## Department of Justice

STATEMENT

OF

TRACY HENKE
DEPUTY ASSOCIATE ATTORNEY GENERAL

BEFORE THE

COMMITTEE ON INDIAN AFFAIRS UNITED STATES SENATE

CONCERNING

INDIAN TRIBAL DETENTION FACILITIES

PRESENTED ON

JUNE 23, 2004

Mr. Chairman, Mr. Vice-Chairman Inouye, and members of the Committee, my name is Tracy Henke and I serve as the Deputy Associate Attorney General for the Department of Justice. Thank you for the opportunity to discuss the Department's limited role with tribal detention facilities.

Today, thirty-three states contain approximately 300 Indian land areas or reservations. Jurisdiction over crimes in Indian country depends on several factors, including the identity of the victim and the offender, the severity of the crime, and where the crime was committed.

There are two groups of Indian offenders who may be in federal custody. First, there are prisoners who have committed an offense under federal law. Often, these offenses fall under 18 U.S.C. § 1152 and § 1153. Section 1153, known as the Major Crimes Act, gives the federal government jurisdiction to prosecute certain enumerated serious offenses, such as murder, manslaughter, rape, aggravated assault, and child sexual abuse, when they are committed by Indians in Indian country (Tribes also have concurrent jurisdiction to prosecute Major Crimes, although tribes are limited by statute to imposing one-year prison sentences and \$5,000 fines). Section 1152, known as the Indian Country Crimes Act, gives the federal government exclusive jurisdiction to prosecute all crimes committed by non-Indians against Indian victims. Section 1152 also grants the Federal Government jurisdiction to prosecute minor crimes by Indians against non-Indians, although that jurisdiction is shared with tribes. Offenders in this category are under the jurisdiction of the Bureau of Prisons (BOP), and not in Indian tribal facilities.

The second group are prisoners who have committed offenses under tribal law. Indian prisoners in this group are under the jurisdiction of the tribe whose law has been violated. As part of their inherent sovereignty, Indian tribes have jurisdiction to prosecute all crimes committed under tribal law by Indians in Indian country. These prisoners are generally in facilities operated by the Bureau of Indian Affairs (BIA) or the tribal government. Currently, of the 74 facilities in Indian country, 39 are owned by the BIA. Of the thirty-nine BIA facilities, 19 are operated by BIA and the operations of the remaining 20 are contracted out. The remaining 35 facilities are owned and operated by tribal governments under PL 93-638 contracts.

The Department of Justice's involvement with Indian country detention facilities is generally limited to our Correctional Facilities on Tribal Lands Program. This program, authorized by Section 20109, Subtitle A of Title II of the Violent Crime Control and Law Enforcement Act of 1994 (42 U.S.C. Section 13701 et seq.) provides funds to American Indian and Alaska Native tribes to construct correctional facilities on tribal lands for the incarceration of offenders subject to tribal jurisdiction. Corrections facility is defined as a residential facility that houses adult or juvenile offenders accused or adjudicated of a crime.

Specifically, the Department of Justice has administered tribal correctional facility grants totaling \$19,453,000 in FY 2001; \$35,191,000 in FY 2002; \$4,967,000 in FY 2003; and \$1,895,000 in FY 2004. It is important to understand that these grants are statutorily limited to "brick and mortar" construction costs only. Grantees are responsible for fully supporting, operating, and maintaining these correctional facilities.

Since the inception and funding of the program, the Department of Justice has provided funding to 23 tribes for jail construction. Of these 23 facilities, 8 facilities are exclusively juvenile, 12 are combined adult/juvenile, and 3 are exclusively adult. All 23 tribes are actively implementing design or construction initiatives. Some have added beds to existing facilities, but most involve new construction. Proposed facilities range in size from 8 to 68 beds.

In addition to the Correctional Facilities on Tribal Lands Program, the

Department's Bureau of Justice Statistics (BJS) compiles statistics relating to detention
facilities in Indian country. In November 2003, the BJS published "Jails in Indian

Country, 2002," the most recent survey of adult and juvenile detention centers in Indian

country. Data for the BJS bulletin was obtained by mailed questionnaires accompanied

by follow-up phone calls and facsimiles. In total, 68 of the facilities in Indian country

responded. For the Committee's review, copies of the BJS bulletin, "Jails in Indian

Country, 2002," as well as the BJS questionnaire sent to the detention facilities have been

provided. It is important to note that while the BJS bulletin contains statistical

information about Indian detention facilities, it does not gather information regarding

conditions in the jails.

As the Administration, through BIA, works to improve Indian detention facilities, the Department of Justice will continue to assist as we are able. Most recently, an experienced administrator from the Department's Bureau of Prisons was detailed to the BIA to assist in the development of strategies to improve the delivery of detention services in Indian country. The Department of Justice looks forward to his opportunity to work with the Department of Interior to address this issue.

Mr. Chairman, Attorney General Ashcroft has pledged to honor our Federal trust responsibility and to work with sovereign Indian Nations on a government-to-government basis. The Attorney General and the entire Justice Department will honor this commitment and continue to assist tribal justice systems in their effort to promote safe communities. We also recognize that the most effective solutions to the problems facing tribes comes from the tribes themselves, and that our role is to help them develop and implement their own law enforcement, detention, and criminal justice strategies.

I welcome the opportunity to answer any questions you or members of the committee may have.

# **Bureau of Justice Statistics Bulletin**

# Jails in Indian Country, 2002

By Todd D. Minton BJS Statistician

On June 28, 2002, a total of 70 jails, confinement facilities, detention centers, and other correctional facilities were supervising 2,080 persons in Indian country, up 2% from the previous year. At midvear 2001, 2,030 persons were under the supervision of jails in Indian country.

Indian country facilities held 2,006 inmates at midyear 2002, up from 1,912 at midyear 2001. Jail authorities also supervised 74 offenders under community supervision programs. New admissions to jail increased from 9,697 in June 2001 to 11,822 in June 2002, a

The 70 facilities had a rated capacity to The 70 facilities had a rated capacity to hold 2,177 persons, up 4% since 2001. On June 28, 2002, the jails were operating at 92% of capacity, up from 91% at midyear 2001. On an average day in June 2002, the jails were operating at 79% of capacity. On their peak day in June 2002, the 70 jails were operating at 126% of capacity, unchanged from 2001. The number of inmates on the peak day in June has increased 19% since 1998.

At midyear 2002 more than a third of the offenders were held for a violent offense, 15% specifically for domestic violence. Eleven percent of all offenders (226) were being held for DWI/DUI.

These data are based on the 2002 Survey of Jails in Indian Country (SJIC). The survey includes all jails, confinement facilities, detention centers, and other correctional facilities located in Indian country and operated by tribal authorities or the Bureau of Indian Affairs (BIA), U.S. Department

- 35% of inmates were being held for a violent offense: 15% for a domestic violence offense.
- 11% were confined for a DWI/DUI offense, a 25% increase since midye 2001. Drug offenses decreased 3% from midyear 2001 (130).

#### Tribes retain jurisdiction over many crimes by American Indians and Alaska Natives in Indian country

Thirty-three States contain approximately 300 Indian land areas or reservations. Generally the local governing authority on Indian lands is a tribal government or council. Jurisdiction over crimes in Indian country depends on several factors, including the identity of the victim and the offender, the severity of the crime, and where the crime was committed. (See box below.) Tribal authority to sentence offenders is limited to 1 year of impris-onment and a \$5,000 fine or both (25 U.S.C. § 1302(7)).

City or county jails held 3 times as many American Indians as jails in Indian country. (American Indians in this report includes Alaska Natives.) At midyear 2002 local jails held an estimated 6 000 American Indians some of whom may have been adjudicated by a tribal criminal justice system and housed in jails under contract with tribal governments. Overall, State, Federal, local, and tribal authorities were supervising 47,724 American Indians. Most were under community supervision (25,479).

A total of 22,245 American Indians were in custody at midyear 2002, most of whom were held in State prison (12.924).

### Criminal jurisdiction in Indian country

Tribal jurisdiction

Crimes committed by Indians in Indian country, Sentences are limited to 1 year and a \$5,000 fine per offense or both. 25 U.S.C. § 1302(7)

Federal jurisdiction
• 14 crimes under the Major Crimes Act of 1885. 18 U.S.C. § 1153

State jurisdiction

• All crimes on tribal lands specified under Public Law 280, 18 U.S.C. § 1162

Note: Criminal jurisdiction in Indian country depends on several factors, including the identity of the defendant, victim, type of offense, and where the crime was committed

	Number of American Indians and Alaska Natives

Indian country, midyer	ar 2002 74
Estimated from the Annua	Survey of Jails, 2002

On July 1, 2002, 2,752,158 American Indians and Alaska Natives lived in the Unites States (U.S. Census Bureau. National Populations Estimates, table NA-EST2002-ASRO-04). American Indians account for under 1% of the U.S. resident population and around 1% of those in custody of jails or

At midyear 2002 the rate of incarceration in prison and jail for American Indians was about 15% higher than the overall national rate. Federal and State prison and jail authorities held 808 American Indians per 100,000 Indians, compared to 702 persons of all races per 100,000 U.S. residents.

### Indian country jail population rose 5% between July 2001 and June

At midyear 2002 jails in Indian country supervised 2.080 persons, up from 2,030 in 2001. Nearly all (2,006) were held in jails, with an additional 74 persons being supervised in the community (table 1). The number of inmates in custody increased 5% from the previous year, when 1,912 inmates were being housed.

Persons under community supervision decreased 37% (74 in 2002 down from 118 in 2001).

	Number o	of persons
Type of supervision	2002	2001
Total	74	118
Electronic monitoring	0	1
Home detention	3	0
Community service	7	39
Day reporting	8	21
Weekend program	55	52
Other	1	5

Overall, the number of persons held in Indian country jails fluctuated between June 2001 and June 2002 (figure 1). Although the population increased during the 12 months, June of each during the 12 months, June of each year was among the months with the largest custody counts. In 2002 the smallest jail inmate population occurred in February — based on 62 jails and excluding 8 facilities unable to report complete data.

#### 86% of confined inmates held for misdemeanors

On June 28, 2002, jails in Indian country held 1,120 convicted offenders and 857 inmates who were unconvicted or awaiting trial. Fifty-seven percent of those jailed in 2002 were convicted, down from 61% at midyear 2000 and 75% in 1999.

At midyear 2002, 1,725 inmates were being held for a misdemeanor, down from 1,738 at midyear 2001. One hundred seven inmates were in jail for a felony, a 5% decrease from 2001. Five inmates were being held for the Bureau of Immigration and Customs Enforcement, formerly the Immigration and Naturalization Service, for deporta-tion, and 169 for other reasons, including protective custody, detoxification, public intoxication, status offenses, and pending charges.

# 35% of inmates held for violent offenses: 15% for domestic violence

At midyear 2002, 699 inmates (35% of all inmates) were being held for a violent offense. Of these, 291 (15% of all inmates) were confined for domestic violence. Overall, 11% of inmates at midyear 2002 were confined for driving while intoxicated or driving under the influence of alcohol or drugs, up from 9% in 2001. Approximately 6% of inmates (126) were being held for a drug law violation, down from 7% (130) in 2001.

At midyear 2002 Indian country jalls held 1,699 adults, 82% males and 18% females. Juveniles (persons under age 18) accounted for 15% of the total custody population. More than 71%

of juveniles were males; 29% were females. At midyear 2002, 11 juveniles were being held as adults, down from 22 at midyear 2001.

Between June 1 and June 30, 2002, 11,822 persons were admitted to jails in Indian country, a 22% increase over the same period in 2001. Since 1998, new admissions have increased 32%.

			r perso	
Time period	2002	2001	2000	1998
June 1- June 30 New admissions	11,822	9,697	7,151	8,942
July 1-June 30				
Deaths	7	2	2	7
Suicides	3	2	1	3
Other causes	4	0	1	4
Attempted suicides	282	160	151	133

# 282 suicide attempts and 7 deaths reported during the 12 months ending June 30, 2002

Seven deaths were reported by jail authorities between July 1, 2001, and June 30, 2002. Three immates committed suicide. During the 12-month period, 282 immates attempted suicide, up from 169 in 2001. In the last 5 years, the number of admissions rose 32%, and the annual number of attempted suicides more than doubled (from 133 to 282); however, the number of completed suicides remained unchanged (3 in 1998 and 3 in 2002.)

# The 10 largest jails held 39% of inmates in Indian country

On June 28, 2002, the 10 largest jails in Indian country housed 790 inmates (table 2). Combined, the 10 facilities had a rated capacity to hold 643 inmates, or 30% of the total rated capacity of all facilities in Indian country. Seventy-nine percent (621) of the inmates in the 10 largest jails were confined in 7 facilities in Arizona.

Gila River Department of Corrections and Rehabilitation and Tohono O'odham Detention Center each held over 100 inmates. Pine Ridge Correctional Facility in South Dakota which held 168 inmates at midyear 2001, held 55 at midyear 2002.

On June 28, 2002, the number of immates at Tohono O'cotham Detention Center was 3 times its operating capacity. Gila River Department of Corrections and Rehabilitation was operating below its rated capacity (61%) (appendix table 1, page 6).

# 56% of jails housed fewer

than 25 inmates

Thirty-nine jails in Indian country housed fewer than 25 inmates on June 28, 2002. Nineteen facilities reported fewer than 10 inmates. Twenty facilities held 10 to 24 inmates, 17 facilities held 25 to 49, and 14 facilities held 50 or more inmates. Two facilities each held 100 or more inmates, down from 4 facilities at midyear 2001.

#### Indian country jails operated at 126% of capacity on peak day in June 2002

Combined, the 70 facilities had a rated capacity to hold 2,177 persons, a 4% increase from the previous year. Jails in Indian country were operating at 92% of capacity on June 28, 2002, up from 91% at midyear 2001. On their peak day in June 2002, jails were holding 2,737 immates, and operating at 126% of capacity. Since 1998 the number of inmates has increased by 19% on their peak day in June, while capacity has increased by 12%.

		2002	2001	2000	1998

Peak day in June 126 126 118 119
*Number of inmates in custody divided by

rated capacity.

Most inmates in Indian country jails were held in units occupied by more than one person. At midyear 2002, 75% of all inmates were held in cells

designed for multiple occupants; 10% were double bunked in single cells; 2% were housed in areas not originally intended for confinement, and 2% were in holding areas or "drunk tanks." Ten percent of all inmates were housed in single cells or rooms.

Forty-two facilities were operating above 100% of capacity in June 2002, up from 40 the previous year (appendix table 1, page 6). Nineteen jails were operating at over 150% of capacity on their peak day in June 2002, down from 21 in 2001 (table 3). Arizona (5) had the most facilities above 150% of capacity, followed by Montana (3), New Mexico (3), South Dakota (3), Michigan (1), Minnesota (1), North Dakota (1), Oregon (1), and Wyoming (1). At least 15 jails each year have operated above 150% of capacity on their most crowded day in June since introducing the survey in 1998.

The Crow Police Department in Montana reported the highest occupancy rate on their peak day in June (429%), up from 257% in 2001. It housed 60 inmates on the peak day in June 2002, with a rated capacity to hold 14 inmates. Four other facilities reported operating at over 300%:

Fort Berthold Agency in North Dakota (400%), Pine Ridge Correctional Facility in South Dakota (400%), Lac View Desert Police Department in Michigan (375%), and Tohono O'odham Detention Center in Arizona (350%).

Since 1998 four facilities have operated above 150% each year: Crow Police Department, Fort Berthold Agency, Pine Ridge Correctional Facility, and Tohono O'odham Detention Center.

# Small facilities reported the highest occupancy rates

Nine facilities with a rated capacity to hold fewer than 10 inmates reported the highest occupancy rates (179%) on their peak day in June 2002. Occupancy was 156% of capacity in jails rated to hold 10 to 24 inmates, 130% in jails rated to hold 25 to 49, and 101% of capacity for those rated to hold 50 or more inmates.

Capacity of facility	Number of jails	Percent of capacity occupied on peak day in June 2002
Total	70	126%
Fewer than		
10 inmates	9	179
10 to 24	26	156
25 to 49	24	130
50 or more	11	101

#### 7 facilities under court order or consent decree, the fewest since 1998

Seven jails were under multiple court orders or consent decrees to limit the number of inmates they can house and for conditions of inmate confinement. Six facilities were ordered to detain inmates in a humane condition: Wind River Police Department and Navajo Department of Corrections in Chinle, Tuba City, Window Rock, Crownpoint, and Shiprock. The Navajo Department of Corrections in Chinle and Tuba City were also ordered to hold inmates only temporarily. The Pascua Yaqui Law Enforcement Center was ordered to separate adults and juveniles by sight and sound.

#### Four facilities completed construction since July 1, 2001

Among all facilities, 67 reported the year in which the original construction was completed. The original year of construction ranged from 1929, at the Fort Hall Police Department in Idaho, to 2001 at four facilities: Chinle Youth Corrections in Arizona, Fort Mohave Tribal Police Department in Arizona. Lac View Desert Police Department in Michigan, and the Rocky Boy Police Department in Montana. Overall at midyear 2002, jails in Indian country had an average age of 22 years.

Since the time of original construction. 40 facilities have received major renovations. Twenty-five facilities were renovated between 1982 and 1999. Fifteen facilities were renovated after 1999: 2 in 2000, 6 in 2001, and 7 in 2002

#### Jails employed more than 2,100 persons at midyear 2002

Indian country jails employed 2,115 persons on June 28, 2002, including payroll, nonpayroll, and contract staff (table 4). Over 33% (711) of all employees were jail operations staff (correctional officers and other staff who spend more than 50% of their time supervising inmates). Jails in Indian country also employed 208 administrative employees, 288 techni-cal or professional staff, and 168 clerical, maintenance, or food service staff In addition 737 employees (35%) were classified as field operations staff. including patrol officers and other staff who spend more than 50% of their time in the field.

At midvear 2002 there were approximately 2.5 inmates for every jail operations employee, down from 2.6 at midyear 1998. In 1999, when the last national jail census was conducted, the U.S. average among all local jails was 4.0 inmates per correctional officer. Small jails holding 50 or fewer inmates held an average of 2.0 inmates per correctional officer.

# Table 4. Staff characteristics of jails in Indian country, June 28, 2002

Staff characteristics	Number of personnel
Total	2,115
Male Female	1,302 813
Payroll* Nonpayroll Contract*	2,008 57 50
Functions Administrative Jail operations Field operations' Technical/professional Clerical/maintenance/ food service Other	208 711 737 288 168

Number of inmates per jail operations staff* 2.5.

Note: Data were not reported for San Carlos Jail and the Navajo Department of Corrections in Window Rock and Shiptock.

*Includes tribal and BlA direct funded staff (638 contract and self-governance).

*Includes staff paid through private service contracts.

includes start paid through private service contracts. Includes patrol officers and other staff who spend more than 50% of their time in the field.

Theid.

The number of inmates in custody on June 28, 2002, divided by the number of jail operations staff.

#### Jails hired 448 new payroll staff between July 2001 and June 2002

During the 12-month period ending June 30, 2002, jail administrators hired a total of 448 new payroll staff, includ-ing persons rehired or recalled from layoff. The Walter Minor Law Enforcement Center (adult and juvenile, combined) hired the most new staff (79), followed by Warm Springs Detertion Center (22) and White Buffalo Youth Detention Center (20), Five facilities reported no new hires during the period.

At midvear 2002 Indian country iails reported 233 staff vacancies. White Mountain Apache Police Department (24) and Gila River Department of Corrections and Rehabilitation (19) reported the largest number of vacancies. A total of 21 of the 67 facilities reporting data had no staff vacancies at the end of June 2002.

# Methodology

"Indian country" is a statutory term that includes the following: all lands within an Indian reservation, dependent Indian communities, and Indian trust allotments (18 U.S.C. § 1151). Courts interpret § 1151 to include all lands held in trust for tribes or their members. See United States v. Roberts. 185 F.3d 1125 (10th Cir. 1999). Tribal authority to imprison Indian offenders is limited to 1 year per offense by statute (25 U.S.C. § 1302).

Tribal law enforcement agencies act as first responders to both felony and misdemeanor crimes. For most of Indian country, the Federal Govern-ment provides felony law enforcement concerning crimes by or against Indians. Certain areas of Indian country are under Public Law 83-280. as amended. P.L. 280 conferred jurisdiction on certain States over "Indian country" and suspended enforcement of the Major Crimes Act (18 U.S.C. § 1153) and the General Crimes Act (18 U.S.C. § 1152) in those areas. Indian tribes retain concurrent jurisdiction to enforce laws in Indian country where P.L. 280 applies.

The Bureau of Justice Statistics (BJS) conducted the Survey of Jails in Indian Country (SJIC) to describe all adult and juvenile jail facilities and detention centers in Indian country. For purposes of this report, Indian country includes reservations, pueblos, rancherias, and other appropriate areas (18 U.S.C. § 1151). The reference date for the most recent survey is June 28, 2002.

The SJIC was initiated in 1998 as a component of the Annual Survey of Jails (ASJ). The ASJ is conducted in each of the years between the Census of Jails. The 2002 ASJ consisted of a sample survey of 826 local jail jurisdictions, a survey of the Nation's 50 multi-jurisdictional facilities, and a survey of the 70 facilities in Indian country (For sampling information, see Prison and Jails Inmates at Midyear 2002, BJS Bulletin, April 2003, <www.ojp. usdoj.gov/bjs/abstract/pjim02.htm>.)

*Adults and juveniles confined in jail facilities.

*Adults and juveniles confined in jail facilities.

*Veerage daily population is the number of immates confined in June, divided by 30.

*Peak population is any day in June during which the custody population of a facility was the largest.

*Related capacity is the maximum number of beds or immates assigned by a rating official to a facility. Excludes temporary holding areas.

*Population as a percent of capacity occupied is calculated by dividing the population count of a facility by its rated capacity and multiplying by 100.

Note: Data for the Navajo Department of Corrections in Window Rock and Shiprock are based on custody population on June 29, 2001.

Not reported.

*Other includes 5 inmates being held for the Bureau of immigration and Customs Enforcement, formerly the Immigration and Naturalization Service, for deportation, and 169 for other reasons, including protective custody, detoxification, public intoxication, status offenses, and pending charges.

*Includes driving while intoxicated and driving while under the influence of drugs or alcohol.

U.S. Department of Justice Office of Justice Programs Bureau of Justice Statistics

Washington, DC 20531

Official Business Penalty for Private Use \$300

PRESORTED STANDARD POSTAGE & FEES PAID DOJ/BJS Permit No. G-91

In 1998 the Office of Law Enforcement Services, Bureau of Indian Affairs (BIA), U.S. Department of the Interior, provided a complete list of 74 Indian country jail facilities. The list included detention centers, jails, and other correctional facilities, operated by tribal authorities or the BIA. Since 1998, 3 facilities were added, 3 were closed, 2 facilities were abandoned, 2 were combined into 1 facility, and 1 was determined not to be a jail facility,

resulting in 70 surveyed facilities. The facilities are in 19 States and are affiliated with 55 tribes.

Data were obtained by mailed questionnaires. Through follow-up phone calls and facsimiles, 68 of 70 facilities responded. Data for the Navajo Department of Corrections in Window Rock and Shiprock are from June 29, 2001.

This report in portable document format and in ASCII, its tables, survey questionnaire, and related statistical data are available at the BJS World Wide Web Internet site: http://www.ojp.usdoj.gov/bjs/

The Bureau of Justice Statistics is the statistical agency of the U.S. Department of Justice. Lawrence A. Greenfeld is the director.

BJS Bulletins present the first release of findings from permanent data collection programs.

Todd D. Minton collected and processed the data and wrote this report November 2003, NCJ 198997 under the supervision of Allen J. Beck

Norena Henry, Director, American Indian and Alaska Native Desk, Office of Justice Programs, and the Office of Tribal Justice, U.S. Department of Justice, reviewed the report. Daniel Billings provided statistical review and verification. Tom Hester edited the report, and Justice Robinson provided. report, and Jayne Robinson provided the final production.

REPORT PERIOD COVERED: January 1, 1995 through December 31, 1995

OMB No. 1121-0078: Approval Expires 12/31/97

FORM NPS-1

U.S. DEPARTMENT OF COMMERCE BUREAU OF THE CENSUS ACTING AS COLLECTING AGENT FOR THE BUREAU OF JUSTICE STATISTICS U.S. DEPARTMENT OF JUSTICE

OMB No. 1121-0078: Approval Expires 12/31

Public reporting burden for this collection of information is estimated to average 6.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data neceded, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other septeds of this send comments regarding this burden estimate or any other septeds of this the Director. Bureau of Justice Statistics. Washington, DC. 20531; and to the Public Use Reports Project, 1121-0078. Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

# SUMMARY OF SENTENCED **POPULATION MOVEMENT**

**National Prisoner Statistics** 1995

(Please correct any error in name, address, and ZIP Code)

# FROM THE DIRECTOR BUREAU OF THE CENSUS

Thank you for your continued support of the program that collects information on the inmates of prisons in each state, the District of Columbia, and the Federal Bureau of Prisons. Your support along with that of the other jurisdictions is essential for the Bureau of Justice Statistics (BJS) to prepare this important data series. The Bureau of the Census collects these data under the authority of Title 42, United States Code, Section 3732, to provide annual summary measures of movement into and out of the Nation's correctional systems. correctional systems.

The report form concerns inmates with maximum sentences greater than 1 year who moved into or out of the jurisdiction of your state during January 1, 1995 through December 31, 1995. The figures provided on the enclosed sheet are from the NPS-1 your state submitted for 1994. Please complete and return the form by March 29, 1996 to expedite timely publication of these data.

In the past, a major problem for national correctional studies has been the inability to collect comparable data from all states because of differing definitions and reporting procedures. We have developed a set of definitions to try to overcome this problem. If you are unable to use our definitions when completing this NPS-1 form, please let us know the specific differences so we can inform the users of these data.

Your participation in this endeavor is voluntary, and there are no penalties for refusing to supply the information. The information requested, however, is very useful to the BJS, the Congress, the states, and others involved in the formulation of national, state, and local justice policy and decision making. It is important to collect comparable information from each state in order to fulfill this purpose.

If after reading the instructions on pages 5 and 6, you still need help in completing the form, please call Gertrude Odom on 1–800–221–1829.

Again, thank you for your cooperation.

Maska Formwath Rich

Sincerely,

Martha Farnsworth Riche

Enclosure

PLEASE READ INSTRUCTIONS ON PAGES 5 AND 6 BEFORE COMPLETING THIS FORM

### 302

#### **GENERAL INSTRUCTIONS**

In this report, please provide summary movement counts and other counts as specified, of your prison population for January 1 through December 31, 1995.

Because the NPS-1 is an effort to collect **comparable** data from all states, we urge that you try to adhere to the concepts, definitions, and instructions provided on pages 5 and 6. However, if after reviewing the concepts, definitions, and instructions, you are not able to report an item using our guidelines, please inform us using the following procedure. Enter "NA" (Not applicable) if by law or regulation your State cannot have the type of inmates described by the item. Enter "0" (Zero.) if your State can have such inmates but did not have adviring 1995. Enter "NA" (Not Reported) in the item, if your State had the type of inmates described by the item but you cannot determine the number of such inmates your State had in 1995. If you cannot determine the number of such inmates your State had in 1995. If you cannot determine the number of immates separately by item, report the combined count in one of the items, enter "NR" in the remaining items and specify in the closest "NOTES" space all of the items represented by the combined count. Please do not leave any item blank unless required to do so by specific instructions.

#### 1. JURISDICTION POPULATION ON JANUARY 1

The jurisdiction population on January 1, 1995 (Item 1) should equal the number of inmates with over 1 year maximum sentence on December 31, 1994 (Item 5a). Revise item 5a for 1994 only if you must.

#### POPULATION MOVEMENT, ITEMS 2-4

POPULATION MOVEMENT, ITEMS 2-4
In items 2-4, you are asked to summarize by category, the movements of all adults and youthful offenders adjudicated through the adult court and sentenced to a maximum of at least one year and one day and admitted to or released from the jurisdiction of your State prison system. That is, report the movement of all inmates for whom your State government had the legal authority and responsibility for enforcing their prison sentence in 1995 even though they were housed in other states, county or city jails, halfway houses, or federal facilities. Do not report the admission or release of inmates your State was merely housing for other states. Do not report the admission or release of inmates with a sentence of a year or less. Do not report the admission or release of any unsentenced inmates, such as pretrial detainees, inmates under the legal jurisdiction of the county, those being held in protective custody, and pre-sentence and diagnostic evaluators.

#### 2. ADMISSIONS

Do not report returns from short-term movements (less than 30 days) where the State has retained jurisdiction, such as from a court session, work study, or mercy furlough.

- a. New court commitments Include all inmates who were admitted with all new sentences, that is, these inmates were not readmitted for any sentences. This category includes probation violators entering prison for the first time on the probated offenses. Do not include parole violators with new sentences as new court commitments.
- b. Parole violators with new sentences Include all parolees returned with new sentences.
- c. Other conditional release violators with new sentences Include all conditional release violators (other than parole violators) returned with new sentences, for example, returns from shock probation, supervised mandatory release, etc.
- d. Parole violators only, no new sentences include all parolees returned only for formal revocations of parole which were not accompanied by new sentences. If the parole was not formally revoked, that is, the parolee was held only temporarily pending a heating, no admission occurred for NFS purposes.
- e. Other conditional release violators only, no new sentences Include all conditional release violators (other than parole violators) returned only for formal revocations of conditional release which were not accompanied by new sentences. If the conditional release was not formally revoked, that is, the conditional release violator was held only temporarily pending a hearing, no admission occurred for NPS purposes.
- f. Transfers from other jurisdictions Include all inmates transferred from another jurisdiction to the jurisdiction of your State to continue sentences already in force. Do not report the admission if your State does not acquire jurisdiction. Do not report movements from prison to prison within your State.

g. AWOL returns, with or without new sentences – include all returns from AWOL. AWOL is defined as failure to return from authorized temporary absences such as work furlough, study release, mercy furlough, or other authorized temporary absence.

- h. Escapee returns, with or without new sentences Include all returns from escape. Escape is defined as unlawful departure from a state correctional facility or from the custody of state correctional personnel.
- Returns from appeal/bond Include all immates reinstated to correctional jurisdiction from long-term jurisdictional absences on appeal or bond. Do not report returns from short-term movements (that is, less than 30 days) to court (that is, where the state retained jurisdiction).
- j. Other admissions Include all other admissions not covered by the above categories. Please specify the nature of these admissions in the "NOTES."

#### 3. TOTAL INMATES HANDLED

This entry should equal the jurisdiction on January 1 (Item 1) plus all admissions (Items 2a-2k).

#### 4. RELEASES

Do not report short-term movements (less than 30 days) where the State has retained jurisdiction, such as to court, to work, study or mercy furloughs.

Unconditional - An unconditional release occurs only if the released inmate cannot be reimprisoned for any sentence for which he was in prison.

- Expirations of sentence Include all inmates whose maximum court sentences minus credits have
- b. Commutations Include all inmates whose maximum sentences have been changed (lowered) to time served to allow immediate unconditional release
- c. Other unconditional releases Include all other unconditional releases not covered by the above categories. Please specify the nature of these releases in the "NOTES."

Conditional - A conditional release occurs if the released inmate, upon violating the conditions of his release can be imprisoned again for any of the sentences for which he was in prison.

- d. Probations Include all inmates who have been placed under probation supervision and conditionally released. Include all shock probation releases.
- e. Supervised mandatory releases Include all inmates who must, by law, be conditionally release This type of release may also be called mandatory conditional release.
- f. Paroles Include all inmates conditionally released to parole. Enter only releases officially entitled "parole."
- g. Other conditional releases Include all other conditional releases not covered by the above categories. Please specify the nature of these releases in the "NOTES."

#### INSTRUCTIONS - Continued

#### 4. RELEASES - Continued

- h. Executions Self-explanatory.
- i. Illnesses/natural causes Do not include death from AIDS in this category. Report in 4j.
- j. Acquired immune deficiency syndrome (AIDS) the immediate cause of death in AIDS mortalities may be Pneumocystis Carinii Pneumoni Kaposi's Sarcoma, or other diseases related to HIV infection.

#### k. Suicides - Self-explanatory

- I. Accidental injury to self Include all inmates who accidentally caused their own deaths (for example, a fall from a ladder, mishandling electrical equipment).
- m. Death caused by another person include all inmates whose death was caused accidentally or intentionally by another inmate or prison personnel.
- n. Other deaths include all other deaths not covered by the above categories. Please specify the nature of these deaths in the "NOTES."
- o. AWOLS Include all failures to return from an authorized temporary absence such as work furlough, study release, mercy furlough, or other authorized temporary absence.
- p. Escapes from confinement include all unlawful departures from a state correctional facility or from the custody of state correctional personnel.
- q. Transfers to other jurisdictions Include all innates who were transferred from your State's jurisdiction to another jurisdiction to continue sentences already in force. Do not report the release if your State does not relinquish jurisdiction. Do not report movements from prison to prison within your State.
- r. Releases to appeal/bond Include all inmates released from correctional jurisdiction to long-term jurisdictional absences on appeal or bond. Do not report short-term movements (that is, less than 30 days) to court where the state correctional system retains jurisdiction.
- s. Other releases Include all other releases not covered by the above categories. Please specify the nature of these releases in the "NOTES."

#### 5. JURISDICTION POPULATION DECEMBER 31

Include all inmates under your State's **jurisdiction** on December 31, regardless of the location of the inmates. Do not include other jurisdictions' inmates (for example, other states' inmates, pre-trial detaines) merely housed in your prisons.

#### 6. CUSTODY POPULATION DECEMBER 31

Include all inmates in your State's **custody**, that is, include inmates your State is housing for other states, or federal or local authorities as well as your own inmates who are physically located in your State facilities on December 31. Do **not** include your State inmates housed outside your State prison facilities.

#### 7. PRISON CROWDING DECEMBER 31

- a. Provide a count of all inmates that are under the jurisdiction of your State but were housed in facilities operated by county or local authorities on December 31 specifically because there was no room for them in state correctional facilities.
- b. The inmates counted in 7a should be included in the jurisdiction population, Item 5d. Mark Item 7b to indicate whether they were included. If you mark "No", explain in the "NOTES."
- c. Provide a count of all inmates under the jurisdiction of your State who were housed in another State or in a Federal prison on December 31 a specifically because there was no room for them in state correctional facilities. Enter the name of each state in which the inmates were housed and the number held in each state or by the Federal system.
- d. The inmates counted in Item 7c should be included in the jurisdiction population, Item 5d. Mark Item 7d to indicate whether they were included. If you mark "No", explain in the "NOTES."

#### 8. RACE

- (1) White A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.
- (2) Black A person having origins in any of the black racial groups of Africa.
- (3) American Indian or Alaskan Native A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.
- (4) Asian or Pacific Islander A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes China, India, Japan, Korea, the Philippine Islands, and Samoa.
- (5) Other Any other races not covered by the above categories. Please specify the other races in the "NOTES."
- (6) Not known Any inmate whose race is unknown should be included here.

#### 9. ETHNIC ORIGIN

- (1) Hispanic A person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race.
- (2) Not Hispanic A person not covered by the above category.
- (3) Not known Any one whose ethnic origin is unknown should be included here.

#### 10. HIV TESTING

- a. Mark "Yes" if any inmates in your custody during calendar year 1995 were tested for the antibody to the Human Immuno Deficiency Virus (HIV) that causes AIDS.
- b. If "Yes" marked in item 10a, mark one, all or any combination of the categories in item 10b to specify the type(s) of inmates who were tested. For example, all incoming inmates and all immates who requested it may have been tested in 1955. You would mark categories 1 and 4. Il category 4, "certain inmates," is marked, complete item 10c.
- c. Mark as many categories as necessary to describe the particular kinds of inmates who were tested in 1995. If some of the inmates tested are not described by the listed categories, mark category 6 and write a description of these inmates.

# 11. HIV INFECTION/AIDS CASES in custody population

- HIV infection A person is identified as infected with HIV when a sequence of tests, starting with repeated enzyme immuno assays (EIA) and including a Western blot or similar, more specific assay, are repeatedly reactive.
- a. Asymptomatic HIV positive Include all inmates who have tested positive for the HIV antibody but who have no HIV-related symptomatic and HIV-related symptomatic and HIV-related symptomatic and HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic HIV-related symptomatic H
- b. Lesser forms of symptomatic HIV disease Include all inmates who have symptoms associated with HIV infection but are not confirmed AIDS cases.
- c. Confirmed AIDS cases In the presence of laboratory evidence of HIV infection, regardless of the presence of other causes of immuno deficiency, a person diagnosed with an indicator disease, such as Pneumocystis Carinii Pneumonia, Kaposi's Sarcoma, or other diseases related to HIV infection, should be classified as a confirmed AIDS case, the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the confirmed AIDS case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case in the case
- d. Total HIV Infection/AIDS Cases This is the sum of 11a, 11b, and 11c.

### **TESTIMONY OF**

# THE HONORABLE VIVIAN JUAN-SAUNDERS, CHAIRWOMAN THE TOHONO O'ODHAM NATION (AZ)

# BEFORE THE UNITED STATES SENATE COMMITTEE ON INDIAN AFFAIRS

# **HEARING ON INDIAN DETENTION FACILITIES**

June 23, 2004

Mr. Chairman, and Members of the Committee, I am Vivian Juan-Saunders, Chairwoman of the Tohono O'odham Nation in Arizona. Thank you for the opportunity to present testimony on the detention facility and related needs on the Tohono O'odham Nation.

In 1961, the Bureau of Indian Affairs built the Tohono O'odham Nation Adult Detention facility, in Sells, Arizona, to hold a capacity of 34 inmates. The BIA owns the facility, and through P.L. 93-638 contracting, the Nation operates the facility.

For many years, the detention facility on the Nation has had the unfortunate distinction of being one of the most overcrowded jails in Indian country. According to the 2001 and 2002 reports issued by the Bureau of Justice Statistics in the U.S. Department of Justice, our average daily inmate population ranges from 110 to 115 resulting in a 300 to 350% over-capacity rate. Last year, we had an average daily inmate population of 93-95 males and 16-19 females. In response to the growing female inmate population, we moved the female inmates into a male housing unit, which, resulted in additional crowding in the male housing unit. Recently, we have experienced

1

305

Testimony of the Tohono O'odham Nation Senate Committee on Indian Affairs

June 23, 2004

an additional increase in the female average daily population of 22-25 and had to dedicate

another male housing unit for the female inmates.

In 1987, the BIA renovated the facility by reorganizing the interior spacing. The renovation did

not increase the inmate capacity. The BIA has not performed any improvements since then.

It costs approximately \$3.44 million to operate the adult detention facility on an annual basis.

The BIA provides about one-third of the funding or approximately \$1.14 million. The Nation

uses tribal funds to pay for two-thirds of the operations, or approximately \$2.3 million. Our

juvenile corrections program is separate from the Adult facility and is operated through our

Tribal Courts. The Nation expends tribal funds to support the juvenile corrections programs

with little to no support from the BIA.

Our Adult Detention Facility has a staff of 40 people and is headed by a professional Corrections

Administrator, who served 25 years in a similar capacity for neighboring Pima County Sheriff's

Department. The rest of the staff consists of:

27 Correctional Officers

5 Sergeants

2 Corrections Specialists

4 Cooks

1 Lieutenant

2

306

Testimony of the Tohono O'odham Nation Senate Committee on Indian Affairs June 23, 2004

Five of these positions – 3 correctional officers, one sergeant, and one Lieutenant - are currently frozen due to funding limitations.

Our facility adheres to established policies and procedures in accordance with standard corrections facility operations. We have ongoing staff development and training practices. We implemented a classification system that includes assessing an inmate's psychological background, reviewing past offenses and determining incidence of mental illness and other relevant factors to establish the appropriate placement and treatment of the inmate. The Corrections Staff attends the Indian Police Academy for basic Corrections training and participates in a structured in-service Field Training Officer (FTO) program. From our experience, we know that proper and ongoing training is a key factor in effective jail management. We continue to support on-going, in-service training of 28-40 hours a year for the staff.

The facility is operated under a philosophy of treating inmates with respect and dignity.

Consistent with the goals of public safety and public service, we emphasize providing humane incarceration that includes providing services to help change behavioral patterns. We want these individuals to become law-abiding citizens upon being released. Relying strictly on tribal funds, our Tribal Social Services professionals and community volunteers provide an array of services at the facility, such as:

HIV Education

3

Testimony of the Tohono O'odham Nation Senate Committee on Indian Affairs June 23, 2004

- Alcoholics Anonymous
- One-on-One counseling w/psychiatric services
- Women's Group
- Bible Study
- Parenting Classes
- Sweat Lodge Ceremonies
- Physical Fitness TOPS Program (Take Off Pounds Sensibly)
- Various Church programs and services
- Contact Visitation
- Arts and Crafts
- Community Services
- Smudging
- Traditional Medicine

All of our programs are conducted and available for both male and female inmates. One sergeant is specifically assigned to oversee these programs. In total, approximately 1200 hours a year, or 100 hours a month are dedicated to inmate programs, again with no federal funding support. We have had no major injuries or deaths reported during the five and a half-year tenure of the current Corrections Administrator. An occasional finger jam from playing basketball or a twisted ankle are common types of injuries that occur. There have also been a few minor injuries over the years due to an inmate fights, but again, not on a regular basis.

A recent report issued by the Inspector General in the Department of the Interior gave our Adult Detention facility a "fair" rating, on a scale of excellent to good, to fair, to poor. While we are stretching our resources as far as possible, the facility continues to suffer from extreme overcapacity and lack of capital improvements such as:

Testimony of the Tohono O'odham Nation Senate Committee on Indian Affairs June 23, 2004

- Upgrading the ventilation system
- · Replacing the showers
- · Replacing the old generator
- · Improving the lighting system
- Upgrading the life safety and fire system
- Eliminating mold

In addition, we need additional medical and psychiatric support services. We are experiencing a high incidence of inmates with mental and emotional illnesses who require specialized medical treatment. Generally speaking, the facility cannot handle these needs, and of course, finding adequate space is a daily challenge. In the wake of the *USA Today* articles on the condition of jails in Indian Country, we were told by local BIA officials, that additional resources have been identified to address deficient jail conditions. However, we have not been provided any further specifics regarding what types of resources or how much additional funding will be available for our facility.

I am happy to report that we are in the design development stage for a new Minimum Security facility that will be constructed with funding from the Department of Justice. This new facility will be designed for 52 beds for both adults and juveniles. The facility is intended to house sentenced offenders under a direct supervision approach, which is an inmate management style to manage and supervise minimum-security inmates.

309

Testimony of the Tohono O'odham Nation Senate Committee on Indian Affairs

June 23, 2004

We believe this new facility will provide part of the solution to address our needs. We also need

a maximum-security facility to address the more serious violent crimes, sexual offenses, and the

high incidence of gang activities that is occurring on our Reservation.

Another related problem that must be addressed is lack of prosecution by the United States

Attorney's Office for the District of Arizona, for serious felony level offenses. For example, we

have had people in custody for murder that served less than two years in our jail and walk free

with no federal prosecution. We believe that additional federal resources must be provided to

address this serious problem. In Arizona, a specialized Indian Country Crime unit should be

created in the Arizona District U.S. Attorney's office with federal prosecutors assigned to work

exclusively with the tribal police and prosecutors. Without appropriately prosecuting violent

crimes in Indian Country, the elevated crime rates will continue to rise and repeat offenders will

continue to go unpunished.

Also within the Department of Justice, sufficient funding for tribal detention facilities must be

included in its annual budget process. Within the BIA, sufficient funds must be budgeted for

operations of these facilities.

Both of the federal agencies must consult with affected Tribal Governments and undertake a

strategic and comprehensive planning effort to implement reform of the Tribal Corrections

Testimony of the Tohono O'odham Nation Senate Committee on Indian Affairs June 23, 2004

program. The BIA should budget for a separate line item for corrections programs, including staffing, equipment, operation and maintenance of the facilities. Along those lines, proper respect and recognition must be afforded to the corrections programs as a profession that requires sufficient staff with the appropriate wages, professional development and training incentives to attract and retain these professionals.

The dire conditions of jails in Indian Country have been ignored for too long. Unfortunately, it sometimes takes a tragedy to bring attention to these needs. Fortunately, we have not reached that level on the Tohono O'odham Nation. Based on our experiences, Corrections in Indian country needs immediate attention.

In closing, I want to thank the Chairman and the Committee for holding this important hearing and listening to our experiences and recommendations. I would be happy to answer any questions.

### Navajo Nation Statement To the U.S. Senate Committee on Indian Affairs 108th Congress Committee Oversight Hearing on Indian Tribal Detention Facilities June 23, 2004

Mr. Chairman, Mr. Inouye and members of the Committee, thank you for the opportunity to provide the Navajo Nation's statement on Indian Tribal Detention Facilities. The Navajo Nation personally thanks the Committee for its support of Indian detention facilities and for funding adult and youth detention facilities in Indian country. The Navajo people directly benefit from the support the Committee has given to Indian detention facilities.

For the record, my name is Hope MacDonald-LoneTree. I am an elected Navajo leader and serve as the Chairperson to the Public Safety Committee of the Navajo Nation Council. In addition, I've been appointed by the Speaker of the Navajo Nation Council to serve as the Navajo Nation tribal leader representative to the joint Bureau of Indian Affairs/Tribal Budget Advisory Council's Workgroup on Indian Law Enforcement, a national workgroup assembled to advocating Indian law enforcement budgetary needs.

Today's hearing marks an historic meeting for Indian governments, as it involves the participation of Indian leader's comment and offer recommendations on federal-Indian policy on Indian detention facilities. As we will present and have been a participant to, the funding of Indian detention facilities construction success reaches as far as the willingness of the Bureau of Indian Affairs promotes detention facility parity in Indian country. And as the Nation with the largest population on the largest Indian reservation, certainly we bring various unique sets of geographical, demographical and intergovernmental features that require significant congressional awareness and leadership.

For the Navajo Nation, new facility construction and facility maintenance and repair funding is a paramount issue. This is because of several factors and trends that have been longstanding, unresolved and now to a significant degree, recent. First, the Navajo Nation rests in between three separate state jurisdictions and is a major commercial corridor to the southwestern portion of the United States. In addition, major homeland security efforts underway by the Bureau of Indian Affair's Office of Law Enforcement Services (OLES) and the Navajo Nation of sharing criminal data between the three state jurisdictions, and numerous surrounding counties and a host of surrounding Indian law enforcement agencies point toward increased incarceration trends in our immediate future. These agreements, while it pursues to confront and subdue criminal activity through the use of technology, adds a whole new set of criminal population into our already over-populated capacity and dilapidated facilities much of which were built in late 1950's and early 1960's.

Most certainly, we welcome homeland security efforts and the application of technology to curb criminal activity on the Navajo Nation. We, like the Committee, understand that there is a strong relationship between the rate of criminal activity and the budgetary resources applied. We've seen the outcome of this relationship, when Congress appropriated funding for the Community Oriented Policing (COPS) grants program. Prior unreported criminal incidences became reported incidences

due to additional funding for law enforcement personnel. Yet, increased incidence reporting and correspondingly their arrests and convictions, did not naturally convert to their incarcerations. Our dilemma was that we did not have the facility capacity or the funding for detention center personnel to incarcerate convicted individuals over the course of their sentences.

Further, since 1992, our courts recognized the conditions of our facilities that it mandated our detention facilities to comply with the provisions set forth pursuant within the *Silver v. Pah* Consent Decree. The consent decree's goal is to ensure that incarcerated inmates are free from any structural, physical safety and health hazards while incarcerated within Navajo Nation operated detention facilities. Unfortunately, continual findings of non-compliance incidences continue to plague any attempts to meet the court-ordered standards over a sustained period of time. And failure to comply with court-ordered mandates has resulted in facility closures and allowing convicted criminals to return back to our their communities. Recently, the Tohatchi, New Mexico youth detention facility was closed in October 2003, to repair the fire alarm system and to date is still closed due to insufficient funding to pay for repairs.

Because convicted criminals are allowed back into their communities, criminal incident recidivism rates are certain to increase. We are faced with criminals who have total disregard for our criminal justice system, because their government cannot incarcerate them without putting them at significant physical and health risk. It is a customary occurrence in our criminal justice system that upon a conviction being rendered, almost immediately the convicted criminal is let go moments, not days or weeks later, minutes rather. And it would be within a month, even a week, the same released criminal is processed through for conviction and only to be let go without serving the

These unresolved and longstanding issues have put our communities and our officers at immense risk. Our effort to make our communities safe is a battle we cannot win if criminals cannot serve their sentences at detention facilities deemed unsafe. On March 16, 2003, the U.S. Attorney's Office in Flagstaff, Arizona stated that violent crime on the Navajo Nation was six times higher than the national average. Imagine that in mainstream America, where neighborhood children and families do not feel safe in their communities, where businesses would not want to invest and where criminal activity festers new generations of criminal individuals. Imagine, in America, where an arresting law enforcement officers risk their life, limb and family, when a released convicted criminal wants nothing more than to get back at the arresting officer and knows that their crime will go unpunished. It is our opinion, that the U.S. Attorney's statement validates our understanding that crime if unpunished, will raise or continually stay at high levels, similar to what the Navajo Nation has been experiencing. And certainly our crime rate will continue to rise due to our rising on-reservation population, insufficient economic opportunities and the inadequate federal policy on criminal abatement on Indian lands.

How else is America's largest populated Indian reservation ever to turn around its rate of crime? How else is our criminal justice system ever to adequately partner with other jurisdictions, when all we do is release our criminals back into our communities?

We are certain we can make significant contributions not only to our jurisdiction, but also to those of surrounding jurisdictions as well. We have learned that other jurisdiction's criminal justice

system can be put under significant amount of strain simply because of the Navajo Nation's systemic problem of being unable to sentence its convicted criminals. Our Nation must be provided the opportunity to administer a criminal justice system the way it was meant to be carried out and as it is carried-out in a lot of places in America.

The Navajo Nation does not see any distinct resolution to our unique problem. We have witnessed that in the Fiscal Year 2005 President's budget is now the third consecutive year where no new detention facility construction funding is requested. We have also noted that within the FY2003 President's budget request, eleven (11) detention center facility lists (as approved by Congress) were scheduled to be funded. The following table reported in the FY2003 President's budget request lists the eleven remaining facilities, by ranked order:

Table 1. Unfunded Detention Facility Priority List

Rank	Tribe/Reservation
7.	Salt River Pima
8.	Colville Confederated Tribes
9.	Navajo—Crownpoint, NM
10.	Navajo-Kayenta, AZ
11.	Navajo-Shiprock, NM
12.	Mississippi Band of Chocktaw Indians
13.	Tohono O'odham
14.	Confederated Tribes of the Umatilla Indians
15.	Eight Northern Pueblo
16.	San Carlos Apache Tribe
17.	Three Affiliated Tribes of Ft. Berthold

As the Committee can see, the Navajo Nation would have been scheduled for three detention facility construction projects after FY2003, according to the priority listing approved by Congress. In contrast, OLES' "Draft Strategic Plan," dated April 1, 2004, while it does not recommend a facility construction priority listing, the plan does categorize BIA and Tribal detention facilities into three categories: poor, fair and good. Only the Kayenta, Arizona project was reported. The Crownpoint and Shiprock projects were not reported. OLES' draft plan also provides facility "regional" construction funding estimates at \$18 million for each year starting in FY2007 through FY2010. The plan does not distinguish if tribes or OLES' own facilities are planned for facility construction funding.

Inconsistencies between the Congressional approved priority listing and OLES' draft plans draw concerns for the Navajo Nation. Another citation noteworthy to the Committee is the Department of Interior's (DOI) Office of Inspector General and an Independent Auditor report on "Top Management Challenges" The report consistently states that the BIA has not corrected its facilities maintenance backlog reporting. This finding is again cited in the recent Independent Audit Report, dated November 28, 2003.

In February 2002, DOI estimated that the deferred maintenance backlog was between \$8.1 billion and \$11.4 billion. The maintenance needs for the National Park Service (NPS) and the Bureau of Indian Affairs (BIA) facilities alone account for over 85 percent of the DOI-wide

deferred maintenance backlog. DOI's February 2002 report stated that the repair and maintenance on these assets have been postponed for years due to budgetary constraints and that the deterioration of facilities adversely impact public health and safety, reduce employee morale and productivity, and increases the need for costly repairs or early replacement of structures and equipment.

Mr. Chairman and members of the Committee, the Navajo Nation does not agree with the OLES' draft strategic plans of addressing the Indian detention facilities construction funding estimates, because they were not considered as a part of or referenced to the 2003 Audit Report. If there are any corrective action plans, tribes like the Navajo Nation have not been informed.

In a December 2001 report (No. 2002-I-0008), OIG outlined a comprehensive approach to maintenance management within DOI. The report stated that DOI needs to implement a comprehensive maintenance management system to effectively plan, prioritize, conduct, and track the condition and maintenance of facilities within all bureaus. Also, DOI needs to provide long-term leadership to keep money available to address the long-standing issues of deferred maintenance.

In FY2003, the DOI reported it lacked consistent, reliable, and complete information to plan, budget, and account for resources dedicated to maintenance and construction activities. DOI planned to identify and implement a comprehensive maintenance management system with an appropriate linkage to the accounting system; conduct comprehensive condition assessments; make determinations to repair, replace, or relocate facilities; develop a five-year Deferred Maintenance Plan and Capital Improvement Plan; repair and/or replace facilities to good condition, and reduce deferred maintenance to established goals by FY2005.

While the DOI plan has made demonstrable strides in developing a framework to address Indian detention facilities management issues, Indian detention facility maintenance and construction in DOI remains an enormous challenge.

The Navajo Nation extends to the Committee our recommendations directed specifically as policy measures, aimed at addressing the National Indian Detention Facilities crisis, that:

- A. the Committee direct OLES, BIA and the Department to jointly work with the Department of Justice on Submitting FY2006 and FY2007 Facility Construction Funding Needs and Budget Strategy back to the Committee, to the House Interior on Appropriations Subcommittee and oversight committee for the Department of Justice;
- B. the Committee direct OLES, BIA and the Department to jointly work with the Department of Justice on Submitting FY2006 Facility Construction Funding Needs and Budget Strategy as a part of the Department's FY2006 Budget Request Submission to the Office of Management and Budget;
- C. the Committee monitors the OLES recommendations to revise OLES' Strategic Plans, specifically as it pertains to constructions of detention facilities located on Indian lands; and

D. the Committee directs OLES to coordinate Regional/District Tribal Consultation on the office's recommended revision(s) to its' Strategic Plans, specifically as it relates to Indian Detention Facilities;

Thank you for the opportunity to convey our concerns and we respectfully request an opportunity to work with the Committee regarding this issue.

# APPENDIX II

Contract Support Costs (CSC). The FY 2005 President's budget requests \$133,314,000 for CSC, \$334,000 or .25% decrease from FY 2004 enacted level. The Administration has consistently not funded CSC at 100%. Rather, this now-Congressional sanctioned impasse has produced nothing more than capping CSC at 89% since FY 2003.

The Navajo Nation strongly urges the Administration to restore 100% CSC funding for tribes in FY 2005, and to consider restoring CSC funding not received for FY's 1999-2004 as a special appropriation.

FY 2003 Estimated Carry-Over. The President's FY2005 budget requests a one-time \$5,400,000 reduction as a result anticipated carry-over from FY 2003. The Administration must note that the FY 2003 Interior bill was signed into law until and that disbursement to tribes and the BIA was not made fully available until late March 2003, causing all BIA operations to expend their appropriated funds within approximately 75% of the fiscal year remaining.

The Navajo Nation requests the Administration to add any FY2006 anticipated carry-over reduction and all future carry-over reductions be added to ISDA funding base for ISDA programs.

Restore Full 638 Pay Cost Funding. The Administration must restore full 638 Pay Cost funding for tribes. Tribes count on the cost of living pay increase, which is similar to what the Administration and Congress provide for federal employees each year. Due to the Administration's budget decision, tribes like the Navajo Nation received only 30% of their pay cost adjustment in FY 2004, 15% in FY 2003 and 75% in FY2002. The shortfall of 638 Pay Cost funding for these years have caused ISDA programs to absorb the cost by reducing operations and direct services to ISDA clients.

The Navajo Nation strongly urges the Administration to restore 100% 638 Pay Cost funding for tribes in FY 2005 and FY2006, and to consider restoring 638 Pay Cost funding not received for FY's 2002-2004 as a special appropriation.

Provide Training to Tribes of Base Line Data for Budgets and Performance. Since FY 2002, Indian tribes have been left out of the discussions regarding the implementation of the Administration's Management Agenda. Our ISDA programs have been left to defend for themselves when the Program Assessment and Rating Tool (PART) assessment were being administered in FY 2003 and as more are scheduled in FY 2004 and FY 2005. And all the while, the Office of Management and Budget continues to rate Bureau and Tribal-operated programs with yellow on progress and red on status, linking budget decisions to performance measures and cost management information to improve budget performance integration

We request the BIA to establish high-level coordination with Tribes on their reporting requirements and with their method of processing tribal financial and performance accomplishment reports for purposes of developing the annual budget. By that token, we request new funding be provided to the BIA and Tribe's ISDA programs for training on the various report requirements and requests the Performance Assessment Rating Tool demands.

# Navajo Nation Detention Facility Incidences Fatalities and Criminal Incidences

### January 2002, Kayenta District:

On two different occasions within one month two inmates were released due to lack of jail space. The released individuals never made it home, one was found frozen along side of the highway, and the other was found dead in remote area. Cause of death: exposure.

### 1993, Crownpoint District:

Juvenile arrested on three different occasions. Due to lack of long term juvenile facilities individual released to parents each time. The first arrest was made due to his disorderly conduct and being beyond control of parents. The second arrest was for assaulting a female sibling and the third for stabbing his mother.

#### Dilkon Substation:

The Dilkon substation is located at least 75 miles in any direction to the nearest detention facility district. Dilkon has a severe shortage on officers and do not have sufficient vehicles to transport inmates without jeopardizing the safety of the community. Inmates are held in the back of police panels when jail spaces are at beyond their capacity.

#### Window Rock District:

Continuous male inmate overcrowding and there no separate jail space for women inmates. Most female inmates are held in one-room "high-risk inmate" isolation areas just to separate them from male inmates. Recently, in 2004, a female was raped when there were no more isolation rooms available and the female inmate was held in the same area with the male inmates. This is under currently investigation.

# August 2003, Chinle District:

Young Navajo male committed suicide within detention facility. He was placed in isolation because of his violent behavior and being of severe physical threat to officers and self and therefore was classified as "high risk". Although security cameras are placed in the cells, the officer on duty could not visually determine a suicide incidence occurred, as the inmate positioned himself as if he was standing against the cell bars looking out the jail cell.

### **Crownpoint District:**

Recurring domestic violence, aggravated assault, and property damage continuously charged to a male resident. District facility is unable to have the individual serve his sentence(s) due to consent decree on the district's jail conditions. Upon numerous arrests and release of individual, the Navajo Nation and surrounding nearby law enforcement jurisdiction advised the victim (wife) to relocate off the reservation.

#### Testimony of Howard D. Richards, Sr., Chairman Southern Ute Indian Tribe

Mr. Chairman, thank you for the invitation to testify today. I am Howard D. Richards, Sr., Chairman of the Southern Ute Indian Tribe.

I am here today to tell you about our Tribe's success in building and operating its own detention center. You've heard about the problems and deplorable conditions at many Indian country detention centers and before building our own center we experienced some of those problems. Because of the poor physical condition of the previous tribal jail that was built and maintained by the BIA, tribal members were being transferred to neighboring county facilities for incarceration. The Tribal Council recognized that housing Indian inmates in this type of facility could have a negative cultural effect on the inmates. The problem was that county jails could not provide the programs necessary to address the cultural and social issues faced by Indian offenders. For example, we know that alcohol abuse is high within the Indian population and many crimes committed on reservations are alcohol or drug related. It was important to us, therefore, that our inmates have access to rehabilitative programs during incarceration. After several years of trying, we realized that continuing to try to obtain federal funding for a new facility was futile given the lack of available funding and the long waiting list

In response to this situation, the Tribal Council took several actions to establish a successful and positive detention program on the Southern Ute Indian Reservation. First, we built a new detention center. In 1999, the Tribe used tax-exempt bond financing to build a \$9 million state of the art tribal justice center. The center includes a fifty-five bed, 18,000 square foot detention facility. The Tribal Court, police department, and wildlife enforcement division are all located in our justice building, as well as administrative offices for our division of gaming and justice and regulatory department.

Second, we made a decision to pay for the operation of the detention center ourselves without any federal funding. We still have a 638 law and order contract with the BIA which funds our police department but it does not include funding for the detention center. We decided not to obtain federal funding for the detention center so that we could control the operation of the center. We believe that rehabilitation rather than warehousing should be emphasized in detention operations and we wanted the ability to establish rehabilitation programs without being subject to the BIA regulations.

The Tribe's cost of operating the center is partially offset by money received from other jurisdictions who contract with the Tribe to house their inmates at our center on a space available basis. We currently have seventeen intergovernmental agreements to provide jail services to other governmental entities. The other governments with whom we have

Testimony of Howard D. Richards, Sr., Chairman Southern Ute Indian Tribe – June 23, 2004 Page 2

agreements include two federal agencies (INS and the U.S. Marshal's Service); several northern New Mexico pueblos; two Colorado counties; and one New Mexico county. Those other governmental entities need a secure and legally sufficient detention center to house their inmates either because of overcrowding at their facilities or because they do not have access to any other facility. Under our agreements, the other governments pay for the transportation of their inmates to and from our facility and pay a per day fee for each inmate we house. In this way, we are able to maintain an occupancy rate of about eighty percent (80%). As an example of the great need for secure and legally sufficient detention services throughout Indian country, we even have an agreement with a California tribe. All long term inmates housed under these agreements may participate in our rehabilitation programs and are subject to the same work requirements as all other inmates. The Tribe screens contract inmates to ensure compatibility with the other inmates being detained.

Third, we separated detention services from the police department. Many jails are operated by law enforcement officers and not professional corrections officers. What we found is that police officers often have neither the desire nor the training necessary to be effective corrections officers. Also, when detention is included in the police department's budget, detention usually does not receive adequate funding. At Southern Ute, therefore, our detention center now has an administrative staff and budget that is separate from our police department.

The separation of our detention services function from our police department has enabled us to hire correctional professionals. We found that in jails that are operated by a police department, duty in the jail is either a punishment for police officers who are being disciplined or is the "training ground" for first year police officers. It is our desire to have detention specialists operate our detention center - professionals who desire to be and take pride in being corrections officers. In our experience, the positive attitudes of our detention facility staff has a positive effect on the attitudes of the inmates. In order to promote professionalism in our detention staff, we encourage and provide funding for training.

Fourth, instead of BIA standards for detention facilities, we adopted American Correctional Association Standards/American Jail Association Standards as our Tribe's detention standards and created a tribal detention policy manual that is updated annually. Those standards exceed the standards of the BIA in most instances. One of our policies is to provide an inmate policy manual to every inmate upon their arrival. It clearly spells out all expectations and consequences.

Finally, we made a commitment in the operation of our detention center to provide opportunities for positive change and inmate self-improvement. This is done by offering a wide range of meaningful therapeutic and educational programs. Presently, thirteen different

Testimony of Howard D. Richards, Sr., Chairman Southern Ute Indian Tribe – June 23, 2004 Page 3

programs are offered at our detention center including AA (Alcohol Anonymous), anger management classes, general educational development (GED) and other continuing education classes. These programs build self esteem. We have seen positive changes in people as a result of these programs. In addition to therapeutic and educational programs, our detention center policy is to require all inmates to work. This too, has positive self esteem benefits. We do not want to simply lock-up and warehouse our inmates. It is our desire that when they leave incarceration, inmates will be better prepared to be productive citizens. For your information, I have attached a list of the programs and classes we offer at the detention center, a copy of the daily schedule of programs and classes, and the May report on participation in the programs and classes.

Based on our experience, we have several recommendations for the improvement of Indian tribal detention facilities. The first and most obvious recommendation is to allocate enough money to build and maintain facilities that are secure and legally sufficient. Second, tribes need to have more flexibility for involvement in the management of federally-funded tribal detention centers so the programs tribes desire for inmates can be provided. Third, detention centers must have good operating policies and procedures. Fourth, Indian country detention centers should be staffed by professional, career-minded correctional staff - not police officers. And perhaps most importantly, detention should be recognized as a separate function from the police function. This autonomy enables detention to hire a professional corrections staff and to receive its own separate funding.

Mr. Chairman, in closing, we regard our detention center to be a success and a model for other detention centers not because it is financially self sufficient, but because of the quality of the facilities and the manner in which the facility is operated. We know that few tribes can afford to build and operate their own detention facility without federal financial assistance. We also know that not everyone shares our philosophy regarding the importance of providing rehabilitation programs for inmates. It is our hope, however, that the actions we have taken might provide some ideas and inspiration in your efforts to improve conditions at Indian tribal detention facilities.

# SOUTHERN UTE TRIBAL DETENTION CENTER

### PROGRAM INFORMATION

The Southern Ute Tribal Detention Center has a contract with Peaceful Spirits, which is a rehabilitation center and the Ignacio Adult Learning Center. They are able to provide counseling. Some of the classes that Peaceful Spirits provides are:

#### **NATIVE AMERICAN INDIAN AWARENESS**

This class offers the inmate a view on Native American Indian history, the present and the past. The instructor who is Native American speaks on the issues of dealing with alcohol problems that may exist within the Native American Indian Community. He deals with the positive along with the negative outlooks. In addition, establishing and focusing on the positive image which is to progress and have pride, as a Native American Indian.

# DRUG AND ALCOHOL

Drug and Alcohol counseling discusses issues that concern the negative effects of alcohol and drugs. The inmates are able to give and received feedback from counselor and each other.

# AA (ALCOHOLICS ANONYMOUS)

Local AA members who volunteer conduct this meeting. The discussions involve alcoholism and focusing on solutions to sobriety.

# WHITE BISON AA 12 STEP PROGRAM

Local White Bison volunteer conduct this meeting. This program was developed from the 12 step alcohol program and it has been modified to the Native American Indian religion. This program is conducted at a different time then AA Meeting so inmates can attend both.

### **EDUCATION**

This program offers basic skills such as reading, writing, math and basic computer. A certified teacher comes to the Detention Center four days a week for three hours each day.

### GENERAL EDUCATION DEVELOPMENT (GED)

The inmate can study for his/her GED and have the opportunity to take the test. Testing is conducted every other month.

### COMPUTER CLASS

This is a basic computer class that allows inmates to work on typing tutorial software.

# ART CLASS

Certified art instructor conducts this class. Class is conducted four days a month for and each inmate can attend for two hours.

### LIFE SKILLS

A Native American woman volunteers to assist inmate by listening to their problems. Her focus is to help them to understand and develop self-esteem and self-respect. Her education background in family violence and alcohol and drug abuse helps inmates to discuss issues involving family problems consisting in abuse. This class allows inmates to discuss their problems and hopefully finding a different perspective on life.

### ANGER MANAGEMENT & DOMESTIC VIOLENCE

This class focuses on anger management in a group discussion atmosphere. Inmates will discus issues involving family violence, which stems from their anger. The key concept is to establish a way for the inmates to deal with their aggression without hurting themselves or others.

#### LIBRARY

A library is available to all immates on a weekly basis. This gives the inmates something to do while they are in their cells. Magazines and Books or furnished.

### RELIGION

Catholic Mass is conducted once a week for Catholic inmates. A volunteer Deacon from the Catholic Church conducts the service.

Protestant Church is also conducted once a week and all inmates are allowed to attend. The volunteer Chaplin conducts these services.

Volunteer ladies conduct a Ladies Bible Study on a weekly basis.

### NATIVE AMERICAN CHURCH

We build a Sweat Lodge in the outdoor recreation area and allow inmates to participate in sweats. Native American medicine men and women volunteers conduct these services. These services are conducted on the weekend. The Tribe provides the wood for the sweats.

# **Southern Ute Tribal Detention Center**

**May Program Monthly Report** 

17 Inmates studied for GED test.

Sweat conducted on May 16, 2004 for Native American Female Inmates

Sweat conducted by Everett Burch on May 23, 2004 for Native American male inmates in A & B Pods.

- 30 Inmates enrolled and attended AA Meeting
- 27 Inmates enrolled and attended AA Meeting (White Bison)
- 17 Inmates enrolled and attended Education Classes
- 26 Inmates enrolled and attended Drug and Alcohol Classes
- 19 Inmates enrolled Anger Management and Domestic Violence Classes. Did not have Anger Management Classes this month due to loss of funding from Tribal Court. Judge Newton is still working on get this reinstated with SUDC sharing the cost of the instructor.
- 27 inmates enrolled and attended Native American Awareness Classes.
- GED testing is scheduled for June 19, 2004.

Two Church Services are conducted each week on Wednesdays and Sundays.

Catholic Mass reinstated on Friday afternoons (2 Masses per week)

Sgt. Leon Kelley, Programs Coordinator Southern Ute Tribal Detention Center CC: Detention Director, Herb Maschner Admin. Sgt. Ronalynn Tiznado

United States Department of the Interior, Office of the Secretary, Washington, DC, October 7, 2004.

Hon. Daniel K. Inouye, Vice Chairman, Committee on Indian Affairs, U.S. Senate, Washington, DC.

DEAR Mr. CHAIRMAN: I am pleased to provide the responses to the questions submitted following the June 23, 2004, Committee on Indian Affairs oversight hearing on Indian Tribal Detention Facilities.

Should you have any questions, please contact my office at (202) 208-7693.

Sincerely,

JANE LYDER, Legislative Counsel.

### **Spirit Lake Tribal Detention Facility**

I have been contacted by Valentino White, Sr., Chairman of the Spirit Lake Nation, in my State of North Dakota about the possible closure of its detention facility at Fort Totten. My understanding from the Chairman is that the tribe was not consulted by the Bureau of Indian Affairs before a decision was made to place the facility on the closure list. Like the Chairman, I am concerned about the possible closure of this facility and strongly urge you to keep this facility open.

**Question 1:** Can you please tell me what the current status of the Fort Totten detention facility is? Has the Bureau of Indian Affairs engaged in government-to-government consultation with the Spirit Lake Nation on its possible closure? Will you commit to keeping the facility open?

Answer: The Fort Totten detention facility is currently open. The Bureau of Indian Affairs [BIA] has not engaged in consultation with the tribe on closure of the facility since there is no official closure plan.

We cannot make any commitments to keep any of the detention facilities open. Decisions will be based on the BIA's ability to ensure the safety and welfare of inmates and staff. If a building cannot be renovated to meet the minimum standards and codes, the result will be closure. However, we will commit to consulting with the tribes affected prior to moving forward with a closure plan.

# Mississippi Sioux Tribes Judgment Fund Distribution Act

On an unrelated note, I want to shift gears and raise an issue on the Mississippi Sioux Tribes Judgment Fund Distribution Act. In 1998, Congress amended the 1972 Mississippi Sioux Tribes Judgment Fund Distribution Act to reallocate a portion of the undistributed fund to the Spirit Lake Tribe, the Sisseton-Wahpeton Sioux Tribe and the Fort Peck Sisseton-Wahpeton Sioux Council. The reallocation was conditioned on the 1998 Act surviving any challenge to its constitutionality.

Following enactment, the constitutionality of the reallocation was challenged in two lawsuits. The first, *LeBeau* v. *United States*, ended on October 15, 2002, when a final judgment sustaining the constitutionality of the reallocation was entered. An appeal was filed but was subsequently dismissed on July 8, 2003, thereby ending this litigation. The constitutionality of the reallocation was also sustained in the second suit, *Loudner* v. *United States*. The final judgment on this issue was entered on February 25, 2004, and was not appealed. Accordingly, the three tribes have a right to payment of the funds reallocated to them in the 1998 Act.

After the appeal deadline expired in the *Loudner* case on April 26, 2004, the tribes' legal counsel was informed by the Department of Justice that payment could not be made to the tribes until the court lifts an injunction entered in the *Loudner* case, some years ago barring payment of any of the undistributed fund without permission of the court. At the end of April, the Department of Justice requested permission from Interior to file a motion to lift the injunction. I am informed that on May 18, 2004, the Associate Solicitor for Indian Affairs recommended that this permission be granted. To date, no action has been taken on this recommendation.

**Question 2:** Since there is no longer any legal impediment, except the injunction, to the payment of the tribes and since this payment is now statutorily mandated, and since, I am informed, the lifting of the injunction is not controversial and is expected to be granted without objection by the court or the parties. I would like to know why, for nearly 60 days, the Department has not responded to the Department of Justice's request and I would like to know when this response will occur.

Answer: On August 2, 2004, the Department of the Interior advised the Department of Justice that it had no objections to the Court lifting the injunction, so long as the rights of the lineal descendants, who share the bulk of this fund, are protected. On September 9, 2004, the Court lifted the injunction. The BIA will process the payment accordingly.
