I also talked about the hotel loan, which involved a loan to a politically connected developer to build the Springfield Renaissance Hotel. It was a $15 million loan from the State of Illinois. It appeared also, as we read some of those articles, that Federal money was involved in that, too, and that that loan was never repaid to the State of Illinois. Some payments were made. I don't know what the unpaid balance is today, but I think it is quite substantial. That developer still has that hotel, too. This hotel is very close, about a block and a half, maybe two blocks away, as we saw, from the proposed Abraham Lincoln Presidential Library.

If the library is built and it becomes the wonderful attraction we hope it will be for citizens from all over the country to come and enjoy and learn about Abraham Lincoln in the hometown of Abraham Lincoln, certainly it will generate a lot of tourist revenue for the city of Springfield. I imagine the Springfield Renaissance Hotel would benefit from the projections of increased tourism. I hope that would be the case. I hope that perhaps at that time the hotel, the partnership that runs it, would think about whether they couldn't make more payments to the State on that $15 million taxpayer loan that goes back to the early 1980s.

I know that State officials released personal guarantees and waived the State's right to foreclose on that hotel loan. It is clear there probably isn't much of a legally enforceable note anymore. You would have to wonder if those people would think about whether it wouldn't be a good idea for them, the right thing for them to do, to try to make payments when they could. They probably would argue that the notes are worthless now and that the State's rights as lender were waived while the loan was in default. It is kind of unusual. In fact, I have never really heard of a lender, when they have a bad loan, waive all their rights. It seems kind of odd to me.

In any case, there is another episode in our State's recent history that I was very vocal on when I was in the State senate. That was on how riverboat licenses were given out.

Back in about 1990, the State created 10 riverboat licenses. The first six of them were fairly site specific in their statute on where the river boat licenses had to go.

That always raised questions because there were questions of whether in drawing up the statute the State was actually attempting to steer these riverboat licenses to certain individuals. It just so happened that an investor in the first riverboat license awarded under the Illinois gaming law was the very same individual, Mr. William Cellini, about whom we have read some articles, who got the hotel loan, didn't have to pay it back, had the leases of the State buildings, and has been involved in politics in Illinois for a long time.

I would, if I could, like to continue on in an examination of what happened when the State didn't competitively bid the riverboat licenses, and I always believed they should have been competitively bid. You had licenses that turned out to be phenomenally lucrative. In some cases, very small investments made many people very rich, very quickly. There was always a question as to how the State determined who got the licenses. The people who wound up getting the first six licenses, which were fairly site-specific, tended to be people who were very much involved in State politics in Illinois. They were what I would call ''insiders'' in the State capitol. Of course, they always encouraged the perception that it was just a coincidence that these very lucrative licenses fell into their hands. And they got real rich, real quick.

In fact, a riverboat was put up in Joliet, IL. I remember when I was in the State senate, that boat was called the Joliet Empress. We could not find out the financial results of these boats. It was an exception to the freedom of information laws in Springfield, and even though these boats got a license from the State, they didn't have to give out financial information to the public. But the Joliet Empress decided to do a public bond offering, as I recall. In order to do that public offering of its debt securities, it had to file a registration statement with the Securities and Exchange Commission. In the process of filing that statement, they disclosed their investors and disclosed some of the financial results of the riverboat.

I am going to suggest that the original investment was somewhere in the neighborhood of $20 million. In the first 18 months, as I recall, the nine people who owned the riverboat took in something like $87 million in cash dividends. It kind of makes the Internet firms that we are reading about in the soaring NASDAQ index seem like nothing. This was really a bonanza for the people who wound up with these riverboat licenses.

When I read on the floor of the Illinois State Senate how lucrative these licenses were, I thought it was wrong that the State wasn't competitively bidding those licenses. They were setting up a process by which people who wanted these licenses could go through the politicians who could give it to them on a no-bid basis. And in so doing, the State was leaving an awful lot of money on the table. In fact, they were literally lighting a match to millions of dollars they could have reaped had they auctioned off those licenses and created some kind of bidding process and not allowed political favoritism to ever be a question in the awarding of those licenses.

In fact, there was a lot of opposition to ever competitively bidding those licenses. Certainly, the people who wound up owning or wanting the licenses never wanted those competitively bid. Instead, what happened, in order to raise revenue in the early 1990s, on a few occasions the State raised income taxes on everybody else.

Mr. President, let me go, if I may, to a couple of articles that describe how the State gave out the no-bid riverboat licenses. Again, this is all in the context of examining what happens when

State, Federal, or local government—any government at all—don't put restrictions on money they are giving out for contracts, or on benefits that they are giving out, when they don't make sure there is a competitive bidding process involved. Questions always arise as to whether there is political favoritism.

This article is from the Chicago Sun-Times of February 26, 1993. The byline is by Ray Long. The headline is, ''Developer Hits Riverboat Jackpot; Stock Sale Windfall Steams Treasurer.''

I ask unanimous consent that this article from the Chicago Sun-Times be printed in the RECORD at this point.

There being no objection, the article was ordered to be printed in the RECORD, as follows:

[From Chicago Sun-Times, Feb. 26, 1993]

DEVELOPER HITS RIVERBOAT JACKPOT; STOCK SALE WINDFALL ''STEAMS'' TREASURER

(By Ray Long)

Politically powerful Springfield developer William Cellini has sold $5.3 million in riverboat casino stock as part of a deal that prompted the state treasurer to call for a windfall tax on such transactions.

Argosy Gaming Co., owner of the Alton Belle riverboat, reported that Cellini sold 277,778 shares, netting him $4.9 million after fees, in last week's first public offering of Illinois riverboat stock.

Argosy sold a total of $76.6 million in stock, and the original shareholders collected $29.5 million, the company said.

Cellini remains the largest single shareholder, and his remaining shares could be worth more than $50 million, based on the value of the public shares.

Argosy plans to use money from the sale to pay start-up debts, fund a new riverboat and develop gambling in Louisiana and Missouri.

State Treasurer Patrick Quinn, a Democrat, said, ''I've got steam coming out of my ears'' from anger over the Argosy deal. ''It's downright obscene.''

A probable gubernatorial candidate in 1994, Quinn said Cellini should have been denied his piece of the Alton riverboat license because of questions about his role in a state loan to build the Springfield Ramada Renaissance hotel.

''I don't think if you take the taxpayers to the cleaners once, you should get a second chance to put more money in your own pocket,'' Quinn said while taping ''The Reporters,'' to be aired at 9 p.m. Sunday on WMAQ–AM (670).

The state should impose a windfall tax on investors in riverboat gambling ventures that start private and later go public, Quinn said.

In a separate interview, Cellini, a top Republican fund-raiser and friend of Gov. Edgar's, said the Springfield hotel arrangement was proper.

As for the riverboat transaction, he said he had been ''obligated at one time for an amount approaching a million'' dollars. He said federal regulations about new public offerings prevented him from discussing details about the company or stock sale.

The Ramada Renaissance received a 1982 state loan for $15.5 million at 12¼ percent interest. After recurring payment disputes, the loan was restructured in 1991 for $18.6 million at 6 percent.

Cellini said he was one of 80 partners in the hotel. ''I have never taken out or realized one penny from the hotel,'' he said.

Quinn's staff said the lenders defaulted in 1987 under former state Treasurer Jerry Cosentino and former Gov. James R. Thompson, a Republican and friend of Cellini's.

But Cellini disputed this account. ''During the time of the loan,'' he said, ''I don't believe we were ever declared in default—except in order to refinance and restructure, there may have been needed language implying such.''

Quinn said: ''A lot of folks, I think, are pretty upset about getting taxed to the limit and then seeing government operate . . . as a personal piggy bank for insiders. This is wrong.''

Mike Lawrence, spokesman for Edgar, said the Gaming Board's initial approval of the Alton riverboat project was granted before the governor took office. The final license approval came in 1991 after Edgar took office.

William Kunkle, Gaming Board chairman, said Cellini passed the agency's background check.

Meanwhile, Thursday, the Gaming Board met in Chicago and failed to reach agreement on how to implement a legal limit of 1,200 gambling customers per riverboat.

Mr. FITZGERALD. Mr. President, there are a number of other articles that have been written over the years about how the State gave out the riverboat gambling licenses in Illinois. The record is replete with problems that the State had, or questions that were raised about how the licenses were awarded. They just happened to be awarded to people who seemed to be involved in the political process.

That was something I was concerned about at the time. I was in the State senate at that time; this goes back to 1994. There is an article in the Chicago Sun-Times that discusses how I was seeking competitive bidding on those State riverboat licenses.

This is an article from April 10, 1994, entitled, ''Riverboat Deal is Plum For Insiders,'' by Dennis Byrne of the Chicago Sun-Times:

The agreement between Mayor Daley and Gov. Edgar to bring riverboat gambling to Chicago should make a lot of people happy: Chicago taxpayers and schoolchildren, who will benefit from the additional revenues, and the thousands of casino/entertainment center employees.

But the folks who should be the happiest are the well-connected insiders who are already raking it in from the state's 10 suburban and Downstate riverboats and who stand to make hundreds of millions more from the Chicago riverboats.

That would be thanks to a little-noticed part of the agreement changing the law that bans owners of one riverboat license from having more than a 10 percent interest in a second. If approved by the Legislature, they could own a second license and up to a 10 percent interest in a third.

So folks such as Eugene Heytow, chairman of the politically connected Amalgamated Trust & Savings Bank, where William Daley, the mayor's brother, once was president, could keep his stake in a riverboat in Galena while buying a chunk of one in Chicago. And William Cellini, a powerful friend of Edgar and former Gov. James R. Thompson, could buy into Chicago big-time while keeping his lucrative interest in the Alton Belle. So could Gayle Franzen, the Republican candidate for DuPage County Board chairman. And so on.

You could argue that they should get a piece of the Chicago action because the state is changing the rules of the game, that when they invested in the suburban and Downstate boats they believed they wouldn't face any competitive risk from Chicago.

However, it's not a very convincing argument in the face of the obscene profits that they have already harvested from their state-protected monopolies. State Sen. Peter G. Fitzgerald (R-Inverness), a banker, has calculated that the profits have been great enough to cover initial investments in only a matter of months—the kind of return that might make Hillary Rodham Clinton envious. In the case of the Alton Belle, a $20 million or so capital investment (and a paltry $85,000 for a state licensing fee) seeded a company that now has an estimated market value approaching a half billion dollars.

Let me read that again.

This is from Dennis Byrne, ''Riverboat Deal is Plum for Insiders.''

In the case of the Alton Belle, a $20 million or so capital investment—and a paltry $85,000 for a State licensing fee.

The guys who got the riverboats gave the State $85,000. The State gave them a license and ceded a company that now has an estimated market value approaching $.5 billion.

Not a bad deal if you are giving the $85,000 and they are giving you the license. It is worth, at that time they say, $.5 billion. What did the taxpayers get out of this with no competitive bidding? They had their income taxes raised during that time.

For an initial outlay of just a couple hundred grand 2½ years ago, investors now would own tens of millions of dollars worth of stock. Cellini himself plucked $4.9 million when he sold some of his stock when the company went public, but still retains some $60 million worth of stock.

And if they invest in Chicago boats? Using the city's figures, Fitzgerald calculates that annual net income on each boat could approach $50 million, and that the market value of each boat (at five times earnings) could exceed a quarter of a billion dollars.

Thankfully, though, they'd have to sink more into the Chicago boats, because, unlike the license for suburban and Downstate boats, the city licenses would be competitively bid. Who gets the license will depend, in part, on how much the bidder is willing to give to the city in admission, franchise and other fees. Unfortunately, though, the state's 20 percent gaming tax on gross receipts will not be raised, for the Chicago or Downstate boats. Nor do we know if other municipalities that are granted new boats will be able to demand competitive bidding.

Fitzgerald believes that even if the 20 percent state tax were raised significantly, to as high as 60 percent, the owners still would make a nice profit. So if we truly believe that the boats are a public good, maybe we should allow the public to rake off at least as much as some politically connected pals.

Mr. President, I understand that the Presiding Officer has an obligation, so I will try to focus my remarks and enable the Presiding Officer to meet that obligation.

We have introduced a number of articles on this point all during the day to

lay the context in which my concerns were raised about this very large project in Springfield.

I guess now we are down to the point where we have to ask the big question: Is the proposed Abraham Lincoln Library in Springfield, IL, another insider deal? I certainly hope it doesn't become one. This may or may not be now. We will not know until it is done. But we should do our very best to prevent it from becoming one.

We have said if we don't have careful controls, the money could wind up in private hands. It wouldn't have to be competitively bid under the language in the conference report. If the money winds up in State hands, then under the language that passed out of the House in the conference report, and which the Senate has basically said they don't like because it doesn't have Federal competitive bidding in it, if the money went to a private entity and went to the State—we have seen the State without competitive bidding. I would hate to see the monument to ''Honest Abe'' discussed in one of these many articles that have been written by investigative reporters. Competitive bidding could be opted out if it were the Capital Development Board that were doing the project.

As I pointed out, it is not unusual for the State to have to live within Federal competitive bid guidelines. This is not an unusual request. Then there is the State code. The State procurement code specifically contemplates the application of Federal guidelines such as these Federal competitive guidelines.

Are there red flags on this project? I want to sum those up again. We talked earlier in the day about some of the red flags.

We had the cost of the project increasing as the project has been talked about over the last few years. It started out as a proposed $40 million project in February of 1998. It went to a $60 million project 13 months later, in March of 1999. When I first came to the Senate, it was a $60 million project. Then one month after that, the next report said it was a $148 million project—up from the most recent $60 million estimate on advice from ''designers and fiscal advisers.'' That raised the red flag in my mind. I thought we had to bird-dog this project. After all, that is a big expenditure in any city, and it is certainly a big expenditure in the city of Springfield, our State capital.

The estimated cost, adjusted for inflation, of our State capitol is only $70 million compared to the $148 million that we saw referred to there, and now the $120 million that they are talking about for this library.

The cost of other buildings in Springfield: the Willard Ice Building is a $70 million building; the Prairie Capital Convention Center is a $60 million building.

We are really talking about a very visible project in Springfield. We discussed the location as well of this library. We noted its proximity to the Springfield Ramada Renaissance Hotel. We talked at length about the history of the Springfield Renaissance Hotel. We noted that this project is intended to and will stimulate tourism, if it is done right, in the city of Springfield. That hotel stands to benefit from that. It would be nice if we could get some payments on that $15 million State loan from back in 1982 to build that.

We have not yet noted, and I think we need to note, that Mr. Cellini, whom we have discussed, has been active in seeking to raise money for the private foundation that is connected to the library. Let me see if I can focus on that for one second and find a citation for you, Mr. President. There are newspaper articles, I believe, that suggest he has been out actively trying to raise money for the library. I would like to find that citation.

Incidentally, I should also mention that the Ronald Reagan Presidential Library cost $65 million.

It is a State Journal Register article from September 5, 1999, a little over a year ago:

William Cellini reported to be heading private fundraising drive for the project.

So we are beginning to connect this all back into some of the projects we have read about throughout the course of the day. These are connecting threads, and set against the backdrop of procurement history and controversy in Illinois, I think there is good reason for Congress to be careful with this project. I think it is reasonable to look at all these red flags and say, this $50 million in Federal money, we better make sure it is buttoned down; better be careful, we don't want to happen to this money what has sometimes happened in the past. We don't want this project ever to be the subject of one of these investigative reports in one of our State's fine newspapers.

In light of the time restraints we are running up against tonight, the hour is late and I recognize that, I thank my colleagues again for all their support, for going on record in favor of competitive bidding in accordance with the Federal competitive bidding guidelines. I certainly hope the House will reconsider the position that has come out of the House in opposition for buttoning down this money and having tighter controls on it, to make sure that none of it winds up being involved in an insider deal, and that Springfield gets $120 million worth of value out of the $120 million that is intended to be spent on this monument for Abraham Lincoln.

Some may wonder why I have sought to filibuster the Interior appropriations bill over this matter. They would note $50 million is a substantial amount, but as a percentage of the entire appropriations bill, it is relatively small in comparison. There are literally countless projects throughout the country that are contained in that bill. I believed it was important to come to the floor and to lay out this case because it goes to the very heart of the appropriations process in Washington.

I understand those who oppose the competitive bidding will eventually have a good opportunity to move their bill and make sure the competitive bidding isn't in there. But I hope we are going to have illumination here. I think the people of Illinois can know who their government is and what it is about. I think that the people of this country may see, through the prism of Illinois, how serious and consequential the ethical foundations of their government can and must be.

This issue of whether we make sure this money is competitively bid goes to the very heart of the appropriations process. We ought to take great care of the people's money. The people's money represents precious hours of hard work, sweat, and time away from family. The American people are fundamentally generous, and they will permit reasonable expenditures for the good of their country, their communities, and their State. However, Mr. President, don't abuse them. Do your best to make sure that there are sufficient safeguards so the people can know that their taxpayer dollars will not simply be trampled on by political insiders. That is what bothers me personally, eats at me—the people who oppose provisions such as this act, as though $50 million in taxpayer money is a quarter. How can we ever put too many controls on taxpayer money? Why would anyone not welcome even more stringent competitive bid rules? Why would anybody oppose that? I can't think of a good reason.

The backdrop of problems we have had in the State of Illinois for a long time, which I illuminated today, and the legacy of insider dealing make me very reluctant to turn over this particular $120 million without doing everything I can to protect it.

I thank all of those who have stayed with me tonight, and I yield the floor.

RECESS UNTIL 9:30 A.M. TOMORROW

The PRESIDING OFFICER. Under the previous order, the Senate stands in recess until 9:30 a.m. on Thursday, October 5, 2000.

Thereupon, the Senate, at 8:25 p.m., recessed until 9:30 a.m., Thursday, October 5, 2000.

EXTENSIONS OF REMARKS

STATEMENT ON THE INTRODUCTION OF THE BUSINESS METHOD PATENT IMPROVEMENT ACT OF 2000

HON. HOWARD L. BERMAN
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. BERMAN. Mr. Speaker, in recent months, substantial concern has been expressed over the patenting of Internet and business strategies and techniques. Both the quality and appropriateness of a number of recently granted patents have been questioned.

My primary concern in this issue is the protection of intellectual property, which I believe is critical both to innovation and to the economy—and in that context, I want to make sure that the quality of U.S. patents is the highest possible.

As the breadth of patentable subject matter grows, it is incumbent upon Congress to consider two questions. First, are the Patent and Trademark Office and the courts properly interpreting the scope of what should be patentable? Second, is the process for patenting appropriate for the subject matter we allow to be patented?

It is clear from my conversations with those who are developing the Internet, those financing Internet ventures, individuals conducting business and those in the patent community—and the public at large—that the patenting of Internet and business strategies and techniques is controversial and deserves serious examination. Some believe that ''business method'' patents should simply not be allowed. They argue, by analogy, that a toaster should be patentable but the idea of toasting bread should not. Others argue that business methods should remain patentable, but the PTO should apply much greater scrutiny when it examines such patent applications. To extend the analogy: we have been toasting bread for a long time and if you are going to patent a method of doing so, the PTO better make sure that it has never been done in just that way before. Some note that people have received patents on activities that have been undertaken for decades and even centuries, and argue that merely placing an activity on the Internet does not make for novelty. Finally, there are a number of strange examples that lend themselves to questions about whether such common human activities deserve patent protection at all. Surely, the patent system is functioning in a curious manner when patents have been issued on a technique for measuring a breast with a tape to determine bra size (Pat. No. 5,965,809), methods of executing a tennis stroke (Pat. No. 5,993,366) and swinging a golf club (Pat. No. 5,616,089), an architect's method of eliminating hallways by placing staircases on the outside of buildings (Pat. No. 5,761,857), and a method for teaching custodial staff basic cleaning tasks (Pat. No. 5,851,117). Others have noted with suspicion the patent for a method of exercising a cat using a laser light as a tease (Pat. No. 5,443,036).

Other patents, granted to more serious endeavors, have also have been roundly criticized. With regard to patenting Internet adaptations of brick-and-mortar businesses, questions have arisen about patents granted for a method of selling music and movies in electronic form over the Internet (Pat. No. 5,191,573), a method of developing a statistical ''fantasy'' football game using a computer (Pat. No. 4,918,603), a method of allowing car purchasers to select options for cars ordered over the Internet (Pat. No. 5,825,651), a method of rewarding online shoppers with frequent flyer miles (Pat. No. 5,774,870), and an arguably very broad patent on managing secure online orders and payments using an ''electronic shopping cart'' to purchase goods on the Internet (5,745,681).

In lay terms, the basic question in each case is whether the patent owner merely adapted a well known business activity to the Internet in a straight forward manner. In patent parlance, the question is whether any of these activities are truly new and would not be obvious to one skilled in the relevant art. Other questions that may be relevant are whether others in the United States had known of the invention or had used it, and whether the invention was used or sold in public prior to the filing for a patent.

I am not asserting that any of these patents should be invalidated. However, patents are becoming a critical factor in valuing many new economy businesses, and that means they are significant to the health of the economy. If business method patents are indeed being issued based on insufficient information about the relevant inventions that preceded the patented invention or if a patent is issued on the basis of insufficient ''prior art,'' there is substantial risk to the inventor that those who know of the ''prior art'' could step forward at any time, invalidating the patent. This uncertainty means that investors cannot be confident that businesses will in fact reap the returns they expect on the patented inventions.

In the context of the Internet, many argue that rather than spurring innovation, patents interfere with innovation; that fierce commercial competition, as opposed to patent monopolies, has driven innovation; and that a culture of open sharing of innovation has been the key to the Internet's rapid growth. Whether this is true or false, an invention that is tied up because of an inappropriate grant of patent is problematic and may interfere with the advancement of technology. If a patent is granted for an invention that is not truly novel or one which is obvious to an expert in the field, it may then become unavailable for competitors to exploit. Such a patent may also open the user of the prior invention to an infringement lawsuit.

The U.S. patent system, created under the specific authority of the Constitution, grants for a limited time a statutory monopoly over one's inventions. An inventor should have an incentive to create—a monopoly for a limited time allows an inventor the opportunity to appropriately benefit from his creativity, and at the same time, reveal in detail the invention to allow others to build on his advances. Historically, the concept of invention was limited to the physical realm, a machine or process by which a product is produced. Over the years, however, the courts and the PTO have expanded the scope of patentable subject matter. In fact, the Patent and Trademark Office is of the view that it is operating under Supreme Court instruction to patent ''anything under the sun made by man.'' To that end, they have allowed the patenting of business methods.

Three events have contributed to the rapid growth in the number of applications for business method patents:

In the 1998 ruling in State Street Bank v. Signature Financial Group, the Court of Appeals for the Federal Circuit, (which has exclusive jurisdiction over patent appeals) concluded that methods of doing business implemented using a computer are patentable. Some interpret the opinion as not even requiring computer implementation, and thus more broadly affirming the patenting of any business method. State Street was notable because it resolved a question where there had previously been divergent opinions among the lower courts. Some courts were of the view that there was a ''business method exception'' to patentability dating back to at least 1868. In resolving this issue, the court opened the flood gates for business method patents.

The second key event has been the explosive growth of the Internet. As businesses move to the Internet, they either adapt methods of doing their ongoing brick-and-mortar business or they invent new and innovative methods to take advantage of the unique qualities of the Internet.

Finally, business executives and entrepreneurs alike are gaining a better understanding of the economic value of intellectual property and patents, and are pursuing ways to take advantage of these opportunities.

Given this growth in patent applications, has the quality of patents suffered? There are several reasons identified for the lessening of the quality of patents in this area. In the view of some, the existing patent corps does not have the expertise to examine these ''new tech'' and ''business'' patents. The PTO needs more resources to enhance their examiners expertise and increase the size of the examiner corps in the relevant areas of art. Also, as a result of industry practices, there is a dearth of ''prior art'' data, the evidence of preexisting inventions, available in the areas of the Internet and business methods.

To be patentable, an invention has to be novel, useful, and not obvious to an expert in

the field. Novelty is judged by comparing the invention with both patented and non-patented inventions. Determining whether an invention existed before the patent application was filed—or whether the invention is obvious—is an extraordinarily difficult task in the realm of business methods and the Internet. Core Internet tools such as the Amazon.com ''1-click'', may have been in use prior to the filing of Amazon's patent application. Priceline.com's ''buyer-driven sales'' over the Internet arguably may have been ''obvious'' to an expert in the field of auctions.

I do not know whether these patents should or should not have been granted (and ongoing litigation will inevitably make that determination), but it is clear that the review of business method patent applications is impaired by the lack of documentation capturing the history of innovation in the Internet or the development of business techniques and methods.

By contrast, in the fields of engineering or science (two areas in which many patents are sought), inventions and innovations are meticulously documented and published. With these publications at hand, an examiner has easy reference to existing inventions. But very little published information exists with Internet and hi-tech practices . . . and most of what does exist is analogous to ''folk knowledge'', handed from person to person orally or in chat rooms or by e-mail. Where developments are documented, there is no common organizing scheme. Where business plans are involved, they are usually closely held as trade secrets. Since an examiner can reject a patent application only on published ''prior art'', informal communications are excluded.

As to obviousness, it is usually up to the patent examiner—using his own expertise and research of ''prior art''—to assess whether an expert in the field would think to come up with the applicant's invention. In the area of business method patents, the endeavors for which patents are being sought are very new to the PTO. It has been only five years since the Internet became a tool of business, and only two years since the court clearly established the rule that a business method is patentable in the United States. Unfortunately, although PTO is taking strides to develop expertise in the appropriate fields, there must be improvement in how experts can submit information to the PTO regarding specific patent applications.

Many of the changes needed can be met only by legislative action. It is critical that we create new mechanisms to get ''prior art'' into the system and make it available to applicants and the PTO. We must enhance the deference given the PTO in rejecting patent applications on the basis of all of the provisions of subsections 102(a) and (b) of title 35 by allowing examiners to rely on evidence of knowledge, use, public knowledge or sale in the U.S. that may not be documented in published references.

I am today introducing with Mr. BOUCHER a bill that will enhance the quality of Internet and non-Internet business method patents by increasing the opportunity for expert input into the patenting process. These improvements will provide patent owners and investors alike with greater confidence in the quality of their patents. The bill requires the PTO to publish business method patent applications and give the members of the public an opportunity to present ''prior art'' they believe may disqualify the application. Members of the public may also petition the PTO to hold a hearing to determine whether an invention was known, used by others, or in public use or on sale in the U.S. prior to the filing of the application. The bill also establishes an expeditious administrative ''opposition'' process by which a party will be able to challenge a business method patent. The opposition process provides parties with substantial evidentiary tools but will be much less costly and more efficient than litigation. The opposition process must be invoked within 9 months of the granting of a patent, and must be concluded within 18 months thereafter. Thus, we assure that within 27 months after the granting of the patent, a patent owner will either have enhanced confidence in the quality of their patent—something akin to quiet title—or will know the patent has been invalidated. The procedure will be presided over by an Administrative Opposition Judge who has substantial patent expertise and will have the responsibility to assure efficient review.

In regard to adaptations of business methods to the Internet, the bill establishes that where an invention only differs from ''prior art'' in that it is implemented using computer technology, such an invention shall be presumed obvious and therefore not patentable (this presumption can be overcome if a preponderance of the evidence shows that the invention was not obvious). Finally, the bill lowers the burden of proof for a challenge to a patent from ''clear and convincing evidence'' to ''a preponderance of the evidence''—an appropriately lower standard where the difficulty of producing evidence is complicated by the traditions and practices of the industries.

In introducing this legislation I am not taking a final position as to whether business methods should be patentable—I tend to think they should be, but I could be persuaded otherwise. I am not wed to any particular provision of this bill itself But I do believe that we need to be sure that the Patent and Trademark Office is well equipped to consider these patents, that there are adequate means to get good information into the system describing prior inventions, and that there are the appropriate standards and processes in place to assure the quality of the patents that are actually issued. There should be no question that the U.S. patent system produces high quality patents.

This bill is a work in progress, and one that will likely generate great debate. As I have noted, there are some who believe that ''business methods'' should not be patentable at all. Others who are certain to argue that current law ''ain't broke'', so there is no need for Congress to fix it. Still others believe that, to the extent there may be a problem, the Patent and Trade Mark Office will address it administratively. My intent with this legislation is to stimulate the dialogue. We need to air these issues and ultimately (and hopefully quickly) find the proper solutions.

TEACHING ABOUT CONGRESS

HON. TIM ROEMER

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. ROEMER. Mr. Speaker, I highly recommend the following speech recently given by our distinguished former Indiana colleague Lee Hamilton. Lee has devoted his career as a public servant to improving public understanding of Congress, and I found his remarks quite timely and informative. Mr. Speaker, I submit the following remarks into the CONGRESSIONAL RECORD.

TEN THINGS I WISH POLITICAL SCIENTISTS WOULD TEACH ABOUT CONGRESS—REMARKS BY THE HONORABLE LEE H. HAMILTON, PI SIGMA ALPHA LECTURE, AMERICAN POLITICAL SCIENCE ASSOCIATION ANNUAL MEETING, AUGUST 31, 2000

INTRODUCTION

My purpose this afternoon is to offer some thoughts on the role that you, as political scientists, can play in improving public understanding of the U.S. Congress.

I do not know what each of you teaches about the Congress—but I do know—on the basis of several thousand public meetings over three decades—that the lack of public understanding about the institution is huge.

That lack of understanding among ordinary Americans concerns me deeply because it increases the public's suspicions and cynicism about the Congress, weakens the relationship between voters and their representatives, makes it harder for public officials to govern, and prevents our representative democracy from working the way it should.

I believe you can improve public understanding of Congress by teaching several basic, and rather simple, lessons about this sometimes puzzling institution.

If Americans leave high school and college with a solid understanding of Congress, they will be better able to contribute to our nation's political life and will help make our representative democracy work better.

TEN THINGS TO TEACH ABOUT CONGRESS

First, I'd like you to teach that Congress is the most important link between the American people and their national government.

Many Americans have little appreciation for the basic function and role of Congress in our political system. I want you to help them understand that Congress is the institution whose job it is to seek consensus out of the many and diverse views of the American people. I want you to explain that Congress performs the extraordinary task of legislating and overseeing the government in the interest of more than 275 million Americans.

For all its deficiencies—which I will get to later—Congress has three great strengths:

Congress is, by far, the most representative institution in the United States. We live in a complicated country of vast size and remarkable diversity. Our people are many; they're spread far and wide; and they represent a great variety of beliefs, religions, and ethnicities. It isn't easy for such a country to live together peacefully and productively. Although Congress does not perfectly mirror the demographics of the American people, it does help bind us together by representing the country's great diversity.

Congress is also accessible—much more so than any other part of the federal government. Congress is the primary ''listening

post'' of the people. If an ordinary American has a complaint or suggestion about the government, he cannot reach the President, or the Vice President, or a cabinet secretary—or even a deputy assistant secretary. He can reach his Representative or Senator.

And Congress is our nation's chief deliberative body. It is the place where the many views and interests of the American people on all manner of subjects get thrashed out. It remains the central forum for vigorous public debate, consensus building and decision making on the most important issues of the day.

Second, I'd like you to explain that Congress has a major impact on people's everyday lives.

Many Americans believe Congress accomplishes little and is simply irrelevant to their daily lives. I'd like you to help correct that misperception.

While Congress is no longer the most powerful institution in the national government—as it was at the beginning of the 19th century—it is still an important shaper of national life.

Americans pay more attention to Congress as they understand the impact congressional decisions have on the fabric of their lives. When Congress funds basic research in science, it's helping create the future cures for deadly diseases. When it raises the minimum wage, it's enabling people to rise out of poverty. When it protects national parks, it's preserving our natural heritage.

I want Americans—I want your students—to appreciate that nearly every aspect of their lives is touched by the decisions of Congress.

It's remarkable how quickly we forget that Congress has been involved in some big things in recent years: Erasing the federal deficit; Overhauling the welfare and public housing systems; Rewriting telecommunications laws; Approving billions to improve roads and bridges; and Liberalizing international trade.

Although we may not all like what Congress did on each of these issues, after debating policy options and gauging public sentiment, it acted.

Third, I'd like you to emphasize that Congress was not designed to move quickly and efficiently.

One of the most common complaints about the Congress is that it's always arguing and bickering. I must have heard the complaint a hundred times: ''Why can't you guys ever agree?''

This perception is a major factor in the public's lack of confidence in the institution.

Why is it so difficult for Congress to reach agreement? Part of the answer involves politics. The struggle for partisan or personal advantage, particularly in an election year, can stall the work of Congress substantially.

But there is much more to it than that. Our system of government was intentionally set up with many checks and balances to prevent hasty action. Legislative dispute and delay, while frustrating, are not necessarily signs of democracy in decay.

The task of achieving consensus is made especially difficult today because the issues before Congress are so numerous, complex and technical, and they come at Members with staggering rapidity.

In the Federalist Papers, Madison wrote that a Member of Congress must understand just three issues: commerce, taxation and the militia. To a Member today, that observation is a bit quaint, to say the least.

Take the ten most difficult issues facing our country and you can be sure that Congress will take each of them up in some form over the coming year.

People misunderstand Congress' role if they demand that Congress be a model of efficiency and quick action. Congress can work quickly if a broad consensus exists in the country. But such a consensus is rare—especially on the tough issues at the forefront of public life today. Usually, Congress must build a consensus. It cannot simply impose one on the American people.

The quest for consensus can be painfully slow, and even exasperating, but it is the only way to resolve disputes peacefully and produce policies that reflect the varied perspectives of our diverse citizenry.

Fourth, I'd like you to highlight the great dynamism and complexity of the legislative process.

When I visit with students in American government classes, I make a point of flipping through their textbooks to see the diagram illustrating ''How a Bill Becomes a Law''. The diagram usually explains that a piece of legislation, once introduced, moves through subcommittee and committee, then to the House and Senate floors, then to a House-Senate conference, and finally to the President for his signature or veto.

In a technical sense, of course, these diagrams are generally accurate. But my reaction to them is: ''How boring! How sterile!'' They fail to convey the challenge, the hard work, the excitement, the obstacles to overcome, the political pressures, the defeats suffered, and the victories achieved to enact legislation. They give a woefully incomplete picture of how complicated and untidy the legislative process can be, and they barely hint at the clash of interests and the multitude of difficult things a Member must do to shepherd an idea into law.

One of the most important and time-consuming aspects of the legislative process is conversation: the scores—even hundreds—of one-on-one talks that a skillful Member will have with colleagues to make the case for a particular bill, to learn what arguments opponents will use to try to block it, and to get a sense of what adjustments might be needed to move it along.

These conversations end up posing difficult dilemmas to a Member pushing a bill. For instance, should the Member alter the proposal to broaden its appeal, or keep the bill as it is and hope to defeat the opposition?

How should the Member use the media—to rally public support behind the measure, put pressure on opponents, and advance the legislation?

The increased size and scope of individual bills today makes the legislative process still more complicated. Almost half of the major bills are referred to more than one committee in each chamber. Ad hoc caucuses are sometimes created to address new concerns. As the number of actors involved proliferates, the possibilities for conflict over a bill increase.

All of this adds up to a process that is extremely dynamic, unpredictable and messy. There are ways for astute Members to get around nearly every stage in the traditional model of the process.

Even for Members, it can be difficult to know when and where the key decisions on a bill will be made.

Fifth, I'd like you to teach that what this country needs is more, not fewer, politicians.

Members of Congress are, first and foremost, politicians. Their number one objective is to get re-elected.

Yet the art of politics does not often get high praise these days. When the federal government was almost shut down a few years back, that was considered ''politics''. When Washington, D.C. was consumed by the impeachment of President Clinton, and the rest of the people's business had to take a back seat, that was attributed to ''politics''.

Showing skill as a ''politician'' has come to mean demonstrating the ability to raise campaign funds, to engage in the tit-for-tat exchange of negative advertising, to fudge your positions, or to jockey for public support based on polls and focus groups.

But the fact is that good politicians are vital to the success of our representative democracy. When I say ''politician,'' I mean someone who knows how to practice the art of politics.

This art involves an assortment of important, but often underappreciated, skills. Good politicians must know how to listen—in order to find out what people want. They must be able to build support for their ideas with colleagues, constituents and key individuals. They must search for common ground across parties and among people with diverse interests. They must be able to compromise while preserving core beliefs. And they must get results—achieving passage of legislation that meets people's needs.

To avoid coming apart at the seams, our country needs people who know how to practice the art of politics. That is what good politicians do: they make democratic government possible in a nation alive with competing factions.

Politicians may not be popular, but they are indispensable to making representative democracy work.

That's why we need more politicians, not fewer.

Sixth, I'd like you to teach that Members of Congress behave better than people think.

The perception that Members are corrupt, or immoral, or enriching themselves at the taxpayer's expense, takes a serious toll on our system of government.

Americans of all stripes like to dwell on misbehavior by Members of Congress. People look at the latest scandal and assume they're seeing the real Congress. But they're not, not by a long shot.

Don't get me wrong. I'm not proposing my former colleagues for sainthood. But as the press lauds two vice presidential candidates—Republican Dick Cheney and Democrat Joe Lieberman—for their probity in Congress, we should remember that probity is the rule, not the exception.

Some Members, of course, do engage in improper conduct—and our system of financing elections degrades politician and donor alike—but my experience is that most Members are remarkable people who care deeply about our country and seek to better it through their public service. Most could make far more money on the outside, but choose to serve in Congress because they want to contribute to their country.

Moreover, the ethical standards in Congress are higher than ever before. When I entered the House, gifts and the use of campaign contributions for personal use were unrestricted; financial disclosure was not required of Members; there was no written code of conduct; and no standing House ethics committee existed to police the membership. All that has changed.

Certainly, Congress still has major strides to make in this area. The role of the House Ethics Committee, for instance, has not yet been fully worked out, and its performance has been disappointing over the last few years.

But the ethical climate at the Capitol is light years ahead of where it was a couple of

decades ago. And, I might add, light years ahead of the common wisdom.

Seventh, I'd like you to teach that Members of Congress do pay attention to their constituents.

Often I hear that Members of Congress only pay attention to power brokers and big-time donors and don't care about ordinary citizens. That simply is not true.

Sometimes when I stood in front of a roomful of voters, I could feel a curtain of doubt hanging between them and me: I took the positions I did, they believed, because of this or that campaign contribution, not because I'd spent time studying and weighing the merits of issues. They had given themselves over to cynicism, and cynicism is the great enemy of democracy. It is very difficult for public officials to govern when their character, values, and motives are always suspect.

Of course, Members of Congress are influenced by special interests—often too much, in my view—but they are even more influenced by their constituents.

Members are—for the most part—very good politicians. They know what their constituents think. They hold numerous public meetings, poll their districts regularly, talk on the phone with constituents frequently, and answer hundreds of letters and e-mail messages daily. They are constantly helping to solve constituents' problems.

Members really do believe that constituent views are important; during all my years in Congress I never heard a Member say otherwise.

My view, in fact, is that Members are sometimes too close to their constituents—particularly when they risk reflecting their constituents' views at the expense of their own judgment. It was Lincoln who said that the art of democratic government is to be out in front of your constituents, but not too far out in front.

Eighth, I'd like you to emphasize that citizens play an essential role in making Congress work.

The American people bear more responsibility for the success of our representative democracy than they realize. If people don't participate in the political process, their views cannot be effectively represented. This is not just a matter of voting. Our system depends upon open and trusting interaction between representatives and the people who elected them.

Let me give you an example of what I mean. Back in the late 1970s, I was meeting with a group of constituents in Switzerland County, a deeply rural, tobacco growing county in the far southern corner of Indiana. It was not a place I expected to come for enlightenment on international politics.

While talking with the group, though, the subject of the Panama Canal treaties came up. This was well before the media had focused on the issue, but a man I'd never met suddenly stood up and laid out the clearest, most evenly reasoned argument for ratification that I ever did hear on the matter—even after the treaty debate mushroomed into a raging national issue. I was flabbergasted, but took it as a humbling reminder that as a Member of Congress, you can always find constituents who can teach you a thing or two about an issue.

My constituent in Switzerland County understood that the relationship between a citizen and a representative requires more than a quick handshake, or a vote, or a moment's pause to sign a computer-generated postcard. He understood that there must be a conversation, a process of mutual education, between citizens and representatives.

Many Americans have given up on the conversation. They must understand that they need to get involved if they want our system to improve.

They need to know that the nature of this relationship between the representative and the represented—and the honesty of the exchange between the two—shapes the strength of our representative democracy.

Ninth, I hope you teach that Congress needs a lot of improvement—to make it more accountable, transparent, responsive and efficient.

I urge you to be unrelenting critics of the Congress—but in the context of everything else I've said so far.

I won't go into detail here because you are familiar with these problems.

The incessant money chase—to fund increasingly costly campaigns—diverts Members' attention from their important responsibilities and leads to a growing sense that access is bought and sold.

Many Members—especially Members of the House—operate today in a state of perpetual campaigning. Rather than trying to develop consensus and pass laws, they view the legislative session primarily as an opportunity to frame issues and position themselves for the next election.

It is extremely difficult to defeat incumbents in Congress. Their financial advantages are great and they use the redistricting process to create districts that are heavily partisan in their favor.

Bitter partisanship and personal attacks have become all too common in Congress—poisoning the atmosphere and making it harder to meet the needs of the country.

Special interest groups have too much influence over Congress. They play an important role by representing the views of different segments of the population, but they often have tunnel vision—advancing narrow interests at the expense of the national interest.

The committee system has been eroded and is close to collapse. Legislation is regularly drafted in informal settings outside the authorizing committees and brought directly to the House or Senate floor.

Congress devotes too little attention to some of the country's major long-range challenges. How can we ensure that we have adequate food, energy, and water supplies well into the future? How do we maintain a prosperous and open economy? What domestic and international environmental challenges will we face? Congress spends so much of its time struggling to pass its basic spending bills that these kinds of long-term issues are simply set aside and not dealt with.

Congress doesn't perform adequate oversight of government programs. Oversight of the implementation of laws is at the very core of good government. But congressional oversight has shifted away in recent years from the systematic review of programs to highly politicized investigations of individual public officials.

Current scheduling practices make it difficult for Congress to carry out its responsibilities. The 2 1/2 to 3 day legislative workweek makes it impossible for Members to attend all of their committee meetings and other official business.

There is a severe lack of accountability in the appropriations process. Congress increasingly turns to omnibus legislation—combining hundreds of different provisions into one huge bill, tacking on unrelated riders and wasteful earmarks,

The rules for the consideration of bills in the House are often too restrictive. Although there has been some improvement in the 106th Congress, the House leadership has tended over the years to design rules that sharply curtail debate, restrict the opportunity for the average Member to participate, and limit the amendments and policy options that can be considered.

The Senate regularly fails to consider presidential nominations for key judicial posts and cabinet positions in a timely manner. This practice blocks appointments that are critical for the effective functioning of our government.

Congress must take its own reform seriously. It should work on reform every year—not every ten years, as has been its pattern.

Finally, I'd like you to teach that in spite of these many problems with Congress, our representative democracy works. It may be slow, messy, cumbersome, and even unresponsive at times, but it has many strengths, and continues to serve us well.

Some say our institutions of government—including the Congress—create more problems than they solve. In the past decade, we experienced an intensified assault on government from some quarters, and ''government'' and ''Washington, D.C.'' became bad words, symbols of the worst kind of corruption and waste. My hope is that we are now beginning to move away from that kind of extreme anti-government rhetoric. The more positive tone of the present presidential campaign would suggest that we are.

Representative democracy, for all its faults, is our best hope for dealing with our nation's problems. It works through a process of deliberation, negotiation and compromise—in a word, the process of politics. Politics is the way we represent the will of the people in this country. At its best, our representative democracy gives a system whereby all of us have a voice in the process and a stake in the product.

I don't for a moment agree with those who think that our representative democracy has failed or that the future of the country is bleak.

Just consider the condition of America today. In general I think it is a better place than it was when I came to Congress some 35 years ago.

Of course, our country still faces serious problems—from reducing economic inequality to improving access to health care to strengthening our schools—but overall we are doing quite well.

We must be doing something right.

Churchill's remark that ''democracy is the worst system devised by the wit of man, except for all the others,'' still rings true.

I would hope that when each student leaves your class, he or she would appreciate that this representative democracy of ours works reasonably well.

RECOGNIZING THE NATIONAL WALK OUR CHILD TO SCHOOL DAY IN HONOR OF JOHN LAZOR

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. KUCINICH. Mr. Speaker, today I recognize Wendy Lazor, Councilman Ed Fitzgerald, the Lakewood City Council, and the Lakewood Board of Education for their work in establishing the ''International Walk your Child to School Day,'' in honor and memory of John Lazor.

The tragic loss of three-year-old John Lazor occurred on April 26, 2000, while on an innocent walk to the corner store with his day care provider. A pickup truck backed from across the street into the driveway which young John was standing in, killing him instantly. This tragedy emphasizes the importance of taking precautions and the need for children's safety education. John's courageous mother, Wendy Lazor, has decided to dedicate herself to the advocacy of pedestrian safety, especially children. Amazingly, she found strength in the midst of her loss to work as an advocate for the public good. She is the driving force behind Lakewood, Ohio's recent resolution to establish Wednesday, October 4, 2000, as National Walk Our Children to School Day.

Along with the help of the Lakewood Board of Education, City Council and Councilman Ed Fitzgerald, The Lakewood Early Childhood Professionals has decided to dedicate a special event, the National Walk Our Children to School Day, in John Lazor's honor. All of Lakewood can participate in this event, in which the purpose is to provide an opportunity for adults to teach children about pedestrian safety and choosing safe routes to school, and to help make our communities more safe for walking. Because Lakewood is a densely populated city, and one in whose children typically walk to and from school on a daily basis, the City Board of Education has decided to support and encourage participation in National Walk Our Children to School Day. The city's main event, honoring the memory of Wendy Lazor's son, John, will be held at his old school, Franklin Elementary.

Mr. Speaker, I ask my fellow colleagues to rise with me in recognition of the hard work and dedication of Wendy Lazor, Councilman Ed Fitzgerald, and the rest of the City of Lakewood's Public and Educational Leadership for their support of the National Walk Our Children to School Day. And let us honor the memory of the young John Lazor, and the courage of his mother, Wendy, for striving to better the community even in the face of personal strife and distress. Her selfless compassion and triumph in the face of tragedy is inspirational to all.

COMMENDING THE AMARILLO VETERANS AFFAIRS HEALTH CARE SYSTEM

HON. LARRY COMBEST

OF TEXAS

HON. MAC THORNBERRY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. COMBEST. Mr. Speaker, I, along with my distinguished colleague, Mr. THORNBERRY, wish to congratulate the Amarillo Veterans Affairs (VA) Health Care System for receiving the Robert W. Carey Quality Award from the Department of Veterans Affairs. This annual award is one of the highest honors that a VA facility can receive. The Carey Award recognizes model organizations for their quality transformation efforts, organizational effectiveness, and improvements in performance service and satisfying customers. The Amarillo VA Health Care System, which provides medical assistance to veterans throughout the Texas and Oklahoma Panhandles and portions of Eastern New Mexico and Southern Kansas, received the 2000 Carey Award for the health care category.

The Amarillo VA Health Care System serves a population of 75,000 veterans and houses an acute care facility, nursing home, two community-based outpatient clinics, and four contractual primary care clinics. Over 25,000 patients are treated annually, including 3,300 inpatient and over 200,000 outpatient visits. They have implemented a wide variety of innovative measures, from moving the Substance Abuse Program to an outpatient setting to restructuring Primary Care and to establishing a safety program to reduce employee accidents. Through the use of employee teams, the hospital now administers a Bar Code Medication Administration, which uses computer technology to track and monitor patient medications. In addition, they have established a pilot program of the Computerized Patient Record System, enabling the hospital to coordinate patient information so that all aspects of the health care system may be utilized.

The mission of the Veterans Health Administration and the Amarillo VA Health Care System is to improve the health of the served population by providing primary, specialty, and extended care, and related social support services through an integrated health care delivery program. As a learning organization, the VA Health Care System continually raises the standard for VA facilities nationwide. By focusing on trust, teamwork, and continuous improvement, the Amarillo VA has been able to greatly reduce the costs of primary care, increase the quality of health care available and improve employee relations. These combined efforts have built a facility that provides an invaluable service to thousands of veterans.

It is with pride that we recognize the doctors, nurses, administrators, volunteers, and other staff who have contributed to this outstanding accomplishment. Thanks to their tremendous efforts, West Texas is home to an outstanding veteran health care provider. We wholeheartedly extend our congratulations to the Amarillo VA Health Care System for receiving the 2000 Robert W. Carey Quality Award.

PERSONAL EXPLANATION

HON. ROB PORTMAN

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. PORTMAN. Mr. Speaker, because I was unavoidably detained, I missed Roll Call Votes #503, 504 and 505 yesterday.

Had I been present, I would have voted "Yea" on each bill.

HONORING KATARYNA CHOMIK

HON. DALE E. KILDEE

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. KILDEE. Mr. Speaker, I am happy today to recognize the accomplishments of a woman who has unselfishly worked to improve the quality of life for our citizens. On Tuesday, October 10, members of Flint, Michigan's International Institute will gather to present to Mrs. Kataryna Chomik its prestigious Golden Door Award, given annually to an immigrant who has made a positive impact on the greater Flint community and the Institute itself.

Born in February of 1920, in the Western Ukraine, Irena, as she has come to be known, grew up with her parents and seven sisters. As a child, Irena promised to never leave her home or family. However, several family tragedies, including the death of her father, prompted Irena's mother to send her away to work as a companion and nursemaid to Maria Lewicka, the daughter of a Ukranian priest who was recovering from a spinal injury. Although Irena's strong faith had been forged early in her life, this experience strengthened her beliefs and her commitment to service.

At the beginning of World War II, Irena was sent to a school for kindergarten teachers, and upon graduation, managed a village program. The war progressed and headed in the direction of Irena's town. Ukranian churches were being destroyed and the clergy exterminated, but Irena continued to work to preserve her heritage. As a result, she was sentenced to ten years of hard labor by a Soviet war court, but was later retried and released. After this, Irena fled on foot, finding refuge in a Czechoslovakian convent, where the Sisters bought her a plane ticket to Belgium.

It was in Belgium that Irena met Nicholas Chomik, who would later become her husband. On Christmas Eve 1950, the Chomiks, along with their daughter, Olga, were welcomed to their new life in the United States by a sight that told them that all their struggles had not been for naught—the Statue of Liberty. After living on the East Coast for a year, the Chomiks moved to Flint, where Nicholas found employment with General Motors, and Irena worked as a seamstress. During this time, the Chomiks were blessed with two more daughters, Mary and Daria.

It was during this time that Irena began a long-standing relationship with the group that greatly helped her when she first came to America, the International Institute. Irena was always on hand volunteering on various committees, and participating in activities such as international dance exhibitions, parades, and her annual Ukranian Easter Egg workshops.

Mr. Speaker, I am truly fascinated by stories such as Kataryna Chomik's. Through tremendous adversity, she has been able to live the true American dream. She is truly an inspiration to all who come into contact with her. I ask my colleagues in the 106th Congress to please join me to congratulate and wish Irena the very best.

A TRIBUTE TO THE MINORITY ARTS RESOURCE COUNCIL

HON. ROBERT A. BRADY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. BRADY. Mr. Speaker, today I honor the Minority Arts Resource Council as it sponsors the Third Annual African American Rodeo in the First Congressional District. The rodeo focuses on the important contributions of African American Western pioneers. It also offers the opportunity for thousands of inner city school children to view a part of American history that has been left out of history books.

The African American Rodeo is a real life exciting spectacle that spotlights the role African Americans played in the settling and shaping of the American West. It tells the stories of the legendary Black heroes of the old West, including Bill Pickett, who invented the sport of bulldogging or steer wrestling. If he had not been banned from completing with white rodeo contestants, Pickett may well have become one of the greatest rodeo record setters.

Therefore, I proudly support the African American Rodeo and I thank MARC for its efforts to showcase the contribution of the Black cowboy so that our children can learn about an important American story that for too long has gone untold.

PERSONAL EXPLANATION

HON. GARY G. MILLER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. GARY MILLER of California. Mr. Speaker, on Monday, September 25, 2000 I was unavoidably detained in my district. During my absence, I missed roll call votes 487, 488, 489, 490, 491, and 492.

Had I been present, I would have voted "yes" on each of the motions.

SMALL BUSINESS INNOVATION RESEARCH PROGRAM REAUTHORIZATION ACT OF 2000

SPEECH OF

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Monday, September 25, 2000

Mr. KUCINICH. Mr. Speaker, I stand in support of H.R. 2392 which would reauthorize the Small Business Innovation Research Program (SBIR). The current SBIR authorization is due to sunset on October 1, 2000. H.R. 2392 would extend the SBIR authorization into the next decade and provide a mechanism for federal agencies to contract with small business for research and development projects. This important program is critical for the support of small high-tech companies and fosters technical innovation which results in the nation's economic growth. The commercialization of research and development results in major economic benefits to the nation; the creation of long-term jobs with subsequent generation of increased income, spending and economic growth.

I know that technological advancement is a key driving force of our national economic growth. The revolution in telecommunications is one example of the effects of technical progress in the growth of the national economy, and also an increase in our standards of living. Technical advances drive the economic growth in several ways; it contributes to the creation of new jobs, new services, new industries and new capital formation. In the past major technological innovation was provided by major corporate research centers. Today small, entrepreneurial companies are playing increasingly important roles in our technological advancement and economic growth. These small high-tech companies create new products and services, develop new industries, and are major factors in driving both technological change and growth in our national economy. The SBIR program is critical to the continuation of the critical involvement of small businesses in our technological advancement. I support H.R. 2392 because it will contribute to the growth of jobs and promote technological innovation.

CONGRATULATING CONGREGATION B'NAI ISRAEL

HON. JIM SAXTON

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. SAXTON. Mr. Speaker, please join me in congratulating Congregation B'nai Israel in Toms River, New Jersey for its 50th anniversary. Established in 1950, Congregation B'nai Israel has provided a number of important services to the Toms River community. These services are, but not limited to, study of the Torah, a nursery school, a variety of summer programs, numerous youth activities, and adult education programs. Also, important to note is the fact that the congregation has continually provided volunteer services to Caregivers, an interfaith coalition whose mission is to train volunteers to provide home care services the frail elderly, the disabled and the homebound. Such services are indispensable to the Toms River community.

Since 1950, Congregation B'nai Israel has grown exponentially. Today, the congregation consists of 500 families, which makes it the largest synagogue between Monmouth County and Atlantic City.

It is important to recognize the totality of Congregation B'nai Israel's contributions to the entire Toms River community. Simply put, Congregation B'nai Israel offers the needed atmosphere, environment, and dedication to promote and enrich the lives of each synagogue member.

Mr. Speaker, I would like to congratulate Congregation B'nai Israel for their upcoming 50th anniversary of their founding. May your gala dinner and dance at the synagogue be joyful.

VIOLENCE AGAINST WOMEN ACT OF 2000

SPEECH OF

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 26, 2000

Ms. LEE. Mr. Speaker, I rise today to strongly urge the Senate to reauthorize the Violence Against Women Act (VAWA). Last week, the House passed VAWA by a vote of 415–3.

VAWA's authorization expired on September 30, 2000. This means that the funding for these programs is scheduled to run out this month.

This law has provided battered women and their children, a safe haven, and the support necessary for their physical and emotional security.

VAWA has given a second chance to these women as well as saved many of their lives.

Violence against women should not be tolerated.

This legislation provides greater protections to all women who have been victimized and abused.

I join my colleagues in urging the Senate to pass the reauthorization bill now.

The women and the children of this nation are depending on the passage of this important piece of legislation to help stop violent crimes against women.

LITTLE FLOWER MANOR MARKS 25 YEARS OF SERVICE

HON. PAUL E. KANJORSKI

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. KANJORSKI. Mr. Speaker, today I pay tribute to Little Flower Manor of Wilkes-Barre, Pennsylvania, a nonprofit skilled nursing home which is celebrating its 25th anniversary of compassionate, loving care and service to the community. The Carmelite Sisters for the Aged and Infirm operate Little Flower Manor under the auspices of the Diocese of Scranton.

This exceptional facility opened its doors in 1975, a living tribute to the vision, dedication and persistence of the Most Reverend J. Carroll McCormick, the late Bishop of Scranton, and the generosity of the faithful of the Diocese.

This dedication to provide service to the aged continues under the leadership of the Most Reverend James C. Timlin, the present Bishop of Scranton. At Little Flower Manor, each resident is given the attention required to enable him or her to maintain personal dignity, individuality and independence.

A 25th Anniversary Gala will be held Nov. 3, 2000, at the Woodlands Inn and Resort with Judge Peter Olszewski as guest speaker. Sister Jeanette D. Lindsay, administrator and chief operating officer of Little Flower Manor, will present the inaugural Crystal Rose Award. The honored recipients are Mr. and Mrs. John D. McCarthy and the late Bishop McCormick.

Jack and CeCe McCarthy have been outstanding supporters of the values, commitment and mission of Little Flower Manor, practicing stewardship by giving unselfishly of their time, talents and treasure.

Mr. Speaker, I send my congratulations and best wishes to the McCarthys, the Carmelite Sisters, the Diocese of Scranton, and everyone who plays a part in Little Flower Manor's continued service to its residents.

IN RECOGNITION OF THE 50TH ANNIVERSARY OF THE UKRAINIAN-AMERICAN YOUTH ASSOCIATION

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. KUCINICH. Mr. Speaker, I rise today in honor of the Ukrainian-American Youth Association's 50 years of distinguished service to Greater Cleveland's Ukrainian youth population.

The Ukrainian-American Youth Association, a group which educates the young about traditional Christian and patriotic values, embodies the very values it pledges to teach. Guided by the principles of organizing, nurturing, and educating youth under the ideals of ''God and Ukraine,'' the Youth Association promotes Christian ethics and pride in their Ukrainian national heritage. Our community has been gracefully elevated due to the work of this dedicated organization which encourages tomorrow's leaders to step forward into positions of leadership in the Ukrainian-American community, as well as the larger local, national, and global communities.

A debt of gratitude is owed to the Ukrainian-American Youth Association. The young, who have been touched by the caring, ''spirit invoked'' ideals taught there, have grown to become the model citizens and leaders in our community who we are always eager to welcome. Mindful of the role of the citizen in his or her respective locality, the Ukrainian-American Youth Association instructs its youth about the duties and responsibilities of good citizenship, always encouraging and challenging them to become leaders within their Ukrainian culture and their communities-at-large. The firm foundation of educating the Ukrainian youth about the value of freedom should not be underestimated. Rather, it is the very basis for the continuing engagement of our all-too-often apathetic youth, and therefore, the basis of the improvement of our society in both the near and distant future.

Mr. Speaker, I ask that my colleagues rise with me today in celebration of the Ukrainian-American Youth Association's 50 years of service to the Ukrainian-American youth population. Many young persons have surely benefitted from the work of this tireless group, and our nation has surely benefitted from the Youth Association's instruction on the virtues and responsibilities of good citizenship and the value of freedom. Let us honor this distinguished group and let us wish them 50 more years of fantastic service to our population.

PERSONAL EXPLANATION

HON. BOB FILNER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. FILNER. Mr. Speaker, due to the death of my father, I did not attend the session of June 28, 2000 and June 29, 2000. Had I been present, I would have voted as follows on the roll call votes indicated:

#352—yes, #353—yes, #354—yes, #355—no, #356—yes, #357—no, #359—no, #360—no, #361—no, #362—no, #363—yes, #364—no, #365—yes, #366—no, #367—no, #368—no, #369—no, #370—no, #372—yes.

REPUBLIC OF CHINA'S NATIONAL DAY

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. RADANOVICH. Mr. Speaker, Taiwan is a free democratic nation in the Pacific and a shining example of economic success and total democratization. Taiwan's accomplishments are too numerous to mention here, but I do want to note that Taiwan's success is directly attributable to its people's industriousness and its leader's wisdom. Today nearly everyone in Taiwan is middle class, and is enjoying the country's many amenities—such as good food, adequate housing, a good transportation system, excellent schools and crime-free neighborhoods. Politically, people can freely express their opinions and elect their leaders at every level. Press freedom and human rights are also guaranteed by Taiwan's constitution.

Therefore, to my friends in Taiwan, I want to go on record stating that you have done a wonderful job and congratulations on your 89th National Day.

HONORING THE MONTGOMERY COUNTY FAMILY SERVICES

HON. JOSEPH M. HOEFFEL

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. HOEFFEL. Mr. Speaker, today I congratulate Family Services as they celebrate 100 years of exemplary service in Montgomery County, Pennsylvania. This organization was established when three local nonprofit organizations merged. Family Services of Pottstown, the Lower Montgomery County Service Society, and the Main Line Neighborhood united to provide the community with outstanding social services.

The 13th Congressional District of Pennsylvania benefits from many programs implemented by Family Services. The services provided by this group address a variety of needs including counseling, access to housing, medical care, delivery of meals, identifying peer support systems, and locating resources to prevent future problems.

Family Services works on many programs that have become an integral part of our community including: Meals on Wheels; Project HEARTH (Helping Elderly Adults Remain in Their Homes); Project HOPE, which provides HIV/AIDS Prevention and Support Services; Families and Schools Together; and Safe Kids. Family Services also provides workshops and seminars such as ''Family Violence Prevention'', ''Dating Violence Prevention'', and ''Partnerships for Community Building'', which help families confront many of today's challenges.

It is an honor to recognize the remarkable impact this organization has on the community. Family Services has enhanced the quality of life for many of my constituents and it is a privilege to represent such an extraordinary organization.

IN HONOR OF RITA CESTARIC

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. KUCINICH. Mr. Speaker, today I pay tribute to Rita Cestaric who has been an outstanding citizen of my district and our state. Rita Cestaric's entire life has been one of devotion to her family, her friends and her community. Her passion for service to community helped to encourage the involvement of many people in public life, including myself. She was ever the activist, prodding and pushing, moving mountains on behalf of her city and her nation. She was a civic and political force for decades in North Olmstead, Ohio.

The home of Rita and her devoted husband, John Cestaric, was always a hub of activity in the community. With John's patient support, the Cestaric household was an important stop in any political campaign. Her children, Rita, Carole and John were always in amazement at the endless stream of activity which characterized the Cestaric home. They saw firsthand the impact of their mother's dedication and understood how significant her help was to so many people.

Public officials came to the Cestaric home not only to meet the people of the neighborhood, but they were drawn to Rita. She gave wise counsel to generations of public servants who sought her assistance. She always had a sense of what was in the public interest. Her wisdom was the wisdom of the people and when she spoke you always knew that hers was unmistakably the voice of many. She was an exemplar of the power of women in politics. She was a singular force for encouraging many women to become involved in the civic life of their communities.

Rita Cestaric was an optimist. She faced all challenges in life with equanimity. She suffered the loss of her dear husband John, and still she moved ahead to continue her contributions of her time and her efforts. And when she at last faced her most serious personal challenge to her health, she did so without complaint, but with great inner strength and beauty.

Mr. Speaker, I ask that Members of the House of Representatives of the United States

of America join with me in paying tribute to the life of Rita Cestaric, and expressing gratitude for her love of country and her service to community.

TRIBUTE TO MR. AND MRS. WILLIE McCOY

HON. JAMES E. CLYBURN

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. CLYBURN. Mr. Speaker, today I pay tribute to Willie and Agnes McCoy on the occasion of their 60th wedding anniversary. Sixty years of marriage is an accomplishment that is worthy of recognition, and I'd like to add my wishes for a happy 90th year to Mr. Willie McCoy. He celebrated his 90th Birthday on the 4th of September.

In June of 1940, Willie McCoy and Agnes Green met in Jacksonville, Florida. After an instant connection and brief courtship, Willie and Agnes were married on November 16, 1940. They were wed in the home of a friend by Rev. H.H. Robinson, whose words to them were "always respect each other, and never be too proud to say I'm sorry." Upon this foundation of respect and humility, coupled with love, honesty, and trust, an exemplary marriage was forged.

Throughout their many years together, they have been blessed with seven children, sixteen grandchildren, many great-grandchildren, and a number of wonderful nieces, nephews, and close friends. One of their children, Willie, is a very good friend to me and my family.

To each other, they are gifts from God. To us, they are an example of true love and friendship. Mr. Speaker, I ask you and my colleagues to join me in honoring Mr. and Mrs. Willie McCoy on their 60th wedding anniversary, and Mr. Willie McCoy on his 90th birthday.

RECOGNITION OF YOUTH CIVIC LITERACY MONTH AND THE IMPORTANT CONTRIBUTIONS OF WAYNE STATE UNIVERSITY'S CIVIC LITERACY PROJECT

HON. DEBBIE STABENOW

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Ms. STABENOW. Mr. Speaker, today I recognize the Youth Urban Agenda/Civic Literacy Project of Wayne State University. As a result of their efforts to encourage youth participation in the political process, the month of October 2000 is being recognized as Youth Civic Literacy Month in Wayne County Michigan.

The Youth Urban Agenda/Civic Literacy Project started at Wayne State University in 1986 in an effort to promote programs to teach students about civic responsibility and provide them with the tools they need to build a real political agenda. This month the Project will convene an international telecommunications event entitled "A Youth Urban Agenda in the New Millennium." The event will be held in Detroit, Michigan with the participation of students and teachers from one hundred twenty middle schools, high schools, adult education programs and post-secondary institutions in Southeast Michigan. They will be linked with teachers and students from major U.S. and non-U.S. cities.

In an era when so many people have become disillusioned with the political process and have stopped participating, it is vitally important that we energize our young people to become involved. It is my pleasure to acknowledge and commend Wayne State University and the Youth Urban Agenda/Civil Literacy Project for it's leadership and vision in preparing young people to fully participate in the political process.

PERSONAL EXPLANATION

HON. JULIA CARSON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Ms. CARSON. Mr. Speaker, I was unavoidably absent yesterday, Monday October 2, 2000, and as a result, missed roll call votes 503 through 505. Had I been present, I would have voted "no" on roll call vote 503, "yes" on roll call vote 504, and "yes" on roll call vote 505.

PERSONAL EXPLANATION

HON. BOB RILEY

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. RILEY. Mr. Speaker, I was unavoidably detained for rollcall No. 503, H.R. 4049, the Privacy Commission Act. Had I been present I would have voted "yea". Mr. Speaker, I was unavoidably detained for rollcall No. 504, H.R. 4147, the Stop Material Unsuitable for Teens Act. Had I been present I would have voted "yea". Furthermore, Mr. Speaker, I was unavoidably detained for rollcall No. 505, H.R. 3088, the Victims of Rape Health Protection Act. Had I been present I would have voted "yea".

PERSONAL EXPLANATION

HON. MAJOR R. OWENS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. OWENS. Mr. Speaker, yesterday I was unavoidably absent on a matter of critical importance and missed the following votes:

On H.R. 4049 (rollcall No. 503), to establish the Commission for the Comprehensive Study of Privacy Protection, introduced by the gentleman from Arkansas, Mr. HUTCHINSON, I would have voted "Nay"

On H.R. 4147 (rollcall No. 504), to amend Title 18 United States Code, to increase the age of persons considered to be minors for the purposes of the prohibition on transporting obscene materials to minors, introduced by the gentleman from Colorado, Mr. TANCREDO, I would have voted "Yea".

On H.R. 3088 (rollcall No. 505), to amend the Omnibus Crime Control and Safe Streets Act of 1968 to provide additional protections to victims of rape, introduced by the gentleman from Pennsylvania, Mr. WELDON, I would have voted "Yea".

IN HONOR OF JOSEPH A. BALZANO

HON. JIM SAXTON

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. SAXTON. Mr. Speaker, I make special note of a very important person who has served the State of New Jersey, the City of Camden, and the Delaware River port community for 50 years.

Mr. Joseph A. Balzano, or Joe as we call him, serves as Executive Director and Chief Executive Officer of the South Jersey Port Commission, Port of Camden. The South Jersey Port Commission hired Joe in 1951 as an equipment operator. He quickly moved into management, serving as the Port Operations Manager from 1961 to 1982, then as Deputy Director of the Commission from 1982 to 1989, and finally as Executive Director and CEO since 1989. On August 22, 2000, he began his 50th year working for the Port of Camden.

My friend Joe has had a very interesting career with many highlights. One of these highlights was his integral role in helping to bring the retired Battleship USS *New Jersey* (BB–62) to its namesake home of New Jersey, and to its final resting place as a national museum docked in the Port of Camden.

Joe was born and raised, attended school, married and raised his family in the City of Camden. He has received many honors and awards over the years—too many to list here—and is among the best senior executives in the maritime industry.

The Port of Camden is thankful that Joe Balzano's knowledge, wisdom, leadership and dedication have blessed New Jersey and the Delaware River port community for five decades. Moreover, we are fortunate that his presence will continue to grace the streets of Camden for years to come.

On behalf of the United States Congress and the 3rd Congressional District of New Jersey, I thank Joe Balzano for his distinguished service and dedication to the Port of Camden and to the State of New Jersey.

COMMEMORATING UNITY DAY

HON. GARY G. MILLER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. GARY MILLER of California. Mr. Speaker, it is with great pleasure that I commemorate Unity Day, which is being celebrated in Germany today. October 3, 2000 marks the 10th Anniversary of Germany's Reunification.

Growing up, I learned about two countries called Germany—the West and the East—an ally and an enemy. For over 40 years, this country was divided; families were separated, and most strikingly, vastly different political ideologies governed these two nations.

However, the highly dynamic 20th Century allowed the generation which witnessed the division of this great nation see it reunified on October 3, 1990. What once seemed impossible became unstoppable as the Berlin Wall opened on November 9, 1989, and streams of excited people crossed into the west. While these people were separated by geography and government, their German heritage and common memory of one country kept them together.

While the desire to reunite these two nations was strong, significant economic, political, and social challenges faced the newly united Germany. Despite these issues, the German government and her people pressed forward, refusing to look back.

Today, Germany has much to celebrate. Now united, this country has defined itself, both as a sovereign nation, and within the context of multinational institutions such as the European Union, NATO, and the United States. In addition, Germany has remained a strong ally of the United States.

As Germany celebrates the realization of freedom and democracy under one flag, let this Congress recognize and offer its congratulations on this milestone of achievement, the 10th Anniversary of German Reunification.

A TRIBUTE TO THE GERMAN SOCIETY OF PENNSYLVANIA

HON. ROBERT A. BRADY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. BRADY of Pennsylvania. Mr. Speaker, today I honor the German Society of Pennsylvania. Founded in 1764, it is the oldest German American organization in the new world. In celebration of its founding, the Society will hold its 236th Anniversary Ball and its annual German American Day festivities.

The first German immigrants came to the new world after being invited by William Penn to come to his colony. Ultimately, thirteen families settled in what became known as Germantown, one of Philadelphia's oldest sections of the city. These families left their homes in the Rhineland City of Krefeld and arrived in Philadelphia on October 6, 1683, a date celebrated by German Americans as the beginning of their history in the United States.

The flow of German immigrants continued and the poorest of them suffered many hardships and cruelty. As a result the Society was founded, for the express purpose of aiding these distressed immigrants. And, because of the Society's advocacy a series of measures to protect immigrants were enacted.

Today, the Society maintains its presence in the First Congressional District in its historic 1888 landmark building, which is on the national list of historic places. The Society also continues to steadfastly fulfill its mission to serve its members and those who share interests in German and German American culture, heritage and values through its presentations of educational lectures, cultural and arts programs, and seminars.

PERSONAL EXPLANATION

HON. JOSEPH M. HOEFFEL

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. HOEFFEL. Mr. Speaker, last night I missed the first vote (#503) which authorized a Privacy Commission. I was unavoidably detained on a train from Philadelphia which was late in arriving. If present, I would have voted ''nay'' on the motion.

REVIEW BY CONGRESS OF PROPOSED CONSTRUCTION OF COURT FACILITIES—H.R. 5363

HON. BENJAMIN A. GILMAN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. GILMAN. Mr. Speaker, today I am introducing legislation to provide for the review by Congress of proposed construction of court facilities, H.R. 5363.

I am introducing this measure in response to my experience with a proposed Federal courthouse project for Orange County, New York.

In April of this year, the Judicial Council of the Second Circuit voted to rescind its prior 1992 approval for construction of a Federal courthouse in Orange County, New York.

This project began in 1991, when then Chief Judge of the U.S. District Court of the Southern District of New York the honorable Charles L. Brient, requested the board of judges to study future planning for court facilities west of the Hudson River. Subsequently, on June 1992, the board of judges of the southern district found that there was a need for a courthouse to meet the growing demands in the mid-Hudson Valley Region of New York, and voted unanimously to authorize the chief judge to apply to the Judicial Council of the Second Circuit for approval of a Federal District Courthouse west of the Hudson.

Following approval of the Judicial Council of the Second Circuit on July 28, 1992, the matter was referred to the court administration and case management committee of the judicial conference of the United States. The committee reported favorably and voted unanimously in a March 1993 session of the judicial conference of the United States to ''seek legislation on the court's behalf to amend title 28 of the U.S. Code, section 112(b) to establish a place for holding court in the Middletown/Wallkill area of Orange County or such nearby location as may be deemed appropriate.''

Accordingly, during the 104th Congress, Public Law 104–317 was approved designating that ''court for the southern district shall be held at New York, White Plains, and in Middletown-Wallkill area of Orange County or such nearby location as may be appropriate.''

In an attempt to proceed forward in an expeditious matter the administrative office of the courts and the U.S. General Services Administration, both concurring with the need for a courthouse in Orange County, determined that a facility could and should be constructed and paid through GSA's current funding.

This project had and still has clear evidence denoting the growth in population and economic activity in Dutchess, Orange, and Sullivan County in New York, as well as steady increases in caseload from the mid-Hudson Valley region. In fact, current statistics suggests that the need is even greater now than previously ascertained by Congress in 1996. The number of cases in 1999 that could have gone to an Orange County Courthouse, based on the location of the litigants or the attorney's residence, increased to 312, up from 290 in 1996. Moreover, the population for the region has increased to 671,767, up from 656,740 in 1996 and the total labor force has risen to 309,100 up from 301,800 in 1996.

Furthermore, it should be noted that while Congress may have acquiesced in the closure of some courthouses which have become redundant, based on considerations of economy and efficiency, I know of no situation where a court has refused to provide judicial services at a location designated by statute, where both the need exists and there is strong local support for the service. Such was and still is clearly the case with regard to the Orange County project.

Accordingly, while it is now current practice, as denoted by title 28 of the U.S. Code, for the U.S. Administrative Office of the Courts and the GSA to develop a rolling five year plan denoting the need for courthouse construction, I believe it is important for Congress to have a say in this important matter.

The legislation I introduced today will require the director of the Administrative Office of the United States Courts to submit for approval to the Congress a report setting forth the courts plans for proposed construction. Congress will have 30 legislative days to disapprove of the proposed construction.

It has become apparent to me after the experience I have had with both the Board of Judges of the southern district and the Judicial Council of the Second Circuit that an imperialistic attitude among many of our Federal judges prevail.

The decision as to whether or not to move forward with construction of a court facility is no longer based on existing evidence and data showing the need, but instead on the personal thoughts of the judges involved.

This legislation will end that practice. Accordingly, I urge my colleagues to support H.R. 5363.

H.R. 5363

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONGRESSIONAL REVIEW OF NEW CONSTRUCTION FOR FEDERAL COURTS.

(a) IN GENERAL.—Section 462 of title 28, United States Code, is amended by adding at the end the following new subsection:

''(g)(1) Facilities for holding court may not be constructed unless—

''(A) the Director of the Administrative Office of the United States Courts submits to

the Congress a report setting forth the plans for the proposed construction; and

''(B) 30 days have elapsed and the Congress has not, before the end of that 30-day period, enacted a provision of law stating in substance that the Congress disapproves the proposed construction.

''(2) For purposes of paragraph (1), construction of facilities includes the alteration, improvement, remodeling, reconstruction, or enlargement of any building for purposes of holding court.

''(3) The 30-day period referred to in paragraph (1) shall be computed by excluding—

''(A) the days on which either House is not in session because of an adjournment of more than 3 days to a day certain or an adjournment of the Congress sine die; and

''(B) any Saturday and Sunday, not excluded under subparagraph (A), when either House is not in session.''.

(b) CONFORMING AMENDMENTS.—Section 462 of title 28, United States Code, is amended—

(1) in subsection (b), by inserting before the period at the end the following: '', and subject to subsection (g)'';

(2) in subsection (c), by inserting before the period at the end the following: '', and subject to subsection (g)''; and

(3) in subsection (f), by inserting ''subject to subsection (g),'' after ''Director requests,''.

CHINA'S HUMAN RIGHTS VIOLATIONS DISQUALIFY BEIJING FROM HOSTING THE 2008 OLYMPIC GAMES

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. LANTOS. Mr. Speaker, last Thursday, I introduced House Resolution 601, a resolution expressing the sense of the House of Representatives that the Olympic Games in the year 2008 should NOT be held in Beijing in the People's Republic of China. Joining me as cosponsors of this resolution are a distinguished bipartisan group of our colleagues who are leaders in the area of human rights the Gentleman from California, Mr. COX; the gentleman from Virginia, Mr. WOLF; the gentleman from New Jersey, Mr. SMITH; the gentlewoman from California, Ms. PELOSI; the gentleman from Illinois, Mr. PORTER; and the gentleman from California, Mr. ROHRABACHER.

Mr. Speaker, Beijing is one of five cities currently under consideration by the International Olympic Committee (IOC) to host the games in the year 2008. Four other cities are also still in the running—Istanbul, Turkey; Osaka, Japan; Paris. France; and Toronto, Canada. The decision on the venue for the 2008 Games will be made by the IOC at its meeting in Moscow in July 2001. Since the decision will be made in only nine months, it is important that any expression of the views of the House of Representatives be made known quickly.

Mr. Speaker, the human rights record of the People's Republic of China is abominable and it is getting worse, not better. It is completely inconsistent with the Olympic ideal to hold the Games in Beijing. As our resolution spells out in greater detail, according to most recent State Department's Country Reports on Human Rights Practices, the government of China ''continued to commit widespread and well-documented human rights abuses, in violation of internationally accepted norms.''

I reject the argument that holding the games in Beijing will encourage the Chinese government to clean up its act with regard to human rights. The Mayor of Beijing, in connection with the city's bid to host the games, already informed a rally in the city that in preparation for the Games, the government will ''resolutely smash and crack down on Falun Gong and other evil cults.'' If Beijing's bid is accepted, there will be more—not fewer—human rights violations.

Mr. Speaker, the venue of the Olympic Games has great significance. Hitler's Berlin Olympics of 1936 were nothing more than a propaganda exercise—an attempt to fool other countries into believing that Nazi Germany was a model world citizen. Holding the games in Beijing will convey a message that is inconsistent with the Olympic ideal.

Clearly the venue for the Olympic Games is a decision that will be made by the IOC, but clearly this is an issue on which the U.S. Congress can and should express its opinion. If we do not to express our views in the face of China's egregious human rights violations, we would be derelict in our responsibilities.

In 1993, as the IOC was considering the venue for the 2000 Olympic Games, Mr. Speaker, I introduced a resolution which expressed the sense of the House of Representatives that the Olympics in the year 2000 should not be held in Beijing or elsewhere in the People's Republic of China. That resolution was approved by an overwhelming vote in the House of Representatives on July 26, 1993. A Short while later, the IOC voted to accept the bid of Sydney, Australia, as host to the 2000 games.

Mr. Speaker, it is imperative that we continue to call the attention of the world community to the serious violation of human rights by the government of the People's Republic of China. Holding the games in Beijing, if human rights violations continue unabated, would be so contrary to the spirit of the Olympics that the Beijing games would go down in history in much the same terms as Hitler's 1936 games. This is an issue on which this House should express its view.

Mr. Speaker, I submit the full text of House Resolution 601 to be printed in the RECORD. The text of the resolution spells out in greater detail the concerns we have regarding China's record on human rights and its inconsistency with the Olympic ideal.

HOUSE RESOLUTION 601

Expressing the sense of the House of Representatives that without improvement in human rights the Olympic Games in the year 2008 should not be held in Beijing in the Peoples Republic of China.

Whereas the International Olympic Committee is now in the process of determining the venue of the Olympic Games in the year 2008 and is scheduled to make that decision at the IOC meeting scheduled for Moscow in July 2001;

Whereas the city of Beijing has made a proposal to the International Olympic Committee that the summer Olympic Games in the year 2008 be held in Beijing;

Whereas the Olympic Charter states that ''Olympism'' and the Olympic ideal seek to foster ''respect for universal fundamental ethical principles'';

Whereas the United Nations General Assembly in resolution 48/11 adopted on October 25, 1993, recognized ''that the Olympic goal of the Olympic Movement is to build a peaceful and better world by educating the youth of the world through sport, practiced without discrimination of any kind and the Olympic spirit, which requires mutual understanding, promoted by friendship, solidarity and fair play;

Whereas United National General Assembly in resolution 50/13 of November 7, 1995, stressed ''the importance of the principles of the Olympic charter, according to which any form of discrimination with regard to a country or a person on grounds of race, religion, politics, sex or otherwise is incompatible with the Olympic Movement;

Whereas the State Department's Country Reports on Human Rights Practices for 1999 reports that

(1) ''The [Chinese] Government continued to commit widespread and well-documented human rights abuses, in violation of internationally accepted norms.''

(2) ''Abuses included instances of extrajudicial killings, torture and mistreatment of prisoners, forced confessions, arbitrary arrest and detention, lengthy incommunicado detention, and denial of due process.''

(3) ''The Government infringed on citizens' privacy rights.''

(4) ''The Government tightened restrictions on freedom of speech and of the press, and increased controls on the Internet; self-censorship by journalists also increased.''

(5) ''The Government severely restricted freedom of assembly and continued to restrict freedom of association.''

(6) ''The Government continued to restrict freedom of religion and intensified controls on some unregistered churches.''

(7) ''The Government continued to restrict freedom of movement.''

(8)The Government does not permit independent domestic nongovernmental organizations (NGOs) to monitor publicly human rights conditions.''

(9) ''Violence against women, including coercive family planning practices—which sometimes include forced abortion and forced sterilization; prostitution; discrimination against women; trafficking in women and children; abuse of children; and discrimination against the disabled and minorities are all problems.''

(10) ''The Government continued to restrict tightly worker rights, and forced labor in prison facilities remains a serious problem. Child labor persists.''

(11) ''Particularly serious human rights abuses persisted in some minority area, especially in Tibet and Xinjiang, where restrictions on religion and other fundamental freedoms intensified.'';

Whereas, according to press reports, Liu Qi, the Mayor of Beijing, told a rally called to promote Beijing's bid to host the Olympic Games that the government would ''resolutely smash and crack down on Falun Gong and other evil cults'' in preparation for hosting the games;

Whereas, the egregious human rights abuses committed by the Government of

China are inconsistent with the Olympic ideal; and

Whereas on July 26, 1993, the House of Representatives adopted House Resolution 188 in the 103rd Congress which expressed the sense of the House of Representatives that the Olympics in the year 2000 should not be held in Beijing or elsewhere in the People's Republic of China;

Now, therefore, be it Resolved that the House of Representatives

(1) welcomes the participation of Chinese athletes in the Olympic Games, notes the outstanding competitive effort of Chinese athletes in the games in Sydney, Australia, where Chinese athletes placed third in the number of medals earned, and in Atlanta, Georgia, and Barcelona, Spain, where Chinese athletes also placed third in the number of medals earned, and wholeheartedly welcomes the support of the Chinese people for the Olympic Games;

(2) acknowledges that the Chinese people and thousands of Chinese Olympic athletes have shown their strong support for the Olympic spirit through their commitment to excellence, energy, skill, sportsmanship, and good will towards their fellow athletes;

(3) expresses the sense of the House of Representatives that the Olympic Games in the year 2008 should not be held in Beijing in the People's Republic of China because the deplorable human rights record of the People's Republic of China violates international human rights standards which that Government has pledged to uphold and its actions are inconsistent with the Olympic ideal;

(4) expresses the view that the House looks forward to the day when the House can support a proposal of the People's Republic of China to host the Olympic Games at a time when the Chinese people openly enjoy the tolerance and freedoms espoused by the high ideals of the Olympic tradition; and

(5) directs the Clerk of the House of Representatives to transmit a copy of this resolution to the Chairman of the International Olympic Committee and to the United States representative to the International Olympic Committee with the request that it be circulated to all members of the committee.

RECOGNITION OF CARLEY ZELL AS GEORGIA'S OLDER WORKER OF THE YEAR

HON. JACK KINGSTON

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. KINGSTON. Mr. Speaker, today I recognize Carley Zell as the recipient of this year's Georgia's Older Worker of the Year award. Mr. Zell was given the award during the Georgia Older Worker Conference and 12th Annual Awards Luncheon. The award was presented to Mr. Zell by the Georgia Labor Commissioner Michael Thurmond. Mr. Zell has lived in three centuries and has yet to retire. He has continued to work and contribute to his family and community. Let me take a moment to applaud Mr. Zell's dedication and contributions.

Mr. Zell owns Zell Enterprises which he founded in 1958. His company includes rental properties that are located in Brunswick and the Jacksonville Warehouse Co. Mr. Zell started his first job at age 12 delivering newspapers for the Brunswick News. The year after he graduated from Glynn Academy, he served as an apprentice seaman in the U.S. Navy. During his time in the Navy, he managed a shipyard cafeteria that served 30,000 workers daily, as they built ships at the Brunswick shipyards during World War II.

Please join me again in applauding Mr. Zell. He represents what is best in America—he is a self-learner, and through hard work and persistence has reached the true meaning of success. Let us all take direction from him and strive to obtain his love for work. He has continually given to his community and never asked for anything back in return. Our society today needs more people like him to inspire and continually give relentlessly.

EXPRESSING SENSE OF CONGRESS REGARDING TAIWAN'S PARTICIPATION IN THE UNITED NATIONS

SPEECH OF

HON. DOUG BEREUTER

OF NEBRASKA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. BEREUTER. Mr. Speaker, this Member rises in strong support of H. Con. Res. 390. This Member would first like to express his sincere appreciation to the distinguished gentleman from Colorado [Mr. SCHAFFER] for introducing this resolution on September 6, 2000 and for working with this Member and staff on a limited number of modifications to the resolution as introduced. In addition, this Member would also like to thank the distinguished Ranking Member of the Subcommittee on Asia and the Pacific [Mr. LANTOS], the distinguished Chairman of the Committee on International Relations [Mr. GILMAN] and the Committee's distinguished Ranking Member [Mr. GEJDENSON], for supporting this resolution and moving it expeditiously forward to the House Floor for consideration.

House Concurrent Resolution 390 expresses this body's strong support for Taiwan's participation in the United Nations and other international organizations, including the World Health Organization (WHO). The resolution correctly notes that the 23 million people on Taiwan have much to contribute—both substantively and financially—to the work of international organizations. Clearly, the people on Taiwan should also benefit from the work of the international organizations as do all members of the world community.

In addition, H. Con. Res. 390 recognizes Taiwan's dramatic transformation into a multiparty democracy with a civil society which fully respects human rights and civil liberties. The resolution notes the most recent illustration of Taiwan's democratic development—the March 18, 2000, election of Mr. Chen Shui-bian as president and the peaceful transfer of power on Taiwan from one political party to another on May 20th with the inauguration of Mr. Chen.

Certainly, Taiwan's economic achievements in the last 50 years also give Taiwan a special role in assisting developing economies and contributing to international organizations focused on economic, trade and development matters. Taiwan is the world's 13th largest economy with over $235 billion in two-way trade. Indeed, Taiwan already is an active and constructive member of the Asia Development Bank and APEC and has been an observer at the World Trade Organization since 1992.

This year, on May 24, 2000, this body clearly and unequivocally spoke in favor of Taiwan's accession to the WTO as a full member by passing H.R. 4444. Given recent statements by representatives of the People's Republic of China, this Member wishes to reaffirm that legislation's commitment that the United States should be prepared to aggressively counter any attempt to delay, set conditions on, or block Taiwan's accession to the WTO. Our strong support for Taiwan's accession to the WTO is clear.

The resolution also calls on the Clinton Administration to uphold the commitment made in its 1994 Taiwan Policy Review to more actively support Taiwan's participation in appropriate international organizations.

Mr. Speaker, in closing, this Member notes that this body has repeatedly passed measures that call for greater participation by Taiwan in international organizations, in particular supporting Taiwan's participation in the United Nations, the World Health Organization, and the World Trade Organization, among others. As Chairman of the Asia and Pacific Subcommittee, this Member believes it is worthwhile for this body to reaffirm its support and commitment to Taiwan's participation in these important international organizations. Therefore, this Member strongly supports the passage of H. Con. Res. 390.

CONFERENCE REPORT ON H.R. 4578, DEPARTMENT OF THE INTERIOR AND RELATED AGENCIES APPROPRIATIONS ACT, 2001

SPEECH OF

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. UDALL of Colorado. Mr. Speaker, I will vote for this conference report—and I will do so as a strong supporter of the Conservation and Reinvestment Act, or "CARA."

I understand that other supporters of CARA may disagree. They are concerned that passage of this bill will mean that CARA is dead.

But I do not think that is the case. Certainly I will continue working for CARA's enactment this year—and, if that does not occur, and if I am reelected, I will resume the effort next year.

But in the meantime, by passing this conference report we will take an important step toward one of CARA's key goals—that is, toward fulfilling the promise of one of the wisest and most far-sighted conservation measures ever—the Land and Water Conservation Fund Act.

The promise of that Act was that as the federal government sold non-renewable resources, particularly the oil and gas from the

outer continental shelf, it would invest a major part of the proceeds in conserving our lands and waters and in helping our local communities to make similar investments.

Unfortunately, because of the budget problems of the past, for too long the Congress fell short of fulfilling that promise. But now the budget situation is different and we have a chance to make up for some of the shortfalls of the past and in fact to expand the benefits for our country.

By passing this bill, we can help our communities respond to the problems of growth and sprawl and to provide much-needed places for sports and outdoor recreation. We can help preserve our open spaces by acquiring inholdings in our parks and forests from people who want to sell. We can help protest threatened and endangered species, and the fish and wildlife resources that are so important to Colorado and the rest of the nation.

By greatly increasing the resources of the Historic preservation Fund we can help preserve the irreplaceable historic legacy of Colorado and our nation—saving historic landmarks, attracting private investment, and helping bring economic vitality to historic sites in Gilpin, Clear Creek, Adams, and Jefferson Counties and to neighborhoods in Boulder, Arvada, and countless other communities in Colorado and across the continent.

And by bolstering the PILT program, we can help the counties and other local governments in areas where the federal government is a major landowner—and we can do it the right way, by providing funds that aren't tied to timber sales or other uses of the federal lands and so without making the local communities hostages to the debates over timber harvests or other extractive uses.

Mr. Speaker, of course this is not a perfect bill—but, all too often we are reminded that there is no perfect legislation.

But, when you consider all that this conference report would do for our country I am convinced that we should approve it today—and, after that, keep on working for the further improvements that will come from enactment of CARA.

H. CON. RES. 64, CERVICAL CANCER PUBLIC AWARENESS RESOLUTION

SPEECH OF

HON. BOB RILEY

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. RILEY. Mr. Speaker, I want to commend my colleagues in the House for their support of H. Con. Res. 64, the Cervical Cancer Public Awareness Resolution. I am proud to have supported this legislation as a cosponsor.

This resolution recognizes the severity of the issue of cervical cancer. In order to defeat cervical cancer this country must open its eyes to the disease's catastrophic effects. This legislation seeks to accomplish that objective. It calls on the United States as a whole to support individuals who have been afflicted with cervical cancer, as well as their loved ones. This resolution not only makes Americans aware of this horrible disease, it also urges them to take the opportunity to learn about cervical cancer and take advantage of the improved early detection methods now available. Additionally, this legislation articulates Congress's recognition of the importance of federally funded programs that provide cervical cancer screenings and follow-up services to medically under served individuals. It is vitally important that each and every woman in America have access to these early detection screenings.

Cervical cancer annually strikes an estimated 15,000 women in the United States. It is estimated that during this decade more than 150,000 women will be diagnosed with cervical cancer in the United States. Even more startling is that during an average woman's lifetime cervical cancer strikes one out of every 50 American women. Studies show that although cervical cancer is a preventable disease in a majority of cases it is still one of the leading causes of death among women worldwide. Although these statistics appear dismal, I am optimistic that through awareness and research we can eventually prevent this disease from taking any more lives. Even today, cervical cancer can be successfully treated and even prevented in many cases. The key to prevention is through early detection. Unfortunately, many women are not aware of the dangers or even the existence of cervical cancer, therefore they do not take the proper precautions through early detection screenings.

It is my sincere hope that this legislation will promote widespread awareness throughout the United States. This bill will bring awareness to this very serious disease, and educate all individuals, not only women, on the availability of early detection methods. I believe that through awareness and education we can save thousands of lives, and actually prevent cervical cancer in thousands of other lives. Again, I am proud to have supported the Cervical Cancer Public Awareness Resolution.

IN HONOR OF TOM TOSH OF COMO, TEXAS

HON. MARTIN FROST

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. FROST. Mr. Speaker, today, I wish to honor Tom Tosh of Como, Texas. Tom was recently recognized as Texas' Outstanding Older Worker by Green Thumb, America's oldest non-profit provider of senior employment and training. At age sixty-seven, when most people have retired, or are at least considering retirement, Tom went back to work at Custom Shutters Inc. It has now been sixteen years, and Tom Tosh, at age eighty-two, continues to work 40-hour weeks in his position as a speciality craftsman.

Tom truly exemplifies the positive work ethic, experience, loyalty and dependability so important to our society today. According to his personnel manager, Tom is an inspiration because of his untiring dedication to his craft and his company. He is creative, patient, wise, kind, and honest. His knowledge and work ethnic motivates workers less than half his age, who, at this rate, will probably end up retiring before he does!

Tom is a navy veteran; he served our country in World War II. In addition to working full-time, Tom volunteers for the American Cancer Society, is a member of his local Veterans of Foreign Wars, swims, sails, and makes jewelry, All this, and he still finds time to dedicate to his wife of 61 years and two children. He is a shinning example of America at any age, and truly exemplifies that ability is ageless.

I am proud of work that Green Thumb and other organizations do to strengthen our families, communities, and the Nation. The opportunities, and wisdom that older workers such as Tom Tosh can provide for us are immeasurable. I salute him today.

CONTRIBUTION OF THE CALIFORNIA NATIONAL GUARD TO FIGHTING ILLEGAL DRUGS

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. LANTOS. Mr. Speaker, I rise today to commend the California National Guard for its vital contribution in helping to reduce drug use among our youth. Throughout the United States the National Guard frequently assists local law enforcement agencies in their fight against illicit drugs, and often Guard members risk their lives to provide necessary support for local law enforcement agencies.

Mr. Speaker, the California National Guard performs a variety of tasks and missions in support of local law enforcement agencies. One program in particular that I wish to call to the attention of my colleagues is the Guard's educational efforts as part of ''Red Ribbon Week,'' a nationwide effort to focus on drug awareness and education during the last of October. Since 1988, the California National Guard has been an active participant in Red Ribbon Week. This highly successful program was started initially to commemorate the life of Drug Enforcement Agency officer Enrique (''Kiki'') Camerena, an undercover narcotics agents who was brutally murdered by illegal drug traffickers. To mark his death and honor his life, the week of October 23–31 has been designated Red Ribbon Week. Across the nation, federal and local law enforcement agencies spend the week participating in a variety of programs to educate children about the perils of drug use.

The California National Guard has been such an active participant in Red Ribbon Week and its efforts have generated such interest in the program that the Guard has expanded Red Ribbon Week into Red Ribbon Month in order to respond to the numerous requests for education programs. The California Guard uses the power of positive role models to encourage choosing a drug-free lifestyle. I can only imagine the incredibly positive affect that a helicopter pilot has on young childred after they witness the landing of his or her helicopter on the school grounds. Other positive Guard efforts include chaperoning education retreats and speaking at schools.

Mr. Speaker, the California National Guard's involvement in Red Ribbon Month is only one

aspect of its participation in the battle against illicit drug use. The National Guard participates in the two pronged attack to reduce drug use in our country—simultaneously attacking supply and demand. The Drug Demand Reduction Program (DDR) focuses on education and information about the effects of narcotic use so that individuals will be less likely to turn to drugs. The Guard implements this program through its education work with school children. Already in this year alone, members of the California National Guard have spoken to 123,550 people, 82% of them school-age children and 74% of them in the 8th grade or below. This is particularly important, Mr. Speaker, because studies have shown that the earlier you teach children the dangers of drug use, the greater the chance that the child will embrace that message.

The second element of the California Guard's anti-drug program involves removing the supply of drugs from our streets. To this end, the Guard provides support and assistance to local law enforcement agencies in getting the drugs off of the streets. From flight surveillance to assisting local police officers in raids of methamphetamine plants, the California Guard has been involved in numerous seizures of illegal narcotics. This past year alone, in actions supported by the California Guard, law enforcement officials have seized over 8,100 lbs. of cocaine, 750 lbs. of heroin, 1,800 lbs. of methamphetamine, 360 lbs. of opium, 414,677 marijuana plants and 261 lbs. of processed marijuana.

Mr. Speaker, I invite my colleagues to join me in paying tribute to the vital efforts of the California National Guard in reducing illicit drugs on our streets and educating of our youth about the perils of drug use. Thanks to their diligent efforts, our state and our nation are a better place.

RECOGNIZING THE REPUBLIC OF CHINA'S NATIONAL DAY

HON. GREG WALDEN

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. WALDEN of Oregon. Mr. Speaker, I send my best wishes and congratulations to Republic of China President Chen Shui-bian and his people on the occasion of their 89th National Day. In recent years, Taiwan has prospered. It has one of the strongest economies in the world and its people enjoy unprecedented prosperity. Taiwan has solid schools, a good transportation system and sound health care. Furthermore, the people of Taiwan enjoy many political freedoms such as direct elections, a free press, and human rights.

I commend Taiwan on their 89th National Day. Their people have every right to be proud on this momentous occasion.

EL CAMINO REAL DE TIERRA ADENTRO NATIONAL HISTORIC TRAIL ACT

SPEECH OF

HON. SILVESTRE REYES

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. REYES. Mr. Speaker, I am proud to be the sponsor of the House bill of S. 366, El Camino Real de Tierra Adentro National Historic Trail Act.

This trail has a great deal of importance to the Southwest. El Camino Real de Tierra Adentro (the Royal Road of the Interior), served as the primary route between the colonial Spanish capital of Mexico City and the Spanish provincial capitals at San Juan de Los Caballeros (1598–1600), San Gabriel (1600–1609) and then Santa Fe (1610–1821). The portion of El Camino Real de Tierra Adentro that resided in what is now the United States extended between El Paso, Texas and present San Juan Pueblo, New Mexico, a distance of 404 miles. El Camino Real is a symbol of the cultural interaction between nations and ethnic groups and of the commercial exchange that made possible the development and growth of the borderland. American Indian groups dating back into prehistoric times, especially the Pueblo Indians of the Rio Grande river valley, use the area and trail along the Rio Grande long before Europeans arrived.

In 1598, Don Juan de Onate led a Spanish military expedition along those trails to establish the northern portion of El Camino Real, and during the Mexican National Period and part of the U.S. Territorial Period, El Camino Real de Tierra Adentro facilitated the emigration of people to New Mexico and other areas that would become the United States.

This trail is important to the history of the borderlands as it was central to the exploration, conquest, colonization, settlement, religious conversion, and military occupation of the Southwest. Many people used the trail including American Indians, European emigrants, miners, ranchers, soldiers, and missionaries. These travelers promoted cultural interaction among Spaniards, other Europeans, American Indians, Mexicans, and Americans. El Camino Real fostered the spread of Catholicism, mining, an extensive network of commerce, and ethnic and cultural traditions including music, folklore, medicine, foods, architecture, language, place names, irrigation systems, and Spanish law. This trail is important to the cultural history and rich heritage of the Southwest.

S. 366 amends the National Trails System Act to designate El Camino Real de Tierra Adentro as a National Historic Trail. This noncontroversial legislation prohibits the acquisition of any lands or interests outside the exterior boundaries of any federally administered area for El Camino Real de Tierra Adentro except with the consent of the owner. The bill has already passed in the House in a similar form. I am pleased that this bill, which is identical to the House bill which I originally introduced, has again made it to the floor.

I would like to thank Chairman YOUNG and Ranking Member MILLER. I would also like to thank Congressman HANSEN and my colleague Mr. SKEEN for allowing this clean bill to come to the House floor. I know that the designation of the Camino Real de Tierra Adentro, as a part of the National Historic Trails System, will benefit a great many people.

I hope my colleagues will support me in the passage of this legislation.

S. 1198: THE TRUTH IN REGULATING ACT

HON. DAVID M. McINTOSH

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. McINTOSH. Mr. Speaker, I applaud the House's passage yesterday of S. 1198, the Truth in Regulating Act of 2000. This bipartisan, good government bill establishes within the Legislative Branch a much needed regulatory analysis function. This function is intended to enhance congressional responsibility for regulatory decisions developed under the laws Congress enacts.

I want to especially thank Small Business Subcommittee Chairwoman on Regulatory Reform and Paperwork Reduction SUE KELLY for her initiation of this concept and her tenacious determination over a several year period to reach yesterday's successful result. Since 1998, the House Government Reform Subcommittee on National Economic Growth, Natural Resources, and Regulatory Affairs, which I chair, held two hearings and issued two House Reports (H. Rept. 105–441, Part 2 and H. Rept. 106–772) in support of a Congressional office of regulatory analysis.

Yesterday, during the floor debate on S. 1198, Vice Chairman PAUL RYAN expressed Congressional intent for this bill and presented the multi-year House legislative history. I want to emphasize three points which Mr. RYAN made. Also, I want to express my differing view about two statements made by Subcommittee Ranking Member DENNIS KUCINICH.

First, I agree with Mr. RYAN about the importance of the General Accounting Office's (GAO's) submitting timely comments on proposed rules during the public comment period, while there is still an opportunity to influence the cost, scope and content of an agency's regulatory proposal. S. 1198 does not require GAO to submit timely comments but neither does it preclude GAO for doing so. Second, I agree with Mr. RYAN about GAO's responsibility to examine non-agency (i.e., ''public'') data and analyses in preparing its 'independent evaluation' of an agency's regulatory proposal. Sometimes the best way to determine if an agency has ignored Congressional intent or failed to consider less costly or nonregulatory alternatives is to review non-agency analyses. S. 1198 does not require GAO to review public data but neither does it preclude GAO from doing so. Third, I agree with Mr. RYAN that GAO should comment substantively on an agency's regulatory proposal. S. 1198 does not require GAO to comment on the scope and content of an agency's regulatory proposal but neither does it preclude GAO from doing so.

Mr. KUCINICH stated his view that, ''Under this bill, GAO would retain its traditional role as auditor . . . [the bill] preserves GAO's traditional role as auditor.'' I do not agree with his view. Instead, S. 1198 requires GAO to prepare an independent evaluation or analysis of agency regulatory proposals. Evaluation is not equivalent to auditing; evaluation requires a thorough analysis, e.g., consideration of less costly or non-regulatory alternatives not presented in an agency's documents. Second, Mr. KUCINICH stated, 'Furthermore, [the bill] would not require the agency to conduct any new analysis.' GAO's independent evaluation should lead agencies to prepare missing cost/benefit, small business impact, federalism impact, or any other missing analysis. S. 1198 does not require an agency to prepare a missing analysis but neither does it preclude an agency from doing so.

A TRIBUTE TO LIBBIE HICKMAN

HON. BOB SCHAFFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. SCHAFFER. Mr. Speaker, today I rise to recognize a dedicated Olympian from my district who is an inspiration to all athletes. Libbie Hickman, a resident of Fort Collins, Colorado, recently earned the proud distinction of representing our great nation at the 27th Olympic Summer Games in Sydney, Australia. Libbie was the fastest American runner in the qualifying race held Wednesday, September 27th, recording a time of thirty-two minutes and fifty-nine seconds. This qualifying time enabled Ms. Hickman to race in last Saturday's finals where she valiantly represented our nation in its quest for gold.

A graduate of Colorado State University, Libbie Hickman has always dreamed of achieving Olympic glory. She first started running at the age of eight, racing against her brothers in the front yard as her father timed them with his stopwatch. Libbie became serious about her running career during her senior year of college, changing her specialty from the 1,500 meter race to the 3,000 meter race. However, it wasn't until four years later, in 1991, that Libbie Hickman truly made her mark by winning the Association of Road Running Athletes (ARRA) circuit title. Since then, Libbie has placed in the top ten of the finishers in twenty-one of the races in which she has participated. In 14 of those races, she finished in the top 5, and in 5 of them, she won the event.

In her spare time, Libbie Hickman is a self-described ''gardening freak'' who thinks she might have been a professional gardener if her passion for running were not so strong. Passion for her sport has driven her to work hard in pursuit of her Olympic dream. This passion was on display Wednesday as she led the American team to a qualifying spot in the 10,000 meter finals. Libbie finished 10th in her heat, and 20th overall. She was the only American woman who qualified to go to the finals on Saturday. While Libbie did not win the race, she won our hearts and proved herself a fierce and respected competitor, and an inspiration to the people of Colorado, and the entire nation.

It is with great pride that I stand today to congratulate one of Colorado's genuine Olympic heroes. Libbie Hickman is a true American heroine. She has displayed courage and perseverance in the tireless pursuit of excellence. She has competed on the world's biggest track and given her all to fulfill her Olympic dream. She has made us proud.

VETERANS' ORAL HISTORY PROJECT ACT

SPEECH OF

HON. ROBIN HAYES

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. HAYES. Mr. Speaker, I rise in support of the legislation offered by the gentleman from Wisconsin, the Veterans' Oral History Project, because it encompasses American pride and patriotism. Our veterans are the heroes who helped preserve our American heritage. They are living evidence that freedom is never free, and they carry the honor of hundreds of thousands who breathed their last breath on the field of battle.

Some months ago, I introduced legislation to recognize the American G.I. as the most influential figure of the 20th century. I was proud that my legislation passed this House unanimously, and I believe the legislation we debate this evening is critical to our effort to recognize and preserve a record of the sacrifices of every man and woman who served our Nation. The importance of documenting the personal accounts of our country's veterans cannot be understated. For generations, American troops have served to ensure freedom and democracy in all corners of the world. Their contributions are woven not only into the history of a grateful nation but also the history of a peaceful world.

Over the course of the last few months, I have asked veterans throughout my district, the 8th District of North Carolina, to share with me their wartime experiences. Their response has been amazing. Every American should have the opportunity to read the brave accounts of veterans like James Holt, James Wells, and Willie Monday—to name just a few. Crew Chief Holt recounts his WWII missions and America's contribution in defeating Hitler. Similarly, Mrs. Shuping writes on behalf of her father, James Archie Wells, who fought to liberate Okinawa, and Captain Monday recalls his reconnaissance missions over the Philippines. This, Mr. Speaker, is the best of American history—and there is an abundance of it. That's why this legislation is so very important. The memory of those we lost and the sacrifice of those who lived to tell the tale must be preserved and held in high esteem by a Congress and a country that extends our veterans its utmost respect and heartfelt gratitude.

I commend my colleague from Wisconsin for his initiative on this issue and urge my colleagues support for this worthy legislation.

IN HONOR OF ABBOT ROGER W. GRIES

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. KUCINICH. Mr. Speaker, I rise today to recognize Abbot Roger W. Gries who has been named ''Catholic Man of the Year'' by the Greater Cleveland Knights of Columbus Luncheon Club.

This is certainly a well-deserved title for Abbot Gries, a native Clevelander who has devoted most of his life to education, his faith and the Catholic Church. He professed his vows as a Benedictine monk more than 40 years ago and was ordained to the priesthood in 1963. Throughout his many years of dedicated service to Benedictine High School, Abbot Gries has held a number of different posts. He started out teaching mathematics, but his extraordinary skill as an educator was soon recognized as he was named Assistant Principal in 1965 and Principal in 1968.

Abbot Gries continued his successful reign as Principal at Benedictine until 1977, when he was appointed Prior of St. Andrew Abbey, the second superior of the monastery. Because of his outstanding work as Prior, his fellow monks elected him the fourth abbot of St. Andrew Abbey on June 9, 1981, a position that he holds to this day. In addition to his commitment to St. Andrew Abbey, Abbot Gries is also President of Benedictine High School. At this time, he is overseeing the implementation of the Master Plan currently underway at the Abbey and high school in the Buckeye-Woodland community.

Aside from his prominent role as an educator and abbot of St. Andrew Abbey, Abbot Gries also served at the Holy Family Parish in Parma, OH on weekends for 18 years and previously acted as the chaplain of the Maple Heights Knights of Columbus. He continues his active association with the Alhambra.

Mr. Speaker, I ask my fellow colleagues to join me in honoring Abbot Roger W. Gries. This remarkable man reminds us all of the importance of faith, community, and volunteerism. We are truly lucky to have him in Cleveland.

TRIBUTE TO PRISCILLA HILLGREN

HON. MARION BERRY

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. BERRY. Mr. Speaker, I rise today to pay tribute to a great American, and I am proud to recognize Priscilla A. Hillgren in the Congress for her invaluable contributions and service to our nation.

Priscilla Hillgren distinguished herself through her devotion to her family, friends, and community. She was born in Beresford, South Dakota on June 26th, 1904, the daughter of a Lutheran minister. Her family instilled in her the value of an education, and she and her sisters attended college, which she interrupted twice to teach in a country school.

One of the happiest days of her life surely must have been June 26th, 1929, when she married Ralph O. Hillgren, who was city editor of the Argus Leader in Sioux Falls, South Dakota. Many more happy days followed, thanks to the births of her son John, her daughters Annette Bray and Sonja Hillgren Hill, two grandchildren, five great-grandchildren, three step grandchildren, and three step great-grandchildren.

Priscilla Hillgren is probably best-known for her work with mentally handicapped children at three Sioux Falls private schools from 1958 to 1972. Her generosity and hard work touched many families in that area, and her legacy will inspire those who continue to provide these important services.

She also was active in the American Association of University Women, with membership in two AAUW book groups, and was honored by AAUW as a Named Gift Recipient in 1977. Moreover, Priscilla was president of the Augustana College Auxiliary, and a member of the Civic Fine Arts Center and the American Legion Auxiliary, among other organizations.

Sadly, Priscilla Hillgren passed away last month. Her congregation at the First Lutheran Church, where she was a Sunday School teacher for 26 years, will miss her greatly, as will her family and friends.

I am among this group, and on behalf of the Congress I extend my deepest sympathies to her family, even as I encourage them to join me in celebrating her extraordinary life.

INTRODUCTION OF THE ALTERNATIVE FUEL VEHICLES INTERMODAL TRANSPORTATION ACT

HON. SHERWOOD L. BOEHLERT

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. BOEHLERT. Mr. Speaker, transportation is vital to the social and economic health of our nation. During the past twenty years, however, transportation systems have struggled to keep pace with America's growing and changing needs. For example, between 1970 and 1990, the U.S. automobile population grew almost three times faster than the human population. In fact, in 1995 Americans averaged about 4.3 one-way trips per day and about 14,000 miles per year—up from 2.9 trips and 9,500 miles in 1977. Other forms of transportation have seen dramatic growth as well. Since 1980, freight railroad traffic has increased 47 percent and the number of airports has increased 20 percent.

Explosive transportation growth has led to inefficient movement of people and goods, reduced productivity, wasted energy, and increased congestion and emissions. A recent study conducted by the Texas Transportation Institute found that in 1982, ten of the 70 urban areas studied had unacceptable levels of congestion, but by 1996, that number had almost quadrupled, to 39 areas.

As the number of cars, trucks, freight trains and planes grows and America's transportation network expands, the need for fuel increases. In 1997, the volume of imported oil exceeded domestic production for the first time in U.S. history. Our thirst for oil is fueled by the transportation sector, which uses over 65 percent of the petroleum consumed in the United States.

Our transportation system is over 90 percent dependent on oil—and that's too much when over 50 percent our nation's oil comes from overseas and the price has almost quadrupled in 18 months. Powering our cars and buses with alternative fuel is an environmentally sound way to reduce our dependence on foreign oil—and it's good for the economy, too, because alternative fuels can be produced here at home.

Alternative fuels, such as electricity, natural gas, methanol, hydrogen and propane, provide a plentiful, domestically produced and environmentally friendly source of energy. And, when integrated into America's transportation network—in meaningful quantities—alternatively fueled vehicles (AFVs) contribute to mitigating the energy and environmental problems caused by the transportation sector.

In addition, to alternative fuels, the implementation of intermodal transportation networks is another component to alleviating America's transportation problems. Intermodalism refers to interconnections among various modes of transportation, or the use of multiple modes of transportation during a single trip. Employing the concept of intermodalism offers the promise of lowering transportation costs, increasing economic productivity and efficiency, reducing the burden on existing infrastructure, while at the same time reducing energy consumption and improving air quality and the environment.

In an attempt to address the energy and environmental concerns that an ''over-stressed'' transportation network has created, Congress passed several pieces of legislation. The Clean Air Act Amendments of 1990, established programs and regulations directed at the mobile sector to decrease major automotive pollutants that are the key contributors to urban smog, or ozone. Today, however, nearly 100 cities throughout the United States continue to fail to meet federal air quality guidelines.

In 1991, Congress also recognized the impact and sought to mitigate some of the problems associated with the growing number of cars, trucks, freight trains and planes in the United States when it enacted the Intermodal Surface Transportation Efficiency Act (ISTEA). ISTEA established the National Commission on Intermodal Transportation and tasked it with conducting a complete study of intermodal transportation in the US. ISTEA also established the Congestion Mitigation and Air Quality Improvement (CMAC) Program which provides federal funding for innovative transportation projects designed to assist States in meeting their transportation/air quality plans. The CMAC program, cuts across traditional areas, such as vehicle emission inspections and maintenance. Although inroads have been made, and intermodal transportation systems have been applied in the movement of goods, large-scale intermodal systems have yet to be meaningful applied to the movement of peple.

Finally, in 1992, Congress enacted the Energy Policy Act (EPAct) which recognized that alternative fuels and alternative fuel vehicles (AFVs) can provide substantial environmental benefits and at the same time can decrease our dependence on foreign oil. EPAct included a modest set of tax incentives intended to support the development and introduction of AFVs to the market.

Today I am introducing legislation that builds on the very important work that has been done as a result of these landmark bills that have focused our efforts on dealing with transportation, congestion, air quality and energy security issues holistically, rather than as separate non-connected issues. I believe, firmly, that we must look to address many of the problems created by a growing transportation system and the need to ensure and indeed enhance mobility as a single issue, a single goal. The ''Alternative Fuel Vehicles Intermodal Transportation Act'' provides funding for a $200 million federal pilot program to demonstrate the use of alternative fuel vehicles in intermodal applications. Importantly, the goals of the program will be accomplished through partnerships between Federal, State and local governments, metropolitan transportation authorities, industry and business. This legislation would help urban centers develop and demonstrate effective, alternative fuel transportation networks to move people.

By combining intermodal transportation systems with alternative fuels, the United States can build transportation networks that efficiently and cleanly transport passengers and goods.

In the long run, alternative fuel vehicles will obviously have to succeed in the marketplace entirely on their own. But the federal government should be doing more to encourage the development and deployment of alternative vehicles because there are clear public benefits and the technology will develop too slowly without incentives. In addition, public entities are the main purchasers of buses so the government is the market in that area.

What will this legislation achieve? The proposed pilot program would assist up to 15 locations throughout the United States to put in place clean, innovative, linked transportation systems that reduce dependence on foreign oil, increase reliance on alternative fuels, enhance the usefulness of public transportation systems, protect the environment, and speed the deployment of alternative fuel technologies. Participants in the program would be required to match federal dollars with an equal contribution from State and local governments and the private sector. Projects would be awarded to applicants that meet criteria including: the number of riders served or goods transported; the ability to achieve national, state or local air quality goals; and the deployment of innovative transportation technologies or new intermodal systems that increase the use of alternative fuels.

How could this legislation impact your community? Imagine a linked transportation system where commuters use electric station cars or ''neighborhood electric vehicles'' to reach an electrified commuter train or a natural gas powered bus, which would then deliver them to the urban center. And once in the urban center, the same people might transfer to a propane-powered shuttle bus or fuel cell bus for the last leg of their trip to the office, the shopping district or the doctor.

Another travel scenario that releases near zero-emissions while improving the quality of a

trip might involve the business traveler who arrives in a city by plane, transfers to a light rail system that deposits her in the urban center where she checks-out an electric ''station car'' to travel to meetings in three different locations. Upon concluding business, she returns to the light-rail station, plugs in the rented station car for the next driver, hops on the light rail and returns to the airport. This business traveler has left no environmental footprint during her visit to your community.

Enhance the environment—relieve traffic congestion—increase alternative fuel use—effectively demonstrate viable and sustainable alternative fuel vehicles and their interconnected use in transportation networks—bring together all levels of government and industry as partners in this effort—and educate the public that alternative fuel technologies work . . . these are the goals of the Alternative Fuel Vehicles Intermodal Transportation Act. The price tag for reaching these goals is relatively modest; the price for not supporting this type of paradigm shift in the way we move people and goods is incalculable. And it is a price that will be paid not just with dollars, but with our natural resources, our air, and the quality of life for generations to come. I hope many of my colleagues will recognize the value and importance of this innovative program and will support this important legislation.

PRESCRIPTION DRUGS

HON. PHILIP M. CRANE

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. CRANE. Mr. Speaker, as the Congress continues to debate the question on how to provide seniors with affordable prescription drugs, I wanted to bring to my colleagues attention the article ''Prescription Drug Costs: Has Canada Found the Answer?'' by William McArthur, M.D. Dr. McArthur is a palliative care physician, writer and health policy analyst in Vancouver B.C. Some of our colleagues have been touting the affordability of prescription drugs in Canada and in some cases sponsoring bus trips for seniors across the border to obtain these drugs. We should be skeptical of this approach because, in reality, the Canadian government drug mandates harm patients and increase the costs in other sectors of the health care system.

The Canadian bureaucracies cause significant delays in access to new and innovative drugs. First, at the federal level, Canadians wait up to a year longer than Americans do for approval of new drugs. Then the delays continue at the provincial level where various government ''gatekeepers'' review the ''therapeutic value'' of prescription drugs before they are included in the formulary. The length of the delays varies widely. The government officials in Nova Scotia approve drugs for its formulary in 250 days, while the wait in Ontario is nearly 500 days.

Canadian patients are often forced to use the medicines selected by the government solely for cost reasons. Patients who would respond better to the second, third, or fourth drug developed for a specific condition are often denied the preferred drug, and are stuck with the government-approved ''one size fits all'' drug.

I urge my Colleagues to read this article and keep in mind that while prescription drugs appear to cost less in Canada than in the United States, there is a costly price associated with the Canadian system that ultimately translates into a lack of quality care for patients.

[From the National Journal's Congress Daily, Oct. 2, 2000]

PRESCRIPTION DRUG COSTS: HAS CANADA FOUND THE ANSWER?

(By William McArthur, M.D.)

Some Americans faced with the rising costs of prescription drugs look longingly at Canada, where prescription drugs appear to cost less than in the United States. The fact is that, while some drugs do cost less in Canada, others don't. Furthermore, many drugs are not available at any cost in Canada. The effect of Canadian policies is to restrict the overall availability of prescription drugs through a combination of a lengthy drug approval process and oppressive price controls.

First of all, Canada's federal drug approval process takes much longer than that of the U.S., resulting in delayed access for Canadians to new drugs. For example, Canadian acceptance of the drug Viagra came a whole year after it had been available in the U.S. For 12 months Canadians who needed Viagra, or another of the many drugs delayed or denied approval, had to go to the U.S. to get their medication.

Even if a drug wins federal approval, it faces 10 more hurdles to become widely accessible—the 10 provinces. Each province has a review committee that must approve the drug for reimbursement under the public healthcare system. For example, in British Columbia, neither the new anti-arthritic drugs Celebrex and Vioxx, nor the Alzheimer's treatment Aricept, have been approved for reimbursement, severely limiting their availability. Further, the provincial approval times vary greatly from province to province, creating further inequities.

Price controls imposed by a government agency, the Patented Medicines Price Review Board (PMPRB), are the reason some prescription drugs cost less in Canada than in the United States. However, while keeping some prescription drug prices down through price controls, Canada has been unable to control overall drug spending. OECD statistics reveal that when the PMPRB was created in 1988, per capita expenditure on prescription drugs was $106; by 1996 that had doubled to $211 per person. One study of international drug price comparisons by Prof. Patricia Danzon of the Wharton School of the University of Pennsylvania concluded that, on the average, drug prices in Canada were higher than those in the United States. Some individual drugs, particularly generics, cost far more in Canada. For example, the anti-hypertensive drug atenolol is four times more expensive in Canada than in the United States. And a University of Toronto study found that the main effect of price controls on prescription drugs was to limit patients' access to newer medicines so that they had to rely more on hospitals and surgery.

All provinces require that chemically identical and cheaper generic drugs be substituted for more expensive brand-name drugs when they are available. However, British Columbia has gone farther with a ''reference price system.'' Under this system, the government can require that a patient receiving a drug subsidy be treated with whichever costs the least: (a) a generic substitute, (b) a drug with similar but not identical active ingredients or (c) a completely different compound deemed to have the same therapeutic effect. Patients are often forced to switch medicines, sometimes in mid-treatment, when the reference price system mandates a change. Twenty-seven percent of physicians in British Columbia report that they have had to admit patients to the emergency room or hospital as a result of the mandated switching of medicines. Sixty-eight percent report confusion or uncertainty by cardiovascular or hypertension patients, and 60 percent have seen patients' conditions worsen or their symptoms accelerate due to mandated switching.

Through limiting the availability of prescription drugs and controlling the prices of those that are available, Canada has succeeded only in preventing Canadians from obtaining drugs that might have reduced hospital stays and expensive medical procedures. The end result of this is that Canadians are getting a lower standard of health care at a higher cost than patients and taxpayers have a right to expect.

One lesson that Americans should learn from the Canadian experience is that when government pays for drugs, government controls the supply. As soon as government has to pay the bill, efforts are made to restrict the availability of newer and more effective drugs. The inevitable result is that other health expenditures like surgery and emergency visits increase, and patients suffer.

AMERICAN COMPETITIVENESS IN THE TWENTY-FIRST CENTURY ACT OF 2000

SPEECH OF

HON. EARL BLUMENAUER

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. BLUMENAUER. Mr. Speaker, expanding the number of H–1B visas for foreign workers is critical to the well being of Oregon's high-tech community. Given the strong economy, record low unemployment, and declining graduation rates in high-tech education fields, that industry is facing a critical shortage of highly educated workers. In Oregon, for example, we have openings for 800 software engineers and are currently unable to fill them.

Our education system is not producing the needed skilled workers for the high-tech industry. The H–1B visa program helps fill the void, but that's not all it does. The legislation we adopted last night helps develop our own workforce.

The bill keeps the current $500 application fee that employers pay for new H–1B visa holders, which produces $75 million in revenue each year. Less than two percent of the fees is for administrative expenses and the rest is used to enhance our educational system. This funding provides math, science, engineering, and technology post-secondary scholarships for low-income and disadvantaged students. It is also used to improve K–12 math and science education and for job training.

While this funding helps, I have joined many of my colleagues in pressing for more. I am a

cosponsor of the Dreier-Lofgren bill that raises the cap on H–1B visas and doubles the application fee to $1000. I am hopeful we can adopt that increase before we adjourn and thereby do even more to meet our nation's educational needs.

Many companies in my state are working independently of the government to help as well. Intel makes its micro-chips in Oregon. In 1998, it contributed $63 million to higher education and $29 million to K–12 education. In an effort to encourage high school students to enter science and engineering career field tracks, companies like Electro Scientific Industries have partnered with local school districts and opened their doors to students, teachers and parents to talk to young engineers about career decisions and options.

Together, we can reverse the shortage by improving our educational system. In the short term, increasing visa numbers is not a bad thing. Each new wave of immigrants adds to the diversity and character of our communities. This diversity has given us the strength to grow in times of prosperity and survive in times of trouble. H–1B visa holders add to our strong economy.

RECOGNITION OF THE ''LIGHT THE NIGHT'' WALK

HON. DEBORAH PRYCE

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Ms. PRYCE of Ohio. Mr. Speaker, my colleagues to will be interested in the following comments made by Mr. Ken Barun, President and CEO of Ronald McDonald House Charities on the "Light the Night" walk held on September 21, 2000, that raised funds for the Leukemia and Lymphoma Society. I submit Mr. Barun's remarks for the RECORD:

You, the ''Light the Night'' walkers—teams and individuals—are the ones truly making a difference tonight. Through your participation in events such as this, the Leukemia & Lymphona Society continues to raise funds and combat cancers that have touched so many of us—our families, our friends—those whom we know or had the pleasure of once knowing.

I think it's fate that the Leukemia & Lymphoma Society and Ronald McDonald House Charities have come together for this wonderful fundraiser. Both organizations care deeply about children and their families; both provide comfort and care when needed; and both want to see an end to this terrible disease called cancer.

To give you a brief background about Ronald McDonald House Charities, our mission is to improve the health and wellness of children around the world. It is a mission that began with the care and compassion of dedicated people who, like McDonald's Corporation founder, Ray Kroc, dared to dream.

Ray once dreamed of having a thousand McDonald's restaurants in the U.S. We now have more than 25,000 restaurants in 119 countries. Similarly, the people who started Ronald McDonald House Charities, had the dream of having just one Ronald McDonald House—the one that opened in Philadelphia in 1974. We now have more than 200 Houses around the world in 18 countries.

As the network of Ronald McDonald Houses grows, so does our role as a Charity. To date, through our global organization and more than 160 local Chapters in 32 countries, we've awarded more than 225 million dollars in grants. In addition, we receive the donation of time from an army of well over 25,000 volunteers worldwide.

Volunteers like you. People who effect positive change. Which brings me back to why we are all here. Leukemia is the number one disease that kills our children. Think about that—the number one disease. However, there is hope: Because of efforts like yours tonight, and the efforts of others like you, there's been enough funding to sustain ongoing research, research that has tripled the leukemia survival rate in the last 39 years. That is an astonishing accomplishment. And you, members and volunteers of the Leukemia & Lymphoma Society, should be proud to be a part of that.

I'd like to thank the McDonald's region in Washington and Baltimore and all its McDonald's franchisees for supporting and participating in tonight's ''Light the Night'' Walk with us. I'd also like to thank the Leukemia & Lymphoma Society for all your terrific work in organizing this event. And finally, to those of you who have come out here tonight, donned your walking shoes and have collected thousands and thousands of dollars, a very special, heartfelt thank you.

I feel truly honored to be in your company.

RECOGNITION OF LAWSUIT ABUSE AWARENESS WEEK: SEPTEMBER 18–22, 2000

HON. ROBERT L. EHRLICH, JR.

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. EHRLICH. Mr. Speaker, I rise to acknowledge a group of citizens in my district working hard to address an issue affecting every citizen of our state: Lawsuit Abuse.

Throughout my district, and all over the greater Baltimore area, local citizens are volunteering their time and energy to inform the public about the costs and problems stemming from the excessive numbers and types of lawsuits filed in today's litigious society. The men and women of the Baltimore Regional Citizens Against Lawsuit Abuse, otherwise known as BRCALA, have a simple goal—to create a greater public awareness of abuses of our civil justice system. This type of citizen activism has had a positive impact on perceptions and attitudes toward abuses of our legal system, a problem most folks do not stop to consider during their daily routine.

While the overall mission of Baltimore Regional Citizens Against Lawsuit Abuse is to curb lawsuit abuse, the organization's efforts focus on education. Every time these dedicated Marylanders speak out against lawsuit abuse, ordinary citizens are educated on the statewide and nationwide consequences our legal system has on our daily lives. The costs of lawsuit abuse include higher prices for consumer products, higher medical expenses, higher taxes, higher insurance rates, and lost business expansion and product development.

As a former member of the Maryland General Assembly, I worked hard to reform our legal system at the state level. During my tenure in Congress, I have supported efforts with respect to product liability reform, securities litigation reform, and reform of the federal Superfund program. More importantly, I sponsored legislation that has helped reduce frivolous class action lawsuits brought against mortgage brokers.

This year, I voted to support H.R. 1875, the Interstate Class Action Jurisdiction Act. This legislation recognizes that many class action lawsuits do little to help consumers, but allow personal injury lawyers to collect millions of dollars in legal fees. H.R. 1875 is an important step in helping reform a legal system that has been abused time and time again.

Legal reform is a complex issue. The legal system must function to provide justice to every American. This does not mean, however, that the status quo is perfect. When lawsuits and the courts are used in excess or to the detriment of innocent parties, the system must be reviewed and reformed.

Let me acknowledge the BRCALA board of directors for giving of their valuable time and energy: the Honorable Phillip Bissett, BRCALA chairman; Joseph Brown, Jr.; Dr. William Howard; Gary O. Prince; the Honorable Joseph Sachs; and the Honorable Michael Wagner—directors and supporters dedicated to BRCALA; and Nancy Hill, BRCALA executive director.

Mr. Speaker, the Baltimore Regional Citizens Against Lawsuit Abuse has declared September 18 through September 22, 2000, as "Lawsuit Abuse Awareness Week" in Maryland.

I want to commend every person involved in this worthwhile effort for their dedication and commitment.

A TRIBUTE TO HON. ROBERT W. BLANCHETTE

HON. BUD SHUSTER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. SHUSTER. Mr. Speaker, I rise to pay tribute to one of the true leaders in the renaissance of America's rail transportation system. Robert Blanchette, who died last week, was literally present at the creation when our private-sector railroads suffered financial collapse in the 1970s, and then returned to financial stability after 1980.

After graduation from Yale Law School and service as an Air Force legal officer, Mr. Blanchette began his legal career in railroading as the general counsel of the New Haven Railroad in the late 1960s. While serving in that post, he also became executive director of the America's Sound Transportation Review program, one of the first modern efforts to analyze the ills of the transport system and recommend needed changes.

Bob's next major post was counsel to the bankruptcy trustee of the Penn Central Railroad, which entered bankruptcy in 1970 and collapsed in 1973. At the time, Penn Central was the largest corporate bankruptcy in U.S. history. Based on his outstanding performance as counsel, Bob was later installed first as bankruptcy trustee, then chairman of the board, and chief executive officer.

As one who arrived in Congress in the midst of what became known as ''the wreck of the Penn Central,'' I can personally attest to the gargantuan effort required to deal with massive creditor claims against the Penn Central estate, while at the same time helping to fashion Conrail as the federally created successor to the various bankrupt Northeastern freight railroads. Bob handled these daunting tasks with characteristic acumen and aplomb. Eventually, thanks to the groundwork laid during Bob's tenure with the Penn Central, Conrail became a thriving railroad that was fully privatized in 1987 and was recently purchased by Norfolk Southern and CSX.

When Ronald Reagan took office in 1981, Bob was named Federal Railroad Administrator. This was an era of massive and long overdue change, when the entire freight railroad industry was being transformed and rehabilitated through the deregulation of the Staggers Rail Act. Bob was at the center of efforts to modernize all federal policies affecting the rail transport system.

In 1983, Bob returned to private law practice, representing the French high-speed rail enterprise, TGV. Later, from 1990 to 1997, he served as general counsel to the Association of American Railroads.

Those who worked in or with the railroad industry can attest to Bob's razor-sharp mind and analytical skills. He was able easily to grasp the most complex issues, and equally important, to fashion sensible proposals for addressing those issues. Without exception, Bob was the consummate gentleman, and a constant source of dry wit and good humor. He never shrank from discussing and dissecting the rail transport policy issues of the day, on or off Capitol Hill.

Throughout his professional career, Bob remained intensely proud of his French heritage, and an unapologetic Francophile, always ready to discuss French culture, cuisine, and of course, wine. He was truly un homme extraordinaire, and will be sorely missed by all who had the good fortune to know him.

MR. TRACY JOHNSON HONORED WITH NATIONAL CRIME PREVENTION AWARD

HON. DONALD A. MANZULLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. MANZULLO. Mr. Speaker, I rise today to pay tribute to Mr. Tracy Johnson of Freeport, Illinois, a town in the congressional district I am privileged to represent. Tracy is a modern-day hero who works tirelessly to prevent crime in northern Illinois.

On September 29, 2000, Tracy joined seven other citizen crime fighters from around the country to receive the SBC Communications Award of Excellence in Crime Prevention. Nationally recognized comedian Joe Piscopo presented the award during the ''2000 National Conference on Preventing Crime'' in Washington, DC. This year's eight winners, selected from nominations across the country, have all made major impacts in their communities with their innovative crime prevention strategies.

Tracy received this special honor because he helped spearhead the Coalition for a Safe Community, a comprehensive partnership of organizations and people planning and acting to prevent crime throughout Freeport; started an education and action crime prevention program for youth; and developed a job training and placement center for young mothers, among other activities.

I wish to thank Tracy and the numerous individuals with whom he works for their tireless efforts to make our communities safer.

NATIONAL DAY OF THE REPUBLIC OF CHINA

HON. GARY L. ACKERMAN

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. ACKERMAN. Mr. Speaker, as the Republic of China's 89th National Day approaches, I wish to congratulate President Chen Shui-bian and the people of Taiwan for their continuing economic success and political reforms.

On this festive occasion, it is my hope that Taiwan and the Chinese mainland will soon begin a serious dialogue on reunification issues. The time is approaching for both sides to work out their differences and find a way to co-exist without antagonism. I am certain the people on Taiwan look forward to the day when they will be able to celebrate October 10th without the fear of a bellicose neighbor threatening not only their political freedom, but also their very lives.

I also would like to take this opportunity to extend my heartfelt congratulations and best wishes to Ambassador C.J. Chen, who recently returned to Washington after several years in Taipei. A distinguished diplomat, Ambassador Chen is now Taiwan's chief representative in the United States. Ambassador Chen is an industrious and experienced diplomat who has worked diligently for many years to strengthen ties between the United States and the people of Taiwan.

Mr. Speaker, Taiwan has become a beacon of democracy in an area of the world which has known authoritarianism for centuries. The upcoming celebration of National Day in the Republic of China is a timely reminder of the importance of our friendship and support for Taiwan.

AMERICAN COMPETITIVENESS IN THE TWENTY-FIRST CENTURY ACT OF 2000

SPEECH OF

HON. PATRICK J. KENNEDY

OF RHODE ISLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. KENNEDY of Rhode Island. Mr. Speaker, in 1998, Congress passed legislation to raise the H–1B caps to 115,000 visas per year. That legislation included important provisions to ensure that American workers would not be displaced by those holding H–1B visas. This included requirements for employers to file applications with the Department of Labor showing that they will pay the H–1B worker the ''required wage rate'' and that a strike or lockout was not occuring at the job site.

Unfortunately, that legislation was not enough and already the 115,000 H–1B visa limit for Fiscal Year 2000 has been reached. Tuesday, the Senate passed S. 2045 to increase the H–1B cap to 195,000 through 2003 and included several important worker training and education provisions. It is now time for the House to pass this bill as well.

This bill includes provisions so that 55% of the H–1B education and training fees go toward Department of Labor demonstration programs and projects to provide training for workers. Twenty-two percent of the fees will go toward low-income scholarships and fifteen percent of the fees will go toward National Science Foundation grants for math, technology and science education in primary and secondary schools. It also provides after-school technology grants to encourage youth education in these subject areas.

Earlier this year, I cosponsored ''The Helping to Improve Technology Education and Achievement Act of 2000'' introduced by Congresswoman ZOE LOFGREN and Congressman DAVID DREIER. This bill was critical to the debate on this issue and I am proud to have worked with those sponsors, as well as with members on both sides of the aisle who have been dedicated to bringing this bill to the floor.

I recognize the enormous difficulties that the current worker shortage poses to high tech companies. At the same time, however, I want to insure that we do all that we can to reach the best and brightest in America and providing opportunity for and training to American workers as well. Today's bill is attentive to both of these needs. I urge all of my colleagues to vote for S. 2045.

PASS THE CARAT ACT: H.R. 5147

HON. TONY P. HALL

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. HALL of Ohio. Mr. Speaker, many of us are gravely concerned about the role the trade in diamonds has in fueling some of the most brutal wars in Africa. Much is made of the fact that the number of these diamonds is small—between 4 and 15 percent. The reality is that blood diamonds account for 30 percent of the profits the industry earns.

The link between diamonds and war is well-documented, and I urge our colleagues to get the complete story by requesting a briefing by U.S. intelligence agencies. In the meantime, I am submitting for the RECORD a selection of excerpts from respected publications. This is by no means exhaustive, and it omits reports on the industry's recent efforts to repair its damaged reputation.

I hope this selection is useful to the American public—which buys two-thirds of the world's diamonds. And I urge my colleagues to review this situation and join in efforts to combat this terrible trade.

''The flow of uncut diamonds from rebel-held mines to market centers around the

world—valued at hundreds of millions of dollars a year—is keeping rebel armies in Angola, Congo and Sierra Leone supplied with tanks and assault rifles and even uniforms and beer, American and European officials say.'' U.S. May Try to Curb Diamond Trade That Fuels Africa Wars, *New York Times,* 8/7/99.

''The brutal war in Sierra Leone, which left thousands maimed and mutilated, was prolonged by at least 18 months because of the ability of the rebels to quickly trade diamonds for arms, an Administration official said. . . .'' U.S. May Try to Curb Diamond Trade That Fuels Africa Wars, *New York Times,* 8/7/99.

''In many African nations, the natural resources that should be used to feed and educate people are instead being used to destroy them. . . . Loot, not better government, has motivated the psychotically brutal guerrillas of Sierra Leone.'' The Business of War in Africa, *New York Times,* 8/8/99.

''Sierra Leone was founded in the 18th century as a safe haven for freed slaves. At the close of the 20th century, its people are enduring horrors at the hands of their countrymen and bearing scars from a civil war of atrocities perpetrated by an army of thugs and desperadoes.'' The Amputees of Sierra Leone: Civil War's Brutal Legacy, *Washington Post,* 10/18/99.

''The eight-year conflict that has shattered this country and brutalized its 5 million people has been fueled by foreigners' hunger for diamonds. . . . These conflicts are singularly brutal, scholars say, because many of their sponsors are outsiders with little motive to limit destruction.'' Diamond Hunters Fuel Africa's Brutal Wars, *Washington Post,* 10/16/99.

''. . . a prosthetics specialist for Handicap International . . . said he had never seen a double-arm amputee until he came here. 'It was shocking,' he said. 'I don't think you will find double amputees of the upper limbs anywhere else in the world—maybe isolated cases, but not like in Sierra Leone.' In the Amputee and War Wounded Camp. . . . the double amputees are considered the unluckiest. Those without arms . . . openly express envy of those with a missing leg, who will one day wear trousers over an artificial leg, or those with at least one good arm. . . . a psychologist who treats the amputees, said the Revolutionary United Front appeared to have selected men whose maiming would most profoundly affect the social order. 'It was the goal of the rebels to take away their role as men, fathers and husbands.'' Sierra Leone Measures Terror in Severed Limbs, *Washington Post,* 8/22/99.

''The residents of this camp [for amputees] lost their arms and feet to a rebel force that spread terror among Sierra Leoneans not by killing but by leaving people . . . as living, limbless symbols of its savage power. The campaign*Sierra Leone Measures Terror in Severed Limbs, Washington Post,* 8/22//99.

''That dazzling diamond necklace you buy for that special someone at a swank Fifth Avenue jewelry store may be funding the activities of a canibal gang in Sierra Leone. . . . It's the dark side of the diamond industry. . . . and the profits—estimated to be $2 billion a year—are funneled back to some of the worst mass killers this century has ever seen. The money is used to buy arms and military hardware, and to hire private mercenary firms to keep these internal African conflicts raging, according to a recent report by the State Department's Bureau of Intelligence and Research.'' *Dirty Diamonds, New York Post,* 11/9/99.

''. . . are New York diamond dealers worried about having their glittering product follow in the footsteps of the fur coat and labeled parish products? 'No . . . We've weathered many storms before. We'll weather this one too.'' *Dirty Diamonds, New York Post,* 11/9/99.

''Some of Africa's worst violence—in Angola, in Congo, in Sierra Leone—where hundreds of thousands have died or lost arms and legs: This turmoil has been financed in large part by stolen diamonds that end up in jewelry stores around the world. . . . There is so much money at stake, it won't be easy to stop rebels who have used the beauty and value of diamonds to create misery and death in Africa.'' ABC World News Tonight, 11/26/99.

''In an African tragedy, the world's purest gems are funding one of the diriest wars in history.'' *Diamonds in the Rough, Time,* 12/6/99.

''More than 10,000 people had been murdered, raped, abductted or maimed by rebels in a campaign of calculated terror. In their vividness sand gratuitous cruelty, the mass amputations epitomized the powerlessness of ordinary Africans a the turn of the millennium. They also marked a climactic spasm in a grinding eight-year civil war shaped by familiar patterns. Outsiders exploited Sierra Leone's diamonds and other resources. . . . The international media paid little attention. And the great power stood aside, numbed by Africa's wars and poverty.'' *Peace Without Justice: The Other War, Washington Post,* 1/9/00.

''Rebel armies in Angola, the Congo, and Sierra Leone wage brutal civil wars funded by an extensive, smuggled diamond trade. The rebels take control of a diamond mine, falsify a few documents, and then sell the diamonds in the international markets. . . . Rebels in Sierra Leone used their diamond money, funneled through dealers in Liberia, to build an army that started with just 400 volunteers, into a fighting force with more than 20,000 paid soldiers.'' *Is Your Engagement Ring Funding a Civil War?,* Shewire, 2/23/00.

''In many parts of Africa, diamonds don't mean glamour, purity or eternal love. Instead, they mean slaughter and sadistic brutality. In civil wars in Angola, Congo and Sierra Leone—among the world's bloodiest yet most ignored conflicts—guerrilla groups earn hundreds of millions of dollars annually from mining and exporting diamonds. They use the money to buy huge arsenals and terrorize enormous expanses of countryside.'' *Glittering Currency of African Warfare, San Francisco Chronicle,* 3/6//00.

''The diamond-financed escalation of war in Angola in the last decade has cost the lives of about 500,000 people while displacing about four million others, according to human rights groups and the United Nations,'' *U.N. Sees Violation of a Diamond Ban by Angola Rebels, New York Times,* 3/11/00.

''. . . the glittering stones have become agents of slave labor, murder, dismemberment, mass homelessness and wholesale economic collapse.'' *New York Times.* 4/6/00.

''Sierra Leone remains one of the poorest countries, despite its diamond wealth. Or rather because of it. 'The diamond mines are central to the conflict in two ways. One, they provide the spoils. Two, providing the RUF with the money to continue waging war.''' *A Conflict Rooted in Rebels and Diamonds, Christian Science Monitor,* 5/15/00.

''Clausewitz called war 'the pursuit for politics by other means.' But war is just as often a device for the pursuit of business. In Sierra Leone, war is caused by diamonds. The limb-chopping rebels of the Revoluntionary United Front (RUF) started out in 1991 as a small band. Then they captured the diamond region, got rich and became a very big band. . . . They fight not to win but to keep hold of the diamond trade.'' *Diamonds are for Killers, Washington Post,* 5/16/00.

''The international diamond trade needs to be regulated . . . Better accountability is not too much to ask of an industry with annual retail sales worth $56 billion. Western governments can carry on financing peacekeeping missions while their consumers finance mayhem.'' *Diamonds are for Killers, Washington Post,* 5/16/00.

''Sierra Leone is being ripped apart because of diamonds. The Revolutionary United Front, or RUF, the leading rebel group, controls the country's richest diamond areas . . . refugees have no hope of profiting from their hometown's natural wealth so long as the RUF remains there. 'I am living like this all because of diamonds,' [a refugee] said, surveying a crush of humanity at the camp's food distribution center.'' A War Driven by Diamonds, Los Angeles Times, 5/26/00.

''That a criminal economy can eat away at the heart of states and whole nations is nothing new. But recent events in Lierra Leone have shown that it can also divert to its own advantage an entire peacekeeping operation run by the United Nations and supported by the main foreign powers . . . We must be clear about who is involved. Barbaric, drug-crazed and dragooned by the warlords as they may be armed and desperate young men could not have brought UNAMSIL to it knees all on their own. The UN has been ensnared by something different, something newer and more insidious; by a struggle between two rival groups supported by businessmen intent on gaining control of mineral wealth.'' *Sierra Leone's Diamond Wars, Le Monde,* 6/00.

'The Kalashnikov lifestyle helps our business,' sing the child-soldiers of the RUF. When these kids with guns—doubly cursed by a war in which they are born to live as killers and then die young—watched the blue berets moving towards the diamond fields last March, they did not see them as representatives of an international community intent on disarming them and generously giving them an education, health, social protection and work. This is just one more faction that wanted to take their territory away from them so as to deprive them of their source of wealth . . . '' *Sierra Leone's Diamond Wars, Le Monde,* 6/00

''At least three wars in Africa are 'fueled' by diamonds . . . A campaign partly financed by Britain, is seeking to alert consumers to 'conflict' diamonds.' Seeing what animal-rights campaigners did to fur, this has terrified the whole industry.'' *Losing Their Sparkle: How to Stop Diamonds Paying for Nasty African Wars, The Economist.*6/3/00.

''When they chop off people's hands, they will say to the victims, 'Let's see how you're going to vote now,' [Sierra Leone's Ambassador] Liegh explained. 'In Sierra Leone, people re in a state of shock. Nobody throughout the fellow Africans could be this vicious' The extreme violence, he said, is explained by the diamonds, which the rebels—who have received support from Libya and neighboring Liberia—seek to control. 'The greedier you are, the more violent you are,' he said.'' *An African Ambassador Battles Terror and Indifference, New York Times,* 6/5/00.

''As the people of Sierra Leone, Angola and the Democratic Republic of the Congo have found to their cost, diamonds from rebel-

controlled mines are the perfect currency to discreetly buy arms, bribe officials and keep soldiers fed and fighting. Stones smaller than a fingernail can be easily hidden and sold for thousands of dollars with no question asked.'' *African Diamonds are a Rebel's Best Friend, Reuters,* 6/8/00.

''DeBeers is stepping up its attempts to make such Robin Cook and others do not stigmatize diamonds as 'the new fur' through constantly associated them with wars in Africa. Diamonds are commonplace in some parts of the [African] Continent and their high value is dependent on a pure image and DeBeers' restricting supply. The company has always had a huge marketing arm and 'diamonds are forever,' coined in 1947, is one of the most successful advertising slogans of all time.'' *African Images Could Hurt Diamond Trade, Daily Telegraph,* 6/12/00

''The [United Nations'] main objective is to take the diamond fields in the east, which finance the rebels' war chest . . . From the diamond fields, the threats of the conflict lead over the border. The RUF smuggles diamonds into neighboring Liberia, where President Charles Taylor (who helped launch the RUF) is, according to the British, swapping them for weapons and ammunition.'' *Sierra Leone: Staying On, The Economist,* 6/17/00

''Many rebel leaders inciting civil conflict are really more interested in lucrative commodities such as diamonds, drugs, timber and coffee than in the political grievances they espouse, the World Bank says in a report release last week...When the main grievances—inequality political repression, and ethnic and religious divisions—are measured objectively, *Report Links Conflicts with Commodities, UN Wire,* 6/22/00.

''In Sierra Leone, the Revolutionary United Front, a rebel outfit seeking to conquer diamond fields in the eastern part of their country, routinely chops off the limbs of citizens to force evacuations of the countryside surrounding the mines. The rebels barter diamonds for weapons and fund their movement with illicit diamond trade. . . . While the vast majority of diamonds come from conflict-free zones in Africa and are traded legitimately, enough diamonds are mined in conflict zones to create a reasonable doubt about any stone's origin.'' *Rights Groups Take the Stick to Carat of Conflict Diamonds, Congressional Quarterly Daily Monitor,* 6/26/00.

''. . . public perception of diamonds has been marred by the gems' links to such armed conflicts as the one in Sierra Leone, reports the Karachi Dawn. 'Suddenly, instead of being glamorous and eternal, the precious stones are shooting to the top of the political hate list,' wrote Doug Alexander. 'Their sparkle has faded in a matter of weeks.' '' *Diamonds Becoming Unpopular Due to Ties to Conflict, UN Wire,* 6/29/00.

'''We have always maintained that the conflict in Sierra Leone is not about ideology, tribal or regional difference,' [Sierra Leone's Ambassador] Kamara added. ''It has nothing to do with the so-called problem of marginalized youths or . . . an uprising by rural poor against the urban elite. The root of the conflict is and remains diamonds, diamonds and diamonds.' '' *New York Times,* 7/6/00.

''Two weeks ago the World Bank reported that the struggle for diamonds and other commodities had overtaken politics as the biggest cause of civil war globally. The deaths of countless Africans are now inextricably linked to the glittering object that has symbolized the promise of a lasting marriage.'' *In Search of Hot Rocks, Newsweek,* 7/10/00.

''By far the most potent symbol of the suffering 'conflict diamonds' can inflict are the amputees of Sierra Leone. [Foday] Sankoh's rebels cut the hands off defenseless civilians in order to sow terror and clear people out of diamond-rich areas. Later, long after a peace agreement had been signed, Sankoh's forces attacked U.N. peacekeepers just as they were preparing to move into rebel-held diamond zones. That audacious assault clearly demonstrated just how important diamonds had become to the RUF.'' *In Search of Hot Rocks, Newsweek,* 7/10/00.

''Rather quickly, the world is waking up to the role of diamonds in fueling Africa's civil wars.'' *Africa's Death Stones,* 7/15/00.

''Diamonds have long conjured the most romantic notions. . . . In parts of conflict-ridden Africa, however, diamonds inspire little sentimentality. African warlords have taken control of some of the most valuable diamond mines on the continent, using the proceeds to buy guns and machetes. Their involvement in the international diamond trade has given birth to a new gemstone: the blood diamond.'' *A Rebel's Best Friend, Washington Times,* 7/23/00.

''Consumers have begun to ask where their diamonds come from, prodding the industry to start certifying that it does not finance civil wars, merchants said. . . . The diamond merchants say they are working under pressure from their customers.'' *Diamond Industry Makes Proposals, Washington Post,* 9/7/00.

''Buyers would be appalled to learn that money paid for diamond rings and bracelets may ultimately support politico-criminal bands which exploit child-soldiers and survive by atrocities and terror. The business would be ruined overnight if the barbarous crimes committed in Sierra Leone—and wholesale atrocities against civilians in the struggles over control of diamonds and minerals in the Congo, Angola and elsewhere—became associated by the Western public with luxury jewels.'' *How Pressure on the Diamond Trade Can do Good for Africa, International Herald Tribune,* 8/25/00.

''The diamond trade is hard to control since the stones are so easily concealed and transported. . . . On the other hand, nearly all traded jewel diamonds pass by way of four countries: South Africa . . . Belgium and Israel, . . . and the United States. All are serious countries that can suppress much of the illicit trade, if they want.'' *How Pressure on the Diamond Trade Can do Good for Africa, International Herald Tribune,* 8/25/00.

''DeBeers was rocked by disclosures that in 1992 the company bought $14 million worth of diamonds from Angolan rebels and has since scrambled to burnish its public image . . . [its] strategy may prove a spectacularly profitable act of reinvention.'' *A Gem of a New Strategy, Time,* 9/25/00.

''Nine years of civil war . . . has devastated the civilian population of Sierra Leone. The conflict has killed over 75,000 people, displaced one-half of the country's 4.5 million people, and resulted in egregious human rights violations. . . . The RUF, however, has continued to finance its military operations through the illegal sale of diamonds.'' *Sierra Leone: Diamonds for Arms, Human Rights Brief,* Spring 2000.

''The photographs of sad-eyed babies whose hands were hacked off by a vicious rebel force have shocked the world's conscience. So too have reports that the wealth and weaponry of Sierra Leone's insurgents come from their control of their country's diamond fields. The horrifying juxtaposition of severed limbs with twinkling gems has even riveted the attention of the diamond industry. U.S. consumers have a particular reason to deplore the link between diamond purchases and the funding of the psychotic rebel forces in West Africa. Americans reportedly account for 65 percent of the world's diamond jewelry sales. But at present there is no way for those buying this symbol of love to make an ethical choice.'' *Deadly Diamonds: Gems Sold in the United States Pay for Atrocities in West Africa, Legal Times,* 9/11/00.

PERSONAL EXPLANATION

HON. RUBÉN HINOJOSA

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. HINOJOSA. Mr. Speaker, yesterday I was unavoidably detained and missed rollcall vote No. 509, making further continuing appropriations for the fiscal year 2001. Had I been present I would have voted ''yea.''

IN HONOR OF THE 25TH WEDDING ANNIVERSARY OF DON AND CATHIE HUNSBERGER

HON. CHRISTOPHER COX

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. COX. Mr. Speaker, there are few occasions more joyous and historic in a family's life than a 25th wedding anniversary. On October 11, 1975, Don and Cathie Hunsberger were married. Today, a quarter-century later, their bonds of matrimony are stronger than ever.

As each of us in Congress knows, leadership in all walks of life means, more than anything else, setting an example. The Hunsbergers' commitment to each other, to their families, and to their communities is just such an example and inspiration to us all.

They began their partnership as college sweethearts at DePauw University in Greencastle, Indiana. Cathie was studying to become a teacher. Don was preparing for law school. Even then, Cathie was convinced that the education of our children was the key to our future, and Don was committee to improving the way of our laws and our government serve the people. Their sense of caring and responsibility made a lasting impression on all of their many friends, most particularly Cathie's adopted ''sister'' and roommate, my wife, Rebecca. Cathie and Don were soon married, and shortly made their way to Orange County, California.

As a renowed educator, Cathie has made a positive difference to hundreds of our children in Orange County. Don's leadership in the law and his community service have improved the lives of families throughout Southern California.

Twenty-five years of marriage have produced four children. As parents, Don and Cathie have passed along their values and their sense of honor, duty, and patriotism to Lauren, Ashley, Alec, and Evan. As a result, Orange County and our Nation will long profit from their example.

Along with the rest of their family and friends, the Hunsbergers will be celebrating

this memorable occasions on October 11, 2000 in Yorba Linda, California at the home of Cathie's parents, George and Mary Ries. I know all of my colleagues join me in wishing Don and Cathie Hunsberger a splendid 25th wedding anniversary, and many more to come.

EXPRESSING SENSE OF CONGRESS REGARDING TAIWAN'S PARTICIPATION IN THE UNITED NATIONS

SPEECH OF

HON. TOM BLILEY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. BLILEY. Mr. Speaker, the Republic of China on Taiwan will celebrate its 89th anniversary of its founding on October 10, 2000. On this exciting occasion, I would like to add my support for this thriving democracy and to recognize the good work of Taiwan's President Chen Shui-bain.

Again this year, the Republic of China on Taiwan attempted to return to the United Nations. I agree that the Republic of China on Taiwan should have a place in the United Nations. Taiwan is, and has always been willing to contribute to the many worthwhile causes of the United Nations, but without membership to the United Nations, Taiwan is barred from any substantive involvement.

Time has come for the United Nations to honor its own principle of universal membership and admit the Republic of China on Taiwan as a member.

On the eve of the Republic of China's National Day, I call on the United States to support this thriving democracy in their bid to become a member of the United nations.

QUALITY, NOT QUANTITY; RESULTS NOT PROCESS

SPEECH OF

HON. MICHAEL BILIRAKIS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. BILIRAKIS. Mr. Speaker, I rise today to pay tribute to my good friend and colleague, BILL GOODLING.

When I think of BILL GOODLING, the words ''quality'' and ''integrity'' come to mind. BILL GOODLING is an example of the very finest this institution has to offer. His practical experience as a high school teacher, principal, and superintendent has given him the ability to legislate with authority on education issues. Many times I have looked to his leadership on education and deferred to his ''hands-on'' knowledge of preparing children for the best possible future.

BILL's philosophy of education is based on the premise that many of us believe in—ensuring that parents and local education agencies make decisions regarding a child's education, not the federal government. As Chairman of the Education and the Workforce Committee, he has challenged the federal education paradigm by insisting that the education of children is not determined by federal bureaucrats.

For his entire tenure in the House of Representatives, BILL GOODLING has encouraged all of us to keep the federal government's commitment to special education, and funding for the Individuals with Disabilities Education Act (IDEA) has more than doubled during his term as Chairman of the Education Committee. IDEA will miss a great ally when he retires from the House.

Under his leadership, the focus on education has shifted from the quantity of programs and services provided by the federal government to the quality of those programs. Head Start, for example, has been enhanced to ensure that children are taught by qualified teachers and held accountable for meeting specific performance measures. Ed-Flex has also been expanded to allow all 50 states flexibility in administering education programs in return for meeting measurable performance standards.

BILL's contributions to Congress are not solely limited to education, however. As a member of the Committee on International Relations, he has impacted the development of U.S. foreign policy by insisting that U.S. national security interests are the utmost priority. His position on that Committee has also allowed him the opportunity to champion human rights and child survival efforts abroad.

Like many of my colleagues, I am saddened to see him leave this body. I will certainly miss his practical, ''hands-on'' expertise when looking for leadership on education issues. But I congratulate you, BILL, on a job well done. I wish you and Hilda all the best for your life to come.

HISTORICALLY WOMEN'S PUBLIC COLLEGES OR UNIVERSITIES HISTORIC BUILDING RESTORATION AND PRESERVATION ACT

SPEECH OF

HON. SAXBY CHAMBLISS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 3, 2000

Mr. CHAMBLISS. Mr. Speaker, I rise today in strong support of this important bill, H.R. 4503, Historically Women's Public Colleges or Universities Historic Building Restoration and Preservation Act, which provides critical funding to assist a group of schools who pioneered improvements in educational opportunities for women throughout the United States.

Like the other colleges and universities that we are supporting in this bill, Wesleyan was established to ensure that women in the United States receive a quality education. Wesleyan College was founded as a public college in 1836, by citizens of Macon, Georgia, as Georgia Female College and is the oldest women's college in the world that still educates exclusively women. For more than 160 years, Wesleyan, has prepared women for life, work, and service. Today, Dr. Nora Bell, President of Wesleyan, the faculty and staff of Wesleyan continue to promote women's education as a continual, integrated process of growth in mind, spirit, and body.

Located on a 200-acre wooded campus, Wesleyan has multiple historic buildings on its current campus, including Persons Hall, Wortham Hall, and Banks Hall. I have had the distinct honor to visit the Wesleyan campus on many occasions. I have talked to students, toured the splendid historic building, and I firmly believe that providing funding for Wesleyan College as well as Georgia College and the other prestigious historically women's public colleges and universities will help restore some of our most precious historic landmarks and treasures and preserve the foundations of women's education in America.

FOREMOST FOODS ON GUAM

HON. ROBERT A. UNDERWOOD

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. UNDERWOOD. Mr. Speaker, this year marks the 50th anniversary of Foremost Foods on Guam. For five decades, Foremost has been at the forefront in providing goods and services to the people of Guam. The company's products were first introduced to local households in 1950, when former Governor Carlton Skinner asked International Dairy Supply Company to supply Guam's civilian population with dairy products. Two years earlier, International Dairy was awarded a contract to produce goods exclusively for military personnel. Blue Seal milk products were then sold at local stores and Guam schools began receiving half-pints of milk for lunch programs.

On February 12, 1951, International Dairy Supply Company was issued a Guam business license and, by 1955, the company was producing a thousand gallons of milk a day for civilian consumption. At the time, the staff consisted of 11 production personnel, 5 maintenance staffers and 3 drivers. In 1961, the Blue Seal milk trademark was replaced with the familiar ''F'' logo denoting Blue Seal's relationship with the parent company, Foremost Dairies. by 1965, Foremost Dairies had become the company's sole shareholder.

In the 1960's, milk, vanilla ice cream, and Coca-Cola were Foremost's bestsellers on Guam and in the Northern Marianas. As consumer lifestyles became more active and sophisticated, Foremost catered to local tastes. Through the years, low-fat skimmed products, Diet Coke, fat-free milk, yogurt and Crystal Clear Drinking Water have found popularity among island consumers.

From a handful of employees in the 1950's, Foremost Foods and Coco-Cola Beverage Company, Guam, now employs a full time staff which mans two 8-hour shifts at their state-of-the-art plant in Upper Tumon. In addition, a technical staff supervises and maintains equipment 24 hours a day, 7 days a week. Under the capable direction of Paul Boon, who became the company's president 7 years ago, Foremost has continued a tradition of dedication and support for its employees. Veteran employees can attest to the company's concerns towards its workers through their training and development programs and their salary and benefits packages.

Over the years, Foremost has also been an active supporter of community programs, activities and events. The company has supplied

products to numerous races and tournaments. It sponsors major events, such as the prestigious Asian Professional Golf Association Tournament, and provides corporate encouragement to community endeavors, such as Sanctuary Inc., the American Cancer Society, Goodwill Industries of Guam, Inc., and the Guam Chapter of the American Red Cross. However, the cooperative spirit between Foremost and the community is best demonstrated in times of contingency, such as typhoons. During such times, Foremost employees switch to round-the-clock production preparing basic supplies, such as ice and water, in order to meet the needs of island residents.

For the past 50 years, Guam and the Northern Marianas have enjoyed quality products provided by Foremost Foods. On behalf of the people of Guam, I commend the company for its contribution to our community and our economy. I congratulate Foremost Foods and join them in celebrating their 50-year anniversary on Guam. I hope that the next 50 years would bring continued success to Foremost Foods and its employees.

At this point, I would like to submit, for the RECORD, the names of veteran employees who, through the years, have made great contributions towards the success of the company.

33 Years: Narciso M. Ibit, Production Supervisor; 31 Years: Eduardo G. Merto, Dairy Specialist II; 27 Years: Hermie L. Loria, Production Supervisor; 26 Years: Benjamin M. Peralta, Engineering Technician I; Danilo E. Tucio, Dairy Specialist III; 25 Years: Joseph E. Collado, Chief Engineer; Arturo Hippolito, Dairy Specialist II; Marcelo Carlos, Jr., CSR Crystal Clear; Luis Gonzales, Production Manager; Carlos Nucum, Engineering Technician II; Bartolome Andres Dairy Specialist II; Efren Silva, Engineering Tech I; Tommy Sangalang, Dairy Specialist II; Teodor Agsalud, Warehouse Specialist II; 24 Years: Natalio I. Esperosa, Dairy Specialist I; Mateo D. Ulanday, Dairy Route Sales Representative; Cerilio Danila, Dairy Specialist III; Jose Ferrer, Dairy Route Sales Representative; 23 Years: Rudolfo De Guzman, Dairy Specialist II; Leo Bustillo, Warehouse Specialist II; Augusto Perez, Engineering Technician III; Luther Umayam, Auto Mechanic I; Alberto Valencia, Engineering Technician I; 22 Years: Manuel Alvarez, Crystal Clear Supervisor; Jose Agahan, Warehouse Specialist II; 20 Years: Romualdo Dela Cruz, Engineering Leadman IV; 19 Years: Federico Ventura, Preseller (Dairy); Erlo Torres, Dairy Specialist II; 15 Years: Reynaldo Dimla, Engineering Clerk; Samuel Agsalud, Dairy Specialist III; 14 Years: Rogelio Almeria, Auto Mechanic II; 13 Years: Zaldy Ponce, Warehouse Specialist II; Benson Ayson, Dairy Route Sales Representative; Rodolfo Paulino, QA Manager; Luzviminda Fellone, Lab Technician II; Elmer Escalera, Dairy Specialist II; Eddie Salonga, Dairy Route Sales Representative; 12 Years: John Panaguiton, Dairy Route Sales Representative; Eloison Galang, Coke Vending Sales Representative; Antonio Pehipol, Dairy Specialist IV; Amante Velasco, Dairy Specialist III; Roger Tiong, Dairy Route Sales Representative; Salvador Tarape, Dairy Route Sales Representative; 11 Years: Gil David, Warehouse Specialist II; Jose Canovas, Preseller (Dairy); Edgar Llarenas, Coke Technician III; Joveneil Eugenio, Lab Technician I.

EX-OFFENDER VOTING RIGHTS ACT

HON. EDOLPHUS TOWNS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. TOWNS. Mr. Speaker, in Post-Civil War America, Congress passed the Fourteenth and Fifteenth Amendments to the United States Constitution to give African Americans the right to vote and to participate meaningfully in the governance of this country. While 22 African-Americans were elected to Congress in the following years, the promise of these amendments was destroyed by Jim Crow laws. After decades of struggle, the sacrifices of nonviolent civil rights protesters spurred Congress to approve the Voting Rights Act in 1965. The passage of the Voting Rights Act was perhaps the most important victory won by the Civil Rights Movement led by the Reverend Dr. Martin Luther King, Jr. All of these efforts were made with the recognition that the franchise is critical to the ultimate emancipation of the African American people.

Unfortunately, as we approach the first national election of the new millennium, we are confronted with another challenge to the enfranchisement of millions of African-Americans. Mr. Speaker, there is simply no justification for the disenfranchisement of almost 3 million Americans who served their sentences for the commission of a felony crime. Let me repeat that point: over 3 million Americans have lost their right to vote even after they have paid their debt to society. Mr. Speaker, this issue is of great concern to my community, which already suffered so much from the so-called ''war on drugs.''

The war on drugs is perhaps the single most ''effective'' tool in disenfanchising millions of African Americans since Jim Crow. Between 1985 and 1995, there was a 707% increase in the number of African Americans in state prison for a drug offense, compared to a 306 percent increase for whites over the same period. In addition, since the advent in 1986 of mandatory minimum sentences for drug related offenses, the number of African Americans in prison on drug-related offenses has exploded. In fact, despite evidence that African Americans and Caucasians use drugs at roughly the same rate, African Americans have been especially hard hit by mandatory minimum sentences: African Americans comprise about 13 percent of the United States' population, 15 percent of drug users, and 17 percent of cocaine users. However, thanks to the war on drugs being targeted against our communities, African Americans account for 33 percent of all federal drug convictions, 57 percent of Federal cocaine convictions and a staggering 84 percent of all federal crack cocaine convictions. Once convicted, these individuals often lose their right to vote for life.

The result? The combined effect of the war on drugs and mandatory minimum sentences being targeted at African Americans and other minorities is that these groups are losing their right to vote at staggering rates. That's why I come here today, to join my colleagues in demanding passage on vital legislation to make all persons released from prison automatically eligible to vote in federal elections. This, Mr. Speaker, is a necessary step in restoring the franchise to those Americans who have already suffered so much.

IN RECOGNITION OF MANUEL D. MAYERSON

HON. ROB PORTMAN

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 4, 2000

Mr. PORTMAN. Mr. Speaker, I rise today to pay tribute to Manuel D. Mayerson, who will be honored at the Second Annual Circle of Life Awards Dinner in Cincinnati on October 5, 2000.

The Circle of Life Awards Dinner raises awareness about the severity of brain injury and honors leaders like Manuel for their work in helping young people with disabilities. Brain injury is the most frequent cause of disability and death among children and adolescents in the United States. Each year, over 1 million children sustain injuries with more than 30,000 suffering a serious permanent disability.

Manuel's interest in helping children and others with disabilities began about 10 years ago when he was approached by several organizations about the problems of infant brain injuries caused by shaking. Manuel then decided to form the Family Violence Coalition, which focuses on programs to prevent child abuse.

Most recently and through Manuel's support, the Mayerson Center for Safe and Healthy Children at Children's Hospital Medical Center of Cincinnati was founded to help prevent, identify and treat child abuse and neglect. Manuel also serves as a trustee at Children's Hospital. Outside the Hospital, he has been instrumental in establishing programs like the Inclusion Network, which works to increase acceptance of the disabled, and other important human service programs that help people to overcome limiting conditions.

Manuel continues to serve on a number of boards including: the Cincinnati Children's Hospital; Hebrew Union College; Contemporary Arts Center; Cincinnati Art Museum; and the Freestore/Foodbank. In addition, the Mayerson Foundation, supported by Manuel and his wife, Rhoda, has been most generous to causes that improve the lives of children, people with disabilities, and to community institutions aimed at preserving cultural heritage.

Manuel and Rhoda have three children: Neil, Fred, and Arlene. In addition to the many influences in Manuel's life, Arlene, a civil liberties attorney and one of the architects of the Americans with Disabilities Act, has had a significant impact in shaping his commitment to helping those with disabilities.

All of us in the Cincinnati area congratulate Manuel for his outstanding leadership, service and commitment to improving the lives of others.

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate on February 4, 1977, calls for establishment of a system for a computerized schedule of all

meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules committee—of the time, place, and purpose of the meetings, when scheduled, and any cancellations or changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.

Meetings scheduled for Thursday, October 5, 2000 may be found in the Daily Digest of today's RECORD.

MEETINGS SCHEDULED

OCTOBER 10

2:30 p.m.
Intelligence
Closed business meeting to consider pending intelligence matters.
SH–219

7:30 p.m.
Conferees
Closed meeting of conferees on H.R. 4392, to authorize appropriations for fiscal year 2001 for intelligence and intelligence-related activities of the United States Government, the Community Management Account, and the Central Intelligence Agency Retirement and Disability System.
S–407, Capitol

OCTOBER 11

9:30 a.m.

SENATE—*Thursday, October 5, 2000*

(Legislative day of Friday, September 22, 2000)

The Senate met at 9:30 a.m., on the expiration of the recess, and was called to order by the President pro tempore (Mr. THURMOND).

The PRESIDENT pro tempore. Today's prayer will be offered by our guest Chaplain, Rev. Claude Pomerleau, CSC, University of Portland, Oregon.

PRAYER

The guest Chaplain, Rev. Claude Pomerleau, offered the following prayer:

Let us pray:

Lord and Master of the universe, we dare to name You Mother and Father because You are the Source of all that we are, all that we have, and all that we do. You have also sent us Your Spirit, and so we call ourselves Your children. We know that You love us, and that this gift goes beyond our greatest expectations.

O God, bless all the Members of the Senate, this day and always. May they act in accordance with Your Spirit as they serve this Nation and work for a more peaceful and secure world. May they be just and compassionate in their work as You are just and compassionate with Your creation, and may they be a sign of Your presence for this Nation and the world.

We pray that we may always be instruments of Your peace, even in the midst of unresolved problems and constant human conflicts. And, as a result, may we strive to be a mosaic of Your renewing presence in this world, through which we have a brief but glorious passage. Amen.

PLEDGE OF ALLEGIANCE

The Honorable MIKE CRAPO, a Senator from the State of Idaho, led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

RECOGNITION OF THE ACTING MAJORITY LEADER

The PRESIDING OFFICER (Mr. CRAPO.) The Senator from Alaska is recognized.

SCHEDULE

Mr. MURKOWSKI. Mr. President, on behalf of the leader, I have been asked to announce today that the Senate will resume consideration of H.J. Res. 110, the continuing resolution. Under the order, the time until 10 a.m. will be equally divided with a vote scheduled to occur at 10 a.m. Following the vote, the Senate is expected to resume debate on the conference report to accompany H.R. 4578, the Interior appropriations bill. Cloture was filed on the conference report and it is hoped an agreement can be reached to have the cloture vote during today's session. The Senate may also begin consideration of any other conference reports available for action. I thank my colleagues for their attention.

Mr. President, I understand the Senator from Vermont would like to make a very special introduction. It will be my intention then to speak, and take the time of Senator STEVENS, leaving him about 5 minutes remaining on our side.

Mr. REID. Mr. President, I didn't understand. Is that a unanimous consent request for something?

The PRESIDING OFFICER. No unanimous consent request was made.

The Senator from Vermont.

THE GUEST CHAPLAIN

Mr. LEAHY. Mr. President, I thank my friend from Alaska for his usual courtesies. I will take time on our side briefly.

I thank the Senate Chaplain, Dr. Ogilvie, for his courtesy in inviting today's visiting Chaplain, Father Claude Pomerleau. Father Pomerleau is very special to me; he is my brother-in-law. He is the chairman of the department of history and political science at the University of Portland. He has a distinguished career, a doctorate from the University of Denver, where actually one of his lead professors was Dr. Madeleine Albright's father. He speaks many, many languages. He is seen as a leading authority on Latin America. He teaches in Chile as well as at the University of Portland—in fact, he just came back from there.

I could go through all these things about him, but from a personal point of view he is very special to me. His sister, Marcelle, and I have been married now for 38 years, and he was present when we were married, as were his brother Rene and his father and mother, Phil and Cecile Pomerleau. Phil and Cecile are no longer with us, but I have a feeling they look down in pride at their son this morning, as we all do. He is a teacher, he is a mentor, a brother, a son, a beloved uncle—in our family he has been all of those and more.

He has been a very dear friend to me. I think of what Edward Everett Hale, a former distinguished Senate Chaplain, once said. He was asked:

Do you pray for the Senators, Dr. Hale?

And he said:

No, I look at the Senators and I pray for the country.

I am privileged to have a brother who not only prays for the country, but prays for this Senator. I consider it, in my 26 years here, one of the rarest privileges I have had to be able to see him on the floor.

Mr. President, I yield the floor.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. REID. Will the Senator yield for a comment about Senator LEAHY?

The PRESIDING OFFICER. Does the Senator yield?

Mr. MURKOWSKI. I yield.

Mr. REID. Mr. President, before Senator LEAHY and his brother-in-law leave, I want the good Father to know how much the Senate cares about you and Marcelle. You have expressed so well your feelings about your brother-in-law, but we want you to know how much the entire Senate on both sides of the aisle respects Senator LEAHY and your lovely sister.

MAKING CONTINUING APPROPRIATIONS FOR THE FISCAL YEAR 2001—Resumed

The PRESIDING OFFICER. The clerk will report the resolution by title.

The legislative clerk read as follows:

A joint resolution (H.J. Res. 110) making further continuing appropriations for the fiscal year 2001, and for other purposes.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. STEVENS. Mr. President, what is the time circumstance on this bill?

The PRESIDING OFFICER. There are 12 minutes a side. The time is evenly divided.

Mr. STEVENS. I yield the 12 minutes on this side to the Senator from Alaska.

The PRESIDING OFFICER. The Senator from Alaska.

ENERGY POLICY

Mr. MURKOWSKI. Mr. President, I think it is important to note the situation escalating in the Mideast as a consequence of the tensions. It is unfortunate it would be at a time when we had hoped there would be an effort to get a

firm peace agreement. As a consequence of that, I think it is important to bring to the attention of my colleagues a reality relative to the release of the Strategic Petroleum Reserve at the recommendation of Vice President GORE to our President.

As you know, the President did release 30 million barrels of the Strategic Petroleum Reserve. This was the largest single release of crude oil from SPR in the 25-year history of the reserve. The administration has claimed this has been a successful effort because the price of oil has dropped. Notwithstanding that, using SPR to manipulate prices is contrary to the law because we have not reauthorized SPR, and of course the success of this is determined in the long term, not the short term.

But I wish to bring to the attention of each and every Member some facts. Since the President made his announcement, there has been no new heating oil placed into the market and no measurable rise in inventories. It may surprise some of you, particularly those in the Northeast, to know that American consumers may, under the current arrangement, never see any of the product refined from the crude oil that we released from our Strategic Petroleum Reserve. Let me explain why because this is important.

In the arrangement, there was absolutely no requirement that those who successfully bid on crude oil from the Strategic Petroleum Reserve needed to refine it into heating oil. They may decide to make gasoline or some other product.

Second, there is absolutely nothing that prevents this product from being shipped to foreign markets, either in its crude form or as a refined product such as heating oil.

Guess what. That is just what is happening. We are shipping heating oil to Europe. Look at the Wall Street Journal this morning. Let me quote:

> Europe's market for heating oil is 50 percent bigger than the U.S. heating oil market. Europe's stocks are even tighter and prices there are a few cents a gallon higher, so U.S. refiners have renewed incentive to ship heating oil across the Atlantic. . . . U.S. exports of heating oil to Europe have ballooned nearly six times, in the first 7 months of this year. . . .

That tells the story of the arrangement that the administration made to take the oil out of SPR and increase our heating oil supply. What has happened with it is it is going to Europe. I am not surprised by this, in the sense of the market going to the highest price where it can generate a return. But I am astonished about the claim of the administration and those who support the movement of SPR, and the release, that it was done because of concerns over supply for the benefit of the American consumer. The American consumer has not benefited. This is a spin being put on by the pundits.

I asked the Secretary of Energy pointblank at a hearing last week:

> Is it possible as a result of oil being released from SPR that prices could fall but no new heating oil would find its way into the U.S. heating market?

Do you know what the answer was? It could happen. The irony is that we are going to release oil from our Strategic Petroleum Reserve to provide product to a European market. That should not be lost on the American consumer or Members of this body.

Finally, SPR was created for one specific purpose: as a reserve in case our supply, our dependence on OPEC and other countries, is disrupted. We are 58-percent dependent on imported oil. We have a situation in the Mideast. Iraq is claiming Kuwait is stealing its oil, the same claim it made prior to the Persian Gulf war. Kuwait is now claiming Iraq stole oil during the gulf war. The entire Israeli-Palestinian peace process appears, unfortunately, to have fallen apart. All this leads to a reminder that we should not use our petroleum reserve for political purposes, and that appears to be what we have done in this arrangement.

Mr. President, how much time is remaining on this side?

The PRESIDING OFFICER. The Senator has 7½ minutes remaining.

Mr. MURKOWSKI. I ask the Chair to advise me when I have 4 minutes remaining.

The PRESIDING OFFICER. The Chair will do so.

Mr. MURKOWSKI. Mr. President, as a consequence of the focus on energy between our two Presidential candidates, it is very appropriate that we identify differences.

The Vice President has said he has an energy plan that focuses not only on increasing the supply but also on working on the consumption side, but the real facts are the Vice President does not practice what he preaches. Let's look at the record over the last 7½ years.

The administration has opposed domestic oil exploration and production. We have had 17 percent less production since Clinton-Gore took office, and the facts are it decreased the number of oil wells from 136,000 and the number of gas wells has decreased by 57,000. These are wells that have actually been closed since 1992. There has been absolutely no utilization of American coal in coal-fired electric generating plants. We have not built a new plant since 1990.

The difficulty is the Environmental Protection Agency has made it so uneconomic that the industry simply cannot get the permits. We force the nuclear energy to choke on its own waste. We were one vote short in the Senate to pass a veto override. Yet the U.S. Court of Appeals has given the industry a liability case in the Court of Claims, with a liability to the taxpayers of somewhere between $40 billion and $80 billion.

The administration threatens to tear down hydroelectric dams out West. What are we going to do there? We are going to take the traffic off the rivers and put it on the highways. We have ignored electric reliability and supply concerns. Go out to California, particularly San Diego, where they have seen price spikes and brownouts, no new generation, no new transmission. This has happened on the Vice President's watch.

Natural gas prices in the last 10 months have gone from $2.60 to $5.40 for delivery. That is the problem we are facing, and that is the record under this administration.

Let's not forget one more thing. The Vice President talks about cutting taxes. The Vice President himself cast the vote in 1993 to raise the gas tax 4.3 cents a gallon. He did not just cast the vote; he broke the tie, and that is the significance of the record with regard to a contribution to increase domestic energy in this country. Instead of doing something to increase domestic oil supply, the Vice President and the administration would rather blame big oil profiteering, and that is ironic. Where was big oil a year ago when oil was selling for $10 a barrel? Who was profiteering then, Mr. President?

The PRESIDING OFFICER. The Senator has 4 minutes remaining.

Mr. MURKOWSKI. Who sets the price of oil? OPEC.

I thank the Chair and reserve the remainder of our time for Senator STEVENS, who wants to claim that time.

The PRESIDING OFFICER. The Senator from Nevada.

Mr. REID. Mr. President, it seems to me the majority is crying because the price of oil has dropped. The President made a decisive step and said we are going to pump oil from our reserve. Immediately, the price of oil dropped. Today it is below $30 a barrel. The majority seems so concerned that what the President has done has helped—the price of oil has dropped.

I suggest my friends in the majority talk to the Governor of Texas or maybe the man running for Vice President. They have connections with the oil industry. Maybe they could talk him into not shipping oil overseas if that is, in fact, what is happening. They are crying crocodile tears because what is happening here is good. We laid out in great detail yesterday what this administration has done to lower the price of oil to make sure the economy was in good shape.

I am also continually amazed at what the majority says about the Vice President: He broke the tie, so there is a 4-cent-per-gallon increase in gas; isn't that too bad?

Let's look at the history. Remember, the majority was saying all kinds of bad things would happen. The Republicans were saying all kinds of bad

things would happen if, in fact, the Clinton and Gore budget deficit reduction plan passed. It passed.

Prior to passing, listen to what the Republicans had to say.

CONRAD BURNS:

So we're still going to pile up some more debt. But most of all, we're going to cost jobs in this country.

He was wrong on both counts. There are 22 million new jobs and, of course, the debt is gone.

ORRIN HATCH said:

Make no mistake, this will cost jobs.

Wrong again.

PHIL GRAMM, the Senator from Texas:

I want to predict here tonight that if we adopt this bill, the American economy is going to get weaker, not stronger, and the deficit 4 years from today will be higher than it is today, and not lower. When it is all said and done, people will pay more taxes, the economy will create fewer jobs, Government will spend more money, and the American people will be worse off.

I am not going to go into detail, but we have 300,000 fewer Federal employees than in 1992. We have the lowest unemployment in some 40 years. We have created 22 million jobs. We have a Federal Government today that is smaller than when President Kennedy was President. I think those on the other side should realize, yes, the Vice President did cast a decisive vote, but it was so decisive that it put this country on the road to economic recovery.

I also suggest my friends should stop talking about nuclear waste. We know there is not going to be another nuclear powerplant built in America, but we also recognize that rather than spending time on nuclear waste, why don't they talk about alternative energy—solar, wind, and geothermal?

My friend from Alaska continually talks about energy policy. I respect his opinion, but I continue to believe he is absolutely wrong.

Mrs. BOXER. Will my friend yield me 3 minutes?

Mr. REID. I will be happy to yield to my friend from California from the time we have.

The PRESIDING OFFICER. The Senator from California.

Mrs. BOXER. Mr. President, I thank my friend for setting the record straight and for doing such a good job because we do have to remember where we were when the Clinton-Gore administration took office.

In my State, there was suffering; there was no hope; people's dreams were set aside; the economy was in the tank; and there was double-digit unemployment. Today we are in the midst of the greatest economic recovery ever. It dates back to the vote AL GORE cast because he was the deciding vote on that budget. The Republicans predicted gloom and doom, deficits and debt, unemployment and the rest. Let's face it; they were wrong. We do not want to go back to those days of high deficits.

VIOLENCE AGAINST WOMEN ACT

Mrs. BOXER. Mr. President, I appreciate the assistant Democratic leader yielding me time because I want to talk briefly about the Violence Against Women Act, and then I am going to make a unanimous consent request, of which I believe the other side has been made aware.

The Violence Against Women Act, a landmark law that was passed in 1994, has now expired. We have to reauthorize it. It is crucial. It has expired.

Is this an important and worthy act? Yes, it is. Both sides of the aisle agree. We have seen a 21-percent reduction in violence against women. We have seen shelters for battered women and their families built. They have gone up from 1,200 to about 2,000. We see doctors trained to recognize domestic abuse and police men and women trained to recognize domestic abuse. So we are seeing, in the figures, a decrease in the violence.

But we cannot allow this law to die. The point is, it passed the House overwhelmingly. It is a clean bill. But there are political games going on over here. People want to attach all kinds of different things to the Violence Against Women Act. It can stand alone on its own two feet. Senator BIDEN wrote that act a long time ago. When I was in the House, he asked me to carry it. He has been joined by Senator HATCH. They have worked together now on this new reauthorization.

The last point I want to make before making my unanimous consent request is this: It may be called the Violence Against Women Act, but this act directly attacks the problem of children in these homes. We have to realize that children under the age of 12 live in approximately 4 out of 10 homes that experience domestic violence.

We look at Hollywood—and we are critical of what they are doing in terms of the R-rated films shown to kids—but the fact is, there is only one reliable predictor of future violence. If a male child sees one parent beat another parent, he is twice as likely to abuse his own wife as the son of nonviolent parents.

The PRESIDING OFFICER. The Senator's time has expired.

Mr. REID. Mr. President, how much time do we have remaining?

The PRESIDING OFFICER. Five minutes remaining.

Mr. REID. I yield the Senator 2 more minutes.

Mrs. BOXER. We have a situation where we know if a child sees violence in the home, that child is very likely to repeat that violence. We have to protect these children by stopping the violence.

UNANIMOUS-CONSENT REQUEST—H.R. 1248

At this time, Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 834, H. 1248, an act to prevent violence against women, that the bill be considered read a third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

Several Senators addressed the Chair.

The PRESIDING OFFICER. The Senator from Nevada.

Mr. REID. Reserving the right to object, I ask the Senator, under my reservation, this bill which has done so much good in the country, has it lapsed?

Mrs. BOXER. Yes. The Violence Against Women Act reauthorization has expired. We can't permit this to continue any longer. The House acted, and well over 400 Members voted to reauthorize it.

Mr. REID. Is the Senator telling me that right now the law is not in effect in our country?

Mrs. BOXER. In essence, the authorization has definitely expired. My friend is right. That is why I make this request in a most urgent fashion.

The PRESIDING OFFICER. Is there objection?

Mr. THOMAS addressed the Chair.

The PRESIDING OFFICER. The Senator from Wyoming.

Mr. THOMAS. Reserving the right to object, I rise on behalf of the leader, who is working now with Members on the other side. I do not know of anyone who disagrees with what the Senator from California has said. No one I know of disagrees with the bill. I certainly do not. However, there is a process underway. I object to the unanimous consent request.

The PRESIDING OFFICER. Objection is heard.

Who yields time?

Time runs equally against both sides.

Mr. REID addressed the Chair.

The PRESIDING OFFICER. The Senator from Nevada.

Mr. REID. How much time is remaining on the minority side?

The PRESIDING OFFICER. There are 3 minutes on the minority side.

Mr. REID. I yield 2 minutes to the Senator from California.

The PRESIDING OFFICER. The Senator from California.

Mrs. BOXER. I thank Senator REID, once more, for yielding me some time.

I understand the Republican side of the aisle wants to attach different pieces of legislation to the Violence Against Women Act, and that is what is slowing it down. I know they want to see this act go forward. But I have to say to them, there is an easy way to do it.

I am very disappointed we had this objection this morning. We had a beautiful prayer—a beautiful prayer—given by Senator LEAHY's brother-in-law. If you heard what he said, he prayed that we in the Senate could work to do good works—to do good works. I know that

is what we all strive to do every single day we get up in the morning. But it seems to me that good work such as the Violence Against Women Act is easy to do. We do not have to use it as a train to which we attach different pieces of legislation.

I see Senator WELLSTONE on the floor. He has worked so hard in the area of the trafficking of women worldwide. Yes, we have no objection if we marry these two, if you will, pieces of legislation together because they make sense. One is talking about violence at home; one is talking about taking girls and putting them into sex trafficking. And it is a sin upon the world that this happens. We agreed to do this. It could have been done in a minute. We do not need to come on the floor and have a long period of time to discuss this. I am sure the Senator would agree; we could have a few comments.

The PRESIDING OFFICER. The Senator's 2 minutes have expired.

Mrs. BOXER. I am very disappointed this morning that we haven't been able to do at least one good thing for the women and children of this country, and that is to pass the House bill, the Violence Against Women Act, to get it done.

The PRESIDING OFFICER. Who yields time?

Time runs equally against both sides.

Mr. REID. Mr. President, I would like to ask a question of my friend from California in the minute we have remaining.

Mrs. BOXER. Yes.

Mr. REID. With all this compassionate conservatism around, do you think it would be good if the Governor of Texas interceded in this matter?

Mrs. BOXER. Yes. I would call on the Governor to intercede with our friends on the other side. He was asked about the Violence Against Women Act on the campaign trail. He was unaware of it. He said he had not heard of it, although Texas has received about $75 million, and they have built battered women shelters. Then when he studied it, he said he supported it, for which I am very grateful. But this is a golden moment for him.

Since we have passed the bill, I want to say to my friend from Nevada, intimate-partner violence has decreased by 21 percent. Again, we have seen the number of battered women shelters increase by 60 percent. Before there were more animal shelters than there were for women and children. So we should act. I hope my friends will reconsider.

The PRESIDING OFFICER. All the time of the minority has expired.

Who yields time?

Time will run on the majority side.

Mr. THOMAS addressed the Chair.

The PRESIDING OFFICER. The Senator from Wyoming.

Mr. THOMAS. Mr. President, I think we are getting prepared, within a couple minutes now, to have a vote on the continuing resolution. I simply want to rise again to say I do not disagree at all with what the Senator from California is saying. But the fact is, there is a plan. There is a plan to operate under here. The Senate does not simply react because someone gets up and says it is time to do this. There are negotiations going on between the leader and Senators on the other side.

I am sure this will indeed be done. We have a lot of things that need to be done. I would suggest that we ought to get the whole thing planned a little bit. I am a little surprised that this Senator is talking about objecting to moving forward because I think there have been quite a few objections coming from that side that has gotten us to where we are now. That is not really the point. The point is, we will handle this bill. The leader has prepared to do that.

Mr. THOMAS. Mr. President, I hope we can now proceed to the vote.

The PRESIDING OFFICER. The clerk will read the joint resolution for the third time.

The joint resolution was read the third time.

Mr. INHOFE. Mr. President, I ask for the yeas and nays.

The PRESIDING OFFICER. The yeas and nays have been requested.

Is there a sufficient second?

There appears to be a sufficient second.

The yeas and nays were ordered.

The PRESIDING OFFICER. The joint resolution having been read the third time, the question is, Shall the joint resolution pass? The yeas and nays have been ordered. The clerk will call the roll.

The legislative clerk called the roll.

Mr. NICKLES. I announce that the Senator from North Carolina (Mr. HELMS) and the Senator from Vermont (Mr. JEFFORDS) are necessarily absent.

Mr. REID. I announce that the Senator from California (Mrs. FEINSTEIN) and the Senator from Connecticut (Mr. LIEBERMAN) are necessarily absent.

The PRESIDING OFFICER (Mr. BUNNING). Are there any other Senators in the Chamber desiring to vote?

The result was announced—yeas 95, nays 1, as follows:

[Rollcall Vote No. 264 Leg.]

YEAS—95

Abraham	Chafee, L.	Gorton
Akaka	Cleland	Graham
Allard	Cochran	Gramm
Ashcroft	Collins	Grams
Baucus	Conrad	Grassley

NAYS—1

Leahy

NOT VOTING—4

Feinstein	Jeffords
Helms	Lieberman

The joint resolution (H.J. Res. 110) was passed.

Mr. FITZGERALD. Mr. President, I move to reconsider the vote and to lay that motion on the table.

The motion to lay on the table was agreed to.

Mr. REID. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. WELLSTONE. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

DEPARTMENT OF THE INTERIOR AND RELATED AGENCIES APPROPRIATIONS ACT, 2001—CONFERENCE REPORT—Resumed

The PRESIDING OFFICER. The clerk will report the pending business.

The assistant legislative clerk read as follows:

A conference report to accompany H.R. 4578, an act making appropriations for the Department of the Interior and related agencies for fiscal year ending September 30, 2001, and for other purposes.

Mr. WELLSTONE. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. LEAHY. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

SENATE AGENDA

Mr. LEAHY. Mr. President, the situation we are in right now is interesting. It is different from any similar period I can recall in nearly 26 years in the Senate. We are at the end of the fiscal year—we have actually gone beyond the end of the fiscal year—and nothing seems to be happening. I voted against the continuing resolution, not because I do not think we should keep the Government going—of course we should; it is unfortunate to close down the Government—but more to express my concern that we are not doing our business.

We have not passed our appropriations bills as we should. We all talk about how we make Government more efficient or how we make Government better. But imagine if you are running one of these Agencies or one of these Departments and you have to make the decisions for the year, and Congress, which has a mandate under law to pass the appropriations bills by September 30, we are here on October 5 and are nowhere near completing the bills.

Yet in a Congress that spends more time investigating than legislating, we are perfectly willing to have investigations and actually bring a lot of these Departments to a halt while we ask them question after question, even if the questions have already been asked, and yet we are unwilling to do our own work on time. It is not the way it can be done, and it is not the way it should be done.

I strongly urge Senators to consider next year when we come back, no matter who wins the Presidency, no matter who wins seats in the Senate or in the other body, that we spend more time trying to do things that actually help the country, that we set aside some of the partisanship and bitterness that has marked this Senate actually since impeachment time, which in itself was marked by partisanship when impeachment was rushed through in a lame duck House of Representatives and then passed over to this body. It appears in many ways we lost our footing at that time and never got back on course.

There are bills that have bipartisan support. There was one I was discussing on the floor a few minutes ago with the distinguished Senator from Colorado, the Campbell-Leahy bulletproof vest bill. This is a bill that provides money for bulletproof vests for law enforcement officers.

Senator CAMPBELL and I served in law enforcement before we came to Congress. We served at a time when much of law enforcement did not face the danger it does now, but we kept enough of our ties to law enforcement and so we know how difficult it is. We know that the men and women we send out to protect all of us are themselves so often the victims of the same criminals from whom they try to protect us.

Bulletproof vests are a $500 or $600 item. They wear out in 5 years. A lot of departments, especially small departments in States such as Vermont or rural areas like Texas, cannot afford these vests. I have letters from hundreds of law enforcement people from around the country who tell me that under the original Campbell-Leahy bill, they finally have a sense of security because they have bulletproof vests. We want to extend that for a couple more years. Yet we cannot even get a vote on it.

This is a bill which, if it is brought to a vote in this Chamber, I am willing to bet virtually every Senator, Republican and Democrat, will vote for. How can one vote against it? Yet there has been one hold on the Republican side of the aisle, and we cannot bring up this vital law enforcement piece of legislation.

I wanted to be sure—I am hearing from law enforcement agencies all across the country: Why can't you pass it?—so I actually made the point of checking with all 46 Democratic Senators: Do any of you have any objection to voting on this on a second's notice? They said: No, pass it by unanimous consent, if you want.

I ask whoever is holding it up on the other side not to continue to hold it up.

Mr. President, I return to ask the Republican leadership what is holding up enactment of the Bulletproof Vest Partnership Grant Act of 2000? This is a bill I introduced with Senator CAMPBELL and others last April. The Senate Judiciary Committee considered and and reported the bill unanimously to the full Senate back in June. I have since been working to get Senate consideration, knowing that it will pass overwhelmingly if not unanimously.

Unfortunately, an anonymous ''hold'' on the Republican side prevented enactment before the Senate recessed in July. I have been unable to discover which Republican Senator opposes the bill or why, and that remains true today.

We have been working for several months to pass the Bulletproof Vest Partnership Grant Act of 2000. It has been cleared by all Democratic Senators.

That it has still not passed the full Senate is very disappointing to me, as I am sure that it is to our nation's law enforcement officers, who need life-saving bulletproof vests to protect themselves. Protecting and supporting our law enforcement community should not be a partisan issue.

Senator CAMPBELL and I worked together closely and successfully in the last Congress to pass the Bulletproof Vest Partnership Grant Act of 1998 into law. This year's bill reauthorizes and extends the successful program that we helped create and that the Department of Justice has done such a good job implementing.

I have charts here that show how successful the Bulletproof Vests Grant Program has been for individual states. In its first year of operation in 1999, the program funded the purchase of 167,497 vests with $23 million in federal grant funds.

For the State of Alabama, the program funded the purchase of 2,287 bulletproof vests for law enforcement officers in 1999. For the State of California, the program funded the purchase of 28,106 bulletproof vests for law enforcement officers in 1999. For the State of Colorado, the program funded the purchase of 1,844 bulletproof vests for police officers in 1999.

For the State of Idaho, the program funded the purchase of 711 bulletproof vests for law enforcement officers in 1999. For the State of Michigan, the program funded the purchase of 2,932 bulletproof vests for law enforcement officers in 1999. For the State of Minnesota, the program funded the purchase of 1,052 bulletproof vests for law enforcement officers in 1999. For the State of Mississippi, the program funded the purchase of 1,283 bulletproof vests for law enforcement officers in 1999. For the State of Missouri, the program funded the purchase of 2,919 bulletproof vests for law enforcement officers in 1999.

For the State of New York, the program funded the purchase of 13,004 bulletproof vests for law enforcement officers in 1999. For the State of Oklahoma, the program funded the purchase of 3,042 bulletproof vests for law enforcement officers in 1999. For the State of Rhode Island, the program funded the purchase of 792 bulletproof vests for law enforcement officers in 1999. For the State of Utah, the program funded the purchase of 1,326 bulletproof vests for law enforcement officers in 1999. For my home State of Vermont, the program funded the purchase of 361 bulletproof vests for police officers in 1999. For big and small states, the program was a success in its first year.

I have a second chart that shows how successful the Bulletproof Vests Grant Program has been for individual states in its second year of operation. In 2000, the program funded the purchase of 158,396 vests with $24 million in federal grant funds.

For the State of Alabama, the program funded the purchase of 2,498 bulletproof vests for law enforcement officers in 2000. For the State of California, the program funded the purchase of 27,477 bulletproof vests for law enforcement officers in 2000. For the State of Colorado, the program funded the purchase of 2,288 bulletproof vests for police officers in 2000.

For the State of Idaho, the program funded the purchase of 477 bulletproof vests for law enforcement officers in 2000. For the State of Michigan, the program funded the purchase of 3,427 bulletproof vests for law enforcement officers in 2000. For the State of Minnesota, the program funded the purchase of 709 bulletproof vests for law enforcement officers in 2000. For the State of Mississippi, the program funded the purchase of 1,364 bulletproof vests for law enforcement officers in 2000. For the State of Missouri, the program funded the purchase of 1,221 bulletproof vests for law enforcement officers in 2000.

For the State of New York, the program funded the purchase of 11,969 bulletproof vests for law enforcement officers in 2000. For the State of Oklahoma, the program funded the purchase of 3,389 bulletproof vests for law enforcement officers in 2000. For the State of Rhode Island, the program funded the purchase of 313 bulletproof vests for law enforcement officers in 2000. For the State of Utah, the program funded the purchase of 1,326 bulletproof vests for law enforcement officers in 2000. For my home State of Vermont, the program funded the purchase of 175 bulletproof vests for police officers in 2000. For the second year in a row, the program was a great success.

Mr. President, I ask unanimous consent that these two charts listing the number of bulletproof vests purchased and the Federal grant amounts for each state in 1999 and 2000 under the Bulletproof Vest Partnership Grant Program be printed in the RECORD at the conclusion of my remarks.

The PRESIDING OFFICER. Without objection, it is so ordered.

(See exhibit 1.)

Mr. LEAHY. The Bulletproof Vest Partnership Grant Act of 2000 builds on the success of this program by doubling its annual funding to $50 million for fiscal years 2002–2004. It also improves the program by guaranteeing jurisdictions with fewer than 100,000 residents receiving the full 50–50 matching funds because of the tight budgets of these smaller communities and by making the purchase of stab-proof vests eligible for grant awards to protect corrections officers in close quarters in local and county jails.

We have 20 cosponsors on the new bill, including a number of Democrats and Republicans. This is a bipartisan bill that is not being treated in a bipartisan way. For some unknown reason a Republican Senator has a hold on this bill and has chosen to exercise that right anonymously.

More than ever before, police officers in Vermont and around the country face deadly threats that can strike at any time, even during routine traffic stops. Bulletproof vests save lives. It is essential the we update this law so that many more of our officers who are risking their lives everyday are able to protect themselves.

I hope that the mysterious ''hold'' on the bill from the other side of the aisle will disappear. The Senate should pass without delay the Bulletproof Vest Partnership Grant Act of 2000 and send to the President for his signature into law.

Before we recessed last July, I informed the Republican leadership that the House of Representatives had passed the companion bill, H.R. 4033, by an overwhelming vote of 413–3. I expressed my hope that the Senate would quickly follow suit and pass the House-passed bill and send it to the President. President Clinton has already endorsed this legislation to support our Nation's law enforcement officers and is eager to sign it into law.

I find it ironic that the Senate in July passed the Federal Law Enforcement Animal Protection Act, H.R. 1791. That bill increased the penalties for harming dogs and horses used by federal law enforcement officers. President Clinton signed that bill into law on August 2nd.

The majority acted quickly to protect dogs and horses used by law enforcement officers but has stalled action on legislation to provide life-saving protection for law enforcement officers themselves. The Senate should have moved as quickly in July to pass the Bulletproof Vest Partnership Grant Act of 2000 and sent it to the President for his signature into law.

Several more months have come and gone. Unfortunately, nothing has changed. Not knowing what the misunderstanding of our bill is, I find it is impossible to overcome an anonymous, unstated objection. I, again, ask whoever it is on the Republican side who has a concern about this program to please come talk to me and to Senator CAMPBELL. I hope that the Senate will do the right thing and pass this important legislation without further unnecessary delay.

EXHIBIT 1

BULLETPROOF VEST PARTNERSHIP GRANT ACT—YEAR 1999

State	Total vests	Approved amount
Alabama	2,287	$230,343.84
Alaska	395	90,309.65

JUDICIAL NOMINATIONS

Mr. LEAHY. Mr. President, today is October 5, the first anniversary of an event I hope I will not see again in the Senate. I have spoken many times about the Senate being the conscience of the Nation, and it should be. A year ago today, I believe the country was harmed by a party-line vote. That party-line vote defeated the nomination of Justice Ronnie White to the Federal district court in Missouri. Justice White, on the Missouri Supreme Court, had the highest qualifications. He passed through the Senate Judiciary Committee. He had the highest ABA ratings. He is a distinguished African American jurist. Yet when it came to a vote, every Democrat voted for him and every Republican voted against him. I believe that was a mistake and one we will regret. I spoke on

this nomination on October 15 and 21 of last year and more recently this year.

Fifty-one years ago this month—I was 9 years old—the Senate confirmed President Truman's nomination of William Henry Hastings to the Court of Appeals for the Third Circuit. That was actually the first Senate confirmation of an African American to our Federal courts—only 51 years ago. Thirty-one years ago, the Senate confirmed President Johnson's nomination of Thurgood Marshall to the U.S. Supreme Court. When we rejected Ronnie White, I wonder if we went backward or we moved forward.

This year, the Judiciary Committee has even refused to move forward with a hearing on Roger Gregory or Judge James Wynn to the Fourth Circuit. It is interesting—talk about bipartisanship—one of these men is a distinguished African American, a legal scholar, strongly supported by both the Republican and Democratic Senators from his State. Senator WARNER, a distinguished and respected Member of this body and a Republican, strongly supports him. Senator ROBB, an equally distinguished and respected Member of this body and a Democrat, a decorated war hero, also supports him, and the President nominated him. We cannot even get a vote.

I hope this does not continue. I suggest, again, whoever wins the Presidency, whoever wins seats or loses seats in the Senate, that we not do this next year.

This year, the Judiciary Committee reported only three nominees to the Court of Appeals all year. We denied a committee vote to two outstanding nominees who succeeded in getting hearings. I understand the frustration of Senators who know Roger Gregory, Judge James Wynn, Kathleen McCree Lewis, Judge Helene White, Bonnie Campbell, and others should have been considered and voted on.

There are multiple vacancies on the Third, the Fourth, Fifth, Sixth, Ninth, Tenth, and District of Columbia Circuits; 23 current vacancies. Our appellate courts have nearly half of the judicial vacancies in the Federal court system. That has to change. I hope it will.

I see my distinguished colleague and friend from Texas on the floor. I want to assure her I will yield the floor very soon.

But I hope we can look again and ask ourselves objectively, without any partisanship, can we not do better on judges?

I quoted Gov. George Bush on the floor a couple days ago. I said I agreed with him. On nominations, he said we should vote them up or down within 60 days. If you don't want the person, vote against them. The Republican Party should have no fear of that. They have the majority in this body. They can vote against them if they want, but have the vote. Either vote for them or vote against them. Don't leave people such as Helene White and Bonnie Campbell—people such as this—just hanging forever without even getting a rollcall vote. That is wrong. It is not a responsible way and besmirches the Senate, this body that I love so much.

I consider it a privilege to serve here. This is a nation of a quarter of a billion people; and only 100 of us can serve at any one time to represent this wonderful Nation. It is a privilege that our States give us. We should use the privilege in the most responsible way to benefit all of us.

When Senators do not vote their conscience, they risk the debacle that we witnessed last October 5th, when a partisan political caucus vote resulted in a fine man and highly qualified nominee being rejected by all Republican Senators on a party-line vote. The Senate will never remove the blot that occurred last October when the Republican Senators emerged from a Republican Caucus to vote lockstep against Justice White. At a Missouri Bar Association forum last week, Justice White expressed concern that the rejection of his nominations to a Federal judgeship will have a ''chilling effect'' on the desire of other young African American lawyers to seek to serve on our judiciary.

President Clinton has tried to make progress on bringing greater diversity to our federal courts. He has been successful to some extent. With our help, we could have done so much more. We will end this Congress without having acted on any of the African American nominees, Judge James Wynn or Roger Gregory, sent to us to fill vacancies on the Fourth Circuit and finally integrate the Circuit with the highest percentage of African American population in the country, but the one Circuit that has never had an African American judge. We could have acted on the nomination of Kathleen McCree Lewis and confirmed her to the Sixth Circuit to be the first African American woman to sit on that Court. Instead, we will end the year without having acted on any of the three outstanding nominees to the Sixth Circuit pending before us.

This Judiciary Committee has reported only three nominees to the Courts of Appeals all year. We have held hearings without even including a nominee to the Courts of Appeals and denied a Committee vote to two outstanding nominees who succeeded in getting hearings. I certainly understand the frustration of those Senators who know that Roger Gregory, Judge James Wynn, Kathleen McCree Lewis, as well as Judge Helene White, Bonnie Campbell and others should have been considered by this Committee and voted on by the Senate this year.

There continue to be multiple vacancies on the Third, Fourth, Fifth, Sixth, Ninth, Tenth and District of Columbia Circuits. With 23 current vacancies, our appellate courts have nearly half of the total judicial emergency vacancies in the federal court system. I note that the vacancy rate for our Courts of Appeals is more than 12 percent nationwide. If we were to take into account the additional appellate judgeships included in the Hatch-Leahy Federal Judgeship Act of 2000, S.3071, a bill that was requested by the Judicial Conference to handle current workloads, the vacancy rate on our federal courts of appeals would be more than 17 percent.

The Chairman declares that ''there is and has been no judicial vacancy crisis'' and that he calculates vacancies at ''less than zero.'' The extraordinary service that has been provided by our corps of senior judges does not mean there are no vacancies. In the federal courts around the country there remain 63 current vacancies and several more on the horizon. With the judgeships included in the Hatch-Leahy Federal Judgeship Act of 2000, there would be over 130 vacancies across the country. That is the truer measure of vacancies, many of which have been longstanding judicial emergency vacancies in our southwest border states. The chief judges of both the Fifth and Sixth Circuits have had to declare their entire courts in emergencies since there are too many vacancies and too few circuit judges to handle their workload.

The chairman misconstrues the lessons of the 63 vacancies at the end of the 103rd Congress in 1994. I would point out that in 1994 the Senate confirmed 101 judges to compensate for normal attrition and to fill the vacancies and judgeships created in 1990. In fact, that Congress reduced the vacancies from 131 in 1991, to 103 in 1992, to 112 in 1993, to 63 in 1994. Vacancies were going down and we were acting with Republican and Democratic Presidents to fill the 85 judgeships created by a Democratic Congress under a Republican President in 1990. Since Republicans assumed control of the Senate in the 1994 election the Senate has not even kept up with normal attrition. We will end this year with more vacancies than at the end of the session in 1994. As I have pointed out, the vacancies are most acute among our courts of appeals. Further, we have not acted to add the judgeships requested by the Judicial Conference to meet increased workloads over the last decade.

According to the Chief Justice's 1999 year-end report, the filings of cases in our Federal courts have reached record heights. In fact, the filings of criminal cases and defendants reached their highest levels since the Prohibition Amendment was repealed in 1933. Also in 1999, there were 54,693 filings in the 12 regional courts of appeals. Overall growth in appellate court caseload last year was due to a 349 percent upsurge

in original proceedings. This sudden expansion resulted from newly implemented reporting procedures, which more accurately measure the increased judicial workload generated by the Prisoner Litigation Reform Act and the Antiterrorism and Effective Death Penalty Act, both passed in 1996.

Let me also set the record straight, yet again, on the erroneous but oft-repeated argument that ''the Clinton Administration is on record as having stated that a vacancy rate just over 7 percent is virtual full-employment of the judiciary.'' That is not true.

The statement can only be alluded to an October 1994 press release. It should not be misconstrued in this manner. That press release was pointing out that at the end of the 103rd Congress if the Senate had proceeded to confirm the 14 nominees then pending on the Senate calendar, it would have reduced the judicial vacancy rate to 4.7 percent, which the press release then proceeded to compare to a favorable unemployment rate of under 5 percent.

Unfortunately, the chairman's assertions are demonstrably false. Contrary to his statement, the Justice Department's October 12, 1994 press release that he cites does not equate a 7.4 percent vacancy rate with ''full employment,'' but rather a 4.7 percent rate. Additionally, the vacancy rate was not reduced to 4.7 percent in 1994, and stands at three times that today.

The Justice Department release was not a statement of administration position or even a policy statement but a poorly designed press release that included an ill-conceived comment. Job vacancy rates and unemployment rates are not comparable. Unemployment rates are measures of people who do not have jobs not of Federal offices vacant without an appointed office holder.

When I learned that some Republicans had for partisan purposes seized upon this press release, taken it out of context, ignored what the press release actually said and were manipulating it into a misstatement of Clinton administration policy, I asked the Attorney General, in 1997, whether there was any level or percentage of judicial vacancies that the administration considered acceptable or equal to ''full employment.''

The Department responded:

There is no level or percentage of vacancies that justifies a slow down in the Senate on the confirmation of nominees for judicial positions. While the Department did once, in the fall of 1994, characterize a 4.7 percent vacancy rate in the federal judiciary as the equivalent of the Department of Labor 'full employment' standard, that characterization was intended simply to emphasize the hard work and productivity of the Administration and the Senate in reducing the extraordinary number of vacancies in the federal Article III judiciary in 1993 and 1994. Of course, there is a certain small vacancy rate, due to retirements and deaths and the time required by the appointment process, that will always exist. The current vacancy rate is 11.3 percent. It did reach 12 percent this past summer. The President and the Senate should continually be working diligently to fill vacancies as they arise, and should always strive to reach 100 percent capacity for the Federal bench.

At no time has the Clinton administration stated that it believes that 7 percent vacancies on the federal bench is acceptable or a virtually full federal bench. Only Republicans have expressed that opinion. As the Justice Department noted three years ago in response to an inquiry on this very questions, the Senate should be ''working diligently to fill vacancies as they arise, and should always strive to reach 100 percent capacity for the federal bench.''

Indeed, I informed the Senate of these facts in a statement in the CONGRESSIONAL RECORD on July 7, 1998, so that there would be no future misunderstanding or misstatement of the record. Nonetheless, in spite of the facts and in spite of my July 1998 statement and subsequent statements on this issue over the past three years, these misleading statements continue to be repeated.

Ironically, the Senate could reduce the current vacancy rate to under 5 percent if we confirmed the 39 judicial nominees that remain bottled up before the Judiciary Committee. Instead of misstating the language of a 6-year-old press release that has since been discredited by the Attorney General herself, the chairman would have my support if we were working to get those 39 more judges confirmed.

I regret to report again today that the last confirmation hearing for federal judges held by the Judiciary Committee was in July, as was the last time the Judiciary Committee reported any nominees to the full Senate. Throughout August and September and now into the first week in October, there have been no additional hearings held or even noticed, and no executive business meetings have included any judicial nominees on the agenda. By contrast, in 1992, the last year of the Bush administration, a Democratic majority in the Senate held three confirmation hearings in August and September and continued to work to confirm judges up to and including the last day of the session.

I continue to urge the Senate to meet its responsibilities to all nominees, including women and minorities. So long as the Senate is in session, I will urge action. That highly-qualified nominees are being needlessly delayed is most regrettable. The Senate should join with the President to confirm well-qualified, diverse and fair-minded nominees to fulfill the needs of the Federal courts around the country.

As I noted on the floor earlier this week, the frustration that many Senators feel with the lack of attention this Committee has shown long pending judicial nominees has simply boiled over. I understand their frustration and have been urging action for some time. This could all have been easily avoided if we were continuing to move judicial nominations like Democrats did in 1992, when we held hearings in September and confirmed 66 judges that Presidential election year.

I regret that the Judiciary Committee and the Senate is not holding additional hearings, that we only acted on 39 nominees all year and that we have taken so long on so many of them. I deeply regret the lack of a hearing and a vote on so many qualified nominees, including Roger Gregory, Judge James Wynn, Judge Helene White, Bonnie Campbell, Enrique Moreno, Allen Snyder and others. And, I regret that a year ago today, the Senate rejected the nomination of Justice Ronnie White to the Federal District Court of Missouri on a partisan, party-line vote.

Mr. REID. Will the Senator yield for a question?

Mr. LEAHY. I yield for a question.

Mr. REID. I say to my friend from Vermont, the bulletproof vest bill that you wrote and that you have spoken about here on the floor this morning—is that right?

Mr. LEAHY. That is right.

Mr. REID. It would greatly benefit rural Nevadans; is that not right?

Mr. LEAHY. There is no question it would benefit rural Nevada. Of course, the distinguished deputy leader was in law enforcement himself. He knows the threat that police officers face. That threat is not exclusive to big cities, by any means.

Mr. REID. I say to my friend, the lead Democrat on the Judiciary Committee, Nevada is an interesting State. Seventy percent of the people in Nevada live in the metropolitan Las Vegas area. Another about 20 percent live in the Reno metropolitan area. The 10 percent who are spread out around the rest of the State cover thousands and thousands of square miles, and there are many small communities that do not have the resources that the big cities have to provide, for example, bulletproof vests.

I say to my friend from Vermont, do you agree that people who work in rural America in law enforcement deserve the same protection as those who work in urban centers throughout America?

Mr. LEAHY. There is no question about it. In fact, in the 1999 bill they were able to purchase nearly 400 vests, many of those in the rural areas. If we get this through, now they can purchase 1,176 vests.

I say this because the Senate moved very quickly to pass a bill that increased the penalties if we harmed dogs or horses used by law enforcement. In other words, we could quickly zip this through and pass a bill saying the penalty will be increased if one harms a

dog or horse used by law enforcement, but, whoops, we can't pass a bipartisan piece of legislation protecting the law enforcement officer himself or herself. I think of Alice in Wonderland, I have to admit, under those circumstances.

Mr. REID. I say to my friend, I am happy we are looking out for animals. I support that and was aware of that legislation, but I think it is about time we started helping some of these rural police departments in Nevada that are so underfunded and so badly in need of this protection.

Mr. LEAHY. I say to my friend from Nevada, I, too, support the bill protecting animals in law enforcement. But I wish we could have added this other part. If you have the police officer out with the police dog, that police officer deserves protection. If you have a police officer out there with a horse—in many parts of both urban and rural areas horses are still used for a number of reasons by police officers—then let's also protect the police officer.

Mr. President, I yield the floor.

Mrs. HUTCHISON addressed the Chair.

The PRESIDING OFFICER (Mr. ALLARD). The Senator from Texas.

Mrs. HUTCHISON. Mr. President, I ask unanimous consent, on behalf of the leader, at 1 o'clock today, the Senator from Illinois, Mr. FITZGERALD, be recognized to make closing remarks on the Interior appropriations conference report for up to 45 minutes, and following the use or yielding back of time, the cloture vote occur, notwithstanding rule XXII, and following that vote, if invoked, the conference report be considered under the following time restraints: 10 minutes equally divided between the two managers, 10 minutes equally divided between the chairman and ranking member of Appropriations; 30 minutes under the control of Senator LANDRIEU, 15 minutes under the control of Senator MCCAIN.

I further ask consent that following the use or yielding back of time, the Senate proceed to vote on adoption of the conference report, without any intervening action or debate.

Mr. REID. Reserving the right to object, I wonder if the Senator would be kind enough to change the time until 2 o'clock. I think that has been agreed to on your side. I did not hear. Senator FITZGERALD is to be given 1 hour rather than 45 minutes.

Mrs. HUTCHISON. Mr. President, that is acceptable. We could change the time to start at 2 o'clock today, with Senator FITZGERALD having 1 hour.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

Mrs. HUTCHISON. In light of this agreement, Mr. President, the next vote will be at approximately 3 o'clock.

Let me revise, once again, the unanimous consent request to begin at 1 o'clock, leaving the 1-hour timeframe for Mr. FITZGERALD; therefore, in light of the agreement, the vote would occur at approximately 2 o'clock, with another vote on adoption of the conference report at 3:30 today. If I could wrap all of that in together as a unanimous consent request, that would be my hope. I make that unanimous consent request.

The PRESIDING OFFICER. Is there objection?

Mr. REID. The confusion is not on the part of the Senator from Texas. It is my confusion. I apologize for inserting that 2 o'clock time. There was some confusion on my part. The debate will start at 1 and we will vote around 2.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from Texas.

Mrs. HUTCHISON. Mr. President, I ask unanimous consent to speak as in morning business for up to 20 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

JUDICIAL APPOINTMENTS

Mrs. HUTCHISON. Mr. President, having heard my distinguished colleague from Vermont talk about the judicial selection process, I rise to commend Senator HATCH and his leadership of the Judiciary Committee.

It is very difficult to accommodate all of the requests and responsibilities that are entailed in a lifetime appointment to the Federal bench. I think Senator HATCH has done the very best job he possibly could in getting appointments through, appointments that are reflective of Clinton administration priorities. The vast majority of Clinton appointees have gone through. In my home State of Texas, we have had 20 nominations. Senator GRAMM and I have supported 18 of those, and 17 have gone through. There is still one pending that we support.

I think Senator HATCH has bent over backwards to do his due diligence but to respect the wishes of the Democratic side and the administration. I don't want to leave unchallenged some of the comments made that indicate that serious consideration has not been given to every single Clinton appointee and that in most cases those appointees have been put forward.

It is important that a lifetime appointment be scrutinized because there is no accountability of that lifetime appointment. We need to look at all of the factors surrounding a particular nominee, knowing the power that a Federal judge has and that the accountability is limited.

I applaud Senator HATCH. I think he has done a terrific job under very difficult circumstances. I hope he will continue the due diligence and also continue apace with the nominations process.

HOSPITAL PRESERVATION ACT

Mrs. HUTCHISON. Mr. President, I rise to discuss the Hospital Preservation Act that Senator ABRAHAM and I introduced last year. We achieved partial relief for hospitals last year, but we have reintroduced it this year in an attempt to get more relief for the beleaguered hospitals of our country.

Today we have both the House Ways and Means Committee and the Senate Finance Committee working on this very important legislation. We will have legislation that will, at least for this year, restore the cuts that are being made to our hospitals in Medicare payments, but I am hoping we can get more. In fact, there are many areas of our health care system that have been undercut by a combination of the Balanced Budget Act and have actually been cut even more forcefully by the Health Care Financing Administration than was ever intended by Congress.

When we passed the Balanced Budget Act, we said we would look at the effects, and if we needed to refine it in any way, we would do that. Congress has met its responsibility in that regard. We had the Balanced Budget Act Refinement Act passed. We have come back and restored cuts that were too much. That is what we are doing in the bill that is before us or will be before us very soon, that is now being considered by the House Committee on Ways and Means and the Senate Finance Committee. In fact, the legislation would increase payments to hospitals, nursing homes, home health care agencies, managed care organizations, and other health providers that are paid under Medicare.

This legislation is needed especially for our hospitals because they are the front line of our health care delivery system. This legislation builds on legislation Congress passed last year that reversed some of the cuts in provider payments that did result from the Balanced Budget Act and from excessive administrative actions taken by the Health Care Financing Administration.

Last year's bill contained important provisions that have helped preserve the ability of American hospitals to continue to provide the highest level of health care anywhere in the world. The Balanced Budget Refinement Act that Congress passed last year did make the situation a little brighter for some of these struggling hospitals. It eases the transition from cost-based reimbursement to prospective payment for hospital outpatient services. It restores some of the cuts to disproportionate share payments, and it provides targeted relief for teaching hospitals and cancer and rehabilitation hospitals.

I was proud to have been the prime advocate in the Senate for one of the provisions in that bill that restored the full inflation update for inpatient hospital services for sole community provider hospitals, those located primarily in rural areas that provide the only institutional care in a 35-mile geographic area. However, last year's bill was really just a start. I think we have all

heard from hospitals that they are really hurting. Hospitals are actually beginning to close, in Texas and all over the Nation. Independent estimates are that this trend will only get worse unless something is done.

I and many of my colleagues in Congress continue to hear from hospital administrators, trustees, health professionals that they were struggling to maintain the quality and variety of health services in the face of mounting budget pressures. With the statutory and HCFA-imposed cuts that they were seeing, many efficiently run hospitals began for the first time to run deficits and threaten closure. For many of these hospitals to close, particularly those in rural areas, would mean not only the loss of life-saving medical services to the residents of the area but also the loss of a core component of local communities. Jobs would be lost. Businesses would wither, and the sense of community and stability a local hospital brings would suffer.

My colleague, Senator Spence ABRAHAM of Michigan, and I began the task of looking for the best way to provide significant assistance to these hospitals to make sure the payments they were receiving for taking Medicare patients were fair and adequate to enable them to continue serving our Nation's seniors, and also to have the support they need to run their hospitals. We decided to try to expand the sole community provider hospital provision to all hospitals.

The bill we have introduced will make sure that Medicare payments for inpatient services actually keep up with the rate of hospital inflation. We will restore the full 1.1 percent in scheduled reductions from the annual inflation updates for inpatient services called for by the Balanced Budget Act. Moreover, rather than just applying to a small group of hospitals, this legislation would benefit every hospital in America, providing an estimated $7.7 billion in additional Medicare payments over the next 5 years.

Now, you may ask, where is that $7.7 billion going to come from? Well, when we passed the Balanced Budget Act, we projected savings of $110 billion over the 5-year period that should have occurred from the cuts we put in the Balanced Budget Act. But, in fact, instead of $110 billion, we are now projecting $220 billion in savings. So the $7.7 billion just for this part of the bill has already been saved, and $100 billion more is estimated when you take into account the whole 5 years.

So the bottom line is, we cut too much; we are going to restore part of those cuts; and we are still going to be approximately $100 billion ahead. So we will have saved $100 billion, as we intended to do, but we will restore the cuts that have caused such hardships to the hospitals throughout our country.

The bill that is being considered by the House Ways and Means Committee contains a full 1-year restoration in the inflation update for hospitals. The pending Senate Finance Committee bill would restore the cuts in 2001, but it only delays the 2002 cuts until 2003. This is progress.

I so appreciate Senator ROTH and Senator MOYNIHAN's efforts in the Senate Finance Committee. But I don't want to delay those cuts. I want to restore the cuts for the full 2 years. I hope that in the end we can go ahead and do that because these hospitals need to know that there is a stability in their budgeting, that they will be able to look at the restoration in the cuts for the next 2 years. They need to be able to plan. They need to know they will have the adequate funding for Medicare that they must have to give the services in the community and to support the hospital for all of the people and the health care needs of the community.

So we are not doing anything that would bust the budget or go into deficits. The fact is, this is a refinement. We have cut $100 billion too much, and we are restoring $8 billion of that.

In the bill that is being considered by the Senate Finance Committee, we also will strengthen the Medicare payments for the disproportionate share hospitals, for home health care agencies, for graduate medical education, and for Medicare+Choice plans. We are not out of the woods, but we are taking a major step in the right direction.

I commend Senator ROTH for his leadership of the committee, along with Senator MOYNIHAN. I implore Congress to move swiftly on this very important legislation. We cannot go out of session without addressing the issue of keeping our hospitals from suffering disastrous cuts in Medicare—cuts that they cannot absorb and cuts that are not warranted. This is our responsibility, Mr. President.

I thank my colleague, Senator ABRAHAM, for helping me so much on this issue. He has been a leader. After listening to hospital personnel in his home State of Michigan, he came to me and said, ''We have to do something; let's do it together,'' and I said, ''Great,'' because we must act before we leave this year in Congress. We cannot go forward without addressing this very important issue for the hospitals and health care providers of our country.

CERTIFICATION OF MEXICO

Mrs. HUTCHISON. Mr. President, I want to speak briefly on a sense-of-the-Senate resolution I have introduced on behalf of myself and Senators GRASSLEY, GRAMM, KYL, DOMENICI, DODD, FEINSTEIN, HOLLINGS, and SESSIONS.

We have submitted this sense-of-the-Senate resolution to deal with the issue of the certification of Mexico. Several of us introduced a bill earlier in the session after the election of the new President of Mexico, Vicente Fox, to try to address the issue of two new administrations in both of our countries that will be faced with the automatic certification of the issue of how we are dealing with illegal drug trafficking as a bilateral effort in our two countries, but with two administrations that have not had time to sit down and come up with a plan that would cooperate fully in this very important effort.

Since time is so short, we have come up with a sense-of-the-Senate resolution that I think will at least say it is the will of the Senate. If we can pass this before we adjourn sine die, I think it will be a major step in the right direction to give some relief to the two new Presidents who will be sworn in for both of our countries and to say, first of all, we in the Senate take this very seriously. One of the most important issues for our countries is dealing with illegal drug trafficking between Mexico and the United States. Realizing that neither President could be held accountable yet for the programs that should be put in place, we are going to have a 1-year moratorium.

This is the sense-of-the-Senate resolution:

Whereas Mexico will inaugurate a new government on 1 December 2000 that will be the first change of authority from one party to another;

Whereas the 2nd July election of Vincente Fox Quesada of the Alliance for Change marks an historic transition of power in open and fair elections;

Whereas Mexico and the United States share a 2,000 mile border, Mexico is the United States' second largest trading partner, and the two countries share historic and cultural ties;

Whereas drug production and trafficking are a threat to the national interests and the well-being of the citizens of both countries;

Whereas U.S.-Mexican cooperation on drugs is a cornerstone for policy for both countries in developing effective programs to stop drug use, drug production, and drug trafficking; Now, therefore, be it

Resolved,

(a) The Senate, on behalf of the people of the United States

(1) welcomes the constitutional transition of power in Mexico;

(2) congratulates the people of Mexico and their elected representatives for this historic change;

(3) expresses its intent to continue to work cooperatively with Mexican authorities to promote broad and effective efforts for the health and welfare of U.S. and Mexican citizens endangered by international drug trafficking, use, and production.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the incoming new governments in both Mexico and the United States must develop and implement a counterdrug program that more effectively addresses the official corruption, the increase in drug traffic, and the lawlessness that has resulted from illegal drug trafficking, and that a one-year waiver of the requirement that the President certify Mexico is warranted to permit both new governments time to do so.

I appreciate very much Senator GRASSLEY working with me on this

sense-of-the-Senate resolution. All of my cosponsors represent a bipartisan effort across the borders and across both sides of the aisle.

Mr. President, I want to just say I went to Mexico leading a delegation of Members of Congress. It was the first congressional delegation to visit Mexico with the new President-elect, and we were able to sit down and visit with both President Zedillo, the President of Mexico, and the President-elect, Vicente Fox. I want to say how encouraged we were with the dynamism of President-elect Fox, with his absolute assurance that this drug issue is one of the most important of all the issues between our two countries, and they promised to work hand in hand with the new administration that will be elected in the United States in November, and with Members of Congress to do everything they can working with us to cooperate in stopping the cancer on both of our countries that this drug trafficking is causing.

When we have a criminal element in Mexico and a criminal element in the United States, that is bad for both of our countries. It is preying on the ability of our country to have full economic freedom, to grow and prosper, and to have friendly relations across our borders. The drug trafficking issue is the big cloud over both of our countries. I believe that President-Elect Fox is going to pursue this vigorously.

I also want to say that President Zedillo has taken major steps in that direction for his country. He, first of all, laid the groundwork for the democracy that clearly was shown in this last election. Instead of handpicking a successor and not allowing free primaries, he did the opposite. He allowed the free primaries and he said in every way they were going to have open and free elections. President Zedillo has made his mark on Mexico. He was a very important President for recognizing that the time had come for free and open elections in Mexico. He is to be commended, and I think he will go down in the history books as one of the great Presidents of Mexico.

In addition, President Zedillo tried very hard to cooperate in the effort that we were making in drug trafficking. I would say that no one believes that we are nearly where we need to be in that regard. But I think he took some very important first steps.

I see a ray of sunshine in Mexico. Our country to the South is a very important country to the United States. They are our friends. We share cultural ties. We share family ties.

It is in all of our interests that we have the strongest bond between Mexico and the United States—just as we have with Canada and the United States. These are our borders. I have always said that I believe the strengthening of our hemisphere is going to be a win for all three of our countries.

I want to go all the way through the tip of South America in our trading relations and in the building of all of our economies because I think that is our future. Our countries depend on each other. We are interdependent, and our friendship and our alliances will be important for the security and viability of all of our countries in the Western Hemisphere.

I am very pleased that we have introduced this sense of the Senate. I urge my colleagues to help us pass this sense of the Senate so that we will be able, next session, to say that the Senate has spoken, and that we want to give some time to certification so that our countries can go forward with our two new Presidents and have a strong working relationship.

Thank you, Mr. President. I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. CRAIG. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. CRAIG. Mr. President, I ask unanimous consent I be allowed to speak for no more than 10 minutes as in morning business.

The PRESIDING OFFICER. Without objection, it is so ordered.

ENERGY POLICY

Mr. CRAIG. Mr. President, my attention was drawn this morning to an article in the Washington Times where our Secretary of Energy, Bill Richardson, defends energy policy by saying something that I found fascinating, to the point of absurdity. He says, ''We are not in an energy crisis.''

I am not quite sure how Mr. Richardson defines ''crisis,'' but I do know Mr. Richardson has recognized, at least for 12 months, a problem. Am I to understand that the reason for the absence of an energy policy in the Clinton administration is that we recognize a problem, but we are not going to do anything about it until it becomes a crisis?

Home heating oil last year, in the Northeast, began at 80 cents to 90 cents a gallon. It went to nearly $2 before that season was over. It was contracted this summer at $1.19, and it is now selling at $1.40. I call that a crisis if I am low income and I want a warm home this winter. I call it a crisis if I want to travel cross-country and I can't afford to fill my gas tank. I call it a crisis if I am a trucker and I can't up my contracts to absorb my fuel or energy costs and I must turn my truck back in, as thousands are now doing—turning their trucks back in on the lease programs under which they acquired them when they planned to move the commerce of America across this country.

Mr. Secretary, earlier this year, you flew numerous times to the Middle East with a tin cup in hand, begging the sheiks of the OPEC nations to turn the valve on just a little bit and let out a little more oil, hopefully dropping the price of crude and therefore lowering the cost at the pump. For a moment in time it worked. Then the price started ratcheting up as the markets began to understand that what had happened was pretty much artificial and pretty much rhetorical in nature and that, in fact, the supplies had not increased to offset the demand.

While all of that was going on, underneath the surface of this issue were a few basic facts. We have lost over 30 refineries in the last decade because they couldn't afford to comply with the Clean Air Act; they couldn't retrofit in a profitable way. They were not given tax credits and other tools because it was ''big oil'' and you dare not cause them any benefits that might ultimately make it to the marketplace so the consumer could ultimately benefit. Those refineries went down.

Here we are at a time when the price of crude oil peaked and the Vice President ran to the President and said please release SPR, and that has been done, or at least it is now being organized to be done, and it may lower prices. Yet that was a Strategic Petroleum Reserve that was destined to be used only for a crisis. And the Secretary of Energy says no crisis. He himself said yesterday before the National Press Club there is no energy crisis in this country. But there was a crisis last week and the President agreed to release the oil out of SPR.

I don't get it. I do not think I am that ignorant. I serve on the Energy Committee. We reviewed this. We have argued for a decade that there is a problem in the making, but this administration will not put down a policy, even though they see a problem, unless the problem becomes a crisis.

But now there is not a crisis, so why are we releasing the Strategic Petroleum Reserve, which was designed not only for a crisis but for a national emergency, one that was inflicted upon us by a reduction or a stoppage of the flow of foreign crude coming into our economy that might put our economy at risk.

The Secretary says we have a short-term problem and we will work it out in time.

Mr. Secretary, what does ''working it out'' mean? Have you proffered or proposed a major energy policy before the Congress of the United States? No, you have not. Have you suggested an increase in production of domestic resources so we could lower our dependency on foreign oil? No, you have not, Mr. Secretary.

So the American public ought to be asking of this administration, the Vice President, the President, and the Secretary of Energy: Mr. Secretary, Mr.

President, and Mr. Vice President, if there is no crisis, then why are you tapping the very reserves that we have set aside for a time of crisis? Somehow it doesn't fit.

There were political allegations 3 or 4 weeks ago when the Vice President was asking the President to release the petroleum reserve. He was saying there was a crisis, or a near crisis. That got done. And yesterday,

In remarks before the National Press Club, [Secretary] Richardson said the ''political campaign'' was behind Gore's accusations against [big] oil companies and that a surge in demand for oil in the United States and abroad is the real reason gasoline, heating-oil and natural-gas prices have soared this year. ''We are not in an energy crisis.''

Mr. Secretary, if you are traveling or if you are not wealthy and you have to pick up the 100 percent increased cost in your energy bills and your heating bills, I am going to tell you that is a crisis. But my guess is, it is typical of this administration, a problem is a problem until there is a crisis, and then you find a solution; 8 years without a solution to this problem spells crisis.

I am sorry, Mr. Secretary, but your rhetoric doesn't fit the occasion, nor does it rectify the problem.

I yield the floor.

The PRESIDING OFFICER. The Senator from North Dakota.

Mr. DORGAN. Mr. President, I ask unanimous consent to speak in morning business for 10 minutes, and I ask to be followed by the Senator from West Virginia, Mr. ROCKEFELLER, who will speak on the same subject.

The PRESIDING OFFICER. Without objection, it is so ordered.

THE ''CAPTIVE SHIPPER'' PROBLEM

Mr. DORGAN. Mr. President, the Senator from West Virginia, Mr. ROCKEFELLER and I, along with the Senator from Montana, Mr. BURNS, have been working on legislation dealing with our railroad service in this country. We have introduced legislation, S. 621, entitled the Railroad Competition and Service Improvement Act which addresses problems associated with shippers who are ''captive'' or dependent on one railroad for their shipping needs. Mr. President, I have with me a letter from over 280 chief executive officers of American corporations writing about this subject.

I ask unanimous consent it be printed in the RECORD following my presentation.

The PRESIDING OFFICER. Without objection, it is so ordered.

(See Exhibit 1.)

Mr. DORGAN. These CEOs of some of America's largest companies, and companies all across this country, join us expressing concern about what has happened to America's railroads. There is no competition in the railroad industry in this country. The deregulation of the rail industry occurred, now, over 20 years ago. At that point, we had 42 class I railroads. Now we are down to only about four major railroad operations in this country—two in the East and two in the West. Rather than encouraging some competitive framework in the rail industry, the deregulation of the railroad industry has resulted in a handful of regional monopolies. They rely on bottlenecks to exert maximum power over the marketplace.

These megarailroads dominate railroad traffic, generating 95 percent of the gross ton miles and nearly 94 percent of the revenues, and they control 90 percent of all coal movement in this country, 70 percent of all grain movement in America, and 88 percent of all chemical movement in this country.

It is quite clear what consolidation has meant to all Americans. Let me give a practical example. If you are a farmer in my State of North Dakota and you want to sent a load of wheat to market and you put that load of wheat on a railcar in Bismarck, ND, and send it to Minneapolis, MN, a little over 400 miles, you will pay $2,300. If you are going to ship that same carload of wheat from Minneapolis to Chicago, about the same distance, you do not pay $2,300, you pay less than $1,000.

Why the difference? Why are we charged more than double as North Dakotans to ship wheat about the same distance? Because there is no competition on the line from Bismarck to Minneapolis, but there is competition between Minneapolis and Chicago, so the prices are competitive. Where there is competition, there are lower rates. Where there is no competition, there are monopoly prices. They say to businesses and farmers: Here's the charge; if you don't like it, don't use our service.

What other service exists? There is only one line, only one railroad. There is a monopoly service, and they are engaged in monopoly pricing, and we have no regulatory authority to say this is wrong.

We have what are called ''captive shippers.'' These are Main Street businesses, family farmers, big companies, small companies, and they are held captive by the railroad companies that say to them: We have the rails, we have the cars, we have the company, and here's what the service is going to cost you; if you don't like it, tough luck.

In the circumstance I just described, the railroad says to a North Dakota farmer: We're going to charge you double what we charge other people. Why? Because we choose to. Why? Because we want to; because we have the muscle to do it, and if you don't like it, take a hike.

That is what is going on in this industry where there is no competition and where we have shippers being held captive all across this country.

Do rail costs matter much to my part of the country? Let me give another example.

Grain prices have collapsed. A farmer does not get much for grain these days. If you take wheat to an elevator in Minot, ND, that elevator pays about $2.40 a bushel for it, which is a pittance—it is worth a lot more than that—the cost to ship that $2.40 a bushel wheat to the west coast is nearly $1.20 a bushel. Half the value of that wheat on the west coast ends up being transportation costs by the railroad industry.

How can they do that? It's pricing gouging and nobody can do much about it because there is no regulatory authority to say it is wrong. They hide behind the Staggers Rail Act which deregulated the railroads, gave them enormous power, and resulted in a substantial concentration. The result is, all across this country we have shippers who are now held captive, they are locked in by an industry that says: This is what we are going to charge you; if you don't like it, that's tough luck.

What happens if someone believes this is really arbitrary, really unfair and they intend to complain about it? We had what was called the Interstate Commerce Commission. That was a group of folks who had died from the neck up. Nobody told them, but they were dead from the neck up and had one big rubber stamp down there. It said: ''Approved'' They had one big rubber stamp and one big ink pad. Whatever the railroads wanted, the ICC said: ''Approved.''

We got rid of the ICC. Now we have a Surface Transportation Board, and we have someone at the Surface Transportation Board, Linda Morgan, to whom I pay a compliment. She put a moratorium on mergers. We had another proposal for a merger, and she slapped on a moratorium. That merger fell apart. Good for her. It is the first good sign of life for a long while among regulators. Good for her. But all of the merger damage is pretty well done. Linda Morgan is fighting a lonely battle at the Surface Transportation Board.

Let me show you what happens when somebody files a complaint for unfair rail charges. You file a complaint, and here are the steps. First of all, you need to ante up some money. The filing fee for the standard procedure of complaint will be $54,000. It differs in some cases. If you have a beef with the railroad, first of all, understand you are taking on somebody with a lot more money and muscle than you have, No. 1. No. 2, you are going to pay a filing fee to file a complaint against the railroad freight rates, and then when you file the complaint, you ought to expect to live a long time because you are not going to get a result for a long, long time. In fact, some folks in Montana filed a complaint against a railroad. It took 17 years—17 years—for the complaint to go through the process, and then it never really got resolved in a

satisfactory way. That is why rail shippers understand it does not make much sense to take the railroads on.

You have the railroad with the muscle to make these things stick, and then you have regulators who have largely been braindead for a long, long time and do not want to do much. The exception again is we have a new Surface Transportation Board. Linda Morgan showed some courage, so there is some hope with the current STB.

What is happening in this country must change. Senator ROCKEFELLER, who has been a leader on this issue, and I have held hearings on it. We both serve on the Senate Commerce Committee. We are joined by Senator BURNS in our efforts. It is a bipartisan effort.

We want to pass the S. 621, but we are not going to get it done by the end of this year. What we are hoping for is that the 280 plus CEOs of companies across this country, large and small, who wrote this letter saying they are sick and tired of being held captive by shipping rates imposed by railroads that are noncompetitive—a rate that does not often relate to value for service—will get the attention in Congress that they deserve. We hope these CEOs continue to weigh in, in a significant way, with those who matter in this Congress to say: ''Let's do something serious about this issue.'' This is a tough issue but it is one Congress has a responsibility to tackle.

I pay credit to my colleague from West Virginia, Senator ROCKEFELLER. He has been working on this issue for a long time. I have been privileged to work with him. We know that which is worth doing takes some time to get done often, but we are not going to quit. The message to the 280 companies that have signed this letter, the message to our friends in Congress is: We have a piece of legislation that tries to tackle this issue of monopoly concentration and inappropriate pricing in the railroad industry. It tackles the issue on behalf of captive shippers all across this country—family farmers and Main Street businesses and others—and we are not going to quit.

We hope as we turn the corner at the start of this next Congress that we will be able to pass legislation that will give some help and some muscle to those in this country who are now paying too much. They expect to be able to operate in a system that has competition as a regulator in the free market, and that has not existed in the rail industry for some long while.

I yield the floor, and I believe my colleague from West Virginia will also have some things to say.

EXHIBIT 1

SEPTEMBER 26, 2000.

Hon. JOHN MCCAIN,
Chairman, Senate Commerce Committee, Washington, DC.
Hon. ERNEST HOLLINGS,
Ranking Member, Senate Commerce Committee, Washington, DC.

DEAR CHAIRMAN MCCAIN AND SENATOR HOLLINGS: We are writing to ask that shipper concerns with current national rail policy be given priority for Commerce Committee action next Congress. The Staggers Rail Act was enacted in 1980 with the goal of replacing government regulation of the railroads with competitive market forces. Since that time, the structure of the nation's rail industry has changed dramatically. Where there were 30 Class I railroad systems operating in the U.S. in 1976, now there are only seven. While major railroads in North America appear poised to begin another round of consolidations in the near future, the Surface Transportation Board continues to adhere to policies that hamper rail competition. Structural changes in the rail industry combined with STB policies have stopped the goal of the Staggers Rail Act dead in its tracks.

We depend on rail transportation for the cost-effective, efficient movement of raw materials and products. The quality and cost of rail transportation directly affects our ability to compete in a global marketplace, generate low cost energy, and contribute to the economic prosperity of this nation. Current rail policies frustrate these objectives by allowing railroads to prevent competitive access to terminals, maintain monopolies through ''bottleneck pricing,'' and hamper the growth of viable short line and regional railroads through ''paper barriers.''

We applaud the Commerce Committee's leadership on behalf of consumers concerning proposed mergers in the airline industry. America's rail consumers also need your support and leadership to respond effectively to the dramatic changes that are underway in the rail industry. Bipartisan legislation is currently pending in both the Senate and House of Representatives that takes a modest, effective approach in attempting to remove some of the most critical impediments to competition. Please work with us and take the steps that are needed to create a national policy that ensures effective, sustainable competition in the rail industry.

Sincerely,

The PRESIDING OFFICER (Mr. FITZGERALD). The Senator from New Jersey.

ALS TREATMENT AND ASSISTANCE ACT

Mr. TORRICELLI. Mr. President, all of us in our public lives on occasion meet an individual under circumstances and remains with us. They are so powerful in their impact that they haunt us and, if we are true to our responsibilities, also lead us to involvement. It could be circumstances of a struggling family attempting to pay their bills. It could be someone in enormous physical or emotional distress.

I rise today because 3 years ago I met a young family from Burlington County, NJ, who had exactly this impact on me, my life, and my own service in the Senate.

Kevin O'Donnell was 31 years old, a devoted father who was skiing with his daughter one weekend, when he noticed a strange pain in his leg. It persisted, which led him to visit his family doctor. Here, he was shocked to learn, despite his apparent good health, the vibrancy of his own life and his young age, that he had been stricken with ALS, known to most Americans as Lou Gehrig's disease.

We are fortunate that ALS is a very rare disorder. It affects 30,000 individuals in our Nation, with an additional 5,000 new cases diagnosed every year. We should be grateful it is so rare because the impact on an individual and their health and their family is devastating. Indeed, there are few diseases that equal the impact of ALS on an individual.

It is, of course, a neurological disorder that causes the progressive degeneration of the spinal cord and the brain. Muscle weakness, especially in the arms and legs, leads to confinement to a wheelchair. In time, breathing becomes impossible and a respirator is needed. Swallowing becomes impossible. Speech becomes nearly impossible. Muscle by muscle, legs to arms to chest to throat, all motor activity of the body shuts down.

While ALS usually strikes people who are over 50 years old, indeed, there

are many cases of young people being afflicted with this disease. Once the disease strikes, life expectancy is 3 to 5 years. But the difficulty is, life expectancy is not measured from diagnosis; it is measured from the first symptoms.

Diagnosing ALS is very difficult. What can appear as a pain in the leg can be overlooked for months. Muscle disorders can be ignored for a year. Doctors have a difficult time diagnosing Lou Gehrig's disease.

Not surprisingly, after diagnosed, the financial burdens are enormous. Work is impossible. Twenty-four hour care is likely. Wheelchairs, respirators, nursing care can easily cost between $200,000, to a quarter of a million dollars a year.

Families struggle with this financial burden while they are also struggling with the certainty of death at a young age.

This leads me to the responsibilities of this institution.

Patients with ALS must wait 2 years before becoming eligible for Medicare. For 2 years—no help, no funds, no assistance. As a result, 17,000 ALS patients currently are ineligible for Medicare services. And thousands of these individuals will die having never received one penny of Medicare assistance. Their death from ALS is a foregone conclusion. It could come in a year or 2 years or 3, but we are requiring a 2-year waiting period before there is any assistance.

Clearly, ALS, the problems of diagnosis, the certainty of death, the rapid deterioration of the human body, was not considered with this 2-year waiting period.

Nearly 3 years ago, I first introduced legislation that would eliminate the 24-month waiting period for ALS from Medicare. Most of the people who were with me that day here in the Senate when we introduced this legislation are now dead. Most of them never received any Medicare assistance. Only I remain, having been there that day offering this legislation again to bring help to these people.

But their agony and the burdens on their families have now been succeeded by thousands of others, who at the time probably had never heard of ALS disease, certainly did not know that Medicare, upon which their families had come to rely, would be out of reach to them in such a crisis.

The ALS Treatment and Assistance Act, since that day, has enjoyed bipartisan support, with 28 cosponsors in the Senate, 12 Republicans and 16 Democrats. In the House of Representatives, 280 Democrats and Republicans have cosponsored the legislation.

This spring, the Senate unanimously adopted this legislation as part of the marriage penalty tax bill, which, of course, did not become law.

Both Houses, both parties have responded to this terrible situation.

Two weeks ago, when Senator MOYNIHAN and Senator DASCHLE introduced S. 3077, the Balanced Budget Refinement Act of 2000, I was very proud that the ALS provision was included in their legislation. Last Wednesday, the ALS waiver was included in the balanced budget refinement legislation approved by the House Commerce Committee. So there is still hope.

As every Member of this institution knows, the calendar is late. Regretfully, we are again at a time of year when the legislative process ceases to work as it is taught in textbooks across the country. There will not be an opportunity for me to advocate this legislation for ALS patients by offering an amendment on the Senate floor to the Medicare package developed by the Finance Committee. That option is simply not going to exist under the procedures and the calendar of the Senate.

I am, therefore, left with the following circumstances. Having lost many of those ALS patients, on whose behalf I originally began this effort, a new group of families are now helping me across the country. They, too, have a year or two remaining in their lives and need this help.

If I can succeed in getting this provision, with the support of my colleagues, in the balanced budget refinements that ultimately will be passed by this Senate, for those people before their deaths, there is still hope. If I fail, then these people, too, will expire before they get any assistance from the Government.

I do not know of an argument not to pass this legislation. I do not know of a point that any Senator in any party, at any time, could make, to argue on the merits, that these ALS patients should not get a waiver under Medicare, in the remaining months or years of their lives, to get some financial assistance.

The unanimous support of the Senate previously, I think, is testament to the fact that we are of one mind. I simply now would like to ask my colleagues, in these final days, knowing that there will be a Medicare balanced budget refinement bill, that this provision be included.

I also, Mr. President, ask unanimous consent to have printed in the RECORD a copy of the letter that was sent to Chairman ROTH last week, signed by 16 of my colleagues in the Senate, Democrats and Republicans, asking for inclusion of the ALS legislation in a balanced budget refinement package.

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

U.S. SENATE,
Washington, DC, September 25, 2000.

Hon. WILLIAM V. ROTH,
Chairman, Senate Finance Committee, Washington, DC.

DEAR CHAIRMAN ROTH: As the Finance Committee prepares to mark-up a Balanced Budget Act refinement package for Medicare providers, we urge your support for the inclusion of an important provision of S. 1074, the Amyotrophic Lateral Sclerosis Treatment Act. This provision would eliminate the 24-month waiting period for Medicare which prevents ALS patients from receiving the immediate care they desperately need.

As you know, ALS is a fatal neurological disorder that affects 30,000 Americans. Its progression results in total paralysis, leaving patients without the ability to move, speak, swallow or breathe and therefore totally dependent on care givers for all aspects of life. Without a cure or any effective treatment, the life expectancy of an ALS patient is only three to five years.

A common problem for individuals stricken with ALS is that, due to the progressive nature of the disease and the lack of any diagnostic tests, a final diagnosis is often made after a year or more of symptoms and searching for answers. This delay results in a loss of valuable time that could have been spent in starting treatment early. Once a diagnosis is finally made, the tragedy is needlessly worsened by Medicare's 24-month waiting period which forces ALS patients to wait until the final months of their illness to receive care.

Eliminating this unfair restriction for ALS patients enjoys strong bipartisan support in the Senate and the House. In fact, the House version of this bill has the support of 280 cosponsors. Including this legislation in a BBA refinement package will represent a first real step toward improving the quality of life for Americans stricken with ALS. We look forward to working with you, and appreciate your consideration of this important legislation.

Sincerely,

Mr. TORRICELLI. Mr. President, I thank you for the time and I thank my colleagues for their indulgence. I yield the floor.

The PRESIDING OFFICER. The Senator from West Virginia.

Mr. ROCKEFELLER. First, I would like to comment on the comments that were made by Senator TORRICELLI from New Jersey. I thought they were profound, moving, and obviously urgent.

What I regret to have to report to him is that the Senate Finance Committee, on which I serve on the minority side, has concluded there will be no markup. There will with no markup on the balanced budget amendment. So this is very sad. This is part of the denigration of the process of this entire institution.

There is no health care legislation that has come out of the Finance Committee, or anywhere else, in the last 2 years. We could go through that litany.

But I want to report my profound discouragement to the Senator that we were told yesterday there would be no markup, no markup on the one thing that we could do to help not only the people you are talking about but all the hospitals and hospices and skilled nursing facilities, home health agencies in our States which are suffering.

So we have to rely on the good will of the President when he meets with leaders, Republican leaders. Hopefully, maybe a Democrat will be included in that meeting. Maybe something can happen.

But this is where we have arrived at in this institution. It is unfortunate. It is wretched. It has a terrible consequence for the people who you so movingly and eloquently talked about.

RAILROAD COMPETITION

Mr. ROCKEFELLER. Mr. President, I come before the Senate today to speak about an issue—the plight of captive shippers—on which the Senator from North Dakota, Mr. DORGAN, spoke and on which I have been working for 16 years, every day I have been in the Senate, with a complete, absolute, and total lack of success. One doesn't ordinarily admit those things, but I say that because that is how bad the situation is. That is how unwilling the Congress is to address this problem even though it affects every single Senator and every single Congressman in the entire United States of America without a single exception.

How did this happen is the same question as asking why is it that people complain about planes being late but don't take any interest in aviation policy. We are a policy body. We are meant to deliberate; we are meant to discuss issues. We don't. We don't take any interest in aviation. So we complain but don't do anything. We take no interest in railroad policy, and so we don't complain and we don't do anything.

As a result, the American Association of Railroads, which is one of the all-time most powerful lobbying groups in the country, has its way. As Senator DORGAN said, they have their way although there are only really four or five railroads left. When I came here in 1985, as the junior Senator from West Virginia, there were 50 or 60 class I railroads. Those are the big ones. Now there are four or five, probably soon to be two or three.

When the Staggers Act was passed to deregulate the railroads, which unfortunately this Congress did in 1980, they divided it into two parts. They said for those railroads which had competition, the market would set the price. But they said there are about—let's pick the number—20 percent of all railroads which have no competition. In the coal mines, steel mills, granaries, and manufacturing facilities that these railroads serve, there is no competition. Their rates would be determined by the Interstate Commerce Commission at that time. Now it is called the Surface Transportation Board. Very few of my colleagues know anything about the Surface Transportation Board or knew anything about the Interstate Commerce Commission, even though many of their people are suffering vastly from the consequences of the inaction of these two bodies.

We don't have railroad competition in many aspects of our economy. You can't move coal by a pickup truck and you can't fly it in an airplane, you have to move it in a train. Sometimes you can put it in a truck, but you have to basically put it in a train. The Presiding Officer knows that very well; he comes from a State that produces coal.

I also am going to submit the same letter the Senator from North Dakota did for the RECORD so it appears at the conclusion of my remarks. It is an extraordinary letter to Chairman MCCAIN and Senator HOLLINGS signed by 282 CEOs—not government relations people, not lobbyists, but by CEOs. It is the most extraordinary document of commitment and anger over a subject I have seen in the 16 years I have been in the Senate. I have never seen anything like this before.

This is obviously a matter of enormous importance to my State. Most of what we produce has to be moved by railroad: Chemicals; coal; steel; lumber. It is a place where railroads have an enormous presence and railroads dominate.

This letter seeks to make railroad policy a top concern. These people say it is their top legislative concern. They represent virtually every industry, and all parts of the country.

I don't know how we got to this situation. I think it is ignorance on the part of the Congress, it is inattention, to some degree laziness on the part of the Commerce Committee and the Congress. It doesn't rise to the level of a crisis which hits us one day and grabs all the headlines. It is like the ALS about which the Senator from New Jersey was talking. It just creeps slowly. It just gradually destroys parts of the economy.

Let me explain the situation this way. Imagine if I decided I wanted to fly to Dallas, TX, from Charleston, WV, and I was told I had to go through Atlanta. We don't have a lot of direct connections out of West Virginia. And suppose the airline told me, told this Senator, that they would not tell me how much my ticket would cost from Atlanta to Dallas. I would be outraged. All kinds of people would jump into the action. They couldn't do that. That would be illegal. It would be wrong.

The railroads can do what the airlines are prevented from doing. They can refuse to quote you a price on what is called bottleneck situations, where they will not tell you how much it is going to cost on a monopoly segment. By doing that they control the price of whatever you are shipping, wherever you are shipping it. That is wrong.

One of the reasons they are able to do that is that railroads, unlike virtually every other industry that has been deregulated, have antitrust exemption. Why do railroads have antitrust protection? Can anybody give me a reason they would have antitrust protection? They have been deregulated. No other industry that has been deregulated has an exemption from our antitrust law, but the railroads do, because the American Railroad Association moves very quietly and skillfully under the radar of attention. It is a huge and powerful group. It doesn't make waves, doesn't cause notice. It hands out tremendous amounts of money, but they do their work below the radar screen.

As a result, when chemicals move out of the Kenawha Valley and the Ohio Valley in West Virginia and when coal moves out of southern West Virginia and northern West Virginia, we are victims in many circumstances to captive shipping. We are captives of the railroads. They can charge our companies whatever they want, and they do. It is illegal, but the railroads have on their side the Surface Transportation Board, which is supposed to ''regulate'' them, but instead is concerned only with how much money the railroads are making. So why should the railroads do anything other than make the most money they can? And they do.

I know of no other situation like that in America. I come from a family that knew something about monopoly. And, properly and correctly, a President named Theodore Roosevelt came along and ended that because it was wrong. It was done in those times. That is the way those businesses were done, but it was wrong.

Well, it is wrong what the railroads are doing today on captive shipping. For 16 years we have been fighting this—16 years, no progress, nothing. The STB comes up and they say: We need to have rules and regulations from the Congress. The folks in the Commerce Committee say: We are having all kinds of hearings.

We don't have hearings. We technically have hearings, but they are not hearings. They are not probing hearings. A couple people drop in; a couple people drop out. Consumers everywhere suffer from this, and they don't even know about it. We should, because it is our responsibility to protect consumers. Where the law says the railroad companies cannot do something which they are doing, we should be upset by that. And if it is 20 percent of railroad traffic, we should be angry about it. But we don't care. We don't care.

Again, many, if not most, of the products and commodities—coal and chemicals especially—being shipped by companies in West Virginia these products are shipped by companies, are shipped by companies that are captive to a single railroad. Only one line serves most of these plants. The railroads have all power: This is what you are going to pay; if you don't want to pay it, then we won't serve you.

And they use a lot of other strong-arm tactics, which I will not go into, although I am protected on the floor and I could, and I would be happy to, but I won't do it. But they use strong-arm tactics; they know how to use them and they do use them. There are four or five major railroads, and they

can use strong-arm tactics and get away with it. All the others have been merged and eaten up. So the shippers are forced to pay whatever the railroads want to charge. If my colleagues think that is fair, fine.

This is what it's like: When you walk into a grocery store to buy bread, you know what bread is supposed to cost. But no, the grocer says, no, you have to pay three times the usual cost. I don't think my colleagues would stand for that. But my colleagues do put up with this, by continuing to let railroads charge whatever they want—not what the market says the cost should be—even though it costs their constituents and companies in their states more money than it should, and puts people out of work.

Why won't my colleagues get interested in this subject? Why won't they require the STB and the railroads to follow the law? Why doesn't the Commerce Committee take this more seriously?

I cannot remember any significant period of time since I have been in this body that I have not had a steady flow of complaints from my ''captive'' shippers—large and small companies that are captive to one railroad. They have no alternative but to pay what the railroad says they must. There is only one line going in; what are they going to do? Carry it out by hand? The Staggers Act said the railroads shouldn't exercise this kind of control. The captive shippers cannot set their own price. The railroads set the price on the monopoly segment, often without telling shippers what the price is, and thereby control the price along the entire route. This happens—today and every day—in the American economy. This is free market?

So businesses in my State and in your State, Mr. President, and the State of the Senator from Alaska are hindered from making the kinds of profits and putting a number of people to work because we in Congress choose to ignore an enormous American problem.

I'd like to say a little bit about why this has all happened. I have talked about the diminution of the number of railroads. We have just two railroads on the east coast and two on the west coast, and one running the length of the Mississippi. These five railroads collect 95 percent of all freight revenues, as Senator DORGAN said. Pretty soon, that number may be reduced to just two railroads, period. These railroads are not exactly having a hard time. This level of ''competition''—with just a few railroads controlling 95 percent of the traffic—means, prima facie, that we really have no competition at all. You just say 95 percent, and there you have it. By definition, there is no competition.

During the last 5 years, the pace of railroad consolidation has been dizzying. In 1996, the merger of the Union Pacific and Southern Pacific Railroads threw the entire country into crisis. Did we care? Yes, briefly, for a week or so. There were some stories in the Wall Street Journal—we heard about the Houston railyard being shut down—and some of the rest of the country noticed, too. It was a strange and confusing railroad problem, and we didn't have time to figure it out; that was our attitude. So it came and it went. But it cost endless millions of dollars and endless lost jobs.

But we need to look at what happened. The results of that merger—creating one huge, unresponsive railroad, from two large unresponsive railroads—were major service disruptions, plant closings, thousands of lost workdays, and endless millions of dollars lost by companies all over this country.

We had the same thing on a smaller scale in West Virginia and in the East. We have had our own merger. Conrail was divided kind of piecemeal between CSX and Norfolk Southern Railroads. A period of disruption followed that merger also—perhaps not the scale of the UP–SP debacle—but still devastating and frustrating to my manufacturers in my State and throughout the Northeast. The railroads didn't worry because they knew nobody here was paying any attention.

Rail consolidation isn't the only culprit. Several unjustified and counterintuitive rulings made by the Surface Transportation Board and its predecessor agency, the Interstate Commerce Commission, have stifled railroad competition and made matters much worse.

These agencies have enormous power in our economy. Their key decision was the 1996 ''bottleneck'' decision to which I have already referred. That allows a railroad to remain in control of its essential facilities, known as ''bottlenecks'' and effectively prevent a rail customer from getting to a competing railroad, or even getting a price. In other words, where railroads share a line, they won't let you use it. They won't let anybody else use it. They won't tell you what it would cost even if you work out some kind of arrangement. They control the cost of shipping along your whole route, and they shut you down.

The court of appeals upheld the decision of the STB as not being ''arbitrary or capricious.'' So that seems to be on the side of the railroads. In its decision, the court of appeals went out of its way to say that the bottleneck decision was, one, not the only interpretation that the STB could have made under the law; and, two, not necessarily the interpretation the court itself would have made.

Since then, the STB, predictably, has refused to revisit this decision and seems to take the official position that it does not have the legal authority to reach any other conclusion without specific direction from Congress to put competition first. Well, I don't have any problem with that, except Congress hasn't been paying any attention and probably won't do that anytime soon. There is no chance we will do that in the Commerce Committee now. Public anger hasn't been galvanized, and congressional anger hasn't been galvanized. Congressional passiveness rules.

Under the protective rulings of the Surface Transportation Board, railroads are the only industry in the Nation that have both been deregulated and allowed to maintain monopoly power over its essential facilities. Congress, the Federal agencies, and the Federal courts have specifically prevented telephone companies, airlines, natural gas pipelines, and electric utilities from controlling essential facilities, while at the same time they enjoy the benefits of deregulation.

I reject the notion that the Staggers Rail Act intentionally allowed railroads to use their bottleneck facilities to prevent customers access to competition. That is wildly illogical and wildly untrue. It goes against every principle of the American market economy. Likewise, it makes no sense, and runs counter to the law of the land, for the STB to view protection of the financial health of the railroads as its overriding mission, which they do. In all of their history, they have never found a railroad to be revenue adequate. That is the technical term. In other words, they have never found a railroad which is making enough money. The railroads have to make more money, suppress competition, according to the STB.

So if we in Congress really care about the long-term viability of the freight railroad industry, we have to examine and make fundamental changes to the policy. But first we have to understand it—and we don't, and we won't, until people get motivated.

The railroad industry itself is given unwarranted special treatment, about which I have spoken, regarding the antitrust review. They are totally exempt from review by the Antitrust Division of the Department of Justice. Instead, it is left to the Surface Transportation Board to determine whether a merger or acquisition is ''in the public interest.''

Now, fortunately, as the Senator from North Dakota indicated, the STB is quite concerned about its merger policy. Hurrah. They see, as I do, the very real and ominous possibility that a final round of railroad mergers could leave us with just two transcontinental railroads carrying 97 percent of all American rail freight.

So the STB responded this year by instituting a 15-month moratorium on major railroad mergers. They are also

conducting a rulemaking on their merger procedures.

I commend this unprecedented and important letter from 282 chief executive officers of huge American companies and small American companies to all of my colleagues. My guess is that very few colleagues will read that letter because we are passive, because this issue is under our radar. Or more accurately, we have decided to ignore it. When it comes to ignoring this problem, we have an unblemished record of success, even though our inaction hurts companies and people in every part of this country.

Their letter sends a compelling message to Congress that the status quo on railroad policy is unacceptable and must be changed. Senator BURNS, Senator DORGAN, and I have a bill to do exactly that, if we can get anybody to pay attention to it.

I thank the Presiding Officer. I yield the floor.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. MURKOWSKI. Mr. President, I thank my colleague from West Virginia. I sympathize with the exposure that his State has. Of course, my State, unfortunately, is not connected to the rest of the United States by rail. We have a State-owned railroad and would like to have the opportunity to have a railroad connection. I am sympathetic to his cause.

ENERGY CRISIS

Mr. MURKOWSKI. Mr. President, I would like to address a couple of situations that I think are paramount in our consideration of issues before us today. I know most of my colleagues are aware of the current situation in Belgrade and the uprising against the dictatorship of Milosevic. I understand the situation is very grave at this time. I know we are all hopeful there will be no serious loss of life as a result of the uprising. I am sure my colleagues will join me in our prayers and hopes that the opposition's Kostunica will be successful in ousting Milosevic and instituting a democratic and peaceful new government in Yugoslavia. I know the Senate hopes for the best and that the nightmare in Yugoslavia may soon be at an end.

Unfortunately, we have a similar situation in the Middle East and the fighting that is going on between the Israelis and the Palestinians. Over 67 people have been killed.

I think it appropriate at a time when we are facing an energy crisis in this country to recognize the volatility associated with the area where we are most dependent on our oil supply; namely, the Middle East. Fifty-eight percent of our oil is imported primarily from OPEC.

As we look at the situation today, we recognize the fragility, if you will, and the sensitivity associated with relying on that part of the world, particularly when we see the action by this administration in the last few days of drawing down oil from the Strategic Petroleum Reserve which is set up for the specific purpose of ensuring that we have an adequate supply in storage if, indeed, our supply sources are interrupted.

By drawing that reserve down 30 million barrels, we sent a signal to OPEC that we were drawing down own our savings account making us more vulnerable, if you will, to those who hold the leverage on the supply of oil; namely, OPEC, Venezuela, Mexico, and other countries.

I wanted to make that observation and further identify, if you will, that we have a situation that needs correction. We still have time to do it in this body; that is, to pass the EPCA reauthorization bill.

As a consequence of the effort by the majority leader yesterday to bring that bill up—H.R. 2884—the reauthorization bill, I think it is important that we recognize why we need it.

First, it reauthorizes the Strategic Petroleum Reserve. The authorization expired in March of this year.

It creates a home heating oil reserve with a proper trigger mechanism that is needed.

It provides State-led education programs on ''summer fill'' and fuel budgeting programs.

It requires the Secretary of Defense to concur with drawdowns and indicate that those drawdowns will not impact national security.

It strengthens weatherization programs by increasing the per-dwelling allowance.

It requires yearly reports on the status of fuel supply prior to the heating season.

We have worked hard at trying to bring this to the floor and get it passed.

Yesterday, the Senator from California indicated there was still opposition to the bill. It is my understanding that comments were made about the bipartisan substitute we have offered. As a consequence, I believe there is a need for a response.

One, the Senator claimed that we could take up and pass the underlying bill—H.R. 2884—without amendment.

This simply can't happen. The underlying bill does not contain responsible trigger mechanisms to protect SPR from inappropriate withdrawal.

The Secretary of Energy has asked for a more responsible trigger mechanism than is contained in the underlying bill. The Secretary is right. We need that. This is our insurance policy if we have a blowup in the Middle East.

Second, by accepting the House bill, we would lose the opportunity to strengthen the weatherization program contained in the substitute and we would also lose the mandate for a yearly report from the Department of Energy on the status of our fuel heading into the winter contained in the substitute.

These are important issues. I am sure the Senator from California would agree that she would support these.

But, as a consequence, to suggest that we can accept the House bill that doesn't include the triggering mechanism is the very point that I want to bring up.

The Senator from California also said the Federal Government should not be in the oil business and that they don't do well in the oil business. I certainly agree. We don't do well with the Strategic Petroleum Reserve. We have bought high and sold low out of that reserve.

But it is even more important now that we have moved some of our oil to build up a heating oil reserve.

Isn't it ironic that the facts are, since the beginning of this year, more than 152,000 barrels of distillate—heating oils, light diesels, and so forth—have been exported each day. We are exporting fuel oils and heating oils that we ought to be holding in our reserve since we have a shortage of heating oil for the Northeast States that are so dependent on it. That is not what we are doing.

According to today's Wall Street Journal, that number is ballooning even higher because of tight supplies and higher prices in Europe. In other words, we need more of it here, but we are sending it over to Europe—as opposed to the administration putting a closure or requiring that crude oil be taken out of SPR and be refined for heating oil and held in this country in reserve.

That isn't in the requirement for the 30 million barrels that went out of SPR. The companies that bid on it can do whatever they wish with it. So we haven't accomplished anything. Where is it going? It is going to Europe.

I agree with the Senator from California that the Federal Government should not be in the oil business. They are doing a lousy job of it, and their SPR withdrawal is strictly a political cover to try to imply that the administration is doing something about the crisis so we don't get too excited about the election that is coming up. It is a charade.

The Senator from California claims the royalty-in-kind provisions are a charade allowing oil companies to pay fair market value—and this Senator is trying to undercut efforts to resolve valuation issues.

While I would like to take credit for all the provisions in our bill, in fairness, they were worked out with the ranking member of the committee, Senator BINGAMAN, and the administration. In fact, the royalty-in-kind program was initiated in 1994 by none other than Vice President GORE as part of the reinvention of government to

test new, more efficient ways of collecting its royalty share.

If the Senator from California is saying that AL GORE's efforts to reinvent government have been a failure and have cost the American taxpayer millions of dollars, I would certainly respect her opinion.

Furthermore, a provision requires that the Government receive benefits ''equal to or greater'' than it would have received under a royalty evaluation program.

Finally, the Senator accused me—the Senator from Alaska—of trying to move this program ''in the dark of night.''

Well, I am disappointed by that statement. Prior to even taking this substitute up on the floor, my staff approached the staff of the Senator from California to work to resolve concerns in a good-faith effort.

The staff of Senator BINGAMAN, the ranking member of the Energy Committee, which I chair, spent countless hours answering the Senator's questions and addressing her concerns. Unfortunately, those efforts evidently have been unsuccessful.

So any argument that the RIK language in this bill has not gone through an appropriate process pales in comparison to that alleged lack of process involved in a ''rider'' on the same subject the Senator from California supports in the Interior appropriations bill.

You cannot have it both ways.

The arguments are simply empty rhetoric premised on the assumption that oil companies are inherently bad and any program dealing with them must be flawed. The implication is that the oil companies are profiteering.

There is no mention that we were selling oil in this country at $10 a barrel a year ago. Now it is $33 a barrel.

Who sets the price of oil? Is it ''Big Oil'' in the United States? No. It is OPEC. OPEC provides 58 percent of the supply. It is Venezuela and Mexico. You pay the price, or you leave it.

I am prepared to bring up this bill under a reasonable time agreement, debate the issue at length, and have the Senator from California offer an amendment to strike the provision if she finds it objectionable. That is her right. I support that right.

But it is time we move the Senate version of this very important bill to reauthorize the Strategic Petroleum Reserve, and establish a home heating oil reserve, and get the administration focused on the reality that the oil they propose to take out of SPR is being refined and sent over to Europe to meet their heating oil demands. That is the reality.

If we don't move this legislation, the Senator from California will have to bear the responsibility. It is unconscionable to me at a time when we face an energy crisis—not only oil and natural gas but other areas and in our electric industry—that we find some other important bills being held up. We have passed out of the Committee an electric power reliability bill. The purpose was the recognition that we have a shortage of generating capability in this country.

We have not expanded our generating capacity to meet the demand. As a consequence of that, we have not progressed with a distribution system to meet the demand that is growing. So out of the Committee, along with Senator GORTON, we specifically worked to get an electric power reliability bill. It is sitting here waiting for passage. What it does—and the administration wants it—it sets up a way to share the shortage.

That sounds ironic, but we have a shortage of generating capacity. We have seen spiking costs very high, hundreds and thousands of dollars, for short periods of time. The reliability bill administers in a fair manner, to ensure that if there is any surplus in one area, it is moved to other areas without the exposure of spiking. We cannot seem to move that on the floor of the other body. We are going into a timeframe where, if we get a cold winter and higher electric demands, we will need that legislation.

Another bill, of course, that we considered is our electricity deregulation bill, a comprehensive bill. The problem was there was a mandate to have 7½ percent of our energy derived from renewables. That is easy to say. The administration mandated that bill. But there is no way to enforce it because we simply don't have the technical capability to achieve 7½ percent of our energy from non-hydro renewables. It is less than 2 percent now.

They say we haven't spent enough money or been dedicated or made a commitment. I remind my colleagues, we have extended in 5 years $1.5 billion in direct spending to subsidize development of renewables. We have given tax incentives for renewables of $4.9 billion. I support renewables, but we just can't pick them up. The wind doesn't always blow outside. In my State of Alaska, it is not always sunny. Solar panels do not always work.

As a consequence, I remind my colleagues, when you fly out of Washington from time to time, you don't leave here on hot air, you need energy. We have a crisis. We have not passed the electric power reliability legislation, we have not passed comprehensive electricity deregulation, and we are in a situation where we have taken oil from SPR and now we are seeing that oil move to Europe.

I want to use the remaining time to do a contrast because I want to emphasize the significance of the energy policies as proposed by our two Presidential candidates. Make no mistake, on energy policy the differences between Vice President GORE and Governor Bush could not be more clear.

Let's look at costs. We have added up the Bush proposal, $7.1 billion over 10 years. The Gore proposal, which the newspapers have added up—which are usually somewhat favorable to the Vice President—costs 10 times more than that, somewhere between $80 and $125 billion. They are still trying to pin down the figures. The Vice President wants to raise prices and limit supply of fossil energy, which makes up over 80 percent of our energy needs. By discouraging domestic production, the administration has forced us to be more dependent on foreign oil, placing our national security at risk and, of course, raising prices.

The Vice President's only answer in the first debate was to give you solar, wind, biomass technologies, that are not yet available. Again, I remind my colleagues, we have spent $1.5 billion in direct spending and $4.9 billion in tax incentives over 5 years trying to develop more renewables.

In contrast, Governor Bush would expand domestic production of oil and natural gas, reduce imports below 50 percent, and ensure affordable and secure supplies by developing resources at home. He would invest ample resources into emerging clean fossil technologies, renewable energy, and energy conservation programs, but, most of all, he won't bet on our energy future. Governor Bush will use the energy of today to yield cleaner, more affordable energy sources for tomorrow.

Now, let's look at the record. The Vice President has said he has an energy plan that focuses not only on increasing the supply but also working on the consumption side. The facts show the Vice President doesn't practice what he preaches. The administration has actually decreased energy supply during the past 7½ years. They have opposed domestic oil production and exploration. We have 17 percent less production since Clinton-Gore took office. We have closed 136,000 oil wells and 57,000 gas wells since 1992. They oppose the use of plentiful American coal and clean coal technology. The EPA makes it uneconomical to have a coal-generating plant. The demand is there for energy, but clearly coal is simply almost off limits because of the process.

We force the nuclear industry to choke on its waste. We are one vote short in this body of passing a veto override, yet the U.S. court of appeals, in a liability case, ruled the Government had the responsibility to take the waste. The cost to the taxpayers here is somewhere between $40 and $80 billion in liability due the industry as a consequence of the Federal Government's failure to honor the sanctity of the contract.

They have threatened to tear down hydroelectric dams. Where are they

going to place the traffic that moves on barges? Put it on the highways? That will take away 10 percent of our Nation's electricity.

They ignored electric power reliability and supply concerns. Go out to San Diego and see the price spikes there—no new generation, no new transmission in southern California.

They have claimed to support increased use of natural gas, yet they have kept Federal lands off limits to natural gas production; approximately 64 percent of the overthrust belt in the Midwest—Wyoming, Colorado, Montana—is off limits to exploration. We all remember in this body the Vice President coming and sitting as President of the Senate, utilizing his tie-breaking vote in 1993 to raise the gas tax.

We recall initially he wanted a Btu tax to reduce consumption of energy when the administration first came in. There has been a series of taxes. We heard a lot about it in the debate the other day. The Vice President said the tax plan favors the richest 1 percent. Yet 2 percent of the people pay 80 percent of the taxes. He didn't mention that.

Talking about crude oil and the Vice President, instead of doing something to increase the domestic supply of oil, the Vice President seems to want to blame big oil for profiteering as a cause for high prices. This simply is an effort to distract attention from the real problems, to cover for this Administration's lack of a real energy strategy.

One year ago, oil was being given away at $10 a barrel. Who was profiteering, Mr. Vice President? Were American oil companies simply being generous? The small U.S. companies—''Small Oil''—were suffering, with 136,000 stripper and marginal oil wells closed. Our domestic energy industry was in real trouble. Stripper wells cannot make it at $10 a barrel.

The six largest oil companies—AL GORE's ''big oil''—only comprise 15 percent of the world oil market. In contrast, OPEC—Saudi Arabia, Iran, Venezuela, Mexico, Iraq—produce 30 million barrels a day and control 41 percent of the world's oil market. OPEC controls the supply. Therefore, they set the price, not the United States.

If we don't like their price, I guess we don't have to buy their oil. But obviously we are addicted to it. By discouraging domestic exploration and increasing our reliance on foreign oil, the Vice President would take away that option, essentially, forcing us to pay OPEC's price for oil, holding us hostage to foreign governments, as the case is now.

What about Governor Bush? He would encourage new domestic oil and gas explorations. As he said Tuesday: The only way to become less dependent on foreign sources of crude oil is to explore at home. Charity begins at home.

Just opening up the ANWR Coastal Plain in my State of Alaska to exploration would increase domestic production by a million barrels a day. I bet it would drop the price of oil $10 to $15 a barrel. The same amount, a million barrels a day, is slightly more than what we import from Iraq. Here is a person we don't trust, whom we fought a war against, yet we are dependent on, and that is Saddam Hussein. Shouldn't we produce this oil at home rather than risk our national security by relying on Iraq for energy needs?

Yesterday I gave a few facts, not fiction, about oil exploration and gas exploration in my State. My colleague from Nevada, who is not on the floor today, continued to refer to outdated estimates and recoverable oil from ANWR using oil prices. He said at a price of $18 a barrel, ANWR was likely to yield a low-end estimate of 2.4 billion barrels, but that still is 1 million barrels a day for 6 years, Mr. President.

And the prices will be much higher than that—they will be $25 a barrel, or more. According to the U.S. Geological Survey, the ANWR Coastal Plain is likely to yield 10 billion barrels of recoverable oil, nearly as much as Prudhoe Bay. But it is interesting to reflect on Prudhoe Bay because that one area has supplied one-fifth of our oil needs for the last 20 years. ANWR could do the same for the next 20 years. Remember the realities associated with estimates. They estimated Prudhoe Bay would produce 10 billion barrels, and it has produced over 12 billion and is still producing over a million a day.

I want to talk about natural gas because Governor Bush's energy plan is more than just increasing the domestic supply of oil. He would also expand access to natural gas on Federal lands and build more gas pipelines.

The Vice President makes no mention of natural gas, leaving the most critical part of America's energy mix policy simply unsaid. Yet natural gas is vital for home heating and electric power. 50 percent of U.S. homes, 56 million, use natural gas for heating. Natural gas provides 15 percent of our Nation's electric power, and that generating capability has no place to go for more capacity other than natural gas because you can't get permitted. Mr. President, 95 percent of our new electric power plants will be powered by natural gas as the fuel of choice, but this administration refuses to allow the exploration and production of gas, or the construction of pipelines, to increase the supply of gas to customers.

Demand has gone up faster than supply. This yields higher prices. And our demand for gas will only increase. The EIA expects natural gas consumption to increase from 22 trillion cubic feet now to 30 to 35 trillion cubic feet by 2010.

The administration touts natural gas as its bridge to the energy future—our cleanest fossil fuel—fewer emissions, efficient end use for industrial and residential applications, huge domestic supply, no need to rely on imports. Yet they place Federal lands off limits to new natural gas production. Where are we going to get it? Mr. President, 64 percent of the Rocky Mountain overthrust belt is off limits. The roadless policy of the Foreign Service locks up 40 million acres of public land, and there is a moratorium on OCS drilling until 2012. Where is it going to come from, thin air?

AL GORE would even cancel existing leases. He made a statement in Rye, NH, on October 21, 1999:

> I'll make sure there is no new oil leasing off the coasts of California and Florida. And then I would go much further: I will do everything in my power to make sure that there is no new drilling off these sensitive areas—even in areas already leased by previous administrations.

The American people ought to wake up. Where is our energy going to come from? Now there is no strategic natural gas reserve, is there, like we have for an oil, for the Vice President to fall back on in the case of natural gas prices. This administration simply ignored energy, and now we are in trouble and they are covering their behind.

Natural gas is now over $5.30 per thousand cubic feet. Less than 10 months ago it was $2.16.

The differences are clear. The Vice President would limit new natural gas production and force higher prices for consumers. Governor Bush would encourage domestic production of natural gas and the construction of pipelines to get it there.

We talked, finally, about renewables. The Vice President said Tuesday that:

> We have to bet on the future and move beyond the current technologies to have a whole new generation of more efficient, cleaner energy technologies.

That sounds fine, but how are we going to get there? I think we all agree in this case our energy strategy should include improved energy efficiency, as well as expanded use of alternative fuels and renewable energy and a mix of fuel oil, natural gas, nuclear, and hydro.

But the critical question is how do you get there from here? The Vice President would make a bet. He would bet that by diminishing supply of conventional fuels such as oil and natural gas, you will be more willing to pay higher prices and make renewables competitive. He will support higher energy taxes, just as he did in 1993 when he cast the tie-breaking vote to raise gas taxes. And he will favor more regulations, more central controls on energy use standards for each part of our everyday life.

The Vice President will tell you what kind of energy you could use, how much of it you could use, and how much you would have to pay for it.

In contrast, Governor Bush would harness America's innovative technological capability and give us the technologies of tomorrow by using the American ''can do'' spirit. Governor Bush would set aside the up-front funds from leasing Federal lands from ANWR, for oil and gas—the ''bid bonuses''—to be earmarked for basic research into renewable energy. He has a plan. It is a workable plan. It is not smoke and mirrors. The production royalty from oil and gas leases would be invested in energy conservation and low-income family programs such as LIHEAP or weatherization assistance. Using tax incentives, Governor Bush would expand use of renewable energy in the marketplace—building on successful experience in the State of Texas. As a result of Governor Bush's efforts on electricity restructuring, Texas will be one of the largest markets for renewable energy, about 2000 new megawatts.

Finally, Governor Bush would also maintain existing hydroelectric dams and streamline the Federal relicensing process. AL GORE would breach the dams in the Pacific Northwest.

The Vice President will try to lay the blame on Congress. He said we have only approved about 10 percent of their budget requests for renewable energy. Here again the Vice President is twisting the facts. According to the Congressional Research Service, we have provided $2.88 billion in funding for renewable energy since 1992; 86 percent of their request.

The conclusion, the bottom line, is the contrast between the candidates and their energy policies could not be more clear. The Vice President wants to raise prices and limit the supply of fossil energy which makes up over 80 percent of our energy needs, replacing it with solar, wind, and biomass technologies which are just not widely available or affordable today.

Governor Bush would expand the domestic production of oil and natural gas, ensuring affordable and secure supplies. He won't bet on our energy future. Governor Bush will use the energy of today to yield cleaner more affordable energy sources for tomorrow.

The choice for the American consumers on November 7 is clear. Support a candidate with a positive plan to reduce dependence on Saddam Hussein, the Middle East, and other areas; produce here at home and use all our energy resources, our coal, our oil, our hydro, our nuclear, and natural gas because we are going to need them all to keep the U.S. economy going.

Remember, you can't fly out of here on hot air.

I yield the floor.

The PRESIDING OFFICER (Mr. VOINOVICH). The time until 2 o'clock is under the control of the Senator from Illinois.

Mrs. HUTCHISON. Mr. President, I ask unanimous consent I be allowed to speak for up to 5 minutes, with the consent from the Senator from Illinois.

The PRESIDING OFFICER. Without objection, it is so ordered.

YUGOSLAVIA

Mrs. HUTCHISON. Mr. President, it is my intention to speak for a couple of minutes, and then I will suggest the absence of a quorum and ask if the distinguished Chair would also like to say a few words. And if he indicates such, I will step aside.

I want to speak about something that is happening that is very important to our country and to the rest of the world. As we speak, hundreds of thousands of Yugoslavian people are demonstrating in the streets, saying they want the election result to be declared. It was an election. There is a question about how free it was.

Certainly President Milosevic is trying to have a runoff, to have time to get his troops back together. But it is clear the people of Yugoslavia are standing up for their rights. During all the time the United States has been dealing with the issue of President Milosevic and his wife continuing to keep down the people of Yugoslavia and the satellite countries—Montenegro, Macedonia, Kosovo—to keep them from having the opportunity to express their free will, we in America have said to the people of Yugoslavia: Please, make your voices heard.

We will be supportive of what the people of that country want to happen. Clearly, there has been somewhat of a revolution in this last election period.

I hope and pray for the people of Yugoslavia that they will get their voice, that they will have their voices heard, that they will have representation in Parliament, and that the truly elected President of Yugoslavia will be able to take office.

It is impossible for us to know if the election was fair. It is impossible for us to know if there should be a runoff. Certainly the people have taken matters into their own hands, and they have shown a spirit that cannot be denied.

The hearts and prayers of the people of America are with the people of Yugoslavia today, hoping they will be able to have a free and fair Presidential election; that they will be able to have a Parliament that is truly representative of the people of Yugoslavia. That extends to the people of Montenegro, the people of Macedonia, the people of Kosovo, that they, too, will have their free will to be in control of their countries.

We are watching in our country and we wish them the best. We hope the people of Yugoslavia can take control of their own destiny. That is what we would wish for every person in the world, for every country in the world, and no less certainly for Yugoslavia.

I yield the floor and suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. FITZGERALD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. FITZGERALD. Mr. President, I express my appreciation to all the Members of this distinguished body and, in particular, our Senate leaders on both sides of the aisle for the opportunity they have given me over the last couple days to speak to a matter of great importance, in my mind, a matter which, though it concerns only a relatively small portion of the Interior conference committee report that is before the Senate, I think nonetheless is a matter that goes to the heart of the Government's appropriations process.

I want to review and describe the filibuster I have conducted since about 2 days ago. It has had four major parts.

First, I explained the project about which I was concerned: The Abraham Lincoln Presidential Library to be built in Springfield, IL. This is a project I support, and I am working to help make sure the project is adequately funded over the next couple years in the Senate.

Second, I explained our insistence on Federal competitive bidding and described the bill the Senate supported which detailed the competitive bid provision. This body, on its own, when focused on the narrow issue of whether the Federal funding the Congress is approving for the Abraham Lincoln Library would require that the project be competitively bid in accordance with Federal bidding guidelines, all Members from all 50 States, agreed that the Federal competitive bid guidelines should be attached.

However, the Interior conference committee report that is before us has stripped out that competitive bidding requirement, and since the project now is in the heart of this Appropriations Committee report, which has many other projects and appropriations for programs and Departments of the Federal Government all over the country, it is now in a bill that will no doubt pass the Senate.

Third, I compared the State versus the Federal procurement process and procedure.

Finally, I gave the context in which these concerns arise. I read a series of articles from publications from throughout the State of Illinois that discussed, first, the various contexts in which the issues of competitive bidding have come up in the State of Illinois and, second, the potential for insider abuse when there are not tight requirements that competitive bidding be applied to a government construction project or a government lease or to

practically any kind of project in which the Federal or State government is involved.

It has been my effort to make the best possible case that Federal competitive bidding rules should be attached to the Lincoln Library.

I began by reviewing the time line of this project. This project was first discussed 2 years ago, or more, under the administration of then Gov. Jim Edgar of the State of Illinois. In the first few months of February 1998, Governor Edgar at that time was proposing a $40 million library. Later, we saw how, by March of 1999 in a new administration, the project had grown to a $60 million project. Then we saw how, by April of 1999, they were discussing $148 million project to construct the Abraham Lincoln Presidential Library in Springfield, IL.

Since then, I think the numbers have fallen back down, and we are really talking about a $115 million to $120 million project: $50 million will come from the Federal Government, $50 million will come from the State, and the rest will come from private sources.

I also talked about the specific language in the Interior conference committee report that is before us.

I noted that that authorization for $50 million in funding, coupled with an appropriation for $10 million that would be distributed in this fiscal year, does not specify who is to get the $50 million authorization. The authorization language does not require that the money be delivered to the State of Illinois. It says the money will be delivered to an entity that will be selected later by the Department of the Interior in consultation with the Governor of the State of Illinois.

I have been concerned by the wide open nature of that language. When you think about wording a bill that money will be funneled to an entity that is going to be selected later, we do not know what that entity is. That raises cause for concern. What happens if that money falls outside of the hands of State or Federal officials altogether and is in private hands? Will there be any controls on it at all?

I also mentioned that I was concerned, if this money did go to the State of Illinois—it may well go to the State of Illinois—the State would probably hand it over to its Capital Development Board.

I noted that the Illinois Capital Development Board, which builds many of the State's buildings, such as prisons, built the State of Illinois Building in the city of Chicago, IL. They have an unusual provision in the general State procurement code, a highly irregular and unusual provision, that allows the Capital Development Board to establish ''by rule construction purchases that may be made without competitive sealed bidding and the most competitive alternate method of source selection that shall be used.''

I pointed out that with this lack of a hard and fast requirement, if the money were to flow to the State of Illinois, and the Capital Development Board were to construct this library, the Capital Development Board, by their own statute, would have the authority to opt out of competitively bidding this project.

I do not think a project of any magnitude, paid for by the taxpayers, should be done without competitive bidding. Obviously, there is too much potential for abuse. We want to make sure we get the best value for the taxpayers. It would be irresponsible for the Congress to not require competitive bidding, in my judgment, and not just on a small project but most particularly for a very large project such as this, a $120 million project.

I also want to note—to give some scale to the size of a $120 million building—we have some Illinois structures and cost comparisons. The source for this is the State Journal-Register, the newspaper in Springfield, IL, from a May 1, 2000, article.

They said that the estimated cost, adjusted for inflation, of building the Illinois State Capitol in today's dollars would be $70 million. So $120 million is much more expensive. The Lincoln Library would be much more expensive than the State capital.

There is another building in Springfield that is worth $70 million. That is the Illinois State Revenue Department building, the Willard Ice Building, built in 1981 to 1984. It would probably cost about $70 million to build. That is a huge building.

The Prairie Capital Convention Center: It is estimated to have cost $60 million in today's dollars.

The Abraham Lincoln Library will be much more expensive than all of these very major buildings in Springfield, IL. On a project of this magnitude, obviously we need to have the construction contracts competitively bid.

In discussing the State procurement code, I noted that the State Capital Development Board had the ability to opt out of competitively bidding projects. It was for that reason, when I saw the language of this measure that originally came over to us from the House, I decided we ought to look at attaching tougher guidelines.

We compared the State procurement code to the Federal procurement code, and I determined that in order that we not have to worry about the State opting out of competitive bidding, and in order that we not have to worry about some other flaws in the State procurement code, we would instead attach the Federal guidelines.

When I was in Springfield as a State senator for 6 years, back in 1997 I voted for the current State procurement code. It is indeed some improvement over the old State procurement laws. Nonetheless, it does have some problems and it could be better. I regret that I missed the loophole that allows the Capital Development Board to opt out of competitively bidding a project.

I also discussed, at length, yesterday how the Capital Development Board was sending around a letter saying they would competitively bid this project, no matter what. They also suggested that their rules require them to competitively bid this project.

That contention is conclusively demolished by the language of the State statute, which shows that they do not have to competitively bid. They are sending out a letter saying they would competitively bid. Obviously, that does not create a legal requirement. They sent the letter to me. Maybe it creates a contractual obligation to me, but it does not make them legally accountable in the bidding process. How can you hold someone accountable if the code is optional? That is the problem with the State procurement code.

Furthermore, I noted, when I had a discussion with Senator DURBIN—he, of course, along with all other Senators in this body, supported the passage of the Senate provision which required competitive bidding in accordance with the Federal guidelines. However, he did raise the question, How would the State be able to adapt itself so it would apply the Federal competitive bidding guidelines?

I pointed out that the State code contemplates, in fact, that from time to time Federal guidelines will be attached on grants from the Federal Government and that the State has statutory authority to adopt all its forms and procedures in order to make sure they can comply with guidelines imposed by the Federal Government, much in the same way the State would have to comply with any guidelines the Federal Government gave along with funding for education, for health care for the indigent, for Medicaid dollars, or the like. Absolutely, there is nothing wrong with that, nor is there anything unusual about that. That is why the State contemplates it in its procurement code.

I also reviewed, at length, the context in which this debate has occurred. I read a series of articles from publications throughout the State of Illinois into the RECORD. Those articles discuss the various contexts in which competitive bidding had come up before in the awarding of construction contracts, of leases for State buildings, of licenses for riverboats.

I also discussed loans the State had given out back in the early 1980s to build luxury hotels, loans that never were repaid, and it seemed the borrowers had never really been held fully accountable.

I told you that from my experience of several years in the Illinois State legislature, I could not casually dismiss this history. It is seared in my memory

from many bruising battles I had when I was a State senator in the Illinois State Senate from 1993 to the end of 1998.

Finally, we asked the question whether the Lincoln Library is another one of those insider deals, such as the ones we discussed when we read into the RECORD stories of leases of State buildings to the State in which it seemed the people who owned the property made out real well but the State seemed to be paying very exorbitant rental rates, and also mishaps that we had with construction projects in the past.

We described how, with the very lucrative Illinois riverboat licenses, some of which could be worth in the hundreds of millions of dollars each, the minute you got one of those riverboat licenses, you would have the ability to earn in some cases $100 million a year, and that these licenses could be considered extremely valuable. They would probably sell on the open market for many times the amount of annual earnings that would accrue to one of those licenses.

We described how those very valuable licenses were given out in the State of Illinois on a no-bid basis for a total consideration of $85,000 apiece. I described how I thought that was wrong, that those licenses, instead of being handed out as political bonbons to connected political insiders who happen to be longtime, big-dollar contributors to both sides of the aisle, that we should not have just given them away like that. They should have been competitively bid, and the people who wanted those lucrative licenses should not have been going through the legislature or through a gaming board made up of officials handpicked by the Governor to see who would become the next multimillionaire in the State of Illinois.

Had we had competitive bidding for those riverboat licenses, then we might not have had all the articles written about how it was that only a handful of politically connected people just happened to wind up being the ones who got these phenomenally lucrative gambling licenses.

They were lucrative licenses not only because they were gambling licenses but because they were monopoly licenses. There could be only 10 riverboats in the State of Illinois. If there could only be 10 restaurants or 10 hotels in the State of Illinois, then the license to operate one of those restaurants or hotels would be very valuable as well.

We reviewed at length all the problems that happened and all the questions that get raised when a governmental body gives out privileges or contracts or leases without tight procedures to make sure that political favoritism does not enter into the equation and without tight guidelines to make sure there is a fair and equitable competitive bidding process.

After this whole discussion, in which some names of prominent political people seemed to be coming up again and again and again in many of the articles, we finally arrived at the question, is this Abraham Lincoln Library to be built in Springfield—the construction has not started yet; it is scheduled to start on Lincoln's birthday next year, 2001; they have awarded some architecture and engineering contracts and some design contracts—just another insider deal? We concluded that it may or may not be. We won't know until it is done, until we see how it is done. But we concluded that, clearly, given the whole history of problems we have seen again and again and again in recent State history with the awarding of construction contracts, leases, privileges, licenses, that we ought to do our very best to prevent this project from becoming just one more insider deal. And we noted what a horrible, ugly irony it would be if a monument to ''Honest Abe'' Lincoln, arguably our country's greatest President, wound up having any taint at all.

That is what we are seeking to avoid. We should do our very best to prevent it from becoming an insider deal.

Moreover, we have many red flags that have to be taken into account. We have the price increases from $40 to $60 to now $120 million. We have the location of the library. The library site has recently been selected. This is a map of Springfield. This is the State Capitol complex. This is where Abraham Lincoln's home is. It is now run by the National Park Service. There is, in fact, an entire neighborhood that has been renovated and kept up to look as we think it looked in the day and age that Abraham Lincoln and his family lived there.

This is where the Capital Convention Center is. This is where the Abraham Lincoln Library is now planned. That was the site selected. Maybe that is the best site. I don't know. One may never know. It is close to the old State Capitol, which Abraham Lincoln actually served in and spoke in when he was a State legislator. It is near the Abraham Lincoln law office. Is it the best site? I don't know. Did political favoritism come into consideration in selecting that site? I don't know. We don't know.

One thing is interesting, though. This hotel, the Renaissance Springfield Hotel, is very close to the proposed library. That is the hotel that, as we discussed yesterday, was built with taxpayer money in the form of a State loan given out back in the early 1980s. The loan was never paid back, though some payments were made on the loan. The people who got the loan still own the hotel and still manage it. Presumably if the Lincoln Library results in increased tourism revenue and more people coming to visit the city of Springfield, there will be a lot of tourist dollars. Some projections estimate as much as $140 million in tourist revenue will be added by the construction of the library in Springfield. Certainly some of that would probably accrue to the benefit of those who have the Renaissance Springfield Hotel.

The price increases, the location of the library, we note these things. We note the involvement of individuals whose names have come up in the past and were described again and again in many of the articles read into the RECORD. And we note the general problem that the State has had with projects such as this in the past.

Given all these red flags, isn't it appropriate that we be extra careful and that we do everything we can to ensure that the project be appropriately competitively bid? It is for that reason that I attached the Federal competitive bid guidelines when the authorization bill came into the Senate. These guidelines were adopted unanimously in the Senate Energy Committee and, ultimately, the whole Senate unanimously adopted these guidelines and sent the bill back to the House.

We are here today because we have to vote on the Interior conference committee report which has appropriations for the project tucked in, but with the Senate requirements for competitive bidding in accordance with Federal guidelines stripped out. It is the fact that those competitive bid guidelines are not contained within the authorization and appropriations for the library in this Interior conference committee report that I am here on the floor of the Senate.

Mr. President, this debate, as I have said, goes to the very heart of the appropriations process itself. We need to take great care with the taxpayers' money. The money represents precious hours of hard work, sweat, and time away from their families. The American people are fundamentally generous and they will permit reasonable expenditures for the good of their country and their communities. The people of Springfield, IL, are as generous as any, and they are as fine a people as any.

I have heard more from the people of Springfield, IL, than from anywhere else in my State about the importance to them of having an honest and ethical bidding process on this library that they hope will be a credit to their community for ages to come. But while the people are generous and they are willing to permit us to make reasonable expenditures in support of our States and communities, the taxpayers do expect that they not be abused. We need to do our best to make sure there are sufficient safeguards so that the people can know their hard work is not being trampled on, that politically connected individuals are not deriving

private profit at the expense of the taxpayers, all under the guise of a public works project.

I know that in this Chamber our remarks go out to the entire country. I am well aware of it in this debate because our office is receiving correspondence from people all over the United States who find interesting what has happened in Illinois. But I want to address these remarks now exclusively to the people of my State—the land of Lincoln—Illinois.

In a very short time now, the Senate will soon take a vote on the Interior appropriations conference report. This is the vehicle that contains the Lincoln Library provisions we have been talking about in this filibuster.

When the Senate votes, we will lose because the Interior bill itself is a bill with considerable support for projects around the country—it is an $18 billion bill that literally has implications for every State in the Nation—my colleagues will vote for it. Even those who, along with me, believe the Lincoln Library should have Federal competitive bidding rules attached to the money that will be appropriated today will do so.

As I have noted, all Members of this body, earlier this week, voted in favor of Federal competitive bidding guidelines for this project when we had a vote just on that narrow issue. We cannot have a vote to take out the language that is in the conference committee report that does not require the competitive bidding. These are the rules of the Senate. However, when the vote is called and we lose, I do not want the people of Illinois to be discouraged by the difficulties we have encountered. If nothing else, from the materials we have introduced into the RECORD, it is clear that the political culture of Illinois is entrenched and formidable—so entrenched and formidable that a simple provision such as competitive bidding could become controversial.

Our effort in these last couple of days is just a baby step. Real change can only come as the people of Illinois see more, know more, and gradually come to realize that they do indeed have the power to make it different. Real change comes from the bottom, from the people up. All those of us in this body can do is observe, think, exercise our very best judgment, and then make the case.

Today and yesterday, we have made the case. In a little while, the opponents of our simple competitive bid requirement will prevail. But the next time you hear of leases, or loans, or capital projects, or riverboat licenses going to political insiders, you will remember this debate; and together we will rejoin the fight and redouble our efforts for the next time.

Mr. President, I yield the floor.

Mr. GRASSLEY. Mr. President, I ask unanimous consent to speak as in morning business for 10 minutes.

The PRESIDING OFFICER. Is there objection? I object.

Mr. GRASSLEY. May I speak just on the bill?

The PRESIDING OFFICER. Can we suggest the absence of a quorum?

Mr. GRASSLEY. I don't want to go through that if I don't have to.

Mr. FITZGERALD. Mr. President, I yield the remainder of my time to the occupant of the chair, Senator VOINOVICH from Ohio.

(Mr. FITZGERALD assumed the chair.)

ELECTIONS IN THE BALKANS

Mr. VOINOVICH. Mr. President, as my colleagues are well aware, I have a keen interest in what happens in the Balkans because I believe what happens in Southeastern Europe impacts on our national security, our economic well-being in Europe, the stability of Europe and yes, world peace.

For the better part of the 20th Century, Western Europe and the U.S. have had an enormous stake in what has occurred in Southeastern Europe.

However, we have not done enough to pay attention to what is happening there, dating back to the time when former Secretary of State, Jim Baker, said of Yugoslavia that ''we don't have a dog in this fight.''

Unfortunately, that line of thinking has prevailed, and we've allowed Slobodan Milosevic to wreak havoc. Over the last decade, he has spread death and destruction to the people of Serbia, Kosovo and Croatia and we all know that U.S. troops now are in Kosovo and Bosnia because of him.

Even a U.S. and NATO led air war last year was not sufficient to bring an end to the Milosevic regime.

Since the end of the war, I have been working hard on three essential items that I believe will bring peace and stability to the region. First, I have been working with leaders here and abroad to help stop the ethnic cleansing in Kosovo; second, to try and make sure that we keep our promises to the Stability Pact of Southeast Europe. To that end, I recently met with Bodo Homback, the head of the Stability Pact to underscore the importance of the Stability Pact; and third, I have been working tirelessly to support democracy in Serbia, a cause I took on when I was governor of the State of Ohio.

When I was in Bucharest at the Organization for the Security and Cooperation of Europe, OSCE, in July of this year, I introduced a resolution on Southeastern Europe that called to the attention of the OSCE's Parliamentary Assembly the situation in Kosovo and Serbia, and made clear the importance of democracy in Serbia.

I pointed out to my OSCE colleagues in that resolution that Milosevic was a threat to the stability, peace and prosperity of the region. I argued that in order for the nations of that region to become fully integrated into Europe—for the first time in modern history—Milosevic's removal from office was absolutely essential.

My resolution put the OSCE, as a body, on record as condemning the Milosevic regime and insisting on the restoration of human rights, the rule of law, free press and respect for ethnic minorities in Serbia. I was pleased that my resolution passed, despite strong opposition by the delegation from the Russian Federation.

Many people had become resigned to the fact that if the NATO bombing and the hardships that followed the end of the air war did not produce widespread anti-Milosevic sentiment, the prospect for Milosevic's removal from office by the Serbian people would not happen any time soon. Even Milosevic himself felt confident enough in his rulership of Yugoslavia to call for general elections nine months earlier than they were supposed to occur.

On Sunday, September 24th, historic elections took place in Yugoslavia in spite of the worst type of conditions that could possibly hamper free and fair elections, including military and police presence at polling places; ballots counted by Milosevic appointees; reports of ''ballot stuffing;'' intimidation of voters during the election process; and the refusal to allow independent observers to monitor election practices and results.

In spite of all that, the people won. They won because of the old Serbian slogan—Samo, Sloga, Srbina, Spasava—which translates into ''only unity can save the Serbs'', or, ''in unity there is strength for the Serbs.''

And I might say the opposition finally got its act together with prayers to St. Sava, and with enlightenment from the Holy Spirit.

It was the political force of the people that propelled law professor, and political unknown, Vojislav Kostunica, to victory.

This monumental victory over an indicted war criminal proves that the Serb people strongly desire positive change. They want to see their country move beyond the angry rhetoric and nationalistic fires fanned by Milosevic.

And let me make this point clear: Mr. Kostunica's victory and his support are not the result of Western influence.

And although Milosevic had previously acknowledged that Mr. Kostunica had more votes, we learned yesterday afternoon that his pawns on the constitutional court declared that the September 24th elections were unconstitutional.

This latest and most blatant attempt by Milosevic to thwart the will of the people is the final insult to the citizens of Yugoslavia.

The citizens of Yugoslavia—through a constitutional election—have spoken. They have elected a new President.

The Serb people, driven by a desire to live free from the dictatorship of Milosevic, have been pushed to take their election mandate by force. They are, at this very moment, engaged in a struggle to throw off the shackles of oppression.

In light of these developments, I am prayerful that the Serb people will be able to enforce their will, and that they will remember their slogan—Samo, Sloga, Srbina, Spasava—and remain united at this very important time for freedom.

I also pray that the Serb military and police forces will avoid bloodshed, recognizing that their brothers and sisters only seek the freedom that a tyrant has denied them.

Let me be clear, Mr. President: this is not a revolution. The Serb people are enforcing the mandate of their election because this man who has been beaten refuses to relinquish power.

He ought to understand that he's either going to walk out of there or go out on a stretcher or in a body bag.

Mr. President, we in the United States must render our support to the Serb people immediately, and convince our allies and the nations of the world that Vojislav Kostunica is the new and legitimately elected leader of Serbia, and we need to convince Russia that they should immediately tell Milosevic that the game is over; it's time to go.

Mr. President, we also need to assure the Serbian people—who have been long-standing friends of this nation and also our allies in World War II—that we are still their friends and that it is Milosevic who has been the problem, not the Serbian people.

The Serb people need to know that with their new leader, Vojislav Kostunica, we will remove our sanctions against Serbia and help them reinvigorate their economy and re-establish their self-respect and the United States will welcome them into the light of freedom and a bright new chapter in Serbian history.

Thank you Mr. President. I yield the floor.

Mr. MCCAIN. Mr. President, once again, we are witness to the belated if inevitable fall of a tyrannical regime that failed to convince the population under its control that its worst enemy lay outside that nation's borders. As I speak, the Serbian people are storming Yugoslavia's Parliament building and seizing television stations. In the town of Kolubara, coal miners and tens of thousands of supporters have openly and peacefully defied the Milosevic regime's efforts at stemming the tide of history. A regime that stands accused of crimes against humanity is on its deathbed, and the United States must not hesitate to declare its unequivocal support for those brave enough to defy that regime.

The people of Yugoslavia have spoken very clearly. They turned out to elect a new President, and Slobodan Milosevic's efforts to manipulate the democratic process has not succeeded. The formidable internal security apparatus that Milosevic and his supporters in the Socialist Party, as well as the Yugoslav United Left, the Communist organization led by his wife Mirjana Markovic, have established cannot save him.

The new defense doctrine President Milosevic approved just 2 months ago listed as its highest priority preservation of the regime that today finds itself under the gravest threat to its survival. While the United States must exercise care in how its role in developments in Serbia are perceived, it must not fail to lend its moral support to those fighting for democracy.

Since 1992, the Balkans have been the scene of the bloodiest fighting in Europe since World War II. The wars that have ravaged Bosnia-Herzegovina and Kosovo produced a list of war criminals that will take years to try, in the event they are brought to justice. A tremendous amount of the blame for that situation resides in one man—Slobodan Milosevic. He was instrumental in creating the environment in which those atrocities occurred and presided over military campaigns that gave the world a new and onerous phrase: ethnic cleansing.

There are those who believe the United States did not have a role to play in supporting democratization in Serbia. Those of us who supported S.720, the Serbia Democratization Act, however, have remained firm in our conviction that U.S. support for democracy in that troubled nation was something to be proud of and could play a positive role in facilitating positive change in Yugoslavia. That S.720 has remained stuck in the House is unfortunate, but the message that it sent merely by its introduction was powerful. We cannot selectively stand for freedom and should not be ashamed that it provides the moral foundation of our foreign policy. Ongoing events in Serbia illustrate vividly the intense desire for democracy in Serbia and the United States should not hesitate to state its strong support for the election of Vojislav Kostunica and for the forces of change in Yugoslavia.

The Balkan powderkeg is facing its most promising period of change since the end of the Cold War. We should not be idle witnesses to that change. I urge the House to speak forcefully on this issue by passing the Serbia Democratization Act at once. The symbolism of U.S. support for democratic change will not play into the hands of a discredited regime in its death throes. On the contrary, it will tell the people of Yugoslavia that we stand with them on the verge of a new era.

Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. LEAHY. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

CLOTURE MOTION

The PRESIDING OFFICER. Under the previous order, the clerk will report the motion to invoke cloture.

The legislative clerk read as follows:

We, the undersigned Senators, in accordance with the provisions of Rule XXII of the Standing Rules of the Senate, do hereby move to bring to a close debate on the conference report to accompany H.R. 4578, the Department of the Interior appropriations bill.

The PRESIDING OFFICER. By unanimous consent, the mandatory quorum call has been waived.

The question is, Is it the sense of the Senate that debate on the conference report to accompany H.R. 4578, the Interior appropriations bill, shall be brought to a close? The yeas and nays are required under the rule. The clerk will call the roll.

The legislative clerk called the roll.

Mr. NICKLES. I announce that the Senator from Vermont (Mr. JEFFORDS) is necessarily absent.

Mr. REID. I announce that the Senator from California (Mrs. FEINSTEIN) and the Senator from Connecticut (Mr. LIEBERMAN) are necessarily absent.

The PRESIDING OFFICER. Are there any other Senators in the Chamber who desire to vote:

The yeas and nays resulted—yeas 89, nays 8, as follows:

[Rollcall Vote No. 265 Leg.]

Abraham	Edwards	Mikulski
Akaka	Enzi	Miller

NAYS—8

Breaux	Graham	McCain
Feingold	Inhofe	Smith
Fitzgerald	Landrieu	

NOT VOTING—3

Feinstein	Jeffords	Lieberman

The PRESIDING OFFICER. On this vote, the yeas are 89, the nays are 8.

Three-fifths of the Senators duly chosen and sworn having voted in the affirmative, the motion is agreed to.

The Senator from Washington.

Mr. GORTON. Will the Presiding Officer state what the order of business is now?

The PRESIDING OFFICER. There is a time limit on the conference report, 10 minutes equally divided between the two managers, 10 minutes equally divided between the chairman and ranking member of the Appropriations Committee, 30 minutes under the control of Senator LANDRIEU, and 15 minutes under the control of Senator MCCAIN.

Mr. GORTON. I thank the Presiding Officer, and I yield the floor.

The PRESIDING OFFICER. The Senator from Arizona.

Mr. MCCAIN. Mr. President, I rise in opposition to the bill.

I ask unanimous consent that a list of the unauthorized and unrequested earmarks, earmarks added in conference, be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

OBJECTIONABLE PROVISIONS IN H.R. 4578, CONFERENCE REPORT FOR FY 2001, DEPARTMENT OF THE INTERIOR AND RELATED AGENCIES APPROPRIATIONS

Bill Language

Additional $1,762,000 for assessment of the mineral potential of public lands in Alaska pursuant to section 1010 of Public Law 96–487.

Earmark of $2,000,000 provided to local governments in southern California for planning associated with the Natural Communities Conservation Planning (NCCP) program.

Earmark of $1,607,000 for security enhancements in Washington, D.C.

Earmark of $1,595,000 for the acquisition of interests in Ferry Farm, George Washington's Boyhood Home and for management of the home.

An additional $5,000,000 for Save America's Treasures for various locale-specific projects.

Earmark of $650,000 for Lake Champlain National Historic Landmarks.

Earmark of $300,000 for the Kendall County Courthouse.

Earmark of $365,000 for the U.S. Grant Boyhood Home National Historic Landmark which should be derived from the Historic Preservation Fund.

Earmark of $1,000,000 of the total of the grants made available to the State of Maryland under Title IV of the Surface Mining Control and Reclamation Act of 1977 if the amount is set aside in an acid mine drainage abatement and treatment fund established under a State law.

Earmark of $300,000 shall be for a grant to Alaska Pacific University for the development of an ANILCA training curriculum.

Provision stating that none of the funds in this Act may be used to establish a new National Wildlife Refuge in the Kankakee River basin that is inconsistent with the United States Army Corps of Engineers' efforts to control flooding and siltation in that area.

Provision stating that notwithstanding any other provision of law, the Secretary of the Interior shall designate Anchorage, Alaska, as a port of entry for the purpose of section 9(f)(1) of the Endangered Species Act of 1973.

Provision stating that notwithstanding any other provision of law, the Secretary of the Interior shall convey to Harvey R. Redmond of Girdwood, Alaska, at no cost, all right, title, and interest of the United States in and to United States Survey No. 12192, Alaska, consisting of 49.96 acres located in the vicinity of T. 9N., R., 3E., Seward Meridian, Alaska.

Provision which requires a land exchange regarding the Mississippi River Wildlife and Fish refuge.

Provision which authorizes a land exchange in Washington between the Fish and Wildlife Service and Othello Housing Authority.

Provision which authorizes the establishment of the First Ladies National Historic Site in Canton, Ohio.

Provision which authorizes the Palace of Governors in New Mexico.

Provision which authorizes the Southwestern Pennsylvania Heritage Preservation Commission.

Provision which redesignates the Cuyahoga Valley National Recreation Area as a National Park.

Provision which authorizes the Wheeling National Heritage Area in West Virginia.

Earmark of $500,000 to be available for law enforcement purposes on the Pisgah and Nantahala National Forests.

Earmark of $990,000 for the purpose of implementing the Valles Caldera Preservation Act, which shall be available to the Secretary for the management of the Valles Caldera National Preserve, New Mexico.

Earmark of $5,000,000 to be allocated to the Alaska Region, in addition to its normal allocation for the purposes of preparing additional timber for sale, to establish a 3-year timber supply and such funds may be transferred to other appropriations accounts as necessary to maximize accomplishment.

Earmark of $700,000 shall be provided to the State of Alaska for monitoring activities at Forest Service log transfer facilities, in the form of an advance, direct lump sum payment.

Earmark of $5,000,000 is appropriated and shall be deposited into the Southeast Alaska Economic Disaster Fund without further appropriation or fiscal year limitation. The Secretary of Agriculture shall distribute these funds to the City of Craig in fiscal year 2001.

Notwithstanding any other provision of law, 80 percent of the funds appropriated to the Forest Service in the National Forest System' and 'Capital Improvement and Maintenance' accounts and planned to be allocated to activities under the 'Jobs in the Woods' program for projects on National Forest land in the State of Washington may be granted directly to the Washington State Department of Fish and Wildlife for accomplishment of planned projects.

Language stating that funds appropriated to the Forest Service shall be available for payments to counties within the Columbia River Gorge National Scenic Area.

Language stating that the Secretary of Agriculture is authorized to enter into grants, contracts, and cooperative agreements as appropriate with the Pinchot Institute for Conservation, as well as with public and other private agencies, organizations, institutions, and individuals, to provide for the development, administration, maintenance, or restoration of land, facilities, or Forest Service programs, at the Grey Towers National Historic Landmark.

Language stating that funds appropriated to the Forest Service shall be available, as determined by the Secretary, for payments to Del Norte County, California.

Earmark of $5,000,000 to be designated by the Indian Health Service as a contribution to the Yukon-Kuskokwim Health Corporation (YKHC) to start a priority project for the acquisition of land, planning, design and construction of 79 staff quarters at Bethel, Alaska, subject to a negotiated project agreement between the YKHC and the Indian Health Service.

Provision stating that notwithstanding any other provision of law, for fiscal year 2001 the Secretaries of Agriculture and the Interior are authorized to limit competition for watershed restoration project contracts as part of the 'Jobs in the Woods' component of the President's Forest Plan for the Pacific Northwest or the Jobs in the Woods Program established in Region 10 of the Forest Service to individuals and entities in historically timber-dependent areas in the States of Washington, Oregon, northern California and Alaska that have been affected by reduced timber harvesting on Federal lands.

Provision which continues a provision regulating the export of Western Red Cedar from National forest System Lands in Alaska.

Provision which continues to limit mining and prospecting on the Mark Twain National Forest in Missouri.

Provision limiting competition for fire and fuel treatment and watershed restoration contracts in California.

Provision that amends the Columbia River Gorge National Scenic Area Act to expedite the acquisition of critical lands within the NSA dealing with land appraisal assumptions utilized by the Forest Service to acquire land within the Columbia River Gorge National Scenic Area.

Provision that adds the ''Boise Laboratory Replacement Act of 2000'' that permits the sale of the Forest Service Boise, ID, laboratory site, occupied by the Rocky Mountain Research Station, and the use of the proceeds to purchase interests in a multi-agency facility at the University of Idaho.

Conference Report Language

Bureau of Land Management

Earmark of $500,000 for Montana State University weed program.

Earmark of $750,000 for Idaho weed control.

Earmark of $900,000 for Yukon River salmon.

Earmark of $1,000,000 for Missouri River activities associated with the Lewis and Clark Bicentennial celebration.

Earmark of $500,000 for the Missouri River undaunted stewardship program.

Earmark of $700,000 for the development of a mining claim information system in Alaska.

Earmark of $500,000 for a coalbed methane EIS in Montana.

Earmark of $650,000 for the Montana cadastral project.

Earmark of $300,000 for the Utah geographic reference project.

Earmark of $2,400,000 for Alaska conveyance.

Earmark of $500,000 to prepare an EIS for future coal bed methane and conventional oil and gas development in the Montana portion of the Power River Basin.

Earmark of $500,000 for the Undaunted Stewardship program, which will allow for local input and participation in grants to protect historic sites along the Lewis and Clark Trail. This program is to be cooperatively administered by the Bureau and Montana State University.

Language which encourages the Bureau to work with the Waste Management Education and Research Consortium (WERC) at New Mexico State University in addressing the problem of abandoned mine sites in the western United States.

Earmark of $482,000 for an Alaska rural fire suppression program (Wildland fire management).

Earmark of $482,000 for a rural Alaska fire suppression program. (Wildland fire suppression).

Earmark of $8,800,000 is to be made available to the Ecological Restoration Institute (ERI) of Northern Arizona University, through a cooperative agreement with the Bureau of Land Management, to support new and existing ecologically-based forest restoration activities in ponderosa pine forests.

Earmark of $3,760,000 for construction at the Coldfoot Visitor Center.

Earmark of $400,000 for construction at the Fort Benton Visitor Center.

Earmark of $200,000 for construction at the California Train Interpretive Center.

Earmark of $500,000 for construction at the Blackwell Island Facility.

Language which encourages the Bureau to work with the town of Escalante and Garfield County, UT to ensure that the construction of the science center is consistent with the Escalante Center master plan.

Earmark of $5,000,000 for land acquisition in El Dorado County, CA.

Earmark of $2,000,000 for land acquisition at Organ Mountains, New Mexico.

Earmark of $2,000,000 for land acquisition for Upper Crab Creek, Washington.

Fish and Wildlife Service

Earmark of $2,000 for Everglades for resource management.

Earmark of $1,500,000 for cold water fish in Montana and Idaho.

Earmark of $270,000 for the California/Nevada desert resource initiative.

Earmark of $1,000,000 for Central Valley and Southern California habitat conservation planning.

Earmark of $500,000 for bighorn sheep conservation in Nevada.

Increases in the recovery program include $5,000,000 for matching grants for Pacific salmon conservation and restoration in Washington.

Earmark of $288,000 for wolf recovery in Idaho.

Earmark of $100,000 for wolf monitoring by the Nez Perce tribe.

Earmark of $600,000 for eider research at the Alaska SeaLife Center.

Earmark of $600,000 for Lahontan cutthroat trout restoration.

Earmark of $500,000 for the black capped vireo in Texas.

Increase of $1,400,000 for Washington salmon enhancement.

Increase of $4,000 for bull trout recovery in Washington.

Increase of $500,000 for private lands conservation efforts in Hawaii.

Increase of $50,000 for rehabilitation of the White River in Indiana in response to a recent fish kill.

Increase of $252,000 in project planning for the Middle Rio Grande Bosque program.

Increase of $350,000 for Long Live the Kings and Hood Canal Salmon Enhancement Group.

Increase of $575,000 to reduce sea bird bycatch in Alaska.

Increase of $360,000 for staffing and operations associated with the new port of entry designation in Anchorage, Alaska.

Increase of $5,000,000 for the Washington Hatchery Improvement Project.

Increase of $184,000 for marking of hatchery salmon in Washington.

Earmark of $11,051,000 for the Alaska subsistence program.

Earmark of $750,000 for the Klamath River flow study.

Earmark of $500,000 for Trinity River restoration.

Earmark of $200,000 for Yukon River fisheries management studies.

Earmark of $100,000 for Yukon River Salmon Treaty education efforts.

Increase of $2,000,000 for Pingree Forest non-development easements in Maine to be handled through the National Fish and Wildlife Foundation.

The increase provided in consultation for cold water fish in Montana and Idaho are for preparation and implementation of plans, programs, or agreements identified by the States of Idaho and Montana that will address habitat for freshwater aquatic species on non-Federal lands.

Earmark of $800,000 in new joint ventures funding for the Atlantic Coast.

Earmark of $750,000 in new joint ventures funding for Lower Mississippi.

Earmark of $650,000 in new joint ventures funding for Upper Mississippi.

Earmark of $1,400,000 in new joint ventures funding for Prairie Pothole.

Earmark of $700,000 in new joint ventures funding for Gulf Coast.

Earmark of $700,000 in new joint ventures funding for Playa Lakes.

Earmark of $400,000 in new joint ventures funding for Rainwater Basin.

Earmark of $1,000,000 in new joint ventures funding for Intermountain West.

Earmark of $550,000 in new joint ventures funding for Central Valley.

Earmark of $700,000 in new joint ventures funding for Pacific Coast.

Earmark of $370,000 in new joint ventures funding for San Francisco Bay.

Earmark of $400,000 in new joint ventures funding for Sonoran.

Earmark of $370,000 in new joint ventures funding for Arctic Goose.

Earmark of $370,000 in new joint ventures funding for Black Duck.

Earmark of $550,000 in new joint ventures funding for Sea Duck.

Earmark of $593,000 for Alaska Maritime NWR, AK (Headquarters/Visitor Center).

Earmark of $500,000 for Bear River NWR, UT (Water management facilities).

Earmark of $3,600,000 for Bear River NWR, UT (Education Center).

Earmark of $350,000 for Canaan Valley NWR, WV (Heavy equipment replacement).

Earmark of $500,000 for Clarks River NWR, KY (Garage and visitor access).

Earmark of $250,000 for Great Dismal Swamp NWR, VA (Planning and public use).

Earmark of $800,000 for John Heinz NWR, PA (Administrative wing).

Earmark of $700,000 for Kealia Pond NWR, HI (Water control structures).

Earmark of $180,000 for Kodiak NWR, AK (Visitor Center/planning).

Earmark of $130,000 for Mason Neck NWR, VA (ADA accessibility).

Earmark of $600,000 for Mason Neck NWR, VA (Non-motorized trail).

Additional $5,000,000 for National Conservation Training Center, WV (Fourth Dormitory).

Earmark of $2,000,000 for Noxubee NWR, MS (Visitor Center).

Earmark of $300,000 for Pittsford NFH, VT (Planning and design/hatchery rehabilitation).

Earmark of $115,000 for Seatuck & Sayville NWRs, NY (Visitor facilities).

Earmark of $1,512,000 for Silvio O. Conte NWR, VT (Education Center).

Earmark of $1,100,000 for White River NWR, AR (Visitor Center construction).

Earmark of $350,000 for White Sulphur Springs NFH, WV (Holding and propagation).

Earmark of $20,000 for White Sulphur Springs NFH, WV (Office renovations).

Earmark of $500,000 for land acquisition at Back Bay NWR (VA).

Earmark of $1,000,000 for land acquisition for Big Muddy NWR (MO).

Earmark of $1,000,000 for land acquisition for Bon Secour NWR (AL).

Earmark of $1,750,000 for land acquisition for Centennial Valley NWR (MT).

Earmark of $500,000 for land acquisition for Clarks River NWR (KY).

Earmark of $2,100,000 for land acquisition for Dakota Tallgrass Prairie Project (SD).

Earmark of $1,000,000 for land acquisition for Edwin B. Forsythe NWR (NJ).

Earmark of $1,150,000 for land acquisition for Grand Bay NWR (AL).

Earmark of $1,500,000 for land acquisition for Lake Umbagog NWR (NH).

Earmark of $500,000 for land acquisition for Minnesota Valley NWR (MN).

Earmark of $600,000 for land acquisition for Neal Smith NWR (IA).

Earmark of $1,000,000 for land acquisition for Northern Tallgrass NWR (MN).

Earmark of $800,000 for land acquisition for Patoka River NRW (IN).

Earmark of $1,300,000 for land acquisition for Prime Hook NWR (DE).

Earmark of $750,000 for land acquisition for Silvo O. Conte NWR (CT/MA/NH/VT).

Earmark of $1,500,000 for land acquisition for Stewart B. McKinney NWR (CT).

Earmark of $1,000,000 for land acquisition for Waccamaw NWR (SC).

Earmark of $1,000,000 for land acquisition for Walkill River (NJ).

National Park Service

Earmark of $975,000 for the 9 National Trails.

Increase of $2,300,000 for Harpers Ferry Design Center.

Earmark of $350,000 to repair the lighthouse at Fire Island NS.

Earmark of $75,000 to repair the Ocean Beach Pavilion at Fire Island, NS.

Earmark of $309,000 for repairs of the Bachlott House.

Earmark of $100,000 for the Alberty House which are both located at Cumberland Island NS.

Earmark of $500,000 for maintenance projects at the Ozark National Scenic Riverways Park.

Earmark of $200,000 for a wilderness study at Apostle Islands NL, WI.

Language that directs the National Park Service make sufficient funds available to assure that signs marking the Lewis and Clark route in the State of North Dakota are adequate to meet National Park Service standards.

Language that directs that, within the amounts provided for operation of the National Park System, the Service shall provide the necessary funds, not to exceed $350,000, for the Federal share of the cooperative effort to provide emergency medical services in the Hawaii Volcanoes National Park.

Language stating that consideration should be given to groups involved in hiking and biking trails in southeastern Michigan and the Service is encouraged to work cooperatively with groups in this area.

Increase of $100,000 for Gettysburg NMP technical assistance.

Increase of $250,000 for the National Center for Preservation Technology.

Language that directs that implementation funds for the Hudson River Valley National Heritage Area are contingent upon National Park Service approval of the management and interpretive plans that are currently being developed.

Earmark of $742,000 for Alaska Native Cultural Center.

Earmark of $100,000 for Aleutian World War II National Historic Area.

Earmark of $2,300,000 for Chesapeake Bay Gateways.

Earmark of $300,000 for Dayton Aviation Heritage Commission.

Earmark of $2,250,000 for Four Corners Interpretive Center.

Earmark of $500,000 for Lamprey River.

Earmark of $500,000 for Mandan On-a-Slant Village.

Earmark of $500,000 for National First Ladies Library.

Additional $40,000 for Roosevelt Campobello International Park Commission.

Earmark of $500,000 for Route 66 National Historic Highway.

Earmark of $495,000 for Sewall-Belmont House.

Earmark of $400,000 for Vancouver National Historic Reserve.

Earmark of $594,000 for Wheeling National Heritage Area.

Earmark of $100,000 for Women's Progress Commission.

An additional $7,276,000 for various locale-specific Historic Preservation projects.

Earmark of $500,000 for Antietam NB, MD (stabilize/restore battlefield structures).

Earmark of $1,360,000 for Apostle Islands NL, WI (erosion control).

Additional $600,000 for Apostle Islands NL, WI (rehab Outer Island lighthouse).

Earmark of $300,000 for Canaveral NS, FL (Seminole Rest).

Earmark of $300,000 for Canaveral NS, FL.

Earmark of $4,000,000 for Corinth NB, MS (construct visitor center).

Earmark of $779,000 for Cumberland Island NS, GA (St. Mary's visitor center).

Additional $1,000,000 for Cuyahoga NRA, OH (stabilize riverbank).

Earmark of $1,300,000 for Dayton Aviation NHP, OH (east exhibits).

Earmark of $114,000 for Delaware Water Gap NRA, PA/NJ (Depew site).

Earmark of $350,000 for Down East Heritage Center, ME.

Earmark of $500,000 for Dry Tortugas NP, FL (stabilize and restore fort).

Earmark of $129,000 for Edison NHS, NJ (preserve historic buildings and museum collections).

Earmark of $1,175,000 for Edison NHS, NJ.

Earmark of $1,500,000 for Ft. Stanwix NM, NY (completes rehabilitation).

Earmark of $386,000 for Ft. Washington Park, MD (repair masonry wall).

Earmark of $300,000 for Gateway NRA, NY/NJ (preservation of artifacts at Sandy Hook unit).

Earmark of $100,000 for George Washington Memorial Parkway, MD/VA (Belle Haven).

Earmark of $300,000 for George Washington Memorial Parkway, MD/VA (Mt. Vernon trail).

Earmark of $511,000 for Grand Portage NM, MN (heritage center).

Earmark of $1,500,000 for Hispanic Cultural Center, NM (construct cultural center).

Earmark of $3,000,000 for Hot Springs NP, AR (rehabilitation).

Earmark of $2,500,000 for John H. Chafee Blackstone River Valley NHC, RI/MA.

Earmark of $795,000 Kenai Fjords NP, AK (completes interagency visitor center design).

Earmark of $10,000,000 for Lincoln Library, IL.

Earmark of $290,000 for Lincoln Home NHS, IL (restore historic structures).

Earmark of $487,000 for Longfellow NHS, MA (carriage barn).

Additional $945,000 for Manzanar NHS, CA (establish interpretive center and headquarters).

Earmark of $2,543,000 for Missouri Recreation River Research & Education Center, NE (Ponca State Park).

Earmark of $500,000 for Morristown NHP, NJ.

Earmark of $500,000 for Morris Thompson Visitor and Cultural Center, AK (planning).

Earmark of $150,000 for Mt. Rainier NP, WA (exhibit planning and film).

Additional $7,500,000 for National Constitution Center, PA (Federal contribution).

Earmark of $6,000,000 for National Underground RR Freedom Center, OH.

Earmark of $338,000 for New Jersey Coastal Heritage Trail, NJ (exhibits, signage).

Earmark of $800,000 for New River Gorge NR, WV (repair retaining wall, visitor facilities, technical support).

Earmark of $445,000 for New River Gorge NR, WV (repair retaining wall, visitor facilities, technical support).

Earmark of $10,000,000 for Palace of the Governors, NM (build museum).

Earmark of $203,000 for Palo Alto Battlefield NHS, TX (completes visitor center).

Earmark of $1,614,000 for Palo Alto Battlefield NHS, TX (completes visitor center).

Earmark of $1,000,000 for Shiloh NMP, TN (erosion control).

Earmark of $3,000,000 for Southwest Pennsylvania Heritage, PA (rehabilitation).

Earmark of $240,000 for St. Croix NSR, WI (planning for VC/headquarters; rehabilitate river launch site).

Earmark of $330,000 for St. Croix NSR, WI (planning for VC/headquarters; rehabilitate river launch site).

Earmark of $445,000 for St. Gaudens NHS, NH (collections building, fire suppression).

Earmark of $20,000 for St. Gaudens NHS, NH (collections building, fire suppression).

Earmark of $340,000 for Statue of Liberty and Ellis Island, NY/NJ (ferry terminal utilities).

Earmark of $2,000,000 for Statue of Liberty and Ellis Island, NY/NJ (ferry terminal utilities).

Earmark of $500,000 for Tuskegee Airmen NHS, AL (stabilization planning).

Earmark of $365,000 for U.S. Grant Boyhood Home, OH (rehabilitation).

Earmark of $2,000,000 for Vancouver NHR, WA (exhibits, rehabilitation).

Earmark of $739,000 for Vicksburg NMP, MS (various).

Earmark of $550,000 for Vicksburg NMP, MS (various).

Earmark of $788,000 for Washita Battlefield NHS, OK (visitor center planning).

Earmark of $4,000,000 for Wheeling Heritage Area, WV

Earmark of $38,000 for Wilson's Creek NB, MO (complete library).

Earmark of $200,000 for Wright Brothers NM, NC (planning for visitor center restoration).

Earmark of $1,500,000 to complete the Federal investment at Fort Stanwix NM in New York.

Language expecting the Service to provide the necessary funds, within the amounts provided for Equipment Replacement, to replace the landing craft at Cumberland Island NS and replace the airplane at Glen Canyon National Recreation Area.

Earmark of $300,000 to initiate a Lincoln Highway Study to initiate a study to define the cultural significance and value to the Nation of the Congaree Creek site in Lexington County, SC, as part of the Congaree National Swamp Monument, and a study for a national heritage area in the Upper Housatonic Valley in Northwest Connecticut.

Land Acquistion and Conservation Fund:

Earmark of $200,000 for Apostle Islands NL (WI).

Earmark of $1,200,000 for Appalachian NST (Ovoka Farm) (VA).

Earmark of $1,000,000 for Brandywine Battlefield (PA).

Earmark of $1,200,000 for Chickamauga/Chattanooga NMP (TN).

Earmark of $1,000,000 for Delaware Water Gap NRA (PA).

Earmark of $3,250,000 for Ebey's Landing NHR (WA).

Earmark of $2,000,000 for Gulf Islands NS (Cat Island) (MS).

Earmark of $2,000,000 for Ice Age NST (Wilke Tract) (WI).

Earmark of $2,000,000 for Indiana Dunes NL (IN).

Earmark of $1,300,000 for Mississippi National River RA (Lower Phalen Creek) (MN).

Earmark of $2,700,000 for Petroglyph NM (NM).

Earmark of $2,200,000 for Saguaro NP (AZ).

Earmark of $1,000,000 for Shenandoah NHA (VA).

Earmark of $1,300,000 for Sitka NHP (Sheldon Jackson College) (AK).

Earmark of $1,100,000 for Sleeping Bear Dunes NL (MI).

Earmark of $1,500,000 for Stones River NB (TN).

Earmark of $1,500,000 for Wrangell-St. Elias NP & Pres. (AK).

Earmark of $2,000,000 for the purchase of Cat Island, MS (subject to authorization).

Earmark of $1,000,000 included for the Shenandoah Valley Battlefields National Historic District is contingent upon the final approval by the Secretary of the Interior of the Commission.

Earmark of $1,500,000 for the intended purchase of patented mining claims in Wrangell-St. Elias National Park by the National Park Service.

Earmark of $250,000 for the Hawaiian volcano program.

Earmark of $475,000 for Yukon Flats geology surveys.

Earmark of $1,200,000 for the Nevada gold study.

Earmark of $300,000 for Lake Mead/Mojave research.

Earmark of $300,000 for the Lake Champlain toxic study.

Earmark of $450,000 for Hawaiian water monitoring.

Earmark of $300,000 for the Southern Maryland aquifer study.

Earmark of $180,000 for a Yukon River chum salmon study.

Earmark of $750,000 for the continuation of the Mark Twain National Forest mining study to be accomplished in cooperation with the water resources division and the Forest Service.

Earmark of $4,000,000 to create NBII 'nodes' to work in conjunction with private and public partners to provide increased access to and organization of information to address these and other challenges. These funds are to be distributed as follows: $350,000 for Pacific Basin, Hawaii; $1,000,000 for Southwest,

Texas; $1,000,000 for Southern Appalachian, Tennessee; $200,000 for Pacific Northwest, Washington; $250,000 for Central Region, Ohio; $200,000 for North American Avian Conservation, Maryland; $250,000 for Network Standards and Technology, Colorado; $400,000 for Fisheries Node, Virginia and Pennsylvania; $200,000 for California/Southwest Ecosystems Node, California; and, $150,000 for Greater Yellowstone Ecosystem Node, Montana.

Language stating that funding is provided for light distancing and ranging (LIDAR) technology to assist with recovery of Chinook Salmon and Summer Chum Salmon under the Endangered Species Act. These funds should be used in Mason County, WA

Bureau of Indian Affairs

Earmark of $500,000 for Alaska subsistence.

Earmark of $176,000 for the Reindeer Herders Association.

Earmark of $1,000,000 for a distance learning, telemedicine, fiber optic pilot program in Montana.

Earmark of $146,000 for Alaska legal services.

Earmark of $200,000 for forest inventory for the Uintah and Ouray tribes.

Earmark of $300,000 for a tribal guiding program in Alaska.

Earmark of $1,000,000 for the distance learning project on the Crow, Fort Peck, and Northern Cheyenne reservations.

Increase of $1,250,000 for Aleutian Pribilof church repairs, which completes this program as authorized.

Increase of $50,000 for Walker River (Weber Dam).

Increase of $200,000 for Pyramid Lake.

Increase of $2,000,000 for the Great Lakes Fishing Settlement.

TITLE II—RELATED AGENCIES

DEPARTMENT OF AGRICULTURE

Forest Service

Earmark of $250,000 to the University of Washington silviculture effort at the Olympic Natural Resource Center. The managers have also agreed with Senate direction concerning funding levels for the wood utilization laboratory in Sitka, AK, and for operations of the Forest Research Laboratories located in Princeton, Parsons, and Morgantown, WV, and funds for the CROP study on the Colville National Forest, WA.

Language which directs the Forest Service to provide total operational funding of $750,000 to the Rapid City, SD, lab.

Language which directs the Forest Service to provide $502,000 in appropriated funds for the Wind River canopy crane, WA. This funding includes proposed funding for the New York City watershed and the Senate proposed funding for Utah technical education and State of Washington stewardship activities.

An additional $750,000 for an update of the cooperative study on the New York-New Jersey highlands area.

Language directing $1,400,000 to the Ossippee Mountain conservation, easement NH, and also to direct no less than $2,000,000 to the Great Mountain, CT, easement, and no less than $2,000,000 for the West Branch, ME, project.

Language stating the importance of forest protection in South Carolina and encourage the Forest Service to work with the appropriate State agencies to ensure continuation of these much needed protections.

Increase of $450,000 for the Chicago Wilderness Study.

Earmark of $500,000 for cooperative activities in Forest Park in St. Louis, MO.

Earmark of $250,000 in a direct lump sum payment for the United Fisherman of Alaska to implement an educational program to deal with subsistence management and other fisheries issues.

Earmark of $5,000,000 to assist a land transfer for Kake, AK; these funds are contingent upon an authorization bill being enacted.

Earmark of $2,000,000 to cost-share kiln-drying facilities in southeast and south-central Alaska.

Language stating that the funds provided for reforestation on abandoned mine lands in Kentucky are to be matched with funds provided in this bill to the Department of Energy for carbon sequestration research, as well as other non-federal funds.

Earmark of $900,000 for the University of Washington and Washington State University extension forestry effort.

Earmark of $1,878,000 for Columbia River Gorge economic development in the States of Washington and Oregon.

Earmark of $300,000 for the CROP project on the Colville NF, WA.

Earmark of $1,000,000 for acid mine clean-up on the Wayne NF, OH.

Earmark of $360,000 for the Rubio Canyon waterline analysis on the Angeles NF, CA.

Increase of $1,500,000 increase for aquatic restoration in Washington and Oregon.

Increase of $1,250,000 increase for Lake Tahoe watershed protection.

Increase of $300,000 for invasive weed programs on the Okanogan NF and other eastern Washington national forests with no more than five percent of these funds to be assessed as indirect costs.

Earmark of $200,000 for the Batten Kill River, VT, project.

Earmark of $700,000 for operations of the Continental Divide trail.

Earmark of $100,000 for the Monongahela Institute effort at Seneca Rocks, WV.

Earmark of $120,000 for the Monongahela NF, Cheat Mountain assessment, WV.

Earmark of $100,000 for cooperative recreational site planning on the Wayne NF, OH.

Earmark of $100,000 for cooperative efforts regarding radios for use at Tuckerman's Ravine on the White Mountain NF, NH.

Earmark of $68,000 for the Talimena scenic byway.

Language which directs the Forest Service to conduct a feasibility study on constructing a recreational lake on the Bienville NF in SMITH County, MS.

Earmark of $790,000 for forestry treatments on the Apache-Sitgreaves NF, AZ.

Earmark of $250,000 for a Pacific Crest trail lands team.

Earmark of $500,000 for special needs on the Pisgah and Nantahala NFs.

Additional $2,000,000 for the Quincy Library Group project, CA.

Additional $5,000,000 for Tongass NF, AK, timber pipeline.

Earmark of $500,000 in the minerals and geology management activity to support necessary administrative duties related to the Kensington Mine in southeast Alaska.

Earmark of $600,000 is provided for cooperative research and technology development between Federal fire research and fire management agencies and the University of Montana National Center for Landscape Fire Analysis.

Earmark $263,000 for Apache-Sitgreaves NF, AZ, urban interface.

Earmark of $6,947,000 for windstorm damage in Minnesota.

Earmark of $1,500,000 for the Lake Tahoe basin.

Earmark of $2,400,000 for work on the Giant Sequoia National Monument and Sequoia National Forests.

Earmark of $7,500,000 is a direct lump sum payment to the Kenai Peninsula Borough to complete the activities outlined in the spruce bark beetle task force action plan. Ten percent of these funds shall be made available to the Cook Inlet Tribal Council for reforestation on Native inholdings and Federal lands identified by the task force.

Language emphasizing the need for a cost-share for the Grey Towers, PA, funding.

Language encouraging the Forest Service to work with Tulare County, CA, on plans for recreational facilities.

Earmark of $2,000,000 for the Forest Service to develop a campground in the Middle Fork Snoqualmie Valley in the Mt. Baker-Snoqualmie National Forest, WA.

Earmark of $2,000,000 to purchase non-development scenic easements in Pingree Forest, ME.

Earmark for Lake Tahoe, NV of $2,000,000 for cooperative erosion grants in State and private forestry, $1,250,000 for the NFS vegetation and watershed activity to enhance restoration of sensitive watersheds, $1,500,000 in capital improvement and maintenance to help fix the ailing road system, and $1,500,000 in wildfire management funding to enhance forest health by reducing hazardous fuel.

Earmark of $5,500,000 for management of national forest system lands for subsistence uses in Alaska as proposed by the Senate.

The Forest Service is encouraged to give priority to projects for the Alaska jobs-in-the-woods program that enhance the southeast Alaska economy, such as the Southeast Alaska Intertie.

Increase of $2,000,000 is provided for a demonstration of solid oxide technology in Nuiqsut, Alaska.

Earmark of $278,000 for the Golden, CO, field office.

Indian Health Service

Earmark of $225,000 for the Shoalwater Bay infant mortality prevention program.

Increases for the Alaska immunization program include $70,000 for pay costs and $2,000 for additional immunizations.

Within the funding provided for contract health services, the Indian Health Service should allocate an increase to the Ketchikan Indian Corporation's (KIC) recurring budget for hospital-related services for patients of KIC and the Organized Village of Saxman (OVS) to help implement the agreement reached by the Indian Health Service, KIC, OVS and the Southeast Alaska Regional Health Corporation on September 12, 2000. The additional funding will enable KIC to purchase additional related services at the local Ketchikan General Hospital.

Earmark of $1,000,000 for the Northwest Portland area AMEX program.

Earmark of $4,500,000 is provided for construction of the Smithsonian Astrophysical Observatory's facility at Hilo, Hawaii.

TITLE V—EMERGENCY/SUPPLEMENTAL PROVISIONS

Department of Interior

$1,500,000 for the preparation and implementation of plans, programs, or agreements identified by the State of Idaho that will address habitat for freshwater aquatic species on non-Federal lands in the State.

$1,000,000 to be made available to the State of Idaho to fund habitat enhancement, maintenance, or restoration projects consistent with such plans, programs, or agreements.

$5,000,000 for the conservation and restoration of Atlantic salmon in the Gulf of Maine,

with funds provided to the National Fish and Wildlife Foundation, the Atlantic Salmon Commission and the National Academy of Sciences for specified activities.

$8,500,000 to various specific locales to repair or replace buildings, equipment, roads, bridges, and water control structures damaged by natural disasters; funds are to be used for repairs to Service property in the states of Maryland, New Jersey, North Carolina, Pennsylvania, South Carolina, Virginia, and Washington.

$1,2000,000 for repair of the portions of the Yakima Nation's Signal Peak Road.

An additional $1,800,000 for repairs in Alaska, Colorado, Connecticutt, Florida, Georgia, Kansas, Maryland-Delaware-Washington, D.C., Massachusetts-Rhode Island, Nevada, New Hampshire-Vermont, New Jersey, New York, North Carolina, North Dakota, Pennsylvania, South Carolina, South Dakota, and Virginia.

Department of Agriculture

$2,000,000 for an avalanche prevention program in the Chugach National Forest, Kenai National Park, Kenai National Wildlife Refuge and nearby public lands.

$7,249,000 to the National forest system for damage caused by severe windstorms in the States of Minnesota and Wisconsin.

Total earmarks in report ..	$372,064,000
Total supplemental/emergency earmarks	28,249,000
Total combined earmarks	400,313,000

Mr. MCCAIN. Mr. President, first, I congratulate Mr. FITZGERALD, the Senator from Illinois, for his valiant effort to prevent a contract to be let without any competition. I do not understand why contracts that entail expenditure of taxpayers' funds should not be let in a competitive fashion so that the taxpayers can receive the maximum value for their investments in their Government. I congratulate Senator FITZGERALD for his valiant effort.

This year's final agreement provides a much-needed infusion of funding for conservation, wildlife management, and Native American programs. However, once again, I express my objections to the amount of excessive pork barrel spending and extraneous legislative riders included in this final agreement.

The agreement exceeds its overall budget by $2.5 billion, increasing spending by 25 percent, with funding levels that are close to $4 billion higher than the House bill and $3 billion more than the Senate bill.

We are entering a remarkable phase of American political history. The spigot is on, and it is on in a fashion I have not seen in the years I have spent in the Congress.

The new conference agreement has taken pork barrel spending to higher proportions by adding more than $120 million more in earmarks that either were not included in the Senate or House bill or added funding for unrequested or unauthorized projects. In addition to higher amounts of pork barrel spending, appropriators conveniently designated billions more in emergency spending, including nearly $30 million in ''emergency funds'' for locale-specific earmarks.

As I said, I have a list that was printed in the RECORD. Several of our favorites: $1.25 million for weed programs at Montana State University and Idaho—weed programs that are specific to two universities; $5.25 million for a new dormitory at the National Constitution Training Center; $20,000 for office renovations at the White Sulfur Springs National Fish Hatchery. Guess where. West Virginia. We have several fish hatcheries in my State of Arizona. I wonder if maybe we could get a little refurbishment for our offices, as well as those in West Virginia.

There is $487,000 for a carriage barn in Longfellow National Historic Site in Massachusetts—a carriage barn.

Here is one of my favorites. I think we should all be impressed by the pressing need for this: $176,000 for the Reindeer Herders Association. For the Reindeer Herders Association, $176,000 is earmarked.

That also happens to be out of the Bureau of Indian Affairs funding. Never mind that we have dilapidated housing, terrible schools, nutrition programs that need to be funded in the Bureau of Indian Affairs, my friends, but we put in $176,000 for that vitally needed Reindeer Herders Association. I am sure Santa Claus is very pleased that these funds will be going to the Reindeer Herders Association.

You will find something very interesting, Mr. President, as I go through the list of earmarks and as people read the RECORD. You will see the names Alaska, West Virginia, Washington State, and Hawaii appear with amazing frequency, which I am sure is pure coincidence.

So we have $1 million for a distance learning telemedicine, fiber-optic pilot program in Montana.

Here is an important one. Here is a vital item that had to be earmarked: $1.5 million to refurbish the Vulcan Statue in Alabama. I am not familiar with the Vulcan Statue, but I am sure it needed to be refurbished over any other statue in America that may need to be refurbished.

Here is one that should interest taxpayers and entertain all of us: $400,000 for the Southside Sportsman Club in New York. Take heart, all Southside sportsmen, help is on the way: $400,000 for your operations.

There is $5 million for the Southeast—guess where—Alaska Economic Disaster Fund, which was not included in either the Senate or House proposals, ordered to be used for Craig, AK, to assist with economic development. Times are tough in Craig, my friends. They need $5 million in Craig.

I urge those who are interested to find out what the population of Craig, AK, might be. I think that might turn out to be a fair amount of money per capita.

There is $500,000 for administrative duties at the Kensington Mine in southeast Alaska—ta-da, Mr. President—for administrative duties at the Kensington Mine in southeast Alaska.

We have lots of mines in my State. I hope they will consider helping them with their administrative duties in their mines, as well.

Mr. President, the list goes on and on and on.

So $2 million for the purchase of Cat Island in Mississippi; $5 million for a land transfer in Kake, AK; $4.6 million for the Wheeling National Heritage Area in West Virginia, which has received earmarks in previous Interior appropriations without any authorization. I should point out that new legislative language was tacked on to this report to finally authorize this project, although it certainly never went through the normal process of approval.

I hope the taxpayers will be able to see how we are spending their dollars. It is remarkable.

I believe in the debate one of the candidates was saying: You ain't seen nothing yet. Mr. President, you ain't seen nothing yet. Wait until we get to the omnibus bill which very few of us will have ever seen or read when we vote yes or no on it. We will have a remarkable document, one I think historians in the centuries ahead will view with interest and puzzlement.

Mr. President, I yield the remainder of my time.

ATLANTIC SALMON CONSERVATION AND RESTORATION

Ms. COLLINS. I want to thank the distinguished Chairman of the Interior Appropriations Subcommittee for his invaluable help in securing funding for vital, time-sensitive, on-the-ground Atlantic salmon conservation and restoration programs in Maine on an emergency basis. Due to your efforts, $5.0 million in emergency appropriations were included in the Interior Appropriations conference report for this purpose. It is critical that these funds be on the ground this year in order to demonstrate a federal financial commitment to salmon in my State, and that a listing under the Endangered Species Act is not necessary to conserve and restore Maine's Atlantic salmon.

Mr. GORTON. My home state, too, has experienced the disruption that a federal endangered species listing can cause. I therefore appreciate the importance and urgency of the funds sought by the Senator from Maine.

Ms. COLLINS. The emergency appropriation included in the Interior Appropriations conference report will make a substantial contribution to salmon conservation and restoration efforts in the State. The funds will be made available to the National Fish and Wildlife Foundation (or ''NFWF''), which has made a commitment to me to allocate the monies to worthwhile projects as soon as possible. The conference report provides $5.0 million to

NFWF, of which $2.0 million will be made available to the Atlantic Salmon Commission and $500,000 will be made available to the National Academy of Sciences. The remaining $2.5 million will be administered by NFWF to carry out a grant program that will fund on-the-ground projects to further Atlantic salmon conservation or restoration efforts in coordination with the State of Maine and the Maine Atlantic Salmon Conservation Plan.

The conference report contains language indicating that funds administered by NFWF will be subject to cost sharing. Is it your understanding, Mr. Chairman, that this language means the $2.5 million administered by NFWF to carry out a grant program must be matched, in the aggregate, by at least $2.5 million in non-federal funds?

Mr. GORTON. The Senator from Maine is correct. I expect that the $2.5 million grant program administered by NFWF will leverage at least $2.5 million overall in additional, nonfederal funds.

Ms. COLLINS. And is it also your understanding, Mr. Chairman, that the $2.0 million made available to the Atlantic Salmon Commission and the $500,000 made available to the National Academy of Sciences will not be subject to any matching requirement?

Mr. GORTON. That is also correct.

Ms. COLLINS. I want to again thank the distinguished Chairman of the Interior Appropriations Subcommittee. In crafting this conference report, he has accomplished a Herculean task with this usual grace and skill. And the $5.0 million he has helped secure will promote a vigorous and effective salmon conservation and restoration effort in my State.

Mr. GORTON. As I have said before, I greatly admire the Senator from Maine's tenacity and her unfailing devotion to the best interests of her State.

LAKE TAHOE LAND ACQUISITION COLLOQUY

Mr. REID. Mr. Chairman, I would like to request your help interpreting the language that was inserted into the conference report pertaining to the use of funds appropriated for the acquisition of environmentally sensitive property at Lake Tahoe. That language states that no funds may be used to acquire urban lots. To my knowledge, ''urban lots'' is a term that is not defined in this bill or any related statute or regulation. As a result, I want to make sure that we clarify what we intend by the term urban lot.

As you know, the plan to protect Lake Tahoe is predicated in large part of the Lake Tahoe Preservation Act of 1981 (H.R. 7306), commonly known as the Santini-Burton Act, and companion California and Nevada bond acts. Together, these State and Federal acts provide for the purchase and stewardship of environmentally sensitive lands in the Lake Tahoe Basin. The legislative history of the Santini-Burton Act indicated that approximately $150 million worth of land in Lake Tahoe would be purchased (approximately $100 million has been expended to date). The Santini-Burton Act generally identified lands eligible for purchase, and was followed by the adoption of a comprehensive plan identifying specific criteria for purchases. That plan was subject to an Environmental Impact Statement and accompanying public comment process, and this plan remains in effect to this day.

I am confident that, with the correct information in hand, Congress will direct the Forest Service to go forward with the completion of the program. In the meantime, however, the effort to protect Lake Tahoe is likely to sustain significant damage if the language in the conference report is mistakenly interpreted to reverse long standing policy decisions. That is why I am asking for your concurrence to direct the Forest Service to interpret the language in a manner consistent with the existing program.

Specifically, I want to make it clear that the term ''urban lot'' does not include environmentally sensitive lands. The current program designates a property's eligibility for acquisition according to its environmental sensitivity because that is the purpose of the acquisition program. Such designations reflect extensive analysis and the support of the local community. This report language should not be interpreted to change this methodology such that acquisition eligibility is based on an unspecified and invariably random geographic distinction. In all likelihood, any ill-conceived geographic standard would exclude the most environmentally sensitive property that the ongoing program is designed to protect.

I believe that the report language is consistent with the current practice of federal land acquisition in the Lake Tahoe basin. Do you share my understanding that the definition of ''urban lots'' includes only those properties that are presently qualified for urban development?

Mr. GORTON. That is my understanding.

Mr. REID. Then it makes sense for any prohibition on land acquisition referred to in the report language to apply only if to properties that satisfy all of the following criteria: (1) they are not adjacent to current forest system lands, (2) they are within Tahoe Regional Planning Agency's urban boundaries, (3) they are not adjacent to Lake Tahoe, or to waters or streamzones tributary to Lake Tahoe, and (4) they are presently eligible to take residential or commercial development. This clarification integrates the intent of the new conference report language to limit such acquisitions to essential sensitive lands while retaining the basic purpose of the Lake Tahoe land acquisition program.

Mr. GORTON. In response to my colleague, the senior Senator from Nevada, let me say that your understanding of the issues affecting Lake Tahoe is correct. Your concerns seem reasonable, as does your interpretation of the language in question.

Mr. REID. I appreciate the Chairman's understanding and concurrence on this very important issue.

REGARDING SEC. 156 AND ACCOMPANYING REPORT LANGUAGE

Mr. REID. Mr. President, as the Chairman knows, I included language in this bill that directs the Department of Interior to finalize the so-called 3809 regulations, which govern hardrock mining operations on public lands, and to do so consistently with the findings and recommendations of a study completed by the National Research Council or NRC. The language is identical to language enacted in last year's omnibus bill. I want to emphasize my intent in offering this language, and request the Chairman's understanding and concurrence. Briefly, my intent is to ensure that the Department of Interior finalizes a rule that protects the environment and that takes into account the direction of Congress and the findings and recommendations of the NRC report.

Mr. GORTON. I am glad to assist my friend, the senior Senator from Nevada. In clarifying Congress' intent in enacting these provisions. I agree with his statement that the Committee intends for Interior to study the entire NRC report carefully and to adopt a rule that is consistent with the findings and recommendations of that report.

Mr. REID. Mr. President, last year Congress adopted this requirement that Interior finalize 3809 rule changes only if they are ''not inconsistent'' with the recommendations of the NRC report I already described. Parsing this statutory language to the point of absurdity, the Interior Solicitor quickly wrote and circulated a legal opinion concluding that Congress intended by this action to require Interior's consideration only of material in the report specifically labeled as ''recommendations''—amounting only to a few lines of the report—and no other information in the report. And, he went on to conclude that this law imposes no significant limitations on the agency's ability to finalize its proposed 3809 rule. This year we have adopted the consistency requirement again, just as it was written last year. I ask the Chairman, did we enact the language again just to ratify the legal conclusion that Interior could finalize 3809 rules essentially without restrictions?

Mr. GORTON. I thank my friend, and emphasize that we did not act again this year just to ratify the actions of

the Department of Interior. The Committee to reemphasize its original intent: That Interior study the NRC report carefully, and that any final 3809 regulations promulgated be consistent with that report.

Mr. REID. One last question that I have concerns a statement made by some of our House colleagues during House consideration of the FY 2001 Interior appropriations bill in which they suggested an interpretation of the ongoing rulemaking including broad discretion to deny mining permits, by redefining the existing statutory definition of unnecessary or undue degradation. Does the Chairman of the subcommittee who helped develop this language agree that our House colleagues are suggesting an interpretation that clearly goes beyond current law and that section 156 specifically states that nothing in this provision shall be construed to expand existing authority.

Mr. GORTON. The Senator is correct. Section 156 states, ''nothing in this section shall be construed to expand the existing statutory authority of the Secretary.'' The interpretation suggested by our House colleagues would require additional statutory authority which Interior does not have and is specifically denied by this bill.

Mr. REID. I thank the Chairman for his help in clarifying the Committee's intent.

U.S. FOREST SERVICE NATIONAL FIRE RETARDANTS

Mr. CRAIG. Mr. President, I would like to engage in a colloquy with the distinguished Chairman of the Interior and Related Agencies Appropriations Subcommittee on an issue that affects the Forest Service and forest fire fighting in the West.

Mr. GORTON. I would be glad to engage in such a discussion with my friend, the distinguished Chairman of Forest and Public Lands Subcommittee of the Energy and Natural Resources Committee.

Mr. CRAIG. Mr. President, the U.S. Forest Service has announced its intention to move to gum thickened/sodium ferrocyanide aerially applied fire retardants in the 2004 bid process. The Service is to be commended for this initiative that seeks a more effective and environmentally friendly means to address the wildfires with which we have become so painfully accustomed in the West. Indeed, the Forest Service's own research shows that gum thickened retardants are 25–40 percent more effective than un-thickened retardants. The criteria called for in 2004, though, can be met today. Is it the Committee's view that the U.S. Forest Service should be striving for a more environmentally friendly product and should use such a product as soon as possible?

Mr. GORTON. I agree with that view. It should be the U.S. Forest Service's priority to use the most effective, environmentally protective aerially applied fire retardants.

Mr. CRAIG. Mr. Chairman, as you know, the after-effects of wildfires are devastating to the landscape. Mother Nature has a way of bringing life back to the land when all appears lost. However, even Mother Nature cannot erase for years the stains on the lands caused by some aerially applied fire retardants. This is especially of concern where historical and archeological resources, national parks, wilderness areas and urban/wilderness areas are concerned. Would you agree that U.S. Forest Service should preserve the option for local foresters to use less staining fugitive retardants where, in their judgment, it is warranted?

Mr. GORTON. I would agree that the U.S. Forest Service should preserve the option to use such fire retardants in order to minimize the long-term visual impacts of wildfires.

Mr. CRAIG. Mr. Chairman, the U.S. Forest Service has historically supported competition in the supply of fire retardants through the inclusion of a viability clause in its bids. For the first time, the upcoming 2001 bid process may be conducted by sealed bid. It is unclear whether viability will be a consideration. This is a critical issue in a fire season like the one we just experienced. Would you agree that the U.S. Forest Service should support competition in the supply of aerially applied fire retardants?

Mr. GORTON. I would agree that maintaining dual suppliers of high performance, environmentally acceptable fire retardants is critical to the mission of the Service.

Mr. CRAIG. I thank the Chairman for this clarification.

GREAT FALLS HISTORIC DISTRICT, PATERSON, NEW JERSEY

Mr. LAUTENBERG. Mr. President, I would like to inquire of the Chairman of the Subcommittee on Interior and Related Agencies, Senator GORTON, about one aspect of the conference report.

Mr. Chairman, the conference report to the Interior Appropriations bill for Fiscal Year 2001 does not include funding for construction projects in the Great Falls Historic District, located in the City of Paterson, New Jersey.

Mr. GORTON. The Senator is correct.

Mr. LAUTENBERG. Mr. Chairman, by way of background, the Great Falls Historic District was established in Section 510 of Public Law 104–33, the Omnibus Parks bill of 1996. This legislation, which I coauthored, is designed to preserve the historic character of the City of Paterson, New Jersey. Like Lowell, Massachusetts, Paterson holds a prominent place in our nation's industrial past. Few people realize that Paterson was the first planned industrialized city. Alexander Hamilton himself chose the area around the Great Falls for his laboratory, and he established the Society for Useful Manufacturers right in Paterson. The work of its citizens and the wealth of its natural resources soon caused Paterson to thrive, and it became a mecca for countless numbers of immigrants, including my own family. The skills and spirit of these immigrants made Paterson one of our nation's leading centers for textile manufacturing, earning the nickname ''Silk City.''

Mr. Chairman, the 1996 legislation authorizes the Secretary of the Interior to provide grants through the Historic Preservation Fund for up to one-half of the costs of preparing a plan for the development of historic, architectural, natural, cultural, and interpretive resources within the Great Falls District. The Secretary may also provide matching funds for implementation of projects identified in the plan. The total federal authorization for the Great Falls Historic District is $3.3 million.

Mr. Chairman, since the authorizing legislation establishing the Great Falls Historic District specifically enables the City to receive up to $250,000 in matching federal funds for preparation of a historic preservation plan, the Secretary could provide these funds through the funds provided in the conference report for the Historic Preservation Fund.

Mr. GORTON. The Senator is correct. This bill includes appropriations from the Historic Preservation Fund that could be used for eligible projects such as that for the Great Falls in Paterson.

Mr. BYRD. I concur with the Chairman that the Great Falls project is eligible to receive Historic Preservation Funds, for preparation of its plan.

Mr. LAUTENBERG. Mr. Chairman, I understand that the Great Falls Historic District would be eligible to receive up to $250,000 of these funds for preparation of a historic preservation plan, and that, once these plans are completed, an additional $50,000 in matching funds is available from the Historic Preservation Fund for technical assistance and $3 million is available for restoration, preservation, and interpretive activities.

Mr. Chairman, I would like to include a letter from the Mayor of the City of Paterson to the regional director of the National Park Service, expressing the City's interest in moving forward with development of the Great Falls development plan. I hope that this letter will confirm to the Service and to the Chairman and Ranking Member, that the City is fully prepared to provide the necessary match to develop the plan. I am confident that the City will work closely with the Service on development of a plan, and that, once it is completed, the City may apply for the remaining authorized funds for completion of specific projects.

Mr. GORTON. I appreciate the Senator's interest in this matter, and I ask

unanimous consent that a copy of the letter be inserted in the RECORD.

Mr. LAUTENBERG. I thank the Chairman and the Ranking Member.

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

CITY OF PATERSON,
OFFICE OF THE MAYOR,
Paterson, NJ, October 4, 2000.

MARIE RUST,
Northeast Regional Director, National Park Service, 200 Chestnut Street, Philadelphia, PA.

Re: Public Law 104–333.

DEAR MS. RUST: This is to reaffirm our sincere interest in, and need of, the funding of Public Law 104–333. Ever since the authorization of the 3.3 million dollars for the Great Falls Redevelopment Act we have been anxiously awaiting the appropriation. We are committed to provide the necessary local match.

The preparation of the Development Plan required by the Act is an essential first step in documenting the feasibility of a National Park. After the Plan, our two primary activities in the district remain to be the redevelopment of the former ATP Site including the Gun Mill and the rehabilitation of the raceway. Both projects are essential to the achievement of the economic development objectives of the Urban History Initiative. The initial Gun Mill stabilization has been successfully completed. We are awaiting the execution of the Programmatic Agreement so that we may continue with the engineering and other site preparation and stabilization work for the former ATP Site. The overall raceway and prioritization has been completed. Final plans are ready for the Upper Raceway section.

We continue to pursue other sources of funding including TEA–21 Enhancement, the New Jersey Historic Trust, New Jersey Green Acres, and others. If these are not successful I will ask the City Council to bond any remaining local share. This is to assure you that we will secure the local match for whatever amount Congress appropriates.

Very truly yours,
MARTIN G. BARNES,
Mayor.

Mrs. BOXER. Mr. President, I have been a long time supporter of CARA—the Conservation and Reinvestment Act. The concept behind CARA was a visionary one—to take revenues generated from the extraction of offshore oil and gas resources and reinvest them permanently and automatically in our nation's invaluable wildlife, coastal, and public land resources.

The CARA proposal that was developed in a cooperative, bipartisan way by the Senate Energy Committee offered an opportunity for this Congress to make an historic contribution to conservation and to truly leave behind a legacy that we could be proud of and from which our children would benefit.

Instead, we are faced with a situation in which this overwhelmingly popular bill will never be considered on the Senate floor.

The House passed its version of CARA back in May by an overwhelming vote of 315 to 102; it was a vote that brought in supporters from across the political spectrum and around the country. More recently, a letter signed by 63 Senators was sent to the Senate leadership requesting that CARA be brought to the floor.

Yet the Republican leadership has refused to let this bill move forward.

I ask my colleagues, what does it take to get a vote around here? How can we say that we are doing the people's business, if a bill that is as broadly supported as CARA cannot even be voted upon?

We have now been presented with a package in the Interior appropriations bill that purports to fulfill the goals of CARA. I am tremendously disappointed to say that this package does very little to accomplish the goals of CARA.

CARA would have provided nearly $45 billion to important conservation programs over the next 15 years. The Interior proposal provides roughly $6 billion and only makes those funds available for the next 6 years.

But far more disappointing than the discrepancy in funding levels is the fact that the Interior proposal does little to guarantee that these funds will actually be made available each year for specific conservation purposes.

Instead, the Interior proposal will force important and beneficial programs like Urban Parks and Recreation to battle against other important programs like the Historic Preservation program for funding each year.

What made CARA remarkable was the fact that it would have provided the Urban Parks program, or state fish and wildlife agencies, or endangered species recovery efforts, with a predictable and reliable amount of funding.

This feature would have ensured that important conservation efforts would NOT be subject to the uncertainties of the annual appropriations cycle, but instead could be certain that funding would be available over the long term. And as a result, these conservation programs could have finally planned and implemented ambitious, long-term conservation efforts. The Interior appropriations proposal fails to provide this sort of certainty.

I will vote for the Interior appropriations bill. The bill funds many important programs that I care about and in making a nod to CARA it will provide some increased funding for things like the state's portion of the Land and Water Conservation Fund.

I am also pleased that the most egregious anti-environmental riders that appeared in earlier versions of this bill have been removed.

However, I hope nobody will interpret my vote for this bill as a sign of support for what I view as a hijacking of CARA. I remain deeply disturbed that a bill that had the potential to do as much good as CARA will never see the light of day.

Mr. SMITH of New Hampshire. Mr. President, it is with great regret that I rise today to oppose the Conference Report to the Interior Appropriations bill.

I want to begin by praising my colleagues on the Committee on Appropriations who have worked so hard on this bill and conference report. I know they have faced many difficult issues, competing demands for limited resources, and the pressure of time as this Congress winds down. And there are many good provisions in this bill, including several that will benefit my home State of New Hampshire. The bill includes two projects that have been particularly important to me and for which I requested funding—the Lamprey River & St. Gaudens. I appreciate the efforts of the Appropriations Committee to provide that funding.

Unfortunately, notwithstanding these and other good provisions, the bill fails to deliver what we as elected officials have promised the American people. I want to take this opportunity to explain, especially to my fellow Granite Staters, why I am voting against the Interior Appropriations Conference Report.

First, I am deeply disappointed that this bill does not include full funding for the Land and Water Conservation Fund or for the many important programs included in the Conservation and Reinvestment Act. In failing to provide this funding, I believe that we have truly squandered an opportunity that may never exist again. Even more importantly, I believe we failed to live up to the promise we made years ago to dedicate a percentage of the revenues from oil and gas production on the Outer Continental Shelf to the conservation and enhancement of fish, wildlife, lands and waters.

Congress came close to keeping that promise when the House passed by an overwhelming margin of three to one a landmark conservation bill—the so-called Conservation and Reinvestment Act (CARA). The Senate Energy and Natural Resources Committee passed a companion bill in July. The CARA bill reflects our collective commitment to investing in the environment for ourselves and for future generations.

I am proud that I was able to play a part in bringing attention to the bill in the Senate. On May 24, 2000, I held a hearing on the Senate bill in the Committee on Environment and Public Works. Although that Committee, which I chair, did not have primary jurisdiction over the bill, I felt it was important to hold the hearing to help build support for the legislation and to highlight some of the very important programs that would be enhanced by the passage of the bill. These programs included funding for the Endangered Species Act and Pittman-Robertson Act, both of which are in the jurisdiction of the Committee on Environment and Public Works. I said it then, and I want to reaffirm it today. Now is the

time for the Federal government to step up to the plate and assist in the efforts to protect our natural resources—not by grabbing up more Federal land, but by working in partnership with States and private landowners and providing much-needed funding for critically underfunded programs. The CARA bill would have done that.

Instead, the Interior Appropriations Conference Report includes a mere shadow of the real CARA.

Instead of providing full permanent funding for the Land and Water Conservation Fund, the Interior Conference Report appropriates only $600 million for one year and only $90 million of that is allocated for stateside funding. The CARA bill I cosponsored would have provided the States with a guaranteed $450 million a year to conduct numerous worthwhile conservation projects, including creating new parks and building soccer fields. The limited appropriation provided by the Conference Report, by contrast, with no guarantees for future years, isn't CARA; it's business as usual.

The bottom line is that Americans like to spend their time outdoors. Over half of all Americans will tell you that their preferred vacation spots are national parks, forests, wilderness areas, beaches, shorelines and mountains. And almost all Americans—94 percent believe we should be spending more money on land and water conservation.

I agree with those Americans who believe that it's time to invest some of the budget surplus in our environment. For years now, we have been telling the tax payers that there isn't any money available for conservation programs and that it's up to landowners to bear the burdens of saving our land and natural resources. Well, in my opinion, those days are over. It's past time for the federal government to contribute its fair share, and the Interior Conference Report falls far short in that respect.

Second, I am extremely troubled by the fact that the Conference Report provides no protections for private property rights. CARA did. The real CARA bill provided an unprecedented level of protection for the private land owner. For example, the Senate CARA bill that I cosponsored expressly prohibited the Federal government from using any CARA funds to implement regulations on private property. In addition, all Federal acquisitions of land through the Land and Water Conservation Fund would have been subject to significantly more restrictions than under current law. Not one of those private property rights protections is included in the Interior Appropriations Conference Report.

Third, I cannot support the language in the Conference Report that establishes a vague new Federal ''wildlife conservation program'' that imposes new, but undefined, obligations on the States and gives broad discretion to the federal Fish and Wildlife Service to define those obligations. The Interior Appropriations Conference Report directs the Fish and Wildlife Service to create a new $300 million state grant program subject only to the approval of the Committee on Appropriations. That is inappropriate.

The Committee on Environment and Public Works is responsible for overseeing wildlife programs; it is our prerogative and responsibility to review, discuss, and ultimately authorize any wildlife program. Yet, this new program was inserted at the last minute, behind closed doors, without any public debate or consultation with the Committee of jurisdiction. For that reason, I must oppose its inclusion in this Conference Report. The concept may be a good one, but this is not the right process or the appropriate vehicle.

Finally, I must oppose the Conference Report because of the adverse impact it will have on thousands of citizens of New Hampshire who depend upon and enjoy the White Mountain National Forest.

When the Senate passed its Interior Appropriations bill in July, it included an important provision excluding the White Mountain National Forest from this Administration's broad policy of prohibiting the construction of all new roads in previously undisturbed areas of national forests, the so-called roadless policy. We excluded the White Mountain National Forest from this ''one-size-fits-all'' roadless policy, not because we want thousands of miles of new roads in the White Mountains, but because these decisions should be made at the local level through the forest planning process, by the people who live near, enjoy, and use the National Forest.

I have deep concerns about the Administration's roadless policy because I believe it is intended to limit public access and legitimate public use of our national forests. But even more importantly, in the context of the White Mountain National Forest, it would specifically override an existing forest management plan that maintains a balance between economic activity, recreation and environmental protection—a forest management plan that was developed through a collaborative process involving state and local government officials, local citizens, and federal officials. I firmly believe that States and local citizens should play a significant role in making the management decisions relating to the forest lands in their communities, including the decisions about roads.

It was for that reason that I strongly supported the language that was included in the Senate bill that allowed the citizens of New Hampshire to make those decisions through the forest planning process for the White Mountain National Forest, rather than simply mandating a blanket roadless policy from Washington, D.C. That important provision, however, has now been dropped from the Conference Report. I believe that Washington D.C.'s roadless policy will hurt New Hampshire. It will have significant economic, social, and ecological impacts. And it will undermine the cooperative dialogue that took place during the revision of the forest plan. Therefore, I cannot support a Conference Report that does not include language protecting the White Mountain National Forest from unnecessary and inappropriate interference from Washington's bureaucrats.

The Interior Appropriations bill passed by the Senate last July also included a specific exemption for North Country residents from the user fees that the National Forest Service charges for access to the White Mountain National Forest. That exemption has now been deleted.

I have long been opposed to user fees in the White Mountain National Forest because I believe it is fundamentally unfair to local residents. In areas, like the North Country of New Hampshire, where the Federal Government owns much of the land, communities lose a significant portion of their property tax base which they need to fund schools and other necessary social programs and infrastructure. Residents in these communities then have to make up the shortfall. The user fee, on top of the loss in local tax revenue, imposes an unfair burden for local citizens. It is wrong for the Federal government to charge local residents in the North Country a fee for enjoying the White Mountain National Forest when they are already subsidizing the Forest.

As I stated at the beginning, there are many good provisions in this Interior Conference Report. I applaud the work that my colleagues have done and appreciate the support they have given to important New Hampshire projects. Therefore, it is with great reluctance that I oppose the Conference Report.

Mr. WELLSTONE. Mr. President, I come to the floor today to speak about two provisions of great concern to my state of Minnesota. While this conference report clearly missed the opportunity to make a historic, long term, commitment to our environmental heritage, I rise in support of this legislation because it does represent an important first step in many conservation accounts, and includes vital funding to restore Minnesota's National Forests.

First of all, I want to make clear that I am disappointed that the full Conservation and Reinvestment Act, CARA, was not included in this Interior Appropriations bill. CARA, as reported out of the Senate Energy and Natural Resources Committee, is landmark legislation that would commit $3

billion annually for 15 years to conservation and natural resource protection. CARA would provide $37.4 million of stable funding annually to the conservation and protection of Minnesota's natural resources.

However the compromise in this bill does not reflect the spirit or intent of the full CARA bill. First of all this Conference report does not guarantee multiple year funding for the states, which was the entire premise of CARA. When it comes to protecting our coastlines (on the North Shore in Minnesota) and open spaces (in Northern Minnesota), expanding our urban parks (in the metro Twin Cities area), or investing in wildlife conservation, the annual appropriation approach has proven not to work in the past and is unlikely to work in the future. In addition, the report does not include dedicated funding for wildlife conservation programs, which puts Minnesota's wildlife conservation needs in competition with other state conservation programs, and makes it possible that Minnesota would receive no funds for wildlife preservation from this legislation. While, overall I am encouraged that this legislation more than doubles conservation funding from the $742 million in the current fiscal year to $1.6 billion in FY 2000, we should not loose sight of the fact that this conference report is clearly no substitute for a full funded CARA bill.

On a related matter, I am pleased the conference committee has restored the balance of the Forest Service's request for Minnesota's National Forests. During consideration of the Interior Appropriations bill, Senators GORTON and BYRD agreed to my amendment to include $7.2 million in additional emergency funds for Minnesota's National Forests. And today the Senate will take an important step that will restore the balance of emergency funds requested earlier this year by the Superior, Chippewa and Chequamegon National Forests' for blowdown recovery efforts.

Furthermore, this legislation includes an important regular, FY 2001 appropriation for the Superior National Forest, that my colleague from Minnesota and I were able to work on together. These monies would be available to the Forest Service next year and are vital to continued recovery efforts in northern Minnesota.

These national forests bore the brunt of a massive once-in-a-thousand year wind and rain storm that devastated parts of northern Minnesota on July 4, 1999. The storm damaged over 300,000 acres in seven counties, including as much as 70 percent of the trees in our national forests, and washed out numerous roads. The damage caused by this storm has severely hindered the U.S. Forest Service's ability to responsibly manage the Chippewa and Superior National Forests.

The most troubling aspect of this storm for the people of northern Minnesota is the continued extreme risk of a catastrophic fire resulting from the tremendous amount of downed and dead timber. Funding provided to the Forest Service through this legislation will be used for immediate and future recovery efforts, and to reduce the threat of a major wildland fire.

The storm has changed affected portions of the forests for years to come and has created new risks and experiences for visitors and residents. Since July 4th, the Superior and Chippewa National Forests officials have been working with state, county, and local officials on storm recovery activities and planning to meet future needs.

Immediately after the storm the Forest Service, in conjunction with State, County and local governments began a search and rescue operation that lasted for 15 days from July 4 to July 19, 1999. Fortunately not a single life was lost in the storm, however there were 20 medical evacuations from the Boundary Waters Canoe Area Wilderness, BWCAW. The most severe case was a broken neck. In addition, the forest Service conducted a search of 2,200 camp sights in the BWCAW to ensure no one was trapped. And finally USFS crews cleared approx. 200 miles of roads, and reconstructed 6 miles of emergency roads.

Once the emergency search and rescue was completed, the U.S. Forest Service turned their attention to reducing hazards that could negatively affect visitors, residents and local businesses that depend on the BWCAW and the National Forests. The Forest Service brought in 191 people including an administrative team and several crews from across the country to return facilities to a safe condition so they could be reopened and used during the rest of the year.

And now the Superior National Forest is proposing to reduce the risk of fire escaping the Boundary Waters Canoe Area Wilderness, BWCAW, by using prescribed burning within the wilderness. The 1.1 million-acre BWCAW, located in northeastern Minnesota adjacent to the Canadian border, is one of the most heavily used wildernesses in the United States.

The proposal is to reduce the increased risk of wildfire associated with the July 4, 1999, storm. The proposed action is to treat approximately 47,000 to 81,000 acres of the wilderness with prescribed fire over a five to six year time period.

The goal of this project is to improve public safety by reducing the potential for high intensity wildland fires to spread from the BWCAW into areas of intermingled ownership, which include homes, cabins, resorts and other improvements, or across the international border into Canada. This will be accomplished in a manner which is sensitive to ecological and wilderness values, and protects fire personnel and BWCAW visitor safety during implementation.

While the Forest Service has been engaged in this work for many months, it is clear that much is yet to be done, and that it is going to take many years to dig out from under the storm and to restore the forest to a more normal and healthy state. However this cannot happen without adequate funding. This is a victory for all of Minnesota, and I am grateful to my colleagues for their support. I am very pleased that the Senate approved the remainder of these badly needed funds today, especially for the people of northern Minnesota, who cannot wait.

Mr. FEINGOLD. Mr. President, I am delighted that the conference report for Interior appropriations before this body today makes a significant investment in Wisconsin's only unit of the National Park System, the Apostle Islands National Lakeshore. The Lakeshore recently celebrated its 30th anniversary on September 26, 2000, and I rise today to express my gratitude to the Senior Senator from West Virginia (Mr. BYRD) and the Senator from Washington (Mr. GORTON) for working with me to ensure that some of the highest priority needs at the Lakeshore are met.

I have been raising the need for these funds since 1998. On April 22 of that year, I introduced legislation, named for former Senator Gaylord Nelson who was the sponsor of the federal legislation that created the Lakeshore, to try to make sure that the Park Service has the funds included in this bill today. This bill helps to fund a wilderness suitability study of the Lakeshore as required by the Wilderness Act. Most of the Lakeshore is managed as wilderness, yet the required study has not yet been completed so that Congress can evaluate whether there is a need for a formal legal designation. This bill retains amendment language that I offered during the Senate consideration of Interior appropriations and provides $200,000 for that purpose.

The bill also provides funds to the Park Service to protect the history Raspberry and Outer Island lighthouses which are threatened by erosion. The 21 islands of the Apostle Islands National Lakeshore have six lighthouses, the greatest number of lighthouses on any property in federal ownership anywhere in the country. They are all at least 100 years old, and many of them are still used as aids to navigation and are in need of Federal help.

By providing funds in this bill to ensure the success of the Lakeshore we contribute to another larger success—our efforts to clean and protect our environment and provide places for people to rest and refresh themselves. I have been very pleased in the willingness of the bill's managers to support

my efforts to draw attention to this park. They have other, bigger parks that also have funding needs. But the managers understood my appeal on behalf of the people of Wisconsin with these funds. They know, as I do, that when the American people sit among the hemlocks on Outer Island, walk along the shore, travel to Devils Island, observe the waters of Lake Superior, they know protection of the Apostles is worth a federal investment.

The investments in the Apostles are authorized investments, part of the requirements that we gave the Park Service when we created the Lakeshore. As delighted as I am that these funds have been included by the managers, I remain concerned about the fact that this bill provides funds and policy direction for unauthorized projects, authorizes new projects and continues to contain a number of policy riders that affect environmental protection. Because these riders remain, I will vote against the bill.

I am concerned that this body is becoming habituated to the practice of environmental legislation by rider. This leaves Members of this body, like myself, who are very concerned about legislation which has the potential to adversely effect the implementation of environmental law, or change federal natural resource policy, with limited options. We must, by either striking the riders, or trying to modify their efforts, do the work of the authorizing committees on the floor of this body. With limited floor time on spending bills, and with the pressure to pass appropriations bills or risk shutting down or disrupting important Government programs, we do not do the best by the environment that we can and must do in our legislative efforts.

I believe that the Senate should not include provisions in spending bills that weaken environmental laws or prevent potentially environmentally beneficial regulations from being promulgated by the federal agencies that enforce federal environmental law.

For more than two decades, we have been a remarkable bipartisan consensus on protecting the environment through effective environmental legislation and regulation. I believe we have a responsibility to the American people to protect the quality of our public lands and resources. That responsibility requires that the Senate express its strong distaste for legislative efforts to include proposals in spending bills that weaken environmental laws or prevent potentially beneficial environmental regulations from being promulgated or enforced by the federal agencies that carry out Federal law.

Every year I hold a town hall meeting in each one of Wisconsin's 72 counties. When I hold these meetings, the people of Wisconsin continue to express their grave concern that, when riders are placed in spending bills, major decisions regarding environmental protection are being made without the benefit of an up or down vote.

When this bill passed the Senate initially on July 18, 2000, I was one of two Senators to vote against it because of legislative riders. I know that the bill managers worked long and hard to keep a number of the most controversial riders, many of which I was concerned about, off of this bill and I commend them for that. However, I am also concerned that there is a category of riders to which we have become habituated: riders on Alaska red cedar, riders on mining regulations, riders on grazing permits. There are also new authorizing provisions in this bill, such as developing forensic laboratory service fees for Fish and Wildlife investigations into wildlife mortality, and a new program to develop a reduced fee program for developing a reduced fee program to accommodate nonlocal travel through the National Park System. Why aren't these matters being discussed in the authorizing committees? These issues may have merit, but I think they should be handled by the committees of jurisdiction.

We cannot continue to put the Appropriations Committee in the position of having to decide which of these riders are more or less important. These measures need to be referred to the authorizing committees, and we need to restore the trust of the American people that we are proceeding with the people's business in a fashion which allows for open debate and actual deliberation.

I yield the floor.

Mr. DOMENICI. Mr. President, I am pleased to rise today in strong support of the conference report accompanying H.R. 4578, the Interior and related agencies appropriations bill for fiscal year 2001.

As a member of the Interior Appropriations Subcommittee and the joint House-Senate conference committee, I appreciate the difficult task before the distinguished subcommittee chairman and ranking member to balance the diverse priorities funded in this bill—from our public lands, to major Indian programs and agencies, energy conservation and research, and the Smithsonian and federal arts agencies. They have done a masterful job meeting important program needs in this final bill.

The pending conference report provides an unprecedented $18.9 billion in new budget authority and $11.9 billion in new outlays to fund the Department of Interior and related agencies. When outlays from prior-year budget authority and other completed actions are taken into account the Senate bill totals $18.9 billion in BA and $17.4 billion in outlays for fiscal year 2001. The Senate bill is exactly at the revised section 302(b) allocation for both BA and in outlays filed by the Appropriations Committee earlier today.

I would particularly like to thank Senator GORTON and Senator BYRD for their commitment to Indian programs in this year's Interior and related agencies appropriation bill. They have included increases of $160 million for Bureau of Indian Affairs education construction, $214 million for the Indian Health Service, and nearly $102 million for the operation of Indian programs.

I commend the subcommittee chairman and ranking member for bringing this important measure to the floor with significant resources totaling $1.6 billion to address the aftermath of the devastating summer and fall forest fires, including my initiative to undertake hazardous fuels reduction activities within the urban/wildland interface to protect our local communities—the so-called Happy Forests initiative.

This bill also includes an important, bipartisan compromise to establish a new Land Conservation, Preservation and Infrastructure Program that will dedicate $12 billion over the next six years to conservation programs. This is an unprecedented commitment to conservation efforts by the Federal Government. I am pleased to support this initiative in its final form.

I appreciate the consideration given by my colleagues to several priority items for my constituents in New Mexico, which are included in the final bill.

I urge my colleagues to support the final version of the fiscal year 2001 Interior and related agencies Appropriations bill, and I ask unanimous consent that the Budget Committee scoring of the bill be printed in the RECORD at this point.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

H.R. 4578, INTERIOR APPROPRIATIONS, 2001, SPENDING COMPARISONS—CONFERENCE REPORT

[Fiscal year 2001, in millions of dollars]

	General purpose	Mandatory	Total
Conference Report:			
Budget authority	18,883	59	18,942
Outlays	17,284	70	17,354
Senate 302(b) allocation:			
Budget authority	18,883	59	18,942
Outlays	17,284	70	17,354
2000 level:			
Budget authority	14,769	59	14,828
Outlays	14,833	83	14,916
President's request:			
Budget authority	16,413	59	16,472
Outlays	15,967	70	16,037
House-passed bill:			
Budget authority	14,723	59	14,782

H.R. 4578, INTERIOR APPROPRIATIONS, 2001, SPENDING COMPARISONS—CONFERENCE REPORT—Continued

[Fiscal year 2001, in millions of dollars]

	General purpose	Mandatory	Total
Outlays	1,693	.....	1,693

[1] The comparison between the conference report and the President's request is skewed because the conference report includes $1.5 billion in emergency firefighting funds that the President indicated he would request, but for which OMB never submitted a formal request to the Congress, so the amount is not reflected in the President's request.

AAAAANote.—Details may not add to totals due to rounding. Totals adjusted for consistency with scorekeeping conventions.

Mr. GRASSLEY addressed the Chair.

The PRESIDING OFFICER. Who yields time?

Ms. LANDRIEU. Mr. President, I am in line for time, but I would be happy to yield to the Senator for 5 or 10 minutes.

Mr. GRASSLEY. Ten minutes.

Ms. LANDRIEU. I just need the 30 minutes that were reserved for me. I would be happy to yield to the Senator from Iowa.

Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Ms. LANDRIEU. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Ms. LANDRIEU. Mr. President, I come to the floor today, as I have many times in the last couple of months, to speak about an issue that is so important for so many Members in the Senate, and our colleagues on the House side, and to supporters everywhere, the Conservation and Reinvestment Act.

We will be voting on the Interior appropriations bill in just a few moments. I plan, with all due respect to those who have worked on this bill—and I acknowledge their hard work—to vote no because it fails to embrace the principles outlined in the Conservation and Reinvestment Act.

I express my respect for the members of the Appropriations Committee. They have a very tough job. They are charged with a great responsibility. While we have disagreed over this particular issue, we have worked together as we have tried and continue to try to reach a bipartisan compromise over this great battle for a legacy for our environment.

In particular, I thank Senator TED STEVENS from Alaska, our chairman, and Senator ROBERT BYRD from West Virginia, our ranking member, who have been very attentive to the calling and the requests of the CARA supporters in this regard. While we have disagreed on this issue, it has not been personal. My remarks today are intended strictly to be constructive and hopefully to help us chart a course to navigate in the future on this important issue.

I will read into and submit for the RECORD the excellent comments from individuals and Governors and mayors reflected in newspapers around our country, literally from the west coast to the east coast, from the south to the north, from interior communities to coastal communities, literally thousands and thousands of positive editorials and articles written about what we are attempting to do. From the State of Illinois, we have had some of our best editorials on this subject, of which the Presiding Officer has been a supporter.

From the Seattle Post, May 18, a few months ago this year, talking about CARA:

It is a bold approach to environmental conservation and restoration. If ever there were a win-win for all the squabbling factions permanently encamped in the corridors of Capitol Hill to argue about the environment, this bill has to be it.

From the Providence Journal, RI, September 19:

Even with the unusual level of bipartisan support that this measure has, it could easily get lost in the last days of an election-year session. Citizens should press Congress to get it on to the desk of President, who would sign it.

While time is short, where there is a will there is a way, and the people of Rhode Island surely believe that.

From the Los Angeles Times, September 18:

This measure should be plucked from the pack and made law.

Chicago Tribune, from the home State of the Presiding Officer:

As Congress churns through its last days before adjournment, one issue of environmental impact should not be left in the dust, the Conservation and Reinvestment Act, or CARA.

The New York Times just last week:

Before adjourning next month, Congress should approve two of the most important conservation bills in many years. One bill, the Conservation and Reinvestment Act, would guarantee $45 billion over 15 years for a range of environmental purposes, including wilderness protection.

Again, from my own paper, the New Orleans Times Picayune, which a few months back, actually, in its frustration in trying to communicate our message, said:

Senators from inland states don't seem to understand why Louisiana and other coastal states should receive the bulk of this environmental money generated by offshore revenues and maybe that is because their states aren't disappearing.

From the Tampa Tribune:

The Conservation Reinvestment Act is a necessary and sensible measure that would allow our nation to safeguard its natural heritage. It deserves Senate support.

Finally, from the Detroit Free Press, one of our most supportive editorials, in June of this year:

One of CARA's most exciting aspects, in fact, is the ability to focus on smaller projects than the Federal Government normally would, including urban green spaces, walkways, small slices of important habitat. For those with visions of a walkable riverfront in Detroit, of selective preservation of natural spots in the path of development, CARA is a dream come true—if the Senators controlling its fate will set it free.

I don't think CARA is going to get set free in the vote that we are going to have in just a few minutes, but that is the process. We will continue our fight. We will continue to talk about this important issue, and we will be organized and ready for next year.

In addition, there are still days left in this session where CARA could be, or something more like it, set free so that we can begin and can continue some of the very important environmental work going on in the country.

Let me say, not all of that environmental work takes place in Washington, D.C. Not all of that environmental work takes place among Federal agencies, although they have a role. A lot of this work takes place in our hometowns all across the Nation, with our Governors' offices, with our mayors and our county commissions, on ball fields and soccer fields, on cleanup days and Earth Days all over the Nation. That is the hope that CARA would bring that will be left on the table today.

I will submit all of these for the RECORD in my closing remarks.

In addition, let me make the point that some people have claimed that the CARA legislation was just helping coastal States. I will submit for the RECORD a wonderful editorial today from a place right in the middle of our Nation, the Kansas City Star, about the Conservation Reinvestment Act, realizing that time is short, but I want to read what they say from Kansas and Missouri:

This is not the time to give up. Despite the apparent bipartisan agreement, this latest version of the Conservation and Reinvestment Act, also known as CARA, should not be the one approved by Congress.

Let us try to unite and find the will to salvage what we can, and perhaps there is a possible way to do that.

Let me read for the RECORD, as I begin closing, a letter to the editor of all the ones that were received, and there were literally hundreds written by many distinguished people from around our country, the one we received that just stood out above all the others was a wonderful letter written by Lady Bird Johnson and by the distinguished leader, Laurance Rockefeller, who is the uncle to our colleague from West Virginia whom we so admire and respect and for whom we have such affection. Laurance Rockefeller is 98 years old. I will read into the RECORD what Lady Bird and Laurence Rockefeller said about the actions we should be taking now:

The 20th century can rightly be called America's conservation century. From President Theodore Roosevelt forward, Americans

began to embrace their land rather than just use it. This ethic of conservation has created, protected and preserved tens of millions of acres of open space in America, encompassing everything from national parks to neighborhood soccer fields.

But conservation is not something that concludes just because a century does. We are not done, nor will we ever be. While protecting our natural resources is often a quiet, steady exercise, sometimes moments of great opportunity arise. We are at such a moment now.

They go on to write:

The U.S. Senate has before it legislation that would do more to protect America's heritage than anything in a generation. The Conservation and Reinvestment Act is in the true spirit of the early conservationists: It plans for the future while solving the immediate; it provides for recreation as well as preservation; it ensures significant state and local input and control; and it has bipartisan support. The House has passed the bill and the Senate Energy and Natural Resources Committee has approved it. With the administration supporting the legislation, all that is needed is Senate action in the remaining days of this Congress.

CARA's origins stretch back to 1958, when President Eisenhower created the Outdoor Recreation Resources Review Commission to conduct a three-year inquiry into America's growing outdoor needs. Its findings suggested a new approach: Not only should the Federal Government step up its lagging land acquisition program to round out our National Park System, but it should also embark on a new venture to provide matching funds that state and local governments could use to meet a broader set of outdoor needs.

In 1964, President Lyndon B. Johnson signed into law a bill creating the Land and Water Conservation Fund, which not only affirmed these commitments but set American conservation on a course it still follows.

The foresight embedded in LWCF—an emphasis on Federal/state/local partnerships, long-term planning, permanent acquisition and urban recreation—was strengthened later in the 1960s by tapping money from offshore oil and gas leases to fund LWCF projects. The wisdom of doing so was strikingly simple: Utilize the exploitation of one public natural resource in order to protect and conserve another. Congress had made a promise and found a way to keep it. And for years, the LWCF worked wonders. More than 37,000 projects have been sparked by the initiative, helping states and localities acquire 2.3 million acres of parkland and adding 3.4 million acres of new Federal lands to our national bounty. The LWCF has funded open space in literally every county in America, and is responsible for everything from helping preserve Civil War battlefields to purchasing land for Rocky Mountain National Park to building the baseball field down the street from your house.

After 15 years of generally faithful adherence to LWCF's unique bargain, Presidential administrations and Congress began to redirect large chunks of fund revenues from their intended purposes to other budget items. Since 1980, more than $11 billion has been diverted from these projects, creating a staggering backlog of Federal, state and local land protection needs.

They continue and write:

We urgently need to restore the promise. That's what CARA will do. CARA represents the first good opportunity in 20 years to set our conservation path back on track. It not only fully funds the LWCF, but also addresses critical needs in wildlife management, urban parks, coastal protection—

Which is so important to my State and to many of our States, particularly Mississippi, Alabama, and all along the east and west coasts—

and historic preservation. Most important, it establishes a dependable source of funding for these programs. The prescience of those who created the fund was that conservation especially could not be a haphazard thing; population growth, the inexorable march of development and simple wear and tear on resources require a permanent commitment. CARA returns us to that premise, providing approximately $3 billion a year and a firm precedent for future funding.

CARA returns us to another important ideal: bipartisanship.

Sometimes that is in too short supply here in Washington.

Republican Don Young of Alaska and Democrat George Miller of California did a masterful job of steering CARA through the House, winning a 315–102 vote. In the Senate, Republican Frank Murkowski of Alaska and Democrat Jeff Bingaman of New Mexico brought the bill out of committee with support from Senators of both parties. In these gridlocked times, CARA's bipartisan treatment is a reminder that policy can sometimes overcome politics.

They conclude by saying:

We hope the full Senate will heed that reminder and act on CARA now.

We have worked as partners on conservation issues for almost four decades. Our hope has always been that American leaders would act so that their children—all children—would have something to look forward to. By reviving the Land and Water Conservation Fund before Congress goes home this year, it can provide just that.

Unfortunately, the bill before us does not do what this vision outlined. It does do many good things, but it falls short of this vision. In the last 10 minutes that I have, I want to finalize my comments by making just a few more points and submit a letter for the RECORD.

According to the Webster's Dictionary, ''legacy'' means something handed down from an ancestor or predecessor or from the past, or to bequeath.

For more than 3 years, many in this body, dozens of Members of the House of Representatives, hundreds of mayors and Governors, thousands of environmentalists and wildlife groups, and millions of Americans have been calling for a true environmental legacy.

Those of my colleagues who will, in a few minutes, support the Interior appropriations conference report will do so for many good reasons. My great friend from Idaho, Senator CRAIG, spoke eloquently yesterday about the money in this bill to fight the wild fires raging across the western plains. That is a very good reason to support this bill.

As the temperature gets ready to dip across America this winter, there is great need for a home heating oil reserve, and that is in this bill. That is a very good reason to support it.

In my State of Louisiana, the Cat Island Refuge, which is the oldest cypress forest in North America—and it may be the only one left—gets money in this bill. The New Orleans Jazz Commission and the Cane River National Heritage Area, the oldest settlement in the Louisiana Purchase, are reasons to support this bill.

However, if anyone here is looking for a true legacy, a long-term commitment to our vanishing coastlines, our disappearing wildlife, and our crumbling parks and historic treasures, you will not find that in this bill.

The true legacy would have been the Conservation Reinvestment Act—a bill which has bipartisan support by a vast majority of the Congress and support from the President of the United States. However, today we will be asked to vote on what really amounts to sort of a CARA cardboard cutout—one that kind of looks like the real thing, but it is really flimsy and hollow, one which fails to deliver the great promise that we had at this opportunity for our children and our grandchildren.

For 3 years, a monumental and historic coalition built around this bill and congressional leaders designed it in a way to merit support across the aisle and across the Nation.

Early on, some environmentalists charged it was a pro-drilling bill. So we clarified the language to make sure it was drilling neutral to gather their support.

I think—and there are some of my colleagues on the floor who can attest to this—that perhaps we failed to go as far as we should have. But I believe we made great strides in meeting the concerns of some of those who claimed that this bill would have compromised private property rights and would have allowed the Federal Government to buy up land without willing seller provisions and congressional approval.

We worked mightily to meet those objectives, and we believe the compromise that we came up with was fair and good along these lines.

I know for the past few years I have cajoled, bargained, and spoken to so many of my friends and colleagues to listen to the merits of this proposal. I am sure on more than one occasion when they saw me coming, they ran the other way. But I believe this is so important that we should take this step now.

When I am asked how we can afford to do this, my answer is simple: How can we afford not to?

Since 1930, Louisiana has lost more than 1,500 square miles of marsh. The State loses between 25 and 30 miles each year—nearly a football field of wetlands every 30 minutes in my State.

By 2050, we will lose more than 600 square miles of marsh and almost 400 square miles of swamp.

That means the Nation will lose an area of coastal wetlands about the size of Rhode Island—about the size of your State, Mr. President. We are about ready to lose it.

In the past 100 years, as so eloquently spoken about yesterday by our colleague from Florida, Senator BOB GRAHAM, southern Florida's Everglades have been reduced to one-fifth their former size.

In the past 30 years, the population of blue crabs in the Chesapeake Bay has been barely hanging on, much to the dismay, I know, of Senator MIKULSKI and Senator SARBANES, who fight vigorously for renewal in the Chesapeake.

In the middle of this century, a boater could look down into Lake Tahoe's depths and see 100 feet. Today that is more like 60, or 70, and dropping every day. Senator FEINSTEIN and Senator BOXER know that CARA could be one of the answers—not the only answer but truly one of the answers to help.

These facts are staggering. More importantly, it will take decades to turn it around.

So let's begin now.

I ask each of my colleagues to put themselves in the shoes of our Governors, our mayors, and our natural resource officials. All of these local officials are charged just as we are with developing long-range strategies to combat vanishing coastlines, disappearing wildlife, and crumbling treasures. But if we don't enact CARA, or something very close to it, a funding stream they can count on year in and year out, their efforts will be marginalized.

The Gulf of Mexico does not wait for congressional approval to claim 30 square miles of Louisiana every year. Hurricanes do not lobby congressional appropriators before they claim precious beaches in Mississippi, Alabama, Florida, and the eastern seaboard. Mother nature does not testify in front of Congress before she floods our parks, eats away at the Everglades, and takes her toll on our historic treasures.

Let us look closely at what we are doing here today. I ask that we not be lulled into believing that this is anything more than a minor downpayment on a debt we owe to our children.

In the past 2 years, I think we have made much progress in recognizing the contribution of the coastal States—particularly States such as Louisiana, Texas, Mississippi, and Alabama—which generate these offshore revenues in the first place.

Because I have received assurances from both leaders, Senator LOTT of Mississippi, and Senator DASCHLE of South Dakota, that both coastal impact assistance and wildlife protection can be addressed in other bills in this Congress, I have withdrawn my objections to final passage of this bill.

Although CARA supporters will lose the vote today, we will grow stronger. We will come back energized and ready to fight for what our country really needs—a true environmental legacy. The coalition knows that this is a downpayment. And, like all who are owed a debt, we will come to collect.

Winston Churchill once said:

> Want of foresight . . . unwillingness to act when action would be simple and effective . . . lack of clear thinking, confusion of counsel until the emergency comes . . . until self-preservation strikes its jarring gong . . . these are features which constitute the endless repetition of history.

Colleagues, let us heed these words. Let us come next year prepared with a willingness to act. Let us think clearly before the emergencies come. Let us not wait until our environmental preservation hangs in the balance. And let us listen to the cause of the American people—people from my State, people from your State, people from all of our States who say they need something on which they can depend—a steady stream of revenue; a partnership that they can depend on to help preserve what is best about America while protecting private property rights, while protecting the great balance between land ownership and land maintenance, while protecting the great needs of our coastline and our interior.

We need a bill that America can grow on and depend on and prosper from in the decades ahead.

I thank again the appropriators for their hard work. I thank the authorizers for their tremendous vision.

Mr. President, I ask unanimous consent to have printed in the RECORD a list of wonderful people who need to be thanked for their efforts and, in doing so, not conceding that there is not still some time left to make some corrections and improvements but recognizing that the time is short and we will continue to pursue this avenue. But this is a list of coalition members from the National Wildlife Federation; Sporting Goods Manufacturers Association; National Governors' Association; the Nature Conservancy; Louisiana Department of Natural Resources; Americans for our Heritage and Recreation; International Association of Fish and Wildlife Agencies that worked so hard on this effort; U.S. Soccer Foundation; National Wildlife Federation; Coastal Conservation Association; Outdoor Recreation Coalition of America; Trust for Public Lands; Coastal States Organization, which Jack Caldwell helped to head up; National Coalition of State Historic Preservation Officers, particularly the Governor of Oregon who was so helpful, and many other Governors; the Wilderness Society; Southern Governors Association; my Governor, Governor Foster, who lent a hand early on; Land Trust Alliance; and the Coalition to Restore Coastal Louisiana.

Those are just a few. There are so many more and I know my time is probably up.

I also ask unanimous consent to have printed in the RECORD the names of many of the staff people who helped make this possible.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

CARA COALITION MEMBERS

Mark Van Putten, Jodi Applegate, Jim Lyon, Steve Schimburg—National Wildlife Federation
Sandy Briggs—Sporting Goods Manufacturers Association
Jena Carter, Diane Shays—National Governor's Association
Tom Cassidy, Jody Thomas, David Weiman—The Nature Conservancy
Sidney Coffee—Louisiana Department of Natural Resources
Tom Cove—Sporting Goods Manufacturers Association
Jane Danowitz—Americans for our Heritage and Recreation
Glenn Delaney, Naomi Edelson, Max Peterson—International Association of Fish and Wildlife Agencies
Jim Range—International Association of Fish and Wildlife Agencies/The American Airgun Field Target Association
Gary Taylor—International Association of Fish and Wildlife Agencies
Herb Giobbi—U.S. Soccer Foundation
Pam Goddard—National Wildlife Federation
Bob Hayes—Coastal Conservation Association
Myrna Johnson—Outdoor Recreation Coalition of America
Lesly Kane—Trust for Public Land
Tony MacDonald—Coastal States Organization
Nancy Miller—National Coalition of State Historic Preservation Officers
Andrew Minkiewicz, Kevin Smith—Governor Kitzhaber of Oregon
Rindy O'Brien—The Wilderness Society
Beth Osborne—Southern Governor's Association
Bob Szabo—Van Ness—Feldman Law Firm
Russell Shay—Land Trust Alliance
Mark Davis—Coalition to Restore Coastal Louisiana

ACTIVELY SUPPORTIVE MEMBERS AND STAFFS

Senator Thomas Daschle—Mark Childress, Eric Washburn
Senator Trent Lott—Jim Ziglar
Senator Bingaman—Minority Energy Committee Staff: Bob Simon, Sam Fowler, David Brooks, Mark Katherine Ishee, Kyra Finkler
Senator Murkowski—Majority Energy Committee Staff: Andrew Lundquist, Kelly Johnson
Senator Mike DeWine—Paul Palagyi
Senator John Breaux—Fred Hatfield, Stephanie Leger, Mallory Moore
Senator Max Baucus—Brian Kuehl, Norma Jane Sabiston, Jason Schendle, Aylin Azikalin, Alyson Azodeh
All democratic colleagues on Energy Committee and Senator Fitzgerald.

Ms. LANDRIEU. Mr. President, I end by saying that sometimes it takes a bold act to receive something on which we can really build. CARA is a bold act.

In a bill with $15 billion, asking for a few hundred million for States and local governments, a few hundred million for our coastal communities, a few hundred million for wildlife, was not too much to ask. I am very hopeful in

the years ahead we can meet the promise of CARA.

I ask unanimous consent to have printed excerpts of editorial support.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

WHY CARA? WHY NOW?

EXCERPTS OF EDITORIAL SUPPORT FOR THE CONSERVATION AND REINVESTMENT ACT

''It's a bold approach to environmental conservation and restoration. If ever there were a win-win for all the squabbling factions permanently encamped in the corridors of Capitol Hill to argue about the environment, this bill has to be it.'' Seattle Post-Intelligencer, May 18, 2000.

''The Conservation and Reinvestment Act has the magic to get through Congress in an election year: money for lots of states, creative compromises and an odd-couple pair of sponsors from the right and left.''—Seattle Times, May 9, 2000.

''Even with the unusual level of bipartisan support that this measure has, it could easily get lost in the last days of an election-year session. Citizens should press Congress to get it onto the desk of President Clinton, who should sign it.''—Providence (Rhode Island) Journal, September 19, 2000.

''This measure should be plucked from the pack and made law.''—Los Angeles Times, September 18, 2000.

''By passing the act, the Senate will demonstrate that in the current prosperity, America is not forgetting its other riches, those bestowed on it by nature.''—San Jose Mercury News, September 17, 2000.

''As Congress churns though its last days before adjournment, one issue of environmental impact should not be left in the dust: the Conservation and Reinvestment Act, or CARA.''—Chicago Tribune, September 16, 2000.

''Before adjourning next month, Congress should approve two of the most important conservation bills in many years. One bill, the Conservation and Reinvestment Act, would guarantee $45 billion over 15 years for a range of environmental purposes, including wilderness protection.''—The New York Times, September 13, 2000.

''One of the most important and comprehensive pieces of conservation legislation in U.S. history deserves immediate passage by the Senate. It is a bill most Americans have never heard of: The Conservation and Reinvestment Act, or CARA.''—St. Louis Post-Dispatch, September 11, 2000.

''This is a rare piece of legislation. Its purpose is clear and simple. Its funding is ready. Its public benefit would be immense, and so would its public support, if anyone could hear about it through the blare of electioneering. All it needs is attention by our senators in the next three weeks.''—San Diego Union-Tribune, September 7, 2000.

''Senators from inland states don't seem to understand why Louisiana and other coastal states should receive the bulk of the environmental money generated by offshore oil revenues. And maybe that's because their states aren't disappearing.''—The (New Orleans) Times-Picayune, July 18, 2000.

''Back in the '60s, Congress set aside $900 million yearly from offshore oil revenue for the Land and Water Conservation Fund to finance purchases of important natural beauty spots. But over the years Congress routinely robbed the fund to spend the money elsewhere, and Iowa was routinely shut out when the remainder was divided. CARA restores the fund and adds much more.''—The Des Moines Register, July 8, 2000.

''This landmark legislation deserves a chance, and it will be a shame if opponents manage to use the clock or unreasonable arguments to kill it. While senators out West worry about the federal government gaining more control over land, those of us who live in Louisiana worry about the acres of coast that are crumbling into the Gulf of Mexico. One fear is speculation, the other is all too real.''—The (New Orleans) Times-Picayune, September 19, 2000.

''The Conservation and Reinvestment Act is a necessary and sensible measure that would allow our nation to safeguard its natural heritage. It deserves the Senate's support.''—The Tampa Tribune, July 7, 2000.

''CARA is considered to be the most significant conservation funding legislation any Congress has ever considered.''—Times Daily (Florence, Alabama), July 10, 2000.

''The Conservation and Reinvestment Act is a strong and balanced realization of the philosophy that government revenues generated by exploiting natural resources ought to be spent, in large part, on protecting resources elsewhere. That's philosophy that Congress has long honored on paper, and should now put into practice.''—The (Minneapolis) Star Tribune, July 3, 2000.

''One of CARA's most exciting aspects, in fact, is the ability to focus on smaller projects than the federal government normally would, including urban green spaces, walkways and small slices of important habitat. For those with visions of a walkable riverfront in Detroit, of selective preservation of natural spots in the path of development, CARA is a dream come true—if the senators controlling its fate will set it free.''—Detroit Free Press, June 27, 2000.

''The most important land conservation bill in many years is now before the United States Senate, and time is running out.''—The New York Times, June 27, 2000.

''It's a reasonable, bipartisan way for America to create long-term funding for conserving our natural heritage.''—The (Salem, Oregon) Statesman Journal, June 14, 2000.

''CARA is a good program that promotes local initiative toward parks, resource conservation and historic preservation. We hope our senators change their positions and give the support it deserves.''—The Idaho Statesman, June 13, 2000.

''We need to make it clear that we, the American people, want the Senate to pass the most significant wildlife, parks and recreation legislation in over 30 years.''—The Pueblo (Colorado) Chieftain, June 11, 2000.

''This is a quality-of-life bill for the future, one that holds enormous promise for the protection of dwindling natural and cultural resources. Passage means benefits for the current generation of Americans, and a chance to continue those gains for generations yet to come.''—The Buffalo (New York) News, May 22, 2000.

''So long as good sense continues to prevail, this legislation may signal the beginning of an era, none too soon, in which environmental impact has a more prominent seat at the table.''—Winston-Salem Journal, May 19, 2000.

[From the Kansas City Star, Oct. 5, 2000]

CONSERVATION MONEY

The proposed Conservation and Reinvestment Act, which would transfer millions of dollars from federal off-shore oil leases to financially starved local and state parks and wildlife programs, is in trouble.

Thanks to a deal devised by congressional negotiators on the Interior Department appropriations bill, the House has approved a pale version of the landmark legislation that earlier had been endorsed by two-thirds of the House, more than half of the Senate and President Clinton.

The President has endorsed this inferior agreement, saying that ''while we had hoped for even more'' he wanted to praise the conservation, wildlife and recreation groups, as well as citizens, who worked so hard for the conservation act.

This is not the time to give up. Despite the apparent bipartisan agreement, this latest version of the Conservation and Reinvestment Act, also known as CARA, should not be the one approved by Congress. It falls far short of the original that has been pushed by conservation groups, cities, counties and states.

Under a strong bipartisan effort, Congress has been on the verge of restoring the money to its rightful uses. Of the $3 billion CARA would provide, Missouri annually stands to gain $34.7 million and Kansas $17.3 million for natural resource preservation and parkland acquisition. Kansas and Missouri cities and counties could use their share of the money to improve state and local parks, purchase land for parks, and other recreational purposes.

The substitute version falls short in the money it would guarantee over the long term. In one example, $350 million annually for nongame wildlife programs has been cut to $50 million.

Senate Majority Leader Trent Lott and Minority Leader Tom Daschle have announced their intention to push to restore CARA to its former self. They are backed by the nation's governors, who have sought significant conservation funding for state needs. The original version is the one that should be passed.

Approval of CARA could be one of the most significant victories of this Congress.

Mr. THOMAS. I ask unanimous consent to take the remaining time of the Senator from Arizona, which I believe is 4 minutes.

Mr. BYRD. Would the distinguished Senator allow me to use 5 minutes of my time as the ranking member on the subcommittee?

Mr. THOMAS. Go right ahead.

The PRESIDING OFFICER. The Senator from West Virginia.

Mr. BYRD. I trust that the distinguished Senator will not leave the floor. I hope he will follow me immediately. If he is in great haste, I will be glad to yield to him.

Mr. THOMAS. Go right ahead.

Mr. BYRD. Mr. President, in the short time available before the Senate votes on final passage of the Interior appropriations conference report, I want to again urge my colleagues to support this measure. It is a good compromise that balances the needs of our parks, our forests, our wildlife refuges, and our trust responsibilities to American Indians, against the resources made available to us. That task—the task of reconciling identified needs with limited resources—is not easy.

I am particularly pleased with the level of funding in this bill for fossil energy research. The new power plant improvement initiative, along with the other fossil energy research programs in the Department of Energy, are critical to this nation's energy security.

Working to curtail our reliance on imported oil, and ensuring that our current fleet of power plants are efficient and environmentally sound, should be the cornerstone of the next administration's energy policy. I can assure the next president, whomever he may be, that I, for one, am ready to assist in that endeavor.

Mr. President, I also wish to take a moment to thank the chairman of the full committee, Senator TED STEVENS, for his interest in this bill, for his continued support, and for his willingness to work with Senator GORTON and me to ensure that we were able to get to this point. In particular, I am grateful for his help in making additional resources available to the Interior subcommittee. Without those resources, we could not have crafted this bill.

Finally, Mr. President, let me again thank my colleague, the subcommittee chairman, Senator GORTON. He and his staff have truly been a pleasure to work with.

When I talk of staff, let me briefly mention my own staff person, Peter Kiefhaber. I believe this is his first bill, first major bill, to assist me on this floor throughout the markup, throughout the hearings. He has done a masterful job as a new person in that position. I thank him and I congratulate him.

I yield the floor now. I yield my remaining time to Senator GORTON.

I, again, thank the distinguished Senator for yielding when he had the floor, to allow me to make this brief statement.

The PRESIDING OFFICER. The Senator from Wyoming.

Mr. THOMAS. I ask to take the 4 minutes that was available to the Senator from Arizona.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. THOMAS. I appreciate the opportunity to visit just a moment on a subject that is very close to my heart and very close to my interests. I am from Wyoming, a State that has open space throughout a great deal of the State. It is the eighth largest State in the United States and still the smallest population. I grew up near Yellowstone Park. Those are things I feel very strongly about.

I want to do two things—one, to comment on the good proposal of the Senator from Louisiana and her passionate defense of it. I understand that. I respect that a great deal. There are some things that are disadvantageous about CARA that we have talked about. One, of course, is the idea it makes it mandatory spending for 15 years. This is an entitlement. As we look at our budget now, about a third of our budget is up to the Congress to allocate. The rest of it is entitlements.

I came from serving in the Wyoming Legislature where the legislature now only has control over 25 percent of the dollars. I think that is a dangerous position, and entitlements become a real problem.

Also, as we look toward the land acquisition, there are a number of things we need to be concerned about in this year's budget. From this administration, there was more interest on the purchase plan than the maintenance plan. We have 379 parks in this country, most of which are in desperate need of infrastructure help, but it seems as if the more popular thing to talk about is the acquisition of more land. Fifty percent of my State belongs to the Federal Government; 85 percent of Nevada in the west along the Rocky Mountain area, most of the land now belongs to the Federal Government.

We asked in committee if we could have some kind of protection in this allocation of CARA of $45 billion, that we would not have any more Federal land; that, indeed, if Federal lands were to be purchased, we would have an opportunity to dispose of some Federal land so there would be basically no net gain. It seems to me that is reasonable. The supporters of CARA were not willing to talk about that.

In conclusion, I think there is a great deal of merit in the bill before the Senate. It isn't, of course, what everyone wants. There are more expenditures to it than some like. It does reflect help however, for the losses that were incurred because of the forest fires—6.6 million acres in the West burned this year and the costs associated and the losses associated there.

I am going to support this bill. I am pleased. I thank the chairman for his good work in getting this bill before the Senate.

I will comment on the fact that not only in this bill but in a number of bills there are authorizations for things I think are inappropriately authorized in appropriations bills. In this bill there are some parks, for example, and set-asides which certainly ought to come from the authorizing committee, not from the Appropriations Committee.

I understand what happens. We get toward the end of the year, and there are things there, people want something to happen and we are in danger of having a lot of that happen in the next week or so. I hope it does not. We have a system where there is an authorization and there is an appropriation.

I don't think anyone in this place is more anxious to have dollars available to do something with conservation, to do something with preservation, to do something with easements, to do something with maintenance of the land we already have, but I think we have to make sure those bills, indeed, have the composition that makes them the kinds of things that we need to have in this Congress and that is to have them authorized yearly or at least in shorter spans than 15 years.

I yield the floor.

The PRESIDING OFFICER. The Senator from Washington.

Mr. GORTON. Mr. President, before I make some general remarks, I will respond to the three—and I think there have only been three—critics of this bill.

For the better part of 3 days, the Senate has indulged in the remarks of the Senator from Illinois over one item out of many hundreds in this bill. Normally speaking, items such as the Lincoln Library are included in bills such as this because the Senators from the States concerned believe they are important and because we believe they are reasonable national priorities. I think I can assure the Senator from Illinois and the body that, had I known we were going to go through this process, there would have been no money for this project in this bill at all. It may very well be there will be no more tomorrow.

I do think a library for Abraham Lincoln's papers in Springfield, IL, is an appropriate project. The State of Illinois and various local entities and individuals are providing the great majority of the money that is going into that project. The Senator from Illinois has engaged in a filibuster, required the vote of 89–8 on cloture, all over the bidding practices with respect to the way in which that project is undertaken, as to whether or not they ought to be Federal bidding practices or the State of Illinois' bidding practices—bidding practices of the State of Illinois that I believe he had something to do with creating while he was a member of the legislature of that body.

Even under the bill as it appears here, the Secretary of the Interior has the authority to review the design, method of acquisition, and the estimated cost, and can deal with anything that the Secretary believes to be untoward in this entire question. But I have to say that to spend 3 days of the time of the Senate on this internal dispute involving Members of Congress and others from the State of Illinois was an imposition on the time of the Senate at any time, but especially when the Senate is attempting to finish many important bills of which this is one, but only one. We will go forward with it at this point. We will pass the bill at this point. I believe the President of the United States will sign it at this point. But I can certainly not remember any other instance in which a Member from a State that is getting a benefit from the bill has looked so carefully at the teeth of a gift horse.

The second question I raise is about some of the criticisms from my good friend, the Senator from Arizona. He complains about money in this bill for carriage barn rehabilitation at the Longfellow National Historic Site. That is a national park site. That is

the very kind of thing that we must rehabilitate. Henry Wadsworth Longfellow, when he lived at his place, had a carriage barn. I don't know whether the Senator from Arizona feels we should let it fall down, but my own view is our first duty is to maintain the national park sites that we have at the present time. The Senator from Wyoming has just referred to that. How that constitutes pork, or a reason to vote against this bill, is, I must say, beyond my understanding.

He complains about dollars for the southeast Alaska disaster fund that he claims were not included in either the House or the Senate bill. In fact, they were included in the Senate bill under a different account number.

He complains about $30 million for site-specific earmarks or emergency funds, one quarter of which turn out to be—slightly more than one quarter—for hazardous fuels reduction activities carried on by Northern Arizona University.

When I was on the floor, he was complaining about the rehabilitation of a fish hatchery in White Sulfur Springs, WV, which was requested by my good friend and colleague, the Senator from West Virginia. Again, I am puzzled why it is we should not provide such office rehabilitation at a site that is a specific function of the people of the United States.

In other words, I don't find those criticisms to have any particular merit whatsoever. This is our business. It is the business of this bill to see to it that the lands and historic sites and facilities of the United States of America are properly maintained. I think one of the great shortcomings, one of the overwhelming shortcomings that we have had in the last few years is that we have not been maintaining these sites to the extent they ought to be maintained. One of the goals, which I have accomplished in this bill, is to increase the amount of money for that maintenance, both in the regular bill and in this supplement to this bill that is the third item of controversy here today.

This bill is criticized by the Senator from Louisiana as not including the full authorization for the so-called CARA bill, the Conservation and Reinvestment Act. She is certainly correct; it does not. That bill is an almost $3-billion-a-year entitlement for some 15 years, the net result of which is that the items included in it are deemed to be more important, should that bill pass the Congress of the United States, than saving the Social Security system, than education, than health care, or any of the other items for which we appropriate every year. In my view, it is utterly inappropriate as an entitlement that automatically comes off the top, before all the other priorities of the people of the United States.

On the other hand, many of the items preferred in that CARA legislation are highly worthy items, items for which this subcommittee chairman is delighted to have what now amounts to a greater authorization. Many of them will be more liberally funded in the future as a result of the proposals that are a part of this bill now.

It is said—it was said in that criticism—that this bill sends all the money through the Federal bureaucracy rather than CARA sending it directly to the States. First, it doesn't send all the money through the Federal bureaucracy. Many of these programs are existing programs that result in formula grants to the States, and others are competitive grants to the States. At this point, the Congress can, through its authorizing committees, change the distribution formula for any one of these programs, either to make them more direct or more focused. CARA, of course, doesn't send all its money directly to the States, either. It does include large amounts for payment to coastal States but they are for new programs which are not even authorized at this point and will not be unless some bill of that nature is passed.

Second, this is criticized by some conservatives for not providing protections for private property. The Interior bill funds currently authorized programs. It doesn't authorize them; it funds currently authorized programs and therefore, by definition, includes every protection for private property that exists in any one of those authorizing laws. If there are shortcomings in this field, it is not the fault of the Appropriations Committee but of the very authorizing committee that presented CARA to us in the first place.

For Federal land acquisitions that are funded by this CARA-lite, in future years everyone is going to be subject to the same process as is used at the present time. They are all going to go through appropriations committees. I can assure my colleagues, I cannot think of a case where this committee has approved a project that did not have the support of the relevant Members of Congress, except maybe for this one in Illinois, which has been the subject of debate for some 3 days. So that objection is simply not valid.

It is also pointed out this bill does not provide States and local governments with a predictable funding stream. You bet your life it does not, and it was not so designed. Why should we give a predictable funding stream for grant programs to State and local governments in precedence to the very programs for which we are directly responsible? We do not have a fully predictable or legally enforceable funding stream for schools. We don't have it for most of our health care programs. We don't have it for research and development programs. We don't have it for a wide variety of the programs that are subject to debate every year. It is just for that reason that we do not have it. They should be subject to debate and revision with respect to priorities every year. That is why we have a Congress.

On the other hand, this new title does provide a decidedly increased likelihood that these grant programs will be sustained and will increase in future years.

What this bill does is to say that if you do not spend this money on the programs outlined in this bill, you cannot spend it on something else, but it will go to reducing the national debt. It is only a couple months. Members on both sides of the aisle vociferously were saying that a reduction of the national debt was the most important single economic activity in which we could engage. Chairman Greenspan was quoted constantly on the floor of the Senate. We forgot that when some decided we needed these ''predictable funding streams,'' that is to say, entitlements which come directly out of debt reduction.

I have never been able to see the logic of a 15-year guaranteed funding stream that could not easily be adjusted if the programs were ineffective or if we went into economic times in which there were higher priorities.

Those are some of the critiques of the particular proposal, additional portions of which are likely to be included in the appropriations bill for Commerce-State-Justice, particularly the oceans portions of it which will be debated later.

Finally, Senator GRAHAM from Florida criticized the bill for not providing adequate funds for national parks. While CARA would have guaranteed an extra $100 million per year for the National Park Service—Mr. President, I am allowed to take time from Senator STEVENS.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. GORTON. The answer is, of course, CARA did not either. CARA gave money to the National Park Service above the line but not below the line, and very likely future Congresses will simply reduce the discretionary portion of that account by the amount guaranteed in CARA itself.

It was at my insistence that this CARA-lite does include an item, I believe $150 million a year, for national park maintenance. I think that is one of the most important elements of the bill itself.

The vote on cloture indicated the broad support for this bill, as did the overwhelming bipartisan vote in the House of Representatives. For that overwhelming bipartisan support, I owe particular thanks to Senator BYRD for helping me in developing the conference agreement and shaping it in a way that merits the support of Members on both sides of the aisle. His new staff minority clerk, Peter Kiefhaber,

has been a tremendous asset during the course of his first year. He has been ably assisted by Carole Geagley of the minority staff and Scott Dalzell, who has been with us on detail from the U.S. Fish and Wildlife Service.

I thank my own exemplary staff: Bruce Evans, who is sitting here with me, Ginny James, Leif Fonnesbeck, Christine Drager, and Joe Norrell, as well as our detailee, Sheila Sweeney, and Kari Vander Stoep of my personal staff. All have also worked so many hours on this bill that I do not dare count them for fear of feeling ashamed. They have worked extremely hard, but they have been successful and have every reason to be gratified with their work.

I note for the record this is the last year in which I will be privileged to work with my counterpart chairman, Congressman RALPH REGULA from the House of Representatives. He will have another subcommittee next year, and I tell you, I will miss him. I have never dealt with anyone in this body or in the other body with whom I have had a more positive and affirmative, constructive working relationship, often with a great many laughs because of his marvelous sense of humor. RALPH REGULA will have left a substantial legacy of increased priority for the maintenance of our Federal lands and facilities and a great approach in a matter of principle.

In summary, this is a popular bill that has every right to be popular because it meets with many of the needs of deferred maintenance for past neglect. It has many projects in it that are of great importance to Members on both sides of the partisan divide in this body and our significant national priorities as well, and will get us through another year with respect not just to these natural resources used in energy research and cultural institutions in the United States but in a way I think worthy and which I recommend heartily to my colleagues.

The PRESIDING OFFICER. All time is yielded back.

Mr. GORTON. Have the yeas and nays been ordered?

The PRESIDING OFFICER. They have not.

Mr. GORTON. I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

The question is on agreeing to the conference report. The clerk will call the roll.

The legislative clerk called the roll.

Mr. NICKLES. I announce that the Senator from Vermont (Mr. JEFFORDS) is necessarily absent.

Mr. REID. I announce that the Senator from California (Mrs. FEINSTEIN), the Senator from Massachusetts (Mr. KENNEDY), and the Senator from Connecticut (Mr. LIEBERMAN) are necessarily absent.

I further announce that, if present and voting, the Senator from Massachusetts (Mr. KENNEDY) would vote ''yea.''

The PRESIDING OFFICER. Are there any other Senators in the Chamber desiring to vote?

The result was announced—yeas 83, nays 13, as follows:

[Rollcall Vote No. 266 Leg.]

YEAS—83

Abraham	Durbin	Mikulski
Akaka	Edwards	Miller
Allard	Enzi	Moynihan
Ashcroft	Frist	Murkowski
Baucus	Gorton	Murray
Bayh	Grams	Nickles

Feinstein	Kennedy
Jeffords	Lieberman

The conference report was agreed to.

The PRESIDING OFFICER. The Senator from Alaska is recognized.

MORNING BUSINESS

Mr. MURKOWSKI. Mr. President, I ask unanimous consent that the Senate now be in a period of morning business, with Senators permitted to speak therein for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

THE HEATING OIL RESERVE

Mr. MURKOWSKI. Mr. President, I think Senator DOMENICI will be seeking recognition. First, I want to take 2 minutes to alert my colleagues to what I think is a very significant issue.

Much has been made of late about the status of the Strategic Petroleum Reserve and the recommendation by Vice President GORE that we withdraw 30 million barrels out of the SPR so we can build up our heating oil reserve. Let me tell you what is happening to that.

The administration forgot a very important detail when they put that oil up to bid for the refiners. They didn't mandate that the crude oil be refined into heating oil or that it be used to build inventories here in the United States for the benefit of the Northeast States that need that heating oil inventories built up.

What will happen to the crude oil or refined product? It will go into the marketplace, and it is going to Europe because Europe is paying a higher price for heating oil than the United States. Currently, 167,000 barrels a day of distillate is exported.

Let me tell you what came out of the Houston Chronicle, and I quote:

> The buyers can do what they wish with the oil, such as sell or swap it, said Department of Energy spokesperson Drew Malcomb, although whoever ends up with the oil has to get it out of storage by the end of November.
>
> The extra crude won't result in any additional heating oil because all the heating oil facilities already are operating at maximum capacity, Brown said.

There you have it. You have an administration that said we had an emergency, we had to go into SPR, address our heating oil situation, while sending a message to the Mideast that we are reducing our savings account. Then we find we may not build up our domestic heating oil inventories at all with this oil, it is going up for sale into the market and ending up in Europe because the administration didn't mandate that if you bought the oil, you had to keep it here in the United States.

Senator STEVENS and I have experienced some demands relative to our inability to move our oil out of our State.

It is inconsistent to me that the administration could make such a poor business deal. We have not accomplished anything with SPR. We have simply increased our exports of heating oil. I think it is a charade.

I thank my colleague from New Mexico. But I did want to call that to your attention.

Mr. President, I ask unanimous consent to have printed in the RECORD an article from the Houston Chronicle entitled ''Oil from Reserve in High Demand'' and two tables on distillate exports.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

OIL FROM RESERVE IN HIGH DEMAND—BIDDERS GRAB 30 MILLION BARRELS

(By Nelson Antosh)

Trading companies and refiners looking for a good deal on crude have snapped up all 30 million barrels that the federal government is releasing from the Strategic Petroleum Reserve.

The Energy Department announced Wednesday that 11 companies, some of them with names little known even within the industry, had submitted the best bids for the oil being held underground in Louisiana and Texas.

The buyers in effect promised to return to storage 31.56 million barrels between August and November of next year, thus paying a premium of about 5 percent.

But by using the futures market, the successful bidders will be able to pay back with oil cheaper than what it is today, even if the real market price for crude may be higher by then.

''A good transaction for value,'' said Mary Rose Brown of Valero, a San Antonio-based company that will be refining its federal crude. The difference between Wednesday's futures and the payback cost is $3.25 per barrel, she said.

The futures price for next October is $28.53, said Kyle Cooper of Salomon Smith Barney in Houston, who reasons that all the reserve sale does is ''move around crude.''

In contrast to next October, the sweet crude contract for next month settled Wednesday on the New York Mercantile Exchange for $31.43 per barrel.

The buyers can do what they wish with the oil, such as sell or swap it, said DOE spokesman Drew Malcomb, although whoever ends up with the oil has to get it out of storage by the end of November.

Valero will be taking 1 million barrels of sour crude from the Bryan Mound storage site near Freeport and splitting it between its refineries in Texas City and Freeport.

That crude will be co-mingled with other supplies and be made into a full range of products, including gasoline.

The extra crude won't result in any additional heating oil because all the heating oil facilities already are operating at maximum capacity, Brown said. Valero even shifted some of its distillate output at a New Jersey refinery from premium-priced jet fuel into home heating oil.

''The product will go where the market is,'' said Malcomb, although he said his agency would prefer that it be refined into heating oil and be shipped to the Northeast.

Vitol, a trading company in Houston that also owns a refinery in Canada, will get 1.05 million barrels of sweet crude out of a storage site in Louisiana and 550,000 sour barrels out of Bryan Mound.

The company will apply for an export license, but logically it is a better value if sold along the Gulf Coast, said a Vitol employee who preferred not to be identified.

Marathon Ashland Petroleum LLC, a Houston-based venture that is a major refiner, was the high bidder on 2.4 million barrels of sour crude and 1.5 million barrels of sweet crude.

The DOE did not release the amounts that individual companies promised to return to the reserve, because that could influence any future sales.

Morgan Stanley Dean Witter of New York was the high bidder on 2 million barrels.

Lesser known names were Euell Energy of Aurora, Colo., which was the high bidder on 3 million barrels, Burhany Energy Enterprises of Tallahassee, Fla., also with 3 million barrels, and Lance Stroud Enterprises of New York with 4 million barrels.

Equiva Trading, which is a Houston-based alliance between Shell and Texaco, will get 2.5 million barrels. A spokesman could not be reached late Wednesday.

Elf Trading, also based in Houston, is getting 1 million barrels.

The largest quantity, 6 million barrels, was won by BP Oil Supply Co., in Warrenville, Ill.

''Every barrel we can get into the market in the next few weeks reduces the risk of a shortage of heating oil and diesel fuel this winter,'' said Secretary of Energy Bill Richardson in a news release. ''This is good for consumers and good for our nation's long-term security,''

Some have criticized releasing oil from the Strategic Petroleum Reserve as a political ploy to get more votes in the Northeast, where heating oil is widely used.

TABLE 5. U.S. YEAR-TO-DATE DAILY AVERAGE SUPPLY AND DISPOSITION OF CRUDE OIL AND PETROLEUM PRODUCTS, JANUARY-JUNE 2000

[Energy Information Administration/Petroleum Supply Monthly, August 2000; in thousand barrels per day]

Commodity	Supply				Disposition				
	Field production	Refinery production	Imports	Unaccounted for crude oil [a]	Stock change [b]	Crude losses	Refinery inputs	Exports	Products supplied [c]
Crude Oil	E 5,851		8,655	432	64	0	14,787	87	0

Still Gas		652	0		0			0	652
Miscellaneous Products		53	(s)		(s)			(s)	53
Total	8,201	16,900	10,783	432	256	0	15,952	992	19,117

[a] Unaccounted for crude oil represents the difference between the supply and disposition of crude oil. Preliminary estimates of crude oil imports at the National level have historically understated final values by approximately 50,000 barrels per day. This causes the preliminary values of unaccounted for crude oil to overstate the final values by the same amount.

[b] A negative number indicates a decrease in stocks and a positive number indicates an increase in stocks.

[c] Products supplied is equal to field production, plus refinery production, plus imports, plus unaccounted for crude oil, minus stock change, minus crude losses, minus refinery inputs, minus exports.

(s) = Less than 500 barrels per day.

E = Estimated.

LRG = Liquefied Refinery Gas.

— = Not Applicable.

Note: Totals may not equal sum of components due to independent rounding.

The PRESIDING OFFICER. The Senator from New Mexico.

Mr. DOMENICI. Mr. President, I understand I have up to 20 minutes as if in morning business.

The PRESIDING OFFICER. Ten minutes.

Mr. DOMENICI. I ask unanimous consent for up to 20 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. DOMENICI. I understand Senator SESSIONS would like to follow me with 5 minutes, if there is no objection.

Mr. REID. Mr. President, reserving the right to object, the Senator from New Mexico wishes to speak for how long?

Mr. DOMENICI. Up to 20 minutes.

Mr. REID. We have the Senator from Alabama, and we have Senator BRYAN who wishes 10 minutes. I ask that, using normal procedure, we have a Republican and a Democrat. I ask that Senator BRYAN be the last speaker for up to 10 minutes.

Mr. DOMENICI. Mr. President, I assume we need Senator SESSIONS' concurrence.

Mr. SESSIONS. That is all right with me. I respect that. Senator BRYAN will be the last. I defer to him.

Will the Senator restate the agreement? The Senator from New Mexico has 20 minutes, Senator BRYAN has 10 minutes, and I have 5 minutes.

Mr. REID. That is correct.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

TAX RELIEF PROPOSALS

Mr. DOMENICI. Mr. President, I put a little editorial up here, and I hope I made it big enough that those who photograph what we talk about here can see it.

I want to read this paragraph in yellow, and I want to speak to Vice President GORE's constant harping about the 1 percent of the American taxpayers getting too much of a tax break. I would like to do that for about 10 or 12 minutes.

But first, let me suggest to the middle-class American people who have been waiting for a tax cut that if you elect Vice President GORE, you can wait perhaps forever because, as this editorial says, he might say over and over and over—maybe as many times as he said ''1 percent'' the other night—that he is for middle-income Americans getting a tax break.

But this is the Washington Post—not the Washington Times or the Albuquerque Journal—that says:

> If Mr. Gore believes middle-class people need a tax break, he might better give them one—and let them decide how to spend the money. If he believes the Government should do more to promote education, he could do so more effectively with truly targeted spending programs rather than with tax credits that, for example, go to those who could and would pay for tuition in any case along with those who need the help. But for political reasons, the Democrats, as in 1992 and 1996, believe they need to cloak their programs in the language and form of tax cuts. One result would be an ever more complex Tax Code.

The truth of the matter is that the Vice President of the United States spoke the other night about the unfairness of the tax proposals of George W. Bush.

I just want to start by correcting one thing for sure. There are no middle-income tax cuts in Vice President GORE's proposal—the last time he spoke to it, the second time he spoke to it, and the time he sent us an 81-page budget. There are no middle-class tax cuts. Why? Because he chooses to say to the American people: If you do this with your money, you get a credit; if you do that with your money, you get a credit.

But for those who do not do this or that because they don't have any children to put in day care or they don't have any of the other things they need that he wants to give them tax credit for, the overwhelming percentage of the middle class gets zero.

That is maybe what we ought to be talking about whenever he says 1 percent. Perhaps we ought to say middle-class people, zero; middle-class Americans, zero—maybe 16 times, as he did the other night in referring to ''1 percent.''

Having said that, I want to talk about the progressive taxes the American people pay and the progressive system we live under because I believe there are millions and millions and millions of Americans who have not been told what our Tax Code is and have not been told what George W. Bush's tax proposals would do. Let me try that for a few minutes.

I just told you what the Washington Post said about his tax proposals. In essence, even when he chooses to help—that is, the Vice President—the middle-class Americans, he chooses, I say to my friend from Alabama, to tell them how to spend the tax cut.

That is the essence of the difference between the across-the-board cut of George W. Bush and the Vice President, although he has much less on the tax side, in any event—the Vice President—but he chooses to say: Mr. and Mrs. America, I don't want you to have a $1,500 tax cut if you are making $60,000 or $50,000. What I want you to do, if you want to take advantage of what I want you to do, if you do one of these five or six things as we have said, you will get a tax break.

If you are Mr. and Mrs. America, you might say: I don't need any of those taxes. Why don't you just give me my money and let me spend it?

That is one of the very big differences between the two parties at this point, as indicated by this editorial.

In 1992 and 1996, Vice President GORE again chose in behalf of his colleagues to say: We want to give you a tax cut, but do not misunderstand; you have to use it our way or you don't get it.

Is there anybody in America who thinks a tax cut should be used only the way the Federal Government wants them to use it? I don't think they even understand a tax cut to be that. But you can rest on it, that is what he is talking about—not a single middle-income tax cut—zero. I repeat.

I would like to talk a little bit on what has happened to the Tax Code of the United States.

Mr. President and fellow Senators, we have the fairest and most progressive Tax Code any country has ever lived under. Let me tell you what it does today.

If anyone wants one of these, I will gladly give them one. The Internal Revenue Service gives us the information, and the Joint Committee on Taxation, which is a combined committee, gave us this information.

Let me talk about the 1 percent.

Fellow Americans, 1 percent of the taxpayers of America—1 percent—currently pay a shocking 33 percent of the taxes.

Let me repeat, Mr. President. On the income tax side, the top 1 percent of Americans pay 33 percent of the taxes that America collects from income. They are rather wealthy. They make $250,000 and over, and 1 percent pays 33 percent of the taxes.

Let me right off the bat give you an astonishing number. If you are to adopt George W. Bush's across-the-board tax cut, guess what percent the top 1 percent will pay then? Remember I said, right now under our very progressive code, they pay 33 percent of all the taxes we collect.

I say to my friend from Alabama, it is a startling revelation. After we cut

everybody across the board, as George Bush suggests, the top 1 percent will pay 34 percent total taxes. In other words, their portion of the total taxes will go up 1 percent, not come down. Isn't that interesting?

So everyone understands who is rich and who isn't and who pays a lot of taxes and who doesn't, let's talk about the top 10 percent of taxpayers. Most people watching and most people visiting are in that bracket because the top 10 percent of the taxpayers are people earning $79,000 or higher. How much of the total taxes collected by America from income does the top 10 percent pay? I am sure, unless someone has studied it, in your wildest guess you will not conclude this. Sixty-seven percent of the income taxes collected come from the top 10 percent of the people in this country who are earning $79,000. Imagine.

Can anyone imagine a fairer system if you want to tax people who earn money than to have 1 percent of the population that makes substantial money pay 33 percent of the taxes, and the top 10 percent of 79 and higher pay 67 percent? Frankly, it is obvious to me our Vice President is, once again, running on an issue that has been tried before, and we are very grateful as a nation that it has never worked. He is practicing the art of class warfare. He wants to make sure Americans do not trust the capitalist system where people might make more money, one versus another, depending on what they are doing, what they have invested in, and for what they have taken a risk. He wants to make the issue that the top 10 percent, which pays 33 percent of the taxes, does not deserve to be looked at when we look at cutting taxes for Americans.

I am quite sure that sooner or later the American people are going to catch on that everybody who pays taxes gets a tax break. So nobody will have a misunderstanding, if you don't pay taxes, you don't get a tax break. I think that is pretty fundamental. There are many millions of Americans working for a living who do not pay any U.S. income tax. Right off the bat, when you speak about giving other people who are earning less tax breaks, we have to understand a very large percentage of Americans don't pay any taxes. They may think they are paying a lot because they are paying Social Security taxes, and neither candidate is recommending, from what I can tell, that we dramatically reduce the Social Security—other than George W. Bush saying let's investment 2 percent. Otherwise, I haven't heard anybody saying that onerous Social Security tax is the one that ought to be fixed.

Let me repeat, when the tax plan is in place under Mr. Bush, the top 1 percent will pay $4 trillion in taxes when we have finished the tax across-the-board cut. Let's give that again: That top 1 percent will pay $4 trillion in income taxes, and it will be 34 percent of the new income taxes that we are taking in.

What will that $4 trillion buy that 1 percent of Americans are paying in taxes? It will buy all of the following: All of our defense programs, welfare, food stamps, child nutrition, State child health insurance. We just picked some programs. That top 1 percent will pay for all of that out of what they pay in income taxes.

If Mr. GORE continues to refer to this top 1 percent as public enemy No. 1, then I can only say that the top 1 percent are high-income folks; the top 10 percent earn $79,000 and above. One group pays 33 percent of the taxes; and the other group pays 67.

What should we do? Should we say because they pay 67 percent of the taxes but they make $79,000 or more they should get no tax reduction? If you are going to have a tax reduction because you have a giant surplus, let's be fair and say the American Tax Code is fair. We ought to continue to be fair, leave it as fair as it was, but make sure we understand the top 10 percent deserve some tax relief, since they are paying 67 percent of the tax.

Let me also suggest that the bottom rung of wage earners and taxpayers in America—so there is no misunderstanding about my progressivity comment that we have a progressive code—the bottom 50 percent pay 4 percent; the bottom 50 percent of our earners pay 4 percent of the taxes of America.

I think we have a pretty fair system. In fact, it is very heavily skewed towards those people making $79,000 or more. But George Bush, from what I can analyze, intends to leave it the same. It will come out like it is in terms of progressivity, excepting that those in the top 1 percent, by a coincidence of reducing the total tax take, will end up paying 34 percent instead of 33—even if we give them a tax break.

I do believe it is rather authentic when the Washington Post says to Vice President GORE, if you want to give the middle income a tax cut, give it to them. Don't tell them what they must use it for in order to get a tax credit or tax break. That is not very American. Why should the Government tell wage earners, people who are making money in the American system, what they must do with their income if they want a tax break? I thought if you were going to give it back, you would give it back to them so they can spend it.

I will discuss another issue, Mr. Vice President. I don't come today to the floor to talk about the case of the schoolgirl in Florida who had to stand for one of her first days of classes this fall because $150,000 worth of computers had yet to be unboxed. That is one of the statements made by our Vice President in his debate. It is now, today, authentic, that is not a true statement. The people from that school and that school district have denied it. I think by this hour the Gore campaign has said it is a mistake.

The Vice President said essentially in his own words that the analysis of his budget from the budget experts who work for this Senator, the chairman of the Budget Committee, although they happen to work for me, what they produced as the estimate of the cost of his budget ideas would use up the entire surplus and $700 to $900 billion of the Social Security surplus. He said something like, it is not worth the paper.

I have analyzed with this same staff many budgets. They have come out as right as anyone around. They said before the Vice President put his entire package together, that if every single program he advocates would get funded—it is 200 or more new programs—there will be between 20,000 and 30,000 new Federal employees.

Incidentally, when the Vice President takes great credit for shrinking the Government and says we have reduced the number of people working for the Government, it would be good to note that 90 percent of the shrinkage of Federal employees is because the military was reduced. Between 85 and 90 percent of that entire personnel reduction is from military reductions.

But let's get back to this. That budget staff said there are 200 new programs in the Vice President's ideas for America. They also suggested to me it is a new era of big government, excessive government, and obviously huge increases in what government will do.

I laid that before the Senate in this report. It is as correct today as it was then. And, indeed, we have now seen Vice President GORE's plan all in one package. They reanalyzed it and said their original estimate is right, that he would have to spend the surplus to pay for his entire budget. We will have that report next week in an edition similar to this one, in which each program is analyzed and we tell the American people either the Vice President is suggesting myriad programs he does not intend to do or intends to do less than he said because if he is going to do what he says in his last written proposal, you cannot do those programs without spending all of the surplus and part of—not all of it but part of the surplus that belongs to Social Security.

I close by saying the Vice President Tuesday night talked a lot about the lockbox. Isn't it amazing that Democrats, including the Vice President, talk about the lockbox as if they invented it; they pursued it; they are the ones who really advocated it and kept it alive. I want to say this is one time when Senator DOMENICI has to say: That is not true. It came out of the Budget Committee and I was the first Senator to suggest it. The proposal I suggested has never been voted on to

this date because it is a real lockbox. It really makes it tough to spend either Social Security—and if you want to use the same format for Medicare, that is fine. But let's get it straight. We have been trying to get a lockbox passed up here from our side. Whatever we propose is either too strict, too rigid, doesn't have enough flexibility for the Treasury Department, or something. But let's make sure everybody understands we started the idea; we pursued it with great vigor. It is now part, I believe, of what we believe. Whether we get it passed or not, in our form, I believe everybody around here is going to be frightened to death if a Budget Committee says: Hey, this budget is spending Social Security surplus money. I believe we have that ingrained in our minds because the public expects it.

Mr. President, I yield the floor.

The PRESIDING OFFICER. The Senator from Nevada.

Mr. REID. Mr. President, before the Senator from Nevada takes the floor, I ask unanimous consent following the Senator from Alabama, Senator DURBIN be recognized for a half hour in morning business.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from Nevada.

Mr. BRYAN. Mr. President, this morning's Washington Post features an article entitled ''Iverson's Bad Rap Is Well-Deserved.''

It is a story about one of the Nation's high-profile National Basketball Association stars who is about to release a rap CD that encourages gun violence, degrades women, and blatantly bashes people because of their sexual orientation. The National Basketball Association, the Philadelphia 76ers, his team, Mr. Iverson's record label, his coach, and every fairminded person should condemn this kind of so-called entertainment for the trash that it is. Clearly, these are not the kind of messages that one of the NBA's leading and most talented players should be sending to tens of thousands of kids who watch him play and may idolize him.

I fully respect Mr. Iverson's first amendment rights, but clearly the message he is sending encourages violence and implicitly condones it, hardly the kind of conduct one would expect from a celebrity whose conduct is admired by many of the Nation's youth.

What makes this particularly objectionable is the fact that Mr. Iverson and many of his other incredibly talented colleagues in the NBA are specifically marketed by the NBA itself as superheroes to our kids. The NBA is ultimately in a business to make money, and that is fine. They use their stars to promote their teams. But one would hope the NBA would exercise good judgment in choosing the athletes they select to promote because many of these athletes use their stardom to, again, promote themselves and to use that same kind of marketing appeal. And when the message, as in this case from Mr. Iverson, is both hateful and dangerous and is absorbed by all too many of our Nation's youth, it is a vicious cycle that the NBA should end immediately.

The NBA has the power to pick and choose which athletes they are going to market and promote. They should exercise sound judgment and discretion before encouraging this kind of promotion and the reprehensible message it sends.

A few weeks ago I joined with many of our colleagues, both in committee and on the floor, in condemning some of the media produced in Hollywood, some of the videos, some of the violence that so often invades the Nation's television audience. We should also condemn this kind of conduct as well. When the NBA promotes these questionable athletes, they assist them in their quest to become wealthy media darlings, and that only helps other media outlets such as record companies and movie studios to exploit their now already famous personalities. In fact, Mr. Iverson's record company is apparently planning to use the NBA's very well publicized All-Star weekend to release the uncensored—and one could only conclude even more objectionable—version of his soon-to-be-released CD.

Again, it is ultimately going to have to be up to the NBA as to who they promote and market and who they do not. But they need to realize if they continue to promote and market athletes who use their league-endorsed celebrity to promote or incite violence or the degradation of more than half the Nation's population, they will continue to bear a great deal of responsibility for the consequences of these actions.

I find it somewhat incredible that the Philadelphia 76ers' own coach has said, according to the Washington Post article, that he does not have a problem with Mr. Iverson's CD. That is nothing more than a cheap copout, and the NBA, the Philadelphia 76ers, and his coach should immediately condemn this outrageous, dangerous, and hateful message.

Let me give an example of one of the lyrics that is on this CD. Mr. Iverson says on his CD if someone is ''man enough to pull a gun/Be man enough to squeeze it.''

In addition, he also advocates the murder of gay men on his new CD.

I am told that a wire report has been circulated this afternoon indicating that Mr. Iverson has apologized to gay men and to women for the hateful language contained in his CD. I call upon Mr. Iverson to do more than that; to ask, as a responsible American, as a role model, which he styles himself to be: Let's not issue this CD. Let's recall it. That would be the kind of conduct we should ask and expect of Mr. Iverson.

There are many athletes in America who do provide the kind of role model all Americans can endorse—the Cal Ripkens and the Tiger Woods in the World. These are the kind of people who send a very positive message about the value of the work ethic and the commitment to standards. All of us admire that kind of conduct. If Mr. Iverson is deemed to be a role model for America's youth, I suggest that the youth of America is in serious trouble.

Michael Wilbon also had a very interesting response to this subject in the Post this morning. I commend it to my colleagues as well.

Mr. President, I ask unanimous consent this article be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

IVERSON'S BAD RAP IS WELL-DESERVED

(By Michael Wilbon)

Like a lot of other folks who care about basketball, I keep waiting for Allen Iverson to grow up. I keep waiting for him to lift some weights and get stronger so that he can better withstand the pounding he takes. I keep waiting, hoping for him to realize that games are often won at the previous day's practice, which he may or may not have attended. I keep hoping that he is old enough now—25—to understand there's a world of difference between being a great talent and a great player, between somebody who's got game and a champion. I keep waiting for Iverson to understand that the notion of being a role model goes way beyond a lot of people walking around town wearing your jersey.

But here we are, at the start of NBA season No. 5, and Iverson seems no closer to getting any of this than he did four years ago. Maybe he's further away. My vigil appears to be in vain.

NBA camps have just opened, and Iverson is in the news already, again for the wrong reasons. The story with sizzle is the controversy over a soon-to-be-released rap CD on which Iverson does what the majority of thug rappers do: He demonstrates that he, too, can bash gays, degrade women and talk about shooting somebody. That's the genre. It's pretty clear how this breaks down; if you're under 30 (regardless of race, nationality, gender), chances are overwhelming you're a lot more open to thug rap than if you're over 40. I'm 41, and most rap doesn't speak to me, doesn't move me whatsoever. But I do listen to it enough to know that lyrics Iverson's spewing on ''Non-Fiction'' are fairly common.

That doesn't mean people won't be offended, and legitimately so. Iverson's rap on gays, as reported earlier this week in the Philadelphia Inquirer: ''Come to me with faggot tendencies/You'll be sleepin' where the maggots be.'' He also raps, ''Man enough to pull a gun/Be man enough to squeeze it.''

This is a young man who in the same breath will tell you he is a role model? Sadly, he is probably right on the mark. And sadly, the hip-hop community seems to get a pass on gay-bashing and misogynist behavior.

Given what this kid has been through in his life, and that the present environment existed long before he came along, many of

us have extended Iverson the benefit of the doubt. He's about used it up. It's not about his twisted lyrics, specifically. It's about squandering talent, it's about being a self-absorbed egomaniac whose position in the culture isn't nearly as big as he thinks it is. It's about never listening to anyone, and having no regard for anything that doesn't revolve around him and his. Kinda like the very dead Notorious B.I.G. and Tupac, which I'm sure Iverson would take as a compliment.

I thought Iverson was getting somewhere when he said earlier this week, ''The whole time I've been in the NBA, I haven't been professional at all. I always looked at it like it was just basketball. This year will definitely be the best season I've had since I've been in the NBA. I owe it to myself and my family and my teammates to be a better player.

''I'm concentrating on basketball. I haven't been working on my game as serious as I should've. I have the raw talent. this is going to be the most important year of my career because all eyes are on me this year. Everybody's wanting to see if I can be the captain, if I can be a leader, if I can be professional besides playing basketball, and if I'm up to the challenge. I'm ready for it because it's something I can do.''

But the longer you listen to Iverson, the more you realize he's disconnected from the world we live in, even the world he lives in. The attitude is: I can be late or miss practice whenever I want because I'm Allen Iverson, The Answer, and the team don't have nothin' if it ain't got me. And if you make a big deal out of me cussin' the coach and standing up my teammates and getting fined 50 times in one season, then you must be a punk 'cause I'm tough and you ain't.

Iverson is ticked off because the 76ers tried to trade him because he repeatedly is late to practice, if he shows at all. You know what his take is? ''That's embarrassing to hear that an organization is thinking about trading its franchise player because he's tardy to practice.''

Of course, it never occurred to him that it ought to be embarrassing for the franchise player to be tardy repeatedly. That wouldn't cross his mind. ''You're going to send me to the worst team in the league?'' he asked incredulous at the possibility of going to the Los Angeles Clippers, apparently unaware that players a whole lot more accomplished than he is (Wilt and Kareem to name two) were traded in their prime.

Truth be told, the Clippers don't want Iverson. Several teams have turned down the chance to trade for him and here's why: They're afraid he'll never get with the program—anybody's program. He plays his heart out every time he puts on a uniform. For those 48 minutes, there isn't anything he won't do to win a basketball game. He'll sacrifice his body, he'll do the dirty work some superstars don't want to do. But the great players in any sport know it only starts there. And that's what Iverson hasn't grasped. You know what he said this week about his repeated tardiness, which by the way has angered his teammates?

''Yeah, I was late to practice, but, believe me, [the number of] times that I heard nobody would put up with that. I'm not even brave enough to miss that many practices.''

So how many, Allen? ''I don't know; I wasn't counting. Don't nobody complain about the effort I give in a game. [Given the injuries and pounding he takes] it's bad enough I had to come to the game.''

Iverson went on to say he was ''hurt hearing some of the things the fans were saying, some of the things people on the coaching staff were saying. I thought a lot of people in this organization were my friends and I found out the hard way that there's no friends in this business besides your teammates.''

I guess those would be the teammates for whom he won't come to practice on time. I guess those would be the friends who have begged him for years to get his act together to try to realize there are obligations that come with an $80 million contract. If they're not sucking up to him, they're against him, they don't understand him, they're not as tough as he is.

Folks under 30 are tired of people my age wanting Iverson to be Bird or Magic or Jordan, and that's understandable. Different time, different place, the world evolves. But I'm looking at Kevin Garnett now, at Ray Allen, at Tim Duncan, at Shaq and Kobe Bryant. There is a new generation of players trying to be all they can be. And they have fully developed lives outside of basketball.

Iverson, meanwhile, raps one thing, but his actions speak even louder. It's everybody else's fault, it's the coach's fault, it's the system's fault. He says he is going to change. It reminds me of Bob Knight saying he was going to change. I'm hoping Iverson is different because he's more than 30 years younger than Knight; he can grow up if he wants. But maybe it's more important for him to talk loud while saying nothing.

Mr. BRYAN. Mr. President, again, let me urge the NBA and the Philadelphia 76ers to step forward and be heard. They will say: Look, we cannot control Mr. Iverson's conduct. That may be true. But they have an obligation, a responsibility to speak out and to condemn such conduct, even if they are unable to control it. So far, either they have, by silence, acquiesced, or they have to acknowledge that they find nothing wrong with the CD.

I find that both troubling and tragic if that is the standard we are to follow.

Again, the NBA, the Philadelphia 76ers, and their coach ought to speak out loud and clear and indicate this is not the kind of conduct they expect from one of their star athletes and to be as critical of it as I know Americans are in general.

Mr. President, I yield the floor. I believe some of our other colleagues have reserved time.

The PRESIDING OFFICER. The Senator from Alabama.

Mr. SESSIONS. Mr. President, I thank the Senator from Nevada for sharing those serious concerns. It was not long ago that a group of us wrote the major department stores in the country asking them not to sell this violent material to minors, and they responded as good corporate citizens.

They said: We have a constitutional right to sell it, but we are not going to do it. Either we are not going to sell it at all, or we are going to make sure children produce an ID so we know they are old enough to buy the material. I thought that was a good corporate response.

Yes, the NBA may not legally be able to stop this stuff, but they ought to express their concern about it. The Senator makes a valid point, and I salute him for it.

(The remarks of Mr. SESSIONS pertaining to the introduction of S. 3169 are located in today's RECORD under ''Statements on Introduced Bills and Joint Resolutions.'')

Mr. SESSIONS. I yield the floor.

The PRESIDING OFFICER. The Senator from Illinois.

ORGAN DONATION IN AMERICA

Mr. DURBIN. Mr. President, before I address the issue that I would like to speak to this evening, I would first like to acknowledge a press conference which was held today, and one which I believe could have some significance across the United States. It was a press conference here on the lawn of the U.S. Capitol. In attendance were Senators BILL FRIST of Tennessee and Senator DEWINE of Ohio—both Republican Senators—as well as my Democratic colleague, Senator CARL LEVIN and I.

What would bring together two Democrats and two Republicans in rare agreement here in the close of a session? It is an issue which, frankly, transcends party and transcends region. It is the issue of organ donation in America.

Mr. President, 72,000 of our friends and neighbors are sitting by a telephone across America at this very moment waiting for the phone to ring to be told that there is an organ available to be donated to them which could save their lives—72,000. In my home State of Illinois, there are 4,500 such people. Sadly, 300 of them will die before they receive the phone call that an organ is available.

So last year I joined with Senators FRIST, DEWINE, LEVIN, and KENNEDY, and half a dozen other Senators from both sides of the aisle, to try to address this on a national basis. We came up with the concept that this Thanksgiving in the year 2000 will be designated ''Give Thanks, Give Life Week,'' where we will try to alert families across America, as they come together for Thanksgiving, that they should take a few moments of time in that festivity and just perhaps talk to one another privately about their feelings about organ donation.

We were lucky to have the endorsement of this effort by the National Football League. At 17 different NFL games on Thanksgiving Week, they will have ''Give Thanks, Give Life'' activities.

Today, we had at this gathering on the Capitol lawn, Connie Payton, who is the widow of the great Chicago Bear running back Walter Payton. Of course, he died in November of last year from liver disease. He might have been saved by a liver transplant. She has really dedicated her life since trying to work for children and for organ donation in his memory.

Connie is a wonderful lady who has been on television in public service spots across Illinois with our Secretary of State, Jesse White, for the past 6 or 7 months. She really is well respected for her efforts.

Joining her were representatives of the National Football League from the Washington Redskins and from the Tennessee Titans. It is going to be a great opportunity across America to use what is a great family get-together to remember the very basic: If you want to give thanks, you can give life with an organ donation.

So I hope a lot of my colleagues in the other NFL cities will be part of this and will participate. In Chicago, we are going to set up tables in Soldier Field for those who want organ donation cards and to encourage people to sign their driver's licenses. At half time we are going to bring out a bunch of kids and older folks who successfully received organ transplants.

At this meeting, we had Jon Hochstein, a 5-year-old boy from Virginia. He had a heart transplant a year and a half ago, and he looks like he will play in the NFL some day.

It is a great miracle, but it can't happen without organ donors. Those of us who made that commitment, and have made it known to our families, stand at least the possibility to bring a lot of joy to families.

Mr. REID. Will the Senator yield?

Mr. DURBIN. I am happy to.

Mr. REID. The Senator from Illinois and I came to the House of Representatives together 18 years ago. I was placed on the Science and Technology Committee, and the first subcommittee I was on was chaired by Representative ALBERT GORE. One of the first hearings that he put together as chairman of that subcommittee dealt with organ transplants. That was 18 years ago. Maybe the Senator can remember the very noted hearing that he held, beginning a discussion on organ transplants.

Mr. DURBIN. I was at the same hearing.

Mr. REID. I say to my friend from Illinois, do you remember little Jamie Fisk whom he brought in?

Mr. DURBIN. I do.

Mr. REID. He was yellow.

Mr. DURBIN. Jaundiced.

Mr. REID. He needed a liver transplant. As a result of that hearing, Jamie Fisk got a liver transplant. It began a discussion in our country that the Senator from Illinois has carried on all these years about why we should be aware of the need for organ transplants.

I was not aware the Senator was coming to the floor today to speak about this subject. But my mind returns to that very dramatic hearing that went on for many hours. It was the first of its kind.

I would say, in passing, and ask the Senator if he agrees with me, that this is like AL GORE to begin something like this. He is a visionary. And this goes back long before anyone ever anticipated or thought that AL GORE would be a Member of the Senate, certainly not Vice President, and not running for the Presidency.

Mr. DURBIN. I agree with you.

But I remember it well because I was lucky enough to serve on that same subcommittee. I remember that testimony as if it were yesterday. It was amazing that this issue was brought forward. We have done so much.

Our Republican colleague, who is a medical doctor, Senator BILL FRIST, was a former heart and lung transplant surgeon. He came down here. He talked about how he used to carry around in his pocket the names of 10 or 12 people who needed an organ donation. He would go through the hospital to see if there were any families with a loved one who was about to pass away who would even consider that. He said since he stopped that practice a few years ago, the number of organ transplants has been increasing each and every year. But it can't continue unless there are more donors.

I hope this ''Give Thanks, Give Life Week'' around Thanksgiving will become an annual event. I want to really salute the National Football League and Paul Tagliabue, the Commissioner, for all the support they have given us. They have at least given it the kind of sendoff we hoped to achieve. Connie Payton, who was here the other day; Mark Moseley, who is a former most valuable player in the NFL; Bill Brundage, who was also a lineman for the Washington Redskins—they all came out here to endorse the concept.

Many times, people in sports can come forward and spur a lot of folks to take seriously what politicians, such as ourselves, may not be able to impress upon them. So this meeting today was a good one.

TAX CUTS AND THE PRESIDENTIAL DEBATE

Mr. DURBIN. Mr. President, I also come to the floor today to talk about an issue that came up the other night during the course of the Presidential debate. I did a television show last night called ''Crossfire.'' Some people probably have seen it. It was typical. It was kind of a controlled shouting match, you might say, on ''Crossfire,'' with Republicans on one side and Democrats on the other. Mary Matalin, who is from Illinois, and has been quite well known for her chairmanship of the campaign for George Bush's election as President, was there representing the Republican side. Of course, we had Bill Press on the Democratic side. We talked about the debate.

The interesting thing to me was, the analysis of the debate by these commentators kind of came down to what I consider to be fairly superficial questions: Did George Bush show disrespect for AL GORE when he brought up the whole question about fundraising? Did AL GORE show disrespect for George Bush when he shrugged or was guilty of audible breathing?

I thought to myself at one point, is that as good as it gets in a Presidential campaign in America? We can listen to 90 minutes of debate and wonder if someone perhaps cleared their throat at the wrong time, or shrugged their shoulders, or someone else brought up a word or two that might have crossed the line.

I think it is worth a lot more for us to have these debates. I think it is important that all of us who are in this business—Republicans and Democrats—take it as seriously as the American people want to take it.

What I hear from people across the country is, we are looking for political candidates who speak candidly, honestly, openly, and truthfully. Tell us what you believe, even if we might disagree with it, so we can draw a conclusion about you, not just our ideas about you.

The issue that AL GORE came to the debate to talk about is one which was addressed a few moments ago by our colleague, Senator PETE DOMENICI of New Mexico. I listened carefully because I really respect this man. For years, when I served in the House of Representatives on the Budget Committee, and now on the Senate Budget Committee, I have watched PETE DOMENICI. He has gone after the deficit like a tiger and for years and years was admonishing Congress to cut spending, trying to bring down our deficit. He continues in that effort.

As a consequence, I wish he were here on the floor. I told him I was going to bring up this issue. I wish he were here on the floor so we could have a little debate about the proposed tax cuts of the two candidates, AL GORE and George Bush, and the impact it would have on America.

I think that is the point that AL GORE was trying to make the other night in the debate. There really are two clear choices. Both parties are for tax cuts, but they are entirely different approaches. The American people get to take their pick whichever they think is best for the future of this country and fairest for the taxpayers.

Frankly, I think the choice is very stark and very clear.

Let me show you, as an example, this chart, which demonstrates George Bush's proposal. It is true, we are at the point in our history where we are going to have a surplus; more money coming into the Federal Treasury than going out for the next 10 years.

The amount of that surplus will be somewhere in the neighborhood of $4.8 trillion—a huge amount of money. It sure is a far cry from just a few years

back when we had, year after year, deficit after deficit. But, thank goodness, we are now living in an era of projected surpluses. We can start thinking about doing things with that money that will be good for the Nation.

The first thing you have to notice out of the $4.8 trillion surplus over the next 10 years is we have all agreed—Democrats and Republicans—that $2.6 trillion of the $4.8 trillion will not be touched. That is a surplus in the Social Security funds. We have said that is off limits. Nobody gets to touch the Social Security fund. So you start off with a 10-year surplus of $2.2 trillion, which I have indicated on this graph.

Then we take a look at the projection, first from George Bush, as to what you might do with that. Well, there will be a surplus as well in the Medicare trust fund, the hospitalization plan for the elderly and disabled, of about $360 billion. We think that should also be off the table. We should not touch it. We know Medicare won't last forever, and we want it to be solvent. So if you take away that amount, you are down to $1.8 trillion over the next 10 years.

Then, of course, you take the proposal of George Bush for tax breaks of $1.3 trillion, and you find that you have $500 billion left over the next 10 years.

Then George Bush has also endorsed other Republican tax breaks, such as the estate tax, the marriage penalty tax, the telephone tax, a whole variety of tax breaks which total $940 billion. Now we find ourselves in short order in the deficit category again. If you do all these things, you are back in the deficit world.

Then take a look at proposals by Governor Bush for additional spending on a variety of things—the military, education, whatever it happens to be—$625 billion, and that brings the deficit to a total of $1 trillion over the next 10 years. Then there is the proposal by Governor Bush that suggests we should privatize Social Security. That would cost $1.1 trillion. So add that to the $1 trillion, and now you have $2.1 trillion. With added interest costs of these additional debts of $400 billion at the end of 10 years, you started off with a $4.8 trillion surplus and now, at the end of it, under the George Bush plan, you have a $2.5 trillion deficit.

None of us wants to see a return to those deficits. So the alternative which has been proposed on the Democratic side by Vice President GORE suggests a much more reasonable approach: Start with the same $2.2 trillion, the non-Social Security surplus; protect the Medicare trust fund, $1.8 trillion; targeted investments, $530 billion. What is that for? Additional medical research at the National Institutes of Health, more money for our schools, environmental protection, cleaning up some of the environmental waste sites across America. Now add in the prescription drug benefit under Medicare, which we support on the Democratic side. You are now down to $943 billion.

Then we bring in our tax cuts, $480 billion worth of tax cuts, which I will describe in a few minutes. Then after you have reduced interest, you have a net of $310 billion on the plus side. You are not back in deficit land again. You don't see the red ink on this chart. You are still above the line. You still have a surplus.

The Vice President has suggested that we should put this in a rainy day fund because, frankly, all of these economic projections are just guesses about the future. If we guess wrong, we should have a rainy day fund for emergencies. The good news is, as we address this approach, by the year 2012, we will have eliminated, under Vice President GORE's proposal, the publicly held national debt in America.

What does that mean? It means that the debt being held by folks who own treasuries and securities in the Federal Government will have been retired. And if that is retired, then it means less competition for capital, lower interest rates, more opportunity for businesses to expand and families to borrow money for mortgages. It also means that our kids will not be carrying the burden of the national debt on their shoulders. I don't think we can leave our children a better gift. Those who would suggest that a tax cut is a much better deal miss the point.

The best deal is for us to eliminate the publicly held national debt, have targeted tax cuts, and end up with a surplus at the end. To find ourselves, as Governor Bush has proposed, running into all of this red ink from his proposals would be a recipe for disaster. We would not only still have our national debt, we would be adding to it. I don't think that does our kids and grandchildren any good whatsoever.

When AL GORE said repeatedly the other night that the Bush tax cut spends more for the wealthiest 1 percent than the total that he wants to spend on education, defense, health and prescription drugs, that is exactly what the figures show. The tax cuts proposed by George Bush for the wealthiest 1 percent of Americans, $667 billion worth of tax cuts, are greater than the investments he wants to make in defense, health care, education, and prescription drug benefits combined. It is his choice. In this business of politics, it is a business of choices. I think it is important for us to reflect for a moment on the distribution of those tax cuts proposed by George Bush.

This was a point raised earlier by Senator DOMENICI. I am sorry that we didn't have a chance to be on the floor together so we could explore what we are talking about.

Who are the people who make the top 1 percent of income in America? They turn out to be folks who make more than $319,000 a year. That is $25,000 a month. I don't expect people to hold up their hands if they happen to be in that category. When you talk about those who need a tax cut, does it spring to your mind automatically that this is the first group we should care about, that 40 or 50 percent of all the tax cuts ought to go to people making over $25,000 a month? Boy, that sure doesn't calculate in my mind.

And the Bush tax cut, the average tax cut for those people making over $319,000 a year, is $46,000 a year. That is the Bush tax cut for the top 1 percent. You go down to people in the lower income categories and you see that it is small change. If you are making less than $14,000 a year, George Bush thinks you need a tax cut, too, $42 a year. If you are making less than $24,000 a year, it is up to $187 a year; under $40,000 a year, $453 a year.

As you look at this, you have to ask yourself a question: Is it really important for Members of Congress to feel the pain of the wealthiest people in America or perhaps to identify with a lot of middle-income and working families who are struggling with the necessities of life?

I come to this job believing that our responsibility isn't to the wealthiest. I think they are doing pretty well. America has been pretty prosperous for the last 8 years, more economic prosperity than at any time in our history. And it shows. People are living better. They are saving more. They are enjoying a better lifestyle. To think they need a tax cut at this moment in our history rather than to eliminate the national debt, rather than to provide tax cuts for people in lower income categories, is beyond me.

There are some interesting statistics, too, about what has happened to Federal tax rates since Bill Clinton and AL GORE took over. There was a statement made frequently by Governor Bush that he wants to cap the total Federal tax rate at 33.3 percent. He said no one should pay more than a third of their income in Federal taxes. That is an interesting proposal. But as you get into it, this is what it says. Let me give you an idea.

For middle-income families, since the Clinton-Gore administration took office, the total Federal tax rate has dropped to 22.8 percent, the lowest rate since 1978. So telling those folks we are not going to let your taxes go beyond 33.3 percent, they are already doing well. Tax rates are coming down. We want to continue to see them come down with more targeted tax cuts. For families with incomes of $24,000, the tax rate went from 19.8 percent in 1992 to 14.1 percent in 1999, the lowest tax rate since 1968.

So when the suggestion is made that the Federal tax rate won't be any higher than a third for anybody, it really

goes back to the highest income categories. That is his shorthand version of saying: I want to give a tax cut not to working families but to people at the highest income categories. What George Bush is challenging is basically the idea of a progressive income tax, something that we really agreed on almost 80 years ago in America.

We said, if you are well off and you are doing better, you should pay a higher tax rate than people who are struggling to get by. Every President has gone along with that from the beginning, Democrats and Republicans alike. But the arguments coming from Governor Bush at this point suggest he doesn't believe that. He believes we should reduce the rate for the wealthiest people in the country and not provide similar tax relief for those who are in lower income categories.

It would be a virtual windfall, in terms of tax benefits, for some of the wealthiest people in America. Honest to goodness, should we be on the floor of the Senate and in the House dreaming up ways to make Bill Gates' life more comfortable? I don't think so. How about Donald Trump? I think he is doing okay. I watch the way he dresses and his lifestyle. I don't think he will need this $46,000 from George Bush. In fact, if he receives it, he may not even notice it.

When we talk about tax cuts on the Democratic side, we are talking about things that working families will definitely notice. Let me give you some ideas of the things we have come up with that we think are targeted tax cuts consistent with keeping the economy moving forward and helping everybody, not just a few. The Republicans criticized these, but that is what campaigns are about.

On the Democratic side we believe the No. 1 concern of working families is paying for their children to attend college. You can look at kids coming out of college who are $15,000, $20,000 in debt, and higher. Parents wonder, for goodness' sakes, how can we save up enough for this child to be able to go to college. I did a survey in Illinois. Over the last 20 years, college tuition in public and private universities in my State has gone up 200 to 400 percent. So it is understandable that there would be anxiety among parents as they try to think about how they are going to pay for college.

Well, Vice President GORE and the Democrats have suggested that up to $12,000 of college tuition and fees should be deductible on your taxes. You can't do that now. We think you should. That would be a helping hand to working families who want their kids to go to college and acquire the best skills, but they don't want them loaded down with debt when they graduate. It is simple, straightforward, honest, and popular. I have been across my State, which is split down the middle politically. I have yet to run into a crowd that didn't applaud that suggestion. They know, either through their kids or their own life's experience, that this is the sort of thing that works. I went to Rockford College in Rockford, IL, and I asked them, ''What is the average indebtedness of your graduates upon graduation?'' They said, ''It's $20,000 after getting out of school.''

If the Gore plan for education expense deductions were in place, that student would graduate with a debt of $4,000 or $5,000, instead of $20,000. And if you have accumulated college debt, you will be able to claim a tax credit for the interest that you have to pay on it. So I think that is the kind of targeted tax cut that makes more sense, rather than giving Bill Gates $46,000 a year, which he won't even notice.

Secondly, a lot of people are concerned about day care. I understand now with a grandson—and Senator REID and I were talking about our grandkids earlier. I have a 4-year-old grandson, and my daughter and son-in-law are concerned about quality day care and the cost of it. We want Alex to have the very best. But it gets expensive. A lot of families can't afford the best. So we give a tax credit for day care, but it is not adequate. It doesn't meet the need. A lot of families struggle and worry. They are hoping that the kids they pick up at the end of the day will be better off than when they left them, but they are never sure.

Wouldn't it make more sense for us to have a greater tax credit for day care? A lot of working families would applaud that. Kids in a better environment have a better chance to be healthy and safe and to succeed. So that is a targeted tax cut which has been supported by Vice President GORE and supported on the Democratic side.

A third one relates to long-term care. This is one that virtually all of us face as our parents get older and need additional attention. We may find, perhaps, that a visiting nurse, or some sort of convalescent care, or assisted living situation is the key for happiness for a person you love very much, a parent who has given you their entire lives. But it is expensive, and there are a lot of out-of-pocket expenses involved when a conscientious family cares for an aging parent or grandparent.

As the Democrats have proposed, I think a tax break for those engaged in long-term care assistance for their parents and relatives is a sensible investment. Today, at a town meeting which we have every Thursday—Senator FITZGERALD and I—for visitors from Illinois, a young lady talked about her little boy who suffered from autism and how, after all of the efforts by the school district and her health insurance, she and her husband still had to borrow from relatives and take out of pocket to care for their disabled little boy. She said to me: Why in the world can't I get help under the Tax Code for that?

I think she is right. Doesn't it make more sense for us to make sure the Tax Code is sensitive to people's real needs in raising their families?

When these folks are making a sacrifice for their children, shouldn't we be there to help them along? That is the difference. On the Democratic side, we target the tax cuts as I have just described. On the Republican side, they say, no, we think the wealthiest top 1 percent in America should get 42.6 percent of the tax breaks; those making over $300,000 a year should get $46,000 a year in tax breaks. And, frankly, they disparage our approach as being ''too selective.'' Well, it is true; our tax cuts do go for specific purposes, but they are purposes with which real families can identify.

So when the debate started disintegrating into a question about who was clearing their throat, or shrugging their shoulders, or glaring at whom, I thought there is much more at stake in this election. I hope in the closing weeks of the election—and the Vice Presidential debate is tonight, and the Presidential candidates will debate on two more occasions in the next few weeks—we can get down to business here. I think there is a clear choice on so many issues.

I haven't mentioned prescription drugs, and I would like to do that for a moment. There is such a dramatic difference between the approach that George Bush proposed for prescription drugs and that by proposed by Vice President GORE. Did you know the Bush proposal, in the first 4 years, would depend on each State enacting a prescription drug benefit? That's right. Every single State would have to enact the law and do it their own way. That means just a handful of people will be assisted. In Illinois, over a million people might qualify for prescription drug help, but because of the way the law is written, only 55,000 actually do. It is limited to a certain number of diseases and certain drugs. Frankly, that doesn't do the job. As a consequence of that, you will have a lot of people left behind.

Governor Bush says for 4 years we will let the States take care of it, if they want to. Some States already have prescription drug benefit plans. Illinois is one of them, but Texas is not. So the State of Texas, where he is Governor, hasn't even enacted a prescription drug benefit plan. And now George Bush says we will leave it up to the States and they can show the initiative and leadership when it comes to prescription drugs for 4 years. Then, at the end of 4 years, things get very interesting under Governor Bush's plan. It is at that point he says we will take it away from the Governors in the States and put it in the loving and caring

arms of a group which we know America trusts the most—insurance companies. Insurance companies.

So the decisions on the prescription drugs won't be made by doctors, nurses, or health care professionals. Once again, they will be made by clerks at insurance companies, who will decide which drugs they are going to put in their formulary, their accepted prescription drugs, and which ones they will not. They will decide the premiums and how much the copay will be. You will decide on your own how much help you will get. If you happen to be making a certain amount of money, you may not qualify for any assistance whatsoever. That is the George Bush plan. That is his approach. He says it gives you maximum choice. You get to pick your own insurance company. What a break. Then your insurance companies get to pick the drugs which you may be allowed to take.

Contrast that with the Democratic plan, supported by AL GORE. He says this ought to be a voluntary universal plan under Medicare. There is your choice. The private insurance companies versus Medicare. That is the choice I think a lot of people don't understand is really before us in this Presidential election. GORE believes in a prescription drug benefit under Medicare that is universal, voluntary, and available for everybody. Bush says to first give it to the States, let them work with it for a while, and then give it to the insurance companies and let them take it over. That is the choice. It is no choice at all. Under the Gore plan, the Medicare prescription drug benefit plan, your doctor will be prescribing your drugs. Medicare will help you pay for them. Under the Bush plan, the health insurance company will decide which drugs you can apply for and how much you pay in premiums.

I don't think that is much of a choice. I think back to 1965 when I was a student. I can remember the debate under Medicare. The Republicans opposed the creation of Medicare. It was Lyndon Johnson's idea that they called socialistic, the Great Society, so forth and so on.

Look at where we are today, 35 years later: A health insurance plan for the elderly and disabled which has lengthened the lifespan of senior citizens and which has brought dignity and independence to their lives. Medicare is a system they trust. When AL GORE suggests that prescription drug benefits should be under Medicare, seniors say: We feel at home with Medicare. We know how it works.

Do seniors who voluntarily sign up have to pay a premium? Of course, they pay for Medicare now. It is understandable. They will be making a monthly payment. But look at the peace of mind they buy for $50 a month. They realize there is a maximum amount they will have to pay each year for prescription drugs. If a medical catastrophe comes along, they know they are not out on a limb and unable to fill those prescriptions if they need to.

When it comes to tax cuts and prescription drug benefits, what a clear contrast between the two candidates for President of the United States. Elections are about choices.

Many of our friends on the Republican side of the aisle, frankly, who didn't have much of an inclination toward these issues are now discovering these issues. They are now newfound converts to the idea of prescription drug benefits. They have come up with a plan, which is interesting, about the reimportation of drugs after they have been sent overseas. You know a lot of drugs made in the United States go to other countries and they are sold for a fraction of the cost. The question is, can you bring them back into the country, buy them at a fraction of the cost in Canada and Mexico, and bring them back in the United States? I support it.

It really shows how far this system has disintegrated when the drug companies sell drugs in Canada for a fraction of what they cost consumers in the United States, where the drugs were developed with taxpayers' money through the NIH and inspection by the FDA and others.

This reimportation of drugs from other countries, as appealing as it sounds, can't possibly solve the problem. It is impossible to believe that American drug companies will just be shifting drugs overseas on a wholesale basis and expect Americans to import them back into the United States. At some point, they will slow down the sales overseas and they will take control of the situation.

The only real answer for a prescription drug benefit under Medicare is for the Medicare system to bargain with the drug companies for reasonable prices and costs for these drugs. That is really a key issue in this campaign and a key difference between the two candidates.

I know this is likely to come out tonight in the debate between our colleague, Senator JOE LIEBERMAN, and the former Secretary of Defense, Mr. Cheney. But I don't believe this is the end of the debate. I think it will continue on the Senate and House floor in the closing days and weeks of this session. Ultimately, the American people will be the judge. We have asked the American people in many polls which approach they prefer, and they say, hands down, that the Democrats understand Medicare, understand prescription drug benefits, and understand how to bring tax cuts that work for working families so that prosperity is there for everyone and not just a few.

(Mr. SMITH of Oregon assumed the chair.)

Mr. REID. Mr. President, before the Senator yields, may I ask the Senator a question? Did he say the top 1 percent of the people in the Bush tax cut get almost 50 percent of all the benefits?

Mr. DURBIN. That is correct.

Mr. REID. Did the Senator also say there are a number of converts during the last few months on issues that we have developed? Take, for example, the Patients' Bill of Rights. Isn't it true that in this body, on a straight party-line vote, there was a Patients' Bill of Rights in name only? The majority, the Republicans, passed a Patients' Bill of Rights. But is the Senator aware of what is in the Republicans' Patients' Bill of Rights that is good for the American people?

Mr. DURBIN. I can respond in this regard. I know the Republican so-called Patients' Bill of Rights was so good that the insurance companies approved of it and embraced it and endorsed it. Frankly, it is supposed to be a law that protects consumers against the excessive attitude and conduct of these insurance companies. Excuse me if I am skeptical, but this bill is endorsed by the lobby that is supposed to be fighting for the Patients' Bill of Rights. I smell a rat. Maybe I shouldn't use that term in light of the political campaign that is going on. I suggest perhaps that it not a real Patients' Bill of Rights.

Mr. REID. Is the Senator also aware that a Republican Member of the House of Representatives, a medical doctor from the State of Iowa, who looked at the bill we passed in the Senate, which the Republicans passed over objection, denigrated that bill? I repeat: Is the Senator aware that a Republican House Member from Iowa who is a medical doctor has stated that the bill passed out of here by the Republicans is bad?

Mr. DURBIN. That is Congressman GANSKE of Iowa. There was a bipartisan coalition in the House that endorsed the Democratic bill, the one that really works, the only one endorsed by virtually every medical group in America that understands patients ought to have the benefit of a doctor's judgment, not an insurance company's judgment, when it comes to critical health care.

They have created their own Trojan horse, this phony bill on the Patients' Bill of Rights. Honestly, I think the American people are going to see through it.

Mr. REID. I say to my friend from Illinois that it is possible to do work around here on a bipartisan fashion. That was demonstrated by Congressman NORWOOD, a Republican, and Congressman DINGELL, a Democrat. Congressman DINGELL is not a medical doctor. It is a good bill. Does the Senator agree?

Mr. DURBIN. It is a good bill. It is almost identical to the bill the Democrats had in the Senate.

I think the Senator from Nevada is also aware that we now have a new

Member in the Senate from the State of Georgia who is committed to supporting our bill. We are now at a point where we believe that bill could pass.

Mr. REID. Is the Senator aware that we have not been allowed, through parliamentary maneuvers over here, to have a vote on the Patients' Bill of Rights? But we now have, obviously, a new Member who will vote in favor of it.

Mr. DURBIN. The Republican leadership in the Senate doesn't want to allow a vote on the Democratic Patients' Bill of Rights, almost the identical bill that passed in the House, because they know it would pass and it would be an embarrassment to them. The Democrats would win that battle. I don't think the people at home care whether the Democrats win or the Republicans win. They want families to win. This is an example where families would win, where you could have protection.

Let me give an example. I am sure the Senator is well aware of this. If a woman in the course of a pregnancy is going to her obstetrician, and because there is a change of insurance companies at her employment, she is asked to go to a different HMO, we provide that she can continue with the same doctor's care, in whom she has confidence, through the completion of her pregnancy. I think it is common sense and good medical judgment. I think both sides could agree on it. That is part of our Patients' Bill of Rights.

It says if you are going to the emergency room with a child, you don't have to check in the glove compartment, pull out the insurance policy, and go through it page by page to get the right hospital. It says if somebody at an insurance company makes a wrong decision and you lose your life or your health, they can be held accountable, as every business and person in America is held accountable.

Those are some basics in the Democrats' Patients' Bill of Rights. The Republican leadership does not want that issue to come to the floor because they now know we have the votes to pass it. They have blocked us every step of the way.

Mr. REID. Is the Senator also aware—which I am certain he is, but I would like to hear his response—that the Democrats' Patients' Bill of Rights is something unusual as far as this Senator is concerned, because we have the support of literally every organization in America: the AMA and the American Bar Association? I can't remember these two organizations ever agreeing on anything. Virtually the only organization that opposes this legislation is a health insurance company.

Does the Senator acknowledge that?

Mr. DURBIN. That is the reason a Patients' Bill of Rights hasn't passed in the Senate. It is not a question of what is right and popular, what the people want, and what health care professionals say will be best for the future of health care. It is a question of political muscle. The insurance companies have more political muscle in the Senate. They have stopped us from bringing this bill to the floor for a vote.

Shortly we will adjourn and go home with a lot of unfinished business. This is one of them. We came this close to doing it, but the Republican leadership said: No, we are not going to allow the Patients' Bill of Rights to come to the floor for a vote. That is an illustration of their insensitivity to what people in this country really care about: good health care. This Congress has not responded to it. In many respects, this Congress couldn't care less. That is sad because it is our responsibility, as representatives of the people of the States who elect us to listen to their needs and to respond to them. We have been totally unresponsive because of the efforts of the Republican leadership.

Mr. REID. If the Senator would also answer this question; it was brought up indirectly by the Senator's last statement. One of the things we have not done here is do something about campaign finance reform. As we are talking all over America, there are 30-second and 1-minute spots being run by this group, that group, the Democratic Party, Republican Party, and independent groups. The American public is beginning to get almost punch drunk as to who is advertising what.

Does the Senator think it would be one of the most important things we could do as a body and as a Congress to get this campaign finance problem under control, such as getting rid of soft money? Does the Senator think it would help the body politic to have campaign finance reform? We have been prevented from this by the majority.

Mr. DURBIN. The Senator is right. The efforts of our colleague, Senator RUSS FEINGOLD, and Republican Senator JOHN MCCAIN are well documented. AL GORE has said: As President, the first bill we will send the Congress is the McCain-Feingold campaign finance reform. The first bill he will accept is a bipartisan bill to deal with campaign finance reform.

If we cannot come to grips with the abuses of the campaign finance system, several things will occur. The special interest groups, which rule the corridors of Congress and continue to rule the campaigns, will set the agenda; and secondly, many good men and women will continue to refuse to get into this business because they don't want to mess with multimillion-dollar campaigns, these attack ads that come from every direction, and the attacks on personal lives and reputation which have become so commonplace in negative campaigning.

It is interesting to me we have a bill so clearly bipartisan. The Republican Senator, JOHN MCCAIN, was very popular as a Republican candidate for President. In fact, he carried a few States in the Republican Presidential primary. Yet we can't even get that bill to the floor for a vote in a Senate that is controlled by the Republican Party.

I think the American people see through this. I think they understand that this is not a fight over the Bill of Rights, it is a fight over the rights of Americans to be well represented.

Mr. REID. I say we need more people like the Presiding Officer. He has joined with us in many bipartisan matters. I hope the conversation we have had today does not in any way reflect upon the Senator from Oregon, who has worked with us on a number of issues. I am sure it has caused him a problem on the other side of the aisle.

The reason I mention that is everyone thinks McCain-Feingold is a bipartisan bill, and it is, in the sense that JOHN MCCAIN has stepped way forward on this to talk about the need for campaign finance reform. But the people willing to help him on the other side of the aisle, the majority of them, are few and far between.

On a number of issues we have talked about today, with rare exception, the Senator from Oregon has been willing to join in a bipartisan fashion to pass legislation. As my friend from Illinois has said, it is possible we could do this. All we have to do is what is right for the American people and get rid of these very high-pressure lobbying efforts—for example, the health insurance industry, which is preventing us from moving forward on something like a Patients' Bill of Rights.

Mr. DURBIN. At this point, I acknowledge my colleague, Senator FITZGERALD of Illinois, who also voted for the Patients' Bill of Rights. He has publicly stated he thinks it is the best approach. I think it takes extraordinary courage sometimes to break from your party on these issues.

The presiding Senator from Oregon has showed exceptional leadership and courage on the hate crimes issue. This was not an easy issue, I am sure, for him; it was not for any of us. He stood up on that issue. I will remember that for a long time. It was exceptional. We want to make sure we continue in that bipartisan spirit. I hope even in the closing days we might reach out and find some bipartisan common ground to deal with some of these important issues.

I see some of my colleagues have come to the floor, and they have been very patient in waiting for me to finish my remarks. I yield the floor.

Mr. REID. Mr. President, what is the parliamentary order before the Senate?

The PRESIDING OFFICER. We are in morning business. Senators are permitted to speak for up to 10 minutes.

The PRESIDING OFFICER. The Senator from Iowa.

Mr. HARKIN. Mr. President, I am following up on the Presidential debates of the other evening. I was thinking about what Governor Bush was saying about his Medicare plan. He was referring to Vice President GORE and saying: You are engaging in ''Mediscare''—''Mediscare.'' You are trying to scare the seniors.

The more I have looked at Governor Bush's Medicare proposal for prescription drugs, I have come to the conclusion that if his plan ever comes into effect, the senior citizens in this country ought to be scared. They ought to be scared about this.

Here is the difference between what Vice President GORE wants in terms of prescription drugs and what Governor Bush wants. In my right hand I have a Medicare card. Under the prescription drug policies of Vice President GORE, this is all you need to get your prescription drug. You have a Medicare card, you go to your doctor, he prescribes the drugs, you go to your local pharmacy, and you get your drugs filled. That is all you need—your Medicare card.

Under the Bush proposal, which goes out to the States, they have to pass legislation, and if you make over $14,600 a year, you get nothing. So in order to qualify for prescription drugs under the plan advocated by Governor Bush, you would basically have to meet all of the requirements for Medicaid in terms of showing your income, assets, everything else.

I want to put together the sheaf of papers you would have to fill out if you were an elderly person and you wanted to get prescription drugs under the Bush plan. This is what you would fill out. It looks like about 40 pages of paperwork. First of all is the tax return. You have to take that in and show them how much you made. Then you have to do all the documents, including instructions, applications, certificates, estate recovery—of course, if you have some estate and you have some assets. There is an insurance questionnaire. This is the type of paperwork you would be faced with under the Bush proposal.

Under the Gore proposal: One simple Medicare card.

I sum it up by saying what the seniors of this country want is Medicare; they don't want welfare. That is exactly what Governor Bush is proposing in his Medicare prescription drug proposal.

JUDGESHIPS

Mr. HARKIN. Mr. President, an issue I will be talking about every day is the issue of judgeships and the fact that we still have our judges bottled up, especially Bonnie Campbell, who has now been waiting 217 days to be reported out of the committee. Yet we just had some judges approved this week who were nominated in July, had their hearing in July. They were approved. But Bonnie Campbell still sits in the Judiciary Committee.

It is not right, it is not fair to her, it is not fair for our judicial system. Bonnie Campbell has all of the qualifications to be a judge on the Eighth Circuit. A former attorney general of Iowa, she did an outstanding job there. Since 1995, she has been the first and only director of the Office of Violence Against Women in the Department of Justice which was created by the Violence Against Women Act of 1994. Again, she has done an outstanding job.

There has been some good news. During that period of time, domestic violence against women, in fact, has decreased. But the facts are we have a long way to go. In 1998, American women were the victims of 876,340 acts of domestic violence. Domestic violence accounted for 22 percent of violent crimes against women. During those same years, children under 12 lived in 43 percent of the households where domestic violence occurred.

We have to reauthorize the Violence Against Women Act. Last week, the House passed by 415–3 the reauthorization of the Violence Against Women Act. Again, I doubt they would have passed it so overwhelmingly if its only person charged with enforcing that law had done a bad job in running the office. I did not hear one comment on the House floor, nor have I heard one here, that in any way indicates that Bonnie Campbell did not do an outstanding job as head of that office. She did do an outstanding job and everyone knows she did. So now we're hearing that the Violence Against Women Act will be attached to something else and pass the Senate that way.

Yet perhaps the one person in this country who understands this issue and this law better than anyone else is Bonnie J. Campbell, who has directed that office for the last 5 years. We need people on the courts and on the bench who understand that law and can apply it fairly across our Nation. That is why we need Bonnie Campbell on the Eighth Circuit.

Right now we have quite a lack of women serving on our circuit courts. Frankly, the number of women on our circuit courts is appalling. We need more women on our circuit courts. And we need to confirm them here. Of the 148 circuit judges, only 33 are women—22 percent. That, in itself, is scandalous.

Bonnie Campbell should be added to that list.

Again, it doesn't seem right that Bonnie Campbell would get a hearing back in May and then remain bottled up in Committe. Lets go back to the presidential term of George Bush. During that time, every single district and circuit nominee who got a hearing—got a vote in Committee. And all but one got a vote on the Senate floor.

Yet we are not allowed to vote on Bonnie Campbell's nomination on the floor. So as I said, it is not fair to her. It is not fair to the judicial system. It is not fair to the advise and consent clause of the Constitution to hold her up.

Mr. President, I will again, today, as I will do every day, ask unanimous consent to discharge the Judiciary Committee of further consideration of this nomination.

Mr. President, I ask unanimous consent to discharge the Judiciary Committee from further consideration of the nomination of Bonnie Campbell, the nominee for the Eighth Circuit Court, that her nomination be considered by the Senate immediately following the conclusion of action on the pending matter, that the debate on the nomination be limited to 2 hours equally divided and a vote on her nomination occur immediately following the use or yielding back of that time.

The PRESIDING OFFICER (Mr. SMITH of Oregon). Is there objection?

Mr. MACK. Mr. President, I object.

The PRESIDING OFFICER. Objection is heard.

Mr. HARKIN. Mr. President, again, every day I will come out and ask unanimous consent to get Bonnie Campbell's name out of the committee and on the floor for a vote. Yet the objections come from the Republican side of the aisle. Why, I don't know. As I said, no one has said she's not qualified. If someone wants to vote against her to be on the Eighth Circuit, that is that Senator's right—obligation, if it is a vote he or she feels in conscience that he or she must cast. But, again, I say, give her a vote.

The PRESIDING OFFICER. The 10 minutes of the Senator has expired.

Mr. HARKIN. I ask unanimous consent to wrap it up in about 2 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. HARKIN. So it only seems fair and right we bring her out here and have a vote. If people want to vote one way or the other, that is fine. But it is not fair, 217 days.

I will end my comments again by saying the standard bearer of the Republican Party, Governor Bush of Texas, has stated there ought to be a 60-day deadline on judge nominations, in other words 60 days from the day nominated to the time they get a vote in the Senate. I endorse that. Bonnie Campbell has been sitting there 217 days. Let's bring her out for a vote.

I will yield the floor.

The PRESIDING OFFICER. The Senator from Florida.

ECONOMICS

Mr. MACK. Mr. President, as my colleagues know, I will be leaving the Senate at the end of my term. I want to

put a few thoughts on the record over the next few days, depending on the time available.

I have four grandchildren—three grandsons and one granddaughter—Ronnie Elam, Brett Elam, Blake Caldwell, and Addison McGillicuddy. The comments I am going to make today really are from the perspective of thinking about them and their future and the desire to see that they will grow up in a country and in a world where their opportunities will be equal to, if not better than, those of their parents, their grandparents, and their great-grandparents. I want them to have a better understanding when they reach that point when they have their own families.

As people look back on the last several decades of the 20th century, I want, at least from my perspective, to be able to put on the record what I believe happened from both an economic and foreign policy perspective, and from a national security perspective. So that is what my comments will reflect today, my thoughts with respect to economics primarily and some that will reflect my feelings with respect to national defense.

So I would like to talk about economics, a topic that has been one of my passions as a Member of the Congress. Economic policy was the very reason I ran for the House of Representatives back in 1982. As many of us may recall, our country remained in a deep recession at the time, still struggling to recover from the economic policies of the 1970s. Although it was still being phased in, President Reagan's economic program was under attack by our friends across the aisle. But, to me, the Reagan economic program was a bold reaffirmation of the very purpose of America.

Many people have noted the happy coincidence that the year 1776 saw the publication of two of the most important documents in world history, Adam Smith's ''Wealth Of Nations'' and Thomas Jefferson's Declaration of Independence. These works share the theme of freedom. Smith made the case for free trade and unfettered markets, as Jefferson put in words the concept that government exists to protect individual liberty.

These documents rebutted, refined, and transcended the prevailing views of 1776 Great Britain. For over a century, these principles held firm and the United States stood tall as a beacon of hope and opportunity for people from all points on the globe.

Ours was a society without a rigid class structure, a society that promised equal opportunity for all based on individual enterprise and hard work, not government privileges and connections. America had no large bureaucracies intruding upon every sphere of commercial life. We relied on the willingness of individuals to shoulder the risk and responsibility that is part and parcel of private enterprise.

But this distinctly American way was challenged by two worldwide crises in the 20th century. First came the Great Depression. Although gross government mismanagement of the money supply and counterproductive trade policies were the cause of this crisis, government was put forward as the cure. This led to the proliferation of alphabet agencies seeking to steer every aspect of the American economy, as government assumed a new income redistribution role.

The second crisis was the rise of totalitarianism on the European Continent. The United States won World War II, but in the process of saving Europe from one brand of tyranny, an equally evil force came to occupy half of Europe, and the war effort was used as the justification for price controls and economic intervention that was unprecedented in the United States.

The welfare state in America grew by leaps and bounds. Once it was conceded that the Government is the guarantor of income, each successive call for new and bigger programs became harder and harder to resist. At the same time, the consolidation of the Soviet bloc presented the largest threat to freedom in human history, presenting new and costly challenges for America as the beacon of freedom. Exaggerations of Soviet economic success fueled the call for greater Government involvement in the U.S. economy. Over time, high tax rates and regulatory excesses accumulated like barnacles to slow the once mighty ship of American private enterprise.

It is hard for younger Americans to imagine how bleak our Nation's prospects appeared before Reagan assumed the Presidency. Recurrent, simultaneous bouts of high unemployment and high inflation confounded most economists, who viewed the two as a tradeoff. It was thought that to reduce unemployment you had to accept inflation and to reduce inflation you had to accept higher unemployment. Producers and consumers suffered from an energy crisis. And real household incomes were shrinking as fast as ''bracket creep'' was raising everyone's tax bill year after year. The response of the incumbent administration was hardly inspiring—ranging from suggesting ''voluntary'' wage and price controls to preaching that we must learn to live within limits. In short, the American establishment was telling the American people to accept the notion that they no longer controlled their own economic destinies.

Starting in the 1970s, the media aggressively advanced the notion popular in intellectual circles that America's free enterprise system was failing. This view persisted through the 1980s. The best-seller lists were crowded with books telling of the decline of America and predicting that Japan would be the economic juggernaut of the 21st century. Even in the 1992 campaign, Bill Clinton and AL GORE were extolling the virtues of the European economic systems, of social democracy and industrial planning. We hear echoes of this approach today, with candidate AL GORE's Government-knows-best mentality. GORE proposes to micromanage and fine-tune the economy, social engineering through tax credits designed to make people behave the way the Washington bureaucrats want them to—such as buying ''fuel-efficient'' eighteen-wheeler trucks.

Ronald Reagan's ''Program for Economic Recovery'' was the opposite of the Government planning approach advocated by the critics of capitalism. Reagan rejected the idea that policymakers could fine-tune the economy, much less control it from Washington. Instead, he sought to establish a stable environment conducive to economic growth. This meant getting inflation under control, and reducing taxes, regulation, and the size and scope of Government. It meant restoring the incentives for working, saving, investing, and succeeding. It meant opening America to the benefits and challenges of international trade.

Ronald Reagan's economic principles resonated within me. I had seen firsthand the obvious connection between the expansion of Government and our worsening economic performance. When I started in the banking business in 1966, I probably spent 90 to 95 percent of my time engaged in activities that I considered productive—designing new services to attract business, working to increase the market share and profitability of the bank. The rest involved Government paperwork. By the time I left in 1982, this ratio had completely flipped: I was spending 85 to 90 percent of my time trying to figure out how to comply with Government regulations and mandates. There was a constant stream of letters from the Government dictating how we should manage our business, from the Comptroller of the Currency, the Treasury, the FDIC, and the Federal Reserve, on topics ranging from flood insurance to so-called truth-in-lending. I remember a letter that went so far as to tell us the specific temperatures to set our heating and cooling thermostats in our businesses. Some people may have forgotten this level of Government intrusion.

In fact, others may believe it never could happen in a country such as America, but it has. It has happened before, and if we are not vigilant, it could happen again.

I received a letter from Federal Reserve Chairman Paul Volcker detailing which types of loans we could and could not make. To make the example, I could lend a family money to add an additional bedroom to their home. If

that same family wanted to add a swimming pool to their home, I was prohibited from making that loan.

To some, this may have made sense if you believed that the Government should be managing consumer demand, but that role made no sense to me.

With my experience in the banking business, it wasn't hard to understand why we as a nation were having difficulty competing around the globe, when we had moved so many of our resources away from productive activities and into trying to comply with Government regulations. Over the years I had come to realize that all the abstract Keynesian theories I was taught in college ignored how the choices and incentives of individuals are altered by government interference in the economy. By failing to account for the real world, those theories in practice had come pretty close to ruining the economy. But along came Ronald Reagan, with a common sense approach that went back to basics—free markets, free enterprise, free trade. Here was a man who had recognized that big Government was a detriment to the economy, a man who approached things from the perspective of freedom as opposed to Government. I shared that perspective and recognized the importance of President Reagan's election. On election night, November 4, 1980, I knew that I had to get involved in this great campaign to restore freedom—but I would have never guessed that, two decades later, I would be standing here in the United States Senate.

Ronald Reagan clearly saw that the problem was too much government, and the solution was more individual freedom. When he assumed the Presidency, we suffered from high inflation and high unemployment. To combat the first, he prescribed reigning in the rapid growth of the money supply, asking the Fed to minimize the damage to the economy caused by high and volatile inflation. The second problem required deep cuts in the high tax rates that were deterring work, saving, and investment. But the Fed delivered tight money a lot sooner than the Congress could deliver the tax cuts, which were phased-in over 3 years. The Fed had overreacted to the stimulus of tax cuts that had not yet arrived, exacerbating the economic downtown, throwing the budget seriously out of balance, and putting the third year of the Reagan tax rate reductions in jeopardy.

In the recession of the early 1980s, the economic policies of President Reagan that inspired me to public service came under attack. In the now famous ''Stay the Course'' campaign of 1982, the President's party retained control of the Senate, minimized losses in the House despite the dire economic times, and preserved the Reagan economic program. We also kept on track President Reagan's defense policies, which were under attack from shortsighted critics who were unwilling to pay the price to ensure our freedom. I am proud that my first campaign was in that fateful year, when President Reagan's detractors stood a chance of putting his programs in jeopardy and I was able to make a stand in favor of his programs.

As I mentioned, the Reagan economic program was my inspiration to run for office. As a freshman, I cut my teeth in the House by circulating a letter vowing support for the President's veto of any bill that tampered with the third year of the tax cuts. After I obtained the 146 signatures necessary to sustain a veto, that threat disappeared, and the Kemp-Roth tax cuts were allowed to work. President Reagan's most dramatic policy change was without a doubt this supply-side tax cut. It seems also inconceivable today that just two decades ago, marginal income tax rates were as high as 70 percent in the United States. It was little wonder that our country was in economic decline, when its most economically productive citizens could keep only a 30 percent share of their additional earnings. These high tax rates not only discouraged additional work and investment at the margin, but also confiscated capital that could have been used for job creation by the private sector.

By cutting income tax rates by 30 percent across-the-board, Reagan restored a large measure of freedom to the American taxpayer—not just the freedom to spend money that would have been taxed away, but the freedom that results when economic decisions are no longer influenced by high tax rates. It was not about the dollars that would have been collected had tax rates stayed high, but the choices that would never have been made because of these high rates—decisions to expand plant capacities or start new businesses, for instance.

President Reagan entered the White House with one paramount spending goal: to rebuild our national defense, since national security is the most fundamental responsibility of the Federal Government. He realized that to provide this desperately needed public good, while cutting tax rates to unleash the productive forces of the nation, required fiscal restraint in the non-defense portion of the Federal budget.

The difficulties that President Reagan had in taming the congressional urge to spend made a balanced budget and tax limitation amendment to the Constitution one of my top priorities when I entered Congress. It also motivated me to be the main House sponsor, along with Dick Cheney, of the Gramm-Rudman Deficit Reduction Act, which worked for at least a few years to hold spending down. Today, as much as ever, I believe some super majority restriction on the ability of Members of Congress to spend taxpayers' dollars is necessary. Unless taxes are cut to keep the revenues from flowing into Washington, the trillions of dollars of surpluses that are projected over the next decade will not last—if the taxes are collected, Congress will spend them.

Reagan also initiated a sea change in monetary policy. He did not want the Federal Reserve to manipulate the money supply in an attempt to target interest or unemployment rates. All he wanted was price stability, the elimination of high levels of inflation from the economy. The Fed should not be responsible for the level of growth in the economy—this is the role of the private sector. The best economic environment that the Fed can provide is one in which inflation expectations play a small or almost nonexistent role in long-term planning. Reagan's appointees to the Federal Reserve Board, people like Alan Greenspan, Preston Martin, Manley Johnson, Martha Seger, and Wayne Angell, shared this view and took politics out of monetary policy.

Throughout the Reagan years, the loudest and strongest advocate of stable prices in the Congress was Jack Kemp. Jack would talk tirelessly about the need for ''a dollar as good as gold,'' and his intellectual and political support for this position no doubt influenced President Reagan's selection of Greenspan as Fed Chairman. Alan Greenspan continues to hold sway at the Federal Reserve as part of the Reagan legacy, and his record at containing inflation has set a high standard. As a member of the Senate Banking Committee I have attempted to institutionalize this approach to monetary policy, sponsoring a bill that would make price stability, not economic growth or ''stabilization,'' the goal of the Federal Reserve. Thanks to the monetary policy initiated by President Reagan, this legislation is now a safeguard rather than a necessity.

The prevailing attitude concerning trade has also shifted, thanks to President Reagan—who recognized the fallacy of protectionism. In large part, this was due to his belief in competition and free enterprise. But his attitude was also shaped by his confidence in America. He was neither afraid of foreign competition, nor embarrassed that imports might be preferred over American goods. America, as a nation of immigrants, represents the best that the world can offer. More than any consumer good, the main export of America must be the ideal of political and economic freedom, an ideal that is undercut by trade restrictions.

By signing a free trade agreement with Canada, opening free trade negotiations with Mexico, and proposing the dismantling of agricultural trade

barriers in the Uruguay Round of the GATT, Ronald Reagan went on the offensive for trade liberalization. At a time when Japan-bashing was commonplace—when Members of Congress were literally bashing Japanese-made electronics into pieces on the steps of the Capitol—Reagan did not retreat from his basic free-trade principles. The remarkable success of U.S. industries from computers, semiconductors, software, biotechnology and many others over the past 2 decades has vindicated Reagan's belief that American business prospers best in an open and competitive free enterprise environment.

Today, principally as a result of the supply-side policies pursued by the Reagan administration, the U.S. economy is healthy. Both inflation and unemployment are low. Productivity is growing rapidly and incomes are rising.

Any doubts that President Reagan is responsible for today's bounty should be dispelled by considering a few fundamental questions. Would American economic growth be as robust today if the Federal Government still took 70 cents of every additional dollar of income from our most productive citizens? If the typical family was hit with a 49 percent Federal income tax rate on top of an effective payroll tax rate of 14.2 percent?

Would our economy be so strong if we were still suffering from double-digit inflation and interest rates, due to the politicized use of monetary policy to manipulate consumer demand? If the trend of the last 2 decades were toward managed trade, rather than freer trade? Would entrepreneurs and innovators abound if high inflation and high tax rates on capital gains slashed the returns to their risk-taking?

Would the Soviet Empire have fallen if it had not been for the military buildup, diplomatic leadership, and resolute defense of freedom during the presidency of Ronald Reagan? Would our country be as secure as it is today if instead of trading partners, the people of Eastern and Central Europe were still prisoners of the Soviet bloc? If our fellow Americans south of our border were still the potential victims of imported totalitarianism instead of full participants in established democracies?

Our debt to Ronald Reagan reminds me of an exchange mission I once went on, with Tom Foley and Dick Cheney.

It was a congressional delegation that went to France in 1985. On that trip, we spent most of our time in Paris. But for the last several days, we went out to the French countryside. I went to a little town called Le Mans, where I traveled around with my host, Francois, from that district. I learned a lot about what his country was experiencing.

At the end of that tour, we did what many of us would refer to as an old-fashioned town meeting, where I responded to questions from the French audience for almost 2 hours. At the end of the period, I asked Francois if it would be all right if I were to ask the audience a question. And he was gracious in my request, and I asked them: Since I am returning to America tomorrow, I would like to be able to tell other people of the State of Florida what you think about our country.

The first person stood up and said: ''We think of America as a dynamic, growing, thriving, exciting place.'' A second person that stood up said basically the same thing. The third person to address me was a fellow who probably was in his late 70's or early 80's. This fellow was stooped over, his weight being supported precariously on an old, gnarled cane. He came over closer to me, looked me directly in the eyes, and said: ''You tell the people of America that we will never forget that it was the American G.I. who saved our little town. You tell them we'll never forget!''

Well, I feel that way about Ronald Reagan, my political hero, who inspired me to enter politics. America will never forget what President Reagan did for us. He gave us back our faith and renewed our belief in this country. He gave America back its pride. He rebuilt America's defenses. His economic policies reduced taxes, reduced inflation, reduced unemployment. He put America back to work again. He reminded America what made us a great nation—our commitment to freedom. And he won the cold war without firing a single shot.

The citizens of America and the people of the world will never forget.

Mr. President, I yield the floor.

RETIREMENT OF CHARLES A. GILLIS

Mr. LOTT. Mr. President, I would like to acknowledge the upcoming retirement of Mr. Charles A. Gillis, who will retire on October 20, 2000, as Branch Manager of the Gulfport Branch Office, United States Small Business Administration (SBA). I know that I am joined by the entire business community of South Mississippi, Charlie's colleagues at the SBA, and all those who have had the privilege of interacting with him over the years.

I especially want to thank Charlie for a long career of completely devoted service to his community, the State of Mississippi, and this Nation. I have known Charlie for many years and have seen firsthand the substantial impact his extensive knowledge and business expertise have had on countless small businesses and the local economy of Southern Mississippi.

Charles Gillis' ties to the Gulf Coast run deep, as does his record of service and achievement. He is a life-long resident of Harrison County and a graduate of Gulfport High School. Charlie served in the First Cavalry Division in Korea in 1951. He received his Bachelor of Arts in Business Administration from the University of Southern Mississippi (USM), and later completed additional graduate studies in business at the USM-Gulf Park Campus.

Prior to serving with the SBA, Charlie was a small business entrepreneur in his own right, as owner and operator of Gillis Furniture in Gulfport. Moreover, Charlie served as a furniture manufacturers representative with regular travel assignments covering five states. Throughout his private sector career, Charlie honed the business skills that later made him such an invaluable public sector resource to other small business owners and operators.

Charlie began his tenure of service with the SBA in July 1982, and has faithfully served the agency ever since. His service in the SBA's Gulfport Branch Office is especially important to me since the branch office was created after Hurricane Camille devastated the Mississippi Gulf Coast and its economy in 1969, and during my service as Administrative Assistant to then Congressman William Colmer.

Charlie has been recognized for his continuous dedication to duty and his tireless community spirit. Over the years, he has been chosen as one of the ''Outstanding Men in America,'' recognized as among the ''Personalities of the South,'' and selected as ''SBA District Employee of the Year.''

In addition to personal accolades and longstanding official service, Charlie generously has given of his time in many ways to improve his community. He served as President of the University of Southern Mississippi's Alumni Association, as Chairman of the Harrison County Election Commission, and as Vice President of Governmental Affairs for the Gulfport Area Chamber of Commerce. Moreover, Charlie is an associate member of Delta Sigma Pi Fraternity, and serves as a Mason, a Shriner, Rotarian, and a charter member of Trinity United Methodist Church in Gulfport.

Charlie's constant professionalism and vast knowledge will be greatly missed by the Small Business Administration, the South Mississippi business community and officials at every level of government, who have had the distinct pleasure and benefit of his insight. Whenever called, Charlie always responds in a timely and effective manner with eagerness, efficiency and courtesy. Although I know he will miss daily interactions with his co-workers and colleagues, I also know that Charlie, his wife Rose, and their family, will have many opportunities to focus their abundance of energy and exemplary community spirit.

THE ACID DEPOSITION AND OZONE CONTROL ACT OF 1999 AND EPA'S ANALYSIS OF S. 172

Mr. MOYNIHAN. Mr. President, I rise today to express concern and dismay over the unwarranted delay of a critical analysis of S. 172, the Acid Deposition and Ozone Control Act. This analysis thoroughly documents the substantial benefits to be achieved, at comparatively insignificant costs, by passing S. 172. Unfortunately, we have received this information only after it is too late to coordinate the bill's passage this year.

I first asked the Environmental Protection Agency (EPA) to analyze the impacts of S. 172 in 1998. Specifically, EPA was asked to calculate the costs and benefits of the legislation with regard to effects on human health, environment and the business community. EPA completed the report in March, 2000 and submitted it to the Office of Management and Budget (OMB) for their review. Unfortunately, OMB withheld the analysis for six months despite the fact that co-sponsors in both the House and Senate requested the report's release in letters to Director Jacob Lew. We have EPA's report today because Representative DAN BURTON, Chairman of the House Committee on Government Reform, was willing to subpoena the report. I am disappointed that this course of events had to occur.

Nonetheless, I am quite pleased with the results of EPA's analysis. Not only would S. 172 significantly improve visibility and the state of ecosystems sensitive to acid rain and nitrogen loading, but it would produce approximately $60 billion in public health benefits annually and save 10,000 lives each year. All this for an additional cost to utilities of $3.3 billion. What a tremendous service we could do to society by simply passing this legislation. If we don't, an epidemic could ensue. For example, according to EPA an DGAO, 43% of the lakes in New York's Adirondack Park will become acidified by 2040 even with the reductions mandated by the 1990 Clean Air Amendments.

As far back as the 1960s, fisherman in the Adirondacks began to complain about more than ''the big one that got away.'' Fish, once abundant in the pristine, remote Adirondack lakes, were not just getting harder to catch—they were gone.

When I entered the Senate in 1977, there was much we needed to learn about acid rain. So I introduced the first Federal legislation to address our ''knowledge deficit'' about acid rain—the Acid Precipitation Act of 1979. My bill was enacted into law as Title VII of the energy Security Act, which Congress passed in June 1980. Title VII established the National Acid Precipitation Assessment Program (NAPAP), an interagency program charged with assessing the causes and damages of acid deposition, and reporting its findings to Congress. NAPAP spawned tremendous academic interest in the subject of acid deposition, and our understanding of the subject has since developed substantially.

In 1990, I helped write Title IV of Clean Air Act Amendments, which established a ''Sulfur Dioxide Allowance Program.'' Its creation represented a radical departure from the traditional ''command and control'' approach to environmental regulation, common at the time. This program was the first national, statutorily-mandated, market-based approach to pollution control. It has been immensely successful.

We can be proud of these accomplishments, but we have a long way to go yet. Since 1990 we have learned, for instance, that the sulfur dioxide (SO_2) emissions reductions required under the Clean Air Act Amendments of 1990 are insufficient to prevent continued damage to human health and sensitive ecosystems. NAPAP has reported that forests, streams, and rivers in the Front Range of Colorado, the Great Smoky Mountains of Tennessee, the San Gabriel and San Bernardino Mountains of California are also now showing the effects of acidification and nitrogen saturation. We have learned that nitrogen oxides (NO_X), which we largely ignored nine years ago, are significant contributors to our nation's air quality deficiencies. And finally, we have demonstrated that legislation containing regulatory flexibility and market incentives is highly effective.

S. 172, which I first introduced with Senator D'Amato in 1997, seeks to build upon this new body of knowledge, combining the best and most current scientific evaluation of our environmental needs with the most effective and efficient regulatory framework. Today, S. 172 is cosponsored by Senators SCHUMER, JEFFORDS, LIEBERMAN, REED, DODD, KERRY, FEINSTEIN, LAUTENBERG, KENNEDY, BOXER, and WYDEN. In the House, the bill is sponsored by Representatives BOEHLERT and SWEENEY, and co-sponsored by 48 House Members.

These are my final days in this great legislative body, and I will surely cherish the accomplishments we have made through the years. Today, I ask my friends and colleagues to continue the push to protect our nation's public health and environment from critical pollutants such as nitrogen oxides, sulfur dioxide, mercury and carbon dioxide. It is my understanding that the able Chairman of the Environment and Public Works Committee, Senator BOB SMITH, has indeed made this commitment and I commend him for it.

As I mentioned before, I am disappointed that the release of important information regarding the effects of S. 172 was withheld for so long. However, now that we have this information, we must act upon it and pass legislation that goes beyond our clean air achievements so far. The SO_2 Allowance Program established by the Clean Air Act Amendments of 1990 has achieved extraordinary benefits at costs less than half of initial projections. The efficacy of the approach is proven. The science indicates that we did not go far enough. The Acid Deposition and Ozone Control Act endeavors to build upon our accomplishments, and to begin the work which remains to be done.

Mr. President, I ask unanimous consent that my remarks and two recent articles on this issue be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

[From the Poughkeepsie Journal, Sept. 20, 2000]

RELEASE STUDY ON ACID RAIN

Why is the government withholding documents that could shed light on how best to deal with the ravages of acid rain?

Remarkably, that's the case now involving a federal Office of Management and Budget report. The report likely shows a remedy put forth by Sen. Daniel Patrick Moynihan won't be too financially onerous on the utility industry, a leading cause of acid rain, according to the Adirondack Council. But it would better protect the environment, the environmental group states.

Acid rain occurs, in part, when polluting emissions from utility plants are carried in the wind hundreds of miles from their origin, often causing smog. They also can mix with water vapor, falling as the acid rain that kills lakes and aquatic life in the Adirondack and Catskill regions and elsewhere.

Council officials express concern the White House is putting the lid on the OMB study because it could show just how ineffective government efforts to curb acid rain have been. It also might demonstrate why more environmental regulations must be imposed on Midwestern utilities in particular, something that won't play well in those states right before the national presidential election.

''OMB is stonewalling while Adirondack lakes continue to die,'' said Timothy Burke, executive director of the council.

At issue are Moynihan's suggested changes to a federal program intended to convince power producers to run cleaner generating plants. Under the 1990 Clean Air Act, the Environmental Protection Agency program gives utilities a financial incentive by allowing them to sell pollution credits to other companies. The program has been fairly successful in New York, allowing utilities here to reduce pollution below the federal maximums and then sell unused pollution credits to out-of-state utilities. By purchasing the credits, some utilities can stay within EPA pollution guidelines and avoid huge fines. Thus it's more cost-effective for them to continue to buy the credits rather than make expensive alterations to their plants to cut emissions.

Problem is, many of these utilities are located in the Midwest and are believed to be major contributors to acid rain. This year, New York lawmakers took it upon themselves to close the loophole by passing a law prohibiting utilities in this state from selling credits to utilities in the Midwest. But that will only go so far to fight acid rain, unless other Northeastern states follow suit.

SOLUTION CAN'T WAIT ANY LONGER

And it's clear dramatic changes are needed soon. Hundreds of Adirondack lakes and streams have been killed by acid rain, and they'll never recover. And for years, environmentalists have projected that 40 percent of the lakes will be dead within 50 years. Most recently, the U.S. General Accounting Office, the independent investigative arm of Congress, said the Adirondacks have been socked with so much acid rain, the fragile mountain soil can no longer soak up the pollutant nitrogen oxide. And that means the nitrogen oxide is flowing into Adirondack lakes at a more rapid rate than previously believed.

Moynihan and the rest of the state's congressional delegation are proposing a 50-percent cut in emissions beyond what's called for under the credit allowance program. They would do so by halving the amount of sulfur dioxide that can be produced through the purchase of one pollution credit. Before congressional leaders are willing to consider the measure further, however, they want to know the potential costs of the legislation. Fair enough. The Adirondack Council says the study will show the costs won't be astronomical to the utilities, pointing out they were greatly off base on their projections of how much the original allowance program would cost their businesses.

The Office of Management and Budget could shed light on this important matter. But the only way that will happen is if President Clinton shows sufficient political courage to order the study to be released. He should do so immediately.

[From the Albany, New York, Times Union, Oct. 4, 2000]

ACID RAIN BOTTOM LINE—A NEW EPA STUDY SHOWS JUST HOW AFFORDABLE IT IS TO FIGHT POLLUTION

How much would it cost to keep Adirondack lakes from dying from acid rain? How much to spare thousands of Americans who suffer respiratory illnesses caused by the smokestack pollutants that contribute to acid rain? New York Sen. Daniel Patrick Moynihan put those questions to the Environmental Protection Agency two years ago, as he and Rep. Sherwood Boehlert, R-Utica, struggled to push through strict new federal limits on emissions of nitrogen and sulfur that drift from power plants in the Mid-west and South and descend on the Northeast, causing health problems in populated areas and killings trees and aquatic life in the Adirondacks and other pristine regions.

Now, after an unjustified delay by the Clinton administration that some critics are attributing to election-year politics, the EPA report is finally public, thanks to a subpoena issued by the House Government Reform Committee. And the price tag turns out to be so affordable that any further delay in reducing smokestack pollution is indefensible. The bottom line: $1. That is how little the average household monthly utility bill would rise if the Moynihan-Boehlert bill were law.

But time is running short, Congress has only a few days left to conclude its business this year, and there are no encouraging signs that lawmakers will give the Moynihan-Boehlert bill the prompt attention it deserves.

But they should. The EPA report not only makes a convincing case for stricter pollution controls, but it also spells out the benefits that the nation—not just the Northeast—stands to reap in return. In a cost-benefit analysis sought by Mr. Moynihan, the EPA pegs the benefits of reducing acid rain at $60 billion, compared with $5 billion that power plants would have to pay to meet the tighter emissions standards. That's a $55 billion payback, as represented in savings on treating chronic bronchitis, reducing emergency room visits for asthma and eliminating 1.5 billion days of lost work each year because of respiratory illnesses. There would be scenic improvements as well as the atmosphere cleared over national treasures like the Adirondacks and the Shenandoah and Great Smoky Mountains national parks.

In the Adirondacks, the struggle is a life-and-death one. A recent Times Union series found that without sharp new curbs on acid rain, half of the Adirondack lakes will no longer be able to support aquatic life in 40 years. Already it is too late to save some ponds and lakes that have been contaminated by nitrogen oxide. The pattern will continue unless prompt action is taken. As our series noted, state leaders and the New York congressional delegation have made a strong bipartisan effort to combat the problem. Now it is Congress' turn. No one state can stop acid rain on its own. But Congress can, and should, provide the necessary federal remedy. The EPA has just given 55 billion reasons to act now.

RAIL SERVICE ISSUES

Mr. MCCAIN. Mr. President, I would like to discuss a subject of great importance to our nation and its economy, that is rail transportation.

Earlier today, a few of my colleagues expressed views alleging a failure by this Congress for not passing legislation to regulatorily address rail service and shipper problems. As Chairman of the Senate Commerce, Science, and Transportation Committee, I want to set the record straight concerning the work of the Committee to address service and shipper problems.

Since becoming Chairman of the Senate Commerce Committee, the Committee has held no less than six hearings during which rail service and shipper issues were addressed. Three were field hearings, one each in Montana, North Dakota, and Kansas. Three hearings were conducted here in the Senate at which the topic of rail service dominated the testimony and members' questioning. I also have publicly stated a willingness for the Committee to hold even more hearings.

Further, Senator HUTCHISON, the Chairman of the Surface Transportation Subcommittee, and I requested the Surface Transportation Board (STB) to conduct a comprehensive analysis of rail service and competitive issues. The STB is the federal agency which oversees rail service and other matters. The Board's findings are extremely important and they were widely discussed during our Committee hearings last year. In addition, earlier this year the Board announced it would conduct a proceeding to change its merger guidelines in recognition of the drastically changed rail industry dynamic that has transformed since the rail deregulation movement of the late 1970's and the 1980's. The Board announced its new guidelines proposal earlier this week and will be taking comments on the proposal through November 17.

Three very diverse bills concerning the STB's authorities have been introduced in the Senate and another bill was submitted in the House. However, to date no consensus on a legislative approach has been achieved. I have had the privilege to serve in Congress nearly twenty years and during that time I have learned that significant legislation is always the product of careful analysis and bipartisan compromise. Pending rail legislation and the STB's future will be no exception.

My colleagues from North Dakota and West Virginia referred to a letter with 277 signatures seeking rail regulatory changes. I am in receipt of that letter. But I am also in receipt of literally hundreds of letters—letters from Governors, rail shippers, and others—strongly opposing any rail reregulatory efforts.

To allege the Senate Commerce Committee doesn't take the issue of rail service seriously is a gross misstatement. The fact is, and I will repeat it, there is no consensus. A bill supported by only five members is not a solution, but it does allow those sponsors to sound high and mighty about their good intentions.

In order to pass a bill and send it to the President, we clearly have a long way to go. But I remain optimistic, and as a deregulator, stand ready to support any proposal that fairly and safely balances the needs of shippers and carriers.

POLICE REFORM IN NORTHERN IRELAND

Mr. DODD. Mr. President, yesterday, an op-ed on police reform in Northern Ireland written by my friend and colleague Senator KENNEDY appeared in the Washington Post. In that op-ed Senator KENNEDY very concisely and eloquently stated why it is so important that meaningful police reform happens in Northern Ireland. As all of our colleagues know full well, Senator KENNEDY has worked tirelessly to promote peace and reconciliation in Northern Ireland for many years. It has been an honor to work closely with him in that effort and I commend him for his leadership on this issue. Needless to say I agree completely with him that the recommendations of the Patten Commission must be fully implemented, to ensure a genuine new beginning for a police force in Northern Ireland that will be acceptable to the Catholic community.

I hope and pray that those who are currently playing a role in the legislative process in the British Parliament take time to reflect upon the thoughts expressed in this very important op-ed. I would ask unanimous consent that a copy of Senator KENNEDY's article be

printed in the RECORD at the conclusion of my remarks. I would urge all of our colleagues to take a moment to read it when they have the opportunity to do so.

There being no objection, the article was ordered to be printed in the RECORD, as follows:

[From the Washington Post, Oct. 4, 2000]

A POLICE FOR ALL IN N. IRELAND

(By Edward M. Kennedy)

This month Britain's House of Lords will have the opportunity to improve the flawed legislation approved by the House of Commons in July to reform the police force in Northern Ireland and give it the support and respect it needs from the Catholic community.

The case for reform is clear. The current force—the Royal Ulster Constabulary (RUC)—is 93 percent Protestant. The vast majority of Catholics, who make up more than 40 percent of the population in Northern Ireland, do not support it because it does not represent them or protect them and has too often failed them.

Many Catholics believe the RUC has been involved in a long-standing ''shoot-to-kill'' policy. Questions continue about collusion of the RUC with Protestant paramilitaries in the murder of Patrick Finucane, a defense attorney shot dead in front of his wife and children in 1989. In 1997 RUC officers stood by as Robert Hamill, a young Catholic, was kicked to death by 30 Protestants shouting ''kill him'' and ethnic slurs. The RUC was shamefully inactive when death threats were made against another defense attorney, Rosemary Nelson, who was later murdered when her car was blown up as she drove to work last year. Many other examples could be cited to demonstrate why Catholics distrust the police.

Northern Ireland's 1998 Good Friday agreement presented a historic opportunity to change all that—to reform the police service and make it representative of the entire community. Under the agreement, an independent eight-member international commission was established, led by a former chairman of the British Conservative Party, Christopher Patten. Its mission was to propose an alternative and create a community-oriented, human rights-based police service that Catholics and Protestants alike would be prepared to join. In September 1999, the Patten Commission published its unanimous report containing 175 recommendations for change.

The assertion has been made that in the current legislation, the British government will implement 95 percent of the Patten's recommendations. But quantity does not measure quality. In fact, the most significant reforms recommended by the commission are not adequately implemented in the legislation.

The commission's task was to balance the desires of each community against what is necessary to create a fair and representative police force. The recommendations of the Patten Commission reflected those compromises. Patten is the compromise. It must not be diluted.

Unfortunately, the British government has done just that. It has made unwise concessions to those of the Protestant majority who still view the police as ''theirs,'' and to the police themselves, who have always resisted reform. If the new police service is to succeed, it must represent and be accepted by the community it serves. Catholics must be convinced they should support and join it. Otherwise, the entire Good Friday agreement is in jeopardy.

As the legislation is considered by the House of Lords, the British government should propose changes to implement fully the Patten recommendations. Among the most obvious:

Name, badge and flag: As Patten recommended, to attract Catholics, the police force should have a neutral name and symbols. The legislation should ensure that the proposed name change to the neutral ''Police Service of Northern Ireland'' is made for all purposes, not just some purposes. The badge should be free of any association with Great Britain or Ireland, and the British flag should no longer fly above police buildings.

Oversight Commissioner: Patten recommended the appointment of an oversight commissioner to supervise the implementation of its recommendations. Thomas Constantine, former New York State police chief and former head of the U.S. Drug Enforcement Administration, was recently named oversight commissioner. He should be free to comment on the adequacy of British decisions in implementing the Patten Report—not just oversee the changes made by the government.

Accountability: Patten recommended a new policing board to hold the police accountable and an ombudsman to investigate complaints against and wrongdoing by the police. Restrictions on the board's power to initiate inquiries and investigate past complaints should be eliminated, as should the British government's power to interfere in its work. The ombudsman should be able to investigate police policies and practices—not just report on them.

On June 15 British Secretary of State for Northern Ireland Peter Mandelson wrote, ''I remain absolutely determined to implement the Patten recommendations and to achieve the effective and representative policing service—accepted in every part of Northern Ireland—that his report aims to secure.'' This determination has yet to be convincingly demonstrated.

Full implementation of the recommendations of the Patten Commission is essential to guarantee fair law enforcement and to create a new police service that will have and deserve the trust of all the people of Northern Ireland. It will be a tragedy if this opportunity to achieve a new beginning is lost.

The writer is a Democratic senator from Massachusetts.

PIERRE ELLIOT TRUDEAU

Mr. HATCH. Mr. President, it is often said that Canada and the U.S. share the longest undefended border in the world. While this is repeated so often it has become a cliche, like all cliches, there is a fundamental truth in it. In this case, the fundamental truth is a striking geopolitical reality which Americans do not always appreciate. The peace we enjoy in North America is largely a function of this border.

With our neighbor to the north, we share a border of approximately 4,000 miles, a border that runs through New England and the Great Lakes, through the great forests, plains, and mountains, and along the Alaskan frontier of this rich North American continent. Mutually respected sovereignty is the fundamental basis of peaceful international discourse. But I will add that an undefended border makes for the warmest of relations, and the greatest of respect.

Last Thursday, Canada lost perhaps its best known Prime Minister of recent times, when Pierre Elliott Trudeau died, at the age of 80. For the past week, our neighbors to the north have been in mourning, and I stand today to pay my respects to the family of former Prime Minister Trudeau and to all the citizens of the country he served with singular dedication.

Mr. Trudeau and I did not share a common political tradition, nor did we share a political ideology. This does not diminish my respect for the man and his work one bit. I note, with appreciation, that one of Mr. Trudeau's mottos was ''reason before passion,'' a principle I certainly believe conservative lawmakers would share.

I admired former Prime Minister Trudeau for his dedication to his country, to the rule of law, and to the betterment of the world. In his moving tribute at his father's funeral earlier this week, Justin Trudeau said, ''My father's fundamental belief never came from a textbook, it stemmed from his deep love and faith in all Canadians.''

Pierre Trudeau led Canada at a tumultuous time in its history and in the history of the world. In 1970, he was confronted with a terrorist, separatist threat from Quebecois extremists. Prime Minister Trudeau—who, in Canadian history, was at the time, only its third of Quebecois descent himself—was a dedicated federalist and, even more fundamentally, dedicated to the rule of law. He faced down the terrorists, and since then issues of separatism have been dealt with at the ballot box. While he successfully defended the rule of law, Canadians recognize the advances he instituted to preserve Canada's unique cultural diversity.

Mr. Trudeau had a different view of geopolitics than did most of the American administrations with which he dealt. It is said that he succeeded, at times, in aggravating U.S. presidents from Nixon to Reagan.

Some of this had to do, in my opinion, with the nature of the relationship between our countries. While Canada is the second largest political land-mass in the world, its population is small, approximately one-tenth of ours, and its economy is dwarfed by ours. In fact, the former Prime Minister famously said once: ''Living next to you is in some ways like sleeping with an elephant. No matter how friendly and even-tempered is the beast, one is affected by every twitch and grunt.''

While Mr. Trudeau held substantively different views on the world than many American leaders, he demonstrated that policy disputes can exist and nations remain civilized and respectful. And that is how I think of former Prime Minister Pierre Trudeau.

In closing, I wish to note another story his son, Justin, told at his father's funeral this week. He recounted how, as a child, his father took him one day for lunch at the cafeteria in Ottawa's Parliament. There, young Justin saw a political rival of his father and made a childish crack about him to his dad. His father sternly rebuked him and, according to his son, said ''You never attack the person. You may be in total disagreement with the person; however, you shouldn't denigrate him.'' That day, Pierre Trudeau taught his son, who is now a teacher, that ''having different opinions from those of another person should in no way stop you from holding them in the greatest respect possible as people.''

That is the principle of a civilized man, and the practice of a civilized nation. As the world bids adieu to Pierre Trudeau, I extend my deepest condolences to his family and to all the good citizens of our great neighbor Canada.

THE INTERIOR APPROPRIATIONS BILL AND THE CONSERVATION AND REINVESTMENT ACT

Mr. ROBB. Mr. President. I would like to say a few words about the Interior Appropriations bill and CARA. The Interior Appropriation is a good bill. CARA is a great bill. CARA brought together a variety of supporters from all parts of the country to develop a program that would provide for wildlife protection, urban parks, green space, coastal impact protection and would guarantee funding for the development of recreation areas for years to come.

Elements of CARA have been included in the Interior bill, although the funding for these provisions is paltry by comparison to the House and Senate CARA bills. Other provisions may find a home in other appropriations packages, but one of the most important elements may be orphaned in the end. That is the provision for wildlife and habitat protection. Just as we are cheering our success in securing a place for wildlife, as we celebrate a growing population of eagles on the Potomac River, we are failing to fund the programs that make this possible. State wildlife agencies have clearly demonstrated their ability to bring back populations of threatened and endangered species, such as the pronghorn and the bald eagle. But they lack the resources to repeat the success on thousands of other species.

The purpose of CARA was to provide the ounce of prevention that keeps species from becoming threatened. CARA was to protect both game and nongame populations. By providing dependable state based funding we could ensure on-the-ground protection of wildlife, and continued maintenance of habitat for all wild species. It is important to note that there is an educational component in Title III of CARA. We are increasingly becoming an urban nation, and it is important to provide an introduction to wild places and wild things to our children. This introduction will help them become the next generation of good land stewards.

Virginians have come out for CARA. Rarely have I heard from so many different groups who support a piece of legislation. I would like to submit for the RECORD a list of the Virginia groups who support this legislation and to thank all of the groups for the remarkable job they have done in promoting CARA and the principles of outdoor recreation and education. I am highlighting Title III in my remarks simply because it is being ignored in the Interior Appropriations bill. But each and every title in CARA was thoughtfully deliberated and negotiated. Rarely have I seen such care taken in developing a bill, and even though efforts to allay the concerns of some western Senators were not successful, they were genuine, and I hope useful for future discussions.

The Interior bill does provide substantial funding for the Lands Legacy program, and this is important. The bill also provides a good deal of funding for Virginia projects that are particularly worthy. But we could have done better, we could have done more. And I regret that the Senate has not yet risen to the occasion, that we did not complete this important work. Senator LANDRIEU, like the gracious lady that she is, has not asked CARA sponsors and supporters to withhold our support for the Interior Appropriation, and for the sake of the Virginia projects in the bill I will vote for the Appropriation. But, I will pledge to keep working for the passage of CARA in the final days of the session.

I ask unanimous consent that this statement be included in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

VIRGINIA ORGANIZATIONS SUPPORTING CARA

AFS—Virginia Chapter; American Bass Association; Anderson Cottage Bed & Breakfast; Augusta Bird Club; Burke Center Wildlife Committee; Carl Zeiss Optical, Sports Optics; Clarke County Citizen Council.

Duck Island Enterprises, Inc.; Evergreen Bed & Breakfast Inn; Fair View Bed and Breakfast; For the Birds, Inc.; Friends of Dragon Run State Park; Friends of Shenandoah River; Friends of the North Fork Shenandoah.

Friends of the Rivers of Virginia; High Meadows Inn; IWLA—Maury Chapter; IWLA—Virginia Chapter; James River Basin Canoe Livery, Ltd. Laurel Creek Nursery; Loudoun Wildlife Conservancy; Lynchburg Bird Club; Mattaponi River Company; Mill Mountain Zoo.

More Critters & Company; NAS—Cape Henry Audubon Society; NAS—Fairfax Audubon Society; NAS—Virginia Beach Chapter; Natural Resources Technology; New River Free Press; New River Valley Bird Club; New River Valley Environmental Coalition Newport House Bed & Breakfast.

North Bend Plantation; North Fork Nature Center; Piedmont Productions; Prince William Natural Resources Council Public Lands Foundation; Resource Management Associates; Responsive Management; Ridgerunner Forestry Services; River Place at Deltaville.

Selu Conservancy; The Alleghany Inn; The Conservation Fund; The Friends of the North River; The Mark Addy; The Opequon Watershed, Inc.

The Ornithological Council; The River'd Inn; The Wildlife Center of Virginia; Thornrose House Bed & Breakfast; Trout Unlimited (National); TWS—Southeastern Chapter; TWS—Virginia Chapter; TWS—Virginia Tech Student Chapter.

Valley Conservation Council; Virginia American Bass Association; Virginia Association of Soil & Water Conservation District Virginia BASS Federation, Inc.; Virginia Game Warden Association; Virginia Herpetological Society; Virginia Society of Ornithology; Virginia Tourism Corporation; Virginia Wildlife Federation; Virginia's Explore Park; Virginians for Wilderness; Western Virginia Land Trust.

VICTIMS OF GUN VIOLENCE

Mr. WELLSTONE. Mr. President, it has been more than a year since the Columbine tragedy, but still this Republican Congress refuses to act on sensible gun legislation.

Since Columbine, thousands of Americans have been killed by gunfire. Until we act, Democrats in the Senate will read the names of some of those who have lost their lives to gun violence in the past year, and we will continue to do so every day that the Senate is in session.

In the name of those who died, we will continue this fight. Following are the names of some of the people who were killed by gunfire one year ago today.

October 5, 1999:

Norman P. Blasco, 47, Chicago, IL; Guy Colbert, 25, Detroit, MI; Daniel Galloway, 39, San Antonio, TX; Justin Eric Googenrand, 23, St. Paul, MN; Denise Long, 41, Nashville, TN; Shawndell Mosely, 27, Memphis, TN; Donald Roper, 34, Oakland, CA; and Theodore Slater, 87, Toledo, OH.

One of the victims of gun violence I mentioned, 41-year-old Denise Long of Nashville, was shot and killed accidentally by a 22-year-old co-worker who pulled out a handgun and dropped it on the floor. Her co-worker did not have a permit to carry a handgun. She also did not have permission to have the gun at their place of work.

We cannot sit back and allow such senseless gun violence to continue. The deaths of these people are a reminder to all of us that we need to enact sensible gun legislation now.

PNTR

Mrs. LINCOLN. Mr. President, as a strong advocate for Permanent Normal Trade Relations with China, I feel a personal responsibility to ensure that American companies benefit from this

continuing trade relationship. I believe most of my Senate colleagues feel the same way. I am confident there will be many success stories, but there are also valuable lessons to be learned from watching U.S. companies that have tried to do business thus far.

Panda Energy International is one such company. Panda is currently building a substantial gas-powered generator in Union County, Arkansas, and I have been personally briefed by Panda's officials about their difficulties in China. Panda spent six years developing a power project near Tangshan in Hebei Province. It signed a contract to sell all of the output from the project to the North China Power Group—an arm of the national utility—at a price to be determined by a formula. Armed with this contract, Panda borrowed $155 million needed to construct the project through a public bond offering in the U.S. capital markets. Construction for the project got underway in 1997. The project was completed late last year, and has been in limbo since that time.

The project cannot sell power without formal approval of a tariff, or price for its electricity, by the Tangshan municipal pricing bureau. The Tangshan pricing bureau has been reluctant to assign a tariff that would then set in motion the need to buy additional electricity for the region where demand has recently diminished. At the same time, Panda Energy is in a perilous bind, because it had to mortgage all of its existing power plants—two in the United States and one in Nepal—as security to guarantee the U.S. bond holders they would be repaid their loans. The company is on the verge of defaulting on the loans.

Mr. EDWARDS. Would the Senator yield?

Mrs. LINCOLN. I would be pleased to yield to my friend from North Carolina.

Mr. EDWARDS. I want to associate my self with the concern expressed by the Senator from Arkansas. Panda Energy has a major gas-fired co-generator in northwestern North Carolina. That plant, in Roanoke Rapids, was the first project completed by this corporation and has been a significant supplier of electricity to the citizens of my state for the past ten years.

I, too, have been briefed about the difficulties Panda has faced in their effort to improve China's electricity-generating infrastructure. The commitment to approve and issue a formal tariff to the Panda Project in Luannan County, that the municipal and provincial governments agreed to, is not being honored. By failing to honor their commitment to grant a reasonable tariff rate, these governments have precluded the commercial generation of power. If this continues, the U.S. bondholders will have no choice but to foreclose on what represents the first U.S. capital markets power project financing in China.

This is a difficult situation for both sides, but the bottom line is that the international trading system breaks down if agreements are not honored, especially for large infrastructure projects like this one with long lead times. People invest money based on these agreements. They put their companies at risk.

I would like to yield to my colleague, Senator KERRY, who has been working on this issue for some time.

Mr. KERRY. Mr. President, I have been aware of this story since July. Many of the bonds for this project are held through mutual funds in which Americans have invested their savings. This is not just a question of inequity for the U.S. developer of the project but also for millions of Americans who are the bondholders, and many of whom are my constituents.

In response to a letter written on August 7 to the Chinese ambassador, the chargé d'affaires indicated that he had met with both the U.S. developer and representatives from the U.S. bondholders, had conveyed the concern back home, and would be—quote—making efforts to facilitate a satisfactory solution to this problem—end quote. It has now been almost two months, and we have seen no resolution of this problem, but rather delay and discrimination.

I note that the Democratic Leader has joined us, and I would like to suggest to him a report by the Administration, but first I would yield the Floor to my colleague from Montana, Senator BAUCUS.

Mr. BAUCUS. Mr. President, I do not have first hand knowledge of the situation, but it is troubling to hear of U.S. businesses running into such difficulties. I read the written statement that the U.S. sponsor of this project submitted to the Senate Finance Committee last spring.

Two things struck me. One is that the mediator split the difference. He split the difference between the price for electricity proposed by the Tangshan pricing bureau and the minimum price that the U.S. developer of the project said it needed in order to avoid defaulting on the project debt. The other thing that struck me is, although this was no great result for the U.S. developer, all the developer is seeking at this point is to have the mediator's recommendation implemented.

I would like to read a paragraph from the statement that the U.S. sponsor of the project submitted to the Senate Finance Committee. This is the president of the company speaking. ''I am not here to ask you or your colleagues to grant or deny China PNTR status. I am here to relate a story of how one U.S. company fared when it tried to supply electricity to the Chinese. Unfortunately, we have come to find that our experience is not all that uncommon. However, in our case, the consequences are potentially disastrous because Panda had to guarantee the U.S. bondholders that they would be repaid. We feel like the jilted bride who entered into a marriage five years ago with the Chinese only to find them trying to walk away from the marriage now that the child has been born. This isn't fair.''

I agree, and I yield the Floor to the Democratic Leader.

Mr. DASCHLE. Mr. President, I have discussed this unfortunate situation with several of my colleagues. I believe that it would be very helpful to have the Secretary of Commerce and the Secretary of Energy undertake a joint analysis of the facts of this situation and report back to the Senate on their discussions with the Chinese government within 45 days.

THE VERY BAD DEBT BOXSCORE

Mr. HELMS. Mr. President, at the close of business yesterday, Wednesday, October 4, 2000, the Federal debt stood at $5,653,380,479,214.62, five trillion, six hundred fifty-three billion, three hundred eighty million, four hundred seventy-nine thousand, two hundred fourteen dollars and sixty-two cents.

One year ago, October 4, 1999, the Federal debt stood at $5,654,411,000,000, five trillion, six hundred fifty-four billion, four hundred eleven million.

Five years ago, October 4, 1995, the Federal debt stood at $4,980,561,000,000, four trillion, nine hundred eighty billion, five hundred sixty-one million.

Ten years ago, October 4, 1990, the Federal debt stood at $3,255,813,000,000, three trillion, two hundred fifty-five billion, eight hundred thirteen million.

Fifteen years ago, October 4, 1985, the Federal debt stood at $1,823,105,000,000, one trillion, eight hundred twenty-three billion, one hundred five million, which reflects a debt increase of almost $4 trillion—$3,830,275,479,214.62, three trillion, eight hundred thirty billion, two hundred seventy-five million, four hundred seventy-nine thousand, two hundred fourteen dollars and sixty-two cents, during the past 15 years.

ADDITIONAL STATEMENTS

HONORING DIRECT SERVICE PROFESSIONALS

• Mr. DURBIN. Mr. President, I am pleased today to join the Illinois chapter of the American Association on Mental Retardation in recognizing the recipients of the 2000 Direct Service Professional Award. These individuals are being honored for their outstanding devotion to the effort to enrich the lives of people with developmental disabilities in Illinois.

These recipients have displayed a strong sense of humanity and professionalism in their work with persons with disabilities. Their efforts have inspired the lives of those whom they care for, and they are an inspiration to me as well. They have set a fine example of community service for all Americans to follow.

These honorees spend more than 50 percent of their time in direct, personal involvement with their clients. They are not primarily managers or supervisors. They are direct service workers at the forefront of America's effort to care for people with special needs. They get up and go to work every day, with little recognition, providing much needed and greatly valued care and assistance.

It is my pleasure to acknowledge the contributions of the following Illinois direct service professionals: Kimberly Brown, Janelle Cote, Margaretha Daigh, Dawn Golec, David Hamm, Pat Hartz, Sandy Hawkins, Rhonda Housman, Kathy Lambert, Kathy Lyons, Deb Minor, Valensie Parnell, Mary Beth Schultz, Marshall Sears, Kim Smith, Jayce Turner, Don Van Duyse, Junior Vieux, Clifton White, and Tijuana Wright.

I know my fellow Senators will join me in congratulating the winners of the 2000 Direct Service Professional Award. I applaud their dedication and thank them for their service.●

TAIWAN CELEBRATES NATIONAL DAY

● Ms. LANDRIEU. Mr. President, next Sunday marks the eighty-ninth birthday of the Republic of China, which now resides in Taiwan. This representative government arose from a revolution against an archaic imperial system. In 1911, Chinese patriots ousted the Qing dynasty, and ignited the promise of economic and political freedom for Chinese nationalists throughout the world.

National Day, or the shuang shi, is the most important national holiday in Taiwan, for it celebrates not only a critical military victory, but a wealth of principles which, to this day, guide the governance of Taiwan—particularly: resistance to dynastic tyranny, embrace of free market enterprise, development of western-style political institutions, and ultimately, the evolution of a fully thriving democratic republic. After repeated set-backs, on October 10, 1911, the revolutionary Wuch'ang Army successfully launched a revolt against China's imperial regime. The nationalists would no longer tolerate property seizure and suppressed individual rights. Without a supreme sovereign reigning over the country, China plunged into a civil war. Although never truly resolved, this conflict stalemated in 1949, when Communists expelled Chiang Kai-shek and the nationalists to present-day Taiwan.

After emergency martial law was lifted in 1987, the groundwork was finally laid to realize the cardinal objectives of Taiwan's founding father, Sun Yat-sen—to establish a representative Republic of China. In 1992, Taiwan held its first democratic legislative elections, followed by presidential elections in 1996. In March of this year, Taiwan held her second presidential elections, installing a wholly independent, man of the people as the leader of Tawain—Chen Shui-bian. This man embodies the spirit of the new Republic of China on Taiwan. As mayor of Taipei, Chen Shui-bian cleaned up the capital city, attacking organized crime and other illicit industries. As a political dissident, he stood strong in the face of efforts to muzzle him. In this year's election, he inaugurated a new political order for his people.

In addition to Chen's fair elections, Taiwan has much to celebrate. As Taiwan enjoys her various National Day festivities—the huge parades, dazzling entertainment, and explosive fireworks displays—let us all celebrate the birth of true democracy in Taiwan. We salute our friends on that great island—the people of Taiwan. Please join me in saying to them Shuang shi kwai ler.●

HONORING OUR FALLEN FIREFIGHTERS

● Mrs. BOXER. Mr. President, firefighters from across the Nation who died in the line of duty will be remembered during the National Fallen Firefighters Memorial Weekend on October 7th and 8th at the National Fire Academy in Emmitsburg, Maryland. As in years past, the National Fallen Firefighters Foundation and the Federal Emergency Management Agency will sponsor the nation's tribute to these valiant public servants.

The 106 firefighters to be honored this year include seven Californians. On behalf of the people of my state, I want to remember each of them in turn:

Matthew Eric Black, 20, a volunteer with the Lakeport Fire Protection District, died on June 23, 1999 when he accidentally came in contact with a downed power line during operations at a grass fire. His older brother is also a firefighter.

Stephen Joseph Masto, 28, a career firefighter with the Santa Barbara Fire Department, died on August 28, 1999 of heatstroke while working as an EMT at a wildland fire. He received the Outstanding Cadet Award at Rio Hondo Fire Academy and received a service award as a volunteer at Upland Fire Department.

Tom Moore, 38, a career firefighter with the Manteca Fire Department, died on June 16, 1999 after suffering severe trauma in a training tower fall. He had served with the department for over 14 years and was a well-known fire service instructor specializing in heavy/confined space rescue and hazardous materials.

Karen J. Savage, 44, a volunteer firefighter/EMT with Hawkins Bar Volunteer Fire Department in Burnt Ranch, died on October 16, 1999 from injuries sustained in a vehicle accident at the scene of a wildland fire.

Martin Michael Stiles, 40, a California Department of Corrections inmate assigned to the Los Angeles County Fire Department Strike Team, died on July 18, 1999 of injuries from a fall while working at a wildland fire in Ventura County, California. A San Diego native, he was dedicated to wildland firefighting and loved the outdoors.

Tracy Dolan Toomey, 52, a 27-year veteran firefighter with the Oakland Fire Department, died on January 10, 1999 in the collapse of a burning building. A Vietnam veteran, he was an avid welder and a member of the California Artistic Blacksmith's Association.

Edward E. Luttig, 54, a member of the Sacramento Fire Department, died on September 10, 1990 from injuries sustained 23 years earlier while searching for survivors in an apartment fire. Sacramento firefighters donated their time and money to support Mr. Luttig and his family during those 23 years. His name is being added to the Memorial at the request of his friends and former colleagues.

These fallen heroes paid the ultimate price for their devotion to public service and safety. They are an inspiration to us all, as are the men and women who continue to protect Americans from fire and other emergencies.●

MOTHER KATHARINE DREXEL: A TEACHER TO SOME, A SAINT TO MANY

● Mr. BREAUX. Mr. President, I rise today to honor the life of Mother Katharine Drexel. Born into one of the wealthiest families in America in 1858, Mother Katharine turned down a life of privilege to start the Sisters of the Blessed Sacrament in 1891. She dedicated her life to building a brighter future for underprivileged African-American and Native American children.

In honor of her hard work and dedication to the disadvantaged and disenfranchised, on October 1—just 45 years after her death—Pope John Paul II canonized Mother Katharine into sainthood, the highest recognition a Catholic can receive. She is the fifth American to reach this honor, and only the second who was born in America.

The prestigious Xavier University of Louisiana owes its entire existence to Mother Katharine Drexel. When founded in New Orleans in 1925, Xavier's mission was to prepare its students for positions of leadership. Today, Xavier is widely recognized for sending more African-Americans to medical school

than any college in America. Its 70 percent medical and dental school acceptance rate is almost twice the national average, and 93 percent of those who enter these programs earn their degree.

Xavier also ranks first nationally in the number of African-American students who earn degrees in biology, physics, pharmacy and the physical sciences. In fact, since 1927 Xavier has graduated nearly 25 percent of the black pharmacists practicing in the United States.

Thousands of Xavier's graduates are prominent scientists, scholars, musicians, and community leaders in Louisiana and across the country. Notable graduates include Department of Labor Secretary Alexis Herman, and retired, four-star Air Force General Bernard Randolph, former head of the Space and Defense Systems Command.

Proof of Mother Katharine's superior works lies in the achievements of three of her former students. One of Mother Katharine's students at Xavier was a young man who shined shoes, but wanted an education. Today, Dr. Norman Francis is president of Xavier University and a nationally recognized leader in higher education.

Another of her former students, Lionel Hampton, found his gift for music under Mother Katharine's tutelage at Xavier. Hampton later earned platinum and gold records, and became the first African-American to play in the Benny Goodman Band. Hampton joined another jazz great and New Orleanian, Louis Armstrong, to play for Pope Pius XII.

Mother Katharine also spread her goodwill elsewhere across the country. When Marie Allen entered Mother Katharine's St. Michael's Indian School in Window Rock, Arizona, she was an impoverished young child who spoke no English. Today, Dr. Marie Allen heads the Navaho Nation Special Diabetes Program to educate Native Americans about diabetes, a deadly disease that plagues American Indian reservations. Even more, over the past 10 years, 90 percent of students graduating from St. Michael's Indian School have gone to college.

These are just three examples of the multitude of students who have been inspired to greatness by Mother Katharine Drexel. In the midst of a hostile culture, she used kindness and compassion to fight injustice and indignities, and in the process forged a brighter future for America's poor and underprivileged.

When Katharine Drexel died at the age of 97 in 1955, more than 500 of her disciples were teaching in 63 schools on American Indian reservations and in African-American communities. This is a true testament to her ability to inspire and lead.

History is full of truly remarkable people whose individual acts of kindness have left an indelible mark on our hearts, our souls and our conscience. Mother Katharine Drexel is no different. Her actions are a true testament to the power of strong religious faith and a moral obligation to those less fortunate.

On behalf of the thousands of people around the world who have been touched by her work, I pay tribute to the life and work of Mother Katharine Drexel. She may have been a teacher to some, but Mother Katharine is a saint to many.●

TRIBUTE TO DR. FAYE G. ABDELLAH

● Mr. INOUYE. Mr. President, I would like to take a moment to honor Dr. Faye G. Abdellah, RN, Ed.D., Sc.D., FAAN who is currently serving as the Dean of the Graduate School of Nursing at the Uniformed Services University. Dr. Abdellah will be inducted in the National Women's Hall of Fame this weekend. Founded in 1969, the Hall is a national membership organization in Seneca Falls, New York that honors and celebrates the achievements of American women. She will join a list of 157 of the most distinguished women in American history, including Susan B. Anthony, Clara Barton, Helen Keller, Sandra Day O'Connor, Rosa Parks, and Eleanor Roosevelt. Dr. Abdellah is being recognized and honored for her pioneering work altering nursing theory and practice, for the development of the first tested coronary care unit that saved thousands of lives, and for being the first nurse to hold the rank of Rear Admiral (Upper Half) and the title of Deputy Surgeon General for the United States.

Dr. Abdellah is the recipient of 79 professional and academic honors. She holds eleven honorary degrees from universities that have recognized her innovative work in nursing research, in the development of the first nurse scientist, as an international expert in health policies, and for making invaluable contributions to the health of our nation. She has authored and co-authored more than 150 publications, some of which have been translated into six languages.

Dr. Abdellah worked with the Surgeon General in the formation of national health policies related to AIDS, drug addiction, violence, smoking and alcoholism. She developed the first federal training program for health services researchers, health services administrators and geriatric nurse practitioners. Dr. Abdellah has worked with state and district nursing associations, serving on many work groups and committees developing standards of nursing practice, credentialing activities, and providing workshops in nursing research.

As part of her international health outreach role as a nurse and health services consultant, she has been a member of official United States delegations on exchange missions to Russia, Yugoslavia, and France, and designated as coordinator for nursing for the United States-Argentina Cooperation in Health and Medical Research Project. Dr. Abdellah has also served as a consultant to the Japanese Nursing Association on nursing education and research on three separate occasions.

I have had the privilege of knowing Dr. Abdellah for many years. Her selfless devotion to duty and extraordinary accomplishments are legendary. It is with pride that I congratulate Dr. Abdellah on her well-deserved induction into the National Women's Hall of Fame. Our nation can be proud of her long and distinguished service to this country.●

MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Ms. Evans, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the appropriate committees.

(The nominations received today are printed at the end of the Senate proceedings.)

MESSAGES FROM THE HOUSE

At 1:09 p.m. a message from the House of Representatives, delivered by Mr. Hayes, one of its reading clerks, announced that the House insists upon its amendment to the bill (S. 835) to encourage the restoration of estuary habitat through more efficient project financing and enhanced coordination of Federal and non-Federal restoration programs, and for other purposes, and ask a conference with the Senate on the disagreeing votes of the two Houses thereon. That Mr. SHUSTER, Mr. YOUNG of Alaska, Mr. BOEHLERT, Mr. GILCHREST, Mrs. FOWLER, Mr. SHERWOOD, Mr. SWEENEY, Mr. KUYKENDALL, Mr. VITTER, Mr. OBERSTAR, Mr. BORSKI, Mr. BARCIA, Mr. FILNER, Mr. TAYLOR of Mississippi, Mr. BLUMENAUER, and Mr. BALDACCI, be the managers of the conference on the part of the House.

The message also announced that the House has passed the following bill, in which it requests the concurrence of the Senate:

H.R. 5212. An act To direct the American Folklife Center at the Library of Congress to establish a program to collect video and audio recordings of personal histories and testimonials of American war veterans, and for other purposes.

ENROLLED BILLS SIGNED

The following enrolled bills, previously signed by the Speaker of the House, were signed on today, October 5,

2000, by the President pro tempore (Mr. THURMOND):

S. 302. An act for the relief of Kerantha Poole-Christian.

S. 1794. An act to designate the Federal courthouse at 145 East Simpson Avenue in Jackson, Wyoming, as the ''Clifford P. Hansen Federal Courthouse.''

H.R. 4365. An act to amend the Public Health Service Act with respect to children's health.

ENROLLED BILLS SIGNED

At 3:41 p.m., a message from the House of Representatives, delivered by Mr. Hayes, one of its reading clerks, announced that the Speaker has signed the following enrolled bills and joint resolution:

S. 366. An act to amend the National Trails System Act to designate El Camino Real de Tierra Adentro as a National Historic Trail.

S. 1198. An act to establish a 3-year pilot project for the General Accounting Office to report to Congress on economically significant rules of Federal agencies, and for other purposes.

S. 2045. An act to amend the Immigration and Nationality Act with respect to H-1B nonimmigrant aliens.

2722. An act to improve the administrative efficiency and effectiveness of the Nation's abuse and neglect courts and for other purposes consistent with the Adoption and Safe Families Act of 1997.

H.R. 1800. An act To amend the Violent Crime Control and Law Enforcement Act of 1994 to ensure that certain information regarding prisoners is reported to the Attorney General.

H.R. 2752. An act to direct the Secretary of the Interior to sell certain public land in Lincoln County through a competitive process.

H.R. 2773. An act To amend the Wild and Scenic Rivers Act to designate the Wekiva River and its tributaries of Wekiwa Springs Run, Rock Springs Run, and Black Water Creek in the State of Florida as components of the national wild and scenic rivers system.

H.R. 4579. An act to provide for the exchange of certain lands within the State of Utah.

H.R. 4583. An act to extend the authorization for the Air Force Memorial Foundation to establish a memorial in the District of Columbia or its environs.

H.J. Res. 110. Joint resolution making further continuing appropriations for the fiscal year 2001, and for other purposes.

The enrolled bills and joint resolution were signed subsequently by the President pro tempore (Mr. THURMOND).

At 6:41 p.m. a message from the House of Representatives, delivered by Ms. Niland, one of its reading clerks, announced that the House has passed the following bill, in which it requests the concurrence of the Senate:

H.R. 2641. An act to make technical corrections to title X of the Energy Policy Act of 1992.

The message also announced that the House has passed the following bill, with amendments, in which it requests the concurrence of the Senate:

S. 2311. An act to revise and extend the Ryan White CARE Act programs under title XXVI of the Public Health Service Act, to improve access to health care and the quality of health care under such programs, and to provide for the development of increased capacity to provide health care and related support services to individuals and families with HIV disease, and for other purposes.

The message further announced that the House agrees to the amendment of the Senate to the bill (H.R. 1143) to establish a program to provide assistance for programs of credit and other financial services for microenterprises in developing countries, and for other purposes.

MEASURES READ THE FIRST TIME

The following bill was read the first time:

H.R. 4292. An act to protect infants who are born alive.

ENROLLED BILL PRESENTED

The Secretary of the Senate reported that on today, October 5, 2000, he had presented to the President of the United States, the following enrolled bills:

S. 302. An act for the relief of Kerantha Poole-Christian.

S. 366. An act to amend the National Trails System Act to designate El Camino Real de Tierra Adentro as a National Historic Trail.

S. 1794. An act to designate the Federal courthouse at 145 East Simpson Avenue in Jackson, Wyoming, as the ''Clifford P. Hansen Federal Courthouse.''

S. 1198. An act to establish a 3-year pilot project for the General Accounting Office to report to Congress on economically significant rules of Federal agencies, and for other purposes.

S. 2045. An act to amend the Immigration and Nationality Act with respect to H–1B nonimmigrant aliens.

S. 2272. An act to improve the administrative efficiency and effectiveness of the Nation's abuse and neglect courts and for other purposes consistent with the Adoption and Safe Families Act of 1997.

EXECUTIVE AND OTHER COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, which were referred as indicated:

EC–11037. A communication from the Associate Administrator for Procurement, National Aeronautics and Space Administration, transmitting, pursuant to law, the report of a rule entitled ''North American Industry Classification System (NAICS)'' received on October 3, 2000; to the Committee on Commerce, Science, and Transportation.

EC–11038. A communication from the Associate Administrator for Procurement, National Aeronautics and Space Administration, transmitting, pursuant to law, the report of a rule entitled ''National Aeronautics and Space Administration (NASA)'' received on October 3, 2000; to the Committee on Commerce, Science, and Transportation.

EC–11039. A communication from the Chairman of the Federal Maritime Commission, transmitting, pursuant to law, a report relative to the strategic plan through fiscal year 2005; to the Committee on Commerce, Science, and Transportation.

EC–11040. A communication from the Associate Administrator for Equal Opportunity Programs, National Aeronautics and Space Administration, transmitting, pursuant to law, the report of a rule entitled ''Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance'' (RIN1190-AA28) received on October 3, 2000; to the Committee on Commerce, Science, and Transportation.

EC–11041. A communication from the Chief, Compliance Division, Office of Civil Rights, Department of Commerce, transmitting, pursuant to law, the report of a rule entitled ''Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance'' (RIN1190-AA28) received on October 3, 2000; to the Committee on Commerce, Science, and Transportation.

EC–11042. A communication from the Director of the Office of Civil Rights, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled ''Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance'' (RIN1190-AA28) received on October 3, 2000; to the Committee on Commerce, Science, and Transportation.

EC–11043. A communication from the Acting Assistant Administrator for Fisheries, National Marine Fisheries Service, Department of Commerce, transmitting, pursuant to law, the report of a rule entitled ''Emergency Interim Rule to Prohibit Trap Gear in the Royal Red Shrimp Fishery in the Gulf of Mexico'' (RIN0648-AO52) received on October 3, 2000; to the Committee on Commerce, Science, and Transportation.

EC–11044. A communication from the Acting Director of the Office of Sustainable Fisheries, National Marine Fisheries Service, Department of Commerce, transmitting, pursuant to law, the report of a rule entitled ''Fisheries of the Exclusive Economic Zone Off Alaska; Sharpchin and Northern Rockfish in the Aleutian Islands Subarea of the Bering Sea and Aleutian Islands Management Area'' received on October 3, 2000; to the Committee on Commerce, Science, and Transportation.

EC–11045. A communication from the Acting Director of the Office of Sustainable Fisheries, National Marine Fisheries Service, Department of Commerce, transmitting, pursuant to law, the report of a rule entitled ''Fisheries of the Exclusive Economic Zone Off Alaska; Sharpchin and Northern Rockfish in the Aleutian Islands Subarea'' received on October 3, 2000; to the Committee on Commerce, Science, and Transportation.

EC–11046. A communication from the Acting Director of the Office of Sustainable Fisheries, National Marine Fisheries Service, Department of Commerce, transmitting, pursuant to law, the report of a rule entitled ''Atlantic Highly Migratory Species Fisheries; Atlantic Bluefin Tuna; Adjustment of General Category Daily Retention Limit on Previously Designated Restricted Fishing Days'' received on October 3, 2000; to the Committee on Commerce, Science, and Transportation.

REPORTS OF COMMITTEES

The following reports of committees were submitted:

By Mr. MURKOWSKI, from the Committee on Energy and Natural Resources, with an amendment and an amendment to the title:

S. 1950: A bill to amend the Mineral Leasing Act of 1920 to ensure the orderly development of coal, coalbed methane, natural gas, and oil in the Powder River Basin, Wyoming and Montana, and for other purposes (Rept. No. 106–490).

By Mr. MURKOWSKI, from the Committee on Energy and Natural Resources, with an amendment in the nature of a substitute:

S. 1969: A bill to provide for improved management of, and increases accountability for, outfitted activities by which the public gains access to and occupancy and use of Federal land, and for other purposes (Rept. No. 106–491).

By Mr. HATCH, from the Committee on the Judiciary, with an amendment in the nature of a substitute:

S. 2448: A bill to enhance the protections of the Internet and the critical infrastructure of the United States, and for other purposes.

EXECUTIVE REPORTS OF COMMITTEE

The following executive reports of committee were submitted:

By Mr. WARNER for the Committee on Armed Services.

Robert N. Shamansky, of Ohio, to be a Member of the National Security Education Board for a term of four years. (Reappointment)

Robert B. Pirie, Jr., of Maryland, to be Under Secretary of the Navy.

(The above nominations were reported with the recommendation that they be confirmed subject to the nominees' commitment to respond to requests to appear and testify before any duly constituted committee of the Senate.)

The following named officer for appointment in the United States Air Force to the grade indicated while assigned to a position of importance and responsibility under title 10, U.S.C., section 601:

To be lieutenant general

Maj. Gen. John D. Hopper Jr., 0000

To be vice admiral

Rear Adm. Timothy J. Keating, 0000

The following named officer for appointment in the United States Navy to the grade indicated while assigned to a position of importance and responsibility under title 10, U.S.C., section 601:

To be vice admiral

Rear Adm. Martin J. Mayer, 0000

The following named officer for appointment in the United States Navy to the grade indicated while assigned to a position of importance and responsibility under title 10, U.S.C., section 601:

To be vice admiral

Vice Adm. Dennis V. McGinn, 0000

The following named officer for appointment in the United States Marine Corps Reserve to the grade indicated under title 10, U.S.C., section 12203:

To be major general

Brig. Gen. Jack A. Davis, 0000

The following named officers for appointment in the United States Marine Corps to the grade indicated under title 10, U.S.C., section 624:

To be major general

Brig. Gen. James R. Battaglini, 0000
Brig. Gen. James E. Cartwright, 0000
Brig. Gen. Christopher Cortez, 0000
Brig. Gen. Gary H. Hughey, 0000
Brig. Gen. Thomas S. Jones, 0000
Brig. Gen. Richard L. Kelly, 0000
Brig. Gen. John F. Sattler, 0000
Brig. Gen. William A. Whitlow, 0000

The following named officer for appointment in the United States Marine Corps to the grade indicated under title 10, U.S.C., section 624:

To be major general

Brig. Gen. John F. Goodman, 0000

The following named officers for appointment in the United States Marine Corps to the grade indicated under title 10, U.S.C., section 624:

To be brigadier general

Col. Thomas A. Benes, 0000
Col. Christian B. Cowdrey, 0000
Col. Michael E. Ennis, 0000
Col. Walter E. Gaskin Sr., 0000
Col. Michael R. Lehnert, 0000
Col. Joseph J. McMenamin, 0000
Col. Duane D. Thiessen, 0000
Col. George J. Trautman III, 0000
Col. Willie J. Williams, 0000
Col. Richard C. Zilmer, 0000

The following named officers for appointment in the United States Marine Corps Reserve to the grade indicated under title 10, U.S.C., section 12203:

To be brigadier general

Col. Andrew B. Davis, 0000
Col. Harold J. Fruchtnicht, 0000

The following named officer for appointment in the United States Marine Corps to the grade indicated while assigned to a position of importance and responsibility under title 10, U.S.C., section 601:

To be lieutenant general

Maj. Gen. Gregory S. Newbold, 0000

(The above nominations were reported with the recommendation that they be confirmed.)

Mr. WARNER. Mr. President, for the Committee on Armed Services, I report favorably nomination lists which were printed in the RECORDS of the dates indicated, and ask unanimous consent, to save the expense of reprinting on the Executive Calendar that these nominations lie at the Secretary's desk for the information of Senators.

The PRESIDING OFFICER. Without objection, it is so ordered.

Air Force nominations beginning Donna L. Kennedy and ending Michael D. Prazak, which nominations were received by the Senate and appeared in the Congressional Record on July 25, 2000.

Air Force nominations beginning Franklin C. Albright and ending Lewis F. Wolf, which nominations were received by the Senate and appeared in the Congressional Record on July 25, 2000.

Air Force nomination of Warren S. Silberman, which was received by the Senate and appeared in the Congressional Record on September 6, 2000.

Air Force nomination of James C. Seaman, which was received by the Senate and appeared in the Congressional Record on September 12, 2000.

Air Force nominations beginning George M. Abernathy and ending Richard M. Zink, which nominations were received by the Senate and appeared in the Congressional Record on September 21, 2000.

Air Force nominations beginning Douglas N. Barlow and ending Gregory E. Seely, which nominations were received by the Senate and appeared in the Congressional Record on September 28, 2000.

Air Force nominations beginning John B. Stetson and ending Christine E. Tholen, which nominations were received by the Senate and appeared in the Congressional Record on October 2, 2000.

Army nominations beginning John W. Alexander, Jr. and ending Donald L. Wilson, which nominations were received by the Senate and appeared in the Congressional Record on July 10, 2000.

Army nominations beginning Bruce D. Adams and ending Vikram P. Zadoo, which nominations were received by the Senate and appeared in the Congressional Record on July 25, 2000.

The following named officers for appointment in the Reserve of the Army to the grades indicated under Title 10, U.S.C., Section 12203:

To be major general

Brig. Gen. George F. Bowman, 0000
Brig. Gen. Lloyd D. Burtch, 0000
Brig. Gen. Alfonsa Gilley, 0000
Brig. Gen. James R. Helmly, 0000
Brig. Gen. Dennis E. Klein, 0000

To be brigadier general

Col. James A. Cheatham, 0000
Col. George R. Fay, 0000
Col. Charles E. Gorton, 0000
Col. John H. Kern, 0000
Col. Charles E. McCartney, 0000
Col. Jack C. Stultz, Jr., 0000
Col. Stephen D. Tom, 0000

Army nominations beginning Daniel G. Aaron and ending X2457, which nominations were received by the Senate and appeared in the Congressional Record on July 27, 2000.

The following Army National Guard of the United States officer for appointment in the Reserve of the Army to the grade indicated under title 10, U.S.C., section 12203:

To be brigadier general

Col. Bradford C. Brightman, 0000

The following named officer for appointment in the Reserve of the Army to the grade indicated under title 10. U.S.C., section 12203:

To be major general

Brig. Gen. H. Douglas Robertson, 0000

Army nomination of Merritt M. Smith, which was received by the Senate and appeared in the Congressional Record on September 6, 2000.

Army nominations beginning James M. Davis and ending Lanneau H. Siegling, which nominations were received by the Senate and appeared in the Congressional Record on September 6, 2000.

Army nomination of John Espinosa, which was received by the Senate and appeared in the Congressional Record on September 6, 2000.

Army nomination of Albert L. Lewis, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Army nominations beginning Philip C. Caccese and ending Donald E. McLean, which nominations were received by the Senate and appeared in the Congressional Record on September 7, 2000.

Army nominations beginning Richard W.J. Cacini and ending Carlos A. Trejo, which nominations were received by the Senate and appeared in the Congressional Record on September 7, 2000.

Army nominations beginning Melvin Lawrence Kaplan and ending George Raymond Ripplinger, which nominations were received by the Senate and appeared in the Congressional Record on September 7, 2000.

Army nomination of *Michael Walker, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Army nominations beginning Eddie L. Cole and ending Christopher A. White, which nominations were received by the Senate and appeared in the Congressional Record on September 12, 2000.

Army nominations beginning Jeanne J. Blaes and ending Janelle S. Weyn, which nominations were received by the Senate and appeared in the Congressional Record on September 12, 2000.

Army nominations beginning *Patrick N. Bailey and ending *Jeffrey L. Zust, which nominations were received by the Senate and appeared in the Congressional Record on September 12, 2000.

Army nominations beginning Timothy F. Abbott and ending *X4076, which nominations were received by the Senate and appeared in the Congressional Record on September 12, 2000.

Navy nomination of Bradley S. Russell, which was received by the Senate and appeared in the Congressional Record on May 11, 2000.

Navy nomination of Douglas M. Larratt, which was received by the Senate and appeared in the Congressional Record on July 25, 2000.

Navy nominations beginning Felix R. Tormes and ending Christopher F. Beaubien, which nominations were received by the Senate and appeared in the Congressional Record on July 25, 2000.

Navy nominations beginning Ava C. Abney and ending Michael E. Zimmerman, which nominations were received by the Senate and appeared in the Congressional Record on July 25, 2000.

Navy nominations beginning William B. Acker III and ending John Zarem, which nominations were received by the Senate and appeared in the Congressional Record on July 26, 2000.

Navy nomination of Keith R. Belau, which was received by the Senate and appeared in the Congressional Record on July 27, 2000.

Navy nomination of Randall J. Bigelow, which was received by the Senate and appeared in the Congressional Record on September 6, 2000.

Navy nomination of Robert G. Butler, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nomination of Vito W. Jimenez, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nomination of Michael P. Tillotson, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nomination of Michael W. Altiser, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nomination of Melvin J. Hendricks, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nomination of Glenn A. Jett, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nomination of Joseph T. Mahachek, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nomination of Robert J. Werner, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nomination of Marian L. Celli, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nomination of Stephen M. Trafton, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Navy nominations beginning Eric M. Aaby and ending Anthony E. Zerangue, which nominations were received by the Senate and appeared in the Congressional Record on September 12, 2000.

Navy nominations beginning William S. Abrams II and ending Michael Ziv, which nominations were received by the Senate and appeared in the Congressional Record on September 12, 2000.

Navy nomination of Jeffrey N. Rocker, which was received by the Senate and appeared in the Congressional Record on September 13, 2000.

Navy nominations beginning Jerry C. Mazanowski and ending James S. Carmichael, which nominations were received by the Senate and appeared in the Congressional Record on September 13, 2000.

Navy nominations beginning Michael W. Bastian and ending Steven C. Wurgler, which nominations were received by the Senate and appeared in the Congressional Record on September 21, 2000.

Marine Corps nominations beginning Jack G. Abate and ending Jeffrey G. Young, which nominations were received by the Senate and appeared in the Congressional Record on July 27, 2000.

Marine Corps nomination of Gerald A. Cummings, which was received by the Senate and appeared in the Congressional Record on September 7, 2000.

Marine Corps nomination of David L. Ladouceur, which was received by the Senate and appeared in the Congressional Record on September 13, 2000.

By Mr. HELMS, from the Committee on Foreign Relations:

Treaty Doc. 106–23 International Plant Protection Convention (Exec. Report No. 106–27).

TEXT OF COMMITTEE-RECOMMENDED RESOLUTION OF ADVICE AND CONSENT

Resolved, (two thirds of the Senators present concurring there), That the Senate advise and consent to the ratification of the International Plant Protection Convention (IPPC), Adopted at the Conference of the Food and Agriculture Organization (FAO) of the United Nations at Rome on November 17, 1997 (Treaty Doc. 106–23), referred to in this resolution of ratification as ''the amended Convention,'' subject to the understandings of subsection (a), the declaration of subsection (b) and the provisos of subsection (c).

(a) UNDERSTANDINGS.—The advice and consent of the Senate is subject to the following understandings, which shall be included in the instrument of ratification of the amended Convention and shall be binding on the President:

(1) RELATIONSHIP TO OTHER INTERNATIONAL AGREEMENTS.—The United States understands that nothing in the amended Convention is to be interpreted in a manner inconsistent with, or alters the terms or effect of, the World Trade Organization Agreement on the Application of Sanitary or Phytosanitary Measures (SPS Agreement) or other relevant international agreements.

(2) AUTHORITY TO TAKE MEASURES AGAINST PESTS.—The United States understands that nothing in the amended Convention limits the authority of the United States, consistent with the SPS Agreement, to take

sanitary or phytosanitary measures against any pest to protect the environment or human, animal, or plant life or health.

(3) ARTICLE XX (''TECHNICAL ASSISTANCE'').—The United States understands that the provisions of Article XX entail no binding obligation to appropriate funds for technical assistance.

(b) DECLARATION.—The advice and consent of the Senate is subject to the following declaration:

TREATY INTERPRETATION.—The Senate affirms the applicability to all treaties of the constitutionally based principles of treaty interpretation set forth in Condition (1) of the resolution of ratification of the INF Treaty, approved by the Senate on May 27, 1988, and Condition (8) of the resolution of ratification of the Document Agreed Among the State Parties to the Treaty on Conventional Armed Forces in Europe, approved by the Senate on May 14, 1997.

(c) PROVISOS.—The advice and consent of the Senate is subject to the following:

(1) REPORT TO CONGRESS.—One year after the date the amended Convention enters into force for the United States, and annually thereafter for five years, the Secretary of Agriculture, in consultation with the Secretary of State, shall provide a report on Convention implementation to the Committee on Foreign Relations of the Senate setting forth at least the following:

(A) a discussion of the sanitary or phytosanitary standard-setting activities of the IPPC during the previous year;

(B) a discussion of the sanitary or phytosanitary standards under consideration or planned for consideration by the IPPC in the coming year;

(C) information about the budget of the IPPC in the previous fiscal year; and

(D) a list of countries which have ratified or accepted the amended Convention, including dates and related particulars.

(2) SUPREMACY OF THE CONSTITUTION.—Nothing in the amended Convention requires or authorizes legislation or other action by the United States of America that is prohibited by the Constitution of the United States as interpreted by the United States.

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

By Mr. HATCH:

S. 3161. A bill to amend title XVIII of the Social Security Act to require the Medicare Payment Advisory Commission to conduct a study on certain hospital costs; to the Committee on Finance.

By Mr. HATCH:

S. 3162. A bill to amend the Omnibus Crime Control and Safe Streets Act of 1968 to make grants to improve security at schools, including the placement and use of metal detectors; to the Committee on the Judiciary.

By Mr. HATCH:

S. 3163. A bill to designate the calendar decade beginning on January 1, 2001, as the ''Decade of Pain Control and Research''; to the Committee on the Judiciary.

By Mr. BAYH (for himself, Mr. GRAMS, Mr. LEAHY, and Mr. CLELAND):

S. 3164. A bill to protect seniors from fraud; to the Committee on the Judiciary.

By Mr. ROTH (for himself, Mr. MOYNIHAN, Mr. JEFFORDS, Mr. MURKOWSKI, Mr. HATCH, and Mr. KERREY):

S. 3165. A bill to amend the Social Security Act to make corrections and refinements in the Medicare, Medicaid, and SCHIP health insurance programs, as revised by the Balanced Budget Act of 1997 and the Medicare, Medicaid, and SCHIP Balanced Budget Refinement Act of 1999, and for other purposes; read the first time.

By Mr. BINGAMAN:

S. 3166. A bill to amend the Clinger-Cohen Act of 1996 to provide individual federal agencies and the executive branch as a whole with increased incentives to use the share-in-savings program under that Act, to ease the use of such program, and for other purposes; to the Committee on Governmental Affairs.

By Mr. DOMENICI (for himself and Mr. BINGAMAN):

S. 3167. A bill to establish a physician recruitment and retention demonstration project under the medicare program under title XVIII of the Social Security Act; to the Committee on Finance.

By Mr. TORRICELLI:

S. 3168. A bill to eliminate any limitation on indictment for sexual offenses and make awards to States to reduce their DNA casework backlogs; to the Committee on the Judiciary.

By Mr. SESSIONS (for himself, Mr. BINGAMAN, Mr. ALLARD , Mr. JOHNSON, Mr. CRAPO, and Mrs. LINCOLN):

S. 3169. A bill to amend the Federal Food, Drug, and Cosmetic Act and the International Revenue Code of 1986 with respect to drugs for minor animal species, and for other purposes; to the Committee on Finance.

By Mr. DODD (for himself, Ms. COLLINS, and Mr. KENNEDY):

S. 3170. A bill to amend the Higher Education Act of 1965 to assist institutions of higher education to help at-risk students to stay in school and complete their 4-year postsecondary academic programs by helping those institutions to provide summer programs and grant aid for such students, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mr. MURKOWSKI (for himself, Mr. BREAUX, and Mr. STEVENS):

S. 3171. A bill to amend the Internal Revenue Code of 1986 to extend the section 29 credit for producing fuel from a non-conventional source; to the Committee on Finance.

By Mr. KENNEDY:

S. 3172. A bill to provide access to affordable health care for all Americans; to the Committee on Finance.

By Mr. SMITH of New Hampshire (for himself, Mr. WARNER, Mr. INHOFE, Mr. THOMAS, Mr. BOND, Mr. VOINOVICH, Mr. CRAPO, Mr. L. CHAFEE, Mr. BAUCUS, Mr. MOYNIHAN, and Mr. GRAHAM):

S. 3173. A bill to improve the implementation of the environmental streamlining provisions of the Transportation Equity Act for the 21st Century; read the first time.

By Mr. ABRAHAM:

S. 3174. A bill to amend the Internal Revenue Code of 1986 to allow a long-term capital gains deduction for individuals; to the Committee on Finance.

By Mr. CRAIG (for himself, Mr. CONRAD, Mr. BAUCUS, Mr. BINGAMAN, Mr. BREAUX, Mr. BURNS, Mr. CRAPO, Mr . DASCHLE, Mr. ENZI, Mr. GORTON, Mr. GRAMM, Mr. GRAMS, Mr. GREGG, Mr. HARKIN, Mrs. HUTCHISON, Mr. JEFFORDS, Mr. JOHNSON, Mr. KENNEDY, Mr. KERREY, Mr. LEAHY, Mr. LUGAR, Ms. MIKULSKI, Mrs. MURRAY, Mr. REED, Mr. SARBANES, Mr. SMITH of New Hampshire, Mr. THOMAS, and Mr. WELLSTONE):

S. 3175. A bill to amend the Consolidated Farm and Rural Development Act to authorize the National Rural Development Partnership, and for other purposes; to the Committee on Agriculture, Nutrition, and Forestry.

SUBMISSION OF CONCURRENT AND SENATE RESOLUTIONS

The following concurrent resolutions and Senate resolutions were read, and referred (or acted upon), as indicated:

By Mr. MACK:

S. Res. 367. A resolution urging the Government of Egypt to provide a timely and open appeal for Shaiboub William Arsel and to complete an independent investigation of police brutality in Al-Kosheh; to the Committee on Foreign Relations.

By Mr. BROWNBACK (for himself and Mr. TORRICELLI):

S. Con. Res. 142. A concurrent resolution relating to the reestablishment of representative government in Afghanistan; to the Committee on Foreign Relations.

By Mr. MURKOWSKI (for himself and Mr. BINGAMAN):

S. Con. Res. 143. A concurrent resolution to make technical corrections in the enrollment of the bill H.R. 3676; considered and agreed to.

By Mr. LOTT (for himself and Mr. DASCHLE):

S. Con. Res. 144. A concurrent resolution commemorating the 200th anniversary of the first meeting of Congress in Washington, DC; considered and agreed to.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

Mr. BAYH (for himself, Mr. GRAMS, Mr. LEAHY, and Mr. CLELAND):

S. 3164. A bill to protect seniors from fraud; to the Committee on the Judiciary.

PROTECTING SENIORS FROM FRAUD ACT

Mr. BAYH. Mr. President, today I rise as the author of the Protecting Seniors From Fraud Act, a bipartisan bill to prevent fraud against seniors.

The Protecting Seniors From Fraud Act is extremely important because seniors are disproportionately victims of telemarketing and sweepstakes fraud. Even though Americans over the age of 50 account for approximately 27% of the United States population, they comprise 56% of the ''mooch lists'' used by fraudulent telemarketers. Unfortunately, fraudulent telemarketers prey upon the trusting nature of seniors and as a result seniors lose approximately $14.8 billion each year.

This can be prevented if seniors are educated about their consumer rights and are informed about methods that are available to them to confirm the legitimacy of an investment or product. According to a national survey, 70% of older fraud victims say it is difficult to identify when fraud is happening and 40% of older Americans cannot distinguish between a legitimate

and a fraudulent telemarketing sales call. There is a need to educate seniors about the dangers of fraud and how to avoid becoming a victim of fraud. As a first step to educate seniors in my state of Indiana about fraud prevention, I held a Special Committee on Aging field hearing on protecting seniors from fraud.

I heard testimony from two victims of investment scams in which both lost a large sum of their retirement. Mrs. Georgeanne MaCurdy lost close to $150,000 and Mr. Owen Saltzgaver lost close to $50,000. Mr. Saltzgaver said ''It was a scam from the beginning, I wish I knew,'' and Mrs. Georgeanne MaCurdy stated ''It is the first thing I think of when I get up in the morning and the last thing I think of when I go to sleep. I thought I could trust him.''

At this hearing I highlighted the Protecting Seniors From Fraud Act. This bill would provide necessary resources to local programs part of the National Association of TRIADs, a community-policing program that partners law enforcement agencies with senior volunteers to reduce crime and fraud against the elderly. There are 725 counties with TRIADs nationwide. They help more than 16 million seniors. During the field hearing, Captain Ed Friend, the leader of the TRIAD program in South Bend, Indiana, testified about the importance of combating fraud and how the South Bend TRIAD program has been providing seminars to Seniors on fraud prevention. He made clear that without federal funding TRIADs' nationwide efforts would have to cease. The authorization for Federal funding provided in this bill should ensure the continuation of TRIADs' efforts. In order to assist TRIAD with those efforts, this bill also requires the Health and Human Services Department to disseminate information to seniors on fraud prevention through the Area Agencies on Aging and other existing senior-focused programs.

In addition to educating seniors, this bill contains provisions which would include seniors in the crime victimization survey and would require the United States Attorney General to conduct a study of crimes committed against seniors. I thank Senator LEAHY for his leadership on this issue. These provisions would allow Congress to gather more information on crimes against seniors in order to react with appropriate legislative action.

Education is one of many steps that needs to be taken to prevent fraud. I also introduced the ''Combating Fraud Against Seniors Act'' this year to increase enforcement measures and toughen penalties against those promoting fraudulent schemes through mass-marketing. Education and tougher penalties will hopefully protect seniors from fraud.

Protecting seniors from fraud is of growing importance as our population ages and more seniors save more money for their retirement. Our seniors deserve to be informed and their investments deserve to be secure. I urge the Senate to consider this bipartisan legislation and pass it prior to adjournment.

Mr. LEAHY. Mr. President, I join today with Senators BAYH, GRAMS, and CLELAND in introducing the ''Protecting Seniors from Fraud Act of 2000.'' I have been concerned for some time that even as the general crime rate has been declining steadily over the past eight years, the rate of crime against the elderly has remained unchanged. That is why I introduced the Seniors Safety Act, S. 751, with Senators DASCHLE, KENNEDY, and TORRICELLI over a year ago.

The Protecting Seniors from Fraud Act includes one of the titles from the Seniors Safety Act. This title does two things. First, it instructs the Attorney General to conduct a study relating to crimes against seniors, so that we can develop a coherent strategy to prevent and properly punish such crimes. Second, it mandates the inclusion of seniors in the National Crime Victimization Study. Both of these are important steps, and they should be made law.

The Protecting Seniors from Fraud Act also includes important proposals for addressing the problem of crimes against the elderly, especially fraud crimes. In addition to the provisions described above, the bill authorizes the Secretary of Health and Human Services to make grants to establish local programs to prevent fraud against seniors and educate them about the risk of fraud, as well as to provide information about telemarketing and sweepstakes fraud to seniors, both directly and through State Attorneys General. These are two common-sense provisions that will help seniors protect themselves against crime.

I hope that we can also take the time to consider the rest of the Seniors Safety Act, and enact even more comprehensive protections for our seniors. The Seniors Safety Act offers a comprehensive approach that would increase law enforcement's ability to battle telemarketing, pension, and health care fraud, as well as to police nursing homes with a record of mistreating their residents. The Justice Department has said that the Seniors Safety Act would ''be of assistance in a number of ways.'' I asked Senator HATCH to hold Judiciary Committee hearings on the bill as long ago as October 1999, and again this past February, but my requests have thus far not been granted. I ask again today for hearings on this important and comprehensive proposal.

First, the Seniors Safety Act provides additional protections to nursing home residents. Nursing homes provide an important service for our seniors—indeed, more than 40 percent of Americans turning 65 this year will need nursing home care at some point in their lives. Many nursing homes do a wonderful job with a very difficult task—this legislation simply looks to protect seniors and their families by isolating the bad providers in operation. It does this by giving federal law enforcement the authority to investigate and prosecute operators of those nursing homes that engage in a pattern of health and safety violations. This authority is all the more important given the study prepared by the Department of Health and Human Services and reported this summer in the New York Times showing that 54 percent of American nursing homes fail to meet the Department's ''proposed minimum standard'' for patient care. The study also showed that 92 percent of nursing homes have less staff than necessary to provide optimal care.

Second, the Seniors Safety Act helps protect seniors from telemarketing fraud, which costs billions of dollars every year. My bill would give the Attorney General the authority to block or terminate telephone service where that service is being used to defraud seniors. If someone takes your money at gunpoint, the law says we can take away their gun. If someone uses their phone to take away your money, the law should allow us to protect other victims by taking their phone away. In addition, my proposal would establish a Better Business Bureau-style clearinghouse that would keep track of complaints made about telemarketing companies. With a simple phone call, seniors could fine out whether the company trying to sell to them over the phone or over the Internet has been the subject of complaints or been convinced of fraud. Senator BAYH has recently introduced another bill, S. 3025, the Combating Fraud Against Seniors Act, which includes the part of the Seniors Safety Act that establishes the clearinghouse for telemarketing fraud information.

Third, the Seniors Safety Act punishes pension fraud. Seniors who have worked hard for years should not have to worry that their hard-earned retirement savings will not be there when they need them. The bill would create new criminal and civil penalties for those who defraud pension plans, and increase the penalties for bribery and graft in connection with employee benefit plans.

Fourth and finally, the Seniors Safety Act strengthens law enforcement's ability to fight health care fraud. A recent study by the National Institute for Justice reports that many health care fraud schemes ''deliberately target vulnerable populations, such as the elderly or Alzheimer's patients, who are less willing or able to complain or alert law enforcement.'' This legislation gives law enforcement the additional investigatory tools it needs to

uncover, investigate, and prosecute health care offenses in both criminal and civil proceedings. It also protects whistle-blowers who alert law enforcement officers to examples of health care fraud.

In conclusion, I would like to commend Senators BAYH and CLELAND for working to take steps to improve the safety and security of America's seniors. I call upon my colleagues to pass this bipartisan legislation and begin the fight to lower the crime rate against seniors. I also urge them to consider and pass the Seniors Safety Act. Taken together, these two bills would provide a comprehensive approach toward giving law enforcement and older Americans the tools they need to prevent crime.

By Mr. ROTH (for himself, Mr. MOYNIHAN, Mr. JEFFORDS, Mr. MURKOWSKI, Mr. HATCH, and Mr. KERREY):

S. 3165. A bill to amend the Social Security Act to make corrections and refinements in the Medicare, Medicaid, and SCHIP health insurance programs, as revised by the Balanced Budget Act of 1997 and the Medicare, Medicaid, and SCHIP Balanced Budget Refinement Act of 1999, and for other purposes; read the first time.

MEDICARE, MEDICAID AND SCHIP IMPROVEMENTS ACT OF 2000

Mr. ROTH. Mr. President, I am very pleased today to join Senator MOYNIHAN and my other colleagues on the Senate Finance Committee in introducing the Medicare, Medicaid and SCHIP Improvements Act of 2000. This is important, bipartisan legislation intended to address needed health care funding and other improvements in these programs that are so important to millions of Americans. Every year on the Finance Committee we maintain watchful oversight of these critical programs to make sure that beneficiary access to services is maintained, and that payments and benefits are adjusted to meet beneficiaries' needs. This bill would add about $28 billion in funds to these programs over the next five years. Following are some of the highlights of this legislation.

(1) Medicare beneficiary assistance provisions would reduce coinsurance liability for hospital outpatient services; improve access to Medigap coverage; permit Medicare+Choice plans to give beneficiaries cash rebates of Part B premiums; protect access to immunosuppressive, cancer, hemophilia and other drugs, and extend Part B premium assistance for lower-income beneficiaries.

(2) Preventive health benefits would expand existing or add new coverage for pap smears, colorectal cancer screening, and nutrition therapy, and request further work on effective preventive benefits for later consideration in Medicare.

(3) Rural health care improvements address service capacity and access to services through increased payments for critical access, sole-community and Medicare-dependent hospitals. The package also includes provisions for rural health clinics, ambulance services, and telemedicine. Rural hospitals, skilled nursing facilities and home health agencies also benefit from general financing improvements detailed in other sections.

(4) Medicare+Choice provisions stabilize and improve funding for beneficiaries electing to enroll in privately-offered Medicare+Choice plans, with special attention to rural communities; restore funding for beneficiary education campaigns; and provide additional assistance for frail, disabled and rural beneficiaries.

(5) Hospital funding improvements increase annual payment updates; improve disproportionate share hospital (DSH) payments under Medicare and Medicaid for providing uncompensated care to uninsured patients; reform Medicare's DSH program to reduce disparities in the treatment of rural and urban hospitals; add funding for rehabilition hospitals; and protect payments for teaching hospitals.

(6) Skilled nursing facility (SNF) provisions improve funding, maintain access to therapy services, and reduce regulatory burdens by delaying implementation of consolidated billing.

(7) Home health and hospice provisions protect funding for home health services by delaying a scheduled 15% cut in payments; increasing funding for high-cost outlier cases, and making special temporary payments to rural agencies. Hospice provisions improve funding, require research on issues related to eligibility for the benefit and establish a hospice demonstration program.

(8) Dialysis and durable medical equipment (DME) provisions improve payments for DME for all Medicare beneficiaries, and for services received by individuals with end-stage renal disease, as well as enhancing their opportunities to participate in the Medicare+Choice program.

(9) Additional provisions address physician, laboratory, ambulatory surgery center and other medical services. The package also creates a Joint Committee on Health Care Financing to provide professional support to the Congress in addressing the burgeoning cost and legislative complexity of the Medicare, Medicaid and State Children's Health Insurance programs and monitoring the viability of safety net providers.

(10) Medicaid and SCHIP provisions improve the financing of and access to services provided by federally qualified health centers and rural health clinics; establish policies for the retention and redistribution of unspent SCHIP funds; increase authorization for the Maternal and Child Health Block Grant; and add funding for special diabetes programs for children and Native Americans.

I would like to accomplish even more this year, especially in the Medicare program. For instance, I remain committed to securing comprehensive drug benefits for the aged and disabled beneficiaries in Medicare. I will continue to work towards that goal. However, I am pleased that we were able to achieve bipartisan support for these improvements and I will continue my efforts to build the bipartisan consensus needed to proceed on larger Medicare reforms in the near future.

Mr. MOYNIHAN. Mr. President, I am pleased to join with Senator ROTH, distinguished chairman of the Finance Committee, in sponsoring the Medicare, Medicaid, and SCHIP Improvement Act of 2000.

As part of the effort to balance the Federal Budget, the Balanced Budget Act of 1997 (BBA) provided for reduction in Medicare payments for medical services. At the time of enactment, the Congressional Budget Office (CBO) estimated that these provisions would reduce Medicare outlays by $112 billion over 5 years. We now know that these BBA cuts have been much larger than originally anticipated—some argue twice as large, although it's difficult to determine this with any precision.

Hospital industry representatives and other providers of health care services have asserted that the magnitude of the reductions are having unintended consequences which are seriously impacting the quantity and quality of health care services available to our citizens.

Last year, the Congress addressed some of those unintended consequences, by enacting the Balanced Budget Refinement Act (BBRA), which added back $16 billion over 5 years in payments to various Medicare providers, including: Teaching Hospitals; Hospital Outpatient Departments; Medicare HMOs (Health Maintenance Organizations); Skilled Nursing Facilities; Rural Health Providers; and Home Health Agencies.

However, Members of Congress are continuing to hear from providers who argue that the 1997 reductions are still having serious unanticipated consequences.

To respond to these continuing problems, the President last June proposed additional BBA relief in the amount of $21 billion over the next 5 years. On September 20, Senator Daschle and I, along with 32 of our Democratic colleagues, introduced a similar, but more substantial, BBA relief package that would provide about $40 billion over 5 years in relief to health care providers and beneficiaries. Today, along with Senator ROTH, I am pleased to be cosponsoring a bipartisan BBA relief bill to provider about $28 billion in relief over 5 years.

I want, in particular, to highlight that this legislation would—for fiscal years 2001 and 2002—prevent further reductions in the special Medicare payments to our Nation's teaching hospitals. A little background is in order.

Medicare provides support to our Nation's teaching hospitals by adjusting its payments upward to reflect Medicare's share of costs associated with care provided by medical residents. This is accomplished under two mechanisms: direct graduate medical education (direct GME) payments; and indirect medical education (IME) adjustments. Direct GME costs include items such as salaries of residents, interns, and faculty and overhead costs for classroom training. The separate IME adjustment was established in 1983 and pertains to residency training costs that are not directly attributable to medical education expenses, but are nevertheless associated with teaching activities and the teaching hospital's research mission—for example, extra demands placed on hospital staff, additional tests ordered by residents, and increased use of diagnostic testing and advanced technology. Prior to the BBA, the IME adjustment increased Medicare's hospital payments by approximately 7.7 percent for each 10 percent increase in a hospital's ratio of interns and residents to hospital beds.

The BBA included a reduction in the IME adjustment from the previous 7.7 percent to 7.0 percent in FY 1998; to 6.5 percent in FY 1999; to 6.0 percent in FY 2000; and to 5.5 percent in FY 2001 and subsequent years. In my judgment, these cuts would have seriously impaired the cutting edge research conducted by teaching hospitals, as well as impaired their ability to train doctors and to serve so many of our nation's indigent.

Last year, in the BBRA, we mitigated the scheduled reduction in FY 2000—freezing the IME adjustment at 6.5 percent; and the IME adjustment was set at 6.25 percent for FY 2001, and 5.5 percent thereafter. The package we are introducing today, would restore $600 million in funds for FY 2001 and FY 2002 by setting the IME adjustment at 6.5 percent in both years. The IME adjustment would then fall to 5.5 percent thereafter—a reduction which I had hoped to cancel this year, and sincerely hope the congress will cancel in future legislation.

I have stood before my colleagues on countless occasions to bring attention to the financial plight of medical schools and teaching hospitals. Yet, I regret that the fate of the 144 accredited medical schools and 1416 graduate medical education teaching institutions still remains uncertain. The proposals in this bill will provide critically needed financing—at least in the short-run.

In the long-run, however, we need to restructure the financing of graduate medical education along the lines I have proposed in the Graduate Medical Education Trust fund Act (S. 210). What is needed is explicit and dedicated funding for these institutions, which will ensure that the United States continues to lead the world in this era of medical discovery. The Graduate Medical Education Trust Fund Act would require that the public sector, through the Medicare and Medicaid programs, and the private sector through an assessment on health insurance premiums, provide broad-based financial support for graduate medical education. S. 210 would roughly double current funding levels for Graduate Medical Education and would establish a Medical Education Advisory Commission to make recommendations on the operation of the Medical Education Trust Fund, on alternative payment sources for funding graduate medical education and teaching hospitals, and on policies designed to maintain superior research and educational capacities.

In addition to restoring much needed funding to our Nation's teaching hospitals for the next two years, this bill would add back funding in many vital areas of health care. Key provisions of the bill we are introducing today would: provide full market basket (inflation) adjustments to hospitals for 2001 and 2002; target additional relief to rural hospitals; reduce cuts in payments to hospitals for handling large numbers of low-income patients (referred to as ''disproportionate share (DSH) hospital payments''); delay the scheduled 15 percent cut in payments to home health agencies; improve funding for skilled nursing facilities; and assist beneficiaries through preventive benefits and smaller coinsurance payments.

Let me close by again complimenting Senator ROTH on developing this bill on a bipartisan basis and expressing my hope that the forthcoming information negotiations with committees of the House will be similarly conducted on a bipartisan basis.

By Mr. BINGAMAN:

S. 3166. A bill to amend the Clinger-Cohen Act of 1996 to provide individual federal agencies and the executive branch as a whole with increased incentives to use the share-in-savings program under that Act, to ease the use of such program, and for other purposes; to the Committee on Governmental Affairs.

INFORMATION TECHNOLOGY SHARE-IN-SAVINGS PROGRAM IMPROVEMENT ACT OF 2000

Mr. BINGAMAN. Mr. President, today I'm introducing a bill designed to lower the cost of the government's information technology systems and improve how those systems serve our citizens by encouraging greater use of a ''share-in-savings'' approach to contracting for information technology (IT).

Under a share-in-savings approach, the government contracts with a company to provide an improved, lower cost IT service and the company pays the up-front costs of the project, which is not the usual practice. In return, the contractor gets paid a portion of the money saved by the government under the new arrangement. Essentially, the contractor bears the capital costs needed for the government to save some money and has a strong incentive to decrease the government's costs because they get paid a portion of any savings.

Although this approach to IT contracting is authorized as a pilot program under the Clinger-Cohen Act, I understand the executive branch has not made much use of this approach to date. Hence, I believe there are opportunities for greater creativity in this area if we give the agencies greater incentives.

Basically, my bill does three things. First, and most importantly, it gives agencies an incentive to try a share-in-savings approach by letting them keep up to half the government's net savings to use for additional IT projects, rather than having all the net savings going back to the Treasury. It's just human nature that if you ask someone to do something risky—like a new IT system—but all the benefits go elsewhere, they're not going to be very inclined to do it. That is, unless they get to keep some of the benefits to improve their own operations—which is what this bill let's them do. The point here is that the more agency managers actually are willing to use this approach, the more money the taxpayer will save in the long run.

There's precedent for this with regard to certain Energy Savings Performance Contracts. Under a provision applicable to the Department of Defense, local base commanders can keep a portion of the savings from those contracts to purchase more energy saving equipment or even for morale and recreation purposes.

Second, my bill gives the executive branch as a whole an incentive to try share-in-savings contracting for IT by allowing the pilot program to graduate to a regular authority once a significant number of projects have been done, the approach has been found to be useful, and guidance on how to use the authority has been issued. This gives the top levels of the executive branch a goal to push toward.

Finally, my bill will ease implementation of share-in-savings contracting by allowing agency program managers to approve the projects, thereby giving them greater autonomy and streamlining the selection process. Currently, share-in-savings IT projects must be approved by the Administrator of Federal Procurement, a very high level in the executive branch.

In sum, my bill will encourage greater use of the share-in-savings approach

to IT contracting under the Clinger-Cohen Act by giving the agencies a portion of the savings to reinvest; the executive branch a goal; and the program managers more autonomy.

I had originally planned to introduce this as an amendment to the Treasury, Postal Appropriations bill. But, because it doesn't look like we'll have a chance to really debate that bill this year, I've decided to introduce this bill today to get my proposal before the Senate.

Now, to give some credit where credit is due, I got interested in this topic because of a piece I saw in Roll Call on E-Government by Patricia McGinnis of the Council for Excellence in Government. In it she mentioned the idea of letting agencies retain some of the IT savings they achieve in order to reinvest it in more IT.

I also understand that the Governmental Affairs Committee recently put up a web site to discuss potential e-government policies and legislation. And, I was glad to learn that the share-in-savings approach to IT is one of its topics.

So, I hope the Governmental Affairs committee will take a thorough look at the ideas in my bill. I look forward to working with them to find new ways to save the taxpayer money while improving the services they are provided.

Mr. President, I ask unanimous consent that the text of my bill and a letter from Ms. McGinnis in support of the amendment I'd planned be included in the RECORD at the conclusion of my remarks.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

S. 3166

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Information Technology Share-in-Savings Program Improvement Act of 2000''.

SEC. 2. PURPOSES.

The purposes of this Act are to provide individual federal agencies and the executive branch as a whole with increased incentives to use the share-in-savings program under the Clinger-Cohen Act of 1996 and to ease the use of such program.

SEC. 3. EXPANSION OF AUTHORITY.

Section 5311 of the Clinger-Cohen Act of 1996 (divisions D and E of Public Law 104–106; 110 Stat. 692; 40 U.S.C. 1491) is amended—

(1) in subsection (a)—

(A) by striking ''the heads of two executive agencies to carry out '' and inserting ''heads of executive agencies to carry out a total of five projects under'';

(B) by striking ''and'' at the end of paragraph (1);

(C) by striking the period at the end of paragraph (2) and inserting ''; and''; and

(D) by adding at the end the following:

''(3) encouraging the use of the contracting and sharing approach described in paragraphs (1) and (2) by allowing the head of the executive agency conducting a project under the pilot program—

''(A) to retain, out of the appropriation accounts of the executive agency in which savings computed under paragraph (2) are realized as a result of the project, up to the amount equal to half of the excess of—

''(i) the total amount of the savings, over

''(ii) the total amount of the portion of the savings paid to the private sector source for such project under paragraph (2); and

''(B) to use the retained amount to acquire additional information technology.'';

(2) in subsection (b)—

(A) by inserting ''a project under'' after ''authorized to carry out''; and

(B) by striking ''carry out one project and''; and

(3) by striking subsection (c) and inserting the following:

''(c) EVOLUTION BEYOND PILOT PROGRAM.—(1) The Administrator may provide general authority to the heads of executive agencies to use a share-in-savings contracting approach to the acquisition of information technology solutions for improving mission-related or administrative processes of the Federal Government if—

''(A) after reviewing the experience under the five projects carried out under the pilot program under subsection (a), the Administrator finds that the approach offers the Federal Government an opportunity to improve its use of information technology and to reduce costs; and

''(B) issues guidance for the exercise of that authority.

''(2) For the purposes of paragraph (1), a share-in-savings contracting approach provides for contracting as described in paragraph (1) of subsection (a) together with the sharing and retention of amounts saved as described in paragraphs (2) and (3) of that subsection.

''(3) In exercising the authority provided to the Administrator in paragraph (1), the Administrator shall consult with the Administrator for the Office of Information and Regulatory Affairs.

''(d) AVAILABILITY OF RETAINED SAVINGS.—Amounts retained by the head of an executive agency under subsection (a)(3) or subsection (c) shall, without further appropriation, be available for the executive agency for the acquisition of information technology and shall remain available until expended. Amounts so retained from any appropriation of the executive agency not otherwise available for the acquisition of information technology shall be transferred to any appropriation of the executive agency that is available for such purpose.''.

THE COUNCIL FOR EXCELLENCE IN GOVERNMENT,
Washington, DC, August 10, 2000.

Sen. JEFF BINGAMAN,
Hart Senate Office Building,
Washington, DC.

DEAR SENATOR BINGAMAN: The Council for Excellence in Government applauds your interest in legislation to encourage federal agencies to conduct pilot ''share-in-savings'' partnerships under the Clinger-Cohen Act. We agree that making greater use of ''share-in-savings'' projects will lead to successful public-private joint ventures that can produce savings for the agencies and better results for the American people.

In particular, we think the approach to encouraging greater use of ''share-in-savings'' partnerships embodied in your planned amendment to this year's Treasury and General Government appropriations bill—allowing agencies to retain some of the savings, and the pilots to easily graduate to a regular authority—deserves serious consideration by Congress.

As you move forward, you may also want to look at the work of the General Service Administration's (GSA) Federal Technology Center. Ken Buck, Director of Business Innovations, Office of the Commissioner at GSA, is very knowledgeable about the successful methods of contracting and procurement using this approach.

In fact, the Council is working with GSA to develop case studies of best practices using share-in-savings methods for use by federal agencies. We will share that work with you as soon as it is available.

Again, thanks for your leadership on this very important issue, which will not only promote e-government but also excellence in government.

Sincerely,

PATRICIA MCGINNIS,
President and CEO.

By Mr. DOMENICI (for himself and Mr. BINGAMAN):

S. 3167. A bill to establish a physician recruitment and retention demonstration project under the Medicare Program under title XVIII of the Social Security Act; to the Committee on Finance.

PHYSICIAN RECRUITMENT AND RETENTION ACT OF 2000

Mr. DOMENICI. Mr. President, I rise today with my friend Senator BINGAMAN to introduce the ''Physician Recruitment and Retention Act of 2000.''

Almost like clockwork one can pick up an Albuquerque newspaper and read about the shortage of physicians in New Mexico and the resulting problems. When individuals have difficulty receiving adequate medical treatment, action must be taken.

For example, in Albuquerque an urban area of almost 700,000 there are only two neurosurgeons besides the five practicing at the University of New Mexico. Such a ratio can only cause one thing, severe difficulties for patients. Thus, a patient recently waited eighteen hours in an Albuquerque emergency room before seeing a neurosurgeon.

I would ask my colleagues the following: what good are hospitals filled with the latest technology if there are not enough doctors? And what good are modern medical offices if there are not enough doctors to treat the patients in a timely manner?

The problem I have just described is not just occurring in New Mexico, rather other states are experiencing similar problems because of a common set of problems. I would submit the combination of high levels of poverty and low Medicare reimbursement rates causes a twofold problem.

First, patients often have difficulty obtaining timely care and second, states cannot effectively recruit and retain their physicians. Our Bill builds upon the simple proposition that if Medicare Physician reimbursement rates are raised, patients will be the ultimate beneficiaries.

The Bill we are introducing creates a two state demonstration program to address these problems by increasing Medicare Physician reimbursements by 5 percent for a period of three years if certain criteria are met.

The Bill also authorizes a GAO study to determine whether: (1) patient access to care and the ability of states to recruit and retain physicians is adversely impacted when the enumerated factors in the previous section are present; and (2) increased Medicare Physician reimbursements improve patient access to care and the ability of states to recruit and retain physicians.

Thank you and I look forward to working with my colleague, Senator BINGAMAN, on this very important issue.

Mr. President, I ask unanimous consent that a copy of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 3167

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Physician Recruitment and Retention Act of 2000''.

SEC. 2. MEDICARE PHYSICIAN RECRUITMENT AND RETENTION DEMONSTRATION PROJECT.

(a) ESTABLISHMENT.—The Secretary of Health and Human Services (in this section referred to as the ''Secretary'') shall establish a demonstration project for the purpose of improving—

(1) access to health care for beneficiaries under part B of the medicare program under title XVIII of the Social Security Act (42 U.S.C. 1395j et seq.); and

(2) the ability of States to recruit and retain physicians.

(b) CONDUCT OF DEMONSTRATION PROJECT.—

(1) DEMONSTRATION SITES.—The demonstration project under this section shall be conducted in 2 sites, which shall be statewide.

(2) RECRUITMENT AND RETENTION OF PHYSICIANS.—Under the demonstration project, the Secretary shall increase by 5 percent payments for physicians' services (as defined in section 1861(q) of the Social Security Act (42 U.S.C. 1395x(q)) under section 1848 of such Act (42 U.S.C. 1395w–4) to physicians furnishing such services in any State that submits an application under paragraph (3) that is approved by the Secretary under paragraph (4).

(3) APPLICATION.—Any State wishing to participate in the demonstration program shall submit an application to the Secretary at such time, in such manner, and in such form as the Secretary may reasonably require.

(4) APPROVAL.—The Secretary shall approve the applications of 2 States that, based upon 1998 data, have—

(A) an uninsured population above 20 percent (as determined by the Bureau of the Census);

(B) a population eligible for medical assistance under the medicaid program under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.) above 17 percent (as determined by the Health Care Financing Administration);

(C) an unemployment rate above 4.8 percent (as determined by the Bureau of Labor Statistics);

(D) an average per capita income below $21,200 (as determined by the Bureau of Economic Analysis); and

(E) a geographic practice cost indices component of the reimbursement rate for physicians under the medicare program that is below the national average (as determined by the Health Care Financing Administration).

(5) DURATION.—The demonstration project under this section shall be conducted for a period of 3 years.

(c) WAIVER AUTHORITY.—The Secretary may waive such requirements of the medicare program under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.) to the extent and for the period that the Secretary determines is necessary for carrying out the demonstration project under this section.

(d) GAO STUDY AND REPORT.—

(1) STUDY.—The Comptroller General of the United States shall conduct a study on the demonstration project conducted under this section to determine whether the access of beneficiaries under the medicare program to health care and the ability of States to recruit and retain physicians is—

(A) adversely impacted by the factors described in subparagraphs (A) through (E) of subsection (b)(4); and

(B) improved by increased payments to physicians under subsection (b)(2).

(2) REPORT.—Not later than 1 year after the Secretary completes the demonstration project under this section, the Comptroller General of the United States shall submit a report on the results of the study conducted under paragraph (1) to the appropriate committees of Congress.

By Mr. TORRICELLI:

S. 3168. A bill to eliminate any limitation on indictment for sexual offenses and make awards to State to reduce their DNA casework backlogs; to the Committee on the Judiciary.

SEXUAL ASSAULT PROSECUTION ACT OF 2000

Mr. TORRICELLI. Mr. President, I rise today to introduce the Sexual Assault Prosecution act of 2000. This legislation will ensure that no rapist will evade prosecution when there is reliable evidence of their guilt.

As the law is written today, a rapist can walk away scot-free if they are not charged within five years of committing their crime. This is true when if overwhelming evidence of the offender's guilt, such as a DNA match with evidence taken from the crime scene, is later discovered. Some states, including my home state of New Jersey, have recognized the injustice presented by this situation and have already abolished their statutes of limitations on sexual assault crimes, and many other states are considering similar measures. Given the power and precision of DNA evidence, it is now time that the federal government abolish the current statute of limitations on federal sexual assault crimes.

The precision with which DNA evidence can identify a criminal assailant has increased dramatically over the past couple decades. Because of its exactness, DNA evidence is now routinely collected by law enforcement personnel in the course of investigating many crimes, including sexual assault crimes. The DNA profile of evidence collected at a sexual assault crime scene can be compared to the DNA profiles of convicted criminals, or the profile of a particular suspect, in order to determine who committed the crime. Moreover, because of the longevity of DNA evidence, it can be used to positively identify a rapist many years after the actual sexual assault.

The enormous advancements in DNA science have greatly expanded law enforcement's ability to investigate and prosecute sexual assault crimes. Unfortunately, the law has not kept pace with science. Given the precise accuracy and reliability of DNA testing, however, the legal and moral justifications for continuing to impose a statute of limitations on sexual assault crimes are extremely weak. To that end, I am introducing the ''Sexual Assault Prosecution Act of 2000'' which will eliminate the statute of limitations for sexual assault crimes. This legislation will not affect the burdens of proof and the government will still have to prove guilt beyond a reasonable doubt before any person could be convicted of a crime.

Currently, the statute of limitations for arson and financial institution crimes is 10 years and is 20 years for crimes involving the theft of major artwork. If it made sense to extend the traditional five-year limitations period for these offenses, surely it makes sense to do so for sexual assault crimes, particularly when DNA technology makes it possible to identify an offender many years after the commission of the crime. By eliminating this ticking clock, we can see to it that no victim of sexual assault is denied justice simply because the clock ran out. I look forward to working with each and every one of you in order to get this legislation enacted into law.

I ask unanimous consent that the full text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 3168

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Sexual Assault Prosecution Act of 2000''.

SEC. 2. SEXUAL OFFENSE LIMITATION.

(a) IN GENERAL.—Chapter 213 of title 18, United States Code, is amended—

(1) in section 3283, by striking ''sexual or''; and

(2) by adding at the end the following:

''§ 3296. Sexual offenses

''An indictment for any offense committed in violation of chapter 109A of this title may be found at any time without limitation.''.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—The table of sections for chapter 213 of title 18, United States Code, is amended by adding at the end the following:

''3296. Sexual offenses.''.

SEC. 3. AWARDS TO STATES TO REDUCE DNA CASEWORK BACKLOG.

(a) DEVELOPMENT OF PLAN.—

(1) IN GENERAL.—Not later than 45 days after the date of enactment of this Act, the Director of the Federal Bureau of Investigation, in coordination with the Assistant Attorney General of the Office of Justice Programs of the Department of Justice, and after consultation with representatives of States and private forensic laboratories, shall develop a plan to grant voluntary awards to States to facilitate DNA analysis of all casework evidence of unsolved crimes.

(2) OBJECTIVE.—The objective of the plan developed under paragraph (1) shall be to effectively expedite the analysis of all casework evidence of unsolved crimes in an efficient and effective manner, and to provide for the entry of DNA profiles into the combined DNA Indexing System (''CODIS'').

(b) AWARD CRITERIA.—The Federal Bureau of Investigation, in coordination with the Assistant Attorney General of the Office of Justice Programs of the Department of Justice, shall develop criteria for the granting of awards under this section including—

(1) the applying State's number of unsolved crimes awaiting DNA analysis; and

(2) the applying State's development of a comprehensive plan to collect and analyze DNA evidence.

(c) GRANTING OF AWARDS.—The Federal Bureau of Investigation, in coordination with the Assistant Attorney General of the Office of Justice Programs of the Department of Justice, shall develop applications for awards to be granted to States under this section, shall consider all applications submitted by States, and shall disburse all awards under this section.

(d) AWARD CONDITIONS.—States receiving awards under this section shall—

(1) require that each laboratory performing DNA analysis satisfies quality assurance standards and utilizes state-of-the-art DNA testing methods, as set forth by the Federal Bureau of Investigation in coordination with the Assistant Attorney General of the Office of Justice Programs of the Department of Justice;

(2) ensure that each DNA sample collected and analyzed be made available only—

(A) to criminal justice agencies for law enforcement purposes;

(B) in judicial proceedings if otherwise admissible;

(C) for criminal defense purposes, to a criminal defendant, who shall have access to samples and analyses performed in connection with any case in which such defendant is charged; or

(D) if personally identifiable information is removed, for a population statistics database, for identification research and protocol development purposes, or for quality control purposes; and

(3) match the award by spending 15 percent of the amount of the award in State funds to facilitate DNA analysis of all casework evidence of unsolved crimes.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Department of Justice $15,000,000 for each of fiscal years 2001, 2002, 2003, and 2004, for awards to be granted under this section.

Mr. SESSIONS (for himself, Mr. BINGAMAN, Mr. ALLARD, Mr. JOHNSON, Mr. CRAPO, and Mrs. LINCOLN):

S. 3169. A bill to amend the Federal Food, Drug, and Cosmetic Act and the International Revenue Code of 1986 with respect to drugs for minor animal species, and for other purposes; to the Committee on Finance.

MINOR ANIMAL SPECIES HEALTH AND WELFARE ACT OF 2000

Mr. SESSIONS. Mr. President, I rise today to bring attention to a problem that unfortunately goes largely unnoticed except by those who are directly affected. Livestock and food animal producers, pet owners, zoo and wildlife biologists, and animals themselves are facing a severe shortage of approved animal drugs for minor species.

Minor species include thousands of animal species, including all fish, birds, and sheep. By definition, they are any animals other than cattle, horses, chickens, swine, turkeys, dogs and cats, the most common animals. There are millions of those animals. A similar shortage of drugs and medicines for major animal species exists for diseases which occur infrequently or which occur in limited geographic areas. Due to the lack of availability for these minor-use drugs, millions of animals go untreated or treatment is delayed. Unnecessary animal physical and human emotional suffering results, and human health may be threatened as well.

Without access to these necessary minor-use drugs, farmers and ranchers will also suffer. An unhealthy animal left untreated can spread disease throughout an entire stock. This causes severe economic hardship to struggling ranchers and farmers.

For example, sheep ranchers lost nearly $45 million worth of livestock alone in 1999. The sheep industry estimates that if it had access to effective and necessary drugs, growers' reproduction costs for their animals could be cut by up to 15 percent. In addition, feedlot deaths from disease would be reduced by 1 to 2 percent, adding approximately $8 million to the revenue of the industry.

The catfish industry is the No. 2 agriculture industry in Alabama. Though it is not the State's only aquacultural commodity, catfish is by far its largest. The catfish industry generates enormous economic opportunity in the State, particularly in west Alabama, one of the poorest regions of the State and where I grew up.

The catfish industry estimates its losses at $60 million a year, attributable to diseases for which drugs are not available. Indeed, it is not uncommon for a catfish producer to lose half his stock in a pond due to disease. The U.S. aquaculture industry overall, including food fish and ornamental fish, produces and raises over 800 different species. Unfortunately, this industry has only five drugs that are approved for treating these diseases. This results in tremendous economic hardship and suffering.

Because of limited market opportunity, low profit margins, and the enormous capital investment required, it is seldom economically feasible for drug manufacturers to pursue research and development and then seek approval of it by FDA for drugs used in treating these minor species and for infrequent conditions and diseases in all animals. As a result, a group of people have come together, an effective professional coalition, to deal with this problem.

I, along with Senator BINGAMAN from New Mexico, Senator ALLARD, Senator CRAPO, Senator LINCOLN, and Senator JOHNSON resolve to improve this situation by introducing the Minor Animal Species Health and Welfare Act of 2000. This legislation will allow animal drug manufacturers the opportunity to develop and obtain approval for minor-use drugs which are vitally needed by a wide variety of animal industries.

Our legislation incorporates the major proposals of the Food and Drug Administration's Center for Veterinary Medicine to increase the availability of drugs for minor animal species and rare diseases in all animals. It actually creates incentives for animal drug manufacturers to invest in product development and obtain FDA marketing approvals.

This legislation creates a program very similar to the very successful human orphan drug program that has dramatically increased the availability of drugs to treat rare human diseases over the past 20 years. Besides providing benefits to livestock producers and animal owners, this measure will develop incentives and sanctioning programs for the pharmaceutical industry, while maintaining and ensuring public health.

The Minor Animal Species Health and Welfare Act will not alter FDA drug approval responsibilities that ensure the safety of animal drugs to the public. The FDA Center for Veterinary Medicine currently evaluates new animal drug products prior to approval and use. This rigorous testing and review process provides consumers with the confidence that animal drugs are safe for animals and consumers of products derived from treated animals.

Current FDA requirements include guidelines to prevent harmful residues and evaluations to examine the potential for the selection of resistant pathogens. Any food animal medicine or drug considered for approval under this bill would be subject to these same assessments.

The Minor Animal Species Health and Welfare Act is supported by 25 organizations, including the American Farm Bureau Federation, the American Health Institute, the American Veterinary Medical Association, and the National Aquaculture Association. It is vital legislation.

This act will reduce the economic risks and hardship which fall upon ranchers and farmers as a result of diseases. It will benefit pets and their

owners and benefit various endangered species of aquatic animals. The act will also promote the health of all animal species while protecting human health and will alleviate unnecessary animal suffering.

This is commonsense legislation which will benefit millions of American pet owners, farmers, and ranchers. It is the result of a tremendous cooperative effort by virtually every entity concerned with this problem. They have worked with the Food and Drug Administration and continue to work with the FDA on this bill.

I believe we are on the verge of taking a big step to facilitate the introduction of more drugs that help treat animals in our country. I thank the people who have all worked to make this a reality. I particularly thank Mary Alice Tyson on my staff who has worked so hard on this project.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 3169

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Minor Animal Species Health and Welfare Act of 2000''.

SEC. 2. FINDINGS.

The Congress finds as follows:

(1) There is a severe shortage of approved animal drugs for use in minor species.

(2) There is a severe shortage of approved drugs for treating animal diseases and conditions that occur infrequently or in limited geographic areas.

(3) Because of the small market shares, low-profit margins involved, and capital investment required, it is generally not economically feasible for animal drug manufacturers to pursue approvals for these species, diseases, and conditions.

(4) Because the populations for which such drugs are intended are small and conditions of animal management may vary widely, it is often difficult or impossible to design and conduct studies to establish drug safety and effectiveness under traditional animal drug approval processes.

(5) It is in the public interest and in the interest of animal welfare to provide for special procedures to sanction the lawful use and marketing of animal drugs for minor species and minor uses that take into account these special circumstances and that ensure that such drugs do not endanger the public health.

(6) Exclusive marketing rights and tax credits for clinical testing expenses have helped encourage the development of orphan drugs for human use, and comparable incentives will help encourage the development and sanctioning for lawful marketing of animal drugs for minor species and minor uses.

SEC. 3. AMENDMENTS AFFECTING THE FOOD AND DRUG ADMINISTRATION.

(a) DEFINITIONS.—Section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321) is amended by adding at the end the following:

''(kk) The term 'minor species' means animals other than cattle, horses, swine, chickens, turkeys, dogs, and cats, except that the Secretary may amend this definition by regulation.

''(ll) The term 'minor use' means the use of a drug—

''(1) in a minor species, or

''(2) in an animal species other than a minor species for a disease or condition that occurs infrequently or in limited geographic areas, except that the Secretary may amend this definition by regulation.

''(mm) The term 'species with no human food safety concern' means an animal species, or life stage of an animal species, that is not customarily used for food for humans and does not endanger the public health.''.

(b) MINOR USE ANIMAL DRUGS.—Chapter V of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 351 et seq.) is amended by adding at the end the following new subchapter:

''SUBCHAPTER F—ANIMAL DRUGS FOR MINOR USES

''DESIGNATION OF DRUGS FOR MINOR USES

''SEC. 571. (a) Prior to the submission of an application for approval of a new animal drug under section 512(b), a manufacturer or sponsor of such drug may request that the Secretary designate such drug as a drug for a minor use. The Secretary shall designate such drug as a drug for minor use if the Secretary finds that such drug is or will be investigated for a minor use and the application for such drug is approved under section 512. A request for a designation of a drug under this subsection shall contain the consent of the applicant to notice being given by the Secretary under subsection (c) respecting the designation of the drug.

''(b) The designation of a drug as a drug for a minor use under subsection (a) shall be subject to the condition that—

''(1) if an application was approved for the drug under section 512(c), the manufacturer of the drug will notify the Secretary of any discontinuance of the production of the drug at least 1 year before discontinuance; and

''(2) if an application has not been approved for the drug under section 512(c) and if preclinical investigations or investigations under section 512(j) are being conducted with the drug, the manufacturer or sponsor of the drug will notify the Secretary of any decision to discontinue active pursuit of approval of an application under section 512(b).

''(c) Notice respecting the designation of a drug under subsection (a) shall be made available to the public.

''PROTECTION FOR DRUGS FOR MINOR USES

''SEC. 572. (a) Except as provided in subsection (b):

''(1) If the Secretary approves an application filed pursuant to section 512 for a drug designated under section 571 for a minor use, no active ingredient (including any salt or ester of the active ingredient) of which has been approved in any other application under section 512, the Secretary may not approve or conditionally approve another application submitted under section 512 or section 573 for such drug for such minor use for a person who is not the holder of such approved application until the expiration of 10 years from the date of the approval of the application.

''(2) If the Secretary approves an application filed pursuant to section 512 for a drug designated under section 571 for a minor use, which includes an active ingredient (including an ester or salt of the active ingredient) that has been approved in any other application under section 512, the Secretary may not approve or conditionally approve another application submitted under section 512 or section 573 for such drug for such minor use for a person who is not the holder of such approved application until the expiration of 7 years from the date of approval of the application.

''(b) If an application filed pursuant to section 512 is approved for a drug designated under section 571, the Secretary may, during the 10-year or 7-year period beginning on the date of the application approval, approve or conditionally approve another application under section 512 or section 573 for such drug for such minor use for a person who is not the holder of such approved application if—

''(1) the Secretary finds, after providing the holder notice and opportunity for the submission of views, that in such period the holder of the approved application cannot assure the availability of sufficient quantities of the drug to meet the needs for which the drug was designated; or

''(2) such holder provides the Secretary in writing the consent of such holder for the approval or conditional approval of other applications before the expiration of such 10-year or 7-year period.

''CONDITIONAL APPROVAL FOR MINOR USE NEW ANIMAL DRUGS

''SEC. 573. (a)(1) Except as provided in paragraph (2), any person may file with the Secretary an application for conditional approval of a new animal drug for a minor use. Such person shall submit to the Secretary as part of an application—

''(A) reports of investigations which have been made to show whether or not such drug is safe for use;

''(B) information to show that there is a reasonable expectation that the drug is effective for its intended use, such as data from a pilot investigation, data from an investigation in a related species, data from a single investigation, data from an investigation using surrogate endpoints, data based on pharmacokinetic extrapolations, data from a short-term investigation, or data from the investigation of closely-related diseases;

''(C) the quantity of drug expected to be manufactured and distributed on an annual basis;

''(D) a commitment that the applicant will conduct additional investigations to support approval of an application under section 512 within the time frame set forth in subsection (d)(1)(A);

''(E) reasonable data for establishing a conditional dose; and

''(F) the information required by section 512(b)(1)(B)–(H).

''(2) A person may not file an application under paragraph (1) if the person has filed a previous application under paragraph (1) for the same drug and conditions for use that was conditionally approved by the Secretary under subsection (b).

''(b)(1) Within 180 days after the filing of an application pursuant to subsection (a), or such additional period as may be agreed upon by the Secretary and the applicant, the Secretary shall either (A) issue an order conditionally approving the application if the Secretary then finds that none of the grounds for denying conditional approval specified in subsection (c) applies, or (B) give the applicant notice of an opportunity for an expedited informal hearing on the question whether such application is conditionally approvable.

''(2) A drug manufactured in a pilot or other small facility may be used to demonstrate the safety and effectiveness of the drug and to obtain conditional approval for the drug prior to manufacture of the drug in a larger facility, unless the Secretary makes

a determination that a full scale production facility is necessary to ensure the safety or effectiveness of the drug.

''(c)(1) If the Secretary finds, after due notice to the applicant and giving the applicant an opportunity for an expedited informal hearing, that—

''(A) the investigations, reports of which are required to be submitted to the Secretary pursuant to subsection (a), do not include adequate tests by all methods reasonably applicable to show whether or not such drug is safe for use under the conditions prescribed, recommended, or suggested in the proposed labeling;

''(B) the results of such tests show that such drug is unsafe for use under such conditions or do not show that such drug is safe for use under such conditions;

''(C) the methods used in, and the facilities and controls used for, the manufacture, processing, and packing of such drug are inadequate to preserve its identity, strength, quality, and purity;

''(D) upon the basis of the information submitted to the Secretary as part of the application, or upon the basis of any other information before the Secretary with respect to such drug, the Secretary has insufficient information to determine whether such drug is safe for use under such conditions;

''(E) evaluated on the basis of the information submitted to the Secretary as part of the application and any other information before the Secretary with respect to such drug, there is insufficient information to show that there is a reasonable expectation that the drug will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the proposed labeling;

''(F) upon the basis of information submitted to the Secretary as part of the application or any other information before the Secretary with respect to such drug, any use prescribed, recommended, or suggested in labeling proposed for such drug will result in a residue of such drug in excess of a tolerance found by the Secretary to be safe for such drug;

''(G) based on a fair evaluation of all material facts, such labeling is false or misleading in any particular;

''(H) such drug induces cancer when ingested by humans or animal or, after tests which are appropriate for the evaluation of the safety of such drug, induces cancer in humans or animal, unless the Secretary finds that, under the conditions for use specified in proposed labeling and reasonably certain to be followed in practice—

''(i) such drug will not adversely affect the animals for which it is intended; and

''(ii) no residue of such drug will be found (by methods of examination prescribed or approved by the Secretary by regulations, which regulations shall not be subject to subsections (c)) in any edible portion of such animals after slaughter or in any food yielded by or derived from the living animals; or

''(I) another person has received approval under section 512 for a drug with the same active ingredient or ingredients and the same conditions of use, and that person is able to assure the availability of sufficient quantities of the drug to meet the needs for which the drug is intended;

the Secretary shall issue an order refusing to conditionally approve the application. If, after such notice and opportunity for hearing, the Secretary finds that subparagraphs (A) through (I) do not apply, the Secretary shall issue an order conditionally approving the application.

''(2) In determining whether such drug is safe for use under the conditions prescribed, recommended, or suggested in the proposed labeling thereof, the Secretary shall consider, among other relevant factors, (A) the probable consumption of such drug and of any substance formed in or on food because of the use of such drug, (B) the cumulative effect on man or animal of such drug, taking into account any chemically or pharmacologically related substance, (C) safety factors which in the opinion of experts, qualified by scientific training and experience to evaluate the safety of such drugs, are appropriate for the use of animal experimentation data, and (D) whether the conditions of use prescribed, recommended, or suggested in the proposed labeling are reasonably certain to be followed in practice. Any order issued under this subsection refusing to approve an application shall state the findings upon which it is based.

''(d)(1) A conditional approval granted by the Secretary under this section shall be effective for a 1-year period. The Secretary shall, upon request, renew a conditional approval for up to 4 additional 1-year terms, unless the Secretary by order makes a finding that—

''(A) the applicant is not making appropriate progress toward meeting approval requirements under section 512, and is unlikely to be able to fulfill such requirements and obtain such approval under such section before the 5 year maximum term of the conditional approval expires;

''(B) excessive quantities of the drug have been produced, without adequate explanation; or

''(C) another drug with the same active ingredient or ingredients for the same conditions of use has received approval under section 512, and the holder of the approved application is able to assure the availability of sufficient quantities of the drug to meet the needs for which the drug is intended.

''(2) If the Secretary does not renew a conditional approval, the Secretary shall provide due notice and an opportunity for an expedited informal hearing to the applicant.

''(e)(1) The Secretary shall, after due notice and opportunity for an expedited informal hearing to the applicant, issue an order withdrawing conditional approval of an application filed pursuant to subsection (a) if the Secretary finds—

''(A) that experience or scientific data show that such drug is unsafe for use under the conditions of use upon the basis of which the application was conditionally approved;

''(B) that new evidence not contained in such application or not available to the Secretary until after such application was conditionally approved, or tests by new methods, or tests by methods not deemed reasonably applicable when such application was conditionally approved, evaluated together with the evidence available to the Secretary when the application was conditionally approved, shows that such drug is not shown to be safe for use under the conditions of use upon the basis of which the application was conditionally approved;

''(C) on the basis of new information before the Secretary with respect to such drug, evaluated together with the evidence available to the Secretary when the application was conditionally approved, that there is not a reasonable expectation that such drug will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling;

''(D) that the application contains any untrue statement of a material fact; or

''(E) that the applicant has made any changes from the standpoint of safety or effectiveness beyond the variations provided for in the application unless the applicant has supplemented the application by filing with the Secretary adequate information respecting all such changes and unless there is in effect a conditional approval of the supplemental application, which supplemental application shall be treated in the same manner as the original application.

If the Secretary finds that there is an imminent hazard to the health of man or of the animals for which such drug is intended, the Secretary may suspend the conditional approval of such application immediately, and give the applicant prompt notice of the Secretary's action and afford the applicant the opportunity for an expedited informal hearing. Authority to suspend the conditional approval of an application shall not be delegated below the Commissioner of Food and Drugs.

''(2) The Secretary may also, after due notice and opportunity for an expedited informal hearing to the applicant, issue an order withdrawing the conditional approval of an application with respect to any new animal drug under this section if the Secretary finds—

''(A) that the applicant has failed to establish a system for maintaining required records, or has repeatedly or deliberately failed to maintain such records or to make required reports in accordance with a regulation or order under subsection (h), or the applicant has refused to permit access to, or copying or verification of, such records as required by paragraph (2) of such subsection;

''(B) that on the basis of new information before the Secretary, evaluated together with the evidence before the Secretary when the application was conditionally approved, the methods used in, or the facilities and controls used for, the manufacture, processing, and packing of such drug are inadequate to assure and preserve its identity, strength, quality, and purity and were not made adequate within a reasonable time after receipt of written notice from the Secretary specifying the matter complained of; or

''(C) that on the basis of new information before the Secretary, evaluated together with the evidence before the Secretary when the application was conditionally approved, the labeling of such drug, based on a fair evaluation of all material facts, is false or misleading in any particular and was not corrected within a reasonable time after receipt of written notice from the Secretary specifying the matter complained of.

''(3) Any order under this subsection shall state the findings upon which it is based.

''(f) The decision of the Secretary under subsections (c), (d), or (e) shall constitute a final agency decision for purposes of judicial review.

''(g)(1) When an application filed pursuant to subsection (a) is conditionally approved, the Secretary shall by notice publish in the Federal Register the name and address of the applicant and the conditions and indications of use of the new animal drug covered by such application, including any tolerance and withdrawal period or other use restriction and, if such new animal drug is intended for use in animal feed, appropriate purposes and conditions of use (including special labeling requirements and any requirement that an animal feed bearing or containing the new animal drug be limited to use under the professional supervision of a licensed veterinarian) applicable to any animal feed

for use in which such drug is conditionally approved, the expiration date of the conditional approval, and such other information, upon the basis of which such application was conditionally approved, as the Secretary deems necessary to assure the safe and effective use of such drug.

''(2) Upon withdrawal of conditional approval of such new animal drug application or upon its suspension, the Secretary shall publish a notice in the Federal Register.

''(h)(1) In the case of any new animal drug for which a conditional approval of an application filed pursuant to subsection (a) is in effect, the applicant shall establish and maintain such records, and make such reports to the Secretary, of data relating to experience, and other data or information, received or otherwise obtained by such applicant with respect to such drug, or with respect to animal feeds bearing or containing such drug, as the Secretary may by general regulation, or by order with respect to such application, prescribe on the basis of a finding that such records and reports are necessary in order to enable the Secretary to determine, or facilitate a determination, whether there is or may be ground for refusing to renew the conditional approval under subsection (d) or for invoking subsection (e). Such regulation or order shall provide, where the Secretary deems it to be appropriate, for the examination, upon request, by the persons to whom such regulation or order is applicable, of similar information received or otherwise obtained by the Secretary.

''(2) Every person required under this subsection to maintain records, and every person in charge or custody thereof, shall, upon request of an officer or employee designated by the Secretary, permit such officer or employee at all reasonable times to have access to and copy and verify such records.

''(i)(1) The label and labeling of a drug with a conditional approval under this section shall state that fact prominently and conspicuously.

''(2) Conditions of use that are the subject of a conditional approval under this section shall not be combined in product labeling with any conditions of use approved under section 512.

''(j)(1) Safety and effectiveness data and information which has been submitted in an application filed under subsection (a) for a drug and which has not previously been disclosed to the public shall be made available to the public, upon request, unless extraordinary circumstances are shown—

''(A) if no work is being or will be undertaken to have the application conditionally approved,

''(B) if the Secretary has determined that the application is not conditionally approvable and all legal appeals have been exhausted,

''(C) if conditional approval of the application under subsection (c) is withdrawn and all legal appeals have been exhausted, or

''(D) if the Secretary has determined that such drug is not a new animal drug.

''(2) Any request for data and information pursuant to paragraph (1) shall include a verified statement by the person making the request that any data or information received under such paragraph shall not be disclosed by such person to any other person—

''(A) for the purpose of, or as part of a plan, scheme, or device for, obtaining the right to make, use, or market, or making, using, or marketing, outside the United States, the drug identified in the application filed under subsection (a), and

''(B) without obtaining from any person to whom the data and information are disclosed an identical verified statement, a copy of which is to be provided by such person to the Secretary, which meets the requirements of this paragraph.

''(k) To the extent consistent with the public health, the Secretary shall promulgate regulations for exempting from the operation of this section new animal drugs, and animal feeds bearing or containing new animal drugs, intended solely for investigational use by experts qualified by scientific training and experience to investigate the safety and effectiveness of animal drugs. Such regulations may, in the discretion of the Secretary, among other conditions relating to the protection of the public health, provide for conditioning such exemption upon the establishment and maintenance of such records, and the making of such reports to the Secretary, by the manufacturer or the sponsor of the investigation of such article, of data (including but not limited to analytical reports by investigators) obtained as a result of such investigational use of such article, as the Secretary finds will enable the Secretary to evaluate the safety and effectiveness of such article in the event of the filing of an application pursuant to this section. Such regulations, among other things, shall set forth the conditions (if any) upon which animals treated with such articles, and any products of such animals (before or after slaughter), may be marketed for food use.

''INDEX OF LEGALLY MARKETED UNAPPROVED MINOR USE ANIMAL DRUGS FOR MINOR SPECIES WITH NO HUMAN FOOD SAFETY CONCERN

''SEC. 574. (a)(1) The Secretary shall establish an index of unapproved minor use new animal drugs that may be lawfully marketed for use in minor species with no human food safety concern.

''(2) Such index is intended to benefit primarily zoo and wildlife species, aquarium and bait fish, reptiles and amphibians, caged birds, and small pet mammals as well as some commercially produced species such as cricket, earthworms and possibly nonfood life stages of some minor species used for human food such as oysters and shellfish.

''(3) Such index shall conform to the requirements in subsection (d).

''(b)(1) Any person may submit a request to the Secretary for a preliminary determination that a drug may be eligible for inclusion in the index. Such a request shall include—

''(A) information regarding the proposed species, conditions of use, and anticipated annual production;

''(B) information regarding product formulation and manufacturing; and

''(C) information sufficient for the Secretary to determine that there does not appear to be human food safety, environmental safety, occupational safety, or bioavailability concerns with the proposed use of the drug.

''(2) Within 90 days after the submission of a request for a preliminary determination under paragraph (1), the Secretary shall grant or deny the request, and notify the submitter of the Secretary's conclusion. The Secretary shall grant the request if it appears that—

''(A) the request addresses the need for a minor use animal drug for which there is no approved or conditionally approved drug, and

''(B) the proposed drug use does not appear to raise human food safety, environmental safety, occupational safety, or bioavailability concerns.

''(3) If the Secretary denies the request, the Secretary shall provide due notice and an opportunity for an expedited informal hearing.

''(4) If the Secretary does not grant or deny the request within 90 days, the Secretary shall provide the Committee on Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate with the reasons action on the request did not occur within such 90 days.

''(5) The decision of the Secretary under this subsection shall constitute a final agency decision for purposes of judicial review.

''(c)(1) With respect to a drug for which the Secretary has made a preliminary determination of eligibility under subsection (b), the submitter of that request may request that the Secretary add the drug to the index established by subsection (a). Such a request shall include—

''(A) a copy of the Secretary's preliminary determination of eligibility issued under subsection (b);

''(B) a qualified expert panel report that meets the requirements in paragraph (2);

''(C) a proposed index entry;

''(D) proposed labeling;

''(E) anticipated annual production of the drug; and

''(F) a commitment to manufacture, label, and distribute the drug in accordance with the index entry and any additional requirements that the Secretary may prescribe by general regulation or specific order.

''(2) For purposes of paragraph (1), a 'qualified expert panel report' is a written report that—

''(A) is authored by a panel of individuals qualified by scientific training and experience to evaluate the safety and effectiveness of animal drugs for the intended uses and species in question and operating external to the Food and Drug Administration;

''(B) addresses all available target animal safety and effectiveness information, including anecdotal information where necessary;

''(C) addresses proposed labeling;

''(D) addresses whether the drug should be limited to use under the professional supervision of a licensed veterinarian; and

''(E) addresses whether, in the expert panel's opinion, the benefits of using the drug outweigh its risks, taking into account the harm being caused by the absence of an approved or conditionally approved new animal drug for the minor use in question.

''(3) Within 180 days after the receipt of a request for listing a drug in the index, the Secretary shall grant or deny the request. The Secretary shall grant the request if the Secretary finds, on the basis of the expert panel report and other information available to the Secretary, that the benefits of using the drug outweigh its risks, taking into account the harm caused by the absence of an approved or conditionally approved new animal drug for the minor use in question. If the Secretary denies the request, the Secretary shall provide due notice and the opportunity for an expedited informal hearing. If the Secretary does not grant or deny the request within 180 days, the Secretary shall provide the Committee on Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate with the reasons action on the request did not occur within such 180 days. The decision of the Secretary under this paragraph shall constitute a final agency decision for purposes of judicial review.

''(d)(1) The index established by subsection (a) shall include the following information for each listed drug:

''(A) The name and address of the sponsor of the index listing.

''(B) The name of the drug, its dosage form, and its strength.

''(C) Labeling.

''(D) Production limits or other conditions the Secretary deems necessary to prevent misuse of the drug.

''(E) Requirements that the Secretary deems necessary for the safe and effective use of the drug.

''(2) The Secretary shall publish the index, and revise it monthly.

''(e)(1) If the Secretary finds, after due notice to the sponsor and an opportunity for an expedited informal hearing, that—

''(A) on the basis of new information before the Secretary, evaluated together with the evidence available to the Secretary when the drug was listed in the index, the benefits of using the drug do not outweigh its risks, or

''(B) the conditions and limitations of use in the index listing have not been followed,

the Secretary shall remove the drug from the index. The decision of the Secretary shall constitute final agency decision for purposes of judicial review.

''(2) If the Secretary finds that there is an imminent hazard to the health of man or of the animals for which such drug is intended, the Secretary may suspend the listing of such drug immediately, and give the sponsor prompt notice of the Secretary's action and afford the sponsor the opportunity for an expedited informal hearing. Authority to suspend the listing of a drug shall not be delegated below the Commissioner of Food and Drugs.

''(f)(1) In the case of any new animal drug for which an index listing pursuant to subsection (a) is in effect, the sponsor shall establish and maintain such records, and make such reports to the Secretary, of data relating to experience, and other data or information, received or otherwise obtained by such sponsor with respect to such drug, or with respect to animal feeds bearing or containing such drug, as the Secretary may by general regulation, or by order with respect to such listing, prescribe on the basis of a finding that such records and reports are necessary in order to enable the Secretary to determine, or facilitate a determination, whether there is or may be ground for invoking subsection (e). Such regulation or order shall provide, where the Secretary deems it to be appropriate, for the examination, upon request, by the persons to whom such regulation or order is applicable, of similar information received or otherwise obtained by the Secretary.

''(2) Every person required under this subsection to maintain records, and every person in charge or custody thereof, shall, upon request of an officer or employee designated by the Secretary, permit such officer or employee at all reasonable times to have access to and copy and verify such records.

''(g) The labeling of a drug that is the subject of an index listing shall state, prominently and conspicuously, that the drug is legally marketed but not approved.

''(h) The Secretary shall promulgate regulations to implement this section. Such regulations shall address, among other subjects, the composition of the expert panel, sponsorship of the expert panel under the auspices of a recognized professional organization, conflict of interest criteria for panel members, and the use of advisory committees convened by the Food and Drug Administration.

''(i) To the extent consistent with the public health, the Secretary shall promulgate regulations for exempting from the operation of this section new animal drugs intended solely for investigational use by experts qualified by scientific training and experience to investigate the safety and effectiveness of animal drugs. Such regulations may, in the discretion of the Secretary, among other conditions relating to the protection of the public health, provide for conditioning such exemption upon the establishment and maintenance of such records, and the making of such reports to the Secretary, by the manufacturer or the sponsor of the investigation of such article, of data (including but not limited to analytical reports by investigators) obtained as a result of such investigational use of such article, as the Secretary finds will enable the Secretary to evaluate the safety and effectiveness of such article in the event of the filing of a request for an index listing pursuant to this section. Such regulations, among other things, shall set forth the conditions (if any) upon which animals treated with such articles, and any products of such animals (before or after slaughter), may be marketed for food use.

''GRANTS AND CONTRACTS FOR DEVELOPMENT OF ANIMAL DRUGS FOR MINOR USES

''SEC. 575. (a) The Secretary may make grants to and enter into contracts with public and private entities and individuals to assist in defraying the costs of qualified testing expenses and manufacturing expenses incurred in connection with the development of drugs for minor uses.

''(b) For purposes of subsection (a) of this section:

''(1) The term 'qualified testing' means—

''(A) clinical testing—

''(i) which is carried out under an exemption for a drug for minor uses under section 512(j), 573(k), or 574(i); and

''(ii) which occurs after the date such drug is designated under section 571 and before the date on which an application with respect to such drug is submitted under section 512; and

''(B) preclinical testing involving a drug for minor use which occurs after the date such drug is designated under section 571 and before the date on which an application with respect to such drug is submitted under section 512.

''(2) The term 'manufacturing expenses' means expenses incurred in developing processes and procedures intended to meet current good manufacturing practice requirements which occur after such drug is designated under section 571 and before the date on which an application with respect to such drug is submitted under section 512.

''(c) For grants and contracts under subsection (a), there are authorized to be appropriated $1,000,000 for fiscal year 2001, $1,500,000 for fiscal year 2002, and $2,000,000 for fiscal year 2003.''.

(c) THREE-YEAR EXCLUSIVITY FOR MINOR USE APPROVALS.—Section 512(c)(2)(F)(ii), (iii), and (v) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360b(c)(2)(F)(ii), (iii), and (v)) is amended by striking ''(other than bioequivalence or residue studies)'' and inserting ''(other than bioequivalence studies or, except in the case of a new animal drug for minor uses, residue studies)''.

(d) SCOPE OF REVIEW FOR MINOR USE APPLICATIONS.—Section 512(d) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360b(d)) is amended by adding at the end the following:

''(5) In reviewing a supplement to an approved application that seeks a minor use approval, the Secretary shall not reconsider information in the approved application to determine whether it meets current standards for approval.''.

(e) PRESUMPTION OF NEW ANIMAL DRUG STATUS.—Section 709 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 379a) is amended by designating the existing text as subsection (a), and by adding after such new subsection the following:

''(b) In any action to enforce the requirements of this Act respecting a drug for minor use that is not the subject of an approval under section 512, a conditional approval under section 573, or an index listing under section 574, it shall be presumed that the drug is a new animal drug.''.

(f) CONFORMING AMENDMENTS.—

(1) Section 512(a)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360b(a)(1)) is amended by striking subparagraphs (A) and (B) and inserting the following:

''(A) there is in effect an approval of an application filed pursuant to subsection (b) with respect to such use or intended use of such drug, and such drug, its labeling, and such use conform to such approved application;

''(B) there is in effect a conditional approval of an application filed pursuant to section 573 with respect to such use or intended use of such drug, and such drug, its labeling, and such use conform to such conditionally approved application; or

''(C) there is in effect an index listing pursuant to section 574 with respect to such use or intended use of such drug, and such drug, its labeling, and such use conform to such index listing.''.

(2) Section 512(a)(4) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360b(a)(4)) is amended by adding after ''if an approval of an application filed under subsection (b)'' the following: ''or a conditional approval of an application filed under section 573''.

(3) Section 503(f) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353(f)) is amended as follows:

(A) In paragraph (1)(A)(ii) by striking ''512'' and inserting the following: ''512, a conditionally approved application under subsection (b) of section 573, or an index listing under subsection (a) of section 574.''.

(B) In paragraph (3) by striking ''section 512'' and inserting the following: ''sections 512, 573, or 574.''.

(4) Section 504(a)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 354(a)(1)) is amended by striking ''512(b)'' and inserting ''512(b), a conditionally approved application filed pursuant to section 573, or an index listing pursuant to section 574.''.

(5) Section 504(a)(2)(B) and (b) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 354(a)(2)(B), and 354(b)) are amended by striking ''512(i)'' and inserting ''512(i) or section 573(g), or the index listing pursuant to section 574.''.

(6) Section 403(a) of the Food and Drug Administration Modernization Act of 1997 (21 U.S.C. 371(a)) is amended by adding at the end ''For purposes of this section, an approved article includes a new animal drug that is the subject of a conditional approval or an index listing under sections 573 and 574 of the Federal Food, Drug, and Cosmetic Act, respectively.''.

(g) REGULATIONS.—The Secretary of Health and Human Services shall promulgate proposed regulations to implement amendments to the Federal Food, Drug, and Cosmetic Act made by this Act within 6 months of the date of enactment of this Act, and final regulations within 24 months of the date of enactment of this Act.

(h) OFFICE OF MINOR USE ANIMAL DRUG DEVELOPMENT.—

(1) The Secretary of Health and Human Services shall establish within the Center of Veterinary Medicine of the Food and Drug Administration an Office of Minor Use Animal Drug Development (referred to in this

subsection as the ''Office''). The Secretary of Health and Human Services shall select an individual to serve as the Director of such Office. The Director of such Office shall report directly to the Director of the Center for Veterinary Medicine. The Office shall be responsible for designating minor use animal drugs under section 571 of the Federal Food, Drug, and Cosmetic Act, for administering grants and contracts for the development of animal drugs for minor uses under section 575 of the Federal Food, Drug, and Cosmetic Act, and for serving as liaison with any party interested in minor use animal drug development.

(2) For the Office described under paragraph (1), there are authorized to be appropriated $1,200,000 for each of the fiscal years 2001 through 2003.

SEC. 4. CREDIT FOR CLINICAL TESTING EXPENSES FOR CERTAIN ANIMAL DRUGS FOR MINOR USES.

(a) IN GENERAL.—Subpart D of part IV of subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by inserting after section 45C the following new section:

''SEC. 45D. CLINICAL TESTING EXPENSES FOR CERTAIN ANIMAL DRUGS FOR MINOR USES.

''(a) GENERAL RULE.—For purposes of section 38, the minor use animal drug credit determined under this section for the taxable year is an amount equal to 50 percent of the qualified animal clinical testing expenses for the taxable year.

''(b) QUALIFIED ANIMAL CLINICAL TESTING EXPENSES.—For purposes of this section—

''(1) QUALIFIED ANIMAL CLINICAL TESTING EXPENSES.—

''(A) IN GENERAL.—Except as otherwise provided in this paragraph, the term 'qualified animal clinical testing expenses' means the amounts which are paid or incurred by the taxpayer during the taxable year which would be described in subsection (b) of section 41 if such subsection were applied with the modifications set forth in subparagraph (B).

''(B) MODIFICATIONS.—For purposes of subparagraph (A), subsection (b) of section 41 shall be applied—

''(i) by substituting 'animal clinical testing' for 'qualified research' each place it appears in paragraphs (2) and (3) of such subsection, and

''(ii) by substituting '100 percent' for '65 percent' in paragraph (3)(A) of such subsection.

''(C) EXCLUSION FOR AMOUNTS FUNDED BY GRANTS, ETC.—The term 'qualified animal clinical testing expenses' shall not include any amount to the extent such amount is funded by any grant, contract, or otherwise by another person (or any governmental entity).

''(D) SPECIAL RULE.—For purposes of this paragraph:

''(i) section 41 shall be deemed to remain in effect for periods after June 30, 2000; and

''(ii) the trade or business requirement of section 41(b)(1) shall be deemed to be satisfied in the case of a taxpayer that owns animals and that conducts clinical testing on such animals.

''(2) ANIMAL CLINICAL TESTING.—

''(A) IN GENERAL.—The term 'animal clinical testing' means any clinical testing—

''(i) which is carried out under an exemption for a drug being tested for minor use under section 512(j), 573(k), or 574(i) of the Federal Food, Drug, and Cosmetic Act (or regulations issued under such sections),

''(ii) which occurs—

''(I) after the date such drug is designated under section 571 of such Act, and

''(II) before the date on which an application with respect to such drug is approved under section 512(c) of such Act, and

''(iii) which is conducted by or on behalf of—

''(I) the taxpayer to whom the designation under such section 571 applies, or

''(II) the owner of the animals that are the subject of clinical testing.

''(B) TESTING MUST BE FOR MINOR USE.—Animal clinical testing shall be taken into account under subparagraph (A) only to the extent such testing is related to the use of a drug for the minor use for which it was designated under section 571 of the Federal Food, Drug, and Cosmetic Act.

''(c) COORDINATION WITH CREDIT FOR INCREASING RESEARCH EXPENDITURES.—

''(1) IN GENERAL.—Except as provided in paragraph (2), any qualified animal clinical testing expenses for a taxable year to which an election under this section applies shall not be taken into account for purposes of determining the credit allowable under section 41 for such taxable year.

''(2) EXPENSES INCLUDED IN DETERMINING BASE PERIOD RESEARCH EXPENSES.—Any qualified animal clinical testing expenses for any taxable year which are qualified research expenses (within the meaning of section 41(b)) shall be taken into account in determining base period research expenses for purposes of applying section 41 to subsequent taxable years.

''(d) DEFINITION AND SPECIAL RULES.—

''(1) MINOR USE.—For purposes of this section, the term 'minor use' has the meaning given such term by section 201(ll) of the Federal Food, Drug, and Cosmetic Act. Determinations under the preceding sentence with respect to any drug shall be made on the basis of the facts and circumstances as of the date such drug is designated under section 571 of the Federal Food, Drug, and Cosmetic Act.

''(2) DENIAL OF CREDIT FOR TESTING CONDUCTED BY CORPORATIONS TO WHICH SECTION 936 APPLIES.—No credit shall be allowed under this section with respect to any animal clinical testing conducted by a corporation to which an election under section 936 applies.

''(3) CERTAIN RULES MADE APPLICABLE.—Rules similar to the rules of paragraphs (1) and (2) of section 41(f) shall apply for purposes of this section.

''(4) ELECTION.—This section shall apply to any taxpayer for any taxable year only if such taxpayer elects (at such time and in such manner as the Secretary may by regulations prescribe) to have this section apply for such taxable year.''.

(b) CONFORMING AMENDMENTS.—

(1) Section 38(b) of such Code is amended—

(A) by striking ''plus'' at end of paragraph (11),

(B) by striking the period at the end of paragraph (12) and inserting '', plus'', and

(C) by adding at the end the following new paragraph:

''(13) the minor use animal drug credit determined under section 45D(a).''.

(2) Section 280C(b) of such Code is amended—

(A) in paragraph (1), by striking ''section 45C(b)'' and inserting ''section 45C(b) or 45D(b)'', and

(B) in paragraphs (1) and (2), by striking ''section 45C'' each place it appears and inserting ''section 45C or 45D''.

(c) CLERICAL AMENDMENT.—The table of sections for subpart D of part IV of subchapter A of chapter 1 of such Code is amended by inserting after the item relating to section 45C the following new item:

''Sec. 45D. Clinical testing expenses for certain animal drugs for minor uses.''.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after the date of the enactment of this Act.

(e) REGULATIONS.—The Secretary of the Treasury shall publish proposed regulations to implement amendments to the Internal Revenue Code of 1986 made by this Act within 6 months after the date of the enactment of this Act, and final regulations within 24 months after such date.

Mr. DODD (for himself, Ms. COLLINS, and Mr. KENNEDY):

S. 3170. A bill to amend the Higher Education Act of 1965 to assist institutions of higher education to help at-risk students to stay in school and complete their 4-year postsecondary academic programs by helping those institutions to provide summer programs and grant aid for such students, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

COLLEGE COMPLETION CHALLENGE GRANTS ACT OF 2000

Mr. DODD. Mr. President, I rise today to join Senator COLLINS in offering legislation that will support our youth and promote their abilities by helping them stay in college and complete their degrees.

There is no question that post-secondary education is a critical component in individual success in today's economy. Parents understand this reality from the day their children are born and they start worrying about how to make college affordable. Students know it as they work to achieve good grades and high test scores. And policymakers know it as we work to increase Pell grants and support increased saving options for families.

But colleges achievement is not just about being accepted at a higher education institution. To fully see the benefits of post-secondary education, one must complete a degree. And yet, while college enrollment rates have been rising, 37 percent of students who enter post-secondary education drop out before they receive a degree or certificate. This problem is especially acute for minorities. Thirty percent of African-Americans and Hispanic-Americans drop out of college before the end of their first year. This is almost double the rate of white Americans.

For these students and for us as a nation, these statistics represent a lost opportunity. Clearly, these students aspire to greater things—to more education and better careers. But instead of fulfilling this promise, they leave school with their potential unrealized. Unfortunately, many of them also leave school not just with an academic set-back, but also with substantial student loan debt, which today is as much a reality of college attendance as is a course syllabus.

The legislation I am introducing today, the ''College Completion Challenge Grants Act of 2000'', would provide vital support and assistance to at-risk students to help them stay in school and complete their degrees. The College Completion Challenge grant program is based on the successful work of the Student Support Services (SSS) program, which is one of the Turning R Into Opportunity programs. While TRIO is better known for its early intervention programs with talented, at-risk high school students, SSS follows through on these early efforts by supporting at-risk, first-generation college students once they are enrolled. The College Completion Challenge grants would supplement these student support services by offering additional scholarship aid, intensive summer programs, and further support services to students at risk of dropping out. Higher education institutions participating in SSS as well as those that provide similar support through other sources would be eligible to apply for these additional dollars.

Mr. President, the House of Representatives has already acted on similar legislation, which was included in the Higher Education Technical Amendments that passed the House earlier this year. So, I am hopeful that we too can find an appropriate vehicle to support these students as they pursue their dreams. I urge my colleagues to support this legislation.

By Mr. MURKOWSKI (for himself, Mr. BREAUX, and Mr. STEVENS):

S. 3171. A bill to amend the Internal Revenue Code of 1986 to extend the section 29 credit for producing fuel from a non-conventional source; to the Committee on Finance.

ENERGY SECURITY FOR AMERICAN CONSUMERS ACT OF 2000

Mr. MURKOWSKI. Mr. President, if this country is ever going to achieve the goal of reducing our dependency on foreign sources of oil to at least 50 percent, we are going to have to provide incentives that will encourage our energy industry to recover oil and gas from nonconventional sources.

In the aftermath of the twin oil shocks of the 1970s, Congress enacted Section 29 of the tax code which provides a tax credit to encourage production of oil and gas from unconventional sources such as Devonian shale, tight rock formations, coalbeds and geopressurized brine. This credit has helped the industry invest in new technologies which allow us to recover large oil and gas deposits that are locked in various formations which are very expensive to develop.

Since the Clinton-Gore Administration came into office, it has sent up various proposals all designed to eliminate the Section 29 credit. As a result of their efforts, the Section 29 credit has not applied to any facilities placed in service since July 1, 1998. That makes absolutely no sense when we realize that today we are 56 percent dependent on foreign sources of oil. Doing away with this credit sends a direct signal to the market—this country will not lift a finger to encourage energy development at home.

I think it is time to reverse the failed energy policies of the Clinton-Gore administration. As part of that effort, I am today introducing legislation that would extend the Section 29 credit until 2013 and allow it to apply to facilities that are placed in service before 2011. I am pleased that Senators BREAUX and STEVENS are joining me in this effort.

Mr. President, if we are to retain the prosperity we have enjoyed over the last 20 years, we must have a stable and secure supply of oil and natural gas. Section 29 is an important provision that will allow our energy development companies to bring technologies on line to develop new energy deposits.

Moreover, the bill expands the definition of qualifying investments to include heavy oil. In Alaska, there are several billion barrels of heavy oil in West Sak Prudhoe Bay that are just too costly to exploit because of the density of the oil and the fact that it is heavily laden with sand. Extension of the Section 29 credit could very well mean that these billions of barrels of heavy oil could be exploited and brought onto the U.S. energy market.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 3171

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Energy Security for American Consumers Act of 2000''.

SEC. 2. EXTENSION OF CREDIT FOR PRODUCING FUEL FROM A NONCONVENTIONAL SOURCE.

(a) EXTENSION OF CREDIT.—Subsection (f) of section 29 of the Internal Revenue Code of 1986 (relating to credit for producing fuel from a nonconventional source) is amended—

(1) in paragraph (1)(A), by inserting before ''or'' the following: ''or from a well drilled after the date of the enactment of the Energy Security for American Consumers Act of 2000, and before January 1, 2011,'',

(2) in paragraph (1)(B), by inserting before ''and'' at the end the following: ''or placed in service after the date of the enactment of the Energy Security for American Consumers Act of 2000, and before January 1, 2011,'', and

(3) in paragraph (2), by striking ''2003'' and inserting ''2013''.

(b) REDUCTION IN AMOUNT OF CREDIT BY 20 PERCENT PER YEAR STARTING IN 2007.— Subsection (a) of section 29 of such Code is amended to read as follows:

''(a) ALLOWANCE OF CREDIT.—

''(1) IN GENERAL.—There shall be allowed as a credit against the tax imposed by this chapter for the taxable year an amount equal to—

''(A) the applicable amount, multiplied by

''(B) the barrel-of-oil equivalent of qualified fuels—

''(i) sold by the taxpayer to an unrelated person during the taxable year, and

''(ii) the production of which is attributable to the taxpayer.

''(2) APPLICABLE AMOUNT.—For purposes of paragraph (1), the applicable amount is the amount determined in accordance with the following table:

In the case of taxable years beginning in calendar year:	The applicable amount is:
2001 to 2008	$3.00
2009	$2.60
2010	$2.00
2011	$1.40
2012	$0.80
2013 and thereafter	$0.00

(c) CREDIT ALLOWED AGAINST BOTH REGULAR TAX AND ALTERNATIVE MINIMUM TAX.—Paragraph (6) of section 29(b) of such Code is amended to read as follows:

''(6) APPLICATION WITH OTHER CREDITS.—The credit allowed by subsection (a) for any taxable year shall not exceed the excess of—

''(A) the sum of the regular tax liability (as defined in section 26(b)) plus the tax imposed by section 55, over

''(B) the sum of the credits allowable under this part (other than subpart C and this section) and under section 1397E.''

(d) QUALIFIED FUELS TO INCLUDE HEAVY OIL.—Subsection (c) of section 29 of such Code (defining qualified fuels) is amended—

(1) in paragraph (1), by striking ''and'' at the end of subparagraph (B), by striking the period at the end of subparagraph (C) and inserting '', and'', and by adding at the end the following new subparagraph:

''(D) heavy oil, as defined in section 613A(c)(6)(7).'', and

(2) by adding at the end the following new paragraph:

''(4) SPECIAL RULE FOR HEAVY OIL.—Heavy oil shall be considered to be a qualified fuel only if it is produced from a well drilled, or in a facility placed in service, after the date of the enactment of the Energy Security for American Consumers Act of 2000, and before January 1, 2011.''

(e) REPEAL OF SUPERSEDED SUBSECTION.—Subsection (g) of section 29 of such Code is repealed.

(f) EFFECTIVE DATE.—The amendments made by this Act shall apply to taxable years beginning after December 31, 2000.

By Mr. KENNEDY:

S. 3172. A bill to provide access to affordable health care for all Americans; to the Committee on Finance.

BASIC HEALTH PLAN ACT

Mr. KENNEDY. Mr. President, last week, the Census Bureau released new figures on the number of the uninsured. Thanks to a prosperous economy and the Children's Health Insurance Program, the number of the uninsured declined for the first time in more than a decade. But that decline was small, and it is no cause for complacency. The number of uninsured is still far too high—43 million Americans have no insurance coverage—and any weakening in the economy is likely to send the number higher again.

It's a national disgrace that so many Americans find the quality of their health determined by the quantity of their wealth. In this age of the life sciences, the importance of good medical care in curing disease and improving and extending life is more significant than ever, and denying any family the health care they need is unacceptable.

Earlier this year, along with a number of my colleagues in the House and Senate, I introduced bipartisan legislation to extend the Child Health Insurance Program to include the parents of participating children and to increase the enrollment of eligible children in Medicaid and CHIP. It received a majority vote in the Senate, but it was defeated on a procedural motion. I hope that we will be able to pass it promptly next year, as an initial effective step to reduce the number of the uninsured.

Today, I am introducing an additional measure. The Basic Access to Secure Insurance Coverage Health plan—or BASIC Health plan. Congressman John Dingell is introducing a companion measure in the House. Our proposal uses the model of the Child Health Insurance Program to make subsidized coverage available—through private insurance or Medicaid—to all Americans with incomes below 300 percent of poverty—$25,000 a year for an individual and $42,000 a year for a family of three.

Almost three-quarters of the uninsured are in this income range. Our plan also includes innovative steps to encourage current and newly eligible individuals and families to enroll. It is a major step toward the day when access to affordable health care will be a reality for all Americans, and I hope it will be enacted as well next year.

The need for BASIC is clear. One of our highest national priorities for the new century must be to make good health care a reality for all our people. Every other industrialized society in the world except South Africa achieved that goal in the 20th century—and under Nelson Mandela and Thabo Mbeki, South Africa has taken giant steps toward universal health care today. But in our country, the law of the jungle still too often prevails. Forty-three million of our fellow citizens are left out and left behind when it comes to health insurance.

The dishonor roll of suffering created by this national problem is a long one.

Children fail to get a healthy start in life because their parents cannot afford the eyeglasses or hearing aids or doctors visits they need.

A young family loses its chance to participate in the American dream, when a breadwinner is crippled or killed because of lack of timely access to medical care.

A teenager is condemned to go without a college education because the family's income and energy are sucked away by the high financial and emotional cost of uninsured illness.

An older couple sees its hope for a dignified retirement dashed when the savings of a lifetime are washed away by a tidal wave of medical debt.

Even in this time of unprecedented prosperity, more than 200,000 Americans annually file for bankruptcy because of uninsured medical costs. And the human costs of being uninsured are often just as devastating.

In any given year, one-third of the uninsured go without needed medical care.

Eight million uninsured Americans fail to take the medication that their doctor prescribes, because they cannot afford to fill the prescription.

Four hundred thousand children suffer from asthma but never see a doctor. Five hundred thousand children with recurrent earaches never see a doctor. Another five hundred thousand children with severe sore throats never see a doctor.

Thirty-two thousand Americans with heart disease go without life-saving and life-enhancing bypass surgery or angioplasty—because they are uninsured.

Twenty-seven thousand uninsured women are diagnosed with breast cancer each year. They are twice as likely as insured women not to receive medical treatment before their cancer has already spread to other parts of their bodies. As a result, they are 50 percent more likely to die of the disease.

Overall, eighty-three thousand Americans die each year because they have no insurance. The lack of insurance is the seventh leading cause of death in America today. Our failure to provide health insurance for every citizen kills more people than kidney disease, liver disease, and AIDS combined.

Today our opportunity to finally end these millions of American tragedies is greater than ever before. Our prosperous economy gives us large new resources to invest in meeting this critical need. Recently, some Republicans in Congress have finally joined Democrats in urging our country to meet the challenge of providing health coverage to the 43 million Americans who are uninsured.

The BASIC plan can be a bridge for both Republicans and Democrats to come together. It is based on the model of the Child Health Insurance Program, which enjoys broad bi-partisan support in every state in the country. It emphasizes a Federal-State partnership to make care accessible and affordable. Insurance is provided primarily through the private sector, but without employer mandates.

The BASIC plan is designed to supplement, not replace, the current employment-based system of health care. It will also build on Medicaid, which effectively serves so many of the very poor, the working poor, the disabled, and people with AIDS.

Federal subsidies under BASIC will be targeted to those without insurance today. We should not disrupt the health coverage that 161 million Americans now receive through their employers. It makes no sense to encourage those who already have reliable employer-based health insurance to turn instead to a new government-subsidized program. The cost to taxpayers would balloon needlessly, and force us to reduce benefits in order to cut costs.

The proposal builds on and expands proven programs that are already in place. States will provide coverage under Medicaid for all very low income people, consistent with the mandate that already exists in federal law to provide Medicaid coverage for all children with family incomes below 100 percent of poverty. Medicaid's broad benefits and minimal cost-sharing are ideal for very low income people, because they cannot afford to contribute significantly to the cost of their own care.

For low and moderate income individuals and families, the plan follows the CHIP model. States will have the choice of providing coverage through Medicaid or contracting with private insurance companies to offer subsidized coverage to those eligible to participate. The state would pay the insurance company a premium for each individual enrolled. For higher income enrollees, the individual would make a premium contribution as well.

One-third of all the uninsured today are poor, and almost three-quarters of the uninsured have incomes below 300 percent of poverty. A program of subsidies targeted on these low and moderate income Americans will put affordable health insurance within reach of the vast majority of the uninsured.

One of the biggest problems we face in expanding health insurance coverage through such a program is assuring that those who are eligible actually participate. We have learned a great deal from the experience under CHIP on how to achieve this objective. We know that simple, mail-in forms are important. We know that public information campaigns and the involvement of community-based organizations can be valuable. We know that programs with presumptive eligibility are effective—so that people can be signed up right away, without waiting until the eligibility verification process has been completed. We know that enrolling people for a year at a time without subjecting them to reapplications or reverification of income more often than once a year is critical. Through steps like these, we can see that the uninsured are not only eligible for the program but actually participate in it, so that they actually have the financial protection and access to timely medical care they need.

The BASIC Health plan will not require employers to contribute to the

cost of coverage. But it will require them to make the BASIC plan coverage available through the workplace, and forward the premiums of workers to the insurance company that the workers choose. This step is a minimum obligation that responsible employers should be willing to accept—and it can significantly increase the number of the uninsured who actually have coverage. Eighty-two percent of uninsured Americans today are workers or dependents of workers. Our message to all of them is that help is finally on the way.

The cost of the BASIC place is an estimated $200 billion to $300 billion over the next ten years—approximately the cost of the prescription drug plans that many of us have proposed under Medicare. It's a substantial amount of the surplus, but as we know from the success of Medicare, few if any federal dollars are better spent.

In sum, every child deserves a healthy start and life. Every family deserves protection against the high cost of illness. All Americans deserve timely access to quality, affordable health care. The American people want action. It is time for all of us to make the cause of health care for all a national priority.

I ask unanimous consent that a summary of the BASIC plan and a fact sheet on the problem of the uninsured be included in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

NEED FOR LEGISLATION AND SUMMARY OF THE ''BASIC'' HEALTH PROGRAM: UNIVERSAL ACCESS TO AFFORDABLE QUALITY HEALTH INSURANCE

America is the only industrial country in the world, except South Africa, that does not guarantee health care for all its citizens. The number of uninsured declined last year for the first time in more than a decade—but 43 million Americans remain uninsured, and any slowdown in the economy is likely to send the number up again. The vast majority of the uninsured are workers or dependents of workers. The consequences of being uninsured go far beyond vulnerability to catastrophic medical costs. The uninsured often lack timely access to quality health care, especially preventive care. They suffer unnecessary illness and even death because they have no coverage.

Growth in the Uninsured

The number of the uninsured has grown from 32 million in 1987 to 43 million this year. Except for a brief pause in 1993 and 1994, the number of uninsured has consistently increased by a million or more each year until this year. Even these figures understate the number of the uninsured. During the course of a year, 70 million Americans will be uninsured for an extended period of time.

Characteristics of the Uninsured

The vast majority of privately insured Americans—161 million citizens under 65—receive coverage on the job as workers or members of their families. But the uninsured are also overwhelmingly workers or their dependents. Eighty-two percent of those without insurance are employees or family members of employees. Of these uninsured workers, most are members of families with at least one person working full-time.

Most uninsured workers are uninsured because their employer either does not offer coverage, or because they are not eligible for the coverage offered. Seventy percent of uninsured workers are in firms where no coverage is offered. Eighteen percent are in firms that offer coverage, but they are not eligible for it, usually because they are part-time workers or have not been employed by the firm long enough to qualify for coverage. Only 12 percent of uninsured workers are offered coverage and decline.

The uninsured are predominantly low and moderate income persons. Almost 25 percent are poor (income of $8,501 or less for a single individual; $13,290 or less for a family of three). Twenty-eight percent have incomes between 100 and 200 percent of poverty. Eighteen percent have incomes between 200 and 300 percent of poverty. Almost three-fourths have incomes below 300 percent of poverty.

Consequences of Being Uninsured

An uninsured family is exposed to financial disaster in the event of serious illness. Unpaid medical bills account for 200,000 bankruptcies annually. Over 9 million families spend more than one fifth of their total income on medical costs. The health consequences of being uninsured are often as devastating as the economic costs:

In any given year, one-third of the uninsured go without needed medical care.

Eight million uninsured Americans fail to take medication their doctors prescribe, because they cannot afford to fill the prescription.

Thirty-two thousand Americans with heart disease go without life-saving and life-enhancing bypass surgery or angioplasty, because they are uninsured.

Twenty-seven thousand uninsured women are diagnosed with breast cancer each year. They are twice as likely as insured women not to receive medical treatment until their cancer has already spread in their bodies. As a result, they are 50 percent more likely to die of the disease.

The tragic bottom line is that eighty-three thousand Americans die every year because they have no insurance. Being uninsured is the seventh leading cause of death in America. Our failure to provide health insurance for every citizen kills more people than kidney disease, liver disease, and AIDS combined.

THE PROPOSAL: SUMMARY OF BASIC ACCESS TO SECURE INSURANCE COVERAGE HEALTH PLAN (''BASIC'' HEALTH PLAN)

Overview

The BASIC program builds on the bi-partisan Child Health Insurance Program and on Vice-President Gore's proposal to extend insurance coverage under CHIP and Medicaid to the parents of eligible children. The Child Health Insurance Program provides subsidized coverage through Medicaid or private insurers contracting with state governments for low and moderate income children. The BASIC plan extends the availability of subsidized coverage to all uninsured low and moderate income Americans, regardless of age or family status. It guarantees the availability of coverage in every state for every uninsured person, and includes provisions to encourage enrollment by those who are eligible. The plan also allows those who have incomes too high to qualify for subsidies to participate in the program by paying the full premium.

Key Provisions

Phase 1: Coverage for Children and Parents—Expansion of CHIP and Medicaid

Eligibility levels are raised to 300 percent of poverty for all uninsured children.

Coverage is made available to all uninsured parents of eligible children.

Coverage is made available to legal immigrant children and their parents.

The required benefit package for children is improved by adding eye-glasses, hearing aids, and medically necessary rehabilitative services for disabled or developmentally delayed children.

Additional steps are established to encourage enrollment of eligible children and their parents, including presumptive eligibility, qualification for at least twelve months, and simplified application forms.

The system of capped state allotments under CHIP is eliminated and federal matching funds are made available for all eligible persons enrolled in the program.

Phase II: Coverage for the Remaining Uninsured

Subsidized coverage is made available for all uninsured single adults with incomes below 300 percent of poverty. Coverage is phased in by income levels, beginning with those below 50 percent of poverty in the third year of the program, rising to 300 percent of poverty in the ninth year.

Unsubsidized coverage is available to all individuals in families with incomes too high to qualify for subsidized coverage, by paying the cost through premiums.

Responsibility of Employers

Eighty-two percent of the uninsured are workers or dependents of workers. Employers will not be required to provide coverage or contribute to the cost of coverage—but they will be required to offer their uninsured employees an opportunity to enroll in the program and agree to facilitate the coverage by withholding any required premium contributions from the employee's periodic pay.

Cost

Preliminary estimates of similar proposals indicate that the federal cost will be $200–$300 billion over the next ten years, beyond the amount already budgeted for expansions of coverage under the current CHIP program.

By Mr. SMITH of New Hampshire (for himself, Mr. WARNER, Mr. INHOFE, Mr. THOMAS, Mr. BOND, Mr. VOINOVICH, Mr. CRAPO, Mr. L. CHAFEE, Mr. BAUCUS, Mr. MOYNIHAN, and Mr. GRAHAM):

S. 3173. A bill to improve the implementation of the environmental streamling provisions of the Transportation Equity Act for the 21st Century; read the first time.

ENVIRONMENTAL STREAMLINING IMPROVEMENT ACT

Today I am introducing legislation that requires the US Department of Transportation to make substantial revisions to the recently proposed regulations on transportation planning and environmental streamlining. This action is necessary because the proposed regulations fail to fully comply with the direction that Congress gave to the U.S. Department of Transportation (US DOT) in the Transportation Equity Act for the 21st Century—the so-called TEA—21—that we passed in 1998.

The proposed regulations cover the inter-related disciplines of transportation planning and environmental protection. It is my view that transportation system development and the environment can exist in harmony if there is proper planning and foresight. All too often, though, there is a lack of coordination that results in unnecessary delays to transportation projects, or leads to wasted time and funds on projects that never get built.

This is the problem that I, along with my colleagues, Senators GRAHAM and WYDEN, attempted to address when we authored TEA–21's environmental streamlining provision. Our provision, which is section 1309 of TEA–21, required a more systematic approach to avoid conflicts, expedite approvals, and eliminate duplicated efforts in developing transportation projects.

Section 1309 does not weaken environmental standards or avoid existing requirements for environmental analysis. Instead, section 1309 requires better coordination between the transportation and environmental agencies.

Specifically, section 1309 requires that US DOT to establish a coordinated review process among the various state and federal agencies, to ensure concurrent rather than sequential reviews by these agencies, and to establish a dispute resolution process so that delays are not created by lingering, unresolved problems. We also included other changes in TEA–21 that were intended to put greater order and efficiency into the planning and approval of transportation projects.

Unfortunately, the proposed regulations fail to meet the requirements of TEA–21 in two important respects: First, the regulations do not incorporate the specific requirements of environmental streamlining with regard to time periods for review or a dispute resolution process.

Second, the regulations create new data collection, consultation and analysis requirements that will further complicate and delay transportation projects.

The full Committee on Environment and Public Works held a hearing two weeks ago to take testimony from the administration and the states on the intent and effect of these regulations. the states unanimously objected to the increased burden that would result from these proposed regulations. Where we intended to reduce delay, state transportation departments testified that these regulations would add years to project development, putting us even further behind in meeting our transportation needs.

A few weeks ago, eleven bipartisan members of my committee joined in a letter to the Secretary of Transportation recommending that the proposed regulations be revised and reissued. That is precisely the subject of the legislation I am introducing today.

This bill requires the Secretary of Transportation to revise the rules, taking into consideration the hundreds of comments received on the current proposal, and to comply with the clear directives that US DOT received from Congress in section 1309 of TEA–21. I hope that with a second chance, the US DOT will craft rules that clearly meet Congressional intent.

Mr. BAUCUS. Mr. President, today Senator SMITH, on behalf of Senator VOINOVICH, myself and others is introducing the Environmental Streamlining Improvement Act.

This bill ensures that the United States Department of Transportation will issue a revised rule on TEA–21 environmental streamlining regulations. This bill will give the USDOT another chance to follow the statute when issuing proposed rules on planning and the environment.

The Environment and Public Works Committee has held three hearings on the subject of environmental streamlining since the passage of TEA–21 in 1998. I am sorry to say that in the 2 years it has taken the USDOT to issue this NPRM, they fall far short of what Congress has intended. TEA–21 is very specific about what the regulations should do. The proposed regulations follow neither the word nor the intent of TEA–21.

I remember working with Senators WARNER, GRAHAM, WYDEN and CHAFEE and with the House members to develop an agreement on environmental streamlining. Those provisions are now Sections 1308 and 1309 of TEA–21.

I had heard from the Montana Department of Transportation and from others about how cumbersome a process it is to complete a highway project. Everyone who worked on TEA–21, in both the House and Senate, wanted to include a direction to the USDOT to streamline the planning and project development processes for the states.

We were very clear—the environment and the environmental reviews should not get short shrift! But, we need to find a way to make it easier to get a final decision, eliminate unnecessary delays, move faster and with as little paperwork as possible.

I cannot over-emphasize that the planning and environmental provisions of TEA–21 need to be implemented in a way that will streamline the expedite, not complicate, the process of delivering transportation projects.

That is why Congress directed the USDOT to include certain elements in their regulations on environmental streamlining.

We included concepts to be incorporated in future regulations—like concurrent environmental reviews by agencies and reasonable deadlines for the agencies to follow when completing their reviews.

Certainly we did not legislate an easy task to the USDOT. Trying to coordinate so many separate agencies is like trying to herd cats. The whole concept of environmental streamlining—that is, to make the permit and approval process work more smoothly and effectively, while still ensuring protection of the environment—is one of the more difficult challenges of TEA–21.

So I waited for the rules to come out. And waited. And two years after the passage of TEA–21 I look at the proposed rules and I am very disappointed.

I have identified several problems with these regulations and I would like to mention just a few things that I see as real problems.

First, elevating the planning process participants to the roles of decision makers. These regulations were supposed to help the States get their jobs done better and more efficiently. Its one thing to add more participants to the process. More involvement is a good thing.

But its another thing to give them the authority to make decisions about how the planning process will work. This decision maker role is currently held by State DOTs and Metropolitan Planning Organizations for a reason.

Second, what happened to ''streamlining?'' The basic elements of real streamlining are the only things not in the regs.

Third, these regulations are supposed to answer questions—but what is contained in the proposed regulations raises even more questions because they are vague there they need to be precise.

Fourth, this proposal makes it even harder, if not impossible to come to a decision. These regulations include initiatives not outlined in sections 1308 and 1309 and in many areas would strip states of their authority.

I would also like to mention that the Montana Department of Transportation filed comments or wrote letters at every possible opportunity for the public record. As I read these proposed regulations, I see that MDT's comments were either never read by the USDOT or ignored.

Let me close by saying that I believe the proposed rules would add significant requirements and uncertainty to planning and environmental review for transportation projects. In practical terms, they would increase overhead and delay—and delay usually means increased project costs. These proposed rules could make it difficult for States to deliver their programs. Contracts won't get let and jobs will be lost.

I know this is a tough task. To streamline a process while ensuring that we maintain a thorough planning and environmental review process. But, adding requirements to the process is contrary to the course charted by Congress.

At our last hearing, the administration testified that their intent was to streamline the process. The bill we are

introducing today would allow them to make good on their intent.

Our bill requires the USDOT go back to the drawing board and incorporate comments received from States and others and issue another NPRM. I am confident the USDOT will do the right thing this time.

Mr. VOINOVICH. Mr. President, I rise today to thank Senator BOB SMITH of introducing the Environmental Streamlining Improvement Act today. Last month several of my colleagues on the Environmental and Public Works Committee, following a full committee hearing on the issue, requested that the Administration revise its proposed rules on environmental streamlining and transportation planning, taking into consideration comments already submitted on the proposed rules, and publish them in the Federal Register for an additional 120-day comment period. This legislation is being introduced today because the Administration has not responded to our request.

In addition to requiring the Administration to consider public comments and to revise and re-propose rules on environmental streamlining and transportation planning, this legislation would prevent the Secretary of Transportation from finalizing the rules until May 1, 2001, and require a report on changes that were made to the revised rules.

When I was Governor of Ohio, I witnessed first-hand the frustration of many of the various state agencies because they were required to complete a myriad of federally-required tasks on whatever project they initiated.

With my background as a local and state official, I bring a unique perspective to this issue. While environmental review is good public policy, I believe that there are more efficient ways to ensure adequate and timely delivery of construction projects, while still carefully assessing environmental concerns.

Congress recognized the frustration of the states and enacted planning and environmental provisions to initiate environmental streamlining and expedite project delivery. These programs are embodied in Sections 1308 and 1309 of TEA–21. Section 1308 calls for the integration of the Major Investment Study, which had been a separate requirement for major metropolitan projects, with the National Environmental Policy Act (NEPA) process. Section 1309 of TEA–21 calls for the establishment of a coordinated review process for the Department of Transportation to work with other federal agencies to ensure that transportation projects are advanced according to cooperatively determined time-frames. This is accomplished by using concurrent rather than sequential reviews, and allows states to include state-specific environmental reviews in the coordinated process.

Last year, I conducted two hearings as Chairman of the Subcommittee on Transportation and Infrastructure on streamlining and project delivery. During those hearings I stressed how important it is that the planning and environmental streamlining provisions of TEA–21 be implemented in a way that will streamline and expedite, not complicate, the process of delivering transportation projects. A year after these hearings and nearly two years after the passage of TEA–21, the Department of Transportation finally published its proposed planning and NEPA regulations on May 25, 2000. Frankly, I am very disappointed with how long it took to propose these rules, and I believe many of my colleagues feel the same way. More importantly, there is a lot of disappointment with the proposed rules in general.

I strongly believe these proposed regulations are inconsistent with TEA–21 and Congressional intent and do little, if anything, to streamline and expedite the ability of states to commence transportation projects. The proposed rules create new mandates and requirements, add new decision-makers to the process, and provide endless fodder for all kinds of lawsuits, especially with regard to environmental justice.

In Ohio, the process of highway construction has been dubbed: ''So you Want a Highway? Here's the Eight Year Hitch.'' My hope has been that in the future we could say ''So you Want a Highway? Here's the Five Year Hitch.'' I don't see that happening with the proposal we have before us. For that reason, I am very pleased Senator SMITH has introduced this legislation today.

Mr. CRAIG (for himself, Mr. CONRAD, Mr. BAUCUS, Mr. BINGAMAN, Mr. BREAUX, Mr. BURNS, Mr. CRAPO, Mr. DASCHLE, Mr. ENZI, Mr. GORTON, Mr. GRAMM, Mr. GRAMS, Mr. GREGG, Mr. HARKIN, Mrs. HUTCHISON, Mr. JEFFORDS, Mr. JOHNSON, Mr. KENNEDY, Mr. KERREY, Mr. LEAHY, Mr. LUGAR, Ms. MIKULSKI, Mrs. MURRAY, Mr. REED, Mr. SARBANES, Mr. SMITH of New Hampshire, Mr. THOMAS, and Mr. WELLSTONE):

S. 3175. A bill to amend the Consolidated Farm and Rural Development Act to authorize the National Rural Development Partnership, and for other purposes; to the Committee on Agriculture, Nutrition, and Forestry.

NATIONAL RURAL DEVELOPMENT PARTNERSHIP ACT OF 2000

Mr. CRAIG. Mr. President, I rise today with Senator CONRAD to introduce the ''National Rural Development Partnership Act of 2000''—a bill to codify the National Rural Development Partnership (NRDP or the Partnership) and provide a funding source for the program. I am pleased that Senators BAUCUS, BINGAMAN, BREAUX, BURNS, CRAPO, DASCHLE, ENZI, GORTON, GRAMM, GRAMS, GREGG, HARKIN, HUTCHISON, JEFFORDS, JOHNSON, KENNEDY, KERREY, LEAHY, LUGAR, MIKULSKI, MURRAY, REED, SARBANES, BOB SMITH, THOMAS, and WELLSTONE are joining us as original cosponsors.

The Partnership was established under the Bush Administration in 1990, by Executive Order 12720. Although the Partnership has existed for ten years, it has never been formally authorized by Congress. The current basis for the existence of the Partnership is found in the Consolidated Farm and Rural Development Act of 1972 and the Rural Development Policy Act of 1980. In addition, the Conference Committee Report on the 1996 federal Farm Bill created specific responsibilities and expectations for the Partnership and state rural development councils (SRDCs).

The Partnership is a nonpartisan interagency working group whose mission is to ''contribute to the vitality of the Nation by strengthening the ability of all rural Americans to participate in determining their futures.'' The NRDP and SRDCs do something no other entities do: facilitate collaboration among federal agencies and between federal agencies and state, local, and tribal governments and the private and non-profit sectors to increase coordination of programs and services to rural areas. When successful, these efforts result in more efficient use of limited rural development resources and actually add value to the efforts and dollars of others.

On March 8, 2000, the Subcommittee on Forestry, Conservation, and Rural Revitalization, which I chair, held an oversight hearing on the operation and accomplishments of the NRDP and SRDCs. The Subcommittee heard from a number of witnesses, including officials of the US Departments of Agriculture, Transportation and Health & Human Services, state agencies, and private sector representatives. The hearing established the need for some legislative foundation and consistent funding. The legislation we are introducing accomplishes this.

This legislation formally recognizes the existence and operations of the Partnership, the National Rural Development Council (NRDC), and SRDCs. In addition, the legislation gives specific responsibilities to each component of the Partnership and authorizes it to receive Congressional appropriations.

Specifically, the bill formally establishes the NRDP and indicates it is composed of the NRDC and SRDCs. NRDP is established for empowering and building the capacity of rural communities, encouraging participation in flexible and innovative methods of addressing the challenges of rural areas, and encouraging all those involved in the Partnership to be fully engaged and to share equally in decision making.

This legislation also identifies the role of the federal government in the Partnership as being that of partner, coach, and facilitator. Federal agencies are called upon to designate senior-level officials to participate in the NRDC and to encourage field staff to participate in SRDCs. Federal agencies are also authorized to enter into cooperative agreements with, and to provide grants and other assistance to, state rural development councils, regardless of the form of legal organization of a state rural development council.

The composition of the NRDC is specified as being one representative from each federal agency with rural responsibilities, and governmental and nongovernmental for-profit and non-profit organizations that elect to participate in the NRDC. The legislation outlines the duties of the Council as being to provide support to SRDCs; facilitate coordination among federal agencies and between the federal, state, local and tribal governments and private organizations; enhance the effectiveness, responsiveness, and delivery of federal government programs; gather and provide to federal agencies information about the impact of government programs on rural areas; review and comment on policies, regulations, and proposed legislation; provide technical assistance to SRDCs; and develop strategies for eliminating administrative and regulatory impediments. Federal agencies do have the ability to opt out of participation in the Council, but only if they can show how they can more effectively serve rural areas without participating in the Partnership and Council.

This legislation provides that states may participate in the Partnership by entering into a memorandum of understanding with USDA to establish an SRDC. SRDCs are required to operate in a nonpartisan and nondiscriminatory manner and to reflect the diversity of the states within which they are organized. The duties of the SRDCs are to facilitate collaboration among government agencies at all levels and the private and non-profit sectors; to enhance the effectiveness, responsiveness, and delivery of federal and state government programs; to gather information about rural areas in its state and share it with the NRDC and other entities; to monitor and report on policies and programs that address, or fail to address, the needs of rural areas; to facilitate the formulation of needs assessments for rural areas and participate in the development of the criteria for the distribution of federal funds to rural areas; to provide comments to the NRDC and others on policies, regulations, and proposed legislation; assist the NRDC in developing strategies for reducing or eliminating impediments; to hire an executive director and support staff; and to fundraise.

As I have stated before, this legislation authorizes the Partnership to receive appropriations as well as authorizing and encouraging federal agencies to make grants and provide other forms of assistance to the Partnership and authorizing the Partnership to accept private contributions. The SRDCs are required to provide at least a 25 percent match for funds it receives as a result of its cooperative agreement with the federal government.

As you know, too many parts of rural America have not shared in the boom that has brought great prosperity to urban America. We need to do more to ensure that rural citizens will have opportunities similar to those enjoyed by urban areas. To do so, we do not necessarily need new government programs. Instead, we must do a better job of coordinating the many programs available for USDA and other federal agencies that can benefit rural communities. With the passage of this legislation, the NRDP and SRDCs will be better situated to provide that much needed coordination.

Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 3175

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''National Rural Development Partnership Act of 2000''.

SEC. 2. FINDINGS.

Congress finds that—

(1) rural development has been given high priority throughout most of this century as a means of achieving a sound balance between rural and urban areas in the United States, a balance that Congress considers essential to the peace, prosperity, and welfare of all citizens of the United States;

(2)(A) during the last half century, Congress has enacted many laws and established many programs to provide resources to rural communities;

(B) in addition, numerous efforts have been made to coordinate Federal rural development programs; and

(C) during the last decade, the National Rural Development Partnership and its principal components, the National Rural Development Council and State rural development councils, have successfully provided opportunities for collaboration and coordination among Federal agencies and between Federal agencies and States, nonprofit organizations, the private sector, tribal governments, and other entities committed to rural advancement;

(3) Congress enacted the Rural Development Act of 1972 (86 Stat. 657) and the Rural Development Policy Act of 1980 (94 Stat. 1171) as a manifestation of this commitment to rural development;

(4) section 2(b)(3) of the Rural Development Policy Act of 1972 (7 U.S.C. 2204b(b)(3)) directs the Secretary of Agriculture to develop a process through which multi-state, State, substate, and local rural development needs, goals objectives, plans and recommendations can be received and assessed on a continuing basis;

(5) the National Rural Development Partnership and State Rural Development Councils were established as vehicles to help coordinate development of rural programs in 1990;

(6) in 1991, the Secretary began to execute those statutory responsibilities, in part through the innovative mechanism of national, State, and local rural development partnerships administered by the Under Secretary of Agriculture for Small Community and Rural Development;

(7) that mechanism, now known as the ''National Rural Development Partnership'', has been recognized as a model of new governance and as an example of the effectiveness of collaboration between the Federal, State, local, tribal, private, and nonprofit sectors in addressing the needs of the rural communities of the United States;

(8) partnerships by agencies and entities in the Partnership would extend scarce but valuable funding through collaboration and cooperation; and

(9) the continued success and efficacy of the Partnership could be enhanced through specific Congressional authorization removing any statutory barriers that could detract from the benefits potentially achieved through the Partnership's unique structure.

SEC. 3. NATIONAL RURAL DEVELOPMENT PARTNERSHIP.

The Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) is amended by adding at the end the following:

''SEC. 381P. NATIONAL RURAL DEVELOPMENT PARTNERSHIP.

''(a) DEFINITIONS.—In this section:

''(1) AGENCY WITH RURAL RESPONSIBILITIES.—The term 'agency with rural responsibilities' means any executive agency (as defined in section 105 of title 5, United States Code) that—

''(A) implements Federal law targeted at rural areas, including—

''(i) the Act of April 24, 1950 (commonly known as the Granger-Thye Act) (64 Stat. 82, chapter 9);

''(ii) the Intergovernmental Cooperation Act of 1968 (82 Stat. 1098);

''(iii) section 41742 of title 49, United States Code;

''(iv) the Rural Development Act of 1972 (86 Stat. 657);

''(v) the Rural Development Policy Act of 1980 (94 Stat. 1171);

''(vi) the Rural Electrification Act of 1936 (2 U.S.C. 901 et seq.);

''(vii) amendments made to section 334 of the Public Health Service Act (42 U.S.C. 254g) by the Rural Health Clinics Act of 1983 (97 Stat. 1345); and

''(viii) the Rural Housing Amendments of 1983 (97 Stat. 1240) and the amendments made by the Rural Housing Amendments of 1983 to title V of the Housing Act of 1949 (42 U.S.C. 1471 et seq.); or

''(B) administers programs that have a significant impact on rural areas, including—

''(i) the Appalachian Regional Commission;

''(ii) the Department of Agriculture;

''(iii) the Department of Commerce;

''(iv) the Department of Defense;

''(v) the Department of Education;

''(vi) the Department of Energy;

''(vii) the Department of Health and Human Services;

''(viii) the Department of Housing and Urban Development;

''(ix) the Department of the Interior;

''(x) the Department of Justice;

''(xi) the Department of Labor;

''(xii) the Department of Transportation;

''(xiii) the Department of the Treasury.

''(xiv) the Department of Veterans Affairs;
''(xv) the Environmental Protection Agency;
''(xvi) the Federal Emergency Management Administration;
''(xvii) the Small Business Administration;
''(xviii) the Social Security Administration;
''(xix) the Federal Reserve System;
''(xx) the United States Postal Service;
''(xxi) the Corporation for National Service;
''(xxii) the National Endowment for the Arts and the National Endowment for the Humanities; and
''(xxiii) other agencies, commissions, and corporations.
''(2) COUNCIL.—The term ''Council'' means the National Rural Development Council established by subsection (c).
''(3) PARTNERSHIP.—The term ''Partnership'' means the National Rural Development Partnership established by subsection (b).
''(4) RURAL AREA.—The term ''rural area'' means—
''(A) all the territory of a State that is not within the boundary of any standard metropolitan statistical area, as designated by the Director of the Office of Management and Budget;
''(B) all territory within any standard metropolitan statistical area described in subparagraph (A) within a census tract having a population density of less than 20 persons per square mile, as determined by the Secretary according to the most recent census of the United States as of any date; and
''(C) such areas as a State Rural Development Council may identify as rural.
''(5) STATE RURAL DEVELOPMENT COUNCIL.—The term ''State rural development council'' means a State rural development council that meets the requirements of subsection (d).
''(b) ESTABLISHMENT.—
''(1) IN GENERAL.—There is established a National Rural Development Partnership composed of—
''(A) the National Rural Development Council established under subsection (a); and
''(B) State rural development councils established under subsection (d).
''(2) PURPOSES.—The purposes of the Partnership are—
''(A) to empower and build the capacity of States and rural communities within States to design unique responses to their own special rural development needs, with local determinations of progress and selection of projects and activities;
''(B) to encourage participants to be flexible and innovative in establishing new partnerships and trying fresh, new approaches to rural development issues, with responses to rural development that use different approaches to fit different situations; and
''(C) to encourage all 5 partners of the Partnership (Federal, State, local, and tribal governments, the private sector, and nonprofit organizations) to be fully engaged and share equally in decisions.
''(3) ROLE OF FEDERAL GOVERNMENT.—The role of the Federal Government in the Partnership should be that of a partner, coach, and facilitator, with Federal agencies authorized—
''(A) to cooperate closely with States to implement the Partnership;
''(B) to provide States with the technical and administrative support necessary to plan and implement tailored rural development strategies to meet local needs;
''(C) to delegate decisionmaking to other levels;
''(D) to ensure that the head of each department and agency specified in subsection (a)(1)(B) designates a senior-level agency official to represent the department or agency, respectively, on the Council and directs appropriate field staff to participate fully with the State rural development council within their jurisdiction; and
''(E) to enter into cooperative agreements with, and to provide grants and other assistance to, State rural development councils, regardless of the form of legal organization of a State rural development council and notwithstanding any other provision of law.
''(4) ROLE OF PRIVATE AND NONPROFIT SECTOR ORGANIZATIONS.—Private and nonprofit sector organizations are encouraged—
''(A) to act as full partners in the Partnership and State rural development councils; and
''(B) to cooperate with participating government organizations in developing innovative problem approaches to rural development.
''(c) NATIONAL RURAL DEVELOPMENT COUNCIL.—
''(1) ESTABLISHMENT.—There is established a National Rural Development Council.
''(2) COMPOSITION.—The Council shall be composed of—
''(A) 1 representative of each agency with rural responsibilities that elects to participate in the Council; and
''(B) representatives of local, regional, State, tribal, and nongovernmental profit and nonprofit organizations that elect to participate in the activities of the Council.
''(3) DUTIES.—The Council shall—
''(A) provide support for the work of the State rural development councils;
''(B) facilitate coordination among Federal programs and activities, and with State, local, tribal, and private programs and activities, affecting rural development;
''(C) enhance the effectiveness, responsiveness, and delivery of Federal programs in rural areas;
''(D) gather and provide to Federal authorities information and input for the development and implementation of Federal programs impacting rural economic and community development;
''(E) review and comment on policies, regulations, and proposed legislation that affect or would affect rural areas;
''(F) provide technical assistance to State rural development councils for the implementation of Federal programs; and
''(G) develop and facilitate strategies to reduce or eliminate administrative and regulatory impediments.
''(4) ELECTION NOT TO PARTICIPATE.—An agency with rural responsibilities that elects not to participate in the Partnership shall submit to Congress a report that describes—
''(A) how the programmatic responsibilities of the Federal agency that target or have an impact on rural areas are better achieved without participation by the agency in the Partnership; and
''(B) a more effective means of partnership-building and collaboration to achieve the programmatic responsibilities of the agency.
''(5) PERFORMANCE EVALUATIONS.—In conducting a performance evaluation of an employee of an agency with rural responsibilities, the agency shall consider any comments submitted by a State rural development council.
''(d) STATE RURAL DEVELOPMENT COUNCILS.—
''(1) ESTABLISHMENT.—Each State may elect to participate in the Partnership by entering into a memorandum of agreement with the Secretary to establish a State rural development council.
''(2) STATE DIVERSITY.—Each State rural development council shall—
''(A) have a nonpartisan and nondiscriminatory membership that is broad and representative of the economic, social, and political diversity of the State; and
''(B) carry out programs and activities in a manner that reflects the diversity of the State.
''(3) DUTIES.—Each State rural development council shall—
''(A) facilitate collaboration among Federal, State, local, and tribal governments and the private and nonprofit sectors in the planning and implementation of programs and policies that target or have an impact on rural areas of the State;
''(B) enhance the effectiveness, responsiveness, and delivery of Federal and State programs in rural areas of the State;
''(C) gather and provide to the Council and other appropriate organizations information on the condition of rural areas in the State;
''(D) monitor and report on policies and programs that address, or fail to address, the needs of the rural areas of the State;
''(E) facilitate the formulation of local needs assessments for the rural areas of the State and participate in the development of criteria for the distribution of Federal funds to the rural areas of the State;
''(F) provide comments to the Council and other appropriate organizations on policies, regulations, and proposed legislation that affect or would affect the rural areas of the State;
''(G) in conjunction with the Council, facilitate the development of strategies to reduce or eliminate conflicting or duplicative administrative or regulatory requirements of Federal, State, local, and tribal governments;
''(H) use grant or cooperative agreement funds available to the Partnership to—
''(i) retain an Executive Director and such support staff as are necessary to facilitate and implement the directives of the State rural development council; and
''(ii) defray expenses associated with carrying out subparagraphs (A) through (G) and subparagraph (J);
''(I) be authorized to solicit funds to supplement and match funds granted under subparagraph (H); and
''(J) be authorized to engage in all other appropriate activities.
''(4) COMMENTS OR RECOMMENDATIONS.—
''(A) IN GENERAL.—A State rural development council may provide comments and recommendations to an agency with rural responsibilities related to the activities of the State rural development council within the State.
''(B) AGENCY.—The agency with rural responsibilities shall provide to the State rural development council a written response to the comments or recommendations.
''(5) ACTIONS OF STATE RURAL DEVELOPMENT COUNCIL MEMBERS.—When carrying out a program or activity authorized by a State rural development council, a member of the Council shall be regarded as an employee of the Federal Government for purposes of chapter 171 of title 28, United States Code.
''(6) FEDERAL PARTICIPATION IN STATE RURAL DEVELOPMENT COUNCILS.—
''(A) IN GENERAL.—Subject to subparagraph (B), Federal employees may participate in a State rural development council.
''(B) CONFLICTS.—A Federal employee who participates in a State rural development council shall not participate in the making

of any council decision if the agency represented by the Federal employee has any financial or other interest in the outcome of the decision.

''(C) FEDERAL GUIDANCE.—The Attorney General shall issue guidance to all Federal employees that participate in State rural development councils that describes specific decisions that—

''(i) would constitute a conflict of interest for the Federal employee; and

''(ii) from which the Federal employee must recuse himself or herself.

''(e) ADMINISTRATION OF THE PARTNERSHIP.—

''(1) DETAIL OF EMPLOYEES.—In order to provide experience in intergovernmental collaboration, with the approval of the head of an agency with rural responsibilities that elects to participate in the Partnership, an employee of the agency with rural responsibilities is encouraged to be detailed to the Partnership without reimbursement, and such detail shall be without interruption or loss of civil service status or privilege.

''(2) ADDITIONAL SUPPORT.—The Secretary shall provide for any additional support staff to the Partnership as the Secretary determines to be necessary to carry out the duties of the Partnership.

''(3) PANEL.—

''(A) IN GENERAL.—A panel consisting of representatives of the Council and State rural development councils shall be established to lead and coordinate the strategic operation, policies, and practices of the Partnership.

''(B) ANNUAL REPORTS.—In conjunction with the Council and State rural development councils, the panel shall prepare and submit to Congress an annual report on the activities of the Partnership.

''(f) FUNDING.—

''(1) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

''(2) FEDERAL AGENCIES.—

''(A) IN GENERAL.—Notwithstanding any other provision of law, in order to carry out the purposes described in subsection (b)(2), the Partnership shall be eligible to receive grants, gifts, contributions, or technical assistance from, or enter into contracts with, any Federal department or agency, to the extent otherwise permitted by law.

''(B) ASSISTANCE.—Federal departments and agencies are encouraged to use funds made available for programs that target or impact rural areas to provide assistance to, and enter into contracts with, the Partnership, as described in subparagraph (A).

''(3) CONTRIBUTIONS.—The Partnership may accept private contributions.

''(g) MATCHING REQUIREMENTS FOR STATE RURAL DEVELOPMENT COUNCILS.—A State rural development council shall provide matching funds, or in-kind goods or services, to support the activities of the State rural development council in an amount that is not less than 25 percent of the amount of Federal funds received under the agreement described in subsection (d)(1).

''(h) TERMINATION.—The authority provided under this section shall terminate 5 years after the date of enactment of this section.''.

ADDITIONAL COSPONSORS

S. 61

At the request of Mr. DEWINE, the names of the Senator from Idaho (Mr. CRAIG) and the Senator from South Carolina (Mr. THURMOND) were added as cosponsors of S. 61, a bill to amend the Tariff Act of 1930 to eliminate disincentives to fair trade conditions.

S. 922

At the request of Mr. ABRAHAM, the names of the Senator from Connecticut (Mr. DODD), the Senator from Nevada (Mr. REID), the Senator from Nevada (Mr. BRYAN), the Senator from Georgia (Mr. MILLER), and the Senator from New Jersey (Mr. LAUTENBERG) were added as cosponsors of S. 922, a bill to prohibit the use of the ''Made in the USA'' label on products of the Commonwealth of the Northern Mariana Islands and to deny such products duty-free and quota-free treatment.

S. 1510

At the request of Mr. MCCAIN, the name of the Senator from Hawaii (Mr. INOUYE) was added as a cosponsor of S. 1510, a bill to revise the laws of the United States appertaining to United States cruise vessels, and for other purposes.

S. 1536

At the request of Mr. DEWINE, the names of the Senator from North Carolina (Mr. HELMS), the Senator from Louisiana (Ms. LANDRIEU), the Senator from Maine (Ms. SNOWE), the Senator from South Dakota (Mr. DASCHLE), and the Senator from Virginia (Mr. WARNER) were added as cosponsors of S. 1536, a bill to amend the Older Americans Act of 1965 to extend authorizations of appropriations for programs under the Act, to modernize programs and services for older individuals, and for other purposes.

S. 1563

At the request of Mr. ABRAHAM, the name of the Senator from Maine (Ms. SNOWE) was added as a cosponsor of S. 1563, a bill to establish the Immigration Affairs Agency within the Department of Justice, and for other purposes.

S. 1900

At the request of Mr. LAUTENBERG, the name of the Senator from Montana (Mr. BURNS) was added as a cosponsor of S. 1900, a bill to amend the Internal Revenue Code of 1986 to allow a credit to holders of qualified bonds issued by Amtrak, and for other purposes.

S. 2274

At the request of Mr. GRASSLEY, the name of the Senator from Wyoming (Mr. THOMAS) was added as a cosponsor of S. 2274, a bill to amend title XIX of the Social Security Act to provide families and disabled children with the opportunity to purchase coverage under the medicaid program for such children.

S. 2448

At the request of Mr. HATCH, the name of the Senator from Arizona (Mr. KYL) was added as a cosponsor of S. 2448, a bill to enhance the protections of the Internet and the critical infrastructure of the United States, and for other purposes.

S. 2698

At the request of Mr. GORTON, his name was added as a cosponsor of S. 2698, a bill to amend the Internal Revenue Code of 1986 to provide an incentive to ensure that all Americans gain timely and equitable access to the Internet over current and future generations of broadband capability.

S. 2703

At the request of Mr. AKAKA, the name of the Senator from Virginia (Mr. ROBB) was added as a cosponsor of S. 2703, a bill to amend the provisions of title 39, United States Code, relating to the manner in which pay policies and schedules and fringe benefit programs for postmasters are established.

S. 2718

At the request of Mr. SMITH of New Hampshire, the names of the Senator from Maine (Ms. SNOWE) and the Senator from New York (Mr. SCHUMER) were added as cosponsors of S. 2718, a bill to amend the Internal Revenue Code of 1986 to provide incentives to introduce new technologies to reduce energy consumption in buildings.

S. 2725

At the request of Mr. SMITH of New Hampshire, the names of the Senator from New York (Mr. SCHUMER) and the Senator from Pennsylvania (Mr. SANTORUM) were added as cosponsors of S. 2725, a bill to provide for a system of sanctuaries for chimpanzees that have been designated as being no longer needed in research conducted or supported by the Public Health Service, and for other purposes.

S. 2787

At the request of Mr. HATCH, the name of the Senator from Virginia (Mr. WARNER) was added as a cosponsor of S. 2787, a bill to reauthorize the Federal programs to prevent violence against women, and for other purposes.

S. 2939

At the request of Mr. GRASSLEY, the names of the Senator from New Mexico (Mr. BINGAMAN) and the Senator from New York (Mr. SCHUMER) were added as cosponsors of S. 2939, a bill to amend the Internal Revenue Code of 1986 to provide a credit against tax for energy efficient appliances.

S. 2986

At the request of Mr. HUTCHINSON, the names of the Senator from South Carolina (Mr. THURMOND), the Senator from Wyoming (Mr. THOMAS), the Senator from Texas (Mr. GRAMM), the Senator from Minnesota (Mr. GRAMS), and the Senator from Kentucky (Mr. BUNNING) were added as cosponsors of S. 2986, a bill to limit the issuance of regulations relating to Federal contractor responsibility, to require the Comptroller General to conduct a review of Federal contractor compliance with applicable laws, and for other purposes.

S. 3020

At the request of Mr. GRAMS, the name of the Senator from Maine (Ms.

COLLINS) was added as a cosponsor of S. 3020, a bill to require the Federal Communications Commission to revise its regulations authorizing the operation of new, low-power FM radio stations.

S. 3060

At the request of Mr. WELLSTONE, the names of the Senator from Nebraska (Mr. HAGEL) and the Senator from Nebraska (Mr. KERREY) were added as cosponsors of S. 3060, a bill to amend the Hmong Veterans' Naturalization Act of 2000 to extend the applicability of that Act to certain former spouses of deceased Hmong veterans.

S. 3067

At the request of Mr. JEFFORDS, the names of the Senator from Vermont (Mr. LEAHY) and the Senator from Texas (Mrs. HUTCHISON) were added as cosponsors of S. 3067, a bill to require changes in the bloodborne pathogens standard in effect under the Occupational Safety and Health Act of 1970.

S. 3101

At the request of Mr. ASHCROFT, the names of the Senator from South Carolina (Mr. THURMOND) and the Senator from Missouri (Mr. BOND) were added as cosponsors of S. 3101, a bill to amend the Internal Revenue Code of 1986 to allow as a deduction in determining adjusted gross income the deduction for expenses in connection with services as a member of a reserve component of the Armed Forces of the United States.

S. 3112

At the request of Mr. ABRAHAM, the names of the Senator from Mississippi (Mr. COCHRAN) and the Senator from Vermont (Mr. JEFFORDS) were added as cosponsors of S. 3112, a bill to amend title XVIII of the Social Security Act to ensure access to digital mammography through adequate payment under the medicare system.

S. 3147

At the request of Mr. ROBB, the names of the Senator from Nebraska (Mr. KERREY), the Senator from Georgia (Mr. MILLER), and the Senator from South Dakota (Mr. DASCHLE) were added as cosponsors of S. 3147, a bill to authorize the establishment, on land of the Department of the Interior in the District of Columbia or its environs, of a memorial and gardens in honor and commemoration of Frederick Douglass.

S. 3152

At the request of Mr. ROTH, the names of the Senator from Arkansas (Mrs. LINCOLN) and the Senator from Rhode Island (Mr. L. CHAFEE) were added as cosponsors of S. 3152, a bill to amend the Internal Revenue Code of 1986 to provide tax incentives for distressed areas, and for other purposes.

S. 3156

At the request of Mr. LAUTENBERG, the name of the Senator from Nevada (Mr. REID) was withdrawn as a cosponsor of S. 3156, a bill to amend the Endangered Species Act of 1973 to ensure the recovery of the declining biological diversity of the United States, to reaffirm and strengthen the commitment of the United States to protect wildlife, to safeguard the economic and ecological future of children of the United States, and to provide certainty to local governments, communities, and individuals in their planning and economic development efforts.

S. 3157

At the request of Mr. DEWINE, his name was added as a cosponsor of S. 3157, a bill to require the Food and Drug Administration to establish restrictions regarding the qualifications of physicians to prescribe the abortion drug commonly known as RU–486.

S. RES. 292

At the request of Mr. CLELAND, the name of the Senator from Wisconsin (Mr. FEINGOLD) was added as a cosponsor of S. Res. 292, a resolution recognizing the 20th century as the ''Century of Women in the United States.''

S. RES. 365

At the request of Mr. VOINOVICH, the name of the Senator from Connecticut (Mr. DODD) was added as a cosponsor of S. Res. 365, a resolution expressing the sense of the Senate regarding recent elections in the Federal Republic of Yugoslavia, and for other purposes.

At the request of Mr. L. CHAFEE, his name and the names of the Senator from New York (Mr. MOYNIHAN), the Senator from Alaska (Mr. MURKOWSKI), the Senator from California (Mrs. FEINSTEIN), and the Senator from Illinois (Mr. DURBIN) were added as cosponsors of S. Res. 365, supra.

SENATE CONCURRENT RESOLUTION 142—RELATING TO THE REESTABLISHMENT OF REPRESENTATIVE GOVERNMENT IN AFGHANISTAN

Mr. BROWNBACK (for himself and Mr. TORRICELLI) submitted the following concurrent resolution; which was referred to the Committee on Foreign Relations:

S. CON. RES. 142

Whereas Afghanistan has existed as a sovereign nation since 1747, maintaining its independence, neutrality, and dignity;

Whereas Afghanistan had maintained its own decisionmaking through a traditional process called a ''Loya Jirgah'', or Grand Assembly, by selecting, respecting, and following the decisions of their leaders;

Whereas recently warlords, factional leaders, and foreign regimes have laid siege to Afghanistan, leaving the landscape littered with landmines, making the most fundamental activities dangerous;

Whereas in recent years, and especially since the Taliban came to power in 1996, Afghanistan has become a haven for terrorist activity, has produced most of the world's opium supply, and has become infamous for its human rights abuses, particularly abuses against women and children;

Whereas the former King of Afghanistan, Mohammed Zahir Shah, ruled the country peacefully for 40 years, and after years in exile retains his popularity and support; and

Whereas former King Mohammed Zahir Shah plans to convene an emergency ''Loya Jirgah'' to reestablish a stable government, with no desire to regain power or reestablish a monarchy, and the Department of State supports such ongoing efforts: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That the United States—

(1) supports democratic efforts undertaken in Afghanistan that respect the human and political rights of the people of all ethnic and religious groups in that country, including the efforts to reestablish a ''Loya Jirgah'' process that would lead to the people of Afghanistan determining their own destiny through a democratic process involving free and fair elections; and

(2) supports the continuing efforts of former King Mohammed Zahir Shah and other responsible parties searching for peace to convene an emergency ''Loya Jirgah''—

(A) to reestablish a representative government in Afghanistan that respects the rights of the people of all ethnic and religious groups, including the right of the people to govern their own affairs through inclusive institution building and a democratic process;

(B) to bring freedom, peace, and stability to Afghanistan; and

(C) to end terrorist activities, drug production, and human rights abuses in Afghanistan.

SENATE CONCURRENT RESOLUTION 143—TO MAKE TECHNICAL CORRECTIONS IN THE ENROLLMENT OF THE BILL H.R. 3676

Mr. MURKOWSKI (for himself and Mr. BINGAMAN) submitted the following concurrent resolution; which was considered and agreed to:

S. CON. RES. 143

Resolved by the Senate (the House of Representatives concurring), That in the enrollment of the bill (H.R. 3676 to establish the Santa Rosa and San Jacinto Mountains National Monument in the State of California, the Clerk of the House of Representatives shall make the following corrections:

(1) In the second sentence of section 2(d)(1), strike ''and the Committee on Agriculture, Nutrition, and Forestry''.

(2) In the second sentence of section 4(a)(3), strike ''Nothing in this section'' and insert ''Nothing in this Act''.

(3) In section 4(c)(1), strike ''any person, including''.

(4) In section 5, add at the end the following:

''(j) WILDERNESS PROTECTION.—Nothing in this Act alters the management of any areas designated as Wilderness which are within the boundaries of the National Monument. All such areas shall remain subject to the Wilderness Act (16 U.S.C. 1131 et seq.), the laws designating such areas as Wilderness, and other applicable laws. If any part of this Act conflicts with any provision of those laws with respect to the management of the Wilderness areas, such provisions shall control.''.

SENATE CONCURRENT RESOLUTION 144—COMMEMORATING THE 200TH ANNIVERSARY OF THE FIRST MEETING OF CONGRESS IN WASHINGTON, DC

Mr. LOTT (for himself and Mr. DASCHLE) submitted the following concurrent resolution; which was considered and agreed to:

S. CON. RES. 144

Whereas November 17, 2000, is the 200th anniversary of the first meeting of Congress in Washington, DC;

Whereas Congress, having previously convened at the Federal Hall in New York City and at the Congress Hall in Philadelphia, has met in the United States Capitol Building since November 17, 1800;

Whereas President John Adams, on November 22, 1800, addressed a joint session of Congress in Washington, DC, for the first time, stating, ''I congratulate the people of the United States on the assembling of Congress at the permanent seat of their Government; and I congratulate you, gentlemen, on the prospect of a residence not to be changed.'';

Whereas, on December 12, 1900, Congress convened a joint meeting to observe the centennial of its residence in Washington, DC;

Whereas since its first meeting in Washington, DC, on November 17, 1800, Congress has continued to cultivate and build upon a heritage of respect for individual liberty, representative government, and the attainment of equal and inalienable rights, all of which are symbolized in the physical structure of the United States Capitol Building; and

Whereas it is appropriate for Congress, as the first branch of the government under the Constitution, to commemorate the 200th anniversary of the first meeting of Congress in Washington, DC, in order to focus public attention on its present duties and responsibilities: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That it is the sense of Congress that—

(1) November 17, 2000, be designated as a day of national observance for the 200th anniversary of the first meeting of Congress in Washington, DC; and

(2) the people of the United States be urged and invited to observe such date by celebrating and examining the legislative process by which members of Congress convene and air differences, learn from one another, subordinate parochial interests, compromise, and work towards achieving a constructive consensus for the good of the people of the United States.

SENATE RESOLUTION 367—URGING THE GOVERNMENT OF EGYPT TO PROVIDE A TIMELY AND OPEN APPEAL FOR SHAIBOUB WILLIAM ARSEL AND TO COMPLETE AN INDEPENDENT INVESTIGATION OF POLICE BRUTALITY IN AL-KOSHEH

Mr. MACK submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 367

Whereas on Friday August 14, 1998, two Coptic Christians, Samir Oweida Hakim and Karam Tamer Arsal, were murdered in Al-Kosheh, Egypt;

Whereas, according to a report from the Egyptian Organization for Human Rights that was translated by the United States Embassy in Cairo, up to 1,200 Coptic Christians, including women and children, were subsequently detained and interrogated without sufficient evidence;

Whereas it is reported that the police tortured the detained Coptic Christians over a period of days and even weeks and that the detainees suffered abuses that included beatings, administration of electric shock to all parts of the body, including sensitive areas, and being bound in painful positions for hours at a time;

Whereas Egypt is a party to the Convention against Torture and Other Cruel, Inhumane or Degrading Treatment or Punishment;

Whereas the Convention against Torture and Other Cruel, Inhumane or Degrading Treatment or Punishment prohibits torture to obtain information and confessions such as the torture that reportedly took place in Al-Kosheh;

Whereas Egypt is party to the International Covenant on Civil and Political Rights;

Whereas Article 18 of the International Covenant on Civil and Political Rights states that ''(1) Everyone shall have the right to freedom of thought, conscience, and religion. This right shall include freedom to have or to adopt a religion or belief of his choice, and freedom, either individually or in community with others and in public or in private, to manifest his religion or belief in worship, observance, practice and teaching. (2) No one shall be subject to coercion which would impair his freedom to have or adopt a religion or belief of his choice.'';

Whereas some of the 1,200 detained Coptic Christians reported that the police chief made derogatory remarks about their religion and stated that the detainees were being targeted because of their religious beliefs;

Whereas the summary report of the Egyptian Organization for Human Rights states that, as a result of the massive roundup and torture of the Coptic Christian community, a prosecution proceeded using confessions obtained under duress;

Whereas, according to the report, as translated by the United States Embassy in Cairo, one of the confessors ''was detained for 18 days, beaten constantly, was not allowed food or water, and prevented from relieving himself'' and ''confessed only when they threatened to rape his two sisters'' who ''were brought to the police station, tortured and threatened with rape in front of him'', and the detainee identified Shaiboub William Arsel as the murderer;

Whereas Shaiboub William Arsel, a Coptic Christian, was charged with the murders of Samir Oweida Hakim and Karam Tamer Arsal, was found guilty, and was sentenced on June 5, 2000, to 15 years of hard labor;

Whereas, according to the Associated Press story describing Shaiboub William Arsel's trial, ''[t]he court based its guilty verdict on evidence and testimony provided by police, said the officials on condition of anonymity'' and ''gave no further details'';

Whereas no known international observers were present at Shaiboub William Arsel's trial;

Whereas, on January 2, 2000, a mob of nearly 3,000 Muslims killed 21 Christians and destroyed and looted dozens of Christian homes and businesses in the village of Al-Kosheh; and

Whereas local Egyptian security forces failed to stop the massacre of Coptic Christians, and according to Coptic leader Pope Shenouda III, ''responsibility falls first on security forces . . . the problem lies among the authorities in the area where the incident occurred'': Now, therefore, be it

Resolved,

SECTION 1. SENSE OF THE SENATE ON THE APPEAL OF SHAIBOUB WILLIAM ARSEL AND THE EGYPTIAN GOVERNMENT'S INVESTIGATION OF POLICE BRUTALITY IN AL-KOSHEH.

The Senate hereby urges the President and the Secretary of State to encourage officials of the Government of Egypt to—

(1) allow for a timely and open appeal for Shaiboub William Arsel that includes international observers; and

(2) complete an independent investigation of the police brutality in Al-Kosheh.

SEC. 2. TRANSMITTAL OF RESOLUTION.

The Secretary of the Senate shall transmit a copy of this resolution to the President and the Secretary of State, with the request that the President or the Secretary further transmit such copy to the Government of Egypt.

RESOLUTION ON SHAIBOUB WILLIAM ARSEL

Mr. MACK. Mr. President, I rise today to speak on behalf of Coptic Christians in Egypt who have been persecuted because of their religious beliefs. According to reports by both the Egyptian Organization for Human Rights and Freedom House in the United States, up to 1,200 Coptic Christians in Al-Kosheh, Egypt, were detained, interrogated, and subjected to police brutality in relation to the murders of two other Coptic Christians in 1998. After weeks of reported torture, these accounts suggest that confessions were obtained under duress that identified Shaiboub William Arsel as the murderer. Mr. Arsel was subsequently sentenced to 15 years of hard labor.

Over the last two years I have met with officials from the Egyptian government, including President Hosni Mubarak on several occasions in an attempt to address this issue quietly. Unfortunately, these discussions have failed to produce sufficient action on the part of the government of Egypt. As a result, I rise today to submit a resolution urging the President to encourage the Egyptian government to provide Shaiboub William Arsel with a timely and open appeal that would include international observers, and furthermore to complete an independent investigation of the police brutality in Al-Kosheh.

AMENDMENTS SUBMITTED

MIWALETA PARK EXPANSION ACT

MURKOWSKI AMENDMENT NO. 4290

Mr. MACK (for Mr. MURKOWSKI) proposed an amendment to the bill (H.R. 1725) to provide for the conveyance by the Bureau of Land Management to Douglas County, Oregon, of a county

park and certain adjacent land; as follows:

On page 3, beginning on line 6 strike Section 2(b)(1) and insert:

''(1) IN GENERAL.—After conveyance of land under subsection (a), the County shall manage the land for public park purposes consistent with the plan for expansion of the Miwaleta Park as approved in the Decision Record for Galesville Campground, EA #OR110–99–01, dated September 17, 1999.''.

Section 2(b)(2)(A) strike ''purposes—'' and insert: ''purposes as described in paragraph 2(b)(1)—''.

SAINT-GAUDENS HISTORIC SITE LEGISLATION

THOMAS AMENDMENT NO. 4291

Mr. MACK (for Mr. THOMAS) proposed an amendment to the bill (S. 1367) to amend the Act which established the Saint-Gaudens Historic Site, in the State of New Hampshire, by modifying the boundary and for other purposes; as follows:

On page 2, line 3, strike ''215'' and insert in lieu thereof ''279''.

SOUTHEASTERN ALASKA INTERTIE SYSTEM LEGISLATION

MURKOWSKI AMENDMENT NO. 4292

Mr. MACK (for Mr. MURKOWSKI) proposed an amendment to the bill (S. 2439) to authorize the appropriation of funds for the construction of the Southeastern Alaska Intertie system, and for other purposes; as follows:

Strike all after the enacting clause and insert the following:

''That upon the completion and submission to the United States Congress by the Forest Service of the ongoing High Voltage Direct Current viability analysis pursuant to USFS Collection Agreement #00CO–111005–105 or no later than February 1, 2001, there is hereby authorized to be appropriated to the Secretary of Energy such sums as may be necessary to assist in the construction of the Southeastern Alaska Intertie system as generally identified in Report #97–01 of the Southern Conference. Such sums shall equal 80 percent of the cost of the system and may not exceed $384 million. Nothing in this Act shall be construed to limit or waive any otherwise applicable State or Federal Law.

''SEC. 2. NAVAJO ELECTRIFICATION DEMONSTRATION PROGRAM.

''(a) ESTABLISHMENT.—The Secretary of Energy shall establish a five year program to assist the Navajo Nation to meet its electricity needs. The purpose of the program shall be to provide electric power to the estimated 18,000 occupied structures on the Navajo Nation that lack electric power. The goal of the program shall be to ensure that every household on the Navajo Nation that requests it has access to a reliable and affordable source of electricity by the year 2006.

''(b) SCOPE.—In order to meet the goal in subsection (a), the Secretary of Energy shall provide grants to the Navajo Nation to—

''(1) extend electric transmission and distribution lines to new or existing structures that are not served by electric power and do not have adequate electric power service;

''(2) purchase and install distributed power generating facilities, including small gas turbines, fuel cells, solar photovoltaic systems, solar thermal systems, geothermal systems, wind power systems, or biomass-fueled systems;

''(3) purchase and install other equipment associated with the generation, transmission, distribution, and storage of electric power; or

''(4) provide training in the installation operation, or maintenance of the lines, facilities, or equipment in paragraphs (1) through (3); or

''(5) support other activities that the Secretary of Energy determines are necessary to meet the goal of the program.

''(c) TECHNICAL SUPPORT.—At the request of the Navajo Nation, the Secretary of Energy may provide technical support through Department of Energy laboratories and facilities to the Navajo Nation to assist in achieving the goal of this program.

''(d) ANNUAL REPORTS.—Not later than February 1, 2002 and for each of the five succeeding years, the Secretary of Energy shall submit a report to Congress on the status of the programs and the progress towards meeting its goal under subsection (a).

''(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of Energy to carry out this section $15,000,000 for each of the fiscal years 2002 through 2006.''

SAND CREEK MASSACRE NATIONAL HISTORIC SITE ESTABLISHMENT ACT OF 2000

THOMAS AMENDMENT NO. 4293

Mr. MACK (for Mr. THOMAS) proposed an amendment to the bill (S. 2950) to authorize the Secretary of the Interior to establish the Sand Creek Massacre Historic Site in the State of Colorado; as follows:

On page 5, line 23, strike ''Boundary of the Sand Creek Massacre Site'' and insert in lieu thereof ''Sand Creek Massacre Historic Site''.

On page 5, line 25, strike ''SAND 80,009 IR'' and insert in lieu thereof ''SAND 80,013 IR''.

LITTLE SANDY RIVER WATERSHED LEGISLATION

MURKOWSKI AMENDMENT NO. 4294

Mr. MACK (for Mr. MURKOWSKI) proposed an amendment to the bill (S. 2691) to provide further protections for the watershed of the Little Sandy River as part of the Bull Run Watershed Management Unit, Oregon, and for other purposes; as follows:

Strike Section 3, through the end of the bill, and insert:

SEC. 3. LAND RECLASSIFICATION.

(a) Within six months of the date of enactment of this Act, the Secretaries of Agriculture and Interior shall identify any Oregon and California Railroad lands (O&C lands) subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. Sec. 1181f) within the boundary of the special resources management area described in Section 1 of this Act.

(b) Within eighteen months of the date of enactment of this Act, the Secretary of the Interior shall identify public domain lands within the Medford, Roseburg, Eugene, Salem and Coos Bay Districts and the Klamath Resource Area of the Lakeview District of the Bureau of Land Management approximately equal in size and condition as those lands identified in paragraph (a) but not subject to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. Sec. 1181a–f). For purposes of this paragraph, 'public domain lands' shall have the meaning given the term 'public lands' in Section 103 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1702), but excluding there from any lands managed pursuant to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. 1181a–f).

(c) Within two years after the date of enactment of this Act, the Secretary of the Interior shall submit to Congress and publish in the Federal Register a map or maps identifying those public domain lands pursuant to paragraphs (a) and (b) of this Section. After an opportunity for public comment, the Secretary of the Interior shall complete an administrative land reclassification such that those lands identified pursuant to paragraph (a) become public domain lands not subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875f; 43 U.S.C. Sec. 1181f) and those lands identified pursuant to paragraph (b) become Oregon and California Railroad lands (O&C lands) subject to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. 1181a–f).

SEC. 4. ENVIRONMENTAL RESTORATION.

(a) IN GENERAL.—In order to further the purposes of this Act, there is hereby authorized to be appropriated $10 million under the provisions of section 323 of the FY 1999 Interior Appropriations Act (P.L. 105–277) for Clackamas County, Oregon, for watershed restoration, except timber extraction, that protects or enhances water quality or relates to the recovery of species listed pursuant to the Endangered Species Act (Public Law 93–205) near the Bull Run Management Unit.

HARRIET TUBMAN SPECIAL RESOURCE STUDY ACT

THOMAS AMENDMENT NO. 4295

Mr. MACK (for Mr. THOMAS) proposed an amendment to the bill (S. 2345) to direct the Secretary of the Interior to conduct a special resource study concerning the preservation and public use of sites associated with Harriet Tubman located Auburn, New York, and for other purposes; as follows:

On page 7, line 24, strike ''Port Hill Cemetery,'' and insert in lieu thereof ''Fort Hill Cemetery,''.

FRANCHISE FEE RECALCULATION LEGISLATION

BINGAMAN AMENDMENT NO. 4296

Mr. MACK (for Mr. BINGAMAN) proposed an amendment to the bill (S. 2331) to direct the Secretary of the Interior to recalculate the franchise fee owed by Fort Sumter Tours, Inc., a concessioner providing service to Fort Sumter National Monument, South Carolina; as follows:

Strike all and insert the following:

"SECTION 1. ARBITRATION REQUIREMENT.

''The Secretary of the Interior (in this Act referred to as the Secretary) shall, upon the request of Fort Sumter Tours, Inc. (in this Act referred to as the 'Concessioner'), agree to binding arbitration to determine the franchise fee payable under the contract executed on June 13, 1986 by the Concessioner and the National Park Service, under which the Concessioner provides passenger boat service to Fort Sumter National Monument in Charleston Harbor, South Carolina (in this Act referred to as 'the Contract').

"SEC. 2. APPOINTMENT OF THE ARBITRATOR.

''(a) MUTUAL AGREEMENT.—Not later than 30 days after the date of enactment of this Act, the Secretary and the Concessioner shall jointly select a single arbitrator to conduct the arbitration under this Act.

''(b) FAILURE TO AGREE.—If the Secretary and the Concessioner are unable to agree on the selection of a single arbitrator within 30 days after the date of enactment of this Act, within 30 days thereafter the Secretary and the Concessioner shall each select an arbitrator, the two arbitrators selected by the Secretary and the Concessioner shall jointly select a third arbitrator, and the three arbitrators shall jointly conduct the arbitration.

''(c) QUALIFICATIONS.—Any arbitrator selected under either subsection (a) or subsection (b) shall be a neutral who meets the criteria of selection 573 of title 5, United States Code.

''(d) PAYMENT OF EXPENSES.—The Secretary and the Concessioner shall share equally the expenses of the arbitration.

''(e) DEFINITION.—As used in this Act, the term ''arbitrator'' includes either a single arbitrator selected under subsection (a) or a three-member panel of arbitrators selected under subsection (b).

"SEC. 3. SCOPE OF THE ARBITRATION.

''(a) SOLE ISSUES TO BE DECIDED.—The arbitrator shall, after affording the parties an opportunity to be heard in accordance with section 579 of title 5, United States Code, determine—

''(1) the appropriate amount of the franchise fee under the Contract for the period from June 13, 1991 through December 31, 2000 in accordance with the terms of the Contract; and

''(2) any interest or penalties on the amount owed under paragraph (1).

''(b) DE NOVO DECISION.—The arbitrator shall not be bound by any prior determination of the appropriate amount of the fee by the Secretary or any prior court review thereof.

''(c) BASIS FOR DECISION.—The arbitrator shall determine the appropriate amount of the fee based upon the law in effect on the effective date of the Contract and the terms of the Contract.

"SEC. 4. FINAL DECISION.

''The arbitrator shall issue a final decision not later than 300 days after the date of enactment of this Act.

"SEC. 5. EFFECT OF DECISION.

''(a) RETROACTIVE EFFECT.—The amount of the fee determined by the arbitrator under section 3(a) shall be retroactive to June 13, 1991.

''(b) NO FURTHER REVIEW.—Notwithstanding subchapter IV of title 5, United States Code (commonly known as the Administrative Dispute Resolution Act), the decision of the arbitrator shall be final and conclusive upon the Secretary and the Concessioner and shall not be subject to judicial review.

"SEC. 6. GENERAL AUTHORITY.

''Except to the extent inconsistent with this Act, the arbitration under this Act shall be conducted in accordance with subchapter IV of title 5, United States Code.''.

BLACK ROCK DESERT-HIGH ROCK CANYON EMIGRANT TRAILS NATIONAL CONSERVATION AREA ACT OF 2000

BRYAN AMENDMENT NO. 4297

Mr. MACK (for Mr. BRYAN) proposed an amendment to the bill (S. 2273) to establish the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area, and for other purposes; as follows:

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Black Rock Desert-High Rock Canon Emigrant Trails National Conservation Area Act of 2000''.

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The areas of northwestern Nevada known as the Black Rock Desert and High Rock Canyon contain and surround the last nationally significant, untouched segments of the historic California Emigrant Trails, including wagon ruts, historic inscriptions, and a wilderness landscape largely unchanged since the days of the pioneers.

(2) The relative absence of development in the Black Rock Desert and High Rock Canyon areas from emigrant times to the present day offers a unique opportunity to capture the terrain, sights, and conditions of the overland trails as they were experienced by the emigrants and to make available to both present and future generations of Americans the opportunity of experiencing emigrant conditions in an unaltered setting.

(3) The Black Rock Desert and High Rock Canyon areas are unique segments of the Northern Great Basin and contain broad representation of the Great Basin's land forms and plant and animal species, including golden eagles and other birds of prey, sage grouse, mule deer, pronghorn antelope, bighorn sheep, free roaming horses and burros, threatened fish and sensitive plants.

(4) The Black Rock-High Rock region contains a number of cultural and natural resources that have been declared eligible for National Historic Landmark and Natural Landmark status, including a portion of the 1843–44 John Charles Fremont exploration route, the site of the death of Peter Lassen, early military facilities, and examples of early homesteading and mining.

(5) The archaeological, paleontological, and geographical resources of the Black Rock-High Rock region include numerous prehistoric and historic Native American sites, wooly mammoth sites, some of the largest natural potholes of North America, and a remnant dry Pelistocene lakebed (playa) where the curvature of the Earth may be observed.

(6) The two large wilderness mosaics that frame the conservation area offer exceptional opportunities for solitude and serve to protect the integrity of the viewshed of the historic emigrant trails.

(7) Public lands in the conservation area have been used for domestic livestock grazing for over a century, with resultant benefits to community stability and contributions to the local and State economies. It has not been demonstrated that continuation of this use would be incompatible with appropriate protection and sound management of the resource values of these lands; therefore, it is expected that such grazing will continue in accordance with the management plan for the conservation area and other applicable laws and regulations.

(8) The Black Rock Desert playa is a unique natural resource that serves as the primary destination for the majority of visitors to the conservation area, including visitors associated with large-scale permitted events. It is expected that such permitted events will continue to be administered in accordance with the management plan for the conservation area and other applicable laws and regulations.

SEC. 3. DEFINITIONS.

As used in this Act:

(1) The term ''Secretary'' means the Secretary of the Interior.

(2) The term ''public lands'' has the meaning stated in section 103(e) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1702(e)).

(3) The term ''conservation area'' means the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area established pursuant to section 4 of this Act.

SEC. 4. ESTABLISHMENT OF THE CONSERVATION AREA.

(a) ESTABLISHMENT AND PURPOSES.—In order to conserve, protect, and enhance for the benefit and enjoyment of present and future generations the unique and nationally important historical, cultural, paleontological, scenic, scientific, biological, educational, wildlife, riparian, wilderness, endangered species, and recreational values and resources associated with the Applegate-Lassen and Nobles Trails corridors and surrounding areas, there is hereby established the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area in the State of Nevada.

(b) AREAS INCLUDED.—The conservation area shall consist of approximately 797,100 acres of public lands as generally depicted on the map entitled ''Black Rock Desert Emigrant Trail National Conservation Area'' and dated July 19, 2000.

(c) MAPS AND LEGAL DESCRIPTION.—As soon as practicable after the date of the enactment of this Act, the Secretary shall submit to Congress a map and legal description of the conservation area. The map and legal description shall have the same force and effect as if included in this Act, except the Secretary may correct clerical and typographical errors in such map and legal description. Copies of the map and legal description shall be on file and available for public inspection in the appropriate offices of the Bureau of Land Management.

SEC. 5. MANAGEMENT.

(a) MANAGEMENT.—The Secretary, acting through the Bureau of Land Management, shall manage the conservation area in a manner that conserves, protects and enhances its resources and values, including those resources and values specified in subsection 4(a), in accordance with this Act, the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.), and other applicable provisions of law.

(b) ACCESS.—

(1) IN GENERAL.—The Secretary shall maintain adequate access for the reasonable use and enjoyment of the conservation area.

(2) PRIVATE LAND.—The Secretary shall provide reasonable access to privately owned land or interests in land within the boundaries of the conservation area.

(3) EXISTING PUBLIC ROADS.—The Secretary is authorized to maintain existing public access within the boundaries of the conservation areas in a manner consistent with the purposes for which the conservation area was established.

(c) USES.—

(1) IN GENERAL.—The Secretary shall only allow such uses of the conservation area as the Secretary finds will further the purposes for which the conservation area is established.

(2) OFF-HIGHWAY VEHICLE USE.—Except where needed for administrative purposes or to respond to an emergency, use of motorized vehicles in the conservation area shall be permitted only on roads and trails and in other areas designated for use of motorized vehicles as part of the management plan prepared pursuant to subsection (e).

(3) PERMITTED EVENTS.—The Secretary may continue to permit large-scale events in defined, low impact areas of the Black Rock Desert plays in the conservation area in accordance with the management plan prepared pursuant to subsection (e).

(d) HUNTING, TRAPPING, AND FISHING.—Nothing in this Act shall be deemed to diminish the jurisdiction of the State of Nevada with respect to fish and wildlife management, including regulation of hunting and fishing, on public lands within the conservation area.

(e) MANAGEMENT PLAN.—Within three years following the date of enactment of this Act, the Secretary shall develop a comprehensive resource management plan for the long-term protection and management of the conservation area. The plan shall be developed with full public participation and shall developed with full public participation and shall describe the appropriate uses and management of the conservation area consistent with the provisions of this Act. The plan may incorporate appropriate decisions contained in any current management or activity plan for the area and may use information developed in previous studies of the lands within or adjacent to the conservation area.

(f) GRAZING.—Where the Secretary of the Interior currently permits livestock grazing in the conservation area, such grazing shall be allowed to continue subject to all applicable laws, regulations, and executive orders.

(g) VISITOR SERVICE FACILITIES.—The Secretary is authorized to establish, in cooperation with other public or private entities as the Secretary may deem appropriate, visitor service facilities for the purpose of providing information about the historical, cultural, ecological, recreational, and other resources of the conservation area.

SEC. 6. WITHDRAWAL.

(a) IN GENERAL.—Subject to valid existing rights, all Federal lands within the conservation area and all lands and interests therein which are hereafter acquired by the United States are hereby withdrawn from all forms of entry, appropriation, or disposal under the public land laws, from location, entry, and patent under the mining laws, from operation of the mineral leasing and geothermal leasing laws and from the minerals materials laws and all amendments thereto.

SEC. 7. NO BUFFER ZONES.

The Congress does not intend for the establishment of the conservation area to lead to the creation of protective perimeters or buffer zones around the conservation area. The fact that there may be activities or uses on lands outside the conservation area that would not be permitted in the conservation area shall not preclude such activities or uses on such lands up to the boundary of the conservation area consistent with other applicable laws.

SEC. 8. WILDERNESS.

(a) DESIGNATION.—In furtherance of the purposes of the Wilderness Act of 1964 (16 U.S.C. 1131 et seq.), the following lands in the State of Nevada are designated as wilderness, and, therefore, as components of the National Wilderness Preservation System:

(1) Certain lands in the Black Rock Desert Wilderness Study Area comprised of approximately 315,700 acres, as generally depicted on a map entitled ''Black Rock Desert Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Black Rock Desert Wilderness.

(2) Certain lands in the Pahute Peak Wilderness Study Area comprised of approximately 57,400 acres, as generally depicted on a map entitled ''Pahute Peak Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Pahute Peak Wilderness.

(3) Certain lands in the North Black Rock Range Wilderness Study Area comprised of approximately 30,800 acres, as generally depicted on a map entitled ''North Black Rock Range Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the North Black Rock Range Wilderness.

(4) Certain lands in the East Fork High Rock Canyon Wilderness Study Area comprised of approximately 52,800 acres, as generally depicted on a map entitled ''East Fork High Rock Canyon Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the East Fork High Rock Canyon Wilderness.

(5) Certain lands in the High Rock Lake Wilderness Study Area comprised of approximately 59,300 acres, as generally depicted on a map entitled ''High Rock Lake Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the High Rock Lake Wilderness.

(6) Certain lands in the Little High Rock Canyon Wilderness Study Area comprised of approximately 48,700 acres, as generally depicted on a map entitled ''Little High Rock Canyon Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Little High Rock Canyon Wilderness.

(7) Certain lands in the High Rock Canyon Wilderness Study Area and Yellow Rock Canyon Wilderness Study Area comprised of approximately 46,600 acres, as generally depicted on a map entitled ''High Rock Canyon Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the High Rock Canyon Wilderness.

(8) Certain land in the Calico Mountains Wilderness Study Area comprised of approximately 65,400 acres, as generally depicted on a map entitled ''Calico Mountains Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Calico Mountains Wilderness.

(9) Certain lands in the South Jackson Mountains Wilderness Study Area comprised of approximately 56,800 acres, as generally depicted on a map entitled ''South Jackson Mountains Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the South Jackson Mountains Wilderness.

(10) Certain lands in the North Jackson Mountains Wilderness Study Area comprised of approximately 24,000 acres, as generally depicted on a map entitled ''North Jackson Mountains Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the North Jackson Mountains Wilderness.

(b) ADMINISTRATION OF WILDERNESS AREAS.—Subject to valid existing rights, each wilderness area designated by this Act shall be administered by the Secretary in accordance with the provisions of the Wilderness Act, except that any reference in such provisions to the effective date of the Wilderness Act shall be deemed to be a reference to the date of enactment of this Act and any reference to the Secretary of Agriculture shall be deemed to be a reference to the Secretary of the Interior.

(c) MAPS AND LEGAL DESCRIPTION.—As soon as practicable after the date of the enactment of this Act, the Secretary shall submit to Congress a map and legal description of the wilderness areas designated under this Act. The map and legal description shall have the same force and effect as if included in this Act, except the Secretary may correct clerical and typographical errors in such map and legal description. Copies of the map and legal description shall be on file and available for public inspection in the appropriate offices of the Bureau of Land Management.

(d) GRAZING.—Within the wilderness areas designated under subsection (a), the grazing of livestock, where established prior to the date of enactment of this Act, shall be permitted to continue subject to such reasonable regulations, policies, and practices as the Secretary deems necessary, as long as such regulations, policies, and practices fully conform with and implement the intent of Congress regarding grazing in such areas as such intent is expressed in the Wilderness Act and section 101(f) of Public Law 101–628.

SEC. 9. AUTHORIZATION OF APPROPRIATIONS.

There is hereby authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act.

CAT ISLAND NATIONAL WILDLIFE REFUGE ESTABLISHMENT ACT

SMITH OF NEW HAMPSHIRE AMENDMENT NO. 4298

Mr. MACK (for Mr. SMITH of New Hampshire) proposed an amendment to the bill (H.R. 3292) to provide for the establishment of the Cat Island National Wildlife Refuge in West Feliciana Parish, Louisiana; as follows:

At the end, add the following:

SEC. 8. DESIGNATION OF HERBERT H. BATEMAN EDUCATION AND ADMINISTRATIVE CENTER.

(a) IN GENERAL.—A building proposed to be located within the boundaries of the Chincoteague National Wildlife Refuge, on Assateague Island, Virginia, shall be known and designated as the ''Herbert H. Bateman Education and Administrative Center''.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the building referred to in subsection (a) shall be deemed to be a reference to the Herbert H. Bateman Education and Administrative Center.

SEC. 9. TECHNICAL CORRECTIONS.

(a) Effective on the day after the date of enactment of the Act entitled, ''An Act to reauthorize the Junior Duck Stamp Conservation and Design Program Act of 1994'' (106th Congress), section 6 of the Junior Duck Stamp Conservation and Design Program Act of 1994 (16 U.S.C. 668dd note; Public Law 103–340), relating to an environmental education center and refuge, is redesignated as section 7.

(b) Effective on the day after the date of enactment of the Cahaba River National

Wildlife Refuge Establishment Act (106th Congress), section 6 of that Act is amended—

(1) in paragraph (2), by striking ''the Endangered Species Act of 1973 (16 U.S.C. 1331 et seq.)'' and inserting ''the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.)''; and

(2) in paragraph (3), by striking ''section 4(a)(3) and (4) of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668ee(a)(3), (4))'' and inserting ''paragraphs (3) and (4) of section 4(a) of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd(a))''.

(c) Effective on the day after the date of enactment of the Red River National Wildlife Refuge Act (106th Congress), section 4(b)(2)(D) of that Act is amended by striking ''section 4(a)(3) and (4) of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668ee(a)(3), (4))'' and inserting ''paragraphs (3) and (4) of section 4(a) of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd(a))''.

DISASTER MITIGATION ACT OF 2000

SMITH OF NEW HAMPSHIRE AMENDMENT NO. 4299

Mr. MACK (for Mr. SMITH) proposed an amendment to the bill (H.R. 707) to amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act to authorize a program for predisaster mitigation, to streamline the administration of disaster relief, to control the Federal costs of disaster assistance, and for other purposes; as follows:

In lieu of the matter proposed to be inserted by the House amendment, insert the following:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Disaster Mitigation Act of 2000''.

(b) TABLE OF CONTENTS.—The table of contents of this Act is as follows:

TITLE I—PREDISASTER HAZARD MITIGATION

SEC. 101. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that—

(1) natural disasters, including earthquakes, tsunamis, tornadoes, hurricanes, flooding, and wildfires, pose great danger to human life and to property throughout the United States;

(2) greater emphasis needs to be placed on—

(A) identifying and assessing the risks to States and local governments (including Indian tribes) from natural disasters;

(B) implementing adequate measures to reduce losses from natural disasters; and

(C) ensuring that the critical services and facilities of communities will continue to function after a natural disaster;

(3) expenditures for postdisaster assistance are increasing without commensurate reductions in the likelihood of future losses from natural disasters;

(4) in the expenditure of Federal funds under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), high priority should be given to mitigation of hazards at the local level; and

(5) with a unified effort of economic incentives, awareness and education, technical assistance, and demonstrated Federal support, States and local governments (including Indian tribes) will be able to—

(A) form effective community-based partnerships for hazard mitigation purposes;

(B) implement effective hazard mitigation measures that reduce the potential damage from natural disasters;

(C) ensure continued functionality of critical services;

(D) leverage additional non-Federal resources in meeting natural disaster resistance goals; and

(E) make commitments to long-term hazard mitigation efforts to be applied to new and existing structures.

(b) PURPOSE.—The purpose of this title is to establish a national disaster hazard mitigation program—

(1) to reduce the loss of life and property, human suffering, economic disruption, and disaster assistance costs resulting from natural disasters; and

(2) to provide a source of predisaster hazard mitigation funding that will assist States and local governments (including Indian tribes) in implementing effective hazard mitigation measures that are designed to ensure the continued functionality of critical services and facilities after a natural disaster.

SEC. 102. PREDISASTER HAZARD MITIGATION.

(a) IN GENERAL.—Title II of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5131 et seq.) is amended by adding at the end the following:

''SEC. 203. PREDISASTER HAZARD MITIGATION.

''(a) DEFINITION OF SMALL IMPOVERISHED COMMUNITY.—In this section, the term 'small impoverished community' means a community of 3,000 or fewer individuals that is economically disadvantaged, as determined by the State in which the community is located and based on criteria established by the President.

''(b) ESTABLISHMENT OF PROGRAM.—The President may establish a program to provide technical and financial assistance to States and local governments to assist in the implementation of predisaster hazard mitigation measures that are cost-effective and are designed to reduce injuries, loss of life, and damage and destruction of property, including damage to critical services and facilities under the jurisdiction of the States or local governments.

''(c) APPROVAL BY PRESIDENT.—If the President determines that a State or local government has identified natural disaster hazards in areas under its jurisdiction and has demonstrated the ability to form effective public-private natural disaster hazard mitigation partnerships, the President, using amounts in the National Predisaster Mitigation Fund established under subsection (i) (referred to in this section as the 'Fund'), may provide technical and financial assistance to the State or local government to be used in accordance with subsection (e).

''(d) STATE RECOMMENDATIONS.—

''(1) IN GENERAL.—

''(A) RECOMMENDATIONS.—The Governor of each State may recommend to the President not fewer than 5 local governments to receive assistance under this section.

''(B) DEADLINE FOR SUBMISSION.—The recommendations under subparagraph (A) shall be submitted to the President not later than October 1, 2001, and each October 1st thereafter or such later date in the year as the President may establish.

''(C) CRITERIA.—In making recommendations under subparagraph (A), a Governor shall consider the criteria specified in subsection (g).

''(2) USE.—

''(A) IN GENERAL.—Except as provided in subparagraph (B), in providing assistance to local governments under this section, the President shall select from local governments recommended by the Governors under this subsection.

''(B) EXTRAORDINARY CIRCUMSTANCES.—In providing assistance to local governments under this section, the President may select a local government that has not been recommended by a Governor under this subsection if the President determines that extraordinary circumstances justify the selection and that making the selection will further the purpose of this section.

''(3) EFFECT OF FAILURE TO NOMINATE.—If a Governor of a State fails to submit recommendations under this subsection in a timely manner, the President may select, subject to the criteria specified in subsection (g), any local governments of the State to receive assistance under this section.

''(e) USES OF TECHNICAL AND FINANCIAL ASSISTANCE.—

''(1) IN GENERAL.—Technical and financial assistance provided under this section—

''(A) shall be used by States and local governments principally to implement predisaster hazard mitigation measures that are cost-effective and are described in proposals approved by the President under this section; and

''(B) may be used—

''(i) to support effective public-private natural disaster hazard mitigation partnerships;

''(ii) to improve the assessment of a community's vulnerability to natural hazards; or

''(iii) to establish hazard mitigation priorities, and an appropriate hazard mitigation plan, for a community.

''(2) DISSEMINATION.—A State or local government may use not more than 10 percent of the financial assistance received by the State or local government under this section for a fiscal year to fund activities to disseminate information regarding cost-effective mitigation technologies.

''(f) ALLOCATION OF FUNDS.—The amount of financial assistance made available to a State (including amounts made available to local governments of the State) under this section for a fiscal year—

''(1) shall be not less than the lesser of—

''(A) $500,000; or

''(B) the amount that is equal to 1.0 percent of the total funds appropriated to carry out this section for the fiscal year;

''(2) shall not exceed 15 percent of the total funds described in paragraph (1)(B); and

''(3) shall be subject to the criteria specified in subsection (g).

''(g) CRITERIA FOR ASSISTANCE AWARDS.—In determining whether to provide technical and financial assistance to a State or local government under this section, the President shall take into account—

''(1) the extent and nature of the hazards to be mitigated;

''(2) the degree of commitment of the State or local government to reduce damages from future natural disasters;

''(3) the degree of commitment by the State or local government to support ongoing non-Federal support for the hazard mitigation measures to be carried out using the technical and financial assistance;

''(4) the extent to which the hazard mitigation measures to be carried out using the technical and financial assistance contribute to the mitigation goals and priorities established by the State;

''(5) the extent to which the technical and financial assistance is consistent with other assistance provided under this Act;

''(6) the extent to which prioritized, cost-effective mitigation activities that produce meaningful and definable outcomes are clearly identified;

''(7) if the State or local government has submitted a mitigation plan under section 322, the extent to which the activities identified under paragraph (6) are consistent with the mitigation plan;

''(8) the opportunity to fund activities that maximize net benefits to society;

''(9) the extent to which assistance will fund mitigation activities in small impoverished communities; and

''(10) such other criteria as the President establishes in consultation with State and local governments.

''(h) FEDERAL SHARE.—

''(1) IN GENERAL.—Financial assistance provided under this section may contribute up to 75 percent of the total cost of mitigation activities approved by the President.

''(2) SMALL IMPOVERISHED COMMUNITIES.—Notwithstanding paragraph (1), the President may contribute up to 90 percent of the total cost of a mitigation activity carried out in a small impoverished community.

''(i) NATIONAL PREDISASTER MITIGATION FUND.—

''(1) ESTABLISHMENT.—The President may establish in the Treasury of the United States a fund to be known as the 'National Predisaster Mitigation Fund', to be used in carrying out this section.

''(2) TRANSFERS TO FUND.—There shall be deposited in the Fund—

''(A) amounts appropriated to carry out this section, which shall remain available until expended; and

''(B) sums available from gifts, bequests, or donations of services or property received by the President for the purpose of predisaster hazard mitigation.

''(3) EXPENDITURES FROM FUND.—Upon request by the President, the Secretary of the Treasury shall transfer from the Fund to the President such amounts as the President determines are necessary to provide technical and financial assistance under this section.

''(4) INVESTMENT OF AMOUNTS.—

''(A) IN GENERAL.—The Secretary of the Treasury shall invest such portion of the Fund as is not, in the judgment of the Secretary of the Treasury, required to meet current withdrawals. Investments may be made only in interest-bearing obligations of the United States.

''(B) ACQUISITION OF OBLIGATIONS.—For the purpose of investments under subparagraph (A), obligations may be acquired—

''(i) on original issue at the issue price; or

''(ii) by purchase of outstanding obligations at the market price.

''(C) SALE OF OBLIGATIONS.—Any obligation acquired by the Fund may be sold by the Secretary of the Treasury at the market price.

''(D) CREDITS TO FUND.—The interest on, and the proceeds from the sale or redemption of, any obligations held in the Fund shall be credited to and form a part of the Fund.

''(E) TRANSFERS OF AMOUNTS.—

''(i) IN GENERAL.—The amounts required to be transferred to the Fund under this subsection shall be transferred at least monthly from the general fund of the Treasury to the Fund on the basis of estimates made by the Secretary of the Treasury.

''(ii) ADJUSTMENTS.—Proper adjustment shall be made in amounts subsequently transferred to the extent prior estimates were in excess of or less than the amounts required to be transferred.

''(j) LIMITATION ON TOTAL AMOUNT OF FINANCIAL ASSISTANCE.—The President shall not provide financial assistance under this section in an amount greater than the amount available in the Fund.

''(k) MULTIHAZARD ADVISORY MAPS.—

''(1) DEFINITION OF MULTIHAZARD ADVISORY MAP.—In this subsection, the term 'multihazard advisory map' means a map on which hazard data concerning each type of natural disaster is identified simultaneously for the purpose of showing areas of hazard overlap.

''(2) DEVELOPMENT OF MAPS.—In consultation with States, local governments, and appropriate Federal agencies, the President shall develop multihazard advisory maps for areas, in not fewer than 5 States, that are subject to commonly recurring natural hazards (including flooding, hurricanes and severe winds, and seismic events).

''(3) USE OF TECHNOLOGY.—In developing multihazard advisory maps under this subsection, the President shall use, to the maximum extent practicable, the most cost-effective and efficient technology available.

''(4) USE OF MAPS.—

''(A) ADVISORY NATURE.—The multihazard advisory maps shall be considered to be advisory and shall not require the development of any new policy by, or impose any new policy on, any government or private entity.

''(B) AVAILABILITY OF MAPS.—The multihazard advisory maps shall be made available to the appropriate State and local governments for the purposes of—

''(i) informing the general public about the risks of natural hazards in the areas described in paragraph (2);

''(ii) supporting the activities described in subsection (e); and

''(iii) other public uses.

''(l) REPORT ON FEDERAL AND STATE ADMINISTRATION.—Not later than 18 months after the date of enactment of this section, the President, in consultation with State and local governments, shall submit to Congress a report evaluating efforts to implement this section and recommending a process for transferring greater authority and responsibility for administering the assistance program established under this section to capable States.

''(m) TERMINATION OF AUTHORITY.—The authority provided by this section terminates December 31, 2003.''.

(b) CONFORMING AMENDMENT.—Title II of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5131 et seq.) is amended by striking the title heading and inserting the following:

''TITLE II—DISASTER PREPAREDNESS AND MITIGATION ASSISTANCE''.

SEC. 103. INTERAGENCY TASK FORCE.

Title II of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5131 et seq.) (as amended by section 102(a)) is amended by adding at the end the following:

''SEC. 204. INTERAGENCY TASK FORCE.

''(a) IN GENERAL.—The President shall establish a Federal interagency task force for the purpose of coordinating the implementation of predisaster hazard mitigation programs administered by the Federal Government.

''(b) CHAIRPERSON.—The Director of the Federal Emergency Management Agency shall serve as the chairperson of the task force.

''(c) MEMBERSHIP.—The membership of the task force shall include representatives of—

''(1) relevant Federal agencies;

''(2) State and local government organizations (including Indian tribes); and

''(3) the American Red Cross.''.

SEC. 104. MITIGATION PLANNING; MINIMUM STANDARDS FOR PUBLIC AND PRIVATE STRUCTURES.

(a) IN GENERAL.—Title III of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5141 et seq.) is amended by adding at the end the following:

''SEC. 322. MITIGATION PLANNING.

''(a) REQUIREMENT OF MITIGATION PLAN.—As a condition of receipt of an increased Federal share for hazard mitigation measures under subsection (e), a State, local, or tribal government shall develop and submit for approval to the President a mitigation plan that outlines processes for identifying the natural hazards, risks, and vulnerabilities of the area under the jurisdiction of the government.

''(b) LOCAL AND TRIBAL PLANS.—Each mitigation plan developed by a local or tribal government shall—

''(1) describe actions to mitigate hazards, risks, and vulnerabilities identified under the plan; and

''(2) establish a strategy to implement those actions.

''(c) STATE PLANS.—The State process of development of a mitigation plan under this section shall—

''(1) identify the natural hazards, risks, and vulnerabilities of areas in the State;

''(2) support development of local mitigation plans;

''(3) provide for technical assistance to local and tribal governments for mitigation planning; and

''(4) identify and prioritize mitigation actions that the State will support, as resources become available.

''(d) FUNDING.—

''(1) IN GENERAL.—Federal contributions under section 404 may be used to fund the development and updating of mitigation plans under this section.

''(2) MAXIMUM FEDERAL CONTRIBUTION.—With respect to any mitigation plan, a State,

local, or tribal government may use an amount of Federal contributions under section 404 not to exceed 7 percent of the amount of such contributions available to the government as of a date determined by the government.

''(e) INCREASED FEDERAL SHARE FOR HAZARD MITIGATION MEASURES.—

''(1) IN GENERAL.—If, at the time of the declaration of a major disaster, a State has in effect an approved mitigation plan under this section, the President may increase to 20 percent, with respect to the major disaster, the maximum percentage specified in the last sentence of section 404(a).

''(2) FACTORS FOR CONSIDERATION.—In determining whether to increase the maximum percentage under paragraph (1), the President shall consider whether the State has established—

''(A) eligibility criteria for property acquisition and other types of mitigation measures;

''(B) requirements for cost effectiveness that are related to the eligibility criteria;

''(C) a system of priorities that is related to the eligibility criteria; and

''(D) a process by which an assessment of the effectiveness of a mitigation action may be carried out after the mitigation action is complete.

''SEC. 323. MINIMUM STANDARDS FOR PUBLIC AND PRIVATE STRUCTURES.

''(a) IN GENERAL.—As a condition of receipt of a disaster loan or grant under this Act—

''(1) the recipient shall carry out any repair or construction to be financed with the loan or grant in accordance with applicable standards of safety, decency, and sanitation and in conformity with applicable codes, specifications, and standards; and

''(2) the President may require safe land use and construction practices, after adequate consultation with appropriate State and local government officials.

''(b) EVIDENCE OF COMPLIANCE.—A recipient of a disaster loan or grant under this Act shall provide such evidence of compliance with this section as the President may require by regulation.''.

(b) LOSSES FROM STRAIGHT LINE WINDS.—The President shall increase the maximum percentage specified in the last sentence of section 404(a) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170c(a)) from 15 percent to 20 percent with respect to any major disaster that is in the State of Minnesota and for which assistance is being provided as of the date of enactment of this Act, except that additional assistance provided under this subsection shall not exceed $6,000,000. The mitigation measures assisted under this subsection shall be related to losses in the State of Minnesota from straight line winds.

(c) CONFORMING AMENDMENTS.—

(1) Section 404(a) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170c(a)) is amended—

(A) in the second sentence, by striking ''section 409'' and inserting ''section 322''; and

(B) in the third sentence, by striking ''The total'' and inserting ''Subject to section 322, the total''.

(2) Section 409 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5176) is repealed.

TITLE II—STREAMLINING AND COST REDUCTION

SEC. 201. TECHNICAL AMENDMENTS.

Section 311 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5154) is amended in subsections (a)(1), (b), and (c) by striking ''section 803 of the Public Works and Economic Development Act of 1965'' each place it appears and inserting ''section 209(c)(2) of the Public Works and Economic Development Act of 1965 (42 U.S.C. 3149(c)(2))''.

SEC. 202. MANAGEMENT COSTS.

(a) IN GENERAL.—Title III of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5141 et seq.) (as amended by section 104(a)) is amended by adding at the end the following:

''SEC. 324. MANAGEMENT COSTS.

''(a) DEFINITION OF MANAGEMENT COST.—In this section, the term 'management cost' includes any indirect cost, any administrative expense, and any other expense not directly chargeable to a specific project under a major disaster, emergency, or disaster preparedness or mitigation activity or measure.

''(b) ESTABLISHMENT OF MANAGEMENT COST RATES.—Notwithstanding any other provision of law (including any administrative rule or guidance), the President shall by regulation establish management cost rates, for grantees and subgrantees, that shall be used to determine contributions under this Act for management costs.

''(c) REVIEW.—The President shall review the management cost rates established under subsection (b) not later than 3 years after the date of establishment of the rates and periodically thereafter.''.

(b) APPLICABILITY.—

(1) IN GENERAL.—Subject to paragraph (2), subsections (a) and (b) of section 324 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (as added by subsection (a)) shall apply to major disasters declared under that Act on or after the date of enactment of this Act.

(2) INTERIM AUTHORITY.—Until the date on which the President establishes the management cost rates under section 324 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (as added by subsection (a)), section 406(f) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172(f)) (as in effect on the day before the date of enactment of this Act) shall be used to establish management cost rates.

SEC. 203. PUBLIC NOTICE, COMMENT, AND CONSULTATION REQUIREMENTS.

Title III of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5141 et seq.) (as amended by section 202(a)) is amended by adding at the end the following:

''SEC. 325. PUBLIC NOTICE, COMMENT, AND CONSULTATION REQUIREMENTS.

''(a) PUBLIC NOTICE AND COMMENT CONCERNING NEW OR MODIFIED POLICIES.—

''(1) IN GENERAL.—The President shall provide for public notice and opportunity for comment before adopting any new or modified policy that—

''(A) governs implementation of the public assistance program administered by the Federal Emergency Management Agency under this Act; and

''(B) could result in a significant reduction of assistance under the program.

''(2) APPLICATION.—Any policy adopted under paragraph (1) shall apply only to a major disaster or emergency declared on or after the date on which the policy is adopted.

''(b) CONSULTATION CONCERNING INTERIM POLICIES.—

''(1) IN GENERAL.—Before adopting any interim policy under the public assistance program to address specific conditions that relate to a major disaster or emergency that has been declared under this Act, the President, to the maximum extent practicable, shall solicit the views and recommendations of grantees and subgrantees with respect to the major disaster or emergency concerning the potential interim policy, if the interim policy is likely—

''(A) to result in a significant reduction of assistance to applicants for the assistance with respect to the major disaster or emergency; or

''(B) to change the terms of a written agreement to which the Federal Government is a party concerning the declaration of the major disaster or emergency.

''(2) NO LEGAL RIGHT OF ACTION.—Nothing in this subsection confers a legal right of action on any party.

''(c) PUBLIC ACCESS.—The President shall promote public access to policies governing the implementation of the public assistance program.''.

SEC. 204. STATE ADMINISTRATION OF HAZARD MITIGATION GRANT PROGRAM.

Section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170c) is amended by adding at the end the following:

''(c) PROGRAM ADMINISTRATION BY STATES.—

''(1) IN GENERAL.—A State desiring to administer the hazard mitigation grant program established by this section with respect to hazard mitigation assistance in the State may submit to the President an application for the delegation of the authority to administer the program.

''(2) CRITERIA.—The President, in consultation and coordination with States and local governments, shall establish criteria for the approval of applications submitted under paragraph (1). The criteria shall include, at a minimum—

''(A) the demonstrated ability of the State to manage the grant program under this section;

''(B) there being in effect an approved mitigation plan under section 322; and

''(C) a demonstrated commitment to mitigation activities.

''(3) APPROVAL.—The President shall approve an application submitted under paragraph (1) that meets the criteria established under paragraph (2).

''(4) WITHDRAWAL OF APPROVAL.—If, after approving an application of a State submitted under paragraph (1), the President determines that the State is not administering the hazard mitigation grant program established by this section in a manner satisfactory to the President, the President shall withdraw the approval.

''(5) AUDITS.—The President shall provide for periodic audits of the hazard mitigation grant programs administered by States under this subsection.''.

SEC. 205. ASSISTANCE TO REPAIR, RESTORE, RECONSTRUCT, OR REPLACE DAMAGED FACILITIES.

(a) CONTRIBUTIONS.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (a) and inserting the following:

''(a) CONTRIBUTIONS.—

''(1) IN GENERAL.—The President may make contributions—

''(A) to a State or local government for the repair, restoration, reconstruction, or replacement of a public facility damaged or destroyed by a major disaster and for associated expenses incurred by the government; and

''(B) subject to paragraph (3), to a person that owns or operates a private nonprofit facility damaged or destroyed by a major disaster for the repair, restoration, reconstruction, or replacement of the facility and for associated expenses incurred by the person.

''(2) ASSOCIATED EXPENSES.—For the purposes of this section, associated expenses shall include—

''(A) the costs of mobilizing and employing the National Guard for performance of eligible work;

''(B) the costs of using prison labor to perform eligible work, including wages actually paid, transportation to a worksite, and extraordinary costs of guards, food, and lodging; and

''(C) base and overtime wages for the employees and extra hires of a State, local government, or person described in paragraph (1) that perform eligible work, plus fringe benefits on such wages to the extent that such benefits were being paid before the major disaster.

''(3) CONDITIONS FOR ASSISTANCE TO PRIVATE NONPROFIT FACILITIES.—

''(A) IN GENERAL.—The President may make contributions to a private nonprofit facility under paragraph (1)(B) only if—

''(i) the facility provides critical services (as defined by the President) in the event of a major disaster; or

''(ii) the owner or operator of the facility—

''(I) has applied for a disaster loan under section 7(b) of the Small Business Act (15 U.S.C. 636(b)); and

''(II)(aa) has been determined to be ineligible for such a loan; or

''(bb) has obtained such a loan in the maximum amount for which the Small Business Administration determines the facility is eligible.

''(B) DEFINITION OF CRITICAL SERVICES.—In this paragraph, the term 'critical services' includes power, water (including water provided by an irrigation organization or facility), sewer, wastewater treatment, communications, and emergency medical care.

''(4) NOTIFICATION TO CONGRESS.—Before making any contribution under this section in an amount greater than $20,000,000, the President shall notify—

''(A) the Committee on Environment and Public Works of the Senate;

''(B) the Committee on Transportation and Infrastructure of the House of Representatives;

''(C) the Committee on Appropriations of the Senate; and

''(D) the Committee on Appropriations of the House of Representatives.''.

(b) FEDERAL SHARE.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (b) and inserting the following:

''(b) FEDERAL SHARE.—

''(1) MINIMUM FEDERAL SHARE.—Except as provided in paragraph (2), the Federal share of assistance under this section shall be not less than 75 percent of the eligible cost of repair, restoration, reconstruction, or replacement carried out under this section.

''(2) REDUCED FEDERAL SHARE.—The President shall promulgate regulations to reduce the Federal share of assistance under this section to not less than 25 percent in the case of the repair, restoration, reconstruction, or replacement of any eligible public facility or private nonprofit facility following an event associated with a major disaster—

''(A) that has been damaged, on more than 1 occasion within the preceding 10-year period, by the same type of event; and

''(B) the owner of which has failed to implement appropriate mitigation measures to address the hazard that caused the damage to the facility.''.

(c) LARGE IN-LIEU CONTRIBUTIONS.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (c) and inserting the following:

''(c) LARGE IN-LIEU CONTRIBUTIONS.—

''(1) FOR PUBLIC FACILITIES.—

''(A) IN GENERAL.—In any case in which a State or local government determines that the public welfare would not best be served by repairing, restoring, reconstructing, or replacing any public facility owned or controlled by the State or local government, the State or local government may elect to receive, in lieu of a contribution under subsection (a)(1)(A), a contribution in an amount equal to 75 percent of the Federal share of the Federal estimate of the cost of repairing, restoring, reconstructing, or replacing the facility and of management expenses.

''(B) AREAS WITH UNSTABLE SOIL.—In any case in which a State or local government determines that the public welfare would not best be served by repairing, restoring, reconstructing, or replacing any public facility owned or controlled by the State or local government because soil instability in the disaster area makes repair, restoration, reconstruction, or replacement infeasible, the State or local government may elect to receive, in lieu of a contribution under subsection (a)(1)(A), a contribution in an amount equal to 90 percent of the Federal share of the Federal estimate of the cost of repairing, restoring, reconstructing, or replacing the facility and of management expenses.

''(C) USE OF FUNDS.—Funds contributed to a State or local government under this paragraph may be used—

''(i) to repair, restore, or expand other selected public facilities;

''(ii) to construct new facilities; or

''(iii) to fund hazard mitigation measures that the State or local government determines to be necessary to meet a need for governmental services and functions in the area affected by the major disaster.

''(D) LIMITATIONS.—Funds made available to a State or local government under this paragraph may not be used for—

''(i) any public facility located in a regulatory floodway (as defined in section 59.1 of title 44, Code of Federal Regulations (or a successor regulation)); or

''(ii) any uninsured public facility located in a special flood hazard area identified by the Director of the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. 4001 et seq.).

''(2) FOR PRIVATE NONPROFIT FACILITIES.—

''(A) IN GENERAL.—In any case in which a person that owns or operates a private nonprofit facility determines that the public welfare would not best be served by repairing, restoring, reconstructing, or replacing the facility, the person may elect to receive, in lieu of a contribution under subsection (a)(1)(B), a contribution in an amount equal to 75 percent of the Federal share of the Federal estimate of the cost of repairing, restoring, reconstructing, or replacing the facility and of management expenses.

''(B) USE OF FUNDS.—Funds contributed to a person under this paragraph may be used—

''(i) to repair, restore, or expand other selected private nonprofit facilities owned or operated by the person;

''(ii) to construct new private nonprofit facilities to be owned or operated by the person; or

''(iii) to fund hazard mitigation measures that the person determines to be necessary to meet a need for the person's services and functions in the area affected by the major disaster.

''(C) LIMITATIONS.—Funds made available to a person under this paragraph may not be used for—

''(i) any private nonprofit facility located in a regulatory floodway (as defined in section 59.1 of title 44, Code of Federal Regulations (or a successor regulation)); or

''(ii) any uninsured private nonprofit facility located in a special flood hazard area identified by the Director of the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. 4001 et seq.).''.

(d) ELIGIBLE COST.—

(1) IN GENERAL.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (e) and inserting the following:

''(e) ELIGIBLE COST.—

''(1) DETERMINATION.—

''(A) IN GENERAL.—For the purposes of this section, the President shall estimate the eligible cost of repairing, restoring, reconstructing, or replacing a public facility or private nonprofit facility—

''(i) on the basis of the design of the facility as the facility existed immediately before the major disaster; and

''(ii) in conformity with codes, specifications, and standards (including floodplain management and hazard mitigation criteria required by the President or under the Coastal Barrier Resources Act (16 U.S.C. 3501 et seq.)) applicable at the time at which the disaster occurred.

''(B) COST ESTIMATION PROCEDURES.—

''(i) IN GENERAL.—Subject to paragraph (2), the President shall use the cost estimation procedures established under paragraph (3) to determine the eligible cost under this subsection.

''(ii) APPLICABILITY.—The procedures specified in this paragraph and paragraph (2) shall apply only to projects the eligible cost of which is equal to or greater than the amount specified in section 422.

''(2) MODIFICATION OF ELIGIBLE COST.—

''(A) ACTUAL COST GREATER THAN CEILING PERCENTAGE OF ESTIMATED COST.—In any case in which the actual cost of repairing, restoring, reconstructing, or replacing a facility under this section is greater than the ceiling percentage established under paragraph (3) of the cost estimated under paragraph (1), the President may determine that the eligible cost includes a portion of the actual cost of the repair, restoration, reconstruction, or replacement that exceeds the cost estimated under paragraph (1).

''(B) ACTUAL COST LESS THAN ESTIMATED COST.—

''(i) GREATER THAN OR EQUAL TO FLOOR PERCENTAGE OF ESTIMATED COST.—In any case in which the actual cost of repairing, restoring, reconstructing, or replacing a facility under this section is less than 100 percent of the cost estimated under paragraph (1), but is greater than or equal to the floor percentage established under paragraph (3) of the cost estimated under paragraph (1), the State or local government or person receiving funds under this section shall use the excess funds to carry out cost-effective activities that reduce the risk of future damage, hardship, or suffering from a major disaster.

''(ii) LESS THAN FLOOR PERCENTAGE OF ESTIMATED COST.—In any case in which the actual cost of repairing, restoring, reconstructing, or replacing a facility under this section is less than the floor percentage established under paragraph (3) of the cost estimated under paragraph (1), the State or local government or person receiving assistance under this section shall reimburse the President in the amount of the difference.

''(C) NO EFFECT ON APPEALS PROCESS.—Nothing in this paragraph affects any right of appeal under section 423.

''(3) EXPERT PANEL.—

''(A) ESTABLISHMENT.—Not later than 18 months after the date of enactment of this paragraph, the President, acting through the Director of the Federal Emergency Management Agency, shall establish an expert panel, which shall include representatives from the construction industry and State and local government.

''(B) DUTIES.—The expert panel shall develop recommendations concerning—

''(i) procedures for estimating the cost of repairing, restoring, reconstructing, or replacing a facility consistent with industry practices; and

''(ii) the ceiling and floor percentages referred to in paragraph (2).

''(C) REGULATIONS.—Taking into account the recommendations of the expert panel under subparagraph (B), the President shall promulgate regulations that establish—

''(i) cost estimation procedures described in subparagraph (B)(i); and

''(ii) the ceiling and floor percentages referred to in paragraph (2).

''(D) REVIEW BY PRESIDENT.—Not later than 2 years after the date of promulgation of regulations under subparagraph (C) and periodically thereafter, the President shall review the cost estimation procedures and the ceiling and floor percentages established under this paragraph.

''(E) REPORT TO CONGRESS.—Not later than 1 year after the date of promulgation of regulations under subparagraph (C), 3 years after that date, and at the end of each 2-year period thereafter, the expert panel shall submit to Congress a report on the appropriateness of the cost estimation procedures.

''(4) SPECIAL RULE.—In any case in which the facility being repaired, restored, reconstructed, or replaced under this section was under construction on the date of the major disaster, the cost of repairing, restoring, reconstructing, or replacing the facility shall include, for the purposes of this section, only those costs that, under the contract for the construction, are the owner's responsibility and not the contractor's responsibility.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) takes effect on the date of enactment of this Act and applies to funds appropriated after the date of enactment of this Act, except that paragraph (1) of section 406(e) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (as amended by paragraph (1)) takes effect on the date on which the cost estimation procedures established under paragraph (3) of that section take effect.

(e) CONFORMING AMENDMENT.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (f).

SEC. 206. FEDERAL ASSISTANCE TO INDIVIDUALS AND HOUSEHOLDS.

(a) IN GENERAL.—Section 408 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5174) is amended to read as follows:

''SEC. 408. FEDERAL ASSISTANCE TO INDIVIDUALS AND HOUSEHOLDS.

''(a) IN GENERAL.—

''(1) PROVISION OF ASSISTANCE.—In accordance with this section, the President, in consultation with the Governor of a State, may provide financial assistance, and, if necessary, direct services, to individuals and households in the State who, as a direct result of a major disaster, have necessary expenses and serious needs in cases in which the individuals and households are unable to meet such expenses or needs through other means.

''(2) RELATIONSHIP TO OTHER ASSISTANCE.—Under paragraph (1), an individual or household shall not be denied assistance under paragraph (1), (3), or (4) of subsection (c) solely on the basis that the individual or household has not applied for or received any loan or other financial assistance from the Small Business Administration or any other Federal agency.

''(b) HOUSING ASSISTANCE.—

''(1) ELIGIBILITY.—The President may provide financial or other assistance under this section to individuals and households to respond to the disaster-related housing needs of individuals and households who are displaced from their predisaster primary residences or whose predisaster primary residences are rendered uninhabitable as a result of damage caused by a major disaster.

''(2) DETERMINATION OF APPROPRIATE TYPES OF ASSISTANCE.—

''(A) IN GENERAL.—The President shall determine appropriate types of housing assistance to be provided under this section to individuals and households described in subsection (a)(1) based on considerations of cost effectiveness, convenience to the individuals and households, and such other factors as the President may consider appropriate.

''(B) MULTIPLE TYPES OF ASSISTANCE.—One or more types of housing assistance may be made available under this section, based on the suitability and availability of the types of assistance, to meet the needs of individuals and households in the particular disaster situation.

''(c) TYPES OF HOUSING ASSISTANCE.—

''(1) TEMPORARY HOUSING.—

''(A) FINANCIAL ASSISTANCE.—

''(i) IN GENERAL.—The President may provide financial assistance to individuals or households to rent alternate housing accommodations, existing rental units, manufactured housing, recreational vehicles, or other readily fabricated dwellings.

''(ii) AMOUNT.—The amount of assistance under clause (i) shall be based on the fair market rent for the accommodation provided plus the cost of any transportation, utility hookups, or unit installation not provided directly by the President.

''(B) DIRECT ASSISTANCE.—

''(i) IN GENERAL.—The President may provide temporary housing units, acquired by purchase or lease, directly to individuals or households who, because of a lack of available housing resources, would be unable to make use of the assistance provided under subparagraph (A).

''(ii) PERIOD OF ASSISTANCE.—The President may not provide direct assistance under clause (i) with respect to a major disaster after the end of the 18-month period beginning on the date of the declaration of the major disaster by the President, except that the President may extend that period if the President determines that due to extraordinary circumstances an extension would be in the public interest.

''(iii) COLLECTION OF RENTAL CHARGES.—After the end of the 18-month period referred to in clause (ii), the President may charge fair market rent for each temporary housing unit provided.

''(2) REPAIRS.—

''(A) IN GENERAL.—The President may provide financial assistance for—

''(i) the repair of owner-occupied private residences, utilities, and residential infrastructure (such as a private access route) damaged by a major disaster to a safe and sanitary living or functioning condition; and

''(ii) eligible hazard mitigation measures that reduce the likelihood of future damage to such residences, utilities, or infrastructure.

''(B) RELATIONSHIP TO OTHER ASSISTANCE.—A recipient of assistance provided under this paragraph shall not be required to show that the assistance can be met through other means, except insurance proceeds.

''(C) MAXIMUM AMOUNT OF ASSISTANCE.—The amount of assistance provided to a household under this paragraph shall not exceed $5,000, as adjusted annually to reflect changes in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

''(3) REPLACEMENT.—

''(A) IN GENERAL.—The President may provide financial assistance for the replacement of owner-occupied private residences damaged by a major disaster.

''(B) MAXIMUM AMOUNT OF ASSISTANCE.—The amount of assistance provided to a household under this paragraph shall not exceed $10,000, as adjusted annually to reflect changes in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

''(C) APPLICABILITY OF FLOOD INSURANCE REQUIREMENT.—With respect to assistance provided under this paragraph, the President may not waive any provision of Federal law requiring the purchase of flood insurance as a condition of the receipt of Federal disaster assistance.

''(4) PERMANENT HOUSING CONSTRUCTION.—The President may provide financial assistance or direct assistance to individuals or households to construct permanent housing in insular areas outside the continental United States and in other remote locations in cases in which—

''(A) no alternative housing resources are available; and

''(B) the types of temporary housing assistance described in paragraph (1) are unavailable, infeasible, or not cost-effective.

''(d) TERMS AND CONDITIONS RELATING TO HOUSING ASSISTANCE.—

''(1) SITES.—

''(A) IN GENERAL.—Any readily fabricated dwelling provided under this section shall, whenever practicable, be located on a site that—

''(i) is complete with utilities; and

''(ii) is provided by the State or local government, by the owner of the site, or by the occupant who was displaced by the major disaster.

''(B) SITES PROVIDED BY THE PRESIDENT.—A readily fabricated dwelling may be located on a site provided by the President if the President determines that such a site would be more economical or accessible.

''(2) DISPOSAL OF UNITS.—

''(A) SALE TO OCCUPANTS.—

''(i) IN GENERAL.—Notwithstanding any other provision of law, a temporary housing unit purchased under this section by the President for the purpose of housing disaster victims may be sold directly to the individual or household who is occupying the unit if the individual or household lacks permanent housing.

''(ii) SALE PRICE.—A sale of a temporary housing unit under clause (i) shall be at a price that is fair and equitable.

''(iii) DEPOSIT OF PROCEEDS.—Notwithstanding any other provision of law, the proceeds of a sale under clause (i) shall be deposited in the appropriate Disaster Relief Fund account.

''(iv) HAZARD AND FLOOD INSURANCE.—A sale of a temporary housing unit under clause (i) shall be made on the condition that the individual or household purchasing the housing unit agrees to obtain and maintain hazard and flood insurance on the housing unit.

''(v) USE OF GSA SERVICES.—The President may use the services of the General Services Administration to accomplish a sale under clause (i).

''(B) OTHER METHODS OF DISPOSAL.—If not disposed of under subparagraph (A), a temporary housing unit purchased under this section by the President for the purpose of housing disaster victims—

''(i) may be sold to any person; or

''(ii) may be sold, transferred, donated, or otherwise made available directly to a State or other governmental entity or to a voluntary organization for the sole purpose of providing temporary housing to disaster victims in major disasters and emergencies if, as a condition of the sale, transfer, or donation, the State, other governmental agency, or voluntary organization agrees—

''(I) to comply with the nondiscrimination provisions of section 308; and

''(II) to obtain and maintain hazard and flood insurance on the housing unit.

''(e) FINANCIAL ASSISTANCE TO ADDRESS OTHER NEEDS.—

''(1) MEDICAL, DENTAL, AND FUNERAL EXPENSES.—The President, in consultation with the Governor of a State, may provide financial assistance under this section to an individual or household in the State who is adversely affected by a major disaster to meet disaster-related medical, dental, and funeral expenses.

''(2) PERSONAL PROPERTY, TRANSPORTATION, AND OTHER EXPENSES.—The President, in consultation with the Governor of a State, may provide financial assistance under this section to an individual or household described in paragraph (1) to address personal property, transportation, and other necessary expenses or serious needs resulting from the major disaster.

''(f) STATE ROLE.—

''(1) FINANCIAL ASSISTANCE TO ADDRESS OTHER NEEDS.—

''(A) GRANT TO STATE.—Subject to subsection (g), a Governor may request a grant from the President to provide financial assistance to individuals and households in the State under subsection (e).

''(B) ADMINISTRATIVE COSTS.—A State that receives a grant under subparagraph (A) may expend not more than 5 percent of the amount of the grant for the administrative costs of providing financial assistance to individuals and households in the State under subsection (e).

''(2) ACCESS TO RECORDS.—In providing assistance to individuals and households under this section, the President shall provide for the substantial and ongoing involvement of the States in which the individuals and households are located, including by providing to the States access to the electronic records of individuals and households receiving assistance under this section in order for the States to make available any additional State and local assistance to the individuals and households.

''(g) COST SHARING.—

''(1) FEDERAL SHARE.—Except as provided in paragraph (2), the Federal share of the costs eligible to be paid using assistance provided under this section shall be 100 percent.

''(2) FINANCIAL ASSISTANCE TO ADDRESS OTHER NEEDS.—In the case of financial assistance provided under subsection (e)—

''(A) the Federal share shall be 75 percent; and

''(B) the non-Federal share shall be paid from funds made available by the State.

''(h) MAXIMUM AMOUNT OF ASSISTANCE.—

''(1) IN GENERAL.—No individual or household shall receive financial assistance greater than $25,000 under this section with respect to a single major disaster.

''(2) ADJUSTMENT OF LIMIT.—The limit established under paragraph (1) shall be adjusted annually to reflect changes in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

''(i) RULES AND REGULATIONS.—The President shall prescribe rules and regulations to carry out this section, including criteria, standards, and procedures for determining eligibility for assistance.''.

(b) CONFORMING AMENDMENT.—Section 502(a)(6) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5192(a)(6)) is amended by striking ''temporary housing''.

(c) ELIMINATION OF INDIVIDUAL AND FAMILY GRANT PROGRAMS.—Section 411 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5178) is repealed.

(d) EFFECTIVE DATE.—The amendments made by this section take effect 18 months after the date of enactment of this Act.

SEC. 207. COMMUNITY DISASTER LOANS.

Section 417 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5184) is amended—

(1) by striking ''(a) The President'' and inserting the following:

''(a) IN GENERAL.—The President'';

(2) by striking ''The amount'' and inserting the following:

''(b) AMOUNT.—The amount'';

(3) by striking ''Repayment'' and inserting the following:

''(c) REPAYMENT.—

''(1) CANCELLATION.—Repayment'';

(4) by striking ''(b) Any loans'' and inserting the following:

''(d) EFFECT ON OTHER ASSISTANCE.—Any loans'';

(5) in subsection (b) (as designated by paragraph (2))—

(A) by striking ''and shall'' and inserting ''shall''; and

(B) by inserting before the period at the end the following: '', and shall not exceed $5,000,000''; and

(6) in subsection (c) (as designated by paragraph (3)), by adding at the end the following:

''(2) CONDITION ON CONTINUING ELIGIBILITY.—A local government shall not be eligible for further assistance under this section during any period in which the local government is in arrears with respect to a required repayment of a loan under this section.''.

SEC. 208. REPORT ON STATE MANAGEMENT OF SMALL DISASTERS INITIATIVE.

Not later than 3 years after the date of enactment of this Act, the President shall submit to Congress a report describing the results of the State Management of Small Disasters Initiative, including—

(1) identification of any administrative or financial benefits of the initiative; and

(2) recommendations concerning the conditions, if any, under which States should be allowed the option to administer parts of the assistance program under section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172).

SEC. 209. STUDY REGARDING COST REDUCTION.

Not later than 3 years after the date of enactment of this Act, the Director of the Congressional Budget Office shall complete a study estimating the reduction in Federal disaster assistance that has resulted and is likely to result from the enactment of this Act.

TITLE III—MISCELLANEOUS

SEC. 301. TECHNICAL CORRECTION OF SHORT TITLE.

The first section of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 note) is amended to read as follows:

''SECTION 1. SHORT TITLE.

''This Act may be cited as the 'Robert T. Stafford Disaster Relief and Emergency Assistance Act'.''.

SEC. 302. DEFINITIONS.

Section 102 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122) is amended—

(1) in each of paragraphs (3) and (4), by striking ''the Northern'' and all that follows through ''Pacific Islands'' and inserting ''and the Commonwealth of the Northern Mariana Islands'';

(2) by striking paragraph (6) and inserting the following:

''(6) LOCAL GOVERNMENT.—The term 'local government' means—

''(A) a county, municipality, city, town, township, local public authority, school district, special district, intrastate district, council of governments (regardless of whether the council of governments is incorporated as a nonprofit corporation under State law), regional or interstate government entity, or agency or instrumentality of a local government;

''(B) an Indian tribe or authorized tribal organization, or Alaska Native village or organization; and

''(C) a rural community, unincorporated town or village, or other public entity, for which an application for assistance is made by a State or political subdivision of a State.''; and

(3) in paragraph (9), by inserting ''irrigation,'' after ''utility,''.

SEC. 303. FIRE MANAGEMENT ASSISTANCE.

(a) IN GENERAL.—Section 420 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5187) is amended to read as follows:

''SEC. 420. FIRE MANAGEMENT ASSISTANCE.

''(a) IN GENERAL.—The President is authorized to provide assistance, including grants, equipment, supplies, and personnel, to any State or local government for the mitigation, management, and control of any fire on public or private forest land or grassland that threatens such destruction as would constitute a major disaster.

''(b) COORDINATION WITH STATE AND TRIBAL DEPARTMENTS OF FORESTRY.—In providing assistance under this section, the President shall coordinate with State and tribal departments of forestry.

''(c) ESSENTIAL ASSISTANCE.—In providing assistance under this section, the President may use the authority provided under section 403.

''(d) RULES AND REGULATIONS.—The President shall prescribe such rules and regulations as are necessary to carry out this section.''.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) takes effect 1 year after the date of enactment of this Act.

SEC. 304. DISASTER GRANT CLOSEOUT PROCEDURES.

Title VII of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5101 et seq.) is amended by adding at the end the following:

''SEC. 705. DISASTER GRANT CLOSEOUT PROCEDURES.

''(a) STATUTE OF LIMITATIONS.—

''(1) IN GENERAL.—Except as provided in paragraph (2), no administrative action to recover any payment made to a State or local government for disaster or emergency assistance under this Act shall be initiated in any forum after the date that is 3 years after the date of transmission of the final expenditure report for the disaster or emergency.

''(2) FRAUD EXCEPTION.—The limitation under paragraph (1) shall apply unless there is evidence of civil or criminal fraud.

''(b) REBUTTAL OF PRESUMPTION OF RECORD MAINTENANCE.—

''(1) IN GENERAL.—In any dispute arising under this section after the date that is 3 years after the date of transmission of the final expenditure report for the disaster or emergency, there shall be a presumption that accounting records were maintained that adequately identify the source and application of funds provided for financially assisted activities.

''(2) AFFIRMATIVE EVIDENCE.—The presumption described in paragraph (1) may be rebutted only on production of affirmative evidence that the State or local government did not maintain documentation described in that paragraph.

''(3) INABILITY TO PRODUCE DOCUMENTATION.—The inability of the Federal, State, or local government to produce source documentation supporting expenditure reports later than 3 years after the date of transmission of the final expenditure report shall not constitute evidence to rebut the presumption described in paragraph (1).

''(4) RIGHT OF ACCESS.—The period during which the Federal, State, or local government has the right to access source documentation shall not be limited to the required 3-year retention period referred to in paragraph (3), but shall last as long as the records are maintained.

''(c) BINDING NATURE OF GRANT REQUIREMENTS.—A State or local government shall not be liable for reimbursement or any other penalty for any payment made under this Act if—

''(1) the payment was authorized by an approved agreement specifying the costs;

''(2) the costs were reasonable; and

''(3) the purpose of the grant was accomplished.''.

SEC. 305. PUBLIC SAFETY OFFICER BENEFITS FOR CERTAIN FEDERAL AND STATE EMPLOYEES.

(a) IN GENERAL.—Section 1204 of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796b) is amended by striking paragraph (7) and inserting the following:

''(7) 'public safety officer' means—

''(A) an individual serving a public agency in an official capacity, with or without compensation, as a law enforcement officer, as a firefighter, or as a member of a rescue squad or ambulance crew;

''(B) an employee of the Federal Emergency Management Agency who is performing official duties of the Agency in an area, if those official duties—

''(i) are related to a major disaster or emergency that has been, or is later, declared to exist with respect to the area under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.); and

''(ii) are determined by the Director of the Federal Emergency Management Agency to be hazardous duties; or

''(C) an employee of a State, local, or tribal emergency management or civil defense agency who is performing official duties in cooperation with the Federal Emergency Management Agency in an area, if those official duties—

''(i) are related to a major disaster or emergency that has been, or is later, declared to exist with respect to the area under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.); and

''(ii) are determined by the head of the agency to be hazardous duties.''.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) applies only to employees described in subparagraphs (B) and (C) of section 1204(7) of the Omnibus Crime Control and Safe Streets Act of 1968 (as amended by subsection (a)) who are injured or who die in the line of duty on or after the date of enactment of this Act.

SEC. 306. BUY AMERICAN.

(a) COMPLIANCE WITH BUY AMERICAN ACT.—No funds authorized to be appropriated under this Act or any amendment made by this Act may be expended by an entity unless the entity, in expending the funds, complies with the Buy American Act (41 U.S.C. 10a et seq.).

(b) DEBARMENT OF PERSONS CONVICTED OF FRAUDULENT USE OF ''MADE IN AMERICA'' LABELS.—

(1) IN GENERAL.—If the Director of the Federal Emergency Management Agency determines that a person has been convicted of intentionally affixing a label bearing a ''Made in America'' inscription to any product sold in or shipped to the United States that is not made in America, the Director shall determine, not later than 90 days after determining that the person has been so convicted, whether the person should be debarred from contracting under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.).

(2) DEFINITION OF DEBAR.—In this subsection, the term ''debar'' has the meaning given the term in section 2393(c) of title 10, United States Code.

SEC. 307. TREATMENT OF CERTAIN REAL PROPERTY.

(a) IN GENERAL.—Notwithstanding the National Flood Insurance Act of 1968 (42 U.S.C. 4001 et seq.), the Flood Disaster Protection Act of 1973 (42 U.S.C. 4002 et seq.), or any other provision of law, or any flood risk zone identified, delineated, or established under any such law (by flood insurance rate map or otherwise), the real property described in subsection (b) shall not be considered to be, or to have been, located in any area having special flood hazards (including any floodway or floodplain).

(b) REAL PROPERTY.—The real property described in this subsection is all land and improvements on the land located in the Maple Terrace Subdivisions in the city of Sycamore, DeKalb County, Illinois, including—

(1) Maple Terrace Phase I;

(2) Maple Terrace Phase II;

(3) Maple Terrace Phase III Unit 1;

(4) Maple Terrace Phase III Unit 2;

(5) Maple Terrace Phase III Unit 3;

(6) Maple Terrace Phase IV Unit 1;

(7) Maple Terrace Phase IV Unit 2; and

(8) Maple Terrace Phase IV Unit 3.

(c) REVISION OF FLOOD INSURANCE RATE LOT MAPS.—As soon as practicable after the date of enactment of this Act, the Director of the Federal Emergency Management Agency shall revise the appropriate flood insurance rate lot maps of the agency to reflect the treatment under subsection (a) of the real property described in subsection (b).

SEC. 308. STUDY OF PARTICIPATION BY INDIAN TRIBES IN EMERGENCY MANAGEMENT.

(a) DEFINITION OF INDIAN TRIBE.—In this section, the term ''Indian tribe'' has the meaning given the term in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b).

(b) STUDY.—

(1) IN GENERAL.—The Director of the Federal Emergency Management Agency shall conduct a study of participation by Indian tribes in emergency management.

(2) REQUIRED ELEMENTS.—The study shall—

(A) survey participation by Indian tribes in training, predisaster and postdisaster mitigation, disaster preparedness, and disaster recovery programs at the Federal and State levels; and

(B) review and assess the capacity of Indian tribes to participate in cost-shared emergency management programs and to participate in the management of the programs.

(3) CONSULTATION.—In conducting the study, the Director shall consult with Indian tribes.

(c) REPORT.—Not later than 1 year after the date of enactment of this Act, the Director shall submit a report on the study under subsection (b) to—

(1) the Committee on Environment and Public Works of the Senate;

(2) the Committee on Transportation and Infrastructure of the House of Representatives;

(3) the Committee on Appropriations of the Senate; and

(4) the Committee on Appropriations of the House of Representatives.

TECHNOLOGY TRANSFER COMMERCIALIZATION ACT OF 1999

EDWARDS AMENDMENT NO. 4300

Mr. MACK (for Mr. EDWARDS) proposed an amendment to the bill (H.R. 209) to improve the ability of Federal agencies to license federally owned inventions; as follows:

At the appropriate place, insert the following:

SEC. . TECHNOLOGY PARTNERSHIPS OMBUDSMAN.

(A) APPOINTMENT OF OMBUDSMAN.—The Secretary of Energy shall direct the director of each national laboratory of the Department of Energy, and may direct the director of each facility under the jurisdiction of the Department of Energy, to appoint a technology partnership ombudsman to hear and help resolve complaints from outside organizations regarding the policies and actions of each such laboratory or facility with respect to technology partnerships (including cooperative research and development agreements), patents, and technology licensing.

(b) QUALIFICATIONS.—An ombudsman appointed under subsection (a) shall be a senior official of the national laboratory or facility who is not involved in day-to-day technology partnerships, patents, or technology licensing, or, if appointed from outside the laboratory or facility, function as such a senior official.

(c) DUTIES.—Each ombudsman appointed under subsection (a) shall—

(1) serve as the focal point for assisting the public and industry in resolving complaints and disputes with the national laboratory or facility regarding technology partnerships, patents, and technology licensing;

(2) promote the use of collaborative alternative dispute resolution techniques such as mediation to facilitate the speedy and low-cost resolution of complaints and disputes, when appropriate; and

(3) report quarterly on the number and nature of complaints and disputes raised, along with the ombudsman's assessment of their resolution, consistent with the protection of confidential and sensitive information, to—

(A) the Secretary;

(B) the Administrator for Nuclear Security;

(C) the Director of the Office of Dispute Resolution of the Department of Energy; and

(D) the employees of the Department responsible for the administration of the contract for the operation of each national laboratory or facility that is a subject of the report, for consideration in the administration and review of that contract.

PRIVILEGE OF THE FLOOR

Mr. WELLSTONE. Mr. President, I ask unanimous consent Evan Mathiason and Daniel Lopez, interns in my office, be granted the privilege of the floor today during Senate deliberations.

The PRESIDING OFFICER. Without objection, it is so ordered.

2000 OCTOBER QUARTERLY REPORTS

The mailing and filing date of the October Quarterly Report required by the Federal Election Campaign Act, as amended, is Sunday, October 15, 2000. All Principal Campaign Committees supporting Senate candidates in the 2000 races must file their reports with the Senate Office of Public Records, 232 Hart Building, Washington, D.C. 20510–7116. You may wish to advise your campaign committee personnel of this requirement.

The Public Records will be open from 12:00 noon until 4:00 p.m. on October 15th to receive these filings. For further information, please do not hesitate to contact the Office of Public Records on (202) 224–0322.

2000 12 DAY PRE-GENERAL REPORTS

The filing date of the 12 Day Pre-General Report required by the Federal Election Campaign Act, as amended, is Thursday, October 26, 2000. The mailing date for the aforementioned report is Monday, October 23, 2000, if postmarked by registered or certified mail. If this report is transmitted in any other manner it must be received by the filing date. All Principal Campaign Committees supporting Senate candidates in the 2000 races must file their reports with the Senate Office of Public Records, 232 Hart Building, Washington, D.C. 20510–7116. You may wish to advise your campaign committee personnel of this requirement.

The Public Records office will be open from 8:00 a.m. until 6:00 p.m. on Thursday, October 26th to receive these filings. For further information, please do not hesitate to contact the Office of Public Records on (202) 224–0322.

48 HOUR NOTIFICATIONS

The Office of Public Records will be open on three successive Saturdays and Sundays from 12:00 noon until 4:00 p.m. for the purpose of accepting 48 hour notifications of contributions required by the Federal Election Campaign Act, as amended. The dates are October 21st and 22nd, October 28th and 29th, November 4th and 5th. All principal campaign committees supporting Senate candidates in 2000 must notify the Secretary of the Senate regarding contributions of $1,000 or more if received after the 20th day, but more than 48 hours before the day of the general election. The 48 hour notifications may also be transmitted by facsimile machine. The Office of Public Records FAX number is (202) 224–1851.

REGISTRATION OF MASS MAILINGS

The filing date for 2000 third quarter mass mailings is October 25, 2000. If your office did no mass mailings during this period, please submit a form that states ''none.''

Mass mailing registrations, or negative reports, should be submitted to the Senate Office of Public Records, 232 Hart Building, Washington, D.C. 20510–7116.

The Public Records office will be open from 8:00 a.m. to 6:00 p.m. on the filing date to accept these filings. For further information, please contact the Public Records office at (202) 224–0322.

2000 30 DAY POST-GENERAL REPORTS

The mailing and filing date of the 30 Day Post-General Report required by the Federal Election Campaign Act, as amended, is Thursday, December 7, 2000. All Principal Campaign Committees supporting Senate candidates in the 2000 races must file their reports with the Senate Office of Public Records, 232 Hart Building, Washington, D.C. 20510–7116. You may wish to advise your campaign committee personnel of this requirement.

The Public Records office will be open from 9:00 a.m. to 5:00 p.m. on December 7th to receive these filings. For further information, please do not hesitate to contact the Office of Public Records on (202) 224–0322.

THE CALENDAR

Mr. MACK. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration, en bloc, of the following reported calendar items by the Energy Committee: Calendar No. 636, S. 2478; Calendar No. 637, S. 2485; Calendar No. 640, H.R. 3201; Calendar No. 665, S. 1670; Calendar No. 668, H.R. 2879; Calendar No. 713, H.R. 2833; Calendar No. 749, S. 134; Calendar No. 753, S. 1972; Calendar No. 755, S. 2300; Calendar No. 757, S. 2499; Calendar No. 768, H.R. 468; Calendar No. 770, H.R. 1695; Calendar No. 790, S. 1925; Calendar No. 792, S. 2069; Calendar No. 799, H.R. 3632; Calendar No. 811, H.R. 4226; Calendar No. 833, H.R. 4613; Calendar No. 835, H.R. 3745; Calendar No. 852, S. 2942; Calendar No. 854, S. 3000; Calendar No. 886, S. 2749; Calendar No. 887, S. 2865; Calendar No. 892, H.R. 4285; Calendar No. 897, S. 2757; Calendar No. 901, S. 2977; Calendar No. 903, S. 2885; Calendar No. 907, H.R. 4275; Calendar No. 925, S. 2111; Calendar No. 928, S. 2547; Calendar No. 931, H. Con. Res. 89; and Calendar No. 936, S. 1756.

I ask unanimous consent that any committee amendments, where appropriate, be agreed to, the bills, as amended, if amended, be read a third time and passed, as amended, if amended, any title amendments be agreed to, the resolution be agreed to, and the preamble be agreed to, the motion to reconsider be laid upon the table, and that any statements relating to any of the bills and the resolution be printed in the RECORD, with the above occurring en bloc.

The PRESIDING OFFICER (Mr. BENNETT). Without objection, it is so ordered.

PEOPLING OF AMERICA THEME STUDY ACT

The Senate proceeded to consider the bill (S. 2478) to require the Secretary of the Interior to conduct a theme study on the peopling of America, and for other purposes, which had been reported by the Committee on Energy and Natural Resources with amendments as follows:

(Omit the parts in black brackets and insert the parts printed in italic.)

S. 2478

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Peopling of America Theme Study Act''.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) an important facet of the history of the United States is the story of how the United States was populated;

(2) the migration, immigration, and settlement of the population of the United States—

(A) is broadly termed the ''peopling of America''; and

(B) is characterized by—

(i) the movement of groups of people across external and internal boundaries of the United States and territories of the United States; and

(ii) the interactions of those groups with each other and with other populations;

(3) each of those groups has made unique, important contributions to American history, culture, art, and life;

(4) the spiritual, intellectual, cultural, political, and economic vitality of the United States is a result of the pluralism and diversity of the American population;

(5) the success of the United States in embracing and accommodating diversity has strengthened the national fabric and unified the United States in its values, institutions, experiences, goals, and accomplishments;

(6)(A) the National Park Service's official thematic framework, revised in 1996, responds to the requirement of section 1209 of the Civil War Sites Study Act of 1990 (16 U.S.C. 1a–5 note; Public Law 101–628), that ''the Secretary shall ensure that the full diversity of American history and prehistory are represented'' in the identification and interpretation of historic properties by the National Park Service; and

(B) the thematic framework recognizes that ''people are the primary agents of change'' and establishes the theme of human population movement and change—or ''peopling places''—as a primary thematic category for interpretation and preservation; and

(7) although there are approximately 70,000 listings on the National Register of Historic Places, sites associated with the exploration and settlement of the United States by a broad range of cultures are not well represented.

(b) PURPOSES.—The purposes of this Act are—

(1) to foster a much-needed understanding of the diversity and contribution of the breadth of groups who have peopled the United States; and

(2) to strengthen the ability of the National Park Service to include groups and events otherwise not recognized in the peopling of the United States.

SEC. 3. DEFINITIONS.

In this Act:

(1) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.

(2) THEME STUDY.—The term ''theme study'' means the national historic landmark theme study required under section 4.

(3) PEOPLING OF AMERICA.—The term 'peopling of America'' means the migration to and within, and the settlement of, the United States.

SEC. 4. THEME STUDY.

(a) IN GENERAL.—The Secretary shall prepare and submit to Congress a national historic landmark theme study on the peopling of America.

(b) PURPOSE.—The purpose of the theme study shall be to identify regions, areas, *trails,* districts, communities, sites, buildings, structures, objects, organizations, societies, and cultures that—

(1) best illustrate and commemorate key events or decisions affecting the peopling of America; and

(2) can provide a basis for the preservation and interpretation of the peopling of America that has shaped the culture and society of the United States.

(c) IDENTIFICATION AND DESIGNATION OF POTENTIAL NEW NATIONAL HISTORIC LANDMARKS.—

(1) IN GENERAL.—The theme study shall identify and recommend for designation new national historic landmarks.

(2) LIST OF APPROPRIATE SITES.—The theme study shall—

(A) include a list in order of importance or merit of the most appropriate sites for national historic landmark designation; and

(B) encourage the nomination of other properties to the National Register of Historic ⌊Places by assisting members of the public in evaluating sites within their communities and in surrounding areas.⌋ *Places.*

(3) DESIGNATION.—On the basis of the theme study, the Secretary shall designate new national historic landmarks.

(d) NATIONAL PARK SYSTEM.—

(1) IDENTIFICATION OF SITES WITHIN CURRENT UNITS.—The theme study shall identify appropriate sites within units of the National Park System at which the peopling of America may be interpreted.

(2) IDENTIFICATION OF NEW SITES.—On the basis of the theme study, the Secretary shall recommend to Congress sites for which studies for potential inclusion in the National Park System should be authorized.

(e) CONTINUING AUTHORITY.—After the date of submission to Congress of the theme study, the Secretary shall, on a continuing basis, as appropriate to interpret the peopling of America—

(1) evaluate, identify, and designate new national historic landmarks; and

(2) evaluate, identify, and recommend to Congress sites for which studies for potential inclusion in the National Park System should be authorized.

(f) PUBLIC EDUCATION AND RESEARCH.—

(1) LINKAGES.—

(A) ESTABLISHMENT.—On the basis of the theme study, the Secretary may identify appropriate means for establishing linkages—

(i) between—

(I) regions, *trails,* areas, districts, communities, sites, buildings, structures, objects, organizations, societies, and cultures identified under subsections (b) and (d); and

(II) groups of people; and

(ii) between—

(I) regions, areas, districts, communities, sites, buildings, structures, objects, organizations, societies, and cultures identified under subsection (b); and

(II) units of the National Park System identified under subsection (d).

(B) PURPOSE.—The purpose of the linkages shall be to maximize opportunities for public education and scholarly research on the peopling of America.

(2) COOPERATIVE ARRANGEMENTS.—On the basis of the theme study, the Secretary shall, subject to the availability of funds, enter into cooperative arrangements with State and local governments, educational institutions, local historical organizations, communities, and other appropriate entities to preserve and interpret key sites in the peopling of America.

(3) EDUCATIONAL INITIATIVES.—

(A) IN GENERAL.—The documentation in the theme study shall be used for broad educational initiatives such as—

(i) popular publications;

(ii) curriculum material such as the Teaching with Historic Places program;

(iii) heritage tourism products such as the National Register of Historic Places Travel Itineraries program; and

(iv) oral history and ethnographic programs.

(B) COOPERATIVE PROGRAMS.—On the basis of the theme study, the Secretary shall implement cooperative programs to encourage the preservation and interpretation of the peopling of America.

SEC. 5. COOPERATIVE AGREEMENTS.

The Secretary may enter into cooperative agreements with educational institutions, professional associations, or other entities knowledgeable about the peopling of America—

(1) to prepare the theme study;

(2) to ensure that the theme study is prepared in accordance with generally accepted scholarly standards; and

(3) to promote cooperative arrangements and programs relating to the peopling of America.

SEC. 6. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

The committee amendments were agreed to.

The bill (S. 2478), as amended, was read the third time and passed, as follows:

S. 2478

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Peopling of America Theme Study Act''.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) an important facet of the history of the United States is the story of how the United States was populated;

(2) the migration, immigration, and settlement of the population of the United States—

(A) is broadly termed the ''peopling of America''; and

(B) is characterized by—

(i) the movement of groups of people across external and internal boundaries of the United States and territories of the United States; and

(ii) the interactions of those groups with each other and with other populations;

(3) each of those groups has made unique, important contributions to American history, culture, art, and life;

(4) the spiritual, intellectual, cultural, political, and economic vitality of the United States is a result of the pluralism and diversity of the American population;

(5) the success of the United States in embracing and accommodating diversity has strengthened the national fabric and unified the United States in its values, institutions, experiences, goals, and accomplishments;

(6)(A) the National Park Service's official thematic framework, revised in 1996, responds to the requirement of section 1209 of the Civil War Sites Study Act of 1990 (16 U.S.C. 1a–5 note; Public Law 101–628), that ''the Secretary shall ensure that the full diversity of American history and prehistory are represented'' in the identification and interpretation of historic properties by the National Park Service; and

(B) the thematic framework recognizes that ''people are the primary agents of change'' and establishes the theme of human population movement and change—or ''peopling places''—as a primary thematic category for interpretation and preservation; and

(7) although there are approximately 70,000 listings on the National Register of Historic Places, sites associated with the exploration and settlement of the United States by a broad range of cultures are not well represented.

(b) PURPOSES.—The purposes of this Act are—

(1) to foster a much-needed understanding of the diversity and contribution of the breadth of groups who have peopled the United States; and

(2) to strengthen the ability of the National Park Service to include groups and

events otherwise not recognized in the peopling of the United States.

SEC. 3. DEFINITIONS.

In this Act:

(1) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.

(2) THEME STUDY.—The term ''theme study'' means the national historic landmark theme study required under section 4.

(3) PEOPLING OF AMERICA.—The term ''peopling of America'' means the migration to and within, and the settlement of, the United States.

SEC. 4. THEME STUDY.

(a) IN GENERAL.—The Secretary shall prepare and submit to Congress a national historic landmark theme study on the peopling of America.

(b) PURPOSE.—The purpose of the theme study shall be to identify regions, areas, trails, districts, communities, sites, buildings, structures, objects, organizations, societies, and cultures that—

(1) best illustrate and commemorate key events or decisions affecting the peopling of America; and

(2) can provide a basis for the preservation and interpretation of the peopling of America that has shaped the culture and society of the United States.

(c) IDENTIFICATION AND DESIGNATION OF POTENTIAL NEW NATIONAL HISTORIC LANDMARKS.—

(1) IN GENERAL.—The theme study shall identify and recommend for designation new national historic landmarks.

(2) LIST OF APPROPRIATE SITES.—The theme study shall—

(A) include a list in order of importance or merit of the most appropriate sites for national historic landmark designation; and

(B) encourage the nomination of other properties to the National Register of Historic Places.

(3) DESIGNATION.—On the basis of the theme study, the Secretary shall designate new national historic landmarks.

(d) NATIONAL PARK SYSTEM.—

(1) IDENTIFICATION OF SITES WITHIN CURRENT UNITS.—The theme study shall identify appropriate sites within units of the National Park System at which the peopling of America may be interpreted.

(2) IDENTIFICATION OF NEW SITES.—On the basis of the theme study, the Secretary shall recommend to Congress sites for which studies for potential inclusion in the National Park System should be authorized.

(e) CONTINUING AUTHORITY.—After the date of submission to Congress of the theme study, the Secretary shall, on a continuing basis, as appropriate to interpret the peopling of America—

(1) evaluate, identify, and designate new national historic landmarks; and

(2) evaluate, identify, and recommend to Congress sites for which studies for potential inclusion in the National Park System should be authorized.

(f) PUBLIC EDUCATION AND RESEARCH.—

(1) LINKAGES.—

(A) ESTABLISHMENT.—On the basis of the theme study, the Secretary may identify appropriate means for establishing linkages—

(i) between—

(I) regions, areas, trails, districts, communities, sites, buildings, structures, objects, organizations, societies, and cultures identified under subsections (b) and (d); and

(II) groups of people; and

(ii) between—

(I) regions, areas, districts, communities, sites, buildings, structures, objects, organizations, societies, and cultures identified under subsection (b); and

(II) units of the National Park System identified under subsection (d).

(B) PURPOSE.—The purpose of the linkages shall be to maximize opportunities for public education and scholarly research on the peopling of America.

(2) COOPERATIVE ARRANGEMENTS.—On the basis of the theme study, the Secretary shall, subject to the availability of funds, enter into cooperative arrangements with State and local governments, educational institutions, local historical organizations, communities, and other appropriate entities to preserve and interpret key sites in the peopling of America.

(3) EDUCATIONAL INITIATIVES.—

(A) IN GENERAL.—The documentation in the theme study shall be used for broad educational initiatives such as—

(i) popular publications;

(ii) curriculum material such as the Teaching with Historic Places program;

(iii) heritage tourism products such as the National Register of Historic Places Travel Itineraries program; and

(iv) oral history and ethnographic programs.

(B) COOPERATIVE PROGRAMS.—On the basis of the theme study, the Secretary shall implement cooperative programs to encourage the preservation and interpretation of the peopling of America.

SEC. 5. COOPERATIVE AGREEMENTS.

The Secretary may enter into cooperative agreements with educational institutions, professional associations, or other entities knowledgeable about the peopling of America—

(1) to prepare the theme study;

(2) to ensure that the theme study is prepared in accordance with generally accepted scholarly standards; and

(3) to promote cooperative arrangements and programs relating to the peopling of America.

SEC. 6. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

SAINT CROIX ISLAND HERITAGE ACT

The Senate proceeded to consider the bill (S. 2485) to require the Secretary of the Interior to provide assistance in planning and constructing a regional heritage center in Calais, Maine, which had been reported by the Committee on Energy and Natural Resources with an amendment.

(Omit the past in black brackets and insert the part printed in italic.)

S. 2485

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Saint Croix Island Heritage Act''.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) Saint Croix Island is located in the Saint Croix River, a river that is the boundary between the State of Maine and Canada;

(2) the Island is the only international historic site in the National Park System;

(3) in 1604, French nobleman Pierre Dugua Sieur de Mons, accompanied by a courageous group of adventurers that included Samuel Champlain, landed on the Island and began the construction of a settlement;

(4) the French settlement on the Island in 1604 and 1605 was the initial site of the first permanent settlement in the New World, predating the English settlement of 1607 at Jamestown, Virginia;

(5) many people view the expedition that settled on the Island in 1604 as the beginning of the Acadian culture in North America;

(6) in October, 1998, the National Park Service completed a general management plan to manage and interpret the Saint Croix Island International Historic Site;

(7) the plan addresses a variety of management alternatives, and concludes that the best management strategy entails developing an interpretive trail and ranger station at Red Beach, Maine, and a regional heritage center in downtown Calais, Maine, in cooperation with Federal, State, and local agencies;

(8) a 1982 memorandum of understanding, signed by the Department of the Interior and the Canadian Department for the Environment, outlines a cooperative program to commemorate the international heritage of the Saint Croix Island site and specifically to prepare for the 400th anniversary of the settlement in 2004; and

(9) only 4 years remain before the 400th anniversary of the settlement at Saint Croix Island, an occasion that should be appropriately commemorated.

(b) PURPOSE.—The purpose of this Act is to direct the Secretary of the Interior to take all necessary and appropriate steps to work with Federal, State, and local agencies, historical societies, and nonprofit organizations to facilitate the development of a regional heritage center in downtown Calais, Maine before the 400th anniversary of the settlement of Saint Croix Island.

SEC. 3. DEFINITIONS.

In this Act:

(1) ISLAND.—The term ''Island'' means Saint Croix Island, located in the Saint Croix River, between Canada and the State of Maine.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior, acting through the Director of the National Park Service.

SEC. 4. SAINT CROIX ISLAND REGIONAL HERITAGE CENTER.

(a) IN GENERAL.—The Secretary shall provide assistance in planning, constructing, and operating a regional heritage center in downtown Calais, Maine, to facilitate the management and interpretation of the Saint Croix Island International Historic Site.

(b) COOPERATIVE AGREEMENTS.—To carry out subsection (a), in administering the Saint Croix Island International Historic Site, the Secretary may enter into cooperative agreements under appropriate terms and conditions [with State and local agencies] *with other Federal agencies, State and local agencies* and nonprofit organizations—

(1) to provide exhibits, interpretive services (including employing individuals to provide such services), and technical assistance;

(2) to conduct activities that facilitate the dissemination of information relating to the Saint Croix Island International Historic Site;

(3) to provide financial assistance for the construction of the regional heritage center in exchange for space in the center that is sufficient to interpret the Saint Croix Island International Historic Site; and

(4) to assist with the operation and maintenance of the regional heritage center.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

(a) DESIGN AND CONSTRUCTION.—

(1) IN GENERAL.—There is authorized to be appropriated to carry out this Act (including

the design and construction of the regional heritage center) $2,000,000.

(2) EXPENDITURE.—Paragraph (1) authorizes funds to be appropriated on the condition that any expenditure of those funds shall be matched on a dollar-for-dollar basis by funds from non-Federal sources.

(b) OPERATION AND MAINTENANCE.—There are authorized to be appropriated such sums as are necessary to maintain and operate interpretive exhibits in the regional heritage center.

The committee amendment was agreed to.

The bill (S. 2485), as amended, was read the third time and passed, as follows:

S. 2485

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Saint Croix Island Heritage Act''.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) Saint Croix Island is located in the Saint Croix River, a river that is the boundary between the State of Maine and Canada;

(2) the Island is the only international historic site in the National Park System;

(3) in 1604, French nobleman Pierre Dugua Sieur de Mons, accompanied by a courageous group of adventurers that included Samuel Champlain, landed on the Island and began the construction of a settlement;

(4) the French settlement on the Island in 1604 and 1605 was the initial site of the first permanent settlement in the New World, predating the English settlement of 1607 at Jamestown, Virginia;

(5) many people view the expedition that settled on the Island in 1604 as the beginning of the Acadian culture in North America;

(6) in October, 1998, the National Park Service completed a general management plan to manage and interpret the Saint Croix Island International Historic Site;

(7) the plan addresses a variety of management alternatives, and concludes that the best management strategy entails developing an interpretive trail and ranger station at Red Beach, Maine, and a regional heritage center in downtown Calais, Maine, in cooperation with Federal, State, and local agencies;

(8) a 1982 memorandum of understanding, signed by the Department of the Interior and the Canadian Department for the Environment, outlines a cooperative program to commemorate the international heritage of the Saint Croix Island site and specifically to prepare for the 400th anniversary of the settlement in 2004; and

(9) only 4 years remain before the 400th anniversary of the settlement at Saint Croix Island, an occasion that should be appropriately commemorated.

(b) PURPOSE.—The purpose of this Act is to direct the Secretary of the Interior to take all necessary and appropriate steps to work with Federal, State, and local agencies, historical societies, and nonprofit organizations to facilitate the development of a regional heritage center in downtown Calais, Maine before the 400th anniversary of the settlement of Saint Croix Island.

SEC. 3. DEFINITIONS.

In this Act:

(1) ISLAND.—The term ''Island'' means Saint Croix Island, located in the Saint Croix River, between Canada and the State of Maine.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior, acting through the Director of the National Park Service.

SEC. 4. SAINT CROIX ISLAND REGIONAL HERITAGE CENTER.

(a) IN GENERAL.—The Secretary shall provide assistance in planning, constructing, and operating a regional heritage center in downtown Calais, Maine, to facilitate the management and interpretation of the Saint Croix Island International Historic Site.

(b) COOPERATIVE AGREEMENTS.—To carry out subsection (a), in administering the Saint Croix Island International Historic Site, the Secretary may enter into cooperative agreements under appropriate terms and conditions with other Federal agencies, State and local agencies and nonprofit organizations—

(1) to provide exhibits, interpretive services (including employing individuals to provide such services), and technical assistance;

(2) to conduct activities that facilitate the dissemination of information relating to the Saint Croix Island International Historic Site;

(3) to provide financial assistance for the construction of the regional heritage center in exchange for space in the center that is sufficient to interpret the Saint Croix Island International Historic Site; and

(4) to assist with the operation and maintenance of the regional heritage center.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

(a) DESIGN AND CONSTRUCTION.—

(1) IN GENERAL.—There is authorized to be appropriated to carry out this Act (including the design and construction of the regional heritage center) $2,000,000.

(2) EXPENDITURE.—Paragraph (1) authorizes funds to be appropriated on the condition that any expenditure of those funds shall be matched on a dollar-for-dollar basis by funds from non-Federal sources.

(b) OPERATION AND MAINTENANCE.—There are authorized to be appropriated such sums as are necessary to maintain and operate interpretive exhibits in the regional heritage center.

CARTER G. WOODSON HOME NATIONAL HISTORIC SITE STUDY ACT OF 2000

The Senate proceeded to consider the bill (H.R. 3201) to authorize the Secretary of the Interior to study the suitability and feasibility of designating the Carter G. Woodson Home in the District of Columbia as a National Historic Site, and for other purposes.

The bill (H.R. 3201) was read the third time and passed.

FORT MATANZAS NATIONAL MONUMENT

The Senate proceeded to consider the bill (S. 1670) to revise the boundary of Fort Matanzas National Monument, and for other purposes.

The bill (S. 1670) was read the third time and passed, as follows:

S. 1670

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. DEFINITIONS.

In this Act:

(1) MAP.—The term ''Map'' means the map entitled ''Fort Matanzas National Monument'', numbered 347/80,004 and dated February, 1991.

(2) MONUMENT.—The term ''Monument'' means the Fort Matanzas National Monument in Florida.

(3) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.

SEC. 2. REVISION OF BOUNDARY.

(a) IN GENERAL.—The boundary of the Monument is revised to include an area totaling approximately 70 acres, as generally depicted on the Map.

(b) AVAILABILITY OF MAP.—The Map shall be on file and available for public inspection in the office of the Director of the National Park Service.

SEC. 3. ACQUISITION OF ADDITIONAL LAND.

The Secretary may acquire any land, water, or interests in land that are located within the revised boundary of the Monument by—

(1) donation;

(2) purchase with donated or appropriated funds;

(3) transfer from any other Federal agency; or

(4) exchange.

SEC. 4. ADMINISTRATION.

Subject to applicable laws, all land and interests in land held by the United States that are included in the revised boundary under section 2 shall be administered by the Secretary as part of the Monument.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

''I HAVE A DREAM'' PLAQUE ACT

The Senate proceeded to consider the bill (H.R. 2879) to provide for the placement at the Lincoln Memorial of a plaque commemorating the speech of Martin Luther King, Jr., known as the ''I Have a Dream'' speech, which had been reported from the Committee on Energy and Natural Resources, with an amendment to strike all after the enacting clause and insert the part printed in italic.

SECTION 1. PLACEMENT OF PLAQUE AT LINCOLN MEMORIAL.

(a) PLACEMENT OF PLAQUE.—

(1) IN GENERAL.—The Secretary of the Interior shall install in the area of the Lincoln Memorial in the District of Columbia a suitable plaque to commemorate the speech of Martin Luther King, Jr., known as the ''I Have A Dream'' speech.

(2) RELATION TO COMMEMORATIVE WORKS ACT.—The Commemorative Works Act (40 U.S.C. 1001 et seq.) shall apply to the design and placement of the plaque within the area of the Lincoln Memorial.

(b) ACCEPTANCE OF CONTRIBUTIONS.—

(1) IN GENERAL.—The Secretary of the Interior is authorized to accept and expand contributions toward the cost of preparing and installing the plaque, without further appropriation. Federal funds may be used to design, procure, or install the plaque.

The committee amendment in the nature of a substitute was agreed to.

The bill (H.R. 2879), as amended, was read the third time and passed.

YUMA CROSSING NATIONAL HERITAGE AREA ACT OF 2000

The Senate proceeded to consider the bill (H.R. 2833) to establish the Yuma Crossing National Heritage Area.

The bill (H.R. 2833) was read the third time and passed.

GAYLORD NELSON APOSTLE ISLANDS STEWARDSHIP ACT OF 1999

The Senate proceeded to consider the bill (S. 134) to direct the Secretary of the Interior to study whether the Apostle Islands National Lakeshore should be protected as a wilderness area, which had been reported from the Committee on Energy and Natural Resources, with an amendment as follows:

(Omit the part in black brackets)

S. 134

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Gaylord Nelson Apostle Islands Stewardship Act of 1999''.

SEC. 2. GAYLORD NELSON APOSTLE ISLANDS.

(a) DECLARATIONS.—Congress declares that—

(1) the Apostle Islands National Lakeshore is a national and a Wisconsin treasure;

(2) the State of Wisconsin is particularly indebted to former Senator Gaylord Nelson for his leadership in the creation of the Lakeshore;

(3) after more than 28 years of enjoyment, some issues critical to maintaining the overall ecological, recreational, and cultural vision of the Lakeshore need additional attention;

(4) the general management planning process for the Lakeshore has identified a need for a formal wilderness study;

(5) all land within the Lakeshore that might be suitable for designation as wilderness are zoned and managed to protect wilderness characteristics pending completion of such a study;

(6) several historic lighthouses within the Lakeshore are in danger of structural damage due to severe erosion;

(7) the Secretary of the Interior has been unable to take full advantage of cooperative agreements with Federal, State, local, and tribal governmental agencies, institutions of higher education, and other nonprofit organizations that could assist the National Park Service by contributing to the management of the Lakeshore;

(8) because of competing needs in other units of the National Park System, the standard authorizing and budgetary process has not resulted in updated legislative authority and necessary funding for improvements to the Lakeshore; and

(9) the need for improvements to the Lakeshore and completion of a wilderness study should be accorded a high priority among National Park Service activities.

(b) DEFINITIONS.—In this section:

(1) LAKESHORE.—The term ''Lakeshore'' means the Apostle Islands National Lakeshore.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior, acting through the Director of the National Park Service.

(c) WILDERNESS STUDY.—In fulfillment of the responsibilities of the Secretary under the Wilderness Act (16 U.S.C. 1131 et seq.) and of applicable agency policy, the Secretary shall evaluate areas of land within the Lakeshore for inclusion in the National Wilderness System.

(d) APOSTLE ISLANDS LIGHTHOUSES.—The Secretary shall undertake appropriate action (including protection of the bluff toe beneath the lighthouses, stabilization of the bank face, and dewatering of the area immediately shoreward of the bluffs) to protect the lighthouse structures at Raspberry Lighthouse and Outer Island Lighthouse on the Lakeshore.

(e) COOPERATIVE AGREEMENTS.—Section 6 of Public Law 91–424 (16 U.S.C. 460w–5) is amended—

(1) by striking ''SEC. 6. The lakeshore'' and inserting the following:

''SEC. 6. MANAGEMENT.

''(a) IN GENERAL.—The lakeshore''; and

(2) by adding at the end the following:

''(b) COOPERATIVE AGREEMENTS.—The Secretary may enter into a cooperative agreement with a Federal, State, tribal, or local government agency or a nonprofit private entity if the Secretary determines that a cooperative agreement would be beneficial in carrying out section 7.''.

(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated—

(1) $200,000 to carry out subsection (c); and

(2) $3,900,000 to carry out subsection (d).

[(g) FUNDING.—

[(1) IN GENERAL.—Of the funds made available under the heading ''CLEAN COAL TECHNOLOGY'' under the heading ''DEPARTMENT OF ENERGY'' for obligation in prior years, in addition to the funds deferred under the heading ''CLEAN COAL TECHNOLOGY'' under the heading ''DEPARTMENT OF ENERGY'' under section 101(e) of division A of Public Law 105–277—

[(A) $5,000,000 shall not be available until October 1, 2000; and

[(B) $5,000,000 shall not be available until October 1, 2001.

[(2) ONGOING PROJECTS.—Funds made available in previous appropriations Acts shall be available for any ongoing project regardless of the separate request for proposal under which the project was selected.

[(3) TRANSFER OF FUNDS.—In addition to any amounts made available under subsection (f), amounts made available under paragraph (1) shall be transferred to the Secretary for use in carrying out subsections (c) and (d).

[(4) UNEXPECTED BALANCE.—Any balance of funds transferred under paragraph (3) that remain unexpended at the end of fiscal year 1999 shall be returned to the Treasury.]

The committee amendment was agreed to.

The bill (S. 134), as amended, was read the third time and passed, as follows:

S. 134

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Gaylord Nelson Apostle Islands Stewardship Act of 2000''.

SEC. 2. GAYLORD NELSON APOSTLE ISLANDS.

(a) DECLARATIONS.—Congress declares that—

(1) the Apostle Islands National Lakeshore is a national and a Wisconsin treasure;

(2) the State of Wisconsin is particularly indebted to former Senator Gaylord Nelson for his leadership in the creation of the Lakeshore;

(3) after more than 28 years of enjoyment, some issues critical to maintaining the overall ecological, recreational, and cultural vision of the Lakeshore need additional attention;

(4) the general management planning process for the Lakeshore has identified a need for a formal wilderness study;

(5) all land within the Lakeshore that might be suitable for designation as wilderness are zoned and managed to protect wilderness characteristics pending completion of such a study;

(6) several historic lighthouses within the Lakeshore are in danger of structural damage due to severe erosion;

(7) the Secretary of the Interior has been unable to take full advantage of cooperative agreements with Federal, State, local, and tribal governmental agencies, institutions of higher education, and other nonprofit organizations that could assist the National Park Service by contributing to the management of the Lakeshore;

(8) because of competing needs in other units of the National Park System, the standard authorizing and budgetary process has not resulted in updated legislative authority and necessary funding for improvements to the Lakeshore; and

(9) the need for improvements to the Lakeshore and completion of a wilderness study should be accorded a high priority among National Park Service activities.

(b) DEFINITIONS.—In this section:

(1) LAKESHORE.—The term ''Lakeshore'' means the Apostle Islands National Lakeshore.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior, acting through the Director of the National Park Service.

(c) WILDERNESS STUDY.—In fulfillment of the responsibilities of the Secretary under the Wilderness Act (16 U.S.C. 1131 et seq.) and of applicable agency policy, the Secretary shall evaluate areas of land within the Lakeshore for inclusion in the National Wilderness System.

(d) APOSTLE ISLANDS LIGHTHOUSES.—The Secretary shall undertake appropriate action (including protection of the bluff toe beneath the lighthouses, stabilization of the bank face, and dewatering of the area immediately shoreward of the bluffs) to protect the lighthouse structures at Raspberry Lighthouse and Outer Island Lighthouse on the Lakeshore.

(e) COOPERATIVE AGREEMENTS.—Section 6 of Public Law 91–424 (16 U.S.C. 460w–5) is amended—

(1) by striking ''SEC. 6. The lakeshore'' and inserting the following:

''SEC. 6. MANAGEMENT.

''(a) IN GENERAL.—The lakeshore''; and

(2) by adding at the end the following:

''(b) COOPERATIVE AGREEMENTS.—The Secretary may enter into a cooperative agreement with a Federal, State, tribal, or local government agency or a nonprofit private entity if the Secretary determines that a cooperative agreement would be beneficial in carrying out section 7.''.

(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated—

(1) $200,000 to carry out subsection (c); and

(2) $3,900,000 to carry out subsection (d).

CONVEYANCE OF JOE ROWELL PARK

The Senate proceeded to consider the bill (S. 1972) to direct the Secretary of

Agriculture to convey to the town of Dolores, Colorado, the current site of Joe Rowell Park, which had been reported from the Committee on Energy and Natural Resources, with amendments as follows:

(Omit the part in black brackets and insert the part printed in italic.)

S. 1972

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONVEYANCE OF JOE ROWELL PARK.

(a) IN GENERAL.—The Secretary of Agriculture shall convey to the town of Dolores, Colorado, for no consideration, all right, title, and interest of the United States in and to the parcel of real property described in subsection (b), for open space, park, and recreational purposes.

(b) DESCRIPTION OF PROPERTY.—

(1) IN GENERAL.—The property referred to in subsection (a) is a parcel of approximately 25 acres of land comprising the site of the Joe Rowell Park (including all improvements on the land and equipment and other items of personal property as agreed to by the Secretary) [in section 16 (Map 1), township 37 north, range 15 west, NMPM, Dolores, Colorado.] *depicted on the map entitled ''Joe Rowell Park,'' dated July 12, 2000.*

(2) SURVEY.—

(A) IN GENERAL.—The exact acreage and legal description of the property to be conveyed under subsection (a) shall be determined by a survey satisfactory to the Secretary.

(B) COST.—As a condition of any conveyance under this section, the town of Dolores shall pay the cost of the survey.

(c) POSSIBILITY OF REVERTER.—Title to any real property acquired by the town of Dolores, Colorado, under this section shall revert to the United States if the town—

(1) attempts to convey or otherwise transfer ownership of any portion of the property to any other person;

(2) attempts to encumber the title of the property; or

(3) permits the use of any portion of the property for any purpose incompatible with the purpose described in subsection (a) for which the property is conveyed.

(d) The map referenced in subsection (b)(1) shall be on file for public inspection in the Office of the Chief of the Forest Service at the Department of Agriculture in Washington, DC.

The committee amendments were agreed to.

The bill (S. 1972), as amended, was read the third time and passed, as follows:

COAL MARKET COMPETITION ACT OF 2000

The Senate proceeded to consider the bill (S. 2300) to amend the Mineral Leasing Act to increase the maximum acreage of Federal leases for coal that may be held by an entity in any 1 State.

The bill (S. 2300) was read the third time and passed, as follows:

S. 2300

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. TITLE.

This Act may be cited as the ''Coal Market Competition Act of 2000''.

SEC. 2. FINDINGS.

Congress finds that—

(1) Federal land contains commercial deposits of coal, the Nation's largest deposits of coal being located on Federal land in Utah, Colorado, Montana, and the Powder River Basin of Wyoming;

(2) coal is mined on Federal land through Federal coal leases under the Act of February 25, 1920 (commonly known as the ''Mineral Leasing Act'') (30 U.S.C. 181 et seq.);

(3) the sub-bituminous coal from these mines is low in sulfur, making it the cleanest burning coal for energy production;

(4) the Mineral Leasing Act sets for each leasable mineral a limitation on the amount of acreage of Federal leases any 1 producer may hold in any 1 State or nationally;

(5)(A) the present acreage limitation for Federal coal leases has been in place since 1976;

(B) currently the coal lease acreage limit of 46,080 acres per State is less than the per-State Federal lease acreage limit for potash (96,000 acres) and oil and gas (246,080 acres);

(6) coal producers in Wyoming and Utah are operating mines on Federal leaseholds that contain total acreage close to the coal lease acreage ceiling;

(7) the same reasons that Congress cited in enacting increases for State lease acreage caps applicable in the case of other minerals—the advent of modern mine technology, changes in industry economics, greater global competition, and the need to conserve Federal resources—apply to coal;

(8) existing coal mines require additional lease acreage to avoid premature closure, but those mines cannot relinquish mined-out areas to lease new acreage because those areas are subject to 10-year reclamation plans, and the reclaimed acreage is counted against the State and national acreage limits;

(9) to enable them to make long-term business decisions affecting the type and amount of additional infrastructure investments, coal producers need certainty that sufficient acreage of leasable coal will be available for mining in the future; and

(10) to maintain the vitality of the domestic coal industry and ensure the continued flow of valuable revenues to the Federal and State governments and of energy to the American public from coal production on Federal land, the Mineral Leasing Act should be amended to increase the acreage limitation for Federal coal leases.

SEC. 3. COAL MINING ON FEDERAL LAND.

Section 27(a) of the Act of February 25, 1920 (30 U.S.C. 184(a)), is amended—

(1) by striking ''(a)'' and all that follows through ''No person'' and inserting ''(a) COAL LEASES.—No person'';

(2) by striking ''forty-six thousand and eighty acres'' and inserting ''75,000 acres''; and

(3) by striking ''one hundred thousand acres'' each place it appears and inserting ''150,000 acres''.

THE DEADLINE FOR COMMENCEMENT OF CONSTRUCTION OF A HYDROELECTRIC PROJECT IN THE STATE OF PENNSYLVANIA

The Senate proceeded to consider the bill (S. 2499) to extend the deadline for commencement of construction of a hydroelectric project in the State of Pennsylvania.

The bill (S. 2499) was read the third time and passed, as follows:

S. 2499

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. EXTENSION OF DEADLINE AND REINSTATEMENT OF LICENSE.

(a) IN GENERAL.—Notwithstanding the time period specified in section 13 of the Federal Power Act (16 U.S.C. 806) that would otherwise apply to the Federal Energy Regulatory Commission project numbered 7041, the Commission shall, at the request of the licensee for the project, extend the period required for commencement of construction of the project until December 31, 2001.

(b) EFFECTIVE DATE.—Subsection (a) takes effect on the expiration of the period required for commencement of construction of the project described in subsection (a).

(c) REINSTATEMENT OF EXPIRED LICENSE.—If the license for the project described in subsection (a) has expired before the date of enactment of this Act, the Commission shall reinstate the license effective as of the date of its expiration and extend the time required for commencement of construction as provided in subsection (a).

SAINT HELENA ISLAND NATIONAL SCENIC AREA ACT

The Senate proceeded to consider the bill (H.R. 468) to establish the Saint Helena Island National Scenic Area which had been reported from the Committee on Energy and Natural Resources, with an amendment as follows:

(Omit the part in black brackets and insert the part printed in italic)

H.R. 468

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Saint Helena Island National Scenic Area Act''.

SEC. 2. ESTABLISHMENT OF SAINT HELENA ISLAND NATIONAL SCENIC AREA, MICHIGAN.

(a) PURPOSE.—The purposes of this Act are—

(1) to preserve and protect for present and future generations the outstanding resources and values of Saint Helena Island in Lake Michigan, Michigan; and

(2) to provide for the conservation, protection, and enhancement of primitive recreation opportunities, fish and wildlife habitat, vegetation, and historical and cultural resources of the island.

(b) ESTABLISHMENT.—For the purposes described in subsection (a), there shall be established the Saint Helena Island National Scenic Area (in this Act referred to as the ''scenic area'').

(c) EFFECTIVE UPON CONVEYANCE.—Subsection (b) shall be effective upon conveyance of satisfactory title to the United States of the whole of Saint Helena Island, except that portion conveyed to the Great Lakes Lighthouse Keepers Association pursuant to section 1001 of the Coast Guard Authorization Act of 1996 (Public Law 104–324; 110 Stat. 3948).

SEC. 3. BOUNDARIES.

(a) SAINT HELENA ISLAND.—The scenic area shall comprise all of Saint Helena Island, in Lake Michigan, Michigan, and all associated rocks, pinnacles, islands, and islets within

one-eighth mile of the shore of Saint Helena Island.

(b) BOUNDARIES OF HIAWATHA NATIONAL FOREST EXTENDED.—Upon establishment of the scenic area, the boundaries of the Hiawatha National Forest shall be extended to include all of the lands within the scenic area. All such extended boundaries shall be deemed boundaries in existence as of January 1, 1965, for the purposes of section 8 of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601–9).

(c) PAYMENTS TO LOCAL GOVERNMENTS.—Solely for purposes of payments to local governments pursuant to section 6902 of title 31, United States Code, lands acquired by the United States under this Act shall be treated as entitlement lands.

SEC. 4. ADMINISTRATION AND MANAGEMENT.

(a) ADMINISTRATION.—Subject to valid existing rights, the Secretary of Agriculture (in this Act referred to as the ''Secretary'') shall administer the scenic area in accordance with the laws, rules, and regulations applicable to the National Forest System in furtherance of the purposes of this Act.

(b) SPECIAL MANAGEMENT REQUIREMENTS.—[With-in 3 years of the date of the enactment of this Act, the Secretary shall seek to develop a management plan for the scenic area as an amendment to the land and resources management plan for the Hiawatha National Forest.] *Within 3 years of the acquisition of 50 percent of the land authorized for acquisition under section 7, the Secretary shall develop an amendment to the land and resources management plan for the Hiawatha National Forest which will direct management of the scenic area.* Such an amendment shall conform to the provisions of this Act. Nothing in this Act shall require the Secretary to revise the land and resource management plan for the Hiawatha National Forest pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604). In developing a plan for management of the scenic area, the Secretary shall address the following special management considerations:

(1) PUBLIC ACCESS.—Alternative means for providing public access from the mainland to the scenic area shall be considered, including any available existing services and facilities, concessionaires, special use permits, or other means of making public access available for the purposes of this Act.

(2) ROADS.—After the date of the enactment of this Act, no new permanent roads shall be constructed within the scenic area.

(3) VEGETATION MANAGEMENT.—No timber harvest shall be allowed within the scenic area, except as may be necessary in the control of fire, insects, and diseases, and to provide for public safety and trail access. Notwithstanding the foregoing, the Secretary may engage in vegetation manipulation practices for maintenance of wildlife habitat and visual quality. Trees cut for these purposes may be utilized, salvaged, or removed from the scenic area as authorized by the Secretary.

(4) MOTORIZED TRAVEL.—Motorized travel shall not be permitted within the scenic area, except on the waters of Lake Michigan, and as necessary for administrative use in furtherance of the purposes of this Act.

(5) FIRE.—Wildfires shall be suppressed in a manner consistent with the purposes of this Act, using such means as the Secretary deems appropriate.

(6) INSECTS AND DISEASE.—Insect and disease outbreaks may be controlled in the scenic area to maintain scenic quality, prevent tree mortality, or to reduce hazards to visitors.

(7) DOCKAGE.—The Secretary shall provide through concession, permit, or other means docking facilities consistent with the management plan developed pursuant to this section.

(8) SAFETY.—The Secretary shall take reasonable actions to provide for public health and safety and for the protection of the scenic area in the event of fire or infestation of insects or disease.

(c) CONSULTATION.—In preparing the management plan, the Secretary shall consult with appropriate State and local government officials, provide for full public participation, and consider the views of all interested parties, organizations, and individuals.

SEC. 5. FISH AND GAME.

Nothing in this Act shall be construed as affecting the jurisdiction or responsibilities of the State of Michigan with respect to fish and wildlife in the scenic area.

SEC. 6. MINERALS.

Subject to valid existing rights, the lands within the scenic area are hereby withdrawn from disposition under all laws pertaining to mineral leasing, including all laws pertaining to geothermal leasing. Also subject to valid existing rights, the Secretary shall not allow any mineral development on federally owned land within the scenic area, except that common varieties of mineral materials, such as stone and gravel, may be utilized only as authorized by the Secretary to the extent necessary for construction and maintenance of roads and facilities within the scenic area.

SEC. 7. ACQUISITION.

(a) ACQUISITION OF LANDS WITHIN THE SCENIC AREA.—The Secretary shall acquire, by purchase from willing sellers, gift, or exchange, lands, waters, structures, or interests therein, including scenic or other easements, within the boundaries of the scenic area to further the purposes of this Act.

(b) ACQUISITION OF OTHER LANDS.—The Secretary may acquire, by purchase from willing sellers, gift, or exchange, not more than 10 acres of land, including any improvements thereon, on the mainland to provide access to and administrative facilities for the scenic area.

SEC. 8. AUTHORIZATION OF APPROPRIATIONS.

(a) ACQUISITION OF LANDS.—There are hereby authorized to be appropriated such sums as may be necessary for the acquisition of land, interests in land, or structures within the scenic area and on the mainland as provided in section 7.

(b) OTHER PURPOSES.—In addition to the amounts authorized to be appropriated under subsection (a), there are authorized to be appropriated such sums as may be necessary for the development and implementation of the management plan under section 4(b).

The committee amendment was agreed to.

The bill (H.R. 468), as amended, was read the third time and passed.

IVANAPAH VALLEY AIRPORT PUBLIC LANDS TRANSFER ACT

The Senate proceeded to consider the bill (H.R. 1695) to provide for the conveyance of certain Federal public lands in the Ivanapah Valley, Nevada, to Clark County, Nevada, and for the development of an airport facility, and for other purposes, which had been reported from the Committee on Energy and Natural Resources, with amendments as follows:

(Omit the part in black brackets and insert the part printed in italic)

S. 1695

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Ivanpah Valley Airport Public Lands Transfer Act''.

SEC. 2. CONVEYANCE OF LANDS TO CLARK COUNTY, NEVADA.

(a) IN GENERAL.—Notwithstanding the land use planning requirements contained in sections 202 and 203 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1712 and 1713), but subject to subsection (b) of this section and valid existing rights, the Secretary shall convey to the County all right, title, and interest of the United States in and to the Federal public lands identified for disposition on the map entitled ''Ivanpah Valley, Nevada-Airport Selections'' numbered 01, and dated April 1999, for the purpose of developing an airport facility and related infrastructure. The Secretary shall keep such map on file and available for public inspection in the offices of the Director of the Bureau of Land Management and in the district office of the Bureau located in Las Vegas, Nevada.

(b) CONDITIONS.—The Secretary shall make no conveyance under subsection (a) until each of the following conditions are fulfilled:

(1) The County has conducted an airspace [assessment] *assessment, using the airspace management plan required by section 4(a),* to identify any potential adverse effects on access to the Las Vegas Basin under visual flight rules that would result from the construction and operation of a commercial or primary airport, or both, on the land to be conveyed.

(2) The Federal Aviation Administration has made a certification under section 4(b).

(3) The County has entered into an agreement with the Secretary to retain ownership of Jean Airport, located at Jean, Nevada, and to maintain and operate such airport for general aviation purposes.

(c) PAYMENT.—

(1) IN GENERAL.—As consideration for the conveyance of each parcel, the County shall pay to the United States an amount equal to the fair market value of the parcel.

[(2) DEPOSIT IN SPECIAL ACCOUNT.—The Secretary shall deposit the payments received under paragraph (1) in the special account described in section 4(e)(1)(C) of the Southern Nevada Public Land Management Act of 1998 (112 Stat. 2345). The second sentence of section 4(f) of such Act (112 Stat. 2346) shall not apply to interest earned on amounts deposited under this paragraph.]

(2) DEPOSIT IN SPECIAL ACCOUNT.—(A) The Secretary shall deposit the payments received under paragraph (1) into the special account described in section 4(e)(1)(C) of the Southern Nevada Public Land Management Act of 1998 (112 Stat. 2345). Such funds may be expended only for the acquisition of private inholdings in the Mojave National Preserve and for the protection and management of the petroglyph resources in Clark County, Nevada. The second sentence of section 4(f) of such Act (112 Stat. 2346) shall not apply to interest earned on amounts deposited under this paragraph.

(B) The Secretary may not expend funds pursuant to this section until—

(i) the provisions of section 5 of this Act have been completed; and

(ii) a final Record of Decision pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) has been issued which permits development of an airport at the Ivanpah site.

[(d) REVERSION AND REENTRY.—If, following completion of compliance with section 5 of this Act, the Federal Aviation Administration and the County determine that an airport cannot be constructed on the conveyed lands—]

(d) REVERSION AND REENTRY.—If, following completion of compliance with section 5 of this Act and in accordance with the findings made by the actions taken in compliance with such section, the Federal Aviation Administration and the County determine that an airport should not be constructed on the conveyed lands—

(1) the Secretary of the Interior shall immediately refund to the County all payments made to the United States for such lands under subsection (c); and

(2) upon such payment—

(A) all right, title, and interest in the lands conveyed to the County under this Act shall revert to the United States; and

(B) the Secretary may reenter such lands.

SEC. 3. MINERAL ENTRY FOR LANDS ELIGIBLE FOR CONVEYANCE.

The public lands referred to in section 2(a) are withdrawn from mineral entry under the Act of May 10, 1872 (30 U.S.C. 22 et seq.; popularly known as the Mining Law of 1872) and the Mineral Leasing Act (30 U.S.C. 181 et seq.).

SEC. 4. ACTIONS BY THE DEPARTMENT OF TRANSPORTATION.

(a) DEVELOPMENT OF AIRSPACE MANAGEMENT PLAN.—The Secretary of Transportation shall, in consultation with the [Secretary,] *Secretary, prior to the conveyance of the land referred to in section 2(a),* develop an airspace management plan for the Ivanpah Valley Airport that shall, to the maximum extent practicable and without adversely impacting safety considerations, restrict aircraft arrivals and departures over the Mojave Desert Preserve in California.

(b) CERTIFICATION OF ASSESSMENT.—The Administrator of the Federal Aviation Administration shall certify to the Secretary that the assessment made by the County under section 2(b)(1) is thorough and that alternatives have been developed to address each adverse effect identified in the assessment, including alternatives that ensure access to the Las Vegas Basin under visual flight rules at a level that is equal to or better than existing access.

SEC. 5. COMPLIANCE WITH NATIONAL ENVIRONMENTAL POLICY ACT OF 1969 REQUIRED.

Prior to construction of an airport facility on lands conveyed under section 2, all actions required under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) with respect to initial planning and construction shall be completed by the Secretary of Transportation and the Secretary of the Interior as joint lead agencies. *Any actions conducted in accordance with this section shall specifically address any impacts on the purposes for which the Mojave National Preserve was created.*

SEC. 6. DEFINITIONS.

In this Act—

(1) the term ''County'' means Clark County, Nevada; and

(2) the term ''Secretary'' means the Secretary of the Interior.

The committee amendments were agreed to.

The bill (H.R. 1695), as amended, was read the third time and passed.

LAKE TAHOE RESTORATION ACT

The Senate proceeded to consider the bill (S. 1925) to promote environmental restoration around Lake Tahoe basin, which had been reported from the Committee on Energy and Natural Resources, with an amendment as follows:

(Strike out all after the enacting clause and insert the part printed in italic)

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Lake Tahoe Restoration Act''.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) Lake Tahoe, one of the largest, deepest, and clearest lakes in the world, has a cobalt blue color, a unique alpine setting, and remarkable water clarity, and is recognized nationally and worldwide as a natural resource of special significance;

(2) in addition to being a scenic and ecological treasure, Lake Tahoe is one of the outstanding recreational resources of the United States, offering skiing, water sports, biking, camping, and hiking to millions of visitors each year, and contributing significantly to the economies of California, Nevada, and the United States;

(3) the economy in the Lake Tahoe basin is dependent on the protection and restoration of the natural beauty and recreation opportunities in the area;

(4) Lake Tahoe is in the midst of an environmental crisis; the Lake's water clarity has declined from a visibility level of 105 feet in 1967 to only 70 feet in 1999, and scientific estimates indicate that if the water quality at the Lake continues to degrade, Lake Tahoe will lose its famous clarity in only 30 years;

(5) sediment and algae-nourishing phosphorous and nitrogen continue to flow into the Lake from a variety of sources, including land erosion, fertilizers, air pollution, urban runoff, highway drainage, streamside erosion, land disturbance, and ground water flow;

(6) methyl tertiary butyl ether—

(A) has contaminated and closed more than 1/3 of the wells in South Tahoe; and

(B) is advancing on the Lake at a rate of approximately 9 feet per day;

(7) destruction of wetlands, wet meadows, and stream zone habitat has compromised the Lake's ability to cleanse itself of pollutants;

(8) approximately 40 percent of the trees in the Lake Tahoe basin are either dead or dying, and the increased quantity of combustible forest fuels has significantly increased the risk of catastrophic forest fire in the Lake Tahoe basin;

(9) as the largest land manager in the Lake Tahoe basin, with 77 percent of the land, the Federal Government has a unique responsibility for restoring environmental health to Lake Tahoe;

(10) the Federal Government has a long history of environmental preservation at Lake Tahoe, including—

(A) congressional consent to the establishment of the Tahoe Regional Planning Agency in 1969 (Public Law 91–148; 83 Stat. 360) and in 1980 (Public Law 96–551; 94 Stat. 3233);

(B) the establishment of the Lake Tahoe Basin Management Unit in 1973; and

(C) the enactment of Public Law 96–586 (94 Stat. 3381) in 1980 to provide for the acquisition of environmentally sensitive land and erosion control grants;

(11) the President renewed the Federal Government's commitment to Lake Tahoe in 1997 at the Lake Tahoe Presidential Forum, when he committed to increased Federal resources for environmental restoration at Lake Tahoe and established the Federal Interagency Partnership and Federal Advisory Committee to consult on natural resources issues concerning the Lake Tahoe basin;

(12) the States of California and Nevada have contributed proportionally to the effort to protect and restore Lake Tahoe, including—

(A) expenditures—

(i) exceeding $200,000,000 by the State of California since 1980 for land acquisition, erosion control, and other environmental projects in the Lake Tahoe basin; and

(ii) exceeding $30,000,000 by the State of Nevada since 1980 for the purposes described in clause (i); and

(B) the approval of a bond issue by voters in the State of Nevada authorizing the expenditure by the State of an additional $20,000,000; and

(13) significant additional investment from Federal, State, local, and private sources is needed to stop the damage to Lake Tahoe and its forests, and restore the Lake Tahoe basin to ecological health.

(b) PURPOSES.—The purposes of this Act are—

(1) to enable the Forest Service to plan and implement significant new environmental restoration activities and forest management activities to address the phenomena described in paragraphs (4) through (8) of subsection (a) in the Lake Tahoe basin;

(2) to ensure that Federal, State, local, regional, tribal, and private entities continue to work together to improve water quality and manage Federal land in the Lake Tahoe Basin Management Unit; and

(3) to provide funding to local governments for erosion and sediment control projects on non-Federal land if the projects benefit the Federal land.

SEC. 3. DEFINITIONS.

In this Act:

(1) ENVIRONMENTAL THRESHOLD CARRYING CAPACITY.—The term ''environmental threshold carrying capacity'' has the meaning given the term in article II of the Tahoe Regional Planning Compact set forth in the first section of Public Law 96–551 (94 Stat. 3235).

(2) FIRE RISK REDUCTION ACTIVITY.—

(A) IN GENERAL.—The term ''fire risk reduction activity'' means an activity that is necessary to reduce the risk of wildlife to promote forest management and simultaneously achieve and maintain the environmental threshold carrying capacities established by the Planning Agency in a manner consistent, where applicable, with chapter 71 of the Tahoe Regional Planning Agency Code of Ordinances.

(B) INCLUDED ACTIVITIES.—The term ''fire risk reduction activity'' includes—

(i) prescribed burning;

(ii) mechanical treatment;

(iii) road obliteration or reconstruction; and

(iv) such other activities consistent with Forest Service practices as the Secretary determines to be appropriate.

(3) PLANNING AGENCY.—The term ''Planning Agency'' means the Tahoe Regional Planning Agency established under Public Law 91–148 (83 Stat. 360) and Public Law 96–551 (94 Stat. 3233).

(4) PRIORITY LIST.—The term ''priority list'' means the environmental restoration priority list developed under section 6.

(5) SECRETARY.—The term ''Secretary'' means the Secretary of Agriculture, acting through the Chief of the Forest Service.

SEC. 4. ADMINISTRATION OF THE LAKE TAHOE BASIN MANAGEMENT UNIT.

(a) IN GENERAL.—The Lake Tahoe Basin Management Unit shall be administered by the Secretary in accordance with this Act and the laws applicable to the National Forest System.

(b) RELATIONSHIP TO OTHER AUTHORITY.—

(1) PRIVATE OR NON-FEDERAL LAND.—Nothing in this Act grants regulatory authority to the Secretary over private or other non-Federal land.

(2) PLANNING AGENCY.—Nothing in this Act affects or increases the authority of the Planning Agency.

(3) ACQUISITION UNDER OTHER LAW.—Nothing in this Act affects the authority of the Secretary to acquire land from willing sellers in the Lake Tahoe basin under any other law.

SEC. 5. CONSULTATION WITH PLANNING AGENCY AND OTHER ENTITIES.

(a) IN GENERAL.—With respect to the duties described in subsection (b), the Secretary shall consult with and seek the advice and recommendations of—

(1) the Planning Agency;

(2) the Tahoe Federal Interagency Partnership established by Executive Order No. 13057 (62 Fed. Reg. 41249) or a successor Executive order;

(3) the Lake Tahoe Basin Federal Advisory Committee established by the Secretary on December 15, 1998 (64 Fed. Reg. 2876) (until the committee is terminated);

(4) Federal representatives and all political subdivisions of the Lake Tahoe Basin Management Unit; and

(5) the Lake Tahoe Transportation and Water Quality Coalition.

(b) DUTIES.—The Secretary shall consult with and seek advice and recommendations from the entities described in subsection (a) with respect to—

(1) the administration of the Lake Tahoe Basin Management Unit;

(2) the development of the priority list;

(3) the promotion of consistent policies and strategies to address the Lake Tahoe basin's environmental and recreational concerns;

(4) the coordination of the various programs, projects, and activities relating to the environment and recreation in the Lake Tahoe basin to avoid unnecessary duplication and inefficiencies of Federal, State, local, tribal, and private efforts; and

(5) the coordination of scientific resources and data, for the purpose of obtaining the best available science as a basis for decisionmaking on an ongoing basis.

SEC. 6. ENVIRONMENTAL RESTORATION PRIORITY LIST.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary shall develop a priority list of potential or proposed environmental restoration projects for the Lake Tahoe Basin Management Unit.

(b) DEVELOPMENT OF PRIORITY LIST.—In developing the priority list, the Secretary shall—

(1) use the best available science, including any relevant findings and recommendations of the watershed assessment conducted by the Forest Service in the Lake Tahoe basin; and

(2) include, in order of priority, potential or proposed environmental restoration projects in the Lake Tahoe basin that—

(A) are included in or are consistent with the environmental improvement program adopted by the Planning Agency in February 1998 and amendments to the program;

(B) would help to achieve and maintain the environmental threshold carrying capacities for—

(i) air quality;

(ii) fisheries;

(iii) noise;

(iv) recreation;

(v) scenic resources;

(vi) soil conservation;

(vii) forest health;

(viii) water quality; and

(ix) wildlife;

(3) in determining the order of priority of potential and proposed environmental restoration projects under paragraph (2), the focus shall address projects (listed in no particular order) involving—

(A) erosion and sediment control, including the activities described in section 2(g) of Public Law 96–586 (94 Stat. 3381) (as amended by section 7 of this Act);

(B) the acquisition of environmentally sensitive land from willing sellers under Public Law 96–586 (94 Stat. 3381) or land acquisition under any other Federal law;

(C) fire risk reduction activities in urban areas and urban-wildland interface areas, including high recreational use areas and urban lots acquired from willing sellers under Public Law 96–586 (94 Stat. 3381);

(D) cleaning up methyl tertiary butyl ether contamination; and

(E) the management of vehicular parking and traffic in the Lake Tahoe Basin Management Unit, especially—

(i) improvement of public access to the Lake Tahoe basin, including the promotion of alternatives to the private automobile;

(ii) the Highway 28 and 89 corridors and parking problems in the area; and

(iii) cooperation with local public transportation systems, including—

(I) the Coordinated Transit System; and

(II) public transit systems on the north shore of Lake Tahoe.

(c) MONITORING.—The Secretary shall provide for continuous scientific research on and monitoring of the implementation of projects on the priority list, including the status of the achievement and maintenance of environmental threshold carrying capacities.

(d) CONSISTENCY WITH MEMORANDUM OF UNDERSTANDING.—A project on the priority list shall be conducted in accordance with the memorandum of understanding signed by the Forest Supervisor and the Planning Agency on November 10, 1989, including any amendments to the memorandum as long as the memorandum remains in effect.

(e) REVIEW OF PRIORITY LIST.—Periodically, but not less often than every 3 years, the Secretary shall—

(1) review the priority list;

(2) consult with—

(A) the Tahoe Regional Planning Agency;

(B) interested political subdivisions; and

(C) the Lake Tahoe Water Quality and Transportation Coalition; and

(3) make any necessary changes with respect to—

(A) the findings of scientific research and monitoring in the Lake Tahoe basin;

(B) any change in an environmental threshold as determined by the Planning Agency;

(C) any change in general environmental conditions in the Lake Tahoe basin; and

(D) submit to Congress a report on any changes made.

(f) CLEANUP OF HYDROCARBON CONTAMINATION.—

(1) IN GENERAL.—The Secretary shall, subject to the availability of appropriations, make a payment of $1,000,000 to the Tahoe Regional Planning Agency and the South Tahoe Public Utility District to develop and publish a plan, not later than 1 year after the date of enactment of this Act, for the prevention and cleanup of hydrocarbon contamination (including contamination with MTBE) of the surface water and ground water of the Lake Tahoe basin.

(2) CONSULTATION.—In developing the plan, the Tahoe Regional Planning Agency and the South Tahoe Public Utility District shall consult with the States of California and Nevada and appropriate political subdivisions.

(3) WILLING SELLERS.—The plan shall not include any acquisition of land or an interest in land except an acquisition from a willing seller.

(g) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated, for the implementation of projects on the priority list and the payment identified in subsection (f), $20,000,000 for the first fiscal year that begins after the date of enactment of this Act and for each of the 9 fiscal years thereafter.

SEC. 7. ENVIRONMENTAL IMPROVEMENT PAYMENTS.

Section 2 of Public Law 96–586 (94 Stat. 3381) is amended by striking subsection (g) and inserting the following:

''(g) PAYMENTS TO LOCALITIES.—

''(1) IN GENERAL.—The Secretary of Agriculture shall, subject to the availability of appropriations, make annual payments to the governing bodies of each of the political subdivisions (including any public utility the service area of which includes any part of the Lake Tahoe basin), any portion of which is located in the area depicted on the final map filed under section 3(a).

''(2) USE OF PAYMENTS.—Payments under this subsection may be used—

''(A) first, for erosion control and water quality projects; and

''(B) second, unless emergency projects arise, for projects to address other threshold categories after thresholds for water quality and soil conservation have been achieved and maintained.

''(3) ELIGIBILITY FOR PAYMENTS.—

''(A) IN GENERAL.—To be eligible for a payment under this subsection, a political subdivision shall annually submit a priority list of proposed projects to the Secretary of Agriculture.

''(B) COMPONENTS OF LIST.—A priority list under subparagraph (A) shall include, for each proposed project listed—

''(i) a description of the need for the project;

''(ii) all projected costs and benefits; and

''(iii) a detailed budget.

''(C) USE OF PAYMENTS.—A payment under this subsection shall be used only to carry out a project or proposed project that is part of the environmental improvement program adopted by the Tahoe Regional Planning Agency in February 1998 and amendments to the program.

''(D) FEDERAL OBLIGATION.—All projects funded under this subsection shall be part of Federal obligation under the enviromental improvment program.

''(4) DIVISION OF FUNDS.—

''(A) IN GENERAL.—The total amounts appropriated for payments under this subsection shall be allocated by the Secretary of Agriculture based on the relative need for and merits of projects proposed for payment under this section.

''(B) MINIMUM.—To the maximum extent practicable, for each fiscal year, the Secretary of Agriculture shall ensure that each political subdivision in the Lake Tahoe basin receives amounts appropriated for payments under this subsection.

''(5) AUTHORIZATION OF APPROPRIATIONS.—In addition to the amounts authorized to be appropriated to carry out section 6 of the Lake Tahoe Restoration Act, there is authorized to be appropriated for making payments under this subsection $10,000,000 for the first fiscal year that begins after the date of enactment of this paragraph and for each of the 9 fiscal years thereafter.''.

SEC. 8. FIRE RISK REDUCTION ACTIVITIES.

(a) IN GENERAL.—In conducting fire risk reduction activities in the Lake Tahoe basin, the Secretary shall, as appropriate, coordinate with State and local agencies and organizations, including local fire departments and volunteer groups.

(b) GROUND DISTURBANCE.—The Secretary shall, to the maximum extent practicable, minimize any ground disturbances caused by fire risk reduction activities.

SEC. 9. AVAILABILITY AND SOURCE OF FUNDS.

(a) IN GENERAL.—Funds authorized under this Act and the amendment made by this Act—

(1) shall be in addition to any other amounts available to the Secretary for expenditure in the Lake Tahoe basin; and

(2) shall not reduce allocations for other Regions of the Forest Service.

(b) MATCHING REQUIREMENT.—Except as provided in subsection (c), funds for activities under section 6 and section 7 of this Act shall be available for obligation on a 1-to-1 basis with funding of restoration activities in the Lake Tahoe basin by the States of California and Nevada.

(c) RELOCATION COSTS.—The Secretary shall provide ⅔ of necessary funding to local utility districts for the costs of relocating facilities in connection with environmental restoration projects under section 6 and erosion control projects under section 2 of Public Law 96–586.

SEC. 10. AMENDMENT OF PUBLIC LAW 96–586.

Section 3(a) of Public Law 96–586 (94 Stat. 3383) is amended by adding at the end the following:

''(5) WILLING SELLERS.—Land within the Lake Tahoe Basin Management Unit subject to acquisition under this section that is owned by a private person shall be acquired only from a willing seller.''.

SEC. 11. RELATIONSHIP TO OTHER LAWS.

Nothing in this Act exempts the Secretary from the duty to comply with any applicable Federal law.

SEC. 12. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 1925), as amended, was read the third time and passed.

CONVEYANCE OF CERTAIN LAND IN POWELL, WYOMING

The Senate proceeded to consider the bill (S. 2069) to permit the conveyance of certain land in Powell, Wyoming, which had been reported from the Committee on Energy and Natural Resources.

The bill (S. 2069) was read the third time and passed, as follows:

S. 2069

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. ELIMINATION OF PUBLIC PURPOSE CONDITION.

(a) FINDINGS.—Congress finds that—

(1) the parcel of land described in subsection (c) was patented to the town (now City) of Powell, Wyoming, by the United States General Land Office on October 17, 1934, to help establish a town near the Shoshone Irrigation Project;

(2) the land was patented with the condition that it be used forever for a public purpose, as required by section 3 of the Act of April 16, 1906 (43 U.S.C. 566);

(3) the land has been used to house the Powell Volunteer Fire Department, which serves the firefighting and rescue needs of a 577 square mile area in northwestern Wyoming;

(4) the land is located at the corner of U.S. Highway 14 and the main street of the business district of the City;

(5) because of the high traffic flow in the area, the location is no longer safe for the public or for the fire department;

(6) in response to population growth in the area and to National Fire Protection Association regulations, the fire department has purchased new firefighting equipment that is much larger than the existing fire hall can accommodate;

(7) accordingly, the fire department must construct a new fire department facility at a new and safe location;

(8) in order to relocate and construct a new facility, the City must sell the land to assist in financing the new fire department facility; and

(9) the Secretary of the Interior concurs that it is in the public interest to eliminate the public purpose condition to enable the land to be sold for that purpose.

(b) ELIMINATION OF CONDITION.—

(1) WAIVER.—The condition stated in section 3 of the Act of April 16, 1906 (43 U.S.C. 566), that land conveyed under that Act be used forever for a public purpose is waived insofar as the condition applies to the land described in subsection (c).

(2) INSTRUMENTS.—The Secretary of the Interior shall execute and cause to be recorded in the appropriate land records any instruments necessary to evidence the waiver made by paragraph (1).

(c) LAND DESCRIPTION.—The parcel of land described in this subsection is a parcel of land located in Powell, Park County, Wyoming, the legal description of which is as follows:

Lot 23, Block 54, in the original town of Powell, according to the plat recorded in Book 82 of plats, Page 252, according to the records of the County Clerk and Recorder of Park County, State of Wyoming.

GOLDEN GATE NATIONAL RECREATION AREA BOUNDARY ADJUSTMENT OF 2000

The Senate proceeded to consider the bill (H.R. 3632) to revise the boundaries of the Golden Gate National Recreation Area, and for other purposes.

The bill (H.R. 3632) was read the third time and passed.

BLACK HILLS NATIONAL FOREST AND ROCKY MOUNTAIN RESEARCH STATION IMPROVEMENT ACT

The Senate proceeded to consider the bill (H.R. 4226) to authorize the Secretary of Agriculture to sell or exchange all or part of certain administrative sites and other land in the Black Hills National Forest and to to use funds derived from the sale or exchange to acquire replacement sites and to acquire or construct administrative improvements in connection with the Black Hills National Forest.

The bill (H.R. 4226) was read the third time and passed.

NATIONAL HISTORIC LIGHTHOUSE PRESERVATION ACT OF 2000

The Senate proceeded to consider the bill (H.R. 4613) to amend the National Historic Preservation Act for purposes of establishing a national lighthouse preservation program.

The bill (H.R. 4613) was read the third time and passed.

EFFIGY MOUNDS NATIONAL MONUMENT ADDITIONS ACT

The Senate proceeded to consider the bill (H.R. 3745) to authorize the addition of certain parcels to the Effigy Mounds National Monument, Iowa.

The bill (H.R. 3745) was read the third time and passed.

EXTENSION OF THE DEADLINE FOR COMMENCEMENT OF CONSTRUCTION OF CERTAIN HYDROELECTRIC PROJECTS IN THE STATE OF WEST VIRGINIA

The Senate proceeded to consider the bill (S. 2942) to extend the deadline for commencement of construction of certain hydroelectric projects in the State of West Virginia.

The bill (S. 2942) was read the third time and passed, as follows:

S. 2942

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. EXTENSION OF TIME FOR FEDERAL ENERGY REGULATORY COMMISSION PROJECT.

(a) IN GENERAL.—Notwithstanding the time period specified in section 13 of the Federal Power Act (16 U.S.C. 806) that would otherwise apply to the Federal Energy Regulatory Commission projects numbered 6901, 6902, and 7307, the Commission may, at the request of the licensee for each project, respectively, and after reasonable notice, in accordance with the good faith, due diligence, and public interest requirements of that section and the Commission's procedures under that section, extend the time period during which the licensee is required to commence the construction of the project for 3 consecutive 2-year periods.

(b) EFFECTIVE DATE.—Subsection (a) takes effect on the date of the expiration of the extension issued by the Commission before the date of the enactment of this Act under section 13 of the Federal Power Act (16 U.S.C. 806).

(c) REINSTATEMENT OF EXPIRED LICENSE.—If the period required for commencement of construction of any of the projects described in subsection (a) expired before the date of the enactment of this Act—

(1) the Commission shall reinstate the license effective as of the date of its expiration; and

(2) the first extension authorized under subsection (a) shall take effect on the expiration date.

LAND EXCHANGE BETWEEN THE SECRETARY OF THE INTERIOR AND THE DIRECTOR OF CENTRAL INTELLIGENCE AT THE GEORGE WASHINGTON MEMORIAL PARKWAY

The Senate proceeded to consider the bill (S. 3000) to authorize the exchange of land between the Secretary of the Interior and the Director of Central Intelligence at the George Washington Memorial Parkway in McLean, Virginia, and for other purposes, which had been reported from the Committee on Energy and Natural Resources, with

an amendment to strike out all after the enacting clause and insert the part printed in italic.

SECTION 1. AUTHORIZATION OF LAND EXCHANGE.

(a) IN GENERAL.—Subject to section 2, the Secretary of the Interior (referred to in this Act as the ''Secretary'') and the Director of Central Intelligence (referred to in this Act as the ''Director'') may exchange—

(1) approximately 1.74 acres of land under the jurisdiction of the Department of the Interior within the boundary of the George Washington Memorial Parkway, as depicted on National Park Service Drawing No. 850/81992, dated August 6, 1998; for

(2) approximately 2.92 acres of land under the jurisdiction of the Central Intelligence Agency adjacent to the boundary of the George Washington Memorial Parkway, as depicted on National Park Service Drawing No. 850/81991, sheet 1, dated August 6, 1998.

(b) PUBLIC INSPECTION.—The drawings referred to in subsection (a) shall be available for public inspection in the appropriate offices of the National Park Service.

SEC. 2. CONDITIONS OF LANDS EXCHANGE

(a) NO REIMBURSEMENT OR CONSIDERATION.—The exchange described in section 1 shall occur without reimbursement or consideration.

(b) PUBLIC ACCESS FOR MOTOR VEHICLE TURNAROUND.—The Director shall allow public access to the land described in section 1(a)(1) for a motor vehicle turn-around on the George Washington Memorial Parkway.

(c) TURNER-FAIRBANK HIGHWAY RESEARCH CENTER.—The Director shall allow access to the land described in section 19(a)(1) by—

(1) employees of the Federal Highway Administration; and

(2) other Federal employees and visitors whose admission to the Turner-Fairbanks Highway Research Center of the Federal Highway Administration (hereinafter referred to in this Act as the ''Center'') is authorized by the Center.

(d) CLOSURE TO PROTECT CENTRAL INTELLIGENCE AGENCY.—

(1) IN GENERAL.—Subject to paragraphs (2) and (3) and notwithstanding any other provision of this section, the Director may close access to the land described in section 1(a)(1) to all persons (other than the United States Park Police, other necessary employees of the National Park Service, and employees of the Federal Highway Administration) if the Director determines that physical security conditions require the closure to protect employees or property of the Central Intelligence Agency.

(2) TIME LIMITATION.—The Director may not close access to the land under paragraph (1) for more than 12 hours during any 24-hour period unless the Director consults with the National Park Service, the Center, and the United States Park Police.

(3) TURNER-FAIRBANK HIGHWAY RESEARCH CENTER.—No action shall be taken under this subsection to diminish access to the land described in section 1(a)(1) by employees of the Federal Highway Administration except when the action is taken for security reasons.

(e) DEED RESTRICTIONS.—The Director shall ensure compliance by the Central Intelligence Agency with the deed restrictions that apply to the land described in section 1(a)(1).

(f) INTERAGENCY AGREEMENT.—The Secretary and the Director shall comply with the terms and conditions of the Interagency Agreement between the National Park Service and the Central Intelligence Agency, signed in 1998, regarding the exchange and management of the land subject to the Agreement.

(g) DEADLINE.—The Secretary and the Director shall complete the exchange authorized by this section not later than 120 days after the date of enactment of this Act.

SEC. 3. MANAGEMENT OF EXCHANGED LANDS.

(a) LAND CONVEYED TO SECRETARY.—Any land described in section 1(a)(2) that is conveyed to the Secretary shall be—

(1) included within the boundary of the George Washington Memorial Parkway; and

(2) administered by the National Park Service as part of the Parkway, subject to the laws (including regulations) applicable to the Parkway.

(b) LAND CONVEYED TO DIRECTOR.—Any land described in section 1(a)(1) that is conveyed to the Director shall be administered as part of the Headquarters Building Compound of the Central Intelligence Agency.''.

CALIFORNIA TRAIL INTERPRETIVE ACT

The Senate proceeded to consider the bill (S. 2749) to Establish the California Trail Interpretive Center in Elko, Nevada, to facilitate the interpretation of the history of development and use of trails in the setting of the western portion of the United States.

The bill (S. 2749) was read the third time and passed, as follows:

S. 2749

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''California Trail Interpretive Act''.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) the nineteenth century westward movement in the United States over the California National Historic Trail, which occurred from 1840 until the completion of the transcontinental railroad in 1869, was an important cultural and historical event in—

(A) the development of the western land of the United States; and

(B) the prevention of colonization of the west coast by Russia and the British Empire;

(2) the movement over the California Trail was completed by over 300,000 settlers, many of whom left records or stories of their journeys; and

(3) additional recognition and interpretation of the movement over the California Trail is appropriate in light of—

(A) the national scope of nineteenth century westward movement in the United States; and

(B) the strong interest expressed by people of the United States in understanding their history and heritage.

(b) PURPOSES.—The purposes of this Act are—

(1) to recognize the California Trail, including the Hastings Cutoff and the trail of the ill-fated Donner-Reed Party, for its national, historical, and cultural significance; and

(2) to provide the public with an interpretive facility devoted to the vital role of trails in the West in the development of the United States.

SEC. 3. DEFINITIONS.

In this Act:

(1) CALIFORNIA TRAIL.—The term ''California Trail'' means the California National Historic Trail, established under section 5(a)(18) of the National Trails System Act (16 U.S.C. 1244(a)(18)).

(2) CENTER.—The term ''Center'' means the California Trail Interpretive Center established under section 4(a).

(3) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior, acting through the Director of the Bureau of Land Management.

(4) STATE.—The term ''State'' means the State of Nevada.

SEC. 4. CALIFORNIA TRAIL INTERPRETIVE CENTER.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—In furtherance of the purposes of section 7(c) of the National Trails System Act (16 U.S.C. 1246(c)), the Secretary may establish an interpretation center to be known as the ''California Trail Interpretive Center'', near the city of Elko, Nevada.

(2) PURPOSE.—The Center shall be established for the purpose of interpreting the history of development and use of the California Trail in the settling of the West.

(b) MASTER PLAN STUDY.—To carry out subsection (a), the Secretary shall—

(1) consider the findings of the master plan study for the California Trail Interpretive Center in Elko, Nevada, as authorized by page 15 of Senate Report 106–99; and

(2) initiate a plan for the development of the Center that includes—

(A) a detailed description of the design of the Center;

(B) a description of the site on which the Center is to be located;

(C) a description of the method and estimated cost of acquisition of the site on which the Center is to be located;

(D) the estimated cost of construction of the Center;

(E) the cost of operation and maintenance of the Center; and

(F) a description of the manner and extent to which non-Federal entities shall participate in the acquisition and construction of the Center.

(c) IMPLEMENTATION.—To carry out subsection (a), the Secretary may—

(1) acquire land and interests in land for the construction of the Center by—

(A) donation;

(B) purchase with donated or appropriated funds; or

(C) exchange;

(2) provide for local review of and input concerning the development and operation of the Center by the Advisory Board for the National Historic California Emigrant Trails Interpretive Center of the city of Elko, Nevada;

(3) periodically prepare a budget and funding request that allows a Federal agency to carry out the maintenance and operation of the Center;

(4) enter into a cooperative agreement with—

(A) the State, to provide assistance in—

(i) removal of snow from roads;

(ii) rescue, firefighting, and law enforcement services; and

(iii) coordination of activities of nearby law enforcement and firefighting departments or agencies; and

(B) a Federal, State, or local agency to develop or operate facilities and services to carry out this Act; and

(5) notwithstanding any other provision of law, accept donations of funds, property, or services from an individual, foundation, corporation, or public entity to provide a service or facility that is consistent with this Act, as determined by the Secretary, including 1-time contributions for the Center (to be payable during construction funding periods for the Center after the date of enactment of this Act) from—

(A) the State, in the amount of $3,000,000;

(B) Elko County, Nevada, in the amount of $1,000,000; and

(C) the city of Elko, Nevada, in the amount of $2,000,000.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There is authorized to be appropriated to carry out this Act $12,000,000.

VIRGINIA WILDERNESS ACT OF 2000

The Senate proceeded to consider the bill (S. 2865) to designate certain land of the National Forest System located in the State of Virginia as wilderness.

The bill (S. 2865) was read the third time and passed, as follows:

S. 2865

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Virginia Wilderness Act of 2000''.

SEC. 2. DESIGNATION OF WILDERNESS AREAS.

Section 1 of the Act entitled ''An Act to designate certain National Forest System lands in the States of Virginia and West Virginia as wilderness areas'' (Public Law 100–326; 102 Stat. 584) is amended—

(1) in paragraph (5), by striking ''and'' at the end;

(2) in paragraph (6), by striking the period and inserting a semicolon; and

(3) by adding at the end the following:

''(7) certain land in the George Washington National Forest, comprising approximately 6,500 acres, as generally depicted on a map entitled 'The Priest Wilderness Study Area', dated June 6, 2000, to be known as the 'Priest Wilderness Area'; and

''(8) certain land in the George Washington National Forest, comprising approximately 4,800 acres, as generally depicted on a map entitled 'The Three Ridges Wilderness Study Area', dated June 6, 2000, to be known as the 'Three Ridges Wilderness Area.''.

TEXAS NATIONAL FORESTS IMPROVEMENT ACT OF 1999

The Senate proceeded to consider the bill (H.R. 4285) to authorize the Secretary of Agriculture to convey certain administrative sites for National Forest System Lands in the State of Texas, to convey certain National Forest System land to the New Waverly Gulf Coast Trades Center, and for other purposes.

The bill (H.R. 4285) was read the third time and passed.

TRANSFER AND OTHER DISPOSITION OF CERTAIN LANDS AT MELROSE AIR FORCE RANGE, NEW MEXICO, AND YAKIMA TRAINING CENTER, WASHINGTON

The Senate proceeded to consider the bill (S. 2757) to provide for the transfer and other disposition of certain lands at Melrose Air Force Range, New Mexico, and Yakima Training Center, Washington, which had been reported from the Committee on Energy and Natural Resources, with amendments as follows:

(Omit the parts in black brackets and insert the part printed in italic)

S. 2757

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. LAND TRANSFER AND WITHDRAWAL, MELROSE AIR FORCE RANGE, NEW MEXICO, AND YAKIMA TRAINING CENTER, WASHINGTON.

(a) MELROSE AIR FORCE RANGE, NEW MEXICO.—

(1) TRANSFER.—Administrative jurisdiction over the surface estate of the following lands is hereby transferred from the Secretary of the Interior to the Secretary of the Air Force:

NEW MEXICO [PRIME] *PRINCIPAL* MERIDIAN

T. 1 N., R. 30 E.
Sec. 2: S½.
Sec. 11: All.
Sec. 20: S½SE¼.
Sec. 28: All.
T. 1 S., R. 30 E.
Sec. 2: Lots 1–12, S½.
Sec. 3: Lots 1–12, S½.
Sec. 4: Lots 1–12, S½.
Sec. 6: Lots 1 and 2.
Sec. 9: N½, N½S½.
Sec. 10: N½, N½S½.
Sec. 11: N½, N½S½.
T. 2 N., R. 30 E.
Sec. 20: E½SE¼.
Sec. 21: SW¼, W½SE¼.
Sec. 28: W½E½, W½.
Sec. 29: E½E½.
Sec. 32: E½E½.
Sec. 33: W½E½, NW¼, S½SW¼.
Aggregating 6,713.90 acres, more or less.

(2) STATUS OF SURFACE ESTATE.—Upon transfer of the surface estate of the lands described in paragraph (1), the surface estate shall be treated as real property subject to the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 471 et seq.).

(3) WITHDRAWAL OF MINERAL ESTATE.—Subject to valid existing rights, the mineral estate of the lands described in paragraph (1) is withdrawn from all forms of appropriation under the public land laws, including the mining laws and the mineral and geothermal leasing laws, but not the Act of July 31, 1947 (commonly known as the Materials Act of 1947; 30 U.S.C. 601 et seq.).

(4) USE OF MINERAL MATERIALS.—Notwithstanding any other provision of this subsection or the Act of July 31, 1947, the Secretary of the Air Force may use, without application to the Secretary of the Interior, the sand, gravel, or similar mineral material resources on the lands described in paragraph (1), of the type subject to disposition under the Act of July 31, 1947, when the use of such resources is required for construction needs on Melrose Air Force Range, New Mexico.

(b) YAKIMA TRAINING CENTER, WASHINGTON.—

(1) TRANSFER.—Administrative jurisdiction over the surface estate of the following lands is hereby transferred from the Secretary of the Interior to the Secretary of the Army:

WILLAMETTE MERIDIAN

T. 17 N., R. 20 E.
Sec. 22: S½.
Sec. 24: S½SW¼ and that portion of the E½ lying south of the Interstate Highway 90 right-of-way.
Sec. 26: All.
T. 16 N., R. 21 E.
Sec. 4: SW¼SW¼.
Sec. 12: [SW¼.] *SE¼.*
Sec. 18: Lots 1, 2, 3, and 4, E½ and E½W½.
T. 17 N., R. 21 E.
Sec. 30: Lots 3 and 4.
Sec. 32: NE¼SE¼.
T. 16 N., R. 22 E.
Sec. 2: Lots 1, 2, 3, and 4, S½N½ and S½.
Sec. 4: Lots 1, 2, 3, and 4, S½N½ and S½.
Sec. 10: All.
Sec. 14: All.
Sec. 20: SE¼SW¼.
Sec. 22: All.
Sec. 26: N½.
Sec. 28: N½.
T. 16 N., R. 23 E.
Sec. 18: Lots 3 and 4, E½SW¼, W½SE¼, and that portion of the E½SE¼ lying westerly of the westerly right-of-way line of Huntzinger Road.
Sec. 20: That portion of the SW¼ lying westerly of the easterly right-of-way line of the railroad.
Sec. 30: Lots 1 and 2, NE¼ and E½NW¼.
Aggregating 6,640.02 acres.

(2) STATUS OF SURFACE ESTATE.—Upon transfer of the surface estate of the lands described in paragraph (1), the surface estate shall be treated as real property subject to the Federal Property and Administrative Services Act of 1949 (40 U.S.C 471 et seq.).

(3) WITHDRAWAL OF MINERAL ESTATE.—Subject to valid existing rights, the mineral estate of the lands described in paragraph (1) and of the following lands are withdrawn from all forms of appropriation under the public land laws, including the mining laws and the geothermal leasing laws, but not the Act of July 31, 1947 (commonly known as the Materials Act of 1947; 30 U.S.C. 601 et seq.) and the Mineral Leasing Act (30 U.S.C. 181 et seq.):

WILLAMETTE MERIDIAN

T. 16 N., R. 20 E.
Sec. 12: All.
Sec. 18: Lot 4 and SE¼.
Sec. 20: S½.

INTERPRETIVE CENTER AND MUSEUM, DIAMOND VALLEY LAKE, HEMET, CALIFORNIA

The Senate proceeded to consider the bill (S. 2977) to assist the establishment of an interpretive center and museum in the vicinity of the Diamond Valley Lake in southern California to ensure the protection and interpretation of the paleontology discoveries made at the lake and to develop a trail system for the lake for use by pedestrians and nonmotorized vehicles.

The bill (S. 2977) was read the third time and passed, as follows:

S. 2977

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. INTERPRETIVE CENTER AND MUSEUM, DIAMOND VALLEY LAKE, HEMET, CALIFORNIA.

(a) ASSISTANT FOR ESTABLISHMENT OF CENTER AND MUSEUM.—The Secretary of the Interior shall enter into an agreement with an appropriate entity for the purpose of sharing costs incurred to design, construct, furnish, and operate an interpretive center and museum, to be located on lands under the jurisdiction of the Metropolitan Water District of Southern California, intended to preserve, display, and interpret the paleontology discoveries made at and in the vicinity of the Diamond Valley Lake, near Hemet, California, and to promote other historical and cultural resources of the area.

(b) ASSISTANCE FOR NONMOTORIZED TRAILS.—The Secretary shall enter into an agreement with the State of California, a political subdivision of the State, or a combination of State and local public agencies for the purpose of sharing costs incurred to design, construct, and maintain a system of trails around the perimeter of the Diamond Valley Lake for use by pedestrians and nonmotorized vehicles.

(c) MATCHING REQUIREMENT.—The Secretary shall require the other parties to an agreement under this section to secure an amount of funds from non-Federal sources that is at least equal to the amount provided by the Secretary.

(d) TIME FOR AGREEMENT.—The Secretary shall enter into the agreements required by this section not later than 180 days after the date on which funds are first made available to carry out this section.

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated not more than $14,000,000 to carry out this section.

JAMESTOWN 400TH COMMEMORATION COMMISSION

The Senate proceeded to consider the bill (S. 2885) to establish the Jamestown 400th Commemoration Commission, and for other purposes, which has been reported from the Committee on Energy and Natural Resources, with amendments as follows:

(Omit the part in black brackets and insert the part printed in italic)

S. 2885

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Jamestown 400th Commemoration Commission Act of 2000''.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that—

(1) the founding of the colony at Jamestown, Virginia in 1607, the first permanent English colony in the New World, and the capital of Virginia for 92 years, has major significance in the history of the United States;

(2) the settlement brought people from throughout the Atlantic Basin together to form a multicultural society, including English, other Europeans, Native Americans, and Africans;

(3) the economic, political, religious, and social institutions that developed during the first 9 decades of the existence of Jamestown continue to have profound effects on the United States, particularly in English common law and language, cross cultural relationships, and economic structure and status;

(4) the National Park Service, the Association for the Preservation of Virginia Antiquities, and the Jamestown-Yorktown Foundation of the Commonwealth of Virginia collectively own and operate significant resources related to the early history of Jamestown; and

(5) in 1996—

(A) the Commonwealth of Virginia designated the Jamestown-Yorktown Foundation as the State agency responsible for

planning and implementing the Commonwealth's portion of the commemoration of the 400th anniversary of the founding of the Jamestown settlement;

(B) the Foundation created the Celebration 2007 Steering Committee, known as the Jamestown 2007 Steering Committee; and

(C) planning for the commemoration began.

(b) PURPOSE.—The purpose of this Act is to establish the Jamestown 400th Commemoration Commission to—

(1) ensure a suitable national observance of the Jamestown 2007 anniversary by complementing the programs and activities of the [State] *Commonwealth of Virginia;*

(2) cooperate with and assist the programs and activities of the State in observance of the Jamestown 2007 anniversary;

(3) assist in ensuring that Jamestown 2007 observances provide an excellent visitor experience and beneficial interaction between visitors and the natural and cultural resources of the Jamestown sites;

(4) assist in ensuring that the Jamestown 2007 observances are inclusive and appropriately recognize the experiences of all people present in 17th century Jamestown;

(5) provide assistance to the development of Jamestown-related programs and activities;

(6) facilitate international involvement in the Jamestown 2007 observances;

(7) support and facilitate marketing efforts for a commemorative coin, stamp, and related activities for the Jamestown 2007 observances; and

(8) assist in the appropriate development of heritage tourism and economic benefits to the United States.

SEC. 3. DEFINITIONS.

In this Act:

(1) COMMEMORATION.—The term ''commemoration'' means the commemoration of the 400th anniversary of the founding of the Jamestown settlement.

(2) COMMISSION.—The term ''Commission'' means the Jamestown 400th Commemoration Commission established by section 4(a).

(3) GOVERNOR.—The term ''Governor'' means the Governor of [the State.] *Virginia.*

(4) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.

[(5) STATE.—

[(A) IN GENERAL.—The term ''State'' means the State of Virginia.

[(B) INCLUSIONS.—The term ''State'' includes agencies and entities of the State.]

(5) STATE.—The term ''State'' means the Commonwealth of Virginia, including agencies and entities of the Commonwealth.

SEC. 4. JAMESTOWN 400TH COMMEMORATION COMMISSION.

(a) IN GENERAL.—There is established a commission to be known as the ''Jamestown 400th Commemoration Commission''.

(b) MEMBERSHIP.—

(1) IN GENERAL.—The Commission shall be composed of [16 members,] *15 members,* of whom—

(A) 4 members shall be appointed by the Secretary, taking into consideration the recommendations of the Chairperson of the Jamestown 2007 Steering Committee;

(B) 4 members shall be appointed by the Secretary, taking into consideration the recommendations of the Governor;

(C) 2 members shall be employees of the National Park Service, of which—

(i) 1 shall be the Director of the National Park Service (or a designee); and

(ii) 1 shall be an employee of the National Park Service having experience relevant to the commemoration, to be appointed by the Secretary; and

(D) 5 members shall be individuals that have an interest in, support for, and expertise appropriate to, the commemoration, to be appointed by the Secretary.

(2) TERM; VACANCIES.—

(A) TERM.—A member of the Commission shall be appointed for the life of the Commission.

(B) VACANCIES.—

(i) IN GENERAL.—A vacancy on the Commission shall be filled in the same manner in which the original appointment was made.

(ii) PARTIAL TERM.—A member appointed to fill a vacancy on the Commission shall serve for the remainder of the term for which the predecessor of the member was appointed.

(3) MEETINGS.—

(A) IN GENERAL.—The Commission shall meet—

(i) at least twice each year; or

(ii) at the call of the Chairperson or the majority of the members of the Commission.

(B) INITIAL MEETING.—Not later than 30 days after the date on which all members of the Commission have been appointed, the Commission shall hold the initial meeting of the Commission.

(4) VOTING.—

(A) IN GENERAL.—The Commission shall act only on an affirmative vote of a majority of the members of the Commission.

(B) QUORUM.—A majority of the Commission shall constitute a quorum.

(5) CHAIRPERSON.—The Secretary shall appoint a Chairperson of the Commission, taking into consideration any recommendations of the Governor.

(c) DUTIES.—

(1) IN GENERAL.—The Commission shall—

(A) plan, develop, and execute programs and activities appropriate to commemorate the 400th anniversary of the founding of Jamestown;

(B) generally facilitate Jamestown-related activities throughout the United States;

(C) encourage civic, patriotic, historical, educational, religious, economic, and other organizations throughout the United States to organize and participate in anniversary activities to expand the understanding and appreciation of the significance of the founding and early history of Jamestown;

(D) coordinate and facilitate for the public scholarly research on, publication about, and interpretation of, Jamestown; and

(E) ensure that the 400th anniversary of Jamestown provides a lasting legacy and long-term public benefit by assisting in the development of appropriate programs and facilities.

(2) PLANS; REPORTS.—

(A) STRATEGIC PLAN; ANNUAL PERFORMANCE PLANS.—In accordance with the Government Performance and Results Act of 1993 (Public Law 103–62; 107 Stat. 285), the Commission shall prepare a strategic plan and annual performance plans for the activities of the Commission carried out under this Act.

(B) FINAL REPORT.—Not later than September 30, 2008, the Commission shall complete a final report that contains—

(i) a summary of the activities of the Commission;

(ii) a final accounting of funds received and expended by the Commission; and

(iii) the findings and recommendations of the Commission.

(d) POWERS OF THE COMMISSION.—The Commission may—

(1) accept donations and make dispersions of money, personal services, and real and personal property related to Jamestown and of the significance of Jamestown in the history of the United States;

(2) appoint such advisory committees as the Commission determines to be necessary to carry out this Act;

(3) authorize any member or employee of the Commission to take any action that the Commission is authorized to take by this Act;

(4) procure supplies, services, and property, and make or enter into contracts, leases or other legal agreements, to carry out this Act (except that any contracts, leases or other legal agreements made or entered into by the Commission shall not extend beyond the date of termination of the Commission);

(5) use the United States mails in the same manner and under the same conditions as other Federal agencies;

(6) subject to approval by the Commission, make grants in amounts not to exceed $10,000 to communities and nonprofit organizations to develop programs to assist in the commemoration;

(7) make grants to research and scholarly organizations to research, publish, or distribute information relating to the early history of Jamestown; and

(8) provide technical assistance to States, localities, and nonprofit organizations to further the commemoration.

(e) COMMISSION PERSONNEL MATTERS.—

(1) COMPENSATION OF MEMBERS OF THE COMMISSION.—

(A) IN GENERAL.—Except as provided in subparagraph (B), a member of the Commission shall serve without compensation.

(B) FEDERAL EMPLOYEES.—A member of the Commission who is an officer or employee of the Federal Government shall serve without compensation in addition to the compensation received for the services of the member as an officer or employee of the Federal Government.

(C) TRAVEL EXPENSES.—A member of the Commission shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for an employee of an agency under subchapter I of chapter 57 of title 5, United States Code, while away from the home or regular place of business of the member in the performance of the duties of the Commission.

(2) STAFF.—

(A) IN GENERAL.—The Chairperson of the Commission may, without regard to the civil service laws (including regulations), appoint and terminate an executive director and such other additional personnel as are necessary to enable the Commission to perform the duties of the Commission.

(B) CONFIRMATION OF EXECUTIVE DIRECTOR.—The employment of an executive director shall be subject to confirmation by the Commission.

(3) COMPENSATION.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the Chairperson of the Commission may fix the compensation of the executive director and other personnel without regard to the provisions of chapter 51 and subchapter III of chapter 53 of title 5, United States Code, relating to classification of positions and General Schedule pay rates.

(B) MAXIMUM RATE OF PAY.—The rate of pay for the executive director and other personnel shall not exceed the rate payable for level V of the Executive Schedule under section 5316 of title 5, United States Code.

(4) DETAIL OF GOVERNMENT EMPLOYEES.—

(A) FEDERAL EMPLOYEES.—

(i) IN GENERAL.—On the request of the Commission, the head of any Federal agency may detail, on a reimbursable or non-reimbursable basis, any of the personnel of the

agency to the Commission to assist the Commission in carrying out the duties of the Commission under this Act.

(ii) CIVIL SERVICE STATUS.—The detail of an employee under clause (i) shall be without interruption or loss of civil service status or privilege.

(B) STATE EMPLOYEES.—The Commission may—

(i) accept the services of personnel detailed from States (including subdivisions of States); and

(ii) reimburse States for services of detailed personnel.

(5) VOLUNTEER AND UNCOMPENSATED SERVICES.—Notwithstanding section 1342 of title 31, United States Code, the Commission may accept and use voluntary and uncompensated services as the Commission determines necessary.

(6) SUPPORT SERVICES.—The Director of the National Park Service shall provide to the Commission, on a reimbursable basis, such administrative support services as the Commission may request.

(f) PROCUREMENT OF TEMPORARY AND INTERMITTENT SERVICES.—The Chairperson of the Commission may procure temporary and intermittent services in accordance with section 3109(b) of title 5, United States Code, at rates for individuals that do not exceed the daily equivalent of the annual rate of basic pay prescribed for level V of the Executive Schedule under section 5316 of that title.

(g) FACA NONAPPLICABILITY.—Section 14(b) of the Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Commission.

(h) NO EFFECT ON AUTHORITY.—Nothing in this section supersedes the authority of the State, the National Park Service, or the Association for the Preservation of Virginia Antiquities, concerning the commemoration.

(i) TERMINATION.—The Commission shall terminate on December 31, 2008.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 3000), as amended, was read the third time and passed.

The title was amended so as to read: ''To authorize the exchange of land between the Secretary of the Interior and the Director of Central Intelligence at the George Washington Memorial Parkway in McLean, Virginia, and for other purposes.''

The committee amendments were agreed to.

The bill (S. 2885), as amended, was read the third time and passed, as follows:

S. 2885

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Jamestown 400th Commemoration Commission Act of 2000''.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that—

(1) the founding of the colony at Jamestown, Virginia in 1607, the first permanent English colony in the New World, and the capital of Virginia for 92 years, has major significance in the history of the United States;

(2) the settlement brought people from throughout the Atlantic Basin together to form a multicultural society, including English, other Europeans, Native Americans, and Africans;

(3) the economic, political, religious, and social institutions that developed during the first 9 decades of the existence of Jamestown continue to have profound effects on the United States, particularly in English common law and language, cross cultural relationships, and economic structure and status;

(4) the National Park Service, the Association for the Preservation of Virginia Antiquities, and the Jamestown-Yorktown Foundation of the Commonwealth of Virginia collectively own and operate significant resources related to the early history of Jamestown; and

(5) in 1996—

(A) the Commonwealth of Virginia designated the Jamestown-Yorktown Foundation as the State agency responsible for planning and implementing the Commonwealth's portion of the commemoration of the 400th anniversary of the founding of the Jamestown settlement;

(B) the Foundation created the Celebration 2007 Steering Committee, known as the Jamestown 2007 Steering Committee; and

(C) planning for the commemoration began.

(b) PURPOSE.—The purpose of this Act is to establish the Jamestown 400th Commemoration Commission to—

(1) ensure a suitable national observance of the Jamestown 2007 anniversary by complementing the programs and activities of the Commonwealth of Virginia;

(2) cooperate with and assist the programs and activities of the State in observance of the Jamestown 2007 anniversary;

(3) assist in ensuring that Jamestown 2007 observances provide an excellent visitor experience and beneficial interaction between visitors and the natural and cultural resources of the Jamestown sites;

(4) assist in ensuring that the Jamestown 2007 observances are inclusive and appropriately recognize the experiences of all people present in 17th century Jamestown;

(5) provide assistance to the development of Jamestown-related programs and activities;

(6) facilitate international involvement in the Jamestown 2007 observances;

(7) support and facilitate marketing efforts for a commemorative coin, stamp, and related activities for the Jamestown 2007 observances; and

(8) assist in the appropriate development of heritage tourism and economic benefits to the United States.

SEC. 3. DEFINITIONS.

In this Act:

(1) COMMEMORATION.—The term ''commemoration'' means the commemoration of the 400th anniversary of the founding of the Jamestown settlement.

(2) COMMISSION.—The term ''Commission'' means the Jamestown 400th Commemoration Commission established by section 4(a).

(3) GOVERNOR.—The term ''Governor'' means the Governor of Virginia.

(4) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.

(5) STATE.—The term ''State'' means the Commonwealth of Virginia, including agencies and entities of the Commonwealth.

SEC. 4. JAMESTOWN 400TH COMMEMORATION COMMISSION.

(a) IN GENERAL.—There is established a commission to be known as the ''Jamestown 400th Commemoration Commission''.

(b) MEMBERSHIP.—

(1) IN GENERAL.—The Commission shall be composed of 15 members, of whom—

(A) 4 members shall be appointed by the Secretary, taking into consideration the recommendations of the Chairperson of the Jamestown 2007 Steering Committee;

(B) 4 members shall be appointed by the Secretary, taking into consideration the recommendations of the Governor;

(C) 2 members shall be employees of the National Park Service, of which—

(i) 1 shall be the Director of the National Park Service (or a designee); and

(ii) 1 shall be an employee of the National Park Service having experience relevant to the commemoration, to be appointed by the Secretary; and

(D) 5 members shall be individuals that have an interest in, support for, and expertise appropriate to, the commemoration, to be appointed by the Secretary.

(2) TERM; VACANCIES.—

(A) TERM.—A member of the Commission shall be appointed for the life of the Commission.

(B) VACANCIES.—

(i) IN GENERAL.—A vacancy on the Commission shall be filled in the same manner in which the original appointment was made.

(ii) PARTIAL TERM.—A member appointed to fill a vacancy on the Commission shall serve for the remainder of the term for which the predecessor of the member was appointed.

(3) MEETINGS.—

(A) IN GENERAL.—The Commission shall meet—

(i) at least twice each year; or

(ii) at the call of the Chairperson or the majority of the members of the Commission.

(B) INITIAL MEETING.—Not later than 30 days after the date on which all members of the Commission have been appointed, the Commission shall hold the initial meeting of the Commission.

(4) VOTING.—

(A) IN GENERAL.—The Commission shall act only on an affirmative vote of a majority of the members of the Commission.

(B) QUORUM.—A majority of the Commission shall constitute a quorum.

(5) CHAIRPERSON.—The Secretary shall appoint a Chairperson of the Commission, taking into consideration any recommendations of the Governor.

(c) DUTIES.—

(1) IN GENERAL.—The Commission shall—

(A) plan, develop, and execute programs and activities appropriate to commemorate the 400th anniversary of the founding of Jamestown;

(B) generally facilitate Jamestown-related activities throughout the United States;

(C) encourage civic, patriotic, historical, educational, religious, economic, and other organizations throughout the United States to organize and participate in anniversary activities to expand the understanding and appreciation of the significance of the founding and early history of Jamestown;

(D) coordinate and facilitate for the public scholarly research on, publication about, and interpretation of, Jamestown; and

(E) ensure that the 400th anniversary of Jamestown provides a lasting legacy and long-term public benefit by assisting in the development of appropriate programs and facilities.

(2) PLANS; REPORTS.—

(A) STRATEGIC PLAN; ANNUAL PERFORMANCE PLANS.—In accordance with the Government Performance and Results Act of 1993 (Public Law 103–62; 107 Stat. 285), the Commission

shall prepare a strategic plan and annual performance plans for the activities of the Commission carried out under this Act.

(B) FINAL REPORT.—Not later than September 30, 2008, the Commission shall complete a final report that contains—

(i) a summary of the activities of the Commission;

(ii) a final accounting of funds received and expended by the Commission; and

(iii) the findings and recommendations of the Commission.

(d) POWERS OF THE COMMISSION.—The Commission may—

(1) accept donations and make dispersions of money, personal services, and real and personal property related to Jamestown and of the significance of Jamestown in the history of the United States;

(2) appoint such advisory committees as the Commission determines to be necessary to carry out this Act;

(3) authorize any member or employee of the Commission to take any action that the Commission is authorized to take by this Act;

(4) procure supplies, services, and property, and make or enter into contracts, leases or other legal agreements, to carry out this Act (except that any contracts, leases or other legal agreements made or entered into by the Commission shall not extend beyond the date of termination of the Commission);

(5) use the United States mails in the same manner and under the same conditions as other Federal agencies;

(6) subject to approval by the Commission, make grants in amounts not to exceed $10,000 to communities and nonprofit organizations to develop programs to assist in the commemoration;

(7) make grants to research and scholarly organizations to research, publish, or distribute information relating to the early history of Jamestown; and

(8) provide technical assistance to States, localities, and nonprofit organizations to further the commemoration.

(e) COMMISSION PERSONNEL MATTERS.—

(1) COMPENSATION OF MEMBERS OF THE COMMISSION.—

(A) IN GENERAL.—Except as provided in subparagraph (B), a member of the Commission shall serve without compensation.

(B) FEDERAL EMPLOYEES.—A member of the Commission who is an officer or employee of the Federal Government shall serve without compensation in addition to the compensation received for the services of the member as an officer or employee of the Federal Government.

(C) TRAVEL EXPENSES.—A member of the Commission shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for an employee of an agency under subchapter I of chapter 57 of title 5, United States Code, while away from the home or regular place of business of the member in the performance of the duties of the Commission.

(2) STAFF.—

(A) IN GENERAL.—The Chairperson of the Commission may, without regard to the civil service laws (including regulations), appoint and terminate an executive director and such other additional personnel as are necessary to enable the Commission to perform the duties of the Commission.

(B) CONFIRMATION OF EXECUTIVE DIRECTOR.—The employment of an executive director shall be subject to confirmation by the Commission.

(3) COMPENSATION.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the Chairperson of the Commission may fix the compensation of the executive director and other personnel without regard to the provisions of chapter 51 and subchapter III of chapter 53 of title 5, United States Code, relating to classification of positions and General Schedule pay rates.

(B) MAXIMUM RATE OF PAY.—The rate of pay for the executive director and other personnel shall not exceed the rate payable for level V of the Executive Schedule under section 5316 of title 5, United States Code.

(4) DETAIL OF GOVERNMENT EMPLOYEES.—

(A) FEDERAL EMPLOYEES.—

(i) IN GENERAL.—On the request of the Commission, the head of any Federal agency may detail, on a reimbursable or non-reimbursable basis, any of the personnel of the agency to the Commission to assist the Commission in carrying out the duties of the Commission under this Act.

(ii) CIVIL SERVICE STATUS.—The detail of an employee under clause (i) shall be without interruption or loss of civil service status or privilege.

(B) STATE EMPLOYEES.—The Commission may—

(i) accept the services of personnel detailed from States (including subdivisions of States); and

(ii) reimburse States for services of detailed personnel.

(5) VOLUNTEER AND UNCOMPENSATED SERVICES.—Notwithstanding section 1342 of title 31, United States Code, the Commission may accept and use voluntary and uncompensated services as the Commission determines necessary.

(6) SUPPORT SERVICES.—The Director of the National Park Service shall provide to the Commission, on a reimbursable basis, such administrative support services as the Commission may request.

(f) PROCUREMENT OF TEMPORARY AND INTERMITTENT SERVICES.—The Chairperson of the Commission may procure temporary and intermittent services in accordance with section 3109(b) of title 5, United States Code, at rates for individuals that do not exceed the daily equivalent of the annual rate of basic pay prescribed for level V of the Executive Schedule under section 5316 of that title.

(g) FACA NONAPPLICABILITY.—Section 14(b) of the Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Commission.

(h) NO EFFECT ON AUTHORITY.—Nothing in this section supersedes the authority of the State, the National Park Service, or the Association for the Preservation of Virginia Antiquities, concerning the commemoration.

(i) TERMINATION.—The Commission shall terminate on December 31, 2008.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

COLORADO CANYONS NATIONAL CONSERVATION AREA AND BLACK RIDGE CANYONS WILDERNESS ACT OF 2000

The Senate proceeded to consider the bill (H.R. 4275) to establish the Colorado National Conservation Area and the Black Ridge Canyons Wilderness, and for other purposes.

The bill (H.R. 4275) was read the third time and passed.

LAND CONVEYANCE AND SETTLEMENT, SAN BERNARDINO NATIONAL FOREST, CALIFORNIA TO KATY

The Senate proceeded to consider the bill (S. 2111) to direct the Secretary of Agriculture to convey for fair market value 1.06 acres of land in the San Bernardino National Forest, California, to KATY 101.3 FM, a California Corporation, which had been reported by the Committee on Energy and Natural Resources with an amendment as follows:

(Strike out all after the enacting clause and insert the part printed in italic)

SECTION 1. LAND CONVEYANCE AND SETTLEMENT, SAN BERNARDINO NATIONAL FOREST, CALIFORNIA.

(a) CONVEYANCE REQUIRED.—Subject to valid existing rights and settlement of claims as provided in this section, the Secretary of Agriculture shall convey to KATY 101.3 FM (in this section referred to as ''KATY'') all right, title and interest of the United States in and to a parcel of real property consisting of approximately 1.06 acres within the San Bernardino National Forest in Riverside County, California, generally located in the north ½ of section 23, township 5 south, range 2 east, San Bernardino meridian.

(b) LEGAL DESCRIPTION.—The Secretary and KATY shall, by mutual agreement, prepare the legal description of the parcel of real property to be conveyed under subsection (a), which is generally depicted as Exhibit A–2 in an appraisal report of the subject parcel dated August 26, 1999, by Paul H. Meiling.

(c) CONSIDERATION.—Consideration for the conveyance under subsection (a) shall be equal to the appraised fair market value of the parcel of real property to be conveyed. Any appraisal to determine the fair market value of the parcel shall be prepared in conformity with the Uniform Appraisal Standards for Federal Land Acquisition and approved by the Secretary.

(d) SETTLEMENT.—In addition to the consideration referred to in subsection (c), upon the receipt of $16,600 paid by KATY to the Secretary, the Secretary shall release KATY from any and all claims of the United States arising from the occupancy and use of the San Bernardino National Forest by KATY for communication site purposes.

(e) ACCESS REQUIREMENTS.—Notwithstanding section 1323(a) of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3210(a)) or any other law, the Secretary is not required to provide access over National Forest System lands to the parcel of real property to be conveyed under subsection (a).

(f) ADMINISTRATIVE COSTS.—Any costs associated with the creation of a subdivided parcel, recordation of a survey, zoning, and planning approval, and similar expenses with respect to the conveyance under this section, shall be borne by KATY.

(g) ASSUMPTION OF LIABILITY.—By acceptance of the conveyance of the parcel of real property referred to in subsection (a), KATY, and its successors and assigns will indemnify and hold harmless the United States for any and all liability to General Telephone and Electronics Corporation (also known as ''GTE'') KATY, and any third party that is associated with the parcel, including liability for any buildings or personal property on the parcel belonging to GTE and any other third parties.

(h) TREATMENT OF RECEIPTS.—All funds received pursuant to this section shall be deposited in the fund established under Public Law 90–171 (16 U.S.C. 484a; commonly known as the

Sisk Act), and the funds shall remain available to the Secretary, until expended, for the acquisition of lands, waters, and interests in land for the inclusion in the San Bernardino National Forest.

(i) RECEIPTS ACT AMENDMENT.—The Act of June 15, 1938 (Chapter 438:52 Stat. 699), as amended by the Acts of May 26, 1944 (58 Stat. 227), is further amended—

(1) by striking the comma after the words ''Secretary of Agriculture'';

(2) by striking the words ''with the approval of the National Forest Reservation Commission established by section 4 of the Act of March 1, 1911 (16 U.S.C. 513),'';

(3) by inserting the words '', real property or interests in lands,'' after the word ''lands'' the first time it is used;

(4) by striking ''San Bernardino and Cleveland'' and inserting ''counties of San Bernardino, Cleveland and Los Angeles'';

(5) by striking ''county of Riverside'' each place it appears and inserting ''counties of Riverside and San Bernardino'';

(6) by striking ''as to minimize soil erosion and flood damage'' and inserting ''for National Forest System purposes''; and

(7) after the ''Provided further, That'', by striking the remainder of the sentence to the end of the paragraph, and inserting ''twelve and one-half percent of the monies otherwise payable to the State of California for the benefit of San Bernardino County under the aforementioned Act of March 1, 1911 (16 U.S.C. 500) shall be available to be appropriated for expenditure in furtherance of this Act.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 2111), as amended, was read the third time and passed.

GREAT SAND DUNES NATIONAL PARK ACT OF 2000

The Senate proceeded to consider the bill (S. 2547) to provide for the establishment of the Great Sand Dunes National Park and the Great Sand Dunes National Preserve in the State of Colorado, and for other purposes, which had been reported by the Committee on Energy and Natural Resources with an amendment to strike out all after the enacting clause and insert the part printed in italic.

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Great Sand Dunes National Park Act of 2000''.

SEC. 2. FINDINGS.

Congress finds that—

(1) the Great Sand Dunes National Monument in the State of Colorado was established by Presidential proclamation in 1932 to preserve Federal land containing spectacular and unique sand dunes and additional features of scenic, scientific, and educational interest for the benefit and enjoyment of future generations;

(2) the Great Sand Dunes, together with the associated sand sheet and adjacent wetland and upland, contain a variety of rare ecological, geological, paleontological, archaeological, scenic, historical, and wildlife components, which—

(A) include the unique pulse flow characteristics of Sand Creek and Medano Creek that are integral to the existence of the dunes system;

(B) interact to sustain the unique Great Sand Dunes system beyond the boundaries of the existing National Monument;

(C) are enhanced by the serenity and rural western setting of the area; and

(D) comprise a setting of irreplaceable national significance;

(3) the Great Sand Dunes and adjacent land within the Great Sand Dunes National Monument—

(A) provide extensive opportunities for educational activities, ecological research, and recreational activities; and

(B) are publicly used for hiking, camping, and fishing, and for wilderness value (including solitude);

(4) other public and private land adjacent to the Great Sand Dunes National Monument—

(A) offers additional unique geological, hydrological, paleontological, scenic, scientific, educational, wildlife, and recreational resources; and

(B) contributes to the protection of—

(i) the sand sheet associated with the dune mass;

(ii) the surface and ground water systems that are necessary to the preservation of the dunes and the adjacent wetland; and

(iii) the wildlife, viewshed, and scenic qualities of the Great Sand Dunes National Monument;

(5) some of the private land described in paragraph (4) contains important portions of the sand dune mass, the associated sand sheet, and unique alpine environments, which would be threatened by future development pressures;

(6) the designation of a Great Sand Dunes National Park, which would encompass the existing Great Sand Dunes National Monument and additional land, would provide—

(A) greater long-term protection of the geological, hydrological, paleontological, scenic, scientific, educational, wildlife, and recreational resources of the area (including the sand sheet associated with the dune mass and the ground water system on which the sand dune and wetland systems depend); and

(B) expanded visitor use opportunities;

(7) land in and adjacent to the Great Sand Dunes National Monument is—

(A) recognized for the culturally diverse nature of the historical settlement of the area;

(B) recognized for offering natural, ecological, wildlife, cultural, scenic, paleontological, wilderness, and recreational resources; and

(C) recognized as being a fragile and irreplaceable ecological system that could be destroyed if not carefully protected; and

(8) preservation of this diversity of resources would ensure the perpetuation of the entire ecosystem for the enjoyment of future generations.

SEC. 3. DEFINITIONS.

In this Act:

(1) ADVISORY COUNCIL.—The term ''Advisory Council'' means the Great Sand Dunes National Park Advisory Council established under section 8(a).

(2) LUIS MARIA BACA GRANT NO. 4.—The term ''Luis Maria Baca Grant No. 4'' means those lands as described in the patent dated February 20, 1900, from the United States to the heirs of Luis Maria Baca recorded in book 86, page 20, of the records of the Clerk and Recorder of Saguache County, Colorado.

(3) MAP.—The term ''map'' means the map entitled ''Great Sand Dunes National Park and Preserve'', numbered 140/80,032 and dated September 19, 2000.

(4) NATIONAL MONUMENT.—The term ''national monument'' means the Great Sand Dunes National Monument, including lands added to the monument pursuant to this Act.

(5) NATIONAL PARK.—The term ''national park'' means the Great Sand Dunes National Park established in section 4.

(6) NATIONAL WILDLIFE REFUGE.—The term ''wildlife refuge'' means the Baca National Wildlife Refuge established in section 6.

(7) PRESERVE.—The term ''preserve'' means the Great Sand Dunes National Preserve established in section 5.

(8) RESOURCES.—The term ''resources'' means the resources described in section 2.

(9) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.

(10) USES.—The term ''uses'' means the uses described in section 2.

SEC. 4. GREAT SAND DUNES NATIONAL PARK, COLORADO.

(a) ESTABLISHMENT.—When the Secretary determines that sufficient land having a sufficient diversity of resources has been acquired to warrant designation of the land as a national park, the Secretary shall establish the Great Sand Dunes National Park in the State of Colorado, as generally depicted on the map, as a unit of the National Park System. Such establishment shall be effective upon publication of a notice of the Secretary's determination in the Federal Register.

(b) AVAILABILITY OF MAP.—The map shall be on file and available for public inspection in the appropriate offices of the National Park Service.

(c) NOTIFICATION.—Until the date on which the national park is established, the Secretary shall annually notify the Committee on Energy and Natural Resources of the Senate and the Committee on Resources of the House of Representatives of—

(1) the estimate of the Secretary of the lands necessary to achieve a sufficient diversity of resources to warrant designation of the national park; and

(2) the progress of the Secretary in acquiring the necessary lands.

(d) ABOLISHMENT OF NATIONAL MONUMENT.—(1) On the date of establishment of the national park pursuant to subsection (a), the Great Sand Dunes National Monument shall be abolished, and any funds made available for the purposes of the national monument shall be available for the purposes of the national park.

(2) Any reference in any law (other than this Act), regulation, document, record, map, or other paper of the United States to ''Great Sand Dunes National Monument'' shall be considered a reference to ''Great Sand Dunes National Park''.

(e) TRANSFER OF JURISDICTION.—Administrative jurisdiction is transferred to the National Park Service over any land under the jurisdiction of the Department of the Interior that—

(1) is depicted on the map as being within the boundaries of the national park or the preserve; and

(2) is not under the administrative jurisdiction of the National Park Service on the date of enactment of this Act.

SEC. 5. GREAT SAND DUNES NATIONAL PRESERVE, COLORADO.

(a) ESTABLISHMENT OF GREAT SAND DUNES NATIONAL PRESERVE.—(1) There is hereby established the Great Sand Dunes National Preserve in the State of Colorado, as generally depicted on the map, as a unit of the National Park System.

(2) Administrative jurisdiction of lands and interests therein administered by the Secretary of Agriculture within the boundaries of the preserve is transferred to the Secretary of the Interior, to be administered as part of the preserve. The Secretary of Agriculture shall modify the boundaries of the Rio Grande National Forest to exclude the transferred lands from the forest boundaries.

(3) Any lands within the preserve boundaries which were designated as wilderness prior to the date of enactment of this Act shall remain subject to the Wilderness Act (16 U.S.C. 1131 et seq.) and the Colorado Wilderness Act of 1993 (Public Law 103–767; 16 U.S.C. 539i note).

(b) MAP AND LEGAL DESCRIPTION.—(1) As soon as practicable after the establishment of the national park and the preserve, the Secretary shall file maps and a legal description of the national

park and the preserve with the Committee on Energy and Natural Resources of the Senate and the Committee on Resources of the House of Representatives.

(2) The map and legal description shall have the same force and effect as if included in this Act, except that the Secretary may correct clerical and typographical errors in the legal description and maps.

(3) The map and legal description shall be on file and available for public inspection in the appropriate offices of the National Park Service.

(c) BOUNDARY SURVEY.—As soon as practicable after the establishment of the national park and preserve and subject to the availability of funds, the Secretary shall complete an official boundary survey.

SEC. 6. BACA NATIONAL WILDLIFE REFUGE, COLORADO.

(a) ESTABLISHMENT.—(1) When the Secretary determines that sufficient land has been acquired to constitute an area that can be efficiently managed as a National Wildlife Refuge, the Secretary shall establish the Baca National Wildlife Refuge, as generally depicted on the map.

(2) Such establishment shall be effective upon publication of a notice of the Secretary's determination in the Federal Register.

(b) AVAILABILITY OF MAP.—The map shall be on file and available for public inspection in the appropriate offices of the United States Fish and Wildlife Service.

(c) ADMINISTRATION.—The Secretary shall administer all lands and interests therein acquired within the boundaries of the national wildlife refuge in accordance with the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd et seq.) and the Act of September 28, 1962 (16 U.S.C. 460k et seq.) (commonly known as the Refuge Recreation Act).

(d) PROTECTION OF WATER RESOURCES.—In administering water resources for the national wildlife refuge, the Secretary shall—

(1) protect and maintain irrigation water rights necessary for the protection of monument, park, preserve, and refuge resources and uses; and

(2) minimize, to the extent consistent with the protection of national wildlife refuge resources, adverse impacts on other water users.

SEC. 7. ADMINISTRATION OF NATIONAL PARK AND PRESERVE.

(a) IN GENERAL.—The Secretary shall administer the national park and the preserve in accordance with—

(1) this Act; and

(2) all laws generally applicable to units of the National Park System, including—

(A) the Act entitled ''An Act to establish a National Park Service, and for other purposes'', approved August 25, 1916 (16 U.S.C. 1, 2–4) and

(B) the Act entitled ''An Act to provide for the preservation of historic American sites, buildings, objects, and antiquities of national significance, and for other purposes'', approved August 21, 1935 (16 U.S.C. 461 et seq.).

(b) GRAZING.—

(1) ACQUIRED STATE OR PRIVATE LAND.—With respect to former State or private land on which grazing is authorized to occur on the date of enactment of this Act and which is acquired for the national monument, or the national park and preserve, or the wildlife refuge, the Secretary, in consultation with the lessee, may permit the continuation of grazing on the land by the lessee at the time of acquisition, subject to applicable law (including regulations).

(2) FEDERAL LAND.—Where grazing is permitted on land that is Federal land as of the date of enactment of this Act and that is located within the boundaries of the national monument or the national park and preserve, the Secretary is authorized to permit the continuation of such grazing activities unless the Secretary determines that grazing would harm the resources or values of the national park or the preserve.

(3) TERMINATION OF LEASES.—Nothing in this subsection shall prohibit the Secretary from accepting the voluntary termination of leases or permits for grazing within the national monument or the national park or the preserve.

(c) HUNTING, FISHING, AND TRAPPING.—

(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary shall permit hunting, fishing, and trapping on land and water within the preserve in accordance with applicable Federal and State laws.

(2) ADMINISTRATIVE EXCEPTIONS.—The Secretary may designate areas where, and establish limited periods when, no hunting, fishing, or trapping shall be permitted under paragraph (1) for reasons of public safety, administration, or compliance with applicable law.

(3) AGENCY AGREEMENT.—Except in an emergency, regulations closing areas within the preserve to hunting, fishing, or trapping under this subsection shall be made in consultation with the appropriate agency of the State of Colorado having responsibility for fish and wildlife administration.

(4) SAVINGS CLAUSE.—Nothing in this Act affects any jurisdiction or responsibility of the State of Colorado with respect to fish and wildlife on Federal land and water covered by this Act.

(d) CLOSED BASIN DIVISION, SAN LUIS VALLEY PROJECT.—Any feature of the Closed Basin Division, San Luis Valley Project, located within the boundaries of the national monument, national park or the national wildlife refuge, including any well, pump, road, easement, pipeline, canal, ditch, power line, power supply facility, or any other project facility, and the operation, maintenance, repair, and replacement of such a feature—

(1) shall not be affected by this Act; and

(2) shall continue to be the responsibility of, and be operated by, the Bureau of Reclamation in accordance with title I of the Reclamation Project Authorization Act of 1972 (43 U.S.C. 615aaa et seq.).

(e) WITHDRAWAL—

(1) On the date of enactment of this Act, subject to valid existing rights, all Federal land depicted on the map as being located within Zone A, or within the boundaries of the national monument, the national park or the preserve is withdrawn from—

(A) all forms of entry, appropriation, or disposal under the public land laws;

(B) location, entry, and patent under the mining laws; and

(C) disposition under all laws relating to mineral and geothermal leasing.

(2) The provisions of this subsection also shall apply to any lands—

(A) acquired under this Act; or

(B) transferred from any Federal agency after the date of enactment of this Act for the national monument, the national park or preserve, or the national wildlife refuge.

(f) WILDNERNESS PROTECTION.—

(1) Nothing in this Act alters the Wilderness designation of any land within the national monument, the national park, or the preserve.

(2) All areas designated as Wilderness that are transferred to the administrative jurisdiction of the National Park Service shall remain subject to the Wilderness Act (16 U.S.C. 1131 et seq.) and the Colorado Wilderness Act of 1993 (Public Law 103–77; 16 U.S.C. 539i note). If any part of this Act conflicts with the provisions of the Wilderness Act or the Colorado Wilderness Act of 1993 with respect to the wilderness areas within the preserve boundaries, the provisions of those Acts shall control.

SEC. 8. ACQUISITION OF PROPERTY AND BOUNDARY ADJUSTMENTS

(a) ACQUISITION AUTHORITY.—

(1) Within the area depicted on the map as the ''Acquisition Area'' or the national monument, the Secretary may acquire lands and interests therein by purchase, donation, transfer from another Federal agency, or exchange: Provided, That lands or interests therein may only be acquired with the consent of the owner thereof.

(2) Lands or interests therein owned by the State of Colorado, or a political subdivision thereof, may only be acquired by donation or exchange.

(b) BOUNDARY ADJUSTMENT.—As soon as practicable after the acquisition of any land or interest under this section, the Secretary shall modify the boundary of the unit to which the land is transferred pursuant to subsection (b) to include any land or interest acquired.

(c) ADMINISTRATION OF ACQUIRED LANDS.—

(1) GENERAL AUTHORITY.—Upon acquisition of lands under subsection (a), the Secretary shall, as appropriate—

(A) transfer administrative jurisdiction of the lands of the National Park Service—

(i) for addition to and management as part of the Great Sand Dunes National Monument, or

(ii) for addition to and management as part of the Great Sand Dunes National Park (after designation of the Park) or the Great Sand Dunes National Preserve; or

(B) transfer administrative jurisdiction of the lands to the United States Fish and Wildlife Service for addition to and administration as part of the Baca National Wildlife Refuge.

(2) FOREST SERVICE ADMINISTRATION.—

(A) Any lands acquired within the area depicted on the map as being located within Zone B shall be transferred to the Secretary of Agriculture and shall be added to and managed as part of the Rio Grande National Forest.

(B) For the purposes of section 7 of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601–9), the boundaries of the Rio Grande National Forest, as revised by the transfer of land under paragraph (A), shall be considered to be the boundaries of the national forest.

SEC. 9. WATER RIGHTS.

(a) SAN LUIS VALLEY PROTECTION, COLORADO.—Section 1501(a) of the Reclamation Projects Authorization and Adjustment Act of 1992 (Public Law 102–575; 106 Stat. 4663) is amended by striking paragraph (3) and inserting the following:

''(3) adversely affect the purposes of—

''(A) the Great Sand Dunes National Monument;

''(B) the Great Sands Dunes National Park (including purposes relating to all water, water rights, and water-dependent resources within the park);

''(C) the Great Sand Dunes National Preserve (including purposes relating to all water, water rights, and water-dependent resources within the preserve);

''(D) the Baca National Wildlife Refuge (including purposes relating to all water, water rights, and water-dependent resources within the national wildlife refuge); and

''(E) any Federal land adjacent to any area described in subparagraphs (A), (B), (C), or (D).''.

(b) EFFECT ON WATER RIGHTS.—

(1) IN GENERAL.—Subject to the amendment made by subsection (a), nothing in this Act affects—

(A) the use, allocation, ownership, or control, in existence on the date of enactment of this Act, of any water, water right, or any other valid existing right;

(B) any vested absolute or decreed conditional water right in existence on the date of enactment of this Act, including water right held by the United States;

(C) any interstate water compact in existence on the date of enactment of this Act; or

(D) subject to the provisions of paragraph (2), state jurisdiction over any water law.

(2) WATER RIGHTS FOR NATIONAL PARK AND NATIONAL PRESERVE.—In carrying out this Act, the Secretary shall obtain and exercise any water rights required to fulfill the purposes of the national park and the national preserve in accordance with the following provisions:

(A) Such water rights shall be appropriated, adjudicated, changed, and administered pursuant to the procedural requirements and priority system of the laws of the State of Colorado.

(B) The purposes and other substantive characteristics of such water rights shall be established pursuant to State law, except that the Secretary is specifically authorized to appropriate water under this Act exclusively for the purpose of maintaining ground water levels, surface water levels, and stream flows on, across, and under the national park and national preserve, in order to accomplish the purposes of the national park and the national preserve and to protect park resources and park uses.

(C) Such water rights shall be established and used without interfering with—

(i) any exercise of a water right in existence on the date of enactment of this Act for a non-Federal purpose in the San Luis Valley, Colorado; and

(ii) the Closed Basin Division, San Luis Valley Project.

(D) Except as provided in subsections (c) and (d) below, no Federal reservation of water may be claimed or established for the national park or the national preserve

(c) NATIONAL FOREST WATER RIGHTS.—To the extent that a water right is established or acquired by the United States for the Rio Grande National Forest, the water right shall—

(1) be considered to be of equal use and value for the national preserve; and

(2) retain its priority and purpose when included in the national preserve.

(d) NATIONAL MONUMENT WATER RIGHTS.—To the extent that a water right has been established or acquired by the United States for the Great Sand Dunes National Monument, the water right shall—

(1) be considered to be of equal use and value for the national park; and

(2) retain its priority and purpose when included in the national park.

(e) ACQUIRED WATER RIGHTS AND WATER RESOURCES.—

(1) IN GENERAL.—(A) If, and to the extent that, the Luis Maria Baca Grant No. 4 is acquired, all water rights and water resources associated with the Luis Maria Baca Grant No. 4 shall be restricted for use only within—

(i) the national park;

(ii) the preserve;

(iii) the national wildlife refuge; or

(iv) the immediately surrounding areas of Alamosa or Saguache Counties, Colorado.

(B) USE.—Except as provided in the memorandum of water service agreement and the water service agreement between the Cabeza de Vaca Land and Cattle Company, LC, and Baca Grande Water and Sanitation District, dated August 28, 1997, water rights and water resources described in subparagraph (A) shall be restricted for use in—

(i) the protection of resources and values for the national monument, the national park, the preserve, or the wildlife refuge;

(ii) fish and wildlife management and protection; or

(iii) irrigation necessary to protect water resources.

(2) STATE AUTHORITY.—If, and to the extent that, water rights associated with the Luis Maria Baca Grant No. 4 are acquired, the use of those water rights shall be changed only in accordance with the laws of the State of Colorado.

(f) DISPOSAL.—The Secretary is authorized to sell the water resources and related appurtenances and fixtures as the Secretary deems necessary to obtain the termination of obligations specified in the memorandum of water service agreement and the water service agreement between the Cabeza de Vaca Land and Cattle Company, LLC and the Baca Grande Water and Sanitation District, dated August 28, 1997. Prior to the sale, the Secretary shall determine that the sale is not detrimental to the protection of the resources of Great Sand Dunes National Monument, Great Sand Dunes National Park, and Great Sand Dunes National Preserve, and the Baca National Wildlife Refuge, and that appropriate measures to provide for such protection are included in the sale.

SEC. 10. ADVISORY COUNCIL.

(a) ESTABLISHMENT.—The Secretary shall establish an advisory council to be known as the ''Great Sand Dunes National Park Advisory Council''.

(b) DUTIES.—The Advisory Council shall advise the Secretary with respect to the preparation and implementation of a management plan for the national park and the preserve.

(c) MEMBERS.—The Advisory Council shall consist of 10 members to be appointed by the Secretary, as follows:

(1) one member of, or nominated by, the Alamosa County Commission.

(2) one member of, or nominated by, the Saguache County Commission.

(3) one member of, or nominated by, the Friends of the Dunes Organization.

(4) 4 members residing in, or within reasonable proximity to, the San Luis Valley and 3 of the general public, all of who have recognized backgrounds reflecting—

(A) the purposes for which the national park and the preserve are established; and

(B) the interests of persons that will be affected by the planning and management of the national park and the preserve.

(d) APPLICABLE LAW.—The Advisory Council shall function in accordance with the Federal Advisory Committee Act (5 U.S.C. App.) and other applicable laws.

(e) VACANCY.—A vacancy on the Advisory Council shall be filled in the same manner as the original appointment.

(f) CHAIRPERSON.—The Advisory Council shall elect a chairperson and shall establish such rules and procedures as it deems necessary or desirable.

(g) NO COMPENSATION.—Members of the Advisory Council shall serve without compensation.

(h) TERMINATION.—The Advisory Council shall terminate upon the completion of the management plan for the national park and preserve.

SEC. 11. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 2547), as amended, was read the third time and passed.

The title was amended so as to read: ''A bill to provide for the establishment of the Great Sand Dunes National Park and Preserve and the Baca National Wildlife Refuge in the State of Colorado, and for other purposes.''

HERMANN MONUMENT AND HERMANN HEIGHTS PARK IN NEW ULM, MINNESOTA

The Senate proceeded to consider the resolution (H. Con. Res. 89) recognizing the Hermann Monument and Hermann Heights Park in New Ulm, Minnesota, as a national symbol of the contributions of Americans of German heritage.

The resolution (H. Con. Res. 89) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

H. CON. RES. 89

Whereas there are currently more than 57,900,000 individuals of German heritage residing in the United States, who comprise nearly 25 percent of the population of the United States and are therefore the largest ethnic group in the United States;

Whereas those of German heritage are not merely descendants of one political entity, but of all German speaking areas;

Whereas numerous Americans of German heritage have made countless contributions to American culture, arts, and industry, the American military, and American government;

Whereas there is no recognized tangible, national symbol dedicated to German Americans and their positive contributions to the United States;

Whereas the story of Hermann the Cheruscan parallels that of the American Founding Fathers, because he was a freedom fighter who united ancient German tribes in order to shed the yoke of Roman tyranny and preserve freedom for the territory of present-day Germany;

Whereas the Hermann Monument located in Hermann Heights Park in New Ulm, Minnesota, was dedicated in 1897 in honor of the spirit of freedom and later dedicated to all German immigrants who settled in New Ulm and elsewhere in the United States; and

Whereas the Hermann Monument has been recognized as a site of special historical significance by the United States Government, by placement on the National Register of Historic Places: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That the Hermann Monument and Hermann Heights Park in New Ulm, Minnesota, are recognized by the Congress to be a national symbol for the contributions of Americans of German heritage.

NATIONAL LABORATORIES PARTNERSHIP IMPROVEMENT ACT OF 1999

The Senate proceeded to consider the bill (S. 1756) to enhance the ability of the National Laboratories to meet Department of Energy missions, and for other purposes, which had been reported by the Committee on Energy and Natural Resources with an amendment to strike out all after the enacting clause and insert the part printed in italic.

SECTION 1. SHORT TITLE.

This Act may be cited as the ''National Laboratories Partnership Improvement Act of 2000''.

SEC. 2. DEFINITIONS.

For purposes of this Act—

(1) the term ''Department'' means the Department of Energy;

(2) the term ''departmental mission'' means any of the functions vested in the Secretary of Energy by the Department of Energy Organization Act (42 U.S.C. 7101 et seq.) or other law;

(3) the term ''institution of higher education'' has the meaning given such term in section

1201(a) of the Higher Education Act of 1965 (20 U.S.C. 1141(a));

(4) the term ''National Laboratory'' means any of the following institutions owned by the Department of Energy—

(A) Argonne National Laboratory;

(B) Brookhaven National Laboratory;

(C) Idaho National Engineering and Environmental Laboratory;

(D) Lawrence Berkeley National Laboratory;

(E) Lawrence Livermore National Laboratory;

(F) Los Alamos National Laboratory;

(G) National Renewable Energy Laboratory;

(H) Oak Ridge National Laboratory;

(I) Pacific Northwest National Laboratory; or

(J) Sandia National Laboratory;

(5) the term ''facility'' means any of the following institutions owned by the Department of Energy—

(A) Ames Laboratory;

(B) East Tennessee Technology Park;

(C) Environmental Measurement Laboratory;

(D) Fermi National Accelerator Laboratory;

(E) Kansas City Plant;

(F) National Energy Technology Laboratory;

(G) Nevada Test Site;

(H) Princeton Plasma Physics Laboratory;

(I) Savannah River Technology Center;

(J) Stanford Linear Accelerator Center;

(K) Thomas Jefferson National Accelerator Facility;

(L) Waste Isolation Pilot Plant;

(M) Y–12 facility at Oak Ridge National Laboratory; or

(N) other similar organization of the Department designated by the Secretary that engages in technology transfer, partnering, or licensing activities;

(6) the term ''nonprofit institution'' has the meaning given such term in section 4 of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. 3703(5));

(7) the term ''Secretary'' means the Secretary of Energy;

(8) the term ''small business concern'' has the meaning given such term in section 3 of the Small Business Act (15 U.S.C. 632);

(9) the term ''technology-related business concern'' means a for-profit corporation, company, association, firm, partnership, or small business concern that—

(A) conducts scientific or engineering research,

(B) develops new technologies,

(C) manufacturers products based on new technologies, or

(D) performs technological services;

(10) the term ''technology cluster'' means a concentration of—

(A) technology-related business concerns;

(B) institution of higher education; or

(C) other nonprofit institutions,

that reinforce each other's performance through formal or informal relationships;

(11) the term ''socially and economically disadvantaged small business concerns'' has the meaning given such term in section 8(a)(4) of the Small Business Act (15 U.S.C. 637(a)(4)); and

(12) the term ''NNSA'' means the National Nuclear Security Administration established by Title XXXII of National Defense Authorization Act for Fiscal Year 2000 (Public Law 106–65).

SEC. 3. TECHNOLOGY INFRASTRUCTURE PILOT PROGRAM.

(a) ESTABLISHMENT.—The Secretary, through the appropriate officials of the Department, shall establish a Technology Infrastructure Pilot Program in accordance with this section.

(b) PURPOSE.—The purpose of the program shall be to improve the ability of National Laboratories or facilities to support departmental missions by—

(1) stimulating the development of technology clusters that can support the missions of the National Laboratories or facilities;

(2) improving the ability of National Laboratories or facilities to leverage and benefit from commercial research, technology, products, processes, and services; and

(3) encouraging the exchange of scientific and technological expertise between National Laboratories or facilities and—

(A) institutions of higher education,

(B) technology-related business concerns,

(C) nonprofit institutions, and

(D) agencies of State, tribal, or local governments,

that can support the missions of the National Laboratories and facilities.

(c) PILOT PROGRAM.—In each of the first three fiscal years after the date of enactment of this section, the Secretary may provide no more than $10,000,000, divided equally, among no more than ten National Laboratories or facilities selected by the Secretary to conduct Technology Infrastructure Program Pilot Programs.

(d) PROJECTS.—The Secretary shall authorize the Director of each National Laboratory or facility designated under subsection (c) to implement the Technology Infrastructure Pilot Program at such National Laboratory or facility through projects that meet the requirements of subsections (e) and (f).

(e) PROGRAM REQUIREMENTS.—Each project funded under this section shall meet the following requirements:

(1) MINIMUM PARTICIPANTS.—Each project shall at a minimum include—

(A) a National Laboratory of facility; and

(B) one of the following entities—

(i) a business,

(ii) an institution of higher education,

(iii) a nonprofit institution, or

(iv) an agency of a State, local, or tribal government.

(2) COST SHARING.—

(A) MINIMUM AMOUNT.—Not less than 50 percent of the costs of each project funded under this section shall be provided from non-Federal sources.

(B) QUALIFIED FUNDING AND RESOURCES.—

(i) The calculation of costs paid by the non-Federal sources to a project shall include cash, personnel, services, equipment, and other resources expended on the project.

(ii) Independent research and development expenses of government contractors that qualify for reimbursement under section 31–205–18(e) of the Federal Acquisition Regulations issued pursuant to section 25(c)(1) of the Office of Federal Procurement Policy Act (41 U.S.C. 421(c)(1)) may be credited towards costs paid by non-Federal sources to a project, if the expenses meet the other requirements of this section.

(iii) No funds or other resources expended either before the start of a project under this section or outside the project's scope of work shall be credited toward the costs paid by the non-Federal sources to the project.

(3) COMPETITIVE SELECTION.—All projects where a party other than the Department or a National Laboratory or facility receives funding under this section shall, to the extent practicable, be competitively selected by the National Laboratory or facility using procedures determined to be appropriate by the Secretary or his designee.

(4) ACCOUNTING STANDARDS.—Any participant receiving funding under this section, other than a National Laboratory or facility, may use generally accepted accounting principles for maintaining accounts, books, and records relating to the project.

(5) LIMITATIONS.—No Federal funds shall be made available under this section for—

(A) construction; or

(B) any project for more than five years.

(f) SELECTION CRITERIA.—

(1) THRESHOLD FUNDING CRITERIA.—The Secretary shall authorize the provision of Federal funds for projects under this section only when the Director of the National Laboratory or facility managing such a project determines that the project is likely to improve the participating National Laboratory or facility's ability to achieve technical success in meeting departmental missions.

(2) ADDITIONAL CRITERIA.—The Secretary shall also require the Director of the National Laboratory or facility managing a project under this section to consider the following criteria in selecting a project to receive federal funds—

(A) the potential of the project to succeed, based on its technical merit, team members, management approach, resources, and project plan;

(B) to potential of the project to promote the development of a commercially sustainable technology cluster, one that will derive most of the demand for its products or services from the private sector, that can support the missions of the participating National Laboratory or facility;

(C) the potential of the project to promote the use of commercial research, technology, products, processes, and services by the participating National Laboratory or facility to achieve its departmental mission or the commercial development of technological innovations made at the participating National Laboratory or facility;

(D) the commitment shown by non-Federal organizations to the project, based primarily on the nature and amount of the financial and other resources they will risk on the project;

(E) the extent to which the project involves a wide variety and number of institutions of higher education, nonprofit institutions, and technology-related business concerns that can support the missions of the participating National Laboratory or facility and that will make substantive contributions to achieving the goals of the project;

(F) the extent of participation in the project by agencies of State, tribal, or local governments that will make substantive contributions to achieving the goals of the project; and

(G) the extent to which the project focuses on promoting the development of technology-related business concerns that are small business concerns or involves such small business concerns substantively in the project.

(3) SAVINGS CLAUSE.—Nothing in this subsection shall limit the Secretary from requiring the consideration of other criteria, as appropriate, in determining whether projects should be funded under this section.

(g) REPORT TO CONGRESS ON FULL IMPLEMENTATION.—Not later than 120 days after the start of the third fiscal year after the date of enactment of this section, the Secretary shall report to Congress on whether the Technology Infrastructure Program should be continued beyond the pilot stage, and, if so, how the fully implemented program should be managed. This report shall take into consideration the results of the pilot program to date the views of the relevant Directors of the National laboratories and facilities. The report shall include any proposals for legislation considered necessary by the Secretary to fully implement the program.

SEC. 4. SMALL BUSINESS ADVOCACY AND ASSISTANCE.

(a) ADVOCACY FUNCTION.—The Secretary shall direct the Director of each National Laboratory, and may direct the Director of each facility the Secretary determines to be appropriate, to establish a small business advocacy function that is organizationally independent of the procurement function at the National Laboratory or facility. The person or office vested with the small business advocacy function shall—

(1) work to increase the participation of small business concerns, including socially and economically disadvantaged small business concerns, in procurements, collaborative research,

technology licensing, and technology transfer activities conducted by the National Laboratory or facility;

(2) report to the Director of the National Laboratory or facility on the actual participation of small business concerns in procurements and collaborative research along with recommendations, if appropriate, on how to improve participation;

(3) make available to small business concerns training, mentoring, and clear, up-to-date information on how to participate in the procurements and collaborative research, including how to submit effective proposals;

(4) increase the awareness inside the National Laboratory or facility of the capabilities and opportunities presented by small business concerns, and

(5) establish guidelines for the program under subsection (b) and report on the effectiveness of such program to the Director of the National Laboratory or facility.

(b) ESTABLISHMENT OF SMALL BUSINESS ASSISTANCE PROGRAM.—The Secretary shall direct the Director of each National Laboratory, and may direct the Director of each facility the Secretary determines to be appropriate, to establish a program to provide small business concerns—

(1) assistance directed at making them more effective and efficient subcontractors or suppliers to the National Laboratory or facility; or

(2) general technical assistance, the cost of which shall not exceed $10,000 per instance of assistance, to improve the small business concern's products or services.

(c) USE OF FUNDS.—None of the funds expended under subsection (b) may be used for direct grants to the small business concerns.

SEC. 5. TECHNOLOGY PARTNERSHIPS OMBUDSMAN.

(a) APPOINTMENT OF OMBUDSMAN.—The Secretary shall direct the Director of each National Laboratory, and may direct the Director of each facility the Secretary determines to be appropriate, to appoint a technology partnership ombudsman to hear and help resolve complaints from outside organizations regarding each laboratory's policies and actions with respect to technology partnerships (including cooperative research and development agreements), patents, and technology licensing. Each ombudsman shall—

(1) be a senior official of the National Laboratory or facility who is not involved in day-to-day technology partnerships, patents, or technology licensing, or, if appointed from outside the laboratory, function as such a senior official; and

(2) have direct access to the Director of the National Laboratory or facility.

(b) DUTIES.—Each ombudsman shall—

(1) serve as the focal point for assisting the public and industry in resolving complaints and disputes with the laboratory regarding technology partnerships, patents, and technology licensing;

(2) promote the use of collaborative alternative dispute resolution techniques such as mediation to facilitate the speedy and low-cost resolution of complaints and disputes, when appropriate; and

(3) report, through the Director of the National Laboratory or facility, to the Department annually on the number and nature of complaints and disputes raised, along with ombudsman's assessment of their resolution, consistent with the protection of confidential and sensitive information.

(c) DUAL APPOINTMENT.—A person vested with the small business advocacy function of section 4 may also serve as the technology partnership ombudsman.

SEC. 6. STUDIES RELATED TO IMPROVING MISSION EFFECTIVENESS, PARTNERSHIPS, AND TECHNOLOGY TRANSFER AT NATIONAL LABORATORIES.

(a) STUDIES.—The Secretary shall direct the Laboratory Operations Board to study and report to him, not later than one year after the date of enactment of this section, on the following topics.

(1) the possible benefits from the need for policies and procedures to facilitate the transfer of scientific, technical, and professional personnel among National Laboratories and facilities; and

(2) the possible benefits from and need for changes in—

(A) the indemnification requirements for patents or other intellectual property licensed from a National Laboratory or facility;

(B) the royalty and fee schedules and types of compensation that may be used for patents or other intellectual property licensed to a small business concern from a National Laboratory or facility;

(C) the licensing procedures and requirements for patents and other intellectual property;

(D) the rights given to small business concern that has licensed a patent or other intellectual property from a National Laboratory or facility to bring suit against third parties infringing such intellectual property;

(E) the advance funding requirements for small business concern funding a project at a National Laboratory or facility through a Funds-In-Agreement;

(F) the intellectual property rights allocated to a business when it is funding a project at a National Laboratory or facility through a Funds-In-Agreement; and

(G) policies on royalty payments to inventors employed by a contractor-operated National Laboratory or facility, including those for inventions made under a Funds-In-Agreement.

(b) DEFINITION.—For the purposes of this section, the term ''Funds-In-Agreement'' means a contract between the Department and a non-Federal organization where that organization pays the Department to provide a service or material not otherwise available in the domestic private sector.

(c) REPORT TO CONGRESS.—Not later than one month after receiving the report under subsection (a), the Secretary transmit the report, along with this recommendations for action and proposals for legislation to implement the recommendations, to Congress.

SEC. 7. OTHER TRANSACTIONS AUTHORITY.

(a) NEW AUTHORITY.—Section 646 of the Department of Energy Organization Act (42 U.S.C. 7256) is amended by adding at the end the following new subsection:

''(g) OTHER TRANSACTIONS AUTHORITY.—(1) In addition to other authorities granted to the Secretary to enter into procurement contracts, leases, cooperative agreements, grants, and other similar arrangements, the Secretary may enter into other transactions with public agencies, private organizations, or persons on such terms as the Secretary may deem appropriate in furtherance of basic, applied, and advanced research functions now or hereafter vested in the Secretary. Such other transactions shall not be subject to the provisions of section 9 of the Federal Nonnuclear Energy Research and Development Act of 1974 (42 U.S.C. 5908.)

''(2)(A) The Secretary of Energy shall ensure that—

''(i) to the maximum extent practicable, no transaction entered into under paragraph (1) provides for research that duplicates research being conducted under existing programs carried out by the Department of Energy; and

''(ii) to the extent that the Secretary determines practicable, the funds provided by the Government under a transaction authorized by paragraph (1) do not exceed the total amount provided by other parties to the transaction.

''(B) A transaction authorized by paragraph (1) may be used for a research project when the use of a standard contract, grant, or cooperative agreement for such project is not feasible or appropriate.

''(3)(A) The Secretary shall not disclose any trade secret or commercial or financial information submitted by a non-Federal entity under paragraph (1) that is privileged and confidential.

''(B) The Secretary shall not disclose, for five years after the date the information is received, any other information submitted by a non-Federal entity under paragraph (1), including any proposal, proposal abstract, document supporting a proposal, business plan, or technical information that is privileged and confidential.

''(C) The Secretary may protect from disclosure, for up to five years, any information developed pursuant to a transaction under paragraph (1) that would be protected from disclosure under section 552(b)(4) of title 5, United States Code, if obtained from a person other than a Federal agency.''.

(b) IMPLEMENTATION.—Not later than six months after the date of enactment of this section, the Department shall establish guidelines for the use of other transactions. Other transactions shall be made available, if needed, in order to implement projects funded under section 3.

SEC. 8. CONFORMANCE WITH NNSA ORGANIZATIONAL STRUCTURE.

All actions taken by the Secretary in carrying out this Act with respect to National Laboratories and facilities that are part of the NNSA shall be through the Administrator for Nuclear Security in accordance with the requirements of Title XXXII of National Defense Authorization Act of Fiscal Year 2000.

SEC. 9. COOPERATIVE RESEARCH AND DEVELOPMENT AGREEMENTS FOR GOVERNMENT-OWNED, CONTRACTOR-OPERATED LABORATORIES.

(a) STRATEGIC PLANS.—Subsection (a) of section 12 of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. 3710a) is amended by striking ''joint work statement,'' and inserting ''joint work statement or, if permitted by the agency, in an agency-approved annual strategic plan,''.

(b) EXPERIMENTAL FEDERAL WAIVERS.—Subsection (b) of that section is amended by adding at the end the following new paragraph:

''(6)(A) In the case of a Department of Energy laboratory, a designated official of the Department of Energy may waive any license retained by the Government under paragraph (1)(A), (2), or (3)(D), in whole or in part and according to negotiated terms and conditions, if the designated official finds that the retention of the license by the Department of Energy would substantially inhibit the commercialization of an invention that would otherwise serve an important federal mission.

''(B) The authority to grant a waiver under subparagraph (A) shall expire on the date that is 5 years after the date of the enactment of the National Defense Authorization Act for Fiscal Year 2001.

''(C) The expiration under subparagraph (B) of authority to grant a waiver under subparagraph (A) shall not effect any waiver granted under subparagraph (A) before the expiration of such authority.''.

(c) TIME REQUIRED FOR APPROVAL.—Subsection (c)(5) of that section is amended—

(1) by striking subparagraph (C);

(2) by redesignating subparagraph (D) as subparagraph (C); and

(3) in subparagraph (C) as so redesignated—

(A) in clause (i)—

(i) by striking ''with a small business firm''; and

(ii) by inserting ''if'' after ''statement''; and

(B) by adding at the end the following new clauses:

''(iv) Any agency that has contracted with a non-Federal entity to operate a laboratory may develop and provide to such laboratory one or more model cooperative research and development agreements, for the purposes of standardizing practices and procedures, resolving common legal issues, and enabling review of cooperative research and development agreements to be carried out in a routine and prompt manner.

''(v) A Federal agency may waive the requirements of clause (i) or (ii) under such circumstances as the agency considers appropriate. However, the agency may not take longer than 30 days to review and approve, request modifications to, or disapprove any proposed agreement or joint work statement that it elects to receive.''.

SEC. 10. COOPERATIVE RESEARCH AND DEVELOPMENT OF THE NATIONAL NUCLEAR SECURITY ADMINISTRATION.

(a) OBJECTIVE FOR OBLIGATION OF FUNDS.—It shall be an objective of the Administrator of the National Nuclear Security Administration to obligate funds for cooperative research and development agreements (as that term is defined in section 12(d)(1) of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. 3710a(d)(1)), or similar cooperative, cost-shared research partnerships with non-Federal organizations, in a fiscal year covered by subsection (b) in an amount at least equal to the percentage of the total amount appropriated for the Administration for such fiscal year that is specified for such fiscal year under subsection (b).

(b) FISCAL YEAR PERCENTAGES.—The percentages of funds appropriated for the National Nuclear Security Administration that are obligated in accordance with the objective under subsection (a) are as follows:

(1) In each of fiscal years 2001 and 2002, 0.5 percent.

(2) In any fiscal year after fiscal year 2002, the percentage recommend by the Administrator for each such fiscal year in the report under subsection (c).

(c) RECOMMENDTIONS FOR PERCENTAGES IN LATER FISCAL YEARS.—Not later than one year after the date of the enactment of this Act, the Administrator shall submit to the congressional defense committees a report setting forth the Administrator's recommendations for appropriate percentages of funds appropriated for the National Nuclear Security Administration to be obligated for agreements described in subsection (a) during each fiscal year covered by the report.

(d) CONSISTENCY OF AGREEMENTS.—Any agreement entered into under this section shall be consistent with and in support of the mission of the National Nuclear Security Administration.

(e) REPORTS ON ACHIEVEMENT OF OBJECTIVE.—(1) Not later than March 30, 2002, and each year thereafter, the Administrator shall submit to the congressional defense committees a report on whether funds of the National Nuclear Security Administration were obligated in the fiscal year ending in the preceding year in accordance with the objective for such fiscal year under this section.

(2) If funds were not obligated in a fiscal year in accordance with the objective under this section for such fiscal year, the report under paragraph (1) shall—

(A) describe the actions the Administrator proposes to take to ensure that the objective under this section for the current fiscal year and future fiscal years will be met; and

(B) include any recommendations for legislation required to achieve such actions.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 1756), as amended, was read the third time and passed.

THE CALENDAR

Mr. MACK. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration, en bloc, of the following reported by the Energy Committee: Calendar No. 470, H.R. 1725; Calendar No. 632, S. 1367; Calendar No. 795, S. 2439; Calendar No. 827, S. 2950; Calendar No. 850, S. 2691; Calendar No. 885, S. 2345; and Calendar No. 926, S. 2331.

I further ask unanimous consent that any committee amendments be agreed to, where appropriate, and the following amendments at the desk: amendment No. 4290 to H.R. 1725; amendment No. 4291 to S. 1367; amendment No. 4292 to S. 2439; amendment No. 4293 to S. 2950; amendment No. 4294 to S. 2691; amendment No. 4295 to S. 2345; and amendment No. 4296 to S. 2331 be agreed to, the bills, as amended, be read the third time, passed, and any title amendment be agreed to, the motions to reconsider be laid upon the table, with no intervening action, and that any statements thereto be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

MIWALETA PARK EXPANSION ACT

The Senate proceeded to consider the bill (H.R. 1725) to provide for the conveyance by the Bureau of Land Management to Douglas County, OR, of a county park and certain adjacent land.

AMENDMENT NO. 4290

(Purpose: To add clarifying language related to management of conveyed lands)

On page 3, beginning on line 6 strike Section 2(b)(1) and insert:

''(1) IN GENERAL.—After conveyance of land under subsection (a), the County shall manage the land for public park purposes consistent with the plan for expansion of the Miwaleta Park as approved in the Decision Record for Galesville Campground, EA #OR110–99–01, dated September 17, 1999.''.

Section 2(b)(2)(A) strike ''purposes—'' and insert: ''purposes as described in paragraph 2(b)(1)—''.

The amendment (No. 4290) was agreed to.

The bill (H.R. 1725), as amended, was read the third time and passed.

SAINT-GAUDENS NATIONAL HISTORIC SITE MODIFICATIONS

The Senate proceeded to consider the bill (S. 1367) to amend the act which established the Saint-Gaudens National Historic Site, in the State of New Hampshire, by modifying the boundary and for other purposes, which had been reported from the Committee on Energy and Natural Resources, with an amendment to omit the parts in black brackets and insert the parts printed in italic.

S. 1367

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That [the Act of August 31, 1964 (78 Stat. 749),] *Public Law 88–543 (16 U.S.C. 461 (note)),* which established Saint-Gaudens National Historic Site is amended—

(1) in section 3 by striking ''not to exceed sixty-four acres of lands and interests therein'' and inserting ''215 acres of lands and buildings, or interests therein'';

(2) in section 6 by striking ''$2,677,000'' from the first sentence and inserting ''$10,632,000''; and

(3) in section 6 by striking ''$80,000'' from the last sentence and inserting ''$2,000,000''.

AMENDMENT NO. 4291

(Purpose: Technical and clarifying corrections)

On page 2, line 3, strike ''215'' and insert in lieu thereof ''279''.

The amendment (No. 4291) was agreed to.

The committee amendment was agreed to.

The bill (S. 1367), as amended, was read the third time and passed, as follows:

S. 1367

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That Public Law 88–543 (16 U.S.C. 461 (note)), which established Saint-Gaudens National Historic Site is amended—

(1) in section 3 by striking ''not to exceed sixty-four acres of lands and interests therein'' and inserting ''279 acres of lands and buildings, or interests therein'';

(2) in section 6 by striking ''$2,677,000'' from the first sentence and inserting ''$10,632,000''; and

(3) in section 6 by striking ''$80,000'' from the last sentence and inserting ''$2,000,000''.

CONSTRUCTION OF THE SOUTHEASTERN ALASKA INTERTIE SYSTEM

The Senate proceeded to consider the bill (S. 2439) to authorize the appropriation of funds for the construction of the Southeastern Alaska Intertie system, and for other purposes.

The amendment (No. 4292) was agreed to, as follows:

AMENDMENT NO. 4292

(Purpose: To limit the authorization for the Southeastern Alaska Intertie and provide an authorization for Navajo electrification)

Strike all after the enacting clause and insert the following:

''That upon the completion and submission to the United States Congress by the Forest Service of the ongoing High Voltage Direct Current viability analysis pursuant to USFS Collection Agreement #00CO–111005–105 or no later than February 1, 2001, there is hereby authorized to be appropriated to the Secretary of Energy such sums as may be necessary to assist in the construction of the Southeastern Alaska Intertie system as generally identified in Report #97–01 of the Southeast Conference. Such sums shall equal 80 percent of the cost of the system and may not exceed $384 million. Nothing in this Act shall be construed to limit or waive any otherwise applicable State or Federal Law.

"SEC. 2. NAVAJO ELECTRIFICATION DEMONSTRATION PROGRAM.

''(a) ESTABLISHMENT.—The Secretary of Energy shall establish a five year program to assist the Navajo Nation to meet its electricity needs. The purpose of the program shall be to provide electric power to the estimated 18,000 occupied structures on the Navajo Nation that lack electric power. The goal of the program shall be to ensure that every household on the Navajo Nation that requests it has access to a reliable and affordable source of electricity by the year 2006.

''(b) SCOPE.—In order to meet the goal in subsection (a), the Secretary of Energy shall provide grants to the Navajo Nation to—

''(1) extend electric transmission and distribution lines to new or existing structures that are not served by electric power and do not have adequate electric power service;

''(2) purchase and install distributed power generating facilities, including small gas turbines, fuel cells, solar photovoltaic systems, solar thermal systems, geothermal systems, wind power systems, or biomass-fueled systems;

''(3) purchase and install other equipment associated with the generation, transmission, distribution, and storage of electric power; or

''(4) provide training in the installation operation, or maintenance of the lines, facilities, or equipment in paragraphs (1) through (3); or

''(5) support other activities that the Secretary of Energy determines are necessary to met the goal of the program.

''(c) TECHNICAL SUPPORT.—At the request of the Navajo Nation, the Secretary of Energy may provide technical support through Department of Energy laboratories and facilities to the Navajo Nation to assist in achieving the goal of this program.

''(d) ANNUAL REPORTS.—Not later than February 1, 2002 and for each of the five succeeding years, the Secretary of Energy shall submit a report to Congress on the status of the programs and the progress towards meeting its goal under subsection (a).

''(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of Energy to carry out this section $15,000,000 for each of the fiscal years 2002 through 2006.''

The bill (S. 2439), as amended, was read the third time and passed, as follows:

S. 2439

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SOUTHEASTERN ALASKA INTERTIE AUTHORIZATION LIMIT.

Upon the completion and submission to the United States Congress by the Forest Service of the ongoing High Voltage Direct Current viability analysis pursuant to United States Forest Service Collection Agreement #00CO–111005–105 or no later than February 1, 2001, there is hereby authorized to be appropriated to the Secretary of Energy such sums as may be necessary to assist in the construction of the Southeastern Alaska Intertie system as generally identified in Report #97–01 of the Southeast Conference. Such sums shall equal 80 percent of the cost of the system and may not exceed $384,000,000. Nothing in this Act shall be construed to limit or waive any otherwise applicable State or Federal law.

SEC. 2. NAVAJO ELECTRIFICATION DEMONSTRATION PROGRAM.

(a) ESTABLISHMENT.—The Secretary of Energy shall establish a 5-year program to assist the Navajo nation to meet its electricity needs. The purpose of the program shall be to provide electric power to the estimated 18,000 occupied structures on the Navajo Nation that lack electric power. The goal of the program shall be to ensure that every household on the Navajo Nation that requests it has access to a reliable and affordable source of electricity by the year 2006.

(b) SCOPE.—In order to meet the goal in subsection (a), the Secretary of Energy shall provide grants to the Navajo Nation to—

(1) extend electric transmission and distribution lines to new or existing structures that are not served by electric power and do not have adequate electric power service;

(2) purchase and install distributed power generating facilities, including small gas turbines, fuel cells, solar photovoltaic systems, solar thermal systems, geothermal systems, wind power systems, or biomass-fueled systems;

(3) purchase and install other equipment associated with the generation, transmission, distribution, and storage of electric power;

(4) provide training in the installation, operation, or maintenance of the lines, facilities, or equipment in paragraphs (1) through (3); or

(5) support other activities that the Secretary of Energy determines are necessary to meet the goal of the program.

(c) TECHNICAL SUPPORT.—At the request of the Navajo Nation, the Secretary of Energy may provide technical support through Department of Energy laboratories and facilities to the Navajo Nation to assist in achieving the goal of this program.

(d) ANNUAL REPORTS.—Not later than February 1, 2002 and for each of the five succeeding years, the Secretary of Energy shall submit a report to Congress on the status of the programs and the progress towards meeting its goal under subsection (a).

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of Energy to carry out this section $15,000,000 for each of the fiscal years 2002 through 2006.

SAND CREEK MASSACRE NATIONAL HISTORIC SITE ESTABLISHMENT ACT OF 2000

The Senate proceeded to consider the bill (S. 2950) to authorize the Secretary of the Interior to establish the Sand Creek Massacre National Historic Site in the State of Colorado, which had been reported from the Committee on Energy and Natural Resources with amendments to omit the parts in black brackets and insert the parts printed in italic.

S. 2950

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Sand Creek Massacre National Historic Site Establishment Act of 2000''.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) on November 29, 1864, a peaceful village of Cheyenne and [Northern and Southern] Arapaho [Indians] *Indians under the leadership of Chief Black Kettle,* along Sand Creek in southeastern Colorado territory was attacked by approximately 700 volunteer soldiers commanded by Colonel John M. Chivington;

(2) more than 150 Cheyenne and Arapaho were killed in the attack, most of whom were women, children, or elderly;

(3) during the massacre and the following day, the soldiers committed atrocities on the dead before withdrawing from the field;

(4) the site of the Sand Creek Massacre is of great significance[,] to descendants of the victims of the massacre and their respective tribes, for the commemoration of ancestors at the site;

(5) the site is a reminder of the tragic extremes sometimes reached in the 500 years of conflict between Native Americans and people of European and other origins concerning the land that now comprises the United States;

(6) Congress, in enacting the Sand Creek Massacre National Historic Site Study Act of 1998 (Public Law 105–243; 112 Stat. 1579), directed the National Park Service to complete a resources study of the site;

(7) the study completed under that Act—

(A) identified the location and extent of the area in which the massacre took place; and

(B) confirmed the national significance, suitability, and feasibility of, and evaluated management options for, that area, including designation of the site as a unit of the National Park System; and

(8) the study included an evaluation of environmental impacts and preliminary cost estimates for facility development, administration, and necessary land acquisition.

(b) PURPOSES.—The purposes of this Act are—

(1) to recognize the importance of the Sand Creek Massacre as—

(A) a nationally significant element of frontier military and Native American history; and

(B) a symbol of the struggles of Native American tribes to maintain their way of life on ancestral land;

(2) to authorize, on acquisition of sufficient land, the establishment of the site of the Sand Creek Massacre as a national historic site; and

(3) to provide opportunities for [tribes] *for the tribes and the State* to be involved in the formulation of general management plans and educational programs for the national historic site.

SEC. 3. DEFINITIONS.

In this Act:

(1) DESCENDANT.—The term ''descendant'' means a member of a tribe, an ancestor of whom was injured or killed in, or otherwise affected by, the Sand Creek Massacre.

(2) MANAGEMENT PLAN.—The term ''management plan'' means the management plan required to be developed for the site under section 7(a).

(3) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior, acting through the Director of the National Park Service.

(4) SITE.—The term ''site'' means the Sand Creek Massacre National Historic Site established under section 4(a).

(5) STATE.—The term ''State'' means the State of Colorado.

(6) TRIBE.—The term ''tribe'' means—

(A) the [Cheyenne Tribe] *Cheyenne and Arapaho Tribes* of Oklahoma;

[(B) the Arapaho Tribe of Oklahoma;

[(C)] *(B)* the Northern Cheyenne Tribe; or

[(D)] *(C)* the Northern Arapaho Tribe.

SEC. 4. ESTABLISHMENT.

(a) IN GENERAL.—

(1) DETERMINATION.—On a determination by the Secretary that land described in subsection (b)(1) containing a sufficient quantity of resources to provide for the preservation, memorialization, commemoration, and interpretation of the Sand Creek Massacre has been acquired by the National Park Service, the Secretary shall establish the Sand Creek Massacre National Historic Site, Colorado.

(2) PUBLICATION.—The Secretary shall publish in the Federal Register a notice of the determination of the Secretary under paragraph (1).

(b) BOUNDARY.—

(1) MAP AND ACREAGE.—The site shall consist of approximately 12,480 acres in Kiowa County, Colorado, the site of the Sand Creek Massacre, as generally depicted on the map entitled, ''Boundary of the Sand Creek Massacre Site'', numbered, SAND 80,009 IR, and dated July 1, 2000.

(2) LEGAL DESCRIPTION.—The Secretary shall prepare a legal description of the land and interests in land described in paragraph (1).

(3) PUBLIC AVAILABILITY.—The map prepared under paragraph (1) and the legal description prepared under paragraph (2) shall be on file and available for public inspection in the appropriate offices of the National Park Service.

(4) BOUNDARY REVISION.—The Secretary may, as necessary, make minor revisions to the boundary of the site in accordance with section 7(c) of the Land and Water Conservation Act of 1965 (16 U.S.C. 460*l*–9(c)).

SEC. 5. ADMINISTRATION.

(a) IN GENERAL.—The Secretary shall manage the site in accordance with—

(1) this Act;

(2) the Act entitled ''An Act to establish a National Park Service, and for other purposes'', approved August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.);

(3) the Act of August 21, 1935 (16 U.S.C. 461 et seq.); and

(4) other laws generally applicable to management of units of the National Park System.

(b) MANAGEMENT.—The Secretary shall manage the site—

(1) to protect and preserve the site, including—

(A) the topographic features that the Secretary determines are important to the site;

(B) artifacts and other physical remains of the Sand Creek Massacre; and

(C) the cultural landscape of the site, in a manner that preserves, as closely as practicable, the cultural landscape of the site as it appeared at the time of the Sand Creek Massacre;

(2)(A) to interpret the natural and cultural resource values associated with the site; and

(B) provide for public understanding and appreciation of, and preserve for future generations, those values; and

(3) to memorialize, commemorate, and provide information to visitors to the site to—

(A) enhance cultural understanding about the site; and

(B) assist in minimizing the chances of similar incidents in the future.

(c) CONSULTATION AND TRAINING.—

(1) IN GENERAL.—In developing the management plan and preparing educational programs for the public about the site, the Secretary shall consult [with the] *with and solicit advice and recommendations from the* tribes and the State.

(2) AGREEMENTS.—The Secretary may enter into cooperative agreements with the tribes (including boards, committees, enterprises, and traditional leaders of the tribes) and the State to carry out this Act.

SEC. 6. ACQUISITION OF PROPERTY.

(a) IN GENERAL.—The Secretary may acquire land and interests in land within the boundaries of the site—

(1) through purchase (including purchase with donated or appropriated funds) only from a willing seller; and

(2) by donation, exchange, or other means, except that any land or interest in land owned by the State (including a political subdivision of the State) may be acquired only by donation.

[(b) AGRICULTURE; RANCHING.—The Secretary shall permit traditional agricultural and ranching activities conducted at the site on the date of enactment of this Act to continue on privately owned land within the designated boundary of the site in effect on the date of enactment of this Act.

[(c)] *(b)* PRIORITY FOR ACQUISITION.—The Secretary shall give priority to the acquisition of land containing the marker in existence on the date of enactment of this Act, which states ''Sand Creek Battleground, November 29 and 30, 1864'', within the boundary of the site.

[(d)] *(c)* COST-EFFECTIVENESS.—

(1) IN GENERAL.—In acquiring land for the site, the Secretary, to the maximum extent practicable, shall use cost-effective alternatives to Federal fee ownership, including—

(A) the acquisition of conservation easements; and

(B) other means of acquisition that are consistent with local zoning requirements.

(2) SUPPORT FACILITIES.—A support facility for the site that is not within the designated boundary of the site may be located in Kiowa County, Colorado, subject to an agreement between the Secretary and the Commissioners of Kiowa County, Colorado.

SEC. 7. MANAGEMENT PLAN.

(a) IN GENERAL.—Not later than 5 years after the date on which funds are made available to carry out this Act, the Secretary shall prepare a management plan for the site.

(b) INCLUSIONS.—The management plan shall cover, at a minimum—

(1) measures for the preservation of the resources of the site;

(2) requirements for the type and extent of development and use of the site, including, for each development—

(A) the general location;

(B) timing and implementation requirements; and

(C) anticipated costs;

(3) requirements for offsite support facilities in Kiowa County;

(4) identification of, and implementation commitments for, visitor carrying capacities for all areas of the site;

(5) opportunities for involvement by the tribes and the State in the formulation of educational programs for the site; and

(6) opportunities for involvement by the tribes, the State, and other local and national entities in the responsibilities of developing and supporting the site.

SEC. 8. SPECIAL NEEDS OF DESCENDANTS.

(a) IN GENERAL.—A descendant shall have [special] *reasonable* rights of access to, and use of, federally acquired land within the site, in accordance with the terms and conditions of a written agreement between the Secretary and the tribe of which the descendant is a member.

(b) COMMEMORATIVE NEEDS.—In addition to the rights described in subsection (a), any [special] *reasonable* need of a descendant shall be considered in park planning and operations, especially with respect to commemorative activities in designated areas within the site.

SEC. 9. TRIBAL ACCESS FOR TRADITIONAL CULTURAL AND HISTORICAL OBSERVANCE.

(a) ACCESS.—

(1) IN GENERAL.—The Secretary shall grant to any descendant or other member of a tribe reasonable access to federally acquired land within the site for the purpose of carrying out a traditional, cultural, or historical observance.

(2) NO FEE.—The Secretary shall not charge any fee for access granted under paragraph (1).

[(b) TEMPORARY MEASURES.—

[(1) IN GENERAL.—In addition to access granted under subsection (a), the Secretary, on a request by a tribe, may take such temporary measures as are necessary, regarding 1 or more portions of federally acquired land within the site, to protect the privacy of any traditional, cultural, or historical observance of the tribe that is conducted on that land.

[(2) DURATION; AREA.—A temporary measure under paragraph (1) shall remain in effect only for the duration of, and with respect to the area in the site that is involved in, the carrying out of a traditional, cultural, or historical observance under paragraph (1).]

(b) CONDITIONS OF ACCESS.—In granting access under subsection (a), the Secretary shall temporarily close to the general public one or more specific portions of the site in order to protect the privacy of tribal members engaging in a traditional, cultural, or historical observance in those portions; and any such closure shall be made in a manner that affects the smallest practicable area for the minimum period necessary for the purposes described above.

(c) SAND CREEK REPATRIATION SITE.—

(1) IN GENERAL.—The Secretary shall dedicate a portion of the federally acquired land within the site to the establishment and operation of a site at which certain items referred to in paragraph (2) that are repatriated under the Native American Graves Protection and Repatriation Act (25 U.S.C. 300 et seq.) or any other provision of law may be interred, reinterred, preserved, or otherwise protected.

(2) ACCEPTABLE ITEMS.—The items referred to in paragraph (1) are any items associated with the Sand Creek Massacre, such as—

(A) Native American human remains;

(B) associated funerary objects;

(C) unassociated funerary objects;

(D) sacred objects; and

(E) objects of cultural patrimony.

(d) TRIBAL CONSULTATION.—In exercising any authority under this section, the Secretary shall consult with, and solicit advice and recommendations from, descendants and [tribes located in the vicinity of the site.] *the tribes.*

SEC. 10. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

The amendment (No. 4293) was agreed to, as follows:

AMENDMENT NO. 4293

(Purpose: Technical and clarifying corrections)

On page 5, line 23, strike ''Boundary of the San Creek Massacre Site'' and insert in lieu thereof ''Sand Creek Massacre Historic Site''.

On page 5, line 25, strike ''SAND 80,009 IR'' and insert in lieu thereof ''SAND 80,013 IR''.

The committee amendments were agreed to.

The bill (S. 2950), as amended, was read the third time and passed, as follows:

S. 2950

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Sand Creek Massacre National Historic Site Establishment Act of 2000''.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) on November 29, 1864, a peaceful village of Cheyenne and Arapaho Indians under the leadership of Chief Black Kettle, along Sand Creek in southeastern Colorado territory was attacked by approximately 700 volunteer soldiers commanded by Colonel John M. Chivington;

(2) more than 150 Cheyenne and Arapaho were killed in the attack, most of whom were women, children, or elderly;

(3) during the massacre and the following day, the soldiers committed atrocities on the dead before withdrawing from the field;

(4) the site of the Sand Creek Massacre is of great significance to descendants of the victims of the massacre and their respective tribes, for the commemoration of ancestors at the site;

(5) the site is a reminder of the tragic extremes sometimes reached in the 500 years of conflict between Native Americans and people of European and other origins concerning the land that now comprises the United States;

(6) Congress, in enacting the Sand Creek Massacre National Historic Site Study Act of 1998 (Public Law 105–243; 112 Stat. 1579), directed the National Park Service to complete a resources study of the site;

(7) the study completed under that Act—

(A) identified the location and extent of the area in which the massacre took place; and

(B) confirmed the national significance, suitability, and feasibility of, and evaluated management options for, that area, including designation of the site as a unit of the National Park System; and

(8) the study included an evaluation of environmental impacts and preliminary cost estimates for facility development, administration, and necessary land acquisition.

(b) PURPOSES.—The purposes of this Act are—

(1) to recognize the importance of the Sand Creek Massacre as—

(A) a nationally significant element of frontier military and Native American history; and

(B) a symbol of the struggles of Native American tribes to maintain their way of life on ancestral land;

(2) to authorize, on acquisition of sufficient land, the establishment of the site of the Sand Creek Massacre as a national historic site; and

(3) to provide opportunities for the tribes and the State to be involved in the formulation of general management plans and educational programs for the national historic site.

SEC. 3. DEFINITIONS.

In this Act:

(1) DESCENDANT.—The term ''descendant'' means a member of a tribe, an ancestor of whom was injured or killed in, or otherwise affected by, the Sand Creek Massacre.

(2) MANAGEMENT PLAN.—The term ''management plan'' means the management plan required to be developed for the site under section 7(a).

(3) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior, acting through the Director of the National Park Service.

(4) SITE.—The term ''site'' means the Sand Creek Massacre National Historic Site established under section 4(a).

(5) STATE.—The term ''State'' means the State of Colorado.

(6) TRIBE.—The term ''tribe'' means—

(A) the Cheyenne and Arapaho Tribes of Oklahoma;

(B) the Northern Cheyenne Tribe; or

(C) the Northern Arapaho Tribe.

SEC. 4. ESTABLISHMENT.

(a) IN GENERAL.—

(1) DETERMINATION.—On a determination by the Secretary that land described in subsection (b)(1) containing a sufficient quantity of resources to provide for the preservation, memorialization, commemoration, and interpretation of the Sand Creek Massacre has been acquired by the National Park Service, the Secretary shall establish the Sand Creek Massacre National Historic Site, Colorado.

(2) PUBLICATION.—The Secretary shall publish in the Federal Register a notice of the determination of the Secretary under paragraph (1).

(b) BOUNDARY.—

(1) MAP AND ACREAGE.—The site shall consist of approximately 12,480 acres in Kiowa County, Colorado, the site of the Sand Creek Massacre, as generally depicted on the map entitled, ''Sand Creek Massacre Historic Site'', numbered, SAND 80,013 IR, and dated July 1, 2000.

(2) LEGAL DESCRIPTION.—The Secretary shall prepare a legal description of the land and interests in land described in paragraph (1).

(3) PUBLIC AVAILABILITY.—The map prepared under paragraph (1) and the legal description prepared under paragraph (2) shall be on file and available for public inspection in the appropriate offices of the National Park Service.

(4) BOUNDARY REVISION.—The Secretary may, as necessary, make minor revisions to the boundary of the site in accordance with section 7(c) of the Land and Water Conservation Act of 1965 (16 U.S.C. 4601–9(c)).

SEC. 5. ADMINISTRATION.

(a) IN GENERAL.—The Secretary shall manage the site in accordance with—

(1) this Act;

(2) the Act entitled ''An Act to establish a National Park Service, and for other purposes'', approved August 25, 1916 (39 Stat. 535; 16 U.S.C. 1 et seq.);

(3) the Act of August 21, 1935 (16 U.S.C. 461 et seq.); and

(4) other laws generally applicable to management of units of the National Park System.

(b) MANAGEMENT.—The Secretary shall manage the site—

(1) to protect and preserve the site, including—

(A) the topographic features that the Secretary determines are important to the site;

(B) artifacts and other physical remains of the Sand Creek Massacre; and

(C) the cultural landscape of the site, in a manner that preserves, as closely as practicable, the cultural landscape of the site as it appeared at the time of the Sand Creek Massacre;

(2)(A) to interpret the natural and cultural resource values associated with the site; and

(B) provide for public understanding and appreciation of, and preserve for future generations, those values; and

(3) to memorialize, commemorate, and provide information to visitors to the site to—

(A) enhance cultural understanding about the site; and

(B) assist in minimizing the chances of similar incidents in the future.

(c) CONSULTATION AND TRAINING.—

(1) IN GENERAL.—In developing the management plan and preparing educational programs for the public about the site, the Secretary shall consult with and solicit advice and recommendations from the tribes and the State.

(2) AGREEMENTS.—The Secretary may enter into cooperative agreements with the tribes (including boards, committees, enterprises, and traditional leaders of the tribes) and the State to carry out this Act.

SEC. 6. ACQUISITION OF PROPERTY.

(a) IN GENERAL.—The Secretary may acquire land and interests in land within the boundaries of the site—

(1) through purchase (including purchase with donated or appropriated funds) only from a willing seller; and

(2) by donation, exchange, or other means, except that any land or interest in land owned by the State (including a political subdivision of the State) may be acquired only by donation.

(b) PRIORITY FOR ACQUISITION.—The Secretary shall give priority to the acquisition of land containing the marker in existence on the date of enactment of this Act, which states ''Sand Creek Battleground, November 29 and 30, 1864'', within the boundary of the site.

(c) COST-EFFECTIVENESS.—

(1) IN GENERAL.—In acquiring land for the site, the Secretary, to the maximum extent practicable, shall use cost-effective alternatives to Federal fee ownership, including—

(A) the acquisition of conservation easements; and

(B) other means of acquisition that are consistent with local zoning requirements.

(2) SUPPORT FACILITIES.—A support facility for the site that is not within the designated boundary of the site may be located in Kiowa County, Colorado, subject to an agreement between the Secretary and the Commissioners of Kiowa County, Colorado.

SEC. 7. MANAGEMENT PLAN.

(a) IN GENERAL.—Not later than 5 years after the date on which funds are made available to carry out this Act, the Secretary shall prepare a management plan for the site.

(b) INCLUSIONS.—The management plan shall cover, at a minimum—

(1) measures for the preservation of the resources of the site;

(2) requirements for the type and extent of development and use of the site, including, for each development—

(A) the general location;

(B) timing and implementation requirements; and

(C) anticipated costs;

(3) requirements for offsite support facilities in Kiowa County;

(4) identification of, and implementation commitments for, visitor carrying capacities for all areas of the site;

(5) opportunities for involvement by the tribes and the State in the formulation of educational programs for the site; and

(6) opportunities for involvement by the tribes, the State, and other local and national entities in the responsibilities of developing and supporting the site.

SEC. 8. NEEDS OF DESCENDANTS.

(a) IN GENERAL.—A descendant shall have reasonable rights of access to, and use of, federally acquired land within the site, in accordance with the terms and conditions of a written agreement between the Secretary and the tribe of which the descendant is a member.

(b) COMMEMORATIVE NEEDS.—In addition to the rights described in subsection (a), any reasonable need of a descendant shall be considered in park planning and operations, especially with respect to commemorative activities in designated areas within the site.

SEC. 9. TRIBAL ACCESS FOR TRADITIONAL CULTURAL AND HISTORICAL OBSERVANCE.

(a) ACCESS.—

(1) IN GENERAL.—The Secretary shall grant to any descendant or other member of a tribe reasonable access to federally acquired land within the site for the purpose of carrying out a traditional, cultural, or historical observance.

(2) NO FEE.—The Secretary shall not charge any fee for access granted under paragraph (1).

(b) CONDITIONS OF ACCESS.—In granting access under subsection (a), the Secretary shall temporarily close to the general public one or more specific portions of the site in order to protect the privacy of tribal members engaging in a traditional, cultural, or historical observance in those portions; and any such closure shall be made in a manner that affects the smallest practicable area for the minimum period necessary for the purposes described above.

(c) SAND CREEK REPATRIATION SITE.—

(1) IN GENERAL.—The Secretary shall dedicate a portion of the federally acquired land within the site to the establishment and operation of a site at which certain items referred to in paragraph (2) that are repatriated under the Native American Graves Protection and Repatriation Act (25 U.S.C. 300 et seq.) or any other provision of law may be interred, reinterred, preserved, or otherwise protected.

(2) ACCEPTABLE ITEMS.—The items referred to in paragraph (1) are any items associated with the Sand Creek Massacre, such as—

(A) Native American human remains;

(B) associated funerary objects;

(C) unassociated funerary objects;

(D) sacred objects; and

(E) objects of cultural patrimony.

(d) TRIBAL CONSULTATION.—In exercising any authority under this section, the Secretary shall consult with, and solicit advice and recommendations from, descendants and the tribes.

SEC. 10. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this Act.

PROTECTIONS FOR LITTLE SANDY RIVER

The Senate proceeded to consider the bill (S. 2691) to provide further protections for the watershed of the Little Sandy River as part of the Bull Run Watershed Management Unit, Oregon, and for other purposes, which had been reported from the Committee on Energy and Natural Resources with an amendment to insert the part printed in italic.

S. 2691

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. INCLUSION OF ADDITIONAL PORTION OF THE LITTLE SANDY RIVER WATERSHED IN THE BULL RUN WATERSHED MANAGEMENT UNIT, OREGON.

(a) IN GENERAL.—Public Law 95–200 (16 U.S.C. 482b note) is amended by striking section 1 and inserting the following:

"SECTION 1. ESTABLISHMENT OF SPECIAL RESOURCES MANAGEMENT UNIT; DEFINITION OF SECRETARY.

''(a) ESTABLISHMENT.—

''(1) IN GENERAL.—There is established, subject to valid existing rights, a special resources management unit in the State of Oregon comprising approximately 98,272 acres, as depicted on a map dated May 2000, and entitled 'Bull Run Watershed Management Unit'.

''(2) MAP.—The map described in paragraph (1) shall be on file and available for public inspection in the offices of the Regional Forester-Pacific Northwest Region, Forest Service, Department of Agriculture, and in the offices of the State Director, Bureau of Land Management, Department of the Interior.

''(3) BOUNDARY ADJUSTMENTS.—Minor adjustments in the boundaries of the unit may be made from time to time by the Secretary after consultation with the city and appropriate public notice and hearings.

''(b) DEFINITION OF SECRETARY.—In this Act, the term 'Secretary' means—

''(1) with respect to land administered by the Secretary of Agriculture, the Secretary of Agriculture; and

''(2) with respect to land administered by the Secretary of the Interior, the Secretary of the Interior.''.

(b) CONFORMING AND TECHNICAL AMENDMENTS.—

(1) SECRETARY.—Public Law 95–200 (16 U.S.C. 482b note) is amended by striking ''Secretary of Agriculture'' each place it appears (except subsection (b) of section 1, as added by subsection (a), and except in the amendments made by paragraph (2)) and inserting ''Secretary''.

(2) APPLICABLE LAW.—

(A) IN GENERAL.—Section 2(a) of Public Law 95–200 (16 U.S.C. 482b note) is amended by striking ''applicable to National Forest System lands'' and inserting ''applicable to National Forest System land (in the case of land administered by the Secretary of Agriculture) or applicable to land under the administrative jurisdiction of the Bureau of Land Management (in the case of land administered by the Secretary of the Interior)''.

(B) MANAGEMENT PLANS.—The first sentence of section 2(c) of Public Law 95–200 (16 U.S.C. 482b note) is amended—

(i) by striking ''subsection (a) and (b)'' and inserting ''subsections (a) and (b)''; and

(ii) by striking '', through the maintenance'' and inserting ''(in the case of land administered by the Secretary of Agriculture) or section 202 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1712) (in the case of land administered by the Secretary of the Interior), through the maintenance''.

SEC. 2. MANAGEMENT.

(a) TIMBER HARVESTING RESTRICTIONS.—Section 2(b) of Public Law 95–200 (16 U.S.C. 482b note) is amended by striking paragraph (1) and inserting the following:

''(1) IN GENERAL.—Subject to paragraph (2), the Secretary shall prohibit the cutting of trees on Federal land in the entire unit, as designated in section 1 and depicted on the map referred to in that section.''.

(b) REPEAL OF MANAGEMENT EXCEPTION.—The Oregon Resource Conservation Act of 1996 (division B of Public Law 104–208) is amended by striking section 606 (110 Stat. 3009–543).

(c) REPEAL OF DUPLICATIVE ENACTMENT.—Section 1026 of division I of the Omnibus Parks and Public Lands Management Act of 1996 (Public Law 104–333; 110 Stat. 4228) and the amendments made by that section are repealed.

(d) WATER RIGHTS.—Nothing in this section strengthens, diminishes, or has any other effect on water rights held by any person or entity.

SEC. 3. LAND RECLASSIFICATION.

(a) Within six months of the date of enactment of this Act, the Secretaries of Agriculture and Interior shall identify any Oregon and California Railroad lands (O&C lands) subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. §1181f) within the boundary of the special resources management area described in Section 1 of this Act.

(b) Interior shall identify public domain lands within the Medford, Roseburg, Eugene, Salem and Coos Bay Districts and the Klamath Resource Area of the Lakeview District of the Bureau of Land Management approximately equal in size and condition as those lands identified in paragraph (a) but not subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. §1181f). For purposes of this paragraph, ''public domain lands'' shall have the meaning given the term ''public lands'' in Section 103 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. §1702), but excluding therefrom any lands managed pursuant to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. §1181f).

(c) Within two years after the date of enactment of this Act, the Secretary of the Interior shall submit to Congress and publish in the Federal Register a map or maps identifying those public domain lands pursuant to paragraphs (a) and (b) of this Section. After an opportunity for public comment, the Secretary of the Interior shall complete an administrative land reclassification such that those lands identified pursuant to paragraph (a) become public domain lands not subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. §1181f) and those lands identified pursuant to paragraph (b) become Oregon and California Railroad lands (O&C lands) subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. §1181f).

SEC. 4. ENVIRONMENTAL RESTORATION.

(a) IN GENERAL.—In order to further the purposes of this Act, there is hereby authorized to be appropriated $10 million under the provisions of section 323 of the FY 1999 Interior Appropriations Act (P.L. 105–277) for Clackamas County, Oregon, for watershed restoration near the Bull Run Management Unit.

The amendment (No. 4294) was agreed to, as follows:

AMENDMENT NO. 4294

(Purpose: The amendment replaces two sections of the bill to require the Secretaries of Agriculture and Interior to complete an administrative reclassification such that Oregon and California Railroad lands within the area described in the Act become public domains lands not subject to distribution provisions, and to authorize ecosystem restoration activities in Clackamas County, Oregon)

Strike Section 3, through the end of the bill, and insert:

SEC. 3. LAND RECLASSIFICATION.

(a) Within six months of the date of enactment of this Act, the Secretaries of Agriculture and Interior shall identify any Oregon and California Railroad lands (O&C lands) subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. Sec. 1181f) within the boundary of the special resources management area described in Section 1 of this Act.

(b) Within eighteen months of the date of enactment of this Act, the Secretary of the Interior shall identify public domain lands within the Medford, Roseburg, Eugene, Salem and Coos Bay Districts and the Klamath Resource Area of the Lakeview District of the Bureau of Land Management approximately equal in size and condition as those lands identified in paragraph (a) but not subject to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. Sec. 1181a–f). For purposes of this paragraph, ''public domain lands'' shall have the meaning given the term ''public lands'' in Section 103 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1702), but excluding there from any lands managed pursuant to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. 1181a–f).

(c) Within two years after the date of enactment of this Act, the Secretary of the Interior shall submit to Congress and publish in the Federal Register a map or maps identifying those public domain lands pursuant to paragraphs (a) and (b) of this Section. After an opportunity for public comment, the Secretary of the Interior shall complete an administrative land reclassification such that those lands identified pursuant to paragraph (a) become public domain lands not subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. Sec. 1181f) and those lands identified pursuant to paragraph (b) become Oregon and California Railroad lands (O&C lands) subject to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. 1181a–f).

SEC. 4. ENVIRONMENTAL RESTORATION.

(a) IN GENERAL.—In order to further the purposes of this Act, there is hereby authorized to be appropriated $10 million under the provisions of section 323 of the FY 1999 Interior Appropriations Act (P.L. 105–277) for Clackamas County, Oregon, for watershed restoration, except timber extraction, that protects or enhances water quality or relates to the recovery of species listed pursuant to the Endangered Species Act (Public Law 93–205) near the Bull Run Management Unit.

The committee amendment was agreed to.

The bill (S. 2691), as amended, was read the third time and passed, as follows:

S. 2691

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. INCLUSION OF ADDITIONAL PORTION OF THE LITTLE SANDY RIVER WATERSHED IN THE BULL RUN WATERSHED MANAGEMENT UNIT, OREGON.

(a) IN GENERAL.—Public Law 95–200 (16 U.S.C. 482b note) is amended by striking section 1 and inserting the following:

''SECTION 1. ESTABLISHMENT OF SPECIAL RESOURCES MANAGEMENT UNIT; DEFINITION OF SECRETARY.

''(a) ESTABLISHMENT.—

''(1) IN GENERAL.—There is established, subject to valid existing rights, a special resources management unit in the State of Oregon comprising approximately 98,272 acres, as depicted on a map dated May 2000, and entitled 'Bull Run Watershed Management Unit'.

''(2) MAP.—The map described in paragraph (1) shall be on file and available for public inspection in the offices of the Regional Forester-Pacific Northwest Region, Forest Service, Department of Agriculture, and in the offices of the State Director, Bureau of Land Management, Department of the Interior.

''(3) BOUNDARY ADJUSTMENTS.—Minor adjustments in the boundaries of the unit may be made from time to time by the Secretary after consultation with the city and appropriate public notice and hearings.

''(b) DEFINITION OF SECRETARY.—In this Act, the term 'Secretary' means—

''(1) with respect to land administered by the Secretary of Agriculture, the Secretary of Agriculture; and

''(2) with respect to land administered by the Secretary of the Interior, the Secretary of the Interior.''.

(b) CONFORMING AND TECHNICAL AMENDMENTS.—

(1) SECRETARY.—Public Law 95–200 (16 U.S.C. 482b note) is amended by striking ''Secretary of Agriculture'' each place it appears (except subsection (b) of section 1, as added by subsection (a), and except in the amendments made by paragraph (2)) and inserting ''Secretary''.

(2) APPLICABLE LAW.—

(A) IN GENERAL.—Section 2(a) of Public Law 95–200 (16 U.S.C. 482b note) is amended by striking ''applicable to National Forest System lands'' and inserting ''applicable to National Forest System land (in the case of land administered by the Secretary of Agriculture) or applicable to land under the administrative jurisdiction of the Bureau of Land Management (in the case of land administered by the Secretary of the Interior)''.

(B) MANAGEMENT PLANS.—The first sentence of section 2(c) of Public Law 95–200 (16 U.S.C. 482b note) is amended—

(i) by striking ''subsection (a) and (b)'' and inserting ''subsections (a) and (b)''; and

(ii) by striking '', through the maintenance'' and inserting ''(in the case of land administered by the Secretary of Agriculture) or section 202 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1712) (in the case of land administered by the Secretary of the Interior), through the maintenance''.

SEC. 2. MANAGEMENT.

(a) TIMBER HARVESTING RESTRICTIONS.—Section 2(b) of Public Law 95–200 (16 U.S.C. 482b note) is amended by striking paragraph (1) and inserting the following:

''(1) IN GENERAL.—Subject to paragraph (2), the Secretary shall prohibit the cutting of trees on Federal land in the entire unit, as designated in section 1 and depicted on the map referred to in that section.''.

(b) REPEAL OF MANAGEMENT EXCEPTION.—The Oregon Resource Conservation Act of 1996 (division B of Public Law 104–208) is amended by striking section 606 (110 Stat. 3009–543).

(c) REPEAL OF DUPLICATIVE ENACTMENT.—Section 1026 of division I of the Omnibus Parks and Public Lands Management Act of 1996 (Public Law 104–333; 110 Stat. 4228) and the amendments made by that section are repealed.

(d) WATER RIGHTS.—Nothing in this section strengthens, diminishes, or has any other effect on water rights held by any person or entity.

SEC. 3. LAND RECLASSIFICATION.

(a) Within 6 months of the date of enactment of this Act, the Secretaries of Agriculture and Interior shall identify any Oregon and California Railroad lands (O&C lands) subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. sec. 1181f) within the boundary of the special resources management area described in section 1 of this Act.

(b) Within 18 months of the date of enactment of this Act, the Secretary of the Interior shall identify public domain lands within the Medford, Roseburg, Eugene, Salem and Coos Bay Districts and the Klamath Resource Area of the Lakeview District of the Bureau of Land Management approximately equal in size and condition as those lands identified in subsection (a) but not subject to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. sec. 1181a–f). For purposes of this subsection, ''public domain lands'' shall have the meaning given the term ''public lands'' in section 103 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1702), but excluding therefrom any lands managed pursuant to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. 1181a–f).

(c) Within 2 years after the date of enactment of this Act, the Secretary of the Interior shall submit to Congress and publish in the Federal Register a map or maps identifying those public domain lands pursuant to subsections (a) and (b) of this section. After an opportunity for public comment, the Secretary of the Interior shall complete an administrative land reclassification such that those lands identified pursuant to subsection (a) become public domain lands not subject to the distribution provision of the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. Sec. 1181f) and those lands identified pursuant to subsection (b) become Oregon and California Railroad lands (O&C lands) subject to the Act of August 28, 1937 (chapter 876, title II, 50 Stat. 875; 43 U.S.C. 1181a–f).

SEC. 4. ENVIRONMENTAL RESTORATION.

(a) IN GENERAL.—In order to further the purposes of this Act, there is hereby authorized to be appropriated $10,000,000 under the provisions of section 323 of the FY 1999 Interior Appropriations Act (P.L. 105–277) for Clackamas County, Oregon, for watershed restoration, except timber extraction, that protects or enhances water quality or relates to the recovery of species listed pursuant to the Endangered Species Act (P.L. 93–205) near the Bull Run Management Unit.

HARRIET TUBMAN SPECIAL RESOURCE STUDY ACT

The Senate proceeded to consider the bill (S. 2345) to direct the Secretary of the Interior to conduct a special resource study concerning the preservation and public use of sites associated with Harriet Tubman located in Auburn, NY, and for other purposes, which had been reported from the Committee on Energy and Natural Resources with an amendment to strike out all after the enacting clause and insert the part printed in italic.

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Harriet Tubman Special Resource Study Act''.

SEC. 2. FINDINGS.

Congress finds that—

(1) Harriet Tubman was born into slavery on a plantation in Dorchester County, Maryland, in 1821;

(2) in 1849, Harriet Tubman escaped the plantation on foot, using the North Star for direction and following a route through Maryland, Delaware, and Pennsylvania to Philadelphia, where she gained her freedom;

(3) Harriet Tubman is an important figure in the history of the United States, and is most famous for her role as a ''conductor'' on the Underground Railroad, in which, as a fugitive slave, she helped hundreds of enslaved individuals to esacape to freedom before and during the Civil War;

(4) during the Civil War, Harriet Tubman served the Union Army as a guide, spy, and nurse;

(5) after the Civil War, Harriet Tubman was an advocate for the education of black children;

(6) Harriet Tubman settled in Auburn, New York, in 1857, and lived there until 1913;

(7) while in Auburn, Harriet Tubman dedicated her life to caring selflessly and tirelessly for people who could not care for themselves, was an influential member of the community and an active member of the Thompson Memorial A.M.E. Zion Church, and established a home for the elderly;

(8) Harriet Tubman was a friend of William Henry Seward, who served as the Governor of and a Senator from the State of New York and as Secretary of State under President Abraham Lincoln;

(9) 4 sites in Auburn that directly relate to Harriet Tubman and are listed on the National Register of Historic Places are—

(A) Harriet Tubman's home;

(B) the Harriet Tubman Home for the Aged;

(C) the Thompson Memorial A.M.E. Zion Church; and

(D) Harriet Tubman Home for the Aged and William Henry Seward's home in Auburn are national historic landmarks.

SEC. 3. STUDY CONCERNING SITES IN AUBURN, NEW YORK, ASSOCIATED WITH HARRIET TUBMAN.

(a) IN GENERAL.—The Secretary of the Interior shall conduct a special resource study of the national significance, feasibility of long-term preservation, and public use of the following sites associated with Harriet Tubman:

(1) Harriet Tubman's Birthplace, located on Greenbriar Road, off of Route 50, in Dorchester County, Maryland.

(2) Bazel Church, located 1 mile South of Greenbriar Road in Cambridge, Maryland.

(3) Harriet Tubman's home, located at 182 South Street, Auburn, New York.

(4) The Harriet Tubman Home for the Aged, located at 180 South Street, Auburn, New York.

(5) The Thompson Memorial A.M.E. Zion Church, located at 33 Parker Street, Auburn, New York.

(6) Harriet Tubman's grave at Port Hill Cemetery, located at 19 Fort Street, Auburn, New York.

(7) William Henry Seward's home, located at 33 South Street, Auburn, New York.

(b) INCLUSION OF SITES IN THE NATIONAL PARK SYSTEM.—The study under subsection (a) shall include an analysis and any recommendations of the Secretary concerning the suitability and feasibility of—

(1) designating one or more of the sites specified in subsection (a) as units of the National Park System; and

(2) establishing a national heritage corridor that incorporates the sites specified in subsection (a) and any other sites associated with Harriet Tubman.

(c) STUDY GUIDELINES.—In conducting the study authorized by this Act, the Secretary shall use the criteria for the study of areas for potential inclusion in the National Park System contained in Section 8 of P.L. 91–383, as amended by Section 303 of the National Park Omnibus Management Act ((P.L. 105–391), 112 Stat. 3501).

(d) CONSULTATION.—In preparing and conducting the study under subsection (a), the Secretary shall consult with—

(1) the Governors of the States of Maryland and New York;

(2) a member of the Board of County Commissioners of Dorchester County, Maryland;

(3) the Mayor of the city of Auburn, New York;

(4) the owner of the sites specified in subsection (a); and

(5) the appropriate representatives of—

(A) the Thompson Memorial A.M.E. Zion Church;

(B) the Bazel Church;

(C) the Harriet Tubman Foundation; and

(D) the Harriet Tubman Organization, Inc.

(e) REPORT.—Not later than 2 years after the date on which funds are made available for the study under subsection (a), the Secretary shall submit to Congress a report describing the results of the study.

The amendment (No. 4295) was agreed to, as follows:

AMENDMENT NO. 4295

(Purpose: To make a technical correction)

On page 7, line 24, strike ''Port Hill Cemetery,'' and insert in lieu thereof ''Fort Hill Cemetery,''.

The committee amendment in the nature of a substitute, as amended, was agreed to.

The bill (S. 2345), as amended, was read the third time and passed, as follows:

S. 2345

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Harriet Tubman Special Resource Study Act''.

SEC. 2. FINDINGS.

Congress finds that—

(1) Harriet Tubman was born into slavery on a plantation in Dorchester County, Maryland, in 1821;

(2) in 1849, Harriet Tubman escaped the plantation on foot, using the North Star for direction and following a route through Maryland, Delaware, and Pennsylvania to Philadelphia, where she gained her freedom;

(3) Harriet Tubman is an important figure in the history of the United States, and is most famous for her role as a ''conductor'' on the Underground Railroad, in which, as a fugitive slave, she helped hundreds of enslaved individuals to escape to freedom before and during the Civil War;

(4) during the Civil War, Harriet Tubman served the Union Army as a guide, spy, and nurse;

(5) after the Civil War, Harriet Tubman was an advocate for the education of black children;

(6) Harriet Tubman settled in Auburn, New York, in 1857, and lived there until 1913;

(7) while in Auburn, Harriet Tubman dedicated her life to caring selflessly and tirelessly for people who could not care for themselves, was an influential member of the community and an active member of the Thompson Memorial A.M.E. Zion Church, and established a home for the elderly;

(8) Harriet Tubman was a friend of William Henry Seward, who served as the Governor of and a Senator from the State of New York and as Secretary of State under President Abraham Lincoln;

(9) 4 sites in Auburn that directly relate to Harriet Tubman and are listed on the National Register of Historic Places are—

(A) Harriet Tubman's home;

(B) the Harriet Tubman Home for the Aged;

(C) the Thompson Memorial A.M.E. Zion Church; and

(D) Harriet Tubman Home for the Aged and William Henry Seward's home in Auburn are national historic landmarks.

SEC. 3. STUDY CONCERNING SITES IN AUBURN, NEW YORK, ASSOCIATED WITH HARRIET TUBMAN.

(a) IN GENERAL.—The Secretary of the Interior shall conduct a special resource study of the national significance, feasibility of long-term preservation, and public use of the following sites associated with Harriet Tubman:

(1) Harriet Tubman's Birthplace, located on Greenbriar Road, off of Route 50, in Dorchester County, Maryland.

(2) Bazel Church, located 1 mile South of Greenbriar Road in Cambridge, Maryland.

(3) Harriet Tubman's home, located at 182 South Street, Auburn, New York.

(4) The Harriet Tubman Home for the Aged, located at 180 South Street, Auburn, New York.

(5) The Thompson Memorial A.M.E. Zion Church, located at 33 Parker Street, Auburn, New York.

(6) Harriet Tubman's grave at Fort Hill Cemetery, located at 19 Fort Street, Auburn, New York.

(7) William Henry Seward's home, located at 33 South Street, Auburn, New York.

(b) INCLUSION OF SITES IN THE NATIONAL PARK SYSTEM.—The study under subsection (a) shall include an analysis and any recommendations of the Secretary concerning the suitability and feasibility of—

(1) designating one or more of the sites specified in subsection (a) as units of the National Park System; and

(2) establishing a national heritage corridor that incorporates the sites specified in subsection (a) and any other sites associated with Harriet Tubman.

(c) STUDY GUIDELINES.—In conducting the study authorized by this Act, the Secretary shall use the criteria for the study of areas for potential inclusion in the National Park System contained in Section 8 of P.L. 91–383, as amended by Section 303 of the National Park Omnibus Management Act ((P.L. 105–391), 112 Stat. 3501).

(d) CONSULTATION.—In preparing and conducting the study under subsection (a), the Secretary shall consult with—

(1) the Governors of the States of Maryland and New York;

(2) a member of the Board of County Commissioners of Dorchester County, Maryland;

(3) the Mayor of the city of Auburn, New York;

(4) the owner of the sites specified in subsection (a); and

(5) the appropriate representatives of—

(A) the Thompson Memorial A.M.E. Zion Church;

(B) the Bazel Church;

(C) the Harriet Tubman Foundation; and

(D) the Harriet Tubman Organization, Inc.

(e) REPORT.—Not later than 2 years after the date on which funds are made available for the study under subsection (a), the Secretary shall submit to Congress a report describing the results of the study.

RECALCULATING FRANCHISE FEE OWED BY FORT SUMTER TOURS, INC.

The Senate proceeded to consider the bill (S. 2331) to direct the Secretary of the Interior to recalculate the franchise fee owed by Fort Sumter Tours, Inc., a concessioner providing service to Fort Sumter National Monument, SC, which had been reported from the Committee on Energy and Natural Resources with an amendment to strike out all after the enacting clause and insert the part printed in italic.

SECTION 1. ARBITRATION REQUIREMENT.

The Secretary of the Interior (in this Act referred to as the ''Secretary'') shall, upon the request of Fort Sumter Tours, Inc. (in this Act referred to as the ''Concessioner''), agree to binding arbitration to determine the franchise fee payable under the contract executed on June 13, 1986, by the Concessioner and the National Park Service, under which the Concessioner provides passenger boat service to Fort Sumter National Monument in Charleston Harbor, South Carolina (in this Act referred to as ''the Contract'').

SEC. 2. APPOINTMENT OF THE ARBITRATOR.

(a) MUTUAL AGREEMENT.—Not later than 90 days after the date of enactment of this Act, The Secretary and the Concessioner shall jointly select a single arbitrator to conduct the arbitration under this Act.

(b) FAILURE TO AGREE.—If the Secretary and the concessioner are unable to agree on the selection of a single arbitrator within 90 days after the date of enactment of this Act, within 30 days thereafter the Secretary and the Concessioner shall each select an arbitrator, the two arbitrators selected by the Secretary and the Concessioner shall jointly select a third arbitrator, and the three arbitrators shall jointly conduct the arbitration.

(c) QUALIFICATIONS.—Any arbitrator selected under either subsection (a) or subsection (b) shall be a neutral who meets the criteria of section 573 of title 5, United States Code.

(d) PAYMENT OF EXPENSES.—The Secretary and the Concessioner shall share equally the expenses of the arbitration.

(e) DEFINITION.—As used in this Act, the term ''arbitrator'' includes either a single arbitrator selected under subsection (a) or a three-member panel of arbitrators selected under (b).

SEC. 3. SCOPE OF THE ARBITRATION.

(a) SOLE ISSUE TO BE DECIDED.—The arbitrator shall determine—

(1) the appropriate amount of the franchise fee under the Contract for the period from June 13, 1991, through December 31, 2000, in accordance with the terms of the Contract; and

(2) any interest or penalties on the amount owed under paragraph (1).

(b) DE NOVO DECISION.—The arbitrator shall not be bound by any prior determination of the appropriate amount of the fee by the Secretary.

(c) BASIS FOR DECISION.—The arbitrator shall determine the appropriate amount of the fee based upon the law in effect on the effective date of the Contract and the terms of section 9 of the Contract.

SEC. 4. EFFECT OF DECISION.

(a) RETROACTIVE EFFECT.—The amount of the fee determined by the arbitrator under section 3(a) shall be retroactive to June 13, 1991.

(b) NO FURTHER REVIEW.—Notwithstanding subchapter IV of title 5, United States Code (commonly known as the Administrative Dispute Resolution Act), the decision of the arbitrator shall be final and conclusive upon the Secretary and the Concessioner and shall not be subject to judicial review.

SEC. 5. GENERAL AUTHORITY.

Except to the extent inconsistent with this Act, the arbitration under this Act shall be conducted in accordance with subchapter IV of title 5, United States Code.

SEC. 6. ENFORCEMENT.

A party aggrieved by the alleged failure, neglect, or refusal of another to arbitrate under this Act, or by any unreasonable delay in the appointment of the arbitrator or the conduct of the arbitration, may petition the United States District Court for the District of South Carolina or the United States District Court for the District of Columbia for an order directing that the arbitration proceed in the manner provided by this Act.

Amend the title to read: ''A bill to require the Secretary of the Interior to submit the dispute over the franchise fee owed by Fort Sumter Tours, Inc. to binding arbitration.''.

The amendment (No. 4296) was agreed to, as follows:

AMENDMENT NO. 4296

Strike all and insert the following:

''SECTION 1. ARBITRATION REQUIREMENT.

''The Secretary of the Interior (in this Act referred to as the 'Secretary') shall, upon the request of Fort Sumter Tours, Inc. (in this Act referred to as the 'Concessioner'), agree to binding arbitration to determine the franchise fee payable under the contract executed on June 13, 1986 by the Concessioner and the National Park Service, under which the Concessioner provides passenger boat service to Fort Sumter National Monument in Charleston Harbor, South Carolina (in this Act referred to as 'the Contract').

''SEC. 2. APPOINTMENT OF THE ARBITRATOR.

''(a) MUTUAL AGREEMENT.—Not later than 30 days after the date of enactment of this Act, the Secretary and the Concessioner shall jointly select a single arbitrator to conduct the arbitration under this Act.

''(b) FAILURE TO AGREE.—If the Secretary and the Concessioner are unable to agree on the selection of a single arbitrator within 30 days after the date of enactment of this Act, within 30 days thereafter the Secretary and the Concessioner shall each select an arbitrator, the two arbitrators selected by the Secretary and the Concessioner shall jointly select a third arbitrator, and the three arbitrators shall jointly conduct the arbitration.

''(c) QUALIFICATIONS.—Any arbitrator selected under either subsection (a) or subsection (b) shall be a neutral who meets the criteria of section 573 of title 5, United States Code.

''(d) PAYMENT OF EXPENSES.—The Secretary and the Concessioner shall share equally the expenses of the arbitration.

''(e) DEFINITION.—As used in this Act, the term 'arbitrator' includes either a single arbitrator selected under subsection (a) or a three-member panel of arbitrators selected under subsection (b).

''SEC. 3. SCOPE OF THE ARBITRATION.

''(a) SOLE ISSUES TO BE DECIDED.—The arbitrator shall, after affording the parties an opportunity to be heard in accordance with section 579 of title 5, United States Code, determine—

''(1) the appropriate amount of the franchise fee under the Contract for the period from June 13, 1991 through December 31, 2000 in accordance with the terms of the Contract; and

''(2) any interest or penalties on the amount owed under paragraph (1).

''(b) DE NOVO DECISION.—The arbitrator shall not be bound by an prior determination of the appropriate amount of the fee by the Secretary or any prior court review thereof.

''(c) BASIS FOR DECISION.—The arbitrator shall determine the appropriate amount of the fee based upon law in effect on the effective date of the contract and the terms of the Contract.

''SEC. 4. FINAL DECISION.

''The arbitrator shall issue a final decision not later than 300 days after the date of enactment of this Act.

''SEC. 5. EFFECT OF DECISION.

''(a) RETROACTIVE EFFECT.—The amount of the fee determined by the arbitrator under section 3(a) shall be retroactive to June 13, 1991.

''(b) NO FURTHER REVIEW.—Notwithstanding subchapter IV of title 5, United States Code (commonly known as the Administrative Dispute Resolution Act), the decision of the arbitrator shall be final and conclusive upon the Secretary and the Concessioner and shall not be subject to judicial review.

''SEC. 6. GENERAL AUTHORITY.

''Except to the extent inconsistent with this Act, the arbitration under this Act shall be conducted in accordance with subchapter IV of title 5, United States Code.''.

The committee amendment in the nature of a substitute, as amended, was agreed to.

The bill (S. 2331), as amended, was read the third time and passed, as follows:

S. 2331

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION. 1. ARBITRATION REQUIREMENT.

The Secretary of the Interior (in this Act referred to as the ''Secretary'') shall, upon the request of Fort Sumter Tours, Inc. (in this Act referred to as the ''Concessioner''), agree to binding arbitration to determine the franchise fee payable under the contract executed on June 13, 1986 by the Concessioner and the National Park Service, under which the Concessioner provides passenger boat service to Fort Sumter National Monument in Charleston Harbor, South Carolina (in this Act referred to as ''the Contract'').

SEC. 2. APPOINTMENT OF THE ARBITRATOR.

(a) MUTUAL AGREEMENT.—Not later than 30 days after the date of enactment of this Act, the Secretary and the Concessioner shall jointly select a single arbitrator to conduct the arbitration under this Act.

(b) FAILURE TO AGREE.—If the Secretary and the Concessioner are unable to agree on the selection of a single arbitrator within 30 days after the date of enactment of this Act, within 30 days thereafter the Secretary and the Concessioner shall each select an arbitrator, the two arbitrators selected by the Secretary and the Concessioner shall jointly select a third arbitrator, and the three arbitrators shall jointly conduct the arbitration.

(c) QUALIFICATIONS.—Any arbitrator selected under either subsection (a) or subsection (b) shall be a neutral who meets the criteria of section 573 of title 5, United States Code.

(d) PAYMENT OF EXPENSES.—The Secretary and the Concessioner shall share equally the expenses of the arbitration.

(e) DEFINITION.—As used in this Act, the term ''arbitrator'' includes either a single arbitrator selected under subsection (a) or a three-member panel of arbitrators selected under subsection (b).

SEC. 3. SCOPE OF THE ARBITRATION.

(a) SOLE ISSUES TO BE DECIDED.—The arbitrator shall, after affording the parties an

opportunity to be heard in accordance with section 579 of title 5, United States Code, determine—

(1) the appropriate amount of the franchise fee under the Contract for the period from June 13, 1991 through December 31, 2000 in accordance with the terms of the Contract; and

(2) any interest or penalties on the amount owed under paragraph (1).

(b) DE NOVO DECISION.—The arbitrator shall not be bound by any prior determination of the appropriate amount of the fee by the Secretary or any prior court review thereof.

(c) BASIS FOR DECISION.—The arbitrator shall determine the appropriate amount of the fee based upon the law in effect on the effective date of the Contract and the terms of the Contract.

SEC. 4. FINAL DECISION.

The arbitrator shall issue a final decision not later than 300 days after the date of enactment of this Act.

SEC. 5. EFFECT OF DECISION.

(a) RETROACTIVE EFFECT.—The amount of the fee determined by the arbitrator under section 3(a) shall be retroactive to June 13, 1991.

(b) NO FURTHER REVIEW.—Notwithstanding subchapter IV of title 5, United States Code (commonly known as the Administrative Dispute Resolution Act), the decision of the arbitrator shall be final and conclusive upon the Secretary and the Concessioner and shall not be subject to judicial review.

SEC. 6. GENERAL AUTHORITY.

Except to the extent inconsistent with this Act, the arbitration under this Act shall be conducted in accordance with subchapter IV of title 5, United States Code.

The title was amended so as to read: ''A bill to require the Secretary of the Interior to submit the dispute over the franchise fee owed by Fort Sumter Tours, Inc. to binding arbitration.''.

MAKING TECHNICAL CORRECTIONS TO ENERGY POLICY ACT OF 1992

DAYTON AVIATION HERITAGE PRESERVATION AMENDMENTS ACT OF 2000

Mr. MACK. Mr. President, I ask unanimous consent that the Senate proceed, en bloc, to the immediate consideration of the following items which are at the desk: H.R. 2641 and H.R. 5036.

The PRESIDING OFFICER. The clerk will report the bills by title.

The legislative clerk read as follows:

A bill (H.R. 2641) to make technical corrections to title X of the Energy Policy Act of 1992.

A bill (H.R. 5036) to amend the Dayton Aviation Heritage Preservation Act of 1992 to clarify the areas included in the Dayton Aviation Heritage National Historical Park and to authorize appropriations for that park.

There being no objection, the Senate proceeded to consider the bills.

Mr. MACK. Mr. President, I ask unanimous consent that the bills be read the third time, passed, and the motions to reconsider be laid upon the table, with no intervening action or debate.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bills (H.R. 2641 and H.R. 5036) were read the third time and passed.

UNANIMOUS CONSENT AGREEMENT—S. 1236 AND S. 1849

Mr. MACK. Mr. President, I ask unanimous consent that it be in order for the Chair to lay before the Senate, en bloc, messages from the House on S. 1236 and S. 1849, that the Senate concur, en bloc, to the House amendment, and that the action be reconsidered and tabled.

The PRESIDING OFFICER. Without objection, it is so ordered.

ARROWROCK DAM HYDROELECTRIC PROJECT

The PRESIDING OFFICER laid before the Senate the following message from the House of Representatives:

Resolved, That the bill from the Senate (S. 1236) entitled ''An Act to extend the deadline under the Federal Power Act for commencement of the construction of the Arrowrock Dam Hydroelectric Project in the State of Idaho'', do pass with the following amendment:

Strike out all after the enacting clause and insert:

SECTION 1. EXTENSION OF TIME FOR FEDERAL ENERGY REGULATORY COMMISSION PROJECT.

(a) IN GENERAL.—Notwithstanding the time period specified in section 13 of the Federal Power Act (16 U.S.C. 806) that would otherwise apply to the Federal Energy Regulatory Commission project numbered 4656, the Commission may, at the request of the licensee for the project and after reasonable notice, in accordance with the good faith, due diligence, and public interest requirements of that section and the Commission's procedures under that section, extend the time period during which the licensee is required to commence the construction of the project for three consecutive 2-year periods.

(b) EFFECTIVE DATE.—Subsection (a) shall take effect on the date of the expiration of the extension issued by the Commission prior to the date of the enactment of this Act under section 13 of the Federal Power Act (16 U.S.C. 806).

(c) REINSTATEMENT OF EXPIRED LICENSE.—If the period required for commencement of construction of the project described in subsection (a) has expired prior to the date of the enactment of this Act, the Commission shall reinstate the license effective as of the date of its expiration and the first extension authorized under subsection (a) shall take effect on the date of such expiration.

The Senate concurred in the amendment of the House.

WHITE CLAY CREEK WILD AND SCENIC RIVERS SYSTEM ACT

The PRESIDING OFFICER laid before the Senate the following message from the House of Representatives:

Resolved, That the bill from the Senate (S. 1849) entitled ''An Act to designate segments and tributaries of White Clay Creek, Delaware and Pennsylvania, as a component of the National Wild and Scenic Rivers System'', do pass with the following amendment:

Strike out all after the enacting clause and insert:

SECTION 1. SHORT TITLE.

This Act may be cited as the ''White Clay Creek Wild and Scenic Rivers System Act''.

SEC. 2. FINDINGS.

Congress finds that—

(1) Public Law 102–215 (105 Stat. 1664) directed the Secretary of the Interior, in cooperation and consultation with appropriate State and local governments and affected landowners, to conduct a study of the eligibility and suitability of White Clay Creek, Delaware and Pennsylvania, and the tributaries of the creek for inclusion in the National Wild and Scenic Rivers System;

(2) as a part of the study described in paragraph (1), the White Clay Creek Wild and Scenic Study Task Force and the National Park Service prepared a watershed management plan for the study area entitled ''White Clay Creek and Its Tributaries Watershed Management Plan'', dated May 1998, that establishes goals and actions to ensure the long-term protection of the outstanding values of, and compatible management of land and water resources associated with, the watershed; and

(3) after completion of the study described in paragraph (1), Chester County, Pennsylvania, New Castle County, Delaware, Newark, Delaware, and 12 Pennsylvania municipalities located within the watershed boundaries passed resolutions that—

(A) expressed support for the White Clay Creek Watershed Management Plan;

(B) expressed agreement to take action to implement the goals of the Plan; and

(C) endorsed the designation of the White Clay Creek and the tributaries of the creek for inclusion in the National Wild and Scenic Rivers System.

SEC. 3. DESIGNATION OF WHITE CLAY CREEK.

Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by adding at the end the following:

''(162) WHITE CLAY CREEK, DELAWARE AND PENNSYLVANIA.—The 190 miles of river segments of White Clay Creek (including tributaries of White Clay Creek and all second order tributaries of the designated segments) in the States of Delaware and Pennsylvania, as depicted on the recommended designation and classification maps (dated June 2000), to be administered by the Secretary of the Interior, as follows:

''(A) 30.8 miles of the east branch, including Trout Run, beginning at the headwaters within West Marlborough township downstream to a point that is 500 feet north of the Borough of Avondale wastewater treatment facility, as a recreational river.

''(B) 15.0 miles of the east branch beginning at the southern boundary line of the Borough of Avondale to a point where the East Branch enters New Garden Township at the Franklin Township boundary line, including Walnut Run and Broad Run outside the boundaries of the White Clay Creek Preserve, as a recreational river.

''(C) 4.0 miles of the east branch that flow through the boundaries of the White Clay Creek Preserve, Pennsylvania, beginning at the northern boundary line of London Britain township and downstream to the confluence of the middle and east branches, as a scenic river.

''(D) 6.8 miles of the middle branch, beginning at the headwaters within Londonderry township downstream to a point that is 500 feet north of the Borough of West Grove wastewater treatment facility, as a recreational river.

''(E) 14 miles of the middle branch, beginning at a point that is 500 feet south of the Borough of West Grove wastewater treatment facility downstream to the boundary of the White Clay Creek Preserve in London Britain township, as a recreational river.

''(F) 2.1 miles of the middle branch that flow within the boundaries of the White Clay Creek Preserve in London Britain township, as a scenic river.

''(G) 17.2 miles of the west branch, beginning at the headwaters within Penn township downstream to the confluence with the middle branch, as a recreational river.

''(H) 12.7 miles of the main stem, excluding Lamborn Run, that flow through the boundaries of the White Clay Creek Preserve, Pennsylvania and Delaware, and White Clay Creek State Park, Delaware, beginning at the confluence of the east and middle branches in London Britain township, Pennsylvania, downstream to the northern boundary line of the city of Newark, Delaware, as a scenic river.

''(I) 5.4 miles of the main stem (including all second order tributaries outside the boundaries of the White Clay Creek Preserve and White Clay Creek State Park), beginning at the confluence of the east and middle branches in London Britain township, Pennsylvania, downstream to the northern boundary of the city of Newark, Delaware, as a recreational river.

''(J) 16.8 miles of the main stem beginning at Paper Mill Road downstream to the Old Route 4 bridge, as a recreational river.

''(K) 4.4 miles of the main stem beginning at the southern boundary of the property of the corporation known as United Water Delaware downstream to the confluence of White Clay Creek with the Christina River, as a recreational river.

''(L) 1.3 miles of Middle Run outside the boundaries of the Middle Run Natural Area, as a recreational river.

''(M) 5.2 miles of Middle Run that flow within the boundaries of the Middle Run Natural Area, as a scenic river.

''(N) 15.6 miles of Pike Creek, as a recreational river.

''(O) 38.7 miles of Mill Creek, as a recreational river.''.

SEC. 4. BOUNDARIES.

With respect to each of the segments of White Clay Creek and its tributaries designated by the amendment made by section 3, in lieu of the boundaries provided for in section 3(b) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(b)), the boundaries of the segment shall be 250 feet as measured from the ordinary high water mark on both sides of the segment.

SEC. 5. ADMINISTRATION.

(a) BY SECRETARY OF THE INTERIOR.—The segments designated by the amendment made by section 3 shall be administered by the Secretary of the Interior (referred to in this Act as the ''Secretary''), in cooperation with the White Clay Creek Watershed Management Committee as provided for in the plan prepared by the White Clay Creek Wild and Scenic Study Task Force and the National Park Service, entitled ''White Clay Creek and Its Tributaries Watershed Management Plan'' and dated May 1998 (referred to in this Act as the ''Management Plan'').

(b) REQUIREMENT FOR COMPREHENSIVE MANAGEMENT PLAN.—The Management Plan shall be considered to satisfy the requirements for a comprehensive management plan under section 3(d) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(d)).

(c) COOPERATIVE AGREEMENTS.—In order to provide for the long-term protection, preservation, and enhancement of the segments designated by the amendment made by section 3, the Secretary shall offer to enter into a cooperative agreement pursuant to sections 10(c) and 11(b)(1) of the Wild and Scenic Rivers Act (16 U.S.C. 1281(e), 1282(b)(1)) with the White Clay Creek Watershed Management Committee as provided for in the Management Plan.

SEC. 6. FEDERAL ROLE IN MANAGEMENT.

(a) IN GENERAL.—The Director of the National Park Service (or a designee) shall represent the Secretary in the implementation of the Management Plan, this Act, and the Wild and Scenic Rivers Act with respect to each of the segments designated by the amendment made by section 3, including the review, required under section 7(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1278(a)), of proposed federally-assisted water resources projects that could have a direct and adverse effect on the values for which the segment is designated.

(b) ASSISTANCE.—To assist in the implementation of the Management Plan, this Act, and the Wild and Scenic Rivers Act with respect to each of the segments designated by the amendment made by section 3, the Secretary may provide technical assistance, staff support, and funding at a cost to the Federal Government in an amount, in the aggregate, of not to exceed $150,000 for each fiscal year.

(c) COOPERATIVE AGREEMENTS.—Any cooperative agreement entered into under section 10(e) of the Wild and Scenic Rivers Act (16 U.S.C. 1281(e)) relating to any of the segments designated by the amendment made by section 3—

(1) shall be consistent with the Management Plan; and

(2) may include provisions for financial or other assistance from the United States to facilitate the long-term protection, conservation, and enhancement of the segments.

(d) NATIONAL PARK SYSTEM.—Notwithstanding section 10(c) of the Wild and Scenic Rivers Act (16 U.S.C. 1281(c)), any portion of a segment designated by the amendment made by section 3 that is not in the National Park System as of the date of the enactment of this Act shall not, under this Act—

(1) be considered a part of the National Park System;

(2) be managed by the National Park Service; or

(3) be subject to laws (including regulations) that govern the National Park System.

SEC. 7. STATE REQUIREMENTS.

State and local zoning laws and ordinances, as in effect on the date of the enactment of this Act, shall be considered to satisfy the standards and requirements under section 6(c) of the Wild and Scenic Rivers Act (16 U.S.C. 1277(c)) with respect to the segment designated by the amendment made by section 3.

SEC. 8. NO LAND ACQUISITION.

The Federal Government shall not acquire, by any means, any right or title in or to land, any easement, or any other interest along the segments designated by the amendment made by section 3 for the purpose of carrying out the amendment or this Act.

The Senate concurred in the amendment of the House.

THE CALENDAR

Mr. MACK. Mr. President, I ask unanimous consent that the Energy Committee be discharged from the following bills and resolutions and, further, the Senate now proceed to their consideration en bloc: H.R. 1509, H.R. 2778, H.R. 3676, H.R. 3817, S. 2273 with amendment No. 4297, and S. Res. 326.

I ask unanimous consent that the amendment No. 4297 be agreed to, the bills be considered read the third time and passed, the resolution and preamble be agreed to, the motions to reconsider be laid upon the table, and that any statements relating to any of the bills or resolutions be printed in the RECORD, with the above occurring en bloc.

The PRESIDING OFFICER. Without objection, it is so ordered.

DISABLED VETERANS' LIFE MEMORIAL FOUNDATION

The bill (H.R. 1509) to authorize the Disabled Veterans' Life Memorial Foundation to establish a memorial in the District of Columbia or its environs to honor veterans who became disabled while serving in the Armed Forces of the United States, was considered, ordered to a third reading, read the third time, and passed.

DESIGNATING THE TAUNTON RIVER FOR POTENTIAL ADDITION TO NATIONAL WILD AND SCENIC RIVERS SYSTEM

The bill (H.R. 2778) to amend the Wild and Scenic Rivers Act to designate segments of the Taunton River in the Commonwealth of Massachusetts for study for potential addition to the National Wild and Scenic Rivers System, and for other purposes, was considered, ordered to a third reading, read the third time, and passed.

SANTA ROSA AND SAN JACINTO MOUNTAINS NATIONAL MONUMENT

The bill (H.R. 3676) to establish the Santa Rosa and San Jacinto Mountains National Monument in the State of California, was considered, ordered to a third reading, read the third time, and passed.

DEDICATION OF BIG SOUTH TRAIL TO LEGACY OF JARYD ATADERO

The bill (H.R. 3817) to dedicate the Big South Trail in the Comanche Peak Wilderness Area of Roosevelt National Forest in Colorado to the legacy of Jaryd Atadero, was considered, ordered to a third reading, read the third time, and passed.

BLACK ROCK DESERT-HIGH ROCK CANYON EMIGRANT TRAILS NATIONAL CONSERVATION AREA ACT OF 2000

The Senate proceeded to consider the bill (S. 2273) to establish the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area, and for other purposes, which was reported from the Committee on Energy and Natural Resources.

The amendment (No. 4297) was agreed to, as follows:

AMENDMENT NO. 4297

(Purpose: to provide a complete substitute)

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Black Rock Desert-High Rock Canon Emigrant Trails National Conservation Area Act of 2000''.

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The areas of northwestern Nevada known as the Black Rock Desert and High Rock Canyon contain and surround the last nationally significant, untouched segments of the historic California Emigrant Trails, including wagon ruts, historic inscriptions, and a wilderness landscape largely unchanged since the days of the pioneers.

(2) The relative absence of development in the Black Rock Desert and High Rock Canyon areas from emigrant times to the present day offers a unique opportunity to capture the terrain, sights, and conditions of the overland trails as they were experienced by the emigrants and to make available to both present and future generations of Americans the opportunity of experiencing emigrant conditions in an unaltered setting.

(3) The Black Rock Desert and High Rock Canyon areas are unique segments of the Northern Great Basin and contain broad representation of the Great Basin's land forms and plant and animal species, including golden eagles and other birds of prey, sage grouse, mule deer, pronghorn antelope, bighorn sheep, free roaming horses and burros, threatened fish and sensitive plants.

(4) The Black Rock-High Rock region contains a number of cultural and natural resources that have been declared eligible for National Historic Landmark and Natural Landmark status, including a portion of the 1843–44 John Charles Fremont exploration route, the site of the death of Peter Lassen, early military facilities, and examples of early homesteading and mining.

(5) The archaeological, paleontological, and geographical resources of the Black Rock-High Rock region include numerous prehistoric and historic Native American sites, wooly mammoth sites, some of the largest natural potholes of North America, and a remnant dry Pelistocene lakebed (playa) where the curvature of the Earth may be observed.

(6) The two large wilderness mosaics that frame the conservation area offer exceptional opportunities for solitude and serve to protect the integrity of the viewshed of the historic emigrant trails.

(7) Public lands in the conservation area have been used for domestic livestock grazing for over a century, with resultant benefits to community stability and contributions to the local and State economies. It has not been demonstrated that continuation of this use would be incompatible with appropriate protection and sound management of the resource values of these lands; therefore, it is expected that such grazing will continue in accordance with the management plan for the conservation area and other applicable laws and regulations.

(8) The Black Rock Desert playa is a unique natural resource that serves as the primary destination for the majority of visitors to the conservation area, including visitors associated with large-scale permitted events. It is expected that such permitted events will continue to be administered in accordance with the management plan for the conservation area and other applicable laws and regulations.

SEC. 3. DEFINITIONS.

As used in this Act:

(1) The term ''Secretary'' means the Secretary of the Interior.

(2) The term ''public lands'' has the meaning stated in section 103(e) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1702(e)).

(3) The term ''conservation area'' means the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area established pursuant to section 4 of this Act.

SEC. 4. ESTABLISHMENT OF THE CONSERVATION AREA.

(a) ESTABLISHMENT AND PURPOSES.—In order to conserve, protect, and enhance for the benefit and enjoyment of present and future generations the unique and nationally important historical, cultural, paleontological, scenic, scientific, biological, educational, wildlife, riparian, wilderness, endangered species, and recreational values and resources associated with the Applegate-Lassen and Nobles Trails corridors and surrounding areas, there is hereby established the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area in the State of Nevada.

(b) AREAS INCLUDED.—The conservation area shall consist of approximately 797,100 acres of public lands as generally depicted on the map entitled ''Black Rock Desert Emigrant Trail National Conservation Area'' and dated July 19, 2000.

(c) MAPS AND LEGAL DESCRIPTION.—As soon as practicable after the date of the enactment of this Act, the Secretary shall submit to Congress a map and legal description of the conservation area. The map and legal description shall have the same force and effect as if included in this Act, except the Secretary may correct clerical and typographical errors in such map and legal description. Copies of the map and legal description shall be on file and available for public inspection in the appropriate offices of the Bureau of Land Management.

SEC. 5. MANAGEMENT.

(a) MANAGEMENT.—The Secretary, acting through the Bureau of Land Management, shall manage the conservation area in a manner that conserves, protects and enhances its resources and values, including those resources and values specified in subsection 4(a), in accordance with this Act, the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.), and other applicable provisions of law.

(b) ACCESS.—

(1) IN GENERAL.—The Secretary shall maintain adequate access for the reasonable use and enjoyment of the conservation area.

(2) PRIVATE LAND.—The Secretary shall provide reasonable access to privately owned land or interests in land within the boundaries of the conservation area.

(3) EXISTING PUBLIC ROADS.—The Secretary is authorized to maintain existing public access within the boundaries of the conservation areas in a manner consistent with the purposes for which the conservation area was established.

(c) USES.—

(1) IN GENERAL.—The Secretary shall only allow such uses of the conservation area as the Secretary finds will further the purposes for which the conservation area is established.

(2) OFF-HIGHWAY VEHICLE USE.—Except where needed for administrative purposes or to respond to an emergency, use of motorized vehicles in the conservation area shall be permitted only on roads and trails and in other areas designated for use of motorized vehicles as part of the management plan prepared pursuant to subsection (e).

(3) PERMITTED EVENTS.—The Secretary may continue to permit large-scale events in defined, low impact areas of the Black Rock Desert plays in the conservation area in accordance with the management plan prepared pursuant to subsection (e).

(d) HUNTING, TRAPPING, AND FISHING.—Nothing in this Act shall be deemed to diminish the jurisdiction of the State of Nevada with respect to fish and wildlife management, including regulation of hunting and fishing, on public lands within the conservation area.

(e) MANAGEMENT PLAN.—Within three years following the date of enactment of this Act, the Secretary shall develop a comprehensive resource management plan for the long-term protection and management of the conservation area. The plan shall be developed with full public participation and shall developed with full public participation and shall describe the appropriate uses and management of the conservation area consistent with the provisions of this Act. The plan may incorporate appropriate decisions contained in any current management or activity plan for the area and may use information developed in previous studies of the lands within or adjacent to the conservation area.

(f) GRAZING.—Where the Secretary of the Interior currently permits livestock grazing in the conservation area, such grazing shall be allowed to continue subject to all applicable laws, regulations, and executive orders.

(g) VISITOR SERVICE FACILITIES.—The Secretary is authorized to establish, in cooperation with other public or private entities as the Secretary may deem appropriate, visitor service facilities for the purpose of providing information about the historical, cultural, ecological, recreational, and other resources of the conservation area.

SEC. 6. WITHDRAWAL.

(a) IN GENERAL.—Subject to valid existing rights, all Federal lands within the conservation area and all lands and interests therein which are hereafter acquired by the United States are hereby withdrawn from all forms of entry, appropriation, or disposal under the public land laws, from location, entry, and patent under the mining laws, from operation of the mineral leasing and geothermal leasing laws and from the minerals materials laws and all amendments thereto.

SEC. 7. NO BUFFER ZONES.

The Congress does not intend for the establishment of the conservation area to lead to the creation of protective perimeters or buffer zones around the conservation area. The fact that there may be activities or uses on lands outside the conservation area that would not be permitted in the conservation area shall not preclude such activities or uses on such lands up to the boundary of the conservation area consistent with other applicable laws.

SEC. 8. WILDERNESS.

(a) DESIGNATIN.—In furtherance of the purposes of the Wilderness Act of 1964 (16 U.S.C. 1131 et seq.), the following lands in the State of Nevada are designated as wilderness, and, therefore, as components of the National Wilderness Preservation System:

(1) Certain lands in the Black Rock Desert Wilderness Study Area comprised of approximately 315,700 acres, as generally depicted on a map entitled ''Black Rock Desert Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Black Rock Desert Wilderness.

(2) Certain lands in the Pahute Peak Wilderness Study Area comprised of approximately 57,400 acres, as generally depicted on a map entitled ''Pahute Peak Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Pahute Peak Wilderness.

(3) Certain lands in the North Black Rock Range Wilderness Study Area comprised of

approximately 30,800 acres, as generally depicted on a map entitled ''North Black Rock Range Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the North Black Rock Range Wilderness.

(4) Certain lands in the East Fork High Rock Canyon Wilderness Study Area comprised of approximately 52,800 acres, as generally depicted on a map entitled ''East Fork High Rock Canyon Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the East Fork High Rock Canyon Wilderness.

(5) Certain lands in the High Rock Lake Wilderness Study Area comprised of approximately 59,300 acres, as generally depicted on a map entitled ''High Rock Lake Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the High Rock Lake Wilderness.

(6) Certain lands in the Little High Rock Canyon Wilderness Study Area comprised of approximately 48,700 acres, as generally depicted on a map entitled ''Little High Rock Canyon Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Little High Rock Canyon Wilderness.

(7) Certain lands in the High Rock Canyon Wilderness Study Area and Yellow Rock Canyon Wilderness Study Area comprised of approximately 46,600 acres, as generally depicted on a map entitled ''High Rock Canyon Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the High Rock Canyon Wilderness.

(8) Certain land in the Calico Mountains Wilderness Study Area comprised of approximately 65,400 acres, as generally depicted on a map entitled ''Calico Mountains Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Calico Mountains Wilderness.

(9) Certain lands in the South Jackson Mountains Wilderness Study Area comprised of approximately 56,800 acres, as generally depicted on a map entitled ''South Jackson Mountains Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the South Jackson Mountains Wilderness.

(10) Certain lands in the North Jackson Mountains Wilderness Study Area comprised of approximately 24,000 acres, as generally depicted on a map entitled ''North Jackson Mountains Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the North Jackson Mountains Wilderness.

(b) ADMINISTRATION OF WILDERNESS AREAS.—Subject to valid existing rights, each wilderness area designated by this Act shall be administered by the Secretary in accordance with the provisions of the Wilderness Act, except that any reference in such provisions to the effective date of the Wilderness Act shall be deemed to be a reference to the date of enactment of this Act and any reference to the Secretary of Agriculture shall be deemed to be a reference to the Secretary of the Interior.

(c) MAPS AND LEGAL DESCRIPTION.—As soon as practicable after the date of the enactment of this Act, the Secretary shall submit to Congress a map and legal description of the wilderness areas designated under this Act. The map and legal description shall have the same force and effect as if included in this Act, except the Secretary may correct clerical and typographical errors in such map and legal description. Copies of the map and legal description shall be on file and available for public inspection in the appropriate offices of the Bureau of Land Management.

(d) GRAZING.—Within the wilderness areas designated under subsection (a), the grazing of livestock, where established prior to the date of enactment of this Act, shall be permitted to continue subject to such reasonable regulations, policies, and practices as the Secretary deems necessary, as long as such regulations, policies, and practices fully conform with and implement the intent of Congress regarding grazing in such areas as such intent is expressed in the Wilderness Act and section 101(f) of Public Law 101–628.

SEC. 9. AUTHORIZATION OF APPROPRIATIONS.

There is hereby authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act.

The bill (S. 2273), as amended, was read the third time and passed, as follows:

S. 2273

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area Act of 2000''.

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The areas of northwestern Nevada known as the Black Rock Desert and High Rock Canyon contain and surround the last nationally significant, untouched segments of the historic California emigrant Trails, including wagon ruts, historic inscriptions, and a wilderness landscape largely unchanged since the days of the pioneers.

(2) The relative absence of development in the Black Rock Desert and high Rock Canyon areas from emigrant times to the present day offers a unique opportunity to capture the terrain, sights, and conditions of the overland trails as they were experienced by the emigrants and to make available to both present and future generations of Americans the opportunity of experiencing emigrant conditions in an unaltered setting.

(3) The Black Rock Desert and High Rock Canyon areas are unique segments of the Northern Great Basin and contain broad representation of the Great Basin's land forms and plant and animal species, including golden eagles and other birds of prey, sage grouse, mule deer, pronghorn antelope, bighorn sheep, free roaming horses and burros, threatened fish and sensitive plants.

(4) The Black Rock-High Rock region contains a number of cultural and natural resources that have been declared eligible for National Historic Landmark and Natural Landmark status, including a portion of the 1843–44 John Charles Fremont exploration route, the site of the death of Peter Lassen, early military facilities, and examples of early homesteading and mining.

(5) The archeological, paleontological, and geographical resources of the Black Rock-High Rock region include numerous prehistoric and historic Native American sites, wooly mammoth sites, some of the largest natural potholes of North America, and a remnant dry Pleistocene lakebed (playa) where the curvature of the Earth may be observed.

(6) The two large wilderness mosaics that frame the conservation area offer exceptional opportunities for solitude and serve to protect the integrity of the viewshed of the historic emigrant trails.

(7) Public lands in the conservation area have been used for domestic livestock grazing for over a century, with resultant benefits to community stability and contributions to the local and State economies. It has not been demonstrated that continuation of this use would be incompatible with appropriate protection and sound management of the resource values of these lands; therefore, it is expected that such grazing will continue in accordance with the management plan for the conservation area and other applicable laws and regulations.

(8) The Black Rock Desert playa is a unique natural resource that serves as the primary destination for the majority of visitors to the conservation area, including visitors associated with large-scale permitted events. It is expected that such permitted events will continue to be administered in accordance with the management plan for the conservation area and other applicable laws and regulations.

SEC. 3. DEFINITIONS.

As used in this Act:

(1) The term ''Secretary'' means the Secretary of the Interior.

(2) The term ''public lands'' has the meaning stated in section 103(e) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1702(e)).

(3) The term ''conservation area'' means the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area established pursuant to section 4 of this Act.

SEC. 4. ESTABLISHMENT OF THE CONSERVATION AREA.

(a) ESTABLISHMENT AND PURPOSES.—In order to conserve, protect, and enhance for the benefit and enjoyment of present and future generations the unique and nationally important historical, cultural, paleontological, scenic, scientific, biological, educational, wildlife, riparian, wilderness, endangered species, and recreational values and resources associated with the Applegate-Lassen and Nobles Trails corridors and surrounding areas, there is hereby established the Black Rock Desert-High Rock Canyon Emigrant Trails National Conservation Area in the State of Nevada.

(b) AREAS INCLUDED.—The conservation area shall consist of approximately 797,100 acres of public lands as generally depicted on the map entitled ''Black Rock Desert Emigrant Trail National Conservation Area'' and dated July 19, 2000.

(c) MAPS AND LEGAL DESCRIPTION.—As soon as practicable after the date of the enactment of this Act, the Secretary shall submit to Congress a map and legal description of the conservation area. The map and legal description shall have the same force and effect as if included in this Act, except the Secretary may correct clerical and typographical errors in such map and legal description. Copies of the map and legal description shall be on file and available for public inspection in the appropriate offices of the Bureau of Land Management.

SEC. 5. MANAGEMENT.

(a) MANAGEMENT.—The Secretary, acting through the Bureau of Land Management, shall manage the conservation area in a manner that conserves, protects and enhances its resources and values, including those resources and values specified in subsection 4(a), in accordance with this Act, the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.), and other applicable provisions of law.

(b) ACCESS.—

(1) IN GENERAL.—The Secretary shall maintain adequate access for the reasonable use and enjoyment of the conservation area.

(2) PRIVATE LAND.—The Secretary shall provide reasonable access to privately owned land or interests in land within the boundaries of the conservation area.

(3) EXISTING PUBLIC ROADS.—The Secretary is authorized to maintain existing public access within the boundaries of the conservation area in a manner consistent with the purposes for which the conservation area was established.

(c) USES.—

(1) IN GENERAL.—The Secretary shall only allow such uses of the conservation area as the Secretary finds will further the purposes for which the conservation area is established.

(2) OFF-HIGHWAY VEHICLE USE.—Except where needed for administrative purposes or to respond to an emergency, use of motorized vehicles in the conservation area shall be permitted only on roads and trails and in other areas designated for use of motorized vehicles as part of the management plan prepared pursuant to subsection (e).

(3) PERMITTED EVENTS.—The Secretary may continue to permit large-scale events in defined, low impact areas of the Black Rock Desert playa in the conservation area in accordance with the management plan prepared pursuant to subsection (e).

(d) HUNTING, TRAPPING, AND FISHING.—Nothing in this Act shall be deemed to diminish the jurisdiction of the State of Nevada with respect to fish and wildlife management, including regulation of hunting and fishing, on public lands within the conservation area.

(e) MANAGEMENT PLAN.—Within three years following the date of enactment of this Act, the Secretary shall develop a comprehensive resource management plan for the long-term protection and management of the conservation area. The plan shall be developed with full public participation and shall describe the appropriate uses and management of the conservation area consistent with the provisions of this Act. The plan may incorporate appropriate decisions contained in any current management or activity plan for the area and may use information developed in previous studies of the lands within or adjacent to the conservation area.

(f) GRAZING.—Where the Secretary of the Interior currently permits livestock grazing in the conservation area, such grazing shall be allowed to continue subject to all applicable laws, regulations, and executive orders.

(g) VISITOR SERVICE FACILITIES.—The Secretary is authorized to establish, in cooperation with other public or private entities as the Secretary may deem appropriate, visitor service facilities for the purpose of providing information about the historical, cultural, ecological, recreational, and other resources of the conservation area.

SEC. 6. WITHDRAWAL.

(a) IN GENERAL.—Subject to valid existing rights, all Federal lands within the conservation area and all lands and interests therein which are hereafter acquired by the United States are hereby withdrawn from all forms of entry, appropriation, or disposal under the public land laws, from location, entry, and patent under the mining laws, from operation of the mineral leasing and geothermal leasing laws and from the minerals materials laws and all amendments thereto.

SEC. 7. NO BUFFER ZONES.

The Congress does not intend for the establishment of the conservation area to lead to the creation of protective perimeters or buffer zones around the conservation area. The fact that there may be activities or uses on lands outside the conservation area that would not be permitted in the conservation area shall not preclude such activities or uses on such lands up to the boundary of the conservation area consistent with other applicable laws.

SEC. 8. WILDERNESS.

(a) DESIGNATION.—In furtherance of the purposes of the Wilderness Act of 1964 (16 U.S.C. 1131 et seq.), the following lands in the State of Nevada are designated as wilderness, and, therefore, as components of the National Wilderness Preservation System:

(1) Certain lands in the Black Rock Desert Wilderness Study Area comprised of approximately 315,700 acres, as generally depicted on a map entitled ''Black Rock Desert Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Black Rock Desert Wilderness.

(2) Certain lands in the Pahute Peak Wilderness Study Area comprised of approximately 57,400 acres, as generally depicted on a map entitled ''Pahute Peak Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Pahute Peak Wilderness.

(3) Certain lands in the North Black Rock Range Wilderness Study Area comprised of approximately 30,800 acres, as generally depicted on a map entitled ''North Black Rock Range Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the North Black Rock Range Wilderness.

(4) Certain lands in the East Fork High Rock Canyon Wilderness Study Area comprised of approximately 52,800 acres, as generally depicted on a map entitled ''East Fork High Rock Canyon Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the East Fork High Rock Canyon Wilderness.

(5) Certain lands in the High Rock Lake Wilderness Study Area comprised of approximately 59,300 acres, as generally depicted on a map entitled ''High Rock Lake Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the High Rock Lake Wilderness.

(6) Certain lands in the Little High Rock Canyon Wilderness Study Area comprised of approximately 48,700 acres, as generally depicted on a map entitled ''Little High Rock Canyon Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Little High Rock Canyon Wilderness.

(7) Certain lands in the High Rock Canyon Wilderness Study Area and Yellow Rock Canyon Wilderness Study Area comprised of approximately 46,600 acres, as generally depicted on a map entitled ''High Rock Canyon Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the High Rock Canyon Wilderness.

(8) Certain lands in the Calico Mountains Wilderness Study Area comprised of approximately 65,400 acres, as generally depicted on a map entitled ''Calico Mountains Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the Calico Mountains Wilderness.

(9) Certain lands in the South Jackson Mountains Wilderness Study Area comprised of approximately 56,800 acres, as generally depicted on a map entitled ''South Jackson Mountains Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the South Jackson Mountains Wilderness.

(10) Certain lands in the North Jackson Mountains Wilderness Study Area comprised of approximately 24,000 acres, as generally depicted on a map entitled ''North Jackson Mountains Wilderness—Proposed'' and dated July 19, 2000, and which shall be known as the North Jackson Mountains Wilderness.

(b) ADMINISTRATION OF WILDERNESS AREAS.—Subject to valid existing rights, each wilderness area designated by this Act shall be administered by the Secretary in accordance with the provisions of the Wilderness Act, except that any reference in such provisions to the effective date of the Wilderness Act shall be deemed to be a reference to the date of enactment of this Act and any reference to the Secretary of Agriculture shall be deemed to be a reference to the Secretary of the Interior.

(c) MAPS AND LEGAL DESCRIPTION.—As soon as practicable after the date of the enactment of this Act, the Secretary shall submit to Congress a map and legal description of the wilderness areas designated under this Act. The map and legal description shall have the same force and effect as if included in this Act, except the Secretary may correct clerical and typographical errors in such map and legal description. Copies of the map and legal description shall be on file and available for public inspection in the appropriate offices of the Bureau of Land Management.

(d) GRAZING.—Within the wilderness areas designated under subsection (a), the grazing of livestock, where established prior to the date of enactment of this Act, shall be permitted to continue subject to such reasonable regulations, policies, and practices as the Secretary deems necessary, as long as such regulations, policies, and practices fully conform with and implement the intent of Congress regarding grazing in such areas as such intent is expressed in the Wilderness Act and section 101(f) of Public Law 101–628.

SEC. 9. AUTHORIZATION OF APPROPRIATIONS.

There is hereby authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act.

NATIONAL COWBOY POETRY GATHERING

The Senate proceeded to consider the resolution (S. Res. 326) designating the Cowboy Poetry Gathering in Elko, NV, as the ''National Cowboy Poetry Gathering''.

The resolution (S. Res. 326) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 326

Whereas working cowboys and the ranching community have contributed greatly to the establishment and perpetuation of western life in the United States;

Whereas the practice of composing verses about life and work on the range dates back to at least the trail drive era of the late 19th century;

Whereas the Cowboy Poetry Gathering has revived and continues to preserve the art of cowboy poetry by increasing awareness and appreciation of this tradition-based art form;

Whereas the reemergence of cowboy poetry both highlights recitation traditions that are a central form of artistry in communities throughout the West and promotes popular poetry and literature to the general public;

Whereas the Cowboy Poetry Gathering serves as a bridge between urban and rural people by creating a forum for the presentation of art and for the discussion of cultural issues in a humane and non-political manner;

Whereas the Western Folklife Center in Reno, Nevada, established and hosted the inaugural Cowboy Poetry Gathering in January of 1985;

Whereas since its inception 16 years ago, some 200 similar local spin-off events are now held in communities throughout the West; and

Whereas it is proper and desirable to recognize Elko, Nevada, as the original home of the Cowboy Poetry Gathering: Now, therefore, be it

Resolved, That the Senate designates the Cowboy Poetry Gathering in Elko, Nevada, as the ''National Cowboy Poetry Gathering''.

WORLD WAR II HOME FRONT NATIONAL HISTORICAL PARK ESTABLISHMENT ACT OF 2000

Mr. MACK. Mr. President I ask unanimous consent that the Senate now proceed to the consideration of Calendar No. 891, H.R. 4063.

The PRESIDING OFFICER. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (H.R. 4063) to establish the Rosie the Riveter/World War II Home Front National Historic Park in the State of California, and for other purposes.

There being no objection, the Senate proceeded to consider the bill, which was reported from the Committee on Energy and Natural Resources, with amendments.

[Omit the parts in black brackets and insert the parts printed in italic.]

H.R. 4063

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Rosie the Riveter/World War II Home Front National Historical Park Establishment Act of 2000''.

SEC. 2. ROSIE THE RIVETER/WORLD WAR II HOME FRONT NATIONAL HISTORICAL PARK.

(a) ESTABLISHMENT.—In order to preserve for the benefit and inspiration of the people of the United States as a national historical park certain sites, structures, and areas located in Richmond, California, that are associated with the industrial, governmental, and citizen efforts that led to victory in World War II, there is established the Rosie the Riveter/World War II Home Front National Historical Park (in this Act referred to as the ''park'').

(b) AREAS INCLUDED.—The boundaries of the park shall be those generally depicted on the map entitled ''Proposed Boundary Map, Rosie the Riveter/World War II Home Front National Historical Park'' numbered 963/80000 and dated May 2000. The map shall be on file and available for public inspection in the appropriate offices of the National Park Service.

SEC. 3. ADMINISTRATION OF THE NATIONAL HISTORICAL PARK.

(a) IN GENERAL.—

(1) GENERAL ADMINISTRATION.—The Secretary of the Interior (in this Act referred to as the ''Secretary'') shall administer the park in accordance with this Act and the provisions of law generally applicable to units of the National Park System, including the Act entitled ''An Act to establish a National Park Service, and for other purposes,'' approved August 35, 1916 (39 Stat. 535; 16 U.S.C. 1 through 4), and the Act of August 21, 1935 (49 Stat. 666; 16 U.S.C. 461–467).

(2) SPECIFIC AUTHORITIES.—The Secretary may interpret the story of Rosie the Riveter and the World War II home front, conduct and maintain oral histories that relate to the World War II home front theme, and provide technical assistance in the preservation of historic properties that support this story.

(b) COOPERATIVE AGREEMENTS.—

(1) GENERAL AGREEMENTS.—The Secretary may enter into cooperative agreements with the owners of the World War II Child Development Centers, the World War II worker housing, the Kaiser-Permanente Field Hospital, and Fire Station 67A, pursuant to which the Secretary may mark, interpret, improve, restore, and provide technical assistance with respect to the preservation and interpretation of such properties. Such agreements shall contain, but need not be limited to, provisions under which the Secretary shall have the right of access at reasonable times to public portions of the property for interpretive and other purposes, and that no changes or alterations shall be made in the property except by mutual agreement.

(2) LIMITED AGREEMENTS.—The Secretary may consult and enter into cooperative agreements with interested persons for interpretation and technical assistance with the preservation of—

(A) the Ford Assembly Building;

(B) the intact dry docks/basin docks and five historic structures at Richmond Shipyard #3;

(C) the Shimada Peace Memorial Park;

(D) Westshore Park;

(E) the Rosie the Riveter Memorial;

(F) Sheridan Observation Point Park;

(G) the Bay Trail/Esplanade;

(H) Vincent Park; and

(I) the vessel S.S. RED OAK VICTORY, and Whirley Cranes associated with shipbuilding in Richmond.

(c) EDUCATION CENTER.—The Secretary may establish a World War II Home Front Education Center in the Ford Assembly Building. Such center shall include a program that allows for distance learning and linkages to other representative sites across the country, for the purpose of educating the public as to the significance of the site and the World War II Home Front.

[(d) USE OF FEDERAL FUNDS.—

[(1) NON-FEDERAL MATCHING.—(A) As a condition of expending any funds appropriated to the Secretary for the purposes of the cooperative agreements under subsection (b)(2), the Secretary shall require that such expenditure must be matched by expenditure of an equal amount of funds, goods, services, or in-kind contributions provided by non-Federal sources.

[(B) With the approval of the Secretary, any donation of property, services, or goods from a non-Federal source may be considered as a contribution of funds from a non-Federal source for purposes of this paragraph.]

(d)(1) The Secretary shall require a match of not less than 50% for the expenditure of any federal funds for the purpose of the cooperative agreements under subsection (b)(2). The non-federal match may be in funds or, with the approval of the Secretary, in goods, services, or in-kind contributions.

(2) COOPERATIVE AGREEMENT.—Any payment made by the Secretary pursuant to a cooperative agreement under this section shall be subject to an agreement that conversion, use, or disposal of the project so assisted for purposes contrary to the purposes of this Act, as determined by the Secretary, shall entitle the United States to reimbursement of the greater of—

(A) all funds paid by the Secretary to such project; or

(B) the proportion of the increased value of the project attributable to such payments, determined at the time of such conversion, use, or disposal.

(e) ACQUISITION.—

(1) FORD ASSEMBLY BUILDING.—The Secretary may acquire a leasehold interest in the Ford Assembly Building for the purposes of operating a World War II Home Front Education Center.

(2) OTHER FACILITIES.—The Secretary may acquire, from willing sellers, lands or [interests in] *interests within the boundaries of the park in* the World War II day care centers, the World War II worker housing, the Kaiser-Permanente Field Hospital, and Fire Station 67, through donation, purchase with donated or appropriated funds, transfer from any other Federal Agency, or exchange.

(3) ARTIFACTS.—The Secretary may acquire and provide for the curation of historic artifacts that relate to the park.

(f) DONATIONS.—The Secretary may accept and use donations of funds, property, and services to carry out this Act.

(g) GENERAL MANAGEMENT PLAN.—

(1) IN GENERAL.—Not later than 3 complete fiscal years after the date funds are made available, the Secretary shall prepare, in consultation with the City of Richmond, California, and transmit to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a general management plan for the park in accordance with the provisions of section 12(b) of the Act of August 18, 1970 (16 U.S.C. 1a–7(b)), popularly known as the National Park System General Authorities Act, and other applicable law.

(2) PRESERVATION OF SETTING.—The general management plan shall include a plan to preserve the historic setting of the Rosie the Riveter/World War II Home Front National Historical Park, which shall be jointly developed and approved by the City of Richmond.

(3) ADDITIONAL SITES.—The general management plan shall include a determination of whether there are additional representative sites in Richmond that should be added to the park or sites in the rest of the United States that relate to the industrial, governmental, and citizen efforts during World War II that should be linked to and interpreted at the park. Such determination shall consider any information or findings developed in the National Park Service study of the World War II Home Front under section 4.

SEC. 4. WORLD WAR II HOME FRONT STUDY.

The Secretary shall conduct a theme study of the World War II home front to determine whether other sites in the United States meet the criteria for potential inclusion in the National Park System in accordance with Section 8 of Public Law 91–383 (16 U.S.C. 1a–5).

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

(a) IN GENERAL.—

(1) ORAL HISTORIES, PRESERVATION, AND VISITOR SERVICES.—There are authorized to be appropriated such sums as may be necessary to conduct oral histories and to carry out the preservation, interpretation, education, and other essential visitor services provided for by this Act.

(2) ARTIFACTS.—There are authorized to be appropriated $1,000,000 for the acquisition and curation of historical artifacts related to the park.

(b) PROPERTY ACQUISITION.—There are authorized to be appropriated such sums as are necessary to acquire the properties listed in section 3(e)(2).

(c) LIMITATION ON USE OF FUNDS FOR S.S. RED OAK VICTORY.—None of the funds authorized to be appropriated by this section may be used for the operation, maintenance,

or preservation of the vessel S.S. RED OAK VICTORY.

Mr. MACK. Mr. President, I ask unanimous consent that the committee amendments be withdrawn, the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The committee amendments were withdrawn.

The bill (H.R. 4063) was read the third time and passed.

MAKING TECHNICAL CORRECTIONS IN THE ENROLLMENT OF H.R. 3676

Mr. MACK. Mr. President, I ask unanimous consent that the Senate now proceed to the immediate consideration of S. Con. Res. 143, submitted earlier today by Senators MURKOWSKI and BINGAMAN.

The PRESIDING OFFICER. The clerk will state the concurrent resolution by title.

The legislative clerk read as follows:

A concurrent resolution (S. Con. Res. 143) to make technical corrections in the enrollment of the H.R. 3676.

Mr. MACK. Mr. President, I ask unanimous consent that the concurrent resolution be agreed to and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The concurrent resolution (S. Con. Res. 143) was agreed to, as follows:

S. CON. RES. 143

Resolved by the Senate (the House of Representatives concurring), That in the enrollment of the bill (H.R. 3676 to establish the Santa Rosa and San Jacinto Mountains National Monument in the State of California, the Clerk of the House of Representatives shall make the following corrections:

(1) In the second sentence of section 2(d)(1), strike ''and the Committee on Agriculture, Nutrition, and Forestry''.

(2) In the second sentence of section 4(a)(3), strike ''Nothing in this section'' and insert ''Nothing in this Act''.

(3) In section 4(c)(1), strike ''any person, including''.

(4) In section 5, add at the end the following:

''(j) WILDERNESS PROTECTION.—Nothing in this Act alters the management of any areas designated as Wilderness which are within the boundaries of the National Monument. All such areas shall remain subject to the Wilderness Act (16 U.S.C. 1131 et seq.), the laws designating such areas as Wilderness, and other applicable laws. If any part of this Act conflicts with any provision of those laws with respect to the management of the Wilderness areas, such provisions shall control''.

INDIAN ARTS AND CRAFTS ENFORCEMENT ACT OF 2000

Mr. MACK. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration of Calendar No. 898, S. 2872.

The PRESIDING OFFICER. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (S. 2872) to improve the cause of action for misrepresentation of Indian arts and crafts.

There being no objection, the Senate proceeded to consider the bill.

Mr. MACK. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (S. 2872) was read the third time and passed, as follows:

S. 2872

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Indian Arts and Crafts Enforcement Act of 2000''.

SEC. 2. AMENDMENTS TO CIVIL ACTION PROVISIONS.

Section 6 of the Act entitled ''An Act to promote the development of Indian arts and crafts and to create a board to assist therein, and for other purposes'' (25 U.S.C. 305e) (as added by section 105 of the Indian Arts and Crafts Act of 1990 (Public Law 101–644; 104 Stat. 4664)) is amended—

(1) in subsection (a)—

(A) in the matter preceding paragraph (1), by inserting '', directly or indirectly,'' after ''against a person who''; and

(B) by inserting the following flush language after paragraph (2)(B):

''For purposes of paragraph (2)(A), damages shall include any and all gross profits accrued by the defendant as a result of the activities found to violate this subsection.'';

(2) in subsection (c)—

(A) in paragraph (1)—

(i) in subparagraph (A), by striking ''or'' at the end;

(ii) in subparagraph (B), by striking the period and inserting ''; or''; and

(iii) by adding at the end the following:

''(C) by an Indian arts and crafts organization on behalf of itself, or by an Indian on behalf of himself or herself.''; and

(B) in paragraph (2)(A)—

(i) by striking ''the amount recovered the amount'' and inserting ''the amount recovered—

''(i) the amount''; and

(ii) by adding at the end the following:

''(ii) the amount for the costs of investigation awarded pursuant to subsection (b) and reimburse the Board the amount of such costs incurred as a direct result of Board activities in the suit; and'';

(3) in subsection (d)(2), by inserting ''subject to subsection (f),'' after ''(2)''; and

(4) by adding at the end the following:

''(f) Not later than 180 days after the date of enactment of the Indian Arts and Crafts Enforcement Act of 2000, the Board shall promulgate regulations to include in the definition of the term 'Indian product' specific examples of such product to provide guidance to Indian artisans as well as to purveyors and consumers of Indian arts and crafts, as defined under this Act.''.

JUNIOR DUCK STAMP CONSERVATION AND DESIGN PROGRAM ACT OF 1994

Mr. MACK. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration of Calendar No. 904, H.R. 2496.

The PRESIDING OFFICER. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (H.R. 2496) to reauthorize the Junior Duck Stamp Conservation and Design Program Act of 1994.

There being no objection, the Senate proceeded to consider the bill.

Mr. MACK. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 2496) was read the third time and passed.

CAT ISLAND NATIONAL WILDLIFE REFUGE ESTABLISHMENT ACT

Mr. MACK. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration of Calendar No. 906, H.R. 3292.

The PRESIDING OFFICER. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (H.R. 3292) to provide for the establishment of the Cat Island National Wildlife Refuge in West Feliciana Parish, Louisiana.

There being no objection, the Senate proceeded to consider the bill, which was reported from the Committee on Environment and Public Works, with amendments.

[Omit the parts in black brackets and insert the parts printed in italic.]

H.R. 3292

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Cat Island National Wildlife Refuge Establishment Act''.

SEC. 2. FINDINGS.

The Congress finds that—

(1) as the southernmost unleveed portion of the Mississippi River, Cat Island, Louisiana, is one of the last remaining tracts in the lower Mississippi Valley that is still influenced by the natural dynamics of the river;

(2) Cat Island supports one of the highest densities of virgin bald cypress trees in the entire Mississippi River Valley, including the Nation's champion cypress tree which is 17 feet wide and has a circumference of 53 feet;

(3) Cat Island is important habitat for several declining species of forest songbirds and supports thousands of wintering waterfowl;

(4) Cat Island supports high populations of deer, turkey, and furbearers, such as mink and bobcats;

(5) conservation and enhancement of this area through inclusion in the National Wildlife Refuge System would help meet the habitat conservation goals of the North American Waterfowl Management Plan;

(6) these forested wetlands represent one of the most valuable and productive wildlife habitat types in the United States, and have extremely high recreational value for hunters, anglers, birdwatchers, nature photographers, and others; and

(7) the Cat Island area is deserving of inclusion in the National Wildlife Refuge System.

SEC. 3. DEFINITIONS.

For purposes of this Act—

(1) the term ''Refuge'' means the Cat Island National Wildlife Refuge; and

(2) the term ''Secretary'' means the Secretary of the Interior.

SEC. 4. PURPOSES.

The purposes for which the Refuge is established and shall be managed are—

(1) to conserve, restore, and manage habitats as necessary to contribute to the migratory bird population goals and habitat objective as established through the Lower Mississippi Valley Joint Venture;

(2) to conserve, restore, and manage the significant aquatic resource values associated with the area's forested wetlands and to achieve the habitat objectives of the ''Mississippi River Aquatic Resources Management Plan'';

(3) to conserve, enhance, and restore the historic native bottomland community characteristics of the lower Mississippi alluvial valley and its associated fish, wildlife, and plant species;

(4) to conserve, enhance, and restore habitat to maintain and assist in the recovery of endangered, and threatened plants and animals; *and*

[(5) to provide opportunities for priority public wildlife dependent uses for compatible hunting, fishing, trapping, wildlife observation and photography, and environmental education and interpretation; and

[(6)**]***(5)* to encourage the use of volunteers and facilitate partnerships among the United States Fish and Wildlife Service, local communities, conservation organizations, and other non-Federal entities to promote public awareness of the resources of the Refuge and the National Wildlife Refuge System and public participation in the conservation of those resources.

SEC. 5. ESTABLISHMENT OF REFUGE.

(a) ACQUISITION BOUNDARY.—The Secretary is authorized to establish the Cat Island National Wildlife Refuge, consisting of approximately 36,500 acres of land and water, as depicted upon a map entitled ''Cat Island National Wildlife Refuge–Proposed'', dated February 8, 2000, and available for inspection in appropriate offices of the United States Fish and Wildlife Service.

(b) BOUNDARY REVISIONS.—The Secretary may make such minor revisions of the boundary designated under this section as may be appropriate to carry out the purposes of the Refuge or to facilitate the acquisition of property within the Refuge.

(c) ACQUISITION.—The Secretary is authorized to acquire the lands and waters, or interests therein, within the acquisition boundary described in subsection (a) of this section.

(d) ESTABLISHMENT.—The Secretary shall establish the Refuge by publication of a notice to that effect in the Federal Register and publications of local circulation whenever sufficient property has been acquired to constitute an area that can be efficiently managed as a National Wildlife Refuge.

SEC. 6. ADMINISTRATION.

(a) IN GENERAL.—The Secretary shall administer all lands, waters, and interests therein acquired under this Act in accordance with the National Wildlife Refuge System Administration Act (16 U.S.C. 668dd et seq.). The Secretary may use such additional statutory authority as may be available for the conservation of fish and wildlife, and the provision of fish- and wildlife-oriented recreational opportunities as the Secretary considers appropriate to carry out the purposes of this Act.

(b) PRIORITY USES.—In providing opportunities for compatible fish- and wildlife-oriented recreation, the Secretary, in accordance with paragraphs (3) and (4) of section 4(a) of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd(a)), shall ensure that hunting, fishing, wildlife observation and photography, and environmental education and interpretation are the priority public uses of the Refuge.

SEC. 7. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Department of the Interior—

(1) such funds as may be necessary for the acquisition of lands and waters designated in section 5(c); and

(2) such funds as may be necessary for the development, operation, and maintenance of the Refuge.

AMENDMENT NO. 4298

Mr. MACK. Mr. President, I send an amendment to the desk and ask for its immediate consideration.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Florida [Mr. MACK], for Mr. SMITH of New Hampshire, proposes an amendment numbered 4298.

Mr. MACK. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

At the end, add the following:

SEC. 8. DESIGNATION OF HERBERT H. BATEMAN EDUCATION AND ADMINISTRATIVE CENTER.

(a) IN GENERAL.—A building proposed to be located within the boundaries of the Chincoteague National Wildlife Refuge, on Assateague Island, Virginia, shall be known and designated as the ''Herbert H. Bateman Education and Administrative Center''.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the building referred to in subsection (a) shall be deemed to be a reference to the Herbert H. Bateman Education and Administrative Center.

SEC. 9. TECHNICAL CORRECTIONS.

(a) Effective on the day after the date of enactment of the Act entitled, ''An Act to reauthorize the Junior Duck Stamp Conservation and Design Program Act of 1994'' (106th Congress), section 6 of the Junior Duck Stamp Conservation and Design Program Act of 1994 (16 U.S.C. 668dd note; Public Law 103–340), relating to an environmental education center and refuge, is redesignated as section 7.

(b) Effective on the day after the date of enactment of the Cahaba River National Wildlife Refuge Establishment Act (106th Congress), section 6 of that Act is amended—

(1) in paragraph (2), by striking ''the Endangered Species Act of 1973 (16 U.S.C. 1331 et seq.)'' and inserting ''the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.)''; and

(2) in paragraph (3), by striking ''section 4(a)(3) and (4) of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668ee(a)(3), (4))'' and inserting ''paragraphs (3) and (4) of section 4(a) of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd(a))''.

(c) Effective on the day after the date of enactment of the Red River National Wildlife Refuge Act (106th Congress), section 4(b)(2)(D) of that Act is amended by striking ''section 4(a)(3) and (4) of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668ee(a)(3), (4))'' and inserting ''paragraphs (3) and (4) of section 4(a) of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd(a))''.

Mr. MACK. Mr. President, I ask unanimous consent that the committee amendments be agreed to, the amendment be agreed to, the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The committee amendments were agreed to.

The amendment (No. 4298) was agreed to.

The bill (H.R. 3292), as amended, was read the third time and passed.

CAHABA RIVER NATIONAL WILDLIFE REFUGE ESTABLISHMENT ACT

Mr. MACK. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration of Calendar No. 908, H.R. 4286.

The PRESIDING OFFICER. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (H.R. 4286) to provide for the establishment of the Cahaba River National Wildlife Refuge in Bibb County, Alabama.

There being no objection, the Senate proceeded to consider the bill.

Mr. MACK. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 4286) was read the third time and passed.

MAKING TECHNICAL CORRECTIONS TO A MAP RELATING TO THE COASTAL BARRIER RESOURCES SYSTEM

Mr. MACK. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 920, H.R. 34.

The PRESIDING OFFICER. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (H.R. 34) to direct the Secretary of the Interior to make technical corrections to a map relating to the Coastal Barrier Resources System.

There being no objection, the Senate proceeded to consider the bill, which

was reported from the Committee on Environment and Public Works, with amendments.

[Omit the parts in black brackets and insert the parts printed in italic.]

H.R. 34

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CORRECTIONS TO MAPS.

(a) IN GENERAL.—The Secretary of the Interior shall, before the end of the 30-day period beginning on the date of the enactment of this Act, make such corrections to the map described in subsection (b) as are necessary to ensure that depictions of areas on that map are consistent with the depictions of areas appearing on the map entitled ''Amendments to the Coastal Barrier Resources System'', [dated ————, and on file with the Committee on Resources of the House of Representatives.] *dated June 5, 2000.*

(b) MAP DESCRIBED.—The map described in this subsection is the map that—

(1) is included in a set of maps entitled ''Coastal Barrier Resources System'', dated November 2, 1994; and

(2) relates to unit P19–P of the Coastal Barrier Resources System.

(c) AVAILABILITY.—The Secretary of the Interior shall keep the map described in subsection (b) on file and available for public inspection in accordance with section 4(b) of the Coastal Barrier Resources Act (16 U.S.C. 3503(b)).

Mr. MACK. Mr. President, I ask unanimous consent that the committee amendments be agreed to, the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The committee amendments were agreed to.

The bill (H.R. 34), as amended, was read the third time and passed.

CLARIFYING BOUNDARIES ON THE MAP RELATING TO THE COASTAL BARRIER RESOURCES SYSTEM

Mr. MACK. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration of Calendar No. 922, H.R. 4435.

The PRESIDING OFFICER. The clerk will state the bill by title.

The legislative clerk read as follows:

A bill (H.R. 4435) to clarify certain boundaries on the map relating to Unit NC–01 of the Coastal Barrier Resources System.

There being no objection, the Senate proceeded to consider the bill.

Mr. MACK. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 4435) was read the third time and passed.

200TH ANNIVERSARY OF THE FIRST MEETING OF THE CONGRESS IN WASHINGTON, DC

Mr. MACK. Mr. President, I ask unanimous consent that the Senate now proceed to the immediate consideration of S. Con. Res. 144, submitted earlier by Senator LOTT and Senator DASCHLE.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

A Senate concurrent resolution (S. Con. 144) commemorating the 200th anniversary of the first meeting of the Congress in Washington, DC.

There being no objection, the Senate proceeded to consider the concurrent resolution.

Mr. MACK. Mr. President, I ask unanimous consent that the concurrent resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table, and any statements relating to the resolution be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The concurrent resolution (S. Con. Res. 144) was agreed to.

The preamble was agreed to.

The concurrent resolution with its preamble reads as follows:

S. CON. RES. 144

Whereas November 17, 2000, is the 200th anniversary of the first meeting of Congress in Washington, DC;

Whereas Congress, having previously convened at the Federal Hall in New York City and at the Congress Hall in Philadelphia, has met in the United States Capitol Building since November 17, 1800;

Whereas President John Adams, on November 22, 1800, addressed a joint session of Congress in Washington, DC, for the first time, stating, ''I congratulate the people of the United States on the assembling of Congress at the permanent seat of their Government; and I congratulate you, gentlemen, on the prospect of a residence not to be changed.'';

Whereas, on December 12, 1900, Congress convened a joint meeting to observe the centennial of its residence in Washington, DC;

Whereas since its first meeting in Washington, DC, on November 17, 1800, Congress has continued to cultivate and build upon a heritage of respect for individual liberty, representative government, and the attainment of equal and inalienable rights, all of which are symbolized in the physical structure of the United States Capitol Building; and

Whereas it is appropriate for Congress, as the first branch of the government under the Constitution, to commemorate the 200th anniversary of the first meeting of Congress in Washington, DC, in order to focus public attention on its present duties and responsibilities: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That it is the sense of Congress that—

(1) November 17, 2000, be designated as a day of national observance for the 200th anniversary of the first meeting of Congress in Washington, DC; and

(2) the people of the United States be urged and invited to observe such date by celebrating and examining the legislative process by which members of Congress convene and air differences, learn from one another, subordinate parochial interests, compromise, and work towards achieving a constructive consensus for the good of the people of the United States.

ROBERT T. STAFFORD DISASTER RELIEF AND EMERGENCY ASSISTANCE ACT

Mr. MACK. Mr. President, I ask that the Chair lay before the Senate a message from the House to accompany H.R. 707, an act to amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act to authorize a program for predisaster mitigation, to streamline the administration of disaster relief, to control the Federal costs of disaster assistance, and for other purposes.''

The PRESIDING OFFICER laid before the Senate the following message from the House of Representatives:

Resolved, That the House agree to the amendment of the Senate to the bill (H.R. 707) entitled ''An Act to amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act to authorize a program for predisaster mitigation, to streamline the administration of disaster relief, to control the Federal costs of disaster assistance, and for other purposes'', with the following House Amendment to Senate Amendment:

In lieu of the matter proposed to be inserted by the amendment of the Senate, insert the following:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Disaster Mitigation Act of 2000''.

(b) TABLE OF CONTENTS.—The table of contents of this Act is as follows:

''(C) SALE OF OBLIGATIONS.—Any obligation acquired by the Fund may be sold by the Secretary of the Treasury at the market price.

''(D) CREDITS TO FUND.—The interest on, and the proceeds from the sale or redemption of, any obligations held in the Fund shall be credited to and form a part of the Fund.

''(E) TRANSFERS OF AMOUNTS.—

''(i) IN GENERAL.—The amounts required to be transferred to the Fund under this subsection shall be transferred at least monthly from the general fund of the Treasury to the Fund on the basis of estimates made by the Secretary of the Treasury.

''(ii) ADJUSTMENTS.—Proper adjustment shall be made in amounts subsequently transferred to the extent prior estimates were in excess of or less than the amounts required to be transferred.

''(j) LIMITATION ON TOTAL AMOUNT OF FINANCIAL ASSISTANCE.—The President shall not provide financial assistance under this section in an amount greater than the amount available in the Fund.

''(k) MULTIHAZARD ADVISORY MAPS.—

''(1) DEFINITION OF MULTIHAZARD ADVISORY MAP.—In this subsection, the term 'multihazard advisory map' means a map on which hazard data concerning each type of natural disaster is identified simultaneously for the purpose of showing areas of hazard overlap.

''(2) DEVELOPMENT OF MAPS.—In consultation with States, local governments, and appropriate Federal agencies, the President shall develop multihazard advisory maps for areas, in not fewer than five States, that are subject to commonly recurring natural hazards (including flooding, hurricanes and severe winds, and seismic events).

''(3) USE OF TECHNOLOGY.—In developing multihazard advisory maps under this subsection, the President shall use, to the maximum extent practicable, the most cost-effective and efficient technology available.

''(4) USE OF MAPS.—

''(A) ADVISORY NATURE.—The multihazard advisory maps shall be considered to be advisory and shall not require the development of any new policy by, or impose any new policy on, any government or private entity.

''(B) AVAILABILITY OF MAPS.—The multihazard advisory maps shall be made available to the appropriate State and local governments for the purposes of—

''(i) informing the general public about the risks of natural hazards in the areas described in paragraph (2);

''(ii) supporting the activities described in subsection (e); and

''(iii) other public uses.

''(l) REPORT ON FEDERAL AND STATE ADMINISTRATION.—Not later than 18 months after the date of the enactment of this section, the President, in consultation with State and local governments, shall submit to Congress a report evaluating efforts to implement this section and recommending a process for transferring greater authority and responsibility for administering the assistance program established under this section to capable States.

''(m) TERMINATION OF AUTHORITY.—The authority provided by this section terminates December 31, 2003.''.

(b) CONFORMING AMENDMENT.—Title II of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5131 et seq.) is amended by striking the title heading and inserting the following:

''TITLE II—DISASTER PREPAREDNESS AND MITIGATION ASSISTANCE''.

SEC. 103. INTERAGENCY TASK FORCE.

Title II of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5131 et seq.) (as amended by section 102(a)) is amended by adding at the end the following:

''SEC. 204. INTERAGENCY TASK FORCE.

''(a) IN GENERAL.—The President shall establish a Federal interagency task force for the purpose of coordinating the implementation of predisaster hazard mitigation programs administered by the Federal Government.

''(b) CHAIRPERSON.—The Director of the Federal Emergency Management Agency shall serve as the chairperson of the task force.

''(c) MEMBERSHIP.—The membership of the task force shall include representatives of—

''(1) relevant Federal agencies;

''(2) State and local government organizations (including Indian tribes); and

''(3) the American Red Cross.''.

SEC. 104. MITIGATION PLANNING; MINIMUM STANDARDS FOR PUBLIC AND PRIVATE STRUCTURES.

(a) IN GENERAL.—Title III of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5141 et seq.) is amended by adding at the end the following:

''SEC. 322. MITIGATION PLANNING.

''(a) REQUIREMENT OF MITIGATION PLAN.—As a condition of receipt of an increased Federal share for hazard mitigation measures under subsection (e), a State, local, or tribal government shall develop and submit for approval to the President a mitigation plan that outlines processes for identifying the natural hazards, risks, and vulnerabilities of the area under the jurisdiction of the government.

''(b) LOCAL AND TRIBAL PLANS.—Each mitigation plan developed by a local or tribal government shall—

''(1) describe actions to mitigate hazards, risks, and vulnerabilities identified under the plan; and

''(2) establish a strategy to implement those actions.

''(c) STATE PLANS.—The State process of development of a mitigation plan under this section shall—

''(1) identify the natural hazards, risks, and vulnerabilities of areas in the State;

''(2) support development of local mitigation plans;

''(3) provide for technical assistance to local and tribal governments for mitigation planning; and

''(4) identify and prioritize mitigation actions that the State will support, as resources become available.

''(d) FUNDING.—

''(1) IN GENERAL.—Federal contributions under section 404 may be used to fund the development and updating of mitigation plans under this section.

''(2) MAXIMUM FEDERAL CONTRIBUTION.—With respect to any mitigation plan, a State, local, or tribal government may use an amount of Federal contributions under section 404 not to exceed 7 percent of the amount of such contributions available to the government as of a date determined by the government.

''(e) INCREASED FEDERAL SHARE FOR HAZARD MITIGATION MEASURES.—

''(1) IN GENERAL.—If, at the time of the declaration of a major disaster, a State has in effect an approved mitigation plan under this section, the President may increase to 20 percent, with respect to the major disaster, the maximum percentage specified in the last sentence of section 404(a).

''(2) FACTORS FOR CONSIDERATION.—In determining whether to increase the maximum percentage under paragraph (1), the President shall consider whether the State has established—

''(A) eligibility criteria for property acquisition and other types of mitigation measures;

''(B) requirements for cost effectiveness that are related to the eligibility criteria;

''(C) a system of priorities that is related to the eligibility criteria; and

''(D) a process by which an assessment of the effectiveness of a mitigation action may be carried out after the mitigation action is complete.

''SEC. 323. MINIMUM STANDARDS FOR PUBLIC AND PRIVATE STRUCTURES.

''(a) IN GENERAL.—As a condition of receipt of a disaster loan or grant under this Act—

''(1) the recipient shall carry out any repair or construction to be financed with the loan or grant in accordance with applicable standards of safety, decency, and sanitation and in conformity with applicable codes, specifications, and standards; and

''(2) the President may require safe land use and construction practices, after adequate consultation with appropriate State and local government officials.

''(b) EVIDENCE OF COMPLIANCE.—A recipient of a disaster loan or grant under this Act shall provide such evidence of compliance with this section as the President may require by regulation.''.

(b) LOSSES FROM STRAIGHT LINE WINDS.—The President shall increase the maximum percentage specified in the last sentence of section 404(a) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170c(a)) from 15 percent to 20 percent with respect to any major disaster that is in the State of Minnesota and for which assistance is being provided as of the date of the enactment of this Act, except that additional assistance provided under this subsection shall not exceed $6,000,000. The mitigation measures assisted under this subsection shall be related to losses in the State of Minnesota from straight line winds.

(c) CONFORMING AMENDMENTS.—

(1) Section 404(a) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170c(a)) is amended—

(A) in the second sentence, by striking ''section 409'' and inserting ''section 322''; and

(B) in the third sentence, by striking ''The total'' and inserting ''Subject to section 322, the total''.

(2) Section 409 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5176) is repealed.

TITLE II—STREAMLINING AND COST REDUCTION

SEC. 201. TECHNICAL AMENDMENTS.

Section 311 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5154) is amended in subsections (a)(1), (b), and (c) by striking ''section 803 of the Public Works and Economic Development Act of 1965'' each place it appears and inserting ''section 209(c)(2) of the Public Works and Economic Development Act of 1965 (42 U.S.C. 3149(c)(2))''.

SEC. 202. MANAGEMENT COSTS.

(a) IN GENERAL.—Title III of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5141 et seq.) (as amended by section 104(a)) is amended by adding at the end the following:

''SEC. 324. MANAGEMENT COSTS.

''(a) DEFINITION OF MANAGEMENT COST.—In this section, the term 'management cost' includes any indirect cost, any administrative expense, and any other expense not directly chargeable to a specific project under a major disaster, emergency, or disaster preparedness or mitigation activity or measure.

''(b) ESTABLISHMENT OF MANAGEMENT COST RATES.—Notwithstanding any other provision of law (including any administrative rule or guidance), the President shall by regulation establish management cost rates, for grantees and subgrantees, that shall be used to determine contributions under this Act for management costs.

''(c) REVIEW.—The President shall review the management cost rates established under subsection (b) not later than 3 years after the date

of establishment of the rates and periodically thereafter.''.

(b) APPLICABILITY.—

(1) IN GENERAL.—Subject to paragraph (2), subsections (a) and (b) of section 324 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (as added by subsection (a)) shall apply to major disasters declared under that Act on or after the date of the enactment of this Act.

(2) INTERIM AUTHORITY.—Until the date on which the President establishes the management cost rates under section 324 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (as added by subsection (a)), section 406(f) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172(f)) (as in effect on the day before the date of the enactment of this Act) shall be used to establish management cost rates.

SEC. 203. PUBLIC NOTICE, COMMENT, AND CONSULTATION REQUIREMENTS.

Title III of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5141 et seq.) (as amended by section 202(a)) is amended by adding at the end the following:

''SEC. 325. PUBLIC NOTICE, COMMENT, AND CONSULTATION REQUIREMENTS.

''(a) PUBLIC NOTICE AND COMMENT CONCERNING NEW OR MODIFIED POLICIES.—

''(1) IN GENERAL.—The President shall provide for public notice and opportunity for comment before adopting any new or modified policy that—

''(A) governs implementation of the public assistance program administered by the Federal Emergency Management Agency under this Act; and

''(B) could result in a significant reduction of assistance under the program.

''(2) APPLICATION.—Any policy adopted under paragraph (1) shall apply only to a major disaster or emergency declared on or after the date on which the policy is adopted.

''(b) CONSULTATION CONCERNING INTERIM POLICIES.—

''(1) IN GENERAL.—Before adopting any interim policy under the public assistance program to address specific conditions that relate to a major disaster or emergency that has been declared under this Act, the President, to the maximum extent practicable, shall solicit the views and recommendations of grantees and subgrantees with respect to the major disaster or emergency concerning the potential interim policy, if the interim policy is likely—

''(A) to result in a significant reduction of assistance to applicants for the assistance with respect to the major disaster or emergency; or

''(B) to change the terms of a written agreement to which the Federal Government is a party concerning the declaration of the major disaster or emergency.

''(2) NO LEGAL RIGHT OF ACTION.—Nothing in this subsection confers a legal right of action on any party.

''(c) PUBLIC ACCESS.—The President shall promote public access to policies governing the implementation of the public assistance program.''.

SEC. 204. STATE ADMINISTRATION OF HAZARD MITIGATION GRANT PROGRAM.

Section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170c) is amended by adding at the end the following:

''(c) PROGRAM ADMINISTRATION BY STATES.—

''(1) IN GENERAL.—A State desiring to administer the hazard mitigation grant program established by this section with respect to hazard mitigation assistance in the State may submit to the President an application for the delegation of the authority to administer the program.

''(2) CRITERIA.—The President, in consultation and coordination with States and local governments, shall establish criteria for the approval of applications submitted under paragraph (1). The criteria shall include, at a minimum—

''(A) the demonstrated ability of the State to manage the grant program under this section;

''(B) there being in effect an approved mitigation plan under section 322; and

''(C) a demonstrated commitment to mitigation activities.

''(3) APPROVAL.—The President shall approve an application submitted under paragraph (1) that meets the criteria established under paragraph (2).

''(4) WITHDRAWAL OF APPROVAL.—If, after approving an application of a State submitted under paragraph (1), the President determines that the State is not administering the hazard mitigation grant program established by this section in a manner satisfactory to the President, the President shall withdraw the approval.

''(5) AUDITS.—The President shall provide for periodic audits of the hazard mitigation grant programs administered by States under this subsection.''.

SEC. 205. ASSISTANCE TO REPAIR, RESTORE, RECONSTRUCT, OR REPLACE DAMAGED FACILITIES.

(a) CONTRIBUTIONS.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (a) and inserting the following:

''(a) CONTRIBUTIONS.—

''(1) IN GENERAL.—The President may make contributions—

''(A) to a State or local government for the repair, restoration, reconstruction, or replacement of a public facility damaged or destroyed by a major disaster and for associated expenses incurred by the government; and

''(B) subject to paragraph (3), to a person that owns or operates a private nonprofit facility damaged or destroyed by a major disaster for the repair, restoration, reconstruction, or replacement of the facility and for associated expenses incurred by the person.

''(2) ASSOCIATED EXPENSES.—For the purposes of this section, associated expenses shall include—

''(A) the costs of mobilizing and employing the National Guard for performance of eligible work;

''(B) the costs of using prison labor to perform eligible work, including wages actually paid, transportation to a worksite, and extraordinary costs of guards, food, and lodging; and

''(C) base and overtime wages for the employees and extra hires of a State, local government, or person described in paragraph (1) that perform eligible work, plus fringe benefits on such wages to the extent that such benefits were being paid before the major disaster.

''(3) CONDITIONS FOR ASSISTANCE TO PRIVATE NONPROFIT FACILITIES.—

''(A) IN GENERAL.—The President may make contributions to a private nonprofit facility under paragraph (1)(B) only if—

''(i) the facility provides critical services (as defined by the President) in the event of a major disaster; or

''(ii) the owner or operator of the facility—

''(I) has applied for a disaster loan under section 7(b) of the Small Business Act (15 U.S.C. 636(b)); and

''(II)(aa) has been determined to be ineligible for such a loan; or

''(bb) has obtained such a loan in the maximum amount for which the Small Business Administration determines the facility is eligible.

''(B) DEFINITION OF CRITICAL SERVICES.—In this paragraph, the term 'critical services' includes power, water (including water provided by an irrigation organization or facility), sewer, wastewater treatment, communications, and emergency medical care.

''(4) NOTIFICATION TO CONGRESS.—Before making any contribution under this section in an amount greater than $20,000,000, the President shall notify—

''(A) the Committee on Environment and Public Works of the Senate;

''(B) the Committee on Transportation and Infrastructure of the House of Representatives;

''(C) the Committee on Appropriations of the Senate; and

''(D) the Committee on Appropriations of the House of Representatives.''.

(b) FEDERAL SHARE.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (b) and inserting the following:

''(b) FEDERAL SHARE.—

''(1) MINIMUM FEDERAL SHARE.—Except as provided in paragraph (2), the Federal share of assistance under this section shall be not less than 75 percent of the eligible cost of repair, restoration, reconstruction, or replacement carried out under this section.

''(2) REDUCED FEDERAL SHARE.—The President shall promulgate regulations to reduce the Federal share of assistance under this section to not less than 25 percent in the case of the repair, restoration, reconstruction, or replacement of any eligible public facility or private nonprofit facility following an event associated with a major disaster—

''(A) that has been damaged, on more than one occasion within the preceding 10-year period, by the same type of event; and

''(B) the owner of which has failed to implement appropriate mitigation measures to address the hazard that caused the damage to the facility.''.

(c) LARGE IN-LIEU CONTRIBUTIONS.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (c) and inserting the following:

''(c) LARGE IN-LIEU CONTRIBUTIONS.—

''(1) FOR PUBLIC FACILITIES.—

''(A) IN GENERAL.—In any case in which a State or local government determines that the public welfare would not best be served by repairing, restoring, reconstructing, or replacing any public facility owned or controlled by the State or local government, the State or local government may elect to receive, in lieu of a contribution under subsection (a)(1)(A), a contribution in an amount equal to 75 percent of the Federal share of the Federal estimate of the cost of repairing, restoring, reconstructing, or replacing the facility and of management expenses.

''(B) AREAS WITH UNSTABLE SOIL.—In any case in which a State or local government determines that the public welfare would not best be served by repairing, restoring, reconstructing, or replacing any public facility owned or controlled by the State or local government because soil instability in the disaster area makes repair, restoration, reconstruction, or replacement infeasible, the State or local government may elect to receive, in lieu of a contribution under subsection (a)(1)(A), a contribution in an amount equal to 90 percent of the Federal share of the Federal estimate of the cost of repairing, restoring, reconstructing, or replacing the facility and of management expenses.

''(C) USE OF FUNDS.—Funds contributed to a State or local government under this paragraph may be used—

''(i) to repair, restore, or expand other selected public facilities;

''(ii) to construct new facilities; or

''(iii) to fund hazard mitigation measures that the State or local government determines to be

necessary to meet a need for governmental services and functions in the area affected by the major disaster.

''(D) LIMITATIONS.—Funds made available to a State or local government under this paragraph may not be used for—

''(i) any public facility located in a regulatory floodway (as defined in section 59.1 of title 44, Code of Federal Regulations (or a successor regulation)); or

''(ii) any uninsured public facility located in a special flood hazard area identified by the Director of the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. 4001 et seq.).

''(2) FOR PRIVATE NONPROFIT FACILITIES.—

''(A) IN GENERAL.—In any case in which a person that owns or operates a private nonprofit facility determines that the public welfare would not best be served by repairing, restoring, reconstructing, or replacing the facility, the person may elect to receive, in lieu of a contribution under subsection (a)(1)(B), a contribution in an amount equal to 75 percent of the Federal share of the Federal estimate of the cost of repairing, restoring, reconstructing, or replacing the facility and of management expenses.

''(B) USE OF FUNDS.—Funds contributed to a person under this paragraph may be used—

''(i) to repair, restore, or expand other selected private nonprofit facilities owned or operated by the person;

''(ii) to construct new private nonprofit facilities to be owned or operated by the person; or

''(iii) to fund hazard mitigation measures that the person determines to be necessary to meet a need for the person's services and functions in the area affected by the major disaster.

''(C) LIMITATIONS.—Funds made available to a person under this paragraph may not be used for—

''(i) any private nonprofit facility located in a regulatory floodway (as defined in section 59.1 of title 44, Code of Federal Regulations (or a successor regulation)); or

''(ii) any uninsured private nonprofit facility located in a special flood hazard area identified by the Director of the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. 4001 et seq.).''.

(d) ELIGIBLE COST.—

(1) IN GENERAL.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (e) and inserting the following:

''(e) ELIGIBLE COST.—

''(1) DETERMINATION.—

''(A) IN GENERAL.—For the purposes of this section, the President shall estimate the eligible cost of repairing, restoring, reconstructing, or replacing a public facility or private nonprofit facility—

''(i) on the basis of the design of the facility as the facility existed immediately before the major disaster; and

''(ii) in conformity with codes, specifications, and standards (including floodplain management and hazard mitigation criteria required by the President or under the Coastal Barrier Resources Act (16 U.S.C. 3501 et seq.)) applicable at the time at which the disaster occurred.

''(B) COST ESTIMATION PROCEDURES.—

''(i) IN GENERAL.—Subject to paragraph (2), the President shall use the cost estimation procedures established under paragraph (3) to determine the eligible cost under this subsection.

''(ii) APPLICABILITY.—The procedures specified in this paragraph and paragraph (2) shall apply only to projects the eligible cost of which is equal to or greater than the amount specified in section 422.

''(2) MODIFICATION OF ELIGIBLE COST.—

''(A) ACTUAL COST GREATER THAN CEILING PERCENTAGE OF ESTIMATED COST.—In any case in which the actual cost of repairing, restoring, reconstructing, or replacing a facility under this section is greater than the ceiling percentage established under paragraph (3) of the cost estimated under paragraph (1), the President may determine that the eligible cost includes a portion of the actual cost of the repair, restoration, reconstruction, or replacement that exceeds the cost estimated under paragraph (1).

''(B) ACTUAL COST LESS THAN ESTIMATED COST.—

''(i) GREATER THAN OR EQUAL TO FLOOR PERCENTAGE OF ESTIMATED COST.—In any case in which the actual cost of repairing, restoring, reconstructing, or replacing a facility under this section is less than 100 percent of the cost estimated under paragraph (1), but is greater than or equal to the floor percentage established under paragraph (3) of the cost estimated under paragraph (1), the State or local government or person receiving funds under this section shall use the excess funds to carry out cost-effective activities that reduce the risk of future damage, hardship, or suffering from a major disaster.

''(ii) LESS THAN FLOOR PERCENTAGE OF ESTIMATED COST.—In any case in which the actual cost of repairing, restoring, reconstructing, or replacing a facility under this section is less than the floor percentage established under paragraph (3) of the cost estimated under paragraph (1), the State or local government or person receiving assistance under this section shall reimburse the President in the amount of the difference.

''(C) NO EFFECT ON APPEALS PROCESS.—Nothing in this paragraph affects any right of appeal under section 423.

''(3) EXPERT PANEL.—

''(A) ESTABLISHMENT.—Not later than 18 months after the date of the enactment of this paragraph, the President, acting through the Director of the Federal Emergency Management Agency, shall establish an expert panel, which shall include representatives from the construction industry and State and local government.

''(B) DUTIES.—The expert panel shall develop recommendations concerning—

''(i) procedures for estimating the cost of repairing, restoring, reconstructing, or replacing a facility consistent with industry practices; and

''(ii) the ceiling and floor percentages referred to in paragraph (2).

''(C) REGULATIONS.—Taking into account the recommendations of the expert panel under subparagraph (B), the President shall promulgate regulations that establish—

''(i) cost estimation procedures described in subparagraph (B)(i); and

''(ii) the ceiling and floor percentages referred to in paragraph (2).

''(D) REVIEW BY PRESIDENT.—Not later than 2 years after the date of promulgation of regulations under subparagraph (C) and periodically thereafter, the President shall review the cost estimation procedures and the ceiling and floor percentages established under this paragraph.

''(E) REPORT TO CONGRESS.—Not later than 1 year after the date of promulgation of regulations under subparagraph (C), 3 years after that date, and at the end of each 2-year period thereafter, the expert panel shall submit to Congress a report on the appropriateness of the cost estimation procedures.

''(4) SPECIAL RULE.—In any case in which the facility being repaired, restored, reconstructed, or replaced under this section was under construction on the date of the major disaster, the cost of repairing, restoring, reconstructing, or replacing the facility shall include, for the purposes of this section, only those costs that, under the contract for the construction, are the owner's responsibility and not the contractor's responsibility.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) takes effect on the date of the enactment of this Act and applies to funds appropriated after the date of the enactment of this Act, except that paragraph (1) of section 406(e) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (as amended by paragraph (1)) takes effect on the date on which the cost estimation procedures established under paragraph (3) of that section take effect.

(e) CONFORMING AMENDMENT.—Section 406 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172) is amended by striking subsection (f).

SEC. 206. FEDERAL ASSISTANCE TO INDIVIDUALS AND HOUSEHOLDS.

(a) IN GENERAL.—Section 408 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5174) is amended to read as follows:

''SEC. 408. FEDERAL ASSISTANCE TO INDIVIDUALS AND HOUSEHOLDS.

''(a) IN GENERAL.—

''(1) PROVISION OF ASSISTANCE.—In accordance with this section, the President, in consultation with the Governor of a State, may provide financial assistance, and, if necessary, direct services, to individuals and households in the State who, as a direct result of a major disaster, have necessary expenses and serious needs in cases in which the individuals and households are unable to meet such expenses or needs through other means.

''(2) RELATIONSHIP TO OTHER ASSISTANCE.—Under paragraph (1), an individual or household shall not be denied assistance under paragraph (1), (3), or (4) of subsection (c) solely on the basis that the individual or household has not applied for or received any loan or other financial assistance from the Small Business Administration or any other Federal agency.

''(b) HOUSING ASSISTANCE.—

''(1) ELIGIBILITY.—The President may provide financial or other assistance under this section to individuals and households to respond to the disaster-related housing needs of individuals and households who are displaced from their predisaster primary residences or whose predisaster primary residences are rendered uninhabitable as a result of damage caused by a major disaster.

''(2) DETERMINATION OF APPROPRIATE TYPES OF ASSISTANCE.—

''(A) IN GENERAL.—The President shall determine appropriate types of housing assistance to be provided under this section to individuals and households described in subsection (a)(1) based on considerations of cost effectiveness, convenience to the individuals and households, and such other factors as the President may consider appropriate.

''(B) MULTIPLE TYPES OF ASSISTANCE.—One or more types of housing assistance may be made available under this section, based on the suitability and availability of the types of assistance, to meet the needs of individuals and households in the particular disaster situation.

''(c) TYPES OF HOUSING ASSISTANCE.—

''(1) TEMPORARY HOUSING.—

''(A) FINANCIAL ASSISTANCE.—

''(i) IN GENERAL.—The President may provide financial assistance to individuals or households to rent alternate housing accommodations, existing rental units, manufactured housing, recreational vehicles, or other readily fabricated dwellings.

''(ii) AMOUNT.—The amount of assistance under clause (i) shall be based on the fair market rent for the accommodation provided plus the cost of any transportation, utility hookups, or unit installation not provided directly by the President.

''(B) DIRECT ASSISTANCE.—

''(i) IN GENERAL.—The President may provide temporary housing units, acquired by purchase or lease, directly to individuals or households

who, because of a lack of available housing resources, would be unable to make use of the assistance provided under subparagraph (A).

''(ii) PERIOD OF ASSISTANCE.—The President may not provide direct assistance under clause (i) with respect to a major disaster after the end of the 18-month period beginning on the date of the declaration of the major disaster by the President, except that the President may extend that period if the President determines that due to extraordinary circumstances an extension would be in the public interest.

''(iii) COLLECTION OF RENTAL CHARGES.—After the end of the 18-month period referred to in clause (ii), the President may charge fair market rent for each temporary housing unit provided.

''(2) REPAIRS.—

''(A) IN GENERAL.—The President may provide financial assistance for—

''(i) the repair of owner-occupied private residences, utilities, and residential infrastructure (such as a private access route) damaged by a major disaster to a safe and sanitary living or functioning condition; and

''(ii) eligible hazard mitigation measures that reduce the likelihood of future damage to such residences, utilities, or infrastructure.

''(B) RELATIONSHIP TO OTHER ASSISTANCE.—A recipient of assistance provided under this paragraph shall not be required to show that the assistance can be met through other means, except insurance proceeds.

''(C) MAXIMUM AMOUNT OF ASSISTANCE.—The amount of assistance provided to a household under this paragraph shall not exceed $5,000, as adjusted annually to reflect changes in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

''(3) REPLACEMENT.—

''(A) IN GENERAL.—The President may provide financial assistance for the replacement of owner-occupied private residences damaged by a major disaster.

''(B) MAXIMUM AMOUNT OF ASSISTANCE.—The amount of assistance provided to a household under this paragraph shall not exceed $10,000, as adjusted annually to reflect changes in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

''(C) APPLICABILITY OF FLOOD INSURANCE REQUIREMENT.—With respect to assistance provided under this paragraph, the President may not waive any provision of Federal law requiring the purchase of flood insurance as a condition of the receipt of Federal disaster assistance.

''(4) PERMANENT HOUSING CONSTRUCTION.—The President may provide financial assistance or direct assistance to individuals or households to construct permanent housing in insular areas outside the continental United States and in other remote locations in cases in which—

''(A) no alternative housing resources are available; and

''(B) the types of temporary housing assistance described in paragraph (1) are unavailable, infeasible, or not cost-effective.

''(d) TERMS AND CONDITIONS RELATING TO HOUSING ASSISTANCE.—

''(1) SITES.—

''(A) IN GENERAL.—Any readily fabricated dwelling provided under this section shall, whenever practicable, be located on a site that—

''(i) is complete with utilities; and

''(ii) is provided by the State or local government, by the owner of the site, or by the occupant who was displaced by the major disaster.

''(B) SITES PROVIDED BY THE PRESIDENT.—A readily fabricated dwelling may be located on a site provided by the President if the President determines that such a site would be more economical or accessible.

''(2) DISPOSAL OF UNITS.—

''(A) SALE TO OCCUPANTS.—

''(i) IN GENERAL.—Notwithstanding any other provision of law, a temporary housing unit purchased under this section by the President for the purpose of housing disaster victims may be sold directly to the individual or household who is occupying the unit if the individual or household lacks permanent housing.

''(ii) SALE PRICE.—A sale of a temporary housing unit under clause (i) shall be at a price that is fair and equitable.

''(iii) DEPOSIT OF PROCEEDS.—Notwithstanding any other provision of law, the proceeds of a sale under clause (i) shall be deposited in the appropriate Disaster Relief Fund account.

''(iv) HAZARD AND FLOOD INSURANCE.—A sale of a temporary housing unit under clause (i) shall be made on the condition that the individual or household purchasing the housing unit agrees to obtain and maintain hazard and flood insurance on the housing unit.

''(v) USE OF GSA SERVICES.—The President may use the services of the General Services Administration to accomplish a sale under clause (i).

''(B) OTHER METHODS OF DISPOSAL.—If not disposed of under subparagraph (A), a temporary housing unit purchased under this section by the President for the purpose of housing disaster victims—

''(i) may be sold to any person; or

''(ii) may be sold, transferred, donated, or otherwise made available directly to a State or other governmental entity or to a voluntary organization for the sole purpose of providing temporary housing to disaster victims in major disasters and emergencies if, as a condition of the sale, transfer, or donation, the State, other governmental agency, or voluntary organization agrees—

''(I) to comply with the nondiscrimination provisions of section 308; and

''(II) to obtain and maintain hazard and flood insurance on the housing unit.

''(e) FINANCIAL ASSISTANCE TO ADDRESS OTHER NEEDS.—

''(1) MEDICAL, DENTAL, AND FUNERAL EXPENSES.—The President, in consultation with the Governor of a State, may provide financial assistance under this section to an individual or household in the State who is adversely affected by a major disaster to meet disaster-related medical, dental, and funeral expenses.

''(2) PERSONAL PROPERTY, TRANSPORTATION, AND OTHER EXPENSES.—The President, in consultation with the Governor of a State, may provide financial assistance under this section to an individual or household described in paragraph (1) to address personal property, transportation, and other necessary expenses or serious needs resulting from the major disaster.

''(f) STATE ROLE.—

''(1) FINANCIAL ASSISTANCE TO ADDRESS OTHER NEEDS.—

''(A) GRANT TO STATE.—Subject to subsection (g), a Governor may request a grant from the President to provide financial assistance to individuals and households in the State under subsection (e).

''(B) ADMINISTRATIVE COSTS.—A State that receives a grant under subparagraph (A) may expend not more than 5 percent of the amount of the grant for the administrative costs of providing financial assistance to individuals and households in the State under subsection (e).

''(2) ACCESS TO RECORDS.—In providing assistance to individuals and households under this section, the President shall provide for the substantial and ongoing involvement of the States in which the individuals and households are located, including by providing to the States access to the electronic records of individuals and households receiving assistance under this section in order for the States to make available any additional State and local assistance to the individuals and households.

''(g) COST SHARING.—

''(1) FEDERAL SHARE.—Except as provided in paragraph (2), the Federal share of the costs eligible to be paid using assistance provided under this section shall be 100 percent.

''(2) FINANCIAL ASSISTANCE TO ADDRESS OTHER NEEDS.—In the case of financial assistance provided under subsection (e)—

''(A) the Federal share shall be 75 percent; and

''(B) the non-Federal share shall be paid from funds made available by the State.

''(h) MAXIMUM AMOUNT OF ASSISTANCE.—

''(1) IN GENERAL.—No individual or household shall receive financial assistance greater than $25,000 under this section with respect to a single major disaster.

''(2) ADJUSTMENT OF LIMIT.—The limit established under paragraph (1) shall be adjusted annually to reflect changes in the Consumer Price Index for All Urban Consumers published by the Department of Labor.

''(i) RULES AND REGULATIONS.—The President shall prescribe rules and regulations to carry out this section, including criteria, standards, and procedures for determining eligibility for assistance.''.

(b) CONFORMING AMENDMENT.—Section 502(a)(6) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5192(a)(6)) is amended by striking ''temporary housing''.

(c) ELIMINATION OF INDIVIDUAL AND FAMILY GRANT PROGRAMS.—Section 411 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5178) is repealed.

(d) EFFECTIVE DATE.—The amendments made by this section take effect 18 months after the date of the enactment of this Act.

SEC. 207. COMMUNITY DISASTER LOANS.

Section 417 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5184) is amended—

(1) by striking ''(a) The President'' and inserting the following:

''(a) IN GENERAL.—The President'';

(2) by striking ''The amount'' and inserting the following:

''(b) AMOUNT.—The amount'';

(3) by striking ''Repayment'' and inserting the following:

''(c) REPAYMENT.—

''(1) CANCELLATION.—Repayment'';

(4) by striking ''(b) Any loans'' and inserting the following:

''(d) EFFECT ON OTHER ASSISTANCE.—Any loans'';

(5) in subsection (b) (as designated by paragraph (2))—

(A) by striking ''and shall'' and inserting ''shall''; and

(B) by inserting before the period at the end the following: '', and shall not exceed $5,000,000''; and

(6) in subsection (c) (as designated by paragraph (3)), by adding at the end the following:

''(2) CONDITION ON CONTINUING ELIGIBILITY.—A local government shall not be eligible for further assistance under this section during any period in which the local government is in arrears with respect to a required repayment of a loan under this section.''.

SEC. 208. REPORT ON STATE MANAGEMENT OF SMALL DISASTERS INITIATIVE.

Not later than 3 years after the date of the enactment of this Act, the President shall submit to Congress a report describing the results of the State Management of Small Disasters Initiative, including—

(1) identification of any administrative or financial benefits of the initiative; and

(2) recommendations concerning the conditions, if any, under which States should be allowed the option to administer parts of the assistance program under section 406 of the Robert

T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5172).

SEC. 209. STUDY REGARDING COST REDUCTION.

Not later than 3 years after the date of the enactment of this Act, the Director of the Congressional Budget Office shall complete a study estimating the reduction in Federal disaster assistance that has resulted and is likely to result from the enactment of this Act.

TITLE III—MISCELLANEOUS

SEC. 301. TECHNICAL CORRECTION OF SHORT TITLE.

The first section of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 note) is amended to read as follows:

''SECTION 1. SHORT TITLE.

''This Act may be cited as the 'Robert T. Stafford Disaster Relief and Emergency Assistance Act'.''.

SEC. 302. DEFINITIONS.

Section 102 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122) is amended—

(1) in each of paragraphs (3) and (4), by striking ''the Northern'' and all that follows through ''Pacific Islands'' and inserting ''and the Commonwealth of the Northern Mariana Islands'';

(2) by striking paragraph (6) and inserting the following:

''(6) LOCAL GOVERNMENT.—The term 'local government' means—

''(A) a county, municipality, city, town, township, local public authority, school district, special district, intrastate district, council of governments (regardless of whether the council of governments is incorporated as a nonprofit corporation under State law), regional or interstate government entity, or agency or instrumentality of a local government;

''(B) an Indian tribe or authorized tribal organization, or Alaska Native village or organization; and

''(C) a rural community, unincorporated town or village, or other public entity, for which an application for assistance is made by a State or political subdivision of a State.''; and

(3) in paragraph (9), by inserting ''irrigation,'' after ''utility,''.

SEC. 303. FIRE MANAGEMENT ASSISTANCE.

(a) IN GENERAL.—Section 420 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5187) is amended to read as follows:

''SEC. 420. FIRE MANAGEMENT ASSISTANCE.

''(a) IN GENERAL.—The President is authorized to provide assistance, including grants, equipment, supplies, and personnel, to any State or local government for the mitigation, management, and control of any fire on public or private forest land or grassland that threatens such destruction as would constitute a major disaster.

''(b) COORDINATION WITH STATE AND TRIBAL DEPARTMENTS OF FORESTRY.—In providing assistance under this section, the President shall coordinate with State and tribal departments of forestry.

''(c) ESSENTIAL ASSISTANCE.—In providing assistance under this section, the President may use the authority provided under section 403.

''(d) RULES AND REGULATIONS.—The President shall prescribe such rules and regulations as are necessary to carry out this section.''.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) takes effect 1 year after the date of the enactment of this Act.

SEC. 304. PRESIDENT'S COUNCIL ON DOMESTIC TERRORISM PREPAREDNESS.

Title VI of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5195 et seq.) is amended by adding at the end the following:

''Subtitle C—President's Council on Domestic Terrorism Preparedness

''SEC. 651. ESTABLISHMENT OF COUNCIL.

''(a) IN GENERAL.—There is established a council to be known as the President's Council on Domestic Terrorism Preparedness (in this subtitle referred to as the 'Council').

''(b) MEMBERSHIP.—The Council shall be composed of the following members:

''(1) The President.

''(2) The Director of the Federal Emergency Management Agency.

''(3) The Attorney General.

''(4) The Secretary of Defense.

''(5) The Director of the Office of Management and Budget.

''(6) The Assistant to the President for National Security Affairs.

''(7) Any additional members appointed by the President.

''(c) CHAIRMAN.—

''(1) IN GENERAL.—The President shall serve as the chairman of the Council.

''(2) EXECUTIVE CHAIRMAN.—The President may appoint an Executive Chairman of the Council (in this subtitle referred to as the 'Executive Chairman'). The Executive Chairman shall represent the President as chairman of the Council, including in communications with Congress and State Governors.

''(3) SENATE CONFIRMATION.—An individual selected to be the Executive Chairman under paragraph (2) shall be appointed by and with the advice and consent of the Senate, except that Senate confirmation shall not be required if, on the date of appointment, the individual holds a position for which Senate confirmation was required.

''(d) FIRST MEETING.—The first meeting of the Council shall be held not later than 90 days after the date of the enactment of this Act.

''SEC. 652. DUTIES OF COUNCIL.

''The Council shall carry out the following duties:

''(1) Establish the policies, objectives, and priorities of the Federal Government for enhancing the capabilities of State and local emergency preparedness and response personnel in early detection and warning of and response to all domestic terrorist attacks, including attacks involving weapons of mass destruction.

''(2) Publish a Domestic Terrorism Preparedness Plan and an annual strategy for carrying out the plan in accordance with section 653, including the end state of preparedness for emergency responders established under section 653(b)(1)(D).

''(3) To the extent practicable, rely on existing resources (including planning documents, equipment lists, and program inventories) in the execution of its duties.

''(4) Consult with and utilize existing interagency boards and committees, existing governmental entities, and non-governmental organizations in the execution of its duties.

''(5) Ensure that a biennial review of the terrorist attack preparedness programs of State and local governmental entities is conducted and provide recommendations to the entities based on the reviews.

''(6) Provide for the creation of a State and local advisory group for the Council, to be composed of individuals involved in State and local emergency preparedness and response to terrorist attacks.

''(7) Provide for the establishment by the Council's State and local advisory group of voluntary guidelines for the terrorist attack preparedness programs of State and local governmental entities in accordance with section 655.

''(8) Designate a Federal entity to consult with, and serve as a contact for, State and local governmental entities implementing terrorist attack preparedness programs.

''(9) Coordinate and oversee the implementation by Federal departments and agencies of the policies, objectives, and priorities established under paragraph (1) and the fulfillment of the responsibilities of such departments and agencies under the Domestic Terrorism Preparedness Plan.

''(10) Make recommendations to the heads of appropriate Federal departments and agencies regarding—

''(A) changes in the organization, management, and resource allocations of the departments and agencies; and

''(B) the allocation of personnel to and within the departments and agencies,

to implement the Domestic Terrorism Preparedness Plan.

''(11) Assess all Federal terrorism preparedness programs and ensure that each program complies with the Domestic Terrorism Preparedness Plan.

''(12) Identify duplication, fragmentation, and overlap within Federal terrorism preparedness programs and eliminate such duplication, fragmentation and overlap.

''(13) Evaluate Federal emergency response assets and make recommendations regarding the organization, need, and geographic location of such assets.

''(14) Establish general policies regarding financial assistance to States based on potential risk and threat, response capabilities, and ability to achieve the end state of preparedness for emergency responders established under section 653(b)(1)(D).

''(15) Notify a Federal department or agency in writing if the Council finds that its policies are not in compliance with its responsibilities under the Domestic Terrorism Preparedness Plan.

''SEC. 653. DOMESTIC TERRORISM PREPAREDNESS PLAN AND ANNUAL STRATEGY.

''(a) DEVELOPMENT OF PLAN.—Not later than 180 days after the date of the first meeting of the Council, the Council shall develop a Domestic Terrorism Preparedness Plan and transmit a copy of the plan to Congress.

''(b) CONTENTS.—

''(1) IN GENERAL.—The Domestic Terrorism Preparedness Plan shall include the following:

''(A) A statement of the policies, objectives, and priorities established by the Council under section 652(1).

''(B) A plan for implementing such policies, objectives, and priorities that is based on a threat, risk, and capability assessment and includes measurable objectives to be achieved in each of the following 5 years for enhancing domestic preparedness against a terrorist attack.

''(C) A description of the specific role of each Federal department and agency, and the roles of State and local governmental entities, under the plan developed under subparagraph (B).

''(D) A definition of an end state of preparedness for emergency responders that sets forth measurable, minimum standards of acceptability for preparedness.

''(2) EVALUATION OF FEDERAL RESPONSE TEAMS.—In preparing the description under paragraph (1)(C), the Council shall evaluate each Federal response team and the assistance that the team offers to State and local emergency personnel when responding to a terrorist attack. The evaluation shall include an assessment of how the Federal response team will assist State and local emergency personnel after the personnel has achieved the end state of preparedness for emergency responders established under paragraph (1)(D).

''(c) ANNUAL STRATEGY.—

''(1) IN GENERAL.—The Council shall develop and transmit to Congress, on the date of transmittal of the Domestic Terrorism Preparedness Plan and, in each of the succeeding 4 fiscal

years, on the date that the President submits an annual budget to Congress in accordance with section 1105(a) of title 31, United States Code, an annual strategy for carrying out the Domestic Terrorism Preparedness Plan in the fiscal year following the fiscal year in which the strategy is submitted.

''(2) CONTENTS.—The annual strategy for a fiscal year shall include the following:

''(A) An inventory of Federal training and exercise programs, response teams, grant programs, and other programs and activities related to domestic preparedness against a terrorist attack conducted in the preceding fiscal year and a determination as to whether any of such programs or activities may be duplicative. The inventory shall consist of a complete description of each such program and activity, including the funding level and purpose of and goal to be achieved by the program or activity.

''(B) If the Council determines under subparagraph (A) that certain programs and activities are duplicative, a detailed plan for consolidating, eliminating, or modifying the programs and activities.

''(C) An inventory of Federal training and exercise programs, grant programs, response teams, and other programs and activities to be conducted in such fiscal year under the Domestic Terrorism Preparedness Plan and measurable objectives to be achieved in such fiscal year for enhancing domestic preparedness against a terrorist attack. The inventory shall provide for implementation of any plan developed under subparagraph (B), relating to duplicative programs and activities.

''(D) A complete assessment of how resource allocation recommendations developed under section 654(a) are intended to implement the annual strategy.

''(d) CONSULTATION.—

''(1) IN GENERAL.—In developing the Domestic Terrorism Preparedness Plan and each annual strategy for carrying out the plan, the Council shall consult with—

''(A) the head of each Federal department and agency that will have responsibilities under the Domestic Terrorism Preparedness Plan or annual strategy;

''(B) Congress;

''(C) State and local officials;

''(D) congressionally authorized panels; and

''(E) emergency preparedness organizations with memberships that include State and local emergency responders.

''(2) REPORTS.—As part of the Domestic Terrorism Preparedness Plan and each annual strategy for carrying out the plan, the Council shall include a written statement indicating the persons consulted under this subsection and the recommendations made by such persons.

''(e) TRANSMISSION OF CLASSIFIED INFORMATION.—Any part of the Domestic Terrorism Preparedness Plan or an annual strategy for carrying out the plan that involves information properly classified under criteria established by an Executive order shall be presented to Congress separately.

''(f) RISK OF TERRORIST ATTACKS AGAINST TRANSPORTATION FACILITIES.—

''(1) IN GENERAL.—In developing the plan and risk assessment under subsection (b), the Council shall designate an entity to assess the risk of terrorist attacks against transportation facilities, personnel, and passengers.

''(2) CONTENTS.—In developing the plan and risk assessment under subsection (b), the Council shall ensure that the following three tasks are accomplished:

''(A) An examination of the extent to which transportation facilities, personnel, and passengers have been the target of terrorist attacks and the extent to which such facilities, personnel, and passengers are vulnerable to such attacks.

''(B) An evaluation of Federal laws that can be used to combat terrorist attacks against transportation facilities, personnel, and passengers, and the extent to which such laws are enforced. The evaluation may also include a review of applicable State laws.

''(C) An evaluation of available technologies and practices to determine the best means of protecting transportation facilities, personnel, and passengers against terrorist attacks.

''(3) CONSULTATION.—In developing the plan and risk assessment under subsection (b), the Council shall consult with the Secretary of Transportation, representatives of persons providing transportation, and representatives of employees of such persons.

''(g) MONITORING.—The Council, with the assistance of the Inspector General of the relevant Federal department or agency as needed, shall monitor the implementation of the Domestic Terrorism Preparedness Plan, including conducting program and performance audits and evaluations.

''SEC. 654. NATIONAL DOMESTIC PREPAREDNESS BUDGET.

''(a) RECOMMENDATIONS REGARDING RESOURCE ALLOCATIONS.—

''(1) TRANSMITTAL TO COUNCIL.—Each Federal Government program manager, agency head, and department head with responsibilities under the Domestic Terrorism Preparedness Plan shall transmit to the Council for each fiscal year recommended resource allocations for programs and activities relating to such responsibilities on or before the earlier of—

''(A) the 45th day before the date of the budget submission of the department or agency to the Director of the Office of Management and Budget for the fiscal year; or

''(B) August 15 of the fiscal year preceding the fiscal year for which the recommendations are being made.

''(2) TRANSMITTAL TO THE OFFICE OF MANAGEMENT AND BUDGET.—The Council shall develop for each fiscal year recommendations regarding resource allocations for each program and activity identified in the annual strategy completed under section 653 for the fiscal year. Such recommendations shall be submitted to the relevant departments and agencies and to the Director of the Office of Management and Budget. The Director of the Office of Management and Budget shall consider such recommendations in formulating the annual budget of the President submitted to Congress under section 1105(a) of title 31, United States Code, and shall provide to the Council a written explanation in any case in which the Director does not accept such a recommendation.

''(3) RECORDS.—The Council shall maintain records regarding recommendations made and written explanations received under paragraph (2) and shall provide such records to Congress upon request. The Council may not fulfill such a request before the date of submission of the relevant annual budget of the President to Congress under section 1105(a) of title 31, United States Code.

''(4) NEW PROGRAMS OR REALLOCATION OF RESOURCES.—The head of a Federal department or agency shall consult with the Council before acting to enhance the capabilities of State and local emergency preparedness and response personnel with respect to terrorist attacks by—

''(A) establishing a new program or office; or

''(B) reallocating resources, including Federal response teams.

''SEC. 655. VOLUNTARY GUIDELINES FOR STATE AND LOCAL PROGRAMS.

''The Council shall provide for the establishment of voluntary guidelines for the terrorist attack preparedness programs of State and local governmental entities for the purpose of providing guidance in the development and implementation of such programs. The guidelines shall address equipment, exercises, and training and shall establish a desired threshold level of preparedness for State and local emergency responders.

''SEC. 656. POWERS OF COUNCIL.

''In carrying out this subtitle, the Council may—

''(1) direct, with the concurrence of the Secretary of a department or head of an agency, the temporary reassignment within the Federal Government of personnel employed by such department or agency;

''(2) use for administrative purposes, on a reimbursable basis, the available services, equipment, personnel, and facilities of Federal, State, and local agencies;

''(3) procure the services of experts and consultants in accordance with section 3109 of title 5, United States Code, relating to appointments in the Federal Service, at rates of compensation for individuals not to exceed the daily equivalent of the rate of pay payable for GS–18 of the General Schedule under section 5332 of title 5, United States Code;

''(4) accept and use donations of property from Federal, State, and local government agencies;

''(5) use the mails in the same manner as any other department or agency of the executive branch; and

''(6) request the assistance of the Inspector General of a Federal department or agency in conducting audits and evaluations under section 653(g).

''SEC. 657. ROLE OF COUNCIL IN NATIONAL SECURITY COUNCIL EFFORTS.

''The Council may, in the Council's role as principal adviser to the National Security Council on Federal efforts to assist State and local governmental entities in domestic terrorist attack preparedness matters, and subject to the direction of the President, attend and participate in meetings of the National Security Council. The Council may, subject to the direction of the President, participate in the National Security Council's working group structure.

''SEC. 658. EXECUTIVE DIRECTOR AND STAFF OF COUNCIL.

''(a) EXECUTIVE DIRECTOR.—The Council shall have an Executive Director who shall be appointed by the President.

''(b) STAFF.—The Executive Director may appoint such personnel as the Executive Director considers appropriate. Such personnel shall be assigned to the Council on a full-time basis and shall report to the Executive Director.

''(c) ADMINISTRATIVE SUPPORT SERVICES.—The Executive Office of the President shall provide to the Council, on a reimbursable basis, such administrative support services, including office space, as the Council may request.

''SEC. 659. COORDINATION WITH EXECUTIVE BRANCH DEPARTMENTS AND AGENCIES.

''(a) REQUESTS FOR ASSISTANCE.—The head of each Federal department and agency with responsibilities under the Domestic Terrorism Preparedness Plan shall cooperate with the Council and, subject to laws governing disclosure of information, provide such assistance, information, and advice as the Council may request.

''(b) CERTIFICATION OF POLICY CHANGES BY COUNCIL.—

''(1) IN GENERAL.—The head of each Federal department and agency with responsibilities under the Domestic Terrorism Preparedness Plan shall, unless exigent circumstances require otherwise, notify the Council in writing regarding any proposed change in policies relating to the activities of such department or agency under the Domestic Terrorism Preparedness Plan prior to implementation of such change. The Council shall promptly review such proposed change and certify to the department or

agency head in writing whether such change is consistent with the Domestic Terrorism Preparedness Plan.

''(2) NOTICE IN EXIGENT CIRCUMSTANCES.—If prior notice of a proposed change under paragraph (1) is not possible, the department or agency head shall notify the Council as soon as practicable. The Council shall review such change and certify to the department or agency head in writing whether such change is consistent with the Domestic Terrorism Preparedness Plan.

''SEC. 660. AUTHORIZATION OF APPROPRIATIONS.

''There is authorized to be appropriated to carry out this subtitle $9,000,000 for fiscal year 2001 and such sums as may be necessary for each of fiscal years 2002 through 2005. Such sums shall remain available until expended.''.

SEC. 305. DISASTER GRANT CLOSEOUT PROCEDURES.

Title VII of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5101 et seq.) is amended by adding at the end the following:

''SEC. 705. DISASTER GRANT CLOSEOUT PROCEDURES.

''(a) STATUTE OF LIMITATIONS.—

''(1) IN GENERAL.—Except as provided in paragraph (2), no administrative action to recover any payment made to a State or local government for disaster or emergency assistance under this Act shall be initiated in any forum after the date that is 3 years after the date of transmission of the final expenditure report for the disaster or emergency.

''(2) FRAUD EXCEPTION.—The limitation under paragraph (1) shall apply unless there is evidence of civil or criminal fraud.

''(b) REBUTTAL OF PRESUMPTION OF RECORD MAINTENANCE.—

''(1) IN GENERAL.—In any dispute arising under this section after the date that is 3 years after the date of transmission of the final expenditure report for the disaster or emergency, there shall be a presumption that accounting records were maintained that adequately identify the source and application of funds provided for financially assisted activities.

''(2) AFFIRMATIVE EVIDENCE.—The presumption described in paragraph (1) may be rebutted only on production of affirmative evidence that the State or local government did not maintain documentation described in that paragraph.

''(3) INABILITY TO PRODUCE DOCUMENTATION.—The inability of the Federal, State, or local government to produce source documentation supporting expenditure reports later than 3 years after the date of transmission of the final expenditure report shall not constitute evidence to rebut the presumption described in paragraph (1).

''(4) RIGHT OF ACCESS.—The period during which the Federal, State, or local government has the right to access source documentation shall not be limited to the required 3-year retention period referred to in paragraph (3), but shall last as long as the records are maintained.

''(c) BINDING NATURE OF GRANT REQUIREMENTS.—A State or local government shall not be liable for reimbursement or any other penalty for any payment made under this Act if—

''(1) the payment was authorized by an approved agreement specifying the costs;

''(2) the costs were reasonable; and

''(3) the purpose of the grant was accomplished.''.

SEC. 306. PUBLIC SAFETY OFFICER BENEFITS FOR CERTAIN FEDERAL AND STATE EMPLOYEES.

(a) IN GENERAL.—Section 1204 of the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. 3796b) is amended by striking paragraph (7) and inserting the following:

''(7) 'public safety officer' means—

''(A) an individual serving a public agency in an official capacity, with or without compensation, as a law enforcement officer, as a firefighter, or as a member of a rescue squad or ambulance crew;

''(B) an employee of the Federal Emergency Management Agency who is performing official duties of the Agency in an area, if those official duties—

''(i) are related to a major disaster or emergency that has been, or is later, declared to exist with respect to the area under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.); and

''(ii) are determined by the Director of the Federal Emergency Management Agency to be hazardous duties; or

''(C) an employee of a State, local, or tribal emergency management or civil defense agency who is performing official duties in cooperation with the Federal Emergency Management Agency in an area, if those official duties—

''(i) are related to a major disaster or emergency that has been, or is later, declared to exist with respect to the area under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.); and

''(ii) are determined by the head of the agency to be hazardous duties.''.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) applies only to employees described in subparagraphs (B) and (C) of section 1204(7) of the Omnibus Crime Control and Safe Streets Act of 1968 (as amended by subsection (a)) who are injured or who die in the line of duty on or after the date of the enactment of this Act.

SEC. 307. BUY AMERICAN.

(a) COMPLIANCE WITH BUY AMERICAN ACT.—No funds authorized to be appropriated under this Act or any amendment made by this Act may be expended by an entity unless the entity, in expending the funds, complies with the Buy American Act (41 U.S.C. 10a et seq.).

(b) DEBARMENT OF PERSONS CONVICTED OF FRAUDULENT USE OF ''MADE IN AMERICA'' LABELS.—

(1) IN GENERAL.—If the Director of the Federal Emergency Management Agency determines that a person has been convicted of intentionally affixing a label bearing a ''Made in America'' inscription to any product sold in or shipped to the United States that is not made in America, the Director shall determine, not later than 90 days after determining that the person has been so convicted, whether the person should be debarred from contracting under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.).

(2) DEFINITION OF DEBAR.—In this subsection, the term ''debar'' has the meaning given the term in section 2393(c) of title 10, United States Code.

SEC. 308. TREATMENT OF CERTAIN REAL PROPERTY.

(a) IN GENERAL.—Notwithstanding the National Flood Insurance Act of 1968 (42 U.S.C. 4001 et seq.), the Flood Disaster Protection Act of 1973 (42 U.S.C. 4002 et seq.), or any other provision of law, or any flood risk zone identified, delineated, or established under any such law (by flood insurance rate map or otherwise), the real property described in subsection (b) shall not be considered to be, or to have been, located in any area having special flood hazards (including any floodway or floodplain).

(b) REAL PROPERTY.—The real property described in this subsection is all land and improvements on the land located in the Maple Terrace Subdivisions in the city of Sycamore, DeKalb County, Illinois, including—

(1) Maple Terrace Phase I;

(2) Maple Terrace Phase II;

(3) Maple Terrace Phase III Unit 1;

(4) Maple Terrace Phase III Unit 2;

(5) Maple Terrace Phase III Unit 3;

(6) Maple Terrace Phase IV Unit 1;

(7) Maple Terrace Phase IV Unit 2; and

(8) Maple Terrace Phase IV Unit 3.

(c) REVISION OF FLOOD INSURANCE RATE LOT MAPS.—As soon as practicable after the date of the enactment of this Act, the Director of the Federal Emergency Management Agency shall revise the appropriate flood insurance rate lot maps of the agency to reflect the treatment under subsection (a) of the real property described in subsection (b).

SEC. 309. STUDY OF PARTICIPATION BY INDIAN TRIBES IN EMERGENCY MANAGEMENT.

(a) DEFINITION OF INDIAN TRIBE.—In this section, the term ''Indian tribe'' has the meaning given the term in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b).

(b) STUDY.—

(1) IN GENERAL.—The Director of the Federal Emergency Management Agency shall conduct a study of participation by Indian tribes in emergency management.

(2) REQUIRED ELEMENTS.—The study shall—

(A) survey participation by Indian tribes in training, predisaster and postdisaster mitigation, disaster preparedness, and disaster recovery programs at the Federal and State levels; and

(B) review and assess the capacity of Indian tribes to participate in cost-shared emergency management programs and to participate in the management of the programs.

(3) CONSULTATION.—In conducting the study, the Director shall consult with Indian tribes.

(c) REPORT.—Not later than 1 year after the date of the enactment of this Act, the Director shall submit a report on the study under subsection (b) to—

(1) the Committee on Environment and Public Works of the Senate;

(2) the Committee on Transportation and Infrastructure of the House of Representatives;

(3) the Committee on Appropriations of the Senate; and

(4) the Committee on Appropriations of the House of Representatives.

Mr. MACK. Mr. President, I ask unanimous consent that the Senate concur in the amendment of the House with a further amendment which is at the desk.

The PRESIDING OFFICER. Without objection, it is so ordered.

(The amendment (No. 4299) is printed in today's RECORD under ''Amendments Submitted.'')

Mr. SMITH of New Hampshire. Mr. President, I rise in support of H.R. 707, the Disaster Mitigation Act of 2000, and urge its passage by the full Senate. This legislation represents compromise language negotiated with the House of Representatives, but, is, substantively, very similar to the bill passed by the Senate in July of this year. This bill will ensure that FEMA not only remains responsive to local communities after a disaster, but also makes disaster preparedness and mitigation a priority. Further, I am proud that this bill will also result in both short and long term savings to the American taxpayer while, at the same time, providing the states and local communities with added resources for future mitigation efforts. Through added efficiencies this bill saves billions in the long run.

I would like to take this opportunity to thank a number of staff members who have worked so hard on this bill. In particular, I would like to recognize Marty Hall from my committee staff; Jo-Ellen Darcy, committee staff for Senator BAUCUS; Andy Wheeler and Mike Murray from Senator INHOFE'S staff; and Jason McNamara from Senator GRAHAM'S staff.

EMERGENCY HOME REPAIR ASSISTANCE

Mr. GRAHAM. The bill includes a provision that caps emergency home repair assistance for individuals and households at $5,000. Could the Chairman elaborate on this provision to describe what additional assistance might be available to individuals and households should their emergency home repair costs exceed $5,000?

Mr. SMITH. I would be happy to elaborate on the provision. The bill caps ''non-means-tested'' emergency home repair assistance at $5,000. In other words, as long as insurance proceeds were not available, an individual or household would be eligible for up to $5,000 of emergency home repair assistance before he/she was required to seek additional assistance from other sources, such as the SBA Disaster Loan Program. If that individual or household was not able to obtain an SBA loan, then he/she could be eligible for additional emergency home repair assistance, as long as the total amount of FEMA assistance to this individual or household does not exceed $25,000.

Mr. GRAHAM. Is it correct, then, that if an individual or household was unable to obtain a loan from SBA, or assistance from another source, then they could be eligible to receive additional emergency home repair assistance, based upon the regulations that FEMA promulgates for this section, and as long as the total FEMA assistance received by that individual or household does not exceed $25,000?

Mr. SMITH. The Senator is correct.

Mr. GRAHAM. I thank the Chairman for the clarification.

RESTORATION OF ESTUARY HABITAT

Mr. MACK. Mr. President, I ask that the Chair lay before the Senate a message from the House to accompany S. 835, ''An Act to encourage the restoration of estuary habitat through more efficient project financing and enhanced coordination of Federal and non-Federal restoration programs, and for other purposes.''

The PRESIDING OFFICER laid before the Senate the following message from the House of Representatives:

Resolved, That the bill from the Senate (S. 835) entitled ''An Act to encourage the restoration of estuary habitat through more efficient project financing and enhanced coordination of Federal and non-Federal restoration programs, and for other purposes'', do pass with the following amendment:

Strike out all after the enacting clause and insert:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Clean Waters and Bays Act of 2000''.

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

TITLE I—ESTUARY RESTORATION

SEC. 101. SHORT TITLE.

This title may be cited as the ''Estuary Restoration Act of 2000''.

SEC. 102. PURPOSES.

The purposes of this title are—

(1) to promote the restoration of estuary habitat;

(2) to develop a national estuary habitat restoration strategy for creating and maintaining effective estuary habitat restoration partnerships among public agencies at all levels of government and to establish new partnerships between the public and private sectors;

(3) to provide Federal assistance for estuary habitat restoration projects and to promote efficient financing of such projects; and

(4) to develop and enhance monitoring and research capabilities to ensure that estuary habitat restoration efforts are based on sound scientific understanding and to create a national database of estuary habitat restoration information.

SEC. 103. DEFINITIONS.

In this title, the following definitions apply:

(1) COUNCIL.—The term ''Council'' means the Estuary Habitat Restoration Council established by section 105.

(2) ESTUARY.—The term ''estuary'' means a part of a river or stream or other body of water that has an unimpaired connection with the open sea and where the sea water is measurably diluted with fresh water derived from land drainage. The term also includes near coastal waters and wetlands of the Great Lakes that are similar in form and function to estuaries.

(3) ESTUARY HABITAT.—The term ''estuary habitat'' means the physical, biological, and chemical elements associated with an estuary, including the complex of physical and hydrologic features and living organisms within the estuary and associated ecosystems.

(4) ESTUARY HABITAT RESTORATION ACTIVITY.—

(A) IN GENERAL.—The term ''estuary habitat restoration activity'' means an activity that results in improving degraded estuaries or estuary habitat or creating estuary habitat (including both physical and functional restoration), with the goal of attaining a self-sustaining system integrated into the surrounding landscape.

(B) INCLUDED ACTIVITIES.—The term ''estuary habitat restoration activity'' includes—

(i) the reestablishment of chemical, physical, hydrologic, and biological features and components associated with an estuary;

(ii) except as provided in subparagraph (C), the cleanup of pollution for the benefit of estuary habitat;

(iii) the control of nonnative and invasive species in the estuary;

(iv) the reintroduction of species native to the estuary, including through such means as planting or promoting natural succession;

(v) the construction of reefs to promote fish and shellfish production and to provide estuary habitat for living resources; and

(vi) other activities that improve estuary habitat.

(C) EXCLUDED ACTIVITIES.—The term ''estuary habitat restoration activity'' does not include an activity that—

(i) constitutes mitigation required under any Federal or State law for the adverse effects of an activity regulated or otherwise governed by Federal or State law; or

(ii) constitutes restoration for natural resource damages required under any Federal or State law.

(5) ESTUARY HABITAT RESTORATION PROJECT.—The term ''estuary habitat restoration project''

means a project to carry out an estuary habitat restoration activity.

(6) ESTUARY HABITAT RESTORATION PLAN.—

(A) IN GENERAL.—The term ''estuary habitat restoration plan'' means any Federal or State plan for restoration of degraded estuary habitat that was developed with the substantial participation of appropriate public and private stakeholders.

(B) INCLUDED PLANS AND PROGRAMS.—The term ''estuary habitat restoration plan'' includes estuary habitat restoration components of—

(i) a comprehensive conservation and management plan approved under section 320 of the Federal Water Pollution Control Act (33 U.S.C. 1330);

(ii) a lakewide management plan or remedial action plan developed under section 118 of the Federal Water Pollution Control Act (33 U.S.C. 1268);

(iii) a management plan approved under the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.); and

(iv) the interstate management plan developed pursuant to the Chesapeake Bay program under section 117 of the Federal Water Pollution Control Act (33 U.S.C. 1267).

(8) INDIAN TRIBE.—The term ''Indian tribe'' has the meaning given such term by section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b).

(9) NON-FEDERAL INTEREST.—The term ''non-federal interest'' means a State, a political subdivision of a State, an Indian tribe, a regional or interstate agency, or, as provided in section 104(g)(2), a nongovernmental organization.

(10) SECRETARY.—The term ''Secretary'' means the Secretary of the Army.

(11) STATE.—The term ''State'' means the States of Alabama, Alaska, California, Connecticut, Delaware, Florida, Georgia, Hawaii, Illinois, Indiana, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, Texas, Virginia, Washington, and Wisconsin, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, the United States Virgin Islands, American Samoa, and Guam.

SEC. 104. ESTUARY HABITAT RESTORATION PROGRAM.

(a) ESTABLISHMENT.—There is established an estuary habitat restoration program under which the Secretary may carry out estuary habitat restoration projects and provide technical assistance in accordance with the requirements of this title.

(b) ORIGIN OF PROJECTS.—A proposed estuary habitat restoration project shall originate from a non-Federal interest consistent with State or local laws.

(c) REQUIRED ELEMENTS OF PROJECT PROPOSALS.—To be eligible for the estuary habitat restoration program established under this title, each proposed estuary habitat restoration project must—

(1) address restoration needs identified in an estuary habitat restoration plan;

(2) be consistent with the estuary habitat restoration strategy developed under section 107;

(3) be technically feasible;

(4) include a monitoring plan that is consistent with standards for monitoring developed under section 108 to ensure that short-term and long-term restoration goals are achieved; and

(5) include satisfactory assurance from the non-Federal interests proposing the project that the non-Federal interests will have adequate personnel, funding, and authority to carry out and properly maintain the project.

(d) SELECTION OF PROJECTS.—

(1) IN GENERAL.—The Secretary, after considering the advice and recommendations of the Council, shall select estuary habitat restoration projects taking into account the following factors:

(A) The scientific merit of the project.

(B) Whether the project will encourage increased coordination and cooperation among Federal, State, and local government agencies.

(C) Whether the project fosters public-private partnerships and uses Federal resources to encourage increased private sector involvement, including consideration of the amount of private funds or in-kind contributions for an estuary habitat restoration activity.

(D) Whether the project is cost-effective.

(E) Whether the State in which the non-Federal interest is proposing the project has a dedicated source of funding to acquire or restore estuary habitat, natural areas, and open spaces for the benefit of estuary habitat restoration or protection.

(F) Other factors that the Secretary determines to be reasonable and necessary for consideration.

(2) PRIORITY.—In selecting estuary habitat restoration projects to be carried out under this title, the Secretary shall give priority consideration to a project if, in addition to meriting selection based on the factors under paragraph (1)—

(A) the project occurs within a watershed in which there is a program being carried out that addresses sources of pollution and other activities that otherwise would re-impair the restored habitat; or

(B) the project includes pilot testing or a demonstration of an innovative technology having the potential for improved cost-effectiveness in estuary habitat restoration.

(e) COST SHARING.—

(1) FEDERAL SHARE.—The Federal share of the cost of an estuary habitat restoration project carried out under this title shall not exceed 65 percent of such cost.

(2) NON-FEDERAL SHARE.—The non-Federal share of the cost of an estuary habitat restoration project carried out under this title shall include lands, easements, rights-of-way, and relocations and may include services, or any other form of in-kind contribution determined by the Secretary to be an appropriate contribution equivalent to the monetary amount required for the non-Federal share of the activity.

(f) INTERIM ACTIONS.—

(1) IN GENERAL.—Pending completion of the estuary habitat restoration strategy to be developed under section 107, the Secretary may take interim actions to carry out an estuary habitat restoration activity.

(2) FEDERAL SHARE.—The Federal share of the cost of an estuary habitat restoration activity before the completion of the estuary habitat restoration strategy shall not exceed 25 percent of such cost.

(g) COOPERATION OF NON-FEDERAL INTERESTS.—

(1) IN GENERAL.—The Secretary shall not select an estuary habitat restoration project until a non-Federal interest has entered into a written agreement with the Secretary in which the non-Federal interest agrees to—

(A) provide all lands, easements, rights-of-way, and relocations and any other elements the Secretary determines appropriate under subsection (e)(2); and

(B) provide for maintenance and monitoring of the project to the extent the Secretary determines necessary.

(2) NONGOVERNMENTAL ORGANIZATIONS.—Notwithstanding section 221 of the Flood Control Act of 1970 (42 U.S.C. 1962d–5b(b)), for any project undertaken under this title, the Secretary, upon the recommendation of the Governor of the State in which the project is located and in consultation with appropriate officials of political subdivisions of such State, may allow a nongovernmental organization to serve as the non-Federal interest.

(h) DELEGATION OF PROJECT IMPLEMENTATION.—In carrying out this title, the Secretary may delegate project implementation to another Federal department or agency on a reimbursable basis if the Secretary, after considering the advice and recommendations of the Council, determines such delegation is appropriate.

SEC. 105. ESTABLISHMENT OF ESTUARY HABITAT RESTORATION COUNCIL.

(a) COUNCIL.—There is established a council to be known as the ''Estuary Habitat Restoration Council''.

(b) DUTIES.—The Council shall be responsible for—

(1) soliciting, reviewing, and evaluating project proposals and making recommendations concerning such proposals based on the factors specified in section 104(d)(1), including recommendations as to a priority order for carrying out such projects and as to whether a project should be carried out by the Secretary or by another Federal department or agency under section 104(h);

(2) developing and transmitting to Congress a national strategy for restoration of estuary habitat;

(3) periodically reviewing the effectiveness of the national strategy in meeting the purposes of this title and, as necessary, updating the national strategy; and

(4) providing advice on the development of the database, monitoring standards, and report required under sections 108 and 109.

(c) MEMBERSHIP.—The Council shall be composed of the following members:

(1) The Secretary (or the Secretary's designee).

(2) The Under Secretary for Oceans and Atmosphere of the Department of Commerce (or the Under Secretary's designee).

(3) The Administrator of the Environmental Protection Agency (or the Administrator's designee).

(4) The Secretary of the Interior, acting through the Director of the United States Fish and Wildlife Service (or such Secretary's designee).

(5) The Secretary of Agriculture (or such Secretary's designee).

(6) The head of any other Federal agency designated by the President to serve as an ex officio member of the Council.

(d) PROHIBITION OF COMPENSATION.—Members of the Council may not receive compensation for their service as members of the Council.

(e) CHAIRPERSON.—The chairperson shall be elected by the Council from among its members for a 3-year term, except that the first elected chairperson may serve a term of fewer than 3 years.

(f) CONVENING OF COUNCIL.—

(1) FIRST MEETING.—The Secretary shall convene the first meeting of the Council not later than 60 days after the date of the enactment of this Act for the purpose of electing a chairperson.

(2) ADDITIONAL MEETINGS.—The chairperson shall convene additional meetings of the Council as often as appropriate to ensure that this title is fully carried out, but not less often than annually.

(g) COUNCIL PROCEDURES.—The Council shall establish procedures for voting, the conduct of meetings, and other matters, as necessary.

(h) PUBLIC PARTICIPATION.—Meetings of the Council shall be open to the public. The Council shall provide notice to the public of such meetings.

SEC. 106. ADVISORY BOARD.

(a) IN GENERAL.—The Council shall establish an advisory board (in this section referred to as the ''board'').

(b) DUTIES.—The board shall provide advice and recommendations to the Council—

(1) on the strategy developed pursuant to section 107; and

(2) on the Council's consideration of proposed estuary habitat restoration projects and the Council's recommendations to the Secretary pursuant to section 105(b)(1), including advice on the scientific merit, technical merit, and feasibility of a project.

(c) MEMBERS.—The Council shall appoint members of the board representing diverse public and private interests. Members of the board shall be selected such that the board consists of—

(1) three members with recognized academic scientific expertise in estuary or estuary habitat restoration;

(2) three members representing State agencies with expertise in estuary or estuary habitat restoration;

(3) two members representing local or regional government agencies with expertise in estuary or estuary habitat restoration;

(4) two members representing nongovernmental organizations with expertise in estuary or estuary habitat restoration;

(5) two members representing fishing interests;

(6) two members representing estuary users other than fishing interests;

(7) two members representing agricultural interests; and

(8) two members representing Indian tribes.

(d) TERMS.—

(1) IN GENERAL.—Except as provided by subparagraph (B), members of the board shall be appointed for a term of 3 years.

(2) INITIAL MEMBERS.—As designated by the chairperson of the Council at the time of appointment, of the members first appointed—

(A) nine shall be appointed for a term of 1 year; and

(B) nine shall be appointed for a term of 2 years.

(e) VACANCIES.—Whenever a vacancy occurs among members of the board, the Council shall appoint an appropriate individual to fill that vacancy for the remainder of the applicable term.

(f) BOARD LEADERSHIP.—The board shall elect from among its members a chairperson of the board to represent the board in matters related to its duties under this title.

(g) COMPENSATION.—Members of the board shall not be considered to be employees of the United States and may not receive compensation for their service as members of the board, except that while engaged in the performance of their duties while away from their homes or regular place of business, members of the board may be allowed necessary travel expenses as authorized by section 5703 of title 5, United States Code.

(h) TECHNICAL SUPPORT.—Technical support may be provided to the board by regional and field staff of the Corps of Engineers, the Environmental Protection Agency, the National Oceanic and Atmospheric Administration, the United States Fish and Wildlife Service, and the Department of Agriculture. The Secretary shall coordinate the provision of such assistance.

(i) ADMINISTRATIVE SUPPORT SERVICES.—Upon the request of the board, the Secretary may provide to the board the administrative support services necessary for the board to carry out its responsibilities under this title.

(j) FUNDING.—From amounts appropriated for that purpose under section 110, the Secretary shall provide funding for the board to carry out its duties under this title.

SEC. 107. ESTUARY HABITAT RESTORATION STRATEGY.

(a) IN GENERAL.—Not later than 1 year after the date of the enactment of this Act, the Council, in consultation with the advisory board established under section 106, shall develop an estuary habitat restoration strategy designed to ensure a comprehensive approach to maximize benefits derived from estuary habitat restoration projects and to foster the coordination of Federal and non-Federal activities related to restoration of estuary habitat.

(b) GOAL.—The goal of the strategy shall be the restoration of 1,000,000 acres of estuary habitat by the year 2010.

(c) INTEGRATION OF ESTUARY HABITAT RESTORATION PLANS, PROGRAMS, AND PARTNERSHIPS.—In developing the estuary habitat restoration strategy, the Council shall—

(1) conduct a review of estuary management or habitat restoration plans and Federal programs established under other laws that authorize funding for estuary habitat restoration activities; and

(2) ensure that the estuary habitat restoration strategy is developed in a manner that is consistent with the estuary management or habitat restoration plans.

(d) ELEMENTS OF THE STRATEGY.—The estuary habitat restoration strategy shall include proposals, methods, and guidance on—

(1) maximizing the incentives for the creation of new public-private partnerships to carry out estuary habitat restoration projects and the use of Federal resources to encourage increased private sector involvement in estuary habitat restoration activities;

(2) ensuring that the estuary habitat restoration strategy will be implemented in a manner that is consistent with the estuary management or habitat restoration plans;

(3) promoting estuary habitat restoration projects to—

(A) provide healthy ecosystems in order to support—

(i) wildlife, including endangered and threatened species, migratory birds, and resident species of an estuary watershed; and

(ii) fish and shellfish, including commercial and recreational fisheries;

(B) improve surface and ground water quality and quantity, and flood control;

(C) provide outdoor recreation and other direct and indirect values; and

(D) address other areas of concern that the Council determines to be appropriate for consideration;

(4) addressing the estimated historic losses, estimated current rate of loss, and extent of the threat of future loss or degradation of each type of estuary habitat;

(5) measuring the rate of change for each type of estuary habitat;

(6) selecting a balance of smaller and larger estuary habitat restoration projects; and

(7) ensuring equitable geographic distribution of projects funded under this title.

(e) PUBLIC REVIEW AND COMMENT.—Before the Council adopts a final or revised estuary habitat restoration strategy, the Secretary shall publish in the Federal Register a draft of the estuary habitat restoration strategy and provide an opportunity for public review and comment.

(f) PERIODIC REVISION.—Using data and information developed through project monitoring and management, and other relevant information, the Council may periodically review and update, as necessary, the estuary habitat restoration strategy.

SEC. 108. MONITORING OF ESTUARY HABITAT RESTORATION PROJECTS.

(a) UNDER SECRETARY.—In this section, the term ''Under Secretary'' means the Under Secretary for Oceans and Atmosphere of the Department of Commerce.

(b) DATABASE OF RESTORATION PROJECT INFORMATION.—The Under Secretary, in consultation with the Council, shall develop and maintain an appropriate database of information concerning estuary habitat restoration projects carried out under this title, including information on project techniques, project completion, monitoring data, and other relevant information.

(c) MONITORING DATA STANDARDS.—The Under Secretary, in consultation with the Council, shall develop standard data formats for monitoring projects, along with requirements for types of data collected and frequency of monitoring.

(d) COORDINATION OF DATA.—The Under Secretary shall compile information that pertains to estuary habitat restoration projects from other Federal, State, and local sources and that meets the quality control requirements and data standards established under this section.

(e) USE OF EXISTING PROGRAMS.—The Under Secretary shall use existing programs within the National Oceanic and Atmospheric Administration to create and maintain the database required under this section.

(f) PUBLIC AVAILABILITY.—The Under Secretary shall make the information collected and maintained under this section available to the public.

SEC. 109. REPORTING.

(a) IN GENERAL.—At the end of the third and fifth fiscal years following the date of the enactment of this Act, the Secretary, after considering the advice and recommendations of the Council, shall transmit to Congress a report on the results of activities carried out under this title.

(b) CONTENTS OF REPORT.—A report under subsection (a) shall include—

(1) data on the number of acres of estuary habitat restored under this title, including descriptions of, and partners involved with, projects selected, in progress, and completed under this title that comprise those acres;

(2) information from the database established under section 108(b) related to ongoing monitoring of projects to ensure that short-term and long-term restoration goals are achieved;

(3) an estimate of the long-term success of varying restoration techniques used in carrying out estuary habitat restoration projects;

(4) a review of how the information described in paragraphs (1) through (3) has been incorporated in the selection and implementation of estuary habitat restoration projects;

(5) a review of efforts made to maintain an appropriate database of restoration projects carried out under this title; and

(6) a review of the measures taken to provide the information described in paragraphs (1) through (3) to persons with responsibility for assisting in the restoration of estuary habitat.

SEC. 110. FUNDING.

(a) AUTHORIZATION OF APPROPRIATIONS.—

(1) ESTUARY HABITAT RESTORATION PROJECTS.—There is authorized to be appropriated to the Secretary for carrying out and providing technical assistance for estuary habitat restoration projects—

(A) $30,000,000 for fiscal year 2001;

(B) $35,000,000 for fiscal year 2002; and

(C) $45,000,000 for each of fiscal years 2003 through 2005.

Such amounts shall remain available until expended.

(2) MONITORING.—There is authorized to be appropriated to the Under Secretary for Oceans and Atmosphere of the Department of Commerce for the acquisition, maintenance, and management of monitoring data on restoration projects carried out under this title, $1,500,000 for each of fiscal years 2001 through 2005. Such amounts shall remain available until expended.

(b) SET-ASIDE FOR ADMINISTRATIVE EXPENSES OF THE COUNCIL AND ADVISORY BOARD.—Not to exceed 3 percent of the amounts appropriated

for a fiscal year under subsection (a)(1) or $1,500,000, whichever is greater, may be used by the Secretary for administration and operation of the Council and the advisory board established under section 106.

SEC. 111. GENERAL PROVISIONS.

(a) AGENCY CONSULTATION AND COORDINATION.—In carrying out this title, the Secretary shall, as necessary, consult with, cooperate with, and coordinate its activities with the activities of other Federal departments and agencies.

(b) COOPERATIVE AGREEMENTS; MEMORANDA OF UNDERSTANDING.—In carrying out this title, the Secretary may—

(1) enter into cooperative agreements with Federal, State, and local government agencies and other entities; and

(2) execute such memoranda of understanding as are necessary to reflect the agreements.

(c) FEDERAL AGENCY FACILITIES AND PERSONNEL.—Federal agencies may cooperate in carrying out scientific and other programs necessary to carry out this title, and may provide facilities and personnel, for the purpose of assisting the Council in carrying out its duties under this title.

(d) IDENTIFICATION AND MAPPING OF DREDGED MATERIAL DISPOSAL SITES.—In consultation with appropriate Federal and non-Federal public entities, the Secretary shall undertake, and update as warranted by changed conditions, surveys to identify and map sites appropriate for beneficial uses of dredged material for the protection, restoration, and creation of aquatic and ecologically related habitats, including wetlands, in order to further the purposes of this title.

(e) STUDY OF BIOREMEDIATION TECHNOLOGY.—

(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Administrator of the Environmental Protection Agency, with the participation of the estuarine scientific community, shall begin a 2-year study on the efficacy of bioremediation products.

(2) REQUIREMENTS.—The study shall—

(A) evaluate and assess bioremediation technology—

(i) on low-level petroleum hydrocarbon contamination from recreational boat bilges;

(ii) on low-level petroleum hydrocarbon contamination from stormwater discharges;

(iii) on nonpoint petroleum hydrocarbon discharges; and

(iv) as a first response tool for petroleum hydrocarbon spills; and

(B) recommend management actions to optimize the return of a healthy and balanced ecosystem and make improvements in the quality and character of estuarine waters.

TITLE II—CHESAPEAKE BAY RESTORATION

SEC. 201. SHORT TITLE.

This title may be cited as the ''Chesapeake Bay Restoration Act of 2000''.

SEC. 202. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) the Chesapeake Bay is a national treasure and a resource of worldwide significance;

(2) over many years, the productivity and water quality of the Chesapeake Bay and its watershed were diminished by pollution, excessive sedimentation, shoreline erosion, the impacts of population growth and development in the Chesapeake Bay watershed, and other factors;

(3) the Federal Government (acting through the Administrator of the Environmental Protection Agency), the Governor of the State of Maryland, the Governor of the Commonwealth of Virginia, the Governor of the Commonwealth of Pennsylvania, the Chairperson of the Chesapeake Bay Commission, and the Mayor of the District of Columbia, as Chesapeake Bay Agreement signatories, have committed to a comprehensive cooperative program to achieve improved water quality and improvements in the productivity of living resources of the Bay;

(4) the cooperative program described in paragraph (3) serves as a national and international model for the management of estuaries; and

(5) there is a need to expand Federal support for monitoring, management, and restoration activities in the Chesapeake Bay and the tributaries of the Bay in order to meet and further the original and subsequent goals and commitments of the Chesapeake Bay Program.

(b) PURPOSES.—The purposes of this title are—

(1) to expand and strengthen cooperative efforts to restore and protect the Chesapeake Bay; and

(2) to achieve the goals established in the Chesapeake Bay Agreement.

SEC. 203. CHESAPEAKE BAY.

Section 117 of the Federal Water Pollution Control Act (33 U.S.C. 1267) is amended to read as follows:

''SEC. 117. CHESAPEAKE BAY.

''(a) DEFINITIONS.—In this section, the following definitions apply:

''(1) ADMINISTRATIVE COST.—The term 'administrative cost' means the cost of salaries and fringe benefits incurred in administering a grant under this section.

''(2) CHESAPEAKE BAY AGREEMENT.—The term 'Chesapeake Bay Agreement' means the formal, voluntary agreements executed to achieve the goal of restoring and protecting the Chesapeake Bay ecosystem and the living resources of the Chesapeake Bay ecosystem and signed by the Chesapeake Executive Council.

''(3) CHESAPEAKE BAY ECOSYSTEM.—The term 'Chesapeake Bay ecosystem' means the ecosystem of the Chesapeake Bay and its watershed.

''(4) CHESAPEAKE BAY PROGRAM.—The term 'Chesapeake Bay Program' means the program directed by the Chesapeake Executive Council in accordance with the Chesapeake Bay Agreement.

''(5) CHESAPEAKE EXECUTIVE COUNCIL.—The term 'Chesapeake Executive Council' means the signatories to the Chesapeake Bay Agreement.

''(6) SIGNATORY JURISDICTION.—The term 'signatory jurisdiction' means a jurisdiction of a signatory to the Chesapeake Bay Agreement.

''(b) CONTINUATION OF CHESAPEAKE BAY PROGRAM.—

''(1) IN GENERAL.—In cooperation with the Chesapeake Executive Council (and as a member of the Council), the Administrator shall continue the Chesapeake Bay Program.

''(2) PROGRAM OFFICE.—

''(A) IN GENERAL.—The Administrator shall maintain in the Environmental Protection Agency a Chesapeake Bay Program Office.

''(B) FUNCTION.—The Chesapeake Bay Program Office shall provide support to the Chesapeake Executive Council by—

''(i) implementing and coordinating science, research, modeling, support services, monitoring, data collection, and other activities that support the Chesapeake Bay Program;

''(ii) developing and making available, through publications, technical assistance, and other appropriate means, information pertaining to the environmental quality and living resources of the Chesapeake Bay ecosystem;

''(iii) in cooperation with appropriate Federal, State, and local authorities, assisting the signatories to the Chesapeake Bay Agreement in developing and implementing specific action plans to carry out the responsibilities of the signatories to the Chesapeake Bay Agreement;

''(iv) coordinating the actions of the Environmental Protection Agency with the actions of the appropriate officials of other Federal agencies and State and local authorities in developing strategies to—

''(I) improve the water quality and living resources in the Chesapeake Bay ecosystem; and

''(II) obtain the support of the appropriate officials of the agencies and authorities in achieving the objectives of the Chesapeake Bay Agreement; and

''(v) implementing outreach programs for public information, education, and participation to foster stewardship of the resources of the Chesapeake Bay.

''(c) INTERAGENCY AGREEMENTS.—The Administrator may enter into an interagency agreement with a Federal agency to carry out this section.

''(d) TECHNICAL ASSISTANCE AND ASSISTANCE GRANTS.—

''(1) IN GENERAL.—In cooperation with the Chesapeake Executive Council, the Administrator may provide technical assistance, and assistance grants, to nonprofit organizations, State and local governments, colleges, universities, and interstate agencies to achieve the goals and requirements contained in subsection (g)(1), subject to such terms and conditions as the Administrator considers appropriate.

''(2) FEDERAL SHARE.—

''(A) IN GENERAL.—Except as provided in subparagraph (B), the Federal share of an assistance grant provided under paragraph (1) shall be determined by the Administrator in accordance with guidance issued by the Administrator.

''(B) SMALL WATERSHED GRANTS PROGRAM.—The Federal share of an assistance grant provided under paragraph (1) to carry out an implementing activity under subsection (g)(2) shall not exceed 75 percent of eligible project costs, as determined by the Administrator.

''(3) NON-FEDERAL SHARE.—An assistance grant under paragraph (1) shall be provided on the condition that non-Federal sources provide the remainder of eligible project costs, as determined by the Administrator.

''(4) ADMINISTRATIVE COSTS.—Administrative costs shall not exceed 10 percent of the annual grant award.

''(e) IMPLEMENTATION AND MONITORING GRANTS.—

''(1) IN GENERAL.—If a signatory jurisdiction has approved and committed to implement all or substantially all aspects of the Chesapeake Bay Agreement, on the request of the chief executive of the jurisdiction, the Administrator—

''(A) shall make a grant to the jurisdiction for the purpose of implementing the management mechanisms established under the Chesapeake Bay Agreement, subject to such terms and conditions as the Administrator considers appropriate; and

''(B) may make a grant to a signatory jurisdiction for the purpose of monitoring the Chesapeake Bay ecosystem.

''(2) PROPOSALS.—

''(A) IN GENERAL.—A signatory jurisdiction described in paragraph (1) may apply for a grant under this subsection for a fiscal year by submitting to the Administrator a comprehensive proposal to implement management mechanisms established under the Chesapeake Bay Agreement.

''(B) CONTENTS.—A proposal under subparagraph (A) shall include—

''(i) a description of proposed management mechanisms that the jurisdiction commits to take within a specified time period, such as reducing or preventing pollution in the Chesapeake Bay and its watershed or meeting applicable water quality standards or established goals and objectives under the Chesapeake Bay Agreement; and

''(ii) the estimated cost of the actions proposed to be taken during the fiscal year.

''(3) APPROVAL.—If the Administrator finds that the proposal is consistent with the Chesapeake Bay Agreement and the national goals established under section 101(a), the Administrator may approve the proposal for an award.

''(4) FEDERAL SHARE.—The Federal share of an implementation grant under this subsection shall not exceed 50 percent of the cost of implementing the management mechanisms during the fiscal year.

''(5) NON-FEDERAL SHARE.—An implementation grant under this subsection shall be made on the condition that non-Federal sources provide the remainder of the costs of implementing the management mechanisms during the fiscal year.

''(6) ADMINISTRATIVE COSTS.—Administrative costs shall not exceed 10 percent of the annual grant award.

''(7) REPORTING.—On or before October 1 of each fiscal year, the Administrator shall make available to the public a document that lists and describes, in the greatest practicable degree of detail—

''(A) all projects and activities funded for the fiscal year;

''(B) the goals and objectives of projects funded for the previous fiscal year; and

''(C) the net benefits of projects funded for previous fiscal years.

''(f) FEDERAL FACILITIES AND BUDGET COORDINATION.—

''(1) SUBWATERSHED PLANNING AND RESTORATION.—A Federal agency that owns or operates a facility (as defined by the Administrator) within the Chesapeake Bay watershed shall participate in regional and subwatershed planning and restoration programs.

''(2) COMPLIANCE WITH AGREEMENT.—The head of each Federal agency that owns or occupies real property in the Chesapeake Bay watershed shall ensure that the property, and actions taken by the agency with respect to the property, comply with the Chesapeake Bay Agreement, the Federal Agencies Chesapeake Ecosystem Unified Plan, and any subsequent agreements and plans.

''(3) BUDGET COORDINATION.—

''(A) IN GENERAL.—As part of the annual budget submission of each Federal agency with projects or grants related to restoration, planning, monitoring, or scientific investigation of the Chesapeake Bay ecosystem, the head of the agency shall submit to the President a report that describes plans for the expenditure of the funds under this section.

''(B) DISCLOSURE TO THE COUNCIL.—The head of each agency referred to in subparagraph (A) shall disclose the report under that subparagraph with the Chesapeake Executive Council as appropriate.

''(g) CHESAPEAKE BAY PROGRAM.—

''(1) MANAGEMENT STRATEGIES.—The Administrator, in coordination with other members of the Chesapeake Executive Council, shall ensure that management plans are developed and implementation is begun by signatories to the Chesapeake Bay Agreement to achieve—

''(A) the nutrient goals of the Chesapeake Bay Agreement for the quantity of nitrogen and phosphorus entering the Chesapeake Bay and its watershed;

''(B) the water quality requirements necessary to restore living resources in the Chesapeake Bay ecosystem;

''(C) the Chesapeake Bay Basinwide Toxins Reduction and Prevention Strategy goal of reducing or eliminating the input of chemical contaminants from all controllable sources to levels that result in no toxic or bioaccumulative impact on the living resources of the Chesapeake Bay ecosystem or on human health;

''(D) habitat restoration, protection, creation, and enhancement goals established by Chesapeake Bay Agreement signatories for wetlands, riparian forests, and other types of habitat associated with the Chesapeake Bay ecosystem; and

''(E) the restoration, protection, creation, and enhancement goals established by the Chesapeake Bay Agreement signatories for living resources associated with the Chesapeake Bay ecosystem.

''(2) SMALL WATERSHED GRANTS PROGRAM.—The Administrator, in cooperation with the Chesapeake Executive Council, shall—

''(A) establish a small watershed grants program as part of the Chesapeake Bay Program; and

''(B) offer technical assistance and assistance grants under subsection (d) to local governments and nonprofit organizations and individuals in the Chesapeake Bay region to implement—

''(i) cooperative tributary basin strategies that address the water quality and living resource needs in the Chesapeake Bay ecosystem; and

''(ii) locally based protection and restoration programs or projects within a watershed that complement the tributary basin strategies, including the creation, restoration, protection, or enhancement of habitat associated with the Chesapeake Bay ecosystem.

''(h) STUDY OF CHESAPEAKE BAY PROGRAM.—

''(1) IN GENERAL.—Not later than April 22, 2000, and every 5 years thereafter, the Administrator, in coordination with the Chesapeake Executive Council, shall complete a study and submit to Congress a comprehensive report on the results of the study.

''(2) REQUIREMENTS.—The study and report shall—

''(A) assess the state of the Chesapeake Bay ecosystem;

''(B) compare the current state of the Chesapeake Bay ecosystem with its state in 1975, 1985, and 1995;

''(C) assess the effectiveness of management strategies being implemented on the date of the enactment of this section and the extent to which the priority needs are being met;

''(D) make recommendations for the improved management of the Chesapeake Bay Program either by strengthening strategies being implemented on the date of the enactment of this section or by adopting new strategies; and

''(E) be presented in such a format as to be readily transferable to and usable by other watershed restoration programs.

''(i) SPECIAL STUDY OF LIVING RESOURCE RESPONSE.—

''(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this section, the Administrator shall commence a 5-year special study with full participation of the scientific community of the Chesapeake Bay to establish and expand understanding of the response of the living resources of the Chesapeake Bay ecosystem to improvements in water quality that have resulted from investments made through the Chesapeake Bay Program.

''(2) REQUIREMENTS.—The study shall—

''(A) determine the current status and trends of living resources, including grasses, benthos, phytoplankton, zooplankton, fish, and shellfish;

''(B) establish to the extent practicable the rates of recovery of the living resources in response to improved water quality condition;

''(C) evaluate and assess interactions of species, with particular attention to the impact of changes within and among trophic levels; and

''(D) recommend management actions to optimize the return of a healthy and balanced ecosystem in response to improvements in the quality and character of the waters of the Chesapeake Bay.

''(j) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $30,000,000 for each of fiscal years 2000 through 2005.''.

SEC. 204. SENSE OF THE CONGRESS; REQUIREMENT REGARDING NOTICE.

(a) PURCHASE OF AMERICAN-MADE EQUIPMENT AND PRODUCTS.—In the case of any equipment or products that may be authorized to be purchased with financial assistance provided under section 117 of the Federal Water Pollution Control Act (33 U.S.C. 1267), it is the sense of the Congress that entities receiving such assistance should, in expending the assistance, purchase only American-made equipment and products.

(b) NOTICE TO RECIPIENTS OF ASSISTANCE.—In providing financial assistance under section 117 of the Federal Water Pollution Control Act, the head of each Federal agency shall provide to each recipient of the assistance a notice describing the statement made in subsection (a) by Congress.

(c) NOTICE OF REPORT.—Any entity which receives funds under section 117 of the Federal Water Pollution Control Act shall report any expenditures on foreign-made items to Congress within 180 days of the expenditure.

TITLE III—NATIONAL ESTUARY PROGRAM

SEC. 301. ADDITIONS TO NATIONAL ESTUARY PROGRAM.

Section 320(a)(2)(B) of the Federal Water Pollution Control Act (33 U.S.C. 1330(a)(2)(B)) is amended by inserting ''Lake Ponchartrain Basin, Louisiana and Mississippi; Mississippi Sound, Mississippi;'' before ''and Peconic Bay, New York.''.

SEC. 302. GRANTS.

Section 320(g) of the Federal Water Pollution Control Act (33 U.S.C. 1330(g)) is amended by striking paragraphs (2) and (3) and inserting the following:

''(2) PURPOSES.—Grants under this subsection shall be made to pay for activities necessary for the development and implementation of a comprehensive conservation and management plan under this section.

''(3) FEDERAL SHARE.—The Federal share of a grant to any person (including a State, interstate, or regional agency or entity) under this subsection for a fiscal year—

''(A) shall not exceed—

''(i) 75 percent of the annual aggregate costs of the development of a comprehensive conservation and management plan; and

''(ii) 50 percent of the annual aggregate costs of the implementation of the plan; and

''(B) shall be made on condition that the non-Federal share of the costs are provided from non-Federal sources.''.

SEC. 303. AUTHORIZATION OF APPROPRIATIONS.

Section 320(i) of the Federal Water Pollution Control Act (33 U.S.C. 1330(i)) is amended by striking ''$12,000,000 per fiscal year for each of fiscal years 1987, 1988, 1989, 1990, and 1991'' and inserting ''$50,000,000 for each of fiscal years 2000 through 2004''.

TITLE IV—FLORIDA KEYS WATER QUALITY

SEC. 401. SHORT TITLE.

This title may be cited as the ''Florida Keys Water Quality Improvements Act of 2000''.

SEC. 402. FLORIDA KEYS WATER QUALITY IMPROVEMENTS.

Title I of the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.) is amended by adding at the end the following:

''SEC. 121. FLORIDA KEYS.

''(a) IN GENERAL.—Subject to the requirements of this section, the Administrator may make grants to the Florida Keys Aqueduct Authority, appropriate agencies of municipalities of Monroe County, Florida, and other appropriate public agencies of the State of Florida or Monroe County for the planning and construction of treatment works to improve water quality in the Florida Keys National Marine Sanctuary.

''(b) CRITERIA FOR PROJECTS.—In applying for a grant for a project under subsection (a), an applicant shall demonstrate that—

''(1) the applicant has completed adequate planning and design activities for the project;

''(2) the applicant has completed a financial plan identifying sources of non-Federal funding for the project;

''(3) the project complies with—

''(A) applicable growth management ordinances of Monroe County, Florida;

''(B) applicable agreements between Monroe County, Florida, and the State of Florida to manage growth in Monroe County, Florida; and

''(C) applicable water quality standards; and

''(4) the project is consistent with the master wastewater and stormwater plans for Monroe County, Florida.

''(c) CONSIDERATION.—In selecting projects to receive grants under subsection (a), the Administrator shall consider whether a project will have substantial water quality benefits relative to other projects under consideration.

''(d) CONSULTATION.—In carrying out this section, the Administrator shall consult with—

''(1) the Water Quality Steering Committee established under section 8(d)(2)(A) of the Florida Keys National Marine Sanctuary and Protection Act (106 Stat. 5054);

''(2) the South Florida Ecosystem Restoration Task Force established by section 528(f) of the Water Resources Development Act of 1996 (110 Stat. 3771–3773);

''(3) the Commission on the Everglades established by executive order of the Governor of the State of Florida; and

''(4) other appropriate State and local government officials.

''(e) NON-FEDERAL SHARE.—The non-Federal share of the cost of a project carried out using amounts from grants made under subsection (a) shall not be less than 25 percent.

''(f) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administrator to carry out this section—

''(1) $32,000,000 for fiscal year 2001;

''(2) $31,000,000 for fiscal year 2002; and

''(3) $50,000,000 for each of fiscal years 2003 through 2005.

Such sums shall remain available until expended.''.

SEC. 403. SENSE OF THE CONGRESS; REQUIREMENT REGARDING NOTICE.

(a) PURCHASE OF AMERICAN-MADE EQUIPMENT AND PRODUCTS.—In the case of any equipment or products that may be authorized to be purchased with financial assistance provided under this title (including any amendment made by this title), it is the sense of the Congress that entities receiving such assistance should, in expending the assistance, purchase only American-made equipment and products.

(b) NOTICE TO RECIPIENTS OF ASSISTANCE.—In providing financial assistance under this title (including any amendment made by this title), the head of each Federal agency shall provide to each recipient of the assistance a notice describing the statement made in subsection (a) by Congress.

(c) NOTICE OF REPORT.—Any entity which receives funds under this title shall report any expenditures on foreign-made items to Congress within 180 days of the expenditure.

TITLE V—LONG ISLAND SOUND RESTORATION

SEC. 501. SHORT TITLE.

This title may be cited as the ''Long Island Sound Restoration Act''.

SEC. 502. NITROGEN CREDIT TRADING SYSTEM AND OTHER MEASURES.

Section 119(c)(1) of the Federal Water Pollution Control Act (33 U.S.C. 1269(c)(1)) is amended by inserting '', including efforts to establish, within the process for granting watershed general permits, a system for trading nitrogen credits and any other measures that are cost-effective and consistent with the goals of the Plan'' before the semicolon at the end.

SEC. 503. ASSISTANCE FOR DISTRESSED COMMUNITIES.

Section 119 of the Federal Water Pollution Control Act (33 U.S.C. 1269) is amended—

(1) by redesignating subsection (e) as subsection (f); and

(2) by inserting after subsection (d) the following:

''(e) ASSISTANCE TO DISTRESSED COMMUNITIES.—

''(1) ELIGIBLE COMMUNITIES.—

''(A) STATES TO DETERMINE CRITERIA.—For the purposes of this subsection, a distressed community is any community that meets affordability criteria established by the State in which the community is located, if such criteria are developed after public review and comment.

''(B) CONSIDERATION OF IMPACT ON WATER AND SEWER RATES.—In determining if a community is a distressed community for the purposes of this subsection, the State shall consider the extent to which the rate of growth of a community's tax base has been historically slow such that implementing the plan described in subsection (c)(1) would result in a significant increase in any water or sewer rate charged by the community's publicly-owned wastewater treatment facility.

''(C) INFORMATION TO ASSIST STATES.—The Administrator may publish information to assist States in establishing affordability criteria under subparagraph (A).

''(2) REVOLVING LOAN FUNDS.—

''(A) LOAN SUBSIDIES.—Subject to subparagraph (B), any State making a loan to a distressed community from a revolving fund under title VI for the purpose of assisting the implementation of the plan described in subsection (c)(1) may provide additional subsidization (including forgiveness of principal).

''(B) TOTAL AMOUNT OF SUBSIDIES.—For each fiscal year, the total amount of loan subsidies made by a State under subparagraph (A) may not exceed 30 percent of the amount of the capitalization grant received by the State for the year.

''(3) PRIORITY.—In making assistance available under this section for the upgrading of wastewater treatment facilities, a State may give priority to a distressed community.''.

SEC. 504. REAUTHORIZATION OF APPROPRIATIONS.

Section 119(f) of the Federal Water Pollution Control Act (as redesignated by section 503 of this Act) is amended—

(1) in paragraph (1) by striking ''1991 through 2001'' and inserting ''2000 through 2003''; and

(2) in paragraph (2) by striking ''not to exceed $3,000,000 for each of the fiscal years 1991 through 2001'' and inserting ''not to exceed $80,000,000 for each of fiscal years 2000 through 2003''.

TITLE VI—LAKE PONTCHARTRAIN BASIN RESTORATION

SEC. 601. SHORT TITLE.

This title may be cited as the ''Lake Pontchartrain Basin Restoration Act of 2000''.

SEC. 602. NATIONAL ESTUARY PROGRAM.

(a) FINDING.—Congress finds that the Lake Ponchartrain Basin is an estuary of national significance.

(b) ADDITION TO NATIONAL ESTUARY PROGRAM.—Section 320(a)(2)(B) of the Federal Water Pollution Control Act (33 U.S.C. 1330(a)(2)(B)) is further amended by inserting ''Lake Ponchartrain Basin, Louisiana and Mississippi;'' before ''and Peconic Bay, New York.''.

SEC. 603. LAKE PONTCHARTRAIN BASIN.

Title I of the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.) is further amended by adding at the end the following:

''SEC. 122. LAKE PONTCHARTRAIN BASIN.

''(a) ESTABLISHMENT OF RESTORATION PROGRAM.—The Administrator shall establish within the Environmental Protection Agency the Lake Pontchartrain Basin Restoration Program.

''(b) PURPOSE.—The purpose of the program shall be to restore the ecological health of the Basin by developing and funding restoration projects and related scientific and public education projects.

''(c) DUTIES.—In carrying out the program, the Administrator shall—

''(1) provide administrative and technical assistance to a management conference convened for the Basin under section 320;

''(2) assist and support the activities of the management conference, including the implementation of recommendations of the management conference;

''(3) support environmental monitoring of the Basin and research to provide necessary technical and scientific information;

''(4) develop a comprehensive research plan to address the technical needs of the program;

''(5) coordinate the grant, research, and planning programs authorized under this section; and

''(6) collect and make available to the public publications, and other forms of information the management conference determines to be appropriate, relating to the environmental quality of the Basin.

''(d) GRANTS.—The Administrator may make grants—

''(1) for restoration projects and studies recommended by a management conference convened for the Basin under section 320;

''(2) for public education projects recommended by the management conference; and

''(3) for the inflow and infiltration project sponsored by the New Orleans Sewerage and Water Board and Jefferson Parish, Louisiana.

''(e) DEFINITIONS.—In this section, the following definitions apply:

''(1) BASIN.—The term 'Basin' means the Lake Pontchartrain Basin, a 5,000 square mile watershed encompassing 16 parishes in the State of Louisiana and four counties in the State of Mississippi.

''(2) PROGRAM.—The term 'program' means the Lake Pontchartrain Basin Restoration Program established under subsection (a).

''(f) AUTHORIZATION OF APPROPRIATIONS.—

''(1) IN GENERAL.—There is authorized to be appropriated—

''(A) $100,000,000 for the inflow and infiltration project sponsored by the New Orleans Sewerage and Water Board and Jefferson Parish, Louisiana; and

''(B) $5,000,000 for each of fiscal years 2001 through 2005 to carry out this section.

Such sums shall remain available until expended.

''(2) PUBLIC EDUCATION PROJECTS.—Not more that 15 percent of the amount appropriated pursuant to paragraph (1)(B) in a fiscal year may be expended on grants for public education projects under subsection (d)(2).''.

SEC. 604. SENSE OF THE CONGRESS.

It is the sense of the Congress that all recipients of grants pursuant to this title shall abide by the Buy American Act. The Administrator of the Environmental Protection Agency shall give notice of the Buy American Act requirements to grant applicants.

TITLE VII—ALTERNATIVE WATER SOURCES

SEC. 701. SHORT TITLE.

This title may be cited as the ''Alternative Water Sources Act of 2000''.

SEC. 702. GRANTS FOR ALTERNATIVE WATER SOURCE PROJECTS.

Title II of the Federal Water Pollution Control Act (33 U.S.C. 1281 et seq.) is amended by adding at the end the following:

''SEC. 220. GRANTS FOR ALTERNATIVE WATER SOURCE PROJECTS.

''(a) IN GENERAL.—The Administrator may make grants to State, interstate, and intrastate water resource development agencies (including water management districts and water supply authorities), local government agencies, private utilities, and nonprofit entities for alternative water source projects to meet critical water supply needs.

''(b) ELIGIBLE ENTITY.—The Administrator may make grants under this section to an entity only if the entity has authority under State law to develop or provide water for municipal, industrial, and agricultural uses in an area of the State that is experiencing critical water supply needs.

''(c) SELECTION OF PROJECTS.—

''(1) LIMITATION.—A project that has received funds under the reclamation and reuse program conducted under the Reclamation Projects Authorization and Adjustment Act of 1992 (43 U.S.C. 390h et seq.) shall not be eligible for grant assistance under this section.

''(2) ADDITIONAL CONSIDERATION.—In making grants under this section, the Administrator shall consider whether the project is located within the boundaries of a State or area referred to in section 1 of the Reclamation Act of June 17, 1902 (32 Stat. 385), and within the geographic scope of the reclamation and reuse program conducted under the Reclamation Projects Authorization and Adjustment Act of 1992 (43 U.S.C. 390h et seq.).

''(d) COMMITTEE RESOLUTION PROCEDURE.—

''(1) IN GENERAL.—No appropriation shall be made for any alternative water source project under this section, the total Federal cost of which exceeds $3,000,000, if such project has not been approved by a resolution adopted by the Committee on Transportation and Infrastructure of the House of Representatives or the Committee on Environment and Public Works of the Senate.

''(2) REQUIREMENTS FOR SECURING CONSIDERATION.—For purposes of securing consideration of approval under paragraph (1), the Administrator shall provide to a committee referred to in paragraph (1) such information as the committee requests and the non-Federal sponsor shall provide to the committee information on the costs and relative needs for the alternative water source project.

''(e) USES OF GRANTS.—Amounts from grants received under this section may be used for engineering, design, construction, and final testing of alternative water source projects designed to meet critical water supply needs. Such amounts may not be used for planning, feasibility studies or for operation, maintenance, replacement, repair, or rehabilitation.

''(f) COST SHARING.—The Federal share of the eligible costs of an alternative water source project carried out using assistance made available under this section shall not exceed 50 percent.

''(g) REPORTS.—

''(1) REPORTS TO ADMINISTRATOR.—Each recipient of a grant under this section shall submit to the Administrator, not later than 18 months after the date of receipt of the grant and biennially thereafter until completion of the alternative water source project funded by the grant, a report on eligible activities carried out by the grant recipient using amounts from the grant.

''(2) REPORT TO CONGRESS.—On or before September 30, 2005, the Administrator shall transmit to Congress a report on the progress made toward meeting the critical water supply needs of the grant recipients under this section.

''(h) DEFINITIONS.—In this section, the following definitions apply:

''(1) ALTERNATIVE WATER SOURCE PROJECT.—The term 'alternative water source project' means a project designed to provide municipal, industrial, and agricultural water supplies in an environmentally sustainable manner by conserving, managing, reclaiming, or reusing water or wastewater or by treating wastewater.

''(2) CRITICAL WATER SUPPLY NEEDS.—The term 'critical water supply needs' means existing or reasonably anticipated future water supply needs that cannot be met by existing water supplies, as identified in a comprehensive statewide or regional water supply plan or assessment projected over a planning period of at least 20 years.

''(i) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $75,000,000 for each of fiscal years 2000 through 2004. Such sums shall remain available until expended.''.

SEC. 703. SENSE OF THE CONGRESS; REQUIREMENT REGARDING NOTICE.

(a) PURCHASE OF AMERICAN-MADE EQUIPMENT AND PRODUCTS.—In the case of any equipment or products that may be authorized to be purchased with financial assistance provided under this title (including any amendment made by this title), it is the sense of the Congress that entities receiving such assistance should, in expending the assistance, purchase only American-made equipment and products.

(b) NOTICE TO RECIPIENTS OF ASSISTANCE.—In providing financial assistance under this title (including any amendment made by this title), the head of each Federal agency shall provide to each recipient of the assistance a notice describing the statement made in subsection (a) by Congress.

(c) NOTICE OF REPORT.—Any entity which receives funds under this title shall report any expenditures on foreign-made items to Congress within 180 days of the expenditure.

TITLE VIII—CLEAN LAKES

SEC. 801. GRANTS TO STATES.

Section 314(c)(2) of the Federal Water Pollution Control Act (33 U.S.C. 1324(c)(2)) is amended by striking ''$50,000,000'' the first place it appears and all that follows through ''1990'' and inserting ''$50,000,000 for each of fiscal years 2001 through 2005''.

SEC. 802. DEMONSTRATION PROGRAM.

Section 314(d) of the Federal Water Pollution Control Act (33 U.S.C. 1324(d)) is amended—

(1) in paragraph (2) by inserting ''Otsego Lake, New York; Oneida Lake, New York; Raystown Lake, Pennsylvania; Swan Lake, Itasca County, Minnesota;'' after ''Sauk Lake, Minnesota;'';

(2) in paragraph (3) by striking ''By'' and inserting ''Notwithstanding section 3003 of the Federal Reports Elimination and Sunset Act of 1995 (31 U.S.C. 1113 note; 109 Stat. 734–736), by''; and

(3) in paragraph (4)(B)(i) by striking ''$15,000,000'' and inserting ''$25,000,000''.

SEC. 803. SENSE OF THE CONGRESS; REQUIREMENT REGARDING NOTICE.

(a) PURCHASE OF AMERICAN-MADE EQUIPMENT AND PRODUCTS.—In the case of any equipment or products that may be authorized to be purchased with financial assistance provided under this title (including any amendment made by this title), it is the sense of the Congress that entities receiving such assistance should, in expending the assistance, purchase only American-made equipment and products.

(b) NOTICE TO RECIPIENTS OF ASSISTANCE.—In providing financial assistance under this title (including any amendment made by this title), the head of each Federal agency shall provide to each recipient of the assistance a notice describing the statement made in subsection (a) by Congress.

(c) NOTICE OF REPORT.—Any entity which receives funds under this title shall report any expenditures on foreign-made items to Congress within 180 days of expenditure.

TITLE IX—MISSISSIPPI SOUND RESTORATION

SEC. 901. SHORT TITLE.

This title may be cited as the ''Mississippi Sound Restoration Act of 2000''.

SEC. 902. NATIONAL ESTUARY PROGRAM.

(a) FINDING.—Congress finds that the Mississippi Sound is an estuary of national significance.

(b) ADDITION TO NATIONAL ESTUARY PROGRAM.—Section 320(a)(2)(B) of the Federal Water Pollution Control Act (33 U.S.C. 1330(a)(2)(B)) is further amended by inserting ''Mississippi Sound, Mississippi;'' before ''and Peconic Bay, New York.''.

SEC. 903. MISSISSIPPI SOUND.

Title I of the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.) is further amended by adding at the end the following:

''SEC. 123. MISSISSIPPI SOUND.

''(a) ESTABLISHMENT OF RESTORATION PROGRAM.—The Administrator shall establish within the Environmental Protection Agency the Mississippi Sound Restoration Program.

''(b) PURPOSE.—The purpose of the program shall be to restore the ecological health of the Sound, including barrier islands, coastal wetlands, keys, and reefs, by developing and funding restoration projects and related scientific and public education projects and by coordinating efforts among Federal, State, and local governmental agencies and nonregulatory organizations.

''(c) DUTIES.—In carrying out the program, the Administrator shall—

''(1) provide administrative and technical assistance to a management conference convened for the Sound under section 320;

''(2) assist and support the activities of the management conference, including the implementation of recommendations of the management conference;

''(3) support environmental monitoring of the Sound and research to provide necessary technical and scientific information;

''(4) develop a comprehensive research plan to address the technical needs of the program;

''(5) coordinate the grant, research, and planning programs authorized under this section; and

''(6) collect and make available to the public publications, and other forms of information the management conference determines to be appropriate, relating to the environmental quality of the Sound.

''(d) GRANTS.—The Administrator may make grants—

''(1) for restoration projects and studies recommended by a management conference convened for the Sound under section 320; and

''(2) for public education projects recommended by the management conference.

''(e) DEFINITIONS.—In this section, the following definitions apply:

''(1) SOUND.—The term 'Sound' means the Mississippi Sound located on the Gulf Coast of the State of Mississippi.

''(2) PROGRAM.—The term 'program' means the Mississippi Sound Restoration Program established under subsection (a).

''(f) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated $10,000,000 to carry out this section. Such sums shall remain available until expended.''.

SEC. 904. SENSE OF THE CONGRESS.

It is the sense of the Congress that all recipients of grants under this title (including amendments made by this title) shall abide by the Buy American Act. The Administrator of the Environmental Protection Agency shall give notice of the Buy American Act requirements to grant applicants under this title.

TITLE X—TIJUANA RIVER VALLEY ESTUARY AND BEACH CLEANUP

SEC. 1001. SHORT TITLE.

This title may be cited as the ''Tijuana River Valley Estuary and Beach Sewage Cleanup Act of 2000''.

SEC. 1002. PURPOSE.

The purpose of this title is to authorize the United States to take actions to address comprehensively the treatment of sewage emanating from the Tijuana River area, Mexico, that flows untreated or partially treated into the United States causing significant adverse public health and environmental impacts.

SEC. 1003. DEFINITIONS.

In this title, the following definitions apply:

(1) ADMINISTRATOR.—The term ''Administrator'' means the Administrator of the Environmental Protection Agency.

(2) COMMISSION.—The term ''Commission'' means the United States section of the International Boundary and Water Commission, United States and Mexico.

(3) IWTP.—The term ''IWTP'' means the South Bay International Wastewater Treatment Plant constructed under the provisions of the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), section 510 of the Water Quality Act of 1987 (101 Stat. 80–82), and Treaty Minutes to the Treaty for the Utilization of Waters of the Colorado and Tijuana Rivers and of the Rio Grande, dated February 3, 1944.

(4) SECONDARY TREATMENT.—The term ''secondary treatment'' has the meaning such term has under the Federal Water Pollution Control Act and its implementing regulations.

(5) SECRETARY.—The term ''Secretary'' means the Secretary of State.

(6) MEXICAN FACILITY.—The term ''Mexican facility'' means a proposed public-private wastewater treatment facility to be constructed and operated under this title within Mexico for the purpose of treating sewage flows generated within Mexico, which flows impact the surface waters, health, and safety of the United States and Mexico.

(7) MGD.—The term ''mgd'' means million gallons per day.

SEC. 1004. ACTIONS TO BE TAKEN BY THE COMMISSION AND THE ADMINISTRATOR.

(a) SECONDARY TREATMENT.—

(1) IN GENERAL.—Subject to the negotiation and conclusion of a new Treaty Minute or the amendment of Treaty Minute 283 under section 1005 of this Act, and notwithstanding section 510(b)(2) of the Water Quality Act of 1987 (101 Stat. 81), the Commission is authorized and directed to provide for the secondary treatment of a total of not more than 50 mgd in Mexico—

(A) of effluent from the IWTP if such treatment is not provided for at a facility in the United States; and

(B) of additional sewage emanating from the Tijuana River area, Mexico.

(2) ADDITIONAL AUTHORITY.—Subject to the results of the comprehensive plan developed under subsection (b) revealing a need for additional secondary treatment capacity in the San Diego-Tijuana border region and recommending the provision of such capacity in Mexico, the Commission may provide not more than an additional 25 mgd of secondary treatment capacity in Mexico for treatment described in paragraph (1).

(b) COMPREHENSIVE PLAN.—Not later than 24 months after the date of the enactment of this Act, the Administrator shall develop a comprehensive plan with stakeholder involvement to address the transborder sanitation problems in the San Diego-Tijuana border region. The plan shall include, at a minimum—

(1) an analysis of the long-term secondary treatment needs of the region;

(2) an analysis of upgrades in the sewage collection system serving the Tijuana area, Mexico; and

(3) an identification of options, and recommendations for preferred options, for additional sewage treatment capacity for future flows emanating from the Tijuana River area, Mexico.

(c) CONTRACT.—

(1) IN GENERAL.—Subject to the availability of appropriations to carry out this subsection and notwithstanding any provision of Federal procurement law, upon conclusion of a new Treaty Minute or the amendment of Treaty Minute 283 under section 5, the Commission may enter into a fee-for-services contract with the owner of a Mexican facility in order to carry out the secondary treatment requirements of subsection (a) and make payments under such contract.

(2) TERMS.—Any contract under this subsection shall provide, at a minimum, for the following:

(A) Transportation of the advanced primary effluent from the IWTP to the Mexican facility for secondary treatment.

(B) Treatment of the advanced primary effluent from the IWTP to the secondary treatment level in compliance with water quality laws of the United States, California, and Mexico.

(C) Return conveyance from the Mexican facility of any such treated effluent that cannot be reused in either Mexico or the United States to the South Bay Ocean Outfall for discharge into the Pacific Ocean in compliance with water quality laws of the United States and California.

(D) Subject to the requirements of subsection (a), additional sewage treatment capacity that provides for advanced primary and secondary treatment of sewage described in subsection (a)(1)(B) in addition to the capacity required to treat the advanced primary effluent from the IWTP.

(E) A contract term of 30 years.

(F) Arrangements for monitoring, verification, and enforcement of compliance with United States, California, and Mexican water quality standards.

(G) Arrangements for the disposal and use of sludge, produced from the IWTP and the Mexican facility, at a location or locations in Mexico.

(H) Payment of fees by the Commission to the owner of the Mexican facility for sewage treatment services with the annual amount payable to reflect all agreed upon costs associated with the development, financing, construction, operation, and maintenance of the Mexican facility.

(I) Provision for the transfer of ownership of the Mexican facility to the United States, and provision for a cancellation fee by the United States to the owner of the Mexican facility, if the Commission fails to perform its obligations under the contract. The cancellation fee shall be in amounts declining over the term of the contract anticipated to be sufficient to repay construction debt and other amounts due to the owner that remain unamortized due to early termination of the contract.

(J) Provision for the transfer of ownership of the Mexican facility to the United States, without a cancellation fee, if the owner of the Mexican facility fails to perform the obligations of the owner under the contract.

(K) To the extent practicable, the use of competitive procedures by the owner of the Mexican facility in the procurement of property or services for the engineering, construction, and operation and maintenance of the Mexican facility.

(L) An opportunity for the Commission to review and approve the selection of contractors providing engineering, construction, and operation and maintenance for the Mexican facility.

(M) The maintenance by the owner of the Mexican facility of all records (including books, documents, papers, reports, and other materials) necessary to demonstrate compliance with the terms of this Act and the contract.

(N) Access by the Inspector General of the Department of State or the designee of the Inspector General for audit and examination of all records maintained pursuant to subparagraph (M) to facilitate the monitoring and evaluation required under subsection (d).

(3) LIMITATION.—The Contract Disputes Act of 1978 (41 U.S.C. 601–613) shall not apply to a contract executed under this section.

(d) IMPLEMENTATION.—

(1) IN GENERAL.—The Inspector General of the Department of State shall monitor the implementation of any contract entered into under this section and evaluate the extent to which the owner of the Mexican facility has met the terms of this section and fulfilled the terms of the contract.

(2) REPORT.—The Inspector General shall transmit to Congress a report containing the evaluation under paragraph (1) not later than 2 years after the execution of any contract with the owner of the Mexican facility under this section, 3 years thereafter, and periodically after the second report under this paragraph.

SEC. 1005. NEGOTIATION OF NEW TREATY MINUTE.

(a) CONGRESSIONAL STATEMENT.—In light of the existing threat to the environment and to public health and safety within the United States as a result of the river and ocean pollution in the San Diego-Tijuana border region, the Secretary is requested to give the highest priority to the negotiation and execution of a new Treaty Minute, or a modification of Treaty Minute 283, consistent with the provisions of this title, in order that the other provisions of this title to address such pollution may be implemented as soon as possible.

(b) NEGOTIATION.—

(1) INITIATION.—The Secretary is requested to initiate negotiations with Mexico, within 60 days after the date of the enactment of this Act, for a new Treaty Minute or a modification of Treaty Minute 283 consistent with the provisions of this title.

(2) IMPLEMENTATION.—Implementation of a new Treaty Minute or of a modification of Treaty Minute 283 under this title shall be subject to the provisions of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

(3) MATTERS TO BE ADDRESSED.—A new Treaty Minute or a modification of Treaty Minute 283 under paragraph (1) should address, at a minimum, the following:

(A) The siting of treatment facilities in Mexico and in the United States.

(B) Provision for the secondary treatment of effluent from the IWTP at a Mexican facility if such treatment is not provided for at a facility in the United States.

(C) Provision for additional capacity for advanced primary and secondary treatment of additional sewage emanating from the Tijuana River area, Mexico, in addition to the treatment capacity for the advanced primary effluent from the IWTP at the Mexican facility.

(D) Provision for any and all approvals from Mexican authorities necessary to facilitate water quality verification and enforcement at the Mexican facility.

(E) Any terms and conditions considered necessary to allow for use in the United States of treated effluent from the Mexican facility, if there is reclaimed water which is surplus to the needs of users in Mexico and such use is consistent with applicable United States and California law.

(F) Any other terms and conditions considered necessary by the Secretary in order to implement the provisions of this title.

SEC. 1006. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as may be necessary to carry out this title.

Mr. MACK. Mr. President, I ask unanimous consent that the Senate disagree with the amendment of the House, agree to the request for a conference, and the Chair be authorized to appoint conferees on the part of the Senate.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Presiding Officer (Mr. BENNETT) appointed Mr. SMITH of New Hampshire, Mr. WARNER, Mr. CRAPO, Mr. BAUCUS, and Mrs. BOXER conferees on the part of the Senate.

MEASURE READ THE FIRST TIME—S. 3165

Mr. MACK. Mr. President, I understand S. 3165 is at the desk, and I ask for its first reading.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 3165) to amend the Social Security Act to make corrections and refinements in the Medicare, Medicaid, and SCHIP health insurance programs, and for other purposes.

Mr. MACK. I now ask for its second reading, and I object to my own request.

The PRESIDING OFFICER. Objection is heard.

MEASURE READ THE FIRST TIME—S. 3173

Mr. MACK. Mr. President, I understand S. 3173 is at the desk, and I ask for its first reading.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 3173) to improve the implementation of the environmental streamlining provisions of the Transportation Equity Act for the 21st Century.

Mr. MACK. I now ask for its second reading, and I object to my own request.

The PRESIDING OFFICER. Objection is heard.

MEASURE READ THE FIRST TIME—H.R. 4292

Mr. MACK. Mr. President, I understand that H.R. 4292 is at the desk, and I ask for its first reading.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 4292) to protect infants who are born alive.

Mr. MACK. I now ask for its second reading, and I object to my own request.

The PRESIDING OFFICER. Objection is heard.

TECHNOLOGY TRANSFER COMMERCIALIZATION ACT OF 1999

Mr. MACK. Mr. President, I ask unanimous consent that the Commerce Committee be discharged from further consideration of H.R. 209 and the Senate then proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 209) to improve the ability of Federal agencies to license federally-owned inventions.

There being no objection, the Senate proceeded to consider the bill.

AMENDMENT NO. 4300

Mr. MACK. Mr. President, Senators EDWARDS, SHELBY, and SESSIONS have an amendment at the desk.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The Senator from Florida (Mr. MACK) for Mr. EDWARDS, Mr. SHELBY, and Mr. SESSIONS, proposes an amendment numbered 4300.

The amendment is as follows:

At the appropriate place, insert the following:

SEC. . TECHNOLOGY PARTNERSHIPS OMBUDSMAN.

(a) APPOINTMENT OF OMBUDSMAN.—The Secretary of Energy shall direct the director of each national laboratory of the Department of Energy, and may direct the director of each facility under the jurisdiction of the Department of Energy, to appoint a technology partnership ombudsman to hear and help resolve complaints from outside organizations regarding the policies and actions of each such laboratory or facility with respect to technology partnerships (including cooperative research and development agreements), patents, and technology licensing.

(b) QUALIFICATIONS.—An ombudsman appointed under subsection (a) shall be a senior official of the national laboratory or facility who is not involved in day-to-day technology partnerships, patents, or technology licensing, or, if appointed from outside the laboratory of facility, function as such a senior official.

(c) DUTIES.—Each ombudsman appointed under subsection (a) shall—

(1) serve as the focal point for assisting the public and industry in resolving complaints and disputes with the national laboratory or facility regarding technology partnerships, patents, and technology licensing;

(2) promote the use of collaborative alternative dispute resolution technique such as mediation to facilitate the speedy and low-cost resolution of complaints and disputes, when appropriate; and

(3) report quarterly on the number and nature of complaints and disputes raised, along with the ombudsman's assessment of their resolution, consistent with the protection of confidential and sensitive information, to—

(A) the Secretary;

(B) the Administrator for Nuclear Security;

(C) the Director of the Office of Dispute Resolution of the Department of Energy; and

(D) the employees of the Department responsible for the administration of the contract for the operation of each national laboratory or facility that is a subject of the report, for consideration in the administration and review of that contract.

Mr. ROCKEFELLER. Senator EDWARDS' amendment establishes a Technology Partnership Ombudsman at Department of Energy's National Laboratories. It is my understanding that the Ombudsman should promote the use of collaborative alternative dispute resolution techniques such as mediation to facilitate the speedy and low-cost resolution of complaints and disputes with industry partners. To ensure fairness and objectivity, however, it would be the Senator's intent that nothing in this Section be interpreted to empower the Ombudsman to act as a mediator or an arbitrator in the process.

Mr. EDWARDS. The Senator's understanding is correct. That is our intention.

Mr. MACK. Mr. President, I ask unanimous consent that the amendment be agreed to, the bill be read a third time and passed, as amended, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 4300) was agreed to.

The bill (H.R. 209), as amended, was passed.

TRAFFICKING VICTIMS PROTECTION AND VIOLENCE AGAINST WOMEN

Mr. BROWNBACK. Mr. President, I want to speak for a few minutes on a conference report, a bill we have been working on all year, including a couple of other provisions that have now been added. We are ready to move forward with it. That is what the vote will address tomorrow.

I have put forward this bill on sex trafficking with Senator WELLSTONE. He and I don't get together on too many bills, so when we do, it is a bit noteworthy. We come from different perspectives, different viewpoints. I think we both have good hearts but our heads take us in different directions. But on this subject of stopping sex trafficking, we don't disagree. We have worked together all year to get this bill through which challenges this practice known as sex trafficking.

Throughout the world, globalization has a dark side. We are seeing increasing numbers of young women, even girls, being trafficked from poorer countries to richer countries into the prostitution business. They have been tricked, forced, coerced and defrauded into working as prostitutes against their will. There are about 700,000 women and girls, according to our Government's estimates, being moved each year from poorer countries to richer countries into the prostitution business. Our Government estimates that approximately 50,000 women and children are trafficked annually into the United States, primarily from Asia and Central America.

This is clearly a terrible practice. Many of these are young girls who are

tricked and deceived into forced prostitution believe they are going to a different country for another purpose. For example, those trafficked to the United States are promised a job as a dish washer, or a factory worker. Something that pays better than the job opportunities available in their own, typically poorer, countries. However, once the victims get here, there is no decent job waiting for them. Instead, the trafficker will take their papers and passport so that they have no legal identification. Then they are given false papers, if any. This begins to prepare them for their new life of forced prostitution, making it very difficult to track down and rescue the young woman or girl who has been trapped. There is a point very early in this process where the trafficker says something like the following to his victim, ''You are mine and you will do what I say. You will work in this brothel as a prostitute and you have no choice.'' At this point, she had become a slave in one of the most degrading fashions imaginable.

Senator WELLSTONE and I heard testimony to this effect. We have had two hearings in the Foreign Relations Committee on this subject of trafficking. At both hearings, we had victims testify to such experiences. At one hearing, we had three women who had been trafficked—all had been tricked into traveling to another country believing a good job was waiting on the other side, and once they got there, they were forced into prostitution. This is what they were subjected to. One young woman said that once she was moved into the United States, she was subjected to 30 clients a day, six days a week. If she refused, she was beaten without mercy. It is a dark, dark business.

In January of this year I was in Nepal. I met with a number of girls who had returned from India, where they were forced to work in the brothels in Bombay. These were young girls, frequently from villages, not particularly knowledgeable in the ways of the world. They were young and very innocent when the trafficker had taken them away. The trafficker had told one girl's parents, ''I can get her a job in a rug factory in Bombay.'' The family was poor, they needed income, and they believed him. So they agreed, and gave their daughter away to the trader who forced her into prostitution against her will. And she had no choice.

I met girls who had been trafficked at age 11, 12, and 13. The girls I saw in Nepal, in Katmandu, had returned from this devastating life. Some had escaped by running away, though many cannot since they are in chains or are locked away. Others were thrown out by the brothel because they had contracted AIDS or TB. When they returned at the age of 16, 17, or 18, two-thirds of them had AIDS and were waiting to die, having no proper medicine.

As I stood there with the woman who runs this place of restoration for these young women, she pointed around the room whispering: She is dying, she is dying, she is dying. These were girls of 17 years old, 16 years old, or younger. They were people who had had their youth stolen from them, were deceived or forced into this practice, and then, finally, received a death sentence of AIDS. I saw that. I talked with these survivors of trafficking. Once you see that, you know you have to try to help to stop this. This is wrong, and this terrible practice is increasing. It is happening to 700,000 women and children, girls, each year worldwide.

PAUL WELLSTONE and I worked very hard together. We have a bill that has gone through the Senate by unanimous consent which is the most comprehensive bill to combat this practice of sex trafficking. Among other provisions, this bill substantially increases the penalty for trafficking, while protecting those victims who have been forced into this awful practice. Presently, the victims of trafficking are treated almost as badly as their enslaver, but this bill changes that. Instead, this bill promotes the cooperation of the victims to testify against those who have forced them into trafficking. This will help to bust open the trafficking rings, which we are going very little of these day. It also promotes awareness programs so that people can protect their children and themselves from being tricked into forced prostitution.

I support the increasing globalization of the trade community, but we also have to recognize the problems associated with globalization. Trafficking may be among the worst of those problems. The United States can be a leader in starting to combat this practice, thus giving back to young girls all over the world their childhood instead of a death sentence.

Associated with this trafficking bill is a bill that Senator BIDEN has worked very aggressively on, the Violence Against Women Act. This is a reauthorization of that bill. These two bills are being paired, along with other measures. Senator BIDEN has spoken passionately and frequently on the need to deal with domestic violence in the United States, a very dark and pervasive tragedy in America.

It recently passed in the House of Representatives as a stand alone bill, with only 3 dissenting votes. It is up for reauthorization. VAWA will help those women who are suffering from some form of domestic violence. It is a good piece of legislation and these two bills belong together.

Also associated with this bill is an Internet Alcohol provision, as well as a provision dealing with terrorism, put forward by Senator MACK. It is noncontroversial. Also, in includes a bill entitled, Amy's Law, sponsored by Congressman SALMON in the House, and by Senator SANTORUM here in the Senate. It ultimately promotes tougher prison sentences for people who have been convicted of sex crimes such as rape.

In summary, the two lead bills in this package separately address sex trafficking and violence against women and children. I plead with my colleagues to vote for this package. It will be up tomorrow morning. This package challenges brutal practices suffered by some of the most defenseless and battered in our society and worldwide. It will assist people in some of the most violent and crushing situations, both here and abroad. It will help so many.

I plead with my colleagues in these last hours when people can put up roadblocks to bills. I plead with my colleagues to say that they will not block this bill which will help so many people who are brutalized, including by sex trafficking. I plead with my colleagues, let's move this package on through. This will clear through the House by a large vote. It is something we can do for the women and children in this country as well as worldwide. It is a sensible package. It has been worked out by both sides of the political spectrum, through both parties. So, please, let's do this.

This is something we can all be very proud of passing as we go home. We can proudly say that we tried to do something, as we read increasing stories of forced sex trafficking worldwide. We can say we didn't look away by passing this bill.

Everybody is not going to like everything in these bills. But these two lead issues are so critical and important, and time is so short for us to get these through. Let's not wait until next session as increasingly more and more girls are being tricked into this practice of forced sex trafficking.

The United States can step up awareness and advocacy, and as we do, governments around the world will do the same. The U.S. has to speak first, however, and this is the bill to do the speaking. Let's do it now.

As we vote on this tomorrow morning, I ask my colleagues to vote yes on these very important pieces of legislation to help children, to help women. These are vital pieces of legislation of which we can all be proud.

Mr. President, I understand there may be some more items, so I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. BROWNBACK. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

MAKING TECHNICAL CORRECTIONS TO TITLE X OF THE ENERGY POLICY ACT OF 1992

Mr. BROWNBACK. Mr. President, I ask unanimous consent the Senate now proceed to the consideration of H.R. 2641, which is at the desk.

The PRESIDING OFFICER. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (H.R. 2641) to make technical corrections to title X of the Energy Policy Act of 1992.

Without objection, the Senate proceeded to consider the bill.

Mr. BROWNBACK. I ask unanimous consent the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 2641) was read the third time and passed.

RYAN WHITE CARE ACT AMENDMENTS OF 2000

Mr. BROWNBACK. Mr. President, I ask unanimous consent the Chair lay before the Senate a message from the House of Representatives to accompany S. 2311.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

Resolved, That the bill from the Senate (S. 2311) entitled ''An Act to revise and extend the Ryan White CARE Act programs under title XXVI of the Public Health Service Act, to improve access to health care and the quality of care under such programs, and to provide for the development of increased capacity to provide health care and related support services to individuals and families with HIV disease, and for other purposes'', do pass with amendments.

Mr. BROWNBACK. I ask unanimous consent the Senate agree to the amendments of the House of Representatives.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. JEFFORDS. Mr. President, it gives me great pleasure that the Senate is moving to pass the Ryan White Comprehensive AIDS Resources and Emergency Act Amendments of 2000, a measure that will reauthorize a national program providing primary health care services to people living with HIV and AIDS. I especially want to commend Senators HATCH and KENNEDY for the leadership they have provided since the inauguration of the legislation establishing the Ryan White programs over a decade ago. I also want to commend Senator FRIST whose medical expertise played a critical role in key provisions of the bill and continues to be an invaluable resource to our efforts on the range of health issues that come before the Senate. I want to recognize Senator DODD for his unwavering support for this legislation and people living with HIV and AIDS. Finally, I want to acknowledge Senator ENZI's recognition of the growing burden that AIDS and HIV have placed on rural communities throughout the country and the need to address those gaps in services.

It is also important that we recognize the dedicated efforts of our colleagues in the House of Representatives. Chairman BLILEY supported this bill through its passage and provided critical guidance through the negotiations. Representatives BILIRAKIS, COBURN, and WAXMAN have demonstrated time and time again their commitment to people living with AIDS and each has worked diligently to find a compromise to ensure the continued services for people with HIV/AIDS. Representatives BROWN and DINGELL have also played important roles in shepherding this bill through the legislative process.

Since its inception in 1990, the Ryan White program has enjoyed broad bipartisan support. During the last reauthorization of the Ryan White CARE Act in 1996, the measure garnered a vote of 97 to 3 on its final passage. As evidence that strong bipartisan support continues, I am happy to report that this reauthorization bill was passed unanimously by this Chamber in June of this year. The bipartisan support for this important legislation underlines the critical need for the assistance this Act provides across the Nation.

With this reauthorization, we mark the ten years through which the Ryan White CARE Act has provided needed health care and support services to HIV positive people around the country. Titles I and II have provided much needed relief to cities and states hardest hit by this disease, while Titles III and IV have had a direct role in providing healthcare services to underserved communities. Ryan White program dollars provide the foundation of care so necessary in fighting this epidemic and have allowed States and communities around the country to successfully address the needs of people affected by HIV disease.

In recent months a number General Accounting Office studies have shown that the CARE Act is providing services and support to people with HIV who are most in need and most deserving of our help. The GAO found that CARE Act funds are reaching the infected groups that have typically been underserved, including the poor, the uninsured, women, and ethnic minorities. These groups form a majority of CARE Act clients and are being served by the CARE Act in higher proportions than their representation in the AIDS population. The GAO also found that CARE Act funds support a wide array of primary care and support services, including the provision of powerful therapeutic regimens for people with HIV/AIDS that have dramatically reduced AIDS diagnoses and deaths.

Previous efforts to improve this legislation have led to incredible reductions in the number of HIV infected babies being born each year and, equally important, to increased outreach, counseling, voluntary testing, and treatment services being provided to women with HIV infection. Between 1993 and 1998, perinatal-acquired AIDS cases declined 74 percent in the U.S. In this bill, I have continued to support efforts to reach women in need of care for their HIV disease and have included provisions to ensure that women, infants and children receive resources in accordance with the prevalence of the infection among them.

The AIDS Drug Assistance Program has been another critical success. This program has provided people with HIV and AIDS access to newly developed, highly effective therapeutics. Because of these drugs, people are maintaining their health and living longer. The AIDS death rate and the number of new AIDS cases have been dramatically reduced. From 1996 to 1998, deaths from AIDS dropped 54 percent while new AIDS cases have been reduced by 27 percent. In this reauthorization bill we have improved access for underserved and poor communities and increased support for services that help maximize the impact of these therapies.

Despite our great success, the Ryan White program remains as vital to the public health of this Nation as it was in 1990 and in 1996. While the rate of decline in new AIDS cases and deaths is leveling off, HIV infection rates continue to rise in many areas; becoming increasingly prevalent in rural and underserved urban areas; and also among women, youth, and minority communities. Local and state healthcare systems face an increasing burden of disease, despite our success in treating and caring for people living with HIV and AIDS. Rural and underserved urban areas are often unable to address the complex medical and support services needs of people with HIV infection. As the AIDS epidemic continues to expand into these areas across the country, this legislation will allow us to adapt our care systems to meet the most urgent needs in the communities hardest hit by the epidemic.

The bill being considered today was developed on a bipartisan basis, working with other Committee Members, community stakeholders and elected officials at the state and local levels from whom we sought input to ensure that we addressed the most important problems facing communities of people with HIV infection. Finally we have worked closely with our colleagues in the House of Representatives to produce this agreement. This morning, our colleagues in the House of Representatives unanimously passed this

legislation that we have before us. The agreements we have reached with our House colleagues have been fully explained in an Statement of Explanation and I would like unanimous consent that this document be printed as part of the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

(See exhibit 1.)

This bill will double the minimum base funding available to states through the CARE Act to assist them in developing systems of care for people struggling with HIV and AIDS. The bill also includes a new supplemental state grant to target assistance to small and mid-sized metropolitan areas to help them address the increasing number of people with HIV/AIDS living outside of urban areas that receive assistance under Title I of the Act. Rural and underserved areas receive a preference for planning, early intervention, and capacity development grants under title III. In order to assist states in expanding access to appropriate HIV/AIDS therapeutics to low-income people with HIV/AIDS, a supplemental grant has been added to the AIDS Drug Assistance Program.

The bill remains primarily a system of grants to State and local jurisdictions, thereby ensuring that grantees can respond to local needs. States, EMAs, and the affected communities will still decide how to best prioritize and address the healthcare needs of their HIV-positive citizens. This bill reinforces the ability of States and EMAs to identify and meet local needs.

Finally, in recognition of the changing nature of the epidemic, I have asked the Institute of Medicine to complete a study of the financing and delivery of primary care and support services for low income, uninsured, and under-insured individuals with HIV disease, within 21 months after the enactment of this Act. Changes in HIV surveillance and case reporting, and the effects of these changes on program funding, will be included in this study. The recommendations from this study will help Congress and the Secretary of Health and Human Services to ensure the most effective and efficient use of Federal funds for HIV and AIDS care and support.

I am proud that this bill has progressed through the Congress and that we will see this bill become law this year. The people struggling to overcome the challenges of HIV and AIDS must continue to benefit from high quality medical care and access to life-saving drugs. We have made incredible progress in the fight against HIV/AIDS and I want to ensure that every person in America in need of assistance benefits from our tremendous advances.

Many groups and individuals have contributed significantly to crafting this bill, but I want to acknowledge those at the Health Resources and Services Administration. All of the groups united under the umbrella of the National Organizations Responding to AIDS (NORA) deserve recognition. Representing a diverse community of people with AIDS, CARE Act service providers, and administrative agencies, NORA clearly and effectively communicated to Congress the needs and priorities of their constituents.

I also want to thank several staff members who have worked long and hard to craft this bill and to address the concerns and needs of the affected communities. Stephanie Robinson and Idalia Sanchez, for Senator KENNEDY, were key to reaching agreement on this bill and have provided invaluable assistance and support throughout the development of this legislation. Dave Larson and Mary Sumpter Johnson, of Senator FRIST's office, for their support for the needs of rural and underserved communities throughout the nation. Similarly, Jeannie Ireland with Senator DODD's office, Helen Rhee, working for Senator DEWINE, Libby Rolfe, for Mr. SESSIONS, and Raissa Geary and Mary Jordan in Senator ENZI's office, provided valuable input. Without the efforts of these staff members, we would not have such a strong, well-balanced, and targeted reauthorization bill before us today. I want to also express my gratitude and thanks to Bill Baird, Legislative Counsel, who worked tirelessly to craft legislative language. Finally, I want to acknowledge the contributions of Sean Donohue and William Oscar Fleming of my staff who guidance of this effort from the beginning has resulted in a bill that enjoys broad bipartisan support and which most importantly meets the pressing needs of people with HIV and AIDS.

EXHIBIT 1

RYAN WHITE CARE ACT AMENDMENTS OF 2000—MANAGERS' STATEMENT OF EXPLANATION

The Ryan White CARE Act Amendments of 2000 reauthorize Title XXVI of the Public Health Service Act to ensure that individuals living with HIV and AIDS receive health care and related support services. The legislation contains authorization for appropriations and programmatic changes to ensure the CARE Act programs respond to evolving demographic trends in the HIV/AIDS epidemic and advances in treatment and care.

In March, 1990, Congress enacted the Ryan White CARE Act, honoring Ryan White, a young man who taught the Nation to respond to the HIV/AIDS epidemic with hope and action rather than fear. By the spring of 1990, over 128,000 people had been diagnosed with AIDS in the United States and 78,000 had died of the disease. The CARE Act was reauthorized in 1996, as the epidemic spread to more than 600,000 Americans diagnosed with AIDS and amidst the nationwide recognition that CARE Act programs were indispensable to the care and treatment of Americans with HIV/AIDS.

The CARE Act Amendments of 2000 marks the second reauthorization of the CARE Act. In the last twenty years, the HIV/AIDS epidemic has claimed over 420,000 American men, women, and children. Today, the Centers for Disease Control and Prevention estimates that there are currently between 800,000 and 900,000 persons living with HIV in the United States, with 40,000 new infections annually.

While there is still no cure, the CARE Act has been instrumental in responding to the public health, social and economic burdens of the HIV/AIDS epidemic. However, the steady expansion and changed demographics of the epidemic, as well as the improved survival time for people living with AIDS, are placing increasing stress on State and local health care systems, community based organizations and families providing care. Most importantly, the epidemic is expanding beyond major cities to smaller cities and rural regions, and disproportionately affecting women, communities of color, children and youth.

The Ryan White CARE Act Amendments of 2000 preserves the best and proven features of existing CARE Act programs. But the CARE Act Amendments of 2000 also makes important and substantial reforms to respond to the significant changes in the HIV/AIDS epidemic of the last 5 years.

The Organization of Services Under the CARE Act Amendments of 2000 is as follows:

Title I. Emergency Relief for Areas with Substantial Need for Services: Provides emergency relief grants to 51 eligible metropolitan areas (EMAs) disproportionately affected by the HIV epidemic to provide primary care and HIV-related support services to people with HIV and AIDS. Half of the Title I funding is distributed by formula; the remaining half is distributed competitively, based on the demonstration of severity of need and other criteria.

Planning Council membership has been revised to include HIV prevention providers, homeless and housing service providers, and representatives of prisoners. A third of Planning Council members must be individuals with HIV/AIDS receiving care who are not officers, employees or consultants to Title I grantees.

Title II. CARE Grant Program: Provides formula grants to States, District of Columbia, Puerto Rico and U.S. Territories to improve the quality of health care and support services for individuals with HIV disease and their families. The funds are used: to provide medical support services, to continue health insurance payments, to provide home care services, and, through the AIDS Drug Assistance Programs (ADAP), to provide medications necessary for the care of these individuals. Supplemental formula grants are awarded to States with ''emerging communities'' which are ineligible for grants under Title I.

Subtitle B provides discretionary grants to States for the reduction of perinatal transmission of HIV, and for HIV counseling, testing, and outreach to pregnant women. Subtitle C provides discretionary grants to States for partner notification, counseling and referral services.

Title III. Early Intervention Services: Funds nonprofit entitles providing primary care and outpatient early intervention services, including case management, counseling, testing, referrals, and clinical and diagnostic services to individuals diagnosed with HIV. The unfunded program of State formula grants in current law is repealed.

Title IV. Other Programs and Activities: Provides grants for comprehensive services to children, youth, and women living with HIV and their families. Such services include primary, specialty and psychosocial care, as

well as HIV outreach and prevention activities. Grantees must demonstrate linkages to, and provide clients with access and education on, HIV/AIDS clinical research.

Title IV newly authorizes the AIDS Education and Training Centers (AETC), a network of 14 regional centers conducting clinical HIV education and training of health providers, to provide prenatal and gynecological care. The HIV/AIDS Dental Reimbursement program, covering uncompensated oral health care for patients with HIV/AIDS, is expanded to provide community-based care in underserved areas.

Under Subtitle B, general provisions authorize CDC data collection of CARE Act planning and evaluation, enhanced interagency coordination of HIV services and prevention, development of a plan for the case management of prisoners with HIV, and administrative provisions related to audits, and a plan for simplification of CARE Act grant disbursements.

Title V. General Provisions: Authorizes Institute of Medicine (IOM) studies and expansion of Federal support for the development of rapid HIV tests. Makes necessary and technical corrections in Title XXVI of the Public Health Service Act.

A summary of selected provisions is as follows:

Use of HIV Case Data in Formula Grants: In order to target funding more accurately to reflect the HIV/AIDS epidemic, the Managers have revised and updated the Title I and Title II formulas to make use of data on cases of HIV infection as well as of AIDS. In Fiscal Year (FY) 2005, HIV and AIDS case data is intended to be used in the Title I and Title II formulas.

However, no later than July 1, 2004, the Secretary shall determine whether HIV case data, as reported to and confirmed by the Director of CDC, is sufficiently accurate and reliable from all eligible areas and States for such use in the formula. The Secretary shall also consider the findings of the Institute of Medicine (IOM) study undertaken under section 501(b).

If the Secretary makes an adverse determination regarding HIV case data, the Managers intend that only AIDS case data will be used in FY2005 formula allocations. The Secretary shall also provide grants and technical assistance to States and eligible areas to ensure that accurate and reliable HIV case data is available no later than FY2007.

Planning and priority setting: The Managers have strengthened the capacity of EMAs and States to plan, prioritize, and allocate funds, based on the size and demographic characteristics of the populations with HIV disease in the eligible area. Planning, priority setting, and funding allocation processes must take into account the demographics of the local HIV/AIDS epidemic, existing disparities in access HIV-related health care, and resulting adverse health outcomes. It is the intent of the Managers that CARE Act dollars more closely follow the shifting trends in the local epidemic and address disparities in health care access and health outcomes as well as the need for capacity development within the local and State HIV health care infrastructures.

The Managers intend both EMAs and States to develop strategies to bring into and retain in care those individuals who are aware of their HIV status but are not receiving services. As part of this process, the Managers place the highest priority on EMAs and States focusing on eliminating disparities in access and services among affected subpopulations and historically underserved communities. The Managers recognize, however, that the relative availability or lack of HIV prevalence data will be reflected in the scope, goals, timetable and allocation of funds for implementation of the strategy.

The Managers also expect the Secretary to collaborate with Titles I and II grant recipients and providers to develop epidemiologic measures and tools for use in identifying persons with HIV infection who know their HIV status but are not in care. The Managers recognize the difficulty the EMAs and States may experience in identifying persons with HIV infection who are not in care and who may be unknown to any health or social support system. The efforts on the part of EMAs and States to accomplish these important tasks, however, should not be delayed until this process is complete. Instead, the Managers expect Titles I and II grant recipients to establish and implement strategies responsive to these urgent needs before the development of nationally uniform measures, to the extent that is practicable and to which necessary prevalence data is reasonably available.

The Managers have also authorized outreach activities in Titles I and II intended to identify individuals with HIV disease know their HIV status but are not receiving services. The intent is to ensure that EMAs and States understand that outreach activities which are consistent with early intervention services and necessary to implement the aforementioned strategies, are appropriate uses of Titles I and II funds. It is not the Managers' intent that such activities supplant or otherwise duplicate activities such as case finding, surveillance and social marketing campaigns currently funded and administered by the Centers for Disease Control and Prevention (CDC). Instead, this authorization reflects the urgency of increasing the coordination between HIV prevention and HIV care and treatment services in all CARE Act programs.

Hold harmless provisions: The hold-harmless provisions are intended to minimize loss and stabilize systems of care in EMAs and States, while assuring that funds are allocated in Titles I and II to reflect the current distribution and epidemiology of the epidemic.

The Managers have revised the Title I hold harmless to limit a potential loss in an EMA's formula allocation to a small percentage of the amount allocated to the eligible area in the previous (or base) year. An EMA may lose no more than 15 percent of its base formula allocation over five years, beginning with 2 percent in the first year and increasing in subsequent years. If the Secretary determines that data on HIV prevalence are accurate and reliable for use in determining Title I formula grants for Fiscal Year 2005, all EMAs may lose no more than 2 percent of their Fiscal Year 2004 formula allocation in that year.

Should an EMA experience a decline in its Title I formula allocation followed by an intervening year in which there is no decline, its losses in any subsequent, nonconsecutive year of decline would once again be limited to 2 percent (i.e., the intervening year ''resets the clock'').

The Managers intend to ensure that essential primary care and support services are not compromised by short-term fluctuations in AIDS case counts. Because no new EMA is expected by HRSA's Bureau of HIV/AIDS to require the hold harmless in the first three or four years of this reauthorization period, the Managers expect this policy will shield all eligible areas, save those currently requiring the hold harmless, from any meaningful loss in Title I formula funding.

Under the Title II holds harmless, a State or territory may lose no more than 1 percent from the previous fiscal year amounts, or 5 percent over the 5-year reauthorization period. This protection extends to base Title II funding (which excludes funds for AIDS Drug Assistance Programs (ADAP)), as well as to overall Title II funding.

Women, child, infants, and youth set-aside: The Managers are aware of the rising incidence of HIV among youth and women, particularly women of color, and recognize the challenges in assuring them access to primary care and support services for HIV and AIDS. The Managers intend to increase the availability of primary care and health-related supportive services under Title I and Title II for each of the four groups described in the set-aside. Youth are added as a new category within this set-aside. The Managers intend the term ''youth'' to include persons between the ages of 13 and 24, and ''children'' to include those under the age of 13, including infants.

The Managers clarify that the set-asides for women, infants, children, and youth with HIV disease be allocated proportionally, based on the percentage of the local HIV-infected population that each group represents. The Managers intend that the States and EMAs continue to make every effort to reach and serve women, infants, children, and youth living with HIV/AIDS by allocating sufficient resources under Titles I and II to serve each of these populations. The Managers also recognize that these priority populations often comprise a greater proportion of HIV cases rather than AIDS cases in a local area. This distinction should be taken into account where necessary prevalence data is reasonably available.

The Managers are aware that these populations may also have access to HIV care through other parts of Title XXVI, Medicaid, State Children's Health Insurance Program (SCHIP), and other Federal and State programs. Therefore, the requirement to proportionally allocate funds provided under Title II to each of these populations may be waived for States which reasonably demonstrate that these populations are receiving adequate care.

Capacity development: Titles I, II and III of this legislation provide a new focus on strengthening the capacity of minority communities and underserved areas where HIV/AIDS is having a disproportionate impact. Currently, many underserved urban and rural areas are not able to compete successfully for planning grants and early intervention service grants due to the lack of infrastructure and experience with the Ryan White CARE Act programs. This gap in services available is increasingly important, as the HIV and AIDS epidemic extends into rural communities. In addition to authorizing capacity development under Titles I and II, the Managers establish a preference for rural areas under Title III that will allow program administrators to target capacity development grants, planning grants, and the delivery of primary care services to rural communities with a growing need for HIV services. However, urban areas are not excluded from consideration for future grants nor is funding reduced to current grants in urban areas.

Quality management: The Managers recognize the importance of having CARE Act grantees ensure that quality services are provided to people with HIV and that quality

management activities are conducted on an ongoing basis. Quality management programs are intended to serve grantees in evaluating and improving the quality of primary care and health-related supportive services provided under this act. The quality management program should accomplish a threeford purpose: (1) assist direct service medical providers funded through the CARE Act in assuring that funded services adhere to established HIV clinical practices and Public Health Service (PHS) guidelines to the extent possible; (2) ensure that strategies for improvements to quality medical care include vital health-related supportive services in achieving appropriate access to and adherence with HIV medical care; and (3) ensure that available demographic, clinical, and health care utilization information is used to monitor the spectrum of HIV-related illnesses and trends in the local epidemic.

The Managers expect the Secretary to provide States with guidance and technical assistance for establishing quality management programs, including disseminating such models as have been developed by States and are already being utilized by Title II programs and in clinical practice environments. Furthermore, the Managers intend that the Secretary provide clarification and guidance regarding the distinction between use of CARE Act funds for such program expenditures that are covered as either planning and evaluation and funds for program support costs. It is not the Managers' intent to divert current program resources or to reassign current program support costs or clinical quality programs to new cost areas, if they are an integral part of a State's current quality management efforts.

Program support costs are described as any expenditure related to the provision of delivering or receiving health services supported by CARE Act funds. As applied to the clinical quality programs, these costs include, but are not limited to, activities such as chart review, peer-to-peer review activities, data collection to measure health indicators or outcomes, or other types of activities related to the development or implementation of a clinical quality improvement program. Planning and evaluation costs are related to the collection and analysis of system and process indicators for purposes of determining the impact and effectiveness of funded health-related support services in providing access to and support of individuals and communities within the health delivery system.

Early intervention services: The Managers authorize early intervention services as eligible services under Titles I and II under certain circumstances. The Managers intend to allow grantees to provide certain early intervention services, such as HIV counseling, testing, and referral services, to individuals at high risk for HIV infection, in accordance with State or EMA planning activities. The Managers recognize the range of organizations that may be eligible to provide early intervention services, including other grantees under titles I, II and III such as community based organizations (CBOs) that act as points of entry into the health care system for traditionally underserved and minority populations.

The Managers believe that referral relationships maintained by providers of early intervention services are essential to increasing the numbers of people with HIV/AIDS who are identified and to bringing them into care earlier in the progression of their disease.

Health-care related support services: The Managers wish to stress the importance of CARE Act funds in meeting the health care needs of persons and families with HIV disease. The Act requires support services provided through CARE Act funds to be health care related. States and EMAs should ensure that support services meet the objective of increasing access to health care and ongoing adherence with primary care needs. The Managers reaffirm the critical relationship between support service provision and positive health outcomes.

Title I planning council duties and membership: The Managers have amended numerous aspects of CARE Act programs to enhance the coordination between HIV prevention and HIV/AIDS care and treatment services. In this case, Planning Council membership of the providers of HIV prevention services will help assure this coordination. To improve representation of underserved communities, providers of services to homeless populations and representatives of formerly incarcerated individuals with HIV disease are included in planning council membership. It is the intent of the Managers that the needs of all communities affected by HIV/AIDS and all providers working within the service areas be represented. The Managers also intend the Planning Councils more adequately reflect the gender and racial demographics of the HIV/AIDS population within their respective EMAs.

The Managers also intend that patients and consumers of Title I services constitute a substantial proportion of Planning Council memberships. The prohibited of officers, employees and consultants is not intended to impede the participation of qualified, motivated volunteers with Title I grantees from serving on Planning Councils where they do not maintain significant financial relationships with such grantees. In contrast to such significant financial relationships, volunteers may be reimbursed reasonable incidental costs, including for training and transportation, which help to facilitate their important contribution to the Planning Councils.

To ensure that new Planning Council members are adequately prepared for full participation in meetings, the Managers direct the Secretary to ensure that proper training and guidance is provided to members of the Councils. The Managers also expect Planning Councils to provide assistance, such as transportation and childcare, to facilitate the participation of consumers, particularly those from affected subpopulations and historically underserved communities.

Consistent with the ''sunshine'' policies of the Federal Advisory Committee Act (FACA), all meetings of the Planning Councils shall be open to the public and be held after adequate notice to the public. Detailed minutes, records, reports, agenda, and other relevant documents should also be available to the public. The Managers intend for such documents to be available for inspection and copying at a single location, including posting on the Internet.

Title I supplemental: In order to target funding to areas in greatest need of assistance, severity of need is given a greater weight of 33 percent in the award of Title I supplemental grants. The Managers intend that Title I supplemental awards are not intended to be allocated on the basis of formula grant allocations. Instead, such supplemental awards are to be directed principally to those eligible areas with 'severe need,'' or the greatest or expanding public health challenges in confronting the epidemic. The Managers have included additional factors to be considered in the assessment of severe need, including the current prevalence of HIV/AIDS, and the degree of increasing and unmet needs for services. Additionally, the Managers believe that syphilis, hepatitis B and hepatitis C should be regarded as important co-morbidities to HIV/AIDS.

It is the Managers' strong view that HRSA's Bureau of HIV/AIDS should employ standard, quantitative measures to the maximum extent possible in lieu of narrative self-reporting when awarding supplemental awards. The Managers therefore renew the Bureau's obligation to develop in a timely manner a mechanism for determining severe need upon the basis of national, quantitative incidence data. In this regard, the Managers recognize that adequate and reliable data on HIV prevalence may not be uniformly available in all eligible areas on the date of enactment. It is noted, however, that ''HIV disease'' under the CARE Act encompasses both persons living with AIDS as well as persons diagnosed as HIV positive who have not developed AIDS.

Title II base minimum funding: The minimum Title II base award is increased in order to increase the funding available to States for the capacity development of health system programs and infrastructure. The Federated States of Micronesia and the Republic of Palau are included as entities eligible to receive Title II funds, in recognition of the need to establish a minimum level of funding to assist in building HIV infrastructure.

Title II public participation: The Managers urge States to strengthen public participation in the Ryan White Title II planning process. While the Managers do not intend that States be mandated to consult with all entities participating in the Title I planning process, reference to such entities is intended to provide guidance to the States that such entities are important constituencies which the States should endeavor to include in their planning processes. Moreover, States may demonstrate compliance with the new requirement of an enhanced process of public participation by providing evidence that existing mechanisms for consumer and community input provide for the participation of such entities. The intent is to allow States to utilize the optimal public advisory planning process, such as special planning bodies or standing advisory groups on HIV/AIDS, for their particular population and circumstances.

The Managers are also aware of the difficulties that some States with limited resources may encounter in convening public hearings over large geographic or rural areas and encourage the Secretary to work with these States to develop appropriate processes for public input, and to consider such limitations when enforcing these requirements.

Title II HIV care consortia: The Manager intend that the States continue to work with local consortia to ensure that they identify potential disparities in access to HIV care services at the local level, with a special emphasis on those experiencing disparities in access to care, historically underserved populations, and HIV infected persons not in care. However, the Managers do not intend that States and/or consortia be mandated to consult with all entities participating in the Title I planning process. Rather, reference to such entities is intended to provide guidance to the States that such entities are important constituencies which the States should endeavor to include in their planning processes.

Title II ''emerging communities'' supplement: There continues to be a growing need to address the geographic expansion of this epidemic, and this Act continues the efforts

made during the last reauthorization to direct resources and services to areas that are particularly underserved, including rural areas and metropolitan areas with significant AIDS cases that are not eligible for Title I funding. A supplemental formula grant program is created within Title II to meet HIV care and support needs in non-EMA areas. There are a large number of areas within States that do not meet the definition of a Title I EMA but that, nevertheless, experience significant numbers of people living with AIDS. This provision stipulates that these ''emerging communities,'' defined as cities with between 500 and 1,999 reported AIDS cases in the most recent 5-year period, be allocated 50 percent of new appropriations to address the growing need in these areas. Funding for this provision is triggered when the allocations to carry out Part B, excluding amounts allocated under section 2618(a)(2)(I), are $20,000,000 in excess of funds available for this part in fiscal year 2000, excluding amounts allocated under section 2618(a)(2)(I). States can apply for these supplemental awards by describing the severity of need and the manner in which funds are to be used.

The Managers intend to acknowledge the challenges faced by many areas with a significant burden of HIV and AIDS and a lack of health care infrastructure or resources to provide HIV care services. This supplemental program allows the Secretary to make grants to States to address HIV service needs in these underserved areas. The Managers understand the necessity to continue to support existing and expanding critical Title II base services.

AIDS Drug Assistance Program supplemental grant and expanded services: Under this Act, the AIDS Drug Assistance Program (ADAP) has been strengthened to assist States in a number of areas. The Secretary is authorized to reserve 3 percent of ADAP appropriations for discretionary supplemental ADAP grants which shall be awarded in accordance with severity of need criteria established by the Secretary. Such criteria shall account for existing eligibility standards, formulary composition and the number of patients with incomes at or below 200 percent of poverty. The Managers also encourage the Secretary to consider such factors as the State's ability to remove restrictions on eligibility based on current medical conditions or income restrictions and to provide HIV therapeutics consistent with PHS guidelines.

States are also required to match the Federal supplement at a rate of 1:4. The Managers expect the State to continue to maintain current levels of effort in its ADAP funding. The Managers intend that the 25 percent State match required to receive funds under this section be implemented in a flexible manner that recognizes the variations between Federal, State, and programmatic fiscal years.

In addition, up to 5 percent of ADAP funds will be allowed to support services that directly encourage, support, and enhance adherence with treatment regimens, including medical monitoring, as well as purchase health insurance plans where those plans provided fuller and more cost-effective coverage of AIDS therapies and other needed health care coverage. However, up to 10 percent of ADAP funds may be expended for such purposes if the State demonstrates that such services are essential and do not diminish access to therapeutics. Finally, the Managers recognize that existing Federal policy provides adequate guidelines to states for carrying out provisions under this section.

Partner notification, perinatal transmission, and counseling services: Discretionary grants are authorized under this Act for partner notification, counseling and referral services. The Managers have also expanded the existing grant program to States for the reduction of perinatal transmission of HIV, and for HIV counseling, testing, and outreach to pregnant woman. Funding for perinatal HIV transmission reduction activities is expanded, with additional grants available to States with newborn testing laws or States with significant reductions in perinatal HIV transmission. In addition, this Act further specifies information to be conveyed to individuals receiving HIV positive test results in order to reduce risk of HIV transmission through sex or needle-sharing practices.

Coordination of coverage and services: This Act also strengthens the requirements made on the States and EMAs in a number of areas aimed at improving the coordination of coverage and services. Grantees must access the availability of other funding sources, such as Medicaid and the State Children's Health Insurance Program (SCHIP) and improve efforts to ensure that CARE Act funds are coordinated with other available payers.

Titles II and IV administrative expenses: The administrative cap for the directly funded Title III programs is increased. The administrative cap for Title III grants is raised from 7.5 percent to 10 percent to correspond with the 10 percent cap on individual contractors in Title I. The Secretary is directed to review administrative and program support expenses for Title IV, in consultation with grantees. In order to assure that children, youth, women, and families have access to quality HIV-related health and support services and research opportunities, the Secretary is directed to work with Title IV grantees to review expenses related to administrative, program support, and direct service-related activities.

Title IV access to research: This Act removes the requirement that Title IV grantees enroll a ''significant number'' of patients in research projects. Title IV provides an important link between women, children, and families affected by HIV/AIDS and HIV-related clinical research programs. The ''significant number'' requirement is removed here to eliminate the incentive for providers to inappropriately encourage or pressure patients to enroll in research programs.

To maintain appropriate access to research opportunities, providers are required to develop better documentation of the linkages between care and research. The Secretary of Health and Human Services (HHS), through the National Institutes of Health (NIH), is also directed to examine the distribution and availability of HIV-related clinical programs for purposes of enhancing and expanding access to clinical trials, including trials funded by NIH, CDC and private sponsors. The Managers encourage the Secretary to assure that NIH-sponsored HIV-related trials are responsive to the need to coordinate the health services received by participants with the achievement of research objectives. Nor do the Managers intend this requirement to require the redistribution of funds for such research projects.

Part F Dental Reimbursement Program: The Managers have established new grants for community-based health care to support collaborative efforts between dental education programs and community-based providers directed at providing oral health care to patients with HIV disease in currently unserved areas and communities without dental education programs. Although the Dental Program has been tremendously successful, there is still a large HIV/AIDS population that has not benefitted because there is not a dental education institution participating in their area. These patients are also in need of dental services that could be provided at community sites if more community-based providers would partner with a dental school or residency program. In these partnerships, dental students or residents could provide treatment for HIV/AIDs patients in underserved communities under the direction of a community-based dentist who would serve as adjunct faculty. By encouraging dental educational institutions to partner with community-based providers, the Managers intend to address the unmet need in these areas by ensuring that dental treatment for the HIV/AIDS population is available in all areas of the country, not just where dental schools are located.

Technical assistance and guidance: The Managers reaffirm the Secretary's responsibility in providing needed guidance and tools to grantees in assisting them in carrying out new requirements under this Act. The Secretary is required to work with States and EMAs to establish epidemiologic measures and tools for use in identifying the number of individuals with HIV infection, especially those who are not in care. The legislation requests an IOM study to assist the Secretary in providing this advice to grantees.

The Managers understand that the Secretary has convened a Public Health Service Working Group on HIV Treatment Information Dissemination, which has produced recommendations and a strategy for the dissemination of HIV treatment information to health care providers and patients. Recognizing the importance of such a strategy, the Managers intend that the Secretary issue and begin implementation of the strategy to improve the quality of care received by people living with HIV/AIDS.

Data Collection through CDC: The Managers believe that an additional authorization for HIV surveillance activities under the CDC will serve to advance the purposes of the CARE Act. To better identify and bring individuals with HIV/AIDS into care, States and cities may use such funding to enhance their HIV/AIDS reporting systems and expand case finding, surveillance, social marketing campaigns, and other prevention service programs. Notwithstanding its strong interest in improving the coordination between HIV prevention and HIV care and treatment services, the Managers intend that this enhanced funding for CDC and its grantees ensure that CARE Act programs and funds not duplicate or be diverted to activities currently funded and administered by the CDC.

Coordination: This Act requires the Secretary to submit a plan to Congress concerning the coordination of Health Resources and Services Administration (HRSA), Centers for Disease Control and Prevention (CDC), Substance Abuse and Mental Health Services Administration (SAMHSA), and Health Care Financing Administration (HCFA), to enhance the continuity of care and prevention services for individuals with HIV disease or those at risk of such disease. The Managers believe that much greater effort is required to ensure that the provision of HIV prevention and care services becomes as seamless as possible, and that coordination be pursued at the Federal level, in the States and local communities to eliminate any administrative barriers to the efficient provision of high quality services to individuals with HIV disease.

A second plan for submission to Congress focuses on the medical case management and provision of support services to persons with HIV released from Federal or State prisons.

Administrative simplification: The Managers intend for the Secretary of HHS to explore opportunities to reduce the administrative requirements of Ryan CARE Act grantees through simplifying and streamlining the administrative processes required of grantees and providers under Titles I and II. In consultation with grantees and service providers of both parts, the Secretary is directed to (1) develop a plan for coordinating the disbursement of appropriations for grants under Title I with the disbursement of appropriations for grants under Title II, (2) explore the impact of biennial application for Titles I and II on the efficiency of administration and the administrative burden imposed on grantees and providers under Titles I and II, and (3) develop a plan for simplifying the application process for grants under Titles I and II. It is the intent of the Managers to improve the ability to grantees to comply with administrative requirements while decreasing the amount of staff time and resources spent on administrative requirements.

Program and service studies: The Managers request that the Secretary, through the IOM, examine changing trends in the HIV/AIDS epidemic and the financing and delivery of primary care and support services for low-income, uninsured individuals with HIV disease. The Secretary is directed to make recommendation regarding the most effective use of scarce Federal resources. The purpose of the study is to examine key factors associated with the effective and efficient financing and delivery of HIV services (including the quality of services, health outcomes, and cost-effectiveness). The Managers expect that the study would include examination of CARE Act financing of services in relation to existing public sector financing and private health coverage; general demographics and comorbidities of individuals with HIV disease; regional variations in the financing and costs of HIV service delivery; the availability and utility of health outcomes measures and data for measuring quality of Ryan White funded service; and available epidemiologic tools and data sets necessary for local and national resource planning and allocation decisions, including an assessment of implementation of HIV infection reporting, as it impacts these factors.

The Managers also require an IOM study focuses on determining the number of newborns with HIV, where the HIV status of the mother is unknown; perinatal HIV transmission reduction efforts in States; and barriers to routine HIV testing of pregnant women and newborns when the mothers' HIV status is unknown. The study is intended to provide States with recommendations on improving perintal prevention services and reducing the number of pediatric HIV/AIDS cases resulting from perinatal transmission.

Development of Rapid HIV Test: The Managers encourage the Secretary to expedite the availability of rapid HIV tests which are safe, effective, reliable and affordable. The Managers intend that the National Institutes of Health expand research which may lead to such tests. The Managers also intend that the Director of CDC should take primary responsibility, in conjunction with the Commissioner of Food and Drugs, for a report to Congress on the public health need and recommendations for the expedited review of rapid HIV tests. The Managers believe that the Food and Drug Administration should account for the particular applications and urgent need for rapid HIV tests, as articulated by public health experts and the CDC, when determining the specific requirements to which such tests will be held prior to marketing.

Department of Veterans Affairs: The Managers note that the U.S. Department of Veterans Affairs is the largest single direct provider of HIV care and services in the country. Over 18,000 veterans received HIV care at VA facilities in 1999. Veterans with HIV infection are eligible to participate in Ryan White Title I and Title II programs when they meet eligibility requirements set by EMAs and States, whose plans for the delivery of services must account for the availability of VA services. VA facilities are eligible providers of HIV health and support services where appropriate. The Managers expect that HRSA's Bureau of HIV/AIDS shall encourage Ryan White grantees to develop collaborations between providers and VA facilities to optimize coordination and access to care to all persons with HIV/AIDS.

International HIV/AIDS Initiatives: The Managers note that the CARE Act provides a model of service delivery and Federal partnership with States, cities and community-based organizations which should prove valuable in global efforts to combat the HIV/AIDS epidemic. The Managers strongly encourage the Secretary, the Bureau of HIV/AIDS at HRSA, and the CDC to provide technical assistance available to other countries which has already proven invaluable in helping to limit the suffering caused by HIV/AIDS. It is the Managers' hope that the hard-earned knowledge and experience gained in this country can benefit people with HIV/AIDS overseas.

Mr. KENNEDY. Mr. President, it is a privilege to support the CARE Act Amendments of 2000. I commend the many Senators who worked hard and well on the issue of HIV and AIDS. Senator JEFFORDS and Senator HATCH have championed this issue since 1990 when the CARE Act was first proposed, and Senator FRIST has been an impressive leader in recent years. Their leadership has and the leadership of many others has raised our collective conscience about the HIV/AIDS crisis. Our goal in this legislation is to ensure that citizens with HIV disease continue to receive the benefits of advances in therapies and a system of support that has achieved remarkable success in recent years.

For 20 years, America has struggled with the devastation caused by HIV/AIDS. It is a virus that knows no color, religion, political affiliation, or income status. AIDS continues to kill brothers and sisters, children and parents, friends and loved ones—all in the prime of their lives. This epidemic knows no geographic boundaries and has no mercy on those it strikes. HIV/AIDS has become one of the greatest public health challenges of our times. The CARE Act has directed needed resources to accelerate research, develop effective therapies, and support the 900,000 persons and families living with HIV/AIDS in America, and it clearly deserves to be extended and expanded.

AIDS has claimed over 420,000 lives so far in the United States and it continues to claim the most vulnerable among us, especially women, youth, and minorities. We have good reason to be encouraged by medical advances over the past ten years, but we still face an epidemic that kills over 47,000 people each year. Like other epidemics before it, AIDS is now hitting hardest in areas where knowledge about the disease is scarce and poverty is high. The epidemic has dealt a particularly severe blow on communities of color, which account for 73 percent of all new infections. Women account for 30 percent of new infections. Over half of new infections occur in persons under 25.

An estimated 34 percent of AIDS cases in the U.S. occur in rural areas, and this percentage is growing. As the crisis continues year after year, it becomes increasingly difficult for anyone to claim that AIDS is someone else's problem. We all share in a very real way in being touched by the epidemic.

Fortunately, we have been able to slow the progression of this devastating disease. Many people living with HIV and AIDS are alive today and leading longer and healthier lives. AIDS deaths declined by 20 percent between 1997 and 1998, thanks to advances in care and effective new treatments. The smallest increase in new AIDS cases—11 percent—took place in 1999, compared with an 18 percent increase in new cases just a year before. We are helping people earlier in their disease progression and keeping them healthier longer.

Nevertheless, an estimated 30 percent of persons living with AIDS do not have insurance coverage to pay for costly treatments. As a result, heavy demands are placed on community-based organizations and state and local governments. For these Americans, the CARE Act Amendments of 2000 will continue to provide the only means to obtain the care and treatment they need.

In Massachusetts, there has been a 77 percent decline in AIDS and HIV-related deaths since 1995. But the number of cases increased in women by 11 percent from 1997 to 1998. Fifty-five percent of persons living with AIDS in the state are persons of color. Massachusetts is fortunate to have a state budget that provides funding for primary care, prevention, and surveillance efforts. But no state is economically sufficient enough to provide the significant financial resources needed to enable all persons living with HIV disease to obtain the medical and supportive services they need without the Ryan White CARE Act.

The CARE Act will continue to bring hope to the over 600,000 individuals it serves each year in dealing with this devastating disease. This reauthorization builds on past accomplishments, while recognizing the challenge of ensuring access drug treatment for all who need it, reducing health disparities

in vulnerable populations, and improve the distribution and quality of services.

Funds totaling $3.4 billion over the next five years will target the hardest hit 51 metropolitan areas in the country under Title I of the Act. Local planning and priority-setting under Title I assures that each of the eligible metropolitan areas responds to local HIV/AIDS needs. Safeguards are put in place to ensure that Title I areas are protected from drastic shifts in funding that can destabilize their HIV care infrastructure by limiting these losses to a maximum of 15 percent over its FY 2000 levels without compounded the effects of the loss from year to year. We also have assured EMAs the opportunity to reset the clock each time they find they do not need hold harmless protection in order to allow them the needed time and resources to plan prioritize, and redirect resources in response to major shifts that may occur in funding and in the local epidemic.

Under Title II, $4.4 billion over the next five years will provide emergency relief to assist states in developing their HIV health care infrastructure. These funds will also provide life-sustaining drugs to over 61,000 persons each month. In addition, these funds will provide assistance for emerging communities that are increasingly affected by HIV/AIDS, but do not currently qualify for additional assistance, while assuring that base Title II funding losses do not occur in any fiscal year for any state or territory.

Title III programs will receive $730 million during the five year period to assist over 200 local health centers and other primary health care providers in communities with a significant and disproportionate need for HIV care. Many of these communities are located in the hardest hit areas, serving low income communities. An additional $30 million in funds under Title III will provide planning and capacity development grants for hard-to-reach urban and rural communities.

In Title IV, $2700 million over the next five years will be used to meet the specific needs of women, infants, youth, and families. An additional $42 million will assure that oral health care is available to persons with HIV/AIDS who are uninsured. One hundred and forty-one million dollars in funding over the five-year period will assure that we continue our investment in improving the skills of the healthcare workforce.

In total, the CARE Act will authorize over $8.5 billion in funding to fight HIVS/AIDS over the next five years.

I commend the dedication of the AIDS community and the Administration in working with Congress over the past year to bring forward the best possible legislation. I also commend Sean Donohue and William Fleming of Senator JEFFORDS' staff, Dave Larsen of Senator FRIST's staff, and Stephanie Robinson and Idalia Sanchez of my staff for their effective work on this landmark legislation.

The Senate's action today reaffirms our long-standing commitment to provide greater help to those with HIV/AIDS and to families touched by this devastating disease. America has the resources to win the battle against AIDS. We must face this disease with the same courage demonstrated by Ryan White, the young man with hemophilia who contracted AIDS through blood transfusions, and for whom the original act was named. Ryan White touched the world's heart through his valiant effort to speak out against the ignorance and discrimination faced by persons living with AIDS. This legislation carries on his brave work and I urge the Senate to approve it.

Mr. FRIST. Mr. President, I am pleased to acknowledge the final Senate passage of the Ryan White CARE Act Amendments of 2000 today, which follows the actions of House of Representatives earlier this morning. This important bill forms a unique partnership between federal, local, and state governments; non-profit community organizations, health care and supportive service providers. For the last decade, this Act has successfully provided much needed assistance in health care costs and support services for low-income, uninsured and underinsured individuals with HIV/AIDS.

Through programs such as the AIDS Drug Assistance Program, ADAP, which provides access to pharmaceuticals, the CARE Act has helped extend and even save lives. Last year alone, nearly 100,000 people living with HIV and AIDS received access to drug therapy because of the CARE Act. Half the people served by the CARE Act have family incomes of less than $10,000 annually, which is less than the $12,000 annual average cost of new drug ''cocktails'' for treatment. The CARE Act is critical in ensuring that the number of people living with AIDS continues to increase, as effective new drug therapies are keeping HIV-infected persons healthy longer and dramatically reducing the death rate. Investments in enabling patients with HIV to live healthier and more productive lives have helped to reduce overall health costs. For example, the National Center for Health Statistics reported that the nation has seen a 30 percent decline in HIV related hospitalizations, producing nearly one million fewer HIV related hospital days and a savings of more than $1 billion.

During the 104th Congress, I had the pleasure of working with Senator Kassebaum on the Ryan White CARE Act Amendments of 1996 to ensure that this needed law was extended. Senator JEFFORDS, who has done a terrific job in crafting this bill, has already outlined some specifics of this legislation, however, I would like to conclude by discussing a specific provision which I am grateful Senator JEFFORDS included in this reauthorization.

This bill contains a provision, under Title II of this Act, addressing the fact that the face of this disease is changing as AIDS moves into communities which have not been impacted as great as several Title I grantees. One important aspect of this provision is the creation of supplemental grants for emerging metropolitan communities, which do not qualify for Title I funding but have reported between 500 and 2,000 AIDS cases in the last five years. For cities that have between 1,000 and 2,000 AIDS cases this provision would provide cities, including Memphis and Nashville, at least $5 million in new funding to divide each year, or 25 percent of new monies under Title II, whichever is greater. For cities with 500 to 999 AIDS cases in the last five years, at least $5 million in new funding each year will be divided, or 25 percent of new monies under Title II, whichever is greater. This provision will be implemented as soon as the appropriation level for Title II, excluding the ADAP program, is increased by $20 million above the FY2000 funding level. Once implemented, this program would remain in place every year after the initial trigger level is met with at least $10 million coming from the Title II funding to support this needed effort.

Mr. President, I would like to thank Senator JEFFORDS for his leadership on this issue, and Sean Donohue and William Fleming of his staff for all their expertise in drafting this bill. I would also like to thank Senator KENNEDY and Stephanie Robinson of his staff for their work and dedication to this issue. And finally I would like to think Dave Larson and Mary Sumpter Johnson of my health staff for their work on passage of this bill.

ORDERS FOR FRIDAY, OCTOBER 6, 2000

Mr. MACK. Mr. President, I ask unanimous consent that when the Senate completes its business today, it recess until the hour of 9:30 a.m. on Friday, October 6. I further ask unanimous consent that on Friday, immediately following the prayer, the Journal of proceedings be approved to date, the time for the leaders be reserved for their use later in the day, and the Senate then begin a period of morning business with the time until 10 a.m. equally divided in the usual form.

The PRESIDING OFFICER. Without objection, it is so ordered.

PROGRAM

Mr. MACK. Mr. President, for the information of all Senators, the Senate will be in a period of morning business

until 10 a.m. Following morning business, the Senate may begin consideration of the Transportation appropriations conference report or the sex trafficking victims conference report. It is hoped that the Senate can begin consideration of either of these conference reports prior to noon tomorrow. Therefore, votes could occur by midmorning.

Mr. REID. Mr. President, may I ask my friend a question?

Mr. MACK. Certainly.

Mr. REID. Is there a ''definite maybe'' that we will have a vote? Is that about it?

Mr. MACK. I think that is probably as close to a ''definite maybe'' as you can get in the Senate at this time.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. BROWNBACK. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

RECESS UNTIL 9:30 A.M. TOMORROW

The PRESIDING OFFICER. Under the previous order, the Senate stands in recess until tomorrow at 9:30 a.m.

Thereupon, the Senate, at 6:51 p.m., recessed until Friday, October 6, 2000, at 9:30 a.m.

NOMINATIONS

Executive nominations received by the Senate October 5, 2000:

INTER-AMERICAN FOUNDATION

ANITA PEREZ FERGUSON, OF CALIFORNIA, TO BE A MEMBER OF THE BOARD OF DIRECTORS OF THE INTER-AMERICAN FOUNDATION FOR A TERM EXPIRING SEPTEMBER 20, 2006, VICE MARIA OTERO, TERM EXPIRED.

FEDERAL DEPOSIT INSURANCE CORPORATION

JOHN M. REICH, OF VIRGINIA, TO BE A MEMBER OF THE BOARD OF DIRECTORS OF THE FEDERAL DEPOSIT INSURANCE CORPORATION FOR A TERM OF SIX YEARS, VICE ANDREW C. HOVE, JR., TERM EXPIRED.

HOUSE OF REPRESENTATIVES—*Thursday, October 5, 2000*

The House met at 10 a.m. and was called to order by the Speaker pro tempore (Mr. SIMPSON).

DESIGNATION OF THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
October 5, 2000.

I hereby appoint the Honorable MICHAEL K. SIMPSON to act as Speaker pro tempore on this day.

J. DENNIS HASTERT,
Speaker of the House of Representatives.

PRAYER

The Reverend Norman B. Steen, The Christian Reformed Church of Washington, D.C., offered the following prayer:

Almighty God, Maker of Heaven and Earth, Lord of the Nations, You've got the whole world in Your strong and loving hands, this grand Capitol building, our beloved Nation, and all people everywhere.

As this session of the House is drawing to a close, I ask You, Lord, for the blessing of Your wisdom to fall on these Congressmen and Congresswomen as they seek the common good in their deliberations and debate on this day.

Lord, give them understanding, patience and goodwill as they struggle to accomplish their legislative goals, and with this big push now to wrap things up before the campaign season moves into high gear, give our leaders health, strength and endurance to be able to work effectively under all of these pressures.

And above all, Lord, may Your love of justice and mercy and peace be reflected in the work of these dedicated public servants on this day for the blessing of our Nation, for the blessing of the world.

Yours, Lord God, is the kingdom and the power and the glory forever. Amen.

THE JOURNAL

The SPEAKER pro tempore. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentlewoman from Michigan (Ms. RIVERS) come forward and lead the House in the Pledge of Allegiance.

Ms. RIVERS led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

MESSAGE FROM THE SENATE

A message from the Senate by Mr. Lundregan, one of its clerks, announced that the Senate has passed without amendment bills and a concurrent resolution of the House of the following titles:

H.R. 1162. An act to designate the bridge on United States Route 231 that crosses the Ohio River between Maceo, Kentucky, and Rockport, Indiana, as the ''William H. Natcher Bridge''.

H.R. 1605. An act to designate the Federal building and United States courthouse located at 402 North Walnut Street in Harrison, Arkansas, as the ''J. Smith Henley Federal Building and United States Courthouse''.

H.R. 4318. An act to establish the Red River National Wildlife Refuge.

H.R. 4642. An act to make certain personnel flexibilities available with respect to the General Accounting Office, and for other purposes.

H.R. 4806. An act to designate the Federal building located at 1710 Alabama Avenue in Jasper, Alabama, as the ''Carl Elliott Federal Building''.

H.R. 5284. An act to designate the United States courthouse located at 101 East Main Street in Norfolk, Virginia, as the ''Owen B. Pickett United States Courthouse''.

H. Con. Res. 399. Concurrent resolution recognizing the 25th anniversary of the enactment of the Education for All Handicapped Children Act of 1975.

The message also announced that the Senate has passed with amendments in which the concurrence of the House is requested, bills of the House of the following titles:

H.R. 4002. An act to amend the Foreign Assistance Act of 1961 to revise and improve provisions relating to famine prevention and freedom from hunger.

H.R. 4386. An act to amend title XIX of the Social Security Act to provide medical assistance for certain women screened and found to have breast or cervical cancer under a federally funded screening program, to amend the Public Health Service Act and the Federal Food, Drug, and Cosmetic Act with respect to surveillance and information concerning the relationship between cervical cancer and the human papillomavirus (HPV) and for other purposes.

The message also announced that the Senate has passed a bill of the following title in which the concurrence of the House is requested:

S. 2412. An act to amend title 49, United States Code, to authorize appropriations for the National Transportation Safety Board for fiscal years 2000, 2001, 2002, and 2003, and for other purposes.

The message also announced that pursuant to Public Law 103–296, the Chair, on behalf of the President pro tempore, and in consultation with the Chairman and the Ranking Minority Member of the Finance Committee, appoints David Podoff, of Maryland, as a member of the Social Security Advisory Board, vice Lori L. Hansen.

THE REVEREND NORMAN B. STEEN

(Mr. HOEKSTRA asked and was given permission to address the House for 1 minute.)

Mr. HOEKSTRA. Mr. Speaker, it is my pleasure to welcome the Reverend Norman Steen, pastor of the Christian Reformed Church of Washington, D.C. as a guest chaplain for the House of Representatives.

The Washington, D.C. Christian Reformed Church has a proud history of more than 50 years in the District of Columbia. The church was founded during World War II by members of the Christian Reformed Church who came to Washington from Michigan, Iowa, New Jersey, Washington, and California and from throughout the United States in order to serve our Nation.

Since that time, the church has rooted itself in Northeast Washington and has seen many changes in this city, all the while serving its members and the community around it.

Reverend Steen has been the pastor of the church since April of 1999. Prior to moving with his wife, Barb, he was a minister at a church in my hometown, the 14th Street Christian Reformed Church of Holland, Michigan. During his distinguished 25-year career as a minister, Norm has also served churches in Ridgewood, New Jersey, and Parkersburg, Iowa.

I hope the entire House will join me in welcoming Reverend Norm Steen as our guest chaplain today.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair will entertain fifteen 1-minute speeches on each side.

CONGRATULATING IAN AMBER

(Ms. ROS-LEHTINEN asked and was given permission to address the House

for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I would like to congratulate a remarkable young man and true champion in my congressional district, Ian Amber. Ian is a straight A honor student at Palmetto Senior High School where he excels in various academic organizations. But unlike most teenagers, Ian had to overcome a great obstacle not normally faced by students.

At age 10, Ian was diagnosed with leukemia and underwent 3 years of intense chemotherapy treatment. Through perseverance, he beat cancer; and today, Ian spends his time helping children with life-threatening diseases.

He formed Kids That Care Pediatric and Cancer Fund, the only kid-run organization affiliated with a major hospital in South Florida, an organization in which he raises funds for sick children.

He also created Trading Places, a sensitive-training program for oncology nurses.

Mr. Speaker, I ask my colleagues to help me in recognizing Ian's selfless achievements, and in commending him for being a shining example to us all. He represents Miami Palmetto well. He represents all of us well.

THE VAGINA MONOLOGUES

(Mr. TRAFICANT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TRAFICANT. Broadway has announced a new play called ''The Vagina Monologues.'' I quote, the promo states that ''Vagina Monologues uses humor and drama to explore such things as sexual fantasies, orgasms, pelvic examinations and rape.'' Now if that is not enough to entice your condominium, this vaginal virtuoso is being billed as theater at its finest.

Unbelievable. What is next? Rectal Diaries? Men are dropping like flies in America from prostate cancer and Broadway is promoting vaginal titillation.

Beam me up. I advise all New York men to sleep on their stomachs, and I yield back all the STDs on the East Coast.

ANY MORE STORIES?

(Mr. BALLENGER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BALLENGER. Mr. Speaker, here we go again. First it is inventing the Internet, then it is drugs for his mother-in-law and his dog. Now it appears the Vice President's imagination has really run wild again. When Governor Bush mentioned traveling to a disaster area with the head of FEMA, Mr. GORE added that he traveled with him too. Untrue. Then claimed to be a strong supporter of the lockbox for Social Security and Medicare. Surprise, surprise, the Democrat filibuster holding up this legislation is waiting for his first sign of support. What about that poor Florida girl forced to stand in her class of 36 because there is no room for her desk? Guess what? Not true again.

What is that phrase about pants on fire? Any more stories?

THE VIOLENCE AGAINST WOMEN ACT

(Ms. RIVERS asked and was given permission to address the House for 1 minute.)

Ms. RIVERS. Mr. Speaker, the House has done its job, we passed the Violence Against Women Act by a vote of 415–3. Nevertheless, the authorization ran out on September 30, 2000.

This critical bill is supported by police officers, judges, prosecutors, governors, State attorneys general, social workers, men and women and children's advocates around the Nation. It deserves immediate attention from the other body.

The Violence Against Women Act was originally passed in 1994 and authorized over a billion dollars for law enforcement grants, judicial training, shelters, a national hotline, child abuse and prevention programs. Thousands of victims from every State, race, and socioeconomic level have relied on these services for protection from violence.

VAWA has saved lives and helped rebuild even more, and it has served to break the cycle of violence in so many families, by preventing children from perpetuating the violence they witness.

With the authorization already expired, I respectfully urge the other body to pass this important legislation.

SQUANDERED OPPORTUNITIES

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, Governor George W. Bush has rightly pointed out that this boom economy is an opportunity we should not squander. It is an opportunity to get our fiscal house in order to shore up programs like Social Security and Medicare for the next generation.

Unfortunately, the opposition does not seem to see it that way. This is the fourth year in a row that the Republican Congress will pay down the public debt. That will bring us to half a trillion dollars in paid-back debt, and we will do it while preserving the Social Security and Medicare trust funds 100 percent intact.

Mr. Speaker, 22 days ago we sent a letter to the President asking him to join us in this effort, but he has refused to respond.

The only thing we have heard on the matter is what the President said to the newspapers: ''It depends on what our spending commitments are.''

In other words, he would rather add billions of dollars in new spending than pay down the debt, and that is what Governor Bush means when he talks about squandered opportunities.

APPROVE COMMONSENSE GUN SAFETY LEGISLATION

(Mrs. MCCARTHY of New York asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MCCARTHY of New York. Mr. Speaker, the clock is ticking and soon the 106th Congress may adjourn without passing common sense gun safety legislation. Today, we join people throughout the Nation concerned about young people and gun violence.

Earlier this week, I joined the gentleman from Missouri (Mr. GEPHARDT), the minority leader, and the gentleman from Michigan (Mr. CONYERS) in calling on the gentleman from Illinois (Speaker HASTERT) to use his influence to complete work on the stalled Juvenile Justice Conference.

With the help of the gentleman from Illinois (Speaker HASTERT), we can jumpstart the conference to approve child safety locks, to close the gun show loophole and to ban high-capacity ammunition clips. I am pleased that Senator JOHN MCCAIN has endorsed closing the gun show loophole.

Governor Pataki has already brought common sense gun laws to my home State of New York. We need to bring similar legislation to all 50 States. Is there grassroots support for this legislation? You bet.

The Million Mom March demonstrated that people across the Nation want to make their communities safe from gun violence. Just this week, college students around the Nation participated in First Monday 2000. I am pleased that students from Long Island's Hofstra University participated in this grassroots educational issue.

To date, the gun lobby has prevented the Congress from approving national gun safety legislation. We do not have to repeat the past. I ask the gentleman from Illinois (Speaker HASTERT) to consider this.

DEBT REDUCTION STILL BEING HELD HOSTAGE

(Mr. HERGER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HERGER. Mr. Speaker, today is day 23 of the debt reduction held hostage by the Clinton-Gore administration. It has been 23 days since Congress proposed to lock away 100 percent of the Social Security and Medicare surpluses and dedicate at least 90 percent

of the total budget surplus for debt reduction, but still no answer from the Clinton-Gore administration.

There will be an estimated $268 billion surplus this fiscal year alone. Our question is simple: Should it be used to pay off our public debt, or should it be spent on ongoing Federal programs? Republicans are for using the surplus to pay off public debt.

Where do President Clinton and Vice President GORE stand?

Mr. Speaker, I urge the President and the Vice President to put debt reduction ahead of spending and agree to our 90–10 debt reduction proposal.

VIOLENCE AGAINST WOMEN ACT OF 2000

(Mrs. CHRISTENSEN asked and was given permission to address the House for 1 minute.)

Mrs. CHRISTENSEN. Mr. Speaker, the women in my district and women all across this country need to have the Violence Against Women Act of 2000 reauthorized.

The act was first passed in 1994 and has been a lifeline to women who are victims of violence. The current act would go even further by improving existing provisions and adding new ones, such as dating violence, the provision of transitional housing, the creation of supervised visitation and exchange programs for children, and expanding services to reach the elderly and previously underserved populations.

The new reauthorization was passed by this body on September 26, but it remains a top priority, because the other body has yet to pass it.

Mr. Speaker, the Women's Coalition of St. Croix, the Women's Resource Center in St. Thomas, and the Safety Zone in St. John are depending on us, the women and the families they care for, especially their children who also become victims and have a high risk of themselves becoming perpetrators, are depending on us.

I join the other distinguished women of the House and all of my 415 colleagues who voted for its passage in calling on the Senate to do the same and give us a Violence Against Women Act before we adjourn.

ANOTHER INVITATION FOR DEBT ELIMINATION

(Mr. GIBBONS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GIBBONS. Mr. Speaker, as you heard my colleague, the gentleman from California (Mr. HERGER), say, it has been 23 days since this Congress asked the President to join us in dedicating 90 percent of next year's surpluses to paying off the debt; and once again, they still have had no response to that request.

The Clinton-Gore administration made it very clear they have a priority on reducing the debt for Third World nations, in distant countries away from our shores. Yet they remain silent on this issue of debt elimination for our own country, for our own American working men and women.

Under this Republican-led Congress, we have already paid down $350 billion in debt since 1998, and our plan is to further reduce the debt by an additional $240 billion in the year 2001 and completely eliminate the debt by 2012, while at the same time preserving and protecting Social Security and Medicare.

□ 1015

Eliminating the public debt is good for the economy and lowers interest rates for minor consumers on everything from home mortgages to credit cards, saving American families over $5,000 a year.

Once again, I call upon the President to join me and my colleagues on this responsible middle ground to eliminate the public debt and ensure a stable future for Americans through generations.

URGING CONGRESS TO REAUTHORIZE THE VIOLENCE AGAINST WOMEN ACT

(Ms. BALDWIN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. BALDWIN. Mr. Speaker, as we near the end of the 106th Congress, there are a few bills that Congress must pass before we go home. To me, one of those ''must pass'' bills is the reauthorization of the Violence Against Women Act. The House passed VAWA, but the other body has not yet acted on the bill. There is no more time to waste. This law must be reauthorized this year.

The program has done so much. Over the past 6 years, VAWA has helped millions of women, children, and families who have been victims of domestic abuse and sexual assault. This bill is not controversial. The leaders in the other body have a choice: they can continue to assist victims of domestic violence and sexual assault, or they can turn their backs on them.

To turn their backs when they know that VAWA is working would be unconscionable. VAWA must reach the President's desk before Congress adjourns.

AMERICA NEEDS INTEGRITY IN THE ADMINISTRATION

(Mr. GARY MILLER of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GARY MILLER of California. Mr. Speaker, guess who made this claim: I have been a part of the discussions on the Strategic Petroleum Reserve since the day it was first established.

That boast was made a few days ago by AL GORE, who was not even elected to Congress until 2 years after the Strategic Petroleum Reserve was established. He took credit for it, but he was not even in Congress when it happened.

Two days ago in the Presidential debates, GORE claimed that he was at a Florida high school when a student had to stand in class because the classroom was so overcrowded.

The principal of that school laughed when he heard the claim and said, ''We have never allowed a student to stand in the back of a classroom or to stand in a classroom.'' He also added that the classroom in question, a science lab, has about $150,000 this year alone in new equipment.

Why does he have to keep making these things up? What drives him to take credit for so many things that he clearly had nothing to do with?

Mr. GORE has a problem with the truth. We need leadership that knows the difference between self-serving fantasy and reality. Our country is hungry for integrity.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. SIMPSON). Members are reminded not to make personal references to the Vice President.

ASKING MEMBERS TO SUPPORT THE AMBER ALERT PROGRAM

(Mr. LAMPSON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMPSON. Mr. Speaker, the gentlewoman from New Mexico (Mrs. WILSON) introduced a resolution that recognizes the importance of a community initiative, a successful and effective way to combat child abduction called the Amber Alert Plan.

The Amber Alert is named after Amber Hagerman, a 9-year-old girl who was tragically abducted and murdered in Arlington, Texas, in 1996. The tragedy of Amber's case was felt throughout north Texas, and it led to a search for new and innovative community responses to help law enforcement officials find missing children.

The Amber Alert is a partnership between broadcasters and law enforcement agencies. When law enforcement determines a child is missing, they activate the Amber Alert, by notifying area-participating radio stations. The stations agree to interrupt their programming and broadcast an emergency report, much like an emergency broadcast system. Their report gives details, like the description of a child or any

cars involved. TV stations would broadcast Amber Alert crawlers across the front of their screen, which would resemble severe weather warnings.

I unveiled the Amber Alert in my district. Please join me and the gentlewoman from New Mexico in our efforts to recover missing children and curb abductions as a cosponsor of the bill. The health and safety of our children is in Members' hands.

THE DEMOCRAT EDUCATION AGENDA

(Mr. GEORGE MILLER of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GEORGE MILLER of California. Mr. Speaker, yesterday the minority leader, the gentleman from Missouri (Mr. GEPHARDT), delivered an important address outlining the education agenda our party will pursue next year under a Democratic Congress. This agenda reflects our commitments to take bold action to make public schools strong and effective and to add, not replace, the efforts being made at the local level.

I applaud the minority leader, the gentleman from Missouri (Mr. GEPHARDT), for his efforts that began more than a year ago in a series of meetings at the Madison Building over dinners and good conversations.

Here is what we as Democrats propose on education: establish a major new partnership with States to lower class size and assure that every child has a qualified teacher; offer new investments while holding schools accountable for the results; make quality preschool available to every child; and provide direct grants and tax breaks to upgrade and modernize school facilities.

We have set down our marker. I look forward to working with the then Speaker, the gentleman from Missouri (Mr. GEPHARDT), in a Democratic House to move it forward.

PASS THE VIOLENCE AGAINST WOMEN ACT BEFORE THE END OF SESSION

(Ms. WOOLSEY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. WOOLSEY. Mr. Speaker, the women of America want the other body to reauthorize the Violence Against Women Act. This landmark legislation, which the House has reauthorized, has saved lives and rescued countless women from the vicious cycle of family violence.

From 1993, when the act was enacted, to 1997, the rate of intimate partner violence fell and the number of female victims of intimate violence dropped. American women have VAWA, the Violence Against Women Act, to thank for these gains.

But there is so much more that needs to be done. In 1998, three out of four victims of intimate-partner homicide were women. The number of women killed by an intimate partner increased 8 percent between 1997 and 1998. Women need VAWA so they can protect themselves and their children from domestic violence.

The Violence Against Women Act saves lives. I urge our colleagues in the other body, pass VAWA before the end of this session.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Members should avoid urging action by the other body.

THE VIOLENCE AGAINST WOMEN ACT MUST BE REAUTHORIZED NOW

(Ms. SCHAKOWSKY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. SCHAKOWSKY. Mr. Speaker, October is Domestic Violence Awareness Month. It is just unthinkable that we should leave Washington and end this session without reauthorizing the Violence Against Women Act.

Last week, by a powerful 415 to 3, this body overwhelmingly affirmed our responsibility to addressing and protecting the needs of all victims of domestic violence, stalking, and sexual assault. Every 15 seconds someone in our country is battered. Every day, four women die in this country as a result of domestic violence.

Every person, woman, man, or child, should feel safe at home and in their neighborhoods. We must ensure that all victims, including immigrant women, are able to report and flee from domestic violence without threats of persecution or deportation.

We have the opportunity in these remaining days to pass VAWA. We should do it now.

TIME FOR CONGRESS TO PASS VAWA

(Ms. CARSON asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. CARSON. Mr. Speaker, I will follow the Speaker's instructions in terms of not admonishing any other entity of the United States Congress. I would simply rise today to say that we need to have the Violence Against Women Act passed by the Congress and sent to the President for his signature.

Last Wednesday this House unanimously passed VAWA by a vote of 415 to 3. We must urge anyone else who can do that to do that.

VAWA expired on September 30. On September 30, the light went out on justice across this country on behalf of all of the women and children who are victims of violence or who are potential victims, including immigrant women.

Without this critical funding, programs serving women and their children will cease to exist. This is not a political game. It is the lives and well-being of women and children across this country that are at stake, that are vulnerable.

I would urge further consideration of VAWA by the United States Congress.

ON THE 35TH ANNIVERSARY OF MEDICARE, CONGRESS SHOULD REPAIR GAPS IN COVERAGE

(Mr. DEUTSCH asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DEUTSCH. Mr. Speaker, this year we celebrate the 35th anniversary of Medicare. The program has benefited over 93 million Americans since it was signed into law on July 30, 1965, by President Johnson.

Yet, our health care system has changed dramatically since then, with medical technology in many ways leading the way, and Medicare has not kept pace with that. I am concerned about the widening gap between the Medicare program and the cutting edge of medical technology.

I am concerned because it means that more than 90,000 Medicare-aged people in my district cannot gain access to advanced treatment and technologies they need. As Congress looks at adjustments to the program, we must act now to repair the gaps in Medicare for the next 35 years of medical innovation.

Medicare's procedure for adding new technologies to the program involve coverage, coding, and payment decisions. Unfortunately, problems and delays have occurred at each of these stages. The result is that now it can take more than 4½ years or more to make the latest breakthrough treatments available to beneficiaries.

I believe that Medicare patients have waited long enough for a program that gives them access to the advanced medical technologies they need. That is why I am pleased to lend full support of H.R. 4395, the Medicare Patient Access to Technology Act, a bipartisan bill which hopefully we will pass this session, and which will lead to 21st century medicine for Medicare beneficiaries.

SUPPORT THE PRESIDENT'S REQUEST FOR INCREASED FUNDING FOR THE COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

(Mr. BROWN of Ohio asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BROWN of Ohio. Mr. Speaker, I rise today to celebrate the 26th anniversary of the Community Development Block Grant Program. This program put local development decisions in the hands of those who know best, those who live and work in our community.

This long-term commitment to responsible flexibility has paid off. The average housing program leverage is $2.31 for every Federal dollar spent.

Unfortunately, the Republican leadership has chosen to commemorate 26 years of job creation and increased affordable housing and water improvements by stripping the block grant program of $300 million in the fiscal year 2001 VA–HUD bill.

In Lorais, Ohio, a community in my district struggling with the loss of industry and experiencing rents as much as 50 percent of income, these cuts translate into a loss of jobs, jobs that would have been created next year through construction projects, small business developments, and retraining programs.

This program is simple, it is effective, it is efficient. Communities in northeast Ohio and across the country are depending on it. Proposed 2001 funding levels will, unfortunately, hang them out to dry.

I urge my colleagues to continue our commitment to improving people's quality of life. Let us support the President's request and increase funding for the Community Development Block Grant Program.

RYAN WHITE CARE ACT AMENDMENTS OF 2000

Mr. GOSS. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 611 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 611

Resolved, That upon the adoption of this resolution it shall be in order without intervention of any point of order to consider in the House the bill (S. 2311) to revise and extend the Ryan White CARE Act programs under title XXVI of the Public Health Service Act, to improve access to health care and the quality of care under such programs, and to provide for the development of increased capacity to provide health care and related support services to individuals and families with HIV disease, and for other purposes. The bill shall be considered as read for amendment. The amendment in the nature of a substitute printed in the Congressional Record and numbered 1 pursuant to clause 8 of rule XVIII shall be considered as adopted. The previous question shall be considered as ordered on the bill, as amended, to final passage without intervening motion except: (1) one hour of debate on the bill, as amended, equally divided and controlled by the chairman and ranking minority member of the Committee on Commerce; and (2) one motion to recommit with or without instructions.

The SPEAKER pro tempore. The gentleman from Florida (Mr. GOSS) is recognized for 1 hour.

Mr. GOSS. Mr. Speaker, for purposes of debate only, I am pleased to yield the customary 30 minutes to my friend, the distinguished gentleman from Ohio (Mr. HALL), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for purposes of debate only.

Mr. Speaker, this is a fair and straightforward closed rule for a very important piece of legislation. The rule waives all points of order against consideration of the bill and provides that the amendment in the nature of a substitute printed in the CONGRESSIONAL RECORD shall be considered as adopted.

□ 1030

This is largely a noncontroversial bill. As no members of the minority testified differently last night at the Committee on Rules, this rule should receive unanimous support, and I urge support.

This reauthorization of the Ryan White CARE Act recognizes the changing demographics of the AIDS epidemic in our country in a way that truly honors the memory of the courageous young boy for which the bill was originally named. Today, there are between 800,000 and 900,000 persons living with HIV in the United States of America with some 40,000 new infections annually. This conference report seeks to shift resources to the most needy areas while preserving the best features of the current programs.

The gentleman from Virginia (Chairman BLILEY) should be commended for his leadership and attention to this critical public health issue which is of concern to every Member of this body. I am hopeful that the progress made on this authorization will spur funding for another essential program for individuals afflicted with the HIV virus.

As my colleagues remember and well know, this House led the way and adopted the Ricky Ray Authorization Act in the last Congress. It authorized $750 million for compassion assistance and recognition to hemophiliacs who contracted AIDS through no fault of their own because of contaminated blood products in the 1980s.

Now, the first installment was provided last year, and this year the gentleman from Florida (Chairman YOUNG) of the Committee on Appropriations should be commended for exceeding the President's request in the House version of the Fiscal Year 2001 Labor-HHS appropriation bill for the next installment.

As negotiations continue and we near the end of this Congress, I am hopeful that the White House will become fully engaged on the Ricky Ray funding problem and work with leadership and Congress to provide full funding for these victims as soon as humanly possible. The need is great and the time is now.

I am confident that, if the White House shows true leadership and demonstrates that this problem is really a top priority for them, we will be able to move further toward full funding this year. Obviously we cannot undo the tragic events of the 1980s, but we can work to provide assistance to these individuals before it is any later.

Mr. Speaker, this rule should engender little debate. It is a fair rule for a good bill. I urge its adoption.

Mr. Speaker, I reserve the balance of my time.

Mr. HALL of Ohio. Mr. Speaker, I want to thank the gentleman from Florida (Mr. GOSS) for yielding me the time.

Mr. Speaker, this is a closed rule. It will allow for the consideration of S. 2311, which is called the Ryan White CARE Act Amendments of 2000. As the gentleman from Florida has described, this rule provides for 1 hour of general debate to be equally divided and controlled by the chairman and ranking minority member of the Committee on Commerce. Under this closed rule, no amendments can be offered on the House floor.

In 1990, Congress passed the Ryan White Comprehensive AIDS Resources Emergency Act. It was known as the Ryan White CARE Act. This law created programs to help Americans with AIDS and HIV, the virus that causes AIDS, and to slow the spread of HIV.

These programs expired October 1. The bill we are considering will reauthorize and strengthen the Ryan White CARE Act programs by expanding access, improving quality, and providing additional services. Some of the changes will help target health care services to the people who need it the most but who can least afford it.

Women, children, infants and youth with HIV will especially benefit from this bill as will low-income individuals and families. AIDS possesses one of the greatest health challenges of our generation, and there is no way to avoid its tragic grip. However, an active role by the Federal government can, in my opinion, ease the tragedy by reducing the number of new HIV cases and by supporting victims and their families.

The Ryan White CARE Act has worked. The Federal funds spent under this law have saved lives and reduced suffering. These are dollars that could not have been better spent. For example, between 1994 and 1999, pediatric AIDS cases declined by nearly 80 percent largely because of these programs funded by the Federal Government under this Act.

I would like to point out to my colleague that this act offers a framework that we should apply to tackling other tragic diseases, such as childhood cancer. I hope that Congress will learn from the success of this act.

This legislation extending the Ryan White CARE Act represents our best response to dealing with AIDS and its consequences. The bill we are considering is a compromise between the previously passed House and Senate versions. The Senate version passed by unanimous consent. The House version passed by a voice vote under suspension of the rules. I am proud to be a cosponsor of this House version.

Because there is general agreement between the House and Senate, there is no need for a formal conference committee.

I urge my colleagues to vote for the rule and for the bill.

Mr. Speaker, I reserve the balance of my time.

Mr. GOSS. Mr. Speaker, I advise that we have no speakers lined up, and I would be prepared to yield back if the gentleman from Ohio (Mr. HALL) has no speakers.

Mr. HALL of Ohio. Mr. Speaker, I yield back the balance of my time.

Mr. GOSS. Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered.

The resolution was agreed to.

A motion to reconsider was laid on the table.

Mr. COBURN. Mr. Speaker, pursuant to House Resolution 611, I call up the Senate bill (S. 2311) to revise and extend the Ryan White CARE Act programs under title XXVI of the Public Health Service Act, to improve access to health care and the quality of care under such programs, and to provide for the development of increased capacity to provide health care and related support services to individuals and families with HIV disease, and for other purposes, and ask for its immediate consideration.

The Clerk read the title of the Senate bill.

The SPEAKER pro tempore (Mr. SIMPSON). Pursuant to House Resolution 611, the Senate bill is considered read for amendment.

The text of S. 2311 is as follows:

S. 2311

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Ryan White CARE Act Amendments of 2000''.

SEC. 2. REFERENCES; TABLE OF CONTENTS.

(a) REFERENCES.—Except as otherwise expressly provided, whenever in this Act an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of the Public Health Service Act (42 U.S.C. 201 et seq.).

(b) Table of Contents.—The table of contents of this Act is as follows:

TITLE I—AMENDMENTS TO HIV HEALTH CARE PROGRAM

Subtitle A—Purpose; Amendments to Part A (Emergency Relief Grants)

SEC. 101. DUTIES OF PLANNING COUNCIL, FUNDING PRIORITIES, QUALITY ASSESSMENT.

Section 2602 (42 U.S.C. 300ff–12) is amended—

(1) in subsection (b)—

(A) in paragraph (2)(C), by inserting before the semicolon the following: '', including providers of housing and homeless services''; and

(B) in paragraph (4), by striking ''shall—'' and all that follows and inserting ''shall have the responsibilities specified in subsection (d).''; and

(2) by adding at the end the following:

''(d) DUTIES OF PLANNING COUNCIL.—The planning council established under subsection (b) shall have the following duties:

''(1) PRIORITIES FOR ALLOCATION OF FUNDS.—The council shall establish priorities for the allocation of funds within the eligible area, including how best to meet each such priority and additional factors that a grantee should consider in allocating funds under a grant, based on the following factors:

''(A) The size and demographic characteristics of the population with HIV disease to be served, including, subject to subsection (e), the needs of individuals living with HIV infection who are not receiving HIV-related health services.

''(B) The documented needs of the population with HIV disease with particular attention being given to disparities in health services among affected subgroups within the eligible area.

''(C) The demonstrated or probable cost and outcome effectiveness of proposed strategies and interventions, to the extent that data are reasonably available.

''(D) Priorities of the communities with HIV disease for whom the services are intended.

''(E) The availability of other governmental and non-governmental resources, including the State medicaid plan under title XIX of the Social Security Act and the State Children's Health Insurance Program under title XXI of such Act to cover health care costs of eligible individuals and families with HIV disease.

''(F) Capacity development needs resulting from gaps in the availability of HIV services in historically underserved low-income communities.

''(2) COMPREHENSIVE SERVICE DELIVERY PLAN.—The council shall develop a comprehensive plan for the organization and delivery of health and support services described in section 2604. Such plan shall be compatible with any existing State or local plans regarding the provision of such services to individuals with HIV disease.

''(3) ASSESSMENT OF FUND ALLOCATION EFFICIENCY.—The council shall assess the efficiency of the administrative mechanism in rapidly allocating funds to the areas of greatest need within the eligible area.

''(4) STATEWIDE STATEMENT OF NEED.—The council shall participate in the development of the Statewide coordinated statement of need as initiated by the State public health agency responsible for administering grants under part B.

''(5) COORDINATION WITH OTHER FEDERAL GRANTEES.—The council shall coordinate with Federal grantees providing HIV-related services within the eligible area.

''(6) COMMUNITY PARTICIPATION.—The council shall establish methods for obtaining input on community needs and priorities which may include public meetings, conducting focus groups, and convening ad-hoc panels.

''(e) PROCESS FOR ESTABLISHING ALLOCATION PRIORITIES.—

''(1) IN GENERAL.—Not later than 24 months after the date of enactment of the Ryan

White CARE Act Amendments of 2000, the Secretary shall—

''(A) consult with eligible metropolitan areas, affected communities, experts, and other appropriate individuals and entities, to develop epidemiologic measures for establishing the number of individuals living with HIV disease who are not receiving HIV-related health services; and

''(B) provide advice and technical assistance to planning councils with respect to the process for establishing priorities for the allocation of funds under subsection (d)(1).

''(2) EXCEPTION.—Grantees under subsection (d)(1)(A) shall not be required to establish priorities for individuals not in care until epidemiologic measures are developed under paragraph (1).''.

SEC. 102. QUALITY MANAGEMENT.

(a) FUNDS AVAILABLE FOR QUALITY MANAGEMENT.—Section 2604 (42 U.S.C. 300ff–14) is amended—

(1) by redesignating subsections (c) through (f) as subsections (d) through (g), respectively; and

(2) by inserting after subsection (b) the following:

''(c) QUALITY MANAGEMENT.—

''(1) REQUIREMENT.—The chief elected official of an eligible area that receives a grant under this part shall provide for the establishment of a quality management program to assess the extent to which medical services provided to patients under the grant are consistent with the most recent Public Health Service guidelines for the treatment of HIV disease and related opportunistic infection and to develop strategies for improvements in the access to and quality of medical services.

''(2) USE OF FUNDS.—From amounts received under a grant awarded under this part, the chief elected official of an eligible area may use, for activities associated with its quality management program, not more than the lesser of—

''(A) 5 percent of amounts received under the grant; or

''(B) $3,000,000.''.

(b) QUALITY MANAGEMENT REQUIRED FOR ELIGIBILITY FOR GRANTS.—Section 2605(a) (42 U.S.C. 300ff–15(a)) is amended—

(1) by redesignating paragraphs (3) through (6) as paragraphs (5) through (8), respectively; and

(2) by inserting after paragraph (2) the following:

''(3) that the chief elected official of the eligible area will satisfy all requirements under section 2604(c);''.

SEC. 103. FUNDED ENTITIES REQUIRED TO HAVE HEALTH CARE RELATIONSHIPS.

(a) USE OF AMOUNTS.—Section 2604(e)(1) (42 U.S.C. 300ff–14(d)(1)) (as so redesignated by section 102(a)) is amended by inserting ''and the State Children's Health Insurance Program under title XXI of such Act'' after ''Social Security Act''.

(b) APPLICATIONS.—Section 2605(a) (42 U.S.C. 300ff–15(a)) is amended by inserting after paragraph (3), as added by section 102(b), the following:

''(4) that funded entities within the eligible area that receive funds under a grant under section 2601(a) shall maintain appropriate relationships with entities in the area served that constitute key points of access to the health care system for individuals with HIV disease (including emergency rooms, substance abuse treatment programs, detoxification centers, adult and juvenile detention facilities, sexually transmitted disease clinics, HIV counseling and testing sites, and homeless shelters) and other entities under section 2652(a) for the purpose of facilitating early intervention for individuals newly diagnosed with HIV disease and individuals knowledgeable of their status but not in care;''.

SEC. 104. SUPPORT SERVICES REQUIRED TO BE HEALTH CARE-RELATED.

(a) IN GENERAL.—Section 2604(b)(1) (42 U.S.C. 300ff–14(b)(1)) is amended—

(1) in the matter preceding subparagraph (A), by striking ''HIV-related—'' and inserting ''HIV-related services, as follows:'';

(2) in subparagraph (A)—

(A) by striking ''outpatient'' and all that follows through ''substance abuse treatment and'' and inserting the following: ''OUTPATIENT HEALTH SERVICES.—Outpatient and ambulatory health services, including substance abuse treatment,''; and

(B) by striking ''; and'' and inserting a period;

(3) in subparagraph (B), by striking ''(B) inpatient case management'' and inserting ''(C) INPATIENT CASE MANAGEMENT SERVICES.—Inpatient case management''; and

(4) by inserting after subparagraph (A) the following:

''(B) OUTPATIENT SUPPORT SERVICES.—Outpatient and ambulatory support services (including case management), to the extent that such services facilitate, enhance, support, or sustain the delivery, continuity, or benefits of health services for individuals and families with HIV disease.''.

(b) CONFORMING AMENDMENT TO APPLICATION REQUIREMENTS.—Section 2605(a) (42 U.S.C. 300ff–15(a)), as amended by section 102(b), is further amended—

(1) in paragraph (6) (as so redesignated), by striking ''and'' at the end thereof;

(2) in paragraph (7) (as so redesignated), by striking the period and inserting ''; and''; and

(3) by adding at the end the following:

''(8) that the eligible area has procedures in place to ensure that services provided with funds received under this part meet the criteria specified in section 2604(b)(1).''.

SEC. 105. USE OF GRANT FUNDS FOR EARLY INTERVENTION SERVICES.

(a) IN GENERAL.—Section 2604(b)(1) (42 U.S.C. 300ff–14(b)(1)), as amended by section 104(a), is further amended by adding at the end the following:

''(D) EARLY INTERVENTION SERVICES.—Early intervention services as described in section 2651(b)(2), with follow-through referral, provided for the purpose of facilitating the access of individuals receiving the services to HIV-related health services, but only if the entity providing such services—

''(i)(I) is receiving funds under subparagraph (A) or (C); or

''(II) is an entity constituting a point of access to services, as described in paragraph (2)(C), that maintains a relationship with an entity described in subclause (I) and that is serving individuals at elevated risk of HIV disease; and

''(ii) demonstrates to the satisfaction of the chief elected official that no other Federal, State, or local funds are available for the early intervention services the entity will provide with funds received under this paragraph.''.

(b) CONFORMING AMENDMENTS TO APPLICATION REQUIREMENTS.—Section 2605(a)(1) (42 U.S.C. 300ff–15(a)(1)) is amended—

(1) in subparagraph (A), by striking ''services to individuals with HIV disease'' and inserting ''services as described in section 2604(b)(1)''; and

(2) in subparagraph (B), by striking ''services for individuals with HIV disease'' and inserting ''services as described in section 2604(b)(1)''.

SEC. 106. REPLACEMENT OF SPECIFIED FISCAL YEARS REGARDING THE SUNSET ON EXPEDITED DISTRIBUTION REQUIREMENTS.

Section 2603(a)(2) (42 U.S.C. 300ff–13(a)(2)) is amended by striking ''for each of the fiscal years 1996 through 2000'' and inserting ''for a fiscal year''.

SEC. 107. HOLD HARMLESS PROVISION.

Section 2603(a)(4) (42 U.S.C. 300ff–13(a)(4)) is amended to read as follows:

''(4) LIMITATIONS.—

''(A) IN GENERAL.—With respect to each of fiscal years 2001 through 2005, the Secretary shall ensure that the amount of a grant made to an eligible area under paragraph (2) for such a fiscal year is not less than an amount equal to 98 percent of the amount the eligible area received for the fiscal year preceding the year for which the determination is being made.

''(B) APPLICATION OF PROVISION.—Subparagraph (A) shall only apply with respect to those eligible areas receiving a grant under paragraph (2) for fiscal year 2000 in an amount that has been adjusted in accordance with paragraph (4) of this subsection (as in effect on the day before the date of enactment of the Ryan White CARE Act Amendments of 2000).''.

SEC. 108. SET-ASIDE FOR INFANTS, CHILDREN, AND WOMEN.

Section 2604(b)(3) (42 U.S.C. 300ff–14(b)(3)) is amended—

(1) by inserting ''for each population under this subsection'' after ''established priorities''; and

(2) by striking ''ratio of the'' and inserting ''ratio of each''.

Subtitle B—Amendments to Part B (Care Grant Program)

SEC. 121. STATE REQUIREMENTS CONCERNING IDENTIFICATION OF NEED AND ALLOCATION OF RESOURCES.

(a) GENERAL USE OF GRANTS.—Section 2612 (42 U.S.C. 300ff–22) is amended—

(1) by striking ''A State'' and inserting ''(a) IN GENERAL.—A State''; and

(2) in the matter following paragraph (5)—

(A) by striking ''paragraph (2)'' and inserting ''subsection (a)(2) and section 2613'';

(b) APPLICATION.—Section 2617(b) (42 U.S.C. 300ff–27(b)) is amended—

(1) in paragraph (1)(C)—

(A) by striking clause (i) and inserting the following:

''(i) the size and demographic characteristics of the population with HIV disease to be served, except that by not later than October 1, 2002, the State shall take into account the needs of individuals not in care, based on epidemiologic measures developed by the Secretary in consultation with the State, affected communities, experts, and other appropriate individuals (such State shall not be required to establish priorities for individuals not in care until such epidemiologic measures are developed);'';

(B) in clause (iii), by striking ''and'' at the end; and

(C) by adding at the end the following:

''(v) the availability of other governmental and non-governmental resources;

''(vi) the capacity development needs resulting in gaps in the provision of HIV services in historically underserved low-income and rural low-income communities; and

''(vii) the efficiency of the administrative mechanism in rapidly allocating funds to the areas of greatest need within the State;''; and

(2) in paragraph (2)—

(A) in subparagraph (B), by striking ''and'' at the end;

(B) by redesignating subparagraph (C) as subparagraph (F); and

(C) by inserting after subparagraph (B), the following:

''(C) an assurance that capacity development needs resulting from gaps in the provision of services in underserved low-income and rural low-income communities will be addressed; and

''(D) with respect to fiscal year 2003 and subsequent fiscal years, assurances that, in the planning and allocation of resources, the State, through systems of HIV-related health services provided under paragraphs (1), (2), and (3) of section 2612(a), will make appropriate provision for the HIV-related health and support service needs of individuals who have been diagnosed with HIV disease but who are not currently receiving such services, based on the epidemiologic measures developed under paragraph (1)(C)(i);''.

SEC. 122. QUALITY MANAGEMENT.

(a) STATE REQUIREMENT FOR QUALITY MANAGEMENT.—Section 2617(b)(4) (42 U.S.C. 300ff–27(b)(4)) is amended—

(1) by striking subparagraph (C) and inserting the following:

''(C) the State will provide for—

''(i) the establishment of a quality management program to assess the extent to which medical services provided to patients under the grant are consistent with the most recent Public Health Service guidelines for the treatment of HIV disease and related opportunistic infections and to develop strategies for improvements in the access to and quality of medical services; and

''(ii) a periodic review (such as through an independent peer review) to assess the quality and appropriateness of HIV-related health and support services provided by entities that receive funds from the State under this part;'';

(2) by redesignating subparagraphs (E) and (F) as subparagraphs (F) and (G), respectively;

(3) by inserting after subparagraph (D), the following:

''(E) an assurance that the State, through systems of HIV-related health services provided under paragraphs (1), (2), and (3) of section 2612(a), has considered strategies for working with providers to make optimal use of financial assistance under the State medicaid plan under title XIX of the Social Security Act, the State Children's Health Insurance Program under title XXI of such Act, and other Federal grantees that provide HIV-related services, to maximize access to quality HIV-related health and support services;

(4) in subparagraph (F), as so redesignated, by striking ''and'' at the end; and

(5) in subparagraph (G), as so redesignated, by striking the period and inserting ''; and''.

(b) AVAILABILITY OF FUNDS FOR QUALITY MANAGEMENT.—

(1) AVAILABILITY OF GRANT FUNDS FOR PLANNING AND EVALUATION.—Section 2618(c)(3) (42 U.S.C. 300ff–28(c)(3)) is amended by inserting before the period '', including not more than $3,000,000 for all activities associated with its quality management program''.

(2) EXCEPTION TO COMBINED CEILING ON PLANNING AND ADMINISTRATION FUNDS FOR STATES WITH SMALL GRANTS.—Paragraph (6) of section 2618(c) (42 U.S.C. 300ff–28(c)(6)) is amended to read as follows:

''(6) EXCEPTION FOR QUALITY MANAGEMENT.—Notwithstanding paragraph (5), a State whose grant under this part for a fiscal year does not exceed $1,500,000 may use not to exceed 20 percent of the amount of the grant for the purposes described in paragraphs (3) and (4) if—

''(A) that portion of such amount in excess of 15 percent of the grant is used for its quality management program; and

''(B) the State submits and the Secretary approves a plan (in such form and containing such information as the Secretary may prescribe) for use of funds for its quality management program.''.

SEC. 123. FUNDED ENTITIES REQUIRED TO HAVE HEALTH CARE RELATIONSHIPS.

Section 2617(b)(4) (42 U.S.C. 300ff–27(b)(4)), as amended by section 122(a), is further amended by adding at the end the following:

''(H) that funded entities maintain appropriate relationships with entities in the area served that constitute key points of access to the health care system for individuals with HIV disease (including emergency rooms, substance abuse treatment programs, detoxification centers, adult and juvenile detention facilities, sexually transmitted disease clinics, HIV counseling and testing sites, and homeless shelters), and other entities under section 2652(a), for the purpose of facilitating early intervention for individuals newly diagnosed with HIV disease and individuals knowledgeable of their status but not in care.''.

SEC. 124. SUPPORT SERVICES REQUIRED TO BE HEALTH CARE-RELATED.

(a) TECHNICAL AMENDMENT.—Section 3(c)(2)(A)(iii) of the Ryan White CARE Act Amendments of 1996 (Public Law 104–146) is amended by inserting ''before paragraph (2) as so redesignated'' after ''inserting''.

(b) SERVICES.—Section 2612(a)(1) (42 U.S.C. 300ff–22(a)(1)), as so designated by section 121(a), is amended by striking ''for individuals with HIV disease'' and inserting '', subject to the conditions and limitations that apply under such section''.

(c) CONFORMING AMENDMENT TO STATE APPLICATION REQUIREMENT.—Section 2617(b)(2) (42 U.S.C. 300ff–27(b)(2)), as amended by section 121(b), is further amended by adding at the end the following:

''(F) an assurance that the State has procedures in place to ensure that services provided with funds received under this section meet the criteria specified in section 2604(b)(1)(B); and''.

SEC. 125. USE OF GRANT FUNDS FOR EARLY INTERVENTION SERVICES.

Section 2612(a) (42 U.S.C. 300ff–22(a)), as amended by section 121, is further amended by adding at the end the following:

''(6) EARLY INTERVENTION SERVICES.—The State, through systems of HIV-related health services provided under paragraphs (1), (2), and (3) of section 2612(a), may provide early intervention services, as described in section 2651(b)(2), with follow-up referral, provided for the purpose of facilitating the access of individuals receiving the services to HIV-related health services, but only if the entity providing such services—

''(A)(i) is receiving funds under section 2612(a)(1); or

''(ii) is an entity constituting a point of access to services, as described in section 2617(b)(4), that maintains a referral relationship with an entity described in clause (i) and that is serving individuals at elevated risk of HIV disease; and

''(B) demonstrates to the State's satisfaction that no other Federal, State, or local funds are available for the early intervention services the entity will provide with funds received under this paragraph.''.

SEC. 126. AUTHORIZATION OF APPROPRIATIONS FOR HIV-RELATED SERVICES FOR WOMEN AND CHILDREN.

Section 2625(c)(2) (42 U.S.C. 300ff–33(c)(2)) is amended by striking ''fiscal years 1996 through 2000'' and inserting ''fiscal years 2001 through 2005''.

SEC. 127. REPEAL OF REQUIREMENT FOR COMPLETED INSTITUTE OF MEDICINE REPORT.

Section 2628 (42 U.S.C. 300ff–36) is repealed.

SEC. 128. SUPPLEMENT GRANTS FOR CERTAIN STATES.

Subpart I of part B of title XXVI of the Public Health Service Act (42 U.S.C. 300ff–11 et seq.) is amended by adding at the end the following:

''SEC. 2622. SUPPLEMENTAL GRANTS.

''(a) IN GENERAL.—The Secretary shall award supplemental grants to States determined to be eligible under subsection (b) to enable such States to provide comprehensive services of the type described in section 2612(a) to supplement the services otherwise provided by the State under a grant under this subpart in areas within the State that are not eligible to receive grants under part A.

''(b) ELIGIBILITY.—To be eligible to receive a supplemental grant under subsection (a) a State shall—

''(1) be eligible to receive a grant under this subpart; and

''(2) demonstrate to the Secretary that there is severe need (as defined for purposes of section 2603(b)(2)(A) for supplemental financial assistance in areas in the State that are not served through grants under part A.

''(c) APPLICATION.—A State that desires a grant under this section shall, as part of the State application submitted under section 2617, submit a detailed description of the manner in which the State will use amounts received under the grant and of the severity of need. Such description shall include—

''(1) a report concerning the dissemination of supplemental funds under this section and the plan for the utilization of such funds;

''(2) a demonstration of the existing commitment of local resources, both financial and in-kind;

''(3) a demonstration that the State will maintain HIV-related activities at a level that is equal to not less than the level of such activities in the State for the 1-year period preceding the fiscal year for which the State is applying to receive a grant under this part;

''(4) a demonstration of the ability of the State to utilize such supplemental financial resources in a manner that is immediately responsive and cost effective;

''(5) a demonstration that the resources will be allocated in accordance with the local demographic incidence of AIDS including appropriate allocations for services for infants, children, women, and families with HIV disease;

''(6) a demonstration of the inclusiveness of the planning process, with particular emphasis on affected communities and individuals with HIV disease; and

''(7) a demonstration of the manner in which the proposed services are consistent with local needs assessments and the statewide coordinated statement of need.

''(d) AMOUNT RESERVED FOR EMERGING COMMUNITIES.—

''(1) IN GENERAL.—For awarding grants under this section for each fiscal year, the Secretary shall reserve the greater of 50 percent of the amount to be utilized under subsection (e) for such fiscal year or $5,000,000, to be provided to States that contain emerging communities for use in such communities.

''(2) DEFINITION.—In paragraph (1), the term 'emerging community' means a metropolitan area—

''(A) that is not eligible for a grant under part A; and

''(B) for which there has been reported to the Director of the Centers for Disease Control and Prevention a cumulative total of between 1000 and 1999 cases of acquired immune deficiency syndrome for the most recent period of 5 calendar years for which such data are available.

''(e) APPROPRIATIONS.—With respect to each fiscal year beginning with fiscal year 2001, the Secretary, to carry out this section, shall utilize 50 percent of the amount appropriated under section 2677 to carry out part B for such fiscal year that is in excess of the amount appropriated to carry out such part in fiscal year preceding the fiscal year involved.

SEC. 129. USE OF TREATMENT FUNDS.

(a) STATE DUTIES.—Section 2616(c) (42 U.S.C. 300ff–26(c)) is amended—

(1) in the matter preceding paragraph (1), by striking ''shall—'' and inserting ''shall use funds made available under this section to—'';

(2) by redesignating paragraphs (1) through (5) as subparagraphs (A) through (E), respectively and realigning the margins of such subparagraphs appropriately;

(3) in subparagraph (D) (as so redesignated), by striking ''and'' at the end;

(4) in subparagraph (E) (as so redesignated), by striking the period and ''; and''; and

(5) by adding at the end the following:

''(F) encourage, support, and enhance adherence to and compliance with treatment regimens, including related medical monitoring.'';

(6) by striking ''In carrying'' and inserting the following:

''(1) IN GENERAL.—In carrying''; and

(7) by adding at the end the following:

''(2) LIMITATIONS.—

''(A) IN GENERAL.—No State shall use funds under paragraph (1)(F) unless the limitations on access to HIV/AIDS therapeutic regimens as defined in subsection (e)(2) are eliminated.

''(B) AMOUNT OF FUNDING.—No State shall use in excess of 10 percent of the amount setaside for use under this section in any fiscal year to carry out activities under paragraph (1)(F) unless the State demonstrates to the Secretary that such additional services are essential and in no way diminish access to therapeutics.''.

(b) SUPPLEMENT GRANTS.—Section 2616 (42 U.S.C. 300ff–26(c)) is amended by adding at the end the following:

''(e) SUPPLEMENTAL GRANTS FOR THE PROVISION OF TREATMENTS.—

''(1) IN GENERAL.—From amounts made available under paragraph (5), the Secretary shall award supplemental grants to States determined to be eligible under paragraph (2) to enable such States to provide access to therapeutics to treat HIV disease as provided by the State under subsection (c)(1)(B) for individuals at or below 200 percent of the Federal poverty line.

''(2) CRITERIA.—The Secretary shall develop criteria for the awarding of grants under paragraph (1) to States that demonstrate a severe need. In determining the criteria for demonstrating State severity of need (as defined for purposes of section 2603(b)(2)(A)), the Secretary shall consider whether limitation to access exist such that—

''(A) the State programs under this section are unable to provide HIV/AIDS therapeutic regimens to all eligible individuals living at or below 200 percent of the Federal poverty line; and

''(B) the State programs under this section are unable to provide to all eligible individuals appropriate HIV/AIDS therapeutic regimens as recommended in the most recent Federal treatment guidelines.

''(3) STATE REQUIREMENT.—The Secretary may not make a grant to a State under this subsection unless the State agrees that—

''(A) the State will make available (directly or through donations from public or private entities) non-Federal contributions toward the activities to be carried out under the grant in an amount equal to $1 for each $4 of Federal funds provided in the grant; and

''(B) the State will not impose eligibility requirements for services or scope of benefits limitations under subsection (a) that are more restrictive than such requirements in effect as of January 1, 2000.

''(4) USE AND COORDINATION.—Amounts made available under a grant under this subsection shall only be used by the State to provide AIDS/HIV-related medications. The State shall coordinate the use of such amounts with the amounts otherwise provided under this section in order to maximize drug coverage.

''(5) FUNDING.—

''(A) RESERVATION OF AMOUNT.—The Secretary may reserve not to exceed 4 percent, but not less than 2 percent, of any amount referred to in section 2618(b)(2)(H) that is appropriated for a fiscal year, to carry out this subsection.

''(B) MINIMUM AMOUNT.—In providing grants under this subsection, the Secretary shall ensure that the amount of a grant to a State under this part is not less than the amount the State received under this part in the previous fiscal year, as a result of grants provided under this subsection.''.

(c) SUPPLEMENT AND NOT SUPPLANT.—Section 2616 (42 U.S.C. 300ff–26(c)), as amended by subsection (b), is further amended by adding at the end the following:

''(f) SUPPLEMENT NOT SUPPLANT.—Notwithstanding any other provision of law, amounts made available under this section shall be used to supplement and not supplant other funding available to provide treatments of the type that may be provided under this section.''.

SEC. 130. INCREASE IN MINIMUM ALLOTMENT.

(a) IN GENERAL.—Section 2618(b)(1)(A)(i) (42 U.S.C. 300ff–28(b)(1)(A)(i)) is amended—

(1) in subclause (I), by striking ''$100,000'' and inserting ''$200,000''; and

(2) in subclause (II), by striking ''$250,000'' and inserting ''$500,000''.

(b) TECHNICAL AMENDMENT.—Section 2618(b)(3)(B) (42 U.S.C. 300ff–28(b)(3)(B)) is amended by striking ''and the Republic of the Marshall Islands'' and inserting '', the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau''.

SEC. 131. SET-ASIDE FOR INFANTS, CHILDREN, AND WOMEN.

Section 2611(b) (42 U.S.C. 300ff–21(b)) is amended—

(1) by inserting ''for each population under this subsection'' after ''State shall use''; and

(2) by striking ''ratio of the'' and inserting ''ratio of each''.

Subtitle C—Amendments to Part C (Early Intervention Services)

SEC. 141. AMENDMENT OF HEADING; REPEAL OF FORMULA GRANT PROGRAM.

(a) AMENDMENT OF HEADING.—The heading of part C of title XXVI is amended to read as follows:

''PART C—EARLY INTERVENTION AND PRIMARY CARE SERVICES''.

(b) REPEAL.—Part C of title XXVI (42 U.S.C. 300ff–41 et seq.) is amended—

(1) by repealing subpart I; and

(2) by redesignating subparts II and III as subparts I and II.

(c) CONFORMING AMENDMENTS.—

(1) INFORMATION REGARDING RECEIPT OF SERVICES.—Section 2661(a) (42 U.S.C. 300ff–61(a)) is amended by striking ''unless—'' and all that follows through ''(2) in the case of'' and inserting ''unless, in the case of''.

(2) ADDITIONAL AGREEMENTS.—Section 2664 (42 U.S.C. 300ff–64) is amended—

(A) in subsection (e)(5), by striking ''2642(b) or'';

(B) in subsection (f)(2), by striking ''2642(b) or''; and

(C) by striking subsection (h).

SEC. 142. PLANNING AND DEVELOPMENT GRANTS.

(a) ALLOWING PLANNING AND DEVELOPMENT GRANT TO EXPAND ABILITY TO PROVIDE PRIMARY CARE SERVICES.—Section 2654(c) (42 U.S.C. 300ff–54(c)) is amended—

(1) in paragraph (1), to read as follows:

''(1) IN GENERAL.—The Secretary may provide planning and development grants to public and nonprofit private entities for the purpose of—

''(A) enabling such entities to provide HIV early intervention services; or

''(B) assisting such entities to expand the capacity, preparedness, and expertise to deliver primary care services to individuals with HIV disease in underserved low-income communities on the condition that the funds are not used to purchase or improve land or to purchase, construct, or permanently improve (other than minor remodeling) any building or other facility.''; and

(2) in paragraphs (2) and (3) by striking ''paragraph (1)'' each place that such appears and inserting ''paragraph (1)(A)''.

(b) AMOUNT; DURATION.—Section 2654(c) (42 U.S.C. 300ff–54(c)), as amended by subsection (a), is further amended—

(1) by redesignating paragraph (4) as paragraph (5); and

(2) by inserting after paragraph (3) the following:

''(4) AMOUNT AND DURATION OF GRANTS.—

''(A) EARLY INTERVENTION SERVICES.—A grant under paragraph (1)(A) may be made in an amount not to exceed $50,000.

''(B) CAPACITY DEVELOPMENT.—

''(i) AMOUNT.—A grant under paragraph (1)(B) may be made in an amount not to exceed $150,000.

''(ii) DURATION.—The total duration of a grant under paragraph (1)(B), including any renewal, may not exceed 3 years.''.

(c) INCREASE IN LIMITATION.—Section 2654(c)(5) (42 U.S.C. 300ff–54(c)(5)), as so redesignated by subsection (b), is amended by striking ''1 percent'' and inserting ''5 percent''.

SEC. 143. AUTHORIZATION OF APPROPRIATIONS FOR CATEGORICAL GRANTS.

Section 2655 (42 U.S.C. 300ff–55) is amended by striking ''1996'' and all that follows through ''2000'' and inserting ''2001 through 2005''.

SEC. 144. ADMINISTRATIVE EXPENSES CEILING; QUALITY MANAGEMENT PROGRAM.

Section 2664(g) (42 U.S.C. 300ff–64(g)) is amended—

(1) in paragraph (3), to read as follows:

''(3) the applicant will not expend more than 10 percent of the grant for costs of administrative activities with respect to the grant;'';

(2) in paragraph (4), by striking the period and inserting ''; and''; and

(3) by adding at the end the following:

''(5) the applicant will provide for the establishment of a quality management program to assess the extent to which medical services funded under this title that are provided to patients are consistent with the most recent Public Health Service guidelines for the treatment of HIV disease and related opportunistic infections and that improvements in the access to and quality of medical services are addressed.''.

SEC. 145. PREFERENCE FOR CERTAIN AREAS.

Section 2651 (42 U.S.C. 300ff–51) is amended by adding at the end the following:

''(d) PREFERENCE IN AWARDING GRANTS.—Beginning in fiscal year 2001, in awarding new grants under this section, the Secretary shall give preference to applicants that will use amounts received under the grant to serve areas that are otherwise not eligible to receive assistance under part A.''.

Subtitle D—Amendments to Part D (General Provisions)

SEC. 151. RESEARCH INVOLVING WOMEN, INFANTS, CHILDREN, AND YOUTH.

(a) ELIMINATION OF REQUIREMENT TO ENROLL SIGNIFICANT NUMBERS OF WOMEN AND CHILDREN.—Section 2671(b) (42 U.S.C. 300ff–71(b)) is amended—

(1) in paragraph (1), by striking subparagraphs (C) and (D); and

(2) by striking paragraphs (3) and (4).

(b) INFORMATION AND EDUCATION.—Section 2671(d) (42 U.S.C. 300ff–71(d)) is amended by adding at the end the following:

''(4) The applicant will provide individuals with information and education on opportunities to participate in HIV/AIDS-related clinical research.''.

(c) QUALITY MANAGEMENT; ADMINISTRATIVE EXPENSES CEILING.—Section 2671(f) (42 U.S.C. 300ff–71(f)) is amended—

(1) by striking the subsection heading and designation and inserting the following:

''(f) ADMINISTRATION.—

''(1) APPLICATION.—''; and

(2) by adding at the end the following:

''(2) QUALITY MANAGEMENT PROGRAM.—A grantee under this section shall implement a quality management program.''.

(d) COORDINATION.—Section 2671(g) (42 U.S.C. 300ff–71(g)) is amended by adding at the end the following: ''The Secretary acting through the Director of NIH, shall examine the distribution and availability of ongoing and appropriate HIV/AIDS-related research projects to existing sites under this section for purposes of enhancing and expanding voluntary access to HIV-related research, especially within communities that are not reasonably served by such projects.''.

(e) AUTHORIZATION OF APPROPRIATIONS.—Section 2671(j) (42 U.S.C. 300ff–71(j)) is amended by striking ''fiscal years 1996 through 2000'' and inserting ''fiscal years 2001 through 2005''.

SEC. 152. LIMITATION ON ADMINISTRATIVE EXPENSES.

Section 2671 (42 U.S.C. 300ff–71) is amended—

(1) by redesignating subsections (i) and (j), as subsections (j) and (k), respectively; and

(2) by inserting after subsection (h), the following:

''(i) LIMITATION ON ADMINISTRATIVE EXPENSES.—

''(1) DETERMINATION BY SECRETARY.—Not later than 12 months after the date of enactment of the Ryan White Care Act Amendments of 2000, the Secretary, in consultation with grantees under this part, shall conduct a review of the administrative, program support, and direct service-related activities that are carried out under this part to ensure that eligible individuals have access to quality, HIV-related health and support services and research opportunities under this part, and to support the provision of such services.

''(2) REQUIREMENTS.—

''(A) IN GENERAL.—Not later than 180 days after the expiration of the 12-month period referred to in paragraph (1) the Secretary, in consultation with grantees under this part, shall determine the relationship between the costs of the activities referred to in paragraph (1) and the access of eligible individuals to the services and research opportunities described in such paragraph.

''(B) LIMITATION.—After a final determination under subparagraph (A), the Secretary may not make a grant under this part unless the grantee complies with such requirements as may be included in such determination.''.

SEC. 153. EVALUATIONS AND REPORTS.

Section 2674(c) (42 U.S.C. 399ff–74(c)) is amended by striking ''1991 through 1995'' and inserting ''2001 through 2005''.

SEC. 154. AUTHORIZATION OF APPROPRIATIONS FOR GRANTS UNDER PARTS A AND B.

Section 2677 (42 U.S.C. 300ff–77) is amended to read as follows:

''SEC. 2677. AUTHORIZATION OF APPROPRIATIONS.

''There are authorized to be appropriated—

''(1) such sums as may be necessary to carry out part A for each of the fiscal years 2001 through 2005; and

''(2) such sums as may be necessary to carry out part B for each of the fiscal years 2001 through 2005.''.

Subtitle E—Amendments to Part F (Demonstration and Training)

SEC. 161. AUTHORIZATION OF APPROPRIATIONS.

(a) SCHOOLS; CENTERS.—Section 2692(c)(1) (42 U.S.C. 300ff–111(c)(1)) is amended by striking ''fiscal years 1996 through 2000'' and inserting ''fiscal years 2001 through 2005''.

(b) DENTAL SCHOOLS.—Section 2692(c)(2) (42 U.S.C. 300ff–111(c)(2)) is amended by striking ''fiscal years 1996 through 2000'' and inserting ''fiscal years 2001 through 2005''.

TITLE II—MISCELLANEOUS PROVISIONS

SEC. 201. INSTITUTE OF MEDICINE STUDY.

(a) IN GENERAL.—Not later than 120 days after the date of enactment of this Act, the Secretary of Health and Human Services shall enter into a contract with the Institute of Medicine for the conduct of a study concerning the appropriate epidemiological measures and their relationship to the financing and delivery of primary care and health-related support services for low-income, uninsured, and under-insured individuals with HIV disease.

(b) REQUIREMENTS.—

(1) COMPLETION.—The study under subsection (a) shall be completed not later than 21 months after the date on which the contract referred to in such subsection is entered into.

(2) ISSUES TO BE CONSIDERED.—The study conducted under subsection (a) shall consider—

(A) the availability and utility of health outcomes measures and data for HIV primary care and support services and the extent to which those measures and data could be used to measure the quality of such funded services;

(B) the effectiveness and efficiency of service delivery (including the quality of services, health outcomes, and resource use) within the context of a changing health care and therapeutic environment as well as the changing epidemiology of the epidemic;

(C) existing and needed epidemiological data and other analytic tools for resource planning and allocation decisions, specifically for estimating severity of need of a community and the relationship to the allocations process; and

(D) other factors determined to be relevant to assessing an individual's or community's ability to gain and sustain access to quality HIV services.

(c) REPORT.—Not later than 90 days after the date on which the study is completed under subsection (a), the Secretary of Health and Human Services shall prepare and submit to the appropriate committees of Congress a report describing the manner in which the conclusions and recommendations of the Institute of Medicine can be addressed and implemented.

The SPEAKER pro tempore. Pursuant to House Resolution 611, the amendment in the nature of a substitute printed in the CONGRESSIONAL RECORD and numbered 1 is considered adopted.

The text of S. 2311, as amended pursuant to House Resolution 611, is as follows:

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Ryan White CARE Act Amendments of 2000''.

SEC. 2. TABLE OF CONTENTS.

The table of contents for this Act is as follows:

TITLE I—EMERGENCY RELIEF FOR AREAS WITH SUBSTANTIAL NEED FOR SERVICES

Subtitle A—HIV Health Services Planning Councils

SEC. 101. MEMBERSHIP OF COUNCILS.

(a) IN GENERAL.—Section 2602(b) of the Public Health Service Act (42 U.S.C. 300ff–12(b)) is amended—

(1) in paragraph (1), by striking ''demographics of the epidemic in the eligible area involved,'' and inserting ''demographics of the population of individuals with HIV disease in the eligible area involved,''; and

(2) in paragraph (2)—

(A) in subparagraph (C), by inserting before the semicolon the following: '', including providers of housing and homeless services'';

(B) in subparagraph (G), by striking ''or AIDS'';

(C) in subparagraph (K), by striking ''and'' at the end;

(D) in subparagraph (L), by striking the period and inserting the following: '', including but not limited to providers of HIV prevention services; and''; and

(E) by adding at the end the following subparagraph:

''(M) representatives of individuals who formerly were Federal, State, or local prisoners, were released from the custody of the penal system during the preceding 3 years, and had HIV disease as of the date on which the individuals were so released.''.

(b) CONFLICTS OF INTERESTS.—Section 2602(b)(5) of the Public Health Service Act (42 U.S.C. 300ff–12(b)(5)) is amended by adding at the end the following subparagraph:

''(C) COMPOSITION OF COUNCIL.—The following applies regarding the membership of a planning council under paragraph (1):

''(i) Not less than 33 percent of the council shall be individuals who are receiving HIV-related services pursuant to a grant under section 2601(a), are not officers, employees, or consultants to any entity that receives amounts from such a grant, and do not represent any such entity, and reflect the demographics of the population of individuals with HIV disease as determined under paragraph (4)(A). For purposes of the preceding sentence, an individual shall be considered to be receiving such services if the individual is a parent of, or a caregiver for, a minor child who is receiving such services.

''(ii) With respect to membership on the planning council, clause (i) may not be construed as having any effect on entities that receive funds from grants under any of parts B through F but do not receive funds from grants under section 2601(a), on officers or employees of such entities, or on individuals who represent such entities.''.

SEC. 102. DUTIES OF COUNCILS.

(a) IN GENERAL.—Section 2602(b)(4) of the Public Health Service Act (42 U.S.C. 300ff–12(b)(4)) is amended—

(1) by redesignating subparagraphs (A) through (E) as subparagraphs (C) through (G), respectively;

(2) by inserting before subparagraph (C) (as so redesignated) the following subparagraphs:

''(A) determine the size and demographics of the population of individuals with HIV disease;

''(B) determine the needs of such population, with particular attention to—

''(i) individuals with HIV disease who know their HIV status and are not receiving HIV-related services; and

''(ii) disparities in access and services among affected subpopulations and historically underserved communities;'';

(3) in subparagraph (C) (as so redesignated), by striking clauses (i) through (iv) and inserting the following:

''(i) size and demographics of the population of individuals with HIV disease (as determined under subparagraph (A)) and the needs of such population (as determined under subparagraph (B));

''(ii) demonstrated (or probable) cost effectiveness and outcome effectiveness of proposed strategies and interventions, to the extent that data are reasonably available;

''(iii) priorities of the communities with HIV disease for whom the services are intended;

''(iv) coordination in the provision of services to such individuals with programs for HIV prevention and for the prevention and treatment of substance abuse, including programs that provide comprehensive treatment for such abuse;

''(v) availability of other governmental and non-governmental resources, including the State medicaid plan under title XIX of the Social Security Act and the State Children's Health Insurance Program under title XXI of such Act to cover health care costs of eligible individuals and families with HIV disease; and

''(vi) capacity development needs resulting from disparities in the availability of HIV-related services in historically underserved communities;'';

(4) in subparagraph (D) (as so redesignated), by amending the subparagraph to read as follows:

''(D) develop a comprehensive plan for the organization and delivery of health and support services described in section 2604 that—

''(i) includes a strategy for identifying individuals who know their HIV status and are not receiving such services and for informing the individuals of and enabling the individuals to utilize the services, giving particular attention to eliminating disparities in access and services among affected subpopulations and historically underserved communities, and including discrete goals, a timetable, and an appropriate allocation of funds;

''(ii) includes a strategy to coordinate the provision of such services with programs for HIV prevention (including outreach and early intervention) and for the prevention and treatment of substance abuse (including programs that provide comprehensive treatment services for such abuse); and

''(iii) is compatible with any State or local plan for the provision of services to individuals with HIV disease;'';

(5) in subparagraph (F) (as so redesignated), by striking ''and'' at the end;

(6) in subparagraph (G) (as so redesignated)—

(A) by striking ''public meetings,'' and inserting ''public meetings (in accordance with paragraph (7)),''; and

(B) by striking the period and inserting ''; and''; and

(7) by adding at the end the following subparagraph:

''(H) coordinate with Federal grantees that provide HIV-related services within the eligible area.''.

(b) PROCESS FOR ESTABLISHING ALLOCATION PRIORITIES.—Section 2602 of the Public Health Service Act (42 U.S.C. 300ff–12) is amended by adding at the end the following subsection:

''(d) PROCESS FOR ESTABLISHING ALLOCATION PRIORITIES.—Promptly after the date of the submission of the report required in section 501(b) of the Ryan White CARE Act Amendments of 2000 (relating to the relationship between epidemiological measures and health care for certain individuals with HIV disease), the Secretary, in consultation with planning councils and entities that receive amounts from grants under section 2601(a) or 2611, shall develop epidemiologic measures—

''(1) for establishing the number of individuals living with HIV disease who are not receiving HIV-related health services; and

''(2) for carrying out the duties under subsection (b)(4) and section 2617(b).''.

(c) TRAINING.—Section 2602 of the Public Health Service Act (42 U.S.C. 300ff–12), as amended by subsection (b) of this section, is amended by adding at the end the following subsection:

''(e) TRAINING GUIDANCE AND MATERIALS.—The Secretary shall provide to each chief elected official receiving a grant under 2601(a) guidelines and materials for training members of the planning council under paragraph (1) regarding the duties of the council.''.

(d) CONFORMING AMENDMENT.—Section 2603(c) of the Public Health Service Act (42 U.S.C. 300ff–12(b)) is amended by striking ''section 2602(b)(3)(A)'' and inserting ''section 2602(b)(4)(C)''.

SEC. 103. OPEN MEETINGS; OTHER ADDITIONAL PROVISIONS.

Section 2602(b) of the Public Health Service Act (42 U.S.C. 300ff–12(b)) is amended—

(1) in paragraph (3), by striking subparagraph (C); and

(2) by adding at the end the following paragraph:

''(7) PUBLIC DELIBERATIONS.—With respect to a planning council under paragraph (1), the following applies:

''(A) The council may not be chaired solely by an employee of the grantee under section 2601(a).

''(B) In accordance with criteria established by the Secretary:

''(i) The meetings of the council shall be open to the public and shall be held only after adequate notice to the public.

''(ii) The records, reports, transcripts, minutes, agenda, or other documents which were made available to or prepared for or by the council shall be available for public inspection and copying at a single location.

''(iii) Detailed minutes of each meeting of the council shall be kept. The accuracy of all minutes shall be certified to by the chair of the council.

''(iv) This subparagraph does not apply to any disclosure of information of a personal nature that would constitute a clearly unwarranted invasion of personal privacy, including any disclosure of medical information or personnel matters.''.

Subtitle B—Type and Distribution of Grants

SEC. 111. FORMULA GRANTS.

(a) EXPEDITED DISTRIBUTION.—Section 2603(a)(2) of the Public Health Service Act (42 U.S.C. 300ff–13(a)(2)) is amended in the first sentence by striking ''for each of the fiscal years 1996 through 2000'' and inserting ''for a fiscal year''.

(b) AMOUNT OF GRANT; ESTIMATE OF LIVING CASES.—

(1) IN GENERAL.—Section 2603(a)(3)) of the Public Health Service Act (42 U.S.C. 300ff–13(a)(3)) is amended—

(A) in subparagraph (C)(i), by inserting before the semicolon the following: '', except that (subject to subparagraph (D)), for grants made pursuant to this paragraph for fiscal year 2005 and subsequent fiscal years, the cases counted for each 12-month period beginning on or after July 1, 2004, shall be cases of HIV disease (as reported to and confirmed by such Director) rather than cases of acquired immune deficiency syndrome''; and

(B) in subparagraph (C), in the matter after and below clause (ii)(X)—

(i) in the first sentence, by inserting before the period the following: '', and shall be reported to the congressional committees of jurisdiction''; and

(ii) by adding at the end the following sentence: ''Updates shall as applicable take into account the counting of cases of HIV disease pursuant to clause (i).''.

(2) DETERMINATION OF SECRETARY REGARDING DATA ON HIV CASES.—Section 2603(a)(3)) of the Public Health Service Act (42 U.S.C. 300ff–13(a)(3)) is amended—

(A) by redesignating subparagraph (D) as subparagraph (E); and

(B) by inserting after subparagraph (C) the following subparagraph:

''(D) DETERMINATION OF SECRETARY REGARDING DATA ON HIV CASES.—

''(i) IN GENERAL.—Not later than July 1, 2004, the Secretary shall determine whether there is data on cases of HIV disease from all eligible areas (reported to and confirmed by the Director of the Centers for Disease Control and Prevention) sufficiently accurate and reliable for use for purposes of subparagraph (C)(i). In making such a determination, the Secretary shall take into consideration the findings of the study under section 501(b) of the Ryan White CARE Act Amendments of 2000 (relating to the relationship between epidemiological measures and health care for certain individuals with HIV disease).

''(ii) EFFECT OF ADVERSE DETERMINATION.—If under clause (i) the Secretary determines that data on cases of HIV disease is not sufficiently accurate and reliable for use for purposes of subparagraph (C)(i), then notwithstanding such subparagraph, for any fiscal year prior to fiscal year 2007 the references in such subparagraph to cases of HIV disease do not have any legal effect.

''(iii) GRANTS AND TECHNICAL ASSISTANCE REGARDING COUNTING OF HIV CASES.—Of the amounts appropriated under section 318B for a fiscal year, the Secretary shall reserve amounts to make grants and provide technical assistance to States and eligible areas with respect to obtaining data on cases of HIV disease to ensure that data on such cases is available from all States and eligible areas as soon as is practicable but not later than the beginning of fiscal year 2007.''.

(c) INCREASES IN GRANT.—Section 2603(a)(4)) of the Public Health Service Act (42 U.S.C. 300ff–13(a)(4)) is amended to read as follows:

''(4) INCREASES IN GRANT.—

''(A) IN GENERAL.—For each fiscal year in a protection period for an eligible area, the Secretary shall increase the amount of the grant made pursuant to paragraph (2) for the area to ensure that—

''(i) for the first fiscal year in the protection period, the grant is not less than 98 percent of the amount of the grant made for the eligible area pursuant to such paragraph for the base year for the protection period;

''(ii) for any second fiscal year in such period, the grant is not less than 95 percent of the amount of such base year grant;

''(iii) for any third fiscal year in such period, the grant is not less than 92 percent of the amount of the base year grant;

''(iv) for any fourth fiscal year in such period, the grant is not less than 89 percent of the amount of the base year grant; and

''(v) for any fifth or subsequent fiscal year in such period, if, pursuant to paragraph (3)(D)(ii)), the references in paragraph (3)(C)(i) to HIV disease do not have any legal effect, the grant is not less than 85 percent of the amount of the base year grant.

''(B) SPECIAL RULE.—If for fiscal year 2005, pursuant to paragraph (3)(D)(ii), data on cases of HIV disease are used for purposes of paragraph (3)(C)(i), the Secretary shall increase the amount of a grant made pursuant to paragraph (2) for an eligible area to ensure that the grant is not less than 98 percent of the amount of the grant made for the area in fiscal year 2004.

''(C) BASE YEAR; PROTECTION PERIOD.—With respect to grants made pursuant to paragraph (2) for an eligible area:

''(i) The base year for a protection period is the fiscal year preceding the trigger grant-reduction year.

''(ii) The first trigger grant-reduction year is the first fiscal year (after fiscal year 2000) for which the grant for the area is less than the grant for the area for the preceding fiscal year.

''(iii) A protection period begins with the trigger grant-reduction year and continues until the beginning of the first fiscal year for which the amount of the grant determined pursuant to paragraph (2) for the area equals or exceeds the amount of the grant determined under subparagraph (A).

''(iv) Any subsequent trigger grant-reduction year is the first fiscal year, after the end of the preceding protection period, for which the amount of the grant is less than the amount of the grant for the preceding fiscal year.''.

SEC. 112. SUPPLEMENTAL GRANTS.

(a) IN GENERAL.—Section 2603(b)(2) of the Public Health Service Act (42 U.S.C. 300ff–13(b)(2)) is amended—

(1) in the heading for the paragraph, by striking ''DEFINITION'' and inserting ''AMOUNT OF GRANT'';

(2) by redesignating subparagraphs (A) through (C) as subparagraphs (B) through (D), respectively;

(3) by inserting before subparagraph (B) (as so redesignated) the following subparagraph:

''(A) IN GENERAL.—The amount of each grant made for purposes of this subsection shall be determined by the Secretary based on a weighting of factors under paragraph (1), with severe need under subparagraph (B) of such paragraph counting one-third.'';

(4) in subparagraph (B) (as so redesignated)—

(A) in clause (ii), by striking ''and'' at the end;

(B) in clause (iii), by striking the period and inserting a semicolon; and

(C) by adding at the end the following clauses:

''(iv) the current prevalence of HIV disease;

''(v) an increasing need for HIV-related services, including relative rates of increase in the number of cases of HIV disease; and

''(vi) unmet need for such services, as determined under section 2602(b)(4).'';

(5) in subparagraph (C) (as so redesignated)—

(A) by striking ''subparagraph (A)'' each place such term appears and inserting ''subparagraph (B)'';

(B) in the second sentence, by striking ''2 years after the date of enactment of this paragraph'' and inserting ''18 months after the date of the enactment of the Ryan White CARE Act Amendments of 2000''; and

(C) by inserting after the second sentence the following sentence: ''Such a mechanism shall be modified to reflect the findings of the study under section 501(b) of the Ryan White CARE Act Amendments of 2000 (relating to the relationship between epidemiological measures and health care for certain individuals with HIV disease).''; and

(6) in subparagraph (D) (as so redesignated), by striking ''subparagraph (B)'' and inserting ''subparagraph (C)''.

(b) REQUIREMENTS FOR APPLICATION.—Section 2603(b)(1)(E) of the Public Health Service Act (42 U.S.C. 300ff–13(b)(1)(E)) is amended by inserting ''youth,'' after ''children,''.

(c) TECHNICAL AND CONFORMING AMENDMENT.—Section 2603(b) of the Public Health Service Act (42 U.S.C. 300ff–13(b)) is amended—

(1) by striking paragraph (4);

(2) by redesignating paragraph (5) as paragraph (4); and

(3) in paragraph (4) (as so redesignated), in subparagraph (B), by striking ''grants'' and inserting ''grant''.

Subtitle C—Other Provisions

SEC. 121. USE OF AMOUNTS.

(a) PRIMARY PURPOSES.—Section 2604(b)(1) of the Public Health Service Act (42 U.S.C. 300ff–14(b)(1)) is amended—

(1) in the matter preceding subparagraph (A), by striking ''HIV-related—'' and inserting ''HIV-related services, as follows:'';

(2) in subparagraph (A)—

(A) by striking ''outpatient'' and all that follows through ''substance abuse treatment and'' and inserting the following: ''Outpatient and ambulatory health services, including substance abuse treatment,''; and

(B) by striking ''; and'' and inserting a period;

(3) in subparagraph (B), by striking ''(B) inpatient case management'' and inserting ''(C) Inpatient case management'';

(4) by inserting after subparagraph (A) the following subparagraph:

''(B) Outpatient and ambulatory support services (including case management), to the extent that such services facilitate, enhance, support, or sustain the delivery, continuity, or benefits of health services for individuals and families with HIV disease.''; and

(5) by adding at the end the following:

''(D) Outreach activities that are intended to identify individuals with HIV disease who know their HIV status and are not receiving HIV-related services, and that are—

''(i) necessary to implement the strategy under section 2602(b)(4)(D), including activities facilitating the access of such individuals to HIV-related primary care services at entities described in paragraph (3)(A);

''(ii) conducted in a manner consistent with the requirements under sections 2605(a)(3) and 2651(b)(2); and

''(iii) supplement, and do not supplant, such activities that are carried out with amounts appropriated under section 317.''.

(b) EARLY INTERVENTION SERVICES.—Section 2604(b) (42 U.S.C. 300ff–14(b)) of the Public Health Service Act is amended—

(1) by redesignating paragraph (3) as paragraph (4); and

(2) by inserting after paragraph (2) the following:

''(3) EARLY INTERVENTION SERVICES.—

''(A) IN GENERAL.—The purposes for which a grant under section 2601 may be used include providing to individuals with HIV disease early intervention services described in section 2651(b)(2), with follow-up referral provided for the purpose of facilitating the access of individuals receiving the services to HIV-related health services. The entities through which such services may be provided under the grant include public health departments, emergency rooms, substance abuse and mental health treatment programs, detoxification centers, detention facilities, clinics regarding sexually transmitted diseases, homeless shelters, HIV disease counseling and testing sites, health care points of entry specified by eligible areas, federally qualified health centers, and entities described in section 2652(a) that constitute a point of access to services by maintaining referral relationships.

''(B) CONDITIONS.—With respect to an entity that proposes to provide early intervention services under subparagraph (A), such subparagraph applies only if the entity demonstrates to the satisfaction of the chief elected official for the eligible area involved that—

''(i) Federal, State, or local funds are otherwise inadequate for the early intervention services the entity proposes to provide; and

''(ii) the entity will expend funds pursuant to such subparagraph to supplement and not supplant other funds available to the entity for the provision of early intervention services for the fiscal year involved.''.

(c) PRIORITY FOR WOMEN, INFANTS, AND CHILDREN.—Section 2604(b) (42 U.S.C. 300ff–14(b)) of the Public Health Service Act is amended in paragraph (4) (as redesignated by subsection (b)(1) of this section) by amending the paragraph to read as follows:

''(4) PRIORITY FOR WOMEN, INFANTS AND CHILDREN.—

''(A) IN GENERAL.—For the purpose of providing health and support services to infants, children, youth, and women with HIV disease, including treatment measures to prevent the perinatal transmission of HIV, the chief elected official of an eligible area, in accordance with the established priorities of the planning council, shall for each of such populations in the eligible area use, from the grants made for the area under section 2601(a) for a fiscal year, not less than the percentage constituted by the ratio of the population involved (infants, children, youth, or women in such area) with acquired immune deficiency syndrome to the general population in such area of individuals with such syndrome.

''(B) WAIVER.—With respect the population involved, the Secretary may provide to the chief elected official of an eligible area a waiver of the requirement of subparagraph (A) if such official demonstrates to the satisfaction of the Secretary that the population is receiving HIV-related health services through the State medicaid program under title XIX of the Social Security Act, the State children's health insurance program under title XXI of such Act, or other Federal or State programs.''.

(d) QUALITY MANAGEMENT.—Section 2604 of the Public Health Service Act (42 U.S.C. 300ff–14) is amended—

(1) by redesignating subsections (c) through (f) as subsections (d) through (g), respectively; and

(2) by inserting after subsection (b) the following:

''(c) QUALITY MANAGEMENT.—

''(1) REQUIREMENT.—The chief elected official of an eligible area that receives a grant under this part shall provide for the establishment of a quality management program to assess the extent to which HIV health services provided to patients under the grant are consistent with the most recent Public Health Service guidelines for the treatment of HIV disease and related opportunistic infection, and as applicable, to develop strategies for ensuring that such services are consistent with the guidelines for improvement in the access to and quality of HIV health services.

''(2) USE OF FUNDS.—From amounts received under a grant awarded under this part for a fiscal year, the chief elected official of an eligible area may (in addition to amounts to which subsection (f)(1) applies) use for activities associated with the quality management program required in paragraph (1) not more than the lesser of—

''(A) 5 percent of amounts received under the grant; or

''(B) $3,000,000.''.

SEC. 122. APPLICATION.

(a) IN GENERAL.—Section 2605(a) of the Public Health Service Act (42 U.S.C. 300ff–15(a)) is amended—

(1) by redesignating paragraphs (3) through (6) as paragraphs (5) through (8), respectively; and

(2) by inserting after paragraph (2) the following paragraphs:

''(3) that entities within the eligible area that receive funds under a grant under this part will maintain appropriate relationships with entities in the eligible area served that constitute key points of access to the health care system for individuals with HIV disease (including emergency rooms, substance abuse treatment programs, detoxification centers, adult and juvenile detention facilities, sexually transmitted disease clinics, HIV counseling and testing sites, mental health programs, and homeless shelters), and other entities under section 2604(b)(3) and 2652(a), for the purpose of facilitating early intervention for individuals newly diagnosed with HIV disease and individuals knowledgeable of their HIV status but not in care;

''(4) that the chief elected official of the eligible area will satisfy all requirements under section 2604(c);''.

(b) CONFORMING AMENDMENTS.—Section 2605(a) (42 U.S.C. 300ff–15(a)(1)) is amended—

(1) in paragraph (1)—

(A) in subparagraph (A), by striking ''services to individuals with HIV disease'' and inserting ''services as described in section 2604(b)(1)''; and

(B) in subparagraph (B), by striking ''services for individuals with HIV disease'' and inserting ''services as described in section 2604(b)(1)'';

(2) in paragraph (7) (as redesignated by subsection (a)(1) of this section), by striking ''and'' at the end;

(3) in paragraph (8) (as so redesignated), by striking the period and inserting ''; and''; and

(4) by adding at the end the following paragraph:

''(9) that the eligible area has procedures in place to ensure that services provided with funds received under this part meet the criteria specified in section 2604(b)(1).''.

TITLE II—CARE GRANT PROGRAM

Subtitle A—General Grant Provisions

SEC. 201. PRIORITY FOR WOMEN, INFANTS, AND CHILDREN.

Section 2611(b) of the Public Health Service Act (42 U.S.C. 300ff–21(b)) is amended to read as follows:

''(b) PRIORITY FOR WOMEN, INFANTS AND CHILDREN.—

''(1) IN GENERAL.—For the purpose of providing health and support services to infants, children, youth, and women with HIV disease, including treatment measures to prevent the perinatal transmission of HIV, a State shall for each of such populations use, of the funds allocated under this part to the State for a fiscal year, not less than the percentage constituted by the ratio of the population involved (infants, children, youth, or women in the State) with acquired immune deficiency syndrome to the general population in the State of individuals with such syndrome.

''(2) WAIVER.—With respect the population involved, the Secretary may provide to a State a waiver of the requirement of paragraph (1) if the State demonstrates to the satisfaction of the Secretary that the population is receiving HIV-related health services through the State medicaid program under title XIX of the Social Security Act, the State children's health insurance program under title XXI of such Act, or other Federal or State programs.''.

SEC. 202. USE OF GRANTS.

Section 2612 of the Public Health Service Act (42 U.S.C. 300ff–22) is amended—

(1) by striking ''A State may use'' and inserting ''(a) IN GENERAL.—A State may use''; and

(2) by adding at the end the following subsections:

''(b) SUPPORT SERVICES; OUTREACH.—The purposes for which a grant under this part may be used include delivering or enhancing the following:

''(1) Outpatient and ambulatory support services under section 2611(a) (including case management) to the extent that such services facilitate, enhance, support, or sustain the delivery, continuity, or benefits of health services for individuals and families with HIV disease.

''(2) Outreach activities that are intended to identify individuals with HIV disease who know their HIV status and are not receiving HIV-related services, and that are—

''(A) necessary to implement the strategy under section 2617(b)(4)(B), including activities facilitating the access of such individuals to HIV-related primary care services at entities described in subsection (c)(1);

''(B) conducted in a manner consistent with the requirement under section 2617(b)(6)(G) and 2651(b)(2); and

''(C) supplement, and do not supplant, such activities that are carried out with amounts appropriated under section 317.

''(c) EARLY INTERVENTION SERVICES.—

''(1) IN GENERAL.—The purposes for which a grant under this part may be used include providing to individuals with HIV disease

early intervention services described in section 2651(b)(2), with follow-up referral provided for the purpose of facilitating the access of individuals receiving the services to HIV-related health services. The entities through which such services may be provided under the grant include public health departments, emergency rooms, substance abuse and mental health treatment programs, detoxification centers, detention facilities, clinics regarding sexually transmitted diseases, homeless shelters, HIV disease counseling and testing sites, health care points of entry specified by States or eligible areas, federally qualified health centers, and entities described in section 2652(a) that constitute a point of access to services by maintaining referral relationships.

''(2) CONDITIONS.—With respect to an entity that proposes to provide early intervention services under paragraph (1), such paragraph applies only if the entity demonstrates to the satisfaction of the State involved that—

''(A) Federal, State, or local funds are otherwise inadequate for the early intervention services the entity proposes to provide; and

''(B) the entity will expend funds pursuant to such paragraph to supplement and not supplant other funds available to the entity for the provision of early intervention services for the fiscal year involved.

''(d) QUALITY MANAGEMENT.—

''(1) REQUIREMENT.—Each State that receives a grant under this part shall provide for the establishment of a quality management program to assess the extent to which HIV health services provided to patients under the grant are consistent with the most recent Public Health Service guidelines for the treatment of HIV disease and related opportunistic infection, and as applicable, to develop strategies for ensuring that such services are consistent with the guidelines for improvement in the access to and quality of HIV health services.

''(2) USE OF FUNDS.—From amounts received under a grant awarded under this part for a fiscal year, the State may (in addition to amounts to which section 2618(b)(5) applies) use for activities associated with the quality management program required in paragraph (1) not more than the lesser of—

''(A) 5 percent of amounts received under the grant; or

''(B) $3,000,000.''.

SEC. 203. GRANTS TO ESTABLISH HIV CARE CONSORTIA.

Section 2613 of the Public Health Service Act (42 U.S.C. 300ff–23) is amended—

(1) in subsection (b)(1)—

(A) in subparagraph (A), by inserting before the semicolon the following: '', particularly those experiencing disparities in access and services and those who reside in historically underserved communities''; and

(B) in subparagraph (B), by inserting after ''by such consortium'' the following: ''is consistent with the comprehensive plan under 2617(b)(4) and'';

(2) in subsection (c)(1)—

(A) in subparagraph (D), by striking ''and'' after the semicolon at the end;

(B) in subparagraph (E), by striking the period and inserting ''; and''; and

(C) by adding at the end the following subparagraph:

''(F) demonstrates that adequate planning occurred to address disparities in access and services and historically underserved communities.''; and

(3) in subsection (c)(2)—

(A) in subparagraph (B), by striking ''and'' after the semicolon;

(B) in subparagraph (C), by striking the period and inserting ''; and''; and

(C) by inserting after subparagraph (C) the following subparagraph:

''(D) the types of entities described in section 2602(b)(2).''.

SEC. 204. PROVISION OF TREATMENTS.

(a) IN GENERAL.—Section 2616(c) of the Public Health Service Act (42 U.S.C. 300ff–26(c)) is amended—

(1) in paragraph (4), by striking ''and'' after the semicolon at the end;

(2) in paragraph (5), by striking the period and inserting ''; and''; and

(3) by inserting after paragraph (5) the following:

''(6) encourage, support, and enhance adherence to and compliance with treatment regimens, including related medical monitoring.

''Of the amount reserved by a State for a fiscal year for use under this section, the State may not use more than 5 percent to carry out services under paragraph (6), except that the percentage applicable with respect to such paragraph is 10 percent if the State demonstrates to the Secretary that such additional services are essential and in no way diminish access to the therapeutics described in subsection (a).''.

(b) HEALTH INSURANCE AND PLANS.—Section 2616 of the Public Health Service Act (42 U.S.C. 300ff–26) is amended by adding at the end the following subsection:

''(e) USE OF HEALTH INSURANCE AND PLANS.—

''(1) IN GENERAL.—In carrying out subsection (a), a State may expend a grant under this part to provide the therapeutics described in such subsection by paying on behalf of individuals with HIV disease the costs of purchasing or maintaining health insurance or plans whose coverage includes a full range of such therapeutics and appropriate primary care services.

''(2) LIMITATION.—The authority established in paragraph (1) applies only to the extent that, for the fiscal year involved, the costs of the health insurance or plans to be purchased or maintained under such paragraph do not exceed the costs of otherwise providing therapeutics described in subsection (a).''.

SEC. 205. STATE APPLICATION.

(a) DETERMINATION OF SIZE AND NEEDS OF POPULATION; COMPREHENSIVE PLAN.—Section 2617(b) of the Public Health Service Act (42 U.S.C. 300ff–27(b)) is amended—

(1) by redesignating paragraphs (2) through (4) as paragraphs (4) through (6), respectively;

(2) by inserting after paragraph (1) the following paragraphs:

''(2) a determination of the size and demographics of the population of individuals with HIV disease in the State;

''(3) a determination of the needs of such population, with particular attention to—

''(A) individuals with HIV disease who know their HIV status and are not receiving HIV-related services; and

''(B) disparities in access and services among affected subpopulations and historically underserved communities;''; and

(3) in paragraph (4) (as so redesignated)—

(A) by striking ''comprehensive plan for the organization'' and inserting ''comprehensive plan that describes the organization'';

(B) by striking '', including—'' and inserting '', and that—'';

(C) by redesignating subparagraphs (A) through (C) as subparagraphs (D) through (F), respectively;

(D) by inserting before subparagraph (C) the following subparagraphs:

''(A) establishes priorities for the allocation of funds within the State based on—

''(i) size and demographics of the population of individuals with HIV disease (as determined under paragraph (2)) and the needs of such population (as determined under paragraph (3));

''(ii) availability of other governmental and non-governmental resources, including the State medicaid plan under title XIX of the Social Security Act and the State Children's Health Insurance Program under title XXI of such Act to cover health care costs of eligible individuals and families with HIV disease;

''(iii) capacity development needs resulting from disparities in the availability of HIV-related services in historically underserved communities and rural communities; and

''(iv) the efficiency of the administrative mechanism of the State for rapidly allocating funds to the areas of greatest need within the State;

''(B) includes a strategy for identifying individuals who know their HIV status and are not receiving such services and for informing the individuals of and enabling the individuals to utilize the services, giving particular attention to eliminating disparities in access and services among affected subpopulations and historically underserved communities, and including discrete goals, a timetable, and an appropriate allocation of funds;

''(C) includes a strategy to coordinate the provision of such services with programs for HIV prevention (including outreach and early intervention) and for the prevention and treatment of substance abuse (including programs that provide comprehensive treatment services for such abuse);'';

(E) in subparagraph (D) (as redesignated by subparagraph (C) of this paragraph), by inserting ''describes'' before ''the services and activities'';

(F) in subparagraph (E) (as so redesignated), by inserting ''provides'' before ''a description''; and

(G) in subparagraph (F) (as so redesignated), by inserting ''provides'' before ''a description''.

(b) PUBLIC PARTICIPATION.—Section 2617(b) of the Public Health Service Act, as amended by subsection (a) of this section, is amended—

(1) in paragraph (5), by striking ''HIV'' and inserting ''HIV disease''; and

(2) in paragraph (6), by amending subparagraph (A) to read as follows:

''(A) the public health agency that is administering the grant for the State engages in a public advisory planning process, including public hearings, that includes the participants under paragraph (5), and the types of entities described in section 2602(b)(2), in developing the comprehensive plan under paragraph (4) and commenting on the implementation of such plan;''.

(c) HEALTH CARE RELATIONSHIPS.—Section 2617(b) of the Public Health Service Act, as amended by subsection (a) of this section, is amended in paragraph (6)—

(1) in subparagraph (E), by striking ''and'' at the end;

(2) in subparagraph (F), by striking the period and inserting ''; and''; and

(3) by adding at the end the following subparagraph:

''(G) entities within areas in which activities under the grant are carried out will maintain appropriate relationships with entities in the area served that constitute key points of access to the health care system for individuals with HIV disease (including emergency rooms, substance abuse treatment programs, detoxification centers, adult and juvenile detention facilities, sexually

transmitted disease clinics, HIV counseling and testing sites, mental health programs, and homeless shelters), and other entities under section 2612(c) and 2652(a), for the purpose of facilitating early intervention for individuals newly diagnosed with HIV disease and individuals knowledgeable of their HIV status but not in care.''.

SEC. 206. DISTRIBUTION OF FUNDS.

(a) MINIMUM ALLOTMENT.—Section 2618 of the Public Health Service Act (42 U.S.C. 300ff–28) is amended—

(1) by redesignating subsections (b) through (e) as subsections (a) through (d), respectively; and

(2) in subsection (a) (as so redesignated), in paragraph (1)(A)(i)—

(A) in subclause (I), by striking ''$100,000'' and inserting ''$200,000''; and

(B) in subclause (II), by striking ''$250,000'' and inserting ''$500,000''.

(b) AMOUNT OF GRANT; ESTIMATE OF LIVING CASES.—Section 2618(a) of the Public Health Service Act (as redesignated by subsection (a)(1) of this section) is amended in paragraph (2)—

(1) in subparagraph (D)(i), by inserting before the semicolon the following: '', except that (subject to subparagraph (E)), for grants made pursuant to this paragraph or section 2620 for fiscal year 2005 and subsequent fiscal years, the cases counted for each 12-month period beginning on or after July 1, 2004, shall be cases of HIV disease (as reported to and confirmed by such Director) rather than cases of acquired immune deficiency syndrome'';

(2) by redesignating subparagraphs (E) through (H) as subparagraphs (F) through (I), respectively; and

(3) by inserting after subparagraph (D) the following subparagraph:

''(E) DETERMINATION OF SECRETARY REGARDING DATA ON HIV CASES.—If under 2603(a)(3)(D)(i) the Secretary determines that data on cases of HIV disease are not sufficiently accurate and reliable, then notwithstanding subparagraph (D) of this paragraph, for any fiscal year prior to fiscal year 2007 the references in such subparagraph to cases of HIV disease do not have any legal effect.''.

(c) INCREASES IN FORMULA AMOUNT.—Section 2618(a) of the Public Health Service Act (as redesignated by subsection (a)(1) of this section) is amended—

(1) in paragraph (1)(A)(ii), by inserting before the semicolon the following: ''and then, as applicable, increased under paragraph (2)(H)''; and

(2) in paragraph (2)—

(A) in subparagraph (A)(i), by striking ''subparagraph (H)'' and inserting ''subparagraphs (H) and (I)''; and

(B) in subparagraph (H) (as redesignated by subsection (b)(2) of this section), by amending the subparagraph to read as follows:

''(H) LIMITATION.—

''(i) IN GENERAL.—The Secretary shall ensure that the amount of a grant awarded to a State or territory under section 2611 or subparagraph (I)(i) for a fiscal year is not less than—

''(I) with respect to fiscal year 2001, 99 percent;

''(II) with respect to fiscal year 2002, 98 percent;

''(III) with respect to fiscal year 2003, 97 percent;

''(IV) with respect to fiscal year 2004, 96 percent; and

''(V) with respect to fiscal year 2005, 95 percent,

of the amount such State or territory received for fiscal year 2000 under section 2611 or subparagraph (I)(i), respectively (notwithstanding such subparagraph). In administering this subparagraph, the Secretary shall, with respect to States or territories that will under such section receive grants in amounts that exceed the amounts that such States received under such section or subparagraph for fiscal year 2000, proportionally reduce such amounts to ensure compliance with this subparagraph. In making such reductions, the Secretary shall ensure that no such State receives less than that State received for fiscal year 2000.

''(ii) RATABLE REDUCTION.—If the amount appropriated under section 2677 for a fiscal year and available for grants under section 2611 or subparagraph (I)(i) is less than the amount appropriated and available for fiscal year 2000 under section 2611 or subparagraph (I)(i), respectively, the limitation contained in clause (i) for the grants involved shall be reduced by a percentage equal to the percentage of the reduction in such amounts appropriated and available.''.

(d) TERRITORIES.—Section 2618(a) of the Public Health Service Act (as redesignated by subsection (a)(1) of this section) is amended in paragraph (1)(B) by inserting ''the greater of $50,000 or'' after ''shall be''.

(e) SEPARATE TREATMENT DRUG GRANTS.—Section 2618(a) of the Public Health Service Act (as redesignated by subsection (a)(1) of this section and amended by subsection (b)(2) of this section) is amended in paragraph (2)(I)—

(1) by redesignating clauses (i) and (ii) as subclauses (I) and (II), respectively;

(2) by striking ''(I) APPROPRIATIONS'' and all that follows through ''With respect to'' and inserting the following:

''(I) APPROPRIATIONS FOR TREATMENT DRUG PROGRAM.—

''(i) FORMULA GRANTS.—With respect to'';

(3) in subclause (I) of clause (i) (as designated by paragraphs (1) and (2)), by inserting before the semicolon the following: '', less the percentage reserved under clause (ii)(V)''; and

(4) by adding at the end the following clause:

''(ii) SUPPLEMENTAL TREATMENT DRUG GRANTS.—

''(I) IN GENERAL.—From amounts made available under subclause (V), the Secretary shall make supplemental grants to States described in subclause (II) to enable such States to increase access to therapeutics described in section 2616(a), as provided by the State under section 2616(c)(2).

''(II) ELIGIBLE STATES.—For purposes of subclause (I), a State described in this subclause is a State that, in accordance with criteria established by the Secretary, demonstrates a severe need for a grant under such subclause. In developing such criteria, the Secretary shall consider eligibility standards, formulary composition, and the number of eligible individuals at or below 200 percent of the official poverty line to whom the State is unable to provide therapeutics described in section 2616(a).

''(III) STATE REQUIREMENTS.—The Secretary may not make a grant to a State under this clause unless the State agrees that—

''(aa) the State will make available (directly or through donations from public or private entities) non-Federal contributions toward the activities to carried out under the grant in an amount equal to $1 for each $4 of Federal funds provided in the grant; and

''(bb) the State will not impose eligibility requirements for services or scope of benefits limitations under section 2616(a) that are more restrictive than such requirements in effect as of January 1, 2000.

''(IV) USE AND COORDINATION.—Amounts made available under a grant under this clause shall only be used by the State to provide HIV/AIDS-related medications. The State shall coordinate the use of such amounts with the amounts otherwise provided under section 2616(a) in order to maximize drug coverage.

''(V) FUNDING.—For the purpose of making grants under this clause, the Secretary shall each fiscal year reserve 3 percent of the amount referred to in clause (i) with respect to section 2616, subject to subclause (VI).

''(VI) LIMITATION.—In reserving amounts under subclause (V) and making grants under this clause for a fiscal year, the Secretary shall ensure for each State that the total of the grant under section 2611 for the State for the fiscal year and the grant under clause (i) for the State for the fiscal year is not less than such total for the State for the preceding fiscal year.''.

(f) TECHNICAL AMENDMENT.—Section 2618(a) of the Public Health Service Act (as redesignated by subsection (a)(1) of this section) is amended in paragraph (3)(B) by striking ''and the Republic of the Marshall Islands'' and inserting ''the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau, and only for purposes of paragraph (1) the Commonwealth of Puerto Rico''.

SEC. 207. SUPPLEMENTAL GRANTS FOR CERTAIN STATES.

Subpart I of part B of title XXVI of the Public Health Service Act (42 U.S.C. 300ff–11 et seq.) is amended—

(1) by striking section 2621; and

(2) by inserting after section 2619 the following section:

''SEC. 2620. SUPPLEMENTAL GRANTS.

''(a) IN GENERAL.—The Secretary shall award supplemental grants to States determined to be eligible under subsection (b) to enable such States to provide comprehensive services of the type described in section 2612(a) to supplement the services otherwise provided by the State under a grant under this subpart in emerging communities within the State that are not eligible to receive grants under part A.

''(b) ELIGIBILITY.—To be eligible to receive a supplemental grant under subsection (a), a State shall—

''(1) be eligible to receive a grant under this subpart;

''(2) demonstrate the existence in the State of an emerging community as defined in subsection (d)(1); and

''(3) submit the information described in subsection (c).

''(c) REPORTING REQUIREMENTS.—A State that desires a grant under this section shall, as part of the State application submitted under section 2617, submit a detailed description of the manner in which the State will use amounts received under the grant and of the severity of need. Such description shall include—

''(1) a report concerning the dissemination of supplemental funds under this section and the plan for the utilization of such funds in the emerging community;

''(2) a demonstration of the existing commitment of local resources, both financial and in-kind;

''(3) a demonstration that the State will maintain HIV-related activities at a level that is equal to not less than the level of such activities in the State for the 1-year period preceding the fiscal year for which the State is applying to receive a grant under this part;

''(4) a demonstration of the ability of the State to utilize such supplemental financial resources in a manner that is immediately responsive and cost effective;

''(5) a demonstration that the resources will be allocated in accordance with the local demographic incidence of AIDS including appropriate allocations for services for infants, children, women, and families with HIV disease;

''(6) a demonstration of the inclusiveness of the planning process, with particular emphasis on affected communities and individuals with HIV disease; and

''(7) a demonstration of the manner in which the proposed services are consistent with local needs assessments and the statewide coordinated statement of need.

''(d) DEFINITION OF EMERGING COMMUNITY.—In this section, the term 'emerging community' means a metropolitan area—

''(1) that is not eligible for a grant under part A; and

''(2) for which there has been reported to the Director of the Centers for Disease Control and Prevention a cumulative total of between 500 and 1999 cases of acquired immune deficiency syndrome for the most recent period of 5 calendar years for which such data are available (except that, for fiscal year 2005 and subsequent fiscal years, cases of HIV disease shall be counted rather than cases of acquired immune deficiency syndrome if cases of HIV disease are being counted for purposes of section 2618(a)(2)(D)(i)).

''(e) FUNDING.—

''(1) IN GENERAL.—Subject to paragraph (2), with respect to each fiscal year beginning with fiscal year 2001, the Secretary, to carry out this section, shall utilize—

''(A) the greater of—

''(i) 25 percent of the amount appropriated under 2677 to carry out part B, excluding the amount appropriated under section 2618(a)(2)(I), for such fiscal year that is in excess of the amount appropriated to carry out such part in fiscal year preceding the fiscal year involved; or

''(ii) $5,000,000;

to provide funds to States for use in emerging communities with at least 1000, but less than 2000, cases of AIDS as reported to and confirmed by the Director of the Centers for Disease Control and Prevention for the five year period preceding the year for which the grant is being awarded; and

''(B) the greater of—

''(i) 25 percent of the amount appropriated under 2677 to carry out part B, excluding the amount appropriated under section 2618(a)(2)(I), for such fiscal year that is in excess of the amount appropriated to carry out such part in fiscal year preceding the fiscal year involved; or

''(ii) $5,000,000;

to provide funds to States for use in emerging communities with at least 500, but less than 1000, cases of AIDS reported to and confirmed by the Director of the Centers for Disease Control and Prevention for the five year period preceding the year for which the grant is being awarded.

''(2) TRIGGER OF FUNDING.—This section shall be effective only for fiscal years beginning in the first fiscal year in which the amount appropriated under 2677 to carry out part B, excluding the amount appropriated under section 2618(a)(2)(I), exceeds by at least $20,000,000 the amount appropriated under 2677 to carry out part B in fiscal year 2000, excluding the amount appropriated under section 2618(a)(2)(I).

''(3) MINIMUM AMOUNT IN FUTURE YEARS.—Beginning with the first fiscal year in which amounts provided for emerging communities under paragraph (1)(A) equals $5,000,000 and under paragraph (1)(B) equals $5,000,000, the Secretary shall ensure that amounts made available under this section for the types of emerging communities described in each such paragraph in subsequent fiscal years is at least $5,000,000.

''(4) DISTRIBUTION.—Grants under this section for emerging communities shall be formula grants. There shall be two categories of such formula grants, as follows:

''(A) One category of such grants shall be for emerging communities for which the cumulative total of cases for purposes of subsection (d)(2) is 999 or fewer cases. The grant made to such an emerging community for a fiscal year shall be the product of—

''(i) an amount equal to 50 percent of the amount available pursuant to this subsection for the fiscal year involved; and

''(ii) a percentage equal to the ratio constituted by the number of cases for such emerging community for the fiscal year over the aggregate number of such cases for such year for all emerging communities to which this subparagraph applies.

''(B) The other category of formula grants shall be for emerging communities for which the cumulative total of cases for purposes of subsection (d)(2) is 1000 or more cases. The grant made to such an emerging community for a fiscal year shall be the product of—

''(i) an amount equal to 50 percent of the amount available pursuant to this subsection for the fiscal year involved; and

''(ii) a percentage equal to the ratio constituted by the number of cases for such community for the fiscal year over the aggregate number of such cases for the fiscal year for all emerging communities to which this subparagraph applies.''.

Subtitle B—Provisions Concerning Pregnancy and Perinatal Transmission of HIV

SEC. 211. REPEALS.

Subpart II of part B of title XXVI of the Public Health Service Act (42 U.S.C. 300ff–33 et seq.) is amended—

(1) in section 2626, by striking each of subsections (d) through (f);

(2) by striking sections 2627 and 2628; and

(3) by redesignating section 2629 as section 2627.

SEC. 212. GRANTS.

(a) IN GENERAL.—Section 2625(c) of the Public Health Service Act (42 U.S.C. 300ff–33) is amended—

(1) in paragraph (1), by inserting at the end the following subparagraph:

''(F) Making available to pregnant women with HIV disease, and to the infants of women with such disease, treatment services for such disease in accordance with applicable recommendations of the Secretary.'';

(2) by amending paragraph (2) to read as follows:

''(2) FUNDING.—

''(A) AUTHORIZATION OF APPROPRIATIONS.—For the purpose of carrying out this subsection, there are authorized to be appropriated $30,000,000 for each of the fiscal years 2001 through 2005. Amounts made available under section 2677 for carrying out this part are not available for carrying out this section unless otherwise authorized.

''(B) ALLOCATIONS FOR CERTAIN STATES.—

''(i) IN GENERAL.—Of the amounts appropriated under subparagraph (A) for a fiscal year in excess of $10,000,000—

''(I) the Secretary shall reserve the applicable percentage under clause (iv) for making grants under paragraph (1) both to States described in clause (ii) and States described in clause (iii); and

''(II) the Secretary shall reserve the remaining amounts for other States, taking into consideration the factors described in subparagraph (C)(iii), except that this subclause does not apply to any State that for the fiscal year involved is receiving amounts pursuant to subclause (I).

''(ii) REQUIRED TESTING OF NEWBORNS.—For purposes of clause (i)(I), the States described in this clause are States that under law (including under regulations or the discretion of State officials) have—

''(I) a requirement that all newborn infants born in the State be tested for HIV disease and that the biological mother of each such infant, and the legal guardian of the infant (if other than the biological mother), be informed of the results of the testing; or

''(II) a requirement that newborn infants born in the State be tested for HIV disease in circumstances in which the attending obstetrician for the birth does not know the HIV status of the mother of the infant, and that the biological mother of each such infant, and the legal guardian of the infant (if other than the biological mother), be informed of the results of the testing.

''(iii) MOST SIGNIFICANT REDUCTION IN CASES OF PERINATAL TRANSMISSION.—For purposes of clause (i)(I), the States described in this clause are the following (exclusive of States described in clause (ii)), as applicable:

''(I) For fiscal years 2001 and 2002, the two States that, relative to other States, have the most significant reduction in the rate of new cases of the perinatal transmission of HIV (as indicated by the number of such cases reported to the Director of the Centers for Disease Control and Prevention for the most recent periods for which the data are available).

''(II) For fiscal years 2003 and 2004, the three States that have the most significant such reduction.

''(III) For fiscal year 2005, the four States that have the most significant such reduction.

''(iv) APPLICABLE PERCENTAGE.—For purposes of clause (i), the applicable amount for a fiscal year is as follows:

''(I) For fiscal year 2001, 33 percent.

''(II) For fiscal year 2002, 50 percent.

''(III) For fiscal year 2003, 67 percent.

''(IV) For fiscal year 2004, 75 percent.

''(V) For fiscal year 2005, 75 percent.

''(C) CERTAIN PROVISIONS.—With respect to grants under paragraph (1) that are made with amounts reserved under subparagraph (B) of this paragraph:

''(i) Such a grant may not be made in an amount exceeding $4,000,000.

''(ii) If pursuant to clause (i) or pursuant to an insufficient number of qualifying applications for such grants (or both), the full amount reserved under subparagraph (B) for a fiscal year is not obligated, the requirement under such subparagraph to reserve amounts ceases to apply.

''(iii) In the case of a State that meets the conditions to receive amounts reserved under subparagraph (B)(i)(II), the Secretary shall in making grants consider the following factors:

''(I) The extent of the reduction in the rate of new cases of the perinatal transmission of HIV.

''(II) The extent of the reduction in the rate of new cases of perinatal cases of acquired immune deficiency syndrome.

''(III) The overall incidence of cases of infection with HIV among women of childbearing age.

''(IV) The overall incidence of cases of acquired immune deficiency syndrome among women of childbearing age.

''(V) The higher acceptance rate of HIV testing of pregnant women.

''(VI) The extent to which women and children with HIV disease are receiving HIV-related health services.

''(VII) The extent to which HIV-exposed children are receiving health services appropriate to such exposure.''; and

(3) by adding at the end the following paragraph:

''(4) MAINTENANCE OF EFFORT.—A condition for the receipt of a grant under paragraph (1) is that the State involved agree that the grant will be used to supplement and not supplant other funds available to the State to carry out the purposes of the grant.''.

(b) SPECIAL FUNDING RULE FOR FISCAL YEAR 2001.—

(1) IN GENERAL.—If for fiscal year 2001 the amount appropriated under paragraph (2)(A) of section 2625(c) of the Public Health Service Act is less than $14,000,000—

(A) the Secretary of Health and Human Services shall, for the purpose of making grants under paragraph (1) of such section, reserve from the amount specified in paragraph (2) of this subsection an amount equal to the difference between $14,000,000 and the amount appropriated under paragraph (2)(A) of such section for such fiscal year (notwithstanding any other provision of this Act or the amendments made by this Act);

(B) the amount so reserved shall, for purposes of paragraph (2)(B)(i) of such section, be considered to have been appropriated under paragraph (2)(A) of such section; and

(C) the percentage specified in paragraph (2)(B)(iv)(I) of such section is deemed to be 50 percent.

(2) ALLOCATION FROM INCREASES IN FUNDING FOR PART B.—For purposes of paragraph (1), the amount specified in this paragraph is the amount by which the amount appropriated under section 2677 of the Public Health Service Act for fiscal year 2001 and available for grants under section 2611 of such Act is an increase over the amount so appropriated and available for fiscal year 2000.

SEC. 213. STUDY BY INSTITUTE OF MEDICINE.

Subpart II of part B of title XXVI of the Public Health Service Act, as amended by section 211(3), is amended by adding at the end the following section:

''SEC. 2628. RECOMMENDATIONS FOR REDUCING INCIDENCE OF PERINATAL TRANSMISSION.

''(a) STUDY BY INSTITUTE OF MEDICINE.—

''(1) IN GENERAL.—The Secretary shall request the Institute of Medicine to enter into an agreement with the Secretary under which such Institute conducts a study to provide the following:

''(A) For the most recent fiscal year for which the information is available, a determination of the number of newborn infants with HIV born in the United States with respect to whom the attending obstetrician for the birth did not know the HIV status of the mother.

''(B) A determination for each State of any barriers, including legal barriers, that prevent or discourage an obstetrician from making it a routine practice to offer pregnant women an HIV test and a routine practice to test newborn infants for HIV disease in circumstances in which the obstetrician does not know the HIV status of the mother of the infant.

''(C) Recommendations for each State for reducing the incidence of cases of the perinatal transmission of HIV, including recommendations on removing the barriers identified under subparagraph (B).

If such Institute declines to conduct the study, the Secretary shall enter into an agreement with another appropriate public or nonprofit private entity to conduct the study.

''(2) REPORT.—The Secretary shall ensure that, not later than 18 months after the effective date of this section, the study required in paragraph (1) is completed and a report describing the findings made in the study is submitted to the appropriate committees of the Congress, the Secretary, and the chief public health official of each of the States.

''(b) PROGRESS TOWARD RECOMMENDATIONS.—In fiscal year 2004, the Secretary shall collect information from the States describing the actions taken by the States toward meeting the recommendations specified for the States under subsection (a)(1)(C).

''(c) SUBMISSION OF REPORTS TO CONGRESS.—The Secretary shall submit to the appropriate committees of the Congress reports describing the information collected under subsection (b).''.

Subtitle C—Certain Partner Notification Programs

SEC. 221. GRANTS FOR COMPLIANT PARTNER NOTIFICATION PROGRAMS.

Part B of title XXVI of the Public Health Service Act (42 U.S.C. 300ff–21 et seq.) is amended by adding at the end the following subpart:

''Subpart III—Certain Partner Notification Programs

''SEC. 2631. GRANTS FOR PARTNER NOTIFICATION PROGRAMS.

''(a) IN GENERAL.—In the case of States whose laws or regulations are in accordance with subsection (b), the Secretary, subject to subsection (c)(2), may make grants to the States for carrying out programs to provide partner counseling and referral services.

''(b) DESCRIPTION OF COMPLIANT STATE PROGRAMS.—For purposes of subsection (a), the laws or regulations of a State are in accordance with this subsection if under such laws or regulations (including programs carried out pursuant to the discretion of State officials) the following policies are in effect:

''(1) The State requires that the public health officer of the State carry out a program of partner notification to inform partners of individuals with HIV disease that the partners may have been exposed to the disease.

''(2)(A) In the case of a health entity that provides for the performance on an individual of a test for HIV disease, or that treats the individual for the disease, the State requires, subject to subparagraph (B), that the entity confidentially report the positive test results to the State public health officer in a manner recommended and approved by the Director of the Centers for Disease Control and Prevention, together with such additional information as may be necessary for carrying out such program.

''(B) The State may provide that the requirement of subparagraph (A) does not apply to the testing of an individual for HIV disease if the individual underwent the testing through a program designed to perform the test and provide the results to the individual without the individual disclosing his or her identity to the program. This subparagraph may not be construed as affecting the requirement of subparagraph (A) with respect to a health entity that treats an individual for HIV disease.

''(3) The program under paragraph (1) is carried out in accordance with the following:

''(A) Partners are provided with an appropriate opportunity to learn that the partners have been exposed to HIV disease, subject to subparagraph (B).

''(B) The State does not inform partners of the identity of the infected individuals involved.

''(C) Counseling and testing for HIV disease are made available to the partners and to infected individuals, and such counseling includes information on modes of transmission for the disease, including information on prenatal and perinatal transmission and preventing transmission.

''(D) Counseling of infected individuals and their partners includes the provision of information regarding therapeutic measures for preventing and treating the deterioration of the immune system and conditions arising from the disease, and the provision of other prevention-related information.

''(E) Referrals for appropriate services are provided to partners and infected individuals, including referrals for support services and legal aid.

''(F) Notifications under subparagraph (A) are provided in person, unless doing so is an unreasonable burden on the State.

''(G) There is no criminal or civil penalty on, or civil liability for, an infected individual if the individual chooses not to identify the partners of the individual, or the individual does not otherwise cooperate with such program.

''(H) The failure of the State to notify partners is not a basis for the civil liability of any health entity who under the program reported to the State the identity of the infected individual involved.

''(I) The State provides that the provisions of the program may not be construed as prohibiting the State from providing a notification under subparagraph (A) without the consent of the infected individual involved.

''(4) The State annually reports to the Director of the Centers for Disease Control and Prevention the number of individuals from whom the names of partners have been sought under the program under paragraph (1), the number of such individuals who provided the names of partners, and the number of partners so named who were notified under the program.

''(5) The State cooperates with such Director in carrying out a national program of partner notification, including the sharing of information between the public health officers of the States.

''(c) REPORTING SYSTEM FOR CASES OF HIV DISEASE; PREFERENCE IN MAKING GRANTS.—In making grants under subsection (a), the Secretary shall give preference to States whose reporting systems for cases of HIV disease produce data on such cases that is sufficiently accurate and reliable for use for purposes of section 2618(a)(2)(D)(i).

''(d) AUTHORIZATION OF APPROPRIATIONS.—For the purpose of carrying out this section, there are authorized to be appropriated $30,000,000 for fiscal year 2001, and such sums as may be necessary for each of the fiscal years 2002 through 2005.''.

TITLE III—EARLY INTERVENTION SERVICES

Subtitle A—Formula Grants for States

SEC. 301. REPEAL OF PROGRAM.

(a) REPEAL.—Subpart I of part C of title XXVI of the Public Health Service Act (42 U.S.C. 300ff–41 et seq.) is repealed.

(b) CONFORMING AMENDMENTS.—Part C of title XXVI of the Public Health Service Act (42 U.S.C. 300ff–41 et seq.), as amended by subsection (a) of this section, is amended—

(1) by redesignating subparts II and III as subparts I and II, respectively;

(2) in section 2661(a), by striking ''unless—'' and all that follows through ''(2) in the case of'' and inserting ''unless, in the case of''; and

(3) in section 2664—

(A) in subsection (e)(5), by striking ''2642(b) or'';

(B) in subsection (f)(2), by striking ''2642(b) or''; and

(C) by striking subsection (h).

Subtitle B—Categorical Grants

SEC. 311. PREFERENCES IN MAKING GRANTS.

Section 2653 of the Public Health Service Act (42 U.S.C. 300ff–53) is amended by adding at the end the following subsection:

''(d) CERTAIN AREAS.—Of the applicants who qualify for preference under this section—

''(1) the Secretary shall give preference to applicants that will expend the grant under section 2651 to provide early intervention under such section in rural areas; and

''(2) the Secretary shall give special consideration to areas that are underserved with respect to such services.''.

SEC. 312. PLANNING AND DEVELOPMENT GRANTS.

(a) IN GENERAL.—Section 2654(c)(1) of the Public Health Service Act (42 U.S.C. 300ff–54(c)(1)) is amended by striking ''planning grants'' and all that follows and inserting the following: ''planning grants to public and nonprofit private entities for purposes of—

''(A) enabling such entities to provide HIV early intervention services; and

''(B) assisting the entities in expanding their capacity to provide HIV-related health services, including early intervention services, in low-income communities and affected subpopulations that are underserved with respect to such services (subject to the condition that a grant pursuant to this subparagraph may not be expended to purchase or improve land, or to purchase, construct, or permanently improve, other than minor remodeling, any building or other facility).''.

(b) AMOUNT; DURATION.—Section 2654(c) of the Public Health Service Act (42 U.S.C. 300ff–54(c)) is further amended—

(1) by redesignating paragraph (4) as paragraph (5); and

(2) by inserting after paragraph (3) the following:

''(4) AMOUNT AND DURATION OF GRANTS.—

''(A) EARLY INTERVENTION SERVICES.—A grant under paragraph (1)(A) may be made in an amount not to exceed $50,000.

''(B) CAPACITY DEVELOPMENT.—

''(i) AMOUNT.—A grant under paragraph (1)(B) may be made in an amount not to exceed $150,000.

''(ii) DURATION.—The total duration of a grant under paragraph (1)(B), including any renewal, may not exceed 3 years.''.

(c) INCREASE IN LIMITATION.—Section 2654(c)(5) of the Public Health Service Act (42 U.S.C. 300ff–54(c)(5)), as redesignated by subsection (b), is amended by striking ''1 percent'' and inserting ''5 percent''.

SEC. 313. AUTHORIZATION OF APPROPRIATIONS.

Section 2655 of the Public Health Service Act (42 U.S.C. 300ff–55) is amended by striking ''in each of'' and all that follows and inserting ''for each of the fiscal years 2001 through 2005.''.

Subtitle C—General Provisions

SEC. 321. PROVISION OF CERTAIN COUNSELING SERVICES.

Section 2662(c)(3) of the Public Health Service Act (42 U.S.C. 300ff–62(c)(3)) is amended—

(1) in the matter preceding subparagraph (A), by striking ''counseling on—'' and inserting ''counseling—'';

(2) in each of subparagraphs (A), (B), and (D), by inserting ''on'' after the subparagraph designation; and

(3) in subparagraph (C)—

(A) by striking ''(C) the benefits'' and inserting ''(C)(i) that explains the benefits''; and

(B) by inserting after clause (i) (as designated by subparagraph (A) of this paragraph) the following clause:

''(ii) that emphasizes it is the duty of infected individuals to disclose their infected status to their sexual partners and their partners in the sharing of hypodermic needles; that provides advice to infected individuals on the manner in which such disclosures can be made; and that emphasizes that it is the continuing duty of the individuals to avoid any behaviors that will expose others to HIV.''.

SEC. 322. ADDITIONAL REQUIRED AGREEMENTS.

Section 2664(g) of the Public Health Service Act (42 U.S.C. 300ff–64(g)) is amended—

(1) in paragraph (3)—

(A) by striking ''7.5 percent'' and inserting ''10 percent''; and

(B) by striking ''and'' after the semicolon at the end;

(2) in paragraph (4), by striking the period and inserting ''; and''; and

(3) by adding at the end the following paragraph:

''(5) the applicant will provide for the establishment of a quality management program—

''(A) to assess the extent to which medical services funded under this title that are provided to patients are consistent with the most recent Public Health Service guidelines for the treatment of HIV disease and related opportunistic infections, and as applicable, to develop strategies for ensuring that such services are consistent with the guidelines; and

''(B) to ensure that improvements in the access to and quality of HIV health services are addressed.''.

TITLE IV—OTHER PROGRAMS AND ACTIVITIES

Subtitle A—Certain Programs for Research, Demonstrations, or Training

SEC. 401. GRANTS FOR COORDINATED SERVICES AND ACCESS TO RESEARCH FOR WOMEN, INFANTS, CHILDREN, AND YOUTH.

(a) ELIMINATION OF REQUIREMENT TO ENROLL SIGNIFICANT NUMBERS OF WOMEN AND CHILDREN.—Section 2671(b) (42 U.S.C. 300ff–71(b)) is amended—

(1) in paragraph (1), by striking subparagraphs (C) and (D) and inserting the following:

''(C) The applicant will demonstrate linkages to research and how access to such research is being offered to patients.''; and

(2) by striking paragraphs (3) and (4).

(b) INFORMATION AND EDUCATION.—Section 2671(d) (42 U.S.C. 300ff–71(d)) is amended by adding at the end the following:

''(4) The applicant will provide individuals with information and education on opportunities to participate in HIV/AIDS-related clinical research.''.

(c) QUALITY MANAGEMENT; ADMINISTRATIVE EXPENSES CEILING.—Section 2671(f) (42 U.S.C. 300ff–71(f)) is amended—

(1) by striking the subsection heading and designation and inserting the following:

''(f) ADMINISTRATION.—

''(1) APPLICATION.—''; and

(2) by adding at the end the following:

''(2) QUALITY MANAGEMENT PROGRAM.—A grantee under this section shall implement a quality management program to assess the extent to which HIV health services provided to patients under the grant are consistent with the most recent Public Health Service guidelines for the treatment of HIV disease and related opportunistic infection, and as applicable, to develop strategies for ensuring that such services are consistent with the guidelines for improvement in the access to and quality of HIV health services.''.

(d) COORDINATION.—Section 2671(g) (42 U.S.C. 300ff–71(g)) is amended by adding at the end the following: ''The Secretary acting through the Director of NIH, shall examine the distribution and availability of ongoing and appropriate HIV/AIDS-related research projects to existing sites under this section for purposes of enhancing and expanding voluntary access to HIV-related research, especially within communities that are not reasonably served by such projects. Not later than 12 months after the date of enactment of the Ryan White CARE Act Amendments of 2000, the Secretary shall prepare and submit to the appropriate committees of Congress a report that describes the findings made by the Director and the manner in which the conclusions based on those findings can be addressed.''.

(e) ADMINISTRATIVE EXPENSES.—Section 2671 of the Public Health Service Act (42 U.S.C. 300ff–71) is amended—

(1) by redesignating subsections (i) and (j) as subsections (j) and (k), respectively; and

(2) by inserting after subsection (h) the following subsection:

''(i) LIMITATION ON ADMINISTRATIVE EXPENSES.—

''(1) DETERMINATION BY SECRETARY.—Not later than 12 months after the date of enactment of the Ryan White Care Act Amendments of 2000, the Secretary, in consultation with grantees under this part, shall conduct a review of the administrative, program support, and direct service-related activities that are carried out under this part to ensure that eligible individuals have access to quality, HIV-related health and support services and research opportunities under this part, and to support the provision of such services.

''(2) REQUIREMENTS.—

''(A) IN GENERAL.—Not later than 180 days after the expiration of the 12-month period referred to in paragraph (1) the Secretary, in consultation with grantees under this part, shall determine the relationship between the costs of the activities referred to in paragraph (1) and the access of eligible individuals to the services and research opportunities described in such paragraph.

''(B) LIMITATION.—After a final determination under subparagraph (A), the Secretary may not make a grant under this part unless the grantee complies with such requirements as may be included in such determination.''.

(f) AUTHORIZATION OF APPROPRIATIONS.—Section 2671 of the Public Health Service Act (42 U.S.C. 300ff–71) is amended in subsection (j) (as redesignated by subsection (e)(1) of this section) by striking ''fiscal years 1996 through 2000'' and inserting ''fiscal years 2001 through 2005''.

SEC. 402. AIDS EDUCATION AND TRAINING CENTERS.

(a) SCHOOLS; CENTERS.—

(1) IN GENERAL.—Section 2692(a)(1) of the Public Health Service Act (42 U.S.C. 300ff–111(a)(1)) is amended—

(A) in subparagraph (A)—

(i) by striking ''training'' and inserting ''to train'';

(ii) by striking ''and including'' and inserting '', including''; and

(iii) by inserting before the semicolon the following: '', and including (as applicable to the type of health professional involved), prenatal and other gynecological care for women with HIV disease'';

(B) in subparagraph (B), by striking ''and'' after the semicolon at the end;

(C) in subparagraph (C), by striking the period and inserting ''; and''; and

(D) by adding at the end the following:

''(D) to develop protocols for the medical care of women with HIV disease, including prenatal and other gynecological care for such women.''.

(2) DISSEMINATION OF TREATMENT GUIDELINES; MEDICAL CONSULTATION ACTIVITIES.—Not later than 90 days after the date of the enactment of this Act, the Secretary of Health and Human Services shall issue and begin implementation of a strategy for the dissemination of HIV treatment information to health care providers and patients.

(b) DENTAL SCHOOLS.—Section 2692(b) of the Public Health Service Act (42 U.S.C. 300ff–111(b)) is amended—

(1) by amending paragraph (1) to read as follows:

''(1) IN GENERAL.—

''(A) GRANTS.—The Secretary may make grants to dental schools and programs described in subparagraph (B) to assist such schools and programs with respect to oral health care to patients with HIV disease.

''(B) ELIGIBLE APPLICANTS.—For purposes of this subsection, the dental schools and programs referred to in this subparagraph are dental schools and programs that were described in section 777(b)(4)(B) as such section was in effect on the day before the date of the enactment of the Health Professions Education Partnerships Act of 1998 (Public Law 105–392) and in addition dental hygiene programs that are accredited by the Commission on Dental Accreditation.'';

(2) in paragraph (2), by striking ''777(b)(4)(B)'' and inserting ''the section referred to in paragraph (1)(B)''; and

(3) by inserting after paragraph (4) the following paragraph:

''(5) COMMUNITY-BASED CARE.—The Secretary may make grants to dental schools and programs described in paragraph (1)(B) that partner with community-based dentists to provide oral health care to patients with HIV disease in unserved areas. Such partnerships shall permit the training of dental students and residents and the participation of community dentists as adjunct faculty.''.

(c) AUTHORIZATION OF APPROPRIATIONS.—

(1) SCHOOLS; CENTERS.—Section 2692(c)(1) of the Public Health Service Act (42 U.S.C. 300ff–111(c)(1)) is amended by striking ''fiscal years 1996 through 2000'' and inserting ''fiscal years 2001 through 2005''.

(2) DENTAL SCHOOLS.—Section 2692(c)(2) of the Public Health Service Act (42 U.S.C. 300ff–111(c)(2)) is amended to read as follows:

''(2) DENTAL SCHOOLS.—

''(A) IN GENERAL.—For the purpose of grants under paragraphs (1) through (4) of subsection (b), there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

''(B) COMMUNITY-BASED CARE.—For the purpose of grants under subsection (b)(5), there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.''.

Subtitle B—General Provisions in Title XXVI

SEC. 411. EVALUATIONS AND REPORTS.

Section 2674(c) of the Public Health Service Act (42 U.S.C. 300ff–74(c)) is amended by striking ''1991 through 1995'' and inserting ''2001 through 2005''.

SEC. 412. DATA COLLECTION THROUGH CENTERS FOR DISEASE CONTROL AND PREVENTION.

Part B of title III of the Public Health Service Act (42 U.S.C. 243 et seq.) is amended by inserting after section 318A the following section:

''DATA COLLECTION REGARDING PROGRAMS UNDER TITLE XXVI

''SEC. 318B. For the purpose of collecting and providing data for program planning and evaluation activities under title XXVI, there are authorized to be appropriated to the Secretary (acting through the Director of the Centers for Disease Control and Prevention) such sums as may be necessary for each of the fiscal years 2001 through 2005. Such authorization of appropriations is in addition to other authorizations of appropriations that are available for such purpose.''.

SEC. 413. COORDINATION.

Section 2675 of the Public Health Service Act (42 U.S.C. 300ff–75) is amended—

(1) by amending subsection (a) to read as follows:

''(a) REQUIREMENT.—The Secretary shall ensure that the Health Resources and Services Administration, the Centers for Disease Control and Prevention, the Substance Abuse and Mental Health Services Administration, and the Health Care Financing Administration coordinate the planning, funding, and implementation of Federal HIV programs to enhance the continuity of care and prevention services for individuals with HIV disease or those at risk of such disease. The Secretary shall consult with other Federal agencies, including the Department of Veterans Affairs, as needed and utilize planning information submitted to such agencies by the States and entities eligible for support.'';

(2) by redesignating subsections (b) and (c) as subsections (c) and (d), respectively;

(3) by inserting after subsection (b) the following subsection:

''(b) REPORT.—The Secretary shall biennially prepare and submit to the appropriate committees of the Congress a report concerning the coordination efforts at the Federal, State, and local levels described in this section, including a description of Federal barriers to HIV program integration and a strategy for eliminating such barriers and enhancing the continuity of care and prevention services for individuals with HIV disease or those at risk of such disease.''; and

(4) in each of subsections (c) and (d) (as redesignated by paragraph (2) of this section), by inserting ''and prevention services'' after ''continuity of care'' each place such term appears.

SEC. 414. PLAN REGARDING RELEASE OF PRISONERS WITH HIV DISEASE.

Section 2675 of the Public Health Service Act, as amended by section 413(2) of this Act, is amended by adding at the end the following subsection:

''(e) RECOMMENDATIONS REGARDING RELEASE OF PRISONERS.—After consultation with the Attorney General and the Director of the Bureau of Prisons, with States, with eligible areas under part A, and with entities that receive amounts from grants under part A or B, the Secretary, consistent with the coordination required in subsection (a), shall develop a plan for the medical case management of and the provision of support services to individuals who were Federal or State prisoners and had HIV disease as of the date on which the individuals were released from the custody of the penal system. The Secretary shall submit the plan to the Congress not later than 2 years after the date of the enactment of the Ryan White CARE Act Amendments of 2000.''.

SEC. 415. AUDITS.

Part D of title XXVI of the Public Health Service Act (42 U.S.C. 300ff–71 et seq.) is amended by inserting after section 2675 the following section:

''SEC. 2675A. AUDITS.

''For fiscal year 2002 and subsequent fiscal years, the Secretary may reduce the amounts of grants under this title to a State or political subdivision of a State for a fiscal year if, with respect to such grants for the second preceding fiscal year, the State or subdivision fails to prepare audits in accordance with the procedures of section 7502 of title 31, United States Code. The Secretary shall annually select representative samples of such audits, prepare summaries of the selected audits, and submit the summaries to the Congress.''.

SEC. 416. ADMINISTRATIVE SIMPLIFICATION.

Part D of title XXVI of the Public Health Service Act, as amended by section 415 of this Act, is amended by inserting after section 2675A the following section:

''SEC. 2675B. ADMINISTRATIVE SIMPLIFICATION REGARDING PARTS A AND B.

''(a) COORDINATED DISBURSEMENT.—After consultation with the States, with eligible areas under part A, and with entities that receive amounts from grants under part A or B, the Secretary shall develop a plan for coordinating the disbursement of appropriations for grants under part A with the disbursement of appropriations for grants under part B in order to assist grantees and other recipients of amounts from such grants in complying with the requirements of such parts. The Secretary shall submit the plan to the Congress not later than 18 months after the date of the enactment of the Ryan White CARE Act Amendments of 2000. Not later than 2 years after the date on which the plan is so submitted, the Secretary shall complete the implementation of the plan, notwithstanding any provision of this title that is inconsistent with the plan.

''(b) BIENNIAL APPLICATIONS.—After consultation with the States, with eligible areas under part A, and with entities that receive amounts from grants under part A or B, the Secretary shall make a determination of whether the administration of parts A and B by the Secretary, and the efficiency of grantees under such parts in complying with the requirements of such parts, would be improved by requiring that applications for grants under such parts be submitted biennially rather than annually. The Secretary shall submit such determination to the Congress not later than 2 years after the date of the enactment of the Ryan White CARE Act Amendments of 2000.

''(c) APPLICATION SIMPLIFICATION.—After consultation with the States, with eligible areas under part A, and with entities that receive amounts from grants under part A or B, the Secretary shall develop a plan for simplifying the process for applications under parts A and B. The Secretary shall submit the plan to the Congress not later than 18 months after the date of the enactment of the Ryan White CARE Act Amendments of 2000. Not later than 2 years after the date on which the plan is so submitted, the Secretary shall complete the implementation of the plan, notwithstanding any provision of this title that is inconsistent with the plan.''.

SEC. 417. AUTHORIZATION OF APPROPRIATIONS FOR PARTS A AND B.

Section 2677 of the Public Health Service Act (42 U.S.C. 300ff–77) is amended to read as follows:

''SEC. 2677. AUTHORIZATION OF APPROPRIATIONS.

''(a) PART A.—For the purpose of carrying out part A, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

''(b) PART B.—For the purpose of carrying out part B, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.''.

TITLE V—GENERAL PROVISIONS

SEC. 501. STUDIES BY INSTITUTE OF MEDICINE.

(a) STATE SURVEILLANCE SYSTEMS ON PREVALENCE OF HIV.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall request the Institute of Medicine to enter into an agreement with the Secretary under which such Institute conducts a study to provide the following:

(1) A determination of whether the surveillance system of each of the States regarding the human immunodeficiency virus provides for the reporting of cases of infection with the virus in a manner that is sufficient to provide adequate and reliable information on the number of such cases and the demographic characteristics of such cases, both for the State in general and for specific geographic areas in the State.

(2) A determination of whether such information is sufficiently accurate for purposes of formula grants under parts A and B of title XXVI of the Public Health Service Act.

(3) With respect to any State whose surveillance system does not provide adequate and reliable information on cases of infection with the virus, recommendations regarding the manner in which the State can improve the system.

(b) RELATIONSHIP BETWEEN EPIDEMIOLOGICAL MEASURES AND HEALTH CARE FOR CERTAIN INDIVIDUALS WITH HIV DISEASE.—

(1) IN GENERAL.—The Secretary shall request the Institute of Medicine to enter into an agreement with the Secretary under which such Institute conducts a study concerning the appropriate epidemiological measures and their relationship to the financing and delivery of primary care and health-related support services for low-income, uninsured, and under-insured individuals with HIV disease.

(2) ISSUES TO BE CONSIDERED.—The Secretary shall ensure that the study under paragraph (1) considers the following:

(A) The availability and utility of health outcomes measures and data for HIV primary care and support services and the extent to which those measures and data could be used to measure the quality of such funded services.

(B) The effectiveness and efficiency of service delivery (including the quality of services, health outcomes, and resource use) within the context of a changing health care and therapeutic environment, as well as the changing epidemiology of the epidemic, including determining the actual costs, potential savings, and overall financial impact of modifying the program under title XIX of the Social Security Act to establish eligibility for medical assistance under such title on the basis of infection with the human immunodeficiency virus rather than providing such assistance only if the infection has progressed to acquired immune deficiency syndrome.

(C) Existing and needed epidemiological data and other analytic tools for resource planning and allocation decisions, specifically for estimating severity of need of a community and the relationship to the allocations process.

(D) Other factors determined to be relevant to assessing an individual's or community's ability to gain and sustain access to quality HIV services.

(c) OTHER ENTITIES.—If the Institute of Medicine declines to conduct a study under this section, the Secretary shall enter into an agreement with another appropriate public or nonprofit private entity to conduct the study.

(d) REPORT.—The Secretary shall ensure that—

(1) not later than 3 years after the date of the enactment of this Act, the study required in subsection (a) is completed and a report describing the findings made in the study is submitted to the appropriate committees of the Congress; and

(2) not later than 2 years after the date of the enactment of this Act, the study required in subsection (b) is completed and a report describing the findings made in the study is submitted to such committees.

SEC. 502. DEVELOPMENT OF RAPID HIV TEST.

(a) EXPANSION, INTENSIFICATION, AND COORDINATION OF RESEARCH AND OTHER ACTIVITIES.—

(1) IN GENERAL.—The Director of NIH shall expand, intensify, and coordinate research and other activities of the National Institutes of Health with respect to the development of reliable and affordable tests for HIV disease that can rapidly be administered and whose results can rapidly be obtained (in this section referred to a ''rapid HIV test'').

(2) REPORT TO CONGRESS.—The Director of NIH shall periodically submit to the appropriate committees of Congress a report describing the research and other activities conducted or supported under paragraph (1).

(3) AUTHORIZATION OF APPROPRIATIONS.—For the purpose of carrying out this subsection, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 2001 through 2005.

(b) PREMARKET REVIEW OF RAPID HIV TESTS.—

(1) IN GENERAL.—Not later than 90 days after the date of the enactment of this Act, the Secretary, in consultation with the Director of the Centers for Disease Control and Prevention and the Commissioner of Food and Drugs, shall submit to the appropriate committees of the Congress a report describing the progress made towards, and barriers to, the premarket review and commercial distribution of rapid HIV tests. The report shall—

(A) assess the public health need for and public health benefits of rapid HIV tests, including the minimization of false positive results through the availability of multiple rapid HIV tests;

(B) make recommendations regarding the need for the expedited review of rapid HIV test applications submitted to the Center for Biologics Evaluation and Research and, if such recommendations are favorable, specify criteria and procedures for such expedited review; and

(C) specify whether the barriers to the premarket review of rapid HIV tests include the unnecessary application of requirements—

(i) necessary to ensure the efficacy of devices for donor screening to rapid HIV tests intended for use in other screening situations; or

(ii) for identifying antibodies to HIV subtypes of rare incidence in the United States to rapid HIV tests intended for use in screening situations other than donor screening.

(c) GUIDELINES OF CENTERS FOR DISEASE CONTROL AND PREVENTION.—Promptly after commercial distribution of a rapid HIV test begins, the Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall establish or update guidelines that include recommendations for States, hospitals, and other appropriate entities regarding the ready availability of such tests for administration to pregnant women who are in labor or in the late stage of pregnancy and whose HIV status is not known to the attending obstetrician.

SEC. 503. TECHNICAL CORRECTIONS.

(a) PUBLIC HEALTH SERVICE ACT.—Title XXVI of the Public Health Service Act (42 U.S.C. 300ff–11 et seq.) is amended—

(1) in section 2605(d)—

(A) in paragraph (1), by striking ''section 2608'' and inserting ''section 2677''; and

(B) in paragraph (4), by inserting ''section'' before 2601(a)''; and

(2) in section 2673(a), in the matter preceding paragraph (1), by striking ''the Agency for Health Care Policy and Research'' and inserting ''the Director of the Agency for Healthcare Research and Quality''.

(b) RELATED ACT.—The first paragraph (2) of section 3(c) of the Ryan White Care Act Amendments of 1996 (Public Law 104–146; 110 Stat. 1354) is amended in subparagraph (A)(iii) by striking ''by inserting the following new paragraph:'' and inserting ''by inserting before paragraph (2) (as so redesignated) the following new paragraph''.

TITLE VI—EFFECTIVE DATE

SEC. 601. EFFECTIVE DATE.

This Act and the amendments made by this Act take effect October 1, 2000, or upon the date of the enactment of this Act, whichever occurs later.

The SPEAKER pro tempore. Pursuant to House Resolution 611, the gentleman from Oklahoma (Mr. COBURN) and the gentleman from Ohio (Mr. BROWN) each will control 30 minutes.

The Chair recognizes the gentleman from Oklahoma (Mr. COBURN).

Mr. COBURN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this is a bill that is long overdue. Before we get into the topic of discussions on this bill, I think it is important that the American public know that this reauthorization is going to allow at least $1 billion per year to be spent in Ryan White CARE Act policies and procedures. Also, the American public should know that we are going to spend about $10 billion a year on this epidemic, both in terms of research, drug treatments, and all associated factors with it.

As we think about that, if we were to apply the same efforts to many other diseases in our country, we would be achieving far more than we are today.

This bill is long overdue. It is long overdue in a lot of ways. It is long overdue because the government has failed through the CDC and the FDA and the NIH to appropriately handle this epidemic.

Two decades ago, the HIV/AIDS epidemic was recognized. Our Federal response to HIV/AIDS epidemic at that time was to ignore proven public health policies. This bill institutes for the first time in the Ryan White CARE Act proven public health policies that will, in fact, make a difference in the number of people who are infected.

These include ensuring medical access to all who are infected, not a special select few; early intervention in

people who are infected; reliable disease surveillance and partner notification, including a responsibility to not infect anyone else with this disease. We will also, for the first time, recognize all of those living with HIV rather than focusing exclusively on those with AIDS.

There are many other noteworthy changes made by this bill. Waiting lists to access life-saving HIV medications under the AIDS Drug Assistance program will be eliminated. Prevention will be incorporated as part of the comprehensive care program. Planning councils will be more representative of the infected population. Patients who rely on the CARE Act for their well-being will be given a greater voice in priority setting, and accountability safeguards will ensure that Federal AIDS funds will be spent on needed patient care. This bill will also provide Federal assistance to States to ensure that all pregnant women with HIV and their children are identified and provided care.

One of the most promising victories in the battle against AIDS was a 1994 finding that the administration of a drug could significantly reduce the chance that a child born to an HIV positive mother would become infected. Yet, despite these miracles, a significant number of women still are not tested for HIV during their pregnancy, and hundreds of children are needlessly infected each year with an incurable disease that will prematurely claim their lives.

This bill will provide up to $400 million annually to any State that makes identifying and ensuring proper care for HIV and infected women and their HIV-exposed newborns a priority.

The two States with such baby AIDS laws, New York and Connecticut, have experienced great success. Universal newborn HIV testing has resulted in the identification of all HIV-exposed births and has allowed hospital and health department staff to ensure that over 98 percent of HIV positive mothers are aware of their HIV status and have newborns referred for early diagnosis and care of HIV infection. That is according to Dr. Guthrie Birkhead, the director of the New York AIDS Institute.

Dr. Birkhead noted that the rates of prenatal care have been increasing, not decreasing as we were told would happen. There has been no detectable change in prenatal participation trends that might be related to the newborn testing program.

The Connecticut baby AIDS law, which requires every newborn to be screened for HIV if the mother's status is unknown, was enacted almost a year ago. In the first 10 months, 26 newborns who were perinatally exposed to HIV have been identified. This is more than four times as many as were diagnosed with HIV in the previous 3 years combined.

This substantial financial incentive amounts to a Federal endorsement of universal HIV newborn testing as a routine medical practice. I must regrettably note that the organization in my profession that purports to represent physicians who care for mothers and women has yet to endorse this. The question we ought to ask ourselves is why the American College of Obstetricians and Gynecologists, knowing that we can save children's lives and we can treat women, has failed to yet endorse this.

This bill will also provide additional resources to support partner notification programs so that everyone who has been exposed to HIV is given the right to know that exposure. In addition, it will empower those who are infected to protect others from infection by providing prevention counseling as a part of a comprehensive care program. This includes providing advice on how to disclose one's HIV status to a potential partner and emphasizing to those living with HIV that they have a responsibility not to give this disease to anyone else.

Finally, the bill recognizes everyone living with HIV and guarantees access to life-saving treatment to all who are infected. Current funding formulas are based on AIDS infection, the end stage of HIV infection. The CDC only recently recommended that States begin tracking the full scope of the epidemic, not just AIDS. The American public ought to be asking why has it waited so long.

Over 12 years ago, the Presidential Commission on HIV warned the continual focus on AIDS rather than the full spectrum of HIV disease has left our Nation unable to deal adequately with the epidemic. Well, this bill changes that. This observation was absolutely correct. Yet, it was ignored by the CDC and Federal policy makers. The results have been devastating.

While our attention was placed on AIDS, the virus silently spread through communities of color, and more and more women became unknowingly infected. Only now are AIDS statistics revealing the paths that the virus took 10 years ago. Unfortunately, the casualties are increasingly rising for women and women of color.

While women and African-Americans comprise the majority of new HIV infections, they also receive less appropriate care according to the General Accounting Office. This is a direct result of the CARE Act's misplaced emphasis on AIDS data and determining funding and priority setting. That has changed with this bill.

All of these changes, while long overdue, will do much to improve our Nation's responsibilities to HIV and AIDS by ensuring medical access to all of those who are infected and by providing the proper care for all.

Mr. Speaker, I include the following letter for the RECORD, as follows:

GENERAL ACCOUNTING OFFICE,
Washington, DC, August 24, 2000.

Hon. TOM A. COBURN,
Vice Chair, Subcommittee on Health and Environment, Committee on Commerce, House of Representatives.

Subject: Ryan White CARE Act: Title I Funding for San Francisco

DEAR MR. COBURN: This letter responds to your request for additional information regarding funding for San Francisco under the Ryan White CARE Act. Specifically, you asked that we compare San Francisco's fiscal year 2000 title I grant award, which was determined using the act's hold-harmless provision, with what the award would have been had deceased AIDS cases been included in the calculation. You also asked how funding for San Francisco that was based on the inclusion of deceased AIDS cases would have compared with the amount San Francisco would have received if the fiscal year 2000 hold-harmless level had been reduced by 25 percent.

In brief, San Francisco's fiscal year 2000 title I grant award would have been 26 percent less had both living and deceased AIDS cases been used to calculate the award instead of the current hold-harmless provision. The reason for this result is the substantial decline in newly reported AIDS cases in San Francisco compared with other eligible metropolitan areas (EMA). Therefore, a 25-percent reduction in the current hold-harmless level would have provided San Francisco with funding comparable to what it would have received if title I grants had been calculated on the basis of both deceased and living cases.

This analysis is based on data obtained from the Centers for Disease Control and Prevention and computer models we developed to calculate how funding would change under various formula scenarios. We performed our work in August 2000 according to generally accepted government auditing standards.

BACKGROUND

The Ryan White CARE Act of 1990 provides health care and preventive services to people infected with the human immunodeficiency virus. Prior to the 1996 reauthorization of the act, the number of both living and deceased AIDS cases was used to distribute title I funds among EMAs. Under this practice, areas of the country with the longest experience with the disease had the most deceased cases and therefore received funding disproportionate to their share of living cases in need of care. The 1996 reauthorization eliminated this practice by counting only live AIDS cases. The effect of the change was to shift funding away from EMAs with higher proportions of deceased cases and toward those with newly diagnosed cases. As geographic trends in the disease change, the revised formula automatically realigns funding with the current distribution of the disease.

A hold-harmless provision was also included in the 1996 reauthorization to provide for a gradual transition to new funding levels for those EMAs that would otherwise have experienced substantial funding decreases. This provision allowed grant awards for affected EMAs to decline by no more than 5 percent by fiscal year 2000. In fiscal year 1996, four EMAs benefited from the hold-harmless provision: San Francisco, New York, Houston, and Jersey City. By fiscal year 1999, all but San Francisco had made the transition to the new formula.

Under the current title I formula, EMAs receive grant awards that are proportional

to the number of living AIDS cases. In fiscal year 2000, Los Angeles had 6.9 percent of all AIDS cases nationally and received 6.7 percent of title I funding. Similarly, Miami had 4.4 percent of all AIDS cases and received 4.3 percent of title I funding. EMAs received $1,290 in title I funds per AIDS case in fiscal year 2000. However, because of the hold-harmless provision, San Francisco's grant award was substantially higher: it received $2,360 per AIDS case, or 80 percent more than other EMAs. As a consequence, San Francisco received 6.7 percent of title I formula funding even though it had just 3.8 percent of all living AIDS cases.

RESULTS OF DIFFERENT FUNDING APPROACHES

If both deceased and living AIDS cases had been used to calculate fiscal year 2000 title I formula grants instead of the hold-harmless provision, San Francisco's grant would have been about 4.9 percent of all title I formula funding, or 26 percent less than it actually was (see fig. 1). Thus, a 25-percent reduction in the current hold-harmless level, as provided for in H.R. 4807, would have an effect on San Francisco's funding similar to that of calculating grant awards on the basis of both deceased and living cases.

An important reason that San Francisco's share of living AIDS cases is so much lower than its share of title I formula funding is that the rate of new cases has declined to a much greater extent in San Francisco than in almost any other area of the country. As figure 2 shows, San Francisco's newly reported AIDS cases dropped by over 50 percent between 1990 and 1999, while other EMAs have shown either smaller declines (Los Angeles) or increases (Miami).

At the start of the decade, Los Angeles and San Francisco were reporting nearly the same number of new AIDS cases (2,130 in Los Angeles and 1,923 in San Francisco). By the end of the decade, San Francisco was reporting half as many new cases as Los Angeles (904 compared with 2,027). Similarly, at the start of the decade, Miami was reporting about half as many new AIDS cases as San Francisco (1,076 in Miami compared with 1,923 in San Francisco). By the end of the decade, Miami was reporting about 70 percent more new cases than San Francisco.

We did not obtain comments from other parties because your request pertains to the formula provisions in the law and not to the activities of any agency or organization.

If you have any questions regarding this letter, please contact me at (202) 512–7118 or Jerry Fastrup at (202) 512–7211. Greg Dybalski and Michael Williams made major contributions to this work.

Sincerely yours,

JANET HEINRICH,
Associate Director, Health Financing and Public Health Issues.

Mr. Speaker, I reserve the balance of my time.

□ 1045

Mr. BROWN of Ohio. Mr. Speaker, I yield myself such time as I may consume.

I first want to commend the gentleman from Oklahoma (Mr. COBURN) and the gentleman from California (Mr. WAXMAN) for their outstanding work on the Ryan White CARE Act Amendments of 2000.

I also want to acknowledge the gentlewoman from California (Ms. ESHOO). Her constituents should know she worked exceptionally hard on this bill, particularly on those provisions with particular significance to San Francisco. The same can be said of the gentlewoman from California (Ms. PELOSI). She deserves a great deal of credit and praise for her ongoing involvement and input on these provisions.

This bill required a tremendous amount of work and negotiation. Staff members Paul Kim and Roland Foster put in a staggering number of hours, and it shows in the quality of the final product. John Ford, Marc Wheat, Karen Nelson, Eleanor Dehoney also deserves our thanks, as well as Stacey Rampey and Scott Boule.

Over the last several years, much has been written about ''The changing face of AIDS.'' This is not a wholly accurate characterization. HIV/AIDS is not a moving target. It does not leave one population when it moves to another population. Instead, HIV/AIDS expands to absorb new populations while continuing its progression in groups already affected by the virus.

When the AIDS epidemic surfaced in this country 19 years ago, white gay males were the at-risk population. That has not changed. The population still is at an elevated risk. But the epidemic has expanded its reach dramatically in these 2 decades. The latest HIV/AIDS statistics show that African American and Latino communities are significantly over-represented in the number of new HIV infections. African Americans comprise 12 percent of the population but accounted for more than 50 percent of the estimated 40,000 new HIV infections in 1999.

The aggressive nature of this virus calls for an equally aggressive response, and it speaks to the importance of updating and reauthorizing the Ryan White Act. Ryan White programs get information and services to the people who need them. They combat the illness as well as the alienation and isolation that can be one of its most disabling effects.

If HIV/AIDS is a war, and it is set to kill more people worldwide than World War I, World War II, Korea, and Vietnam combined, then the Ryan White programs are this Nation's front line defenses. The act was created in memory of Ryan White, a young teenager who became a national hero in the fight against HIV/AIDS. Ryan wanted to attend school. He wanted to be treated like other young people. Those seem like modest goals, but he had to overcome tremendous obstacles to achieve them.

Ryan was a hemophiliac and contracted HIV through a bad blood transfusion. But he fought against ignorance, he fought against fear, he fought against prejudice on behalf of all individuals with HIV/AIDS. Ryan died on April 8, 1990, at the age of 18. Ten years after his death, the law named after him carries on his legacy.

The Ryan White CARE Act has made a tremendous difference in the lives of people living with HIV/AIDS. In my district, which includes much of Ohio's only title I-eligible metropolitan area, so-called EMA, Ryan White programs provide primary care and support services and the kinds of medications that can tame HIV/AIDS into a chronic, rather than an acute, illness. There is more to do, and the Ryan White Act will continue to play a pivotal role.

In Ohio, while AIDS deaths have declined, the incidence of HIV/AIDS has increased dramatically. After declining steadily, the incidence of HIV/AIDS among young gay males is again on the rise. HIV/AIDS is expanding into new populations while continuing to spread in those populations originally at risk. Prevention is vital; treatment is vital; Ryan White programs are vital.

During the 13th International AIDS Conference held in Durbin, South Africa, scientists shared some amazing research findings. These findings provide sorely needed hope for developing nations ravaged by HIV/AIDS. The research indicates that the so-called AIDS cocktails, which have revolutionized HIV/AIDS treatment in the U.S. and other industrialized nations, can be successfully used even in countries lacking a sophisticated health care infrastructure.

That does not mean it will be easy. There must have been times when Ryan White himself felt overwhelmed by the intransigence, the callousness, and the hatred that he encountered. This Nation should fight AIDS here and abroad with that sense of commitment that he had. Reauthorizing Ryan White is part of that commitment, and I urge its passage.

Mr. Speaker, I reserve the balance of my time.

Mr. COBURN. Mr. Speaker, I yield such time as he may consume to the gentleman from Florida (Mr. BILIRAKIS), the chairman of the Subcommittee on Health of the Committee on Commerce.

Mr. BILIRAKIS. Mr. Speaker, I thank the gentleman for yielding me this time and for being here to lead our side on this very, very significant bill.

I too arise in support of this amendment to S. 2311, the Ryan White CARE Act Amendments of 2000. This final legislation is the result of negotiations between the Senate and the House, and the resulting bill is designed to bring the CARE Act into the 21st century.

I salute my committee colleagues, the gentleman from Oklahoma (Mr. COBURN) and the gentleman from California (Mr. WAXMAN), for their excellent work on this legislation; and I urge Members to support its passage.

My Subcommittee on Health and Environment held a hearing on the bill, and the full Committee on Commerce approved it by voice vote after adopting several bipartisan amendments to further refine and strengthen this very important measure.

Before the August recess, the House approved legislation to reauthorize the Ryan White CARE Act with strong bipartisan support. The act provides critical funding to address the needs of patients living with HIV and AIDS. S. 2311 reflects the agreements reached between the House and the Senate, and I expect this bill to be signed into law in the near future.

The Ryan White Comprehensive AIDS Resources Emergency, or ''CARE'' Act as we call it, was enacted in 1990 and Congress approved bipartisan legislation to reauthorize the law in 1996. The Ryan White CARE Act provides critical funding for health and social services to the estimated 1 million Americans living with HIV and AIDS. The bill before us will ensure that these patients continue to receive the care and medications they need to enhance and prolong their lives.

The bill makes an important change by relying on the number of HIV-infected individuals as opposed to only the number of persons living with AIDS as the basis for allocating funding under titles I and II of the Ryan White CARE Act. By targeting resources to the front line of the epidemic, we will be able to reduce transmission rates and ensure the necessary infrastructure is in place to provide care to HIV-positive individuals as soon as possible.

This change will allow the Federal Government to be proactive instead of reactive in the fight against HIV and AIDS. It should be noted, however, Mr. Speaker, that this shift will only occur when reliable data on HIV prevalence is available.

The bill also includes a ''hold harmless'' provision to ensure that no metropolitan area will suffer a drastic reduction in CARE Act funds. The bill which originally passed the House would have hurt certain cities such as San Francisco. In this regard, Mr. Speaker, I will submit for the RECORD a letter that GAO sent to the gentleman from Oklahoma (Mr. COBURN). After lengthy negotiations, it has been agreed the hold harmless reduction will be a compromised 15 percent over the next 5 years.

The Ryan White CARE Act must be reauthorized to improve our public health strategies. The bill before us will ensure that the HIV/AIDS epidemic can be tracked more accurately and that appropriate funding and information about this disease can be directed effectively. I have been very encouraged to hear from patient advocates in support of this measure. For example, AIDS Action stated that it is ''very pleased with the compromise bill that has been negotiated between the House and the Senate. It represents a modernization of the CARE Act and will allow us to provide quality care for people with HIV and AIDS.''

In closing, Mr. Speaker, I want to again recognize the hard work of all the Members and their staffs, whose bipartisan efforts advanced this reauthorization bill. The gentleman from Oklahoma (Mr. COBURN) and the gentleman from California (Mr. WAXMAN), who I mentioned previously, and staff members Roland Foster and Paul Kim worked very hard to advance this measure in the House, working with Senators JEFFORDS, FRIST, and KENNEDY. And obviously, working with my counterpart on the other side in the subcommittee, the gentleman from Ohio (Mr. BROWN), the gentleman from Michigan (Mr. DINGELL), et cetera, we were able to craft this compromise legislation.

It is a critical piece of legislation that can literally save lives, and I urge all Members to join me today in supporting this important legislation.

Mr. BROWN of Ohio. Mr. Speaker, I yield 5 minutes to the gentlewoman from California (Ms. PELOSI), who has been one of the real leaders in this whole process in pulling this bill together.

Ms. PELOSI. Mr. Speaker, I thank the gentleman for yielding me this time, and I want to compliment him on his great leadership on this legislation; he and the gentleman from Florida (Mr. BILIRAKIS) for their leadership, and I associate myself with the comments that the gentleman from Florida made in recognition of those who worked so hard to make it a success; and, if it is allowed, to especially recognize the work of Senator KENNEDY for bringing about the compromises that exist in this bill.

The gentleman from California (Mr. WAXMAN) has been a champion in Congress since the onset of the AIDS epidemic, and his leadership is very much in evidence in this bill; and the ranking member, the gentleman from Ohio (Mr. BROWN), helped us through some difficult times here, but I think the product is one that this whole body can wholeheartedly support. That is why, Mr. Speaker, I rise in strong support of the reauthorization of the Ryan White CARE Act.

Passage of this vital legislation is the most important action this Congress can take on the issue of AIDS this year. And I would like to thank again the Committee on Commerce, the gentleman from Michigan (Mr. DINGELL), the gentleman from Virginia (Mr. BLILEY), the gentleman from Florida (Mr. BILIRAKIS), the gentleman from California (Mr. WAXMAN), the gentleman from Ohio (Mr. BROWN), and also point out the distinguished work of the gentlewoman from California (Ms. ESHOO).

The gentlewoman from California (Ms. ESHOO) lives in the same metropolitan area that I do. We are in the same area for care and treatment and prevention for people with HIV/AIDS. This is about care today, but her leadership on the committee has been indispensable to the success that we see here today with this legislation.

Since the beginning of the AIDS epidemic, my district in San Francisco has been one of the most severely impacted in the country. When I came to the Congress 13 years ago, we had already lost over 13,000 of our friends and loved ones to the AIDS epidemic. That is 13,000, 13 years ago. We have suffered greatly, but we have learned a lot we would like the rest of the country to benefit from as we have responded to this challenge.

The Ryan White CARE Act was modeled on a system of community-based care that we developed to face the crisis in the 1980s. As a result of this work early in the epidemic, San Francisco produced data that showed the country that comprehensive HIV/AIDS care and services not only saved lives but also saved money and valuable health care resources. Today, the CARE Act programs provide foundation for care and treatment for low-income individuals with HIV and AIDS.

The recent declines we have seen in AIDS deaths are a direct result of the therapies and services that have been made more widely available through the CARE Act to large numbers of uninsured and underinsured people with HIV and AIDS. Each year, the CARE Act ensures that approximately half a million people, 500,000 people, living with HIV and AIDS have access to the medical services, including pharmaceuticals that are needed to sustain and prolong life. This represents approximately two-thirds of the individuals living with HIV/AIDS in this country.

Although great strides have been made, there is much more to be done. The combination therapies that have brought us so much hope are still not reaching all those in need. The changing nature of the HIV/AIDS epidemic, along with the continuing impact of it in traditionally affected communities, has created new challenges for the CARE Act. People of color now represent the majority of new AIDS cases, and the proportion of new AIDS cases among women has grown from 11 percent in 1990 to 23 percent in most recent statistics.

In addition, new HIV infections have remained constant at 40,000 cases per year. These new infections, combined with the decline in AIDS deaths, means more individuals than ever before are living with HIV and in need of treatment regimens that are costly, complicated and lifelong. As a result, the demand on HIV care providers has grown.

The Ryan White CARE Act's remarkable ability to adapt to the changing nature of the AIDS epidemic was confirmed earlier this year when a GAO report concluded that the CARE Act is helping our public health infrastructure adjust to these new challenges by

directing services to African Americans, Hispanics, and women in higher proportions than their representation in the AIDS population.

Again, I thank our colleagues, including the gentleman from Oklahoma (Mr. COBURN) and the Committee on Commerce for their great work. This program is an important example of the way that effective leadership at the Federal, State, and local levels can translate into improved health outcomes for the people of this country. I think it also is a wonderful example of bipartisanship, where we can all come together and give what I hope will be unanimous support for this act. I urge my colleagues to vote ''yes'' on the reauthorization.

Mr. Speaker, I serve on the Subcommittee on Labor, Health and Human Services, and Education of the Committee on Appropriations, and one of the priorities we have there is research, prevention, and care for people with HIV/AIDS.

□ 1100

We want to focus heavily on prevention. We must continue our research for a cure. We are trying to find a vaccine and, hopefully, that will happen before not too long. But we must never forget the people out there who are diagnosed with HIV and AIDS now.

I am pleased that the bill eventually will recognize and count those infected with HIV but not full-blown cases of AIDS in the numbers and in the formula. I wish that would have been sooner. But, nonetheless, there is the recognition. I commend the legislators on the committee, members of the committee, for making that distinction and having it be a part of our formula down the road.

Once again, Mr. Speaker, I want to commend the gentleman from California (Mr. WAXMAN) who I see now on the floor. As I said earlier, he has been a champion since day one on this issue. We have all been very well-served by his leadership, that of the gentleman from Ohio (Mr. BROWN) and others.

I urge my colleagues to vote aye.

Mr. COBURN. Mr. Speaker, I ask unanimous consent that the remainder of the time on our side be controlled by the gentleman from Florida (Mr. BILIRAKIS).

The SPEAKER pro tempore (Mr. SIMPSON). Is there objection to the request of the gentleman from Oklahoma?

There was no objection.

Mr. BILIRAKIS. Mr. Speaker, I yield 3½ minutes to the gentlewoman from Maryland (Mrs. MORELLA).

Mrs. MORELLA. Mr. Speaker, I thank the gentleman for yielding me the time.

Mr. Speaker, I rise in strong support of the Ryan White CARE Act Amendments of 2000. I want to thank the gentleman from Florida (Chairman BILIRAKIS) for his leadership in bringing this bill to the floor and the gentleman from Ohio (Mr. BROWN), the ranking member, for his role in so doing.

And also, there are other colleagues of ours who deserve particular attention. The gentleman from Oklahoma (Mr. COBURN), the gentleman from California (Mr. WAXMAN) and the gentleman from Ohio (Mr. BROWN) worked very hard. They were dedicated in their commitment and their hard work has paid off for these critical programs.

The CARE Act represents the largest authorization of Federal funds specifically designated to provide health and social services to people infected with HIV. Declaring an AIDS emergency, Congress passed the Ryan White Comprehensive AIDS Resources Emergency Act in August of 1990. Six years later, we voted to reauthorize the CARE Act by a unanimous vote in the House of Representatives and a 97–3 vote in the Senate.

Over the last 9 years, the CARE Act has helped increase the availability of primary care health and support services especially for the uninsured and underinsured persons with HIV disease. The multi-title structure of the CARE Act has worked effectively to dramatically improve the quality of life for people living with HIV and their families. It has helped to reduce cost of inpatient care and increase access to care for underserved populations, including people of color.

The legislation we are considering today revises the grant formulas to shift the emphasis of the programs away from treating people with full-blown AIDS to people with the viral precursor, HIV, of AIDS. This legislation includes a new formula beginning in 2005 for distributing funds to States and cities based on the number of both AIDS and HIV cases compared to the current formula, which allocates funds based solely on AIDS cases.

Also included in this measure is $20 million to reduce HIV mother-to-child transmission. The bill also addresses prevention of the disease by including $30 million for tracking the disease and encouraging people to notify their partners.

Additionally, those receiving care through Ryan White programs are required to enroll in counseling programs.

Today, promising new drug therapies have brought new hope and new challenges to the battle against the epidemic, but these new drugs do not constitute a cure and an effective vaccine is still years away. Moreover, the treatments do not work for everyone, they are difficult to access especially for communities of color, and their long-term efficacy remains unknown. Nonetheless, AIDS deaths have declined dramatically in the last 3 years and more people are living longer with HIV.

The HIV/AIDS epidemic thus remains an enormous health emergency in the United States, and it will remain so into this century. The state of the epidemic points to an increase rather than a decrease in the overall need for health care, drug treatment, social services. As a Nation, we must continue our effort to expand access to these services for people living with HIV/AIDS, particularly in communities of color and women.

This Ryan White CARE Act has proven to be an essential and effective part of the Federal response to the HIV/AIDS crisis. This legislation will ensure we continue this response.

I certainly ask this body to support this comprehensive, meaningful and truly successful legislation.

Mr. BROWN of Ohio. Mr. Speaker, I yield 4½ minutes to the gentleman from California (Mr. WAXMAN) who played a very central role in the negotiations on this bill.

Mr. WAXMAN. Mr. Speaker, I thank the gentleman for yielding me the time.

Mr. Speaker, I rise in strong support of S. 2311, the Ryan White CARE Act Amendments of 2000.

As the original author of the Ryan White CARE Act and the coauthor of the House reauthorization bill, H.R. 4807, I want to applaud the Members and the staffs on both sides of the aisle for moving this crucial legislation with such speed and bipartisan cooperation.

I want to recognize the gentleman from Oklahoma (Mr. COBURN) for his commitment to reauthorizing this Act and his leadership in fashioning the compromises that allowed us to move the bill I think virtually unanimously through the House and to get an agreement with the Senate. He made this consensus legislation a reality.

The gentleman from Florida (Chairman BILIRAKIS), the gentleman from Ohio (Mr. BROWN), the gentleman from Virginia (Chairman BLILEY), and the gentleman from Michigan (Mr. DINGELL) have lent their unqualified support. And numerous Members, including the gentlewoman from California (Ms. PELOSI), the gentleman from New York (Mr. TOWNS), the gentlewoman from California (Ms. ESHOO), the gentleman from Texas (Mr. RODRIGUEZ) and the gentlewoman from the Virgin Islands (Mrs. CHRISTENSEN) have helped ensure its passage.

Mr. Speaker, the original CARE Act was enacted in the wake of a decade of lost opportunities. I told this House in 1990 that, ''Having missed our opportunity to provide an ounce of prevention, we must now prepare to pay for pounds and pounds of cure.''

Today, the AIDS epidemic is everywhere. It threatens everyone. But there is still no vaccine and there is still no cure. Nevertheless, the Ryan White CARE Act has made an enormous difference. It provides care to tens of

thousands of Americans living with HIV/AIDS. It helps their families cope with the burdens of AIDS and HIV infection, and it provides urgently needed funding to community providers and hospitals to combat the epidemic.

Today's overwhelming bipartisan support for the CARE Act demonstrates that Congress understands how crucial it is to the health and welfare of our country.

Mr. Speaker, this legislation preserves the best features of the CARE Act while making reforms to better respond to a changing epidemic.

First and foremost, this legislation better addresses the needs of individuals with HIV who have not developed AIDS. In 2004, we will determine whether to use nationwide data on HIV infection in the CARE Act. I believe this will happen, and I have been told by the State of California that they will have such data by 2004.

We also call on States and cities to do more to reach those who are not receiving care and to serve the needs of our historically underserved communities. We call for ending lingering disparities in care and for better coordination of HIV/AIDS treatment with prevention.

We have also focused CARE Act programs on the needs of vulnerable populations. Funds will be allocated to better reflect the proportions of women, children, infants and youth with HIV. I expect this will increase such funding for those populations in the future.

This legislation also greatly expands our national effort to eliminate the perinatal transmission of HIV/AIDS. These new funds will help bring the number of babies born with HIV in our country down to zero.

We also redirect funding to cities and States in the greatest need of assistance. The title I and title II ''hold harmless'' provisions have been revised to ensure a manageable transition to funding allocations which better reflect the epidemic. At the same time, potential disruptions in patient care are minimized. And the title I, title II, and AIDS Drug Assistance Program (ADAP) supplemental grants will assist cities and States with the greatest need of funds.

These are the principal reforms to the CARE Act. They will expand access, improve quality, and enhance services for individuals with HIV and AIDS.

Regrettably, Mr. Speaker, much more could be done and much more needs to be done. We must expand Medicaid to provide care to individuals with HIV who have not developed AIDS. We must lead the global search for an effective HIV vaccine and a cure for AIDS. And we must provide resources and our hard-earned expertise to help other countries combat the epidemic.

For today, though, I am pleased that we will fulfill the expectations of Jeanne White, the mother of Ryan White, and of so many Americans living with HIV and AIDS by reauthorizing the Ryan White CARE Act.

Mr. Speaker, I rise in strong support of the Ryan White CARE Act Amendments.

As the original author of the Ryan White CARE Act and the co-author of the House reauthorization bill, H.R. 4807, I want to applaud the Members and the staff on both sides of the aisle for moving this crucial legislation with such speed and bipartisan cooperation.

I want to recognize Dr. COBURN for his commitment to reauthorizing the CARE Act. He has made this consensus legislation a reality. Chairman BILIRAKIS and Mr. BROWN, Chairman BLILEY and Mr. DINGELL have lent their unqualified support. And numerous Members, including Ms. PELOSI, Mr. TOWNS, Mr. ESHOO, Mr. RODRIGUEZ and Dr. CHRISTENSEN, have helped ensure its passage.

Mr. Speaker, the original CARE Act was enacted in the wake of a decade of lost opportunities. I told this House in 1990 that, ''Having missed our opportunity to provide an ounce of prevention, we must now prepare to pay for pounds and pounds of cure.''

Ten years ago, there were those who spoke of the AIDS epidemic as a thing of the past. There were those who dismissed the disease as a danger to others, and not themselves. And there were those who opposed the Ryan White CARE Act.

Mr. Speaker, they were wrong then, and they are wrong today. The AIDS epidemic is everywhere. It threatens everyone. It is devastating the globe from Russia to subSaharan Africa. And there is still no vaccine. There is still no cure.

But in the face of these challenges, the CARE Act has made a difference. The CARE Act provides care to tens of thousands of Americans living with HIV/AIDS. If helps their families cope with the burdens of AIDS and HIV infection. And it provides urgently needed funding to community providers and hospitals to combat the epidemic.

Today's overwhelming bipartisan support for the CARE Act demonstrates that Congress understands how crucial it is to the health and welfare of our country.

Let me highlight the important ways this legislation preserves the best and proven features of the CARE Act, while making important and substantial reforms to better respond to a changing epidemic. I am particularly pleased that this consensus House and Senate legislation reflects virtually all of the provisions and agreements reached by this House in H.R. 4807.

Most important of all, this legislation better addresses the needs of individuals with HIV who have not developed AIDS. With 40,000 new infections every year and improved prospects for delaying the onset of AIDS, the number of new deaths from AIDS has declined but the number of individuals with HIV is rising inexorably. In response, this legislation calls on the Secretary of Health and Human Services to determine in 2004 whether we have nationwide data on accurate and reliable cases of HIV infection which can be used in allocating CARE Act funds. I believe this will happen, and I have been told by the State of California that they are confident they will have such data by 2004.

We also call on States and cities to better determine the number and demographics of individuals with HIV. We require special efforts to reach those who are not receiving care and serve the needs of our historically underserved communities. We call for ending lingering disparities in care. And we require States, cities and the Federal government to develop new strategies to better coordinate HIV/AIDS treatment with prevention.

The need for better coordination cuts across systems of care, Federal agencies, States, cities, providers and community organizations. Ten years ago, I described the CARE Act as providing ''a continuum of prevention services—counseling and testing, diagnostics for those who test positive, and therapeutics for those whose diagnostics indicate a medical intervention.'' Patients receiving care under the CARE Act today deserve seamless continuity between testing, counseling, treatments, support and prevention services.

Just last week, the Institute of Medicine released a comprehensive report on our nation's HIV prevention efforts. They concluded that ''prevention services for HIV-infected people should be integrated into the standard of care at all primary care centers, sexually-transmitted disease clinics, drug treatment facilities, and mental health centers.'' This is precisely what we set out to accomplish in H.R. 4807, and this policy is reflected fully in this final consensus legislation.

This legislation also strengthens the responsiveness of CARE Act programs to the public. Title I Planning Councils will include a greater number of independent individuals with HIV/AIDS. Planning Council meetings and records will be exposed to greater public ''sunshine.'' All Planning Council members will receive improved training. And States will make their planning more accessible to a broader range of public stakeholders.

We have also focused CARE Act programs on the needs of vulnerable populations. Just yesterday, the Office of National AIDS Policy announced that half of the 40,000 new HIV infections every year occur among our teens and young adults. In this legislation, funds will be allocated to better reflect the proportions of women, children, infants and youth with HIV. I expect this will increase such funding for these populations in the future.

We have also strengthened the Title IV program for medical care, social services, and access to research for low-income children, youth, women and families. States and cities must develop novel strategies to coordinate their HIV/AIDS services and substance abuse services. And the Secretary of Health and Human Services must develop a plan in consultation with the Attorney General for the treatment of prisoners with HIV/AIDS.

This legislation greatly expands our national effort to eliminate the perinatal transmission of HIV/AIDS. The last ten years have seen a dramatic decline in such cases, due largely to the treatment of pregnant mothers with zidovudine. In an important compromise, we have increased an existing $10 million CARE Act grant program by $20 million, with a proportion of new funds set aside for States with either mandatory newborn testing or significant declines in perinatal transmission. I am confident these funds will be well spent on offering counseling and testing to all pregnant

women, outreach to high-risk women and other innovative prevention efforts.

Funding has also been redirected to cities and States with the greatest need of additional assistance. The Title I and Title II ''hold harmless'' provisions have been revised to ensure a manageable transition to funding allocations which better reflect the current distribution and epidemiology of the epidemic. This will be accomplished while minimizing potential disruptions in care for individuals with HIV/AIDS. Under Title II, States' base funds as well as their total funding will be held harmless to a small percentage of loss.

Under Title I, a city's potential loss in its formula allocation is limited to a percentage of the amount allocated to the city in the base year preceding its need for the hold harmless. In its fifth, consecutive year of need for the hold harmless, a city would lose no more than 15 percent of its base year allocation. Such losses would not be compounded, as was contemplated in the original Senate bill. But if the Secretary determines that data on HIV prevalence will be used in Title I formula grants in 2005, no city may lose more than 2 percent of its 2004 formula allocation in 2005.

Additionally, Title I supplemental grants and new AIDS Drug Assistance Program (ADAP) supplemental grants will be directed to cities and States with ''severe need'' for such funding, based on more objective and quantitative criteria. And new Title II supplemental formula grants will be given to ''emerging communities'' with AIDS case counts which fall below the threshold for Title I eligibility.

These are the principal reforms to the CARE Act. They will expand access, improve quality and enhance services for individuals with HIV/AIDS. And I want to recognize the hard work of House staff, including Roland Foster, Paul Kim, Karen Nelson, Marc Wheat, John Ford, Eleanor Dehoney, Brent Delmonte, Katie Porter, Anne Esposito and House Legislative Counsel Pete Goodloe, in making this possible.

Mr. Speaker, much more could be done and much more needs to be done. We must expand Medicaid to provide care to individuals with HIV who have not developed AIDS. We must lead the global search for an effective HIV vaccine and a cure to AIDS. And we must provide resources and our hard-earned expertise to help other countries combat the epidemic.

For today, though, I am pleased we will fulfill the expectations of Jeanne White, the mother of Ryan White, and of so many Americans living with HIV and AIDS by reauthorizing the Ryan White CARE Act.

Mr. BILIRAKIS. Mr. Speaker, I yield 2 minutes to the gentleman from New York (Mr. GILMAN) the chairman of the Committee on International Relations.

Mr. GILMAN. Mr. Speaker, I thank the gentleman for yielding me the time.

Mr. Speaker, I rise today in support of S. 2311, the Ryan White CARE Act Amendments as adopted by the Senate. It is a primary source of Federal AIDS prevention and treatment funding. I commend the gentleman from Florida (Mr. BILIRAKIS), the subcommittee chairman on health and environment; the gentleman from Oklahoma (Mr. COBURN); the gentleman from Ohio (Mr. BROWN); and the gentleman from California (Mr. WAXMAN) for their full support of this important measure.

This legislation accomplishes many of our most important HIV goals: modifying the eligibility requirements and allocation formulas for grants to State and local governments; giving States increased flexibility to provide a wider range of treatments and support services; emphasizing the provision of services for women, infants, and children by substituting special grant set-asides; capping administrative and evaluation expenses for the grant programs; and requiring States to implement the Center for Disease Control guidelines regarding HIV testing and counseling for pregnant women.

Also included in this measure is an important fund, $20 million, to reduce HIV transmission from mothers to their babies and $30 million for tracking the disease and encouraging people to notify their partners, and provisions to require people receiving care through Ryan White programs to enroll in counseling programs.

In short, Mr. Speaker, this legislation not only demonstrates the bipartisan humanitarian spirit of this Congress, but also in working together in areas of mutual concern that we can accomplish worthy goals.

Accordingly, I am in strong support of the Ryan White CARE Amendments and I urge our colleagues to adopt it at the earliest possible date.

Mr. BROWN of Ohio. Mr. Speaker, I yield 2½ minutes to the gentlewoman from California (Mrs. CAPPS) who is a registered nurse and has been a real leader on all kinds of public health issues.

Mrs. CAPPS. Mr. Speaker, I thank my colleague for yielding me the time.

Mr. Speaker, I rise in strong support of the Ryan White CARE Act Amendments of 2000. I commend my colleagues on the Committee on Commerce and others for all of their hard work.

Today's medical advances allow many individuals with AIDS to lead longer and more productive lives. However, as patients live longer, the cost of their care and treatment has placed an ever-greater demand on community-based organizations and State and local governments.

In the face of these challenges, the Ryan White CARE Act has made a great difference. This CARE Act provides care to tens of thousands of Americans living with HIV/AIDS.

Recently I spoke with the Health Educator, Jayne Brechwald, with the Santa Barbara County Health Care Services in my district. She works on a daily basis with members of the community who benefit greatly from Ryan White funding. She spoke in strong support of funding for crucial services such as Meals on Wheels, food banks, housing counseling. She also praised programs which help those diagnosed navigate the options available for them. These include the medical care, education, and dental care that are so important during this terrifying time in a person's life.

In Jayne's words, ''Ryan White funding is really about local control. The program requires that we do a needs assessment every year so that we have a very targeted, specific idea of how the population we serve is changing and how the funding is being utilized.''

I believe that the Ryan White Act represents the Federal Government at its best. This program defers to local expertise, while providing the needed helping hand of targeted Federal funding.

Mr. Speaker, I applaud this legislation and urge its passage.

Mr. BILIRAKIS. Mr. Speaker, I yield 2½ minutes to the gentleman from Pennsylvania (Mr. GREENWOOD).

Mr. GREENWOOD. Mr. Speaker, I thank the gentleman for yielding me the time. I also thank the gentleman from Florida (Mr. BILIRAKIS) for his leadership on this issue; as well as the minority chair of the Subcommittee on Health, the gentleman from Ohio (Mr. BROWN); and the gentleman from Oklahoma (Mr. COBURN) and the gentleman from California (Mr. WAXMAN) for their collaboration. Anytime the gentleman from Oklahoma (Mr. COBURN) and the gentleman from California (Mr. WAXMAN) agree on something, it has got to be pretty close to right on.

Mr. Speaker, I also want to thank Dorothy Mann from the Philadelphia area, a friend of mine, who helped negotiate one of the toughest aspects of this bill; and that has to do with the testing of newborns.

□ 1115

AIDS is clearly the worst epidemic in modern history. It is a tragedy, and it has struck down so many millions of people around the world. But of all of its victims, certainly the children, the newborns, are the most innocent and the ones who tug most heavily on our hearts.

Four million women become pregnant in this country every year and 7,000 of those 4 million women are HIV positive. Several hundred of the babies that they bear will be born HIV positive. Of those little children, fully half of them will die before they reach the age of 3; and by the age of 5, 90 percent of them have perished. So obviously anything that can be done to rescue these children from that horrible fate needs to be done. When a woman's HIV status is known during her pregnancy, in two-thirds of the cases the child can be prevented from becoming HIV positive with AZT treatments that are given during pregnancy, during labor

and several weeks afterwards, and Cesarian deliveries seem to very dramatically reduce the likelihood that the child will become HIV positive.

What we have done in this bill to try to solve the logjam between those who do and those who do not believe in mandatory testing is we have put $30 million in here to go to those States that either have mandatory testing laws or do the most through a variety of programs to reduce the incidence of HIV being passed on to newborns. In New York, they have had a law on the books for 3 years; and they have been able to identify every child who could potentially become exposed to HIV through delivery. They have been able to prevent all of that. In 98 percent of the cases, the mother has been able to get treatment. It has been wildly successful.

This bill goes a long way to making sure that that track record will apply to every State in the Union.

Mr. BROWN of Ohio. Mr. Speaker, I yield 2 minutes to the distinguished gentlewoman from the District of Columbia (Ms. NORTON).

Ms. NORTON. Mr. Speaker, I thank the gentleman for yielding time, and I thank him and his partners on the other side for their hard work in bringing this most important legislation to the floor.

This week, the surgeon general was quoted as saying the epidemic has evolved to become increasingly an epidemic of people of color, of women and of the young. We have got to get rid of this epidemic, not let it evolve; and what we are doing here this morning will have a great deal to do with getting rid of it.

The disease has moved to a devastating place, Mr. Speaker, to the poorest communities of color. Blacks are only 12 percent of the population. They are 50 percent of the new cases. Almost 80 percent of the new cases among women are black and Latino women. Half of the new cases occur in youth. We are now finding that we have to educate each new cohort perhaps every 4 or 5 years of gay men because the newest cohort needs to learn what those that have passed on in their 20s perhaps had to learn. We are dealing with a preventable disease. But when people get this disease, they need our care and they need our love.

I am grateful to the gay and lesbian community of this country for the way in which they brought this issue to the forefront and now have helped us gather a bipartisan majority for the Ryan White bill. If we continue to do what we are doing today, we will show what we all know, that this is a disease, unlike heart disease and unlike cancer, that we can prevent. This is a disease that we can eliminate. I thank all of those who contributed to this moment on the House floor.

Mr. BROWN of Ohio. Mr. Speaker, I yield 2 minutes to the gentlewoman from California (Ms. WOOLSEY).

Ms. WOOLSEY. Mr. Speaker, I rise in support of H.R. 4807, to reauthorize the Ryan White CARE Act. This reauthorization is very important to our Nation. It is particularly important to my constituents in the North Bay across the Golden Gate Bridge from San Francisco, and for all of the people in the entire San Francisco Bay region. This act provides crucial services for care and treatment for individuals with HIV and AIDS. To date, the CARE act has worked to dramatically improve the quality of life for people living with HIV and for their families. It has reduced the use of costly inpatient care as well as increased the access to high-quality care for underserved populations.

By supporting this important legislation, Mr. Speaker, we are ensuring that the thousands of Americans living with HIV/AIDS can continue to receive the care and the treatment that is absolutely necessary for their comfort and for their survival.

Mr. Speaker, we must spare no effort to fight the HIV/AIDS epidemic. By reauthorizing the Ryan White CARE Act, we are taking a positive step to successfully dealing with this very deadly disease. We must adopt the reauthorization.

Mr. BROWN of Ohio. Mr. Speaker, I yield 2 minutes to the gentleman from Illinois (Mr. DAVIS).

Mr. DAVIS of Illinois. Mr. Speaker, I rise today in strong support of the Ryan White CARE Act. And I rise because this legislation has meant so much to so many people throughout the country. The Ryan White CARE Act has meant so much that there are many people who feel as they tell their stories that without it they simply would not be alive.

Mr. John Davis, the newly elected co-chair of the city of Chicago's HIV services planning council, says if it was not for the Ryan White CARE Act, he would probably be dead. Mr. Davis, a former heroin addict, says that his road to recovery began with him seeking help at a Ryan White-funded housing program.

Like Mr. Davis, thousands of others throughout the country have had the same experiences. Mr. Derrick Hicks from Chicago is able to live longer and get access to medications he may not otherwise be able to afford. And so, as we continue to see the impact and the effects of this program throughout the country, I simply rise to support it and say that without it many people would not have had the quality of life. I urge continued support.

Mr. BROWN of Ohio. Mr. Speaker, I yield myself the balance of my time.

I again ask for this House's support for the Ryan White CARE Act. It is a tremendous testament to bipartisanship support and the negotiating skills of the gentleman from Oklahoma (Mr. COBURN) and the gentleman from California (Mr. WAXMAN) and their staffs. I ask for unanimous support from this House for this very good legislation that will make a big difference in dealing with this dreadful disease.

Mr. BILIRAKIS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I would like to echo the remarks that the gentleman from Ohio (Mr. BROWN) just made. I had planned to do so, also. It is just amazing what can be done from a bipartisan standpoint if people really are sincere and really care about solving an issue rather than being concerned about demagoguery, if you will, or with some of the things that take place. The fact that the gentleman from Oklahoma (Mr. COBURN) and the gentleman from California (Mr. WAXMAN) worked so well on this and were able to get it done speaks well for both of them and for the Congress when it works in that way.

Mr. Speaker, I yield the balance of my time to the gentleman from Oklahoma (Mr. COBURN).

Mr. COBURN. Mr. Speaker, I want to first recognize Paul Kim for his great help on the gentleman from California's (Mr. WAXMAN) staff; Marc Wheat, the majority counsel on our side; and Roland Foster, a staff member of mine who has been with me for 6 years since I have been in Congress.

This is a good bill. There is no question about it. But this bill is not enough. Forty thousand people this year are going to become infected with HIV. It does not have to happen. We should be asking the CDC, we should be asking the FDA, we should be asking the NIH why they would not use proven public health policy to stop this epidemic.

The best way to treat people with HIV today is to make sure no one else ever encounters this disease. This is a preventable disease. Although we have gone a long way from where we were in putting in the public health policies that should be there, they are still not there. The reason they are not there is not a good enough reason. We have proven in the medical community that we can secure and hold confidentially anybody's HIV status. We have been perfect on that score. And to use that as a reason now not to move to the next step, I challenge my friend, the gentleman from Ohio (Mr. BROWN), and I challenge the gentleman from Florida (Mr. BILIRAKIS) that in the next Congress and the Congress that follows that you will look very closely at what public health policies could do to prevent that 40,000 people from never getting the disease.

We know. We handled the tuberculosis epidemic in this country. We stopped it dead with a whole lot less effort. This is something we can accomplish. We have proven with this bill

that if we will work and talk together and understand each other's motivations, problems and concerns, that through discussion and bipartisan approach that we can solve those problems. The 40,000 people out there this year that are going to get infected deserve for us to do that. As I leave this body, what I would ask is the Members of this body, look at real problems, not the political things that surround it; and if we will do that, 40,000 people will not be infected.

I thank the gentleman from Ohio (Mr. BROWN) for his work. The gentleman from California (Mr. WAXMAN) has been great to work with. I appreciate the ability that we can express ourselves through true concern and solve a problem. I would hope that every Member of this body will support this bill.

I also would leave one message with my colleagues. There are diseases much greater than this disease that face our country today. Diabetes will take tons more people than HIV. Breast cancer will take tons more people than HIV. And yet we are not anywhere close to the same dollar commitment in those diseases as we are HIV. Because we have had a misguided policy on treatment of HIV, we are spending dollars that could be spent in other areas. I would beg the body to look at that.

Mr. BLILEY. Mr. Speaker, I rise in support of this amendment to S. 2311, the Ryan White CARE Act Amendments of 2000. I congratulate Dr. COBURN and Mr. WAXMAN for their excellent work on this legislation, and salute my colleagues on the Commerce Committee who, through workmanlike diligence and thoughtfulness, have dramatically improved the way the Ryan White CARE Act will work now and into the future.

Before the August recess, the House acted on a bi-partisan basis to authorize the Ryan White CARE Act. This very important Act provides funding to address the needs of those living with HIV and AIDS. Because of the importance of this legislation, I made it a priority to resolve the differences between the House-passed bill and the bill passed in the other body. As the newsletter AIDS Policy and Law reported, ''The negotiators decided to use the House bill, sponsored by Representatives TOM COBURN, and HENRY WAXMAN, as the vehicle for renewing the statute through fiscal year 2005. The Senate bill was scrapped, with only a few of its provisions being folded into the Coburn-Waxman H.R. 4807.'' The negotiating team, which included my staff and those from the offices of Representatives BILIRAKIS, WAXMAN, DINGELL, BROWN, Senators JEFFORDS, FRIST, and KENNEDY, achieved a good compromise. I have an additional statement that explains our work in greater detail that I will enter into the record for myself and the negotiators just mentioned. I commend the passage of this important legislation to my colleagues.

As many of my colleagues may recall, President Reagan's HIV Commission concluded that ''early diagnosis of HIV infection is essential'' because HIV infection ''can be treated more effectively when detected early.'' The medical breakthroughs which have been developed in the twelve years since the inception of this report make early intervention even more important than ever, and I am pleased that this legislation recognizes that partner counseling and referral activities are the most effective early intervention to identify those who do not know their status in the early stages of the disease.

Very importantly, this bill begins the process of basing Ryan White CARE Act funding on HIV cases, not AIDS cases. Such a change will ensure that Ryan White CARE Act dollars go where the disease is growing quickly, not to the areas with the highest historical incidences of AIDS. It also provides incentives for States to implement recommendations belatedly issued by the Centers for Disease Control and Prevention to move to HIV reporting systems, one of the most important public health initiatives in America at the close of the 20th Century.

It is a national tragedy that public health officials in the States were unable or unwilling to move to HIV reporting years ago. The identification of HIV reporting as a serious public health concern was identified by the first Presidential Commission on HIV, appointed by President Ronald Reagan, which stated that ''The term 'AIDS' is obsolete. 'HIV infection' more correctly defines the problem. The medical, public health, political, and community leadership must focus on the full course of HIV infection rather than concentrating on later stages of the disease . . . Continual focus on AIDS rather than the entire spectrum of HIV disease has left our nation unable to deal adequately with the epidemic. Federal and state data collection efforts must now be focused on early HIV reports, while still collecting data on symptomatic disease.''

It is imperative that the Ryan White CARE Act be reauthorized to provide the incentives to move public health in the right direction so that the HIV/AIDS epidemic can be tracked more accurately, and appropriate funding and information about this disease be better directed.

As many of my colleagues will recall, when we last brought the Ryan White bill to the floor in July, the most contentious issue was the bill's ''hold harmless'' provision. The bill which originally passed the House would have trimmed the substantial overpayments received by San Francisco so that it would eventually receive no more per capita than any other metropolitan area.

After lengthy negotiations, it has been agreed that the hold harmless reduction will be a compromise between the original House and Senate provisions, which will now be a reduction of 15% over the next five years to slow the transition to equitable funding.

I ask my colleagues to join with me in support of this important legislation that moves us in the right direction as we enter the 21st Century.

RYAN WHITE CARE ACT AMENDMENTS OF 2000

MANAGERS' STATEMENT OF EXPLANATION

The Ryan White CARE Act Amendments of 2000 reauthorize Title XXVI of the Public Health Service Act to ensure that individuals living with HIV and AIDS receive health care and related support services. The legislation contains authorization for appropriations and programmatic changes to ensure the CARE Act programs respond to evolving demographic trends in the HIV/AIDS epidemic and advances in treatment and care.

I. BACKGROUND

In March, 1990, Congress enacted the Ryan White CARE Act, honoring Ryan White, a young man who taught the Nation to respond to the HIV/AIDS epidemic with hope and action rather than fear. By the spring of 1990, over 128,000 people had been diagnosed with AIDS in the United States and 78,000 had died of the disease. The CARE Act was reauthorized in 1996, as the epidemic spread to more than 600,000 Americans diagnosed with AIDS and amidst the nationwide recognition that CARE Act programs were indispensable to the care and treatment of Americans with HIV/AIDS.

The CARE Act Amendments of 2000 marks the second reauthorization of the CARE Act. In the last twenty years, the HIV/AIDS epidemic has claimed over 420,000 American men, women, and children. Today, the Centers for Disease Control and Prevention estimates that there are currently between 800,000 and 900,000 persons living with HIV in the United States, with 40,000 new infections annually.

While there is still no cure, the CARE Act has been instrumental in responding to the public health, social and economic burdens of the HIV/AIDS epidemic. However, the steady expansion and changed demographics of the epidemic, as well as the improved survival time for people living with AIDS, are placing increasing stress on State and local health care systems, community based organizations and families providing care. Most importantly, the epidemic is expanding beyond major cities to smaller cities and rural regions, and disproportionately affecting women, communities of color, children and youth.

The Ryan White CARE Act Amendments of 2000 preserves the best and proven features of existing CARE Act programs. But the CARE Act Amendments of 2000 also makes important and substantial reforms to respond to the significant changes in the HIV/AIDS epidemic of the last 5 years.

II. ORGANIZATION OF SERVICES UNDER THE CARE ACT AMENDMENTS OF 2000

Title I. Emergency Relief for Areas with Substantial Need for Services: Provides emergency relief grants to 51 eligible metropolitan areas (EMAs) disproportionately affected by the HIV epidemic to provide primary care and HIV-related support services to people with HIV and AIDS. Half of the Title I funding is distributed by formula; the remaining half is distributed competitively, based on the demonstration of severity of need and other criteria.

Planning Council membership has been revised to include HIV prevention providers, homeless and housing service providers, and representatives of prisoners. A third of Planning Council members must be individuals with HIV/AIDS receiving care who are not officers, employees or consultants to Title I grantees.

Title II. CARE Grant Program: Provides formula grants to States, District of Columbia, Puerto Rico and U.S. territories to improve the quality of health care and support services for individuals with HIV disease and their families. The funds are used: to provide medical support services, to continue health insurance payments, to provide home care

services, and, through the AIDS Drug Assistance Programs (ADAP), to provide medications necessary for the care of these individuals. Supplemental formula grants are awarded to States with ''emerging communities'' which are ineligible for grants under Title I.

Subtitle B provides discretionary grants to States for the reduction of perinatal transmission of HIV, and for HIV counseling, testing, and outreach to pregnant women. Subtitle C provides discretionary grants to States for partner notification, counseling and referral services.

Title III. Early Intervention Services: Funds nonprofit entities providing primary care and outpatient early intervention services, including case management, counseling, testing, referrals, and clinical and diagnostic services to individuals diagnosed with HIV. The unfunded program of State formula grants in current law is repeated.

Title IV. Other Programs and Activities: Provides grants for comprehensive services to children, youth, and women living with HIV and their families. Such services include primary, specialty and psychosocial care, as well as HIV outreach and prevention activities. Grantees must demonstrate linkages to, and provide clients with access and education on, HIV/AIDS clinical research.

Title IV newly authorizes the AIDS Education and Training Centers (AETC), a network of 14 regional centers conducting clinical HIV education and training of health providers, to provide prenatal and gynecological care. The HIV/AIDS Dental Reimbursement program, covering uncompensated oral health care for patients with HIV/AIDS, is expanded to provide community-based care in underserved areas.

Under Subtitle B, general provisions authorize CDC data collection for CARE Act planning and evaluation, enhanced interagency coordination of HIV services and prevention, development of a plan for the case management of prisoners with HIV, and administrative provisions related to audits, and a plan for simplification of CARE Act grant disbursements.

Title V. General Provisions: Authorizes Institute of Medicine (IOM) studies and expansion of Federal support for the development of rapid HIV tests. Makes necessary and technical corrections in Title XXVI of the Public Health Service Act.

III. SUMMARY OF SELECTED PROVISIONS

Use of HIV Case Data in Formula Grants

In order to target funding more accurately to reflect the HIV/AIDS epidemic, the Managers have revised and updated the Title I and Title II formulas to make use of data on cases of HIV infection as well as of AIDS. In Fiscal Year (FY) 2005, HIV and AIDS case data is intended to be used in the Title I and Title II formulas.

However, no later than July 1, 2004, the Secretary shall determine whether HIV case data, as reported to and confirmed by the Director of CDC, is sufficiently accurate and reliable from all eligible areas and States for such use in the formula. The Secretary shall also consider the findings of the Institute of Medicine (IOM) study undertaken under section 501(b).

If the Secretary makes an adverse determination regarding HIV case data, the Managers intend that only AIDS case data will be used in FY2005 formula allocations. The Secretary shall also provide grants and technical assistance to States and eligible areas to ensure that accurate and reliable HIV case data is available no later than FY2007.

Planning and priority setting

The Managers have strengthened the capacity of EMAs and States to plan, prioritize, and allocate funds, based on the size and demographic characteristics of the populations with HIV disease in the eligible area. Planning, priority setting, and funding allocation processes must take into account the demographics of the local HIV/AIDS epidemic, existing disparities in access HIV-related health care, and resulting adverse health outcomes. It is the intent of the Managers that CARE Act dollars more closely follow the shifting trends in the local epidemic and address disparities in health care access and health outcomes as well as the need for capacity development within the local and State HIV health care infrastructures.

The Managers intend both EMAs and States to develop strategies to bring into and retain in care those individuals who are aware of their HIV status but are not receiving services. As part of this process, the Managers place the highest priority on EMAs and States focusing on eliminating disparities in access and services among affected subpopulations and historically underserved communities. The Managers recognize, however, that the relative availability or lack of HIV prevalence data will be reflected in the scope, goals, timetable and allocation of funds for implementation of the strategy.

The Managers also expect the Secretary to collaborate with Title I and II grant recipients and providers to develop epidemiologic measures and tools for use in identifying persons with HIV infection who know their HIV status but are not in care. The Managers recognize the difficulty the EMAs and States may experience in identifying persons with HIV infection who are not in care and who may be unknown to any health or social support system. The efforts on the part of EMAs and States to accomplish these important tasks, however, should not be delayed until this process is complete. Instead, the Managers expect Title I and II grant recipients to establish and implement strategies responsive to these urgent needs before the development of nationally uniform measures, to the extent that is practicable and to which necessary prevalence data is reasonably available.

The Managers have also authorized outreach activities in Title I and II intended to identify individuals with HIV disease know their HIV status but are not receiving services. The intent is to ensure that EMAs and States understand that outreach activities which are consistent with early intervention services and necessary to implement the aforementioned strategies, are appropriate uses of Title I and II funds. It is not the Managers' intent that such activities supplant or otherwise duplicate activities such as case finding, surveillance and social marketing campaigns currently funded and administered by the Centers for Disease Control and Prevention (CDC). Instead, this authorization reflects the urgency of increasing the coordination between HIV prevention and HIV care and treatment services in all CARE Act programs.

Hold harmless provisions

The hold-harmless provisions are intended to minimize loss and stabilize systems of care in EMAs and States, while assuring that funds are allocated in Title I and II to reflect the current distribution and epidemiology of the epidemic.

The Managers have revised the Title I hold harmless to limit a potential loss in an EMA's formula allocation to a small percentage of the amount allocated to the eligible are in the previous (or base) year. An EMA may lose no more than 15 percent of its base formula allocation over five years, beginning with 2 percent in the first year and increasing in subsequent years. If the Secretary determines that data on HIV prevalence are accurate and reliable for use in determining Title I formula grants for Fiscal Year 2005, all EMAs may lose no more than 2 percent of their Fiscal Year 2004 formula allocation in that year.

Should an EMA experience a decline in its Title I formula allocation followed by an intervening year in which there is not decline, its losses in any subsequent, nonconsecutive year of decline would once again be limited to 2 percent (ie., the intervening year 'resets the clock').

The Managers intend to ensure that essential primary care and support services are not compromised by short-term fluctuations in AIDS case counts. Because no new EMA is expected by HRSA's Bureau of HIV/AIDS to require that hold harmless in the first three or four years of this reauthorization period, the Managers expect this policy will shield all eligible areas, save those currently requiring the hold harmless, from any meaningful loss in Title I formula funding.

Under the Title II hold harmless, a State or territory may lose no more than 1 percent from the previous fiscal year amounts, or 5 percent over the 5-year reauthorization period. This protection extends to base Title II funding (which excludes funds for AIDS Drug Assistance Programs (ADAP)), as well as to overall Title II funding.

Women, child, infants, and youth set-aside

The Managers are aware of the rising incidence of HIV among youth and women, particularly women of color, and recognize the challenges in assuring them access to primary care and support services for HIV and AIDS. The Managers intend to increase the availability of primary care and health-related supportive services under Title I and Title II for each of the four groups described in the set-aside. Youth are added as a new category within this set-aside. The Managers intend the term ''youth'' to include persons between the ages of 13 and 24, and ''children'' to include those under the age of 13, including infants.

The Managers clarify that the set-asides for women, infants, children, and youth with HIV disease be allocated proportionally, based on the percentage of the local HIV-infected population that each group represents. The Managers intend that the States and EMAs continue to make every effort to reach and serve women, infants, children, and youth living with HIV/AIDS by allocating sufficient resources under Titles I and II to serve each of these populations. The Managers also recognize that these priority populations often comprise a greater proportion of HIV cases rather than AIDS cases in a local area. This distinction should be taken into account where necessary prevalence data is reasonably available.

The Mangers are aware that these populations may also have access to HIV care through other parts of Title XXVI, Medicaid, State Children's Health Insurance Program (SCHIP), and other Federal and State programs. Therefore, the requirements to proportionally allocate funds provided under Title II to each of these populations may be waived for States which reasonably demonstrate that these populations are receiving adequate care.

Capacity development

Titles I, II and III of this legislation provide a new focus on strengthening the capacity of minority communities and underserved areas where HIV/AIDS is having a disproportionate impact. Currently, many underserved urban and rural areas are not able to compete successfully for planning grants and early intervention service grants due to the lack of infrastructure and experience with the Ryan White Care Act programs. This gap in services available is increasingly important, as the HIV and AIDS epidemic extends into rural communities. In addition to authorizing capacity development under Titles I and II, the Managers establish a preference for rural areas under Title III that will allow program administrators to target capacity development grants, planning grants, and the delivery of primary care services to rural communities with a growing need for HIV services. However, urban areas are not excluded from consideration for future grants nor is funding reduced to current grants in urban areas.

Quality management

The Managers recognize the importance of having CARE Act grantees ensure that quality services are provide to people with HIV and that quality management activities are conducted on an ongoing basis. Quality management programs are intended to serve grantees in evaluating and improving the quality of primary care and health-related supportive services provided under this act. The quality management program should accomplish a threefold purpose: (1) assist direct service medical providers funded through the CARE Act in assuring that funded services adhere to established HIV clinical practices and Public Health Service (PHS) guidelines to the extent possible; (2) ensure that strategies for improvements to quality medical care include vital health-related supportive service in achieving appropriate access and adherence with HIV medical care; and (3) ensure that available demographic, clinical, and health are utilization information is used to monitor the spectrum of HIV-related illnesses and trends in the local epidemic.

The Managers expect the Secretary to provide States with guidance and technical assistance for establishing quality management programs, including disseminating such models as have been developed by States and are already being utilized by Title II programs and in clinical practice environments. Furthermore, the Managers intend that the Secretary provide clarification and guidance regarding the distinction between use of CARE Act funds for such program expenditures that are covered as their planning and evaluation and funds for program support costs. It is not the Managers' intent to divert current program resources or to reassign current program support costs or clinical quality programs to new cost areas, if they are an integral part of a State's current quality management efforts.

Program support costs are described as any expenditure related to the provision of delivering or receiving health services supported by CARE Act funds. As applied to the clinical quality programs, these costs include, but are not limited to, activities such as chart review, peer-to-peer review activities, data collection to measure health indicators or outcomes, or other types of activities related to the development or implementation of a clinical quality improvement program. Planning and evaluation costs are related to the collection and analysis of system and process indicators for purposes of determining the impact and effectiveness of funded health-related support services in providing access to and support of individuals and communities within the health delivery system.

Early intervention services

The Managers authorize early intervention services as eligible services under Titles I and II under certain circumstances. The Managers intend to allow grantees to provide certain early intervention services, such as HIV counseling, testing, and referral services, to individuals at high risk for HIV infection, in accordance with State or EMA planning activities. The Managers recognize the range of organizations that may be eligible to provide early intervention services, including other grantees under Titles I, II and III such as community based organizations (CBOs) that act as points of entry into the health care system for traditionally underserved and minority populations.

The Managers believe that referral relationships maintained by providers of early intervention services are essential to increasing the number of people with HIV/AIDS who are identified and to bringing them into care earlier in the progression of their disease.

Health-care related support services

The Managers wish to stress the importance of CARE Act funds in meeting the health care needs of persons and families with HIV disease. The Act requires support services provided through CARE Act funds to be health care related. States and EMAs should ensure that support services meet the objective of increasing access to health care and ongoing adherence with primary care needs. The Managers reaffirm the critical relationship between support service provision and positive health outcomes.

Title I planning council duties and membership

The Managers have amended numerous aspects of CARE Act programs to enhance the coordination between HIV prevention and HIV/AIDS care and treatment services. In this case, Planning Council membership of the providers of HIV prevention services will help assure this coordination. To improve representation of underserved communities, providers of services to homeless populations and representatives of formerly incarcerated individuals with HIV disease are included in planning council membership. It is the intent of the Managers that the needs of all communities affected by HIV/AIDS and all providers working with the service areas be represented. The Managers also intend the Planning Councils more adequately reflect the gender and racial demographics of the HIV/AIDS population within their respective EMAs.

The Managers also intend that patients and consumers of Title I services constitute a substantial proportion of Planning Council memberships. The prohibition of officers, employees and consultants is not intended to impede the participation qualified, motivated volunteers with Title I grantees from serving on Planning Councils where they do not maintain significant financial relationships, volunteers may be reimbursed reasonable incidental costs, including for training and transportation, which help to facilitate their important contribution to the Planning Councils.

To ensure that new Planning Council members are adequately prepared for full participation in meetings, the Managers direct the Secretary to ensure that proper training and guidance is provided to members of the Councils. The Managers also expect Planning Councils to provide assistance, such as transportation and childcare, to facilitate the participation of consumers, particularly those from affected subpopulations and historically underserved communities.

Consistent with the ''sunshine'' policies of the Federal Advisory Committee Act (FACA), all meetings of the Planning Councils shall be open to the public and be held after adequate notice to the public. Detailed minutes, records, reports, agenda, and other relevant documents should also be available to the public. The Managers intend for such documents to be available for inspection and copying at a single location, including posting on the Internet.

Title I supplemental

In order to target funding to areas in greatest need of assistance, severity of need is given a greater weight of 33 percent in the award of Title I supplemental grants. The Managers intend that Title I supplemental awards are not intended to be allocated on the basis of formula grant allocations. Instead, such supplemental awards are to be directed principally to those eligible areas with ''severe need,'' or the greatest or expanding public health challenges in confronting the epidemic. The Managers have included additional factors to be considered in the assessment of severe need, including the current prevalence of HIV/AIDS, and the degree of increasing and unmet needs for services. Additionally, the Managers believe that syphilis, hepatitis B and hepatitis C should be regarded as important comorbidities to HIV/AIDS.

It is the Managers' strong view that HRSA's Bureau of HIV/AIDS should employ standard, quantitative measures to the maximum extent possible in lieu of narrative self-reporting when awarding supplemental awards. The Managers therefore renew the Bureau's obligation to develop in a timely manner a mechanism for determining severe need upon the basis of national, quantitative incidence data. In this regard, the Managers recognize that adequate and reliable data on HIV prevalence may not be uniformly available in all eligible areas on the date of enactment. It is noted, however, that ''HIV disease'' under the CARE Act encompasses both persons living with AIDS as well as persons diagnosed as HIV positive who have not developed AIDS.

Title II base minimum funding

The minimum Title II base award is increased in order to increase the funding available to States for the capacity development of health system programs and infrastructure. The Federated States of Micronesia and the Republic of Palau are included as entities eligible to receive Title II funds, in recognition of the need to establish a minimum level of funding to assist in building HIV infrastructure.

Title II public participation

The Managers urge States to strengthen public participation in the Ryan White Title II planning process. While the Managers do not intend that States be mandated to consult with all entities participating in the Title I planning process, reference to such entities is intended to provide guidance to the States that such entities are important constituencies which the States should endeavor to include in their planning processes. Moreover, States may demonstrate compliance with the new requirement of an enhanced process of public participation by providing evidence that existing mechanisms for consumer and community input provide for the participation of such entities. The intent is to allow States to utilize the optimal

public advisory planning process, such as special planning bodies or standing advisory groups on HIV/AIDS, for their particular population and circumstances.

The Managers are also aware of the difficulties that some States with limited resources may encounter in convening public hearings over large geographic or rural areas and encourage the Secretary to work with these States to develop appropriate processes for public input, and to consider such limitations when enforcing these requirements.

Title II HIV care consortia

The Managers intend that the States continue to work with local consortia to ensure that they identify potential disparities in access to HIV care services at the local level, with a special emphasis on those experiencing disparities in access to care, historically underserved populations, and HIV infected persons not in care. However, the Managers do not intend that States and/or consortia be mandated to consult with all entities participating in the Title I planning process. Rather, reference to such entities is intended to provide guidance to the States that such entities are important constituencies which the States should endeavor to include in their planning processes.

Title II ''emerging communities'' supplement

There continues to be a growing need to address the geographic expansion of this epidemic, and this Act continues the efforts made during the last reauthorization to direct resources and services to areas that are particularly underserved, including rural areas and metropolitan areas with significant AIDS cases that are not eligible for Title I funding. A supplemental formula grant program is created within Title II to meet HIV care and support needs in non-EMA areas. There are a large number of areas within States that do not meet the definition of a Title I EMA but that, nevertheless, experience significant numbers of people living with AIDS. This provision stipulates that these ''emerging communities,'' defined as cities with between 500 and 1,999 reported AIDS cases in the most recent 5-year period, be allocated 50 percent of new appropriations to address the growing need in these areas. Funding for this provision is triggered when the allocations to carry out Part B, excluding amounts allocated under section 2618(a)(2)(I), are $20,000,000 in excess of funds available for this part in fiscal year 2000, excluding amounts allocated under section 2618(a)(2)(I). States can apply for these supplemental awards by describing the severity of need and the manner in which funds are to be used.

The Managers intend to acknowledge the challenges faced by many areas with a significant burden of HIV and AIDS and a lack of health care infrastructure or resources to provide HIV care services. This supplemental program allows the Secretary to make grants to States to address HIV service needs in these underserved areas. The Managers understand the necessity to continue to support existing and expanding critical Title II base services.

AIDS Drug Assistance Program supplemental grant and expanded services

Under this Act, the AIDS Drug Assistance Program (ADAP) has been strengthened to assist States in a number of areas. The Secretary is authorized to reserve 3 percent of ADAP appropriations for discretionary supplemental ADAP grants which shall be awarded in accordance with severity of need criteria established by the Secretary. Such criteria shall account for existing eligibility standards, formulary composition and the number of patients with incomes at or below 200 percent of poverty. The Managers also encourage the Secretary to consider such factors as the State's ability to remove restrictions on eligibility based on current medical conditions or income restrictions and to provide HIV therapeutics consistent with PHS guidelines.

States are also required to match the Federal supplemental at a rate of 1:4. The Managers expect the State to continue to maintain current levels of effort in its ADAP funding. The Managers intend that the 25 percent State match required to receive funds under this section be implemented in a flexible manner that recognizes the variations between Federal, State, and programmatic fiscal years.

In addition, up to 5 percent of ADAP funds will be allowed to support services that directly encourage, support, and enhance adherence with treatment regimens, including medical monitoring, as well as purchase health insurance plans where those plans provided fuller and more cost-effective coverage of AIDS therapies and other needed health care coverage. However, up to 10 percent of ADAP funds may be expended for such purposes if the State demonstrates that such services are essential and do not diminish access to therapeutics. Finally, the Managers recognize that existing Federal policy provides adequate guidelines to states for carrying out provisions under this section.

Partner notification, perinatal transmission, and counseling services

Discretionary grants are authorized under this Act for partner notification, counseling and referral services. The Managers have also expanded the existing grant program to States for the reduction of perinatal transmission of HIV, and for HIV counseling, testing, and outreach to pregnant women. Funding for perinatal HIV transmission reduction activities is expanded, with additional grants available to States with newborn testing laws or States with significant reductions in perinatal HIV transmission. In addition, this Act further specifies information to be conveyed to individuals receiving HIV positive test results in order to reduce risk of HIV transmission through sex or needle-sharing practices.

Coordination of coverage and services

This Act also strengthens the requirements made on the States and EMAs in a number of areas aimed at improving the coordination of coverage and services. Grantees must assess the availability of other funding sources, such as Medicaid and the State Children's Health Insurance Program (SCHIP) and improve efforts to ensure that CARE Act funds are coordinated with other available payers.

Titles III and IV administrative expenses

The administrative cap for the directly funded Title III programs is increased. The administrative cap for Title III grants is raised from 7.5 percent to 10 percent to correspond with the 10 percent cap on individual contractors in Title I. The Secretary is directed to review administrative and program support expenses for Title IV, in consultation with grantees. In order to assure that children, youth, women, and families have access to quality HIV-related health and support services and research opportunities, the Secretary is directed to work with Title IV grantees to review expenses related to administrative, program support, and direct service-related activities.

Title IV access to research

This Act removes the requirement that Title IV grantees enroll a ''significant number'' of patients in research projects. Title IV provides an important link between women, children, and families affected by HIV/AIDS and HIV-related clinical research programs. The ''significant number'' requirement is removed here to eliminate the incentive for providers to inappropriately encourage or pressure patients to enroll in research programs.

To maintain appropriate access to research opportunities, providers are required to develop better documentation of the linkages between care and research. The Secretary of Health and Human Services (HHS), through the National Institutes of Health (NIH), is also directed to examine the distribution and availability of HIV-related clinical programs for purposes of enhancing and expanding access to clinical trials, including trials funded by NIH, CDC and private sponsors. The Managers encourage the Secretary to assure that NIH-sponsored HIV-related trials are responsive to the need to coordinate the health services received by participants with the achievement of research objectives. Nor do the Managers intend this requirement to require the redistribution of funds for such research projects.

Part F Dental Reimbursement Program

The Managers have established new grants for community-based oral health care to support collaborative efforts between dental education programs and community-based providers directed at providing oral health care to patients with HIV disease in currently unserved areas and communities without dental education programs. Although the Dental Program has been tremendously successful, there is still a large HIV/AIDS population that has not benefitted because there is not a dental education institution participating in their area. These patients are also in need of dental services that could be provided at community sites if more community-based providers would partner with a dental school or residency program. In these partnerships, dental students or residents could provide treatment for HIV/AIDS patients in underserved communities under the direction of a community-based dentist who would serve as adjunct faculty. By encouraging dental educational institutions to partner with community-based providers, the Managers intend to address to unmet need in these areas by ensuring that dental treatment for the HIV/AIDS population is available in all areas of the country, not just where dental schools are located.

Technical assistance and guidance

The Managers reaffirm the Secretary's responsibility in providing needed guidance and tools to grantees in assisting them in carrying out new requirements under this Act. The Secretary is required to work with States and EMAs to establish epidemiologic measures and tools for use in identifying the number of individuals with HIV infection, especially those who are not in care. The legislation requests an IOM study to assist the Secretary in providing this advice to grantees.

The Managers understand that the Secretary has convened a Public Health Service Working Group on HIV Treatment Information Dissemination, which has produced recommendations and a strategy for the dissemination of HIV treatment information to health care providers and patients. Recognizing the importance of such a strategy, the Managers intend that the Secretary issue

and begin implementation of the strategy to improve the quality of care received by people living with HIV/AIDS.

Data collection through CDC

The Managers believe that an additional authorization for HIV surveillance activities under the CDC will serve to advance the purposes of the CARE Act. To better identify and bring individuals with HIV/AIDS into care, States and cities may use such funding to enhance their HIV/AIDS reporting systems and expand case finding, surveillance, social marketing campaigns, and other prevention service programs. Notwithstanding its strong interest in improving the coordination between HIV prevention and HIV care and treatment services, the Managers intend that this enhanced funding for CDC and its grantees ensure that CARE Act programs and funds not duplicate or be diverted to activities currently funded and administered by the CDC.

Coordination

This Act requires the Secretary to submit a plan to Congress concerning the coordination of Health Resources and Services Administration (HRSA), Centers for Disease Control and Prevention (CDC), Substance Abuse and Mental Health Services Administration (SAMHSA), and Health Care Financing Administration (HCFA), to enhance the continuity of care and prevention services for individuals with HIV disease or those at risk of such disease. The Managers believe that much greater effort is required to ensure that the provision of HIV prevention and care services becomes as seamless as possible, and that coordination be pursued at the Federal level, in the States and local communities to eliminate any administrative barriers to the efficient provision of high quality services to individuals with HIV disease.

A second plan for submission to Congress focuses on the medical case management and provision of support services to persons with HIV released from Federal or State prisons.

Administrative simplification

The Managers intend for the Secretary of HHS to explore opportunities to reduce the administrative requirements of Ryan CARE Act grantees through simplifying and streamlining the administrative processes required of grantees and providers under Titles I and II. In consultation with grantees and service providers of both parts, the Secretary is directed to (1) develop a plan for coordinating the disbursement of appropriations for grants under Title I with the disbursement of appropriations for grants under Title II, (2) explore the impact of biennial application for Titles I and II on the efficiency of administration and the administrative burden imposed on grantees and providers under Titles I and II, and (3) develop a plan for simplifying the application process for grants under Titles I and II. It is the intent of the Managers to improve the ability of grantees to comply with administrative requirements while decreasing the amount of staff time and resources spent on administrative requirements.

Program and service studies

The Managers request that the Secretary, through the IOM, examine changing trends in the HIV/AIDS epidemic and the financing and delivery of primary care and support services for low-income, uninsured, and underinsured and individuals with HIV disease. The Secretary is directed to make recommendation regarding the most effective use of scarce Federal resources. The purpose of the study is to examine key factors associated with the effective and efficient financing and delivery of HIV services (including the quality of services, health outcomes, and cost-effectiveness). The Managers expect that the study would include examination of CARE Act financing of services in relation to existing public sector financing and private health coverage; general demographics and comorbidities of individuals with HIV disease; regional variations in the financing and costs of HIV service delivery; the availability and utility of health outcomes measures and data for measuring quality of Ryan White funded service; and available epidemiological tools and data sets necessary for local and national resource planning and allocation decisions, including an assessment of implementation of HIV infection reporting, as it impacts these factors.

The Managers also require an IOM study focuses on determining the number of newborns with HIV, where the HIV status of the mother is unknown; perinatal HIV transmission reduction efforts in States; and barriers to routine HIV testing of pregnant women and newborns when the mothers' HIV status is unknown. The study is intended to provide States with recommendations on improving perinatal prevention services and reducing the number of pediatric HIV/AIDS cases resulting from perinatal transmission.

Development of Rapid HIV Test

The Managers encourage the Secretary to expedite the availability of rapid HIV tests which are safe, effective, reliable and affordable. The Managers intend that the National Institutes of Health expand research which may lead to such tests. The Managers also intend that the Director of CDC should take primary responsibility, in conjunction with the Commissioner of Food and Drugs, for a report to Congress on the public health need and recommendations for the expedited review of rapid HIV tests. The Managers believe that the Food and Drug Administration should account for the particular applications and urgent need for rapid HIV tests, as articulated by public health experts and the CDC, when determining the specific requirements to which such tests will be held prior to marketing.

Department of Veterans Affairs

The Managers note that the U.S. Department of Veterans Affairs is the largest single direct provider of HIV care and services in the country. Over 18,000 veterans received HIV care at VA facilities in 1999. Veterans with HIV infection are eligible to participate in Ryan White Title I and Title II programs when they meet eligibility requirements set by EMAs and States, whose plans for the delivery of services must account for the availability of VA services. VA facilities are eligible providers of HIV health and support services where appropriate. The Managers expect that HRSA's Bureau of HIV/AIDS shall encourage Ryan White grantees to develop collaborations between providers and VA facilities to optimize coordination and access to care to all persons with HIV/AIDS.

International HIV/AIDS Initiatives

The Managers note that the CARE Act provides a model of service delivery and Federal partnerships with States, cities and community-based organizations which should prove valuable in global efforts to combat the HIV/AIDS epidemic. The Managers strongly encourage the Secretary, the Bureau of HIV/AIDS at HRSA, and the CDC to provide technical assistance available to other countries which has already proven invaluable in helping to limit the suffering caused by HIV/AIDS. It is the Managers' hope that the hard-earned knowledge and experience gained in this country can benefit people with HIV/AIDS overseas.

Ms. ESHOO. Mr. Speaker, I strongly support S. 2311, the Ryan White Care Act Amendments of 2000. Enactment of this legislation will truly make a difference in people's lives.

The Ryan White CARE Act, without question, was the most important legislation Congress has ever enacted for people living with HIV and AIDS. Every year, CARE Act funds provide lifesaving medical and social services for tens of thousands of uninsured and underinsured Americans battling these devastating diseases. AIDS medications, viral load testing, treatment education, and case management are just a few of the essential support services provided by federal CARE Act dollars.

Each of the programs created under the CARE Act services a specific need yet, combined, they make up the health care and social service safety net of last resort. Since it's creation in 1990, reliability and stability have been the two cornerstones of the Ryan White law. When we passed the House version of the reauthorization in July, I spoke out against a provision that ran directly contrary to this safety net principle. A 25 percent reduction in the ''hold harmless'' that was part of the original House bill would have caused a rapid destabilization of systems of care in the Bay Area and potentially around the country. I fought that provision and I'm so pleased that the bill before us today includes a more equitable formula that reflects the changing face of the disease without gutting funding to any one Eligible Metropolitan Area (EMA).

More people than ever are living with HIV/AIDS and the CARE Act must keep pace with the increasing demands. When the CARE Act was passed in 1990, there were 155,619 AIDS cases. In 1996, there were 481,234 cases. Today, America has 733,374 recorded cases of HIV/AIDS. AIDS is the leading cause of death among African Americans between the ages of 25–44 and the second leading cause of death among Latinos in the same age group. HIV/AIDS are still very much with us and we must ensure that all those infected get the medical and social services they need to live longer, more productive lives.

And that's exactly what's been happening. Access to new medications and treatments, such as combination antiretroviral therapies, has significantly lengthened the life expectancy of people with HIV/AIDS. People with AIDS are living longer and those with HIV aren't progressing as quickly to full-blown AIDS. Thankfully, it's no longer necessarily a death sentence. This, in turn, underscores the increasing need for services. As people live longer, their dependence on CARE Act programs greatly increases; hence, the importance of reauthorizing the Ryan White Act.

So, I thank my colleagues, Senators KENNEDY and JEFFORDS and Representatives BROWN, WAXMAN and COBURN, and their staffs, for their work on S. 2311 and for their dedication to reauthorizing the CARE Act this year. It's a good bill that will do wonderful things for people across this country. I urge my colleagues' enthusiastic support.

Mrs. CHRISTENSEN. Mr. Speaker, I rise in support of S. 2311, Ryan White Care Act. I

am very thankful that were are acting on this very important bill, before we run out of time, to ensure that individuals living with HIV and AIDS will receive the health care and related supported services that they need. While, S. 2311 is not perfect, it does provide the necessary authorizations for appropriations and programmatic changes to ensure that the CARE Act is responsive to the evolving demographic trends in the HIV/AIDS epidemic and advances in treatment care.

I am also pleased that one of my major concerns with the House bill to reauthorize the CARE Act, HR 4807, involving incentives for HIV testing of pregnant women and infants, is not in the bill before us today. I oppose mandatory testing of any sub-population, and I strongly believe, that this body must give full consideration to the IOM study as it relates to this issue.

I am encouraged that S. 2311 also changes city and state funding formulas to encompass all who are infected with HIV and not just provide resources for individuals who have progressed to AIDS. This change responds to the changing nature of the epidemic and the newer treatment protocols, which begin medication earlier.

It allows for treatment programs to begin and expand critical prevention efforts. This bill also more effectively represents the burden of the disease and the need for care. In addition, this measure makes a concerted effort to support the fact, that the funding ''needs'' to follow the trends of the disease (which are disproportionately and increasingly affecting people of color).

It also encourages reporting of HIV infections by states (many do not now report). Such adherence to reporting, will improve our ability to be more progressive and get in front of this epidemic by increasing prevention and outreach efforts.

Another major area that is of critical concern to the Congressional Black Caucus and the communities we represent (which are primarily people of color), is the community planning councils, their composition, effectiveness and operations. This process has not worked well for many disenfranchised communities under existing authorization. Community input is essential to effective service provision at the local level. Therefore, we are encouraged by the requirement in the bill that planning, priority setting and funding allocation processes must take into account the demographics of the local HIV/AIDs epidemic, existing disparities in access to HIV—related care.

In this regard, I also encourage that African Americans and other people of color be appropriately represented in the clinical trials and investigator pools based on the trends of the disease.

I would be remiss if, I did not say that based on the past epidemiology, and several studies and forecasts, FY 2001 funding for the all important ADAP program falls around $100 million dollars short of what will be needed to provide treatment to those infected.

This dramatic shortfall represents the many low income, uninsured and under-insured Americans who will not receive appropriate care, and further puts this country far from where we need to be in fighting this epidemic and saving the lives of those infected and most at-risk.

We in the Caucus and our partners in the Congress and the communities we serve, remain vigilant in the nation's fight against the HIV/AIDS crisis. The Ryan White Care Act is the lifeline to countless Americans infected with HIV and AIDS. It is our best ammunition in the war against this devastating disease that is plaguing our nation. Clearly, we in the U.S. Congress must not wait until this disease begins to mirror the pandemic in Africa. An enhanced, strengthened, responsive and adequately funded Ryan White Care Act is absolutely essential to intensified care, treatment, prevention and outreach.

I urge my colleagues to support this much needed and important bill.

Mr. HORN. Mr. Speaker, I rise to express my strong support for the Ryan White Care Act Amendments of 2000. Over the past ten years, the Ryan White Care Act has represented a unique partnership between federal, state and local officials in delivering prevention and treatment services to those affected by this disease.

The good news is the Care Act has expanded access to high quality health care, which is more important than ever in accommodating the growing numbers of people living with HIV and AIDS. As a result, it is important that federal funds distributed to states and cities most impacted by the disease, such as Long Beach, are needs-based. These amendments are an important step towards the equitable distribution of federal resources for people living with HIV and AIDS.

These amendments will also allow heavily impacted areas such as Long Beach to use their funds now for early intervention services, so they can locate people living with HIV and get them into care. With HIV infecting more than 40,000 Americans each year—at an average treatment cost of $200,000 per individual—prevention strategies remain the most cost effective use of public health dollars.

Today, there are nearly 3800 AIDS cases in Long Beach alone. The Ryan White Care Act Amendments will go a long way in improving access to health care for these Americans, in addition to slowing the rate of new infections, especially in communities of color. I am pleased to lend my support to this important bill and encourage all my colleagues to do the same.

Ms. SCHAKOWSKY. Mr. Speaker, I rise in strong support of S. 2311, the Ryan White CARE Act Amendments of 2000. This bill will make a real and profound difference in the lives of persons living with HIV/AIDS by providing resources for essential primary care health and support services.

The Ryan White CARE Act was first passed in 1990. Since that time, the face of the HIV/AIDS epidemic has changed but the need for the Ryan White CARE Act has not. Today, it is more important than ever that we act to expand access to health and social services.

Since coming to Congress, I have had the opportunity to visit with many of my constituents who have benefited from the Ryan White CARE Act. Person after person has told me that, without this Act, they would be unable to afford the treatments needed so that they can remain healthy and productive members of their community. As members of Congress, we have supported increased medical research efforts that have led to promising treatment advances for people living with HIV/AIDS. The Ryan White CARE Act helps to ensure that people can actually obtain that treatment. It helps them find affordable housing and employment opportunities. It is a program that works and deserves our continued support.

In my district, as in other parts of the country, the HIV/AIDS epidemic continues to threaten individuals, families and communities. I want to recognize the outstanding efforts of many in combating this crisis, both here and in the Chicagoland area. In particular, I want to thank Representative HENRY WAXMAN for his outstanding leadership. As the original sponsor of the Ryan White CARE Act, he has worked to make sure that it remains effective and is flexible enough to address the changing nature of this epidemic.

I also want to point out the enormous efforts of the City of Chicago and, specifically, the Department of Public Health. Mayor Richard Daley has developed a strategic plan to provide a comprehensive response to this epidemic, working with providers, prevention experts, community representatives and, most importantly, people living with HIV/AIDS. Recognizing that today there are more people living with an AIDS diagnosis in Chicago than at any other time, the City is working to prevent new infections, provide access to drug therapies and other treatments, improve other services such as affordable housing, and ensure that resources are used as effectively as possible to reflect changing needs. Reauthorization of the Ryan White CARE Act with adequate funding is essential to meeting those goals. I also want to point out the important work of the AIDS Foundation of Chicago and Chicago Health Outreach in this effort.

Finally, we must recognize that women and people of color represent a disproportionate number of new AIDS cases. Many of those impacted are uninsured, have no regular access to primary care services, and are unable to afford anti-HIV therapies. I am working with the Evanston Health Department and the faith community in my district to reach out to these communities and provide information on prevention and available services. Therefore, I am pleased that S. 2311 makes improvements in the Ryan White CARE Act to help eliminate disparities in access to services and outreach to underserved communities.

I urge my colleagues to support the Ryan White CARE Act reauthorization and to follow up on this action by providing full appropriation levels for its essential services.

Mr. TOWNS. Mr. Speaker, I rise in support of S. 2311, which reauthorizes ''The Ryan White CARE Act''.

HIV infection and AIDS in Brooklyn remains a difficult battle. The Centers for Disease Control found that minorities now account for more than half of all new cases in the United States. AIDS now kills more black men that gunshot wounds. And, it is also the leading cause of death for Hispanic men ages 25 to 44. This disease has equally affected women and children in minority communities. Eighty-four percent of the AIDS cases involving children, age 12 and under, can be found in the black community. And, AIDS has now become the second leading cause of death for black women

and the third leading cause for Hispanic women.

I have witnessed these statistics first hand. My congressional district has the highest incidence of new AIDS cases of any area in New York City. Brownsville has more people living with AIDS than 12 States. It has the second highest number of blacks living with AIDS in all of New York City. In addition, East New York and the Ft. Greene neighborhoods have large populations of women living with AIDS.

Yet, we have not witnessed either the research or treatment and care dollars following the change in disease patterns. While Brooklyn is the epicenter of this disease in New York City, the majority of the Ryan White and NIH funds are still going to organizations which do not serve this constituency. In response to language which I worked to include in this legislation, hopefully, this trend will be halted. And, minority communities, like Brownsville, Ft. Greene and East New York, will receive their fair share of treatment dollars.

I am very pleased that with today's floor consideration of the Ryan White CARE Act we will be able to continue to bring resources to those communities and people who are impacted by AIDS and HIV infection. And, I would urge my colleagues to vote for its passage.

Mr. RUSH. Mr. Speaker, I would like to take this opportunity to commend Mr. WAXMAN and Mr. COBURN for their hard work on the reauthorization of the Ryan White CARE Act of 2000. The Ryan White CARE Act provides grants to eligible metropolitan areas that are disproportionately affected by the HIV epidemic; it provides grants to the states and territories to provide health care support services to people living with HIV/AIDS; it provides programs which support outpatient HIV early intervention services for low-income, medically underserved people in existing primary care systems; and it provides services for children, youth, women and families in a comprehensive, community-based, family-centered system of care.

I am glad to see that the Ryan White CARE Act Amendment of 2000 which I am a cosponsor, addresses the needs of people living with HIV and AIDS. As we witness the dramatic changes taking place in other world nations now confronting exploding epidemics of HIV/AIDS, we recognize that the course of the HIV epidemic is also changing.

Racial and ethnic minorities are increasingly becoming affected with this dreadful disease at an alarming rate. With adequate funding, the Ryan White CARE Act can continue providing medical services to people living with HIV/AIDS, which can help to improve their quality of life.

Mr. Speaker, I would like to thank all of my colleagues who have come to the floor today to speak on the importance of reauthorizing the Ryan White CARE Act of 2000. I am pleased that this important piece of legislation passed the House and Senate and that the leadership considered this important reauthorization before the end of this congressional session.

Mr. NADLER. Mr. Speaker, I rise in strong support of S. 2311, the Ryan White CARE Act Amendments of 2000. This is important bipartisan legislation and I am pleased to see it on the floor today on its way to swift passage. I want to thank the authors for hearing the concerns that were raised when the bill first came through the House, and I believe we have reached a good compromise.

Mr. Speaker, the AIDS epidemic has ravaged our communities throughout the country. The statistics are devastating. Through December 1998, nearly 700,000 people had been diagnosed with AIDS. Over 400,000 of these people have died. The Centers for Disease Control and Prevention estimates that over 40,000 people become infected with HIV each year with an estimated 600,000 to 900,000 people living with HIV today.

As a nation, we could have thrown up our hands and given up in the face of this terrible tragedy. But in 1990, in one of the great legislative achievements of the last decade, Congress took action to address this emergency and passed the Ryan White CARE Act. The CARE Act is a comprehensive program providing treatment and support services to those living with HIV and AIDS. It has brought hope and a little humanity to this terrifying crisis.

The CARE Act is a model of how we can accomplish great things in this chamber. By working together, we have produced a program that provides vital health services to people across the country while targeting communities most in need. It is an efficient program that has been an unqualified success.

We haven't found a cure for AIDS yet, but scientists are making promising discoveries every day, bringing hope that we may one day rid ourselves of this disease once and for all. Until then, there is the CARE Act, reaching out to people who are suffering with HIV and AIDS today and who need our help to lead healthy and productive lives. This is a humane program that deserves our strong support.

Ms. JACKSON-LEE of Texas. Mr. Speaker, I rise in strong support for a cause that must be sustained and implemented in America today. S. 2311, ''Ryan White CARE Act of 2000'' will reauthorize the funds for programs while also changing the formula for current distribution of Ryan White programs. Mr. Speaker, I support this measure that builds on continuing efforts to safeguard the lives of those suffering the most. Accordingly, I applaud the efforts to bring this important legislation to the floor today before the end of the 106th Congress.

Thanks to the persuasive skills by those working on behalf of those afflicted with the HIV/AIDS epidemic, the funding formula within this legislation will actually ensure that minorities are properly covered. The legislation maintains the integrity of the multistructure of the CARE Act, allowing funds to be targeted to the areas hardest hit by the HIV and AIDS epidemic. In addition, I am pleased that the legislation maintains and, in fact, strengthens the decision-making authority of local planning councils and allows resources to be used to locate and bring more individuals into the health care system. Further, I am also delighted to learn that the bill will provide more individuals with early intervention services, such as counseling and testing.

This bill will give states the option to readily extend Medicaid coverage to people living with HIV. If adopted, states will have the ability to add poor and low-income uninsured persons living with HIV to the list of persons categorically eligible for Medicaid. This is very important for people of the 18th Congressional District of Texas who deserve every opportunity to getting the proper coverage it is so critical that they receive quality care. There are HIV-infected persons in my district and across America that need some relief immediately and thus I am pleased by the Medicaid provision in the legislation.

Under current rules, most people living with HIV are ineligible for Medicaid until they have progressed to AIDS and are disabled. Yet, new treatment, such as highly active antiretrovial therapy (HAART), are successfully delaying the progression from HIV infection to AIDS. That is exciting, Mr. Speaker. We can turn this situation around. These advances, along with access to comprehensive health care, have improved the health and quality of life for many people living with HIV. However, without access to Medicaid these advances will remain out of reach for thousands of poor and low-income uninsured people living with HIV.

Early access to HIV treatment through Medicaid, as provided by this legislation, will result in a reduction of new AIDS cases, increase the quality of life of thousands living with HIV, reduce high medical interventions such as inpatient hospitalizations and terminal care, increase tax revenues and reduce costs in the SSI and SSDI programs.

Another initiative, that effects personally my 18th district in Texas, is the establishment of a new supplementary competitive grant program for states in ''severe need''. HHS must consider the importance of HIV and AIDS, the increased need for service along with the level of unmet need. HHS also must look at disparities in the access to services for historically underserved communities. Acknowledgment of loopholes is being met and solutions being made to combat the destitute situation many underserved communities find themselves in.

Finally, I believe it is significant that the reauthorization of the Ryan White Act has the strong support of the Human Rights Campaign and AIDS Action, two organizations that has done monumental work in the promotion of better health care and other critical benefits for those afflicted with HIV/AIDS. As a result of their hard work, we have a bipartisan effort that finally begins to seek to reach out to minorities in unprecedented fashion.

Congress has long recognized the broad scope of benefits of CARE Act programs to those impacted by the HIV and AIDS. We need to continue helping those in need and redouble our efforts to eliminate the epidemic of HIV/AIDS. Mr. Speaker, I strongly urge my colleagues to strongly support this legislation.

Mr. HOLT. Mr. Speaker, I rise today to express my strong support for passing S. 2311 to reauthorize the Ryan White CARE Act.

I am proud to be a cosponsor of the House reauthorization (H.R. 4807) that we passed by voice vote on July 27, 2000. I am equally proud to stand in support of Senate bill 2311. I urge my colleagues to continue their support for these amendments by voting for S. 2311, and help ensure that those with AIDS will continue to receive the support and resources they need.

Mr. Speaker, we all know the troubling statistics. Since its inception, AIDS has claimed over 400,000 lives in the United States. An estimated 900,000 Americans are living with HIV/AIDS today. Women account for 30 percent of new infections. Over half of all new infections occur in persons under 25. As the AIDS crisis has continued year after year, it has become more and more difficult for anyone to claim that AIDS is someone else's problem.

Since 1990, the CARE Act has helped establish a comprehensive, community-based continuum of care for uninsured and under-insured people living with HIV and AIDS, including access to primary medical care, pharmaceuticals, and support services. The CARE Act provides services to people who would not otherwise have access to care.

As a result of the CARE Act, many people with HIV and AIDS are leading longer and healthier lives today.

Mr. Speaker, since my election to Congress, I have strongly supported increases in funding for medical research. As the spouse of a physician, I have a special affinity for those suffering from life-threatening illnesses. I know some believe that government is the problem and not the solution. But the truth is the opposite: in times of great human suffering and injustice, our government has acted to help our fellow citizens overcome life-threatening conditions and situations. Federal aid for the Ryan White CARE Act is a prime example of the good government can do in the face of tragedy and national danger.

By passing S. 2311, we are making clear that the AIDS epidemic in the United States will receive the attention and public health response it deserves.

By passing S. 2311 today, Mr. Speaker, we will affirm our commitment to people living with HIV/AIDS and their families. We will also be affirming our dedication to sound public policy. By reauthorizing the CARE Act, today, Mr. Speaker, we will give hope and a real chance for a better life to thousands of HIV/AIDS victims.

Mr. DINGELL. Mr. Speaker, I rise today to express my strong support for S. 2311, the Ryan White CARE Act Amendments of 2000. This is an excellent bill and it deserves our immediate consideration and support.

I want to take particular note of the way in which this bill has been developed. This bill comes to us by way of a remarkable bipartisan effort led by my good friend and colleague Representative WAXMAN and from the other side of the aisle, Representative COBURN. Given the complexity of the Ryan White program and the potentially controversial nature of the subject matter, the fact that we will pass a good bill at this time of year with a strong bipartisan vote is a tribute to them.

Our colleagues in the other body have also worked hard on this bill and are to be congratulated for their effort. Senators JEFFORDS, KENNEDY, and FRIST have been solid partners in forging the legislation before us today.

The CDC estimates that more than 900,000 persons in America are now living with HIV. Approximately one-third of these persons know they are infected and are receiving treatment. Another third know they are infected, but are not receiving treatment. Another third does not know they are infected. Another complication is that HIV infections are occurring in every region of the country and in every kind of situation. Underserved areas, such as rural areas, are having a particularly difficult time because they lack the infrastructure of proven prevention and treatment programs.

In brief, S. 2311 keeps those programs that have withstood the test of time. Just as significantly, it makes changes where they were needed. The four titles of the Ryan White CARE Act contain a variety of grants and formulas that distribute funds at the state and local levels. As we all know, changing programs of this kind is never easy. In this case, we have successfully blended the need for change with the need for continuity of care for those areas that have been especially hard hit by the HIV/AIDS epidemic. On this point, let me note the great work of our colleagues Representatives ESHOO, TOWNS and PELOSI. I note, also, that a listing of all of the changes made to the Ryan White program by this bill is set forth in the statement of managers that will be included in the record of today's proceedings.

Finally, Mr. Speaker, I wish to acknowledge the work of ranking member of the Health and Environment Subcommittee, Representative BROWN, and the Subcommittee Chairman, Representative BILIRAKIS. They have forged a solid working relationship on a variety of bills that have come before us this year and we are grateful for their hard work and cooperation.

The SPEAKER pro tempore (Mr. SIMPSON). All time for debate has expired.

Pursuant to House Resolution 611, the previous question is ordered on the Senate bill, as amended.

The question is on the third reading of the Senate bill.

The Senate bill was ordered to be read a third time, and was read the third time.

The SPEAKER pro tempore. The question is on the passage of the Senate bill.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. BILIRAKIS. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The vote was taken by electronic device, and there were—yeas 411, nays 0, not voting 22, as follows:

□ 1151

So the Senate bill was passed.

The result of the vote was announced as above recorded.

The title of the Senate bill was amended so as to read: ''A bill to amend the Public Health Service Act to revise and extend programs established under the Ryan White Comprehensive AIDS Resources Emergency Act of 1990, and for other purposes.''.

A motion to reconsider was laid on the table.

Stated for:

Mr. MALONEY of Connecticut. Mr. Speaker, I was unavoidably detained during rollcall vote No. 512. Had I been present I would have voted "yes."

PROVIDING FOR CONSIDERATION OF H.R. 2941, LAS CIENEGAS NATIONAL CONSERVATION AREA IN THE STATE OF ARIZONA

Mr. HASTINGS of Washington. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 610 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 610

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 2941) to establish the Las Cienegas National Conservation Area in the State of Arizona. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived. General debate shall be confined to the bill and shall not exceed one hour equally divided and controlled by the chairman and ranking minority member of the Committee on Resources. After general debate the bill shall be considered for amendment under the five-minute rule. In lieu of the amendment recommended by the Committee on Resources now printed in the bill, it shall be in order to consider as an original bill for the purpose of amendment under the five-minute rule the amendment in the nature of a substitute printed in the Congressional Record and numbered 1 pursuant to clause 8 of rule XVIII. That amendment in the nature of a substitute shall be considered as read. All points of order against that amendment in the nature of a substitute are waived. During consideration of the bill for amendment, the Chairman of the Committee of the Whole may accord priority in recognition on the basis of whether the Member offering an amendment has caused it to be printed in the portion of the Congressional Record designated for that purpose in clause 8 of rule XVIII. Amendments so printed shall be considered as read. The Chairman of the Committee of the Whole may: (1) postpone until a time during further consideration in the Committee of the Whole a request for a recorded vote on any amendment; and (2) reduce to five minutes the minimum time for electronic voting on any postponed question that follows another electronic vote without intervening business, provided that the minimum time for electronic voting on the first in any series of questions shall be 15 minutes. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill to the House with such amendments as may have been adopted. Any Member may demand a separate vote in the House on any amendment adopted in the Committee of the Whole to the bill or to the amendment in the nature of a substitute made in order as original text. The previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommit with or without instructions.

The SPEAKER pro tempore. The gentleman from Washington (Mr. HASTINGS) is recognized for 1 hour.

Mr. HASTINGS of Washington. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentlewoman from New York (Ms. SLAUGHTER), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Mr. Speaker, H. Res. 610 is an open rule waiving all points of order against the consideration of H.R. 2941, a bill to establish the Las Cienegas National Conservation Area in the State of Arizona.

The rule provides 1 hour of general debate to be equally divided between the chairman and ranking minority member of the Committee on Resources. The rule makes in order as an original bill for the purpose of amendment the amendment in the nature of a substitute printed in the CONGRESSIONAL RECORD and numbered 1, which shall be open for amendment at any point. The rule waives all points of order against the amendment in the nature of a substitute.

The rule also authorizes the Chair to accord priority in recognition to Members who have preprinted their amendments in the CONGRESSIONAL RECORD. The rule further allows the chairman of the Committee on the Whole to postpone votes during the consideration of the bill and to reduce voting time to 5 minutes on a postponed question if the vote follows a 15-minute vote.

Finally, the rule provides for one motion to recommit, with or without instructions.

H.R. 2941, a bill introduced by the distinguished gentleman from Arizona (Mr. KOLBE), establishes the Las Cienegas National Conservation Area in parts of Pima, Santa Cruz, and Cochise Counties in Arizona. The bill directs the Secretary of the Interior to develop a management plan for the 42,000 acre area which will conserve, protect, and enhance its resources and values.

Mr. Speaker, this legislation also authorizes the Secretary to purchase or exchange necessary acreage for the conservation area from willing sellers, both individuals and from the State of Arizona.

The bill preserves a significant amount of land that is home to an important cross-section of plants and wildlife. It also creates 142,000-plus acre planning district that is an important first step towards providing a biological corridor from the north of Tucson to Mexico for animal movements that are necessary for the long-term viability of some species.

In addition, two of southern Arizona's perennial streams, the Cienega Creek and the Babocamari River, would be protected by this legislation, ensuring a long-term sustainable riparian area.

□ 1200

Land will also be available for human use in ranching, hunting, and recreation.

H.R. 2941 was reported by unanimous consent by the Committee on Resources on September 20, 2000. Accordingly, I urge my colleagues to support both the rule, House Resolution 610, and the underlying bill.

Mr. Speaker, I reserve the balance of my time.

Ms. SLAUGHTER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of this open rule, and urge my colleagues to pass it.

The underlying bill comes after extensive negotiations between the bill's supporters and the administration, and would establish the Las Cienegas National Conservation Area located in Arizona.

This land is important for a diverse cross-section of plants and wildlife. The bill creates the 137,000-acre Sonoita Valley Conservation Planning District, which includes the 42,000 acre Las Cienegas National Conservation Area.

Moreover, the bill would provide an important first step to creating a biological corridor that extends from north of Tucson to Mexico for animal movements that are necessary for the long-term viability of some species.

In addition, two of southern Arizona's perennial streams, the Cienega Creek and the Babocomari River, would be protected, ensuring a long-term, sustainable riparian area.

Mr. Speaker, I reserve the balance of my time.

Mr. HASTINGS of Washington. Mr. Speaker, I am pleased to yield 1 minute to the author of this bill, the gentleman from Arizona (Mr. KOLBE).

Mr. KOLBE. Mr. Speaker, I rise in support of this rule for H.R. 2941, the Las Cienegas National Conservation Area Establishment Act.

As the gentleman from Washington said, it is an open rule, and deserves support of all the Members of this body.

Ms. SLAUGHTER. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. HASTINGS of Washington. Mr. Speaker, I have no further requests for time, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered.

The SPEAKER pro tempore. The question is on the resolution.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. SHUSTER. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 411, nays 0, not voting 22, as follows:

□ 1220

Ms. MCCARTHY of Missouri changed her vote from ''nay'' to ''yea.''

So the resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

FURTHER MESSAGE FROM THE SENATE

A further message from the Senate by Mr. Lundregan, one of its clerks, announced that the Senate has passed without amendment a joint resolution of the House of the following title:

H.J. Res. 110. Joint Resolution making further continuing appropriations for the fiscal year 2001, and for other purposes.

QUESTION OF PERSONAL PRIVILEGE

Mr. SHUSTER. Mr. Speaker, I rise to a point of a personal privilege.

The SPEAKER pro tempore (Mr. QUINN). The Chair has been apprised of the predicate on which the gentleman from Pennsylvania (Mr. SHUSTER) seeks recognition and finds (in consonance with the precedents cited in section 708 of the House Rules and Manual) that it qualifies as a question of personal privilege under rule IX.

The gentleman from Pennsylvania (Mr. SHUSTER) is recognized for 1 hour.

Mr. SHUSTER. Mr. Speaker, first, I want to thank the Members of the Committee on Standards of Official Conduct for concluding what has been a 4-year nightmare to myself and my family. In fact, 4 years, 1 month and 31 days ago, a group associated with Ralph Nader filed an ethics complaint against me.

I have agreed to accept a single letter of reproval to settle this matter. Now, this letter of reproval deals with matters of appearances of improprieties to which I acknowledge. I am very pleased that the committee dismissed the wild and inaccurate charges originally filed by the Nader group. I am very pleased

that not a single allegation, not a scintilla of evidence, not a hint of any of this referred to any actions that I took that influenced my activities as chairman of my committee.

Now, the Webster dictionary defines reproval. As we know, a letter of reproval, by definition, is the mildest form of sanction. The Webster dictionary defines it as, and I quote, ''to scold or correct, usually gently and with kindly intent.''

Now, I must confess I feel neither gentle nor kindly about this 4-year nightmare which has been so difficult for my family and which has cost hundreds of thousands of dollars in legal fees.

It began with this Nader organization complaint filed. And under the rules, it is a fact, not an opinion, it is a fact that, under the rules, such a complaint must include the signatures of three sitting Members. It is a fact, not an opinion, that at least one of those signatures, not only was not signed by a Member, his name was not even spelled correctly. So on the face of it, this should have been rejected in the very beginning. The then committee began the investigation by violating their own rules. But that is something behind us.

It is also a fact that, in the week of October 5, 1998, 2 years ago, the then chairman of the committee sought me out and said to me, and I can quote it because I immediately not only wrote it down, but also sent it to my attorneys and sent a copy of a letter to the distinguished gentleman himself to make sure that I had not misunderstood. He said to me that, after conferring with other Members of the committee, that they wanted to wrap up the matter by year's end because there was nothing of substance. It was, and I emphasize, I quote, ''B.S.'' I immediately prepared a memorandum, and of course my family and I proceeded on this basis.

As it turned out, that was 2 years ago. I was told they wanted to wrap it up by year's end. It did not happen. We regret that. But we went on to do our best to try to comply with this nightmare.

It is also a matter of public record that the chairman of the investigation committee and I have had bad blood over the years, largely, although not exclusively, over the fact that I refused to block a 6-runway which he wanted killed for his airport. At the time, people came to me and said ''you should object under the rules to that gentleman being chairman of the subcommittee.'' I said absolutely not. I said then that gentleman is an honorable gentleman, and I said now that gentleman is an honorable gentleman. So I agreed for us to proceed under those rules.

I agreed to this letter. It is true that, after my chief of staff of 22 years retired, I and my new chief of staff contacted that old chief of staff numerous times on official business to get guidance because that former chief of staff was the only one who had the knowledge that we needed to conduct the affairs of our office. If that created an appearance of impropriety, absolutely. That is true.

It is also true that my wife and I and my family went to Puerto Rico on what we believed to be an official trip. While it is true that we did, indeed, meet with two different organizations on official business plus, as a member of the Permanent Select Committee on Intelligence, I took time to meet with DEA agents on drug matters relating to Puerto Rico, nevertheless it was concluded by the committee that this trip was more recreational. I accept that judgment that it created the appearance of recreation.

It is also true that my congressional staff contributed many times to work in my campaign. It is true that we kept no written records. I acknowledge that. I admit that. If that is an appearance of impropriety, so be it. We understand that the particular staff person in question did testify that she worked nights and weekends to make it up. But, absolutely, we did not keep records which have been deemed to be adequate, and so I have no problem in acknowledging that violation.

It is also true that the Bud Shuster for Congress Committee spent hundreds of thousands of dollars on dinners and charter flights. We identified it as political. But it is true that we did not spell out the details. We did not spell out who it was we had dinner with. We did not spell out the purpose of the dinner. We reported it all on our FEC reports, but we did not provide any detail. So if that is an appearance of impropriety, so be it. I accept it.

Also, the word ''excessive'' was used in spending campaign funds. Now, if one comes from a rural area, we do not have the benefit of airlines, scheduled airlines. We have to use charter flights.

□ 1230

But between the dinners and the flights, these campaign expenses were ''excessive.'' We thought that was something the FEC was supposed to deal with, but nevertheless we accept that. If that created the appearance of impropriety, so be it.

But I would point out, in fact, it really raises my hackles a bit when people say, ''Well, you didn't have any opposition.'' My colleagues, I have got to confess to the sin of pride. I am the only Pennsylvanian in our Nation's history who has won both the Democratic and the Republican nominations nine times. These Democratic nominations did not fall out of the sky. We conduct very, very complicated write-in campaigns. And in 11 counties, we have had to run 11 campaigns for a write-in campaign. It costs a lot of money.

We work 365 days a year on the political end of our activities, and we do spend an awful lot of money. And if that created the appearance of impropriety, I accept that.

Now, if our practices created the appearance of impropriety, our attorneys at one point said, wait a minute, these are common practices. I said, well, I thought they were, but maybe they are not. So our attorneys initiated investigations into the FEC reports as well as the ethics report of 35 Members of Congress, both sides of the aisle, particularly Members of the Committee on Standards of Official Conduct and the leadership in the Congress to see whether these practices were also conducted by other Members of the Congress. And, indeed, they discovered that in a vast majority of the cases, meals, with the full range of Washington restaurants, Mr. K's, Red Sage, Morton's, Capitol Grill, were paid for by campaign expenses. The Palm, the MCI Center, private clubs, golfing expenses; all paid for with campaign expenses. Entertainment, music, florists, commercial airfare.

Indeed, I emphasize since we do not have commercial flights in rural Pennsylvania, I had to rely on charter flights, but we spent an awful lot of money on it. And if that created an appearance of impropriety, absolutely I accept that.

Members, as they traveled around in style, Sun Valley, campaign expenses or paid for by private groups; Sun Valley, Idaho, Jackson Hole, Aspen, Boulder, Miami, Boca Raton, Orlando, Ft. Myers, Naples, Palm Springs, Pebble Beach, the list goes on and on, Mexico, Puerto Rico, Bermuda, Virgin Islands, Cuba, Panama, London, Scotland, Ireland, Rome, Zurich, Tokyo, Hong Kong, Singapore, South Africa, et cetera, et cetera, all paid for by private groups.

Now, it is a fact that we did not keep a record of how much of my time was spent on official business and how much time was spent on recreation. This is one of the things that the Congress and the committee might want to consider clarifying this, so that when a Member does go on a trip paid for by a private group, he should keep a record of how many hours and minutes he spends on official business and how many hours and minutes he spends on recreations so we would know clearly and so my colleagues do not find themselves in the same difficulty in which we have found ourselves.

In fact, I considered introducing legislation, but it is not my style to do something with tongue-in-cheek to say that we have got to have written records of every time we go and have a dinner with somebody, and we must write down who the person was and what was talked about. Do we really want that around here? Well, what is

good for the goose is good for the gander, but it is certainly not my point to suggest that that should be done.

I have to tell my colleagues that my attorneys read the committee report, and they take violent exception to some of the characterizations in it, and urge, by the way, that all my colleagues read our reply to the report, but I accept the letter of reproval. I accept the appearance of impropriety. In the course of it, my attorneys tell me there were 150 subpoenas, 75 witnesses, 33 depositions; and they tell me time and time again in debriefings that they were informed that these witnesses by the staff attorneys were intimidated, were threatened, and were harassed.

I want to emphasize very strongly, these are not the gentlemen and ladies on the Committee on Standards of Official Conduct. As far as I have been apprised, the gentlemen and the ladies on the Committee on Standards of Official Conduct conducted themselves in a manner which we all would expect them to conduct themselves. The staff, of course, was a different situation.

So in conclusion, this 4-year ordeal is over. I accept the findings to stop the hemorrhaging of legal fees and to put this behind us. I am less than thrilled by the drumbeat of malicious, inaccurate newspaper stories which have appeared over the period of time. I certainly want to thank my family and my friends, my staff and my colleagues for their tremendous support which I have received during this 4-year nightmare. And perhaps most significantly, as a result of the tremendous support I have received, our Committee on Transportation and Infrastructure has been able to be an effective committee, has been a committee which in fact, more than any other committee in the Congress, I am told, has seen 119 pieces of legislation signed into law, the largest and most productive committee of the Congress with, indeed, some historic pieces of legislation.

So I accept the findings of the committee in order to put this behind us. And most importantly I want to thank all my colleagues for their tremendous support over this period of time.

Mr. OBERSTAR. Mr. Speaker, will the gentleman yield?

Mr. SHUSTER. I yield to the gentleman from Minnesota.

Mr. OBERSTAR. Mr. Speaker, the apologia pro vita sua we have just heard from the gentleman in the well is and represents one of the most intensely personal moments in this body; one of the most human experiences that we engage in. None of us, unless we stand in that well, as the gentleman has just done, can understand the pain and the difficulty, but also the strength of character it takes to deliver the statement the gentleman has just made, and to say ''I accept the judgment.'' But it is characteristic of the gentleman to do so.

The gentleman has led the committee throughout all this ordeal with dignity and effectiveness. I know how pained the gentleman is over this report, but I am proud of this moment that he has taken to address his colleagues and to address the country and to address this institution, and I thank the gentleman.

Mr. SHUSTER. Reclaiming my time, Mr. Speaker, I thank my good friend, and I yield back the balance of my time.

LAS CIENEGAS NATIONAL CONSERVATION AREA IN THE STATE OF ARIZONA

The SPEAKER pro tempore (Mr. LAHOOD). Pursuant to House Resolution 610 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the State of the Union for the consideration of the bill, H.R. 2941.

□ 1240

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the State of the Union for the consideration of the bill (H.R. 2941) to establish the Las Cienegas National Conservation Area in the State of Arizona, with Mr. QUINN in the chair.

The Clerk read the title of the bill.

The CHAIRMAN. Pursuant to the rule, the bill is considered as having been read the first time.

Under the rule, the gentleman from Utah (Mr. HANSEN) and the gentleman from West Virginia (Mr. RAHALL) each will control 30 minutes.

The Chair recognizes the gentleman from Utah (Mr. HANSEN).

Mr. HANSEN. Mr. Chairman, I yield myself such time as I may consume, and I rise in full support of H.R. 2941, which establishes the Cienegas National Conservation Area and the Sonoita Valley Conservation Planning District in the State of Arizona. Authored by my colleague, the gentleman from Arizona (Mr. KOLBE), this legislation will ensure the future protection and use of this area.

The purpose of H.R. 2941 is to preserve the many historical, recreation, and rangeland resources of the region while also allowing for environmentally responsible grazing and recreation to continue. The planning district consists of approximately 137,000 acres of land in the Arizona counties of Pima and Santa Cruz. The conservation area on the southern end of the planning district encompasses nearly 42,000 acres of Federal public land. Both of these management prescriptions will conserve, protect, and enhance for the benefit and enjoyment of present and future generations the unique aquatic, wildlife, cave, historical, and other resources and values which allowing livestock grazing and recreation to continue.

In 1995, the Sonoita Valley Planning Partnership was formed to work on public lands issues in the Empire-Cienega Resources Conservation Area, which the BLM established in 1988. The partnership is comprised of various stakeholders, such as hiking clubs, conservation organizations, grazing and mining interests, off-highway vehicle clubs, mountain bike clubs, as well as Federal, States, and county government entities. The SVPP has developed a collaborative management plan for these lands, and the National Conservation Area designation gives this plan's objectives permanence.

The establishment of this conservation planning district and national conservation will not affect any property rights of any lands or interests in lands held by the State of Arizona, any political subdivisions of the State of Arizona, or any private landowners. In addition, reasonable access to non-federally owned lands or interest in lands within the NCA must be provided. The establishment of the National Conservation Area must also allow for multiple use, such as grazing, motorized vehicles, military overflights, and hunting.

Mr. Chairman, this bill ensures the designation of the NCA will not lead to the creation of protective perimeters or buffer zones. This bill also assures that any activity or use on lands outside the NCA are not precluded as a result of the designation. In addition, this bill directs the Secretary to develop and implement a comprehensive management plan for the long-term management of the area.

Mr. Chairman, my colleague, the gentleman from Arizona (Mr. KOLBE), deserves a lot of credit for bringing H.R. 2941 to this point. Following the initial hearing on this legislation, many concerns were raised about boundaries, private and State lands, and grazing language. After several months of negotiation with the minority and the Secretary of the Interior, he has produced legislation that is balanced and reasonable. I want to commend the gentleman from Arizona (Mr. KOLBE) for his patience and hard work. This is a worthy piece of legislation, and I strongly urge my colleagues to support H.R. 2941.

Mr. Chairman, I reserve the balance of my time.

Mr. RAHALL. Mr. Chairman, I yield 3 minutes to the gentleman from Arizona (Mr. PASTOR), a member of the powerful Committee on Appropriations.

Mr. PASTOR. Mr. Chairman, I rise to support this legislation, which I have cosponsored and is of tremendous importance to Arizona maintenance.

I appreciate the efforts of the chairman of the Committee on Resources, the gentleman from Alaska (Mr. YOUNG); and the ranking member, the gentleman from California (Mr.

GEORGE MILLER); as well as the subcommittee chairman, the gentleman from Utah (Mr. HANSEN); and my dear friend, the gentleman from West Virginia (Mr. RAHALL), for moving this legislation.

As my colleagues know, this legislation will designate approximately 206,000 acres of land within Pima, Cochise, and Santa Cruz Counties as a National Conservation Area. I represent the area of the designation within Santa Cruz County. I believe, as do many others within Arizona, that it is important for this area to be designated a National Conservation Area.

□ 1245

This designation would allow for the local people to continue their involvement in the use and preservation of this area by having a say in the important management plan to be developed by the Secretary of Interior.

In 1988, the Empire-Cienegas Resources Conservation Area was established by the Bureau of Land Management. In 1995, in order to address and work on land issues within the Conservation Area, a diverse and caring group of citizens formed the Sonoita Valley Planning Partnership. Virtually every group with an interest in the use and conservation of the area was included in the Partnership.

Conservation organizations have continued to have a say in how this land should be used and protected. Hiking clubs address the needs of the area both in the recreational activities and preservation. Off-highway vehicle clubs and mountain biking clubs have explored ways to use this land while protecting its pristine value and not spoiling it for wildlife and for plant species.

Ranchers have joined the Partnership to best explain how the land can be used for grazing without having a detrimental impact on the environment. Mining companies continue to work within the Partnership in hopes of ensuring an area will be preserved for recreation, wildlife, and beauty.

Finally, State, Federal, and local governments have been included to address the needs of their constituents which are not part of other groups.

Mr. Chairman, I commend the Sonoita Valley Planning Partnership for having developed a management plan for these lands. By Congress designating Las Cienegas as a National Conservation Area, we will give a permanence to the bold and innovative plan that the Partnership has developed. In fact, the management plan is the core of this National Conservation Area designation. In simple terms, it is a plan by local people for local lands.

Mr. Chairman, while there are many details to this legislation, it is important to point out that this bill would preserve a significant amount of land from Tucson to Mexico. It would create a biological corridor that is necessary for the long-term survival of several species that move within the designated area, not to mention protecting a diverse cross-section of plants. It would also sustain a long-term riparian area along two southern Arizona perennial streams.

In closing, Mr. Chairman, we all know there are several options for protecting this land. After looking at all the alternatives, I support the approach of the gentleman from Arizona (Mr. KOLBE) of the Sonoita Valley Planning Partnership as the best alternative to maintaining and preserving this area. By designating this area as a National Conservation Area, we are taking a practical and meaningful approach toward preserving our environment in southeastern Arizona.

I urge my colleagues to support this important legislation.

Mr. HANSEN. Mr. Chairman, I am happy to yield such time as he may consume to the author of this legislation, the gentleman from Arizona (Mr. KOLBE), who has done such an outstanding job on this legislation.

Mr. KOLBE. Mr. Chairman, I thank the gentleman from Utah (Mr. HANSEN) for yielding me the time.

Mr. Chairman, to paraphrase Winston Churchill, consideration of H.R. 2941 marks not the beginning of the end for this legislation, but rather the end of the beginning.

I say that because this is the culmination of 5 years of work by the people who live and work in the area, but its enactment will mark the beginning of an effort to preserve 143,000 acres of land so that future generations can enjoy Arizona's great western heritage, ranching, outdoor recreation and vast open spaces of desert filled with wildlife.

This bill establishes the Las Cienegas National Conservation Area. Mr. Chairman, for the benefit of my colleagues, ''Las Cienegas'' means ''the marshes,'' something we do not normally associate with Arizona. And yet this river bottom, this watershed is indeed one of the spectacular areas of marshes and bogs.

The legislation will ensure that a land management plan is developed that is consistent with local needs and interests. Besides grazing and recreation, other authorized uses of the lands and the NCA include motorized vehicles on specified roads and trails, continued military overflights, and hunting in accordance with State law.

However, future mineral leases are prohibited. The management plan of this NCA must be based on the local partnership's land use plan that has been collaborative in nature. The plan must include educational programs as well as the strategies for management of wildlife, cultural resources, and cave resources.

The bill also protects private property rights and it ensures access to private and other non-Federal properties within the NCA boundary.

This legislation reflects, I believe, a balanced approach to land management that recreation, hunting and ranching can coexist with the Sonoran desert ecosystem. Several perspectives have been brought to the table during the 5 years that this vision has been molded into its current shape, and the gentleman from Utah (Mr. HANSEN) alluded to some of that.

The interest of hiking clubs, of conservation groups, of grazing permittees, of mountain bike clubs, as well as State and county governments have all been intricately involved and interwoven in this consensus building process.

The bill does indeed, as a result, have very broad support. Both counties affected by this bill have passed unanimous bipartisan resolutions of support. It has shown to have bipartisan support here in the House of Representatives. It has support from the Department of Army and the very nearby Fort Huachuca. It has support of the City of Tucson and support of the Empire Ranch Foundation, of environmental organizations, of the Arizona and Pima Trail Associations, of the Southern Arizona Mountain Bike Association, of the Green Valley Hiking Club. And today, just this morning, I am pleased to say that the Governor of the State of Arizona has just faxed us a letter of her support.

Yes, it even has the support of developers.

The bill establishes a 142,800 acres Sonoita Valley Acquisition Planning District, which includes the 42,000 acres Las Cienegas National Conservation Area.

The goal of this acquisition planning district is to give the Secretary of the Interior the authority to reach a consensual agreement with the Governor of Arizona to acquire the State lands and prevent urban sprawl in the region.

This is a one-way street, however. The Secretary of Interior has to try to negotiate and coordinate with the State, but the State must weigh its options and decide whether this would be beneficial for them. If the State or other non-Federal landowners decide not to participate in this vision, this legislation does not prevent them from doing anything that would be allowed today on that land. It simply provides another option to the State as the major landholder within this acquisition planning area.

Also, let me point out that there are no private lands within the NCA boundary, and non-Federal land within the acquisition planning district could become a part of the National Conservation Area only if they are acquired from a willing seller or if a conservation easement is purchased by the Bureau of Land Management.

Mr. Chairman, I am proud to be here today representing the people of southeastern Arizona on the development of this legislation. They have made a very conscious effort to work with their neighbors, to understand the differing interests, the competing interests that are included in this bill, and to come up with a plan that meets everyone's needs.

Lastly, I would like to take this opportunity to express my thanks and appreciation to the multitude of people who have helped us to get to this point. Many people have put their heart and soul into this bill.

I think of Luther Propst and Mary Vint with the Sonoran Institute; John and Mac Donaldson and John McDonald with the Empire Ranch, and I only wish, I might add, that I could give them some rain right now for their cattle and their feed; of Sheldon Clark, Peter Backus; Supervisors Ray Carroll of Pima County and Ron Morriss of Santa Cruz County; Arizona Game & Fish Commissioner Joe Carter; and Jesse Juen and Laurie Sedlmayr with the Bureau of Land Management.

I also commend Governor Hull and her staff for their valuable contributions to the legislation. I especially want to thank my colleague, the gentleman from Arizona (Mr. PASTOR), for his consistent support. Lisa Daly with Legislative Counsel has to be commended for dealing with my staff's constant pestering and pleasantly and competently dealing with the seemingly never-ending changes to the bill.

Finally, I thank my own staff in Arizona: Kay McLoughlin, Bernadette Polley. And as a witness to just how long this has been going on, I express my thanks also to Melinda Carrell, who retired more than a year ago, not, I might add, because of this bill, but played an instrumental role in developing this legislation.

Without the dedicated work of Kevin Messner, who is with me on the floor today, giving birth to this bill countless times, negotiating improvements, and maneuvering through mine fields, we would not be here on the floor with this bill today.

And finally, last but not least, let me also thank the gentleman from Utah (Mr. HANSEN), the chairman of subcommittee; Allen Freemyer from the majority staff; and Rick Healy from the minority staff for their invaluable input for bringing us here. These folks have been invaluable in this effort. I give my heartfelt thanks to them and say this is what I think the legislative process ought to be about.

I urge my colleagues to vote in favor of a 5-year bipartisan, multi-interest compromise that is being asked for by the people, and I can say virtually all the people, of southern Arizona.

Mr. RAHALL. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I simply want to commend and congratulate the gentleman from Arizona (Mr. KOLBE) for the manner in which he has moved this legislation, as well as the subcommittee chairman, the gentleman from Utah (Mr. HANSEN).

At the appropriate time, I will submit the statement of the ranking member, the gentleman from California (Mr. GEORGE MILLER) for the RECORD.

We support the revised bill.

Mr. Chairman, I have no further requests for time, and I yield back the balance of my time.

Mr. HANSEN. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I thank the gentleman from Arizona (Mr. KOLBE) for the excellent presentation that he just gave us concerning this piece of legislation.

Mr. GEORGE MILLER of California. Mr. Chairman, H.R. 2941, introduced by Mr. KOLBE, would establish a new national conservation area (NCA) in southeastern Arizona, near Tucson. The area consists of hills, grasslands and marshes along a stretch of Cienega Creek. Left unaddressed, this area is likely to succumb to urban sprawl.

At the hearing on H.R. 2941, Interior Secretary Babbitt testified in general support a conservation designation for the area. However, there were a significant number of problems with the language of the bill that the Secretary and others elaborated on.

Between the hearing and mark up of the legislation there were discussions among the majority and minority staffs, as well as BLM staff and the bill sponsor on changes that could be made to the bill to make it an acceptable proposal.

We appreciate the fact that the bill reported by the Resources Committee made many positive changes to the bill. However, in one instance the reported bill represented a step backward rather than a step forward.

We did not support the language in the Committee bill as it pertains to grazing. This language had the effect of according grazing a higher status than it has under current law. While the revised bill had many good features to it, on grazing it fell short.

I am pleased that the version of the bill made in order today under the Rule includes provisions that address the problem with the grazing language of the Committee-reported bill. The new language provides for environmentally sustainable grazing on appropriate lands within the conservation area. As such, this language will be consistent with the protection of the important resource values of the area.

Mr. Chairman, I appreciate the work of Representative KOLBE and his staff in addressing this important matter. I will be supporting H.R. 2941 with this new language and urge my colleagues to do likewise.

Mr. HANSEN. Mr. Chairman, I have no further requests for time, and I yield back the balance of my time.

The CHAIRMAN. All time for general debate has expired.

In lieu of the amendment recommended by the Committee on Resources printed in the bill, it shall be in order to consider as an original bill for the purpose of amendment under the 5-minute rule an amendment in the nature of a substitute printed in the CONGRESSIONAL RECORD and numbered 1. That amendment in the nature of a substitute shall be considered as read.

The text of the amendment in the nature of a substitute is as follows:

Strike all after the enacting clause and insert the following new text:

SECTION 1. DEFINITIONS.

For the purposes of this Act, the following definitions apply:

(1) CONSERVATION AREA.—The term ''Conservation Area'' means the Las Cienegas National Conservation Area established by section 4(a).

(2) ACQUISITION PLANNING DISTRICT.—The term ''Acquisition Planning District'' means the Sonoita Valley Acquisition Planning District established by section 2(a).

(3) MANAGEMENT PLAN.—The term ''management plan'' means the management plan for the Conservation Area.

(4) PUBLIC LANDS.—The term ''public lands'' has the meaning given the term in section 103(e) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1702(e)), except that such term shall not include interest in lands not owned by the United States.

(5) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.
