3. Research that is part of the IRB-approved protocol has progressed to the point that it involves only one or both of the following:
   i. data analysis, including analysis of identifiable private information or identifiable biospecimens, or
   ii. accessing follow-up clinical data from interventions that subjects would undergo as part of clinical care.

   (1) For each activity under this contract that requires continuing review, the Contractor shall submit an annual written representation to the CO or COR stating whether research activities have been reviewed and approved by the IRB within the previous 12 months. The Contractor may use the form titled ‘U.S. Department of Health and Human Services (HHS) Subpart C Certification Form’ for this representation. For multi-institutional projects, the Contractor shall provide this representation on its behalf and on behalf of any subcontractor engaged in research activities for which continuing IRB reviews are required.

   (2) If the IRB disapproves, suspends, terminates, or requires modification of any research activities under this contract, the Contractor shall immediately notify the CO in writing of the IRB’s action.

   (g) The Contractor shall bear full responsibility for performing, as safely as is feasible, all activities under this contract involving the use of human subjects and for complying with all applicable regulations and requirements concerning human subjects. Neither the Contractor, subcontractor, agents of the Contractor, or employees of the Contractor, nor any person, organization, institution, or group of any kind involved in the performance of such activities under this contract, shall be deemed to constitute an agent or employee of the Department or of the Federal government with respect to such activities. The Contractor agrees to discharge its obligations, duties, and undertakings and the work pursuant thereto, whether requiring professional judgment or otherwise, as an independent contractor without imputing liability on the part of the Government for the acts of the Contractor, subcontractor, or their employees.

   (h) Upon discovery of any noncompliance with any of the requirements or standards as stated in this clause, the CO may suspend work under this contract, in whole or in part, until it is determined that the Contractor has corrected such noncompliance and the CO authorizes the continuation of work.

   1. Initial notice of suspension. The initial notice of suspension under this clause may be communicated orally or in writing by the CO.

   2. Notice of suspension of work. The CO shall provide written notice of suspension of work under this clause. The notice shall contain the following:
      a. The effective date of suspension of work.
      b. The requirements and/or standards for which the Contractor is out of compliance.
      c. Any special instructions for the suspension of work.

   3. Authorization to resume work. If the CO determines that the noncompliance has been remedied and it is in the best interest of the Government, the CO may authorize work to resume under the contract. The CO will provide written notice to the Contractor of such authorization.

   (i) The Regulations, and related information on the protection of human research subjects, can be found on the Department’s website: https://www2.ed.gov/about/offices/list/ocr/humansub.html.

(d) To the extent required to ensure the Contractor’s compliance with the provisions of FERPA and other Federal provisions, the Contractor shall afford the Department and its authorized agents access to all of the facilities, installations, technical capabilities, operations, documentation, records, databases, policies, procedures, and systems of the Contractor and any subcontractor.

(e) The Contractor shall limit access to the PII to the Contractor’s personnel who require the PII to satisfy the Contractor’s obligations under the contract.

(f) If the Contractor collects or receives access to the PII to conduct a study for, or on behalf of, an educational agency or institution, then the Contractor shall conduct such study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the Contractor, or subcontractors, with legitimate interests in the study.

(g) Once the purpose for which the PII was collected or accessed is fully satisfied, the Contractor shall notify the Department immediately and seek the Department’s instruction and authorization regarding destruction of the PII in accordance with law.

(h) If the Contractor subcontracts any of the contract work requiring collection or access to the PII, then the Contractor shall include this clause (including this paragraph (h)) in any such subcontract and, further, the Contractor shall ensure that subcontractors at any tier comply with all terms, conditions, and obligations imposed on the Contractor herein and under FERPA.
