RULES OF PROCEDURE FOR THE COMMITTEE ON HEALTH, EDUCATION, LABOR, AND PENSIONS

(As agreed to February 28, 2001)

RULE 1.—Subject to the provisions of rule XXVI, paragraph 5, of the Standing Rules of the Senate, regular meetings of the committee shall be held on the second and fourth Wednesday of each month, at 10:00 a.m., in room SD-430, Dirksen Senate Office Building. The chairman may, upon proper notice, call such additional meetings as he may deem necessary.

RULE 2.—The chairman of the committee or of a subcommittee, or if the chairman is not present, the ranking majority member present, shall preside at all meetings. The chairman may designate the ranking minority member to preside at hearings of the committee or subcommittee.

RULE 3.—Meetings of the committee or a subcommittee, including meetings to conduct hearings, shall be open to the public except as otherwise specifically provided in subsections (b) and (d) of rule 26.5 of the Standing Rules of the Senate.

RULE 4.—(a) Subject to paragraph (b), one-third of the membership of the committee, actually present, shall constitute a quorum for the purpose of transacting business. Any quorum of the committee which is composed of less than a majority of the members of the committee shall include at least one member of the majority and one member of the minority.

(b) A majority of the members of a subcommittee, actually present, shall constitute a quorum for the purpose of transacting business: provided, no measure or matter shall be ordered reported unless such majority shall include at least one member of the minority who is a member of the subcommittee. If, at any subcommittee meeting, a measure or matter cannot be ordered reported because of the absence of such a minority member, the measure or matter shall lay over for a day. If the presence of a member of the minority is not then obtained, a majority of the members of the subcommittee, actually present, may order such measure or matter reported.

(c) No measure or matter shall be ordered reported from the committee or a subcommittee unless a majority of the committee or subcommittee is actually present at the time such action is taken.

RULE 5.—With the approval of the chairman of the committee or subcommittee, one member thereof may conduct public hearings other than taking sworn testimony.

RULE 6.—Proxy voting shall be allowed on all measures and matters before the committee or a subcommittee if the absent member has been informed of the matter on which he is being recorded and has affirmatively requested that he be so recorded. While proxies may be voted on a motion to report a measure or matter from the committee, such a motion shall also require the concurrence of a majority of the members who are actually present at the time such action is taken.

The committee may poll any matters of committee business as a matter of unanimous consent; provided that every member is polled and every poll consists of the following two questions:

- (1) Do you agree or disagree to poll the proposal; and
- (2) Do you favor or oppose the proposal.

RULE 7.—There shall be prepared and kept a complete transcript or electronic recording adequate to fully record the proceedings of each committee or subcommittee meeting or conference whether or not such meetings or any part thereof is closed pursuant to the specific provisions of subsections (b) and (d) of rule 26.5 of the Standing Rules of the Senate, unless a majority of said members vote to forgo such a record. Such records shall contain the vote cast by each member of the committee or subcommittee on any question on which a “yea and nay” vote is demanded, and shall be available for inspection by any committee member. The clerk of the committee, or the clerk’s designee, shall have the responsibility to make appropriate arrangements to implement this rule.

RULE 8.—The committee and each subcommittee shall undertake, consistent with the provisions of rule XXVI, paragraph 4, of the Standing Rules of the Senate, to issue public announcement of any hearing it intends to hold at least one week prior to the commencement of such hearing.

RULE 9.—The committee or a subcommittee shall require all witnesses heard before it to file written statements of their proposed testimony at least 24 hours before a hearing, unless the chairman and the ranking minority member determine that there is good cause for failure to so file, and to limit their oral presentation to brief summaries of their arguments. The presiding officer at any hearing is authorized to limit the time of each witness appearing before the committee or a subcommittee. The committee or a subcommittee shall, as far as practicable, utilize testimony previously taken on bills and measures similar to those before it for consideration.

RULE 10.—Should a subcommittee fail to report back to the full committee on any measure within a reasonable time, the chairman may withdraw the measure from such subcommittee and report that fact to the full committee for further disposition.

RULE 11.—No subcommittee may schedule a meeting or hearing at a time designated for a hearing or meeting of the full committee. No more than one subcommittee executive meeting may be held at the same time.

RULE 12.—It shall be the duty of the chairman in accordance with section 133(c) of the Legislative Reorganization Act of 1946, as amended, to report or cause to be reported to the Senate, any measure or recommendation approved by the committee and to take or cause to be taken, necessary steps to bring the matter to a vote in the Senate.

RULE 13.—Whenever a meeting of the committee or subcommittee is closed pursuant to the provisions of subsection (b) or (d) of rule 26.5 of the Standing Rules of the Senate, no person other than members of the committee, members of the staff of the committee, and designated assistants to members of the committee shall be permitted to attend such closed session, except by special dispensation of the committee or subcommittee or the chairman thereof.

RULE 14.—The chairman of the committee or a subcommittee shall be empowered to adjourn any meeting of the committee or a subcommittee if a quorum is not present within fifteen minutes of the time schedule for such meeting.

RULE 15.—Whenever a bill or joint resolution repealing or amending any statute or part thereof shall be before the committee or a subcommittee for final consideration, the clerk shall place before each member of the committee or subcommittee a print of the statute or the part or section thereof to be amended or replaced showing by stricken-through type, the part or parts to be omitted and in italics, the matter proposed to be added, if a member makes a timely request for such print.

RULE 16.—An appropriate opportunity shall be given the minority to examine the proposed text of committee reports prior to their filing or publication. In the event there are supplemental, minority, or additional views, an appropriate opportunity shall be given the majority to examine the proposed text prior to filing or publication. Unless the chairman and ranking minority member agree on a shorter period of time, the minority shall have no fewer than three business days to prepare supplemental, minority or additional views for inclusion in a committee report from the time the majority makes the proposed text of the committee report available to the minority.

RULE 17.—(a) The committee, or any subcommittee, may issue subpoenas, or hold hearings to take sworn testimony or hear subpoenaed witnesses, only if such investigative activity has been authorized by majority vote of the committee.

(b) For the purpose of holding a hearing to take sworn testimony or hear subpoenaed witnesses, three members of the committee or subcommittee shall constitute a quorum: provided, with the concurrence of the chairman and ranking minority member of the committee or subcommittee, a single member may hear subpoenaed witnesses or take sworn testimony.

(c) The committee may, by a majority vote, delegate the authority to issue subpoenas to the chairman of the committee or a subcommittee, or to any member designated by such chairman. Prior to the issuance of each subpoena, the ranking minority member of the committee or subcommittee, and any other member so requesting, shall be notified regarding the identity of the person to whom it will be issued and the nature of the information sought and its relationship to the authorized investigative activity, except where the chairman of the committee or subcommittee, in consultation with the ranking minority member, determines that such notice would unduly impede the investigation. All information obtained pursuant to such investigative activity shall be made available as promptly as possible to each member of the committee requesting same, or to any assistant to a member of the committee designated by such member in writing, but the use of any such information is subject to restrictions imposed by the rules of the Senate. Such information, to the extent that it is relevant to the investigation shall, if requested by a member, be summarized in writing as soon as practicable. Upon the request of any member, the chairman of the committee or subcommittee shall call an executive session to discuss such investigative activity or the issuance of any subpoena in connection therewith.

(d) Any witness summoned to testify at a hearing, or any witness giving sworn testimony, may be accompanied by counsel of his own choosing who shall be permitted, while the witness is testifying, to advise him of his legal rights.

(e) No confidential testimony taken or confidential material presented in an executive hearing, or any report of the proceedings of such an executive hearing, shall be made public, either in whole or in part or by way of summary, unless authorized by a majority of the members of the committee or subcommittee.

RULE 18.—Presidential nominees shall submit a statement of their background and financial interests, including the financial interests of their spouse and children living in their household, on a form approved by the committee which shall be sworn to as to its completeness and accuracy. The committee form shall be in two parts—

(I) information relating to employment, education and background of the nominee relating to the position to which the individual is nominated, and which is to be made public; and,

(II) information relating to financial and other background of the nominee, to be made public when the committee determines that such information bears directly on the nominee's qualifications to hold the position to which the individual is nominated.

Information relating to background and financial interests (parts I and II) shall not be required of (a) candidates for appointment and promotion in the Public Health Service Corps; and (b) nominees for less than full-time appointments to councils, commissions or boards when the committee determines that some or all of the information is not relevant to the nature of the position. Information relating to other background and financial interests (part II) shall not be required of any nominee when the committee determines that it is not relevant to the nature of the position.

Committee action on a nomination, including hearings or meetings to consider a motion to recommend confirmation, shall not be initiated until at least five days after the nominee submits the form required by this rule unless the chairman, with the concurrence of the ranking minority member, waives this waiting period.

RULE 19.—Subject to statutory requirements imposed on the committee with respect to procedure, the rules of the committee may be changed, modified, amended or suspended at any time; provided, not less than a majority of the entire membership so determine at a regular meeting with due notice, or at a meeting specifically called for that purpose.

Rule 20.—When the ratio of members on the committee is even, the term “majority” as used in the committee’s rules and guidelines shall refer to the party of the chairman for purposes of party identification. Numerical requirements for quorums, votes and the like shall be unaffected.

Rule 21.—First degree amendments must be filed with the chairman at least 24 hours before an executive session. The chairman shall promptly distribute all filed amendments to the members of the committee. The chairman may modify the filing requirements to meet special circumstances with the concurrence of the ranking minority member.

Rule 22.—In addition to the foregoing, the proceedings of the committee shall be governed by the Standing Rules of the Senate and the provisions of the Legislative Reorganization Act of 1946, as amended.
