(ii) may require the submission of such information as may be reasonable and necessary,

(iii) may require the testimony of any person and the production of any documents as may be reasonable and necessary,

(iv) shall afford all interested persons an opportunity to submit relevant written information—

(I) relating to the existence of the evidence described in section 2113(a)(1)(B), or

(II) relating to any allegation in a petition with respect to the matters described in section 2111(c)(1)(C)(ii), and

(v) may conduct such hearings as may be reasonable and necessary.

There may be no discovery in a proceeding on a petition other than the discovery required by the special master.

(C) In conducting a proceeding on a petition a special master shall suspend the proceedings one time for 30 days on the motion of either party. After a motion for suspension is granted, further motions for suspension by either party may be granted by the special master, if the special master determines the suspension is reasonable and necessary, for an aggregate period not to exceed 150 days.

(D) If, in reviewing proceedings on petitions for vaccine-related injuries or deaths associated with the administration of vaccines before the effective date of this part, the chief special master determines that the number of filings and resultant workload place an undue burden on the parties or the special master involved in such proceedings, the chief special master may, in the interest of justice, suspend proceedings on any petition for up to 30 months (but for not more than 6 months at a time) in addition to the suspension time under subparagraph (C).

(4)(A) Except as provided in subparagraph (B), information submitted to a special master or the court in a proceeding on a petition may not be disclosed to a person who is not a party to the proceeding without the express written consent of the person who submitted the information.

(B) A decision of a special master or the court in a proceeding shall be disclosed, except that if the decision is to include information—

(i) which is trade secret or commercial or financial information which is privileged and confidential, or

(ii) which are medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of privacy, and if the person who submitted such information objects to the inclusion of such information in the decision, the decision shall be disclosed without such information.

(e) ACTION BY THE UNITED STATES CLAIMS COURT.—

(1) Upon issuance of the special master's decision, the parties shall have 30 days to file with the clerk of the United States Claims Court a motion to have the court review the decision. If such a motion is filed, the other party shall file a response with the clerk of the United States Claims Court no later than 30 days after the filing of such motion.

(2) Upon the filing of a motion under paragraph (1) with respect to a petition, the United States Claims Court shall have jurisdiction to undertake a review of the record of the proceedings and may thereafter—

(A) uphold the findings of fact and conclusions of law of the special master and sustain the special master's decision,

(B) set aside any findings of fact or conclusion of law of the special master found to be arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law and issue its own findings of fact and conclusions of law, or

(C) remand the petition to the special master for further action in accordance with the court's direction.

The court shall complete its action on a petition within 120 days of the filing of a response under paragraph (1) excluding any days the petition is before a special master as a result of a remand under subparagraph (C). The court may allow not more than 90 days for remands under subparagraph (C).

(3) In the absence of a motion under paragraph (1) respecting the special master's decision or if the United States Claims Court takes the action described in paragraph (2)(A) with respect to the special master's decision, the clerk of the United States Claims Court shall immediately enter judgment in accordance with the special master's decision.

(f) APPEALS.—The findings of fact and conclusions of law of the United States Claims Court on a petition shall be final determinations of the matters involved, except that the Secretary or any petitioner aggrieved by the findings or conclusions of the court may obtain review of the judgment of the court in the United States court of appeals for the Federal Circuit upon petition filed within 60 days of the date of the judgment with such court of appeals within 60 days of the date of entry of the United States Claims Court's⁵ judgment with such court of appeals.

(g)⁶ NOTICE.—If—

⁵So in law. Probably should be a reference to the United States Court of Federal Claims.

⁶Subsection (i)(2) of section 201 of Public Law 102-168 (105 Stat. 1104), which was enacted on November 26, 1991, provided that the amendments made by subsections (d) and (f) of such section "shall take effect as if the amendments had been in effect on and after October 1, 1988". Such subsections (d) and (f) related to actions by petitioners, and to annuities, respectively, and involved amendments to sections 2112(g), 2115(f)(4), 2116(c), and 2121(b).

(1) a special master fails to make a decision on a petition within the 240 days prescribed by subsection (d)(3)(A)(ii) (excluding (A) any period of suspension under subsection (d)(3)(C) or (d)(3)(D), and (B) any days the petition is before a special master as a result of a remand under subsection (e)(2)(C)), or

(2) the United States Claims Court fails to enter a judgment under this section on a petition within 420 days (excluding (A) any period of suspension under subsection (d)(3)(C) or (d)(3)(D), and (B) any days the petition is before a special master as a result of a remand under subsection (e)(2)(C)) after the date on which the petition was filed,

the special master or court shall notify the petitioner under such petition that the petitioner may withdraw the petition under section 2121(b) or the petitioner may choose under section 2121(b) to have the petition remain before the special master or court, as the case may be.

DETERMINATION OF ELIGIBILITY AND COMPENSATION

SEC. 2113. [300aa-13] (a) GENERAL RULE.—

(1) Compensation shall be awarded under the Program to a petitioner if the special master or court finds on the record as a whole—

(A) that the petitioner has demonstrated by a preponderance of the evidence the matters required in the petition by section 2111(c)(1), and

(B) that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in the petition is due to factors unrelated to the administration of the vaccine described in the petition.

The special master or court may not make such a finding based on the claims of a petitioner alone, unsubstantiated by medical records or by medical opinion.

(2) For purposes of paragraph (1), the term “factors unrelated to the administration of the vaccine”—

(A) does not include any idiopathic, unexplained, unknown, hypothetical, or undocumentable cause, factor, injury, illness, or condition, and

(B) may, as documented by the petitioner’s evidence or other material in the record, include infection, toxins, trauma (including birth trauma and related anoxia), or metabolic disturbances which have no known relation to the vaccine involved, but which in the particular case are shown to have been the agent or agents principally responsible for causing the petitioner’s illness, disability, injury, condition, or death.

(b) MATTERS TO BE CONSIDERED.—

(1) In determining whether to award compensation to a petitioner under the Program, the special master or court shall consider, in addition to all other relevant medical and scientific evidence contained in the record—

(A) any diagnosis, conclusion, medical judgment, or autopsy or coroner’s report which is contained in the record regarding the nature, causation, and aggravation of

the petitioner's illness, disability, injury, condition, or death, and

(B) the results of any diagnostic or evaluative test which are contained in the record and the summaries and conclusions.

Any such diagnosis, conclusion, judgment, test result, report, or summary shall not be binding on the special master or court. In evaluating the weight to be afforded to any such diagnosis, conclusion, judgment, test result, report, or summary, the special master or court shall consider the entire record and the course of the injury, disability, illness, or condition until the date of the judgment of the special master or court.

(2) The special master or court may find the first symptom or manifestation of onset or significant aggravation of an injury, disability, illness, condition, or death described in a petition occurred within the time period described in the Vaccine Injury Table even though the occurrence of such symptom or manifestation was not recorded or was incorrectly recorded as having occurred outside such period. Such a finding may be made only upon demonstration by a preponderance of the evidence that the onset or significant aggravation of the injury, disability, illness, condition, or death described in the petition did in fact occur within the time period described in the Vaccine Injury Table.

(c) RECORD DEFINED.—For purposes of this section, the term “record” means the record established by the special masters of the United States Claims Court in a proceeding on a petition filed under section 2111.

VACCINE INJURY TABLE

SEC. 2114. [300aa–14] (a) INITIAL TABLE.—The following is a table of vaccines, the injuries, disabilities, illnesses, conditions, and deaths resulting from the administration of such vaccines, and the time period in which the first symptom or manifestation of onset or of the significant aggravation of such injuries, disabilities, illnesses, conditions, and deaths is to occur after vaccine administration for purposes of receiving compensation under the Program:

	B. Any acute complication or sequela (including death) of an illness, disability, injury, or condition referred to above which illness, disability, injury, or condition arose within the time period prescribed	Not applicable

(b) **QUALIFICATIONS AND AIDS TO INTERPRETATION.**—The following qualifications and aids to interpretation shall apply to the Vaccine Injury Table in subsection (a):

(1) A shock-collapse or a hypotonic-hyporesponsive collapse may be evidenced by indicia or symptoms such as decrease or loss of muscle tone, paralysis (partial or complete), hemiplegia or hemiparesis, loss of color or turning pale white or blue, unresponsiveness to environmental stimuli, depression of con-

sciousness, loss of consciousness, prolonged sleeping with difficulty arousing, or cardiovascular or respiratory arrest.

(2) A petitioner may be considered to have suffered a residual seizure disorder if the petitioner did not suffer a seizure or convulsion unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit before the first seizure or convulsion after the administration of the vaccine involved and if—

(A) in the case of a measles, mumps, or rubella vaccine or any combination of such vaccines, the first seizure or convulsion occurred within 15 days after administration of the vaccine and 2 or more seizures or convulsions occurred within 1 year after the administration of the vaccine which were unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit, and

(B) in the case of any other vaccine, the first seizure or convulsion occurred within 3 days after administration of the vaccine and 2 or more seizures or convulsions occurred within 1 year after the administration of the vaccine which were unaccompanied by fever or accompanied by a fever of less than 102 degrees Fahrenheit.

(3)(A) The term “encephalopathy” means any significant acquired abnormality of, or injury to, or impairment of function of the brain. Among the frequent manifestations of encephalopathy are focal and diffuse neurologic signs, increased intracranial pressure, or changes lasting at least 6 hours in level of consciousness, with or without convulsions. The neurological signs and symptoms of encephalopathy may be temporary with complete recovery, or may result in various degrees of permanent impairment. Signs and symptoms such as high pitched and unusual screaming, persistent inconsolable crying, and bulging fontanel are compatible with an encephalopathy, but in and of themselves are not conclusive evidence of encephalopathy. Encephalopathy usually can be documented by slow wave activity on an electroencephalogram.

(B) If in a proceeding on a petition it is shown by a preponderance of the evidence that an encephalopathy was caused by infection, toxins, trauma, or metabolic disturbances the encephalopathy shall not be considered to be a condition set forth in the table. If at the time a judgment is entered on a petition filed under section 2111 for a vaccine-related injury or death it is not possible to determine the cause, by a preponderance of the evidence, of an encephalopathy, the encephalopathy shall be considered to be a condition set forth in the table. In determining whether or not an encephalopathy is a condition set forth in the table, the court shall consider the entire medical record.

(4) For purposes of paragraphs (2) and (3), the terms “seizure” and “convulsion” include grand mal, petit mal, absence, myoclonic, tonic-clonic, and focal motor seizures and signs. If a provision of the table to which paragraph (1), (2), (3), or (4) applies is revised under subsection (c) or (d), such paragraph shall not apply to such provision after the effective date of the

revision unless the revision specifies that such paragraph is to continue to apply.

(c) ADMINISTRATIVE REVISION OF THE TABLE.—

(1) The Secretary may promulgate regulations to modify in accordance with paragraph (3) the Vaccine Injury Table. In promulgating such regulations, the Secretary shall provide for notice and opportunity for a public hearing and at least 180 days of public comment.

(2) Any person (including the Advisory Commission on Childhood Vaccines) may petition the Secretary to propose regulations to amend the Vaccine Injury Table. Unless clearly frivolous, or initiated by the Commission, any such petition shall be referred to the Commission for its recommendations. Following—

(A) receipt of any recommendation of the Commission,

or

(B) 180 days after the date of the referral to the Commission,

whichever occurs first, the Secretary shall conduct a rule-making proceeding on the matters proposed in the petition or publish in the Federal Register a statement of reasons for not conducting such proceeding.

(3) A modification of the Vaccine Injury Table under paragraph (1) may add to, or delete from, the list of injuries, disabilities, illnesses, conditions, and deaths for which compensation may be provided or may change the time periods for the first symptom or manifestation of the onset or the significant aggravation of any such injury, disability, illness, condition, or death.

(4) Any modification under paragraph (1) of the Vaccine Injury Table shall apply only with respect to petitions for compensation under the Program which are filed after the effective date of such regulation.

(d) ROLE OF COMMISSION.—Except with respect to a regulation recommended by the Advisory Commission on Childhood Vaccines, the Secretary may not propose a regulation under subsection (c) or any revision thereof, unless the Secretary has first provided to the Commission a copy of the proposed regulation or revision, requested recommendations and comments by the Commission, and afforded the Commission at least 90 days to make such recommendations.

(e)⁷ ADDITIONAL VACCINES.—

(1) VACCINES RECOMMENDED BEFORE AUGUST 1, 1993.—By August 1, 1995, the Secretary shall revise the Vaccine Injury Table included in subsection (a) to include—

(A) vaccines which are recommended to the Secretary by the Centers for Disease Control and Prevention before August 1, 1993, for routine administration to children,

⁷ Section 13632(a)(3) of Public Law 103-66 (107 Stat. 646) provides as follows:

“(3) EFFECTIVE DATE.—A revision by the Secretary under section 2114(e) of the Public Health Service Act (42 U.S.C. 300aa-14(e)) (as amended by paragraph (2)) shall take effect upon the effective date of a tax enacted to provide funds for compensation paid with respect to the vaccine to be added to the vaccine injury table in section 2114(a) of the Public Health Service Act (42 U.S.C. 300aa-14(a)).”.

(B) the injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines, and

(C) the time period in which the first symptoms or manifestations of onset or other significant aggravation of such injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines may occur.

(2) VACCINES RECOMMENDED AFTER AUGUST 1, 1993.—When after August 1, 1993, the Centers for Disease Control and Prevention recommends a vaccine to the Secretary for routine administration to children, the Secretary shall, within 2 years of such recommendation, amend the Vaccine Injury Table included in subsection (a) to include—

(A) vaccines which were recommended for routine administration to children,

(B) the injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines, and

(C) the time period in which the first symptoms or manifestations of onset or other significant aggravation of such injuries, disabilities, illnesses, conditions, and deaths associated with such vaccines may occur.

(3) VACCINES RECOMMENDED FOR USE IN PREGNANT WOMEN.—The Secretary shall revise the Vaccine Injury Table included in subsection (a), through the process described in subsection (c), to include vaccines recommended by the Centers for Disease Control and Prevention for routine administration in pregnant women and the information described in subparagraphs (B) and (C) of paragraph (2) with respect to such vaccines.

(1)(A) Actual unreimbursable expenses incurred from the date of the judgment awarding such expenses and reasonable projected unreimbursable expenses which—

(i) result from the vaccine-related injury for which the petitioner seeks compensation,

(B) In the case of any person who has sustained a vaccine-related injury before attaining the age of 18 and whose earning capacity is or has been impaired by reason of such person's vaccine-related injury for which compensation is to be awarded and whose vaccine-related injury is of sufficient severity to permit reasonable anticipation that such person is likely to suffer impaired earning capacity at age 18 and beyond, compensation after attaining the age of 18 for loss of earnings determined on the basis of the average gross weekly earnings of workers in the private, non-farm sector, less appropriate taxes and the average cost of a health insurance policy, as determined by the Secretary.

(4) For actual and projected pain and suffering and emotional distress from the vaccine-related injury, an award not to exceed \$250,000.

(b) VACCINES ADMINISTERED BEFORE THE EFFECTIVE DATE.—Compensation awarded under the Program to a petitioner under section 2111 for a vaccine-related injury or death associated with the administration of a vaccine before the effective date of this part⁹ may include the compensation described in paragraphs (1)(A) and (2) of subsection (a) and may also include an amount, not to exceed a combined total of \$30,000, for—

(c) RESIDENTIAL AND CUSTODIAL CARE AND SERVICE.—The amount of any compensation for residential and custodial care and service expenses under subsection (a)(1) shall be sufficient to enable the compensated person to remain living at home.

(d) TYPES OF COMPENSATION PROHIBITED.—Compensation awarded under the Program may not include the following:

(1) Punitive or exemplary damages.

(2) Except with respect to compensation payments under paragraphs (2) and (3) of subsection (a), compensation for other than the health, education, or welfare of the person who suffered the vaccine-related injury with respect to which the compensation is paid.

(e) ATTORNEYS' FEES.—

(1) In awarding compensation on a petition filed under section 2111 the special master or court shall also award as part of such compensation an amount to cover—

(A) reasonable attorneys' fees, and

(B) other costs,

incurred in any proceeding on such petition. If the judgment of a special master or court on such a petition does not award compensation, the special master or court may award an amount of compensation to cover petitioner's reasonable attorneys' fees and other costs incurred in any proceeding on such petition if the special master or court determines that the petition was brought in good faith and there was a reasonable basis for the claim for which the petition was brought.

(2) If the petitioner, before the effective date of this part,¹¹ filed a civil action for damages for any vaccine-related injury or death for which compensation may be awarded under the Program, and petitioned under section 2111(a)(5) to have such action dismissed and to file a petition for compensation under the Program, in awarding compensation on such petition the special master or court may include an amount of compensation limited to the costs and expenses incurred by the petitioner and the attorney of the petitioner before the effective date of this part¹¹ in preparing, filing, and prosecuting such civil action (including the reasonable value of the attorney's time if the civil action was filed under contingent fee arrangements).

(3) No attorney may charge any fee for services in connection with a petition filed under section 2111 which is in addition to any amount awarded as compensation by the special master or court under paragraph (1).

(f) PAYMENT OF COMPENSATION.—

(1) Except as provided in paragraph (2), no compensation may be paid until an election has been made, or has been deemed to have been made, under section 2121(a) to receive compensation.

¹⁰So in law. Probably should be a closing parenthesis after "subsection (e)".

¹¹Effective October 1, 1988.

(2) Compensation described in subsection (a)(1)(A)(iii) shall be paid from the date of the judgment of the United States Claims Court under section 2112 awarding the compensation. Such compensation may not be paid after an election under section 2121(a) to file a civil action for damages for the vaccine-related injury or death for which such compensation was awarded.

(3) Payments of compensation under the Program and the costs of carrying out the Program shall be exempt from reduction under any order issued under part C of the Balanced Budget and Emergency Deficit Control Act of 1985.

(4)(A)¹² Except as provided in subparagraph (B), payment of compensation under the Program shall be determined on the basis of the net present value of the elements of the compensation and shall be paid from the Vaccine Injury Compensation Trust Fund established under section 9510 of the Internal Revenue Code of 1986 in a lump sum of which all or a portion may be used as ordered by the special master to purchase an annuity or otherwise be used, with the consent of the petitioner, in a manner determined by the special master to be in the best interests of the petitioner.

(B) In the case of a payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine before the effective date of this part¹³ the compensation shall be determined on the basis of the net present value of the elements of compensation and paid in 4 equal annual installments of which all or a portion of the proceeds¹⁴ may be used as ordered by the special master to purchase an annuity or otherwise be used, with the consent of the petitioner, in a manner determined by the special master to be in the best interests of the petitioner. Any reasonable attorneys' fees and costs shall be paid in a lump sum. If the appropriations under subsection (j) are insufficient to make a payment of an annual installment, the limitation on civil actions prescribed by section 2121(a) shall not apply to a civil action for damages brought by the petitioner entitled to the payment.

(C) In purchasing an annuity under subparagraph (A) or (B), the Secretary may purchase a guarantee for the annuity, may enter into agreements regarding the purchase price for and rate of return of the annuity, and may take such other actions as may be necessary to safeguard the financial interests of the United States regarding the annuity. Any payment received by the Secretary pursuant to the preceding sentence shall be paid to the Vaccine Injury Compensation Trust Fund established under section 9510 of the Internal Revenue Code of 1986, or to the appropriations account from which the funds

¹² See footnote for section 2112(g).

¹³ Effective October 1, 1988.

¹⁴ Section 201(e)(1)(B) of Public Law 102-168 (105 Stat. 1103) provided that this subparagraph is amended by striking out "paid in 4 equal installments of which all or portion of the proceeds" and inserting in lieu thereof "shall be paid from appropriations made available under subsection (j) in a lump sum of which all or a portion". The amendment cannot be executed because the term to be struck does not appear in the law. (Compare "equal installments" with "equal annual installments" and "or portion" with "or a portion".)

were derived to purchase the annuity, whichever is appropriate.

(g) PROGRAM NOT PRIMARILY LIABLE.—Payment of compensation under the Program shall not be made for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to such item or service (1) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program (other than under title XIX of the Social Security Act), or (2) by an entity which provides health services on a prepaid basis.

(h) LIABILITY OF HEALTH INSURANCE CARRIERS, PREPAID HEALTH PLANS, AND BENEFIT PROVIDERS.—No policy of health insurance may make payment of benefits under the policy secondary to the payment of compensation under the Program and—

(1) no State, and

(2) no entity which provides health services on a prepaid basis or provides health benefits, may make the provision of health services or health benefits secondary to the payment of compensation under the Program, except that this subsection shall not apply to the provision of services or benefits under title XIX of the Social Security Act.

(i) SOURCE OF COMPENSATION.—

(1) Payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine before the effective date of this part¹⁵ shall be made by the Secretary from appropriations under subsection (j).

(2) Payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine on or after the effective date of this part¹⁵ shall be made from the Vaccine Injury Compensation Trust Fund established under section 9510 of the Internal Revenue Code of 1986.

(j) AUTHORIZATION.—For the payment of compensation under the Program to a petitioner for a vaccine-related injury or death associated with the administration of a vaccine before the effective date of this part¹⁵ there are authorized to be appropriated to the Department of Health and Human Services \$80,000,000 for fiscal year 1989, \$80,000,000 for fiscal year 1990, \$80,000,000 for fiscal year 1991, \$80,000,000 for fiscal year 1992, \$110,000,000 for fiscal year 1993, and \$110,000,000 for each succeeding fiscal year in which a payment of compensation is required under subsection (f)(4)(B). Amounts appropriated under this subsection shall remain available until expended.

LIMITATIONS OF ACTIONS

SEC. 2116. [300aa-16] (a) GENERAL RULE.—In the case of—

(1) a vaccine set forth in the Vaccine Injury Table which is administered before the effective date of this part,¹⁵ if a vaccine-related injury or death occurred as a result of the administration of such vaccine, no petition may be filed for compensation under the Program for such injury or death after the

¹⁵ Effective October 1, 1988.

expiration of 28 months after the effective date of this part¹⁵ and no such petition may be filed if the first symptom or manifestation of onset or of the significant aggravation of such injury occurred more than 36 months after the date of administration of the vaccine,

(2) a vaccine set forth in the Vaccine Injury Table which is administered after the effective date of this part,¹⁵ if a vaccine-related injury occurred as a result of the administration of such vaccine, no petition may be filed for compensation under the Program for such injury after the expiration of 36 months after the date of the occurrence of the first symptom or manifestation of onset or of the significant aggravation of such injury, and

(3) a vaccine set forth in the Vaccine Injury Table which is administered after the effective date of this part,¹⁶ if a death occurred as a result of the administration of such vaccine, no petition may be filed for compensation under the Program for such death after the expiration of 24 months from the date of the death and no such petition may be filed more than 48 months after the date of the occurrence of the first symptom or manifestation of onset or of the significant aggravation of the injury from which the death resulted.

(b) EFFECT OF REVISED TABLE.—If at any time the Vaccine Injury Table is revised and the effect of such revision is to permit an individual who was not, before such revision, eligible to seek compensation under the Program, or to significantly increase the likelihood of obtaining compensation, such person may, notwithstanding section 2111(b)(2), file a petition for such compensation not later than 2 years after the effective date of the revision, except that no compensation may be provided under the Program with respect to a vaccine-related injury or death covered under the revision of the table if—

(1) the vaccine-related death occurred more than 8 years before the date of the revision of the table, or

(2) the vaccine-related injury occurred more than 8 years before the date of the revision of the table.

(c)¹⁷ STATE LIMITATIONS OF ACTIONS.—If a petition is filed under section 2111 for a vaccine-related injury or death, limitations of actions under State law shall be stayed with respect to a civil action brought for such injury or death for the period beginning on the date the petition is filed and ending on the date (1) an election is made under section 2121(a) to file the civil action or (2) an election is made under section 2121(b) to withdraw the petition.

SUBROGATION

SEC. 2117. [300aa–17] (a) GENERAL RULE.—Upon payment of compensation to any petitioner under the Program, the trust fund which has been established to provide such compensation shall be subrogated¹⁸ to all rights of the petitioner with respect to the vaccine-related injury or death for which compensation was paid, ex-

¹⁶Effective October 1, 1988.

An election shall be filed under this subsection not later than 90 days after the date of the court's final judgment with respect to which the election is to be made. If a person required to file an election with the court under this subsection does not file the election within the time prescribed for filing the election, such person shall be deemed to have filed an election to accept the judgment of the court. If a person elects to receive compensation under a

judgment of the court in an action for a vaccine-related injury or death associated with the administration of a vaccine before the effective date of this part or is deemed to have accepted the judgment of the court in such an action, such person may not bring or maintain a civil action for damages against a vaccine administrator or manufacturer for the vaccine-related injury or death for which the judgment was entered. For limitations on the bringing of civil actions for vaccine-related injuries or deaths associated with the administration of a vaccine after the effective date of this part²⁰, see section 2111(a)(2).

(b)²¹ CONTINUANCE OR WITHDRAWAL OF PETITION.²²—A petitioner under a petition filed under section 2111 may submit to the United States Claims Court a notice in writing choosing to continue or to withdraw the petition if—

(1) a special master fails to make a decision on such petition within the 240 days prescribed by section 2112(d)(3)(A)(ii) (excluding (i) any period of suspension under section 2112(d)(3)(C) or 2112(d)(3)(D), and (ii) any days the petition is before a special master as a result of a remand under section 2112(e)(2)(C)), or

²² The amendment described in section 201(d)(3)(C) of Public Law 102–168 (105 Stat. 1103) has been executed according to the probable intent of the Congress. After redesignating former subparagraphs (A) and (B) as paragraphs (1) and (2), the amendatory instructions of the section provided that section 2121(b) is amended “by running the text of paragraph (1) into the subsection heading and making the margin of the text full measure”. The instructions were applied to portions of the matter preceding paragraph (1) as redesignated, rather than to the text of paragraph (1). (That is, the instructions were applied to the former paragraph (1).)

erly prepared and was accompanied by proper directions and warnings.

(2) For purposes of paragraph (1), a vaccine shall be presumed to be accompanied by proper directions and warnings if the vaccine manufacturer shows that it complied in all material respects with all requirements under the Federal Food, Drug, and Cosmetic Act and section 351 of the Public Health Service Act (including regulations issued under such provisions) applicable to the vaccine and related to vaccine-related injury or death for which the civil action was brought unless the plaintiff shows—

(A) that the manufacturer engaged in the conduct set forth in subparagraph (A) or (B) of section 2123(d)(2), or

(B) by clear and convincing evidence that the manufacturer failed to exercise due care notwithstanding its compliance with such Act and section (and regulations issued under such provisions).

(c) **DIRECT WARNINGS.**—No vaccine manufacturer shall be liable in a civil action for damages arising from a vaccine-related injury or death associated with the administration of a vaccine after the effective date of this part²⁴ solely due to the manufacturer's failure to provide direct warnings to the injured party (or the injured party's legal representative) of the potential dangers resulting from the administration of the vaccine manufactured by the manufacturer.

(d) **CONSTRUCTION.**—The standards of responsibility prescribed by this section are not to be construed as authorizing a person who brought a civil action for damages against a vaccine manufacturer for a vaccine-related injury or death in which damages were denied or which was dismissed with prejudice to bring a new civil action against such manufacturer for such injury or death.

(e) **PREEMPTION.**—No State may establish or enforce a law which prohibits an individual from bringing a civil action against a vaccine manufacturer for damages for a vaccine-related injury or death if such civil action is not barred by this subtitle.

[300aa-23] (a) **GENERAL RULE.**—A civil action against a vaccine manufacturer for damages for a vaccine-related injury or death associated with the administration of a vaccine after the effective date of this part²⁴ which is not barred by section 2111(a)(2) shall be tried in three stages.

(A) fraud or intentional and wrongful withholding of information from the Secretary during any phase of a proceeding for approval of the vaccine under section 351,

(B) intentional and wrongful withholding of information relating to the safety or efficacy of the vaccine after its approval, or

(C) other criminal or illegal activity relating to the safety and effectiveness of vaccines, which activity related to the vaccine-related injury or death for which the civil action was brought.

(e) EVIDENCE.—In any stage of a civil action, the Vaccine Injury Table, any finding of fact or conclusion of law of the United States Claims Court or a special master in a proceeding on a petition filed under section 2111 and the final judgment of the United States Claims Court and subsequent appellate review on such a petition shall not be admissible.

JUDICIAL REVIEW

SEC. 2132. [300aa–32] A petition for review of a regulation under this subtitle may be filed in a court of appeals of the United States within 60 days from the date of the promulgation of the regulation or after such date if such petition is based solely on grounds arising after such 60th day.

DEFINITIONS

SEC. 2133.²⁸ [300aa–33] For purposes of this subtitle:

(1) The term “health care provider” means any licensed health care professional, organization, or institution, whether public or private (including Federal, State, and local departments, agencies, and instrumentalities) under whose authority a vaccine set forth in the Vaccine Injury Table is administered.

²⁸ Paragraphs (3) and (5) above appear so as to reflect the probable intent of the Congress, and former paragraph (7) has been struck to reflect such intent. Sections 1714, 1715, and 1716 of Public Law 107–296 (116 Stat. 2320, 2321) made amendments to section 2133 with respect to such paragraphs. Subsequently, section 102(a) of division L of Public Law 108–7 (117 Stat. 528) was enacted, and that section indicated the intent of the Congress to nullify those amendments. That section repealed sections 1714, 1715, and 1716 rather than directly amending paragraphs (3), (5), and (7). (That section also repealed section 1717, which related to effective dates.)

Section 102(b) of Public Law 108–7 provided as follows: “The Public Health Service Act (42 U.S.C. 201 et seq.) shall be applied and administered as if the sections repealed by subsection (a) had never been enacted.”. Consistent with that provision, section 2133 is shown above to reflect the assumption that repealing a provision of law that makes a change in an Act has the effect of amending that Act so as to undo the change.

Section 102(c) of such Public Law provides as follows: “No inference shall be drawn from the enactment of sections 1714 through 1717 of the Homeland Security Act of 2002 (Public Law 107–296), or from this repeal, regarding the law prior to enactment of sections 1714 through 1717 of the Homeland Security Act of 2002 (Public Law 107–296). Further, no inference shall be drawn that subsection (a) or (b) affects any change in that prior law, or that *Leroy v. Secretary of Health and Human Services*, Office of Special Master, No. 02–392V (October 11, 2002), was incorrectly decided.”.

(2) The term “legal representative” means a parent or an individual who qualifies as a legal guardian under State law.

(3) The term “manufacturer” means any corporation, organization, or institution, whether public or private (including Federal, State, and local departments, agencies, and instrumentalities), which manufactures, imports, processes, or distributes under its label any vaccine set forth in the Vaccine Injury Table, except that, for purposes of section 2128, such term shall include the manufacturer of any other vaccine covered by that section. The term “manufacture” means to manufacture, import, process, or distribute a vaccine.

(4) The term “significant aggravation” means any change for the worse in a preexisting condition which results in markedly greater disability, pain, or illness accompanied by substantial deterioration of health.

(5) The term “vaccine-related injury or death” means an illness, injury, condition, or death associated with one or more of the vaccines set forth in the Vaccine Injury Table, except that the term does not include an illness, injury, condition, or death associated with an adulterant or contaminant intentionally added to such a vaccine.

(6)(A) The term “Advisory Commission on Childhood Vaccines” means the Commission established under section 2119.

(B) The term “Vaccine Injury Table” means the table set out in section 2114.

TERMINATION OF PROGRAM

SEC. 2134. [300aa–34] (a) **REVIEWS.**—The Secretary shall review the number of awards of compensation made under the program to petitioners under section 2111 for vaccine-related injuries and deaths associated with the administration of vaccines on or after the effective date of this part²⁹ as follows:

(1) The Secretary shall review the number of such awards made in the 12-month period beginning on the effective date of this part.²⁹

(2) At the end of each 3-month period beginning after the expiration of the 12-month period referred to in paragraph (1) the Secretary shall review the number of such awards made in the 3-month period.

(b) **REPORT.**—

(1) If in conducting a review under subsection (a) the Secretary determines that at the end of the period reviewed the total number of awards made by the end of that period and accepted under section 2121(a) exceeds the number of awards listed next to the period reviewed in the table in paragraph (2)—

(A) the Secretary shall notify the Congress of such determination, and

(B) beginning 180 days after the receipt by Congress of a notification under paragraph (1), no petition for a vaccine-related injury or death associated with the adminis-

²⁹ Effective December 22, 1987.

tration of a vaccine on or after the effective date of this part²⁹ may be filed under section 2111.

Section 2111(a) and part B shall not apply to civil actions for damages for a vaccine-related injury or death for which a petition may not be filed because of subparagraph (B).

(2) The table referred to in paragraph (1) is as follows:

Period reviewed:	Total number of awards by the end of the period reviewed
12 months after the effective date of part	150
13th through the 15th month after such date	188

TITLE XXII—REQUIREMENTS FOR CERTAIN GROUP HEALTH PLANS FOR CERTAIN STATE AND LOCAL EMPLOYEES

SEC. 2201. [300bb-1] STATE AND LOCAL GOVERNMENTAL GROUP HEALTH PLANS MUST PROVIDE CONTINUATION COVERAGE TO CERTAIN INDIVIDUALS.

(a) IN GENERAL.—In accordance with regulations which the Secretary shall prescribe, each group health plan that is maintained by any State that receives funds under this Act, by any political subdivision of such a State, or by any agency or instrumentality of such a State or political subdivision, shall provide, in accordance with this title, that each qualified beneficiary who would lose coverage under the plan as a result of a qualifying event is entitled, under the plan, to elect, within the election period, continuation coverage under the plan.

(b) EXCEPTION FOR CERTAIN PLANS.—Subsection (a) shall not apply to—

(1) any group health plan for any calendar year if all employers maintaining such plan normally employed fewer than 20 employees on a typical business day during the preceding calendar year, or

(2) any group health plan maintained for employees by the government of the District of Columbia or any territory or possession of the United States or any agency or instrumentality.

SEC. 2202. [300bb-2] CONTINUATION COVERAGE.

For purposes of section 2201, the term “continuation coverage” means coverage under the plan which meets the following requirements:

(1) TYPE OF BENEFIT COVERAGE.—The coverage must consist of coverage which, as of the time the coverage is being provided, is identical to the coverage provided under the plan to similarly situated beneficiaries under the plan with respect to whom a qualifying event has not occurred. If coverage is modi-

fied under the plan for any group of similarly situated beneficiaries, such coverage shall also be modified in the same manner for all individuals who are qualified beneficiaries under the plan pursuant to this part¹ in connection with such group.

(2) PERIOD OF COVERAGE.—The coverage must extend for at least the period beginning on the date of the qualifying event and ending not earlier than the earliest of the following:

(A) MAXIMUM REQUIRED PERIOD.—

(i) GENERAL RULE FOR TERMINATIONS AND REDUCED HOURS.—In the case of a qualifying event described in section 2203(2), except as provided in clause (ii), the date which is 18 months after the date of the qualifying event.

(ii) SPECIAL RULE FOR MULTIPLE QUALIFYING EVENTS.—If a qualifying event occurs during the 18 months after the date of a qualifying event described in section 2203(2), the date which is 36 months after the date of the qualifying event described in section 2203(2).

(iii) GENERAL RULE FOR OTHER QUALIFYING EVENTS.—In the case of a qualifying event not described in section 2203(2), the date which is 36 months after the date of the qualifying event.

(iv) SPECIAL RULE FOR TAA-ELIGIBLE INDIVIDUALS.—In the case of a qualifying event described in section 2203(2) with respect to a covered employee who is (as of the date that the period of coverage would, but for this clause or clause (v), otherwise terminate under clause (i) or (ii)) a TAA-eligible individual (as defined in section 2205(b)(4)(B)), the period of coverage shall not terminate by reason of clause (i) or (ii), as the case may be, before the later of the date specified in such clause or the date on which such individual ceases to be such a TAA-eligible individual. The preceding sentence shall not require any period of coverage to extend beyond January 1, 2014.

(v) MEDICARE ENTITLEMENT FOLLOWED BY QUALIFYING EVENT.—In the case of a qualifying event described in section 2203(2) that occurs less than 18 months after the date the covered employee became entitled to benefits under title XVIII of the Social Security Act, the period of coverage for qualified beneficiaries other than the covered employee shall not terminate under this subparagraph before the close of the 36-month period beginning on the date the covered employee became so entitled.

(vi) SPECIAL RULE FOR DISABILITY.—In the case of a qualified beneficiary who is determined, under title II or XVI of the Social Security Act, to have been disabled at any time during the first 60 days of continuation coverage under this title, any reference in clause

¹ So in law. This title is not divided into parts.

(i) or (ii) to 18 months with respect to such event² is deemed a reference to 29 months (with respect to all qualified beneficiaries), but only if the qualified beneficiary has provided notice of such determination under section 2206(3) before the end of such 18 months.

(B) END OF PLAN.—The date on which the employer ceases to provide any group health plan to any employee.

(ii) establish an HIV health services planning council in accordance with subsection (b).

(B) LOCAL POLITICAL SUBDIVISION.—The political subdivisions referred to in subparagraph (A) are those political subdivisions in the eligible area—

(b) HIV HEALTH SERVICES PLANNING COUNCIL.—

(1) ESTABLISHMENT.—To be eligible for assistance under this subpart, the chief elected official described in subsection (a)(1) shall establish or designate an HIV health services planning council that shall reflect in its composition the demographics of the population of individuals with HIV/AIDS in the eligible area involved, with particular consideration given to disproportionately affected and historically underserved groups and subpopulations. Nominations for membership on the council shall be identified through an open process and candidates shall be selected based on locally delineated and publicized criteria. Such criteria shall include a conflict-of-interest standard that is in accordance with paragraph (5).

(M) representatives of individuals who formerly were Federal, State, or local prisoners, were released from the custody of the penal system during the preceding 3 years, and had HIV/AIDS as of the date on which the individuals were so released.

(3) METHOD OF PROVIDING FOR COUNCIL.—

(A) IN GENERAL.—In providing for a council for purposes of paragraph (1), a chief elected official receiving a grant under section 2601(a) may establish the council directly or designate an existing entity to serve as the council, subject to subparagraph (B).

(B) CONSIDERATION REGARDING DESIGNATION OF COUNCIL.—In making a determination of whether to establish or

designate a council under subparagraph (A), a chief elected official receiving a grant under section 2601(a) shall give priority to the designation of an existing entity that has demonstrated experience in planning for the HIV health care service needs within the eligible area and in the implementation of such plans in addressing those needs. Any existing entity so designated shall be expanded to include a broad representation of the full range of entities that provide such services within the geographic area to be served.

(4) DUTIES.—The planning council established or designated under paragraph (1) shall—

(A) determine the size and demographics of the population of individuals with HIV/AIDS, as well as the size and demographics of the estimated population of individuals with HIV/AIDS who are unaware of their HIV status;

(B) determine the needs of such population, with particular attention to—

(i) individuals with HIV/AIDS who know their HIV status and are not receiving HIV-related services;

(ii) disparities in access and services among affected subpopulations and historically underserved communities; and

(iii) individuals with HIV/AIDS who do not know their HIV status;

(C) establish priorities for the allocation of funds within the eligible area, including how best to meet each such priority and additional factors that a grantee should consider in allocating funds under a grant based on the—

(i) size and demographics of the population of individuals with HIV/AIDS (as determined under subparagraph (A)) and the needs of such population (as determined under subparagraph (B));

(ii) demonstrated (or probable) cost effectiveness and outcome effectiveness of proposed strategies and interventions, to the extent that data are reasonably available;

(iii) priorities of the communities with HIV/AIDS for whom the services are intended;

(iv) coordination in the provision of services to such individuals with programs for HIV prevention and for the prevention and treatment of substance abuse, including programs that provide comprehensive treatment for such abuse;

(v) availability of other governmental and non-governmental resources, including the State medicaid plan under title XIX of the Social Security Act and the State Children's Health Insurance Program under title XXI of such Act to cover health care costs of eligible individuals and families with HIV/AIDS; and

(vi) capacity development needs resulting from disparities in the availability of HIV-related services in historically underserved communities;

(D) develop a comprehensive plan for the organization and delivery of health and support services described in section 2604 that—

(i) includes a strategy for identifying individuals who know their HIV status and are not receiving such services and for informing the individuals of and enabling the individuals to utilize the services, giving particular attention to eliminating disparities in access and services among affected subpopulations and historically underserved communities, and including discrete goals, a timetable, and an appropriate allocation of funds;

(ii) includes a strategy to coordinate the provision of such services with programs for HIV prevention (including outreach and early intervention) and for the prevention and treatment of substance abuse (including programs that provide comprehensive treatment services for such abuse);

(iii) is compatible with any State or local plan for the provision of services to individuals with HIV/AIDS; and

(iv) includes a strategy, coordinated as appropriate with other community strategies and efforts, including discrete goals, a timetable, and appropriate funding, for identifying individuals with HIV/AIDS who do not know their HIV status, making such individuals aware of such status, and enabling such individuals to use the health and support services described in section 2604, with particular attention to reducing barriers to routine testing and disparities in access and services among affected subpopulations and historically underserved communities;

(E) assess the efficiency of the administrative mechanism in rapidly allocating funds to the areas of greatest need within the eligible area, and at the discretion of the planning council, assess the effectiveness, either directly or through contractual arrangements, of the services offered in meeting the identified needs;

(F) participate in the development of the statewide coordinated statement of need initiated by the State public health agency responsible for administering grants under part B;

(G) establish methods for obtaining input on community needs and priorities which may include public meetings (in accordance with paragraph (7)), conducting focus groups, and convening ad-hoc panels; and

(H) coordinate with Federal grantees that provide HIV-related services within the eligible area.

(5) CONFLICTS OF INTEREST.—

(A) IN GENERAL.—The planning council under paragraph (1) may not be directly involved in the administration of a grant under section 2601(a). With respect to compliance with the preceding sentence, the planning council may not designate (or otherwise be involved in the selec-

tion of) particular entities as recipients of any of the amounts provided in the grant.

(B) REQUIRED AGREEMENTS.—An individual may serve on the planning council under paragraph (1) only if the individual agrees that if the individual has a financial interest in an entity, if the individual is an employee of a public or private entity, or if the individual is a member of a public or private organization, and such entity or organization is seeking amounts from a grant under section 2601(a), the individual will not, with respect to the purpose for which the entity seeks such amounts, participate (directly or in an advisory capacity) in the process of selecting entities to receive such amounts for such purpose.

(C) COMPOSITION OF COUNCIL.—The following applies regarding the membership of a planning council under paragraph (1):

(i) Not less than 33 percent of the council shall be individuals who are receiving HIV-related services pursuant to a grant under section 2601(a), are not officers, employees, or consultants to any entity that receives amounts from such a grant, and do not represent any such entity, and reflect the demographics of the population of individuals with HIV/AIDS as determined under paragraph (4)(A). For purposes of the preceding sentence, an individual shall be considered to be receiving such services if the individual is a parent of, or a caregiver for, a minor child who is receiving such services.

(ii) With respect to membership on the planning council, clause (i) may not be construed as having any effect on entities that receive funds from grants under any of parts B through F but do not receive funds from grants under section 2601(a), on officers or employees of such entities, or on individuals who represent such entities.

(6) GRIEVANCE PROCEDURES.—A planning council under paragraph (1) shall develop procedures for addressing grievances with respect to funding under this subpart, including procedures for submitting grievances that cannot be resolved to binding arbitration. Such procedures shall be described in the by-laws of the planning council and be consistent with the requirements of subsection (c).

(7) PUBLIC DELIBERATIONS.—With respect to a planning council under paragraph (1), the following applies:

(A) The council may not be chaired solely by an employee of the grantee under section 2601(a).

(B) In accordance with criteria established by the Secretary:

(i) The meetings of the council shall be open to the public and shall be held only after adequate notice to the public.

(ii) The records, reports, transcripts, minutes, agenda, or other documents which were made available to or prepared for or by the council shall be avail-

able for public inspection and copying at a single location.

(iii) Detailed minutes of each meeting of the council shall be kept. The accuracy of all minutes shall be certified to by the chair of the council.

(iv) This subparagraph does not apply to any disclosure of information of a personal nature that would constitute a clearly unwarranted invasion of personal privacy, including any disclosure of medical information or personnel matters.

(c)³ GRIEVANCE PROCEDURES.—

(1) FEDERAL RESPONSIBILITY.—

(A) MODELS.—The Secretary shall, through a process that includes consultations with grantees under this subpart and public and private experts in grievance procedures, arbitration, and mediation, develop model grievance procedures that may be implemented by the planning council under subsection (b)(1) and grantees under this subpart. Such model procedures shall describe the elements that must be addressed in establishing local grievance procedures and provide grantees with flexibility in the design of such local procedures.

(B) REVIEW.—The Secretary shall review grievance procedures established by the planning council and grantees under this subpart to determine if such procedures are adequate. In making such a determination, the Secretary shall assess whether such procedures permit legitimate grievances to be filed, evaluated, and resolved at the local level.

(2) GRANTEES.—To be eligible to receive funds under this subpart, a grantee shall develop grievance procedures that are determined by the Secretary to be consistent with the model procedures developed under paragraph (1)(A). Such procedures shall include a process for submitting grievances to binding arbitration.

(d) PROCESS FOR ESTABLISHING ALLOCATION PRIORITIES.—

Promptly after the date of the submission of the report required in section 501(b) of the Ryan White CARE Act Amendments of 2000⁴ (relating to the relationship between epidemiological measures and health care for certain individuals with HIV/AIDS), the Secretary, in consultation with planning councils and entities that receive amounts from grants under section 2601(a) or 2611, shall develop epidemiologic measures—

(1) for establishing the number of individuals living with HIV/AIDS who are not receiving HIV-related health services; and

(2) for carrying out the duties under subsection (b)(4) and section 2617(b).

³Subsection (c) was added by an amendment to subsection (b). Section 3(b)(1)(F) of Public Law 104–146 (110 Stat. 1348) provided that subsection (b) of section 2602 is amended “by adding at the end thereof the following:”, and then added paragraphs (5) and (6) and subsection (c).

⁴Public Law 106–345 (114 Stat. 1352). Section 501(d)(2) of such Law requires that the report be submitted not later than 2 years after the date of the enactment of the Law, which was enacted October 20, 2000.

(e) **TRAINING GUIDANCE AND MATERIALS.**—The Secretary shall provide to each chief elected official receiving a grant under section 2601(a) guidelines and materials for training members of the planning council under paragraph (1) regarding the duties of the council.

SEC. 2603. [300ff-13] TYPE AND DISTRIBUTION OF GRANTS.

(a) **GRANTS BASED ON RELATIVE NEED OF AREA.**—

(1) **IN GENERAL.**—In carrying out section 2601(a), the Secretary shall make a grant for each eligible area for which an application under section 2605(a) has been approved. Each such grant shall be made in an amount determined in accordance with paragraph (3).

(2) **EXPEDITED DISTRIBUTION.**—Not later than 60 days after an appropriation becomes available to carry out this subpart for a fiscal year, the Secretary shall, except in the case of waivers granted under section 2605(c), disburse 66⅔ percent of the amount made available under section 2610(b) for carrying out this subpart for such fiscal year through grants to eligible areas under section 2601(a), in accordance with paragraphs (3) and (4).

(3) **AMOUNT OF GRANT.**—

(A) **IN GENERAL.**—Subject to the extent of amounts made available in appropriations Acts, a grant made for purposes of this paragraph to an eligible area shall be made in an amount equal to the product of—

(i) an amount equal to the amount available for distribution under paragraph (2) for the fiscal year involved; and

(ii) the percentage constituted by the ratio of the distribution factor for the eligible area to the sum of the respective distribution factors for all eligible areas; which product shall then, as applicable, be increased under paragraph (4).

(B) **DISTRIBUTION FACTOR.**—For purposes of subparagraph (A)(ii), the term “distribution factor” means an amount equal to the estimated number of living cases of AIDS⁵ in the eligible area involved, as determined under subparagraph (C).

(C) **LIVING CASES OF HIV/AIDS.**—

(i) **REQUIREMENT OF NAMES-BASED REPORTING.**—Except as provided in clause (ii), the number determined under this subparagraph for an eligible area for a fiscal year for purposes of subparagraph (B) is the number of living names-based cases of HIV/AIDS that, as of December 31 of the most recent calendar year for which such data is available, have been reported to and confirmed by the Director of the Centers for Disease Control and Prevention.

⁵ Section 102(b)(1) of Public Law 109-415 provides as follows:

(1) in subparagraph (B), by striking “estimated living cases of acquired immune deficiency syndrome” and inserting “living cases of HIV/AIDS (reported to and confirmed by the Director of the Centers for Disease Control and Prevention)”; and

Such amendment could not be executed because the words “number of” probably should appear before “living cases” in the matter purported to be struck.

(ii) TRANSITION PERIOD; EXEMPTION REGARDING NON-AIDS CASES.—For each of the fiscal years 2007 through 2012, an eligible area is, subject to clauses (iii) through (v), exempt from the requirement under clause (i) that living names-based non-AIDS cases of HIV be reported unless—

(I) a system was in operation as of December 31, 2005, that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State in which the area is located, subject to clause (viii); or

(II) no later than the beginning of fiscal year 2008 or a subsequent fiscal year through fiscal year 2012, the Secretary, in consultation with the chief executive of the State in which the area is located, determines that a system has become operational in the State that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State.

(iii) REQUIREMENTS FOR EXEMPTION FOR FISCAL YEAR 2007.—For fiscal year 2007, an exemption under clause (ii) for an eligible area applies only if, by October 1, 2006—

(I)(aa) the State in which the area is located had submitted to the Secretary a plan for making the transition to sufficiently accurate and reliable names-based reporting of living non-AIDS cases of HIV; or

(bb) all statutory changes necessary to provide for sufficiently accurate and reliable reporting of such cases had been made; and

(II) the State had agreed that, by April 1, 2008, the State will begin accurate and reliable names-based reporting of such cases, except that such agreement is not required to provide that, as of such date, the system for such reporting be fully sufficient with respect to accuracy and reliability throughout the area.

(iv) REQUIREMENT FOR EXEMPTION AS OF FISCAL YEAR 2008.—For each of the fiscal years 2008 through 2012, an exemption under clause (ii) for an eligible area applies only if, as of April 1, 2008, the State in which the area is located is substantially in compliance with the agreement under clause (iii)(II).

(v) PROGRESS TOWARD NAMES-BASED REPORTING.—For fiscal year 2009 or a subsequent fiscal year, the Secretary may terminate an exemption under clause (ii) for an eligible area if the State in which the area is located submitted a plan under clause (iii)(I)(aa) and the Secretary determines that the State is not substantially following the plan.

(vi) COUNTING OF CASES IN AREAS WITH EXEMPTIONS.—

(I) IN GENERAL.—With respect to an eligible area that is under a reporting system for living non-AIDS cases of HIV that is not names-based (referred to in this subparagraph as “code-based reporting”), the Secretary shall, for purposes of this subparagraph, modify the number of such cases reported for the eligible area in order to adjust for duplicative reporting in and among systems that use code-based reporting.

(II) ADJUSTMENT RATE.—The adjustment rate under subclause (I) for an eligible area shall be a reduction of 5 percent for fiscal years before fiscal year 2012 (and 6 percent for fiscal year 2012) in the number of living non-AIDS cases of HIV reported for the area.

(III) INCREASED ADJUSTMENT FOR CERTAIN AREAS PREVIOUSLY USING CODE-BASED REPORTING.—For purposes of this subparagraph for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in an area that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if—

(aa) for fiscal year 2007, such area was a transitional area;

(bb) fiscal year 2007 was the first year in which the count of living non-AIDS cases of HIV in such area, for purposes of this section, was based on a names-based reporting system; and

(cc) the amount of funding that such area received under this part for fiscal year 2007 was less than 70 percent of the amount of funding (exclusive of funds that were identified as being for purposes of the Minority AIDS Initiative) that such area received under such part for fiscal year 2006.

(vii) MULTIPLE POLITICAL JURISDICTIONS.—With respect to living non-AIDS cases of HIV, if an eligible area is not entirely within one political jurisdiction and as a result is subject to more than one reporting system for purposes of this subparagraph:

(I) Names-based reporting under clause (i) applies in a jurisdictional portion of the area, or an exemption under clause (ii) applies in such portion (subject to applicable provisions of this subparagraph), according to whether names-based reporting or code-based reporting is used in such portion.

(II) If under subclause (I) both names-based reporting and code-based reporting apply in the area, the number of code-based cases shall be reduced under clause (vi).

(viii) LIST OF ELIGIBLE AREAS MEETING STANDARD REGARDING DECEMBER 31, 2005.—

(I) IN GENERAL.—If an eligible area or portion thereof is in a State specified in subclause (II), the eligible area or portion shall be considered to meet the standard described in clause (ii)(I). No other eligible area or portion thereof may be considered to meet such standard.

(II) RELEVANT STATES.—For purposes of subclause (I), the States specified in this subclause are the following: Alaska, Alabama, Arkansas, Arizona, Colorado, Florida, Indiana, Iowa, Idaho, Kansas, Louisiana, Michigan, Minnesota, Missouri, Mississippi, North Carolina, North Dakota, Nebraska, New Jersey, New Mexico, New York, Nevada, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Wisconsin, West Virginia, Wyoming, Guam, and the Virgin Islands.

(ix) RULES OF CONSTRUCTION REGARDING ACCEPTANCE OF REPORTS.—

(I) CASES OF AIDS.—With respect to an eligible area that is subject to the requirement under clause (i) and is not in compliance with the requirement for names-based reporting of living non-AIDS cases of HIV, the Secretary shall, notwithstanding such noncompliance, accept reports of living cases of AIDS that are in accordance with such clause.

(II) APPLICABILITY OF EXEMPTION REQUIREMENTS.—The provisions of clauses (ii) through (viii) may not be construed as having any legal effect for fiscal year 2013 or any subsequent fiscal year, and accordingly, the status of a State for purposes of such clauses may not be considered after fiscal year 2012.

(x) PROGRAM FOR DETECTING INACCURATE OR FRAUDULENT COUNTING.—The Secretary shall carry out a program to monitor the reporting of names-based cases for purposes of this subparagraph and to detect instances of inaccurate reporting, including fraudulent reporting.

(xi) FUTURE FISCAL YEARS.—For fiscal years beginning with fiscal year 2013, determinations under this paragraph shall be based only on living names-based cases of HIV/AIDS with respect to the area involved.

(D) CODE-BASED AREAS; LIMITATION ON INCREASE IN GRANT.—

(i) IN GENERAL.—For each of the fiscal years 2007 through 2012, if code-based reporting (within the meaning of subparagraph (C)(vi)) applies in an eligible area or any portion thereof as of the beginning of the fiscal year involved, then notwithstanding any other provision of this paragraph, the amount of the grant

pursuant to this paragraph for such area for such fiscal year may not—

(I) for fiscal year 2007, exceed by more than 5 percent the amount of the grant for the area that would have been made pursuant to this paragraph and paragraph (4) for fiscal year 2006 (as such paragraphs were in effect for such fiscal year) if paragraph (2) (as so in effect) had been applied by substituting “66 $\frac{2}{3}$ percent” for “50 percent”; and

(II) for each of the fiscal years 2008 through 2012, exceed by more than 5 percent the amount of the grant pursuant to this paragraph and paragraph (4) for the area for the preceding fiscal year.

(ii) USE OF AMOUNTS INVOLVED.—For each of the fiscal years 2007 through 2012, amounts available as a result of the limitation under clause (i) shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the fiscal year involved, subject to paragraph (4) and section 2610(d)(2).

(4) INCREASES IN GRANT.—

(A) IN GENERAL.—For each eligible area that received a grant pursuant to this subsection for fiscal year 2009, the Secretary shall, for each of the fiscal years 2010 through 2013, increase the amount of the grant made pursuant to paragraph (3) for the area to ensure that the amount of the grant for the fiscal year involved is not less than the following amount, as applicable to such fiscal year:

(i) For fiscal year 2010, an amount equal to 95 percent of the sum of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2009.

(ii) For each of the fiscal years 2011 and 2012, an amount equal to 100 percent of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2010.

(iii) For fiscal year 2013, an amount equal to 92.5 percent of the amount of the grant made pursuant to paragraph (3) and this paragraph for fiscal year 2012.

(B) SOURCE OF FUNDS FOR INCREASE.—

(i) IN GENERAL.—From the amounts available for carrying out the single program referred to in section 2609(d)(2)(C) for a fiscal year (relating to supplemental grants), the Secretary shall make available such amounts as may be necessary to comply with subparagraph (A), subject to section 2610(d)(2).

(ii) PRO RATA REDUCTION.—If the amounts referred to in clause (i) for a fiscal year are insufficient to fully comply with subparagraph (A) for the year, the Secretary, in order to provide the additional funds necessary for such compliance, shall reduce on a pro rata basis the amount of each grant pursuant to this sub-

section for the fiscal year, other than grants for eligible areas for which increases under subparagraph (A) apply. A reduction under the preceding sentence may not be made in an amount that would result in the eligible area involved becoming eligible for such an increase.

(C) LIMITATION.—This paragraph may not be construed as having any applicability after fiscal year 2013.

(b) SUPPLEMENTAL GRANTS.—

(1) IN GENERAL.—Subject to subsection (a)(4)(B)(i) and section 2610(d), the Secretary shall disburse the remainder of amounts not disbursed under section 2603(a)(2) for such fiscal year for the purpose of making grants under section 2601(a) to eligible areas whose application under section 2605(b)—

(A) contains a report concerning the dissemination of emergency relief funds under subsection (a) and the plan for utilization of such funds;

(B) demonstrates the need in such area, on an objective and quantified basis, for supplemental financial assistance to combat the HIV epidemic;

(C) demonstrates the existing commitment of local resources of the area, both financial and in-kind, to combating the HIV epidemic;

(D) demonstrates the ability of the area to utilize such supplemental financial resources in a manner that is immediately responsive and cost effective;

(E) demonstrates that resources will be allocated in accordance with the local demographic incidence of AIDS including appropriate allocations for services for infants, children, youth, women, and families with HIV/AIDS;

(F) demonstrates the inclusiveness of affected communities and individuals with HIV/AIDS;

(G) demonstrates the manner in which the proposed services are consistent with the local needs assessment and the statewide coordinated statement of need;

(H) demonstrates the ability of the applicant to expend funds efficiently by not having had, for the most recent grant year under subsection (a) for which data is available, more than 5 percent of grant funds under such subsection canceled, offset under subsection (c)(4), or covered by any waivers under subsection (c)(3); and

(I) demonstrates success in identifying individuals with HIV/AIDS as described in clauses (i) through (iii) of paragraph (2)(A).

(2) AMOUNT OF GRANT.—

(A) IN GENERAL.—The amount of each grant made for purposes of this subsection shall be determined by the Secretary based on a weighting of factors under paragraph (1), with demonstrated need under subparagraph (B) of such paragraph counting one-third, and demonstrated success in identifying individuals with HIV/AIDS who do not know their HIV status and making them aware of such status counting one-third. In making such determination, the Secretary shall consider—

(i) the number of individuals who have been tested for HIV/AIDS;

(ii) of those individuals described in clause (i), the number of individuals who tested for HIV/AIDS who are made aware of their status, including the number who test positive; and

(iii) of those individuals described in clause (ii), the number who have been referred to appropriate treatment and care.

(B) DEMONSTRATED NEED.—The factors considered by the Secretary in determining whether an eligible area has a demonstrated need for purposes of paragraph (1)(B) may include any or all of the following:

(i) The unmet need for such services, as determined under section 2602(b)(4) or other community input process as defined under section 2609(d)(1)(A).

(ii) An increasing need for HIV/AIDS-related services, including relative rates of increase in the number of cases of HIV/AIDS.

(iii) The relative rates of increase in the number of cases of HIV/AIDS within new or emerging subpopulations.

(iv) The current prevalence of HIV/AIDS.

(v) Relevant factors related to the cost and complexity of delivering health care to individuals with HIV/AIDS in the eligible area.

(vi) The impact of co-morbid factors, including co-occurring conditions, determined relevant by the Secretary.

(vii) The prevalence of homelessness.

(viii) The prevalence of individuals described under section 2602(b)(2)(M).

(ix) The relevant factors that limit access to health care, including geographic variation, adequacy of health insurance coverage, and language barriers.

(x) The impact of a decline in the amount received pursuant to subsection (a) on services available to all individuals with HIV/AIDS identified and eligible under this title.

(C) PRIORITY IN MAKING GRANTS.—The Secretary shall provide funds under this subsection to an eligible area to address the decline or disruption of all EMA-provided services related to the decline in the amounts received pursuant to subsection (a) consistent with the grant award for the eligible area for fiscal year 2006, to the extent that the factor under subparagraph (B)(x) (relating to a decline in funding) applies to the eligible area.

(D) INCREASED ADJUSTMENT FOR CERTAIN AREAS PREVIOUSLY USING CODE-BASED REPORTING.—For purposes of this subsection for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in an area that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if the

conditions described in items (aa) through (cc) of subsection (a)(3)(C)(vi)(III) are all satisfied.

(3) REMAINDER OF AMOUNTS.—In determining the amount of funds to be obligated under paragraph (1), the Secretary shall include amounts that are not paid to the eligible areas under expedited procedures under section 2603(a)(2) as a result of—

(A) the failure of any eligible area to submit an application under section 2605(c); or

(B) any eligible area informing the Secretary that such eligible area does not intend to expend the full amount of its grant under such section.

(4) FAILURE TO SUBMIT.—

(A) IN GENERAL.—The failure of an eligible area to submit an application for an expedited grant under section 2603(a)(2) shall not result in such area being ineligible for a grant under this subsection.

(B) APPLICATION.—The application of an eligible area submitted under section 2605(b) shall contain the assurances required under subsection (a) of such section if such eligible area fails to submit an application for an expedited grant under section 2603(a)(2).

(c) TIMEFRAME FOR OBLIGATION AND EXPENDITURE OF GRANT FUNDS.—

(1) OBLIGATION BY END OF GRANT YEAR.—Effective for fiscal year 2007 and subsequent fiscal years, funds from a grant award made pursuant to subsection (a) or (b) for a fiscal year are available for obligation by the eligible area involved through the end of the one-year period beginning on the date in such fiscal year on which funds from the award first become available to the area (referred to in this subsection as the “grant year for the award”), except as provided in paragraph (3)(A).

(2) SUPPLEMENTAL GRANTS; CANCELLATION OF UNOBLIGATED BALANCE OF GRANT AWARD.—Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made pursuant to subsection (b) for an eligible area for a fiscal year has an unobligated balance as of the end of the grant year for the award—

(A) the Secretary shall cancel that unobligated balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area; and

(B) the funds involved shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under subparagraph (A) to be canceled, except that the availability of the funds for such grants is subject to subsection (a)(4) and section 2610(d)(2) as applied for such year.

(3) FORMULA GRANTS; CANCELLATION OF UNOBLIGATED BALANCE OF GRANT AWARD; WAIVER PERMITTING CARRYOVER.—

(A) IN GENERAL.—Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made pursuant to subsection (a) for an eligible area for a fiscal year has an unobligated balance as of the end of the grant year for the award, the Secretary shall cancel that unobligated balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area, unless—

(i) before the end of the grant year, the chief elected official of the area submits to the Secretary a written application for a waiver of the cancellation, which application includes a description of the purposes for which the area intends to expend the funds involved; and

(ii) the Secretary approves the waiver.

(B) EXPENDITURE BY END OF CARRYOVER YEAR.—With respect to a waiver under subparagraph (A) that is approved for a balance that is unobligated as of the end of a grant year for an award:

(i) The unobligated funds are available for expenditure by the eligible area involved for the one-year period beginning upon the expiration of the grant year (referred to in this subsection as the “carryover year”).

(ii) If the funds are not expended by the end of the carryover year, the Secretary shall cancel that unexpended balance of the award, and shall require the eligible area to return any amounts from such balance that have been disbursed to the area.

(C) USE OF CANCELLED BALANCES.—In the case of any balance of a grant award that is cancelled under subparagraph (A) or (B)(ii), the grant funds involved shall be made available by the Secretary as additional amounts for grants pursuant to subsection (b) for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under such subparagraph to be canceled, except that the availability of the funds for such grants is subject to subsection (a)(4) and section 2610(d)(2) as applied for such year.

(D) CORRESPONDING REDUCTION IN FUTURE GRANT.—

(i) IN GENERAL.—In the case of an eligible area for which a balance from a grant award under subsection (a) is unobligated as of the end of the grant year for the award—

(I) the Secretary shall reduce, by the same amount as such unobligated balance (less any amount of such balance that is the subject of a waiver of cancellation under subparagraph (A)), the amount of the grant under such subsection for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that such balance was unobligated as of the end of the grant year (which requirement for a reduction applies without re-

gard to whether a waiver under subparagraph (A) has been approved with respect to such balance); and

(II) the grant funds involved in such reduction shall be made available by the Secretary as additional funds for grants pursuant to subsection (b) for such first fiscal year, subject to subsection (a)(4) and section 2610(d)(2);

In such case, the Secretary may permit the area to use such unobligated balance for purposes of any such future grant. An amount equal to such reduction shall be available for use as additional amounts for grants pursuant to subsection (b), subject to subsection (a)(4) and section 2610(d)(2). Nothing in this paragraph shall be construed to affect the authority of the Secretary under paragraphs (2) and (3), including the authority to grant waivers under paragraph (3)(A). The reduction in future grants authorized under this paragraph shall be notwithstanding the penalty required under paragraph (3)(D) with respect to unobligated funds.

(d) **COMPLIANCE WITH PRIORITIES OF HIV PLANNING COUNCIL.**—Notwithstanding any other provision of this subpart, the Secretary, in carrying out section 2601(a), may not make any grant under subsection (a) or (b) to an eligible area unless the application submitted by such area under section 2605 for the grant involved demonstrates that the grants made under subsections (a) and (b) to the area for the preceding fiscal year (if any) were expended in accordance with the priorities applicable to such year that were established, pursuant to section 2602(b)(4)(C), by the planning council serving the area.

(e) **REPORT ON THE AWARDING OF SUPPLEMENTAL FUNDS.**—Not later than 45 days after the awarding of supplemental funds under this section, the Secretary shall submit to Congress a report concerning such funds. Such report shall include information detailing—

(c) APPLICATION.—

(1) IN GENERAL.—To receive assistance from the State under subsection (a), a consortium shall prepare and submit to the State, an application that—

(A) demonstrates that the consortium includes agencies and community-based organizations—

(iii) assurances that, in the case of services for individuals residing in rural areas, the applicant consortium shall deliver case management services that link available community support services to appropriate specialized medical services; and

(iv) assurances that the assessment of service needs and the planning of the delivery of services will include participation by individuals with HIV/AIDS;

(C) demonstrates that adequate planning has occurred to meet the special needs of families with HIV/AIDS, including family centered and youth centered care;

(D) demonstrates that the consortium has created a mechanism to evaluate periodically—

(i) the success of the consortium in responding to identified needs; and

(ii) the cost-effectiveness of the mechanisms employed by the consortium to deliver comprehensive care;

⁷The placement of subparagraphs (A) through (C) is according to the probable intent of the Congress. Section 205(a)(3) of Public Law 106-345 (114 Stat. 1332, 1333) amended paragraph (4) by redesignating subparagraphs (A) through (C) as subparagraphs (D) through (F), and then instructed that new subparagraphs (A) through (C) be inserted before "subparagraph (C)". The amendment probably should have instructed that the new subparagraphs be inserted before subparagraph (D), as redesignated.

⁸The word “section” probably should appear before “2615”. Section 12(c)(3) of Public Law 104–146 (110 Stat. 1373) provides that subsection (b)(3)(B)(iv) is amended by inserting “section” before “2615”, but the amendment cannot be executed because the term “2615” does not appear in paragraph (3)(B)(iv). The term formerly did appear in such paragraph, but former paragraph (3) was redesignated as paragraph (4) by section 3(c)(4)(B) of such Public Law (110 Stat. 1355).

(D) the State will permit and cooperate with any Federal investigations undertaken regarding programs conducted under section 2611;

(E) the State will maintain HIV-related activities at a level that is equal to not less than the level of such expenditures by the State for the 1-year period preceding the fiscal year for which the State is applying to receive a grant under section 2611;

(F) the State will ensure that grant funds are not utilized to make payments for any item or service to the extent that payment has been made, or can reasonably be expected to be made, with respect to that item or service—

(i) under any State compensation program, under an insurance policy, or under any Federal or State health benefits program; or

(ii) by an entity that provides health services on a prepaid basis (except for a program administered by or providing the services of the Indian Health Service); and

(G) entities within areas in which activities under the grant are carried out will maintain appropriate relationships with entities in the area served that constitute key points of access to the health care system for individuals with HIV/AIDS (including emergency rooms, substance abuse treatment programs, detoxification centers, adult and juvenile detention facilities, sexually transmitted disease clinics, HIV counseling and testing sites, mental health programs, and homeless shelters), and other entities under section 2612(c) and 2652(a), for the purpose of facilitating early intervention for individuals newly diagnosed with HIV/AIDS and individuals knowledgeable of their HIV status but not in care; and

(8) a comprehensive plan—

(E) describing efforts to remove legal barriers, including State laws and regulations, to routine testing.

(c) REQUIREMENTS REGARDING IMPOSITION OF CHARGES FOR SERVICES.—

(1) IN GENERAL.—The Secretary may not make a grant under section 2611 to a State unless the State provides assurances that in the provision of services with assistance provided under the grant—

(A) in the case of individuals with an income less than or equal to 100 percent of the official poverty line, the provider will not impose charges on any such individual for the provision of services under the grant;

(B) in the case of individuals with an income greater than 100 percent of the official poverty line, the provider—

(i) will impose charges on each such individual for the provision of such services; and

(ii) will impose charges according to a schedule of charges that is made available to the public;

(C) in the case of individuals with an income greater than 100 percent of the official poverty line and not exceeding 200 percent of such poverty line, the provider will not, for any calendar year, impose charges in an amount exceeding 5 percent of the annual gross income of the individual involved;

(D) in the case of individuals with an income greater than 200 percent of the official poverty line and not exceeding 300 percent of such poverty line, the provider will not, for any calendar year, impose charges in an amount exceeding 7 percent of the annual gross income of the individual involved; and

(E) in the case of individuals with an income greater than 300 percent of the official poverty line, the provider will not, for any calendar year, impose charges in an amount exceeding 10 percent of the annual gross income of the individual involved.

(2) ASSESSMENT OF CHARGE.—With respect to compliance with the assurance made under paragraph (1), a grantee under section 2611 may, in the case of individuals subject to a charge for purposes of such paragraph—

(A) assess the amount of the charge in the discretion of the grantee, including imposing only a nominal charge for the provision of services, subject to the provisions of such paragraph regarding public schedules regarding limitation on the maximum amount of charges; and

(B) take into consideration the medical expenses of individuals in assessing the amount of the charge, subject to such provisions.

(3) APPLICABILITY OF LIMITATION ON AMOUNT OF CHARGE.—The Secretary may not make a grant under section 2611 unless the applicant of the grant agrees that the limitations established in subparagraphs (C), (D), and (E) of paragraph (1) regarding the imposition of charges for services applies to the annual aggregate of charges imposed for such services, without regard to whether they are characterized as enrollment fees, premiums, deductibles, cost sharing, copayments, coinsurance, or other charges.

(4) WAIVER.—

(A) IN GENERAL.—The State shall waive the requirements established in paragraphs (1) through (3) in the case of an entity that does not, in providing health care services, impose a charge or accept reimbursement from any third-party payor, including reimbursement under any insurance policy or under any Federal or State health benefits program.

(B) DETERMINATION.—A determination by the State of whether an entity referred to in subparagraph (A) meets the criteria for a waiver under such subparagraph shall be made without regard to whether the entity accepts voluntary donations regarding the provision of services to the public.

(d) REQUIREMENT OF MATCHING FUNDS REGARDING STATE ALLOTMENTS.—

(1) IN GENERAL.—In the case of any State to which the criterion described in paragraph (3) applies, the Secretary may not make a grant under section 2611 unless the State agrees that, with respect to the costs to be incurred by the State in carrying out the program for which the grant was awarded, the State will, subject to subsection (b)(2), make available (directly or through donations from public or private entities) non-Federal contributions toward such costs in an amount equal to—

(A) for the first fiscal year of payments under the grant, not less than $16\frac{2}{3}$ percent of such costs (\$1 for each \$5 of Federal funds provided in the grant);

(B) for any second fiscal year of such payments, not less than 20 percent of such costs (\$1 for each \$4 of Federal funds provided in the grant);

(C) for any third fiscal year of such payments, not less than 25 percent of such costs (\$1 for each \$3 of Federal funds provided in the grant);

(D) for any fourth fiscal year of such payments, not less than $33\frac{1}{3}$ percent of such costs (\$1 for each \$2 of Federal funds provided in the grant); and

(E) for any subsequent fiscal year of such payments, not less than $33\frac{1}{3}$ percent of such costs (\$1 for each \$2 of Federal funds provided in the grant).

(2) DETERMINATION OF AMOUNT OF NON-FEDERAL CONTRIBUTION.—

(A) IN GENERAL.—Non-Federal contributions required in paragraph (1) may be in cash or in kind, fairly evaluated, including plant, equipment, or services. Amounts provided by the Federal Government, and any portion of any service subsidized by the Federal Government, may not be included in determining the amount of such non-Federal contributions.

(B) INCLUSION OF CERTAIN AMOUNTS.—

(i) In making a determination of the amount of non-Federal contributions made by a State for purposes of paragraph (1), the Secretary shall, subject to clause (ii), include any non-Federal contributions provided by the State for HIV-related services, without

regard to whether the contributions are made for programs established pursuant to this title;

(ii) In making a determination for purposes of clause (i), the Secretary may not include any non-Federal contributions provided by the State as a condition of receiving Federal funds under any program under this title (except for the program established in section 2611) or under other provisions of law.

(3) APPLICABILITY OF REQUIREMENT.—

(A) NUMBER OF CASES.—A State referred to in paragraph (1) is any State for which the number of cases of HIV/AIDS reported to and confirmed by the Director of the Centers for Disease Control and Prevention for the period described in subparagraph (B) constitutes in excess of 1 percent of the aggregate number of such cases reported to and confirmed by the Director for such period for the United States.

(B) PERIOD OF TIME.—The period referred to in subparagraph (A) is the 2-year period preceding the fiscal year for which the State involved is applying to receive a grant under subsection (a).

(C) PUERTO RICO.—For purposes of paragraph (1), the number of cases of HIV/AIDS reported and confirmed for the Commonwealth of Puerto Rico for any fiscal year shall be deemed to be less than 1 percent.

(4) DIMINISHED STATE CONTRIBUTION.—With respect to a State that does not make available the entire amount of the non-Federal contribution referred to in paragraph (1), the State shall continue to be eligible to receive Federal funds under a grant under section 2611, except that the Secretary in providing Federal funds under the grant shall provide such funds (in accordance with the ratios prescribed in paragraph (1)) only with respect to the amount of funds contributed by such State.

SEC. 2618. [300ff-28] DISTRIBUTION OF FUNDS.

(a) AMOUNT OF GRANT TO STATE.—

(1) MINIMUM ALLOTMENT.—Subject to the extent of amounts made available under section 2623, the amount of a grant to be made under section 2611 for—

(A) each of the 50 States, the District of Columbia, Guam, and the Virgin Islands (referred to in this paragraph as a “covered State”) for a fiscal year shall be the greater of—

(i)(I) with respect to a covered State that has less than 90 living cases of AIDS, as determined under paragraph (2)(D), \$200,000; or

(II) with respect to a covered State that has 90 or more living cases of AIDS, as determined under paragraph (2)(D), \$500,000; and

(ii) an amount determined under paragraph (2) and then, as applicable, increased under paragraph (2)(H); and

(B) each territory other than Guam and the Virgin Islands shall be the greater of \$50,000 or an amount determined under paragraph (2).

(2) DETERMINATION.—

(A) FORMULA.—For purposes of paragraph (1), the amount referred to in this paragraph for a State (including a territory) for a fiscal year is, subject to subparagraphs (E) and (F)—

(i) an amount equal to the amount made available under section 2623 for the fiscal year involved for grants pursuant to paragraph (1), subject to subparagraph (F); and

(ii) the percentage constituted by the sum of—

(I) the product of 0.75 and the ratio of the State distribution factor for the State or territory (as determined under subsection (B)) to the sum of the respective State distribution factors for all States or territories;

(II) the product of .20 and the ratio of the non-EMA distribution factor for the State or territory (as determined under subparagraph (C)) to the sum of the respective non-EMA distribution factors for all States or territories; and

(III) if the State does not for such fiscal year contain any area that is an eligible area under subpart I of part A or any area that is a transitional area under section 2609 (referred to in this subclause as a “no-EMA State”), the product of 0.05 and the ratio of the number of cases that applies for the State under subparagraph (D) to the sum of the respective numbers of cases that so apply for all no-EMA States.

(B) STATE DISTRIBUTION FACTOR.—For purposes of subparagraph (A)(ii)(I), the term “State distribution factor” means an amount equal to the number of living cases of HIV/AIDS in the State involved, as determined under subparagraph (D).

(C) NON-EMA DISTRIBUTION FACTOR.—For purposes of subparagraph (A)(ii)(II), the term “non-ema distribution factor” means an amount equal to the sum of—

(i) the number of living cases of HIV/AIDS in the State involved, as determined under subparagraph (D); less

(ii) a number equal to the sum of—

(I) the total number of living cases of HIV/AIDS that are within areas in such State that are eligible areas under subpart I of part A for the fiscal year involved, which individual number for an area is the number that applies under section 2601 for the area for such fiscal year; and

(II) the total number of such cases that are within areas in such State that are transitional areas under section 2609 for such fiscal year, which individual number for an area is the num-

ber that applies under such section for the fiscal year.

(D) LIVING CASES OF HIV/AIDS.—

(i) REQUIREMENT OF NAMES-BASED REPORTING.—Except as provided in clause (ii), the number determined under this subparagraph for a State for a fiscal year for purposes of subparagraph (B) is the number of living names-based cases of HIV/AIDS in the State that, as of December 31 of the most recent calendar year for which such data is available, have been reported to and confirmed by the Director of the Centers for Disease Control and Prevention.

(ii) TRANSITION PERIOD; EXEMPTION REGARDING NON-AIDS CASES.—For each of the fiscal years 2007 through 2012, a State is, subject to clauses (iii) through (v), exempt from the requirement under clause (i) that living non-AIDS names-based cases of HIV be reported unless—

(I) a system was in operation as of December 31, 2005, that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State, subject to clause (vii); or

(II) no later than the beginning of fiscal year 2008 or a subsequent fiscal year through fiscal year 2012, the Secretary, after consultation with the chief executive of the State, determines that a system has become operational in the State that provides sufficiently accurate and reliable names-based reporting of such cases throughout the State.

(iii) REQUIREMENTS FOR EXEMPTION FOR FISCAL YEAR 2007.—For fiscal year 2007, an exemption under clause (ii) for a State applies only if, by October 1, 2006—

(I)(aa) the State had submitted to the Secretary a plan for making the transition to sufficiently accurate and reliable names-based reporting of living non-AIDS cases of HIV; or

(bb) all statutory changes necessary to provide for sufficiently accurate and reliable reporting of such cases had been made; and

(II) the State had agreed that, by April 1, 2008, the State will begin accurate and reliable names-based reporting of such cases, except that such agreement is not required to provide that, as of such date, the system for such reporting be fully sufficient with respect to accuracy and reliability throughout the area.

(iv) REQUIREMENT FOR EXEMPTION AS OF FISCAL YEAR 2008.—For each of the fiscal years 2008 through 2012, an exemption under clause (ii) for a State applies only if, as of April 1, 2008, the State is substantially in compliance with the agreement under clause (iii)(II).

(v) PROGRESS TOWARD NAMES-BASED REPORTING.—For fiscal year 2009 or a subsequent fiscal year, the Secretary may terminate an exemption under clause (ii) for a State if the State submitted a plan under clause (iii)(I)(aa) and the Secretary determines that the State is not substantially following the plan.

(vi) COUNTING OF CASES IN AREAS WITH EXEMPTIONS.—

(I) IN GENERAL.—With respect to a State that is under a reporting system for living non-AIDS cases of HIV that is not names-based (referred to in this subparagraph as “code-based reporting”), the Secretary shall, for purposes of this subparagraph, modify the number of such cases reported for the State in order to adjust for duplicative reporting in and among systems that use code-based reporting.

(II) ADJUSTMENT RATE.—The adjustment rate under subclause (I) for a State shall be a reduction of 5 percent for fiscal years before fiscal year 2012 (and 6 percent for fiscal year 2012) in the number of living non-AIDS cases of HIV reported for the State.

(III) INCREASED ADJUSTMENT FOR CERTAIN STATES PREVIOUSLY USING CODE-BASED REPORTING.—For purposes of this subparagraph for each of fiscal years 2010 through 2012, the Secretary shall deem the applicable number of living cases of HIV/AIDS in a State that were reported to and confirmed by the Centers for Disease Control and Prevention to be 3 percent higher than the actual number if—

(aa) there is an area in such State that satisfies all of the conditions described in items (aa) through (cc) of section 2603(a)(3)(C)(vi)(III); or

(bb)(AA) fiscal year 2007 was the first year in which the count of living non-AIDS cases of HIV in such area, for purposes of this part, was based on a names-based reporting system; and

(BB) the amount of funding that such State received under this part for fiscal year 2007 was less than 70 percent of the amount of funding that such State received under such part for fiscal year 2006.

(vii) LIST OF STATES MEETING STANDARD REGARDING DECEMBER 31, 2005.—

(I) IN GENERAL.—If a State is specified in subclause (II), the State shall be considered to meet the standard described in clause (ii)(I). No other State may be considered to meet such standard.

(II) RELEVANT STATES.—For purposes of subclause (I), the States specified in this subclause

are the following: Alaska, Alabama, Arkansas, Arizona, Colorado, Florida, Indiana, Iowa, Idaho, Kansas, Louisiana, Michigan, Minnesota, Missouri, Mississippi, North Carolina, North Dakota, Nebraska, New Jersey, New Mexico, New York, Nevada, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, Wisconsin, West Virginia, Wyoming, Guam, and the Virgin Islands.

(viii) RULES OF CONSTRUCTION REGARDING ACCEPTANCE OF REPORTS.—

(I) CASES OF AIDS.—With respect to a State that is subject to the requirement under clause (i) and is not in compliance with the requirement for names-based reporting of living non-AIDS cases of HIV, the Secretary shall, notwithstanding such noncompliance, accept reports of living cases of AIDS that are in accordance with such clause.

(II) APPLICABILITY OF EXEMPTION REQUIREMENTS.—The provisions of clauses (ii) through (vii) may not be construed as having any legal effect for fiscal year 2013 or any subsequent fiscal year, and accordingly, the status of a State for purposes of such clauses may not be considered after fiscal year 2012.

(ix) PROGRAM FOR DETECTING INACCURATE OR FRAUDULENT COUNTING.—The Secretary shall carry out a program to monitor the reporting of names-based cases for purposes of this subparagraph and to detect instances of inaccurate reporting, including fraudulent reporting.

(x) FUTURE FISCAL YEARS.—For fiscal years beginning with fiscal year 2013, determinations under this paragraph shall be based only on living names-based cases of HIV/AIDS with respect to the State involved.

(E) CODE-BASED STATES; LIMITATION ON INCREASE IN GRANT.—

(i) IN GENERAL.—For each of the fiscal years 2007 through 2012, if code-based reporting (within the meaning of subparagraph (D)(vi)) applies in a State as of the beginning of the fiscal year involved, then notwithstanding any other provision of this paragraph, the amount of the grant pursuant to paragraph (1) for the State may not for the fiscal year involved exceed by more than 5 percent the amount of the grant pursuant to this paragraph for the State for the preceding fiscal year, except that the limitation under this clause may not result in a grant pursuant to paragraph (1) for a fiscal year that is less than the minimum amount that applies to the State under such paragraph for such fiscal year.

(ii) USE OF AMOUNTS INVOLVED.—For each of the fiscal years 2007 through 2012, amounts available as a result of the limitation under clause (i) shall be

made available by the Secretary as additional amounts for grants pursuant to section 2620, subject to subparagraph (H).

(F)⁹ APPROPRIATIONS FOR TREATMENT DRUG PROGRAM.—

(i) FORMULA GRANTS.—With respect to the fiscal year involved, if under section 2623 an appropriations Act provides an amount exclusively for carrying out section 2616, the portion of such amount allocated to a State shall be the product of—

(I)¹⁰ 100 percent of such amount, less the percentage reserved under clause (ii)(V); and

(II)¹⁰ the percentage constituted by the ratio of the State distribution factor for the State (as determined under subparagraph (B)) to the sum of the State distribution factors for all States; which product shall then, as applicable, be increased under subparagraph (H).

(ii) SUPPLEMENTAL TREATMENT DRUG GRANTS.—

(I) IN GENERAL.—From amounts made available under subclause (V), the Secretary shall award supplemental grants to States described in subclause (II) to enable such States to purchase and distribute to eligible individuals under section 2616(b) pharmaceutical therapeutics described under subsections (c)(2) and (e) of such section.

(II) ELIGIBLE STATES.—For purposes of subclause (I), a State shall be an eligible State if the State did not have unobligated funds subject to reallocation under section 2618(d) in the previous fiscal year and, in accordance with criteria established by the Secretary, demonstrates a severe need for a grant under this clause. For purposes of determining severe need, the Secretary shall consider eligibility standards, formulary composition, the number of eligible individuals to whom a State is unable to provide therapeutics described in section 2616(a), and an unanticipated increase of eligible individuals with HIV/AIDS.

(III) STATE REQUIREMENTS.—The Secretary may not make a grant to a State under this clause unless the State agrees that the State will make available (directly or through donations of public or private entities) non-Federal contributions toward the activities to be carried out under the grant in an amount equal to \$1 for each \$4 of Federal funds provided in the grant, except that the Secretary may waive this subclause if the State has otherwise fully complied with section 2617(d)

⁹The amendments made by section 203(c) of Public Law 109–415 to section 2618(a)(2)(G) have been carried out to subparagraph (F), as redesignated by subsection (b)(4) of such Public Law, in order to reflect the probable intent of Congress.

¹⁰Indentation of subclauses (I) and (II) are so in law. See section 206(e)(1) of Public Law 106–345 (114 Stat. 1336).

with respect to the grant year involved. The provisions of this subclause shall apply to States that are not required to comply with such section 2617(d).

(IV) USE AND COORDINATION.—Amounts made available under a grant under this clause shall only be used by the State to provide HIV/AIDS-related medications. The State shall coordinate the use of such amounts with the amounts otherwise provided under section 2616(a) in order to maximize drug coverage.

(V) FUNDING.—For the purpose of making grants under this clause, the Secretary shall each fiscal year reserve 5 percent of the amount referred to in clause (i) with respect to section 2616.

(iii) CODE-BASED STATES; LIMITATION ON INCREASE IN FORMULA GRANT.—The limitation under subparagraph (E)(i) applies to grants pursuant to clause (i) of this subparagraph to the same extent and in the same manner as such limitation applies to grants pursuant to paragraph (1), except that the reference to minimum grants does not apply for purposes of this clause. Amounts available as a result of the limitation under the preceding sentence shall be made available by the Secretary as additional amounts for grants under clause (ii) of this subparagraph.

(H) ¹¹ INCREASE IN FORMULA GRANTS.—

(i) ASSURANCE OF AMOUNT.—

(I) GENERAL RULE.—For fiscal year 2010, the Secretary shall ensure, subject to clauses (ii) through (iv), that the total for a State of the grant pursuant to paragraph (1) and the grant pursuant to subparagraph (F) is not less than 95 percent of such total for the State for fiscal year 2009.

(II) RULE OF CONSTRUCTION.—With respect to the application of subclause (I), the 95 percent requirement under such subclause shall apply with respect to each grant awarded under paragraph (1) and with respect to each grant awarded under subparagraph (F).

(ii) FISCAL YEARS 2011 AND 2012.—For each of the fiscal years 2011 and 2012, the Secretary shall ensure that the total for a State of the grant pursuant to paragraph (1) and the grant pursuant to subparagraph (F) is not less than 100 percent of such total for the State for fiscal year 2010.

(iii) FISCAL YEAR 2013.—For fiscal year 2013, the Secretary shall ensure that the total for a State of the grant pursuant to paragraph (1) and the grant pursuant to subparagraph (F) is not less than 92.5 percent of such total for the State for fiscal year 2012.

(iv) SOURCE OF FUNDS FOR INCREASE.—

¹¹ So in law. There is no subparagraph (G).

(I) IN GENERAL.—From the amount reserved under section 2623(b)(2) for a fiscal year, and from amounts available for such section pursuant to subsection (d) of this section, the Secretary shall make available such amounts as may be necessary to comply with clause (i).

(II) PRO RATA REDUCTION.—If the amounts referred to in subclause (I) for a fiscal year are insufficient to fully comply with clause (i) for the year, the Secretary, in order to provide the additional funds necessary for such compliance, shall reduce on a pro rata basis the amount of each grant pursuant to paragraph (1) for the fiscal year, other than grants for States for which increases under clause (i) apply and other than States described in paragraph (1)(A)(i)(I). A reduction under the preceding sentence may not be made in an amount that would result in the State involved becoming eligible for such an increase.

(v) APPLICABILITY.—This paragraph may not be construed as having any applicability after fiscal year 2013.

(b) ALLOCATION OF ASSISTANCE BY STATES.—

(1) ALLOWANCES.—Prior to allocating assistance under this subsection, a State shall consider the unmet needs of those areas that have not received financial assistance under part A.

(C) ADMINISTRATIVE ACTIVITIES.—For the purposes of subparagraph (A), amounts may be used for administrative activities that include routine grant administration and monitoring activities, including a clinical quality management program under subparagraph (E).

(D) SUBCONTRACTOR ADMINISTRATIVE COSTS.—For the purposes of this paragraph, subcontractor administrative activities include—

(i) usual and recognized overhead, including established indirect rates for agencies;

(ii) management oversight of specific programs funded under this title; and

(iii) other types of program support such as quality assurance, quality control, and related activities.

(E) CLINICAL QUALITY MANAGEMENT.—

(i) REQUIREMENT.—Each State that receives a grant under section 2611 shall provide for the establishment of a clinical quality management program to assess the extent to which HIV health services provided to patients under the grant are consistent with the most recent Public Health Service guidelines for the treatment of HIV/AIDS and related opportunistic infection, and as applicable, to develop strategies for ensuring that such services are consistent with the guidelines for improvement in the access to and quality of HIV health services.

(ii) USE OF FUNDS.—

(I) IN GENERAL.—From amounts received under a grant awarded under section 2611 for a fiscal year, a State may use for activities associated with the clinical quality management program required in clause (i) not to exceed the lesser of—

(5) EXCEPTION.—With respect to a State that receives the minimum allotment under subsection (a)(1) for a fiscal year, such State, from the amounts received under a grant awarded under section 2611 for such fiscal year for the activities described in paragraphs (2) and (3), may, notwithstanding paragraphs (2) through (4)¹², use not more than that amount required to support one full-time-equivalent employee.

(6) CONSTRUCTION.—A State may not use amounts received under a grant awarded under section 2611 to purchase or improve land, or to purchase, construct, or permanently improve (other than minor remodeling) any building or other facility, or to make cash payments to intended recipients of services.

(c) EXPEDITED DISTRIBUTION.—

¹²Section 203(e)(5) of Public Law 109-415 (120 Stat. 2795) struck “paragraphs (3)” and all that follows through “(5),” and inserted revised text. There were two references to “paragraphs (3)”. The amendment was executed to the first such reference to reflect the probable intent of Congress.

(d) REALLOCATION.—Any portion of a grant made to a State under section 2611 for a fiscal year that has not been obligated as described in subsection (c) ceases to be available to the State and shall be made available by the Secretary for grants under section 2620, in addition to amounts made available for such grants under section 2623(b)(2).

SEC. 2619. [300ff-29] TECHNICAL ASSISTANCE.

The Secretary shall provide technical assistance in administering and coordinating the activities authorized under section 2612, including technical assistance for the development and implementation of statewide coordinated statements of need.

SEC. 2620. [300ff-29a] SUPPLEMENTAL GRANTS.

(a) IN GENERAL.—For the purpose of providing services described in section 2612(a), the Secretary shall make grants to States—

(1) whose applications under section 2617 have demonstrated the need in the State, on an objective and quantified basis, for supplemental financial assistance to provide such services; and

(2) that did not, for the most recent grant year pursuant to section 2618(a)(1) or 2618(a)(2)(F)(i) for which data is available, have more than 5 percent of grant funds under such sections canceled, offset under section 2622(e), or covered by any waivers under section 2622(c).

(b) DEMONSTRATED NEED.—The factors considered by the Secretary in determining whether an eligible area has a demonstrated need for purposes of subsection (a)(1) may include any or all of the following:

- (c) **PRIORITY IN MAKING GRANTS.**—The Secretary shall provide funds under this section to a State to address the decline in services related to the decline in the amounts received pursuant to section 2618 consistent with the grant award to the State for fiscal year 2006, to the extent that the factor under subsection (b)(10) (relating to a decline in funding) applies to the State.
- (d) **REPORT ON THE AWARDING OF SUPPLEMENTAL FUNDS.**—Not later than 45 days after the awarding of supplemental funds under this section, the Secretary shall submit to Congress a report concerning such funds. Such report shall include information detailing—

SEC. 2621. [300ff–30] EMERGING COMMUNITIES.

- (a) **IN GENERAL.**—The Secretary shall award supplemental grants to States determined to be eligible under subsection (b) to enable such States to provide comprehensive services of the type described in section 2612(a) to supplement the services otherwise provided by the State under a grant under this subpart in emerging communities within the State that are not eligible to receive grants under part A.
- (b) **ELIGIBILITY.**—To be eligible to receive a supplemental grant under subsection (a), a State shall—
- (1) be eligible to receive a grant under this subpart;
 - (2) demonstrate the existence in the State of an emerging community as defined in subsection (d)(1);

(3) agree that the grant will be used to provide funds directly to emerging communities in the State, separately from other funds under this title that are provided by the State to such communities; and

(4) submit the information described in subsection (c).

(c) REPORTING REQUIREMENTS.—A State that desires a grant under this section shall, as part of the State application submitted under section 2617, submit a detailed description of the manner in which the State will use amounts received under the grant and of the severity of need. Such description shall include—

(1) a report concerning the dissemination of supplemental funds under this section and the plan for the utilization of such funds in the emerging community;

(2) a demonstration of the existing commitment of local resources, both financial and in-kind;

(3) a demonstration that the State will maintain HIV-related activities at a level that is equal to not less than the level of such activities in the State for the 1-year period preceding the fiscal year for which the State is applying to receive a grant under section 2611;

(4) a demonstration of the ability of the State to utilize such supplemental financial resources in a manner that is immediately responsive and cost effective;

(5) a demonstration that the resources will be allocated in accordance with the local demographic incidence of AIDS including appropriate allocations for services for infants, children, women, and families with HIV/AIDS;

(6) a demonstration of the inclusiveness of the planning process, with particular emphasis on affected communities and individuals with HIV/AIDS; and

(7) a demonstration of the manner in which the proposed services are consistent with local needs assessments and the statewide coordinated statement of need.

(d) DEFINITIONS OF EMERGING COMMUNITY.—For purposes of this section, the term “emerging community” means a metropolitan area (as defined in section 2607) for which there has been reported to and confirmed by the Director of the Centers for Disease Control and Prevention a cumulative total of at least 500, but fewer than 1,000, cases of AIDS during the most recent period of 5 calendar years for which such data are available.

(e) CONTINUED STATUS AS EMERGING COMMUNITY.—Notwithstanding any other provision of this section, a metropolitan area that is an emerging community for a fiscal year continues to be an emerging community until the metropolitan area fails, for three consecutive fiscal years—

(1) to meet the requirements of subsection (d); and

(2) to have a cumulative total of 750 or more living cases of AIDS (reported to and confirmed by the Director of the Centers for Disease Control and Prevention) as of December 31 of the most recent calendar year for which such data is available.

(f) DISTRIBUTION.—The amount of a grant under subsection (a) for a State for a fiscal year shall be an amount equal to the product of—

(1) the amount available under section 2623(b)(1) for the fiscal year; and

(2) a percentage equal to the ratio constituted by the number of living cases of HIV/AIDS in emerging communities in the State to the sum of the respective numbers of such cases in such communities for all States.

SEC. 2622. [300ff-31a] TIMEFRAME FOR OBLIGATION AND EXPENDITURE OF GRANT FUNDS.

(a) **OBLIGATION BY END OF GRANT YEAR.**—Effective for fiscal year 2007 and subsequent fiscal years, funds from a grant award made to a State for a fiscal year pursuant to section 2618(a)(1) or 2618(a)(2)(F), or under section 2620 or 2621, are available for obligation by the State through the end of the one-year period beginning on the date in such fiscal year on which funds from the award first become available to the State (referred to in this section as the “grant year for the award”), except as provided in subsection (c)(1).

(b) **SUPPLEMENTAL GRANTS; CANCELLATION OF UNOBLIGATED BALANCE OF GRANT AWARD.**—Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made to a State for a fiscal year pursuant to section 2618(a)(2)(F)(ii), or under section 2620 or 2621, has an unobligated balance as of the end of the grant year for the award—

(1) the Secretary shall cancel that unobligated balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State; and

(2) the funds involved shall be made available by the Secretary as additional amounts for grants pursuant to section 2620 for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under paragraph (1) to be canceled, except that the availability of the funds for such grants is subject to section 2618(a)(2)(H) as applied for such year.

(c) **FORMULA GRANTS; CANCELLATION OF UNOBLIGATED BALANCE OF GRANT AWARD; WAIVER PERMITTING CARRYOVER.**—

(1) **IN GENERAL.**—Effective for fiscal year 2007 and subsequent fiscal years, if a grant award made to a State for a fiscal year pursuant to section 2618(a)(1) or 2618(a)(2)(F)(i) has an unobligated balance as of the end of the grant year for the award, the Secretary shall cancel that unobligated balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State, unless—

(A) before the end of the grant year, the State submits to the Secretary a written application for a waiver of the cancellation, which application includes a description of the purposes for which the State intends to expend the funds involved; and

(B) the Secretary approves the waiver.

(2) **EXPENDITURE BY END OF CARRYOVER YEAR.**—With respect to a waiver under paragraph (1) that is approved for a balance that is unobligated as of the end of a grant year for an award:

(A) The unobligated funds are available for expenditure by the State involved for the one-year period beginning upon the expiration of the grant year (referred to in this section as the “carryover year”).

(B) If the funds are not expended by the end of the carryover year, the Secretary shall cancel that unexpended balance of the award, and shall require the State to return any amounts from such balance that have been disbursed to the State.

(3) USE OF CANCELLED BALANCES.—In the case of any balance of a grant award that is cancelled under paragraph (1) or (2)(B), the grant funds involved shall be made available by the Secretary as additional amounts for grants under section 2620 for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that the balance is required under such paragraph to be canceled, except that the availability of the funds for such grants is subject to section 2618(a)(2)(H) as applied for such year.

(4) CORRESPONDING REDUCTION IN FUTURE GRANT.—

(A) IN GENERAL.—In the case of a State for which a balance from a grant award made pursuant to section 2618(a)(1) or 2618(a)(2)(F)(i) is unobligated as of the end of the grant year for the award—

(i) the Secretary shall reduce, by the same amount as such unobligated balance (less any amount of such balance that is the subject of a waiver of cancellation under paragraph (1)), the amount of the grant under such section for the first fiscal year beginning after the fiscal year in which the Secretary obtains the information necessary for determining that such balance was unobligated as of the end of the grant year (which requirement for a reduction applies without regard to whether a waiver under paragraph (1) has been approved with respect to such balance); and

(ii) the grant funds involved in such reduction shall be made available by the Secretary as additional funds for grants under section 2620 for such first fiscal year, subject to section 2618(a)(2)(H);

except that this subparagraph does not apply to the State if the amount of the unobligated balance was 5 percent or less.

(B) RELATION TO INCREASES IN GRANT.—A reduction under subparagraph (A) for a State for a fiscal year may not be taken into account in applying section 2618(a)(2)(H) with respect to the State for the subsequent fiscal year.

(d) TREATMENT OF DRUG REBATES.—For purposes of this section, funds that are drug rebates referred to in section 2616(g) may not be considered part of any grant award referred to in subsection (a). If an expenditure of ADAP rebate funds would trigger a penalty under this section or a higher penalty than would otherwise have applied, the State may request that for purposes of this section, the Secretary deem the State’s unobligated balance to be reduced by the amount of rebate funds in the proposed expenditure.

Notwithstanding 2618(a)(2)(F), any unobligated amount under section 2618(a)(2)(F)(ii)(V) that is returned to the Secretary for reallocation shall be used by the Secretary for—

(1) the ADAP supplemental program if the Secretary determines appropriate; or

(2) for additional amounts for grants pursuant to section 2620.

(e) **AUTHORITY REGARDING ADMINISTRATION OF PROVISIONS.**—In administering subsections (b) and (c) with respect to the unobligated balance of a State, the Secretary may elect to reduce the amount of future grants to the State under section 2618, 2620, or 2621, as applicable, by the amount of any such unobligated balance in lieu of cancelling such amount as provided for in subsection (b) or (c)(1). In such case, the Secretary may permit the State to use such unobligated balance for purposes of any such future grant. An amount equal to such reduction shall be available for use as additional amounts for grants pursuant to section 2620, subject to section 2618(a)(2)(H). Nothing in this paragraph shall be construed to affect the authority of the Secretary under subsections (b) and (c), including the authority to grant waivers under subsection (c)(1). The reduction in future grants authorized under this subsection shall be notwithstanding the penalty required under subsection (c)(4) with respect to unobligated funds.

(B) **2006 ADJUSTED AMOUNT.**—For purposes of subparagraph (A), the term “2006 adjusted amount” means the amount appropriated for fiscal year 2006 under section 2677(b) (as such section was in effect for such fiscal year), excluding any amount appropriated for such year exclusively for carrying out section 2616 (and, accordingly, distributed under section 2618(a)(2)(I), as so in effect).

(g) **DEFINITIONS.**—In this section:

(1) The term “voluntary opt-out testing” means HIV/AIDS testing—

(A) that is administered to an individual seeking other health care services; and

(B) in which—

(i) pre-test counseling is not required but the individual is informed that the individual will receive an HIV/AIDS test and the individual may opt out of such testing; and

(a) **ANNUAL DETERMINATION OF REPORTED CASES.**—A State shall annually determine the rate of reported cases of AIDS as a result of perinatal transmission among residents of the State.

(b) **CAUSES OF PERINATAL TRANSMISSION.**—In determining the rate under subsection (a), a State shall also determine the possible causes of perinatal transmission. Such causes may include—

(1) the inadequate provision within the State of prenatal counseling and testing in accordance with the guidelines issued by the Centers for Disease Control and Prevention;

(2) the inadequate provision or utilization within the State of appropriate therapy or failure of such therapy to reduce perinatal transmission of HIV, including—

(A) that therapy is not available, accessible or offered to mothers; or

(B) that available therapy is offered but not accepted by mothers; or

(3) other factors (which may include the lack of prenatal care) determined relevant by the State.

(c) **CDC REPORTING SYSTEM.**—Not later than 4 months after the date of enactment of this subpart, the Director of the Centers for Disease Control and Prevention shall develop and implement a system to be used by States to comply with the requirements of subsections (a) and (b). (a) **STUDY BY INSTITUTE OF MEDICINE.**—

(1) **IN GENERAL.**—The Secretary shall request the Institute of Medicine to enter into an agreement with the Secretary

under which such Institute conducts a study to provide the following:

(A) For the most recent fiscal year for which the information is available, a determination of the number of newborn infants with HIV born in the United States with respect to whom the attending obstetrician for the birth did not know the HIV status of the mother.

(B) A determination for each State of any barriers, including legal barriers, that prevent or discourage an obstetrician from making it a routine practice to offer pregnant women an HIV test and a routine practice to test newborn infants for HIV/AIDS in circumstances in which the obstetrician does not know the HIV status of the mother of the infant.

(C) Recommendations for each State for reducing the incidence of cases of the perinatal transmission of HIV, including recommendations on removing the barriers identified under subparagraph (B).

If such Institute declines to conduct the study, the Secretary shall enter into an agreement with another appropriate public or nonprofit private entity to conduct the study.

(2) REPORT.—The Secretary shall ensure that, not later than 18 months after the effective date of this section, the study required in paragraph (1) is completed and a report describing the findings made in the study is submitted to the appropriate committees of the Congress, the Secretary, and the chief public health official of each of the States.

(b) DESCRIPTION OF COMPLIANT STATE PROGRAMS.—For purposes of subsection (a), the laws or regulations of a State are in accordance with this subsection if under such laws or regulations (including programs carried out pursuant to the discretion of State officials) the following policies are in effect:

(1) The State requires that the public health officer of the State carry out a program of partner notification to inform partners of individuals with HIV/AIDS that the partners may have been exposed to the disease.

(2)(A) In the case of a health entity that provides for the performance on an individual of a test for HIV/AIDS, or that treats the individual for the disease, the State requires, subject to subparagraph (B), that the entity confidentially report the positive test results to the State public health officer in a manner recommended and approved by the Director of the Centers for Disease Control and Prevention, together with such additional information as may be necessary for carrying out such program.

(B) The State may provide that the requirement of subparagraph (A) does not apply to the testing of an individual for HIV/AIDS if the individual underwent the testing through a program designed to perform the test and provide the results to the individual without the individual disclosing his or her identity to the program. This subparagraph may not be construed as affecting the requirement of subparagraph (A) with respect to a health entity that treats an individual for HIV/AIDS.

(3) The program under paragraph (1) is carried out in accordance with the following:

(A) Partners are provided with an appropriate opportunity to learn that the partners have been exposed to HIV/AIDS, subject to subparagraph (B).

(B) The State does not inform partners of the identity of the infected individuals involved.

(C) Counseling and testing for HIV/AIDS are made available to the partners and to infected individuals, and such counseling includes information on modes of transmission for the disease, including information on prenatal and perinatal transmission and preventing transmission.

(D) Counseling of infected individuals and their partners includes the provision of information regarding therapeutic measures for preventing and treating the deterioration of the immune system and conditions arising from the disease, and the provision of other prevention-related information.

(E) Referrals for appropriate services are provided to partners and infected individuals, including referrals for support services and legal aid.

(F) Notifications under subparagraph (A) are provided in person, unless doing so is an unreasonable burden on the State.

(G) There is no criminal or civil penalty on, or civil liability for, an infected individual if the individual chooses not to identify the partners of the individual, or the individual does not otherwise cooperate with such program.

(H) The failure of the State to notify partners is not a basis for the civil liability of any health entity who under the program reported to the State the identity of the infected individual involved.

(I) The State provides that the provisions of the program may not be construed as prohibiting the State from providing a notification under subparagraph (A) without the consent of the infected individual involved.

(4) The State annually reports to the Director of the Centers for Disease Control and Prevention the number of individuals from whom the names of partners have been sought under the program under paragraph (1), the number of such individuals who provided the names of partners, and the number of partners so named who were notified under the program.

(5) The State cooperates with such Director in carrying out a national program of partner notification, including the sharing of information between the public health officers of the States.

(c) **REPORTING SYSTEM FOR CASES OF HIV DISEASE; PREFERENCE IN MAKING GRANTS.**—In making grants under subsection (a), the Secretary shall give preference to States whose reporting systems for cases of HIV/AIDS produce data on such cases that is sufficiently accurate and reliable for use for purposes of section 2618(a)(2)(D)(i).

(d) **AUTHORIZATION OF APPROPRIATIONS.**—For the purpose of carrying out this section, there is authorized to be appropriated \$10,000,000 for each of the fiscal years 2007 through 2009.

(A) The employee or dependent was covered under a group health plan or had health insurance coverage at the time coverage was previously offered to the employee or dependent.

(B) The employee stated in writing at such time that coverage under a group health plan or health insurance coverage was the reason for declining enrollment, but only if the plan sponsor or issuer (if applicable) required such a statement at such time and provided the employee with notice of such requirement (and the consequences of such requirement) at such time.

(iii) a person becomes such a dependent of the individual through marriage, birth, or adoption or placement for adoption,

the group health plan shall provide for a dependent special enrollment period described in subparagraph (B) during which the person (or, if not otherwise enrolled, the individual) may be enrolled under the plan as a dependent of the individual, and in the case of the birth or adoption of a child, the spouse of the individual may be enrolled as a dependent of the individual if such spouse is otherwise eligible for coverage.

(B) DEPENDENT SPECIAL ENROLLMENT PERIOD.—A dependent special enrollment period under this subparagraph shall be a period of not less than 30 days and shall begin on the later of—

(i) the date dependent coverage is made available, or

(C) NO WAITING PERIOD.—If an individual seeks to enroll a dependent during the first 30 days of such a dependent special enrollment period, the coverage of the dependent shall become effective—

(i) TERMINATION OF MEDICAID OR CHIP COVERAGE.—The employee or dependent is covered under a Medicaid plan under title XIX of the Social Security Act or under a State child health plan under title XXI of such Act and coverage of the employee or dependent under such a plan is terminated as a result of loss of eligibility for such coverage and the employee requests coverage under the group health plan (or health insurance coverage) not later than 60 days after the date of termination of such coverage.

(ii) ELIGIBILITY FOR EMPLOYMENT ASSISTANCE UNDER MEDICAID OR CHIP.—The employee or dependent becomes eligible for assistance, with respect to coverage under the group health plan or health insurance

(I) IN GENERAL.—Each employer that maintains a group health plan in a State that provides medical assistance under a State Medicaid plan under title XIX of the Social Security Act, or child health assistance under a State child health plan under title XXI of such Act, in the form of premium assistance for the purchase of coverage under a group health plan, shall provide to each employee a written notice informing the employee of potential opportunities then currently available in the State in which the employee resides for premium assistance under such plans for health coverage of the employee or the employee's dependents. For purposes of compliance with this subclause, the employer may use any State-specific model notice developed in accordance with section 701(f)(3)(B)(i)(II) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1181(f)(3)(B)(i)(II)).

(B) to prevent a group health plan, and a health insurance issuer offering group health insurance coverage, from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

(3) NO GROUP-BASED DISCRIMINATION ON BASIS OF GENETIC INFORMATION.—

(A) IN GENERAL.—For purposes of this section, a group health plan, and health insurance issuer offering group or individual health insurance coverage, may not adjust premium or contribution amounts for the group covered under such plan on the basis of genetic information.

(B) RULE OF CONSTRUCTION.—Nothing in subparagraph (A) or in paragraphs (1) and (2) of subsection (d) shall be construed to limit the ability of a health insurance issuer offering group or individual health insurance coverage to increase the premium for an employer based on the manifestation of a disease or disorder of an individual who is enrolled in the plan. In such case, the manifestation of a disease or disorder in one individual cannot also be used as genetic information about other group members and to further increase the premium for the employer.

(c) GENETIC TESTING.—

(1) LIMITATION ON REQUESTING OR REQUIRING GENETIC TESTING.—A group health plan, and a health insurance issuer

offering health insurance coverage in connection with a group health plan, shall not request or require an individual or a family member of such individual to undergo a genetic test.

(A) IN GENERAL.—Nothing in paragraph (1) shall be construed to preclude a group health plan, or a health insurance issuer offering health insurance coverage in connection with a group health plan, from obtaining and using the results of a genetic test in making a determination regarding payment (as such term is defined for the purposes of applying the regulations promulgated by the Secretary under part C of title XI of the Social Security Act and section 264 of the Health Insurance Portability and Accountability Act of 1996, as may be revised from time to time) consistent with subsection (a).

(B) LIMITATION.—For purposes of subparagraph (A), a group health plan, or a health insurance issuer offering health insurance coverage in connection with a group health plan, may request only the minimum amount of information necessary to accomplish the intended purpose.

(4) RESEARCH EXCEPTION.—Notwithstanding paragraph (1), a group health plan, or a health insurance issuer offering health insurance coverage in connection with a group health plan, may request, but not require, that a participant or beneficiary undergo a genetic test if each of the following conditions is met:

(A) The request is made pursuant to research that complies with part 46 of title 45, Code of Federal Regulations, or equivalent Federal regulations, and any applicable State or local law or regulations for the protection of human subjects in research.

(B) The plan or issuer clearly indicates to each participant or beneficiary, or in the case of a minor child, to the legal guardian of such beneficiary, to whom the request is made that—

(i) compliance with the request is voluntary; and

(ii) non-compliance will have no effect on enrollment status or premium or contribution amounts.

(C) No genetic information collected or acquired under this paragraph shall be used for underwriting purposes.

(D) The plan or issuer notifies the Secretary in writing that the plan or issuer is conducting activities pursuant to the exception provided for under this paragraph, including a description of the activities conducted.

(E) The plan or issuer complies with such other conditions as the Secretary may by regulation require for activities conducted under this paragraph.

(3) INCIDENTAL COLLECTION.—If a group health plan, or a health insurance issuer offering health insurance coverage in connection with a group health plan, obtains genetic information incidental to the requesting, requiring, or purchasing of other information concerning any individual, such request, requirement, or purchase shall not be considered a violation of paragraph (2) if such request, requirement, or purchase is not in violation of paragraph (1).

(j)⁵ PROGRAMS OF HEALTH PROMOTION OR DISEASE PREVENTION.—

(1) GENERAL PROVISIONS.—

(A) GENERAL RULE.—For purposes of subsection (b)(2)(B), a program of health promotion or disease prevention (referred to in this subsection as a “wellness program”) shall be a program offered by an employer that is designed to promote health or prevent disease that meets the applicable requirements of this subsection.

(B) NO CONDITIONS BASED ON HEALTH STATUS FACTOR.—If none of the conditions for obtaining a premium discount or rebate or other reward for participation in a wellness program is based on an individual satisfying a standard that is related to a health status factor, such wellness program shall not violate this section if participation in the program is made available to all similarly situated individuals and the requirements of paragraph (2) are complied with.

(C) CONDITIONS BASED ON HEALTH STATUS FACTOR.—If any of the conditions for obtaining a premium discount or

⁵ So in law. There are no subsections (g)–(i).

rebate or other reward for participation in a wellness program is based on an individual satisfying a standard that is related to a health status factor, such wellness program shall not violate this section if the requirements of paragraph (3) are complied with.

(2) WELLNESS PROGRAMS NOT SUBJECT TO REQUIREMENTS.—If none of the conditions for obtaining a premium discount or rebate or other reward under a wellness program as described in paragraph (1)(B) are based on an individual satisfying a standard that is related to a health status factor (or if such a wellness program does not provide such a reward), the wellness program shall not violate this section if participation in the program is made available to all similarly situated individuals. The following programs shall not have to comply with the requirements of paragraph (3) if participation in the program is made available to all similarly situated individuals:

(A) A program that reimburses all or part of the cost for memberships in a fitness center.

(B) A diagnostic testing program that provides a reward for participation and does not base any part of the reward on outcomes.

(C) A program that encourages preventive care related to a health condition through the waiver of the copayment or deductible requirement under group health plan for the costs of certain items or services related to a health condition (such as prenatal care or well-baby visits).

(D) A program that reimburses individuals for the costs of smoking cessation programs without regard to whether the individual quits smoking.

(E) A program that provides a reward to individuals for attending a periodic health education seminar.

(3) WELLNESS PROGRAMS SUBJECT TO REQUIREMENTS.—If any of the conditions for obtaining a premium discount, rebate, or reward under a wellness program as described in paragraph (1)(C) is based on an individual satisfying a standard that is related to a health status factor, the wellness program shall not violate this section if the following requirements are complied with:

(A) The reward for the wellness program, together with the reward for other wellness programs with respect to the plan that requires satisfaction of a standard related to a health status factor, shall not exceed 30 percent of the cost of employee-only coverage under the plan. If, in addition to employees or individuals, any class of dependents (such as spouses or spouses and dependent children) may participate fully in the wellness program, such reward shall not exceed 30 percent of the cost of the coverage in which an employee or individual and any dependents are enrolled. For purposes of this paragraph, the cost of coverage shall be determined based on the total amount of employer and employee contributions for the benefit package under which the employee is (or the employee and any dependents are) receiving coverage. A reward may be in the form of a discount or rebate of a premium or contribu-

tion, a waiver of all or part of a cost-sharing mechanism (such as deductibles, copayments, or coinsurance), the absence of a surcharge, or the value of a benefit that would otherwise not be provided under the plan. The Secretaries of Labor, Health and Human Services, and the Treasury may increase the reward available under this subparagraph to up to 50 percent of the cost of coverage if the Secretaries determine that such an increase is appropriate.

(B) The wellness program shall be reasonably designed to promote health or prevent disease. A program complies with the preceding sentence if the program has a reasonable chance of improving the health of, or preventing disease in, participating individuals and it is not overly burdensome, is not a subterfuge for discriminating based on a health status factor, and is not highly suspect in the method chosen to promote health or prevent disease.

(C) The plan shall give individuals eligible for the program the opportunity to qualify for the reward under the program at least once each year.

(D) The full reward under the wellness program shall be made available to all similarly situated individuals. For such purpose, among other things:

(i) The reward is not available to all similarly situated individuals for a period unless the wellness program allows—

(I) for a reasonable alternative standard (or waiver of the otherwise applicable standard) for obtaining the reward for any individual for whom, for that period, it is unreasonably difficult due to a medical condition to satisfy the otherwise applicable standard; and

(II) for a reasonable alternative standard (or waiver of the otherwise applicable standard) for obtaining the reward for any individual for whom, for that period, it is medically inadvisable to attempt to satisfy the otherwise applicable standard.

(ii) If reasonable under the circumstances, the plan or issuer may seek verification, such as a statement from an individual's physician, that a health status factor makes it unreasonably difficult or medically inadvisable for the individual to satisfy or attempt to satisfy the otherwise applicable standard.

(E) The plan or issuer involved shall disclose in all plan materials describing the terms of the wellness program the availability of a reasonable alternative standard (or the possibility of waiver of the otherwise applicable standard) required under subparagraph (D). If plan materials disclose that such a program is available, without describing its terms, the disclosure under this subparagraph shall not be required.

(k) EXISTING PROGRAMS.—Nothing in this section shall prohibit a program of health promotion or disease prevention that was established prior to the date of enactment of this section and applied

with all applicable regulations, and that is operating on such date, from continuing to be carried out for as long as such regulations remain in effect.

(A) MAINTENANCE OF COVERAGE.—The Secretary, in consultation with the Secretary of the Treasury and the Secretary of Labor, shall not approve the participation of a State in the demonstration project under this section unless the Secretaries determine that the State's project is designed in a manner that—

- (i) will not result in any decrease in coverage; and
- (ii) will not increase the cost to the Federal Government in providing credits under section 36B of the Internal Revenue Code of 1986 or cost-sharing assistance under section 1402 of the Patient Protection and Affordable Care Act.

(B) OTHER REQUIREMENTS.—States that participate in the demonstration project under this subsection—

- (ii) shall ensure that requirements of consumer protection are met in programs of health promotion in the individual market;
- (iii) shall require verification from health insurance issuers that offer health insurance coverage in the individual market of such State that premium discounts—

- (I) do not create undue burdens for individuals insured in the individual market;
- (II) do not lead to cost shifting; and
- (III) are not a subterfuge for discrimination;
- (iv) shall ensure that consumer data is protected in accordance with the requirements of section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–2 note); and
- (v) shall ensure and demonstrate to the satisfaction of the Secretary that the discounts or other re-

wards provided under the project reflect the expected level of participation in the wellness program involved and the anticipated effect the program will have on utilization or medical claim costs.

(b) **ENSURING THAT CONSUMERS RECEIVE VALUE FOR THEIR PREMIUM PAYMENTS.**—

- (1) **REQUIREMENT TO PROVIDE VALUE FOR PREMIUM PAYMENTS.**—

(A) **REQUIREMENT.**—Beginning not later than January 1, 2011, a health insurance issuer offering group or individual health insurance coverage (including a grandfathered health plan) shall, with respect to each plan year, provide an annual rebate to each enrollee under such coverage, on a pro rata basis, if the ratio of the amount of premium revenue expended by the issuer on costs described in paragraphs (1) and (2) of subsection (a) to the total amount of premium revenue (excluding Federal and State taxes and licensing or regulatory fees and after accounting for payments or receipts for risk adjustment, risk corridors, and reinsurance under sections 1341, 1342, and 1343 of the Patient Protection and Affordable Care Act) for the plan year (except as provided in subparagraph (B)(ii)), is less than—

(B) LIFETIME LIMIT.—If the plan or coverage includes an aggregate lifetime limit on substantially all medical and surgical benefits (in this paragraph referred to as the “applicable lifetime limit”), the plan or coverage shall either—

(C) RULE IN CASE OF DIFFERENT LIMITS.—In the case of a plan or coverage that is not described in subparagraph (A) or (B) and that includes no or different aggregate lifetime limits on different categories of medical and surgical benefits, the Secretary shall establish rules under which subparagraph (B) is applied to such plan or coverage with respect to mental health and substance use disorder benefits by substituting for the applicable lifetime limit an average aggregate lifetime limit that is computed taking into account the weighted average of the aggregate lifetime limits applicable to such categories.

(2) ANNUAL LIMITS.—In the case of a group health plan or a health insurance issuer offering group or individual health insurance coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits—

(A) NO ANNUAL LIMIT.—If the plan or coverage does not include an annual limit on substantially all medical and surgical benefits, the plan or coverage may not impose any annual limit on mental health or substance use disorder benefits.

(B) ANNUAL LIMIT.—If the plan or coverage includes an annual limit on substantially all medical and surgical benefits (in this paragraph referred to as the “applicable annual limit”), the plan or coverage shall either—

(i) apply the applicable annual limit both to medical and surgical benefits to which it otherwise would apply and to mental health and substance use disorder benefits and not distinguish in the application of such limit between such medical and surgical benefits and mental health and substance use disorder benefits; or

(ii) not include any annual limit on mental health or substance use disorder benefits that is less than the applicable annual limit.

(C) RULE IN CASE OF DIFFERENT LIMITS.—In the case of a plan or coverage that is not described in subparagraph (A) or (B) and that includes no or different annual limits on different categories of medical and surgical benefits, the Secretary shall establish rules under which subparagraph (B) is applied to such plan or coverage with respect to mental health and substance use disorder benefits by substituting for the applicable annual limit an average annual

limit that is computed taking into account the weighted average of the annual limits applicable to such categories.

(3) FINANCIAL REQUIREMENTS AND TREATMENT LIMITATIONS.—

(A) IN GENERAL.—In the case of a group health plan or a health insurance issuer offering group or individual health insurance coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits, such plan or coverage shall ensure that—

(ii) the treatment limitations applicable to such mental health or substance use disorder benefits are no more restrictive than the predominant treatment limitations applied to substantially all medical and surgical benefits covered by the plan (or coverage) and there are no separate treatment limitations that are applicable only with respect to mental health or substance use disorder benefits.

(B) DEFINITIONS.—In this paragraph:

(iii) TREATMENT LIMITATION.—The term “treatment limitation” includes limits on the frequency of treatment, number of visits, days of coverage, or other similar limits on the scope or duration of treatment.

(4) AVAILABILITY OF PLAN INFORMATION.—The criteria for medical necessity determinations made under the plan with respect to mental health or substance use disorder benefits (or the health insurance coverage offered in connection with the plan with respect to such benefits) shall be made available by the plan administrator (or the health insurance issuer offering such coverage) in accordance with regulations to any current or potential participant, beneficiary, or contracting provider upon request. The reason for any denial under the plan (or coverage) of reimbursement or payment for services with respect to mental health or substance use disorder benefits in the case of any participant or beneficiary shall, on request or as otherwise required, be made available by the plan administrator (or the health insurance issuer offering such coverage) to the participant or beneficiary in accordance with regulations.

(5) OUT-OF-NETWORK PROVIDERS.—In the case of a plan or coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits, if the plan or coverage provides coverage for medical or surgical benefits provided by out-of-network providers, the plan or coverage shall provide coverage for mental health or substance use disorder benefits provided by out-of-network providers in a manner that is consistent with the requirements of this section.

(6) COMPLIANCE PROGRAM GUIDANCE DOCUMENT.—

(A) IN GENERAL.—Not later than 12 months after the date of enactment of the Helping Families in Mental Health Crisis Reform Act of 2016, the Secretary, the Secretary of Labor, and the Secretary of the Treasury, in consultation with the Inspector General of the Department of Health and Human Services, the Inspector General of the Department of Labor, and the Inspector General of the Department of the Treasury, shall issue a compliance program guidance document to help improve compliance with this section, section 712 of the Employee Retirement Income Security Act of 1974, and section 9812 of the Internal Revenue Code of 1986, as applicable. (I) examples illustrating requirements for information disclosures and nonquantitative treatment limitations; and

(II) descriptions of the violations uncovered during the course of such investigations.

(ii) NONQUANTITATIVE TREATMENT LIMITATIONS.—To the extent that any example described in clause (i) involves a finding of compliance or noncompliance with regard to any requirement for nonquantitative treatment limitations, the example shall provide sufficient detail to fully explain such finding, including a full description of the criteria involved for approving medical and surgical benefits and the criteria involved for approving mental health and substance use disorder benefits.

(iii) ACCESS TO ADDITIONAL INFORMATION REGARDING COMPLIANCE.—In developing and issuing the compliance program guidance document required under this paragraph, the Secretaries specified in subparagraph (A)—

(I) shall enter into interagency agreements with the Inspector General of the Department of Health and Human Services, the Inspector General of the Department of Labor, and the Inspector General of the Department of the Treasury to share findings of compliance and noncompliance with this section, section 712 of the Employee Retirement Income Security Act of 1974, or section 9812 of the Internal Revenue Code of 1986, as applicable; and

Such internal controls may include illustrative examples of nonquantitative treatment limitations on mental health and substance use disorder benefits, which may fail to comply with this section, section 712 of the Employee Retirement Income Security Act of 1974, or section 9812 of the Internal Revenue Code of 1986, as applicable, in relation to nonquantitative treatment limitations on medical and surgical benefits.

(D) UPDATING THE COMPLIANCE PROGRAM GUIDANCE DOCUMENT.—The Secretary, the Secretary of Labor, and the Secretary of the Treasury, in consultation with the Inspector General of the Department of Health and Human Services, the Inspector General of the Department of Labor, and the Inspector General of the Department of the Treasury, shall update the compliance program guidance document every 2 years to include illustrative, de-identified examples (that do not disclose any protected health information or individually identifiable information) of previous findings of compliance and noncompliance with this section, section 712 of the Employee Retirement Income Security Act of 1974, or section 9812 of the Internal Revenue Code of 1986, as applicable.

(D) PUBLIC COMMENT.—Prior to issuing any final guidance under this paragraph, the Secretary shall provide a public comment period of not less than 60 days during which any member of the public may provide comments on a draft of the guidance.

(8) COMPLIANCE REQUIREMENTS.—

(A) NONQUANTITATIVE TREATMENT LIMITATION (NQTL) REQUIREMENTS.—In the case of a group health plan or a health insurance issuer offering group or individual health insurance coverage that provides both medical and surgical benefits and mental health or substance use disorder benefits and that imposes nonquantitative treatment limitations (referred to in this section as “NQTLs”) on mental health or substance use disorder benefits, such plan or issuer shall perform and document comparative analyses of the design and application of NQTLs and, beginning 45 days after the date of enactment of the Consolidated Appropriations Act, 2021, make available to the applicable State authority (or, as applicable, to the Secretary of Labor or the Secretary of Health and Human Services), upon request, the comparative analyses and the following information:

(i) The specific plan or coverage terms or other relevant terms regarding the NQTLs and a description of all mental health or substance use disorder and medical or surgical benefits to which each such term applies in each respective benefits classification.

(ii) The factors used to determine that the NQTLs will apply to mental health or substance use disorder benefits and medical or surgical benefits.

(iii) The evidentiary standards used for the factors identified in clause (ii), when applicable, provided that every factor shall be defined, and any other source or evidence relied upon to design and apply the NQTLs to mental health or substance use disorder benefits and medical or surgical benefits.

(iv) The comparative analyses demonstrating that the processes, strategies, evidentiary standards, and other factors used to apply the NQTLs to mental health or substance use disorder benefits, as written and in operation, are comparable to, and are applied no more stringently than, the processes, strategies, evidentiary standards, and other factors used to apply

the NQTLs to medical or surgical benefits in the benefits classification.

(v) The specific findings and conclusions reached by the group health plan or health insurance issuer with respect to the health insurance coverage, including any results of the analyses described in this subparagraph that indicate that the plan or coverage is or is not in compliance with this section.

(B) SECRETARY REQUEST PROCESS.—

(i) SUBMISSION UPON REQUEST.—The Secretary shall request that a group health plan or a health insurance issuer offering group or individual health insurance coverage submit the comparative analyses described in subparagraph (A) for plans that involve potential violations of this section or complaints regarding noncompliance with this section that concern NQTLs and any other instances in which the Secretary determines appropriate. The Secretary shall request not fewer than 20 such analyses per year.

(ii) ADDITIONAL INFORMATION.—In instances in which the Secretary has concluded that the group health plan or health insurance issuer with respect to health insurance coverage has not submitted sufficient information for the Secretary to review the comparative analyses described in subparagraph (A), as requested under clause (i), the Secretary shall specify to the plan or issuer the information the plan or issuer must submit to be responsive to the request under clause (i) for the Secretary to review the comparative analyses described in subparagraph (A) for compliance with this section. Nothing in this paragraph shall require the Secretary to conclude that a group health plan or health insurance issuer is in compliance with this section solely based upon the inspection of the comparative analyses described in subparagraph (A), as requested under clause (i).

(iii) REQUIRED ACTION.—

(I) IN GENERAL.—In instances in which the Secretary has reviewed the comparative analyses described in subparagraph (A), as requested under clause (i), and determined that the group health plan or health insurance issuer is not in compliance with this section, the plan or issuer—

(aa) shall specify to the Secretary the actions the plan or issuer will take to be in compliance with this section and provide to the Secretary additional comparative analyses described in subparagraph (A) that demonstrate compliance with this section not later than 45 days after the initial determination by the Secretary that the plan or issuer is not in compliance; and

(bb) following the 45-day corrective action period under item (aa), if the Secretary makes

a final determination that the plan or issuer still is not in compliance with this section, not later than 7 days after such determination, shall notify all individuals enrolled in the plan or applicable health insurance coverage offered by the issuer that the plan or issuer, with respect to such coverage, has been determined to be not in compliance with this section.

(II) EXEMPTION FROM DISCLOSURE.—Documents or communications produced in connection with the Secretary's recommendations to a group health plan or health insurance issuer shall not be subject to disclosure pursuant to section 552 of title 5, United States Code.

(iv) REPORT.—Not later than 1 year after the date of enactment of this paragraph, and not later than October 1 of each year thereafter, the Secretary shall submit to Congress, and make publicly available, a report that contains—

(I) a summary of the comparative analyses requested under clause (i), including the identity of each group health plan or health insurance issuer, with respect to particular health insurance coverage that is determined to be not in compliance after the final determination by the Secretary described in clause (iii)(I)(bb);

(II) the Secretary's conclusions as to whether each group health plan or health insurance issuer submitted sufficient information for the Secretary to review the comparative analyses requested under clause (i) for compliance with this section;

(III) for each group health plan or health insurance issuer that did submit sufficient information for the Secretary to review the comparative analyses requested under clause (i), the Secretary's conclusions as to whether and why the plan or issuer is in compliance with the requirements under this section;

(IV) the Secretary's specifications described in clause (ii) for each group health plan or health insurance issuer that the Secretary determined did not submit sufficient information for the Secretary to review the comparative analyses requested under clause (i) for compliance with this section; and

(V) the Secretary's specifications described in clause (iii) of the actions each group health plan or health insurance issuer that the Secretary determined is not in compliance with this section must take to be in compliance with this section, including the reason why the Secretary determined the plan or issuer is not in compliance.

(C) COMPLIANCE PROGRAM GUIDANCE DOCUMENT UPDATE PROCESS.—

(i) IN GENERAL.—The Secretary shall include instances of noncompliance that the Secretary discovers upon reviewing the comparative analyses requested under subparagraph (B)(i) in the compliance program guidance document described in paragraph (6), as it is updated every 2 years, except that such instances shall not disclose any protected health information or individually identifiable information.

(ii) GUIDANCE AND REGULATIONS.—Not later than 18 months after the date of enactment of this paragraph, the Secretary shall finalize any draft or interim guidance and regulations relating to mental health parity under this section. Such draft guidance shall include guidance to clarify the process and timeline for current and potential participants and beneficiaries (and authorized representatives and health care providers of such participants and beneficiaries) with respect to plans to file complaints of such plans or issuers being in violation of this section, including guidance, by plan type, on the relevant State, regional, or national office with which such complaints should be filed.

(iii) STATE.—The Secretary shall share information on findings of compliance and noncompliance discovered upon reviewing the comparative analyses requested under subparagraph (B)(i) shall be shared with the State where the group health plan is located or the State where the health insurance issuer is licensed to do business for coverage offered by a health insurance issuer in the group market, in accordance with paragraph (6)(B)(iii)(II).

(b) CONSTRUCTION.—Nothing in this section shall be construed—

(1) as requiring a group health plan or a health insurance issuer offering group or individual health insurance coverage to provide any mental health or substance use disorder benefits; or

(2) in the case of a group health plan or a health insurance issuer offering group or individual health insurance coverage that provides mental health or substance use disorder benefits, as affecting the terms and conditions of the plan or coverage relating to such benefits under the plan or coverage, except as provided in subsection (a).

(c) EXEMPTIONS.—

(1) SMALL EMPLOYER EXEMPTION.—This section shall not apply to any group health plan and a health insurance issuer offering group or individual health insurance coverage for any plan year of a small employer (as defined in section 2791(e)(4), except that for purposes of this paragraph such term shall include employers with 1 employee in the case of an employer residing in a State that permits small groups to include a single individual).

(2) COST EXEMPTION.—

(A) IN GENERAL.—With respect to a group health plan or a health insurance issuer offering group or individual health insurance coverage, if the application of this section to such plan (or coverage) results in an increase for the plan year involved of the actual total costs of coverage with respect to medical and surgical benefits and mental health and substance use disorder benefits under the plan (as determined and certified under subparagraph (C)) by an amount that exceeds the applicable percentage described in subparagraph (B) of the actual total plan costs, the provisions of this section shall not apply to such plan (or coverage) during the following plan year, and such exemption shall apply to the plan (or coverage) for 1 plan year. An employer may elect to continue to apply mental health and substance use disorder parity pursuant to this section with respect to the group health plan (or coverage) involved regardless of any increase in total costs.

(B) APPLICABLE PERCENTAGE.—With respect to a plan (or coverage), the applicable percentage described in this subparagraph shall be—

(i) 2 percent in the case of the first plan year in which this section is applied; and

(ii) 1 percent in the case of each subsequent plan year.

(C) DETERMINATIONS BY ACTUARIES.—Determinations as to increases in actual costs under a plan (or coverage) for purposes of this section shall be made and certified by a qualified and licensed actuary who is a member in good standing of the American Academy of Actuaries. All such determinations shall be in a written report prepared by the actuary. The report, and all underlying documentation relied upon by the actuary, shall be maintained by the group health plan or health insurance issuer for a period of 6 years following the notification made under subparagraph (E).

(D) 6-MONTH DETERMINATIONS.—If a group health plan (or a health insurance issuer offering coverage in connection with a group health plan)¹¹ seeks an exemption under this paragraph, determinations under subparagraph (A) shall be made after such plan (or coverage) has complied with this section for the first 6 months of the plan year involved.

(E) NOTIFICATION.—

(i) IN GENERAL.—A group health plan (or a health insurance issuer offering coverage in connection with a group health plan)¹¹ that, based upon a certification described under subparagraph (C), qualifies for an exemption under this paragraph, and elects to implement the exemption, shall promptly notify the Sec-

(II) for both the plan year upon which a cost exemption is sought and the year prior, a description of the actual total costs of coverage with respect to medical and surgical benefits and mental health and substance use disorder benefits under the plan; and

(III) for both the plan year upon which a cost exemption is sought and the year prior, the actual total costs of coverage with respect to mental health and substance use disorder benefits under the plan.

(iii) CONFIDENTIALITY.—A notification to the Secretary under clause (i) shall be confidential. The Secretary shall make available, upon request and on not more than an annual basis, an anonymous itemization of such notifications, that includes—

(I) a breakdown of States by the size and type of employers submitting such notification; and

(II) a summary of the data received under clause (ii).

(F) AUDITS BY APPROPRIATE AGENCIES.—To determine compliance with this paragraph, the Secretary may audit the books and records of a group health plan or health insurance issuer relating to an exemption, including any actuarial reports prepared pursuant to subparagraph (C), during the 6 year period following the notification of such exemption under subparagraph (E). A State agency receiving a notification under subparagraph (E) may also conduct such an audit with respect to an exemption covered by such notification.

(d) SEPARATE APPLICATION TO EACH OPTION OFFERED.—In the case of a group health plan that offers a participant or beneficiary two or more benefit package options under the plan, the requirements of this section shall be applied separately with respect to each such option.

(e) DEFINITIONS.—For purposes of this section—

(1) AGGREGATE LIFETIME LIMIT.—The term “aggregate lifetime limit” means, with respect to benefits under a group health plan or health insurance coverage, a dollar limitation on the total amount that may be paid with respect to such benefits under the plan or health insurance coverage with respect to an individual or other coverage unit.

(2) ANNUAL LIMIT.—The term “annual limit” means, with respect to benefits under a group health plan or health insurance coverage, a dollar limitation on the total amount of

(a) **MEDICALLY NECESSARY LEAVE OF ABSENCE.**—In this section, the term “medically necessary leave of absence” means, with respect to a dependent child described in subsection (b)(2) in connection with a group health plan or individual health insurance coverage, a leave of absence of such child from a postsecondary educational institution (including an institution of higher education as defined in section 102 of the Higher Education Act of 1965), or any other change in enrollment of such child at such an institution, that—

(1) commences while such child is suffering from a serious illness or injury;

(2) is medically necessary; and

The Public Law was enacted October 21, 1998.

¹³ So in law.

(1) IN GENERAL.—In the case of a dependent child described in paragraph (2), a group health plan, or a health insurance issuer that offers group or individual health insurance coverage, shall not terminate coverage of such child under such plan or health insurance coverage due to a medically necessary leave of absence before the date that is the earlier of—

(A) the date that is 1 year after the first day of the medically necessary leave of absence; or

(B) the date on which such coverage would otherwise terminate under the terms of the plan or health insurance coverage.

(2) DEPENDENT CHILD DESCRIBED.—A dependent child described in this paragraph is, with respect to a group health plan or individual health insurance coverage, a beneficiary under the plan who—

(A) is a dependent child, under the terms of the plan or coverage, of a participant or beneficiary under the plan or coverage; and

(B) was enrolled in the plan or coverage, on the basis of being a student at a postsecondary educational institution (as described in subsection (a)), immediately before the first day of the medically necessary leave of absence involved.

(3) CERTIFICATION BY PHYSICIAN.—Paragraph (1) shall apply to a group health plan or individual health insurance coverage only if the plan or issuer of the coverage has received written certification by a treating physician of the dependent child which states that the child is suffering from a serious illness or injury and that the leave of absence (or other change of enrollment) described in subsection (a) is medically necessary.

(c) NOTICE.—A group health plan, and a health insurance issuer that offers group or individual health insurance coverage, shall include, with any notice regarding a requirement for certification of student status for coverage under the plan or coverage, a description of the terms of this section for continued coverage during medically necessary leaves of absence. Such description shall be in language which is understandable to the typical plan participant.

(e) CONTINUED APPLICATION IN CASE OF CHANGED COVERAGE.—If—

(1) a dependent child of a participant or beneficiary is in a period of coverage under a group health plan or individual health insurance coverage, pursuant to a medically necessary leave of absence of the child described in subsection (b);

(2) the manner in which the participant or beneficiary is covered under the plan changes, whether through a change in health insurance coverage or health insurance issuer, a change

between health insurance coverage and self-insured coverage, or otherwise; and

(3) the coverage as so changed continues to provide coverage of beneficiaries as dependent children, this section shall apply to coverage of the child under the changed coverage for the remainder of the period of the medically necessary leave of absence of the dependent child under the plan in the same manner as it would have applied if the changed coverage had been the previous coverage.

(a) IN GENERAL.—A group health plan or a health insurance issuer offering group or individual health insurance coverage shall—

(1) not restrict, directly or indirectly, any pharmacy that dispenses a prescription drug to an enrollee in the plan or coverage from informing (or penalize such pharmacy for informing) an enrollee of any differential between the enrollee's out-of-pocket cost under the plan or coverage with respect to acquisition of the drug and the amount an individual would pay for acquisition of the drug without using any health plan or health insurance coverage; and

(2) ensure that any entity that provides pharmacy benefits management services under a contract with any such health plan or health insurance coverage does not, with respect to such plan or coverage, restrict, directly or indirectly, a pharmacy that dispenses a prescription drug from informing (or penalize such pharmacy for informing) an enrollee of any differential between the enrollee's out-of-pocket cost under the plan or coverage with respect to acquisition of the drug and the amount an individual would pay for acquisition of the drug without using any health plan or health insurance coverage.

(b) DEFINITION.—For purposes of this section, the term “out-of-pocket cost”, with respect to acquisition of a drug, means the amount to be paid by the enrollee under the plan or coverage, including any cost-sharing (including any deductible, copayment, or coinsurance) and, as determined by the Secretary, any other expenditure.

(2) TREATMENT OF NONFEDERAL GOVERNMENTAL PLANS.—

(A) ELECTION TO BE EXCLUDED.—Except as provided in subparagraph (D) or (E), if the plan sponsor of a nonfederal governmental plan which is a group health plan to which the provisions of subparts 1 and 2¹⁶ otherwise apply makes an election under this subparagraph (in such form and manner as the Secretary may by regulations prescribe), then the requirements of such subparts insofar as they apply directly to group health plans (and not merely to group health insurance coverage) shall not apply to such governmental plans for such period except as provided in this paragraph.

(B) PERIOD OF ELECTION.—An election under subparagraph (A) shall apply—

(i) for a single specified plan year, or

(ii) in the case of a plan provided pursuant to a collective bargaining agreement, for the term of such agreement.

An election under clause (i) may be extended through subsequent elections under this paragraph.

(1) STATE AUTHORITY.—Subject to section 2723, each State may require that health insurance issuers that issue, sell, renew, or offer health insurance coverage in the State in the individual or group market meet the requirements of this part and part D with respect to such issuers.

(2) FAILURE TO IMPLEMENT PROVISIONS.—In the case of a determination by the Secretary that a State has failed to substantially enforce a provision (or provisions) in this part or part D with respect to health insurance issuers in the State, the Secretary shall enforce such provision (or provisions) under subsection (b) insofar as they relate to the issuance, sale, renewal, and offering of health insurance coverage in connection with group health plans or individual health insurance coverage in such State.

(b) SECRETARIAL ENFORCEMENT AUTHORITY.—

erage maintained by the same health insurance issuer”. Such amendment did not specify where to insert this new language, however, it was carried out by inserting this new language before the period at the end in order to reflect the probable intent of Congress.

(1) LIMITATION.—The provisions of this subsection shall apply to enforcement of a provision (or provisions) of this part or part D only—

(A) as provided under subsection (a)(2); and

(B) with respect to individual health insurance coverage or group health plans that are non-Federal governmental plans.

(2) IMPOSITION OF PENALTIES.—In the cases described in paragraph (1)—

(A) IN GENERAL.—Subject to the succeeding provisions of this subsection, any non-Federal governmental plan that is a group health plan and any health insurance issuer that fails to meet a provision of this part or part D applicable to such plan or issuer is subject to a civil money penalty under this subsection.

(B) LIABILITY FOR PENALTY.—In the case of a failure by—

(i) a health insurance issuer, the issuer is liable for such penalty, or

(ii) a group health plan that is a non-Federal governmental plan which is—

(I) sponsored by 2 or more employers, the plan is liable for such penalty, or

(II) not so sponsored, the employer is liable for such penalty.

(C) AMOUNT OF PENALTY.—

(i) IN GENERAL.—The maximum amount of penalty imposed under this paragraph is \$100 for each day for each individual with respect to which such a failure occurs.

(ii) CONSIDERATIONS IN IMPOSITION.—In determining the amount of any penalty to be assessed under this paragraph, the Secretary shall take into account the previous record of compliance of the entity being assessed with the applicable provisions of this part and part D and the gravity of the violation.

(iii) LIMITATIONS.—

(I) PENALTY NOT TO APPLY WHERE FAILURE NOT DISCOVERED EXERCISING REASONABLE DILIGENCE.—No civil money penalty shall be imposed under this paragraph on any failure during any period for which it is established to the satisfaction of the Secretary that none of the entities against whom the penalty would be imposed knew, or exercising reasonable diligence would have known, that such failure existed.

(II) PENALTY NOT TO APPLY TO FAILURES CORRECTED WITHIN 30 DAYS.—No civil money penalty shall be imposed under this paragraph on any failure if such failure was due to reasonable cause and not to willful neglect, and such failure is corrected during the 30-day period beginning on the first day any of the entities against whom the penalty would be imposed knew, or exercising rea-

sonable diligence would have known, that such failure existed.

(D) ADMINISTRATIVE REVIEW.—

(i) OPPORTUNITY FOR HEARING.—The entity assessed shall be afforded an opportunity for hearing by the Secretary upon request made within 30 days after the date of the issuance of a notice of assessment. In such hearing the decision shall be made on the record pursuant to section 554 of title 5, United States Code. If no hearing is requested, the assessment shall constitute a final and unappealable order.

(ii) HEARING PROCEDURE.—If a hearing is requested, the initial agency decision shall be made by an administrative law judge, and such decision shall become the final order unless the Secretary modifies or vacates the decision. Notice of intent to modify or vacate the decision of the administrative law judge shall be issued to the parties within 30 days after the date of the decision of the judge. A final order which takes effect under this paragraph shall be subject to review only as provided under subparagraph (E).

(E) JUDICIAL REVIEW.—

(i) FILING OF ACTION FOR REVIEW.—Any entity against whom an order imposing a civil money penalty has been entered after an agency hearing under this paragraph may obtain review by the United States district court for any district in which such entity is located or the United States District Court for the District of Columbia by filing a notice of appeal in such court within 30 days from the date of such order, and simultaneously sending a copy of such notice by registered mail to the Secretary.

(ii) CERTIFICATION OF ADMINISTRATIVE RECORD.—The Secretary shall promptly certify and file in such court the record upon which the penalty was imposed.

(iii) STANDARD FOR REVIEW.—The findings of the Secretary shall be set aside only if found to be unsupported by substantial evidence as provided by section 706(2)(E) of title 5, United States Code.

(iv) APPEAL.—Any final decision, order, or judgment of the district court concerning such review shall be subject to appeal as provided in chapter 83 of title 28 of such Code.

(F) FAILURE TO PAY ASSESSMENT; MAINTENANCE OF ACTION.—

(i) FAILURE TO PAY ASSESSMENT.—If any entity fails to pay an assessment after it has become a final and unappealable order, or after the court has entered final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General who shall recover the amount assessed by action in the appropriate United States district court.

(ii) NONREVIEWABILITY.—In such action the validity and appropriateness of the final order imposing the penalty shall not be subject to review.

(G) PAYMENT OF PENALTIES.—Except as otherwise provided, penalties collected under this paragraph shall be paid to the Secretary (or other officer) imposing the penalty and shall be available without appropriation and until expended for the purpose of enforcing the provisions with respect to which the penalty was imposed.

(3) ENFORCEMENT AUTHORITY RELATING TO GENETIC DISCRIMINATION.—

(A) GENERAL RULE.—In the cases described in paragraph (1), notwithstanding the provisions of paragraph (2)(C), the succeeding subparagraphs of this paragraph shall apply with respect to an action under this subsection by the Secretary with respect to any failure of a health insurance issuer in connection with a group health plan, to meet the requirements of subsection (a)(1)(F), (b)(3), (c), or (d) of section 2702 or section 2701 or 2702(b)(1) with respect to genetic information in connection with the plan.

(B) AMOUNT.—

(i) IN GENERAL.—The amount of the penalty imposed under this paragraph shall be \$100 for each day in the noncompliance period with respect to each participant or beneficiary to whom such failure relates.

(ii) NONCOMPLIANCE PERIOD.—For purposes of this paragraph, the term “noncompliance period” means, with respect to any failure, the period—

(I) beginning on the date such failure first occurs; and

(II) ending on the date the failure is corrected.

(C) MINIMUM PENALTIES WHERE FAILURE DISCOVERED.—Notwithstanding clauses (i) and (ii) of subparagraph (D):

(i) IN GENERAL.—In the case of 1 or more failures with respect to an individual—

(I) which are not corrected before the date on which the plan receives a notice from the Secretary of such violation; and

(II) which occurred or continued during the period involved;

the amount of penalty imposed by subparagraph (A) by reason of such failures with respect to such individual shall not be less than \$2,500.

(ii) HIGHER MINIMUM PENALTY WHERE VIOLATIONS ARE MORE THAN DE MINIMIS.—To the extent violations for which any person is liable under this paragraph for any year are more than de minimis, clause (i) shall be applied by substituting “\$15,000” for “\$2,500” with respect to such person.

(D) LIMITATIONS.—

(i) PENALTY NOT TO APPLY WHERE FAILURE NOT DISCOVERED EXERCISING REASONABLE DILIGENCE.—No penalty shall be imposed by subparagraph (A) on any

failure during any period for which it is established to the satisfaction of the Secretary that the person otherwise liable for such penalty did not know, and exercising reasonable diligence would not have known, that such failure existed.

(ii) PENALTY NOT TO APPLY TO FAILURES CORRECTED WITHIN CERTAIN PERIODS.—No penalty shall be imposed by subparagraph (A) on any failure if—

(I) such failure was due to reasonable cause and not to willful neglect; and

(II) such failure is corrected during the 30-day period beginning on the first date the person otherwise liable for such penalty knew, or exercising reasonable diligence would have known, that such failure existed.

(iii) OVERALL LIMITATION FOR UNINTENTIONAL FAILURES.—In the case of failures which are due to reasonable cause and not to willful neglect, the penalty imposed by subparagraph (A) for failures shall not exceed the amount equal to the lesser of—

(I) 10 percent of the aggregate amount paid or incurred by the employer (or predecessor employer) during the preceding taxable year for group health plans; or

(II) \$500,000.

(E) WAIVER BY SECRETARY.—In the case of a failure which is due to reasonable cause and not to willful neglect, the Secretary may waive part or all of the penalty imposed by subparagraph (A) to the extent that the payment of such penalty would be excessive relative to the failure involved.

SEC. 2724. [300gg-23] PREEMPTION; STATE FLEXIBILITY; CONSTRUCTION.

(a) CONTINUED APPLICABILITY OF STATE LAW WITH RESPECT TO HEALTH INSURANCE ISSUERS.—

(1) IN GENERAL.—Subject to paragraph (2) and except as provided in subsection (b), this part, part D, and part C insofar as it relates to this part or part D shall not be construed to supersede any provision of State law which establishes, implements, or continues in effect any standard or requirement solely relating to health insurance issuers in connection with individual or group health insurance coverage except to the extent that such standard or requirement prevents the application of a requirement of this part or part D.

(2) CONTINUED PREEMPTION WITH RESPECT TO GROUP HEALTH PLANS.—Nothing in this part or part D shall be construed to affect or modify the provisions of section 514 of the Employee Retirement Income Security Act of 1974 with respect to group health plans.

(b) SPECIAL RULES IN CASE OF PORTABILITY REQUIREMENTS.—

(1) IN GENERAL.—Subject to paragraph (2), the provisions of this part relating to health insurance coverage offered by a health insurance issuer supersede any provision of State law which establishes, implements, or continues in effect a stand-

ard or requirement applicable to imposition of a preexisting condition exclusion specifically governed by section 701 which differs from the standards or requirements specified in such section.

(2) EXCEPTIONS.—Only in relation to health insurance coverage offered by a health insurance issuer, the provisions of this part do not supersede any provision of State law to the extent that such provision—

(i)¹⁹ substitutes for the reference to “6-month period” in section 2701(a)(1) a reference to any shorter period of time;

(ii)¹⁹ substitutes for the reference to “12 months” and “18 months” in section 2701(a)(2) a reference to any shorter period of time;

(iii)¹⁹ substitutes for the references to “63” days in sections 2701(c)(2)(A) and 2701(d)(4)(A) a reference to any greater number of days;

(iv)¹⁹ substitutes for the reference to “30-day period” in sections 2701(b)(2) and 2701(d)(1) a reference to any greater period;

(v)¹⁹ prohibits the imposition of any preexisting condition exclusion in cases not described in section 2701(d) or expands the exceptions described in such section;

(vi)¹⁹ requires special enrollment periods in addition to those required under section 2701(f); or

(vii)¹⁹ reduces the maximum period permitted in an affiliation period under section 2701(g)(1)(B).

(c) RULES OF CONSTRUCTION.—Nothing in this part (other than section 2704) or part D shall be construed as requiring a group health plan or health insurance coverage to provide specific benefits under the terms of such plan or coverage.

(d) DEFINITIONS.—For purposes of this section—

(1) STATE LAW.—The term “State law” includes all laws, decisions, rules, regulations, or other State action having the effect of law, of any State. A law of the United States applicable only to the District of Columbia shall be treated as a State law rather than a law of the United States.

(2) STATE.—The term “State” includes a State (including the Northern Mariana Islands), any political subdivisions of a State or such Islands, or any agency or instrumentality of either.²⁰

¹⁹ Clauses (i) through (vii) probably should be redesignated as subparagraphs (A) through (G). See section 102(a) of Public Law 104–191 (110 Stat. 1971).

PART B—INDIVIDUAL MARKET RULES²¹

Subpart 1—Portability, Access, and Renewability Requirements

SEC. 2741. [300gg-41] GUARANTEED AVAILABILITY OF INDIVIDUAL HEALTH INSURANCE COVERAGE TO CERTAIN INDIVIDUALS WITH PRIOR GROUP COVERAGE.

(a) GUARANTEED AVAILABILITY.—

(1) IN GENERAL.—Subject to the succeeding subsections of this section and section 2744, each health insurance issuer that offers health insurance coverage (as defined in section 2791(b)(1)) in the individual market in a State may not, with respect to an eligible individual (as defined in subsection (b)) desiring to enroll in individual health insurance coverage—

(A) decline to offer such coverage to, or deny enrollment of, such individual; or

(B) impose any preexisting condition exclusion (as defined in section 2701(b)(1)(A)) with respect to such coverage.

(2) SUBSTITUTION BY STATE OF ACCEPTABLE ALTERNATIVE MECHANISM.—The requirement of paragraph (1) shall not apply to health insurance coverage offered in the individual market in a State in which the State is implementing an acceptable alternative mechanism under section 2744.

(b) ELIGIBLE INDIVIDUAL DEFINED.—In this part, the term “eligible individual” means an individual—

(1)(A) for whom, as of the date on which the individual seeks coverage under this section, the aggregate of the periods of creditable coverage (as defined in section 2701(c)) is 18 or more months and (B) whose most recent prior creditable coverage was under a group health plan, governmental plan, or church plan (or health insurance coverage offered in connection with any such plan);

(2) who is not eligible for coverage under (A) a group health plan, (B) part A or part B of title XVIII of the Social Security Act, or (C) a State plan under title XIX of such Act (or any successor program), and does not have other health insurance coverage;

(3) with respect to whom the most recent coverage within the coverage period described in paragraph (1)(A) was not terminated based on a factor described in paragraph (1) or (2) of section 2712(b) (relating to nonpayment of premiums or fraud);

(4) if the individual had been offered the option of continuation coverage under a COBRA continuation provision or under a similar State program, who elected such coverage; and

²¹ Section 111(b) of Public Law 104–191 (110 Stat. 1987) provides as follows:

“(b) EFFECTIVE DATE.—

“(1) IN GENERAL.—Except as provided in this subsection, part B of title XXVII of the Public Health Service Act (as inserted by subsection (a)) shall apply with respect to health insurance coverage offered, sold, issued, renewed, in effect, or operated in the individual market after June 30, 1997, regardless of when a period of creditable coverage occurs.

“(2) APPLICATION OF CERTIFICATION RULES.—The provisions of section 102(d)(2) of this Act shall apply to section 2743 of the Public Health Service Act in the same manner as it applies to section 2701(e) of such Act.”

With respect to paragraph (2) of such section 111(b), subsection (d) of section 102 of Public Law 104–191 is not divided into paragraphs (1) and (2) (and the subsection relates to a technical correction). Subsection (c)(2) of such section 102 does relate to certifications.

(5) who, if the individual elected such continuation coverage, has exhausted such continuation coverage under such provision or program.

(c) ALTERNATIVE COVERAGE PERMITTED WHERE NO STATE MECHANISM.—

(1) IN GENERAL.—In the case of health insurance coverage offered in the individual market in a State in which the State is not implementing an acceptable alternative mechanism under section 2744, the health insurance issuer may elect to limit the coverage offered under subsection (a) so long as it offers at least two different policy forms of health insurance coverage both of which—

(A) are designed for, made generally available to, and actively marketed to, and enroll both eligible and other individuals by the issuer; and

(B) meet the requirement of paragraph (2) or (3), as elected by the issuer.

For purposes of this subsection, policy forms which have different cost-sharing arrangements or different riders shall be considered to be different policy forms.

(2) CHOICE OF MOST POPULAR POLICY FORMS.—The requirement of this paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers the policy forms for individual health insurance coverage with the largest, and next to largest, premium volume of all such policy forms offered by the issuer in the State or applicable marketing or service area (as may be prescribed in regulation) by the issuer in the individual market in the period involved.

(3) CHOICE OF 2 POLICY FORMS WITH REPRESENTATIVE COVERAGE.—

(A) IN GENERAL.—The requirement of this paragraph is met, for health insurance coverage policy forms offered by an issuer in the individual market, if the issuer offers a lower-level coverage policy form (as defined in subparagraph (B)) and a higher-level coverage policy form (as defined in subparagraph (C)) each of which includes benefits substantially similar to other individual health insurance coverage offered by the issuer in that State and each of which is covered under a method described in section 2744(c)(3)(A) (relating to risk adjustment, risk spreading, or financial subsidization).

(B) LOWER-LEVEL OF COVERAGE DESCRIBED.—A policy form is described in this subparagraph if the actuarial value of the benefits under the coverage is at least 85 percent but not greater than 100 percent of a weighted average (described in subparagraph (D)).

(C) HIGHER-LEVEL OF COVERAGE DESCRIBED.—A policy form is described in this subparagraph if—

(i) the actuarial value of the benefits under the coverage is at least 15 percent greater than the actuarial value of the coverage described in subparagraph (B) offered by the issuer in the area involved; and

(ii) the actuarial value of the benefits under the coverage is at least 100 percent but not greater than 120 percent of a weighted average (described in subparagraph (D)).

(D) **WEIGHTED AVERAGE.**—For purposes of this paragraph, the weighted average described in this subparagraph is the average actuarial value of the benefits provided by all the health insurance coverage issued (as elected by the issuer) either by that issuer or by all issuers in the State in the individual market during the previous year (not including coverage issued under this section), weighted by enrollment for the different coverage.

(4) **ELECTION.**—The issuer elections under this subsection shall apply uniformly to all eligible individuals in the State for that issuer. Such an election shall be effective for policies offered during a period of not shorter than 2 years.

(5) **ASSUMPTIONS.**—For purposes of paragraph (3), the actuarial value of benefits provided under individual health insurance coverage shall be calculated based on a standardized population and a set of standardized utilization and cost factors.

(d) **SPECIAL RULES FOR NETWORK PLANS.**—

(1) **IN GENERAL.**—In the case of a health insurance issuer that offers health insurance coverage in the individual market through a network plan, the issuer may—

(A) limit the individuals who may be enrolled under such coverage to those who live, reside, or work within the service area for such network plan; and

(B) within the service area of such plan, deny such coverage to such individuals if the issuer has demonstrated, if required, to the applicable State authority that—

(i) it will not have the capacity to deliver services adequately to additional individual enrollees because of its obligations to existing group contract holders and enrollees and individual enrollees, and

(ii) it is applying this paragraph uniformly to individuals without regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

(2) **180-DAY SUSPENSION UPON DENIAL OF COVERAGE.**—An issuer, upon denying health insurance coverage in any service area in accordance with paragraph (1)(B), may not offer coverage in the individual market within such service area for a period of 180 days after such coverage is denied.

(e) **APPLICATION OF FINANCIAL CAPACITY LIMITS.**—

(1) **IN GENERAL.**—A health insurance issuer may deny health insurance coverage in the individual market to an eligible individual if the issuer has demonstrated, if required, to the applicable State authority that—

(A) it does not have the financial reserves necessary to underwrite additional coverage; and

(B) it is applying this paragraph uniformly to all individuals in the individual market in the State consistent

with applicable State law and without regard to any health status-related factor of such individuals and without regard to whether the individuals are eligible individuals.

(2) 180-DAY SUSPENSION UPON DENIAL OF COVERAGE.—An issuer upon denying individual health insurance coverage in any service area in accordance with paragraph (1) may not offer such coverage in the individual market within such service area for a period of 180 days after the date such coverage is denied or until the issuer has demonstrated, if required under applicable State law, to the applicable State authority that the issuer has sufficient financial reserves to underwrite additional coverage, whichever is later. A State may provide for the application of this paragraph on a service-area-specific basis.

(e)²² MARKET REQUIREMENTS.—

(1) IN GENERAL.—The provisions of subsection (a) shall not be construed to require that a health insurance issuer offering health insurance coverage only in connection with group health plans or through one or more bona fide associations, or both, offer such health insurance coverage in the individual market.

(2) CONVERSION POLICIES.—A health insurance issuer offering health insurance coverage in connection with group health plans under this title shall not be deemed to be a health insurance issuer offering individual health insurance coverage solely because such issuer offers a conversion policy.

(f)²² CONSTRUCTION.—Nothing in this section shall be construed—

(1) to restrict the amount of the premium rates that an issuer may charge an individual for health insurance coverage provided in the individual market under applicable State law; or

(2) to prevent a health insurance issuer offering health insurance coverage in the individual market from establishing premium discounts or rebates or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

SEC. 2742. [300gg-42] GUARANTEED RENEWABILITY OF INDIVIDUAL HEALTH INSURANCE COVERAGE.

(a) IN GENERAL.—Except as provided in this section, a health insurance issuer that provides individual health insurance coverage to an individual shall renew or continue in force such coverage at the option of the individual.

(b) GENERAL EXCEPTIONS.—A health insurance issuer may nonrenew or discontinue health insurance coverage of an individual in the individual market based only on one or more of the following:

(1) NONPAYMENT OF PREMIUMS.—The individual has failed to pay premiums or contributions in accordance with the terms of the health insurance coverage or the issuer has not received timely premium payments.

²²So in law. Probably should redesignate the second subsection (e) and subsection (f) as subsections (f) and (g), respectively. See section 111(a) of Pub. L. 104–191 (110 Stat. 1978).

(2) FRAUD.—The individual has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage.

(3) TERMINATION OF PLAN.—The issuer is ceasing to offer coverage in the individual market in accordance with subsection (c) and applicable State law.

(4) MOVEMENT OUTSIDE SERVICE AREA.—In the case of a health insurance issuer that offers health insurance coverage in the market through a network plan, the individual no longer resides, lives, or works in the service area (or in an area for which the issuer is authorized to do business) but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals.

(5) ASSOCIATION MEMBERSHIP CEASES.—In the case of health insurance coverage that is made available in the individual market only through one or more bona fide associations, the membership of the individual in the association (on the basis of which the coverage is provided) ceases but only if such coverage is terminated under this paragraph uniformly without regard to any health status-related factor of covered individuals.

(c) REQUIREMENTS FOR UNIFORM TERMINATION OF COVERAGE.—

(1) PARTICULAR TYPE OF COVERAGE NOT OFFERED.—In any case in which an issuer decides to discontinue offering a particular type of health insurance coverage offered in the individual market, coverage of such type may be discontinued by the issuer only if—

(A) the issuer provides notice to each covered individual provided coverage of this type in such market of such discontinuation at least 90 days prior to the date of the discontinuation of such coverage;

(B) the issuer offers to each individual in the individual market provided coverage of this type, the option to purchase any other individual health insurance coverage currently being offered by the issuer for individuals in such market; and

(C) in exercising the option to discontinue coverage of this type and in offering the option of coverage under subparagraph (B), the issuer acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage.

(2) DISCONTINUANCE OF ALL COVERAGE.—

(A) IN GENERAL.—Subject to subparagraph (C), in any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the individual market in a State, health insurance coverage may be discontinued by the issuer only if—

(i) the issuer provides notice to the applicable State authority and to each individual of such discontinuation at least 180 days prior to the date of the expiration of such coverage, and

(ii) all health insurance issued or delivered for issuance in the State in such market are discontinued

and coverage under such health insurance coverage in such market is not renewed.

(B) PROHIBITION ON MARKET REENTRY.—In the case of a discontinuation under subparagraph (A) in the individual market, the issuer may not provide for the issuance of any health insurance coverage in the market and State involved during the 5-year period beginning on the date of the discontinuation of the last health insurance coverage not so renewed.

(d) EXCEPTION FOR UNIFORM MODIFICATION OF COVERAGE.—At the time of coverage renewal, a health insurance issuer may modify the health insurance coverage for a policy form offered to individuals in the individual market so long as such modification is consistent with State law and effective on a uniform basis among all individuals with that policy form.

(e) APPLICATION TO COVERAGE OFFERED ONLY THROUGH ASSOCIATIONS.—In applying this section in the case of health insurance coverage that is made available by a health insurance issuer in the individual market to individuals only through one or more associations, a reference to an “individual” is deemed to include a reference to such an association (of which the individual is a member).

SEC. 2743. [300gg-43] CERTIFICATION OF COVERAGE.

The provisions of section 2701(e) shall apply to health insurance coverage offered by a health insurance issuer in the individual market in the same manner as it applies to health insurance coverage offered by a health insurance issuer in connection with a group health plan in the small or large group market.

SEC. 2744. [300gg-44] STATE FLEXIBILITY IN INDIVIDUAL MARKET REFORMS.

(a) WAIVER OF REQUIREMENTS WHERE IMPLEMENTATION OF ACCEPTABLE ALTERNATIVE MECHANISM.—

(1) IN GENERAL.—The requirements of section 2741 shall not apply with respect to health insurance coverage offered in the individual market in the State so long as a State is found to be implementing, in accordance with this section and consistent with section 2762(b), an alternative mechanism (in this section referred to as an “acceptable alternative mechanism”)—

(A) under which all eligible individuals are provided a choice of health insurance coverage;

(B) under which such coverage does not impose any preexisting condition exclusion with respect to such coverage;

(C) under which such choice of coverage includes at least one policy form of coverage that is comparable to comprehensive health insurance coverage offered in the individual market in such State or that is comparable to a standard option of coverage available under the group or individual health insurance laws of such State; and

(D) in a State which is implementing—

(i) a model act described in subsection (c)(1),

(ii) a qualified high risk pool described in subsection (c)(2), or

(iii) a mechanism described in subsection (c)(3).

(2) PERMISSIBLE FORMS OF MECHANISMS.—A private or public individual health insurance mechanism (such as a health insurance coverage pool or programs, mandatory group conversion policies, guaranteed issue of one or more plans of individual health insurance coverage, or open enrollment by one or more health insurance issuers), or combination of such mechanisms, that is designed to provide access to health benefits for individuals in the individual market in the State in accordance with this section may constitute an acceptable alternative mechanism.

(b) APPLICATION OF ACCEPTABLE ALTERNATIVE MECHANISMS.—

(1) PRESUMPTION.—

(i) such preliminary determination, and

(ii) the consequences under paragraph (3) of a failure to implement such a mechanism; and

(B) shall permit the State a reasonable opportunity in which to modify the mechanism (or to adopt another mechanism) in a manner so that may be an acceptable alternative mechanism or to provide for implementation of such a mechanism.

(C) An amount equal to 30 percent of such appropriated amount for the fiscal year shall be allotted among qualifying States that apply for such a grant so that the amount allotted to a State bears the same ratio to such appropriated amount as the number of individuals enrolled in health care coverage through the qualified high risk pool of the State bears to the total number of individuals so enrolled through qualified high risk pools (as determined by the Secretary) in all qualifying States that so apply.

(3) SPECIAL RULE FOR POOLS CHARGING HIGHER PREMIUMS.—In the case of a qualified high risk pool of a State which charges premiums that exceed 150 percent of the premium for applicable standard risks, the State shall use at least 50 percent of the amount of the grant provided to the State to carry out this subsection to reduce premiums for enrollees.

(3) ALLOTMENT; LIMITATION.—The Secretary shall allot funds appropriated under paragraphs (1)(B)(ii) and (2)(B) of subsection (d) among States qualifying for a grant under paragraph (1) in a manner specified by the Secretary, but in no

case shall the amount so allotted to a State for a fiscal year exceed 10 percent of the funds so appropriated for the fiscal year.

(4) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to prohibit a State that, on the date of the enactment of the State High Risk Pool Funding Extension Act of 2006, is in the process of implementing a program to provide benefits of the type described in paragraph (2), from being eligible for a grant under this subsection.

(C) IMPROVING QUALITY AND EFFICIENCY THROUGH MODIFICATION OF PAYMENT AMOUNTS AND METHODOLOGIES.—The WTC Program Administrator may modify the amounts and methodologies for making payments for initial health evaluations, monitoring, or treatment, if, taking into account utilization and quality data furnished by the Clinical Centers of Excellence under section 3305(b)(1)(B)(iii), the Administrator determines that a bundling, capitation, pay for performance, or other payment methodology would better ensure high quality and efficient delivery of initial health evaluations, monitoring,

or treatment to an enrolled WTC responder, screening-eligible WTC survivor, or certified-eligible WTC survivor.

(2) MONITORING AND INITIAL HEALTH EVALUATION.—The WTC Program Administrator shall reimburse the costs of monitoring and the costs of an initial health evaluation provided under this title at a rate set by the Administrator by regulation.

(B) bill such amount directly to New York City; and

(C) certify periodically, for purposes of this subsection, whether or not New York City has paid the amount so billed.
