|                                                                                                                                                                                            |           |                                                                                                                                                                                                   |           | The conference agreement includes \$281,226,000 for Business Services Support, instead of \$286,013,000 as proposed by the House and \$282,226,000 as proposed by the Senate. The agreement does not include an additional \$33,953,000, to be derived from section 241 evaluation set-aside funds, as proposed by the House. |         |
|                                                                                                                                                                                            |           |                                                                                                                                                                                                   |           | The conferees concur with language in the Senate report regarding the Director's authority to reallocate savings that result                                                                                                                                                                                                  |         |

from efficiencies gained in business services support to the Director's Discretionary Fund upon notification of the Committees on Appropriations in the House and Senate.

The conferees request that the Director submit a report to the House and Senate Committees on Appropriations within 60 days of enactment showing, for fiscal years 2004 and 2005, the actual or planned division of funding between intramural and extramural programs for each budget activity and sub-activity. For those activities where funding is provided to state and local health departments through general cooperative agreements (such as many chronic disease programs, or tuberculosis or STD control), the report should also show the division of extramural funding between these cooperative agreements and other extramural programs.

The conferees also request that CDC include no less detail than provided in past years in the Justification of Estimates for the Appropriations Committees accompanying the budget for fiscal year 2006, including the functional tables for each budget activity, the mechanism table by activity, and the crosswalks of funding between programs and CDC organizations.

#### NATIONAL INSTITUTES OF HEALTH NATIONAL CANCER INSTITUTE

The conference agreement includes \$4,865,525,000 for the National Cancer Institute instead of \$4,870,025,000 as proposed by the House and \$4,894,900,000 as proposed by the Senate.

#### NATIONAL HEART, LUNG AND BLOOD INSTITUTE

The conference agreement includes \$2,965,453,000 for the National Heart, Lung and Blood Institute instead of \$2,963,953,000 as proposed by the House and \$2,985,900,000 as proposed by the Senate.

#### NATIONAL INSTITUTE OF DENTAL AND CRANIOFACIAL RESEARCH

The conference agreement includes \$395,080,000 for the National Institute of Dental and Craniofacial Research instead of \$394,080,000 as proposed by the House and \$399,200,000 as proposed by the Senate.

#### NATIONAL INSTITUTE OF DIABETES AND DIGESTIVE AND KIDNEY DISEASES

The conference agreement includes \$1,727,696,000 for the National Institute of Diabetes and Digestive and Kidney Diseases instead of \$1,726,196,000 as proposed by the House and \$1,739,100,000 as proposed by the Senate. An amount of \$150,000,000 is also available to the Institute through a permanent appropriation for juvenile diabetes.

The conferees understand that study of Diamond Blackfan Anemia (DBA), may lead to important strides in research important to NIDDK, especially relating to red cell formation, gene therapy, mechanisms of iron overload and the development of treatment options for patients with iron overload. The conferees strongly encourage NIDDK to develop grant opportunities to support DBA research in these areas and to collaborate with NHLBI to develop appropriate research initiatives for DBA.

#### NATIONAL INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE

The conference agreement includes \$1,552,123,000 for the National Institute of Neurological Disorders and Stroke instead of \$1,545,623,000 as proposed by the House and \$1,569,100,000 as proposed by the Senate.

The conferees support an effort currently underway at NIH to identify FDA-approved drugs with potential for treating amyotrophic lateral sclerosis (ALS), Huntington's disease, and other neurodegenerative diseases. The conferees applaud the collaboration between the

NINDS and private organizations on this drug screening project, and encourage NINDS to work with voluntary associations to expand the high throughput drug screening consortium sponsored by NINDS to include screens for compounds that ameliorate cellular changes in Duchenne muscular dystrophy.

#### NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$4,440,007,000 for the National Institute of Allergy and Infectious Diseases as proposed by the House instead of \$4,456,300,000 as proposed by the Senate.

The conference agreement includes bill language permitting the transfer of \$100,000,000 to International Assistance Programs, Global Fund to Fight HIV/AIDS, Malaria, and Tuberculosis as proposed by the House instead of \$149,115,000 as proposed by the Senate.

The conferees are concerned about the high prevalence of food allergies, among children in particular, with up to eight percent affected. The conferees recognize that 30,000 individuals require emergency room treatment for food allergies each year, that 100 to 200 individuals die each year from allergic reactions to food, and that there is currently no cure for food allergies. For this reason, NIAID is encouraged to invest in research into the causes of food allergies and its potential treatments.

#### NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES

The conference agreement includes \$1,959,810,000 for the National Institute of General Medical Sciences as proposed by the House instead of \$1,975,500,000 as proposed by the Senate.

#### NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT

The conference agreement includes \$1,280,915,000 for the National Institute of Child Health and Human Development as proposed by the House instead of \$1,288,900,000 as proposed by the Senate.

The conferees commend NICHD for its leadership of the agencies and groups that have joined together to develop the National Children's Study. This group has made excellent progress in planning and preparing for the full implementation of the Study. Some projections indicate that the annual reductions in health care costs that are likely to be made possible by the Study's results will be significantly larger than the total funding levels that will be required to conduct it. To assist in planning for the future needs of the study, the conferees request that, within 120 days of the final enactment of this appropriation, NICHD provide the most recent projections of the total and annual costs of the study.

#### NATIONAL EYE INSTITUTE

The conference agreement includes \$674,578,000 for the National Eye Institute instead of \$671,578,000 as proposed by the House and \$680,300,000 as proposed by the Senate.

#### NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

The conference agreement includes \$650,027,000 for the National Institute of Environmental Health Sciences as proposed by the House instead of \$655,100,000 as proposed by the Senate.

#### NATIONAL INSTITUTE ON AGING

The conference agreement includes \$1,060,666,000 for the National Institute on Aging instead of \$1,055,666,000 as proposed by the House and \$1,094,500,000 as proposed by the Senate.

Of the nearly 35 million Americans age 65 and older, an estimated seven million suffer from a depressive illness or depressive symptoms. Depressive symptoms tend to be persistent and to interfere significantly with an individual's ability to function. The conferees encourage NIA to expand research into treatment of mental illnesses in the elderly. The conferees further recommend that NIA expand its collaboration with NIMH as well as NINR on Alzheimer's disease to include research related to identifying effective treatments for elderly persons who suffer from depression.

#### NATIONAL INSTITUTE OF ARTHRITIS AND MUSCULOSKELETAL AND SKIN DISEASES

The conference agreement includes \$515,378,000 for the National Institute of Arthritis and Musculoskeletal and Skin Diseases as proposed by the House instead of \$520,900,000 as proposed by the Senate.

The conferees encourage NIAMS to coordinate with other Institutes to enhance research relevant to scoliosis and to identify bio-mechanical causes and genetic markers, develop prenatal and childhood detection testing and strategies to prevent the deformity.

#### NATIONAL INSTITUTE ON DEAFNESS AND OTHER COMMUNICATION DISORDERS

The conference agreement includes \$397,507,000 for the National Institute on Deafness and Other Communication Disorders instead of \$393,507,000 as proposed by the House and \$399,000,000 as proposed by the Senate.

#### NATIONAL INSTITUTE OF NURSING RESEARCH

The conference agreement includes \$139,198,000 for the National Institute of Nursing Research as proposed by the House instead of \$140,200,000 as proposed by the Senate.

#### NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM

The conference agreement includes \$441,911,000 for the National Institute on Alcohol Abuse and Alcoholism as proposed by the House instead of \$444,900,000 as proposed by the Senate.

#### NATIONAL INSTITUTE ON DRUG ABUSE

The conference agreement includes \$1,014,760,000 for the National Institute on Drug Abuse instead of \$1,012,760,000 as proposed by the House and \$1,026,200,000 as proposed by the Senate. The agreement does not include \$6,300,000 in program evaluation funding as proposed by the House. The Senate bill did not include any program evaluation funding.

#### NATIONAL INSTITUTE OF MENTAL HEALTH

The conference agreement includes \$1,423,609,000 for the National Institute of Mental Health instead of \$1,420,609,000 as proposed by the House and \$1,436,800,000 as proposed by the Senate.

#### NATIONAL HUMAN GENOME RESEARCH INSTITUTE

The conference agreement includes \$492,670,000 for the National Human Genome Research Institute as proposed by the House instead of \$496,400,000 as proposed by the Senate.

#### NATIONAL INSTITUTE OF BIOMEDICAL IMAGING AND BIOENGINEERING

The conference agreement includes \$300,647,000 for the National Institute of Biomedical Imaging and Bioengineering instead of \$297,647,000 as proposed by the House and \$300,800,000 as proposed by the Senate.

#### NATIONAL CENTER FOR RESEARCH RESOURCES

The conference agreement includes \$1,124,141,000 for the National Center for Research Resources instead of \$1,094,141,000 as proposed by the House and \$1,213,400,000 as proposed by the Senate.

The conference agreement includes bill language to earmark \$30,000,000 for extramural facilities construction grants instead of \$119,220,000 as proposed by the Senate. The House did not provide funding for extramural facilities construction.

NATIONAL CENTER FOR COMPLEMENTARY AND ALTERNATIVE MEDICINE

The conference agreement includes \$123,116,000 for the National Center for Complementary and Alternative Medicine instead of \$121,116,000 as proposed by the House and \$121,900,000 as proposed by the Senate.

NATIONAL CENTER ON MINORITY HEALTH AND HEALTH DISPARITIES

The conference agreement includes \$197,780,000 for the National Center on Minority Health and Health Disparities instead of \$196,780,000 as proposed by the House and \$197,900,000 as proposed by the Senate.

JOHN E. FOGARTY INTERNATIONAL CENTER

The conference agreement includes \$67,182,000 for the John E. Fogarty International Center as proposed by the House instead of \$67,600,000 as proposed by the Senate.

NATIONAL LIBRARY OF MEDICINE

The conference agreement provides \$317,947,000 for the National Library of Medicine instead of \$316,947,000 as provided by the House and \$316,900,000 as provided by the Senate. In addition, \$8,200,000 is provided from section 241 authority as proposed by both the House and Senate.

OFFICE OF THE DIRECTOR

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$361,145,000 for the Office of the Director instead of \$359,645,000 as proposed by the House and \$364,100,000 as proposed by the Senate.

The conference agreement includes bill language providing up to \$10,000,000 to be used for the flexible research authority as described in section 217 of the bill as proposed by the Senate instead of \$7,500,000 as proposed by the House.

The conference agreement includes a modification to House bill language that grants specific permission to NIH to fund a portion of the Roadmap Initiative through a uniform charge against the budgets of all Institutes and Centers. The conferees have deleted a specific dollar limit on such funding, in order to provide NIH with flexibility to adjust that amount in response to changing cost estimates and scientific needs. However, the agreement requires the Director to notify the Appropriations Committees before exceeding the original NIH Roadmap estimate of \$176,800,000. The conferees have also added language to clarify that these provisions are not intended to limit the ability of Institutes and Centers to fund research related to the Roadmap Initiative out of their own budgets through their normal priority setting and scientific review processes.

The conferees concur with the direction contained in the House report for NIH to notify the Appropriations Committees on a quarterly basis if the contributions from Institutes and Centers or allocation of funding by Roadmap initiative changes from what is presented in the congressional justification.

The conference agreement includes bill language indicating that \$10,000 of the funds provided may be used for official reception and representation expenses if specifically approved by the Director. The Senate bill contained similar language as a general provision. The House bill did not contain similar language.

The conferees concur with the concerns expressed in the Senate report about the disapproving precedent contained in the Administration request that would have used average cost assumptions inconsistent with

NIH's own Cost Management Plan. To the extent that resources allow, the conferees believe that NIH should follow its Cost Management Plan principles, which will help NIH continue to maintain the purchasing power of the research in which it invests.

The conferees concur in the House report language indicating that the administration proposal to multi-year fund some or all NIH grants is not approved. The Senate did not have a similar provision.

The conferees are aware of the draft NIH policy on increasing public access to NIH-funded research. Under this policy, NIH would request investigators to voluntarily submit electronically the final, peer reviewed author's copy of their scientific manuscripts; six months after the publisher's date of publication, NIH would make this copy publicly available through PubMed Central. The policy is intended to help ensure the permanent preservation of NIH-funded research and make it more readily accessible to scientists, physicians, and the public. The conferees note that the comment period for the draft policy ended November 16th; NIH is directed to give full and fair consideration to all comments before publishing its final policy. The conferees request NIH to provide the estimated costs of implementing this policy each year in its annual Justification of Estimates to the House and Senate Appropriations Committees. In addition, the conferees direct NIH to continue to work with the publishers of scientific journals to maintain the integrity of the peer review system.

The conferees are aware that recent advances in multidisciplinary research combining biomaterials, cell biology, computer modeling, micro-machining and nanotechnology have made it possible to produce fully functioning replacement kidneys and liver tissue. The multidisciplinary tissue engineering research efforts have resulted in positive results to date in the development of a compact, wearable continuous kidney dialysis system that will greatly improve the lives of patients. The conferees encourage the Director of NIH to pursue research initiatives on the development of tissue-engineered compact, wearable, continuous kidney dialysis and liver support systems.

The conferees encourage NIAID, other Institutes within NIH and other appropriate Federal agencies to provide support for the study of Eosinophilia Myalgia Syndrome (EMS) and other immune mediated diseases that manifest symptoms like those of EMS. These systemic illnesses require new approaches, such as systems biology, to understand root causes of disease onset, to assess treatment options and to understand clinical and epidemiological aspects. EMS and EMS-like diseases have afflicted thousands, remain incurable, and continue to be difficult to diagnose.

The conferees are aware that NIH has recently completed a Trans-NIH Liver Disease Research Action Plan and urge that steps be taken to insure that its implementation begins in fiscal year 2006. The conferees further request a report by March 1, 2005 to discuss the timeline and priorities for implementing the full plan.

The conferees acknowledge the positive conclusions of the evidence-based review recently completed by the Office of Dietary Supplements on the potential benefits of omega-3 fatty acids in significantly lowering the risks of cardiovascular disease, especially coronary heart disease. The conferees urge NIH to undertake the design and planning of the recommended clinical trials needed to provide conclusive evidence regarding the potential of omega-3 fatty acids in reducing cardiovascular morbidity and mortality in the general U.S. population.

BUILDINGS AND FACILITIES

The conference agreement includes \$111,177,000 for buildings and facilities instead of \$99,500,000 as proposed by the House and \$114,500,000 as proposed by the Senate.

The conference agreement includes bill language granting full scope authority for the contracting of construction of the first and second phases of the John E. Porter Neurosciences Building as proposed by the Senate. The House did not have a similar provision. The agreement provides \$14,700,000 to continue construction of the building. The Senate report provided \$15,000,000 for this purpose.

The conferees wish to recognize and honor former Congressman Joseph Daniel Early for his contribution to the National Institutes of Health. Mr. Early served in Congress from 1975 to 1993, and served on the House Labor, Health, and Human Services Appropriations Subcommittee. During his time on the Subcommittee, he tirelessly advocated on behalf of the NIH, and the importance of medical research. Even before this Subcommittee undertook bold efforts such as the recent doubling of NIH funding, Mr. Early was on the forefront of recognizing the critical role of the federal government in supporting medical research, and the significance of the work of the NIH. His efforts have undoubtedly improved the health of many Americans. The conferees strongly urge the NIH to honor Mr. Early's contribution to the NIH by designating one of the two outdoor courtyards in the Mark O. Hatfield Clinical Research Center as the "Joseph D. Early Plaza (or Courtyard)". The conferees hope that such a space will include a stone marker, plaque, or sculpture that would prominently pay tribute to Mr. Early's contributions to the NIH.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES

The conference agreement includes \$3,418,664,000 for substance abuse and mental health services, of which \$3,295,361,000 is provided through budget authority and \$123,303,000 is provided through the evaluation set-aside. The House bill had proposed \$3,391,663,000 for SAMHSA, of which \$121,303,000 was from the evaluation set-aside and the Senate proposed \$3,484,729,000, of which \$123,303,000 was from the evaluation set-aside. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

Within the total provided, the conference agreement includes funding at no less than the fiscal year 2004 level for activities throughout SAMHSA that are targeted to address the growing HIV/AIDS epidemic and its disparate impact on communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders.

The conference agreement includes bill language identifying \$23,107,000 for projects in the amounts specified in the statement of the managers on the conference report.

CENTER FOR MENTAL HEALTH SERVICES

The conference agreement includes \$276,646,000 for programs of regional and national significance instead of \$257,420,000 as proposed by the House and \$303,128,000 as proposed by the Senate.

The conference agreement provides \$20,000,000 for the State incentive grants for transformation as proposed by the House rather than \$43,782,000 as proposed by the Senate. These competitive grants will support the development of comprehensive State mental health plans and improve the mental health services infrastructure.

Within the total provided, the conference agreement provides \$95,000,000 for counseling services for school-aged youth as proposed by the Senate. In addition, \$3,000,000 is provided to support the national suicide prevention resource center and continued support is also provided for the suicide prevention hotline program at \$3,070,000 as proposed by the Senate.

The conference agreement includes \$7,000,000 for grants and cooperative agreements to develop early intervention and prevention strategies, training and technical assistance to address the growing problem of youth suicide.

The conference agreement provides \$2,000,000, rather than \$4,500,000 as proposed by the Senate, to make grants to local educational systems or non-profit entities in conjunction with local educational systems to further test the use and identify evidence-based practices for facilitating treatment for teenagers suffering from mental, emotional or behavioral disorders. The House did not propose funding for these grants.

The conference agreement provides \$2,000,000 to continue the current level of funding for the consumer and consumer-supported national technical assistance centers as proposed by the Senate. The conferees direct the center for mental health services to support multi-year grants to fund five such national technical assistance centers.

The conference agreement provides \$5,000,000 for the elderly treatment and outreach program as proposed by the Senate rather than \$4,970,000 as proposed by the House.

As proposed by the Senate, the conference agreement provides \$7,000,000 for the jail diversion program instead of \$6,959,000 as proposed by the House.

The conference agreement includes \$4,000,000 for the minority fellowship program rather than \$5,320,000 as proposed by the House.

The conferees include the following amounts for the following projects and activities in fiscal year 2005:

|                                                                                                                                                                  |         |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| AgriWellness, Inc. in Harlan, IA to support the Sowing the Seeds of Hope rural mental health project .....                                                       | 50,000  |
| Allegheny County, Pittsburgh, PA for adolescent mental health services ...                                                                                       | 100,000 |
| Arc of Lackawanna County, Scranton, PA for mental health services ...                                                                                            | 100,000 |
| Center for Multicultural Human Services, Falls Church, VA for mental health and related services to at-risk immigrant and refugee families .....                 | 100,000 |
| Children's Aid and Family Services, Paramus, NJ to develop and implement a Clinical Excellence Institute to provide training for children's services staff ..... | 150,000 |
| Citizens Acting Together Can Help, Inc. (CATCH), Philadelphia, PA for mental health services ...                                                                 | 75,000  |
| City of Denver, CO Department of Health and Human Services for mental health services to homeless and at-risk youth .....                                        | 250,000 |
| Community Counseling Center, Portland, ME for services for adults and children who have experienced emotional trauma .....                                       | 300,000 |

|                                                                                                                                                                                          |           |

| The conference agreement includes \$436,070,000 for the mental health block grant, which includes \$21,803,000 from the evaluation set-aside, the same numbers as proposed by both the House and the Senate.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |         | Community Rehabilitation Center, Jacksonville, FL for services for people with co-occurring mental health and substance abuse disorders .....                                                                                                                                                                                                                                                         | Saint Barnabus on the Lake Drug and Alcohol Rehab Center, Erie, PA to implement a faith-based drug and alcohol rehabilitation program for males 18 and older. ....                  | 25,000  |
| The conference agreement includes \$34,620,000 for the protection and advocacy for individuals with mental illness program as proposed by the Senate instead of \$36,000,000 as proposed by the House. The conferees intend that technical assistance be provided through a competitive multiyear grant with a national nonprofit organization that has the demonstrated capacity to carry out these activities. The conferees intend that the technical assistance be responsive to requests from the protection and advocacy network, based on the identified needs of individuals with mental illness and do not intend that technical assistance funds be used for administrative responsibilities of the agency administering the programs. |         | Cook Inlet Council on Alcohol and Drug Abuse in Kenai, Alaska for treatment of women and children with substance abuse problems on the Kenai Peninsula .....                                                                                                                                                                                                                                          | Salvation Army of Anchorage to support detox programs at the Clitheroe Center in Anchorage, AK .....                                                                                | 500,000 |

## CENTER FOR SUBSTANCE ABUSE TREATMENT

The conference agreement includes \$425,946,000 for programs of regional and national significance, which includes \$4,300,000

Wyoming Substance Abuse Treatment and Recovery Center, Sheridan, WY to expand residential treatment services ..... 1,100,000

The conference agreement includes \$1,789,235,000 for the substance abuse prevention and treatment block grant, of which \$1,710,035,000 is budget authority and \$79,200,000 is provided through evaluation set-aside. These are the same numbers as proposed by the House. The Senate bill had proposed \$1,832,235,000 with the same evaluation set-aside.

#### CENTER FOR SUBSTANCE ABUSE PREVENTION

The conference agreement includes \$200,428,000 for programs of regional and national significance instead of \$200,000,000 as proposed by the House and \$198,940,000 as proposed by the Senate.

Included in the conference agreement is \$10,000,000 for fetal alcohol syndrome/fetal alcohol effect (FAS/FAE) prevention and treatment programs, with an emphasis on teenage mothers instead of \$11,000,000 as proposed by the Senate.

The conferees expect States receiving funding under the strategic prevention framework State incentive grant to give priority in the use of the 20 percent prevention set-aside in the substance abuse prevention and treatment block grant to funding the specific priorities in the comprehensive community strategies developed by the communities in their States.

The conferees include the following amounts for the following projects and activities in fiscal year 2005:

ALERT Partnership, Allentown, PA for a substance abuse prevention program ..... \$25,000

Alliance for Consumer Education (ACE), in cooperation with the Pennsylvania School Counselors Association, to provide parents and counselors with prevention information about inhalant abuse ..... 100,000

Boys and Girls Club of Erie, Erie, PA to implement the SMART Moves prevention program ..... 50,000

C.B. Johnson Campaign for a Drug Free Westside, Chicago, IL for substance abuse prevention and treatment services ..... 340,000

Centre County, PA, to implement, in coordination with Clinton County, educational program targeting the prevention of drug use by students ..... 200,000

Clinton County Communities That Care, Lock Haven, PA for a prevention program to identify and reduce risk factors leading to juvenile delinquency ..... 100,000

CODAC Behavioral Healthcare, Cranston, RI to reduce substance abuse and violence with troubled students ..... 100,000

Community Health Center on the Big Island of Hawaii for Youth Anti-Drug Program ..... 250,000

Community Prevention Partnership of Berks County, Reading, PA to implement the Grandparents Raising Resilient Youth program ..... 25,000

Community Services for Children, Allentown, PA for a substance abuse prevention program ..... 100,000

Corporate Alliance for Drug Education, Bala Cynwyd, PA for an elementary school-based prevention program to teach children to reject substance abuse and violence while helping them to identify positive alternatives to harmful situations ..... 250,000

Drug Free Pennsylvania, Harrisburg, PA to implement a drug-free workplace training program ... 50,000

Institute for Research, Education & Training in Addictions (IRETA), Pittsburgh, PA to implement substance abuse prevention programs ..... 200,000

Institute for the Study and Practice of Nonviolence, Providence, RI for the Streetworkers Program to reduce youth substance abuse and violence ..... 100,000

Life Haven, Inc., New Haven, CT for services to promote resilience for homeless and other at-risk children ..... 200,000

NAIVE Program, Langhorne, PA, to provide drug prevention programs for students and teachers ..... 25,000

Ohio Association of Alcoholism and Drug Abuse Counselors, Worthington, OH—expansion of the Ohio Alcohol and Other Drug Workforce Resource Center ..... 100,000

South Boston Community Health Center, South Boston, MA for substance abuse prevention services ..... 340,000

Strength Incorporated, Wilkinsburg, PA, for a drug and alcohol prevention program that provides individuals with life skills ..... 100,000

Sunshine Center, Port Jefferson Station, NY for substance abuse and violence prevention services for children and families ..... 100,000

Susan P. Byrnes Health Education Center, Inc., York, PA, for a tobacco education program in schools and community organizations ..... 230,000

University of South Dakota School of Medicine Center for Disabilities in Sioux Falls, South Dakota to continue the work of the Consortium on Fetal Alcohol Syndrome ..... 350,000

Warren County Department of Human Services, Warren, PA for outreach and training for substance abuse prevention programs ..... 25,000

Youth in Action, Providence, RI for a teen substance abuse reduction program ..... 50,000

#### PROGRAM MANAGEMENT

The conference agreement includes \$94,455,000 for program management, of which \$18,000,000 is provided through the evaluation set-aside, the same as proposed by the Senate. The House bill had proposed \$92,455,000 with a \$16,000,000 evaluation set-aside.

Within the total, \$2,000,000 is included, as proposed by the Senate, to establish surveillance measures to address the mental and behavioral health needs of the population of the United States. The House did not include funding for this program.

#### AGENCY FOR HEALTHCARE RESEARCH AND QUALITY

##### HEALTHCARE RESEARCH AND QUALITY

The conference agreement includes \$318,695,000 as proposed by the Senate instead of \$303,695,000 as proposed by the House. The agreement makes these funds available through the policy evaluation set-aside, as proposed by both House and Senate.

The conferees provide \$15,000,000 within this total for clinical effectiveness research as proposed by the Senate. The House did not have a similar provision.

The conferees are aware of the use of home health monitoring devices that guide patients and their physicians in managing chronic diseases, thereby avoiding rehospitalization and emergency room visits. The conferees encourage AHRQ to study the effectiveness of programs using these devices with patients suffering from chronic illnesses, compare monitored patients with non-monitored patients taking into account the number of hospitalizations, and quantify any overall cost reductions resulting from these programs.

#### CENTERS FOR MEDICARE AND MEDICAID SERVICES

##### PROGRAM MANAGEMENT

The conference agreement includes \$2,696,402,000 for program management instead of \$2,746,253,000 as proposed by the House and \$2,756,644,000 as proposed by the Senate. An additional appropriation of \$720,000,000 has been provided for the Medicare Integrity Program through the Health Insurance Portability and Accountability Act of 1996. The conference agreement does not include language included in the House bill that would have reduced Program Management by a total of \$12,500,000.

The conference agreement includes \$78,119,000 for research, demonstration, and evaluation instead of \$68,400,000 as proposed by the House and \$77,791,000 as proposed by the Senate. Within the total provided, the conference agreement provides \$40,000,000 for Real Choice Systems Change Grants to States.

The conferees are pleased with the demonstration project at participating sites licensed by the Program for Reversing Heart Disease and encourage its continuation. The conferees further urge CMS to continue the demonstration project being conducted at the Mind Body Institute of Boston, Massachusetts. The conferees urge CMS to continue its research activities targeted towards ensuring culturally sensitive health care for American Samoans.

The agreement includes bill language for the following projects and activities for fiscal year 2005:

|                                                                                                                                                                                                                                          |           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |           |

| Inglis Foundation, Philadelphia, PA for healthcare and social services for low-income adults with severe physical disabilities in an effort to promote independent living .....                                                          | 75,000    | The conference agreement includes \$1,746,879,000 for Medicare operations instead of \$1,796,879,000 as proposed by the Senate and \$1,793,879,000 as proposed by the House. The conference agreement does not include the \$155,000,000 reduction to Medicare operations included in general provision 217 of the House bill.                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |           |
| Medical Care for Children Partnership, Fairfax, VA for access to specialty health care for children who have serious medical needs .....                                                                                                 | 50,000    | The conference agreement includes bill language identifying not less than \$79,000,000 for processing Medicare appeals. The House and Senate bills had similar language, which also provided for a transfer of \$50,000,000 to the Social Security Administration for processing appeals. The conference agreement provides the funding for SSA through the General Departmental Management account. The conference agreement includes bill language proposed by the Senate making up to an additional \$18,000,000 available to CMS for Medicare claims processing if unit costs of claims exceed particular thresholds. The House bill did not contain similar language. The conference agreement provides \$3,000,000 within Medicare operations to support Benefit Improvement and Protection |           |

Act of 2000 (BIPA) section 522 activities, as proposed by the Senate. The House proposed that these activities be supported through Federal administration.

The conferees concur with language in the Senate report regarding funding for the State health insurance counseling program. The House report did not have similar language.

The conference agreement provides \$586,182,000 for Federal administration instead of \$589,182,000 as proposed by the House and \$587,182,000 as proposed by the Senate.

The conference agreement includes bill language making funds available for the Healthy Start, Grow Smart program. The Senate had proposed similar bill language; the House report contained similar language.

The conference agreement does not provide \$1,000,000 for an Institute of Medicine study of the Medicare 75 percent rule as proposed by the Senate. The House did not have a similar provision.

The conferees are aware that the funding provided by section 508 of the Medicare Modernization Act was inadequate to fully fund all of the hospitals that qualified for reclassification under this section. The conferees are concerned that inadequate funding under this provision has adversely affected patient access to care. Therefore, the conferees request that CMS submit a report with the following information: the number of hospitals that qualified for funding under section 508; the number of hospitals that qualified but received no funding under this provision; and a cost estimate, by year, of the amount needed to fully fund these hospitals over the next three years. The conferees request that this report be submitted to the Senate and House Appropriations Committees no later than 90 days after enactment of this Act.

The conferees are concerned that phase-in of Medicare Part D may result in significant increases in out-of-pocket costs to Medicare enrollees with HIV/AIDS who now rely on Medicaid for their prescription medications, as well as to the state AIDS Drug Assistance Programs (ADAP). The inability of enrollees with chronic and costly medical conditions such as HIV/AIDS to pay such increased expenses and the inability for the ADAPs to meet increased costs may harm the public health. The conferees request CMS to report within 160 days the potential impact to dual-eligibles as well as to outline measures it will take to protect the public health.

The conferees are aware of changes being developed by CMS to alter the Medicare coverage policy for power mobility devices and strongly encourage CMS to use its resources to develop a coverage policy firmly based on a functional standard of nonambulatory. The conferees support controlling fraud and abuse through requiring the proper substantiation of medical need without narrowing the definition of "nonambulatory" to exclude beneficiaries who have a medical need for it. The conferees have heard from beneficiaries organizations' that the "in the home" rule often denies beneficiaries access to medically necessary wheelchairs they need to move about their home, community and in some instances, to return to work. The conferees would like CMS' views on what steps can be taken to modify this rule in a manner that enhances the independence of beneficiaries with disabilities of all ages, while being cost effective and providing for effective safeguards against fraud and abuse. Finally, the conferees believe that the medically necessary application of this benefit can save Medicare money through avoiding expensive institutional care or hospitalization resulting from falls by the growing elderly population and beneficiaries with disabilities under age 65.

The conferees recognize the Hawaii Health Systems Corporation's success in responding

to the healthcare needs of the State of Hawaii. The conferees encourage CMS to recognize the special consideration a unique island state requires when calculating population density requirements.

The conferees encourage CMS to exclude blood clotting factors from the definition of "competitively biddable drugs and biologicals" in section 1847A(a)(2)(A) of the Social Security Act. Individuals with hemophilia and other bleeding disorders are dependent upon lifesaving blood clotting factors and need unfettered access to sustain life.

The conferees encourage CMS to provide technical assistance to the Commonwealth of Puerto Rico to help it to compete successfully for Real Choice Systems Change grants.

To build on the Department of Labor Office of Disability Employment Policy's (ODEP) efforts to increase telework opportunities in the federal government, the conferees direct that \$1,000,000 be transferred from ODEP to the Centers for Medicare and Medicaid Services (CMS) to build on a previous pilot between ODEP and CMS.

The conferees are pleased that CMS has piloted the performance of CMS call center work by individuals with severe disabilities working from home-based workstations. This model has the potential to be expanded within CMS and replicated outside of CMS by government agencies and others interested in following CMS's lead.

The conference agreement provides such transfer to expand and refine the existing CMS model in conjunction with National Telecommuting Institute, Inc., as well as disseminate information about this telework model to other agencies.

#### ADMINISTRATION FOR CHILDREN AND FAMILIES

##### PAYMENTS TO STATES FOR CHILD SUPPORT ENFORCEMENT AND FAMILY SUPPORT PROGRAMS

The conference agreement provides \$2,873,802,000 for payments to States for child support enforcement and family support programs, the same as both the House and Senate.

##### LOW-INCOME HOME ENERGY ASSISTANCE

The conference agreement provides \$2,200,000,000 for low-income home energy assistance rather than \$2,249,000,000 as proposed by the House and \$2,000,500,000 as proposed by the Senate. Of the amount provided \$1,900,000,000 is provided for formula grants to States. The House bill had proposed \$1,911,000,000 for State formula grants and the Senate bill proposed \$1,901,090,000. Within the funds available, \$27,500,000 is included for the leveraging incentive fund as proposed by the Senate.

The conference agreement includes \$300,000,000 for the emergency fund to meet the additional home energy assistance needs arising from a natural disaster or other emergency pursuant to section 402 of S. Con. Res. 95 (108th Congress), as made applicable to the House by H. Res. 649 (108th Congress) and applicable to the Senate by section 14007 of Public Law 108-287. The House bill proposed \$100,000,000 and the Senate bill proposed \$99,410,000 for the contingent emergency fund, but neither bill designated funds as an emergency.

The conference agreement does not include funding for the Department of Energy's weatherization assistance program in this title. The House bill proposed \$238,000,000 for this program while the Senate bill included funding for this program in the Interior and Related Agencies Appropriations bill. Funding for this program is provided in Division J.

##### REFUGEE AND ENTRANT ASSISTANCE

The conference agreement includes \$488,336,000 for the refugee and entrant as-

sistance programs rather than \$491,336,000 as proposed by the House and \$477,239,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement provides \$166,218,000 for social services, the same level as proposed in the House bill. The Senate had proposed \$155,121,000 for this program. Within the funds provided, the conference agreement includes \$19,000,000 as outlined in the House report. The conferees intend that funds provided above the request for social services shall be used for refugee school impact grants and for additional assistance in resettling and meeting the needs of the Hmong and Somali Bantu refugees expected to arrive during 2004 and 2005. The conferees also urge the Office of Refugee Resettlement to continue supporting discretionary grant activities, such as the individual development accounts, community service employment, and elderly refugee programs, to the extent they have been successful in integrating refugees into society and promoting their self sufficiency.

The conference agreement provides \$54,229,000 for the unaccompanied minors program, the same level as proposed by both the House and Senate. The conferees intend that the funds provided by this appropriation be used, in part, to increase the number of field coordinators in the program and to ensure increased capacity at the field level for the assessment of placements and family reunification and to continue improvements in the provision of healthcare, including mental health care, to children in the program.

The conference agreement provides \$10,000,000 for the victims of torture program as proposed by the Senate. The House bill had included \$13,000,000 for this program.

##### PAYMENTS TO STATES FOR THE CHILD CARE AND DEVELOPMENT BLOCK GRANT

The conference agreement includes \$2,099,729,000 for the child care and development block grant, the same level as both the House and Senate bills. Included in the bill is \$10,000,000 within the total funds provided, for child care research, demonstration, and evaluation activities as proposed by the Senate. The House bill had included \$9,864,000 for these activities.

##### SOCIAL SERVICES BLOCK GRANT

The conference agreement provides \$1,700,000,000 for the social services block grant, the same level as proposed in both the House and Senate bills. The conference agreement provides 10 percent transfer authority from the temporary assistance for needy families program (TANF) to the social services block grant as proposed by the Senate. The House bill had proposed 4.5 percent transferability.

##### CHILDREN AND FAMILIES SERVICES PROGRAMS

The conference agreement includes \$9,080,353,000 for children and families services programs, of which \$10,500,000 is provided through the evaluation set-aside. The House bill proposed \$8,996,145,000 for these programs with \$10,482,000 from the evaluation set-aside and the Senate proposed \$9,104,646,000 with \$10,500,000 from the evaluation set-aside. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

##### Head Start

The conference agreement includes \$6,898,580,000 for Head Start as proposed by the House instead of \$6,935,452,000 as proposed by the Senate. The agreement includes \$1,400,000,000 in advance funding, the same level as proposed by both the House and Senate.

The conference agreement also includes, as a general provision, a limitation against the

use of funds for Head Start to pay the compensation of an individual, either as direct costs or any proration as an indirect cost, at a rate in excess of Executive Level II, as proposed by the House.

##### Consolidated Runaway and Homeless Youth Program

The conference agreement includes \$89,447,000 for the consolidated runaway and homeless youth program, the same level as proposed by the House, rather than \$95,000,000 as proposed by the Senate.

##### Prevention Grants to Reduce Abuse of Runaway Youth

The conference agreement includes \$15,302,000 for prevention grants to reduce abuse of runaway youth as proposed by the House. The Senate bill had proposed \$15,802,000 for these grants.

##### Child Abuse State Grants and Discretionary Activities

The conference agreement includes \$27,500,000 for child abuse State grants as proposed by the Senate instead of \$28,484,000 as proposed by the House.

The conference agreement includes \$31,912,000 for child abuse discretionary programs instead of \$26,266,000 as proposed by the House and \$34,386,000 as proposed by the Senate. Within the funds provided for child abuse discretionary activities, the agreement includes the following items:

|                                                                                                                                                                                              |          |

| Family Violence Prevention Fund, San Francisco, CA for family violence prevention programs for children, youth and young families through its International Center to End Violence ..                                                                                                    | 500,000   | provided through the evaluation set-aside. The House proposed \$5,982,000 for this program entirely funded through the evaluation set-aside and the Senate proposed \$19,168,000, of which \$6,000,000 was from the evaluation set-aside.                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Cesar Chavez Center, Davenport, IA to assist the Hispanic community in accessing social services and community resources .....                                                                                                                           | 100,000 |
| Forrest County and Youth Court, Hattiesburg, MS to improve child welfare outcomes for infants and toddlers .....                                                                                                                                                                         | 100,000   | The conferees note that efforts undertaken through the State information technology consortium have led to greatly improved systems communications and compliance in both the TANF and child support enforcement (CSE) programs. For TANF, the conferees have provided \$2,000,000 to permit States to utilize uniquely designed web-based technology to improve benefit delivery and fulfill new Federal reporting requirements. For CSE, the conferees have provided \$3,000,000 to continue the consortium's efforts to improve data exchange between CSE and the courts in ways that will significantly reduce the time lag between court orders and enforcement/collections activities. | Child and Family Network Centers, Alexandria, VA—First Step Program .....                                                                                                                                                                                | 250,000 |

| Tri County Women's Network, New Carlisle, OH for programs serving pregnant women in crisis who choose to keep their babies learn to become self-sufficient .....  | 150,000 |                                                                                                                                                                                                                                          |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |           |

community development corporations working in low-income urban and rural communities.

Within the total for community economic development, \$5,481,000 is provided for the job opportunities for low-income individuals program authorized by the Family Support Act. The conferees direct that of the funds allocated for the job opportunities for low-income individuals program, not more than \$500,000 be set-aside for program support and technical assistance as proposed by the House. The Senate did not include a similar restriction.

The conference agreement includes \$7,300,000 for rural community facilities instead of \$7,184,000 as proposed by the House and \$7,500,000 as proposed by the Senate.

The conference agreement provides \$18,000,000 for the National youth sports program as proposed by the House. The Senate did not propose funding for this program.

The conference agreement includes \$7,238,000 for community food and nutrition as proposed by the Senate. The House did not propose funding for this program.

#### *Violent Crime Reduction Programs*

For the domestic violence hotline, the conference agreement includes \$3,250,000 rather than \$3,000,000 as proposed by the House and \$3,500,000 as proposed by the Senate.

For family violence prevention and services and battered women's shelters, the conference agreement includes \$126,648,000 instead of \$125,648,000 as proposed by the House and \$128,000,000 as proposed by the Senate.

#### *Early Learning Fund*

For the early learning fund, the conference agreement includes \$36,000,000 as proposed by the Senate. The House did not include funding for this program.

#### *Independent Living Training Vouchers*

The conference agreement includes \$47,000,000 for independent living training vouchers instead of \$50,000,000 as proposed by the House and \$44,734,000 as proposed by the Senate.

#### *Community-based Abstinence Education*

The conference agreement includes \$104,500,000 for community-based abstinence education as proposed by the Senate instead of \$109,546,000 as proposed by the House. The conference agreement includes \$4,500,000 in program evaluation funds for the abstinence education program and \$100,000,000 in budget authority. The conferees concur with language included in the House report regarding technical assistance and capacity-building support to grantees. The Senate report did not include similar language.

Within the total for community-based abstinence education, up to \$10,000,000 may be used to carry out a national abstinence education campaign as proposed by the House. The Senate proposed \$2,500,000 for the campaign within the Office of the Secretary. Prior to advertising the availability of funds for any grant or contract for the national abstinence education campaign, the conferees request that the Department of Health and Human Services brief the House and Senate Committees on Appropriations regarding the planned use of these funds.

#### *Center for Faith-based and Community Initiatives*

The conference agreement provides \$1,386,000 for the center for faith-based and community initiatives as proposed by the Senate rather than \$1,400,000 as proposed by the House.

#### *Program Direction*

The conference agreement includes \$187,050,000 for program direction instead of \$190,206,000 as proposed by both the House and the Senate.

#### PROMOTING SAFE AND STABLE FAMILIES

The conference agreement includes \$99,383,000 for the discretionary grant program of promoting safe and stable families as proposed by the Senate rather than \$105,000,000 as proposed by the House.

#### ADMINISTRATION ON AGING

##### AGING SERVICES PROGRAMS

The conference agreement includes \$1,404,634,000 for aging services programs instead of \$1,403,479,000 as proposed by the House and \$1,395,117,000 as proposed by the Senate. Within the total, \$5,500,000 is available for medication management, screening, and education activities as proposed by the House in bill language and by the Senate in report language. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement includes \$21,790,000 for preventive health rather than \$21,919,000 as proposed by both the House and the Senate.

The conference agreement includes \$19,444,000 for activities for the protection of vulnerable older Americans instead of \$18,559,000 as proposed by the House and \$20,474,000 as proposed by the Senate. Within the funds provided \$14,276,000 is provided for the ombudsman services program.

The conference agreement includes \$724,497,000 for nutrition programs rather than \$730,178,000 as proposed by the House and \$718,814,000 as proposed by the Senate. Within the total, \$390,397,000 is provided for congregate meals rather than \$392,148,000 as proposed by the House and \$388,646,000 as proposed by the Senate, \$184,301,000 is provided for home delivered meals rather than \$187,616,000 as proposed by the House and \$180,985,000 as proposed by the Senate, and \$149,799,000 is provided for the nutrition services incentives program rather than \$150,414,000 as proposed by the House and \$149,183,000 as proposed by the Senate.

The conference agreement includes \$11,883,000 for Alzheimer's disease demonstrations instead of \$11,500,000 as proposed by the House and \$12,883,000 as proposed by the Senate.

The conference agreement includes \$43,640,000 for program innovations instead of \$37,943,000 as proposed by the House and \$37,647,000 as proposed by the Senate. The conferees continue to support funding at no less than last year's level for national programs scheduled to be refunded in fiscal year 2005 that address a variety of issues, including elder abuse, native American issues and legal services.

Within the funding provided, the conference agreement includes \$3,000,000 for social research into Alzheimer's disease care options, best practices and other Alzheimer's research priorities that include research into cause, cure and care, as well as respite care, assisted living, the impact of intervention by social service agencies on victims, and related needs. The agreement recommends this research utilize and give discretion to area agencies on aging and their non-profit divisions in municipalities with aged populations (over the age of 60) of over 1,000,000, with preference given to the largest population. The conferees also recommend that unique partnerships to affect this research be considered for the selected area agency on aging.

Given the enormous demands on Alzheimer's family caregivers, the conferees have included \$1,000,000 to support an Alzheimer's family contact center for round-the-clock help to Alzheimer's families in crisis.

The conference agreement includes the following amounts for the following projects and activities in fiscal year 2005:

|                                                                                                                                                                                                                                   |           |

## OFFICE OF THE SECRETARY

## GENERAL DEPARTMENTAL MANAGEMENT

The conference agreement includes \$371,975,000 for general departmental management instead of \$349,298,000 as proposed by the House and \$376,704,000 as proposed by the Senate, along with \$55,851,000 from Medicare trust funds. In addition, \$21,552,000 in program evaluation funding is provided.

The conference agreement does not include language reducing funding for the account

by a total of \$31,000,000, which was contained in the House bill.

The conference agreement includes bill language providing \$13,120,000 for abstinence service demonstration grants as proposed by the House instead of \$16,891,000 as proposed by the Senate.

The conference agreement does not include bill language earmarking \$25,000,000 for a new health care information technology program as proposed by the House.

The conference agreement does not include bill language identifying \$2,500,000 for a national abstinence education campaign as proposed by the Senate. The conferees provide that up to \$10,000,000 of the funds provided for abstinence education within the Administration for Children and Families may be used for such an education campaign.

The conference agreement includes bill language providing \$6,000,000 for assistance to maternal and child health clinics in Afghanistan as proposed by the Senate instead of \$5,000,000 as proposed by the House.

The conference agreement includes bill language proposed by the Senate limiting the funding available to the HHS Office of the Assistant Secretary for Legislation to no more than \$2,754,000. The House did not have a similar provision.

The conference agreement includes bill language providing \$50,000,000 from the Medicare trust funds to be transferred to the Social Security Administration for processing Medicare appeals. The House and Senate bills had provided this funding within the CMS program management account.

The conference agreement includes bill language directing that specific information requests from the chairmen and ranking members of the Subcommittees on Labor, Health and Human Services, and Education, and Related Agencies, on scientific research or any other matter, be transmitted to the Committees on Appropriations in a prompt professional manner and within the time frame specified in the request. The bill language further directs that scientific information requested by the Committees on Appropriations and prepared by government researchers and scientists be transmitted to the Committees on Appropriations, uncensored and without delay. The Senate report included similar language. The House did not include such a provision in either bill or report language.

The conferees include the amounts within the Office of the Secretary for the following projects and activities in fiscal year 2005 listed below:

|                                                                                                                                                                                                                                                                                                                                                                                                                                        |          |

| Delaware Health Information Network, Dover, DE .....                                                                                                                                                                           | 700,000   |
| Erie County Department of Health, Buffalo, NY for the Western NY Regional Health Information Infrastructure .....                                                                                                              | 300,000   |
| Florida Institute of Technology, Melbourne, FL for the Center for Information Assurance .....                                                                                                                                  | 400,000   |
| Foundation for eHealth Initiative, Washington, DC .....                                                                                                                                                                        | 4,000,000 |
| Palmer College on Chiropractic, Consortial Center for Chiropractic Research in Davenport, Iowa, and the Policy Institute for Integrative Medicine in Philadelphia, PA for a best practices initiative on lower back pain ..... | 200,000   |

The conferees include the amounts for the following Office of Minority Health projects and activities in fiscal year 2005 listed below:

|                                                                                                                                                                                              |           |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| California State University, Long Beach, for professional training, research and health initiatives at the NCLR Center for Latino Community Health, Leadership Training and Evaluation ..... | \$500,000 |
| Esther's Pantry of the Metropolitan Community Church of Portland, OR to provide food and supplies for people living with AIDS .....                                                          | 30,000    |
| Hispanic Health Initiatives, Inc in Central Florida for an educational program on Type-2 Diabetes .....                                                                                      | 100,000   |
| Hospices of the National Capital Region, Hospice of Northern Virginia, Fairfax, VA .....                                                                                                     | 300,000   |
| Huston-Tillotson College, Austin, Texas, for the Huston-Tillotson College Systems of Care Wrap-around Initiative for underserved children .....                                              | 250,000   |
| Nazareth Hospital, Philadelphia, PA to establish stroke treatment and prevention programs for African American seniors .....                                                                 | 250,000   |
| Our Lady of the Lake, Baton Rouge, LA for the South LA Community Health Alliance .....                                                                                                       | 100,000   |
| Padres Contra El Cancer, Glendale, CA for patient education and family support services for Latino children with cancer and their families .....                                             | 150,000   |
| Phoebe Putney Memorial Hospital, Albany, Georgia to expand the School Nurse Program in school-based health clinics serving minority populations .....                                        | 100,000   |
| Pregnancy Crisis Center, Wichita, KS, for development of a STD integrity program .....                                                                                                       | 420,000   |

|                                                                                                                                                                                                                                           |         |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| Saint Francis Hospital, Wilmington, DE, to expand health outreach programs to minority and underserved communities .....                                                                                                                  | 250,000 |
| South Fork Community Health Initiative, East Hampton, NY for programs to improve health services and access to care for minority and underserved persons .....                                                                            | 100,000 |
| Town of Herndon, Herndon VA, for Neighborhood Resource Center .....                                                                                                                                                                       | 50,000  |
| University of Medicine and Dentistry of New Jersey, School of Public Health, Piscataway, NJ for research, education and community outreach activities of the Institute for the Elimination of Health Disparities in Newark .....          | 650,000 |
| University of Pittsburgh Medical Center, Braddock, PA to develop and implement a health care delivery model that will provide services to a historically underserved population .....                                                     | 100,000 |
| University of South Carolina Arnold School of Public Health, Columbia, SC, for the Institute for Partnerships to Eliminate Health Disparities ..                                                                                          | 275,000 |
| University of Texas Southwestern Medical Center, Dallas, TX (in cooperation with UT Dallas) for a program to recruit minority students into biomedical research (including outreach, mentoring and/or scholarships and fellowships) ..... | 150,000 |

The conference agreement includes \$1,000,000 to continue the embryo adoption awareness campaign, as proposed by the Senate. The House report did not include a similar provision.

The conference agreement includes \$3,000,000 to establish a Citizens' Health Care Working Group as authorized in the Medicare Modernization Act. The Senate proposed \$3,000,000 for this activity; the House report did not contain a similar provision.

The conference agreement includes \$500,000 for a study by the Institute of Medicine regarding the training of physicians for public health careers, as proposed by the Senate. The House report did not contain a similar provision.

The conference agreement includes \$1,000,000 to establish an interagency committee to examine major regulations governing the health care industry to simplify them to reduce cost. The House report provided \$2,000,000 through policy evaluation funds for this activity. The Senate report did not contain a similar provision.

The conferees are concerned about the absence of mechanisms to ensure the delivery of necessary psychosocial care to individuals with cancer and their family members. The conference agreement provides \$1,000,000 for the Secretary, working in collaboration with the Institute of Medicine and relevant government agencies and non-profit entities, to

study the delivery of psychosocial services to cancer patients and their families in the community setting. Specifically, the report should include an analysis of: (1) the capacity of the current mental health and oncology provider system to deliver such care and the anticipated resources required nationwide; (2) available training programs for professionals providing psychosocial and mental health services; and (3) existing barriers to access to such care. The Secretary is encouraged to issue recommendations to address these issues.

The conferees support the efforts of HHS to provide for a stronger and more consistent approach to the review process for drug and most therapeutic biologics used to diagnose, treat, and prevent cancer.

Unprecedented progress in fields such as nanotechnology, proteomics, and genomics hold the promise of vast improvements in our ability to prevent cancer, diagnose it an earlier stage, and treat it more effectively through targeted therapies. The conferees encourage and support the efforts of HHS agencies, including NCI and FDA, to keep pace with scientific discovery in these areas, particularly as they apply to the prevention and early detection of cancer.

The conferees intend that, of the funding provided to the Office of Minority Health, no less than the fiscal year 2004 funding level be allocated to a culturally competent and linguistically appropriate public health response to the HIV/AIDS epidemic.

#### OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$40,323,000 for the Office of Inspector General as proposed by both the House and the Senate. The conference agreement concurs with House bill language pertaining to the hire of passenger motor vehicles for investigations. The Senate did not include this language.

#### POLICY RESEARCH

The conference agreement provides \$20,750,000 for policy research from program evaluation funding, which is the same as the amount proposed in the House bill. The Senate proposed \$28,750,000 for this activity through program evaluation funding.

#### PUBLIC HEALTH AND SOCIAL SERVICES EMERGENCY FUND

The conference agreement includes \$2,308,287,000 for the Public Health and Social Services Emergency Fund (PHSSEF) to enhance Federal, State, and local preparedness to counter potential biological, disease, chemical, and radiological threats to civilian populations, instead of \$2,352,247,000 as proposed by the House and \$2,330,058,000 as proposed by the Senate.

The conference agreement continues bill language, applicable during fiscal year 2004, exempting from any personnel ceiling applicable to the Agency, Service, or the Department of Health and Human Services both civilian and Commissioned Officers detailed to States, municipalities or other organizations under authority of Section 214 of the Public Health Service Act for purposes related to homeland security during their period detail or assignment.

The conference deletes bill language proposed by the House relating to the transfer of Strategic National Stockpile assets, unexpended balances, and liabilities from the Department of Homeland Security to the Department of Health and Human Services. This language is no longer necessary because similar provisions already have been enacted into law.

Within the amount provided: \$1,173,300,000 is for the Centers for Disease Control and Prevention; \$400,000,000 is for the Strategic National Stockpile; \$523,149,000 is for the Health Resources and Services Administra-

tion; \$47,400,000 is for the National Institutes of Health; and \$64,438,000 is for the Office of the Secretary.

Within the amounts available to the Centers for Disease Control and Prevention (CDC): \$934,300,000 is for State and Local Preparedness, including \$871,900,000 to be provided to State and local health departments through grants and cooperative agreements; \$142,200,000 is for Upgrading CDC Capacity; \$80,000,000 is to support and expand bio-surveillance activities; and \$16,800,000 is for the research program on anthrax vaccine.

The conferees concur with language in the Senate report regarding the provision of funding for the Health Alert Network at not less than the fiscal year 2004 level.

The conference agreement includes sufficient funds to continue to discover, develop, and transition anti-infective agents to combat emerging diseases from within amounts available for Upgrading CDC Capacity.

Within the funds available to the Health Resources and Services Administration (HRSA) is \$495,405,000 for Hospital Preparedness and \$27,744,000 to provide incentives for curricular reform in health professions schools and the delivery of continuing education to those already in practice.

The conferees are aware of concerns that no single organization is equipped to respond to the diverse needs of citizens in the wake of a terrorist incident. The conferees encourage the Secretary to work with organizations with experience in working with national-level entities in disaster situations to develop a technical assistance, social response model that can be incorporated into the process of emergency management and pre-disaster planning in communities.

The conferees applaud CDC's commitment to continue the implementation and evaluation of the Lehigh Valley, PA Bioterrorism Response Pilot.

In addition to the funds for terrorism preparedness and response, the conference agreement includes \$100,000,000 for activities to ensure year-round production capacity of influenza vaccine, instead of \$60,000,000 as proposed by the House and \$75,000,000 as proposed by the Senate.

The conference agreement includes bill language proposed by the Senate to permit pandemic preparedness funding to be used to purchase influenza vaccine.

#### GENERAL PROVISIONS HEAD START SALARIES

The conference agreement includes a general provision that prohibits the use of funds for Head Start to pay the compensation of an individual, either as direct costs or any proration as an indirect cost, at a rate in excess of Executive Level II, as proposed by the House. The Senate bill did not contain a similar provision.

#### EVALUATION TAP AUTHORITY

The conference agreement includes a provision to allow for a 2.4 percent evaluation tap pursuant to section 241 of the Public Health Service Act. This tap is to be applied to programs authorized under the Public Health Service Act. The House bill contained a provision to allow for a 2.3 percent evaluation tap and the Senate bill allowed for a 2.5 percent evaluation tap.

#### ONE PERCENT TRANSFER AUTHORITY

The conference agreement modifies language proposed by the Senate providing the Secretary of HHS with the authority to transfer up to 1 percent of discretionary funds between a program, project, or activity, but no such program, project or activity shall be increased by more than 3 percent by any such transfer. Additionally, a program, project or activity may be increased up to an additional 2 percent subject to written ap-

proval of the House and Senate Appropriations Committees.

#### REFUGEE STATUS OF CERTAIN PERSECUTED GROUPS

The conference agreement includes a provision proposed by the Senate to extend the refugee status for persecuted religious groups. The House bill contained no similar provision. The conferees intend to fully protect religious minority refugee applicants from Iran, including the current caseload of Iranian Christians, Jews, Bahai, Mandaeans and Zoroastrians. Therefore, the Administration should implement the provisions of section 213 of the conference report with respect to new applications, as well as to review previously denied applications for refugee applicants who have remained outside of Iran without a viable solution after being denied refugee status.

#### COUNCIL ON GRADUATE MEDICAL EDUCATION

The conference agreement includes a general provision proposed by the Senate allowing for the continued operation of the Council on Graduate Medical Education. The House bill contained no similar provision.

#### CANCER HOSPITAL CONSTRUCTION LOANS

The conference agreement does not include a general provision proposed by both the House and Senate that rescinded funds appropriated by section 1897(g) of the Social Security Act.

#### CMS PROGRAM MANAGEMENT

The conference agreement does not include a general provision proposed by the House reducing the amounts provided to CMS program management. The Senate bill contained no similar provision.

#### CDC MANAGEMENT/IT SAVINGS

The conference agreement does not include a general provision proposed by the House reducing the amounts provided to CDC for management and information technology. The Senate bill contained no similar provision.

#### 75% RULE

The conference agreement includes a general provision that none of the funds appropriated in this Act may be expended by the Secretary of HHS to change the designation of a hospital that was certified by the Secretary as an in-patient rehab facility on or before June 30, 2004 until after a GAO report is issued. This is the same as language in the House bill. The Senate bill prohibited the expenditure of funds, but did not require a GAO report.

#### CMS OFFICE OF THE ACTUARY

The conference agreement does not include a general provision proposed by the House that none of the funds appropriated in this title may be used to impede the exchange of information between the Office of the Actuary of CMS and Congress. The Senate did not propose a similar provision.

#### NATIONAL FOUNDATIONS FOR CDC AND NIH

The conference agreement deletes without prejudice a general provision proposed by the Senate that provides official reception and representation expenses to the National Foundations for CDC and NIH. The House did not propose a similar provision. Funding for this purpose is included in each agency's relevant account.

#### SUMMER HEALTH CAREER INTRODUCTORY PROGRAMS

The conference agreement does not include a general provision proposed by the Senate authorizing a new summer health career introductory program for middle and high school students. The House bill contained no similar provision.

#### HHS OIG OVERSIGHT ACTIVITIES

The conference agreement includes a general provision transferring \$25,000,000, rather

than \$35,000,000 as proposed by the Senate, to the Office of the Inspector General of HHS from amounts previously appropriated under the Medicare Modernization Act for activities relating to oversight of programs. The House bill contained no similar provision.

#### HEALTH PROFESSIONS STUDENT LOAN RESCISSION

The conference agreement includes a general provision, which rescinds unobligated balances associated with the health professions student loan program authorized in subpart II, federally-supported student loan funds, of title VII of the Public Health Service Act.

#### NURSING STUDENT LOAN RESCISSION

The conference agreement includes a general provision, which rescinds unobligated balances associated with the nursing student loan program authorized by Section 835 of the Public Health Service Act.

#### MEDICAL FACILITIES GUARANTEE AND LOAN FUND RESCISSION

The conference agreement includes a general provision, which rescinds unobligated balances, excluding amounts necessary for the costs of potential defaults, associated with the medical facilities guarantee and loan fund within the Health Resources and Services Administration.

#### SMALLPOX VACCINE INJURY COMPENSATION RESCISSION

The conference agreement includes a general provision, which rescinds \$20,000,000 in unobligated balances from amounts appropriated in P.L. 108-11 under the heading "Public Health and Social Services Emergency Fund", the smallpox compensation program. The conferees understand that the remaining unobligated balances in the program will be sufficient to cover claims anticipated with at least 200,000 more smallpox vaccinations.

#### C.W. BILL YOUNG CENTER FOR BIODEFENSE AND EMERGING INFECTIOUS DISEASES

The conference agreement includes a general provision naming the Center for Biodefense and Emerging Infectious Diseases (Building 33) at the National Institutes of Health, the C.W. Bill Young Center for Biodefense and Emerging Infectious Diseases.

#### TITLE III—DEPARTMENT OF EDUCATION EDUCATION FOR THE DISADVANTAGED

The conference agreement includes \$14,963,683,000 for Education for the Disadvantaged instead of \$15,515,735,000 as proposed by the House and \$15,500,684,000 as proposed by the Senate.

For Grants to Local Educational Agencies (LEAs) the agreement provides \$12,842,309,000 instead of \$13,342,309,000 as proposed by the House and \$13,457,607,000 as proposed by the Senate. The conference agreement includes \$7,037,592,000 for basic grants and \$1,365,031,000 for concentration grants. The agreement also includes \$2,219,843,000 for targeted grants, and \$2,219,843,000 for education finance incentive grants. Concentration grants, targeted grants, and incentive grants are all provided on an advance-funded basis.

The House proposed \$7,037,592,000 for basic grants, \$1,365,031,000 for concentration grants, \$2,469,843,000 for targeted grants and \$2,469,843,000 for education finance incentive grants. The Senate bill proposed \$7,104,447,000 for basic grants, \$1,365,031,000 for concentration grants, \$2,231,954,000 for targeted grants, and \$2,756,175,000 for education finance incentive grants.

The conference agreement includes language proposed by the Senate allowing \$1,000,000 of title I evaluation funding to be used to provide technical assistance to States and school districts regarding the

title I program. The conference agreement does not include language proposed by the Senate for a supplemental appropriation to States that received less in fiscal year 2004 than they received in fiscal year 2003.

The conferees believe that states should utilize their four percent school improvement set-aside funds, estimated at \$514,000,000 in fiscal year 2005, to support implementation of comprehensive school reform (CSR) models with demonstrated success. The conferees are aware that recent evaluations of the CSR program conducted by the Department of Education show that schools utilizing comprehensive school reforms are more likely to offer professional development for all teachers and to engage in research-based reform. The conferees strongly urge States to examine methods for distributing school improvement funds that will result in awards of sufficient size and scope to support the initial costs of comprehensive school reforms and to limit funding to programs that include each of the reform components described in section 1606(a) of the No Child Left Behind Act of 2001 and have the capacity to improve the academic achievement of all students in core academic subjects within participating schools. The conferees urge states to express a clear competitive preference for CSR programs that have been shown through scientifically based research to be effective, and that are supported by organizations capable of assisting multiple schools and districts.

The conference agreement includes \$226,910,000 for the Even Start program as proposed by the House. The Senate did not propose funding for this program.

The conference agreement also includes \$1,050,000,000 for Reading First State Grants instead of \$1,125,000,000 as proposed by the House and \$1,062,000,000 as proposed by the Senate. It also includes \$105,000,000 for Early Reading First instead of \$132,000,000 as proposed by the House and \$110,000,000 as proposed by the Senate.

The conference agreement includes \$25,000,000 for Striving Readers as proposed by the Senate instead of \$100,000,000 as proposed by the House. Striving Readers will make competitive grants to develop, implement, evaluate and bring to scale reading interventions for middle- or high-school students who are reading significantly below grade level, prioritizing services to those schools and districts with one or more high or middle schools that include a significant number of students reading below grade level. The conferees recognize that both middle and high schools have significant needs, and direct the Secretary to ensure that awards are balanced between these two grade spans, and are of sufficient size and scope to allow for meaningful change that improves student achievement. In addition, the conferees direct the Institute of Education Sciences to work with the Secretary to create a competitive preference system whereby schools would receive priority for awards by agreeing to participate in randomized research studies. One potential system would entail funding schools in pairs, where at random one school would receive a new program immediately and the other would receive it a year later, thereby creating conditions conducive to randomized controlled studies.

The conference agreement also includes \$19,842,000 for Literacy through School Libraries as proposed by the House instead of \$22,842,000 as proposed by the Senate.

The conference agreement includes \$50,000,000 for the neglected and delinquent program instead of \$48,395,000 as proposed by the House and \$52,000,000 as proposed by the Senate.

The conference agreement does not include \$100,000,000 for a new local school improvement program proposed by the Senate.

The conference agreement includes \$207,000,000 for comprehensive school reform instead of \$80,000,000 as proposed by the House and \$233,613,000 as proposed by the Senate. The conferees intend that \$7,050,000 be made available for quality initiatives as authorized in section 1608 of ESEA. The conferees also request that the Department submit a letter report no later than May 30, 2005 that identifies those states that have not complied with the statutory requirement for an annual evaluation of the implementation of comprehensive school reforms and describes the steps the Department will take to ensure that such evaluations are meaningful, rigorous and timely.

The conference agreement also includes \$18,888,000 for the migrant education high school equivalency program as proposed by the Senate instead of \$22,545,000 as proposed by the House.

#### IMPACT AID

The conference agreement includes \$1,253,893,000 for the Impact Aid programs instead of \$1,250,893,000 as proposed by the House and \$1,229,527,000 as proposed by the Senate. Within this amount, \$1,083,687,000 is provided for basic support payments as proposed by the House instead of \$1,063,687,000 as proposed by the Senate and \$63,000,000 is provided for payments for Federal property as proposed by the House instead of \$61,634,000 as proposed by the Senate. The conference agreement includes language proposed by the House regarding eligibility for school districts that enroll children whose parents have died or been deployed on active duty. The conference agreement includes \$48,936,000 for construction programs instead of \$45,936,000 as proposed by both the House and the Senate. The agreement also includes the following:

|                                                                                                  |             |
|--------------------------------------------------------------------------------------------------|-------------|
| Fairbanks North Star Borough, Fairbanks, AK, for relocation of the district's kitchen facilities | \$2,000,000 |
| White River School District 47-1, Mellette County, SD .....                                      | 1,000,000   |

#### SCHOOL IMPROVEMENT PROGRAMS

The conference agreement includes \$5,664,977,000 for School Improvement Programs instead of \$5,661,401,000 as proposed by the House and \$5,730,632,000 as proposed by the Senate. The agreement provides \$4,229,977,000 in fiscal year 2005 and \$1,435,000,000 in fiscal year 2006 funding for this account.

The conference agreement includes \$2,940,126,000 for State grants for improving teacher quality instead of \$2,950,000,000 as proposed by the House and \$2,975,126,000 as proposed by the Senate.

The conference agreement includes \$180,000,000 for math and science partnerships instead of \$269,115,000 as proposed by the House and \$200,000,000 as proposed by the Senate. In light of the tremendous overlap in math and science goals and objectives between the math and science partnership program and the Advanced Placement (AP) initiatives, grantees are encouraged to incorporate AP training into their proposals. As in the math and science program, the AP professional development initiative focuses on increasing teachers' math and science content understanding to help them meet the highly qualified criteria required under the Elementary and Secondary Education Act as amended by the No Child Left Behind Act of 2001. The AP professional development initiative supports teachers' content development so that all students, regardless of whether or not they take AP, will receive rigorous, challenging math and science instruction. The AP math and science initiative has the primary objective of increasing

the number of AP opportunities, AP participation rates, and post-secondary acceptance and success rates for disadvantaged students.

The conference agreement includes \$200,000,000 for the education block grant instead of \$20,000,000 as proposed by the House. The Senate did not propose funding for this activity. The agreement also includes \$500,000,000 for education technology state grants instead of \$600,000,000 as proposed by the House and \$691,841,000 as proposed by the Senate. The agreement also includes \$999,070,000 for the 21st Century Community Learning Centers program as proposed by the House instead of \$1,007,000,000 as proposed by the Senate. The agreement also includes \$415,000,000 for State assessments instead of \$410,000,000 as proposed by the House and \$420,000,000 as proposed by the Senate. The agreement also includes language proposed by the House stating that the amount made available in the fiscal year 2004 bill for state assessments shall not be less than \$390,000,000. The agreement also includes language proposed by the House stating that notwithstanding any across-the-board reductions, the amount available for state assessments in fiscal year 2005 shall not be less than \$400,000,000.

The conference agreement includes \$11,111,000 for the Javits gifted and talented program as proposed by the House instead of \$12,111,000 as proposed by the Senate. The agreement also includes \$18,000,000 for the foreign language assistance program instead of \$19,000,000 as proposed by the Senate. The House did not propose funding for this program. The conference agreement also includes \$63,000,000 for education for homeless children instead of \$70,000,000 as proposed by the House and \$62,000,000 as proposed by the Senate.

The conference agreement includes \$34,500,000 for the Education of Native Hawaiians instead of \$36,000,000 as proposed by the Senate and \$33,302,000 as proposed by the House. The agreement also includes language notwithstanding any other provision of law to allow funds under this program to be used for construction, renovation and modernization of any elementary school, secondary school, or structure related to an elementary school or secondary school run by the Department of Education of the State of Hawaii that serves a predominantly Native Hawaiian student body as proposed by the Senate. The conferees direct that no less than \$1,000,000 shall be made available for early childhood activities, no less than \$1,000,000 shall be made available to the Hawaii Department of Education for school construction/renovation activities, and \$600,000 shall be made available for the University of Hawaii law school's Native Hawaiian legal center.

The conference agreement includes \$34,500,000 for the Alaska Native Educational Equity program instead of \$36,000,000 as proposed by the Senate and \$33,302,000 as proposed by the House. The agreement also includes language notwithstanding any other provision of law to allow funds under this program to be used for construction, as proposed by the Senate, and directing the Department in use of these funds in specific locations in Alaska.

The conference agreement includes \$172,000,000 for rural education programs, instead of \$167,831,000 as proposed by the House and \$175,000,000 as proposed by the Senate.

The conference agreement also includes \$18,330,000 for supplemental education grants to the Federated States of Micronesia (FSM) and the Republic of the Marshall Islands (RMI), in accordance with the Compact of Free Association Amendments Act of 2003, as proposed by the House instead of \$17,214,000 as proposed by the Senate. The agreement

also includes language allowing up to five percent of the grants to be reserved by the FSM and RMI to provide technical assistance, oversight and consultancy services and to allow the Departments of Labor, HHS and Education to be reimbursed for these services. The conference agreement does not include a provision relating to eligibility for individuals in the Republic of Palau as proposed by the Senate.

#### INNOVATION AND IMPROVEMENT

The conference agreement includes \$1,101,454,000 for programs in the Innovation and Improvement account, instead of \$669,936,000 as proposed by the House and \$1,144,346,000 as proposed by the Senate.

The conference agreement includes \$20,500,000 for the National Writing Project instead of \$17,894,000 as proposed by the House and \$24,000,000 as proposed by the Senate.

The conference agreement includes \$120,000,000 for the Teaching of Traditional American History as proposed by the Senate. The House did not propose funding for this activity. The conferees direct the Department to continue its current policy of awarding 3-year grants.

The conference agreement includes \$15,000,000 for school leadership as proposed by the House instead of \$16,000,000 as proposed by the Senate. The conference agreement includes \$17,000,000 for advanced credentialing activities as proposed by the Senate instead of \$18,391,000 as proposed by the House.

The conference agreement includes \$37,279,000 for credit enhancement for charter schools as proposed by the Senate instead of \$50,000,000 as proposed by the House.

#### Fund for the Improvement of Education (FIE)

The conference agreement includes \$417,418,000 for the Fund for the Improvement of Education.

Within the total for FIE, the conference agreement includes funding for the following activities in the following amounts:

|                                                            |              |
|------------------------------------------------------------|--------------|
| Reading is Fundamental ...                                 | \$25,500,000 |
| Star Schools .....                                         | 21,000,000   |
| Ready to Teach .....                                       | 14,406,000   |
| Exchanges with Historic Whaling and Trading Partners ..... | 8,700,000    |
| Arts in Education .....                                    | 35,920,000   |
| Parental Assistance Information Centers .....              | 42,224,000   |
| Excellence in Economics Education Act .....                | 1,500,000    |
| Women's Educational Equity .....                           | 2,980,000    |
| Teacher Quality Initiatives                                | 9,500,000    |
| CSR clearinghouse .....                                    | 1,500,000    |
| Facilities clearinghouse ....                              | 700,000      |
| Foundations for Learning grants .....                      | 1,000,000    |
| Mental Health Integration in Schools .....                 | 5,000,000    |
| Peer Review .....                                          | 25,000       |

For Arts in Education, the conferees intend that within this total, \$7,500,000 is for Very Special Arts, \$6,420,000 is for the John F. Kennedy Center for the Performing Arts. In addition, \$8,000,000 is for model professional development programs for music, drama, dance and visual arts educators and \$500,000 is for evaluation activities, as outlined by the Senate. The remaining \$13,500,000 is available to continue model arts programs, including a new grant competition.

The conferees expect that the Office of Safe and Drug-Free Schools will administer the mental health integration grants program.

While the conferees applaud the Department's efforts to help students learn foreign

languages, they remain concerned that the Department, using data provided by the e-Language Learning System (eLLS), is developing web-based learning products that could be used in direct competition with the private sector. The conferees understand that, based on the President's budget request, the Department had no plans to continue this project in fiscal year 2005. However, the conference agreement includes funds for the Star Schools program, which has been the source of funds for this activity. Therefore, the conferees direct the Department not to fund any grant that will compete directly with the private sector and further direct the Department to report to the Committees on Appropriations of the House and Senate on the activities undertaken with federal funds by the e-Language Learning System and their impact on the private sector. The conferees expect to receive this report no later than April 15, 2005. The conferees further direct the Department to notify the House and Senate Appropriations Committees 15 days prior to any Department expenditures regarding the eLLS project.

The conferees direct the Department to implement the Act consistent with their intent, as reflected above, and request an implementation plan to be submitted to the House and Senate Committees on Appropriations within 30 days of enactment of the Department of Education Appropriations Act, 2005. To the extent that the Department wishes to reprogram funds in order to address other activities or alter the allocation of funds for activities listed in the chart above, the conferees expect the Department to follow the guidance provided in this statement of the managers.

The conferees concur that the Secretary shall notify States that schools that will not receive continuing comprehensive school reform awards with fiscal year 2005 funds shall receive priority for targeted grants and/or technical assistance under section 1003(a) of ESEA.

Within the total for FIE, the following amounts are also provided:

|                                                                                                                                             |              |
|---------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| Reach Out and Read .....                                                                                                                    | \$10,000,000 |
| Abaertern Academy, Bozeman, MT to support distance learning .....                                                                           | 500,000      |
| Abbotsford School District, WI, for after school programs .....                                                                             | 250,000      |

Youth Alive, Inc., Louisville, KY, for tutoring, homework assistance and mentoring ..... 40,000

Youth Sports and Recreation Commission, Detroit, MI, for youth education and training services ..... 100,000

YouthFriends Michigan, Traverse City, MI, for a school based mentoring program ..... 100,000

Zero to 5 Foundation, East Los Angeles, CA, for a pre-school education project in Boyle Heights in east Los Angeles ..... 150,000

*Other programs*

The conference agreement includes \$23,500,000 for the Ready to Learn program instead of \$22,864,000 as proposed by the House and \$24,000,000 as proposed by the Senate. The conferees continue to strongly support the educational and outreach objectives of the Ready to Learn Television program. The conferees are especially pleased that television programs such as Dragon Tales and Between the Lions developed with funding from Ready to Learn have been recognized with national parent and television production awards. The conferees reiterate the unique mission of Ready to Learn, which is to use the television medium to help prepare pre-school age children for school. The television programs that must fulfill this mission are to be specifically designed for this purpose, with the highest attention to production quality and validity of research-based educational objectives, content, and materials. Therefore, the conferees expect that the grant competition administered for a new award under this program will emphasize the importance of investing Ready to Learn resources in those programs that have proven to fulfill this mission, acquiring new programs with scrutiny, and distinguishing Ready to Learn programs from content easily available on commercial and cable television.

The conference agreement includes \$4,970,000 for dropout prevention programs instead of \$10,000,000 as proposed by the Senate. The House did not propose funding for this program.

The conference agreement includes \$30,000,000 for advanced placement fees as proposed by the House instead of \$33,534,000 as proposed by the Senate. The conferees intend that the first priority of the program is to awards grants to States to subsidize test fees for low-income students who are enrolled in an Advanced Placement class and plan to take an Advanced Placement test. The balance of the funds are allocated for Advanced Placement Incentive Program grants, which are competitive grants to states, school districts and national non-profit educational agencies for programs that expand access for low-income individuals to Advanced Placement programs. Eligible activities include teacher training and participation in online Advanced Placement courses, among other related purposes.

#### SAFE SCHOOLS AND CITIZENSHIP EDUCATION

The conference agreement includes \$867,713,000 for programs in the safe schools and citizenship education account, instead of \$801,369,000 as proposed by the House and \$902,008,000 as proposed by the Senate.

The conference agreement includes \$153,767,000 for national programs as proposed by the House instead of \$156,219,000 as proposed by the Senate. The conference agreement includes funding for the following activities:

School Safety Initiatives .. \$30,000,000

| National Recognition Program .....                           | 1,819,000  |
| National Clearinghouse for School Facilities .....           | 850,000    |
|                                                              | 300,000    |

The conferees direct the Department to implement the Act consistent with their intent, as reflected in the table above, and request an implementation plan to be submitted to the House and Senate Committee on Appropriations within 30 days of enactment of the Department of Education Appropriations Act, 2005. To the extent that the Department wishes to reprogram funds in order to address other activities or alter the allocation of funds for activities listed in the chart above, the conferees expect the Department to follow the guidance provided in this statement of the managers.

The conference agreement includes bill language requiring the Department to spend \$850,000 for the National Recognition Awards program under the guidelines described in section 120(f) of Public Law 105-244.

The conference agreement includes \$33,000,000 for grants to reduce alcohol abuse instead of \$35,000,000 as proposed by the Senate. The House did not propose funding for this activity.

The conference agreement includes \$49,705,000 for mentoring programs as proposed by the House instead of \$65,000,000 as proposed by the Senate. The agreement also includes \$24,691,000 for character education as proposed by the Senate instead of \$24,961,000 as proposed by the House. The conference agreement includes \$35,000,000 for elementary and secondary school counseling instead of \$33,799,000 as proposed by the House and \$36,000,000 as proposed by the Senate.

The conference agreement includes \$74,000,000 for physical education programs instead of \$69,587,000 as proposed by the House and \$75,000,000 as proposed by the Senate. This amount includes \$2,000,000 to support the Special Olympics National Games as proposed by the Senate. In addition, within the amounts appropriated, the conferees expect that a portion of the funds will be set aside to be awarded in new grants and projects for fiscal year 2005.

The conference agreement includes \$29,642,000 for the Civic Education program to support both the We the People programs and the Cooperative Education Exchange, instead of \$28,642,000 as proposed by the House and \$30,642,000 as proposed by the Senate. The conferees intend that \$17,350,000 will be provided to the nonprofit Center for Civic Education to support the We the People programs. Within the total for the We the People program, the conferees intend that \$3,050,000 be reserved to continue the comprehensive program to improve public knowledge, understanding, and support of American democratic institutions which is a cooperative project among the Center for Civic Education, the Center on Congress at Indiana University, and the Trust for Representative Democracy at the National Conference of State Legislatures, and that

\$1,525,000 be used for continuation of the school violence prevention demonstration program, including \$500,000 for the Native American initiative.

The conference agreement also includes \$12,292,000 for the Cooperative Education Exchange program. Within this amount, the conferees intend that \$4,600,000 is for the Center for Civic Education and \$4,600,000 for the National Council on Economic Education, while the remaining \$3,092,000 should be used to continue the existing grants funded under the authorizing statute for civics and government education, and for economic education.

The agreement also includes \$27,000,000 for State Grants for Incarcerated Youth instead of \$28,000,000 as proposed by the Senate. The House did not provide funding for this activity.

#### ENGLISH LANGUAGE ACQUISITION

The conference agreement includes \$681,215,000 for English Language Acquisition programs as proposed by the House instead of \$700,000,000 as proposed by the Senate.

#### SPECIAL EDUCATION

The conference agreement includes \$11,767,748,000 for Special Education instead of \$12,176,101,000 as proposed by the House and \$12,328,391,000 as proposed by the Senate. The agreement provides \$6,354,748,000 in fiscal year 2005 and \$5,413,000,000 in fiscal year 2006 funding for this account.

Included in these funds is \$10,675,147,000 for Grants to States part B instead of \$11,068,106,000 as proposed by the House and \$11,228,981,000 as proposed by the Senate.

The conference agreement includes \$387,699,000 for preschool grants as proposed by the House instead of \$390,000,000 as proposed by the Senate. The agreement also includes \$444,363,000 for grants for infants and families as proposed by the Senate instead of \$466,581,000 as proposed by the House.

The conference agreement includes \$52,819,000 for technical assistance as proposed by the House instead of \$54,000,000 as proposed by the Senate. The agreement includes \$91,357,000 for personnel preparation as proposed by the House instead of \$93,357,000 as proposed by the Senate. The agreement includes \$26,173,000 for parent information centers as proposed by the House instead of \$27,500,000 as proposed by the Senate. The agreement also includes \$39,129,000 for technology and media services as proposed by the Senate instead of \$32,305,000 as proposed by the House.

The agreement also includes \$1,500,000 for Public Telecommunications Information and Training Dissemination as proposed by the Senate. The House did not contain funds for this activity.

#### REHABILITATION SERVICES AND DISABILITY RESEARCH

The conference agreement includes \$3,076,112,000 for Rehabilitation Services and Disability Research instead of \$3,054,587,000 as proposed by the House and \$3,077,328,000 as proposed by the Senate.

The conference agreement includes \$1,000,000 to continue an award to the American Academy of Orthotists and Prosthetists (AAOP) for activities that further the purposes of the grant received by the Academy for the period beginning October 1, 2003.

The conference agreement includes \$11,997,000 for client assistance grants as proposed by the House instead of \$13,000,000 as proposed by the Senate. The agreement includes \$25,814,000 for demonstration and training programs instead of \$18,784,000 as proposed by the House and \$24,286,000 as proposed by the Senate. Within the amounts provided for vocational rehabilitation demonstration and training programs, the conference agreement includes funding for the following activities:

|                                                                                                                                                                                          |           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |           |

The agreement includes \$37,680,000 for supported employment as proposed by the House instead of \$38,000,000 as proposed by the Senate.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |           |
| Challenge Alaska, Anchorage, AK for a comprehensive recreation program benefiting people and families with disabilities of all ages .....                                                | 200,000   | The conference agreement includes \$23,000,000 for independent living state grants as proposed by the Senate instead of \$25,000,000 as proposed by the House. The agreement also includes \$76,000,000 for Independent Living Centers instead of \$75,000,000 as proposed by both the House and Senate. The agreement also includes \$33,495,000 for services for older blind individuals instead of \$35,000,000 as proposed by the House and \$31,811,000 as proposed by the Senate. The agreement also includes \$8,666,000 for the Helen Keller National Center as proposed by the House instead of \$9,000,000 as proposed by the Senate.                                                                                                                                                                                                                                                                                                                      |           |
| Enable America, Inc., Tampa, Florida, for civic/citizenship demonstration project for disabled adults .....                                                                              | 1,000,000 | The conference agreement includes \$108,652,000 for the National Institute on Disability and Rehabilitation Research instead of \$106,652,000 as proposed by the House and \$109,152,000 as proposed by the Senate. Within the conference agreement, the conferees have included an additional \$2,000,000 to support NIDRR's spinal cord injury model systems program. These funds, in addition to the \$7,200,000 available within the budget request, will support \$8,000,000 in new awards in fiscal year 2005 and \$1,200,000 for continuation grants. The conferees intend that the additional funds should be used to support investments that could facilitate multi-center research on therapies, interventions and the use of technology, and encourage NIDRR to continue its collaboration with other federal agencies in order to leverage Federal investments in this area.                                                                            |           |
| Kenai Peninsula Independent Living Center, AK, for its Total Recreation and Independent Living Services Project ..                                                                       | 150,000   | The conferees are aware of field evidence and growing recognition that participation in sports by people with disabilities is a predictor of successful employment outcomes. The conferees urge the National Institute on Disability and Rehabilitation Research to conduct a study to validate the impact of adapted sports participation on employment                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |           |

outcomes for adults with physical disabilities and report the results of this study to Congress no later than May 31, 2005. The study shall identify the population of people with physical disabilities who have participated in organized adapted sports programs; analyze the academic achievements, post secondary education attainment, and rate of employment among people with physical disabilities who participated in organized adapted sports programs compared with those who did not; and evaluate the impact of adapted sports participation on the mental, physical, and social well-being of the person with a disability and on the family.

The conference agreement includes \$30,000,000 for assistive technology instead of \$15,000,000 as proposed by the House and \$31,495,000 as proposed by the Senate. The conference agreement does not include language proposed by the Senate relating to the allocation of assistive technology funds. This language is no longer needed since the Assistive Technology Act was recently reauthorized.

#### SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

##### GALLAUDET UNIVERSITY

The conference agreement includes \$105,400,000 for Gallaudet University as proposed by the Senate instead of \$104,000,000 as proposed by the House.

##### VOCATIONAL AND ADULT EDUCATION

The conference agreement includes \$2,027,166,000 for Vocational and Adult Education instead of \$2,025,456,000 as proposed by the House and \$2,102,086,000 as proposed by the Senate. The agreement provides \$1,236,166,000 in fiscal year 2005 and \$791,000,000 in fiscal year 2006 funding for this account.

The conference agreement includes \$1,203,963,000 for Vocational Education basic State grants instead of \$1,215,008,000 as proposed by the House and \$1,194,295,000 as proposed by the Senate.

The conference agreement includes \$4,939,000 for the tech-prep education demonstration authorized under section 207 of the Perkins Act as proposed by the Senate. The agreement also includes \$9,382,000 to continue the occupational and employment information program as proposed by the Senate. The House did not include funding for these activities.

The conference agreement includes \$574,266,000 for adult education state grants as proposed by the Senate instead of \$574,372,000 as proposed by the House.

The conference agreement also includes \$95,238,000 for the smaller learning communities program instead of \$101,698,000 as proposed by the House and \$173,967,000 as proposed by the Senate. The conferees concur in the directions in House report 108-636. The conferees intend that the smaller learning communities program competition in calendar year 2005 include an increase in the size and scope of implementation grants, allow for 5-year implementation awards, and permit schools that have previously received implementation grants to receive additional assistance if needed to complete effective interventions in smaller learning communities. The conferees are concerned that the Department is using the 5 percent set-aside funds to support its broad high school reform agenda rather than providing direct technical assistance to schools receiving smaller learning awards. The conferees believe that a greater share of the 5 percent set-aside funds should be used to support direct technical assistance to grantees through providers with expertise in designing and implementing smaller learning communities.

The conference agreement includes \$5,000,000 for community technology centers

instead of \$11,000,000 as proposed by the Senate. The House did not propose funding for this activity.

#### STUDENT FINANCIAL ASSISTANCE

The conference agreement includes \$14,380,795,000 for Student Financial Assistance instead of \$14,755,794,000 as proposed by the House and \$14,859,694,000 as proposed by the Senate.

The agreement provides a program level of \$12,464,715,000 for Pell Grants instead of \$12,830,000,000 as proposed by both the House and the Senate. The conference agreement also includes \$785,000,000 for the supplemental educational opportunity grant program instead of \$794,455,000 as proposed by the House and \$799,850,000 as proposed by the Senate. The agreement includes \$998,243,000 for Federal work study as proposed by the Senate instead of \$998,502,000 as proposed by the House. The agreement does not include funding in fiscal year 2005 for Perkins capital contributions as proposed by the House. The Senate included \$98,764,000 for this program.

#### STUDENT AID ADMINISTRATION

The conference agreement includes \$120,247,000 for student aid administration as proposed by the House instead of \$121,000,000 as proposed by the Senate.

#### HIGHER EDUCATION

The conference agreement includes \$2,134,269,000 for Higher Education instead of \$1,976,056,000 as proposed by the House and \$2,148,458,000 as proposed by the Senate.

#### Aid for Institutional Development

The conference agreement includes \$80,986,000 for strengthening institutions as proposed by the House instead of \$85,000,000 as proposed by the Senate. The conference agreement includes \$95,873,000 for Hispanic Serving Institutions as proposed by the House instead of \$100,000,000 as proposed by the Senate. The conference agreement also includes \$12,000,000 for Alaska and Native Hawaiian Institutions instead of \$13,000,000 as proposed by the Senate and \$10,935,000 as proposed by the House.

The conference agreement includes \$24,000,000 for strengthening tribal colleges and universities, instead of \$23,753,000 as proposed by the House and \$25,000,000 as proposed by the Senate. The conferees agree that funds are to be used to support continuation of existing basic grants and new planning or implementation grant awards. The remaining funds shall be available for grants for renovation and construction of facilities, including repair and expansion.

The conference agreement includes \$7,500,000 for Tribally Controlled Postsecondary Vocational Institutions instead of \$7,185,000 as proposed by the House and \$8,000,000 as proposed by the Senate. The agreement also includes language proposed by the Senate notwithstanding any other provision of law or any regulation that the Secretary of Education shall not require the use of a restricted indirect cost rate for grants issued pursuant to the tribally controlled postsecondary vocational and technical institutions program.

#### International Education and Foreign Language Studies

The conference agreement includes \$93,211,000 for the domestic activities of the international education and foreign language studies programs as proposed by the House instead of \$89,211,000 as proposed by the Senate. Within the conference agreement, \$1,500,000 is included for a study by the National Research Council as described in House Report 108-636.

#### Fund for the Improvement of Postsecondary Education

The conference agreement includes \$163,915,000 for the Fund for the Improvement

of Postsecondary Education instead of \$32,011,000 as proposed by the House and \$157,700,000 as proposed by the Senate. Within the amounts provided for the Fund for the Improvement of Postsecondary Education, the conference agreement includes funding for the following:

|                                                                                                                                                                                                                                    |           |

The Educational Technical Assistance Act of 2002 authorized a competitive grant program to State Educational Agencies to enable such agencies to design, develop, and implement, statewide, longitudinal data systems to manage, analyze, disaggregate, and use individual student data. The conferees believe these funds are necessary to help States measure individual student performance, particularly as it relates to adequate yearly progress goals, more efficiently and more accurately. The conferees also urge the Department to establish a priority for those States that currently have the most limited ability to collect, analyze and report individual student achievement data when considering applications for funds available through this program. |           |

The conferees believe that this program, if effectively implemented so as to enable the collection of longitudinal data on individual student achievement, will greatly facilitate randomized controlled trials and other rigorous longitudinal studies needed to determine which educational interventions are effective and which are not.                                                                                                                                                                                                 |           |

For this reason, the conferees strongly encourage IES to work with the Secretary to create a competitive preference system whereby schools would receive priority for awards by agreeing to participate in randomized research studies. One potential system would entail funding schools in pairs, where at random one school would receive a new program immediately and the other would receive it a year later, thereby creating conditions conducive to randomized controlled studies.                                                                                                                                                                                                                                          |           |

| Western Governor's University (WGU), Salt Lake City, Utah to provide advanced education and competency-based teaching degrees and certificates .....                                | 800,000 | The conference agreement includes \$843,289,000 for TRIO instead of \$842,559,000 as proposed by the House and \$844,500,000 as proposed by the Senate. The agreement also includes \$308,960,000 for the GEAR UP program instead of \$318,230,000 as proposed by the House and \$302,500,000 as proposed by the Senate. The conferees intend that funds be awarded on an annual basis and that the Department consult with Congressional committees of jurisdiction prior to new grant competition announcements. The conference agreement provides a sixth and final year award to grantees first funded in 2000, while continuing all other funded projects. The conferees also intend that these funds are available to eligible 1999 grantees that opt to apply for new grant awards servicing a cohort no later than seventh grade, and are allowed to continue assisting students who have not yet completed the program through high school graduation. |           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |           |
| Western Iowa Tech Community College, Sioux City, IA, for equipment ..                                                                                                               | 120,000 | The agreement also includes \$41,000,000 for Byrd Honors Scholarships as proposed by the Senate. The House did not propose funding for this activity.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |           |
| Western Michigan University, College of Health and Human Services, Kalamazoo, MI, for science equipment .....                                                                       | 400,000 | The conference agreement also includes \$68,888,000 for Teacher Quality Enhancement Grants instead of \$88,888,000 as proposed by both the House and the Senate. The agreement includes \$7,000,000 for demonstrations in disabilities, \$2,222,000 for the underground railroad program, and \$3,000,000 for Thurgood Marshall Scholarships as proposed by the Senate. The House did not propose funding these activities. The agreement also includes \$988,000 for Olympic Scholarships as proposed by the House. The Senate bill did not provide funding for this program.                                                                                                                                                                                                                                                                                                                                                                                  |           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |           |

Pell Grants for certain students enrolled in institutions of higher education in Palau. Neither the House nor the Senate bills contained this provision.

#### TITLE IV—RELATED AGENCIES

##### ARMED FORCES RETIREMENT HOME

The conference agreement includes \$61,624,000 for the Armed Forces Retirement Home instead of \$61,195,000 as proposed by the House and the Senate.

##### COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

The conference agreement provides \$4,707,000 for the Committee for Purchase from People who are Blind or Severely Disabled instead of \$4,672,000 as proposed by the House and as proposed by the Senate in S. 2806.

##### CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

##### DOMESTIC VOLUNTEER SERVICE PROGRAMS, OPERATING EXPENSES

The conference agreement includes \$356,598,000 for the Domestic Volunteer Service programs instead of \$353,197,000 as proposed by the House and \$357,814,000 as proposed by the Senate.

##### Volunteers in Service to America (VISTA)

The conference agreement includes \$95,000,000 for VISTA instead of \$93,731,000 as proposed by the House and \$96,428,000 as proposed by the Senate.

##### National Senior Volunteer Corps

The conference agreement includes \$112,323,000 for the Foster Grandparent Program (FGP) as proposed by both the House and the Senate. The conferees intend that one-third of the increase over the fiscal year 2004 level shall be used to fund Program of National Significance [PNS] expansion grants to allow existing FGP programs to expand the number of volunteers serving in areas of critical need. All remaining funds shall be used to fund an administrative cost increase for each Foster Grandparent Program nationwide. The amount to be allocated to individual grantees shall be calculated based on a percentage of the entire federal grant award in FY 2004, including the amount specified for payment of non-taxable stipends to Foster Grandparent volunteers. The Corporation for National and Community Service (CNCS) shall comply with the directive that use of PNS funding increases in the FGP shall not be restricted to any particular activity. The conferees further direct that CNCS shall not stipulate a minimum or maximum amount for PNS grant augmentation.

The maximum amount that CNCS may use in FY 2005 for communications and training and technical assistance activities shall not exceed the amount enacted for these two activities in FY 2004.

The conference agreement also includes \$46,275,000 for the Senior Companion Program (SCP) instead of \$45,987,000 as proposed by the House and \$46,563,000 as proposed by the Senate. The agreement also includes \$59,000,000 for the Retired Senior Volunteer Program (RSVP) instead of \$58,156,000 as proposed by the House and \$60,000,000 as proposed by the Senate.

Funds appropriated for FY 2005 may not be used to implement or support service collaboration agreements or any other changes in the administration and/or governance of national service programs prior to passage of a bill by the authorizing committee of jurisdiction specifying such changes.

The Corporation shall comply with the directive that use of funding increases in the FGP, RSVP, SCP and VISTA not be restricted to any particular activity. In addition, none of these increases may be used to

fund demonstration activities. The conferees have not included funding for senior demonstration activities.

##### Program Administration

The conference agreement includes \$39,000,000 for program administration instead of \$38,000,000 as proposed by the House and \$37,500,000 as proposed by the Senate.

##### CORPORATION FOR PUBLIC BROADCASTING

The conference agreement includes \$39,705,000 for digital conversion instead of \$49,705,000 as proposed by the Senate. The House had proposed providing authority for CPB to utilize previously appropriated funds for this purpose.

The conference agreement also includes \$40,000,000 as the second installment of a three-year project to replace the satellite interconnection system. The Senate had proposed \$50,000,000 for this purpose. The House had proposed providing authority for CPB to utilize previously appropriated funds for this purpose.

The conferees strongly urge the CPB to allocate not less than \$100,000 to the 14 public radio stations around the nation that provide the sole source of radio news and information in their communities. The additional funds would permit these stations to extend their broadcast hours and improve service to their listeners.

##### FEDERAL MEDIATION AND CONCILIATION SERVICE

The conference agreement provides \$44,797,000 for the Federal Mediation and Conciliation Service instead of \$43,964,000 as proposed by the House and \$44,464,000 as proposed by the Senate.

The conferees continue to support the FMCS program to prevent youth violence. The conferees are especially pleased with the development of a CD-ROM that will address conflict resolution among preschool and elementary age children. Included in the total appropriation is \$500,000 to be used for FMCS to continue their work to prevent youth violence by teaching students mediation and conflict resolution techniques.

##### FEDERAL MINE SAFETY AND HEALTH REVIEW COMMISSION

The conference agreement provides \$7,872,000 for the Federal Mine Safety and Health Review Commission instead of \$7,813,000 as proposed by the House and the Senate.

##### INSTITUTE OF MUSEUM AND LIBRARY SERVICES

The conference agreement provides \$282,827,000 for the Institute of Museum and Library Services instead of \$261,743,000 as proposed by the House and \$262,240,000 as proposed by the Senate.

Within the total for the Institute, the conference agreement includes funding for the following activities in the following amounts.

[In thousands of dollars]

| Program                               | FY 2005  |

#### MEDICARE PAYMENT ADVISORY COMMISSION

The conference agreement provides \$9,979,000 for the Medicare Payment Advisory Commission instead of \$9,905,000 as proposed by the House and the Senate.

#### NATIONAL COMMISSION ON LIBRARIES AND INFORMATION SCIENCE

The conference agreement provides \$1,001,000 for the National Commission on Libraries and Information Science instead of \$1,000,000 as proposed by the House and \$994,000 as proposed by the Senate.

#### NATIONAL COUNCIL ON DISABILITY

The conference agreement provides \$3,371,000 for the National Council on Disability instead of \$2,873,000 as proposed by the House and \$3,371,000 as proposed by the Senate.

#### NATIONAL LABOR RELATIONS BOARD

The conference agreement provides \$251,875,000 for the National Labor Relations Board instead of \$248,875,000 as proposed by the House and \$250,000,000 as proposed by the Senate.

The conferees have included additional funds over the budget request to reduce the backlog.

The conferees concur with language in the Senate report regarding the NLRB's plan to restructure its regional offices and specifically oppose the elimination of Region 30 and the subsequent downgrading of the Region 30 Office to sub-regional status.

#### NATIONAL MEDIATION BOARD

The conference agreement provides \$11,722,000 for the National Mediation Board instead of \$11,635,000 as proposed by the House and the Senate.

The conferees are concerned regarding the National Mediation Board's (NMB) proposal to implement new fees for arbitration services in a Notice of Proposed Rulemaking published in the Federal Register on August 9, 2004. Prior to implementing these new fees, the conferees strongly urge the NMB to hold additional public hearings to examine any potential negative impact of the proposed fees. The conferees request that the National Mediation Board be prepared to discuss this matter during consideration of its fiscal year 2006 budget.

#### OCCUPATIONAL SAFETY AND HEALTH REVIEW COMMISSION

The conference agreement provides \$10,595,000 for the Occupational Safety and Health Review Commission instead of \$10,516,000 as proposed by the House and the Senate.

#### RAILROAD RETIREMENT BOARD

##### LIMITATION ON ADMINISTRATION

The conference agreement provides \$103,370,000 for the Railroad Retirement Board Limitation on Administration Expenses instead of \$102,202,000 as proposed by the House and \$102,600,000 as proposed by the Senate.

#### RAILROAD RETIREMENT BOARD

##### OFFICE OF INSPECTOR GENERAL

The conference agreement includes a limitation on transfers from the railroad trust funds of \$7,254,000 for administrative expenses of the Office of Inspector General instead of \$6,561,000 as proposed by the House and \$7,200,000 as proposed by the Senate.

The conference agreement does not include language proposed by the Senate that allows the Office of the Inspector General to conduct audits, investigations, and reviews of the Medicare programs.

#### SOCIAL SECURITY ADMINISTRATION

##### SUPPLEMENTAL SECURITY INCOME PROGRAM

The conference agreement includes \$28,710,829,000 for the Supplemental Security Income Program instead of \$28,702,829,000 as proposed by the House and \$25,451,949,000 as proposed by the Senate. The conference agreement also includes an advance appropriation of \$10,930,000,000, as proposed by the House, for the first quarter of fiscal year 2006, to ensure uninterrupted benefit payments. The Senate proposed an advance appropriation of \$14,130,000,000. Also within the total, \$2,986,900,000 is included for the administrative costs of the program as proposed by the House. The Senate included \$2,928,020,000 for administrative costs.

Within the funds provided, the conference agreement includes \$8,000,000, as proposed by the Senate, for outreach efforts and assistance to homeless persons and other underserved populations. The House bill did not contain this funding.

The conference agreement does not include a provision proposed by the Senate that changes the date of an SSI benefit payment from fiscal year 2005 to 2006. The House did not include this provision.

##### LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement includes \$8,798,296,000 for the limitation on administrative expenses rather than \$8,798,100,000 as proposed by the House and \$8,622,818,000 as proposed by the Senate. Included in the conference agreement is bill language to allow SSA to collect fees as authorized by the Social Security Protection Act for certification of non-attorney representatives of claimants.

#### OFFICE OF INSPECTOR GENERAL

##### (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$91,107,000 for the office of inspector general as proposed by the House rather than \$92,000,000 as proposed by the Senate.

#### UNITED STATES INSTITUTE OF PEACE

The conference agreement does not include funding for the United States Institute of Peace in this title. The Senate bill proposed \$22,099,000 for this program while the House included funding for this program in the Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations bill. Funding for this program is provided in Division B.

#### TITLE V—GENERAL PROVISIONS

##### MADE IN AMERICA

The conference agreement deletes without prejudice a general provision as proposed by the Senate pertaining to the purchase of American-made products and equipment with funds made available in this Act. The

House bill did not propose a similar provision.

#### WELDON AMENDMENT

The conference agreement includes language as proposed by the House in section 509 of H.R. 5006. The Senate bill contained no similar provision.

##### LIMITATION ON LIBRARIES

The conference agreement includes a limitation on the ability of a library to access library funding provided under this Act unless the library is in compliance with the Children's Internet Protections Act, as proposed by the House. The Senate bill contained no similar provision.

##### LIMITATION ON SCHOOLS

The conference agreement includes a limitation on the ability of an elementary or secondary school to access technology funding provided under this Act unless the school is in compliance with the Children's Internet Protections Act, as proposed by the House. The Senate bill contained no similar provision.

##### RRB LIMITATION

The conference agreement concurs with House language limiting the availability of funds to the Railroad Retirement Board to enter into an arrangement with a nongovernmental financial institution to serve as disbursing agent for benefits payable under the Railroad Retirement Act of 1974. The Senate bill proposed similar language.

##### LIMITATIONS ON THE USE OF FUNDS

The conference agreement modifies a general provision as proposed by the House pertaining to the reprogramming of funds. As per the requirement of this section, the conferees reiterate the instruction that the Departments and agencies funded through this Division make a written request to the House and Senate Committees on Appropriations at least 15 days prior to the reprogramming of funds in excess of \$500,000, or 10%, whichever is less.

##### PBGC LIMITATION

The conference agreement deletes without prejudice a general provision proposed by the House that none of the funds appropriated by this Act may be used by the Pension Benefit Guaranty Corporation to enforce section 4010(c) of the Employee Retirement Income Security Act. The Senate bill did not propose similar language.

##### FOREIGN CONFERENCES

The conference agreement does not include a general provision as proposed by the House pertaining to the attendance of HHS employees at foreign conferences. The Senate bill did not contain a similar provision. The conferees are pleased that in the current constrained fiscal environment, the Secretary of HHS has taken steps to monitor and limit travel by HHS agency employees to international conferences. The Secretary should, however, ensure that all necessary U.S. scientists are permitted to attend important international scientific meetings to present their research findings and to learn about research being conducted in other countries.

##### NIMH GRANTS

The conference agreement does not include a general provision as proposed by the House regarding NIMH grants. The Senate bill did not contain a similar provision. The conferees reiterate their support of the two-tiered peer review process used by NIH to judge research grant applications and continue to expect NIH to ensure that its funds are allocated to research that is both scientifically meritorious and has high potential public health impact.

##### OVERTIME REGULATIONS

The conference agreement deletes without prejudice language proposed by the House

and Senate stating that none of the funds provided may be used to implement or administer any changes to regulations regarding overtime compensation in effect on July 14, 2004.

HIGHER EDUCATION SPECIAL ALLOWANCE FOR  
9.5% LOANS

The conference agreement does not include a provision that prohibits the use of funds for the Secretary to administer or pay any special allowance under sections of the Higher Education Act of 1965 pursuant to provisions of the regulations of the Department of Education. The Senate bill contains no similar provision.

IMMIGRATION LIMITATION

The conference agreement does not include a provision that prohibits the use of funds by

the Department of Education in contravention of sections of the Illegal Immigration Reform and Responsibility Act of 1996. The Senate bill contains no similar provision.

NATIVE HAWAIIAN GOVERNING ENTITY  
RECOGNITION

The conference agreement does not include a provision, proposed by the Senate, recognizing the Native Hawaiian governing entity as the representative governing body of the Native Hawaiian people. The House did not propose a similar provision.

NORTHERN LIGHTS BOULEVARD PROPERTY

The conference agreement includes a provision conveying the property at 1818 W. Northern Lights Boulevard in Anchorage, Alaska from the U.S. Government to the Southcentral Foundation for a replacement

Head Start facility. The House bill contains no similar provision.

ACROSS-THE-BOARD SALARIES AND EXPENSES  
REDUCTION

The conference agreement includes a new provision to reduce salaries and expenses of the Departments of Labor, Health and Human Services, and Education by \$18,000,000.

CONFERENCE AGREEMENT

The following table displays the amounts agreed to for each program, project or activity with appropriate comparisons:

DIVISION G—LEGISLATIVE BRANCH  
APPROPRIATIONS ACT, 2005

## LEGISLATIVE BRANCH WIDE MATTERS

The conferees recognize the provisions of H.R. 4755 and the accompanying House Report 108-577, and S. 2666 and the accompanying Senate Report 108-307, and any instructions and detail included in such reports are to be adhered to, unless amended or restated herein.

Many items in both House and Senate Legislative Branch Appropriations bills are identical and are included in the conference agreement without change. The conferees have endorsed statements of policy contained in the House and Senate reports accompanying the appropriations bills, unless amended or restated herein. With respect to those items in the conference agreement that differ between House and Senate bills, the conferees have agreed to the following with the appropriate section numbers, punctuation, and other technical corrections.

The conferees are very concerned with the responsiveness and working relationships between the Committees and the Chief Financial Officers of the agencies of the Legislative Branch. In order for the Committees to review, analyze, evaluate, and provide the budgetary resources to the agencies of the Legislative Branch it is imperative that solid working relationships exist between the Committees and each CFO, and that they provide the highest level of timeliness, accuracy, and confidentiality. The conferees believe that in order for the budgetary cycle to accomplish the appropriate outcome the collaborative arrangements are essential, however, emphasize to the heads of the agencies, that the Committees will proceed with the budgetary process with or without these cooperative and confidential relationships.

It has also come to the attention of the conferees that agencies of the Legislative Branch are using varying assumptions and operating processes at times when the Government is operating under a continuing resolution. The conferees direct the members of Legislative Branch Financial Managers Council to work together to assure that all agencies are operating within the rules, regulations, and accounting procedures required by a continuing resolution and report its findings to the Committee on Appropriations of the House and Senate by January 31, 2005.

The conferees emphasize to the Legislative Branch agencies that the large budgetary in-

creases requested in the fiscal year 2005 budget submissions cannot be sustained. The conferees encourage the agencies to submit more reasonable budget requests for fiscal year 2006, and thereafter.

## TITLE I

## SENATE

Appropriates \$726,067,000 for Senate operations. Inasmuch as these items relate solely to the Senate, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the House, at the request of the managers on the part of the Senate, have receded to the amendments of the Senate.

## HOUSE OF REPRESENTATIVES

Appropriates \$1,048,581,000 for House operations. Inasmuch as these items relate solely to the House, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at the request of the managers on the part of the House, have receded to the amendments of the House.

## JOINT ITEMS

## JOINT ECONOMIC COMMITTEE

Appropriates \$4,139,000 as proposed by the House and the Senate.

## JOINT COMMITTEE ON TAXATION

Appropriates \$8,433,000 as proposed by the House instead of \$8,476,000 as proposed by the Senate.

## OFFICE OF THE ATTENDING PHYSICIAN

Appropriates \$2,528,000 as proposed by the House and the Senate.

CAPITOL GUIDE SERVICE AND SPECIAL SERVICES  
OFFICE

Appropriates \$3,844,000 for the Capitol Guide Service and Special Services Office as proposed by the House and the Senate.

## STATEMENTS OF APPROPRIATIONS

Appropriates \$30,000 as proposed by the House and the Senate.

## CAPITOL POLICE

The conferees are very concerned that the Chief of the Capitol Police has made operational decisions, which necessitated levels of spending in excess of funds appropriated, without consultation with the Committees. The conferees direct that the Chief abide by the Antideficiency Act and that the Department will operate within its appropriations for the fiscal year. The Chief of Police should not expect supplemental funding if he exceeds the appropriation. In the future, all permanent security improvements are to be funded within existing appropriations not the Emergency Response Fund. If a long-term security need exists, the conferees expect the Chief to propose funding solutions, and await approval from the Capitol Police Board and the appropriate committees of Congress for a permanent solution.

The conferees direct that the Chief of Police make every effort to keep the Committees informed of all issues impacting appropriations in a more timely manner. The Chief of Police is directed to report quarterly, by approved line item, on obligations to date compared to the original budgeted items, beginning with the first quarter of fiscal year 2005, ending December 31, 2004.

## SALARIES

Appropriates \$203,440,000 for salaries of officers, members, and employees of the Capitol Police as proposed by the House instead of \$198,000,000 as proposed by the Senate.

The fiscal year 2002 conference report (H.Rpt. 107-259) accompanying the Legisla-

tive Branch Appropriations bill outlined reprogramming guidelines for the Legislative Branch. The conferees are very concerned that the Capitol Police have not followed the prescribed guidelines outlined in the fiscal year 2002 conference report. The conferees direct the Government Accountability Office to audit the budgetary execution of the Capitol Police, beginning with fiscal year 2002, to determine if the established reprogramming guidelines are being followed. The GAO is to report its findings to the Committees on Appropriations of the House and Senate within 90 days of enactment of this Act. The conferees further direct that the GAO continue to monitor the Capitol Police budget, in terms of reprogramming actions, and report all reprogramming actions in its regular semi-annual reports regarding the Capitol Police administrative operations.

The conferees are concerned with the broad interpretation by the Capitol Police regarding the obligation and expenditure of funds under the auspice of a declared emergency situation. The conferees direct the Government Accountability Office to review the policies, procedures, notification criteria, and approval processes of the Capitol Police to obtain the appropriate approvals by the Capitol Police Board and the Committees on Appropriations when funding is required during an emergency situation. The GAO is directed to report its findings to the Committee on Appropriations of the House and Senate no later than January 31, 2005.

The USCP has recently presented to the Committees on Appropriations another new plan for reorganizing the Department. The conferees acknowledge that changes to the USCP organization will be necessary to effectively address strategic objectives, performance measures, recommendations made by the Government Accountability Office, and changing conditions reflected in regular updates of the threat assessment. However, organizational changes proposed by the USCP, to date, fail to link specifically desired outcomes to a clearly defined set of strategic objectives emanating from an approved strategic plan. Reorganization proposals do not adequately reflect recommendations made by the Government Accountability Office to establish a clear link between organization structure, strategic objectives, and staffing requirements. Therefore, the conferees do not approve any changes in organizational structure at this time. The department has experienced a considerable amount of growth over the past few years in both mission and resources. The conferees believe that it is important for the USCP to develop a reorganization plan that is clear, transparent, and supports the efficient and effective use of current and requested resources. The plan should clearly demonstrate how the proposed organizational realignment is tied to the strategic objectives in an approved strategic plan which is founded on the following criteria: results of an up-to-date threat assessment; well-defined policies; and new or reformed practices designed to transform and modernize the force in response to post-9/11 security requirements. The conferees believe that an independent review of a proposed USCP reorganization plan, including the application of best practices, where applicable, would be helpful in this regard and directs the Government Accountability Office to undertake such a review. The GAO will report its findings and make recommendations that will assist the Chief and the Capitol Police Board in the development of a reorganization plan. The GAO should report the results of its review to the Committees and the Capitol Police Board by February 28, 2005.

The conferees direct that 10 additional civilian administrative FTEs be allocated

within existing "Salaries" resources as follows: three accountants for FMS start-up and operations, a budget analyst for budget execution, a manpower analyst, a facilities administrator, a vehicle maintenance administrator, an assets manager, and two human resources specialists. In addition, the conferees direct that from within existing "General Expenses" resources, the Capitol Police contract for the staffing resources to cover the requirements for wireless technicians, currently estimated at four FTEs, and for radio installation repair technicians and security control operators, currently estimated at 11 FTEs. The conferees believe that these positions will permit the USCP to properly address growing issues with financial management, human resources management, workforce planning and budget, as well as technical requirements. The conferees expect that a portion of these resources will be used by the USCP to assist in the analysis and evaluation of mission requirements as related to organization structure and overall staffing needs. The conferees also expect that prior to any future requests for additional FTEs, the Capitol Police Board will present to the Committees a workforce plan that clearly communicates the relationship between a revised organizational structure and an approved strategic plan that is based on the following criteria: an up-to-date threat assessment; security policies and procedures approved by the Capitol Police Board; best practices that are consistent with similar institutions; and human resources policies and practices designed to maximize the effective and efficient use of FTEs.

The conferees further direct that the Capitol Police review all existing operations and general expenses to determine if any outsourcing opportunities exist and report those findings to the Committee on Appropriations of the House and Senate by March 1, 2005.

The conferees are concerned over the inflated estimates for the "Salaries" appropriations submitted by the Chief of Police. This situation has resulted in excess unobligated balances of \$19.6 million, or 11.2% in fiscal year 2003 and \$11.2 million, or 5.7% in fiscal year 2004. This practice is inexcusable, especially in consideration of the budget restraints under which the Congress is operating.

#### GENERAL EXPENSES

Appropriates \$28,888,000 for general expenses of the Capitol Police, instead of \$28,925,000, as proposed by the Senate.

As directed in the fiscal year 2005 House Report (108-577), the Chief of Police is to report on the economics of continuing the use of the Capitol Police command vehicle due to the requested maintenance cost of \$200,000 for 2005. The conferees are concerned that, since November 2003, the USCP have been aware of major mechanical structural problems with the vehicle and did not inform the Committees. The study, which was to be submitted to the Committees on September 1, 2004, was not received until November 5, 2004. It was then reported that the command vehicle is "mechanically and structurally unsound for service," and had been removed from service on November 1, 2004. The conferees note that \$1.6 million was invested in the command vehicle and direct that no further funding be obligated or expended for this vehicle until all options are explored on its continued use and reported to the Committee on Appropriations of the House and Senate by February 1, 2005.

The conferees direct the Government Accountability Office to conduct a study of the equestrian unit of the USCP. The study is to examine the effectiveness, efficiency, cost

benefits, risk analysis, and overall operations of the unit. The study is to be provided to the Committee on Appropriations of the House and Senate by March 15, 2005.

The conferees direct that the Chief of Police provide the Committee on Appropriations of the House and Senate a quarterly report of all travel of the command staff of the Capitol Police. This report should provide the names of the travelers, the dates and purpose of the travel, and all costs including any training or registration fees associated with the travel. These reports should begin with the first quarter ending December 31, 2004.

The conferees urge the Capitol Police to deploy wherever appropriate first applied sorbent treatment for use by the Hazardous Materials Response Team in chemical decontamination efforts.

#### ADMINISTRATIVE PROVISIONS

##### (INCLUDING TRANSFER OF FUNDS)

The conferees have included an administrative provision allowing for the transfer of funds upon the approval of the Committee on Appropriations of the House and Senate.

In addition, the conferees have included an administrative provision relating to hiring authority of the Capitol Police. The conferees also included authorization for the Capitol Police to carry a specifically authorized weapon during periods when the officer or member is not on duty that is different from the weapon furnished by the Department. The conferees have provided authority for setting pay with the Capitol Police Board or the Chief of the Capitol Police. The conferees have provided authority for the acceptance of donations of animals for the canine unit. The conferees have also provided authority to the Chief of the Capitol Police to settle Federal tort claims, in accordance with Title 31 of the United States Code, with reporting requirements to the Committee on House Administration and the Senate Committee on Rules and Administration. The conferees have included a provision related to the protection of information that is sensitive to the policing, protection, physical security, counter terrorism, emergency response, and preparedness of the Congress and the Capitol buildings and grounds. Language has also been included regarding the General Counsel that is not intended to effect changes to the current organizational structure. The conferees have also included a provision relating to deployment of the Capitol Police outside of their jurisdiction.

#### OFFICE OF COMPLIANCE

##### SALARIES AND EXPENSES

Appropriates \$2,421,000 as proposed by the House and the Senate. The conferees have agreed to strike the student loan repayment provision. The conferees remind the Office of Compliance that funding provided for cost-of-living increases is not to be used for any other purpose without the prior approval of the House and Senate Committees on Appropriations.

#### CONGRESSIONAL BUDGET OFFICE

##### SALARIES AND EXPENSES

Appropriates \$34,919,000 instead of \$34,790,000 as proposed by the House and Senate. The additional amount of \$129,000 is provided to cover the increased agency cost for the Federal Employee Retirement System (FERS).

#### ARCHITECT OF THE CAPITOL

##### GENERAL ADMINISTRATION

Appropriates \$80,347,000, to the Architect of the Capitol for general administration, instead of \$79,581,000 as proposed by the House and \$74,063,000 as proposed by the Senate. Of the amount appropriated, \$2,220,000 shall remain available until September 30, 2009, in-

stead of \$1,500,000 as proposed by the House and \$720,000 as proposed by the Senate.

The conferees are concerned that little has been accomplished through the new Chief Operating Officer (COO) function, which the Congress created in fiscal year 2003. This function was intended to improve management, streamline day-to-day Architect of the Capitol (AOC) operations, and effectuate team building.

Specifically, Public Law 108-7 required that the COO prepare an action plan describing "the policies, procedures, and actions" to be implemented "and timeframes for carrying out the responsibilities under this section". The conferees note that the action plan submitted to Congress by the COO did not adequately describe how the COO would carry out the assigned responsibilities detailed in the legislation. Because the submitted action plan is outlined at such a general level, it fails to convey how the listed items link together to move the agency forward and address the Agency's longstanding and well known weaknesses, the reason the COO position was created. In addition, the plan lacks details of the steps necessary for completing the listed items, nor does it explain how individual items will be measured in order to monitor AOC's performance. Further, the plan does not specify how the items listed in the action plan relate to and link with the AOC's strategic plan, released on December 15, 2003, even though the legislation required that the action plan be "developed concurrently and consistent with the development of a strategic plan."

In addition, the action plan was to be submitted not later than 90 days after the appointment of the Chief Operating Officer on July 28, 2003, but the plan was not received until December 22, 2003, almost 2 months late and with no evidence of having benefited from additional work over that period. The conferees note that the action plan was delivered without briefing or discussion, which could have provided the relevant Committees with better understanding regarding the details of the implementation of the plan.

Based on ongoing monitoring efforts conducted by the Government Accountability Office (GAO), it appears that there have been no substantive improvements made to overall AOC operations by the new COO. In fact, the conferees are concerned that efforts by the COO to direct changes without the context of strategic objectives and a transparent, well-organized change management process are having a negative impact on morale, productivity, and effectiveness of the AOC as an institution. It is apparent that the COO has not seriously addressed the intended results of this law and that he has either misunderstood or intentionally ignored the purpose for which the position was created. Therefore, the conferees have eliminated funding of \$171,000 for the salary and benefit costs of the incumbent of the Chief Operating Officer position. The conferees further direct that Architect of the Capitol enters into a contract with an executive employment search organization to perform a nation-wide recruitment for a new Chief Operating Officer. The conferees further direct that a panel comprised of the Comptroller General of the United States, the Public Printer of the United States, the Chief Administrative Officer of the House of Representatives, a designee from the Senate Sergeant at Arms, and a designee from the office of the Architect of the Capitol review the applications, interview the top applicants, and forward a recommendation, including not less than three applicants, to the Architect of the Capitol for his review and final selection within 180 days of enactment of this Act.

The conferees have agreed to defer the transfer of FTEs and associated costs as proposed by the Senate until an organizational structure is approved for the Office of the Architect of the Capitol.

The conferees are concerned that the AOC has ignored previous directives to improve the quality of the FTE data analysis submitted in the annual budget, particularly related to ongoing and new projects, and therefore, direct that these very important FTE projection and tracking issues be readdressed by the Architect. The conferees found the previous recommendations by the AOC to remedy the FTE analysis difficulties to be questionable, including the AOC proposals to completely remove the FTE caps, or to increase the caps to significantly higher levels without justification. It is understood that the FTE situation in the AOC is complex due to the multi-faceted responsibilities of the Architect, including ongoing operations, annual and multi-year projects; a variety of funding sources; and the various types of positions that are required to accomplish these responsibilities. However, it is due to these varying and complex factors that more systemic processes and greater controls are required for FTE estimates, projections and tracking. The AOC needs to provide comprehensive, meaningful, realistic, and transparent FTE data.

The conferees have agreed to defer the establishment of a separate FTE cap for the Construction Management Division (CMD), as proposed by the House. The AOC has been provided relief from the FTE caps for project work for the past two years. The conferees agree that a less cumbersome, yet accurate, approach for managing FTE data is required. Therefore, the conferees direct the Architect of the Capitol and the Government Accountability Office to work together to prepare a report with recommendations that will address and improve the AOC's ability to estimate, track, and report on all FTEs. The report is to include recommendations for improvements that address FTE data by appropriation and organizational levels, including permanent and temporary FTEs required for each of the following categories: all jurisdiction operations, including those in general administration; ongoing and new projects performed by the superintendents; and ongoing and new projects performed by the CMD. The recommendations will take into account that data should be derived from a zero-base for all temporary employees, including non-project and support temporary positions as well as temporary project positions for both superintendent jurisdictions and CMD projects.

Further, the report will address future personnel requirements by contracting out functions to free up FTEs for functions that are inherently governmental. The conferees further direct that the caps established in FY 2004 will continue in FY 2005. The report with recommendations is to be delivered to the Committees on Appropriations of the House and Senate not later than 120 days after the enactment of this Act.

The conferees note that there have been complaints regarding the responsiveness of the Architect of the Capitol to the needs of clients. The conferees remind the Architect that the organization must reflect a posture that is timely, professional, and responsive.

Included in the operating budget is an additional \$277,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the General Administration appropriation.

With respect to operations and projects the House and Senate conferees have agreed to the following:

Operating Budget ..... \$77,467,000

#### Project Budget:

|                        |           |
|------------------------|-----------|
| 1. Emergency Defibril- |           |
| lators .....           | 660,000   |
| 2. Study, Design, and  |           |
| Condition Assessment   | 720,000   |
| Legislative Call Sys-  |           |

| 3. CATV System Upgrade |           |
| Design .....           | 1,500,000 |

Total, General Ad-

ministration ..... 80,347,000

#### CAPITOL BUILDING

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$28,857,000, to the Architect of the Capitol for maintenance, care, and operation of the Capitol building, instead of \$18,185,000 as proposed by the House and \$24,784,000 as proposed by the Senate. Of the amount appropriated, \$14,500,000 shall remain available until expended, instead of \$4,000,000 as proposed by the House and \$8,770,000 as proposed by the Senate to remain available until September 30, 2009.

Included in the operating budget is an additional \$72,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Capitol Building appropriation.

The conferees have agreed to include authority for the transfer of up to \$10,600,000 to the Capitol Visitor Center project. The conferees are distressed with the Architect's ongoing inability to provide the Committees with accurate cost estimates and delivery schedules on this very important and high profile project. Since the commencement of the project, the Committees have made every effort to work with the Architect and staff through these issues, and yet, continue to receive notifications of schedule delays, unforeseen requirements, and escalating costs of the Capitol Visitor Center.

With respect to operations and projects the House and Senate conferees have agreed to the following:

Operating Budget ..... \$14,814,000

#### Project Budget:

|                            |           |

Subway Terminal

Water Infiltration .... 100,000

Total, Capitol Build-

ing ..... 28,857,000

#### CAPITOL GROUNDS

Appropriates \$6,974,000, to the Architect of the Capitol for the care and improvements of the grounds surrounding the Capitol, House and Senate office buildings, and the Capitol Power Plant, instead of \$7,033,000, of which \$527,000 shall remain available until September 30, 2009, as proposed by the House and \$6,940,000, as proposed by the Senate.

Included in the operating budget is an additional \$34,000 to cover anticipated increased agency contributions to the Federal

Employees Retirement System for employees paid through the Capitol Grounds appropriation.

With respect to operations and projects the House and Senate conferees have agreed to the following:

Operating Budget ..... \$6,509,000

#### Project Budget:

|                            |         |
|----------------------------|---------|
| 1. Restore Decorative      |         |
| Vases & Lights, W. Ter-    |         |

Total, Senate Office Buildings .....

## HOUSE OFFICE BUILDINGS

Appropriates \$65,353,000, of which \$27,103,000 shall remain available until September 30, 2009, to the Architect of the Capitol for the maintenance, care, and operation of the House office buildings. Inasmuch as this item relates solely to the House, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at the request of the managers on the part of the House, have receded to the House.

Included in the operating budget is an additional \$223,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the House Office Buildings appropriation.

The conferees direct the Architect of the Capitol to administer fire code regulations in the House office buildings under the same protocols used for administration of fire codes in the Capitol building.

## CAPITOL POLICE BUILDINGS AND GROUNDS

Appropriates \$5,853,000, to the Architect of the Capitol for the maintenance, care, and operation of buildings and grounds of the Capitol Police instead of \$4,883,000 as proposed by the House and \$7,090,000 as proposed by the Senate. Of the amount appropriated, \$500,000 shall remain available until September 30, 2009, instead of no multi-year funding as proposed by the House and \$1,500,000 as proposed by the Senate.

Included in the operating budget is an additional \$3,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Capitol Police Buildings and Grounds appropriation.

With respect to operations and projects the House and Senate conferees have agreed to the following:

|                                                                                               |             |
|-----------------------------------------------------------------------------------------------|-------------|
| Operating Budget .....                                                                        | \$4,853,000 |
| Project Budget:                                                                               |             |
| 1. USCP Furniture Replacement .....                                                           | 500,000     |
| 2. Study, Design, and Condition Assessment Annual Update to USCP Facilities Master Plan ..... | 500,000     |
| Study, Replacement of 67 K Street Facility ..                                                 | (100,000)   |
| Two Decontamination Support Stations .....                                                    | (200,000)   |
|                                                                                               | (200,000)   |

Total, Capitol Police Buildings and Grounds .....

## BOTANIC GARDEN

Appropriates \$6,326,000, to the Architect of the Capitol for the Botanic Garden, instead of \$5,932,000 as proposed by the House and \$6,294,000 as proposed by the Senate. The increase includes \$62,000 for one new FTE.

Included in the operating budget is an additional \$32,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Botanic Garden appropriation.

With respect to operations and projects the conferees have agreed to the following:

|                                                   |             |
|---------------------------------------------------|-------------|
| Operating Budget .....                            | \$5,783,000 |
| Project Budget:                                   |             |
| 1. D. C. Village Facility, Roof Replacement ..... | 243,000     |
| 2. Partnership Support ...                        | 300,000     |
| Total, Botanic Garden ....                        | 6,326,000   |

## ADMINISTRATIVE PROVISION

The conference agreement includes an administrative provision that requires the Comptroller General to conduct a study to analyze the cost, cost effectiveness, benefits, and feasibility of the Architect of the Capitol entering into a contract with a private entity for the management and operation of the Capitol Power Plant.

## LIBRARY OF CONGRESS

## SALARIES AND EXPENSES

Provides \$384,671,000 for salaries and expenses, Library of Congress instead of \$373,225,000 as proposed by the House and \$379,648,000 as proposed by the Senate. Of this amount, \$6,350,000 is made available from receipts collected by the Library of Congress and shall remain available until expended;

and \$12,481,000 shall remain available until expended for acquisition of books, periodicals, newspapers, and other library materials as proposed by the House instead of \$11,981,000 as proposed by the Senate. The conferees have provided 2 FTEs and \$256,000 for the Office of the Inspector General to address information technology security audits. The conferees have agreed to a base reduction of 3 FTEs and \$300,000 in accordance with Public Law 106-57, Section 208.

The conferees expect the Librarian of Congress to work with the established educational consortium to draft future budgets for the Adventure of the American Mind program and to submit them to Congress. The conferees further direct that the Library of Congress and the educational consortium establish a program in Georgia to be funded within existing resources.

An amount of \$616,000 is included to cover anticipated increased agency contributions to the Federal Employees Retirement System.

With respect to program allowances the conferees have agreed to the following:

|                                                                                     |             |
|-------------------------------------------------------------------------------------|-------------|
| 1. Adventures of the American Mind .....                                            | \$2,250,000 |
| 2. Abraham Lincoln Bicentennial Commission .....                                    | 500,000     |
| 3. Middle Eastern Text Initiative .....                                             | 500,000     |
| 4. National Film Preservation Board and National Film Preservation Foundation ..... | 500,000     |

#### COPYRIGHT OFFICE

##### SALARIES AND EXPENSES

Provides \$53,611,000, including \$33,477,000 made available from receipts, for salaries and expenses, Copyright Office, instead of \$53,518,000 as proposed by the House and Senate. The \$93,000 increase provides for the increased cost of FERS.

The conferees are encouraged by the Copyright Office's recent efforts to reengineer its processes, creating an electronic Copyright Office where applications and copies of copyright works can be submitted, processed and stored in digital form. An electronic system will provide the public with better access to copyrights and better enable the protection of copyrights and other intellectual property. The conferees also recognize that for any electronic system to be complete and useful to the public, it must also include all previous copyright records not currently in electronic form. The conferees are pleased that the office has initiated a study which will assess the costs and feasibility, as well as technical approaches, of converting its historical records so that there will be electronic access to all records from 1790 to the present. The conferees understand that there will be costs associated with such an effort, and will be interested to hear the office's proposal to begin to transition the historical records into electronic and searchable format.

#### CONGRESSIONAL RESEARCH SERVICE

##### SALARIES AND EXPENSES

Appropriates \$96,893,000 for salaries and expenses, Congressional Research Service, Library of Congress, instead of \$96,385,000 as proposed by the House and \$96,678,000 as proposed by the Senate. The increase over the House allowance provides \$293,000 for mandatory pay reallocations and \$215,000 for the increased cost of FERS.

#### BOOKS FOR THE BLIND AND PHYSICALLY HANDICAPPED

##### SALARIES AND EXPENSES

Appropriates \$54,412,000 for Books for the Blind and Physically Handicapped, salaries and expenses, instead of \$60,187,000 as proposed by the House and \$53,937,000 as proposed by the Senate. Of the appropriated amount, \$16,235,000 shall remain available until expended instead of \$22,210,000 as proposed by the House and \$15,960,000 as proposed by the Senate. The conference agreement provides \$275,000 above the amount requested for the Digital Talking Book Project. The conference agreement also provides \$200,000 to remain available until expended to defray telecommunications costs for the National Federation of the Blind "NEWSLINE" audio daily newspaper service. This funding will complete the project that was begun in fiscal year 2003.

##### ADMINISTRATIVE PROVISIONS

In addition to various technical corrections the conferees have agreed to a provision pertaining to the National Film Preservation Board and the National Film Preservation Foundation. The conferees have included an administrative provision that limits the amount of reimbursement to the Department of State for maintenance, upgrade, and construction.

##### GOVERNMENT PRINTING OFFICE

##### CONGRESSIONAL PRINTING AND BINDING

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$88,800,000 as proposed by the House and the Senate.

##### OFFICE OF THE SUPERINTENDENT OF DOCUMENTS

##### SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$31,953,000 for Office of the Superintendent of Documents, salaries and expenses instead of \$32,524,000 proposed by the House and \$31,935,000 proposed by the Senate. The \$18,000 above the Senate allowance covers the increased cost of FERS. The conferees have agreed to a FTE cap of 2,621 as proposed by the Senate instead of 2,889 as proposed by the House.

The conferees support public access to materials in the Federal Depository Library Program's legacy and electronic collections and authorize the Superintendent of Documents to move forward with this program within available FTEs and funding.

##### ADMINISTRATIVE PROVISION

The conferees have agreed to the administrative provision proposed by the House and Senate authorizing the Superintendent of Documents to discount sales copies of GPO publications below the current limitation.

##### GOVERNMENT ACCOUNTABILITY OFFICE

##### SALARIES AND EXPENSES

Provides \$478,392,000, of which \$7,419,000 is from offsetting collections, for salaries and expenses, Government Accountability Office instead of \$481,000,000 as proposed by the House and \$477,419,000 as proposed by the Senate. The increase of \$973,000 above the Senate allowance is to cover the increased cost of FERS.

The conferees have withdrawn the request made by the House for the Government Ac-

countability Office to provide a report outlining the statutory responsibilities of the Congressional Budget Office, the Congressional Research Service, the Joint Economic Committee, and the Joint Committee on Taxation.

The conferees support the Senate report language (108-307) on technology assessments and mail screening technology.

##### ADMINISTRATIVE PROVISION

The conferees have agreed to an administrative provision proposed by the Senate which amends the Anti-Deficiency Act to require the heads of executive agencies and the Mayor of the District of Columbia to transmit to the Comptroller General copies of reports of violations of the Act at the same time violations are reported to the Congress.

##### PAYMENT TO THE OPEN WORLD LEADERSHIP CENTER TRUST FUND

Appropriates \$13,500,000 for a payment to the Open World Leadership Center Trust Fund, as proposed by the Senate instead of \$6,750,000 as proposed by the House.

##### ADMINISTRATIVE PROVISIONS

The conferees have agreed to a provision that expands the Open World Leadership countries upon submission of a plan to the Committees on Appropriations of the House and Senate; and to a provision that amends the language relating to the membership of the board.

##### TITLE II—GENERAL PROVISIONS

In Title II, General Provisions, section numbers have been changed to conform to the conference agreement and technical corrections have been made.

The conferees have included a provision that authorizes the Architect of the Capitol to maintain and improve landscape features of property located near the House office buildings.

The conferees have included a provision that prohibits funding in the Act, from being transferred except as provided in this Act.

The conferees have included a provision that agencies of the Legislative Branch shall not be required to use the eTravel Service established by the General Services Administration.

The conferees have included a provision that authorizes permanent separation incentive payments to employees of the Legislative Branch as was provided to all Executive branch agencies in the Homeland Security Act of 2002, Public Law 107-296.

The conferees have included a House provision that prohibits the use of funds to study, design, plan, or construct a fence around the Capitol Grounds.

The conferees have included the Senate provision that makes technical corrections to the Congressional Recognition for Excellence in Arts Education Act; and a provision that transfers property near the Japanese American Patriotism Memorial to the Architect of the Capitol.

The conferees have included a provision relating to the Abraham Lincoln Fellowship Program.

##### CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follows:

[In thousands of dollars]

|                                                                          |             |
|--------------------------------------------------------------------------|-------------|
| New budget (obligational authority, fiscal year 2004 .....               | \$3,527,460 |
| Budget estimates of new (obligational) authority, fiscal year 2005 ..... | 3,977,283   |

|                                                                          |           |
|--------------------------------------------------------------------------|-----------|
| House bill, fiscal year 2005                                             | 2,750,522 |
| Senate bill, fiscal year 2005                                            | 3,575,000 |
| Conference agreement, fiscal year 2005 .....                             | 3,575,000 |
| Conference agreement compared with:                                      |           |
| New budget (obligational) authority, fiscal year 2004 .....              | +47,540   |
| Budget estimates of new (obligational) authority, Fiscal year 2005 ..... | -402,283  |
| House bill, fiscal year 2005                                             | +824,478  |
| Senate bill, fiscal year 2005                                            | —         |

#### DIVISION H—DEPARTMENTS OF TRANSPORTATION AND TREASURY, INDEPENDENT AGENCIES, AND GENERAL GOVERNMENT APPROPRIATIONS ACT, 2005

##### CONGRESSIONAL DIRECTIVES

The conferees agree that Executive Branch propensities cannot substitute for Congress' own statements concerning the best evidence of Congressional intentions; that is, the official reports of the Congress. The committee of conference approves report language included by the House (House Report 108-671) or the Senate (Senate Report 108-342) that is not changed by the conference. The statement of the managers, while repeating some report language for emphasis, is not intended to negate the language referred to above unless expressly provided herein.

##### BUDGET JUSTIFICATION MATERIAL AND CONGRESSIONAL REPROGRAMMING PROCEDURES

The conferees agree to all language and directives included in the House and Senate reports concerning the need to improve the budget justification materials and Congressional reprogramming procedures for departments and agencies funded in this Act.

#### TITLE I—DEPARTMENT OF TRANSPORTATION

##### OFFICE OF THE SECRETARY SALARIES AND EXPENSES

Appropriates \$87,234,000 for the salaries and expenses instead of \$89,000,000 as proposed by the House and \$86,000,000 as proposed by the Senate. As proposed by both the House and the Senate, bill language is included that specifies funding by office. The conference agreement is as follows:

|                                                                  |             |
|------------------------------------------------------------------|-------------|
| Immediate office of the Secretary .....                          | \$2,220,000 |
| Immediate office of the Deputy Secretary .....                   | 705,000     |
| Office of the General Counsel .....                              | 15,395,000  |
| Office of the Under Secretary for Transportation Policy .....    | 12,627,000  |
| Office of the Assistant Secretary for Budget and Programs .....  | 8,573,000   |
| Office of the Assistant Secretary for Governmental Affairs ..... | 2,316,000   |
| Office of the Assistant Secretary for Administration .....       | 23,436,000  |
| Office of Public Affairs .....                                   | 1,929,000   |
| Office of the Executive Secretariat .....                        | 1,456,000   |
| Board of Contract Appeals .....                                  | 704,000     |
| Office of Small and Disadvantaged Business Utilization .....     | 1,278,000   |
| Office of the Chief Information Officer .....                    | 11,392,000  |
| Office of Intelligence and Security .....                        | 2,053,000   |
| Office of Emergency Transportation .....                         | 3,150,000   |

Retains provisions proposed by both the House and the Senate limiting transfers

among each office to no more than 5 percent and requiring notification and approval by the House and Senate Committees on Appropriations for any transfer greater than 5 percent. Bill language, as proposed by both the House and the Senate, is included which allows the Department to spend up to \$60,000 for official reception and representation expenses.

Retains language proposed by the House prohibiting funds from being used to fill the position of Assistant Secretary for Public Affairs.

Retains the House direction that the Assistant Secretary for Administration fund training and recruitment activities at a total of \$378,000, and FedBiz Ops electronic business practice activities at \$68,000. Retains the Senate direction to the Inspector General to review the budget justifications for the last three fiscal years and the mission of the Office of Assistant Secretary for Administration to determine if resources are commensurate with office responsibilities.

Retains the House direction to transfer the Office of Emergency Transportation to the Office of the Secretary. Of the amounts provided, \$100,000 is for improvements to the crisis management center and \$100,000 is for regional emergency response team training.

The conferees direct the Secretary to submit an operating plan for the entire Department as described in the House report within 60 days of enactment of this Act. Further, the Assistant Secretary for Budget and Programs shall submit a quarterly report on the status of all outstanding reports and reporting requirements as directed by the Senate.

The conferees direct the Department to include in the fiscal year 2006 budget justification materials detailed information in the same manner as that of the fiscal year 2003 justifications. In addition, the conferees direct the Chief Information Officer (CIO) to include in the fiscal year 2006 budget materials details of all funds that are utilized and managed by the CIO, regardless of funding source or mode. The conferees reiterate the need for better budget materials from the Department in general.

The conferees direct OST to conduct a study of declining intercity bus service, as proposed by the House under the Federal Transit Administration.

##### OFFICE OF CIVIL RIGHTS

Appropriates \$8,700,000 as proposed by both the House and the Senate.

##### COMPENSATION FOR AIR CARRIERS (RESCISSION)

Rescinds \$235,000,000 from unobligated funds as proposed by the Senate. The House did not include a similar provision.

##### TRANSPORTATION PLANNING, RESEARCH AND DEVELOPMENT

Appropriates \$20,000,000 for transportation planning, research and development instead of \$10,800,000 as proposed by the House and \$15,000,000 as proposed by the Senate. Adjustments to the budget request are as follows:

|                                                                                          |           |
|------------------------------------------------------------------------------------------|-----------|
| Circumpolar Infrastructure Task Force of the Arctic Council and Northern Forum, AK ..... | \$450,000 |
| DOT privacy assessment ...                                                               | 750,000   |
| Inland waters freight mobility study, AL .....                                           | 750,000   |
| SDSU instrument training capital initiative, SD .....                                    | 200,000   |
| UI NIATT transportation infrastructure research and technology transfer, ID .....        | 300,000   |
| Transportation, infrastructure, and logistics research .....                             | 750,000   |

|                                                                                                                 |           |
|-----------------------------------------------------------------------------------------------------------------|-----------|
| University of Nebraska—Kearney agricultural transportation pilot project, NE .....                              | 500,000   |
| Western Washington University Transportation and Border Research Institute, WA .....                            | 1,000,000 |
| Yellow Bend Port planning and development, AR .....                                                             | 300,000   |
| NIU Fuel Cell Research, IL                                                                                      | 750,000   |
| Gulf of Mexico Transportation Strategic Study ...                                                               | 500,000   |
| National Research Center for Rural Transportation, KS .....                                                     | 500,000   |
| Center for Coastal Engineering Research, AL .....                                                               | 750,000   |
| Interstate Digital Image Exchange .....                                                                         | 500,000   |
| Great Lakes Maritime Research Institute, short seas shipping Route evaluation .....                             | 750,000   |
| University of Wisconsin, Superior—Transportation Logistics Research Center shipper and rail service study ..... | 250,000   |
| 1-91 Corridor Rail Implementation Plan Study ....                                                               | 750,000   |
| Hampton University Transportation Center ...                                                                    | 250,000   |

##### WORKING CAPITAL FUND

Limits working capital fund activities to \$151,054,000 as proposed by the Senate instead of \$125,000,000 as proposed by the House.

##### MINORITY BUSINESS RESOURCE CENTER PROGRAM

Appropriates \$900,000 for the administrative expenses of the minority business resource center program and limits loans made under the program to \$18,367,000 as proposed by both the House and the Senate.

##### MINORITY BUSINESS OUTREACH

Appropriates \$3,000,000 for minority business outreach as proposed by both the House and the Senate.

##### NEW HEADQUARTERS BUILDING

Appropriates \$68,000,000 for continued construction and build-out of the new headquarters building. Neither the House nor the Senate provided funds for this account.

##### PAYMENTS TO AIR CARRIERS

##### (AIRPORT AND AIRWAY TRUST FUND)

Appropriates \$52,000,000 for payments to air carriers to be derived from the trust fund as proposed by the Senate, instead of \$51,700,000 as proposed by the House. In addition to these funds, the program will receive \$50,000,000 in mandatory spending pursuant to the Federal Aviation Authorization Act of 1996, resulting in a program budget of \$102,000,000.

##### FEDERAL AVIATION ADMINISTRATION OPERATIONS

The conference agreement includes \$7,775,000,000 for operations of the Federal Aviation Administration instead of \$7,726,000,000 as proposed by the House and \$7,784,000,000 as proposed by the Senate. Of the total amount provided, \$4,918,073,000 is to be derived from the airport and airway trust fund instead of \$4,972,000,000 as proposed by the House and \$4,959,503,000 proposed by the Senate. Funds are distributed in the bill by budget activity, as proposed by the Senate.

*Contract tower cost-sharing.*—The bill specifies \$7,000,000 for continuation of the contract tower cost-sharing program as proposed by the House and Senate.

*Level of operational air traffic control supervisors.*—The conference agreement includes language proposed by the House specifying

that \$4,000,000 of funds under this heading are available only to raise the level of operational air traffic control supervisors to 1,846. The Senate bill included no similar provision.

*Administration of government credit cards.*— The agreement includes language proposed by the House related to FAA management of government credit cards. The Senate bill included no similar provision.

The following table compares the conference agreement to the President's budget and the levels proposed in the House and Senate bills by budget activity:

FAA Operations  
Fiscal Year 2005

|                                           | House                  | Senate                 | Conference             |
|-------------------------------------------|------------------------|------------------------|------------------------|
|                                           | Bill                   | Bill                   | agreement              |

| <b>Total</b>                        | <b>7,726,000,000</b> | <b>7,784,000,000</b> | <b>7,775,000,000</b> |

*Administration of potential shortfall due to essential air service transfer.*—The conferees agree that the FAA Administrator has the flexibility to propose the use of funds in either the “Operations” or “Facilities and equipment” appropriations to address any shortfalls in essential air service funding for which FAA resources are required under existing law. The Administrator is directed to advise the House and Senate Committees on Appropriations on the appropriations and programs from which these funds would be drawn.

*Air traffic controller training.*—The conferees agree that the initial training of personnel hired with funds in this Act above the budget request is to be conducted at the FAA Academy to the maximum extent possible. However, conferees do not intend for this directive to negatively influence FAA’s acceptance into the controller workforce of individuals hired through the Collegiate Training Initiative program using funds from FAA’s base budget.

*Study of ATC requirements, Chicago O’Hare, IL.*—The conference agreement transfers \$5,000,000 from the “Facilities and equipment” account for airspace redesign studies and associated analyses at Chicago O’Hare

International Airport. The budget had requested such funding under the air traffic control tower replacement program.

*National airspace redesign.*—Conferees agree to Senate language regarding the amount and use of funds for the national airspace redesign project in the New York/New Jersey metropolitan area. This results in an allocation of \$4,000,000 for this project. The conferees agree that no funds made available under this appropriation may be used to prepare the Environmental Impact Statement for the redesign of the New York/New Jersey/Philadelphia regional airspace, or to conduct any work as part of the review of the redesign project conducted under the National Environmental Policy Act and related laws, as long as the FAA fails to consider noise mitigation. Further, none of the funds made available for this purpose shall be reprogrammed by the FAA to other activities, including airspace redesign not directly related to New York, New Jersey, and Philadelphia airspace redesign.

*Accounting system—consolidation.*—The conferees agree that FAA may proceed with its consolidation of accounting operations. However, the FAA should not consolidate oper-

ations of the Kansas City, Missouri office during fiscal year 2005.

*Official time.*—The conference agreement includes a reduction of \$7,000,000, as proposed by the House. The conferees direct the FAA Administrator and the Director of the Office of Personnel Management to submit a joint report to the House and Senate Committees on Appropriations, not later than April 1, 2005, explaining the specific short-term actions taken to reduce official time consumption, and the long-term plan to bring FAA’s policies and procedures into closer conformance to government-wide averages.

#### FACILITIES AND EQUIPMENT

##### (AIRPORT AND AIRWAY TRUST FUND)

The conference agreement includes \$2,540,000,000 instead of \$2,500,000,000 as proposed by both the House and the Senate. Of the total amount available, \$421,000,000 is available for one year, and \$2,119,000,000 is available for three years. The appropriation of \$3,000,000 proposed by the House for Defense Contract Audit Agency audits is not included.

The following table provides a breakdown of the House and Senate bills and the conference agreement by program:

*Airport research.*—Of the funds provided, \$4,000,000 is for the airfield improvement program authorized under section 905 of Public Law 106–181.

*Safe flight 21.*—The conference agreement provides \$44,454,000, to be distributed as follows:

| Activity                | Amount       |
|-------------------------|--------------|
| Project Capstone .....  | \$36,000,000 |
| (Weather cameras) ..... | (7,000,000)  |
| Ohio River Valley ..... | 4,004,000    |
| Other activities .....  | 4,450,000    |

*En route automation.*—The conference agreement provides \$347,200,000 for en route automation. FAA is given the discretion to allocate the reduction of \$14,000,000 among projects within this program. The conferees

agree that, in future budget submissions, FAA is to display funds for the en route automation modernization (ERAM) program in a separate budget line item, and to identify sub-elements of that program, with associated funding, in the budget justification documents.

*Aviation weather services improvement.*—The Senate recedes from its direction regarding this program. Funds for these activities are included under “Safe flight 21”.

*Wide area augmentation system.*—The conferees do not agree with Senate direction deferring funds for the additional geo-stationary satellite for the wide area augmentation system. The conference agreement fully funds this program.

*New York integrated control complex.*—The conferees reiterate support for continued analysis of a New York integrated control complex. Although no current funding is provided, conferees support further investigation of the New York consolidation and will consider future Congressional funding based on the outcome of those studies.

*Terminal air traffic control facilities replacement.*—The conference agreement provides \$128,025,000 for this program. Funds shall be distributed as follows:

*Terminal automation.*—The conferees direct FAA not to obligate the government contractually during fiscal year 2005 to actions which would involve replacement of common ARTS systems or ARTS color displays until the Inspector General reviews and validates the life cycle cost studies and other relevant analyses provided to FAA's Joint Resources Council to justify and rebaseline this possible phase of the terminal automation modernization program. This direction is the same as enacted for fiscal year 2004. During the current year, FAA made some decisions on this program, but deferred final decisions on this critical phase of the program, pending further analysis. The conferees believe

that FAA urgently needs to make decisions on these systems, as they involve many of the agency's largest and busiest air traffic control facilities. Consistent with fiscal year 2004, the conference direction does not prohibit the agency from including such activities in contract options that the agency could exercise after full review and approval is received. The conferees remain neutral on the issue of STARS deployment, and await the FAA's detailed analyses and the Inspector General's review.

*Detroit Metro Airport, MI.*—Detroit Metro Airport was recently identified as a candidate airport where FAA should consider installation of the precision runway monitor

(PRM) system to improve airport capacity in inclement weather conditions. Since then, FAA has begun to limit PRM deployment in favor of multilateration technology. Since the need for capacity improvements at Detroit Metro remains valid, and FAA is moving away from PRM deployments, the conferees encourage FAA to apply fiscal year 2005 funding to develop and implement the multilateration technology at this airport on an accelerated basis.

*Approach lighting system improvement program.*—The conference agreement provides \$24,360,000 for this program. Funds shall be distributed as follows:

| <i>Location</i>                                      | <i>Item</i>                               | <i>Conference agreement</i> |

*Transponder landing system.*—The conference agreement provides \$7,000,000 for this program. The conferees agree that FAA should use these funds to conduct site surveys at locations listed in the House and Senate reports. Funds may also be used to evaluate other landing system alternatives, in consultation with the affected airports.

*Airport cable loop systems.*—Funding of \$3,000,000 above the budget estimate is for

Atlanta Hartsfield International Airport, GA.

FACILITIES AND EQUIPMENT  
(AIRPORT AND AIRWAY TRUST FUND)  
(RESCISSION)

The conference agreement deletes the rescission of \$50,000,000 proposed by the Senate. The House bill contained no similar rescission.

RESEARCH, ENGINEERING, AND DEVELOPMENT  
(AIRPORT AND AIRWAY TRUST FUND)

The conference agreement provides \$130,927,000 for research, engineering, and development instead of \$117,000,000 as proposed by the House and \$129,427,000 as proposed by the Senate. The following table compares the conference agreement to the House and Senate bills by budget activity:

Research, Engineering and Development  
Conference Agreement  
Fiscal Year 2005

| <b>Program</b>                               | <b>House<br/>bill</b> | <b>Senate<br/>bill</b> | <b>Conference<br/>agreement</b> |
|----------------------------------------------|-----------------------|------------------------|---------------------------------|
| <b>Improve Commercial Aviation Safety:</b>   |                       |                        |                                 |
| Fire research and safety                     | \$5,578,000           | \$6,578,000            | \$6,578,000                     |
| Propulsion and fuel systems                  | 3,672,000             | 7,672,000              | 7,172,000                       |
| Advanced materials/structural safety         | 2,197,000             | 6,697,000              | 6,697,000                       |
| Flight safety/atmospheric hazards            | 4,119,000             | 4,119,000              | 4,119,000                       |
| Aging aircraft                               | 18,351,000            | 19,151,000             | 19,151,000                      |
| Aircraft catastrophic failure prevention     | 1,116,000             | 1,116,000              | 1,116,000                       |
| Flightdeck safety/systems integration        | 8,294,000             | 12,794,000             | 11,794,000                      |
| Aviation safety risk analysis                | 8,640,000             | 8,640,000              | 8,640,000                       |
| ATC/AF human factors                         | 9,467,000             | 9,467,000              | 9,467,000                       |
| Aeromedical research                         | 6,660,000             | 6,660,000              | 10,160,000                      |
| Weather research                             | 20,838,000            | 20,838,000             | 20,838,000                      |
| <b>Improve Efficiency of the ATC System:</b> |                       |                        |                                 |
| National plan for air transportation         | 5,100,000             | 5,100,000              | 5,100,000                       |
| Wake turbulence                              | 2,296,000             | 4,796,000              | 4,296,000                       |
| <b>Reduce Environmental Impacts:</b>         |                       |                        |                                 |
| Environment and energy                       | 16,008,000            | 11,890,000             | 11,890,000                      |
| <b>Improve Mission Efficiency:</b>           |                       |                        |                                 |
| System planning and resource mgmt            | 1,275,000             | 520,000                | 520,000                         |
| Technical laboratory facilities              | 3,389,000             | 3,389,000              | 3,389,000                       |
| <b>Total</b>                                 | <b>\$117,000,000</b>  | <b>\$129,427,000</b>   | <b>\$130,927,000</b>            |

**Propulsion and fuel systems.**—Of the funds provided, \$2,000,000 is to continue the evaluation of molecular markers for detecting the adulteration or dilution of jet fuel; \$500,000 is for research into modifying general aviation piston engines to enable their safe operation using unleaded aviation fuel; and \$1,000,000 is for research into aviation grade ethanol fuels at South Dakota State University.

**Advanced materials/structural safety.**—Of the funds provided, \$4,000,000 is for research and equipment at the National Institute for Aviation Research at Wichita State University (NIAR) and \$500,000 is for advanced materials research at the University of Washington.

**Flightdeck safety/systems integration.**—Of the funds provided, \$2,000,000 is for the mobile object technology program and \$1,500,000 is for continued development of in-flight simulator training for commercial pilots. Proposed funding for training and education in aircraft inspection, maintenance, and repair is not included.

**Aeromedical research.**—The conference agreement provides \$10,160,000, an increase of \$3,500,000 above the budget estimate. Of the additional funds, \$3,000,000 is to carry out studies and analyses of airline cabin air quality through the Center of Excellence for Cabin Air Quality, as recommended by the Senate. The conferees encourage FAA to consider adding Oklahoma State University to the consortium of universities in this center of excellence. In addition, \$500,000 is to conduct preliminary investigations of the potential of low cost, low power, lightweight, polymer array technologies, networked within aircraft, to meet requirements for cabin air quality monitoring. This work is to be carried out through the FAA Civil Aeromedical Institute.

**Weather research.**—Of the funds provided, \$1,000,000 is for weather-related research to be conducted between FAA and the National Severe Storms Laboratory, Norman, Oklahoma.

**Wake turbulence.**—Of the funds provided, \$2,000,000 is to enhance the capability of pulsed laser Doppler radar to detect and track aircraft wakes.

#### GRANTS-IN-AID FOR AIRPORTS

##### (LIQUIDATION OF CONTRACT AUTHORIZATION)

##### (LIMITATION ON OBLIGATIONS)

##### (AIRPORT AND AIRWAY TRUST FUNDS)

The conference agreement includes a liquidating cash appropriation of \$2,800,000,000, as proposed by the Senate. The House had no similar appropriation.

**Obligation limitation.**—The conferees agree to an obligation limitation of \$3,500,000,000 for the “Grants-in-aid for airports” program as proposed by the Senate. The House bill contained no similar limitation.

**Administration.**—The conference agreement includes a limitation on administrative expenses of \$68,802,000 as proposed by the Senate. The House bill contained no similar limitation.

**Small community air service development pilot program.**—The bill includes \$20,000,000 under the obligation limitation to continue the small community air service development pilot program, as proposed by the Senate. The House had no similar funding. This is consistent with actions taken in the past four fiscal years.

**San Diego Airport.**—Conferees agree to House direction regarding the San Diego Air Transportation Action Plan site selection process.

**High priority projects.**—Of the funds covered by the obligation limitation in this bill, the conferees direct FAA to provide not less than the following funding levels, out of available resources, for the following

projects in the corresponding amounts. The conferees agree that state apportionment funds may be construed as discretionary funds for the purposes of implementing this provision. To the maximum extent possible, the administrator should work to ensure that airport sponsors for these projects first use available entitlement funds to finance the projects. However, the FAA should not require sponsors to apply carryover entitlements to discretionary projects funded in the coming year, but only those entitlements applicable to the fiscal year 2005 obligation limitation. The conferees further direct that the specific funding allocated above shall not diminish or prejudice the application of a specific airport or geographic region to receive other AIP discretionary grants or multiyear letters of intent.

**Redesignation of project.**—The conferees agree that the fourteenth project in the AIP priority list on page 33 of House Report 108–671 is renamed “Stockton Airport”.

| Airport                                     | Project description                                                                                                                                         | Amount      |
|---------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| Akron-Canton Airport, OH ....               | Construction of de-icing fluid containment facility.                                                                                                        | \$5,000,000 |
| Akutan Airport, AK .....                    | Various improvements .....                                                                                                                                  | 2,000,000   |
| Albany Airport, GA .....                    | Runway extension .....                                                                                                                                      | 1,000,000   |
| Albamarle-Stanly County Airport, NC .....   | Various improvements .....                                                                                                                                  | 600,000     |
| Alliance Airport, TX .....                  | Runway extension; relocate nav aids; associated relocations.                                                                                                | 4,000,000   |
| Andalusia-Opp Airport, AL ..                | Apron and Connector Taxiway Construction, Runway/Taxiway Extension Design, Land Acquisition, Runway Overlay, Road Relocation, and Runway/Taxiway Extension. | 3,500,000   |
| Andrews-Murphy Airport, NC                  | Corporate apron expansion and land acquisition.                                                                                                             | 1,000,000   |
| Ardmore Municipal Airport, OK               | Reconstruct runway 17/35                                                                                                                                    | 1,108,113   |
| Arnold Palmer Regional, PA                  | Extend runway .....                                                                                                                                         | 1,000,000   |
| Augusta Regional Airport, GA                | Terminal construction .....                                                                                                                                 | 1,500,000   |
| Aurora Municipal Airport, IL                | Various improvements .....                                                                                                                                  | 2,800,000   |
| Bartlesville Airport, OK .....              | Extend runway 17/35 .....                                                                                                                                   | 1,210,526   |
| Bastrop-Morehouse Memorial Airport, LA      | Phase I funding for land acquisition and project design.                                                                                                    | 800,000     |
| Baxter County Regional Airport, AR          | Development of parallel runway.                                                                                                                             | 1,000,000   |
| Belen Alexander Municipal Airport, NM       | Various improvements .....                                                                                                                                  | 850,000     |
| Bessemer Municipal, AL .....                | Runway extension and security improvements.                                                                                                                 | 1,000,000   |
| Big Sandy Airport, KY .....                 | Fencing .....                                                                                                                                               | 150,000     |
| Blue Ridge Airport, VA .....                | Land acquisition and road relocation associated with expansion of apron.                                                                                    | 500,000     |
| Brooks County Airport, TX ...               | Land acquisition for runway extension.                                                                                                                      | 100,000     |
| Brownsville-South Padre Island Airport, TX  | Engineering costs associated with increasing the runway length.                                                                                             | 1,250,000   |
| Castle Airport, CA .....                    | Upgrade for Part 139 Certification, tower into compliance and various improvements.                                                                         | 1,000,000   |
| Central Nebraska Regional Airport, NE       | Pavement repair and replacement; lighting installation.                                                                                                     | 2,100,000   |
| Chandler Municipal Airport, AZ              | Heliprot relocation .....                                                                                                                                   | 1,300,000   |
| Chattanooga Metropolitan Airport, TN        | Taxiway “alpha” north reconstruction.                                                                                                                       | 1,500,000   |
| Cleveland Hopkins International Airport, OH | Runway safety area improvements and software installation.                                                                                                  | 1,300,000   |
| Collin County Regional Airport, TX          | Reconstruction/overlay of parallel taxiway; runway overlay.                                                                                                 | 300,000     |

GRANTS-IN-AID FOR AIRPORTS  
(AIRPORT AND AIRWAY TRUST FUND)  
(RESCISSION OF CONTRACT AUTHORIZATION)

The conference agreement includes a rescission of contract authority of \$265,000,000 as proposed by the Senate. No similar rescission was proposed by the House.

GENERAL PROVISIONS—FEDERAL AVIATION  
ADMINISTRATION

Sec. 101 retains authorization for airports to transfer instrument landing systems and other equipment purchased with federal airport grants to the FAA, subject to certain conditions, as proposed by the House and Senate.

Sec. 102 allows 375 technical staff-years at the Center for Advanced Aviation Systems Development as proposed by the House, instead of 350 as proposed by the Senate.

Sec. 103 retains a provision proposed by the House prohibiting funds for engineering work related to an additional runway at Louis Armstrong New Orleans International Airport in Louisiana. The Senate bill contained no similar provision.

Sec. 104 retains a provision prohibiting FAA from requiring airports to provide “without cost” building construction or space, as proposed by the House and Senate.

Sec. 105 retains a provision proposed by the House prohibiting funds to change weight restrictions or prior permission rules at Teterboro Airport in New Jersey. The Senate bill contained no similar provision.

Sec. 106 modifies provisions proposed by the House and Senate concerning the continuation and mandatory expansion of the war risk insurance program. The modification deletes expansion of the program to aircraft manufacturers and associated entities. As proposed by the House and Senate, the conference agreement extends the existing terms and conditions of the program for one year, until December 31, 2005. The conferees note that, under the provisions of section 106 of Public Law 108-176, the Secretary continues to have the authority to extend war risk insurance to aircraft manufacturers at his discretion.

Sec. 107 includes a provision making eligible for the FAA's Airport Improvement Program a project meeting certain specified requirements.

The conference agreement deletes a provision proposed by the Senate authorizing the FAA Administrator to accept funds from an airport sponsor, subject to certain conditions, for environmental reviews related to a project to add critical airport capacity. A similar provision was enacted on December 12, 2003 in Public Law 108-176.

FEDERAL HIGHWAY ADMINISTRATION

LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement limits administrative expenses of the Federal Highway Administration (FHWA) to \$346,500,000 instead of \$346,000,000 as proposed by the House and \$349,594,000 as proposed by the Senate. This amount assumes funding for six full time equivalents to help oversee FHWA major projects.

The conferees recommend the following adjustments to the budget request by program and activity:

|                                                      |              |
|------------------------------------------------------|--------------|
| Employee multidisciplinary development program ..... | —\$1,600,000 |
| Undistributed reduction ....                         | —1,494,000   |

The conferees note a report on this program due by March 15 2004 has yet to be received by the House and Senate Committees on Appropriations, and therefore reduce funding for the employee multidisciplinary development program to \$2,506,000. The conferees include an undistributed reduction of \$1,494,000 and direct FHWA to report back to the House and Senate Committees on Appropriations on the planned amounts for these activities and funding sources with the 2005 operations plan, and actual amounts and funding sources in future budget justifications. A table should include information on each LAE subline item, including the budget request, reductions (if any), and a total. Examples of subline items are “awards”, “Oracle licensing”, “electronic government”, or “IT cost to meet new IT architecture standards”.

FEDERAL-AID HIGHWAYS

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The conference agreement limits obligations for the federal-aid highways program to \$34,700,000,000 instead of \$34,641,000,000 as proposed by the House and \$34,900,000,000 as proposed by the Senate.

*Project clarifications*—The conference agreement deletes language associated with changes or corrections to projects in the statement of managers associated with both the fiscal year 2004 and 2003 bills, as proposed by the Senate.

*Public lands*—The conference agreement modifies language proposed by the Senate directing that funds allocated to FHWA's public lands discretionary program be derived from that program and not from funds allocated to the National Park Service, and that these funds not come from funds allocated to the Fish and Wildlife Service's regions.

*Major projects updates*—The conferees require FHWA to provide the House and Senate Committees on appropriations quarterly updates on major projects it is tracking.

*Transportation Enhancements*—The conferees are aware that the Surface Transportation Extension Acts continue TEA-21's requirement that 10 percent of the Surface Transportation Program (STP) funds apportioned to a State be set-aside specifically for transportation enhancement (TE) activities, which fund community-based transportation infrastructure projects. The Conferees direct that of the fiscal year 2005 TE funds distributed to the State of Oklahoma, the Federal Highway Administration shall ensure that a total of \$2,500,000 is provided to the visitor welcome centers at Blackwell and at Erick, Oklahoma; and that \$750,000 is provided to the recreational trails project in Edmond, Oklahoma.

*District of Columbia partnership*—The conferees recognize the success of the “DC Streets” partnership, a project to preserve and maintain the majority of the 75 mile NHS system in the District of Columbia. The conferees note the favorable evaluation of asset condition when measured against performance measures, and believe that the project could serve as a national model for performance based contracting.

LIMITATION ON TRANSPORTATION RESEARCH

The conferees provide a general limitation on transportation research of \$462,500,000, as proposed by the Senate, instead of \$478,000,000 as proposed by the House.

## SURFACE TRANSPORTATION RESEARCH

Within the funds provided for surface transportation research, the conference agreement modifies House and Senate language and includes \$103,000,000 for highway research and development for the following activities:

|                                                       |                    |
|-------------------------------------------------------|--------------------|
| Environmental, planning, real estate .....            | \$16,850,000       |
| Research and technology program support .....         | 8,000,000          |
| International research .....                          | 400,000            |
| Structures .....                                      | 14,000,000         |
| Safety .....                                          | 11,500,000         |
| Operations .....                                      | 13,000,000         |
| Asset management .....                                | 2,750,000          |
| Pavements research .....                              | 16,000,000         |
| Long term pavement project (LTPP) .....               | 10,000,000         |
| Advanced research .....                               | 750,000            |
| Policy research .....                                 | 9,000,000          |
| R&T strategic planning and performance measures ..... | 750,000            |
| <b>Total .....</b>                                    | <b>103,000,000</b> |

The conference agreement replaces language allocating research funding proposed by the Senate with the following language:

*Environmental, planning, and real estate.*—The conference agreement provides \$16,850,000 for environmental, planning, and real estate research. Within the funds provided for this research activity, the FHWA is directed to provide \$1,000,000 to continue dust and persistent particulate abatement research in Emmonak, Alaska, \$500,000 for Central California Ozone Study, and \$250,000 for the Sacramento Blueprint, California.

*Research and technology.*—The conference agreement provides \$8,000,000 for research and technology program support. Within the funds provided for this activity, the FHWA is directed to provide \$250,000 to the Transportation Research Center at Georgia Tech University; \$700,000 to the Center for Intermodal Freight Mobility and Security in Maryland; \$750,000 for the Center on Coastal Transportation Research at the University of South Alabama, \$475,000 for NEPA training at Pellissippi State Community College in Tennessee, \$650,000 for the University of Vermont for research related to dynamic transportation modeling and advanced ground penetrating radar systems, and \$1,500,000 for the Oklahoma Transportation Center.

*International research.*—“The conferees provide \$400,000 for international research activities. Further, FHWA is directed by the conferees to consult the House and Senate Appropriations Committees before any international agreements are consummated that are likely to require financial support as proposed by the House.

*Structures.*—The conference agreement provides \$14,000,000 for structures research. Within the funds provided for structures research, the conferees direct FHWA to provide \$125,000 to support nondestructive structural evaluation technology at New Mexico State University's Bridge Research Center, \$200,000 for West Virginia University Constructed Facilities Center for fire and blast resistant composite barriers research, and \$150,000 for the University of Delaware's innovative bridge research program, \$350,000 to the University of Maine to study the use of wood composite material to extend the life of ports, and \$1,000,000 for the National Steel Bridge Alliance. The conferees strongly encourage FHWA to continue its research and deployment of lithium technologies to prevent and mitigate ASR since advances in these lithium technologies have the potential to help increase the durability of our transportation infrastructure.

*Safety.*—The conference agreement provides \$11,500,000 for safety research.

*Operations and asset management.*—The conference agreement provides \$13,000,000 for operations and \$2,750,000 for asset management. Within the funds provided for these activities, the conferees direct FHWA to provide \$700,000 for Wisconsin's critical vulnerability assessment and countermeasure plan; \$300,000 for the Wisconsin STRAHNET detour route planning; \$1,500,000 for the Puget Sound In-Vehicle Traffic Map Demonstration initiative in Washington State; and \$500,000 for the Pacific Northwest freight mobility research program at Washington State University, the University of Washington, and North Dakota State University.

The conference agreement does not provide funds for statistical analysis of the National Quality Initiative under any FHWA research program, as proposed by the House. Such analysis shall be performed by the Bureau of Transportation Statistics.

*Pavements.*—The conference agreement provides \$16,000,000 for pavements research. Within the funds provided for this activity, the conferees direct FHWA to provide \$250,000 to Tennessee Tech University rapid set pavement research and development; \$500,000 for low cost carbon fiber production technology, University of Tennessee Space Institute; \$550,000 for the Center for Portland Cement Concrete Pavement Technology at Iowa State University; \$1,250,000 to the National Center for Asphalt Technology, Auburn, Alabama; \$450,000 for the Mack-Blackwell Paving Materials Study, Arkansas; \$300,000 for the concrete research at Oklahoma State University; and \$500,000 for aggregates research at the International Center for Aggregates Research, Texas.

*Policy.*—The conference agreement provides \$9,000,000 for policy research. Within the funds provided for this activity, FHWA is directed to provide \$300,000 to the Boston University infrastructure investment research initiative.

## INTELLIGENT TRANSPORTATION SYSTEMS

The conference agreement modifies language proposed in the House and Senate and provides a limitation on Intelligent Transportation Systems of \$232,000,000. Funds are available for the following activities:

|                                        |                    |
|----------------------------------------|--------------------|
| Research and development .....         | \$52,000,000       |
| Operational tests .....                | 10,000,000         |
| Evaluations .....                      | 7,000,000          |
| Architecture and standards .....       | 18,000,000         |
| Integrations .....                     | 11,500,000         |
| Program support .....                  | 11,500,000         |
| <b>Subtotal .....</b>                  | <b>110,000,000</b> |
| ITS Deployment incentive program ..... | 122,000,000        |
| <b>Total .....</b>                     | <b>232,000,000</b> |

*Joint Program Office.*—The conferees retain House language regarding the structure of the ITS Joint Program and directing the Secretary to justify any changes to the administrative structure.

*Intelligent transportation systems deployment projects.*—Within the funds available for intelligent transportation systems deployment, the conference agreement provides that not less than the following sums shall be available for intelligent transportation projects in these specified areas:

| Project Name                                                                             | Amount      |
|------------------------------------------------------------------------------------------|-------------|
| Alameda Corridor—East Project, San Gabriel Valley, California .....                      | \$2,000,000 |
| Alexandria Fiber Optic Cable for Traffic Signal Coordination, Virginia ...               | 2,000,000   |
| Alliance for Transportation Research, Transportation Technology Center, New Mexico ..... | 750,000     |

| Project Name                                                                                                        | Amount    |
|---------------------------------------------------------------------------------------------------------------------|-----------|
| Appalachian Transportation Institute and U3C, West Virginia .....                                                   | 1,000,000 |
| Atlanta Construction and Traffic Management Project, Georgia .....                                                  | 2,000,000 |
| Baltimore City Intelligent Transportation System, Maryland .....                                                    | 1,000,000 |
| Bay County Regional ITS, Florida .....                                                                              | 2,000,000 |
| Calmar Research Vehicle Communication Systems, New York .....                                                       | 1,150,000 |
| Center for Injury Sciences, Alabama .....                                                                           | 2,000,000 |
| Central Florida Regional Transportation Authority (LYNX): North Orange/South Seminole ITS Enhanced Circulator ..... | 500,000   |
| Cicero Avenue Smart Corridor, Illinois .....                                                                        | 1,000,000 |
| City of Boston Directional Signage Program, Massachusetts .....                                                     | 1,000,000 |
| City of Elk Grove ITS Project, California .....                                                                     | 1,500,000 |
| City of Fort Worth Intelligent Transportation Systems, Texas .....                                                  | 1,800,000 |
| City of San Antonio Municipal ITS Technologies, Texas .....                                                         | 1,300,000 |
| Clark County ITS, Washington .....                                                                                  | 2,000,000 |
| Commercial Vehicle Information Systems Network, Illinois .....                                                      | 500,000   |
| COTA ITS Integration Project Phases II and III, Ohio .....                                                          | 800,000   |
| DeKalb Co. Signal System Improvements, Georgia ..                                                                   | 500,000   |
| Downtown Signalization Project, Mechanicsburg, Pennsylvania .....                                                   | 750,000   |
| FAST-TRAC Signal Expansion, Michigan .....                                                                          | 1,000,000 |
| Florida State University System Center for Intermodal Transportation Safety .....                                   | 3,000,000 |
| Freeway Incident Management Program, Houston, Texas .....                                                           | 3,250,000 |
| Ft. Lauderdale Intelligent Trans System Improvement, Florida .....                                                  | 1,000,000 |
| GEARS Demonstration Project, Cumberland County, Pennsylvania ...                                                    | 150,000   |
| Germantown ITS, Tennessee .....                                                                                     | 500,000   |
| GMU ITS Appropriations, Virginia .....                                                                              | 2,000,000 |

The current funding requirements far exceed the annual authorization of \$100,000,000 for the emergency relief program, and this amount will fully fund the existing backlog of requests. This section also rescinds \$741,000,000 in unobligated contract authority balances from Federal-aid highway funds. |               |

Highway System (ADHS), and shall be allocated as follows: \$15,000,000 for Kentucky Corridors; \$5,000,000 for Tennessee Corridor S; \$5,000,000 for Mississippi Corridor V; \$15,000,000 for West Virginia Corridor H; \$25,000,000 for Alabama Corridor X and X-1; \$7,000,000 for Tennessee Corridor J; \$4,000,000 for Alabama Corridor V; and \$4,000,000 for New York Corridor T.

#### GENERAL PROVISIONS—FEDERAL HIGHWAY ADMINISTRATION

The conference agreement includes a provision (Sec. 110) that modifies the distribution of Federal-aid highway obligation limitation proposed by the House and Senate.

The conference agreement includes a provision (Sec. 111) that allows funds received by the Bureau of Transportation Statistics from the sale of data products to be credited to the Federal-aid Highways account, as proposed by both the House and Senate.

The conference agreement includes a provision (Sec. 112) that clarifies that BTS is to administer activities under section 5402 of title 39, United States Code.

The conference agreement includes a provision (Sec. 113) that modifies a House provision amending public laws to allow changes to projects in Massachusetts, New Jersey, Michigan, Utah and California.

The conference agreement includes a provision (Sec. 114) relating to highway signs, as proposed by the House.

The conference agreement includes a provision (Sec. 115) that amends section 115, division F, title 1 of P.L. 108–199, as proposed by the House and Senate.

The conference agreement includes a provision (Sec. 116) that modifies a provision in the House bill and provides \$5,000,000 from balances made available under section 104(a)(1)(A) of title 23, U.S.C. to carry out environmental streamlining activities.

The conference agreement includes a provision (Sec. 117) that modifies a Senate provision relating to an administrative take-down, and set-aside funding for Delta Regional Authority and National Highway Traffic Safety activities. The Secretary of Transportation must submit a spend plan regarding Delta Regional Authority funding to both the House and Senate Committees on Appropriations before funds are distributed or obligated. The remaining amounts shall be distributed for the following purposes:

Causeway Bridge in Pinellas County, Florida.

The conference agreement includes a provision (Sec. 127) regarding the I-10 Bridge spanning Escambia Bay in Escambia and Santa Rosa Counties, Florida.

The conference agreement includes a provision (Sec. 128) that amends section 14003 of Public Law 108-287.

FEDERAL MOTOR CARRIER SAFETY  
ADMINISTRATION

MOTOR CARRIER SAFETY

LIMITATION ON ADMINISTRATIVE EXPENSES  
(HIGHWAY TRUST FUND)

The conference agreement includes a limitation of \$257,547,000 for the Federal Motor Carrier Safety Administration's administrative expenses and grant programs, instead of \$248,480,000 as proposed by the House and \$260,000,000 as proposed by the Senate. The conference agreement provides funding in the following manner:

|                                                       | Conference level |
|-------------------------------------------------------|------------------|
| General and border operating expenses .....           | \$125,229,000    |
| New entrant program (Federal portion) .....           | 3,000,000        |
| New entrant (state grants portion) <sup>1</sup> ..... | 13,200,000       |
| Hazardous materials permitting program .....          | 2,000,000        |
| Conditional carrier review program .....              | 2,000,000        |
| Household goods enforcement .....                     | 1,300,000        |

| Total Northern and Southern border grants .....       | 33,000,000       |
| Hotline .....                                         | 375,000          |
| Research and technology ...                           | 8,500,000        |

<sup>1</sup> In addition to the \$13,200,000 provided in this account, another \$17,000,000 is provided under the National motor carrier safety program.

**New entrant program.**—The conference agreement provides a total of \$30,200,000 for the new entrant program, of which \$13,200,000 is provided under this limitation and an additional \$17,000,000 is provided for state grants under the motor carrier safety assistance program. The conferees continue the program structure developed in fiscal year 2004 that provides the majority of funding for this program in the form of state grants, therefore, only \$3,000,000 is for oversight and other Federal responsibilities. The conferees direct that FMCSA report to both the House and Senate Committees on Appropriations by March 1, 2005, regarding the use of this Federal portion of the program, and an explanation of the new entrant audit procedure improvements and plans to maximize the program's safety benefits and to enhance carrier compliance.

**Household goods enforcement.**—The conference agreement provides \$1,300,000 for household goods enforcement. This is an adequate level to maintain seven FTE provided in fiscal year 2004. The agreement does not provide for five new safety specialists proposed by the Senate. The conferees direct FMCSA to report to both the House and Senate Committees on Appropriations regarding the use of the household goods enforcement funds by March 1, 2005.

**Outreach and education.**—The conferees provide a total of \$2,200,000 for outreach and education. Of this amount, \$1,500,000 is for household goods outreach, \$150,000 is for motorcoach and school bus transportation service selection, \$50,000 is for the safety is good business program, and \$500,000 is to increase safety belt usage among commercial motor vehicle drivers. No funds are provided for the share the road safely program; however, the conferees direct FMCSA to detail one FTE to NHTSA for the share the road safely program for a period ending on the date of enactment of a fiscal year 2006 Transportation and Treasury and Independent Agencies appropriations Act, other than a continuing resolution. No funds are provided for the public outreach and evaluation program as proposed by the Senate.

The conference agreement retains language proposed by the House directing FMCSA to develop strategies that link outreach and education program initiatives to each goal with a reporting date of April 10, 2005.

**Working capital, fund (WCF) desktop services and electronic, government (E-gov).**—The conferees provide no separate funding for WCF desktop services or e-gov, but direct FMCSA to absorb costs associated with these activities within funds provided under this limitation, other than grant funds, and report back to the House and Senate Committees on Appropriations on the planned amounts for these activities and funding sources with the 2005 operations plan, and actual amounts and funding sources in future budget justifications.

**Safety Status Measurement, System (Safestat).**—The conferees retain the House language directing FMCSA to implement the Inspector General's recommendation in its February 13, 2004 report Improvements Needed in the Motor Carriers Safety Status Measurement System.

**Form M.**—The conferees retain House and Senate language denying the request to transfer responsibility and funding for Form M from BTS to FMCSA.

**Compliance Reviews and Safety Audits.**—The conferees reiterate the House and Senate reporting requirements regarding compliance reviews and safety audits with a reporting date of February 7, 2005.

**Research and Technology.**—Within amounts for research and technology, the conferees direct \$500,000 for the testing and evaluation of both stationary and mobile radiation detection devices, and, as proposed by the Senate, \$200,000 to study the correlation between driver history and future safety violations.

**Commercial drivers license (CDL) program.**—The conference agreement provides \$21,000,000 for the commercial driver's license improvement grants program, and retains the directive in both the House and Senate reports directing FMCSA to initiate a rule requiring all CDL applicants to provide proof of citizenship or legal presence in the U.S., consistent with the Inspector General recommendation. FMCSA shall initiate a rulemaking by May 30, 2005. The conference agreement retains the House language encouraging FMCSA to continue working to improve all aspects of the CDL program, including sponsoring pilot projects to ensure drivers who have been convicted of a disqualifying offense do not operate during the period of suspension or revocation.

NATIONAL MOTOR CARRIER SAFETY PROGRAM  
(HIGHWAY TRUST FUND)

The conference agreement provides liquidating cash appropriation of \$190,000,000 for the national motor carrier safety program as proposed by both the House and the Senate.

(LIMITATION ON OBLIGATIONS)

The conference agreement includes a limitation on obligations of \$190,000,000 for motor

carrier safety grants as proposed by both the House and the Senate.

The conference agreement provides funding for the national motor carrier safety program as follows:

|                                                            | Amount        |
|------------------------------------------------------------|---------------|
| Motor carrier safety assistance program .....              | \$169,000,000 |
| Basic motor carrier safety grants .....                    | (133,350,000) |
| Performance based incentive grant program ..               | (7,100,000)   |
| High-priority activities ..                                | (9,450,000)   |
| New entrant grants .....                                   | (17,000,000)  |
| State training and administration .....                    | (2,100,000)   |
| Crash causation (Sec. 224(f) MCSIA) .....                  | (1,000,000)   |
| Information systems and strategic safety initiatives ..... | 20,000,000    |
| Data analysis and information systems .....                | (14,000,000)  |
| Implementation of PRISM .....                              | (5,000,000)   |
| Driver programs (CDL grants) .....                         | (1,000,000)   |

Within the funds provided for FMCSA's high priority initiative program, the conference agreement provides \$250,000 to Auburn University for using a genetic algorithm with computational fluid dynamic codes, validated using wind tunnel and water tunnel testing, in developing a comprehensive method for optimizing the shape of tractor-trailer rigs; \$250,000 to continue the Hazardous Material Transportation safety and security testing, including conducting research on cost and benefits of using industry-standard truck disabling technologies, establishing best practices for safety and security applications of remote vehicle disabling technologies in trucking operations, and conducting field operational testing of this technology; \$150,000 to the Transportation Research Center at Georgia Tech University; and \$150,000 for FMCSA to conduct a survey of the States' entry level CDL programs to determine the adequacy of each State's CDL entry-level driving test. The conferees direct that FMCSA provide the findings of such a survey with recommendations to ensure each State administers a sufficiently demanding entry-level CDL driving test to the House and Senate Committees on Appropriations no later than June 1, 2005.

GENERAL PROVISIONS—FEDERAL MOTOR  
CARRIER SAFETY ADMINISTRATION

The conference agreement includes a provision (Sec. 130) that subjects funds appropriated in this Act to the terms and conditions of section 350 of Public Law 107-87, including that the Secretary submit a report on Mexico-domiciled motor carriers. This provision was proposed by both the House and Senate.

The conference agreement includes a provision (Sec. 131) prohibits the use of funds in this Act to implement or enforce any provision of the Final Rule issued on April 16, 2003 as it applies to operators of utility service vehicles and motion picture and television production drivers working at a site within 100 air mile radius of the reporting location for the period ending December 31, 2005.

The conference agreement includes a provision (Sec. 132) that prohibits the use of funds in this Act to issue or implement a specific proposed regulation as it relates to a phase in period to bring vehicles into compliance. The conferees direct FMCSA to coordinate and communicate with trucking firms and manufacturers affected by this provision to ensure that they understand their responsibilities, potential deadlines, and consequences. The conferees direct FMCSA to

notify the House and Senate Committees on Appropriations regarding the steps that will take place to meet this coordination requirement.

NATIONAL HIGHWAY TRAFFIC SAFETY  
ADMINISTRATION  
OPERATIONS AND RESEARCH  
(LIQUIDATION OF CONTRACT AUTHORIZATION)  
(LIMITATION ON OBLIGATIONS)  
(HIGHWAY TRUST FUND)

The conference agreement provides a total program level of \$232,986,000 for highway and traffic safety activities, instead of \$223,114,000 as proposed by the House and \$228,300,000 as proposed by the Senate. The limited amounts for obligation include \$157,386,000 for operations and research, \$72,000,000 for operations and research, and \$3,600,000 for the national driver register.

The following table summarizes the conference agreement for operations and research by budget activity:

|                             |              |
|-----------------------------|--------------|
| Salaries and benefits ..... | \$71,700,000 |
| Travel .....                | 1,347,000    |
| Operating expenses .....    | 23,801,000   |
| Contract programs:          |              |
| Safety performance          |              |
| (rulemaking) .....          | 11,383,000   |
| Safety assurance (en-       |              |
| forcement) .....            | 18,277,000   |
| Highway safety programs     | 51,493,000   |
| Research and analysis ....  | 70,521,000   |
| General administration ..   | 779,000      |
| Grant administration re-    |              |
| imbursements .....          | -16,306,000  |
| Total .....                 | 232,986,000  |

OPERATING EXPENSES

The conference agreement provides no more than \$2,900,000 for NHTSA computer support, \$100,000 for harmonization efforts, and no funding for workforce development or e-gov initiatives from OST.

SAFETY ASSURANCE

The conference agreement provides an additional \$250,000 for 2 additional full-time staff years for enforcement actions against non-compliant vehicles, as proposed by the House.

SAFETY PERFORMANCE

The conference agreement provides an additional \$200,000 to accelerate the purchase schedules for NCAP vehicle testing, as proposed by the Senate.

HIGHWAY SAFETY PROGRAMS

The conference agreement provides the following funding levels for highway safety programs:

|                              |              |
|------------------------------|--------------|
| Impaired Driving .....       | \$13,145,000 |
| Judicial and prosecu-        |              |
| torial awareness .....       | (1,500,000)  |
| Target populations .....     | (500,000)    |
| Drug Evaluation and Clas-    |              |
| sification .....             | 0            |
| Pedestrian/Bicycle safety .. | 2,450,000    |
| Pedestrian accident          |              |
| study .....                  | (50,000)     |
| South Carolina DOT's         |              |
| Older Drivers & Pedes-       |              |
| trian Signage Dem-           |              |
| onstration Project .....     | (800,000)    |
| WPI Center for Human         |              |
| Impact, Protection           |              |
| Systems .....                | (400,000)    |
| Motorcycle safety .....      | 744,000      |
| National Occupant Protec-    |              |
| tion .....                   | 11,600,000   |
| Enforcement and Justice      |              |
| Services .....               | 2,217,000    |
| Emergency Medical Serv-      |              |
| ices .....                   | 3,520,000    |
| NEMSIS implementation        | (250,000)    |
| TraumaLink, Philadel-        |              |
| phia PA .....                | (500,000)    |

|                              |             |
|------------------------------|-------------|
| USA Center for Rural Ve-     |             |
| hicle Research .....         | (500,000)   |
| Records and Licensing .....  | 4,900,000   |
| Interstate digital image     |             |
| exchange project .....       | (2,300,000) |
| Highway Safety Research ..   | 8,050,000   |
| Driver's Edge Safety Pro-    |             |
| gram, Nevada .....           | (400,000)   |
| FAMU—FSU Transpor-           |             |
| tation Safety Research       |             |
| Center .....                 | (800,000)   |
| Emerging Traffic Safety      |             |
| Issues .....                 | 1,187,000   |
| Share the Road Safely .....  | 100,000     |
| NAS Tire Study .....         | 250,000     |
| NOPUS .....                  | 1,600,000   |
| National Driver Register ... | 2,000,000   |

*Share the road safely program.*—The conference agreement directs NHTSA to lead the implementation of the share the road safely program for fiscal year 2005, as proposed by the House and the Senate. In addition, FMCSA is directed to work cooperatively with NHTSA and to provide one full-time detailed to work with NHTSA staff, as proposed by the Senate.

*NAS tire efficiency study.*—The conferees direct NHTSA to provide an update to the House and Senate Committees on Appropriations on the status of the NAS tire efficiency study by December 31, 2004, as proposed by the House.

*Plastic and composite vehicles.*—The conferees recognize the development of plastics and polymer-based composites in the automotive industry and the important role these technologies play in improving and enabling automobile performance. The conferees encourage NHTSA to develop a program to examine possible safety benefits of Lightweight Plastic and Composite Intensive Vehicles (PCIV). The program will help facilitate a foundation between DOT, the Department of Energy and industry stakeholders for the development of safety-centered approaches for future light-weight automotive design.

RESEARCH AND ANALYSIS

The conference agreement provides the following funding levels for research and analysis:

|                             |              |
|-----------------------------|--------------|
| Crashworthiness .....       | \$25,675,000 |
| Southern Consortium for     |              |
| Injury Biomechanics ...     | (2,000,000)  |
| University of Vermont &     |              |
| Fletcher Allen              |              |
| Healthcare .....            | (1,000,000)  |
| Crash Avoidance .....       | 10,198,000   |
| Fatigue eye-tracking &      |              |
| monitoring research .....   | (300,000)    |
| Visual loss research .....  | (100,000)    |
| National Center for Statis- |              |
| tics & Analysis .....       | 25,119,000   |
| Additional FARS funding     | (850,000)    |
| Vehicle Research & Test     |              |
| Center .....                | 1,020,000    |
| Crash Causation Study ..... | 7,000,000    |
| Crash Avoidance Initiative  | 500,000      |
| Early Fatality Notifica-    |              |
| tion System .....           | 1,000,000    |

OPERATIONS AND RESEARCH

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The conference agreement limits obligations for operations and research to \$72,000,000, as proposed by the Senate.

NATIONAL DRIVER REGISTER

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The conference agreement limits obligations for the national driver register to \$3,600,000, as proposed by the House.

HIGHWAY TRAFFIC SAFETY GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The conference agreement limits obligations for highway traffic safety grants to \$225,000,000, as proposed by both the House and the Senate.

*Highway safety oversight.*—The conference agreement does not agree to include language pertaining to highway safety grant oversight, as proposed by the Senate. This exclusion is based upon assurances that NHTSA will actively pursue their oversight responsibilities relating to state obligation of grant monies. Furthermore, NHTSA shall ensure that the House and Senate Committees on Appropriations are kept apprised of NHTSA's progress.

GENERAL PROVISIONS—NATIONAL HIGHWAY  
TRAFFIC SAFETY ADMINISTRATION

The conference agreement includes a provision (Section 140) allowing States to use highway traffic safety grant funds for highway safety public service messages, as proposed by the House and Senate. No more than 30% of funds for impaired driving media support may go to the 13 strategic states, instead of 60%, as proposed by the House.

The conference agreement includes a provision (Section 141) directing NHTSA to administer the share the road safely program and prohibiting funds from being transferred to any other Federal agency, as proposed by the Senate.

The conference agreement includes a provision (Section 142) allowing NHTSA to use the funds necessary to carry out provisions of section 157, as proposed by the Senate.

FEDERAL RAILROAD ADMINISTRATION

SAFETY AND OPERATIONS

The conference agreement provides \$139,769,000 for Safety and Operations, instead of \$137,738,000 as proposed by the House and \$139,849,000 as proposed by the Senate. The conferees approve 17 new positions for FRA: 8 inspectors, 8 inspector trainees, and 1 passenger rail staff. The agreement provides \$275,000 for a central training facility and \$1,500,000 for a track geometry vehicle. The agreement denies \$193,000 for e-gov initiatives requested by OST, \$500,000 for a fatigue study, and \$300,000 for workforce planning efforts.

RAILROAD RESEARCH AND DEVELOPMENT

The conference agreement provides \$36,025,000 for Railroad Research and Development, instead of \$33,289,000 as proposed by the House and \$35,225,000 as proposed by the Senate. Within the amount provided, the conferees have provided \$250,000 for the WVU constructed facility center, \$2,000,000 for Marshall University and the University of Nebraska for safety and research programs in rail equipment, human factors, and track and rail safety related issues, and \$6,800,000 for NDGPS.

RAILROAD REHABILITATION AND IMPROVEMENT  
PROGRAM

*RRIF loan repayment.*—The conferees include bill language directing Amtrak to repay the 2002 RRIF loan in five equal annual installments over a five-year period. The conferees are concerned that, in annually seeking deferral of its obligations to repay the Federal Government, Amtrak jeopardizes the future of the Railroad Rehabilitation and Improvement Financing Program. This program was established to meet the essential infrastructure investment needs of the rail industry, in particular the small and regional freight railroads that are essential to the economic competitiveness of many

parts of rural and small town America. Continuation of such deferrals could set a dangerous precedent for Federal credit programs. The conferees believe that no one, including a quasi-governmental entity such as Amtrak, should be exempt from meeting its financial obligations to the Federal Government in a timely manner. Clearly, Amtrak agreed to a repayment schedule that it knew, or at least should have known, would jeopardize its ability to undertake infrastructure repairs critical to safe and reliable intercity and commuter passenger transportation, particularly in the Northeast Corridor. This is a lesson that should not be lost on Amtrak if it should again contemplate funding capital improvements with debt. The conferees direct Amtrak and the FRA to enter into a realistic repayment schedule that will permit repayment of the principal and interest of the RRIF loan owed to the Federal Government by Amtrak, while mitigating the impact of this debt obligation on Amtrak's capital program.

#### NEXT GENERATION HIGH-SPEED RAIL

The conference agreement provides \$19,650,000 for Next Generation High-Speed Rail, instead of \$11,000,000 as proposed by the House and \$20,000,000 as proposed by the Senate. The agreement provides the following funding allocations:

|                                                                               |             |
|-------------------------------------------------------------------------------|-------------|
| Train Control Systems ...                                                     | \$7,500,000 |
| North American joint PTC project .....                                        | (6,500,000) |
| Train Control—TTC .....                                                       | (1,000,000) |
| High-Speed Non-Electric Locomotives .....                                     | 1,700,000   |
| DMU compliance and demonstration, Florida .....                               | (400,000)   |
| DMU compliance and demonstration, New Jersey ..                               | (400,000)   |
| Grade Crossing & Innovative Technologies .....                                | 4,350,000   |
| Alaska RR luminescent grade crossings .....                                   | (1,000,000) |
| Vicksburg, MS Fairgrounds St grade crossing .....                             | (1,000,000) |
| Assembly Street, South Carolina .....                                         | (600,000)   |
| High-speed rail improvements between NYC and Albany, NY .....                 | (350,000)   |
| Track/Structures Technology .....                                             | 1,000,000   |
| Corridor Planning .....                                                       | 3,100,000   |
| Gulf Coast High Speed Rail Corridor Study .....                               | (1,000,000) |
| Memphis Region High Speed Rail Study .....                                    | (400,000)   |
| Spokane Region High Speed Rail Corridor Study .....                           | (1,000,000) |
| New England High Speed Rail Boston-Springfield-New Haven Corridor Study ..... | (700,000)   |
| Maglev .....                                                                  | 2,000,000   |
| California-Nevada Interstate Maglev Project ...                               | (1,000,000) |
| Pennsylvania Maglev Deployment Project .....                                  | (1,000,000) |

**Magnetic levitation.**—Section 1218 of TEA-21 established a magnetic levitation deployment program to be administered by the FRA. Last year, the conferees requested that FRA perform a cost-benefit comparison report of magnetic levitation to other modes of travel. Although FRA has not completed the report, the conferees are awaiting the receipt of the final draft.

**Rail-highway crossing hazard eliminations.**—The conference agreement also provides the following funding allocations for rail-highway grade crossing mitigation:

|                                           |             |
|-------------------------------------------|-------------|
| Hamilton Boulevard, Mobile, Alabama ..... | \$1,000,000 |
|-------------------------------------------|-------------|

|                                                                    |           |
|--------------------------------------------------------------------|-----------|
| City of Spartanburg rail crossing mitigation, South Carolina ..... | 1,075,000 |
| Safety and Mitigation Rail Relocation in Auburn, Maine .....       | 500,000   |
| Harrisburg CorridorOne Track Safety, Pennsylvania .....            | 550,000   |
| McCord Road, Lucas County, Ohio, grade separation .....            | 1,000,000 |
| Illinois statewide highway-rail crossing safety program .....      | 400,000   |
| Vermont statewide highway-rail crossing safety .....               | 325,000   |
| Wisconsin railway-highway crossing elimination .....               | 400,000   |

**Rock Island rail line, Oklahoma.**—The conferees are aware of an unused rail line, which runs from McAlester to Oklahoma City, Oklahoma, that has been the subject of acquisition negotiations for a number of years. The conferees encourage all parties involved to reach a reasonable settlement expeditiously, so that this important rail link can be rehabilitated and reopened as soon as possible.

#### ALASKA RAILROAD REHABILITATION

The conference agreement provides \$25,000,000 for the rehabilitation expenses of the Alaska Railroad, as proposed by the Senate.

#### GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The conference agreement provides \$1,217,000,000 for quarterly grants to Amtrak, as proposed by the Senate. Of this amount, no less than \$500,000,000 is provided for capital grants, as proposed by the House. The conference agreement retains report language proposed by the House regarding operating and capital plans, Amtrak financial information, monthly reporting requirements, state-assisted intercity rail service, and capital asset valuation.

**Amtrak common stock redemption.**—The Amtrak Reform and Accountability Act of 1997 (AARA) directed Amtrak to redeem all common stock at fair market value by October 1, 2002 in order to rid Amtrak of certain of its financial encumbrances so that Amtrak could position itself to seek and receive investor funds and other private financing. The date of the mandated redemption has passed, the redemption has not occurred, and the parties are not engaged in resolving the matter of evaluation of such stock at Fair Market Value, thwarting clear Congressional intent. The conferees urge these parties to resolve this matter expeditiously.

#### GENERAL PROVISIONS—FEDERAL RAILROAD ADMINISTRATION

The conference agreement includes a provision (Section 150) that requires the Secretary of Transportation to continue development and implementation of a fair competitive bid procedure, as proposed by both the House and the Senate.

The conference agreement includes a provision (Section 151) that allows FRA to provide reimbursement to employees for home internet connections, as proposed by the House.

The conference agreement includes a provision (Section 152) that clarifies the intent of Federal funds provided to the Alaska Railroad, as proposed by the Senate.

The conference agreement includes a provision (Section 153) that directs DOT to award a grant included in P.L. 108-199 for KBS Railroad in Illinois, as proposed by the Senate.

The conference agreement includes a provision (Section 154) that expands the Northern New England High Speed Rail Corridor.

The conference agreement includes a provision (Section 155) that directs Amtrak to submit to the House and Senate Committees on Appropriations in fiscal year 2005 a report detailing Amtrak's obligations pursuant to 49 U.S.C. 24306(a).

#### FEDERAL TRANSIT ADMINISTRATION

##### ADMINISTRATIVE EXPENSES

The conference agreement provides \$78,000,000 for administrative expenses, as proposed by the Senate. Within this total, the conference agreement provides the following funding levels for FTA offices:

|                                                        |            |
|--------------------------------------------------------|------------|
| Office of the Administrator .....                      | \$900,000  |
| Office of Administration ...                           | 6,520,000  |
| Office of Chief Counsel .....                          | 4,100,000  |
| Office of Communications & Congressional Affairs ..    | 1,243,000  |
| Office of Program Management .....                     | 7,396,000  |
| Office of Budget and Policy ..                         | 6,929,000  |
| Office of Research, Demonstration and Innovation ..... | 4,645,000  |
| Office of Civil Rights .....                           | 3,013,000  |
| Office of Planning and Environment .....               | 4,171,000  |
| Regional Offices .....                                 | 20,150,000 |
| Central Account .....                                  | 16,433,000 |
| National Transit Database .....                        | 2,500,000  |

**Transfer authority.**—The conference agreement provides transfer authority of 5% among administrative offices. The conferees direct FTA to provide quarterly updates to the House and Senate Committees on Appropriations on all transfers of funding within the administrative office structure.

**FY06 budget request.**—Within the FY06 budget request, the conferees direct FTA to submit an office-by-office breakdown, as proposed by both the House and Senate and an analysis of new start project technical assistance, as proposed by the House.

**Full funding grant agreements (FFGAs).**—The conference agreement retains language proposed by the House detailing notification of Congress of procedures prior to the execution of a FFGA. In addition, the conference agreement retains language proposed by the House regarding notification of advancement of projects into preliminary engineering or final design.

**Revisions of Congressional intent.**—The conference agreement retains language proposed by the House directing FTA to seek approval of the House and Senate Committees on Appropriations prior to revising Congressional intent.

#### FORMULA GRANTS

##### (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$4,032,175,000 for formula grants, as proposed by the Senate. The conference agreement transfers language regarding an intercity bus reporting requirement, as proposed by the House, to the Office of the Secretary.

#### UNIVERSITY TRANSPORTATION RESEARCH

The conference agreement provides \$6,000,000 for university transportation research, as proposed by the House and Senate.

#### TRANSIT PLANNING AND RESEARCH

The conference agreement provides \$128,000,000 for transit planning and research, as proposed by the Senate. From funds provided for national planning and research, the conference agreement provides the following funding levels;

|                                                      |           |
|------------------------------------------------------|-----------|
| Advanced Transportation Technology Institute .....   | \$125,000 |
| Automation Alley .....                               |           |
| BuSolutions .....                                    | 550,000   |
| CALSTART/WestStart Advanced Transit Technology ..... | 2,000,000 |

## TRUST FUND SHARE OF EXPENSES

The conference agreement provides \$6,744,500,000 for the trust fund share of expenses, instead of \$6,047,200,000 as proposed by the House and \$6,764,976,000 as proposed by the Senate.

CAPITAL INVESTMENT GRANTS  
(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$3,338,825,000 for capital investment grants, instead of \$2,852,647,000 as proposed by the House and \$3,413,825,000 as proposed by the Senate.

*Three year availability of section 5309 discretionary funds.*—The conferees direct FTA to not reallocate funds provided in the fiscal year 2002 Department of Transportation and Related Agencies Appropriations Act or previous Acts for the following bus and bus facilities projects:

Alabama State Dock in intermodal passenger and freight terminal bus and bus related facilities  
 Binghamton Intermodal Transportation Center/terminal  
 Blue Water Area Transportation Commission bus facilities

Bronx Zoo Intermodal Transportation Facility  
 Cab Care paratransit facility  
 City of Monrovia natural gas vehicle fueling facility  
 Costa Mesa CNG facility  
 County of Calaveras bus fleet replacement  
 East Haddam transportation vehicles and transit facilities  
 Greater Minnesota Transit Authority bus, paratransit and transit hub (MNDOT)  
 Greater New Haven Transit District CNG vehicle project (ConnDOT)  
 Homer Alaska Maritime Wildlife Intermodal and welcome center  
 Indiana bus consortium buses and bus facilities  
 Indianapolis downtown transit facility  
 Las Cruces intermodal transit facility  
 Livermore Amador Valley Transit Authority buses and facility  
 Macon terminal intermodal station  
 Missouri Pacific Depot  
 Morgantown Parking Facility  
 North County Transit District, initial design and planning for new intermodal center  
 Norwich bus terminal and pedestrian access  
 Oglala Sioux Tribe buses and bus facilities  
 San Bernardino CNG/LNG buses  
 Sierra Madre Villa & Chinatown intermodal transportation centers/LA MTA bus and bus related facilities  
 Southern Teton Area Rapid Transit bus facility  
 Springfield Union Station intermodal facility  
 Station Plaza (NY) commuter parking lot  
 Tompkins Consolidated Area transit center  
 Ravalli County Council on aging bus facility  
 Area VII agency on aging bus facility  
 Statewide bus and bus facilities, MT  
 Wilkes-Barre Intermodal Facility  
 The conferees direct FTA to not reallocate funds provided in the fiscal year 2002 Department of Transportation and Related Agencies Appropriations Act or previous Acts for the following new start projects:  
 Greater Albuquerque mass rail transit project  
 Birmingham, Alabama, Transit Corridor  
 Dulles Corridor Project  
 Honolulu, Hawaii, Bus Rapid Transit Project  
 Kenosha-Racine-Milwaukee Rail Extension Project  
 Maryland (MARC) Commuter Rail Improvements Projects  
 Northeast Indianapolis, Indiana, Downtown Corridor Project  
 Philadelphia SEPTA Cross County Metro Project  
 Philadelphia, Pennsylvania-Schuylkill Valley Metro Project

## BUS AND BUS FACILITIES

The conference agreement provides \$675,000,000 for buses and bus facilities programs, together with \$50,000,000 transferred from "Federal Transit Administration, Formula grants". Funds provided for buses and bus facilities are distributed as follows:

*Project Name* *Amount*  
 Abilene bus and bus facilities, Texas ..... \$750,000  
 Acadia National Park intermodal facility, Maine ..... 250,000  
 Addicks Park & Ride Ramp, Texas ..... 4,500,000  
 Alabama State Docks intermodal facility, Alabama ..... 10,000,000  
 Alaska Mental Health Trust bus program, Alaska ..... 1,000,000

*Project Name* *Amount*  
 Alaska Native Medical Center intermodal bus/parking facility, Alaska ..... 2,000,000  
 Allegan County Transportation, Michigan ..... 1,500,000  
 Alma Transit facility and replacement buses, Michigan ..... 500,000  
 Alternative fuel replacement buses, Tucson, Arizona ..... 1,000,000  
 Ames transit/bus facility, Iowa ..... 1,000,000  
 Amesbury bus facility, Massachusetts ..... 1,000,000  
 Amtran Bus Replacement, Altoona, Pennsylvania ... 300,000  
 Anaheim Resort Transit, California ..... 300,000  
 Anchorage Museum/Transit intermodal depot, Alaska ..... 1,500,000  
 Anchorage paratransit and disability improvements, Alaska ..... 1,500,000  
 Anchorage Ship Creek intermodal facility, Alaska ..... 2,500,000  
 Ann Arbor Transit (AATA) transit center, Michigan ..... 1,000,000  
 Ardmore transit center, Pennsylvania ..... 6,000,000  
 Area Transit Authority, Pennsylvania ..... 1,425,000  
 Area Transportation Authority of North Pennsylvania Central passenger terminal, Pennsylvania ..... 1,250,000  
 Arkansas Statewide buses and bus facilities ..... 8,000,000  
 Asheville City bus fleet replacement, North Carolina ..... 300,000  
 Atlanta bus acquisition, Georgia ..... \$3,500,000  
 Atlanta clean fuel shuttle buses, Georgia ..... 1,000,000  
 Atlantic Station, Georgia ..... 1,100,000  
 Attleboro Intermodal Transportation Center, Massachusetts ..... 2,000,000  
 Barry County buses and bus facilities, Michigan .. 40,000  
 Bay Area Transportation Authority, Traverse City, Michigan ..... 4,000,000  
 Belding buses and bus facilities, Michigan ..... 50,000  
 Bellflower Dial-a-Ride, California ..... 120,000  
 Bellows Falls Transit Improvements, Vermont ..... 2,000,000  
 Ben Franklin Transit Facility Improvements, Washington ..... 1,050,000  
 Bergen Intermodal Stations and Park N'Rides, New Jersey ..... 2,000,000  
 Berks Area Reading Transportation Authority (BARTA) facility, Pennsylvania ..... 2,000,000  
 Berrien County transit, Michigan ..... 100,000  
 Billings downtown bus facility, Montana ..... 2,000,000  
 Billings public bus and medical transfer facility, Montana ..... 2,500,000  
 Birmingham Intermodal Facility—Phase II, Alabama ..... 3,500,000  
 Bloomington Public Transit Corporation, Indiana ..... 750,000  
 Blue Water Area Transportation Commission Maintenance and Storage Facility, Michigan ..... 3,000,000

*Washington statewide small transit-systems, bus and bus facilities.*—The conference agreement provides \$4,000,000 to the Washington State Department of Transportation (WSDOT) for bus and bus facilities grants.

The conferees expect WSDOT to fund the following projects: (1) \$400,000 Clallam Transit; (2) \$50,000 Columbia County Public Transportation (CCPT); (3) \$50,000 Garfield County; (4) \$400,000 Grant Transit; (5) \$600,000 Grays Harbor Transportation Authority; (6) \$400,000 Island Transit; (7) \$750,000 Jefferson Transit; (8) \$400,000 Mason County Transportation Authority; (9) \$50,000 Pacific Transit; (10) \$400,000 Twin Transit; and (11) \$500,000 Valley Transit.

*Illinois Statewide Buses.*—The conferees provide \$7,000,000 to the Illinois Department of Transportation (IDOT) for Section 5309 Bus and Bus Facilities grants. The conferees expect IDOT to provide at least \$3,000,000 for Downstate Illinois replacement buses in Bloomington, Champaign-Urbana, Danville, Decatur, Peoria, Quincy, RIDES MTD, River Valley, Rockford, Rock Island, Springfield, and for the Bi-State Development/Metro Agency. Further, the conferees expect IDOT to provide appropriate funds for bus facilities in Bloomington, Galesburg, Macomb, Peoria, and Rock Island, including \$750,000 for the Champaign Day Care Center/Park-n-Ride; \$500,000 for the Richton Park Metra Intermodal Transit Park and Ride Facility; \$750,000 for the City of Chicago's Free Trolley system; and \$500,000 for the Downtown Normal Multimodal facility.

The conference agreement retains all language in the House and Senate reports allowing funds appropriated for a bus or bus facility project to be used for another eligible purpose, with the exception of Senate proposed language for South Bend Intermodal Facility, Indiana. Amounts previously obligated for the South Street Station Project in fiscal year 1996 and fiscal year 1997 shall be made available for the South Bend Bus Operations Center project in South Bend, Indiana. In addition, House retained language regarding Detroit bus and bus facilities should read "Public Law 106-69" instead of "Public Law 106-109".

*Newton Rapid Transit Handicap Access Improvements, Massachusetts.*—Amounts made available in fiscal year 2004 for Newton Rapid Transit Handicap Access Improvements, Massachusetts, shall be available for making handicap accessibility improvements to the Auburndale Station in Newton, MA.

*Alameda Point Areil Transit Project, California.*—Amounts made available in fiscal year 2004 for Alameda Point Areil Transit Project, California, shall be available for the Fairfield/Vacaville Intermodal Transit Station, California.

*Utica Transit Authority Buses, New York.*—Amounts made available in fiscal year 2003 for Utica Transit Buses, New York, shall be made available for Oneida County buses and transit items.

*Statewide Bus and Bus Facilities, Montana.*—Unobligated balances from amounts made available in fiscal year 2002 to Area VIII Agency on Aging Bus and Bus Facility and Ravalli County Council on Aging Bus and Bus Facility shall be combined with and made available for Statewide Buses and Bus Facilities.

*New York City grant reprogramming.*—The conference agreement includes a provision that allows urbanized area formula grant funds and capital investment or discretionary grant funds awarded to the New York City DOT to be made available to the New York Metropolitan Transportation Authority for eligible capital projects. The conferees are concerned that this provision in some way might facilitate the closure of current bus routes or the delaying of service improvements in certain New York City bus lines. This is not the intent of the conferees, and MTA should work to avoid any such harmful effects.

## NEW STARTS

The conference agreement provides \$1,449,425,000 for new starts programs, together with funds made available from reallocated new start projects from the fiscal year 2002 Act and previous Acts. Funds provided for new start projects are distributed as follows:

|                                                                      |             |

*Resort corridor system extension, Las Vegas, NV.*—The conferees expect the FTA to continue to set aside sufficient funds from the total amount of contingent commitment authority available for full funding grant agreements for fiscal year 2005 for the Resort Corridor System Extension project while the project works through a series of unanticipated technical problems. The conferees look forward to receiving the anticipated Full Funding Grant Agreement for this project once those technical problems have been resolved.

## JOB ACCESS AND REVERSE COMMUTE GRANTS

The conference agreement provides \$125,000,000 for JARC programs. Funds provided for JARC projects are distributed as follows:

|                                                                 |           |
|-----------------------------------------------------------------|-----------|
| Cleveland JARC Ohio .....                                       | \$750,000 |
| Abilene JARC, Texas .....                                       | 150,000   |

| Statewide Statewide Small Urban and Rural Public/Specialized Transportation Services (JARC), Nevada ..... | 2,000,000 |                                                                        |           |

prove existing vessels and facilities, as proposed by the Senate.

The conference agreement includes a provision (Section 166) that allows unobligated funds for new projects under Federal Transit Authority to be used during this fiscal year to satisfy expenses incurred for such projects, as proposed by the Senate.

The conference agreement includes a provision (Section 167) that expands authorization allowing cooperative procurement of major capital equipment to 5 pilot projects, as proposed by the Senate.

The conference agreement includes a provision (Section 168) that allows amounts previously made available to the Port Authority of Allegheny County to be used for bus purchases, as proposed by the Senate.

The conference agreement includes a provision (Section 169) that allows a transfer of Greater New Haven Transit District bus funding for transit research, as proposed by the Senate.

The conference agreement includes a provision (Section 170) that allows amounts previously made available to Matanuska Susitna Borough for ferry boats to be used for an intermodal facility, as proposed by the Senate.

The conference agreement includes a provision (Section 171) that relates to bus funds for Honolulu, Hawaii, as proposed by the Senate.

The conference agreement includes a provision (Section 172) that allows the Navy to receive funds from Hawaii for ferry boats for transportation services for the Arizona War Memorial, as proposed by the Senate.

The conference agreement includes a provision (Section 173) that directs FTA to comply with the coordinated development and governmental funding requirements of Section 3042 of the Federal Transit Act of 1998, as proposed by the Senate.

The conference agreement includes a provision (Section 174) that modifies the calculation of the non-New Starts share of funding for the San Francisco Muni Third Street Light Rail Project, as proposed by the House.

The conference agreement includes a provision (Section 175) that allows a transfer of funding for Vermont Commuter Rail to upgrade an existing rail project, as proposed by the Senate.

The conference agreement includes a provision (Section 176) that allows unobligated funds made available to the Oklahoma Transit Association in Public Law 108-7 to instead be made available to the Metropolitan Tulsa Transit Authority and the Central Oklahoma Transportation and Parking Authority for any project or activity authorized under the JARC program, as proposed by the House.

The conference agreement includes a provision (Section 177) that allows urbanized area formula grant funds and capital investment or discretionary grant funds awarded to the New York City Department of Transportation to be made available to the New York Metropolitan Transportation Authority for eligible capital projects.

The conference agreement includes a provision (Section 178) that allows small urbanized areas that became part of the metropolitan Houston, Texas urbanized area, but lie outside the service area of the principal public transportation agency that serves that urbanized area to use funds made available to carry out 49 U.S.C. 5307 in fiscal year 2005.

The conference agreement includes a provision (Section 179) that allows funds made available to the Hawthorne-Warwick Commuter Rail Project to be reallocated for other projects.

#### GENERAL PROVISIONS—FEDERAL TRANSIT ADMINISTRATION

The conference agreement includes a provision (Section 160) that exempts previously made transit obligations from limitations on obligations, as proposed by both the House and Senate.

The conference agreement includes a provision (Section 161) that allows funds for discretionary grants of the Federal Transit Administration for specific projects, except for fixed guideway modernization projects, not obligated by September 30, 2005, and other recoveries, to be used for other projects under 49 U.S.C. 5309, as proposed by both the House and Senate.

The conference agreement includes a provision (Section 162) that allows transit funds appropriated before October 2, 2003, that remain available for expenditure to be transferred, as proposed by both the House and Senate.

The conference agreement includes a provision (Section 163) that prohibits Federal transit grantees from obligating or expending funds after February 1, 2004, that would otherwise be available in the Act, if the grantee is involved directly or indirectly with any activity, including displaying or permitting to be displayed advertisements on its land, equipment, or in its facilities, that promotes the legalization or medical use of substances listed in schedule I of section 202 of the Controlled Substances Act, as proposed by the House.

The conference agreement includes a provision (Section 164) that allows the restoration of obligation authority to formula grants funds that were reduced due to FTA violations of the Antideficiency Act, as proposed by the House.

The conference agreement includes a provision (Section 165) that allows funds made available for Alaska and Hawaii ferry boats or ferry terminal facilities to be used to construct new vessels and facilities or to im-

SAINT LAWRENCE SEAWAY DEVELOPMENT  
CORPORATION

OPERATIONS AND MAINTENANCE  
(HARBOR MAINTENANCE TRUST FUND)

The conference agreement includes \$15,900,000 for the Operations and Maintenance Corporation as proposed by both the House and Senate. The conferees designate that \$1,500,000 of this total is for concrete replacement at Eisenhower and Snell Locks, as proposed by the House.

MARITIME ADMINISTRATION  
MARITIME SECURITY PROGRAM

The conference agreement includes \$98,700,000 for the maritime security program as proposed by the House and Senate.

OPERATIONS AND TRAINING

The conference agreement includes \$109,478,000 for MARAD's operations and training account, instead of \$106,400,000 as proposed by the House and \$110,910,000 as proposed by the Senate. The conference agreement allocates the funds for operations and training as follows:

| Activity                                                | Conference level |
|---------------------------------------------------------|------------------|
| U.S. Merchant Marine Academy:                           |                  |
| Salary and benefits .....                               | \$23,753         |
| Midshipmen program .....                                | 6,303            |
| Instructional program ....                              | 3,448            |
| Program direction and administration .....              | 2,945            |
| Maintenance, repair & operating requirements .....      | 6,327            |
| Capital improvements ....                               | 13,138           |
| Subtotal, USMMA .....                                   | 55,914           |
| State Maritime Schools:                                 |                  |
| Student incentive payments .....                        | 1,200            |
| Direct schoolship payments .....                        | 1,200            |
| Schoolship maintenance and repair .....                 | 8,090            |
| Subtotal, State Maritime Academies .....                | 10,490           |
| MARAD Operations:                                       |                  |
| Salaries and benefits .....                             | 26,112           |
| Non-salary base .....                                   | 10,448           |
| Subtotal—Base operations .....                          | 36,560           |
| Enterprise architecture & IT security upgrades .....    | 150              |
| DOT working capital fund (IT consolidation) .....       | 4,560            |
| GSA space .....                                         | 94               |
| DOT Electronic Government .....                         | 100              |
| Inland waterway conditions and performance report ..... | 1,000            |
| Security Training Center .....                          | 610              |
| Subtotal, MARAD Operations .....                        | 43,074           |
| Subtotal, Operations and Training .....                 | 109,478          |

The conferees provide \$610,000 as a one-time appropriation for relocation and reconfiguration of the CAPE CHALMERS from the National Defense Reserve Fleet to the Federal Law Enforcement Training Center in Charleston, South Carolina to establish a maritime security professional training center. Funds shall not be used for training purposes or for administration purposes associated with the Federal Law Enforcement Training Center.

The conferees provide \$1,000,000 to prepare a conditions and performance report and needs assessment for the inland waterways system. In developing the conditions and performance and needs assessment report, MARAD should consider and evaluate the potential for applying information technology and data management to the inland waterways infrastructure to address increased transportation demands.

**Base Ops Breakout.**—The conferees direct MARAD to comprehensively delineate the antecedent line item elements, along with their associated, requested funding levels, that encompass base operations within future, officially submitted budget justifications to the House and Senate Committees on Appropriations.

SHIP DISPOSAL

The conference agreement includes \$21,616,000 for the disposal of obsolete vessels of the National Defense Reserve Fleet as proposed by the Senate, instead of \$19,116,000 as proposed by the House.

MARITIME GUARANTEED LOAN (TITLE XI)  
PROGRAM ACCOUNT  
(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$4,764,000 for administration expenses of the maritime guaranteed loan program (Title XI) as proposed by the House and Senate. This level is adequate to fund the three requested full time equivalents to improve the administration and oversight of the Title XI loan process, as recommended by the DOT Inspector General. Further, MARAD is prohibited from detailing any personnel overseeing the Title XI program to any other modal administration, including the Office of the Secretary, without the advance consent of both the House and Senate Committees on Appropriations. In addition, the conferees direct MARAD to implement the additional three recommendations detailed in the Inspector General's follow-up audit of the Title XI program dated September 28, 2004, and make available up to \$2,000,000 of the Title XI funds provided under Public Law 108-11 to be used to develop and acquire a comprehensive computer-based financial monitoring system.

NATIONAL DEFENSE TANK VESSEL  
CONSTRUCTION PROGRAM

The conference agreement amends a provision included in the Senate bill and includes \$75,000,000 for the National Defense Tank Vessel Construction Program authorized under Public Law 108-136.

SHIP CONSTRUCTION  
(RESCISSION)

The conference agreement includes a rescission of unobligated balances totaling \$1,979,000 from the dormant ship construction account as proposed by the House, instead of \$1,900,000 as proposed by the Senate.

GENERAL PROVISIONS—MARITIME  
ADMINISTRATION

The conference agreement includes a provision (Sec. 180) that authorizes MARAD to furnish utilities and services and make necessary repairs in connection with any lease, contract, or occupancy involving Government property under control of MARAD, and allow payments received to be credited to the Treasury, as proposed by both the House and Senate.

The conference agreement includes a provision (Sec. 181) that does not allow obligations to be incurred during the current fiscal year from the construction fund established by the Merchant Marine Act, 1936.

RESEARCH AND SPECIAL PROGRAMS  
ADMINISTRATION

RESEARCH AND SPECIAL PROGRAMS

The conference agreement provides \$47,115,000 for Research and Special Pro-

grams, instead of \$46,790,000 as proposed by the House and \$49,000,000 as proposed by the Senate. Funding for the Office of Emergency Transportation has been transferred to the Office of the Secretary, as proposed by the House. The agreement approves a staffing level of 225 and includes the following funding allocations:

|                                  |              |
|----------------------------------|--------------|
| Hazardous Materials Safety ..... | \$25,159,000 |
| Research and Technology ..       | 2,434,000    |
| Program Support .....            | 19,572,000   |

PIPELINE SAFETY

The conference agreement provides \$69,769,000 for the Office of Pipeline Safety, instead of \$68,466,000 as proposed by the House and \$71,073,000 as proposed by the Senate. The conferees approve 4 additional pipeline inspectors, instead of 2 as proposed by the House and 6 as proposed by the Senate.

**Oil Spill Liability Trust Fund.**—The conferees strongly agree with language contained in both the House and Senate reports regarding the oil spill liability trust fund. The fiscal year 2006 budget justification should adequately address the allocation of resources, containing an itemization of how these funds are being allocated within OPS, as proposed by the House.

**Natural Gas Distribution Pipeline Safety.**—In lieu of directives proposed by the Senate, the conferees direct the Office of Pipeline Safety to report to the House and Senate Committees on Appropriations by May 1, 2005, detailing the extent to which integrity management plan [IMP] elements may be applied to the natural gas distribution pipeline industry in order to enhance distribution system safety. This report should detail the IMP implementation approach for operators of natural gas distribution pipelines, including development of guidance for adoption by states, and publication and promotion of best practices and development of national consensus standards and/or federal or state regulation. In addition, the report should include specific milestones and performance measures on the actions that will be necessary to carry out the IMP initiative and should examine the financial implications of an IMP and impacts on natural gas consumers. The Administrator shall provide quarterly updates to the House and Senate Committees on Appropriations regarding the status of the implementation.

**Public Safety and Education Programs.**—The conferees include \$750,000 for RSPA to create a clearinghouse to evaluate public safety and education efforts, as proposed by the Senate.

**Small Gas Distribution Systems.**—The conferees encourage the Office of Pipeline Safety to work closely with and assist existing organizations and foundations in efforts to develop and deliver educational tools and materials to small gas utilities. The conferees support those efforts focused on operating and maintenance procedures that will help prevent incidents, rapidly and safely control hazards and restore service in the event of accidental or intentional damage to pipelines.

EMERGENCY PREPAREDNESS GRANTS

The conference agreement provides a total of \$14,500,000 for Emergency Preparedness Grants, as proposed by both the House and the Senate.

OFFICE OF INSPECTOR GENERAL  
SALARIES AND EXPENSES

The conference agreement includes \$59,000,000 for the Office of Inspector General, as proposed by the Senate.

SURFACE TRANSPORTATION BOARD  
SALARIES AND EXPENSES

The conference agreement provides a funding level of \$21,250,000 for the Surface Transportation Board to fund salaries and expenses from a direct appropriation, as proposed by the Senate. The conference agreement includes language that allows the Board to offset \$1,050,000 of this appropriation from fees collected during the fiscal year, as proposed by the Senate.

The conference agreement approves a level of 150 FTE for the Board, as proposed by the Senate.

GENERAL PROVISIONS—DEPARTMENT OF  
TRANSPORTATION  
(INCLUDING TRANSFER OF FUNDS)

Section 185 permits appropriations to the Department of Transportation to be available for maintenance and operation of aircraft; hire of passenger motor vehicles and aircraft; purchase of liability insurance for motor vehicles operating in foreign countries on official department business; and uniforms or allowances by law, as proposed by the House and Senate.

Section 186 allows funds for the Department of Transportation to be available for services as authorized by 5 U.S.C. 3109, as proposed by the House and Senate.

Section 187 prohibits funds to be used for salaries and expenses of more than 106 political and Presidential appointees in the Department of Transportation, and requires that none of the personnel covered by this provision may be assigned on temporary detail outside DOT, as proposed by the House and Senate.

Section 188 prohibits funds from being used to implement section 404 of title 23, United States Code, as proposed by the House and Senate.

Section 189 prohibits the dissemination of personal information obtained by a State department of motor vehicles in connection with a motor vehicle record, as proposed by the House and Senate.

Section 190 permits funds received by specified DOT agencies from States or other private or public sources for expenses incurred for training to be credited to certain specified agency accounts, as proposed by the House and Senate.

Section 191 authorizes the Secretary of Transportation to allow the issuer of any preferred stock sold to the Department to redeem or repurchase such stock upon the payment to the Department of an amount determined by the Secretary, as proposed by the House and Senate.

Section 192 prohibits funds to be used to make a grant unless the Secretary of Transportation notifies the House and Senate Committees on Appropriations no less than 3 days in advance of any discretionary grant award, letter of intent, or full funding grant agreement totaling \$1,000,000, as proposed by the House and Senate.

Section 193 allows certain rebates, refunds, and related payments to be credited to appropriations of the Department of Transportation, as proposed by the House and Senate.

Section 194 requires that amounts determined to represent recoveries of improper payments should be available for certain specified expenses, as proposed by the House and Senate.

Section 195 authorizes the Secretary of Transportation to transfer the unexpended balances available for the bonding assistance program from "Office of the Secretary, Salary and Expenses" to "Minority Business Outreach", as proposed by the House and Senate.

Section 196 prohibits funds from being obligated to approve assessments or reimburs-

able agreements pertaining to funds appropriated to the modal administrations, as proposed by the House and Senate.

Section 197 limits working capital fund obligations to \$130,210,000.

Section 198 specifies that the City of Norman, Oklahoma shall be considered to be part of the Oklahoma City urbanized area for fiscal years 2004 and 2005.

Section 199 amends 49 U.S.C. 41716(b) relating to exemptions for air service to small and nonhub airports. The conferees believe the DOT and FAA should take steps to encourage airline service to small hub airports. Air service plays a critical role in the economic development of communities serviced by small hub airports. Continued economic growth for these communities and their airports is dependent upon having access to large hub airports. Therefore, DOT and FAA are urged to make it their highest priority to allocate permanent slots at LaGuardia Airport to allow the communities of Akron-Canton, Ohio and Newport News-Williamsburg, Virginia to each have permanent third roundtrips to LaGuardia with stage III aircraft with no less than 110 and no more than 125 seats.

TITLE II—DEPARTMENT OF THE  
TREASURY

DEPARTMENTAL OFFICES  
SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$157,559,000 for departmental offices of the Treasury Department instead of \$177,000,000 as proposed by the House and \$161,313,000 as proposed by the Senate. The conferees direct the funds to be allocated as follows:

|                                               |             |
|-----------------------------------------------|-------------|
| Executive Direction .....                     | \$7,274,000 |
| General Counsel .....                         | 7,200,000   |
| Economic Policies and<br>Programs .....       | 31,657,000  |
| Financial Policies and Pro-<br>grams .....    | 26,072,000  |
| Terrorism and Financial<br>Intelligence ..... | 10,633,000  |
| Treasury Wide Manage-<br>ment .....           | 16,760,000  |
| Administration .....                          | 57,963,000  |

Provides \$100,000 for official representation and reception expenses instead of \$75,000 as proposed by the House and \$150,000 as proposed by the Senate. Fiscal year 2005 representation and reception expenses for the other bureaus and offices of the Department are provided under the specific appropriating paragraphs as proposed by the Senate.

Deletes the provision proposed by the House setting aside funds for the Office of Foreign Assets Control (OFAC). The conferees have provided resources for OFAC under a separate header as proposed by the Senate and retained the provision allowing for the transfer of funds to that account.

Deletes the provision proposed by the House limiting travel expenses to \$2,750,000. The Senate did not include a similar provision. The conferees direct the Secretary to submit quarterly reports to the House and Senate Committees on Appropriations providing details, including expenses, for all Treasury employee foreign travel and the domestic travel for Treasury employees at the SES level and above.

Deletes the provision proposed by both the House and the Senate setting aside \$2,900,000 for grants to state and local law enforcement to fight money laundering. While the conferees support the efforts of law enforcement, the Department has not obligated any of the funds provided in fiscal year 2004 for these activities. The conferees direct the Department to obligate the funds in a timely manner.

Modifies the provision proposed by the Senate allowing for the transfer of funds between Office activities through reprogramming actions. The conferees limit transfers to 2.5% instead of the Senate proposed 5%. The House did not include a similar provision.

As proposed by the Senate, the conferees deny the request to reimburse the Department of Homeland Security \$2,400,000 for protective services.

Retains the Senate provisions specifying \$1,900,000 and five FTE for the Office of Emergency Preparedness, \$1,000,000 to promote basic financial literacy and education, and \$1,000,000 for critical infrastructure protection research and development.

Modifies the direction proposed by the Senate under Financial Crimes Enforcement Network (FinCEN) regarding duplicative systems in FinCEN and the IRS. The conferees direct the Secretary to certify within 30 days of enactment of this Act that FinCEN's BSA information collection system is the only system of its sort under development. Further, none of the funds provided to the IRS for information technology projects may be obligated until the Secretary provides such certification.

OFFICE OF FOREIGN ASSETS CONTROL  
SALARIES AND EXPENSES

Appropriates \$22,291,000 for salaries and expenses as proposed by the Senate. The House proposed funding the office within the amounts provided for departmental offices. The conferees assume no less than 138 FTE will be funded under this resource level.

DEPARTMENT-WIDE SYSTEMS AND CAPITAL  
INVESTMENTS PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$32,260,000 for the Department's systems and capital investments. The conference agreement assumes \$1,500,000 for appliance-based computer security technology as described in the House report, \$400,000 for enterprise architecture, and \$500,000 for certificate-based internet security as described under "Departmental Offices" in the House report. In addition, not to exceed \$2,500,000 is available for e-gov activities.

The conferees direct the Department to better detail the e-gov activities in future budget justifications, including associated costs and Department-specific benefits. As proposed by the Senate, the conferees have not provided \$275,000 as requested for information technology governance.

OFFICE OF INSPECTOR GENERAL  
SALARIES AND EXPENSES

Appropriates \$16,500,000 for salaries and expenses of the Inspector General's office as proposed by the House, instead of \$16,158,000 as proposed by the Senate. The conferees direct the Inspector General to allocate the amounts over the budget request evenly between audit and investigation activities.

Retains language allowing up to \$2,500 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purposes.

The conferees direct the IG to complete the audit on the Treasury Building and Annex repair and restoration project, including building code compliance, and issue a final report by April 4, 2005. The conferees modify the direction of the House regarding employee-driven cost overruns and request that the IG identify costs associated with employee delays on planned moves into alternative space during restoration phases.

The conferees retain the directive in the House report regarding a status report on creation of the Financial Crimes Enforcement Network's Office of Compliance with a reporting date of March 11, 2005.

TREASURY INSPECTOR GENERAL FOR TAX  
ADMINISTRATION

## SALARIES AND EXPENSES

Appropriates \$129,126,000 for salaries and expenses of the Tax Inspector General's office as proposed by both the House and the Senate.

Retains language allowing up to \$1,500 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purposes.

AIR TRANSPORTATION STABILIZATION PROGRAM  
ACCOUNT

Appropriates \$2,000,000 for the air transportation stabilization program as proposed by both the House and the Senate.

TREASURY BUILDING AND ANNEX REPAIR AND  
RESTORATION

Appropriates \$12,316,000 for the repair and restoration of the Treasury building and annex as proposed by the Senate instead of \$20,316,000 as proposed by the House. The conference agreement does not include the House proposal to transfer funds to the Office of Inspector General.

EXPANDED ACCESS TO FINANCIAL SERVICES  
(RESCISSION)

Rescinds \$4,000,000 from unobligated balances as proposed by both the House and the Senate.

VIOLENT CRIME REDUCTION PROGRAM  
(RESCISSION)

Rescinds \$1,200,000 from the violent crime reduction program as proposed by the Senate. The House proposed rescinding \$1,000,000.

FINANCIAL CRIMES ENFORCEMENT NETWORK  
SALARIES AND EXPENSES

Appropriates \$72,502,000 for the Financial Crimes Enforcement Network (FinCEN) as proposed by the Senate instead of \$90,002,000 as proposed by the House. The conference agreement provides up to \$14,000 for official representation and reception expenses and \$7,500,000 for BSA Direct as proposed by the Senate, and a new provision allowing up to \$350,000 from available funds to be used for costs associated with the 2005 Annual Plenary of the Egmont Group. The House did not include similar provisions. The conferees retain the requirement included in the Senate report directing the FinCEN Director to report to the Committees on Appropriations on any delay, deviation, or cost change to the BSA Direct program.

The conference agreement includes \$3,000,000 over the budget request to hire no less than 18 full time equivalent positions for the Bank Secrecy Act (BSA) compliance program as proposed by the Senate. The conferees retain the directive proposed by the Senate that resources provided over the budget request may only be used by the Office of Compliance or the Office of Regulatory Support, and shall not be used for any other purpose without the written approval from the House and Senate Committees on Appropriations.

FINANCIAL MANAGEMENT SERVICE  
SALARIES AND EXPENSES

Appropriates \$230,930,000 for salaries and expenses as proposed by both the House and the Senate. In addition, the conference agreement allows for up to \$2,500 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purpose.

ALCOHOL AND TOBACCO TAX AND TRADE  
BUREAU

## SALARIES AND EXPENSES

Appropriates \$83,000,000 for salaries and expenses of the alcohol and tobacco tax and

trade bureau as proposed by the Senate, instead of \$82,542,000 as proposed by the House. Funds over the budget request are to be used to establish an information technology infrastructure independent from the Bureau of Alcohol, Tobacco and Firearms. The Bureau is to report to the Committees by March 1, 2005 as directed by the Senate.

In addition, the bill allows for up to \$6,000 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purpose.

## UNITED STATES MINT

## UNITED STATES MINT PUBLIC ENTERPRISE FUND

Limits expenditures from the Fund to \$24,000,000 for operations, instead of \$41,100,000 as proposed by both the House and the Senate.

BUREAU OF THE PUBLIC DEBT  
ADMINISTERING THE PUBLIC DEBT

Appropriates \$175,166,000 for the salaries and expenses of the bureau of public debt as proposed by both the House and the Senate. In addition, the bill allows for up to \$2,500 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purpose.

## INTERNAL REVENUE SERVICE

The conferees direct the Commissioner to include an IRS operating plan with the plan submitted by the Treasury 60 days after enactment of this Act as described in the House report.

Retains language regarding workforce alignment activities as proposed by Senate. The House included a similar provision with a difference in reporting dates.

## PROCESSING, ASSISTANCE AND MANAGEMENT

Appropriates \$4,089,574,000 for costs associated with processing, assistance and management of the Service instead of \$4,071,824,000 as proposed by the House and \$4,107,325,000 as proposed by the Senate. Of the funds provided, the conferees have set aside \$4,100,000 for tax counseling for the elderly, \$8,000,000 for low-income taxpayer clinics, and up to \$25,000 for official representation and reception expenses. The conference agreement does not include provisions regarding postage as proposed by the Senate.

## TAX LAW ENFORCEMENT

## (INCLUDING TRANSFER OF FUNDS)

Appropriates \$4,398,729,000 for enforcement instead of \$4,278,107,000 as proposed by the House and \$4,519,350,000 as proposed by the Senate. Allows for the transfer of up to \$10,000,000 from the Social Security Administration as proposed by the House.

The conferees direct the Commissioner to submit quarterly reports regarding IRS's progress on compliance activities as proposed by the Senate.

The conferees direct GAO to review IRS and FinCEN compliance with the requirements of the Bank Secrecy Act as proposed by the Senate.

## INFORMATION SYSTEMS

Appropriates \$1,590,492,000 for information systems instead of \$1,622,093,000 as proposed by the House and \$1,606,768,000 as proposed by the Senate.

## BUSINESS SYSTEMS MODERNIZATION

Appropriates \$205,000,000 for business system modernization instead of \$285,000,000 as proposed by the House and \$125,000,000 as proposed by the Senate. The conferees retain the requirement directed by both the House and the Senate regarding GAO review and Committee approval of the annual spend plan.

The conference agreement does not include a rescission of fiscal year 2004 funds proposed by the Senate.

HEALTH INSURANCE TAX CREDIT  
ADMINISTRATION

Appropriates \$34,841,000 for administration of the health insurance tax credit program as proposed by both the House and the Senate.

GENERAL PROVISIONS—INTERNAL REVENUE  
SERVICE

Retains four general provisions proposed by the Senate. The House included similar provisions under the Department-wide general provision section.

GENERAL PROVISIONS—DEPARTMENT OF THE  
TREASURY

Retains nine general provisions proposed by the House. The Senate included similar provisions with minor grammatical differences.

Retains the provision proposed by the Senate extending authority for the Franchise Fund indefinitely. The House proposed extending the Fund for one year.

Retains the provision proposed by the Senate regarding the Check Forgery Insurance Fund. The House included a similar provision with a minor grammatical difference.

Retains the provision proposed by the Senate directing the Secretary to provide a report on currency manipulation to the Committees on Appropriations. The conferees direct the Secretary to also address the reporting requirements directed in the House and Senate reports, and include trade data of China's other trade partners in his analysis.

Includes a provision streamlining the process for official oversight of IRS field office operations by designated individuals.

Modifies the provision proposed by the Senate regarding the creation of the Office of Terrorism and Financial Intelligence in regard to reporting authority. The House did not include a similar provision.

Deletes the provision proposed by the Senate regarding Cuba travel.

## TITLE III

EXECUTIVE OFFICE OF THE PRESIDENT AND  
FUNDS APPROPRIATED TO THE PRESIDENT

## COMPENSATION OF THE PRESIDENT

The conference agreement provides \$450,000 for compensation of the President as proposed by both the House and Senate.

WHITE HOUSE OFFICE  
SALARIES AND EXPENSES

The conference agreement provides \$62,000,000 instead of \$59,525,000 as proposed by the House and \$63,698,000 as proposed by the Senate. The conference agreement allows up to \$9,975,000 in reimbursements to the White House Communications Agency as proposed by the Senate instead of \$8,345,395 as proposed by the House. The bill specifies that, of the total funding provided, \$2,475,000 is for the Homeland Security Council. The House had proposed a similar funding level in a separate appropriation. The Senate bill assumed \$4,173,000 under this appropriation. The conferees agree to technical wording differences as proposed by the House.

EXECUTIVE RESIDENCE AT THE WHITE HOUSE  
OPERATING EXPENSES

The conference agreement provides \$12,760,000 as proposed by both the House and the Senate.

## REIMBURSABLE EXPENSES

The conference agreement includes bill language on reimbursements as proposed by both the House and the Senate and identical to language carried in fiscal year 2004.

## WHITE HOUSE REPAIR AND RESTORATION

The conference agreement provides \$1,900,000 as proposed by both the House and the Senate.

## COUNCIL OF ECONOMIC ADVISERS

## SALARIES AND EXPENSES

The conference agreement provides \$4,040,000 as proposed by both the House and the Senate.

## OFFICE OF POLICY DEVELOPMENT

## SALARIES AND EXPENSES

The conference agreement provides \$2,300,000 instead of \$2,267,000 as proposed by the House and \$2,392,000 as proposed by the Senate.

## NATIONAL SECURITY COUNCIL

## SALARIES AND EXPENSES

The conference agreement provides \$8,932,000 as proposed by both the House and the Senate.

## HOMELAND SECURITY COUNCIL

## SALARIES AND EXPENSES

The conference agreement deletes the appropriation of \$2,475,000 proposed by the House. Funding is provided under "White House office, salaries and expenses".

## OFFICE OF ADMINISTRATION

## SALARIES AND EXPENSES

The conference agreement provides \$92,269,000 instead of \$92,696,000 as proposed by the House and \$92,869,000 as proposed by the Senate. The agreement withholds the obligation of \$4,000,000 in capital investment plan funds until submission, review, and approval of a report on enterprise architecture, as proposed by the House. Adjustments to the budget estimate are as follows:

| <i>Adjustment</i>                                       | <i>Conference agreement</i> |
|---------------------------------------------------------|-----------------------------|
| Enterprise services program savings .....               | —\$400,000                  |
| Business process analysis and consulting .....          | —200,000                    |
| Restoration of OMB to enterprise services program ..... | +7,193,000                  |

## OFFICE OF MANAGEMENT AND BUDGET

## SALARIES AND EXPENSES

The conference agreement provides \$68,411,000 as proposed by the Senate instead of \$67,759,000 as proposed by the House. The bill limits reception and representation expenses to \$1,500 as proposed by the House instead of \$3,000 as proposed by the Senate, and incorporates changes to the limitation on transcript alteration proposed by the House. Further, the agreement modifies the proposal of the Senate concerning OMB's review of water resource project proposals of the Army Corps of Engineers by specifying that the limitations are applicable for fiscal year 2005 only.

Adjustments to the budget estimate are as follows:

| <i>Adjustment</i>                                       | <i>Conference agreement</i> |
|---------------------------------------------------------|-----------------------------|
| Staffing adjustment .....                               | —\$1,600,000                |
| Restoration of FASAB and JFMIP transfer .....           | +639,000                    |
| Restoration of OMB to enterprise services program ..... | —7,193,000                  |

## OFFICE OF NATIONAL DRUG CONTROL POLICY

## SALARIES AND EXPENSES

The conferees agree to provide \$27,000,000 for salaries and expenses, as proposed by the Senate. Within this total, the conference agreement retains specific funding and staffing levels for ONDCP administrative offices as proposed in the Senate report. In addition, 2.5 new FTE are approved to be allocated to administrative offices at the Director's discretion.

The conference agreement provides the following funding levels for ONDCP offices:

|                                            |              |
|--------------------------------------------|--------------|
| Operations .....                           | \$25,650,000 |
| Office of the Director .....               | (3,315,500)  |
| Office of the Deputy Director .....        | (1,125,500)  |
| Office Management and Administration ..... | (5,840,000)  |

## Office of General Counsel

## Office of Public Affairs ...

## Office of Legislative Affairs

## Counterdrug Tech. Assessment Center

## Office of Planning and Budget

## Office of Demand Reduction

## Office of Media Campaign

## Office of State and Local Affairs

## Office of Supply Reduction

## Office of Intelligence

## Policy Research

## COUNTERDRUG TECHNOLOGY ASSESSMENT CENTER

## (INCLUDING TRANSFER OF FUNDS)

## The conferees agree to provide \$42,000,000 for the counterdrug technology center, as proposed by the Senate. Of this amount, the conferees agree to provide \$24,000,000 for the operation of the technology transfer program and \$18,000,000 for counternarcotics research and development, as proposed by the Senate.

## The conference agreement retains language proposed by the Senate directing the CTAC chief scientist to submit an expenditures report prior to the obligation of funds. The agreement also retains language directing CTAC to complete all on-going technology acquisition projects and adhere to its research and development spending plan, as proposed by the Senate. The conferees agree with language proposed by the Senate directing CTAC to expeditiously obligate all of its research funding in pursuit of functions for which it was appropriated.

## FEDERAL DRUG CONTROL PROGRAMS

## HIGH INTENSITY DRUG TRAFFICKING AREAS PROGRAM

## (INCLUDING TRANSFER OF FUNDS)

## The conferees agree to provide \$228,350,000 for the HIDTA program, as proposed by the Senate. Of the funds provided, no more than \$2,000,000 shall be for the CPOT program and no less than \$2,000,000 shall be for new counties. The conferees agree that HDTAs designated as of September 30, 2004 shall be funded at no less than the fiscal year 2004 initial allocations, as proposed by the House.

## The conferees encourage ONDCP to refocus the distribution of excess funding on enhancing the domestic interdiction of illegal drugs by launching additional investigations, by disrupting and dismantling local mid-level drug trafficking organizations and by supporting the HIDTA Intelligence Support Centers.

## OTHER FEDERAL DRUG CONTROL PROGRAMS

## (INCLUDING TRANSFER OF FUNDS)

## The conferees agree to provide \$213,700,000 for Other Federal Drug Control Programs, instead of \$195,000,000 as proposed by the House and Senate. Within the amount provided, the agreement provides the following allocations:

## National Youth Anti-Drug Media Campaign

## Drug Free Communities Support Program

## Community Anti-Drug Coalitions

## Counterdrug Intelligence Executive Secretariat

## National Drug Court Institute

## National Alliance for Model State Drug Laws

## U.S. Anti-Doping Agency

## World Anti-Doping Agency Membership dues

## Performance Measures Development

## The conference agreement directs ONDCP to maintain funding for nonadvertising services for the Media Campaign at no less than the FY03 ratio of service funding to total funds and to re-institute the corporate outreach program as it operated prior to its cancellation. The conferees direct ONDCP to obligate the appropriation for NAMSDDL expeditiously, although not outside normal grant procedures. In addition, the conferees retain language as proposed by the Senate directing ONDCP to submit the planned performance measures development plan.

## UNANTICIPATED NEEDS

## The conference agreement provides \$1,000,000 as proposed by both the House and the Senate.

## SPECIAL ASSISTANCE TO THE PRESIDENT

## SALARIES AND EXPENSES

## The conference agreement provides \$4,571,000 as proposed by both the House and the Senate, and adopts the header as proposed by the Senate.

## OFFICIAL RESIDENCE OF THE VICE PRESIDENT

## OPERATING EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

## The conference agreement provides \$333,000 as proposed by both the House and the Senate, and adopts the header as proposed by the Senate.

## TITLE IV—INDEPENDENT AGENCIES

## ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

## SALARIES AND EXPENSES

## The conference agreement includes \$5,686,000 as proposed by the House and Senate.

## ELECTION ASSISTANCE COMMISSION

## SALARIES AND EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

## Appropriates \$14,000,000 for salaries and expenses of the Commission instead of \$15,000,000 as proposed by the House and \$10,000,000 as proposed by the Senate. The conferees direct the Commission to cap employment at 22 full time equivalent positions and that of the funds provided, no more than \$2,515,000 shall be for personnel compensation and benefits.

## Transfers \$2,800,000 to the National Institute of Standards and Technology (NIST) as proposed by the Senate, instead of up to \$2,500,000 as proposed by the House. The conferees direct the Commission to report by March 2, 2005 on the activities and resources planned in fiscal year 2005 on research and standards, including those at NIST. In addition, the conferees provide \$200,000 for the national student parent mock election and \$200,000 for the Help America Vote College Program.

## The conferees did not retain the provision proposed by the House prohibiting funds from being used to lobby for an election date change. However, the conferees agree that the Commission should focus its efforts and resources on the priorities outlined in the Help America Vote Act of 2002 such as making grants and setting standards.

## FEDERAL ELECTION COMMISSION

## SALARIES AND EXPENSES

## Appropriates \$52,159,000 for salaries and expenses of the Commission as proposed by both the House and the Senate.

## FEDERAL LABOR RELATIONS AUTHORITY

## SALARIES AND EXPENSES

## Appropriates \$25,673,000 for salaries and expenses as proposed by the Senate, instead of \$29,673,000 as proposed by the House.

## Performance Measures Development

## The conference agreement directs ONDCP to maintain funding for nonadvertising services for the Media Campaign at no less than the FY03 ratio of service funding to total funds and to re-institute the corporate outreach program as it operated prior to its cancellation. The conferees direct ONDCP to obligate the appropriation for NAMSDDL expeditiously, although not outside normal grant procedures. In addition, the conferees retain language as proposed by the Senate directing ONDCP to submit the planned performance measures development plan.

## UNANTICIPATED NEEDS

## The conference agreement provides \$1,000,000 as proposed by both the House and the Senate.

## SPECIAL ASSISTANCE TO THE PRESIDENT

## SALARIES AND EXPENSES

## The conference agreement provides \$4,571,000 as proposed by both the House and the Senate, and adopts the header as proposed by the Senate.

## OFFICIAL RESIDENCE OF THE VICE PRESIDENT

## OPERATING EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

## The conference agreement provides \$333,000 as proposed by both the House and the Senate, and adopts the header as proposed by the Senate.

## TITLE IV—INDEPENDENT AGENCIES

## ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

## SALARIES AND EXPENSES

## The conference agreement includes \$5,686,000 as proposed by the House and Senate.

## ELECTION ASSISTANCE COMMISSION

## SALARIES AND EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

## Appropriates \$14,000,000 for salaries and expenses of the Commission instead of \$15,000,000 as proposed by the House and \$10,000,000 as proposed by the Senate. The conferees direct the Commission to cap employment at 22 full time equivalent positions and that of the funds provided, no more than \$2,515,000 shall be for personnel compensation and benefits.

## Transfers \$2,800,000 to the National Institute of Standards and Technology (NIST) as proposed by the Senate, instead of up to \$2,500,000 as proposed by the House. The conferees direct the Commission to report by March 2, 2005 on the activities and resources planned in fiscal year 2005 on research and standards, including those at NIST. In addition, the conferees provide \$200,000 for the national student parent mock election and \$200,000 for the Help America Vote College Program.

## The conferees did not retain the provision proposed by the House prohibiting funds from being used to lobby for an election date change. However, the conferees agree that the Commission should focus its efforts and resources on the priorities outlined in the Help America Vote Act of 2002 such as making grants and setting standards.

## FEDERAL ELECTION COMMISSION

## SALARIES AND EXPENSES

## Appropriates \$52,159,000 for salaries and expenses of the Commission as proposed by both the House and the Senate.

## FEDERAL LABOR RELATIONS AUTHORITY

## SALARIES AND EXPENSES

## Appropriates \$25,673,000 for salaries and expenses as proposed by the Senate, instead of \$29,673,000 as proposed by the House.

## RESCISSION

Rescinds \$3,000,000 from unobligated balances of the Authority as proposed by the Senate. The House did not include a similar provision.

## FEDERAL MARITIME COMMISSION

## SALARIES AND EXPENSES

The conference agreement includes \$19,496,000 as proposed by the Senate, instead of \$19,362,000 as proposed by the House.

## GENERAL SERVICES ADMINISTRATION

## REAL PROPERTY ACTIVITIES

## FEDERAL BUILDINGS FUND

LIMITATIONS ON AVAILABILITY OF REVENUE  
(INCLUDING TRANSFER OF FUNDS)

Provides resources from the Federal Buildings Fund in the aggregate amount of \$7,217,043,000 instead of \$6,996,741,000 as proposed by the House and \$7,159,324,000 as proposed by the Senate. Modifies the provision proposed by the Senate regarding a Federal building in Tuscaloosa, Alabama to include authorization for construction and management. The House did not have a similar provision.

## CONSTRUCTION

Limits funds for construction to \$708,542,000 instead of \$522,251,000 as proposed by the House and \$710,823,000 as proposed by the Senate. The conference agreement provides funds for the following projects:

## Courthouses:

|                       |               |
|-----------------------|---------------|
| Los Angeles, CA ..... | \$314,385,000 |
| San Diego, CA .....   | 3,068,000     |
| El Paso, TX .....     | 63,462,000    |
| Las Cruces, NM .....  | 60,600,000    |

## Border Stations:

|                            |            |
|----------------------------|------------|
| Calais, ME .....           | 3,269,000  |
| Madawaska, ME .....        | 1,760,000  |

| Derby Line, VT .....       | 3,190,000  |
| Norton, VT .....           | 580,000    |
| Richford, VT .....         | 589,000    |

## Other:

|                                                  |            |
|--------------------------------------------------|------------|
| FBI Building, Los Angeles, CA .....              | 14,054,000 |
| Southeast Federal Center Site Remediation, DC .. | 2,650,000  |
| 10 West Jackson Place, Chicago, IL .....         | 53,170,000 |
| FDA Consolidation, Montgomery County, MD .....   | 88,710,000 |
| Nonprospective Construction .....                | 10,000,000 |
| Judgment Fund repayment .....                    | 10,000,000 |

## REPAIRS AND ALTERATIONS

Limits resources for repairs and alterations to \$980,222,000 as proposed by the Senate instead of \$931,211,000 as proposed by the House. The bill specifies funding levels for certain projects and various programs which were proposed in the House and Senate bills. The conferees have provided \$2,000,000 for the steam distribution project in the District of Columbia as proposed by the House and modified the amount provided for design to \$48,699,000 and the amount provided for basic repairs and alterations to \$393,500,000.

## INSTALLMENT ACQUISITION PAYMENTS

Limits \$161,442,000 for installment acquisition payments as proposed by both the House and the Senate.

## RENTAL OF SPACE

Limits \$3,657,315,000 for rental of space instead of \$3,672,315,000 as proposed by the

House and \$3,597,315,000 as proposed by the Senate.

## BUILDING OPERATIONS

Limits \$1,709,522,000 for building operations as proposed by both the House and the Senate.

## GENERAL ACTIVITIES

## GOVERNMENT-WIDE POLICY

Appropriates \$62,100,000 for government-wide policy activities as proposed by both the House and the Senate.

## OPERATING EXPENSES

Appropriates \$92,175,000 for operating expenses instead of \$82,175,000 as proposed by the House and \$85,175,000 as proposed by the Senate. Of the funds provided, the conferees direct GSA to make the following distributions:

|                                                                               |           |

## OFFICE OF INSPECTOR GENERAL

Appropriates \$42,351,000 for the Inspector General as proposed by both the House and the Senate.

## ELECTRONIC GOVERNMENT FUND

## (INCLUDING TRANSFER OF FUNDS)

Appropriates \$3,000,000 for e-gov activities as proposed by the Senate instead of \$5,000,000 as proposed by the House.

## ALLOWANCES AND OFFICE STAFF FOR FORMER

## PRESIDENTS

## (INCLUDING TRANSFER OF FUNDS)

Appropriates \$3,106,000 for former presidents as proposed by the Senate instead of \$3,449,000 as proposed by the House.

## EXPENSES, PRESIDENTIAL TRANSITION

Due to the outcome of the 2004 Presidential election, no funds are needed for these purposes in fiscal year 2005. The conferees have not provided additional funds proposed by the House for activities associated with the President's second term. The resources for these activities should be funded out of the agencies and departments as necessary.

GENERAL PROVISIONS—GENERAL SERVICES  
ADMINISTRATION

## (INCLUDING RESCISSION OF FUNDS)

Continues six general provisions proposed by both the House and the Senate and carved in prior Acts.

Retains the provision regarding the sale of the Middle River Depot at Middle River, Maryland in consultation with Baltimore County, Maryland officials as proposed by the Senate. The House contained a similar provision without the Baltimore County provision.

Retains the provision regarding contracts for property studies, deed inspection, and relocation expenses as proposed by both the House and the Senate.

Retains the provision rescinding \$106,000,000 from the Federal Buildings Fund as proposed by the Senate. The House did not include a similar provision.

Retains the provision regarding changes to the Moss United States Courthouse Annex Project in Salt Lake City, Utah as proposed by the Senate. The House did not include a similar provision.

Deletes the provision proposed by the Senate regarding transfer of the Panama Canal Commission and associated revolving fund to GSA. The House did not include a similar provision and transfer was legislated in a prior Act.

Retains the provision regarding the conveyance of land to Baton Rouge, Louisiana as proposed by the Senate. The House did not include a similar provision.

Retains the provision allowing GSA to convey property and retain the proceeds in the Federal Buildings Fund as proposed by the House. The Senate did not include a similar provision.

Retains the provision regarding the conveyance of land in Nahant, Massachusetts as proposed by the House. The Senate did not include a similar provision.

Retains the provision regarding telecommunications services in Federal buildings as proposed by the Senate. The House did not include a similar provision.

## MERIT SYSTEMS PROTECTION BOARD

## SALARIES AND EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

Appropriates \$34,677,000, plus \$2,626,000 from appropriate trust funds, for salaries and expenses of the Board as proposed by the Senate. The House proposed a funding level of \$34,683,000, and a transfer of \$2,620,000 from the trust funds.

MORRIS K. UDALL SCHOLARSHIP AND EXCELLENCE IN NATIONAL ENVIRONMENTAL POLICY FOUNDATION

MORRIS K. UDALL SCHOLARSHIP AND EXCELLENCE IN NATIONAL ENVIRONMENTAL POLICY TRUST FUND

## (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$1,996,000 for the Morris K. Udall Trust Fund, as proposed by the Senate.

## ENVIRONMENTAL DISPUTE RESOLUTION FUND

The conference agreement provides \$1,309,000 for the Environmental Dispute Resolution Fund, as proposed by the Senate.

## NATIONAL ARCHIVES AND RECORDS

## ADMINISTRATION

## OPERATING EXPENSES

Appropriates \$266,945,000 for operating expenses of the Administration as proposed by the Senate instead of \$264,185,000 as proposed by the House.

## ELECTRONIC RECORDS ARCHIVES

Appropriates \$35,914,000 for the electronic records archives as proposed by both the House and the Senate. Retains the directive to GAO to report on program costs, schedule, and performance by May 25, 2005.

## REPAIRS AND RESTORATION

Appropriates \$13,432,000 for repairs and restoration instead of \$7,182,000 as proposed by the House and \$12,182,000 as proposed by the

Senate. Retains bill language providing \$3,000,000 for site preparation and construction management for the Pacific Alaska Regional Archives facility in Anchorage, Alaska and \$2,000,000 for repair and restoration of the plaza of the Lyndon Baines Johnson Presidential Library in Austin, Texas.

The conferees reiterate the concern about the delay in repairing the plaza as stated in the Senate report. The conferees direct the Archivist to require the President of the University of Texas in Austin to submit a plan, including project milestones, for plaza repair prior to any transfer of funds to the University of Texas.

In addition, the conferees direct \$500,000 for technical assistance to the Nixon Library in California, \$750,000 for technical assistance to the Roosevelt Library in New York, and \$1,000,000 for design and renovations to the Kennedy Library in Massachusetts.

#### NATIONAL HISTORICAL PUBLICATIONS AND RECORDS COMMISSION—GRANTS PROGRAM

Appropriates \$5,000,000 for the grant program as proposed by the Senate instead of \$3,000,000 as proposed by the House.

#### NATIONAL TRANSPORTATION SAFETY BOARD SALARIES AND EXPENSES

The conferees agree to provide \$76,700,000 instead of \$76,925,000 as proposed by the House and \$76,425,000 as proposed by the Senate. Consistent with both the House and Senate, the conferees direct NTSB to use funds over the requested level to hire accident investigators. None of these additional funds shall be used to enhance staffing at the Academy. The conferees direct NTSB to report to both the House and Senate Committees on Appropriations by April 4, 2005 regarding specific improvements to the budget justification materials the Board has made and will make in compliance with the directive contained in the statement of managers associated with the fiscal year 2004 Transportation and Treasury and Independent Agencies Appropriations Act.

#### (RESCISSION)

The conferees agree to rescind \$8,000,000 in unobligated balances associated with Public Law 106-246 as proposed by both the House and Senate.

#### OFFICE OF GOVERNMENT ETHICS SALARIES AND EXPENSES

Appropriates \$11,238,000 for salaries and expenses of the Office as proposed by both the House and the Senate.

#### OFFICE OF PERSONNEL MANAGEMENT SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF TRUST FUNDS)

Appropriates \$125,500,000 for salaries and expenses instead of \$120,444,000 as proposed by the House and \$130,600,000 as proposed by the Senate. Transfers a total of \$128,462,000 from appropriate trust funds for administrative expenses, of which \$27,640,000 is for automated record keeping, as proposed by both the House and the Senate.

The conferees have not included bill language identifying specific resource levels for various e-gov projects as proposed by both the House and the Senate, but direct the Office not to exceed the funding levels for the following projects: \$1,870,000 for the enterprise human resources integration project, \$6,219,000 for the federal payroll project, \$748,000 for the e-human resources information system project, and \$1,887,000 for the e-clearance project. To accommodate the obligation rate of these projects, the conference agreement provides that \$12,000,000 of the funds are made available until September 30, 2007. No funds are provided for the recruitment one stop project or the program evaluation and performance assessment project.

In addition, the conference agreement provides \$250,000 to complete the retirement readiness project. The conferees urge the Office to expand the retirement readiness project to non-federal employees.

Of the funds provided, the conference agreement allows the Director the flexibility to allocate the budget resources consistent with the direction provided in this statement of the managers and the budget justifications. The conferees reiterate the direction in the House report to submit an operating plan within 60 days of enactment of this Act to the House and Senate Committees on Appropriations detailing program funding levels for fiscal year 2005.

Reiterates the House direction to the Director to respond to the Butner Low Security Correctional Institution petition within 30 days of enactment of this Act.

Modifies the House direction regarding pay and non-pay compensation of the Federal workforce. The conferees direct the Director to submit a report by March 4, 2005 comparing the pay and non-pay compensation packages of the Federal workforce and the private sector.

The conferees share the concerns expressed by the Senate regarding child care and expect OPM and GSA, with technical assistance from GAO, to work collaboratively to collect data on child care needs, analyze options to meet the identified needs, and provide the data and analysis to GAO. The conferees direct GAO to review the data and analyses and provide an evaluation of the results to the Committees on Appropriations. The conferees expect an update on the status of these efforts 90 days after enactment of this Act. In addition, the conferees reiterate the Senate direction to the Office to re-evaluate efforts to inform low-income employees of programs to assist with child care expenses.

#### OFFICE OF INSPECTOR GENERAL SALARIES AND EXPENSES

##### (INCLUDING TRANSFER OF TRUST FUNDS)

Appropriates \$1,627,000, plus a transfer of \$16,461,000 from appropriate trust funds for the Inspector General as proposed by both the House and the Senate.

#### GOVERNMENT PAYMENT FOR ANNUITANTS, EMPLOYEES HEALTH BENEFITS

Appropriates such sums as may be necessary for health benefit payments, estimated to be \$8,135,000,000, as proposed by both the House and the Senate.

#### GOVERNMENT PAYMENT FOR ANNUITANTS, EMPLOYEES LIFE INSURANCE

Appropriates such sums as may be necessary for life insurance payments, estimated to be \$35,000,000 as proposed by both the House and the Senate.

#### PAYMENT TO CIVIL SERVICE RETIREMENT AND DISABILITY FUND

Appropriates such sums as may be necessary for the fund, estimated to be \$9,772,000,000, as proposed by both the House and the Senate.

#### HUMAN CAPITAL PERFORMANCE FUND

No funds are provided for the performance fund as proposed by the Senate, instead of \$12,514,000 as proposed by the House.

#### GENERAL PROVISION—OFFICE OF PERSONNEL MANAGEMENT

Retains the provision regarding the detail of executive branch employees to the legislative branch as a general provision under title VI as proposed by the House, instead of under OPM as proposed by the Senate.

#### OFFICE OF SPECIAL COUNSEL SALARIES AND EXPENSES

Appropriates \$15,449,000 for salaries and expenses of the Counsel as proposed by both the House and the Senate.

#### UNITED STATES POSTAL SERVICE

##### PAYMENT TO THE POSTAL SERVICE FUND

The conference agreement provides \$90,709,000 for the payment to the Postal Service Fund, as proposed by the Senate. Of this amount, \$61,709,000 is provided as an advance appropriation for free mail for the blind and overseas voters to be available on October 1, 2005. The agreement also includes \$29,000,000 for repayment for revenue forgone.

##### EMERGENCY PREPAREDNESS

The conference agreement provides \$507,000,000 for emergency expenses to enable the Postal Service to protect postal employees and postal customers from exposure to hazardous materials in the mail, as proposed by the Senate. Of this amount, \$7,000,000 is specified as an emergency requirement for the mail irradiation facility in Washington, D.C.

#### UNITED STATES TAX COURT

##### SALARIES AND EXPENSES

The conference agreement includes \$41,180,000 as proposed by the House and Senate.

#### TITLE V—GENERAL PROVISIONS

##### THIS ACT

##### (INCLUDING TRANSFERS OF FUNDS)

Section 501 permits funds for pay raises for programs funded in this Act, with a technical change as proposed by the Senate. The House bill contained a similar provision.

Section 502 prohibits funds to be used for the planning or execution of any program to pay the expenses of non-Federal parties, as proposed by the House and Senate.

Section 503 prohibits funds from remaining available for obligation beyond the current fiscal year unless expressly provided in this Act, as proposed by the House and Senate.

Section 504 limits consulting service expenditures in procurement contracts to those of public record, as proposed by the House and Senate.

Section 505 prohibits funds from being transferred to any department, agency, or instrumentality of the United States Government unless approved in an appropriations Act, as proposed by the House and Senate.

Section 506 prohibits funds for paying the salary of any government employee that would prohibit the enforcement of section 307 of the Tariff Act of 1930, as proposed by the House and Senate.

Section 507 protects the employment rights of Federal employees who return to their civilian jobs after assignment with the Armed Forces, as proposed by the House and Senate.

Section 508 prohibits funds from being provided to entities that fail to comply with sections 2 through 4 of the Buy America Act, as proposed by the House and Senate.

Section 509 prohibits the use of funds by any person or entity that has been convicted of violating the Buy America Act, as proposed by the House and Senate.

Section 510 modifies provisions proposed by the House and Senate related to the reprogramming process for agencies funded in this Act.

Section 511 provides that fifty percent of unobligated balances of funds provided in this Act remain available through fiscal year 2006, as proposed by the House and Senate.

Section 512 prohibits funds to be used by the Executive Office of the President to request official background investigation reports from the Federal Bureau of Investigations, as proposed by the House and Senate.

Section 513 exempts contracts under the Federal Employees Health Benefits Program from certain cost accounting standards, as proposed by the House and Senate.

Section 514 permits OPM to accept funds regarding the non-foreign area cost of living allowance program, as proposed by the House and Senate.

Section 515 prohibits Federal Employee Health Benefit Program funds from being used to cover an abortion, as proposed by the House.

Section 516 states that section 515 shall not apply when the life of the mother is endangered, or the pregnancy is the result of rape or incest, as proposed by the House.

Section 517 waives the Buy America Act provision for Federal information technology purchases, as proposed by the Senate.

Section 518 requires all Federal agencies to consult with Alaska Native corporations pursuant to Executive Order 13175, as proposed by the Senate.

Section 519 prohibits the use of funds for a proposed rule relating to the determination of real estate brokerage as a financial activity.

Section 520 amends the Securities Exchange Act of 1934 in regard to the Tennessee Valley Authority. The Senate included a similar provision.

Section 521 amends section 307 of the Denali Commission Act of 1998, as proposed by the Senate.

Section 522 requires each agency to establish a Chief Privacy Officer, to assume primary responsibility for privacy and data protection policy, as proposed by the Senate.

Section 523 prohibits funds for the essential air service local participation program, as proposed by the House and Senate.

Section 524 prohibits funds to produce an economic report including retail fast food employment under the definition of manufacturing employment, as proposed by the House.

Section 525 amends section 302 of the Federal Election Campaign Act of 1971, as proposed by the Senate.

Section 526 amends the Former Presidents Act to allow amounts provided for "Allowances and office staff for former Presidents" to be used for the review of Presidential records in connection with the transfer of such records to the National Archives and Records Administration, as proposed by the Senate.

Section 527 allows funds made available for various Buffalo, New York transit projects to be made available for the Buffalo Inner Harbor Redevelopment Project.

Section 528 allows funds made available for the Charleston Area Regional Transportation Authority to be made available for other transit purposes.

Section 529 allows funds made available for Tri-Met Interstate light rail extension to allow acquisition of up to a total of twenty-four light rail vehicles.

Section 530 extends an expiring statute exempting transit vehicle axle weight.

Section 531 allows amounts made available to North Country County Consortium JARC, New York, in fiscal year 2004 to be made available for North Country Bus and Bus Related Equipment.

Section 532 amends section 312 of the Federal Election Campaign Act of 1971, as proposed by the Senate.

Section 533 allows for 10% transfer authority among certain offices of the Executive Office of the President.

#### TITLE VI—GENERAL PROVISIONS

##### DEPARTMENTS, AGENCIES, AND CORPORATIONS

Section 601 authorizes funds to be used for travel to the United States for the immediate families of Federal employees assigned to foreign duty in the event of a death or a life threatening illness of the employee, as proposed by the House and Senate.

Section 602 requires agencies to administer a written policy designed to ensure that all

of its workplaces are free from the illegal use of controlled substances, as proposed by the House and Senate.

Section 603 limits the amount allowed per fiscal year for the purchase of any passenger motor vehicle to be purchased by the Federal Government, as proposed by the House and Senate.

Section 604 allows funds to be used for expenses of travel for quarters allowances and cost-of-living allowances, as proposed by the House and Senate.

Section 605 prohibits the government, with certain exceptions, from employing non-U.S. citizens whose posts of duty would be in the continental U.S. as proposed by the House and Senate.

Section 606 ensures that agencies will have authority to pay GSA bills for space renovation and other services, as proposed by the House and Senate.

Section 607 authorizes agencies to receive and use funds resulting from the sale of materials, and Federal records disposed of pursuant to a records schedule recovered through recycling or waste prevention programs, as proposed by the House and Senate.

Section 608 permits funds to be used for administrative expenses of the corporations and agencies subject to chapter 91 of title 31, U.S.C. shall be available for rent in the District of Columbia, as proposed by the House and Senate.

Section 609 prohibits funds to be used to pay any person filling a position which he or she has been nominated after the Senate has voted not to approve the nomination, as proposed by the House and Senate.

Section 610 prohibits funds to be used for interagency financing of boards (except Federal Executive Boards) that do not have prior statutory approval, as proposed by the House and Senate.

Section 611 allows funds to be available to the Postal Service Fund for employment of guards for all buildings and areas owned or occupied by the Postal Service, as proposed by the House and Senate.

Section 612 prohibits funds from being used for any regulation that has been disapproved pursuant to a resolution, as proposed by the House and Senate.

Section 613 limits the pay increases of certain prevailing rate employees described in section 5342 (a)(2)(A) of title 5, United States Code, as proposed by the House and Senate.

Section 614 prohibits funds from being obligated or expended in excess of \$5,000 to furnish or redecorate the office of the head of any department or agency, as proposed by the House and Senate.

Section 615 permits funds to be used for interagency funding of national security and emergency preparedness telecommunications initiatives benefiting Federal agencies, as proposed by the House and Senate.

Section 616 prohibits funds to be used for the salaries and expenses of any employee appointed to a position without a certification to the Office of Personnel Management from an agency employing a Schedule C appointee that was created solely to detail the employee to the White House, as proposed by the House and Senate.

Section 617 requires agencies to administer a written policy designed to ensure that the workplace is free from discrimination and sexual harassment, as proposed by the House and Senate.

Section 618 prohibits the payment of any employee who prohibits, threatens or prevents another employee from communicating with Congress, as proposed by the House and Senate.

Section 619 prohibits Federal training not directly related to the performance of official duties, as proposed by the House and Senate.

Section 620 prohibits the expenditure of funds for implementation of agreements in nondisclosure policies unless certain provisions are included, as proposed by the House and Senate.

Section 621 prohibits propaganda, publicity and lobbying by executive agency personnel in support or defeat of legislative initiatives, as proposed by the House and Senate.

Section 622 prohibits any Federal agency from disclosing any employee's home address to any labor organization, absent employee authorization or court order, as proposed by the House and Senate.

Section 623 prohibits funds from being used to provide non-public information such as mailing or telephone lists to any person or organization outside the government, as proposed by the House and Senate.

Section 624 prohibits the use of funds for propaganda or publicity purposes not authorized by Congress, as proposed by the House and Senate.

Section 625 directs agency employees to use official time in an honest effort to perform official duties, as proposed by the House and Senate.

Section 626 authorizes that funds be available to finance an appropriate share of the Joint Financial Management Improvement Program administrative costs, as proposed by the House and Senate.

Section 627 authorizes agencies to transfer funds to GSA to finance an appropriate share of the Joint Financial Management Improvement Program, as proposed by the House and Senate.

Section 628 prohibits Federal funds from being used to prohibit any agency from independently contracting with private companies to provide online applications and processing services.

Section 629 permits breast-feeding in a Federal building or on Federal property if the woman and child are authorized to be there, as proposed by the House and Senate.

Section 630 permits interagency funding of specific projects of the National Science and Technology Council, as proposed by the House and Senate.

Section 631 requires documents involving the distribution of Federal funds to indicate the agency providing the funds and the amount provided, as proposed by the House and Senate.

Section 632 amends subsection (f) of section 403 of Public Law 103-356 by striking "October 1, 2004" and inserting "October 1, 2005", as proposed by the House and Senate.

Section 633 prohibits the use of funds to monitor personal information relating to the use of Federal internet sites, or to collect, review, or create any aggregate list that includes personally identifiable information relating to access to or use of any Federal Internet site, as proposed by the House and Senate.

Section 634 requires health plans participating in the FEHBP to provide contraceptive coverage and provides exemption for certain religious plans, as proposed by the House and Senate.

Section 635 recognizes the U.S. Anti-Doping Agency as the official anti-doping agency of the Olympic, Pan American, and Paralympic sport in the U.S., as proposed by the House and Senate.

Section 636 allows funds appropriated for official travel, if consistent with OMB Circular A-126, to participate in the fractional aircraft ownership pilot program, as proposed by the House and Senate.

Section 637 restricts Federal purchases from Federal Prison Industries, Inc. unless the agency determines such purchase provides the best value to the agency.

Section 638 prohibits funds to be used to implement or enforce restriction on the

Coast Guard Congressional Fellowship Program or relating to the detail of Executive Branch employees to the Legislative Branch, as proposed by the House and Senate.

Section 639 relates to the agency management of government charge cards, as proposed by the House and Senate.

Section 640 states that the pay rate adjustment that takes effect in fiscal year 2005 should be a rate increase of 3.5% beginning the pay period on or after January 1, 2005, as proposed by the House and Senate.

Section 641 requires a report on articles purchased by agencies that were manufactured outside of the United States, as proposed by the Senate.

Section 642 restricts the use of funds for federal law enforcement training facilities, as proposed by the Senate.

Section 643 amends 26 U.S.C. 6402 regarding offset procedures for the collection of past due, legally enforceable state unemployment compensation debts, as proposed by the Senate.

Section 644 modifies a provision as proposed by the Senate to ensure the continued operation of the Midway Atoll Airfield. The conference agreement authorizes necessary intergovernmental funding transfers for the continued operation of the airfield and requires the Director of OMB to initiate such transfers so as to ensure the continuous, uninterrupted operation of the airfield. The conferees would welcome the receipt of any information from the Director as to whether certain capital investments on Midway Island might serve to lower the annual operating costs of the airfield.

Section 645 designates the courthouse at 95 Seventh Street in San Francisco, California as the "James R. Browning United States Courthouse".

#### CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follow:

[In thousands of dollars]

|                                                                          |              |
|--------------------------------------------------------------------------|--------------|
| New budget (obligational) authority, fiscal year 2004 .....              | \$46,141,907 |
| Budget estimates of new (obligational) authority, fiscal year 2005 ..... | 43,748,430   |
| House bill, fiscal year 2005 .....                                       | 43,540,159   |
| Senate bill, fiscal year 2005 .....                                      | 44,052,003   |
| Conference agreement, fiscal year 2005 .....                             | 43,993,116   |
| Conference agreement compared with: .....                                |              |

#### DIVISION I—DEPARTMENTS OF VETERANS AFFAIRS AND HOUSING AND URBAN DEVELOPMENT, AND INDEPENDENT AGENCIES APPROPRIATIONS ACT, 2005

The language and allocations set forth in House Report 108-674 and Senate Report 108-353 should be complied with unless specifically addressed to the contrary in the conference report and statement of the managers. Report language included by the House which is not changed by the report of the Senate or the conference and Senate report language which is not changed by the

conference is approved by the committee of the conference. The statement of the managers, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or Senate have directed the submission of a report, such report is to be submitted to both House and Senate Committees on Appropriations.

#### OPERATING PLAN REPROGRAMMING PROCEDURES

The conferees continue to have a particular interest in being informed of reprogrammings which, although they may not change either the total amount available in an account or any of the purposes for which the appropriation is legally available, represent a significant departure from budget plans presented to the Committees in an agency's budget justifications, the basis of this appropriations Act.

Consequently, the conferees direct the departments, agencies, boards, commissions, corporations and offices funded at or in excess of \$100,000,000 in this Act, to consult with the Committee on Appropriations in both the House and Senate prior to each change from the approved budget levels in excess of \$500,000 between programs, activities, object classifications or elements unless otherwise provided for in the statement of the managers accompanying this Act. For agencies, boards, commissions, corporations and offices funded at less than \$100,000,000 in this Act, the reprogramming threshold shall be \$250,000 between programs, activities, object classifications or elements unless otherwise provided for in the statement of the managers accompanying this Act. Additionally, the conferees expect the Committees on Appropriations to be promptly notified of all reprogramming actions which involve less than the above-mentioned amounts. If such actions would have the effect of significantly changing an agency's funding requirements in future years, or if programs or projects specifically cited in the statement of the managers or accompanying reports of the House and Senate are affected by the reprogramming, the reprogramming must be approved by the Committees on Appropriations regardless of the amount proposed to be moved. Furthermore, the conferees direct that the Committees on Appropriations be consulted regarding reorganizations of offices, programs, and activities prior to the planned implementation of such reorganizations.

The conferees also direct that the Departments of Veterans Affairs and Housing and Urban Development, as well as the Corporation for National and Community Service, the Environmental Protection Agency, the National Aeronautics and Space Administration, the National Science Foundation, the Consumer Product Safety Commission, and the Chemical Safety and Hazard Investigation Board shall submit operating plans, signed by the respective secretary, administrator, or agency head, for review by the Committees on Appropriations of both the House and Senate within 60 days of enactment of this Act. Other agencies within this Act should continue to submit operating plans consistent with prior year policy, or as directed in this statement of the managers.

The conferees reiterate the Committees' longstanding position that while the Committees reserve the right to call upon all offices in the departments, agencies, boards, and commissions, access to the budget offices is essential and shall in no way be hindered.

#### TITLE I—DEPARTMENT OF VETERANS AFFAIRS

In addition to the directives above, the conferees direct that no changes may be

made to any account or objective, except as approved by the Committees, if it is construed to be policy or change in policy. It is the intent of the conferees that all carryover funds in the various appropriations accounts are subject to the normal reprogramming requirements outlined above. The Department is directed to notify the Committees on Appropriations should the loan limitation of any program administered by the Department be met or exceeded.

#### VETERANS BENEFITS ADMINISTRATION

##### COMPENSATION AND PENSIONS

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$32,607,688,000 for compensation and pensions as proposed by both the House and the Senate, of which not more than \$20,703,000 is to be transferred to general operating expenses and medical services for reimbursement of necessary expenses in implementing the Omnibus Budget Reconciliation Act of 1990 and the Veterans' Benefits Act of 1992.

##### READJUSTMENT BENEFITS

Appropriates \$2,556,232,000 for readjustment benefits as proposed by both the House and the Senate.

##### VETERANS INSURANCE AND IDEMNITIES

Appropriates \$44,380,000 for veterans insurance and indemnities as proposed by both the House and the Senate.

##### VETERANS HOUSING BENEFIT PROGRAM FUND PROGRAM ACCOUNT

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates such sums as may be necessary for costs associated with direct and guaranteed loans from the veterans housing benefit program fund program account as proposed by both the House and the Senate, limits obligations for direct loans to not more than \$500,000 and provides that \$154,075,000 is to be transferred to and merged with general operating expenses.

##### VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$47,000 for the costs of direct loans from the vocational rehabilitation loans program account as proposed by both the House and the Senate, plus \$311,000 to be transferred to and merged with general operating expenses. Provides for a direct loan limitation of \$4,108,000.

The conferees direct the Department to monitor carefully the program's loan activity and notify the Committees on Appropriations of the House and Senate during the year if it determines that it may exceed the loan level amount.

##### NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$571,000 for administrative expenses of the Native American veteran housing loan program account to be transferred to and merged with general operating expenses as proposed by both the House and the Senate. Provides a loan limitation of \$50,000,000 for the program as proposed by both the House and the Senate.

##### GUARANTEED TRANSITIONAL HOUSING LOANS FOR HOMELESS VETERANS PROGRAM ACCOUNT

Provides up to \$750,000 of the funds available in medical administration and general operating expenses to carry out the guaranteed transitional housing loans for homeless veterans program as proposed by the House instead of \$600,000 as proposed by the Senate.

##### VETERANS HEALTH ADMINISTRATION

The conferees have agreed to provide total resources of \$30,330,370,000 to fund the various operating programs of the Veterans

Health Administration (VHA), an increase of \$1,195,000,000 over the appropriation request level. None of the funds are contingent upon an emergency declaration as proposed by the Senate. Further, the conferees have agreed to fund VHA through the new account structure started in fiscal year 2004, comprised of four accounts: medical services, medical administration, medical facilities, and medical and prosthetic research. The conferees continue to believe this account structure will provide better oversight and achieve a more accurate accounting of funds.

#### MEDICAL SERVICES

##### (INCLUDING TRANSFERS OF FUNDS)

Provides \$19,472,777,000 to finance medical services for all veterans and beneficiaries in VA, State, and contract medical facilities.

Retains bill language making \$1,100,000,000 available until September 30, 2006, as proposed by both the House and the Senate.

Retains bill language providing the Secretary with the authority to establish a priority system for veterans seeking medical care as proposed by both the House and the Senate.

Retains bill language allowing the Secretary to give priority to medical services for priority 1-6 veterans, as proposed by both the House and the Senate.

Retains bill language allowing the transfer of up to \$400,000,000 to the construction, major projects account for the purposes of implementing Capital Asset Realignment for Enhanced Services (CARES) recommendations. The conferees direct the VA to notify the Committees on Appropriations prior to the transfer of funds for this purpose as stated in Senate Report 108-353.

Modifies bill language proposed by the House, allowing the transfer of up to \$125,000,000 to general operating expenses for Veterans Benefits Administration claims processing. The conferees direct the Secretary to notify the Committees on Appropriations of the House and Senate prior to any transfer.

Retains bill language proposed by both the House and the Senate, allowing the Secretary to fill privately written prescriptions from VA facilities for designated veterans. The conferees agree that such benefit should not result in additional cost to the VA.

Retains bill language proposed by both the House and Senate, providing \$15,000,000 for the DoD/VA Health Care Sharing Incentive Fund.

The conferees are in agreement that the Department shall submit a report on the steps, funds, and staff assigned to improving the transition from DoD to VA for service members returning from conflicts in the Middle East and other areas. The report is to be submitted no later than March 15, 2005.

The conferees direct the continuation of the Joslin Vision Network at no less than the current level and encourage the VA to establish new pilot sites for the Network.

The conferees agree with the Senate direction that the Department shall report on the number and location of training slots for psychologists for post-doctoral training. The report is to be submitted to the House and Senate Committees on Appropriations by no later than February 4, 2005.

Retains the Senate provision providing \$20,000,000 for a new Prosthetics and Integrative Health Care Initiative. This new initiative will ensure that returning war veterans with loss of limbs and other very severe and lasting injuries have access to the best of both modern medicine and integrative holistic therapies for rehabilitation, and will ensure continuity of care for veterans who transition from the DOD health system, including the Amputee Center at Walter Reed Army Medical Center. The Department is di-

rected to report to the Committees on Appropriations of the House and Senate on the status of this new initiative by February 4, 2005.

Retains the Senate provision directing the VA to: (1) establish an advisory committee on complementary medicine; and (2) implement the recommendations of the White House Commission on Complementary and Alternative Medicine. The VA should report to the Committees on Appropriations of the House and Senate on the status of these issues by February 4, 2005.

The conferees direct the VA to comply with all recommendations of the August 11, 2004, report by the Inspector General regarding issues at the Bay Pines VA Medical Center in Florida, and to report to the Committees on Appropriations of the House and Senate detailing progress in this matter by February 4, 2005.

#### MEDICAL ADMINISTRATION

Appropriates \$4,705,000,000, as proposed by both the House and Senate, for the expenses of the headquarters offices of the Veterans Health Administration as well as the costs of Veterans Integrated Service Network (VISN) offices and facility directors, all information technology hardware and software, legal services, billing and coding activities, procurement, and related activities.

Includes language allowing \$250,000,000 of the funds to be available until September 30, 2006.

The conferees direct the Secretary to look at integrated medical asset tracking programs and conduct a pilot program to test the feasibility of the implementation of such programs.

The conferees direct the Secretary to review the need for the development of a web portal and implement a pilot program of the system, consistent with existing emergency response systems.

#### MEDICAL FACILITIES

Appropriates \$3,745,000,000 for the operation, maintenance and security of VHA's capital infrastructure as proposed by both the House and Senate. Included under this heading are provisions for the costs associated with utilities, engineering, capital planning, leases, laundry and food services, grounds-keeping, garbage, housekeeping, facility repair, and property disposition and acquisition.

Retains language allowing \$250,000,000 of the funds to be available until September 30, 2006 as proposed by the Senate.

The conferees reiterate the directive contained in the fiscal year 2004 Consolidated Appropriations Act that the Department of Veterans Affairs offer to transfer to the U.S. Army Corps of Engineers one residential property in Fort Thomas, Kentucky, to be used as the residence for the Commander of the Great Lakes and Ohio River Division, and appreciate the progress that has been made so far.

#### MEDICAL AND PROSTHETIC RESEARCH

Appropriates \$405,593,000 for medical and prosthetic research as proposed by the Senate instead of \$384,770,000 as proposed by the House. The conferees direct the Department to continue its technology transfer activities at the current level of effort through the West Virginia High Technology Consortium Foundation.

The conferees direct the Department to prioritize prosthetics in its research agenda and report to the Committee on Appropriations of the House and Senate by March 15, 2005 on its efforts.

#### DEPARTMENTAL ADMINISTRATION

##### GENERAL OPERATING EXPENSES

Appropriates \$1,324,753,000 for general operating expenses instead of \$1,319,753,000 as pro-

posed by the House and \$1,399,753,000 as proposed by the Senate.

Provides not less than \$1,027,193,000 for the Veterans Benefits Administration (VBA) as proposed by the House instead of \$1,102,193,000 as proposed by the Senate.

Provides two-year availability for \$66,000,000 as proposed by both the House and Senate.

The conferees direct VA to proceed with information technology initiatives supporting the Department's enterprise architecture and continuity of operations capabilities and direct that not less than \$25,000,000 be allocated for these activities Department-wide. Additionally, the conferees direct that all cyber-security and enterprise architecture activities continue to be centrally managed by the Chief Information Officer. Finally, the conferees reiterate the House position that the Department report quarterly on key information technology objectives and efforts to meet these objectives.

#### NATIONAL CEMETERY ADMINISTRATION

Appropriates \$148,925,000 for the National Cemetery Administration as proposed by both the House and Senate. Provides two-year obligation authority for \$7,400,000 of the appropriated funds.

#### OFFICE OF INSPECTOR GENERAL

Appropriates \$69,711,000 for the Office of Inspector General as proposed by the House instead of \$64,711,000 as proposed by the Senate.

#### CONSTRUCTION, MAJOR PROJECTS

Appropriates \$458,800,000 for construction, major projects as proposed by both the House and Senate. The conferees have included bill language proposed by both the House and Senate which defines a major construction project as one where the estimated cost is more than the amount set forth in 38 U.S.C. 8104(a)(3)(A).

The conference agreement includes \$370,709,000 for construction projects supporting the fiscal year 2005 recommendations of the Secretary's National CARES plan as identified in the May 20, 2004 report entitled "CARES Major Construction Projects, Fiscal Year 2004-2010." The specific projects are also identified in both the House and Senate reports.

Additional recommendations of the conferees are as follows:

| Description                                   | House report<br>108-674 | Senate report<br>108-353 | Conference<br>agreement |
|-----------------------------------------------|-------------------------|--------------------------|-------------------------|
| CARES .....                                   | \$370,709,000           | \$370,709,000            | \$370,709,000           |
| VHA Advance Planning Fund .....               | 14,000,000              | 14,000,000               | 14,000,000              |
| VHA Asbestos .....                            | 3,000,000               | 3,000,000                | 3,000,000               |
| VHA Claims .....                              | 1,000,000               | 1,000,000                | 1,000,000               |
| VHA Judgment .....                            | 8,091,000               | 8,091,000                | 8,091,000               |
| VHA Hazardous Waste ..                        | 2,000,000               | 2,000,000                | 2,000,000               |

| NCA Phase I Development: Sacramento, CA ..... | 21,600,000              | 21,600,000               | 21,600,000              |
| NCA Expansion: Barrancas, FL .....            | 20,000,000              | 20,000,000               | 20,000,000              |
| NCA Expansion: Rock Island, IL .....          | 10,200,000              | 10,200,000               | 10,200,000              |
| NCA Design Funds .....                        | 3,200,000               | 3,200,000                | 3,200,000               |
| NCA Advance Planning Fund .....               | 1,000,000               | 1,000,000                | 1,000,000               |
| Staff Offices .....                           | 2,000,000               | 2,000,000                | 2,000,000               |

The conferees agree with the Senate direction that the Department update its 5-year strategic plan for capital asset management on a periodic basis.

The conferees direct the Department to review the financial status of all existing major construction projects and the major working reserve account. The Department shall provide information on any unobligated and unexpended funds that may be recaptured and spent on other CARES projects.

The conferees agree with the direction contained in the Senate report regarding the establishment of an independent CARES advisory body.

As part of the CARES initiative, the Department will, in some cases, depend on contracting with local providers to deliver health care services. The Department is to provide a business plan to the Committees on Appropriations of the House and Senate that will address the issues raised in the Senate report. This plan should be submitted no later than March 15, 2005.

Finally, the conferees agree with the Senate direction that the Department submit a business plan for excess infrastructure that details disposition strategy and budgetary impacts.

#### CONSTRUCTION, MINOR PROJECTS

Appropriates \$230,779,000 for construction, minor projects as proposed by the Senate instead of \$230,799,000 as proposed by the House. The conferees have included bill language proposed by both the House and Senate which defines a minor construction project as one where the estimated cost is equal to or less than the amount set forth in 38 U.S.C. 8104(a)(3)(A).

The conference agreement provides \$182,100,000, for construction projects implementing CARES recommendations, as proposed by the Senate instead of \$162,100,000 as proposed by the House. Additional amounts may be used for CARES activities upon notification of and approval by the Committees on Appropriations of the House and Senate.

#### GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

Appropriates \$105,163,000 for grants for construction of state extended care facilities as proposed by both the House and the Senate.

#### GRANTS FOR THE CONSTRUCTION OF STATE VETERANS CEMETERIES

Appropriates \$32,000,000 for grants for construction of state veterans cemeteries as proposed by both the House and the Senate.

#### ADMINISTRATIVE PROVISIONS (INCLUDING TRANSFERS OF FUNDS)

Retains the first eleven administrative provisions which were carried in both the House and Senate bills, and which have been carried in previous years.

Retains section 112 as proposed by the House allowing the Secretary to manage effectively the billing and collection process to third party insurers. The Senate had proposed similar language.

Retains section 113 as proposed by the House providing \$25,000,000 of VA's total information technology budget for enterprise architecture activities under the Office of the Chief Information Officer. The Senate did not include this provision.

Retains section 114 as proposed by the House regarding implementation of Public Law 107-287 by prohibiting funds for implementation of section 2 and section 5. The Senate had proposed similar language.

Retains the provision proposed by the Senate regarding the Secretary's authority in depositing receipts from various funds into the Medical Care Collections Fund. The House had proposed similar language.

Retains the provision proposed by both the House and Senate directing the Secretary to conduct a recovery audit program.

Retains the provision proposed by both the House and Senate allowing the Secretary to transfer enhanced-use lease revenue from the Medical Care Collections Fund to the construction accounts.

Retains the provision proposed by both the House and Senate allowing the Secretary to furnish recreation services and pay funeral expenses.

Retains the provision proposed by both the House and Senate transferring all balances in the Medical Care Collections Fund to medical services.

Retains the provision proposed by both the House and Senate allowing the transfer of funds among Veterans Health Administration accounts.

Retains the provision proposed by the House providing for the transfer of funds from general operating expenses to Veterans Housing Benefit Program Fund Program Account for a nationwide property management contract. The Senate had proposed a similar provision.

Retains the provision proposed by the House authorizing the Department to expend such sums as are available in the unobligated balances of the funds originally appropriated to medical care for emergency expenses resulting from the January 1994 earthquake in Southern California, for the same purposes of the medical services account until expended. The Senate had proposed a similar provision.

Deletes the provision proposed by the Senate which would have made funds transferred pursuant to Public Law 108-199 from medical services to construction, major projects, available until expended.

Modifies the provision proposed by the Senate which allows eligible veterans who reside in Alaska to obtain medical services from medical facilities supported by the Indian Health Service.

Adds a new administrative provision which allows the Secretary to transfer up to \$19,800,000 appropriated in Public Law 108-324 from construction, minor projects to medical facilities for non-recurring maintenance expenses related to hurricane and tropical storm damage. Neither House nor Senate bills had included this language.

#### TITLE II—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

The conferees restate the reprogramming requirements with respect to amounts approved for each appropriations account within this title. The Department must limit the reprogramming of funds between the programs, projects, and activities within each account to not more than \$500,000 without prior approval of the Committees on Appropriations. Unless otherwise identified in this statement of managers or committee reports, the most detailed allocation of funds presented in the budget justifications shall be considered to be approved, with any deviation from such approved allocation subject to the normal reprogramming requirements outlined above. Further, it is the intent of the conferees that all carryover funds in the various accounts, including recaptures and deobligations, are subject to the normal reprogramming requirements outlined above. Further, no changes may be made to any program, project, or activity if it is construed to be policy or a change in policy, without prior approval of the Committees. Finally, the conferees expect to be notified regarding reorganizations of offices, programs or activities prior to the planned implementation of such reorganizations, as well as be notified, on a monthly basis, of all ongoing litigation, including any negotiations or discussions, planned or ongoing, regarding a consent decree between the Department and any other entity.

#### PUBLIC AND INDIAN HOUSING TENANT-BASED RENTAL ASSISTANCE (INCLUDING TRANSFER OF FUNDS)

The conference agreement adopts the account structure proposed by the House to fund tenant-based section 8 activities and project-based section 8 activities in two separate accounts to provide better transparency and oversight of expenditures in these programs that now represent over fifty percent of the Department's budget. The Senate proposed to continue to fund both

tenant-based and project-based Section 8 activities in the Housing Certificate Fund.

The joint explanatory statement of the managers herein reflects the agreement of the conferees on tenant-based and project-based section 8 programs and activities. The language and direction included in this joint explanatory statement of the managers replaces any language included in the Senate report regarding these programs, including Senate language under the Housing Certificate Fund account, and replaces any language included in the House report regarding these programs, including House language under the Tenant-Based Rental Assistance, Project-Based Rental Assistance, and Housing Certificate Fund accounts.

The conference agreement appropriates \$14,885,000,000 for tenant-based section 8 (voucher) activities under the Tenant-Based Rental Assistance account instead of \$14,677,019,000 as proposed by the House. The Senate proposed \$15,359,019,000 for these activities within the Housing Certificate Fund account. Language is included designating funds provided as follows:

| Activity                                     | Conference agreement |
|----------------------------------------------|----------------------|
| Voucher Renewals .....                       | \$13,462,989,000     |
| Tenant Protection Vouchers .....             | 163,000,000          |
| Administrative Costs: .....                  | 1,259,011,000        |
| (Administrative Fees) .....                  | (1,210,107,000)      |
| (Family Self-Sufficiency Coordinators) ..... | (46,000,000)         |
| (Working Capital Fund) ....                  | (2,904,000)          |
| Total, Tenant Based Rental Assistance .....  | 14,885,000,000       |

*Section 8 Voucher Renewals.*—The conference agreement includes \$13,462,989,000 to fund tenant-based section 8 vouchers in calendar year 2005, instead of \$13,303,177,000 as proposed by the House. The Senate proposed \$13,787,115,000 within the Housing Certificate Fund. New language is included setting forth the distribution of renewal funds as described herein.

The Department is provided \$13,462,989,000 to fund tenant-based vouchers in calendar year 2005. HUD shall not use recaptures from any source or any project-based carryover to augment total 2005 funding for this account. HUD shall provide all public housing agencies (PHAs) with a fixed, annual budget that each agency must manage their voucher programs within for 2005. HUD shall determine such annual budgets for public housing agencies using the average of the May, June and July 2004 Voucher Management System (VMS) data (for leasing and costs) as reported to, verified, and determined to be complete by HUD. Moving To Work (MTW) agencies shall be funded based on their agreements and are subject to the same adjustments made to all other PHA annual budgets based on funding availability. If an agency failed to report verifiable data into VMS during the May-July time period, HUD shall use the complete three-month submission of VMS data averaged for the period of February, March and April 2004. If an agency has not submitted VMS data for the previously referenced periods, HUD shall use the agency's year-end financial statement for fiscal years ending no later than March 31, 2004. HUD shall then adjust the VMS costs for each agency by applying HUD-published 2005 annual adjustment factors (AAFs) to determine an annual funding eligibility for each agency. HUD may make any necessary adjustments for the costs associated with the first-time renewals of tenant protection and HOPE VI vouchers in 2005. The Department is to obligate the entire amount of funds provided for voucher renewals to the public housing authorities at the time annual budgets of the public housing authorities are established pursuant to the formula

prescribed herein and in the Act. Finally, HUD will, to the extent necessary, pro rate each public housing agency's budget to stay within the amount appropriated.

The voucher program is strictly a dollar-based, or budget-based program in 2005. This new structure is designed to provide flexibility for PHAs to manage their voucher programs, so long as such flexibility meets current legal requirements and PHAs manage within their annual budgets. This could include lowering eligible rents in order to expand utilization to no greater than their authorized levels. PHAs are expected to manage utility costs, decreased tenant contributions and protect the most at-risk families within these budgets. HUD is not provided a central fund or any other funds to address increased leasing or costs in 2005. Furthermore, HUD is not provided any funding to replenish program reserves in 2005, nor can carryover or recaptures be used for this purpose. Agencies must manage within their annual budget as determined by HUD, pursuant to the formula prescribed herein and in this Act. HUD must issue a notice implementing the tenant-based provisions of this Act, including details on the eligibility for the \$25,000,000 in administrative fees set aside under this Act, within 30 days of enactment of this Act. HUD will also communicate all agencies' annual budget amounts directly to each agency within 45 days of enactment of this Act. This is intended to provide agencies with as much advanced notice as possible in order to manage their budgets successfully in 2005. HUD shall also provide agencies with flexibility to adjust payment standards and portability policies as necessary to manage within their 2005 budgets. Agencies shall ensure that current elderly and disabled voucher families be protected against significant impacts resulting from adjustments made by agencies to maintain their voucher programs within their 2005 budgets.

The conference agreement does not include language proposed by the Senate to allow recaptures to be used to augment funds appropriated for section 8 vouchers. Instead the conference agreement includes language elsewhere in this title that prohibits the use of recaptures for this purpose, similar to language proposed by the House.

The conference agreement does not include language proposed by the Senate to allow funds to be used to amend a public housing agency's voucher renewal amount. The House did not include similar language.

The conference agreement does not include language proposed by the Senate to allow the Secretary to transfer funds among various activities. The House did not include similar language.

The conference agreement does not include language proposed by the Senate to allocate renewal funds based upon information submitted to the public housing agency as of October 1, 2004, adjusted by an inflation factor established by the Secretary, and further adjusted based on certain other factors. The House did not include similar language.

The conference agreement does not include language proposed by the Senate requiring that all units be subject to a rent reasonableness test. The House did not include similar language. The conferees note that public housing agencies are statutorily required to determine and ensure rent reasonableness and expect this requirement to be followed.

The conference agreement does not include \$100,000,000 for a Central Fund as proposed by the Senate. The House did not include similar language or funding.

Language is included, as proposed by the House, prohibiting funds from being used to fund a public housing agency for vouchers in excess of their authorized level. The Senate bill included similar language.

**Tenant Protection.**—The conference agreement includes \$163,000,000 for rental subsidies for tenant protection activities to replace project-based section 8 assistance with section 8 vouchers, for conversion of section 202 and section 23 projects to section 8 assistance, for the family reunification program and for the witness protection program, as proposed by the House and the Senate.

The conference agreement assumes that new vouchers under the Revitalization of Severely Distressed Housing Program (HOPE VI) will continue to be provided within that account as proposed by the House. The Senate did not address this matter.

**Administrative Fees.**—The conference agreement includes \$1,210,107,000 for public housing agencies' administrative costs and other expenses, instead of \$1,161,938,000 as proposed by the House and \$1,256,000,000 as proposed by the Senate.

Modified language is included, similar to language proposed by the House, designating \$1,185,107,000 to be allocated to public housing agencies for the calendar year 2005 funding cycle on a pro rata basis based on the amount the public housing agencies were eligible to receive in calendar year 2004. In addition, new language is included making up to \$25,000,000 available to the Secretary to allocate to public housing agencies that need additional funds to administer their programs. The conferees direct the Department to specify the activities eligible for this funding in the notice to be issued within thirty days of enactment of this Act. The Senate did not include similar language.

Language is included as proposed by the Senate to allow section 8 administrative fees to be used for section 8 rental assistance activities, including related development activities. The House limited the use to section 8 rental assistance activities.

**Family Self Sufficiency Coordinators.**—The conference agreement includes \$46,000,000 for public housing agencies family self-sufficiency coordinator staff as proposed by the House instead of \$48,000,000 as proposed by the Senate.

**Working Capital Fund.**—The conference agreement includes \$2,904,000 for transfer to the Working Capital Fund, instead of no less than \$2,904,000 as proposed by the House. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

Language proposed by the Senate is not included to require all public housing agencies to submit accounting data for funds provided under this account in this Act or any other Act by source of funds and purpose of such funds. This requirement was made permanent in the fiscal year 2004 Act. The House did not include similar language.

Language is also included elsewhere in this Act rescinding funds provided in previous years under the Housing Certificate Fund, including funds previously made available for certain tenant-based rental assistance activities.

#### PROJECT-BASED RENTAL ASSISTANCE (INCLUDING TRANSFER OF FUNDS)

The conference agreement appropriates \$5,341,000,000 for project-based rental assistance activities instead of \$5,340,745,000 as proposed by the House. The Senate proposed \$5,348,785,000 for these activities within the Housing Certificate Fund account.

The conference agreement provides funds as follows:

| Activity                                                        | Conference agreement |
|-----------------------------------------------------------------|----------------------|
| Project-Based Contract Renewals .....                           | \$4,990,100,000      |
| Moderate Rehabilitation Renewals and Administrative Costs ..... | 227,000,000          |
| Section 441 Renewals and Administrative Costs .....             | 20,000,000           |

| Activity                                     | Conference agreement |
|----------------------------------------------|----------------------|
| Contract Administrators ...                  | 101,900,000          |
| Working Capital Fund .....                   | 2,000,000            |
| Total, Project-Based Rental Assistance ..... | 5,341,000,000        |

Language is included, similar to language proposed by the House, designating \$5,237,100,000 for renewals and amendment of section 8 project-based contracts, section 8 moderate rehabilitation contracts (including associated PHA administrative expenses), Emergency Low-Income Housing Preservation Reform Act (ELIHPRRA) and Low-Income Housing Preservation Reform Act (LIHPRRA) contracts, and section 441 single room occupancy contracts (including associated PHA administrative expenses). The Senate included similar language under the Housing Certificate Fund.

Language is included, as proposed by the House, designating \$101,900,000 for performance-based contract administrators. The Senate included a similar provision under the Housing Certificate Fund.

Language is included designating \$2,000,000 for transfer to the Working Capital Fund. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

The conference agreement assumes that project-based section 8 contract amendment funding requirements for fiscal year 2005 will be met through the use of recaptures available in the Housing Certificate Fund as proposed in the budget request. Language is included elsewhere in this title making funds available for such purpose.

#### PUBLIC HOUSING CAPITAL FUND (INCLUDING TRANSFER OF FUNDS)

Appropriates \$2,600,000,000 for the public housing capital fund, instead of \$2,580,000,000 as proposed by the House and \$2,700,000,000 as proposed by the Senate.

Includes \$38,700,000 for technical assistance including up to \$12,500,000 for remediation services to certain troubled PHAs and for rent surveys. The House proposed \$37,850,000, including \$12,440,000 for remediation services and rent surveys and the Senate proposed \$50,000,000, including up to \$15,000,000 for such activities. The Department is directed to use no less than \$4,750,000 of these funds for activities related to fair market rent surveys as proposed by the House.

Does not include language proposed by the Senate making such funds available for lease adjustments to section 23 projects. The House did not include a similar provision.

Includes \$10,150,000 for information technology systems needs instead of not less than \$10,150,000 as proposed by the House and \$4,500,000 as proposed by the Senate. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

Includes up to \$30,000,000 for emergency capital needs resulting from unforeseen emergencies or natural disasters in fiscal year 2005, instead of \$38,000,000 as proposed by the House and \$50,000,000 as proposed by the Senate. Language is included as proposed by the House to allow funds to be awarded non-competitively and only for unforeseen activities. The Senate proposed similar language.

Includes \$53,500,000 for the Resident Opportunity Self-Sufficiency (ROSS) program, instead of \$52,300,000 as proposed by the House and \$55,000,000 as proposed by the Senate.

Includes modified language to allow up to \$3,000,000 to support the costs of existing administrative and judicial receiverships in effect as of the date of enactment of this Act. The House proposed language allowing such funds to be used for current and future receiverships while the Senate did not include funds for such purpose. The Department is

directed to submit a proposed spending plan for the use of these funds prior to expenditure.

Includes modified language designating \$15,000,000 for Neighborhood Networks grants similar to language proposed by the Senate. Language is also included allowing up to \$1,000,000 to be made available for technical assistance and to allow centers established under these grants to serve individuals receiving housing assistance under other programs funded in this Act. Language is included as proposed by the Senate, requiring such funds to be competitively awarded. The conferees remind HUD that these funds, and all other funds provided in this Act, are to be awarded on a competitive basis in accordance with the requirements set forth in section 205 under administrative provisions in this title, except where explicitly authorized. The House did not include similar language.

The conference agreement does not designate \$30,000,000 for demolition, relocation and site remediation for obsolete and distressed public housing units as proposed by the Senate. The House did not address this matter.

#### PUBLIC HOUSING OPERATING FUND

Appropriates \$2,458,000,000 for the public housing operating fund, instead of \$3,425,000,000 as proposed by the House and \$2,610,000,000 as proposed by the Senate.

Modified language is included, similar to language proposed by the Senate, to synchronize the funding cycles for all public housing authorities' operating subsidy payments to the same calendar year. The conferees believe that this conversion will simplify and improve administration and oversight of the program. This change results in a one-time savings to this account. The House did not include similar language.

Includes modified language designating \$8,000,000 for programs to assist in the investigation, prosecution and prevention of criminal activities in public housing to be administered through a cooperative agreement with the Department of Justice (DOJ) similar to language proposed by the House. The Senate did not propose a similar provision.

Includes language designating \$10,000,000 for a program to provide bonus funding for PHAs that assist families in moving away from dependency on housing assistance programs, instead of \$15,000,000 as proposed by the Senate. The House did not propose a similar provision. The conferees expect the Department to allocate these funds through a Notice of Funding Availability that provides clear eligibility criteria for this program.

Language proposed by the Senate to designate \$30,000,000 for transition costs associated with synchronization to a calendar year funding basis is not included. The House did not address this matter.

#### REVITALIZATION OF SEVERELY DISTRESSED PUBLIC HOUSING (HOPE VI)

Appropriates \$144,000,000 for the revitalization of severely distressed public housing program (HOPE VI), instead of \$150,000,000 as proposed by the Senate and \$143,000,000 as proposed by the House.

Language is included making funds available for obligation until September 30, 2006 as proposed by the House, instead of making funds available for one year as proposed by the Senate.

#### NATIVE AMERICAN HOUSING BLOCK GRANTS (INCLUDING TRANSFERS OF FUNDS)

Appropriates \$627,000,000 instead of \$622,000,000 as proposed by the House and \$650,241,000 as proposed by the Senate.

Includes \$4,500,000 for inspections, training, and technical assistance and \$2,200,000 for

the National American Indian Housing Council for technical assistance and capacity building as proposed by the Senate. The House proposed \$4,300,000 and \$2,100,000 respectively for these activities.

Includes \$2,000,000 for guaranteed loans to subsidize a total guaranteed loan principal of up to \$17,926,000 as proposed by the Senate instead of \$1,914,000 to subsidize a total loan volume of up to \$17,155,000 as proposed by the House.

Includes \$2,600,000 for information technology systems instead of no less than \$2,600,000 as proposed by the House and \$500,000 as proposed by the Senate. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

The conference agreement also includes language elsewhere in this title rescinding \$21,000,000 from prior year unobligated balances remaining for title VI loan guarantees. Both the House and Senate proposed this rescission.

#### INDIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT (INCLUDING TRANSFER OF FUNDS)

Appropriates \$5,000,000 to subsidize a total loan principal of up to \$145,345,000 as proposed by the House instead of \$1,000,000 to subsidize a total loan principal of \$29,069,767 as proposed by the Senate.

The conference agreement also includes language elsewhere in this title rescinding \$33,000,000 from prior year unobligated balances remaining from this program. Both the House and Senate proposed this rescission.

#### NATIVE HAWAIIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT (INCLUDING TRANSFER OF FUNDS)

Appropriates \$1,000,000 for guaranteed loans for Native Hawaiian housing to subsidize a total guaranteed loan principal of up to \$37,403,000 as proposed by the House and Senate.

#### COMMUNITY PLANNING AND DEVELOPMENT HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS

Appropriates \$284,000,000 for housing opportunities for persons with AIDS (HOPWA) instead of \$282,000,000 as proposed by the House and \$294,800,000 as proposed by the Senate.

#### RURAL HOUSING AND ECONOMIC DEVELOPMENT

Appropriates \$24,000,000 for rural housing and economic development as proposed by the House instead of \$25,000,000 as proposed by the Senate. Language is included requiring funds to be awarded competitively by September 1, 2005. The Senate had proposed that funds be awarded by June 1, 2005.

#### EMPOWERMENT ZONES/ENTERPRISE COMMUNITIES

Appropriates \$10,000,000 for grants to the second round of empowerment zones. The House had proposed \$14,250,000 for this account and the Senate did not include funding for this activity. The conferees direct that funding in this account be distributed equally among the 15 Enterprise Zones and Enterprise Communities (EZ/ECs) designated in Round II.

#### COMMUNITY DEVELOPMENT FUND (INCLUDING TRANSFERS OF FUNDS)

Appropriates \$4,709,000,000 for various activities funded in this account as proposed by the House instead of \$4,950,000,000 as proposed by the Senate. The conferees agree to the following:

—\$4,150,035,000 for formula grants under the Community Development Block Grant program (CDBG), instead of \$4,304,900,000 as proposed by the House and \$4,547,700,000 as proposed by the Senate. The amount provided for CDBG includes grants to Insular areas as

proposed by the House. The Senate had proposed funding Insular areas as a Section 107 set-aside;

—\$69,000,000 for grants to Indian tribes, including up to \$4,000,000 for emergencies as proposed by the House, instead of \$72,000,000 as proposed by the Senate;

—\$3,300,000 for the Housing Assistance Council as proposed by the Senate instead of \$3,200,000 as proposed by the House;

—\$2,400,000 for the National American Indian Housing Council as proposed by the House instead of \$2,500,000 as proposed by the Senate;

—\$43,700,000 for section 107 grants, instead of \$36,700,000 as proposed by the House and \$51,000,000 as proposed by the Senate. Within the amount provided for section 107 grants, the conference agreement provides the following:

\$10,000,000 for historically black colleges and universities, of which up to \$2,000,000 may be used for technical assistance;

\$2,900,000 for community development work study;

\$6,700,000 for Hispanic Serving Institutions; \$6,700,000 for the Community Outreach Partnerships program;

\$3,000,000 for tribal colleges and universities;

\$4,000,000 for Alaska Native-Serving Institutions and Native Hawaiian-Serving Institutions;

\$9,000,000 for assistance under the Hawaiian Homelands Homeownership Act of 2000; and \$1,400,000 for technical assistance.

Does not provide \$7,000,000 for insular areas within section 107 activities. Instead, insular areas are funded within Community Development Block Grants.

—\$4,800,000 for the National Housing Development Corporation for continuation of its program of acquisition, rehabilitation, and preservation of at-risk affordable housing, including \$2,000,000 for operating expenses as proposed by the House. The Senate did not propose funding for this program;

—\$4,800,000 for the National Council of La Raza HOPE Fund, of which \$500,000 is for technical assistance and fund management and \$4,300,000 is for investments and financing as proposed by the House. The Senate did not propose funding for this program;

—\$25,000,000 for grants to eligible grantees under section 11 of the Self-Help Housing Opportunity Program (SHOP) as proposed by the Senate instead of \$26,000,000 as proposed by the House;

—\$34,500,000 for capacity building, of which \$30,000,000 is for the Community Development and Affordable Housing program for LISC and the Enterprise Foundation for activities as authorized by section 4 of the Department of Housing and Urban Development Demonstration Act, as in effect before June 12, 1997, including \$5,000,000 for rural areas; and of which \$4,500,000 is for Habitat for Humanity International. The House proposed \$33,500,000 for capacity building including \$28,800,000 for LISC and the Enterprise Foundation and \$4,700,000 for Habitat for Humanity; and the Senate proposed \$33,500,000 for such activities including \$30,000,000 for LISC and the Enterprise Foundation and \$3,500,000 for Habitat for Humanity;

—\$62,000,000 for Youthbuild as proposed by the House instead of \$65,000,000 as proposed by the Senate. Within amounts available for Youthbuild, the agreement provides \$9,000,000 for underserved and rural areas;

—\$262,000,000 for economic development initiatives instead of \$136,500,000 as proposed by the House and \$126,000,000 as proposed by the Senate. This amount is 5% below the amounts appropriated for EDI grants in fiscal year 2004. Language is included prohibiting funds from being used for program operations as proposed by both the House and

the Senate. The conferees note that projects receiving funds must comply with the environmental review requirements set forth in section 305(c) of the Multifamily Housing Property Disposition Act of 1994 (42 U.S.C. 3547). The conferees will not entertain waivers of such requirements. In addition, funds provided for projects shall not be used for reimbursement of expenses incurred prior to the receipt of economic development initiative funding. Modified language is included, similar to language proposed by the House and Senate, to target funds made available under this program. Targeted grants shall be made as follows:

1. \$1,900,000 for the City of Tuscaloosa, Alabama for the Urban Renewal Project in Tuscaloosa, Alabama;
2. \$300,000 for the City of Livingston, Alabama for downtown revitalization in Livingston, Alabama;
3. \$500,000 to the Crenshaw County Economic/Industrial Development Authority for industrial site preparation in Crenshaw County, Alabama;
4. \$250,000 to the City of Fairhope, Alabama for development of the Fairhope Library;
5. \$400,000 to the University of South Alabama for the Mitchell College of Business Library in Mobile, Alabama;
6. \$500,000 for the Selma YMCA for facilities improvements in Selma, Alabama;
7. \$450,000 for the Town of Double Springs, Alabama for community development;
8. \$150,000 for Alaska Botanical Garden in Anchorage for expansions and renovations;
9. \$150,000 for Friends of Eagle River Nature Center, Inc. in Eagle River, Alaska for costs associated with the construction of a community/visitor center;
10. \$500,000 for the Kincaid Park for Training Center, Anchorage, Alaska for costs associated with construction;
11. \$950,000 for the Municipality of Anchorage, Alaska for costs associated with the construction of a recreational facility;
12. \$300,000 for the North Star Council on Aging in Fairbanks, Alaska for costs associated with the construction of the Fairbanks Senior Center;
13. \$175,000 for Love Social Services in Fairbanks, Alaska for expansion;
14. \$1,000,000 for the Kenai Peninsula Borough, Alaska for housing upgrades;
15. \$900,000 for the City of Ketchikan, Alaska for costs associated with the construction of the Tongass Coast Aquarium;
16. \$350,000 for Community Association of Hyder, Alaska for costs associated with the construction of a high speed water plant;
17. \$300,000 for the Juneau Family Birth Center, Alaska for the construction of a one-stop family resources center;
18. \$200,000 for Alzheimer Disease Resource Agency of Alaska in Anchorage, Alaska for capital improvements to its facility to provide in home care services, respite care, and training of personal care attendants;
19. \$525,000 for the Bering Straits Native Corporation in Nome, Alaska for Cape Nome Quarry Upgrade;
20. \$500,000 for Shishmaref, Alaska for the construction of barriers;
21. \$500,000 for the Special Olympics, Anchorage, Alaska for costs associated with the construction of a training center for disabled children;
22. \$275,000 for the National History Museum of the Adirondacks in Tupper Lake, New York for the design and construction of museum;
23. \$500,000 for the City of Conway, Arkansas for downtown revitalization;
24. \$250,000 for the Old Independence Regional Museum in Batesville, Arkansas for costs associated with expansion;

25. \$250,000 for Mountain Home, Arkansas for the construction of the Vada Sheid Community Development Center;

26. \$250,000 for the City of Malvern, Arkansas for the completion of the Ouachita River Millennium Park Pavillion;

27. \$500,000 for the Sacramento Housing and Development Agency, California for the construction of new low income housing;

28. \$750,000 for the City of Inglewood, California for the construction of a senior center;

29. \$250,000 for the City of Stockton, California for costs associated with construction of the Eldorado Teen Center;

30. \$250,000 for the City of San Francisco, California for the Old Mint Redevelopment Project;

31. \$350,000 for the City of Davis, California for the construction of a senior center;

32. \$300,000 for the Los Angeles Harbor/Watts Economic Development Corporation, California for the development of a park and recreation site;

33. \$200,000 for the City of Riverside, CA for costs associated with the completion of the Arlanza Neighborhood Center;

34. \$200,000 to California State University at Fresno for costs associated with the Fresno Regional Jobs Initiative;

35. \$250,000 for the Denver Art Museum, Center for American Indian Art, Denver, Colorado for expansion;

36. \$250,000 for the Weld Food Bank in Greeley, Colorado for expansion and renovation;

37. \$250,000 for the La Gente Youth Sports Recreation Center in Pueblo, Colorado for the expansion of facilities;

38. \$250,000 for the Town of Mountain Village, Colorado for construction of the Affordable Housing Initiative;

39. \$250,000 for the Town of Montrose, Colorado for the Montrose Pavillion/Senior Center renovation;

40. \$215,000 for the Town of Ignacio, Colorado for affordable housing development;

41. \$250,000 for Foodshare, Inc., in Hartford County, Connecticut for the construction of a new distribution center;

42. \$250,000 for the Main Street Development Corporation in Ansonia, Connecticut for the Lower Naugatuck Valley Economic Development Initiative;

43. \$500,000 for the Mark Twain House and Museum in Hartford, Connecticut for costs associated with restoration and development;

44. \$250,000 for the Town of Plainfield, Connecticut for the InterRoyal Facility Remediation Initiative;

45. \$250,000 for the Riverfront Development Corporation in Wilmington, Delaware for construction of a pedestrian bridge as part of the efforts to redevelop the Christina riverfront;

46. \$250,000 for Sacred Heart Village, Inc. in Wilmington, Delaware for costs associated with renovations;

47. \$250,000 for City of Ocilla, Georgia, for the renovations of the Old Ocilla School;

48. \$250,000 for Tubman African American Museum, Macon, Georgia for costs associated with renovations;

49. \$500,000 for the City of Coral Gables, Florida for the Biltmore Complex Restoration Project;

50. \$250,000 for the Washington County, Florida Chamber of Commerce Economic Development Council for outreach and technical assistance;

51. \$250,000 for the Boys and Girls Club of Hawaii in Honolulu for costs associated with construction of the Nanakuli site on Hawaiian Homelands;

52. \$250,000 for Poamoho Camp Community Association in Wahiawa, Hawaii for infrastructure improvements;

53. \$350,000 for Binhi At Ani in Wailuku, Hawaii for the construction of the Maui Filipino Community Center;

54. \$400,000 for Friends of Drug Court in Honolulu, Hawaii for the acquisition of a building;

55. \$250,000 for Kauai Economic Opportunity, Inc., in Kauai, Hawaii for improvements and renovations to a homeless shelter;

56. \$250,000 for the Hawaii Island Community Development Corporation in Hilo for the construction of low-income elderly housing;

57. \$1,000,000 for the Clearwater Economic Development Association, Idaho, for implementation of the Lewis and Clark Bicentennial plan;

58. \$900,000 for Boise State University in Idaho, for planning, design, and construction for the Center for Environmental Science and Economic Development;

59. \$900,000 for the University of Idaho, at Moscow, Idaho, for planning and design for a science and new technologies laboratory;

60. \$350,000 for the Field Museum, Chicago, Illinois for improvements;

61. \$150,000 for the Chicago Botanic Garden, Glencoe, Illinois for the expansion of the School of the Botanic Garden;

62. \$750,000 for the City of Springfield, Illinois for the design and construction of a community center on the city's east side;

63. \$250,000 for the Campbell Center for Historic Preservation in Mount Carroll, Illinois to complete the planning, feasibility, and design phase of its program expansion and rehabilitation project;

64. \$200,000 for the Northwest Illinois Chapter of the American Red Cross in Freeport, Illinois for the acquisition of property and construction of a new chapter office;

65. \$200,000 for the Chicago Food Depository, Illinois for capacity expansion and related programs;

66. \$200,000 for the Chicago House and Social Service Agency in Illinois to develop and construct a social services community center and programs on the West Side of Chicago, in partnership with Vital Bridges/Open Hand;

67. \$250,000 for The Community Foundation of Muncie and Delaware County, Inc., Anderson, Indiana for expansion of its food bank facilities;

68. \$250,000 for the City of Anderson, Indiana for the completion of the Anderson Fiber Network;

69. \$250,000 for the City of Indianapolis, Indiana for the construction of the Holmes Court Housing Development;

70. \$250,000 for the City of Jefferson, Indiana for costs associated with the redevelopment of Spring Street;

71. \$250,000 for the City of Waterloo, Iowa for the acquisition of the Cedar Valley TechWorks Facility;

72. \$200,000 for the City of Fort Dodge, Iowa for the Lincoln Neighborhood Initiative;

73. \$250,000 for the City of Fort Dodge, Iowa for the Lincoln Neighborhood Redevelopment Project;

74. \$250,000 for the City of Storm Lake, Iowa for costs associated with the construction of the Destination Park Interpretative Center;

75. \$250,000 for the City of Bettendorf, Iowa for the River's Edge Redevelopment Project;

76. \$200,000 for the Mid America Housing Partnership in Cedar Rapids, Iowa for the housing trust fund;

77. \$200,000 for the Scott County Housing Council, Davenport, Iowa for the construction and rehabilitation of housing;

78. \$200,000 for the City of Waterloo, Iowa for the Rath Housing Initiative;

79. \$200,000 for Homeward Inc., in Iowa for construction of low income housing;

80. \$250,000 for the Kansas Chapter of National Korean War Veterans Association, Overland Park, Kansas for the construction of a Korean War Memorial;

81. \$500,000 for the City Vision Ministry, Kansas City, Kansas for Rosedale neighborhood affordable housing;

82. \$650,000 for the City of Great Bend, Kansas for construction of an environmental education center;

83. \$1,225,000 for Haskell Indian Nations University in Kansas for the construction of a science center;

84. \$500,000 for the City of Topeka, Kansas for infrastructure construction at the Center Point Commerce Park;

85. \$300,000 for the Veterans Memorial Park of Wichita, Kansas for renovation project;

86. \$200,000 for TLC for Children and Families, Inc. in Olathe, Kansas for the construction of residential, educational, and therapy facilities for homeless teens, foster care youth and parents, and teens in the Juvenile Justice System;

87. \$275,000 for Sedgwick County, Kansas for the construction of the Oaklawn Community Center;

88. \$1,500,000 for the City of Bowling Green, Kentucky, for purchasing equipment for the South Central Kentucky Training and Development Project;

89. \$800,000 for the City of Bowling Green, Kentucky for costs associated with the development of the Lost River Cave Improvement Project;

90. \$250,000 for Paducah Area Community Reuse Organization in Graves County, Kentucky for costs associated with the construction of the PACRO Industrial Park;

91. \$300,000 for the Owen County Industrial Authority, Kentucky for the Owen County Gas Line;

92. \$250,000 for the Edmonson County, Kentucky for costs associated with the construction of the Edmonson Technology and Economic Development Center;

93. \$500,000 for Catholic Charities, Archdiocese of New Orleans, Louisiana for costs associated with construction for the West Bank Senior Services Continuum;

94. \$250,000 for the City of Grand Isle, Louisiana for the construction of a community center;

95. \$250,000 for the City of Jean Lafitte, Louisiana for the construction of a community center and emergency shelter;

96. \$250,000 for Lafourche Parish, Louisiana for the construction of a Seniors Center and recreation development;

97. \$250,000 for the Audubon Nature Institute in New Orleans, Louisiana for facility improvements;

98. \$300,000 for the City of Baton Rouge, Louisiana Recreation Commission for downtown recreation development;

99. \$250,000 for the City of Dequincy, Louisiana for downtown revitalization;

100. \$250,000 for St. Tammany Parish, Louisiana for the construction of a maritime training center;

101. \$300,000 for the City of Baltimore, Maryland, for costs associated with the relocation of the Central Garage;

102. \$250,000 for Associated Catholic Charities, Inc., in Baltimore, Maryland to build a new facility and renovate an existing facility for Our Daily Bread Employment Center and My Sister's Place Women's Center;

20. \$500,000 to the Urban League of Kansas City, Missouri for programs to support at-risk youth in the urban core of Kansas City;

21. \$260,000 to the Central Missouri Food Bank in Columbia, Missouri for capital campaign project;

22. \$90,000 to the Special Learning Center in Jefferson City, Missouri for staffing, training, equipment, supplies and renovations;

23. \$50,000 to the Children's Therapy and Early Education School in Mexico, Missouri for an indoor exercise and gym area and to provide location for occupational and physical therapy for children with developmental delays and special needs;

24. \$250,000 for the Urban Institute in Washington, DC for HOPE VI related research activities;

25. \$1,000,000 for the Georgia Museum of Art in Athens, Georgia for completion of phase II;

26. \$250,000 for the City of North Las Vegas, Nevada for a neighborhood beautification project;

27. \$500,000 for the City of Rugby, North Dakota to continue work on information technology and energy projects;

28. \$400,000 for Charleston Housing Trust Incorporated in South Carolina for the development of affordable housing;

29. \$300,000 for Mercy Housing, Inc. for improvements to rural housing in Yakima, Washington; and

30. \$1,000,000 for the Girl Scouts of the USA for youth development initiatives in public housing;

31. \$1,000,000 for Shepherd University in Shepherdstown, West Virginia for construction, related activities, and programs at the Scarborough Library;

32. \$500,000 for the Boys and Girls Clubs of America to establish programs for youth living in Public and Indian housing communities;

33. \$800,000 to Swope Community Builders in Kansas City, Missouri for the redevelopment of the Brush Creek Neighborhood;

34. \$100,000 to Tri-State University in Angola, Indiana for facilities construction and renovation of the Center for Technology and Online Resources;

35. \$250,000 to Bradley University in Peoria, Illinois for facilities construction and renovation of Bradley Hall;

36. \$250,000 to Pathway Services in Jacksonville, Illinois for facilities construction and renovation of a respite care facility;

37. \$100,000 to Teen Challenge in Decatur, Illinois for facilities construction and renovation;

38. \$100,000 to Quincy University in Quincy, Illinois for design and construction of a science building;

39. \$100,000 to Tazewell/Woodford Head Start in East Peoria, Illinois for facilities construction and renovation of a new facility;

40. \$100,000 to the City of Peoria, Illinois for Southern Gateway revitalization project;

41. \$275,000 to the First Gethsemane Center for Family Development in Louisville, Kentucky for the purchase of a multi-purpose facility;

42. \$600,000 to Maryhurst, Inc. in Louisville, Kentucky for facilities construction and renovation of a multi-purpose youth activities center;

43. \$675,000 to the YMCA of Greater Louisville, Kentucky for renovations to the Chestnut Street facility;

44. \$200,000 to the Visually Impaired Preschool Services in Louisville, Kentucky for facilities renovation;

45. \$735,000 to the Monroe County Heritage Christian Home for costs associated with construction of the Springdale Farm Demonstration Project located in Ogden, Monroe County, New York;

46. \$500,000 to NYSERNET for optical networking infrastructure;

47. \$550,000 to the Central New York Regional Planning and Development Board for Finger Lakes Open Lands Conservation Project;

48. \$475,000 to the Genesee/Finger Lakes Regional Planning Council for the Finger Lakes Open Lands Conservation Project;

49. \$5,540,000 to the City of Syracuse, New York for the Neighborhood Initiative Program;

50. \$1,000,000 for The Ohio State University in Columbus, Ohio for facilities construction and renovation in the Community Properties of Ohio Initiative.

51. \$2,910,000 to the Institute for Scientific Research for construction related to a high-technology diversification initiative

52. \$2,660,000 to the West Virginia High Technology Consortium Foundation, Inc. for mission purposes and economic development initiatives;

53. \$2,910,000 to the Vandalia Heritage Foundation, Inc. for community and neighborhood revitalization and economic diversification initiatives; and

54. \$970,000 to the City and County of San Francisco for capital; and improvements, upgrades and buildout for a senior homeless facility.

Includes modified language making technical corrections to certain targeted economic development initiative grants funded under this heading in prior appropriations Acts, similar to language proposed by the House and the Senate.

Includes language proposed by the House transferring up to \$3,465,000 to the Working Capital Fund for development of and modifications to information technology systems. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs. The Senate had proposed \$500,000 for this transfer.

Includes language limiting the use of funds provided under this heading for planning, management and administration to not more than 20 percent of the funds provided except for amounts provided for certain activities as proposed by the House and the Senate.

#### COMMUNITY DEVELOPMENT LOAN GUARANTEES PROGRAM ACCOUNT

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$7,000,000 for costs associated with section 108 loan guarantees, including administrative costs, to subsidize a total loan principal of up to \$275,000,000 as proposed by the House. The Senate had proposed \$7,325,000 for this account.

##### BROWNFIELDS REDEVELOPMENT

Appropriates \$24,000,000 for brownfields redevelopment as proposed by the House. The Senate had proposed \$25,000,000 for this account.

##### HOME INVESTMENT PARTNERSHIPS PROGRAM

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates a total of \$1,915,000,000 for this account, instead of \$1,920,000,000 as proposed by the House and \$2,050,000,000 as proposed by the Senate.

The conference agreement includes \$1,865,000,000 for the HOME Investment Partnerships program, instead of \$1,835,000,000 as proposed by the House and \$2,000,000,000 as proposed by the Senate. Within this account, funds are allocated as follows:

\$42,000,000 is for housing counseling. The House had proposed \$38,000,000 for housing counseling and the Senate had proposed \$45,000,000;

\$18,000,000 is for technical assistance as proposed by the Senate. The House had proposed \$17,400,000 for technical assistance. Of amounts made available for technical assistance, \$7,500,000 is for qualified non-profit intermediaries to provide technical assistance to Community Housing and Development Organizations (CHDOs) instead of \$7,000,000 as proposed by the House and \$8,000,000 as proposed by the Senate; and

\$2,000,000 as a transfer to the Working Capital Fund as proposed by the House instead of \$500,000 as proposed by the Senate. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs.

In addition, the conference agreement includes \$50,000,000 to provide down-payment assistance to low-income families to help them achieve homeownership as proposed by the Senate, instead of \$85,000,000 as proposed by the House.

##### HOMELESS ASSISTANCE GRANTS

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$1,250,515,000 for homeless assistance grants, instead of \$1,206,000,000 as proposed by the House and \$1,260,000,000 as proposed by the Senate. Language is included designating up to \$11,500,000 for the national homeless data analysis project and for technical assistance as proposed by the House. The Senate had proposed \$12,000,000 for these activities. Includes modified language proposed by the House transferring \$2,500,000 to the Working Capital Fund. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs. The Senate had proposed \$500,000 for this transfer.

The conferees reiterate language proposed by the Senate directing HUD to provide flexibility in the types of activities that qualify in meeting the match requirement under the Supportive Housing Program. The conferees also reiterate the direction in the Senate report that HUD is to include 5-year projections for the cost of renewing the permanent housing component of the Supportive Housing Program and Shelter Plus Care grants in its fiscal year 2006 budget justification.

##### HOUSING PROGRAMS

##### HOUSING FOR THE ELDERLY

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$747,000,000 for this account instead of \$741,000,000 as proposed by the

House and \$773,800,000 as proposed by the Senate.

The conference allocates funds as follows:

—\$650,550,000 for new capital and PRAC contracts;

—\$3,000,000 for one-year renewals of expiring PRAC payments;

—\$50,000,000 for service coordinators and the continuation of congregate services grants. The House had proposed \$48,000,000 for service coordinators and congregate services and the Senate had proposed \$53,000,000;

—up to \$25,000,000 for assisted living conversion grants and emergency capital repairs. The House proposed \$20,000,000 for assisted living conversion grants and emergency repairs, and the Senate proposed \$30,000,000 for assisted living conversion grants, emergency capital repairs, and substantial rehabilitation;

—\$18,000,000 for competitive grants for planning, design and development activities for section 202 projects. The House had proposed \$15,000,000 for these activities and the Senate had proposed \$20,000,000. These funds are to be allocated for project planning, preliminary design, site control activities and other development costs, including gap financing if appropriate, directly related to section 202 projects in order to facilitate timely completion of such projects. The conferees do not intend for these funds to be used for technical assistance but instead expect such funds to be used for start-up costs associated with such projects; and

—\$450,000 for transfer to the Working Capital Fund for information technology activities as proposed by the House instead of \$75,000 as proposed by the Senate. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs.

Bill language is included to clarify language included in the fiscal year 2004 bill which provided for the transfer and merger of all unexpended balances previously appropriated for the section 202 program into the new Housing for the Elderly account.

The conferees reiterate language proposed by the Senate directing the Department to work with the Department of Health and Human Services' Office of Aging to coordinate expertise and resources to strengthen naturally occurring retirement communities, known as "NORCs."

The conferees direct the Department to submit the report required in the statement of managers accompanying H.R. 2673 on the long-term conditions and needs of the section 202 and 236 stock by December 15, 2004. This report was due on August 15, 2004, but to date has not been submitted. The conferees are very concerned about the state of this housing stock and are disappointed that the Department has not only failed to prioritize those repair needs, but has also failed to meet the reporting requirement.

#### HOUSING FOR PERSONS WITH DISABILITIES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement recommends a total program level of \$240,000,000 for the section 811 program instead of \$238,000,000 proposed by the House and \$250,000,000 proposed by the Senate.

Includes bill language proposed by the Senate to ensure that housing assistance made available under this account remains available to persons with disabilities upon turnover.

The conference agreement allocates funds as follows:

—\$148,311,000 for new capital grants and PRAC;

—\$50,000,000 for one-year renewal costs of section 811 rental assistance;

—\$2,349,000 for PRAC renewals;

—\$10,000,000 for incremental tenant-based assistance as proposed by the House. The Senate had provided up to 25% of amounts provided, other than amounts for renewal of expiring project-based assistance, for tenant-based rental assistance;

—\$28,890,000 for amendments to tenant-based contracts entered into prior to fiscal year 2004, as proposed by the House; and

—\$450,000 for transfer to the Working Capital Fund as proposed by the House. The Senate had proposed \$75,000 for transfer to the Working Capital Fund. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs.

Bill language proposed by the House is included to clarify authority provided in fiscal year 2004 transferring and merging all unexpended balances previously appropriated for the section 811 program to this account.

The conferees reiterate language included in the House report directing HUD to issue program guidance for the Section 811 mainstream program by March 15, 2005, including guidance on (1) targeting rental assistance eligibility criteria; (2) maintaining vouchers exclusively for eligible persons; and (3) retaining a meaningful role for non-profit disability organizations. The Senate report had also included language to ensure that all tenant-based assistance made available under this account is to remain available to persons with disabilities upon turnover.

#### FLEXIBLE SUBSIDY FUND

(TRANSFER OF FUNDS)

Includes language permanently transferring excess rental charges to this fund as proposed by the Senate. The House included similar language.

#### MANUFACTURED HOUSING FEES TRUST FUND

Appropriates up to \$13,000,000 for authorized activities from fees collected in the Fund as proposed by the House and Senate.

#### FEDERAL HOUSING ADMINISTRATION

##### MUTUAL MORTGAGE INSURANCE PROGRAM ACCOUNT

(INCLUDING TRANSFERS OF FUNDS)

Establishes an \$185,000,000 limitation on commitments to guarantee single-family loans during fiscal year 2005 as proposed by the House and the Senate. Retains language applying this limitation to commitments to guarantee loans as proposed by the House. The Senate applied this limitation to loan guarantees.

Establishes a \$50,000,000 limitation on direct loans to nonprofits and governmental entities in connection with the sale of HUD-owned single-family properties as proposed by the House and the Senate.

Appropriates \$356,906,000 for administrative expenses, of which \$352,906,000 is for transfer to the salaries and expenses account and not to exceed \$4,000,000 is for transfer to the Office of Inspector General. The House proposed \$352,906,000 including transfers of \$356,882,000 and \$3,976,000, and the Senate proposed \$366,000,000 including transfers of \$362,000,000 and \$4,000,000.

Appropriates \$78,000,000 for administrative contract expenses, of which \$15,000,000 is for information technology systems. The House proposed \$78,000,000 including no less than \$15,000,000 for information technology systems and the Senate proposed \$70,002,000 including no less than \$7,002,000 for such systems. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

Language is also included allowing up to an additional \$30,000,000 to be made available for such expenses in certain circumstances as proposed by both the House and Senate.

#### GENERAL AND SPECIAL RISK PROGRAM ACCOUNT (INCLUDING TRANSFERS OF FUNDS)

Establishes a \$35,000,000 limitation on multifamily and specialized loan guarantees during fiscal year 2005 as proposed by the House and the Senate.

Appropriates \$10,000,000 for subsidy costs to support certain multifamily and special purpose loan guarantee programs as proposed by both the House and Senate.

Appropriates \$227,767,000 for administrative expenses, of which \$207,767,000 is for transfer to the salaries and expenses account and not to exceed \$20,000,000 is for transfer to the Office of Inspector General. The House proposed \$227,649,000 including transfers of \$207,767,000 and \$19,882,000, and the Senate proposed \$234,000,000 including transfers of \$214,000,000 and \$20,000,000.

Appropriates \$86,000,000 for administrative contract expenses, of which \$9,600,000 is for information technology systems. The House proposed \$86,000,000 including no less than \$9,600,000 for information technology systems and the Senate proposed \$81,600,000 including no less than \$5,200,000 for such systems. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

Language is also included allowing up to an additional \$14,400,000 to be made available for such expenses in certain circumstances as proposed by both the House and Senate.

Language is also included elsewhere in this title rescinding \$30,000,000 from prior year unobligated balances of credit subsidy appropriations. Both the House and Senate proposed this rescission.

#### GOVERNMENT NATIONAL MORTGAGE ASSOCIATION

##### GUARANTEES OF MORTGAGE-BACKED SECURITIES LOAN GUARANTEE PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$10,695,000 for administrative expenses to be transferred to the salaries and expenses account as proposed by the House instead of \$10,986,000 as proposed by the Senate.

#### POLICY DEVELOPMENT AND RESEARCH

##### RESEARCH AND TECHNOLOGY

Appropriates \$45,500,000 for research and technology instead of \$45,000,000 as proposed by the House and \$46,700,000 as proposed by the Senate.

The agreement includes \$7,000,000 for the Partnership for Advancing Technology in Housing (PATH) initiative as proposed by the House, instead of \$7,500,000 as proposed by the Senate. The conferees have included language which exempts \$3,500,000 of the funds available in the PATH program from the competitive requirements included in the Administrative Provisions under this title. The Senate had proposed to exempt the entire PATH program from this requirement. The conferees expect HUD to undertake an evaluation of the PATH program, including an assessment of the benefits or drawbacks of competitive requirements in this program.

The conferees reiterate the direction included in the Senate report denying demonstration authority without prior congressional approval.

#### FAIR HOUSING AND EQUAL OPPORTUNITY

##### FAIR HOUSING ACTIVITIES

Appropriates \$46,500,000 for this account instead of \$46,000,000 as proposed by the House and \$47,700,000 as proposed by the Senate.

Of this amount, \$26,500,000 is for the Fair Housing Assistance Program (FHAP) and \$20,000,000 is for the Fair Housing Initiatives Program (FHIP). The House proposed \$26,500,000 for FHAP and \$19,500,000 for FHIP. The Senate proposed \$27,000,000 for FHAP and \$20,700,000 for FHIP.

## OFFICE OF LEAD HAZARD CONTROL

## LEAD HAZARD REDUCTION

Appropriates \$168,000,000 for the lead hazard reduction program instead of \$167,000,000 as proposed by the House and \$175,000,000 as proposed by the Senate.

The conferees agree to allocate funds as follows:

—\$92,600,000 for the lead-based paint hazard control grant program to provide assistance to State and local governments and Native American tribes for lead-based paint abatement in private low-income housing;

—\$8,000,000 for Operation LEAP;

—\$9,500,000 for technical assistance and support to State and local agencies and private property owners;

—\$9,900,000 for the Healthy Homes Initiative for competitive grants for research, standards development, and education and outreach activities to address lead-based paint poisoning and other housing-related diseases and hazards; and

—\$47,000,000 for an initiative to target lead abatement funds to areas with the highest lead paint abatement needs.

The agreement includes bill language proposed by the House delegating authority and responsibility for performing environmental reviews for lead programs to governmental entities familiar with local environmental conditions.

The agreement includes modified language proposed by the Senate making available \$47,000,000 on a competitive basis to those areas with the highest lead paint abatement needs. The conferees reiterate concerns noted by the Senate regarding the problem of lead risks in housing and direct the Department to carry out the lead demonstration program according to terms specified in the Senate report and in the same manner as fiscal year 2004.

The conferees agree with Senate direction to the Department to continue mold and moisture initiatives within the Healthy Homes program and direct the Department to report to the Committees on Appropriations by March 1, 2005 on lessons learned and strategies for disseminating best practices on controlling and preventing household mold and moisture. The report should include a discussion of the unique needs in Native American housing.

## MANAGEMENT AND ADMINISTRATION

## SALARIES AND EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes language requiring funds provided under this heading to be allocated in the manner specified in the joint explanatory statement of the managers accompanying this Act unless the Committees on Appropriations are notified and approve of any changes in the operating plan or through a reprogramming. The object classification distribution, which shall also serve as the basis for operating plan and reprogramming changes, is as follows:

|                              |               |
|------------------------------|---------------|
| Personal Services .....      | \$912,409,000 |
| Travel and Transportation    |               |
| of Persons .....             | 17,031,000    |
| Transportation of Things ..  | 548,000       |
| Rent, Communications and     |               |
| Utilities .....              | 131,791,000   |
| Printing and Reproduction    | 2,740,000     |
| Other Services .....         | 48,058,000    |
| Supplies and Materials ..... | 4,687,000     |
| Furniture and Equipment      | 2,511,000     |
| Indemnities .....            | 225,000       |

The conference agreement does not include a specific allocation of funding and staffing among offices as was proposed in the House report. The conferees understand that adjustments to these allocations will be nec-

essary to remain within the funds appropriated in the account and to reflect the latest Resource Allocation and Estimation Process (REAP) studies. The conferees direct the Department to include in its operating plan a proposal to distribute the funds and FTE among offices based on these adjustments. Until the operating plan is approved by the Committees, the Department is to manage its staffing ceilings in accordance with the Corrective Action Plan completed in September, 2004.

*Public and Indian Housing Division of Quality Assurance.*—The conferees direct that the Department provide no less than 75 FTE to the Section 8 Quality Assurance Division within the Office of Public and Indian Housing.

*Operating Plans/Reprogramming Requirements.*—The conferees appreciate the need for management flexibility to allocate management and administrative resources or reorganize offices and programs to address changing requirements at the departments and agencies funded in the bill, including HUD. To provide such flexibility, while ensuring appropriate consultation and oversight, all Departments within the Subcommittee's jurisdiction are required to submit operating plans and reprogramming letters and reorganization proposals for Committee approval. The conferees reiterate that HUD is directed to follow the Committees' requirements regarding operating plans, reprogrammings and reorganizations as outlined in the House report. Unless otherwise specified in this Act or the accompanying report, the approved level for any program, project, or activity is that amount detailed for that program, project, or activity in the Department's annual detailed budget justification document. These requirements apply to all funds provided to the Department.

Includes language as proposed by the Senate placing a limitation on the number of GS-14 and GS-15 positions at the Department. The House did not propose similar language.

In lieu of the direction included in the Senate report requiring the Department to submit quarterly travel reports, the conferees direct HUD to report on all travel by Senate-confirmed Presidential Appointees (PAS) and non-career senior executive service personnel located at HUD headquarters beginning from October 1, 2004 through September 1, 2005, including all names, locations and costs. This report shall be submitted to the Senate and House Committees on Appropriations no later than September 15, 2005.

The conferees appreciate the Department's cooperation to make its fiscal year 2005 budget justification submission more useful and informative. The conferees reiterate the direction included in the House report regarding the fiscal year 2006 submission. Language is included again this year under Administrative Provisions requiring the fiscal year 2006 justification materials to be submitted in the traditional structure with sufficient detailed information to satisfy the Committees' needs.

## WORKING CAPITAL FUND

Appropriates \$270,000,000 for the Working Capital Fund instead of \$234,000,000 as proposed by the Senate and \$100,000,000 as proposed by the House.

In addition, the conference agreement includes \$51,725,000 in transfers from the following accounts to the Working Capital Fund as proposed by the House instead of \$23,762,000 as proposed by the Senate:

|                                                    |              |
|----------------------------------------------------|--------------|
| FHA, Mutual mortgage insurance fund .....          | \$15,000,000 |
| FHA, General and special risk insurance fund ..... | 9,600,000    |

|                                            |             |
|--------------------------------------------|-------------|
| Community development fund .....           | 3,465,000   |
| HOME investment partnerships program ..... | 2,000,000   |
| Homeless assistance .....                  | 2,500,000   |
| Public housing capital fund                | 10,150,000  |
| Native American Indian block grants .....  | \$2,600,000 |
| Tenant-based rental assistance .....       | 2,904,000   |
| Project-based rental assistance .....      | 2,000,000   |
| Housing for the elderly .....              | 450,000     |
| Housing for the disabled ....              | 450,000     |
| Interagency Services .....                 | 306,000     |
| Office of Inspector General                | 300,000     |

Modified language is included elsewhere in the Act to broaden the uses of these transferred funds to include departmental information technology needs as well as program specific needs. Language is also included, similar to language proposed by the Senate, to broaden the uses of previously appropriated program transfers to meet departmental information technology requirements. The House did not include similar language. Language is also included under the salaries and expenses account to allow the transfer of up to \$20,000,000 to the Working Capital Fund.

The conferees are concerned that delays in the successful award of a new contract for HUD's department-wide information technology infrastructure has resulted in the Department significantly overspending for outdated technology in fiscal year 2004, has created a potentially significant funding shortfall for fiscal year 2005, and has prohibited the Department from needed modernization to its infrastructure. The conference agreement includes additional funds above the levels proposed in the House and Senate and the budget request to cover a portion of the potential shortfall. The conferees expect the Department to use the funds provided to address its need for a modernized information technology infrastructure in a manner that is fiscally responsible and in the best interest of the Department, the Federal government and the taxpayer. The conferees expect the Department and the Office of Management and Budget to request sufficient funds in their fiscal year 2006 budget request to meet their information technology requirements.

The conferees reiterate the direction included in the House report on continued development and definition of a five-year information technology plan consistent with the format previously provided to the Department and direct such updated plan be submitted no later than February 1, 2005.

## OFFICE OF INSPECTOR GENERAL

## (INCLUDING TRANSFER OF FUNDS)

Appropriates \$104,000,000 for the Office of Inspector General instead of \$100,858,000 as proposed by the House and \$107,500,000 as proposed by the Senate. Of this amount, \$24,000,000 is provided by transfer from the various funds of the Federal Housing Administration as proposed by the House and the Senate.

## OFFICE OF FEDERAL HOUSING ENTERPRISE OVERSIGHT

## SALARIES AND EXPENSES

## (INCLUDING TRANSFER OF FUNDS)

Appropriates \$59,209,000 for the Office of Federal Housing Enterprise Oversight (OFHEO) to be derived from collections available in the Federal Housing Enterprise Oversight Fund as proposed by the House and the Senate.

Language proposed by the Senate is included requiring not less than 80 percent of the total amount made available under this

heading shall be used only for examination, supervision and capital oversight to ensure that the enterprises are operating in a financially sound manner and comply with statutory capital requirements.

The conferees have not included a Senate provision that holds back \$10 million until the Director is replaced through Senate confirmation. This deletion is not a vote of support; instead, the conferees believe that hiring decisions at this level belong to the President. Nevertheless, the conferees urge the President to take swift action in replacing the Director and his Deputy, both in consideration of the very poor decision making of these individuals over the last few years as well as the serious issues raised by the HUD IG's Report of Investigation (Case# SID-04-0034-I).

PUBLIC AND INDIAN HOUSING  
HOUSING CERTIFICATE FUND  
(RESCISSION)

Includes a rescission of \$1,557,000,000 from unobligated balances and recaptures from prior-year appropriations provided under this account or any other account in this title to be effected no later than September 30, 2005 as proposed by the House and in the budget request. The Senate proposed a rescission of \$2,588,172,000 to be effected no later than June 30, 2005.

Includes language proposed by the House making any balances governed by statutory reallocation provisions available for this rescission. The Senate did not include similar language.

Modified language is included, similar to language proposed by the House, to prohibit any recaptures from tenant-based and project-based rental assistance and any project-based rental assistance carryover from being used to augment calendar year 2005 funding for Section 8 vouchers. The Senate proposed language to allow recaptures and carryover to be used to augment 2005 tenant-based rental assistance funding.

Modified language is included, similar to language proposed in the House, allowing recaptures from amounts previously provided for project-based rental assistance to be used for amendments to project-based rental assistance contracts and for contract administrators. The Senate did not include similar language.

The conferees direct that a portion of this rescission be met by reducing public housing agencies' program reserves to no more than one week as assumed in the budget request.

The conference agreement does not include language proposed by the Senate to require that, to the extent funds are not available from unobligated balances and recaptures in the Housing Certificate Fund, all other accounts, programs, projects and activities in this Act are to be reduced on a proportionate basis except the Department of Veterans Affairs Medical Services account. The conference agreement does not include language proposed by the Senate to require that the Government Accountability Office (GAO) to audit of the availability of funds for recapture. The House did not include similar language.

DRUG ELIMINATION GRANTS FOR LOW-INCOME  
HOUSING  
(RESCISSION)

Includes a rescission of \$5,000,000 from prior year unobligated balances remaining in this account as proposed by both the House and Senate.

NATIVE AMERICAN HOUSING BLOCK GRANTS  
(RESCISSION)

Includes a rescission of \$21,000,000 from prior year balances of credit subsidy appropriations for the title VI loan guarantee pro-

gram as proposed by both the House and Senate.

INDIAN HOUSING LOAN GUARANTEE PROGRAM  
ACCOUNT  
(RESCISSION)

Includes a rescission of \$33,000,000 from prior year balances of credit subsidy appropriations for the section 184 loan guarantee program as proposed by both the House and Senate.

HOUSING PROGRAMS  
RENTAL HOUSING ASSISTANCE  
(RESCISSION)

Includes a rescission of up to \$675,000,000 from unobligated balances previously provided to fund amendment requirements for current State-aided, non-insured rental housing contracts as proposed by the House and Senate and included in the budget request.

FEDERAL HOUSING ADMINISTRATION  
GENERAL AND SPECIAL RISK PROGRAM ACCOUNT  
(RESCISSION)

Includes a rescission of \$30,000,000 from unobligated balances of prior year credit subsidy appropriations for the FHA multifamily and specialized programs as proposed by the House and Senate.

ADMINISTRATIVE PROVISIONS

Includes modified language regarding the distribution of certain HOPWA funds, similar to language proposed by the House and the Senate.

Includes language requiring all funds to be awarded competitively except as explicitly provided for otherwise in statute as proposed by the House. The Senate proposed similar language.

Includes language proposed by the House to require the Secretary to continue to provide project-based rental assistance for units in properties that are managed, owned, or disposed of by the Department if such properties are primarily occupied by elderly or disabled families, or contract for new project-based rental assistance with other owners if such properties are not preserved. The Senate proposed language to expand this to require that project-based rental assistance be continued for units in all properties or contract for new project-based rental assistance with other owners if such properties are not preserved.

Includes language as proposed by the Senate to permanently allow the Secretary to maintain and dispose of certain elderly and disabled projects upon foreclosure. The House included similar language.

Includes language proposed by the House setting forth requirements regarding the fiscal year 2006 budget justification submission to the Committees on Appropriations. The Senate did not include similar language.

Includes language proposed by the House requiring that, to the extent practicable, incremental section 8 vouchers previously provided for non-elderly disabled families should continue to be provided to other non-elderly disabled families upon turnover. The Senate included similar language elsewhere in this title.

Includes language as proposed by the House clarifying an equitable title issue in the section 202 program. The Senate did not include similar language.

Includes language proposed by the Senate requiring the Secretary to submit an annual report to the Committees on Appropriations regarding the number of Federally-assisted units under lease and the per unit costs to the Federal government of such units. The House did not include similar language.

Does not include language proposed by the Senate to expand the FHA hospital insur-

ance program to include the purchase of existing facilities. The House did not include similar language. The Government Accountability Office (GAO) is directed to conduct a review of the HUD FHA Hospital and Nursing Home Mortgage Insurance programs by August 15, 2005. The review is to be designed to assess the financial risk of the program to the insurance fund as well as to review the management and design of the program, including the nature of the relationship between HUD and HHS in approving insurance for hospital mortgages.

Does not include language proposed by the Senate to amend section 683(2) of the Housing and Community Development Act of 1972 to authorize service coordinators in section 811 projects. The House did not include similar language.

Includes language proposed by the Senate to amend the National Housing Act to make certain changes related to submission of mortgagors financial statements and the criteria and penalties for violations of certain requirements. The House did not include similar language.

Includes language proposed by the Senate to amend the Housing and Community Development Act of 1987 to expand the applicability of certain damages and remedies to include FHA-insured health care facilities. The House did not include similar language.

Includes language as proposed by the Senate to amend the National Housing Act to make certain changes to the Asset Control Area program. The House did not include similar language.

Includes language proposed by the Senate to amend the National Housing Act to make a technical correction to premium requirements for rehabilitation loans. The House did not include similar language.

Includes language proposed by the Senate to limit repayment of certain upfront premiums. The House did not include similar language.

Does not include language under Administrative Provisions as proposed by the Senate related to allocation of funds under the Partnership for Advancing Technology in Housing (PATH) but instead has addressed this matter under the Policy Development and Research account elsewhere in this title. The House did not include similar language.

Does not include language under Administrative Provisions as proposed by the Senate making technical corrections regarding the transfer of funds from the old Housing for Special Populations account, but instead has addressed this matter within the Housing for the Elderly and Housing for Persons with Disabilities accounts as proposed by the House.

Does not include bill language proposed by the Senate to limit the expenditure of housing funds on partisan election activities. The House did not include similar language. The conferees agree that no funds provided to the Department can be used by public housing authorities for partisan political activities.

Includes modified language, similar to language proposed by the Senate, regarding the treatment of athletic scholarships for purposes of determining eligibility for college students to receive subsidized rental assistance. The House did not include similar language.

Includes language as proposed by the Senate regarding the allocation of Native American Housing Block Grant funding among Native Alaskan recipients. The House did not include similar language.

Does not include language proposed by the Senate to allow public housing authorities to convert up to 50 percent of their section 8 voucher funding to project-based assistance. The House did not include similar language.

Does not include language proposed by the Senate to authorize the Secretary to transfer project-based assistance, debt, and income restrictions, notwithstanding current statutory prohibitions on such transfers. The House did not include similar language.

### TITLE III—INDEPENDENT AGENCIES

#### AMERICAN BATTLE MONUMENTS COMMISSION SALARIES AND EXPENSES

Appropriates \$41,100,000 for salaries and expenses as proposed by the House instead of \$46,100,000 as proposed by the Senate.

In addition, the conference agreement includes a separate appropriation of \$12,000,000 for the Commission's foreign currency fluctuations account to address declines in exchange rates instead of \$9,000,000 as proposed by the House. The Senate proposed to address these changes within the salaries and expenses account.

The conferees concur with the concerns expressed in the Senate report regarding the failure of the Office of Management and Budget (OMB) to address adequately foreign currency rate fluctuations for the Commission in its original budget submission or through a budget amendment. The conferees are concerned that the current OMB methodology for addressing fluctuations does not adequately address the impact of the volatility of such changes to smaller agencies such as the Commission. Therefore the conferees request that the Government Accountability Office review the past and current methodology used by OMB and the Commission and recommend changes if warranted to improve such estimates.

While the conference agreement has not included bill language proposed by the Senate, the conference agreement includes \$9,100,000 for the Normandy Interpretive Center. The conferees understand that exchange rate fluctuations may impact construction costs for the Center and expect the Commission's fiscal year 2006 budget request to include the necessary funds to accommodate such changes.

Language is included as proposed by the House allowing not to exceed \$7,500 for official reception and representation expenses. The Senate did not include similar language.

The conferees reiterate the direction in the House report regarding an annual report on the financial position of the World War II Memorial Fund.

#### FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

Appropriates \$12,000,000 to re-capitalize the Commission's foreign currency fluctuations account, instead of \$9,000,000 as proposed by the House. The Senate addressed this matter under the salaries and expenses account. The conference agreement reflects the latest estimate necessary to maintain Commission operations and activities based on current exchange rates.

#### CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

##### SALARIES AND EXPENSES

Appropriates \$9,100,000 instead of \$9,451,000 as proposed by the House and \$9,000,000 as proposed by the Senate. The amount proposed by the Senate had included \$400,000 for emergency funds. The conference agreement provides emergency funds as a separate account as proposed by the House, which is consistent with the fiscal year 2004 bill.

##### EMERGENCY FUND

Provides \$400,000 for an Emergency Fund as proposed by the House. The Senate had proposed a set-aside of \$400,000 as emergency funds in the salaries and expenses account.

#### DEPARTMENT OF THE TREASURY COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS

##### COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS FUND PROGRAM ACCOUNT

Appropriates \$55,522,000 for the community development financial institutions fund program account, instead of \$55,000,000 as proposed by the Senate and \$60,640,000 as proposed by the House.

Includes \$4,000,000 for technical assistance designed to benefit Native American communities as proposed by both the House and Senate.

Provides that up to \$14,900,000 to be used for administrative expenses as proposed by the Senate instead of \$15,321,000 as proposed by the House.

Provides for a cost limitation on direct loans of \$6,000,000 with \$250,000 for administrative expenses as proposed by both the House and Senate.

Provides for a limitation on the amount of direct loans of \$11,000,000 as proposed by both the House and Senate.

The conferees are in agreement that the Bank Enterprise Award program should be continued at not less than \$10,000,000 in fiscal year 2005.

#### CONSUMER PRODUCT SAFETY COMMISSION SALARIES AND EXPENSES

Appropriates \$62,650,000 as proposed by the House and the Senate. The conferees urge the CPSC to expand its relationship with the Home Safety Council and its Great Safety Adventure Program.

#### CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

The conference agreement appropriates \$577,884,000 for the Corporation for National and Community Service. The House had proposed \$572,000,000 and the Senate had proposed \$590,061,000.

#### NATIONAL AND COMMUNITY SERVICE PROGRAMS OPERATING EXPENSES (INCLUDING TRANSFER OF FUNDS)

The agreement provides \$545,884,000 for the Corporation for National and Community Service operating expenses, including the Trust. The House proposed \$541,000,000 for operating expenses and the Senate proposed \$558,311,000. The agreement provides \$290,000,000 for AmeriCorps State and National grants (authorized under subtitle C) and education awards only grants (authorized under subtitle H), plus an additional \$144,000,000 for the Trust, as proposed by the House. The Senate had proposed \$291,933,000 for AmeriCorps grants and \$150,500,000 for the Trust. Within amounts provided for the Trust, \$3,900,000 is for President's Freedom Scholarships and \$13,000,000 is to be held in reserve. Within the amount provided for AmeriCorps State and National grants, the conferees have provided up to \$55,000,000 for national direct grants, as proposed by the Senate. The total funding level for AmeriCorps grants and the Trust will support 70,000 new volunteers.

The agreement includes language proposed by the Senate which prohibits funds provided for quality and innovation activities to be used for salaries and related expenses attributable to Corporation employees. The conferees include bill language proposed by the House allowing up to one percent of grant funds to be used to defray the cost of conducting grant reviews. The conferees direct the Corporation to provide an estimate of the funds that would be used for this purpose in its fiscal year 2005 operating plan. The agreement also includes language proposed by the Senate regarding matching funds and in-kind contributions.

The conference agreement includes the following program levels:

|                                         | House        | Senate       | Conference   |
|-----------------------------------------|--------------|--------------|--------------|
| Learn and Serve .....                   | \$40,000,000 | \$43,000,000 | \$43,000,000 |
| National Civilian Community Corps ..... | 25,500,000   | 26,000,000   | 25,500,000   |
| Innovation and Demonstration .....      | 12,000,000   | 16,328,000   | 13,334,000   |
| Evaluation .....                        | 3,000,000    | 3,550,000    | 3,550,000    |
| State Commissions .....                 | 12,000,000   | 12,000,000   | 12,000,000   |
| Points of Light Foundation .....        | 9,700,000    | 10,000,000   | 10,000,000   |
| America's Promise .....                 | 4,800,000    | 5,000,000    | 4,500,000    |

The conferees direct that the increase provided for National Civilian Community Corps (NCCC) be used to address its most critical capital improvement needs at NCCC facilities.

The agreement reiterates the direction by the Senate that the Corporation report to the Committees on the impact of the two-term limitation on service. This report is to be submitted to the Committees no later than February 4, 2005.

The conferees provide \$13,334,000 for subtitle H grants, innovation, demonstration and assistance activities, with the funding distribution as follows: \$4,000,000 for challenge grants; \$1,500,000 for next generation grants; \$600,000 for MLK day grants; \$725,000 for the Service Learning Clearinghouse and Exchange; \$2,000,000 for TA; and \$4,509,000 for disability programs. The House proposed \$12,000,000 for subtitle H activities and the Senate proposed \$16,328,000.

The agreement modifies language proposed by the Senate directing the Corporation to comply with challenge grant requirements in the FY 2003 conference report by directing the Corporation also to allow past grant recipients to compete for challenge grants in FY 2005.

The conference agreement provides \$3,550,000 for audits and evaluations, as proposed by the Senate. The House had proposed \$3,000,000 for these activities. Audit and evaluation funds are to be distributed as follows (identical to the distribution proposed by the Senate): \$1,200,000 for performance measures; \$1,000,000 for a longitudinal study of volunteers; \$100,000 for national partners; \$150,000 for data archives; \$150,000 for indicator archives; \$450,000 for a capacity study; and \$500,000 to continue a National Academy of Public Administration study on the Corporation's leadership, operations and management.

The conferees have included bill language, identical to language that has been included in previous conference reports and proposed by the Senate, regarding Federal costs per participant and certain requirements for funds provided under subtitle C.

The agreement includes Senate language directing the Corporation to list in its budget justification recipients that have received more than \$500,000 and the amount and source of other Federal and non-federal funds received by each recipient.

#### SALARIES AND EXPENSES

Appropriates \$26,000,000 for salaries and expenses associated with the administrative activities of the Corporation. The House had proposed \$25,000,000 for this account, and the Senate had proposed \$25,500,000. The funding increase provided in this account is to be directed to ongoing personnel compensation and benefits needs and should not augment the current level of marketing and outreach activities.

#### OFFICE OF INSPECTOR GENERAL

Appropriates \$6,000,000 for Office of Inspector General, as proposed by the House instead of \$6,250,000 as proposed by the Senate. The conferees direct the Inspector General to continue to review the Corporation's management of the National Service Trust.

#### ADMINISTRATIVE PROVISIONS

The conference agreement continues a number of administrative provisions carried

in the fiscal year 2004 appropriations Act and proposed by both the House and the Senate, including: (1) language regarding qualified student loans eligible for education awards; (2) language regarding the availability of funds for the placement of volunteers with disabilities; and (3) language directing the Inspector General to levy sanctions in accordance with standard Inspector General audit resolution procedures, which include, but are not limited to, debarment of any grantee found to be in violation of AmeriCorps' program requirements, including using grant or program funds to lobby the Congress. In addition, the conference agreement continues an administrative provision proposed by the Senate and carried in the fiscal year 2004 appropriations Act, which requires the Corporation to ensure that significant changes to program requirements or policy are made only through public notice and comment rulemaking. The agreement also includes a provision carried in the fiscal year 2004 appropriations Act and proposed by the Senate prohibiting an officer or employee of the Corporation from disclosing any grant selection information to any person not authorized to receive such information.

#### U.S. COURT OF APPEALS FOR VETERANS CLAIMS

##### SALARIES AND EXPENSES

Appropriates \$17,250,000 for salaries and expenses instead of \$17,623,000 as proposed by the Senate and \$16,725,000 as proposed by the House. Both the House and the Senate provided \$1,100,000 for the pro bono program.

The conferees are in agreement that the Court shall work with the General Services Administration (GSA) on a feasibility study to evaluate the Court's space needs and the options to meet those needs. The results of this feasibility study shall be provided to the Committees on Appropriations of the House and Senate. The Court is authorized only to enter into agreement with GSA for a feasibility study and is specifically prohibited from undertaking a Program Development Study or any other action beyond the feasibility study at this time. The Committees on Appropriations will address the need for follow-on studies and possible construction milestones in future legislation and reports.

#### DEPARTMENT OF DEFENSE—CIVIL

##### CEMETERY EXPENSES, ARMY

##### SALARIES AND EXPENSES

Appropriates \$29,600,000 for salaries and expenses as proposed by the House and Senate. The conferees reiterate the direction included in the House report regarding the Cemetery's automation project with the report due no later than December 15, 2004, and request that such plan be updated in the fiscal year 2006 budget submission.

#### DEPARTMENT OF HEALTH AND HUMAN SERVICES

##### NATIONAL INSTITUTES OF HEALTH

##### NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

Appropriates \$80,486,000 as proposed by the House and the Senate.

#### AGENCY FOR TOXIC SUBSTANCES AND DISEASE REGISTRY

##### TOXIC SUBSTANCES AND ENVIRONMENTAL PUBLIC HEALTH

Appropriates \$76,654,000 for toxic substances and environmental public health as proposed by both the House and Senate.

#### ENVIRONMENTAL PROTECTION AGENCY

The conference agreement includes \$8,088,189,000 for programs administered by the Environmental Protection Agency. This is an increase of \$335,120,000 above the amount provided in the House bill and \$412,219,000 below the level in the Senate bill.

The conferees direct EPA to round all programs to the nearest thousand dollar in the budget submission for fiscal year 2006.

#### SCIENCE AND TECHNOLOGY

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$750,061,000 for science and technology instead of \$729,029,000 as proposed by the House and \$758,179,000 as proposed by the Senate. Additional resources of \$36,097,000 are transferred to this account from the Hazardous Substance Superfund for a total resource level of \$786,158,000 for Science and Technology.

The conferees have agreed to specific Agency program levels as follows:

|                                                 | House       | Senate       | Conference  |
|-------------------------------------------------|-------------|--------------|-------------|
| Arsenic Removal Research .....                  | \$4,274,000 | \$10,000,000 | \$8,274,000 |
| Building Decon. Research .....                  | 4,000,000   | 0            | 0           |
| Clean Air Allowance Trading Prog. ....          | 4,750,000   | 9,000,000    | 9,000,000   |
| Fed. Vehicle and Fuels Standards .....          | 58,000,000  | 63,000,000   | 58,000,000  |
| Indoor Air: Radon Program .....                 | 399,000     | 0            | 399,000     |
| Indoor Air: Schools and Workplace .....         | 906,000     | 0            | 850,000     |
| Pesticides: Registration of New Pest. ....      | 2,403,000   | 2,265,000    | 2,403,000   |
| Pesticides: Review/Registration .....           | 2,417,000   | 2,370,000    | 2,417,000   |
| Research: Air Toxics .....                      | 17,639,000  | 17,000,000   | 17,000,000  |
| Research: Computational Toxicology .....        | 13,029,000  | 11,805,000   | 11,805,000  |
| Research: Drinking Water .....                  | 44,500,000  | 46,118,000   | 44,500,000  |
| Research: Endocrine Disruptor .....             | 10,887,000  | 10,000,000   | 10,000,000  |
| Research: Global Change .....                   | 20,690,000  | 20,000,000   | 20,000,000  |
| Research: Human Health and Eco. ....            | 177,408,000 | 170,000,000  | 177,408,000 |
| Research: Land Protection and Restoration ..... | 8,842,000   | 9,000,000    | 9,000,000   |
| Research: Particulate Matter .....              | 59,000,000  | 62,000,000   | 61,000,000  |
| Research: Troposphere Ozone .....               | 4,901,000   | 4,000,000    | 4,000,000   |
| Research: Water Quality .....                   | 45,000,000  | 46,810,000   | 45,000,000  |

The conferees have agreed to the following increases above the budget request:

1. \$2,450,000 for EPSCoR;
2. \$3,900,000 for the Water Environmental Research Foundation;
3. \$4,900,000 for the American Water Works Association Research Foundation;
4. \$1,950,000 for the National Decentralized Water Resource Capacity Development Project, in coordination with EPA, for continued training and research and development program;
5. \$1,000,000 to the Florida Department of Citrus to provide for the manufacture of an adequate amount of abscission chemical compound for testing and to provide for any comprehensive environmental and toxicological studies and other relevant research required by the Federal Government in order to register this product for use as an abscission chemical agent for citrus;
6. \$1,500,000 for the Mickey Leland National Urban Air Toxics Research Center in Houston, Texas;
7. \$1,500,000 for the clean automotive technology program for advanced diesel, hybrid, and high efficiency, low emission vehicle development;
8. \$500,000 for the Consortium for Plant Biotechnology Research;
9. \$500,000 for the New England Green Chemistry Consortium;
10. \$200,000 to the Arkansas State University in Jonesboro, Arkansas for the Delta Center for water quality;
11. \$150,000 to the University of Arkansas for environmental resource management to develop watershed technologies and management tools;
12. \$350,000 to the University of California Riverside for the Center for Environmental Research and Technology in Riverside, California.

13. \$200,000 to Florida International University for Research activities in the greater Everglades in Miami, Florida;

14. \$250,000 for the Florida Gulf Coast University for the Novel Early Detection and Detoxification Technologies for Toxic Red Tide in Fort Myers, Florida;

15. \$200,000 for New College, Florida for ecotoxicology training;

16. \$750,000 for the University of South Florida Study, Protection and Amelioration of Coastal Environments;

17. \$200,000 for the management of waste from navigating vessels in U.S. tidal waters;

18. \$250,000 for the Iowa Foundation for Education Administration for the Bus Emissions Education Program;

19. \$100,000 to the Metropolitan Mayors Caucus for the Clean Air Counts Campaign in Chicago land Metropolitan Area, Illinois;

20. \$1,000,000 for the Karmanos Cancer Institute to create a National Center for Vermiculite-Related Cancers in the Detroit metropolitan area;

21. \$400,000 to the Lawrence Technology University for sustainable alternative energy technologies Green Building in Southfield, Michigan;

22. \$750,000 to the National Center for Manufacturing Sciences for Life Cycle Analysis in Ann Arbor, Michigan;

23. \$1,250,000 to the National Center for Manufacturing Sciences for the sustainable produce initiative in Ann Arbor, Michigan;

24. \$200,000 to Green Hills Regional Planning in Princeton, Missouri for the Biomass Processing System;

25. \$150,000 for the University of Nebraska for the Nebraska Water Resources Model in Lincoln, Nebraska;

26. \$250,000 to Ramapo College in Mahwah, New Jersey for a new Sustainability Education Center;

27. \$150,000 to the State University of New York at Brockport for the Center of Excellence for Great Lakes Research;

28. \$450,000 to the State University of New York Environmental School of Forestry for research and demonstration of contaminant mitigation strategies for rural/suburban runoff affecting water quality along the rural-urban interface in Central New York watersheds;

29. \$500,000 to the Center for Environmental Information in Rochester, New York for continued research, planning and environmental remediation for the Lake Ontario Coastal Initiative;

30. \$7,000,000 for the Environmental Systems Center of Excellence at Syracuse University for research and technology transfer in the fields of indoor environmental quality and urban ecosystems sustainability;

31. \$750,000 to the Syracuse Research Corporation in Syracuse, New York for a Microbial Risk Assessment Center;

32. \$1,500,000 to Onondaga County's Metropolitan Water Board for a demonstration project to determine the feasibility of bringing naturally chilled water from Lake Ontario to Onondaga and Oswego County;

33. \$300,000 to the State University of New York Environmental School of Forestry for training, education and research related to the Summer Eco-Science Camp Initiative;

34. \$500,000 to Alfred University, New York for the Center for Environmental and Energy Research;

35. \$575,000 to Orbital Research Inc., Fuel Efficient Diesel Sensor for Advanced Vehicle Emission Reduction (FED-SAVER), for research that may reduce fuel consumption and will help diesel engines meet EPA standards, Ohio;

36. \$600,000 to the Ohio Air Quality Development Authority/Ohio Coal Development Office for research and development of the Jupiter Oxy-Fuel Technology, Ohio;

37. \$650,000 to the University of Toledo for the Lake Erie Center in Toledo, Ohio;

38. \$250,000 to the University of Tulsa, University of Oklahoma, University of Arkansas, and Oklahoma State University for the Integrated Petroleum Environmental Consortium;

39. \$100,000 for the Oregon Department of Human Services for the View Master Water Contamination Study in Washington County, Oregon;

40. \$225,000 for California University of Pennsylvania for the Monongahela Valley River Research Project in California, Pennsylvania;

41. \$200,000 to the Middle Tennessee State University for research in Development and Transmission of Emerging Diseases;

42. \$500,000 for the University of Houston, Texas for the GulfStar Grid Program in Houston, Texas;

43. \$1,700,000 for the Canaan Valley Institute to continue to develop a regional sustainability support center and coordinated information system in the Mid-Atlantic Highlands;

44. \$1,000,000 for the Canaan Valley Institute in close coordination with the ORD Restoration Plus program to demonstrate, validate and report on critical ecological hubs and corridors within the Mid-Atlantic Highlands and approaches to Highlands ecological prioritization, restoration and conservation Research and educational tools are to be developed using integrative technologies to predict future environmental risks and support informed, proactive decision-making to be undertaken in conjunction with the Highlands Action Program;

45. \$650,000 to the Polymer Alliance Zone's MARCEE Initiative with oversight provided by the Office of Solid Waste;

46. \$250,000 for Carnegie Mellon University's Sustainable Oxidation Chemistry Clean Water Project;

47. \$500,000 for Utah State University to continue monitoring and assessment activities related to freshwater ecosystems;

48. \$2,100,000 for the Mine Waste Technology program at the National Environmental Waste Technology, Testing, and Evaluation Center;

49. \$400,000 to enhance and improve EPA's Tribal Portal program, and to implement this program on a nationwide basis;

50. \$750,000 for the Environmental Lung Disease Center at the National Jewish Medical Center;

51. \$500,000 for the University of Maine-Orono to develop Source Water Warning and Analysis Technology;

52. \$1,500,000 for Boise State University to continue research on multi-purpose sensors to detect and analyze contaminants and time-lapse imaging of shallow subsurface fluid flow;

53. \$500,000 for the North Carolina State University Turfgrass Research Center;

54. \$2,000,000 for the National Environmental Respiratory Center at the Lovelace Respiratory Research Institute in New Mexico;

55. \$1,000,000 for the Desert Research Institute for western Nevada regionally-based clean water activities;

56. \$1,000,000 for the University of Tennessee at Knoxville Natural Resources Policy Center;

57. \$1,000,000 for the University of Louisville/Illinois Waste Management and Research Center;

58. \$750,000 for the Integrated Petroleum Environmental Consortium [IPEC];

59. \$1,000,000 for the water and wastewater training program at the Alabama Department of Environmental Management;

60. \$1,000,000 for the Center for Estuarine Research at the University of South Alabama;

61. \$425,000 for the Connecticut River Airshed-Watershed Consortium;

62. \$425,000 for the Center for the Study of Metals in the Environment;

63. \$900,000 for the Center for Air Toxic Metals at the Energy and Environmental Research Center;

64. \$700,000 for Clean Air Counts of Northeastern Illinois to develop an innovative and cost effective method to reduce smog-causing emissions in the Chicago metropolitan region—the funding will provide support for an ongoing partnership involving EPA, the Metropolitan Mayors Caucus, Illinois EPA, and the Delta Institute;

65. \$200,000 for acid rain research at the University of Vermont;

66. \$200,000 for the University of Vermont's Proctor Maple Research Center to continue mercury deposition monitoring effects;

67. \$500,000 for the University of Vermont's Aiken Center Greening Initiative;

68. \$700,000 for Families in Search of the Truth to investigate the incidence of cancer in Fallon, Nevada;

69. \$500,000 for the demonstration of an integrated approach to perchlorate remediation and treatment in the City of Rialto, California;

70. \$200,000 for the Central California Ozone Study;

71. \$700,000 for Southeastern Louisiana University for the Turtle Cove research station;

72. \$200,000 for the State of New Jersey's Smart Growth Initiative;

73. \$200,000 for ecology research at Fordham University;

74. \$200,000 for expansion of the Roots and Shoots program headquartered at Western Connecticut State University;

75. \$200,000 for water resource modeling at the University of Nebraska-Lincoln;

76. \$1,500,000 for the Healy Zero Air Emission Technology;

77. \$1,000,000 for the Donald Danforth Plant Science Center in St. Louis, Missouri for a Parasitic Nematodes Controls research project designed to reduce pesticide use; and

78. \$1,000,000 to the Missouri Pork Producers Federation for development of technology and creation of Innoventor process to decrease environmental impacts of animal waste by conversion into energy sources.

The conferees have included bill language to authorize \$1,000,000 to be transferred from EPA to the Council on Environmental Quality for an environmental study.

The conferees direct EPA to fund the fellowship programs including the STAR fellowships at as close as possible to the fiscal year 2004 level.

The conferees direct EPA to continue its technology transfer activities initially funded in fiscal year 2000 at not less than the current level of support and that those activities be carried out through the West Virginia High Technology Consortium Foundation.

The conferees agree that funding provided under this heading in H. Report 108-401 for project #57 should be redirected to the Montana Physical Sciences Foundation to research pilot scale enzyme catalyzed processes.

There is no general reduction to this account.

#### ENVIRONMENTAL PROGRAMS AND MANAGEMENT

Appropriates \$2,313,409,000 for environmental programs and management instead of \$2,241,476,000 as proposed by the House and \$2,310,263,000 as proposed by the Senate.

The conference agreement does not include the language proposed by the House to make funds available for Public Law 108-199 to carry out paragraph (c)(12) of section 118 of

the Federal Water Pollution Control Act, to remain available until September 30, 2007.

The conferees have agreed to specific Agency program levels as follows:

|                                                  | House       | Senate      | Conference  |
|--------------------------------------------------|-------------|-------------|-------------|
| Alternative Dispute Resolution .....             | \$1,015,000 | \$937,000   | \$937,000   |
| Brownfields .....                                | 23,000,000  | 25,000,000  | 25,000,000  |
| Climate Protection Program .....                 | 91,961,000  | 90,849,000  | 90,849,000  |
| Commission for Environmental Coop .....          | 3,949,000   | 3,881,000   | 3,881,000   |
| Compliance Assistance and Centers .....          | 27,759,000  | 37,000,000  | 27,759,000  |
| Compliance Incentives .....                      | 9,195,000   | 9,035,000   | 9,035,000   |
| Congressional, Intergovernmental .....           | 48,366,000  | 46,415,000  | 46,415,000  |
| Criminal Enforcement ..                          | 31,370,000  | 54,450,000  | 39,370,000  |
| Drinking Water Programs .....                    | 94,000,000  | 95,000,000  | 94,000,000  |
| Enforcement Training ..                          | 3,302,000   | 6,000,000   | 3,302,000   |

There is no general reduction to this account.

The conferees have agreed to the following increases to the budget request:

1. 8,000,000 for the criminal enforcement;
2. 2,000,000 for EPA Region 10 for environmental compliance;
3. \$18,375,000 for rural water technical assistance activities and groundwater protection with distribution as follows: \$9,800,000 for the National Rural Water Association; \$3,900,000 for Rural Community Assistance program, to be divided equally between assistance for water programs and assistance for wastewater programs; \$735,000 for Ground Water Protection Council; \$1,960,000 for Small Flows Clearinghouse; \$980,000 for the National Environmental Training Center; and \$1,000,000 for the Water Systems Council Wellcare Program.
4. \$980,000 for the National Biosolids Partnership Program;
5. \$2,000,000 for source water protection programs;
6. \$2,940,000 for EPA's National Computing Center to provide for the remote mirroring of all critical information and related systems to achieve a Continuity of Operations (COOP)/Disaster Recovery capability.
7. \$5,000,000 for America's Clean Water Foundation for implementation of on-farm environmental assessments for livestock operations;
8. \$5,000,000 to support a demonstration project for deployment of idle reduction technology including advanced truck stop electrification, as part of the Agency's Smartway Transport Program.
9. \$1,000,000 for the Lake Pontchartrain Basin Restoration Program for a total of \$2,000,000;
10. \$200,000 for the Northeast States for Coordinated Air Use Management [NESCAUM];
11. \$200,000 for the Northeast Waste Management Officials Association [NEWMOA];
12. \$1,540,000 for the Lake Champlain Basin program, for a total of \$2,500,000;
13. \$1,823,000 for the Long Island Sound program, for a total of \$2,300,000;
14. \$2,000,000 for Chesapeake Bay small watershed grants. The Committee expects that the funds provided for this program, managed by the Fish and Wildlife Foundation, shall be used for community-based projects including those that design and implement on the ground and in the water environmental restoration or protection activities to help meet Chesapeake Bay program goals and objectives. This will result in a total of \$22,817,000 available in fiscal year 2005 for the Chesapeake Bay program.
15. \$1,000,000 to the Environmental Monitoring and Assessment Program within the State of Alaska;
16. \$100,000 to the Salton Sea Authority in Salton Sea, California for air quality mitigation projects;
17. \$250,000 to Calleguas Municipal Water for the Calleguas Creek Watershed Management Plan Implementation in Ventura County, California;
18. \$100,000 to the University of Redlands in California for the Salton Sea Database;
19. \$300,000 for the City of Highland, California for developing and implementing displays and exhibits for the City of Highland Environmental Learning Center;
20. \$200,000 for the Operation Clean Air Advocates, Inc. in San Joaquin Valley, California for Operation Clean Air;
21. \$100,000 for the California State University-Fullerton, California for the National Center for Water Hazard Mitigation;
22. \$175,000 to the Central California Ozone Study;
23. \$100,000 to the University of Connecticut Health Center to implement a model asthma intervention program for the State of Connecticut;
24. \$250,000 to the University of North Florida for the Real-Time Regional Environmental Modeling in Jacksonville, Florida;
25. \$900,000 to Osceola County, Florida for abatement and prevention of hydrilla and hygonilla;
26. \$150,000 to the Spokane Region Chamber of Commerce for the Rathdrum Prairie/Spokane Valley Aquifer Study in Spokane County, Idaho;
27. \$1,700,000 to Boise State University for research projects aimed at developing and demonstrating multi-purpose sensors to detect and analyze contaminants and time-lapse imaging of shallow subsurface fluid flow;
28. \$300,000 for the Selenium Information System Project at the Idaho National Engineering and Environmental Laboratory;
29. \$100,000 to the City of Rexburg, Idaho for the Teton River Mill Site Redevelopment and Learning Project;
30. \$150,000 to the City of Chicago, Illinois for the Beach Contamination Identification/Elimination Study;
31. \$100,000 for PRIDE in the 2nd District of Kentucky for PRIDE in the Heartland of Kentucky;
32. \$500,000 to the Olmsted Parks Conservancy in Louisville, Kentucky to remove invasive species and correct erosion in Cherokee and Seneca Parks;
33. \$1,000,000 to the Olmsted Parks Conservancy in Louisville, Kentucky to correct riverbank erosion in Chickasaw Park;
34. \$550,000 to the Olmsted Parks Conservancy in Louisville, Kentucky to correct erosion in Iroquois Park;
35. \$850,000 to the Louisville Waterfront Development Corporation, Kentucky for anti-erosion strategies;
36. \$200,000 to the Louisiana State University in Shreveport, Louisiana for the Red River Watershed Management Institute;
37. \$100,000 to Prince George's County, Maryland for the Low Impact Development demonstration project in the Anacostia River Watershed;
38. \$100,000 to Wayne County, Michigan for the Lead Prevention Initiative;
39. \$100,000 to Wayne County, Michigan for the lead prevention initiative;
40. \$200,000 for the Michigan Biotechnology Institute in East Lansing, Michigan for the Michigan Biotechnology Institute International's Nanocomposite Surfaces;
41. \$100,000 to the New Hampshire Department of Environmental Services to develop a statewide water resources management plan;
42. \$250,000 to the Ten Towns Great Swamp Watershed Management Committee in New Jersey for a water quality monitoring program in the Great Swamp National Refuge;
43. \$100,000 to Monmouth University for the Coastal Watershed Program in West Long Branch, New Jersey;
44. \$150,000 for Monmouth University for the Center for Coastal Watershed Management in West Long Beach, New Jersey;
45. \$200,000 to Madison County, New York for the Landfill Gas to Electricity Project;
46. \$250,000 for the New York University in Bronx, New York for health disparity studies;
47. \$1,500,000 for continued work on water management plans for the Central New York Watersheds in Onondaga and Cayuga counties;
48. \$750,000 to Cortland County, New York for continued work on the aquifer protection plan, of which \$350,000 is for continued implementation of the comprehensive water quality management program in the Upper Susquehanna Watershed;
49. \$250,000 to Wayne County, New York for continued work on a county-wide lakeshore embankments resource preservation and watershed enhancement plan;
50. \$300,000 for the NADO (National Association of Development Organizations) Research Foundation for environmental training and information dissemination related to rural brownfields, air quality standards and water infrastructure;
51. \$200,000 to the Ohio River Valley Water Sanitation Commission for the Ohio River Watershed Pollutant Reduction Program;
52. \$250,000 to Lake Erie Coastal Ohio for planning, research, and analysis of coastal Lake Erie community, environmental, and educational efforts;
53. \$200,000 to the Oklahoma State University, the University of Oklahoma, the University of Tulsa, and the University of Arkansas for the Integrated Petroleum Environmental Consortium in Tulsa, Oklahoma;
54. \$1,500,000 to the American Cities Foundation (ACF) for the Neighborhood Environmental Action Team program and other community environmental efforts;
55. \$700,000 to Caribbean American Mission for Education Research and Action, Inc. (CAMERA), to support a youth environmental stewardship program in Bala Cynwyd, Pennsylvania;
56. \$700,000 to the Environment and Sports Inc., of Philadelphia to continue support of an environmental awareness program in Philadelphia, Pennsylvania;
57. \$350,000 for the Concurrent Technologies Corp for the Small Partner Environmental Information Exchange Network;
58. \$100,000 to Cabrini College in Radnor, Pennsylvania for the Center for Science Education and Technology;
59. \$100,000 to the University of Memphis for Environmental Programs Hazard Management in Memphis, Tennessee;
60. \$250,000 to the Tarrant County Watershed District in Tarrant County, Texas to develop and implement an integrated watershed protection plan;
61. \$750,000 to the University of Texas at Austin for environmental resource management and technical assistance activities for the Rio Bravo-Rio Grande Physical Assessment Program;
62. \$250,000 to the University of North Texas for the Texas Institute for Environmental Assessment and Management;
63. \$200,000 to the City of Lubbock, Texas for a comprehensive study to address regional water and wastewater concerns;
64. \$75,000 to the Brazos River Authority for the Brazos/Navasota Watershed Management Project in Texas;
65. \$200,000 to the Puget Sound Action Team of Hood Canal, Washington for the Hood Canal Depleted Oxygen Study;
66. \$100,000 for the Spokane Regional Chamber of Commerce for the Spokane Valley/Rathdrum Prairie Aquifer Study;
67. \$200,000 to the Upper Kanawha Valley Enterprise Community for the Shrewsbury Riverbank Erosion Project in Shewsbury, West Virginia;
68. \$2,000,000 for on-going activities at the Canaan Valley Institute, including activities relating to community sustainability;
69. \$1,500,000 to support and implement the Highlands Action Program (HAP) of the Agency, including, but not limited to, federal personnel and related costs;
70. \$150,000 for Marshall University, Center for Environmental, Geotechnical and Applied Sciences for Environmental Management Incubator in Huntington, West Virginia;
71. \$200,000 to the City of Cedarburg, Wisconsin for ongoing surface water treatment and general environmental remediation of Cedar Creek;
72. \$4,000,000 for the Small Public Water System Technology Centers at Western Kentucky University, the University of New Hampshire, the University of Alaska-Sitka, Pennsylvania State University, the University of Missouri-Columbia, Montana State

University, the University of Illinois, and Mississippi State University;

73. \$500,000 for the City of Boulder's Sustainability Center;

74. \$300,000 for the State Review of Oil and Natural Gas Environmental Regulations [STRONGER] program;

75. \$200,000 for the Utah Watershed Coordinator's Council;

76. \$250,000 for the City of Covington Riverfront Planning Project in Covington, Kentucky;

77. \$600,000 for the University of Southern Mississippi's Gulf of Mexico program to evaluate bacterial source tracking in three Gulf Coast watersheds;

78. \$350,000 for the Greater Houston Partnership/Houston Advanced Research Center for an air quality study;

79. \$400,000 to the Baylor University for a Lake Whitney comprehensive assessment;

80. \$1,500,000 for the Rathdrum Prairie/Spokane Valley Aquifer study with matching funds to be provided by the State of Idaho and Washington;

81. \$300,000 for the Selenium Information System project at the Idaho National Engineering and Environmental Laboratory;

82. \$2,500,000 for the Southwest Center for Environmental Research and Policy;

83. \$500,000 for the Lake Tahoe Environmental Improvement program;

84. \$1,000,000 for the City of Maryville, Tennessee to implement an environmental protection and education project;

85. \$250,000 for the Center for Environmental Citizenship at Luther College in Decorah, Iowa;

86. \$250,000 for a comprehensive storm and irrigation-water management initiative for Orem, Utah;

87. \$5,000,000 for the Oklahoma Department of Environmental Quality for ongoing surface water treatment and general environmental remediation in collaboration with other involved state and Federal entities of the effects of mine-waste tailings in the Tar Creek and Spring Creek watersheds and area in Ottawa County, Oklahoma;

88. \$500,000 for the U.S.-Mexico Border Environmental Protection program at the University of Arizona;

89. \$600,000 for the Western Kentucky University Center for Wastewater Research;

90. \$400,000 for the Green River Biological Diversity Monitoring project at Western Kentucky University;

91. \$300,000 for Auburn University to develop a Mobile Delta Initiative;

92. \$750,000 for the City of Wilsonville, Oregon to develop an innovative rainwater management system;

93. \$500,000 for the Ozarks Environmental and Water Resources Institute at Southwest Missouri State University;

94. \$750,000 for the Lake Pontchartrain Basin Foundation for Lake Pontchartrain water quality improvement;

95. \$250,000 for the Maryland Bureau of Mines for an acid mine drainage remediation project;

96. \$1,000,000 for projects demonstrating the benefits of Low Impact Development along the Anacostia Watershed in Prince Georges County, Maryland, including

97. \$500,000 for storm drains and trash traps;

98. \$750,000 for the City of Waukesha, Wisconsin, for a radium removal research and study project;

99. \$250,000 for the Northwest Straits Commission for Washington State University's beach watchers program;

100. \$500,000 for the Columbia Basin Groundwater Management Area;

101. \$300,000 for the Walker Lake Working Group in Nevada for scientific, analytical,

and other technical assistance to evaluate solutions for the restoration of Walker Lake;

102. \$250,000 for the Friends of Old Maui School and Community Work Day in Hawaii for environmental assessments;

103. \$350,000 for the County of Hawaii for the Honomolino Irrigation Cooperative surface and ground water project;

104. \$250,000 for the Hawaii Nature Center East Kauai watershed improvement initiative;

105. \$500,000 for the Metropolitan Water District of Southern California for a study of the effectiveness of biological treatment for the removal of perchlorate from groundwater;

106. \$250,000 for the Fresno County Council of Governments in California for a non-point source water quality management program;

107. \$500,000 for the Storm Lake, Iowa, water quality project;

108. \$250,000 for the Iowa Stormwater Runoff Council for the development and implementation of improved urban stormwater control practices;

109. \$300,000 for the Vermont Department of Agriculture Steven's Brook watershed project;

110. \$250,000 for the City of Warwick, Rhode Island, for design and engineering of the Potowomut wastewater collection system;

111. \$400,000 for the City of Las Vegas, New Mexico, for a mechanical biological treatment initiative;

112. \$750,000 for the University of West Florida's PERCH program;

113. \$400,000 for the County of Ventura, California, Calleguas Creek Watershed Management Plan;

114. \$400,000 for a storm water research initiative at the University of Vermont;

115. \$700,000 for Plimoth Plantation in Plymouth, Massachusetts, for environmental education initiatives;

116. \$400,000 for the City of Norwalk, Connecticut, for the FILTER project to prevent runoff into the Long Island Sound;

117. \$500,000 for the State of Nevada to replace or retrofit school buses to lower emissions;

118. \$250,000 for Chautauqua County, New York, for a sewerage mapping project;

119. \$400,000 for the Right Place in Grand Rapids, Michigan, for the West Michigan Regional Sustainable Manufacturing Initiative;

120. \$400,000 for Deschutes County, Oregon, for the Upper Deschutes River water quality and monitoring program;

121. \$200,000 for pollution prevention of Wreck Pond and nearby beaches in Spring Lake, New Jersey;

122. \$200,000 for the City of Vineland, New Jersey, for the demonstration of an environmentally sound disabled vehicle removal pilot project;

123. \$400,000 for the King County, Washington, molten fuel cell demonstration project;

124. \$200,000 for the North Carolina Rural Economic Development Center for a statewide water and wastewater assessment;

125. \$750,000 for continued research and watershed activities at the Kenai River Center in Kenai, Alaska;

126. \$375,000 for regional haze monitoring in the State of Alaska;

127. \$1,500,000 to the Environmental Resources Coalition for the Southwest Missouri Water Resources Assessment Project; and

128. \$1,000,000 for the Missouri Department of Natural Resources for the Low Sulfur Coal Emissions Reduction Pilot Project.

The Conference has included \$8,000,000 more than the budget request for EPA Criminal Enforcement for a total of \$39,370,000 for FY05, an increase of a little more than \$8,000,000 above the 2004 level. The Conference believes that a strong criminal en-

forcement program is essential to reducing pollution and protecting public health. The Conference believes that the EPA does not devote adequate resources to the program, which has led to staffing declines and case backlogs. The Conference directs EPA to submit to the House and Senate Committees on Appropriations a plan to reduce case backlogs and ensure adequate resources and staffing levels by March 15, 2005. In addition to this increase, the conference agreement includes sufficient funds to maintain the level of staffing at other enforcement activities throughout the agency at not less than the fiscal year 2004 level.

The Conferees consider that a strong relationship between EPA and the Department of Homeland Security (DHS) is critical if the Nation is going to have a comprehensive and effective plan for protecting our homeland. The conferees understand that the EPA has negotiated two memorandums of understandings (MOUs) with DHS. The first, between DHS and EPA's Office of Research and Development, provides for joint research projects. The second, between DHS and EPA's Office of Air and Radiation, is designed to provide coordination and funding for field operations of the biowatch monitoring network. Nevertheless, the Conferees remain concerned that the Agency's responsibilities as to homeland security are not well articulated. Therefore, the Conferees direct EPA to enter into a comprehensive MOU with DHS no later than August 1, 2005 that will define the relationship and responsibilities of these entities with regard to the protection and security of our Nation. The Conferees expect the MOU to specifically identify areas of responsibilities and the potential costs (including which entity pays, in whole or part) for fully meeting such responsibilities. EPA shall submit to the House and Senate Committees on Appropriations a plan no later than September 15, 2005 that details how the agency will meet its responsibilities under the MOU, including a staffing plan and budget.

The conference agreement provides the budget request of \$2,000,000 for the Water Information Sharing and Analysis Center (Water ISAC) to gather, analyze, and disseminate sensitive security information to water and wastewater systems. The conferees direct that the Water ISAC shall be implemented through a grant to the Association of Metropolitan Water Agencies.

The conferees have, within available funds, provided \$2,000,000 for nine Environmental Finance Centers, the same as for fiscal year 2004.

The conferees have provided the full budget request for the Endocrine Disruptor Screening Program. The High Production Volume (HPV) Chemical Challenge Program and the Voluntary Children's Chemical Evaluation Program have been funded at the fiscal year 2004 level and the conferees urge that no reductions be proposed in the operating plan submission for these important programs.

The conferees support EPA's promotion of environmental management systems (EMSs), codes established by a variety of industry sectors to ensure superior environmental performance, and urge the agency to examine additional regulatory incentives to be provided to organizations that have implemented an EMS.

The conferees have also provided the fiscal year 2004 appropriation level for activities and programs of the Office of Pesticide Programs (OPP).

The conferees direct EPA to provide for the Pesticide Applicator Training program the same amount as available in fiscal year 2004.

The conferees support the Agency's electronics recycling initiative, and encourage

the Agency to support pilot projects through the Polymer Alliance Zone's MARCEE Initiative to develop a market-based sustainable electronics recycling infrastructure.

#### OFFICE OF INSPECTOR GENERAL

Appropriates \$38,000,000 for the Office of Inspector General, an increase of \$1,000,000 over the amount proposed by the House, and the same amount proposed by the Senate. In addition to amounts appropriated directly to the OIG, \$13,000,000 is also available by transfer from funds appropriated for Hazardous Substance Superfund. Of the total funding, \$750,000 shall be used to carry out the duties of Inspector General for the Chemical Safety and Hazard Investigation Board.

#### BUILDINGS AND FACILITIES

Appropriates \$39,000,000 for buildings and facilities, instead of \$40,000,000 as proposed by the Senate and the same as proposed by the House.

#### HAZARDOUS SUBSTANCE SUPERFUND (INCLUDING TRANSFERS OF FUNDS)

Appropriates \$1,257,537,000 for Hazardous Substance Superfund as proposed by the House instead of \$1,381,416,000 as proposed by the Senate. Bill language provides that such sums as are available from the Superfund trust fund upon the date of enactment are available for this activity, with the remainder to be derived from general revenues of the Treasury. Additional language provides for the transfer of \$13,000,000 to the Office of Inspector General, and for the transfer of \$36,097,000 to the Science and Technology account.

The conferees direct EPA to develop a standard test method for naturally occurring asbestos that will provide reproducible results and provide a risk analysis using the existing EPA Airborne Asbestos Health Assessment Update.

The conferees remain concerned about the effective implementation of the Superfund program. The EPA IG is conducting an ongoing evaluation of Superfund expenditures at the request of the House and Senate Committees on Appropriations. It is clear, however, that there is little coordination of best practices at Superfund sites and the conferees urge EPA to develop a best practices approach which will ensure that there will be better coordination in managing sites and that those Superfund procedures that work best for the least cost will be implemented.

The conferees have agreed to the following fiscal year 2005 funding levels:

1. \$879,100,000 for Superfund response and cleanup activities;
2. \$146,514,000 for enforcement activities;
3. \$145,000,000 for management and support;
4. \$13,000,000 for transfer to the Office of Inspector General;
5. \$36,097,000 for research and development activities, to be transferred to the Science and Technology account; and
6. \$37,826,000 for reimbursable inter-agency activities, including \$27,150,000 for the Department of Justice and \$10,676,000 for OSHA, FEMA, NOAA, the United States Coast Guard, and for the Department of the Interior.

#### LEAKING UNDERGROUND STORAGE TANK PROGRAM

Appropriates \$70,000,000 for the leaking underground storage tank program as proposed by the Senate, instead of \$74,000,000 as proposed by the House.

#### OIL SPILL RESPONSE

Appropriates \$16,000,000 for oil spill response as proposed by the House and the Senate.

#### STATE AND TRIBAL ASSISTANCE GRANTS

Appropriates \$3,604,182,000 for state and tribal assistance grants instead of

\$3,359,027,000 as proposed by the House and \$3,886,550,000 as proposed by the Senate. Bill language specifically provides \$1,100,000,000 for Clean Water State Revolving Fund (SRF) capitalization grants, of which up to \$50,000,000 is to be made available for use by States that choose to make loans, including interest-free loans, that increase non-point and non-structural, decentralized alternatives, expanding the choices available to communities in their fight for clean water. The conferees again strongly encourage States that can do so to pursue innovative technologies in this regard, but emphasize that this program is voluntary and that States not participating in the program will nevertheless continue to receive their normal level of funding through the established SRF formulas.

Additional bill language provides \$850,000,000 for Safe Drinking Water SRF capitalization grants; \$50,000,000 for the United States-Mexico Border program; \$45,000,000 for grants to address drinking water and wastewater infrastructure needs in rural and native Alaska communities; \$4,000,000 for remediation of above ground leaking fuel tanks in Alaska pursuant to Public Law 106-554; \$90,000,000 for Brownfields infrastructure grants; \$1,145,757,000 for categorical grants to the states and tribes, including \$50,000,000 for Brownfields categorical grants and \$19,500,000 for the Environmental Information Exchange program; \$7,500,000 for Clean School Bus grants; and \$309,925,000 for cost-shared grants for construction of water and wastewater treatment facilities and infrastructure and for groundwater protection infrastructure.

The conferees have included bill language which: (1) for fiscal year 2005, authorizes the Administrator of the EPA to use funds appropriated pursuant to the Federal Water Pollution Control Act (FWPCA) to make grants to Indian tribes pursuant to section 319(h) and 518(e) of FWPCA; (2) will permit the states to include as principal amounts considered to be the cost of administering SRF loans to eligible borrowers, with certain limitations; (3) for fiscal year 2005, authorizes the states to transfer funds between the Clean Water and Safe Drinking Water SRF programs; and (4) stipulates that no funds provided in the Act to address water infrastructure needs of colonias within the United States along the United States-Mexico border shall be made available to a county or municipal government unless that governmental entity has established an enforceable ordinance or rule which prevents the development or construction of any additional colonia areas, or the development within an existing colonia of any new home, business, or other structure which lacks water, wastewater, or other necessary infrastructure.

As in previous years, the conferees have included bill language that stipulates that none of the funds provided in this or any previous years' Act for the Safe Drinking Water SRF may be reserved by the Administrator for health effects studies on drinking water contaminants. The conferees have instead provided significant resources for such studies within EPA's Science and Technology account.

The conferees have included, as proposed by the Senate, bill language which sets certain requirements for Alaska Native Village grants, including: (1) a 25% cost share from the State of Alaska; (2) a limitation on administrative expenses; and (3) the establishment of a statewide priority list and a set-aside for regional hub communities.

The conferees have not included language proposed in the Senate bill that created a new \$3,000,000 construction program that was designed to begin building the needed infrastructure to reduce the risk of arsenic in

drinking water as required by the arsenic in drinking water rule (66 FR 6979). In 2006, both community water systems and non-transient, non-community water systems are expected to be in compliance with these new arsenic in drinking water requirements. The conferees are concerned that many communities, especially rural communities in the West, will be unable to meet these new requirements which could become a huge financial hardship on these communities. This may mean that clean water systems could be abandoned in favor of untreated well water or that communities may be forced to spend very tight resources on new water infrastructure while abandoning other critical priorities such as maintaining local school systems. The conferees direct EPA to submit a study no later than August 15, 2005 on the extent to which the communities will be impacted by the arsenic in drinking water rule, the likely cost to these communities for meeting the requirements of the rule, alternatives to meeting the requirements of the rule and recommendations for, but not limited to, ways to minimize the cost.

The conferees have included bill language that makes technical corrections and changes to grants approved in previous fiscal years.

Of the funds provided for the United States-Mexico Border program, \$5,000,000 is for continuation of the El Paso, Texas desalination and water supply project, and \$2,000,000 is for the Brownsville, Texas water supply project.

The conferees provide \$18,000,000 for making competitive Targeted Watershed grants; within these funds, \$8,000,000 is for a regional pilot program for the Chesapeake Bay that shall demonstrate effective non-point source nutrient reduction approaches that target small watersheds and accelerate nutrient reduction in innovative, sustainable, and cost-effective ways. Partners in the effort to protect the Bay include Maryland; Pennsylvania; Virginia; the District of Columbia; the Chesapeake Bay Commission, a tri-state legislative body; EPA, which represents the Federal Government; and, participating citizen advisory groups.

The conferees direct EPA under the "school bus" program to treat all school districts equally, regardless of whether the buses are owned by the district or owned by a contractor. In either case, the grantee is a school district. In cases where the school district contracts with an outside entity for the provision of school buses, the school district is expected to contract with its contractor to ensure the buses are as environmentally sound as possible at the least possible cost. Any use of funds must be consistent with the program requirements. School districts can apply jointly for a grant where the contractor provides student busing services to more than one district.

Within the State and Tribal Categorical Grant program, the conference agreement includes:

|                                                           | House       | Senate      | Conference  |

The conferees have not included language that directed EPA to deduct from grants to state associations for a state that does not wish to participate in the association, as proposed by the Senate. The conferees believe that current recipients of such grants have administratively addressed this issue.

The conferees have provided \$309,925,000 for a targeted program making grants to communities for the construction of drinking water, wastewater and storm water infrastructure and for water quality protection. As in past years, these grants shall be accompanied by a cost-share requirement whereby 45 percent of a project's cost is the responsibility of the community or entity receiving the grant. In those few cases where such cost-share requirement poses a particular financial burden on the recipient community or entity, the conferees support the Agency's use of its long-standing guidance for financial capability assessments to determine reductions or waivers from this match requirement.

With the exception of the limited instances in which an applicant meets the criteria for a waiver, the conferees have provided no more than 55% of an individual project's cost, regardless of the amount appropriated below. The phrase 'terms and conditions' referenced in the bill language includes the maximum 55% federal share, as well as the intended recipients and the specific project descriptions, as listed below. The distribution of funds under this program is as follows:

1. \$400,000 to the City Falkville, Alabama for sewer infrastructure improvements;
2. \$750,000 to the City of Albertville, Alabama for sewer infrastructure improvements;
3. \$180,000 to the City of Boldo, Alabama for water infrastructure improvements;
4. \$200,000 to the City of Addison, Alabama for sewer infrastructure improvements;
5. \$220,000 to Lamar County, Alabama for infrastructure improvements to the Lamar County Reservoir;
6. \$350,000 to the City of Arley, Alabama for water infrastructure improvements;
7. \$200,000 to the City of Eva, Alabama for sewer infrastructure improvements;
8. \$200,000 to the City of Guin, Alabama for water infrastructure improvements;
9. \$250,000 to the City of Phil Campbell, Alabama for water infrastructure improvements;
10. \$500,000 to Blount County, Alabama for water infrastructure improvements;
11. \$500,000 to the DeKalb-Jackson Water Supply District in Ider, Alabama for construction of a water treatment plant;
12. \$150,000 to Fort Payne, Alabama for a pump station at Wills Valley Industrial Park;
13. \$250,000 to the Helena Utility Board in Helena, Alabama for sewer infrastructure improvements;

14. \$250,000 to the City of Jackson, Alabama for water and wastewater infrastructure improvements;
15. \$200,000 to the City of Athens, Alabama for wastewater infrastructure improvements;
16. \$500,000 to Lawrence County, Alabama for the Bankhead Forest Water Project;
17. \$250,000 to the City of Huntsville, Alabama for water infrastructure improvements;
18. \$400,000 to Hartselle Utilities for wastewater infrastructure improvements in Hartselle, Alabama;
19. \$100,000 to Harvest-Monrovia Water, Sewer, and Fire Protection in Alabama for a master plan to accomplish the establishment of a sewer system within the service area;
20. \$300,000 to the Limestone County Water and Sewer Authority in Alabama for water infrastructure improvements;
21. \$400,000 to the Waterworks Boards of the Towns of Section and Dutton, Alabama for water infrastructure improvements;
22. \$500,000 to the Scottsboro Waterworks, Sewer, and Gas Board in Scottsboro, Alabama for construction and rehabilitation of a sanitary sewer collection system;
23. \$600,000 to the City of Sheffield, Alabama for water and wastewater infrastructure improvements;
24. \$200,000 to the West Morgan-East Lawrence Water and Sewer Authority for water and wastewater system infrastructure improvements;
25. \$50,000 to Jackson County, Alabama for water and wastewater infrastructure improvements;
26. \$400,000 to the City of Muscle Shoals, Alabama for water and wastewater infrastructure improvements;
27. \$100,000 to the community of Overlook Hills in Dallas County, Alabama for wastewater infrastructure improvements;
28. \$100,000 to the Town of Fulton, Alabama to construct a wastewater treatment facility;
29. \$150,000 to the Town of Red Level, Alabama for Phase II water infrastructure improvements;
30. \$150,000 to the City of Valley, Alabama to purchase Langdale Mill and Fairfax Utilization Plant;
31. \$100,000 for the Millerville Water Authority (Clay County Commission) for water infrastructure improvements in Millerville, Alabama;
32. \$200,000 for the Smiths Station Water Authority in Alabama for water infrastructure improvements;
33. \$30,000 for City of Piedmont Water and Utilities Board to extend water lines to the Terrapin Cove/Borden Springs area in Cleburne County, Alabama;
34. \$250,000 to the City of Fayetteville, Arkansas for water infrastructure improvements;
35. \$250,000 for the Faulkner County Public Facilities Board for Lake Conway Sewer Improvements in Faulkner County, Arkansas;
36. \$200,000 for the City of Goodyear, Arizona for water infrastructure improvements;
37. \$250,000 to the City of Avondale, Arizona for wastewater infrastructure improvements;
38. \$150,000 to the City of Chandler, Arizona for the Chandler Arsenic Mitigation Program;
39. \$1,000,000 to the University of Arizona, College of Pharmacy for the US-Mexico Border Environmental Protection Program;
40. \$250,000 to the City of Stafford, Arizona for construction of a wastewater treatment plant;
41. \$500,000 to the City of St. Johns, Arizona for new water transmission pipeline construction;
42. \$150,000 to the City of Rialto, California for water infrastructure improvements;

43. \$250,000 to the Box Springs Mutual Water Company of the City of Moreno Valley, California for installation of a sewer system;
44. \$200,000 to the City of Oxnard, California for the Headworks Expansion Project and Redwood Trunk Project;
45. \$150,000 to the City of Modesto, California for the neighborhood storm water, sewer, and water infrastructure project (Ninth Street Corridor Storm Drain Project);
46. \$600,000 to the Orange County Sanitation District for wastewater infrastructure improvements in Fountain Valley, California;
47. \$500,000 to the City of Laguna Beach, California for emergency sewer repairs;
48. \$1,000,000 to the City of Solana Beach, California for wastewater treatment improvements in the municipal sewer system;
49. \$250,000 to the City of Roseville, California for water infrastructure improvements;
50. \$400,000 to the City of Monrovia, California for water and wastewater infrastructure improvement;
51. \$1,000,000 to the Cities of Arcadia and Sierra Madre, California for the Joint Water Infrastructure Restoration Program;
52. \$200,000 to the City of East Palo Alto, California for the storm water infrastructure improvements;
53. \$350,000 to the Monterey County Water Resource Agency for the Salinas Valley Water Project in Monterey County, California;
54. \$100,000 to the Sweetwater Authority for the water quality monitoring in Chula Vista, California;
55. \$250,000 to the City of El Segundo, California for wastewater infrastructure improvements for Smoky Hollow;
56. \$350,000 for the City of Redding, California for water infrastructure improvements;
57. \$750,000 to the San Diego County Water Authority for the San Diego County Water Authority Regional Seawater Desalination Initiative in San Diego, California;
58. \$350,000 to the City of Brisbane, California for water and wastewater infrastructure improvements;
59. \$100,000 for the Bighorn Desert Water Agency for water infrastructure improvements in Yucca Valley, California;
60. \$450,000 to the City of San Bernardino, California for Lakes and Stream Project;
61. \$250,000 to the City of Hesperia, California for water infrastructure improvements;
62. \$200,000 to the City of Lake Arrowhead, California for the Community Services District;
63. \$500,000 for Mission Springs Water District for the Groundwater Protection, Supply Enhancement/Reuse Program in Desert Hot Springs, California;
64. \$450,000 to the City of Banning, California for the Brinton Reservoir;
65. \$300,000 for the Hi-Desert Water District in Yucca, Valley, California for the Warren Valley Recharge Facility;
66. \$300,000 for the Santa Ana Watershed Project Authority in California for the Santa Ana Regional Interceptor (SARI) Enhancement;
67. \$200,000 for the City of San Jose, California for water and wastewater infrastructure improvements;
68. \$500,000 to the City of Sacramento, California for combined sewer system improvement rehabilitation project;
69. \$250,000 for the Castaic Lake Water Agency in California for wastewater infrastructure improvements;
70. \$250,000 to the City of Barstow, California for a sewer master plan implementation project;

71. \$250,000 to the City of Victorville, California for water infrastructure improvements;

72. \$200,000 for the California State University, Dominguez Hills for the Center for Urban Environmental Research in Carson, California;

73. \$200,000 to the City of Brea, California for sewer infrastructure improvements;

74. \$200,000 to the City of Mission Viejo, California for the Oso Creek Barrier Project;

75. \$300,000 to the City of Vallejo, California for the Mare Island Sanitary Sewer and Storm Drain Improvement Project;

76. \$250,000 to the City of Norwalk, California for the Balancing Facility Project;

77. \$150,000 to the Strathmore Public Utility District for a wastewater treatment plant;

78. \$250,000 to the City of Folsom, California for the sewer rehabilitation project;

79. \$1,000,000 to the City of San Francisco, California for water and wastewater infrastructure improvements;

80. \$800,000 for the Santa Clara Valley Water District in Santa Clara County, California for Perchlorate Cleanup;

81. \$200,000 to the City of Westminster, California for the Westminster Water Quality Pilot Project;

82. \$300,000 to the City of Huntington Beach, California for the Wintersberg Channel Urban Run-Off Treatment;

83. \$250,000 to the City of Downey, California for storm water infrastructure improvements;

84. \$150,000 for the Municipal Water District of Orange County, California for an Orange County water reliability study;

85. \$200,000 for the Orange County Sanitation District for a new secondary treatment facility in Fountain Valley, California;

86. \$250,000 to the City of Eureka, California for the Martin Slough Interceptor;

87. \$250,000 to the City of Gardena, California for water and wastewater infrastructure improvements;

88. \$250,000 to the City of Santa Monica, California for water infrastructure improvements;

89. \$200,000 for Sonoma County, California for the Monte Rio sanitation project in Monte Rio, California;

90. \$250,000 to Jefferson County, Colorado to implement a new storm water improvement program;

91. \$250,000 to the City of Ouray, Colorado for water infrastructure improvements;

92. \$150,000 to the City of Meriden, Connecticut for the City Center Initiative Flood Control and Demolition;

93. \$300,000 to the City of New Britain, Connecticut for water infrastructure improvements;

94. \$500,000 to the City of Southington, Connecticut for the Southington Water Supply Improvement Project;

95. \$200,000 to the City of Stamford, Connecticut for storm water infrastructure improvements;

96. \$350,000 to the City of Groton, Connecticut for water and sewer line extension;

97. \$500,000 to the District of Columbia Government for drinking water infrastructure improvements to address lead problems;

98. \$400,000 for the City of Wilmington, Delaware for wastewater infrastructure improvements;

99. \$250,000 to the City of Tarpon Springs, Florida for water and wastewater infrastructure improvements;

100. \$200,000 to the City of Gainesville, Florida for the depot regional storm water park;

101. \$250,000 to Citrus County, Florida for the Chassahowitzka Area Wastewater Collection and Drinking Water Distribution System;

102. \$200,000 to Hillsborough County, Florida for the Hillsborough County Alternative Water Supplies—Phase III;

103. \$750,000 to the City of Miami Beach, Florida for storm water infrastructure improvements;

104. \$250,000 to the City of Key West, Florida for storm water infrastructure improvements;

105. \$200,000 to the City of Pembrok Pines, Florida for water treatment expansion;

106. \$250,000 to the City of Homestead, Florida for water and wastewater infrastructure improvements;

107. \$150,000 for the South Seminole & North Orange County Wastewater Transmission Authority for the replacement of wastewater pipes and mechanical equipment;

108. \$200,000 to the Southwest Florida Water Management District for the Peace River & Myakka River Water Initiative in Polk County, Florida;

109. \$300,000 to the Village of Wellington, Florida for the reconfiguration of storm water system project;

110. \$350,000 for the County of Sarasota, Florida for wastewater infrastructure improvements;

111. \$200,000 to the City of Rivera Beach, Florida for the storm water management plan;

112. \$200,000 to the Town of Windermere, Florida for storm water management improvements;

113. \$250,000 to the City of Miami Gardens, Florida for water, wastewater, storm water, and sewer infrastructure improvements;

114. \$200,000 to the City of Bunnell, Florida for the Wastewater Collection, Treatment and Disposal System Rehabilitation Project;

115. \$500,000 for St. Johns County, Florida for the College Park Drainage Improvement Project in West Augustine, Florida;

116. \$250,000 for the Escambia County Utility Authority for Wastewater Treatment/ water Reclamation Partnership in Escambia County, Florida;

117. \$350,000 to the City of Davenport, Florida for wastewater infrastructure improvements;

118. \$200,000 to the City of Lakeworth, Florida for water infrastructure improvements;

119. \$200,000 to the City of Davie, Florida for water main replacement;

120. \$300,000 for the South Central Regional Wastewater Treatment and Disposal Board for the 100 percent Wastewater Reuse Project in the Cities of Delray Beach and Boynton Beach, Florida;

121. \$300,000 to the City of Starke, Florida for the Water Quality Improvement Program;

122. \$500,000 to Osceola County, Florida for drainage basin improvements;

123. \$2,500,000 to the St. Johns River Water Management District for water infrastructure improvements in Central and East Florida;

124. \$4,000,000 to the Southwest Florida Water Management District for continuation of the Tampa Bay Reservoir Project;

125. \$1,200,000 to the Southwest Florida Water Management District for Tampa Bay Reclaimed Water and Downstream Augmentation Project;

126. \$300,000 to the Southwest Florida Water Management District for the Peace River and Myakka River Watershed Restoration Initiative;

127. \$500,000 to the City of Clearwater, Florida for the Wastewater and Reclaimed Water Infrastructure Project;

128. \$1,300,000 to the City of Tampa, Florida for sediment removal from estuaries of the headwaters at the canals;

129. \$500,000 to the City of Treasure Island, Florida for wastewater and sewer system upgrades;

130. \$900,000 to the City of Albany, Georgia storm water infrastructure improvements;

131. \$400,000 to the City of Americus, Georgia for sewer service expansion;

132. \$1,000,000 to the City of Atlanta, Georgia for the McDaniel Basin Combined Sewer Overflow Separation project;

133. \$1,000,000 for Columbus Water Works, Columbus, Georgia for its Biosolids Flow-Through Thermophilic Treatment Demonstration Project;

134. \$250,000 to the City of Plains, Georgia for water infrastructure improvements;

135. \$100,000 to the City of Social Circle, Georgia for water and wastewater infrastructure improvements;

136. \$100,000 to the City of Thomasville, Georgia for extension of sewer lines;

137. \$150,000 to the City of Moultrie, Georgia for wastewater infrastructure improvements;

138. \$150,000 to the City of Summerville, Georgia for water and wastewater infrastructure improvements;

139. \$200,000 to Polk County, Georgia for the Polk County Wastewater Collection System;

140. \$250,000 to the City of Roswell, Georgia for the Big Creek Watershed Project;

141. \$750,000 to the City of Atlanta, Georgia for wastewater infrastructure improvements;

142. \$750,000 to the City of Moultrie, Georgia for wastewater infrastructure improvements;

143. \$700,000 for the Metropolitan North Georgia Planning District for water infrastructure improvements in North Atlanta Metropolitan Area, Georgia;

144. \$150,000 to the City of Byron, Georgia for water and wastewater infrastructure improvements;

145. \$250,000 to the City of Social Circle, Georgia for water and wastewater infrastructure improvements;

146. \$250,000 to the Guam Waterworks Authority for water and wastewater infrastructure improvements in the Territory of Guam;

147. \$150,000 to the Maui County Department of Water Supply for the lead reduction in Upcountry Maui in Upcountry Maui, Hawaii;

148. \$200,000 to the City of Castleford, Idaho for water infrastructure improvements;

149. \$450,000 to the City of Castleford, Idaho for water infrastructure improvements;

150. \$600,000 to the City of Twin Falls, Idaho for wastewater infrastructure improvements;

151. \$750,000 to the City of Pocatello, Idaho for water infrastructure improvements;

152. \$150,000 to the City of Lockport, Illinois for water and wastewater infrastructure improvements;

153. \$450,000 to the Village of Johnsbury, Illinois for wastewater infrastructure improvements;

154. \$300,000 to the Lake County Storm Water Management Community for the Lake County Watershed Plan in Lake County, Illinois;

155. \$200,000 to the City of Silvis, Illinois for water infrastructure improvements;

156. \$200,000 to the Village of Newark, Illinois for wastewater infrastructure improvements;

157. \$200,000 to the Village of Paw Paw, Illinois for construction of an elevated water storage tower;

158. \$200,000 to the Village of Annawan, Illinois for water and wastewater infrastructure improvements;

159. \$650,000 to the Salt Creek Sanitary District in Villa Park, Illinois for water and wastewater infrastructure improvements;

160. \$300,000 to the Village of East Hazel Crest, Illinois for water infrastructure improvements;

161. \$200,000 to the City of Lexington, Illinois for wastewater infrastructure improvements;

162. \$400,000 to Lake County, Illinois for wastewater infrastructure improvements on the Des Plaines River;

163. \$500,000 to the City of Peoria, Illinois for stormwater management;

164. \$542,500 to the Village of Bartonville, Illinois for storm sewer improvements in Broadmoor Heights;

165. \$500,000 to the Village of Arenzville, Illinois for water infrastructure improvements;

166. \$500,000 to the Village of Argenta, Illinois for water infrastructure improvements;

167. \$500,000 to the Village of North Pekin, Illinois for water infrastructure improvements;

168. \$357,500 to the City of Spring Valley, Illinois for water infrastructure improvements;

169. \$250,000 to the City of Virginia, Illinois for water infrastructure improvements;

170. \$500,000 to the City of Pekin, Illinois wastewater infrastructure improvements;

171. \$250,000 to the City of Lincoln, Illinois to repair and slip line Pulaski Street sewer line;

172. \$350,000 to the Village of La Grange, Illinois for water infrastructure improvements;

173. \$550,000 to the Village of Fox River Grove, Illinois for Phase II sewer plant infrastructure improvements;

174. \$250,000 to the City of Shelbyville, Illinois for wastewater infrastructure improvements;

175. \$250,000 to the City of Breese, Illinois for construction of the Breese Water Plant;

176. \$100,000 to the Village of Mazon, Illinois for water infrastructure improvements;

177. \$200,000 for Will County, Illinois for the feasibility study for sanitary district expansion;

178. \$300,000 to the City of Marion, Indiana for water infrastructure improvements associated with the Water Loop Project in Grant County, Indiana;

179. \$200,000 to the City of Crawford, Indiana for the design and construction phases of the Crawfordville Eastside Sanitary Sewer Project;

180. \$500,000 to the City of Frankfort, Indiana for construction of the Eastside Drainage/Retention Facility;

181. \$150,000 to the City of Indianapolis, Indiana for sewer rehabilitation in northeast Indianapolis;

182. \$300,000 to the City of Evansville, Indiana for the Pigeon Creek Enhancement Project;

183. \$200,000 to the City of New Castle, Indiana for the sanitary sewer and sanitary forcemain project;

184. \$330,000 to the City of Lowell, Indiana for construction of additional water lines;

185. \$400,000 to the City of Hebron, Indiana for water infrastructure improvements;

186. \$150,000 to the City of Des Moines, Iowa for storm water infrastructure improvements to the Closes Creek Watershed;

187. \$250,000 to the City of Storm Lake, Iowa for water infrastructure improvements;

188. \$250,000 to the City of Postville, Iowa for the completion of the Postville wastewater facility;

189. \$500,000 to the City of Mason City, Iowa for completion of the Mason City water treatment plant;

190. \$450,000 to the City of Ft. Madison, Iowa for water and wastewater infrastructure improvements;

191. \$450,000 to the City of Ottumwa, Iowa for the South Ottumwa Sewer Separation project;

192. \$500,000 to the City of Davenport, Iowa for the Westside Diversion Tunnel;

193. \$250,000 to the City of Mission, Kansas for construction and expansion of a storm water flow management system;

194. \$350,000 to the City of Harper, Kansas for water infrastructure improvements;

195. \$150,000 to the Town of North Middletown, Kentucky for North Middletown water and sewer improvements;

196. \$100,000 to the City of Shepherdsville, Kentucky for storm water compliance;

197. \$100,000 to the City of Hillview, Kentucky for the Hillview Storm water Compliance;

198. \$550,000 to the Louisville/Jefferson County Metropolitan Sewer District, Kentucky to construct a gravity interceptor sewer in Shively;

199. \$225,000 Louisville/Jefferson County Metropolitan Sewer District, Kentucky for wastewater infrastructure improvements in Beechwood Village;

200. \$225,000 Louisville/Jefferson County Metropolitan Sewer District, Kentucky for wastewater infrastructure improvements at Canoe Lane;

201. \$700,000 to the City of Whitesburg, Kentucky for construction of a wastewater treatment plant;

202. \$1,200,000 for the Perry County Fiscal Court in Hazard, Kentucky for the construction of a wastewater treatment plant;

203. \$100,000 to the City of Morehead, Kentucky for the renovation and expansion of a wastewater treatment plant;

204. \$150,000 to the City of Jamestown, Kentucky for the water treatment plant;

205. \$150,000 to the City of Monroe for the Monroe Wastewater Improvement Program in Monroe, Louisiana;

206. \$200,000 to the Village of Slaughter, Louisiana for wastewater infrastructure improvements;

207. \$200,000 to the West Baton Rouge Parish, Louisiana for wastewater infrastructure improvements;

208. \$250,000 to the City of Shreveport, Louisiana for the Municipal Water Distribution System—Backflow Prevention;

209. \$200,000 to the City of Shreveport, Louisiana for watershed protection;

210. \$500,000 for the South Central Planning & Development Commission for water and wastewater infrastructure improvements in New Iberia, St. Charles, Morgan City, St. Bernard and St. James, Louisiana;

211. \$250,000 to the City of Slidell, Louisiana for storm water infrastructure improvements;

212. \$200,000 to the Town of Windham, Maine for wastewater infrastructure improvements;

213. \$500,000 to the City of Brewer, Maine for the sewer improvements project;

214. \$250,000 to the City of Salisbury, Maryland for wastewater infrastructure improvements;

215. \$250,000 to the City of Cambridge, Maryland for wastewater infrastructure improvements;

216. \$250,000 to the City of Elkton, Maryland for wastewater infrastructure improvements;

217. \$100,000 to Prince George's County, Maryland for the Livable Community Initiative in Brentwood, North Brentwood, Edmonston and Cottage City, Maryland;

218. \$250,000 for Prince George's County, Maryland for the Anacostia Trash Reduction Program and Removal of Floatable Trash for the Cities of Brentwood and Edmonston, Maryland;

219. \$500,000 to the YMCA Camp Letts in Edgewater, Maryland for water infrastructure improvements;

220. \$200,000 to the City of Boston, Massachusetts to continue efforts to address deteriorating groundwater levels in the Greater Boston area;

221. \$200,000 for the Towns of Braintree, Holbrook and Randolph in Massachusetts for water and wastewater infrastructure improvements;

222. \$950,000 to the Cities of Fall River and New Bedford, Massachusetts for combined sewer overflow projects;

223. \$200,000 to the City of Lawrence, Massachusetts for combined sewer overflow mitigation;

224. \$400,000 to the City of Leomister, Massachusetts for the Rockwell Village revitalization initiative for water infrastructure improvements;

225. \$250,000 for wastewater projects for communities in Essex County, Massachusetts;

226. \$500,000 to the Pioneer Valley Planning Commission in West Springfield, Massachusetts for the Connecticut River combined sewer overflow;

227. \$900,000 to Wayne County, Michigan for the Rouge River National Wet Weather Demonstration Project;

228. \$500,000 to the City of Grand Rapids, Michigan for combined sewer overflows;

229. \$250,000 to the Genesee County Drain Commission for the Northeast Relief Sewer/Kearsley Creek Interceptor project in Genesee County, Michigan;

230. \$350,000 to the City of Detroit, Michigan for the Woodmere Sewage Pump Station Rehabilitation;

231. \$1,000,000 to the Oakland County Drain Commission for Evergreen-Farmington Sanitary Sewer Overflow control project in Farmington Hills, Michigan;

232. \$500,000 to the Oakland County Drain Commission for Footing Drain/Sewer Lead Excess Flow Prevention demonstration project in Waterford, Michigan;

233. \$200,000 for Oakland County, Michigan to identify and eliminate sewage contributions from older urban areas in the Clinton River;

234. \$200,000 to the City of Westland, Michigan for water infrastructure improvements;

235. \$650,000 for Macomb County and St. Clair County, Michigan to implement a comprehensive water quality monitoring program;

236. \$300,000 to Brighton Township, Michigan for a waterline construction;

237. \$300,000 for the Livingston County Drain Commission for drain construction in Livingston County, Michigan;

238. \$250,000 to L'Anse Township, Michigan for water and sewer infrastructure improvements;

239. \$250,000 to the City of Roseau, Minnesota for storm water infrastructure improvements;

240. \$600,000 to the City of Minneapolis, Minnesota for the combined sewer overflow;

241. \$200,000 to the Mississippi Band of Choctaw Indians for an Academic Wetlands and Wetlands Mitigation Project in Neshoba County, Mississippi;

242. \$300,000 for Lamar County, Mississippi for water and sewer infrastructure improvements;

243. \$500,000 to the City of Belmont, Mississippi for wastewater infrastructure improvements;

244. \$500,000 to the City of Pontotoc, Mississippi for wastewater infrastructure improvements;

245. \$350,000 to the City of Joplin, Missouri for the Crossroads Parallel Sewer Phase 4 upgrades;

246. \$200,000 to the City of St. Louis, Department of Public Utilities for the Columbia Bottoms Wellfield Development water project in St. Louis, Missouri;

247. \$250,000 to the Clarence Cannon Wholesale Water Commission for water infrastructure improvements in Monroe County, Missouri;

248. \$250,000 to the Duckett Creek Sanitary District in Missouri for wastewater infrastructure improvements;

249. \$150,000 for the Rosodyn Corporation in Butte, Montana for a waste recovery from municipal waste treatment plant;

250. \$300,000 to the City of Lincoln, Nebraska for water and wastewater infrastructure improvements;

251. \$550,000 to the City of Omaha, Nebraska for the Combined Sewerage Overflow Project;

252. \$400,000 to the City of Fallon, Nevada for wastewater infrastructure improvements;

253. \$400,000 to the City of Henderson, Nevada for wastewater infrastructure improvements;

254. \$150,000 to the City of Nashua, New Hampshire for wastewater infrastructure improvements;

255. \$200,000 to the New Hampshire Department of Environmental Services for sewer system expansion in Franklin, New Hampshire;

256. \$200,000 to the City of Somersworth, New Hampshire for wastewater infrastructure improvements;

257. \$1,000,000 to the Township of Parsippany, New Jersey for water infrastructure improvements;

258. \$250,000 to the City of Wildwood, New Jersey for storm sewer outflow reconstruction;

259. \$250,000 to the New Jersey Municipal Utilities Authority for the Peninsula at Bayonne Harbor Water Infrastructure Improvement Project in Bayonne, New Jersey;

260. \$400,000 for the Passaic Valley Sewerage Commission in New Jersey for the Combined Sewage Overflow Program;

261. \$100,000 for the Bergen County Utilities Authority for wastewater infrastructure improvements in Englewood, New Jersey;

262. \$300,000 for the New Jersey Meadowlands Commission for the Hackensack Meadowlands Ecosystem Restoration;

263. \$100,000 to the City of Lordsburg, New Mexico for water infrastructure improvements;

264. \$100,000 to the City of Bayard, New Mexico for the Ft. Bayard Effluent Reuse System;

265. \$150,000 to the City of Ruidoso Downs, New Mexico for wastewater infrastructure improvements;

266. \$150,000 to the City of Elephant Butte, New Mexico for wastewater infrastructure improvements;

267. \$150,000 to the City of Los Lunas, New Mexico to build a sewer interceptor line;

268. \$150,000 to the City of Espanola, New Mexico for wastewater infrastructure improvements;

269. \$200,000 to the City of Tijeras, New Mexico for water infrastructure improvements;

270. \$200,000 for Bernalillo County, New Mexico for the South and North water and wastewater infrastructure improvements;

271. \$200,000 to the City of Brookhaven, New York for storm water infrastructure improvements;

272. \$100,000 to the Chenango County Agricultural Society of Chenango County, New York for upgrades to the water and septic systems at the Chenango County Fair Grounds and for a study;

273. \$125,000 to the Town of Schulyer, New York for water system improvements;

274. \$200,000 to the Village of Bridgewater, New York for water infrastructure improvements;

275. \$200,000 to the Towns of Springport and Fleming, New York for water and wastewater infrastructure improvements;

276. \$300,000 to Rockland County, New York for the Western Ramapo sewer extension and water reuse project;

277. \$250,000 to the Village of Deposit, New York for wastewater infrastructure improvements;

278. \$250,000 to the Town of Blooming Grove, New York for wastewater infrastructure improvements;

279. \$300,000 to the Village of Sea Cliff, New York for the Sanitary Sewer System Infrastructure Development and Management project;

280. \$110,000 for the Village of Mamaroneck, New York for sewer system improvements;

281. \$150,000 to the Town of New Castle, New York for the Phase II Storm Water Compliance Program;

282. \$250,000 to the City of Oswego, New York for sewer overflow system improvements;

283. \$275,000 for the Warnerville Water District in Warnerville, New York for a water and sewer project;

284. \$250,000 to the Town of Cheektowaga, New York for the Plant No. 3 overflow retention facility;

285. \$650,000 to the Erie Water Authority for water infrastructure improvements for the Town of Newstead and Village of Williamsville, New York;

286. \$200,000 to the Town/Village of East Rochester, New York for sewer infrastructure improvements;

287. \$1,000,000 for Dutchess County Water and Wastewater Authority in Hyde Park, New York for wastewater infrastructure improvements;

288. \$12,000,000 for continued clean water improvements for Onondaga Lake, New York;

289. \$4,000,000 to Monroe County Water Authority in New York State for the Eastside Water Treatment Project;

290. \$900,000 to Wayne County, New York for construction of a waterline along North Geneva Road;

291. \$600,000 to the Wayne County Water and Sewer Authority for water infrastructure improvements in the Town of Huron, New York;

292. \$4,000,000 for drinking water infrastructure needs in the New York City Watershed;

293. \$4,000,000 for water quality infrastructure improvements for Long Island Sound, New York;

294. \$1,000,000 for water quality infrastructure improvements for the Jamesville, New York sewer project;

295. \$350,000 to the Town of Elbridge, New York for the construction of a waterline;

296. \$500,000 to the County of Onondaga, Department of Community Development in New York for water and wastewater infrastructure improvements;

297. \$500,000 to Cayuga County in Victory, New York for water infrastructure improvements;

298. \$250,000 to the Town of Landis, North Carolina for water and wastewater infrastructure improvements;

299. \$200,000 to Harnett County, North Carolina to install pump stations and a force main as part of a central wastewater treatment rehabilitation project;

300. \$200,000 to the Towns of Biscoe, Star, and Troy, North Carolina for the Montgomery County, North Carolina Sewer Project;

301. \$200,000 to the Towns of Hamlet-Rockingham, North Carolina for wastewater infrastructure improvements;

302. \$200,000 to the Town of Farmville, North Carolina for wastewater infrastructure improvements;

303. \$150,000 to the Cities of East Arcadia, Bolton and Sandyfield, North Carolina for a regional water system;

304. \$200,000 to the Town of Wendell, North Carolina for the Buffalo Creek Interceptor project;

305. \$250,000 to the City of Charlotte, North Carolina for the wastewater plant expansion;

306. \$200,000 to the Town of Apex, North Carolina for wastewater infrastructure improvements;

307. \$1,500,000 to Wake County, North Carolina for water infrastructure improvements in cooperation with the Town of Cary, North Carolina and Durham County, North Carolina;

308. \$500,000 to Orange County, North Carolina for water and wastewater infrastructure improvements;

309. \$650,000 to the Orange Water and Sewer Authority (OWASA) in North Carolina for a water reuse project;

310. \$200,000 to the Town of Hillsborough, North Carolina for water and wastewater infrastructure improvements;

311. \$880,000 for the Eastern Band of Cherokee Indians for water infrastructure improvements in Cherokee, North Carolina;

312. \$1,000,000 for McDowell County, North Carolina for water infrastructure improvements;

313. \$100,000 to the Town of East Spencer, North Carolina for water and sewer rehabilitation project;

314. \$150,000 to the City of Devils Lake, North Dakota for the Devils Lake water line;

315. \$150,000 to the City of Lorain, Ohio for wastewater infrastructure improvements;

316. \$150,000 to Butler County, Ohio for the Butler County Waterline;

317. \$300,000 to the Village of North Baltimore, Ohio for the Water Street Combined Sewer Separation Project;

318. \$300,000 to the Village of Hicksville, Ohio for the Hicksville Wastewater Treatment Plant Project;

319. \$300,000 to the City of Defiance, Ohio for the Sewer Separation Project;

320. \$750,000 to the City of Circleville, Ohio for sewer infrastructure improvements;

321. \$1,000,000 to the Burr Oak Regional Water District for water infrastructure improvements in Perry County, Ohio;

322. \$550,000 to Greene County, Ohio for water and wastewater infrastructure improvements;

323. \$50,000 to the Logan Elm School District for water infrastructure improvements in Circleville, Ohio;

324. \$220,000 to the Lancaster Campus of Ohio University for water infrastructure improvements in Lancaster, Ohio;

325. \$155,000 to Fairfield County, Ohio for water and wastewater infrastructure improvements;

326. \$350,000 to the Northeast Ohio Regional Sewer District for the Easterly/Doan Brook Watershed Pollution Abatement Project;

327. \$1,000,000 to the City of Toledo, Ohio for wet weather flow and wastewater infrastructure improvements;

328. \$1,000,000 to Ottawa County, Ohio for water infrastructure improvements;

329. \$1,000,000 to the City of Sandusky, Ohio for wastewater infrastructure improvements;

330. \$350,000 to Ashtabula County, Ohio for the Rock Creek Village Waterline Extension;

331. \$50,000 to Jackson County, Ohio for water infrastructure improvements;

332. \$550,000 to Guernsey County, Ohio for a water line extension;

333. \$500,000 for the St. Mary's Municipal Government for wastewater infrastructure improvements in St. Mary's, Ohio;

334. \$625,000 for Urbana University in Urbana, Ohio for storm drainage and water and sewer line construction;

335. \$500,000 for the Delphos Municipal Government for the Tri-County regional water system in Delphos, Ohio;

336. \$550,000 to the Metropolitan Sewer District of Greater Cincinnati for the sanitary sewer overflow demonstration project in Cincinnati, Ohio;

337. \$500,000 to the City of Wooster, Ohio for storm water infrastructure improvements along Beall Ave;

338. \$500,000 to the Village of Hayesville, Ohio for water and wastewater infrastructure improvements;

339. \$500,000 to the City of Canton, Ohio for water infrastructure improvements;

340. \$150,000 for the Trumbull County Sanitary Engineer for installation of the Maplewood Park sewer system in Hubbard Township, Ohio;

341. \$250,000 for Columbiana County, Ohio for water infrastructure improvements to the Buckeye Water District;

342. \$100,000 to the City of Marlow, Oklahoma for water and wastewater infrastructure improvements;

343. \$200,000 to the City of Sulpher, Oklahoma for wastewater infrastructure improvements;

344. \$1,000,000 to the City of Seminole, Oklahoma for water infrastructure improvements;

345. \$80,000 to the City of Meeker, Oklahoma to refurbish the water tower;

346. \$100,000 to Skiatook, Oklahoma for water and sewer infrastructure improvements;

347. \$150,000 to the City of Portland, Oregon for water and wastewater infrastructure improvements;

348. \$150,000 to the City of Sweet Home, Oregon for wastewater infrastructure improvements;

349. \$150,000 to the City of Salem, Oregon for the Peak Excess Flow Treatment Facility for Sanitary Sewer Overflows;

350. \$200,000 to the City of Klamath Falls, Oregon for wastewater infrastructure improvements;

351. \$150,000 to the City of Rainier, Oregon for wastewater infrastructure improvements;

352. \$1,000,000 to Allegheny County, Pennsylvania for the 3 Rivers Wet Weather Demonstration Project;

353. \$100,000 to the City of Sharon, Pennsylvania for the Budd Street sewer line replacement;

354. \$500,000 to the City of Philadelphia to continue the planning, design, and construction of innovative storm-water management solutions in Philadelphia, Pennsylvania;

355. \$500,000 to Cheltenham Township, Pennsylvania to continue the planning, design, and construction of innovative storm-water management solutions;

356. \$250,000 to Beaver Falls Municipal Authority for wastewater infrastructure improvements to the Big Beaver Treatment Facility in Big Beaver, Pennsylvania;

357. \$250,000 to the City of Harrisburg, Pennsylvania for the Harrisburg Advanced Wastewater Treatment Facility;

358. \$350,000 to the Wyoming Valley Sanitary Authority in Wyoming Valley, Pennsylvania for the Wyoming Valley Combined Sewer Overflow Project;

359. \$200,000 to Ligonier Township, Pennsylvania for the Ligonier Township sewage project;

360. \$250,000 for the South Hills Area Council of Governments for the South Hills Area Storm Sewer Project in Allegheny County, Pennsylvania;

361. \$250,000 for the Clarion Area Authority for the Fifth Avenue sewer line replacement project in Clarion, Pennsylvania;

362. \$500,000 to the Nelson Township Authority for water infrastructure improvements in Nelson, Pennsylvania;

363. \$250,000 to the City of Lancaster, Pennsylvania for the water treatment membrane project;

364. \$200,000 for York City Sewer Authority for the Clean Water Demonstration Project in York, Pennsylvania;

365. \$500,000 for the Kulpmont-Marion Heights Joint Municipal Authority in Kulpmont, Pennsylvania for sewer infrastructure improvements;

366. \$4,000,000 for a grant to Puerto Rico for drinking water infrastructure improvements to the Metropolitan community water system in San Juan;

367. \$200,000 to the Town of North Smithfield, Rhode Island for water and wastewater infrastructure improvements;

368. \$200,000 to the City of Newport, Rhode Island for water and wastewater infrastructure improvements;

369. \$200,000 to the Narragansett Bay Commission in Providence, Rhode Island for combined sewer overflow control and wastewater improvement project;

370. \$250,000 to the City of Lake Greenwood, South Carolina for water and wastewater infrastructure improvements;

371. \$150,000 to Mount Pleasant Waterworks for the Mount Pleasant Waterworks Rural Roads Gravity Wastewater Extension Project in Mount Pleasant, South Carolina;

372. \$500,000 to the Myrtle Beach Downtown Redevelopment Corporation for a new storm water drainage system in Myrtle Beach, South Carolina;

373. \$750,000 to the Towns of Olar and Govan, South Carolina for water infrastructure improvements;

374. \$300,000 to the City of Wellford, South Carolina for sewer/wastewater infrastructure improvements;

375. \$400,000 for the Chester County Sewer District for wastewater infrastructure improvements in Lando, South Carolina;

376. \$200,000 to the Town of Ridgeland, South Carolina for the Wagon Branch Water Project;

377. \$125,000 to the City of Franklin, Tennessee for water system improvements to the Watson Branch Watershed;

378. \$150,000 to the City of Pikeville, Tennessee for the Pikeville/Bledsoe County Water Improvements Project;

379. \$125,000 to the Hampton Utility District in Little Milligan/Fish Springs Community, Carter County, Tennessee for water infrastructure improvements;

380. \$125,000 to the City of Tusculum, Tennessee for first construction phase of a wastewater treatment plant;

381. \$50,000 to the City of Bean Station, Tennessee for wastewater infrastructure improvements;

382. \$100,000 for Roane County, Tennessee for water infrastructure improvements;

383. \$200,000 to the Spring City, Tennessee for water and sewer line replacement;

384. \$250,000 for Anderson County, Tennessee for water infrastructure improvements;

385. \$400,000 to the City of Dayton, Tennessee for flocculation and settling basins;

386. \$150,000 for the City of Houston, Texas for water infrastructure improvements;

387. \$250,000 to the City of Liberty Hill, Texas for the Liberty Hill Central City Sewer System Project;

388. \$75,000 to the Brazos River Authority for the Brazos/Navasota Watershed Management Project in Fort Bend County, Texas;

389. \$100,000 for the Brazos River Authority for the West Fort Bend County Regional Water Treatment Facility in Fort Bend County, Texas;

390. \$500,000 for the Fort Bend County, Texas for water infrastructure improvements;

391. \$350,000 to Bosque County, Texas for water infrastructure improvements;

392. \$250,000 to the City of Weatherford, Texas for water infrastructure improvements;

393. \$250,000 to the City of Pharr, Texas for wastewater infrastructure improvements;

394. \$150,000 to the City of Alvin, Texas for water infrastructure improvements;

395. \$250,000 for the El Paso Water Utilities for water infrastructure expansion in El Paso, Texas;

396. \$150,000 to the San Antonio Water System for the Espada Road Sewer Project in San Antonio, Texas;

397. \$500,000 to the City of Austin, Texas for the non-structural sanitary sewer overflow prevention project;

398. \$150,000 to Logan City, Utah for water and wastewater infrastructure improvements for Phase I and II of the Northwest Park Project;

399. \$250,000 to Smyth County, Virginia for wastewater infrastructure improvements;

400. \$300,000 to Hanover County, Virginia for wastewater infrastructure improvements;

401. \$150,000 to Fauquier County, Virginia for a sewage treatment plant in the Catlett/Calverton area;

402. \$750,000 to Dale Service Corporation in Dale City, Virginia for wastewater infrastructure improvements;

403. \$100,000 to the Isle of Wight County, Virginia for water infrastructure improvements;

404. \$500,000 to the Town of Halifax, Virginia for water infrastructure improvements;

405. \$1,000,000 to Franklin County, Virginia for water infrastructure improvements;

406. \$500,000 to Fluvanna County, Virginia for water infrastructure improvements;

407. \$1,000,000 to the Town of Brookneal, Virginia for water infrastructure improvements;

408. \$218,000 to Nelson County, Virginia for water and wastewater infrastructure improvements;

409. \$682,000 to Pittsylvania County, Virginia for water infrastructure improvements;

410. \$200,000 to the Eastern Shore of Virginia Public Service Authority in Northampton County, Virginia for wastewater infrastructure improvements;

411. \$250,000 to the Government of the Virgin Islands for wastewater infrastructure system improvements in St. Croix, Virgin Islands;

412. \$1,000,000 to the City of Alexandria, Virginia and Arlington County for water infrastructure improvements in the Four Mile Run watershed;

413. \$150,000 to the City of Chehalis, Washington for water infrastructure improvements;

414. \$1,000,000 to the City of Tacoma, Washington for an integrated storm water system for Salishan housing development;

415. \$200,000 to the City of Carson, Washington for water infrastructure improvements;

416. \$200,000 to the City of Oak Harbor, Washington for water infrastructure improvements;

417. \$150,000 to the Town of Uniontown, Washington for wastewater infrastructure improvements;

418. \$250,000 to the Town of Ione, Washington for water infrastructure improvements;

419. \$150,000 to the City of Lakewood, Washington for the American Lake Gardens Industrial Sewer Extension;

420. \$150,000 to the City of Sun Prairie, Wisconsin for wastewater infrastructure improvements;

421. \$1,850,000 to the City of Antigo, Wisconsin for water and wastewater infrastructure improvements;

422. \$862,000 to the City of Vesper, Wisconsin for water and wastewater infrastructure improvements;

423. \$1,500,000 to the City of Boyd, Wisconsin for water and wastewater infrastructure improvements;

424. \$100,000 to the Town of Scott, Wisconsin for wastewater infrastructure improvements;

425. \$200,000 to the City of Racine, Wisconsin for water infrastructure improvements;

426. \$500,000 to the City of Waukesha, Wisconsin for systems planning and water infrastructure improvements;

427. \$200,000 to the Kanawha County Commission in Kanawha County, West Virginia for the Upper Fishers Branch/Guthrie Water Project;

428. \$200,000 to the Braxton County Development Authority for the Curry Ridge Water Line Extension in Curry Ridge, West Virginia;

429. \$1,000,000 to the Marshall County Public Service District #4 in West Virginia for water and wastewater infrastructure improvements;

430. \$100,000 to the Jane Lew Public Service District in Harrison County, West Virginia for water and wastewater infrastructure improvements;

431. \$1,500,000 to the Pleasants County Public Service District in West Virginia for water and wastewater infrastructure improvements;

432. \$480,000 to the Grant County Commission in West Virginia to extend water service to the Deep Spring area;

433. \$900,000 to the City of Shinnston in West Virginia for water and wastewater infrastructure improvements;

434. \$750,000 to the Town of Pine Grove in West Virginia for water and wastewater infrastructure improvements;

435. \$1,000,000 to City of Fairmont Sanitary Sewer Board in West Virginia for water and wastewater infrastructure improvements;

436. \$2,374,000 to the City of Petersburg in West Virginia for water and wastewater infrastructure improvements;

437. \$101,000 to the River Road Public Service District in West Virginia to extend water service on National Church Hollow Road;

438. \$935,000 to the Taylor County Public Service District in West Virginia for water and wastewater infrastructure improvements;

439. \$833,000 to the Taylor County Commission in West Virginia for water and wastewater infrastructure improvements;

440. \$1,000,000 to the City of Cameron in West Virginia for water and wastewater infrastructure improvements;

441. \$55,000 to the Hammond Public Service District in West Virginia for the Lazear's Lane water project;

442. \$1,840,000 to the Canaan Valley Institute to work in conjunction with the Highlands Action Program for an innovative wastewater demonstration program in Canaan Valley in Tucker County, West Virginia;

443. \$350,000 to the City of Cheyenne, Wyoming for wastewater infrastructure improvements;

444. \$800,000 to the Coosa Valley Water Supply District for development of a surface water supply in St. Clair County, Alabama;

445. \$750,000 to the Utilities Board of the City of Helena for water and sewer upgrades and construction in Helena, Alabama;

446. \$600,000 to the Cleburne County Commission in Heflin, Alabama for county water expansion in Cleburne, County, Alabama;

447. \$600,000 to the Randolph County Commission in Wedowee, Alabama for county water expansion in Randolph County, Alabama;

448. \$450,000 to the Blount County Water Authority in Oneonta, Alabama for development of a county water supply line;

449. \$750,000 to the City of Fort Payne for water and sewer improvements in Fort Payne, Alabama;

450. \$250,000 to the West Morgan/East Lawrence Water and Sewer Authority in Decatur, Alabama for water and sewer improvements;

451. \$300,000 to the Lamar County Commission in Vernon, Alabama for the Lamar County Water Supply Project;

452. \$1,000,000 to Girdwood, Inc. for water and sewer expansion in Girdwood, Alaska;

453. \$1,300,000 to the Municipality of Anchorage, Alaska for Sand Lake Water Extension;

454. \$300,000 for Matanuska-Susitna Borough, Alaska for water wells for Gorsuch Lake;

455. \$1,100,000 for the City of Wasilla, Alaska for sewer expansion;

456. \$750,000 for the City of Valdez, Alaska to replace septic systems with sewers and wells with city water;

457. \$400,000 for the City of Ketchikan, Alaska for Mountain Point Sewer System;

458. \$250,000 for the City of Skagway, Alaska for water system upgrades;

459. \$425,000 for the City of Wrangell, Alaska for water and sewer upgrades;

460. \$800,000 for the City of Nome, Alaska for water and sewer upgrades for Old Federal Building;

461. \$600,000 for the City of Seldovia, Alaska for water and sewer upgrades;

462. \$600,000 for the Fort Chafee Redevelopment Authority in Barling/Fort Smith, Arkansas for water infrastructure improvements;

463. \$250,000 for City of Fayetteville, Arkansas for wastewater infrastructure improvements;

464. \$300,000 for the Santa Clara Valley Water District, California for perchlorate groundwater clean-up;

465. \$300,000 for the Inland Empire Perchlorate Task Force in California for the Wellhead Treatment of Perchlorate Contaminated Wells;

466. \$400,000 for the City of Santa Ana, California for East and West Reservoir Upgrades;

467. \$500,000 for the City of San Jose, California for North San Pedro water and sewer infrastructure improvements;

468. \$500,000 for the City of Eureka, California for the Martin Slough Interceptor Project;

469. \$200,000 for the Metropolitan Water District of Southern California for the City of Ontario Final Design for Wellhead Treatment for Perchlorate and Nitrate;

470. \$400,000 for the City of Laguna Beach, California for wastewater infrastructure improvements;

471. \$300,000 for the City of Trinidad, Colorado for the Trinidad Wastewater Improvement Project;

472. \$250,000 for the Town of Bayfield, Colorado for the construction of a water storage tank;

473. \$250,000 for the Mancos Water Conservancy District, Mancos, Colorado for water supply facility renovation;

474. \$250,000 for the Town of Idaho Springs, Colorado for water distribution facility renovation;

475. \$250,000 for the Town of Eldorado Springs, Colorado for improving wastewater treatment;

476. \$950,000 for Ouray, Colorado for water infrastructure improvements;

477. \$250,000 for Jefferson County, Colorado for stormwater collection system improvements;

478. \$300,000 for the City of Bristol, Connecticut for water infrastructure improvements;

479. \$300,000 for the Town of East Hampton, Connecticut for drinking water infrastructure improvements;

480. \$250,000 for Stamford, Connecticut for a waste-to-energy project;

481. \$250,000 for the City of Wilmington, Delaware for wastewater infrastructure improvements;

482. \$250,000 for the Town of Ocean View, Delaware for wastewater infrastructure improvements;

483. \$300,000 for Key West, Florida for stormwater infrastructure improvements;

484. \$300,000 for the South Florida Water Management District Lake Region Water Treatment Plant for water infrastructure improvements;

485. \$250,000 for the Southwest Florida Water Management District in Tampa, Florida for the Tampa Bay Regional Reclaimed Water project;

486. \$250,000 to City of Atlanta, Georgia for the west area combined sewer project;

487. \$250,000 to City of Eatonton, Georgia for wastewater infrastructure improvements;

488. \$250,000 to City of Forsyth, Georgia for wastewater infrastructure improvements;

489. \$250,000 for the State of Hawaii for upgrade and expansion of the Sand Island Wastewater Treatment Plant;

490. \$1,000,000 for wastewater infrastructure improvements in Hawaii, to be distributed: \$500,000 to the County of Hawaii and \$500,000 to the Housing and Community Development Corporation of Hawaii;

491. \$2,000,000 for the City of Burley, Idaho, to continue work on a Wastewater Treatment System Project;

492. \$1,000,000 for the City of Pocatello, Idaho, for Day Street Division Water System Improvements;

493. \$500,000 for the City of Effingham, Illinois for drinking water infrastructure improvements;

494. \$500,000 for the City of Monmouth, Illinois for wastewater infrastructure improvements;

495. \$500,000 for the Village of Olympia Fields, Illinois for wastewater infrastructure improvements;

496. \$500,000 for the Village of Franklin Park, Illinois for water and wastewater infrastructure improvements;

497. \$1,000,000 for the City of Marion, Indiana for the Marion Water Loop and Deer Creek Project;

498. \$100,000 for the City of Southport, Southport/Marion County, Indiana for downtown infrastructure and drainage improvements;

499. \$500,000 for the City of Fort Madison, Iowa for the Water Treatment Plant Improvements;

500. \$500,000 for the City of West Burlington for the Iowa Army Ammunition Plant Improvements;

501. \$1,500,000 for the City of Ottumwa, Iowa for the separation of combined sewers;

502. \$500,000 for the City of Davenport, Iowa for water infrastructure improvements;

503. \$1,000,000 for the City of Abilene, Kansas for construction of a wastewater treatment plant;

504. \$1,500,000 for the City of Hutchinson, Kansas for groundwater remediation and treatment projects;

505. \$2,000,000 for the City of Bowling Green, Kentucky, for the South Central Kentucky Water Infrastructure Project;

506. \$750,000 for the Hardin County Water District No. 2 in Hardin County, Kentucky for a Water Quality Assurance Plan and System Improvements Projects;

507. \$500,000 for the City of Elkton, Kentucky, for the City of Elkton Sewer Plant Expansion and Sewer Line Extension Project;

508. \$250,000 for Breckinridge County, Kentucky for water infrastructure improvements;

509. \$250,000 for Bullitt County, Kentucky for wastewater infrastructure improvements;

510. \$250,000 for Calloway County, Kentucky for the City of Hazel Wastewater System;

511. \$250,000 for Cadiz-Trigg County, Kentucky for water infrastructure improvements;

512. \$250,000 for Marshall County, Kentucky for drinking water infrastructure improvements;

513. \$600,000 for Rapides Parish, Louisiana for wastewater infrastructure improvements;

514. \$400,000 for St. Charles Parish, Louisiana for wastewater infrastructure improvements;

515. \$400,000 for Jefferson Parish, Louisiana for water and wastewater infrastructure improvements;

516. \$400,000 for the City of Bastrop, Louisiana for wastewater infrastructure improvements;

517. \$400,000 for the City of Hammond, Louisiana for wastewater infrastructure improvements;

518. \$400,000 for the City of Grand Isle, Louisiana for drinking water infrastructure improvements;

519. \$450,000 for the Greater Limestone Wastewater Treatment Facilities in Maine to consolidate and replace antiquated wastewater collection and treatment facilities at the Loring Development Authority [LDA] and Caribou Utilities District [CUD];

520. \$250,000 for the Indian Township Tribal Government in Maine for the first phase for expansion of current lagoon system to provide adequate capacity;

521. \$300,000 for the Town of Machias, Maine for replacement of sewers and completion of deficiencies at existing aging wastewater treatment plant;

522. \$250,000 for Chesapeake Beach, Maryland, for wastewater infrastructure improvements;

523. \$250,000 for Indian Head, Maryland, for wastewater infrastructure improvements;

524. \$500,000 for Elkton, Maryland, for wastewater infrastructure improvements;

525. \$250,000 for Hurlock, Maryland, for wastewater infrastructure improvements;

526. \$750,000 for Kent Island, Maryland, for wastewater infrastructure improvements;

527. \$250,000 for Easton, Maryland, for wastewater infrastructure improvements;

528. \$750,000 for Cumberland, Maryland, for wastewater infrastructure improvements;

529. \$500,000 for Frostburg, Maryland, for wastewater infrastructure improvements;

530. \$250,000 for Brunswick, Maryland, for wastewater infrastructure improvements;

531. \$250,000 for Bristol County, Massachusetts for the Bristol County Combined Sewer Overflow Abatement Project;

532. \$250,000 for the Pioneer Valley Planning Commission in Massachusetts for combined sewer overflow abatement in the Connecticut River;

533. \$1,000,000 for the City of Benton Harbor, Michigan for water infrastructure improvements;

534. \$500,000 for Seney Township, Michigan for sewer infrastructure improvements;

535. \$500,000 for the City of Saginaw, Michigan for sewer infrastructure improvements;

536. \$1,000,000 for the Macomb County Department of Public Works, Michigan for sewer infrastructure improvements;

537. \$150,000 to Minnesota State University in Moorhead for water infrastructure improvements;

538. \$300,000 to the City of Duluth, Minnesota for wastewater infrastructure improvements;

539. \$300,000 to the City of Minneapolis, Minnesota for combined sewer overflow improvements;

540. \$250,000 for the City of Duluth and Western Lake Superior Sanitary District in

Duluth, Minnesota for wastewater infrastructure improvements;

541. \$500,000 for Tchula, Mississippi for water and sewer infrastructure improvements;

542. \$500,000 for the City of Brookhaven, Mississippi for wastewater infrastructure improvements;

543. \$500,000 to the City of Sherman, Mississippi for water and sewer infrastructure improvements;

544. \$1,300,000 to the City of Oxford, Mississippi for water and sewer infrastructure improvements;

545. \$750,000 to City of Forest, Mississippi for water and sewer infrastructure improvements;

546. \$250,000 to the Town of French Camp, Mississippi for water and sewer infrastructure improvements;

547. \$1,500,000 to Kansas City, Missouri for water and wastewater infrastructure;

548. \$687,500 to the City of Joplin, Missouri for the final phase of the Crossroads Parallel Sewer project;

549. \$1,312,500 to the City of Milan, Missouri for the Milan Water Quality Treatment Project;

550. \$1,000,000 to the Clarence Cannon Wholesale Water Commission to expand the existing water treatment capacity from 5 million gallons to 7.5 million gallons per day and to include connecting the Macon County PWSD #1 and the City of Wellsville, Missouri to the CCWWC transmission system;

551. \$1,000,000 to the Environmental Resources Coalition in Missouri to mitigate point source pollution issues in distressed communities that border Table Rock Lake;

552. \$1,000,000 to the City of Springfield, Missouri for wastewater treatment plant improvements including the design and construction of infrastructure for removal of nitrogen from the treated wastewater effluent and improved anaerobic digester facilities that treat solids from the wastewater;

553. \$1,000,000 for the City of Bozeman, Montana, for water infrastructure improvements;

554. \$1,000,000 for the Missouri River Water Project, Helena, Montana for a water treatment project;

555. \$500,000 for the City of Glasgow, Montana for water infrastructure improvements;

556. \$750,000 for the Seeley Lake Sewer District, Montana for wastewater infrastructure improvements;

557. \$900,000 for the City of Omaha, Nebraska for the construction of combined sewer separation systems;

558. \$350,000 for the City of Lincoln, Nebraska to upgrade the Theresa Street and Northeast Wastewater Treatment plants;

559. \$400,000 for Las Vegas Valley Water District/Searchlight, Nevada for water infrastructure improvements;

560. \$400,000 for Clark County Reclamation District/Searchlight, Nevada for wastewater infrastructure improvements;

561. \$250,000 for the City of Reno, Nevada for sewer infrastructure improvements;

562. \$300,000 for the Spanish Springs Nitrate Removal Project in Nevada;

563. \$200,000 for the North Valley Lemmon Artificial Recharge Project in North Lemmon Valley, Nevada for water infrastructure improvements;

564. \$250,000 for the Virgin Valley Water District, Nevada for water infrastructure improvements;

565. \$200,000 for Carson City, Nevada for reservoir lining;

566. \$600,000 for the Berlin Waterworks in Berlin, New Hampshire for drinking water distribution system improvements;

567. \$400,000 for the Nashua Combined Sewer Overflow project in Nashua, New

Hampshire for CSO treatment and abatement;

568. \$400,000 for the New Hampshire Department of Environmental Services to develop a septage treatment facility based at the wastewater treatment facility in Franklin, New Hampshire;

569. \$200,000 for Troy, New Hampshire for a wastewater and water improvement program;

570. \$400,000 for the Manchester Combined Sewer Overflow project in Manchester, New Hampshire;

571. \$200,000 for the Rochester, New Hampshire Route 108 sewer line extension;

572. \$150,000 for Somersworth, New Hampshire for the sewerage improvement program to provide upgrades to the wastewater treatment plant;

573. \$200,000 for Bristol, New Hampshire for wastewater system improvements;

574. \$150,000 for Milton, New Hampshire for a water storage tank replacement project;

575. \$600,000 for Town of Exeter, New Hampshire for water treatment plant replacement;

576. \$500,000 for the Township of Parsippany-Troy Hills in New Jersey for water infrastructure improvements;

577. \$1,250,000 for the City of Bayonne, New Jersey for water and wastewater infrastructure improvements;

578. \$1,600,000 for the City of Albuquerque and County of Bernalillo, New Mexico, for the Valley Utilities Project;

579. \$1,000,000 for the City of Espanola, New Mexico, for water and wastewater treatment infrastructure;

580. \$900,000 for the City of Kirtland, New Mexico, for Phase 1 of a sewer system project;

581. \$500,000 for the Village of Los Lunas, New Mexico, for the interceptor sewer line project;

582. \$250,000 for the City of Clovis, New Mexico for wastewater infrastructure improvements;

583. \$400,000 for the Town of Babylon, New York for the Oak Beach Park Stormwater Management Project;

584. \$300,000 for Orange County Water Authority, Goshen, New York for wastewater infrastructure improvements;

585. \$300,000 for the Town of Plattsburg, New York for wastewater infrastructure improvements;

586. \$500,000 for Washington County, North Carolina sewer improvements;

587. \$600,000 for the City of Mooresville, North Carolina for water infrastructure improvements;

588. \$1,000,000 for the City of Grafton, North Dakota for the Grafton Water Treatment Plant;

589. \$500,000 for the City of Devils Lake, North Dakota for water infrastructure improvements;

590. \$250,000 for the City of Riverdale, North Dakota for the Riverdale Regional Water Treatment Facility;

591. \$250,000 for Dickey Rural Water Users Association in Southeast, North Dakota for the Southeast Regional Expansion Project;

592. \$250,000 for the City of Mandan, North Dakota for drinking water infrastructure improvements;

593. \$300,000 for the Muskingum Watershed Conservancy District, Carroll County, Ohio for the Atwood Conference Center Water Treatment Plant Improvements;

594. \$500,000 for the Village of Racine, Meigs County, Ohio for water treatment plant improvements;

595. \$750,000 for the City of Celina, Ohio for the Water Treatment Plant Project;

596. \$400,000 for City of Akron, Ohio for Combined Sewer Overflow Improvements Project;

597. \$300,000 for City of Parma, Ohio for City Sewer Replacement Project;

598. \$200,000 for Defiance County Commissioners, Defiance and Paulding Counties, Ohio for Auglaize River Sewer Project;

599. \$175,000 for Jefferson County Water and Sewer District, Jefferson County, Ohio for Crestview/Belvedere Sewer Project;

600. \$175,000 for Tri-County Rural Water and Sewer District, Washington, Morgan and Noble Counties, Ohio for Tri-County/Noble County Water Interconnect Project;

601. \$100,000 for City of Delphos, Allen, Putnam and Van Wert Counties, Ohio for Tri-County Regional Water System Project;

602. \$100,000 for Village of Corning, Ohio for Wastewater System Improvements Project;

603. \$250,000 for City of Warrenton, Oregon for continued work on the municipal water outfall;

604. \$250,000 for City of Rainier, Oregon for a wastewater treatment plant;

605. \$250,000 for City of Coquille, Oregon for a wastewater treatment plant;

606. \$250,000 for Klamath Falls, Oregon for preliminary work on wastewater treatment improvements;

607. \$300,000 for the City of Coburg, Oregon for wastewater infrastructure improvements;

608. \$300,000 for the City of Rainier, Oregon for wastewater infrastructure improvements;

609. \$200,000 for the Municipality of Penn Hills, Pennsylvania, for the Madison Avenue Storm Sewer Project;

610. \$200,000 for the Nesquehoning Borough Authority, Carbon County, Pennsylvania, for a water main replacement;

611. \$200,000 for the Mercer County Regional Council of Governments, Pennsylvania, for the Shenango Valley Sewer/Water Improvement Project;

612. \$200,000 for the Berwick Industrial Development Association, Berwick, Pennsylvania, for the sanitary storm water system;

613. \$200,000 for the City of Johnstown, Pennsylvania for water and sewer improvements at the Point Stadium multi-use facility;

614. \$1,500,000 for the Three Rivers Wet Weather Demonstration program in Allegheny County, Pennsylvania to develop innovative, cost-effective solutions to assist municipalities to eliminate sewer overflows;

615. \$250,000 for the Derry Township Municipal Authority in Hershey, Pennsylvania for wastewater treatment plant upgrades;

616. \$250,000 for the Mercer County Sanitary Sewer and Water Treatment project in the City of Hermitage, City of Sharon, and Borough of Sharpsville, Pennsylvania;

617. \$250,000 for the City of Lancaster, Pennsylvania for water infrastructure improvements;

618. \$250,000 for the Newport Borough Sewer Authority in Newport, Pennsylvania for storm and sewer water separation;

619. \$250,000 for the York City Sewer Authority in York, Pennsylvania for wastewater collection system improvements;

620. \$250,000 for Pocono Township in Tannersville, Pennsylvania for the Route 611 Corridor sewer line construction;

621. \$250,000 to the Shannock Water District, Rhode Island for water infrastructure improvements;

622. \$250,000 to the Lincoln Water Commission, Rhode Island for water infrastructure improvements;

623. \$250,000 to the Pawtucket Water Supply Board, Rhode Island for water infrastructure improvements;

624. \$250,000 to the Town of North Kingstown, Rhode Island for water infrastructure improvements;

625. \$1,000,000 for the Narragansett Bay Commission, Rhode Island for combined sewer overflow infrastructure improvements;

626. \$500,000 for the City of Newport, Rhode Island for water infrastructure improvements;

627. \$500,000 for the Town of Warren, Rhode Island for sewer infrastructure improvements;

628. \$250,000 for Charleston CPW, Charleston, South Carolina for a Wastewater Tunnel Replacement Project;

629. \$250,000 for Kershaw County, Kershaw, South Carolina for the I-20 Corridor Infrastructure Project-Waste Water Treatment Plant Expansion;

630. \$800,000 for the Chester Sewer District, South Carolina for water and wastewater infrastructure improvements;

631. \$1,000,000 for Kershaw County, South Carolina for wastewater infrastructure improvements;

632. \$1,500,000 for the City of Huron, South Dakota for water infrastructure improvements;

633. \$600,000 for the Green Valley Sanitary District, South Dakota for water infrastructure improvements;

634. \$400,000 for the City of Tyndal, South Dakota for water infrastructure improvements;

635. \$300,000 for Milbank, South Dakota, for wastewater infrastructure improvements;

636. \$300,000 for Sisseton, South Dakota, for stormwater improvements;

637. \$750,000 for the City of Pikeville and Bledsoe County, Pikeville, Tennessee for water infrastructure improvements;

638. \$500,000 for the Watauga River Regional Water Authority, Carter County, Tennessee for planning and construction of regional water infrastructure facilities;

639. \$750,000 for the Walden's Ridge Water System, Hamilton County, Tennessee for water infrastructure improvements;

640. \$500,000 for the San Antonio Water System, Texas for water infrastructure improvements at KellyUSA;

641. \$650,000 for the Lower Rio Grande Morillo Drain Rehabilitation project in the Lower Rio Grande Valley of Texas;

642. \$800,000 for the Canyon Lakes Water Reuse Project in Lubbock, Texas for construction related costs to the water system infrastructure;

643. \$350,000 for the Abilene Breckenridge Reservoir project in Abilene, Texas for drinking water infrastructure;

644. \$400,000 for the Pharr Wastewater Collection System in Pharr, Texas to update the wastewater system infrastructure;

645. \$300,000 for the City of Breckenridge, Texas wastewater and sewer infrastructure project;

646. \$500,000 for the City of Hillsboro, Texas wastewater and sewer infrastructure project;

647. \$1,250,000 for the Town of Colchester, Vermont for wastewater infrastructure improvements;

648. \$1,000,000 for the Town of Waitsfield, Vermont for wastewater infrastructure improvements;

649. \$400,000 for the Fairfax County Water Authority, Virginia for the drinking water infrastructure improvements associated with the Electric Reliability project;

650. \$300,000 for Caroline County, Virginia for the Dawn Wastewater Treatment project;

651. \$400,000 for the City of Norfolk, Virginia for the Norfolk Sewer and Water Infrastructure Replacement;

652. \$300,000 for the City of Holladay, Utah, for water infrastructure improvements associated with the Wayman Storm Drain Project;

653. \$500,000 for the Magna Water Company an Improvement District, Magna, Utah, for water infrastructure improvements associated with the perchlorate & arsenic treatment plant;

654. \$400,000 for the City of Logan, Utah for water infrastructure improvements;

655. \$400,000 for Park City, Utah for water infrastructure improvements associated with the Judge and Spiro Tunnel treatment plant;

656. \$400,000 for the City of Riverton, Utah for water infrastructure improvements;

657. \$400,000 for the City of Orem, Utah for water infrastructure improvements;

658. \$100,000 for the Jordan Valley Water Conservancy District, Utah for the Groundwater Extraction and Treatment Remedial Project;

659. \$1,000,000 for Sandy City, Utah for drinking water and storm water infrastructure improvements;

660. \$400,000 for the City of Battle Ground, Washington for sewer infrastructure improvements;

661. \$750,000 for the Port of Walla Walla, Washington for the Burbank Water System improvements;

662. \$500,000 for the City of Kennewick, Washington for drinking water infrastructure improvements;

663. \$500,000 for Skamania County Public Utilities District in Carson, Washington for water infrastructure improvements;

664. \$250,000 for Squaxin Island Tribe in Shelton, Washington for water and wastewater infrastructure improvements;

665. \$1,000,000 for the Milwaukee Metropolitan Sewerage District in Wisconsin for sewer infrastructure improvements;

666. \$1,000,000 for the City of Racine, Wisconsin for water infrastructure improvements; and

667. \$600,000 for the City of Sun Prairie, Wisconsin for water and wastewater infrastructure improvements.

#### ADMINISTRATIVE PROVISIONS

The conferees have again this year included an administrative provision giving the Administrator specific authority to, in the absence of an acceptable tribal program, award cooperative agreements to federally recognized Indian Tribes or Intertribal consortia so as to properly carry out EPA's environmental programs.

The conference agreement includes a provision that allows EPA to collect certain pesticides fees authorized last year. The conferees have rejected the President's proposal to reinstate fees prohibited by the same Act and are concerned that EPA is needlessly spending time proposing fees and promulgating rules when other more productive pesticide work could be completed.

The conferees have again this year, included a provision that for fiscal year 2005 extends the eligibility of brownfield grant recipients to those who purchased properties prior to the enactment of the Small Business Liability Relief and Brownfield Revitalization Act of 2001. The conferees have not included a provision that would permit the use of certain brownfield grant funds for administrative costs, as the Senate had proposed.

In addition the conferees included a provision, as proposed by the House, which authorizes the agency to collect and use the non-federal share of the cost of the Great Lakes Legacy Act projects.

The conferees did not include a provision proposed by the Senate to provide special personnel authority for the Office of Research and Development.

Finally, the conference agreement does not include the provision proposed by the Senate to require EPA to reformat its budget justification; however, the conferees urge EPA to continue its current budget justification reformatting process.

## EXECUTIVE OFFICE OF THE PRESIDENT

## OFFICE OF SCIENCE AND TECHNOLOGY POLICY

Appropriates \$6,379,000, which is \$702,000 below the House and the Senate. The reduction reflects a cost decrease, at OSTP's request, for security related expenses that are no longer necessary.

The conferees direct OSTP to assess the cost and manner in which all federally funded agencies and entities award and pay science grants and stipends. The conferees understand that OSTP is currently conducting a similar review. To the extent there are differences between OSTP's review and the requirements in this report language, the conferees direct OSTP to incorporate the additional requirements as part of OSTP's review. OSTP is directed to consult with the House and Senate Committees on Appropriations on this assessment.

COUNCIL ON ENVIRONMENTAL QUALITY AND  
OFFICE OF ENVIRONMENTAL QUALITY

Appropriates \$3,284,000 as proposed by the House and the Senate. The conference agreement also includes a transfer of \$1,000,000 to the Office of Environmental Quality Management Fund, with which the conferees direct CEQ, in coordination with the U.S. Fish and Wildlife Service and other agencies as appropriate, to contract with the National Academy of Sciences within 60 days of enactment to conduct a study of the environmental, including landscape/viewshed, impacts of wind energy projects in the Mid-Atlantic Highlands. This study is to conclude with appropriate recommendations, such as viewshed and other criteria, regarding the siting of wind turbines in the Mid-Atlantic Highlands and should be submitted to the Committees no later than December 2005.

FEDERAL DEPOSIT INSURANCE CORPORATION  
OFFICE OF INSPECTOR GENERAL

Appropriates \$30,125,000 for the Office of Inspector General, as proposed by the House instead of \$30,625,000 as proposed by the Senate. Funds for this account are derived from the Bank Insurance Fund, the Savings and Loan Insurance Fund, and the FSLIC Resolution Fund and are therefore not reflected in either the budget authority or budget outlay totals.

GENERAL SERVICES ADMINISTRATION  
FEDERAL CITIZEN INFORMATION CENTER FUND

Appropriates \$14,907,000 as proposed by the House and the Senate.

UNITED STATES INTERAGENCY COUNCIL ON  
HOMELESSNESS  
OPERATING EXPENSES

Appropriates \$1,500,000 for the United States Interagency Council on Homelessness as proposed by the House and the Senate.

NATIONAL AERONAUTICS AND SPACE  
ADMINISTRATION

The joint explanatory statement of the managers herein reflects the agreement of the conferees on NASA programs and activities. The operative funding levels for programs and activities are those funding levels specified in this joint explanatory statement of the managers. Where no funding level is specified, NASA is directed to make a final determination of funding level for fiscal year 2005 and is required to notify the Congress under the established operating plan procedures of the Committees on Appropriations of the House and Senate. The conferees direct NASA not to charge any administrative expenses to congressionally directed spending on specific projects. These costs should be absorbed within the funding provided.

The conferees note that the House had requested a report from NASA documenting the reconciliation and correction of discrepancies between NASA's fund balance and the

U.S. Treasury's reported balances as of September 30, 2003. NASA has not yet satisfied the reporting requirement specified in the House report, even though the report was due on September 30, 2004, over 45 days ago. NASA is directed to expeditiously complete the requested report and formally submit it to the Committees on Appropriations of the House and Senate. Included in the report should be an explanation of any outstanding discrepancies and potential remedies.

As part of the proposed exploration vision, NASA will begin to phase-out existing programs in order to accommodate the vision. These plans must be clearly identified in order for NASA to smoothly transition older programs to make way for missions associated with the vision. As part of this process, the conferees direct NASA to include in all future budget justifications the phase-out schedules and any out-year termination dates of its programs.

The conferees direct the National Academy's Space Studies Board to conduct a thorough review of the science that NASA is proposing to undertake under the space exploration initiative and to develop a strategy by which all of NASA's science disciplines, including Earth science, space science, and life and microgravity science, as well as the science conducted aboard the International Space Station, can make adequate progress towards their established goals, as well as providing balanced scientific research in addition to support of the new initiative. This study should be completed no later than March 15th, 2005.

The conferees have included substantial funding for the space exploration initiative, but to date there has been no substantive Congressional action endorsing the initiative. The conferees note that the initiative is a very long-term endeavor and will require tens of billions of dollars over the next two decades. As such, the initiative deserves and requires the deliberative benefit of the Congress. To this end, the conferees call upon the appropriate Committees of jurisdiction of the House and Senate for action to specifically endorse the initiative and provide authorization and guidance. NASA is directed to forward a comprehensive package of authorization legislation for consideration by the 109th Congress.

The conferees are concerned that the current implementation plans for the new vision do not properly address the requirements for the heavy lift capability that may be necessary to carry out the space exploration initiative. A complete review of such plans must be conducted prior to embarking fully upon the implementation of the initiative. In order to assess heavy lift capability needs, NASA shall report to the Committees on Appropriations of the House and Senate, no later than 180 days from the date of enactment of this Act, regarding NASA's heavy lift capability needs and plans to meet those needs immediately and in the future. NASA is encouraged to look at concepts currently being developed in the Falcon program with DARPA that could have an impact on future heavy lift program development.

The conferees are concerned about the implications of full cost accounting procedures on the operation of NASA's wind tunnels. Rates charged to U.S. airframe, engine and component manufacturers are significantly higher than facilities in Europe. The conferees are concerned that the impact of such high fees will drive U.S. companies and jobs overseas and result in the closing of NASA's wind tunnels. Therefore, the conferees direct NASA to restructure the fees charged for use of the agency's wind tunnels to make them competitive with rates charged overseas and report back to the Committees on Appropriations of the House and Senate by March 1,

2005 on their plan to restructure the fee system. Furthermore, the conferees prohibit NASA from closing any wind tunnels during fiscal year 2005.

The conferees agree with the direction in the Senate report that NASA is to include the out-year budget impacts on all operating plan proposals. The operating plan and all resubmissions also shall include a separate accounting of all program/mission reserves.

The conferees agree with the Senate direction that NASA shall provide appropriate funds for the completion of the current NAPA review of NASA's organizational, programmatic, and personnel structures, including funds to review the recently announced NASA organization transformation and the recommendation contained in the Aldridge report for NASA to consider conversion of some NASA centers to Federally Funded Research and Development Centers.

The conferees are concerned that that sole source contracting can stifle competition and discourage new investment in space-related activities and should be avoided as much as practicable. The conferees direct NASA to submit to the Committees on Appropriations of the House and Senate, each intention by NASA to enter into a sole source contract no later than 10 days before a contract is awarded; this requirement shall apply to all new contracts and contract modifications of more than \$500,000 where a new contractor is involved or a new activity is added to an existing contract.

The conferees agree that from within the funding provided, \$291,000,000 is to be used for a servicing mission to the Hubble Space Telescope. The conferees believe a successful servicing mission to Hubble should be one of NASA's highest priorities and have provided a substantial increase in funding to accomplish this goal. The conferees direct NASA to report to the Committees on Appropriations of the House and Senate on the status of their plan to service Hubble and the recommendations of the National Academy of Sciences within 90 days of enactment of this Act.

Finally, the conferees note that NASA has requested and the conferees have provided unrestrained transfer authority between the Exploration Capabilities account and the Science, Aeronautics, and Exploration account. The conferees have taken this action because NASA needs flexibility as it completes its transition to full cost accounting. While this transfer authority can be used for purposes other than addressing full cost accounting issues, NASA is cautioned to do so with restraint.

SCIENCE, AERONAUTICS AND EXPLORATION  
(INCLUDING TRANSFER OF FUNDS)

Appropriates \$7,742,550,000 for science, aeronautics and exploration, instead of \$7,621,169,000 as proposed by the House and \$7,936,500,000 as proposed by the Senate. The Senate proposal included \$200,000,000 in emergency funding.

The Federal investments in aeronautics research and development have delivered countless economic and societal benefits to the nation over the years. Challenges in dealing with the projected growth in air traffic as well as the need to reduce significantly the adverse environmental impacts of future aircraft will require that NASA remain deeply engaged in aeronautics research and development. The conferees direct NASA to develop a prioritized set of aeronautics goals through 2020, along with the annual funding requirements associated with achieving each goal. The plan should be provided to the Committees within 120 days. As part of NASA's investments in this area, the conferees direct NASA to provide \$25,000,000 for Intelligent Propulsion System Foundation

Technologies (Propulsion 21) to continue research by the existing coalition of NASA, state government, industry, and academia.

The conferees have included \$28,200,000 for the National Space Grant College and Fellowship program. This amount is an increase of \$9,100,000 to the fiscal year 2005 budget request. The amount provided will fund 40 states at \$575,000 each and 12 states at \$350,000 each as well as \$1,000,000 for administrative expenses.

The conferees have included \$12,000,000 for the Experimental Program to Stimulate Competitive Research (EPSCoR). The amount provided is \$7,400,000 above the budget request of \$4,600,000 and will fund the fourth year of current five-year research grants.

The conferees note the overall success of the Science, Engineering, Mathematics and Aerospace Academies program and direct NASA to fund the core program at no less than \$4,800,000 in fiscal year 2005.

The conferees have provided \$10,000,000 for the Lunar Reconnaissance Orbiter [LRO], a reduction of \$60,000,000 from the budget request. NASA should continue with its announcement of opportunity for scientific instruments with these funds. However, in establishing the criteria for instrument selection, not less than 25 percent of the LRO's scientific instrumentation funding should be explicitly dedicated to building instruments focused solely on answering basic science questions. The conferees are concerned that the lunar measurement investigations to be carried out by the LRO mission, intended to characterize future robotic and human lunar landing sites, will forgo the opportunity for research and focus only on applied engineering assessments. The current proposed announcement of opportunity focuses solely on the human exploration objectives of the potential mission. Since the LRO is allocated against NASA's space science budget, the conferees believe that fundamental lunar science questions should be addressed in a significant fashion through instruments on this spacecraft. The conferees encourage NASA, as part of the LRO development, to consider the research instrumentation opportunities as well as technology qualification, navigation and communications capabilities, and resource identification technologies to maximize the opportunities of this first lunar mission.

The conferees share the concern of the Senate with regard to the proposed reductions to the Living With a Star [LWS] program and provide \$681,100,000 for the program. To meet the original goals of the LWS program, which the Congress has endorsed, the conferees are providing an additional \$35,000,000 for the LWS theme in 2005 to be allocated as follows: \$5,000,000 for the solar probe mission; \$15,000,000 to begin implementation of Geospace and \$5,000,000 for preliminary studies of solar sentinels; and \$10,000,000 for Solar Terrestrial Probes for continued development of the Magnetospheric Multiscale (MMS) mission. Furthermore, the conferees agree with the Senate direction that NASA is to develop a plan to guarantee launch of Geospace and Solar Dynamic Observatory within one year of each other with solar sentinels to follow in a reasonable time thereafter.

The conferees agree to provide \$2,000,000 for establishment of a NASA program office at the Applied Physics Laboratory [APL] for the purpose of administering all existing contracts between NASA and APL, including those under the LWS Program. The APL program office will report directly to the Associate Administrator for Science.

The conferees agree with the Senate direction that NASA is directed to undertake a detailed study of the feasibility for a New

Horizons II mission, to be launched within the near-term, if the study results can justify the scientific return for such a follow-on mission, at a price considerably less than the original New Horizons mission. Such a study should have its results submitted to the Committee on Appropriations by April 15, 2005.

The conferees do not agree with the direction in the Senate report calling for the transfer of 10 FTE from the Office of the Associate Administrator for Science to the NASA field centers responsible for management of the Discovery and New Frontiers programs. NASA is directed to expeditiously address the concerns raised in the Senate report.

The conferees direct NASA to select competitively some of the scientific instruments for the Terrestrial Planet Finder mission as directed by the Senate. The conferees provide \$15,000,000 for this effort.

The conferees agree to an increase of \$15,000,000 above the President's request for fiscal year 2005 for the NASA Earth Science Applications Program. This funding increase will be used to support competitively-selected applications projects. These projects will integrate the results of NASA's earth observing systems and earth system models (using observations and predictions) into decision support tools to serve applications of national priority including, but not limited to, Homeland Security, Coastal Management, Agriculture Efficiency, Water Management and Disaster Management.

The conferees are supportive of continuation of the ECS/EMD Synergy Program, reflecting the success of NASA's EOS Data Information System [EOSDIS] and its core system [ECS]. The conferees are providing \$15,000,000 for Synergy in fiscal year 2005 with \$1,500,000 for the Battelle Pacific Northwest Laboratory's Infomart; not more than \$1,500,000 to support the transition of Synergy Infomart activities to the ESE Application Division to be administered through a Cooperative Agreement [CAN] that will focus these funds toward meeting the needs of State, local and tribal governments; and \$12,000,000 through the EOSDIS Maintenance and Development Contract to support an extension of the Synergy Data Pools to improve data distribution to climate change models, expansion of data distribution to the user community and development of a pilot project using grid computing technology.

The conferees remain supportive of NASA's Columbia Project to upgrade its supercomputing capacity, but insists that NASA's total supercomputing capability should not reside at one location to protect the Agency from a potential single point of failure for mission critical and safety of flight analyses. Therefore, the conferees have provided \$5,000,000 from within funds projected for the Columbia project to upgrade the Goddard Space Flight Center's Center for Computational Science [NCCS] to guarantee that it serves as NASA's backup supercomputing center with tier 1 system backup and disaster recovery functions, including full transfer capability in the event of a failure of the principal supercomputer facility.

Based on the success of the X-43 program, the conferees are providing \$25,000,000 to continue design work being conducted for the X-43c as a follow-on to the X-43a program. The conferees encourage joint NASA and Air Force cooperation and collaboration in advancement of aeronautics technologies in the National interest.

The conferees agree to the following specific funding increases in addition to any increases mentioned above:

#### *Space Science*

An increase of \$250,000 for the Detroit Science Center;

An increase of \$150,000 for the Coca-Cola Space Science Center in Columbus, Georgia to support the Space Science Center;

An increase of \$2,100,000 for continued development of a lightweight carrier pallet to increase NASA's payload capacity for space shuttle servicing missions;

An increase of \$500,000 for the Sacramento Space Science Center at California State University;

An increase of \$1,000,000 for telescope construction at the Pisgah Astronomical Research Center;

An increase of \$1,000,000 for University of Idaho for RTULP Electronics for Space Applications;

An increase of \$1,000,000 for Utah State University in Logan, Utah for the Calibration Center;

An increase of \$300,000 to the University of Missouri at Rolla for the Advanced Millimeter Wave Inspection System program;

An increase of \$3,000,000 to New Mexico State University for the ultra-long balloon program to augment planned flights and technology development;

An increase of \$1,500,000 to Montana State University to purchase clean room systems and basic process equipment related to the microdevice fabrication facility;

An increase of \$1,000,000 for Texas Tech University Experimental Sciences Initiative, Lubbock, Texas to promote advanced and interdisciplinary research;

An increase of \$1,000,000 to the Southern Methodist University Multifab Facility in Dallas, Texas to develop multifabrication manufacturing technology;

An increase of \$1,000,000 to the University of Arkansas, Fayetteville, Arkansas for the Arkansas-Oklahoma Center for Space and Planetary Sciences;

An increase of \$1,500,000 to Montana State University-Bozeman for the Center for Studying Life in Extreme Environments;

An increase of \$2,500,000 to Marshall University in Bridgeport, West Virginia for the continuation of NASA related composites workforce development training at the Composites Technology Institute; and

An increase of \$1,750,000 to the University of Maryland, Baltimore County for photonics research.

#### *Earth Science*

An increase of \$500,000 to the Friends of the Museum of Natural Sciences in Raleigh, North Carolina for NASA Earth Science integration planning;

An increase of \$500,000 for continuation of emerging research that applies remote sensing technologies to forest management practices at the State University of New York, College of Environmental Sciences and Forestry;

An increase of \$1,000,000 for the Advanced Interactive Discovery Environment engineering research program at Syracuse University;

An increase of \$3,000,000 for the Regional Application Center for the Northeast;

An increase of \$15,900,000 for the Institute for Scientific Research, Inc. for development and construction of research facilities;

An increase of \$1,500,000 for on-going activities of the Goddard Institute for Systems, Software, and Technology Research, including mission design tools, Earth Science analysis, and remote sensing instrumentation development;

An increase of \$1,000,000 for the Goddard Space Flight Center's Clustering and Advanced Visual Environments Initiative;

An increase of \$1,000,000 for the University of San Francisco Center for Science and the Environment;

An increase of \$500,000 for hyper spectral remote sensing research and development at the Desert Research Institute;

An increase of \$400,000 for Space Place;

An increase of \$4,500,000 for the implementation of a remote data storage capability at the NASA IV&V Facility. Appropriated funds are for augmenting available data storage capacities; expanding remote data storage capabilities to the Goddard Space Flight Center and a second DAAC; and communications, facility and integration services at the IV&V Facility to support data backup, recovery, and on-line access capabilities for the Goddard Space Flight Center (GSFC) ECS program;

An increase of \$3,000,000 to be transferred to the Air Force Research Laboratory to begin development of miniature synthetic radar technology;

An increase of \$1,500,000 for Integrated Sensing Systems at the Rochester Institute of Technology;

An increase of \$3,500,000 for Little River Canyon Field School;

An increase of \$390,000 for Pearl River Community College in Mississippi for remote sensing, geographic information system and GPS training;

An increase of \$1,000,000 for Idaho State University for the Temporal Landscape Change Research program;

An increase of \$3,000,000 for the University of Alaska for weather and ocean research;

An increase of \$1,000,000 to Utah State University in Logan, Utah for the Intermountain region Digital Image Archive and Processing Center;

An increase of \$750,000 for the University of Northern Iowa for the GeoTREE project;

An increase of \$1,000,000 for the University of Texas Mid-American Geospatial Information Center at the UT Center for Space Research in Austin, Texas to continue information collection through satellite imaging;

An increase of \$500,000 to the Liberty Science Center, Jersey City, New Jersey for the Hudson Harbor and Estuary Ecological Learning Center;

An increase of \$750,000 to the University of Connecticut for the Center for Land Use and Education Research;

An increase of \$750,000 to the University of Vermont, Burlington for the Center for Advanced Computing;

An increase of \$5,400,000 for the Wallops Island Flight Facility to be used for developing a standard small launch vehicle, universal FTS, doppler radar and launch modeling laboratory;

An increase of \$2,000,000 to the University of North Dakota in Grand Forks for the Northern Great Plains Space Sciences and Technology Center; and

An increase of \$2,000,000 to upgrade the High End Production Capability at the Goddard Space Flight Center to improve climate and weather research capabilities.

#### *Biological and Physical Research*

An increase of \$3,000,000 for space radiation research at the Loma Linda University Medical Center;

An increase of \$500,000 for the Northwestern University Institute for Proteomics and Nanobiotechnology;

An increase of \$400,000 for Musculoskeletal Simulator for Injuries at the Cleveland Clinic;

An increase of \$1,250,000 for the Michigan Research Institute;

An increase of \$600,000 to the MCNC—Research and Development Institute (RDI) for continued funding for a Laboratory for Distributed Chemical and Biological Sensors;

An increase of \$500,000 for gravitational space biology research at North Carolina State University;

An increase of \$3,000,000 for the National Center of Excellence in Bioinformatics in Buffalo, New York;

An increase of \$1,000,000 for the Central New York Biotechnology Research Center in Syracuse, New York;

An increase of \$900,000 for the State University of New York Downtown Medical Center in Brooklyn, New York for the Advanced Biotechnology Incubator project;

An increase of \$1,500,000 to the University of Missouri at Columbia for the National Center for Gender Physiology studies on basic biomedical knowledge for the improvement of life on earth and solution of problems in human space flight;

An increase of \$5,000,000 to the Marshall Space Flight Center for propulsion materials microgravity research;

An increase of \$2,000,000 for the Alliance for Nanohealth, Houston, Texas to purchase equipment and conduct research on Nanotechnology and medicine;

An increase of \$2,000,000 for the University of Louisville Space Flight Exploration: The Impact on Perception, Cognition, Sleep and Brain Physiology Project at the University of Louisville in Louisville, Kentucky;

An increase of \$1,000,000 to the National Technology Transfer Center at Wheeling Jesuit University to transfer and adapt the Walter Reed Army Medical Center's HealthForces program, into medically underserved rural areas;

An increase of \$1,000,000 to the State University of Buffalo Center for Bioinformatics, Erie, New York;

An increase of \$3,000,000 to the Inland Northwest Space Alliance in Montana for the FreeFlyer program; and

An increase of \$750,000 to the University of Montana in Missoula, Montana for the National Space Privatization Program.

#### *Aeronautics*

An increase of \$350,000 for Validated Probabilistic Lifting Tools;

An increase of \$500,000 for the Michigan Small Aircraft Transportation System;

An increase of \$3,000,000 for the Virginia Institute for Performing Engineering and Research;

An increase of \$700,000 to the Virtual Systems Laboratory of the National Aviation Technology Center, School of Aviation, Dowling College, New York;

An increase of \$1,700,000 for the University of Toledo Turbine Institute;

An increase of \$600,000 to the Research Triangle Institute, International for Synthetic Vision Systems/Combined Vision Systems;

An increase of \$2,100,000 for Research on Advanced Wireless Communications for Airport Applications;

An increase of \$2,700,000 to research Secure Automatic Dependent Surveillance Broadcast (ADS-B) Surveillance data link technology for enhanced aviation security and general aviation airspace access;

An increase of \$5,000,000 for Project SOC-RATES;

An increase of \$1,000,000 for the National Aviation Technology Center at Dowling College, New York;

An increase of \$500,000 for the development of an Aircraft Radio Guidance System (ARGUS) utilizing a new radio frequency interferometer that will provide two or three dimensional navigation guidance for airborne, space or surface vehicles;

An increase of \$1,000,000 for the development of a Research Flight Computing System in support of the NASA Dryden Flight Research Center's Altair/Predator B UAV Technology Demonstrator Project;

An increase of \$7,500,000 for the Hydrogen Research Initiative;

An increase of \$1,000,000 to the Applied Polymer Technology Extension Consortium for research on polymers;

An increase of \$850,000 for the Florida Institute of Technology in Melbourne, Florida

for its Hydrogen, Fuel Cell & Sensor Technology Initiative;

An increase of \$2,300,000 to the University of Missouri at Rolla for Aerospace Propulsion Particulate Emissions Reduction Program;

An increase of \$1,000,000 for the National Institute of Aviation Research in Kansas for icing research;

An increase of \$2,000,000 to Wichita State University in Wichita, Kansas for the National Center for Advanced Materials Performance for composite materials research;

An increase of \$1,000,000 for the Glenn Research Center for the National Center for Communications, Navigation and Surveillance;

An increase of \$4,000,000 for the Glenn Research Center for the commercial technology program;

An increase of \$1,000,000 to Iowa State University for the Center for Nondestructive Evaluation; and

An increase of \$3,000,000 to Chesapeake Information Based Aeronautics Consortium.

#### *Education*

An increase of \$500,000 to the State of Alabama for the Alabama Math, Science, and Technology Initiative;

An increase of \$250,000 for the Education Training Center at the U.S. Space and Rocket Center;

An increase of \$2,000,000 to the Educational Advancement Alliance, to support the Alliance's K-12 math, science, and technology education enrichment program;

An increase of \$400,000 for Albany State University/Darton College in Albany, Georgia for the Science, Engineering, Math and Aerospace Academy program;

An increase of \$250,000 for South Georgia Technical College in Americus, Georgia for the Science, Engineering, Math and Aerospace Academy program;

An increase of \$250,000 for Albany State University in Albany, Georgia for project 'JumpStart' for a Math, Science Education Enhancement program for pre-college students;

An increase of \$250,000 for the Georgia Project/ABAC College, Tifton, Georgia to implement a K-12 program for Hispanic students in science, engineering, math and aerospace in SW Georgia who struggle with English as a Second Language;

An increase of \$400,000 for the University System of Georgia—Board of Regents, Atlanta, Georgia for purchase and implementation of a pre-testing software for math and science educational and career-related standardized test;

An increase of \$100,000 for Georgia Southwestern College in Americus, Georgia for grants and scholarships in math and science for students implemented through the Multicultural Affairs Program;

An increase of \$4,000,000 for a new Science Center at St. Bonaventure's University in New York State;

An increase of \$2,000,000 for the JASON Foundation;

An increase of \$300,000 for a Science, Technology, Engineering, and Mathematics Center at Tennessee Tech University, Cookeville, Tennessee;

An increase of \$250,000 for Hollins University for upgrades to its science infrastructure;

An increase of \$250,000 for the University of New England Marine Science Center;

An increase of \$500,000 for the Liberty Science Center;

An increase of \$350,000 for Aerospace Education Center in Cleveland, Ohio;

An increase of \$200,000 for Morehouse College in Atlanta, Georgia to support the technology center;

An increase of \$1,000,000 for National Center for Air and Space Law at the University of Mississippi;

An increase of \$1,000,000 for Tennessee Technological Institute for the development of a Challenger Learning Center;

An increase of \$500,000 for the Christa McAuliffe Planetarium in New Hampshire for the construction of the Alan Shepard Discovery Center;

An increase of \$500,000 to Southeast Missouri State University for the NASA-ERC Initiative;

An increase of \$1,000,000 to the Texas A&M Space Engineering Institute in College Station, Texas to continue minority engineering outreach in conjunction with NASA;

An increase of \$1,000,000 to Northern Kentucky University/University of Louisville for the Taking Astronomy to the Schools Project at Northern Kentucky University in Campbell County, Kentucky;

An increase of \$750,000 for the US Space and Rocket Center in Huntsville, Alabama for education training equipment and the museum exhibit improvement program.

An increase of \$250,000 for Sci-Quest, Northern Alabama Science Center for the interactive immersive-reality science laboratory;

An increase of \$750,000 to the Delaware Aerospace Education Foundation in Kent County, Delaware;

An increase of \$500,000 to the Chabot Space and Science Center in Oakland, California for The Future for Humans in Space Education Program;

An increase of \$250,000 for Dominican University, San Rafael, California for the Center for Science and Technology for science teacher training and education;

An increase of \$250,000 to Rowan University, Pomona, New Jersey for the Engineering and Technology Satellite Campus;

An increase of \$250,000 to the Museum of Science and Industry in Chicago, Illinois for the Henry Crown Space Center;

An increase of \$250,000 to Glendale Community College, California for the Cimmarusti Science Center's Teacher Training and Science Education Outreach Program;

An increase of \$500,000 to the Science Center of Iowa in Des Moines, Iowa;

An increase of \$2,000,000 for improvements to the Cooper Library at the University of South Carolina, Columbia, South Carolina;

An increase of \$2,000,000 to the College of Charleston, South Carolina for the School of Science and Mathematics;

An increase of \$1,000,000 to the Boston Museum of Science, Massachusetts for the National Center for Technology Literacy;

An increase of \$750,000 to Space Education Initiative, Wisconsin for the Wisconsin Aerospace Education Initiative;

An increase of \$1,750,000 to the Mitchell Institute, Portland, Maine for educational purposes;

An increase of \$1,000,000 to the Virginia Air and Space Museum, Norfolk, Virginia;

An increase of \$750,000 for the Griffith Observatory, Los Angeles, California; and

An increase of \$4,000,000 to the University of Hawaii, Hilo for the Mauna Kea Astronomy Education Center;

#### EXPLORATION CAPABILITIES

##### (INCLUDING TRANSFER OF FUNDS)

Appropriates \$8,425,850,000 for exploration capabilities, instead of \$7,496,800,000 as proposed by the House and \$8,411,100,000 as proposed by the Senate. The Senate proposal included \$600,000,000 in emergency funding.

The conferees agree that the space shuttle remains the cornerstone of our Nation's heavy launch capability and is critical to the future of the International Space Station and scientific research. Therefore, the con-

ferees have provided \$4,319,200,000 for the space shuttle program, the same as the level within the request of the administration. Should additional resource needs associated with return-to-flight activities arise during this fiscal year, the regular order of the budget process allows for the Administration to submit a supplemental request for funding, which would be given full and fair consideration by Congress. Alternatively, NASA has flexibility under established operating plan procedures with the Committees on Appropriations of the House and Senate to propose funding adjustments to augment the budget for the space shuttle as necessary, contingent on Congressional approval of the proposed changes. The conferees believe that returning the shuttle fleet to flight, the first step in the Space Exploration Initiative, should be NASA's highest priority.

Within the funds provided, the conferees direct \$10,000,000 for the Propulsion Research Laboratory at Marshall Space Flight Center to perform non-nuclear research on spacecraft engine systems that support nuclear thermal propulsion development. The conferees direct NASA to ensure that NASA facilities are utilized to the greatest extent possible by the Department of Energy in its role as a contractor for NASA under the Project Prometheus program.

The conferees do not agree with the termination of the commercial programs within the Innovative Technology Transfer Partnerships (ITTP) program as proposed in the budget submission, and have therefore provided an increase of \$30,000,000 to this appropriation for the express purpose of continuing the commercial programs, including the activities of both NASA and associated personnel, as they existed in fiscal year 2003 and prior fiscal years. The conferees notes that the National Academy of Public Administration (NAPA) has completed the first phase of an analysis of the ITTP program, which highlights a number of weaknesses that reduce the program's effectiveness at spin-in and spin-out of technology. The conferees direct NASA to fully address the recommendations of phases I and II of the NAPA study in the context of future budget submissions. The conferees support maintaining a vigorous ITTP program at NASA and strongly support maintaining the spin-out of NASA technology to the commercial world as an integral part of the program.

The conferees agree with direction contained in the Senate report that as soon as the Shuttle is available to provide access to the ISS, NASA is to provide the Committees on Appropriations of the House and Senate with a plan detailing the steps necessary to complete construction of the ISS. This plan may include completion of the ISS by only using the shuttle, or a combination of shuttle and unmanned flights for delivering components to the ISS. The cost implications associated with the revised schedule must be included in the plan that is submitted to the Committee within 30 days after the successful return-to-flight of the shuttle program. The report should also contain a timeline, in conjunction with the construction timetable for the ISS, for the eventual transition to a new manned launch vehicle.

The conferees are prepared to commit funds for development of a Crew Exploration Vehicle [CEV], but remain concerned that there has not been enough initial planning to determine what specific capabilities the CEV should have. The determination of the right capabilities should naturally come from a carefully thought-out plan and goals, which have yet to emerge from the implementation of the space exploration initiative. The current plan offered by NASA resembles a work-in-progress, rather than a firm definition of what is necessary to accomplish missions to

the ISS, as well as future manned missions. The conferees expect NASA to provide a report to the Committees on Appropriations of the House and Senate that details the criteria and developmental goals the CEV must meet to accomplish the missions envisioned by NASA within 60 days of enactment of this Act. The report shall also include the internal and independent procedures that will be in place to ensure that the CEV will stay within its budget throughout its development.

As NASA begins to consider another manned vehicle program, the conferees do not want a repeat of the mistakes of the International Space Station, where poor management and lack of independent oversight resulted in major cost overruns. At this early stage in the development of the CEV, it is essential that these mistakes be avoided. Therefore, the conferees direct the Administrator of NASA to identify an independent oversight committee capable of examining the design, technology readiness, and most importantly the cost estimates for the CEV. The Administrator shall use available funds within the Exploration Capabilities account to provide sufficient resources for this independent committee. The chosen oversight committee shall report to the Administrator and the Committees on Appropriations of the House and Senate annually on their findings and recommendations.

The conferees have agreed to provide \$10,000,000 for the Centennial Challenges program, subject to passage of authorizing legislation. NASA is to be directed to submit a detailed implementation plan for this program to the Committees on Appropriations of the House and Senate as soon as practicable.

The conferees recognize that modeling and simulation will have an important role in assessing the overall system development and performance in the Space Exploration Initiative and provide \$3,000,000 for this purpose. The conferees believe that simulated integrated systems, including testing and evaluation, will substantially reduce the total development costs of future space transportation systems by formulating and validating program requirements and by identifying and mitigating program risks as early as possible in the development process. The conferees direct the Office of Exploration Systems to develop and implement an integrated system simulation strategy to take full advantage of modeling, simulation, and evaluation tools.

The conferees direct NASA to keep the Committees on Appropriations of the House and Senate informed, in writing, of any movement of funds related to the shuttle program, as well as including the out-year impacts on all activities involved in the funding shifts. Finally, the conferees expect regular consultations by NASA on all proposed changes to investments in the Shuttle program. These consultations should occur before program decisions are finalized.

The conferees agree to the following specific funding increases in addition to any increases mentioned above:

An increase of \$400,000 for the Glenn Microsystems Commercialization Initiative;

An increase of \$300,000 for Garrett Morgan Commercial;

An increase of \$900,000 for Simulation based acquisition for manned space flight vehicle, design and testing, MSFC;

An increase of \$150,000 to the Technology Research & Development Authority of Central Florida for continuing investment in IT, and security technologies;

An increase of \$2,000,000 for the Idaho National Engineering and Environmental Laboratory for development of performance, safety, and mission success tools for NASA programs;

An increase of \$250,000 to the Alabama A&M University for Advanced Propulsion Materials Research;

An increase of \$500,000 for the Nano and Micro Devices Laboratory at the University of Alabama in Huntsville;

An increase of \$6,000,000 for the continuation of the Space Alliance Technology Outreach Program for business incubators in Florida and New York;

An increase of \$1,000,000 for the National Center of Excellence in Wireless and Information Technology Programs at Stony Brook University, New York;

An increase of \$1,000,000 for the National Center of Excellence in Small Scale Systems Packaging at the State University of New York at Binghamton;

An increase of \$2,500,000 for NASA's Independent Verification and Validation Facility, of which \$800,000 is available for continuation of the Code Level Metrics Data Program; \$400,000 is available for continuation of IV & V of Neural Nets; and \$400,000 is available for Software Legacy Research;

An increase of \$600,000 to the MCNC-Research and Development Institute (RDI) for continued funding for a Laboratory for Distributed Chemical and Biological Sensors;

An increase of \$1,000,000 for Cryogenic Power Electronics Development at the State University of New York at Albany;

An increase of \$200,000 for the National Center for Communication Navigation, and Surveillance at Glenn Research Center;

An increase of \$400,000 for COM Simulation Architecture;

An increase of \$300,000 for the Bowling Green State University Hybrid Engine project;

An increase of \$500,000 to the University of Alabama in Huntsville for a Space Flight Guidance, Navigation, and Control Test Bed;

An increase of \$3,000,000 for the National Center of Excellence in Infotonics in Rochester, New York;

An increase of \$3,000,000 for the Computing, Information and Communications Technology Program (CICT) for High Information Density Approaches to Mobile Broadband Internet Communications;

An increase of \$3,000,000 to the Mobile Broadband Network project, a joint effort between NASA and the Air Force Research Laboratory;

An increase of \$3,000,000 to be transferred to the Air Force Research Laboratory to continue joint research between NASA and the Air Force on emerging areas of computing including grid computing, quantum and biomolecular information processing technology;

An increase of \$4,000,000 for the Stennis Space Center for the commercial technology program;

An increase of \$4,000,000 for the Marshall Space Flight Center for the commercial technology program;

An increase of \$750,000 to Purdue University in West Lafayette, Indiana for the Advanced Manufacturing Institute;

An increase of \$2,000,000 to Wheeling Jesuit University, West Virginia for continued operation of the National Technology Transfer Center;

An increase of \$1,000,000 to the University of New Orleans, Louisiana for the Composites Research Center of Excellence and for the development of advanced metallic joining technologies at Michoud Space Center;

An increase of \$1,750,000 to the University of Maryland, College Park for the nanotechnology institute; and

An increase of \$2,000,000 to the SSME program office at Marshall for development of a knowledge management integrated data environment.

#### OFFICE OF INSPECTOR GENERAL

Appropriates \$31,600,000 for the Office of Inspector General as proposed by the Senate,

instead of \$31,400,000 as proposed by the House. The amount provided includes \$3,800,000 to conduct NASA's annual audit of NASA's financial statements.

The conferees remain concerned that NASA needs to reform its contracting process to ensure timely delivery of both services and hardware. The conferees direct the NASA Inspector General to issue a list of contracting 'trouble' areas with recommendations to address these areas. The conferees understand that this is no easy project, but expects NASA and the NASA IG to respond to these concerns with a package of proposed contracting reforms that can begin to be implemented in fiscal year 2005.

#### ADMINISTRATIVE PROVISIONS

The conferees have included three administrative provisions included in both the House and Senate bills. In addition, the conferees agree to language proposed by the Senate allowing the use of funds for prizes and language allowing for the transfer of funds between the exploration capabilities account and the science, aeronautics, and exploration account subject to established operating plan procedure. The conferees further agree to language proposed by the Senate as a General Provision, with some modifications, which will have the effect of incorporating projects and activities into the text of the bill by reference.

#### NATIONAL CREDIT UNION ADMINISTRATION

##### CENTRAL LIQUIDITY FACILITY

Provides limitation of \$1,500,000,000 on CLF lending activities from borrowed funds as proposed by the House and Senate.

#### COMMUNITY DEVELOPMENT REVOLVING LOAN FUND

Appropriates \$1,000,000 as proposed by the House and the Senate. Within this amount, \$800,000 is provided for technical assistance to low-income and community development credit unions. Funds are available for two years as proposed by the House. The Senate had proposed that funds be available until expended. The conferees reiterate language proposed by the Senate encouraging NCUA to continue to develop technical assistance in rural areas.

#### NATIONAL SCIENCE FOUNDATION

The conferees agree that the language included in House Report 108-674 and Senate Report 108-353 is to be complied with unless specifically addressed to the contrary in this conference report and the statement of the managers.

The conferees agree that the National Science Foundation is to abide by the reprogramming requirements set forth in the House report requiring prior Committee approval for any transfers in excess of \$500,000 or any change that could be construed as policy or a change in policy, instead of \$250,000 as proposed in the Senate report.

The conferees agree that the National Science Foundation is to present its fiscal year 2006 budget justification submission in the traditional appropriations account structure with detailed information on program, project and activity funding levels and all proposed changes. The Foundation is directed not to format or integrate its strategic themes of "People," "Tools," and "Ideas" into the detailed appropriations justifications but instead may provide them as supplementary information. The conferees direct the Foundation to submit a template for its fiscal year 2006 budget justification to the Committees on Appropriations of the House and Senate that complies with this direction no later than December 15, 2004.

#### RESEARCH AND RELATED ACTIVITIES

Appropriates \$4,254,593,000 for research and related activities instead of \$4,151,745,000 as

proposed by the House and \$4,402,320,000 as proposed by the Senate.

The conferees agree to continue funding for the costs of Foundation employees hired under the Intergovernmental Personnel Agreements (IPA) Act under this account instead of consolidating funding for such costs under the Salaries and Expenses account as proposed by the House. New language is included to limit the amount available for such purposes to the amount requested in the Foundation's budget for fiscal year 2005.

The conferees have included bill language that provides up to \$350,000,000 for polar research and operations support, as proposed by the House and \$95,000,000 for a comprehensive research initiative on plant genomes for economically significant crops, as proposed by the Senate. Language is also included as proposed by the Senate and carried in previous years regarding distribution of funding against statutory minimum and maximum levels. The House did not include similar language. Language proposed by the Senate is not included authorizing the payment of travel expenses from this account. The House did not include similar language as requested in the budget. The conferees understand that deletion of this language will not impact travel costs associated with Foundation staff hired under the IPA Act since such costs are eligible to be funded under this account.

Notwithstanding the language in the House and Senate reports designating the allocation of funds, the conferees have agreed that the allocation among programs and directorates is to be determined by the Director of the Foundation, unless specifically noted herein. The Foundation is to submit its proposed operating plan to the Committees on Appropriations of the House and the Senate within 60 days of enactment of this Act that addresses the Foundation's highest research priorities. In developing this plan, the Foundation is urged to maintain the proper balance between interdisciplinary research and single-issue research in core disciplines.

The conference agreement provides \$95,000,000 for plant genome research on economically significant crops as proposed by the Senate. The House did not address this matter.

The conferees do not object to the allocation of not to exceed \$6,000,000 for continued planning and design for the National Ecological Observatory Network if the Director of the Foundation determines such funding is warranted. The conferees reiterate the language in the House report regarding the National Research Council's recommendations regarding this project. The conferees concur that funding provided may be used for a new class of Science and Technology Centers if the Director of the Foundation determines such funding is warranted when measured against other priorities within the agreed upon total for this account.

The conferees do not object to the allocation of not to exceed \$5,000,000 for completion of a design and development study for the Giant Segmented Mirror Telescope if the Director of the Foundation determines such funding is warranted based upon private sector interest and commitment, other astronomical science needs, and subject to approval by the National Science Board.

The conference agreement does not provide any funding for the new Workforce for the 21st Century program. The Foundation is encouraged to work with the Committees to develop a more refined and descriptive proposal for future consideration.

The conference agreement does not provide any funding for a new Innovation Fund.

The conferees understand that discussions between the National Science Foundation

and the Smithsonian Institution are ongoing and have been productive. With respect to Smithsonian researchers' access to NSF funding, the Committees expect the Foundation to treat any proposal submitted by non-Federal employees of the Smithsonian whose salaries are not part of appropriated accounts in the same manner as any academic proposal.

The conferees reiterate the direction in the Senate report requiring NSF to include multi-year budget estimates and future budget impacts for multi-disciplinary and mid-level activities in the annual operating plan and in future budget requests.

#### MAJOR RESEARCH EQUIPMENT AND FACILITIES CONSTRUCTION

Appropriates \$175,050,000 for major research equipment and facilities construction in-

stead of \$208,200,000 as proposed by the House and \$130,420,000 as proposed by the Senate. Included within the appropriated amount is \$49,700,000 for construction of the Atacama Large Millimeter Array aperture-synthesis radio telescope; \$47,350,000 for EarthScope; \$48,000,000 for continued research and development of the IceCube Neutrino Detector Observatory in Antarctica; \$15,000,000 for the Integrated Ocean Drilling Program (IODP); and \$15,000,000 for the Rare Symmetry Violating Processes Program.

Funding for the NEON program is addressed under the Research and Related Activities account.

#### EDUCATION AND HUMAN RESOURCES

Appropriates \$848,207,000 for education and human resources instead of \$842,985,000 as

proposed by the House and \$929,150,000 as proposed by the Senate.

The conferees agree to continue funding for the costs of Foundation employees hired under the Intergovernmental Personnel Agreements (IPA) Act under this account instead of consolidating funding for such costs under the Salaries and Expenses account as proposed by the House. New language is included to limit the amount available for such purposes to the amount requested in the Foundation's fiscal year 2005 budget. Language is also included as proposed by the Senate and carried in previous years regarding distribution of funding against statutory minimum and maximum levels. The House did not include similar language.

The conferees agree to the following funding levels and directives within this account:

| Program                                          | FY 2005 request | House        | Senate        | Conference agreement |
|--------------------------------------------------|-----------------|--------------|---------------|----------------------|
| Math & Science Partnership .....                 | \$80,000,000    | \$82,500,000 | \$110,000,000 | \$80,000,000         |
| EPSCoR .....                                     | 84,000,000      | 94,440,000   | 95,000,000    | 94,440,000           |
| Elementary, Secondary & Informal Education ..... | 172,750,000     | 175,457,000  | 187,750,000   | 183,412,000          |

Within this level of funding for Elementary, Secondary and Informal Education, \$63,565,000 has been provided for the Informal Science program.

Of the amount appropriated for Undergraduate Education, \$45,500,000 is for the Advanced Technological Education program; \$25,485,000 is for the STEM Talent Expansion Program (STEP); and \$7,950,000 is for the Robert Noyce Scholarship Program. No funds are provided for the Workforce for the 21st Century program.

Within the funding level for Human Resource Development, \$35,300,000 is provided for the Louis Stokes Alliances for Minority Participation program; \$25,420,000 is provided for the Historically Black Colleges and Universities Undergraduates (HBCU) Program; \$14,910,000 is provided for the Alliance for Graduate Education and the Professoriate; \$16,000,000 is provided for the Centers of Research Excellence in Science and Technology (CREST) program and HBCU Research University Science and Technology (THRUST) initiative within CREST; \$2,510,000 is provided for Model Institutions for Excellence; and \$9,920,000 is provided for Tribal Colleges. While the conferees agree that eligibility for THRUST should not exclude CREST recipients, NSF is directed to first use fiscal year 2005 program funds to fully fund multi-year awards to recipients of THRUST.

#### SALARIES AND EXPENSES

Appropriates \$225,000,000 for salaries and expenses instead of \$249,970,000 as proposed by the House and \$269,000,000 as proposed by the Senate.

At the request of the Foundation, the conferees have agreed to continue funding the costs of personnel employed by the Foundation under the Intergovernmental Personnel Act (IPA's) under the "Research and Related Activities" and the "Education and Human Resources" appropriations accounts. These costs have been set within each account at \$25,954,000 and \$5,500,000, respectively. No funding has been included in the "Salaries and Expenses" account for this purpose. The conferees note that the \$31,454,000 provided for the IPA program in fiscal year 2005 is approximately a 10 percent increase over the fiscal year 2004 level for the program. The conferees are pleased that the Director has assured the Committees that the cost of the IPA program will be shown in a more transparent way in future budget submissions. As a part of this process the conferees expect the fiscal year 2006 budget justification ma-

terials to include a single consolidated schedule showing all personnel costs for the Foundation.

The conference agreement provides sufficient resources to maintain existing staffing levels at the Foundation. Within the total amount provided for this account, the Director may, at his discretion, devote additional resources to address permanent staffing at the agency and address computer system needs, particularly for the FastLane system.

The conferees reiterate the direction in the Senate report regarding staffing support to the Deputy Director of Large Facilities and expect the fiscal year 2005 operating plan to identify the actions taken regarding this matter.

#### OFFICE OF THE NATIONAL SCIENCE BOARD

Appropriates \$4,000,000 for the National Science Board as proposed by the Senate, instead of \$3,950,000 as proposed by the House.

#### OFFICE OF INSPECTOR GENERAL

Appropriates \$10,110,000 for the Office of Inspector General as proposed by both the House and the Senate.

The conferees request that the IG conduct a review of the portion of the Foundation's total budget devoted to administrative and other overhead expenses and how these costs compare to similar costs at other large research agencies.

#### NEIGHBORHOOD REINVESTMENT CORPORATION

##### PAYMENT TO THE NEIGHBORHOOD REINVESTMENT CORPORATION

Appropriates \$115,000,000 for the Neighborhood Reinvestment Corporation as proposed by both the House and Senate.

Language is included in the bill which designates \$5,000,000 to support the Corporation's multi-family rental housing program, as proposed by the Senate.

#### SELECTIVE SERVICE SYSTEM

##### SALARIES AND EXPENSES

Appropriates \$26,300,000 for salaries and expenses as proposed by both the House and Senate. The conferees are in agreement that the Selective Service System should not use any of its funds to support the Corporation for National and Community Service.

#### WHITE HOUSE COMMISSION ON THE NATIONAL MOMENT OF REMEMBRANCE

Appropriates \$250,000 for this account as proposed by the House. The Senate did not include a similar provision but instead included funding in another bill.

#### TITLE IV—GENERAL PROVISIONS

The conference agreement includes the following dispositions of General Provisions:

Retains sixteen general provisions proposed by both the House and the Senate, all of which were included in the fiscal year 2004 Act.

Includes modified language, similar to language proposed by the House and the Senate, amending Section 313 of the National Space Act of 1958 to implement new appropriations accounts.

Retains language proposed by the House and the Senate regarding outreach and marketing efforts to enroll veterans in the Veterans Health Administration.

Retains language proposed by the Senate expressing a Sense of the Congress that no veteran should wait more than thirty days for a doctor's appointment. The House did not include similar language.

Retains language proposed by the Senate prohibiting the use of any NASA funds to be used for voluntary separation incentive payments if those incentives result in the loss of skills related to the safety of the Space Shuttle or the International Space Station. The House did not include similar language.

Retains language proposed by the Senate recognizing the six Pioneer Homes in Alaska as eligible for per diem payments under the Department of Veterans Affairs state home program. The House did not include similar language.

Retains language proposed by the House and the Senate related to benefits to families of astronauts of the Space Shuttle Columbia.

Retains language proposed by the Senate to amend a provision included in the fiscal year 2004 Act regarding the regulation of engines under 50 horsepower. The House did not include similar language.

Deletes language proposed by the House providing for expansion of the NASA enhanced use lease demonstration program. The Senate did not include similar language.

Deletes language under this title proposed by the Senate regarding NASA expenditure of funds and instead includes the provision under NASA Administrative Provisions. The House did not include similar language.

Deletes language proposed by the Senate prohibiting the use of funds in this or any other Act to implement section 338 of the Department of the Interior appropriations bill. The House did not include similar language.

Deletes language proposed by the Senate amending section 1502 of the Farm Security and Rural Investment Act of 2002. The House did not include similar language.

Adds a provision appropriating funds for the reconstruction of Pier 86 in New York City.

Adds a provision providing compensation funds to the Department of Veterans Affairs.

Adds a provision exempting the Village of Chickasaw, Ohio from section 102(g)(2) of the Housing and Community Development Act of 1974.

## Division J—Other Matters

## Title I—Miscellaneous Provisions and Offsets

Sec. 101. The conference agreement provides \$230,000,000 for the weatherization assistance program of the Department of Energy.

Sec. 102. The conferees have included a new general provision which amends section 1201(a) of Public Law 108-375.

Sec. 103. The conference agreement includes language in section 103 amending Public Law 108-335 the District of Columbia Appropriations Act, 2005 to allow the following: (1) Permits the District of Columbia Department of Transportation to allocate funds from the rights-of-way fund for road, sidewalk, and alley repairs; (2) makes technical corrections to section 340(a) dealing with charter school lease guarantees; (3) repeals section 342(a) and (b) dealing with charter school conversions; (4) modifies section 342(c) dealing with the leasing and acquisition of surplus property by charter schools; and (5)

makes technical corrections to section 347 dealing with charter school contracting.

Sec. 104. The conferees include a new provision requiring the Coast Guard to transfer up to \$40,000,000 from the Rescue 21 project to the HH-65 re-engining project. The Rescue 21 project is experiencing significant delays due to software and technical difficulties. The HH-65 re-engining project is a critical safety issue. The Coast Guard has indicated that additional funding is required to accelerate the re-engining project and complete the work by the end of calendar year 2006. Bill language requires the Coast Guard to notify the House and Senate Committees on Appropriations 15 days prior to the transfer occurring.

Sec. 105. The conferees include a new provision extending the authorization of the National Pre-Disaster Mitigation program to December 31, 2005.

Sec. 106. The conferees include a new provision clarifying how funding shall be spent by the Transportation Security Administration's maritime and land security program in fiscal year 2005.

Sec. 107. The conference agreement includes the following technical correction to the Military Construction Appropriations Act, 2005:

## Mississippi

|                                                             |              |
|-------------------------------------------------------------|--------------|
| Navy: Gulfport, Vehicle Maintenance Facility .....          | -\$4,350,000 |
| Naval Reserve: Gulfport, Vehicle Maintenance Facility ..... | +4,350,000.  |

Sec. 108. The conferees agree to include a new general provision, section 108, which provides the Department of the Navy with \$2,000,000 to acquire an historic vessel, with Coast Guard registration number 225115.

Sec. 122. The conference agreement includes a 0.83 percent across-the-board rescission to discretionary budgetary resources provided in fiscal year 2005 regular appropriations Act (except Defense, Military Construction, and Homeland Security), as well as to any previously enacted fiscal year 2005 advance appropriation and to any contract authority subject to limitation.

## TAPS QUALITY BANK

Congress has concerns regarding the Federal Energy Regulatory Commission Admin-

istrative Law Judge's decision dated August 31, 2004 in Docket No. OR89-2-017; Docket No. OR96-14-006; Docket No. OR98-24-002; Docket No. ISO3-137-001; Docket No. ISO3-141-001; Docket No. ISO3-142-001; Docket No. ISO3-143-001; Docket No. ISO3-144-001. Considering the specific equities of this case, the general importance of continued domestic refinery activity in order to protect national fuel supplies and the need to limit business uncertainty associated with the use of the Trans Alaska Pipeline System, Congress expects the Federal Energy Regulatory Commission to evaluate carefully the disputed Resid valuation and related retroactive Resid refund matter affecting the TAPS Quality Bank Adjustments. Except where the parties have otherwise stipulated, Congress is particularly concerned about the equity of assigning retroactive refunds beyond a term of 15 months.

The term "TAPS Quality Bank Adjustments" means monetary adjustments paid by or to shippers of oil on the Trans Alaska Pipeline System through the operation of a quality bank to compensation for the value of the shippers, oil commingled in the pipeline.
