

Whereas, sending military ground troops to fight against Yugoslav military and security forces increases the possibility that young American soldiers will be injured or killed and become casualties of war; and

Whereas, as long as there are restrictions and discrimination and the encouragement and enticement for restrictions and discrimination based on age perpetuated by the federal government and sustained by state governments on persons aged eighteen through twenty years, such persons should not be sent to participate in any combat operations until such restrictions and discrimination and the enticement and encouragement therefor cease to exist; and

Whereas, the young men and women of the United States armed forces are the future military leaders of our nation.

Therefore, be it: *Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to ensure that United States military service personnel under the age of twenty-one are not sent to participate in any combat operations carried out by ground troops in Yugoslavia.

Be it further *resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-307. A concurrent resolution adopted by the Legislature of the State of Louisiana relative to the compensation of retired military personnel; to the Committee on Armed Services.

#### HOUSE CONCURRENT RESOLUTION NO. 205

Whereas, many American servicemen and women have dedicated their careers to protect the rights and privileges that the public at large enjoys and, in doing so, many also endured hardships, privation, the threat of death or disability, and long separations from their families; and

Whereas, career military personnel earn retirement benefits based on longevity, which requires a minimum of twenty years honorable and faithful service at the time of retirement and, by contrast, veterans' disability compensation requires a minimum of ninety days active duty service and is intended to compensate for pain, suffering, disfigurement, chemical-related injuries, wounds, and loss of earnings capacity; and

Whereas, military personnel contribute toward their retirement pay with employee contributions which reduces their congress-approved base pay which some assert is lower than their civilian counterparts and which is paid based on a life and career of hardship, long hours without overtime pay and lack of freedom of expression through employee unions; and

Whereas, integral to the success of the nation's military forces are those soldiers and sailors who have made a career of defending our great country in peace and war from the revolutionary war to present day but, notwithstanding that fact, there exists a gross inequity in the federal statutes that denies disabled career military personnel equal rights to receive veterans' disability compensation concurrent with receipt of earned military retired pay; and

Whereas, veterans who are both retired and disabled are denied concurrent receipt of full retirement pay and disability pay, but instead may receive one or the other or must have deducted from their retirement pay an amount equal to the disability compensation being received by such veterans, and no such deduction applies to federal civil service so that a disabled veteran who has held a non-military federal job for the requisite dura-

tion receives full longevity pay undiminished by the subtraction of disability compensation pay; and

Whereas, this injustice and discrimination can only be corrected by legislation which, if enacted into law, will ensure that America's commitment to a strong military in pursuit of national and international goals is a reflection of the allegiance of those who sacrifice on behalf of those goals.

Therefore, be it: *Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to amend the United States Code, Chapter 71, relating to the compensation of retired military personnel, to permit full, concurrent receipt of military longevity pay and service-connected disability compensation pay.

Be it further *resolved*, That copies of this Resolution be transmitted to the president of the United States, to the speaker of the United States House of Representatives, to the president of the United States Senate, and to the members of the Louisiana congressional delegation that they may be apprised of the sense of the Legislature of Louisiana in this matter.
