

§ 1329.20

(i) Chairperson of the SILC, acting on behalf of and at the direction of the SILC;

(ii) The director of the DSE, signifying agreement to execute the responsibilities of the DSE identified in section 704(c) of the Act; and

(iii) Not less than 51 percent of the directors of the CILs in the State. For purposes of this provision, if a legal entity that constitutes the “CIL” has multiple Part C grants considered as separate Centers for all other purposes, for SPIL signature purposes, it is only considered as one Center. CILs with service areas in more than one State that meet the other applicable requirements are eligible to participate in SPIL development and sign the SPIL in each of the relevant States.

(e) The State plan must provide for the review and revision of the plan, not less than once every three years, to ensure the existence of appropriate planning, financial support and coordination, and other assistance to meet the requirements of section 704(a) of the Act.

(f) The public, including people with disabilities and other stakeholders throughout the State, must have an opportunity to comment on the State plan prior to its submission to the Administrator and on any revisions to the approved State plan. Meeting this standard for public input from individuals with disabilities requires providing reasonable modifications in policies, practices, or procedures; effective communication and appropriate auxiliary aids and services for individuals with disabilities, which may include the provision of qualified interpreters and information in alternate formats, free of charge.

(1) The requirement for public input in this section may be met by holding public meetings before a preliminary draft State plan is prepared and by providing a preliminary draft State plan for comment prior to submission.

(2) To meet the public input standard of this section, a public meeting requires:

(i) Accessible, appropriate and sufficient notice provided at least 30 days prior to the public meeting through various media available to the general public, such as Web sites, newspapers

and public service announcements, and through specific contacts with appropriate constituency groups.

(ii) All notices, including notices published on a Web site, and other written materials provided at or prior to public meetings must be available upon request in accessible formats.

(g) The State plan must identify those provisions that are State-imposed requirements. For purposes of this section, a State-imposed requirement includes any State law, regulation, rule, or policy relating to the DSE’s administration or operation of IL programs under Title VII of the Act, including any rule or policy implementing any Federal law, regulation, or guideline that is beyond what would be required to comply with the regulations in this part.

(h) The State plan must address how the specific requirements in the Act and in paragraph (f) of this section will be met.

(a) In any State in which the Administrator has approved the State plan required by section 704 of the Act, an eligible agency funded under Part C in fiscal year 2015 may receive a continuation award in FY 2016 or a succeeding fiscal year if the Center has—
