AMENDMENT NO. 6120

At the request of Ms. ERNST, the name of the Senator from Iowa (Mr. GRASSLEY) was added as a cosponsor of amendment No. 6120 intended to be proposed to S. 4784, an original bill to authorize appropriations for fiscal year 2027 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

STATEMENTS ON INTRODUCED
BILLS AND JOINT RESOLUTIONS

By Mr. PADILLA (for himself,
Mr. BOOKER, Ms. HIRONO, and
Mr. WARNOCK):

S. 5066. A bill to improve the health of minority individuals, and for other purposes; to the Committee on Finance.

Mr. PADILLA. Mr. President, I rise to introduce the Health Equity and Accountability Act of 2026. This comprehensive piece of legislation would eliminate racial and ethnic health inequities and increase access to healthcare for vulnerable communities across the entire spectrum of care by taking a comprehensive approach to health equity.

This bill is a comprehensive approach to address these systemic disparities impacting communities across the country. The bill would expand access to culturally and linguistically appropriate care; strengthen and diversify the healthcare workforce; remove cost, citizenship, and administrative barriers to coverage and care; increase Federal support for Medicare, Medicaid, and public health systems; establish innovative models for maternal, child, mental, and behavioral health; fund prevention programs for high-impact diseases that disproportionately affect marginalized populations; modernize data collection efforts and expand telehealth access; address the social determinants of health through investments in nutrition, environmental justice, and community-based supports so that health outcomes improve and disparities are systematically reduced.

The bill also lays out additional investments and policy changes to improve the health and well-being of underserved communities, address systemic health inequities, and ensure access to high-quality and affordable healthcare for all.

At a time when access to healthcare is under increasing threat for our most vulnerable communities, including through recent Federal policy changes and the implementation of H.R. 1, which has already resulted in significant coverage losses for millions of low-income families and communities

of color, the Health Equity and Accountability Act is more important than ever.

Rather than allowing existing inequities to widen, this legislation reaffirms a commitment to ensuring that all people have a fair opportunity to access the care and services they need. By prioritizing equity and accountability across the healthcare system, HEAA would help build a more resilient, inclusive, and effective system that better serves communities that have historically faced barriers to care.

I would like to thank the Congressional Hispanic Caucus and Congressman RAUL RUIZ for leading this legislation in the House of Representatives, and I look forward to working with my colleagues to enact the Health Equity and Accountability Act as soon as possible.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 811—EX-
PRESSING THE SENSE OF THE
SENATE REGARDING THE AD-
VERSE IMPACTS ON THE UNITED
STATES OF THE RECENT CANA-
DIAN WILDFIRES AND THE IM-
PORTANCE OF THE GOVERN-
MENT OF CANADA TO TAKE RE-
SPONSIBILITY FOR SUCH IM-
PACTS BY INCREASING EFFORTS
TO EXTINGUISH THESE FIRES
AND PREVENT THEIR RECUR-
RENCE

Mr. HOEVEN submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 811

Whereas the United States and Canada have a longstanding and close relationship based on shared values and common interests;

Whereas the shared border between the United States and Canada should be managed to the benefit of the people residing in both countries;

Whereas wildfires can adversely affect people on both sides of the shared border;

Whereas the safety, health, and well-being of United States residents is of the highest importance;

Whereas smoke from the recent wildfires in Canada has adversely affected the safety, health, and well-being of United States residents;

Whereas thousands of firefighters and emergency responders provide service and sacrifice to combat wildfires in order to protect lives and personal property under dangerous conditions;

Whereas responsible forest management, including hazardous fuels reduction, timber harvesting, grazing, and other forest restoration practices help reduce the severity and frequency of catastrophic wildfires; and

Whereas cooperation and collaboration between the United States and Canada on wildfire response, wildfire prevention, and long-term forest health and stewardship is in the mutual interest of both countries: Now, therefore, be it

Resolved, That the Senate—

(1) recognizes the significant adverse impact that smoke from the recent Canadian wildfires has had on the United States econ-

omy and the safety, health, and well-being of the American people;

(2) calls upon the Government of Canada to take responsibility for the cross-border impacts of these wildfires, including by immediately increasing efforts to extinguish the fires and prevent their recurrence; and

(3) urges President Donald Trump to further discuss with Prime Minister Mark Carney the importance of extinguishing these fires and preventing their recurrence.

NOTICE OF INTENT TO OBJECT TO
PROCEEDING

I, Senator RON WYDEN, intend to object to proceeding to S. 4979, a bill to establish a process to assure the long-term fiscal stability of the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund, dated July 22, 2026.
