

EXTENSIONS OF REMARKS

HONORING STUDENTS SRIKRISHNA DOWLAPALLI, AVNEET SINGH, KUSH DAVE, AND AARON PERSKY OF BRIDGEWATER-RARITAN HIGH SCHOOL

HON. THOMAS H. KEAN, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2026

Mr. KEAN. Mr. Speaker, I rise today to honor students Srikrishna Dowlapalli, Avneet Singh, Kush Dave, and Aaron Persky of Bridgewater-Raritan High School. I applaud their work in expanding awareness for early lung cancer screening as New Jersey's first high school chapter of the American Lung Cancer Screening Initiative (ALCSI).

As President and founder of the chapter, Srikrishna authored S4042/A5028, the First Responders and Veterans Lung Cancer Screening Access Act. The bill aims to create a free education and referral program informing our most vulnerable citizens about their eligibility for low dose CT lung cancer screening—a test proven to reduce lung cancer mortality by 20 percent when caught early.

This once student project is now before the New Jersey Legislature with 10 bipartisan sponsors, the endorsement of the Professional Firefighters Association of New Jersey, and the support of the New Jersey State Fraternal Order of Police.

Srikrishna has also taken his vision globally. Working with the Rwanda Biomedical Centre to help establish their first lung cancer screening program. Under the mentorship of Dr. Pax Karamage of the Center's Public Health Surveillance and Emergency Preparedness Division, these students have built a comprehensive partnership that now includes the U.S. Embassy in Kigali's Economic and Commercial Section.

The members of Bridgewater-Raritan High School's Chapter of ALCSI have exhibited tremendous effort on behalf of first responders, veterans, and victims of lung cancer worldwide. As a former volunteer firefighter myself, I am honored to celebrate the accomplishments of these dedicated individuals. I sincerely wish them continued success in their exemplary service.

CELEBRATING THE CHRISTOPHER FAMILY AND THE GILROY GARLIC FESTIVAL

HON. ZOE LOFGREN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 22, 2026

Ms. LOFGREN. Mr. Speaker, I rise to celebrate the Gilroy Garlic Festival, a beloved annual tradition in Santa Clara County dating back to 1979.

Drawing thousands of visitors from across the country, this three-day festival has raised millions of dollars for local schools and charities.

With everything from garlic fries to garlic ice cream, the Gilroy Garlic Festival reminds people every year why Gilroy is the Garlic Capital of the World. In fact, over half of America's garlic is now grown around Gilroy and 90 percent of the country's garlic harvest is processed here.

This cherished event is thanks in large part to the Christopher Family, who made the long journey from Denmark to America in the 1890s. After hearing tale of the Santa Clara Valley's dark, fertile soil and Mediterranean climate, they knew this land would be where they would settle.

In 1979, Donald Christopher co-founded the Gilroy Garlic Festival, with an estimated 15,000 people showing up to the two-day event, about triple the number they expected. By the 1980s, there were more than 100,000 ticket buyers.

Today, the legacy of Don Christopher is carried on by his family, including his son, Bill, and grandsons, Ken and Jason. Thanks to their hard work, the Gilroy Garlic Festival remains a critical part of Gilroy's identity and a moment that families look forward to year after year. The festival also could not take place without the help of thousands of volunteers. We thank them for their help, and we honor the Christopher family for their long service to our community.
