§ 54.13 Accessibility and refrigeration of products; access to establishments; suitable work environment; and access to records.

(a) The applicant shall make products easily accessible for examination, with appropriate and adequate illuminating facilities, in order to disclose their class, grade, other quality characteristics, and compliance with official standards or other contractual requirements for which service is being provided. Supervisors of grading and other employees of the Department responsible for maintaining uniformity and accuracy of service shall have access to all parts of establishments covered by approved applications for service under the regulations, for the purpose of examining all products in the establishments that have been or are to be graded or examined for compliance with specifications or which bear any marks of grade or compliance.

(b) Grading service will be furnished only for meat that an official grader determines is chilled so that grade factors are developed to the extent that a

(c) Applicants are responsible for providing a work environment where official graders are not subjected to physical and/or verbal abuse, or other elements that could have a negative effect on providing an unbiased, third-party evaluation. Applicants shall designate primary company representatives to discuss grade placements and certification determinations with official graders.

(d) Applicants will make products and related records (approved labeling, technical proposals, quality plans, specifications, end product data schedules, grade volume information, etc.) easily accessible and provide assistance and any equipment necessary to accomplish the requested services. Equipment may include storage lockers/cabinets, branding ink, certified scales, food blenders, processors, grinders, sampling containers, sanitation equipment, thermometers, adequate lighting, weight tags, display monitors, video equipment for monitoring live animal schedules, etc. When offering product for grading or certification, applicants must ensure a minimum of 90 percent acceptable product.

§ 54.15 Instrument grading.

(a) Applicants may use USDA-approved technologies to augment the official USDA grading process for approved species presented for official grading. This voluntary program may be utilized by a plant at its discretion but must comply with QAD procedures to be recognized and relied upon by the official grader in conducting official duties.

(b) Applicants have the option to augment quality and yield grading services through the use of vision-based instrument technology. Instrument grading may be used as an option for determining degrees of marbling and yield factors for meat carcasses. AMS approves the grading instrument itself and its use within individual applicant facilities. Applicants may contact grading supervision to initiate the process for in-plant approval. The process for instrument grading approval at an applicant's facility is dictated through internal procedures. Final determination of quality and yield grades is made by the official grader.

[84 FR 48557, Sept. 16, 2019]

§ 54.16 Marking of products.

All products examined for class and grade under the official standards, or the immediate containers and the shipping containers, shall be stamped, branded, or otherwise marked with an appropriate official identification. Except as otherwise directed by the Director, such markings will not be required when an applicant desires only an official memorandum. The marking of products, or their containers, as required by this section shall be done by official graders or under their immediate supervision.

§ 54.19 Appeal of a grading service decision.

Appeal service is a redetermination of the class, grade, other quality, or compliance of product when the appli-

cant for the appeal service formally challenges the correctness of the original determination.

(a) *Authority to request appeal service.* A request for appeal service with respect to any product may be made by any person who is financially interested in the product when that person disagrees with the original determination as to class, grade, other quality, or compliance of the product as shown by the markings on the product or its containers, or as stated in the applicable official memorandum.

(b) *Requesting appeal service.* A request for appeal service shall be filed with the Chief. The request shall state the reasons for appeal and may be accompanied by a copy of any previous official report, or any other information that the applicant may have received regarding the product at the time of the original service. Such request may be made orally (including by telephone) or in writing (including by email). If made orally, the person receiving the request may require that it be confirmed in writing.

(c) *Determining original service from appeal service.* Examination requested to determine the class, grade, other quality, or compliance of a product that has been altered or has undergone a material change since the original service, or examination of product requested for the purpose of obtaining an official memorandum and not involving any question as to the correctness of the original service for the product involved, shall be considered equivalent to original service and not appeal service.

(d) *Not eligible for appeal service.* Grade determinations cannot be appealed for any lot or product consisting of less than 10 similar units or carcasses. Moreover, appeal service will not be furnished with respect to product that has been altered or has undergone any material change since the original service.

(e) *Withdrawal of appeal service.* A request for appeal service may be withdrawn by the applicant at any time before the appeal service has been performed; however, the applicant is responsible for payment of any expenses

(f) *Denial or withdrawal of appeal service.* A request for appeal service may be rejected or such service may be otherwise denied to or withdrawn from any person, without a hearing, in accordance with the procedure set forth in § 54.11(b), if it appears that the person or product involved is not eligible for appeal service under § 54.19(a) and (b), or that the identity of the product has been lost; or for any of the causes set forth in § 54.11(b). Appeal service may also be denied to, or withdrawn from, any person in any case under § 54.11(a).

(g) *Who performs appeal service.* Appeal service shall be performed by the National Meat Supervisor or his or her designee.

(h) *Appeal service report.* Immediately after appeal service has been performed for any products, a report shall be prepared and issued referring specifically to the original findings and stating the class, grade, other quality, or compliance of the products as shown by the appeal service.

(b) Grading in an establishment other than where the animal was slaughtered or initially chilled if the class, grade, and other quality attributes can be determined under the applicable official standards, and if the identity of the carcasses can be maintained.

(c) If the Branch is unable to provide grading service in a timely manner and the meat can be identified in conformance with the official standards.

(d) Grading in the establishment other than where the hide is removed, provided the meat can be identified in conformance with the official standards.

§§ 54.21—54.26 [Reserved]

CHARGES FOR SERVICE

§ 54.27 Fees and other charges for service.

(a) Fees and other charges equal as nearly as may be to the cost of the services rendered shall be assessed and collected from applicants in accordance with the following provisions unless otherwise provided in the cooperative agreement under which the services are furnished, or as provided in § 54.6. For each calendar year, AMS will calculate the rate for inspection, grading, or certification services, per hour per program employee using the following formulas:

(1) *Regular rate.* The total AMS grading, inspection, or certification program personnel direct pay divided by direct hours, which is then multiplied by the next year's percentage of cost of living increase, plus the benefits rate, plus the operating rate, plus the allowance for bad debt rate. If applicable, travel expenses may also be added to the cost of providing the service.

(2) *Overtime rate.* The total AMS grading, inspection, or certification program personnel direct pay divided by direct hours, which is then multiplied by the next year's percentage of cost of living increase and then multiplied by 1.5 plus the benefits rate, plus the operating rate, plus an allowance for bad

debt. If applicable, travel expenses may also be added to the cost of providing the service.

(3) *Holiday rate.* The total AMS grading, inspection, or certification program personnel direct pay divided by direct hours which is then multiplied by the next year's percentage of cost of living increase and then multiplied by 2, plus benefits rate, plus the operating rate, plus an allowance for bad debt. If applicable, travel expenses may also be added to the cost of providing the service.

(b)(1) For each calendar year, based on previous fiscal year/historical actual costs, AMS will calculate the benefits, operating, and allowance for bad debt components of the regular, overtime and holiday rates as follows:

(i) *Benefits rate.* The total AMS grading, inspection, or certification program direct benefits costs divided by the total hours (regular, overtime, and holiday) worked, which is then multiplied by the next calendar year's percentage cost of living increase. Some examples of direct benefits are health insurance, retirement, life insurance, and Thrift Savings Plan (TSP) retirement basic and matching contributions.

(ii) *Operating rate.* The total AMS grading, inspection, or certification program operating costs divided by total hours (regular, overtime, and holiday) worked, which is then multiplied by the percentage of inflation.

(iii) *Allowance for bad debt rate.* Total AMS grading, inspection, or certification program allowance for bad debt divided by total hours (regular, overtime, and holiday) worked.

(2) The calendar year cost of living expenses and percentage of inflation factors used in the formulas in this section are based on the most recent Office of Management and Budget's Presidential Economic Assumptions.

(c) *Fees for service*—(1) *On a scheduled basis.* Minimum fees for service performed under a scheduled agreement or an agreement by memorandum will be based on 8 hours per day, Monday through Friday, excluding observed Federal legal holidays occurring Monday through Friday on which no grading and certification services are performed. The Agency reserves the right

to use any grader assigned to the plant under a scheduled agreement to perform service for other applicants and no charge will be assessed to the scheduled applicant for the number of hours charged to the other applicant. Charges to plants are as follows:

(i) The regular hourly rate will be charged for hours worked in accordance with the approved tour of duty on the application for service between the hours of 6 a.m. and 6 p.m.

(ii) The overtime rate will be charged for hours worked in excess of the approved tour of duty on the application for service.

(iii) The holiday hourly rate will be charged for hours worked on observed legal holidays.

(iv) The night differential rate (for regular or overtime hours) will be charged for hours worked between 6 p.m. and 6 a.m.

(v) The Sunday differential rate (for regular or overtime hours) will be charged for hours worked on a Sunday.

(2) *On an unscheduled basis.* Minimum fees for service performed under an unscheduled basis agreement will be based on the time required to render the service, calculated to the nearest 15-minute period, including official grader's travel and certificate, memorandum, and/or report preparation time performed in connection with the performance of service. A minimum charge of one-half hour shall be made for service pursuant to each request notwithstanding that the time required to perform service may be less than 30 minutes. Charges to plants are as follows:

(i) The regular hourly rate will be charged for the first 8 hours worked per grader per day for all days except observed legal holidays.

(ii) The overtime rate will be charged for hours worked in excess of 8 hours per grader per day for all days except observed legal holidays.

(iii) The holiday hourly rate will be charged for hours worked on observed legal holidays.

(d) *Fees for appeal service.* Fees for appeal service shall be determined on the basis of the time of two official graders required to render the service, including the time required for the preparation of certificates and travel of such

Agricultural Marketing Service, USDA

§ 54.1002

graders in connection with the performance of the service. *Provided*, that when on appeal it is found that there was error in the original determination equal to or exceeding ten percent of the total number of similar units of the products involved, no charge will be made for the appeal service unless a special agreement therefor was made with the applicant in advance.

(e) *Fees for extra copies of certificates.* In addition to copies of certificates furnished under § 54.14, any financially interested person may obtain not to exceed three copies of any such certificate within one year from its date of issuance upon payment of a fee, and not to exceed three copies of any such certificate at any time thereafter, while a copy of such certificate is on file in the Department. (a) Appeal service is a re-evaluation of the compliance of a piece of equipment, portion of a piece of equipment, or utensil to design or fabrication criteria according to the standards prescribed by this subpart.

(b) Only the original applicant or their representative may request appeal service requesting a reevaluation of the original determination of the design and fabrication of the equipment or utensil for compliance with the standards specified in this subpart.

(c) Appeal service will not be furnished for:

(1) A piece of equipment, portion of a piece of equipment, or utensil which has been altered or has undergone a material change since the original service.

(2) For the purpose of obtaining an up-to-date report or certificate which does not involve a question as to the correctness of the original service for the piece of equipment, portion of a piece of equipment, or utensil.

§ 54.1021 Request for appeal service.

(a) Except as otherwise provided in § 54.1020, an applicant or their representative may request appeal service when the applicant or their representative disagree with the determination as to compliance with the standard of the piece of equipment, portion of a piece of equipment, or utensil as documented in the applicable report.

(b) A request for appeal service shall be filed with the Chief, directly or through the design review specialist who performed the original service. The request shall state the reasons for the disagreement with the original determination and may be accompanied by a copy of any previous certificate or report, or any other information which the applicant may have received regarding the piece of equipment, portion of a piece of equipment, or utensil at the time of the original service. Such request may be made orally (including by telephone) or in writing (including by facsimile transmission). If made orally, the Dairy Grading Branch em-

ployee receiving the request may require that it be confirmed in writing.

§ 54.1023 Denial or withdrawal of appeal service.

A request for appeal service may be rejected or such service may be otherwise denied to or withdrawn from any person in accordance with the procedure set forth in § 54.1013(a), if it appears that the person or product involved is not eligible for appeal service under § 54.1020, or that the identity of the piece of equipment, portion of a piece of equipment, or utensil has been lost; or for any of the causes set forth in § 54.1032.

§ 54.1024 Who shall perform appeal service.

Appeal service for equipment or utensils shall be performed by the Chief or a design review specialist designated by the Chief. § 54.1025 Appeal reports.

After appeal service has been performed for any piece of equipment, portion of a piece of equipment or utensils, an official report shall be prepared, signed, and issued referring specifically to the original report and stating the determination of the reevaluation of compliance of the piece of equipment, portion of a piece of equipment or utensil.

§ 54.1026 Superseded reports.

The appeal report shall supersede the original report which, thereupon, shall become null and void for all or a portion of the report pertaining to the appeal service and shall not thereafter be

§ 54.1027 Application of other regulations to appeal service.

The regulations in this subpart shall apply to appeal service except insofar as they are inapplicable.
