

his efforts put forth in achieving the highest distinction of Eagle Scout.

CONGRATULATIONS TO THE
BRAZOSWOOD BUCCANEERS

HON. RON PAUL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 21, 2011

Mr. PAUL. Mr. Speaker, on Saturday, June 11, 2011, the Brazoswood Buccaneers baseball team won the title of Texas 5-A State Champions at the Dell Diamond in Round Rock, TX. It is with great pleasure that I extend my congratulations to the players and coaches of the Brazoswood Buccaneers baseball team on their outstanding victory.

The Brazoswood Buccaneers baseball team finished the playoffs with an undefeated 12–0 record, which put their season-ending winning streak at fourteen. Their hard work and dedication to the sport was rewarded with Brazoswood's third State Championship. Winning this title is not only a major accomplishment for the Buccaneers, but also for Houston 5A baseball. The Buccaneers' have brought the championship back to the Greater Houston area for the first time in three seasons. The 2011 Buccaneers are part of proud tradition in the Houston area as Houston 5A teams have won seventeen out of thirty State Championships.

Mr. Speaker, my grandson Michael Pyeatt is a member of this team. I am extremely proud of my grandson and his teammates' accomplishments, and inspired by their steadfast efforts to achieve their goal. It is therefore my pleasure to once again extend my congratulations to the players and coaches of the Brazoswood Buccaneers baseball team on the occasion of being named the Texas State 5-A Champions.

HONORING HAYDEN WHITE

HON. SAM GRAVES

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 21, 2011

Mr. GRAVES of Missouri. Mr. Speaker, I proudly pause to recognize Hayden White. Hayden is a very special young man who has exemplified the finest qualities of citizenship and leadership by taking an active part in the Boy Scouts of America, Troop 692, and earning the most prestigious award of Eagle Scout.

Hayden has been very active with his troop, participating in many scout activities. Over the many years Hayden has been involved with scouting, he has not only earned numerous merit badges, but also the respect of his family, peers, and community. Most notably, Hayden has contributed to his community through his Eagle Scout project. Hayden renovated and constructed extra storage space in the basement of the Dillingham-Lewis Museum in Blue Springs, Missouri.

Mr. Speaker, I proudly ask you to join me in commending Hayden White for his accomplishments with the Boy Scouts of America and for his efforts put forth in achieving the highest distinction of Eagle Scout.

AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG ADMINISTRATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2012

SPEECH OF

HON. LAURA RICHARDSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 14, 2011

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2112) making appropriations for Agriculture, Rural Development, Food and Drug Administration, and Related Agencies programs for the fiscal year ending September 30, 2012, and for other purposes:

Ms. RICHARDSON. Madam Chair, I am compelled to rise in strong opposition to H.R. 2112, the Fiscal Year 2012 Agriculture, Rural Development, Food and Drug Administration and Related Agencies Appropriations Act for three reasons.

First, the bill makes drastic and dangerous cuts to food safety programs and nutrition assistance for women, children, and seniors.

Second, by underfunding President Obama's request by 23 percent, this bill also makes draconian cuts to necessary conservation programs that protect our country's water supplies and manage critical natural resources.

Third, this substantially reduces funding for the Commodity Futures Trading Corporation, the watchdog agency designated by Congress to protect consumers from Wall Street greed and predatory conduct.

Madam Chair, the funding reductions in this bill will adversely affect every American. For example, the \$285 million slashed from the Food and Drug Administration will be a devastating blow to the agency tasked with ensuring food safety standards. The FDA is our country's first and most important line of defense against diseases such as E.coli and Salmonella, and with outbreaks of these illnesses on the rise, this cut endangers everyone in America.

In my home state of California, agriculture is a \$36.6 billion industry that generates at least \$100 billion in related economic activity. Any threat to the quality of our produce jeopardizes the economy of our state and the health of all who enjoy our products.

Madam Chair, this bill recklessly cuts funding for the Commodities Futures Trading Commission by 44% below the President's budget request. The CFTC was established to implement Wall Street reforms and is charged with policing price speculation in commodities, futures, and derivatives markets. The reduction in funding obviously is intended to deprive the CFTC of the resources needed to detect, deter, and prevent the abusive practices that culminated in the economic collapse of 2008. Crippling the CFTC will leave Wall Street speculators free to drive up the price of oil and other commodities while making it more difficult to protect the pension plans of hard working Americans from the effects of another economic downturn.

Madam Chair, this bill also hurts our environment by cutting \$1 billion from conservation programs. The Conservation Stewardship Program (CSP) would be cut \$171 million relative

to its FY 2012 farm bill-mandated level, and if this bill becomes law the government would be unable to honor contracts it has already signed with farmers across the country employing environmentally sustainable agricultural methods.

The bill also cuts the Environmental Quality Incentives Program (EQIP) by \$350 million. The bill cuts the Wetlands Reserve Program (WRP) by 64,200 acres and the Grasslands Reserve Program (GRP) by 96,000 acres. In addition, the Farm and Ranch Lands Protection Program (FRPP) and the Wildlife Habitat Incentives Program (WHIP) would be cut \$50 million and \$35 million, respectively. The bill would also cut the Natural Resources Conservation Service's (NRCS) conservation operations budget by nearly \$128 million.

Another troubling aspect of this bill is the reduction made to domestic and international nutrition programs, which hurt the most vulnerable among us.

The proposed cuts to the Women, Infants, and Children nutrition program (WIC), the Commodity Supplemental Food Program (CSFP), and the Emergency Food Assistance Program (TEFAP) would see hundreds of thousands of low-income women, infants, children and seniors losing their food aid.

Last year, WIC provided nutritious food, counseling on healthy eating and health care referrals for over 9 million women and children under age five and saved more than 200,000 babies from dying at birth. Proper nutrition combats low birth weights and improves a baby's immune system, saving on healthcare costs. The Republican-proposed \$650 million cut to the WIC program would deny these services for up to 350,000 low-income women and young children for the next year. In California, 31,800 to 55,700 women and children would be turned away.

Cuts to the CSFP and TEFAP would hurt low-income senior citizens who have extremely limited options when it comes to proper nutrition. There are 52,000 seniors living in the 37th Congressional District of California, which I represent, and nearly 15 percent of them depend on these programs to stay healthy and avoid hospital visits due to poor dietary health. For this reason, I offered an Amendment to H.R. 2112, redirecting \$10 million to CSFP so senior citizens will not have to choose between paying for medication and paying for food.

Finally, H.R. 2112 makes drastic cuts to international food aid and poverty alleviation programs. These programs constitute a critical component of US foreign policy, expressing humanitarian goodwill to our allies around the world and promoting a positive image of America abroad. Given all the President and Secretary of State have done to improve our international standing, it makes no sense for Congress to undo this good work by lessening its commitment to combat world hunger.

I. disturbs me than in their short-sighted rush to cut spending, my Republican colleagues would take food from the weakest and the poorest among us while preserving the Bush-era tax cuts for the super-rich. The American people do not accept this trade-off. My constituents in the 37th Congressional District reject this trade-off. I urge my colleagues to join them and me in voting against this unfair and ill-considered legislation.
