During college, Mrs. Henson phone banked for the Ronald Reagan campaign, which sparked her interest in politics. This interest led to her continued involvement in grassroots political campaigns. She would go on to serve as the Publicity Chair for the Rockwall County GOP before becoming County Chair in 2021. Furthermore, Mrs. Henson is a devoted woman of faith, and regularly attends Lakeshore Church with her family. She credits her strong faith to her ultimate triumph over breast cancer, in which she is almost 8 years cancer-free. For her prominent work, Mrs. Henson has been recognized as the RCRW Woman of Influence.

HONORING THE ACHIEVEMENTS OF SAINT ANNE CHURCH

HON. J. LUIS CORREA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. CORREA. Mr. Speaker, I rise today to honor the achievements of Saint Anne Church.

In 1923, Father Verhalen announced that a location had been chosen for the new church's construction in the City of Santa Ana. The site featured 3 lots in a new tract named Wilshire Square, that faced South Main Street and another 3 lots that faced Sycamore Street.

On April 22, 1923, the first Mass of the new parish was celebrated at 9:00 a.m. on April 22, 1923, in the home of Mr. and Mrs. C. W. Longmire.

In 1939, Reverend Christopher J. Bradley was appointed as the parish's pastor, marking a time when St. Anne Parish began to flourish. Father Bradley started making changes to the parish facilities soon after he arrived, and on November 30, 1941, a solemn Mass was conducted in the stunning new church with 400 seats, 32 stained glass windows, and a beautiful bell tower.

In September of 1945, it was through Father Bradely that the Sisters of Charity of the Blessed Virgin Mary were invited to Santa Ana, California to assist parents in the task of educating their children, which resulted in the parish's new grammar school opening its doors to students for the first time.

In May 1949, a new \$80,000 convent was completed at the corner of Sycamore Street and Borchard Avenue. The convent includes a chapel which is a miniature of the church and contains 14 stained glass windows.

In 1950, the church was lengthened, and the church capacity was doubled. The church was enlarged again in 1962. New marble altars were installed, a mortuary chapel was provided in a nave alcove, and a new tabernacle and pipe organ were added. The total seating capacity was increased to 1,000 people.

Today, 100 years later, Saint Anne Church has over 6,000 registered families and has helped the community through many food and toy drives.

I ask my colleagues to join me in celebrating the exceptional achievements of Saint Anne Church.

HONORING NATIONAL AEROSPACE
WEEK

HON. RON ESTES

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. ESTES. Mr. Speaker, the United States has long been a global pioneer in aviation, defense and space, and the aerospace industry and workforce have made innumerable contributions to our country and the world.

I proudly represent Wichita, Kansas—the Air Capital of the World. For more than a century,

Wichita has been a leader in aerospace innovation and manufacturing. In 1928, just 25 years after the Wright Brothers' first flight, Wichita was already home to 16 airplane manufacturers, 6 engine factories and numerous suppliers.

Today, Wichita is home to world-class research, engineering, manufacturing, and maintenance capabilities.

But aerospace is not just in Kansas—the industry supports jobs in all 50 states. Across the country, aerospace—and the people who power it—provides a critical foundation that supports our Nation's economy and national security.

That's why I relaunched the House Aerospace Caucus this year. With my co-chair Rep. SALUD CARBAJAL, we're committed to maintaining America's global leadership in aerospace by supporting the industry and working to address the legislative issues impacting it.

This National Aerospace Week, I want to recognize and celebrate the American aviation, defense and space industries and thank the hardworking men and women powering this industry.

CELEBRATING THE 100TH
BIRTHDAY OF ROYCE TASKER

HON. PAT FALLON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. FALLON. Mr. Speaker, I rise today to celebrate the 100th birthday of Mr. Royce Tasker of Sherman, Texas. Mr. Tasker faithfully served the United States Army Air Corps in the Second World War and turned 100 years old on August 8, 2023.

Royce Tasker was born on August 8, 1923, in Abilene, Texas. At the age of 18, he enlisted in the Army in the hopes of pursuing an aviation path. His hard work paid off, as he passed his aviation cadet exam and obtained the rank of First Lieutenant. Mr. Tasker later attended advanced flight school in San Antonio, Texas, and was assigned as a bomber pilot to perform combat duty in the Pacific Theater.

He was given orders to attack Clark Field, an American air base in the Philippines captured by enemy forces during the early stages

of the Pacific war. During his mission, 1 of his B-24 Liberator's engines was struck by enemy fire, forcing Mr. Tasker and his crew to crash land in a rice paddy. Tragically, 1 of his gunners was killed, and several more crew members were severely burned. Thankfully, a group of Filipino civilians rescued them and provided shelter and aid long enough for the United States Navy to send a boat to pick them up. For his injuries sustained in combat, First Lt. Tasker received the Purple Heart.

In recognition of his remarkable achievements, the city of Sherman has named Royce Tasker as a Texoma Hero and proclaimed July 28, 2023, as 1st Lieutenant Royce Tasker Day. I am proud to recognize Mr. Tasker's honor, courage, and steadfast patriotism here today, and I wish him good health for many more years to come.

HON. FREDERICA S. WILSON

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Ms. WILSON of Florida. Mr. Speaker, I rise today to honor Reverend Dr. Carl Johnson, an outstanding spiritual leader guiding South Florida.

In 1987, Pastor Johnson began his journey as a clergyman, answering the call and receiving a ministerial license at 93rd Street Community Baptist Church. He was appointed the position of youth minister and he quickly ascended to assistant to the Senior Pastor. After the passing of Rev. Alonzo Anderson, Pastor Johnson became the interim Pastor, and was shortly installed as Senior Pastor on May 16, 1993. God gave him a vision for the 93rd St. Baptist Church, "the church being faithful to become fruitful", undergirded with the mission statement, "the Church Where the Holy Spirit Leads and the Body of Christ Follows".

Under Pastor Johnson's leadership, the church has steadily grown from 100 to 7000 members. The old sanctuary was renovated in 1996, and the church expanded into numerous properties in the surrounding area. In December 2007, the church moved adjacent to a beautiful new cathedral holstering their capacity to over 1,500 parishioners and adding administrative offices, bookstore, conference room, and a chapel. Due to the rapid growth many more ministries have been added.

Pastor Johnson has served in many capacities. He serves as the President of the 93rd St. Community Development (social services) since 1999. He served as the President of the Caretaker for Christ Incorporation and served as the President of the Ministers & Deacons Union of the Seaboard Baptist Association. Mr. Speaker, please join me in honoring Reverend Dr. Carl Johnson for his dedicated service to the South Florida community and all he has achieved.

HONORING THE 30TH ANNIVERSARY OF THE AFRICAN AMERICAN CULTURAL AND HISTORICAL MUSEUM OF WASHTENAW COUNTY

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mrs. DINGELL. Mr. Speaker, I rise today to recognize the African American Cultural and Historical Museum of Washtenaw County (AACHM) on the occasion of their 30th anniversary. The job they have done in preserving the deep history of Washtenaw County's African American population is worthy of commendation.

Founded in 1993, the AACHM has been crucial in helping local residents understand their shared history, from the many Underground Railroad stops in the area to the Broadway Historic District in Ann Arbor. Originally a "museum without walls", the museum currently resides in their Historic Albert Polhemus House, built in 1848 to house Albert and Leah Polhemus and their 6 children. A later resident by the name of Joseph Mills Maltby was the pastor of Ann Arbor's First Presbyterian Church from 1888 to 1909, at which the Michigan Anti-Slavery Society was founded in 1836.

The exhibits at the AACHM are in constant rotation, and each and every 1 is worthy of a visit in person. Whether it was an exhibition of the Great Migration of the 20th century or a collection of the origin stories of local black families, the AACHM are consistently collaborating with our local high schools and universities to make sure that residents of all stripes participate in our shared history. The AACHM is also well known for their "Journey to Freedom" tours that showcase the role Washtenaw County played in the Underground Railroad. Michigan was often the last stop on the way to freedom in Canada, and 2 crucial routes went through Ann Arbor and Ypsilanti.

Mr. Speaker, I ask my colleagues to join me today in celebrating the 30th anniversary of the AACHM. They say that "those who don't learn from history are doomed to repeat it", and for the last 3 decades the AACHM has been working tirelessly to ensure that the residents of Washtenaw County remember their history, both the highlights and the low points. Progress in the present requires an understanding of the past, and the AACHM is vital to that cause. We thank you and are excited to see what history you uncover over the next 30 years.

He furthered these initiatives as a representative to the Yolo County Water Resources Association and the Yolo Subbasin Groundwater Agency.

From a young age, Mr. Hundley had his mind set on pursuing a career in law enforcement and positively impacting his community. He first began working for the Tyler Police Department as a patrol officer in January of 1975. Shortly after, he relocated to the Paris Police Department and made it his life's mission to help his community through the best and worst of times. From assisting children in appalling situations to rescuing individuals in natural disasters, Mr. Hundley's commitment to selfless service has remained steadfast throughout the years. He was promoted to the rank of lieutenant in the early 1990s and also served as the emergency management coordinator.

I have requested the United States flag to be flown over our Nation's Capital to recognize Mr. Hundley's lifetime of public service to the good people of North Texas. I wish him good health and the best of luck in his future endeavors.

RECOGNIZING THE 100TH ANNIVERSARY OF THE FOUNDING OF AMERICAN LEGION POST 46

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 12, 2023

Mrs. DINGELL. Mr. Speaker, I rise today to recognize the American Legion Post 46 in Ann Arbor, MI on the 100th anniversary of their founding. The support and care that they have shown to our veterans and our community over the last century is worthy of commendation.

The Erwin Prieskorn American Legion Post 46 was issued its charter in 1923, named in honor of Erwin Prieskorn, an Ann Arbor native who died of his wounds in France during the First World War. Over the next 40 years, membership increased to over 1,000 veterans. Membership has fluctuated over the years, but Post 46 is now 1 of the faster growing American Legion posts in the country by growing over 30 percent in membership in the last year alone.

For the past 100 years, the members of Post 46 have dedicated themselves to their fellow veterans. Members are consistently volunteering at the Ann Arbor VA Hospital; visiting with patients, assisting spouses, and providing transportation for those who are not able to drive. In 2019, Post 46 gathered \$100,000 to donate for the construction of a Fisher House at the Ann Arbor VA. The American Legion Department of Michigan followed suit, urging other legionnaires to also contribute during a yearlong campaign. In total, more than \$500,000 was raised and the VA Ann Arbor Fisher House welcomed its first guests on June 1, 2020.

Over the decades, Post 46 been committed to other community-based programs in the greater Ann Arbor area working on youth education, combating domestic violence and sexual assault, food insecurity, homelessness, and public health. Post 46 regularly donates and raises funds for the following organiza-

tions; SafeHouse Center, Food Gatherers, Hope Clinic, Staples Family Center, Salvation Army, Toys for Tots, Youth Scouting, placing flags at veterans graves every Memorial Day, high school scholarships, Boys State, Veterans Memorial Park, Washtenaw Community College, U of M ROTC, MSP Student Trooper Program and so much more.

Mr. Speaker, I ask my colleagues to join me today in celebrating the 100th anniversary of the Erwin Prieskorn American Legion Post 46. For the last century, their members have continued serving their community well after being out of uniform. We thank them for their service, both at home and abroad, and are excited to see what they can accomplish over the next 100 years.

RECOGNIZING THE FOOD BANK OF CONTRA COSTA AND SOLANO

HON. MARK DeSAULNIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 12, 2023

Mr. DESAULNIER. Mr. Speaker, I rise today to recognize the Food Bank of Contra Costa and Solano Counties as we commemorate Hunger Action Month.

The Food Bank, a member of Feeding America's national network of food banks, distributes free food each week to the communities of Contra Costa and Solano Counties. Through partnering with 260 local nonprofit organizations, the Food Bank provides more than two million pounds of food each month to support hunger-fighting efforts in our community. Initiatives including its mobile food pharmacy, senior food program, and drive-thru distributions, have helped reducing food insecurity in the Bay Area.

With one in four residents in our community depending on the Food Bank for emergency and supplemental food each month, the Food Bank not only provides over 3,500,000 meals monthly, but it also advocates for a hunger-free future by highlighting the hunger issues our community faces, educating people on the importance of food banks in addressing these challenges, and advocating for policy changes to advance the fight to end hunger. Further, the Food Bank works tirelessly to prevent food waste, saving perfectly edible food from being discarded. The organization partners with over 130 retailers to rescue 6,500,000 lbs. of food each year through its grocery recovery pickups.

As we celebrate Hunger Action Month, I extend my sincere appreciation to the Food Bank of Contra Costa and Solano Counties for its invaluable service to our community and commitment to fighting food insecurity and improving the lives of Bay Area residents.

HONORING MISHLER'S DRIVE-IN FOR 57 YEARS OF EXCELLENCE

HON. JACK BERGMAN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. BERGMAN. Mr. Speaker, it is my honor to recognize Mishler's Drive-In for 57 years of excellent service in Evart, Michigan. Since opening in 1966, they have remained both a staple of their community and a must-see destination for travelers. In addition to their renowned root beer, hamburgers, and raspberry truffles, the Mishler family and staff has maintained a glimmering reputation through old-fashioned hospitality and dedication to quality. Mishler's Drive-In has truly become an irreplaceable part of the community and individuals throughout Michigan, including myself, are saddened by their closing after over half a century.

In the early 1990s, Steve Mishler gained ownership from his parents and has since continued to operate the restaurant with an increased focus on customer experience. As a favorite stop for locals and visitors alike, individuals have trekked long distances and endured intense weather conditions for a meal at Mishler's Drive-In. It is easy to see why they have been a landmark of Evart, Michigan for the last 57 years, and I'd like to extend my appreciation to all involved in their success.

Mr. Speaker, it is my honor to recognize Mishler's Drive-In for 57 years of continuous and exemplary operation in Northern Michigan. On behalf of Michigan's First District, I wish the Mishler family, its staff, and the local community the best in their future endeavors.

RECOGNIZING DOROTHY FORD'S SERVICE TO THE CITY OF YPSI- LANTI

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mrs. DINGELL. Mr. Speaker, I rise today to recognize Mrs. Dorothy Ford, a resident of Ypsilanti, Michigan and the Director of Greater Faith Mission and Greater Faith Transition. Her service to the people of her community is worthy of commendation.

Dorothy started dating her husband, Pastor Robert L. Ford, when they were 15 and 16. A few years later, 55 years ago this October, they were married. Together their legacy includes 6 children, 23 grandchildren, and several great-grandchildren. In 1981, Dorothy founded the Greater Faith Mission, a non-profit helping with food insecurity in the region. 42 years later Greater Faith Mission is still going strong, with many partnerships in the region to help get food in the hands of families and seniors that need it the most.

After several years of running the food pantry, Dorothy and Robert had a calling to start a church of their own. They began with eight couples and their children, holding services in the Fords' home. By the end of 1988 the church moved into a small building on Ecorse Road. As the church grew and evolved, so did the charitable programs it offered, although some kind of food ministry was always central to the mission. Dorothy was ordained and became a licensed Minister in 2009. In 2014, they purchased the old Kaiser Elementary school building and moved into their current home.

Today, Greater Faith Transition Center offers Sunday school and a Sunday service, preceded by a free breakfast. A special women's group meets monthly. The church has partnered with Food Gatherers since 1989 and offers a free food distribution event the first and fourth Tuesday of each month, as well as a five-week summer dinner program. The church also utilizes its large, commercial-grade kitchen, built just a few years before the school closed, to prepare a huge, free Thanksgiving dinner for the community every year.

Mr. Speaker, I ask my colleagues to join me today in celebrating Dorothy Ford for the tremendous contributions she has made to Ypsilanti, Michigan and all of its residents. With her actions, Ypsilanti has become kinder, more welcoming, and more generous to those in need. We thank her for her service and are excited to see how she transforms the city with her future endeavors.

CURRICULUM VITAE FOR RET. STAFF SERGEANT RONALD E. MYERS

HON. SCOTT PERRY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. PERRY. Mr. Speaker, I'm honored to recognize Ronald E. Myers, upon the auspicious occasion of his retirement on October 1, 2023.

SSG Myers specialized in the UH-1/Iroquois ("Huey") aircraft, which remains his favorite, as it was the critical aircraft for Troop and logistics transport, and direct combat gun support capability. After his service in the active component Army, Sergeant Myers also honorably serviced in the Pennsylvania National Guard, where he earned the rank of Staff Sergeant (E-6) upon retirement. On May 1, 1991, he transitioned to the civilian/private sector, wherein he became Director of Maintenance for the Graham Capital Corporation flight department, in which he still serves after 32 years.

COMMEMORATING THE LIFE OF DANIEL INMAN

HON. PAT FALLON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. FALLON. Mr. Speaker, I rise today to commemorate the life of Mr. Daniel Rudolph Inman, a seventh generation Grayson County native, who passed away on August 8, 2023.

Mr. Inman was born on July 17, 1989, in Sherman, Texas, to Timothy Rudolph Inman and Cheryl Dianne Patrick Inman. Mr. Inman graduated from Sherman High School in 2008, where he was a star varsity football player and officer in Future Farmers of America. Livestock and animals were his passion, and his hand-raised heifer won first place at the Houston Livestock Show. He attended East Central University in Ada, Oklahoma, on a full ride football scholarship. Mr. Inman's love for football dates back to his childhood, in which he accompanied his great uncle, Sam Johnson, to football games at Notre Dame. One of his fondest memories was seeing the Notre Dame locker room and touching the "Play Like a Champion Today" sign before walking onto the field.

Mr. Inman later worked for Emerald Custom Pools in Saginaw, Texas, where he quickly rose through the ranks to become a manager. Thanks to his hard work and effort, Emerald Custom Pools was listed as 1 of the Top 50 Builders nationwide. Those who knew Daniel will tell you that he was a kind soul that was loved by everyone, especially his nieces and nephew. Mr. Inman was a devoted man of faith and was always willing to lend a hand to assist those in need. His empathy also extended to local animals and drove him to volunteer at the Friends of Lancaster animal shelter in Fort Worth. Without question, Mr. Inman's friends and family truly cherished each moment with him.

I have requested the United States flag to be flown over our Nation's Capitol to recog-

nize Mr. Inman's vibrant and uplifting life. He will be dearly missed by his friends, family, and all who knew him.

RECOGNIZING THE THREAT TO ISRAELI DEMOCRACY

HON. JENNIFER A. KIGGANS

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mrs. KIGGANS of Virginia. Mr. Speaker, I include in the RECORD remarks submitted at the request of a Virginia Beach constituent, Rabbi Dr. Israel Zoberman of Temple Lev Tikvah, and are a reflection of his views:

I have returned from the torn Land of Israel where I grew up, following a visit throughout July of a shaking, even shocking experience. Israel is undergoing a trauma whose lasting impact is impossible to predict. However, the current internal crisis threatening Israeli democracy, the Middle East's sole one, is due to the most extreme coalition government in Israel's history attempting to alter its Western liberal orientation by disabling the Supreme Court's standing as an independent Judiciary. Consequently, the unprecedented mass demonstrations for months in opposition to the proposed radical agenda which I watched in disbelief and participated in, have reflected a powerful popular response determined to preserve Israel as both the Jewish and democratic state envisioned by its founders. Already adversely affected are the Israeli economy, military, public health, the woman's status, education, Pride community and society at large, while Israel's enemies, Iran and its proxies, become further emboldened. The special relationship between Israel and the United States is at risk as well as the essential bond between Israel and American Jewry.

With heartfelt, even prophetic pathos and deep grasp of the multi-layered Israeli scene since its inception and prior, veteran Israeli author Ari Shavit offers us a concise manifesto for urgent action with the goal of "Saving Israel," his recent book's alarming title (Saving Israel. Rishon LeZion: Miskal—Yedioth Ahronoth Books and Chemed Books. 2023). He begins with a statement of both profound gratitude and grave concern, "the State of Israel is a miracle. No other nation did what we have: To build anew a national home following two thousand years. No progressive democracy succeeded to flourish as we have, following a Shoah and living under a volcano. Despite all the troubles, problems, weaknesses, difficulties and blemishes—The Zionist dream has been realized. The people of Israel live, and the state of Israel lives. Our sons and daughters have in our ancestral land what our grandfathers and grandmothers did not: Sovereignty, freedom, prosperity, pride and progress. Being a technological, economic, military and political super-power, Israel of the 21st century is a strong country capable of shaping its own fate and march toward a brilliant future. But the deep 2023 crisis threatens the Israeli miracle and erasing our astonishing successes, leaving us homeless."

Shavit does not mince words. On the one hand, heaps praise upon Israel's successes though Israel is not a global, as the author claims, but a regional superpower. In light of trying beginnings and facing monumental challenges that were likely to doom the fragile creation: Attacks from a collection of superior military establishments while absorbing penniless immigrants from west and east

three times larger in size, into a war zone with meager resources. On the other hand, he bemoans the Jewish people's destructive tendencies that brought down Jewish sovereignty and led into long exile and ultimately a consuming Holocaust. "And the Jewish people has multi-talents though sorrowfully it lacks the talent to be a people. It tends toward extremism, internal strife and self-destruction . . . Israel needs to be both powerful and ethical, both national and liberal, both Jewish and democratic. Only a combination of resoluteness and openness will guarantee that not weakness nor zeal-ousness will bring us again to the pit's cusp."

The author is convinced that the goal is within reach though the hour is late and the Israelis with all their complexities and tribal tendencies ought not further delay. He thus concludes, "The good and silent great Israeli majority will not remain still. The democratic Jews will not let a wondrous national and human enterprise to go down. For all of us have a stake in this special place. And we all know that there wouldn't be a Fourth Commonwealth. The Third Commonwealth is the Jewish people's last opportunity. With determination, love and faith we'll defend Israel and rebuild the house."

Rabbi Israel Zoberman is founder of Temple of Lev Tikvah in Virginia Beach.

as the Mayor of Paris. During this time, Reverend Fisher served both as the President of the Texas Conference of Black Mayors and as a member of the steering committee for the Boys and Girls Club. His longtime investments in Paris ISD schools have helped ensure the future success of thousands of students. RECOGNIZING GENE THERAPY

HON. ROBERT E. LATTA

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. LATTA. Mr. Speaker, I rise today to highlight the transformative innovation coming out of Ohio—innovation that saves and improves lives. For families in my district, this scientific ingenuity matters. I'm proud of the evolution of biomedical science and its application to drug development.

To ensure this innovation will benefit our citizens, I encourage my colleagues to support a triad of legislative policies that will expedite market entry, identify patients, and remove barriers to patient access. In an era of government price controls, which are undermining previous congressional efforts to promote innovation, such policies are particularly essential to ensuring continued biopharmaceutical industry investment in new technologies to treat rare diseases. We can work to collectively pass legislative items to increase access to treat rare diseases, as well as enact policies that will improve newborn screening, better facilitate genetic testing, and enhance the level of care disease expertise and experience on Food and Drug Administration review teams to allow for more consistent application of benefit-risk, real world evidence, and patient experience data.

I'd like to flag that gene therapy is the next evolution in treatment for rare diseases like hemophilia, sickle cell disease, cystic fibrosis, phenylketonuria, hereditary angioedema, OTC deficiency, severe combined immunodeficiency disease, Pompe disease, and muscular dystrophy. It has the potential to be the first type of therapeutic intervention for hundreds of rare pediatric disorders that lack or

had lacked any treatment option, including AADC deficiency, epidermolysis bullosa, metachromatic leukodystrophy, and adrenoleukodystrophy.

The biopharmaceutical industry has invested billions of dollars in gene therapy clinical trials for such conditions at institutions throughout Ohio, including Nationwide Children's Hospital in Columbus, Cleveland Clinic, Cincinnati Children's Hospital, Akron Children's Hospital, and Dayton Children's Hospital.

Gene therapy is the focus of the nearly \$100 million in grants that the National Institutes of Health has awarded in recent years to researchers throughout Ohio. For example, Dr. Krystof Bankiewicz from Ohio State has received nearly \$15 million for researching a gene therapy to treat AADC deficiency, which is a fatal neurodevelopmental disorder with only 135 identified patients in the world. Due to an enzyme deficiency, "children lack muscle control, and are usually unable to speak, feed themselves or even hold up their head," according to Dr. Bankiewicz. By transferring a functional copy of the AADC gene to allow for endogenous AADC enzyme production, clinical trial data have demonstrated that this gene therapy prevents oculogyric crises, allows the child to develop control, sit up, and walk, and generally improves quality of life.

Our institutions and clinicians in Ohio are truly the leaders among peers in biopharmaceutical innovation for rare disorders. The development and commercialization of safe, effective, and durable gene therapy for these rare disorders is precisely what Congress intended when it enacted the 21st Century Cures Act (including the Regenerative Medicine Advanced Therapy program), the Orphan Drug Act, the Breakthrough Therapy program, and the Rare Pediatric Disease Priority Review Voucher program.

The American people deserve a return on the biopharmaceutical industry investment in bringing gene therapies to patients, as well as the NIH support of basic research and early-stage clinical studies. If patients have an incomplete diagnosis or if diagnosed patients are subject to step therapy or other coverage restrictions or denials, gene therapy will not benefit those who need it.

INTRODUCTION OF THE UNITED STATES COMMISSION ON AN OPEN SOCIETY WITH SECURITY ACT OF 2023

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Ms. NORTON. Mr. Speaker, today, I introduce the United States Commission on an Open Society with Security Act of 2023, which would create a commission to investigate how we can maintain our democratic traditions while actively responding to the real and substantial threats posed by foreign and domestic terrorism.

The impetus for this commission was the Oklahoma City bombing in 1995, its importance grew after the terrorist attacks on September 11, 2001, and has reached peak urgency since the insurrectionist attack on the U.S. Capitol on January 6, 2021. The succession of tragic events endured by our Nation has led to a series of sweeping security increases that are deemed both necessary and temporary in the moment but create lasting security infrastructure that is difficult to dismantle and infringes on our open, democratic society.

We must acknowledge and accept that we have entered an era of constant internal and external threats, requiring ever-higher levels of security for our people and public spaces. What we thought would be a temporary infringement on our open society has turned into a permanent restriction on how our citizens interact with each other and our democratic institutions. Because emergencies typically dictate security decisions, essential discussions on the proper balance between security, individual rights and the freedoms enjoyed in an open society have been repeatedly deferred.

This bill would ensure that these long overdue discussions take place in a public forum with experts drawn from across the spectrum. To date, security planning has been delegated almost exclusively to security, intelligence and military experts. Although their input is indispensable, they cannot be expected to consider matters outside of their expertise. To strike a better balance that gives sufficient importance to our democratic traditions, we need to invite experts from diverse fields to the same table to work together. Therefore, the commission would be composed not only of security, intel-

ligence and military experts, but also experts from such fields as business, architecture, technology, law, city planning, art, engineering, philosophy, history, sociology and psychology.

We have used commissions before to deeply investigate and address unprecedented challenges, such as the National Commission on Terrorist Attacks Upon the United States (also known as the 9/11 Commission), the Commission on the Intelligence Capabilities of the United States Regarding Weapons of Mass Destruction (also known as the Silberman Robb Commission) and the National Advisory Commission on Civil Disorders (also known as the Kerner Commission). The commission created by this bill would seek to avert a crisis in basic freedoms before their infringement becomes entrenched. We cannot allow security protocols to proliferate without informed civilian oversight and a thorough analysis of alternatives that might better safeguard freedom and commerce.

Furthermore, we have had decades to develop security strategies and technologies that do not deprive our citizens of access to institutions and personal liberty. Thus far, we have either relied on imprecise, medieval approaches like crude barriers or on intrusive new technologies that treat privacy like a privilege instead of a right. We can, and must, do better.

As the home of our federal government, the District of Columbia's residents have suffered disproportionate infringement on public spaces, personal rights and freedoms in the name of security. Public spaces that serve as the heart of our local communities have become restricted zones characterized by a heavy security presence, with individuals liable to be reprimanded for walking on the wrong side of the street or marveling too long at the architecture. Barriers such as walls and fences are touted as essential security features while our citizens are left peering at their democracy from a distance.

Security is not only about reducing lives lost and costs. It is also about safeguarding the institutions, freedoms and values that anchor our country, not only for ourselves but for future generations. The social compact between government and the people should not be the result of a series of hostage negotiations. We must resume reasoned and deliberative decision-making, beginning with a high-level commission composed of experts from diverse disciplines charged with developing a new course that will protect both our people and our precious democratic institutions and traditions.

WELLSTON 150TH ANNIVERSARY

HON. BRAD R. WENSTRUP

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. WENSTRUP. Mr. Speaker, I rise to celebrate the 150th Anniversary of the Village of Wellston, Ohio. Since its founding in 1873, the Village of Wellston has been an important industrial and historical center of Southeast Ohio for nearly 2 centuries.

Harvey Wells, a Civil War veteran and Ohio native, used part of his Jackson County property to establish Wellston. Wellston was officially incorporated as a Village in 1876 with the hopes of being the "New Pittsburgh of the West."

With the construction of numerous blast furnaces, the Village of Wellston solidified itself as an important industrial and mining town in Southern Ohio. Wellston also played an important role in the Underground Railroad system acting as one of the first stops in the North and became the settling point for several freed slaves.

Throughout its history, the Village of Wellston has been a beacon of prosperity and freedom for Southern Ohio, and I am honored to represent a town with such a rich history and strong sense of community.

Again, I want to congratulate the Village of Wellston on celebrating its 150th Anniversary and recognize their importance to Jackson County and all of Southern Ohio. May they continue to prosper over the centuries to come.

SCHREINER UNIVERSITY 100TH BIRTHDAY

HON. CHIP ROY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. ROY. Mr. Speaker, I rise today to celebrate the 100th birthday of Schreiner University in Kerrville, TX. A generous donation of land and finances by Captain Charles Schreiner in 1917 made this possible. He served with distinction in the Texas Rangers.

Capt. Schreiner outlined his vision for the Institute as "facilities for high grade instruction and military training for boys and young men as preparation for college and university work."

James J. Delaney served as the first president of Schreiner Institute. From the beginning, it has been committed to the Reformed tradition of the Presbyterian Church.

The first class of female students was admitted during World War II. Formal military training ended in 1971, and the Institute became fully coeducational.

In the year 2000, Schreiner's governing board voted to change the school's name to Schreiner University. The years immediately following the name change saw various renovations and new buildings take shape on campus.

Online classes started in 2014 and have expanded since then, now including a full online master's program. Recently, Schreiner introduced their Military Academy Preparatory School to provide paths for students into military service.

In its 100th year, Schreiner University is proud to bring back a pastime from its early days, football. Other sport disciplines for students include soccer, wrestling, equestrian, shooting sports, and tennis.

Today, Schreiner University president Charlie McCormick oversees a campus that offers over 30 different degree options. I am proud that the Hill Country is home to a university the caliber of Schreiner. Congratulations on 100 years of helping students achieve more.

Family always came first for Sergeant Dingman as a father, a grandfather, and eventually a great-grandfather.

Sergeant Dingman was a lifelong and avid outdoorsman. He enjoyed hunting, fishing, and camping in the wilderness, and shared his expertise with his community as a fish and game instructor. His ideal getaway was the Adirondack Gateway RV Resort. A member of the National Rifle Association, Sergeant Dingman also taught rifle classes and bow-hunting courses.

HONORING THE PROMOTORES Y PROMOTORAS OF LATINO HEALTH ACCESS

HON. J. LUIS CORREA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. CORREA. Mr. Speaker, I rise today to honor the achievements of Latino Health Access, an organization that works tirelessly to uplift communities, promote health equity, and create sustainable change.

Latino Health Access (LHA) has demonstrated an unwavering commitment to these ideals through its mission, which partners with communities to aid through education, services, consciousness-raising, and civic participation.

Latino Health Access's mission is multifaceted, encompassing the delivery of culturally appropriate health-related services and programming to address pressing health concerns, as well as engaging individuals in low-income, low-opportunity areas to transform their environments and effect positive, concrete changes in their homes and communities.

Since its establishment in 1993, Latino Health Access has been a trailblazer in the field of public health by pioneering the Promotor de Salud/Community Health Worker (CHW) model in the United States, recognizing the potential of individuals from within communities to advocate for better health and living conditions.

The Promotores y Promotoras, who are integral to the Latino Health Access approach, are community members themselves, living within the very neighborhoods they serve, and are dedicated to promoting, connecting, and linking their communities with vital health services while also advocating at local, county, and state levels for policies that enhance overall living conditions.

Today, equity lies at the heart of the Promotor Model, which contributes to building

healthier and more resilient communities by providing systems navigation services, surmounting barriers to access, and amplifying community leadership and participation, while simultaneously advocating for policy, systems, and environmental changes that address the social determinants of health.

I ask my colleagues to join me in honoring the profound impact of Latino Health Access and its Promotor Model.

Mr. FALLON. Mr. Speaker, I rise today to commemorate the life and service of Mr. Thomas "Tom" Roy Birkenstock of Burlington, Iowa, who passed away on August 15, 2023.

Mr. Birkenstock was born on July 16, 1944, in Burlington, Iowa to Roy George and Marjorie Maude Holsteen Birkenstock. HONORING HAITIAN BOAT PEOPLE

HON. FREDERICA S. WILSON

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Ms. WILSON of Florida. Mr. Speaker, I rise today to commemorate the 50th anniversary landing of the first boat carrying Haitian refugees to South Florida.

On December 12, 1972, the first report of Haitian refugees, often called "Haitian Boat People," fleeing to the United States, was documented. Between 1972 and 1981, over 55,000 refugees arrived in Florida and have continued to thrive thanks to community champions who supported the Haitian migrant population.

Today, the South Florida Haitian refugee population has accomplished many firsts, becoming mayors, councilmembers, and state representatives. Miami's historic Lemon City became the first neighborhood officially called Little Haiti. Central streets were named after Haitian cultural icons such as Felix Morisseau-Leroy and heroes of Haiti's independence. A statue of Toussaint Louverture stands guard on Plas Kamoken in Little Haiti. Toussaint Elementary was home to the first Haitian American principal, and Morningside Elementary

became the first international language magnet in the country to offer Haitian Creole. The Little Haiti Cultural Center has become the mecca for the global Haitian Diaspora, a destination for arts, culture, and entertainment. And the Manno Sannon Stadium is home to the championship-winning Little Haiti Supreme Football Team.

December 12, 2022, marked the 50th anniversary of the first documented arrival of Haitian refugees fleeing Haiti by sea. This anniversary marks the beginning of an incredible journey that has transformed South Florida's social, cultural, and political landscape. History-making events have since followed, impacting federal jurisprudence, local advocacy efforts for immigrant justice, and the treatment of asylum seekers in healthcare, education, employment, and housing.

Mr. Speaker, please join me in honoring the legacy of the Haitian boat people.

RECOGNIZING VICTORIA SWANSON
JAMES' LIFE AND SERVICE TO
THE CITY OF YPSILANTI

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mrs. DINGELL. Mr. Speaker, I rise today to recognize Pastor Victoria Swanson James, a resident of Ypsilanti, Michigan whose life her community is celebrating on her passing. Her lifelong dedication to her family, church, and community is worthy of remembrance and commendation.

An Ypsilanti native, Victoria earned her Bachelor's in Education from our great Eastern Michigan University. After earning a Master's in Education as well as a Certificate of School Administration, Victoria served as an educator in the Willow Run and Ann Arbor Public Schools for over a decade. In 1978, she answered the call to the ministry. She was later ordained in 1981 at the Metropolitan Memorial Baptist Church, also in Ypsilanti. Under the leadership of the late Rev. Dr. S.L. Roberson, Victoria served as his First Assistant for over 20 years.

Outgrowing her role as an assistant, Victoria founded the Ekklesia Fellowship Ministries in Ypsilanti in 2000 and assumed the role of Pastor. In 2004, she founded the "Women of The Word, Too" an organization that provides mentoring and an outlet for women clergy throughout Washtenaw County and the surrounding area. Active in a range of organizations, Pastor James's service areas were quite extensive: member of the Love Ypsi Pastors

Network, Washtenaw County Sheriff Council of Clergy, Hope Clinic Board of Directors, Pastoral Advisory Council for the Hope Clinic, former President of the Ypsilanti Gateway Economic Development Board, and former 1st Vice-President of the Ypsilanti Willow Run branch of the NAACP. Victoria's son, DeVaughn, who has been preaching in her stead, had this to say: "She loved her city. Mom believed in the village mindset. There's a proverb in our community that says 'it takes a village to raise a child.' Mom was confident in the strength and richness of the Ypsilanti village. That's why she committed her life to uplifting this village."

Mr. Speaker, I ask my colleagues to join me today in honoring the life service of Pastor Victoria Swanson James. Despite being the mother of 8 and Nana of 15, Victoria always had love to spare for her congregation and her community. We remember her fondly, and her presence will continue to be felt in the Ypsilanti community for years to come.

JERUSALEM'S GOLDEN SILENCE

HON. JENNIFER A. KIGGANS

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mrs. KIGGANS of Virginia. Mr. Speaker, I include in the RECORD remarks submitted at the request of a Virginia Beach constituent, Rabbi Dr. Israel Zoberman of Temple Lev Tikvah, and are a reflection of his views:

RABBI ZOBERMAN'S POEM—JERUSALEM'S
GOLDEN SILENCE

These days there is a golden silence
Overcoming the shouts of the prophets
Of old and new, "peace, peace"
And there is no peace
But the silence of sealed echoes
Of hope in holy crevices where
Shalom's doves find shelter at the
Wall where wailing has not abated,
The silence of the cloud of glory
Encircling God's city like an embracing
Wedding canopy.
The voice of the groom
And the voice of the bride
Whose rejoicing is Jerusalem's signature,
Are ever preserved under the heavy silence
Of immovable rocks hiding millennial
Prayers refusing to concede victory to
A spirit bespeaking not the contrition
Of sacrifice brought here from near
And afar to placate the One
Who only pardons those seeking
The promising power of peace.

Rabbi Dr. Israel Zoberman is founder and spiritual leader of Temple Lev Tikvah, and Honorary Senior Rabbi Scholar at Eastern

Shore Chapel Episcopal, both in Virginia Beach. He is a member of the Virginia Beach Human Rights Commission.

RECOGNIZING THE PUBLIC
SERVICE OF MARK GROZIO

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2023

Mr. HIGGINS of New York. Mr. Speaker, today I am honored to recognize Legislator Mark Grozio and his remarkable career in public service. As a lifelong resident, graduate of LaSalle High School, and graduate of Niagara County Community College, Mark has always been equipped with a deep-seated familiarity and knowledge of his community.

His career as a county legislator was preceded by over 3 decades as a wireman and IBEW member. He graduated from apprenticeship school, and naturally, his predilection for leadership roles made him a good fit for serving as assistant business manager for over 10 years at IBEW Local 237. Mark served on the contract negotiation committee, executive board, and labor management committee. Needless to say, Legislator Grozio has long understood the value of labor unions and apprenticeship training. This experience served him well in the legislature while dealing with issues of economic development, infrastructure, and facilities. Through the years, Mark sought additional ways to enhance his community. He served on the Niagara Falls planning board, the Niagara Falls electrical board, and volunteers for the festival of lights and Veterans Memorial at Hyde Park in Niagara Falls. He has worked with United Way, coached Little League baseball, and assisted with several ice hockey organizations. Every hour that Mark devotes to one of these causes shows his true character—one that is service-oriented and generous.

Some of the hallmarks of a great career in public service are competence and a keen awareness of the issues facing your constituency. Legislator Mark Grozio exemplified these 2 characteristics for 10 years in the county legislature, and all the residents of Niagara County owe him a debt of gratitude. After countless hearings, meetings, and events, it is time that we wish Mark a very happy retirement. He will surely enjoy more time with his wife of 40 years, Lynda, and his entire family. In the meantime, his community will continue to reap the benefits of his career of hard work.
