

□ 1901

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

ANTI-TERRORISM INFORMATION SHARING IS STRENGTH ACT

The SPEAKER pro tempore. The unfinished business is the vote on the motion to suspend the rules and pass the bill (H.R. 5606) to facilitate better information sharing to assist in the fight against the funding of terrorist activities, and for other purposes, on which the yeas and nays were ordered.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Pennsylvania (Mr. FITZPATRICK) that the House suspend the rules and pass the bill.

This is a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 229, nays 177, not voting 27, as follows:

[Roll No. 403]

□ 1908

Mr. CONAWAY changed his vote from "yea" to "nay."

So (two-thirds not being in the affirmative) the motion was rejected.

The result of the vote was announced as above recorded.

PERSONAL EXPLANATION

Mr. MILLER of Florida. Mr. Speaker, due to being unavoidably detained, I missed the following rollcall Votes: Nos. 401, 402, and 403.

If present, I would have voted: Rollcall Vote No. 401—On Motion to Suspend the Rules and Pass H.R. 5602, "nay". Rollcall Vote No. 402—On Motion to Suspend the Rules and Pass, as Amended, H.R. 5607, "nay" and rollcall Vote No. 403—On Motion to Suspend the Rules and Pass H.R. 5606, "nay."

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. LOUDERMILK). Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on additional motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote incurs objection under clause 6 of rule XX.

Any record votes on postponed questions will be taken later.

FAA EXTENSION, SAFETY, AND SECURITY ACT OF 2016

Mr. SHUSTER. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 818) providing for the concurrence by the House in the Senate amendments to H.R. 636, with amendments.

The Clerk read the title of the resolution.

The text of the resolution is as follows:

H. RES. 818

Resolved, That upon the adoption of this resolution the House shall be considered to have taken from the Speaker's table the bill, H.R. 636, with the Senate amendments thereto, and to have concurred in the Senate amendments with the following amendments:

In lieu of the matter proposed to be inserted by the amendment of the Senate to the text of the bill, insert the following:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the "FAA Extension, Safety, and Security Act of 2016".

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

Sec. 1. Short title; table of contents.
Sec. 2. Appropriate committees of Congress defined.

TITLE I—FAA EXTENSION

Subtitle A—Airport and Airway Programs
Sec. 1101. Extension of airport improvement program.
Sec. 1102. Extension of expiring authorities.
Sec. 1103. Federal Aviation Administration operations.
Sec. 1104. Air navigation facilities and equipment.
Sec. 1105. Research, engineering, and development.
Sec. 1106. Funding for aviation programs.
Sec. 1107. Essential air service.

Subtitle B—Revenue Provisions

Sec. 1201. Expenditure authority from Airport and Airway Trust Fund.

Sec. 1202. Extension of taxes funding Airport and Airway Trust Fund.

TITLE II—AVIATION SAFETY CRITICAL REFORMS

Subtitle A—Safety

Sec. 2101. Pilot records database deadline.
 Sec. 2102. Cockpit automation management.
 Sec. 2103. Enhanced mental health screening for pilots.
 Sec. 2104. Laser pointer incidents.
 Sec. 2105. Crash-resistant fuel systems.
 Sec. 2106. Hiring of air traffic controllers.
 Sec. 2107. Training policies regarding assistance for persons with disabilities.
 Sec. 2108. Air travel accessibility.
 Sec. 2109. Additional certification resources.
 Sec. 2110. Tower marking.
 Sec. 2111. Aviation cybersecurity.
 Sec. 2112. Repair stations located outside United States.
 Sec. 2113. Enhanced training for flight attendants.

Subtitle B—UAS Safety

Sec. 2201. Definitions.
 Sec. 2202. Identification standards.
 Sec. 2203. Safety statements.
 Sec. 2204. Facilitating interagency cooperation for unmanned aircraft authorization in support of firefighting operations and utility restoration.
 Sec. 2205. Interference with wildfire suppression, law enforcement, or emergency response effort by operation of unmanned aircraft.
 Sec. 2206. Pilot project for airport safety and airspace hazard mitigation.
 Sec. 2207. Emergency exemption process.
 Sec. 2208. Unmanned aircraft systems traffic management.
 Sec. 2209. Applications for designation.
 Sec. 2210. Operations associated with critical infrastructure.
 Sec. 2211. Unmanned aircraft systems research and development roadmap.
 Sec. 2212. Unmanned aircraft systems-manned aircraft collision research.
 Sec. 2213. Probabilistic metrics research and development study.

Subtitle C—Time Sensitive Aviation Reforms

Sec. 2301. Small airport relief for safety projects.
 Sec. 2302. Use of revenues at previously associated airport.
 Sec. 2303. Working group on improving air service to small communities.
 Sec. 2304. Computation of basic annuity for certain air traffic controllers.
 Sec. 2305. Refunds for delayed baggage.
 Sec. 2306. Contract weather observers.
 Sec. 2307. Medical certification of certain small aircraft pilots.
 Sec. 2308. Tarmac delays.
 Sec. 2309. Family seating.

TITLE III—AVIATION SECURITY

Sec. 3001. Short title.
 Sec. 3002. Definitions.

Subtitle A—TSA PreCheck Expansion

Sec. 3101. PreCheck program authorization.
 Sec. 3102. PreCheck program enrollment expansion.
 Subtitle B—Securing Aviation From Foreign Entry Points and Guarding Airports Through Enhanced Security
 Sec. 3201. Last point of departure airport security assessment.
 Sec. 3202. Security coordination enhancement plan.
 Sec. 3203. Workforce assessment.
 Sec. 3204. Donation of screening equipment to protect the United States.

Sec. 3205. National cargo security program.
 Sec. 3206. International training and capacity development.

Subtitle C—Checkpoint Optimization and Efficiency

Sec. 3301. Sense of Congress.
 Sec. 3302. Enhanced staffing allocation model.
 Sec. 3303. Effective utilization of staffing resources.
 Sec. 3304. TSA staffing and resource allocation.
 Sec. 3305. Aviation security stakeholders defined.
 Sec. 3306. Rule of construction.

Subtitle D—Aviation Security Enhancement and Oversight

Sec. 3401. Definitions.
 Sec. 3402. Threat assessment.
 Sec. 3403. Oversight.
 Sec. 3404. Credentials.
 Sec. 3405. Vetting.
 Sec. 3406. Metrics.
 Sec. 3407. Inspections and assessments.
 Sec. 3408. Covert testing.
 Sec. 3409. Security directives.
 Sec. 3410. Implementation report.
 Sec. 3411. Miscellaneous amendments.

Subtitle E—Checkpoints of the Future

Sec. 3501. Checkpoints of the future.
 Sec. 3502. Pilot program for increased efficiency and security at Category X airports.
 Sec. 3503. Pilot program for the development and testing of prototypes for airport security systems.
 Sec. 3504. Report required.
 Sec. 3505. Funding.
 Sec. 3506. Acceptance and provision of resources by the Transportation Security Administration.

Subtitle F—Miscellaneous Provisions

Sec. 3601. Visible deterrent.
 Sec. 3602. Law enforcement training for mass casualty and active shooter incidents.
 Sec. 3603. Assistance to airports and surface transportation systems.

SEC. 2. APPROPRIATE COMMITTEES OF CONGRESS DEFINED.

In this Act, unless expressly provided otherwise, the term “appropriate committees of Congress” means the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

TITLE I—FAA EXTENSION

Subtitle A—Airport and Airway Programs

SEC. 1101. EXTENSION OF AIRPORT IMPROVEMENT PROGRAM.

(a) **AUTHORIZATION OF APPROPRIATIONS.**—Section 48103(a) of title 49, United States Code, is amended by striking “fiscal years 2012 through 2015” and all that follows through the period at the end and inserting “fiscal years 2012 through 2017.”

(b) **PROJECT GRANT AUTHORITY.**—Section 47104(c) of title 49, United States Code, is amended in the matter preceding paragraph (1) by striking “July 15, 2016,” and inserting “September 30, 2017.”

SEC. 1102. EXTENSION OF EXPIRING AUTHORITIES.

(a) Section 47107(r)(3) of title 49, United States Code, is amended by striking “July 16, 2016” and inserting “October 1, 2017.”

(b) Section 47115(j) of title 49, United States Code, is amended by striking “fiscal years 2012 through 2015” and all that follows through “July 15, 2016,” and inserting “fiscal years 2012 through 2017.”

(c) Section 47124(b)(3)(E) of title 49, United States Code, is amended by striking “fiscal years 2012 through 2015” and all that follows

through “July 15, 2016,” and inserting “fiscal years 2012 through 2017.”

(d) Section 47141(f) of title 49, United States Code, is amended by striking “July 15, 2016” and inserting “September 30, 2017.”

(e) Section 41743(e)(2) of title 49, United States Code, is amended by striking “2015” and inserting “2017.”

(f) Section 186(d) of the Vision 100—Century of Aviation Reauthorization Act (117 Stat. 2518) is amended by striking “fiscal years 2012 through 2015” and all that follows through “July 15, 2016,” and inserting “fiscal years 2012 through 2017.”

(g) Section 409(d) of the Vision 100—Century of Aviation Reauthorization Act (49 U.S.C. 41731 note) is amended by striking “July 15, 2016” and inserting “September 30, 2017.”

(h) Section 140(c)(1) of the FAA Modernization and Reform Act of 2012 (126 Stat. 28) is amended—

(1) by striking “fiscal years 2013 through 2016,” and inserting “fiscal years 2013 through 2017,”; and

(2) by inserting before the period at the end the following: “or an extension of this Act”.

(i) Section 332(c)(1) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) is amended by striking “5 years after the date of enactment of this Act” and inserting “on September 30, 2019.”

(j) Section 411(h) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 42301 prec. note) is amended by striking “July 15, 2016” and inserting “September 30, 2017.”

(k) Section 822(k) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 47141 note) is amended by striking “July 15, 2016” and inserting “September 30, 2017.”

SEC. 1103. FEDERAL AVIATION ADMINISTRATION OPERATIONS.

Section 106(k) of title 49, United States Code, is amended—

(1) by striking paragraph (1)(E) and inserting the following:

“(E) \$9,909,724,000 for each of fiscal years 2016 and 2017.”; and

(2) in paragraph (3) by striking “fiscal years 2012 through 2015” and all that follows through “July 15, 2016,” and inserting “fiscal years 2012 through 2017.”

SEC. 1104. AIR NAVIGATION FACILITIES AND EQUIPMENT.

Section 48101(a)(5) of title 49, United States Code, is amended to read as follows:

“(5) \$2,855,000,000 for each of fiscal years 2016 and 2017.”

SEC. 1105. RESEARCH, ENGINEERING, AND DEVELOPMENT.

Section 48102(a)(9) of title 49, United States Code, is amended to read as follows:

“(9) \$166,000,000 for each of fiscal years 2016 and 2017.”

SEC. 1106. FUNDING FOR AVIATION PROGRAMS.

(a) **IN GENERAL.**—Section 48114 of title 49, United States Code, is amended—

(1) in subsection (a)(2) by striking “fiscal year 2016,” and inserting “fiscal year 2017,”; and

(2) in subsection (c)(2) by striking “fiscal year 2016” and inserting “fiscal year 2017.”

(b) **COMPLIANCE WITH AVIATION FUNDING REQUIREMENT.**—The budget authority authorized in this title, including the amendments made by this title, shall be deemed to satisfy the requirements of subsections (a)(1)(B) and (a)(2) of section 48114 of title 49, United States Code, for each of fiscal years 2016 and 2017.

SEC. 1107. ESSENTIAL AIR SERVICE.

Section 41742(a)(2) of title 49, United States Code, is amended by striking “fiscal year 2014,” and all that follows through “July 15, 2016,” and inserting “fiscal year 2014, \$93,000,000 for fiscal year 2015, and \$175,000,000 for each of fiscal years 2016 and 2017.”

Subtitle B—Revenue Provisions**SEC. 1201. EXPENDITURE AUTHORITY FROM AIRPORT AND AIRWAY TRUST FUND.**

(a) IN GENERAL.—Section 9502(d)(1) of the Internal Revenue Code of 1986 is amended—

(1) in the matter preceding subparagraph (A), by striking “July 16, 2016” and inserting “October 1, 2017”; and

(2) in subparagraph (A), by striking the semicolon at the end and inserting “or the FAA Extension, Safety, and Security Act of 2016”.

(b) CONFORMING AMENDMENT.—Section 9502(e)(2) of such Code is amended by striking “July 16, 2016” and inserting “October 1, 2017”.

SEC. 1202. EXTENSION OF TAXES FUNDING AIRPORT AND AIRWAY TRUST FUND.

(a) FUEL TAXES.—Section 4081(d)(2)(B) of the Internal Revenue Code of 1986 is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

(b) TICKET TAXES.—

(1) PERSONS.—Section 4261(k)(1)(A)(ii) of such Code is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

(2) PROPERTY.—Section 4271(d)(1)(A)(ii) of such Code is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

(c) FRACTIONAL OWNERSHIP PROGRAMS.—

(1) TREATMENT AS NONCOMMERCIAL AVIATION.—Section 4083(b) of such Code is amended by striking “July 16, 2016” and inserting “October 1, 2017”.

(2) EXEMPTION FROM TICKET TAXES.—Section 4261(j) of such Code is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

TITLE II—AVIATION SAFETY CRITICAL REFORMS**Subtitle A—Safety****SEC. 2101. PILOT RECORDS DATABASE DEADLINE.**

Section 44703(i)(2) of title 49, United States Code, is amended by striking “The Administrator shall establish” and inserting “Not later than April 30, 2017, the Administrator shall establish and make available for use”.

SEC. 2102. COCKPIT AUTOMATION MANAGEMENT.

Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall—

(1) develop a process to verify that air carrier training programs incorporate measures to train pilots on—

(A) monitoring automation systems; and

(B) controlling the flightpath of aircraft without autopilot or autoflight systems engaged;

(2) develop metrics or measurable tasks that air carriers can use to evaluate pilot monitoring proficiency;

(3) issue guidance to aviation safety inspectors responsible for oversight of the operations of air carriers on tracking and assessing pilots’ proficiency in manual flight; and

(4) issue guidance to air carriers and inspectors regarding standards for compliance with the requirements for enhanced pilot training contained in the final rule published in the Federal Register on November 12, 2013 (78 Fed. Reg. 67800).

SEC. 2103. ENHANCED MENTAL HEALTH SCREENING FOR PILOTS.

Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall consider the recommendations of the Pilot Fitness Aviation Rulemaking Committee in determining whether to implement, as part of a comprehensive medical certification process for pilots with a first- or second-class airman medical certificate, additional screening for mental health conditions, including depression and suicidal thoughts or tendencies, and assess treatments that would

address any risk associated with such conditions.

SEC. 2104. LASER POINTER INCIDENTS.

(a) IN GENERAL.—Beginning 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in coordination with appropriate Federal law enforcement agencies, shall provide quarterly updates to the appropriate committees of Congress regarding—

(1) the number of incidents involving the beam from a laser pointer (as defined in section 39A of title 18, United States Code) being aimed at, or in the flight path of, an aircraft in the airspace jurisdiction of the United States;

(2) the number of civil or criminal enforcement actions taken by the Federal Aviation Administration, the Department of Transportation, or another Federal agency with regard to the incidents described in paragraph (1), including the amount of the civil or criminal penalties imposed on violators;

(3) the resolution of any incidents described in paragraph (1) that did not result in a civil or criminal enforcement action; and

(4) any actions the Department of Transportation or another Federal agency has taken on its own, or in conjunction with other Federal agencies or local law enforcement agencies, to deter the type of activity described in paragraph (1).

(b) CIVIL PENALTIES.—The Administrator shall revise the maximum civil penalty that may be imposed on an individual who aims the beam of a laser pointer at an aircraft in the airspace jurisdiction of the United States, or at the flight path of such an aircraft, to be \$25,000.

SEC. 2105. CRASH-RESISTANT FUEL SYSTEMS.

Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall evaluate and update, as necessary, standards for crash-resistant fuel systems for civilian rotorcraft.

SEC. 2106. HIRING OF AIR TRAFFIC CONTROLLERS.

(a) IN GENERAL.—Section 44506 of title 49, United States Code, is amended by adding at the end the following:

“(f) HIRING OF CERTAIN AIR TRAFFIC CONTROL SPECIALISTS.—

“(1) CONSIDERATION OF APPLICANTS.—

“(A) ENSURING SELECTION OF MOST QUALIFIED APPLICANTS.—In appointing individuals to the position of air traffic controller, the Administrator shall give preferential consideration to qualified individuals maintaining 52 consecutive weeks of air traffic control experience involving the full-time active separation of air traffic after receipt of an air traffic certification or air traffic control facility rating within 5 years of application while serving at—

“(i) a Federal Aviation Administration air traffic control facility;

“(ii) a civilian or military air traffic control facility of the Department of Defense; or

“(iii) a tower operating under contract with the Federal Aviation Administration under section 47124.

“(B) CONSIDERATION OF ADDITIONAL APPLICANTS.—

“(i) IN GENERAL.—After giving preferential consideration to applicants under subparagraph (A), the Administrator shall consider additional applicants for the position of air traffic controller by referring an approximately equal number of individuals for appointment among the 2 applicant pools described in this subparagraph. The number of individuals referred for consideration from each group shall not differ by more than 10 percent.

“(ii) POOL 1.—Pool 1 applicants are individuals who—

“(I) have successfully completed air traffic controller training and graduated from an institution participating in the Collegiate Training Initiative program maintained under subsection (c)(1) and who have received from the institution—

“(aa) an appropriate recommendation; or

“(bb) an endorsement certifying that the individual would have met the requirements in effect as of December 31, 2013, for an appropriate recommendation;

“(II) are eligible for a veterans recruitment appointment pursuant to section 4214 of title 38 and provide a Certificate of Release or Discharge from Active Duty within 120 days of the announcement closing;

“(III) are eligible veterans (as defined in section 4211 of title 38) maintaining aviation experience obtained in the course of the individual’s military experience; or

“(IV) are preference eligible veterans (as defined in section 2108 of title 5).

“(iii) POOL 2.—Pool 2 applicants are individuals who apply under a vacancy announcement recruiting from all United States citizens.

“(2) USE OF BIOGRAPHICAL ASSESSMENTS.—

“(A) BIOGRAPHICAL ASSESSMENTS.—The Administrator shall not use any biographical assessment when hiring under paragraph (1)(A) or paragraph (1)(B)(ii).

“(B) RECONSIDERATION OF APPLICANTS DISQUALIFIED ON BASIS OF BIOGRAPHICAL ASSESSMENTS.—

“(i) IN GENERAL.—If an individual described in paragraph (1)(A) or paragraph (1)(B)(ii), who applied for the position of air traffic controller with the Administration in response to Vacancy Announcement FAA-AMC-14-ALLSRCE-33537 (issued on February 10, 2014), was disqualified from the position as the result of a biographical assessment, the Administrator shall provide the applicant an opportunity to reapply for the position as soon as practicable under the revised hiring practices.

“(ii) WAIVER OF AGE RESTRICTION.—The Administrator shall waive any maximum age restriction for the position of air traffic controller with the Administration that would otherwise disqualify an individual from the position if the individual—

“(I) is reapplying for the position pursuant to clause (i) on or before December 31, 2017; and

“(II) met the maximum age requirement on the date of the individual’s previous application for the position during the interim hiring process.

“(3) MAXIMUM ENTRY AGE FOR EXPERIENCED CONTROLLERS.—Notwithstanding section 3307 of title 5, the maximum limit of age for an original appointment to a position as an air traffic controller shall be 35 years of age for those maintaining 52 weeks of air traffic control experience involving the full-time active separation of air traffic after receipt of an air traffic certification or air traffic control facility rating in a civilian or military air traffic control facility.”.

(b) NOTIFICATION OF VACANCIES.—The Administrator of the Federal Aviation Administration shall consider directly notifying secondary schools and institutions of higher learning, including Historically Black Colleges and Universities, Hispanic-serving institutions, Minority Institutions, and Tribal Colleges and Universities, of a vacancy announcement under section 44506(f)(1)(B)(iii) of title 49, United States Code.

SEC. 2107. TRAINING POLICIES REGARDING ASSISTANCE FOR PERSONS WITH DISABILITIES.

(a) IN GENERAL.—Not later than 270 days after the date of enactment of this Act, the Comptroller General of the United States shall submit to Congress a report assessing required air carrier personnel and contractor

training programs regarding the assistance of persons with disabilities, including—

(1) variations in training programs between air carriers;

(2) instances since 2005 where the Department of Transportation has requested that an air carrier take corrective action following a review of the air carrier's training programs; and

(3) actions taken by air carriers following requests described in paragraph (2).

(b) **BEST PRACTICES.**—After the date the report is submitted under subsection (a), the Secretary of Transportation, based on the findings of the report, shall develop, make publicly available, and appropriately disseminate to air carriers such best practices as the Secretary considers necessary to improve the reviewed training programs.

SEC. 2108. AIR TRAVEL ACCESSIBILITY.

Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall issue the supplemental notice of proposed rulemaking referenced in the Secretary's Report on Significant Rulemakings, dated June 15, 2015, and assigned Regulation Identification Number 2105-AE12.

SEC. 2109. ADDITIONAL CERTIFICATION RESOURCES.

(a) **IN GENERAL.**—Notwithstanding any other provision of law, and subject to the requirements of subsection (b), the Administrator of the FAA may enter into a reimbursable agreement with an applicant or certificate-holder for the reasonable travel and per diem expenses of the FAA associated with official travel to expedite the acceptance or validation by a foreign authority of an FAA certificate or design approval or the acceptance or validation by the FAA of a foreign authority certificate or design approval.

(b) **CONDITIONS.**—The Administrator may enter into an agreement under subsection (a) only if—

(1) the travel covered under the agreement is deemed necessary, by both the Administrator and the applicant or certificate-holder, to expedite the acceptance or validation of the relevant certificate or approval;

(2) the travel is conducted at the request of the applicant or certificate-holder;

(3) travel plans and expenses are approved by the applicant or certificate-holder prior to travel; and

(4) the agreement requires payment in advance of FAA services and is consistent with the processes under section 106(l)(6) of title 49, United States Code.

(c) **REPORT.**—Not later than 2 years after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on—

(1) the number of occasions on which the Administrator entered into reimbursable agreements under this section;

(2) the number of occasions on which the Administrator declined a request by an applicant or certificate-holder to enter into a reimbursable agreement under this section;

(3) the amount of reimbursements collected in accordance with agreements under this section; and

(4) the extent to which reimbursable agreements under this section assisted in reducing the amount of time necessary for validations of certificates and design approvals.

(d) **DEFINITIONS.**—In this section, the following definitions apply:

(1) **APPLICANT.**—The term “applicant” means a person that has—

(A) applied to a foreign authority for the acceptance or validation of an FAA certificate or design approval; or

(B) applied to the FAA for the acceptance or validation of a foreign authority certificate or design approval.

(2) **CERTIFICATE-HOLDER.**—The term “certificate-holder” means a person that holds a certificate issued by the Administrator under part 21 of title 14, Code of Federal Regulations.

(3) **FAA.**—The term “FAA” means the Federal Aviation Administration.

SEC. 2110. TOWER MARKING.

(a) **IN GENERAL.**—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue regulations to require the marking of covered towers.

(b) **MARKING REQUIRED.**—The regulations under subsection (a) shall require that a covered tower be clearly marked in a manner that is consistent with applicable guidance under the Federal Aviation Administration Advisory Circular issued December 4, 2015 (AC 70/7460-1L), or other relevant safety guidance, as determined by the Administrator.

(c) **APPLICATION.**—The regulations issued under subsection (a) shall ensure that—

(1) all covered towers constructed on or after the date on which such regulations take effect are marked in accordance with subsection (b); and

(2) a covered tower constructed before the date on which such regulations take effect is marked in accordance with subsection (b) not later than 1 year after such effective date.

(d) **DEFINITIONS.**—

(1) **IN GENERAL.**—In this section, the following definitions apply:

(A) **COVERED TOWER.**—

(i) **IN GENERAL.**—The term “covered tower” means a structure that—

(I) is self-standing or supported by guy wires and ground anchors;

(II) is 10 feet or less in diameter at the above-ground base, excluding concrete footing;

(III) at the highest point of the structure is at least 50 feet above ground level;

(IV) at the highest point of the structure is not more than 200 feet above ground level;

(V) has accessory facilities on which an antenna, sensor, camera, meteorological instrument, or other equipment is mounted; and

(VI) is located—

(aa) outside the boundaries of an incorporated city or town; or

(bb) on land that is—

(AA) undeveloped; or

(BB) used for agricultural purposes.

(ii) **EXCLUSIONS.**—The term “covered tower” does not include any structure that—

(I) is adjacent to a house, barn, electric utility station, or other building;

(II) is within the curtilage of a farmstead;

(III) supports electric utility transmission or distribution lines;

(IV) is a wind-powered electrical generator with a rotor blade radius that exceeds 6 feet; or

(V) is a street light erected or maintained by a Federal, State, local, or tribal entity.

(B) **UNDEVELOPED.**—The term “undeveloped” means a defined geographic area where the Administrator determines low-flying aircraft are operated on a routine basis, such as low-lying forested areas with predominant tree cover under 200 feet and pasture and range land.

(2) **OTHER DEFINITIONS.**—The Administrator shall define such other terms as may be necessary to carry out this section.

(e) **DATABASE.**—The Administrator shall—

(1) develop a database that contains the location and height of each covered tower;

(2) keep the database current to the extent practicable;

(3) ensure that any proprietary information in the database is protected from disclosure in accordance with law; and

(4) ensure that, by virtue of accessing the database, users agree and acknowledge that information in the database—

(A) may only be used for aviation safety purposes; and

(B) may not be disclosed for purposes other than aviation safety, regardless of whether or not the information is marked or labeled as proprietary or with a similar designation.

SEC. 2111. AVIATION CYBERSECURITY.

(a) **COMPREHENSIVE AND STRATEGIC AVIATION FRAMEWORK.**—

(1) **IN GENERAL.**—Not later than 240 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall facilitate and support the development of a comprehensive and strategic framework of principles and policies to reduce cybersecurity risks to the national airspace system, civil aviation, and agency information systems using a total systems approach that takes into consideration the interactions and interdependence of different components of aircraft systems and the national airspace system.

(2) **SCOPE.**—In carrying out paragraph (1), the Administrator shall—

(A) identify and address the cybersecurity risks associated with—

(i) the modernization of the national airspace system;

(ii) the automation of aircraft, equipment, and technology; and

(iii) aircraft systems, including by—

(I) directing the Aircraft Systems Information Security Protection Working Group—

(aa) to assess cybersecurity risks to aircraft systems;

(bb) to review the extent to which existing rulemaking, policy, and guidance to promote safety also promote aircraft systems information security protection; and

(cc) to provide appropriate recommendations to the Administrator if separate or additional rulemaking, policy, or guidance is needed to address cybersecurity risks to aircraft systems; and

(II) identifying and addressing—

(aa) cybersecurity risks associated with in-flight entertainment systems; and

(bb) whether in-flight entertainment systems can and should be isolated and separate, such as through an air gap, under existing rulemaking, policy, and guidance;

(B) clarify cybersecurity roles and responsibilities of offices and employees of the Federal Aviation Administration, as the roles and responsibilities relate to cybersecurity at the Federal Aviation Administration;

(C) identify and implement objectives and actions to reduce cybersecurity risks to air traffic control information systems, including actions to improve implementation of information security standards, such as those of the National Institute of Standards and Technology;

(D) support voluntary efforts by industry, RTCA, Inc., and other standards-setting organizations to develop and identify consensus standards and best practices relating to guidance on aviation systems information security protection, consistent to the extent appropriate, with the cybersecurity risk management activities described in section 2(e) of the National Institute of Standards and Technology Act (15 U.S.C. 272(e));

(E) establish guidelines for the voluntary exchange of information between and among aviation stakeholders pertaining to aviation-related cybersecurity incidents, threats, and vulnerabilities;

(F) identify short- and long-term objectives and actions that can be taken in response to cybersecurity risks to the national airspace system; and

(G) identify research and development activities to inform actions in response to cybersecurity risks.

(3) IMPLEMENTATION REQUIREMENTS.—In carrying out the activities under this subsection, the Administrator shall—

(A) coordinate with aviation stakeholders, including, at a minimum, representatives of industry, airlines, manufacturers, airports, RTCA, Inc., and unions;

(B) consult with the heads of relevant agencies and with international regulatory authorities;

(C) if determined appropriate, convene an expert panel or working group to identify and address cybersecurity risks; and

(D) evaluate, on a periodic basis, the effectiveness of the principles established under this subsection.

(b) UPDATE ON CYBERSECURITY IMPLEMENTATION PROGRESS.—Not later than 90 days after the date of enactment of this Act, the Administrator shall provide to the appropriate committees of Congress an update on progress made toward the implementation of this section.

(c) CYBERSECURITY THREAT MODEL.—Not later than 1 year after the date of enactment of this Act, the Administrator, in consultation with the Director of the National Institute of Standards and Technology, shall implement the open recommendation issued in 2015 by the Government Accountability Office to assess and research the potential cost and timetable of developing and maintaining an agencywide threat model, which shall be updated regularly, to strengthen the cybersecurity of agency systems across the Federal Aviation Administration. The Administrator shall brief the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status, results, and composition of the threat model.

(d) NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY INFORMATION SECURITY STANDARDS.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, after consultation with the Director of the National Institute of Standards and Technology, shall transmit to the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report on—

(1) a cybersecurity standards plan to improve implementation of the National Institute of Standards and Technology's latest revisions to information security guidance for Federal Aviation Administration information and Federal Aviation Administration information systems within set timeframes; and

(2) an explanation of why any such revisions are not incorporated in the plan or are not incorporated within set timeframes.

(e) CYBERSECURITY RESEARCH AND DEVELOPMENT.—Not later than 1 year after the date of enactment of this Act, the Administrator, in consultation with other agencies as appropriate, shall establish a cybersecurity research and development plan for the national airspace system, including—

(1) any proposal for research and development cooperation with international partners;

(2) an evaluation and determination of research and development needs to determine any cybersecurity risks of cabin communications and cabin information technology systems on board in the passenger domain; and

(3) objectives, proposed tasks, milestones, and a 5-year budgetary profile.

SEC. 2112. REPAIR STATIONS LOCATED OUTSIDE UNITED STATES.

(a) RISK-BASED OVERSIGHT.—Section 44733 of title 49, United States Code, is amended—

(1) by redesignating subsection (f) as subsection (g);

(2) by inserting after subsection (e) the following:

“(f) RISK-BASED OVERSIGHT.—

“(1) IN GENERAL.—Not later than 90 days after the date of enactment of the FAA Extension, Safety, and Security Act of 2016, the Administrator shall take measures to ensure that the safety assessment system established under subsection (a)—

“(A) places particular consideration on inspections of part 145 repair stations located outside the United States that conduct scheduled heavy maintenance work on part 121 air carrier aircraft; and

“(B) accounts for the frequency and seriousness of any corrective actions that part 121 air carriers must implement to aircraft following such work at such repair stations.

“(2) INTERNATIONAL AGREEMENTS.—The Administrator shall take the measures required under paragraph (1)—

“(A) in accordance with United States obligations under applicable international agreements; and

“(B) in a manner consistent with the applicable laws of the country in which a repair station is located.

“(3) ACCESS TO DATA.—The Administrator may access and review such information or data in the possession of a part 121 air carrier as the Administrator may require in carrying out paragraph (1)(B).”;

(3) in subsection (g) (as so redesignated)—

(A) by redesignating paragraphs (1) and (2) as paragraphs (2) and (3), respectively; and

(B) by inserting before paragraph (2) (as so redesignated) the following:

“(1) HEAVY MAINTENANCE WORK.—The term ‘heavy maintenance work’ means a C-check, a D-check, or equivalent maintenance operation with respect to the airframe of a transport-category aircraft.”.

(b) ALCOHOL AND CONTROLLED SUBSTANCES TESTING.—The Administrator of the Federal Aviation Administration shall ensure that—

(1) not later than 90 days after the date of enactment of this Act, a notice of proposed rulemaking required pursuant to section 44733(d)(2) is published in the Federal Register; and

(2) not later than 1 year after the date on which the notice of proposed rulemaking is published in the Federal Register, the rulemaking is finalized.

(c) BACKGROUND INVESTIGATIONS.—Not later than 180 days after the date of enactment of this Act, the Administrator shall ensure that each employee of a repair station certificated under part 145 of title 14, Code of Federal Regulations, who performs a safety-sensitive function on an air carrier aircraft has undergone a pre-employment background investigation sufficient to determine whether the individual presents a threat to aviation safety, in a manner that is—

(1) determined acceptable by the Administrator;

(2) consistent with the applicable laws of the country in which the repair station is located; and

(3) consistent with the United States obligations under international agreements.

SEC. 2113. ENHANCED TRAINING FOR FLIGHT ATTENDANTS.

Section 44734(a) of title 49, United States Code, is amended—

(1) in paragraph (2) by striking “and” at the end;

(2) in paragraph (3) by striking the period at the end and inserting “; and”;

(3) by adding at the end the following:

“(4) recognizing and responding to potential human trafficking victims.”.

Subtitle B—UAS Safety

SEC. 2201. DEFINITIONS.

(a) DEFINITIONS APPLIED.—In this subtitle, the terms “unmanned aircraft”, “unmanned aircraft system”, and “small unmanned aircraft” have the meanings given those terms in section 331 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note), as amended by this Act.

(b) FAA MODERNIZATION AND REFORM ACT.—Section 331 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) is amended—

(1) in paragraph (6) by inserting “, including everything that is on board or otherwise attached to the aircraft” after “55 pounds”; and

(2) by striking paragraph (7) and inserting the following:

“(7) TEST RANGE.—

“(A) IN GENERAL.—The term ‘test range’ means a defined geographic area where research and development are conducted as authorized by the Administrator of the Federal Aviation Administration.

“(B) INCLUSIONS.—The term ‘test range’ includes any of the 6 test ranges established by the Administrator of the Federal Aviation Administration under section 332(c), as in effect on the day before the date of enactment of this subparagraph, and any public entity authorized by the Federal Aviation Administration as an unmanned aircraft system flight test center before January 1, 2009.”.

SEC. 2202. IDENTIFICATION STANDARDS.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration, in consultation with the Secretary of Transportation, the President of RTCA, Inc., and the Director of the National Institute of Standards and Technology, shall convene industry stakeholders to facilitate the development of consensus standards for remotely identifying operators and owners of unmanned aircraft systems and associated unmanned aircraft.

(b) CONSIDERATIONS.—As part of any standards developed under subsection (a), the Administrator shall ensure the consideration of—

(1) requirements for remote identification of unmanned aircraft systems;

(2) appropriate requirements for different classifications of unmanned aircraft systems operations, including public and civil; and

(3) the feasibility of the development and operation of a publicly accessible online database of unmanned aircraft and the operators thereof, and any criteria for exclusion from the database.

(c) DEADLINE.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on any standards developed under subsection (a).

(d) GUIDANCE.—Not later than 1 year after the date on which the Administrator submits the report under subsection (c), the Administrator shall issue regulations or guidance, as appropriate, based on any standards developed under subsection (a).

SEC. 2203. SAFETY STATEMENTS.

(a) REQUIRED INFORMATION.—Beginning on the date that is 1 year after the date of publication of the guidance under subsection (b)(1), a manufacturer of a small unmanned aircraft shall make available to the owner at the time of delivery of the small unmanned aircraft the safety statement described in subsection (b)(2).

(b) SAFETY STATEMENT.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue guidance for implementing this section.

(2) REQUIREMENTS.—A safety statement required under subsection (a) shall include—

(A) information about, and sources of, laws and regulations applicable to small unmanned aircraft;

(B) recommendations for using small unmanned aircraft in a manner that promotes the safety of persons and property;

(C) the date that the safety statement was created or last modified; and

(D) language approved by the Administrator regarding the following:

(i) A person may operate the small unmanned aircraft as a model aircraft (as defined in section 336 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note)) or otherwise in accordance with Federal Aviation Administration authorization or regulation, including requirements for the completion of any applicable airman test.

(ii) The definition of a model aircraft under section 336 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note).

(iii) The requirements regarding the operation of a model aircraft under section 336 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note).

(iv) The Administrator may pursue enforcement action against a person operating model aircraft who endangers the safety of the national airspace system.

(c) CIVIL PENALTY.—A person who violates subsection (a) shall be liable for each violation to the United States Government for a civil penalty described in section 46301(a) of title 49, United States Code.

SEC. 2204. FACILITATING INTERAGENCY COOPERATION FOR UNMANNED AIRCRAFT AUTHORIZATION IN SUPPORT OF FIREFIGHTING OPERATIONS AND UTILITY RESTORATION.

(a) FIREFIGHTING OPERATIONS.—The Administrator of the Federal Aviation Administration shall enter into agreements with the Secretary of the Interior and the Secretary of Agriculture, as necessary, to continue the expeditious authorization of safe unmanned aircraft system operations in support of firefighting operations consistent with the requirements of section 334(c) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note).

(b) UTILITY RESTORATION.—The Administrator shall enter into agreements with the Secretary of Energy and with such other agencies or parties, including the Federal Emergency Management Agency, as are necessary to facilitate the expeditious authorization of safe unmanned aircraft system operations in support of service restoration efforts of utilities.

(c) DEFINITION OF UTILITY.—In this section, the term “utility” shall at a minimum include the definition in section 3(4) of the Public Utility Regulatory Policies Act of 1978 (16 U.S.C. 2602(4)).

SEC. 2205. INTERFERENCE WITH WILDFIRE SUPPRESSION, LAW ENFORCEMENT, OR EMERGENCY RESPONSE EFFORT BY OPERATION OF UNMANNED AIRCRAFT.

(a) IN GENERAL.—Chapter 463 of title 49, United States Code, is amended by adding at the end the following:

“§46320. Interference with wildfire suppression, law enforcement, or emergency response effort by operation of unmanned aircraft

“(a) IN GENERAL.—Except as provided in subsection (b), an individual who operates an unmanned aircraft and in so doing knowingly or recklessly interferes with a wildfire suppression, law enforcement, or emergency response effort is liable to the United States Government for a civil penalty of not more than \$20,000.

“(b) EXCEPTIONS.—This section does not apply to the operation of an unmanned aircraft conducted by a unit or agency of the United States Government or of a State,

tribal, or local government (including any individual conducting such operation pursuant to a contract or other agreement entered into with the unit or agency) for the purpose of protecting the public safety and welfare, including firefighting, law enforcement, or emergency response.

“(c) COMPROMISE AND SETOFF.—

“(1) COMPROMISE.—The United States Government may compromise the amount of a civil penalty imposed under this section.

“(2) SETOFF.—The United States Government may deduct the amount of a civil penalty imposed or compromised under this section from the amounts the Government owes the person liable for the penalty.

“(d) DEFINITIONS.—In this section, the following definitions apply:

“(1) WILDFIRE.—The term ‘wildfire’ has the meaning given that term in section 2 of the Emergency Wildfire Suppression Act (42 U.S.C. 1856m).

“(2) WILDFIRE SUPPRESSION.—The term ‘wildfire suppression’ means an effort to contain, extinguish, or suppress a wildfire.”

(b) FAA TO IMPOSE CIVIL PENALTY.—Section 46301(d)(2) of title 49, United States Code, is amended by inserting “section 46320,” after “section 46319.”

(c) CLERICAL AMENDMENT.—The analysis for chapter 463 of title 49, United States Code, is amended by adding at the end the following:

“46320. Interference with wildfire suppression, law enforcement, or emergency response effort by operation of unmanned aircraft.”

SEC. 2206. PILOT PROJECT FOR AIRPORT SAFETY AND AIRSPACE HAZARD MITIGATION.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall establish a pilot program for airspace hazard mitigation at airports and other critical infrastructure using unmanned aircraft detection systems.

(b) CONSULTATION.—In carrying out the pilot program under subsection (a), the Administrator shall work with the Secretary of Defense, the Secretary of Homeland Security, and the heads of other relevant Federal departments and agencies for the purpose of ensuring that technologies that are developed, tested, or deployed by those departments and agencies to mitigate threats posed by errant or hostile unmanned aircraft system operations do not adversely impact or interfere with safe airport operations, navigation, air traffic services, or the safe and efficient operation of the national airspace system.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated from the Airport and Airway Trust Fund to carry out this section \$6,000,000, to remain available until expended.

(d) AUTHORITY.—After the pilot program established under subsection (a) ceases to be effective pursuant to subsection (g), the Administrator may use unmanned aircraft detection systems to detect and mitigate the unauthorized operation of an unmanned aircraft that poses a risk to aviation safety.

(e) REPORT.—

(1) IN GENERAL.—Not later than 18 months after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the results of the pilot program established under subsection (a).

(2) CONTENTS.—The report required under paragraph (1) shall include the following:

(A) The number of unauthorized unmanned aircraft operations detected, together with a description of such operations.

(B) The number of instances in which unauthorized unmanned aircraft were miti-

gated, together with a description of such instances.

(C) The number of enforcement cases brought by the Federal Aviation Administration for unauthorized operation of unmanned aircraft detected through the pilot program, together with a description of such cases.

(D) The number of any technical failures in the pilot program, together with a description of such failures.

(E) Recommendations for safety and operational standards for unmanned aircraft detection systems.

(F) The feasibility of deployment of the systems at other airports.

(3) FORMAT.—To the extent practicable, the report prepared under paragraph (1) shall be submitted in a classified format. If appropriate, the report may include an unclassified summary.

(f) SUNSET.—The pilot program established under subsection (a) shall cease to be effective on the earlier of—

(1) the date that is 18 months after the date of enactment of this Act; and

(2) the date of the submission of the report under subsection (e).

SEC. 2207. EMERGENCY EXEMPTION PROCESS.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall publish guidance for applications for, and procedures for the processing of, on an emergency basis, exemptions or certificates of authorization or waiver for the use of unmanned aircraft systems by civil or public operators in response to a catastrophe, disaster, or other emergency to facilitate emergency response operations, such as firefighting, search and rescue, and utility and infrastructure restoration efforts. In processing such applications, the Administrator shall give priority to applications for public unmanned aircraft systems engaged in emergency response activities.

(b) REQUIREMENTS.—In providing guidance under subsection (a), the Administrator shall—

(1) make explicit any safety requirements that must be met for the consideration of applications that include requests for beyond visual line of sight or nighttime operations, or the suspension of otherwise applicable operating restrictions, consistent with public interest and safety; and

(2) explicitly state the procedures for coordinating with an incident commander, if any, to ensure operations granted under procedures developed under subsection (a) do not interfere with other emergency response efforts.

(c) REVIEW.—In processing applications on an emergency basis for exemptions or certificates of authorization or waiver for unmanned aircraft systems operations in response to a catastrophe, disaster, or other emergency, the Administrator shall act on such applications as expeditiously as practicable and without requiring public notice and comment.

SEC. 2208. UNMANNED AIRCRAFT SYSTEMS TRAFFIC MANAGEMENT.

(a) RESEARCH PLAN FOR UTM DEVELOPMENT AND DEPLOYMENT.—

(1) IN GENERAL.—The Administrator of the Federal Aviation Administration (in this section referred to as the “Administrator”), in coordination with the Administrator of the National Aeronautics and Space Administration, shall continue development of a research plan for unmanned aircraft systems traffic management (in this section referred to as “UTM”) development and deployment.

(2) REQUIREMENTS.—In developing the research plan, the Administrator shall—

(A) identify research outcomes sought; and

(B) ensure the plan is consistent with existing regulatory and operational frameworks, and considers potential future regulatory and operational frameworks, for unmanned aircraft systems in the national airspace system.

(3) ASSESSMENT.—The research plan shall include an assessment of the interoperability of a UTM system with existing and potential future air traffic management systems and processes.

(4) DEADLINES.—The Administrator shall—

(A) initiate development of the research plan not later than 60 days after the date of enactment of this Act; and

(B) not later than 180 days after the date of enactment of this Act—

(i) complete the research plan;

(ii) submit the research plan to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives; and

(iii) publish the research plan on the Internet Web site of the Federal Aviation Administration.

(b) PILOT PROGRAM.—

(1) IN GENERAL.—Not later than 90 days after the date of submission of the research plan under subsection (a)(4)(B), the Administrator, in coordination with the Administrator of the National Aeronautics and Space Administration, the Drone Advisory Committee, the research advisory committee established by section 44508(a) of title 49, United States Code, and representatives of the unmanned aircraft industry, shall establish a UTM system pilot program.

(2) SUNSET.—Not later than 2 years after the date of establishment of the pilot program, the Administrator shall conclude the pilot program.

(c) UPDATES.—Not later than 180 days after the date of establishment of the pilot program, and every 180 days thereafter until the date of conclusion of the pilot program, the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives an update on the status and progress of the pilot program.

SEC. 2209. APPLICATIONS FOR DESIGNATION.

(a) APPLICATIONS FOR DESIGNATION.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall establish a process to allow applicants to petition the Administrator of the Federal Aviation Administration to prohibit or restrict the operation of an unmanned aircraft in close proximity to a fixed site facility.

(b) REVIEW PROCESS.—

(1) APPLICATION PROCEDURES.—

(A) IN GENERAL.—The Administrator shall establish the procedures for the application for designation under subsection (a).

(B) REQUIREMENTS.—The procedures shall allow operators or proprietors of fixed site facilities to apply for designation individually or collectively.

(C) CONSIDERATIONS.—Only the following may be considered fixed site facilities:

(i) Critical infrastructure, such as energy production, transmission, and distribution facilities and equipment.

(ii) Oil refineries and chemical facilities.

(iii) Amusement parks.

(iv) Other locations that warrant such restrictions.

(2) DETERMINATION.—

(A) IN GENERAL.—The Secretary shall provide for a determination under the review

process established under subsection (a) not later than 90 days after the date of application, unless the applicant is provided with written notice describing the reason for the delay.

(B) AFFIRMATIVE DESIGNATIONS.—An affirmative designation shall outline—

(i) the boundaries for unmanned aircraft operation near the fixed site facility; and

(ii) such other limitations that the Administrator determines may be appropriate.

(C) CONSIDERATIONS.—In making a determination whether to grant or deny an application for a designation, the Administrator may consider—

(i) aviation safety;

(ii) protection of persons and property on the ground;

(iii) national security; or

(iv) homeland security.

(D) OPPORTUNITY FOR RESUBMISSION.—If an application is denied, and the applicant can reasonably address the reason for the denial, the Administrator may allow the applicant to reapply for designation.

(c) PUBLIC INFORMATION.—Designations under subsection (a) shall be published by the Federal Aviation Administration on a publicly accessible website.

(d) SAVINGS CLAUSE.—Nothing in this section may be construed as prohibiting the Administrator from authorizing operation of an aircraft, including an unmanned aircraft system, over, under, or within a specified distance from that fixed site facility designated under subsection (b).

SEC. 2210. OPERATIONS ASSOCIATED WITH CRITICAL INFRASTRUCTURE.

(a) IN GENERAL.—Any application process established under section 333 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) shall allow for a person to apply to the Administrator of the Federal Aviation Administration to operate an unmanned aircraft system, for purposes of conducting an activity described in subsection (b)—

(1) beyond the visual line of sight of the individual operating the unmanned aircraft system; and

(2) during the day or at night.

(b) ACTIVITIES DESCRIBED.—The activities described in this subsection are—

(1) activities for which manned aircraft may be used to comply with Federal, State, or local laws, including—

(A) activities to ensure compliance with Federal or State regulatory, permit, or other requirements, including to conduct surveys associated with applications for permits for new pipeline or pipeline systems construction or maintenance or rehabilitation of existing pipelines or pipeline systems; and

(B) activities relating to ensuring compliance with—

(i) parts 192 and 195 of title 49, Code of Federal Regulations; and

(ii) the requirements of any Federal, State, or local governmental or regulatory body, or industry best practice, pertaining to the construction, ownership, operation, maintenance, repair, or replacement of covered facilities;

(2) activities to inspect, repair, construct, maintain, or protect covered facilities, including for the purpose of responding to a pipeline, pipeline system, or electric energy infrastructure incident; and

(3) activities in response to or in preparation for a natural disaster, manmade disaster, severe weather event, or other incident beyond the control of the applicant that may cause material damage to a covered facility.

(c) DEFINITIONS.—In this section, the following definitions apply:

(1) COVERED FACILITY.—The term “covered facility” means—

(A) a pipeline or pipeline system;

(B) an electric energy generation, transmission, or distribution facility (including a renewable electric energy facility);

(C) an oil or gas production, refining, or processing facility; or

(D) any other critical infrastructure facility.

(2) CRITICAL INFRASTRUCTURE.—The term “critical infrastructure” has the meaning given that term in section 2339D of title 18, United States Code.

(d) DEADLINES.—

(1) CERTIFICATION TO CONGRESS.—Not later than 90 days after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a certification that a process has been established to facilitate applications for unmanned aircraft systems operations described in this section.

(2) FAILURE TO MEET CERTIFICATION DEADLINE.—If the Administrator cannot provide a certification under paragraph (1), the Administrator, not later than 180 days after the deadline specified in paragraph (1), shall update the process under section 333 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) to facilitate applications for unmanned aircraft systems operations described in this section.

(e) EXEMPTIONS.—In addition to the operations described in this section, the Administrator may authorize, exempt, or otherwise allow other unmanned aircraft systems operations under section 333 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) that are conducted beyond the visual line of sight of the individual operating the unmanned aircraft system or during the day or at night.

SEC. 2211. UNMANNED AIRCRAFT SYSTEMS RESEARCH AND DEVELOPMENT ROADMAP.

Section 332(a)(5) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) is amended—

(1) by inserting “, in coordination with the Administrator of the National Aeronautics and Space Administration (NASA) and relevant stakeholders, including those in industry and academia,” after “update”; and

(2) by inserting after “annually,” the following: “The roadmap shall include, at a minimum—

“(A) cost estimates, planned schedules, and performance benchmarks, including specific tasks, milestones, and timelines, for unmanned aircraft systems integration into the national airspace system, including an identification of—

“(i) the role of the unmanned aircraft systems test ranges established under subsection (c) and the Unmanned Aircraft Systems Center of Excellence;

“(ii) performance objectives for unmanned aircraft systems that operate in the national airspace system; and

“(iii) research and development priorities for tools that could assist air traffic controllers as unmanned aircraft systems are integrated into the national airspace system, as appropriate;

“(B) a description of how the Administration plans to use research and development, including research and development conducted through NASA’s Unmanned Aircraft Systems Traffic Management initiatives, to accommodate, integrate, and provide for the evolution of unmanned aircraft systems in the national airspace system;

“(C) an assessment of critical performance abilities necessary to integrate unmanned aircraft systems into the national airspace system, and how these performance abilities can be demonstrated; and

“(D) an update on the advancement of technologies needed to integrate unmanned

aircraft systems into the national airspace system, including decisionmaking by adaptive systems, such as sense-and-avoid capabilities and cyber physical systems security.”

SEC. 2212. UNMANNED AIRCRAFT SYSTEMS-MANNED AIRCRAFT COLLISION RESEARCH.

(a) RESEARCH.—The Administrator of the Federal Aviation Administration (in this section referred to as the “Administrator”), in continuation of ongoing work, shall coordinate with the Administrator of the National Aeronautics and Space Administration to develop a program to conduct comprehensive testing or modeling of unmanned aircraft systems colliding with various sized aircraft in various operational settings, as considered appropriate by the Administrator, including—

(1) collisions between unmanned aircraft systems of various sizes, traveling at various speeds, and jet aircraft of various sizes, traveling at various speeds;

(2) collisions between unmanned aircraft systems of various sizes, traveling at various speeds, and propeller-driven aircraft of various sizes, traveling at various speeds;

(3) collisions between unmanned aircraft systems of various sizes, traveling at various speeds, and rotorcraft of various sizes, traveling at various speeds; and

(4) collisions between unmanned aircraft systems and various parts of the aforementioned aircraft, including—

- (A) windshields;
- (B) noses;
- (C) engines;
- (D) radomes;
- (E) propellers; and
- (F) wings.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall transmit to the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report summarizing the costs and results of research under this section.

SEC. 2213. PROBABILISTIC METRICS RESEARCH AND DEVELOPMENT STUDY.

(a) STUDY.—Not later than 30 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall enter into an arrangement with the National Academies to study the potential use of probabilistic assessments of risks by the Administration to streamline the integration of unmanned aircraft systems into the national airspace system, including any research and development necessary.

(b) COMPLETION DATE.—Not later than 1 year after the date of enactment of this Act, the Administrator shall provide the results of the study to the Committee on Science, Space, and Technology and the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

Subtitle C—Time Sensitive Aviation Reforms

SEC. 2301. SMALL AIRPORT RELIEF FOR SAFETY PROJECTS.

Section 47114(c)(1)(F) of title 49, United States Code, is amended to read as follows:

“(F) SPECIAL RULE FOR FISCAL YEAR 2017.—Notwithstanding subparagraph (A), the Secretary shall apportion to a sponsor of an airport under that subparagraph for fiscal year 2017 an amount based on the number of passenger boardings at the airport during calendar year 2012 if the airport—

“(i) had 10,000 or more passenger boardings during calendar year 2012;

“(ii) had fewer than 10,000 passenger boardings during the calendar year used to calculate the apportionment for fiscal year 2017 under subparagraph (A); and

“(iii) had scheduled air service at any point during the calendar year used to calculate the apportionment for fiscal year 2017 under subparagraph (A).”

SEC. 2302. USE OF REVENUES AT PREVIOUSLY ASSOCIATED AIRPORT.

Section 40117 of title 49, United States Code, is amended by adding at the end the following:

“(n) USE OF REVENUES AT PREVIOUSLY ASSOCIATED AIRPORT.—Notwithstanding the requirements relating to airport control under subsection (b)(1), the Secretary may authorize use of a passenger facility charge under subsection (b) to finance an eligible airport-related project if—

“(1) the eligible agency seeking to impose the new charge controls an airport where a \$2.00 passenger facility charge became effective on January 1, 2013; and

“(2) the location of the project to be financed by the new charge is at an airport that was under the control of the same eligible agency that had controlled the airport described in paragraph (1).”

SEC. 2303. WORKING GROUP ON IMPROVING AIR SERVICE TO SMALL COMMUNITIES.

(a) IN GENERAL.—Not later than 120 days after the date of enactment of this Act, the Secretary of Transportation shall establish a working group—

(1) to identify obstacles to attracting and maintaining air transportation service to and from small communities; and

(2) to develop recommendations for maintaining and improving air transportation service to and from small communities.

(b) OUTREACH.—In carrying out subsection (a), the working group shall consult with—

(1) interested Governors;

(2) representatives of State and local agencies, and other officials and groups, representing rural States and other rural areas;

(3) other representatives of relevant State and local agencies; and

(4) members of the public with experience in aviation safety, pilot training, economic development, and related issues.

(c) CONSIDERATIONS.—In carrying out subsection (a), the working group shall—

(1) consider whether funding for, and the terms of, current or potential new programs are sufficient to help ensure continuation of or improvement to air transportation service to small communities, including the essential air service program and the small community air service development program;

(2) identify initiatives to help support pilot training and aviation safety to maintain air transportation service to small communities;

(3) consider whether Federal funding for airports serving small communities, including airports that have lost air transportation services or had decreased enplanements in recent years, is adequate to ensure that small communities have access to quality, affordable air transportation service;

(4) identify innovative State or local efforts that have established public-private partnerships that are successful in attracting and retaining air transportation service in small communities; and

(5) consider such other issues as the Secretary considers appropriate.

(d) COMPOSITION.—

(1) IN GENERAL.—The working group shall be facilitated through the Secretary or the Secretary’s designee.

(2) MEMBERSHIP.—Members of the working group shall be appointed by the Secretary and shall include representatives of—

(A) State and local government, including State and local aviation officials;

(B) State Governors;

(C) aviation safety experts;

(D) economic development officials; and

(E) the traveling public from small communities.

(e) REPORT AND RECOMMENDATIONS.—Not later than 1 year after the date of enactment of this Act, the Secretary shall submit to the appropriate committees of Congress a report, including—

(1) a summary of the views expressed by the participants in the outreach under subsection (b);

(2) a description of the working group’s findings, including the identification of any areas of general consensus among the non-Federal participants in the outreach under subsection (b); and

(3) any recommendations for legislative or regulatory action that would assist in maintaining and improving air transportation service to and from small communities.

SEC. 2304. COMPUTATION OF BASIC ANNUITY FOR CERTAIN AIR TRAFFIC CONTROLLERS.

(a) IN GENERAL.—Section 8415(f) of title 5, United States Code, is amended to read as follows:

“(f) The annuity of an air traffic controller or former air traffic controller retiring under section 8412(a) is computed under subsection (a), except that if the individual has at least 5 years of service in any combination as—

“(1) an air traffic controller as defined by section 2109(1)(A)(i);

“(2) a first level supervisor of an air traffic controller as defined by section 2109(1)(A)(i); or

“(3) a second level supervisor of an air traffic controller as defined by section 2109(1)(A)(i);

so much of the annuity as is computed with respect to such type of service shall be computed by multiplying 1 7/10 percent of the individual’s average pay by the years of such service.”

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall be deemed to be effective on December 12, 2003.

(c) PROCEDURES REQUIRED.—The Director of the Office of Personnel Management shall establish such procedures as are necessary to provide for—

(1) notification to each annuitant affected by the amendments made by this section;

(2) recalculation of the benefits of affected annuitants;

(3) an adjustment to applicable monthly benefit amounts pursuant to such recalculation, to begin as soon as is practicable; and

(4) a lump-sum payment to each affected annuitant equal to the additional total benefit amount that such annuitant would have received had the amendment made by subsection (a) been in effect on December 12, 2003.

SEC. 2305. REFUNDS FOR DELAYED BAGGAGE.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall issue final regulations to require an air carrier or foreign air carrier to promptly provide to a passenger an automated refund for any ancillary fees paid by the passenger for checked baggage if—

(1) the air carrier or foreign air carrier fails to deliver the checked baggage to the passenger—

(A) not later than 12 hours after the arrival of a domestic flight; or

(B) not later than 15 hours after the arrival of an international flight; and

(2) the passenger has notified the air carrier or foreign air carrier of the lost or delayed checked baggage.

(b) EXCEPTION.—If, as part of the rulemaking, the Secretary makes a determination on the record that a requirement under

subsection (a) is not feasible and would adversely affect consumers in certain cases, the Secretary may modify 1 or both of the deadlines specified in subsection (a)(1) for such cases, except that—

(1) the deadline relating to a domestic flight may not exceed 18 hours after the arrival of the domestic flight; and

(2) the deadline relating to an international flight may not exceed 30 hours after the arrival of the international flight.

SEC. 2306. CONTRACT WEATHER OBSERVERS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall submit to the appropriate committees of Congress a report, which includes public and stakeholder input—

(1) examining the safety risks, hazard effects, and efficiency and operational effects for airports, airlines, and other stakeholders that could result from a loss of contract weather observer service at the 57 airports targeted for the loss of the service;

(2) detailing how the Federal Aviation Administration will accurately report rapidly changing severe weather conditions at the airports, including thunderstorms, lightning, fog, visibility, smoke, dust, haze, cloud layers and ceilings, ice pellets, and freezing rain or drizzle, without contract weather observers;

(3) indicating how airports can comply with applicable Federal Aviation Administration orders governing weather observations given the current documented limitations of automated surface observing systems; and

(4) identifying the process through which the Federal Aviation Administration analyzed the safety hazards associated with the elimination of the contract weather observer program.

(b) CONTINUED USE OF CONTRACT WEATHER OBSERVERS.—The Administrator may not discontinue the contract weather observer program at any airport until October 1, 2017.

SEC. 2307. MEDICAL CERTIFICATION OF CERTAIN SMALL AIRCRAFT PILOTS.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue or revise regulations to ensure that an individual may operate as pilot in command of a covered aircraft if—

(1) the individual possesses a valid driver's license issued by a State, territory, or possession of the United States and complies with all medical requirements or restrictions associated with that license;

(2) the individual holds a medical certificate issued by the Federal Aviation Administration on the date of enactment of this Act, held such a certificate at any point during the 10-year period preceding such date of enactment, or obtains such a certificate after such date of enactment;

(3) the most recent medical certificate issued by the Federal Aviation Administration to the individual—

(A) indicates whether the certificate is first, second, or third class;

(B) may include authorization for special issuance;

(C) may be expired;

(D) cannot have been revoked or suspended; and

(E) cannot have been withdrawn;

(4) the most recent application for airman medical certification submitted to the Federal Aviation Administration by the individual cannot have been completed and denied;

(5) the individual has completed a medical education course described in subsection (c) during the 24 calendar months before acting as pilot in command of a covered aircraft

and demonstrates proof of completion of the course;

(6) the individual, when serving as a pilot in command, is under the care and treatment of a physician if the individual has been diagnosed with any medical condition that may impact the ability of the individual to fly;

(7) the individual has received a comprehensive medical examination from a State-licensed physician during the previous 48 months and—

(A) prior to the examination, the individual—

(i) completed the individual's section of the checklist described in subsection (b); and

(ii) provided the completed checklist to the physician performing the examination; and

(B) the physician conducted the comprehensive medical examination in accordance with the checklist described in subsection (b), checking each item specified during the examination and addressing, as medically appropriate, every medical condition listed, and any medications the individual is taking; and

(8) the individual is operating in accordance with the following conditions:

(A) The covered aircraft is carrying not more than 5 passengers.

(B) The individual is operating the covered aircraft under visual flight rules or instrument flight rules.

(C) The flight, including each portion of that flight, is not carried out—

(i) for compensation or hire, including that no passenger or property on the flight is being carried for compensation or hire;

(ii) at an altitude that is more than 18,000 feet above mean sea level;

(iii) outside the United States, unless authorized by the country in which the flight is conducted; or

(iv) at an indicated air speed exceeding 250 knots.

(b) COMPREHENSIVE MEDICAL EXAMINATION.—

(1) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator shall develop a checklist for an individual to complete and provide to the physician performing the comprehensive medical examination required in subsection (a)(7).

(2) REQUIREMENTS.—The checklist shall contain—

(A) a section, for the individual to complete that contains—

(i) boxes 3 through 13 and boxes 16 through 19 of the Federal Aviation Administration Form 8500-8 (3-99); and

(ii) a signature line for the individual to affirm that—

(I) the answers provided by the individual on that checklist, including the individual's answers regarding medical history, are true and complete;

(II) the individual understands that he or she is prohibited under Federal Aviation Administration regulations from acting as pilot in command, or any other capacity as a required flight crew member, if he or she knows or has reason to know of any medical deficiency or medically disqualifying condition that would make the individual unable to operate the aircraft in a safe manner; and

(III) the individual is aware of the regulations pertaining to the prohibition on operations during medical deficiency and has no medically disqualifying conditions in accordance with applicable law;

(B) a section with instructions for the individual to provide the completed checklist to the physician performing the comprehensive medical examination required in subsection (a)(7); and

(C) a section, for the physician to complete, that instructs the physician—

(i) to perform a clinical examination of—

(I) head, face, neck, and scalp;

(II) nose, sinuses, mouth, and throat;

(III) ears, general (internal and external canals), and eardrums (perforation);

(IV) eyes (general), ophthalmoscopic, pupils (equality and reaction), and ocular motility (associated parallel movement, nystagmus);

(V) lungs and chest (not including breast examination);

(VI) heart (precordial activity, rhythm, sounds, and murmurs);

(VII) vascular system (pulse, amplitude, and character, and arms, legs, and others);

(VIII) abdomen and viscera (including hernia);

(IX) anus (not including digital examination);

(X) skin;

(XI) G-U system (not including pelvic examination);

(XII) upper and lower extremities (strength and range of motion);

(XIII) spine and other musculoskeletal;

(XIV) identifying body marks, scars, and tattoos (size and location);

(XV) lymphatics;

(XVI) neurologic (tendon reflexes, equilibrium, senses, cranial nerves, and coordination, etc.);

(XVII) psychiatric (appearance, behavior, mood, communication, and memory);

(XVIII) general systemic;

(XIX) hearing;

(XX) vision (distant, near, and intermediate vision, field of vision, color vision, and ocular alignment);

(XXI) blood pressure and pulse; and

(XXII) anything else the physician, in his or her medical judgment, considers necessary;

(ii) to exercise medical discretion to address, as medically appropriate, any medical conditions identified, and to exercise medical discretion in determining whether any medical tests are warranted as part of the comprehensive medical examination;

(iii) to discuss all drugs the individual reports taking (prescription and nonprescription) and their potential to interfere with the safe operation of an aircraft or motor vehicle;

(iv) to sign the checklist, stating: "I certify that I discussed all items on this checklist with the individual during my examination, discussed any medications the individual is taking that could interfere with their ability to safely operate an aircraft or motor vehicle, and performed an examination that included all of the items on this checklist. I certify that I am not aware of any medical condition that, as presently treated, could interfere with the individual's ability to safely operate an aircraft."; and

(v) to provide the date the comprehensive medical examination was completed, and the physician's full name, address, telephone number, and State medical license number.

(3) LOGBOOK.—The completed checklist shall be retained in the individual's logbook and made available on request.

(c) MEDICAL EDUCATION COURSE REQUIREMENTS.—The medical education course described in this subsection shall—

(1) be available on the Internet free of charge;

(2) be developed and periodically updated in coordination with representatives of relevant nonprofit and not-for-profit general aviation stakeholder groups;

(3) educate pilots on conducting medical self-assessments;

(4) advise pilots on identifying warning signs of potential serious medical conditions;

(5) identify risk mitigation strategies for medical conditions;

(6) increase awareness of the impacts of potentially impairing over-the-counter and prescription drug medications;

(7) encourage regular medical examinations and consultations with primary care physicians;

(8) inform pilots of the regulations pertaining to the prohibition on operations during medical deficiency and medically disqualifying conditions;

(9) provide the checklist developed by the Federal Aviation Administration in accordance with subsection (b); and

(10) upon successful completion of the course, electronically provide to the individual and transmit to the Federal Aviation Administration—

(A) a certification of completion of the medical education course, which shall be printed and retained in the individual's logbook and made available upon request, and shall contain the individual's name, address, and airman certificate number;

(B) subject to subsection (d), a release authorizing the National Driver Register through a designated State Department of Motor Vehicles to furnish to the Federal Aviation Administration information pertaining to the individual's driving record;

(C) a certification by the individual that the individual is under the care and treatment of a physician if the individual has been diagnosed with any medical condition that may impact the ability of the individual to fly, as required under subsection (a)(6);

(D) a form that includes—

(i) the name, address, telephone number, and airman certificate number of the individual;

(ii) the name, address, telephone number, and State medical license number of the physician performing the comprehensive medical examination required in subsection (a)(7);

(iii) the date of the comprehensive medical examination required in subsection (a)(7); and

(iv) a certification by the individual that the checklist described in subsection (b) was followed and signed by the physician in the comprehensive medical examination required in subsection (a)(7); and

(E) a statement, which shall be printed, and signed by the individual certifying that the individual understands the existing prohibition on operations during medical deficiency by stating: "I understand that I cannot act as pilot in command, or any other capacity as a required flight crew member, if I know or have reason to know of any medical condition that would make me unable to operate the aircraft in a safe manner."

(d) NATIONAL DRIVER REGISTER.—The authorization under subsection (c)(10)(B) shall be an authorization for a single access to the information contained in the National Driver Register.

(e) SPECIAL ISSUANCE PROCESS.—

(1) IN GENERAL.—An individual who has qualified for the third-class medical certificate exemption under subsection (a) and is seeking to serve as a pilot in command of a covered aircraft shall be required to have completed the process for obtaining an Authorization for Special Issuance of a Medical Certificate for each of the following:

(A) A mental health disorder, limited to an established medical history or clinical diagnosis of—

(i) personality disorder that is severe enough to have repeatedly manifested itself by overt acts;

(ii) psychosis, defined as a case in which an individual—

(I) has manifested delusions, hallucinations, grossly bizarre or disorganized behavior, or other commonly accepted symptoms of psychosis; or

(II) may reasonably be expected to manifest delusions, hallucinations, grossly bizarre or disorganized behavior, or other commonly accepted symptoms of psychosis;

(iii) bipolar disorder; or

(iv) substance dependence within the previous 2 years, as defined in section 67.307(a)(4) of title 14, Code of Federal Regulations.

(B) A neurological disorder, limited to an established medical history or clinical diagnosis of any of the following:

(i) Epilepsy.

(ii) Disturbance of consciousness without satisfactory medical explanation of the cause.

(iii) A transient loss of control of nervous system functions without satisfactory medical explanation of the cause.

(C) A cardiovascular condition, limited to a one-time special issuance for each diagnosis of the following:

(i) Myocardial infarction.

(ii) Coronary heart disease that has required treatment.

(iii) Cardiac valve replacement.

(iv) Heart replacement.

(2) SPECIAL RULE FOR CARDIOVASCULAR CONDITIONS.—In the case of an individual with a cardiovascular condition, the process for obtaining an Authorization for Special Issuance of a Medical Certificate shall be satisfied with the successful completion of an appropriate clinical evaluation without a mandatory wait period.

(3) SPECIAL RULE FOR MENTAL HEALTH CONDITIONS.—

(A) IN GENERAL.—In the case of an individual with a clinically diagnosed mental health condition, the third-class medical certificate exemption under subsection (a) shall not apply if—

(i) in the judgment of the individual's State-licensed medical specialist, the condition—

(I) renders the individual unable to safely perform the duties or exercise the airman privileges described in subsection (a)(8); or

(II) may reasonably be expected to make the individual unable to perform the duties or exercise the privileges described in subsection (a)(8); or

(ii) the individual's driver's license is revoked by the issuing agency as a result of a clinically diagnosed mental health condition.

(B) CERTIFICATION.—Subject to subparagraph (A), an individual clinically diagnosed with a mental health condition shall certify every 2 years, in conjunction with the certification under subsection (c)(10)(C), that the individual is under the care of a State-licensed medical specialist for that mental health condition.

(4) SPECIAL RULE FOR NEUROLOGICAL CONDITIONS.—

(A) IN GENERAL.—In the case of an individual with a clinically diagnosed neurological condition, the third-class medical certificate exemption under subsection (a) shall not apply if—

(i) in the judgment of the individual's State-licensed medical specialist, the condition—

(I) renders the individual unable to safely perform the duties or exercise the airman privileges described in subsection (a)(8); or

(II) may reasonably be expected to make the individual unable to perform the duties or exercise the privileges described in subsection (a)(8); or

(ii) the individual's driver's license is revoked by the issuing agency as a result of a clinically diagnosed neurological condition.

(B) CERTIFICATION.—Subject to subparagraph (A), an individual clinically diagnosed with a neurological condition shall certify every 2 years, in conjunction with the cer-

tification under subsection (c)(10)(C), that the individual is under the care of a State-licensed medical specialist for that neurological condition.

(f) IDENTIFICATION OF ADDITIONAL MEDICAL CONDITIONS FOR CACI PROGRAM.—

(1) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator shall review and identify additional medical conditions that could be added to the program known as the Conditions AMEs Can Issue (CACI) program.

(2) CONSULTATIONS.—In carrying out paragraph (1), the Administrator shall consult with aviation, medical, and union stakeholders.

(3) REPORT REQUIRED.—Not later than 180 days after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report listing the medical conditions that have been added to the CACI program under paragraph (1).

(g) EXPEDITED AUTHORIZATION FOR SPECIAL ISSUANCE OF A MEDICAL CERTIFICATE.—

(1) IN GENERAL.—The Administrator shall implement procedures to expedite the process for obtaining an Authorization for Special Issuance of a Medical Certificate under section 67.401 of title 14, Code of Federal Regulations.

(2) CONSULTATIONS.—In carrying out paragraph (1), the Administrator shall consult with aviation, medical, and union stakeholders.

(3) REPORT REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report describing how the procedures implemented under paragraph (1) will streamline the process for obtaining an Authorization for Special Issuance of a Medical Certificate and reduce the amount of time needed to review and decide special issuance cases.

(h) REPORT REQUIRED.—Not later than 5 years after the date of enactment of this Act, the Administrator, in coordination with the National Transportation Safety Board, shall submit to the appropriate committees of Congress a report that describes the effect of the regulations issued or revised under subsection (a) and includes statistics with respect to changes in small aircraft activity and safety incidents.

(i) PROHIBITION ON ENFORCEMENT ACTIONS.—Beginning on the date that is 1 year after the date of enactment of this Act, the Administrator may not take an enforcement action for not holding a valid third-class medical certificate against a pilot of a covered aircraft for a flight if the pilot and the flight meet, through a good faith effort, the applicable requirements under subsection (a), except paragraph (5) of that subsection, unless the Administrator has published final regulations in the Federal Register under that subsection.

(j) COVERED AIRCRAFT DEFINED.—In this section, the term "covered aircraft" means an aircraft that—

(1) is authorized under Federal law to carry not more than 6 occupants; and

(2) has a maximum certificated takeoff weight of not more than 6,000 pounds.

(k) OPERATIONS COVERED.—The provisions and requirements covered in this section do not apply to pilots who elect to operate under the medical requirements under subsection (b) or subsection (c) of section 61.23 of title 14, Code of Federal Regulations.

(l) AUTHORITY TO REQUIRE ADDITIONAL INFORMATION.—

(1) IN GENERAL.—If the Administrator receives credible or urgent information, including from the National Driver Register or the Administrator's Safety Hotline, that reflects on an individual's ability to safely operate a covered aircraft under the third-class

medical certificate exemption in subsection (a), the Administrator may require the individual to provide additional information or history so that the Administrator may determine whether the individual is safe to continue operating a covered aircraft.

(2) USE OF INFORMATION.—The Administrator may use credible or urgent information received under paragraph (1) to request an individual to provide additional information or to take actions under section 44709(b) of title 49, United States Code.

SEC. 2308. TARMAC DELAYS.

(a) DEPLANING FOLLOWING EXCESSIVE TARMAC DELAY.—Section 42301(b)(3) of title 49, United States Code, is amended—

(1) by redesignating subparagraph (C) as subparagraph (D);

(2) by inserting after subparagraph (B) the following:

“(C) In providing the option described in subparagraph (A), the air carrier shall begin to return the aircraft to a suitable disembarkation point—

“(i) in the case of a flight in interstate air transportation, not later than 3 hours after the main aircraft door is closed in preparation for departure; and

“(ii) in the case of a flight in foreign air transportation, not later than 4 hours after the main aircraft door is closed in preparation for departure.”; and

(3) in subparagraph (D) (as redesignated by paragraph (1) of this subsection) by striking “subparagraphs (A) and (B)” and inserting “subparagraphs (A), (B), and (C)”.

(b) EXCESSIVE TARMAC DELAY DEFINED.—Section 42301(i)(4) of title 49, United States Code, is amended to read as follows:

“(4) EXCESSIVE TARMAC DELAY.—The term ‘excessive tarmac delay’ means a tarmac delay of more than—

“(A) 3 hours for a flight in interstate air transportation; or

“(B) 4 hours for a flight in foreign air transportation.”.

(c) REGULATIONS.—Not later than 90 days after the date of enactment of this section, the Secretary of Transportation shall issue regulations and take other actions necessary to carry out the amendments made by this section.

SEC. 2309. FAMILY SEATING.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall review and, if appropriate, establish a policy directing all air carriers providing scheduled passenger interstate or intrastate air transportation to establish policies that enable a child, who is age 13 or under on the date an applicable flight is scheduled to occur, to be seated in a seat adjacent to the seat of an accompanying family member over the age of 13, to the maximum extent practicable and at no additional cost, except when assignment to an adjacent seat would require an upgrade to another cabin class or a seat with extra legroom or seat pitch for which additional payment is normally required.

(b) EFFECT ON AIRLINE BOARDING AND SEATING POLICIES.—When considering any new policy under this section, the Secretary shall consider the traditional seating and boarding policies of air carriers providing scheduled passenger interstate or intrastate air transportation and whether those policies generally allow families to sit together.

(c) STATUTORY CONSTRUCTION.—Notwithstanding the requirement in subsection (a), nothing in this section may be construed to allow the Secretary to impose a significant change in the overall seating or boarding policy of an air carrier providing scheduled passenger interstate or intrastate air transportation that has an open or flexible seating policy in place that generally allows ad-

acent family seating as described in subsection (a).

TITLE III—AVIATION SECURITY

SEC. 3001. SHORT TITLE.

This title may be cited as the “Aviation Security Act of 2016”.

SEC. 3002. DEFINITIONS.

In this title:

(1) ADMINISTRATOR.—The term “Administrator” means the Administrator of the Transportation Security Administration.

(2) DEPARTMENT.—The term “Department” means the Department of Homeland Security.

(3) PRECHECK PROGRAM.—The term “PreCheck Program” means the trusted traveler program implemented by the Transportation Security Administration under section 109(a)(3) of the Aviation and Transportation Security Act (Public Law 107-71; 49 U.S.C. 114 note).

(4) TSA.—The term “TSA” means the Transportation Security Administration.

Subtitle A—TSA PreCheck Expansion

SEC. 3101. PRECHECK PROGRAM AUTHORIZATION.

The Administrator shall continue to administer the PreCheck Program.

SEC. 3102. PRECHECK PROGRAM ENROLLMENT EXPANSION.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator shall publish PreCheck Program enrollment standards that add multiple private sector application capabilities for the PreCheck Program to increase the public’s enrollment access to the program, including standards that allow the use of secure technologies, including online enrollment, kiosks, tablets, or staffed laptop stations at which individuals can apply for entry into the program.

(b) REQUIREMENTS.—Upon publication of the PreCheck Program enrollment standards under subsection (a), the Administrator shall—

(1) coordinate with interested parties—

(A) to deploy TSA-approved ready-to-market private sector solutions that meet the PreCheck Program enrollment standards under such subsection;

(B) to make available additional PreCheck Program enrollment capabilities; and

(C) to offer secure online and mobile enrollment opportunities;

(2) partner with the private sector to collect biographic and biometric identification information via kiosks, mobile devices, or other mobile enrollment platforms to increase enrollment flexibility and minimize the amount of travel to enrollment centers for applicants;

(3) ensure that any information, including biographic information, is collected in a manner that—

(A) is comparable with the appropriate and applicable standards developed by the National Institute of Standards and Technology; and

(B) protects privacy and data security, including that any personally identifiable information is collected, retained, used, and shared in a manner consistent with section 552a of title 5, United States Code (commonly known as “Privacy Act of 1974”), and with agency regulations;

(4) ensure that the enrollment process is streamlined and flexible to allow an individual to provide additional information to complete enrollment and verify identity;

(5) ensure that any enrollment expansion using a private sector risk assessment instead of a fingerprint-based criminal history records check is evaluated and certified by the Secretary of Homeland Security, and verified by the Government Accountability

Office or a federally funded research and development center after award to be equivalent to a fingerprint-based criminal history records check conducted through the Federal Bureau of Investigation with respect to the effectiveness of identifying individuals who are not qualified to participate in the PreCheck Program due to disqualifying criminal history; and

(6) ensure that the Secretary has certified that reasonable procedures are in place with regard to the accuracy, relevancy, and proper utilization of information employed in private sector risk assessments.

(c) MARKETING OF PRECHECK PROGRAM.—Upon publication of PreCheck Program enrollment standards under subsection (a), the Administrator shall—

(1) in accordance with such standards, develop and implement—

(A) a continual process, including an associated timeframe, for approving private sector marketing of the PreCheck Program; and

(B) a long-term strategy for partnering with the private sector to encourage enrollment in such program;

(2) submit to Congress, at the end of each fiscal year, a report on any PreCheck Program application fees collected in excess of the costs of administering the program, including to assess the feasibility of the program, for such fiscal year, and recommendations for using such fees to support marketing of the program.

(d) IDENTITY VERIFICATION ENHANCEMENT.—Not later than 120 days after the date of enactment of this Act, the Administrator shall—

(1) coordinate with the heads of appropriate components of the Department to leverage Department-held data and technologies to verify the citizenship of individuals enrolling in the PreCheck Program;

(2) partner with the private sector to use biometrics and authentication standards, such as relevant standards developed by the National Institute of Standards and Technology, to facilitate enrollment in the program; and

(3) consider leveraging the existing resources and abilities of airports to conduct fingerprint and background checks to expedite identity verification.

(e) PRECHECK PROGRAM LANES OPERATION.—The Administrator shall—

(1) ensure that PreCheck Program screening lanes are open and available during peak and high-volume travel times at appropriate airports to individuals enrolled in the PreCheck Program; and

(2) make every practicable effort to provide expedited screening at standard screening lanes during times when PreCheck Program screening lanes are closed to individuals enrolled in the program in order to maintain operational efficiency.

(f) VETTING FOR PRECHECK PROGRAM PARTICIPANTS.—Not later than 90 days after the date of enactment of this Act, the Administrator shall initiate an assessment to identify any security vulnerabilities in the vetting process for the PreCheck Program, including determining whether subjecting PreCheck Program participants to recurrent fingerprint-based criminal history records checks, in addition to recurrent checks against the terrorist watchlist, could be done in a cost-effective manner to strengthen the security of the PreCheck Program.

Subtitle B—Securing Aviation From Foreign Entry Points and Guarding Airports Through Enhanced Security

SEC. 3201. LAST POINT OF DEPARTURE AIRPORT SECURITY ASSESSMENT.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator shall conduct a comprehensive security risk assessment of all last point

of departure airports with nonstop flights to the United States.

(b) **CONTENTS.**—The security risk assessment required under subsection (a) shall include consideration of the following:

(1) The level of coordination and cooperation between the TSA and the foreign government of the country in which the last point of departure airport with nonstop flights to the United States is located.

(2) The intelligence and threat mitigation capabilities of the country in which such airport is located.

(3) The number of known or suspected terrorists annually transiting through such airport.

(4) The degree to which the foreign government of the country in which such airport is located mandates, encourages, or prohibits the collection, analysis, and sharing of passenger name records.

(5) The passenger security screening practices, capabilities, and capacity of such airport.

(6) The security vetting undergone by aviation workers at such airport.

(7) The access controls utilized by such airport to limit to authorized personnel access to secure and sterile areas of such airports.

SEC. 3202. SECURITY COORDINATION ENHANCEMENT PLAN.

(a) **IN GENERAL.**—Not later than 240 days after the date of enactment of this Act, the Administrator shall submit to Congress and the Government Accountability Office a plan—

(1) to enhance and bolster security collaboration, coordination, and information sharing relating to securing international-inbound aviation between the United States and domestic and foreign partners, including U.S. Customs and Border Protection, foreign government entities, passenger air carriers, cargo air carriers, and United States Government entities, in order to enhance security capabilities at foreign airports, including airports that may not have nonstop flights to the United States but are nonetheless determined by the Administrator to be high risk; and

(2) that includes an assessment of the ability of the TSA to enter into a mutual agreement with a foreign government entity that permits TSA representatives to conduct without prior notice inspections of foreign airports.

(b) **GAO REVIEW.**—Not later than 180 days after the submission of the plan required under subsection (a), the Comptroller General of the United States shall review the efforts, capabilities, and effectiveness of the TSA to enhance security capabilities at foreign airports and determine if the implementation of such efforts and capabilities effectively secures international-inbound aviation.

SEC. 3203. WORKFORCE ASSESSMENT.

Not later than 270 days after the date of enactment of this Act, the Administrator shall submit to Congress a comprehensive workforce assessment of all TSA personnel within the Office of Global Strategies of the TSA or whose primary professional duties contribute to the TSA's global efforts to secure transportation security, including a review of whether such personnel are assigned in a risk-based, intelligence-driven manner.

SEC. 3204. DONATION OF SCREENING EQUIPMENT TO PROTECT THE UNITED STATES.

(a) **IN GENERAL.**—The Administrator is authorized to donate security screening equipment to a foreign last point of departure airport operator if such equipment can be reasonably expected to mitigate a specific vulnerability to the security of the United States or United States citizens.

(b) **REPORT.**—Not later than 30 days before any donation of security screening equip-

ment pursuant to subsection (a), the Administrator shall provide to the Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Governmental Affairs and the Committee on Commerce, Science, and Transportation of the Senate a detailed written explanation of the following:

(1) The specific vulnerability to the United States or United States citizens that will be mitigated by such donation.

(2) An explanation as to why the recipient of such donation is unable or unwilling to purchase security screening equipment to mitigate such vulnerability.

(3) An evacuation plan for sensitive technologies in case of emergency or instability in the country to which such donation is being made.

(4) How the Administrator will ensure the security screening equipment that is being donated is used and maintained over the course of its life by the recipient.

(5) The total dollar value of such donation.

SEC. 3205. NATIONAL CARGO SECURITY PROGRAM.

(a) **IN GENERAL.**—The Administrator may evaluate foreign countries' air cargo security programs to determine whether such programs provide a level of security commensurate with the level of security required by United States air cargo security programs.

(b) **APPROVAL AND RECOGNITION.**—

(1) **IN GENERAL.**—If the Administrator determines that a foreign country's air cargo security program evaluated under subsection (a) provides a level of security commensurate with the level of security required by United States air cargo security programs, the Administrator shall approve and officially recognize such foreign country's air cargo security program.

(2) **EFFECT OF APPROVAL AND RECOGNITION.**—If the Administrator approves and officially recognizes pursuant to paragraph (1) a foreign country's air cargo security program, an aircraft transporting cargo that is departing such foreign country shall not be required to adhere to United States air cargo security programs that would otherwise be applicable.

(c) **REVOCATION AND SUSPENSION.**—

(1) **IN GENERAL.**—If the Administrator determines at any time that a foreign country's air cargo security program approved and officially recognized under subsection (b) no longer provides a level of security commensurate with the level of security required by United States air cargo security programs, the Administrator may revoke or temporarily suspend such approval and official recognition until such time as the Administrator determines that such foreign country's cargo security programs provide a level of security commensurate with the level of security required by such United States air cargo security programs.

(2) **NOTIFICATION.**—If the Administrator revokes or suspends pursuant to paragraph (1) a foreign country's air cargo security program, the Administrator shall notify the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate not later than 30 days after such revocation or suspension.

(d) **APPLICATION.**—This section shall apply irrespective of whether cargo is transported on an aircraft of an air carrier, a foreign air carrier, a cargo carrier, or a foreign cargo carrier.

SEC. 3206. INTERNATIONAL TRAINING AND CAPACITY DEVELOPMENT.

(a) **IN GENERAL.**—The Administrator shall establish an international training and capacity development program to train the appropriate authorities of foreign governments in air transportation security.

(b) **CONTENTS OF TRAINING.**—If the Administrator determines that a foreign government would benefit from training and capacity development assistance pursuant to subsection (a), the Administrator may provide to the appropriate authorities of such foreign government technical assistance and training programs to strengthen aviation security in managerial, operational, and technical areas, including—

(1) active shooter scenarios;

(2) incident response;

(3) use of canines;

(4) mitigation of insider threats;

(5) perimeter security;

(6) operation and maintenance of security screening technology; and

(7) recurrent related training and exercises.

Subtitle C—Checkpoint Optimization and Efficiency

SEC. 3301. SENSE OF CONGRESS.

It is the sense of Congress that airport checkpoint wait times should not take priority over the security of the aviation system of the United States.

SEC. 3302. ENHANCED STAFFING ALLOCATION MODEL.

(a) **IN GENERAL.**—Not later than 30 days after the date of the enactment of this Act, the Administrator shall complete an assessment of the TSA's staffing allocation model to determine the necessary staffing positions at all airports in the United States at which the TSA operates passenger checkpoints.

(b) **APPROPRIATE STAFFING.**—The staffing allocation model described in subsection (a) shall be based on necessary staffing levels to maintain minimal passenger wait times and maximum security effectiveness.

(c) **ADDITIONAL RESOURCES.**—In assessing necessary staffing for minimal passenger wait times and maximum security effectiveness referred to in subsection (b), the Administrator shall include the use of canine explosives detection teams and technology to assist screeners conducting security checks.

(d) **TRANSPARENCY.**—The Administrator shall share with aviation security stakeholders the staffing allocation model described in subsection (a), as appropriate.

(e) **EXCHANGE OF INFORMATION.**—The Administrator shall require each Federal Security Director to engage on a regular basis with the appropriate aviation security stakeholders to exchange information regarding airport operations, including security operations.

(f) **GAO REVIEW.**—Not later than 180 days after the date of the enactment of this Act, the Comptroller General of the United States shall review the staffing allocation model described in subsection (a) and report to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the results of such review.

SEC. 3303. EFFECTIVE UTILIZATION OF STAFFING RESOURCES.

(a) **IN GENERAL.**—To the greatest extent practicable, the Administrator shall direct that Transportation Security Officers with appropriate certifications and training are assigned to passenger and baggage security screening functions and that other TSA personnel who may not have certification and training to screen passengers or baggage are utilized for tasks not directly related to security screening, including restocking bins and providing instructions and support to passengers in security lines.

(b) **ASSESSMENT AND REASSIGNMENT.**—The Administrator shall conduct an assessment of headquarters personnel and reassign appropriate personnel to assist with airport security screening activities on a permanent or temporary basis, as appropriate.

SEC. 3304. TSA STAFFING AND RESOURCE ALLOCATION.

(a) IN GENERAL.—Not later than 30 days after the date of the enactment of this Act, the Administrator shall take the following actions:

(1) Utilize the TSA's Behavior Detection Officers for passenger and baggage security screening, including the verification of traveler documents, particularly at designated PreCheck Program lanes to ensure that such lanes are operational for use and maximum efficiency.

(2) Make every practicable effort to grant additional flexibility and authority to Federal Security Directors in matters related to checkpoint and checked baggage staffing allocation and employee overtime in furtherance of maintaining minimal passenger wait times and maximum security effectiveness.

(3) Disseminate to aviation security stakeholders and appropriate TSA personnel a list of checkpoint optimization best practices.

(4) Request the Aviation Security Advisory Committee (established pursuant to section 44946 of title 49, United States Code) provide recommendations on best practices for checkpoint security operations optimization.

(b) STAFFING ADVISORY COORDINATION.—Not later than 30 days after the date of the enactment of this Act, the Administrator shall—

(1) direct each Federal Security Director to coordinate local representatives of aviation security stakeholders to establish a staffing advisory working group at each airport at which the TSA oversees or performs passenger security screening to provide recommendations to the Administrator on Transportation Security Officer staffing numbers, for each such airport; and

(2) certify to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate that such staffing advisory working groups have been established.

(c) REPORTING.—Not later than 60 days after the date of the enactment of this Act, the Administrator shall—

(1) report to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate regarding how the TSA's Passenger Screening Canine assets may be deployed and utilized for maximum efficiency to mitigate risk and optimize checkpoint operations; and

(2) report to the Committee on Homeland Security of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate on the status of the TSA's Credential Authentication Technology Assessment program and how deployment of such program might optimize checkpoint operations.

SEC. 3305. AVIATION SECURITY STAKEHOLDERS DEFINED.

For purposes of this subtitle, the term "aviation security stakeholders" shall mean, at a minimum, air carriers, airport operators, and labor organizations representing Transportation Security Officers or, where applicable, contract screeners.

SEC. 3306. RULE OF CONSTRUCTION.

Nothing in this subtitle may be construed as authorizing or directing the Administrator to prioritize reducing wait times over security effectiveness.

Subtitle D—Aviation Security Enhancement and Oversight**SEC. 3401. DEFINITIONS.**

In this subtitle:

(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term "appropriate congressional committees" means—

(A) the Committee on Homeland Security of the House of Representatives;

(B) the Committee on Homeland Security and Governmental Affairs of the Senate; and

(C) the Committee on Commerce, Science, and Transportation of the Senate.

(2) ASAC.—The term "ASAC" means the Aviation Security Advisory Committee established under section 44946 of title 49, United States Code.

(3) SECRETARY.—The term "Secretary" means the Secretary of Homeland Security.

(4) SIDA.—The term "SIDA" means the Secure Identification Display Area as such term is defined in section 1540.5 of title 49, Code of Federal Regulations, or any successor regulation to such section.

SEC. 3402. THREAT ASSESSMENT.

(a) INSIDER THREATS.—

(1) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act, the Administrator shall conduct or update an assessment to determine the level of risk posed to the domestic air transportation system by individuals with unescorted access to a secure area of an airport (as such term is defined in section 44903(j)(2)(H)) in light of recent international terrorist activity.

(2) CONSIDERATIONS.—In conducting or updating the assessment under paragraph (1), the Administrator shall consider—

(A) domestic intelligence;

(B) international intelligence;

(C) the vulnerabilities associated with unescorted access authority granted to domestic airport operators and air carriers, and their workers;

(D) the vulnerabilities associated with unescorted access authority granted to foreign airport operators and air carriers, and their workers;

(E) the processes and practices designed to mitigate the vulnerabilities associated with unescorted access privileges granted to airport operators and air carriers, and their workers;

(F) the recent security breaches at domestic and foreign airports; and

(G) the recent security improvements at domestic airports, including the implementation of recommendations made by relevant advisory committees, including the ASAC.

(b) REPORTS.—The Administrator shall submit to the appropriate congressional committees—

(1) a report on the results of the assessment under subsection (a), including any recommendations for improving aviation security;

(2) a report on the implementation status of any recommendations made by the ASAC; and

(3) regular updates about the insider threat environment as new information becomes available or as needed.

SEC. 3403. OVERSIGHT.

(a) ENHANCED REQUIREMENTS.—

(1) IN GENERAL.—Subject to public notice and comment, and in consultation with airport operators, the Administrator shall update the rules on access controls issued by the Secretary under chapter 449 of title 49, United States Code.

(2) CONSIDERATIONS.—As part of the update under paragraph (1), the Administrator shall consider—

(A) increased fines and advanced oversight for airport operators that report missing more than five percent of credentials for unescorted access to any SIDA of an airport;

(B) best practices for Category X airport operators that report missing more than three percent of credentials for unescorted access to any SIDA of an airport;

(C) additional audits and status checks for airport operators that report missing more than three percent of credentials for unescorted access to any SIDA of an airport;

(D) review and analysis of the prior five years of audits for airport operators that re-

port missing more than three percent of credentials for unescorted access to any SIDA of an airport;

(E) increased fines and direct enforcement requirements for both airport workers and their employers that fail to report within 24 hours an employment termination or a missing credential for unescorted access to any SIDA of an airport; and

(F) a method for termination by the employer of any airport worker who fails to report in a timely manner missing credentials for unescorted access to any SIDA of an airport.

(b) TEMPORARY CREDENTIALS.—The Administrator may encourage the issuance by airports and aircraft operators of free, one-time, 24-hour temporary credentials for workers who have reported, in a timely manner, their credentials missing, but not permanently lost, stolen, or destroyed, until replacement of credentials under section 1542.211 of title 49 Code of Federal Regulations is necessary.

(c) NOTIFICATION AND REPORT TO CONGRESS.—The Administrator shall—

(1) notify the appropriate congressional committees each time an airport operator reports that more than three percent of credentials for unescorted access to any SIDA at a Category X airport are missing, or more than five percent of credentials to access any SIDA at any other airport are missing; and

(2) submit to the appropriate congressional committees an annual report on the number of violations and fines related to unescorted access to the SIDA of an airport collected in the preceding fiscal year.

SEC. 3404. CREDENTIALS.

(a) LAWFUL STATUS.—Not later than 90 days after the date of the enactment of this Act, the Administrator shall issue to airport operators guidance regarding placement of an expiration date on each airport credential issued to a non-United States citizen that is not longer than the period of time during which such non-United States citizen is lawfully authorized to work in the United States.

(b) REVIEW OF PROCEDURES.—

(1) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act, the Administrator shall—

(A) issue guidance for transportation security inspectors to annually review the procedures of airport operators and air carriers for applicants seeking unescorted access to any SIDA of an airport; and

(B) make available to airport operators and air carriers information on identifying suspicious or fraudulent identification materials.

(2) INCLUSIONS.—The guidance issued pursuant to paragraph (1) shall require a comprehensive review of background checks and employment authorization documents issued by United States Citizenship and Immigration Services during the course of a review of procedures under such paragraph.

SEC. 3405. VETTING.

(a) ELIGIBILITY REQUIREMENTS.—

(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, and subject to public notice and comment, the Administrator shall revise the regulations issued under section 44936 of title 49, United States Code, in accordance with this section and current knowledge of insider threats and intelligence under section 3502, to enhance the eligibility requirements and disqualifying criminal offenses for individuals seeking or having unescorted access to any SIDA of an airport.

(2) DISQUALIFYING CRIMINAL OFFENSES.—In revising the regulations under paragraph (1), the Administrator shall consider adding to the list of disqualifying criminal offenses

and criteria the offenses and criteria listed in section 122.183(a)(4) of title 19, Code of Federal Regulations and section 1572.103 of title 49, Code of Federal Regulations.

(3) **WAIVER PROCESS FOR DENIED CREDENTIALS.**—Notwithstanding section 44936(b) of title 49, United States Code, in revising the regulations under paragraph (1) of this subsection, the Administrator shall—

(A) ensure there exists or is developed a waiver process for approving the issuance of credentials for unescorted access to any SIDA of an airport for an individual found to be otherwise ineligible for such credentials; and

(B) consider, as appropriate and practicable—

(i) the circumstances of any disqualifying act or offense, restitution made by the individual, Federal and State mitigation remedies, and other factors from which it may be concluded that the individual does not pose a terrorism risk or a risk to aviation security warranting denial of the credential; and

(ii) the elements of the appeals and waiver process established under section 70105(c) of title 46, United States Code.

(4) **LOOK BACK.**—In revising the regulations under paragraph (1), the Administrator shall propose that an individual be disqualified if the individual was convicted, or found not guilty by reason of insanity, of a disqualifying criminal offense within 15 years before the date of an individual's application, or if the individual was incarcerated for such crime and released from incarceration within five years before the date of the individual's application.

(5) **CERTIFICATIONS.**—The Administrator shall require an airport or aircraft operator, as applicable, to certify for each individual who receives unescorted access to any SIDA of an airport that—

(A) a specific need exists for providing the individual with unescorted access authority; and

(B) the individual has certified to the airport or aircraft operator that the individual understands the requirements for possessing a SIDA badge.

(6) **REPORT TO CONGRESS.**—Not later than 90 days after the date of the enactment of this Act, the Administrator shall submit to the appropriate congressional committees a report on the status of the revision to the regulations issued under section 44936 of title 49, United States Code, in accordance with this section.

(7) **RULE OF CONSTRUCTION.**—Nothing in this subsection may be construed to affect existing aviation worker vetting fees imposed by the TSA.

(b) **RECURRENT VETTING.**—

(1) **IN GENERAL.**—Not later than 90 days after the date of the enactment of this Act, the Administrator and the Director of the Federal Bureau of Investigation shall fully implement the Rap Back service for recurrent vetting of eligible TSA-regulated populations of individuals with unescorted access to any SIDA of an airport.

(2) **REQUIREMENTS.**—As part of the requirement in paragraph (1), the Administrator shall ensure that—

(A) any status notifications the TSA receives through the Rap Back service about criminal offenses be limited to only disqualifying criminal offenses in accordance with the regulations promulgated by the TSA under section 44903 of title 49, United States Code, or other Federal law; and

(B) any information received by the Administration through the Rap Back service is provided directly and immediately to the relevant airport and aircraft operators.

(3) **REPORT TO CONGRESS.**—Not later than 30 days after implementation of the Rap Back

service described in paragraph (1), the Administrator shall submit to the appropriate congressional committees a report on the such implementation.

(c) **ACCESS TO TERRORISM-RELATED DATA.**—Not later than 30 days after the date of the enactment of this Act, the Administrator and the Director of National Intelligence shall coordinate to ensure that the Administrator is authorized to receive automated, real-time access to additional Terrorist Identities Datamart Environment (TIDE) data and any other terrorism-related category codes to improve the effectiveness of the TSA's credential vetting program for individuals who are seeking or have unescorted access to any SIDA of an airport.

(d) **ACCESS TO E-VERIFY AND SAVE PROGRAMS.**—Not later than 90 days after the date of the enactment of this Act, the Secretary shall authorize each airport operator to have direct access to the E-Verify program and the Systematic Alien Verification for Entitlements (SAVE) automated system to determine the eligibility of individuals seeking unescorted access to any SIDA of an airport.

SEC. 3406. METRICS.

(a) **IN GENERAL.**—Not later than one year after the date of the enactment of this Act, the Administrator shall develop and implement performance metrics to measure the effectiveness of security for the SIDAs of airports.

(b) **CONSIDERATIONS.**—In developing the performance metrics under subsection (a), the Administrator may consider—

(1) adherence to access point procedures;

(2) proper use of credentials;

(3) differences in access point requirements between airport workers performing functions on the airside of an airport and airport workers performing functions in other areas of an airport;

(4) differences in access point characteristics and requirements at airports; and

(5) any additional factors the Administrator considers necessary to measure performance.

SEC. 3407. INSPECTIONS AND ASSESSMENTS.

(a) **MODEL AND BEST PRACTICES.**—Not later than 180 days after the date of the enactment of this Act, the Administrator, in consultation with the ASAC, shall develop a model and best practices for unescorted access security that—

(1) use intelligence, scientific algorithms, and risk-based factors;

(2) ensure integrity, accountability, and control;

(3) subject airport workers to random physical security inspections conducted by TSA representatives in accordance with this section;

(4) appropriately manage the number of SIDA access points to improve supervision of and reduce unauthorized access to SIDAs; and

(5) include validation of identification materials, such as with biometrics.

(b) **INSPECTIONS.**—Consistent with a risk-based security approach, the Administrator shall expand the use of transportation security officers and inspectors to conduct enhanced, random and unpredictable, data-driven, and operationally dynamic physical inspections of airport workers in each SIDA of an airport and at each SIDA access point to—

(1) verify the credentials of such airport workers;

(2) determine whether such airport workers possess prohibited items, except for those items that may be necessary for the performance of such airport workers' duties, as appropriate, in any SIDA of an airport; and

(3) verify whether such airport workers are following appropriate procedures to access any SIDA of an airport.

(c) **SCREENING REVIEW.**—

(1) **IN GENERAL.**—The Administrator shall conduct a review of airports that have implemented additional airport worker screening or perimeter security to improve airport security, including—

(A) comprehensive airport worker screening at access points to secure areas;

(B) comprehensive perimeter screening, including vehicles;

(C) enhanced fencing or perimeter sensors; and

(D) any additional airport worker screening or perimeter security measures the Administrator identifies.

(2) **BEST PRACTICES.**—After completing the review under paragraph (1), the Administrator shall—

(A) identify best practices for additional access control and airport worker security at airports; and

(B) disseminate to airport operators the best practices identified under subparagraph (A).

(3) **PILOT PROGRAM.**—The Administrator may conduct a pilot program at one or more airports to test and validate best practices for comprehensive airport worker screening or perimeter security under paragraph (2).

SEC. 3408. COVERT TESTING.

(a) **IN GENERAL.**—The Administrator shall increase the use of red-team, covert testing of access controls to any secure areas of an airport.

(b) **ADDITIONAL COVERT TESTING.**—The Inspector General of the Department of Homeland Security shall conduct red-team, covert testing of airport access controls to the SIDAs of airports.

(c) **REPORTS TO CONGRESS.**—

(1) **ADMINISTRATOR REPORT.**—Not later than 90 days after the date of the enactment of this Act, the Administrator shall submit to the appropriate congressional committees a report on the progress to expand the use of inspections and of red-team, covert testing under subsection (a).

(2) **INSPECTOR GENERAL REPORT.**—Not later than 180 days after the date of the enactment of this Act, the Inspector General of the Department of Homeland Security shall submit to the appropriate congressional committees a report on the effectiveness of airport access controls to the SIDAs of airports based on red-team, covert testing under subsection (b).

SEC. 3409. SECURITY DIRECTIVES.

(a) **REVIEW.**—Not later than 180 days after the date of the enactment of this Act and annually thereafter, the Administrator, in consultation with the appropriate regulated entities, shall conduct a comprehensive review of every current security directive addressed to any regulated entity to—

(1) determine whether each such security directive continues to be relevant;

(2) determine whether such security directives should be streamlined or consolidated to most efficiently maximize risk reduction; and

(3) update, consolidate, or revoke any security directive as necessary.

(b) **NOTICE.**—For each security directive that the Administrator issues, the Administrator shall submit to the appropriate congressional committees notice of—

(1) the extent to which each such security directive responds to a specific threat, security threat assessment, or emergency situation against civil aviation; and

(2) when it is anticipated that each such security directive will expire.

SEC. 3410. IMPLEMENTATION REPORT.

Not later than one year after the date of the enactment of this Act, the Comptroller General of the United States shall—

(1) assess the progress made by the TSA and the effect on aviation security of implementing the requirements under sections 3402 through 3409 of this subtitle; and

(2) report to the appropriate congressional committees on the results of the assessment under paragraph (1), including any recommendations.

SEC. 3411. MISCELLANEOUS AMENDMENTS.

(a) ASAC TERMS OF OFFICE.—Subparagraph (A) of section 44946(c)(2) of title 49, United States Code, is amended to read as follows:

“(A) TERMS.—The term of each member of the Advisory Committee shall be two years, but a member may continue to serve until a successor is appointed. A member of the Advisory Committee may be reappointed.”

(b) FEEDBACK.—Paragraph (5) of section 44946(b) of title 49, United States Code, is amended by striking “paragraph (4)” and inserting “paragraph (2) or (4)”.

Subtitle E—Checkpoints of the Future

SEC. 3501. CHECKPOINTS OF THE FUTURE.

(a) IN GENERAL.—The Administrator, in accordance with chapter 449 of title 49, United States Code, shall request the Aviation Security Advisory Committee (established pursuant to section 44946 of such title) to develop recommendations for more efficient and effective passenger screening processes.

(b) CONSIDERATIONS.—In making recommendations to improve existing passenger screening processes, the Aviation Security Advisory Committee shall consider—

- (1) the configuration of a checkpoint;
- (2) technology innovation;
- (3) ways to address any vulnerabilities identified in audits of checkpoint operations;
- (4) ways to prevent security breaches at airports at which Federal security screening is provided;
- (5) best practices in aviation security;
- (6) recommendations from airports and aircraft operators, and any relevant advisory committees; and
- (7) “curb to curb” processes and procedures.

(c) REPORT.—Not later than one year after the date of enactment of this Act, the Administrator shall submit to the Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Governmental Affairs and the Committee on Commerce, Science, and Transportation of the Senate a report on the results of the Aviation Security Advisory Committee review under this section, including any recommendations for improving passenger screening processes.

SEC. 3502. PILOT PROGRAM FOR INCREASED EFFICIENCY AND SECURITY AT CATEGORY X AIRPORTS.

(a) IN GENERAL.—The Administrator shall establish a pilot program at at least three and not more than six airports to reconfigure and install security systems that increase efficiency and reduce vulnerabilities in airport terminals, particularly at airports that have large open areas at which screening is conducted.

(b) SELECTION OF AIRPORTS.—In selecting airports for the pilot program established under subsection (a), the Administrator shall—

- (1) select airports from among airports classified by the TSA as Category X airports and that are able to begin the reconfiguration and installation of security systems expeditiously; and
- (2) give priority to an airport that—
 - (A) submits a proposal that seeks Federal funding for reconfiguration of such airport's security systems;
 - (B) has the space needed to reduce vulnerabilities and reconfigure existing security systems; and
 - (C) is able to enter into a cost-sharing arrangement with the TSA under which such

airport will provided funding towards the cost of such pilot program.

SEC. 3503. PILOT PROGRAM FOR THE DEVELOPMENT AND TESTING OF PROTOTYPES FOR AIRPORT SECURITY SYSTEMS.

(a) IN GENERAL.—The Administrator shall establish a pilot program at three airports to develop and test prototypes of screening security systems and security checkpoint configurations that are intended to expedite the movement of passengers by deploying a range of technologies, including passive and active systems, new types of security baggage and personal screening systems, and new systems to review and address passenger and baggage anomalies.

(b) SELECTION OF AIRPORTS.—In selecting airports for the pilot program established under subsection (a), the Administrator shall—

- (1) select airports from among airports classified by the TSA as Category X airports that are able to begin the reconfiguration and installation of security systems expeditiously;
- (2) consider detection capabilities; and
- (3) give priority to an airport that—

(A) submits a proposal that seeks Federal funding to test prototypes for new airport security systems;

(B) has the space needed to reduce vulnerabilities and reconfigure existing security systems; and

(C) is able to enter into a cost-sharing arrangement with the TSA under which such airport will provided funding towards the cost of such pilot program.

SEC. 3504. REPORT REQUIRED.

Not later than 90 days after the date of the enactment of this Act, the Administrator shall submit to the Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Governmental Affairs and the Committee on Commerce, Science, and Transportation of the Senate and a report on the pilot programs established under sections 3502 and 3503 of this subtitle.

SEC. 3505. FUNDING.

The Administrator shall carry out the pilot programs established under sections 3502 and 3503 of this subtitle using amounts—

(1) appropriated to the TSA before the date of the enactment of this Act and available for obligation as of such date of enactment; and

(2) amounts obtained as reimbursements from airports under such pilot programs.

SEC. 3506. ACCEPTANCE AND PROVISION OF RESOURCES BY THE TRANSPORTATION SECURITY ADMINISTRATION.

The Administrator, in carrying out the functions of the pilot programs established under sections 3502 and 3503 of this subtitle, may accept services, supplies, equipment, personnel, or facilities, without reimbursement, from any other public or private entity.

Subtitle F—Miscellaneous Provisions

SEC. 3601. VISIBLE DETERRENT.

Section 1303 of the Implementing Recommendations of the 9/11 Commission Act of 2007 (6 U.S.C. 1112) is amended—

(1) in subsection (a)—

(A) in paragraph (3), by striking “and” at the end;

(B) in paragraph (4), by striking the period at the end and inserting “; and”; and

(C) by adding at the end the following new paragraph:

“(5) shall require, as appropriate based on risk, in the case of a VIPR team deployed to an airport, that the VIPR team conduct operations—

“(A) in the sterile area and any other areas to which only individuals issued security credentials have unescorted access; and

“(B) in nonsterile areas.”; and

(2) in subsection (b), by striking “such sums as necessary for fiscal years 2007 through 2011” and inserting “such sums as necessary, including funds to develop not more than 60 VIPR teams, for fiscal years 2016 through 2018”.

SEC. 3602. LAW ENFORCEMENT TRAINING FOR MASS CASUALTY AND ACTIVE SHOOTER INCIDENTS.

Paragraph (2) of section 2006(a) of the Homeland Security Act of 2002 (6 U.S.C. 607(a)) is amended—

(1) by redesignating subparagraphs (E) through (I) as subparagraphs (F) through (J), respectively; and

(2) by inserting after subparagraph (D) the following new subparagraph:

“(E) training exercises to enhance preparedness for and response to mass casualty and active shooter incidents and security events at public locations, including airports and mass transit systems;”.

SEC. 3603. ASSISTANCE TO AIRPORTS AND SURFACE TRANSPORTATION SYSTEMS.

Subsection (a) of section 2008 of the Homeland Security Act of 2002 (6 U.S.C. 609) is amended—

(1) by redesignating paragraphs (9) through (13) as paragraphs (10) through (14), respectively; and

(2) by inserting after paragraph (8) the following new paragraph:

“(9) enhancing the security and preparedness of secure and nonsecure areas of eligible airports and surface transportation systems;”.

In lieu of the amendment of the Senate to the title of the bill, amend the title so as to read: “To amend title 49, United States Code, to extend authorizations for the airport improvement program, to amend the Internal Revenue Code of 1986 to extend the funding and expenditure authority of the Airport and Airway Trust Fund, and for other purposes.”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Pennsylvania (Mr. SHUSTER) and the gentleman from Oregon (Mr. DEFAZIO) each will control 20 minutes.

The Chair recognizes the gentleman from Pennsylvania.

GENERAL LEAVE

Mr. SHUSTER. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and to include any extraneous material on H. Res. 818.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Pennsylvania?

There was no objection.

Mr. SHUSTER. Mr. Speaker, I yield myself such time as I may consume.

I rise today in support of H. Res. 818, the FAA Extension, Safety, and Security Act of 2016.

First and foremost, this is a bipartisan, bicameral, long-term extension of the Federal Aviation Administration's authorities and funding through the end of fiscal year 2017.

This extension provides stability to our aviation system over the next 14 months while Congress refocuses on a full FAA reauthorization. Without this extension, the FAA programs will face a shutdown next week, thousands of FAA employees could be furloughed, airport projects across the country will come to a halt, and about \$40 million a day in aviation trust fund revenue will

go uncollected. That is funding for air traffic control, airport development, and other safety and modernization programs that will never be recovered.

This extension also includes limited, but critical and time-sensitive provisions to improve aviation safety and security. Some of the provisions address safety critical issues raised by aviation tragedies, including the Germanwings, Asiana, and Colgan Air accidents.

Other safety critical issues addressed include protecting low-flying GA pilots from unmarked towers, reevaluating crash standards for helicopter fuel systems, improving the air traffic control hiring process and ensuring the FAA better addresses chronic controller shortages, and training flight attendants to recognize and respond to human trafficking.

Given the growing demand for drones and the ongoing need to address their safe operation, this legislation includes provisions to manage the safe integration of drones.

In response to safety concerns related to potential cybersecurity risks, the extension requires the FAA to develop a comprehensive cybersecurity plan. In addition to critical safety needs, this extension also addresses the security of our aviation system.

As the recent bombings in Brussels and Istanbul have reminded us, aviation remains a prominent target for terrorists.

The House already passed almost a dozen bills this Congress related to transportation security, and this extension includes much of that language.

Again, this is a bipartisan, bicameral extension with limited, but critical and time-sensitive safety and security reforms.

I thank Ranking Member DEFAZIO for his partnership in negotiations with the Senate. I also thank Chairman THUNE and Ranking Member NELSON of the Senate Committee on Commerce, Science, and Transportation for their help in drafting this extension.

□ 1915

I want to thank Chairman MCCAUL and Ranking Member THOMPSON of the Committee on Homeland Security for their efforts in putting together a robust security title.

I also want to thank Committee on Ways and Means Chairman BRADY and Ranking Member LEVIN; Committee on Science, Space, and Technology Chairman SMITH and Ranking Member JOHN-SON for their work on this resolution.

In addition, the gentleman from New Jersey (Mr. LOBIONDO), the chairman of the subcommittee, and the gentleman from Washington (Mr. LARSEN), the ranking member of the subcommittee, added critical and important provisions into this extension.

Passage of this extension will provide more than a year's worth of certainty and stability to the FAA, the aviation community, and the flying public. Dur-

ing this time, we will continue to develop a long-term FAA bill.

Mr. Speaker, I urge all my colleagues to support H.R. 818.

I reserve the balance of my time.

Mr. DEFAZIO. Mr. Speaker, I yield myself such time as I may consume.

This gives us 14½ months of certainty for critical programs with the FAA. It is a bipartisan product. I would rather than we had been doing a long-term authorization, more substantial policy, but this is an acceptable resolution.

The safety title gives the FAA authority to more rigorously go after people who use laser pointers, idiots who use laser pointers, potentially causing catastrophic accidents and high damage; to go after people who are interfering in stopping firefighting efforts with drones; shore up cybersecurity for safety critical aviation infrastructure.

The FAA, something I have been pursuing for years, will step up its oversight of overseas aircraft repair and overhaul facilities, where more and more work is being done, where they do not live up to U.S. standards. Some of the people at the FAA had come up with a brilliant new idea which was disqualifying people eminently qualified and already working as air traffic controllers from becoming air traffic controllers. We fix that problem. We balance the need for integration of drones with the need to protect the general public and the national airspace and a number of other critical provisions.

With that, I recommend my colleagues support the legislation.

I reserve the balance of my time.

Mr. SHUSTER. Mr. Speaker, I yield such time as he may consume to the gentleman from New Jersey (Mr. LOBIONDO), the chairman of the Subcommittee on Aviation.

Mr. LOBIONDO. Mr. Speaker, I would like to thank Chairman SHUSTER, Mr. DEFAZIO, Mr. LARSEN, and the other committees responsible for this very important legislation which I strongly support.

In my district in New Jersey, I have the privilege of representing approximately 4,000 FAA employees and contractors who work at the FAA's premier flagship technical center. Their extraordinary energy and dedication ensures American aviation continues to move forward. Without them, American leadership in aviation would suffer, and we cannot afford to send them home because Congress failed to do our work and pass an authorization bill.

A lapse in authorization would result in the halting of certification and registration of new aircraft and disruption of our aerospace industry. It would needlessly jeopardize good-paying jobs and cause pain to hardworking Americans. This long-term extension averts these self-inflicted injuries. It also makes safety-critical reforms while capitalizing on the momentum of FAA's long-delayed small UAS rule.

The resolution moves the ball forward for advancing UAS applications while ensuring they do not pose a threat to aviation, critical infrastructure, or the general public. It also gives the UAS test sites established under the 2012 FAA bill—one of which operates in my district—the certainty and stability they will need to conduct critical research and development on UAS integration.

Mr. Speaker, this long-term extension promotes a stable aviation system, improves aviation security, and strengthens aviation security. It also has strong safety measures. I urge all of my colleagues to support this well-thought-out measure.

Mr. DEFAZIO. Mr. Speaker, I yield 2 minutes to the gentleman from Mississippi (Mr. THOMPSON).

Mr. THOMPSON of Mississippi. I thank the gentleman for yielding.

Mr. Speaker, while I commend Mr. DEFAZIO and his colleagues for negotiating language to enhance aviation safety, I must rise in opposition to this legislation.

My problem with the resolution stems from a potential job-killing provision inserted in the homeland security portion of the package. Understandably, after the airport attacks in Brussels and, more recently, Istanbul, there is interest in strengthening aviation security.

Section 3405 directs TSA to update regulations for eligibility, including disqualifying offenses, for SIDA airport credentials, which airport workers need to perform their jobs. There is no evidence that this additional scrutiny would strengthen aviation security. What we do know for sure is that the changes would unjustifiably put workers at risk of losing their jobs. As such, it should come as no surprise that the International Association of Machinists, the Communication Workers of America, and the Transportation Workers Union have come out in strong opposition to this resolution.

That measure, H.R. 3102, also was approved by voice vote in the House this past October. The language before us today goes several steps further than H.R. 3102, unjustifiably lengthening the well-litigated 10-year look-back period from 10 to 15 years. The men and women who will be subject to this arbitrary change have as strong, if not more, of an interest as you or me in preventing terrorism in airports. They deserve better than living in fear that they will be able to lose their jobs in the name of homeland security.

Mr. SHUSTER. Mr. Speaker, I yield 3 minutes to the gentleman from Texas (Mr. SMITH), the chairman of the Committee on Science, Space, and Technology.

Mr. SMITH of Texas. Mr. Speaker, I thank the gentleman from Pennsylvania (Mr. SHUSTER), the chairman of the Committee on Transportation and Infrastructure, for yielding me time.

As Congress continues working toward a multiyear authorization for the

Federal Aviation Administration, the FAA Extension, Safety, and Security Act of 2016 will ensure that safety and security research and development activities are authorized.

Pursuant to rule X, the House Committee on Science, Space, and Technology has legislative jurisdiction over “civil aviation research and development,” regardless of the funding account from which the research and development is appropriated.

Earlier this year, the House Committee on Science, Space, and Technology marked up and passed out of committee a 3-year civil aviation research and development authorization for the FAA, the Flight R&D Act. This important legislation was introduced by Representative STEPHEN KNIGHT.

Many provisions from the Flight R&D Act are now in the 2016 FAA extension we are considering tonight, and I very much appreciate Chairman SHUSTER’s including them. These provisions include the development of a cybersecurity research and development plan, a study on metrics to streamline the integration of unmanned aircraft systems into the national airspace, a research plan for unmanned aircraft systems traffic management, and the establishment of an unmanned and manned aircraft collision research program. These are important, pressing Committee on Science, Space, and Technology R&D provisions that will increase public safety and private commerce.

I look forward to working to include the remainder of the Flight R&D Act provisions in a larger FAA bill next year. I encourage my colleagues to support Chairman SHUSTER’s resolution.

Mr. DEFAZIO. Mr. Speaker, I yield 1 minute to the gentleman from Colorado (Mr. PERLMUTTER).

Mr. PERLMUTTER. I thank Mr. DEFAZIO.

Mr. Speaker, on July 3 last year, a Flight for Life air ambulance helicopter took off in Frisco, Colorado. Just seconds later, the helicopter crashed in a parking lot next to the helipad and burst into flames. The post-crash fire contributed to the death of the pilot, Patrick Mahany, and severely burned the two flight nurses, Dave Repsher and Matthew Bowe. Dave Repsher is still hospitalized today after suffering burns on more than 90 percent of his body.

The U.S. military required changes to helicopter fuel systems over 50 years ago. The FAA underwent a rulemaking in 1994 concerning crash-resistant fuel system standards, but 22 years later we still do not require newly manufactured helicopters to meet these safety standards. The 1994 rulemaking required all newly certified helicopter designs to incorporate crash-resistant fuel systems, but helicopter designs are certified once and then can be manufactured for years. So new helicopters like the AS350, which crashed in Frisco and was only 1 year old, are being built to an unsafe standard.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mr. DEFAZIO. Mr. Speaker, I yield an additional 30 seconds to the gentleman.

Mr. PERLMUTTER. Mr. Speaker, this resolution today includes section 2105, requiring the administrator of the FAA to evaluate and update these safety standards. I want to thank Chairman SHUSTER and Ranking Member DEFAZIO for working with me on this issue. Together, we can work with the FAA and industry to update these critical safety standards and make sure newly manufactured helicopters include crash-resistant fuel systems.

Mr. SHUSTER. Mr. Speaker, I yield 1½ minutes to the gentleman from Indiana (Mr. ROKITA).

Mr. ROKITA. Mr. Speaker, I would like to thank the chairman for yielding time to speak today on this legislation. I also want to thank the chairman of the Committee on Transportation and Infrastructure for his excellent leadership that he has shown this Congress and previous Congresses. It has been an absolute pleasure to serve on a committee that has accomplished so much.

Today I want to speak briefly on an important provision of this reauthorization. As an airman myself, I have always stood up for the rights of general aviation pilots. Section 2307 in this legislation, which is based on my bill, the General Aviation Pilot Protection Act, will make operating a private aircraft easier and more common sense for private pilots.

Currently, pilots must get an unnecessary, outdated medical examination from a government-approved physician as often as once a year. Section 2307 would change that requirement so that a pilot can simply visit his family physician once every 4 years. Although this doesn’t go as far as is ultimately needed to get rid of 20th century red tape while maintaining safety in the 21st century, it is real progress for aviators.

This change is strongly supported by the Aircraft Owners and Pilots Association, of which I am a proud member, and has a strong bipartisan list of cosponsors. I thank, again, Chairman SHUSTER and Ranking Member DEFAZIO for their continued leadership on this and other aviation issues. I urge Members and all of us to support this legislation, including the bipartisan House General Aviation Caucus.

Mr. DEFAZIO. I yield 1½ minutes to the gentleman from Colorado (Mr. POLIS).

Mr. POLIS. Mr. Speaker, although I am glad the House of Representatives is taking a step in the right direction by reauthorizing the FAA for a few months, I am frustrated that we are not going as far as we could to protect lives that could be easily saved.

On July 3, 2015, just over a year ago, there was a Flight for Life crash in Frisco, Colorado, in my district. The pilot died, and one person on board is still recovering from major burns. The

death was caused not because of speed or pilot error, but simply because the fuel system didn’t have a crash-resistant system that is already mandated in military helicopters.

Representative PERLMUTTER and I have introduced the Helicopter Fuel System Safety Act, and that would require the FAA to install crash-resistant fuel systems in newly manufactured helicopters by December 31, 2016. I am glad this reauthorization language moves the FAA in that direction, but I hope that we can move forward quickly to save lives and fix this.

I was also disappointed I wasn’t allowed to offer several other amendments, including one which would have given local airports more flexibility in limiting flights, something of great concern for my district around flight noise for constituents near Longmont. I don’t know how many of you live near airports that have continuous flights with older planes, but I hear from my constituents often on this, and I wanted the opportunity to do something about it to make sure that they can enjoy their sleep and their peace and quiet of their neighborhoods. I hope to work with the FAA, the ranking member and chairman to give communities and airports the flexibility they need to have quiet skies in the future.

Mr. SHUSTER. Mr. Speaker, I yield 1½ minutes to the gentleman from Florida (Mr. CURBELO).

Mr. CURBELO of Florida. I thank the chairman for yielding. I appreciate his work on this legislation, and the ranking member, Mr. DEFAZIO, as well. I really appreciate the way that they have worked collaboratively on this.

Mr. Speaker, this FAA reauthorization works to ensure that our aviation system remains well equipped, secure, and safe for passengers and pilots alike. It provides vital enhancements to the U.S. aviation system by strengthening security, expanding TSA PreCheck, and requiring the FAA to give Congress quarterly reports on the number of civil or criminal disturbances that occur at airports.

I am proud to say that this measure also includes my bill, H.R. 5292, the Air Traffic Controller Hiring Improvement Act. This legislation, which has over 243 bipartisan cosponsors in the House, will reform for the better the way we hire our air traffic controllers. It will improve the ATC system by exempting College Training Initiative graduates and military veterans from the controversial biographical questionnaire while still allowing the general public to apply to serve as controllers. H.R. 5292 also ensures the FAA directly notifies schools, such as Historically Black Colleges and Hispanic-Serving Institutions, when ATC vacancy announcements are made.

□ 1930

This bill is certainly a step in the right direction; although, I believe, Mr. Speaker, we have a long way to go to

modernize the FAA and bring America's ATO, or air traffic operation, into the 21st century. I certainly look forward to working with the chairman and my colleagues to make that a reality.

Mr. SHUSTER. Mr. Speaker, I yield 1 minute to the gentleman from California (Mr. KNIGHT).

Mr. KNIGHT. Mr. Speaker, I appreciate the chairman's and ranking member's work on this.

Mr. Speaker, I rise today in support of the FAA Extension, Safety, and Security Act of 2016.

The aeronautics research carried out by the Federal Aviation Administration is vital to our Nation's prosperity. This is why earlier this year I introduced the FLIGHT R&D Act to authorize FAA's civil aviation research and development authorization activities.

The FAA Extension, Safety, and Security Act of 2016 includes many important research and development provisions. Specifically, the bill incorporates provisions from the FLIGHT R&D Act that pertain to unmanned aircraft systems and cybersecurity. But it is only a stopgap measure.

We as a nation must ensure our civil aeronautics research and development activities are fully authorized. I look forward to working with my colleagues in both the House and Senate on completing a multiyear FAA authorization that will incorporate provisions of the FLIGHT R&D Act that are not in today's extension.

I encourage my colleagues to support this bill.

Mr. DEFAZIO. Mr. Speaker, I yield back the balance of my time.

Mr. SHUSTER. Mr. Speaker, I yield myself the balance of my time.

Again, I want to thank Mr. DEFAZIO for working with us and with the Senate on this. I want to thank not only his staff for their hard work and long hours, but the staff on the majority side. They put in a lot of hours and a lot of late nights to make sure we have gotten to this point. So I want to thank them very, very much for their work.

Finally, I want to thank two gentlemen who worked extremely hard and were tenacious in making sure we included third-class medical in this extension; that is, the voice of general aviation in the House, SAM GRAVES, who was, to say the least, relentless, as well as Senator INHOFE. Both worked extremely hard to make sure that third-class medical is in this, and that is extremely important to the GA community and the private pilots to make sure that we had that in here. So we are pleased it is in here.

Again, I want to thank both Congressman SAM GRAVES from Missouri and Senator INHOFE for their hard work and their diligence. Again, let me thank the staff on both sides for their work, and I urge all my colleagues to support H. Res. 818.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Pennsylvania (Mr. SHUSTER) that the House suspend the rules and agree to the resolution, H. Res. 818.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the resolution was agreed to.

A motion to reconsider was laid on the table.

NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY IMPROVEMENT ACT OF 2016

Mr. MOOLENAAR. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5639) to update the National Institute of Standards and Technology Act, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 5639

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "National Institute of Standards and Technology Improvement Act of 2016".

SEC. 2. STANDARDS AND CONFORMITY ASSESSMENT.

Section 2 of the National Institute of Standards and Technology Act (15 U.S.C. 272) is amended—

(1) in subsection (b)—

(A) in the matter preceding paragraph (1), by striking "authorized to take" and inserting "authorized to serve as the President's principal adviser on standards policy pertaining to the Nation's technological competitiveness and innovation ability and to take";

(B) in paragraph (3), by striking "compare standards" and all that follows through "Federal Government" and inserting "facilitate standards-related information sharing and cooperation between Federal agencies"; and

(C) in paragraph (13), by striking "Federal, State, and local" and all that follows through "private sector" and inserting "technical standards activities and conformity assessment activities of Federal, State, and local governments with private sector"; and

(2) in subsection (c)—

(A) in paragraph (22), by striking "and" after the semicolon;

(B) by redesignating paragraph (23) as paragraph (25); and

(C) by inserting after paragraph (22) the following:

"(23) participate in and support scientific and technical conferences;

"(24) perform pre-competitive measurement science and technology research in partnership with institutions of higher education and industry to promote United States industrial competitiveness; and".

SEC. 3. VISITING COMMITTEE ON ADVANCED TECHNOLOGY.

Section 10 of the National Institute of Standards and Technology Act (15 U.S.C. 278) is amended—

(1) in subsection (a)—

(A) by striking "15 members" and inserting "not fewer than 11 members";

(B) by striking "at least 10" and inserting "at least two-thirds"; and

(C) by adding at the end the following: "The Committee may consult with the National Research Council in making recommendations regarding general policy for the Institute."; and

(2) in subsection (h)(1), by striking "including the Program established under section 28,".

SEC. 4. POLICE AND SECURITY AUTHORITY.

Section 15 of the National Institute of Standards and Technology Act (15 U.S.C. 278e) is amended—

(1) by striking "of the Government; and" and inserting "of the Government."; and

(2) by striking "United States Code." and inserting "United States Code; and (i) the protection of Institute buildings and other plant facilities, equipment, and property, and of employees, associates, visitors, or other persons located therein or associated therewith, notwithstanding any other provision of law.".

SEC. 5. EDUCATION AND OUTREACH.

The National Institute of Standards and Technology Act (15 U.S.C. 271 et seq.) is amended by striking sections 18, 19, and 19A and inserting the following:

"SEC. 18. EDUCATION AND OUTREACH.

"(a) IN GENERAL.—The Director may support, promote, and coordinate activities and efforts to enhance public awareness and understanding of measurement sciences, standards, and technology by the general public, industry, government, and academia in support of the Institute's mission.

"(b) RESEARCH FELLOWSHIPS.—

"(1) IN GENERAL.—The Director may award research fellowships and other forms of financial and logistical assistance, including direct stipend awards, to—

"(A) students at institutions of higher education within the United States who show promise as present or future contributors to the mission of the Institute; and

"(B) United States citizens for research and technical activities of the Institute.

"(2) SELECTION.—The Director shall select persons to receive such fellowships and assistance on the basis of ability and of the relevance of the proposed work to the mission and programs of the Institute.

"(3) DEFINITION.—For the purposes of this subsection, financial and logistical assistance includes, notwithstanding section 1345 of title 31, United States Code, or any contrary provision of law, temporary housing and local transportation to and from the Institute facilities.

"(c) POST-DOCTORAL FELLOWSHIP PROGRAM.—The Director shall establish and conduct a post-doctoral fellowship program, subject to the availability of appropriations, that shall include not fewer than 20 fellows per fiscal year. In evaluating applications for fellowships under this subsection, the Director shall give consideration to the goal of promoting the participation of underrepresented students in research areas supported by the Institute."

SEC. 6. PROGRAMMATIC PLANNING REPORT.

Section 23(d) of the National Institute of Standards and Technology Act (15 U.S.C. 278i(d)) is amended by adding at the end the following: "The 3-year programmatic planning document shall also describe how the Director is addressing recommendations from the Visiting Committee on Advanced Technology established under section 10."

SEC. 7. ASSESSMENTS BY THE NATIONAL RESEARCH COUNCIL.

(a) NATIONAL ACADEMY OF SCIENCES REVIEW.—Not later than 6 months after the date of enactment of this Act, the Director of the National Institute of Standards and Technology shall enter into a contract with the National Academy of Sciences to conduct a single, comprehensive review of the
