

## § 1302.22

(i) Plan its year using a reasonable estimate of the number of days during a year that classes may be closed due to problems such as inclement weather; and,

(ii) Make every effort to schedule makeup days using existing resources if hours of planned class operations fall below the number required per year.

(d) *Licensing and square footage requirements.* (1) The facilities used by a program must meet state, tribal, or local licensing requirements, even if exempted by the licensing entity. When state, tribal, or local requirements vary from Head Start requirements, the most stringent provision takes precedence.

(2) A center-based program must have at least 35 square feet of usable indoor space per child available for the care and use of children (exclusive of bathrooms, halls, kitchen, staff rooms, and storage places) and at least 75 square feet of usable outdoor play space per child.

(3) A program that operates two or more groups within an area must ensure clearly defined, safe divisions to separate groups. A program must ensure such spaces are learning environments that facilitate the implementation of the requirements in subpart C of this part. The divisions must limit noise transfer from one group to another to prevent disruption of an effective learning environment.

### § 1302.22 Home-based option.

(a) *Setting.* The home-based option delivers the full range of services, consistent with § 1302.20(b), through visits with the child's parents, primarily in the child's home and through group socialization opportunities in a Head Start classroom, community facility, home, or on field trips. For Early Head Start programs, the home-based option may be used to deliver services to some or all of a program's enrolled children. For Head Start Preschool programs, the home-based option may only be used to deliver services to a portion of a program's enrolled children.

(b) *Caseload.* A program that implements a home-based option must maintain an average caseload of 10 to 12

## 45 CFR Ch. XIII (10–1–24 Edition)

families per home visitor with a maximum of 12 families for any individual home visitor.

(c) *Service duration*—(1) *Early Head Start.* By August 1, 2017, an Early Head Start home-based program must:

(i) Provide one home visit per week per family that lasts at least an hour and a half and provide a minimum of 46 visits per year; and,

(ii) Provide, at a minimum, 22 group socialization activities distributed over the course of the program year.

(2) *Head Start Preschool.* A Head Start Preschool home-based program must:

(i) Provide one home visit per week per family that lasts at least an hour and a half and provide a minimum of 32 visits per year; and,

(ii) Provide, at a minimum, 16 group socialization activities distributed over the course of the program year.

(3) *Meeting minimum requirements.* A program that implements a home-based option must:

(i) Make up planned home visits or scheduled group socialization activities that were canceled by the program, and to the extent possible attempt to make up planned home visits canceled by the family, when this is necessary to meet the minimums described in paragraphs (c)(1) and (2) of this section; and,

(ii) Not replace home visits or scheduled group socialization activities for medical or social service appointments for the purposes of meeting the minimum requirements described in paragraphs (c)(1) and (2) of this section.

(d) *Safety requirements.* The areas for learning, playing, sleeping, toileting, preparing food, and eating in facilities used for group socializations in the home-based option must meet the safety standards described in § 1302.47(1)(ii) through (viii).

[81 FR 61412, Sept. 6, 2016, as amended at 89 FR 67809, Aug. 21, 2024]

### § 1302.23 Family child care option.

(a) *Setting.* The family child care program option delivers the full range of services, consistent with § 1302.20(b). Education and child development services are primarily delivered by a family child care provider in their home or other family-like setting. A program may choose to offer the family child care option if:

(1) The program has a legally binding agreement with one or more family child care provider(s) that clearly defines the roles, rights, and responsibilities of each party, or the program is the employer of the family child care provider, and ensures children and families enrolled in this option receive the full range of services described in subparts C, D, E, F, and G of this part; and,

(2) The program ensures family child care homes are available that can accommodate children and families with disabilities.

(b) *Ratios and group size*—(1) *Group size*. A program that operates the family child care option where Head Start children are enrolled must ensure group size does not exceed the limits specified in this section. If the family child care provider's own children under the age of six are present, they must be included in the group size.

(2) *Mixed age with preschoolers*. When there is one family child care provider, with a mixed-age group of children that includes children over 36 months of age, the maximum group size is six children and no more than two of the six may be under 24 months of age. When there are two providers, the maximum group size is twelve children with no more than four of the twelve children under 24 months of age.

(3) *Infants and toddlers only*. When there is one family child care provider with a group of children that are all under 36 months of age, the maximum group size is four children, and no more than two of the four children may be under 18 months of age.

(4) *Maintaining ratios*. A program must maintain appropriate ratios during all hours of program operation. A program must ensure providers have systems to ensure the safety of any child not within view for any period. A program must make substitute staff available with the necessary training and experience to ensure quality services to children are not interrupted.

(c) *Service duration*. Whether family child care option services are provided directly or via contractual arrangement, a program must ensure family child care providers operate sufficient hours to meet the child care needs of

families and not less than 1,380 hours per year.

(d) *Licensing requirements*. A family child-care provider must be licensed by the state, tribal, or local entity to provide services in their home or family-like setting. When state, tribal, or local requirements vary from Head Start requirements, the most stringent provision applies.

(e) *Child development specialist*. A program that offers the family child care option must provide a child development specialist to support family child care providers and ensure the provision of quality services at each family child care home. Child development specialists must:

(1) Conduct regular visits to each home, some of which are unannounced, not less than once every two weeks;

(2) Periodically verify compliance with either contract requirements or agency policy;

(3) Facilitate ongoing communication between program staff, family child care providers, and enrolled families; and,

(4) Provide recommendations for technical assistance and support the family child care provider in developing relationships with other child care professionals.

[81 FR 61412, Sept. 6, 2016, as amended at 89 FR 67809, Aug. 21, 2024]

#### **§ 1302.24 Locally-designed program option variations.**

(a) *Waiver option*. Programs may request to operate a locally-designed program option, including a combination of program options, to better meet the unique needs of their communities or to demonstrate or test alternative approaches for providing program services. In order to operate a locally-designed program option, programs must seek a waiver as described in this section and must deliver the full range of services, consistent with § 1302.20(b), and demonstrate how any change to their program design is consistent with achieving program goals in subpart J of this part.

(b) *Request for approval*. A program's request to operate a locally-designed variation may be approved by the responsible HHS official through the end of a program's current grant or, if the
