

Subpart B—Requirements for Awardees

§ 1330.10 General requirements for awardees.

(a) In carrying out a research activity under this program, an awardee must:

(1) Identify one or more hypotheses or research questions;

(2) Based on the hypotheses or research question identified, perform an intensive systematic study in accordance with its approved application directed toward:

(i) New or full scientific knowledge; or

(ii) Understanding of the subject or problem being studied.

(b) In carrying out a development activity under this program, an awardee must create, using knowledge and understanding gained from research, models, methods, tools, systems, materials, devices, applications, or standards that are adopted by and beneficial to the target population. Development activities span one or more stages of development.

(c) In carrying out a training activity under this program, an awardee shall conduct a planned and systematic sequence of supervised instruction that is designed to impart predetermined skills and knowledge.

(d) In carrying out a demonstration activity under this program, an awardee shall apply results derived from previous research, testing, or practice to determine the effectiveness of a new strategy or approach.

(e) In carrying out a utilization activity under this program, a grantee must relate research findings to practical applications in planning, policy making, program administration, and delivery of services to individuals with disabilities.

(f) In carrying out a dissemination activity under this program, a grantee must systematically distribute information or knowledge through a variety of ways to potential users or beneficiaries.

(g) In carrying out a technical assistance activity under this program, a grantee must provide expertise or information for use in problem-solving.

§ 1330.11 Individuals with disabilities from minority backgrounds.

(a) If the director so indicates in the application materials or elsewhere, an applicant for assistance under this program must demonstrate in its application how it will address, in whole or in part, the needs of individuals with disabilities from minority backgrounds.

(b) The approaches an applicant may take to meet this requirement may include one or more of the following:

(1) Proposing project objectives addressing the needs of individuals with disabilities from minority backgrounds.

(2) Demonstrating that the project will address a problem that is of particular significance to individuals with disabilities from minority backgrounds.

(3) Demonstrating that individuals from minority backgrounds will be included in study samples in sufficient numbers to generate information pertinent to individuals with disabilities from minority backgrounds.

(4) Drawing study samples and program participant rosters from populations or areas that include individuals from minority backgrounds.

(5) Providing outreach to individuals with disabilities from minority backgrounds to ensure that they are aware of rehabilitation services, clinical care, or training offered by the project.

(6) Disseminating materials to or otherwise increasing the access to disability information among minority populations.

Subpart C—Selection of Awardees

§ 1330.20 Peer review purpose.

The purpose of peer review is to insure that:

(a) Those activities supported by the National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR) are of the highest scientific, administrative, and technical quality; and

(b) Activity results may be widely applied to appropriate target populations and rehabilitation problems.

§ 1330.21 Peer review process.

(a) The Director refers each application for an award governed by these

regulations in this part to a peer review panel established by the Director.

(b) Peer review panels review applications on the basis of the applicable selection criteria in § 1330.23.

§ 1330.22 Composition of peer review panel.

(a) The Director selects as members of a peer review panel scientists and other experts in disability, independent living, rehabilitation or related fields who are qualified, on the basis of training, knowledge, or experience, to give expert advice on the merit of the applications under review.

(b) The scientific peer review process shall be conducted by individuals who are not Department of Health and Human Services employees.

(c) In selecting members to serve on a peer review panel, the Director may take into account the following factors:

(1) The level of formal scientific or technical education completed by potential panel members.

(2) The extent to which potential panel members have engaged in scientific, technical, or administrative activities appropriate to the category of applications that the panel will consider; the roles of potential panel members in those activities; and the quality of those activities.

(3) The recognition received by potential panel members as reflected by awards and other honors from scientific and professional agencies and organizations outside the Department.

(4) Whether the panel includes knowledgeable individuals with disabilities, or parents, family members, guardians, advocates, or authorized representatives of individuals with disabilities.

(5) Whether the panel includes individuals from diverse populations.

§ 1330.23 Evaluation process.

(a) The Director selects one or more of the selection criteria to evaluate an application:

(1) The Director establishes selection criteria based on statutory provisions that apply to the Program which may include, but are not limited to:

(i) Specific statutory selection criteria;

(ii) Allowable activities;

(iii) Application content requirements; or

(iv) Other pre-award and post-award conditions; or

(2) The Director may use a combination of selection criteria established under paragraph (a)(1) of this section and selection criteria from § 1330.24 to evaluate a competition.

(3) For Field-Initiated Projects, the Director does not consider § 1330.24(b) (Responsiveness to the Absolute or Competitive Priority) in evaluating an application.

(b) In considering selection criteria in § 1330.24, the Director selects one or more of the factors listed in the criteria, but always considers the factors in § 1330.24(n) regarding people with disabilities, and members of groups that have traditionally been underrepresented based on race, ethnicity, national origin, sex (including sexual orientation and gender identity), or age.

(c) The maximum possible score for an application is 100 points.

(d) In the application package or a notice published in the FEDERAL REGISTER, the Director informs applicants of:

(1) The selection criteria chosen and the maximum possible score for each of the selection criteria; and

(2) The factors selected for considering the selection criteria and if points are assigned to each factor, the maximum possible score for each factor under each criterion. If no points are assigned to each factor, the Director evaluates each factor equally.

(e) For all instances in which the Director chooses to allow field-initiated research and development, the selection criteria in § 1330.25 will apply, including the requirement that the applicant must achieve a score of 85 percent or more of maximum possible points.

[81 FR 29159, May 11, 2016, as amended at 87 FR 50003, Aug. 15, 2022]

§ 1330.24 Selection criteria.

In addition to criteria established under § 1330.23(a)(1), the Director may select one or more of the following criteria in evaluating an application:

(a) *Importance of the problem.* In determining the importance of the problem, the Director considers one or more of the following factors:
