FOREWORD

Since the child support program was established in 1975, its focus has shifted from recovering state public assistance costs to meeting the needs of the entire family. This evolution has been guided by federal legislation and the changing needs of families. The program recognizes that the family structure has changed, and it must serve the entire family to improve the financial and emotional support of children. We are committed to serving the whole family and providing services that promote family self-sufficiency so children receive reliable support from both parents.

Tanguler Gray
Commissioner
Office of Child Support Services

EXECUTIVE Summary

The Office of Child Support Services (OCSS) is part of the Administration for Children and Families (ACF) within the Department of Health and Human Services (HHS). HHS is the principal agency for protecting the health of all Americans and providing essential human services, especially for those who are least able to help themselves. ACF's mission is to foster health and well-being by providing federal leadership, partnership, and resources for the compassionate and effective delivery of human services. The ultimate ACF vision is that children, youth, families, individuals, and communities are resilient, safe, healthy, and economically secure.

The core mission of OCSS is to:

- Establish paternity.
- Obtain child support to encourage responsible parenting, family self-sufficiency, and child well-being.
- Recognize the essential role of both parents in supporting their children.

The national child support program helps children receive support by:

- Locating parents.
- Establishing paternity.
- Establishing and modifying support obligations.
- Monitoring and enforcing support obligations.

The child support program is a federal, state, tribal, and local partnership that operates under Title IV-D of the Social Security Act. Since the child support program operates under Title IV-D of the SSA, it is also referred to as the IV-D program. The program functions in 54 states and territories and 60 tribes (plus one additional tribe in the process of establishing a child support program).

The OCSS Annual Report to Congress highlights financial and statistical achievements based on data reported by state and tribal child support agencies. Section 452(a) under Title IV-D of the Social Security Act mandates that congressional members receive information about the overall operations and success of the national child support program.

In fiscal year (FY) 2022, child support programs nationwide continued to grapple with the impacts of the COVID-19 pandemic. Even though there have been some improvements, returning to pre-pandemic performance levels remains a challenging endeavor. The full scope of the pandemic's long-term effects on these programs is still uncertain. Despite challenges, service delivery to children and families remained paramount. Our work focused on engaging both parents in the lives of their children, increasing the economic stability of both parents, and strengthening family relationships.

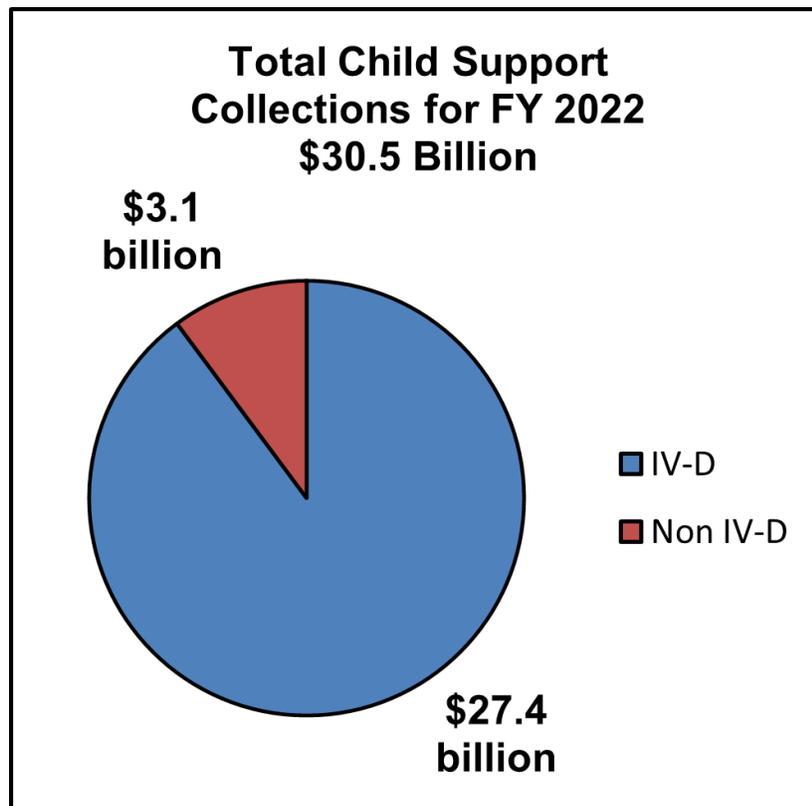

This report highlights the program’s solid progress and strong recovery in increasing family self-sufficiency and meeting the needs of children and their families in FY 2022, in spite of challenges. We share our accomplishments in the Highlights section and provide supporting data throughout the rest of the report.

This page is intentionally left blank

HIGHLIGHTS of the Year

ACHIEVEMENTS

OCSS promoted effective approaches and excellent customer service to ensure children receive consistent financial support from their parents living apart from them. Along with states and tribes, we identified proven strategies, including setting accurate orders to improve payment consistency and intervening early when payments stop. We emphasized the need for programs to modernize technology. We promoted employer outreach to increase income withholding and new hire reporting compliance. We also highlighted the importance of partnering with private and public programs that nurture healthy relationships between both parents and their children. These strategies contributed to improvements in program performance, reliable payments for children, and help to parents struggling to support their families.

PROGRAM PERFORMANCE

The child support program measures its success in helping families become self-sufficient through a variety of outcome-based measures. This section describes the statistical performance of the national, state, and tribal programs.

Performance-Based Incentives and Penalties

The child support program has a strong outcome-based performance management system established by the Child Support Performance and Incentive Act of 1998 (CSPIA). Under CSPIA, states are measured in five program areas:

- Paternity establishment
- Support order establishment
- Current support collections
- Cases paying toward arrears
- Cost-effectiveness

This performance-based incentive and penalty program rewards states for good or improved performance and imposes penalties when one of these occurs: (1) state performance falls below a specified level and has not improved, (2) state data used to compute incentive measures are incomplete or unreliable, or (3) the state is noncompliant with certain federal child support requirements. Performance data maintained by states are regularly audited for completeness and reliability.

The COVID-19 pandemic created significant challenges for child support programs nationwide and is reflected in our program performance measures. With courts and public offices shuttered nationwide, paternity establishment initially suffered but program data are now showing signs of overcoming the pandemic obstacles. Here are national FY 2022 data performance highlights:

- \$30.5 billion in total child support collections (including IV-D and non-IV-D) was distributed
- \$29.3 billion, or 96% of distributed collections went directly to families
- 12.8 million children were served by the program
- 87% of cases in the caseload had orders established
- 65% of current support due was collected
- 65% of cases with arrears had collections
- 100% was the IV-D Paternity Establishment Percentage (PEP)
- 93% was the statewide PEP rate
- \$4.73 was the cost-effectiveness rate

OCSS continues to work closely with program offices to help ease the impacts of the pandemic.

DATA RELIABILITY AUDITS

Child support performance data are audited to ensure that they are reliable. Congress mandates OCSS to conduct annual data reliability audits and reviews to evaluate the completeness, accuracy, security, and reliability of the data reported and produced by state reporting systems. These data reliability audits, performed by OCSS's Office of Audit, help ensure that incentives are earned and paid based on verifiable data only and that the incentive

payment system is fair and equitable. Data from states and territories for FY 2022 was audited. Fifty-two states and territories passed their data reliability audits. Two territories failed the audits for FY 2022.

COST AUDITS

OCSS is required by section 452(a)(4)(C) of the Social Security Act to evaluate the adequacy of the financial management of each state's child support program. Specifically, OCSS must review expenditures claimed by states for federal reimbursement. The primary objectives of a cost audit are to determine whether the claimed child support costs are allowable, allocable, and reasonable, and to ensure that states bear their fair share of child support costs. We perform financial audits after the data reliability audits to the extent that resources permit. We initiated two cost audits in FY 2021, ongoing into FY 2022.

FEDERAL SYSTEMS

OCSS has an expansive portfolio of Information Technology (IT) services and programs, referred to as Federal Systems, that help states and tribes effectively and efficiently achieve the core mission to provide child support to millions of our nation's children. Multiple systems make up the Federal Systems portfolio, including four that are critical to the business mission of the national child support program:

- National Directory of New Hires (NDNH), a database of employees, their quarterly wages, and unemployment benefit information.
- Federal Case Registry (FCR), a national database of child support participants, cases, and orders.
- Debtor File, a database of noncustodial parents who owe past-due support that helps states and tribes collect through the Administrative and Federal Tax Refund Offset and Passport Denial programs, and the Multistate Financial Institution Data Match (MSFIDM) and Insurance Match programs.
- Child Support Portal, a secure web portal that allows child support agencies to exchange vital case information and provides a gateway for employers, insurers, and financial institutions to share information with child support agencies.

OCSS's portfolio also provides IT services and programs that help child support agencies, employers, financial institutions, insurers, and other federal agencies implement the child support program in cost-effective and efficient ways. OCSS and state child support systems exchange information daily through batch processing as well as the web-based interactive portal that allows for location services, case and participant inquiries, and document exchange. The information collected and stored in the federal systems greatly assists state agencies with intergovernmental child support case management. Currently, 54 states and territories and nine tribes – Cherokee Nation, Eastern Band of Cherokee Indians, Fort Belknap Indian Community of the Fort Belknap Reservation of Montana, Klamath Tribes, Modoc Nation, The Muscogee (Creek) Nation, Shoshone-Bannock Tribes of the Fort Hall Reservation, Suquamish Indian Tribe of the Port Madison Reservation, and Minnesota Chippewa Tribe: White Earth Band – use the Child Support Portal. Although OCSS developed most of its batch systems in the mid-to late-90s, we have continued to modernize them. Enhancements include migration to relational databases, open

systems architecture, and modern programming languages. These enhancements align with federal guidance on modernization as well as state systems modernization initiatives.

While Congress established the NDNH to help state child support agencies locate parents and enforce child support orders, Congress also authorized certain state and federal agencies to receive NDNH data for other purposes, primarily to reduce improper payments from needs-based public benefit programs. Below are the latest reported outcomes from these data matches:

- During FY 2019, Department of Labor (DOL) estimated the benefits of NDNH and State Directory of New Hires W-4 matching to be \$164 million in erroneous payments identified and an estimated \$238 million prevented and recovered.
- In FY 2021, seven state TANF agencies reported a total of \$1.3 million in first-month avoided costs¹ for erroneous payments as a direct result of matching against the NDNH.
- In FY 2021, 45 states SNAP agencies reported approximately \$40.6 million in first-month avoided Supplemental Nutrition Assistance Program (SNAP) costs due to the NDNH match.
- The Social Security Administration (SSA) estimates saving \$1 billion in FY 2015 by preventing future annual benefits overpayments and adjustments of incorrect payment amounts in the Supplemental Security Income program. SSA reports that the benefit-to-cost ratio for the entire program is estimated to be 5.3 to 1.
- Department of Treasury’s Bureau of the Fiscal Service used a combination of NDNH and other data to recover approximately \$54.9 million in federal nontax debt in FY 2021.
- In FY 2020, the Department of Housing and Urban Development (HUD) identified over \$7 billion in underreported income by rental recipients using NDNH data, which could have resulted in \$411 million in overpayments to rental recipients. HUD estimates that that the benefit-to-cost ratio for the program is roughly 68 to 1.

STATE AND TRIBAL SYSTEMS

States continued efforts to replace or enhance their legacy statewide automated case management systems in FY 2022. In nearly all states, the systems are obsolete, and some state systems are near the end of their usable lives. However, budget constraints continue to delay most enhancement and replacement efforts.

Despite these challenges, seven states began to conduct planning and feasibility studies to examine a path forward to replace their systems:

- Georgia
- New Mexico
- South Dakota
- Virginia
- Wisconsin
- Hawaii
- Mississippi

¹ First-month cost avoidance is the term the TANF and SNAP agencies use in their reports to OCSS on their benefits from use of NDNH data.

Essentially this means that using the NDNH to verify income results in avoiding those costs/payments that would have been paid out in month 1.

In addition to the states conducting the feasibility study, some states like Kansas, Ohio, Pennsylvania, and Tennessee are developing a more distributed platform to modernize an obsolete mainframe environment.

Re-platforming projects are low-cost alternatives to developing a new system. Other states like Maryland, New York, Oklahoma, Texas, and West Virginia are modernizing their systems as part of a multi-agency effort.

The updated State Systems Certification Guide that provides requirements for all state child support systems was released in late 2017. Several states, including Oregon, Massachusetts, and South Carolina, have used the guide to develop the new statewide system. In FY 2022, Massachusetts' child support system was certified using the 2017 certification guide.

To reduce the federal costs of automating tribal programs, OCSS developed the Model Tribal System (MTS) in FY 2013. MTS is a comprehensive child support system that can be configured on premises or on the cloud depending on the tribe's comfort level. By FY 2021, 14 tribes had completed full installation.

- Cherokee Nation
- Chippewa Cree Tribe of the Rocky Boys Reservation, Montana
- Confederated Tribes of the Colville Reservation
- Eastern Band of Cherokee Indians
- Keweenaw Bay Indian Community, Michigan
- Eastern Shoshone Tribe of the Wind River Reservation, Wyoming
- Forest County Potawatomi Community, Wisconsin
- Lac Courte Oreilles Band of Lake Superior Chippewa Indians of Wisconsin
- Minnesota Chippewa Tribe: Mille Lacs Band
- Modoc Nation
- Prairie Band Potawatomi Nation
- Sisseton-Wahpeton Oyate of the Lake Traverse Reservation, South Dakota
- Suquamish Indian Tribe of the Port Madison Reservation
- Minnesota Chippewa Tribe: White Earth Band

Two of these 14 tribes—the Chippewa Cree Tribe of the Rocky Boys Reservation in Montana and the Prairie Band Potawatomi Nation—have moved their MTS application from an on-premises installation to the cloud.

PROGRAM INNOVATION

Competitive Grants and Initiatives

Section 1115(a) of the Social Security Act authorizes OCSS to award competitive grants to state and tribal child support agencies. The grants support research and demonstration projects that promote Title IV-D activities with the goal of improving the child support program. In FY 2022, OCSS issued 14 new grant awards and awarded extensions to three current grant recipients. OCSS also supported other ongoing grant projects that were fully funded prior to FY 2022.

New Awards: In September 2022, OCSS awarded 14 new Section 1115 grants for the Safe Access for

Victims' Economic Security (SAVES) demonstration. The grants were awarded to Colorado (2 awards), Georgia, the Lac Courte Oreilles Band of Lake Superior Chippewa Indians of Wisconsin, Michigan, Minnesota, Missouri, New York, Ohio, Oklahoma, Texas, Virginia, Washington, and Wisconsin. This 5-year demonstration will develop, test, and disseminate child support program improvements to ensure that survivors of domestic violence are able to safely access child support and parenting time services. The grantees are partnering with state, tribal, and local domestic violence service providers to create a coordinated response to survivors' economic and safety needs. OCSS also awarded a cooperative agreement to Colorado referred to as the SAVES Center to create a training, technical assistance, resource, and evaluation center.

Continuation Awards: OCSS awarded supplemental funding and an extension to one previously awarded Section 1115(a) demonstration project, the *Evaluation of the Procedural Justice-Informed Alternatives to Contempt Demonstration* (PJAC). PJAC is the first large-scale test of procedural justice as a framework for reducing the use of contempt in the child support program. The evaluation of PJAC includes extensive assessment of implementation lessons, program outputs, impacts of procedural justice on compliance with child support obligations, and a benefit-cost analysis comparing PJAC to conventional use of contempt. OCSS supplemented this project to leverage the extensive data collected during the demonstration. The supplement expands the evaluation to an in-depth examination and analysis of how coercive enforcement actions may disproportionately impact noncustodial parents of color, those in deep poverty, or those facing other cultural barriers to compliance. The supplement also included deliverables analyzing the impacts of COVID-19 on child support operations and an extensive sub-group analysis for optimal use of procedural justice strategies.

Ongoing Awards: In October 2020, OCSS awarded grants to nine state child support agencies as part of the *Charting a Course for Economic Mobility and Responsible Parenting* demonstration project. In July 2021, OCSS awarded funding to an additional nine state and two tribal child support agencies as a second cohort of this grant. These demonstration grants are fully funded, 3-year projects operating through FY 2023 and FY 2024, respectively. Each 3-year demonstration project is allowing grantees to leverage the child support program's responsible parenting expertise to educate and motivate teens and young adults to postpone parenthood until after they complete their education, start a career, and have a committed relationship. Most cohort 1 grantees will be requesting a 1-year no-cost extension, as they require more time to complete the initial objectives because of project delays related to COVID-19 and other reasons.

In FY 2019, OCSS awarded grants to seven state and two tribal child support agencies as part of the *Intergovernmental Case Processing Innovation Demonstration*. These demonstration grants are fully funded, 2-year projects operated through FY 2021. Grantees are using the funds to improve their existing intergovernmental case processing procedures and systems to test innovations likely to increase child support payments on their intergovernmental cases. They are also using the grants to implement procedures to increase efficiency and customer service. In 2022, two grantees requested a 1-year no-cost extension for more time to complete the initial objectives because of project delays related to COVID-19 and other reasons.

Access and Visitation

OCSS administers grants to states for the Access and Visitation Program to support and facilitate noncustodial parents' access to and visitation with their children using activities such as mediation, counseling, parenting education, developing parenting time schedules, visitation enforcement (monitoring, supervision, and neutral drop-off and pick-up), and developing guidelines for alternative custody arrangements. OCSS conducted multiple training and technical assistance sessions with states to help them pivot to remote delivery of parenting

time services including virtual mediation, parenting education classes, and supervised visitation. The annual appropriation for this program is \$10 million total, and each state and territory receives a portion of this funding based on the formula in the authorizing statute.

OCSS Program Partnerships

Program partnerships are critical to fulfilling OCSS's goal of improving child support outcomes for all children. Partnerships are a low-cost and effective way to increase the consistency of child support payments in those cases where there are barriers by addressing the reasons parents are not paying, such as unemployment, incarceration, parental conflict, or lack of access to their children. Partnerships also help other stakeholders accomplish their goals.

Examples of OCSS's FY 2022 partnerships:

- Department of Veterans Affairs to identify veterans with child support issues, address child support debt, improve employment prospects, and restore family connections.
- HHS/ACF Office of Family Assistance (OFA) on their Healthy Marriage and Responsible Fatherhood grants to plan for building local child support collaborations and to improve services and outcomes for fathers participating in the OFA grants.
- HHS/ACF/Administration for Children, Youth and Families (ACYF) Family Youth Services Bureau/ Family Violence Prevention Services Program and multiple state and tribal domestic violence coalitions to coordinate training and technical assistance to increase safety for survivors of domestic violence accessing child support services.
- HHS Reentry/Criminal Justice Working Group to coordinate information sharing and collaboration on work related to reentry and criminal justice across the department.

POLICY

International Child Support Program

HHS is the U.S. Central Authority for international child support, and the Secretary has designated OCSS to carry out the Central Authority duties. The United States implemented the Hague Convention on the International Recovery of Child Support and Other Forms of Family Maintenance in 2017. The Hague Convention provides for a comprehensive system of cooperation between the child support authorities of contracting states, establishes procedures for recognition of foreign child support decisions, and requires effective measures for prompt enforcement.

In FY 2022, OCSS provided technical assistance and policy guidance on international child support matters. In May, OCSS Commissioner Gray led the U.S. delegation in partnership with the U.S. Department of State to the Special Commission to review the practical operation of the Child Support Convention, held in the Hague

Netherlands. OCSS also responded to 1,120 customer service inquiries on international child support cases from families, states, and reciprocating countries. The U.S. reciprocates with 40 foreign countries under the Hague Child Support Convention and has bilateral reciprocity arrangements with four other countries and 12 Canadian provinces and territories, allowing child support obligations to be established, enforced, and modified internationally.

Guidance Issuance

On May 27, 2022, OCSS issued the Paternity Establishment Percentage Performance Relief final rule. The final rule modified the Paternity Establishment Percentage (PEP) from the 90% performance threshold to 50% for Federal Fiscal Years (FFY) 2020, 2021, and 2022 for a state to avoid a financial penalty. The final rule also provides that adverse findings of data reliability audits of state's paternity establishment data will not result in a financial penalty in FFYs 2020, 2021, and 2022. OCSS also published:

- Information Memorandum (IM) 22-03, Family and State Benefits of Debt Compromise. This IM shares data on child support debt and discusses impacts and strategies states may implement to prevent, reduce, and eliminate it.
- Dear Colleague Letter (DCL) 22-06 in conjunction with ACF's Children's Bureau that introduced a joint letter regarding the assignment of rights to child support for children in foster care.
- Policy Interpretation Question (PIQ) 22-02, Same-Sex Parents and Child Support Program Requirements. The goal in issuing this PIQ was to emphasize the flexibility that title IV-D of the Social Security Act affords states in enacting laws and policies to best serve diverse families.

State Plan

As a condition of receiving federal funding, state child support agencies must submit approvable state plans describing the nature and scope of their state child support program. The state plan consists of the preprinted state plan pages and any related attachments and contains all information necessary for OCSS to determine whether a state plan can be approved. Sections 454 and 466 of the Social Security Act set forth the requirements for submission of a state plan and plan amendments for the child support program.

In FY 2022, there were no federal regulations issued that required states to submit new state plan components. However, states continued to update their plans as needed in response to changes in their state laws and procedures.

TRIBAL PROGRAMS

Funding for tribal IV-D grants is authorized under section 455(f) of the Social Security Act. To demonstrate the capacity to operate a tribal child support program, tribes determined the following performance targets that tribes or tribal organizations must include in a tribal IV-D plan: paternity establishment, support order establishment, amount of current support to be collected, and amount of past-due support to be collected. Tribal child support programs may also submit any other performance measures they wish. For example, one tribe includes total expenditures per case as a performance measure. Some programs also measure their performance in providing

customer service. Another tribe chooses to set collaboration efforts as a goal, such as collaborating with other tribal departments to find alternatives to incarceration.

- In FY 2022, 60 tribes operated child support programs, providing services to Native American families consistent with tribal values and cultures. One tribe is in the process of establishing a child support program.
- Tribal child support programs have increased 161 percent since 2008 when we had only 23 comprehensive programs.
- Many tribal child support programs experience challenging caseloads due to factors such as a smaller scale, high unemployment, and high poverty rates.
- Due to the COVID-19 pandemic, many tribal child support programs added flexibilities to their service delivery, such as remote or telephonic hearings, drive-through or self-administered genetic testing, and staggered work hours.
- Despite the challenges, tribal child support programs have grown from 29,350 cases with collections of \$23 million collected in FY 2008 to 52,935 cases and \$50.5 million collected in FY 2022.

CUSTOMER COMMUNICATIONS

During FY 2022, OCSS managed and disseminated key communications for the national child support program to inform and engage customers, partners, stakeholders, and the public.

- OCSS supported plain language guidelines to ensure information from the federal office is easy to read, understand, and use.
- Parents, program partners, and child support professionals visit the [OCSS website](#) for policy documents and contact and program information. Military service members, veterans, and incarcerated parents can find child support information specifically tailored for those groups.
- OCSS managed communication campaigns to share timely information through appropriate social media channels. The most successful campaign was [Child Support Awareness Month](#). We created and shared social media messages in English and Spanish with diverse graphics to help promote the program.
- OCSS published two blogs:
 - [Commissioner's Voice](#) highlighted important OCSS initiatives.
 - [Analyze This](#) provided in-depth analysis of child support data. It informed child support professionals, researchers, and other stakeholders about national child support trends.
- Our annual infographic provided a snapshot of the national and tribal child support program.
- Customers also learned about OCSS, state, local and tribal initiatives that promote the well-being of children and families in our monthly newsletter, [Child Support Report](#).
- Using our Customer Inquiry Management system, OCSS responded to thousands of customer inquiries. We received inquiries from the public, parents, Congress, the White House, the HHS Office of the Inspector

General, and other officials and advocates.

- OCSS continued to promote our informational video, [What is Child Support](#), to share with parents and partners. The video highlights the most common services that parents use and offers general advice to help their child support process go smoothly. It's also available in [Spanish](#).

DATA DISCLAIMER AND TERMS OF USE

The data in this report was originally compiled and reported by child support programs in the states, territories, and tribes. OCSS assumes no responsibility or legal liability concerning the data's accuracy, reliability, completeness, timeliness, or usefulness.

OCSS makes this data available without charge as a public service on the condition that users of the data agree to be solely responsible for ensuring the accuracy and other qualities of any products derived from or in connection with this data.

OCSS disclaims any responsibility or legal liability to users for damages of any kind, including lost profits, lost savings, or any other incidental or consequential damages related to providing the data or the use of it.

The user agrees to credit HHS/ACF/OCSS in any publication that results from the use of this data. The names HHS/ACF/OCSS, however, may not be used in any advertising or publicity to endorse or promote any products or commercial entities unless specific written permission is obtained from HHS/ACF/OCSS in advance. The user also understands that HHS/ACF/OCSS is not obligated to provide the user with any support, consulting, training, or assistance of any kind regarding the use of this data or to provide the user with any updates, revisions, or new versions of this data.

Please note: The data are collected from various sources and may be modified over time without notice. OCSS disclaims responsibility for the accuracy of the data and makes no warranty about it.

2022 CHILD SUPPORT: MORE MONEY FOR FAMILIES

COLLECTIONS*

In FY2022, the child support program collected **\$30.5 billion**

72% of child support was collected by income withholding from an employee's paycheck
(28% other sources)

96% of child support collected went to families
(4% reimbursed public assistance dollars)

The child support program served **12.8 million children**
1 in 5 children in the U.S.

COST-EFFECTIVENESS

One of the most cost-effective government programs

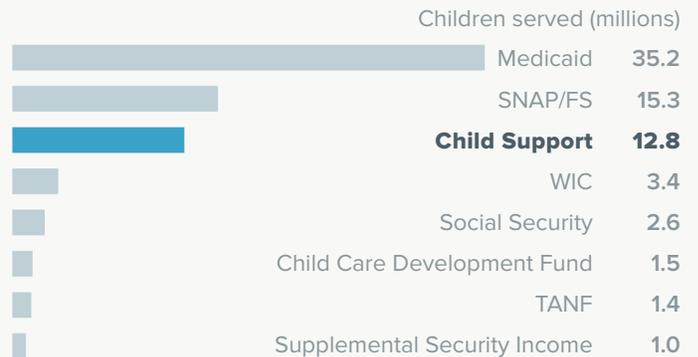

\$4.73

collected by the child support program for every **\$1.00** spent

CASELOAD COMPARISON

Children served compared to other programs**

PROGRAM Performance

TRIBAL
PERFORMANCE

The Office of Child Support Services recognizes the unique relationship between the federal government and federally recognized Indian Tribes. The direct federal funding provisions in Section 455(f) of the Social Security Act provides Tribes with an opportunity to administer their own IV-D programs in a manner that meets the needs of children and their families.

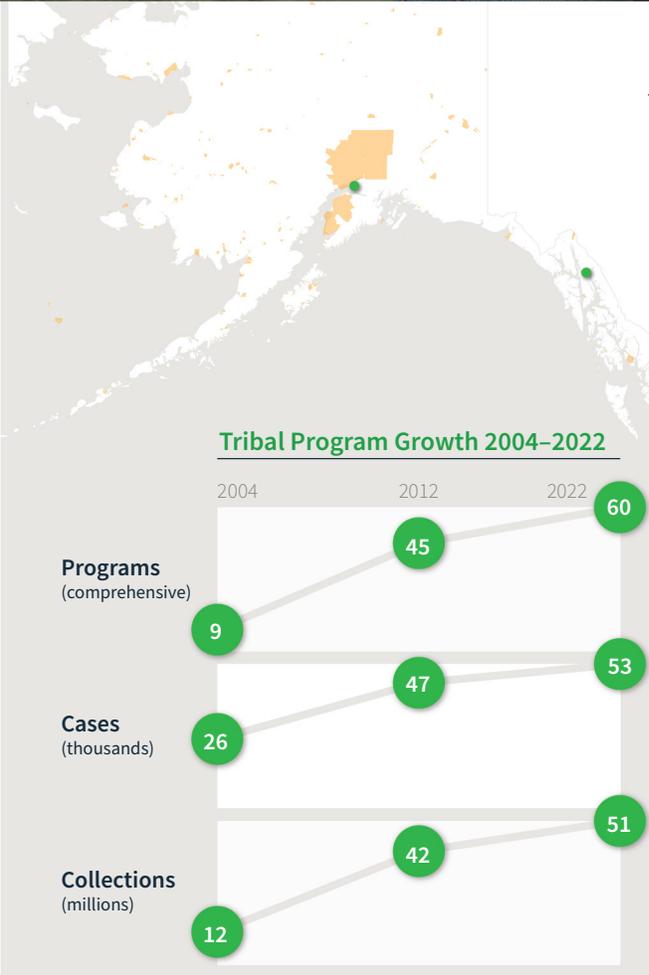

2022 Tribal Child Support

Providing Support for Our Families

60

Tribes operate child support programs

Tribal programs provide services to Native American families consistent with tribal values and cultures. The programs find parents, establish legal fatherhood (paternity), and set and enforce child support orders.

Tribal Child Support in FY 2022

\$51 million

in child support was collected by tribal programs

97%

of child support collected went to families

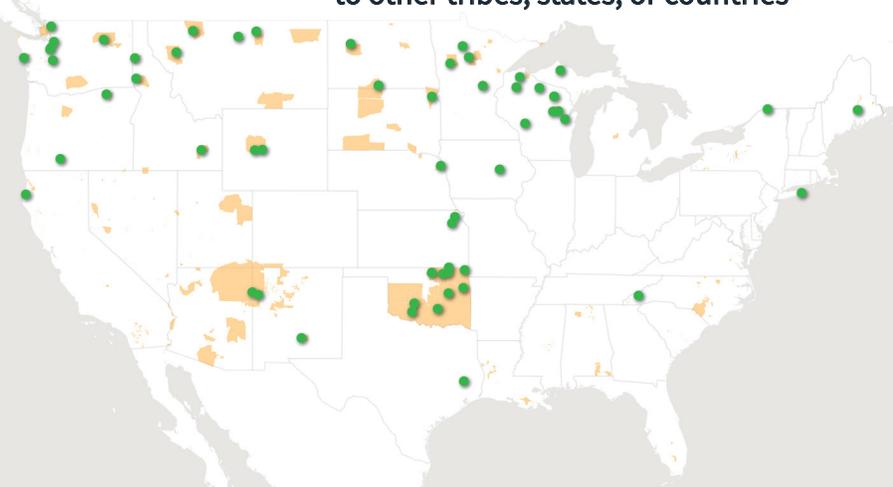

76%

of cases have a child support order

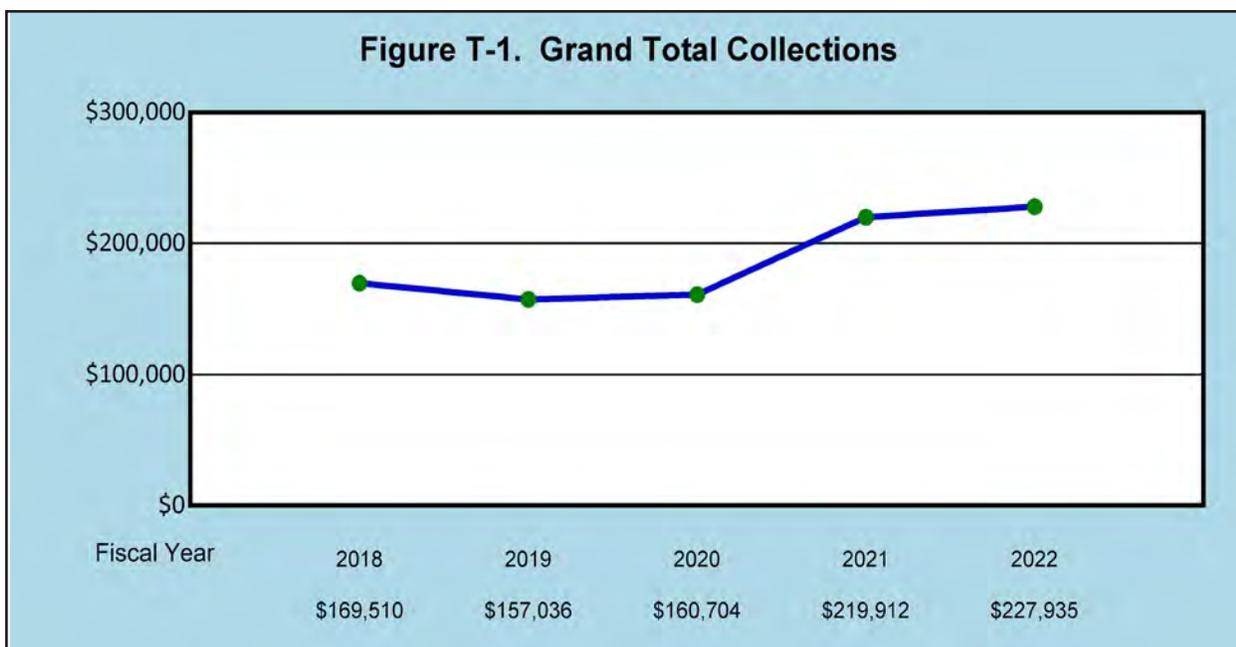

A Growing Partnership

\$10 million

From the \$51 million collected, tribal programs sent \$10 million to other tribes, states, or countries

ALABAMA-COUSHATTA TRIBE OF TEXAS

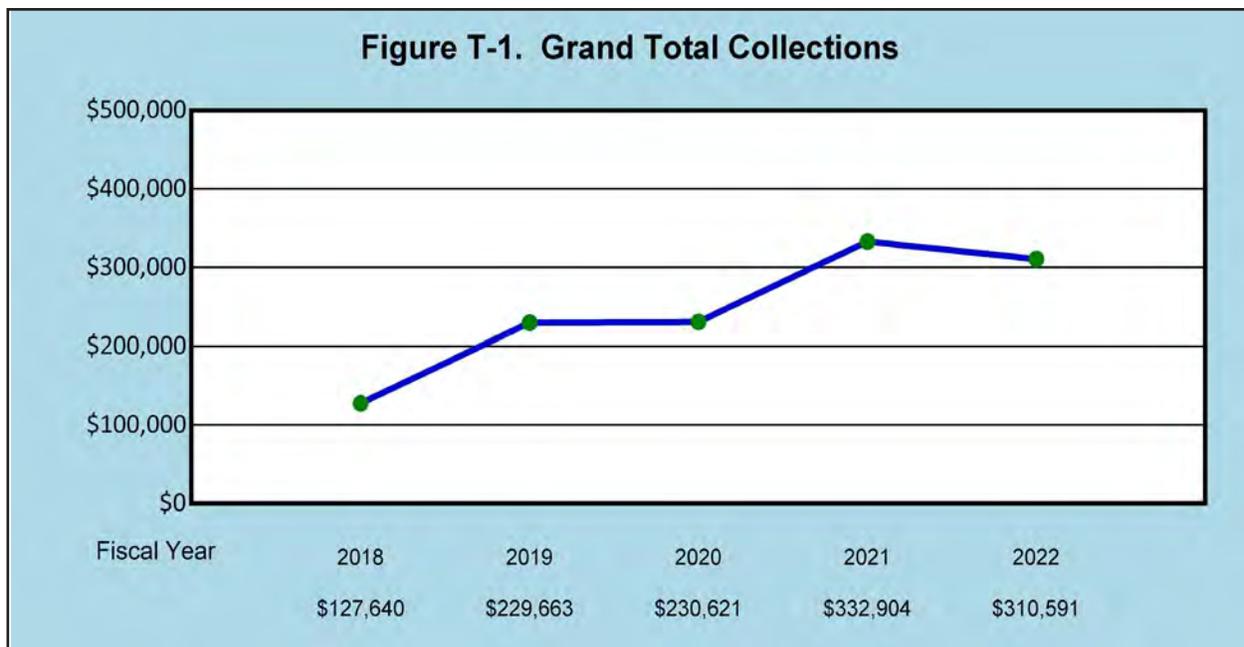

Tribe became Comprehensive FY 2014

Source: Forms OCSE-34 & OCSE-396.

¹ Total Assistance Reimbursement equals collections that will be divided between the State and Federal governments to reimburse their respective shares of either Title IV-A (TANF) payments or Title IV-E (Foster Care) maintenance payments. Form OCSE-34 - Part 1, line 7b, column G.

² Current Assistance Collections are those made on behalf of families currently receiving Title IV-A (TANF) or Title IV-E (Foster Care) assistance.

³ Former Assistance Collections are those made on behalf of families formerly receiving Title IV-A (TANF) or Title IV-E (Foster Care) assistance.

⁴ Medicaid Never Assistance Collections are those received and distributed on behalf of children who are receiving Child Support services under Title IV-D of the Social Security Act, and who are either currently receiving or who have formerly received Medicaid payments under Title XIX of the Social Security Act, but who were not currently receiving and who have never formerly received assistance under either Title IV-A (TANF or AFDC) or Title IV-E (Foster Care) of the Social Security Act.

⁵ Never Assistance Collections reported on form OCSE-34 are those made on behalf of families who are not currently receiving and have never formerly received assistance under Medicaid, TANF or Foster Care.

¹ Prior to implementation of their statewide child support system in 2019, South Carolina did not distinguish the type of payment going to the family and so includes medical support payments to families in their reporting of "Payments to Families or Foster Care" rather than separately as "Distributed as Medical Support Payments", which is the data source of this table.

NATIONAL FEDERAL SYSTEMS STATISTICS - National Directory of New Hires (NDNH)		10/1/2021 - 9/30/2022
Total Number of Records Posted by Data Type ¹		860,926,133
New Hire (NH)		77,478,807
Quarterly Wage (QW)		752,037,303
Unemployment Insurance (UI)		31,410,023
NATIONAL FEDERAL SYSTEMS STATISTICS - Federal Case Registry (FCR)		-
Total Number of Cases in the FCR (As of End of the FY)		17,940,540
IV-D Cases		12,853,527
Non IV-D Cases		5,087,013
Total Number of Unique Persons in the FCR by Participant Type (As of End of the FY) ²		43,229,811
NonCustodial Parents (NCP)		12,018,769
Putative Fathers (PF)		658,445
Custodial Parties (CP)		13,083,039
Children (CH)		19,887,527
Total Number of Unique Persons (NCPs and PFs) Matched by Data Type ³		4,527,361
New Hire (NH)		2,146,126
Quarterly Wage (QW)		3,590,102
Unemployment Insurance (UI)		1,151,895
NATIONAL FEDERAL SYSTEMS STATISTICS - Multistate Financial Institution Data Match (MSFIDM)		-
Number of Obligor with Account Matches (Average of Four Quarters for the FY) ⁴		2,501,456
Number of Account Matches Returned (Average of Four Quarters for the FY) ⁴		8,490,281
Number of Multistate Financial Institutions (MSFIs)		3,424
NATIONAL FEDERAL SYSTEMS STATISTICS - CSENet ⁵		-
Valid Transactions		7,988,569
Exchange Agreements (As of End of the FY)		18,326

Source: Federal Systems

¹ The Total Number of Records Posted to the NDNH includes records submitted by both states and federal agencies. Therefore, the national totals are higher than the totals reported in the state-by-state report because that report does not include any records posted by federal agencies.

² The Total Number of Unique Persons in the FCR is derived by unduplicating SSNs across all participant types. The figures for the individual participant types are unduplicated within that category but not between them--i.e., an individual may appear in more than one category, but is only counted once within that category and only once in the total. As a result, the counts for the individual participant types may not add up to the Total Number of Unique Persons in the FCR. In addition, an individual can be a child support case participant in more than one state but is only counted once in the nationwide total.

³ The Total Number of Unique Persons (NCPs and PFs) Matched is derived by unduplicating SSNs located across all data types (NH, QW, UI). The figure is unduplicated within each data type but not between them--i.e., an individual may appear in more than one category but is only counted once in that category and once in the total. As a result, the individual NH, QW, and UI counts may not add up to the Total Number of Unique Persons Matched.

⁴ The MSFIDM match is performed quarterly. If an obligor has an account open over two quarters, the match would be duplicated each quarter. To compensate for this, the average of the four quarters during the fiscal year was used. Since an obligor can have more than one account, there are always more accounts than obligors located.

⁵ States use the Child Support Enforcement Network (CSENet) to communicate case data and requests to other states automated systems in order to process interstate cases more effectively. A valid transaction involves the complete process of one state initiating and forwarding a request, and the appropriate state receiving this request. An Exchange agreement allows one state to forward a request to another state using CSENet. The total number of exchange agreements that an individual state has reflects the number of other states that it can send requests to. The national total is the sum of exchange agreements in all states.

Table 98 Federal Systems, 2022 ¹

NATIONAL FEDERAL SYSTEMS STATISTICS - FEDERAL OFFSET PROGRAM		
Category	Amount	Percent
Total Net Collections and Percent of Total	\$2,292,470,526	-
Offset ²	\$2,283,929,167	99.6%
Administrative Offset ²	\$8,541,359	0.4%
TANF ³	\$371,039,068	16.2%
Non-TANF ³	\$1,921,431,458	83.8%
Total Number of Offsets and Percent of Total	1,270,532	-
Tax Offset ²	1,257,954	99.0%
Administrative Offset ²	12,578	1.0%
TANF ³	240,421	18.9%
Non-TANF ³	1,030,111	81.1%
Total Certified Caseload and Percent of Total (As of End of the Year) ¹	6,325,964	-
TANF Cases ⁴	1,688,638	26.7%
Non-TANF Cases ⁴	4,637,326	73.3%
Total Certified Arrearages and Percent of Total (As of End of the Year) ¹	\$113,440,757,570	-
TANF	\$19,247,271,723	17.0%
Non-TANF	\$94,193,485,847	83.0%

Source: Federal Systems

¹ Processing Year, the calendar year the collections actually took place.

² Tax Offsets are based on intercepts of Federal Tax Refunds, while Administrative Offsets are based on intercepts of certain federal payments such as vendor and miscellaneous payments (that is, expense reimbursement payments and travel payments) and federal retirement payments. The tax and administrative figures add up to the Total figures and include both TANF and Non-TANF.

³ The TANF and Non-TANF figures add up to the Total figures and include both Tax and Administrative Offsets.

⁴ A certified case may be representative of an individual debt or an accumulation of TANF or Non-TANF debts. The criteria for certification of a debt for Federal Income Tax Refund Offset are as follows:

In TANF or Title IV-E foster care cases: the amount of past-due support must be at least \$150.

In Non-TANF or Medicaid-only cases: the amount of past-due support must be at least \$500.

The criterion for certification of a debt for Administrative Offset is the amount of past-due support must be at least \$25.

¹ The Total Unique Persons in the FCR is derived by unduplicating SSNs across all participant types. The figures for the individual participant types are unduplicated within that category but not between them --i.e., an individual may appear in more than one category, but is only counted once within that category and only once in the total. As a result, the counts for the individual participant types may not add up to the Total Unique Persons in the FCR. In addition, an individual can be a child support case participant in more than one state; in these situations they are counted in the total for each individual state in which they are a participant but are only counted once in nationwide total. As a result, the individual state totals add up to more than the nationwide total.

² Some states code their Putative Fathers as NCPs when submitting them to the FCR. For those states Putative Fathers are included in the NCP figure instead of the PF figure, which is NA.

Source: Federal Systems, Federal Case Registry (FCR)

¹ The Unique NCPs and PFs Matched is derived by unduplicating SSNs located across all data types (NH, QW, and UI). The figure is unduplicated within each data type but not between them--i.e., an individual may appear in more than one category but is only counted once in that category and once in the Unique Persons Matched column. As a result, the individual NH, QW, and UI counts may not add up to the Unique Persons Matched figure.

² These totals are summations of the individual state totals. Since an individual may be involved in child support cases in more than one state, there may be duplicates between the states. Therefore, these totals are higher than the unduplicated totals that are reported at the national level.

Source: Federal Systems

¹ These counts include NonCustodial Parents (NCPs) and Putative Fathers (PFs) submitted to the FPLS for locate purposes with no known SSN.

FPLS was able to identify the correct SSN using other demographic information, and then locate these individuals through the FPLS data source.

² FPLS locate sources include: DOD, FBI, IRS, SSA, VA, NDNH, and NSA.

³ The Unique NonCustodial Parents (NCPs) and Putative Fathers (PFs) Matched is derived by unduplicating SSNs located across all locate sources.

⁴ The report total is the sum of the individual state totals. Since an individual may be involved in child support cases in more than one state, there may be duplicates between the states.

GLOSSARY

Financial and Statistical Terms

Program Collections

Table 4 - Total Distributed Collections (Form OCSE-34 - Part 1, line 8, column G)

Total amount of collections distributed during the year on behalf of both TANF (Temporary Assistance for Needy Families) and non-TANF families. Total collections are calculated as the sums of Current IV-A and IV-E Assistance, Former IV-A and IV-E Assistance, Medicaid Never Assistance, and Other Never Assistance.

Table 8 - Distributed Medicaid Never Assistance Collections (Form OCSE-34 - Part 1, line 8, column E)

The amount of collections received and distributed on behalf of children who are receiving Child Support services under Title IV-D of the Social Security Act, and who are either currently receiving or who have formerly received Medicaid payments under Title XIX of the Act, but who are not currently receiving and who have never formerly received assistance under either Title IV-A (TANF or AFDC) or Title IV-E (Foster Care) of the Act.

Table 10 - Distributed TANF/Foster Care Collections (Form OCSE-34 - Part 1, line 8, columns (A+B) + line 7b, columns (C+D))

The portion of total collections received on behalf of families receiving assistance under the TANF program plus children placed in foster care facilities. These collections are divided between the State and Federal governments to reimburse their respective shares of either Title IV-A assistance payments or Title IV-E Foster Care maintenance payments.

Table 13 - Distributed Non-TANF Collections (Form OCSE-34 - Part 1, line 7c, columns (C+D) + line 7d, columns (C+D) + line 8, columns (E+F))

The portion of total collections received on behalf of families not receiving assistance under the TANF/Foster Care programs and distributed to those families during the year.

Federal and State Share of Collections

Table 14 - Federal Share of TANF/Foster Care Collections (Form OCSE-34 - Part 1, line 10a, column G + line 10b, column G)

The portion of child support collections used to reimburse the Federal government for its share of past assistance payments under Title IV-E and IV-A of the Social Security Act.

Table 15 - State Share of TANF/Foster Care Collections (Form OCSE-34 - Part 1, line 7b, column G - (lines 10a, column G + 10b, column G))

The portion of child support collections used to reimburse the state government for its share of past assistance payments under Title IV-E and IV-A of the Social Security Act.

Undistributed Collections

Table 16 - Net Undistributed Collections (Form OCSE-34 - Part 1, line 9b, column G (4th quarter))

The amount of collections that remains available for distribution in a future quarter.

Table 17 Percent of Undistributed Collections (UDC) (Form OCSE-34 – Part 1. (OCSE-34 Part 1 Line 9_9b Undistrib items (4th Qtr) (or Net UDC) divided by [(OCSE-34 Part 1 Line 1 1st Quarter) + (OCSE-34 Part 1 Line 2 + Line 3)] - (OCSE-34 Part 1 Line 4a + Line 4b + Line 4c))

The undistributed collections as a percentage of total collections.

Other Collections

Table 21 - Collections Forwarded to Non-IV-D Cases (Form OCSE-34 - Part 1, line 4a, column G)

Those collections received through income withholding and processed through the State Disbursement Unit on behalf of Non-IV-D cases that were forwarded to the custodial parent during the quarter.

Payments to Families

Table 31 – Payments to Families or Foster Care (Form OCSE-34 - Part 1, line 7d, column G)

The total collections that are distributed either to the family or to the foster care agency to be used on the child's behalf.

Table 32 – Current TANF/Foster Care Assistance Payments to Families (OCSE-34 - Part 1, line 7d, columns (A+B))

The total amount of collections that are distributed either to the family or to the foster care agency to be used on the child's behalf.

Interstate Activity

Table 33 - Interstate Collections Forwarded to Other States (OCSE-34 - Part 1, line 4b, column G)

Amounts received in response to a request for assistance from another state and forwarded during the quarter to that state for distribution, including interstate cases and Administrative Enforcement in Interstate (AEI) collections.

Cost-Effectiveness

Table 36 – Cost Effectiveness Ratio (OCSE-34 - Part 1, lines 4b, 4c, 8, 11, column G / OCSE-396, line 7, columns (A+C) - line 1c, columns (A+C))

The total of collections forwarded to other states, plus total collections distributed, plus fees retained by other states, divided by total current quarter claims and total prior quarter adjustments minus Non-IV-D cost.

Incentives

Tables 37 and 38 - Incentive Estimate Payments and Actuals (Financial Management)

The amount of money states earn for running an efficient child support program. This amount is estimated prior to the start of the fiscal year and is reported by the state on a quarterly basis. Actual incentive amounts are computed after the end of the fiscal year and appropriate adjustments are made in state grant awards.

Medical Support

Table 40 - Distributed as Medical Support Payments for Five Consecutive Fiscal Years (Form OCSE-34 - Part 1, line 7c, column G)

The portion of any collection that corresponds to any amount specifically designated in a support order for medical support. To the extent that medical support has been assigned to the state, medical support collections must be forwarded to the Medicaid agency for distribution in accordance with current regulations under Title XIX of the Social Security Act (Medicaid). Otherwise, the amount must be forwarded to the family.

Table 41 Health Insurance Provided and Ordered for Two Consecutive Fiscal Years (Form OCSE-157, line 22, column A for "Cases in which Health Insurance is Ordered" for previous FY and current FY, respectively; and OCSE-157, line 23, column A for "Cases in which Health Insurance is Provided and Ordered" for previous FY and current FY, respectively; Percent of Health Insurance Provided and Ordered previous FY = OCSE-157, Line 23, column A (previous FY) divided by OCSE-157, line 22, column A, and Percent of Health Insurance Provided and Ordered current FY = OCSE-157, Line 23, column A (current FY) divided by OCSE-157, line 22, column A)

The number of cases open at the end of the fiscal year in which health insurance is ordered and the number of cases open at the end of the fiscal year in which health insurance is provided and ordered.

Program Expenditures

Table 43 – Total Administrative Expenditures (Form OCSE-396 line 7, columns (A+C))

Total amount of expenditures eligible for Federal funding that is claimed by the state during the year for the administration of the Child Support Services program. Including all amounts claimed during the year, whether expended during the current or a previous fiscal year. The amounts being reported have been reduced by the amount of program income (fees and costs recovered in excess of fees and interest earned and other program income) received by the states.

Table 44 - Federal Share of Administrative Expenditures (Form OCSE-396 line 7, columns (B+D))

Net Federal Share of current quarter claims plus prior quarter adjustments.

Table 45 - State Share of Administrative Expenditures (Form OCSE-396 line 7, columns (A+C) - line 7, columns (B+D))

Total current quarter claims plus prior quarter adjustments minus federal current quarter claims plus federal prior quarter adjustments.

Table 47 - Non-IV-D Costs (Form OCSE-396 line 1c, columns (A+C))

The amount of administrative expenditures attributable to the collecting, entering, maintaining, and processing information relative to non-IV-D child support cases in the state case registry and to the processing of non-IV-D child support collections through the State Disbursement Unit. Non-IV-D cases are those for which there is no assignment of support rights to the state or where the State has not received an application for Title IV-D services.

Functional Costs

Table 48 - ADP Expenditures (Form OCSE-396 lines 4 and 5, columns (A+C))

Expenditures made in accordance with the terms of an approved ADP for the planning, design, development, implementation, enhancement, or operation of an automated Statewide Child Support Enforcement System (CSES).

Cases and Caseloads

Case Type Definitions

Current Assistance- A case where the children are: (1) recipients of Temporary Assistance for Needy Families (TANF) under Title IV-A of the Social Security Act or (2) entitled to Foster Care maintenance payments under Title IV-E of the Social Security Act. In addition, the children's support rights have been assigned by a caretaker relative to a state, and a referral to the state IV-D agency has been made.

Former Assistance- A case where the children formerly received Title IV-A (AFDC or TANF) or Title IV-E Foster Care services.

Never Assistance- A case where the children are receiving services under the Title IV-D program, but are not currently determined to be eligible for and have not previously received assistance under Titles IV-A or IV-E of the Social Security Act.

Table 52 - Total Caseload (Form OCSE-157, lines 1 and 3, column A)

The number of IV-D cases open on the last day of the fiscal year, including the number of open cases at the end of the fiscal year as a result of requests for assistance received from other states.

Table 54 - Cases for Which the State Has No Jurisdiction (Form OCSE-157, line 3)

Open cases on the last day of the fiscal year over which the state has no jurisdiction. This includes

cases that involve an individual over whom the IV-D agency has no civil jurisdiction available to pursue or effectuate any child support actions.

Orders Established

Table 64 - Total Cases with Support Orders Established (Form OCSE-157, line 2)

The number of IV-D cases open on the last day of the fiscal year that have support orders established. Includes cases with orders entered prior to the case becoming an IV-D case, as well as cases with orders established by the IV-D agency. Judgments for arrears, regardless of whether there is a payment schedule or an order for ongoing support, are also included.

Paternities

Table 71 - Total Number of Paternities Established or Acknowledged (Form OCSE-157, lines 10 and 16, column A)

The number of children born out-of-wedlock in the reporting state for which paternity has been acknowledged during the fiscal year. Include children with paternity acknowledged through the state's voluntary in hospital acknowledgment program and other acknowledgment processes. Also reported is the number of children in cases in the IV-D caseload for whom paternity was established or acknowledged during the fiscal year.

Table 72 - Paternity Establishment for Two Consecutive Fiscal Years (Form OCSE-157, lines 5a, 6, 8a, and 9)

The number of children in the IV-D caseload in cases open at the end of the current fiscal year who were born out-of-wedlock. Also the number of children born out of wedlock in the IV-D caseload in cases open at the end of the fiscal year who have paternity established or acknowledged.

The total number of children who were born out-of-wedlock in the state during the fiscal year. Also included is the number of minor children who were born out-of-wedlock in the state for whom paternity has been established or acknowledged during the fiscal year.

Services Provided

Table 73 – TANF Cases Closed Where a Child Support Payment was Received (Form OCSE-157, line 14)

Includes all cases terminated from TANF during the fiscal year in which there was any child support collection in the month of termination.

Table 74 - Number of Support Orders Established During the Fiscal Year (Form OCSE-157, line 17)

The number of cases in which support orders were established by the IV-D agency during the fiscal year. Includes support orders established for medical support or health insurance.

Table 75 - Number of Cases in Which a Collection Was Made on an Obligation (Form OCSE-157, line 18)

The number of cases for which one or more collections were made during the fiscal year. Included are cases where no support order is established but a voluntary payment was made.

Table 76 - Cases Sent to Another State (Form OCSE-157, line 19)

The number of interstate cases the reporting state sent to other states during the fiscal year. Includes cases submitted for location, establishment of paternity or support order, enforcement of support, or any other IV-D activity.

Table 77 - Cases Received from Another State (Form OCSE-157, line 20)

The number of interstate cases received from another state during the fiscal year.

Services Required

Table 78 - Cases Requiring Services to Establish a Support Order (Form OCSE-157, line 12)

Total number of IV-D cases open at the end of the fiscal year that need services to establish a support order.

Table 79 - Children Requiring Paternity Determination Services (Form OCSE-157, line 13)

The number of children in cases that are open at the end of the fiscal year who required paternity establishment. This includes all children whose paternity has not been established and children in the process of having paternity established. If there is more than one putative father for a child, this child is only counted once.

Staff

Table 81 – Full-Time Equivalent Staff by State and Local, Cooperative Agreements, and Privatized IV-D Offices (Form OCSE-157, lines 30, 31, and 32)

The total number of FTE staff employed by the state and local IV-D agencies.

The total number of FTE staff employed by an agency (public or private) working under a cooperative agreement with the IV-D agency.

The total number of FTE staff employed by privatized IV-D agencies.

Current Support

Table 83 - Amount of Current Support Due (Form OCSE-157, line 24)

The total amount of current support by current, former and never assistance for the fiscal year for all IV-D cases includes total voluntary collections.

Table 84 - Amount of Support Distributed as Current Support (Form OCSE-157, line 25)

The total amount of support distributed as current support during the fiscal year for all IV-D cases. Voluntary payments are considered current support and should be included even though there is no order to require payment.

Arrears

Table 85 – Total Amount of Arrearages Due for all Fiscal Years (Form OCSE-157, line 26)

The total amount of arrears due and unpaid as of the end of the fiscal year for all fiscal years, including the fiscal year covered by the report. Interest and penalties on arrearages may be included.

Table 86 - Total Amount of Support Distributed as Arrears (Form OCSE-157, line 27)

The total amount of support distributed this fiscal year as arrearages. This amount includes judgments ordered and paid this fiscal year for prior year support.

Tables 87 and 88 - Cases with Arrears Due and Cases Paying Towards Arrears (Form OCSE-157, lines 28 and 29)

The number of cases with arrears due during the fiscal year, including cases closed during the fiscal year with arrearages.

The number of cases in which there was at least one payment toward arrears during the fiscal year and the total number of IV-D cases in which payments of past-due child support were received during the fiscal year. Part or all of the payments were distributed to the family to which the past-due child support was owed.

Non-Cooperation and Good Cause

Table 90 - Cases Open with a Determination of Non-Cooperation (Form OCSE-157, line 37)

The number of IV-D TANF cases open at the end of the fiscal year in which a determination was made that the custodial parent refused to cooperate with state agencies in identifying and locating the noncustodial parent.

Table 91 - Cases Open with Good Cause Determinations (Form OCSE-157, line 38)

The number of cases open during the fiscal year in which it was determined by the state that the custodial parent has a good cause for refusing to cooperate with state agencies in identifying and locating the noncustodial parent.

Children

Table 92 - Children with Paternity Resolved (Form OCSE-157, line 7)

The number of children in the IV-D caseload open at the end of the fiscal year with paternity resolved. Include all children born within a marriage, legitimized by marriage or adoption and children with paternity.

Table 93 - Total Number of Children in IV-D Cases (Form OCSE-157, line 4)

The number of children in the IV-D caseload in cases open at the end of the fiscal year. This includes those children who are under age 18.

Tribal Reporting Terms

Percentage Collected from Tribal Sources (Optional Reporting)

This is the proportion of total collections that was collected from tribal sources. These are collections that were distributed or sent to another jurisdiction for distribution during the federal fiscal year, that were from a tribal source that would not have been collected if the tribal program did not exist. It would include collections from various sources such as per capita payments and tribal casinos.

Tribal Unemployment Rate (Optional Reporting)

This is an optional reporting line and may be obtained from an actual study or report such as the Bureau of Indian Affairs (BIA) Labor Force Report, or other tribal calculations based on tribal members, tribal child support caseload, or other appropriate group.

Tribal Joblessness Rate (Optional Reporting)

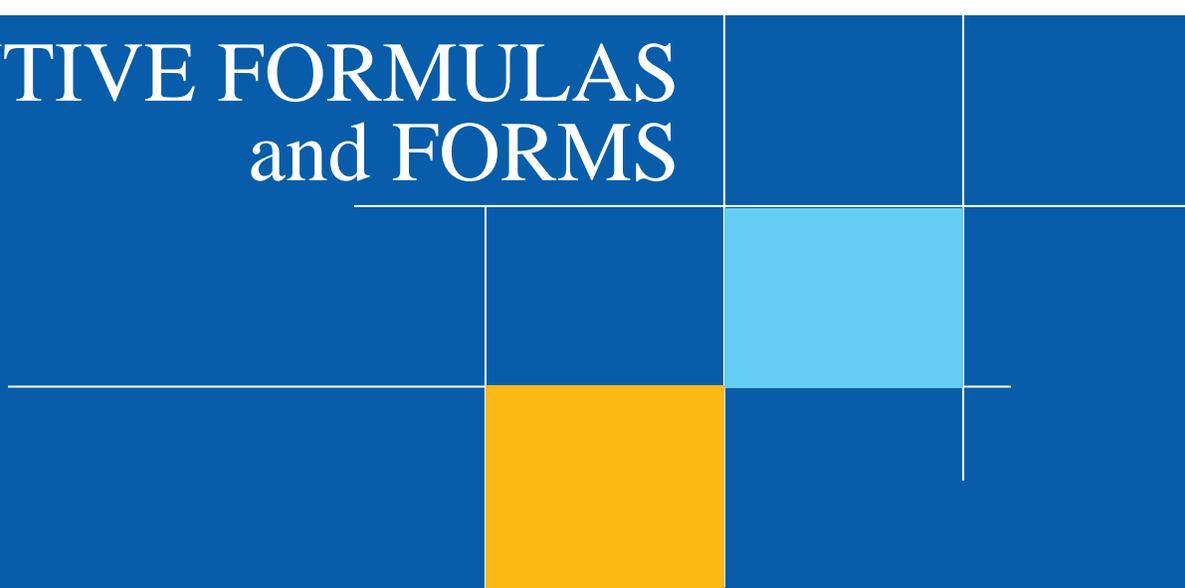

The joblessness rate is an alternative measure of unemployment. No standard definitions were provided. Tribes may choose how to calculate this measure.

2 times (Current Assistance + Former Assistance Collections + Medicaid Assistance) + Never Assistance Collections + Fees Retained by Other States	OCSE-34: 2 times ((Line 4b, columns A+B+C+D+E) + (Line 8, columns A+B+C+D+E)) + Line 4b, column F + Line 8, column F + Lines 4c + 11 of column G

* Both the IV-D and statewide PEP can exceed 100%. The IV-D PEP can exceed 100% because a state may count the number of nonmarital children in the child support caseload who have paternity established or acknowledged during the fiscal year and compare that to the number of nonmarital children in the child support caseload at the end of the fiscal year. The statewide PEP can exceed 100% because paternities can be established for older nonmarital children in addition to newborns.

How an Incentive Payment is Determined

Because of the complexity of the incentives formula set forth in section 458 of the Social Security Act, we have included an example of how the system would work in a particular year for State A. Let's make the following assumptions regarding State A (See Table A):

- State A's paternity performance level is 93 percent, making its applicable percentage 100 percent (see Table C)
- State A's order establishment performance level is 74 percent, making its applicable percentage 88 percent (see Table C)
- State A's current support collections performance level is 59 percent, making its applicable percentage 69 percent (see Table D)
- State A's arrearage support collections performance level is 60 percent, making its applicable percentage 70 percent (see Table D)
- State A's cost-effectiveness ratio is \$4.40, making its applicable percentage 80 percent (see Table E)
- State A's collections base is \$50 million (determined by 2 times the collections for Current Assistance, Former Assistance, and Medicaid Never Assistance plus Never Assistance collections and fees retained by other states)
- The maximum incentive for State A is:
 - \$50 million collections base for paternity (\$50 mil. times 1.00), plus
 - \$44 million collections base for orders (\$50 mil. times 0.88), plus
 - \$34.5 million collections base for current collections (\$50 mil. times 0.69), plus
 - \$26.25 million collections base for arrearage collections (\$50 mil. times 0.75¹ times 0.70) plus
 - \$30.0 million collections base for cost-effectiveness (\$50 million times 0.75¹ times 0.80) equals
 - Resulting in a maximum incentive base amount of \$184.75 million for State A.

¹ Because the measure has less weight.

Table A

Measure	State A's Performance Level	Applicable Percentage based on Performance	Weight	State A's Collection Base (assumed to be \$50,000,000)
Paternity Establishment	93%	100%	1.00	\$50,000,000
Order Establishment	74%	88%	1.00	\$44,000,000
Current Collections	59%	69%	1.00	\$34,500,000
Arrearage Collections	60%	70%	.75	\$26,250,000
Cost-Effectiveness	\$4.40	80%	.75	\$30,000,000
State A's Maximum Incentive Base Amount	--	--	--	\$184,750,000

We must now make some assumptions regarding the other States. Let's assume that there are only two other States in our country--and the maximum incentive base amount is \$84 million for State B and \$50 million for State C, making the total maximum incentive base amount \$318.75 million for all three States (See Table B).

- We must now determine what is State A's share of the \$318.75 million. It is 58 percent (\$184.75 divided by \$318.75).

Table B

State	Maximum Incentive Base Amounts	State's Share of \$318,750,000	Incentive Payment Pool \$461,000,000
A	\$184,750,000	0.58	\$267,199,216
B	\$84,000,000	0.26	\$121,487,059
C	\$50,000,000	0.16	\$72,313,725
Totals	\$318,750,000	1.00	\$461,000,000

- Let us assume it is FY 2003, so the incentive payment pool for the FY is \$461 million (see Table F).
- Since State A's share is 0.58, this state has earned 58 percent of the \$461 million incentive payment pool that Congress is allowing, or \$267.2 million ($\$461 \text{ mil.} \times 0.58$) incentive payment for this particular fiscal year.

Table C²

If the Paternity Establishment or Support Order Performance Level Is:

At Least:	But Less Than:	The Applicable Percentage Is:	At Least:	But Less Than:	The Applicable Percentage Is:
80%	--	100%	64%	65%	74%
79%	80%	98%	63%	64%	73%

61%	62%	71%	40%	41%	50%
60%	61%	70%	0%	40%	0%

³ Use this table to determine the maximum incentive levels for the current and arrearage support collections performance measures.

Table E⁴

If the Cost-Effectiveness Performance Level Is:

At Least:	But Less Than:	The Applicable Percentage Is:
5.00	--	100%
4.50	4.99	90%
4.00	4.50	80%
3.50	4.00	70%
3.00	3.50	60%
2.50	3.00	50%
2.00	2.50	40%
0.00	2.00	0%

⁴ Use this table to determine the maximum incentive level for the cost-effectiveness performance measure.

Table F

Incentive Pool Payment, FYs 2001-2022

The incentive payment pool is:

- \$429,000,000 for fiscal year 2001
- \$450,000,000 for fiscal year 2002
- \$461,000,000 for fiscal year 2003
- \$454,000,000 for fiscal year 2004
- \$446,000,000 for fiscal year 2005
- \$458,000,000 for fiscal year 2006
- \$471,000,000 for fiscal year 2007
- \$483,000,000 for fiscal year 2008
- \$504,000,000 for fiscal year 2009
- \$504,000,000 for fiscal year 2010
- \$513,000,000 for fiscal year 2011
- \$526,000,000 for fiscal year 2012
- \$538,000,000 for fiscal year 2013
- \$547,000,000 for fiscal year 2014
- \$556,000,000 for fiscal year 2015
- \$558,000,000 for fiscal year 2016
- \$563,000,000 for fiscal year 2017
- \$575,000,000 for fiscal year 2018
- \$588,000,000 for fiscal year 2019
- \$600,000,000 for fiscal year 2020
- \$609,000,000 for fiscal year 2021
- \$629,097,000 for fiscal year 2022

The incentive payment pool after FY 2008 is the amount of the incentive payment pool for the preceding FY, multiplied by the percentage by which the Consumer Price Index (CPI) for that preceding FY exceeds the CPI for the second preceding FY.

The CPI for a FY is the average of the CPI for the 12-month period ending on Sept. 30 of the FY. The CPI means the last CPI for all-urban consumers published by the United States Department of Labor. The NOT seasonally adjusted CPI numbers are used.

The percentage increase between the preceding FY (FY 2008) and second preceding FY (FY 2007) is about 4.44%. So, \$483 million (the FY 2008 incentive pool amount) plus 4.44% equals about \$504 million (the FY 2009 incentive pool amount).

CHILD SUPPORT ANNUAL DATA REPORT
