparations payment (including interest) is calculated by multiplying the interest factor for each pe-

49 CFR Ch. X (10–1–21 Edition)

riod by the principal amount for that period plus any accumulated interest from previous periods. The "interest factor" for each period is 1.0 plus the interest rate for that period to the power representing the portion of the year covered by the interest rate.

PART 1144—INTRAMODAL RAIL COMPETITION

Sec.

1144.1 Negotiation.

1144.2 Prescription.

1144.3 General.

AUTHORITY: 49 U.S.C. 1321, 10703, 10705, and 11102.

SOURCE: 67 FR 61290, Sept. 30, 2002, unless otherwise noted.

§ 1144.1 Negotiation.

(a) *Timing.* At least 5 days prior to seeking the prescription of a through route, joint rate, or reciprocal switching, the party intending to initiate such action must first seek to engage in negotiations to resolve its dispute with the prospective defendants.

(b) *Participation.* Participation or failure to participate in negotiations does not waive a party's right to file a timely request for prescription.

(c) *Arbitration.* The parties may use arbitration as part of the negotiation process, or in lieu of litigation before the Board.

§ 1144.2 Prescription.

(a) *General.* A through route or a through rate shall be prescribed under 49 U.S.C. 10705, or a switching arrangement shall be established under 49 U.S.C. 11102(c), if the Board determines:

(1) That the prescription or establishment is necessary to remedy or prevent an act that is contrary to the competition policies of 49 U.S.C. 10101 or is otherwise anticompetitive, and otherwise satisfies the criteria of 49 U.S.C. 10705 and 11102(c), as appropriate. In making its determination, the Board shall take into account all relevant factors, including:

(i) The revenues of the involved railroads on the affected traffic via the rail routes in question.

Surface Transportation Board

§ 1146.1

(ii) The efficiency of the rail routes in question, including the costs of operating via those routes.

(iii) The rates or compensation charged or sought to be charged by the railroad or railroads from which prescription or establishment is sought.

(iv) The revenues, following the prescription, of the involved railroads for the traffic in question via the affected route; the costs of the involved railroads for that traffic via that route; the ratios of those revenues to those costs; and all circumstances relevant to any difference in those ratios; provided that the mere loss of revenue to an affected carrier shall not be a basis for finding that a prescription or establishment is necessary to remedy or prevent an act contrary to the competitive standards of this section; and

(2) That either:

(i) The complaining shipper has used or would use the through route, through rate, or reciprocal switching to meet a significant portion of its current or future railroad transportation needs between the origin and destination; or

(ii) The complaining carrier has used or would use the affected through route, through rate, or reciprocal switching for a significant amount of traffic.

(b) Other considerations. (1) The Board will not consider product competition.

(2) If a railroad wishes to rely in any way on geographic competition, it will have the burden of proving the existence of effective geographic competition by clear and convincing evidence.

(3) When prescription of a through route, a through rate, or reciprocal switching is necessary to remedy or prevent an act contrary to the competitive standards of this section, the overall revenue inadequacy of the defendant railroad(s) will not be a basis for denying the prescription.

(4) Any proceeding under the terms of this section will be conducted and concluded by the Board on an expedited basis.

[67 FR 61290, Sept. 30, 2002, as amended at 81 FR 8855, Feb. 23, 2016]

§ 1144.3 General.

(a) These rules will govern the Board's adjudication of individual cases pending on or after the effective date of these rules (October 31, 1985).

(b) Discovery under these rules is governed by the Board's general rules of discovery at 49 CFR part 1114.

(c) Any Board determinations or findings under this part with respect to compliance or non-compliance with the standards of § 1144.2 shall not be given any res judicata or collateral estoppel effect in any litigation involving the same facts or controversy arising under the antitrust laws of the United States.

PART 1146—EXPEDITED RELIEF FOR SERVICE EMERGENCIES

AUTHORITY: 49 U.S.C. 1321, 11101, and 11123.

§ 1146.1 Prescription of alternative rail service.

(a) *General.* Alternative rail service will be prescribed under 49 U.S.C. 11123(a) if the Board determines that, over an identified period of time, there has been a substantial, measurable deterioration or other demonstrated inadequacy in rail service provided by the incumbent carrier.

(b)(1) *Petition for Relief.* Affected shippers or railroads may seek the relief described in paragraph (a) of this section by filing an appropriate petition containing:

(i) A full explanation, together with all supporting evidence, to demonstrate that the standard for relief contained in paragraph (a) of this section is met;

(ii) A summary of the petitioner's discussions with the incumbent carrier of the service problems and the reasons why the incumbent carrier is unlikely to restore adequate rail service consistent with current transportation needs within a reasonable period of time;

(iii) A commitment from another available railroad to provide alternative service that would meet current transportation needs (or, if the petitioner is a railroad and does not have an agreement from the alternative carrier, an explanation as to why it does

not), and an explanation of how the alternative service would be provided safely without degrading service to the existing customers of the alternative carrier and without unreasonably interfering with the incumbent's overall ability to provide service; and

(iv) A certification of service of the petition, by hand or by overnight delivery, on the incumbent carrier, the proposed alternative carrier, and the Federal Railroad Administration.

(2) *Reply.* The incumbent carrier must file a reply to a petition under this paragraph within five (5) business days.

(3) *Rebuttal.* The party requesting relief may file rebuttal no more than three (3) business days later.

(c) *Presumption of continuing need.* Unless otherwise indicated in the Board's order, a Board order issued under paragraph (a) of this section shall establish a rebuttable presumption that the transportation emergency will continue for more than 30 days from the date of that order.

(d)(1) *Petition to terminate relief.* Should the Board prescribe alternative rail service under paragraph (a), of this section the incumbent carrier may subsequently file a petition to terminate that relief. Such a petition shall contain a full explanation, together with all supporting evidence, to demonstrate that the carrier is providing, or is prepared to provide, adequate service. Carriers are admonished not to file such a petition prematurely.

(2) *Reply.* Parties must file replies to petitions to terminate filed under this subsection within five (5) business days.

(3) *Rebuttal.* The incumbent carrier may file any rebuttal no more than three (3) business days later.

(e) *Service.* All pleadings under this part shall be served by hand or overnight delivery on the Board, the other parties, and the Federal Railroad Administration.

AUTHORITY: 49 U.S.C. 1321, 10705, 11101, and 11102.

§ 1147.1 Prescription of alternative rail service.

(a) *General.* Alternative rail service will be prescribed under 49 U.S.C. 11102(a), 11102(c) or 10705(a) if the Board determines that, over an identified period of time, there has been a substantial, measurable deterioration or other demonstrated inadequacy in rail service provided by the incumbent carrier.

(b)(1) *Petition for Relief.* Affected shippers or railroads may seek relief described in paragraph (a) of this section by filing an appropriate petition containing:

(i) A full explanation, together with all supporting evidence, to demonstrate that the standard for relief contained in paragraph (a) of this section is met;

(ii) A summary of the petitioner's discussions with the incumbent carrier of the service problems and the reasons why the incumbent carrier is unlikely to restore adequate rail service consistent with current transportation needs within a reasonable period of time;

(iii) A commitment from another available railroad to provide alternative service that would meet current transportation needs (or, if the petitioner is a railroad and does not have an agreement from the alternative carrier, an explanation as to why it does not), and an explanation of how the alternative service would be provided safely without degrading service to the existing customers of the alternative carrier and without unreasonably interfering with the incumbent's overall ability to provide service; and

(iv) A certification of service of the petition, by hand or by overnight delivery, on the incumbent carrier, the proposed alternative carrier, and the Federal Railroad Administration.

(2) *Reply.* The incumbent carrier must file a reply to a petition under this paragraph within thirty (30) days.

Surface Transportation Board

§ 1150.1

(3) *Rebuttal*. The party requesting relief may file rebuttal no more than fifteen (15) days later.

(c)(1) *Petition to terminate relief*. Should the Board prescribe alternative rail service under paragraph (a) of this section, the incumbent carrier may subsequently file a petition to terminate that relief. Such a petition shall contain a full explanation, together with all supporting evidence, to demonstrate that the carrier is providing, or is prepared to provide, adequate service to affected shippers. Carriers are admonished not to file such a petition prematurely.

(2) *Reply*. Parties must file replies to petitions to terminate filed under this subsection within five (5) business days.

(3) *Rebuttal*. The incumbent carrier may file any rebuttal no more than three (3) business days later.

(d) *Service*. All pleadings under this part shall be served by hand or by overnight delivery on the Board, other parties, and the Federal Railroad Administration.

Subpart A—Applications Under 49 U.S.C. 10901

§ 1150.1 Introduction.

(a) *When an application is required*. This subpart governs applications under 49 U.S.C. 10901 for a certificate of public convenience and necessity authorizing the construction, acquisition

§ 1150.2

or operation of railroad lines. Noncarriers require Board approval under section 10901 to construct, acquire or operate a rail line in interstate commerce. Existing carriers require approval under section 10901 only to construct a new rail line or operate a line owned by a noncarrier, since acquisition by a carrier of an active rail line owned by a carrier is covered by 49 U.S.C. 11323. We have exempted from these requirements the acquisition by a State entity of a rail line that has been approved for abandonment, as well as operations over these lines. See subpart C of this part. In addition, where appropriate, we have granted individual exemptions from these certification requirements. See 49 U.S.C. 10502.

(b) *Content of the application.* Applications filed under this subpart shall include the information set forth in §§1150.2 through 1150.9. The applicant must also comply with the Energy and Environmental Regulations at 49 CFR parts 1106 and 1105 (including consulting with the Board's Office of Environmental Analysis at least 6 months prior to filing an application, to begin the scoping process to identify environmental issues and outline procedures for analysis of this aspect of the proposal).

§ 1150.2 Overview.

(a) A brief narrative description of the proposal.

(b) The full name and address of applicant(s).

§ 1150.3 Information about applicant(s).

(a) The name, address, and phone number of the representative to receive correspondence concerning this application.

(b) Facts showing that applicant is either a common carrier by railroad or has been organized to implement the proposal for which approval is being sought.

(c) A statement indicating whether the rail line will be operated by applicant. If not, the operator which has been selected must join in the application, and provide all information re-

quired for an applicant. If the operator has not yet been selected, state who is being considered.

(d) A statement indicating whether applicant is affiliated by stock ownership or otherwise with any industry to be served by the line. If so, provide details about the nature and extent of the affiliation.

(e) Date and place of organization, applicable State statutes, and a brief description of the nature and objectives of the organization.

(f) If a corporation, submit:

(1) A list of officers, directors, and 10 principal stockholders of the corporation and their respective holdings. A statement whether any of these officers, directors or major shareholders control other regulated carriers. Also a list of entities, corporation(s) individual(s), or group(s) who control applicant, the extent of control, and whether any of them control other common carriers.

(2) As exhibit A, any resolution of the stockholders or directors authorizing the proposal.

(g) If a partnership or individual, submit the name and address of all general partners and their respective interests, and whether any of them control other carriers.

(h) If applicant is an entity other than as described in paragraphs (f) or (g) of this section, submit name, title, and business address of principals or trustee, and whether the entity controls any other common carriers.

(i) If applicant is a trustee, receiver, assignee, or a personal representative of the real party in interest, details about the appointment (including supporting documents, such as the court order authorizing the appointment and the filing) and about the real party in interest.

(j) If applicant is an existing carrier, it may satisfy the informational requirements of paragraphs (f) through (i) of this section by making appropriate reference to the docket number of prior applications that have been filed within the previous three years in which the information has been submitted.

(d) As exhibit C, a map which clearly delineates the area to be served including origins, termini and stations, and cities, counties and States. The map should also delineate principal highways, rail routes and any possible interchange points with other railroads. If alternative routes are proposed for construction, the map should clearly indicate each route.

(e) A list of the counties and cities to be served under the proposal, and whether there is other rail service available to them. If the crossing will be accomplished with the permission of the railroad(s), include supporting agreements. If a Board determination under 49 U.S.C. 10901(d)(1) will be sought, include such requests.

§ 1150.5 Operational data.

As exhibit D, an operating plan, including traffic projection studies; a schedule of the operations; information about the crews to be used and where employees will be obtained; the rolling stock requirements and where it will be obtained; information about the operating experience and record of the proposed operator unless it is an operating railroad; any significant change in patterns of service; any associated discontinuance or abandonments; and expected operating economies.

§ 1150.10 Procedures.

(a) *Waivers.* Prior to filing an application, prospective applicants may seek an advance waiver, either on a permanent or temporary basis, of required information which is unavailable or not necessary or useful in analysis of the proposal. However, if the information is clearly not applicable to the individual proposal, a waiver is not necessary and need not be sought. A petition must specify the sections for which waiver or clarification is sought and the reasons why it should be granted. No replies will be permitted. Parties may, upon an appropriate showing, demonstrate their need to examine data which have previously been waived. In such circumstances, the Board only requires that it be produced under § 1150.8 above.

(b) *Filing procedures.* An application and all documents shall be filed with the Chief, Section of Administration, Office of Proceedings. A filing fee in the amount set forth in 49 CFR 1002.2(f) is required to file an application. Copies of documents shall be furnished promptly to interested parties upon request. The application may include a stamped self-addressed envelope to be used to notify applicant of the docket number. Additionally, if possible, telephonic communication of the docket number shall be made.

(c) *Signatures.* The original of the application shall be signed by applicants (if a partnership, all general partners must sign; and if a corporation, association, or other similar form of organization, the signature should be that of the executive officer having knowledge of the matters and designated for that purpose). Applications shall be made under oath and shall contain an appropriate certification (if a corporation, by its secretary) showing that the affiant is duly authorized to verify and file the application. Any persons con-

trolling an applicant shall also sign the application.

(d) *Related applications.* Applicant shall file concurrently all directly related applications (e.g., to issue securities, control motor carriers, obtain access to terminal operations, acquire trackage rights). All such applications will be considered with the main application.

(e) *Service.* As soon as the docket number is obtained the applicant shall serve a conformed copy of the application by first-class mail upon the Governor (or Executive Officer), Public Service Board, and Department of Transportation of each State in which any part of the properties involved in the proposed transaction is located. Within 2 weeks of filing, applicant shall submit to the Board a copy of the certificate of service indicating that all persons so designated have been served a copy of the application.

(f) *Publication.* Within 2 weeks of filing, applicant shall have published the summary of the application (prepared under § 1150.9) in a newspaper of general circulation in each county in which the line is located. The notice should inform interested parties of the date by which they must advise the Board of their interest in the proceeding. This date shall be calculated as the 35th day after the filing of the application which is neither a Saturday, Sunday, or legal holiday in the District of Columbia. Applicant must file an affidavit of publication immediately after the publication has been completed. The Board will, as soon as practicable, either publish the notice summary in the FEDERAL REGISTER or reject the application if it is incomplete.

(g) *Public participation.* Written comments must be filed within 35 days of the filing of the application. Comments must contain the basis for the party's position either in support or opposition. Applicant must be served with a copy of each comment. On the basis of the comments and the assessment by the Office of Environmental Analysis, the Board will decide if a hearing is necessary. A hearing may be either oral or through receipt of written statements (modified procedure). (See 49 CFR part 1112 *et seq.*) If there is no

opposition to the application, additional evidence normally need not be filed, and a decision will be reached using the information in the application.

(h) *Replies to written comments.* Applicant's replies will be considered by the Board provided they are filed and served within 5 days of the due date of the pleadings they address.

Subpart B—Designated Operators

§ 1150.11 Introduction.

A certificate of designated operator will be issued to an operator providing service pursuant to a rail service continuation agreement under section 304 of the Regional Rail Reorganization Act of 1973, as amended by the Railroad Revitalization and Regulatory Reform Act of 1976. The designated operator (D-OP) may commence and terminate the service in accordance with the terms of the agreement. When service is terminated the D-OP must notify all shippers on the line. To obtain a D-OP certificate, the information in this subpart must be filed with the Board. A copy of the certificate of designated operator shall be served on the Association of American Railroads.

§ 1150.12 Information about the designated operator.

(a) The name and address of the D-OP.

(b) If a new corporation or other new business entity, a copy of the certificate of incorporation or, if unincorporated, the facts and official organizational documents relating to the business entity.

(c) The names and addresses of all officers and directors, with a statement from each which indicates present affiliation, if any, with a railroad.

(d) Sufficient information to establish its financial responsibility for the proposed undertaking, unless the D-OP is a common carrier by railroad. The nature and extent of all liability insurance coverage, including insurance

binder or policy number, and name of insurer.

§ 1150.13 Relevant dates.

The exact dates of the period of operation which have been agreed upon by the D-OP, the offeror of the rail service continuation payment, and the owner of the line to be operated, in their lease and operating agreements.

§ 1150.14 Proposed service.

(a) A copy of all agreements between the D-OP, the offeror of the rail service continuation payment, and the owner of the line to be operated.

(b) Any additional information which is necessary to provide the Board with a description of:

(1) The line over which service is to be provided (e.g., U.S.R.A. Line); and

(2) All interline connections, including the names of the connecting railroads.

§ 1150.15 Information about offeror.

(a) The name and address of the offeror of the rail service continuation payment.

(b) Sufficient information to establish the financial responsibility of the offeror for the proposed undertaking, or if the offeror is a State or municipal corporation or authority, a statement that it has authority to perform the service or enter into the agreement for subsidy.

§ 1150.16 Procedures.

Upon receipt of this information, the matter will be docketed by the prefix initials "D-OP." Operators may begin operating immediately upon the filing of the necessary information. Although the designated operator will not be required to seek and obtain authority from the Board either to commence or to terminate operations, the designated operator is a common carrier by railroad subject to all other applicable provisions of 49 U.S.C. Subtitle IV. However, we have exempted designated operators from some aspects of regulation. *See Exemption of Certain Designated Operators from Section 11343, 361*

Subpart C—Modified Certificate of Public Convenience and Necessity

§ 1150.21 Scope of rules.

These special rules apply to operations over abandoned rail lines, which have been acquired (through purchase or lease) by a State. The rail line must have been fully abandoned, or approved for abandonment by the Board or a bankruptcy court. As used in these rules, the term “State” includes States, political subdivisions of States, and all instrumentalities through which the State can act. An operator has the option of applying for a modified certificate of public convenience and necessity under this subpart or a common carrier certificate under Subpart A of this part. A copy of the modified certificate shall be served on the Association of American Railroads.

[47 FR 8199, Feb. 25, 1982, as amended at 81 FR 8855, Feb. 23, 2016]

§ 1150.22 Exemptions and common carrier status.

The acquisition by a State of a fully abandoned line is not subject to the jurisdiction of the Surface Transportation Board. The acquisition by a State of a line approved for abandonment and not yet fully abandoned is exempted from the Board's jurisdiction. If the State intends to operate the line itself, it will be considered a common carrier. However, when a State acquires a rail line described under § 1150.21 and contracts with an operator to provide service over the line, only the operator incurs a common carrier obligation. The operators of these lines are exempted from 49 U.S.C. 10901 and 10903 which are the statutory requirements governing the start up and termination of operations. Operators exempted from these requirements must comply with the requirements of this part and must apply for a modified certificate of public convenience and necessity. The operator is

49 CFR Ch. X (10–1–21 Edition)

a common carrier and incurs all benefits and responsibilities under 49 U.S.C. subtitle IV; however, the State through its operational agreement or the operator of the line may determine certain preconditions, such as payment of a subsidy, which must be met by shippers to obtain service over the line. The operator must notify the shippers on the line of any preconditions. The modified certificate will authorize service to shippers who meet these preconditions and the operator will be required to provide complete common carrier service under this certificate only to those shippers. (See 363 ICC 132.)

§ 1150.23 Modified certificate of public convenience and necessity.

(a) The operator must file a notice with the Board for a modified certificate of public convenience and necessity. Operations may commence immediately upon the filing; however, the Board will review the information filed, and if complete, will issue a modified certificate notice.

(b) A notice for a modified certificate of public convenience and necessity shall include the following information:

(1) The name and address of the operator and, unless the operator is an existing rail carrier:

(i) Its articles of incorporation or, if it is unincorporated, the facts and organizational documents relating to its formation;

(ii) The names and addresses of all of its officers and directors and a statement indicating any present affiliation each may have with a rail carrier; and

(iii) Sufficient information to establish the financial responsibility of the operator.

(2) Information about the prior abandonment, including docket number, status and date of the first decision approving the abandonment.

(3) The exact dates of the period of operation which have been agreed upon by the operator and the State which owns the line (if there is any agreement, it should be provided);

(4) A description of the service to be performed including, where applicable, a description of:

(i) The line over which service is to be performed;

Surface Transportation Board

§ 1150.32

(ii) All interline connections including the names of the connecting railroads;

(iii) The nature and extent of all liability insurance coverage, including binder or policy number and name of insurer; and

(iv) Any preconditions which shippers must meet to receive service.

(5) The name and address of any subsidizers, and

(6) Sufficient information to establish the financial responsibility of any subsidizers (if the subsidizer is a State, the information should show that it has authority to enter into the agreement for subsidized operations).

(c) The service offered and the applicable rates, charges, and conditions must be described in tariffs published by the operator to the Board's rules.

§ 1150.24 Termination of service.

The duration of the service may be determined in the contract between the State and the operator. An operator may not terminate service over a line unless it first provides 60 days' notice of its intent to terminate the service. The notice of intent must be:

(a) Filed with the State and the Board, and

(b) Mailed to all persons that have used the line within the 6 months preceding the date of the notice.

Subpart D—Exempt Transactions Under 49 U.S.C. 10901

SOURCE: 51 FR 2504, Jan. 17, 1986, unless otherwise noted.

§ 1150.31 Scope of exemption.

(a) Except as indicated below, this exemption applies to all acquisitions and operations under section 10901 (See 1150.1, *supra*). This exemption also includes:

(1) Acquisition by a noncarrier of rail property that would be operated by a third party;

(2) Operation by a new carrier of rail property acquired by a third party;

(3) A change in operators on the line; and

(4) Acquisition of incidental trackage rights. Incidental trackage rights include the grant of trackage rights by the seller, or the assignment of track-

age rights to operate over the line of a third party that occur at the time of the exempt acquisition or operation. This exemption does not apply when a class I railroad abandons a line and another class I railroad then acquires the line in a proposal that would result in a major market extension as defined at § 1180.3(c).

(b) Other exemptions that may be relevant to a proposal under this subpart are the exemption for control at § 1180.2(d)(1) and (2), and the exemption from securities regulation at 49 CFR part 1177.

§ 1150.32 Procedures and relevant dates—transactions that involve creation of Class III carriers.

(a) To qualify for this exemption, applicant must file a verified notice providing details about the transaction, and a brief caption summary, conforming to the format in § 1150.34, for publication in the FEDERAL REGISTER.

(b) The exemption will be effective 30 days after the notice is filed. The Board, through the Director of the Office of Proceedings, will publish a notice in the FEDERAL REGISTER within 16 days of the filing. A change in operators would follow the provisions at § 1150.34, and notice must be given to shippers.

(c) If the notice contains false or misleading information, the exemption is void *ab initio*. A petition to revoke under 49 U.S.C. 10502(d) does not automatically stay the exemption. Stay petitions must be filed at least 7 days before the exemption becomes effective.

(d) Applicant must preserve intact all sites and structures more than 50 years old until compliance with the requirements of Section 106 of the National Historic Preservation Act, 16 U.S.C. 470 is achieved.

(e) If the projected annual revenue of the carrier to be created by a transaction under this exemption exceeds \$5 million, applicant must, at least 60 days before the exemption becomes effective, post a notice of intent to undertake the proposed transaction at the workplace of the employees on the affected line(s) and serve a copy of the notice on the national offices of the

§ 1150.33

labor unions with employees on the affected line(s), setting forth the types and numbers of jobs expected to be available, the terms of employment and principles of employee selection, and the lines that are to be transferred, and certify to the Board that it has done so.

§ 1150.33 Information to be contained in notice—transactions that involve creation of Class III carriers.

(a) The full name and address of the applicant;

(b) The name, address, and telephone number of the representative of the applicant who should receive correspondence;

(c) A statement that an agreement has been reached or details about when an agreement will be reached;

(d) The operator of the property;

(e) A brief summary of the proposed transaction, including:

(1) The name and address of the railroad transferring the subject property,

(2) The proposed time schedule for consummation of the transaction,

(3) The mile-posts of the subject property, including any branch lines, and

(4) The total route miles being acquired;

(f) A map that clearly indicates the area to be served, including origins, termini, stations, cities, counties, and States; and

(g) A certificate that applicant's projected revenues do not exceed those that would qualify it as a Class III carrier.

(h) *Interchange Commitments.* (1) The filing party must certify whether or not a proposed acquisition or operation of a rail line involves a provision or agreement that may limit future interchange with a third-party connecting carrier, whether by outright prohibition, per-car penalty, adjustment in the purchase price or rental, positive economic inducement, or other means ("interchange commitment"). If such a provision exists, the following additional information must be provided (the information in paragraphs

49 CFR Ch. X (10–1–21 Edition)

(h)(1)(ii), (iv), (vii) of this section may be filed with the Board under 49 CFR 1104.14(a) and will be kept confidential without need for the filing of an accompanying motion for a protective order under 49 CFR 1104.14(b)):

(i) The existence of that provision or agreement and identification of the affected interchange points; and

(ii) A confidential, complete version of the document(s) containing or addressing that provision or agreement;

(iii) A list of shippers that currently use or have used the line in question within the last two years;

(iv) The aggregate number of carloads those shippers specified in paragraph (h)(1)(iii) of this section originated or terminated (confidential);

(v) A certification that the filing party has provided notice of the proposed transaction and interchange commitment to the shippers identified in paragraph (h)(1)(iii) of this section;

(vi) A list of third party railroads that could physically interchange with the line sought to be acquired or leased;

(vii) An estimate of the difference between the sale or lease price with and without the interchange commitment (confidential);

(viii) A change in the case caption so that the existence of an interchange commitment is apparent from the case title.

(2) To obtain information about an interchange commitment for use in a proceeding before the Board, a shipper or other affected party may be granted access to the confidential documents filed pursuant to paragraph (h)(1) of this section by filing, and serving upon the petitioner, a "Motion for Access to Confidential Documents," containing:

(i) An explanation of the party's need for the information; and

(ii) An appropriate draft protective order and confidentiality undertaking(s) that will ensure that the documents are kept confidential.

(3) *Deadlines.* (i) Replies to a Motion for Access are due within 5 days after the motion is filed.

(ii) The Board will rule on a Motion for Access within 30 days after the motion is filed.

§ 1150.36

EDITORIAL NOTE: At 81 FR 8855, Feb. 23, 2016, § 1150.35 was amended; however, a portion of the amendment could not be incorporated due to inaccurate amendatory instruction.

§ 1150.36 Exempt construction of connecting track.

(a) *Scope.* This class exemption applies to proceedings involving the construction and operation of connecting lines of railroad within existing rail rights-of-way, or on land owned by connecting railroads, under 49 U.S.C. 10901 (a), (b), and (c). (See the reference to connecting track in 49 CFR 1105.6(b)(1).) This class exemption is designed to expedite and facilitate connecting track construction while ensuring full and timely environmental review. The Surface Transportation Board (Board) has found that its prior review of connecting track construction and operation is not necessary to carry out the rail transportation policy of 49 U.S.C. 10101; that continued regulation is not necessary to protect shippers from abuse of market power; and that the construction of connecting track would be of limited scope. *See* 49 U.S.C. 10502. To use this class exemption, a pre-filing notice, environmental report, historic report, and notice of exemption must be filed that complies with the procedures in § 1150.36 (b) and (c), and the Board's environmental rules, codified at 49 CFR part 1105.

(b) *Environmental requirements.* The environmental regulations at 49 CFR part 1105 must be complied with fully. An environmental report containing the information specified at 49 CFR 1105.7(e), as well as an historic report containing the information specified at 49 CFR 1105.8(d), must be filed either before or at the same time as the notice of exemption is filed. *See* 49 CFR 1105.7(a). The entity seeking the exemption authority must also serve copies of the environmental report on the agencies listed at 49 CFR 1105.7(b). Because the environmental report must include a certification that appropriate agencies have been consulted in its preparation (*see* 49 CFR 1105.7(c)), parties should begin environmental and historic consultations well before the notice of exemption is filed. Environmental requirements may be waived or modified where a petitioner dem-

49 CFR Ch. X (10–1–21 Edition)

onstrates in writing that such action is appropriate. *See* 49 CFR 1105.10(c). It is to the advantage of parties to consult with the Board's Office of Environmental Analysis (OEA) at the earliest possible date to begin environmental review.

(c) *Procedures and dates.* (1) At least 20 days prior to the filing of a notice of exemption with the Board, the party seeking the exemption authority must notify in writing: the State Public Service Commission, the State Department of Transportation (or equivalent agency), and the State Clearinghouse (if there is no clearinghouse, the State Environmental Protection Agency), of each State involved. The pre-filing notice shall include: the name and address of the railroad (or other entity proposing to construct the line) and the proposed operator; a complete description of the proposed construction and operation, including a map; an indication that the class exemption procedure is being used; and the approximate date that construction is proposed to begin. This pre-filing notice shall include a certification that the petitioner will comply with the Board's environmental regulations, codified at 49 CFR part 1105, and a statement that those regulations generally require the Board to:

(i) Prepare an environmental assessment (EA) (or environmental impact statement (EIS) if necessary),

(ii) Make the document (EA or EIS, as appropriate) available to the parties (and to the public, upon request to OEA); and

(iii) Accept for filing and consideration comments on the environmental document as well as petitions for stay and reconsideration.

(2) Petitioner must file a verified notice of exemption with the Board at least 90 days before the construction is proposed to begin. In addition to the information contained in § 1150.36(c)(1), the notice shall include a statement certifying compliance with the environmental rules at 49 CFR part 1105 and the pre-filing notice requirements of 49 CFR 1150.36(c)(1).

(3) The Board, through the Director of the Office of Proceedings, shall publish a notice in the FEDERAL REGISTER

within 20 days after the notice of exemption is received that describes the construction project and invites comments. OEA will then prepare an EA (or, if necessary, an EIS). The EA generally will be made available 15 days after the FEDERAL REGISTER notice. It will be served on all parties and appropriate agencies. Others may request a copy from OEA. The deadline for submission of comments on the EA will generally be within 30 days of its availability (*see* 49 CFR 1105.10(b)). If an EIS is prepared, the time frames and procedures set forth in 49 CFR 1105.10(a) generally will apply.

(4) The Board's environmental document (together with any comments and OEA's recommendations) shall be used in deciding whether to allow the particular construction project to proceed under the class exemption and whether to impose appropriate mitigating conditions upon its use (including use of an environmentally preferable route). If the Board concludes that a particular project will result in serious adverse environmental consequences that cannot be adequately mitigated, it may deny authority to proceed with the construction under the class exemption (the "no-build" alternative). Persons believing that they can show that the need for a particular line outweighs the adverse environmental consequences can file an application for approval of the proposed construction under 49 U.S.C. 10901.

(5) No construction may begin until the Board has completed its environmental review and issued a final decision.

(6) Petitions to stay the effective date of the notice of exemption on other than environmental and/or historic preservation grounds must be filed within 10 days of the FEDERAL REGISTER publication. Petitions to stay the effective date of the notice on environmental and/or historic preservation grounds may be filed at any time but must be filed sufficiently in advance of the effective date to allow the Board to consider and act on the petition before the notice becomes effective. Petitions for reconsideration must be filed within 20 days of the FEDERAL REGISTER publication.

(7) The exemption generally will be effective 70 days after publication in the FEDERAL REGISTER, unless stayed. If the notice of exemption contains false or misleading information, the exemption is void *ab initio* and the Board shall summarily reject the exemption notice.

(8) Where significant environmental issues have been raised or discovered during the environmental review process, the Board shall issue, on or before the effective date of the exemption, a final decision allowing the exemption to become effective and imposing appropriate mitigating conditions or taking other appropriate action such as selecting the "no build" alternative.

(9) Where there has been full environmental review and no significant environmental issues have been raised or discovered, the Board, through the Director of the Office of Proceedings, shall issue, on or before the effective date of the exemption, a final decision consisting of a Finding of No Significant Impact (FONSI) to show that the environmental record has been considered (*see* 49 CFR 1105.10(g)).

(10) The Board, on its own motion or at the request of a party to the case, will stay the effective date of individual notices of exemption when an informed decision on environmental issues cannot be made prior to the date that the exemption authority would otherwise become effective. Stays will be granted initially for a period of 60 days to permit resolution of environmental issues and issuance of a final decision. The Board expects that this 60-day period will usually be sufficient for these purposes unless preparation of an EIS is required. If, however, environmental issues remain unresolved upon expiration of this 60-day period, the Board, upon its own motion, or at the request of a party to the case, will extend the stay, as necessary to permit completion of environmental review and issuance of a final decision. The Board's order will specify the duration of each extension of the initial stay period. In cases requiring the preparation of an EIS, the Board will extend the stay for a period sufficient to permit compliance with the procedural guidelines established by the Board's environmental regulations.

(d) *Third-Party Consultants.* An environmental and historic report required under 49 CFR 1105.7 and 1105.8 will not be required where a petitioner engages a third-party consultant who is approved by OEA and acts under OEA's direction and supervision in preparing the EA or EIS. In such a case, the third-party consultant must act on behalf of the Board, working under OEA's direction to collect the environmental information that is needed and to compile it into a draft EA or EIS, which is prepared under OEA's direction and then submitted to OEA for its final review and approval. See 49 CFR 1105.10(d).

Subpart E—Exempt Transactions Under 49 U.S.C. 10902 for Class III Rail Carriers

SOURCE: 61 FR 32355, June 24, 1996, unless otherwise noted.

§ 1150.41 Scope of exemption.

Except as indicated in paragraphs (a) through (d) of this section, this exemption applies to acquisitions or operations by Class III rail carriers under section 10902. This exemption also includes:

(a) Acquisition by a Class III rail carrier of rail property that would be operated by a third party;

(b) Operation by a Class III carrier of rail property acquired by a third party;

(c) A change in operators on such a line; and

(d) Acquisition of incidental trackage rights. Incidental trackage rights include the grant of trackage rights by the seller, or the acquisition of trackage rights to operate over the line of a third party, that occurs at the time of the purchase.

§ 1150.42 Procedures and relevant dates for small line acquisitions.

(a) This exemption applies to the acquisition of rail lines with projected annual revenues which, together with the acquiring carrier's projected annual revenue, do not exceed the annual revenue of a Class III railroad. To qual-

ify for this exemption, the Class III rail carrier applicant must file a verified notice providing details about the transaction, and a brief caption summary, conforming to the format in § 1150.44, for publication in the FEDERAL REGISTER.

(b) The exemption will be effective 30 days after the notice is filed. The Board, through the Director of the Office of Proceedings, will publish a notice in the FEDERAL REGISTER within 16 days of the filing. A change in operators must follow the provisions at § 1150.44, and notice must be given to shippers.

(c) If the notice contains false or misleading information, the exemption is void *ab initio*. A petition to revoke under 49 U.S.C. 10502(d) does not automatically stay the exemption. Stay petitions must be filed at least 7 days before the exemption becomes effective.

(d) Applicant must preserve intact all sites and structures more than 50 years old until compliance with the requirements of section 106 of the National Historic Preservation Act, 16 U.S.C. 470f, is achieved.

(e) If the projected annual revenue of the rail lines to be acquired or operated, together with the acquiring carrier's projected annual revenue, exceeds \$5 million, the applicant must, at least 60 days before the exemption becomes effective, post a notice of applicant's intent to undertake the proposed transaction at the workplace of the employees on the affected line(s) and serve a copy of the notice on the national offices of the labor unions with employees on the affected line(s), setting forth the types and numbers of jobs expected to be available, the terms of employment and principles of employee selection, and the lines that are to be transferred, and certify to the Board that it has done so.

(a) The full name and address of the Class III rail carrier applicant;

(b) The name, address, and telephone number of the representative of the applicant who should receive correspondence;

(c) A statement that an agreement has been reached or details about when an agreement will be reached;

(d) The operator of the property;

(e) A brief summary of the proposed transaction, including:

(1) The name and address of the railroad transferring the subject property to the Class III rail carrier applicant;

(2) The proposed time schedule for consummation of the transaction;

(3) The mileposts of the subject property, including any branch lines; and

(4) The total route miles being acquired;

(f) A map that clearly indicates the area to be served, including origins, termini, stations, cities, counties, and states; and

(g) A certificate that applicant's projected revenues as a result of the transaction will not result in the creation of a Class II or Class I rail carrier so as to require processing under § 1150.45.

(h) *Interchange Commitments.* (1) The filing party must certify whether or not a proposed acquisition or operation of a rail line involves a provision or agreement that may limit future interchange with a third-party connecting carrier, whether by outright prohibition, per-car penalty, adjustment in the purchase price or rental, positive economic inducement, or other means ("interchange commitment"). If such a provision exists, the following additional information must be provided (the information in paragraphs (h)(1)(ii), (iv), (vii) of this section may be filed with the Board under 49 CFR 1104.14(a) and will be kept confidential without need for the filing of an accompanying motion for a protective order under 49 CFR 1104.14(b)):

(i) The existence of that provision or agreement and identification of the affected interchange points; and

(ii) A confidential, complete version of the document(s) containing or addressing that provision or agreement;

(iii) A list of shippers that currently use or have used the line in question within the last two years;

(iv) The aggregate number of carloads those shippers specified in para-

graph (h)(1)(iii) of this section originated or terminated (confidential);

(v) A certification that the filing party has provided notice of the proposed transaction and interchange commitment to the shippers identified in paragraph (h)(1)(iii) of this section;

(vi) A list of third party railroads that could physically interchange with the line sought to be acquired or leased;

(vii) An estimate of the difference between the sale or lease price with and without the interchange commitment (confidential);

(viii) A change in the case caption so that the existence of an interchange commitment is apparent from the case title.

(2) To obtain information about an interchange commitment for use in a proceeding before the Board, a shipper or other affected party may be granted access to the confidential documents filed pursuant to paragraph (h)(1) of this section by filing, and serving upon the petitioner, a "Motion for Access to Confidential Documents," containing:

(i) An explanation of the party's need for the information; and

(ii) An appropriate draft protective order and confidentiality undertaking(s) that will ensure that the documents are kept confidential.

(3) *Deadlines.* (i) Replies to a Motion for Access are due within 5 days after the motion is filed.

(ii) The Board will rule on a Motion for Access within 30 days after the motion is filed.

(iii) Parties must produce the relevant documents within 5 days of receipt of a Board approved, signed confidentiality agreement.

PART 1151—FEEDER RAILROAD DEVELOPMENT PROGRAM

Sec.

1151.1 Scope.

1151.2 Procedures.

1151.3 Contents of application.

1151.4 Board determination.

AUTHORITY: 49 U.S.C. 10907.

SOURCE: 48 FR 9654, Mar. 8, 1983, unless otherwise noted.

§ 1151.1 Scope.

This part governs applications filed under 49 U.S.C. 10907. The Board can require the sale of a rail line to a financially responsible person. A rail line is eligible for a forced sale if it appears in

Surface Transportation Board

§ 1151.2

category 1 or 2 of the owning railroad's system diagram map (but the railroad has not filed an application to abandon the line), or the public convenience and necessity, as defined in 49 U.S.C. 10907(c)(1), permit or require the sale of the line.

[48 FR 9654, Mar. 8, 1983, as amended at 56 FR 37861, Aug. 9, 1991; 64 FR 53268, Oct. 1, 1999]

§ 1151.2 Procedures.

(a) Service. When an application is filed, applicant must concurrently serve a copy of the application by first class mail on:

- (1) The owning railroad;
- (2) All rail patrons who originated and/or received traffic on the line during the 12-month period preceding the month in which the application is filed;
- (3) The designated State agency in the State(s) where the property is located;
- (4) County governments where the line is located;
- (5) The National Railroad Passenger Corporation (Amtrak) (if Amtrak operates on the line);
- (6) And the national offices of rail unions with employees on the line.

(b) Acceptance or rejection of an application.

(1) The Board, through the Director of the Office of Proceedings, will accept a complete application no later than 30 days after the application is filed by publishing a notice in the FEDERAL REGISTER. An application is complete if it has been properly served and contains substantially all information required by § 1151.3, except as modified by advance waiver. The notice will also announce the schedule for filing of competing applications and responses.

(2) The Board, through the Director of the Office of Proceedings, will reject an incomplete application by serving a decision no later than 30 days after the application is filed. The decision will explain specifically why the application was incomplete. A revised application may be submitted, incorporating portions of the prior application by reference.

(c) Competing applications.

(1) Unless otherwise scheduled in the notice, competing applications by other parties seeking to acquire all or any portion of the line sought in the

initial application are due within 30 days after the initial application is accepted.

(2) The Board, through the Director of the Office of Proceedings, will issue a decision accepting or rejecting a competing application no later than 15 days after it is filed. A competing application will be rejected if it does not substantially contain the information required by § 1151.3, except as modified by advance waiver.

(d) Incomplete applications.

(1) If an applicant seeking to file an initial or competing application is unable to obtain required information that is primarily or exclusively within the personal knowledge of the owning carrier, the applicant may file an incomplete application if it files at the same time a request for discovery under 49 CFR part 1114 to obtain the needed information from the owning carrier.

(2) The Board, through the Director of the Office of Proceedings, will by decision conditionally accept incomplete initial or competing applications, if the Director determines that the discovery sought is necessary for the application and primarily or exclusively within the knowledge of the owning carrier.

(3) When the information sought through discovery has been filed for an initial application, FEDERAL REGISTER notice under paragraph (b) of this section will be published.

(4) When the information sought through discovery has been filed for a competing application, a decision will be issued under paragraph (c) of this section.

(e) Comments. Unless otherwise scheduled in the notice, verified statements and comments addressing both the initial and competing applications must be filed within 60 days after the initial application is accepted.

(f) Replies. Unless otherwise scheduled in the notice, verified replies by applicants and other interested parties must be filed within 80 days after the initial application is accepted.

(g) Publication. If the Board finds that the public convenience and necessity require or permit sale of the line, the Board shall concurrently publish this finding in the FEDERAL REGISTER.

(h) Acceptance or rejection. If the Board concludes that sale of the line should be required, the applicant(s) must file a notice with the Board and the owning railroad accepting or rejecting the Board's determination. The notice must be filed within 10 days of the service date of the decision.

(i) Selection. If two or more applicants timely file notices accepting the Board's determination, the owning railroad must select the applicant to which it will sell the line and file notice of its selection with the Board and serve a copy on the applicants within 15 days of the service date of the Board decision.

(j) Waiver. Prior to filing an initial or competing application, an applicant may file a petition to waive or clarify specific portions of part 1151. A decision by the Director of the Office of Proceedings granting or denying a petition for waiver or clarification will be issued within 30 days of the date the petition is filed. Appeals from the Director's decision will be decided by the entire Board.

(k) Extension. Extensions of filing dates may be granted for good cause.

[56 FR 37861, Aug. 9, 1991]

§ 1151.3 Contents of application.

(a) The initial application and all competing applications must include the following information in the form of verified statements:

(1) Identification of the line to be purchased including:

(i) The name of the owning carrier; and

(ii) The exact location of the line to be purchased including milepost designations, origin and termination points, stations located on the line, and cities, counties and States traversed by the line.

(2) Identification of applicant including:

(i) The applicant's name and address;

(ii) The name, address, and phone number of the representative to receive correspondence concerning this application;

(iii) A description of applicant's affiliation with any railroad; and

(iv) If the applicant is a corporation, the names and addresses of its officers and directors.

(3) Information sufficient to demonstrate that the applicant is a financially responsible person. In this regard, the applicant must demonstrate its ability:

(i) To pay the higher of the net liquidation value (NLV) or going concern value (GCV) of the line; and

(ii) To cover expenses associated with providing services over the line (including, but not limited to, operating costs, rents, and taxes) for at least the first 3 years after acquisition of the line.

(4) An estimate of the NLV and the GCV of the line and evidence in support of these estimates.

(5) An offer to purchase the line at the higher of the two estimates submitted pursuant to paragraph (a)(4) of this section.

(6) The dates for the proposed period of operation of the line covered by the application.

(7) An operating plan that identifies the proposed operator; attaches any contract that the applicant may have with the proposed operator; describes in detail the service that is to be provided over the line, including all interline connections; and demonstrates that adequate transportation will be provided over the line for at least 3 years from the date of acquisition.

(8) A description of the liability insurance coverage carried by applicant or any proposed operator. If trackage rights are requested, the insurance must be at a level sufficient to indemnify the owning railroad against all personal and property damage that may result from negligence on the part of the operator in exercising the trackage rights.

(9) Any preconditions (such as assuming a share of any subsidy payments) that will be placed on shippers in order for them to receive service, and a statement that if the application is approved, no further preconditions will be placed on shippers without Board approval. (This statement will be binding upon applicant if the application is approved.)

(10) The name and address of any person(s) who will subsidize the operation of the line.

(11) A statement that the applicant will seek a finding by the Board that

Surface Transportation Board

§ 1151.3

the public convenience and necessity permit or require acquisition, or a statement that the line is currently in category 1 or 2 of the owning railroad's system diagram map.

(i) If the applicant seeks a finding of public convenience and necessity, the application must contain detailed evidence that permits the Board to find that:

(A) The rail carrier operating the line refused within a reasonable time to make the necessary efforts to provide adequate service to shippers who transport traffic over the line;

(B) The transportation over the line is inadequate for the majority of shippers who transport traffic over the line;

(C) The sale of the line will not have a significantly adverse financial effect on the rail carrier operating the line;

(D) The sale of the line will not have an adverse effect on the overall operational performance of the rail carrier operating the line; and

(E) The sale of the line will be likely to result in improved railroad transportation for shippers who transport traffic over the line.

(ii) If the applicant seeks a finding that the line is currently in category 1 or 2 of the owning carrier's system diagram map, the relevant portion of the current map must be attached to the application.

(12) A statement detailing applicant's election of exemption from the provisions of Title 49, United States Code, and a statement that if the application is approved, no further exemptions will be elected. (This statement will be binding upon applicant if the application is approved.)

(13) A description of any trackage rights sought over the owning railroad that are required to allow reasonable interchange or to move power equipment or empty rolling stock between noncontiguous feeder lines operated by the applicant, and an estimate of the reasonable compensation for such rights, including full explanation of how the estimate was reached. The description of the trackage rights shall include the following information: Milepost or other identification for each segment of track; the need for the trackage rights (interchange of traffic,

movement of equipment, etc.); frequency of operations; times of operation; any alternative to the use of trackage rights; and any other pertinent data. Trackage rights that are necessary for the interchange of traffic shall be limited to the closest point to the junction with the owning railroad's line that allows the efficient interchange of traffic. A statement shall be included that the applicant agrees to have its train and crew personnel take the operating rules examination of the railroad over which the operating rights are exercised.

(14) If applicant requests Board-prescribed joint rates and divisions in the feeder line proceeding, a description of any joint rate and division agreement must be included in the application. The description must contain the following information:

(i) The railroad(s) involved;

(ii) The estimated revenues that will result from the division(s);

(iii) The total costs of operating the line segment purchased (including any trackage rights fees).

(iv) Information sufficient to allow the Board to determine that the line sought to be acquired carried less than 3 million gross ton-miles of traffic per mile in the preceding calendar year¹; and

(v) Any other pertinent information.

(15) The extent to which the owning railroad's employees who normally service the line will be used.

(16) A certificate stating that the service requirements of § 1151.2(a) have been met.

(b) Applicant must make copies of the application available to interested parties upon request.

[48 FR 9654, Mar. 8, 1983, as amended at 56 FR 37862, Aug. 9, 1991; 64 FR 53268, Oct. 1, 1999; 81 FR 8855, Feb. 23, 2016]

¹Gross ton-miles are calculated by adding the ton-miles of the cargo and the ton-miles related to the tare (empty) weight of the freight cars used to transport the cargo in the loaded movement. In calculating the gross ton-miles, only those related to the portion of the segment purchased shall be included.

§ 1151.4

§ 1151.4 Board determination.

(a) The Board shall determine whether each applicant is a financially responsible person. To be a financially responsible person, the Board must find that:

(1) The applicant is capable of paying the constitutional minimum value of the line and able to assure that adequate transportation will be provided over the line for at least 3 years;

(2) The applicant is not a class I or class II railroad or an entity affiliated with a class I or class II railroad.

(b) If the Board finds that one or more applicants are financially responsible parties, it shall determine whether the involved line or line segment is a qualified line. A line is a qualified line if:

(1) Either

(i) The public convenience and necessity require or permit the sale of line or line segment; or

(ii) The line or line segment is classified in category 1 or 2 of the owning carrier's system diagram map; and

(2) The traffic level on the line or line segment sought to be acquired was less than 3 million gross ton-miles of traffic per mile in the preceding calendar year (Note: This finding will not be required for applications filed after October 1, 1983).

(c) If the Board finds that one or more financially responsible parties have offered to buy a qualifying line of railroad, the Board shall set the acquisition cost of the line at the higher of NLV or GCV, order the owning carrier to sell the rail line to one of the financially responsible applicants, and resolve any related issues raised in the application. If an applicant and the owning railroad agree on an acquisition price, that price shall be the final price.

(d) If trackage rights are sought in the application, the Board shall, based on the evidence of record, set the adequate compensation for such rights, if the parties have not agreed.

(e) If the applicant requests the Board to set joint rates or divisions and the line carried less than 3 million gross ton-miles of traffic per mile during the preceding calendar year, the Board shall, pursuant to 49 U.S.C. 10705(a), establish joint rates and divi-

sions based on the evidence of record in the proceeding. Unless specifically requested to do so by the selling carrier, the Board will not set the rate for the selling railroad's share of the joint rate at less than the applicable level (for the year in which the acquisition is made) set by 49 U.S.C. 10707, which limits Board maximum ratemaking jurisdiction to rates above certain cost/price ratios.

Subpart B—System Diagram

§ 1152.10 System diagram map.

(a) Each carrier shall prepare a diagram of its rail system on a map, designating all lines in its system by the categories established in paragraph (b) of this section. A Class III carrier shall either prepare the aforementioned map of its rail system or file only a narrative description of its lines that provides all of the information required in this subpart.

(b) All lines in each carrier's rail system shall be separated into the following categories:

(1) All lines or portions of lines which the carrier anticipates will be the subject of an abandonment or discontinuance application to be filed within the 3-year period following the date upon which the diagram or narrative, or any amended diagram or narrative, is filed with the Board;

(2) All lines or portions of lines which are potentially subject to abandonment, defined as those which the carrier has under study and believes may be the subject of a future abandonment application because of either anticipated operating losses or excessive rehabilitation costs, as compared to potential revenues;

(3) All lines or portions of lines for which an abandonment or discontinuance application is pending before the Board on the date upon which the diagram or narrative, or any amended diagram or narrative, is filed with the Board;

(4) All lines or portions of lines which are being operated under the rail service continuation provisions of 49 U.S.C. 10904 (and former 49 U.S.C. 10905) on the date upon which the diagram or narrative, or any amended diagram or narrative, is filed with the Board; and

(5) All other lines or portions of lines which the carrier owns and operates, directly or indirectly.

(1) All state boundary lines;

(2) Boundaries of every county in which is situated a rail line owned or operated by the carrier which is listed in categories 1 thru 4 (§ 1152.10(b)(1) thru (4));

(3) Every Standard Metropolitan Statistical Area (SMSA) any portion of which is located within 5 air miles of a rail line owned or operated by the carrier; and

(4) Every city outside an SMSA which has a population of 5,000 or more persons (according to the latest published United States census reports) and which has any portion located within 5 air miles of a rail line owned or operated by the carrier. A series of interrelated maps may be used where the system serves a very large or congested area. An explanation of the interrelationship must be furnished.

§ 1152.11 Description of lines to accompany the system diagram map or information to be contained in the narrative.

Each carrier required to file a system diagram map or narrative shall list and describe, separately by category and within each category by state, all lines or portions of lines identified on its system diagram map or to be included in its narrative as falling within categories 1 thru 3 (§ 1152.10(b)(1) thru (3)) as follows:

§ 1152.12 Filing and publication.

(a) Each carrier required to file a system diagram map or a narrative shall file with the Board three copies of a complete and up-dated color-coded system diagram map or narrative (identified by its "AB number") and the accompanying line descriptions in conformance with the filing and publication requirements of this section. If a revised map or narrative is filed, the line descriptions for the lines which were revised must be filed.

(b) The color-coded system diagram map or narrative, any amendments, and accompanying line descriptions shall be served upon the Governor, the Public Service Commission (or equivalent agency) and the designated state agency of each state within which the carrier operates or owns a line of railroad.

(c) The carrier shall: (1) Publish in a newspaper of general circulation in each county containing category 1 through 3 lines or lines being revised, a notice containing:

(ii) A description of each line (in the case of Class III carriers only the line description is required);

(2) Post a copy of the newspaper notice:

(i) In each agency station or terminal on each line in categories 1 through 3 and on each line which has been revised; or

(ii) If there is no agency station on the line, at any station through which business for the line is received or forwarded;

(3) Furnish, at reasonable cost, upon request of any interested person, a copy of its system diagram map (either color-coded or black-and-white) or narrative; and

(4) Notify interested persons of this availability through its publication in the appropriate county newspaper.

(d) Each carrier required to file a system diagram map or narrative shall file with the Board an affidavit of service and publication stating the date each was accomplished. A copy of each newspaper notice published shall be attached to the affidavit. The effective

date of the filing of the initial system diagram map or narrative and each amended system diagram map or narrative as required in paragraph (a) of this section shall be deemed to be the date upon which the Board receives the affidavit required in this paragraph.

(e) The Board shall require republication of the notice if it is found to be inadequate.

(b) By March 24, 1997, each carrier shall file with the Board a revised and updated color-coded system diagram map and line descriptions or narrative which shall be subject to the filing and publication requirements of § 1152.12. Thereafter, each carrier shall file amendments as line designations change and update its map or narrative, as appropriate. Also, each carrier shall file an updated or amended map or narrative upon order of the Board. Each new rail carrier shall comply with the requirements of this subsection within 60 days after it becomes a carrier.

§ 1152.15 Reservation of jurisdiction.

49 U.S.C. 10903(c)(1) authorizes the Board, at its discretion, to provide for designation of lines as “potentially subject to abandonment” under standards which vary by region of the United States, by railroad, or by group of railroads. The Board expressly reserves the right to adopt such varying standards in the future.

Any other persons who would like to obtain a copy of the EA (or EIS) may contact the Office of Environmental Analysis. EAs in these abandonment proceedings normally will be made available within 33 days of the filing of the application. § 1152.23 [Reserved]

§ 1152.24 Filing and service of application.

(a) The application shall be filed with the Chief, Section of Administration, Office of Proceedings, Washington, DC 20423-0001. The application shall bear the date and signature and shall be complete in itself. The applicable filing fee must be paid by check, money order, or through the Board's electronic payment system (see 49 CFR part 1002). If the applicant carrier is in bankruptcy, the application shall also be filed on the bankruptcy court.

(b) The applicant shall tender with its application an affidavit attesting to its compliance with the notice requirement of § 1152.20. The affidavit shall include the dates of service, posting, and publication of the notice.

(c) When the application is filed with the Board, the applicant shall serve, by first class mail, a copy on the Governor, the Public Service Commission (or equivalent agency), and the designated state agency of each state in which any part of the line of railroad sought to be abandoned or discontinued is situated. A copy of the application

§ 1152.25

will be available for public inspection, on or after the date the abandonment application is filed with the Board, at each agency station or terminal on the line proposed to be abandoned or discontinued (if there is no agency station on the line, the application shall be deposited at any agency station through which business for the line is received or forwarded). A certificate of service shall be promptly filed with the Board.

(d) The applicant shall promptly furnish by first class mail a copy of the application to any interested person proposing to file a written comment or protest upon request. A certificate of service shall promptly be filed with the Board.

(e)(1) The Board shall reject any abandonment or discontinuance application which does not substantially conform to the regulations in this subpart C regarding notice, form, and content, or which applies to a line which has not properly been published on the carrier's system diagram map (or included in a narrative in the case of a Class III carrier), in conformance with the regulations of subpart B of this part.

(2) Upon the filing of an abandonment or discontinuance application, the Board will review the application and determine whether it conforms with all applicable regulations. If the application is substantially incomplete or its filing otherwise defective, the Board shall reject the application for stated reasons by order (which order will be administratively final) within 20 days from the date of filing of the application. If the Board does not reject the application, notice of the filing of the application shall be published in the FEDERAL REGISTER by the Board, through the Director of the Office of Proceedings, within 20 days of the filing of the application.

(3) If the application is rejected, a revised application may be submitted, and the Board will determine whether the resubmitted application conforms with all prescribed regulations. A properly revised application submitted within 60 days of the order rejecting the incomplete or improper application need not be subjected to new notice and publication under §1152.20, unless the defect causing the rejection was in

49 CFR Ch. X (10–1–21 Edition)

the notice and/or publication. A revised application submitted after such 60-day period must be newly published and noticed.

(4) The resubmission of an abandonment or discontinuance application shall be considered a de novo filing for the purposes of computation of the time period for filing an offer of financial assistance under 49 U.S.C. 10904, and for other time periods prescribed in the regulations contained in this part (49 CFR part 1152), provided, that a resubmitted application is deemed complete and proper.

(5) An applicant may seek waiver of specific regulations listed in subpart C of this part by filing a petition for waiver with the Board. A decision by the Director of the Office of Proceedings granting or denying a waiver petition will be issued within 30 days of the date the petition is filed. Appeals from the Director's decision will be decided by the entire Board. If waiver is not obtained prior to the filing of the application, the application may be subject to rejection under paragraphs (e) (1) and (2) of this section.

(f) As provided in §1152.29(e)(2), rail carriers authorized to abandon a line under 49 U.S.C. 10903 must file with the Board a notice that abandonment has been consummated.

[61 FR 67883, Dec. 24, 1996, as amended at 62 FR 34669, June 27, 1997; 64 FR 53268, Oct. 1, 1999; 74 FR 52909, Oct. 15, 2009; 84 FR 12945, Apr. 3, 2019]

§1152.25 Participation in abandonment or discontinuance proceedings.

(a) *Public participation*—(1) *Protests and comments*. Interested persons may become parties to an abandonment or discontinuance proceeding by filing written comments or protests with the Board. Any request for a public use condition under 49 U.S.C. 10905 (§1152.28 of the Board's rules) and any request for a trail use condition under 16 U.S.C. 1247(d) (§1152.29 of the Board's rules) must be included in these filings. Persons who may oppose the abandonment or discontinuance, but who do not wish to participate fully in the process by appearing at any oral hearings or by submitting verified statements of witnesses containing detailed evidence,

Surface Transportation Board

§ 1152.25

should file comments. Persons interested only in seeking public use or trail use conditions should also file comments. Persons opposing the proposed abandonment or discontinuance that do wish to participate actively and fully in the process should file a protest. Protests shall include all evidence and argument in support of protestant's position (protestant's case in chief). Protests must contain the following information:

(i) Protestant's name, address and business.

(ii) A statement describing protestant's interest in the proceeding including:

(A) A description of protestant's use of the line;

(B) If protestant does not use the line, information concerning the group or public interest it represents; and

(C) If protestant's interest is limited to the retention of service over a portion of the line, a description of the portion of the line subject to protestant's interest (with milepost designations if available) and evidence showing that the applicant can operate the portion of the line profitably, including an appropriate return on its investment for those operations.

(iii) Specific reasons why protestant opposes the application including information regarding protestant's reliance on the involved service (this information must be supported by affidavits of persons with personal knowledge of the fact(s)).

(iv) Any rebuttal of material submitted by applicant.

(v) Any request for a public use condition under 49 U.S.C. 10905 (§1152.28 of the Board's rules) and any request for a trail use condition under 16 U.S.C. 1247(d) (§1152.29 of the Board's rules).

(2) *Additional information.* In addition to the information required in paragraph (a)(1) of this section, a commenting party or protestant may provide a statement of position and a summary of evidence regarding:

(i) Intent to offer financial assistance under 49 U.S.C. 10904;

(ii) Environmental impact;

(iii) Impact on rural and community development;

(iv) Recommended provisions for protection of the interests of employees;

(v) A request for a public use condition under 49 U.S.C. 10905; and

(vi) Prospective use of the right-of-way for interim trail use and rail banking under 16 U.S.C. 1247(d) and 49 CFR 1152.29.

(3) *Feeder line application for all or part of the line subject to the abandonment application.* In addition to the information required in paragraphs (a)(1) and (2) of this section, a commenting party or protestant must provide information that:

(i) The protestant filed a feeder line application under 49 U.S.C. 10907 (or former 49 U.S.C. 10910);

(ii) The feeder line application involves any portion of the rail line involved in the abandonment or discontinuance application;

(iii) The feeder line application was filed prior to the date the abandonment or discontinuance application was filed; and

(iv) The feeder line application is pending before the Board.

(b) *Employee or employee representative participation.* Employees or their representatives may file protests or comments to an application. However, because the Board will impose employee protective conditions under 49 U.S.C. 10903(b)(2) if an application is granted, employees and their representatives need not file comments or protests seeking this protection.

(c) *Filing and service of written comments, protests, along with evidence and argument, and replies.* (1) Written comments and protests, as well as public use and trail use requests, shall be filed with the Board (the Chief, Section of Administration, Office of Proceedings, Surface Transportation Board, Washington, DC 20423-0001) within 45 days of the filing with the Board of an abandonment or discontinuance application.

(2) A copy of each written comment or protest shall be served on applicant or its representative at the time of filing with the Board. If the applicant carrier is in bankruptcy, each comment or protest shall also be filed on the Bankruptcy Court. Each filing shall contain a certificate of service.

(3) Replies or rebuttal to written comments and protests shall be filed and served by applicants no later than

§ 1152.25

49 CFR Ch. X (10–1–21 Edition)

60 days after the filing of the application.

(d) *Time limits.* (1) Pleadings, requests or other papers or documents (including any comments or protests and any appeal from a Board decision) required or permitted to be filed under this part must be received for filing at the Board's Offices at Washington, DC within the time limits, if any, for such filing. The date of receipt at the Board and not the date of deposit in the mail is determinative, provided, however, that if such document is mailed by certified, registered, or express mail, postmarked at least 3 days prior to the due date, it will be accepted as timely filed.

(2) In computing any time period prescribed or allowed by this part, the day of the act, event, or default after which the designated period of time begins to run is not to be included.

(3) Any filing under this part which falls due on a Saturday, Sunday, or a legal holiday in the District of Columbia, may be filed at the Board by the end of the next day which is neither a Saturday, Sunday, nor a holiday, except as indicated in paragraph (d)(4) of this section. A half holiday shall not be considered as a holiday.

(4) Offers of financial assistance made pursuant to § 1152.27(c) must be filed on or before their statutory or regulatory due date as computed in paragraph (d)(2) of this section, regardless of whether that date is a Saturday, Sunday, or a legal holiday in the District of Columbia.

(5) The Board will reject any pleading filed after its due date unless good cause is shown why the pleading is filed late.

(6) *Oral hearings.* (i) Any oral hearing request is due 10 days after the filing of the application. The Board, through the Director of the Office of Proceedings, will issue a decision on any oral hearing request within 15 days after the filing of the application. If the Board decides to hold an oral hearing, the oral hearing shall be for the primary purpose of cross examination of witnesses filing verified statements in the proceeding. Any direct testimony, other than applicant's rebuttal evidence, shall be received at the discretion of the hearing officer.

(ii) In addition to that contained in the application, the submission of written evidence prior to the commencement of the hearing shall be established by the Board.

(iii) Post hearing legal briefs shall be due 10 days after the close of the oral hearing, or at an earlier date if established at the hearing by the hearing officer.

(e) *Appellate procedures*—(1) *Scope of rule.* Except as specifically indicated below, these appellate procedures are to be followed in abandonment and discontinuance proceedings in lieu of the general procedures at 49 CFR 1115. Appeals of initial decisions of the Director of the Office of Proceedings determining:

(i) Whether offers of financial assistance satisfy the standard of 49 U.S.C. 10904(d) for purposes of instituting negotiations or, in exemption proceedings, for purposes of partial revocation and instituting negotiations;

(ii) Whether partially to revoke or to reopen abandonment exemptions authorized, respectively, under 49 U.S.C. 10502 and 49 CFR part 1152 subpart F for the purpose of imposing public use conditions under the criteria in 49 CFR 1152.28 and/or conditions limiting salvage of the rail properties for environmental and historic preservation purposes; and

(iii) The applicability and administration of the Trails Act [16 U.S.C. 1247(d)] in abandonment proceedings under 49 U.S.C. 10903 (and abandonment exemption proceedings), issued pursuant to delegations of authority at 49 CFR 1011.7(a)(2)(iv) and (v), will be acted on by the entire Board as set forth at 49 CFR 1011.2(a)(7). Any appeals, and replies to appeals, under this section must be filed with the Board.

(2) *Appeals criteria.* Appeals to the Board's decision in abandonment or discontinuance proceedings will not be entertained. Those decisions are administratively final upon the date they are served.

(i) Parties seeking further administrative action may file a petition to reopen the proceeding under paragraph (e)(4) of this section. If an abandonment or discontinuance is granted and a party wishes the Board to have the opportunity to consider a petition to

Surface Transportation Board

§ 1152.26

reopen before the abandonment or discontinuance authorization becomes effective, it must file its petition within 15 days after the administratively final decision is served together with a request for a stay of effectiveness under paragraph (e)(7) of this section. If such a petition to reopen and stay request is received within that 15-day period, any replies to the petition to reopen must be filed no later than 25 days after the date the decision is served, and any reply to the stay request must reach the Board no later than 5 days after the stay request is filed.

(ii) The Board will grant a petition to reopen only upon a showing that the action would be affected materially because of new evidence, changed circumstances, or material error.

(3) *Form.* A petition to reopen and any reply shall not exceed 30 pages in length, including the index of subject matter, argument, and appendices or other attachments.

(4) *Petitions to reopen administratively final actions.* A person may file with the Board a petition to reopen any administratively final action of the Board. A petition to reopen shall state in detail the respects in which the proceeding involves material error, new evidence, or substantially changed circumstances.

(5) *Judicial review.* (i) Parties may seek judicial review of a Board action in an abandonment or discontinuance proceeding on the day the action of the Board becomes final.

(ii) If a petition seeking reopening is filed under this section, before or after a petition seeking judicial review is filed with the courts, the Board will act upon the petition after advising the court of its pendency unless action might interfere with the court's jurisdiction.

(6) *Petitions to vacate.* In the event of procedural defects (such as the loss of a properly filed protest, the failure of the applicant to afford the public the requisite notice of its proposed abandonment, etc.), the Board will entertain petitions to vacate the abandonment or discontinuance authorization. Any petitions to vacate must be filed with the Board.

(7) *Petitions to stay.* (i) The filing of a petition to reopen shall not stay the ef-

fect of a prior action. Any petition to stay must be filed with the Board.

(ii) A petition to reopen an administratively final action may be accompanied by a petition for a stay of the effectiveness of the abandonment or discontinuance. As provided in paragraph (e)(2) of this section, a petition to reopen must be accompanied by a stay request if the party wishes the Board to have the opportunity to consider the petition to reopen before the abandonment or discontinuance authorization becomes final.

(iii) A party may petition for a stay of the effectiveness of abandonment or discontinuance authorization pending a request for judicial review. The reasons for the desired relief shall be stated in the petition, and the petition shall be filed not less than 15 days prior to the effective date of the abandonment authorization. No reply need be filed. If a party elects to file a reply, the reply must reach the Board no later than 5 days after the petition is filed.

§ 1152.26 Board determination under 49 U.S.C. 10903.

(a) The following schedule shall govern the process for Board consideration and decisions in abandonment and discontinuance application proceedings from the time the application is filed until the time of the Board's decision on the merits:

Day 0—Application filed, including applicant's case in chief.

Day 10—Due date for oral hearing requests.

Day 15—Due date for Board decision on oral hearing requests.

Day 20—Due date for Notice of Application to be published in the FEDERAL REGISTER.

Day 45—Due date for protests and comments, including opposition case in chief, and for public use and trail use requests.

Day 60—Due date for applicant's reply to opposition case and for applicant's response to trail use requests.

Day 110—Due date for service of decision on the merits.

Day 120—Due date for offers of financial assistance, except that if an application has been granted by decision issued sooner than Day 110, the offer of financial assistance shall be due 10 days after service of the decision granting the application.

(b) If an application for abandonment or discontinuance is filed by a bankrupt railroad, the Board shall base its decision (Report to the Bankruptcy Court) on the application and any responses to the application that are filed. In each such instance, the Board shall establish a reasonable period of time for filing responses to the application so that public input can be included in the Board's decision (Report) and so that the Board will be able to meet a deadline imposed or requested by the Bankruptcy Court. Because Board action on abandonment applications by bankrupt railroads is advisory only, no environmental filings or analysis is necessary. See 49 CFR 1105.5(c).

[61 FR 67883, Dec. 24, 1996, as amended at 62 FR 34670, June 27, 1997]

§ 1152.27 Financial assistance procedures.

(a) *Provision of information.* An applicant must provide promptly upon request to a party considering an offer of financial assistance to continue existing rail service that has proven itself preliminarily financially responsible under paragraph (c)(1)(ii) of this section, and concurrently to the Board, the following:

(1)(i) *In an application or petition for exemption proceeding,* an estimate of the annual subsidy and minimum purchase price required to keep the line or a portion of the line in operation;

(ii) *In a class exemption proceeding,* either an estimate of the annual subsidy or the minimum purchase price, depending upon the type of financial assistance indicated in the potential offeror's formal expression of intent submitted under paragraph (c)(2)(i) of this section;

(2) Its most recent reports on the physical condition of the involved line; and

(3) Traffic, revenue, and other data necessary to determine the amount of annual financial assistance that would be required to continue rail transportation over that part of the railroad line. In an exemption proceeding, the data to be provided must at a minimum include the carrier's estimate of the net liquidation value of the line, with supporting data reflecting available real estate appraisals, assessments

of the quality and quantity of track materials in a line, and removal cost estimates (including the cost of transporting removed materials to point of sale or point of storage for relay use), and, if an offer of subsidy is contemplated, an estimate of the cost of rehabilitating the line to Federal Railroad Administration class 1 Safety Standards (49 CFR part 213).

(b) *Federal Register notice*—(1) *Abandonment and discontinuance applications.* The FEDERAL REGISTER publication, which gives notice of the filing of the application 20 days after the application is filed, will serve as notice to persons intending to offer financial assistance to assure continued rail service under 49 U.S.C. 10904 and these regulations as they relate to abandonment and discontinuance applications. Offers of financial assistance will be due 120 days after the application is filed or 10 days after a decision granting the application is served, whichever occurs sooner.

(2) *Exemption proceedings.* (i) If a petition for individual exemption from the prior approval requirements of 49 U.S.C. 10903 is filed with the Board for abandonment or discontinuance of a line of railroad, the Board will publish notice of the petition in the FEDERAL REGISTER within 20 days of the filing of the petition. The FEDERAL REGISTER publication will serve as notice to persons with a potential interest in providing financial assistance to assure continued rail service on the line under 49 U.S.C. 10904 and these regulations as they relate to exempt abandonments and discontinuances. Offers of financial assistance will be due 120 days after the filing of the petition for exemption or 10 days after service of a Board decision granting the exemption, whichever occurs sooner.

(ii) If a notice of exemption is filed under the class exemption, the Board will publish notice of the exemption in the FEDERAL REGISTER within 20 days of filing. The FEDERAL REGISTER publication will serve as notice to persons with a potential interest in providing financial assistance to assure continued rail service on the line under 49 U.S.C. 10904 and these regulations as they relate to exempt abandonments and discontinuances. Offers of financial

assistance will be due no later than 30 days after the date of the FEDERAL REGISTER publication giving notice of the exemption.

(c) *Submission of financial assistance offer*—(1) *Abandonment and discontinuance applications and petitions for exemption*—(i) *Expression of intent to file offer*. Persons with a potential interest in providing financial assistance must, no later than 45 days after the FEDERAL REGISTER publication described in paragraph (b)(1) of this section or no later than 10 days after the FEDERAL REGISTER publication described in paragraph (b)(2)(i) of this section, submit to the carrier and the Board a formal expression of their intent to file an offer of financial assistance, indicating the type of financial assistance they wish to provide (*i.e.*, subsidy or purchase) and demonstrating that they are preliminarily financially responsible as described in paragraph (c)(1)(ii) of this section. Such submissions are subject to the filing requirements of § 1152.25(d)(1) through (d)(3).

(ii) *Preliminary financial responsibility*. Persons submitting an expression of intent to file an offer of financial assistance as described in paragraph (c)(1)(i) or paragraph (c)(2)(i) of this section must demonstrate that they are financially responsible, under the definition set forth in paragraph (c)(1)(iv)(B) of this section, for the calculated preliminary financial responsibility amount of the rail line they seek to subsidize or purchase. If they seek to subsidize, the preliminary financial responsibility amount shall be \$4,000 (representing a standard annual per-mile maintenance cost) times the number of miles of track. If they seek to purchase, the preliminary financial responsibility amount shall be the sum of the rail steel scrap price per ton (dated within 30 days of the submission of the expression of intent), times 132 short tons per track mile or 117.857 long tons per track mile, times the length of the line in miles, plus \$4,000 times the number of miles of track times two. Persons submitting an expression of intent must provide evidentiary support for their calculations. If the Board does not issue a decision regarding the preliminary financial responsibility demonstration within 10 days of receipt of

the expression of intent, the party submitting the expression of intent will be presumed to be preliminarily financially responsible and, upon request, the applicant must provide the information required under paragraph (a) of this section. This presumption does not create a presumption that the party will be financially responsible for an offer submitted under paragraph (c)(1)(iv) of this section.

(iii) *Service and filing*. An offeror must serve its offer of assistance on the carrier owning and operating the line and all parties to the abandonment or discontinuance application or exemption proceeding. The offer must be filed concurrently with the Chief, Section of Administration, Office of Proceedings, Surface Transportation Board, Washington, DC 20423-0001.

(A) An offer may be filed and served at any time after the filing of the abandonment or discontinuance application or petition for exemption. Once a decision is served granting an application or petition for exemption, however, the Board must be notified that an offer has previously been submitted.

(B) An offer, or notification of a previously filed offer, must be filed and served no later than 10 days after service of the Board decision granting the application or petition for exemption. This filing and service is subject to the requirements of 49 CFR 1152.25 (d)(1), (d)(2), and (d)(4).

(C) If, after a *bona fide* request, applicant or petitioner has failed to provide a potential offeror promptly with the information required under paragraph (a) of this section and if that information is not contained in the application or petition, the Board will entertain petitions to toll the 10-day period for submitting offers of financial assistance under paragraph (c)(1) of this section. Petitions must be filed with the Board within 5 days after service of the decision granting the application or petition for exemption. Petitions should include copies of the prior written request for information or an accurate outline of the specific information that was orally requested. Replies to these petitions must be filed within 10 days after service of the decision granting the application or petition for exemption. These petitions and replies must

be filed on or before their actual due date under 49 CFR 1152.25(d)(4). The Board will issue a decision on petitions within 15 days after service of the decision granting the application or petition for exemption.

(iv) *Contents of offer.* The offeror shall set forth its offer in detail. The offer must:

(A) Identify the line, or the portion of the line, in question;

(B) Demonstrate that the offeror is financially responsible; that is, that it has or within a reasonable time will have the financial resources to fulfill proposed contractual obligations. Examples of documentation the Board will accept as evidence of financial responsibility include income statements, balance sheets, letters of credit, profit and loss statements, account statements, financing commitments, and evidence of adequate insurance or ability to obtain adequate insurance. Examples of documentation the Board will not accept as evidence of financial responsibility include the ability to borrow money on credit cards and evidence of non-liquid assets an offeror intends to use as collateral. Governmental entities will be presumed to be financially responsible;

(C) Explain the disparity between the offeror's purchase price or subsidy if it is less than the carrier's estimate under paragraph (a)(1) of this section, and explain how the offer of subsidy or purchase is calculated.

(D) Demonstrate that the offeror has placed in escrow with a reputable financial institution funds equaling 10% of the preliminary financial responsibility amount calculated pursuant to paragraph (c)(1)(ii) of this section. Governmental entities are exempt from this requirement;

(E) Demonstrate that there is a continued need for rail service on the line, or portion of the line, in question. Examples of evidence to be provided include: Evidence of a demonstrable commercial need for service (as reflected by support from shippers or receivers on the line or other evidence of an immediate and significant commercial need); evidence of community support for continued rail service; evidence that acquisition of freight operating rights would not interfere with current

and planned transit services; and evidence that continued service is operationally feasible;

(F) Identify the offeror and provide a mailing address, either business or personal, and other contact information including phone number and email address as available, for the offeror or a representative;

(G) If the offeror is a legal entity, include the entity's full name, state of organization or incorporation, and a description of the ownership of the entity; and

(H) If multiple parties seek to make a single offer of financial assistance, clearly identify which entity or individual will assume the common carrier obligation if the offer is successful, and clearly describe how the parties will allocate responsibility for financing the subsidy or purchase of the line and, if purchased, the operation of the line.

(2) *Class exemption proceedings*—(i) *Expression of intent to file offer.* Persons with a potential interest in providing financial assistance must, no later than 10 days after the FEDERAL REGISTER publication described in paragraph (b)(2)(ii) of this section, submit to the carrier and the Board a formal expression of their intent to file an offer of financial assistance, indicating the type of financial assistance they wish to provide (i.e., subsidy or purchase) and demonstrating that they are preliminarily financially responsible as described in paragraph (c)(1)(ii) of this section. Such submissions are subject to the filing requirements of § 1152.25(d)(1) through (d)(3). Submission of a formal expression of intent under this subsection will automatically stay the effective date of the notice of exemption under the class exemption for 40 days (normally, this will be 10 days beyond the date stated in the FEDERAL REGISTER publication).

(ii) *Service and filing.* An offeror must serve its offer of assistance on the carrier that instituted the exempt filing as well as all other parties to the proceeding. The offer must be filed concurrently with the Chief, Section of Administration, Office of Proceedings, Surface Transportation Board, Washington, DC 20423–0001.

Surface Transportation Board

§ 1152.27

(A) An offer may be filed and served at any time after the filing of the notice of exemption. Once a notice of exemption is published in the FEDERAL REGISTER, however, the Board must be notified that an offer has previously been submitted.

(B) An offer, or notification of a previously filed offer, must be filed and served no later than 30 days after the FEDERAL REGISTER publication described in paragraph (b)(2)(ii) of this section. This filing and service is subject to the requirements of 49 CFR 1152.25(d)(1), (d)(2), and (d)(4).

(C) If, after a *bona fide* request, applicant has failed to provide a potential offeror promptly with the information required under paragraph (a) of this section and if that information is not contained in the notice of exemption, the Board will entertain petitions to toll the 30-day period for submitting offers of financial assistance under paragraph (c)(2) of this section. Petitions must be filed with the Board within 25 days after publication in the FEDERAL REGISTER (as described in paragraph (b)(2)(ii) of this section). Petitions should include copies of the prior written request for information or an accurate outline of the specific information that was orally requested. Replies to these petitions must be filed within 30 days after publication. These petitions and replies must be filed on or before their actual due date under 49 CFR 1152.25(d)(4). The Board will issue a decision on petitions to toll the offer period within 35 days after publication.

(D) Upon receipt of a formal expression of intent to file an offer under paragraph (c)(2)(i) of this section, the rail carrier applicant may advise the Board and the potential offeror that additional time is needed to develop the information required under paragraph (a) of this section. Applicant shall expressly indicate the amount of time it considers necessary (not to exceed 60 days) to develop and submit the required information to the potential offeror. For the duration of the time period so indicated by the applicant, the 30-day period for submitting offers of financial assistance under paragraph (c)(2) of this section shall be tolled without formal Board action.

(iii) *Contents of offer.* The offeror shall set forth its offer in detail. The offer must meet the requirements of paragraph (c)(1)(iv) of this section.

(d) *Access to documents.* Upon receipt by the carrier of a written comment under §1152.25, or satisfaction of the preliminary financial responsibility requirement under paragraph (c)(1)(ii) of this section or upon receipt by the carrier of an offer of financial assistance, whichever occurs earlier, the carrier must make available to that party or offeror the records, accounts, appraisals, working papers, and other documents used in preparing Exhibit 1 (§1152.36) or, if an exemption proceeding, those documents that would have been used in preparing Exhibit 1 had an abandonment or discontinuance application been filed, or other records, reports, and data in the possession of the carrier seeking the exemption that provide comparable data. These documents shall be made available during regular business hours at a time and place mutually agreeable to the parties.

(e) *Review of offers—(1) Abandonment and discontinuance applications.* The Board will review each offer submitted to determine if a financially responsible person has offered assistance. If that criterion is met, the Board will issue a decision postponing the effective date of the authorization for abandonment or discontinuance. This decision will be issued within 15 days of the service of the decision granting the application (or within 5 days after the offer is filed if the time for filing has been tolled under paragraph (c)(1)(iii)(C) of this section, or within 5 days after expiration of the 120 day (4 month) period described in 49 U.S.C. 10904, if that occurs first). Under the delegation of authority at §1011.7(a), the Director of the Office of Proceedings will make the initial determination whether offers of financial assistance satisfy the standards of 49 U.S.C. 10904(d) for purposes of instituting negotiations. Appeals of initial decisions determining whether offers of financial assistance satisfy the standards of 49 U.S.C. 10904(d) for purposes of instituting negotiations will be acted upon by the entire Board pursuant to 49 CFR 1011.2(a)(7).

(2) *Exemption proceedings.* The Board will review each offer submitted to determine if a financially responsible person has offered assistance. If that criterion is met, the Board will postpone the effective date either of the decision granting a petition for individual exemption or the notice of exemption under the class exemption and partially revoke the exemption or (in the case of a class exemption) the notice of exemption to the extent it applies to 49 U.S.C. 10904. The decision to postpone and partially revoke will be issued within 15 days of the service date of a decision granting a petition for exemption, or within 35 days of the FEDERAL REGISTER publication described in paragraph (b)(2)(ii) of this section (or within 5 days after the offer is filed if the time for filing has been tolled under paragraph (c)(1)(iii)(C) or (c)(2)(ii) (C) or (D) of this section). Under the delegation of authority at section 1011.7(a), the Director of the Office of Proceedings will make the initial determination whether offers of financial assistance satisfy the standards of 49 U.S.C. 10904(d) for purposes of partial revocation and institution of negotiations. Appeals of initial decisions determining whether offers of financial assistance satisfy the standards of 49 U.S.C. 10904(d) for purposes of partial revocation and institution of negotiations will be acted upon by the entire Board pursuant to 49 CFR 1011.2(a)(7).

(f) *Agreement on financial assistance.* (1) If the carrier and a person offering financial assistance enter into a subsidy agreement designed to provide for continued rail service, the Board will postpone the effective date of the abandonment or discontinuance. If a decision granting a petition for individual exemption, or a notice of exemption, has been issued, the Board will postpone the effective date of the decision or notice of exemption. The postponement will be for as long as the subsidy agreement is in effect.

(2) If the carrier and a person offering to purchase a line enter into a purchase agreement which will result in continued rail service, the Board will approve the transaction and dismiss the application for abandonment or discontinuance, or the petition for ex-

emption or notice of exemption. Board approval is not required under 49 U.S.C. 10901, 10902, or 11323 for the parties to consummate the transaction or for the purchaser to institute service and operate as a railroad subject to 49 U.S.C. 10501(a).

(g) *Failure to reach agreement on financial assistance.* (1) If the carrier and a financially responsible person fail to agree on the amount or terms of subsidy or purchase, either party may request the Board to establish the conditions and amount of compensation. This request must be filed with the Board within 30 days after the offer is made and served concurrently by overnight mail on all parties to the proceeding. The request must be accompanied by the appropriate fee, codified at 49 CFR 1002.2(f)(26). Replies will be due 5 days later.

(2) If no agreement is reached within 30 days after the offer of purchase or subsidy is made, and no request is made to the Board to set the conditions and amount of compensation under paragraph (g)(1) of this section, the Board will serve a decision vacating the prior decision, which postponed the effective date of the decision granting the application, the decision granting the exemption, or the notice of exemption and, which, if applicable, partially revoked either the decision granting the exemption or (in the case of a class exemption) the notice of exemption. The Board will issue the decision to vacate within 10 days of the due date for requesting the Board to set the conditions and amount of compensation, and the Board will make the decision to vacate effective on its date of service.

(h) *Request to establish conditions and compensation for financial assistance.* (1) If the Board is requested to establish conditions and compensation for financial assistance under paragraph (g)(1) of this section, the Board will issue a decision within 30 days after the request is due.

(2) If the applicant receives multiple offers of financial assistance, requests to establish conditions and compensation will not be permitted before the applicant selects the offeror with whom it wishes to transact business. (See paragraph (l)(1) of this section.)

Surface Transportation Board

§ 1152.27

(3) A party requesting the Board to establish conditions and compensation for financial assistance must, within the time period set forth in paragraph (h)(4) of this section, provide its case in chief, including reasons why its estimates are correct and the other negotiating party's estimates are incorrect, points of agreement and points of disagreement between the negotiating parties, and evidence substantiating these allegations. The offeror has the burden of proof as to all issues in dispute.

(4) The offeror must submit all evidence and information supporting the terms it seeks within 30 days after the offer is made. The carrier's reply to this evidence and support for the terms it seeks are due within 35 days after the offer is made. No rebuttal evidence will be permitted and evidence and information submitted after these dates will be rejected.

(5) If requested, the Board will determine the amount and terms of subsidy based on the avoidable cost of providing continued rail transportation, plus a reasonable return on the value of the line. Under 49 U.S.C. 10904(f)(4)(B), no subsidy arrangement approved under section 10904 shall remain in effect for more than one year unless mutually agreed by the parties.

(6) If requested, the Board will determine the price and other terms of sale. The Board will not set a price below the fair market value of the line (including, unless otherwise agreed upon by the parties, all facilities on the line or portion necessary to provide effective transportation services). Fair market value equals constitutional minimum value which is the greater of the net liquidation value of the line or the going concern value of the line. The constitutional minimum value is computed without regard to labor protection costs.

(7) Within 10 days of the service date of the Board's decision, the offeror must accept or reject the Board's terms and conditions with a written notification to the Board and all parties to the proceeding. If the offeror accepts the terms and conditions set by the Board, the Board's decision is binding on both parties. If the offeror withdraws its offer or does not accept the

terms and conditions set by the Board with a timely written notification, the Board will serve, within 20 days after the service date of the Board decision setting the terms and conditions, a decision vacating the prior decision, which postponed the effective date of either the decision granting the application or exemption or the notice of exemption, and which, if applicable, partially revoked the exemption or (in the case of a class exemption) the notice of exemption (unless other offers are being considered under paragraph (1) of this section). The decision to vacate will be effective on its date of service.

(i) *Substitution of purchasers and disposition after sale.* (1) Prior to the consummation of a purchase under this section, an offeror may substitute its corporate affiliate as the purchaser under an agreement, provided the Board has determined either:

(i) The original offeror has guaranteed the financial responsibility of its affiliate; or

(ii) The affiliate has demonstrated financial responsibility in its own right.

(2) Except as provided in paragraph (i)(3) of this section, a purchaser under this section may not:

(i) Transfer the line or discontinue service over the line prior to the end of the second year after consummation of the original sale under these provisions; or

(ii) Transfer the line, except to the carrier from whom the line was purchased, prior to the end of the fifth year after consummation.

(3) Paragraph (i)(2) of this section does not preclude a purchaser under this section from transferring the line to a corporate affiliate following the consummation of the original sale. Prior Board approval of the affiliate's acquisition and operation, however, is required under 49 U.S.C. 10901, 10902, or 11323. A corporate affiliate acquiring a line under this section is prohibited from discontinuing service over the line or transferring the line to a party that is not a corporate affiliate during the time periods prescribed in paragraph (i)(2) of this section.

(j) *Discontinuance of subsidy.* A subsidizer may discontinue a subsidy

under this section by giving 60 days notice of the discontinuance to the applicant and all other parties to the proceeding. Unless another financially responsible party enters into a subsidy agreement as beneficial to the carrier as the discontinued subsidy agreement in a situation where the 1-year time limit of 49 U.S.C. 10904(f)(4)(B) has not yet run, the carrier may by filing a request with the Board and serving the request on all parties to the abandonment or exemption proceeding obtain a decision vacating the decision postponing the effective date of either the decision granting the application, or petition for individual exemption, or the notice of exemption. The Board will issue a decision to vacate within 10 days after the filing and service of the request. This decision to vacate will be effective on its service date.

(k) *Default on agreement.* If any party defaults on its obligations under a financial assistance agreement, any other party to the agreement may promptly inform the Board of that default. Upon notification, the Board will take appropriate action.

(l) *Multiple offers of financial assistance.* (1) If an applicant receives more than one offer to purchase or subsidize the line from offerors found to be financially responsible, the applicant must select the offeror from those with whom it wishes to transact business. In abandonment and discontinuance application and petition for exemption proceedings within 25 days after service of the decision granting the application or petition for exemption, and in class exemption proceedings within 45 days after the FEDERAL REGISTER publication described in paragraph (b)(2)(ii) of this section, the railroad must:

(i) File a written notification of its selection with the Board; and

(ii) Serve a copy of the notification on all parties to the proceeding.

(2)(i) *Abandonment and discontinuance applications and petitions for exemption.* If the applicant has received multiple offers of financial assistance from persons found to be financially responsible and has selected the offeror with whom it wishes to transact business, the negotiating parties shall complete the sale or subsidy agreement or request

the Board to establish the conditions and amount of compensation within 40 days after the service date of the decision granting the application or petition for exemption. A request to the Board to set terms and conditions must be served concurrently on all parties to the proceeding. If no agreement on subsidy or sale is reached within the 40-day period and the Board has not been requested to establish the conditions and amount of compensation, any other financially responsible offeror may request the Board to establish the conditions and amount of compensation. This request must be filed at the Board within 50 days of the service date of the decision granting the application or petition for exemption and served concurrently on all parties to the proceeding. If no other request is filed, the Board will issue a decision authorizing abandonment or discontinuance within 60 days of the service date of the decision granting the application or petition for exemption. This decision will be effective on the date of service.

(ii) *Class exemption proceedings.* If the carrier seeking the exemption has received multiple offers of financial assistance from persons found to be financially responsible and has selected the offeror with whom it wishes to transact business, the negotiating parties shall complete the sale or subsidy agreement or request the Board to establish the conditions and amount of compensation within 60 days after the FEDERAL REGISTER publication described in paragraph (b)(2)(ii) of this section. A request to the Board to set terms and conditions must be served concurrently on all parties to the proceeding. If no agreement on subsidy or sale is reached within the 60-day period and the Board has not been requested to establish the conditions and amount of compensation, any other financially responsible offeror may request the Board to establish the conditions and amount of compensation. This request must be filed at the Board within 70 days of the FEDERAL REGISTER publication described in paragraph (b)(2)(ii) of this section and served concurrently on all parties to the proceeding. If no other request is filed, the Board will issue a decision vacating the decision

postponing the effective date of the notice of exemption within 80 days of the FEDERAL REGISTER publication described in paragraph (b)(2)(ii) of this section. The decision to vacate will be effective on the date of service.

(3) If the Board has established the conditions and amount of compensation, and the original offer is withdrawn under paragraph (h)(7) of this section, any other offeror found to be financially responsible may accept the Board's decision within 20 days after the service date of the Board's decision setting terms and conditions. If the decision is accepted by another such offeror, the Board will require the applicant to accept the terms incorporated in the Board's decision.

(m) *Additional time for filing.* Notwithstanding the deadlines previously set forth in part 1152 for filing an offer of financial assistance, parties that can show that they would be materially prejudiced by having less than the full 4 months for filing an offer of financial assistance provided in 49 U.S.C. 10904(c) for application proceedings may seek relief under 49 CFR part 1117.

(n) *Special provisions for summary discontinuance and abandonment of lines not part of the Final System Plan.* (1) Board authorization is not needed for the cessation of service on a line of railroad formerly in reorganization that was not included in the Final System Plan (Plan) under the Regional Rail Reorganization Act of 1973, 45 U.S.C. 701 *et seq.*, as amended by the Railroad Revitalization and Regulatory Reform Act of 1976, if the line has been continuously subsidized since the inception of the Plan. To provide an opportunity for rail service continuation through offers of financial assistance, however, the owner of the line must give not less than 60 days' notice of a discontinuance, and beginning 120 days after discontinuance, not less than 30 days' notice of abandonment. Designated operators need only comply with the notice requirements of § 1150.11 of this title. In instances of discontinuance by a designated operator, the line owner is not obligated to operate the line. Notice is to be sent by the line owner to the Board, the governor and transportation agencies and the government of each political sub-

division of each state in which such rail properties are located and to each shipper who has used the rail service during the previous 12 months. The Board will generally apply the OFA procedures in this section (49 CFR 1152.27) for class exemptions to summary abandonment and discontinuance notices (except that the Board will not postpone the effective date of a summary discontinuance). For example, notice of summary abandonment or discontinuance will be published by the Board in the FEDERAL REGISTER within 20 days of filing. Paragraph (b)(2)(ii) of this section. Expressions of intent to file an offer must be filed no later than 10 days after the FEDERAL REGISTER publication. Paragraph (c)(2)(i) of this section. An offer must be filed within 30 days of the FEDERAL REGISTER publication. Paragraphs (b)(2)(ii) and (c)(2)(ii)(B) of this section. The Board will review offers to determine if a financially responsible person has offered assistance. If this criterion is met, the Board will postpone the effective date of the summary abandonment (but not the discontinuance) within 35 days of the FEDERAL REGISTER publication. Paragraph (e)(2) of this section. If the carrier and financially responsible person fail to agree on the amount or terms of subsidy or purchase, either party may request the Board to establish the conditions and amount of the compensation. This request must be filed within 30 days after the offer of purchase or subsidy is made, and the Board will issue a decision within 30 days after the request is due. Paragraphs (g)(1) and (h)(1) of this section.

(2) Where a designated operator is being used, it shall be paid a reasonable management fee. If the parties cannot agree on this fee, it shall be four and one-half percent of the total annual revenues attributable to the branch.

[61 FR 67883, Dec. 24, 1996, as amended at 63 FR 28290, May 22, 1998; 74 FR 52909, Oct. 15, 2009; 75 FR 30713, June 2, 2010; 82 FR 31007, July 5, 2017]

§ 1152.28 Public use procedures.

(a)(1) If the Board finds that the present or future public convenience and necessity require or permit abandonment or discontinuance, the Board will determine if the involved rail

§ 1152.29

properties are appropriate for use for other public purposes.

(2) A request for a public use condition under 49 U.S.C. 10905 must be in writing and set forth:

(i) The condition sought;

(ii) The public importance of the condition;

(iii) The period of time for which the condition would be effective (up to the statutory maximum of 180 days); and

(iv) Justification for the imposition of the time period. A copy of the request shall be mailed to the applicant.

(3) For applications filed under part 1152, subpart C, a request for a public use condition must be filed not more than 45 days after the application is filed. A decision on the public use request will be issued by the Board or the Director of the Office of Proceedings prior to the effective date of the abandonment. For abandonment exemptions under part 1152, subpart F or exemptions granted on the basis of an individual petition for exemption filed under 49 U.S.C. 10502, a request for a public use condition must be filed not more than 20 days from the date of publication of the notice of exemption in the FEDERAL REGISTER in the case of class exemptions under subpart F of this part, or not more than 20 days from the date of publication of notice of the filing of the petition for individual exemption in the FEDERAL REGISTER.

(b) If the Board finds that the rail properties are appropriate for use for other public purposes, the railroad may dispose of the rail properties only under the conditions described in the Board's decision. The conditions imposed by the Board may include a prohibition against the disposal of the rail assets for a period of not more than 180 days from the effective date of the decision authorizing the abandonment or discontinuance, unless the properties have first been offered, on reasonable terms, for sale for public purposes. This period will run concurrently with any other postponements. Jurisdiction to impose such conditions expires after 180 days from the effective date of the decision authorizing the abandonment or discontinuance.

49 CFR Ch. X (10–1–21 Edition)

§ 1152.29 Prospective use of rights-of-way for interim trail use and rail banking.

(a) *Contents of request for interim trail use.* If any state, political subdivision, or qualified private organization is interested in acquiring or using a right-of-way of a rail line proposed to be abandoned for interim trail use and rail banking pursuant to 16 U.S.C. 1247(d), it must file a comment or otherwise include a request in its filing (in a regulated abandonment proceeding) or a petition (in an exemption proceeding) indicating that it would like to do so. The comment/request or petition must include:

(1) A map depicting, and an accurate description of, the right-of-way, or portion thereof (including mileposts), proposed to be acquired or used;

(2) A statement indicating the trail sponsor's willingness to assume full responsibility for:

(i) Managing the right-of-way;

(ii) Any legal liability arising out of the transfer or use of the right-of-way (unless the user is immune from liability, in which case it need only indemnify the railroad against any potential liability); and

(iii) The payment of any and all taxes that may be levied or assessed against the right-of-way; and

(3) An acknowledgment that interim trail use is subject to the sponsor's continuing to meet its responsibilities described in paragraph (a)(2) of this section, and subject to possible future reconstruction and reactivation of the right-of-way for rail service. The statement must be in the following form:

STATEMENT OF WILLINGNESS TO ASSUME FINANCIAL RESPONSIBILITY

In order to establish interim trail use and rail banking under 16 U.S.C. 1247(d) and 49 CFR 1152.29 with respect to the right-of-way owned by _____ (Railroad) and operated by _____ (Railroad), _____ (Interim Trail Sponsor) is willing to assume full responsibility for: (1) Managing the right-of-way, (2) any legal liability arising out of the transfer or use of the right-of-way (unless the sponsor is immune from liability, in which case it need only indemnify the railroad against any potential liability), and (3) the payment of any and all taxes that may be levied or assessed against the right of way. The property, known as _____ (Name of Branch

Surface Transportation Board

§ 1152.29

Line), extends from railroad milepost _____ near _____ (Station Name), to railroad milepost _____, near _____ (Station name), a distance of _____ miles in [County(ies), (State(s))]. The right-of-way is part of a line of railroad proposed for abandonment in Docket No. STB AB _____ (Sub-No. _____). A map of the property depicting the right-of-way is attached.

_____ (Interim Trail Sponsor) acknowledges that use of the right-of-way is subject to the sponsor's continuing to meet its responsibilities described above and subject to possible future reconstruction and reactivation of the right-of-way for rail service. A copy of this statement is being served on the railroad(s) on the same date it is being served on the Board.

(b) *When to file.* (1) In abandonment application proceedings under 49 U.S.C. 10903, interim trail use statements are due within the 45-day protest and comment period following the date the abandonment application is filed. See §1152.25(c). The applicant carrier's response notifying the Board whether and with whom it intends to negotiate a trail use agreement is due within 15 days after the close of the protest and comment period (i.e., 60 days after the abandonment application is filed).

(i) In every proceeding where a Trails Act request is made, the Board will determine whether the Trails Act is applicable.

(ii) If the Trails Act is not applicable because of failure to comply with paragraph (a) of this section, or is applicable but the carrier either does not intend to negotiate an agreement, or does not timely notify the Board of its intention to negotiate, a decision on the merits will be issued and no Certificate of Interim Trail Use or Abandonment (CITU) will be issued. If the carrier is willing to negotiate an agreement, and the public convenience and necessity permit abandonment, the Board will issue a CITU.

(2) In exemption proceedings, a petition containing an interim trail use statement is due within 10 days after the date the notice of exemption is published in the FEDERAL REGISTER in the case of a class exemption and within 20 days after publication in the FEDERAL REGISTER of the notice of filing of a petition for exemption in the case of a petition for exemption. When an interim trail use comment(s) or peti-

tion(s) is filed in an exemption proceeding, the railroad's reply to the Board (indicating whether and with whom it intends to negotiate an agreement) is due within 10 days after the date a petition requesting interim trail use is filed.

(3) Late-filed trail use statements must be supported by a statement showing good cause for late filing.

(c) *Abandonment application proceedings.* (1) In abandonment application proceedings, if continued rail service does not occur pursuant to 49 U.S.C. 10904 and §1152.27, and a railroad agrees to negotiate an interim trail use/railbanking agreement, then the Board will issue a CITU to the railroad and to the interim trail sponsor for that portion of the right-of-way as to which both parties are willing to negotiate.

(i) The CITU will permit the railroad to discontinue service, cancel any applicable tariffs, and salvage track and material consistent with interim trail use and railbanking, as long as such actions are consistent with any other Board order, 30 days after the date the CITU is issued; and permit the railroad to fully abandon the line if no interim trail use agreement is reached within one year from the date on which the CITU is issued, subject to appropriate conditions, including labor protection and environmental matters.

(ii) Parties may request a Board order to extend, for one-year periods, the interim trail use negotiation period. Up to three one-year extensions of the initial period may be granted if the trail sponsor and the railroad agree. Additional one-year extensions, beyond three extensions of the initial period, are not favored but may be granted if the trail sponsor and the railroad agree and extraordinary circumstances are shown.

(2) The CITU will indicate that any interim trail use is subject to future restoration of rail service and to the sponsor's continuing to meet its responsibilities described in paragraph (a)(2) of this section. The CITU will also provide that, if an interim trail use agreement is reached (and thus interim trail use established), the parties shall file the notice described in paragraph (h) of this section. Additionally,

the CITU will provide that if the sponsor intends to terminate interim trail use on all or any portion of the right-of-way covered by the interim trail use agreement, it must send the Board a copy of the CITU and request that it be vacated on a specified date. If a party requests that the CITU be vacated for only a portion of the right-of-way, the Board will issue an appropriate replacement CITU covering the remaining portion of the right-of-way subject to the interim trail use agreement. The Board will reopen the abandonment proceeding, vacate the CITU, and issue a decision permitting immediate abandonment for the involved portion of the right-of-way. Copies of the decision will be sent to:

- (i) The abandonment applicant;
- (ii) The owner of the right-of-way; and
- (iii) The current trail sponsor.

(3) If an application to construct and operate a rail line over the right-of-way is authorized under 49 U.S.C. 10901 and part 1150 of this title, or exempted under 49 U.S.C. 10502, then the CITU will be vacated accordingly.

(d) *Abandonment exemption proceedings.* (1) In abandonment exemption proceedings, if continued rail service does not occur under 49 U.S.C. 10904 and § 1152.27, and a railroad agrees to negotiate an interim trail use/railbanking agreement, then the Board will issue a Notice of Interim Trail Use or Abandonment (NITU) to the railroad and to the interim trail sponsor for the portion of the right-of-way as to which both parties are willing to negotiate.

(i) The NITU will permit the railroad to discontinue service, cancel any applicable tariffs, and salvage track and materials, consistent with interim trail use and railbanking, as long as such actions are consistent with any other Board order, 30 days after the date the NITU is issued; and permit the railroad to fully abandon the line if no interim trail use agreement is reached within one year from the date on which the NITU is issued, subject to appropriate conditions, including labor protection and environmental matters.

(ii) Parties may request a Board order to extend, for one-year periods, the interim trail use negotiation period. Up to three one-year extensions of

the initial period may be granted if the trail sponsor and railroad agree. Additional one-year extensions, beyond three extensions of the initial period, are not favored but may be granted if the trail sponsor and railroad agree and extraordinary circumstances are shown.

(2) The NITU will indicate that interim trail use is subject to future restoration of rail service and to the sponsor's continuing to meet its responsibilities described in paragraph (a)(2) of this section. The NITU will also provide that, if an interim trail use agreement is reached (and thus interim trail use established), the parties shall file the notice described in paragraph (h) of this section. Additionally, the NITU will provide that if the sponsor intends to terminate interim trail use on all or any portion of the right-of-way covered by the interim trail use agreement, it must send the Board a copy of the NITU and request that it be vacated on a specific date. If a party requests that the NITU be vacated for only a portion of the right-of-way, the Board will issue an appropriate replacement NITU covering the remaining portion of the right-of-way subject to the interim trail use agreement. The Board will reopen the exemption proceeding, vacate the NITU, and issue a decision reinstating the exemption for that portion of the right-of-way. Copies of the decision will be sent to:

- (i) The abandonment exemption applicant;
- (ii) The owner of the right-of-way; and
- (iii) The current trail sponsor.

(3) If an application to construct and operate a rail line over the right-of-way is authorized under 49 U.S.C. 10901 and part 1150 of this title, or exempted under 49 U.S.C. 10502, then the NITU will be vacated accordingly.

(e) *Late-filed requests; notices of consummation.* (1) Where late-filed trail use statements are accepted, the Director (or designee) will telephone the railroad to determine whether abandonment has been consummated and, if not, whether the railroad is willing to negotiate an interim trail use agreement. The railroad shall confirm, in writing, its response, within 5 days. If abandonment has been consummated,

the trail use request will be dismissed. If abandonment has not been consummated but the railroad refuses to negotiate, then trail use will be denied. If abandonment has not been consummated and the railroad is willing to negotiate, the abandonment proceeding will be reopened, the abandonment decision granting an application, petition for exemption or notice of exemption will be vacated, and an appropriate CITU or NITU will be issued. The effective date of the CITU or NITU will be the same date as the vacated decision or notice.

(2) A railroad that receives authority from the Board to abandon a line (in a regulated abandonment proceeding under 49 U.S.C. 10903, or by individual or class exemption issued under 49 U.S.C. 10502) shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the line (e.g., discontinued operations, salvaged the track, canceled tariffs, and intends that the property be removed from the interstate rail network). The notice shall provide the name of the STB proceeding and its docket number, a brief description of the line, and a statement that the railroad has consummated, or fully exercised, the abandonment authority on a certain date. The notice shall be filed within 1 year of the service date of the decision permitting the abandonment (assuming that the railroad intends to consummate the abandonment). Notices will be deemed conclusive on the point of consummation if there are no legal or regulatory barriers to consummation (such as outstanding conditions, including Trails Act conditions). If, after 1 year from the date of service of a decision permitting abandonment, consummation has not been effected by the railroad's filing of a notice of consummation, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire. In that event, a new proceeding would have to be instituted if the railroad wants to abandon the line. Copies of the railroad's notice of consummation shall be filed with the Chief, Section of Administration, Office of Proceedings. In addition, the notice of consummation shall be sent to the State Public

Service Commission (or equivalent agency) of every state through which the line passes. If, however, any legal or regulatory barrier to consummation exists at the end of the 1-year time period, the notice of consummation must be filed not later than 60 days after satisfaction, expiration or removal of the legal or regulatory barrier. For good cause shown, a railroad may file a request for an extension of time to file a notice so long as it does so sufficiently in advance of the expiration of the deadline for notifying the Board of consummation to allow for timely processing.

(f) *Substitution of trail user.* (1) When a trail user intends to terminate trail use and another person intends to become a trail user by assuming financial responsibility for the right-of-way, then the existing and future trail users shall file, jointly:

(i) A copy of the extant CITU or NITU; and

(ii) A Statement of Willingness to Assume Financial Responsibility by the new trail user.

(iii) An acknowledgement that interim trail use is subject to possible future reconstruction and reactivation of the right-of-way for rail service.

(2) The parties shall indicate the date on which responsibility for the right-of-way is to transfer to the new trail user. The Board will reopen the abandonment or exemption proceeding, vacate the existing NITU or CITU; and issue an appropriate replacement NITU or CITU to the new trail user.

(g) *Consent after Board decision or notice.* In proceedings where a timely trail use statement is filed, but due to either the railroad's indication of its unwillingness to negotiate interim trail use agreement, or its failure to timely notify the Board of its willingness to negotiate, a decision authorizing abandonment or an exemption notice or decision is issued instead of a CITU or NITU, and subsequently the railroad and trail use proponent nevertheless determine to negotiate an interim trail use agreement under the Trails Act, then the railroad and trail use proponent must file a joint pleading requesting that an appropriate CITU or NITU be issued. If the abandonment has not been consummated,

§ 1152.30

the Board will reopen the proceeding, vacate the outstanding decision or notice (or portion thereof), and issue an appropriate CITU or NITU that will permit the parties to negotiate for a period agreed to by the parties in their joint filing, but not to exceed one year, at the end of which, the CITU or NITU will convert into a decision or notice permitting abandonment.

(h) *Notice of interim trail use agreement reached.* When the parties negotiating for rail banking/interim trail use reach an agreement, the trail sponsor and railroad shall jointly notify the Board within 10 days that the agreement has been reached. The notice shall include a map depicting, and an accurate description of, the involved right-of-way or portion thereof (including mileposts) that is subject to the parties' interim trail use agreement and a certification that the interim trail use agreement includes provisions requiring the sponsor to fulfill the responsibilities described in paragraph (a)(2) of this section. Additionally, if the interim trail use agreement establishes interim trail use over less of the right-of-way than is covered by the CITU or NITU, the notice shall also include a request that the Board vacate the CITU or NITU and issue a replacement CITU/NITU for only the portion of the right-of-way covered by the interim trail use agreement. The Board will reopen the abandonment proceeding, vacate the CITU or NITU, issue an appropriate replacement CITU or NITU for only the portion of the right-of-way covered by the interim trail use agreement, and issue a decision permitting immediate abandonment of the portion of the right-of-way not subject to the interim trail use agreement. Copies of the decision will be sent to:

(1) The rail carrier that sought abandonment authorization;

(2) The owner of the right-of-way; and

(3) The current trail sponsor.

49 CFR Ch. X (10–1–21 Edition)

Subpart D—Standards for Determining Costs, Revenues, and Return on Value

§ 1152.30 General.

(a) *Contents of subpart.* (1) 49 U.S.C. 10904 directs the Board to determine the extent to which the avoidable costs of providing rail service plus a reasonable return on the value of the line exceed the revenues attributable to the line. This subpart contains the methodology for such determinations and the standards necessary for application of those terms in the context of a particular proceeding. Such data will be used in reaching the Board's findings on the merits of an abandonment or discontinuance proceeding and in making the necessary financial assistance determinations.

(2) This subpart also sets forth a method by which the carrier may establish its Forecast Year estimates and Estimated Subsidy Payment to be included in its application (§1152.22(d) of this part). Furthermore, an offeror of financial assistance may use this method to formulate a subsidy offer and/or Proposed Subsidy Payment under 49 U.S.C. 10904 and §1152.27 of subpart C of this part.

(b) *Data collection.* The owning or operating carrier shall establish a system to collect at branch level the data necessary to compute the base year data and the final subsidy payment. The collection and compilation of such data shall be in accordance with the Branch Line Accounting System (49 CFR part 1201, subpart B).

(c) *Final payment of financial assistance.* (1) When a financial assistance agreement to subsidize is concluded, the final payment will be adjusted to reflect the actual revenues derived, avoidable costs incurred, and value of the properties used in the subsidy year.

(2) Where an adjustment results in an increase in the Estimated Subsidy Payment upon which the financial assistance agreement is based, the amount of such increase is limited to 15 percent of the estimated payment. However, if the railroad notifies the subsidizer that the estimate will be exceeded by more than 15 percent in one of the Financial Status Reports (§1152.37) issued during the first 10 months of the subsidy year or

Surface Transportation Board

§ 1152.32

the increase results from an expense preapproved by the subsidizer, the adjusted amount shall be included in the final payment.

§ 1152.31 Revenue and income attributable to branch lines.

The revenue attributable to the rail properties is the total of the revenues assigned to the branch in accordance with this section, plus any subsidy payments that would cease upon discontinuance of service on the branch, for the subsidy year. The revenues assigned shall be derived from the following accounts:

(a) *Account 101—Freight.* The revenue assigned under this account shall be the actual revenues, including transit revenues, accruing to the railroad, derived from waybills and other source documents, for all traffic that:

(1) Originates and terminates on the branch;

(2) Originates or terminates on the branch and is handled off the branch on the system but not on another carrier; and

(3) Originates or terminates on the branch and is handled on another carrier. All traffic that is received or forwarded through interchange at a point on the branch, including ferry operations, shall be considered as originating or terminating on the branch. The revenues of all other bridge or overhead traffic that will not be retained by the carrier shall be attributed to the branch on the ratio of miles moved on the branch to miles moved on the system, provided, however, that the parties may agree on a mutually acceptable usage charge for bridge traffic in lieu of the mileage apportionment.

(b) *Account 104—Switching; Account 105—Water transfers; Account 106—Demurrage; Account 110—Incidental; Account 121—Joint Facility-Credit; Account 122—Joint Facility-Debt; Account 506—Revenues from Properties Used in Other Than Carrier Operations; Account 510—Miscellaneous Rent Income; Account 519—Miscellaneous Income.* The revenues assigned under these accounts shall be the actual revenues accruing to the

railroad that are directly attributable to the branch.

§ 1152.32 Calculation of avoidable costs.

This section defines: Which cost elements are eligible for inclusion in the calculation of avoidable costs; the conditions under which certain cost elements become eligible for inclusion; and the basis of apportioning those cost elements which are not assigned to the branch on an actual expense basis. The avoidable costs of providing freight service on a branch shall be the total of the costs assigned to the branch in accordance with this section. The avoidable costs of providing freight service on a branch shall be just and reasonable, and shall not exceed those necessary for an honest and efficient operation. Those expenses apportioned under this section shall be derived from the latest Form R-1 Annual Report for Class I railroads filed with the Board prior to the conclusion of the subsidy year, and company records for all non-Class I railroads, and assigned to the branch according to the procedures set forth in § 1152.33 of these regulations. When the term “Actual” is specified as the basis for assigning an expense, it shall mean that the only costs which can be assigned to the account are those costs which are incurred solely as a result of the continuation of rail freight service on the branch. The accounts in the following charts, which list only the “freight-only” account numbers, shall include the portion of common expenses that have been apportioned to freight service.

(e) *Deadheading, taxi, and hotel costs.* The costs assigned under this subsection shall be the actual costs incurred as a result of providing service to the branch line for deadheading, taxi, and hotel costs. The amounts included under this subsection shall not be included under other subsections of these regulations.

(f) *Overhead movement costs.* The costs assigned under this subsection shall be the actual costs incurred in moving over any other rail line solely to reach and provide service to the branch. The amounts shown under this subsection

shall not be included under other subsections of these regulations.

(g) *Freight car costs.* For Class I railroads, the on-segment costs for time-mileage freight cars shall be calculated on the basis of the carrier's average cost per day and per mile. Those freight cars that are rented on a straight mileage basis are to be costed on the carrier's average cost per mile for each type of car rented on this basis. No costs are to be included in the calculation for private line (shipper owned) or other cars for which the railroad does not make payments. The cost

per day and per mile shall be calculated separately for each type of car specified in Ex Parte No. 334, *Car Service Compensation—Basic Per Diem Charges*, 362 I.C.C. 884 (1980). The freight car costs shall be separated between “return on value-freight cars” and “freight car costs other than return on freight cars”. The costs assigned to a line under this subsection are to be derived from the accounts listed below.

The system total of the repair and maintenance accounts, all accounts designated XX-XX-42, and depreciation shall be divided into time-related costs and mileage-related costs on the basis of 50 percent time and 50 percent mileage for repairs, and 60 percent time and 40 percent mileage for depreciation. Freight car costs shall not include depreciation as determined in Account No. 62-22-00. Freight car depreciation shall be calculated in the manner set forth in paragraph (g)(3)(i) of this section. The system total receipts and payments for the hire of time-mileage cars, and the basic data used in the development of the car-day and car-mile factors, shall be taken from the carrier's latest Form R-1 and company records. The specific steps to complete the calculation are as follows:

(1) The total system car days by car type shall be calculated by:

(i) Averaging the carrier's freight car ownership at the beginning and end of the year (Form R-1, schedule 710, columns (b) and (k);

(ii) Multiplying the average by the standard active number of car days (346) as developed in ICC Docket No. 31358;

(iii) Subtracting car days on foreign lines (source: Company records); and

(iv) Adding the foreign car days on home line (source: Company records). This procedure shall be followed for

each car type specified in Ex Parte No. 334, *supra*.

(2) The total railroad car miles shall be calculated by adding the loaded car miles for the railroad owned and leased cars (R-1, Schedule 755) to empty car miles for the railroad owned or leased cars (R-1, Schedule 755). The total car miles, loaded and empty, shall be calculated for each car type specified in Ex Parte No. 334, *supra*.

(3) The cost per car day shall be calculated for each type of time-mileage car by adding 50 percent of total freight car repair costs for each type (Form R-1, schedule 415, column (b)), and 60 percent of the depreciation shall be developed as follows:

(i) The current value for each type of car shall be calculated by first arriving at the current cost per car using the most recent purchase of this type by the railroad indexed to the midpoint of the year or a price quote from the manufacturer. This unit price shall be applied to the average number of this type of car owned by the carrier during the year. The current value developed for each car type is then multiplied by the composite depreciation rate for that type of car as shown in the latest annual report filed with the Board or company records.

(ii) Add 100 percent of the return on investment. Return on investment shall be determined by multiplying the current value of each type of car, developed in paragraph (g)(3)(i) of this section, by 1 minus the ratio of accumulated depreciation to the total original cost investment. This will determine the net current value for each type of car. The net current value for each type of car shall then be multiplied by the nominal rate of return calculated in § 1152.34(d) to obtain nominal return on investment for each type of car. The total return on investment shall then be calculated by deducting the projected holding gain (loss) for the forecast and/or subsidy year from the nominal return on investment for each type of car. In any instance where the holding gain is not specifically determined for freight cars, the Gross Domestic Product deflator calculated by the U.S. Department of Commerce shall be used. The total return on investment for each type of car shall

then be divided by total car-days for each car-type developed in paragraph (g)(1) of this section.

(iii) To the amounts for repairs and depreciation, add the time portion of the railroad's payment for hire of time-mileage freight cars (Form R-1, schedule 414, column (g)), and subtract the time portion of the railroad's receipts for hire of time mileage freight cars (Form R-1, schedule 414, column (d)). The total of these costs is divided by the total car days for each type developed in paragraph (g)(1) of this section.

(4) The cost per mile shall be calculated for each type of time-mileage car as follows. First, add:

(i) 50 percent of the total freight train car repair cost for each car type (Form R-1, schedule 415, column (b));

(ii) 40 percent of the total depreciation costs for each car type developed in paragraph (g)(3)(i) of this section; and

(iii) The mileage portion of the carrier's payments for the hire of time-mileage freight cars (Form R-1, schedule 414, column (f)).

Second, subtract the mileage portion of the carrier's receipts for hire of time-mileage freight cars (Form R-1, schedule 414, column (c)). Finally, divide the result by the total car-miles for each car-type developed in paragraph (g)(2) of this section.

(5) The costs per car day and per car mile developed in paragraphs (g) (3) and (4) of this section shall be applied to the total car days and total car miles for each car type accumulated on the line segment for all traffic originated and/or terminated on the segment plus those freight cars that bridge the line segment which are attributed to time-mileage freight train cars. The on-segment costs for freight cars rented on a straight mileage basis shall be the railroad's total payments for mileage cars (Form R-1, schedule 414, column (e)) for each car type divided by the total miles on which the charges were based.

(6) For Class II and III railroads, the on-segment costs for time-mileage and straight mileage freight cars shall be calculated in the same manner prescribed for Class I railroads, using the latest data available.

(h) *Return on investment—locomotive (line)*. The return on investment shall be calculated for each type of classification of locomotive that is actually used to provide service to the line segment. The return for the locomotive(s) used shall be calculated in accordance with the following procedure:

(1) The current replacement cost for each type of locomotive used to serve the line segment shall be based on the most recent purchase of that particular type and size locomotive by the carrier, indexed to the midpoint of the forecast and/or subsidy year, or on an amount quoted by the manufacturer. The amount must be substantiated. This unit cost shall be multiplied by 1 minus the ratio of total accumulated depreciation to original total cost of that type of equipment owned by applicant-carrier, as shown by company records.

(2) The current nominal cost of capital shall be used in the calculation of return on investment for locomotives and shall be calculated as provided in § 1152.34(d).

(3) The return on investment for each category or type of locomotive shall be the nominal return less the holding gain (loss). The nominal return is calculated by multiplying the replacement cost determined in paragraph (h)(1) of this section by the nominal rate of return determined in paragraph (h)(2) of this section. The holding gain (loss) shall be the gain (loss) projected to occur during the forecast and/or subsidy year. In any instance where the holding gain is not specifically determined for locomotives, the Gross Domestic Product deflator calculated by the U.S. Department of Commerce shall be used.

(4) The return on investment for each type of locomotive shall be assigned to the line segment on a ratio of the locomotive unit hours on the segment to average locomotive unit hours per unit for each type of locomotive in the system. This ratio will be developed as follows:

(i) The carrier shall keep and maintain records of the number of hours that each type of locomotive incurred in serving the segment during the subsidy period.

Surface Transportation Board

§ 1152.32

(ii) The railroad shall develop the system average locomotive unit hours per unit for each of the following types of locomotives; yard diesel; yard-other; road diesel; and road-other.

(iii) The ratio applied to the return on investment is calculated by dividing the hours that each type or class of locomotive is used to serve the segment, as developed in paragraph (h)(4)(i) of this section, by the system average locomotive unit hours per unit for the applicable type developed in paragraph (h)(4)(ii) of this section.

(5) The cost assigned to the segment for each type of locomotive shall be calculated by multiplying the annual return on investment developed in paragraph (h)(3) of this section by the ratio(s) developed in paragraph (h)(4) of this section.

(i) *Revenue taxes.* The amount of revenue taxes shall be computed based on the amounts directly paid in those states that subject the railroad to a revenue tax.

(j) *Property taxes (Line).* (1) The assigned costs under this subsection shall be the net systemwide property tax savings resulting from the abandonment, calculated as set out below, if the applicant-carrier intends subsequently to sell or otherwise dispose of the abandoned properties. If the applicant-carrier expresses an intent to dispose of the properties, it will be presumed that the properties will ultimately be sold or otherwise disposed of after abandonment. Protestants may rebut this presumption by showing that it would be financially beneficial to retain ownership of the property for investment purposes.

(2) In states where a true *ad valorem* tax is levied on real property (such as track, land, buildings, and other facilities), applicant must affirm that the *ad valorem* method applies and must substantiate the amount of property taxes levied against the property on the line segment.

(3) In states where the *ad valorem* method is not employed, applicant must describe the applicable property tax methodology if it is claiming the local property tax as an avoidable cost of operations. Additionally, it must substantiate with evidence and com-

putations the actual statewide tax savings attributable to the abandonment.

(4) Any property tax properly substantiated under paragraphs (j)(2) or (3) of this section shall be presumed to represent systemwide savings to the carrier. Protestants may rebut this presumption by presenting evidence:

(i) That property taxes in those states where the carrier operates that are not involved in the abandonment will increase significantly because of reassessments attributable to the abandonment; or

(ii) That a significantly higher property tax will be levied against a retained portion of the abandoned property. If applicant does not refute protestant's evidence, it may claim avoidable property taxes only if, and to the extent, it proves systemwide property tax savings.

(5) In states where real property taxes are assessed and levied against the owner of the property but the tax on rolling stock is assessed to the railroad operating the service on the basis of a formula of a statewide valuation of property, the tax on rolling stock attributable to each line segment shall be determined as follows:

(i) Using ratio of the cost of equipment (as used in the formula) to the total of all property costs (as used in formula);

(ii) Apply that ratio to the total state assessment to determine the portion of the assessment attributable to rolling stock;

(iii) Allocate the rolling stock assessment thus determined to each line segment on the basis of car and locomotive unit miles on the segment to total car and locomotive unit miles in the state; and

(iv) Apply the appropriate tax rate or rates to the allocated assessment thus determined.

(k) *Administrative costs.* The costs assigned under this account shall be the actual costs directly attributable to the administration of the subsidy program or at the option of the carrier, one percent of the total annual revenues attributed to the branch shall be allowable to cover all costs of administering the subsidy program. Either method may be used, but not both.

(l) *Casualty reserve account.* The costs assigned under this account shall be any payments mutually agreed to by the person offering the subsidy and the railroad for the purpose of holding the subsidizer harmless from any liability under those accounts that are used to record any costs incurred by the railroad as a result of an accident.

(m) *Rehabilitation.* (1) For abandonment purposes the applicant carrier shall project the amounts necessary to permit efficient operations over the line segment. The carrier shall indicate the level of FRA class safety standard to be attained with the amount of expenditure. See 49 CFR part 213. Applicant, in making its projection of rehabilitation costs, shall give consideration to:

(i) The cost to attain the lowest operationally feasible track level;

(ii) The cost to attain the rehabilitation level resulting in the lowest operating and rehabilitation expenditures; or

(iii) The cost to attain the rehabilitation level resulting in the lowest loss, or highest profit, from operations.

(2) For subsidy purposes rehabilitation costs shall not be included unless:

(i) The track fails to meet minimum Federal Railroad Administrative class 1 safety standards (49 CFR part 213), in which case the railroad will furnish, with the abandonment application, a detailed estimate of the costs to rehabilitate the track to the minimum level; or

(ii) The potential subsidizer requests a level of service which requires expenditures for rehabilitation.

(n) *Off-branch costs.* The off-branch costs developed in this section shall be separated between “off-branch costs other than return on freight cars” and “return on value-freight cars”. The off-branch costs shall be developed in the following manner:

(1) Terminal costs, line-haul costs, interchange costs, and modified terminal costs shall be considered as the off-branch avoidable costs of providing service over the remainder of the railroad’s system. These costs shall be computed by applying the variable unit costs to the service units attributed to the branch line’s traffic for the time

periods specified in §1152.22(d) of this part.

(2) The procedure for determining the off-branch costs shall be based upon the URCS cost formula. This formula shall be applied to the latest Annual Report Form R-1 filed by the railroad, with two exceptions. First, the amount used in the formula for freight car depreciation shall be calculated using the procedure discussed in paragraph (g)(3)(iii) of this section applied to the average total car fleet of the railroad. Second, the return on investment in freight cars shall be computed using the procedure set forth in paragraph (g)(3)(ii) of this section. In addition, the application of URCS shall include the use of the nominal cost of capital for all return on investment determinations.

(3) *The Class I Procedure:* A Class I railroad shall calculate its off-branch costs using the Class I procedure as set forth below in this paragraph.

(i) The unit costs developed by applying URCS in the manner specified in paragraph (n)(2) of this section shall be applied to the service characteristics of each movement of traffic that is attributed to the branch line. This application shall result in the total off-branch cost associated with this traffic for normal terminal handlings, line-haul mileage, and interchange events.

(ii) The modified terminal cost per carload shall be calculated separately for each type of freight car and applied to each car that is attributed to the branch line. The modified terminal cost shall consist of clerical costs, two days of freight car cost, and an inter-intra train switching cost (locomotive engine minute cost only). The clerical cost and inter-intra train switching cost shall be calculated from unit costs developed within the individual URCS application.

(A) The unit costs for the clerical cost per carload calculation are located in URCS Worktable E1, Part 1: Line 106, columns 1, 2, and 3; line 107, column 1; line 108, column 1; line 109, column 1; and line 110, column 1.

(B) The inter-intra train switching cost shall be calculated by multiplying the total switch engine minute cost from URCS Worktable E1, Part 1, line 111, columns 1, 2, and 3 by the total

minutes specified in the next sentence. The total minutes specified in this sentence shall equal the sum of:

(1) The minutes per switch event from Worktable E2, Part 1, line 118, column 29; and

(2) The product of the minutes per switch event from Worktable E2, Part 1, line 118, column 29 and the ratio of loaded to total car miles for the particular type of freight car being costed.

(C) The freight car cost shall be the car ownership costs per car day for 2 days developed in accordance with the procedures set forth in paragraph (g)(3) of this section for the type of freight car being costed.

(iii) For a Class I railroad, the total costs calculated using the procedures set forth in paragraphs (n)(3)(i) and (n)(3)(ii) of this section shall constitute the off-branch costs attributable to the branch line's traffic.

(4) A Class II or Class III railroad shall calculate its off-branch costs using any one of three different procedures. *The Class I Procedure:* A Class II or Class III railroad may calculate its off-branch costs using the Class I procedure set forth in paragraph (n)(3) of this section, if the necessary data are available from the railroad's own records. If the data necessary to complete the Class I procedure set forth in paragraph (n)(3) of this section are not available from the railroad's own records, the Class II or Class III railroad shall calculate its off-branch costs using either one of the following procedures based on the latest regional URCS data and the railroad's own records. *The Class II/III Simplified Costing Procedure:* A Class II or Class III railroad may calculate its off-branch costs using the Class I procedure set forth in paragraph (n)(3) of this section, with regional URCS data of the Class I railroads used in lieu of individual URCS data of the Class II or Class III railroad. Costs developed through the use of the Class II/III simplified costing procedure shall enjoy a rebuttable presumption of correctness. *The Class II/III Standard Costing Procedure:* A Class II or Class III railroad may calculate its off-branch costs using the Class II/III standard costing procedure set forth in paragraphs (n)(4)(i) through (n)(4)(xiv) of this sec-

tion. Costs developed through the use of the Class II/III standard costing procedure shall be given preference over costs developed through the use of the Class II/III simplified costing procedure. The Class II/III standard costing procedure is set forth in paragraphs (n)(4)(i) through (n)(4)(xiv) of this section.

(i) The Class II or Class III railroad shall first determine which URCS regional application will be used based on its geographical location. The railroad's total estimated system variable expenses are calculated by multiplying its total operating expenses by the ratio of variable expenses to total expenses; this ratio is located in Worktable D8, Part 6, line 615, column 1 of the URCS printout for the appropriate region. If a railroad has passenger and freight service, the freight portion of the total estimated system variable expenses shall be calculated by multiplying the total estimated system variable expenses, calculated as above, by the ratio of freight related operating expenses to total railway operating expenses.

(ii) The total number of revenue carload terminal handlings, as determined from the railroad's records, shall be calculated as the sum of:

(A) Originated and terminated (local) revenue carloads multiplied by 2; plus

(B) Interchanged and either originated or terminated (interline) revenue carloads.

(iii) The total number of revenue carload interchange handlings, as determined from the railroad's records, shall be calculated as the sum of:

(A) Bridge (interchange to interchange) revenue carloads multiplied by 2; plus

(B) Revenue carloads that are interchanged and either originated or terminated (interline).

(iv) The system average shipment weight per car, as determined from the railroad's records, shall be calculated by dividing:

(A) Ton-miles-revenue freight by

(B) Loaded freight car miles.

(v) The system average loaded car miles per car, as determined from the railroad's records, shall be calculated by dividing:

(A) Revenue ton-miles by

(B) Revenue tons.

(vi) The railroad shall complete a URCS Phase III “Movement Costing Program” based on the application of URCS data for the appropriate region. The following data shall be inputs to the Phase III program application.

(A) The carrier code, either “REG 4” or “REG 7”, shall correspond to the appropriate region.

(B) The type of shipment shall be designated as “OD” in order for the movement to be costed as an interline movement.

(C) The distance shall be the system average loaded car miles per car as developed in paragraph (n)(4)(v) of this section.

(D) The type of freight car shall be identified as a Box, General Service Equipped, which has an input user code of “3”. If all of the traffic on the branch line is transported in a single type of car, and it is not a Box, General Service Equipped, the code for that type of car may be substituted.

(E) The number of freight cars shall be “1”.

(F) The car ownership factor shall be designated as “R” for railroad owned cars unless all of the branch line traffic is moved in privately owned cars, in which case the code “P” for privately owned cars would be the input.

(G) The program requires a loss and damage input. The code “48”, representing the average of all commodities, shall be used.

(H) The input for shipment weight shall be the system average shipment weight per car developed in paragraph (n)(4)(iv) of this section.

(I) The input for type of movement shall be “1”, representing an individual car movement.

(vii) The ratios employed to separate the total estimated system variable expenses, as determined in paragraph (n)(4)(i) of this section, among terminal, interchange, and line-haul operations shall be based on the procedures outlined in this paragraph (n)(4)(vii). This separation shall reflect the variable costs resulting from the application of the URCS Phase III program based on the input factors specified in paragraph (n)(4)(vi) of this section. The ratios shall be calculated in the following manner:

(A) The terminal expenses calculated by the application of the Phase III program shall consist of the following:

(1) “Carload and Clerical Costs” shall be calculated as the sum of lines 256, 258, 260, 262, 264, 266, and 268.

(2) Switching expenses based on “Total SEM-Industry” shall be calculated by multiplying:

(i) The sum of lines 315, 317, and 319, by

(ii) Line 311.

(3) Car mile yard cost “CM(Y)-Industry” shall be calculated by multiplying:

(i) The sum of lines 426, 428, and 430, by

(ii) Line 422.

(4) Car day yard cost “CD(Y)-Industry” and “CD(Y)-L&UL” shall be calculated by multiplying:

(i) The sum of lines 452, 454, and 456, by

(ii) The sum of lines 446 and 450.

(5) The expenses for accessorial services for railroad owned cars shall be calculated as the sum of:

(i) The sum of lines 426, 428, and 430, by

(ii) Line 423.

(3) Car day cost in interchange “CD(Y)-Interchange (L&E)” shall be calculated by multiplying:

(i) The sum of lines 452, 454, and 456, by

(ii) Line 447.

(4) The expenses for accessorial services for railroad owned cars shall be calculated as the sum of:

(i) The product of line 423 and the sum of lines 464, 466, and 468; plus.

Surface Transportation Board

§ 1152.32

(ii) The product of line 447 and the sum of lines 476, 478, and 480.

(C) The line-haul expenses resulting from the application of the Phase III program shall be calculated by subtracting the sum of:

(2) The interchange expenses as determined in paragraph (n)(4)(vii)(B) of this section, from

(3) The total variable cost excluding loss and damage as calculated in the Phase III program at line 696.

(D) The ratio for terminal expenses shall be calculated by dividing the terminal expenses as determined in paragraph (n)(4)(vii)(A) of this section by the total variable cost excluding loss and damage as calculated in the Phase III program at line 696.

(F) The ratio for line-haul expenses shall be calculated by dividing the line-haul expenses as determined in paragraph (n)(4)(vii)(C) of this section by the total variable cost excluding loss and damage as calculated in the Phase III program at line 696.

(viii) The railroad's total estimated system variable expenses shall be separated as follows:

(A) The total terminal variable expenses shall be calculated by multiplying the total estimated system variable expenses as determined in paragraph (n)(4)(i) of this section by the ratio for terminal expenses as determined in paragraph (n)(4)(vii)(D) of this section.

(B) The total interchange variable expenses shall be calculated by multiplying the total estimated system variable expenses as determined in paragraph (n)(4)(i) of this section by the ratio for interchange expenses as determined in paragraph (n)(4)(vii)(E) of this section.

(C) The total line-haul variable expenses shall be calculated by multiplying the total estimated system variable expenses as determined in para-

graph (n)(4)(i) of this section by the ratio for line-haul expenses as determined in paragraph (n)(4)(vii)(F) of this section.

(ix) The railroad's unit costs shall be determined for terminal, interchange, and line-haul operations as follows:

(A) The terminal cost per carload shall be calculated by dividing the total terminal variable expenses as determined in paragraph (n)(4)(viii)(A) of this section by the total number of revenue carload terminal handlings as determined in paragraph (n)(4)(ii) of this section.

(B) The interchange cost per carload shall be calculated by dividing the total interchange variable expenses as determined in paragraph (n)(4)(viii)(B) of this section by the total number of revenue carload interchange handlings as determined in paragraph (n)(4)(iii) of this section.

(C) The line-haul cost per car mile shall be calculated by dividing the total line-haul variable expenses as determined in paragraph (n)(4)(viii)(C) of this section by the total system freight car miles, loaded and empty, as determined from the railroad's records.

(x) The modified terminal cost per carload is a composite of costs developed in the Phase III program and costs determined in accordance with paragraph (g) of this section and this paragraph. The modified terminal cost per carload shall be calculated for each type of car as follows:

(A) The station clerical cost per carload shall be developed in the following manner:

(1) The station clerical expense ratio shall be calculated by dividing the total clerical cost (the sum of lines 256, 258, 260, 262, 264, 266, and 268) by the terminal expenses as determined in paragraph (n)(4)(vii)(A) of this section.

(2) The station clerical cost per carload shall be calculated by multiplying the terminal cost per carload as determined in paragraph (n)(4)(ix)(A) of this section by the station clerical expense ratio.

(B) The interchange switching cost per carload shall be developed in the following manner:

(1) The total interchange switching expense shall be calculated by multiplying the sum of lines 315, 317, and 319 by line 312.

(2) The interchange switching ratio shall be calculated by dividing the total interchange switching expense by the interchange expenses as determined in paragraph (n)(4)(vii)(B) of this section.

(3) The interchange switching cost per carload shall be calculated by multiplying the interchange cost per carload as determined in paragraph (n)(4)(ix)(B) of this section by the interchange switching ratio.

(C) The freight car cost element shall be the freight car cost per car day for 2 days as developed for each car type in paragraph (g)(3) of this section.

(D) The modified terminal cost per carload shall be the total of the costs developed in paragraphs (n)(4)(x)(A), (n)(4)(x)(B), and (n)(4)(x)(C) of this section.

(xi) The terminal costs shall be calculated by multiplying the terminal cost per carload as determined in paragraph (n)(4)(ix)(A) of this section by the number of carloads that both:

(A) Originated or terminated on the branch; and

(B) Are local to the railroad serving the branch.

(xii) The interchange costs shall be calculated by multiplying the interchange cost per carload as determined in paragraph (n)(4)(ix)(B) of this section by the number of carloads that both:

(A) Originated or terminated on the branch; and

(B) Are received in or forwarded through interchange with other railroads.

(xiii) The line-haul costs shall be calculated by multiplying the line-haul cost per car mile as determined in paragraph (n)(4)(ix)(C) of this section by the total loaded and empty car miles generated on the railroad's system off the branch by cars that originated or terminated on the branch.

(xiv) The modified terminal costs shall be calculated by multiplying the modified terminal cost per carload as determined in paragraph (n)(4)(x)(D) of this section by the number of carloads

that originated or terminated on the branch.

(o) *Locomotive depreciation.* The depreciation expense for locomotives used on the line shall be calculated using the following procedure:

(1) The current replacement cost for each type of locomotive used to serve the line will be based on the most recent purchase of that particular type and size locomotive by the carrier indexed to the midpoint of the year or on an amount quoted by the manufacturer.

(2) The depreciation rate that will be applied to the replacement cost shall be the carrier's component rate for each type of locomotive as reported in the latest Annual Report Form R-1 submitted to the Board or from the company records. Carriers using depreciation rates based on company records must explain why composite rates are inappropriate; provide a detailed explanation of the methodology used to compute the alternate depreciation rate; and demonstrate that these rates have been used consistently.

(3) The annual depreciation cost for each type of locomotive shall be calculated by multiplying the replacement cost(s) developed in paragraph (o)(1) of this section by the rate from paragraph (o)(2) of this section.

(4) The depreciation expense for each type of locomotive shall be assigned to the line on the ratio of the hours incurred serving the line to the average system locomotive unit hours in service by each of the following categories of locomotives: yard-diesel; yard-other; road-diesel; and road-other. The ratio for each type of locomotive used to serve the line shall be the same as that developed in paragraph (h)(4) of this section.

(5) The depreciation shall be calculated by multiplying the annual depreciation expense for each type of locomotive developed in paragraph (o)(3) of this section by the ratio(s) developed in paragraph (o)(4) of this section.

(p) *Opportunity costs.* Applicant-carrier may, at its discretion, present evidence of its opportunity costs, if the assets engaged in the line proposed to be abandoned could be used more profitably in some other capacity.

Opportunity costs may be calculated in accordance with the methodology established in §1152.34 of this part, or by using any other reasonable, fully explained method. Opportunity costs are not included as costs on Exhibit 1 described at §1152.36. These costs should be submitted as a separate exhibit to the application.

(q) *Labor costs.* (1) The salaries, wages and fringe benefits of personnel exclusively assigned to the line segment shall be deemed attributable costs of the segment. The salaries, wages, and fringe benefits of personnel not exclusively assigned to the line segment shall be deemed attributable costs of the segment to the extent they are shown to be apportionable to the segment to be abandoned.

(2) These costs shall be deemed attributable notwithstanding any obligation of applicant to provide employee protection for employees after the abandonment.

[61 FR 67883, Dec. 24, 1996, as amended at 81 FR 8855, Feb. 23, 2016]

§ 1152.33 Apportionment rules for the assignment of expenses to on-branch costs.

The accounts specified under §1152.32 (a), (b), (c), and (d) as having an assignment basis other than “Actual” shall be apportioned according to the rules contained in this section.

(a) *Maintenance of way and structures—(1) Roadway machines.* All accounts designated XX-13-36 shall be assigned to the branch on the basis of the average repair costs, for each type of machine, included in the daily rental fees charged by the operating railroad or as published by the General Manager’s Association of Chicago (GMA), based on the actual number of days each type of machine is used on the branch.

(2) *Small tools and supplies.* All accounts designated XX-13-37 shall be assigned to the branch as follows:

(i) The costs of supplies, consumed in the operation of roadway machines, shall be assigned to the branch on the basis of the average costs of supplies per day, included in the daily rental fees charged by the operating railroad or as published by the GMA, multiplied

by the actual number of days that the machine is used on the branch;

(ii) The costs of small tools shall be assigned to the branch on the basis of the ratio that the branch amounts in Accounts 11-11-10 through 11-11-17 and 11-11-48, plus 11-12-10 through 11-12-17 and 11-12-48, bear to the railroad’s system total for the same accounts.

(3) *Fringe benefits.* Fringe benefits shall be assigned to the branch separated between running, switching and other, on the ratio that the total branch salary and wages bear to the total system salaries and wages for each activity as follows:

(i) *Fringe benefits—Running, Account 12-11-00*, total of all 11-11-XX accounts branch to system;

(ii) *Fringe benefits—Switching, Account 12-12-00*, total of all 11-12-XX accounts branch to system; and

(iii) *Fringe benefits—Other, Account 12-13-00*, total of all 11-13-XX accounts branch to system.

(b) *Maintenance of equipment—(1) Locomotive repairs and maintenance.* All accounts designated XX-21-41 shall be separated between yard and road with a further separation between diesel and other (electric). The costs for these accounts for yard locomotives shall be assigned to the branch separately for diesel and electric locomotives on the basis of the ratio of branch diesel and electric yard locomotive unit-hours to the total system diesel and electric yard locomotive unit-hours. The costs for these accounts for road locomotives shall be assigned to the branch separately for diesel and electric locomotives on the basis of the ratio of branch diesel and electric locomotive gross ton-miles in road service to the total system diesel and electric locomotive gross ton-miles in road service. The costs assigned under these accounts for specialized equipment devoted exclusively to branch line service shall be the actual costs for the specific equipment used.

(2) *Locomotive depreciation.* Locomotive depreciation shall be calculated and assigned in accordance with the procedures set forth in §1152.32(o).

(3) *Fringe Benefits.* Fringe benefits for locomotives and other equipment shall be assigned to the branch on the ratio that the total branch salary and wages

§ 1152.33

49 CFR Ch. X (10–1–21 Edition)

bear to the system total salaries and wages for each type of equipment as follows:

(i) *Locomotives—Account 12-21-00*, total of all 11-21-XX accounts branch to system.

(ii) *Other Equipment—Account 12-23-00*, total of all 11-23-XX accounts branch to system.

(iii) Fringe benefits for freight cars shall be calculated by first estimating the total in Account 11-22-42, Freight car repairs—salaries and wages, that is included in the total on branch costs for freight cars as determined from the car-day and car-mile cost calculations in § 1152.32(g) of these regulations. To this amount is added the branch totals in the balance of all 11-22-XX accounts. The ratio of this total branch account to the system total for all 11-22-XX accounts is applied to Account 12-22-00, Fringe Benefits—Freight Cars.

(c) *Transportation—(1) Train operations—(i) Engine Crews-Materials, Account 21-31-56; Train Crews-Materials, Account 21-31-57; Train Inspection and Lubrication-Salaries and Wages, Account 11-31-62; and Train Inspection and Lubrication-Materials, Account 21-31-62.* If the branch is served by a local/way or through train, the costs in these accounts shall be assigned to the branch on the weighted ratio of the loaded freight train cars on the branch to the total system loaded freight train cars, and the loaded and empty car-miles on the branch to the total system loaded and empty car-miles. This shall be calculated as follows:

(A) To determine the car-mile portion of these accounts:

(1) Multiply the total amounts in these accounts (from the R-1 Annual Report, Schedule 410) by 69 percent, which is the ratio of train-mile and running expenses;

(2) Divide the amount in paragraph (c)(1)(i)(A)(1) of this section by the total system loaded and empty car-miles; and

(3) Multiply the car-mile unit cost factor from paragraph (c)(1)(i)(A)(2) of this section by the on-branch car-miles (loaded and empty).

(B) To determine the carload portion of these accounts:

(1) Multiply the total amounts in these accounts by 31 percent, which is the ratio of terminal expenses;

(2) Divide the amount in paragraph (c)(1)(i)(B)(1) of this section by the total system carloads; and

(3) Multiply the carload unit cost factor from paragraph (c)(1)(i)(B)(2) of this section by the on-branch carloads.

(C) To determine the total costs assignable to the branch for these accounts, add the amounts developed in paragraphs (c)(1)(i)(A)(3) and (c)(1)(i)(B)(3) of this section.

(ii) All accounts designated xx-31-67 shall be assigned to the branch in accordance with the following procedure. The dollar amounts used in the determination of locomotive fuel costs shall be based on data contained in the most recent publication issued by the General Managers Association (GMA) relating to the rental of locomotives. The total number of locomotive unit hours incurred by the locomotive(s) shall then be categorized according to the applicable GMA horsepower classification group. The fuel cost is derived from the Repairs and Supplies Expenses element of the locomotive rental rates published by the GMA. The fuel cost per locomotive unit hour shall be determined for each GMA horsepower classification group by multiplying the latest GMA fuel cost percentage by the Repairs and Supplies Expense per hour included in each group. The fuel cost update ratio is determined by using the indices for fuel from the Association of American Railroad's (AAR's) Railroad Cost Recovery Index (RCR). The indices shall be taken from the district to which the railroad is assigned by the Board. The index for the current period is divided by the index of the period representative of the GMA publication to develop the fuel update ratio. The fuel cost per locomotive unit hour developed for each GMA horsepower group shall be multiplied by the fuel update ratio to determine the fuel cost per locomotive hour for each horsepower group. The updated fuel cost per locomotive unit hour for each applicable GMA group shall be multiplied by the number of locomotive unit hours incurred in serving the branch by locomotives of that GMA horsepower classification group.

Surface Transportation Board

§ 1152.34

The total cost developed under this procedure for each horsepower classification shall be the locomotive fuel cost assignable to the branch line.

(iii) *Electric power purchased or produced for motive power*—All accounts designated XX-31-68 shall be assigned to the branch on the ratio of road electric locomotive unit hours on the branch to the total system road electric locomotive unit hours.

(iv) *Servicing locomotives*—All accounts designated XX-31-69 shall be assigned to the branch on the ratio of road locomotive unit miles on the branch to the total system road locomotive unit miles.

(2) *Yard operations*—(i) *Switch Crews—Materials, Account 21-32-64, and Servicing Locomotives*, all accounts designated XX-32-69. The costs for these accounts shall be assigned to the branch on the ratio of yard locomotive unit hours on the branch to the system total yard locomotive unit hours.

(ii) *Locomotive fuel*—All accounts designated XX-32-67 shall be assigned to the branch on the ratio of yard diesel locomotive unit hours on the branch to the total system yard diesel locomotive unit hours.

(iii) *Electric power purchased or produced for motive power*—All accounts designated XX-32-68 shall be assigned to the branch on the ratio of yard electric locomotive unit hours on the branch to the total system yard electric locomotive unit hours.

(3) *Administrative support operations*—(i) *Loss and damage claims processing*—All accounts designated XX-35-78 shall be assigned to the branch on the ratio of the number of claims processed for loss or damage occurring on the branch to the total number of claims processed by the railroad.

(ii) [Reserved]

(4) *Transportation fringe benefits*. Fringe benefits shall be assigned to the branch separated between train operations, yard operations, train and yard operations common, specialized service operations, and administrative support operations. The costs for each activity shall be assigned to the branch on the ratio that the total branch salary and wages bear to the total system salary and wages for each activity shown below.

(i) *Train Operations, Account 12-31-00*, total of all 11-31-XX accounts branch to system.

(ii) *Yard Operations, Account 12-32-00*, total of all 11-32-XX accounts branch to system.

(iii) *Train and Yard Operations Common, Account 12-33-00*, total of all 11-33-XX accounts branch to system.

(iv) *Specialized Service Operations, Account 12-34-00*, total of all 11-34-XX accounts branch to system.

(v) *Administrative Support, Account 12-35-00*, total of all 11-35-XX accounts branch to system.

(d) *General administrative*. (1) *Fringe Benefits, Account 12-61-00*, shall be assigned to the branch on the ratio that the total branch salary and wages in all 11-61-XX accounts bear to the system total salary and wages in all 11-61-XX accounts.

(2) [Reserved]

§ 1152.34 Return on investment.

Return on investment for road property shall be computed according to the procedures set forth in this section.

(a)–(b) [Reserved]

(c) *Return on investment—road properties*. Return on investment—road properties shall be computed according to the following procedures:

(1) The investment base to which the nominal return element shall apply shall be the sum of:

(i) The allowable working capital computed at 15 days on-branch cash avoidable costs (on branch avoidable costs less depreciation).

(ii) The amount of current income tax benefits resulting from abandonment of the line which would have been applicable to the period of the subsidy agreement. (Conversely, if the railroad would incur an income tax liability from abandonment, the liability should be deducted from the investment base.) This information is to be furnished by the railroad and subject to audit by the person offering the subsidy.

(iii) The net liquidation value for the highest and best use for non-rail purposes of the rail properties on the line to be subsidized which are used and required for performance of the services requested by the persons offering the subsidy. This value shall be determined by computing the current appraised

market value of such properties for other than rail transportation purposes, less all costs of dismantling and disposition of improvements necessary to make the remaining properties available for their highest and best use and complying with applicable zoning, land use, and environmental regulations. If rehabilitation has been performed along the line during a subsidy year and rehabilitation expenses have been paid by the subsidizer under 49 CFR 1152.32(m)(2), the investment base shall exclude the increment to the net liquidation value of the line caused by the rehabilitation project. For these purposes:

(A) In calculating the net liquidation values for the Forecast Year, no asset on the line shall be excluded from the determination of net liquidation value because it contributes negatively to that value, i.e., the removal costs exceed the market value after removal. All such assets shall be included in the net liquidation value determination if the carrier is required by law to remove them or if the carrier intends to remove them, even if it is not required to do so. The parties shall fully support and explain the exclusion for net liquidation purposes of all assets having a negative salvage value.

(I) In calculating the net liquidation value of railroad properties for the purpose of determining the operating subsidy under an offer of financial assistance, any asset with a negative salvage value shall be included at a value of zero (0).

(2) Determination of the net liquidation value of rail properties for the purpose of purchasing the rail properties under an offer of financial assistance shall include any asset with a negative salvage value at a value of zero (0).

(B) All adjustments to the appraised fair market value of right-of-way land, including a downward adjustment to reflect an imputed real estate Board or selling expense, shall be fully supported and explained.

(C) Parties shall fully support and explain their use of unadjusted across-the-fence (ATF) values as a surrogate for the value of railroad right-of-way land, given that the physical and economic characteristics (grading and ele-

vation) usually are different from those of surrounding parcels. All adjustments to ATF values to arrive at the right-of-way values shall also be supported and explained.

(2) [Reserved]

(d) *Reasonable return.* A rail carrier shall furnish to the Board, and to any financially responsible person considering making an offer of a rail service continuation payment, a substantiated statement showing its current nominal cost of capital. The railroad's nominal cost of capital shall be the current before tax cost of capital, weighted to the capital structure, and adjusted for the effects of the combined statutory Federal and state income tax rates. This rate of return expressed as a percent, shall be calculated as follows:

(1) The railroad shall determine its permanent capital structure ratio for debt and equity capital such that the two numbers total 100 percent. This capital structure will be the actual capital structure of the railroad. If this calculation is not possible or also not representative because the railroad is part of a conglomerate, the debt-equity ratio from the Board's latest Determination of Adequate Railroad Revenues will be used. However, if the debt-equity ratio for the railroad industry is used then the industry average equity and debt rate from the Board's latest revenue adequacy finding must also be used in paragraphs (d)(2) and (d)(3) of this section.

(2) The current nominal cost of debt shall be determined by taking the average of all debt instruments (including bonds, equipment trust certificates, financial lease arrangements, et cetera) issued by the carrier in the most recent 12-month period. The debt cost calculated by this procedure is a before-tax rate and is not adjusted for inflation or income taxes.

(3) The current nominal after tax cost of equity shall be an amount equal to that which a prudent investor would expect to earn through investment in the market place. The current after tax nominal cost of equity is divided by 1 minus the combined statutory Federal and state income tax rates. This will develop the nominal cost of equity on a before tax basis.

Surface Transportation Board

§ 1152.36

(4) The current nominal before-tax cost of debt is multiplied by the current percentage of debt to total capital to obtain a weighted before-tax nominal cost of current debt.

(5) The current nominal before-tax cost of equity is multiplied by the current percentage of equity to total capital to obtain a weighted nominal before-tax cost of current equity.

(6) The results of paragraphs (d)(4) and (d)(5) of this section are added together to determine the current nominal cost of capital.

(e) *Holding gain (loss)-road properties.* The railroad shall determine the holding gain (loss) that is projected to occur during the forecast and/or subsidy year. In any instance where the holding gain is not specifically deter-

mined for road properties, the Gross Domestic Product deflator calculated by the U.S. Department of Commerce shall be used.

Subpart E [Reserved]

Subpart F—Exempt Abandonments and Discontinuances of Service and Trackage Rights

§ 1152.50 Exempt abandonments and discontinuances of service and trackage rights.

(a)(1) A proposed abandonment or discontinuance of service or trackage rights over a railroad line is exempt from the provisions of 49 U.S.C. 10903 if the criteria in this section are satisfied.

(2) Whenever the Board determines a proposed abandonment to be exempt from the requirements of 49 U.S.C.

10903, whether under this section or on the basis of the merits of an individual petition, the provisions of §§1152.27, 1152.28, and 1152.29 as they relate to exemption proceedings shall be applicable.

(b) An abandonment or discontinuance of service or trackage rights is exempt if the carrier certifies that no local traffic has moved over the line for at least 2 years and any overhead traffic on the line can be rerouted over other lines and that no formal complaint filed by a user of rail service on the line (or a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Board or

Surface Transportation Board

§ 1152.50

any U.S. District Court or has been decided in favor of the complainant within the 2-year period. The complaint must allege (if pending), or prove (if decided) that the carrier has imposed an illegal embargo or other unlawful impediment to service.

(c) The Board has found:

(1) That its prior review and approval of these abandonments and discontinuances is not necessary to carry out the rail transportation policy of 49 U.S.C. 10101; and

(2) That these transactions are of limited scope and continued regulation is unnecessary to protect shippers from abuse of market power. 49 U.S.C. 10502. A notice must be filed to use this class exemption. The procedures are set out in §1152.50(d). This class exemption does not relieve a carrier of its statutory obligation to protect the interests of employees. 49 U.S.C. 10502(g) and 10903(b)(2). This also does not preclude a carrier from seeking an exemption of a specific abandonment or discontinuance that does not fall within this class.

(d) *Notice of exemption.* (1) At least 10 days prior to filing a notice of exemption with the Board, the railroad seeking the exemption must notify in writing:

(i) The Public Service Commission (or equivalent agency) in the state(s) where the line will be abandoned or the service or trackage rights discontinued;

(ii) Department of Defense (Military Surface Deployment and Distribution Command, Transportation Engineering Agency, Railroads for National Defense Program);

(iii) The National Park Service, Recreation Resources Assistance Division; and

(iv) The U.S. Department of Agriculture, Chief of the Forest Service.

The notice shall name the railroad, describe the line involved, including United States Postal Service ZIP Codes, indicate that the exemption procedure is being used, and include the approximate date that the notice of exemption will be filed with the Board. The notice shall include the following statement "Based on information in our possession, the line (does) (does not) contain federally granted rights-

of-way. Any documentation in the railroad's possession will be made available promptly to those requesting it."

(2) The railroad must file a verified notice using its appropriate abandonment docket number and subnumber (followed by the letter "X") with the Board at least 50 days before the abandonment or discontinuance is to be consummated. The notice shall include the proposed consummation date, the certification required in §1152.50(b), the information required in §§1152.22(a) (1) through (4), (7) and (8), and (e)(4), the level of labor protection, and a certificate that the notice requirements of §§1152.50(d)(1) and 1105.11 have been complied with.

(3) The Board, through the Director of the Office of Proceedings, shall publish a notice in the FEDERAL REGISTER within 20 days after the filing of the notice of exemption. The notice shall include a statement to alert the public that following any abandonment of rail service and salvage of the line, the line may be suitable for other public use, including interim trail use. Petitions to stay the effective date of the notice on other than environmental or historic preservation grounds must be filed within 10 days of the publication. Petitions to stay the effective date of the notice on environmental or historic preservation grounds may be filed at any time but must be filed sufficiently in advance of the effective date in order to allow the Board to consider and act on the petition before the notice becomes effective. Petitions for reconsideration, comments regarding environmental, energy and historic preservation matters, and requests for public use conditions under 49 U.S.C. 10905 and 49 CFR 1152.28(a)(2) must be filed within 20 days after publication. Requests for a trail use condition under 16 U.S.C. 1247(d) and 49 CFR 1152.29 must be filed within 10 days after publication. The exemption will be effective 30 days after publication, unless stayed. If the notice of exemption contains false or misleading information, the use of the exemption is void *ab initio* and the Board shall summarily reject the exemption notice.

(4) In out-of-service rail line exemption proceedings under 49 CFR 1152.50, the Board, on its own motion, will stay

§ 1152.60

the effective date of individual notices of exemption when an informed decision on pending environmental and historic preservation issues cannot be made prior to the date that the exemption authority would otherwise become effective.

(5) A notice or decision to all parties will be issued if use of the exemption is made subject to environmental, energy, historic preservation, public use and/or interim trail use and rail banking conditions.

(6) To address whether the standard labor protective conditions set forth in *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979), adequately protect affected employees, a petition for partial revocation of the exemption under 49 U.S.C. 10502(d) must be filed.

(e) *Consummation notice*. As provided in § 1152.29(e)(2), rail carriers that receive authority to abandon a line under § 1152.50 must file with the Board a notice that abandonment has been consummated.

[61 FR 67883, Dec. 24, 1996, as amended at 62 FR 34670, June 27, 1997; 83 FR 15079, Apr. 9, 2018]

Subpart G—Special Rules Applicable to Petitions for Abandonments or Discontinuances of Service or Trackage Rights Filed Under the 49 U.S.C. 10502 Exemption Procedure

§ 1152.60 Special rules.

(a) This section contains special rules applicable to any proceeding instituted under the 49 U.S.C. 10502 exemption procedure for either the abandonment of a rail line or the discontinuance of service or trackage rights over a rail line. General rules applicable to any proceeding filed under the 49 U.S.C. 10502 exemption procedure may be found at 49 CFR part 1121, but the rules in part 1152 control in case of any conflict with the general exemption rules. In the case of petitions for exemption for abandonment, notice of the filing of the petition will be published by the Board, through the Director of the Office of Proceedings, in the FEDERAL REGISTER 20 days after the petition is filed. There will be no further FEDERAL

49 CFR Ch. X (10–1–21 Edition)

REGISTER publication later if and when a petition is granted.

(b) Any petition filed under the 49 U.S.C. 10502 exemption procedure for either the abandonment of a rail line or the discontinuance of service or trackage rights over a rail line must be accompanied by a map that meets the requirements of § 1152.22(a)(4) of this part.

(c) A petitioner for an abandonment exemption shall submit, with its petition, a draft FEDERAL REGISTER notice of its petition according to the form prescribed below:

Draft FEDERAL REGISTER Notice. The petitioner shall submit a draft notice of its petition to be published by the Board within 20 days of the petition's filing with the Board. The draft notice shall be in the form set forth below:

All interested persons should be aware that following abandonment of rail service and salvage of the line, the line may be suitable for other public use, including interim trail use.

Any request for a public use condition and any request for trail use/rail banking will be due no later than 20 days after notice of the filing of the petition for exemption is published in the FEDERAL REGISTER.

Surface Transportation Board

§ 1155.2

Persons seeking further information concerning abandonment procedures may contact the Surface Transportation Board or refer to the full abandonment or discontinuance regulations at 49 CFR part 1152. Questions concerning environmental issues may be directed to the Board's Office of Environmental Analysis.

An environmental assessment (EA) (or environmental impact statement (EIS), if necessary) prepared by the Office of Environmental Analysis will be served upon all parties of record and upon any agencies or other persons who commented during its preparation. Any other persons who would like to obtain a copy of the EA (or EIS) may contact the Office of Environmental Analysis. EAs in these abandonment proceedings normally will be made available within 60 days of the filing of the petition. The deadline for submission of comments on the EA will generally be within 30 days of its service.

(d) A petitioner for an abandonment exemption must serve a copy of the petition on the persons receiving notices of exemption under § 1152.50(d). The petition must include the following statement: "Based on information in our possession, the line (does) (does not) contain federally granted right-of-way. Any documentation in petitioner's possession will be made available promptly to those requesting it."

(e) As Provided in § 1152.29(e)(2), rail carriers that receive authority to abandon a line by individual exemption under 49 U.S.C. 10502 must file with the Board a notice that abandonment has been consummated.

(7) *Municipal solid waste* means household waste, commercial and retail waste, and institutional waste.

(8) *Office of Environmental Analysis or “OEA”* means the Board staff that prepares the Board’s environmental documents and analyses.

(9) *Solid waste* means construction and demolition debris; municipal solid waste; household waste; commercial and retail waste; institutional waste; sludge; industrial waste; and other solid waste, as determined appropriate by the Board, but not waste generated by a rail carrier during track, track structure, or right-of-way construction, maintenance, or repair (including railroad ties and line-side poles), or waste generated as a result of a railroad accident, incident, or derailment.

(10) *Solid waste rail transfer facility*—

(i) Means the portion of a facility owned or operated by or on behalf of a rail carrier (as defined in 49 U.S.C. 10102) where solid waste, as a commodity to be transported for a charge, is collected, stored, separated, processed, treated, managed, disposed of, or transferred, when the activity takes

place outside of original shipping containers; but

(ii) Does not include—

(A) The portion of a facility to the extent that activities taking place at such portion are comprised solely of the railroad transportation of solid waste after the solid waste is loaded for shipment on or in a rail car, including railroad transportation for the purpose of interchanging railroad cars containing solid waste shipments; or

(B) A facility where solid waste is solely transferred or transloaded from a tank truck directly to a rail tank car.

(11) *Sludge* means any solid, semi-solid, or liquid waste generated from a municipal, commercial, or industrial wastewater treatment plant, water supply treatment plant, or air pollution control facility exclusive of the treated effluent from a wastewater treatment plant.

(b) *Exceptions.* Notwithstanding paragraph (a) of this section, the terms *household waste*, *commercial and retail waste*, and *institutional waste* do not include yard waste and refuse-derived fuel; used oil; wood pallets; clean wood; medical or infectious waste; or motor vehicles (including motor vehicle parts or vehicle fluff).

(c) *Land-use-exemption permit* means the authorization issued by the Board pursuant to the authority of 49 U.S.C. 10909(a) and includes the term “siting permit” in 49 U.S.C. 10909(e).

(d) *State laws, regulations, orders, or other requirements affecting the siting of a facility*, as used in 49 U.S.C. 10909(f) and 49 CFR 1155.27(d), include the requirements of a state or a political subdivision of a state, including a locality or municipality, affecting the siting of a facility.

(e) *State requirement*, as used in 49 U.S.C. 10908 does not include the laws, regulations, ordinances, orders, or other requirements of a political subdivision of a state, including a locality or municipality, unless a state expressly delegates such authority to such political subdivision.

**Subpart B—Procedures Governing
Petitions To Require a Facility
in Existence on October 16,
2008, To Apply for a Land-
Use-Exemption Permit**

§ 1155.10 Contents of petition.

A petition to require a solid waste rail transfer facility in existence on October 16, 2008, to apply for a land-use-exemption permit, submitted by the Governor of the state or that Governor's designee, shall contain the following information:

- (a) The Governor's name.
- (b) The state's name and the name of any agency filing on behalf of the Governor.
- (c) The full address of the solid waste rail transfer facility, or, if not available, the city, state, and United States Postal Service ZIP code.
- (d) The name of the rail carrier that owns or operates the facility or the rail carrier on whose behalf the facility is operated.
- (e) A good-faith certification that the facility qualified as a solid waste rail transfer facility as defined in 49 U.S.C. 10908(e)(1)(H) and 49 CFR 1155.2, on October 16, 2008.
- (f) Relief sought (that the rail carrier that owns or operates the facility be required to apply for a land-use-exemption permit).
- (g) Name, title, and address of representative of petitioner to whom correspondence should be sent.

§ 1155.11 Filing and service of petition.

- (a) When the petition is filed with the Board, the petitioner shall serve concurrently, by first class mail, a copy of the petition on the rail carrier that owns or operates the solid waste rail transfer facility and on the facility if the address is different than the rail carrier's address. A copy of the certificate of service shall be filed with the Board at the same time.
- (b) Upon the filing of a petition, the Board will review the petition and determine whether it conforms to all applicable regulations. If the petition is substantially incomplete or is otherwise defective, the Board will reject the petition without prejudice for stat-

ed reasons by order within 15 days from the date of filing of the petition.

- (c) If the petition is rejected, a revised petition may be resubmitted, and the Board will determine whether the resubmitted application conforms with all prescribed regulations.

§ 1155.12 Participation in petition proceedings.

- (a) An interested person may file a reply to the petition challenging any of the information contained in the petition that is required by 49 CFR 1155.10(c) through (e) and may offer evidence to support its contention. The petitioner will have an opportunity to file a rebuttal.

(b) A facility can acknowledge that it was a solid waste rail transfer facility on October 16, 2008, but no longer operates as such and therefore is not required to seek a land-use-exemption permit. To do so, a facility must file with the Board a certification stating that it:

- (1) No longer operates as a solid waste transfer facility;
- (2) Understands that by certifying that it no longer operates as a solid waste transfer facility, it no longer qualifies as a facility in existence on October 16, 2008 for purposes of the Clean Railroad Act and these regulations; and
- (3) Understands that if it seeks a land-use-exemption permit in the future, it would be required to do so as a proposed facility.

(c) *Filing and service of replies.* (1) Any reply shall be filed with the Board (the Chief, Section of Administration, Office of Proceedings, Surface Transportation Board, 395 E Street SW., Washington, DC 20423) within 20 days of the filing with the Board of the petition.

(2) A copy of the reply shall be served on petitioner or its representative at the time of filing with the Board. Each filing shall contain a certificate of service.

(3) Any rebuttal to a reply shall be filed and served by petitioner no later than 30 days after the filing of the petition.

§ 1155.13

§ 1155.13 Board determination with respect to a Governor's petition.

The Board shall accept the Governor's complete petition on a finding that the facility qualified as a solid waste rail transfer facility, as defined in 49 U.S.C. 10908(e)(1)(H) and 49 CFR 1155.2, on October 16, 2008. If the Board finds that the facility currently does not qualify for or require a land-use-exemption permit, any future use of the facility as a solid waste rail transfer facility would require an application for a land-use-exemption permit as a proposed facility and/or the proper state permits. In a decision granting the Governor's petition, the Board shall require that the rail carrier that owns or operates the facility, or the operator of the facility, file a land-use-exemption-permit application within 120 days of the service date of the decision.

Subpart C—Procedures Governing Applications for a Land-Use-Exemption Permit

§ 1155.20 Notice of intent to apply for a land-use-exemption permit.

(a) *Filing and publication requirements.* An applicant (i.e., a solid waste rail transfer facility, or the rail carrier that owns or operates the facility) shall give its Notice of Intent to file a land-use-exemption-permit application by complying with the following procedures:

(1) *Filing.* Applicant must serve its Notice of Intent on the Board in the format prescribed in Appendix A to this part. The Notice of Intent shall be filed in accordance with the time requirements of paragraph (b) of this section.

(2) *Service.* Applicant must serve, by first-class mail (unless otherwise specified), its Notice of Intent upon:

(i) The Governor of the state where the facility is located;

(ii) The municipality, the state, and any relevant political subdivision of a state or federal or state regional planning entity in the jurisdiction of which the solid waste rail transfer facility is located or proposed to be located; and

(iii) The appropriate managing government agencies responsible for the

49 CFR Ch. X (10–1–21 Edition)

groups of land listed in 49 U.S.C. 10909(c)(2).

(3) *Newspaper publication.* Applicant must publish its Notice of Intent at least once during each of 3 consecutive weeks in a newspaper of general circulation in each county in which any part of the proposed or existing facility is located.

(b) *Time limits.* (1) The Notice of Intent must be served on the parties discussed above at least 15 days, but not more than 30 days, prior to the filing of the land-use-exemption-permit application;

(2) The three required newspaper Notices must be published within the 30-day period prior to the filing of the application; and

(3) The Notice of Intent must be filed with the Board either concurrently with service on the required parties or when the Notice is first published (whichever occurs first).

(c) *Environmental and Historic Reports.* Applicant must also submit an Environmental and/or Historic Report containing the information described at 49 CFR 1155.24(b), 1105.7, and 1105.8, to the extent applicable, at least 45 days prior to filing an application. OEA may reject any report that it deems inadequate. The environmental and historic reporting requirements that would otherwise apply are waived, however, if the applicant or the Board hires a third-party consultant, OEA approves the scope of the consultant's work, and the consultant works under OEA's supervision to prepare an EIS or other environmental documentation. In such a case, the consultant acts on behalf of the Board, working under OEA's direction to collect the needed environmental information and compile it into an EIS or other appropriate environmental documentation. See 49 U.S.C. 10909(h); 49 CFR 1155.24(c).

§ 1155.21 Contents of application.

Applications for land-use-exemption permits for the facility, and any proposed future expansion within 10 years of the application date, shall contain the following information, including supporting documentation:

The applicant shall state whether each law, regulation, order or other requirement from which an exemption is sought is an environmental, public health, or public safety standard that falls under the traditional police powers of the state. If the applicant states that the requirement is not such a standard, it shall explain the reasons for its statement.

(8) Certification that the laws, regulations, orders or other requirements from which the applicant requests exemption are not based on federal laws, regulations, orders, or other requirements.

(9) Certification that the facility complies with all state, local, or municipal laws, regulations, orders, or other requirements affecting the siting of the facility except for those from which it seeks exemption.

(10) Certification that the applicant has applied or will apply for the appropriate state permits not affecting siting.

For facilities in existence as of October 16, 2008, state whether the facility is located on any of these lands, and, if so, address whether the facility is consistent with the restrictions placed on the location by the applicable state under that law.

(13) An explanation of how the facility comes within the Board's jurisdiction under 49 U.S.C. 10501.

(14) The owner and operator of the facility.

(15) The interest of the rail carrier in the facility.

The map must show, in clear relief, the exact location of the facility on the rail line and its relation to other rail lines in the area, highways, water routes, population centers, and any geographic features that should be considered in determining whether the facility would pose an unreasonable risk to public health, safety, or the environment, pursuant to 49 U.S.C. 10909(c)(1).

(20) Detailed drawing of the subject facility on sheets not larger than 11x17 inches, drawn to scale, and with the scale shown thereon. The drawing must show, in clear relief, the exact boundaries of the facility, structures at the facility, the location and type of the operations taking place at the facility, the proposed traffic configuration for the solid waste entering and leaving the facility, reasonable future expansion planned for the next 10 years that the applicant requests to be included in the land-use-exemption permit, any geographic features that should be considered in determining whether the facility would pose an unreasonable risk to public health, safety, or the environment, pursuant to 49 U.S.C. 10909(c)(1), and any other information that the applicant believes would be relevant.

(21) A detailed justification for why any future expansion planned for the next 10 years should be covered by the land-use-exemption permit.

(b) *Statement.* A statement that sets forth, based on currently available information, the reasons why the Board should grant a land-use-exemption permit to the applicant under the standards in 49 U.S.C. 10909(c), (d) and the regulations in this part. Specifically, the applicant shall include an explanation of whether the laws, regulations, or other requirements affecting siting of the facility from which exemption is sought, on their face or as applied, unreasonably burden the interstate transportation of solid waste by railroad or discriminate against the railroad transportation of solid waste and a solid waste rail transfer facility, and, if so, why.

(c) *Environmental impact.* The applicant shall certify that it has submitted

an Environmental and/or Historic Report containing the information in 49 CFR 1155.24(b), 1105.7, and 1105.8, to the extent applicable, if an Environmental and/or Historic Report is required. See 49 CFR 1155.20(c).

§ 1155.23

§ 1155.22 Filings and service of application.

(a) The applicant shall tender with its application an affidavit attesting to its compliance with the notice requirements of 49 CFR 1155.20. The affidavit shall include the dates of service, posting, and newspaper publication of the Notice of Intent.

(b) When the application is filed with the Board, the applicant shall serve concurrently, by first-class mail, a copy on the Governor of the state where the facility is located; the municipality, the state, and any relevant political subdivision of a state or federal or state regional planning entity of the jurisdiction in which the solid waste rail transfer facility is located or proposed to be located; and the appropriate managing government agencies responsible for the groups of land listed in 49 U.S.C. 10909(c)(2). A copy of the certificate of service shall be filed with the Board at the same time.

(c) The applicant shall promptly furnish by first class mail a copy of the application to any interested person proposing to file a comment upon request. A copy of the certificate of service shall be filed with the Board at the same time.

(d)(1) Upon the filing of a land-use-exemption-permit application, the Board will review the application and determine whether it conforms to all applicable regulations. If the application is substantially incomplete or is otherwise defective, the Board shall reject the application for stated reasons by order within 20 days from the date of filing of the application. If the Board does not reject the application, notice of the filing of the application shall be published in the FEDERAL REGISTER by the Board, through the Director of the Office of Proceedings, within 20 days of the filing of the application.

(2) If the application is rejected, a revised application may be submitted and the Board will determine whether the resubmitted application conforms with all prescribed regulations. A properly revised application submitted within 60 days of the order rejecting the incomplete or improper application need not be subject to new notice and publication under § 1155.20, unless the defect causing the rejection was in the

notice and/or publication. A revised application submitted after such 60-day period must be newly published and noticed.

(3) The resubmission of a complete and properly filed land-use-exemption-permit application shall be considered a de novo filing for the purposes of computation of the time periods prescribed in the regulations contained in this part.

(4) An applicant may seek waiver of specific regulations listed in subpart C of this part by filing a petition for waiver with the Board. When the petition is filed with the Board, the applicant shall serve, by first-class mail, a copy on the Governor of the state where the facility is located; the municipality, the state, and any relevant political subdivision of a state or federal or state regional planning entity of the jurisdiction in which the solid waste rail transfer facility is located or proposed to be located; and the appropriate managing government agencies responsible for the groups of land listed in 49 U.S.C. 10909(c)(2). A copy of the certificate of service shall be filed with the Board at the same time. A decision by the Director of the Office of Proceedings granting or denying a waiver petition will be issued within 30 days of the date the petition is filed. Appeals from the Director's decision will be decided by the entire Board. If waiver is not obtained prior to the filing of the application, the application may be subject to rejection.

§ 1155.23 Participation in application proceedings.

(a) *Initial comments.* Interested persons may become parties to a land-use-exemption-permit proceeding by filing initial comments with the Board within 45 days of the filing of the application. Comments should contain the following information, as appropriate:

(1) Name, address, and organizational affiliation.

(2) A statement describing commenter's interest in the proceeding, including information concerning any organization or public interest it represents.

§ 1155.24

(3) Reasons, in general, why commenter supports or opposes the application, taking into account the standards for the Board's review and consideration set forth in 49 U.S.C. 10909(c), (d) and this part.

(4) Any rebuttal to the evidence and argument submitted by applicant.

(b) *Final comments.* Interested persons, including the applicant, within 30 days after the close of OEA's environmental review, may comment on how the information developed during OEA's environmental review concerning the considerations at 49 U.S.C. 10909(d)(1) through (5) should be weighed with the remaining transportation and other relevant considerations at 49 U.S.C. 10909(d)(6) through (7). The parties will have an additional 15 days to respond to other parties' arguments. All pleadings shall be limited to weighing the information developed during OEA's environmental review with transportation and other concerns, and should not be directed towards the adequacy of OEA's environmental review. (Interested persons may comment on the adequacy of OEA's environmental review during the normal comment period for the EIS as provided in 49 CFR 1105.10(a)(4). *See* 49 CFR 1155.24(a).) All comments under this paragraph shall contain the information required in paragraphs (a)(1) through (2) of this section.

(c) *Filing and service of comments and replies (including evidence and argument).* (1) Initial comments shall be filed with the Board (addressed to the Chief, Section of Administration, Office of Proceedings, Surface Transportation Board, 395 E Street SW., Washington, DC 20423) within 45 days of the filing with the Board of a land-use-exemption-permit application. A copy of each comment shall be served on applicant or its representative at the time of filing with the Board. Each filing shall contain a certificate of service.

(2) Final comments shall be filed and served on all parties within 30 days of the close of the environmental review. A copy of each comment shall be served on applicant or its representative at the time of filing with the Board. Each filing shall contain a certificate of service.

49 CFR Ch. X (10–1–21 Edition)

(3) Replies to final comments shall be filed and served on all parties no later than 45 days after the close of the environmental review. A copy of each reply to comments shall be served on applicant or its representative at the time of filing with the Board. Each filing shall contain a certificate of service.

[77 FR 69774, Nov. 21, 2012, as amended at 84 FR 12945, Apr. 3, 2019]

§ 1155.24 Environmental review.

(a) A land-use-exemption permit generally will require the preparation of an EIS. OEA may reclassify the environmental review requirements of land-use-exemption proceedings on a case-by-case basis, pursuant to 49 CFR 1105.6(d).

(b) An applicant for a land-use-exemption permit must submit an Environmental Report, at least 45 days prior to filing a land-use-exemption-permit application, containing the information described at 49 CFR 1105.7 to the extent applicable to solid waste rail transfer facilities. Applicants shall concurrently file a Historic Report containing the information at 49 CFR 1105.8 if applicable. The Environmental Report must also contain a discussion of the five factors for consideration listed at 49 U.S.C. 10909(d)(1) through (5) and address any associated environmental impacts as they relate to the facility for which a land-use-exemption permit is sought.

(c) The Board strongly encourages applicants to use third-party contractors to assist OEA in preparing the appropriate environmental documentation in land-use-exemption-permit proceedings. *See* 49 CFR 1105.10(d). The environmental reporting requirements outlined above that would otherwise apply are waived if an applicant hires a third-party contractor, OEA approves the scope of the contractor's work, and the contractor works under OEA's direct supervision. *See* 49 CFR 1105.10(d). If an applicant does not hire an independent third-party contractor, the Board may hire a third-party contractor and charge the costs for the contractor to the applicant. *See* 49 U.S.C. 10909(h).

(d) The Board's procedures set forth in 49 CFR 1105.10 for implementation of

Surface Transportation Board

§ 1155.26

environmental laws are controlling unless superseded by provisions in this Part.

(e) An applicant for a land-use-exemption permit must follow the Board's procedures at 49 CFR 1105.9 for compliance with the Coastal Zone Management Act, 16 U.S.C. 1451 through 1465, if that act is applicable.

§ 1155.25 Transfer and termination of a land-use-exemption permit.

(a) A land-use-exemption permit may be transferred from a rail carrier to an acquiring rail carrier without the need for a new application for a land-use-exemption permit if the rail line associated with the solid waste rail transfer facility is transferred to another rail carrier or to an entity formed to become a rail carrier pursuant to authority granted by the Board under 49 U.S.C. 10901, 10902, or 11323. When seeking Board authority under 49 U.S.C. 10901, 10902, or 11323, the applicant(s) shall specifically advise the Board, the municipality, the state, and any relevant political subdivision of a state or federal or state regional planning entity of the jurisdiction in which the solid waste rail transfer facility is located, of the intended transfer. The FEDERAL REGISTER notice concerning the acquisition shall include a statement that a solid waste rail transfer facility with a Board-issued land-use-exemption permit is included in the acquisition.

(b) When a carrier plans to cease using a facility as a solid waste rail transfer facility, or when a facility is transferred to any party in any manner other than that described in paragraph (a) of this section, the entity that received the land-use-exemption permit must notify the Board, the municipality, the state, and any relevant political subdivision of a state or federal or state regional planning entity of the jurisdiction in which the solid waste rail transfer facility is located, in writing no later than 60 days prior to the proposed cessation or transfer. Upon receipt of that notice, the Board will publish notice in the FEDERAL REGISTER that the land-use-exemption permit will be terminated on the 60th day unless otherwise ordered by the Board.

§ 1155.26 Board determinations under 49 U.S.C. 10909.

(a) *Schedule.* (1) The schedule in paragraph (a)(2) of this section shall govern the process for Board consideration and decisions in land-use-exemption-permit application proceedings from the time the application is filed until the time of the Board's decision on the merits:

(2) At least 45 days prior to filing of application—Environmental Report (and/or Historic Report, if applicable) filed and environmental process initiated pursuant to 49 CFR 1155.24. Within 30 days prior to filing of application—Notice of Intent filed with the Board pursuant to the deadlines and requirements described in 49 CFR 1155.20(b)(3).

(i) Day 0—Application filed.

(ii) Day 20—Due date for Notice of Application to be published in the FEDERAL REGISTER.

(iii) Day 45—Due date for initial comments.

(iv) 30 days after the Final EIS (or other final environmental documentation) is issued by OEA—Due date for final comments.

(v) 45 days after the Final EIS (or other final environmental documentation) is issued by OEA—Due date for replies to final comments.

(3) A decision on the merits will be due 90 days after a full record is developed.

(b) *Standard for review.* (1) The Board will issue a land-use-exemption permit only if it determines that the facility at the existing or proposed location would not pose an unreasonable risk to public health, safety, or the environment. In deciding whether a solid waste rail transfer facility that is or proposed to be constructed or operated by or on behalf of a rail carrier poses an unreasonable risk to public health, safety, or the environment, the Board shall weigh the particular facility's potential benefits to and the adverse impacts on public health, public safety, the environment, interstate commerce, and transportation of solid waste by rail.

(2) The Board will not grant a land-use-exemption permit for a solid waste rail transfer facility proposed to be located on land within any unit of or land affiliated with the National Park System, the National Wildlife Refuge

§ 1155.27

System, the National Wilderness Preservation System, the National Trails System, the National Wild and Scenic Rivers System, a National Reserve, or a National Monument.

(3) The Board will not grant a land-use-exemption permit for a solid waste rail transfer facility proposed to be located on land within any unit of or land affiliated with lands referenced in The Highlands Conservation Act, Public Law No. 108-421, for which a state has implemented a conservation management plan, if operation of the facility would be inconsistent with restrictions placed on such land.

(4) The Board will reject an application from a person who is not a rail carrier, but is instead operating on behalf of a rail carrier unless;

(i) The applicant has sought permission from the applicable state, local, or municipal authority with respect to some or all of the property in the application and received an unsatisfactory result affecting the siting of the facility, or

(ii) The Governor of the state has petitioned the Board to require the facility to apply under subpart B of this part.

(5) The Board will issue a land-use-exemption permit to an applicant that has received an unsatisfactory result from a state, local or municipal authority affecting the siting of the facility only if it finds that the laws, regulations, or other requirements affect the siting of the facility, on their face or as applied, either;

(i) Unreasonably burden the interstate transportation of solid waste by railroad, or

(ii) Discriminate against the railroad transportation of solid waste and a solid waste rail transfer facility.

(6) A land-use-exemption permit will only exempt state, local, or municipal laws, regulations, orders, other requirements, or portions thereof, affecting the siting of the solid waste rail transfer facility.

(c) *Considerations.* As required by 49 U.S.C. 10909(d), the Board will consider and give due weight to the following, as applicable:

(1) The land-use, zoning, and siting regulations or solid waste planning requirements of the state or state sub-

§ 1180.0 Scope and purpose.

(a) *General.* The regulations in this subpart set out the information to be filed and the procedures to be followed

Surface Transportation Board

§ 1180.1

in control, merger, acquisition, lease, trackage rights, and any other consolidation transaction involving more than one railroad that is initiated under 49 U.S.C. 11323. Section 1180.2 separates these transactions into four types: *Major*, *significant*, *minor*, and *exempt*. The informational requirements for these types of transactions differ. Before an application is filed, the designation of type of transaction may be clarified or certain of the information required may be waived upon petition to the Board. This procedure is explained in § 1180.4. The required contents of an application are set out in §§ 1180.6 (general information supporting the transaction), 1180.7 (competitive and market information), 1180.8 (operational information), 1180.9 (financial data), 1180.10 (service assurance plans), and 1180.11 (transnational and other informational requirements). A *major* application must contain the information required in §§ 1180.6(a), 1180.6(b), 1180.7(a), 1180.7(b), 1180.8(a), 1180.8(b), 1180.9, 1180.10, and 1180.11. A *significant* application must contain the information required in §§ 1180.6(a), 1180.6(c), 1180.7(a), 1180.7(c), and 1180.8(b). A *minor* application must contain the information required in §§ 1180.6(a) and 1180.8(c). Procedures (including time limits, filing requirements, participation requirements, and other matters) are contained in § 1180.4. All applications must comply with the Board's Rules of General Applicability, 49 CFR parts 1100 through 1129, unless otherwise specified. These regulations may be cited as the Railroad Consolidation Procedures.

(b) *Waiver*. We will waive application of the regulations contained in this subpart for a consolidation involving The Kansas City Southern Railway Company and another Class I railroad and instead will apply the regulations in this subpart A in effect before July 11, 2001 and contained in the 49 CFR, Parts 1000 to 1199, edition revised as of October 1, 2000, unless we are shown why such a waiver should not be allowed. Interested parties must file any objections to this waiver within 10 days after the applicants' prefiling notification (see 49 CFR § 1180.4(b)(1)).

[66 FR 32583, June 15, 2001]

§ 1180.1 General policy statement for merger or control of at least two Class I railroads.

(a) *General*. To meet the needs of the public and the national defense, the Surface Transportation Board (Board) seeks to ensure balanced and sustainable competition in the railroad industry. The Board recognizes that the railroad industry (including Class II and III carriers) is a network of competing and complementary components, which in turn is part of a broader transportation infrastructure that also embraces the nation's highways, waterways, ports, and airports. The Board welcomes private-sector initiatives that enhance the capabilities and the competitiveness of this transportation infrastructure. Although mergers of Class I railroads may advance our nation's economic growth and competitiveness through the provision of more efficient and responsive transportation, the Board does not favor consolidations that reduce the transportation alternatives available to shippers unless there are substantial and demonstrable public benefits to the transaction that cannot otherwise be achieved. Such public benefits include improved service, enhanced competition, and greater economic efficiency. The Board also will look with disfavor on consolidations under which the controlling entity does not assume full responsibility for carrying out the controlled carrier's common carrier obligation to provide adequate service upon reasonable demand.

(b) *Consolidation criteria*. The Board's consideration of the merger or control of at least two Class I railroads is governed by the public interest criteria prescribed in 49 U.S.C. 11324 and the rail transportation policy set forth in 49 U.S.C. 10101. In determining the public interest, the Board must consider the various goals of effective competition, carrier safety and efficiency, adequate service for shippers, environmental safeguards, and fair working conditions for employees. The Board must ensure that any approved transaction would promote a competitive, efficient, and reliable national rail system.

(c) *Public interest considerations*. The Board believes that mergers serve the

public interest only when substantial and demonstrable gains in important public benefits—such as improved service and safety, enhanced competition, and greater economic efficiency—outweigh any anticompetitive effects, potential service disruptions, or other merger-related harms. Although further consolidation of the few remaining Class I carriers could result in efficiency gains and improved service, the Board believes additional consolidation in the industry is also likely to result in a number of anticompetitive effects, such as loss of geographic competition, that are increasingly difficult to remedy directly or proportionately. Additional consolidations could also result in service disruptions during the system integration period. Accordingly, to assure a balance in favor of the public interest, merger applications should include provisions for enhanced competition, and, where both carriers are financially sound, the Board is prepared to use its conditioning authority as necessary under 49 U.S.C. 11324(c) to preserve and/or enhance competition. In addition, when evaluating the public interest, the Board will consider whether the benefits claimed by applicants could be realized by means other than the proposed consolidation. The Board believes that other private-sector initiatives, such as joint marketing agreements and interline partnerships, can produce many of the efficiencies of a merger while risking less potential harm to the public.

(1) *Potential benefits.* By eliminating transaction cost barriers between firms, increasing the productivity of investment, and enabling carriers to lower costs through economies of scale, scope, and density, mergers can generate important public benefits such as improved service, more competition, and greater economic efficiency. A merger can strengthen a carrier's finances and operations. To the extent that a merged carrier continues to operate in a competitive environment, its new efficiencies would be shared with shippers and consumers. Both the public and the consolidated carrier can benefit if the carrier is able to increase its marketing opportunities and provide better service. A merger transaction can also improve existing com-

petition or provide new competitive opportunities, and such enhanced competition will be given substantial weight in our analysis. Applicants shall make a good faith effort to calculate the net public benefits their proposed merger would generate, and the Board will carefully evaluate such evidence. To ensure that applicants have no incentive to exaggerate these projected benefits to the public, the Board expects applicants to propose additional measures that the Board might take if the anticipated public benefits fail to materialize in a timely manner. In this regard, the Board recognizes, however, that applicants require the flexibility to adapt to changing marketplace or other circumstances and that it is inevitable that an approved merger may not necessarily be implemented in precisely the manner anticipated in the application. Applicants will be held accountable, however, if they do not act reasonably in light of changing circumstances to achieve promised merger benefits.

(2) *Potential harm.* The Board recognizes that consolidation can impose costs as well as benefits. It can reduce competition both directly and indirectly in particular markets, including product markets and geographic markets. Consolidation can also threaten essential services and the reliability of the rail network. In analyzing these impacts we must consider, but are not limited by, the policies embodied in the antitrust laws.

(i) *Reduction of competition.* Although in specific markets railroads operate in a highly competitive environment with vigorous intermodal competition from motor and water carriers, mergers can deprive shippers of effective options. Intramodal competition can be reduced when two carriers serving the same origins or destinations merge. Competition arising from shippers' build-out, transloading, plant siting, and production shifting choices can be eliminated or reduced when two railroads serving overlapping areas merge. Competition in product and geographic markets can also be eliminated or reduced by mergers, including end-to-end mergers. Any railroad combination entails a risk that the merged carrier would acquire and exploit increased market power.

Applicants shall propose remedies to mitigate and offset competitive harms. Applicants shall also explain how they would at a minimum preserve competitive and market options such as those involving the use of major existing gateways, build-outs or build-ins, and the opportunity to enter into contracts for one segment of a movement as a means of gaining the right separately to pursue rate relief for the remainder of the movement.

(ii) *Harm to essential services.* The Board must ensure that essential freight, passenger, and commuter rail services are preserved wherever feasible. An existing service is essential if there is sufficient public need for the service and adequate alternative transportation is not available. The Board's focus is on the ability of the nation's transportation infrastructure to continue to provide and support essential services. Mergers should strengthen, not undermine, the ability of the rail network to advance the nation's economic growth and competitiveness, both domestically and internationally. The Board will consider whether projected shifts in traffic patterns could undermine the ability of the various network links (including Class II and Class III rail carriers and ports) to sustain essential services.

(iii) *Transitional service problems.* Experience shows that significant service problems can arise during the transitional period when merging firms integrate their operations, even after applicants take extraordinary steps to avoid those disruptions. Because service disruptions harm the public, the Board, in its determination of the public interest, will weigh the likelihood of transitional service problems. In addition, under paragraph (h) of this section, the Board will require applicants to provide a detailed service assurance plan. Applicants also should explain how they would cooperate with other carriers in overcoming serious service disruptions on their lines during the transitional period and afterwards.

(iv) *Enhanced competition.* To offset harms that would not otherwise be mitigated, applicants should explain how the transaction and conditions they propose would enhance competition.

(d) *Conditions.* The Board has broad authority under 49 U.S.C. 11324(c) to impose conditions on consolidations, including requiring divestiture of parallel tracks or the granting of trackage rights and access to other facilities. The Board will condition the approval of Class I combinations to mitigate or offset harm to the public interest, and will carefully consider conditions proposed by applicants in this regard. The Board may impose conditions that are operationally feasible and produce net public benefits, but will not impose conditions that undermine or defeat beneficial transactions by creating unreasonable operating, financial, or other problems for the combined carrier. Conditions are generally not appropriate to compensate parties who may be disadvantaged by increased competition. The Board anticipates that mergers of Class I carriers would likely create some anticompetitive effects that would be difficult to mitigate through appropriate conditions, and that transitional service disruptions might temporarily negate any shipper benefits. To offset such potential harms and improve the prospect that their proposal would be found to be in the public interest, applicants should propose conditions that would not simply preserve but also enhance competition. The Board seeks to enhance competition in ways that strengthen and sustain the rail network as a whole (including that portion of the network operated by Class II and III carriers).

(e) *Employee protection.* The Board is required to provide a fair arrangement for the protection of the rail employees of applicants who are affected by a consolidation. The Board supports early notice and consultation between management and the various unions, leading to negotiated implementing agreements, which the Board strongly favors. Otherwise, the Board respects the sanctity of collective bargaining agreements and will look with extreme disfavor on overrides of collective bargaining agreements except to the very limited extent necessary to carry out an approved transaction. The Board will review negotiated agreements to ensure fair and equitable treatment of

all affected employees. Absent a negotiated agreement, the Board will provide for protection at the level mandated by law (49 U.S.C. 11326(a)), and if unusual circumstances are shown, more stringent protection will be provided to ensure that employees have a fair and equitable arrangement.

(f) *Environment and safety.* (1) The National Environmental Policy Act, 42 U.S.C. 4321 *et seq.* (NEPA), requires the Board to take environmental considerations into account in railroad consolidation cases. To meet its responsibilities under NEPA and related environmental laws, the Board must consider significant potential beneficial and adverse environmental impacts in deciding whether to approve a transaction as proposed, deny the proposal, or approve it with conditions, including appropriate environmental mitigation conditions addressing concerns raised by the parties, including federal, state, and local government entities. The Board's Office of Environmental Analysis (OEA) ensures that the agency meets its responsibilities under NEPA and the implementing regulations at 49 CFR part 1105 by providing the Board with an independent environmental review of merger proposals. In preparing the necessary environmental documentation, OEA focuses on the potential environmental impacts resulting from merger-related changes in activity levels on existing rail lines and rail facilities. The Board generally will mitigate only those impacts that would result directly from an approved transaction, and will not require mitigation for existing conditions and existing railroad operations.

(2) During the environmental review process, railroad applicants have negotiated agreements with affected communities, including groups of communities and other entities such as state and local agencies. The Board encourages voluntary agreements of this nature because they can be extremely helpful and effective in addressing specific local and regional environmental and safety concerns, including the sharing of costs associated with mitigating merger-related environmental impacts. Generally, these privately negotiated solutions between an applicant railroad and some or all of the

communities along particular rail corridors or other appropriate entities are more effective, and in some cases more far-reaching, than any environmental mitigation options the Board could impose unilaterally. Therefore, when such agreements are submitted to it, the Board generally will impose these negotiated agreements as conditions to approved mergers, and these agreements generally will substitute for specific local and site-specific environmental mitigation for a community that otherwise would be imposed. Moreover, to encourage and give effect to negotiated solutions whenever possible, the opportunity to negotiate agreements will remain available throughout the oversight process to replace local and site-specific environmental mitigation imposed by the agency. The Board will require compliance with the terms of all negotiated agreements submitted to it during oversight by imposing appropriate environmental conditions to replace the local and site-specific mitigation previously imposed.

(3) Applicants will be required to work with the Federal Railroad Administration, on a case-by-case basis, to formulate Safety Integration Plans (SIPs) to ensure that safe operations are maintained throughout the merger implementation process. As part of the environmental review process, applicants will be required to submit:

- (i) A SIP and
- (ii) Evidence about potentially blocked grade crossings as a result of merger-related traffic increases or operational changes.

(g) *Oversight.* As a condition to its approval of any major transaction, the Board will establish a formal oversight process. For at least the first 5 years following approval, applicants will be required to present evidence to the Board, on no less than an annual basis, to show that the merger conditions imposed by the Board are working as intended, that the applicants are adhering to the various representations they made on the record during the course of their merger proceeding, that no unforeseen harms have arisen that would require the Board to alter existing merger conditions or impose new ones, and that the merger benefit projections

accepted by the Board are being realized in a timely fashion. Parties will be given the opportunity to comment on applicants' submissions, and applicants will be given the opportunity to reply to the parties' comments. During the oversight period, the Board will retain jurisdiction to impose any additional conditions it determines are necessary to remedy or offset adverse consequences of the underlying transaction.

(h) *Service assurance and operational monitoring.* (1) The quality of service is of vital importance. Accordingly, applicants must file, with their initial application and operating plan, a Service Assurance Plan identifying the precise steps they would take to ensure adequate service and to provide for improved service. This plan must include the specific information set forth at § 1180.10 on how shippers, connecting railroads (including Class II and III carriers), and ports across the new system would be affected and benefitted by the proposed consolidation. As part of this plan, applicants will be required to provide service benchmarks, describe the extent to which they have entered into any arrangements with shippers and shipper groups to compensate for service failures, and establish contingency plans that would be available to mitigate any unanticipated service disruption.

(2) The Board will conduct significant post-approval operational monitoring to help ensure that service levels after a merger are reasonable and adequate.

(3) The Board also will require applicants to establish problem resolution teams and specific procedures for problem resolution to ensure that any unanticipated post-merger problems related to service or any other transportation matters, including claims, are promptly addressed. These teams should include representatives of all appropriate employee categories. Also, the Board envisions the establishment of a Service Council made up of shippers, railroads, passenger service representatives, ports, rail labor, and other interested parties to provide an ongoing forum for the discussion of implementation issues.

(4) *Loss and damage claims handling.* Shippers or shortlines who have freight

claims under 49 CFR part 1005 during merger implementation shall file such claims, in writing or electronically, with the merged carrier. The claimant shall provide supporting documentation regarding the effect on the claimant, and the specific damages (in a determinable amount) incurred. Pursuant to 49 CFR part 1005, the merged carrier shall acknowledge each claim within 30 days and successively number each claim. Within 120 days of carrier receipt of the claim, the merged carrier shall respond to each claim by paying, declining, or offering a compromise settlement. The Board will take notice of these claims and their disposition as a matter of oversight. During each annual oversight period, the merged carrier shall report on claims received, their type, and their disposition for each quarterly period covered by oversight. While shippers and shortlines may also contract with the applicants for specific remedies with respect to claims, final adjudication of contract issues as well as unresolved claims will remain a matter for the courts.

(5) *Service failure claims.* Applicants must suggest a protocol for handling claims related to failure to provide reasonable service due to merger implementation problems. Commitments to submit all such claims to arbitration will be favored.

(6) *Alternative rail service.* Where shippers and connecting railroads require relief from extended periods of inadequate service, the procedures at 49 CFR parts 1146 and 1147 are available for the Board to review the documented service levels and to consider shipper proposals for alternative service relief when other avenues of relief have already been explored with the merged carrier in an effort to restore adequate service.

(i) *Cumulative impacts and crossover effects.* Because there are so few remaining Class I carriers and the railroad industry constitutes a network of competing and complementary components, the Board cannot evaluate the merits of a major transaction in isolation. The Board must also consider the cumulative impacts and crossover effects likely to occur as rival carriers react to the proposed combination. The Board expects applicants to explain

how additional Class I mergers would affect the eventual structure of the industry and the public interest. Applicants should generally discuss the likely impact of such future mergers on the anticipated public benefits of their own merger proposal. Applicants will be expected to discuss whether and how the type or extent of any conditions imposed on their proposed merger would have to be altered, or any new conditions imposed, should we approve any future consolidation(s).

(j) *Inclusion of other carriers.* The Board will consider requiring inclusion of another carrier as a condition to approval only where there is no other reasonable alternative for providing essential services, the facilities fit operationally into the new system, and inclusion can be accomplished without endangering the operational or financial success of the new company.

(k) *Transnational and other informational issues.* (1) All applicants must submit “full system” competitive analyses and operating plans—incorporating any operations in Canada or Mexico—from which we can determine the competitive, service, employee, safety, and environmental impacts of the prospective operations within the United States, and explain how cooperation with the Federal Railroad Administration would be maintained to address potential impacts on operations within the United States of operations or events elsewhere on their systems. All applicants must further provide information concerning any restrictions or preferences under foreign or domestic law and policies that could affect their commercial decisions. Applicants must also address how any ownership restrictions might affect our public interest assessment.

(2) The Board will consult with relevant officials, as appropriate, to ensure that any conditions it imposes on an approved transaction are consistent with the North American Free Trade Agreement and other pertinent international agreements to which the United States is a party. In addition, the Board will cooperate with those Canadian and Mexican agencies charged with approval and oversight of a proposed transnational railroad combination.

(l) *National defense.* Rail mergers must not detract from the ability of the United States military to rely on rail transportation to meet the nation’s defense needs. Applicants must discuss and assess the national defense ramifications of their proposed merger.

(m) *Public participation.* To ensure a fully developed record on the effects of a proposed railroad consolidation, the Board encourages public participation from federal, state, and local government departments and agencies; affected shippers, carriers, and rail labor; and other interested parties.

§ 1180.2 Types of transactions.

Transactions proposed under 49 U.S.C. 11323 involving more than one common carrier by railroad are of four types: *Major*, *significant*, *minor*, and *exempt*.

(a) A *major* transaction is a control or merger involving two or more class I railroads.

(b) A *significant* transaction is a transaction not involving the control or merger of two or more class I railroads that is of regional or national transportation significance as that phrase is used in 49 U.S.C. 11325(a)(2) and (c). A transaction not involving the control or merger of two or more class I railroads is not significant if a determination can be made either:

(1) That the transaction clearly will not have any anticompetitive effects, or

(2) That any anticompetitive effects of the transaction will clearly be outweighed by the transaction’s anticipated contribution to the public interest in meeting significant transportation needs.

A transaction not involving the control or merger of two or more class I railroads is significant if neither such determination can clearly be made.

(c) A *minor* transaction is one which involves more than one railroad and which is not a *major*, *significant*, or *exempt* transaction.

(d) A transaction is exempt if it is within one of the eight categories described in paragraphs (d)(1) through (8). The Board has found that its prior review and approval of these transactions

Surface Transportation Board

§ 1180.3

is not necessary to carry out the rail transportation policy of 49 U.S.C. 10101; and is of limited scope or unnecessary to protect shippers from market abuse. See 49 U.S.C. 10502. A notice must be filed to use one of these class exemptions. The procedures are set out in § 1180.4(g). These class exemptions do not relieve a carrier of its statutory obligation to protect the interests of employees. See 49 U.S.C. 10502(g) and 11326. The enumeration of the following categories of transactions as exempt does not preclude a carrier from seeking an exemption of specific transactions not falling into these categories.

(1) Acquisition of a line of railroad which would not constitute a major market extension where the Board has found that the public convenience and necessity permit abandonment.

(2) Acquisition or continuance in control of a nonconnecting carrier or one of its lines where (i) the railroads would not connect with each other or any railroads in their corporate family, (ii) the acquisition or continuance in control is not part of a series of anticipated transactions that would connect the railroads with each other or any railroad in their corporate family, and (iii) the transaction does not involve a class I carrier.

(3) Transactions within a corporate family that do not result in adverse changes in service levels, significant operational changes, or a change in the competitive balance with carriers outside the corporate family.

(4) Renewal of leases and any other matters where the Board has previously authorized the transaction, and only an extension in time is involved.

(5) Joint projects involving the relocation of a line of railroad which does not disrupt service to shippers.

(6) Reincorporation in a different State.

(7) Acquisition of trackage rights and renewal of trackage rights by a rail carrier over lines owned or operated by any other rail carrier or carriers that are: (i) based on written agreements, and (ii) not filed or sought in responsive applications in rail consolidation proceedings.

(8) Acquisition of temporary trackage rights by a rail carrier over lines

owned or operated by any other rail carrier or carriers that are: (i) based on written agreements, (ii) not filed or sought in responsive applications in rail consolidation proceedings, (iii) for overhead operations only, and (iv) scheduled to expire on a specific date not to exceed 1 year from the effective date of the exemption. If the operations contemplated by the exemption will not be concluded within the 1-year period, the parties may, prior to expiration of the period, file a request for a renewal of the temporary rights for an additional period of up to 1 year, including the reason(s) therefor. Rail carriers acquiring temporary trackage rights need not seek authority from the Board to discontinue the trackage rights as of the expiration date specified under 49 CFR 1180.4(g)(2)(iii). All transactions under these rules will be subject to applicable statutory labor protective conditions.

§ 1180.3 Definitions.

(a) *Applicant*. The term *applicant* means the parties initiating a transaction, but does not include a wholly owned direct or indirect subsidiary of an applicant if that subsidiary is not a rail carrier. Parties who are considered applicants, but for whom the information normally required of an applicant need *not* be submitted, are:

(1) In *minor* trackage rights applications, the transferor and

(2) In responsive applications, a primary applicant.

(b) *Applicant carriers*. The term *applicant carriers* means: any applicant that is a rail carrier; any rail carrier operating in the United States, Canada, and/or Mexico in which an applicant holds a controlling interest; and all other rail carriers involved in the transaction. Because the service provided by these commonly controlled carriers can be an important competitive aspect of the transactions that we approve, applicant carriers are subject to the full range of our conditioning power. Carriers that are involved in an

application only by virtue of an existing trackage rights agreement with applicants are not applicant carriers.

(c) *Major market extension.* A major market extension is a transaction which may significantly increase competition by extending service into a new market, expanding service in a currently served market when another carrier concurrently contracts its service to that market as part of the same transaction, or providing significantly more efficient and effective competitive service to a market presently being served. Criteria which can be used to determine if a railroad is proposing to provide a more competitive service to a currently served area include: (1) Creating a shorter route; (2) providing enhanced service capabilities (speed is not the only factor); (3) entering an interchange or market generating more than 5,000 cars per year or 5 percent of applicant's traffic; (4) filing the application as a condition of relief to a pending proceeding; and (5) permitting a carrier to become more competitive (extending its length of haul) See. *Burlington Northern, Inc.—Control & Merger—St. L.*, 354 I.C.C. 616, 617 (1978).

(d) *Petition for clarification.* A request that the Board clarify the applicability of any part of these regulations to a particular situation or explain the type of material needed to comply with these regulations.

(e) *Petition for waiver.* A request that the Board either dispense with material required by the regulations, or accept material in place of that required by these regulations.

(f) *Primary application.* A proposal for approval filed under 49 U.S.C. 11323 which begins a new proceeding and is not proposed either as a condition to or as an alternative to Board approval of another pending application.

(g) *Railroad.* Any common carrier by railroad as defined in 49 U.S.C. 10102(5)–(6).

(h) *Responsive applications.* Applications filed in response to a primary application are those seeking affirmative relief either as a condition to or in lieu of the approval of the primary application. Responsive applications include inconsistent applications, inclusion applications, and any other affirmative

relief that requires an application, petition, notice, or any other filing to be submitted to the Board (such as trackage rights, purchases, constructions, operation, pooling, terminal operations, abandonments, and other types of proceedings not otherwise covered). For fees covering inconsistent applications or responsive applications not otherwise covered in the Board's fee schedule, see 49 CFR 1002.2(f) (38)–(41) and 1180.4(d)(2). The fees for all other responsive applications are set forth in 49 CFR 1002.2(f).

(i) *Transferee.* The transferee is:

(1) The acquiring corporation in a control proceeding,

(2) The surviving corporation in a merger,

(3) The resulting corporation in a consolidation,

(4) The lessee in a lease,

(5) The purchaser in an acquisition, and

(6) The grantee of trackage rights in a trackage rights proceeding.

(j) *Transferor.* The transferor is:

(1) The corporation acquired in a control proceeding,

(2) The merging corporation in a merger,

(3) All corporations to be consolidated in a consolidation,

(4) The lessor in a lease,

(5) The seller in an acquisition, and

(6) The grantor of trackage rights in a trackage rights proceeding.

§ 1180.4 Procedures.

(a) *General.* (1) The original and 25 copies of all documents shall be filed in *major* proceedings. The original and 10 copies shall be filed in *significant* and *minor* proceedings.

(2) Each party to a proceeding shall choose a unique acronym of four letters or less for itself. It shall number each document filed in the proceeding consecutively, prefixed by its acronym.

(3) Any document filed with the Board (including applications, pleadings, etc.) shall be promptly furnished to interested persons on request, unless subject to a protective order. At any

Surface Transportation Board

§ 1180.4

time, the Board may require the submission of additional copies of any document previously filed by any party to the proceeding.

(b) *Prefiling notification.* (1) Between 3 to 6 months prior to the proposed filing of an application in a *major* transaction, and 2 to 4 months prior to the proposed filing of an application in a *significant* transaction, applicant shall file a notice with the Board. The notice shall:

- (i) Briefly describe the transaction,
- (ii) Indicate the year to be used for the impact analysis,
- (iii) Indicate the approximate filing date of the application, and
- (iv) Indicate why the transaction is *major* or *significant*.

(2) The Board will publish a notice in the FEDERAL REGISTER within 30 days of receipt of the applicant's notice. The publication shall contain:

- (i) A brief description of the transaction,
- (ii) The year to be used for the impact analysis,
- (iii) The approximate filing date,
- (iv) A determination that the transaction is *major*, *significant*, or *minor*, and
- (v) A statement of any additional information which must be filed with the application in order for the application to be considered complete.

(3) A prefiling notice may be amended to indicate a change in the anticipated filing date.

(4) *Prefiling notification.* When filing the notice of intent required by paragraph (b)(1) of this section, applicants also must file:

(i) *A proposed procedural schedule.* In any proceeding involving either a major transaction or a significant transaction, the Board will publish a FEDERAL REGISTER notice soliciting comments on the proposed procedural schedule, and will, after review of any comments filed in response, issue a procedural schedule governing the course of the proceeding.

(ii) *A proposed draft protective order.* The Board will issue, in each proceeding in which such an order is requested, an appropriate protective order.

(iii) *A statement of waybill availability for major transactions.* Applicants must

indicate, as soon as practicable after the issuance of a protective order, that they will make their 100% traffic tapes available (subject to the terms of the protective order) to any interested party on written request. The applicants may require that, if the requesting party is itself a railroad, applicants will make their 100% traffic tapes available to that party only if it agrees, in its written request, to make its own 100% traffic tapes available to applicants (subject to the terms of the protective order) when it receives access to applicants' tapes.

(iv) Applicants may also propose the use of a voting trust at this stage, or at a later stage, if that becomes necessary. In each proceeding involving a major transaction, applicants contemplating the use of a voting trust must explain how the trust would insulate them from an unlawful control violation and why their proposed use of the trust, in the context of their impending control application, would be consistent with the public interest. Following a brief period of public comment and replies by applicants, the Board will issue a decision determining whether applicants may establish and use the trust.

(c) *Application.* (1) The fees for filing applications, petitions, or notices under these procedures are set forth in 49 CFR 1002.2.

(2) *Filing requirements.* (i) The original of all applications shall be signed in ink by the applicant, if an individual; by all partners, if a partnership; and if a corporation, association, or other similar form of organization, by its president, or such other executive officer having knowledge of the matters therein contained and duly designated for that purpose by the applicant. Applications shall be made under oath and shall contain an appropriate certification (if a corporation, by its secretary) showing that the affiant is duly authorized to verify and file the application. Any person controlling an applicant shall also sign the application.

(ii) The application shall be filed with Chief, Section of Administration, Office of Proceedings, Surface Transportation Board, Washington, DC 20423-0001.

(iii) Each copy of the application shall conform in all respects to the original and shall be complete in itself except that the signature in the copies may be stamped or typed and the notarial seal may be omitted. In like manner, where certified copies of documents are filed with the application, conformed copies thereof, showing certification in stamped or typewritten form, will be sufficient to accompany the additional copies of the application.

(iv) All applications required to be filed with the Board or served on designated persons shall include all exhibits, except as otherwise specifically noted. Information from other documents may be incorporated by reference in the application. However, the documents must have been filed with the Board within three years prior to filing of the application, the information must be up to date, and applicant must be prepared to supply copies of this information to interested persons on specific request.

(v) The applicant shall submit such additional information to support its application as the Board may require.

(vi) Applicant shall file concurrently all directly related applications, *e.g.*, those seeking authority to construct or abandon rail lines, obtain terminal operations, acquire trackage rights, etc.

(vii) The application shall contain a certificate of service indicating that all persons designated in § 1180.4(c)(5) have been served with a copy of the application.

(3) In a *major* or *significant* transaction, and in all responsive applications, all of the direct testimony of applicants, in the form of verified statements, shall be filed and served with each application.

(4) The application and all exhibits shall be considered part of the evidentiary record upon acceptance. Any portion of an application and exhibits will remain subject to motions to strike. However, no motion need be made to have the application and exhibits admitted to the evidentiary record. If a *major* or *significant* transaction is designated for oral hearing the presiding Administrative Law Judge shall have discretion in extraordinary circumstances to allow for the

presentation of oral or written direct testimony not previously submitted with the application.

(5) Service. The applicant shall serve a conformed copy of an application filed under these procedures by first-class mail upon:

(i) The Governor (or Executive Officer), Public Service Commission, and the Department of Transportation of each State in which any part of the properties of the applicant carriers involved in the proposed transaction is situated;

(ii) The Secretary of the United States Department of Transportation (Office of Chief Counsel, Federal Railroad Administration, 1200 New Jersey Avenue SE, Washington, DC 20590.

(iii) The Attorney General of the United States;

(iv) The Federal Trade Commission; and

(v) In *major* or *significant* transactions, all persons requesting a copy after the prefiling notice is published in the FEDERAL REGISTER.

(6) *Application format.* (i) The application shall be in the same sequence as the information is requested in these procedures, and shall be numbered to correspond to the numbering in the procedures.

(ii) If any material required in the application would lend itself to being placed in an appendix, this should be done. The appendix and application shall be tabulated and cross-referenced in an index for ease in locating and referring to the information. The appendixes shall be in the same sequence as the information required by these procedures. If certain information required in the application is not applicable, provide an explanation. The application should be bound, and it may be bound in more than one volume. If an application is more than one volume, the cover of each volume should be in a different color. The pages in each volume shall begin with 1, and be sequentially numbered.

(iii) The Board's Office of Proceedings will provide informal opinions and interpretations, which are not binding on the Board, regarding the format of or information to be included in the application.

Surface Transportation Board

§ 1180.4

(iv) All filing, service, or other requirements of these procedures must be complied with when filing the application. Copies of the application filed with the Board shall be marked in red "Railroad Consolidation Application" on the transmittal envelope or package.

(v) The application shall conform to the typographical specifications of § 1104.2.

(vi) The information and data required of any applicant may be consolidated with the information and data required of the affiliated applicant carriers.

(7) Acceptance or rejection of an application.

(i) The Board shall accept a complete application no later than 30 days after the application is filed with the Board by publishing a notice in the FEDERAL REGISTER. A complete application contains all information for all applicant carriers required by these procedures, except as modified by advance waiver. The publication shall indicate the applicable time limits for processing the application. (These are the time limits of 49 U.S.C. 11325(b) for a *major* transaction, 49 U.S.C. 11325(c) for a *significant* transaction, and 49 U.S.C. 11325(d) for a *minor* transaction.)

(ii) The Board shall reject an incomplete application by serving a decision no later than 30 days after the application is filed with the Board. The decision shall explain specifically why the application was incomplete. A revised application may be submitted, incorporating portions of the prior application by reference. The resubmission or refiling of an application shall be considered a *de novo* filing for the purpose of computation of the time periods, provided that the resubmitted application is accepted as complete.

(8) The application must present a *prima facie* case. Applicants can fail to meet their burden of proof and thus not present a *prima facie* case either by (i) disclosing facts that, even if construed in their most favorable light, are insufficient to support a finding that the proposal is consistent with the public interest, or by (ii) disclosing facts that affirmatively demonstrate that the proposal is not in the public interest.

See *Railroad Consolidation Procedures*, 363 I.C.C. 767 (1980).

(d) *Responsive applications*. (1) No responsive applications shall be permitted to minor transactions.

(2) An inconsistent application will be classified as a major, significant, or minor transaction as provided in § 1180.2(a) through (c). The fee for an inconsistent application will be the fee for the type of transaction involved. See 49 CFR 1002.2(f)(38) through (41). The fee for any other type of responsive application is the fee for the particular type of proceeding set forth in 49 CFR 1002.2(f).

(3) Each responsive application filed and accepted for consideration will automatically be consolidated with the primary application for consideration.

(e) *Evidentiary proceeding*. (1) The Board may order an oral public hearing, a hearing by written submissions, or another kind of evidentiary proceeding. The determination will generally be made on the basis of the needs indicated by the written comments.

(2) The evidentiary proceeding will be completed:

(i) Within 1 year after the primary application is accepted for a *major* transaction;

(ii) Within 180 days for a *significant* transaction; and

(iii) Within 105 days for a *minor* transaction.

(3) A final decision on the primary application and on all consolidated cases will be issued:

(i) Within 90 days after the conclusion of the evidentiary proceeding for a *major* transaction;

(ii) Within 90 days for a *significant* transaction; and

(iii) Within 45 days for a *minor* transaction.

(4) The Secretary of Transportation may propose modifications to any transaction and shall have standing to appear before the Board in support of any such proposed modification.

(f) *Waiver or clarification*. (1) Upon petition of a prospective applicant, the Board may waive or clarify a portion of these procedures. A petition to waive all of the procedures will not be entertained.

§ 1180.4

49 CFR Ch. X (10–1–21 Edition)

(2) Except as otherwise provided in the procedural schedule adopted by the Board in any particular proceeding, petitions for waiver or clarification must be filed at least 45 days before the application is filed.

(3) No replies to a petition for waiver will be permitted, except where a proceeding involving the same parties and a related transaction is pending before us.¹ When a reply is permitted, the petition shall be served by first-class mail on all parties to the pending proceedings, with a reply due within 10 days of service. Replies to a petition for clarification shall be permitted within 10 days of the petition's filing.

(4) A waiver or clarification granted to any applicant in a proceeding shall apply to any other party to the proceeding unless otherwise indicated.

(5) All petitions for waiver or clarification must specify the sections for which waiver or clarification is sought and give the specific reasons why each waiver or clarification is necessary.

(g) *Notice of exemption.* (1) To qualify for an exemption under section 1180.2(d), a railroad must file a verified notice of the transaction with the Board at least 30 days before the transaction is consummated indicating the proposed consummation date. Before a notice is filed, the railroad shall obtain a docket number from the Board's Section of Administration, Office of Proceedings.

(i) The notice shall contain the information required in §1180.6(a)(1)(i)–(iii), (a)(5)–(6), and (a)(7)(ii), and indicate the level of labor protection to be imposed.

(ii) The Board shall publish a notice in the FEDERAL REGISTER within 16 days of the filing of the notice of exemption. The publication will indicate the labor protection required. If the notice of exemption contains false or misleading information which is brought to the Board's attention, the Board shall summarily revoke the exemption for that carrier and require divestiture.

(iii) The filing of a petition to revoke under 49 U.S.C. 10502(d) does not stay

the effectiveness of an exemption. Stay petitions must be filed at least 7 days before the exemption becomes effective.

(iv) Other exemptions that may be relevant to a proposal under this provision are codified at 49 CFR part 1150, subpart D, which governs transactions under 49 U.S.C. 10901.

(2)(i) To qualify for an exemption under §1180.2(d)(7) (acquisition or renewal of trackage rights agreements), in addition to the notice, the railroad must file a caption summary suitable for publication in the FEDERAL REGISTER. The caption summary must be in the following form:

(3) Some transactions may be subject to environmental review pursuant to the Board’s environmental rules at 49 CFR part 1105.

(4) *Transactions imposing interchange commitments.* (i) The filing party must certify whether or not a proposed acquisition or operation of a rail line involves a provision or agreement that may limit future interchange with a third-party connecting carrier, whether by outright prohibition, per-car penalty, adjustment in the purchase price or rental, positive economic inducement, or other means (“interchange commitment”). If such a provision or agreement exists, the following additional information must be provided (the information in paragraphs (g)(4)(i)(B), (D), and (G) of this section may be filed with the Board under 49 CFR 1104.14(a) and will be kept confidential without need for the filing of an accompanying motion for a protective order under 49 CFR 1104.14(b)):

(A) The existence of that provision or agreement and identification of the affected interchange points; and

(B) A confidential, complete version of the document(s) containing or addressing that provision or agreement;

(C) A list of shippers that currently use or have used the line in question within the last two years;

(ii) To obtain information about an interchange commitment for use in a proceeding before the Board, a shipper or other affected party may be granted access to the confidential documents filed pursuant to §1180.4(g)(4)(i) of this section by filing, and serving upon the petitioner, a “Motion for Access to Confidential Documents,” containing:

(A) An explanation of the party’s need for the information; and

(B) An appropriate draft protective order and confidentiality undertaking(s) that will ensure that the documents are kept confidential.

(iii) *Deadlines.* (A) Replies to a Motion for Access are due within 5 days after the motion is filed.

(B) The Board will rule on a Motion for Access within 30 days after the motion is filed.

(C) Parties must produce the relevant documents within 5 days of receipt of a Board approved, signed confidentiality agreement.

(h) *Official notice.* In connection with any application or request for relief under these procedures, the Board may take official notice of any or all of the following information. These data will be presumed valid unless discredited by

§ 1180.5

For each company: include a statement indicating whether that company is a non-carrier or a carrier; and identify every officer and/or director of that company who is also an officer and/or director of any other company that is part of a different corporate family that includes a rail carrier. Such information may be referenced through notes to the chart.

(7) If applicant is not a carrier, indicate (i) the type of business in which it is engaged, (ii) the length of time so

engaged, and (iii) its present and prospective activities which have or may have a relation to transportation subject to 49 U.S.C. Subtitle IV.

(8) *Intercorporate or financial relationships*. Indicate the nature and extent of any such relationships, and, if an applicant owns securities of a carrier subject to 49 U.S.C. Subtitle IV, provide the carrier's name, a description of securities, the par value of each class of securities held, and the applicant's percentage of total ownership. (10) *Conditions to mitigate and offset merger-related harms*. Applicants are expected to propose measures to mitigate and offset merger-related harms. These conditions should not simply preserve, but also enhance, competition.

(i) Applicants must explain how they would preserve competitive options for

Surface Transportation Board

§ 1180.7

shippers and for Class II and III rail carriers. At a minimum, applicants must explain how they would preserve the use of major existing gateways, the potential for build-outs or build-ins, and the opportunity to enter into contracts for one segment of a movement as a means of gaining the right separately to pursue rate relief for the remainder of the movement.

(ii) Applicants should explain how the transaction and conditions they propose would enhance competition and improve service.

(11) *Calculating public benefits.* Applicants must enumerate and, where possible, quantify the net public benefits their merger would generate (if approved). In making this estimate, applicants should identify the benefits that would arise from service improvements, enhanced competition, cost savings, and other merger-related public interest benefits, and should discuss whether the particular benefits they are relying upon could be achieved short of merger. Applicants must also identify, discuss, and, where possible, quantify the likely negative effects approval would entail, such as losses of competition, potential for service disruption, and other merger-related harms. In addition, applicants must suggest additional measures that the Board might take if it approves the application and the anticipated public benefits identified by applicants fail to materialize in a timely manner.

(12) *Downstream merger applications.*

(i) Applicants should anticipate whether additional Class I mergers are likely to be proposed in response to their own proposal and explain how, taken together, these mergers, if approved, could affect the eventual structure of the industry and the public interest.

(ii) Applicants are expected to discuss whether any conditions imposed on an approval of their proposed merger would have to be altered, or any new conditions imposed, if the Board should approve additional future rail mergers.

(13) *Purpose of the proposed transaction.* The purpose sought to be accomplished by the proposed transaction, such as improving service, enhancing competition, strengthening the nation's transportation infrastruc-

ture, creating operating economies, and ensuring financial viability.

(c) In a *significant* transaction, submit the information specified in paragraphs (b)(3), (b)(5), (b)(6), (b)(7), and (b)(8) of this section.

§ 1180.7 Market analyses.

(a) For *major* and *significant* transactions, applicants shall submit impact analyses (exhibit 12) describing the impacts of the proposed transaction—both adverse and beneficial—on inter- and intramodal competition with respect to freight surface transportation in the regions affected and on the provision of essential services by applicants and other carriers. An impact analysis should include underlying data, a study of the implications of those data, and a description of the resulting likely effects of the proposed transaction on the transportation alternatives that would be available to the shipping public. Each aspect of the analysis should specifically address significant impacts as they relate to the applicable statutory criteria (49 U.S.C. 11324(b) or (d)), essential services, and competition. Applicants must identify and address relevant markets and issues, and provide additional information as requested by the Board on markets and issues that warrant further study. Applicants (and any other party submitting analyses) must demonstrate both the relevance of the markets and issues analyzed and the validity of their methodology. All underlying assumptions must be clearly stated. Analyses should reflect the consolidated company's marketing plan and existing and potential competitive alternatives (inter- as well as intramodal). They can address: city pairs, interregional movements, movements through a point, or other factors; a particular commodity, group of commodities, or other commodity factor that would be significantly affected by the transaction; or other effects of

the transaction (such as on a particular type of service offered).

(b) For *major* transactions, applicants shall submit “full system” impact analyses (incorporating any operations in Canada or Mexico) from which they must demonstrate the impacts of the transaction—both adverse and beneficial—on competition within regions of the United States and this nation as a whole (including inter- and intramodal competition, product competition, and geographic competition) and the provision of essential services (including freight, passenger, and commuter) by applicants and other network links (including Class II and Class III rail carriers and ports). Applicants’ impact analyses must at least provide the following types of information:

(1) The anticipated effects of the transaction on traffic patterns, market concentrations, and/or transportation alternatives available to the shipping public. Consistent with § 1180.6(b)(10), these would incorporate a detailed examination of any competition-enhancing aspects of the transaction and of the specific measures proposed by applicants to preserve existing levels of competition and essential services;

(2) Actual and projected market shares of originated and terminated traffic by railroad for each major point on the combined system. Applicants may define points as individual stations or as larger areas (such as Bureau of Economic Analysis statistical areas or U.S. Department of Agriculture Crop Reporting Districts) as relevant and indicate the extent of switching access and availability of terminal belt railroads. Applicants should list points where the number of serving railroads would drop from two to one and from three to two, respectively, as a result of the proposed transaction (both before and after applying proposed remedies for competitive harm);

(3) Actual and projected market shares of revenues and traffic volumes for major interregional or corridor flows by major commodity group. Origin/destination areas should be defined at relevant levels of aggregation for the commodity group in question. The data should be broken down by mode and (for the railroad portion) by single-

line and interline routings (showing gateways used);

(4) For each major commodity group, an analysis of traffic flows indicating patterns of geographic competition or product competition across different railroad systems, showing actual and projected revenues and traffic volumes;

(5) Maps and other graphic displays where helpful in illustrating the analyses in this section;

(6) An explicit delineation of the projected impacts of the transaction on the ability of various network links (including Class II and Class III rail carriers and ports) to participate in the competitive process and to sustain essential services; and

(7) Supporting data for the analyses in this section, such as the basis for projections of changes in traffic patterns, including shipper surveys and econometric or other statistical analyses. If not made part of the application, applicants shall make these data available in a repository for inspection by other parties or otherwise supply these data on request, for example, electronically. Access to confidential information will be subject to protective order. For information drawn from publicly available published sources, detailed citations will suffice.

(8) If necessary, an explanation as to how the lack of reliable and consistent data has limited applicants’ ability to satisfy any of the requirements in this paragraph (b).

(c) For *significant* transactions, specific regulations on impact analyses are not provided so that the parties will have the greatest leeway to develop the best evidence on the impacts of each individual transaction. As a general guideline, applicants shall provide supporting data that may (but need not) include: current and projected traffic flows; data underlying sales forecasts or marketing goals; interchange data; market share analysis; and/or shipper surveys. *It is important to note that these types of studies are neither limiting nor all-inclusive.* The parties must provide supporting data, but are free to choose the type(s) and format. If not made part of the application, applicants shall make these data available in a repository for inspection by other parties or otherwise supply

§ 1180.8 Operational data.

(a) Applications for *major* transactions must include a full-system operating plan—incorporating any prospective operations in Canada and Mexico—from which they must demonstrate how the proposed transaction would affect operations within regions of the United States and on a nationwide basis. As part of the environmental review process, applicants shall submit:

(1) A Safety Integration Plan, prepared in consultation with the Federal Railroad Administration, to ensure that safe operations would be maintained throughout the merger implementation process.

(2) Information on what measures they plan to take to address potentially blocked crossings as a result of merger-related changes in operations or increases in rail traffic.

(b) For *major* and *significant* transactions: Operating plan (exhibit 13). Submit a summary of the proposed operating plan changes, based on the impact analyses, that will result from the transaction, and their anticipated timing, allowing for any time required to complete rehabilitation, upgrading, yard construction, or other major operational changes following consummation of the proposed transaction. The plan should make clear the gains in service, operating efficiencies, and other benefits anticipated from the merger. The plan should include:

(1) The patterns of service on the properties, including the proposed principal routes, proposed consolidations of main-line operations, and the anticipated traffic density and general categories of traffic (including numbers of trains) on all main and secondary lines in the system. Identify all yards expected to have an increase in activity greater than 20 percent. Changes in operations may be summarized in a *pro forma* density chart.

(2) If commuter or other passenger services are operated over the lines of applicant carriers, detail any impacts anticipated on such services, including delays which may be occasioned because a line is scheduled to handle increased traffic due to route consolidations.

(3) The anticipated equipment requirements of the proposed system, including locomotives, rolling stock by type, and maintenance-of-way equipment; plans for acquisition and retirement of equipment; projected improvements in equipment utilization and their relation to operating changes; and how these will lead to the financial and service benefits described in the summary.

(4) A description of the effect of any deferred maintenance or delayed capital improvements on any road or equipment properties involved, the schedule for eliminating such deferrals, details of general system rehabilitation including rehabilitation relating to the transaction (including proposed yard and terminal modifications), and how these activities will lead to the service improvements or operating economies anticipated from the transaction.

(5) Density charts (exhibit 14). Gross ton-mile traffic density charts shall be filed for applicant carriers containing a map geographically showing those lines handling 1 million gross ton-miles per mile road or more per year and respective densities, expressed in gross ton-miles per year, in each direction, in segments of such lines between major freight yards and terminals, including major intramodal and intermodal interchange points, using the corporate or political subdivision name of the points shown as well as the railroad station name. The mileage of each segment of line shall be provided, and should be shown on the chart. Data shown in the density chart shall be for the latest available full calendar year preceding the filing of the application. At applicants' option data may be shown on the density chart or an explanatory list.

(1) Traffic level density on lines proposed for joint operations.

§ 1180.9 Financial information.

The following information shall be provided for *major* transactions, and for carriers shall conform to the Board's Uniform System of Accounts, 49 CFR part 1201:

(a) *Pro forma* balance sheet (exhibit 16). Where the transaction involves a proceeding other than a control, a *pro forma* balance sheet statement giving effect to the proposed transaction commencing for the first year of the Impact Analysis in exhibit 12. The data shall be presented in columnar form showing:

(1) In the *first* column, the balance sheet of transferee on a corporate entity basis,

(2) In the *second* column, a balance sheet of transferor, on a corporate entity basis,

(3) In the *third* column, *pro forma* adjustments and eliminations; and

(4) In the *fourth* column, transferee's balance sheet giving effect to consumation of the proposed transaction.⁴

⁴Where the purchase of a line or line segment is involved, a procedure utilizing three columns should be followed. The *first* column should show transferee's actual balance sheet on a corporate entity basis for the latest available 12-month period, the *second* column should show the adjustments necessitated by the purchase, and the *third* is a compilation of the first two columns into a *pro forma* balance sheet.

The transferor shall file a balance sheet similar to the one filed by the transferee,

Each adjustment and elimination shall be properly footnoted and fully explained. A *pro forma balance sheet* shall be submitted for the number of years following consummation necessary to effect the operating plan.

(b) *Pro forma* income statement (exhibit 17). Where the transaction involves a proceeding other than a control, submit a *pro forma* income statement showing transferee's estimate of revenues, expenses, and net income for at least each of the 3 years following consummation of the transaction.⁵ The *pro forma* data shall be presented in columnar form, showing

(1) in the *first* column, transferee's actual income statement on a corporate entity basis for the year indicated in the impact analysis in exhibit 12;

(2) in the *second* column, a similar income statement for the transferor;

(3) in the *third* column, forecasted adjustments to the combined revenues, expenses, and net income to reflect increases or decreases anticipated under the unified operations, and

(4) in the *fourth* column, a compilation of the first three columns into a *pro forma* income statement.⁶

with the *second* column reflecting the adjustments resulting from the sale.

If the parent company (if any) of the transferee or transferor is affected, a similar balance sheet shall be filed for each.

All adjustments to these balance sheets shall be supported in footnotes to the appropriate balance sheet.

⁵If the operating plan requires more than 3 years to be put into effect, the *pro forma* income statement shall be prepared for as many years as necessary to implement fully the operating plan.

⁶Where the purchase of a line or line segment is involved, a procedure utilizing three columns should be followed. The *first* column should show transferee's actual income statement on a corporate entity basis for the latest available 12-month period, the *second* column should show the adjustment necessitated by the purchase, and the *third* column is a compilation of the first two columns into a *pro forma* income statement.

The transferor shall file an income statement similar to the one filed by the transferee, with the second column reflecting the adjustments resulting from the sale.

If the parent company (if any) of the transferor or transferee is affected, a similar statement shall be filed for each.

Surface Transportation Board

§ 1180.10

The adjustments are to be supported by a statement explaining the basis used in determining the estimated changes in revenues, expenses, and net income appearing in the *third* column. Additionally, if the major financial advantages to be derived from the proposed transaction will not occur within 3 years after consummation, then applicant shall furnish additional information to reflect the number of years within which the financial advantages will be realized. The basis for all such data furnished shall be fully explained and supported.

(c) Sources and application of funds (exhibit 18). Transferor's and transferee's statement of sources and application of funds for the current year, and a forecast⁷ of sources and application of funds for each carrier (if a merger or consolidation, the surviving or resulting corporation) for the year following consummation of the proposed transaction, and the years necessary to effectuate the operating plan.⁸ The form and content of these statements should be constructed in accordance with the schedule: "Statement of Changes in Financial Position" required in the most recently filed Annual Report R-1 for Class I railroads.

(d) Property encumbrance (exhibit 19). If any of the property covered by the application is encumbered and applicant has agreed to assume obligation or liability in respect thereof, submit:

(1) A description of the property encumbered.

(2) Amount of encumbrance and full description thereof, including maturity, interest rate, and other terms and conditions.

(3) Amount of encumbrance assumed or to be assumed by applicant.

All adjustments to these income statements shall be supported in footnotes to the appropriate income statements.

⁷The forecast should reflect only changes anticipated to result from the proposed transaction. Forecasts are not required to reflect general economic conditions unrelated to the proposed transaction.

⁸The *pro forma* balance sheets (exhibit 16), *pro forma* income statements (exhibit 17), and sources and application of funds (exhibit 18) shall cover the same years.

(e) The Board will incorporate by reference the current balance sheets and income statements of Class I railroads which are on file with the Board. Class II and Class III railroads, and non-carrier entities shall submit balance sheets (exhibit 20) and income statements (exhibit 21) covering a period ending within 6 months before the application is filed.

§ 1180.10 Service assurance plans.

For *major* transactions: Applicants must submit a Service Assurance Plan, which, in concert with the operating plan requirements, identifies the precise steps to be taken by applicants to ensure that projected service levels would be attainable and that key elements of the operating plan would improve service. The plan shall describe with reasonable precision how operating plan efficiencies would translate into present and future benefits for the shipping public. The plan must also describe any potential area of service degradation that might result due to operational changes and how instances of degraded service might be mitigated. Like the Operating Plan on which it is based, the Service Assurance Plan must be a full-system plan encompassing:

(a) *Integration of operations.* Based on the operating plan, and using appropriate benchmarks, applicants must develop a Service Assurance Plan describing how the proposed transaction would result in improved service levels and how and where service might be degraded. This description should be a precise route level review, but not a shipper-by-shipper review. Nonetheless, the plan should be sufficient for individual shippers to evaluate the projected improvements and changes, and respond to the potential areas of service degradation for their customary traffic routings. The plan should inform Class II and III railroads and other connecting railroads of the operational changes or changes in service terms that might affect their operations, including operations involving major gateways.

(b) *Coordination of freight and passenger operations.* If Amtrak or commuter services are operated over the lines of applicant carriers, applicants must describe definitively how they would continue to facilitate these operations so as to fulfill existing performance agreements for those services. Whether or not the passenger services are operated over lines of applicants or applicants' operations are on the lines of passenger agencies, applicants must establish operating protocols ensuring effective communications with Amtrak and/or regional rail passenger operators to minimize any potential transaction-related negative impacts.

(c) *Yard and terminal operations.* The operational fluidity of yards and terminals is key to the successful implementation of a transaction and effective service to shippers. Applicants must describe how the operations of principal classification yards and major terminals would be changed or revised and how these revisions would affect service to customers. As part of this analysis, applicants must furnish dwell time benchmarks for each facility described in this paragraph, and estimate what the expected dwell time would be after the revised operations are implemented. Also required will be a discussion of on-time performance for the principal yards and terminals in the same terms as required for dwell time.

(d) *Infrastructure improvements.* Applicants must identify potential infrastructure impediments (using volume/capacity line and terminal forecasts), formulate solutions to those impediments, and develop time frames for resolution. Applicants must also develop a capital improvement plan (to support the operating plan) for timely funding and completion of the improvements critical to transition of operations. They should also describe improvements related to future growth, and indicate the relationship of the improvements to service delivery.

(e) *Information technology systems.* Because the accurate and timely integration of applicants' information systems is vitally important to service, applicants must identify the process to be used for systems integration and training of involved personnel. This must include identification of the principal

operations-related systems, operating areas affected, implementation schedules, the realtime operations data used to test the systems, and pre-implementation training requirements needed to achieve completion dates. If such systems will not be integrated and on line prior to implementation of the transaction, applicants must describe the interim systems to be used and the adequacy of those systems to ensure service delivery.

(f) *Customer service.* To achieve and maintain customer confidence in the transaction and to ensure the successful integration and consolidation of existing customer service functions, applicants must identify their plans for the staffing and training of personnel within or supporting the customer service centers. This discussion must include specific information on the planned steps to familiarize customers with any new processes and procedures that they may encounter in using the consolidated systems and/or changes in contact locations, telephone numbers, or communication mode.

(g) *Labor.* Applicants must furnish a plan for reaching necessary labor implementing agreements. Applicants must also provide evidence that sufficient qualified employees would be available at the proper locations to effect implementation.

(h) *Training.* Applicants must establish a plan for providing necessary training to employees involved with operations, train and engine service, operating rules, dispatching, payroll and timekeeping, field data entry, safety and hazardous material compliance, and contractor support functions (e.g., crew van service), as well as training for other employees in functions that would be affected by the acquisition.

(i) *Contingency plans for merger-related service disruptions.* To address potential disruptions of service that could occur, applicants must establish contingency plans. Those plans, based upon available resources and traffic flows and density, must identify potential areas of disruption and the risk of occurrence. Applicants must provide evidence that contingency plans would be in place to promptly restore adequate service levels. Applicants must also

Surface Transportation Board

§ 1180.20

provide for the establishment of problem resolution teams and describe the specific procedures to be utilized for problem resolution.

(j) *Timetable*. Applicants must identify all major functional or system changes/consolidations that would occur and the time line for successful completion.

(k) *Benchmarking*. Specific benchmarking requirements may vary with the transaction. The minimum for benchmarking will be the 12 monthly periods immediately preceding the filing date of the notice of intent to file the application. Benchmarking is intended to provide an historic monthly baseline against which actual post-transaction levels of performance can be measured. Benchmarking data should be sufficiently detailed and encompassing to give a meaningful picture of operational performance for the newly merged system. Applicants will report in a matrix structure giving the historic monthly (benchmark) data and provide for the reporting of actual monthly data during the monitoring period. It is important that data reflect uniformly constructed measures of historic and post-transaction operations. Minimum benchmark data include:

(1) *Corridor performance benchmarking*. Benchmarks will consist of route level performance information including flow data for traffic moving on the applicants' systems. These data will encompass flows to and from major points. A major point could be a Bureau of Economic Analysis (BEA) statistical area, or it can be a railroad-created point based on an operational grouping of stations or interchanges, or it could be another similar construction. It will be necessary for applicants to define traffic points used to establish benchmarks for purposes of monitoring. A sufficient number of corridor flows must be reported so as to fully represent system flows, including interchanges with short lines and other Class I's, and internal traffic of the respective applicants before the transaction. In addition to identifying traffic flows by areas, they also must be identified by commodity sector (for example, merchandise, intermodal, automotive, unit coal, unit grain etc.). Data for each flow must include: traffic

volume in carloads (units), miles (area to area), and elapsed time in hours. Only loaded traffic need be included.

(2) *Yard and terminal benchmarking*—

(i) *Terminal dwell*. Terminal dwell for major yards will be calculated in hours for cars handled, not including run-through and bypass trains or maintenance of way and bad order cars.

(ii) *On time originations by major yard*. On time originations are based on the departure of scheduled trains originating at a particular yard.

(3) *System benchmarking*. (i) Cars on line.

(ii) Average train velocity, by train type.

(iii) Locomotive fleet size and applicable bad order ratios.

(iv) Passenger train performance for commuter and intercity passenger services.

[66 FR 32589, June 15, 2001]

§ 1180.11 Transnational and other informational requirements.

(a) For applicants whose systems include operations in Canada or Mexico, applicants must explain how cooperation with the Federal Railroad Administration would be maintained to address potential impacts on operations within the United States of operations or events elsewhere on their systems.

(b) All applicants must assess whether any restrictions or preferences under foreign or domestic law or policies could affect their commercial decisions, and discuss any ownership restrictions applicable to them.

(c) Under 11 U.S.C. 1172(c)(1), the Board is required to provide affected employees with adequate protection. The Board will impose the minimum levels required by 49 U.S.C. 11326, unless a need is shown for greater levels of protection.

(d) All applications, notices, and petitions for exemption within the scope of §1180.20(a) shall advise the Board that the proposed transaction involves the transfer or operation of lines in reorganization.

There is no application form for these proceedings. Applicants shall file a pleading containing the information de-

scribed in 49 CFR 1182.2. *See* 49 CFR 1002.2(f) (2) and (5) for filing fees.

§ 1182.2 Content of applications.

(a) The application must contain the following information:

(1) Full name, address, and authorized signature of each of the parties to the transaction;

(2) Copies or descriptions of the pertinent operating authorities of all of the parties (NOTE: If an applicant is domiciled in Mexico or owned or controlled by persons of that country, copies of the actual operating authorities must be submitted.);

(3) A description of the proposed transaction;

(4) Identification of any motor passenger carriers affiliated with the parties, a brief description of their operations, and a summary of the intercorporate structure of the corporate family from top to bottom;

(5) A jurisdictional statement, under 49 U.S.C. 14303(g), that the 12-month aggregate gross operating revenues, including revenues of all motor carrier parties and all motor carriers controlling, controlled by, or under common control with any party from all transportation sources (whether interstate, intrastate, foreign, regulated, or unregulated) exceeded \$2 million. (NOTE: The motor passenger carrier parties and their motor passenger carrier affiliates may select a consecutive 12-month period ending not more than 6 months before the date of the parties' agreement covering the transaction. They must, however, select the same 12-month period.)

(6) A statement indicating whether the transaction will or will not significantly affect the quality of the human environment and the conservation of energy resources;

(7) Information to demonstrate that the proposed transaction is consistent with the public interest, including particularly: the effect of the proposed transaction on the adequacy of transportation to the public; the total fixed charges (e.g., interest) that result from the proposed transaction; and the interest of carrier employees affected by the proposed transaction. *See* 49 U.S.C. 14303(b);

§ 1182.4

(8) Certification by applicant of the current U.S. Department of Transportation safety fitness rating of each motor passenger carrier involved in the transaction, whether that carrier is a party to the transaction or is affiliated with a party to the transaction;

(9) Certification by the party acquiring any operating rights through the transaction that it has sufficient insurance coverage under 49 U.S.C. 13906 (a) and (d) for the service it intends to provide;

(10) A statement indicating whether any party acquiring any operating rights through the transaction is either domiciled in Mexico or owned or controlled by persons of that country; and

(11) If the transaction involves the transfer of operating authority to an individual who will hold the authority in his or her name, that individual must complete the following certification:

I, _____, certify under penalty of perjury under the laws of the United States, that I have not been convicted, after September 1, 1989, of any Federal or State offense involving the distribution or possession of a controlled substance, or that I have been so convicted, but I am not ineligible to receive Federal benefits, either by court order or operation of law, pursuant to 21 U.S.C. 862.

(b) The application shall contain applicants' entire case in support of the proposed transaction, unless the Board finds, on its own motion or that of a party to the proceeding, that additional evidentiary submissions are required to resolve the issues in a particular case.

(c) Any statements submitted on behalf of an applicant supporting the application shall be verified, as provided in 49 CFR 1182.8(e). Pleadings consisting strictly of legal argument, however, need not be verified.

(d) If an application or supplemental pleading contains false or misleading information, the granted application is void ab initio.

§ 1182.3 Filing the application.

(a) Each application shall be filed with the Board, complying with the requirements set forth at 49 CFR 1182.8.

(1) One copy of the application shall be delivered, by first-class mail, to the appropriate regulatory body in each State in which intrastate operations are affected by the transaction.

(2) If the application involves the merger or purchase of motor passenger carriers (contemplating transfer of operating authorities or registrations from one or more parties to others), one copy of the application shall be delivered, by first-class mail, to:

Federal Motor Carrier Safety Administration, Office of Registration & Safety Information, Chief, Registration, Licensing & Insurance Division, 1200 New Jersey Ave. SE, Mail Stop W65-331, Washington, DC 20590

(b) In their application, the parties shall certify that they have delivered copies of the application as provided in paragraph (a) of this section.

[63 FR 46397, Sept. 1, 1998, as amended at 83 FR 15080, Apr. 9, 2018]

§ 1182.4 Board review of the application.

(a) All applications will be reviewed for completeness. Applicants will be given an opportunity to correct minor errors or omissions. Incomplete applications may be rejected, or, if omissions are corrected, the filing date of the application, for purposes of calculating the procedural schedule and statutory deadlines, will be deemed to be the date on which the complete information is filed with the Board.

(b) If the application is accepted, a summary of the application will be published in the FEDERAL REGISTER (within 30 days, as provided by 49 U.S.C. 14303(c)), to give notice to the public, in the form of a tentative grant of authority.

(c) If the published notice does not properly describe the transaction for which approval is sought, applicants shall inform the Board within 10 days after the publication date.

(d) A copy of the application will be available for inspection at the Board's offices in Washington, DC. Interested persons may obtain a copy of the application from the applicants' representative, as specified in the published notice.

§ 1182.5

49 CFR Ch. X (10–1–21 Edition)

§ 1182.5 Comments.

(a) Comments concerning an application must be received by the Board within 45 days after notice of the application is published, as provided by 49 U.S.C. 14303(d). Failure to file a timely comment waives further participation in the proceeding. If no comments are filed opposing the application, the published tentative grant of authority will automatically become effective at the close of the comment period. A tentative grant of authority does not entitle the applicant to consummate the transaction before the end of the comment period.

(b) A comment shall be verified, as provided in 49 CFR 1182.8(e), and shall contain all information upon which the commenter intends to rely, including the grounds for any opposition to the transaction and the commenter's interest in the proceeding.

(c) The docket number of the application must be conspicuously placed at the top of the first page of the comment.

(d) A copy of the comment shall be delivered concurrently to applicants' representative(s).

§ 1182.6 Processing an opposed application.

(a) If timely comments are submitted in opposition to an application, the tentative grant of authority is void.

(b) Applicants may file a reply to opposing comments, within 60 days after the date the application was published.

(1) The reply may include a request for an expedited decision on the issues raised by the comments. Otherwise, the reply may not contain any new evidence, but shall only rebut or further explain matters previously raised.

(2) The reply shall be verified, as provided in 49 CFR 1182.8(e), unless it consists strictly of legal argument.

(3) Applicants' reply must be served on each commenter in such manner that it is received no later than the date it is due to be filed with the Board.

(4) Opposing commenters may reply to a request for an expedited decision, within 70 days after notice of the application was published.

(c) The Board may:

(1) Dispense with further proceedings and make a final determination based on the record as developed; or

(2) Issue a procedural schedule specifying the dates by which: applicants may submit additional evidence in support of the application, in response to the comment(s) in opposition; and the opposing commenter(s) may reply.

(d) Further processing of an opposed application will be handled on a case-by-case basis, as appropriate to the particular issues raised in the comments filed in opposition to the application. Evidentiary proceedings must be concluded within 240 days after publication of the notice of the application.

§ 1182.7 Interim approval.

(a) A party may request interim approval of the operation of the properties sought to be acquired through the proposed transaction, for a period of not more than 180 days pending determination of the application. This request may be included in the application or may be submitted separately after the application is filed (e.g., once a comment opposing the application has been filed). An additional filing fee is required, whether the request for interim approval is included in the application or is submitted separately at a later time. *See* 49 CFR 1002.2(f)(5) for the additional filing fee.

(b) A request for interim approval of the operation of the properties sought to be acquired in the application must show that failure to grant interim approval may result in destruction of or injury to those properties or substantially interfere with their future usefulness in providing adequate and continuous service to the public.

(c) If a request for interim approval is submitted after the application is filed, it must be served on each person who files or has filed a comment in response to the published notice of the application. Service must be simultaneous upon those commenters who are known when the request for interim approval is submitted; otherwise, service must be within 5 days after the comment is received by applicants or their representative.

Surface Transportation Board

§ 1182.9

(d) Because the basis for requesting interim approval is to prevent destruction of or injury to motor passenger carrier properties sought to be acquired under 49 U.S.C. 14303, the processing of such requests is intended to promote expeditious decisions regarding interim approval. The Board has no obligation to give public notice of requests for interim approval, and such requests are decided without hearing or other formal proceeding.

(1) If a request for interim approval is included in the application, the Board's decision with regard to interim approval will be served in conjunction with the notice accepting the application.

(2) If an application is rejected, the request for interim approval will be denied.

(3) If an application is denied, after comments in opposition are submitted, any interim approval will terminate 30 days after service of the decision denying the application.

(e) A petition to reconsider a grant of interim approval may be filed only by a person who has filed a comment in opposition to the application.

(1) A petition to reconsider a grant of interim approval must be in writing and shall state the specific grounds upon which the commenter relies in opposing interim approval. The petition shall certify that a copy has been served on applicants' representative.

(2) The petition to reconsider a grant of interim approval shall be filed with the Board, and one copy of the petition shall be served on applicants' representative(s).

(f) The Board may act on a petition to reconsider a grant of interim approval either separately or in connection with the final decision on the application.

[63 FR 46397, Sept. 1, 1998, as amended at 84 FR 12945, Apr. 3, 2019]

§ 1182.8 Miscellaneous requirements.

(a) If applicants wish to withdraw an application, they shall jointly request dismissal in writing.

(b) All pleadings (including motions and replies) submitted under this part shall be served on all other parties, concurrently and by the same (or more

expeditious) means with which they are filed with the Board.

(c) Each pleading shall contain a certificate of service stating that the pleading has been served in accordance with paragraph (c) of this section.

(d) All applications and pleadings containing statements of fact (i.e., except motions to strike, replies thereto, and other pleadings that consist only of legal argument) must be verified by the person offering the statement, in the following manner:

I, *[Name and Title of Witness]*, verify under penalty of perjury, under the laws of the United States of America, that all information supplied in connection with this application is true and correct. Further, I certify that I am qualified and authorized to file this application or pleading. I know that willful misstatements or omissions of material facts constitute Federal criminal violations punishable under 18 U.S.C. 1001 by imprisonment up to five years and fines up to \$10,000 for each offense. Additionally, these misstatements are punishable as perjury under 18 U.S.C. 1621, which provides for fines up to \$2,000 or imprisonment up to five years for each offense.

[Signature and Date]

(e) If completion of a transaction requires the transfer of operating authorities or registrations from one or more parties to others, the parties shall comply with relevant procedures of the Federal Motor Carrier Safety Administration, and comply with ministerial requirements of relevant State procedures.

[63 FR 46397, Sept. 1, 1998, as amended at 83 FR 15080, Apr. 9, 2018; 84 FR 12945, Apr. 3, 2019]

§ 1182.9 Notices of exemption.

(a) A transaction within a motor passenger corporate family is exempt from 49 U.S.C. 14303 if it does not result in adverse changes in service levels, significant operational changes, or a change in the competitive balance with motor passenger carriers outside the corporate family. The Board has found that its prior review and approval of these transactions is not necessary to carry out the transportation policy of 49 U.S.C. 13101; regulation is not necessary to protect shippers from abuse of market power; and an exemption is in the public interest. See 49 U.S.C. 13541(a).

(b) To qualify for a class exemption, a party must file a verified notice of the exempt transaction with the Board. The notice shall contain a brief summary of the proposed transaction, the name of the applicants, their business address and telephone number, and the name of counsel to whom questions would be addressed. The notice shall describe the purpose of the transaction and give the proposed consummation date for the transaction, which must be at least 7 days after the filing of the notice. The notice shall describe any contracts or agreements that have been entered into, or will be entered into, concerning the transaction, and shall indicate the impact, if any, that the transaction would have on employees.

(c) The Board shall publish notice of the exemption in the FEDERAL REGISTER within 30 days from the filing of the verified notice of exemption. If the notice contains false or misleading information, the Board shall summarily revoke the exemption and require divestiture. Petitions to revoke the exemption under 49 U.S.C. 13541(d) may be filed at any time and will be granted upon a finding that the application of 49 U.S.C. 14303 to the person, class, or transportation is necessary to carry out the transportation policy of 49 U.S.C. 13101.

§ 1184.1 Scope and purpose.

This statement of policy on motor carrier pooling applications implements section 20 of the Motor Carrier Act of 1980 [Pub. L. No. 96-296, 94 Stat. 793]. The Act's provisions are now contained at 49 U.S.C. 14302.

§ 1184.2 Contents of a pooling application.

A pooling application filed under 49 U.S.C. 14302 should include the following information:

(a) An identification of all the carriers who are parties to the pooling agreement;

(b) A general description of the transaction;

(c) A specific description of the operating authorities sought to be pooled;

(d) The basis to establish that the agreement is a genuine pooling arrangement (as opposed to a lease or interline arrangement);

(e) A description of what applicants consider to be the relevant transportation markets affected by the proposed agreement;

(f) The competitive routing and service alternatives that would remain if the agreement is approved, to the best of applicant's knowledge;

(g) If there is a lessening of such alternatives, an estimate of the public benefits that will accrue from approval, or new competition that will arise, which would offset such lessening;

(h) A narrative assessment of how the pooling arrangement will affect present and future competition in the area, including a description of the projected volume of traffic, the revenues, and the commodities which will be subject to the pooling agreement;

(i) Certification that rates set for traffic moving under the agreement do not violate the restrictions on collective ratemaking contained in 49 U.S.C. Subtitle IV and Board regulations;

(j) A narrative statement as to the relative transportation importance of the pooling agreement as it would affect the public and the national transportation system;

(k) If any known non-pooling carriers authorized to transport the subject traffic are not included in the pooling arrangement explain why, and explain whether inclusion would enhance or restrain competition;

(l) A statement of the energy and environmental effects of the agreement, if any; and

(m) Certification by applicant, or its representatives, that the representations made in the application are, to

the best of applicant's knowledge and belief, true and complete.

As appendices, applicants must submit: (1) A copy of the pooling agreement; (2) a copy of the specific operating authority of each carrier which is the subject of the pooling agreement; and (3) a caption summary (for FEDERAL REGISTER publication) of the pooling transaction sought to be approved.

[46 FR 21181, Apr. 9, 1981. Redesignated and amended at 47 FR 49595, Nov. 1, 1982; 64 FR 53269, Oct. 1, 1999]

§ 1184.3 Processing pooling applications.

After the pooling application is received (not less than 50 days before the effective date specified in the pooling agreement), the Board will either reject it or determine initially whether the pooling agreement is of major transportation importance and whether there is a substantial likelihood that the pooling agreement will unduly restrain competition. If neither of these two factors is present, the application will be granted without further hearing. Where either factor is found to exist, the application will be published in the FEDERAL REGISTER using the caption summary filed with the application, and a hearing will be scheduled (normally to receive written verified statements) to consider the issues further. In this second phase of the proceeding, the Board will consider whether the pooling agreement would be in the interest of better service to the public or of economy of operation and whether it will unduly restrain competition.

§ 1185.1 Definitions and scope of regulations.

(a) This part addresses the requirement of 49 U.S.C. 11328 authorization of the Surface Transportation Board (STB) needed for a person to hold the position of officer or director of more than one rail carrier, except where only Class III carriers are involved. STB authorization is not needed for individuals seeking to hold the positions of officers or directors only of Class III railroads. 49 U.S.C. 11328(b).

(b) When a person is an officer of a Class I railroad and seeks to become an officer of another Class I railroad, an application under 49 U.S.C. 11328(a) (or petition for individual exemption under 49 U.S.C. 10502) must be filed. All other "interlocking directorates" have been exempted as a class from the prior approval requirements of 49 U.S.C. 11328(a), pursuant to 49 U.S.C. 10502 and former 49 U.S.C. 10505. For such interlocking directorates exempted as a class, no filing with the STB is necessary to invoke the exemption.

(c) An *interlocking directorate* exists whenever an individual holds the position of officer or director of one rail carrier and assumes the position of officer or director of another rail carrier. This provision applies to any person who performs duties, or any of the duties, ordinarily performed by a director, president, vice president, secretary, treasurer, general counsel, general solicitor, general attorney, controller, general auditor, general manager, freight traffic manager, passenger traffic manager, chief engineer, general superintendent, general land and tax agent or chief purchasing agent.

(d) For purposes of this part, a *rail carrier* means a person providing common carrier railroad transportation for compensation (except a street, suburban, or interurban electric railway not operating as part of the general system of rail transportation), and a corporation organized to provide such transportation.

§ 1185.2 Contents of application.

(a) Each application shall state the following:

(1) The full name, occupation, business address, place of residence, and post office address of the applicant.

§ 1185.3

49 CFR Ch. X (10–1–21 Edition)

(2) A specification of every carrier of which the applicant holds stock, bonds, or notes, individually, as trustee, or otherwise; and the amount of, and accurate description of, such securities of each carrier for which the applicant seeks authority to act. (Whenever it is contemplated that the applicant will represent on the board of directors of any carrier securities other than those owned by the applicant, the application shall describe such securities, state the character of representation, the name of the beneficial owner or owners, and the general nature of the business conducted by such owner or owners.)

(3) Each and every position with any carrier:

(i) Which is held by the applicant at the time of the application; and

(ii) Which the applicant seeks authority to hold, together with the date and manner of his or her election or appointment thereto and, if the applicant has entered upon the performance of his duties in any such position, the nature of the duties so performed and the date when he first entered upon their performance. (A decision authorizing a person to hold the position of director of a carrier will be construed as sufficient to authorize that person to serve also as chairman of its board of directors or as a member or chairman of any committee or committees of such board; and, therefore, when authority is sought to hold the position of director, the applicant need not request authority to serve in any of such other capacities.)

(4) As to each carrier covered by the requested authorization, whether it is an operating carrier, a lessor company, or any other corporation organized for the purpose of engaging in rail transportation. (If any such carrier neither operates nor owns any railroad providing transportation that is subject to 49 U.S.C. 10501, the application shall include a copy of such carrier's charter or certificate or articles of incorporation, with amendments to date or, if already filed with the former Interstate Commerce Commission (ICC) or with the STB, a reference thereto, with any intervening amendments.)

(5) A full statement of pertinent facts relative to any carrier involved which

does not make annual reports to the STB.

(6) Full information as to the relationship—operating, financial, competitive, or otherwise—existing between the carriers covered by the requested authorization.

(7) Every corporation—industrial, financial, or miscellaneous—of which the applicant is an officer or director, and the general character of the business conducted by such corporation.

(8) The reasons, fully, why the granting of the authority sought will not affect adversely either public or private interests.

(9) Whether or not any other application for authority has been made in behalf of the applicant and, if so, the date and docket number thereof, by whom made, and the action thereon, if any.

(b) When application has been made on behalf of any person, a subsequent application by that person need not repeat any statement contained in the previous application but may incorporate the same by appropriate reference.

§ 1185.3 Procedures.

The original application or petition shall be signed by the individual applicant or petitioner and shall be verified under oath. Petitions and applications should comply with the STB's general rules of practice set forth at 49 CFR part 1104. Applications or petitions may be made by persons on their own behalf.

§ 1185.4 General authority.

Any person who holds or seeks specific authority to hold positions with a carrier may also request general authority to act as an interlocking officer for all affiliated or subsidiary companies or properties used or operated by that carrier, either separately or jointly, with other carriers. A carrier may apply for general authority on behalf of an individual who has already received authority to act as an interlocking officer. However, a carrier may not apply for general authority for an individual who holds a position with another railroad which is not an affiliate or subsidiary of the carrier or

Surface Transportation Board

§ 1185.6

whose properties are not used or operated by the carrier, either separately or jointly with other carriers.

§ 1185.5 Common control.

It shall not be necessary for any person to secure authorization to hold the position of officer or director of two or more carriers if such carriers are operated under common control or management either:

(a) Pursuant to approval and authority of the ICC granted under former 49 U.S.C. 11343–44 or by the STB granted under 49 U.S.C. 11323–24; or

(b) Pursuant to an exemption authorized by the ICC under former 49 U.S.C. 10505 or by the STB under 49 U.S.C. 10502; or

(c) Pursuant to a controlling, controlled, or common control relation-

ship which has existed between such carriers since before June 16, 1933.

[62 FR 2042, Jan. 15, 1997, as amended at 69 FR 58366, Sept. 30, 2004]

§ 1185.6 Jointly used terminal properties.

Any person holding the position of officer or director of a carrier is relieved from the provisions of this part to the extent that he or she may also hold a directorship and any other position to which that person may be elected or appointed with a terminal railroad the properties of which are operated or used by the carrier jointly with other carriers.
