

§ 1303.10

costs will exceed 15 percent of total approved costs, it must submit a waiver request to the responsible HHS official that explains why costs exceed the limit, that indicates the time period the waiver will cover, and that describes what the grant recipient will do to reduce its development and administrative costs to comply with the 15 percent limit after the waiver period.

Subpart B—Administrative Requirements

§ 1303.10 Purpose.

A grant recipient must observe standards of organization, management, and administration that will ensure, so far as reasonably possible, that all program activities are conducted in a manner consistent with the purposes of the Act and the objective of providing assistance effectively, efficiently, and free of any taint of partisan political bias or personal or family favoritism.

§ 1303.11 Limitations and prohibitions.

An agency must adhere to sections 644(e), 644(g)(3), 653, 654, 655, 656, and 657A of the Act. These sections pertain to union organizing, the Davis-Bacon Act, limitations on compensation, non-discrimination, unlawful activities, political activities, and obtaining parental consent.

§ 1303.12 Insurance and bonding.

An agency must have an ongoing process to identify risks and have cost-effective insurance for those identified risks; a grant recipient must require the same for its delegates. The agency must specifically consider the risk of accidental injury to children while participating in the program. The grant recipient must submit proof of appropriate coverage in its initial application for funding. The process of identifying risks must also consider the risk of losses resulting from fraudulent acts by individuals authorized to disburse Head Start funds. Consistent with 45 CFR part 75, if the agency lacks sufficient coverage to protect the federal government's interest, the agency must maintain adequate fidelity bond coverage.

45 CFR Ch. XIII (10–1–24 Edition)

Subpart C—Protections for the Privacy of Child Records

§ 1303.20 Establishing procedures.

A program must establish procedures to protect the confidentiality of any personally identifiable information (PII) in child records.

§ 1303.21 Program procedures—applicable confidentiality provisions.

(a) If a program is an educational agency or institution that receives funds under a program administered by the Department of Education and therefore is subject to the confidentiality provisions under the Family Educational Rights and Privacy Act (FERPA), then it must comply with those confidentiality provisions of FERPA instead of the provisions in this subpart.

(b) If a program serves a child who is referred to, or found eligible for services under, IDEA, then a program must comply with the applicable confidentiality provisions in Part B or Part C of IDEA to protect the PII in records of those children, and, therefore, the provisions in this subpart do not apply to those children.

§ 1303.22 Disclosures with, and without, parental consent.

(a) *Disclosure with parental consent.* (1) Subject to the exceptions in paragraphs (b) and (c) of this section, the procedures to protect PII must require the program to obtain a parent's written consent before the program may disclose such PII from child records.

(2) The procedures to protect PII must require the program to ensure the parent's written consent specifies what child records may be disclosed, explains why the records will be disclosed, and identifies the party or class of parties to whom the records may be disclosed. The written consent must be signed and dated.

(3) "Signed and dated written consent" under this part may include a record and signature in electronic form that:

- (i) Identifies and authenticates a particular person as the source of the electronic consent; and,
- (ii) Indicates such person's approval of the information.

(4) The program must explain to the parent that the granting of consent is voluntary on the part of the parent and may be revoked at any time. If a parent revokes consent, that revocation is not retroactive and therefore it does not apply to an action that occurred before the consent was revoked.

(b) *Disclosure without parental consent but with parental notice and opportunity to refuse.* The procedures to protect PII must allow the program to disclose such PII from child records without parental consent if the program notifies the parent about the disclosure, provides the parent, upon the parent's request, a copy of the PII from child records to be disclosed in advance, and gives the parent an opportunity to challenge and refuse disclosure of the information in the records, before the program forwards the records to officials at a program, school, or school district in which the child seeks or intends to enroll or where the child is already enrolled so long as the disclosure is related to the child's enrollment or transfer.

(c) *Disclosure without parental consent.* The procedures to protect PII must allow the program to disclose such PII from child records without parental consent to:

(1) Officials within the program or acting for the program, such as contractors and subrecipients, if the official provides services for which the program would otherwise use employees, the program determines it is necessary for Head Start services, and the program maintains oversight with respect to the use, further disclosure, and maintenance of child records, such as through a written agreement;

(2) Officials within the program, acting for the program, or from a federal or state entity, in connection with an audit or evaluation of education or child development programs, or for enforcement of or compliance with federal legal requirements of the program; provided the program maintains oversight with respect to the use, further disclosure, and maintenance of child records, such as through a written agreement, including the destruction of the PII when no longer needed for the purpose of the disclosure, except when the disclosure is specifically au-

thorized by federal law or by the responsible HHS official;

(3) Officials within the program, acting for the program, or from a federal or state entity, to conduct a study to improve child and family outcomes, including improving the quality of programs, for, or on behalf of, the program, provided the program maintains oversight with respect to the use, further disclosure, and maintenance of child records, such as through a written agreement, including the destruction of the PII when no longer needed for the purpose of the disclosure;

(4) Appropriate parties in order to address a disaster, health or safety emergency during the period of the emergency, or a serious health and safety risk such as a serious food allergy, if the program determines that disclosing the PII from child records is necessary to protect the health or safety of children or other persons;

(5) Comply with a judicial order or lawfully issued subpoena, provided the program makes a reasonable effort to notify the parent about all such subpoenas and court orders in advance of the compliance therewith, unless:

(i) A court has ordered that neither the subpoena, its contents, nor the information provided in response be disclosed;

(ii) The disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 U.S.C. 2332b(g)(5)(B) or an act of domestic or international terrorism as defined in 18 U.S.C. 2331.

(iii) A parent is a party to a court proceeding directly involving child abuse and neglect (as defined in section 3 of the Child Abuse Prevention and Treatment Act (42 U.S.C. 5101)) or dependency matters, and the order is issued in the context of that proceeding, additional notice to the parent by the program is not required; or,

(iv) A program initiates legal action against a parent or a parent initiates legal action against a program, then a program may disclose to the court, also without a court order or subpoena, the child records relevant for the program to act as plaintiff or defendant.

§ 1303.23

(6) The Secretary of Agriculture or an authorized representative from the Food and Nutrition Service to conduct program monitoring, evaluations, and performance measurements for the Child and Adult Care Food Program under the Richard B. Russell National School Lunch Act or the Child Nutrition Act of 1966, if the results will be reported in an aggregate form that does not identify any individual: Provided, that any data collected must be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary of Agriculture and any PII must be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements;

(7) A caseworker or other representative from a state, local, or tribal child welfare agency, who has the right to access a case plan for a child who is in foster care placement, when such agency is legally responsible for the child's care and protection, under state or tribal law, if the agency agrees in writing to protect PII, to use information from the child's case plan for specific purposes intended of addressing the child's needs, and to destroy information that is no longer needed for those purposes; and,

(8) Appropriate parties in order to address suspected or known child maltreatment and is consistent with applicable federal, state, local, and tribal laws on reporting child abuse and neglect.

(d) *Written agreements.* When a program establishes a written agreement with a third party, the procedures to protect such PII must require the program to annually review and, if necessary, update the agreement. If the third party violates the agreement, then the program may:

(1) Provide the third party an opportunity to self-correct; or,

(2) Prohibit the third party from access to records for a set period of time as established by the programs governing body and policy council.

(e) *Annual notice.* The procedures to protect PII must require the program to annually notify parents of their rights in writing described in this sub-

45 CFR Ch. XIII (10–1–24 Edition)

part and applicable definitions in part 1305 of this chapter, and include in that notice a description of the types of PII that may be disclosed, to whom the PII may be disclosed, and what may constitute a necessary reason for the disclosure without parental consent as described in paragraph (c) of this section.

(f) *Limit on disclosing PII.* A program must only disclose the information that is deemed necessary for the purpose of the disclosure.

§ 1303.23 Parental rights.

(a) *Inspect record.* (1) A parent has the right to inspect child records.

(2) If the parent requests to inspect child records, the program must make the child records available within a reasonable time, but no more than 45 days after receipt of request.

(3) If a program maintains child records that contain information on more than one child, the program must ensure the parent only inspects information that pertains to the parent's child.

(4) The program shall not destroy a child record with an outstanding request to inspect and review the record under this section.

(b) *Amend record.* (1) A parent has the right to ask the program to amend information in the child record that the parent believes is inaccurate, misleading, or violates the child's privacy.

(2) The program must consider the parent's request and, if the request is denied, render a written decision to the parent within a reasonable time that informs the parent of the right to a hearing.

(c) *Hearing.* (1) If the parent requests a hearing to challenge information in the child record, the program must schedule a hearing within a reasonable time, notify the parent, in advance, about the hearing, and ensure the person who conducts the hearing does not have a direct interest in its outcome.

(2) The program must ensure the hearing affords the parent a full and fair opportunity to present evidence relevant to the issues.

(3) If the program determines from evidence presented at the hearing that the information in the child records is inaccurate, misleading, or violates the

child's privacy, the program must either amend or remove the information and notify the parent in writing.

(4) If the program determines from evidence presented at the hearing that information in the child records is accurate, does not mislead, or otherwise does not violate the child's privacy, the program must inform the parent of the right to place a statement in the child records that either comments on the contested information or that states why the parent disagrees with the program's decision, or both.

(d) *Right to copy of record.* The program must provide a parent, free of charge, an initial copy of child records disclosed to third parties with parental consent and, upon parent request, an initial copy of child records disclosed to third parties, unless the disclosure was for a court that ordered neither the subpoena, its contents, nor the information furnished in response be disclosed.

(e) *Right to inspect written agreements.* A parent has the right to review any written agreements with third parties.

§ 1303.24 Maintaining records.

(a) A program must maintain child records in a manner that ensures only parents, and officials within the program or acting on behalf of the program have access, and such records must be destroyed within a reasonable timeframe after such records are no longer needed or required to be maintained.

(b) A program must maintain, with the child records, for as long as the records are maintained, information on all individuals, agencies, or organizations to whom a disclosure of PII from the child records was made (except for program officials and parents) and why the disclosure was made. If a program uses a web-based data system to maintain child records, the program must ensure such child records are adequately protected and maintained according to current industry security standards.

(c) If a parent places a statement in the child record, the program must maintain the statement with the contested part of the child record for as long as the program maintains the record and, disclose the statement

whenever it discloses the portion of the child record to which the statement relates.

Subpart D—Delegation of Program Operations

§ 1303.30 Grant recipient responsibility and accountability.

A grant recipient is accountable for the services its delegate agencies provide. The grant recipient supports, oversees and ensures delegate agencies provide high-quality services to children and families and meet all applicable Head Start requirements. The grant recipient can only terminate a delegate agency if the grant recipient shows cause why termination is necessary and provides a process for delegate agencies to appeal termination decisions. The grant recipient retains legal responsibility and authority and bears financial accountability for the program when services are provided by delegate agencies.

§ 1303.31 Determining and establishing delegate agencies.

(a) If a grant recipient enters into an agreement with another entity to serve children, the grant recipient must determine whether the agreement meets the definition of "delegate agency" in section 637(3) of the Act.

(b) A grant recipient must not award a delegate agency federal financial assistance unless there is a written agreement and the responsible HHS official approves the agreement before the grant recipient delegates program operations.

§ 1303.32 Evaluations and corrective actions for delegate agencies.

A grant recipient must evaluate and ensure corrective action for delegate agencies according to section 641A(d) of the Act.

§ 1303.33 Termination of delegate agencies.

(a) If a grant recipient shows cause why termination is appropriate or demonstrates cost effectiveness, the grant recipient may terminate a delegate agency's contract.
