

(6) The retirement system will submit all direct premium payments along with its regular health benefits premiums to OPM according to procedures established by OPM.

(e) *Procedures for direct payment of premiums during LWOP after 365 days.*

(1) An employee who is granted leave without pay (LWOP) under subpart L of part 630 of this chapter (Family and Medical Leave) after 365 days of continued coverage under § 890.303(e) must pay the employee contributions directly to the employing office and keep payments current.

(2) The employee must make payments after the pay period in which the employee is covered according to a schedule set up by the employing office. If the employing office does not receive the payment by the date due, it must notify the employee in writing that continued coverage depends upon payment being made within 15 days (45 days for employees residing overseas) after the notice is received. If no subsequent payments are made, the employing office terminates the enrollment 60 days after the date of the notice (90 days for enrollees residing overseas).

(3) If the enrollee was prevented by circumstances beyond his or her control from making payment within the timeframe in paragraph (e)(2) of this section, he or she may ask the employing office to reinstate the enrollment by writing to the employing office. The employee must file the request within 30 calendar days from the date of termination and must include supporting documentation.

(4) The employing office determines whether the employee is eligible for reinstatement of coverage. When the determination is affirmative, the employing office will reinstate the coverage of the employee retroactive to the date of termination. If the determination is negative, the employee may request the employing agency to review the decision as provided under § 890.104.

(5) An employee whose coverage is terminated under paragraph (e)(2) of this section may enroll if he or she returns to duty in a pay status in a position in which the employee is eligible for coverage under this part.

(f) *Uniformed services.* (1) Except as provided in paragraph (f)(2) of this sec-

tion, an employee whose coverage continues under § 890.303(i) is responsible for payment of the employee share of the cost of enrollment for every pay period for which the enrollment continues for the first 365 days of continued coverage as set forth under paragraph (b) of this section. For coverage that continues after 365 days in nonpay status, the employee must pay, on a current basis, the full subscription charge, including both the employee and Government shares, plus an additional 2 percent of the full subscription charge.

(2) As provided by 5 U.S.C. 8906(e)(3), an employing agency may pay both the Government and employee contributions and any additional administrative expenses for the cost of coverage for the employee and the employee's family for a period of 24 months for employees called or ordered to active duty in support of a contingency operation on or after September 14, 2001. The payment of Government and employee contributions and any additional administrative expenses authorized by this section only applies to employees while they are serving in support of a contingency operation, and eligibility for these payments terminates when the employee ceases to be on orders for a contingency operation. Payment of these contributions and expenses is solely at the discretion of the employing agency.

§ 890.503 Reserves.

(a) The enrollment charge consists of the rate approved by OPM for payment to the plan for each enrollee, plus 4 percent, of which one part is for an administrative reserve and 3 parts are for a contingency reserve for the plan.

(b) The administrative reserve is credited with the one one-hundred-and-fourth of the enrollment charge set aside for the administrative reserve. The administrative reserve is available for payment of administrative expenses of OPM incurred under this part, and

for such other purposes as may be authorized by law.

(c)(1) *Contingency reserve.* The contingency reserve for each plan is credited with—

(i) The three one-hundred-and-fourths of the enrollment charge set aside for the contingency reserve from the enrollment charges for employees and annuitants enrolled for that plan;

(ii) Amounts transferred in accordance with law from other contingency reserves and the administrative reserve;

(iii) Income from investment of the reserve;

(iv) Its proportionate share of the income from investment of the administrative reserve; and

(v) Any return of reserves of the plan.

(2) *Contingency reserve minimum balance.* The preferred minimum balance for the contingency reserve for community-rated plans is 1 month's subscription charges at the average recurring monthly rate paid from the Employees Health Benefits Fund for the plan during the most recent contract period. The preferred minimum balance for the contingency reserve for experience-rated plans is 1½ times an amount equal to the sum of an average month's paid claims plus an average month's administrative expenses and retentions, as determined under paragraph (c)(3) of this section. Amounts in excess of the preferred minimum balance for a contingency reserve account may be used with respect to the plan from which the reserve derives: To defray increases in future rates; to increase plan benefits, or to reduce contributions of eligible subscribers and the Government under the program through devices such as temporary suspension of, or reduction in, required contributions or a refund of contributions to eligible subscribers and the Government.

(3) *OPM/carrier reserve transfers.* The target level for total reserves of an experience-rated plan is 3½ times an amount equal to the sum of an average month's paid claims plus an average month's administrative expenses and retentions. Reserves include funds set aside for incurred-but-unpaid benefit claims and the "special" reserve representing the cumulative difference between income to the plan (subscription

income plus interest on investments) and plan expenses (benefit costs plus administrative expenses and retentions). Included as carrier reserves is the balance in the letter of credit (LOC) account maintained by OPM for the plan. For the purposes of this section, an average month's paid claims is one-sixth of the total claims paid during the last 6 months of the most recent contract period, and an average month's administrative expenses and retentions is one-twelfth of the administrative expenses and retentions for the most recent contract period.

(i) When, as of the end of a contract period, the total of all the reserves for an experience-rated plan is less than the target level described in the first four sentences of paragraph (c)(3) of this section, the carrier is entitled to payment from the contingency reserve. Such contingency reserve payment shall equal the lesser of: An amount equal to the difference between the target level for the plan's reserves and the total of the reserves for the plan, or an amount equal to the excess, if any, of the contingency reserve over the preferred minimum balance. OPM must authorize this payment promptly after accepting the accounting statement for the contract period. The contingency reserve payment so authorized will be made available to the carrier's LOC account.

(ii) When, as of the end of a contract period, the total of all reserves of an experience-rated plan amounts to more than the plan's target level, the excess over the plan's target level must be credited to the contingency reserve maintained by OPM for the plan. OPM will withdraw the excess amount from the plan's LOC account, based on reporting in the annual accounting statement for the year, no sooner than May 1, of the following year. If the accounting statement is not filed by the time limit specified in the plan's contract with OPM, OPM will estimate the amount of the excess reserves and may withdraw that amount from the plan's LOC account, or begin the process of offsetting that amount from subscription payments, no sooner than May 1. The amount withdrawn from the plan's

LOC account, or offset from subscription payments, will be credited to that plan's contingency reserve.

(4) OPM may, by agreement with the carrier, approve community rating for a comprehensive plan. If the contingency reserve of the carrier of a community-rated plan exceeds the preferred minimum balance, as described in paragraph (c)(2) of this section, the carrier may request OPM to pay to the plan a portion of the reserve not greater than the excess of the contingency reserve over the preferred minimum balance. The carrier shall state the reason for the request. OPM will decide whether to allow the request in whole or in part and will advise the plan of its decision.

(5) *Special contingency reserve transfers.* In addition to those amounts, if any, paid under paragraphs (c)(2) through (c)(4) of this section, OPM may authorize such other payments from the contingency reserve as in the judgment of OPM may be in the best interest of employees and annuitants enrolled in the program. A carrier for a plan may apply to OPM at any time for a payment from the contingency reserve when the carrier has good cause, such as unexpected claims experience and variations from expected community rates. In the administration of this part, OPM will accord a high priority to deciding whether to allow requests under this paragraph in whole or in part and will promptly advise the carrier of its decision. Amounts paid from the contingency reserve under paragraphs (c)(2) through (5) of this section shall be reported as subscription income in the year in which paid. By agreement with the carrier and where good cause exists, OPM may accept payment from carrier reserves for credit to the contingency reserve in an amount and under conditions other than those specified in paragraph (c) of this section. For carriers funded by LOC, the returned amount will be withdrawn from the plan's LOC account.

(6) *Subsidization penalty reserve.* This reserve account shall be credited with all subsidization penalties levied against community rated plans outlined in 48 CFR 1615.402(c)(3)(ii)(B). The funds in this account shall be annually distributed to the contingency reserves

of all community rated plans subject to the FEHB-specific medical loss ratio threshold on a pro-rata basis. The funds will not be used for one specific carrier or plan.

§ 890.504 Disposition of contingency reserves upon reorganization or merger of plans.

Upon reorganization or merger of a plan, OPM must credit to the surviving plan the reserves of the reorganized or merged plan. If more than one plan survives, the reserves must be divided among the surviving plans in proportion to the number of enrollees continuing to subscribe to the surviving plans.
