SEC. 205. 【33 USC 701s】 That the Secretary of the Army is hereby authorized to allot from any appropriations heretofore or hereafter made for flood control, not to exceed \$90,000,000 for any one fiscal year, for the implementation of small structural and non-structural projects, and projects that use natural features or nature-based features (as those terms are defined in section 1184(a) of the Water Resources Development Act of 2016 (33 U.S.C. 2289a(a))), for flood control and related purposes not specifically authorized by Congress, which come within the provisions of section 1 of the Flood Control Act of June 22, 1936, when in the opinion of the Chief of Engineers such work is advisable. The amount allotted for a project shall be sufficient to complete Federal participation in the project. Not more than \$15,000,000 shall be allotted under this section for a project at any single locality. The provisions of local cooperation specified in section 3 of the Flood Control Act of June 22, 1936, as amended, shall apply. The work shall be complete in itself and not commit the United States to any additional improvement to insure its successful operation, except as may result from the normal procedure applying to projects authorized after submission of preliminary examination and survey reports.
