

families suffering from the congenital diaphragmatic hernia birth defect;

Whereas collaboration, technological innovation, scientific momentum, and public-private partnerships can save billions of Federal dollars under Medicare, Medicaid, and other programs for therapies, and early intervention will increase survival rates among people suffering from the congenital diaphragmatic hernia birth defect;

Whereas improvements in diagnostic technology, the expansion of scientific knowledge, and better management of care for patients with the congenital diaphragmatic hernia birth defect already have increased survival rates in some cases;

Whereas there is still a need for more research and increased awareness of the congenital diaphragmatic hernia birth defect and for an increase in funding for that research in order to provide a better quality of life to survivors of the congenital diaphragmatic hernia birth defect, and more optimism for the families and health care professionals who work with children with the birth defect;

Whereas there are thousands of volunteers nationwide dedicated to expanding research, fostering public awareness and understanding, educating patients and their families about the congenital diaphragmatic hernia birth defect to improve their treatment and care, providing appropriate moral support, and encouraging people to become organ donors; and

Whereas volunteers engage in an annual national awareness event held on March 31, making that day an appropriate time to recognize National Congenital Diaphragmatic Hernia Awareness Day: Now, therefore, be it

Resolved, That the Senate—

(1) designates March 31, 2010, as “National Congenital Diaphragmatic Hernia Awareness Day”;

(2) supports the goals and ideals of a national day to raise public awareness and understanding of the congenital diaphragmatic hernia birth defect;

(3) recognizes the need for additional research into a cure for the congenital diaphragmatic hernia birth defect; and

(4) encourages the people of the United States and interested groups to support National Congenital Diaphragmatic Hernia Awareness Day through appropriate ceremonies and activities, to promote public awareness of the congenital diaphragmatic hernia birth defect, and to foster understanding of the impact of the disease on patients and their families.

SENATE RESOLUTION 205—SUPPORTING THE GOALS AND IDEALS OF AFRICAN AMERICAN BONE MARROW AWARENESS MONTH

Ms. STABENOW (for herself and Mr. ISAKSON) submitted the following resolution; which was considered and agreed to:

S. RES. 205

Whereas a bone marrow or blood cell transplant is a potentially life-saving treatment for patients with leukemia, lymphoma, and other blood diseases;

Whereas a bone marrow or blood cell transplant replaces a patient's unhealthy blood cells with healthy blood-forming cells from a volunteer donor;

Whereas a patient who does not have a suitably matching donor in the family may search the National Marrow Donor Program Donor Registry for a donor;

Whereas blood or cell samples from adult donors or cord blood units are tested and the

tissue or cell type is added to the National Marrow Donor Program Donor Registry, and physicians may search that registry when they need to find donors whose tissue type matches their patients’;

Whereas African Americans make up 8 percent of, or more than 550,000 of the 7,000,000 people currently on, the National Marrow Donor Program Donor Registry;

Whereas of the 35,000 people that have received transplants since the inception of the National Marrow Donor Program Donor Registry, only 1,500 have been African Americans;

Whereas more than 70 life-threatening diseases can be treated with a bone marrow transplant;

Whereas there is a possibility that an African American patient could match a donor from any racial or ethnic group, but the most likely match is another African American;

Whereas to become a volunteer donor, potential donors must be between 18 and 60 years of age, meet health guidelines, provide a small blood sample or swab of cheek cells to determine the donor's tissue type, complete a brief health questionnaire, and sign a consent form to have the tissue type of the donor listed on the Donor Registry;

Whereas the Bone Marrow Wish Organization, which is a minority-run nonprofit organization based in Detroit that was started by an actual bone marrow donor, is initiating “African American Bone Marrow Awareness Month”;

Whereas the annual month of awareness would promote donor awareness and increase the number of African Americans registered with the National Marrow Donor Program throughout the Nation; and

Whereas July 2009 would be an appropriate month to observe African American Bone Marrow Awareness Month: Now, therefore, be it

Resolved, That the Senate—

(1) supports the goals and ideals of African American Bone Marrow Awareness Month;

(2) urges the people of the United States to participate in appropriate programs and activities with respect to bone marrow awareness, including speaking with health care professionals about bone marrow donation; and

(3) urges all people of the United States to register to become blood marrow donors and encourages all people of the United States to organize blood marrow registration drives in their communities.

There being no objection, the Senate proceeded to consider the bill, which was reported by the Committee on Foreign Relations, with amendments.

(The parts of the bill intended to be stricken are shown in boldface brackets and the parts of the bill intended to be inserted are shown in italics.)

S. 962

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Enhanced Partnership with Pakistan Act of 2009".

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) The people of Pakistan and the United States have a long history of friendship and comity, and the interests of both nations are well-served by strengthening and deepening this friendship.

(2) In February 2008, the people of Pakistan elected a civilian government, reversing years of political tension and mounting popular concern over governance and their own democratic reform and political development.

(3) A democratic, moderate, modernizing Pakistan would represent the wishes of the Pakistani people and serve as a model to other countries around the world.

(4) Economic growth is a fundamental foundation for human security and national stability in Pakistan, a country with over 175,000,000 people, an annual population growth rate of 2 percent, and a ranking of 136 out of 177 countries in the United Nations Human Development Index.

(5) Pakistan is a major non-NATO ally of the United States and has been a valuable partner in the battle against al Qaeda and the Taliban, but much more remains to be accomplished by both nations.

(6) The struggle against al Qaeda, the Taliban, and affiliated terrorist groups has led to the deaths of several thousand Pakistani civilians and members of the security forces of Pakistan over the past 7 years.

(7) Since the terrorist attacks of September 11, 2001, more al Qaeda terrorist suspects have been apprehended in Pakistan than in any other country, including Khalid Sheikh Muhammad, Ramzi bin al-Shibh, and Abu Faraj al-Libi.

(8) Despite the sacrifices and cooperation of the security forces of Pakistan, the top leadership of al Qaeda, as well as the leadership and rank-and-file of affiliated terrorist groups, are believed to be using Pakistan's Federally Administered Tribal Areas (FATA) and parts of the North West Frontier Province (NWFP) and Balochistan as a haven and a base from which to organize terrorist actions in Pakistan and globally, including—

(A) attacks outside of Pakistan that have been attributed to groups with Pakistani connections, including—

(i) the suicide car bombing of the Indian embassy in Kabul, Afghanistan, which killed 58 people on June 7, 2008; and

(ii) the massacre of approximately 165 people in Mumbai, India, including 6 United States citizens, in late November 2008; and

(B) attacks within Pakistan, including—

(i) an attack on the visiting Sri Lankan cricket team in Lahore on March 3, 2009;

(ii) an attack at the Marriott hotel in Islamabad on September 9, 2008;

(iii) the bombing of a political rally in Karachi on October 18, 2007;

(iv) the targeting and killing of dozens of tribal, provincial, and national holders of political office;

(v) an attack by gunfire on the U.S. Principal Officer in Peshawar in August 2008; and

(vi) the brazen assassination of former Prime Minister Benazir Bhutto on December 27, 2007.

(9) In the 12-month period ending on the date of the enactment of this Act, Pakistan's security forces have struggled to contain a Taliban-backed insurgency that has spread from FATA into settled areas, including the Swat Valley and other parts of NWFP and Balochistan. This struggle has taken the lives of more than 1,500 police and military personnel and left more than 3,000 wounded.

(10) On March 27, 2009, President Obama noted, "Multiple intelligence estimates have warned that al Qaeda is actively planning attacks on the U.S. homeland from its safe-haven in Pakistan."

(11) According to a Government Accountability Office Report (GAO-08-622), "since 2003, the administration's national security strategies and Congress have recognized that a comprehensive plan that includes all elements of national power—diplomatic, military, intelligence, development assistance, economic, and law enforcement support—was needed to address the terrorist threat emanating from the FATA" and that such a strategy was also mandated by section 7102(b)(3) of the Intelligence Reform and Terrorism Prevention Act of 2004 (Public Law 108-458; 22 U.S.C. 2656f note) and section 2042(b)(2) of the Implementing the Recommendations of the 9/11 Commission Act of 2007 (Public Law 110-53; 22 U.S.C. 2375 note).

(12) In the past year, the people of Pakistan have been especially hard hit by rising food and commodity prices and severe energy shortages, with two-thirds of the population living on less than \$2 a day and one-fifth of the population living below the poverty line according to the United Nations Development Program.

(13) The people of Pakistan and the United States share many compatible goals, including—

(A) combating terrorism and violent radicalism, both inside Pakistan and elsewhere;

(B) solidifying democracy and the rule of law in Pakistan;

(C) promoting the economic development of Pakistan, both through the building of infrastructure and the facilitation of increased trade;

(D) promoting the social and material well-being of Pakistani citizens, particularly through development of such basic services as public education, access to potable water, and medical treatment; and

(E) safeguarding the peace and security of South Asia, including by facilitating peaceful relations between Pakistan and its neighbors.

(14) According to consistent opinion research, including that of the Pew Global Attitudes Survey (December 28, 2007) and the International Republican Institute (January 29, 2008), many people in Pakistan have historically viewed the relationship between the United States and Pakistan as a transactional one, characterized by a heavy emphasis on security issues with little attention to other matters of great interest to citizens of Pakistan.

(15) The election of a civilian government in Pakistan in February 2008 provides an opportunity, after nearly a decade of military-dominated rule, to place relations between Pakistan and the United States on a new and more stable foundation.

(16) Both the Government of Pakistan and the United States Government should seek to enhance the bilateral relationship through additional multi-faceted engagement in order to strengthen the foundation for a consistent and reliable long-term partnership between the two countries.

SEC. 3. DEFINITIONS.

In this Act:

(1) **APPROPRIATE CONGRESSIONAL COMMITTEES.**—The term "appropriate congressional committees" means the Committees on Appropriations and Foreign Relations of the Senate and the Committees on Appropriations and Foreign Affairs of the House of Representatives.

(2) **COUNTERINSURGENCY.**—The term "counterinsurgency" means efforts to defeat organized movements that seek to overthrow the duly constituted Governments of Pakistan and Afghanistan through violent means.

(3) **COUNTERTERRORISM.**—The term "counterterrorism" means efforts to combat al Qaeda and other foreign terrorist organizations that are designated by the Secretary
