H6311

multiple times. He was shot in the arm, the thighs, the hand; he lost two fingers in one enemy ambush alone. Yet despite the multiple injuries, he never quit fighting.

In 2015, he was presented with a special letter of proclamation issued by Georgia Governor Nathan Deal during a special ceremony recognizing his sacrifice.

When asked how he survived combat with his numerous injuries, Mr. Haynes simply replied: I don't believe in luck. I owe it all to Jesus Christ.

Mr. Speaker, I ask my colleagues to please stand with me and join me in a moment of silence to honor the life and legacy of this American hero who deserves the respect of all Americans.

BORDER WALL FUNDING

(Ms. JUDY CHU of California asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JUDY CHU of California. Mr. Speaker, the inclusion of \$1.6 billion to fund an ineffective divisive border wall is a direct attack on immigrant communities across our Nation. Funding this immoral wall does nothing to help our country. It only helps to promote President Trump's campaign of fear.

The wall itself mirrors President Trump's approach to policy: divisive, ineffective, and motivated by hate.

This is exemplified by the Trump administration's reckless disregard of the humanitarian cost of building a border wall, which will force immigrants and asylum seekers to take greater risks and more dangerous routes that will likely result in more deaths. Furthermore, this wall will literally divide immigrant households and tear families apart.

Instead of funding ineffective efforts to protect our homeland from dangerous threats, this administration would rather fulfill a campaign promise that does the exact opposite. It makes us less safe by targeting immigrant communities and closing off America from our neighbors.

American taxpayers should not be forced to foot the bill for President Trump's xenophobic anti-immigrant agenda.

AUGUST 21 TOTAL SOLAR ECLIPSE

(Mr. BOST asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BOST. Mr. Speaker, on August 21, a total solar eclipse will stretch from coast to coast in the United States for the first time in 99 years, and I am proud to say that my district in southern Illinois is the prime viewing spot.

In fact, my home county of Jackson County near Carbondale, and also my front yard, is where the eclipse will be at its apex.

For 2 minutes and 38 seconds, it will be like total darkness in the middle of

the day. The city's population of 26,000 is expected to multiply many times over from visitors around the world coming for tourism and to see this astronomical Super Bowl.

So I would encourage my colleagues and the American people to visit for some world championship southern Illinois barbecue, the beautiful outdoors, the wonderful wineries, and welcome one and all people for the best viewing moments of this solar eclipse.

WORK TOGETHER TO IMPROVE ACA

(Mr. KILDEE asked and was given permission to address the House for 1 minute.)

Mr. KILDEE. Mr. Speaker, while the Senate is moving forward this week on their deeply flawed and really unpopular healthcare bill, millions of Americans know that they will lose healthcare under TrumpCare. They will face skyrocketing costs, premiums will go up, prescription drug prices will go up.

Republicans need to drop this obsession with repeal and work with Democrats to fix the problems that we know exist in the Affordable Care Act. No law is perfect. At least no law that has ever been written here is perfect.

And the American people, at least the folks I talk to back home, they are exhausted. They are sick of this partisanship. We have some ideas that you might like. You have some ideas that maybe we could accept. We ought to get together and figure out a way to make healthcare work for every American and not obsess about the notion that anything signed by the previous President, by definition, is bad law.

Let us do what the American people sent us here to do.

RECOGNITION OF LIEUTENANT COMMANDER MIGUEL SANTIESTEBAN

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise to recognize Lieutenant Commander Miguel Santiesteban, who is receiving the U.S. Navy's nomination to be commander. Having fled Castro's regime at a young age, Miguel moved with his family to south Florida.

Driven by his desire to serve our great country, Miguel joined the Navy in 1989. While stationed in Japan as a deck seaman, Miguel was one of the few selected to attend the Hospital Corpsman "A" School.

He earned a master's degree in healthcare service administration at my alma mater, Florida International University.

Miguel was commissioned in 2001 and completed his first duty assignment at the U.S. Naval Hospital in Guantanamo Bay, Cuba. He is currently an administrative officer for research and development at the U.S. Navy Bureau of Medicine and Surgery.

Miguel has earned many accolades, including the Defense Meritorious Service Medal, the NATO Medal, and the National Defense Service Medal several times. Miguel lives the Navy's core values of honor, courage, commitment.

I join Lieutenant Commander Miguel Santiesteban's family and friends in congratulating him on this well-deserved nomination. We are so proud of you, Miguel.

A BETTER DEAL

(Ms. KUSTER of New Hampshire asked and was given permission to address the House for 1 minute.)

Ms. KUSTER of New Hampshire. Mr. Speaker, I rise today because it is long past time that the American people got a better deal.

All Americans want the same thing: a fair chance to get ahead and a better deal than the raw deal that many have right now.

Granite Staters in my district want to have the skills to get ahead in the 21st century economy. We want better pay and better jobs. Many women, and increasingly more men, are what we know as the "sandwich" generation, caring for young children and aging parents and relatives, often at the same time.

That is why we need paid family leave and sick leave. We need to expand our educational system and skills training for all types of opportunities.

Just this week, the Girl Scouts of America announced 23 new merit badges in science, technology, engineering, and mathematics. This is symbolic of what we need to do as a nation. Encourage young people, boys and girls, to pursue their interests in the fields that will be the cornerstone of the 21st century economy.

America deserves a better deal, and that is what we are offering.

HUMAN TRAFFICKING

(Mr. CULBERSON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CULBERSON. Mr. Speaker, last year, over 7,000 cases of human trafficking were reported in the United States. Unfortunately, the city with the largest number of cases was our hometown of Houston, Texas.

Human trafficking is an absolutely despicable and deplorable crime that demands swift action.

As chairman of the Commerce, Justice, Science, and Related Agencies Subcommittee, I have spearheaded efforts to make sure that our Federal law enforcement officers have all the resources they need to crack down on these human traffickers, who are exploiting our children and young women coming across our borders.
