

We will continue to stand on the side of the American people to solve problems for hardworking American taxpayers to make life more affordable and to ensure that in America, Mr. Speaker, when you work hard and play by the rules, you should be able to provide a comfortable living for yourself and for your family. You should be able to educate your children, purchase a home, one day retire with grace and dignity, go on vacation every now and then, and, of course, have access to high-quality affordable healthcare, not to take healthcare away from the American people.

CONGRATULATING MO BETTER JAGUARS

Mr. Speaker, I rise today to pay tribute to the 2024 Pop Warner Football National Champions for 9 and under, and to welcome them to the House Chamber. The Mo Better Jaguars straight out of Brownsville, "Never Ran, Never Will."

Throughout the season, the Mo Better Jaguars team displayed incredible skill, resilience, courage, intellect, and determination on the field and off.

In a year when our local NFL teams went a combined 8-26—it is rough to be a Jets and Giants fan at this moment—the Jaguars did their thing and put together a remarkable 12-0 undefeated season, not giving up a single touchdown before the Super Bowl.

During their championship run, people from all walks of life, including the owner of the iconic Junior's Restaurant came together to support the Jaguars to make sure they could travel to Florida, participate in the Pop Warner Super Bowl, and bring the trophy home to Brooklyn.

What a show they put on. Running back Ron Rollock made the play of the game with an incredible one-handed catch on fourth down to seal the victory for the Jaguars.

It was an incredible team effort.

I thank the dedicated coaches, loving parents and families, and the entire Brooklyn community for supporting these amazing young men.

I welcome the Jaguars to the House Chamber and congratulate the Mo Better Jaguars on their Super Bowl victory.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. LOUDERMILK). The Chair will remind all persons in the gallery that they are here as guests of the House and that any manifestation of approval or disapproval of proceedings is in violation of the rules of the House.

HAMAS DOES NOT DESIRE TO COEXIST

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, in the budget resolution document there is no

mention of Medicaid or any cuts to it or Social Security or Medicare, any of them. That is a lie that continues to be told on this floor and in the media. People shouldn't buy into it and then swamp their Member of Congress as a result of these lies and have these aggressive townhalls.

Constituents are being lied to when they say this stuff. We are going to contemplate this budget resolution in the budget reconciliation process, and that will be in front of the people so they can see.

I did want to talk about the situation in Israel a little bit and Hamas and the way they have so brutally murdered and abused people there.

It has been 500 days. It is time that we recognize Hamas for what they are because they are not wearing any "Co-exist" stickers on themselves or the bumpers of their cars. They do not want to get along with Israel.

The goal in much of that world is to destroy Israel. This is what we are dealing with. We need to remember that as negotiations go forward and as we get the hostages back.

MEDICAID

(Mrs. CHERFILUS-McCORMICK asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. CHERFILUS-McCORMICK. Mr. Speaker, I rise today to speak out against the Republicans' latest budget proposal, which could deny American families of the healthcare they need to survive.

In my district alone, more than 149,000 people on Medicaid are now at risk of losing their healthcare. This includes more than 84,000 kids and over 21,000 seniors. Medicaid is a lifeline for the most vulnerable Floridians.

In Palm Beach County, Medicaid has allowed Reverend Latifah Griffin to care for her 10-year-old son who suffers from pain and has severe difficulty walking. Her son has cerebral palsy and depends on a wheelchair and pediatric extended care.

In Alachua County, Medicaid has meant that Virginia, an adult with a disability, has a home health aide to care for her every single day so that she won't just survive, but so that she can thrive at home, in her environment.

These are the people who will suffer the most if these proposals move forward. I will do whatever it takes to push back and to make sure that every vulnerable American has the services that they need.

REPUBLICAN HYPOCRISY AND GOP BUDGET PLAN

(Mr. FROST asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FROST. Mr. Speaker, what we are seeing right now is nothing short of a great betrayal. Donald Trump, president Elon Musk, and every single Republican in this Chamber who voted to advance the Republican budget resolution last night have been looking their constituents in the face and lying.

They want to make cuts to Social Security, Medicare, Medicaid, and SNAP. These are programs that millions of Americans rely on to survive.

They want to tear apart the safety net that millions of seniors, veterans, disabled folks, working people, and over 38 million children rely on.

They are willing to leave you and your families to suffer. After they voted for the bill, they clapped about it.

Why? It is because, in a few months, they want to pass massive tax cuts for billionaires and mega-corporations, and they want your children and your grandparents to pay for it. This isn't just about politics. It is an attack on everybody who has to clock in and out every day for work.

Yesterday, House Republicans wanted to forcibly remove me from a committee for calling out this administration's grift, but they don't have a single damned thing to say when it comes to protecting healthcare for children and seniors.

The SPEAKER pro tempore. Members are reminded to refrain from engaging in personalities toward the President and to direct their comments to the Chair.

RECOGNIZING HEART HEALTH MONTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise to recognize Heart Health Month.

Heart Health Month is a time to raise awareness about the importance of cardiovascular health and the steps that we can take to protect our hearts. Heart disease remains the leading cause of death in the United States, affecting millions of Americans each year.

The good news is that many heart conditions are preventable through small everyday choices. Taking care of our hearts doesn't require drastic changes. It is about simple, constant, consistent habits: staying active, eating a balanced diet, managing stress, and keeping up with regular checkups.

Beyond personal choices, Heart Health Month is also a reminder to check in on our loved ones. Encourage family and friends to prioritize their heart health by scheduling a doctor's visit or finding ways to stay active together.

Mr. Speaker, I recognize this month as a chance to educate, motivate, and take actions because a healthy heart means a healthier, longer life for all of us.
