(d) No more than one such assessment shall be made on any potatoes or potato products.

[57 FR 40083, Sept. 2, 1992, as amended at 58 FR 3359, Jan. 8, 1993; 59 FR 44036, Aug. 26, 1994; 71 FR 11296, Mar. 7, 2006; 71 FR 50330, Aug. 25, 2006; 74 FR 63543, Dec. 4, 2009; 75 FR 14491, Mar. 26, 2010; 87 FR 22436, Apr. 15, 2022]

§ 1207.511 Determination of assessable quantity.

The assessable quantity of potatoes in any lot shall be determined on the basis of utilization. Assessments shall be due on the entire lot handled for human consumption, seed, or unspecified purposes if there is no accounting made on the basis of the utilization of such lot. However, if the accounting identifies all or portions of such lot on the basis of utilization, assessments shall be due only on that portion utilized for human consumption and seed.

§ 1207.512 Designated handler.

The assessment on each lot of potatoes produced in the 50 States of the United States and handled shall be paid by the designated handler as hereafter set forth.

(a) Unless otherwise provided in paragraphs (a)(8), (b), and (c) of this section, the designated handler shall be the first handler of such potatoes. The first handler is the person who initially performs a handler function as heretofore defined. Such person may be a fresh shipper, processor, or other person who first places the potatoes in the channels of commerce. A producer who grades, packs, or otherwise performs handler functions thereby becomes a handler and as such assumes first handler responsibilities under this part. The following examples are provided to aid in identification of first handlers who are designated handlers:

(1) Producer delivers field-run potatoes of his own production to a handler for preparation for market. The handler in this instance is the designated handler, regardless of whether he subsequently handles such potatoes for his own account or for the account of the producer.

(2) Producer delivers field-run potatoes of his own production to a handler who takes title to such potatoes and places them in storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(3) Producer delivers field-run potatoes to a commercial storage facility for the purpose of holding such potatoes under his own account for later sale. There is no designated handler in this instance since such potatoes have not been handled as heretofore defined and no assessment is due. The designated handler of such potatoes would be identified on the basis of subsequent handling of such potatoes.

(4) Fresh shipper purchases a lot of potatoes from a producer, packs a portion of such potatoes for fresh market, and delivers the balance to a processor. The fresh shipper is the designated handler for all potatoes in the lot.

(5) Handler purchases potatoes from a producer's field or storage for the purpose of preparing such potatoes for market or for transporting such potatoes to storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(6) Producer packs and sells potatoes of his own production from the field, roadside stand, or storage to a consumer, itinerant trucker, or other buyer. In performing such handler functions the producer assumes the responsibility of designated handler.

(7) Processor utilizes potatoes of his own production in the manufacture of potato chips, frozen, dehydrated, or canned products for human consumption. In so handling potatoes, the processor assumes the responsibility of designated handler.

(8) Producer utilizes potatoes of his own production for seed in planting his subsequent crop. Such seed potatoes do not enter the current of commerce; there is no designated handler in this instance since the potatoes have not been handled as heretofore defined and no assessment is due. However, seed potatoes sold or shipped to other producers for planting or to other persons for subsequent disposition enter the current of commerce and are subject to assessment. The producer of seed potatoes shall be the designated handler of such potatoes shipped to other producers for planting and the assessment is due when he first sells or otherwise
