#### POLICY JUSTIFICATION

##### India—C-17 Sustainment Follow-On Support

The Government of India has requested to buy equipment for C-17 follow-on support, to include spares and repair parts; support equipment; personnel training and training equipment; publications and technical documentation; support and test equipment; U.S. Government and contractor engineering, technical and logistical support services; and other related elements of logistics and program support. The total estimated program cost is \$670 million.

This proposed sale will support the foreign policy and national security of the United States by helping to strengthen the U.S.-Indian strategic relationship and to improve the mobility capabilities of a major defensive partner which continues to be an important force for political stability, peace, and economic progress in the Indo-Pacific and South Asia region.

India needs this follow-on support to maintain its operational readiness and ability to provide Humanitarian Assistance and Disaster Relief (HA/DR) assistance in the region. India will have no difficulty absorbing this support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be the Boeing Corporation, Chicago, Illinois. There are no known offset agreements proposed in connection with this potential sale, however, the purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the prime contractor.

Implementation of this proposed sale will require the assignment of one U.S. Government representative and 23 contractor representatives to India.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

#### ARMS SALES NOTIFICATION

Mr. RISCH. Madam President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the

sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEFENSE SECURITY  
COOPERATION AGENCY,  
Arlington, VA.

Hon. JAMES E. RISCH,  
Chairman, Committee on Foreign Relations,  
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 19-48 concerning the Air Force's proposed Letter(s) of Offer and Acceptance to the Republic of Korea for defense articles and services estimated to cost \$950 million. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

CHARLES W. HOOPER,  
Lieutenant General, USA, Director.  
Enclosures.

TRANSMITTAL NO. 19-48

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) Prospective Purchaser: Republic of Korea.

(ii) Total Estimated Value:  
Major Defense Equipment\* \$0 million.  
Other \$950 million.  
Total \$950 million.

(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase: The Republic of Korea has requested to purchase items and services for follow-on support to the RQ-4 Block 30 Remotely Piloted Aircraft (RPA) program.

Major Defense Equipment (MDE): None.

Non-MDE: Contractor Logistics Support (CLS); program management; training for pilots maintenance, logistics and communications personnel; depot and organizational level maintenance; minor modifications and upgrades; spares and repair/return parts; operational flight support; program analysis; publications and technical documentation; U.S. Government and contractor technical and logistics services; and other related elements of logistics and program support.

#### POLICY JUSTIFICATION

Republic of Korea—Contractor Logistics Support (CLS) for RQ-4 Block 30 Remotely Piloted Aircraft (RPA)

The Republic of Korea has requested to purchase Contractor Logistics Support

(CLS); program management; training for pilots maintenance, logistics and communications personnel; depot and organizational level maintenance; minor modifications and upgrades; spares and repair/return parts; operational flight support; program analysis; publications and technical documentation; U.S. Government and contractor technical and logistics services; and other related elements of logistics and program support. The total estimated program cost is \$950 million.

This proposed sale will support the foreign policy and national security objectives of the United States by meeting the legitimate security and defense needs of one of the closest allies in the INDOPACOM Theater. The Republic of Korea is one of the major political and economic powers in East Asia and the Western Pacific and a key partner of the United States in ensuring peace and stability in that region. It is vital to U.S. national interests to assist the Republic of Korea in developing and maintaining a strong and ready self-defense capability.

This proposed sale will enable the Republic of Korea to sustain and operate its fleet of RQ-4 Block 30 remotely piloted aircraft and will significantly advance U.S. interests in standardization with the Republic of Korea's Armed Forces. The potential sale will further strengthen the interoperability between the United States and the Republic of Korea and ensures the Alliance has a robust intelligence, surveillance, and reconnaissance (ISR) capability on the Korean peninsula. The ROK will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Northrop Grumman Corporation located in Palmdale, CA. There are no known offset agreements proposed in conjunction with this potential sale. Any offset agreement will be defined in negotiations between the Purchaser and the prime contractor.

Implementation of the proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the ROK.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

All defense articles and services in this transmittal have been approved for release and export to the Republic of Korea.

TRANSMITTAL NO. 19-29

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) Prospective Purchaser: Government of Pakistan.

(ii) Total Estimated Value:

Major Defense Equipment\* \$0 million.  
Other \$125 million.

Total \$125 million.

(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:

Major Defense Equipment (MDE): None.

Non-MDE: Continuation of technical support services; U.S. Government and contractor technical and logistics support services; and other related elements of logistics support to assist in the oversight of operations in support of the Pakistan Peace Drive advanced F-16 program.

(iv) Military Department: Air Force (PK-D-GAI).

(v) Prior Related Cases, if any: PK-D-GAC, PK-D-GAF.

(vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None.

#### POLICY JUSTIFICATION

Pakistan—Technical Security Team (TST) in Continued Support of the F-16 Program

The Government of Pakistan requested a continuation of technical support services; U.S. Government and contractor technical and logistics support services; and other related elements of logistics support to assist in the oversight of operations in support of the Pakistan Peace Drive advanced F-16 program. The total estimated program cost is \$125 million.

This proposed sale will support the foreign policy and national security of the United States by protecting U.S. technology through the continued presence of U.S. personnel that provide 24/7 end-use monitoring.

Congress required 24/7 monitoring of the advanced F-16s and AMRAAMs in the original LOA, which is carried out by the Technical Security Teams (TST) at Shahbaz and Mushaf Air Force bases. The TST exists to protect sensitive U.S. technology through 24/7 observation and reporting. TST members are not authorized to train Pakistan Air Force (PAF) service members or perform maintenance on PAF aircraft.

The proposed sale of this support will not alter the basic military balance in the region.

The principal contractor is Booz Allen Hamilton Engineering Services LLC, Fairborn, Ohio.

Implementation of this proposed sale will require the assignment of 60 contractor representatives to Pakistan to assist in the oversight of operations as part of the Peace Drive F-16 program.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

#### POLICY JUSTIFICATION

Thailand—Stryker Infantry Carrier Vehicles

The Government of Thailand has requested to buy sixty (60) Stryker Infantry Carrier Vehicles (ICV); and sixty (60) M2 Flex .50 cal machine guns. Also included are spare parts, Basic Issue Items (BII), Components of End Items (COEI), Additional Authorized List (AAL) (specific items for operations and maintenance), Special Tools and Test Equipment (STTE), technical manuals, OCONUS Deprocessing Service, M6 smoke grenade launchers (4 per vehicle) and associated spares, AN/VAS-5 Driver's Vision Enhancer (DVE), AN/VIC-3 vehicle intercommunications system, contractor provided training and Field Service Representatives (FSR), and other related elements of logistics and program support. The total estimated program cost is \$175 million.

This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve security of a Major Non-NATO ally in INDO-PACOM which is an important force for political stability and economic progress in the region.

The Stryker vehicles will increase Thailand's capability to defend its sovereign territory against traditional and non-traditional threats by filling the capability void between light infantry soldiers and heavy mechanized units. Thailand will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor for the Stryker vehicle is General Dynamics Land Systems, Sterling Heights, MI. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any permanent additional U.S. Government or Contractor representatives to Thailand.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
