

EXTENSIONS OF REMARKS

RECOGNIZING THE 50TH ANNIVERSARY OF THE YPSILANTI MEALS ON WHEELS PROGRAM

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mrs. DINGELL. Mr. Speaker, I rise today to recognize the Ypsilanti Meals on Wheels on the occasion of their 50 years of service to the community. The care and service that they provide to older members of the Ypsilanti community is worthy of commendation.

Ypsilanti Meals on Wheels began at the suggestion of the Ypsilanti's Mayor's Council on Aging in 1973. This program began with 16 homebound neighbors receiving home-delivered meals, and has since expanded into a reliable and strong force in Washtenaw County. The organization now includes pet food delivery through a partnership with the Huron Valley Humane Society, home repairs, and a program that helps seniors live more safely while remaining in the comfort of their own homes. The level of care and dedication to recipients of this organization is shown as it offers vegetarian meals, produce delivery, as well as medically friendly and culturally sensitive options. Additionally, Ypsilanti Meals on Wheels delivers all seven days of the week, ensuring that all senior clients get fresh meals each day.

The success of Ypsilanti Meals on Wheels would not be possible without the numerous partnerships they have. The support of these community organizations enables the program to run and deliver food to homes every day. The First Baptist Church of Ypsilanti was their first partner when the program started, their original home, and still plays a huge role in supporting them today. YMOW also works with staff and students from the University of Michigan and Eastern Michigan University to help with the initial intake process of community members and partners with Michigan Medicine's Patient Food and Nutrition Services to produce the meals. These partnerships also allow for YMOW's other services to the community, including the Pets Assisting the Lives of Seniors (P.A.L.S.) program that is run with the support of the Humane Society. All of these partnerships demonstrate how integrated the program is throughout the community and the extent of its aid throughout Southeastern Michigan.

Dedicated to serving older adults, Ypsilanti Meals on Wheels has demonstrated its commitment to the community throughout these last five decades. By providing nutritious meals, social interaction with community members, and other services, this organization allows the homebound residents in Washtenaw County the opportunity to maintain independence and comfort by living in their own homes. Every member of a community deserves to feel safe and happy, and this organization ensures that some of our most vulnerable members are able to thrive.

Mr. Speaker, I ask my colleagues to join me today in celebrating the 50th anniversary of Ypsilanti Meals on Wheels. For the last half-century, the program has been diligently serving the older adults of the community when they need it most. We thank Ypsilanti Meals on Wheels and its team members for its service to the Sixth District and are excited to see how the program keeps serving the community.

District. Jessica has departed my office for a new opportunity serving as Legislative Aide in the Office of Sen. ELIZABETH WARREN, and I could not be more proud or grateful for her service.

From her birthplace in Bellshill, Scotland to the basketball court at Minnetonka High School and on to the halls of the United States Congress, Jess has proven herself a force to be reckoned with. In the spirit of a Minnetonka Skipper, Jess set sail across the pond to attend Lancaster University in the United Kingdom. After graduating with First Class Honours, she returned stateside to serve her home district with compassion and dedication.

Jess joined the office as a Staff and Executive Assistant, imparting her infectious joy on every colleague and constituent that walked through the front door. Her intelligence, kindness, and Radical Hospitality touched everyone she met and inspired the staffers who would follow in her footsteps. It wasn't before long that Jess grew into a widely respected and highly competent Legislative Assistant whose passion for helping others made her a role model for the entire team. Constituents came into their conversations with Jess eager to meet a DC staffer with deep ties to the district. They consistently left blown away by her empathy and policy acumen for the most pressing issues facing our country and Minnesota's Third Congressional District.

Jess worked tirelessly to make U.S. Department of Agriculture programs more equitable for Black and Brown farmers, provide adult sized changing tables in airports to ease travel for people with disabilities, and preserve Minnesota's Boundary Waters as an oasis uninhibited by harmful mining practices. She is a fierce advocate who has an unparalleled ability to treat the issue at hand with the utmost importance. The office will not be the same without her insight, diligence, warm smile, and occasional sarcasm. We look forward to working for Jess some day in the not-too-distant future.

The people of Minnesota's Third Congressional District were lucky to have her expertise and leadership, and she will be dearly missed. However, I'm extraordinarily happy that this expertise will continue to serve the nation and the people of Massachusetts. I wish Jessica all the best in her future endeavors and thank her for two years of faithful service to this nation—and many more to come.

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Ms. SEWELL. Mr. Speaker, I rise today to honor the extraordinary career and achievements of Lieutenant General A.C. Roper, the first African American three-star general in the U.S. Army Reserve, as he celebrates his retirement from the U.S. Army.

Lieutenant General Roper's exemplary service began after he was commissioned in 1983 as a student at the University of Alabama at Birmingham. His military education is extensive, including Chemical Officer Basic and Advance Courses (Honor Graduate of both), Public Affairs Officers Course, Equal Opportunity Advisors Course (Commandant's Award), Inspector General Course, Combined Arms Staff Services School, Command and General Staff College (Commandant's List), the US Army War College, the Joint Senior Reserve Component Officer Course, the Defense Support to Civil Authorities (DSCA) Course, the National Defense University's CAPSTONE Course, the NORTHCOM Joint Task Force Commanders Course, and Harvard University's National & International Security Seminar. He earned a Master of Science from the University of Alabama and a Master in Strategic Studies from the US Army War College. He furthered his education at the Federal Bureau of Investigation (FBI) National Academy and the FBI National Executive Institute. He specialized in protecting critical infrastructure and served on the Executive Board of the FBI Joint Terrorism Task Force.

On May 14, 2021, Lieutenant General Roper broke a barrier within the armed services, becoming the first African American to become a three-star general in the U.S. Army Reserve, earning the rank of Lieutenant General.

Most recently, Lieutenant General A.C. Roper served as the Deputy Commander, U.S. Northern Command, and Vice Commander, U.S. Element, North American Aerospace Defense Command at Peterson Air Force Base, Colorado. As Deputy Commander, Lieutenant General Roper assisted the Combatant Commander in anticipating, preparing for, and responding to threats against North America and within Northern Command's assigned area of responsibility. Additionally, he provided oversight of the U.S. Northern Command's mission to provide Defense Support of Civil Authorities.

Throughout his decorated career, Lieutenant General Roper's reputation has always been one of purpose and passion. Prior to this current assignment, he commanded the 76th

Operational Response Command in Salt Lake City, UT, which was the USAR's all-hazard response command. He also served as Commanding General—80th Training Command (OPCON to TRADOC), Acting Deputy Commanding General—CBRN, 335th Signal Command, and Commander of the 415th CBRN Brigade, where he was dual-hatted as the Task Force Operations Commander, JTF-51, ARNORTH for the C2CRE-A homeland response mission. Lieutenant General Roper's awards and decorations include the Distinguished Service Medal with Oak Leaf Cluster, Legion of Merit with two Oak Leaf Clusters, Bronze Star Medal, Meritorious Service Medal with three Oak Leaf Clusters, Joint Service Commendation Medal, Combat Action Badge, and various other awards. He also served as a principal member of the Secretary of the Army's Army Reserve Forces Policy Committee and the Secretary of Defense's Reserve Forces Policy Board.

As a civilian, Lieutenant General Roper has over 33 years of law enforcement experience, serving as the Chief of Police of the Birmingham Police Department for a decade. He has also served as an Adjunct Professor of Criminal Justice and on the Executive Board of the FBI Joint Terrorism Task Force.

On a personal note, I got to know the Lieutenant General in his civilian capacity as the Police Chief for the City of Birmingham Police Department, for over 10 years. Chief Roper, as he was called, is a disciplined and principled servant leader who impressed me with his firm yet compassionate leadership style that commanded the respect of his fellow officers and endeared him to the Birmingham community. While serving as Police Chief, he continued to serve his country as a U.S. Army reservist whose deployment assignments were in Saudi Arabia and Afghanistan. Lieutenant General Roper is an honorable man, guided by his abiding faith in God and love of country shown in both his military and law enforcement service. On behalf of a grateful Nation, we honor Lieutenant General Roper for his 33 years in law enforcement and his 41 years of military service. We commend him for his dedication, commitment, and strong belief in God, family, and country. I thank him.

RECOGNIZING THE CITY OF RIDGELAND, MISSISSIPPI, ON THE OCCASION OF ITS 125TH ANNIVERSARY

HON. MICHAEL GUEST

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mr. GUEST. Mr. Speaker, I rise today to recognize the city of Ridgeland in Madison County, Mississippi, on the occasion of its 125th anniversary in 2024.

The land that is now Ridgeland was once only a footpath along the Natchez Trace for the local Choctaw Indians. Over time, the footpath became a common road for travel and commerce. Turner Brashears, an early settler in Mississippi, opened a stand nearby in 1804 after seeing the potential of the area for business. In 1811, Silas Dinsmor opened the Choctaw Agency in the area. Though small and seemingly insignificant at the time, in 1812 Andrew Jackson camped with his army at Brashears Stand returning from New Orleans.

By 1829, Madison County, named after former President James Madison, was established in Mississippi. The growth in the area was recognized and in 1832 William J. Austin was granted land along the Natchez Trace. In 1853, Austin sold the land to James Burroughs from North Carolina. By 1865, the area was called Yellowley's Crossing by the Illinois Central Railroad, which operated there. This changed the old footpath forever.

The local community began to swell with people and the locals started calling the area Jessamine. The old Brashears Stand was destroyed by a fire in 1896 and Yellowley sold his land to the Highland Colony Company owned by Gorton W. Nichols and Edwards M. Treakle. In 1899, the village was incorporated as Ridgeland.

Since its incorporation in 1899, Ridgeland has been a center for trade and travel and offers a vibrant life for its residents. Through many decades of forward-thinking leadership, including that of longtime mayor Gene McGee, Ridgeland has continued to prosper. In 1999, Ridgeland celebrated 100 years and here, in 2024, I am proud to offer these remarks in honor of her 125th anniversary.

Ridgeland has done much through the years to contribute to the betterment of society and I'm proud to represent Ridgeland, Mississippi, in the United States Congress.

HONORING THE CARYVILLE CARES PROJECT

HON. CHARLES J. "CHUCK" FLEISCHMANN

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mr. FLEISCHMANN. Mr. Speaker, I rise today to honor the Caryville Cares Playground project in Caryville, TN, and recognize the community that has supported it.

In Campbell County, TN, roughly one in five people under the age of 65 years old have a disability according to the US Census, nearly double the national average, yet no playground in the community was considered inclusive for those with different needs and abilities.

The Caryville Cares Playground is an inclusive playground, where children of all different ability levels would have the opportunity to play together. Inclusive playgrounds like this are the start of healthy friendships that can last a lifetime and are places where children of all levels of ability are able to experience the joy of outdoor play.

The playground was designed with seven main principles in mind to be fair; be free; be included; be smart; be independent; be safe; be active; and be comfortable. The seven principles guided every step of the planning, construction, and implementation for this project.

The groups that initiated this project spearheaded fundraising, applied for grants, and solicited donations and support from the Caryville community. Their efforts included dinners, auctions, roadblocks, and even a local "Dancing with the Stars"-styled event. They successfully raised more than a half million dollars in both cash and in-kind donations.

After two years of hard work by the team, the playground was fully funded. On April 26, 2024, the gates to the Caryville Cares Playground opened for the first time. Every child in the community will finally have a place to play, thanks to the dedication of the Caryville Cares organizing committee and the incredible generosity of the local community.

It is my pleasure to recognize the community team that took on this important and worthwhile undertaking. The group includes Mr. Brandon Johnson, who served as its president, along with fellow members Mrs. Cheyenne Allen, Mrs. Tayler Franke, Mr. Landyn Ford, Mr. Joe Goins, Mr. Blake Gray, Mrs. Tara Lee Gillespie, Mrs. Kristin Long, Mr. Joshua McDowell, Mrs. Autumn Longmire, Mrs. Ali Dower Miracle, Mrs. Ashley Whited, Mrs. Brandy Nelson, Mr. Micah Nelson, Mrs. Sara Padgett, Mr. Patrick Pebley, Mrs. Kaylee Queener, Mrs. Raewyn Snodderly, Mrs. Elizabeth Tamer, Mrs. Emily Tamer, Mrs. Katy Winter Vincent, Mrs. Ally Winter, Mr. Kevin Winter, and Mrs. Saarah Young.

Ms. DELBENE. Mr. Speaker, I rise today to thank Cecily Hahn for three and a half years of invaluable service to my office and my constituents in Washington's 1st Congressional District. Cecily joined my office in January 2021, and as a former resident of the 1st Congressional District, she brought a much-needed and valuable perspective on the issues that matter the most to our communities. She worked tirelessly throughout the pandemic to support and address the unique challenges experienced by the exclave community of Point Roberts and other communities along our Northern Border. Through her persistence, the House passed legislation to add Mount Vernon as a federal court location in the U.S. District Court for the Western District of Washington. She has also been a fearless champion of advancing strong privacy legislation, and has elevated the profile of the XR Caucus within the House of Representatives. In addition to her advancement of my legislative priorities, Cecily has served as a wonderful mentor to others on my staff and helped them grow and advance in their own careers.

Cecily brought a great work ethic, strong Washingtonian spirit, and exemplary legal knowledge to the role. Over her tenure, we have learned about all things Taylor Swift and F1, and her impact on our office will be long lived. She built lasting relationships with my team and those who had the pleasure of getting to know her. Cecily has been an amazing staffer and a wonderful friend to all in the office, and we will all sorely miss her.

Mr. Speaker, I ask my colleagues to join me in honoring Cecily Hahn and wishing her the best in all of her future endeavors.

RECOGNIZING PROFESSOR BARRY BARISH FOR RECEIVING THE NATIONAL MEDAL OF SCIENCE

HON. MARK TAKANO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mr. TAKANO. Mr. Speaker, I rise today to recognize Professor Barry Barish of University of California, Riverside, for receiving the National Medal of Science from President Biden in honor of his great achievements and invaluable contributions to the field of particle physics.

The citation for his award reads "For exemplary service to science, including groundbreaking research on sub-atomic particles. His leadership of the Laser Interferometer Gravitational-Wave Observatory led to the first detection of gravitational waves from merging black holes, confirming a key part of Einstein's Theory of Relativity. He has broadened our understanding of the universe and our Nation's sense of wonder and discovery."

In addition, Professor Barish was awarded the 2017 Nobel Prize in physics in recognition of his leadership in the discovery of gravitational waves—first predicted by Einstein a

century earlier. Professor Barish is currently faculty at University of California, Riverside, in the Department of Physics and Astronomy where he was instrumental in recruiting and developing a new group of faculty focused on the broad field of experimental cosmology.

These young faculty are conducting cutting edge research exploring the universe using gravitational waves, searching for dark matter, using the smallest known particles to probe the origin of matter in the universe, and studying the earliest light leftover from the big bang to understand how the universe formed. This group now plays leading roles in international experiments exploring this groundbreaking science and is developing novel instruments that will lead the way for future scientific endeavors for years to come. This research group is also training the next generation of scientists and engineers.

The skills that students learn will prepare them to be future leaders in research and industry alike, becoming experts in emerging technologies like semiconductors and quantum sensors, and they will be prepared to grow these vital industries.

I commend Professor Barish for his remarkable achievements in science and teaching and his work training the next generation of scientists at University of California, Riverside. May their work continue to illuminate the mysteries of the universe and inspire us all to reach for the stars.

CELEBRATING FOUNDER'S DAY OF THE RUSH CREEK YACHT CLUB

HON. PAT FALLON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mr. FALLON. Mr. Speaker, I rise today to celebrate the founding of the Rush Creek Yacht Club of Heath, Texas.

In 1969, a group of visionary entrepreneurs from White Rock Lake conceived the idea of forming a yacht club to bring together sailing enthusiasts across North Texas. This club would be located on the shores of the newly built Lake Ray Hubbard and classified as a

nonprofit organization owned by its members. After a steering committee was formed, the board members obtained state approval, including tax-exempt and nonprofit status. The members initially settled on naming it the "Dallas Olympic Yacht Club", but it was changed to the "Rush Creek Yacht Club" shortly after.

Since its establishment, the Rush Creek Yacht Club has devoted itself to building a family-oriented boating club to serve sailors of all ages and experience levels. On top of providing year-round recreation, the Rush Creek Yacht Club continues to stress the importance of family values. This Founder's Day, I am proud to recognize the Rush Creek Yacht Club's past, present, and future.

I have requested the United States flag to be flown over our Nation's Capitol in recognition of this historic occasion. I wish them continued success and fair winds for many years to come.

Dr. Ryan's influence extends beyond the boundaries of education. His role in the U.S. Department of State's Diplomatic Culinary Partnership underscores his commitment to leveraging food as a means of fostering international relations and cultural exchange. His accolades, including the Presidential Medal from the World Association of Chefs Societies and induction into the James Beard Foundation's Who's Who of Food & Beverage in America, demonstrate his impact on the global food landscape.

Commended as one of the 50 Greatest Pittsburghers of All Time, Dr. Ryan's philosophy is simple yet profound: "100 percent of the world eats food". This universal truth drives his mission to educate and inspire the

next generation of culinary leaders, ensuring that the CIA remains at the forefront of the world's gastronomic scene.

Dr. Ryan's contributions to the CIA, the food industry, and the broader community in the Hudson Valley of New York are immeasurable. His contributions have not only shaped the CIA but have also enriched the world's culinary heritage, making him a true pioneer of American cuisine.

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mr. FALLON. Mr. Speaker, I rise today to recognize Colonel Howard Hanson of Granger, Indiana, and present him with the Congressional Patriot Award for a lifetime of service to our Nation.

Col. Hanson was born on June 28, 1940, in Slayton, Minnesota. He spent most of his childhood on a family farm and had a desire to serve and defend his country. In 1963, Col. Hanson commissioned into the United States Air Force and served as a pilot with the 615th Tactical Fighter Squadron and the 522nd Tactical Fighter Squadron. During the Vietnam War, he flew 315 combat missions in the F-100 Super Sabre fighter jet. Prior to retiring from military service in 1992, Col. HONORING THE LIFE AND LEGACY OF LAWRENCE "LARRY" AMENDOLA

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Ms. DeLAURO. Mr. Speaker, it is with a heavy heart that I use today to pay tribute to the life and legacy of an outstanding member of the New Haven community and my dear friend, Lawrence Amendola. Larry was an extraordinary man who dedicated a lifetime of service to the City of New Haven, particularly the Wooster Square neighborhood we both called home.

Born and raised in New Haven, Connecticut, Larry enlisted in the United States Army after graduating from high school. Stationed in Ger-

many for the majority of his military service, he was honorably discharged before returning to New Haven to begin his career. Larry spent his professional life as a civil servant, beginning his City employment at the CETA Program and later working for the Department of Parks and Recreation, retiring at the age of 75.

Larry also served as President of AFSCME Local 3144 Management Union, one of City's largest unions, for over 20 years. It was in this role that he had the most impact—where he fought on behalf of hundreds of city employees, negotiating contracts that ensured good wages and health benefits as well as pension and retirement security. Larry understood better than most the benefits of the union and he worked tirelessly on behalf of those he represented.

While Larry dedicated his professional life to the City of New Haven, he also dedicated much of his time and energy to the community as well. He served as Vice-President and President of the Saint Andrew the Apostle Society—one of the Italian American social organizations whose goal is to preserve and celebrate our shared Italian heritage. Larry served in these roles for more than 30 years and volunteered countless hours at the Society's annual festival. His work in the community was recognized when he was awarded the Steve Vuolo Award.

I am fortunate in that I knew Larry for most of my life. He was a close family friend, having worked with both of my parents over the years. I had the opportunity to work with Larry early in my career. I was working with the Community Action Institute—at the Skill Center on Cedar Street—and Larry and I partnered to organize additional city employees. He was not only a friend, but a great mentor. I learned a lot from him and was always grateful for his support and friendship throughout my own career.

Lawrence "Larry" Amendola was a remarkable member of our community. His passing leaves a hole in our community that will not easily be filled. I extend my deepest sympathies to his companion of nearly 20 years, Flora D'Elsi, as well as his many cherished nieces, nephews, great and great-great nieces and nephews. His passion, advocacy, and commitment to service will long serve as an example to which we should all strive.

HONORING JAMES COLLINS TAYLOR, VETERAN OF THE GHOST ARMY, FOR RECEIVING THE CONGRESSIONAL GOLD MEDAL

HON. WARREN DAVIDSON

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mr. DAVIDSON. Mr. Speaker, on February 1, 2022, the President signed into law S. 1404, which awarded a Congressional Gold Medal to the 23rd Headquarters Special Troops and the 3133d Signal Service Company, known as the Ghost Army. The Congressional Gold Medal is the oldest and highest civilian award in the United States. I rise today to honor Sergeant Major James Collins Taylor II for his contributions, sacrifices, and patriotism while serving in the Ghost Army during World War II. Due to the unit's sworn

secrecy, their service and contributions went unnoticed for far too long.

Sergeant Major James Collins Taylor II was born in Mission, Texas, on November 13th, 1915. Mr. Taylor joined the Civilian Conservation Corps. After the outbreak of World War II, he was assigned to the 23rd Headquarters Special Troops. This specialized unit comprised only 1,100 brave Americans and often served near the front lines.

Mr. Taylor helped conduct numerous deceptive campaigns with the Ghost Army throughout Europe. During his service, he received a Certificate of Merit and was promoted to Sergeant Major of the Army—the highest rank possible for an enlisted soldier. While the Ghost Army's work was secret, its impact was substantial. The Ghost Army performed 22 "deception missions" across the front lines of France, Belgium, and Germany. By simulating the movement of 30,000 service members, the Ghost Army fooled German forces and aided General Patton at several critical junctures in World War II.

It is my honor to recognize the service Sergeant Major James C. Taylor and the Ghost Army. Their dedication and service saved thousands of American lives. Although the Congressional Gold Medal reaches Mr. Taylor posthumously, he is survived by a grateful family and country.

During this time, Mr. Brown's longtime support of the Sherman business community, as well as his many years of community involvement, did not go unnoticed. After he briefly retired in 2010, he was selected the following year by members of the Sherman Chamber to serve as its Interim President. Through various initiatives and visionary leadership, he laid the foundation for the Sherman business community's tremendous growth and economic success.

He was also a board member of the Boys and Girls Club of Sherman and the Sherman ISD Education Foundation. Moreover, Mr. Brown led efforts to connect Grayson College and the Texas Association of Business to ensure it received newly enacted education funding. In his free time, he enjoys golfing, traveling, and the outdoors. I am proud of the work Mr. Brown has accomplished for our business and education community.

I have requested the United States flag to be flown over our Nation's Capitol to honor Mr. Brown's lifetime of service to the people of North Texas. May God Bless him.

HONORING MR. ANTHONY
DEWAYNE BAKER, SR.'S LIFE
AND LEGACY

HON. MARC A. VEASEY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mr. VEASEY. Mr. Speaker, I rise today to commemorate the life and accomplishments of Mr. Anthony DeWayne Baker, Sr.—a pillar of our Dallas community.

Mr. Baker was a graduate of David W. Carter High School in Dallas, Texas before rising through the ranks of Airbus helicopters. Anthony then went back to school, graduating from Dallas Baptist University with a Bachelor's Degree in Business in 2005. Anthony's first job was employment at Walls Services delivering sheet rock and in 1991 his career in the aerospace industry began when he landed a job working in the Bond shop at Vought Aircraft, formerly known as LTV. However, after 3 years with his newfound skills he accepted a temporary position as a blade repairman at American Eurocopter (Airbus), and due to his hard work and determined mindset he was later offered a permanent position. Mr. Baker eventually capped off his illustrious career as Vice President for Customer Support at Airbus Helicopters, the first African-American to hold the position.

Throughout his lifetime he overcame many barriers both personally and professionally, while always looking for ways to help others. He was a man of faith who proudly served our community for many years in his capacity as a Deacon, a member of the Cedar Hill Volunteer Fire Brigade; he was the current President of Summit at Lake Ridge HOA; he served on the UTA Engineering Board of Advisors; a

member of the Grand Prairie United Charities Board of Directors, and was involved in countless other charitable endeavors.

My thoughts and prayers are with all those who knew and loved Anthony, particularly his wife, Stacie, and his two children, Anthony DeWayne Baker, Jr. and Avery Alexander Baker. May his memory last forever.

THE NATIONAL CAPITAL REVITALIZATION AND SELF-GOVERNMENT IMPROVEMENT ACT OF 1977 TECHNICAL CORRECTIONS ACT OF 2024

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Ms. NORTON. Mr. Speaker, today, I introduce the National Capital Revitalization and Self-Government Improvement Act of 1977 Technical Corrections Act of 2024, which would address several retirement issues for current and former District of Columbia employees that resulted from the National Capital Revitalization and Self-Government Improvement Act of 1977 (Revitalization Act). The Revitalization Act, among other things, transferred several categories of employees who were in the D.C. retirement system to the federal retirement system and the federal government took over paying for the pension benefits earned by teachers, police officers, firefighters, and judges before 1997.

The Revitalization Act transferred several categories of employees, primarily related to D.C.'s criminal justice system, who participated in D.C.'s defined contribution plan from 1987 to 1997 to the Federal Employees Retirement System (FERS). However, these employees' service from 1987 to 1997 was not counted for purposes of creditable service or annuity amount in FERS. In 2009, Congress passed legislation counting this service for creditable service, but not annuity amount. This bill would allow these employees to buy into the FERS annuity amount for 1987 to 1997 by paying 1.3 percent of their base pay plus interest, essentially the employee contribution for this time, which would give them the full retirement benefit to which they should be entitled.

Second, this bill would address two benefit issues for employees in the teachers, police officers, and firefighters pension plans, whose pre-1997 benefits are funded by the federal government. In 2018, D.C. enacted a law to provide domestic partner benefits for the police and firefighters pension plan, which mirrored a law already enacted for teachers. However, these domestic partner benefits apply only to service accrued after 1997, since the federal government funds pre-1997 benefits. This bill would make the domestic partner benefits available for pre-1997 benefits, too.

Finally, in 2012, D.C. enacted the Equity in Survivor Benefits Amendment Act, which reduced from age 60 to 55 the age after which a surviving spouse may remarry without losing survivor benefits for those in the teachers, police, and firefighters pension plans. However, these survivor benefits apply only to service accrued after 1997, since the federal government funds pre-1997 benefits. This bill would bring those pre-1997 benefits in line with both

the post-1997 benefits and the retirement benefits for federal employees in the Civil Service Retirement System or FERS and make an analogous change for D.C. judges, whose retirement benefits are funded by the federal government. In general, for federal retirees, 55 is the age after which a surviving spouse may remarry without losing survivor benefits.

This bill is an important step to assist these workers in getting the retirement benefits they deserve. I urge my colleagues to support this bill.

RECOGNIZING PASTOR GEORGE W. WADDLES, JR., FOR HIS DECADE OF SERVICE

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mrs. DINGELL. Mr. Speaker, I rise today to recognize Pastor George W. Waddles, Jr., on the occasion of his 10 years of service to the Second Baptist Church of Ypsilanti, Michigan. His significant service to his congregation and community is worthy of commendation.

After serving Sunset Missionary Baptist Church of Texarkana in Texas for over ten years, Pastor Waddles began his service as Pastor of the Second Baptist Church in Ypsilanti, Michigan, in March 2014. Under his leadership, the Second Baptist Church has become a pillar of Ypsilanti, and continues its important mission of serving the community.

Pastor Waddles has led by example and embodies the mission of the church: Connection, Commitment, and Community. During his decade of service, Pastor Waddles has been deeply involved with ministry teams to better serve his community, and the church continues to make a positive impact by promoting the Making Strides Cancer Walk, participating in the Ypsilanti 4th of July Parade, and collecting backpacks and school supplies to help students. Pastor Waddles has also been a lecturer and instructor in the National Baptist Congress of Christian Education and the Wolverine State Convention and Huron Valley District Association. He has served as Dean, and currently is the President of the Huron Valley District Congress of Christian Education. Across all these roles, Pastor Waddles has remained committed to serving his community and uplifting all those within it.

Mr. Speaker, I ask my colleagues to join me in honoring Pastor Waddles for his decade of public service in Ypsilanti. His commitment to his faith, community, and mission is truly inspiring. HONORING FELLOW MISSISSIPPIAN AND FORMER PRESIDENT OF THE THOMAS JEFFERSON FOUNDATION—DANIEL P. JORDAN

HON. MICHAEL GUEST

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Mr. GUEST. Mr. Speaker, I rise today to recognize the life and legacy of Mississippi native Dr. Daniel P. Jordan. Dr. Jordan served as the executive director and the President of the Thomas Jefferson Foundation in Charlottesville overseeing the historical process and interest of Thomas Jefferson's Monticello.

As a native Mississippian, he was known for his "Magnolia Alerts" which would alert him to any vehicle with a Mississippi license plate. David would personally go to the visitor's center and welcome his fellow Mississippians to Monticello.

He was known as "the most consequential president on the Mountaintop since Jefferson himself." He worked hard to raise money for the Thomas Jefferson Foundation and to expand the research capabilities at Monticello. David made the history of Jefferson accessible to everyday Americans through expanding Monticello's programing and growing their audience.

Dr. David Jordan was a frequent visitor to the Neshoba County Fair in Mississippi, even during his long tenure in Virginia. I'm thankful for Dr. Jordan's dedication to the scholarship of history, the years of research into Jefferson's life, and his unwavering commitment to his Mississippi roots.

I will end with some of David's words about President Jefferson. "We have 200 people trying to keep up with one man—one dead man, and we will never catch him." If anyone got close to catching Jefferson, it was Dr. Daniel Jordan.

HONORING WORKERS MEMORIAL DAY 2024

HON. NIKKI BUDZINSKI

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Monday, April 29, 2024

Ms. BUDZINSKI. Mr. Speaker, I rise today to recognize Workers Memorial Day 2024 and the workers who have both lost their lives or risk their lives in unsafe working conditions on a daily basis. Too many people across the country, even today in 2024, are still forced to choose between a paycheck and having a safe and healthy workplace. This is unacceptable, and on Workers Memorial Day we remember all the workers who have been injured or have lost their lives on the job.

As a Member of Congress, I am dedicated to working to ensure that Congress and the

federal government both strengthen protections for workers in the workplace and defend the rights of workers to organize and create strong unions. For this reason, I am proud to be an original cosponsor of the PRO Act and

will continue to work with my colleagues in Washington to push Congress to take up and pass pro-worker legislation.

As someone who got their start in the labor movement, I will never stop advocating on behalf of the working men and women who

serve as the backbone of this country. On this Workers Memorial Day, I am proud to take this opportunity to honor them and the sacrifices they have made over the years to fight for their right to be treated with dignity.
