“(D) NEW ENGLAND AND GULF REFERENDUM.—

“(i) Except as provided in clause (iii) for the Gulf of Mexico commercial red snapper fishery, the New England and Gulf Councils may not submit, and the Secretary may not approve or implement, a fishery management plan or amendment that creates an individual fishing quota program, including a Secretarial plan, unless such a system, as ultimately developed, has been approved by more than ¾ of those voting in a referendum among eligible permit holders with respect to the New England Council, and by a majority of those voting in the referendum among eligible permit holders with respect to the Gulf Council. For multispecies permits in

the Gulf, only those participants who have substantially fished the species proposed to be included in the individual fishing quota program shall be eligible to vote in such a referendum. If an individual fishing quota program fails to be approved by the requisite number of those voting, it may be revised and submitted for approval in a subsequent referendum.

“(ii) The Secretary shall conduct a referendum under this subparagraph, including notifying all persons eligible to participate in the referendum and making available to them information concerning the schedule, procedures, and eligibility requirements for the referendum process and the proposed individual fishing quota program. “(2) revenues generated through such a royalty program are deposited in the Limited Access System Administration Fund established by section 305(h)(5)(B) and available subject to annual appropriations.

“(e) COST RECOVERY.—In establishing a limited access privilege program, a Council shall—

“(1) develop a methodology and the means to identify and assess the management, data collection and analysis, and enforcement programs that are directly related to and in support of the program; and

“(1) a set term after which any initial or subsequent allocation of a limited access privilege shall expire;

“(B) the first-time purchase of limited access privileges in that fishery by entry level fishermen.

“(2) ELIGIBILITY CRITERIA.—A Council making a submission under paragraph (1) shall recommend criteria, consistent with the provisions of this Act, that a fisherman must meet to qualify for guarantees under subparagraphs (A) and (B) of paragraph (1) and the portion of funds to be allocated for guarantees under each subparagraph.

“(h) EFFECT ON CERTAIN EXISTING SHARES AND PROGRAMS.—Nothing in this Act, or the amendments made by the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act of 2006, shall be construed to require a reallocation or a reevaluation of individual quota shares, processor quota shares, cooperative programs, or other quota programs, including sector allocation in effect before the date of enactment of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act of 2006.

“(i) TRANSITION RULE.—The requirements of this section shall not apply to any quota program, including any individual quota program, cooperative program, or sector allocation placed on a Council agenda for final action, submitted by a Council to the Secretary, or approved by the Secretary or by Congressional action, within 60 days after the date of enactment of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act of 2006, except that—

“(3) HARVESTER PROPONENTS’ IMPLEMENTATION PLAN.—The Secretary may not propose implementation regulations for a program to be paid for by an industry fee system until the harvester proponents of the program provide to the Secretary a proposed implementation plan that, among other matters—

“(A) proposes the types and numbers of vessels or permits that are eligible to participate in the program and the manner in which the program shall proceed, taking into account—

“(i) the requirements of this section;

“(ii) the requirements of the framework regulations;

“(iii) the characteristics of the fishery;

“(iv) the requirements of the applicable fishery management plan and any amendment that such plan may require to support the proposed program;

“(v) the general needs and desires of harvesters in the fishery;

“(vi) the need to minimize program costs; and

“(vii) other matters, including the manner in which such proponents propose to fund the program to ensure its cost effectiveness, as well as any relevant factors demonstrating the potential for, or necessary to obtain, the support and general cooperation of a substantial number of affected harvesters in the fishery (or portion of the fishery) for which the program is intended; and

“(B) proposes procedures for program participation (such as submission of owner bids under an auction system or fair market-value assessment), including any terms and conditions for participation, that the harvester proponents deem to be reasonably necessary to meet the program’s proposed objectives.

“(4) PARTICIPATION CONTRACTS.—The Secretary shall contract with each person participating in a program, and each such contract shall, in addition to including such other matters as the Secretary deems necessary and appropriate to effectively implement each program (including penalties for contract non-performance) be consistent with the framework and implementing regulations and all other applicable law.

If the Secretary accepts bids, the Secretary shall accept responsive bids in the rank order of their bid scores, starting with the bid whose reduction price is the lowest percentage of the productivity factor, and successively accepting each additional responsive bid in rank order until either there are no more responsive bids or acceptance of the next bid would cause the total value of bids accepted to exceed the amount of funds available for the program.

“(6) BID INVITATIONS.—Each program shall proceed by the Secretary issuing invitations to bid setting out the terms and conditions for participation consistent with the framework and implementing regulations. Each bid that the Secretary receives in response to the invitation to bid shall constitute an irrevocable offer from the bidder.”

SEC. 1209. UNITED STATES POLICY ON IRAQ.

(a) **SHORT TITLE.**—This section may be cited as the “United States Policy on Iraq Act of 2006”.

(b) **FINDINGS.**—Congress makes the following findings:

(1) Global terrorist networks, including those that attacked the United States on September 11, 2001, continue to threaten the national security of the United States and are recruiting, planning, and developing capabilities to attack the United States and its allies throughout the world.

(2) Winning the fight against terrorist networks requires an integrated, comprehensive effort that uses all facets of power of the United States and the members of the international community who value democracy, freedom, and the rule of law.

(3) The United States Armed Forces, particularly the Army and Marine Corps, are stretched thin, and many soldiers and Marines have experienced three or more deployments to combat zones.

(4) Sectarian violence has surpassed the insurgency and terrorism as the main security threat in Iraq, increasing the prospects of a broader civil war which could draw in Iraq’s neighbors.

(5) United States and coalition forces have trained and equipped more than 116,000 Iraqi soldiers, sailors, and airmen, and more than 148,000 Iraqi police, highway patrol, and other Ministry of Interior forces.

(6) Of the 102 operational Iraqi Army combat battalions, 69 are either in the lead or operating independently, according to the May 2006 report of the Administration to Congress entitled “Measuring Stability and Security in Iraq”;

(7) Congress expressed its sense in the National Defense Authorization Act for Fiscal Year 2006 (119 Stat. 3466) that “calendar year 2006 should be a period of significant transition to full Iraqi sovereignty, with Iraqi security forces taking the lead for the security of a free and sovereign Iraq, thereby creating the conditions for the phased redeployment of United States forces from Iraq”.

(8) Iraq’s security forces are heavily infiltrated by sectarian militia, which has greatly increased sectarian tensions and impeded the development of effective security services loyal to the Iraq Government.

(9) With the approval by the Iraqi Council of Representatives of the ministers of defense, national security, and the interior on June 7, 2006, the entire cabinet of Prime Minister Maliki is now in place.

(10) Pursuant to the Iraq Constitution, the Council of Representatives is to appoint a Panel which will have 4 months to recommend changes to the Iraq Constitution.

(11) Despite pledges of more than \$8,000,000,000 in assistance for Iraq by foreign governments other than the United States at the Madrid International Donors’ Conference in October 2003, only \$3,500,000,000 of such assistance has been forthcoming.

(12) The current open-ended commitment of United States forces in Iraq is unsustainable and a deterrent to the Iraqis making the political compromises and personnel and resource commitments that are needed for the stability and security of Iraq.

(c) **SENSE OF CONGRESS.**—It is the sense of Congress that in order to change course from an open-ended commitment and to promote

the assumption of security responsibilities by the Iraqis, thus advancing the chances for success in Iraq—

(1) the following actions need to be taken to help achieve the broad-based and sustainable political settlement so essential for defeating the insurgency and preventing all-out civil war—

(A) there must be a fair sharing of political power and economic resources among all the Iraqi groups so as to invest them in the formation of an Iraqi nation by either amendments to the Iraq Constitution or by legislation or other means, within the timeframe provided for in the Iraq Constitution;

(B) the President should convene an international conference so as to more actively involve the international community and Iraq’s neighbors, promote a durable political settlement among Iraqis, reduce regional interference in Iraq’s internal affairs, encourage more countries to contribute to Iraq’s extensive needs, and ensure that pledged funds are forthcoming;

(C) the Iraq Government should promptly and decisively disarm the militias and remove those members of the Iraqi security forces whose loyalty to the Iraq Government is in doubt; and

(D) the President should—

(i) expedite the transition of United States forces in Iraq to a limited presence and mission of training Iraqi security forces, providing logistic support of Iraqi security forces, protecting United States infrastructure and personnel, and participating in targeted counterterrorism activities;

(ii) after consultation with the Government of Iraq, begin the phased redeployment of United States forces from Iraq this year; and

(iii) submit to Congress a plan by the end of 2006 with estimated dates for the continued phased redeployment of United States forces from Iraq, with the understanding that unexpected contingencies may arise;

(2) during and after the phased redeployment of United States forces from Iraq, the United States will need to sustain a non-military effort to actively support reconstruction, governance, and a durable political solution in Iraq; and

(3) the President should carefully assess the impact that ongoing United States military operations in Iraq are having on the capability of the United States Government to conduct an effective counterterrorism campaign to defeat the broader global terrorist networks that threaten the United States.

SA 4321. Mr. COLEMAN submitted an amendment intended to be proposed by him to the bill S. 2766, to authorize appropriations for fiscal year 2007 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe personnel strengths for such fiscal year for the Armed Forces, and for other purposes; which was ordered to lie on the table; as follows:

(A) \$3.55 an hour, beginning on the 60th day after the date of enactment of this Act; and

(B) increased by \$0.50 an hour (or such lesser amount as may be necessary to equal the minimum wage under section 6(a)(1) of such Act), beginning 6 months after the date of enactment of this Act and every 6 months thereafter until the minimum wage applicable to the Commonwealth of the Northern Mariana Islands under this subsection is equal to the minimum wage set forth in such section.

“(a) **OFFENSE.**—

“(1) GENERALLY.—Except as provided in subsection (b), whoever knowingly transports a minor across a State line, with the intent that such minor obtain an abortion, and thereby in fact abridges the right of a parent under a law requiring parental involvement in a minor’s abortion decision, in force in the State where the minor resides, shall be fined under this title or imprisoned not more than one year, or both.

“(2) DEFINITION.—For the purposes of this subsection, an abridgement of the right of a parent occurs if an abortion is performed on the minor, in a State other than the State where the minor resides, without the parental consent or notification, or the judicial authorization, that would have been required by that law had the abortion been performed in the State where the minor resides.

“(d) CIVIL ACTION.—Any parent who suffers harm from a violation of subsection (a) may obtain appropriate relief in a civil action.

“(e) DEFINITIONS.—For the purposes of this section—

“(1) a ‘law requiring parental involvement in a minor’s abortion decision’ means a law—
