AN ACT To award a Congressional Gold Medal to the United States Army Dustoff crews of the Vietnam War, collectively, in recognition of their extraordinary heroism and life-saving actions in Vietnam.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

### **SECTION 1. [31 U.S.C. 5111 note] SHORT TITLE.**

This Act may be cited as the “Dustoff Crews of the Vietnam War Congressional Gold Medal Act”.

### **SEC. 2. FINDINGS.**

The Congress finds that—

(1) a United States Army Dustoff crewman, including a pilot, crew chief, and medic, is a helicopter crew member who served honorably during the Vietnam War aboard helicopter air ambulances, which were both nondivision and division assets under the radio call signs “Dustoff” and “Medevac”;

(2) Dustoff crews performed aeromedical evacuation for United States, Vietnamese, and allied forces in Southeast Asia from May 1962 through March 1973;

(3) nearing the end of World War II, the United States Army began using helicopters for medical evacuation and years later, during the Korean War, these helicopter air ambulances were responsible for transporting 17,700 United States casualties;

(4) during the Vietnam War, with the use of helicopter air ambulances, United States Army Dustoff crews pioneered the concept of dedicated and rapid medical evacuation and transported almost 900,000 United States, South Vietnamese, and other allied sick and wounded, as well as wounded enemy forces;

(5) helicopters proved to be a revolutionary tool to assist those injured on the battlefield;

(6) highly skilled and intrepid, Dustoff crews were able to operate the helicopters and land them on almost any terrain in nearly any weather to pick up wounded, after which the Dustoff crews could provide care to these patients while transporting them to ready medical facilities;

(7) the vital work of the Dustoff crews required consistent combat exposure and often proved to be the difference between life and death for wounded personnel;

(8) the revolutionary concept of a dedicated combat life-saving system was cultivated and refined by United States Army Dustoff crews during 11 years of intense conflict in and above the jungles of Southeast Asia;

(9) innovative and resourceful Dustoff crews in Vietnam were responsible for taking the new concept of helicopter medical evacuation, born just a few years earlier, and revolutionizing it to meet and surpass the previously unattainable goal of delivering a battlefield casualty to an operating table within the vaunted "golden hour";

(10) some Dustoff units in Vietnam operated so efficiently that they were able to deliver a patient to a waiting medical facility on an average of 50 minutes from the receipt of the mission, which saved the lives of countless personnel in Vietnam, and this legacy continues for modern-day Dustoff crews;

nam, and this legacy continues for modern day Dustoff crews. (11) the inherent danger of being a member of a Dustoff crew in Vietnam meant that there was a 1 in 3 chance of being wounded or killed:

(12) many battles during the Vietnam War raged at night, and members of the Dustoff crews often found themselves searching for a landing zone in complete darkness, in bad weather, over mountainous terrain, and all while being the target of intense enemy fire as they attempted to rescue the wounded, which caused Dustoff crews to suffer a rate of aircraft loss that was more than 3 times that of all other types of combat helicopter missions in Vietnam;

(13) the 54th Medical Detachment typified the constant heroism displayed by Dustoff crews in Vietnam, over the span of a 10-month tour, with only 3 flyable helicopters and 40 soldiers in the unit, evacuating 21,435 patients in 8,644 missions while being airborne for 4,832 hours;

(14) collectively, the members of the 54th Medical Detachment earned 78 awards for valor, including 1 Medal of Honor, 1 Distinguished Service Cross, 14 Silver Star Medals, 26 Distinguished Flying Crosses, 2 Bronze Star Medals for valor, 4 Air Medals for valor, 4 Soldier's Medals, and 26 Purple Heart Medals;

Medals,  
(15) the 54th Medical Detachment displayed heroism on a daily basis and set the standard for all Dustoff crews in Vietnam:

16. (16) 6 members of the 54th Medical Detachment are in the Dustoff Hall of Fame, 3 are in the Army Aviation Hall of Fame, and 1 is the only United States Army aviator in the National Aviation Hall of Fame:

(17) Dustoff crew members are among the most highly decorated soldiers in United States military history;

(18) in early 1964, Major Charles L. Kelly was the Commanding Officer of the 57th Medical Detachment (Helicopter Ambulance), Provisional, in Soc Trang, South Vietnam;

(19) Major Kelly helped to forge the Dustoff call sign into history as one of the most welcomed phrases to be heard over the radio by wounded soldiers in perilous and dire situations;

(20) in 1964, Major Kelly was killed in action as he gallantly maneuvered his aircraft to save a wounded United States soldier and several Vietnamese soldiers and boldly replied, after being warned to stay away from the landing zone due to the ferocity of enemy fire, "When I have your wounded.;"

(21) General William Westmoreland, Commander of the Military Assistance Command, Vietnam from 1964 to 1968, singled out Major Kelly as an example of "the greatness of the human spirit" and highlighted his famous reply as an inspiration to all in combat;

(22) General Creighton Abrams, successor to General Westmoreland from 1968 to 1972, and former Chief of Staff of the United States Army, highlighted the heroism of Dustoff crews, "A special word about the Dustoffs.... Courage above and beyond the call of duty was sort of routine to them. It was a daily thing, part of the way they lived. That's the great part, and it meant so much to every last man who served there. Whether he ever got hurt or not, he knew Dustoff was there.;"

(23) Dustoff crews possessed unique skills and traits that made them highly successful in aeromedical evacuation in Vietnam, including indomitable courage, extraordinary aviation skill and sound judgment under fire, high-level medical expertise, and an unequaled dedication to the preservation of human life;

(24) members of the United States Armed Forces on the ground in Vietnam had their confidence and battlefield prowess reinforced knowing that there were heroic Dustoff crews just a few minutes from the fight, which was instrumental to their well-being, willingness to fight, and morale;

(25) military families in the United States knew that their loved ones would receive the quickest and best possible care in the event of a war-time injury, thanks to the Dustoff crews;

(26) the willingness of Dustoff crews to also risk their lives to save helpless civilians left an immeasurably positive impression on the people of Vietnam and exemplified the finest United States ideals of compassion and humanity; and

(27) Dustoff crews from the Vietnam War hailed from every State in the United States and represented numerous ethnic, religious, and cultural backgrounds.
