### APPENDIX No. 1

#### MEMORANDUM ON FEDERAL POSITIONS EXCEPTED FROM THE COMPETITIVE SYSTEM BY THE CIVIL SERVICE COMMISSION

##### *Authority*

By Executive order, the President has authorized the Civil Service Commission to exempt from the competitive civil service positions which otherwise would be subject to the Civil Service rules and regulations governing appointment and employment, generally. Civil Service Rule VI defines schedules A, B, and C and grants authority for the Civil Service Commission to list positions in these excepted schedules. Under Civil Service Rule IX, which established the Executive Assignment System for positions in grades GS-16, GS-17, and GS-18, the Commission may except positions and authorize agencies to fill them under noncareer executive assignment.

The Commission has been given the authority to revoke schedule A, B, and C listings. It also periodically reviews exceptions made under Rule IX and, after consultation with the agency concerned, revokes exceptions of executive assignment positions which no longer meet the criteria for exception.

The Commission makes decisions about exceptions and revocations after consideration of agency justifications and its own independent reviews and analyses. These decisions are made by the Commissioners personally and are not delegated.

##### *Categories of exceptions*

*Noncareer executive assignment.*—These assignments are made to positions in grades GS-16, GS-17, and GS-18 which are either of a top policy-determining character or have a close and confidential working relationship to a top policy official. The positions are of the type which share with Presidential appointees the advocacy of current Administration policies and help assure control of the executive machinery of Government by the political party in power.

*Schedule C.*—This schedule is for positions of a confidential or policy-determining character not in grades GS-16, GS-17, or GS-18.

*Schedule A.*—This schedule is for positions, not of a confidential or policy-determining character, for which it is not practicable to hold any kind of examination, either competitive or noncompetitive. Examples are positions of attorneys for which examination is forbidden by law, student interns, and certain part-time jobs depending on residency in isolated locations.

*Schedule B.*—This schedule is for positions, not of a confidential or policy-determining character, for which it is not practicable to hold a competitive examination, but for which a noncompetitive examination (meeting basic requirements) is required, such as communications intelligence positions in a military department.

##### *Filling excepted positions*

Agencies generally establish qualification requirements for excepted positions, although the Civil Service Commission does this for positions listed in schedule B and for positions authorized to be filled by noncareer executive assignment. The Commission must approve the qualifications of all appointees to positions in grades GS-16, GS-17, and GS-18.

##### *Removals from excepted positions*

Because of their policy-determining or confidential nature, positions authorized to be filled by noncareer executive assignment and positions in schedule C may be subject to change in a change of National Administration. However, some incumbents of these and other excepted positions are entitled to certain protections, which are outlined in the table on the following page.

## APPENDIX

## APPENDIX No. 2

## REMOVALS FROM EXCEPTED POSITIONS

Status of employee	Procedure required	Appeal privileges
1. All employees serving under temporary appointment.	Notification only-----	None.
2. All employees serving under Presidential appointment with confirmation by the Senate.	-----do-----	Do.
3. Nonveterans without personal status <sup>1</sup> or status in their positions. <sup>2</sup>	-----do-----	Do.
4. Veterans:		
a. With less than 1 year of current continuous employment serving in positions excepted by statute; in schedule A or C; or filled by noncareer executive assignment.	-----do-----	Do.
b. With less than 1 year of current continuous employment and without personal status serving in schedule B.	-----do-----	Do.
5. All employees:		
a. With personal status serving in schedule B.	The removal must be for such cause as will promote the efficiency of the service.	Appeal to Civil Service Commission covers sufficiency of reasons for removal as well as compliance with prescribed procedures.
b. With status in their positions serving in schedule A, B or C.	The employee must be notified in writing at least 30 days in advance of the proposed removal and the specific reasons for it.	
6. Veterans with 1 year or more of current continuous employment serving in positions excepted by statute; in schedule A, B, or C; or filled by noncareer executive assignment.	He must be given a reasonable time to answer. His reply must be considered by the appointing officer. He must be given a written decision containing the reasons for the action and informing him of his right of appeal to the Commission.	

<sup>1</sup> Personal status is civil service acquired during a period of competitive service.

<sup>2</sup> An employee has status in his position if (a) he was serving, with civil service status, in a position in the competitive service when the Civil Service Commission listed the position in schedule A, B, or C, and (b) he is still serving in that position. This covers employees in attorney positions on Jan. 23, 1955, who were serving with civil service status in attorney positions on May 1, 1947, and who have served continuously in attorney positions between those dates, even though movement to a different agency or activity between those dates may have been effected as an "excepted appointment."

## APPENDIX No. 3—PAY SCHEDULES

## FEDERAL SALARY SCHEDULES 1973

Initial appointments to positions under the Classification Act are made at the minimum rate of the grade. Authority exists for appointment at higher rates for persons of unique qualifications or for persons qualified for positions which the Government finds unusually difficult to fill, such as scientific, engineering, medical, and research positions. Special salary schedules are established and periodically revised by the Civil Service Commission for some of these positions, and Commission approval is required before an agency can place a "uniquely qualified" person at a rate in the excess of minimum rate for grade 13 and above.

Step increases are granted at the end of 52 weeks for the first 3 steps, at the end of 104 weeks for the next 3 steps, and at the end of 156 weeks for steps 7, 8, and 9 if the employee performs satisfactory work at an acceptable level of competence. Rates of pay established at \$36,000 and above under the Executive Schedule may be increased pending the results of a study commission to be established under Public Law 90-206. This would relieve the compression of top salaries under the General Schedule and Foreign Service Officer Schedule which are now limited to the rate for Level V at \$36,000. These schedules may be changed under annual reviews as provided in subchapter I, Chapter 53, Title 5, U.S.C.
