§ 337.11 Effect on other banking practices.

(a) Nothing in this part shall be construed as restricting in any manner the Corporation's authority to deal with any banking practice which is deemed to be unsafe or unsound or otherwise not in accordance with law, rule, or regulation; or which violates any condition imposed in writing by the Corporation in connection with the granting of any application or other request by an FDIC-supervised institution, or any written agreement entered into by such institution with the Corporation.
