comprehensive and coordinated community based systems for older persons in, or serving, communities throughout the planning and service area.

§ 1321.65 Responsibilities of service providers under area plans.

As a condition for receipt of funds under this part, each area agency on aging shall assure that providers of services shall:

(a) Provide the area agency, in a timely manner, with statistical and other information which the area agency requires in order to meet its planning, coordination, evaluation and reporting requirements established by the State under § 1321.13;

(b) Specify how the provider intends to satisfy the service needs of low-income minority individuals in the area served, including attempting to provide services to low-income minority individuals at least in proportion to the number of low-income minority older persons in the population serviced by the provider;

(c) Provide recipients with an opportunity to contribute to the cost of the service as provided in § 1321.67;

(d) With the consent of the older person, or his or her representative, bring to the attention of appropriate officials for follow-up, conditions or circumstances which place the older person, or the household of the older person, in imminent danger;

(e) Where feasible and appropriate, make arrangements for the availability of services to older persons in weather related emergencies;

(f) Assist participants in taking advantage of benefits under other programs; and

(g) Assure that all services funded under this part are coordinated with other appropriate services in the community, and that these services do not constitute an unnecessary duplication of services provided by other sources.

§ 1321.67 Service contributions.

(a) For services rendered with funding under the Older Americans Act, the area agency on aging shall assure that each service provider shall:

(1) Provide each older person with an opportunity to voluntarily contribute to the cost of the service;

45 CFR Ch. XIII (10–1–23 Edition)

(2) Protect the privacy of each older person with respect to his or her contributions; and

(3) Establish appropriate procedures to safeguard and account for all contributions.

(b) Each service provider shall use supportive services and nutrition services contributions to expand supportive services and nutrition services respectively. To that end, the State agency shall:

(1) Permit service providers to follow either the addition alternative or the cost sharing alternatives as stated in 45 CFR 75.307(e)(2) and (3); or

(2) A combination of the two alternatives.

(c) Each service provider under the Older Americans Act may develop a suggested contribution schedule for services provided under this part. In developing a contribution schedule, the provider shall consider the income ranges of older persons in the community and the provider's other sources of income. However, means tests may not be used for any service supported with funds under this part. State agencies, in developing State eligibility criteria for in-home services under section 343 of the Act, may not include a means test as an eligibility criterion.

(d) A service provider that receives funds under this part may not deny any older person a service because the older person will not or cannot contribute to the cost of the service.
