SUBCOMMITTEE ON ADMINISTRATIVE OVERSIGHT AND THE COURTS

STANDARDS TO BE USED IN ADJUDICATING PRIVATE CLAIMS BILLS

The right to petition for redress of grievances is guaranteed by the first amendment to the Constitution. When called upon to decide whether relief should be granted persons seeking redress of grievances, the subcommittee is guided by principles of equity and justice. In connection with its jurisdiction over claims, the subcommittee considers private bills extending relief to individuals who have no other existing remedy. The task of the subcommittee is to determine whether the equities and circumstances of a case create a moral obligation on the part of the Government to extend relief to an individual.

1. The meeting of this subcommittee shall be held upon appropriate notice by the chairman of the subcommittee.
2. No consideration shall be given to any bill until request is made by the author or sponsor, who shall file sufficient evidence in its behalf.
3. No private bill shall be considered if an adequate judicial or administrative remedy exists, or where court proceedings are pending for the purpose of adjusting or changing the status of the beneficiary.
4. No favorable consideration shall be given to any private bill until the proper department or agency has submitted a report. The subcommittee will obtain such report upon request.
5. Upon receipt of reports from the Departments, private bills shall be scheduled for subcommittee consideration in the chronological order of their introduction, except that priority shall be given to bills introduced earliest in any of the previous Congresses.
6. Bills which have been previously tabled shall not be reconsidered unless new evidence is introduced showing a material change of the facts known to the subcommittee. In the event of a request for reconsideration the subcommittee shall, insofar as practicable, dispose of such request at the first meeting of the subcommittee following receipt of such request.

NOTE: The number of bills referred to the subcommittee makes it impossible to continue to review cases which were the subjects of unfavorable consideration at a prior time. A case considered by the subcommittee and rejected at a previous consideration will be viewed in the same light as a case which has been adversely decided by a court.

7. The subcommittee shall not consider any claim filed with the Office of Workmen's Compensation Programs, Department of Labor, considered on its merits and disallowed; or any bill awarding or increasing compensation to an employee or dependents in lieu of that prescribed by chapter 81—Compensation for Work Injuries, of title 5, U.S. Code, or otherwise interfering with the provisions of that chapter, except bills to waive the limitations of time contained in pertinent sections of the act.

NOTE: Bills to waive statutes of limitation as they apply to this subject area, may be waived upon two-thirds vote of this subcommittee. As a matter of policy, these bills will include, if approved by the subcommittee, a provision precluding the receipt of benefits for any period prior to their date of approval. In addition, such bills will include a limitation requiring presentation of claims within 6 months from the date of approval. The showing required by the subcommittee to warrant favorable consideration of such a bill is at least a prima facie case, coupled with justification for failure to file with the time prescribed by the act. Statute of limitations problems are the only aspects of employee compensation cases that will be entertained by the subcommittee. The subcommittee has concluded that if the relief now extended to regular government employees or persons entitled to benefits is inadequate under the general law, the remedy must come by general law, not by enactment of discriminatory private legislation in selected cases.

8. The subcommittee shall not consider any claim for retirement benefits, compensation, pension, or gratuity by an employee of the Government, or a member of the Armed Forces or the Reserves, or by his dependents, when the retirement benefits, compensation, pension, or gratuity to which such person claims to be entitled is specifically covered by statutes, which apply in a uniform manner to all similarly situated individuals.

NOTE: The subjects of benefits, compensation, retirement, and pension rights of persons who serve or who previously served in the Armed Forces of the United States are fully covered by public law. Private bills providing for the award of such benefits to persons or their dependents contrary to the system of benefits awarded under applicable law to other similarly situated individuals, will not be entertained by the subcommittee.

9. The subcommittee shall not consider any claim for retirement benefits, compensation, pension, or gratuity under the Railroad Retirement Act when such claim has been considered on its merits and disallowed or otherwise conflicts with the provisions and compensation of that act, except bills to waive the limitation of time. This rule may be waived only upon order of two-thirds of the subcommittee present and voting.
10. The subcommittee shall not consider any claims bill for benefits under the Social Security Act as amended, when an application for such benefits has been considered on its merits and disallowed or the provisions of the bill otherwise modify or extend the provision or benefits payable under that act, but this prohibition shall not apply to bills to waive limitations of time. This rule may be waived only upon order of two-thirds of the subcommittee.
11. In all bills carrying an appropriation, a provision shall be added limiting attorney's fees to not more than 10 percent. This limitation shall not apply to claims based upon findings of the chief commissioner of the Court of Claims, court decisions, or where extraordinary services have been rendered. In such cases the subcommittee will determine the amount of fee to be allowed.

SUBCOMMITTEE ON IMMIGRATION, BORDER SECURITY AND CITIZENSHIP

RULES OF PROCEDURE FOR INTRODUCING A PRIVATE RELIEF BILL (IMMIGRATION)

1. The introduction of a private bill does not act as a stay of deportation until the committee requests a departmental report. Requests for reports on private bills from the departments shall be made only upon a written request addressed to the chairman of the subcommittee by the author of such bill. That request shall contain the following information:

(a) *In the case of an alien who is physically in the United States:*

The date and place of the alien's last entry into the United States; his or her immigration status at that time (visitor, student, exchange student, crewman, stowaway, illegal border crosser, etc.); his or her age; place of birth; address in the United States; and the location of the U.S. Consulate at which he or she obtained a visa, if any.

(b) *In the case of an alien who is physically outside of the United States:*

The alien's age; place of birth; address; and the location of the U.S. Consulate before which his or her application for a visa is pending; and the address of the relationship to the person primarily interested in the alien's admission to the United States.

(c) *In the case of an alien who is seeking expeditious naturalization:*

The date the alien was admitted to the United States for permanent residence; his or her age; place of birth; and address in the United States.

2. The committee shall not address to the Attorney General communications designed to defer deportation of beneficiaries of private bills who have entered the United States as nonimmigrants, stowaways, in transit, deserting crewmen, or by surreptitiously entering without inspection through the land or sea borders of the United States.

Exemption from this rule may be granted by the subcommittee if the bill is designed to prevent unusual hardship to the beneficiary or to U.S. citizens. However, no such exemption may be granted unless the author of the bill has secured and filed with the subcommittee full and complete documentary evidence in support of his or her request to waive the rule.

3. No private bill shall be considered if an adequate judicial or administrative remedy exists, or where court proceedings are pending for the purpose of adjusting or changing the immigration status of the beneficiary.

4. No favorable consideration shall be given to any private bill until the proper department has submitted a report.

5. Upon the receipt of reports from the departments, private bills shall be scheduled for subcommittee consideration in the chronological order of their introduction, except that priority shall be given to bills introduced earliest in any previous Congresses.

6. Bills previously tabled shall not be reconsidered unless new evidence is introduced showing a material change of the facts known to the committee. In the event of a request for reconsideration the subcommittee shall, insofar as practicable, dispose of such request at the first meeting of the subcommittee following receipt of such request.

Material To Be Submitted by the Author

Supporting information shall be limited to three or four typewritten pages and must include an in-depth statement by the author setting forth the equities in the case and why an adequate judicial or administrative remedy is not available. Background material and other pertinent information, including character references, etc., are acceptable.

When a private immigration bill is recommended for favorable action, the supporting information is used for the Senate report and must be typewritten to be cut and pasted for printing. Therefore, do not send originals that you want returned. An important document, such as an original birth certificate, should be retained by the author—a copy will be sufficient for the subcommittee.
