

§ 1321.55

shall work with elected community officials in the planning and service area to designate one or more focal points on aging in each community, as appropriate. The area agency shall list designated focal points in the area plan. It shall be the responsibility of the area agency, with the approval of the State agency, to define "community" for the purposes of this section. Since the Older Americans Act defines focal point as a "facility" established to encourage the maximum collocation and coordination of services for older individuals, special consideration shall be given to developing and/or designating multi-purpose senior centers as community focal points on aging. The area agency on aging shall assure that services financed under the Older Americans Act in, or on behalf of, the community will be either based at, linked to or coordinated with the focal points designated. The area agency on aging shall assure access from the designated focal points to services financed under the Older Americans Act. The area agency on aging shall work with, or work to assure that community leadership works with, other applicable agencies and institutions in the community to achieve maximum collocation at, coordination with or access to other services and opportunities for the elderly from the designated community focal points. The area agency may not engage in any activity which is inconsistent with its statutory mission prescribed in the Act or policies prescribed by the State under § 1321.11.

§ 1321.55 Organization and staffing of the area agency.

(a) An area agency may be either:

(1) An agency whose single purpose is to administer programs for older persons; or

(2) A separate organizational unit within a multi-purpose agency which functions only for purposes of serving as the area agency on aging. Where the State agency on aging designates, as an area agency on aging, a separate organizational unit of a multipurpose agency which has been serving as an area agency, the State agency action shall not be subject to section 305(b)(5)(B) of the Act.

45 CFR Ch. XIII (10–1–23 Edition)

(b) The area agency, once designated, is responsible for providing for adequate and qualified staff to perform all of the functions prescribed in this part.

(c) The designated area agency continues to function in that capacity until either:

(1) The area agency informs the State agency that it no longer wishes to carry out the responsibilities of an area agency; or

(2) The State agency withdraws the designation of the area agency as provided in § 1321.35.

§ 1321.57 Area agency advisory council.

(a) *Functions of council.* The area agency shall establish an advisory council. The council shall carry out advisory functions which further the area agency's mission of developing and coordinating community-based systems of services for all older persons in the planning and service area. The council shall advise the agency relative to:

(1) Developing and administering the area plan;

(2) Conducting public hearings;

(3) Representing the interest of older persons; and

(4) Reviewing and commenting on all community policies, programs and actions which affect older persons with the intent of assuring maximum coordination and responsiveness to older persons.

(b) *Composition of council.* The council shall include individuals and representatives of community organizations who will help to enhance the leadership role of the area agency in developing community-based systems of services. The advisory council shall be made up of:

(1) More than 50 percent older persons, including minority individuals who are participants or who are eligible to participate in programs under this part;

(2) Representatives of older persons;

(3) Representatives of health care provider organizations, including providers of veterans' health care (if appropriate);

(4) Representatives of supportive services providers organizations;

(5) Persons with leadership experience in the private and voluntary sectors;
