

THE SECRETARY OF THE INTERIOR
WASHINGTON

MAY 21 2025

The Honorable Bruce Westerman
Chairman, Committee on Natural Resources
U.S. House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

In accordance with section 204(e) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. §1714 (FLPMA), I am notifying you about the signing and implementation of Public Land Order (PLO) No. 7963: National Defense Operating Area Withdrawal, Dona Ana, Luna, and Hidalgo Counties, New Mexico.

On April 15, 2025, I issued an emergency withdrawal to transfer the administrative jurisdiction of more than 109,651 acres of Federal lands along the New Mexico-Mexico border to the Department of the Army for a period of 3 years. Under PLO No. 7963, the Federal lands, to include Federal interest in lands, other than those that constitute “property” under the Federal Property and Administrative Services Act, as amended (40 U.S.C. §472), located in the counties of Dona Ana, Luna, and Hidalgo in the State of New Mexico, are withdrawn as described in the order (90 FR 16698, April 21, 2025). The lands withdrawn under PLO No. 7963 include, but are not limited to, the 60-foot strip of land lying contiguous to and parallel with the international border between the United States and Mexico, currently subject to Presidential Proclamation No. 758, 35 Stat. 2136 (May 27, 1907) (commonly known as the “Roosevelt Reservation”). The Federal land acres specified in PLO No. 7963 are withdrawn from settlement, sale, location, and entry under the general land laws, including the United States mining laws, mineral leasing laws, and geothermal leasing laws, subject to valid existing rights. The purpose of this withdrawal is to secure our Nation’s border and to protect natural resources.

Enclosed you will find a copy of PLO No. 7963 and a map of the withdrawal area. The Department of the Interior will provide a report within 90 days of April 15, 2025, as required by FLPMA 204 (c). Notification letters are being sent to the Chair and Ranking Member of the House Committee on Natural Resources and the Chair and Ranking Member of the Senate Committee on Energy and Natural Resources.

With gratitude,

Doug Burgum

receivers of RSSM to document the transfer of custody of certain rail cars in writing or electronically and to retain these records for a minimum of 60 calendar days and make them available to TSA upon request. Specifically, section 1580.205 requires documentation of the secure exchange of custody of rail cars containing RSSM between: a rail hazardous materials shipper and a freight railroad carrier; two separate freight railroad carriers, when the transfer of custody occurs within a high threat urban area (HTUA), or outside of an HTUA, but the rail car may subsequently enter an HTUA; and a freight railroad carrier and a rail hazardous materials receiver located within an HTUA. TSA recommends that the documentation must uniquely identify that the rail car was attended during the transfer of custody, including car initial and number; identification of individuals who attended the transfer (names or uniquely identifying employee number); location of transfer; and date and time the transfer was completed.

Sections 1580.113, 1582.113, and 1584.113 requires that owner/operators of certain freight railroads, public transportation and passenger railroads, and over-the-road bus companies submit a security training program to TSA and maintain security training records.

In light of the revision to consolidate the collections, TSA will request OMB to discontinue OMB Control Number 1652–0066 *Security Training Program for Surface Transportation Employees* and will change the title of the collection under OMB Control Number 1652–0051 from “Rail Transportation Security” to “Physical Surface Transportation Security.”

The total number of respondents for this collection is 2,070 and the annual burden is approximately 66,995 hours.

SUPPLEMENTARY INFORMATION:

Order

By virtue of the authority vested in the Secretary of the Interior by section 204 of the Federal Land Policy and Management Act of 1976 (FLPMA), 43 U.S.C. 1714, and in accordance with subsection 204(e) of that Act, it is determined that an emergency situation exists and that extraordinary measures must be taken to preserve values that would otherwise be lost. It is therefore ordered as follows:

1. Subject to valid existing rights, the following described Federal lands are hereby withdrawn from settlement, sale, location, and entry under the general land laws, including the United States mining laws, mineral leasing laws, and geothermal leasing laws, and jurisdiction over such lands is hereby transferred to the Department of the Army for border security purposes.
