HOUSE OF REPRESENTATIVES,
COMMITTEE ON SMALL BUSINESS,
Washington, DC.

The committee met, pursuant to call, at 11:34 a.m., in Room 2360, Rayburn House Office Building. Hon. Nydia Velázquez [chairwoman of the Committee] presiding.

Present: Representatives Velázquez, Finkenauer, Golden, Kim, Crow, Davids, Evans, Schneider, Espaillat, Delgado, Houlihan, Craig, Chabot, Radewagen, Hern, Hagedorn, Stauber, Burchett, Joyce, and Bishop.

Also Present: Representative Sablan.

Chairwoman VELAZQUEZ. Welcome to our first markup of the Second Session of the 116th Congress. Today, we will be considering four bipartisan bills: two of them modernizing the Microloan program, and another will give small businesses the tools they need to enter and thrive in the global marketplace. The last bill will ensure that 1,700 small businesses that employ 18,000 people in the Commonwealth of the Northern Mariana Islands will have access to valuable SBA programs and resources.

Before we get down to business, I would like to take a moment to thank the Ranking Member and his staff and all of the Members of the Small Business Committee for their tireless bipartisan work on behalf of small businesses.

Over the course of the past year, our committee has held a number of hearings to review programs at SBA. We have heard from Administrator Carranza and her team of associate administrators, Inspector General Ware, and small businesses throughout the country to determine what is working well and what can be improved at SBA.

The four bills that we are considering today are a plethora of hard work. They will make much needed improvements to SBA programs to make it easier for entrepreneurs to grow their small businesses.

With that, let us turn to the bills under consideration.

H.R. 6079, the Microloan Improvement Act of 2020, introduced by Mr. Kim and cosponsored by Mr. Burchett; H.R. 6078, the Microloan Transparency and Accountability Act of 2020, introduced by Mr. Burchett and cosponsored by Mr. Kim; H.R. 6133, the State Trade Expansion Program Improvement Act of 2020, introduced by Ms. Finkenauer and cosponsored by Mr. Spano; and H.R. 6021, the Northern Mariana Islands Small Business Development Act, introduced by Mr. Sablan of the Commonwealth of Northern Mariana Islands and cosponsored by Ms. Radewagen of American Samoa.

All of today's bills are a result of the committee's commitment to bipartisanship, and I urge Members to support them.

I would now like to recognize our Ranking Member, Mr. Chabot, for his opening remarks.

Mr. CHABOT. Thank you, Madam Chair, for holding today's meeting. Again, I appreciate your willingness to work with me and with all the Members on our side, as well as our staff in such a bipartisan manner.

All four of these bills are led by Members of both parties, which has become standard practice in our committee, and we thank you for that.

I will be brief in my opening as we will discuss each bill as it is called.

Before we begin, I want to say that work here in our committee continues to be of critical importance.

Just yesterday, for an example, we held an exceptional hearing where we discussed, in depth, the effect coronavirus is having on American's small businesses and could have in the immediate and long-term future.

As each of us know here in this committee, as the small business economy goes, so goes our national economy.

Because of the coronavirus pandemic, small firms are suffering from significant supply chain disruptions, economic uncertainty, and a generalized sense of concern.

Historically, such sentiments do not bode well for business, and especially small business. Without question, the health of our citizens is our number one priority, but in this committee our responsibility is to continue to seek out ways to help small firms and their employees navigate difficult times such as these.

Today, we have the opportunity to advance four bills that strengthen several initiatives administered through the Small Business Act. I support each of these measures and thank each of our Members, both republican and democratic alike, for their leadership and work on these bills.

I yield back.

Chairwoman VELÁZQUEZ. Thank you, very much. The gentleman yields back.

Before we get into the individual bills, are there any Members present who seek recognition for the purposes of making an opening statement?

H.R. 6079

Our first bill today is H.R. 6079, the Microloan Improvement Act introduced by Mr. Kim and cosponsored by Mr. Burchett. The bill enhances the Microloan program, which has been a lifeline of af-

fordable capital for thousands of aspiring entrepreneurs each year, especially those from underserved communities.

I would like to now recognize the gentleman from New Jersey, Mr. Kim, the sponsor of the bill, for an opening statement.

Mr. KIM. Thank you, Chairwoman. Thank you to my colleague from Tennessee, Mr. Burchett, for working across the aisle with me on this important legislation that will modernize SBA's Microloan program.

Many entrepreneurs, especially those from underserved communities, have great difficulty in securing much-needed capital for their businesses. For these individuals, traditional loans may be out of reach. The Microloan program helps to alleviate this problem by extending business loans and technical support to entrepreneurs.

Earlier this month, I chaired a hearing under the Subcommittee on Economic Growth, Tax, and Capital Access, which examined the SBA's Microloan program where we heard testimony that reinforced the immense value of this program. The program has meaningfully improved the well-being of tens of thousands of businesses nationwide.

In my district alone, 198 businesses received microloans in the total amount of almost \$3.25 million in fiscal year 2019. Without these microloans, many of these entrepreneurs would be unable to pay bills, would have to cut staff, or worse, shut their doors.

However, the program in its present form is not without its faults. Many of the shortcomings of the program stem from the fact that it is long overdue for modernization.

A common critique from participating lenders is that antiquated rules unnecessarily restrict their lending activity. To resolve this and other concerns regarding the Microloan program, Mr. Burchett and I introduced the Microloan Improvement Act. In short, this bill seeks to inject the program with much-needed flexibility that will ease access to capital for small business owners.

This bill is an important step toward improving a program that has been critical to the success of small businesses. I thank this committee for its support of these efforts, and I look forward to a new chapter for the Microloans Program.

I yield back.

Chairwoman VELÁZQUEZ. Thank you. The gentleman yields back.

I now would like to recognize the gentleman from Tennessee, Mr. Burchett, the cosponsor of the bill, for an opening statement.

Mr. BURCHETT. Which bill are we on? We are on 6079?

Chairwoman VELÁZQUEZ. Correct.

Mr. BURCHETT. Okay, great.

Well, thank you Madam Chair. I appreciate you and the Ranking Member's leadership on this issue, and I was happy to work with Mr. Kim on the Microloan Improvement Act in order to help grow small businesses in our rural areas. I ask for overwhelming support. I do want to thank our staffs for all the hard work they do both sides of the aisle. They seem to do all the work and we get all the credit, so it would be nice to recognize them at this time. I also want to thank everybody for their support.

I yield the remainder of my hard-earned time. Back to you, Chairlady.

Chairwoman VELÁZQUEZ. Thank the gentleman. The gentleman yields back.

Now are there any other Members who wish to be recognized for a statement on H.R. 6079?

I now recognize the Ranking Member.

Mr. CHABOT. Thank you, Madam Chair. I will be brief.

To assist small dollar borrowers, the SBA offers the Microloan program, where small businesses can receive loans of \$50,000 or less from nonprofit intermediaries. Beyond financing, the Microloan program also requires the nonprofit intermediaries to deliver technical assistance in counseling small business borrowers.

I want to thank Mr. Kim from New Jersey, and Mr. Burchett from Tennessee, for working in a bipartisan manner to introduce this bill. H.R. 6079 updates and modernizes outdated provisions in the Microloan program, such as the 155th rule, while also adding key flexibility requirements. I fully support this commonsense legislation and urge my colleagues to vote yes.

I yield back.

Chairwoman VELÁZQUEZ. The gentleman yields back.

I now recognize myself briefly.

The Microloan program provides funding to nonprofit, intermediary lenders, who in turn lend to very small businesses and startups that are not ready for bank loans.

These intermediaries help small businesses succeed by providing training and technical assistance. Mr. Kim put forth a bill designed to make it easier for microloan intermediaries to provide affordable capital to existing microbusinesses and prospective entrepreneurs. Notably, the bill illuminates the owners 155th rule.

I want to thank Mr. Kim and Mr. Burchett for their leadership on this issue, and I encourage all my colleagues to vote yes.

I would like to ask unanimous consent to submit letters of support from friends of the Microloan program, AEO, WIPP, that are for our microloan bills today.

So ordered.

If there is no further discussion, the committee will come to consideration of H.R. 6079.

The clerk will read the report of the title of the bill.

The CLERK. H.R. 6079, the Microloan Improvement Act.

Chairwoman VELAZQUEZ. Without objection, H.R. 6079 is considered as read and open for amendment at any time.

Are there any Members who wish to offer an amendment?

Seeing none, the question is now on H.R. 6079.

All those in favor, say aye.

All those opposed, say no.

In the opinion of the chair, the ayes have it.

H.R. 6079 is agreed to.

The question now occurs on reporting H.R. 6079 to the House.

All those in favor, say aye.

All those opposed, say no.

In the opinion of the Chair, the ayes have it, and H.R. 6079 is reported to the House.

Without objection, the committee staff is authorized to correct punctuation, make other necessary technical corrections, and conforming changes.

Members have 2 days to file additional supplemental, dissenting, and minority views.

H.R. 6078

Our second bill today is H.R. 6078, the Microloan Transparency and Accountability Act introduced by Mr. Burchett and cosponsored by Mr. Kim. These bills offer incentives to microloan intermediaries to provide management assistance to rural entrepreneurs.

I would now like to recognize the gentleman from Tennessee, Mr. Burchett, around an opening statement on H.R. 6079.

Mr. BURCHETT. Thank you, Chairlady and Ranking Member. I really do appreciate you all's leadership and allowing us to bring these important issues forward.

I am also thanking you all's staffs and our staffs that really do great work, and I am very appreciative of it.

Do you have to have an end course to get the results that I think we are getting for American small business owners?

Again, I want to thank my colleague, Mr. Kim. That will be Kim Tim in 2020 could be the new slogan. I do not know. His work with me on this bill, the Microloan Transparency and Accountability Act, this legislation would incentivize microloan intermediaries to involve themselves in rural small business and the Microloan program, while also improving the transparency on how taxpayer dollars are being spent at the SBA. Expanding the program is essential to small businesses in rural areas, but ensuring the accountability is also important.

I ask for everyone's support. Once again, I yield the remainder of my hard-earned time back to the committee, as long as we all endorse the Kim Tim 2020 plan. Thank you.

Chairwoman VELAZQUEZ. The gentleman yields back.

Now I would like to recognize the cosponsor of the bill, the gentleman from New Jersey, Mr. Kim.

Mr. KIM. Thank you, Chairwoman. Just to make sure, so I am at the top of the ticket?

Mr. BURCHETT. Yes, sir. I do not really want all that hassle.

Mr. KIM. You just want to be in the mix there.

Mr. BURCHETT. Yeah, you know.

Chairwoman VELAZQUEZ. I endorse that.

Mr. BURCHETT. The occasional picture in front of the Christmas tree at Christmas time.

Mr. KIM. We will get our staff to work out the details.

Chairwoman VELAZQUEZ. Two minutes remain.

Mr. BURCHETT. Chairlady, you are out of order.

Mr. KIM. It has been really great working with my colleague from Tennessee on these bills, trying to find ways that we can move the needle forward, and this was a great example of, again, just finding something very tangible, something very specific that we can build off of.

I really think that this is something that is very much needed. The studies are showing the rural businesses, especially those in the developmental stages, are in particular need of the strategic support.

For this bill to be able to have the bonus 5 percent technical assistance grant to intermediary servicing rural areas, these are the types of things that are just real tangible things that can move the needle forward.

It has been a pleasure working with Mr. Burchett on this, and we are going to do Kim Tim 2020.

I yield back. Thanks a lot.

Chairwoman VELAZQUEZ. The gentleman yields back.

Now we recognize the Ranking Member, Mr. Chabot.

Mr. CHABOT. Thank you, Madam Chair.

I would suggest that the gentleman that has just been talking should include Mr. Hagedorn. Then we would have the Kim Tim and Jim Plan. So there you go.

To enhance the dissemination of microloans in rural areas—do we have another one?

Chairwoman VELAZQUEZ. That was a boom.

Mr. CHABOT. Maybe I should just yield back my time now.

Specifically, H.R. 6078 gives microloan intermediaries that service rural communities the opportunity to receive bonus technical assistance grants. Additionally, it requires the SBA to conduct an annual portfolio risk analysis to ensure the growing program is protecting and safeguarding taxpayer dollars.

I would like to thank Mr. Burchett and Mr. Kim for working together to protect American taxpayer dollars and to ensure our rural communities utilize this program to its fullest.

I yield back my time.

Chairwoman VELAZQUEZ. The gentleman yields back.

Now I recognize myself briefly.

Earlier this Congress, this committee held hearings on the program where, among other things, we heard about the challenges that intermediaries face in providing technical assistance, especially in rural areas. Intermediaries must drive 2 hours or more to a borrower's place of business to conduct training, which can be expensive.

These costs all come out of the intermediaries' bottom line and the measure the gentleman from Tennessee has put forward to make numbers with at least 25 percent of their loan portfolio in rural areas eligible for a bonus technical assistance grant is a reasonable one that I support and will encourage my colleagues to support.

I thank both Mr. Burchett and Mr. Kim, and I urge a yes vote. I yield back the balance of my time.

If there is no further discussion, the committee will come to consideration of H.R. 6078.

The clerk will read the report of the title of the bill.

The CLERK. H.R. 6078, the Microloan Transparency—

Chairwoman VELAZQUEZ. Without objection, H.R. 6078 is considered as read and open for amendment at any time.

Does anyone wish to offer an amendment?

Seeing none, the question is now on H.R. 6078.

All those in favor, say aye.

All those opposed, say no.

In the opinion of the Chair, the ayes have it.

H.R. 6078 is agreed to.

The question now occurs on reporting H.R. 6078 to the House.

All those in favor, say aye.

All those opposed, say no.

In the opinion of the Chair, the ayes have it.

H.R. 6078 is reported to the House.

Without objection, the committee staff is authorized to correct punctuation, make other necessary technical corrections, and conforming changes.

Members have 2 days to file additional supplemental, dissenting, and minority views.

H.R. 6133

The third bill that we are considering today is H.R. 6133, the STEP Improvement Act of 2020 introduced by Ms. Finkenauer and cosponsored by Mr. Spano. This bill reauthorizes the State Trade Expansion Program (STEP) through 2024 and makes important improvements to streamline the application process and provides states with increased flexibility to use funds.

I would now like to recognize the gentlewoman from Iowa, Ms. Finkenauer, the sponsor of the bill, for an opening statement.

Ms. FINKENAUER. Thank you, Madam Chair.

As the Congresswoman from Iowa's 1st Congressional District, I know firsthand that for our small businesses, the ability to access new markets and export goods promotes economic successes at home and in our communities.

Given the importance of trade in my home state, especially for our farmers and our small business owners, who our farmers are also small business owners and manufacturers, I have made it a priority to improve and strengthen the State Trade Expansion Program.

The State Trade Expansion Program gives small businesses the tools they need to start exporting and expanding into new markets. Many small businesses operate with razor-thin margins and only have a few employees. They do not always have the resources to attend a new trade show, design an international marketing campaign, or navigate foreign countries' complex rules and regulations.

That is where the State Trade Expansion Program comes in. It is important that we reauthorize this program before it expires at the end of September. At the same time, we also need to fix some of the program's administrative challenges which we have heard about from folks in Iowa, from folks who have come to testify in front of our committee and other stakeholders.

In the Rural Development, Agriculture, Trade, and Entrepreneurship Subcommittee that I chair with Ranking Member, Dr. Joyce, we held two hearings, actually, dedicated to better understanding and addressing the challenges that have come up with the State Trade Expansion Program. I also have a roundtable in my district to hear from the Iowa Economic Development Authority and small businesses that have used this program and used it successfully. What we heard was that the State Trade Expansion Program (STEP) is a great resource for our states. But we also heard about very confusing application process, really tight timelines, and poor communication from staff at the Small Business Administration.

That is why today, taking all the feedback I have heard here in D.C., and especially back at home, I am proud to introduce the STEP Improvement Act of 2020. This bill will reauthorize the State Trade Expansion Program for 4 more years and make improvements, like creating a standard timeline and timeframe for applications, opening more channels for input and communication between the Small Business Administration and the states, and collecting better data on how the program helps our small businesses.

I want to thank my colleague, Mr. Spano, who is introducing this legislation with me today, you know, this is a bipartisan issue, one that we have been happy to work on bipartisanly in Congress, you know, this last year, but for many years prior to this as well when this program was originally created, and I am glad we were able to work across the aisle again to get this done today.

I urge all Members of this committee to support this bill.

With that, Madam Chair, I yield back.

Chairwoman VELÁZQUEZ. Thank you. The gentlelady yields back.

Are there any other Members who wish to be recognized for a statement on H.R. 6133?

The Ranking Member is recognized for 5 minutes.

Mr. CHABOT. Thank you, Madam Chair. I would like to thank Ms. Finkenauer and Mr. Spano for their leadership on this legislation.

H.R. 6133, the STEP Improvement Act of 2020, will reauthorize the SBA's State Trade Expansion Program for the next 4 fiscal years. The program facilitates small business participation and trade missions, ensures international marketing efforts, workshops, and other promotional activities.

Since its establishment as a pilot initiative in 2010, STEP has been subject to numerous oversight reports issued by the GAO and the SBA's Office of the Inspector General. This committee has carefully reviewed each report and collected feedback from stakeholders to determine the reforms included within the STEP reauthorization. State trade agencies and the State International Development Organization have sent in letters of support for the bill.

H.R. 6133 reinforces our commitment to seeing the SBA fulfill its goals relating to the STEP program and maximizes every dollar to help small businesses reach their potential in the international market. The bill provides greater flexibility to state trade agencies and enhances accountability at the SBA, a balance that will greatly improve program functions.

Therefore, I would support this legislation and urge my colleagues to do so on both sides and yield back my time.

Chairwoman VELÁZQUEZ. Thank you. The gentleman yields back.

Now I recognize myself briefly.

First, I would like to commend Representative Finkenauer for the work she did as the Chair of the Rural Development, Agriculture, Trade, and Entrepreneurship Subcommittee, which held two substantive hearings on STEP. This bill is a product of those efforts and a tremendous amount of hard work.

The State Trade Expansion Program helps small businesses navigate the complexities of an international marketplace and is an invaluable tool for small businesses looking to export.

In fiscal year 2019, SBA supported \$974 million in export sales from STEP. While impressive, more can be done to help small businesses access new markets and export goods abroad and in turn boost our local economies at home. This bill delivers on the committee's priority to expand exporting opportunities and ensures small businesses have the resources they need to compete abroad.

I thank Ms. Finkenauer and Mr. Spano for their leadership, and I urge my colleagues to support this bill.

I ask unanimous consent to enter a letter of support from the State International Development Organizations.

Without objection.

If there is no further discussion, the committee will move to consideration of H.R. 6133.

The clerk will read the report of the title of the bill.

The CLERK. H.R. 6133, the—

Chairwoman VELAZQUEZ. Without objection, H.R. 6133 is considered as read and open for amendment at any point.

Are there any Members who wish to offer an amendment?

Seeing none, the question is now on H.R. 6133.

All those in favor, say aye.

All those opposed, say no.

In the opinion of the Chair, the ayes have it.

H.R. 6133 is agreed to.

The question now occurs on reporting H.R. 6133 to the House.

All those in favor, say aye.

All those opposed, say no.

In the opinion of the Chair, the ayes have it.

H.R. 6133 is reported to the House.

Without objection, the committee staff is authorized to correct punctuation, make other necessary technical corrections, and conforming changes.

Members have 2 days to file additional supplemental, dissenting, and minority views.

H.R. 6021

The final bill before us today is H.R. 6021, the Northern Mariana Islands Small Business Development Act, sponsored by Mr. Sablan of the Commonwealth of the Northern Mariana Islands, and co-sponsored by Ms. Radewagen of American Samoa.

This bill takes the long-overdue step of including the Commonwealth of the Northern Mariana Islands in the Small Business Development Center programs and the FAST program.

I would now like to recognize the bill's sponsor, the gentleman from the Commonwealth of the Northern Mariana Islands, Mr. Sablan, for an opening statement.

Mr. SABLAN. Thank you very much Chairwoman Velázquez, Ranking Member Chabot, and Members of the committee, for allowing me to sit in and explain my view on H.R. 6021.

Thank you for your leadership supporting small businesses and for including my bill, the Northern Mariana Islands Small Business Development Act in today's markup.

My bill ensures the 1,700 small businesses in the Marianas are eligible for grants through the Small Business Development Center Program and through FAST, the Federal and State Technology Program.

The Marianas is the only place in the United States not included in these programs which help small businesses access the knowledge and capital needed to compete successfully for federal contracting opportunities. My bill would correct that by ensuring access on the same basis as their counterparts across the nation.

Under H.R. 6021, the Marianas can apply to establish a lead SBDC, which would make available renewable funding to expand the reach and capacity of the existing SBDC service center on Saipan.

With additional funding, small businesses on Saipan, Tinian, and Rota, the three mostly inhabited islands in the Marianas, will have better access to free or low-cost services such as incubator workspaces for entrepreneurs, business planning, operations, and other areas required for small business growth and success.

H.R. 6021 would also help our small businesses participate in federal research and development opportunities.

My bill does this by including the Marianas in the SBA's FAST program which funds outreach and assistance to small businesses interested in competing for the Small Business Innovation Research and Small Business Technology Transfer programs.

I want to also thank the committee for including a provision from my bill H.R. 2603, into H.R. 6079, the Microloan Improvement Act just voted for reporting to the House.

My provision would provide Marianas small business owners access to the SBA's Microloan program.

SBA microloans provide up to \$50,000 typically not offered by banks for working capital or the acquisition of materials, supplies, or equipment. This program also provides marketing, management, and technical assistance to assist women, low-income and veteran entrepreneurs in my district.

Both H.R. 6021 and H.R. 6079 provide the small businesses in my district access to the full range of SBA resources needed to help our economy and help aspiring entrepreneurs make their dreams of small business ownership a reality.

I would like to thank the gentlelady from American Samoa for cosponsoring my bill H.R. 6021.

Madam Chair, I yield back the remainder of my time. I urge members of the committee to support H.R. 6021. I yield back. Thank you.

Chairwoman VELÁZQUEZ. Thank you. The gentleman yields back.

I would now like to recognize the bill cosponsor, the gentlewoman from American Samoa, Ms. Radewagen, for an opening statement.

Ms. RADEWAGEN. Talofa and Hofa Adai.

Today, I am proud to speak in support of H.R. 6021, the Northern Mariana Islands Small Business Development Act. This bill would allow the Northern Mariana Islands to establish a Small Business Development Center and gain access to other Small Business Administration programs. As of right now, the Northern Mari-

anas is the only territory that does not have an SBDC, and I urge all my colleagues to support this bill.

I yield back, Madam Chair.

Chairwoman VELAZQUEZ. The gentlelady yields back.

Are there any other Members that wish—

The Ranking Member is recognized for 5 minutes.

Mr. CHABOT. Thank you, Madam Chair, and I will be brief.

I would like to congratulate and thank Mr. Sablan and Ms. Radewagen for their leadership on this legislation. I want to also thank you, Madam Chairwoman.

Our last bill is one that extends a matter of simple fairness to American citizens. Currently, the Northern Mariana Islands, part of the United States since 1975, is the only U.S. jurisdiction not included for eligibility in certain SBA programs, such as the very important SBDC Lead Center Grant program. The Northern Mariana Islands 55,000 inhabitants deserve the same access to SBA programs as any other American citizens, and this bill ensures that they do have that.

It is quite simple, bipartisan, and it is a just piece of legislation. I urge my colleagues to support it. Again, I thank Mr. Sablan and Ms. Radewagen, and I yield back.

Chairwoman VELAZQUEZ. The gentleman yields back.

Now I recognize myself briefly.

First, I would like to commend Mr. Sablan and Ms. Radewagen for their work on this bill. Mr. Sablan, it is true that representation matters. I am sorry that it took this long to bring fairness and access to all the programs that exist under the Small Business Administration. That should be the rule in every federal agency—that we open all of the programs to American citizens.

With that, if there is any further discussion, the committee will move on to consideration of H.R. 6021.

The clerk will read the report of the title of the bill.

The CLERK. H.R. 6021, the Northern Mariana—

Chairwoman VELAZQUEZ. Without objection, H.R. 6021 is considered as read and open for amendment at any time.

Does anyone wish to offer an amendment?

Seeing none, the question is now on H.R. 6021.

All those in favor, say aye.

All those opposed, say no.

In the opinion of the Chair, the ayes have it.

H.R. 6021 is agreed to.

The question now occurs on reporting H.R. 6021 to the House.

All those in favor, say aye.

All those opposed, say no.

In the opinion of the Chair, the ayes have it.

H.R. 6021 is reported to the House.

Without objection, the committee staff is authorized to correct punctuation, make other necessary technical corrections, and conforming changes.

Members have 2 days to file additional supplemental, dissenting, and minority views.

I would like to thank all of the Members for their participation today. If there is no further business to come before the committee, we are adjourned. Thank you.

[Whereupon, at 12:09 p.m., the committee was adjourned.]
