(a) FINDINGS.—Congress finds that—

¹The Defense Production Act of 1950 was originally enacted by Public Law 774, 81st Cong., 64 Stat. 798, Sept. 8, 1950, 50 U.S.C. App. Secs. 2061–2166.

²Authority to condemn added July 31, 1951; title terminated at the close of June 30, 1953. Section 2(a)(2) of Public Law 111–67 repeals title II without striking such item in the table of contents.

³Authority terminated at the close of April 30, 1953. Section 2(a)(2) of Public Law 111–67 repeals titles IV and V without striking such item in the table of contents.

⁴Control of consumer credit terminated June 30, 1952. Control of real estate credit terminated at the close of June 30, 1953. Section 2(a)(2) of Public Law 111–67 repeals title VI without striking such item in the table of contents.

(1) the security of the United States is dependent on the ability of the domestic industrial base to supply materials and services for the national defense and to prepare for and respond to military conflicts, natural or man-caused disasters, or acts of terrorism within the United States;

(2) to ensure the vitality of the domestic industrial base, actions are needed—

(A) to promote industrial resources preparedness in the event of domestic or foreign threats to the security of the United States;

(B) to support continuing improvements in industrial efficiency and responsiveness;

(C) to provide for the protection and restoration of domestic critical infrastructure operations under emergency conditions; and

(D) to respond to actions taken outside of the United States that could result in reduced supplies of strategic and critical materials, including energy, necessary for national defense and the general economic well-being of the United States;

(3) in order to provide for the national security, the national defense preparedness effort of the United States Government requires—

(A) preparedness programs to respond to both domestic emergencies and international threats to national defense;

(B) measures to improve the domestic industrial base for national defense;

(C) the development of domestic productive capacity to meet—

(i) essential national defense needs that can result from emergency conditions; and

(ii) unique technological requirements; and

(D) the diversion of certain materials and facilities from ordinary use to national defense purposes, when national defense needs cannot otherwise be satisfied in a timely fashion;

(4) to meet the requirements referred to in this subsection, this Act provides the President with an array of authorities to shape national defense preparedness programs and to take appropriate steps to maintain and enhance the domestic industrial base;

(5) in order to ensure national defense preparedness, it is necessary and appropriate to assure the availability of domestic energy supplies for national defense needs;

(6) to further assure the adequate maintenance of the domestic industrial base, to the maximum extent possible, domestic energy supplies should be augmented through reliance on renewable energy sources (including solar, geothermal, wind, and biomass sources), more efficient energy storage and distribution technologies, and energy conservation measures;

(7) much of the industrial capacity that is relied upon by the United States Government for military production and

other national defense purposes is deeply and directly influenced by—

(A) the overall competitiveness of the industrial economy of the United States; and

(B) the ability of industries in the United States, in general, to produce internationally competitive products and operate profitably while maintaining adequate research and development to preserve competitiveness with respect to military and civilian production; and

(8) the inability of industries in the United States, especially smaller subcontractors and suppliers, to provide vital parts and components and other materials would impair the ability to sustain the Armed Forces of the United States in combat for longer than a short period.

(b) STATEMENT OF POLICY.—It is the policy of the United States that—

(1) to ensure the adequacy of productive capacity and supply, Federal departments and agencies that are responsible for national defense acquisition should continuously assess the capability of the domestic industrial base to satisfy production requirements under both peacetime and emergency conditions, specifically evaluating the availability of adequate production sources, including subcontractors and suppliers, materials, skilled labor, and professional and technical personnel;

(2) every effort should be made to foster cooperation between the defense and commercial sectors for research and development and for acquisition of materials, components, and equipment;

(3) plans and programs to carry out the purposes of this Act should be undertaken with due consideration for promoting efficiency and competition;

(4) in providing United States Government financial assistance under this Act to correct a domestic industrial base shortfall, the President should give consideration to the creation or maintenance of production sources that will remain economically viable after such assistance has ended;

(5) authorities under this Act should be used to reduce the vulnerability of the United States to terrorist attacks, and to minimize the damage and assist in the recovery from terrorist attacks that occur in the United States;

(6) in order to ensure productive capacity in the event of an attack on the United States, the United States Government should encourage the geographic dispersal of industrial facilities in the United States to discourage the concentration of such productive facilities within limited geographic areas that are vulnerable to attack by an enemy of the United States;

(7) to ensure that essential national defense requirements are met, consideration should be given to stockpiling strategic materials, to the extent that such stockpiling is economical and feasible; and

(8) in the construction of any industrial facility owned by the United States Government, in the rendition of any financial assistance by the United States Government for the construction, expansion, or improvement of any industrial facility,

and in the production of goods and services, under this Act or any other provision of law, each department and agency of the United States Government should apply, under the coordination of the Federal Emergency Management Agency, when practicable and consistent with existing law and the desirability for maintaining a sound economy, the principle of geographic dispersal of such facilities in the interest of national defense.

TITLE I—PRIORITIES AND ALLOCATIONS

SEC. 101. (a) The President is hereby authorized (1) to require that performance under contracts or orders (other than contracts of employment) which he deems necessary or appropriate to promote the national defense shall take priority over performance under any other contract or order, and, for the purpose of assuring such priority, to require acceptance and performance of such contracts or orders in preference to other contracts or orders by any person he finds to be capable of their performance, and (2) to allocate materials, services, and facilities in such manner, upon such conditions, and to such extent as he shall deem necessary or appropriate to promote the national defense.

(b) The powers granted in this section shall not be used to control the general distribution of any material in the civilian market unless the President finds (1) that such material is a scarce and critical material essential to the national defense, and (2) that the requirements of the national defense for such material cannot otherwise be met without creating a significant dislocation of the normal distribution of such material in the civilian market to such a degree as to create appreciable hardship.

(c)⁵(1) Notwithstanding any other provision of this Act, the President may, by rule or order, require the allocation of, or the priority performance under contracts or orders (other than contracts of employment) relating to, materials, equipment, and services in order to maximize domestic energy supplies if he makes the findings required by paragraph (3) of this subsection.

(2)⁶ The authority granted by this subsection may not be used to require priority performance of contracts or orders, or to control the distribution of any supplies of materials, services, and facilities in the marketplace, unless the President finds that—

(A) such materials, services, and facilities are scarce, critical, and essential—

- (i) to maintain or expand exploration, production, refining, transportation;
- (ii) to conserve energy supplies; or

⁵ Subsection (c) of sec. 101 was added by Public Law 94-163, the Energy Policy and Conservation Act of Dec. 22, 1975, sec. 104(a), 89 Stat. 878. Sec. 104(b) of Public Law 94-163 (50 U.S.C. 4511 note) provides as follows:

“(b) The expiration of the Defense Production Act of 1950 or any amendment of such Act after the date of enactment of this Act shall not affect the authority of the President under section 101(c) of such Act, as amended by subsection (a) of this section and in effect on the date of enactment of this Act, unless Congress by law expressly provides to the contrary.”

⁶ Section 6(3) of P.L. 102-99 amended section 101 by striking paragraphs (2) and (3) and inserting a new paragraph (2). The amendment probably should have been made to subsection (c) of section 101.

(iii) to construct or maintain energy facilities; and

(B) maintenance or expansion of exploration, production, refining, transportation, or conservation of energy supplies or the construction and maintenance of energy facilities cannot reasonably be accomplished without exercising the authority specified in paragraph (1) of this subsection.

(3)⁷ During any period when the authority conferred by this subsection is being exercised, the President shall take such action as may be appropriate to assure that such authority is being exercised in a manner which assures the coordinated administration of such authority with any priorities or allocations established under subsection (a) of this section and in effect during the same period.

(d) The head of each Federal agency to which the President delegates authority under this section shall—

(1) issue, and annually review and update whenever appropriate, final rules, in accordance with section 553 of title 5, United States Code, that establish standards and procedures by which the priorities and allocations authority under this section is used to promote the national defense, under both emergency and nonemergency conditions; and

(2) as appropriate and to the extent practicable, consult with the heads of other Federal agencies to develop a consistent and unified Federal priorities and allocations system.

【50 U.S.C. 4511】

SEC. 102. In order to prevent hoarding, no person shall accumulate (1) in excess of the reasonable demands of business, personal, or home consumption, or (2) for the purpose of resale at prices in excess of prevailing market prices, materials which have been designated by the President as scarce materials or materials the supply of which would be threatened by such accumulation. The President shall order published in the Federal Register, and in such other manner as he may deem appropriate, every designation of materials the accumulation of which is unlawful and any withdrawal of such designation. In making such designations the President may prescribe such conditions with respect to the accumulation of materials in excess of the reasonable demands of business, personal, or home consumption as he deems necessary to carry out the objectives of this Act. This section shall not be construed to limit the authority contained in sections 101 and 704 of this Act.

【50 U.S.C. 4512】

SEC. 103. Any person who willfully performs any act prohibited, or willfully fails to perform any act required, by the provisions of this title or any rule, regulation, or order thereunder, shall, upon conviction, be fined not more than \$10,000 or imprisoned for not more than one year, or both.

【50 U.S.C. 4513】

⁷Section 6(4) of P.L. 102-99 amended section 101 by redesignating paragraph (4) as (3). The amendment probably should have been made to subsection (c) of section 101.

SEC. 104. LIMITATION ON ACTIONS WITHOUT CONGRESSIONAL AUTHORIZATION.

(a) **WAGE OR PRICE CONTROLS.**—No provision of this Act shall be interpreted as providing for the imposition of wage or price controls without the prior authorization of such action by a joint resolution of Congress.

(b) **CHEMICAL OR BIOLOGICAL WEAPONS.**—No provision of title I of this Act shall be exercised or interpreted to require action or compliance by any private person to assist in any way in the production of or other involvement in chemical or biological warfare capabilities, unless authorized by the President (or the President's designee who is serving in a position at level I of the Executive Schedule in accordance with section 5312 of title 5, United States Code) without further redelegation.

[50 U.S.C. 4514]

SEC. 105. Nothing in this Act shall be construed to authorize the President to institute, without the approval of the Congress, a program for the rationing of gasoline among classes of end-users.

[50 U.S.C. 4515]

SEC. 106. For purposes of this Act, “energy” shall be designated as a “strategic and critical material” after the date of the enactment of this section: Provided, That no provision of this Act shall, by virtue of such designation grant any new direct or indirect authority to the President for the mandatory allocation or pricing of any fuel or feedstock (including, but not limited to, crude oil, residual fuel oil, any refined petroleum product, natural gas, or coal) or electricity or any other form of energy.

[50 U.S.C. 4516]

SEC. 107. STRENGTHENING DOMESTIC CAPABILITY.

(a) **IN GENERAL.**—Utilizing the authority of title III of this Act or any other provision of law, the President may provide appropriate incentives to develop, maintain, modernize, restore, and expand the productive capacities of domestic sources for critical components, critical technology items, materials, and industrial resources essential for the execution of the national security strategy of the United States.

(b) **CRITICAL COMPONENTS AND CRITICAL TECHNOLOGY ITEMS.**—

(1) **MAINTENANCE OF RELIABLE SOURCES OF SUPPLY.**—The President shall take appropriate actions to assure that critical components, critical technology items, essential materials, and industrial resources are available from reliable sources when needed to meet defense requirements during peacetime, graduated mobilization, and national emergency.

(2) **APPROPRIATE ACTION.**—For purposes of this subsection, appropriate action may include—

(A) restricting contract solicitations to reliable sources;

(B) restricting contract solicitations to domestic sources pursuant to—

- (i)⁸ section 3203(a)(1)(B) or 3204(a)(3) of title 10, United States Code;
- (ii)⁸ section 3303(a)(1)(B) or 3304(a)(3) of title 41, United States Code; or
- (iii) other statutory authority;
- (C) stockpiling critical components; and
- (D) developing substitutes for a critical component or a critical technology item.

SEC. 108. MODERNIZATION OF SMALL BUSINESS SUPPLIERS.

(a) **IN GENERAL.**—In providing any assistance under this Act, the President shall accord a strong preference for small business concerns which are subcontractors or suppliers, and, to the maximum extent practicable, to such small business concerns located in areas of high unemployment or areas that have demonstrated a continuing pattern of economic decline, as identified by the Secretary of Labor.

(b) **MODERNIZATION OF EQUIPMENT.**—

(1) **IN GENERAL.**—Funds authorized under title III may be used to guarantee the purchase or lease of advance manufacturing equipment, and any related services with respect to any such equipment for purposes of this Act.

(2) **SMALL BUSINESS SUPPLIERS.**—In considering proposals for title III projects under paragraph (1), the President shall provide a strong preference for proposals submitted by a small business supplier or subcontractor whose proposal—

(A) has the support of the department or agency which will provide the guarantee;

(B) reflects that the small business concern has made arrangements to obtain qualified outside assistance to support the effective utilization of the advanced manufacturing equipment being proposed for installation; and

(C) meets the requirements of section 301, 302, or 303.

TITLE II—AUTHORITY TO REQUISITION AND CONDEMN

【The authority to condemn was added by section 102 of the Defense Production Act Amendments of 1951, 65 Stat. 132–133, July 31, 1951. The title was terminated at the close of June 30, 1953, by section 11 of the Defense Production Act Amendments of 1953, 67 Stat. 131, June 30, 1953. Title II repealed by section 2(a)(2) of Public Law 111–67.】

⁸Section 1702(k)(4) of division A of Public Law 117-81 provides for an amendment to strike clauses (i) and (ii) and insert new clauses (i) and (ii). Such amendment incorrectly references the “Defense Production Act” instead of “The Defense Production Act of 1950”, however, it was carried out above to reflect the probable intent of Congress.

TITLE III—EXPANSION OF PRODUCTIVE CAPACITY AND SUPPLY

SEC. 301. PRESIDENTIAL AUTHORIZATION FOR THE NATIONAL DEFENSE.

(a) EXPEDITING PRODUCTION AND DELIVERIES OR SERVICES.—

(1) AUTHORIZED ACTIVITIES.—To reduce current or projected shortfalls of industrial resources, critical technology items, or essential materials needed for national defense purposes, subject to such regulations as the President may prescribe, the President may authorize a guaranteeing agency to provide guarantees of loans by private institutions for the purpose of financing any contractor, subcontractor, provider of critical infrastructure, or other person in support of production capabilities or supplies that are deemed by the guaranteeing agency to be necessary to create, maintain, expedite, expand, protect, or restore production and deliveries or services essential to the national defense.

(2) PRESIDENTIAL DETERMINATIONS REQUIRED.—Except during a period of national emergency declared by Congress or the President, a loan guarantee may be entered into under this section only if the President determines that—

(A) the loan guarantee is for an activity that supports the production or supply of an industrial resource, critical technology item, or material that is essential for national defense purposes;

(B) without a loan guarantee, credit is not available to the loan applicant under reasonable terms or conditions sufficient to finance the activity;

(C) the loan guarantee is the most cost effective, expedient, and practical alternative for meeting the needs of the Federal Government;

(D) the prospective earning power of the loan applicant and the character and value of the security pledged provide a reasonable assurance of repayment of the loan to be guaranteed;

(E) the loan to be guaranteed bears interest at a rate determined by the Secretary of the Treasury to be reasonable, taking into account the then-current average yield on outstanding obligations of the United States with remaining periods of maturity comparable to the maturity of the loan;

(F) the loan agreement for the loan to be guaranteed provides that no provision of the loan agreement may be amended or waived without the consent of the fiscal agent of the United States for the guarantee; and

(G) the loan applicant has provided or will provide—
(i) an assurance of repayment, as determined by the President; and
(ii) security—

(I) in the form of a performance bond, insurance, collateral, or other means acceptable to the fiscal agent of the United States; and

(II) in an amount equal to not less than 20 percent of the amount of the loan.

(3) LIMITATIONS ON LOANS.—Loans under this section may be—

(A) made or guaranteed under the authority of this section only to the extent that an appropriations Act—

(i) provides, in advance, budget authority for the cost of such guarantees, as defined in section 502 of the Federal Credit Reform Act of 1990 (2 U.S.C. 661a); and

(ii) establishes a limitation on the total loan principal that may be guaranteed; and

(B) made without regard to the limitations of existing law, other than section 1341 of title 31, United States Code.

(b) FISCAL AGENTS OF THE UNITED STATES.—

(1) IN GENERAL.—Any Federal agency or any Federal reserve bank, when designated by the President, is hereby authorized to act, on behalf of any guaranteeing agency, as fiscal agent of the United States in the making of such contracts of guarantee and in otherwise carrying out the purposes of this section.

(2) FUNDS.—All such funds as may be necessary to enable any fiscal agent described in paragraph (1) to carry out any guarantee made by it on behalf of any guaranteeing agency shall be supplied and disbursed by or under authority from such guaranteeing agency.

(3) LIMIT ON LIABILITY.—No fiscal agent described in paragraph (1) shall have any responsibility or accountability, except as agent in taking any action pursuant to or under authority of this section.

(4) REIMBURSEMENTS.—Each fiscal agent described in paragraph (1) shall be reimbursed by each guaranteeing agency for all expenses and losses incurred by such fiscal agent in acting as agent on behalf of such guaranteeing agency, including, notwithstanding any other provision of law, attorneys' fees and expenses of litigation.

(c) OVERSIGHT.—

(1) IN GENERAL.—All actions and operations of fiscal agents under authority of or pursuant to this section shall be subject to the supervision of the President, and to such regulations as the President may prescribe.

(2) OTHER AUTHORITY.—The President is authorized to prescribe—

(A) either specifically or by maximum limits or otherwise, rates of interest, guarantee and commitment fees, and other charges which may be made in connection with loans, discounts, advances, or commitments guaranteed by the guaranteeing agencies through fiscal agents under this section; and

(B) regulations governing the forms and procedures (which shall be uniform to the extent practicable) to be utilized in connection with such guarantees.

(d) AGGREGATE GUARANTEE AMOUNTS.—

(1) INDUSTRIAL RESOURCE AND CRITICAL TECHNOLOGY SHORTFALLS.—

(A) IN GENERAL.—If the making of any guarantee or obligation of the Federal Government under this title relating to a domestic industrial base shortfall would cause the aggregate outstanding amount of all guarantees for such shortfall to exceed \$50,000,000, any such guarantee may be made only—

(i) if the President has notified the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives in writing of the proposed guarantee; and

(ii) after the 30-day period following the date on which notice under clause (i) is provided.

(B) WAIVERS AUTHORIZED.—The requirements of subparagraph (A) may be waived—

(i) during a period of national emergency declared by Congress or the President; or

(ii) upon a determination by the President, on a nondelegable basis, that a specific guarantee is necessary to avert an industrial resource or critical technology item shortfall that would severely impair national defense capability.

(2) OTHER LIMITATIONS.—The authority conferred by this section shall not be used primarily to prevent the financial insolvency or bankruptcy of any person, unless—

(A) the President certifies that the insolvency or bankruptcy would have a direct and substantially adverse effect upon national defense production; and

(B) a copy of the certification under subparagraph (A), together with a detailed justification thereof, is transmitted to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives not later than 10 days prior to the exercise of that authority for such use.

[50 U.S.C. 4531]

SEC. 302. LOANS TO PRIVATE BUSINESS ENTERPRISES.

(a) LOAN AUTHORITY.—To reduce current or projected shortfalls of industrial resources, critical technology items, or materials essential for the national defense, the President may make provision for loans to private business enterprises (including nonprofit research corporations and providers of critical infrastructure) for the creation, maintenance, expansion, protection, or restoration of capacity, the development of technological processes, or the production of essential materials, including the exploration, development, and mining of strategic and critical metals and minerals.

(b) CONDITIONS OF LOANS.—Loans may be made under this section on such terms and conditions as the President deems necessary, except that—

(1) financial assistance may be extended only to the extent that it is not otherwise available from private sources on reasonable terms; and

(2) during periods of national emergency declared by the Congress or the President, no such loan may be made unless the President determines that—

(A) the loan is for an activity that supports the production or supply of an industrial resource, critical technology item, or material that is essential to the national defense;

(B) without the loan, United States industry cannot reasonably be expected to provide the needed capacity, technological processes, or materials in a timely manner;

(C) the loan is the most cost-effective, expedient, and practical alternative method for meeting the need;

(D) the prospective earning power of the loan applicant and the character and value of the security pledged provide a reasonable assurance of repayment of the loan in accordance with the terms of the loan, as determined by the President; and

(E) the loan bears interest at a rate determined by the Secretary of the Treasury to be reasonable, taking into account the then-current average yield on outstanding obligations of the United States with remaining periods of maturity comparable to the maturity of the loan.

(c) LIMITATIONS ON LOANS.—Loans under this section may be—

(1) made or guaranteed under the authority of this section only to the extent that an appropriations Act—

(A) provides, in advance, budget authority for the cost of such guarantees, as defined in section 502 of the Federal Credit Reform Act of 1990 (2 U.S.C. 661a); and

(B) establishes a limitation on the total loan principal that may be guaranteed; and

(2) made without regard to the limitations of existing law, other than section 1341 of title 31, United States Code.

(d) AGGREGATE LOAN AMOUNTS.—

(1) IN GENERAL.—If the making of any loan under this section to correct a shortfall would cause the aggregate outstanding amount of all obligations of the Federal Government under this title relating to such shortfall to exceed \$50,000,000, such loan may be made only—

(A) if the President has notified the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives, in writing, of the proposed loan; and

(B) after the 30-day period following the date on which notice under subparagraph (A) is provided.

(2) WAIVERS AUTHORIZED.—The requirements of paragraph (1) may be waived—

(A) during a period of national emergency declared by the Congress or the President; and

(B) upon a determination by the President, on a non-delegable basis, that a specific loan is necessary to avert an industrial resource or critical technology shortfall that would severely impair national defense capability.

SEC. 303. OTHER PRESIDENTIAL ACTION AUTHORIZED.**(a) IN GENERAL.—**

(1) **IN GENERAL.**—To create, maintain, protect, expand, or restore domestic industrial base capabilities essential for the national defense, the President may make provision—

(A) for purchases of or commitments to purchase an industrial resource or a critical technology item, for Government use or resale;

(B) for the encouragement of exploration, development, and mining of critical and strategic materials, and other materials;

(C) for the development of production capabilities; and

(D) for the increased use of emerging technologies in security program applications and the rapid transition of emerging technologies—

(i) from Government-sponsored research and development to commercial applications; and

(ii) from commercial research and development to national defense applications.

(2) TREATMENT OF CERTAIN AGRICULTURAL COMMODITIES.—

A purchase for resale under this subsection shall not include that part of the supply of an agricultural commodity which is domestically produced, except to the extent that such domestically produced supply may be purchased for resale for industrial use or stockpiling.

(3) **TERMS OF SALES.**—No commodity purchased under this subsection shall be sold at less than—

(A) the established ceiling price for such commodity, except that minerals, metals, and materials shall not be sold at less than the established ceiling price, or the current domestic market price, whichever is lower; or

(B) if no ceiling price has been established, the higher of—

(i) the current domestic market price for such commodity; or

(ii) the minimum sale price established for agricultural commodities owned or controlled by the Commodity Credit Corporation, as provided in section 407 of the Agricultural Act of 1949 (7 U.S.C. 1427).

(4) **DELIVERY DATES.**—No purchase or commitment to purchase any imported agricultural commodity shall specify a delivery date which is more than 1 year after the date of termination of this section.

(5) **PRESIDENTIAL DETERMINATIONS.**—Except as provided in paragraph (7), the President may not execute a contract under this subsection unless the President, on a non-delegable basis, determines, with appropriate explanatory material and in writing, that—

(A) the industrial resource, material, or critical technology item is essential to the national defense;

(B) without Presidential action under this section, United States industry cannot reasonably be expected to provide the capability for the needed industrial resource,

material, or critical technology item in a timely manner; and

(C) purchases, purchase commitments, or other action pursuant to this section are the most cost effective, expedient, and practical alternative method for meeting the need.

(6) NOTIFICATION TO CONGRESS OF SHORTFALL.—

(A) IN GENERAL.—Except as provided in paragraph (7), the President shall provide written notice to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives of a domestic industrial base shortfall prior to taking action under this subsection to remedy the shortfall. The notice shall include the determinations made by the President under paragraph (5).

(B) AGGREGATE AMOUNTS.—If the taking of any action under this subsection to correct a domestic industrial base shortfall would cause the aggregate outstanding amount of all such actions for such shortfall to exceed \$50,000,000, the action or actions may be taken only after the 30-day period following the date on which the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives have been notified in writing of the proposed action.

(C) LIMITATION.—If the taking of any action or actions under this section to correct an industrial resource shortfall would cause the aggregate outstanding amount of all such actions for such industrial resource shortfall to exceed \$50,000,000, no such action or actions may be taken, unless such action or actions are authorized to exceed such amount by an Act of Congress.

(7) WAIVERS AUTHORIZED.—The requirements of paragraphs (1) through (6) may be waived—

(A) during a period of national emergency declared by the Congress or the President; or

(B) upon a determination by the President, on a non-delegable basis, that action is necessary to avert an industrial resource or critical technology item shortfall that would severely impair national defense capability.

(b) EXEMPTION FOR CERTAIN LIMITATIONS.—Subject to the limitations in subsection (a), purchases and commitments to purchase and sales under subsection (a) may be made without regard to the limitations of existing law (other than section 1341 of title 31, United States Code), for such quantities, and on such terms and conditions, including advance payments, and for such periods, but not extending beyond a date that is not more than 10 years from the date on which such purchase, purchase commitment, or sale was initially made, as the President deems necessary, except that purchases or commitments to purchase involving higher than established ceiling prices (or if no such established ceiling prices exist, currently prevailing market prices) or anticipated loss on resale shall not be made, unless it is determined that supply of the materials could not be effectively increased at lower prices or on

terms more favorable to the Government, or that such purchases are necessary to assure the availability to the United States of overseas supplies.

(c) PRESIDENTIAL FINDINGS.—

(1) IN GENERAL.—The President may take the actions described in paragraph (2), if the President finds that—

(A) under generally fair and equitable ceiling prices, for any raw or nonprocessed material, there will result a decrease in supplies from high-cost sources of such material, and that the continuation of such supplies is necessary to carry out the objectives of this title; or

(B) an increase in cost of transportation is temporary in character and threatens to impair maximum production or supply in any area at stable prices of any materials.

(2) SUBSIDY PAYMENTS AUTHORIZED.—Upon a finding under paragraph (1), the President may make provision for subsidy payments on any such domestically produced material, other than an agricultural commodity, in such amounts and in such manner (including purchases of such material and its resale at a loss), and on such terms and conditions, as the President determines to be necessary to ensure that supplies from such high-cost sources are continued, or that maximum production or supply in such area at stable prices of such materials is maintained, as the case may be.

(d) INCIDENTAL AUTHORITY.—The procurement power granted to the President by this section shall include the power to transport and store and have processed and refined any materials procured under this section.

(e) INSTALLATION OF EQUIPMENT IN INDUSTRIAL FACILITIES.—

(1) INSTALLATION AUTHORIZED.—If the President determines that such action will aid the national defense, the President is authorized—

(A) to procure and install additional equipment, facilities, processes or improvements to plants, factories, and other industrial facilities owned by the Federal Government;

(BB) SUBSTANTIAL INTEREST DEFINED.—In this item, the term “substantial interest” has the meaning given that term in regulations which the Committee shall prescribe. An interest that is excluded under subparagraph (D) of subsection (a)(4) from the term “other investment” as used in subparagraph (B)(iii) of that subsection or that is less than a 10 percent voting interest shall not be considered a substantial interest.

(CC) WAIVER.—The Committee may waive, with respect to a foreign person, the requirement under subitem (AA) for the submission of a declaration described in subclause (I) if the Committee determines that the foreign person demonstrates that the investments of the foreign person are not directed by a foreign government and the foreign person has a history of cooperation with the Committee.

(iii) any covered transaction described in subparagraph (E), if—

(I) any party to the transaction or the entity resulting from consummation of the transaction materially breaches a mitigation agreement or condition described in subsection (1)(3)(A);

(II) such breach is certified to the Committee by the lead department or agency monitoring and enforcing such agreement or condition as a material breach; and

(III) the Committee determines that there are no other adequate and appropriate remedies or enforcement tools available to address such breach.

(B) APPLICABILITY.—Subparagraph (A) shall apply in each case in which—

(II) the transaction is a foreign government-controlled transaction; or

(III) the transaction would result in control of any critical infrastructure of or within the United States by or on behalf of any foreign person, if the Committee determines that the transaction could impair national security, and that such impairment to national security has not been mitigated by assurances provided or renewed with the approval of the Committee, as described in subsection (1), during the review period under paragraph (1); or

(ii) NONDELEGATION.—The authority of the Secretary or the head of an agency referred to in clause (i) may not be delegated to any person, other than the Deputy Secretary of the Treasury or the deputy head (or the equivalent thereof) of the lead agency, respectively.

(E) GUIDANCE ON CERTAIN TRANSACTIONS WITH NATIONAL SECURITY IMPLICATIONS.—The Chairperson shall, not later than 180 days after the effective date of the Foreign Investment and National Security Act of 2007, publish in the Federal Register guidance on the types of transactions that the Committee has reviewed and that have presented national security considerations, including transactions that may constitute covered transactions that would result in control of critical infrastructure relating to United States national security by a foreign government or an entity controlled by or acting on behalf of a foreign government.

(iii) AGREEMENTS AND CONDITIONS RELATING TO COMPLETED TRANSACTIONS.—The Committee or lead agency, as the case may be, may negotiate, enter into or impose, and enforce any agreement or condition with any party to a completed covered transaction in order to mitigate any interim risk to the national security of the United States that may arise as a result of

the covered transaction until such time that the Committee has completed action pursuant to subsection (b) or the President has taken action pursuant to subsection (d) with respect to the transaction.

(B) TREATMENT OF OUTDATED AGREEMENTS OR CONDITIONS.—The chairperson and the head of the lead agency shall periodically review the appropriateness of an agreement or condition imposed under subparagraph (A) and terminate, phase out, or otherwise amend the agreement or condition if a threat no longer requires mitigation through the agreement or condition.

(C) LIMITATIONS.—An agreement may not be entered into or condition imposed under subparagraph (A) with respect to a covered transaction unless the Committee determines that the agreement or condition resolves the national security concerns posed by the transaction, taking into consideration whether the agreement or condition is reasonably calculated to—

- (i) be effective;
- (ii) allow for compliance with the terms of the agreement or condition in an appropriately verifiable way; and
- (iii) enable effective monitoring of compliance with and enforcement of the terms of the agreement or condition.

(D) JURISDICTION.—The provisions of section 706(b) shall apply to any mitigation agreement entered into or condition imposed under subparagraph (A).

(4) RISK-BASED ANALYSIS REQUIRED.—

(B) ACTIONS OF MEMBERS OF THE COMMITTEE.—

(i) IN GENERAL.—Any member of the Committee who concludes that a covered transaction poses an unresolved national security concern shall recommend to the Committee that the Committee suspend the transaction under paragraph (1), refer the transaction to the President under paragraph (2), or negotiate, enter into or impose, or enforce any agreement or condition under paragraph (3)(A) with respect to the transaction. In making that recommendation, the member shall propose or contribute to the risk-based analysis required by subparagraph (A).

(ii) specific time frames for resubmitting any such written notice; and

(iii) a process for tracking any actions that may be taken by any party to the transaction, in connection with the transaction, before the notice referred to in clause (ii) is resubmitted.

(6) NEGOTIATION, MODIFICATION, MONITORING, AND ENFORCEMENT.—

(A) DESIGNATION OF LEAD AGENCY.—The lead agency shall negotiate, modify, monitor, and enforce, on behalf of the Committee, any agreement entered into or condition imposed under paragraph (3) with respect to a covered transaction, based on the expertise with and knowledge of the issues related to such transaction on the part of the designated department or agency. The lead agency may, at its discretion, seek and receive the assistance of other departments or agencies in carrying out the purposes of this paragraph.

(B) REPORTING BY DESIGNATED AGENCY.—The lead agency in connection with any agreement entered into or condition imposed with respect to a covered transaction shall—

(i) provide periodic reports to the Committee on any material modification to any such agreement or condition imposed with respect to the transaction; and

(i) negotiate a plan of action for the party or parties to remediate the lack of compliance, with failure to abide by the plan or otherwise remediate the lack of compliance serving as the basis for the Committee to find a material breach of the agreement or condition;

(ii) require that the party or parties submit a written notice under clause (i) of subsection (b)(1)(C) or a declaration under clause (v) of that subsection with respect to a covered transaction initiated after the date of the determination of noncompliance and before the date that is 5 years after the date of the determination to the Committee to initiate a review of the transaction under subsection (b); or

(iii) seek injunctive relief.

(E) USE OF INDEPENDENT ENTITIES TO MONITOR COMPLIANCE.—If the parties to an agreement entered into under paragraph (3)(A) enter into a contract with an independent entity from outside the United States Government for the purpose of monitoring compliance with the agreement, the Committee shall take such action as is necessary to prevent a conflict of interest from arising by ensuring that the independent entity owes no fiduciary duty to the parties.

(F) SUCCESSORS AND ASSIGNS.—Any agreement or condition entered into or imposed under paragraph (3)(A) shall be considered binding on all successors and assigns unless and until the agreement or condition terminates on its own terms or is otherwise terminated by the Committee in its sole discretion.

(G) ADDITIONAL COMPLIANCE MEASURES.—Subject to subparagraphs (A) through (F), the Committee shall develop and agree upon methods for evaluating compliance with any agreement entered into or condition imposed with respect to a covered transaction that will allow the Committee to adequately ensure compliance without unnecessarily diverting Committee resources from assessing any new covered transaction for which a written notice under clause (i) of subsection (b)(1)(C) or declaration under clause (v) of that subsection has been filed, and if necessary, reaching a mitigation agreement with or imposing a condition on a party to such covered transaction or any covered transaction for which a review has been reopened for any reason.
