Introduction

Pursuant to the Federal Land Policy and Management Act of 1976 (FLPMA), the Secretary of the Interior is authorized to make, modify, extend, or revoke withdrawals. The Bureau of Land Management (BLM) is responsible for processing all withdrawal applications and proposals, conducting withdrawal program reviews, and assisting applicants with inquiries.

FLPMA Section 204(f) requires the Secretary of the Interior to report reviewed and approved extensions of withdrawals of public land to the Committee on Natural Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate.

During Fiscal Year 2022 (FY22), the BLM reviewed, and the Department approved seven withdrawal extensions of public lands totaling 923,316.38 acres. The FY22 Withdrawal Extension Report provides a summary of each withdrawal extension by agency, location, and Public Land Order (PLO) number.

Fiscal Year 2022 Withdrawal Extension Report

Bureau of Land Management **Campbell Tract Administrative Site** **Anchorage, Alaska**

On February 7, 2022, PLO No. 7905 was published, and the withdrawal has a new expiration date of February 10, 2042.

The withdrawal, originally created in 1982 by PLO No. 6127 and extended by PLO No. 7471 and PLO No. 7905, withdrew 730.13 acres of public lands located in Anchorage, Alaska, for an administrative site known as the Campbell Tract, from settlement, sale, location, or entry, under the general land laws, including the mining laws, and from selection under Section 6 of the Alaska Statehood Act. An extension was necessary to uphold the investment in the administrative facilities and avoid the expense of having to establish operations elsewhere. Extending the withdrawal preserved the intent contained in the original withdrawal and allowed for a continual enjoyment by the public of the unique recreation experience this site provides to the urban community. The Campbell Tract facility is essential to the mission of the BLM in Alaska.

United States Forest Service **Tie-Hack Campground** **Buffalo, Wyoming**

On February 23, 2022, PLO No. 7906 was published, and the withdrawal has a new expiration date of February 20, 2042.

The withdrawal, originally created in 2002 by PLO No. 7513, withdrew 20.90 acres of National Forest System (NFS) lands from location and entry under the United States mining laws, but not from the general land laws or mineral leasing laws, to protect the Tie Hack Campground facility and its capital investments. The BLM received an application from the U.S. Forest Service to extend the withdrawal for an additional 20-year term.

The Tie Hack Campground is a popular area for hikers, campers, anglers, and wildlife viewers. Extension of the withdrawal allows for the continuation of recreational opportunities. Tie Hack Campground is a 20-unit campground that averages 90 percent occupancy during the peak summer months of June, July, and August. The current replacement value of the improvements at the site is \$314,240. Visitors use the area for recreation, including camping, fishing, hiking, and wildlife viewing.

United States Department of the Air Force **Fort Richardson Military Reservation known as Davis Range Tract M** **Joint Base Elmendorf-Richardson, Alaska**

On May 11, 2022, PLO No. 7907 was published, and the withdrawal has a new expiration date of May 12, 2042.

The Department of the Air Force filed an application requesting a 20-year extension on PLO No. 6244, as extended by PLO 7514, for 3,264.32 acres of public land known as the Davis Range Tract M, which is reserved for use by the Department of the Army for cold weather survival and infantry tactical training purposes.

The Department of the Army began using the area known as Davis Range Tract M in the late 1950s for practice firing with explosive ammunition. Since that time, the Department of the Army has used the site as an impact area for tank, artillery, and small arms fire. There is a continued need for the withdrawn lands in order to maintain operational readiness, and a portion of the withdrawn lands would be unsuitable for any other purpose due to being contaminated with shrapnel, duds, and other expended munitions. This PLO also reflects the change accomplished by the 2005 Base Closure and Realignment Report that created Joint Base Elmendorf-Richardson (JBER) with the Department of the Air Force as the supporting agency.

The withdrawn area will continue to be utilized for tactical light maneuvers, live fire training events, demolitions training, air assault exercises, and as a non-impact area for small arms weapons systems. Davis Range Tract M serves as an important site for military training and readiness. The Department of the Army has a continuing need for the withdrawn lands, and the Department of the Air Force requested the extension as the lead installation support agency for JBER.

United States Department of the Air Force
King Salmon Environmental Remediation Project
King Salmon, Alaska

On June 23, 2022, PLO No. 7908 was published, and the withdrawal has a new expiration date of August 5, 2042.

The U.S. Air Force requested the Secretary of the Interior to extend the duration of the withdrawal of public lands for the King Salmon Environmental Remediation Project, published under PLO No. 7531, for an additional 20-year term. PLO No. 7531 withdrew 1.25 acres of public land from settlement, sale, location, or entry under the public land laws, including the mining laws, but not from leasing under the mineral leasing laws, for the King Salmon Remediation Site, in King Salmon, Alaska, and reserved the site for use by the U.S. Air Force to protect the site for environmental remediation. An extension is necessary for the U.S. Air Force's long-term environmental management and protection of the site for the health and safety of the public. The U.S. Air Force determined there is a continued need for the withdrawal and requested the extension.

Bureau of Land Management
Land Management Evaluation
Naval Air Station Fallon, Fallon Range Training Complex
Churchill, Lyon, Mineral, Nye, and Pershing Counties, Nevada

On June 30, 2022, PLO No. 7909 was published, taking effect on August 23, 2022, and the withdrawal has a new expiration date of August 23, 2026.

In 2015, the BLM and the Department of the Navy initiated an evaluation of issues relating to the Department of the Navy's proposed training land range expansion and airspace modification project of Naval Air Station Fallon, Fallon Range Training Complex (FRTC) in Nevada, pending the processing of the Department of the Navy's application for withdrawal of Federal land for defense purposes under the Engle Act. To ensure maintenance of the current environmental baseline to facilitate that evaluation, the Secretary of the Interior issued PLO No. 7873, on August 31, 2018, in accordance with Section 204 of FLPMA, withdrawing the land for land management evaluation purposes. PLO No. 7909 extends the withdrawal for an additional 4 years to facilitate continuation of the evaluation pending Congressional consideration of the Department of the Navy's request for legislative expansion of the withdrawal at the FRTC for defense purposes. The lands withdrawn under PLO No. 7873, as extended by PLO No. 7909, comprise 694,838.84 acres of public land in Churchill, Lyon, Mineral, Nye, and Pershing Counties, Nevada. Additionally, 68,809.44 acres of Federal land in the Dixie Valley Training Area will continue to be withdrawn from leasing under the mineral leasing laws. Including 8,722.47 acres of Department of the Navy lands, the total Federal land withdrawn by PLO 7909 is 772,370.75 acres. Non-Federal lands totaling 66,160.53 acres are described within the withdrawal area. Any current or future Federal estate interest in these non-Federal lands is subject to this withdrawal.

There is an exclusion of lands subject to several unpatented mining claims at Bell Mountain. The land uses permitted during the withdrawal period would be those that are currently permitted or authorized. Discretionary land use authorizations may be allowed during the withdrawal period with the approval of the authorized officer and, as appropriate, with concurrence of the Department of the Navy.

United States Forest Service
Holden Mine
Chelan County, Washington

On July 22, 2022, PLO No. 7910 published on July 22, 2022, taking effect on August 6, 2022, and the withdrawal has a new expiration date of August 5, 2042.

The U.S. Forest Service requested the Secretary of the Interior extend the Holden Mine Reclamation Project withdrawal created by PLO No. 7533 for an additional term of 20 years. The PLO withdrew 1,265 acres of NFS lands from location and entry under the United States mining laws, but not from the general land laws or mineral leasing laws, to protect the Holden Mine Reclamation Project. A *Federal Register* Notice published on October 27, 2021, corrected the legal description and acreage figure (from 1,265 acres to 1,285 acres) in PLO No. 7533 to reflect the BLM Cadastral Survey's Specification for Descriptions of Land. The lands described do not change the original footprint. The lands withdrawn by PLO No. 7533 will continue to be managed for the purposes for which the original withdrawal was established.

The remote site is only accessible by helicopter or boat from the town of Chelan, which is approximately 10 miles west of Lake Chelan in Chelan County, Washington. After it was abandoned in 1957, the Holden Mine contaminated the surrounding land and groundwater with toxic metals including aluminum, cadmium, copper, iron, and zinc. Heavy metals washed downstream, polluting water and destroying aquatic habitat in Railroad Creek, a major tributary to Lake Chelan. The metals created a hazardous, hard, orange coating known as ferricrete on the streambed. Unstable waste rock piles and tailings from approximately 10 million tons of mined ore further compounded the problem. In 2007, Rio Tinto took responsibility for the cleanup on behalf of Intalco. The U.S. Forest Service, the U.S. Environmental Protection Agency, and the Washington State Department of Ecology agreed to a cleanup strategy through a record of decision issued in late January 2012.

In 2018, Rio Tinto completed the first phase of remediation at the site. These actions required an investment of over \$500 million and included construction of an underground barrier wall, an extensive water collection system, and a water treatment plant to remove contaminants from groundwater to meet State and Federal clean water standards. It also included slope stability improvements by regrading 9 million tons of tailings and 250,000 tons of waste rock piles. In addition, tailings and waste rock piles were covered with clean soil and revegetated with native plants. The second phase of the remediation plan is under review.

The withdrawal of NFS lands from location and entry under the United States mining laws will protect the ongoing Comprehensive Environmental Response, Compensation, and Liability Act remediation work and infrastructure improvements at the Holden Mine Reclamation Site. The ongoing cleanup effort at the Holden Mine site is a successful partnership between public and private entities. The withdrawal extension is necessary to continue to protect the investment of time, money, and effort made by all partners, ensuring future success of the remediation work, and preventing further site contamination.

Bureau of Reclamation

Extension of 10 Secretary's Orders, 2 Public Land Orders, and 1 Bureau of Land Management Order, as Modified California

On July 1, 2022, PLO No. 7911 was published, and the withdrawal has a new expiration date of July 6, 2042.

On behalf of the Bureau of Reclamation, the BLM requested the Secretary of the Interior's approval of PLO No. 7911 to extend, for a 20-year term, subject to valid existing rights, 10 Secretary's Orders, 2 PLOs, and 1 BLM Order, as modified by PLO No. 7262. The 13 withdrawal orders affect 145,644.03 acres of Federal lands to continue the protection of the following Bureau of Reclamation projects: Boulder Canyon, Colorado River Storage, Senator Wash Pump Storage, and Yuma Reclamation. The lands have been and will remain closed to surface entry and mining, but have been and will remain open to leasing under the mineral leasing laws.

The *Federal Register* Notice published on March 11, 2022, described the Federal lands as being incorrectly labeled as the All American Canal Project. The notice corrected those legally described lands by incorporating them as part of the Colorado River Storage Project. The corrected acreage for the Colorado River Storage Project is 15,185.50 acres. The aggregate acreage described for this action is 145,644.03 acres and all else remains unchanged.

The lands are still being used for the purpose for which the original withdrawals as modified by PLO No. 7262 were issued, and the withdrawal extension will allow the Bureau of Reclamation to continue administering the lands for project purposes.

Townsend Ave., Montrose, CO 81401; telephone: (970) 240-5339; email: sreinhardt@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at (800) 877-8339 to contact Mr. Reinhardt during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The 15-member RAC advises the Secretary of the Interior, through the BLM, on a variety of public land issues in the Southwest District, including the Uncompahgre, Tres Rios, and Gunnison Field Offices.

The RAC will conduct a field tour on March 2 to grazing allotments within the bounds of the Uncompahgre Field Office and in the Dominguez-Escalante National Conservation Area. The March 3 virtual meeting will focus on RAC chair nominations and grazing issues within the RAC's jurisdiction, including domestic sheep and Bighorn sheep, drought, and Sage Grouse habitat impacts.

The RAC will conduct a field tour on June 1 to the Big Gypsum Valley Uranium Mine located within the bounds of the Tres Rios Field Office. The June 2 virtual meeting will include an election for chairperson and a review and discussion of the Big Gypsum Valley Uranium Mine, travel management, field manager updates, and an update on grazing issues.

The RAC will conduct a field tour on September 7 to the Powderhorn Wilderness Area Fuels Project. The September 8 virtual meeting will include a grazing update, a review and discussion of the North Powderhorn Fuels Reduction Project, field manager

updates, and a presentation and discussion of public lands management within the BLM Colorado's Southwest District.

The RAC will conduct a field tour on December 8 to the Jumbo Mountain Travel Management Area located within the bounds of the Uncompahgre Field Office. The December 9 virtual meeting will include an update and discussion of grazing allotments in North Delta and the Dominguez-Escalante National Conservation Area, field manager updates, and a presentation and continued discussion of public lands management within the BLM Colorado's Southwest District.

A public comment period is scheduled at 2:30 p.m. for the March meeting and at 2 p.m. for June, September, and December meetings. Contingent on the number of people who wish to comment during the public comment period, individual comments may be limited. Written comments may be submitted to the contact listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice. Comments received at least one week in advance of the meeting will be provided to the RAC members prior to the meeting. Please include "RAC Comment" in your submission.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Members of the public are welcome on field tours but must provide their own transportation and meals. Individuals who plan to attend must RSVP to the BLM Southwest District Office at least 1 week in advance of the field tours to the contact listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice. Individuals who need special assistance, such as sign language interpretation and other reasonable accommodations, also should contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice. The field tours will follow current Centers for Disease Control and Prevention COVID-19 guidance regarding social distancing and wearing of masks. Additional information regarding the meetings will be available on the RAC's web page at <https://www.blm.gov/get-involved/resource-advisory-council/near-you/colorado/southwest-rac>.

Detailed summary minutes for the RAC meetings will be maintained in the Southwest District Office and will be available for public inspection and reproduction during regular business hours within 30 days following the meeting. Previous minutes and agendas are also available on the RAC's web page.

**Public Land Order No. 7905 ;
Extension of Public Land Order No.
6127, as Extended by Public Land
Order No. 7471; Campbell Tract
Administrative Site, Alaska**

AGENCY: Bureau of Land Management,
Interior.

ACTION: Public Land Order.

SUMMARY: This Public Land Order (PLO) extends the duration of the withdrawal created by PLO No. 6127, as extended by PLO No. 7471, which would otherwise expire on February 10, 2022, for an additional 20-year term. PLO No. 6127 withdrew approximately 730.13 acres of public land from settlement, sale, location, or entry, under the general land laws, including mining laws, and from selection under Section 6 of the Alaska Statehood Act for the Campbell Tract administrative site, and reserved it for use by the Bureau of Land Management (BLM) in Anchorage, Alaska. PLO No. 7471 extended PLO No. 6127 for an additional 20-year term.

DATES: This PLO takes effect on February 11, 2022.

FOR FURTHER INFORMATION CONTACT: Chelsea Kreiner, BLM Alaska State Office, 222 West Seventh Avenue, Mailstop 13, Anchorage, AK 99513-7504, (907) 271-4205, or ckreiner@blm.gov. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The purpose for which the withdrawal was

first made requires this extension to continue the use and protection of the capital investments of the Campbell Tract administrative site.

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, it is ordered as follows:

1. Subject to valid existing rights, PLO No. 6127, (47 FR 6277 (1982)), as extended by PLO No. 7471 (65 FR 71333 (2000)), which withdrew approximately 730.13 acres of public land from settlement, sale, location, or entry, under the general land laws, including mining laws, and from selection under Section 6 of the Alaska Statehood Act for the Campbell Tract administrative site, and reserved it for use as an administrative site by the Bureau of Land Management, is hereby extended for an additional 20-year period.

2. The withdrawal extended by this Order will expire on February 10, 2042, unless as a result of a review conducted prior to the expiration date, pursuant to Section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(f), the Secretary determines that the withdrawal shall be further extended.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731-TA-308-310 and 520-521 (Fifth Review)]

Carbon Steel Butt-Weld Pipe Fittings From Brazil, China, Japan, Taiwan, and Thailand

Determinations

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that revocation of the antidumping duty orders on carbon steel butt-weld pipe fittings from Brazil, China, Japan, Taiwan, and Thailand would be likely to lead to continuation or recurrence of material injury to an

industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on July 1, 2021 (86 FR 35133) and determined on October 4, 2021 that it would conduct expedited reviews (86 FR 72620, December 22, 2021).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on February 2, 2022. The views of the Commission are contained in USITC Publication 5276 (February 2022), entitled *Carbon Steel Butt-Weld Pipe Fittings from Brazil, China, Japan, Taiwan, and Thailand: Investigation Nos. 731 TA 308-310 and 520-521 (Fifth Review)*.

By order of the Commission.

Issued: February 2, 2022.

Agency Information Collection Activities; Proposed eCollection of eComments Requested; New Information Collection; ATF Citizens Academy Application—ATF Form 3000.12

AGENCY: Bureau of Alcohol, Tobacco, Firearms and Explosives, Department of Justice.

ACTION: 60-Day notice.

SUMMARY: The Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), Department of Justice (DOJ), will submit the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection (IC) is also being published to obtain comments from the public and affected agencies.

DATES: Comments are encouraged and will be accepted for 60 days until April 8, 2022.

FOR FURTHER INFORMATION CONTACT: If you have additional comments regarding the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection

instrument with instructions, or additional information, contact: Paul Massock, Special Operations Division, either by mail at 99 New York Ave. NE, Mailstop 7.S-241, Washington DC 20226, or by email at Paul.Massock@atf.gov, or by telephone at 202-648-5966.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and, if so, how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Abstract: The Bureau of Indian Affairs (BIA) is seeking renewal of the approval for the information collection conducted under 25 CFR part 243, Reindeer in Alaska, which is used to monitor and regulate the possession and use of Alaskan reindeer by non-Natives in Alaska. The information to be provided includes an applicant's name and address, and where an applicant will keep the reindeer. The applicant must fill out an application for a permit to get a reindeer for any purpose; and is required to report on the status of reindeer annually or when a change occurs, including changes prior to the date of the annual report. This information collection utilizes four forms. A response is required to obtain and/or retain a benefit.

Title of Collection: Reindeer in Alaska.

OMB Control Number: 1076–0047.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Non-Indians who wish to possess Alaskan reindeer.

Total Estimated Number of Annual Respondents: 4 per year, on average (1 respondent for the Sale Permit for Alaska Reindeer, 1 respondent for the Sale Report Form for Alaska Reindeer, 1 respondent for the Special Use Permit for Alaskan Reindeer, and 1 respondent for the Special Use Reindeer Report).

Total Estimated Number of Annual Responses: 4.

Estimated Completion Time per Response: 5 minutes for the Sale Permit and Report forms; and 10 minutes for the Special Use Permit and Report forms, on average.

Total Estimated Number of Annual Burden Hours: 30 minutes.

Respondent's Obligation: Required to Obtain a Benefit.

Frequency of Collection: Once a year, on average.

Total Estimated Annual Nonhour Burden Cost: \$0.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public Land Order No. 7906 ; Extension of Public Land Order No. 7513; Withdrawal of National Forest System Land for the Tie Hack Campground, Wyoming

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This order extends the duration of the withdrawal created by Public Land Order (PLO) No. 7513, which would otherwise expire on February 20, 2022, for an additional 20-year period. PLO No. 7513 withdrew 20.90 acres of National Forest System land from location and entry under the United States mining laws, but not from the general land laws or mineral leasing laws. The withdrawal extension is necessary to continue protection of the Tie Hack Campground in Johnson County, Wyoming, which would otherwise expire on February 20, 2022.

DATES: This PLO takes effect on February 21, 2022.

FOR FURTHER INFORMATION CONTACT: Keesha Clay, Realty Specialist, at telephone: (307) 775–6189, email: kclay@blm.gov; Bureau of Land Management, Wyoming State Office, 5353 Yellowstone Rd, Cheyenne, Wyoming 82009. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This Order extends the existing withdrawal to continue protection of the Tie Hack Campground and the capital investments associated with it.

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and

Management Act of 1976, 43 U.S.C. 1714, it is ordered as follows:

PLO No. 7513 (67 FR 8036 (2002)), which withdrew 20.90 acres of National Forest System land from location and entry under the United States mining laws, but not from the general land laws or mineral leasing laws, to protect the Tie Hack Campground facility, is hereby extended for an additional 20-year period.

This withdrawal will expire 20 years from the effective date of this Order unless, as a result of a review conducted prior to the expiration date pursuant to Section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(f), the Secretary determines that the withdrawal shall be further extended.

Public Land Order No. 7907; Extension of Public Land Order No. 6244, as Extended by Public Land Order No. 7514; Davis Range Tract M, Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This Public Land Order (PLO) extends the withdrawal created by PLO No. 6244, as extended by PLO No. 7514, which would otherwise expire on May 12, 2022, for an additional 20-year term. PLO No. 6244 withdrew approximately 3,264.32 acres of public land, known as the Davis Range Tract M, from operation of surface land and mining laws, but not mineral leasing, and reserved for use by the Department of the Air Force for cold weather survival and infantry tactical training purposes in Fort Richardson, Alaska. PLO No. 7514 extended PLO No. 6244 for an additional 20-year term. This PLO also corrects the acreage in PLO 6244 and gives effect to the 2005 Base Realignment and Closure (BRAC) recommendation and subsequent creation of Joint Base Elmendorf-Richardson in 2010, with the Department of the Air Force as the supporting agency.

DATES: This PLO takes effect on May 13, 2022.

FOR FURTHER INFORMATION CONTACT: Chelsea Kreiner, Bureau of Land Management Alaska State Office, 222 West Seventh Avenue, Mailstop 13, Anchorage, AK 99513-7504, 907-271-4205, or ckreiner@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access

telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The purpose for which the withdrawal was first made requires this extension to continue the military training use of Davis Range Tract M.

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, it is ordered as follows:

Public Land Order No. 6244, (47 FR 20590 (1982)), as extended by Public Land Order No. 7514 (67 FR 10433 (2002)), which withdrew approximately 3,264.32 acres of public land from settlement, sale, location, entry selection, or other disposal under the public land laws, including the Alaska Native Claims Settlement Act of December 18, 1971, 85 Stat. 688, the Alaska Statehood Act, 72 Stat. 339, and the mining laws, 30 U.S.C. Ch. 2, but not the mineral leasing laws, and reserved it for military use by the Department of the Air Force, subject to valid existing rights, is hereby extended for an additional 20-year period.

The May 13, 1982, **Federal Register** publication (47 FR 20590) identified 3,340 acres of public lands for the Davis Range Tract M withdrawal. Supplemental plats of survey delineating the boundaries of the lands withdrawn by PLO No. 6244 were officially filed on April 21, 2020. The revised legal description and acreage set forth herein are consistent with the Specifications for Descriptions of Lands (2017) and are used in place of the land description in the application and the original PLO issued in 1982. The Alaska Chief Cadastral Surveyor reviewed the legal description and plats within the withdrawal boundary against all records of survey, and determined the acreage to be 3,264.32, a difference of 75.68 acres from the PLO issued in 1982. For the purpose of this withdrawal extension, the withdrawal boundary remains unchanged, and the total acreage reflects the more accurate calculation of 3,264.32 acres, which are described as:

Seward Meridian, Alaska

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-667 and 731-TA-1559 (Final)]

Organic Soybean Meal From India

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that an industry in the United States is materially injured by reason of imports of organic soybean meal from India, provided for in subheadings 1208.10.00 and 2304.00.00 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV"), and to be subsidized by the government of India.²

Background

The Commission instituted these investigations effective March 31, 2021 following receipt of petitions filed with the Commission and Commerce by the Organic Soybean Processors of America, Washington, DC, American Natural Processors, LLC, Dakota Dunes, South Dakota, Organic Production Services, LLC, Weldon, North Carolina, Professional Proteins Ltd., Washington, Iowa, Sheppard Grain Enterprises, LLC,

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

Planned agenda items for the December meeting include presentation and discussion of the current resource management planning status and future milestones, discussion of the alternatives development process and the draft environmental impact statement, and updates on other ongoing NEPA planning priorities within the Monument.

A public comment period will be offered during these meetings. Depending on the number of people wishing to comment and the time available, the time for individual comments may be limited. Written comments may also be sent to the Grand Staircase-Escalante National Monument at the address listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice. All comments received prior to the meeting will be provided to the Grand Staircase-Escalante National Monument Advisory Committee.

Please make requests in advance for sign language interpreter services, assistive listening devices, or other reasonable accommodations. We ask that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice at least seven (7) business days prior to the meeting to give the Department of the Interior sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Detailed meeting minutes for the Grand Staircase-Escalante National Monument Advisory Committee

meeting will be maintained in the Paria River District Office and will be available for public inspection and reproduction during regular business hours within 90 days following the meeting. Minutes will also be posted to the Grand Staircase-Escalante National Monument Advisory Committee web page.

Public Land Order No. 7909; Extension of Public Land Order No. 7873; Withdrawal for Land Management Evaluation Purposes, and Correction of Legal Land Description; Nevada

AGENCY: Bureau of Land Management,
Interior.

ACTION: Public land order.

SUMMARY: This order extends the duration of the withdrawal created by Public Land Order (PLO) No. 7873 for an additional 4-year term. The withdrawal created by PLO No. 7873 expires on August 23, 2022. This order continues the withdrawal of 694,838.84 acres of public land in Churchill, Lyon, Mineral, Nye, and Pershing Counties,

Nevada from all forms of appropriation under the public land laws, including location and entry under the United States mining laws, and leasing under the mineral and geothermal leasing laws, subject to valid existing rights, for 4 years for land management evaluation purposes. In addition, 68,809.44 acres of Federal land in the Dixie Valley area (Churchill County, Nevada) continues to be withdrawn from leasing under the mineral leasing laws. Including the 8,722.47 acres of Department of the Navy (DON) lands, the total Federal land continue to be withdrawn by this Public Land Order is 772,370.75 acres. Non-Federal lands totaling 66,160.53 acres are described within the withdrawal area. Any current or future Federal estate interest in these non-Federal lands is subject to this withdrawal. Additionally, this Order corrects a portion of the legal land description published in the **Federal Register** on August 31, 2018.

DATES: This PLO takes effect on August 23, 2022.

FOR FURTHER INFORMATION CONTACT:

Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

Federal Register Correction

In the **Federal Register** of August 31, 2018 (83 FR 44654), on page 44657, in the third column, correct Sec. 24 to read as follows:

Sec. 24, those portions of lots 1 and 2 lying north of the southerly line of a dirt road, and lots 3 thru 6, and 11 thru 14.

Extension of Duration of Withdrawal

PLO No. 7873 withdrew 694,838.84 acres of Federal land in Churchill, Lyon, Mineral, Nye, and Pershing Counties, Nevada, for up to 4 years from all forms of appropriation under the public land laws, including location and entry under the United States mining laws, and leasing under the mineral and geothermal leasing laws, subject to valid existing rights. The purpose of this withdrawal extension is to maintain the current environmental baseline, relative to mining, mineral exploration and

development, and geothermal energy development for land management evaluation purposes. The extension of PLO No. 7873 includes 68,809.44 acres of Federal land in the Dixie Valley Training Area from the mineral leasing laws (not currently withdrawn from these laws under Section 3016 of the NDAA for Fiscal Year 2000, Pub. L. 106-65), to maintain the current environmental baseline, relative to mineral exploration and development for land management evaluation purposes, subject to valid existing rights.

Including the 8,722.47 acres of Department of the Navy (DON) lands, the total Federal land included in the withdrawal extension is 772,370.75 acres. Non-Federal lands totaling 66,160.53 acres are described within the withdrawal area. Any current or future Federal estate interest in these non-Federal lands is subject to this withdrawal.

The purpose for which the withdrawal was first made requires this extension because the BLM and the DON are engaged in the evaluation of issues relating to possible future legislative transfer of the subject land to the jurisdiction of the DON in connection with the DON's modernization of Naval Air Station Fallon, Fallon Range Training Complex, Nevada (FRTC). The DON anticipates requesting a legislative withdrawal of these additional lands and requested that the Department of the Interior extend PLO No. 7873 withdrawal an additional 4 years. PLO No. 7873 is incorporated by reference (83 FR 44654).

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, it is ordered as follows:

1. Subject to valid existing rights, PLO No. 7873, which withdrew 694,838.84 acres of public land from all forms of appropriation under the public land laws and 68,809.44 acres of Federal land in the Dixie Valley area from leasing under the mineral leasing laws, including the 8,722.47 acres of Department of the Navy (DON) lands, totaling 772,370.75 acres of Federal land is hereby extended for an additional 4-year period. Non-Federal lands totaling 66,160.53 acres are described within the withdrawal area. Any current or future Federal estate interest in these non-Federal lands is subject to this withdrawal extension.

2. The withdrawal extended by this order will expire on August 23, 2026,

unless, as a result of review conducted before the expiration date pursuant to Section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (f), the Secretary determines that the withdrawal shall be further extended.

Notice of Temporary Seasonal Closure of Public Lands in La Plata and Montezuma Counties, CO

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of temporary closure.

SUMMARY: Notice is hereby given that a temporary closure to all forms of entry will be in effect seasonally for certain public lands administered by the Bureau of Land Management (BLM), Tres Rios Field Office in La Plata and Montezuma Counties, Colorado. The temporary closure is necessary to protect critical wildlife habitat and minimize stress to wintering mule deer and elk and nesting raptors.

DATES: In the Durango area of La Plata County, the temporary closure of BLM-administered lands identified as critical winter wildlife habitat will be in effect annually from 12:01 a.m. on December 1 through 11:59 p.m. on April 15, with possible extension through April 30 if conditions warrant. The temporary closure of BLM-administered lands identified as critical raptor habitat will be in effect annually from 12:01 a.m. on March 15 through 11:59 p.m. on July 31.

In the Cortez area of Montezuma County, the temporary closure of BLM-administered lands identified as critical winter wildlife habitat will be in effect annually from 12:01 a.m. on December 1 through 11:59 p.m. on April 30.

All times noted are local.

The temporary seasonal closures take effect on August 1, 2022 and will expire 30 days after publication in the **Federal Register** of a final supplementary rule implementing the 2015 Tres Rios Field Office Resource Management Plan (RMP).

ADDRESSES: The temporary closure order, maps of the affected areas, and documents associated with the

temporary closure order will be made available and posted at the Tres Rios Field Office, 29211 Highway 184, Dolores, CO 81323.

FOR FURTHER INFORMATION CONTACT: Tyler Fouss, Field Staff Ranger; 29211 Highway 184, Dolores, CO 81323; telephone: (970) 882-1131; email: tfouss@blm.gov.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services to contact Tyler Fouss. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The need for these temporary seasonal closures is identified in the record of decision for the Tres Rios Field Office RMP and the supporting environmental impact statement (EIS). The BLM affirmed that its environmental analysis conducted in that EIS adequately informed, under the National Environmental Policy Act (NEPA), the decision regarding these temporary closures in La Plata County. That determination of NEPA adequacy is contained in the worksheet titled "Seasonal Wildlife Area Closures on Public Lands in La Plata County, Colorado" (DOI-BLM-CO-S010-2020-0006-DNA). BLM conducted additional site-specific analysis of the effects of the Cortez area closures in an environmental assessment for the Tres Rios Field Office entitled, "Transportation and Access Plan, Travel Area 1: Archuleta, La Plata and Montezuma Counties" (DOI-BLM-CO-S010-2018-0013-EA).

I. Durango Area Closures

In 1971, the BLM and Colorado Parks and Wildlife (CPW) identified the need to preserve critical winter range to minimize adverse impacts and prevent disturbance to wintering elk and mule deer. The BLM purchased land on Animas City Mountain from The Nature Conservancy and entered into a joint plan with CPW for managing Animas City Mountain and the Perins Peak Wildlife Management Area. Perins Peak was also identified as critical nesting habitat for peregrine falcons. In 1999, the BLM and CPW identified a similar need to manage for critical winter range within the Grandview Ridge Recreation Management Zone (RMZ) and developed a management plan for the Durango Special Recreation Management Area (SRMA).

II. Cortez Area Closures

The BLM designated the Cortez SRMA during revision of the Tres Rios Field Office RMP. The RMP identifies the need for annual seasonal closures in the Chutes-n-Ladders, Summit, and Aqueduct areas of the Montezuma Triangle RMZ within the Cortez SRMA. These areas provide critical winter range for elk and mule deer and are identified in the Colorado action plan for implementation of Department of the Interior Secretary's Order 3362, "Improving Habitat Quality in Western Big-Game Winter Range and Migration Corridors" (2018). When the BLM developed the SRMA, it implemented seasonal wildlife closures as a mitigation measure in response to the designation of elk and mule deer critical winter range in the Cortez SRMA.

Description of Closed Areas: This temporary closure affects the following BLM-administered public lands within the Tres Rios Field Office in La Plata County, Colorado: Animas City Mountain and Grandview Ridge RMZs within the Durango SRMA and the Perins Peak Wildlife Management Area; and in Montezuma County, Colorado: Aqueduct, Chutes and Ladders, and Summit areas of the Montezuma Triangle RMZ within the Cortez SRMA.

ACTION: Public land order.

SUMMARY: This order extends the duration of the withdrawal created by Public Land Order (PLO) No. 7533 for an additional 20-year period. PLO No. 7533 withdrew 1,265 acres of National Forest System lands in the Okanogan-Wenatchee National Forest from location and entry under the United States mining laws for a period of 20 years to protect the Holden Mine Reclamation Project. Under that project, the United States Forest Service is remediating the release of hazardous substances under the Comprehensive Environmental Response, Compensation, and Liability Act, including undertaking infrastructure improvements and capital investments. A **Federal Register** notice published on October 27, 2021, corrected the legal land description and acreage figure (from 1,265 acres to 1,285 acres) stated in PLO No. 7533. The withdrawal extension is necessary to continue protecting the Holden Mine Reclamation Project in Chelan County, Washington. Without the extension, the protection afforded by the withdrawal expires on August 5, 2022.

DATES: This PLO takes effect on August 6, 2022.

FOR FURTHER INFORMATION CONTACT: Luke Poff, Realty Specialist, at telephone (503) 808-6001, by email at lpoff@blm.gov; Bureau of Land Management, Oregon/Washington State Office, P.O. Box 2965, Portland, Oregon 97208. The Forest Service can be reached at the Okanogan-Wenatchee National Forest Supervisor's Office, 215 Melody Lane, Wenatchee, WA 98801, (509) 664-9204.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 7-1-1 (TTY, TDD, or Tele Braille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The purpose for which the withdrawal was first made requires an extension in order to continue protecting the Holden Mine Reclamation Project and the capital investments associated with it.

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, it is ordered as follows:

PLO No. 7533 (67 FR 50894), as corrected (86 FR 59422), incorporated herein by reference, which withdrew 1,285 acres of National Forest System lands from location and entry under the United States mining laws (30 U.S.C. chapter 2) to protect the Holden Mine Reclamation Project, is hereby extended for an additional 20-year period.

This withdrawal will expire 20 years from the effective date of this order unless, as a result of a review conducted prior to the expiration date pursuant to Section 204(f) of the Federal Land Policy and Management Act, the Secretary determines that the withdrawal shall be further extended.

(Authority: 43 U.S.C. 1714)

Shannon A. Estenoz,
Assistant Secretary for Fish and Wildlife and Parks.

Notice of Availability of Draft Environmental Impact Statement for Nevada Vanadium Company Gibellini Mine Project, Eureka County, Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended (FLPMA), the

Bureau of Land Management (BLM) announces the availability of the Draft Environmental Impact Statement (EIS) for the proposed Nevada Vanadium Company (NVV) Gibellini Mine Project, in Eureka County, Nevada, and requests the public review and provide comments on the Draft EIS.

DATES: All comments must be received by September 6, 2022. The BLM will announce the date of a public meeting on the Draft EIS at least 15 days in advance of the meeting on the BLM National ePlanning website <https://go.usa.gov/xf2GR>. The public meeting will be held online.

ADDRESSES: The Draft EIS is available for review on the BLM ePlanning project website at <https://go.usa.gov/xf2GR>.

Written comments related to the proposed NVV Gibellini Mine Project, in Eureka County, Nevada, may be submitted by any of the following methods:

- **ePlanning Website:** <https://go.usa.gov/xf2GR>.
- **Email:** BLM_NV_BMDO_P&EC_NEPA@blm.gov.
- **Mail:** Gibellini Mine EIS c/o BLM Mount Lewis Field Office, 50 Bastian Road, Battle Mountain, NV 89820.

FOR FURTHER INFORMATION CONTACT: Scott Distel, Project Manager, telephone: (775) 635-4093; address: 50 Bastian Road, Battle Mountain, Nevada 89820; email: sdistel@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

Purpose and Need for the Proposed Action

The BLM's purpose for the action is to respond to NVV's proposal as described in the proposed Plan of Operations and to analyze the environmental effects associated with the proponent's Proposed Action and alternatives to the Proposed Action. The BLM's need for the action is established by the BLM's responsibilities under FLPMA and the BLM Surface Management Regulations at 43 CFR part 3809 to respond to a proposed Plan of Operations and ensure that operations prevent unnecessary or undue degradation of public lands.

sec. 33, that portion of Tract 70 lying within the NW $\frac{1}{4}$ NW $\frac{1}{4}$.

T. 2 S., R. 82 W.,

sec. 4, lot 22;

sec. 7, that portion of Tract 41 lying in sec. 7.

The areas described aggregate approximately 939.56 acres in Grand and Eagle Counties.

The BLM petition/application has been approved by the Secretary of the Interior, and therefore it constitutes a withdrawal proposal of the Secretary of the Interior (43 CFR 2310.1–3(e)).

The use of a rights-of-way, interagency agreement or cooperative agreement, or surface management under 43 CFR subpart 3809 regulations would not adequately constrain non-discretionary uses and would not provide adequate protection of cultural, recreational, and biological resources, nor the financial investments in public campgrounds and other improvements on these lands.

There are no suitable alternative sites, as the described land contains the resource values that need protection.

Water rights will not be needed to fulfill the purpose of the proposed withdrawal.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the BLM Colorado State Director at the address listed earlier (see ADDRESSES).

Comments, including names and street addresses of respondents, will be available for public review at the BLM Colorado State Office during regular business hours, 7:45 a.m. to 4:15 p.m. Monday through Friday, except Federal holidays. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives of officials of organizations or businesses, will be made available for public inspection in their entirety.

For a period until July 1, 2024, subject to valid existing rights, the lands and mineral interests in this notice will be segregated from location and entry under the United States mining laws, unless the application is denied or canceled, or the withdrawal is approved prior to that date.

This withdrawal application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature that will not significantly impact the values to be protected by this withdrawal may be allowed with the approval of the authorized officer of the BLM during the segregative period.

(Authority: 43 CFR 2310.3–1(a).)

Acting BLM Colorado State Director.

Public Land Order No. 7911 Withdrawal Extension of 10 Secretary's Orders, 2 Public Land Orders and 1 Bureau of Land Management Order, as Modified by Public Land Order No. 7262, and Correction, California

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This Order extends the duration of the withdrawals created by 10 Secretary's Orders (SOs), 2 Public Land Orders (PLOs), and 1 Bureau of Land Management (BLM) Order, as modified by PLO No. 7262, affecting 145,644.03 acres of Federal lands from location and entry under the United States mining laws, but not from the general land laws or mineral leasing laws, for a 20-year period. The withdrawal extension is necessary to continue protection of the following Bureau of Reclamation Projects: Boulder Canyon, Colorado River Storage, Senator Wash Pump Storage, and Yuma Reclamation, which by the terms of the modification made by PLO 7262 would otherwise expire on July 6, 2022. Additionally, this Order corrects an error in labeling a project area as the All-American Canal Project, which appeared in a Federal Register notice on March 11, 2022.

DATES: This PLO takes effect on July 7, 2022.

FOR FURTHER INFORMATION CONTACT: Heather Daniels, BLM California State Office, telephone: (916) 978–4674, email: hdaniels@blm.gov; or Luis Rodriguez, USBR Yuma Area Office, telephone: (928) 343–8275, email: lrodriguez@usbr.gov, during regular business hours, 8:00 a.m. to 4:30 p.m. Monday through Friday, except holidays. Individuals in the United

States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or Tele Braille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: PLO 7262 modified the following 10 SOs, 2 PLOs, and 1 BLM Order (BLMO):

- (a) SO dated October 24, 1944 (CACA-7074);
- (b) SO dated October 16, 1931 (CACA-7101);

Correction

In the *Federal Register* of March 11, 2022, FR Doc # 2022-05117, starting on page 14032, lands described in the third column, on lines 18 thru 33, labeled as *All-American Canal Project* were incorrectly labeled. This publication corrects those legally described lands by incorporating them as part of the Colorado River Storage Project as described and listed below. The corrected acreage for the Colorado River Storage Project is 15,185.50 acres.

The areas aggregate acreage described for this action is 145,644.03 acres and remains unchanged.

Order

The purpose for which the withdrawals were first made requires this extension. By virtue of the authority vested in the Secretary of the Interior by Section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(f), it is ordered as follows:

The following 10 Secretary's Orders (SOs), 2 Public Land Orders (PLOs), and 1 BLM Order (BLMO), as modified by PLO No. 7262, effective July 7, 1997 [62 FR 30613], as corrected on July 16, 2003

(68 FR 42128), are hereby extended for a 20-year term pursuant to Section 204 of the Federal Land Policy and Management Act of 1976 (90 Stat. 2751, 43 U.S.C. 1714), subject to valid existing rights.

The land description for this Order is as follows:
