§ 0.600 General.

This section describes the Core Values, Characteristics, and Customer Experience Principles that serve as internal guidelines for employees of the Department of Veterans Affairs (VA). These Core Values, Characteristics, and Customer Experience Principles define VA employees, articulate what VA stands for, and underscore its moral obligation to veterans, their families, and other beneficiaries. They are intended to establish one overarching set of guidelines that apply to all VA Administrations and staff offices, confirming the values already instilled in many VA employees and en-

forcing their commitment to provide the best experience possible to veterans, servicemembers, their families, caregivers, and survivors.

§ 0.601 Core Values.

VA's Core Values define VA employees. They describe the organization's culture and character, and serve as the foundation for the way VA employees should interact with each other, as well as with people outside the organization. They also serve as a common bond between all employees regardless of their grade, specialty area, or location. These Core Values are Integrity, Commitment, Advocacy, Respect, and Excellence. Together, the first letters of the Core Values spell "I CARE," and VA employees should adopt this motto and these Core Values in their day-to-day operations.

(a) *Integrity*. VA employees will act with high moral principle, adhere to the highest professional standards, and maintain the trust and confidence of all with whom they engage.

(b) *Commitment*. VA employees will work diligently to serve veterans and other beneficiaries, be driven by an earnest belief in VA's mission, and fulfill their individual responsibilities and organizational responsibilities.

(c) *Advocacy*. VA employees will be truly veteran-centric by identifying, fully considering, and appropriately advancing the interests of veterans and other beneficiaries.

(d) *Respect*. VA employees will treat all those they serve and with whom they work with dignity and respect, and they will show respect to earn it.

(e) *Excellence*. VA employees will strive for the highest quality and continuous improvement, and be thoughtful and decisive in leadership, accountable for their actions, willing to admit mistakes, and rigorous in correcting them.

§ 0.602 Core Characteristics.

While Core Values define VA employees, the Core Characteristics define what VA stands for and what VA strives to be as an organization. These are aspirational goals that VA wants

§0.603

its employees, veterans, and the American people to associate with the Department and with its workforce. These Core characteristics describe the traits all VA organizations should possess and demonstrate, and they identify the qualities needed to successfully accomplish today's missions and also support the ongoing transformation to a 21st Century VA. These characteristics are:

(a) *Trustworthy*. VA earns the trust of those it serves, every day, through the actions of its employees. They provide care, benefits, and services with compassion, dependability, effectiveness, and transparency.

(b) *Accessible*. VA engages and welcomes veterans and other beneficiaries, facilitating their use of the entire array of its services. Each interaction will be positive and productive.

(c) *Quality*. VA provides the highest standard of care and services to veterans and beneficiaries while managing the cost of its programs and being efficient stewards of all resources entrusted to it by the American people. VA is a model of unrivalled excellence due to employees who are empowered, trusted by their leaders, and respected for their competence and dedication.

(d) *Innovative*. VA prizes curiosity and initiative, encourages creative contributions from all employees, seeks continuous improvement, and adapts to remain at the forefront in knowledge, proficiency, and capability to deliver the highest standard of care and services to all of the people it serves.

(e) *Agile*. VA anticipates and adapts quickly to current challenges and new requirements by continuously assessing the environment in which it operates and devising solutions to better serve veterans, other beneficiaries, and Service members.

(f) *Integrated*. VA links care and services across the Department; other federal, state, and local agencies; partners; and Veterans Services Organizations to provide useful and understandable programs to veterans and other beneficiaries. VA's relationship with the Department of Defense is unique, and VA will nurture it for the benefit of veterans and Service members.

38 CFR Ch. I (7–1–22 Edition)

§0.603 Customer Experience principles.

VA will provide the best customer experience in its delivery of care, benefits, and memorial services to veterans, servicemembers, their families, caregivers, and survivors. The delivery of exceptional customer experience is the responsibility of all VA employees and will be guided by VA's Core Values and Characteristics. Customer experience is the product of interactions between an organization and a customer over the duration of their relationship. VA measures these interactions through Ease, Effectiveness, and Emotion, all of which impact the overall trust the customer has in the organization.

(a) *Ease*. VA will make access to VA care, benefits, and memorial services smooth and easy.

(b) *Effectiveness*. VA will deliver care, benefits, and memorial services to the customer's satisfaction.

(c) *Emotion*. VA will deliver care, benefits, and memorial services in a manner that makes customers feel honored and valued in their interactions with VA. VA will use customer experience data and insights in strategy development and decision-making to ensure that the voice of veterans, servicemembers, their families, caregivers, and survivors inform how VA delivers care, benefits, and memorial services.
