

MESSAGE FROM THE SENATE

A message from the Senate by Mr. Monahan, one of its clerks, announced that the Senate has passed without amendment a bill of the House of the following title:

H.R. 3377. An act to provide an extension of highway, highway safety, motor carrier safety, transit, and other programs funded out of the Highway Trust Fund pending enactment of a law reauthorizing the Transportation Equity Act for the 21st Century.

The message also announced that the Senate has passed a bill of the following title in which concurrence of the House is requested:

S. 45. An act to amend the Controlled Substances Act to lift the patient limitation on prescribing drug addiction treatments by medical practitioners in group practices, and for other purposes.

The SPEAKER pro tempore. The Committee will resume its sitting.

USA PATRIOT AND TERRORISM
PREVENTION REAUTHORIZATION
ACT OF 2005

The Committee resumed its sitting.

Mr. SCOTT of Virginia. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, this provides mandatory minimums, which we have frequently said if it had come up in committee we would have a letter ready from the Judicial Conference reminding us that mandatory minimums violate common sense, because if the penalty makes sense, it can be imposed; if it does not make sense, it has to be imposed anyway.

This amendment is unnecessarily confusing and duplicative of current law. It is already a crime punishable by 20 years in prison, or life in prison in some circumstances, to provide material support of any kind to a terrorist organization or to support a person in carrying out terrorist acts regardless of how the money came about, whether it was from drug proceeds or otherwise.

If anyone is engaged in drug trafficking of any significance in order to support terrorism, they can already be charged with both a drug offense and the material support of terrorism.

□ 1930

This might, unfortunately, bring in some small-time dealer that did not know what he was doing and all of a sudden he is subjected to 20-year mandatory minimums when he was not much of a dealer at all.

This new crime would substantially broaden the Federal death penalty in ways that might actually violate the Constitution. For example, indirect offenses like conspiracy are generally not death eligible, but financing is more analogous to conspiracy than the direct crimes like hijacking, bombing or murder by drug king, which are already death eligible. Drug trafficking and terrorism crimes already carry numerous penalties for the most egregious offenses, so we do not need them anew in this case.

Mr. Chairman, I hope we defeat this amendment. We did not put it into the bill in committee when we would have had an opportunity to ensure it did not conflict with various other provisions of the law or was unnecessarily duplicative.

Mr. Chairman, I reserve the balance of my time.

Mr. HYDE. Mr. Chairman, I yield 3 minutes to the gentleman from Indiana (Mr. SOUDER).

Mr. SOUDER. Mr. Chairman, I thank the distinguished chairman of the Committee on International Relations for yielding me this time and for his continued leadership on narcotics issues as we tackle these questions at the international level.

The preceding speaker said that some of these amounts might be fairly small. Well, in Madrid it probably was fairly small. Spanish authorities have said that the Muslim militant cell exchanged for hashish and cash to fund it. I do not know how much it was. It probably was not a truckload of hashish. It may not have been a big thing, but there are a lot of people dead.

The link between narcotics and terrorism is growing, as the distinguish chairman pointed out; and we have heard the same thing in the drug policy subcommittee, and that is anywhere from slightly below half to slightly over half of the major terrorist organizations in the world are funded by drugs, most likely heroin and hashish, but also cocaine.

As we get better at driving them underground, we are going to see an increase in narco-trafficking and terrorism around the world, as we will see in human trafficking, as well, as we drive this underground.

As far as mandatory minimums, I hope there are mandatory minimums on people funding direct terrorist attacks on the United States. If you are selling drugs, and even inadvertently, and these groups often are hear no evil, see no evil, and they pretend like they are not involved in narcotics trafficking, but as they swap with different cells and work with these cells around the world, I hope they have a mandatory minimum, if they blow up and terrorize America, terrorize London and terrorize Spain. We need stiff penalties.

We need to look for these gaps and these holes so we can go after these groups and break them up. We have had multiple efforts around the world where we see some of these terrorist organizations starting to interact with each other. We need to have conspiracy clauses that enable us, as they start to interconnect from South America, Asia and the Middle Eastern gangs as they swap cocaine for other things and convert and move in the underground market. We need to stay up with how the terrorists are working.

As they start to interconnect, we need laws that can address this, and I commend the chairman from the Committee on International Relations with trying to address this rapidly growing threat in all regions of the world.

I urge this Congress to send a strong message that this needs to be part of the PATRIOT Act as we look at the international efforts and the international connection in the funding of terrorism.

Mr. SCOTT of Virginia. Mr. Chairman, I reserve the balance of my time.

Mr. HYDE. Mr. Chairman, I yield 3 minutes to the gentleman from California (Mr. DANIEL E. LUNGREN).

Mr. DANIEL E. LUNGREN of California. Mr. Chairman, the Hyde amendment recognizes a new reality in a very real danger that is growing: the deadly mix of drug trafficking and terrorism. It has now been estimated that nearly half of the designated foreign terrorist organizations are involved in the trafficking of illegal drugs. That is illegal drugs that end up on the streets of our cities, the cities of our allies, poisoning the fabric of their society and our society.

Terrorists, like old organized crime syndicates from the past, have recognized that illegally drug trafficking is a valuable source of financing and just another way to threaten our country. The evidence linking these two criminal activities is overwhelming. Terrorists in Afghanistan are now infiltrating and controlling the cultivation of poppy and ultimately heroin. The deadly bombings in Spain were financed through drug money. Hezbollah has been linked to drug trafficking from South America to the Middle East; and of course the Revolutionary Armed Forces of Colombia has long-standing drug trafficking operations which fund their deadly activities.

The Hyde amendment simply creates a new Federal crime for the trafficking of controlled substances which are intended to benefit a foreign terrorist organization or any other terrorist organization and imposes a stiff mandatory minimum penalty of 20 years. It is a serious crime and one that needs to be stopped, and this amendment would do the job.

I would say that those who have some question about mandatory minimum penalties, this is hardly the place to object to them. This is really seriously two crimes: the one of drug trafficking connected with terrorism. It seems to me this would be precisely the place we would support mandatory minimum penalties.

I think we should be thanking the gentleman from Illinois (Mr. HYDE) for bringing this to our attention. Let us remember that since most of the Afghan heroin goes to Europe and not here to the United States, our Justice Department and hard-pressed DEA are very limited in going after the drug dealers and drug lords who facilitate terrorism directed at our troops. They need some nexus to the drugs coming to the USA.

Please join me in supporting the Hyde amendment. It makes sense. Yes, it is tough; but we need to be tough in this circumstance.

Mr. SCOTT of Virginia. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I would like to respond to the suggestion about mandatory minimums. This may be a crime where high sentences may be appropriate; and if they are appropriate in the individual case, they can be applied.

What the mandatory minimum imposes, whether it makes any sense or not, whether it violates common sense, it still has to be applied. That is why we get a letter from the Judicial Conference every time we have a bill before us with mandatory minimums in it, they remind us that the mandatory minimums violate common sense.

We also have the opportunity to review the studies that we have seen that show that mandatory minimums waste taxpayer money, as opposed to other ways that you can sentence.

Mr. Chairman, I reserve the balance of my time.

Mr. HYDE. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, very briefly, a mandatory minimum sentence covers two crimes. It covers dealing narcotics and facilitating and enabling terrorism. It seems to me a modest sentence of 20 years for those two heinous crimes.

There is a definite link between the illicit narcotics trade and the financing of terrorism. We have taken a focused look at that link, and this is an attempt to disrupt it and destroy it.

The gentleman from Virginia uses the term "common sense." I think it is the utmost of common sense for us to address the flourishing of illicit drug trade and its link with narcoterrorism, so I respectfully hope that the Members will support this amendment.

Mr. Chairman, I yield back the balance of my time.

Mr. SCOTT of Virginia. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN (Mr. SIMPSON). The question is on the amendment offered by the gentleman from Illinois (Mr. HYDE).

The amendment was agreed to.

The Acting CHAIRMAN. It is now in order to consider amendment No. 17 printed in House Report 109-178.

Mr. SCOTT of Virginia. Mr. Chairman, a Democratic amendment was scheduled next, but I believe that amendment is not going to be offered.

The Acting CHAIRMAN. It is now in order to consider amendment No. 18 printed in House Report 109-178.

AMENDMENT NO. 18 OFFERED BY MR. SESSIONS

Mr. SESSIONS. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 18 offered by Mr. SESSIONS:

Add at the end the following:

SEC. 17. INTERFERING WITH THE OPERATION OF AN AIRCRAFT.

Section 32 of title 18, United States Code, is amended—

(1) in subsection (a), by redesignating paragraphs (5), (6), and (7) as paragraphs (6), (7), and (8) respectively;

(2) by inserting after paragraph (4) of subsection (a), the following:

“(5) interferes with or disables, with intent to endanger the safety of any person or with a reckless disregard for the safety of human life, anyone engaged in the authorized operation of such aircraft or any air navigation facility aiding in the navigation of any such aircraft;”;

(3) in subsection (a)(8), by striking “paragraphs (1) through (6)” and inserting “paragraphs (1) through (7)”; and

(4) in subsection (c), by striking “paragraphs (1) through (5)” and inserting “paragraphs (1) through (6)”.

The Acting CHAIRMAN. Pursuant to House Resolution 369, the gentleman from Texas (Mr. SESSIONS) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Texas (Mr. SESSIONS).

Mr. SESSIONS. Mr. Chairman, I yield myself such time as I may consume.

I offer a thanks to the gentleman from Wisconsin (Mr. SENSENBRENNER), chairman of the Committee on the Judiciary, and the gentleman from California (Mr. DREIER), chairman of the Committee on Rules, who made in order my request for an amendment.

Mr. Chairman, the PATRIOT Act currently makes it a Federal crime to interfere with any person operating a mass transportation vehicle with the intent to endanger any passenger or with a reckless disregard for the safety of human life.

While this clearly applies to passenger aircraft, it fails to protect other aircraft. The consequences of this oversight were recently exposed by a widely reported New Jersey laser beam incident. On two separate occasions, an individual directed a laser beam at the cockpit of a small passenger airplane and at a Port Authority Police Department helicopter. Such conduct is extremely dangerous, putting aircraft at tremendous risk by startling, distracting, and even blinding pilots. However, when apprehended, this individual was charged only in connection with the airplane. Although equally in danger, the police helicopter did not qualify for mass transportation vehicle protection.

Unfortunately, the New Jersey incident was not an isolated instance. Similar occurrences have happened in Ohio, Texas, Colorado, and Oregon. Pilots nationwide increasingly are reporting laser-beam interference during landing approaches, and although no reports have been terrorist-related to date, there is evidence that terrorists are exploring the use of similar laser tactics as weapons.

Regardless of intent, we must communicate to the public that aircraft interference of any kind is unacceptable and will not be tolerated. It is our duty to give law enforcement the tools it needs to protect pilots, passengers, and civilians on the ground. The PATRIOT Act has taken a first step, and now we must tie up these loose ends.

This amendment would simply extend the existing PATRIOT Act passenger aircraft protections to all aircraft. Just as it is entirely unacceptable to interfere with the pilot of a passenger aircraft, it is equally unacceptable to interfere with a pilot of a government or private aircraft.

Additionally, this amendment would ensure the protection of everyone engaged in the operation of an aircraft from those in the air to those navigating on the ground.

Mr. Chairman, this is a commonsense amendment that will improve aircraft safety. A gap has been exposed in the current law, and now we have an opportunity to fill that gap.

Mr. SENSENBRENNER. Mr. Chairman, will the gentleman yield?

Mr. SESSIONS. I yield to the gentleman from Wisconsin.

Mr. SENSENBRENNER. Mr. Chairman, let me say that I think the gentleman from Texas (Mr. SESSIONS) has spotted a loophole in our current law and the vulnerability for aircraft that are not passenger aircraft in nature.

An aircraft that is brought down by a laser will kill people just as dead if they have passengers on it or if it is a cargo plane or general aviation aircraft or a government plane. I think people who shine lasers into cockpits of planes should have to face the music with criminal charges whether the planes are carrying passengers or not, and I think the amendment is a good one and ought to be adopted.

Mr. SESSIONS. Mr. Chairman, reclaiming my time, I appreciate the kind words of the gentleman from Wisconsin and also his words about the need for this body to adopt this amendment.

Mr. Chairman, we owe it to the pilots to offer them every extension of protection possible, and I am asking all of my colleagues to protect aviation in America by supporting this amendment.

Mr. Chairman, I reserve the balance of my time.

Ms. ZOE LOFGREN of California. Mr. Chairman, I ask unanimous consent to claim the time in opposition, although I do not oppose the amendment.

The Acting CHAIRMAN. Is there objection to the request of the gentleman from California?

There was no objection.

Ms. ZOE LOFGREN of California. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, although I plan to support this amendment to protect aircraft in U.S. airspace, I do want to rise and express my disappointment that the majority refused to accept an amendment that I offered in committee to further protect civilian aircraft.

In committee, I offered an amendment that would punish those who sell dangerous 50 caliber sniper rifles to known terrorists. Unfortunately, some in the majority viewed this as a gun control measure, but it is not. This is a national security issue.

Mr. Chairman, 50 caliber anti-armor sniper rifles are an ideal tool for terrorists because civil aircraft may be vulnerable to them. In fact, even early promotional materials for the 50 caliber rifle reference their threat to civilian aircraft. The promotional material states that the weapon could "target the compression section of jet engines making it capable of destroying multimillion aircraft with a single hit delivered to a vital area."

The rifle's brochure goes on to say: "The cost-effectiveness of the 50 caliber cannot be overemphasized when a round of ammunition purchased for less than \$10 can be used to destroy or disable a modern jet aircraft."

□ 1945

Since 9/11 our country has made great efforts to secure our civilian airplanes and airports. Terrorists will obviously adapt to our tactics; so it is vital that we plan and think ahead.

It does not take a rocket scientist to figure out that if we make it difficult to get weapons on a plane or into an airport, terrorists may look to destroy airplanes from longer distances. That is what the 50 caliber rifle is designed to do. These rifles are accurate at ranges of at least 1,000 yards and even further in the hands of a trained marksman. In essence, these weapons could give a terrorist the ability to take a shot at an aircraft from beyond most airports' security perimeter.

There is already evidence that terrorists have sought these weapons. According to the Violence Policy Center, al Qaeda bought twenty-five 50 caliber anti-armor sniper rifles in the 1980s.

My amendment in the Committee on the Judiciary simply said that if someone sells a 50 caliber sniper rifle to someone who they know is a member of al Qaeda they have broken the law. That amendment was defeated, and I think it is a shame. We should have passed my amendment and made it more difficult for terrorists to get ahold of these weapons. Unfortunately, we did not do so.

I will certainly support the gentleman's amendment but with regret that we did not do more.

Mr. Chairman, I reserve the balance of my time.

Mr. SESSIONS. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I want to thank the gentlewoman from California for not only her words in support of this amendment but also thank this body for carefully looking at the provisions and amendments adding to this PATRIOT Act to help keep America safe. I am very proud of this product that we are working on. I would like to ask all my colleagues to support the Sessions amendment.

Mr. Chairman, I yield back the balance of my time.

Ms. ZOE LOFGREN of California. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN (Mr. SIMPSON). The question is on the amendment offered by the gentleman from Texas (Mr. SESSIONS).

The agreement was agreed to.

The Acting CHAIRMAN. It is now in order to consider amendment No. 19 printed in House Report 109-178.

AMENDMENT NO. 19 OFFERED BY MR. PAUL

Mr. PAUL. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 19 offered by Mr. PAUL:
Add at the end the following:

SEC. 17. SENSE OF CONGRESS RELATING TO LAWFUL POLITICAL ACTIVITY.

It is the sense of Congress that the Federal Government should not investigate an American citizen for alleged criminal conduct solely on the basis of the citizen's membership in a non-violent political organization or the fact that the citizen was engaging in other lawful political activity.

The Acting CHAIRMAN. Pursuant to House Resolution 369, the gentleman from Texas (Mr. PAUL) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Texas (Mr. PAUL).

Mr. PAUL. Mr. Chairman, I yield myself 2½ minutes.

Mr. Chairman, this is a straightforward amendment intended to modestly improve the PATRIOT Act, and let me just state exactly what it does. "It is the sense of Congress that the Federal government should not investigate any American citizen for alleged criminal conduct solely on the basis of citizen's membership in a nonviolent political organization or the fact that the citizen was engaging in other lawful political activity."

It seems like this should go without saying. I cannot imagine anybody disagreeing with this. But our history shows that there has been abuse in this area. As far back as the Civil War, World War I, and World War II, very often speaking out on political issues were met with law enforcement officials actually charging them with crimes and even having individuals imprisoned. In the 1960s we remember that there was wiretapping of Martin Luther King and other political organizations. In the 1970s we know about the illegal wiretapping and other activities associated with Watergate, and also in the 1990s we are aware of IRS audits of a political and religious organization based only on the fact that they were religious and political.

So this is a restatement of a fundamental principle that should be in our minds and in our law, but I think it is worthwhile to restate. And I do recognize that in the PATRIOT Act they recognize that the first amendment should be protected, and in this case I think it is an additional statement that we should be respectful of people's rights to speak out and not be singled out for political or religious viewpoints.

Mr. SENSENBRENNER. Mr. Chairman, will the gentleman yield?

Mr. PAUL. I yield to the gentleman from Wisconsin.

Mr. SENSENBRENNER. Mr. Chairman, I thank the gentleman from Texas for yielding.

I support this amendment. I think it merely restates the fact that people who are not involved in criminal or terrorist activities have nothing to fear from the PATRIOT Act. The first amendment protects free speech. It protects political association. As long as the political association is not involved in criminal terrorist activities, we ought to encourage it even if their views are something that we disagree with.

The gentleman from Texas has done a very good service to this bill with this amendment, and I hope it is adopted overwhelmingly.

Mr. PAUL. Mr. Chairman, I reserve the balance of my time.

Ms. ZOE LOFGREN of California. Mr. Chairman, I ask unanimous consent to claim the time in opposition, although I do not oppose the amendment.

The Acting CHAIRMAN. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Ms. ZOE LOFGREN of California. Mr. Chairman, I yield myself such time as I may consume.

I support the amendment. No American should be investigated solely for membership in a nonviolent political organization or for engaging in other lawful political activity. This is important to all of us, but I wanted to note that in California we recently learned of the danger of not living up to the standard.

It has been reported by several media sources that the California National Guard was spying on the Mothers of Dead Soldiers and a group called the Raging Grannies, who are average age 75 years old, who were having a peaceful demonstration on the grounds of the State Capital on Mother's Day. I requested hearings in the Committee on Homeland Security. I have written to the California National Guard regarding this very serious allegation of a breach of first amendment protected activity. Federal funds may have been used.

I will vote for this amendment. It is the right thing, but we also need to have very aggressive investigative action when we hear about allegations of misconduct.

Mr. Chairman, I yield 3 minutes to the gentlewoman from Florida (Ms. WASSERMAN SCHULTZ), a member of our committee.

Ms. WASSERMAN SCHULTZ. Mr. Chairman, I thank the gentlewoman from California for yielding me this time.

I rise in support of the Paul amendment and, in addition, in reluctant opposition to H.R. 3199 for several reasons.

Following the terrorist attacks of September 11, I watched as Members of

Congress came together in a bipartisan effort to craft legislation which would, it was argued, strengthen law enforcement's hand in fighting terrorists. Americans from across the political spectrum were willing to sacrifice some of the freedoms we cherish to immediately address security concerns, with the understanding that many provisions would be revisited and the civil liberty protections that we all hold so dear would be addressed.

But by making these provisions permanent, without mandatory congressional review, we placed the very democracy that we hold so dear in jeopardy. When restricting civil liberties, we should be extremely careful about forfeiting those freedoms without reviewing the ongoing need to continue to restrict them.

In these contemporary times, it may be difficult for us to conceive of the barbarous proceedings of the Salem witch trials. Indeed, they continue to perplex and horrify those of us who came later. But imagine if those perceptions and resulting actions were somehow a permanent part of our society today without an opportunity for review as to their validity?

If they were, under the PATRIOT Act's intrusive infringement on America's book purchases and library records, when the most recent episode in the Harry Potter Book series was released last Friday, we would have had hundreds of thousands of children "burned at the stake."

And I know this analogy might seem a bit extreme, but that is just how extreme things can become without proper checks and balances when restricting our civil liberties and freedoms, which is why we should support the Paul amendment, because true freedom of expression is an important thing to preserve.

I am hopeful that when this legislation comes back from conference that we will have a product that we can all embrace, but today I will vote for freedom. I will support the Paul amendment and I will vote against final passage of this version of the bill.

Mr. PAUL. Mr. Chairman, I yield myself such time as I may consume.

I appreciate the support for the amendment on both sides. I would like to emphasize the fact that there are real reasons for this concern. There have been reports in the paper of different times when the FBI has actually intimidated some people at national conventions. We are aware of the fact that there are at least reports that federal officials have encouraged local police to actually monitor certain political groups, and we also are aware of the fact that, because of political activity, they have been placed on no-fly lists.

But I think this is all reason for concern because we do not want to give any encouragement to overzealous law enforcement officials. At the same time we do want to have enforcement of the law.

But very briefly, I would like to say that the full thrust of this bill bothers me in the fact that I think we are treating a symptom and we are really not doing dealing with the core problem of why there are suicide terrorists willing to attack us, and I think as long as that is ignored we could pass 10 PATRIOT Acts stronger than ever and it will not solve the problem unless we eventually get to the bottom of what is the cause.

And, quite frankly, I do not believe the cause is because we are free and democratic and wealthy. There is no evidence whatsoever to show that that is the motivation of terrorist attacks. And for us to continue to believe that is the sole reason for attacks, I think we are misled. And we are driven to want to protect our people, which I understand it is well motivated, but it will not solve the problem unless we eventually address that subject of why does it happen. It is not because we are free. And, ironically, in many ways we are making ourselves less free with some of the provisions in this bill.

So I would suggest that ultimately we will have to have another solution because this will not solve all of our problems.

Mr. Chairman, the USA PATRIOT Act and Terrorism Prevention Act (H.R. 3199) in no way brings the PATRIOT Act into compliance with the Constitution or allays concerns that the powers granted to the government in the act will be used to abuse the rights of the people. Much of the discussion surrounding this bill has revolved around the failure of the bill to extend the sunset clauses.

However, simply sunset provisions does not settle the debates around the PATRIOT Act. If the PATRIOT Act is constitutional and needed, as its proponents swear, why were sunset provisions included at all? If it is unconstitutional and pernicious, why not abolish it immediately?

The sunset clauses do perform one useful service in that they force Congress to regularly re-examine the PATRIOT Act. As the people's representatives, it is our responsibility to keep a close eye on the executive branch to ensure it does not abuse its power. Even if the claims of H.R. 3199's supporters that there have been no abuses of PATRIOT Act powers under this administration are true, that does not mean that future administrations will not abuse these powers.

H.R. 3199 continues to violate the constitution by allowing searches and seizures of American citizens and their property without a warrant issued by an independent court upon a finding of probable cause. The drafters of the Bill of Rights considered this essential protection against an overreaching government. For example, Section 215 of the PATRIOT Act, popularly known as the libraries provision, allows Foreign Intelligence Surveillance Courts, whose standards hardly meet the constitutional requirements of the Fourth Amendment, to issue warrants for individual records, including medical and library records. H.R. 3199 does reform this provision by clarifying that it can be used to acquire the records of an American citizen only during terrorist investigations. However, this marginal change fails to bring the section up to the constitutional standard of probable cause.

Requiring a showing of probable cause before a warrant may be issued will in no way hamper terrorist investigations. For one thing, federal authorities would still have numerous tools available to investigate and monitor the activities of non-citizens suspected of terrorism. Second, restoring the Fourth Amendment protections would in no way interfere with the provisions of the PATRIOT Act that removed the firewalls that prevented the government's law enforcement and intelligence agencies from sharing information.

The probable cause requirements will not delay a terrorist investigation. Preparations can be made for the issuance of a warrant in the event of an emergency and allowances can be made for cases where law enforcement does not have time to obtain a warrant. In fact, a requirement that law enforcement demonstrate probable cause may help law enforcement focus their efforts on true threats, thus avoiding the problem of information overload that is handicapping the government's efforts to identify sources of terrorists' financing.

The requirement that law enforcement demonstrate probable cause before a judge preserves the Founders' system of checks and balances that protects against one branch gathering too much power. The Founders recognized that one of the chief dangers to liberty was the concentration of power in a few hands, which is why they carefully divided power among the three branches. I would remind those of my colleagues who will claim that we must set aside the constitutional requirements during war that the founders were especially concerned about the consolidation of power during times of war and national emergencies. My colleagues should also keep in mind that PATRIOT Act powers have already been used in non-terrorism related cases, most notably in a bribery investigation in Nevada.

Mr. Chairman, H.R. 3199 does take some positive steps toward restoring respect for constitutional liberties and checks and balances that the original PATRIOT Act stripped away. However, it still leaves in place large chunks of legislation that threaten individual liberty by giving law enforcement power to snoop into American citizens' lives without adequate oversight. This power is unnecessary to effectively fight terrorism. Therefore, I urge my colleagues to reject this bill.

Mr. Chairman, I yield back the balance of my time.

Ms. ZOE LOFGREN of California. Mr. Chairman, I yield myself such time as I may consume.

Although the gentleman from Texas (Mr. PAUL) and I do not always vote together, I think he speaks wisdom this evening on the need to move beyond the narrow confines of this act. Clearly we do need to and we have broken down the walls between law enforcement and the intelligence community so that we can piece together the full picture and connect the dots. We need to do a much better job of protecting America from terrorists by taking those steps we can. He is right to offer this sense of the Congress amendment. We need to have more vigorous action in addition to the sense of the Congress activity.

All of us believe we ought to fight terrorism. Many of us are concerned that we have failed to do the balance of

privacy and the Constitution in some parts of the 16 provisions that are before us this evening.

As we know, most of the PATRIOT Act is actually not before the House of Representatives this evening. It is only 16 provisions, and of those 16 provisions, there are concerns about a few of them. But those are serious concerns, and we believe that those concerns can be dealt with. We are hopeful that, as this process moves forward, that the Senate that has taken these issues of civil liberties more to heart on a bipartisan and I would add unanimous basis may in the end prevail so that those who are troubled by the failure to really deal with some of the constitutional issues will in the end be able to support a bill at least at the end of a conference process.

But I do commend the gentleman for offering his amendment. It does not solve the other problems, but it is the right thing to do, and I look forward to supporting it.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from Texas (Mr. PAUL).

The amendment was agreed to.

The Acting CHAIRMAN. It is now in order to consider amendment No. 20 printed in House Report 109-178.

“(E) The extent to which essential capabilities identified in the applicable State homeland security plan or plans remain unmet.

“(6) INCLUSION OF RESTRICTED ANNEXES.—A recipient of a covered grant may submit to the Secretary an annex to the annual report under paragraph (5) that is subject to appropriate handling restrictions, if the recipient believes that discussion in the report of unmet needs would reveal sensitive but unclassified information.

“(7) PROVISION OF REPORTS.—The Secretary shall ensure that each annual report under paragraph (5) is provided to the Under Secretary for Emergency Preparedness and Response and the Director of the Office for Domestic Preparedness.

“(h) INCENTIVES TO EFFICIENT ADMINISTRATION OF HOMELAND SECURITY GRANTS.—

“(1) PENALTIES FOR DELAY IN PASSING THROUGH LOCAL SHARE.—If a recipient of a covered grant that is a State fails to pass through to local governments, first responders, and other local groups funds or resources required by subsection (g)(1) within 45 days after receiving funds under the grant, the Secretary may—

“(A) reduce grant payments to the grant recipient from the portion of grant funds that is not required to be passed through under subsection (g)(1);

“(B) terminate payment of funds under the grant to the recipient, and transfer the ap-

propriate portion of those funds directly to local first responders that were intended to receive funding under that grant; or

“(C) impose additional restrictions or burdens on the recipient's use of funds under the grant, which may include—

“(i) prohibiting use of such funds to pay the grant recipient's grant-related overtime or other expenses;

“(ii) requiring the grant recipient to distribute to local government beneficiaries all or a portion of grant funds that are not required to be passed through under subsection (g)(1); or

“(iii) for each day that the grant recipient fails to pass through funds or resources in accordance with subsection (g)(1), reducing grant payments to the grant recipient from the portion of grant funds that is not required to be passed through under subsection (g)(1), except that the total amount of such reduction may not exceed 20 percent of the total amount of the grant.

“(2) EXTENSION OF PERIOD.—The Governor of a State may request in writing that the Secretary extend the 45-day period under section 1803(e)(5)(E) or paragraph (1) for an additional 15-day period. The Secretary may approve such a request, and may extend such period for additional 15-day periods, if the Secretary determines that the resulting delay in providing grant funding to the local government entities that will receive funding under the grant will not have a significant detrimental impact on such entities' terrorism preparedness efforts.

“(3) PROVISION OF NON-LOCAL SHARE TO LOCAL GOVERNMENT.—

“(A) IN GENERAL.—The Secretary may upon request by a local government pay to the local government a portion of the amount of a covered grant awarded to a State in which the local government is located, if—

“(i) the local government will use the amount paid to expedite planned enhancements to its terrorism preparedness as described in any applicable State homeland security plan or plans;

“(ii) the State has failed to pass through funds or resources in accordance with subsection (g)(1); and

“(iii) the local government complies with subparagraphs (B) and (C).

“(B) SHOWING REQUIRED.—To receive a payment under this paragraph, a local government must demonstrate that—

“(i) it is identified explicitly as an ultimate recipient or intended beneficiary in the approved grant application;

“(ii) it was intended by the grantee to receive a severable portion of the overall grant for a specific purpose that is identified in the grant application;

“(iii) it petitioned the grantee for the funds or resources after expiration of the period within which the funds or resources were required to be passed through under subsection (g)(1); and

“(iv) it did not receive the portion of the overall grant that was earmarked or designated for its use or benefit.

“(C) EFFECT OF PAYMENT.—Payment of grant funds to a local government under this paragraph—

“(i) shall not affect any payment to another local government under this paragraph; and

“(ii) shall not prejudice consideration of a request for payment under this paragraph that is submitted by another local government.

“(D) DEADLINE FOR ACTION BY SECRETARY.—The Secretary shall approve or disapprove each request for payment under this paragraph by not later than 15 days after the date the request is received by the Department.

“(i) REPORTS TO CONGRESS.—The Secretary shall submit an annual report to the Congress by January 31 of each year covering the preceding fiscal year—

“(1) describing in detail the amount of Federal funds provided as covered grants that were directed to each State, region, and directly eligible tribe in the preceding fiscal year;

“(2) containing information on the use of such grant funds by grantees; and

“(3) describing—

“(A) the Nation's progress in achieving, maintaining, and enhancing the essential capabilities established by the Secretary as a result of the expenditure of covered grant funds during the preceding fiscal year; and

“(B) an estimate of the amount of expenditures required to attain across the United States the essential capabilities established by the Secretary.

The Acting CHAIRMAN. Pursuant to House Resolution 369, the gentlewoman from New York (Mrs. LOWEY) and a Member opposed each will control 5 minutes.

Mrs. LOWEY. Mr. Chairman, I do not believe there is a Member opposed.

Mr. SENSENBRENNER. Mr. Chairman, I ask unanimous consent to claim the time in opposition, even though I am not opposed to the amendment.

The Acting CHAIRMAN. Is there objection to the request of the gentleman from Wisconsin?

There was no objection.

Mrs. LOWEY. Mr. Chairman, I yield 2½ minutes to the gentleman from New York (Mr. SWEENEY) and ask unanimous consent that he be allowed to control that time.

The Acting CHAIRMAN. Is there objection to the request of the gentleman from New York?

There was no objection.

The Acting CHAIRMAN. The Chair recognizes the gentlewoman from New York (Mrs. LOWEY).

Mrs. LOWEY. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, this commonsense amendment would simply ensure that the areas in our country facing the

greatest threat receive their fair share of homeland security funds. Recent worldwide attacks against areas with significant critical infrastructure are not wake-up calls, they are fire alarms.

This amendment already has widespread support. The House voted for these same provisions by a vote of 409 to 10 just 10 months ago.

I urge my colleagues to once again support these provisions. Let us take action tonight so that we can allocate our precious resources to those who need them the most.

Mr. Chairman, I reserve the balance of my time.

□ 2000

Mr. SWEENEY. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I rise in strong support of this amendment and want to thank my good friend and colleague, the gentlewoman from New York (Mrs. LOWEY). We have worked on a number of things, including this, for quite some time.

Mr. Chairman, 3 years ago I introduced identical legislation that made homeland security funds, first responder funds threat-based. That legislation, I am happy to say, has since been supported overwhelmingly by the 9/11 Commission, the President, and the Secretary of the Department of Homeland Security. We passed an amendment by House vote of 409 to 10 as part of the authorizing language for Department of Homeland Security.

Simply, what this is, and this is not a geographic vote, this is not a political-philosophical vote, it simply says the Department of Homeland Secretary and the Secretary of that Department ought to have the resources and ought to have the flexibility to direct Federal resources where they belong, to direct Federal resources where the threats exist.

So if it is in the subway systems or the rail systems or the aviation system or some other system that the threat actually exists, the Secretary will have the capacity and the tools to indeed take all of the resources that we have as a Nation to protect ourselves.

We owe it to our constituents. It is the highest order of duty here in this body. The gentlewoman from New York (Mrs. LOWEY) and I have worked on this now for a number of years, and I am thrilled we are offering it here. My suspicion is it is going to be accepted here and made part of the PATRIOT Act.

The reason it is part of the PATRIOT Act is the original formula, the current formula that we operate under, was part of the original PATRIOT Act bill that was passed. At that time, we could not have anticipated all of the things we now know to be true as a body. This is rectifying something that was an oversight in the original PATRIOT Act bill. I strongly support that, as I do this bill.

Mr. Chairman, I yield back the balance of my time.

Mr. SENSENBRENNER. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I support this amendment, and just let me give a little bit of the history of this.

The gentleman from New York (Mr. SWEENEY) is correct that the first responder grants were a part of the original PATRIOT Act. We did not know how to divide up the first responder grants properly, so we put a formula in. Well, it ended up that the formula had some anomalies, and it ended up being out of date.

As a result, in the last Congress the Committee on the Judiciary and the Select Committee on Homeland Security worked out an agreement where the formula would be modified, where there would be certain floors for States, a lot of the money would be threat-based and the types of grants were consolidated so that there would be a simpler application process. That bill was passed 409 to 10. There were just a few Members that voted against it. Then it went over to the other body and nothing happened to it.

We have attempted to redo the first responder grants again in this Congress, and there is no hope that the other body will take the stand-alone bill and enact it into law.

By adopting this amendment, we are going to be in a stronger position to actually make the needed changes in the formula law of the United States of America this year without further delay. That is why this amendment should be supported. I would hope that it would have an overwhelming vote.

Mr. Chairman, I yield back the balance of my time.

Mrs. LOWEY. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I thank the gentlemen for their support. I thank them for accepting it. This is a very important amendment. I thank the chairman for his wisdom and for his comments. I am glad we were able to use this as a vehicle to get the job done.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN (Mr. SIMPSON). The question is on the amendment offered by the gentlewoman from New York (Mrs. LOWEY).

The amendment was agreed to.

ANNOUNCEMENT BY THE ACTING CHAIRMAN

The Acting CHAIRMAN (during the vote). Members are advised that 2 minutes remain in this vote.

□ 2053

Messrs. SCHWARZ of Michigan, FORD, BERMAN and SHAYS changed their vote from “no” to “aye.”

So the amendment, as modified, was agreed to.

The result of the vote was announced as above recorded.

The Acting CHAIRMAN. The question is on the amendment in the nature of a substitute, as amended.

The amendment in the nature of a substitute, as amended, was agreed to.

The Acting CHAIRMAN. Under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. LATOURETTE) having assumed the chair, Mr. SIMPSON, Acting Chairman of the Committee of the Whole House on the State of the Union, reported that that Committee, having had under consideration the bill (H.R. 3199) to extend and modify authorities needed to combat terrorism, and for other purposes, pursuant to House Resolution 369, he reported the bill back to the House with an amendment adopted by the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on any amendment to the amendment in the nature of a substitute adopted by the Committee of the Whole? If not, the question is on the amendment.

The amendment was agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT OFFERED BY MR. BOUCHER

Mr. BOUCHER. Mr. Speaker, I offer a motion to recommit.

The SPEAKER pro tempore. Is the gentleman opposed to the bill?

Mr. BOUCHER. I am, Mr. Speaker.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Mr. BOUCHER moves to recommit the bill H.R. 3199 to the Committee on the Judiciary with instructions to report the same back to the House forthwith with the following amendments:

Amend section 3 to read as follows:

SEC. 3. USA PATRIOT ACT SUNSET PROVISIONS.

(a) EXTENSION OF SUNSET.—Section 224 of the USA PATRIOT Act is amended by striking “December 31, 2005” and inserting “December 31, 2009”.

(b) SUNSET OF NEW PROVISIONS.—

(1) IN GENERAL.—Sections 6, 7, 8, 9, and 10 of this Act and the amendments made by such sections shall cease to have effect on December 31, 2009.

(2) EXCEPTION.—With respect to any particular foreign intelligence investigation that began before the date on which the provisions referred to in paragraph (1) cease to have effect, or with respect to any particular offense or potential offense that began or occurred before the date on which such provisions cease to have effect, such provisions shall continue in effect.

Mr. BOUCHER (during the reading). Mr. Speaker, I ask unanimous consent that the motion to recommit be considered as read and printed in the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Virginia?

There was no objection.

The SPEAKER pro tempore. The gentleman from Virginia (Mr. BOUCHER) is recognized for 5 minutes.

Mr. BOUCHER. Mr. Speaker, I rise this evening to ask that the House retain its oversight authority by inserting 4-year sunsets into H.R. 3199.

In the past year, we have asked the Department of Justice how it is using the authority granted to it under the PATRIOT Act. Some of our questions simply went unanswered. Other questions were rebuffed, and we were told that the information was classified. And still others were avoided by telling us that the information simply was not available.

However, all of that changed in April of this year when the Justice Department realized that a straight reauthorization of the PATRIOT Act would not happen without serious answers to our reasonable questions. Suddenly, numbers and examples were no longer unavailable. Suddenly, the information we had long been seeking was provided.

I have no doubt that if 16 provisions of the law were not scheduled to sunset at the end of this year, we would still have little information about how these authorities have been used.

Members of the majority have stressed today that the Committee on the Judiciary has held 12 PATRIOT Act hearings in recent months. That extensive inquiry would not have occurred had the sunsets in the law not been in place. For these reasons, we should reinstate the sunsets for an additional 4 years. All 16 of the sunsets that were contained in the original law would be reinserted through this motion to recommit. The FBI will still have all the powers that the bill gives it. It will simply have to come back 4 years from now and answer our legitimate questions about how those powers have been used.

□ 2100

Reinstating the sunsets is about accountability. Our colleagues across the aisle will say that no abuses have occurred by the powers granted to the government under the PATRIOT Act. That point I think is open to debate. I think most would agree that the breadth of many of these provisions creates, at a minimum, the potential for abuse and we, therefore, have an obligation to conduct rigorous oversight to ensure that civil liberties are protected. Inserting the sunset provisions into the law once again will be the way to ensure that we can conduct that vigorous oversight. I urge approval for this motion, which will simply assure that we remain in that strong position.

Mr. Speaker, I am pleased to yield 2 minutes to the gentleman from California (Mr. ROHRABACHER).

Mr. ROHRABACHER. Mr. Speaker, I rise in support of this motion. After 9/11, the United States Congress gave

our investigative agencies a wide variety of special powers to fight a war on terrorism, an expansion of powers that we would have never approved in peacetime. This included the right to break into homes of American citizens without court order, seize documents, copy computer files, and evidence without ever telling the owner. We gave our agencies, among those other things, the right to wiretap and intercept phone and computer communications without prior cause, and in general we lowered the requirement for lawful searches. I supported this dramatic expansion of Federal power because our country was at war.

In times of emergency, it is responsible to increase the power of our government, yet we recognize that these powers should contain sunset provisions. The first PATRIOT Act had 16 of its sections sunsetted, so after the emergency was over the government would again return to a level consistent to a free society. Our Republic was founded on the idea that the powers of government should be limited. We should not be required to live in peacetime under the extraordinary laws that were passed during times of war and crisis. Emergency powers of investigation should not become the standard once the crisis has passed.

I am seriously concerned about the use of emergency conditions to permanently alter our constitutional legal rights. Until now, the Members of this body have been denied the ability to vote their conscience on the issue of sunsets. Now, each of us will have that opportunity. It is not a Republican vote, it is not a Democrat vote. I support this war on terror and the war on radical Islam. I was here yesterday fighting for a very important provision that put me against my friends on the other side of the aisle. But today I am asking all of my friends, on both sides of the aisle, let us be patriots. Let us stand up for those principles that our Founding Fathers talked about, and that is limiting the power of government.

What we are doing here in this motion to recommit is establishing the sunsets so that 4 years from now, hopefully when we have beaten the terrorists, we can return to normal constitutional protections, and if not, we can reestablish another situation. But, please, let us keep faith with those people who founded our country on limited government and the protection of civil liberties. Vote "yes" on this provision.

Mr. SENSENBRENNER. Mr. Speaker, I rise in opposition to the motion to recommit.

Good oversight is done by congressional leadership, not by sunsets. There has been good oversight over the PATRIOT Act right from the beginning. The Committee on the Judiciary has spent a lot of time overseeing the Justice Department, with oversight letters, questions that the gentleman from Michigan (Mr. CONYERS) and I have sent jointly to the Justice De-

partment, Inspector General reports, and this is the result of it: Almost two feet of responses.

And what have these responses said? First of all, there has been no provision, of the 16 sunsetted provisions, that have been found unconstitutional by any Federal court in the Nation. The Inspector General's report has found no civil liberties violations under the PATRIOT Act, and I think that the question we ought to ask ourselves today is whether we should weigh the potential for abuse of this law against the actual record of abuse. There is no actual record of abuse with all of the oversight that we have been doing.

Now, we have had 12 hearings on the PATRIOT Act, the 16 sunsetted provisions. Thirteen of the 16 provisions are noncontroversial. There have not been witnesses that have appeared before the committee that have said that there are problems, and that includes the provision that tore down the wall after 9/11 that prevented the CIA and the FBI from exchanging intelligence information. This motion to recommit will bring that wall back up in 2009. I think we ought to look at the record. We ought to look at the actual record of abuse. There has been none.

Only 5 percent of our legislation is sunsetted. Why sunset legislation where there has been no actual record of abuse and there has been vigorous oversight?

Mr. Speaker, I yield to the gentleman from Arizona (Mr. FLAKE).

Mr. FLAKE. Mr. Speaker, I am probably the last person expected to speak on behalf of the committee or the leadership in general. I tend to be critical sometimes of committees and the leadership and the process here. But let me tell you, I have watched the process here in the Committee on the Judiciary over the past couple of years on this issue. I have watched us hold hearing after hearing, 12 just in the last several months, 2 in the last Congress, and I have watched us adopt amendment after amendment in committee. We held a 12-hour markup there, a serious markup. I am often critical of the way we do business here, but here I saw it work. We did exercise effective oversight.

Mr. Speaker, nobody loves sunsets like this Arizonan. I was very supportive of the sunsets we had in the bill initially. I am very supportive of the sunset we have, the 10-year sunsets on the two controversial provisions. I think those ought to stand, and I hope they make it through the process. But I have learned on issues like this you do not get everything you want. I did not get every amendment I wanted. I got a few, and a few of the ones we did get were substantive.

We have made amendments to section 215, to section 213. We have tightened up the requirements of national security letters. These are substantive amendments. They are good. Sometimes, as my hero in politics said once,

in one book, Barry Goldwater said, "Politics is nothing more than public business. Sometimes you make the best of a mixed bargain. You don't always get everything you want."

We got good substantive reform here and we have sunsets. They are a bit longer than I am comfortable with at times, but we have them here. I think we ought to make the best of what we have. It is a good product. I commend the chairman and the others.

And I should say it is not just the Committee on the Judiciary that has gone through this process. The Permanent Select Committee on Intelligence has had hearings as well. They have had a markup process and have worked collaboratively, Democrats and Republicans.

My own amendments, virtually every one of them, had Democrats on them. I have worked with them and we have worked together on this. I helped form the PATRIOT Act Reform Caucus over a year ago. We have worked to make sure these changes have been made. This is a good product. I urge a "no" vote on the motion to recommit and "yes" on the underlying bill.

Mr. SENSENBRENNER. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. LATOURETTE). Without objection, the previous question is ordered on the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the yeas appeared to have it.

Mr. BOUCHER. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 9 of rule XX, the Chair will reduce to 5 minutes the minimum time for any electronic vote on the question of passage.

The vote was taken by electronic device, and there were—yeas 209, nays 218, not voting 7, as follows:

THE GOOD WORK AT GUANTANAMO

(Mr. PRICE of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PRICE of Georgia. Mr. Speaker, like many Americans, I have heard of some activities at the detention facility at Guantanamo Bay that have given me some concern. Unlike most Americans, I recently had the opportunity to visit Guantanamo and what I

saw with my own eyes was not what I had heard.

All Americans can be proud of our servicemen and women who protect us, including those at Guantanamo. They are our moms and our dads, our brothers and our sisters, our sons and our daughters, and they are running a professional, respectful, orderly and clean detention facility that is vital to our security.

The war on terror continues. The men being held at Guantanamo are constantly being evaluated to determine whether their detention should continue. Are they still a threat, or can they provide further information in the war on terror? For each of them the answer is clearly yes.

Mr. Speaker, General Raymond Hood and all members of the Joint Task Force at Guantanamo should be honored and commended for their work and help in protecting all Americans.

PROVIDING HEALTH CARE SECURITY FOR ALL AMERICANS

(Mrs. BLACKBURN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BLACKBURN. Mr. Speaker, this evening we have addressed our Nation’s homeland security with the reauthorization of the PATRIOT Act, putting the focus where it should be, keeping this Nation safe.

My constituents talk with me not only about homeland security and economic security, but about our health care security.

Mr. Speaker, I would like to commend the gentleman from Texas (Mr. SAM JOHNSON) for the Small Business Health Fairness Act that he has filed. We talk about small businesses buying association health plans, being able to group together to buy health insurance to provide for their small business employees. This is a good idea. It helps bolster our Nation’s economic engine, those small businesses.

I commend the gentleman from Texas. I cosponsored his legislation. I look forward to supporting it as he begins to move that to the floor and we keep the focus on security in this great Nation.

PRODUCTION, CONFIDENCE AND THE ECONOMY

(Ms. FOXX asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. FOXX. Mr. Speaker, the impact of the President’s ambitious agenda and our work in the House is ensuring that America’s economy remains the strongest in the world. In fact, recent economic data shows the economy is providing the momentum necessary to drive steady jobs growth, despite Members of the minority party’s attempts to distort our economic agenda.

In the month of June, our robust economy created more than 144,000
