

(i) State the reasons for the affirmation, including any FOIA exemptions applied;

(ii) Notify the requester of their statutory right to file a lawsuit; and

(iii) Inform the requester of the mediation services offered by OGIS as a non-exclusive alternative to litigation.

(2) If the FOIA Appeals Officer's decision remands or modifies the Agency determination, either in whole or in part, they will notify the requester of that determination in writing. Thereafter, AmeriCorps will re-process the FOIA request in accordance with that determination and, if applicable, promptly send the releasable records to the requester, unless a reasonable delay is justified.

§ 2507.15 Mediation and dispute resolution services.

If a requester receives an adverse determination on a FOIA request, they have the right to seek dispute resolution services from the FOIA Public Liaison or mediation services from OGIS. Congress has charged OGIS with resolving FOIA disputes between Federal agencies and requesters. OGIS's mediation services are an alternative to litigation, but do not preclude it.

Subpart G—Fees

§ 2507.16 Definitions for this subpart.

In addition to the definitions in § 2507.3, the following definitions apply to this subpart:

Commercial use request is a FOIA request for a purpose that furthers a commercial, trade, or profit interest, which can include furthering those interests through litigation. The Agency's decision to place a requester in the commercial use category will be made on a case-by-case basis, in consideration of the requester's intended use of the information.

Direct costs are the expenses AmeriCorps incurs in searching for and duplicating (and, in the case of commercial use requests, reviewing) records in order to respond to a FOIA request. Direct costs do not include overhead expenses such as the costs of

space, or of heating or lighting a facility.

Duplication fees are the reasonable direct costs of making copies of records to respond to a FOIA request, including the cost of materials to produce paper copies and materials plus operator time to produce tapes, disks, or other media.

Educational institution is any school that operates a program of scholarly research. To qualify for this fee category, a requester must show that the request is authorized by, and made under the auspices of, an educational institution and that the records are not sought for a commercial use, but rather are sought to further scholarly research. The request must serve the scholarly research goals of the institution rather than an individual research goal.

Fee waiver is a waiver or reduction of processing fees if a requester can demonstrate that certain statutory standards are satisfied, including that the information is in the public interest and is not requested for a commercial interest.

Noncommercial scientific institution is an institution that is not operated on a "commercial" basis and that is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry. A requester in this category must show that the request is authorized by, and made under the auspices of, a qualifying institution and that the records are sought to further scientific research and are not for a commercial use.

Representative of the news media is any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience. In this clause, the term "news" means information that is about current events or that would be of current interest to the public. A freelance journalist will be regarded as a representative of the news media if they demonstrate a solid basis for expecting publication through a news media entity.
