

Office of the Under Secretary
for Farm Production and Conservation
Washington, D.C. 20250

March 20, 2025

THE HONORABLE GLENN 'GT' THOMPSON
Chairman
Committee on Agriculture
U.S. House of Representatives
1301 Longworth House Office Building
Washington, D.C. 20515

Dear Chairman Thompson:

Pursuant to Section 1706(f) of the Agriculture Improvement Act of 2018 (2018 Act), Public Law 115-334, as extended by Section 4101(f) of the American Relief Act, 2025, Public Law 118-158, the U.S. Department of Agriculture is providing Congress with a report that describes the native sod acreage subject to a reduction in benefits to the Noninsured Crop Disaster Assistance Program (NAP) and the Federal Crop Insurance Program in each applicable county and State for 2024. I am responding on behalf of the Department.

Native sod acreage is noncropland, without a cropping history, converted to cropland, resulting in more restrictive native sod provisions applied to crops enrolled in Federal Crop Insurance or NAP. Acreages with breaking dates of February 8, 2014, through December 20, 2018, as defined by the Agricultural Act of 2014 (Pub. L. 113-79) are designated as native sod acreage the first 4 years of cropping.

Tillage dates after December 20, 2018, as defined by the 2018 Act, are designated as native sod acreage for 10 years, resulting in benefit reductions to NAP or Federal Crop Insurance for a maximum of 4 years.

Enclosed are tables that summarize total cropland acreage in each applicable county and State, along with native sod acreage under restrictions for NAP and Federal Crop Insurance in 2024. Nebraska and South Dakota had the most significant acreages.

We sent an identical letter and the report to Ranking Member Angie Craig.

Sincerely,

/s/Brooke S. Appleton

BROOKE S. APPLETON
Deputy Under Secretary
