The films saved by the National Film Preservation Board are precisely those types of films that would be unlikely to survive without public support. At-risk documentaries, silent-era films, avant-garde works, ethnic films, newsreels, and home movies are in many ways more illuminating on the question of who we are as a society than the Hollywood sound features kept and preserved by major studios. What is more, in many cases only one copy of these ''orphaned'' works exists. As the Librarian of Congress, Dr. James H. Billington, has noted, ''Our film heritage is America's living past.'' I encourage my colleagues to support the ''Film Preservation Act of 2003'' so that America's past can survive in order to enlighten and entertain future generations.

I ask unanimous consent that the text of this bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1923

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—REAUTHORIZATION OF THE NATIONAL FILM PRESERVATION BOARD

SEC. 101. SHORT TITLE.

This title may be cited as the ''National Film Preservation Act of 2003''.

SEC. 102. REAUTHORIZATION AND AMENDMENT.

(a) DUTIES OF THE LIBRARIAN OF CONGRESS.—Section 103 of the National Film Preservation Act of 1996 (2 U.S.C. 179m) is amended:

(1) in subsection (b)—

(A) by striking ''film copy'' each place that term appears and inserting ''film or other approved copy'';

(B) by striking ''film copies'' each place that term appears and inserting ''film or other approved copies''; and

(C) in the third sentence, by striking ''copyrighted'' and inserting ''copyrighted,

mass distributed, broadcast, or published'' ; and

(2) by adding at the end the following:

''(c) COORDINATION OF PROGRAM WITH OTHER COLLECTION, PRESERVATION, AND ACCESSIBILITY ACTIVITIES.—In carrying out the comprehensive national film preservation program for motion pictures established under the National Film Preservation Act of 1992, the Librarian, in consultation with the Board established pursuant to section 104, shall—

''(1) carry out activities to make films included in the National Film registry more broadly accessible for research and educational purposes, and to generate public awareness and support of the Registry and the comprehensive national film preservation program;

''(2) review the comprehensive national film preservation plan, and amend it to the extent necessary to ensure that it addresses technological advances in the preservation and storage of, and access to film collections in multiple formats; and

''(3) wherever possible, undertake expanded initiatives to ensure the preservation of the moving image heritage of the United States, including film, videotape, television, and born digital moving image formats, by supporting the work of the National Audio-Visual Conservation Center of the Library of Congress, and other appropriate nonprofit archival and preservation organizations.''.

(b) NATIONAL FILM PRESERVATION BOARD.—Section 104 of the National Film Preservation Act of 1996 (2 U.S.C. 179n) is amended—

(1) in subsection (a)(1) by striking ''20'' and inserting ''22'';

(2) in subsection (a) (2) by striking ''three'' and inserting ''5'';

(3) in subsection (d) by striking ''11'' and inserting ''12''; and

(4) by striking subsection (e) and inserting the following:

''(e) REIMBURSEMENT OF EXPENSES.—Members of the Board shall serve without pay, but may receive travel expenses, including per diem in lieu of subsistence, in accordance with sections 5702 and 5703 of title 5, United States Code.''.

(c) RESPONSIBILITIES AND POWERS OF BOARD.—Section 105(c) of the National Film Preservation Act of 1996 (2 U.S.C. 179o) is amended by adding at the end the following:

''(3) REVIEW AND APPROVAL OF SPECIAL FOUNDATION PROJECTS.—The Board shall review special projects submitted for its approval by the National Film Preservation Foundation under section 151711 of title 36, United States Code.''.

(d) NATIONAL FILM REGISTRY.—Section 106 of the National Film Preservation Act of 1996 (2 U.S.C. 179q) is amended by adding at the end the following:

''(e) NATIONAL AUDIO-VISUAL CONSERVATION CENTER.—The Librarian shall utilize the National Audio-Visual Conservation Center of the Library of Congress at Culpeper, Virginia, to ensure that preserved films included in the National Film Registry are stored in a proper manner, and disseminated to researchers, scholars, and the public as may be appropriate in accordance with—

''(1) title 17 of the United States Code; and

''(2) the terms of any agreements between the Librarian and persons who hold copyrights to such audiovisual works.''.

(e) USE OF SEAL.—Section 107 (a) of the National Film Preservation Act of 1996 (2 U.S.C. 179q) is amended—

(1) in paragraph (1), by inserting ''in any format'' after ''or any copy''; and

(2) in paragraph (2), by striking ''or film copy'' and inserting ''in any format''.

(f) EFFECTIVE DATE.—Section 113 of the National Film Preservation Act of 1996 (2 U.S.C. 179w) is amended by striking ''7'' and inserting ''17''.

TITLE II—REAUTHORIZATION OF THE NATIONAL FILM PRESERVATION FOUNDATION

SEC. 201. SHORT TITLE.

This title may be cited as the ''National Film Preservation Foundation Reauthorization Act of 2003''.

SEC. 202. REAUTHORIZATION AND AMENDMENT.

(a) BOARD OF DIRECTORS.—Section 151703 of title 36, United States Code, is amended—

(1) in subsection (b)(2)(A), by striking ''nine'' and inserting ''12''; and

(2) in subsection (b)(4), by striking the second sentence and inserting ''There shall be no limit to the number of terms to which any individual may be appointed.''.

(b) POWERS.—Section 151705 of title 36, United States Code, is amended in subsection (b) by striking ''District of Columbia'' and inserting ''the jurisdiction in which the principal office of the corporation is located''.

(c) PRINCIPAL OFFICE.—Section 151706 of title 36, United States Code, is amended by inserting '', or another place as determined by the board of directors'' after ''District of Columbia''.

(d) AUTHORIZATION OF APPROPRIATIONS.—Section 151711 of title 36, United States Code, is amended by striking subsections (a) and (b) and inserting the following:

''(a) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Library of Congress amounts necessary to carry out this chapter, not to exceed $500,000 for each of the fiscal years 2004 and 2005, and not to exceed $1,000,000 for each of the fiscal years 2006 through 2013. These amounts are to be made available to the corporation to match any private contributions (whether in currency, services, or property) made to the corporation by private persons and State and local governments.

''(b) LIMITATION RELATED TO ADMINISTRATIVE EXPENSES.—Amounts authorized under this section may not be used by the corporation for management and general or fundraising expenses as reported to the Internal Revenue Service as part of an annual information return required under the Internal Revenue Code of 1986.''.

(e) COOPERATIVE FILM PRESERVATION.—

(1) IN GENERAL.—Chapter 1517 of title 36, United States Code, is amended—

(A) by redesignating sections 151711 and 151712 as sections 151712 and 151713, respectively; and

(B) by adding at the end the following:

''§ 151711. Cooperative film preservation

''(a) COOPERATIVE FILM PRESERVATION.—

''(1) IN GENERAL.—The corporation shall design and support cooperative national film preservation and access initiatives. Such initiatives shall be approved by the corporation, the Librarian of Congress, and the National Film Preservation Board of the Library of Congress under section 105(c)(3) of the National Film Preservation Act of 1996.

''(2) SCOPE.—Cooperative initiatives authorized under paragraph (1) may include—

''(A) the repatriation and preservation of American films that may be found in archives outside of the United States;

''(B) the exhibition and dissemination via broadcast or other means of ''orphan'' films;

''(C) the production of educational materials in various formats to encourage film preservation, preservation initiatives undertaken by 3 or more archives jointly; and

''(D) other activities undertaken in light of significant unfunded film preservation and access needs.

''(b) AUTHORIZATION OF APPROPRIATIONS.—

''(1) IN GENERAL.—There are authorized to be appropriated to the Library of Congress amounts not to exceed $1,000,000 for each of the fiscal years 2006 through 2013, to carry out the purposes of this section.

''(2) MATCHING.—The amounts made available under paragraph (1) are to be made available to the corporation to match any private contributions (whether in currency, services, or property) made to the corporation by private persons and State and local governments.

''(3) LIMITATION RELATED TO ADMINISTRATIVE EXPENSES.—Amounts authorized under this section may not be used by the corporation for management and general or fundraising expenses as reported to the Internal Revenue Service as part of an annual information return required under the Internal Revenue Code of 1986.''.

(2) TECHNICAL AND CONFORMING AMENDMENT.—The table of sections for chapter 1517 of title 36, United States Code, is amended by striking the matter relating to section 151711 and 151712 and inserting the following:

''151711. Cooperative film preservation.
''151712. Authorization of appropriations.
''151713. Annual report.''.

By Mr. JEFFORDS:

S. 1924. A bill to provide for the coverage of milk production under the H–2A nonimmigrant worker program; to the Committee on the Judiciary.

Mr. JEFFORDS. Mr. President, today I rise to introduce the Dairy Farm Workers Fairness Act.

Family dairy farms are critically important to our agricultural economy and to the rural way of life in many parts of the country. These farms support the rural economy by supporting the local tax base and many local businesses. The working landscape created by our farms, especially a patchwork of small farms, is also the best antidote for the urban sprawl that is overtaking so much of the country. And, of course, the availability of fresh, locally produced milk is an amenity that we have come to take for granted. To support our rural economies, the working landscape and our local food supply systems we need to help small family dairy farms survive and thrive.

The most difficult challenge to the family dairy farm, after the volatility in milk price, is finding and hiring workers. In my home State of Vermont, dairy farms are not only an important part of our economy; they are an institution that has come to define our landscape. Vermont's beauty lies in the green fields, the red barns and the cows grazing on the hillside. When a farm family sells their land, which in many cases may have been worked by them and their ancestors for 5 or more generations, the decision is often driven by the non-stop, 7 day a week, 365 days a year work schedule. As fewer rural residents choose to work in agriculture, these farmers have been forced to take on more themselves. The whole family can end up working without vacations, sick leave or having weekends off. Although dairy farming

might not seem seasonal, the burden becomes particularly heavy during the growing season when planting, haying, harvesting and storage of feed must all occur.

Dairy farmers are being forced to explore other options to find a predictable source of qualified labor. While other agricultural businesses in the country benefit from the temporary workers qualified under the H2A Work Visa Program, dairy farms do not. The job of milking cows on dairy farms has been judged under the current H2A program to not meet the definition of temporary or seasonal and is thus excluded. The largest labor need on dairy farms during the growing season, remains the need for assistance with milking. The cows must be milked two or three times a day by hired help so the farmer is able to take on the more complex and specialized work of operating large machinery to plant and harvest. While the work of milking is not seasonal or temporary, the need for additional labor to accomplish the work is seasonal and temporary. I believe the exclusion of dairy farming under the H2A program is an unintended problem in definitions, and our legislation is designed to fix that glitch. We must do this out of fairness, so that dairy farms can benefit from the same access to labor that other farms have, and more importantly to help our farms survive.

Recently, I heard from a farmer who owns and operates, along with his wife, a small dairy farm in central Vermont. The couple is nearing retirement age and have no children of their own. They had attempted to find a farm hand that could live on the farm and help with milking and some of the heavier chores. After placing ads in the paper and working with the state of Vermont's Department of Employment and Training, it became clear that their best option was to hire a family friend who had a strong desire to learn farming. Since the young man was from Honduras they began the visa process only to have their request for certification by the U.S. Department of Labor denied because their need was considered neither temporary nor seasonal. This farm plays such an important role in their rural Vermont community that I heard from several other constituents who asked for my assistance on this family's behalf. The couple continues to work their land but in doing so they are straining their health and pushing themselves harder than they should. They continue to operate their farm because they do not want to sell it since it is land that has been farmed for generations.

The legislation I am introducing today would allow this family farm, and so many others like it, to avail themselves of a labor source that exists for virtually every other farm in this country. By creating a period based on the summer growing season, dairy farms will be able to bring on extra help during the busiest part of the year, providing much needed relief for our farm families. I urge my colleagues to join me in supporting dairy farms across the United States by cosponsoring this important legislation. I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1924

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Dairy Farm Workers Fairness Act''.

SEC. 2. COVERAGE OF MILK PRODUCTION UNDER H–2A NONIMMIGRANT WORKER PROGRAM.

(a) IN GENERAL.—For purposes of the administration of the H–2A worker program in a year, work performed in the production of milk for commercial use not earlier than April 15 or later than October 15 of that year shall qualify as agriculture labor or services of a seasonal nature.

(b) DEFINITIONS.—In this section:

(1) H–2A NONIMMIGRANT WORKER PROGRAM.—The term ''H–2A nonimmigrant worker program'' means the program for the admission to the United States of H–2A nonimmigrant workers.

(2) H–2A NONIMMIGRANT WORKERS.—The term ''H–2A worker'' means a nonimmigrant alien described in section 101(a)(15)(H)(ii)(a) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)(ii)(a)).

By Ms. STABENOW (for herself, Mr. GRAHAM of Florida, Mrs. CLINTON, Mrs. MURRAY, Mr. LEAHY, Mr. DASCHLE, Mr. PRYOR, Mr. LEVIN, Mr. SCHUMER, and Ms. CANTWELL):

S. 1926. A bill to amend title XVIII of the Social Security Act to restore the medicare program and for other purposes; to the Committee on Finance.

Ms. STABENOW. Mr. President, I rise today to introduce legislation that would allow us to help our providers and patients now.

If we immediately pass this bill, we can make our providers whole and then go back to the drawing board to get a better Medicare prescription drug benefit bill.

The bill includes all of the provider givebacks in the Conference Report accompanying H.R. 1, the Medicare Prescription Drug and Modernization Act of 2003.

It includes all adjustments, word for word, for the rural provisions, physician updates, graduate medical education, GME, and home health services.

It does not add new language.

It does not include any provider cuts or premium increases in H.R.1.

Congress should pass these provisions on their own to help hospitals, physicians, and patients and not hold them hostage to a prescription drug bill that privatizes Medicare and provides a mediocre benefit to most seniors.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the Record, as follows:

S. 1926

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; AMENDMENTS TO SOCIAL SECURITY ACT; REFERENCES TO BIPA AND SECRETARY; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Support Our Health Care Providers Act of 2003''.

(b) AMENDMENTS TO SOCIAL SECURITY ACT.—Except as otherwise specifically provided, whenever in division A of this Act an amendment is expressed in terms of an amendment to or repeal of a section or other provision, the reference shall be considered to be made to that section or other provision of the Social Security Act.

(c) BIPA; SECRETARY.—In this Act:

(1) BIPA.—The term ''BIPA'' means the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000, as enacted into law by section 1(a)(6) of Public Law 106–554.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of Health and Human Services.

(d) TABLE OF CONTENTS.—The table of contents of this Act is as follows:

Sec. 1. Short title; table of contents.

TITLE I—RURAL PROVISIONS

Subtitle A—Provisions Relating to Part A Only

Sec. 101. Equalizing urban and rural standardized payment amounts under the medicare inpatient hospital prospective payment system.

Sec. 102. Enhanced disproportionate share hospital (DSH) treatment for rural hospitals and urban hospitals with fewer than 100 beds.

Sec. 103. Adjustment to the medicare inpatient hospital prospective payment system wage index to revise the labor-related share of such index.

Sec. 104. More frequent update in weights used in hospital market basket.

Sec. 105. Improvements to critical access hospital program.

Sec. 106. Medicare inpatient hospital payment adjustment for low-volume hospitals.

Sec. 107. Treatment of missing cost reporting periods for sole community hospitals.

Sec. 108. Recognition of attending nurse practitioners as attending physicians to serve hospice patients.

Sec. 109. Rural hospice demonstration project.

Sec. 110. Exclusion of certain rural health clinic and federally qualified health center services from the prospective payment system for skilled nursing facilities.

Sec. 110A. Rural community hospital demonstration program.

Subtitle B—Provisions Relating to Part B Only

Sec. 111. 2-year extension of hold harmless provisions for small rural hospitals and sole community hospitals under the prospective payment system for hospital outpatient department services.
Sec. 112. Establishment of floor on work geographic adjustment.
Sec. 113. Medicare incentive payment program improvements for physician scarcity.
Sec. 114. Payment for rural and urban ambulance services.
Sec. 115. Providing appropriate coverage of rural air ambulance services.
Sec. 116. Treatment of certain clinical diagnostic laboratory tests furnished to hospital outpatients in certain rural areas.
Sec. 117. Extension of telemedicine demonstration project.
Sec. 118. Report on demonstration project permitting skilled nursing facilities to be originating telehealth sites; authority to implement.

Subtitle C—Provisions Relating to Parts A and B

Sec. 121. 1-year increase for home health services furnished in a rural area.
Sec. 122. Redistribution of unused resident positions.

Subtitle D—Other Provisions

Sec. 131. Providing safe harbor for certain collaborative efforts that benefit medically underserved populations.
Sec. 132. Office of rural health policy improvements.
Sec. 133. MedPac study on rural hospital payment adjustments.
Sec. 134. Frontier extended stay clinic demonstration project.

TITLE II—PROVISIONS RELATING TO PART A

Subtitle A—Inpatient Hospital Services

Sec. 201. Revision of acute care hospital payment updates.
Sec. 202. Revision of the indirect medical education (IME) adjustment percentage.
Sec. 203. Recognition of new medical technologies under inpatient hospital prospective payment system.
Sec. 204. Increase in Federal rate for hospitals in Puerto Rico.
Sec. 205. Wage index adjustment reclassification reform.
Sec. 206. Limitation on charges for inpatient hospital contract health services provided to Indians by medicare participating hospitals.
Sec. 207. Clarifications to certain exceptions to medicare limits on physician referrals.
Sec. 208. 1-time appeals process for hospital wage index classification.

Subtitle B—Other Provisions

Sec. 211. Payment for covered skilled nursing facility services.
Sec. 212. Coverage of hospice consultation services.
Sec. 213. Study on portable diagnostic ultrasound services for beneficiaries in skilled nursing facilities.

TITLE III—PROVISIONS RELATING TO PART B

Subtitle A—Provisions Relating to Physicians' Services

Sec. 301. Revision of updates for physicians' services.
Sec. 302. Treatment of physicians' services furnished in Alaska.
Sec. 303. Inclusion of podiatrists, dentists, and optometrists under private contracting authority.
Sec. 304. GAO study on access to physicians' services.
Sec. 305. Collaborative demonstration-based review of physician practice expense geographic adjustment data.
Sec. 306. MedPac report on payment for physicians' services.

Subtitle B—Preventive Services

Sec. 311. Coverage of an initial preventive physical examination.
Sec. 312. Coverage of cardiovascular screening blood tests.
Sec. 313. Coverage of diabetes screening tests.
Sec. 314. Improved payment for certain mammography services.

Subtitle C—Other Provisions

Sec. 321. Hospital outpatient department (HOPD) payment reform.
Sec. 322. Limitation of application of functional equivalence standard.
Sec. 323. Payment for renal dialysis services.
Sec. 324. 2-year moratorium on therapy caps; provisions relating to reports.
Sec. 325. Waiver of part B late enrollment penalty for certain military retirees; special enrollment period.
Sec. 326. Payment for services furnished in ambulatory surgical centers.
Sec. 327. Payment for certain shoes and inserts under the fee schedule for orthotics and prosthetics.
Sec. 328. 5-year authorization of reimbursement for all medicare part B services furnished by certain Indian hospitals and clinics.

Subtitle D—Additional Demonstrations, Studies, and Other Provisions

Sec. 341. Demonstration project for coverage of certain prescription drugs and biologicals.
Sec. 342. Extension of coverage of intravenous immune globulin (IVIG) for the treatment of primary immune deficiency diseases in the home.
Sec. 343. MedPac study of coverage of surgical first assisting services of certified registered nurse first assistants.
Sec. 344. MedPac study of payment for cardio-thoracic surgeons.
Sec. 345. Studies relating to vision impairments.
Sec. 346. Medicare health care quality demonstration programs.
Sec. 347. MedPac study on direct access to physical therapy services.
Sec. 348. Demonstration project for consumer-directed chronic outpatient services.
Sec. 349. Medicare care management performance demonstration.
Sec. 350. GAO study and report on the propagation of concierge care.
Sec. 351. Demonstration of coverage of chiropractic services under medicare.

TITLE IV—PROVISIONS RELATING TO PARTS A AND B

Subtitle A—Home Health Services

Sec. 401. Demonstration project to clarify the definition of homebound.
Sec. 402. Demonstration project for medical adult day-care services.
Sec. 403. Temporary suspension of oasis requirement for collection of data on non-medicare and non-medicaid patients.
Sec. 404. MedPac study on medicare margins of home health agencies.
Sec. 405. Coverage of religious nonmedical health care institution services furnished in the home.

Subtitle B—Graduate Medical Education

Sec. 411. Exception to initial residency period for geriatric residency or fellowship programs.
Sec. 412. Treatment of volunteer supervision.

Subtitle C—Chronic Care Improvement

Sec. 421. Voluntary chronic care improvement under traditional fee-for-service.
Sec. 422. Medicare advantage quality improvement programs.
Sec. 423. Chronically ill medicare beneficiary research, data, demonstration strategy.

Subtitle D—Other Provisions

Sec. 431. Improvements in national and local coverage determination process to respond to changes in technology.
Sec. 432. Extension of treatment of certain physician pathology services under medicare.
Sec. 433. Payment for pancreatic islet cell investigational transplants for medicare beneficiaries in clinical trials.
Sec. 434. Restoration of medicare trust funds.
Sec. 435. Modifications to Medicare Payment Advisory Commission (MedPac).
Sec. 436. Technical amendments.

TITLE V—ADMINISTRATIVE IMPROVEMENTS, REGULATORY REDUCTION, AND CONTRACTING REFORM

Sec. 500. Administrative improvements within the Centers for Medicare & Medicaid Services (CMS).

Subtitle A—Regulatory Reform

Sec. 501. Construction; definition of supplier.
Sec. 502. Issuance of regulations.
Sec. 503. Compliance with changes in regulations and policies.
Sec. 504. Reports and studies relating to regulatory reform.

Subtitle B—Contracting Reform

Sec. 511. Increased flexibility in medicare administration.
Sec. 512. Requirements for information security for medicare administrative contractors.

Subtitle C—Education and Outreach

Sec. 521. Provider education and technical assistance.
Sec. 522. Small provider technical assistance demonstration program.
Sec. 523. Medicare beneficiary ombudsman.
Sec. 524. Beneficiary outreach demonstration program.
Sec. 525. Inclusion of additional information in notices to beneficiaries about skilled nursing facility benefits.

Sec. 526. Information on medicare-certified skilled nursing facilities in hospital discharge plans.

Subtitle D—Appeals and Recovery

Sec. 531. Transfer of responsibility for medicare appeals.
Sec. 532. Process for expedited access to review.
Sec. 533. Revisions to medicare appeals process.
Sec. 534. Prepayment review.
Sec. 535. Recovery of overpayments.
Sec. 536. Provider enrollment process; right of appeal.
Sec. 537. Process for correction of minor errors and omissions without pursuing appeals process.
Sec. 538. Prior determination process for certain items and services; advance beneficiary notices.
Sec. 539. Appeals by providers when there is no other party available.
Sec. 540. Revisions to appeals timeframes and amounts.
Sec. 540A. Mediation process for local coverage determinations.

Subtitle E—Miscellaneous Provisions

Sec. 541. Policy development regarding evaluation and management (E & M) documentation guidelines.
Sec. 542. Improvement in oversight of technology and coverage.
Sec. 543. Treatment of hospitals for certain services under medicare secondary payor (MSP) provisions.
Sec. 544. EMTALA improvements.
Sec. 545. Emergency Medical Treatment and Labor Act (EMTALA) Technical Advisory Group.
Sec. 546. Authorizing use of arrangements to provide core hospice services in certain circumstances.
Sec. 547. Application of osha bloodborne pathogens standard to certain hospitals.
Sec. 548. Bipa-related technical amendments and corrections.
Sec. 549. Conforming authority to waive a program exclusion.
Sec. 550. Treatment of certain dental claims.
Sec. 551. Furnishing hospitals with information to compute DSH formula.
Sec. 552. Revisions to reassignment provisions.
Sec. 553. Other provisions.

TITLE VI—MEDICAID AND MISCELLANEOUS PROVISIONS

Subtitle A—Medicaid Provisions

Sec. 601. Medicaid disproportionate share hospital (DSH) payments.
Sec. 602. Clarification of inclusion of inpatient drug prices charged to certain public hospitals in the best price exemptions for the medicaid drug rebate program.
Sec. 603. Extension of moratorium.

Subtitle B—Miscellaneous Provisions

Sec. 611. Federal reimbursement of emergency health services furnished to undocumented aliens.
Sec. 612. Commission on Systemic Interoperability.
Sec. 613. Research on outcomes of health care items and services.
Sec. 614. Health care that works for all Americans: Citizens Health Care Working Group.
Sec. 615. Funding start-up administrative costs for medicare reform.
Sec. 616. Health care infrastructure improvement program.

TITLE I—RURAL PROVISIONS

Subtitle A—Provisions Relating to Part A Only

SEC. 101. EQUALIZING URBAN AND RURAL STANDARDIZED PAYMENT AMOUNTS UNDER THE MEDICARE INPATIENT HOSPITAL PROSPECTIVE PAYMENT SYSTEM.

(a) IN GENERAL.—Section 1886(d)(3)(A)(iv) (42 U.S.C. 1395ww(d)(3)(A)(iv)) is amended—

(1) by striking ''(iv) For discharges'' and inserting ''(iv)(I) Subject to subclause (II), for discharges''; and

(2) by adding at the end the following new subclause:

''(II) For discharges occurring in a fiscal year (beginning with fiscal year 2004), the Secretary shall compute a standardized amount for hospitals located in any area within the United States and within each region equal to the standardized amount computed for the previous fiscal year under this subparagraph for hospitals located in a large urban area (or, beginning with fiscal year 2005, for all hospitals in the previous fiscal year) increased by the applicable percentage increase under subsection (b)(3)(B)(i) for the fiscal year involved.''.

(b) CONFORMING AMENDMENTS.—

(1) COMPUTING DRG-SPECIFIC RATES.—Section 1886(d)(3)(D) (42 U.S.C. 1395ww(d)(3)(D)) is amended—

(A) in the heading, by striking ''IN DIFFERENT AREAS'';

(B) in the matter preceding clause (i), by striking '', each of'';

(C) in clause (i)—

(i) in the matter preceding subclause (I), by inserting ''for fiscal years before fiscal year 2004,'' before ''for hospitals''; and

(ii) in subclause (II), by striking ''and'' after the semicolon at the end;

(D) in clause (ii)—

(i) in the matter preceding subclause (I), by inserting ''for fiscal years before fiscal year 2004,'' before ''for hospitals''; and

(ii) in subclause (II), by striking the period at the end and inserting ''; and''; and

(E) by adding at the end the following new clause:

''(iii) for a fiscal year beginning after fiscal year 2003, for hospitals located in all areas, to the product of—

''(I) the applicable standardized amount (computed under subparagraph (A)), reduced under subparagraph (B), and adjusted or reduced under subparagraph (C) for the fiscal year; and

''(II) the weighting factor (determined under paragraph (4)(B)) for that diagnosis-related group.''.

(2) TECHNICAL CONFORMING SUNSET.—Section 1886(d)(3) (42 U.S.C. 1395ww(d)(3)) is amended—

(A) in the matter preceding subparagraph (A), by inserting '', for fiscal years before fiscal year 1997,'' before ''a regional adjusted DRG prospective payment rate''; and

(B) in subparagraph (D), in the matter preceding clause (i), by inserting '', for fiscal years before fiscal year 1997,'' before ''a regional DRG prospective payment rate for each region,''.

(3) ADDITIONAL TECHNICAL AMENDMENT.—Section 1886(d)(3)(A)(iii) (42 U.S.C. 1395ww(d)(3)(A)(iii)) is amended by striking ''in an other urban area'' and inserting ''in an urban area''.

(c) EQUALIZING URBAN AND RURAL STANDARDIZED PAYMENT AMOUNTS UNDER THE MEDICARE INPATIENT HOSPITAL PROSPECTIVE PAYMENT SYSTEM FOR HOSPITALS IN PUERTO RICO.—

(1) IN GENERAL.—Section 1886(d)(9)(A) (42 U.S.C. 1395ww(d)(9)(A)), as amended by section 204, is amended—

(A) in clause (i), by striking ''and'' after the comma at the end; and

(B) by striking clause (ii) and inserting the following new clause:

''(ii) the applicable Federal percentage (specified in subparagraph (E)) of—

''(I) for discharges beginning in a fiscal year beginning on or after October 1, 1997, and before October 1, 2003, the discharge-weighted average of—

''(aa) the national adjusted DRG prospective payment rate (determined under paragraph (3)(D)) for hospitals located in a large urban area,

''(bb) such rate for hospitals located in other urban areas, and

''(cc) such rate for hospitals located in a rural area,

for such discharges, adjusted in the manner provided in paragraph (3)(E) for different area wage levels; and

''(II) for discharges in a fiscal year beginning on or after October 1, 2003, the national DRG prospective payment rate determined under paragraph (3)(D)(iii) for hospitals located in any area for such discharges, adjusted in the manner provided in paragraph (3)(E) for different area wage levels.

(2) APPLICATION OF PUERTO RICO STANDARDIZED AMOUNT BASED ON LARGE URBAN AREAS.—The authority of the Secretary referred to in paragraph (1) shall apply with respect to the amendments made by subsection (c) (2) of this section in the same manner as that authority applies with respect to the extension of provisions equalizing urban and rural standardized inpatient hospital payments under subsection (a) of such section 402, except that any reference in subsection (b)(2)(A) of such section 402 is deemed to be a reference to April 1, 2004.

SEC. 102 ENHANCED DISPROPORTIONATE SHARE HOSPITAL (DSH) TREATMENT FOR RURAL HOSPITALS AND URBAN HOSPITALS WITH FEWER THAN 100 BEDS.

(a) DOUBLING THE CAP.—Section 1886(d)(5)(F) (42 U.S.C. 1395ww(d)(5)(F)) is amended by adding at the end the following new clause:

''(xiv)(I) In the case of discharges occurring on or after April 1, 2004, subject to subclause (II), there shall be substituted for the disproportionate share adjustment percentage otherwise determined under clause (iv) (other than subclause (I)) or under clause (viii), (x), (xi), (xii), or (xiii), the disproportionate share adjustment percentage determined under clause (vii) (relating to large, urban hospitals).

''(II) Under subclause (I,) the disproportionate share adjustment percentage shall not exceed 12 percent for a hospital that is not classified as a rural referral center under subparagraph (C).''.

(b) CONFORMING AMENDMENTS.—Section 1886(d) (42 U.S.C. 1395ww(d)) is amended—

(1) in paragraph (5)(F)—

(A) in each of subclauses (II), (III), (IV), (V), and (VI) of clause (iv), by inserting ''subject to clause (xiv) and'' before ''for discharges occurring'';

(B) in clause (viii), by striking ''The Formula'' and inserting ''Subject to clause (xiv), the formula''; and

As used in this section, the term 'subsection (d) Puerto Rico hospital' means a hospital that is located in Puerto Rico and that would be a subsection (d) hospital (as defined in paragraph (1)(B)) if it were located in one of the 50 States.''.

(2) APPLICATION OF PUERTO RICO STANDARDIZED AMOUNT BASED ON LARGE URBAN AREAS.—

Section 1886(d)(9)(C) (42 U.S.C. 1395ww(d)(9)(C)) is amended—

(A) in clause (i)—

(i) by striking ''(i) The Secretary'' and inserting ''(i)(I) For discharges in a fiscal year after fiscal year 1988 and before fiscal year 2004, the Secretary''; and

(ii) by adding at the end the following new subclause:

''(II) For discharges occurring in a fiscal year (beginning with fiscal year 2004), the Secretary shall compute an average standardized amount for hospitals located in any area of Puerto Rico that is equal to the average standardized amount computed under subclause (I) for fiscal year 2003 for hospitals in a large urban area (or, beginning with fiscal year 2005, for all hospitals in the previous fiscal year) increased by the applicable percentage increase under subsection (b)(3)(B) for the fiscal year involved.'';

(B) in clause (ii), by inserting ''(or for fiscal year 2004 and thereafter, the average standardized amount)'' after ''each of the average standardized amounts''; and

(C) in clause (iii)(I), by striking ''for hospitals located in an urban or rural area, respectively''.

(d) IMPLEMENTATION.—

(1) IN GENERAL.—The amendments made by subsections (a), (b), and (c)(1) of this section shall have no effect on the authority of the Secretary, under subsection (b)(2) of section 402 of Public Law 108–89, to delay implementation of the extension of provisions equalizing urban and rural standardized inpatient hospital payments under subsection (a) of such section 402.

(2) APPLICATION OF PUERTO RICO STANDARDIZED AMOUNT BASED ON LARGE URBAN AREAS.—The authority of the Secretary referred to in paragraph (1) shall apply with respect to the amendments made by subsection (c)(2) of this section in the same manner as that authority applies with respect to the extension of provisions equalizing urban and rural standardized inpatient hospital payments under subsection (a) of such section 402, except that any reference in subsection (b)(2)(A) of such section 402 is deemed to be a reference to April 1, 2004.

SEC. 102. ENHANCED DISPROPORTIONATE SHARE HOSPITAL (DSH) TREATMENT FOR RURAL HOSPITALS AND URBAN HOSPITALS WITH FEWER THAN 100 BEDS.

(a) DOUBLING THE CAP.—Section 1886(d)(5)(F) (42 U.S.C. 1395ww(d)(5)(F)) is amended by adding at the end the following new clause:

''(xiv)(I) In the case of discharges occurring on or after April 1, 2004, subject to subclause (II), there shall be substituted for the disproportionate share adjustment percentage otherwise determined under clause (iv) (other than subclause (I)) or under clause (viii), (x), (xi), (xii), or (xiii), the disproportionate share adjustment percentage determined under clause (vii) (relating to large, urban hospitals).

''(II) Under subclause (I), the disproportionate share adjustment percentage shall not exceed 12 percent for a hospital that is not classified as a rural referral center under subparagraph (C).''.

(b) CONFORMING AMENDMENTS.—Section 1886(d) (42 U.S.C. 1395ww(d)) is amended—

(1) in paragraph (5)(F)—

(A) in each of subclauses (II), (III), (IV), (V), and (VI) of clause (iv), by inserting ''subject to clause (xiv) and'' before ''for discharges occurring'';

(B) in clause (viii), by striking ''The formula'' and inserting ''Subject to clause (xiv), the formula''; and

(C) in each of clauses (x), (xi), (xii), and (xiii), by striking ''For purposes'' and inserting ''Subject to clause (xiv), for purposes''; and

(2) in paragraph (2)(C)(iv)—

(A) by striking ''or'' before ''the enactment of section 303''; and

(B) by inserting before the period at the end the following: '', or the enactment of section 402(a)(1) of the Medicare Provider Restoration Act of 2003''.

SEC. 103. ADJUSTMENT TO THE MEDICARE INPATIENT HOSPITAL PROSPECTIVE PAYMENT SYSTEM WAGE INDEX TO REVISE THE LABOR-RELATED SHARE OF SUCH INDEX.

(a) ADJUSTMENT.—

(1) IN GENERAL.—Section 1886(d)(3)(E) (42 U.S.C. 1395ww(d)(3)(E)) is amended—

(A) by striking ''WAGE LEVELS.—The Secretary'' and inserting ''WAGE LEVELS.—

''(i) IN GENERAL.—Except as provided in clause (ii), the Secretary''; and

(B) by adding at the end the following new clause:

''(ii) ALTERNATIVE PROPORTION TO BE ADJUSTED BEGINNING IN FISCAL YEAR 2005.—For discharges occurring on or after October 1, 2004, the Secretary shall substitute '62 percent' for the proportion described in the first sentence of clause (i), unless the application of this clause would result in lower payments to a hospital than would otherwise be made.''.

(2) WAIVING BUDGET NEUTRALITY.—Section 1886(d)(3)(E) (42 U.S.C. 1395ww(d)(3)(E)), as amended by subsection (a), is amended by adding at the end of clause (i) the following new sentence: ''The Secretary shall apply the previous sentence for any period as if the amendments made by section 103(a)(1) of the Medicare Provider Restoration Act of 2003 had not been enacted.''.

(b) APPLICATION TO PUERTO RICO HOSPITALS.—Section 1886(d)(9)(C)(iv) (42 U.S.C. 1395ww(d)(9)(C)(iv)) is amended—

(1) by inserting ''(I)'' after ''(iv)'';

(2) by striking ''paragraph (3)(E)'' and inserting ''paragraph (3)(E)(i)''; and

(3) by adding at the end the following new subclause:

''(II) For discharges occurring on or after October 1, 2004, the Secretary shall substitute '62 percent' for the proportion described in the first sentence of clause (i), unless the application of this subclause would result in lower payments to a hospital than would otherwise be made.''.

SEC. 104. MORE FREQUENT UPDATE IN WEIGHTS USED IN HOSPITAL MARKET BASKET.

(a) MORE FREQUENT UPDATES IN WEIGHTS.—After revising the weights used in the hospital market basket under section 1886(b)(3)(B)(iii) of the Social Security Act (42 U.S.C. 1395ww(b)(3)(B)(iii)) to reflect the most current data available, the Secretary shall establish a frequency for revising such weights, including the labor share, in such market basket to reflect the most current data available more frequently than once every 5 years.

(b) INCORPORATION OF EXPLANATION IN RULEMAKING.—The Secretary shall include in the publication of the final rule for payment for inpatient hospital services under section 1886(d) of the Social Security Act (42 U.S.C. 1395ww(d)) for fiscal year 2006, an explanation of the reasons for, and options considered, in determining frequency established under subsection (a).

SEC. 105. IMPROVEMENTS TO CRITICAL ACCESS HOSPITAL PROGRAM.

(a) INCREASE IN PAYMENT AMOUNTS.—

(1) IN GENERAL.—Sections 1814(l), 1834(g)(1), and 1883(a)(3) (42 U.S.C. 1395f(l), 1395m(g)(1), and 1395tt(a)(3)) are each amended by inserting ''equal to 101 percent of'' before ''the reasonable costs''.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall apply to payments for services furnished during cost reporting periods beginning on or after January 1, 2004.

(b) COVERAGE OF COSTS FOR CERTAIN EMERGENCY ROOM ON-CALL PROVIDERS.—

(1) IN GENERAL.—Section 1834(g)(5) (42 U.S.C. 1395m(g)(5)) is amended—

(A) in the heading—

(i) by inserting ''CERTAIN'' before ''EMERGENCY''; and

(ii) by striking ''PHYSICIANS'' and inserting ''PROVIDERS'';

(B) by striking ''emergency room physicians who are on-call (as defined by the Secretary)'' and inserting ''physicians, physician assistants, nurse practitioners, and clinical nurse specialists who are on-call (as defined by the Secretary) to provide emergency services''; and

(C) by striking ''physicians' services'' and inserting ''services covered under this title''.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall apply with respect to costs incurred for services furnished on or after January 1, 2005.

(c) AUTHORIZATION OF PERIODIC INTERIM PAYMENT (PIP).—

(1) IN GENERAL.—Section 1815(e)(2) (42 U.S.C. 1395g(e)(2)) is amended—

(A) in the matter before subparagraph (A), by inserting '', in the cases described in subparagraphs (A) through (D)'' after ''1986'';

(B) by striking ''and'' at the end of subparagraph (C);

(C) by adding ''and'' at the end of subparagraph (D); and

(D) by inserting after subparagraph (D) the following new subparagraph:

''(E) inpatient critical access hospital services;''.

(2) DEVELOPMENT OF ALTERNATIVE TIMING METHODS OF PERIODIC INTERIM PAYMENTS.—With respect to periodic interim payments to critical access hospitals for inpatient critical access hospital services under section 1815(e)(2)(E) of the Social Security Act, as added by paragraph (1), the Secretary shall develop alternative methods for the timing of such payments.

(3) AUTHORIZATION OF PIP.—The amendments made by paragraph (1) shall apply to payments made on or after July 1, 2004.

(d) CONDITION FOR APPLICATION OF SPECIAL PROFESSIONAL SERVICE PAYMENT ADJUSTMENT.—

(1) IN GENERAL.—Section 1834(g)(2) (42 U.S.C. 1395m(g)(2)) is amended by adding after and below subparagraph (B) the following:

''The Secretary may not require, as a condition for applying subparagraph (B) with respect to a critical access hospital, that each physician or other practitioner providing professional services in the hospital must assign billing rights with respect to such services, except that such subparagraph shall not apply to those physicians and practitioners who have not assigned such billing rights.''.

(2) EFFECTIVE DATE.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the amendment made by paragraph (1) shall apply to cost reporting periods beginning on or after July 1, 2004.

(B) RULE OF APPLICATION.—In the case of a critical access hospital that made an election under section 1834(g)(2) of the Social Security Act (42 U.S.C. 1395m(g)(2)) before November 1, 2003, the amendment made by paragraph (1) shall apply to cost reporting periods beginning on or after July 1, 2001.

(e) REVISION OF BED LIMITATION FOR HOSPITALS.—

(1) IN GENERAL.—Section 1820(c)(2)(B)(iii) (42 U.S.C. 1395i–4(c)(2)(B)(iii)) is amended by striking ''15 (or, in the case of a facility under an agreement described in subsection (f), 25)'' and inserting ''25''.

(2) CONFORMING AMENDMENT.—Section 1820(f) (42 U.S.C. 1395i–4(f)) is amended by striking ''and the number of beds used at any time for acute care inpatient services does not exceed 15 beds''.

(3) EFFECTIVE DATE.—The amendments made by this subsection shall apply to designations made before, on, or after January 1, 2004, but any election made pursuant to regulations promulgated to carry out such amendments shall only apply prospectively.

(f) PROVISIONS RELATING TO FLEX GRANTS.—

(1) ADDITIONAL 4-YEAR PERIOD OF FUNDING.—Section 1820(j) (42 U.S.C. 1395i–4(j)) is amended by inserting before the period at the end the following: '', and for making grants to all States under paragraphs (1) and (2) of subsection (g), $35,000,000 in each of fiscal years 2005 through 2008''.

(2) ADDITIONAL REQUIREMENTS AND ADMINISTRATION.—Section 1820(g) (42 U.S.C. 1395i–4(g)) is amended by adding at the end the following new paragraphs:

''(4) ADDITIONAL REQUIREMENTS WITH RESPECT TO FLEX GRANTS.—With respect to grants awarded under paragraph (1) or (2) from funds appropriated for fiscal year 2005 and subsequent fiscal years—

''(A) CONSULTATION WITH THE STATE HOSPITAL ASSOCIATION AND RURAL HOSPITALS ON THE MOST APPROPRIATE WAYS TO USE GRANTS.—A State shall consult with the hospital association of such State and rural hospitals located in such State on the most appropriate ways to use the funds under such grant.

''(B) LIMITATION ON USE OF GRANT FUNDS FOR ADMINISTRATIVE EXPENSES.—A State may not expend more than the lesser of—

''(i) 15 percent of the amount of the grant for administrative expenses; or

''(ii) the State's federally negotiated indirect rate for administering the grant.

''(5) USE OF FUNDS FOR FEDERAL ADMINISTRATIVE EXPENSES.—Of the total amount appropriated for grants under paragraphs (1) and (2) for a fiscal year (beginning with fiscal year 2005), up to 5 percent of such amount shall be available to the Health Resources and Services Administration for purposes of administering such grants.''.

(g) AUTHORITY TO ESTABLISH PSYCHIATRIC AND REHABILITATION DISTINCT PART UNITS.—

(1) IN GENERAL.—Section 1820(c)(2) (42 U.S.C. 1395i–4(c)(2)) is amended by adding at the end the following:

''(E) AUTHORITY TO ESTABLISH PSYCHIATRIC AND REHABILITATION DISTINCT PART UNITS.—

''(i) IN GENERAL.—Subject to the succeeding provisions of this subparagraph, a critical access hospital may establish—

''(I) a psychiatric unit of the hospital that is a distinct part of the hospital; and

''(II) a rehabilitation unit of the hospital that is a distinct part of the hospital,

if the distinct part meets the requirements (including conditions of participation) that would otherwise apply to the distinct part if the distinct part were established by a subsection (d) hospital in accordance with the matter following clause (v) of section 1886(d)(1)(B), including any regulations adopted by the Secretary under such section.

''(ii) LIMITATION ON NUMBER OF BEDS.—The total number of beds that may be established under clause (i) for a distinct part unit may not exceed 10.

''(iii) EXCLUSION OF BEDS FROM BED COUNT.—In determining the number of beds of a critical access hospital for purposes of applying the bed limitations referred to in subparagraph (B)(iii) and subsection (f), the Secretary shall not take into account any bed established under clause (i).

''(iv) EFFECT OF FAILURE TO MEET REQUIREMENTS.—If a psychiatric or rehabilitation unit established under clause (i) does not meet the requirements described in such clause with respect to a cost reporting period, no payment may be made under this title to the hospital for services furnished in such unit during such period. Payment to the hospital for services furnished in the unit may resume only after the hospital has demonstrated to the Secretary that the unit meets such requirements.''.

(2) PAYMENT ON A PROSPECTIVE PAYMENT BASIS.—Section 1814(l) (42 U.S.C. 1395f(l)) is amended—

(A) by striking ''(l) The amount'' and inserting ''(l)(1) Except as provided in paragraph (2), the amount''; and

(B) by adding at the end the following new paragraph:

''(2) In the case of a distinct part psychiatric or rehabilitation unit of a critical access hospital described in section 1820(c)(2)(E), the amount of payment for inpatient critical access hospital services of such unit shall be equal to the amount of the payment that would otherwise be made if such services were inpatient hospital services of a distinct part psychiatric or rehabilitation unit, respectively, described in the matter following clause (v) of section 1886(d)(1)(B).''.

(3) EFFECTIVE DATE.—The amendments made by this subsection shall apply to cost reporting periods beginning on or after October 1, 2004.

(h) WAIVER AUTHORITY.—

(1) IN GENERAL.—Section 1820(c)(2)(B)(i)(II) (42 U.S.C. 1395i–4(c)(2)(B)(i)(II)) is amended by inserting ''before January 1, 2006,'' after ''is certified''.

(2) GRANDFATHERING WAIVER AUTHORITY FOR CERTAIN FACILITIES.—Section 1820(h) (42 U.S.C. 1395i–4(h)) is amended—

(A) in the heading preceding paragraph (1), by striking ''OF CERTAIN FACILITIES'' and inserting ''PROVISIONS''; and

(B) by adding at the end the following new paragraph:

''(3) STATE AUTHORITY TO WAIVE 35-MILE RULE.—In the case of a facility that was designated as a critical access hospital before January 1, 2006, and was certified by the State as being a necessary provider of health care services to residents in the area under subsection (c)(2)(B)(i)(II), as in effect before such date, the authority under such subsection with respect to any redesignation of such facility shall continue to apply notwithstanding the amendment made by section 105(h)(1) of the Medicare Provider Restoration Act of 2003.''.

SEC. 106. MEDICARE INPATIENT HOSPITAL PAYMENT ADJUSTMENT FOR LOW-VOLUME HOSPITALS.

(a) IN GENERAL.—Section 1886(d) (42 U.S.C. 1395ww(d)) is amended by adding at the end the following new paragraph:

''(12) PAYMENT ADJUSTMENT FOR LOW-VOLUME HOSPITALS.—

''(A) IN GENERAL.—In addition to any payments calculated under this section for a subsection (d) hospital, for discharges occurring during a fiscal year (beginning with fiscal year 2005), the Secretary shall provide for an additional payment amount to each low-volume hospital (as defined in subparagraph (C)(i)) for discharges occurring during that fiscal year that is equal to the applicable percentage increase (determined under subparagraph (B) for the hospital involved) in the amount paid to such hospital under this section for such discharges (determined without regard to this paragraph).

''(B) APPLICABLE PERCENTAGE INCREASE.—The Secretary shall determine an applicable percentage increase for purposes of subparagraph (A) as follows:

''(i) The Secretary shall determine the empirical relationship for subsection (d) hospitals between the standardized cost-per-case for such hospitals and the total number of discharges of such hospitals and the amount of the additional incremental costs (if any) that are associated with such number of discharges.

''(ii) The applicable percentage increase shall be determined based upon such relationship in a manner that reflects, based upon the number of such discharges for a subsection (d) hospital, such additional incremental costs.

''(iii) In no case shall the applicable percentage increase exceed 25 percent.

''(C) DEFINITIONS.—

''(i) LOW-VOLUME HOSPITAL.—For purposes of this paragraph, the term 'low-volume hospital' means, for a fiscal year, a subsection (d) hospital (as defined in paragraph (1)(B)) that the Secretary determines is located more than 25 road miles from another subsection (d) hospital and has less than 800 discharges during the fiscal year.

''(ii) DISCHARGE.—For purposes of subparagraph (B) and clause (i), the term 'discharge' means an inpatient acute care discharge of an individual regardless of whether the individual is entitled to benefits under part A.''.

(b) JUDICIAL REVIEW.—Section 1886(d)(7)(A) (42 U.S.C. 1395ww(d)(7)(A)) is amended by inserting after ''to subsection (e)(1)'' the following: ''or the determination of the applicable percentage increase under paragraph (12)(A)(ii)''.

SEC. 107. TREATMENT OF MISSING COST REPORTING PERIODS FOR SOLE COMMUNITY HOSPITALS.

(a) IN GENERAL.—Section 1886(b)(3)(I) (42 U.S.C. 1395ww(b)(3)(I)) is amended by adding at the end the following new clause:

''(iii) In no case shall a hospital be denied treatment as a sole community hospital or payment (on the basis of a target rate as such as a hospital) because data are unavailable for any cost reporting period due to changes in ownership, changes in fiscal intermediaries, or other extraordinary circumstances, so long as data for at least one applicable base cost reporting period is available.''.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply to cost reporting periods beginning on or after January 1, 2004.

SEC. 108. RECOGNITION OF ATTENDING NURSE PRACTITIONERS AS ATTENDING PHYSICIANS TO SERVE HOSPICE PATIENTS.

(a) IN GENERAL.—Section 1861(dd)(3)(B) (42 U.S.C. 1395x(dd)(3)(B)) is amended by inserting ''or nurse practitioner (as defined in subsection (aa)(5))'' after ''the physician (as defined in subsection (r)(1))''.

(b) CLARIFICATION OF HOSPICE ROLE OF NURSE PRACTITIONERS.—Section 1814(a)(7)(A)(i)(I) (42 U.S.C. 1395f(a)(7)(A) (i)(I)) is amended by inserting ''(which for purposes of this subparagraph does not include a nurse practitioner)'' after ''attending physician (as defined in section 1861(dd)(3)(B))''.

SEC. 109. RURAL HOSPICE DEMONSTRATION PROJECT.

(a) IN GENERAL.—The Secretary shall conduct a demonstration project for the delivery of hospice care to medicare beneficiaries in rural areas. Under the project medicare beneficiaries who are unable to receive hospice care in the facility for lack of an appropriate caregiver are provided such care in a facility of 20 or fewer beds which offers, within its walls, the full range of services provided by hospice programs under section 1861(dd) of the Social Security Act (42 U.S.C. 1395x(dd)).

(b) SCOPE OF PROJECT.—The Secretary shall conduct the project under this section with respect to no more than 3 hospice programs over a period of not longer than 5 years each.

(c) COMPLIANCE WITH CONDITIONS.—Under the demonstration project—

(1) the hospice program shall comply with otherwise applicable requirements, except that it shall not be required to offer services outside of the home or to meet the requirements of section 1861(dd)(2)(A)(iii) of the Social Security Act; and

(2) payments for hospice care shall be made at the rates otherwise applicable to such care under title XVIII of such Act.

The Secretary may require the program to comply with such additional quality assurance standards for its provision of services in its facility as the Secretary deems appropriate.

(d) REPORT.—Upon completion of the project, the Secretary shall submit a report to Congress on the project and shall include in the report recommendations regarding extension of such project to hospice programs serving rural areas.

SEC. 110. EXCLUSION OF CERTAIN RURAL HEALTH CLINIC AND FEDERALLY QUALIFIED HEALTH CENTER SERVICES FROM THE PROSPECTIVE PAYMENT SYSTEM FOR SKILLED NURSING FACILITIES.

(a) IN GENERAL.—Section 1888(e)(2)(A) (42 U.S.C. 1395yy(e)(2)(A)) is amended—

(1) in clause (i)(II), by striking ''clauses (ii) and (iii)'' and inserting ''clauses (ii), (iii), and (iv)''; and

(2) by adding at the end the following new clause:

''(iv) EXCLUSION OF CERTAIN RURAL HEALTH CLINIC AND FEDERALLY QUALIFIED HEALTH CENTER SERVICES.—Services described in this clause are—

''(I) rural health clinic services (as defined in paragraph (1) of section 1861(aa)); and

''(II) Federally qualified health center services (as defined in paragraph (3) of such section);

that would be described in clause (ii) if such services were furnished by an individual not affiliated with a rural health clinic or a Federally qualified health center.''.

(b) EFFECTIVE DATE.—The amendments made by subsection (a) shall apply to services furnished on or after January 1, 2005.

SEC. 110A. RURAL COMMUNITY HOSPITAL DEMONSTRATION PROGRAM.

(a) ESTABLISHMENT OF RURAL COMMUNITY HOSPITAL (RCH) DEMONSTRATION PROGRAM.—

(1) IN GENERAL.—The Secretary shall establish a demonstration program to test the feasibility and advisability of the establishment of rural community hospitals (as defined in subsection (f)(1)) to furnish covered inpatient hospital services (as defined in subsection (f)(2)) to medicare beneficiaries.

(2) DEMONSTRATION AREAS.—The program shall be conducted in rural areas selected by the Secretary in States with low population densities, as determined by the Secretary.

(3) APPLICATION.—Each rural community hospital that is located in a demonstration area selected under paragraph (2) that desires to participate in the demonstration program under this section shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

(4) SELECTION OF HOSPITALS.—The Secretary shall select from among rural community hospitals submitting applications under paragraph (3) not more than 15 of such hospitals to participate in the demonstration program under this section.

(5) DURATION.—The Secretary shall conduct the demonstration program under this section for a 5-year period.

(6) IMPLEMENTATION.—The Secretary shall implement the demonstration program not later than January 1, 2005, but may not implement the program before October 1, 2004.

(b) PAYMENT.—

(1) IN GENERAL.—The amount of payment under the demonstration program for covered inpatient hospital services furnished in a rural community hospital, other than such services furnished in a psychiatric or rehabilitation unit of the hospital which is a distinct part, is—

(A) for discharges occurring in the first cost reporting period beginning on or after the implementation of the demonstration program, the reasonable costs of providing such services; and

(B) for discharges occurring in a subsequent cost reporting period under the demonstration program, the lesser of—

(i) the reasonable costs of providing such services in the cost reporting period involved; or

(ii) the target amount (as defined in paragraph (2), applicable to the cost reporting period involved.

(2) TARGET AMOUNT.—For purposes of paragraph (1)(B)(ii), the term ''target amount'' means, with respect to a rural community hospital for a particular 12-month cost reporting period—

(A) in the case of the second such reporting period for which this subsection is in effect, the reasonable costs of providing such covered inpatient hospital services as determined under paragraph (1)(A), and

(B) in the case of a later reporting period, the target amount for the preceding 12-month cost reporting period,

increased by the applicable percentage increase (under clause (i) of section 1886(b)(3)(B) of the Social Security Act (42 U.S.C. 1395ww(b)(3)(B))) in the market basket percentage increase (as defined in clause (iii) of such section) for that particular cost reporting period.

(c) FUNDING.—

(1) IN GENERAL.—The Secretary shall provide for the transfer from the Federal Hospital Insurance Trust Fund under section 1817 of the Social Security Act (42 U.S.C. 1395i) of such funds as are necessary for the costs of carrying out the demonstration program under this section.

(2) BUDGET NEUTRALITY.—In conducting the demonstration program under this section, the Secretary shall ensure that the aggregate payments made by the Secretary do not exceed the amount which the Secretary would have paid if the demonstration program under this section was not implemented.

(d) WAIVER AUTHORITY.—The Secretary may waive such requirements of title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.) as may be necessary for the purpose of carrying out the demonstration program under this section.

(e) REPORT.—Not later than 6 months after the completion of the demonstration program under this section, the Secretary shall submit to Congress a report on such program, together with recommendations for such legislation and administrative action as the Secretary determines to be appropriate.

(f) DEFINITIONS.—In this section:

(1) RURAL COMMUNITY HOSPITAL DEFINED.—

(A) IN GENERAL.—The term ''rural community hospital'' means a hospital (as defined in section 1861(e) of the Social Security Act (42 U.S.C. 1395x(e))) that—

(i) is located in a rural area (as defined in section 1886(d)(2)(D) of such Act (42 U.S.C. 1395ww(d)(2)(D))) or treated as being so located pursuant to section 1886(d)(8)(E) of such Act (42 U.S.C. 1395ww(d)(8)(E));

(ii) subject to paragraph (2), has fewer than 51 acute care inpatient beds, as reported in its most recent cost report;

(iii) makes available 24-hour emergency care services; and

(iv) is not eligible for designation, or has not been designated, as a critical access hospital under section 1820.

(B) TREATMENT OF PSYCHIATRIC AND REHABILITATION UNITS.—For purposes of paragraph (1)(B), beds in a psychiatric or rehabilitation unit of the hospital which is a distinct part of the hospital shall not be counted.

(2) COVERED INPATIENT HOSPITAL SERVICES.—The term ''covered inpatient hospital services'' means inpatient hospital services, and includes extended care services furnished under an agreement under section 1883 of the Social Security Act (42 U.S.C. 1395tt).

Subtitle B—Provisions Relating to Part B Only

SEC. 111. 2-YEAR EXTENSION OF HOLD HARMLESS PROVISIONS FOR SMALL RURAL HOSPITALS AND SOLE COMMUNITY HOSPITALS UNDER THE PROSPECTIVE PAYMENT SYSTEM FOR HOSPITAL OUTPATIENT DEPARTMENT SERVICES.

(a) HOLD HARMLESS PROVISIONS.—

(1) IN GENERAL.—Section 1833(t)(7)(D)(i) (42 U.S.C. 1395l(t)(7)(D)(i)) is amended—

(A) in the heading, by striking ''SMALL'' and inserting ''CERTAIN'';

(B) by inserting ''or a sole community hospital (as defined in section 1886(d)(5)(D)(iii)) located in a rural area'' after ''100 beds''; and

(C) by striking ''2004'' and inserting ''2006''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1)(B) shall apply with respect to cost reporting periods beginning on and after January 1, 2004.

(b) STUDY; AUTHORIZATION OF ADJUSTMENT.—Section 1833(t) (42 U.S.C. 1395l(t)) is amended—

(1) by redesignating paragraph (13) as paragraph (16); and

(2) by inserting after paragraph (12) the following new paragraph:

''(13) AUTHORIZATION OF ADJUSTMENT FOR RURAL HOSPITALS.—

''(A) STUDY.—The Secretary shall conduct a study to determine if, under the system under this subsection, costs incurred by hospitals located in rural areas by ambulatory payment classification groups (APCs) exceed those costs incurred by hospitals located in urban areas.

''(B) AUTHORIZATION OF ADJUSTMENT.—Insofar as the Secretary determines under subparagraph (A) that costs incurred by hospitals located in rural areas exceed those costs incurred by hospitals located in urban areas, the Secretary shall provide for an appropriate adjustment under paragraph (2)(E) to reflect those higher costs by January 1, 2006.''.

SEC. 112. ESTABLISHMENT OF FLOOR ON WORK GEOGRAPHIC ADJUSTMENT.

Section 1848(e)(1) (42 U.S.C. 1395w–4(e)(1)) is amended—

(1) in subparagraph (A), by striking ''subparagraphs (B) and (C)'' and inserting ''subparagraphs (B), (C), and (E)''; and

(2) by adding at the end the following new subparagraph:

''(E) FLOOR AT 1.0 ON WORK GEOGRAPHIC INDEX.—After calculating the work geographic index in subparagraph (A)(iii), for purposes of payment for services furnished on or after January 1, 2004, and before January 1, 2007, the Secretary shall increase the work geographic index to 1.00 for any locality for which such work geographic index is less than 1.00.''.

SEC. 113. MEDICARE INCENTIVE PAYMENT PROGRAM IMPROVEMENTS FOR PHYSICIAN SCARCITY.

(a) ADDITIONAL INCENTIVE PAYMENT FOR CERTAIN PHYSICIAN SCARCITY AREAS.—Section 1833 (42 U.S.C. 1395l) is amended by adding at the end the following new subsection:

''(u) INCENTIVE PAYMENTS FOR PHYSICIAN SCARCITY AREAS.—

''(1) IN GENERAL.—In the case of physicians' services furnished on or after January 1, 2005, and before January 1, 2008—

''(A) by a primary care physician in a primary care scarcity county (identified under paragraph (4)); or

''(B) by a physician who is not a primary care physician in a specialist care scarcity county (as so identified),

in addition to the amount of payment that would otherwise be made for such services under this part, there also shall be paid an amount equal to 5 percent of the payment amount for the service under this part.

''(2) DETERMINATION OF RATIOS OF PHYSICIANS TO MEDICARE BENEFICIARIES IN AREA.—Based upon available data, the Secretary shall establish for each county or equivalent area in the United States, the following:

''(A) NUMBER OF PHYSICIANS PRACTICING IN THE AREA.—The number of physicians who furnish physicians' services in the active practice of medicine or osteopathy in that county or area, other than physicians whose practice is exclusively for the Federal Government, physicians who are retired, or physicians who only provide administrative services. Of such number, the number of such physicians who are—

''(i) primary care physicians; or

''(ii) physicians who are not primary care physicians.

''(B) NUMBER OF MEDICARE BENEFICIARIES RESIDING IN THE AREA.—The number of individuals who are residing in the county and are entitled to benefits under part A or enrolled under this part, or both (in this subsection referred to as 'individuals').

''(C) DETERMINATION OF RATIOS.—

''(i) PRIMARY CARE RATIO.—The ratio (in this paragraph referred to as the 'primary care ratio') of the number of primary care physicians (determined under subparagraph (A)(i)), to the number of individuals determined under subparagraph (B).

''(ii) SPECIALIST CARE RATIO.—The ratio (in this paragraph referred to as the 'specialist care ratio') of the number of other physicians (determined under subparagraph (A)(ii)), to the number of individuals determined under subparagraph (B).

''(3) RANKING OF COUNTIES.—The Secretary shall rank each such county or area based separately on its primary care ratio and its specialist care ratio.

''(4) IDENTIFICATION OF COUNTIES.—

''(A) IN GENERAL.—The Secretary shall identify—

''(i) those counties and areas (in this paragraph referred to as 'primary care scarcity counties') with the lowest primary care ratios that represent, if each such county or area were weighted by the number of individuals determined under paragraph (2)(B), an aggregate total of 20 percent of the total of the individuals determined under such paragraph; and

''(ii) those counties and areas (in this subsection referred to as 'specialist care scarcity counties') with the lowest specialist care ratios that represent, if each such county or area were weighted by the number of individuals determined under paragraph (2)(B), an aggregate total of 20 percent of the total of the individuals determined under such paragraph.

''(B) PERIODIC REVISIONS.—The Secretary shall periodically revise the counties or areas identified in subparagraph (A) (but not less often than once every three years) unless the Secretary determines that there is no new data available on the number of physicians practicing in the county or area or the number of individuals residing in the county or area, as identified in paragraph (2).

''(C) IDENTIFICATION OF COUNTIES WHERE SERVICE IS FURNISHED.—For purposes of paying the additional amount specified in paragraph (1), if the Secretary uses the 5-digit postal ZIP Code where the service is furnished, the dominant county of the postal ZIP Code (as determined by the United States Postal Service, or otherwise) shall be used to determine whether the postal ZIP Code is in a scarcity county identified in subparagraph (A) or revised in subparagraph (B).

''(D) JUDICIAL REVIEW.—There shall be no administrative or judicial review under section 1869, 1878, or otherwise, respecting—

''(i) the identification of a county or area;

''(ii) the assignment of a specialty of any physician under this paragraph;

''(iii) the assignment of a physician to a county under paragraph (2); or

''(iv) the assignment of a postal ZIP Code to a county or other area under this subsection.

''(5) RURAL CENSUS TRACTS.—To the extent feasible, the Secretary shall treat a rural census tract of a metropolitan statistical area (as determined under the most recent modification of the Goldsmith Modification, originally published in the Federal Register on February 27, 1992 (57 Fed. Reg. 6725)), as an equivalent area for purposes of qualifying as a primary care scarcity county or specialist care scarcity county under this subsection.

''(6) PHYSICIAN DEFINED.—For purposes of this paragraph, the term 'physician' means a physician described in section 1861(r)(1) and the term 'primary care physician' means a physician who is identified in the available data as a general practitioner, family practice practitioner, general internist, or obstetrician or gynecologist.

''(7) PUBLICATION OF LIST OF COUNTIES; POSTING ON WEBSITE.—With respect to a year for which a county or area is identified or revised under paragraph (4), the Secretary shall identify such counties or areas as part of the proposed and final rule to implement the physician fee schedule under section 1848 for the applicable year. The Secretary shall post the list of counties identified or revised under paragraph (4) on the Internet website of the Centers for Medicare & Medicaid Services.''.

(b) IMPROVEMENT TO MEDICARE INCENTIVE PAYMENT PROGRAM.—

(1) IN GENERAL.—Section 1833(m) (42 U.S.C. 1395l(m)) is amended—

(A) by inserting ''(1)'' after ''(m)'';

(B) in paragraph (1), as designated by subparagraph (A)—

(i) by inserting ''in a year'' after ''In the case of physicians' services furnished''; and

(ii) by inserting ''as identified by the Secretary prior to the beginning of such year'' after ''as a health professional shortage area''; and

(C) by adding at the end the following new paragraphs:

''(2) For each health professional shortage area identified in paragraph (1) that consists of an entire county, the Secretary shall provide for the additional payment under paragraph (1) without any requirement on the physician to identify the health professional shortage area involved. The Secretary may implement the previous sentence using the method specified in subsection (u)(4)(C).

''(3) The Secretary shall post on the Internet website of the Centers for Medicare & Medicaid Services a list of the health professional shortage areas identified in paragraph (1) that consist of a partial county to facilitate the additional payment under paragraph (1) in such areas.

''(4) There shall be no administrative or judicial review under section 1869, section 1878, or otherwise, respecting—

''(A) the identification of a county or area;

''(B) the assignment of a specialty of any physician under this paragraph;

''(C) the assignment of a physician to a county under this subsection; or

''(D) the assignment of a postal zip code to a county or other area under this subsection.''.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall apply to physicians' services furnished on or after January 1, 2005.

(c) GAO STUDY OF GEOGRAPHIC DIFFERENCES IN PAYMENTS FOR PHYSICIANS' SERVICES.—

(1) STUDY.—The Comptroller General of the United States shall conduct a study of differences in payment amounts under the physician fee schedule under section 1848 of the Social Security Act (42 U.S.C. 1395w–4) for physicians' services in different geographic areas. Such study shall include—

(A) an assessment of the validity of the geographic adjustment factors used for each component of the fee schedule;

(B) an evaluation of the measures used for such adjustment, including the frequency of revisions;

(C) an evaluation of the methods used to determine professional liability insurance costs used in computing the malpractice component, including a review of increases in professional liability insurance premiums and variation in such increases by State and physician specialty and methods used to update the geographic cost of practice index and relative weights for the malpractice component; and

(D) an evaluation of the effect of the adjustment to the physician work geographic index under section 1848(e)(1)(E) of the Social Security Act, as added by section 112, on physician location and retention in areas affected by such adjustment, taking into account—

(i) differences in recruitment costs and retention rates for physicians, including specialists, between large urban areas and other areas; and

(ii) the mobility of physicians, including specialists, over the last decade.

(2) REPORT.—Not later than 1 year after the date of the enactment of this Act, the Comptroller General shall submit to Congress a report on the study conducted under

paragraph (1). The report shall include recommendations regarding the use of more current data in computing geographic cost of practice indices as well as the use of data directly representative of physicians' costs (rather than proxy measures of such costs).

SEC. 114. PAYMENT FOR RURAL AND URBAN AMBULANCE SERVICES.

(a) PHASE-IN PROVIDING FLOOR USING BLEND OF FEE SCHEDULE AND REGIONAL FEE SCHEDULES.—Section 1834(l) (42 U.S.C. 1395m(l)) is amended—

(1) in paragraph (2)(E), by inserting ''consistent with paragraph (11)'' after ''in an efficient and fair manner''; and

(2) by redesignating paragraph (8), as added by section 221(a) of BIPA (114 Stat. 2763A–486), as paragraph (9); and

(3) by adding at the end the following new paragraph:

''(10) PHASE-IN PROVIDING FLOOR USING BLEND OF FEE SCHEDULE AND REGIONAL FEE SCHEDULES.—In carrying out the phase-in under paragraph (2)(E) for each level of ground service furnished in a year, the portion of the payment amount that is based on the fee schedule shall be the greater of the amount determined under such fee schedule (without regard to this paragraph) or the following blended rate of the fee schedule under paragraph (1) and of a regional fee schedule for the region involved:

''(A) For 2004 (for services furnished on or after July 1, 2004), the blended rate shall be based 20 percent on the fee schedule under paragraph (1) and 80 percent on the regional fee schedule.

''(B) For 2005, the blended rate shall be based 40 percent on the fee schedule under paragraph (1) and 60 percent on the regional fee schedule.

''(C) For 2006, the blended rate shall be based 60 percent on the fee schedule under paragraph (1) and 40 percent on the regional fee schedule.

''(D) For 2007, 2008, and 2009, the blended rate shall be based 80 percent on the fee schedule under paragraph (1) and 20 percent on the regional fee schedule.

''(E) For 2010 and each succeeding year, the blended rate shall be based 100 percent on the fee schedule under paragraph (1).

For purposes of this paragraph, the Secretary shall establish a regional fee schedule for each of the nine census divisions (referred to in section 1886(d)(2)) using the methodology (used in establishing the fee schedule under paragraph (1)) to calculate a regional conversion factor and a regional mileage payment rate and using the same payment adjustments and the same relative value units as used in the fee schedule under such paragraph.''.

(b) ADJUSTMENT IN PAYMENT FOR CERTAIN LONG TRIPS.—Section 1834(l), as amended by subsection (a), is amended by adding at the end the following new paragraph:

''(11) ADJUSTMENT IN PAYMENT FOR CERTAIN LONG TRIPS.—In the case of ground ambulance services furnished on or after July 1, 2004, and before January 1, 2009, regardless of where the transportation originates, the fee schedule established under this subsection shall provide that, with respect to the payment rate for mileage for a trip above 50 miles the per mile rate otherwise established shall be increased by ¼ of the payment per mile otherwise applicable to miles in excess of 50 miles in such trip.''.

(c) IMPROVEMENT IN PAYMENTS TO RETAIN EMERGENCY CAPACITY FOR AMBULANCE SERVICES IN RURAL AREAS.—

(1) IN GENERAL.—Section 1834(l) (42 U.S.C. 1395m(l)), as amended by subsections (a) and (b), is amended by adding at the end the following new paragraph:

''(12) ASSISTANCE FOR RURAL PROVIDERS FURNISHING SERVICES IN LOW POPULATION DENSITY AREAS.—

''(A) IN GENERAL.—In the case of ground ambulance services furnished on or after July 1, 2004, and before January 1, 2010, for which the transportation originates in a qualified rural area (identified under subparagraph (B)(iii)), the Secretary shall provide for a percent increase in the base rate of the fee schedule for a trip established under this subsection. In establishing such percent increase, the Secretary shall estimate the average cost per trip for such services (not taking into account mileage) in the lowest quartile as compared to the average cost per trip for such services (not taking into account mileage) in the highest quartile of all rural county populations.

''(B) IDENTIFICATION OF QUALIFIED RURAL AREAS.—

''(i) DETERMINATION OF POPULATION DENSITY IN AREA.—Based upon data from the United States decennial census for the year 2000, the Secretary shall determine, for each rural area, the population density for that area.

''(ii) RANKING OF AREAS.—The Secretary shall rank each such area based on such population density.

''(iii) IDENTIFICATION OF QUALIFIED RURAL AREAS.—The Secretary shall identify those areas (in subparagraph (A) referred to as 'qualified rural areas') with the lowest population densities that represent, if each such area were weighted by the population of such area (as used in computing such population densities), an aggregate total of 25 percent of the total of the population of all such areas.

''(iv) RURAL AREA.—For purposes of this paragraph, the term 'rural area' has the meaning given such term in section 1886(d)(2)(D). If feasible, the Secretary shall treat a rural census tract of a metropolitan statistical area (as determined under the most recent modification of the Goldsmith Modification, originally published in the Federal Register on February 27, 1992 (57 Fed. Reg. 6725) as a rural area for purposes of this paragraph.

''(v) JUDICIAL REVIEW.—There shall be no administrative or judicial review under section 1869, 1878, or otherwise, respecting the identification of an area under this subparagraph.''.

(2) USE OF DATA.—In order to promptly implement section 1834(l)(12) of the Social Security Act, as added by paragraph (1), the Secretary may use data furnished by the Comptroller General of the United States.

(d) TEMPORARY INCREASE FOR GROUND AMBULANCE SERVICES.—Section 1834(l) (42 U.S.C. 1395m(l)), as amended by subsections (a), (b), and (c), is amended by adding at the end the following new paragraph:

''(13) TEMPORARY INCREASE FOR GROUND AMBULANCE SERVICES.—

''(A) IN GENERAL.—After computing the rates with respect to ground ambulance services under the other applicable provisions of this subsection, in the case of such services furnished on or after July 1, 2004, and before January 1, 2007, for which the transportation originates in—

''(i) a rural area described in paragraph (9) or in a rural census tract described in such paragraph, the fee schedule established under this section shall provide that the rate for the service otherwise established, after the application of any increase under paragraphs (11) and (12), shall be increased by 2 percent; and

''(ii) an area not described in clause (i), the fee schedule established under this subsection shall provide that the rate for the service otherwise established, after the application of any increase under paragraph (11), shall be increased by 1 percent.

''(B) APPLICATION OF INCREASED PAYMENTS AFTER 2006.—The increased payments under subparagraph (A) shall not be taken into account in calculating payments for services furnished after the period specified in such subparagraph.''.

(e) IMPLEMENTATION.—The Secretary may implement the amendments made by this section, and revise the conversion factor applicable under section 1834(l) of the Social Security Act (42 U.S.C. 1395m(l)) for purposes of implementing such amendments, on an interim final basis, or by program instruction.

(f) GAO REPORT ON COSTS AND ACCESS.—Not later than December 31, 2005, the Comptroller General of the United States shall submit to Congress an initial report on how costs differ among the types of ambulance providers and on access, supply, and quality of ambulance services in those regions and States that have a reduction in payment under the medicare ambulance fee schedule (under section 1834(l) of the Social Security Act, as amended by this Act). Not later than December 31, 2007, the Comptroller General shall submit to Congress a final report on such access and supply.

(g) TECHNICAL AMENDMENTS.—(1) Section 221(c) of BIPA (114 Stat. 2763A–487) is amended by striking ''subsection (b)(2)'' and inserting ''subsection (b)(3)''.

(2) Section 1861(v)(1) (42 U.S.C. 1395x(v)(1)) is amended by moving subparagraph (U) 4 ems to the left.

SEC. 115. PROVIDING APPROPRIATE COVERAGE OF RURAL AIR AMBULANCE SERVICES.

(a) COVERAGE.—Section 1834(l) (42 U.S.C. 1395m(l)), as amended by subsections (a), (b), (c), and (d) of section 114, is amended by adding at the end the following new paragraph:

''(14) PROVIDING APPROPRIATE COVERAGE OF RURAL AIR AMBULANCE SERVICES.—

''(A) IN GENERAL.—The regulations described in section 1861(s)(7) shall provide, to the extent that any ambulance services (whether ground or air) may be covered under such section, that a rural air ambulance service (as defined in subparagraph (C)) is reimbursed under this subsection at the air ambulance rate if the air ambulance service—

''(i) is reasonable and necessary based on the health condition of the individual being transported at or immediately prior to the time of the transport; and

''(ii) complies with equipment and crew requirements established by the Secretary.

''(B) SATISFACTION OF REQUIREMENT OF MEDICALLY NECESSARY.—The requirement of subparagraph (A)(i) is deemed to be met for a rural air ambulance service if—

''(i) subject to subparagraph (D), such service is requested by a physician or other qualified medical personnel (as specified by the Secretary) who reasonably determines or certifies that the individual's condition is such that the time needed to transport the individual by land or the instability of transportation by land poses a threat to the individual's survival or seriously endangers the individual's health; or

''(ii) such service is furnished pursuant to a protocol that is established by a State or regional emergency medical service (EMS) agency and recognized or approved by the Secretary under which the use of an air ambulance is recommended, if such agency does not have an ownership interest in the entity furnishing such service.

“(C) RURAL AIR AMBULANCE SERVICE DEFINED.—For purposes of this paragraph, the term ‘rural air ambulance service’ means fixed wing and rotary wing air ambulance service in which the point of pick up of the individual occurs in a rural area (as defined in section 1886(d)(2)(D)) or in a rural census tract of a metropolitan statistical area (as determined under the most recent modification of the Goldsmith Modification, originally published in the Federal Register on February 27, 1992 (57 Fed. Reg. 6725)).

“(D) LIMITATION.—

“(i) IN GENERAL.—Subparagraph (B)(i) shall not apply if there is a financial or employment relationship between the person requesting the rural air ambulance service and the entity furnishing the ambulance service, or an entity under common ownership with the entity furnishing the air ambulance service, or a financial relationship between an immediate family member of such requester and such an entity.

“(ii) EXCEPTION.—Where a hospital and the entity furnishing rural air ambulance services are under common ownership, clause (i) shall not apply to remuneration (through employment or other relationship) by the hospital of the requester or immediate family member if the remuneration is for provider-based physician services furnished in a hospital (as described in section 1887) which are reimbursed under part A and the amount of the remuneration is unrelated directly or indirectly to the provision of rural air ambulance services.”.

(b) CONFORMING AMENDMENT.—Section 1861(s)(7) (42 U.S.C. 1395x(s)(7)) is amended by inserting “, subject to section 1834(l)(14),” after “but”.

(c) EFFECTIVE DATE.—The amendments made by this subsection shall apply to services furnished on or after January 1, 2005.

SEC. 116. TREATMENT OF CERTAIN CLINICAL DIAGNOSTIC LABORATORY TESTS FURNISHED TO HOSPITAL OUTPATIENTS IN CERTAIN RURAL AREAS.

(a) IN GENERAL.—Notwithstanding subsections (a), (b), and (h) of section 1833 of the Social Security Act (42 U.S.C. 1395l) and section 1834(d)(1) of such Act (42 U.S.C. 1395m(d)(1)), in the case of a clinical diagnostic laboratory test covered under part B of title XVIII of such Act that is furnished during a cost reporting period described in subsection (b) by a hospital with fewer than 50 beds that is located in a qualified rural area (identified under paragraph (12)(B)(iii) of section 1834(l) of the Social Security Act (42 U.S.C. 1395m(l)), as added by section 114(c)) as part of outpatient services of the hospital, the amount of payment for such test shall be 100 percent of the reasonable costs of the hospital in furnishing such test.

(b) APPLICATION.—A cost reporting period described in this subsection is a cost reporting period beginning during the 2-year period beginning on July 1, 2004.

(c) PROVISION AS PART OF OUTPATIENT HOSPITAL SERVICES.—For purposes of subsection (a), in determining whether clinical diagnostic laboratory services are furnished as part of outpatient services of a hospital, the Secretary shall apply the same rules that are used to determine whether clinical diagnostic laboratory services are furnished as an outpatient critical access hospital service under section 1834(g)(4) of the Social Security Act (42 U.S.C. 1395m(g)(4)).

SEC. 117. EXTENSION OF TELEMEDICINE DEMONSTRATION PROJECT.

Section 4207 of the Balanced Budget Act of 1997 (Public Law 105–33) is amended—

(1) in subsection (a)(4), by striking “4-year” and inserting “8-year”; and

(2) in subsection (d)(3), by striking “$30,000,000” and inserting “$60,000,000”.

SEC. 118. REPORT ON DEMONSTRATION PROJECT PERMITTING SKILLED NURSING FACILITIES TO BE ORIGINATING TELEHEALTH SITES; AUTHORITY TO IMPLEMENT.

(a) EVALUATION.—The Secretary, acting through the Administrator of the Health Resources and Services Administration in consultation with the Administrator of the Centers for Medicare & Medicaid Services, shall evaluate demonstration projects conducted by the Secretary under which skilled nursing facilities (as defined in section 1819(a) of the Social Security Act (42 U.S.C. 1395i–3(a)) are treated as originating sites for telehealth services.

(b) REPORT.—Not later than January 1, 2005, the Secretary shall submit to Congress a report on the evaluation conducted under subsection (a). Such report shall include recommendations on mechanisms to ensure that permitting a skilled nursing facility to serve as an originating site for the use of telehealth services or any other service delivered via a telecommunications system does not serve as a substitute for in-person visits furnished by a physician, or for in-person visits furnished by a physician assistant, nurse practitioner or clinical nurse specialist, as is otherwise required by the Secretary.

(c) AUTHORITY TO EXPAND ORIGINATING TELEHEALTH SITES TO INCLUDE SKILLED NURSING FACILITIES.—Insofar as the Secretary concludes in the report required under subsection (b) that is advisable to permit a skilled nursing facility to be an originating site for telehealth services under section 1834(m) of the Social Security Act (42 U.S.C. 1395m(m)), and that the Secretary can establish the mechanisms to ensure such permission does not serve as a substitute for in-person visits furnished by a physician, or for in-person visits furnished by a physician assistant, nurse practitioner or clinical nurse specialist, the Secretary may deem a skilled nursing facility to be an originating site under paragraph (4)(C)(ii) of such section beginning on January 1, 2006.

Subtitle C—Provisions Relating to Parts A and B

SEC. 121. 1-YEAR INCREASE FOR HOME HEALTH SERVICES FURNISHED IN A RURAL AREA.

(a) IN GENERAL.—With respect to episodes and visits ending on or after April 1, 2004, and before April 1, 2005, in the case of home health services furnished in a rural area (as defined in section 1886(d)(2)(D) of the Social Security Act (42 U.S.C. 1395ww(d)(2)(D))), the Secretary shall increase the payment amount otherwise made under section 1895 of such Act (42 U.S.C. 1395fff) for such services by 5 percent.

(b) WAIVING BUDGET NEUTRALITY.—The Secretary shall not reduce the standard prospective payment amount (or amounts) under section 1895 of the Social Security Act (42 U.S.C. 1395fff) applicable to home health services furnished during a period to offset the increase in payments resulting from the application of subsection (a).

(c) NO EFFECT ON SUBSEQUENT PERIODS.—The payment increase provided under subsection (a) for a period under such subsection—

(1) shall not apply to episodes and visits ending after such period; and

(2) shall not be taken into account in calculating the payment amounts applicable for episodes and visits occurring after such period.

SEC. 122. REDISTRIBUTION OF UNUSED RESIDENT POSITIONS.

(a) IN GENERAL.—Section 1886(h) (42 U.S.C. 1395ww(h)(4)) is amended—

(1) in paragraph (4)(F)(i), by inserting “subject to paragraph (7),” after “October 1, 1997,”;

(2) in paragraph (4)(H)(i), by inserting “and subject to paragraph (7),” after “subparagraphs (F) and (G)”; and

(3) by adding at the end the following new paragraph:

“(7) REDISTRIBUTION OF UNUSED RESIDENT POSITIONS.—

“(A) REDUCTION IN LIMIT BASED ON UNUSED POSITIONS.—

“(i) PROGRAMS SUBJECT TO REDUCTION.—

“(I) IN GENERAL.—Except as provided in subclause (II), if a hospital's reference resident level (specified in clause (ii)) is less than the otherwise applicable resident limit (as defined in subparagraph (C)(ii)), effective for portions of cost reporting periods occurring on or after July 1, 2005, the otherwise applicable resident limit shall be reduced by 75 percent of the difference between such otherwise applicable resident limit and such reference resident level.

“(II) EXCEPTION FOR SMALL RURAL HOSPITALS.—This subparagraph shall not apply to a hospital located in a rural area (as defined in subsection (d)(2)(D)(ii)) with fewer than 250 acute care inpatient beds.

“(ii) REFERENCE RESIDENT LEVEL.—

“(I) IN GENERAL.—Except as otherwise provided in subclauses (II) and (III), the reference resident level specified in this clause for a hospital is the resident level for the most recent cost reporting period of the hospital ending on or before September 30, 2002, for which a cost report has been settled (or, if not, submitted (subject to audit)), as determined by the Secretary.

“(II) USE OF MOST RECENT ACCOUNTING PERIOD TO RECOGNIZE EXPANSION OF EXISTING PROGRAMS.—If a hospital submits a timely request to increase its resident level due to an expansion of an existing residency training program that is not reflected on the most recent settled cost report, after audit and subject to the discretion of the Secretary, the reference resident level for such hospital is the resident level for the cost reporting period that includes July 1, 2003, as determined by the Secretary.

“(III) EXPANSIONS UNDER NEWLY APPROVED PROGRAMS.—Upon the timely request of a hospital, the Secretary shall adjust the reference resident level specified under subclause (I) or (II) to include the number of medical residents that were approved in an application for a medical residency training program that was approved by an appropriate accrediting organization (as determined by the Secretary) before January 1, 2002, but which was not in operation during the cost reporting period used under subclause (I) or (II), as the case may be, as determined by the Secretary.

“(iii) AFFILIATION.—The provisions of clause (i) shall be applied to hospitals which are members of the same affiliated group (as defined by the Secretary under paragraph (4)(H)(ii)) as of July 1, 2003.

“(B) REDISTRIBUTION.—

“(i) IN GENERAL.—The Secretary is authorized to increase the otherwise applicable resident limit for each qualifying hospital that submits a timely application under this subparagraph by such number as the Secretary may approve for portions of cost reporting periods occurring on or after July 1, 2005. The aggregate number of increases in the otherwise applicable resident limits under this subparagraph may not exceed the

Secretary's estimate of the aggregate reduction in such limits attributable to subparagraph (A).

''(ii) CONSIDERATIONS IN REDISTRIBUTION.—In determining for which hospitals the increase in the otherwise applicable resident limit is provided under clause (i), the Secretary shall take into account the demonstrated likelihood of the hospital filling the positions within the first 3 cost reporting periods beginning on or after July 1, 2005, made available under this subparagraph, as determined by the Secretary.

''(iii) PRIORITY FOR RURAL AND SMALL URBAN AREAS.—In determining for which hospitals and residency training programs an increase in the otherwise applicable resident limit is provided under clause (i), the Secretary shall distribute the increase to programs of hospitals located in the following priority order:

''(I) First, to hospitals located in rural areas (as defined in subsection (d)(2)(D)(ii)).

''(II) Second, to hospitals located in urban areas that are not large urban areas (as defined for purposes of subsection (d)).

''(III) Third, to other hospitals in a State if the residency training program involved is in a specialty for which there are not other residency training programs in the State.

Increases of residency limits within the same priority category under this clause shall be determined by the Secretary.

''(iv) LIMITATION.—In no case shall more than 25 full-time equivalent additional residency positions be made available under this subparagraph with respect to any hospital.

''(v) APPLICATION OF LOCALITY ADJUSTED NATIONAL AVERAGE PER RESIDENT AMOUNT.—With respect to additional residency positions in a hospital attributable to the increase provided under this subparagraph, notwithstanding any other provision of this subsection, the approved FTE resident amount is deemed to be equal to the locality adjusted national average per resident amount computed under paragraph (4)(E) for that hospital.

''(vi) CONSTRUCTION.—Nothing in this subparagraph shall be construed as permitting the redistribution of reductions in residency positions attributable to voluntary reduction programs under paragraph (6), under a demonstration project approved as of October 31, 2003, under the authority of section 402 of Public Law 90–248, or as affecting the ability of a hospital to establish new medical residency training programs under paragraph (4)(H).

''(C) RESIDENT LEVEL AND LIMIT DEFINED.—In this paragraph:

''(i) RESIDENT LEVEL.—The term 'resident level' means, with respect to a hospital, the total number of full-time equivalent residents, before the application of weighting factors (as determined under paragraph (4)), in the fields of allopathic and osteopathic medicine for the hospital.

''(ii) OTHERWISE APPLICABLE RESIDENT LIMIT.—The term 'otherwise applicable resident limit' means, with respect to a hospital, the limit otherwise applicable under subparagraphs (F)(i) and (H) of paragraph (4) on the resident level for the hospital determined without regard to this paragraph.

''(D) JUDICIAL REVIEW.—There shall be no administrative or judicial review under section 1869, 1878, or otherwise, with respect to determinations made under this paragraph.''.

(b) CONFORMING PROVISIONS.—(1) Section 1886(d)(5)(B) (42 U.S.C. 1395ww(d)(5)(B)) is amended—

(A) in the second sentence of clause (ii), by striking ''For discharges'' and inserting ''Subject to clause (ix), for discharges''; and

(B) in clause (v), by adding at the end the following: ''The provisions of subsection (h)(7) shall apply with respect to the first sentence of this clause in the same manner as it applies with respect to subsection (h)(4)(F)(i).''; and

(C) by adding at the end the following new clause:

''(ix) For discharges occurring on or after July 1, 2005, insofar as an additional payment amount under this subparagraph is attributable to resident positions redistributed to a hospital under subsection (h)(7)(B), in computing the indirect teaching adjustment factor under clause (ii) the adjustment shall be computed in a manner as if 'c' were equal to 0.66 with respect to such resident positions.''.

(2) Chapter 35 of title 44, United States Code, shall not apply with respect to applications under section 1886(h)(7) of the Social Security Act, as added by subsection (a)(3).

(c) REPORT ON EXTENSION OF APPLICATIONS UNDER REDISTRIBUTION PROGRAM.—Not later than July 1, 2005, the Secretary shall submit to Congress a report containing recommendations regarding whether to extend the deadline for applications for an increase in resident limits under section 1886(h)(4)(I)(ii)(II) of the Social Security Act (as added by subsection (a)).

Subtitle D—Other Provisions

SEC. 131. PROVIDING SAFE HARBOR FOR CERTAIN COLLABORATIVE EFFORTS THAT BENEFIT MEDICALLY UNDERSERVED POPULATIONS.

(a) IN GENERAL.—Section 1128B(b)(3) (42 U.S.C. 1320a–7(b)(3)), as amended by section 101(e)(2), is amended—

(1) in subparagraph (F), by striking ''and'' after the semicolon at the end;

(2) in subparagraph (G), by striking the period at the end and inserting ''; and''; and

(3) by adding at the end the following new subparagraph:

''(H) any remuneration between a health center entity described under clause (i) or (ii) of section 1905(l)(2)(B) and any individual or entity providing goods, items, services, donations, loans, or a combination thereof, to such health center entity pursuant to a contract, lease, grant, loan, or other agreement, if such agreement contributes to the ability of the health center entity to maintain or increase the availability, or enhance the quality, of services provided to a medically underserved population served by the health center entity.''.

(b) RULEMAKING FOR EXCEPTION FOR HEALTH CENTER ENTITY ARRANGEMENTS.—

(1) ESTABLISHMENT.—

(A) IN GENERAL.—The Secretary shall establish, on an expedited basis, standards relating to the exception described in section 1128B(b)(3)(H) of the Social Security Act, as added by subsection (a), for health center entity arrangements to the antikickback penalties.

(B) FACTORS TO CONSIDER.—The Secretary shall consider the following factors, among others, in establishing standards relating to the exception for health center entity arrangements under subparagraph (A):

(i) Whether the arrangement between the health center entity and the other party results in savings of Federal grant funds or increased revenues to the health center entity.

(ii) Whether the arrangement between the health center entity and the other party restricts or limits an individual's freedom of choice.

(iii) Whether the arrangement between the health center entity and the other party protects a health care professional's independent medical judgment regarding medically appropriate treatment.

The Secretary may also include other standards and criteria that are consistent with the intent of Congress in enacting the exception established under this section.

(2) DEADLINE.—Not later than 1 year after the date of the enactment of this Act the Secretary shall publish final regulations establishing the standards described in paragraph (1).

SEC. 132. OFFICE OF RURAL HEALTH POLICY IMPROVEMENTS.

Section 711(b) (42 U.S.C. 912(b)) is amended—

(1) in paragraph (3), by striking ''and'' after the comma at the end;

(2) in paragraph (4), by striking the period at the end and inserting '', and''; and

(3) by inserting after paragraph (4) the following new paragraph:

''(5) administer grants, cooperative agreements, and contracts to provide technical assistance and other activities as necessary to support activities related to improving health care in rural areas.''.

SEC. 133. MEDPAC STUDY ON RURAL HOSPITAL PAYMENT ADJUSTMENTS.

(a) IN GENERAL.—The Medicare Payment Advisory Commission shall conduct a study of the impact of sections 401 through 406, 411, 416, and 505. The Commission shall analyze the effect on total payments, growth in costs, capital spending, and such other payment effects under those sections.

(b) REPORTS.—

(1) INTERIM REPORT.—Not later than 18 months after the date of the enactment of this Act, the Commission shall submit to Congress an interim report on the matters studied under subsection (a) with respect only to changes to the critical access hospital provisions under section 105.

(2) FINAL REPORT.—Not later than 3 years after the date of the enactment of this Act, the Commission shall submit to Congress a final report on all matters studied under subsection (a).

SEC. 134. FRONTIER EXTENDED STAY CLINIC DEMONSTRATION PROJECT.

(a) AUTHORITY TO CONDUCT DEMONSTRATION PROJECT.—The Secretary shall waive such provisions of the medicare program established under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.) as are necessary to conduct a demonstration project under which frontier extended stay clinics described in subsection (b) in isolated rural areas are treated as providers of items and services under the medicare program.

(b) CLINICS DESCRIBED.—A frontier extended stay clinic is described in this subsection if the clinic—

(1) is located in a community where the closest short-term acute care hospital or critical access hospital is at least 75 miles away from the community or is inaccessible by public road; and

(2) is designed to address the needs of—

(A) seriously or critically ill or injured patients who, due to adverse weather conditions or other reasons, cannot be transferred quickly to acute care referral centers; or

(B) patients who need monitoring and observation for a limited period of time.

(c) SPECIFICATION OF CODES.—The Secretary shall determine the appropriate life-safety codes for such clinics that treat patients for needs referred to in subsection (b)(2).

(d) FUNDING.—

(1) IN GENERAL.—Subject to paragraph (2), there are authorized to be appropriated, in appropriate part from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund, such sums as are necessary to conduct the demonstration project under this section.

(2) BUDGET NEUTRAL IMPLEMENTATION.—In conducting the demonstration project under this section, the Secretary shall ensure that the aggregate payments made by the Secretary under the medicare program do not exceed the amount which the Secretary would have paid under the medicare program if the demonstration project under this section was not implemented.

(e) 3-YEAR PERIOD.—The Secretary shall conduct the demonstration under this section for a 3-year period.

(f) REPORT.—Not later than the date that is 1 year after the date on which the demonstration project concludes, the Secretary shall submit to Congress a report on the demonstration project, together with such recommendations for legislation or administrative action as the Secretary determines appropriate.

(g) DEFINITIONS.—In this section, the terms ''hospital'' and ''critical access hospital'' have the meanings given such terms in subsections (e) and (mm), respectively, of section 1861 of the Social Security Act (42 U.S.C. 1395x).

TITLE II—PROVISIONS RELATING TO PART A

Subtitle A—Inpatient Hospital Services

SEC. 201. REVISION OF ACUTE CARE HOSPITAL PAYMENT UPDATES.

(a) IN GENERAL.—Section 1886(b)(3)(B)(i) (42 U.S.C. 1395ww(b)(3)(B)(i)) is amended—

(1) by striking ''and'' at the end of subclause (XVIII);

(2) by striking subclause (XIX); and

(3) by inserting after subclause (XVIII) the following new subclauses:

''(XIX) for each of fiscal years 2004 through 2007, subject to clause (vii), the market basket percentage increase for hospitals in all areas; and

''(XX) for fiscal year 2008 and each subsequent fiscal year, the market basket percentage increase for hospitals in all areas.''.

(b) SUBMISSION OF HOSPITAL QUALITY DATA.—Section 1886(b)(3)(B) (42 U.S.C. 1395ww(b)(3)(B)) is amended by adding at the end the following new clause:

''(vii)(I) For purposes of clause (i)(XIX) for each of fiscal years 2005 through 2007, in a case of a subsection (d) hospital that does not submit data to the Secretary in accordance with subclause (II) with respect to such a fiscal year, the applicable percentage increase under such clause for such fiscal year shall be reduced by 0.4 percentage points. Such reduction shall apply only with respect to the fiscal year involved, and the Secretary shall not take into account such reduction in computing the applicable percentage increase under clause (i)(XIX) for a subsequent fiscal year.

''(II) Each subsection (d) hospital shall submit to the Secretary quality data (for a set of 10 indicators established by the Secretary as of November 1, 2003) that relate to the quality of care furnished by the hospital in inpatient settings in a form and manner, and at a time, specified by the Secretary for purposes of this clause, but with respect to fiscal year 2005, the Secretary shall provide for a 30-day grace period for the submission of data by a hospital.''.

(c) GAO STUDY AND REPORT ON APPROPRIATENESS OF PAYMENTS UNDER THE PROSPECTIVE PAYMENT SYSTEM FOR INPATIENT HOSPITAL SERVICES.—

(1) STUDY.—The Comptroller General of the United States, using the most current data available, shall conduct a study to determine—

(A) the appropriate level and distribution of payments in relation to costs under the prospective payment system under section 1886 of the Social Security Act (42 U.S.C. 1395ww) for inpatient hospital services furnished by subsection (d) hospitals (as defined in subsection (d)(1)(B) of such section); and

(B) whether there is a need to adjust such payments under such system to reflect legitimate differences in costs across different geographic areas, kinds of hospitals, and types of cases.

(2) REPORT.—Not later than 24 months after the date of the enactment of this Act, the Comptroller General of the United States shall submit to Congress a report on the study conducted under paragraph (1) together with such recommendations for legislative and administrative action as the Comptroller General determines appropriate.

SEC. 202. REVISION OF THE INDIRECT MEDICAL EDUCATION (IME) ADJUSTMENT PERCENTAGE.

(a) IN GENERAL.—Section 1886(d)(5)(B)(ii) (42 U.S.C. 1395ww(d)(5)(B)(ii)) is amended—

(1) in subclause (VI), by striking ''and'' after the semicolon at the end;

(2) in subclause (VII)—

(A) by inserting ''and before April 1, 2004,'' after ''on or after October 1, 2002,''; and

(B) by striking the period at the end and inserting a semicolon; and

(3) by adding at the end the following new subclauses:

''(VIII) on or after April 1, 2004, and before October 1, 2004, 'c' is equal to 1.47;

''(IX) during fiscal year 2005, 'c' is equal to 1.42;

''(X) during fiscal year 2006, 'c' is equal to 1.37;

''(XI) during fiscal year 2007, 'c' is equal to 1.32; and

''(XII) on or after October 1, 2007, 'c' is equal to 1.35.''.

(b) CONFORMING AMENDMENT RELATING TO DETERMINATION OF STANDARDIZED AMOUNT.—Section 1886(d)(2)(C)(i) (42 U.S.C. 1395ww(d)(2)(C)(i)) is amended—

(1) by striking ''1999 or'' and inserting ''1999,''; and

(2) by inserting '', or the Medicare Provider Restoration Act of 2003'' after ''2000''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to discharges occurring on or after April 1, 2004.

SEC. 203. RECOGNITION OF NEW MEDICAL TECHNOLOGIES UNDER INPATIENT HOSPITAL PROSPECTIVE PAYMENT SYSTEM.

(a) IMPROVING TIMELINESS OF DATA COLLECTION.—Section 1886(d)(5)(K) (42 U.S.C. 1395ww(d)(5)(K)) is amended by adding at the end the following new clause:

''(vii) Under the mechanism under this subparagraph, the Secretary shall provide for the addition of new diagnosis and procedure codes in April 1 of each year, but the addition of such codes shall not require the Secretary to adjust the payment (or diagnosis-related group classification) under this subsection until the fiscal year that begins after such date.''.

(b) ELIGIBILITY STANDARD FOR TECHNOLOGY OUTLIERS.—

(1) ADJUSTMENT OF THRESHOLD.—Section 1886(d)(5)(K)(ii)(I) (42 U.S.C. 1395ww(d)(5)(K)(ii)(I)) is amended by inserting ''(applying a threshold specified by the Secretary that is the lesser of 75 percent of the standardized amount (increased to reflect the difference between cost and charges) or 75 percent of one standard deviation for the diagnosis-related group involved)'' after ''is inadequate''.

(2) PROCESS FOR PUBLIC INPUT.—Section 1886(d)(5)(K) (42 U.S.C. 1395ww(d)(5)(K)), as amended by subsection (a), is amended—

(A) in clause (i), by adding at the end the following: ''Such mechanism shall be modified to meet the requirements of clause (viii).''; and

(B) by adding at the end the following new clause:

''(viii) The mechanism established pursuant to clause (i) shall be adjusted to provide, before publication of a proposed rule, for public input regarding whether a new service or technology represents an advance in medical technology that substantially improves the diagnosis or treatment of individuals entitled to benefits under part A as follows:

''(I) The Secretary shall make public and periodically update a list of all the services and technologies for which an application for additional payment under this subparagraph is pending.

''(II) The Secretary shall accept comments, recommendations, and data from the public regarding whether the service or technology represents a substantial improvement.

''(III) The Secretary shall provide for a meeting at which organizations representing hospitals, physicians, such individuals, manufacturers, and any other interested party may present comments, recommendations, and data to the clinical staff of the Centers for Medicare & Medicaid Services before publication of a notice of proposed rulemaking regarding whether service or technology represents a substantial improvement.''.

(c) PREFERENCE FOR USE OF DRG ADJUSTMENT.—Section 1886(d)(5)(K) (42 U.S.C. 1395ww(d)(5)(K)), as amended by subsections (a) and (b), is amended by adding at the end the following new clause:

''(ix) Before establishing any add-on payment under this subparagraph with respect to a new technology, the Secretary shall seek to identify one or more diagnosis-related groups associated with such technology, based on similar clinical or anatomical characteristics and the cost of the technology. Within such groups the Secretary shall assign an eligible new technology into a diagnosis-related group where the average costs of care most closely approximate the costs of care of using the new technology. No add-on payment under this subparagraph shall be made with respect to such new technology and this clause shall not affect the application of paragraph (4)(C)(iii).''.

(d) ESTABLISHMENT OF NEW FUNDING FOR HOSPITAL INPATIENT TECHNOLOGY.—

(1) IN GENERAL.—Section 1886(d)(5)(K)(ii)(III) (42 U.S.C. 1395ww(d)(5)(K)(ii)(III)) is amended by striking ''subject to paragraph (4)(C)(iii),''.

(2) NOT BUDGET NEUTRAL.—There shall be no reduction or other adjustment in payments under section 1886 of the Social Security Act because an additional payment is provided under subsection (d)(5)(K)(ii)(III) of such section.

(e) EFFECTIVE DATE.—

(1) IN GENERAL.—The Secretary shall implement the amendments made by this section so that they apply to classification for fiscal years beginning with fiscal year 2005.

(2) RECONSIDERATIONS OF APPLICATIONS FOR FISCAL YEAR 2004 THAT ARE DENIED.—In the case of an application for a classification of a medical service or technology as a new medical service or technology under section 1886(d)(5)(K) of the Social Security Act (42 U.S.C. 1395ww(d)(5)(K)) that was filed for fiscal year 2004 and that is denied—

(A) the Secretary shall automatically reconsider the application as an application for fiscal year 2005 under the amendments made by this section; and

(B) the maximum time period otherwise permitted for such classification of the service or technology shall be extended by 12 months.

SEC. 204. INCREASE IN FEDERAL RATE FOR HOSPITALS IN PUERTO RICO.

Section 1886(d)(9) (42 U.S.C. 1395ww(d)(9)) is amended—

(1) in subparagraph (A)—

(A) in clause (i), by striking ''for discharges beginning on or after October 1, 1997, 50 percent (and for discharges between October 1, 1987, and September 30, 1997, 75 percent)'' and inserting ''the applicable Puerto Rico percentage (specified in subparagraph (E))''; and

(B) in clause (ii), by striking ''for discharges beginning in a fiscal year beginning on or after October 1, 1997, 50 percent (and for discharges between October 1, 1987, and September 30, 1997, 25 percent)'' and inserting ''the applicable Federal percentage (specified in subparagraph (E))''; and

(2) by adding at the end the following new subparagraph:

''(E) For purposes of subparagraph (A), for discharges occurring—

''(i) on or after October 1, 1987, and before October 1, 1997, the applicable Puerto Rico percentage is 75 percent and the applicable Federal percentage is 25 percent;

''(ii) on or after October 1, 1997, and before April 1, 2004, the applicable Puerto Rico percentage is 50 percent and the applicable Federal percentage is 50 percent;

''(iii) on or after April 1, 2004, and before October 1, 2004, the applicable Puerto Rico percentage is 37.5 percent and the applicable Federal percentage is 62.5 percent; and

''(iv) on or after October 1, 2004, the applicable Puerto Rico percentage is 25 percent and the applicable Federal percentage is 75 percent.''.

SEC. 205. WAGE INDEX ADJUSTMENT RECLASSIFICATION REFORM.

(a) IN GENERAL.—Section 1886(d) (42 U.S.C. 1395ww(d)), as amended by section 106, is amended by adding at the end the following new paragraph:

''(13)(A) In order to recognize commuting patterns among geographic areas, the Secretary shall establish a process through application or otherwise for an increase of the wage index applied under paragraph (3)(E) for subsection (d) hospitals located in a qualifying county described in subparagraph (B) in the amount computed under subparagraph (D) based on out-migration of hospital employees who reside in that county to any higher wage index area.

''(B) The Secretary shall establish criteria for a qualifying county under this subparagraph based on the out-migration referred to in subparagraph (A) and differences in the area wage indices. Under such criteria the Secretary shall, utilizing such data as the Secretary determines to be appropriate, establish—

''(i) a threshold percentage, established by the Secretary, of the weighted average of the area wage index or indices for the higher wage index areas involved;

''(ii) a threshold (of not less than 10 percent) for minimum out-migration to a higher wage index area or areas; and

''(iii) a requirement that the average hourly wage of the hospitals in the qualifying county equals or exceeds the average hourly wage of all the hospitals in the area in which the qualifying county is located.

''(C) For purposes of this paragraph, the term 'higher wage index area' means, with respect to a county, an area with a wage index that exceeds that of the county.

''(D) The increase in the wage index under subparagraph (A) for a qualifying county shall be equal to the percentage of the hospital employees residing in the qualifying county who are employed in any higher wage index area multiplied by the sum of the products, for each higher wage index area of—

''(i) the difference between—

''(I) the wage index for such higher wage index area, and

''(II) the wage index of the qualifying county; and

''(ii) the number of hospital employees residing in the qualifying county who are employed in such higher wage index area divided by the total number of hospital employees residing in the qualifying county who are employed in any higher wage index area.

''(E) The process under this paragraph may be based upon the process used by the Medicare Geographic Classification Review Board under paragraph (10). As the Secretary determines to be appropriate to carry out such process, the Secretary may require hospitals (including subsection (d) hospitals and other hospitals) and critical access hospitals, as required under section 1866(a)(1)(T), to submit data regarding the location of residence, or the Secretary may use data from other sources.

''(F) A wage index increase under this paragraph shall be effective for a period of 3 fiscal years, except that the Secretary shall establish procedures under which a subsection (d) hospital may elect to waive the application of such wage index increase.

''(G) A hospital in a county that has a wage index increase under this paragraph for a period and that has not waived the application of such an increase under subparagraph (F) is not eligible for reclassification under paragraph (8) or (10) during that period.

''(H) Any increase in a wage index under this paragraph for a county shall not be taken into account for purposes of—

''(i) computing the wage index for portions of the wage index area (not including the county) in which the county is located; or

''(ii) applying any budget neutrality adjustment with respect to such index under paragraph (8)(D).

''(I) The thresholds described in subparagraph (B), data on hospital employees used under this paragraph, and any determination of the Secretary under the process described in subparagraph (E) shall be final and shall not be subject to judicial review.''.

(b) CONFORMING AMENDMENTS.—Section 1866(a)(1) (42 U.S.C. 1395cc(a)(1)) is amended—

(1) in subparagraph (R), by striking ''and'' at the end;

(2) in subparagraph (S), by striking the period at the end and inserting '', and''; and

(3) by inserting after subparagraph (S) the following new subparagraph:

''(T) in the case of hospitals and critical access hospitals, to furnish to the Secretary such data as the Secretary determines appropriate pursuant to subparagraph (E) of section 1886(d)(12) to carry out such section.''.

(c) EFFECTIVE DATE.—The amendments made by this section shall first apply to the wage index for discharges occurring on or after October 1, 2004. In initially implementing such amendments, the Secretary may modify the deadlines otherwise applicable under clauses (ii) and (iii)(I) of section 1886(d)(10)(C) of the Social Security Act (42 U.S.C. 1395ww(d)(10)(C)), for submission of, and actions on, applications relating to changes in hospital geographic reclassification.

SEC. 206. LIMITATION ON CHARGES FOR INPATIENT HOSPITAL CONTRACT HEALTH SERVICES PROVIDED TO INDIANS BY MEDICARE PARTICIPATING HOSPITALS.

(a) IN GENERAL.—Section 1866(a)(1) (42 U.S.C. 1395cc(a)(1)), as amended by section 205(b), is amended—

(1) in subparagraph (S), by striking ''and'' at the end;

(2) in subparagraph (T), by striking the period and inserting '', and''; and

(3) by inserting after subparagraph (T) the following new subparagraph:

''(U) in the case of hospitals which furnish inpatient hospital services for which payment may be made under this title, to be a participating provider of medical care both—

''(i) under the contract health services program funded by the Indian Health Service and operated by the Indian Health Service, an Indian tribe, or tribal organization (as those terms are defined in section 4 of the Indian Health Care Improvement Act), with respect to items and services that are covered under such program and furnished to an individual eligible for such items and services under such program; and

''(ii) under any program funded by the Indian Health Service and operated by an urban Indian organization with respect to the purchase of items and services for an eligible urban Indian (as those terms are defined in such section 4),

in accordance with regulations promulgated by the Secretary regarding admission practices, payment methodology, and rates of payment (including the acceptance of no more than such payment rate as payment in full for such items and services.''.

(b) EFFECTIVE DATE.—The amendments made by this section shall apply as of a date specified by the Secretary of Health and Human Services (but in no case later than 1 year after the date of enactment of this Act) to medicare participation agreements in effect (or entered into) on or after such date.

(c) PROMULGATION OF REGULATIONS.—The Secretary shall promulgate regulations to carry out the amendments made by subsection (a).

SEC. 207. CLARIFICATIONS TO CERTAIN EXCEPTIONS TO MEDICARE LIMITS ON PHYSICIAN REFERRALS.

(a) LIMITS ON PHYSICIAN REFERRALS.—

(1) OWNERSHIP AND INVESTMENT INTERESTS IN WHOLE HOSPITALS.—

(A) IN GENERAL.—Section 1877(d)(3) (42 U.S.C. 1395nn(d)(3)) is amended—

(i) by striking '', and'' at the end of subparagraph (A) and inserting a semicolon; and

(ii) by redesignating subparagraph (B) as subparagraph (C) and inserting after subparagraph (A) the following new subparagraph:

''(B) effective for the 18-month period beginning on the date of the enactment of the Medicare Provider Restoration Act of 2003, the hospital is not a specialty hospital (as defined in subsection (h)(7)); and''.

(B) DEFINITION.—Section 1877(h) (42 U.S.C. 1395nn(h)) is amended by adding at the end the following:

''(7) SPECIALTY HOSPITAL.—

''(A) IN GENERAL.—For purposes of this section, except as provided in subparagraph (B), the term 'specialty hospital' means a subsection (d) hospital (as defined in section 1886(d)(1)(B)) that is primarily or exclusively engaged in the care and treatment of one of the following categories:

''(i) Patients with a cardiac condition.

''(ii) Patients with an orthopedic condition.

''(iii) Patients receiving a surgical procedure.

''(iv) Any other specialized category of services that the Secretary designates as inconsistent with the purpose of permitting physician ownership and investment interests in a hospital under this section.

''(B) EXCEPTION.—For purposes of this section, the term 'specialty hospital' does not include any hospital—

''(i) determined by the Secretary—

''(I) to be in operation before November 18, 2003; or

''(II) under development as of such date;

''(ii) for which the number of physician investors at any time on or after such date is no greater than the number of such investors as of such date;

''(iii) for which the type of categories described in subparagraph (A) at any time on or after such date is no different than the type of such categories as of such date;

''(iv) for which any increase in the number of beds occurs only in the facilities on the main campus of the hospital and does not exceed 50 percent of the number of beds in the hospital as of November 18, 2003, or 5 beds, whichever is greater; and

''(v) that meets such other requirements as the Secretary may specify.''.

(2) OWNERSHIP AND INVESTMENT INTERESTS IN A RURAL PROVIDER.—Section 1877(d)(2) (42 U.S.C. 1395nn(d)(2)) is amended to read as follows:

''(2) RURAL PROVIDERS.—In the case of designated health services furnished in a rural area (as defined in section 1886(d)(2)(D)) by an entity, if—

''(A) substantially all of the designated health services furnished by the entity are furnished to individuals residing in such a rural area; and

''(B) effective for the 18-month period beginning on the date of the enactment of the Medicare Provider Restoration Act of 2003, the entity is not a specialty hospital (as defined in subsection (h)(7)).''.

(b) APPLICATION OF EXCEPTION FOR HOSPITALS UNDER DEVELOPMENT.—For purposes of section 1877(h)(7)(B)(i)(II) of the Social Security Act, as added by subsection (a)(1)(B), in determining whether a hospital is under development as of November 18, 2003, the Secretary shall consider—

(1) whether architectural plans have been completed, funding has been received, zoning requirements have been met, and necessary approvals from appropriate State agencies have been received; and

(2) any other evidence the Secretary determines would indicate whether a hospital is under development as of such date.

(c) STUDIES.—

(1) MEDPAC STUDY.—The Medicare Payment Advisory Commission, in consultation with the Comptroller General of the United States, shall conduct a study to determine—

(A) any differences in the costs of health care services furnished to patients by physician-owned specialty hospitals and the costs of such services furnished by local full-service community hospitals within specific diagnosis-related groups;

(B) the extent to which specialty hospitals, relative to local full-service community hospitals, treat patients in certain diagnosis-related groups within a category, such as cardiology, and an analysis of the selection;

(C) the financial impact of physician-owned specialty hospitals on local full-service community hospitals;

(D) how the current diagnosis-related group system should be updated to better reflect the cost of delivering care in a hospital setting; and

(E) the proportions of payments received, by type of payer, between the specialty hospitals and local full-service community hospitals.

(2) HHS STUDY.—The Secretary shall conduct a study of a representative sample of specialty hospitals—

(A) to determine the percentage of patients admitted to physician-owned specialty hospitals who are referred by physicians with an ownership interest;

(B) to determine the referral patterns of physician owners, including the percentage of patients they referred to physician-owned specialty hospitals and the percentage of patients they referred to local full-service community hospitals for the same condition;

(C) to compare the quality of care furnished in physician-owned specialty hospitals and in local full-service community hospitals for similar conditions and patient satisfaction with such care; and

(D) to assess the differences in uncompensated care, as defined by the Secretary, between the specialty hospital and local full-service community hospitals, and the relative value of any tax exemption available to such hospitals.

(3) REPORTS.—Not later than 15 months after the date of the enactment of this Act, the Commission and the Secretary, respectively, shall each submit to Congress a report on the studies conducted under paragraphs (1) and (2), respectively, and shall include any recommendations for legislation or administrative changes.

SEC. 208. 1-TIME APPEALS PROCESS FOR HOSPITAL WAGE INDEX CLASSIFICATION.

(a) ESTABLISHMENT OF PROCESS.—

(1) IN GENERAL.—The Secretary shall establish not later than January 1, 2004, by instruction or otherwise a process under which a hospital may appeal the wage index classification otherwise applicable to the hospital and select another area within the State (or, at the discretion of the Secretary, within a contiguous State) to which to be reclassified.

(2) PROCESS REQUIREMENTS.—The process established under paragraph (1) shall be consistent with the following:

(A) Such an appeal may be filed as soon as possible after the date of the enactment of this Act but shall be filed by not later than February 15, 2004.

(B) Such an appeal shall be heard by the Medicare Geographic Reclassification Review Board.

(C) There shall be no further administrative or judicial review of a decision of such Board.

(3) RECLASSIFICATION UPON SUCCESSFUL APPEAL.—If the Medicare Geographic Reclassification Review Board determines that the hospital is a qualifying hospital (as defined in subsection (c)), the hospital shall be reclassified to the area selected under paragraph (1). Such reclassification shall apply with respect to discharges occurring during the 3-year period beginning with April 1, 2004.

(4) INAPPLICABILITY OF CERTAIN PROVISIONS.—Except as the Secretary may provide, the provisions of paragraphs (8) and (10) of section 1886(d) of the Social Security Act (42 U.S.C. 1395ww(d)) shall not apply to an appeal under this section.

(b) APPLICATION OF RECLASSIFICATION.—In the case of an appeal decided in favor of a qualifying hospital under subsection (a), the wage index reclassification shall not affect the wage index computation for any area or for any other hospital and shall not be effected in a budget neutral manner. The provisions of this section shall not affect payment for discharges occurring after the end of the 3-year-period referred to in subsection (a).

(c) QUALIFYING HOSPITAL DEFINED.—For purposes of this section, the term ''qualifying hospital'' means a subsection (d) hospital (as defined in section 1886(d)(1)(B) of the Social Security Act, 42 U.S.C. 1395ww(d)(1)(B)) that—

(1) does not qualify for a change in wage index classification under paragraph (8) or (10) of section 1886(d) of the Social Security Act (42 U.S.C. 1395ww(d)) on the basis of requirements relating to distance or commuting; and

(2) meets such other criteria, such as quality, as the Secretary may specify by instruction or otherwise.

The Secretary may modify the wage comparison guidelines promulgated under section 1886(d)(10)(D) of such Act (42 U.S.C. 1395ww(d)(10)(D)) in carrying out this section.

(d) WAGE INDEX CLASSIFICATION.—For purposes of this section, the term ''wage index classification'' means the geographic area in which it is classified for purposes of determining for a fiscal year the factor used to adjust the DRG prospective payment rate under section 1886(d) of the Social Security Act (42 U.S.C. 1395ww(d)) for area differences in hospital wage levels that applies to such hospital under paragraph (3)(E) of such section.

(e) LIMITATION ON EXPENDITURES.—The aggregate amount of additional expenditures resulting from the application of this section shall not exceed $900,000,000.

(f) TRANSITIONAL EXTENSION.—Any reclassification of a county or other area made by Act of Congress for purposes of making payments under section 1886(d) of the Social Security Act (42 U.S.C. 1395ww(d)) that expired on September 30, 2003, shall be deemed to be in effect during the period beginning on January 1, 2004, and ending on September 30, 2004.

Subtitle B—Other Provisions

SEC. 211. PAYMENT FOR COVERED SKILLED NURSING FACILITY SERVICES.

(a) ADJUSTMENT TO RUGS FOR AIDS RESIDENTS.—Paragraph (12) of section 1888(e) (42 U.S.C. 1395yy(e)) is amended to read as follows:

''(12) ADJUSTMENT FOR RESIDENTS WITH AIDS.—

''(A) IN GENERAL.—Subject to subparagraph (B), in the case of a resident of a skilled nursing facility who is afflicted with acquired immune deficiency syndrome (AIDS), the per diem amount of payment otherwise applicable (determined without regard to any increase under section 101 of the Medicare, Medicaid, and SCHIP Balanced Budget Refinement Act of 1999, or under section 314(a) of Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000), shall be increased by 128 percent to reflect increased costs associated with such residents.

''(B) SUNSET.—Subparagraph (A) shall not apply on and after such date as the Secretary certifies that there is an appropriate adjustment in the case mix under paragraph (4)(G)(i) to compensate for the increased costs associated with residents described in such subparagraph.''.

(b) EFFECTIVE DATE.—The amendment made by paragraph (1) shall apply to services furnished on or after October 1, 2004.

SEC. 212. COVERAGE OF HOSPICE CONSULTATION SERVICES.

(a) COVERAGE OF HOSPICE CONSULTATION SERVICES.—Section 1812(a) (42 U.S.C. 1395d(a)) is amended—

(1) by striking ''and'' at the end of paragraph (3);

(2) by striking the period at the end of paragraph (4) and inserting ''; and''; and

(3) by inserting after paragraph (4) the following new paragraph:

''(5) for individuals who are terminally ill, have not made an election under subsection (d)(1), and have not previously received services under this paragraph, services that are furnished by a physician (as defined in section 1861(r)(1)) who is either the medical director or an employee of a hospice program and that—

''(A) consist of—

''(i) an evaluation of the individual's need for pain and symptom management, including the individual's need for hospice care; and

''(ii) counseling the individual with respect to hospice care and other care options; and

''(B) may include advising the individual regarding advanced care planning.''.

(b) PAYMENT.—Section 1814(i) (42 U.S.C. 1395f(i)) is amended by adding at the end the following new paragraph:

''(4) The amount paid to a hospice program with respect to the services under section 1812(a)(5) for which payment may be made under this part shall be equal to an amount established for an office or other outpatient visit for evaluation and management associated with presenting problems of moderate severity and requiring medical decisionmaking of low complexity under the fee schedule established under section 1848(b), other than the portion of such amount attributable to the practice expense component.''.

(c) CONFORMING AMENDMENT.—Section 1861(dd)(2)(A)(i) (42 U.S.C. 1395x(dd)(2)(A)(i)) is amended by inserting before the comma at the end the following: ''and services described in section 1812(a)(5)''.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to services provided by a hospice program on or after January 1, 2005.

SEC. 213. STUDY ON PORTABLE DIAGNOSTIC ULTRASOUND SERVICES FOR BENEFICIARIES IN SKILLED NURSING FACILITIES.

(a) STUDY.—The Comptroller General of the United States shall conduct a study of portable diagnostic ultrasound services furnished to medicare beneficiaries in skilled nursing facilities. Such study shall consider the following:

(1) TYPES OF EQUIPMENT; TRAINING.—The types of portable diagnostic ultrasound services furnished to such beneficiaries, the types of portable ultrasound equipment used to furnish such services, and the technical skills, or training, or both, required for technicians to furnish such services.

(2) CLINICAL APPROPRIATENESS.—The clinical appropriateness of transporting portable diagnostic ultrasound diagnostic and technicians to patients in skilled nursing facilities as opposed to transporting such patients to a hospital or other facility that furnishes diagnostic ultrasound services.

(3) FINANCIAL IMPACT.—The financial impact if Medicare were make a separate payment for portable ultrasound diagnostic services, including the impact of separate payments—

(A) for transportation and technician services for residents during a resident in a part A stay, that would otherwise be paid for under the prospective payment system for covered skilled nursing facility services (under section 1888(e) of the Social Security Act (42 U.S.C. 1395yy(e)); and

(B) for such services for residents in a skilled nursing facility after a part A stay.

(4) CREDENTIALING REQUIREMENTS.—Whether the Secretary should establish credentialing or other requirements for technicians that furnish diagnostic ultrasound services to medicare beneficiaries.

(b) REPORT.—Not later than 2 years after the date of the enactment of this Act, the Comptroller General shall submit to Congress a report on the study conducted under subsection (a), and shall include any recommendations for legislation or administrative change as the Comptroller General determines appropriate.

TITLE III—PROVISIONS RELATING TO PART B

Subtitle A—Provisions Relating to Physicians' Services

SEC. 301. REVISION OF UPDATES FOR PHYSICIANS' SERVICES.

(a) UPDATE FOR 2004 AND 2005.—

(1) IN GENERAL.—Section 1848(d) (42 U.S.C. 1395w–4(d)) is amended by adding at the end the following new paragraph:

''(5) UPDATE FOR 2004 AND 2005.—The update to the single conversion factor established in paragraph (1)(C) for each of 2004 and 2005 shall be not less than 1.5 percent.''.

(2) CONFORMING AMENDMENT.—Paragraph (4)(B) of such section is amended, in the matter before clause (i), by inserting ''and paragraph (5)'' after ''subparagraph (D)''.

(3) NOT TREATED AS CHANGE IN LAW AND REGULATION IN SUSTAINABLE GROWTH RATE DETERMINATION.—The amendments made by this subsection shall not be treated as a change in law for purposes of applying section 1848(f)(2)(D) of the Social Security Act (42 U.S.C. 1395w–4(f)(2)(D)).

(b) USE OF 10-YEAR ROLLING AVERAGE IN COMPUTING GROSS DOMESTIC PRODUCT.—

(1) IN GENERAL.—Section 1848(f)(2)(C) (42 U.S.C. 1395w–4(f)(2)(C)) is amended—

(A) by striking ''projected'' and inserting ''annual average''; and

(B) by striking ''from the previous applicable period to the applicable period involved'' and inserting ''during the 10-year period ending with the applicable period involved''.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall apply to computations of the sustainable growth rate for years beginning with 2003.

SEC. 302. TREATMENT OF PHYSICIANS' SERVICES FURNISHED IN ALASKA.

Section 1848(e)(1) (42 U.S.C. 1395w–4(e)(1)), as amended by section 121, is amended—

(1) in subparagraph (A), by striking ''subparagraphs (B), (C), (E), and (F)'' and inserting ''subparagraphs (B), (C), (E), (F) and (G)''; and

(2) by adding at the end the following new subparagraph:

''(G) FLOOR FOR PRACTICE EXPENSE, MALPRACTICE, AND WORK GEOGRAPHIC INDICES FOR SERVICES FURNISHED IN ALASKA.—For purposes of payment for services furnished in Alaska on or after January 1, 2004, and before January 1, 2006, after calculating the practice expense, malpractice, and work geographic indices in clauses (i), (ii), and (iii) of subparagraph (A) and in subparagraph (B), the Secretary shall increase any such index to 1.67 if such index would otherwise be less than 1.67.''.

SEC. 303. INCLUSION OF PODIATRISTS, DENTISTS, AND OPTOMETRISTS UNDER PRIVATE CONTRACTING AUTHORITY.

Section 1802(b)(5)(B) (42 U.S.C. 1395a(b)(5)(B)) is amended by striking ''section 1861(r)(1)'' and inserting ''paragraphs (1), (2), (3), and (4) of section 1861(r)''.

SEC. 304. GAO STUDY ON ACCESS TO PHYSICIANS' SERVICES.

(a) STUDY.—The Comptroller General of the United States shall conduct a study on access of medicare beneficiaries to physicians' services under the medicare program. The study shall include—

(1) an assessment of the use by beneficiaries of such services through an analysis of claims submitted by physicians for such services under part B of the medicare program;

(2) an examination of changes in the use by beneficiaries of physicians' services over time; and

(3) an examination of the extent to which physicians are not accepting new medicare beneficiaries as patients.

(b) REPORT.—Not later than 18 months after the date of the enactment of this Act, the Comptroller General shall submit to Congress a report on the study conducted under subsection (a). The report shall include a determination whether—

(1) data from claims submitted by physicians under part B of the medicare program indicate potential access problems for medicare beneficiaries in certain geographic areas; and

(2) access by medicare beneficiaries to physicians' services may have improved, remained constant, or deteriorated over time.

SEC. 305. COLLABORATIVE DEMONSTRATION-BASED REVIEW OF PHYSICIAN PRACTICE EXPENSE GEOGRAPHIC ADJUSTMENT DATA.

(a) IN GENERAL.—Not later than January 1, 2005, the Secretary shall, in collaboration with State and other appropriate organizations representing physicians, and other appropriate persons, review and consider alternative data sources than those currently used in establishing the geographic index for the practice expense component under the medicare physician fee schedule under section 1848(e)(1)(A)(i) of the Social Security Act (42 U.S.C. 1395w–4(e)(1)(A)(i)).

(b) SITES.—The Secretary shall select two physician payment localities in which to carry out subsection (a). One locality shall include rural areas and at least one locality shall be a statewide locality that includes both urban and rural areas.

(c) REPORT AND RECOMMENDATIONS.—

(1) REPORT.—Not later than January 1, 2006, the Secretary shall submit to Congress a report on the review and consideration conducted under subsection (a). Such report shall include information on the alternative developed data sources considered by the Secretary under subsection (a), including the accuracy and validity of the data as measures of the elements of the geographic index for practice expenses under the medicare physician fee schedule as well as the feasibility of using such alternative data nationwide in lieu of current proxy data used in such index, and the estimated impacts of using such alternative data.

(2) RECOMMENDATIONS.—The report submitted under paragraph (1) shall contain recommendations on which data sources reviewed and considered under subsection (a) are appropriate for use in calculating the geographic index for practice expenses under the medicare physician fee schedule.

SEC. 306. MEDPAC REPORT ON PAYMENT FOR PHYSICIANS' SERVICES.

(a) PRACTICE EXPENSE COMPONENT.—Not later than 1 year after the date of the enactment of this Act, the Medicare Payment Advisory Commission shall submit to Congress

a report on the effect of refinements to the practice expense component of payments for physicians' services, after the transition to a full resource-based payment system in 2002, under section 1848 of the Social Security Act (42 U.S.C. 1395w–4). Such report shall examine the following matters by physician specialty:

(1) The effect of such refinements on payment for physicians' services.

(2) The interaction of the practice expense component with other components of and adjustments to payment for physicians' services under such section.

(3) The appropriateness of the amount of compensation by reason of such refinements.

(4) The effect of such refinements on access to care by medicare beneficiaries to physicians' services.

(5) The effect of such refinements on physician participation under the medicare program.

(b) VOLUME OF PHYSICIANS' SERVICES.—Not later than 1 year after the date of the enactment of this Act, the Medicare Payment Advisory Commission shall submit to Congress a report on the extent to which increases in the volume of physicians' services under part B of the medicare program are a result of care that improves the health and well-being of medicare beneficiaries. The study shall include the following:

(1) An analysis of recent and historic growth in the components that the Secretary includes under the sustainable growth rate (under section 1848(f) of the Social Security Act (42 U.S.C. 1395w–4(f))).

(2) An examination of the relative growth of volume in physicians' services between medicare beneficiaries and other populations.

(3) An analysis of the degree to which new technology, including coverage determinations of the Centers for Medicare & Medicaid Services, has affected the volume of physicians' services.

(4) An examination of the impact on volume of demographic changes.

(5) An examination of shifts in the site of service or services that influence the number and intensity of services furnished in physicians' offices and the extent to which changes in reimbursement rates to other providers have effected these changes.

(6) An evaluation of the extent to which the Centers for Medicare & Medicaid Services takes into account the impact of law and regulations on the sustainable growth rate.

Subtitle B—Preventive Services

SEC. 311. COVERAGE OF AN INITIAL PREVENTIVE PHYSICAL EXAMINATION.

(a) COVERAGE.—Section 1861(s)(2) (42 U.S.C. 1395x(s)(2)) is amended—

(1) in subparagraph (U), by striking ''and'' at the end;

(2) in subparagraph (V)(iii), by inserting ''and'' at the end; and

(3) by adding at the end the following new subparagraph:

''(W) an initial preventive physical examination (as defined in subsection (ww));''.

(b) SERVICES DESCRIBED.—Section 1861 (42 U.S.C. 1395x) is amended by adding at the end the following new subsection:

''Initial Preventive Physical Examination

''(ww)(1) The term 'initial preventive physical examination' means physicians' services consisting of a physical examination (including measurement of height, weight, and blood pressure, and an electrocardiogram) with the goal of health promotion and disease detection and includes education, counseling, and referral with respect to screening and other preventive services described in paragraph (2), but does not include clinical laboratory tests.

''(2) The screening and other preventive services described in this paragraph include the following:

''(A) Pneumococcal, influenza, and hepatitis B vaccine and administration under subsection (s)(10).

''(B) Screening mammography as defined in subsection (jj).

''(C) Screening pap smear and screening pelvic exam as defined in subsection (nn).

''(D) Prostate cancer screening tests as defined in subsection (oo).

''(E) Colorectal cancer screening tests as defined in subsection (pp).

''(F) Diabetes outpatient self-management training services as defined in subsection (qq)(1).

''(G) Bone mass measurement as defined in subsection (rr).

''(H) Screening for glaucoma as defined in subsection (uu).

''(I) Medical nutrition therapy services as defined in subsection (vv).

''(J) Cardiovascular screening blood tests as defined in subsection (xx)(1).

''(K) Diabetes screening tests as defined in subsection (yy).''.

(c) PAYMENT AS PHYSICIANS' SERVICES.—Section 1848(j)(3) (42 U.S.C. 1395w–4(j)(3)) is amended by inserting ''(2)(W),'' after ''(2)(S),''.

(d) OTHER CONFORMING AMENDMENTS.—(1) Section 1862(a) (42 U.S.C. 1395y(a)), as amended by section 303(i)(3)(B), is amended—

(A) in paragraph (1)—

(i) by striking ''and'' at the end of subparagraph (I);

(ii) by striking the semicolon at the end of subparagraph (J) and inserting '', and''; and

(iii) by adding at the end the following new subparagraph:

''(K) in the case of an initial preventive physical examination, which is performed not later than 6 months after the date the individual's first coverage period begins under part B;''; a

(B) in paragraph (7), by striking ''or (H)'' and inserting ''(H), or (K)''.

(2) Clauses (i) and (ii) of section 1861(s)(2)(K) (42 U.S.C. 1395x(s)(2)(K)) are each amended by inserting ''and services described in subsection (ww)(1)'' after ''services which would be physicians' services''.

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to services furnished on or after January 1, 2005, but only for individuals whose coverage period under part B begins on or after such date.

SEC. 312. COVERAGE OF CARDIOVASCULAR SCREENING BLOOD TESTS.

(a) COVERAGE.—Section 1861(s)(2) (42 U.S.C. 1395x(s)(2)), as amended by section 311(a), is amended—

(1) in subparagraph (V)(iii), by striking ''and'' at the end;

(2) in subparagraph (W), by inserting ''and'' at the end; and

(3) by adding at the end the following new subparagraph:

''(X) cardiovascular screening blood tests (as defined in subsection (xx)(1));''.

(b) SERVICES DESCRIBED.—Section 1861 (42 U.S.C. 1395x) is amended by adding at the end the following new subsection:

''Cardiovascular Screening Blood Test

''(xx)(1) The term 'cardiovascular screening blood test' means a blood test for the early detection of cardiovascular disease (or abnormalities associated with an elevated risk of cardiovascular disease) that tests for the following:

''(A) Cholesterol levels and other lipid or triglyceride levels.

''(B) Such other indications associated with the presence of, or an elevated risk for, cardiovascular disease as the Secretary may approve for all individuals (or for some individuals determined by the Secretary to be at risk for cardiovascular disease), including indications measured by noninvasive testing.

The Secretary may not approve an indication under subparagraph (B) for any individual unless a blood test for such is recommended by the United States Preventive Services Task Force.

''(2) The Secretary shall establish standards, in consultation with appropriate organizations, regarding the frequency for each type of cardiovascular screening blood tests, except that such frequency may not be more often than once every 2 years.''.

(c) FREQUENCY.—Section 1862(a)(1) (42 U.S.C. 1395y(a)(1)), as amended by section 311(d), is amended—

(1) by striking ''and'' at the end of subparagraph (K);

(2) by striking the semicolon at the end of subparagraph (L) and inserting '', and''; and

(3) by adding at the end the following new subparagraph:

''(M) in the case of cardiovascular screening blood tests (as defined in section 1861(xx)(1)), which are performed more frequently than is covered under section 1861(xx)(2);''.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to tests furnished on or after January 1, 2005.

SEC. 313. COVERAGE OF DIABETES SCREENING TESTS.

(a) COVERAGE.—Section 1861(s)(2) (42 U.S.C. 1395x(s)(2)), as amended by section 312(a), is amended—

(1) in subparagraph (W), by striking ''and'' at the end;

(2) in subparagraph (X), by adding ''and'' at the end; and

(3) by adding at the end the following new subparagraph:

''(Y) diabetes screening tests (as defined in subsection (yy));''.

(b) SERVICES DESCRIBED.—Section 1861 (42 U.S.C. 1395x), as amended by section 312(b), is amended by adding at the end the following new subsection:

''Diabetes Screening Tests

''(yy)(1) The term 'diabetes screening tests' means testing furnished to an individual at risk for diabetes (as defined in paragraph (2)) for the purpose of early detection of diabetes, including—

''(A) a fasting plasma glucose test; and

''(B) such other tests, and modifications to tests, as the Secretary determines appropriate, in consultation with appropriate organizations.

''(2) For purposes of paragraph (1), the term 'individual at risk for diabetes' means an individual who has any of the following risk factors for diabetes:

''(A) Hypertension.

''(B) Dyslipidemia.

''(C) Obesity, defined as a body mass index greater than or equal to 30 kg/m^2.

''(D) Previous identification of an elevated impaired fasting glucose.

''(E) Previous identification of impaired glucose tolerance.

''(F) A risk factor consisting of at least 2 of the following characteristics:

''(i) Overweight, defined as a body mass index greater than 25, but less than 30, kg/m^2.

''(ii) A family history of diabetes.

''(iii) A history of gestational diabetes mellitus or delivery of a baby weighing greater than 9 pounds.

''(iv) 65 years of age or older.

''(3) The Secretary shall establish standards, in consultation with appropriate organizations, regarding the frequency of diabetes screening tests, except that such frequency may not be more often than twice within the 12-month period following the date of the most recent diabetes screening test of that individual.''.

(c) FREQUENCY.—Section 1862(a)(1) (42 U.S.C. 1395y(a)(1)), as amended by section 312(c), is amended—

(1) by striking ''and'' at the end of subparagraph (L);

(2) by striking the semicolon at the end of subparagraph (M) and inserting '', and''; and

(3) by adding at the end the following new subparagraph:

''(N) in the case of a diabetes screening test (as defined in section 1861(yy)(1)), which is performed more frequently than is covered under section 1861(yy)(3);''.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to tests furnished on or after January 1, 2005.

SEC. 314. IMPROVED PAYMENT FOR CERTAIN MAMMOGRAPHY SERVICES.

(a) EXCLUSION FROM OPD FEE SCHEDULE.—Section 1833(t)(1)(B)(iv) (42 U.S.C. 1395l(t)(1)(B)(iv)) is amended by inserting before the period at the end the following: ''and does not include screening mammography (as defined in section 1861(jj)) and diagnostic mammography''.

(b) CONFORMING AMENDMENT.—Section 1833(a)(2)(E)(i) (42 U.S.C. 1395l(a)(2)(E)(i)) is amended by inserting ''and, for services furnished on or after January 1, 2005, diagnostic mammography'' after ''screening mammography''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply—

(1) in the case of screening mammography, to services furnished on or after the date of the enactment of this Act; and

(2) in the case of diagnostic mammography, to services furnished on or after January 1, 2005.

Subtitle C—Other Provisions

SEC. 321. HOSPITAL OUTPATIENT DEPARTMENT (HOPD) PAYMENT REFORM.

(a) PAYMENT FOR DRUGS.—

(1) SPECIAL RULES FOR CERTAIN DRUGS AND BIOLOGICALS.—Section 1833(t) (42 U.S.C. 1395l(t)), as amended by section 111(b), is amended by inserting after paragraph (13) the following new paragraphs:

''(14) DRUG APC PAYMENT RATES.—

''(A) IN GENERAL.—The amount of payment under this subsection for a specified covered outpatient drug (defined in subparagraph (B)) that is furnished as part of a covered OPD service (or group of services)—

''(i) in 2004, in the case of—

''(I) a sole source drug shall in no case be less than 88 percent, or exceed 95 percent, of the reference average wholesale price for the drug;

''(II) an innovator multiple source drug shall in no case exceed 68 percent of the reference average wholesale price for the drug; or

''(III) a noninnovator multiple source drug shall in no case exceed 46 percent of the reference average wholesale price for the drug;

''(ii) in 2005, in the case of—

''(I) a sole source drug shall in no case be less than 83 percent, or exceed 95 percent, of the reference average wholesale price for the drug;

''(II) an innovator multiple source drug shall in no case exceed 68 percent of the reference average wholesale price for the drug; or

''(III) a noninnovator multiple source drug shall in no case exceed 46 percent of the reference average wholesale price for the drug; or

''(iii) in a subsequent year, shall be equal, subject to subparagraph (E)—

''(I) to the average acquisition cost for the drug for that year (which, at the option of the Secretary, may vary by hospital group (as defined by the Secretary based on volume of covered OPD services or other relevant characteristics)), as determined by the Secretary taking into account the hospital acquisition cost survey data under subparagraph (D); or

''(II) if hospital acquisition cost data are not available, the average price for the drug in the year established under section 1842(o), section 1847A, or section 1847B, as the case may be, as calculated and adjusted by the Secretary as necessary for purposes of this paragraph.

''(B) SPECIFIED COVERED OUTPATIENT DRUG DEFINED.—

''(i) IN GENERAL.—In this paragraph, the term 'specified covered outpatient drug' means, subject to clause (ii), a covered outpatient drug (as defined in section 1927(k)(2)) for which a separate ambulatory payment classification group (APC) has been established and that is—

''(I) a radiopharmaceutical; or

''(II) a drug or biological for which payment was made under paragraph (6) (relating to pass-through payments) on or before December 31, 2002.

''(ii) EXCEPTION.—Such term does not include—

''(I) a drug or biological for which payment is first made on or after January 1, 2003, under paragraph (6);

''(II) a drug or biological for which a temporary HCPCS code has not been assigned; or

''(III) during 2004 and 2005, an orphan drug (as designated by the Secretary).

''(C) PAYMENT FOR DESIGNATED ORPHAN DRUGS DURING 2004 AND 2005.—The amount of payment under this subsection for an orphan drug designated by the Secretary under subparagraph (B)(ii)(III) that is furnished as part of a covered OPD service (or group of services) during 2004 and 2005 shall equal such amount as the Secretary may specify.

''(D) ACQUISITION COST SURVEY FOR HOSPITAL OUTPATIENT DRUGS.—

''(i) ANNUAL GAO SURVEYS IN 2004 AND 2005.—

''(I) IN GENERAL.—The Comptroller General of the United States shall conduct a survey in each of 2004 and 2005 to determine the hospital acquisition cost for each specified covered outpatient drug. Not later than April 1, 2005, the Comptroller General shall furnish data from such surveys to the Secretary for use in setting the payment rates under subparagraph (A) for 2006.

''(II) RECOMMENDATIONS.—Upon the completion of such surveys, the Comptroller General shall recommend to the Secretary the frequency and methodology of subsequent surveys to be conducted by the Secretary under clause (ii).

''(ii) SUBSEQUENT SECRETARIAL SURVEYS.—The Secretary, taking into account such recommendations, shall conduct periodic subsequent surveys to determine the hospital acquisition cost for each specified covered outpatient drug for use in setting the payment rates under subparagraph (A).

''(iii) SURVEY REQUIREMENTS.—The surveys conducted under clauses (i) and (ii) shall have a large sample of hospitals that is sufficient to generate a statistically significant estimate of the average hospital acquisition cost for each specified covered outpatient drug. With respect to the surveys conducted under clause (i), the Comptroller General shall report to Congress on the justification for the size of the sample used in order to assure the validity of such estimates.

''(iv) DIFFERENTIATION IN COST.—In conducting surveys under clause (i), the Comptroller General shall determine and report to Congress if there is (and the extent of any) variation in hospital acquisition costs for drugs among hospitals based on the volume of covered OPD services performed by such hospitals or other relevant characteristics of such hospitals (as defined by the Comptroller General).

''(v) COMMENT ON PROPOSED RATES.—Not later than 30 days after the date the Secretary promulgated proposed rules setting forth the payment rates under subparagraph (A) for 2006, the Comptroller General shall evaluate such proposed rates and submit to Congress a report regarding the appropriateness of such rates based on the surveys the Comptroller General has conducted under clause (i).

''(E) ADJUSTMENT IN PAYMENT RATES FOR OVERHEAD COSTS.—

''(i) MEDPAC REPORT ON DRUG APC DESIGN.—The Medicare Payment Advisory Commission shall submit to the Secretary, not later than July 1, 2005, a report on adjustment of payment for ambulatory payment classifications for specified covered outpatient drugs to take into account overhead and related expenses, such as pharmacy services and handling costs. Such report shall include—

''(I) a description and analysis of the data available with regard to such expenses;

''(II) a recommendation as to whether such a payment adjustment should be made; and

''(III) if such adjustment should be made, a recommendation regarding the methodology for making such an adjustment.

''(ii) ADJUSTMENT AUTHORIZED.—The Secretary may adjust the weights for ambulatory payment classifications for specified covered outpatient drugs to take into account the recommendations contained in the report submitted under clause (i).

''(F) CLASSES OF DRUGS.—For purposes of this paragraph:

''(i) SOLE SOURCE DRUGS.—The term 'sole source drug' means—

''(I) a biological product (as defined under section 1861(t)(1)); or

''(II) a single source drug (as defined in section 1927(k)(7)(A)(iv)).

''(ii) INNOVATOR MULTIPLE SOURCE DRUGS.—The term 'innovator multiple source drug' has the meaning given such term in section 1927(k)(7)(A)(ii).

''(iii) NONINNOVATOR MULTIPLE SOURCE DRUGS.—The term 'noninnovator multiple source drug' has the meaning given such term in section 1927(k)(7)(A)(iii).

''(G) REFERENCE AVERAGE WHOLESALE PRICE.—The term 'reference average wholesale price' means, with respect to a specified covered outpatient drug, the average wholesale price for the drug as determined under section 1842(o) as of May 1, 2003.

''(H) INAPPLICABILITY OF EXPENDITURES IN DETERMINING CONVERSION, WEIGHTING, AND OTHER ADJUSTMENT FACTORS.—Additional expenditures resulting from this paragraph shall not be taken into account in establishing the conversion, weighting, and other adjustment factors for 2004 and 2005 under paragraph (9), but shall be taken into account for subsequent years.

''(15) PAYMENT FOR NEW DRUGS AND BIOLOGICALS UNTIL HCPCS CODE ASSIGNED.—With respect to payment under this part for an outpatient drug or biological that is covered under this part and is furnished as part

of covered OPD services for which a HCPCS code has not been assigned, the amount provided for payment for such drug or biological under this part shall be equal to 95 percent of the average wholesale price for the drug or biological.''.

(2) REDUCTION IN THRESHOLD FOR SEPARATE APCS FOR DRUGS.—Section 1833(t)(16), as redesignated section 111(b), is amended by adding at the end the following new subparagraph:

''(B) THRESHOLD FOR ESTABLISHMENT OF SEPARATE APCS FOR DRUGS.—The Secretary shall reduce the threshold for the establishment of separate ambulatory payment classification groups (APCs) with respect to drugs or biologicals to $50 per administration for drugs and biologicals furnished in 2005 and 2006.''.

(3) EXCLUSION OF SEPARATE DRUG APCS FROM OUTLIER PAYMENTS.—Section 1833(t)(5) is amended by adding at the end the following new subparagraph:

''(E) EXCLUSION OF SEPARATE DRUG AND BIOLOGICAL APCS FROM OUTLIER PAYMENTS.—No additional payment shall be made under subparagraph (A) in the case of ambulatory payment classification groups established separately for drugs or biologicals.''.

(4) PAYMENT FOR PASS THROUGH DRUGS.—Section 1833(t)(6)(D)(i) (42 U.S.C. 1395l(t)(6)(D)(i)) is amended by inserting after ''under section 1842(o)'' the following: ''(or if the drug or biological is covered under a competitive acquisition contract under section 1847B, an amount determined by the Secretary equal to the average price for the drug or biological for all competitive acquisition areas and year established under such section as calculated and adjusted by the Secretary for purposes of this paragraph)''.

(5) CONFORMING AMENDMENT TO BUDGET NEUTRALITY REQUIREMENT.—Section 1833(t)(9)(B) (42 U.S.C. 1395l(t)(9)(B)) is amended by adding at the end the following: ''In determining adjustments under the preceding sentence for 2004 and 2005, the Secretary shall not take into account under this subparagraph or paragraph (2)(E) any expenditures that would not have been made but for the application of paragraph (14).''.

(6) EFFECTIVE DATE.—The amendments made by this subsection shall apply to items and services furnished on or after January 1, 2004.

(b) SPECIAL PAYMENT FOR BRACHYTHERAPY.—

(1) IN GENERAL.—Section 1833(t)(16), as redesignated by section 111(b) and as amended by subsection (a)(2), is amended by adding at the end the following new subparagraph:

''(C) PAYMENT FOR DEVICES OF BRACHYTHERAPY AT CHARGES ADJUSTED TO COST.—Notwithstanding the preceding provisions of this subsection, for a device of brachytherapy consisting of a seed or seeds (or radioactive source) furnished on or after January 1, 2004, and before January 1, 2007, the payment basis for the device under this subsection shall be equal to the hospital's charges for each device furnished, adjusted to cost. Charges for such devices shall not be included in determining any outlier payment under this subsection.''.

(2) SPECIFICATION OF GROUPS FOR BRACHYTHERAPY DEVICES.—Section 1833(t)(2) (42 U.S.C. 1395l(t)(2)) is amended—

(A) in subparagraph (F), by striking ''and'' at the end;

(B) in subparagraph (G), by striking the period at the end and inserting ''; and''; and

(C) by adding at the end the following new subparagraph:

''(H) with respect to devices of brachytherapy consisting of a seed or seeds (or radioactive source), the Secretary shall create additional groups of covered OPD services that classify such devices separately from the other services (or group of services) paid for under this subsection in a manner reflecting the number, isotope, and radioactive intensity of such devices furnished, including separate groups for palladium-103 and iodine-125 devices.''.

(3) GAO REPORT.—The Comptroller General of the United States shall conduct a study to determine appropriate payment amounts under section 1833(t)(16)(C) of the Social Security Act, as added by paragraph (1), for devices of brachytherapy. Not later than January 1, 2005, the Comptroller General shall submit to Congress and the Secretary a report on the study conducted under this paragraph, and shall include specific recommendations for appropriate payments for such devices.

SEC. 322. LIMITATION OF APPLICATION OF FUNCTIONAL EQUIVALENCE STANDARD.

Section 1833(t)(6) (42 U.S.C. 1395l(t)(6)) is amended by adding at the end the following new subparagraph:

''(F) LIMITATION OF APPLICATION OF FUNCTIONAL EQUIVALENCE STANDARD.—

''(i) IN GENERAL.—The Secretary may not publish regulations that apply a functional equivalence standard to a drug or biological under this paragraph.

''(ii) APPLICATION.—Clause (i) shall apply to the application of a functional equivalence standard to a drug or biological on or after the date of enactment of the Medicare Provider Restoration Act of 2003 unless—

''(I) such application was being made to such drug or biological prior to such date of enactment; and

''(II) the Secretary applies such standard to such drug or biological only for the purpose of determining eligibility of such drug or biological for additional payments under this paragraph and not for the purpose of any other payments under this title.

''(iii) RULE OF CONSTRUCTION.—Nothing in this subparagraph shall be construed to effect the Secretary's authority to deem a particular drug to be identical to another drug if the 2 products are pharmaceutically equivalent and bioequivalent, as determined by the Commissioner of Food and Drugs.''.

SEC. 323. PAYMENT FOR RENAL DIALYSIS SERVICES.

(a) INCREASE IN RENAL DIALYSIS COMPOSITE RATE FOR SERVICES FURNISHED.—The last sentence of section 1881(b)(7) (42 U.S.C. 1395rr(b)(7)) is amended—

(1) by striking ''and'' before ''for such services'' the second place it appears;

(2) by inserting ''and before January 1, 2005,'' after ''January 1, 2001,''; and

(3) by inserting before the period at the end the following: '', and for such services furnished on or after January 1, 2005, by 1.6 percent above such composite rate payment amounts for such services furnished on December 31, 2004''.

(b) RESTORING COMPOSITE RATE EXCEPTIONS FOR PEDIATRIC FACILITIES.—

(1) IN GENERAL.—Section 422(a)(2) of BIPA is amended—

(A) in subparagraph (A), by striking ''and (C)'' and inserting '', (C), and (D)'';

(B) in subparagraph (B), by striking ''In the case'' and inserting ''Subject to subparagraph (D), in the case''; and

(C) by adding at the end the following new subparagraph:

''(D) INAPPLICABILITY TO PEDIATRIC FACILITIES.—Subparagraphs (A) and (B) shall not apply, as of October 1, 2002, to pediatric facilities that do not have an exception rate described in subparagraph (C) in effect on such date. For purposes of this subparagraph, the term 'pediatric facility' means a renal facility at least 50 percent of whose patients are individuals under 18 years of age.''.

(2) CONFORMING AMENDMENT.—The fourth sentence of section 1881(b)(7) (42 U.S.C. 1395rr(b)(7)) is amended by striking ''The Secretary'' and inserting ''Subject to section 422(a)(2) of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000, the Secretary''.

(c) INSPECTOR GENERAL STUDIES ON ESRD DRUGS.—

(1) IN GENERAL.—The Inspector General of the Department of Health and Human Services shall conduct two studies with respect to drugs and biologicals (including erythropoietin) furnished to end-stage renal disease patients under the medicare program which are separately billed by end stage renal disease facilities.

(2) STUDIES ON ESRD DRUGS.—

(A) EXISTING DRUGS.—The first study under paragraph (1) shall be conducted with respect to such drugs and biologicals for which a billing code exists prior to January 1, 2004.

(B) NEW DRUGS.—The second study under paragraph (1) shall be conducted with respect to such drugs and biologicals for which a billing code does not exist prior to January 1, 2004.

(3) MATTERS STUDIED.—Under each study conducted under paragraph (1), the Inspector General shall—

(A) determine the difference between the amount of payment made to end stage renal disease facilities under title XVIII of the Social Security Act for such drugs and biologicals and the acquisition costs of such facilities for such drugs and biologicals and which are separately billed by end stage renal disease facilities, and

(B) estimate the rates of growth of expenditures for such drugs and biologicals billed by such facilities.

(4) REPORTS.—

(A) EXISTING ESRD DRUGS.—Not later than April 1, 2004, the Inspector General shall report to the Secretary on the study described in paragraph (2)(A).

(B) NEW ESRD DRUGS.—Not later than April 1, 2006, the Inspector General shall report to the Secretary on the study described in paragraph (2)(B).

(d) BASIC CASE-MIX ADJUSTED COMPOSITE RATE FOR RENAL DIALYSIS FACILITY SERVICES.—(1) Section 1881(b) (42 U.S.C. 1395rr(b)) is amended by adding at the end the following new paragraphs:

''(12)(A) In lieu of payment under paragraph (7) beginning with services furnished on January 1, 2005, the Secretary shall establish a basic case-mix adjusted prospective payment system for dialysis services furnished by providers of services and renal dialysis facilities in a year to individuals in a facility and to such individuals at home. The case-mix under such system shall be for a limited number of patient characteristics.

''(B) The system described in subparagraph (A) shall include—

''(i) the services comprising the composite rate established under paragraph (7); and

''(ii) the difference between payment amounts under this title for separately billed drugs and biologicals (including erythropoietin) and acquisition costs of such drugs and biologicals, as determined by the Inspector General reports to the Secretary as required by section 323(c) of the Medicare Provider Restoration Act of 2003—

''(I) beginning with 2005, for such drugs and biologicals for which a billing code exists prior to January 1, 2004; and

''(II) beginning with 2007, for such drugs and biologicals for which a billing code does not exist prior to January 1, 2004,

adjusted to 2005, or 2007, respectively, as determined to be appropriate by the Secretary.

''(C)(i) In applying subparagraph (B)(ii) for 2005, such payment amounts under this title shall be determined using the methodology specified in paragraph (13)(A)(i).

''(ii) For 2006, the Secretary shall provide for an adjustment to the payments under clause (i) to reflect the difference between the payment amounts using the methodology under paragraph (13)(A)(i) and the payment amount determined using the methodology applied by the Secretary under paragraph (13)(A)(iii) of such paragraph, as estimated by the Secretary.

''(D) The Secretary shall adjust the payment rates under such system by a geographic index as the Secretary determines to be appropriate. If the Secretary applies a geographic index under this paragraph that differs from the index applied under paragraph (7) the Secretary shall phase-in the application of the index under this paragraph over a multiyear period.

''(E)(i) Such system shall be designed to result in the same aggregate amount of expenditures for such services, as estimated by the Secretary, as would have been made for 2005 if this paragraph did not apply.

''(ii) The adjustment made under subparagraph (B)(ii)(II) shall be done in a manner to result in the same aggregate amount of expenditures after such adjustment as would otherwise have been made for such services for 2006 or 2007, respectively, as estimated by the Secretary, if this paragraph did not apply.

''(F) Beginning with 2006, the Secretary shall annually increase the basic case-mix adjusted payment amounts established under this paragraph, by an amount determined by—

''(i) applying the estimated growth in expenditures for drugs and biologicals (including erythropoietin) that are separately billable to the component of the basic case-mix adjusted system described in subparagraph (B)(ii); and

''(ii) converting the amount determined in clause (i) to an increase applicable to the basic case-mix adjusted payment amounts established under subparagraph (B).

Nothing in this paragraph shall be construed as providing for an update to the composite rate component of the basic case-mix adjusted system under subparagraph (B).

''(G) There shall be no administrative or judicial review under section 1869, section 1878, or otherwise, of the case-mix system, relative weights, payment amounts, the geographic adjustment factor, or the update for the system established under this paragraph, or the determination of the difference between medicare payment amounts and acquisition costs for separately billed drugs and biologicals (including erythropoietin) under this paragraph and paragraph (13).

''(13)(A) The payment amounts under this title for separately billed drugs and biologicals furnished in a year, beginning with 2004, are as follows:

''(i) For such drugs and biologicals (other than erythropoietin) furnished in 2004, the amount determined under section 1842(o)(1)(A)(v) for the drug or biological.

''(ii) For such drugs and biologicals (including erythropoietin) furnished in 2005, the acquisition cost of the drug or biological, as determined by the Inspector General reports to the Secretary as required by section 323(c) of the Medicare Provider Restoration Act of 2003. Insofar as the Inspector General has not determined the acquisition cost with respect to a drug or biological, the Secretary shall determine the payment amount for such drug or biological.

''(iii) For such drugs and biologicals (including erythropoietin) furnished in 2006 and subsequent years, such acquisition cost or the amount determined under section 1847A for the drug or biological, as the Secretary may specify.

''(B)(i) Drugs and biologicals (including erythropoietin) which were separately billed under this subsection on the day before the date of the enactment of the Medicare Provider Restoration Act of 2003 shall continue to be separately billed on and after such date.

''(ii) Nothing in this paragraph, section 1842(o), section 1847A, or section 1847B shall be construed as requiring or authorizing the bundling of payment for drugs and biologicals into the basic case-mix adjusted payment system under this paragraph.''.

(2) Paragraph (7) of such section is amended in the first sentence by striking ''The Secretary'' and inserting ''Subject to paragraph (12), the Secretary''.

(3) Paragraph (11)(B) of such section is amended by inserting ''subject to paragraphs (12) and (13)'' before ''payment for such item''.

(e) DEMONSTRATION OF BUNDLED CASE-MIX ADJUSTED PAYMENT SYSTEM FOR ESRD SERVICES.—

(1) IN GENERAL.—The Secretary shall establish a demonstration project of the use of a fully case-mix adjusted payment system for end stage renal disease services under section 1881 of the Social Security Act (42 U.S.C. 1395rr) for patient characteristics identified in the report under subsection (f) that bundles into such payment rates amounts for—

(A) drugs and biologicals (including erythropoietin) furnished to end-stage renal disease patients under the medicare program which are separately billed by end stage renal disease facilities (as of the date of the enactment of this Act); and

(B) clinical laboratory tests related to such drugs and biologicals.

(2) FACILITIES INCLUDED IN THE DEMONSTRATION.—In conducting the demonstration under this subsection, the Secretary shall ensure the participation of a sufficient number of providers of dialysis services and renal dialysis facilities, but in no case to exceed 500. In selecting such providers and facilities, the Secretary shall ensure that the following types of providers are included in the demonstration:

(A) Urban providers and facilities.

(B) Rural providers and facilities.

(C) Not-for-profit providers and facilities.

(D) For-profit providers and facilities.

(E) Independent providers and facilities.

(F) Specialty providers and facilities, including pediatric providers and facilities and small providers and facilities.

(3) TEMPORARY ADD-ON PAYMENT FOR DIALYSIS SERVICES FURNISHED UNDER THE DEMONSTRATION.—

(A) IN GENERAL.—During the period of the demonstration project, the Secretary shall increase payment rates that would otherwise apply under section 1881(b) of such Act (42 U.S.C. 1395rr(b)) by 1.6 percent for dialysis services furnished in facilities in the demonstration site.

(B) RULES OF CONSTRUCTION.—Nothing in this subsection shall be construed as—

(i) as an annual update under section 1881(b) of the Social Security Act (42 U.S.C. 1395rr(b));

(ii) as increasing the baseline for payments under such section; or

(iii) requiring the budget neutral implementation of the demonstration project under this subsection.

(4) 3-YEAR PERIOD.—The Secretary shall conduct the demonstration under this subsection for the 3-year period beginning on January 1, 2006.

(5) USE OF ADVISORY BOARD.—

(A) IN GENERAL.—In carrying out the demonstration under this subsection, the Secretary shall establish an advisory board comprised of representatives described in subparagraph (B) to provide advice and recommendations with respect to the establishment and operation of such demonstration.

(B) REPRESENTATIVES.—Representatives referred to in subparagraph (A) include representatives of the following:

(i) Patient organizations.

(ii) Individuals with expertise in end-stage renal dialysis services, such as clinicians, economists, and researchers.

(iii) The Medicare Payment Advisory Commission, established under section 1805 of the Social Security Act (42 U.S.C. 1395b–6).

(iv) The National Institutes of Health.

(v) Network organizations under section 1881(c) of the Social Security Act (42 U.S.C. 1395rr(c)).

(vi) Medicare contractors to monitor quality of care.

(vii) Providers of services and renal dialysis facilities furnishing end-stage renal disease services.

(C) TERMINATION OF ADVISORY PANEL.—The advisory panel shall terminate on December 31, 2008.

(6) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated, in appropriate part from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund, $5,000,000 in fiscal year 2006 to conduct the demonstration under this subsection.

(f) REPORT ON A BUNDLED PROSPECTIVE PAYMENT SYSTEM FOR END STAGE RENAL DISEASE SERVICES.—

(1) REPORT.—

(A) IN GENERAL.—Not later than October 1, 2005, the Secretary shall submit to Congress a report detailing the elements and features for the design and implementation of a bundled prospective payment system for services furnished by end stage renal disease facilities including, to the maximum extent feasible, bundling of drugs, clinical laboratory tests, and other items that are separately billed by such facilities. The report shall include a description of the methodology to be used for the establishment of payment rates, including components of the new system described in paragraph (2).

(B) RECOMMENDATIONS.—The Secretary shall include in such report recommendations on elements, features, and methodology for a bundled prospective payment system or other issues related to such system as the Secretary determines to be appropriate.

(2) ELEMENTS AND FEATURES OF A BUNDLED PROSPECTIVE PAYMENT SYSTEM.—The report required under paragraph (1) shall include the following elements and features of a bundled prospective payment system:

(A) BUNDLE OF ITEMS AND SERVICES.—A description of the bundle of items and services to be included under the prospective payment system.

(B) CASE MIX.—A description of the case-mix adjustment to account for the relative resource use of different types of patients.

(C) WAGE INDEX.—A description of an adjustment to account for geographic differences in wages.

(D) RURAL AREAS.—The appropriateness of establishing a specific payment adjustment to account for additional costs incurred by rural facilities.

(E) OTHER ADJUSTMENTS.—Such other adjustments as may be necessary to reflect the variation in costs incurred by facilities in caring for patients with end stage renal disease.

(F) UPDATE FRAMEWORK.—A methodology for appropriate updates under the prospective payment system.

(G) ADDITIONAL RECOMMENDATIONS.—Such other matters as the Secretary determines to be appropriate.

SEC. 324. 2-YEAR MORATORIUM ON THERAPY CAPS; PROVISIONS RELATING TO REPORTS.

(a) ADDITIONAL MORATORIUM ON THERAPY CAPS.—

(1) 2004 AND 2005.—Section 1833(g)(4) (42 U.S.C. 1395l(g)(4)) is amended by striking ''and 2002'' and inserting ''2002, 2004, and 2005''.

(2) REMAINDER OF 2003.—For the period beginning on the date of the enactment of this Act and ending of December 31, 2003, the Secretary shall not apply the provisions of paragraphs (1), (2), and (3) of section 1833(g) to expenses incurred with respect to services described in such paragraphs during such period. Nothing in the preceding sentence shall be construed as affecting the application of such paragraphs by the Secretary before the date of the enactment of this Act.

(b) PROMPT SUBMISSION OF OVERDUE REPORTS ON PAYMENT AND UTILIZATION OF OUTPATIENT THERAPY SERVICES.—Not later than March 31, 2004, the Secretary shall submit to Congress the reports required under section 4541(d)(2) of the Balanced Budget Act of 1997 (Public Law 105–33; 111 Stat. 457) (relating to alternatives to a single annual dollar cap on outpatient therapy) and under section 221(d) of the Medicare, Medicaid, and SCHIP Balanced Budget Refinement Act of 1999 (Appendix F, 113 Stat. 1501A–352), as enacted into law by section 1000(a)(6) of Public Law 106–113 (relating to utilization patterns for outpatient therapy).

(c) GAO REPORT IDENTIFYING CONDITIONS AND DISEASES JUSTIFYING WAIVER OF THERAPY CAP.—

(1) STUDY.—The Comptroller General of the United States shall identify conditions or diseases that may justify waiving the application of the therapy caps under section 1833(g) of the Social Security Act (42 U.S.C. 1395l(g)) with respect to such conditions or diseases.

(2) REPORT TO CONGRESS.—Not later than October 1, 2004, the Comptroller General shall submit to Congress a report on the conditions and diseases identified under paragraph (1), and shall include a recommendation of criteria, with respect to such conditions and disease, under which a waiver of the therapy caps would apply.

SEC. 325. WAIVER OF PART B LATE ENROLLMENT PENALTY FOR CERTAIN MILITARY RETIREES; SPECIAL ENROLLMENT PERIOD.

(a) WAIVER OF PENALTY.—

(1) IN GENERAL.—Section 1839(b) (42 U.S.C. 1395r(b)) is amended by adding at the end the following new sentence: ''No increase in the premium shall be effected for a month in the case of an individual who enrolls under this part during 2001, 2002, 2003, or 2004 and who demonstrates to the Secretary before December 31, 2004, that the individual is a covered beneficiary (as defined in section 1072(5) of title 10, United States Code). The Secretary of Health and Human Services shall consult with the Secretary of Defense in identifying individuals described in the previous sentence.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall apply to premiums for months beginning with January 2004. The Secretary shall establish a method for providing rebates of premium penalties paid for months on or after January 2004 for which a penalty does not apply under such amendment but for which a penalty was previously collected.

(b) MEDICARE PART B SPECIAL ENROLLMENT PERIOD.—

(1) IN GENERAL.—In the case of any individual who, as of the date of the enactment of this Act, is eligible to enroll but is not enrolled under part B of title XVIII of the Social Security Act and is a covered beneficiary (as defined in section 1072(5) of title 10, United States Code), the Secretary of Health and Human Services shall provide for a special enrollment period during which the individual may enroll under such part. Such period shall begin as soon as possible after the date of the enactment of this Act and shall end on December 31, 2004.

(2) COVERAGE PERIOD.—In the case of an individual who enrolls during the special enrollment period provided under paragraph (1), the coverage period under part B of title XVIII of the Social Security Act shall begin on the first day of the month following the month in which the individual enrolls.

SEC. 326. PAYMENT FOR SERVICES FURNISHED IN AMBULATORY SURGICAL CENTERS.

(a) REDUCTIONS IN PAYMENT UPDATES.—Section 1833(i)(2)(C) (42 U.S.C. 1395l(i)(2)(C)) is amended to read as follows:

''(C)(i) Notwithstanding the second sentence of each of subparagraphs (A) and (B), except as otherwise specified in clauses (ii), (iii), and (iv), if the Secretary has not updated amounts established under such subparagraphs or under subparagraph (D), with respect to facility services furnished during a fiscal year (beginning with fiscal year 1986 or a calendar year (beginning with 2006)), such amounts shall be increased by the percentage increase in the Consumer Price Index for all urban consumers (U.S. city average) as estimated by the Secretary for the 12-month period ending with the midpoint of the year involved.

''(ii) In each of the fiscal years 1998 through 2002, the increase under this subparagraph shall be reduced (but not below zero) by 2.0 percentage points.

''(iii) In fiscal year 2004, beginning with April 1, 2004, the increase under this subparagraph shall be the Consumer Price Index for all urban consumers (U.S. city average) as estimated by the Secretary for the 12-month period ending with March 31, 2003, minus 3.0 percentage points.

''(iv) In fiscal year 2005, the last quarter of calendar year 2005, and each of calendar years 2006 through 2009, the increase under this subparagraph shall be 0 percent.''.

(b) REPEAL OF SURVEY REQUIREMENT AND IMPLEMENTATION OF NEW SYSTEM.—Section 1833(i)(2) (42 U.S.C. 1395l(i)(2)) is amended—

(1) in subparagraph (A)—

(A) in the matter preceding clause (i), by striking ''The'' and inserting ''For services furnished prior to the implementation of the system described in subparagraph (D), the''; and

(B) in clause (i), by striking ''taken not later than January 1, 1995, and every 5 years thereafter,''; and

(2) by adding at the end the following new subparagraph:

''(D)(i) Taking into account the recommendations in the report under section 326(d) of Medicare Provider Restoration Act of 2003, the Secretary shall implement a revised payment system for payment of surgical services furnished in ambulatory surgical centers.

''(ii) In the year the system described in clause (i) is implemented, such system shall be designed to result in the same aggregate amount of expenditures for such services as would be made if this subparagraph did not apply, as estimated by the Secretary.

''(iii) The Secretary shall implement the system described in clause (i) for periods in a manner so that it is first effective beginning on or after January 1, 2006, and not later than January 1, 2008.

''(iv) There shall be no administrative or judicial review under section 1869, 1878, or otherwise, of the classification system, the relative weights, payment amounts, and the geographic adjustment factor, if any, under this subparagraph.''.

(c) CONFORMING AMENDMENT.—Section 1833(a)(1) (42 U.S.C. 1395l(a)(1)) is amended by adding the following new subparagraph:

''(G) with respect to facility services furnished in connection with a surgical procedure specified pursuant to subsection (i)(1)(A) and furnished to an individual in an ambulatory surgical center described in such subsection, for services furnished beginning with the implementation date of a revised payment system for such services in such facilities specified in subsection (i)(2)(D), the amounts paid shall be 80 percent of the lesser of the actual charge for the services or the amount determined by the Secretary under such revised payment system,''.

(d) GAO STUDY OF AMBULATORY SURGICAL CENTER PAYMENTS.—

(1) STUDY.—

(A) IN GENERAL.—The Comptroller General of the United States shall conduct a study that compares the relative costs of procedures furnished in ambulatory surgical centers to the relative costs of procedures furnished in hospital outpatient departments under section 1833(t) of the Social Security Act (42 U.S.C. 1395l(t)). The study shall also examine how accurately ambulatory payment categories reflect procedures furnished in ambulatory surgical centers.

(B) CONSIDERATION OF ASC DATA.—In conducting the study under paragraph (1), the Comptroller General shall consider data submitted by ambulatory surgical centers regarding the matters described in clauses (i) through (iii) of paragraph (2)(B).

(2) REPORT AND RECOMMENDATIONS.—

(A) REPORT.—Not later than January 1, 2005, the Comptroller General shall submit to Congress a report on the study conducted under paragraph (1).

(B) RECOMMENDATIONS.—The report submitted under subparagraph (A) shall include recommendations on the following matters:

(i) The appropriateness of using the groups of covered services and relative weights established under the outpatient prospective payment system as the basis of payment for ambulatory surgical centers.

(ii) If the relative weights under such hospital outpatient prospective payment system are appropriate for such purpose—

(I) whether the payment rates for ambulatory surgical centers should be based on a uniform percentage of the payment rates or weights under such outpatient system; or

(II) whether the payment rates for ambulatory surgical centers should vary, or the weights should be revised, based on specific procedures or types of services (such as ophthalmology and pain management services).

(iii) Whether a geographic adjustment should be used for payment of services furnished in ambulatory surgical centers, and if so, the labor and nonlabor shares of such payment.

SEC. 327. PAYMENT FOR CERTAIN SHOES AND INSERTS UNDER THE FEE SCHEDULE FOR ORTHOTICS AND PROSTHETICS.

(a) IN GENERAL.—Section 1833(o) (42 U.S.C. 1395l(o)) is amended—

(1) in paragraph (1)(B), by striking ''no more than the limits established under paragraph (2)'' and inserting ''no more than the amount of payment applicable under paragraph (2)''; and

(2) in paragraph (2), to read as follows:

''(2)(A) Except as provided by the Secretary under subparagraphs (B) and (C), the amount of payment under this paragraph for custom molded shoes, extra-depth shoes, and inserts shall be the amount determined for such items by the Secretary under section 1834(h).

''(B) The Secretary may establish payment amounts for shoes and inserts that are lower than the amount established under section 1834(h) if the Secretary finds that shoes and inserts of an appropriate quality are readily available at or below the amount established under such section.

''(C) In accordance with procedures established by the Secretary, an individual entitled to benefits with respect to shoes described in section 1861(s)(12) may substitute modification of such shoes instead of obtaining one (or more, as specified by the Secretary) pair of inserts (other than the original pair of inserts with respect to such shoes). In such case, the Secretary shall substitute, for the payment amount established under section 1834(h), a payment amount that the Secretary estimates will assure that there is no net increase in expenditures under this subsection as a result of this subparagraph.''.

(b) CONFORMING AMENDMENTS.—(1) Section 1834(h)(4)(C) (42 U.S.C. 1395m(h)(4)(C)) is amended by inserting ''(and includes shoes described in section 1861(s)(12))'' after ''in section 1861(s)(9)''.

(2) Section 1842(s)(2) (42 U.S.C. 1395u(s)(2)) is amended by striking subparagraph (C).

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to items furnished on or after January 1, 2005.

SEC. 329. 5-YEAR AUTHORIZATION OF REIMBURSEMENT FOR ALL MEDICARE PART B SERVICES FURNISHED BY CERTAIN INDIAN HOSPITALS AND CLINICS.

Section 1880(e)(1)(A) (42 U.S.C. 1395qq(e)(1)(A)) is amended by inserting ''(and for items and services furnished during the 5-year period beginning on January 1, 2005, all items and services for which payment may be made under part B)'' after ''for services described in paragraph (2)''.

Subtitle D—Additional Demonstrations, Studies, and Other Provisions

SEC. 341. DEMONSTRATION PROJECT FOR COVERAGE OF CERTAIN PRESCRIPTION DRUGS AND BIOLOGICALS.

(a) DEMONSTRATION PROJECT.—The Secretary shall conduct a demonstration project under part B of title XVIII of the Social Security Act under which payment is made for drugs or biologicals that are prescribed as replacements for drugs and biologicals described in section 1861(s)(2)(A) or 1861(s)(2)(Q) of such Act (42 U.S.C. 1395x(s)(2)(A), 1395x(s)(2)(Q)), or both, for which payment is made under such part. Such project shall provide for cost-sharing applicable with respect to such drugs or biologicals.

(b) DEMONSTRATION PROJECT SITES.—The project established under this section shall be conducted in sites selected by the Secretary.

(c) DURATION.—The Secretary shall conduct the demonstration project for the 2-year period beginning on the date that is 90 days after the date of the enactment of this Act, but in no case may the project extend beyond December 31, 2005.

(d) LIMITATION.—Under the demonstration project over the duration of the project, the Secretary may not provide—

(1) coverage for more than 50,000 patients; and

(2) more than $500,000,000 in funding.

(e) REPORT.—Not later than July 1, 2006, the Secretary shall submit to Congress a report on the project. The report shall include an evaluation of patient access to care and patient outcomes under the project, as well as an analysis of the cost effectiveness of the project, including an evaluation of the costs savings (if any) to the medicare program attributable to reduced physicians' services and hospital outpatient departments services for administration of the biological.

SEC. 342. EXTENSION OF COVERAGE OF INTRAVENOUS IMMUNE GLOBULIN (IVIG) FOR THE TREATMENT OF PRIMARY IMMUNE DEFICIENCY DISEASES IN THE HOME.

(a) IN GENERAL.—Section 1861 (42 U.S.C. 1395x), as amended by sections 611(a) and 612(a) is amended—

(1) in subsection (s)(2)—

(A) by striking ''and'' at the end of subparagraph (X);

(B) by adding ''and'' at the end of subparagraph (Y); and

(C) by adding at the end the following new subparagraph:

''(Z) intravenous immune globulin for the treatment of primary immune deficiency diseases in the home (as defined in subsection (zz));''; and

(2) by adding at the end the following new subsection:

''Intravenous Immune Globulin

''(zz) The term 'intravenous immune globulin' means an approved pooled plasma derivative for the treatment in the patient's home of a patient with a diagnosed primary immune deficiency disease, but not including items or services related to the administration of the derivative, if a physician determines administration of the derivative in the patient's home is medically appropriate.''.

(b) PAYMENT AS A DRUG OR BIOLOGICAL.—Section 1833(a)(1)(S) (42 U.S.C. 1395l(a)(1)(S)) is amended by inserting ''(including intravenous immune globulin (as defined in section 1861(zz)))'' after ''with respect to drugs and biologicals''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to items furnished administered on or after January 1, 2004.

SEC. 343. MEDPAC STUDY OF COVERAGE OF SURGICAL FIRST ASSISTING SERVICES OF CERTIFIED REGISTERED NURSE FIRST ASSISTANTS.

(a) STUDY.—The Medicare Payment Advisory Commission (in this section referred to as the ''Commission'') shall conduct a study on the feasibility and advisability of providing for payment under part B of title XVIII of the Social Security Act for surgical first assisting services furnished by a certified registered nurse first assistant to medicare beneficiaries.

(b) REPORT.—Not later than January 1, 2005, the Commission shall submit to Congress a report on the study conducted under subsection (a) together with recommendations for such legislation or administrative action as the Commission determines to be appropriate.

(c) DEFINITIONS.—In this section:

(1) SURGICAL FIRST ASSISTING SERVICES.—The term ''surgical first assisting services'' means services consisting of first assisting a physician with surgery and related preoperative, intraoperative, and postoperative care (as determined by the Secretary) furnished by a certified registered nurse first assistant (as defined in paragraph (2)) which the certified registered nurse first assistant is legally authorized to perform by the State in which the services are performed.

(2) CERTIFIED REGISTERED NURSE FIRST ASSISTANT.—The term ''certified registered nurse first assistant'' means an individual who—

(A) is a registered nurse and is licensed to practice nursing in the State in which the surgical first assisting services are performed;

(B) has completed a minimum of 2,000 hours of first assisting a physician with surgery and related preoperative, intraoperative, and postoperative care; and

(C) is certified as a registered nurse first assistant by an organization recognized by the Secretary.

SEC. 344. MEDPAC STUDY OF PAYMENT FOR CARDIO-THORACIC SURGEONS.

(a) STUDY.—The Medicare Payment Advisory Commission (in this section referred to as the ''Commission'') shall conduct a study on the practice expense relative values established by the Secretary of Health and Human Services under the medicare physician fee schedule under section 1848 of the Social Security Act (42 U.S.C. 1395w–4) for physicians in the specialties of thoracic and cardiac surgery to determine whether such values adequately take into account the attendant costs that such physicians incur in providing clinical staff for patient care in hospitals.

(b) REPORT.—Not later than January 1, 2005, the Commission shall submit to Congress a report on the study conducted under subsection (a) together with recommendations for such legislation or administrative action as the Commission determines to be appropriate.

SEC. 345. STUDIES RELATING TO VISION IMPAIRMENTS.

(a) COVERAGE OF OUTPATIENT VISION SERVICES FURNISHED BY VISION REHABILITATION PROFESSIONALS UNDER PART B.—

(1) STUDY.—The Secretary shall conduct a study to determine the feasibility and advisability of providing for payment for vision rehabilitation services furnished by vision rehabilitation professionals.

(2) REPORT.—Not later than January 1, 2005, the Secretary shall submit to Congress a report on the study conducted under paragraph (1) together with recommendations for such legislation or administrative action as the Secretary determines to be appropriate.

(3) VISION REHABILITATION PROFESSIONAL DEFINED.—In this subsection, the term ''vision rehabilitation professional'' means an orientation and mobility specialist, a rehabilitation teacher, or a low vision therapist.

(b) REPORT ON APPROPRIATENESS OF A DEMONSTRATION PROJECT TO TEST FEASIBILITY OF USING PPO NETWORKS TO REDUCE COSTS OF ACQUIRING EYEGLASSES FOR MEDICARE BENEFICIARIES AFTER CATARACT SURGERY.—Not later than 1 year after the date of the enactment of this Act, the Secretary shall submit to Congress a report on the feasibility of establishing a two-year demonstration project

under which the Secretary enters into arrangements with vision care preferred provider organization networks to furnish and pay for conventional eyeglasses subsequent to each cataract surgery with insertion of an intraocular lens on behalf of Medicare beneficiaries. In such report, the Secretary shall include an estimate of potential cost savings to the Medicare program through the use of such networks, taking into consideration quality of service and beneficiary access to services offered by vision care preferred provider organization networks.

SEC. 346. MEDICARE HEALTH CARE QUALITY DEMONSTRATION PROGRAMS.

Title XVIII (42 U.S.C. 1395 et seq.) is amended by inserting after section 1866B the following new section:

"SEC. 1866C. HEALTH CARE QUALITY DEMONSTRATION PROGRAM.

''SEC. (a) DEFINITIONS.—In this section:

''(1) BENEFICIARY.—The term 'beneficiary' means an individual who is entitled to benefits under part A and enrolled under part B, including any individual who is enrolled in a Medicare Advantage plan under part C.

''(2) HEALTH CARE GROUP.—

''(A) IN GENERAL.—The term 'health care group' means—

''(i) a group of physicians that is organized at least in part for the purpose of providing physician's services under this title;

''(ii) an integrated health care delivery system that delivers care through coordinated hospitals, clinics, home health agencies, ambulatory surgery centers, skilled nursing facilities, rehabilitation facilities and clinics, and employed, independent, or contracted physicians; or

''(iii) an organization representing regional coalitions of groups or systems described in clause (i) or (ii).

''(B) INCLUSION.—As the Secretary determines appropriate, a health care group may include a hospital or any other individual or entity furnishing items or services for which payment may be made under this title that is affiliated with the health care group under an arrangement structured so that such hospital, individual, or entity participates in a demonstration project under this section.

''(3) PHYSICIAN.—Except as otherwise provided for by the Secretary, the term 'physician' means any individual who furnishes services that may be paid for as physicians' services under this title.

''(b) DEMONSTRATION PROJECTS.—The Secretary shall establish a 5-year demonstration program under which the Secretary shall approve demonstration projects that examine health delivery factors that encourage the delivery of improved quality in patient care, including—

''(1) the provision of incentives to improve the safety of care provided to beneficiaries;

''(2) the appropriate use of best practice guidelines by providers and services by beneficiaries;

''(3) reduced scientific uncertainty in the delivery of care through the examination of variations in the utilization and allocation of services, and outcomes measurement and research;

''(4) encourage shared decision making between providers and patients;

''(5) the provision of incentives for improving the quality and safety of care and achieving the efficient allocation of resources;

''(6) the appropriate use of culturally and ethnically sensitive health care delivery; and

''(7) the financial effects on the health care marketplace of altering the incentives for care delivery and changing the allocation of resources.

''(c) ADMINISTRATION BY CONTRACT.—

''(1) IN GENERAL.—Except as otherwise provided in this section, the Secretary may administer the demonstration program established under this section in a manner that is similar to the manner in which the demonstration program established under section 1866A is administered in accordance with section 1866B.

''(2) ALTERNATIVE PAYMENT SYSTEMS.—A health care group that receives assistance under this section may, with respect to the demonstration project to be carried out with such assistance, include proposals for the use of alternative payment systems for items and services provided to beneficiaries by the group that are designed to—

''(A) encourage the delivery of high quality care while accomplishing the objectives described in subsection (b); and

''(B) streamline documentation and reporting requirements otherwise required under this title.

''(3) BENEFITS.—A health care group that receives assistance under this section may, with respect to the demonstration project to be carried out with such assistance, include modifications to the package of benefits available under the original medicare fee-for-service program under parts A and B or the package of benefits available through a Medicare Advantage plan under part C. The criteria employed under the demonstration program under this section to evaluate outcomes and determine best practice guidelines and incentives shall not be used as a basis for the denial of medicare benefits under the demonstration program to patients against their wishes (or if the patient is incompetent, against the wishes of the patient's surrogate) on the basis of the patient's age or expected length of life or of the patient's present or predicted disability, degree of medical dependency, or quality of life.

''(d) ELIGIBILITY CRITERIA.—To be eligible to receive assistance under this section, an entity shall—

''(1) be a health care group;

''(2) meet quality standards established by the Secretary, including—

''(A) the implementation of continuous quality improvement mechanisms that are aimed at integrating community-based support services, primary care, and referral care;

''(B) the implementation of activities to increase the delivery of effective care to beneficiaries;

''(C) encouraging patient participation in preference-based decisions;

''(D) the implementation of activities to encourage the coordination and integration of medical service delivery; and

''(E) the implementation of activities to measure and document the financial impact on the health care marketplace of altering the incentives of health care delivery and changing the allocation of resources; and

''(3) meet such other requirements as the Secretary may establish.

''(e) WAIVER AUTHORITY.—The Secretary may waive such requirements of titles XI and XVIII as may be necessary to carry out the purposes of the demonstration program established under this section.

''(f) BUDGET NEUTRALITY.—With respect to the 5-year period of the demonstration program under subsection (b), the aggregate expenditures under this title for such period shall not exceed the aggregate expenditures that would have been expended under this title if the program established under this section had not been implemented.

''(g) NOTICE REQUIREMENTS.—In the case of an individual that receives health care items or services under a demonstration program carried out under this section, the Secretary shall ensure that such individual is notified of any waivers of coverage or payment rules that are applicable to such individual under this title as a result of the participation of the individual in such program.

''(h) PARTICIPATION AND SUPPORT BY FEDERAL AGENCIES.—In carrying out the demonstration program under this section, the Secretary may direct—

''(1) the Director of the National Institutes of Health to expand the efforts of the Institutes to evaluate current medical technologies and improve the foundation for evidence-based practice;

''(2) the Administrator of the Agency for Healthcare Research and Quality to, where possible and appropriate, use the program under this section as a laboratory for the study of quality improvement strategies and to evaluate, monitor, and disseminate information relevant to such program; and

''(3) the Administrator of the Centers for Medicare & Medicaid Services and the Administrator of the Center for Medicare Choices to support linkages of relevant medicare data to registry information from participating health care groups for the beneficiary populations served by the participating groups, for analysis supporting the purposes of the demonstration program, consistent with the applicable provisions of the Health Insurance Portability and Accountability Act of 1996.''.

SEC. 347. MEDPAC STUDY ON DIRECT ACCESS TO PHYSICAL THERAPY SERVICES.

(a) STUDY.—The Medicare Payment Advisory Commission (in this section referred to as the ''Commission'') shall conduct a study on the feasibility and advisability of allowing medicare fee-for-service beneficiaries direct access to outpatient physical therapy services and physical therapy services furnished as comprehensive rehabilitation facility services.

(b) REPORT.—Not later than January 1, 2005, the Commission shall submit to Congress a report on the study conducted under subsection (a) together with recommendations for such legislation or administrative action as the Commission determines to be appropriate.

(c) DIRECT ACCESS DEFINED.—The term ''direct access'' means, with respect to outpatient physical therapy services and physical therapy services furnished as comprehensive outpatient rehabilitation facility services, coverage of and payment for such services in accordance with the provisions of title XVIII of the Social Security Act, except that sections 1835(a)(2), 1861(p), and 1861(cc) of such Act (42 U.S.C. 1395n(a)(2), 1395x(p), and 1395x(cc), respectively) shall be applied—

(1) without regard to any requirement that—

(A) an individual be under the care of (or referred by) a physician; or

(B) services be provided under the supervision of a physician; and

(2) by allowing a physician or a qualified physical therapist to satisfy any requirement for—

(A) certification and recertification; and

(B) establishment and periodic review of a plan of care.

SEC. 348. DEMONSTRATION PROJECT FOR CONSUMER-DIRECTED CHRONIC OUTPATIENT SERVICES.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—Subject to the succeeding provisions of this section, the Secretary

shall establish demonstration projects (in this section referred to as ''demonstration projects'') under which the Secretary shall evaluate methods that improve the quality of care provided to individuals with chronic conditions and that reduce expenditures that would otherwise be made under the medicare program on behalf of such individuals for such chronic conditions, such methods to include permitting those beneficiaries to direct their own health care needs and services.

(2) INDIVIDUALS WITH CHRONIC CONDITIONS DEFINED.—In this section, the term ''individuals with chronic conditions'' means an individual entitled to benefits under part A of title XVIII of the Social Security Act, and enrolled under part B of such title, but who is not enrolled under part C of such title who is diagnosed as having one or more chronic conditions (as defined by the Secretary), such as diabetes.

(b) DESIGN OF PROJECTS.—

(1) EVALUATION BEFORE IMPLEMENTATION OF PROJECT.—

(A) IN GENERAL.—In establishing the demonstration projects under this section, the Secretary shall evaluate best practices employed by group health plans and practices under State plans for medical assistance under the medicaid program under title XIX of the Social Security Act, as well as best practices in the private sector or other areas, of methods that permit patients to self-direct the provision of personal care services. The Secretary shall evaluate such practices for a 1-year period and, based on such evaluation, shall design the demonstration project.

(B) REQUIREMENT FOR ESTIMATE OF BUDGET NEUTRAL COSTS.—As part of the evaluation under subparagraph (A), the Secretary shall evaluate the costs of furnishing care under the projects. The Secretary may not implement the demonstration projects under this section unless the Secretary determines that the costs of providing care to individuals with chronic conditions under the project will not exceed the costs, in the aggregate, of furnishing care to such individuals under title XVIII of the Social Security Act, that would otherwise be paid without regard to the demonstration projects for the period of the project.

(2) SCOPE OF SERVICES.—The Secretary shall determine the appropriate scope of personal care services that would apply under the demonstration projects.

(c) VOLUNTARY PARTICIPATION.—Participation of providers of services and suppliers, and of individuals with chronic conditions, in the demonstration projects shall be voluntary.

(d) DEMONSTRATION PROJECTS SITES.—Not later than 2 years after the date of the enactment of this Act, the Secretary shall conduct a demonstration project in at least one area that the Secretary determines has a population of individuals entitled to benefits under part A of title XVIII of the Social Security Act, and enrolled under part B of such title, with a rate of incidence of diabetes that significantly exceeds the national average rate of all areas.

(e) EVALUATION AND REPORT.—

(1) EVALUATIONS.—The Secretary shall conduct evaluations of the clinical and cost effectiveness of the demonstration projects.

(2) REPORTS.—Not later than 2 years after the commencement of the demonstration projects, and biannually thereafter, the Secretary shall submit to Congress a report on the evaluation, and shall include in the report the following:

(A) An analysis of the patient outcomes and costs of furnishing care to the individuals with chronic conditions participating in the projects as compared to such outcomes and costs to other individuals for the same health conditions.

(B) Evaluation of patient satisfaction under the demonstration projects.

(C) Such recommendations regarding the extension, expansion, or termination of the projects as the Secretary determines appropriate.

(f) WAIVER AUTHORITY.—The Secretary shall waive compliance with the requirements of title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.) to such extent and for such period as the Secretary determines is necessary to conduct demonstration projects.

(g) AUTHORIZATION OF APPROPRIATIONS.—(1) Payments for the costs of carrying out the demonstration project under this section shall be made from the Federal Supplementary Medical Insurance Trust Fund under section 1841 of such Act (42 U.S.C. 1395t).

(2) There are authorized to be appropriated from such Trust Fund such sums as may be necessary for the Secretary to enter into contracts with appropriate organizations for the deign, implementation, and evaluation of the demonstration project.

(3) In no case may expenditures under this section exceed the aggregate expenditures that would otherwise have been made for the provision of personal care services.

SEC. 349. MEDICARE CARE MANAGEMENT PERFORMANCE DEMONSTRATION.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—The Secretary shall establish a pay-for-performance demonstration program with physicians to meet the needs of eligible beneficiaries through the adoption and use of health information technology and evidence-based outcomes measures for—

(A) promoting continuity of care;

(B) helping stabilize medical conditions;

(C) preventing or minimizing acute exacerbations of chronic conditions; and

(D) reducing adverse health outcomes, such as adverse drug interactions related to polypharmacy.

(2) SITES.—The Secretary shall designate no more than 4 sites at which to conduct the demonstration program under this section, of which—

(A) 2 shall be in an urban area;

(B) 1 shall be in a rural area; and

(C) 1 shall be in a State with a medical school with a Department of Geriatrics that manages rural outreach sites and is capable of managing patients with multiple chronic conditions, one of which is dementia.

(3) DURATION.—The Secretary shall conduct the demonstration program under this section for a 3-year period.

(4) CONSULTATION.—In carrying out the demonstration program under this section, the Secretary shall consult with private sector and non-profit groups that are undertaking similar efforts to improve quality and reduce avoidable hospitalizations for chronically ill patients.

(b) PARTICIPATION.—

(1) IN GENERAL.—A physician who provides care for a minimum number of eligible beneficiaries (as specified by the Secretary) may participate in the demonstration program under this section if such physician agrees, to phase-in over the course of the 3-year demonstration period and with the assistance provided under subsection (d)(2)—

(A) the use of health information technology to manage the clinical care of eligible beneficiaries consistent with paragraph (3); and

(B) the electronic reporting of clinical quality and outcomes measures in accordance with requirements established by the Secretary under the demonstration program.

(2) SPECIAL RULE.—In the case of the sites referred to in subparagraphs (B) and (C) of subsection (a)(2), a physician who provides care for a minimum number of beneficiaries with two or more chronic conditions, including dementia (as specified by the Secretary), may participate in the program under this section if such physician agrees to the requirements in subparagraphs (A) and (B) of paragraph (1).

(3) PRACTICE STANDARDS.—Each physician participating in the demonstration program under this section must demonstrate the ability—

(A) to assess each eligible beneficiary for conditions other than chronic conditions, such as impaired cognitive ability and comorbidities, for the purposes of developing care management requirements;

(B) to serve as the primary contact of eligible beneficiaries in accessing items and services for which payment may be made under the medicare program;

(C) to establish and maintain health care information system for such beneficiaries;

(D) to promote continuity of care across providers and settings;

(E) to use evidence-based guidelines and meet such clinical quality and outcome measures as the Secretary shall require;

(F) to promote self-care through the provision of patient education and support for patients or, where appropriate, family caregivers;

(G) when appropriate, to refer such beneficiaries to community service organizations; and

(H) to meet such other complex care management requirements as the Secretary may specify.

The guidelines and measures required under subparagraph (E) shall be designed to take into account beneficiaries with multiple chronic conditions.

(c) PAYMENT METHODOLOGY.—Under the demonstration program under this section the Secretary shall pay a per beneficiary amount to each participating physician who meets or exceeds specific performance standards established by the Secretary with respect to the clinical quality and outcome measures reported under subsection (b)(1)(B). Such amount may vary based on different levels of performance or improvement.

(d) ADMINISTRATION.—

(1) USE OF QUALITY IMPROVEMENT ORGANIZATIONS.—The Secretary shall contract with quality improvement organizations or such other entities as the Secretary deems appropriate to enroll physicians and evaluate their performance under the demonstration program under this section.

(2) TECHNICAL ASSISTANCE.—The Secretary shall require in such contracts that the contractor be responsible for technical assistance and education as needed to physicians enrolled in the demonstration program under this section for the purpose of aiding their adoption of health information technology, meeting practice standards, and implementing required clinical and outcomes measures.

(e) FUNDING.—

(1) IN GENERAL.—The Secretary shall provide for the transfer from the Federal Supplementary Medical Insurance Trust Fund established under section 1841 of the Social Security Act (42 U.S.C. 1395t) of such funds

as are necessary for the costs of carrying out the demonstration program under this section.

(2) BUDGET NEUTRALITY.—In conducting the demonstration program under this section, the Secretary shall ensure that the aggregate payments made by the Secretary do not exceed the amount which the Secretary estimates would have been paid if the demonstration program under this section was not implemented.

(f) WAIVER AUTHORITY.—The Secretary may waive such requirements of titles XI and XVIII of the Social Security Act (42 U.S.C. 1301 et seq.; 1395 et seq.) as may be necessary for the purpose of carrying out the demonstration program under this section.

(g) REPORT.—Not later than 12 months after the date of completion of the demonstration program under this section, the Secretary shall submit to Congress a report on such program, together with recommendations for such legislation and administrative action as the Secretary determines to be appropriate.

(h) DEFINITIONS.—In this section:

(1) ELIGIBLE BENEFICIARY.—The term ''eligible beneficiary'' means any individual who—

(A) is entitled to benefits under part A and enrolled for benefits under part B of title XVIII of the Social Security Act and is not enrolled in a plan under part C of such title; and

(B) has one or more chronic medical conditions specified by the Secretary (one of which may be cognitive impairment).

(2) HEALTH INFORMATION TECHNOLOGY.—The term ''health information technology'' means email communication, clinical alerts and reminders, and other information technology that meets such functionality, interoperability, and other standards as prescribed by the Secretary.

SEC. 350. GAO STUDY AND REPORT ON THE PROPAGATION OF CONCIERGE CARE.

(a) STUDY.—

(1) IN GENERAL.—The Comptroller General of the United States shall conduct a study on concierge care (as defined in paragraph (2)) to determine the extent to which such care—

(A) is used by medicare beneficiaries (as defined in section 1802(b)(5)(A) of the Social Security Act (42 U.S.C. 1395a(b)(5)(A))); and

(B) has impacted upon the access of medicare beneficiaries (as so defined) to items and services for which reimbursement is provided under the medicare program under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.).

(2) CONCIERGE CARE.—In this section, the term ''concierge care'' means an arrangement under which, as a prerequisite for the provision of a health care item or service to an individual, a physician, practitioner (as described in section 1842(b)(18)(C) of the Social Security Act (42 U.S.C. 1395u(b)(18)(C))), or other individual—

(A) charges a membership fee or another incidental fee to an individual desiring to receive the health care item or service from such physician, practitioner, or other individual; or

(B) requires the individual desiring to receive the health care item or service from such physician, practitioner, or other individual to purchase an item or service.

(b) REPORT.—Not later than the date that is 12 months after the date of enactment of this Act, the Comptroller General of the United States shall submit to Congress a report on the study conducted under subsection (a)(1) together with such recommendations for legislative or administrative action as the Comptroller General determines to be appropriate.

SEC. 351. DEMONSTRATION OF COVERAGE OF CHIROPRACTIC SERVICES UNDER MEDICARE.

(a) DEFINITIONS.—In this section:

(1) CHIROPRACTIC SERVICES.—The term ''chiropractic services'' has the meaning given that term by the Secretary for purposes of the demonstration projects, but shall include, at a minimum—

(A) care for neuromusculoskeletal conditions typical among eligible beneficiaries; and

(B) diagnostic and other services that a chiropractor is legally authorized to perform by the State or jurisdiction in which such treatment is provided.

(2) DEMONSTRATION PROJECT.—The term ''demonstration project'' means a demonstration project established by the Secretary under subsection (b)(1).

(3) ELIGIBLE BENEFICIARY.—The term ''eligible beneficiary'' means an individual who is enrolled under part B of the medicare program.

(4) MEDICARE PROGRAM.—The term ''medicare program'' means the health benefits program under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.).

(b) DEMONSTRATION OF COVERAGE OF CHIROPRACTIC SERVICES UNDER MEDICARE.—

(1) ESTABLISHMENT.—The Secretary shall establish demonstration projects in accordance with the provisions of this section for the purpose of evaluating the feasibility and advisability of covering chiropractic services under the medicare program (in addition to the coverage provided for services consisting of treatment by means of manual manipulation of the spine to correct a subluxation described in section 1861(r)(5) of the Social Security Act (42 U.S.C. 1395x(r)(5))).

(2) NO PHYSICIAN APPROVAL REQUIRED.—In establishing the demonstration projects, the Secretary shall ensure that an eligible beneficiary who participates in a demonstration project, including an eligible beneficiary who is enrolled for coverage under a Medicare+Choice plan (or, on and after January 1, 2006, under a Medicare Advantage plan), is not required to receive approval from a physician or other health care provider in order to receive a chiropractic service under a demonstration project.

(3) CONSULTATION.—In establishing the demonstration projects, the Secretary shall consult with chiropractors, organizations representing chiropractors, eligible beneficiaries, and organizations representing eligible beneficiaries.

(4) PARTICIPATION.—Any eligible beneficiary may participate in the demonstration projects on a voluntary basis.

(c) CONDUCT OF DEMONSTRATION PROJECTS.—

(1) DEMONSTRATION SITES.—

(A) SELECTION OF DEMONSTRATION SITES.—The Secretary shall conduct demonstration projects at 4 demonstration sites.

(B) GEOGRAPHIC DIVERSITY.—Of the sites described in subparagraph (A)—

(i) 2 shall be in rural areas; and

(ii) 2 shall be in urban areas.

(C) SITES LOCATED IN HPSAS.—At least 1 site described in clause (i) of subparagraph (B) and at least 1 site described in clause (ii) of such subparagraph shall be located in an area that is designated under section 332(a)(1)(A) of the Public Health Service Act (42 U.S.C. 254e(a)(1)(A)) as a health professional shortage area.

(2) IMPLEMENTATION; DURATION.—

(A) IMPLEMENTATION.—The Secretary shall not implement the demonstration projects before October 1, 2004.

(B) DURATION.—The Secretary shall complete the demonstration projects by the date that is 2 years after the date on which the first demonstration project is implemented.

(d) EVALUATION AND REPORT.—

(1) EVALUATION.—The Secretary shall conduct an evaluation of the demonstration projects—

(A) to determine whether eligible beneficiaries who use chiropractic services use a lesser overall amount of items and services for which payment is made under the medicare program than eligible beneficiaries who do not use such services;

(B) to determine the cost of providing payment for chiropractic services under the medicare program;

(C) to determine the satisfaction of eligible beneficiaries participating in the demonstration projects and the quality of care received by such beneficiaries; and

(D) to evaluate such other matters as the Secretary determines is appropriate.

(2) REPORT.—Not later than the date that is 1 year after the date on which the demonstration projects conclude, the Secretary shall submit to Congress a report on the evaluation conducted under paragraph (1) together with such recommendations for legislation or administrative action as the Secretary determines is appropriate.

(e) WAIVER OF MEDICARE REQUIREMENTS.—The Secretary shall waive compliance with such requirements of the medicare program to the extent and for the period the Secretary finds necessary to conduct the demonstration projects.

(f) FUNDING.—

(1) DEMONSTRATION PROJECTS.—

(A) IN GENERAL.—Subject to subparagraph (B) and paragraph (2), the Secretary shall provide for the transfer from the Federal Supplementary Insurance Trust Fund under section 1841 of the Social Security Act (42 U.S.C. 1395t) of such funds as are necessary for the costs of carrying out the demonstration projects under this section.

(B) LIMITATION.—In conducting the demonstration projects under this section, the Secretary shall ensure that the aggregate payments made by the Secretary under the medicare program do not exceed the amount which the Secretary would have paid under the medicare program if the demonstration projects under this section were not implemented.

(2) EVALUATION AND REPORT.—There are authorized to be appropriated such sums as are necessary for the purpose of developing and submitting the report to Congress under subsection (d).

TITLE IV—PROVISIONS RELATING TO PARTS A AND B

Subtitle A—Home Health Services

SEC. 401. DEMONSTRATION PROJECT TO CLARIFY THE DEFINITION OF HOMEBOUND.

(a) DEMONSTRATION PROJECT.—Not later than 180 days after the date of the enactment of this Act, the Secretary shall conduct a 2-year demonstration project under part B of title XVIII of the Social Security Act under which medicare beneficiaries with chronic conditions described in subsection (b) are deemed to be homebound for purposes of receiving home health services under the medicare program.

(b) MEDICARE BENEFICIARY DESCRIBED.—For purposes of subsection (a), a medicare beneficiary is eligible to be deemed to be homebound, without regard to the purpose, frequency, or duration of absences from the home, if—

(1) the beneficiary has been certified by one physician as an individual who has a permanent and severe, disabling condition that is not expected to improve;

(2) the beneficiary is dependent upon assistance from another individual with at least 3 out of the 5 activities of daily living for the rest of the beneficiary's life;

(3) the beneficiary requires skilled nursing services for the rest of the beneficiary's life and the skilled nursing is more than medication management;

(4) an attendant is required to visit the beneficiary on a daily basis to monitor and treat the beneficiary's medical condition or to assist the beneficiary with activities of daily living;

(5) the beneficiary requires technological assistance or the assistance of another person to leave the home; and

(6) the beneficiary does not regularly work in a paid position full-time or part-time outside the home.

(c) DEMONSTRATION PROJECT SITES.—The demonstration project established under this section shall be conducted in 3 States selected by the Secretary to represent the Northeast, Midwest, and Western regions of the United States.

(d) LIMITATION ON NUMBER OF PARTICIPANTS.—The aggregate number of such beneficiaries that may participate in the project may not exceed 15,000.

(e) DATA.—The Secretary shall collect such data on the demonstration project with respect to the provision of home health services to medicare beneficiaries that relates to quality of care, patient outcomes, and additional costs, if any, to the medicare program.

(f) REPORT TO CONGRESS.—Not later than 1 year after the date of the completion of the demonstration project under this section, the Secretary shall submit to Congress a report on the project using the data collected under subsection (e). The report shall include the following:

(1) An examination of whether the provision of home health services to medicare beneficiaries under the project has had any of the following effects:

(A) Has adversely affected the provision of home health services under the medicare program.

(B) Has directly caused an increase of expenditures under the medicare program for the provision of such services that is directly attributable to such clarification.

(2) The specific data evidencing the amount of any increase in expenditures that is directly attributable to the demonstration project (expressed both in absolute dollar terms and as a percentage) above expenditures that would otherwise have been incurred for home health services under the medicare program.

(3) Specific recommendations to exempt permanently and severely disabled homebound beneficiaries from restrictions on the length, frequency, and purpose of their absences from the home to qualify for home health services without incurring additional costs to the medicare program.

(g) WAIVER AUTHORITY.—The Secretary shall waive compliance with the requirements of title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.) to such extent and for such period as the Secretary determines is necessary to conduct demonstration projects.

(h) CONSTRUCTION.—Nothing in this section shall be construed as waiving any applicable civil monetary penalty, criminal penalty, or other remedy available to the Secretary under title XI or title XVIII of the Social Security Act for acts prohibited under such titles, including penalties for false certifications for purposes of receipt of items or services under the medicare program.

(i) AUTHORIZATION OF APPROPRIATIONS.—Payments for the costs of carrying out the demonstration project under this section shall be made from the Federal Supplementary Medical Insurance Trust Fund under section 1841 of such Act (42 U.S.C. 1395t).

(j) DEFINITIONS.—In this section:

(1) MEDICARE BENEFICIARY.—The term ''medicare beneficiary'' means an individual who is enrolled under part B of title XVIII of the Social Security Act.

(2) HOME HEALTH SERVICES.—The term ''home health services'' has the meaning given such term in section 1861(m) of the Social Security Act (42 U.S.C. 1395x(m)).

(3) ACTIVITIES OF DAILY LIVING DEFINED.—The term ''activities of daily living'' means eating, toileting, transferring, bathing, and dressing.

SEC. 402. DEMONSTRATION PROJECT FOR MEDICAL ADULT DAY-CARE SERVICES.

(a) ESTABLISHMENT.—Subject to the succeeding provisions of this section, the Secretary shall establish a demonstration project (in this section referred to as the ''demonstration project'') under which the Secretary shall, as part of a plan of an episode of care for home health services established for a medicare beneficiary, permit a home health agency, directly or under arrangements with a medical adult day-care facility, to provide medical adult day-care services as a substitute for a portion of home health services that would otherwise be provided in the beneficiary's home.

(b) PAYMENT.—

(1) IN GENERAL.—Subject to paragraph (2), the amount of payment for an episode of care for home health services, a portion of which consists of substitute medical adult day-care services, under the demonstration project shall be made at a rate equal to 95 percent of the amount that would otherwise apply for such home health services under section 1895 of the Social Security Act (42 U.S.C. 1395fff). In no case may a home health agency, or a medical adult day-care facility under arrangements with a home health agency, separately charge a beneficiary for medical adult day-care services furnished under the plan of care.

(2) ADJUSTMENT IN CASE OF OVERUTILIZATION OF SUBSTITUTE ADULT DAY-CARE SERVICES TO ENSURE BUDGET NEUTRALITY.—The Secretary shall monitor the expenditures under the demonstration project and under title XVIII of the Social Security Act for home health services. If the Secretary estimates that the total expenditures under the demonstration project and under such title XVIII for home health services for a period determined by the Secretary exceed expenditures that would have been made under such title XVIII for home health services for such period if the demonstration project had not been conducted, the Secretary shall adjust the rate of payment to medical adult day-care facilities under paragraph (1) in order to eliminate such excess.

(c) DEMONSTRATION PROJECT SITES.—The demonstration project established under this section shall be conducted in not more than 5 sites in States selected by the Secretary that license or certify providers of services that furnish medical adult day-care services.

(d) DURATION.—The Secretary shall conduct the demonstration project for a period of 3 years.

(e) VOLUNTARY PARTICIPATION.—Participation of medicare beneficiaries in the demonstration project shall be voluntary. The total number of such beneficiaries that may participate in the project at any given time may not exceed 15,000.

(f) PREFERENCE IN SELECTING AGENCIES.—In selecting home health agencies to participate under the demonstration project, the Secretary shall give preference to those agencies that are currently licensed or certified through common ownership and control to furnish medical adult day-care services.

(g) WAIVER AUTHORITY.—The Secretary may waive such requirements of title XVIII of the Social Security Act as may be necessary for the purposes of carrying out the demonstration project, other than waiving the requirement that an individual be homebound in order to be eligible for benefits for home health services.

(h) EVALUATION AND REPORT.—The Secretary shall conduct an evaluation of the clinical and cost-effectiveness of the demonstration project. Not later than 6 months after the completion of the project, the Secretary shall submit to Congress a report on the evaluation, and shall include in the report the following:

(1) An analysis of the patient outcomes and costs of furnishing care to the medicare beneficiaries participating in the project as compared to such outcomes and costs to beneficiaries receiving only home health services for the same health conditions.

(2) Such recommendations regarding the extension, expansion, or termination of the project as the Secretary determines appropriate.

(i) DEFINITIONS.—In this section:

(1) HOME HEALTH AGENCY.—The term ''home health agency'' has the meaning given such term in section 1861(o) of the Social Security Act (42 U.S.C. 1395x(o)).

(2) MEDICAL ADULT DAY-CARE FACILITY.—The term ''medical adult day-care facility'' means a facility that—

(A) has been licensed or certified by a State to furnish medical adult day-care services in the State for a continuous 2-year period;

(B) is engaged in providing skilled nursing services and other therapeutic services directly or under arrangement with a home health agency;

(C) is licensed and certified by the State in which it operates or meets such standards established by the Secretary to assure quality of care and such other requirements as the Secretary finds necessary in the interest of the health and safety of individuals who are furnished services in the facility; and

(D) provides medical adult day-care services.

(3) MEDICAL ADULT DAY-CARE SERVICES.—The term ''medical adult day-care services'' means—

(A) home health service items and services described in paragraphs (1) through (7) of section 1861(m) furnished in a medical adult day-care facility;

(B) a program of supervised activities furnished in a group setting in the facility that—

(i) meet such criteria as the Secretary determines appropriate; and

(ii) is designed to promote physical and mental health of the individuals; and

(C) such other services as the Secretary may specify.

(4) MEDICARE BENEFICIARY.—The term ''medicare beneficiary'' means an individual entitled to benefits under part A of this title, enrolled under part B of this title, or both.

SEC. 403. TEMPORARY SUSPENSION OF OASIS REQUIREMENT FOR COLLECTION OF DATA ON NON-MEDICARE AND NON-MEDICAID PATIENTS.

(a) IN GENERAL.—During the period described in subsection (b), the Secretary may not require, under section 4602(e) of the Balanced Budget Act of 1997 (Public Law 105–33; 111 Stat. 467) or otherwise under OASIS, a home health agency to gather or submit information that relates to an individual who is not eligible for benefits under either title XVIII or title XIX of the Social Security Act (such information in this section referred to as ''non-medicare/medicaid OASIS information'').

(b) PERIOD OF SUSPENSION.—The period described in this subsection—

(1) begins on the date of the enactment of this Act; and

(2) ends on the last day of the second month beginning after the date as of which the Secretary has published final regulations regarding the collection and use by the Centers for Medicare & Medicaid Services of non-medicare/medicaid OASIS information following the submission of the report required under subsection (c).

(c) REPORT.—

(1) STUDY.—The Secretary shall conduct a study on how non-medicare/medicaid OASIS information is and can be used by large home health agencies. Such study shall examine—

(A) whether there are unique benefits from the analysis of such information that cannot be derived from other information available to, or collected by, such agencies; and

(B) the value of collecting such information by small home health agencies compared to the administrative burden related to such collection.

In conducting the study the Secretary shall obtain recommendations from quality assessment experts in the use of such information and the necessity of small, as well as large, home health agencies collecting such information.

(2) REPORT.—The Secretary shall submit to Congress a report on the study conducted under paragraph (1) by not later than 18 months after the date of the enactment of this Act.

(d) CONSTRUCTION.—Nothing in this section shall be construed as preventing home health agencies from collecting non-medicare/medicaid OASIS information for their own use.

SEC. 404. MEDPAC STUDY ON MEDICARE MARGINS OF HOME HEALTH AGENCIES.

(a) STUDY.—The Medicare Payment Advisory Commission shall conduct a study of payment margins of home health agencies under the home health prospective payment system under section 1895 of the Social Security Act (42 U.S.C. 1395fff). Such study shall examine whether systematic differences in payment margins are related to differences in case mix (as measured by home health resource groups (HHRGs)) among such agencies. The study shall use the partial or full-year cost reports filed by home health agencies.

(b) REPORT.—Not later than 2 years after the date of the enactment of this Act, the Commission shall submit to Congress a report on the study under subsection (a).

SEC. 405. COVERAGE OF RELIGIOUS NONMEDICAL HEALTH CARE INSTITUTION SERVICES FURNISHED IN THE HOME.

(a) IN GENERAL.—Section 1821(a) (42 U.S.C. 1395i–5(a)) is amended—

(1) in the matter preceding paragraph (1), by inserting ''and for home health services furnished an individual by a religious nonmedical health care institution'' after ''religious nonmedical health care institution''; and

(2) in paragraph (2)—

(A) by striking ''or extended care services'' and inserting '', extended care services, or home health services''; and

(B) by inserting '', or receiving services from a home health agency,'' after ''skilled nursing facility''.

(b) DEFINITION.—Section 1861 (42 U.S.C. 1395x), as amended by section 342, is amended by adding at the end the following new section:

''Extended Care in Religious Nonmedical Health Care Institutions

''(aaa)(1) The term 'home health agency' also includes a religious nonmedical health care institution (as defined in subsection (ss)(1)), but only with respect to items and services ordinarily furnished by such an institution to individuals in their homes, and that are comparable to items and services furnished to individuals by a home health agency that is not religious nonmedical health care institution.

''(2)(A) Subject to subparagraphs (B), payment may be made with respect to services provided by such an institution only to such extent and under such conditions, limitations, and requirements (in addition to or in lieu of the conditions, limitations, and requirements otherwise applicable) as may be provided in regulations consistent with section 1821.

''(B) Notwithstanding any other provision of this title, payment may not be made under subparagraph (A)—

''(i) in a year insofar as such payments exceed $700,000; and

''(ii) after December 31, 2006.''.

Subtitle B—Graduate Medical Education

SEC. 411. EXCEPTION TO INITIAL RESIDENCY PERIOD FOR GERIATRIC RESIDENCY OR FELLOWSHIP PROGRAMS.

(a) CLARIFICATION OF CONGRESSIONAL INTENT.—Congress intended section 1886(h)(5)(F)(ii) of the Social Security Act (42 U.S.C. 1395ww(h)(5)(F)(ii)), as added by section 9202 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (Public Law 99–272), to provide an exception to the initial residency period for geriatric residency or fellowship programs such that, where a particular approved geriatric training program requires a resident to complete 2 years of training to initially become board eligible in the geriatric specialty, the 2 years spent in the geriatric training program are treated as part of the resident's initial residency period, but are not counted against any limitation on the initial residency period.

(b) INTERIM FINAL REGULATORY AUTHORITY AND EFFECTIVE DATE.—The Secretary shall promulgate interim final regulations consistent with the congressional intent expressed in this section after notice and pending opportunity for public comment to be effective for cost reporting periods beginning on or after October 1, 2003.

SEC. 412. TREATMENT OF VOLUNTEER SUPERVISION.

(a) MORATORIUM ON CHANGES IN TREATMENT.—During the 1-year period beginning on January 1, 2004, for purposes of applying subsections (d)(5)(B) and (h) of section 1886 of the Social Security Act (42 U.S.C. 1395ww), the Secretary shall allow all hospitals to count residents in osteopathic and allopathic family practice programs in existence as of January 1, 2002, who are training at non-hospital sites, without regard to the financial arrangement between the hospital and the teaching physician practicing in the non-hospital site to which the resident has been assigned.

(b) STUDY AND REPORT.—

(1) STUDY.—The Inspector General of the Department of Health and Human Services shall conduct a study of the appropriateness of alternative payment methodologies under such sections for the costs of training residents in non-hospital settings.

(2) REPORT.—Not later than 1 year after the date of the enactment of this Act, the Inspector General shall submit to Congress a report on the study conducted under paragraph (1), together with such recommendations as the Inspector General determines appropriate.

Subtitle C—Chronic Care Improvement

SEC. 421. VOLUNTARY CHRONIC CARE IMPROVEMENT UNDER TRADITIONAL FEE-FOR-SERVICE.

(a) IN GENERAL.—Title XVIII is amended by inserting after section 1806 the following new section:

''CHRONIC CARE IMPROVEMENT

''SEC. 1807. (a) IMPLEMENTATION OF CHRONIC CARE IMPROVEMENT PROGRAMS.—

''(1) IN GENERAL.—The Secretary shall provide for the phased-in development, testing, evaluation, and implementation of chronic care improvement programs in accordance with this section. Each such program shall be designed to improve clinical quality and beneficiary satisfaction and achieve spending targets with respect to expenditures under this title for targeted beneficiaries with one or more threshold conditions.

''(2) DEFINITIONS.—For purposes of this section:

''(A) CHRONIC CARE IMPROVEMENT PROGRAM.—The term 'chronic care improvement program' means a program described in paragraph (1) that is offered under an agreement under subsection (b) or (c).

''(B) CHRONIC CARE IMPROVEMENT ORGANIZATION.—The term 'chronic care improvement organization' means an entity that has entered into an agreement under subsection (b) or (c) to provide, directly or through contracts with subcontractors, a chronic care improvement program under this section. Such an entity may be a disease management organization, health insurer, integrated delivery system, physician group practice, a consortium of such entities, or any other legal entity that the Secretary determines appropriate to carry out a chronic care improvement program under this section.

''(C) CARE MANAGEMENT PLAN.—The term 'care management plan' means a plan established under subsection (d) for a participant in a chronic care improvement program.

''(D) THRESHOLD CONDITION.—The term 'threshold condition' means a chronic condition, such as congestive heart failure, diabetes, chronic obstructive pulmonary disease (COPD), or other diseases or conditions, as selected by the Secretary as appropriate for the establishment of a chronic care improvement program.

''(E) TARGETED BENEFICIARY.—The term 'targeted beneficiary' means, with respect to a chronic care improvement program, an individual who—

''(i) is entitled to benefits under part A and enrolled under part B, but not enrolled in a plan under part C;

''(ii) has one or more threshold conditions covered under such program; and

''(iii) has been identified under subsection (d)(1) as a potential participant in such program.

''(3) CONSTRUCTION.—Nothing in this section shall be construed as—

''(A) expanding the amount, duration, or scope of benefits under this title;

''(B) providing an entitlement to participate in a chronic care improvement program under this section;

''(C) providing for any hearing or appeal rights under section 1869, 1878, or otherwise, with respect to a chronic care improvement program under this section; or

''(D) providing benefits under a chronic care improvement program for which a claim may be submitted to the Secretary by any provider of services or supplier (as defined in section 1861(d)).

''(b) DEVELOPMENTAL PHASE (PHASE I).—

''(1) IN GENERAL.—In carrying out this section, the Secretary shall enter into agreements consistent with subsection (f) with chronic care improvement organizations for the development, testing, and evaluation of chronic care improvement programs using randomized controlled trials. The first such agreement shall be entered into not later than 12 months after the date of the enactment of this section.

''(2) AGREEMENT PERIOD.—The period of an agreement under this subsection shall be for 3 years.

''(3) MINIMUM PARTICIPATION.—

''(A) IN GENERAL.—The Secretary shall enter into agreements under this subsection in a manner so that chronic care improvement programs offered under this section are offered in geographic areas that, in the aggregate, consist of areas in which at least 10 percent of the aggregate number of medicare beneficiaries reside.

''(B) MEDICARE BENEFICIARY DEFINED.—In this paragraph, the term 'medicare beneficiary' means an individual who is entitled to benefits under part A, enrolled under part B, or both, and who resides in the United States.

''(4) SITE SELECTION.—In selecting geographic areas in which agreements are entered into under this subsection, the Secretary shall ensure that each chronic care improvement program is conducted in a geographic area in which at least 10,000 targeted beneficiaries reside among other individuals entitled to benefits under part A, enrolled under part B, or both to serve as a control population.

''(5) INDEPENDENT EVALUATIONS OF PHASE I PROGRAMS.—The Secretary shall contract for an independent evaluation of the programs conducted under this subsection. Such evaluation shall be done by a contractor with knowledge of chronic care management programs and demonstrated experience in the evaluation of such programs. Each evaluation shall include an assessment of the following factors of the programs:

''(A) Quality improvement measures, such as adherence to evidence-based guidelines and rehospitalization rates.

''(B) Beneficiary and provider satisfaction.

''(C) Health outcomes.

''(D) Financial outcomes, including any cost savings to the program under this title.

''(c) EXPANDED IMPLEMENTATION PHASE (PHASE II).—

''(1) IN GENERAL.—With respect to chronic care improvement programs conducted under subsection (b), if the Secretary finds that the results of the independent evaluation conducted under subsection (b)(6) indicate that the conditions specified in paragraph (2) have been met by a program (or components of such program), the Secretary shall enter into agreements consistent with subsection (f) to expand the implementation of the program (or components) to additional geographic areas not covered under the program as conducted under subsection (b), which may include the implementation of the program on a national basis. Such expansion shall begin not earlier than 2 years after the program is implemented under subsection (b) and not later than 6 months after the date of completion of such program.

''(2) CONDITIONS FOR EXPANSION OF PROGRAMS.—The conditions specified in this paragraph are, with respect to a chronic care improvement program conducted under subsection (b) for a threshold condition, that the program is expected to—

''(A) improve the clinical quality of care;

''(B) improve beneficiary satisfaction; and

''(C) achieve targets for savings to the program under this title specified by the Secretary in the agreement within a range determined to be appropriate by the Secretary, subject to the application of budget neutrality with respect to the program and not taking into account any payments by the organization under the agreement under the program for risk under subsection (f)(3)(B).

''(3) INDEPENDENT EVALUATIONS OF PHASE II PROGRAMS.—The Secretary shall carry out evaluations of programs expanded under this subsection as the Secretary determines appropriate. Such evaluations shall be carried out in the similar manner as is provided under subsection (b)(5).

''(d) IDENTIFICATION AND ENROLLMENT OF PROSPECTIVE PROGRAM PARTICIPANTS.—

''(1) IDENTIFICATION OF PROSPECTIVE PROGRAM PARTICIPANTS.—The Secretary shall establish a method for identifying targeted beneficiaries who may benefit from participation in a chronic care improvement program.

''(2) INITIAL CONTACT BY SECRETARY.—The Secretary shall communicate with each targeted beneficiary concerning participation in a chronic care improvement program. Such communication may be made by the Secretary and shall include information on the following:

''(A) A description of the advantages to the beneficiary in participating in a program.

''(B) Notification that the organization offering a program may contact the beneficiary directly concerning such participation.

''(C) Notification that participation in a program is voluntary.

''(D) A description of the method for the beneficiary to participate or for declining to participate and the method for obtaining additional information concerning such participation.

''(3) VOLUNTARY PARTICIPATION.—A targeted beneficiary may participate in a chronic care improvement program on a voluntary basis and may terminate participation at any time.

''(e) CHRONIC CARE IMPROVEMENT PROGRAMS.—

''(1) IN GENERAL.—Each chronic care improvement program shall—

''(A) have a process to screen each targeted beneficiary for conditions other than threshold conditions, such as impaired cognitive ability and co-morbidities, for the purposes of developing an individualized, goal-oriented care management plan under paragraph (2);

''(B) provide each targeted beneficiary participating in the program with such plan; and

''(C) carry out such plan and other chronic care improvement activities in accordance with paragraph (3).

''(2) ELEMENTS OF CARE MANAGEMENT PLANS.—A care management plan for a targeted beneficiary shall be developed with the beneficiary and shall, to the extent appropriate, include the following:

''(A) A designated point of contact responsible for communications with the beneficiary and for facilitating communications with other health care providers under the plan.

''(B) Self-care education for the beneficiary (through approaches such as disease management or medical nutrition therapy) and education for primary caregivers and family members.

''(C) Education for physicians and other providers and collaboration to enhance communication of relevant clinical information.

''(D) The use of monitoring technologies that enable patient guidance through the exchange of pertinent clinical information, such as vital signs, symptomatic information, and health self-assessment.

''(E) The provision of information about hospice care, pain and palliative care, and end-of-life care.

''(3) CONDUCT OF PROGRAMS.—In carrying out paragraph (1)(C) with respect to a participant, the chronic care improvement organization shall—

''(A) guide the participant in managing the participant's health (including all co-morbidities, relevant health care services, and pharmaceutical needs) and in performing activities as specified under the elements of the care management plan of the participant;

''(B) use decision-support tools such as evidence-based practice guidelines or other criteria as determined by the Secretary; and

''(C) develop a clinical information database to track and monitor each participant across settings and to evaluate outcomes.

''(4) ADDITIONAL RESPONSIBILITIES.—

''(A) OUTCOMES REPORT.—Each chronic care improvement organization offering a chronic care improvement program shall monitor and report to the Secretary, in a manner specified by the Secretary, on health care quality, cost, and outcomes.

''(B) ADDITIONAL REQUIREMENTS.—Each such organization and program shall comply with such additional requirements as the Secretary may specify.

''(5) ACCREDITATION.—The Secretary may provide that chronic care improvement programs and chronic care improvement organizations that are accredited by qualified organizations (as defined by the Secretary) may be deemed to meet such requirements under this section as the Secretary may specify.

''(f) TERMS OF AGREEMENTS.—

''(1) TERMS AND CONDITIONS.—

''(A) IN GENERAL.—An agreement under this section with a chronic care improvement organization shall contain such terms and conditions as the Secretary may specify consistent with this section.

''(B) CLINICAL, QUALITY IMPROVEMENT, AND FINANCIAL REQUIREMENTS.—The Secretary may not enter into an agreement with such an organization under this section for the operation of a chronic care improvement program unless—

''(i) the program and organization meet the requirements of subsection (e) and such clinical, quality improvement, financial, and other requirements as the Secretary deems to be appropriate for the targeted beneficiaries to be served; and

''(ii) the organization demonstrates to the satisfaction of the Secretary that the organization is able to assume financial risk for performance under the agreement (as applied under paragraph (3)(B)) with respect to payments made to the organization under such

agreement through available reserves, reinsurance, withholds, or such other means as the Secretary determines appropriate.

''(2) MANNER OF PAYMENT.—Subject to paragraph (3)(B), the payment under an agreement under—

''(A) subsection (b) shall be computed on a per-member per-month basis; or

''(B) subsection (c) may be on a per-member per-month basis or such other basis as the Secretary and organization may agree.

''(3) APPLICATION OF PERFORMANCE STANDARDS.—

''(A) SPECIFICATION OF PERFORMANCE STANDARDS.—Each agreement under this section with a chronic care improvement organization shall specify performance standards for each of the factors specified in subsection (c)(2), including clinical quality and spending targets under this title, against which the performance of the chronic care improvement organization under the agreement is measured.

''(B) ADJUSTMENT OF PAYMENT BASED ON PERFORMANCE.—

''(i) IN GENERAL.—Each such agreement shall provide for adjustments in payment rates to an organization under the agreement insofar as the Secretary determines that the organization failed to meet the performance standards specified in the agreement under subparagraph (A).

''(ii) FINANCIAL RISK FOR PERFORMANCE.—In the case of an agreement under subsection (b) or (c), the agreement shall provide for a full recovery for any amount by which the fees paid to the organization under the agreement exceed the estimated savings to the programs under this title attributable to implementation of such agreement.

''(4) BUDGET NEUTRAL PAYMENT CONDITION.—Under this section, the Secretary shall ensure that the aggregate sum of medicare program benefit expenditures for beneficiaries participating in chronic care improvement programs and funds paid to chronic care improvement organizations under this section, shall not exceed the medicare program benefit expenditures that the Secretary estimates would have been made for such targeted beneficiaries in the absence of such programs.

''(g) FUNDING.—(1) Subject to paragraph (2), there are appropriated to the Secretary, in appropriate part from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund, such sums as may be necessary to provide for agreements with chronic care improvement programs under this section.

''(2) In no case shall the funding under this section exceed $100,000,000 in aggregate increased expenditures under this title (after taking into account any savings attributable to the operation of this section) over the 3-fiscal-year period beginning on October 1, 2003.''.

(b) REPORTS.—The Secretary shall submit to Congress reports on the operation of section 1807 of the Social Security Act, as added by subsection (a), as follows:

(1) Not later than 2 years after the date of the implementation of such section, the Secretary shall submit to Congress an interim report on the scope of implementation of the programs under subsection (b) of such section, the design of the programs, and preliminary cost and quality findings with respect to those programs based on the following measures of the programs:

(A) Quality improvement measures, such as adherence to evidence-based guidelines and rehospitalization rates.

(B) Beneficiary and provider satisfaction.

(C) Health outcomes.

(D) Financial outcomes.

(2) Not later than 3 years and 6 months after the date of the implementation of such section the Secretary shall submit to Congress an update to the report required under paragraph (1) on the results of such programs.

(3) The Secretary shall submit to Congress 2 additional biennial reports on the chronic care improvement programs conducted under such section. The first such report shall be submitted not later than 2 years after the report is submitted under paragraph (2). Each such report shall include information on—

(A) the scope of implementation (in terms of both regions and chronic conditions) of the chronic care improvement programs;

(B) the design of the programs; and

(C) the improvements in health outcomes and financial efficiencies that result from such implementation.

SEC. 422. MEDICARE ADVANTAGE QUALITY IMPROVEMENT PROGRAMS.

(a) IN GENERAL.—Section 1852(e) (42 U.S.C. 1395w–22(e)) is amended—

(1) in the heading, by striking ''ASSURANCE'' and inserting ''IMPROVEMENT'';

(2) by amending paragraphs (1) through (3) to read as follows:

''(1) IN GENERAL.—Each MA organization shall have an ongoing quality improvement program for the purpose of improving the quality of care provided to enrollees in each MA plan offered by such organization (other than an MA private fee-for-service plan or an MSA plan).

''(2) CHRONIC CARE IMPROVEMENT PROGRAMS.—As part of the quality improvement program under paragraph (1), each MA organization shall have a chronic care improvement program. Each chronic care improvement program shall have a method for monitoring and identifying enrollees with multiple or sufficiently severe chronic conditions that meet criteria established by the organization for participation under the program.

''(3) DATA.—

''(A) COLLECTION, ANALYSIS, AND REPORTING.—

''(i) IN GENERAL.—Except as provided in clauses (ii) and (iii) with respect to plans described in such clauses and subject to subparagraph (B), as part of the quality improvement program under paragraph (1), each MA organization shall provide for the collection, analysis, and reporting of data that permits the measurement of health outcomes and other indices of quality.

''(ii) APPLICATION TO MA REGIONAL PLANS.—The Secretary shall establish as appropriate by regulation requirements for the collection, analysis, and reporting of data that permits the measurement of health outcomes and other indices of quality for MA organizations with respect to MA regional plans. Such requirements may not exceed the requirements under this subparagraph with respect to MA local plans that are preferred provider organization plans.

''(iii) APPLICATION TO PREFERRED PROVIDER ORGANIZATIONS.—Clause (i) shall apply to MA organizations with respect to MA local plans that are preferred provider organization plans only insofar as services are furnished by providers or services, physicians, and other health care practitioners and suppliers that have contracts with such organization to furnish services under such plans.

''(iv) DEFINITION OF PREFERRED PROVIDER ORGANIZATION PLAN.—In this subparagraph, the term 'preferred provider organization plan' means an MA plan that—

''(I) has a network of providers that have agreed to a contractually specified reimbursement for covered benefits with the organization offering the plan;

''(II) provides for reimbursement for all covered benefits regardless of whether such benefits are provided within such network of providers; and

''(III) is offered by an organization that is not licensed or organized under State law as a health maintenance organization.

''(B) LIMITATIONS.—

''(i) TYPES OF DATA.—The Secretary shall not collect under subparagraph (A) data on quality, outcomes, and beneficiary satisfaction to facilitate consumer choice and program administration other than the types of data that were collected by the Secretary as of November 1, 2003.

''(ii) CHANGES IN TYPES OF DATA.—Subject to subclause (iii), the Secretary may only change the types of data that are required to be submitted under subparagraph (A) after submitting to Congress a report on the reasons for such changes that was prepared in consultation with MA organizations and private accrediting bodies.

''(iii) CONSTRUCTION.—Nothing in the subsection shall be construed as restricting the ability of the Secretary to carry out the duties under section 1851(d)(4)(D).'';

(3) in paragraph (4)(B), by amending clause (i) to read as follows:

''(i) Paragraphs (1) through (3) of this subsection (relating to quality improvement programs).''; and

(4) by striking paragraph (5).

(b) CONFORMING AMENDMENT.—Section 1852(c)(1)(I) (42 U.S.C. 1395w–22(c)(1)(I)) is amended to read as follows:

''(I) QUALITY IMPROVEMENT PROGRAM.—A description of the organization's quality improvement program under subsection (e).''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply with respect to contract years beginning on and after January 1, 2006.

SEC. 423. CHRONICALLY ILL MEDICARE BENEFICIARY RESEARCH, DATA, DEMONSTRATION STRATEGY.

(a) DEVELOPMENT OF PLAN.—Not later than 6 months after the date of the enactment of this Act, the Secretary shall develop a plan to improve quality of care and reduce the cost of care for chronically ill medicare beneficiaries.

(b) PLAN REQUIREMENTS.—The plan will utilize existing data and identify data gaps, develop research initiatives, and propose intervention demonstration programs to provide better health care for chronically ill medicare beneficiaries. The plan shall—

(1) integrate existing data sets including, the Medicare Current Beneficiary Survey (MCBS), Minimum Data Set (MDS), Outcome and Assessment Information Set (OASIS), data from Quality Improvement Organizations (QIO), and claims data;

(2) identify any new data needs and a methodology to address new data needs;

(3) plan for the collection of such data in a data warehouse; and

(4) develop a research agenda using such data.

(c) CONSULTATION.—In developing the plan under this section, the Secretary shall consult with experts in the fields of care for the chronically ill (including clinicians).

(d) IMPLEMENTATION.—Not later than 2 years after the date of the enactment of this Act, the Secretary shall implement the plan developed under this section. The Secretary may contract with appropriate entities to implement such plan.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary such sums as may be necessary in fiscal years 2004 and 2005 to carry out this section.

Subtitle D—Other Provisions

SEC. 431. IMPROVEMENTS IN NATIONAL AND LOCAL COVERAGE DETERMINATION PROCESS TO RESPOND TO CHANGES IN TECHNOLOGY.

(a) NATIONAL AND LOCAL COVERAGE DETERMINATION PROCESS.—

(1) IN GENERAL.—Section 1862 (42 U.S.C. 1395y), as amended by sections 948 and 950, is amended—

(A) in the third sentence of subsection (a), by inserting ''consistent with subsection (l)'' after ''the Secretary shall ensure''; and

(B) by adding at the end the following new subsection:

''(l) NATIONAL AND LOCAL COVERAGE DETERMINATION PROCESS.—

''(1) FACTORS AND EVIDENCE USED IN MAKING NATIONAL COVERAGE DETERMINATIONS.—The Secretary shall make available to the public the factors considered in making national coverage determinations of whether an item or service is reasonable and necessary. The Secretary shall develop guidance documents to carry out this paragraph in a manner similar to the development of guidance documents under section 701(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 371(h)).

''(2) TIMEFRAME FOR DECISIONS ON REQUESTS FOR NATIONAL COVERAGE DETERMINATIONS.—In the case of a request for a national coverage determination that—

''(A) does not require a technology assessment from an outside entity or deliberation from the Medicare Coverage Advisory Committee, the decision on the request shall be made not later than 6 months after the date of the request; or

''(B) requires such an assessment or deliberation and in which a clinical trial is not requested, the decision on the request shall be made not later than 9 months after the date of the request.

''(3) PROCESS FOR PUBLIC COMMENT IN NATIONAL COVERAGE DETERMINATIONS.—

''(A) PERIOD FOR PROPOSED DECISION.—Not later than the end of the 6-month period (or 9-month period for requests described in paragraph (2)(B)) that begins on the date a request for a national coverage determination is made, the Secretary shall make a draft of proposed decision on the request available to the public through the Internet website of the Centers for Medicare & Medicaid Services or other appropriate means.

''(B) 30-DAY PERIOD FOR PUBLIC COMMENT.—Beginning on the date the Secretary makes a draft of the proposed decision available under subparagraph (A), the Secretary shall provide a 30-day period for public comment on such draft.

''(C) 60-DAY PERIOD FOR FINAL DECISION.—Not later than 60 days after the conclusion of the 30-day period referred to under subparagraph (B), the Secretary shall—

''(i) make a final decision on the request;

''(ii) include in such final decision summaries of the public comments received and responses to such comments;

''(iii) make available to the public the clinical evidence and other data used in making such a decision when the decision differs from the recommendations of the Medicare Coverage Advisory Committee; and

''(iv) in the case of a final decision under clause (i) to grant the request for the national coverage determination, the Secretary shall assign a temporary or permanent code (whether existing or unclassified) and implement the coding change.

''(4) CONSULTATION WITH OUTSIDE EXPERTS IN CERTAIN NATIONAL COVERAGE DETERMINATIONS.—With respect to a request for a national coverage determination for which there is not a review by the Medicare Coverage Advisory Committee, the Secretary shall consult with appropriate outside clinical experts.

''(5) LOCAL COVERAGE DETERMINATION PROCESS.—

''(A) PLAN TO PROMOTE CONSISTENCY OF COVERAGE DETERMINATIONS.—The Secretary shall develop a plan to evaluate new local coverage determinations to determine which determinations should be adopted nationally and to what extent greater consistency can be achieved among local coverage determinations.

''(B) CONSULTATION.—The Secretary shall require the fiscal intermediaries or carriers providing services within the same area to consult on all new local coverage determinations within the area.

''(C) DISSEMINATION OF INFORMATION.—The Secretary should serve as a center to disseminate information on local coverage determinations among fiscal intermediaries and carriers to reduce duplication of effort.

''(6) NATIONAL AND LOCAL COVERAGE DETERMINATION DEFINED.—For purposes of this subsection—

''(A) NATIONAL COVERAGE DETERMINATION.—The term 'national coverage determination' means a determination by the Secretary with respect to whether or not a particular item or service is covered nationally under this title.

''(B) LOCAL COVERAGE DETERMINATION.—The term 'local coverage determination' has the meaning given that in section 1869(f)(2)(B).''.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall apply to national coverage determinations as of January 1, 2004, and section 1862(l)(5) of the Social Security Act, as added by such paragraph, shall apply to local coverage determinations made on or after July 1, 2004.

(b) MEDICARE COVERAGE OF ROUTINE COSTS ASSOCIATED WITH CERTAIN CLINICAL TRIALS OF CATEGORY A DEVICES.—

(1) IN GENERAL.—Section 1862 (42 U.S.C. 1395y), as amended by subsection (a), is amended by adding at the end the following new subsection:

''(m) COVERAGE OF ROUTINE COSTS ASSOCIATED WITH CERTAIN CLINICAL TRIALS OF CATEGORY A DEVICES.—

''(1) IN GENERAL.—In the case of an individual entitled to benefits under part A, or enrolled under part B, or both who participates in a category A clinical trial, the Secretary shall not exclude under subsection (a)(1) payment for coverage of routine costs of care (as defined by the Secretary) furnished to such individual in the trial.

''(2) CATEGORY A CLINICAL TRIAL.—For purposes of paragraph (1), a 'category A clinical trial' means a trial of a medical device if—

''(A) the trial is of an experimental/investigational (category A) medical device (as defined in regulations under section 405.201(b) of title 42, Code of Federal Regulations (as in effect as of September 1, 2003));

''(B) the trial meets criteria established by the Secretary to ensure that the trial conforms to appropriate scientific and ethical standards; and

''(C) in the case of a trial initiated before January 1, 2010, the device involved in the trial has been determined by the Secretary to be intended for use in the diagnosis, monitoring, or treatment of an immediately life-threatening disease or condition.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall apply to routine costs incurred on and after January 1, 2005, and, as of such date, section 411.15(o) of title 42, Code of Federal Regulations, is superseded to the extent inconsistent with section 1862(m) of the Social Security Act, as added by such paragraph.

(3) RULE OF CONSTRUCTION.—Nothing in the amendment made by paragraph (1) shall be construed as applying to, or affecting, coverage or payment for a nonexperimental/investigational (category B) device.

(c) ISSUANCE OF TEMPORARY NATIONAL CODES.—Not later than July 1, 2004, the Secretary shall implement revised procedures for the issuance of temporary national HCPCS codes under part B of title XVIII of the Social Security Act.

SEC. 432. EXTENSION OF TREATMENT OF CERTAIN PHYSICIAN PATHOLOGY SERVICES UNDER MEDICARE.

Section 542(c) of BIPA (114 Stat. 2763A–551) is amended by inserting '', and for services furnished during 2005 and 2006'' before the period at the end.

SEC. 433. PAYMENT FOR PANCREATIC ISLET CELL INVESTIGATIONAL TRANSPLANTS FOR MEDICARE BENEFICIARIES IN CLINICAL TRIALS.

(a) CLINICAL TRIAL.—

(1) IN GENERAL.—The Secretary, acting through the National Institute of Diabetes and Digestive and Kidney Disorders, shall conduct a clinical investigation of pancreatic islet cell transplantation which includes medicare beneficiaries.

(2) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary such sums as may be necessary to conduct the clinical investigation under paragraph (1).

(b) MEDICARE PAYMENT.—Not earlier than October 1, 2004, the Secretary shall pay for the routine costs as well as transplantation and appropriate related items and services (as described in subsection (c)) in the case of medicare beneficiaries who are participating in a clinical trial described in subsection (a) as if such transplantation were covered under title XVIII of such Act and as would be paid under part A or part B of such title for such beneficiary.

(c) SCOPE OF PAYMENT.—For purposes of subsection (b):

(1) The term ''routine costs'' means reasonable and necessary routine patient care costs (as defined in the Centers for Medicare & Medicaid Services Coverage Issues Manual, section 30–1), including immunosuppressive drugs and other followup care.

(2) The term ''transplantation and appropriate related items and services'' means items and services related to the acquisition and delivery of the pancreatic islet cell transplantation, notwithstanding any national noncoverage determination contained in the Centers for Medicare & Medicaid Services Coverage Issues Manual.

(3) The term ''medicare beneficiary'' means an individual who is entitled to benefits under part A of title XVIII of the Social Security Act, or enrolled under part B of such title, or both.

(d) CONSTRUCTION.—The provisions of this section shall not be construed—

(1) to permit payment for partial pancreatic tissue or islet cell transplantation under title XVIII of the Social Security Act other than payment as described in subsection (b); or

(2) as authorizing or requiring coverage or payment conveying—

(A) benefits under part A of such title to a beneficiary not entitled to such part A; or

(B) benefits under part B of such title to a beneficiary not enrolled in such part B.

SEC. 434. RESTORATION OF MEDICARE TRUST FUNDS.

(a) DEFINITIONS.—In this section:

(1) CLERICAL ERROR.—The term ''clerical error'' means a failure that occurs on or after April 15, 2001, to have transferred the correct amount from the general fund of the Treasury to a Trust Fund.

(2) TRUST FUND.—The term ''Trust Fund'' means the Federal Hospital Insurance Trust Fund established under section 1817 of the Social Security Act (42 U.S.C. 1395i) and the Federal Supplementary Medical Insurance Trust Fund established under section 1841 of such Act (42 U.S.C. 1395t).

(b) CORRECTION OF TRUST FUND HOLDINGS.—

(1) IN GENERAL.—The Secretary of the Treasury shall take the actions described in paragraph (2) with respect to the Trust Fund with the goal being that, after such actions are taken, the holdings of the Trust Fund will replicate, to the extent practicable in the judgment of the Secretary of the Treasury, in consultation with the Secretary, the holdings that would have been held by the Trust Fund if the clerical error involved had not occurred.

(2) OBLIGATIONS ISSUED AND REDEEMED.—The Secretary of the Treasury shall—

(A) issue to the Trust Fund obligations under chapter 31 of title 31, United States Code, that bear issue dates, interest rates, and maturity dates that are the same as those for the obligations that—

(i) would have been issued to the Trust Fund if the clerical error involved had not occurred; or

(ii) were issued to the Trust Fund and were redeemed by reason of the clerical error involved; and

(B) redeem from the Trust Fund obligations that would have been redeemed from the Trust Fund if the clerical error involved had not occurred.

(c) APPROPRIATION.—There is appropriated to the Trust Fund, out of any money in the Treasury not otherwise appropriated, an amount determined by the Secretary of the Treasury, in consultation with the Secretary, to be equal to the interest income lost by the Trust Fund through the date on which the appropriation is being made as a result of the clerical error involved.

(d) CONGRESSIONAL NOTICE.—In the case of a clerical error that occurs after April 15, 2001, the Secretary of the Treasury, before taking action to correct the error under this section, shall notify the appropriate committees of Congress concerning such error and the actions to be taken under this section in response to such error.

(e) DEADLINE.—With respect to the clerical error that occurred on April 15, 2001, not later than 120 days after the date of the enactment of this Act—

(1) the Secretary of the Treasury shall take the actions under subsection (b)(1); and

(2) the appropriation under subsection (c) shall be made.

SEC. 435. MODIFICATIONS TO MEDICARE PAYMENT ADVISORY COMMISSION (MEDPAC).

(a) EXAMINATION OF BUDGET CONSEQUENCES.—Section 1805(b) (42 U.S.C. 1395b–6(b)) is amended by adding at the end the following new paragraph:

''(8) EXAMINATION OF BUDGET CONSEQUENCES.—Before making any recommendations, the Commission shall examine the budget consequences of such recommendations, directly or through consultation with appropriate expert entities.''.

(b) CONSIDERATION OF EFFICIENT PROVISION OF SERVICES.—Section 1805(b)(2)(B)(i) (42 U.S.C. 1395b–6(b)(2)(B)(i)) is amended by inserting ''the efficient provision of'' after ''expenditures for''.

(c) APPLICATION OF DISCLOSURE REQUIREMENTS.—

(1) IN GENERAL.—Section 1805(c)(2)(D) (42 U.S.C. 1395b–6(c)(2)(D)) is amended by adding at the end the following: ''Members of the Commission shall be treated as employees of Congress for purposes of applying title I of the Ethics in Government Act of 1978 (Public Law 95–521).''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect on January 1, 2004.

(d) ADDITIONAL REPORTS.—

(1) DATA NEEDS AND SOURCES.—The Medicare Payment Advisory Commission shall conduct a study, and submit a report to Congress by not later than June 1, 2004, on the need for current data, and sources of current data available, to determine the solvency and financial circumstances of hospitals and other medicare providers of services.

(2) USE OF TAX-RELATED RETURNS.—Using return information provided under Form 990 of the Internal Revenue Service, the Commission shall submit to Congress, by not later than June 1, 2004, a report on the following:

(A) Investments, endowments, and fundraising of hospitals participating under the medicare program and related foundations.

(B) Access to capital financing for private and for not-for-profit hospitals.

(e) REPRESENTATION OF EXPERTS IN PRESCRIPTION DRUGS.—

(1) IN GENERAL.—Section 1805(c)(2)(B) (42 U.S.C. 1395b–6(c)(2)(B)) is amended by inserting ''experts in the area of pharmaco-economics or prescription drug benefit programs,'' after ''other health professionals,''.

(2) APPOINTMENT.—The Comptroller General of the United States shall ensure that the membership of the Commission complies with the amendment made by paragraph (1) with respect to appointments made on or after the date of the enactment of this Act.

SEC. 436. TECHNICAL AMENDMENTS.

(a) PART A.—(1) Section 1814(a) (42 U.S.C. 1395f(a)) is amended—

(A) by striking the seventh sentence, as added by section 322(a)(1) of BIPA (114 Stat. 2763A–501); and

(B) in paragraph (7)(A)—

(i) in clause (i), by inserting before the comma at the end the following: ''based on the physician's or medical director's clinical judgment regarding the normal course of the individual's illness''; and

(ii) in clause (ii), by inserting before the semicolon at the end the following: ''based on such clinical judgment''.

(2) Section 1814(b) (42 U.S.C. 1395f(b)), in the matter preceding paragraph (1), is amended by inserting a comma after ''1813''.

(3) Section 1815(e)(1)(B) (42 U.S.C. 1395g(e)(1)(B)), in the matter preceding clause (i), is amended by striking ''of hospital'' and inserting ''of a hospital''.

(4) Section 1816(c)(2)(B)(ii) (42 U.S.C. 1395h(c)(2)(B)(ii)) is amended—

(A) by striking ''and'' at the end of subclause (III); and

(B) by striking the period at the end of subclause (IV) and inserting '', and''.

(5) Section 1817(k)(3)(A) (42 U.S.C. 1395i(k)(3)(A)) is amended—

(A) in clause (i)(I), by striking the comma at the end and inserting a semicolon; and

(B) in clause (ii), by striking ''the Medicare and medicaid programs'' and inserting ''the programs under this title and title XIX''.

(6) Section 1817(k)(6)(B) (42 U.S.C. 1395i(k)(6)(B)) is amended by striking ''Medicare program under title XVIII'' and inserting ''program under this title''.

(7) Section 1818 (42 U.S.C. 1395i–2) is amended—

(A) in subsection (d)(6)(A) is amended by inserting ''of such Code'' after ''3111(b)''; and

(B) in subsection (g)(2)(B) is amended by striking ''subsection (b).'' and inserting ''subsection (b)''.

(8) Section 1819 (42 U.S.C. 1395i–3) is amended—

(A) in subsection (b)(4)(C)(i), by striking ''at least at least'' and inserting ''at least'';

(B) in subsection (d)(1)(A), by striking ''physical mental'' and inserting ''physical, mental''; and

(C) in subsection (f)(2)(B)(iii), by moving the last sentence 2 ems to the left.

(9) Section 1886(b)(3)(I)(i)(I) (42 U.S.C. 1395ww(b)(3)(I)(i)(I)) is amended by striking ''the the'' and inserting ''the''.

(10) The heading of subsection (mm) of section 1861 (42 U.S.C. 1395x) is amended to read as follows:

''Critical Access Hospital; Critical Access Hospital Services''.

(11) Paragraphs (1) and (2) of section 1861(tt) (42 U.S.C. 1395x(tt)) are each amended by striking ''rural primary care'' and inserting ''critical access''.

(12) Section 1865(b)(3)(B) (42 U.S.C. 1395bb(b)(3)(B)) is amended by striking ''section 1819 and 1861(j)'' and inserting ''sections 1819 and 1861(j)''.

(13) Section 1866(b)(2) (42 U.S.C. 1395cc(b)(2)) is amended by moving subparagraph (D) 2 ems to the left.

(14) Section 1867 (42 U.S.C. 1395dd) is amended—

(A) in the matter following clause (ii) of subsection (d)(1)(B), by striking ''is is'' and inserting ''is'';

(B) in subsection (e)(1)(B), by striking ''a pregnant women'' and inserting ''a pregnant woman''; and

(C) in subsection (e)(2), by striking ''means hospital'' and inserting ''means a hospital''.

(15) Section 1886(g)(3)(B) (42 U.S.C. 1395ww(g)(3)(B)) is amended by striking ''(as defined in subsection (d)(5)(D)(iii)'' and inserting ''(as defined in subsection (d)(5)(D)(iii))''.

(b) PART B.—(1) Section 1833(h)(5)(D) (42 U.S.C. 13951(h)(5)(D)) is amended by striking ''clinic,,'' and inserting ''clinic,''.

(2) Section 1833(t)(3)(C)(ii) (42 U.S.C. 13951(t)(3)(C)(ii)) is amended by striking ''clause (iii)'' and inserting ''clause (iv)''.

(3) Section 1861(v)(1)(S)(ii)(III) (42 U.S.C. 1395x(v)(1)(S)(ii)(III)) is amended by striking ''(as defined in section 1886(d)(5)(D)(iii)'' and inserting ''(as defined in section 1886(d)(5)(D)(iii))''.

(4) Section 1834(b)(4)(D)(iv) (42 U.S.C. 1395m(b)(4)(D)(iv)) is amended by striking ''clauses (vi)'' and inserting ''clause (vi)''.

(5) Section 1834(m)(4)(C)(ii)(III) (42 U.S.C. 1395m(m)(4)(C)(ii)(III)) is amended by striking ''1861(aa)(s)'' and inserting ''1861(aa)(2)''.

(6) Section 1838(a)(1) (42 U.S.C. 1395q(a)(1)) is amended by inserting a comma after ''1966''.

(7) The second sentence of section 1839(a)(4) (42 U.S.C. 1395r(a)(4)) is amended by striking ''which will'' and inserting ''will''.

(8) Section 1842(c)(2)(B)(ii) (42 U.S.C. 1395u(c)(2)(B)(ii)) is amended—

(A) by striking ''and'' at the end of subclause (III); and

(B) by striking the period at the end of subclause (IV) and inserting '', and''.

(9) Section 1842(i)(2) (42 U.S.C. 1395u(i)(2)) is amended by striking ''services, a physician'' and inserting ''services, to a physician''.

(10) Section 1848(i)(3)(A) (42 U.S.C. 1395w–4(i)(3)(A)) is amended by striking ''a comparable services'' and inserting ''comparable services''.

(11) Section 1861(s)(2)(K)(i) (42 U.S.C. 1395x(s)(2)(K)(i)) is amended by striking ''; and but'' and inserting '', but''.

(12) Section 1861(aa)(1)(B) (42 U.S.C. 1395x(aa)(1)(B)) is amended by striking '',,'' and inserting a comma.

(13) Section 128(b)(2) of BIPA (114 Stat. 2763A–480) is amended by striking ''Not later that'' and inserting ''Not later than'' each place it appears.

(c) PARTS A AND B.—(1) Section 1812(a)(3) (42 U.S.C. 1395d(a)(3)) is amended—

(A) by striking ''for individuals not'' and inserting ''in the case of individuals not''; and

(B) by striking ''for individuals so'' and inserting ''in the case of individuals so''.

(2)(A) Section 1814(a) (42 U.S.C. 1395f(a)) is amended in the sixth sentence by striking ''leave home,'' and inserting ''leave home and''.

(B) Section 1835(a) (42 U.S.C. 1395n(a)) is amended in the seventh sentence by striking ''leave home,'' and inserting ''leave home and''.

(3) Section 1891(d)(1) (42 U.S.C. 1395bbb(d)(1)) is amended by striking ''subsection (c)(2)(C)(I)'' and inserting ''subsection (c)(2)(C)(i)(I)''.

(4) Section 1861(v) (42 U.S.C. 1395x(v)) is amended by moving paragraph (8) (including clauses (i) through (v) of such paragraph) 2 ems to the left.

(5) Section 1866B(b)(7)(D) (42 U.S.C. 1395cc–2(b)(7)(D)) is amended by striking ''(c)(2)(A)(ii)'' and inserting ''(c)(2)(B)''.

(6) Section 1886(h)(3)(D)(ii)(III) (42 U.S.C. 1395ww(h)(3)(D)(ii)(III)) is amended by striking ''and'' after the comma at the end.

(7) Section 1893(a) (42 U.S.C. 1395ddd(a)) is amended by striking ''Medicare program'' and inserting ''medicare program''.

(8) Section 1896(b)(4) (42 U.S.C. 1395ggg(b)(4)) is amended by striking ''701(f)'' and inserting ''712(f)''.

(d) PART C.—(1) Section 1853 (42 U.S.C. 1395w–23), as amended by section 307 of BIPA (114 Stat. 2763A–558), is amended—

(A) in subsection (a)(3)(C)(ii), by striking ''clause (iii)'' and inserting ''clause (iv)'';

(B) in subsection (a)(3)(C), by redesignating the clause (iii) added by such section 307 as clause (iv); and

(C) in subsection (c)(5), by striking ''(a)(3)(C)(iii)'' and inserting ''(a)(3)(C)(iv)''.

(2) Section 1876 (42 U.S.C. 1395mm) is amended—

(A) in subsection (c)(2)(B), by striking ''signifcant'' and inserting ''significant''; and

(B) in subsection (j)(2), by striking ''this setion'' and inserting ''this section''.

(e) MEDIGAP.—Section 1882 (42 U.S.C. 1395ss) is amended—

(1) in subsection (d)(3)(A)(i)(II), by striking ''plan a medicare supplemental policy'' and inserting ''plan, a medicare supplemental policy'';

(2) in subsection (d)(3)(B)(iii)(II), by striking ''to the best of the issuer or seller's knowledge'' and inserting ''to the best of the issuer's or seller's knowledge'';

(3) in subsection (g)(2)(A), by striking ''medicare supplement policies'' and inserting ''medicare supplemental policies'';

(4) in subsection (p)(2)(B), by striking '', and'' and inserting ''; and''; and

(5) in subsection (s)(3)(A)(iii), by striking ''pre-existing'' and inserting ''preexisting''.

TITLE V—ADMINISTRATIVE IMPROVEMENTS, REGULATORY REDUCTION, AND CONTRACTING REFORM

SEC. 500. ADMINISTRATIVE IMPROVEMENTS WITHIN THE CENTERS FOR MEDICARE & MEDICAID SERVICES (CMS).

(a) COORDINATED ADMINISTRATION OF MEDICARE PRESCRIPTION DRUG AND MEDICARE ADVANTAGE PROGRAMS.—Title XVIII (42 U.S.C. 1395 et seq.), as amended by section 421, is amended by inserting after 1807 the following new section:

''PROVISIONS RELATING TO ADMINISTRATION

''SEC. 1808. (a) COORDINATED ADMINISTRATION OF MEDICARE PRESCRIPTION DRUG AND MEDICARE ADVANTAGE PROGRAMS.—

''(1) IN GENERAL.—There is within the Centers for Medicare & Medicaid Services a center to carry out the duties described in paragraph (3).

''(2) DIRECTOR.—Such center shall be headed by a director who shall report directly to the Administrator of the Centers for Medicare & Medicaid Services.

''(3) DUTIES.—The duties described in this paragraph are the following:

''(A) The administration of parts C and D.

''(B) The provision of notice and information under section 1804.

''(C) Such other duties as the Secretary may specify.

''(4) DEADLINE.—The Secretary shall ensure that the center is carrying out the duties described in paragraph (3) by not later than January 1, 2008.''.

(b) MANAGEMENT STAFF FOR THE CENTERS FOR MEDICARE & MEDICAID SERVICES.—Such section is further amended by adding at the end the following new subsection:

''(b) EMPLOYMENT OF MANAGEMENT STAFF.—

''(1) IN GENERAL.—The Secretary may employ, within the Centers for Medicare & Medicaid Services, such individuals as management staff as the Secretary determines to be appropriate. With respect to the administration of parts C and D, such individuals shall include individuals with private sector expertise in negotiations with health benefits plans.

''(2) ELIGIBILITY.—To be eligible for employment under paragraph (1) an individual shall be required to have demonstrated, by their education and experience (either in the public or private sector), superior expertise in at least one of the following areas:

''(A) The review, negotiation, and administration of health care contracts.

''(B) The design of health care benefit plans.

''(C) Actuarial sciences.

''(D) Compliance with health plan contracts.

''(E) Consumer education and decision making.

''(F) Any other area specified by the Secretary that requires specialized management or other expertise.

''(3) RATES OF PAYMENT.—

''(A) PERFORMANCE-RELATED PAY.—Subject to subparagraph (B), the Secretary shall establish the rate of pay for an individual employed under paragraph (1). Such rate shall take into account expertise, experience, and performance.

''(B) LIMITATION.—In no case may the rate of compensation determined under subparagraph (A) exceed the highest rate of basic pay for the Senior Executive Service under section 5382(b) of title 5, United States Code.''.

(c) REQUIREMENT FOR DEDICATED ACTUARY FOR PRIVATE HEALTH PLANS.—Section 1117(b) (42 U.S.C. 1317(b)) is amended by adding at the end the following new paragraph:

''(3) In the office of the Chief Actuary there shall be an actuary whose duties relate exclusively to the programs under parts C and D of title XVIII and related provisions of such title.''.

(d) INCREASE IN GRADE TO EXECUTIVE LEVEL III FOR THE ADMINISTRATOR OF THE CENTERS FOR MEDICARE & MEDICAID SERVICES.—

(1) IN GENERAL.—Section 5314 of title 5, United States Code, is amended by adding at the end the following:

''Administrator of the Centers for Medicare & Medicaid Services.''.

(2) CONFORMING AMENDMENT.—Section 5315 of such title is amended by striking ''Administrator of the Health Care Financing Administration.''.

(3) EFFECTIVE DATE.—The amendments made by this subsection take effect on January 1, 2004.

(e) CONFORMING AMENDMENTS RELATING TO HEALTH CARE FINANCING ADMINISTRATION.—

(1) AMENDMENTS TO THE SOCIAL SECURITY ACT.—The Social Security Act is amended—

(A) in section 1117 (42 U.S.C. 1317)—

(i) in the heading to read as follows:

''APPOINTMENT OF THE ADMINISTRATOR AND CHIEF ACTUARY OF THE CENTERS FOR MEDICARE & MEDICAID SERVICES'';

(ii) in subsection (a), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''; and

(iii) in subsection (b)(1)—

(I) by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''; and

(II) by striking ''Administration'' and inserting ''Centers'';

(B) in section 1140(a) (42 U.S.C. 1320b–10(a))—

(i) in paragraph (1), by striking ''Health Care Financing Administration'' both places it appears in the

matter following subparagraph (B) and inserting ''Centers for Medicare & Medicaid Services'';

(ii) in paragraph (1)(A)—

(I) by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''; and

(II) by striking ''HCFA'' and inserting ''CMS''; and

(iii) in paragraph (1)(B), by striking ''Health Care Financing Administration'' both places it appears and inserting ''Centers for Medicare & Medicaid Services'';

(C) in section 1142(b)(3) (42 U.S.C. 1320b–12(b)(3)), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services'';

(D) in section 1817(b) (42 U.S.C. 1395i(b))—

(i) by striking ''Health Care Financing Administration'', both in the fifth sentence of the matter preceding paragraph (1) and in the second sentence of the

matter following paragraph (4), and inserting ''Centers for Medicare & Medicaid Services''; and

(ii) by striking ''Chief Actuarial Officer'' in the second sentence of the

matter following paragraph (4) and inserting ''Chief Actuary'';

(E) in section 1841(b) (42 U.S.C. 1395t(b))—

(i) by striking ''Health Care Financing Administration'', both in the fifth sentence of the matter preceding paragraph (1) and in the second sentence of the

matter following paragraph (4), and inserting ''Centers for Medicare & Medicaid Services''; and

(ii) by striking ''Chief Actuarial Officer'' in the second sentence of the

matter following paragraph (4) and inserting ''Chief Actuary'';

(F) in section 1852(a)(5) (42 U.S.C. 1395w–22(a)(5)), by striking ''Health Care Financing Administration'' in the

matter following subparagraph (B) and inserting ''Centers for Medicare & Medicaid Services'';

(G) in section 1853 (42 U.S.C. 1395w–23)—

(i) in subsection (b)(4), by striking ''Health Care Financing Administration'' in the first sentence and inserting ''Centers for Medicare & Medicaid Services''; and

(ii) in subsection (c)(7), by striking ''Health Care Financing Administration'' in the last sentence and inserting ''Centers for Medicare & Medicaid Services'';

(H) in section 1854(a)(5)(A) (42 U.S.C. 1395w–24(a)(5)(A)), by striking ''Health Care Financing Administration''and inserting ''Centers for Medicare & Medicaid Services'';

(I) in section 1857(d)(4)(A)(ii) (42 U.S.C. 1395w–27(d)(4)(A)(ii)), by striking ''Health Care Financing Administration'' and inserting ''Secretary'';

(J) in section 1862(b)(5)(A)(ii) (42 U.S.C. 1395y(b)(5)(A)(ii)), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services'';

(K) in section 1927(e)(4) (42 U.S.C. 1396r–8(e)(4)), by striking ''HCFA'' and inserting ''The Secretary'';

(L) in section 1927(f)(2) (42 U.S.C. 1396r–8(f)(2)), by striking ''HCFA'' and inserting ''The Secretary''; and

(M) in section 2104(g)(3) (42 U.S.C. 1397dd(g)(3)) by inserting ''or CMS Form 64 or CMS Form 21, as the case may be,'' after ''HCFA Form 64 or HCFA Form 21''

(2) AMENDMENTS TO THE PUBLIC HEALTH SERVICE ACT.—The Public Health Service Act is amended—

(A) in section 501(d)(18) (42 U.S.C. 290aa(d)(18)), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services'';

(B) in section 507(b)(6) (42 U.S.C. 290bb(b)(6)), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services'';

(C) in section 916 (42 U.S.C. 299b–5)—

(i) in subsection (b)(2), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''; and

(ii) in subsection (c)(2), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services'';

(D) in section 921(c)(3)(A) (42 U.S.C. 299c(c)(3)(A)), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services'';

(E) in section 1318(a)(2) (42 U.S.C. 300e–17(a)(2)), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services'';

(F) in section 2102(a)(7) (42 U.S.C. 300aa–2(a)(7)), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''; and

(G) in section 2675(a) (42 U.S.C. 300ff–75(a)), by striking ''Health Care Financing Administration'' in the first sentence and inserting ''Centers for Medicare & Medicaid Services''.

(3) AMENDMENTS TO THE INTERNAL REVENUE CODE OF 1986.—Section 6103(l)(12) of the Internal Revenue Code of 1986 is amended—

(A) in subparagraph (B), by striking ''Health Care Financing Administration'' in the matter preceding clause (i) and inserting ''Centers for Medicare & Medicaid Services''; and

(B) in subparagraph (C)—

(i) by striking ''HEALTH CARE FINANCING ADMINISTRATION'' in the heading and inserting ''CENTERS FOR MEDICARE & MEDICAID SERVICES''; and

(ii) by striking ''Health Care Financing Administration'' in the matter preceding clause (i) and inserting ''Centers for Medicare & Medicaid Services''.

(4) AMENDMENTS TO TITLE 10, UNITED STATES CODE.—Title 10, United States Code, is amended—

(A) in section 1086(d)(4), by striking ''administrator of the Health Care Financing Administration'' in the last sentence and inserting ''Administrator of the Centers for Medicare & Medicaid Services''; and

(B) in section 1095(k)(2), by striking ''Health Care Financing Administration'' in the second sentence and inserting ''Centers for Medicare & Medicaid Services''.

(5) AMENDMENTS TO THE ALZHEIMER'S DISEASE AND RELATED DEMENTIAS SERVICES RESEARCH ACT OF 1992.—The Alzheimer's Disease and Related Dementias Research Act of 1992 (42 U.S.C. 11271 et seq.) is amended—

(A) in the heading of subpart 3 of part D to read as follows:

''Subpart 3—Responsibilities of the Centers for Medicare & Medicaid Services'';

(B) in section 937 (42 U.S.C. 11271)—

(i) in subsection (a), by striking ''National Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services'';

(ii) in subsection (b)(1), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services'';

(iii) in subsection (b)(2), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''; and

(iv) in subsection (c), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''; and

(C) in section 938 (42 U.S.C. 11272), by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''.

(6) MISCELLANEOUS AMENDMENTS.—

(A) REHABILITATION ACT OF 1973.—Section 202(b)(8) of the Rehabilitation Act of 1973 (29 U.S.C. 762(b)(8)) is amended by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''.

(B) INDIAN HEALTH CARE IMPROVEMENT ACT.—Section 405(d)(1) of the Indian Health Care Improvement Act (25 U.S.C. 1645(d)(1)) is amended by striking ''Health Care Financing Administration'' in the matter preceding subparagraph (A) and inserting ''Centers for Medicare & Medicaid Services''.

(C) INDIVIDUALS WITH DISABILITIES EDUCATION ACT.—Section 644(b)(5) of the Individuals with Disabilities Education Act (20 U.S.C. 1444(b)(5)) is amended by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''.

(D) THE HOME HEALTH CARE AND ALZHEIMER'S DISEASE AMENDMENTS OF 1990.—Section 302(a)(9) of the Home Health Care and Alzheimer's Disease Amendments of 1990 (42 U.S.C. 242q–1(a)(9)) is amended by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''.

(E) THE CHILDREN'S HEALTH ACT OF 2000.—Section 2503(a) of the Children's Health Act of 2000 (42 U.S.C. 247b–3a(a)) is amended by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''.

(F) THE NATIONAL INSTITUTES OF HEALTH REVITALIZATION ACT OF 1993.—Section 1909 of the National Institutes of Health Revitalization Act of 1993 (42 U.S.C. 299a note) is amended by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''.

(G) THE OMNIBUS BUDGET RECONCILIATION ACT OF 1990.—Section 4359(d) of the Omnibus Budget Reconciliation Act of 1990 (42 U.S.C. 1395b–3(d)) is amended by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''.

(H) THE MEDICARE, MEDICAID, AND SCHIP BENEFITS IMPROVEMENT AND PROTECTION ACT OF 2000.—Section 104(d)(4) of the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000 (42 U.S.C. 1395m note) is amended by striking ''Health Care Financing Administration'' and inserting ''Health Care''.

(7) ADDITIONAL AMENDMENT.—Section 403 of the Act entitled, ''An Act to authorize certain appropriations for the territories of the United States, to amend certain Acts relating thereto, and for other purposes'', enacted October 15, 1977 (48 U.S.C. 1574–1; 48 U.S.C. 1421q–1), is amended by striking ''Health Care Financing Administration'' and inserting ''Centers for Medicare & Medicaid Services''.

Subtitle A—Regulatory Reform

SEC. 501. CONSTRUCTION; DEFINITION OF SUPPLIER.

(a) CONSTRUCTION.—Nothing in this title shall be construed—

(1) to compromise or affect existing legal remedies for addressing fraud or abuse, whether it be criminal prosecution, civil enforcement, or administrative remedies, including under sections 3729 through 3733 of title 31, United States Code (commonly known as the ''False Claims Act''); or

(2) to prevent or impede the Department of Health and Human Services in any way from its ongoing efforts to eliminate waste, fraud, and abuse in the medicare program.

Furthermore, the consolidation of medicare administrative contracting set forth in this division does not constitute consolidation of the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund or reflect any position on that issue.

(b) DEFINITION OF SUPPLIER.—Section 1861 (42 U.S.C. 1395x) is amended by inserting after subsection (c) the following new subsection:

''Supplier

''(d) The term 'supplier' means, unless the context otherwise requires, a physician or other practitioner, a facility, or other entity (other than a provider of services) that furnishes items or services under this title.''.

SEC. 502. ISSUANCE OF REGULATIONS.

(a) REGULAR TIMELINE FOR PUBLICATION OF FINAL RULES.—

(1) IN GENERAL.—Section 1871(a) (42 U.S.C. 1395hh(a)) is amended by adding at the end the following new paragraph:

''(3)(A) The Secretary, in consultation with the Director of the Office of Management and Budget, shall establish and publish a regular timeline for the publication of final regulations based on the previous publication of a proposed regulation or an interim final regulation.

''(B) Such timeline may vary among different regulations based on differences in the complexity of the regulation, the number

and scope of comments received, and other relevant factors, but shall not be longer than 3 years except under exceptional circumstances. If the Secretary intends to vary such timeline with respect to the publication of a final regulation, the Secretary shall cause to have published in the Federal Register notice of the different timeline by not later than the timeline previously established with respect to such regulation. Such notice shall include a brief explanation of the justification for such variation.

''(C) In the case of interim final regulations, upon the expiration of the regular timeline established under this paragraph for the publication of a final regulation after opportunity for public comment, the interim final regulation shall not continue in effect unless the Secretary publishes (at the end of the regular timeline and, if applicable, at the end of each succeeding 1-year period) a notice of continuation of the regulation that includes an explanation of why the regular timeline (and any subsequent 1-year extension) was not complied with. If such a notice is published, the regular timeline (or such timeline as previously extended under this paragraph) for publication of the final regulation shall be treated as having been extended for 1 additional year.

''(D) The Secretary shall annually submit to Congress a report that describes the instances in which the Secretary failed to publish a final regulation within the applicable regular timeline under this paragraph and that provides an explanation for such failures.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect on the date of the enactment of this Act. The Secretary shall provide for an appropriate transition to take into account the backlog of previously published interim final regulations.

(b) LIMITATIONS ON NEW MATTER IN FINAL REGULATIONS.—

(1) IN GENERAL.—Section 1871(a) (42 U.S.C. 1395hh(a)), as amended by subsection (a), is amended by adding at the end the following new paragraph:

''(4) If the Secretary publishes a final regulation that includes a provision that is not a logical outgrowth of a previously published notice of proposed rulemaking or interim final rule, such provision shall be treated as a proposed regulation and shall not take effect until there is the further opportunity for public comment and a publication of the provision again as a final regulation.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall apply to final regulations published on or after the date of the enactment of this Act.

SEC. 503. COMPLIANCE WITH CHANGES IN REGULATIONS AND POLICIES.

(a) NO RETROACTIVE APPLICATION OF SUBSTANTIVE CHANGES.—

(1) IN GENERAL.—Section 1871 (42 U.S.C. 1395hh), as amended by section 502(a), is amended by adding at the end the following new subsection:

''(e)(1)(A) A substantive change in regulations, manual instructions, interpretative rules, statements of policy, or guidelines of general applicability under this title shall not be applied (by extrapolation or otherwise) retroactively to items and services furnished before the effective date of the change, unless the Secretary determines that—

''(i) such retroactive application is necessary to comply with statutory requirements; or

''(ii) failure to apply the change retroactively would be contrary to the public interest.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall apply to substantive changes issued on or after the date of the enactment of this Act.

(b) TIMELINE FOR COMPLIANCE WITH SUBSTANTIVE CHANGES AFTER NOTICE.—

(1) IN GENERAL.—Section 1871(e)(1), as added by subsection (a), is amended by adding at the end the following:

''(B)(i) Except as provided in clause (ii), a substantive change referred to in subparagraph (A) shall not become effective before the end of the 30-day period that begins on the date that the Secretary has issued or published, as the case may be, the substantive change.

''(ii) The Secretary may provide for such a substantive change to take effect on a date that precedes the end of the 30-day period under clause (i) if the Secretary finds that waiver of such 30-day period is necessary to comply with statutory requirements or that the application of such 30-day period is contrary to the public interest. If the Secretary provides for an earlier effective date pursuant to this clause, the Secretary shall include in the issuance or publication of the substantive change a finding described in the first sentence, and a brief statement of the reasons for such finding.

''(C) No action shall be taken against a provider of services or supplier with respect to noncompliance with such a substantive change for items and services furnished before the effective date of such a change.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall apply to compliance actions undertaken on or after the date of the enactment of this Act.

(c) RELIANCE ON GUIDANCE.—

(1) IN GENERAL.—Section 1871(e), as added by subsection (a), is further amended by adding at the end the following new paragraph:

''(2)(A) If—

''(i) a provider of services or supplier follows the written guidance (which may be transmitted electronically) provided by the Secretary or by a medicare contractor (as defined in section 1889(g)) acting within the scope of the contractor's contract authority, with respect to the furnishing of items or services and submission of a claim for benefits for such items or services with respect to such provider or supplier;

''(ii) the Secretary determines that the provider of services or supplier has accurately presented the circumstances relating to such items, services, and claim to the contractor in writing; and

''(iii) the guidance was in error;

the provider of services or supplier shall not be subject to any penalty or interest under this title or the provisions of title XI insofar as they relate to this title (including interest under a repayment plan under section 1893 or otherwise) relating to the provision of such items or service or such claim if the provider of services or supplier reasonably relied on such guidance.

''(B) Subparagraph (A) shall not be construed as preventing the recoupment or repayment (without any additional penalty) relating to an overpayment insofar as the overpayment was solely the result of a clerical or technical operational error.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect on the date of the enactment of this Act and shall only apply to a penalty or interest imposed with respect to guidance provided on or after July 24, 2003.

SEC. 504. REPORTS AND STUDIES RELATING TO REGULATORY REFORM.

(a) GAO STUDY ON ADVISORY OPINION AUTHORITY.—

(1) STUDY.—The Comptroller General of the United States shall conduct a study to determine the feasibility and appropriateness of establishing in the Secretary authority to provide legally binding advisory opinions on appropriate interpretation and application of regulations to carry out the medicare program under title XVIII of the Social Security Act. Such study shall examine the appropriate timeframe for issuing such advisory opinions, as well as the need for additional staff and funding to provide such opinions.

(2) REPORT.—The Comptroller General shall submit to Congress a report on the study conducted under paragraph (1) by not later than 1 year after the date of the enactment of this Act.

(b) REPORT ON LEGAL AND REGULATORY INCONSISTENCIES.—Section 1871 (42 U.S.C. 1395hh), as amended by section 503(a)(1), is amended by adding at the end the following new subsection:

''(f)(1) Not later than 2 years after the date of the enactment of this subsection, and every 3 years thereafter, the Secretary shall submit to Congress a report with respect to the administration of this title and areas of inconsistency or conflict among the various provisions under law and regulation.

''(2) In preparing a report under paragraph (1), the Secretary shall collect—

''(A) information from individuals entitled to benefits under part A or enrolled under part B, or both, providers of services, and suppliers and from the Medicare Beneficiary Ombudsman with respect to such areas of inconsistency and conflict; and

''(B) information from medicare contractors that tracks the nature of written and telephone inquiries.

''(3) A report under paragraph (1) shall include a description of efforts by the Secretary to reduce such inconsistency or conflicts, and recommendations for legislation or administrative action that the Secretary determines appropriate to further reduce such inconsistency or conflicts.''.

Subtitle B—Contracting Reform

SEC. 511. INCREASED FLEXIBILITY IN MEDICARE ADMINISTRATION.

(a) CONSOLIDATION AND FLEXIBILITY IN MEDICARE ADMINISTRATION.—

(1) IN GENERAL.—Title XVIII is amended by inserting after section 1874 the following new section:

''CONTRACTS WITH MEDICARE ADMINISTRATIVE CONTRACTORS

''SEC. 1874A. (a) AUTHORITY.—

''(1) AUTHORITY TO ENTER INTO CONTRACTS.—The Secretary may enter into contracts with any eligible entity to serve as a medicare administrative contractor with respect to the performance of any or all of the functions described in paragraph (4) or parts of those functions (or, to the extent provided in a contract, to secure performance thereof by other entities).

''(2) ELIGIBILITY OF ENTITIES.—An entity is eligible to enter into a contract with respect to the performance of a particular function described in paragraph (4) only if—

''(A) the entity has demonstrated capability to carry out such function;

''(B) the entity complies with such conflict of interest standards as are generally applicable to Federal acquisition and procurement;

''(C) the entity has sufficient assets to financially support the performance of such function; and

''(D) the entity meets such other requirements as the Secretary may impose.

''(3) MEDICARE ADMINISTRATIVE CONTRACTOR DEFINED.—For purposes of this title and title XI—

''(A) IN GENERAL.—The term 'medicare administrative contractor' means an agency, organization, or other person with a contract under this section.

''(B) APPROPRIATE MEDICARE ADMINISTRATIVE CONTRACTOR.—With respect to the performance of a particular function in relation to an individual entitled to benefits under part A or enrolled under part B, or both, a specific provider of services or supplier (or class of such providers of services or suppliers), the 'appropriate' medicare administrative contractor is the medicare administrative contractor that has a contract under this section with respect to the performance of that function in relation to that individual, provider of services or supplier or class of provider of services or supplier.

''(4) FUNCTIONS DESCRIBED.—The functions referred to in paragraphs (1) and (2) are payment functions (including the function of developing local coverage determinations, as defined in section 1869(f)(2)(B)), provider services functions, and functions relating to services furnished to individuals entitled to benefits under part A or enrolled under part B, or both, as follows:

''(A) DETERMINATION OF PAYMENT AMOUNTS.—Determining (subject to the provisions of section 1878 and to such review by the Secretary as may be provided for by the contracts) the amount of the payments required pursuant to this title to be made to providers of services, suppliers and individuals.

''(B) MAKING PAYMENTS.—Making payments described in subparagraph (A) (including receipt, disbursement, and accounting for funds in making such payments).

''(C) BENEFICIARY EDUCATION AND ASSISTANCE.—Providing education and outreach to individuals entitled to benefits under part A or enrolled under part B, or both, and providing assistance to those individuals with specific issues, concerns, or problems.

''(D) PROVIDER CONSULTATIVE SERVICES.—Providing consultative services to institutions, agencies, and other persons to enable them to establish and maintain fiscal records necessary for purposes of this title and otherwise to qualify as providers of services or suppliers.

''(E) COMMUNICATION WITH PROVIDERS.—Communicating to providers of services and suppliers any information or instructions furnished to the medicare administrative contractor by the Secretary, and facilitating communication between such providers and suppliers and the Secretary.

''(F) PROVIDER EDUCATION AND TECHNICAL ASSISTANCE.—Performing the functions relating to provider education, training, and technical assistance.

''(G) ADDITIONAL FUNCTIONS.—Performing such other functions, including (subject to paragraph (5)) functions under the Medicare Integrity Program under section 1893, as are necessary to carry out the purposes of this title.

''(5) RELATIONSHIP TO MIP CONTRACTS.—

''(A) NONDUPLICATION OF DUTIES.—In entering into contracts under this section, the Secretary shall assure that functions of medicare administrative contractors in carrying out activities under parts A and B do not duplicate activities carried out under a contract entered into under the Medicare Integrity Program under section 1893. The previous sentence shall not apply with respect to the activity described in section 1893(b)(5) (relating to prior authorization of certain items of durable medical equipment under section 1834(a)(15)).

''(B) CONSTRUCTION.—An entity shall not be treated as a medicare administrative contractor merely by reason of having entered into a contract with the Secretary under section 1893.

''(6) APPLICATION OF FEDERAL ACQUISITION REGULATION.—Except to the extent inconsistent with a specific requirement of this section, the Federal Acquisition Regulation applies to contracts under this section.

''(b) CONTRACTING REQUIREMENTS.—

''(1) USE OF COMPETITIVE PROCEDURES.—

''(A) IN GENERAL.—Except as provided in laws with general applicability to Federal acquisition and procurement or in subparagraph (B), the Secretary shall use competitive procedures when entering into contracts with medicare administrative contractors under this section, taking into account performance quality as well as price and other factors.

''(B) RENEWAL OF CONTRACTS.—The Secretary may renew a contract with a medicare administrative contractor under this section from term to term without regard to section 5 of title 41, United States Code, or any other provision of law requiring competition, if the medicare administrative contractor has met or exceeded the performance requirements applicable with respect to the contract and contractor, except that the Secretary shall provide for the application of competitive procedures under such a contract not less frequently than once every 5 years.

''(C) TRANSFER OF FUNCTIONS.—The Secretary may transfer functions among medicare administrative contractors consistent with the provisions of this paragraph. The Secretary shall ensure that performance quality is considered in such transfers. The Secretary shall provide public notice (whether in the Federal Register or otherwise) of any such transfer (including a description of the functions so transferred, a description of the providers of services and suppliers affected by such transfer, and contact information for the contractors involved).

''(D) INCENTIVES FOR QUALITY.—The Secretary shall provide incentives for medicare administrative contractors to provide quality service and to promote efficiency.

''(2) COMPLIANCE WITH REQUIREMENTS.—No contract under this section shall be entered into with any medicare administrative contractor unless the Secretary finds that such medicare administrative contractor will perform its obligations under the contract efficiently and effectively and will meet such requirements as to financial responsibility, legal authority, quality of services provided, and other matters as the Secretary finds pertinent.

''(3) PERFORMANCE REQUIREMENTS.—

''(A) DEVELOPMENT OF SPECIFIC PERFORMANCE REQUIREMENTS.—

''(i) IN GENERAL.—The Secretary shall develop contract performance requirements to carry out the specific requirements applicable under this title to a function described in subsection (a)(4) and shall develop standards for measuring the extent to which a contractor has met such requirements.

''(ii) CONSULTATION.—In developing such performance requirements and standards for measurement, the Secretary shall consult with providers of services, organizations representative of beneficiaries under this title, and organizations and agencies performing functions necessary to carry out the purposes of this section with respect to such performance requirements.

''(iii) PUBLICATION OF STANDARDS.—The Secretary shall make such performance requirements and measurement standards available to the public.

''(B) CONSIDERATIONS.—The Secretary shall include, as one of the standards developed under subparagraph (A), provider and beneficiary satisfaction levels.

''(C) INCLUSION IN CONTRACTS.—All contractor performance requirements shall be set forth in the contract between the Secretary and the appropriate medicare administrative contractor. Such performance requirements—

''(i) shall reflect the performance requirements published under subparagraph (A), but may include additional performance requirements;

''(ii) shall be used for evaluating contractor performance under the contract; and

''(iii) shall be consistent with the written statement of work provided under the contract.

''(4) INFORMATION REQUIREMENTS.—The Secretary shall not enter into a contract with a medicare administrative contractor under this section unless the contractor agrees—

''(A) to furnish to the Secretary such timely information and reports as the Secretary may find necessary in performing his functions under this title; and

''(B) to maintain such records and afford such access thereto as the Secretary finds necessary to assure the correctness and verification of the information and reports under subparagraph (A) and otherwise to carry out the purposes of this title.

''(5) SURETY BOND.—A contract with a medicare administrative contractor under this section may require the medicare administrative contractor, and any of its officers or employees certifying payments or disbursing funds pursuant to the contract, or otherwise participating in carrying out the contract, to give surety bond to the United States in such amount as the Secretary may deem appropriate.

''(c) TERMS AND CONDITIONS.—

''(1) IN GENERAL.—A contract with any medicare administrative contractor under this section may contain such terms and conditions as the Secretary finds necessary or appropriate and may provide for advances of funds to the medicare administrative contractor for the making of payments by it under subsection (a)(4)(B).

''(2) PROHIBITION ON MANDATES FOR CERTAIN DATA COLLECTION.—The Secretary may not require, as a condition of entering into, or renewing, a contract under this section, that the medicare administrative contractor match data obtained other than in its activities under this title with data used in the administration of this title for purposes of identifying situations in which the provisions of section 1862(b) may apply.

''(d) LIMITATION ON LIABILITY OF MEDICARE ADMINISTRATIVE CONTRACTORS AND CERTAIN OFFICERS.—

''(1) CERTIFYING OFFICER.—No individual designated pursuant to a contract under this section as a certifying officer shall, in the absence of the reckless disregard of the individual's obligations or the intent by that individual to defraud the United States, be liable with respect to any payments certified by the individual under this section.

''(2) DISBURSING OFFICER.—No disbursing officer shall, in the absence of the reckless disregard of the officer's obligations or the intent by that officer to defraud the United States, be liable with respect to any payment by such officer under this section if it was based upon an authorization (which

meets the applicable requirements for such internal controls established by the Comptroller General of the United States) of a certifying officer designated as provided in paragraph (1) of this subsection.

''(3) LIABILITY OF MEDICARE ADMINISTRATIVE CONTRACTOR.—

''(A) IN GENERAL.—No medicare administrative contractor shall be liable to the United States for a payment by a certifying or disbursing officer unless, in connection with such payment, the medicare administrative contractor acted with reckless disregard of its obligations under its medicare administrative contract or with intent to defraud the United States.

''(B) RELATIONSHIP TO FALSE CLAIMS ACT.—Nothing in this subsection shall be construed to limit liability for conduct that would constitute a violation of sections 3729 through 3731 of title 31, United States Code.

''(4) INDEMNIFICATION BY SECRETARY.—

''(A) IN GENERAL.—Subject to subparagraphs (B) and (D), in the case of a medicare administrative contractor (or a person who is a director, officer, or employee of such a contractor or who is engaged by the contractor to participate directly in the claims administration process) who is made a party to any judicial or administrative proceeding arising from or relating directly to the claims administration process under this title, the Secretary may, to the extent the Secretary determines to be appropriate and as specified in the contract with the contractor, indemnify the contractor and such persons.

''(B) CONDITIONS.—The Secretary may not provide indemnification under subparagraph (A) insofar as the liability for such costs arises directly from conduct that is determined by the judicial proceeding or by the Secretary to be criminal in nature, fraudulent, or grossly negligent. If indemnification is provided by the Secretary with respect to a contractor before a determination that such costs arose directly from such conduct, the contractor shall reimburse the Secretary for costs of indemnification.

''(C) SCOPE OF INDEMNIFICATION.—Indemnification by the Secretary under subparagraph (A) may include payment of judgments, settlements (subject to subparagraph (D)), awards, and costs (including reasonable legal expenses).

''(D) WRITTEN APPROVAL FOR SETTLEMENTS OR COMPROMISES.—A contractor or other person described in subparagraph (A) may not propose to negotiate a settlement or compromise of a proceeding described in such subparagraph without the prior written approval of the Secretary to negotiate such settlement or compromise. Any indemnification under subparagraph (A) with respect to amounts paid under a settlement or compromise of a proceeding described in such subparagraph are conditioned upon prior written approval by the Secretary of the final settlement or compromise.

''(E) CONSTRUCTION.—Nothing in this paragraph shall be construed—

''(i) to change any common law immunity that may be available to a medicare administrative contractor or person described in subparagraph (A); or

''(ii) to permit the payment of costs not otherwise allowable, reasonable, or allocable under the Federal Acquisition Regulation.''.

(2) CONSIDERATION OF INCORPORATION OF CURRENT LAW STANDARDS.—In developing contract performance requirements under section 1874A(b) of the Social Security Act, as inserted by paragraph (1), the Secretary shall consider inclusion of the performance standards described in sections 1816(f)(2) of such Act (relating to timely processing of reconsiderations and applications for exemptions) and section 1842(b)(2)(B) of such Act (relating to timely review of determinations and fair hearing requests), as such sections were in effect before the date of the enactment of this Act.

(b) CONFORMING AMENDMENTS TO SECTION 1816 (RELATING TO FISCAL INTERMEDIARIES).—Section 1816 (42 U.S.C. 1395h) is amended as follows:

(1) The heading is amended to read as follows:

''PROVISIONS RELATING TO THE ADMINISTRATION OF PART A''.

(2) Subsection (a) is amended to read as follows:

''(a) The administration of this part shall be conducted through contracts with medicare administrative contractors under section 1874A.''.

(3) Subsection (b) is repealed.

(4) Subsection (c) is amended—

(A) by striking paragraph (1); and

(B) in each of paragraphs (2)(A) and (3)(A), by striking ''agreement under this section'' and inserting ''contract under section 1874A that provides for making payments under this part''.

(5) Subsections (d) through (i) are repealed.

(6) Subsections (j) and (k) are each amended—

(A) by striking ''An agreement with an agency or organization under this section'' and inserting ''A contract with a medicare administrative contractor under section 1874A with respect to the administration of this part''; and

(B) by striking ''such agency or organization'' and inserting ''such medicare administrative contractor'' each place it appears.

(7) Subsection (l) is repealed.

(c) CONFORMING AMENDMENTS TO SECTION 1842 (RELATING TO CARRIERS).—Section 1842 (42 U.S.C. 1395u) is amended as follows:

(1) The heading is amended to read as follows:

''PROVISIONS RELATING TO THE ADMINISTRATION OF PART B''.

(2) Subsection (a) is amended to read as follows:

''(a) The administration of this part shall be conducted through contracts with medicare administrative contractors under section 1874A.''.

(3) Subsection (b) is amended—

(A) by striking paragraph (1);

(B) in paragraph (2)—

(i) by striking subparagraphs (A) and (B);

(ii) in subparagraph (C), by striking ''carriers'' and inserting ''medicare administrative contractors''; and

(iii) by striking subparagraphs (D) and (E);

(C) in paragraph (3)—

(i) in the matter before subparagraph (A), by striking ''Each such contract shall provide that the carrier'' and inserting ''The Secretary'';

(ii) by striking ''will'' the first place it appears in each of subparagraphs (A), (B), (F), (G), (H), and (L) and inserting ''shall'';

(iii) in subparagraph (B), in the matter before clause (i), by striking ''to the policyholders and subscribers of the carrier'' and inserting ''to the policyholders and subscribers of the medicare administrative contractor'';

(iv) by striking subparagraphs (C), (D), and (E);

(v) in subparagraph (H)—

(I) by striking ''if it makes determinations or payments with respect to physicians' services,'' in the matter preceding clause (i); and

(II) by striking ''carrier'' and inserting ''medicare administrative contractor'' in clause (i);

(vi) by striking subparagraph (I);

(vii) in subparagraph (L), by striking the semicolon and inserting a period;

(viii) in the first sentence, after subparagraph (L), by striking ''and shall contain'' and all that follows through the period; and

(ix) in the seventh sentence, by inserting ''medicare administrative contractor,'' after ''carrier,'';

(D) by striking paragraph (5);

(E) in paragraph (6)(D)(iv), by striking ''carrier'' and inserting ''medicare administrative contractor''; and

(F) in paragraph (7), by striking ''the carrier'' and inserting ''the Secretary'' each place it appears.

(4) Subsection (c) is amended—

(A) by striking paragraph (1);

(B) in paragraph (2)(A), by striking ''contract under this section which provides for the disbursement of funds, as described in subsection (a)(1)(B),'' and inserting ''contract under section 1874A that provides for making payments under this part'';

(C) in paragraph (3)(A), by striking ''subsection (a)(1)(B)'' and inserting ''section 1874A(a)(3)(B)'';

(D) in paragraph (4), in the matter preceding subparagraph (A), by striking ''carrier'' and inserting ''medicare administrative contractor''; and

(E) by striking paragraphs (5) and (6).

(5) Subsections (d), (e), and (f) are repealed.

(6) Subsection (g) is amended by striking ''carrier or carriers'' and inserting ''medicare administrative contractor or contractors''.

(7) Subsection (h) is amended—

(A) in paragraph (2)—

(i) by striking ''Each carrier having an agreement with the Secretary under subsection (a)'' and inserting ''The Secretary''; and

(ii) by striking ''Each such carrier'' and inserting ''The Secretary'';

(B) in paragraph (3)(A)—

(i) by striking ''a carrier having an agreement with the Secretary under subsection (a)'' and inserting ''medicare administrative contractor having a contract under section 1874A that provides for making payments under this part''; and

(ii) by striking ''such carrier'' and inserting ''such contractor'';

(C) in paragraph (3)(B)—

(i) by striking ''a carrier'' and inserting ''a medicare administrative contractor'' each place it appears; and

(ii) by striking ''the carrier'' and inserting ''the contractor'' each place it appears; and

(D) in paragraphs (5)(A) and (5)(B)(iii), by striking ''carriers'' and inserting ''medicare administrative contractors'' each place it appears.

(8) Subsection (l) is amended—

(A) in paragraph (1)(A)(iii), by striking ''carrier'' and inserting ''medicare administrative contractor''; and

(B) in paragraph (2), by striking ''carrier'' and inserting ''medicare administrative contractor''.

(9) Subsection (p)(3)(A) is amended by striking ''carrier'' and inserting ''medicare administrative contractor''.

(10) Subsection (q)(1)(A) is amended by striking ''carrier''.

(d) EFFECTIVE DATE; TRANSITION RULE.—

(1) EFFECTIVE DATE.—

(A) IN GENERAL.—Except as otherwise provided in this subsection, the amendments

made by this section shall take effect on October 1, 2005, and the Secretary is authorized to take such steps before such date as may be necessary to implement such amendments on a timely basis.

(B) CONSTRUCTION FOR CURRENT CONTRACTS.—Such amendments shall not apply to contracts in effect before the date specified under subparagraph (A) that continue to retain the terms and conditions in effect on such date (except as otherwise provided under this Act, other than under this section) until such date as the contract is let out for competitive bidding under such amendments.

(C) DEADLINE FOR COMPETITIVE BIDDING.—The Secretary shall provide for the letting by competitive bidding of all contracts for functions of medicare administrative contractors for annual contract periods that begin on or after October 1, 2011.

(2) GENERAL TRANSITION RULES.—

(A) AUTHORITY TO CONTINUE TO ENTER INTO NEW AGREEMENTS AND CONTRACTS AND WAIVER OF PROVIDER NOMINATION PROVISIONS DURING TRANSITION.—Prior to October 1, 2005, the Secretary may, consistent with subparagraph (B), continue to enter into agreements under section 1816 and contracts under section 1842 of the Social Security Act (42 U.S.C. 1395h, 1395u). The Secretary may enter into new agreements under section 1816 prior to October 1, 2005, without regard to any of the provider nomination provisions of such section.

(B) APPROPRIATE TRANSITION.—The Secretary shall take such steps as are necessary to provide for an appropriate transition from agreements under section 1816 and contracts under section 1842 of the Social Security Act (42 U.S.C. 1395h, 1395u) to contracts under section 1874A, as added by subsection (a)(1).

(3) AUTHORIZING CONTINUATION OF MIP FUNCTIONS UNDER CURRENT CONTRACTS AND AGREEMENTS AND UNDER TRANSITION CONTRACTS.—Notwithstanding the amendments made by this section, the provisions contained in the exception in section 1893(d)(2) of the Social Security Act (42 U.S.C. 1395ddd(d)(2)) shall continue to apply during the period that begins on the date of the enactment of this Act and ends on October 1, 2011, and any reference in such provisions to an agreement or contract shall be deemed to include a contract under section 1874A of such Act, as inserted by subsection (a)(1), that continues the activities referred to in such provisions.

(e) REFERENCES.—On and after the effective date provided under subsection (d)(1), any reference to a fiscal intermediary or carrier under title XI or XVIII of the Social Security Act (or any regulation, manual instruction, interpretative rule, statement of policy, or guideline issued to carry out such titles) shall be deemed a reference to a medicare administrative contractor (as provided under section 1874A of the Social Security Act).

(f) SECRETARIAL SUBMISSION OF LEGISLATIVE PROPOSAL.—Not later than 6 months after the date of the enactment of this Act, the Secretary shall submit to the appropriate committees of Congress a legislative proposal providing for such technical and conforming amendments in the law as are required by the provisions of this section.

(g) REPORTS ON IMPLEMENTATION.—

(1) PLAN FOR IMPLEMENTATION.—By not later than October 1, 2004, the Secretary shall submit a report to Congress and the Comptroller General of the United States that describes the plan for implementation of the amendments made by this section. The Comptroller General shall conduct an evaluation of such plan and shall submit to Congress, not later than 6 months after the date the report is received, a report on such evaluation and shall include in such report such recommendations as the Comptroller General deems appropriate.

(2) STATUS OF IMPLEMENTATION.—The Secretary shall submit a report to Congress not later than October 1, 2008, that describes the status of implementation of such amendments and that includes a description of the following:

(A) The number of contracts that have been competitively bid as of such date.

(B) The distribution of functions among contracts and contractors.

(C) A timeline for complete transition to full competition.

(D) A detailed description of how the Secretary has modified oversight and management of medicare contractors to adapt to full competition.

SEC. 512. REQUIREMENTS FOR INFORMATION SECURITY FOR MEDICARE ADMINISTRATIVE CONTRACTORS.

(a) IN GENERAL.—Section 1874A, as added by section 511(a)(1), is amended by adding at the end the following new subsection:

''(e) REQUIREMENTS FOR INFORMATION SECURITY.—

''(1) DEVELOPMENT OF INFORMATION SECURITY PROGRAM.—A medicare administrative contractor that performs the functions referred to in subparagraphs (A) and (B) of subsection (a)(4) (relating to determining and making payments) shall implement a contractor-wide information security program to provide information security for the operation and assets of the contractor with respect to such functions under this title. An information security program under this paragraph shall meet the requirements for information security programs imposed on Federal agencies under paragraphs (1) through (8) of section 3544(b) of title 44, United States Code (other than the requirements under paragraphs (2)(D)(i), (5)(A), and (5)(B) of such section).

''(2) INDEPENDENT AUDITS.—

''(A) PERFORMANCE OF ANNUAL EVALUATIONS.—Each year a medicare administrative contractor that performs the functions referred to in subparagraphs (A) and (B) of subsection (a)(4) (relating to determining and making payments) shall undergo an evaluation of the information security of the contractor with respect to such functions under this title. The evaluation shall—

''(i) be performed by an entity that meets such requirements for independence as the Inspector General of the Department of Health and Human Services may establish; and

''(ii) test the effectiveness of information security control techniques of an appropriate subset of the contractor's information systems (as defined in section 3502(8) of title 44, United States Code) relating to such functions under this title and an assessment of compliance with the requirements of this subsection and related information security policies, procedures, standards and guidelines, including policies and procedures as may be prescribed by the Director of the Office of Management and Budget and applicable information security standards promulgated under section 11331 of title 40, United States Code.

''(B) DEADLINE FOR INITIAL EVALUATION.—

''(i) NEW CONTRACTORS.—In the case of a medicare administrative contractor covered by this subsection that has not previously performed the functions referred to in subparagraphs (A) and (B) of subsection (a)(4) (relating to determining and making payments) as a fiscal intermediary or carrier under section 1816 or 1842, the first independent evaluation conducted pursuant to subparagraph (A) shall be completed prior to commencing such functions.

''(ii) OTHER CONTRACTORS.—In the case of a medicare administrative contractor covered by this subsection that is not described in clause (i), the first independent evaluation conducted pursuant to subparagraph (A) shall be completed within 1 year after the date the contractor commences functions referred to in clause (i) under this section.

''(C) REPORTS ON EVALUATIONS.—

''(i) TO THE DEPARTMENT OF HEALTH AND HUMAN SERVICES.—The results of independent evaluations under subparagraph (A) shall be submitted promptly to the Inspector General of the Department of Health and Human Services and to the Secretary.

''(ii) TO CONGRESS.—The Inspector General of the Department of Health and Human Services shall submit to Congress annual reports on the results of such evaluations, including assessments of the scope and sufficiency of such evaluations.

''(iii) AGENCY REPORTING.—The Secretary shall address the results of such evaluations in reports required under section 3544(c) of title 44, United States Code.''.

(b) APPLICATION OF REQUIREMENTS TO FISCAL INTERMEDIARIES AND CARRIERS.—

(1) IN GENERAL.—The provisions of section 1874A(e)(2) of the Social Security Act (other than subparagraph (B)), as added by subsection (a), shall apply to each fiscal intermediary under section 1816 of the Social Security Act (42 U.S.C. 1395h) and each carrier under section 1842 of such Act (42 U.S.C. 1395u) in the same manner as they apply to medicare administrative contractors under such provisions.

(2) DEADLINE FOR INITIAL EVALUATION.—In the case of such a fiscal intermediary or carrier with an agreement or contract under such respective section in effect as of the date of the enactment of this Act, the first evaluation under section 1874A(e)(2)(A) of the Social Security Act (as added by subsection (a)), pursuant to paragraph (1), shall be completed (and a report on the evaluation submitted to the Secretary) by not later than 1 year after such date.

Subtitle C—Education and Outreach

SEC. 521. PROVIDER EDUCATION AND TECHNICAL ASSISTANCE.

(a) COORDINATION OF EDUCATION FUNDING.—

(1) IN GENERAL.—Title XVIII is amended by inserting after section 1888 the following new section:

''PROVIDER EDUCATION AND TECHNICAL ASSISTANCE

''SEC. 1889. (a) COORDINATION OF EDUCATION FUNDING.—The Secretary shall coordinate the educational activities provided through medicare contractors (as defined in subsection (g), including under section 1893) in order to maximize the effectiveness of Federal education efforts for providers of services and suppliers.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect on the date of the enactment of this Act.

(3) REPORT.—Not later than October 1, 2004, the Secretary shall submit to Congress a report that includes a description and evaluation of the steps taken to coordinate the funding of provider education under section 1889(a) of the Social Security Act, as added by paragraph (1).

(b) INCENTIVES TO IMPROVE CONTRACTOR PERFORMANCE.—

(1) IN GENERAL.—Section 1874A, as added by section 511(a)(1) and as amended by section 512(a), is amended by adding at the end the following new subsection:

''(f) INCENTIVES TO IMPROVE CONTRACTOR PERFORMANCE IN PROVIDER EDUCATION AND OUTREACH.—The Secretary shall use specific claims payment error rates or similar methodology of medicare administrative contractors in the processing or reviewing of medicare claims in order to give such contractors an incentive to implement effective education and outreach programs for providers of services and suppliers.''.

(2) APPLICATION TO FISCAL INTERMEDIARIES AND CARRIERS.—The provisions of section 1874A(f) of the Social Security Act, as added by paragraph (1), shall apply to each fiscal intermediary under section 1816 of the Social Security Act (42 U.S.C. 1395h) and each carrier under section 1842 of such Act (42 U.S.C. 1395u) in the same manner as they apply to medicare administrative contractors under such provisions.

(3) GAO REPORT ON ADEQUACY OF METHODOLOGY.—Not later than October 1, 2004, the Comptroller General of the United States shall submit to Congress and to the Secretary a report on the adequacy of the methodology under section 1874A(f) of the Social Security Act, as added by paragraph (1), and shall include in the report such recommendations as the Comptroller General determines appropriate with respect to the methodology.

(4) REPORT ON USE OF METHODOLOGY IN ASSESSING CONTRACTOR PERFORMANCE.—Not later than October 1, 2004, the Secretary shall submit to Congress a report that describes how the Secretary intends to use such methodology in assessing medicare contractor performance in implementing effective education and outreach programs, including whether to use such methodology as a basis for performance bonuses. The report shall include an analysis of the sources of identified errors and potential changes in systems of contractors and rules of the Secretary that could reduce claims error rates.

(c) PROVISION OF ACCESS TO AND PROMPT RESPONSES FROM MEDICARE ADMINISTRATIVE CONTRACTORS.—

(1) IN GENERAL.—Section 1874A, as added by section 511(a)(1) and as amended by section 512(a) and subsection (b), is further amended by adding at the end the following new subsection:

''(g) COMMUNICATIONS WITH BENEFICIARIES, PROVIDERS OF SERVICES AND SUPPLIERS.—

''(1) COMMUNICATION STRATEGY.—The Secretary shall develop a strategy for communications with individuals entitled to benefits under part A or enrolled under part B, or both, and with providers of services and suppliers under this title.

''(2) RESPONSE TO WRITTEN INQUIRIES.—Each medicare administrative contractor shall, for those providers of services and suppliers which submit claims to the contractor for claims processing and for those individuals entitled to benefits under part A or enrolled under part B, or both, with respect to whom claims are submitted for claims processing, provide general written responses (which may be through electronic transmission) in a clear, concise, and accurate manner to inquiries of providers of services, suppliers, and individuals entitled to benefits under part A or enrolled under part B, or both, concerning the programs under this title within 45 business days of the date of receipt of such inquiries.

''(3) RESPONSE TO TOLL-FREE LINES.—The Secretary shall ensure that each medicare administrative contractor shall provide, for those providers of services and suppliers which submit claims to the contractor for claims processing and for those individuals entitled to benefits under part A or enrolled under part B, or both, with respect to whom claims are submitted for claims processing, a toll-free telephone number at which such individuals, providers of services, and suppliers may obtain information regarding billing, coding, claims, coverage, and other appropriate information under this title.

''(4) MONITORING OF CONTRACTOR RESPONSES.—

''(A) IN GENERAL.—Each medicare administrative contractor shall, consistent with standards developed by the Secretary under subparagraph (B)—

''(i) maintain a system for identifying who provides the information referred to in paragraphs (2) and (3); and

''(ii) monitor the accuracy, consistency, and timeliness of the information so provided.

''(B) DEVELOPMENT OF STANDARDS.—

''(i) IN GENERAL.—The Secretary shall establish and make public standards to monitor the accuracy, consistency, and timeliness of the information provided in response to written and telephone inquiries under this subsection. Such standards shall be consistent with the performance requirements established under subsection (b)(3).

''(ii) EVALUATION.—In conducting evaluations of individual medicare administrative contractors, the Secretary shall take into account the results of the monitoring conducted under subparagraph (A) taking into account as performance requirements the standards established under clause (i). The Secretary shall, in consultation with organizations representing providers of services, suppliers, and individuals entitled to benefits under part A or enrolled under part B, or both, establish standards relating to the accuracy, consistency, and timeliness of the information so provided.

''(C) DIRECT MONITORING.—Nothing in this paragraph shall be construed as preventing the Secretary from directly monitoring the accuracy, consistency, and timeliness of the information so provided.

''(5) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this subsection.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect October 1, 2004.

(3) APPLICATION TO FISCAL INTERMEDIARIES AND CARRIERS.—The provisions of section 1874A(g) of the Social Security Act, as added by paragraph (1), shall apply to each fiscal intermediary under section 1816 of the Social Security Act (42 U.S.C. 1395h) and each carrier under section 1842 of such Act (42 U.S.C. 1395u) in the same manner as they apply to medicare administrative contractors under such provisions.

(d) IMPROVED PROVIDER EDUCATION AND TRAINING.—

(1) IN GENERAL.—Section 1889, as added by subsection (a), is amended by adding at the end the following new subsections:

''(b) ENHANCED EDUCATION AND TRAINING.—

''(1) ADDITIONAL RESOURCES.—There are authorized to be appropriated to the Secretary (in appropriate part from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund) such sums as may be necessary for fiscal years beginning with fiscal year 2005.

''(2) USE.—The funds made available under paragraph (1) shall be used to increase the conduct by medicare contractors of education and training of providers of services and suppliers regarding billing, coding, and other appropriate items and may also be used to improve the accuracy, consistency, and timeliness of contractor responses.

''(c) TAILORING EDUCATION AND TRAINING ACTIVITIES FOR SMALL PROVIDERS OR SUPPLIERS.—

''(1) IN GENERAL.—Insofar as a medicare contractor conducts education and training activities, it shall tailor such activities to meet the special needs of small providers of services or suppliers (as defined in paragraph (2)). Such education and training activities for small providers of services and suppliers may include the provision of technical assistance (such as review of billing systems and internal controls to determine program compliance and to suggest more efficient and effective means of achieving such compliance).

''(2) SMALL PROVIDER OF SERVICES OR SUPPLIER.—In this subsection, the term 'small provider of services or supplier' means—

''(A) a provider of services with fewer than 25 full-time-equivalent employees; or

''(B) a supplier with fewer than 10 full-time-equivalent employees.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect on October 1, 2004.

(e) REQUIREMENT TO MAINTAIN INTERNET WEBSITES.—

(1) IN GENERAL.—Section 1889, as added by subsection (a) and as amended by subsection (d), is further amended by adding at the end the following new subsection:

''(d) INTERNET WEBSITES; FAQS.—The Secretary, and each medicare contractor insofar as it provides services (including claims processing) for providers of services or suppliers, shall maintain an Internet website which—

''(1) provides answers in an easily accessible format to frequently asked questions, and

''(2) includes other published materials of the contractor,

that relate to providers of services and suppliers under the programs under this title (and title XI insofar as it relates to such programs).''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect on October 1, 2004.

(f) ADDITIONAL PROVIDER EDUCATION PROVISIONS.—

(1) IN GENERAL.—Section 1889, as added by subsection (a) and as amended by subsections (d) and (e), is further amended by adding at the end the following new subsections:

''(e) ENCOURAGEMENT OF PARTICIPATION IN EDUCATION PROGRAM ACTIVITIES.—A medicare contractor may not use a record of attendance at (or failure to attend) educational activities or other information gathered during an educational program conducted under this section or otherwise by the Secretary to select or track providers of services or suppliers for the purpose of conducting any type of audit or prepayment review.

''(f) CONSTRUCTION.—Nothing in this section or section 1893(g) shall be construed as providing for disclosure by a medicare contractor—

''(1) of the screens used for identifying claims that will be subject to medical review; or

''(2) of information that would compromise pending law enforcement activities or reveal findings of law enforcement-related audits.

''(g) DEFINITIONS.—For purposes of this section, the term 'medicare contractor' includes the following:

''(1) A medicare administrative contractor with a contract under section 1874A, including a fiscal intermediary with a contract under section 1816 and a carrier with a contract under section 1842.

''(2) An eligible entity with a contract under section 1893.

Such term does not include, with respect to activities of a specific provider of services or supplier an entity that has no authority under this title or title IX with respect to such activities and such provider of services or supplier.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect on the date of the enactment of this Act.

SEC. 522. SMALL PROVIDER TECHNICAL ASSISTANCE DEMONSTRATION PROGRAM.

(a) ESTABLISHMENT.—

(1) IN GENERAL.—The Secretary shall establish a demonstration program (in this section referred to as the ''demonstration program'') under which technical assistance described in paragraph (2) is made available, upon request and on a voluntary basis, to small providers of services or suppliers in order to improve compliance with the applicable requirements of the programs under medicare program under title XVIII of the Social Security Act (including provisions of title XI of such Act insofar as they relate to such title and are not administered by the Office of the Inspector General of the Department of Health and Human Services).

(2) FORMS OF TECHNICAL ASSISTANCE.—The technical assistance described in this paragraph is—

(A) evaluation and recommendations regarding billing and related systems; and

(B) information and assistance regarding policies and procedures under the medicare program, including coding and reimbursement.

(3) SMALL PROVIDERS OF SERVICES OR SUPPLIERS.—In this section, the term ''small providers of services or suppliers'' means—

(A) a provider of services with fewer than 25 full-time-equivalent employees; or

(B) a supplier with fewer than 10 full-time-equivalent employees.

(b) QUALIFICATION OF CONTRACTORS.—In conducting the demonstration program, the Secretary shall enter into contracts with qualified organizations (such as peer review organizations or entities described in section 1889(g)(2) of the Social Security Act, as inserted by section 521(f)(1)) with appropriate expertise with billing systems of the full range of providers of services and suppliers to provide the technical assistance. In awarding such contracts, the Secretary shall consider any prior investigations of the entity's work by the Inspector General of Department of Health and Human Services or the Comptroller General of the United States.

(c) DESCRIPTION OF TECHNICAL ASSISTANCE.—The technical assistance provided under the demonstration program shall include a direct and in-person examination of billing systems and internal controls of small providers of services or suppliers to determine program compliance and to suggest more efficient or effective means of achieving such compliance.

(d) GAO EVALUATION.—Not later than 2 years after the date the demonstration program is first implemented, the Comptroller General, in consultation with the Inspector General of the Department of Health and Human Services, shall conduct an evaluation of the demonstration program. The evaluation shall include a determination of whether claims error rates are reduced for small providers of services or suppliers who participated in the program and the extent of improper payments made as a result of the demonstration program. The Comptroller General shall submit a report to the Secretary and the Congress on such evaluation and shall include in such report recommendations regarding the continuation or extension of the demonstration program.

(e) FINANCIAL PARTICIPATION BY PROVIDERS.—The provision of technical assistance to a small provider of services or supplier under the demonstration program is conditioned upon the small provider of services or supplier paying an amount estimated (and disclosed in advance of a provider's or supplier's participation in the program) to be equal to 25 percent of the cost of the technical assistance.

(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated, from amounts not otherwise appropriated in the Treasury, such sums as may be necessary to carry out this section.

SEC. 523. MEDICARE BENEFICIARY OMBUDSMAN.

(a) IN GENERAL.—Section 1808, as added and amended by section 500, is amended by adding at the end the following new subsection:

''(c) MEDICARE BENEFICIARY OMBUDSMAN.—

''(1) IN GENERAL.—The Secretary shall appoint within the Department of Health and Human Services a Medicare Beneficiary Ombudsman who shall have expertise and experience in the fields of health care and education of (and assistance to) individuals entitled to benefits under this title.

''(2) DUTIES.—The Medicare Beneficiary Ombudsman shall—

''(A) receive complaints, grievances, and requests for information submitted by individuals entitled to benefits under part A or enrolled under part B, or both, with respect to any aspect of the medicare program;

''(B) provide assistance with respect to complaints, grievances, and requests referred to in subparagraph (A), including—

''(i) assistance in collecting relevant information for such individuals, to seek an appeal of a decision or determination made by a fiscal intermediary, carrier, MA organization, or the Secretary;

''(ii) assistance to such individuals with any problems arising from disenrollment from an MA plan under part C; and

''(iii) assistance to such individuals in presenting information under section 1839(i)(4)(C) (relating to income-related premium adjustment); and

''(C) submit annual reports to Congress and the Secretary that describe the activities of the Office and that include such recommendations for improvement in the administration of this title as the Ombudsman determines appropriate.

The Ombudsman shall not serve as an advocate for any increases in payments or new coverage of services, but may identify issues and problems in payment or coverage policies.

''(3) WORKING WITH HEALTH INSURANCE COUNSELING PROGRAMS.—To the extent possible, the Ombudsman shall work with health insurance counseling programs (receiving funding under section 4360 of Omnibus Budget Reconciliation Act of 1990) to facilitate the provision of information to individuals entitled to benefits under part A or enrolled under part B, or both regarding MA plans and changes to those plans. Nothing in this paragraph shall preclude further collaboration between the Ombudsman and such programs.''.

(b) DEADLINE FOR APPOINTMENT.—By not later than 1 year after the date of the enactment of this Act, the Secretary shall appoint the Medicare Beneficiary Ombudsman under section 1808(c) of the Social Security Act, as added by subsection (a).

(c) FUNDING.—There are authorized to be appropriated to the Secretary (in appropriate part from the Federal Hospital Insurance Trust Fund, established under section 1817 of the Social Security Act (42 U.S.C. 1395i), and the Federal Supplementary Medical Insurance Trust Fund, established under section 1841 of such Act (42 U.S.C. 1395t)) to carry out section 1808(c) of such Act (relating to the Medicare Beneficiary Ombudsman), as added by subsection (a), such sums as are necessary for fiscal year 2004 and each succeeding fiscal year.

(d) USE OF CENTRAL, TOLL-FREE NUMBER (1–800–MEDICARE).—

(1) PHONE TRIAGE SYSTEM; LISTING IN MEDICARE HANDBOOK INSTEAD OF OTHER TOLL-FREE NUMBERS.—Section 1804(b) (42 U.S.C. 1395b–2(b)) is amended by adding at the end the following: ''The Secretary shall provide, through the toll-free telephone number 1–800–MEDICARE, for a means by which individuals seeking information about, or assistance with, such programs who phone such toll-free number are transferred (without charge) to appropriate entities for the provision of such information or assistance. Such toll-free number shall be the toll-free number listed for general information and assistance in the annual notice under subsection (a) instead of the listing of numbers of individual contractors.''.

(2) MONITORING ACCURACY.—

(A) STUDY.—The Comptroller General of the United States shall conduct a study to monitor the accuracy and consistency of information provided to individuals entitled to benefits under part A or enrolled under part B, or both, through the toll-free telephone number 1–800–MEDICARE, including an assessment of whether the information provided is sufficient to answer questions of such individuals. In conducting the study, the Comptroller General shall examine the education and training of the individuals providing information through such number.

(B) REPORT.—Not later than 1 year after the date of the enactment of this Act, the Comptroller General shall submit to Congress a report on the study conducted under subparagraph (A).

SEC. 524. BENEFICIARY OUTREACH DEMONSTRATION PROGRAM.

(a) IN GENERAL.—The Secretary shall establish a demonstration program (in this section referred to as the ''demonstration program'') under which medicare specialists employed by the Department of Health and Human Services provide advice and assistance to individuals entitled to benefits under part A of title XVIII of the Social Security Act, or enrolled under part B of such title, or both, regarding the medicare program at the location of existing local offices of the Social Security Administration.

(b) LOCATIONS.—

(1) IN GENERAL.—The demonstration program shall be conducted in at least 6 offices or areas. Subject to paragraph (2), in selecting such offices and areas, the Secretary shall provide preference for offices with a high volume of visits by individuals referred to in subsection (a).

(2) ASSISTANCE FOR RURAL BENEFICIARIES.—The Secretary shall provide for the selection of at least 2 rural areas to participate in the demonstration program. In conducting the demonstration program in such rural areas,

the Secretary shall provide for medicare specialists to travel among local offices in a rural area on a scheduled basis.

(c) DURATION.—The demonstration program shall be conducted over a 3-year period.

(d) EVALUATION AND REPORT.—

(1) EVALUATION.—The Secretary shall provide for an evaluation of the demonstration program. Such evaluation shall include an analysis of—

(A) utilization of, and satisfaction of those individuals referred to in subsection (a) with, the assistance provided under the program; and

(B) the cost-effectiveness of providing beneficiary assistance through out-stationing medicare specialists at local offices of the Social Security Administration.

(2) REPORT.—The Secretary shall submit to Congress a report on such evaluation and shall include in such report recommendations regarding the feasibility of permanently out-stationing medicare specialists at local offices of the Social Security Administration.

SEC. 525. INCLUSION OF ADDITIONAL INFORMATION IN NOTICES TO BENEFICIARIES ABOUT SKILLED NURSING FACILITY BENEFITS.

(a) IN GENERAL.—The Secretary shall provide that in medicare beneficiary notices provided (under section 1806(a) of the Social Security Act, 42 U.S.C. 1395b–7(a)) with respect to the provision of post-hospital extended care services under part A of title XVIII of the Social Security Act, there shall be included information on the number of days of coverage of such services remaining under such part for the medicare beneficiary and spell of illness involved.

(b) EFFECTIVE DATE.—Subsection (a) shall apply to notices provided during calendar quarters beginning more than 6 months after the date of the enactment of this Act.

SEC. 526. INFORMATION ON MEDICARE-CERTIFIED SKILLED NURSING FACILITIES IN HOSPITAL DISCHARGE PLANS.

(a) AVAILABILITY OF DATA.—The Secretary shall publicly provide information that enables hospital discharge planners, medicare beneficiaries, and the public to identify skilled nursing facilities that are participating in the medicare program.

(b) INCLUSION OF INFORMATION IN CERTAIN HOSPITAL DISCHARGE PLANS.—

(1) IN GENERAL.—Section 1861(ee)(2)(D) (42 U.S.C. 1395x(ee)(2)(D)) is amended—

(A) by striking ''hospice services'' and inserting ''hospice care and post-hospital extended care services''; and

(B) by inserting before the period at the end the following: ''and, in the case of individuals who are likely to need post-hospital extended care services, the availability of such services through facilities that participate in the program under this title and that serve the area in which the patient resides''.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall apply to discharge plans made on or after such date as the Secretary shall specify, but not later than 6 months after the date the Secretary provides for availability of information under subsection (a).

Subtitle D—Appeals and Recovery

SEC. 531. TRANSFER OF RESPONSIBILITY FOR MEDICARE APPEALS.

(a) TRANSITION PLAN.—

(1) IN GENERAL.—Not later than April 1, 2004, the Commissioner of Social Security and the Secretary shall develop and transmit to Congress and the Comptroller General of the United States a plan under which the functions of administrative law judges responsible for hearing cases under title XVIII of the Social Security Act (and related provisions in title XI of such Act) are transferred from the responsibility of the Commissioner and the Social Security Administration to the Secretary and the Department of Health and Human Services.

(2) CONTENTS.—The plan shall include information on the following:

(A) WORKLOAD.—The number of such administrative law judges and support staff required now and in the future to hear and decide such cases in a timely manner, taking into account the current and anticipated claims volume, appeals, number of beneficiaries, and statutory changes.

(B) COST PROJECTIONS AND FINANCING.—Funding levels required for fiscal year 2005 and subsequent fiscal years to carry out the functions transferred under the plan.

(C) TRANSITION TIMETABLE.—A timetable for the transition.

(D) REGULATIONS.—The establishment of specific regulations to govern the appeals process.

(E) CASE TRACKING.—The development of a unified case tracking system that will facilitate the maintenance and transfer of case specific data across both the fee-for-service and managed care components of the medicare program.

(F) FEASIBILITY OF PRECEDENTIAL AUTHORITY.—The feasibility of developing a process to give decisions of the Departmental Appeals Board in the Department of Health and Human Services addressing broad legal issues binding, precedential authority.

(G) ACCESS TO ADMINISTRATIVE LAW JUDGES.—The feasibility of—

(i) filing appeals with administrative law judges electronically; and

(ii) conducting hearings using tele- or video-conference technologies.

(H) INDEPENDENCE OF ADMINISTRATIVE LAW JUDGES.—The steps that should be taken to ensure the independence of administrative law judges consistent with the requirements of subsection (b)(2).

(I) GEOGRAPHIC DISTRIBUTION.—The steps that should be taken to provide for an appropriate geographic distribution of administrative law judges throughout the United States to carry out subsection (b)(3).

(J) HIRING.—The steps that should be taken to hire administrative law judges (and support staff) to carry out subsection (b)(4).

(K) PERFORMANCE STANDARDS.—The appropriateness of establishing performance standards for administrative law judges with respect to timelines for decisions in cases under title XVIII of the Social Security Act taking into account requirements under subsection (b)(2) for the independence of such judges and consistent with the applicable provisions of title 5, United States Code relating to impartiality.

(L) SHARED RESOURCES.—The steps that should be taken to carry out subsection (b)(6) (relating to the arrangements with the Commissioner of Social Security to share office space, support staff, and other resources, with appropriate reimbursement).

(M) TRAINING.—The training that should be provided to administrative law judges with respect to laws and regulations under title XVIII of the Social Security Act.

(3) ADDITIONAL INFORMATION.—The plan may also include recommendations for further congressional action, including modifications to the requirements and deadlines established under section 1869 of the Social Security Act (42 U.S.C. 1395ff) (as amended by this Act).

(4) GAO EVALUATION.—The Comptroller General of the United States shall evaluate the plan and, not later than the date that is 6 months after the date on which the plan is received by the Comptroller General, shall submit to Congress a report on such evaluation.

(b) TRANSFER OF ADJUDICATION AUTHORITY.—

(1) IN GENERAL.—Not earlier than July 1, 2005, and not later than October 1, 2005, the Commissioner of Social Security and the Secretary shall implement the transition plan under subsection (a) and transfer the administrative law judge functions described in such subsection from the Social Security Administration to the Secretary.

(2) ASSURING INDEPENDENCE OF JUDGES.—The Secretary shall assure the independence of administrative law judges performing the administrative law judge functions transferred under paragraph (1) from the Centers for Medicare & Medicaid Services and its contractors. In order to assure such independence, the Secretary shall place such judges in an administrative office that is organizationally and functionally separate from such Centers. Such judges shall report to, and be under the general supervision of, the Secretary, but shall not report to, or be subject to supervision by, another officer of the Department of Health and Human Services.

(3) GEOGRAPHIC DISTRIBUTION.—The Secretary shall provide for an appropriate geographic distribution of administrative law judges performing the administrative law judge functions transferred under paragraph (1) throughout the United States to ensure timely access to such judges.

(4) HIRING AUTHORITY.—Subject to the amounts provided in advance in appropriations Acts, the Secretary shall have authority to hire administrative law judges to hear such cases, taking into consideration those judges with expertise in handling medicare appeals and in a manner consistent with paragraph (3), and to hire support staff for such judges.

(5) FINANCING.—Amounts payable under law to the Commissioner for administrative law judges performing the administrative law judge functions transferred under paragraph (1) from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund shall become payable to the Secretary for the functions so transferred.

(6) SHARED RESOURCES.—The Secretary shall enter into such arrangements with the Commissioner as may be appropriate with respect to transferred functions of administrative law judges to share office space, support staff, and other resources, with appropriate reimbursement from the Trust Funds described in paragraph (5).

(c) INCREASED FINANCIAL SUPPORT.—In addition to any amounts otherwise appropriated, to ensure timely action on appeals before administrative law judges and the Departmental Appeals Board consistent with section 1869 of the Social Security Act (42 U.S.C. 1395ff) (as amended by this Act), there are authorized to be appropriated (in appropriate part from the Federal Hospital Insurance Trust Fund, established under section 1817 of the Social Security Act (42 U.S.C. 1395i), and the Federal Supplementary Medical Insurance Trust Fund, established under section 1841 of such Act (42 U.S.C. 1395t)) to the Secretary such sums as are necessary for fiscal year 2005 and each subsequent fiscal year to—

(1) increase the number of administrative law judges (and their staffs) under subsection (b)(4);

(2) improve education and training opportunities for administrative law judges (and their staffs); and

(3) increase the staff of the Departmental Appeals Board.

(d) CONFORMING AMENDMENT.—Section 1869(f)(2)(A)(i) (42 U.S.C. 1395ff(f)(2)(A)(i)) is amended by striking ''of the Social Security Administration''.

SEC. 532. PROCESS FOR EXPEDITED ACCESS TO REVIEW.

(a) EXPEDITED ACCESS TO JUDICIAL REVIEW.—

(1) IN GENERAL.—Section 1869(b) (42 U.S.C. 1395ff(b)) is amended—

(A) in paragraph (1)(A), by inserting '', subject to paragraph (2),'' before ''to judicial review of the Secretary's final decision''; and

(B) by adding at the end the following new paragraph:

''(2) EXPEDITED ACCESS TO JUDICIAL REVIEW.—

''(A) IN GENERAL.—The Secretary shall establish a process under which a provider of services or supplier that furnishes an item or service or an individual entitled to benefits under part A or enrolled under part B, or both, who has filed an appeal under paragraph (1) (other than an appeal filed under paragraph (1)(F)(i)) may obtain access to judicial review when a review entity (described in subparagraph (D)), on its own motion or at the request of the appellant, determines that the Departmental Appeals Board does not have the authority to decide the question of law or regulation relevant to the matters in controversy and that there is no material issue of fact in dispute. The appellant may make such request only once with respect to a question of law or regulation for a specific matter in dispute in a case of an appeal.

''(B) PROMPT DETERMINATIONS.—If, after or coincident with appropriately filing a request for an administrative hearing, the appellant requests a determination by the appropriate review entity that the Departmental Appeals Board does not have the authority to decide the question of law or regulations relevant to the matters in controversy and that there is no material issue of fact in dispute, and if such request is accompanied by the documents and materials as the appropriate review entity shall require for purposes of making such determination, such review entity shall make a determination on the request in writing within 60 days after the date such review entity receives the request and such accompanying documents and materials. Such a determination by such review entity shall be considered a final decision and not subject to review by the Secretary.

''(C) ACCESS TO JUDICIAL REVIEW.—

''(i) IN GENERAL.—If the appropriate review entity—

''(I) determines that there are no material issues of fact in dispute and that the only issues to be adjudicated are ones of law or regulation that the Departmental Appeals Board does not have authority to decide; or

''(II) fails to make such determination within the period provided under subparagraph (B),

then the appellant may bring a civil action as described in this subparagraph.

''(ii) DEADLINE FOR FILING.—Such action shall be filed, in the case described in—

''(I) clause (i)(I), within 60 days of the date of the determination described in such clause; or

''(II) clause (i)(II), within 60 days of the end of the period provided under subparagraph (B) for the determination.

''(iii) VENUE.—Such action shall be brought in the district court of the United States for the judicial district in which the appellant is located (or, in the case of an action brought jointly by more than one applicant, the judicial district in which the greatest number of applicants are located) or in the District Court for the District of Columbia.

''(iv) INTEREST ON ANY AMOUNTS IN CONTROVERSY.—Where a provider of services or supplier is granted judicial review pursuant to this paragraph, the amount in controversy (if any) shall be subject to annual interest beginning on the first day of the first month beginning after the 60-day period as determined pursuant to clause (ii) and equal to the rate of interest on obligations issued for purchase by the Federal Supplementary Medical Insurance Trust Fund for the month in which the civil action authorized under this paragraph is commenced, to be awarded by the reviewing court in favor of the prevailing party. No interest awarded pursuant to the preceding sentence shall be deemed income or cost for the purposes of determining reimbursement due providers of services or suppliers under this title.

''(D) REVIEW ENTITY DEFINED.—For purposes of this subsection, the term 'review entity' means an entity of up to three reviewers who are administrative law judges or members of the Departmental Appeals Board selected for purposes of making determinations under this paragraph.''.

(2) CONFORMING AMENDMENT.—Section 1869(b)(1)(F)(ii) (42 U.S.C. 1395ff(b)(1)(F)(ii)) is amended to read as follows:

''(ii) REFERENCE TO EXPEDITED ACCESS TO JUDICIAL REVIEW.—For the provision relating to expedited access to judicial review, see paragraph (2).''.

(b) APPLICATION TO PROVIDER AGREEMENT DETERMINATIONS.—Section 1866(h)(1) (42 U.S.C. 1395cc(h)(1)) is amended—

(1) by inserting ''(A)'' after ''(h)(1)''; and

(2) by adding at the end the following new subparagraph:

''(B) An institution or agency described in subparagraph (A) that has filed for a hearing under subparagraph (A) shall have expedited access to judicial review under this subparagraph in the same manner as providers of services, suppliers, and individuals entitled to benefits under part A or enrolled under part B, or both, may obtain expedited access to judicial review under the process established under section 1869(b)(2). Nothing in this subparagraph shall be construed to affect the application of any remedy imposed under section 1819 during the pendency of an appeal under this subparagraph.''.

(c) EXPEDITED REVIEW OF CERTAIN PROVIDER AGREEMENT DETERMINATIONS.—

(1) TERMINATION AND CERTAIN OTHER IMMEDIATE REMEDIES.—Section 1866(h)(1) (42 U.S.C. 1395cc(h)(1)), as amended by subsection (b), is amended by adding at the end the following new subparagraph:

''(C)(i) The Secretary shall develop and implement a process to expedite proceedings under this subsection in which—

''(I) the remedy of termination of participation has been imposed;

''(II) a remedy described in clause (i) or (iii) of section 1819(h)(2)(B) has been imposed, but only if such remedy has been imposed on an immediate basis; or

''(III) a determination has been made as to a finding of substandard quality of care that results in the loss of approval of a skilled nursing facility's nurse aide training program.

''(ii) Under such process under clause (i), priority shall be provided in cases of termination described in clause (i)(I).

''(iii) Nothing in this subparagraph shall be construed to affect the application of any remedy imposed under section 1819 during the pendency of an appeal under this subparagraph.''.

(2) WAIVER OF DISAPPROVAL OF NURSE-AIDE TRAINING PROGRAMS.—Sections 1819(f)(2) and section 1919(f)(2) (42 U.S.C. 1395i–3(f)(2) and 1396r(f)(2)) are each amended—

(A) in subparagraph (B)(iii), by striking ''subparagraph (C)'' and inserting ''subparagraphs (C) and (D)''; and

(B) by adding at the end the following new subparagraph:

''(D) WAIVER OF DISAPPROVAL OF NURSE-AIDE TRAINING PROGRAMS.—Upon application of a nursing facility, the Secretary may waive the application of subparagraph (B)(iii)(I)(c) if the imposition of the civil monetary penalty was not related to the quality of care provided to residents of the facility. Nothing in this subparagraph shall be construed as eliminating any requirement upon a facility to pay a civil monetary penalty described in the preceding sentence.''.

(3) INCREASED FINANCIAL SUPPORT.—In addition to any amounts otherwise appropriated, to reduce by 50 percent the average time for administrative determinations on appeals under section 1866(h) of the Social Security Act (42 U.S.C. 1395cc(h)), there are authorized to be appropriated (in appropriate part from the Federal Hospital Insurance Trust Fund, established under section 1817 of the Social Security Act (42 U.S.C. 1395i), and the Federal Supplementary Medical Insurance Trust Fund, established under section 1841 of such Act (42 U.S.C. 1395t)) to the Secretary such additional sums for fiscal year 2004 and each subsequent fiscal year as may be necessary. The purposes for which such amounts are available include increasing the number of administrative law judges (and their staffs) and the appellate level staff at the Departmental Appeals Board of the Department of Health and Human Services and educating such judges and staffs on long-term care issues.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to appeals filed on or after October 1, 2004.

SEC. 533. REVISIONS TO MEDICARE APPEALS PROCESS.

(a) REQUIRING FULL AND EARLY PRESENTATION OF EVIDENCE.—

(1) IN GENERAL.—Section 1869(b) (42 U.S.C. 1395ff(b)), as amended by section 532(a), is further amended by adding at the end the following new paragraph:

''(3) REQUIRING FULL AND EARLY PRESENTATION OF EVIDENCE BY PROVIDERS.—A provider of services or supplier may not introduce evidence in any appeal under this section that was not presented at the reconsideration conducted by the qualified independent contractor under subsection (c), unless there is good cause which precluded the introduction of such evidence at or before that reconsideration.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall take effect on October 1, 2004.

(b) USE OF PATIENTS' MEDICAL RECORDS.—Section 1869(c)(3)(B)(i) (42 U.S.C. 1395ff(c)(3)(B)(i)) is amended by inserting ''(including the medical records of the individual involved)'' after ''clinical experience''.

(c) NOTICE REQUIREMENTS FOR MEDICARE APPEALS.—

(1) INITIAL DETERMINATIONS AND REDETERMINATIONS.—Section 1869(a) (42 U.S.C.

1395ff(a)) is amended by adding at the end the following new paragraphs:

''(4) REQUIREMENTS OF NOTICE OF DETERMINATIONS.—With respect to an initial determination insofar as it results in a denial of a claim for benefits—

''(A) the written notice on the determination shall include—

''(i) the reasons for the determination, including whether a local medical review policy or a local coverage determination was used;

''(ii) the procedures for obtaining additional information concerning the determination, including the information described in subparagraph (B); and

''(iii) notification of the right to seek a redetermination or otherwise appeal the determination and instructions on how to initiate such a redetermination under this section;

''(B) such written notice shall be provided in printed form and written in a manner calculated to be understood by the individual entitled to benefits under part A or enrolled under part B, or both; and

''(C) the individual provided such written notice may obtain, upon request, information on the specific provision of the policy, manual, or regulation used in making the redetermination.

''(5) REQUIREMENTS OF NOTICE OF REDETERMINATIONS.—With respect to a redetermination insofar as it results in a denial of a claim for benefits—

''(A) the written notice on the redetermination shall include—

''(i) the specific reasons for the redetermination;

''(ii) as appropriate, a summary of the clinical or scientific evidence used in making the redetermination;

''(iii) a description of the procedures for obtaining additional information concerning the redetermination; and

''(iv) notification of the right to appeal the redetermination and instructions on how to initiate such an appeal under this section;

''(B) such written notice shall be provided in printed form and written in a manner calculated to be understood by the individual entitled to benefits under part A or enrolled under part B, or both; and

''(C) the individual provided such written notice may obtain, upon request, information on the specific provision of the policy, manual, or regulation used in making the redetermination.''.

(2) RECONSIDERATIONS.—Section 1869(c)(3)(E) (42 U.S.C. 1395ff(c)(3)(E)) is amended—

(A) by inserting ''be written in a manner calculated to be understood by the individual entitled to benefits under part A or enrolled under part B, or both, and shall include (to the extent appropriate)'' after ''in writing,''; and

(B) by inserting ''and a notification of the right to appeal such determination and instructions on how to initiate such appeal under this section'' after ''such decision,''.

(3) APPEALS.—Section 1869(d) (42 U.S.C. 1395ff(d)) is amended—

(A) in the heading, by inserting ''; NOTICE'' after ''SECRETARY''; and

(B) by adding at the end the following new paragraph:

''(4) NOTICE.—Notice of the decision of an administrative law judge shall be in writing in a manner calculated to be understood by the individual entitled to benefits under part A or enrolled under part B, or both, and shall include—

''(A) the specific reasons for the determination (including, to the extent appropriate, a summary of the clinical or scientific evidence used in making the determination);

''(B) the procedures for obtaining additional information concerning the decision; and

''(C) notification of the right to appeal the decision and instructions on how to initiate such an appeal under this section.''.

(4) SUBMISSION OF RECORD FOR APPEAL.—Section 1869(c)(3)(J)(i) (42 U.S.C. 1395ff(c)(3)(J)(i)) is amended by striking ''prepare'' and inserting ''submit'' and by striking ''with respect to'' and all that follows through ''and relevant policies''.

(d) QUALIFIED INDEPENDENT CONTRACTORS.—

(1) ELIGIBILITY REQUIREMENTS OF QUALIFIED INDEPENDENT CONTRACTORS.—Section 1869(c)(3) (42 U.S.C. 1395ff(c)(3)) is amended—

(A) in subparagraph (A), by striking ''sufficient training and expertise in medical science and legal matters'' and inserting ''sufficient medical, legal, and other expertise (including knowledge of the program under this title) and sufficient staffing''; and

(B) by adding at the end the following new subparagraph:

''(K) INDEPENDENCE REQUIREMENTS.—

''(i) IN GENERAL.—Subject to clause (ii), a qualified independent contractor shall not conduct any activities in a case unless the entity—

''(I) is not a related party (as defined in subsection (g)(5));

''(II) does not have a material familial, financial, or professional relationship with such a party in relation to such case; and

''(III) does not otherwise have a conflict of interest with such a party.

''(ii) EXCEPTION FOR REASONABLE COMPENSATION.—Nothing in clause (i) shall be construed to prohibit receipt by a qualified independent contractor of compensation from the Secretary for the conduct of activities under this section if the compensation is provided consistent with clause (iii).

''(iii) LIMITATIONS ON ENTITY COMPENSATION.—Compensation provided by the Secretary to a qualified independent contractor in connection with reviews under this section shall not be contingent on any decision rendered by the contractor or by any reviewing professional.''.

(2) ELIGIBILITY REQUIREMENTS FOR REVIEWERS.—Section 1869 (42 U.S.C. 1395ff) is amended—

(A) by amending subsection (c)(3)(D) to read as follows:

''(D) QUALIFICATIONS FOR REVIEWERS.—The requirements of subsection (g) shall be met (relating to qualifications of reviewing professionals).''; and

(B) by adding at the end the following new subsection:

''(g) QUALIFICATIONS OF REVIEWERS.—

''(1) IN GENERAL.—In reviewing determinations under this section, a qualified independent contractor shall assure that—

''(A) each individual conducting a review shall meet the qualifications of paragraph (2);

''(B) compensation provided by the contractor to each such reviewer is consistent with paragraph (3); and

''(C) in the case of a review by a panel described in subsection (c)(3)(B) composed of physicians or other health care professionals (each in this subsection referred to as a 'reviewing professional'), a reviewing professional meets the qualifications described in paragraph (4) and, where a claim is regarding the furnishing of treatment by a physician (allopathic or osteopathic) or the provision of items or services by a physician (allopathic or osteopathic), a reviewing professional shall be a physician (allopathic or osteopathic).

''(2) INDEPENDENCE.—

''(A) IN GENERAL.—Subject to subparagraph (B), each individual conducting a review in a case shall—

''(i) not be a related party (as defined in paragraph (5));

''(ii) not have a material familial, financial, or professional relationship with such a party in the case under review; and

''(iii) not otherwise have a conflict of interest with such a party.

''(B) EXCEPTION.—Nothing in subparagraph (A) shall be construed to—

''(i) prohibit an individual, solely on the basis of a participation agreement with a fiscal intermediary, carrier, or other contractor, from serving as a reviewing professional if—

''(I) the individual is not involved in the provision of items or services in the case under review;

''(II) the fact of such an agreement is disclosed to the Secretary and the individual entitled to benefits under part A or enrolled under part B, or both, or such individual's authorized representative, and neither party objects; and

''(III) the individual is not an employee of the intermediary, carrier, or contractor and does not provide services exclusively or primarily to or on behalf of such intermediary, carrier, or contractor;

''(ii) prohibit an individual who has staff privileges at the institution where the treatment involved takes place from serving as a reviewer merely on the basis of having such staff privileges if the existence of such privileges is disclosed to the Secretary and such individual (or authorized representative), and neither party objects; or

''(iii) prohibit receipt of compensation by a reviewing professional from a contractor if the compensation is provided consistent with paragraph (3).

For purposes of this paragraph, the term 'participation agreement' means an agreement relating to the provision of health care services by the individual and does not include the provision of services as a reviewer under this subsection.

''(3) LIMITATIONS ON REVIEWER COMPENSATION.—Compensation provided by a qualified independent contractor to a reviewer in connection with a review under this section shall not be contingent on the decision rendered by the reviewer.

''(4) LICENSURE AND EXPERTISE.—Each reviewing professional shall be—

''(A) a physician (allopathic or osteopathic) who is appropriately credentialed or licensed in one or more States to deliver health care services and has medical expertise in the field of practice that is appropriate for the items or services at issue; or

''(B) a health care professional who is legally authorized in one or more States (in accordance with State law or the State regulatory mechanism provided by State law) to furnish the health care items or services at issue and has medical expertise in the field of practice that is appropriate for such items or services.

''(5) RELATED PARTY DEFINED.—For purposes of this section, the term 'related party' means, with respect to a case under this title involving a specific individual entitled to benefits under part A or enrolled under part B, or both, any of the following:

''(A) The Secretary, the medicare administrative contractor involved, or any fiduciary,

officer, director, or employee of the Department of Health and Human Services, or of such contractor.

''(B) The individual (or authorized representative).

''(C) The health care professional that provides the items or services involved in the case.

''(D) The institution at which the items or services (or treatment) involved in the case are provided.

''(E) The manufacturer of any drug or other item that is included in the items or services involved in the case.

''(F) Any other party determined under any regulations to have a substantial interest in the case involved.''.

(3) REDUCING MINIMUM NUMBER OF QUALIFIED INDEPENDENT CONTRACTORS.—Section 1869(c)(4) (42 U.S.C. 1395ff(c)(4)) is amended by striking ''not fewer than 12 qualified independent contractors under this subsection'' and inserting ''with a sufficient number of qualified independent contractors (but not fewer than 4 such contractors) to conduct reconsiderations consistent with the timeframes applicable under this subsection''.

(4) EFFECTIVE DATE.—The amendments made by paragraphs (1) and (2) shall be effective as if included in the enactment of the respective provisions of subtitle C of title V of BIPA (114 Stat. 2763A–534).

(5) TRANSITION.—In applying section 1869(g) of the Social Security Act (as added by paragraph (2)), any reference to a medicare administrative contractor shall be deemed to include a reference to a fiscal intermediary under section 1816 of the Social Security Act (42 U.S.C. 1395h) and a carrier under section 1842 of such Act (42 U.S.C. 1395u).

SEC. 534. PREPAYMENT REVIEW.

(a) IN GENERAL.—Section 1874A, as added by section 511(a)(1) and as amended by sections 912(b), 921(b)(1), and 921(c)(1), is further amended by adding at the end the following new subsection:

''(h) CONDUCT OF PREPAYMENT REVIEW.—

''(1) CONDUCT OF RANDOM PREPAYMENT REVIEW.—

''(A) IN GENERAL.—A medicare administrative contractor may conduct random prepayment review only to develop a contractor-wide or program-wide claims payment error rates or under such additional circumstances as may be provided under regulations, developed in consultation with providers of services and suppliers.

''(B) USE OF STANDARD PROTOCOLS WHEN CONDUCTING PREPAYMENT REVIEWS.—When a medicare administrative contractor conducts a random prepayment review, the contractor may conduct such review only in accordance with a standard protocol for random prepayment audits developed by the Secretary.

''(C) CONSTRUCTION.—Nothing in this paragraph shall be construed as preventing the denial of payments for claims actually reviewed under a random prepayment review.

''(D) RANDOM PREPAYMENT REVIEW.—For purposes of this subsection, the term 'random prepayment review' means a demand for the production of records or documentation absent cause with respect to a claim.

''(2) LIMITATIONS ON NON-RANDOM PREPAYMENT REVIEW.—

''(A) LIMITATIONS ON INITIATION OF NON-RANDOM PREPAYMENT REVIEW.—A medicare administrative contractor may not initiate non-random prepayment review of a provider of services or supplier based on the initial identification by that provider of services or supplier of an improper billing practice unless there is a likelihood of sustained or high level of payment error under section 1893(f)(3)(A).

''(B) TERMINATION OF NON-RANDOM PREPAYMENT REVIEW.—The Secretary shall issue regulations relating to the termination, including termination dates, of non-random prepayment review. Such regulations may vary such a termination date based upon the differences in the circumstances triggering prepayment review.''.

(b) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in this subsection, the amendment made by subsection (a) shall take effect 1 year after the date of the enactment of this Act.

(2) DEADLINE FOR PROMULGATION OF CERTAIN REGULATIONS.—The Secretary shall first issue regulations under section 1874A(h) of the Social Security Act, as added by subsection (a), by not later than 1 year after the date of the enactment of this Act.

(3) APPLICATION OF STANDARD PROTOCOLS FOR RANDOM PREPAYMENT REVIEW.—Section 1874A(h)(1)(B) of the Social Security Act, as added by subsection (a), shall apply to random prepayment reviews conducted on or after such date (not later than 1 year after the date of the enactment of this Act) as the Secretary shall specify.

(c) APPLICATION TO FISCAL INTERMEDIARIES AND CARRIERS.—The provisions of section 1874A(h) of the Social Security Act, as added by subsection (a), shall apply to each fiscal intermediary under section 1816 of the Social Security Act (42 U.S.C. 1395h) and each carrier under section 1842 of such Act (42 U.S.C. 1395u) in the same manner as they apply to medicare administrative contractors under such provisions.

SEC. 535. RECOVERY OF OVERPAYMENTS.

(a) IN GENERAL.—Section 1893 (42 U.S.C. 1395ddd) is amended by adding at the end the following new subsection:

''(f) RECOVERY OF OVERPAYMENTS.—

''(1) USE OF REPAYMENT PLANS.—

''(A) IN GENERAL.—If the repayment, within 30 days by a provider of services or supplier, of an overpayment under this title would constitute a hardship (as described in subparagraph (B)), subject to subparagraph (C), upon request of the provider of services or supplier the Secretary shall enter into a plan with the provider of services or supplier for the repayment (through offset or otherwise) of such overpayment over a period of at least 6 months but not longer than 3 years (or not longer than 5 years in the case of extreme hardship, as determined by the Secretary). Interest shall accrue on the balance through the period of repayment. Such plan shall meet terms and conditions determined to be appropriate by the Secretary.

''(B) HARDSHIP.—

''(i) IN GENERAL.—For purposes of subparagraph (A), the repayment of an overpayment (or overpayments) within 30 days is deemed to constitute a hardship if—

''(I) in the case of a provider of services that files cost reports, the aggregate amount of the overpayments exceeds 10 percent of the amount paid under this title to the provider of services for the cost reporting period covered by the most recently submitted cost report; or

''(II) in the case of another provider of services or supplier, the aggregate amount of the overpayments exceeds 10 percent of the amount paid under this title to the provider of services or supplier for the previous calendar year.

''(ii) RULE OF APPLICATION.—The Secretary shall establish rules for the application of this subparagraph in the case of a provider of services or supplier that was not paid under this title during the previous year or was paid under this title only during a portion of that year.

''(iii) TREATMENT OF PREVIOUS OVERPAYMENTS.—If a provider of services or supplier has entered into a repayment plan under subparagraph (A) with respect to a specific overpayment amount, such payment amount under the repayment plan shall not be taken into account under clause (i) with respect to subsequent overpayment amounts.

''(C) EXCEPTIONS.—Subparagraph (A) shall not apply if—

''(i) the Secretary has reason to suspect that the provider of services or supplier may file for bankruptcy or otherwise cease to do business or discontinue participation in the program under this title; or

''(ii) there is an indication of fraud or abuse committed against the program.

''(D) IMMEDIATE COLLECTION IF VIOLATION OF REPAYMENT PLAN.—If a provider of services or supplier fails to make a payment in accordance with a repayment plan under this paragraph, the Secretary may immediately seek to offset or otherwise recover the total balance outstanding (including applicable interest) under the repayment plan.

''(E) RELATION TO NO FAULT PROVISION.—Nothing in this paragraph shall be construed as affecting the application of section 1870(c) (relating to no adjustment in the cases of certain overpayments).

''(2) LIMITATION ON RECOUPMENT.—

''(A) IN GENERAL.—In the case of a provider of services or supplier that is determined to have received an overpayment under this title and that seeks a reconsideration by a qualified independent contractor on such determination under section 1869(b)(1), the Secretary may not take any action (or authorize any other person, including any medicare contractor, as defined in subparagraph (C)) to recoup the overpayment until the date the decision on the reconsideration has been rendered. If the provisions of section 1869(b)(1) (providing for such a reconsideration by a qualified independent contractor) are not in effect, in applying the previous sentence any reference to such a reconsideration shall be treated as a reference to a redetermination by the fiscal intermediary or carrier involved.

''(B) COLLECTION WITH INTEREST.—Insofar as the determination on such appeal is against the provider of services or supplier, interest on the overpayment shall accrue on and after the date of the original notice of overpayment. Insofar as such determination against the provider of services or supplier is later reversed, the Secretary shall provide for repayment of the amount recouped plus interest at the same rate as would apply under the previous sentence for the period in which the amount was recouped.

''(C) MEDICARE CONTRACTOR DEFINED.—For purposes of this subsection, the term 'medicare contractor' has the meaning given such term in section 1889(g).

''(3) LIMITATION ON USE OF EXTRAPOLATION.—A medicare contractor may not use extrapolation to determine overpayment amounts to be recovered by recoupment, offset, or otherwise unless the Secretary determines that—

''(A) there is a sustained or high level of payment error; or

''(B) documented educational intervention has failed to correct the payment error.

There shall be no administrative or judicial review under section 1869, section 1878, or otherwise, of determinations by the Secretary of sustained or high levels of payment errors under this paragraph.

''(4) PROVISION OF SUPPORTING DOCUMENTATION.—In the case of a provider of services or supplier with respect to which amounts were previously overpaid, a medicare contractor may request the periodic production of records or supporting documentation for a limited sample of submitted claims to ensure that the previous practice is not continuing.

''(5) CONSENT SETTLEMENT REFORMS.—

''(A) IN GENERAL.—The Secretary may use a consent settlement (as defined in subparagraph (D)) to settle a projected overpayment.

''(B) OPPORTUNITY TO SUBMIT ADDITIONAL INFORMATION BEFORE CONSENT SETTLEMENT OFFER.—Before offering a provider of services or supplier a consent settlement, the Secretary shall—

''(i) communicate to the provider of services or supplier—

''(I) that, based on a review of the medical records requested by the Secretary, a preliminary evaluation of those records indicates that there would be an overpayment;

''(II) the nature of the problems identified in such evaluation; and

''(III) the steps that the provider of services or supplier should take to address the problems; and

''(ii) provide for a 45-day period during which the provider of services or supplier may furnish additional information concerning the medical records for the claims that had been reviewed.

''(C) CONSENT SETTLEMENT OFFER.—The Secretary shall review any additional information furnished by the provider of services or supplier under subparagraph (B)(ii). Taking into consideration such information, the Secretary shall determine if there still appears to be an overpayment. If so, the Secretary—

''(i) shall provide notice of such determination to the provider of services or supplier, including an explanation of the reason for such determination; and

''(ii) in order to resolve the overpayment, may offer the provider of services or supplier—

''(I) the opportunity for a statistically valid random sample; or

''(II) a consent settlement.

The opportunity provided under clause (ii)(I) does not waive any appeal rights with respect to the alleged overpayment involved.

''(D) CONSENT SETTLEMENT DEFINED.—For purposes of this paragraph, the term 'consent settlement' means an agreement between the Secretary and a provider of services or supplier whereby both parties agree to settle a projected overpayment based on less than a statistically valid sample of claims and the provider of services or supplier agrees not to appeal the claims involved.

''(6) NOTICE OF OVER-UTILIZATION OF CODES.—The Secretary shall establish, in consultation with organizations representing the classes of providers of services and suppliers, a process under which the Secretary provides for notice to classes of providers of services and suppliers served by the contractor in cases in which the contractor has identified that particular billing codes may be overutilized by that class of providers of services or suppliers under the programs under this title (or provisions of title XI insofar as they relate to such programs).

''(7) PAYMENT AUDITS.—

''(A) WRITTEN NOTICE FOR POST-PAYMENT AUDITS.—Subject to subparagraph (C), if a medicare contractor decides to conduct a post-payment audit of a provider of services or supplier under this title, the contractor shall provide the provider of services or supplier with written notice (which may be in electronic form) of the intent to conduct such an audit.

''(B) EXPLANATION OF FINDINGS FOR ALL AUDITS.—Subject to subparagraph (C), if a medicare contractor audits a provider of services or supplier under this title, the contractor shall—

''(i) give the provider of services or supplier a full review and explanation of the findings of the audit in a manner that is understandable to the provider of services or supplier and permits the development of an appropriate corrective action plan;

''(ii) inform the provider of services or supplier of the appeal rights under this title as well as consent settlement options (which are at the discretion of the Secretary);

''(iii) give the provider of services or supplier an opportunity to provide additional information to the contractor; and

''(iv) take into account information provided, on a timely basis, by the provider of services or supplier under clause (iii).

''(C) EXCEPTION.—Subparagraphs (A) and (B) shall not apply if the provision of notice or findings would compromise pending law enforcement activities, whether civil or criminal, or reveal findings of law enforcement-related audits.

''(8) STANDARD METHODOLOGY FOR PROBE SAMPLING.—The Secretary shall establish a standard methodology for medicare contractors to use in selecting a sample of claims for review in the case of an abnormal billing pattern.''.

(b) EFFECTIVE DATES AND DEADLINES.—

(1) USE OF REPAYMENT PLANS.—Section 1893(f)(1) of the Social Security Act, as added by subsection (a), shall apply to requests for repayment plans made after the date of the enactment of this Act.

(2) LIMITATION ON RECOUPMENT.—Section 1893(f)(2) of the Social Security Act, as added by subsection (a), shall apply to actions taken after the date of the enactment of this Act.

(3) USE OF EXTRAPOLATION.—Section 1893(f)(3) of the Social Security Act, as added by subsection (a), shall apply to statistically valid random samples initiated after the date that is 1 year after the date of the enactment of this Act.

(4) PROVISION OF SUPPORTING DOCUMENTATION.—Section 1893(f)(4) of the Social Security Act, as added by subsection (a), shall take effect on the date of the enactment of this Act.

(5) CONSENT SETTLEMENT.—Section 1893(f)(5) of the Social Security Act, as added by subsection (a), shall apply to consent settlements entered into after the date of the enactment of this Act.

(6) NOTICE OF OVERUTILIZATION.—Not later than 1 year after the date of the enactment of this Act, the Secretary shall first establish the process for notice of overutilization of billing codes under section 1893A(f)(6) of the Social Security Act, as added by subsection (a).

(7) PAYMENT AUDITS.—Section 1893A(f)(7) of the Social Security Act, as added by subsection (a), shall apply to audits initiated after the date of the enactment of this Act.

(8) STANDARD FOR ABNORMAL BILLING PATTERNS.—Not later than 1 year after the date of the enactment of this Act, the Secretary shall first establish a standard methodology for selection of sample claims for abnormal billing patterns under section 1893(f)(8) of the Social Security Act, as added by subsection (a).

SEC. 536. PROVIDER ENROLLMENT PROCESS; RIGHT OF APPEAL.

(a) IN GENERAL.—Section 1866 (42 U.S.C. 1395cc) is amended—

(1) by adding at the end of the heading the following: ''; ENROLLMENT PROCESSES''; and

(2) by adding at the end the following new subsection:

''(j) ENROLLMENT PROCESS FOR PROVIDERS OF SERVICES AND SUPPLIERS.—

''(1) ENROLLMENT PROCESS.—

''(A) IN GENERAL.—The Secretary shall establish by regulation a process for the enrollment of providers of services and suppliers under this title.

''(B) DEADLINES.—The Secretary shall establish by regulation procedures under which there are deadlines for actions on applications for enrollment (and, if applicable, renewal of enrollment). The Secretary shall monitor the performance of medicare administrative contractors in meeting the deadlines established under this subparagraph.

''(C) CONSULTATION BEFORE CHANGING PROVIDER ENROLLMENT FORMS.—The Secretary shall consult with providers of services and suppliers before making changes in the provider enrollment forms required of such providers and suppliers to be eligible to submit claims for which payment may be made under this title.

''(2) HEARING RIGHTS IN CASES OF DENIAL OR NON-RENEWAL.—A provider of services or supplier whose application to enroll (or, if applicable, to renew enrollment) under this title is denied may have a hearing and judicial review of such denial under the procedures that apply under subsection (h)(1)(A) to a provider of services that is dissatisfied with a determination by the Secretary.''.

(b) EFFECTIVE DATES.—

(1) ENROLLMENT PROCESS.—The Secretary shall provide for the establishment of the enrollment process under section 1866(j)(1) of the Social Security Act, as added by subsection (a)(2), within 6 months after the date of the enactment of this Act.

(2) CONSULTATION.—Section 1866(j)(1)(C) of the Social Security Act, as added by subsection (a)(2), shall apply with respect to changes in provider enrollment forms made on or after January 1, 2004.

(3) HEARING RIGHTS.—Section 1866(j)(2) of the Social Security Act, as added by subsection (a)(2), shall apply to denials occurring on or after such date (not later than 1 year after the date of the enactment of this Act) as the Secretary specifies.

SEC. 537. PROCESS FOR CORRECTION OF MINOR ERRORS AND OMISSIONS WITHOUT PURSUING APPEALS PROCESS.

(a) CLAIMS.—The Secretary shall develop, in consultation with appropriate medicare contractors (as defined in section 1889(g) of the Social Security Act, as inserted by section 301(a)(1)) and representatives of providers of services and suppliers, a process whereby, in the case of minor errors or omissions (as defined by the Secretary) that are detected in the submission of claims under the programs under title XVIII of such Act, a provider of services or supplier is given an opportunity to correct such an error or omission without the need to initiate an appeal. Such process shall include the ability to resubmit corrected claims.

(b) DEADLINE.—Not later than 1 year after the date of the enactment of this Act, the Secretary shall first develop the process under subsection (a).

SEC. 538. PRIOR DETERMINATION PROCESS FOR CERTAIN ITEMS AND SERVICES; ADVANCE BENEFICIARY NOTICES.

(a) IN GENERAL.—Section 1869 (42 U.S.C. 1395ff(b)), as amended by section 533(d)(2)(B),

is further amended by adding at the end the following new subsection:

''(h) PRIOR DETERMINATION PROCESS FOR CERTAIN ITEMS AND SERVICES.—

''(1) ESTABLISHMENT OF PROCESS.—

''(A) IN GENERAL.—With respect to a medicare administrative contractor that has a contract under section 1874A that provides for making payments under this title with respect to physicians' services (as defined in section 1848(j)(3)), the Secretary shall establish a prior determination process that meets the requirements of this subsection and that shall be applied by such contractor in the case of eligible requesters.

''(B) ELIGIBLE REQUESTER.—For purposes of this subsection, each of the following shall be an eligible requester:

''(i) A participating physician, but only with respect to physicians' services to be furnished to an individual who is entitled to benefits under this title and who has consented to the physician making the request under this subsection for those physicians' services.

''(ii) An individual entitled to benefits under this title, but only with respect to a physicians' service for which the individual receives, from a physician, an advance beneficiary notice under section 1879(a).

''(2) SECRETARIAL FLEXIBILITY.—The Secretary shall establish by regulation reasonable limits on the physicians' services for which a prior determination of coverage may be requested under this subsection. In establishing such limits, the Secretary may consider the dollar amount involved with respect to the physicians' service, administrative costs and burdens, and other relevant factors.

''(3) REQUEST FOR PRIOR DETERMINATION.—

''(A) IN GENERAL.—Subject to paragraph (2), under the process established under this subsection an eligible requester may submit to the contractor a request for a determination, before the furnishing of a physicians' service, as to whether the physicians' service is covered under this title consistent with the applicable requirements of section 1862(a)(1)(A) (relating to medical necessity).

''(B) ACCOMPANYING DOCUMENTATION.—The Secretary may require that the request be accompanied by a description of the physicians' service, supporting documentation relating to the medical necessity for the physicians' service, and any other appropriate documentation. In the case of a request submitted by an eligible requester who is described in paragraph (1)(B)(ii), the Secretary may require that the request also be accompanied by a copy of the advance beneficiary notice involved.

''(4) RESPONSE TO REQUEST.—

''(A) IN GENERAL.—Under such process, the contractor shall provide the eligible requester with written notice of a determination as to whether—

''(i) the physicians' service is so covered;

''(ii) the physicians' service is not so covered; or

''(iii) the contractor lacks sufficient information to make a coverage determination with respect to the physicians' service.

''(B) CONTENTS OF NOTICE FOR CERTAIN DETERMINATIONS.—

''(i) NONCOVERAGE.—If the contractor makes the determination described in subparagraph (A)(ii), the contractor shall include in the notice a brief explanation of the basis for the determination, including on what national or local coverage or noncoverage determination (if any) the determination is based, and a description of any applicable rights under subsection (a).

''(ii) INSUFFICIENT INFORMATION.—If the contractor makes the determination described in subparagraph (A)(iii), the contractor shall include in the notice a description of the additional information required to make the coverage determination.

''(C) DEADLINE TO RESPOND.—Such notice shall be provided within the same time period as the time period applicable to the contractor providing notice of initial determinations on a claim for benefits under subsection (a)(2)(A).

''(D) INFORMING BENEFICIARY IN CASE OF PHYSICIAN REQUEST.—In the case of a request by a participating physician under paragraph (1)(B)(i), the process shall provide that the individual to whom the physicians' service is proposed to be furnished shall be informed of any determination described in subparagraph (A)(ii) (relating to a determination of noncoverage) and the right (referred to in paragraph (6)(B)) to obtain the physicians' service and have a claim submitted for the physicians' service.

''(5) BINDING NATURE OF POSITIVE DETERMINATION.—If the contractor makes the determination described in paragraph (4)(A)(i), such determination shall be binding on the contractor in the absence of fraud or evidence of misrepresentation of facts presented to the contractor.

''(6) LIMITATION ON FURTHER REVIEW.—

''(A) IN GENERAL.—Contractor determinations described in paragraph (4)(A)(ii) or (4)(A)(iii) (relating to pre-service claims) are not subject to further administrative appeal or judicial review under this section or otherwise.

''(B) DECISION NOT TO SEEK PRIOR DETERMINATION OR NEGATIVE DETERMINATION DOES NOT IMPACT RIGHT TO OBTAIN SERVICES, SEEK REIMBURSEMENT, OR APPEAL RIGHTS.—Nothing in this subsection shall be construed as affecting the right of an individual who—

''(i) decides not to seek a prior determination under this subsection with respect to physicians' services; or

''(ii) seeks such a determination and has received a determination described in paragraph (4)(A)(ii),

from receiving (and submitting a claim for) such physicians' services and from obtaining administrative or judicial review respecting such claim under the other applicable provisions of this section. Failure to seek a prior determination under this subsection with respect to physicians' service shall not be taken into account in such administrative or judicial review.

''(C) NO PRIOR DETERMINATION AFTER RECEIPT OF SERVICES.—Once an individual is provided physicians' services, there shall be no prior determination under this subsection with respect to such physicians' services.''.

(b) EFFECTIVE DATE; SUNSET; TRANSITION.—

(1) EFFECTIVE DATE.—The Secretary shall establish the prior determination process under the amendment made by subsection (a) in such a manner as to provide for the acceptance of requests for determinations under such process filed not later than 18 months after the date of the enactment of this Act.

(2) SUNSET.—Such prior determination process shall not apply to requests filed after the end of the 5-year period beginning on the first date on which requests for determinations under such process are accepted.

(3) TRANSITION.—During the period in which the amendment made by subsection (a) has become effective but contracts are not provided under section 1874A of the Social Security Act with medicare administrative contractors, any reference in section 1869(g) of such Act (as added by such amendment) to such a contractor is deemed a reference to a fiscal intermediary or carrier with an agreement under section 1816, or contract under section 1842, respectively, of such Act.

(4) LIMITATION ON APPLICATION TO SGR.—For purposes of applying section 1848(f)(2)(D) of the Social Security Act (42 U.S.C. 1395w–4(f)(2)(D)), the amendment made by subsection (a) shall not be considered to be a change in law or regulation.

(c) PROVISIONS RELATING TO ADVANCE BENEFICIARY NOTICES; REPORT ON PRIOR DETERMINATION PROCESS.—

(1) DATA COLLECTION.—The Secretary shall establish a process for the collection of information on the instances in which an advance beneficiary notice (as defined in paragraph (5)) has been provided and on instances in which a beneficiary indicates on such a notice that the beneficiary does not intend to seek to have the item or service that is the subject of the notice furnished.

(2) OUTREACH AND EDUCATION.—The Secretary shall establish a program of outreach and education for beneficiaries and providers of services and other persons on the appropriate use of advance beneficiary notices and coverage policies under the medicare program.

(3) GAO REPORT ON USE OF ADVANCE BENEFICIARY NOTICES.—Not later than 18 months after the date on which section 1869(h) of the Social Security Act (as added by subsection (a)) takes effect, the Comptroller General of the United States shall submit to Congress a report on the use of advance beneficiary notices under title XVIII of such Act. Such report shall include information concerning the providers of services and other persons that have provided such notices and the response of beneficiaries to such notices.

(4) GAO REPORT ON USE OF PRIOR DETERMINATION PROCESS.—Not later than 36 months after the date on which section 1869(h) of the Social Security Act (as added by subsection (a)) takes effect, the Comptroller General of the United States shall submit to Congress a report on the use of the prior determination process under such section. Such report shall include—

(A) information concerning—

(i) the number and types of procedures for which a prior determination has been sought;

(ii) determinations made under the process;

(iii) the percentage of beneficiaries prevailing;

(iv) in those cases in which the beneficiaries do not prevail, the reasons why such beneficiaries did not prevail; and

(v) changes in receipt of services resulting from the application of such process;

(B) an evaluation of whether the process was useful for physicians (and other suppliers) and beneficiaries, whether it was timely, and whether the amount of information required was burdensome to physicians and beneficiaries; and

(C) recommendations for improvements or continuation of such process.

(5) ADVANCE BENEFICIARY NOTICE DEFINED.—In this subsection, the term ''advance beneficiary notice'' means a written notice provided under section 1879(a) of the Social Security Act (42 U.S.C. 1395pp(a)) to an individual entitled to benefits under part A or enrolled under part B of title XVIII of such Act before items or services are furnished under such part in cases where a provider of services or other person that would furnish the item or service believes that payment

will not be made for some or all of such items or services under such title.

SEC. 539. APPEALS BY PROVIDERS WHEN THERE IS NO OTHER PARTY AVAILABLE.

(a) IN GENERAL.—Section 1870 (42 U.S.C. 1395gg) is amended by adding at the end the following new subsection:

''(h) Notwithstanding subsection (f) or any other provision of law, the Secretary shall permit a provider of services or supplier to appeal any determination of the Secretary under this title relating to services rendered under this title to an individual who subsequently dies if there is no other party available to appeal such determination.''.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall take effect on the date of the enactment of this Act and shall apply to items and services furnished on or after such date.

SEC. 540. REVISIONS TO APPEALS TIMEFRAMES AND AMOUNTS.

(a) TIMEFRAMES.—Section 1869 (42 U.S.C. 1395ff) is amended—

(1) in subsection (a)(3)(C)(ii), by striking ''30-day period'' each place it appears and inserting ''60-day period''; and

(2) in subsection (c)(3)(C)(i), by striking ''30-day period'' and inserting ''60-day period''.

(b) AMOUNTS.—

(1) IN GENERAL.—Section 1869(b)(1)(E) (42 U.S.C. 1395ff(b)(1)(E)) is amended by adding at the end the following new clause:

''(iii) ADJUSTMENT OF DOLLAR AMOUNTS.—For requests for hearings or judicial review made in a year after 2004, the dollar amounts specified in clause (i) shall be equal to such dollar amounts increased by the percentage increase in the medical care component of the consumer price index for all urban consumers (U.S. city average) for July 2003 to the July preceding the year involved. Any amount determined under the previous sentence that is not a multiple of $10 shall be rounded to the nearest multiple of $10.''.

(2) CONFORMING AMENDMENTS.—(A) Section 1852(g)(5) (42 U.S.C. 1395w–22(g)(5)) is amended by adding at the end the following: ''The provisions of section 1869(b)(1)(E)(iii) shall apply with respect to dollar amounts specified in the first 2 sentences of this paragraph in the same manner as they apply to the dollar amounts specified in section 1869(b)(1)(E)(i).''.

(B) Section 1876(b)(5)(B) (42 U.S.C. 1395mm(b)(5)(B)) is amended by adding at the end the following: ''The provisions of section 1869(b)(1)(E)(iii) shall apply with respect to dollar amounts specified in the first 2 sentences of this subparagraph in the same manner as they apply to the dollar amounts specified in section 1869(b)(1)(E)(i).''.

SEC. 540A. MEDIATION PROCESS FOR LOCAL COVERAGE DETERMINATIONS.

(a) IN GENERAL.—Section 1869 (42 U.S.C. 1395ff), as amended by section 538(a), is amended by adding at the end the following new subsection:

''(i) MEDIATION PROCESS FOR LOCAL COVERAGE DETERMINATIONS.—

''(1) ESTABLISHMENT OF PROCESS.—The Secretary shall establish a mediation process under this subsection through the use of a physician trained in mediation and employed by the Centers for Medicare & Medicaid Services.

''(2) RESPONSIBILITY OF MEDIATOR.—Under the process established in paragraph (1), such a mediator shall mediate in disputes between groups representing providers of services, suppliers (as defined in section 1861(d)), and the medical director for a medicare administrative contractor whenever the regional administrator (as defined by the Secretary) involved determines that there was a systematic pattern and a large volume of complaints from such groups regarding decisions of such director or there is a complaint from the co-chair of the advisory committee for that contractor to such regional administrator regarding such dispute.''.

(b) INCLUSION IN MAC CONTRACTS.—Section 1874A(b)(3)(A)(i), as added by section 511(a)(1), is amended by adding at the end the following: ''Such requirements shall include specific performance duties expected of a medical director of a medicare administrative contractor, including requirements relating to professional relations and the availability of such director to conduct medical determination activities within the jurisdiction of such a contractor.''.

Subtitle E—Miscellaneous Provisions

SEC. 541. POLICY DEVELOPMENT REGARDING EVALUATION AND MANAGEMENT (E & M) DOCUMENTATION GUIDELINES.

(a) IN GENERAL.—The Secretary may not implement any new or modified documentation guidelines (which for purposes of this section includes clinical examples) for evaluation and management physician services under the title XVIII of the Social Security Act on or after the date of the enactment of this Act unless the Secretary—

(1) has developed the guidelines in collaboration with practicing physicians (including both generalists and specialists) and provided for an assessment of the proposed guidelines by the physician community;

(2) has established a plan that contains specific goals, including a schedule, for improving the use of such guidelines;

(3) has conducted appropriate and representative pilot projects under subsection (b) to test such guidelines;

(4) finds, based on reports submitted under subsection (b)(5) with respect to pilot projects conducted for such or related guidelines, that the objectives described in subsection (c) will be met in the implementation of such guidelines; and

(5) has established, and is implementing, a program to educate physicians on the use of such guidelines and that includes appropriate outreach.

The Secretary shall make changes to the manner in which existing evaluation and management documentation guidelines are implemented to reduce paperwork burdens on physicians.

(b) PILOT PROJECTS TO TEST MODIFIED OR NEW EVALUATION AND MANAGEMENT DOCUMENTATION GUIDELINES.—

(1) IN GENERAL.—With respect to proposed new or modified documentation guidelines referred to in subsection (a), the Secretary shall conduct under this subsection appropriate and representative pilot projects to test the proposed guidelines.

(2) LENGTH AND CONSULTATION.—Each pilot project under this subsection shall—

(A) be voluntary;

(B) be of sufficient length as determined by the Secretary (but in no case to exceed 1 year) to allow for preparatory physician and medicare contractor education, analysis, and use and assessment of potential evaluation and management guidelines; and

(C) be conducted, in development and throughout the planning and operational stages of the project, in consultation with practicing physicians (including both generalists and specialists).

(3) RANGE OF PILOT PROJECTS.—Of the pilot projects conducted under this subsection with respect to proposed new or modified documentation guidelines—

(A) at least one shall focus on a peer review method by physicians (not employed by a medicare contractor) which evaluates medical record information for claims submitted by physicians identified as statistical outliers relative to codes used for billing purposes for such services;

(B) at least one shall focus on an alternative method to detailed guidelines based on physician documentation of face to face encounter time with a patient;

(C) at least one shall be conducted for services furnished in a rural area and at least one for services furnished outside such an area; and

(D) at least one shall be conducted in a setting where physicians bill under physicians' services in teaching settings and at least one shall be conducted in a setting other than a teaching setting.

(4) STUDY OF IMPACT.—Each pilot project shall examine the effect of the proposed guidelines on—

(A) different types of physician practices, including those with fewer than 10 full-time-equivalent employees (including physicians); and

(B) the costs of physician compliance, including education, implementation, auditing, and monitoring.

(5) REPORT ON PILOT PROJECTS.—Not later than 6 months after the date of completion of pilot projects carried out under this subsection with respect to a proposed guideline described in paragraph (1), the Secretary shall submit to Congress a report on the pilot projects. Each such report shall include a finding by the Secretary of whether the objectives described in subsection (c) will be met in the implementation of such proposed guideline.

(c) OBJECTIVES FOR EVALUATION AND MANAGEMENT GUIDELINES.—The objectives for modified evaluation and management documentation guidelines developed by the Secretary shall be to—

(1) identify clinically relevant documentation needed to code accurately and assess coding levels accurately;

(2) decrease the level of non-clinically pertinent and burdensome documentation time and content in the physician's medical record;

(3) increase accuracy by reviewers; and

(4) educate both physicians and reviewers.

(d) STUDY OF SIMPLER, ALTERNATIVE SYSTEMS OF DOCUMENTATION FOR PHYSICIAN CLAIMS.—

(1) STUDY.—The Secretary shall carry out a study of the matters described in paragraph (2).

(2) MATTERS DESCRIBED.—The matters referred to in paragraph (1) are—

(A) the development of a simpler, alternative system of requirements for documentation accompanying claims for evaluation and management physician services for which payment is made under title XVIII of the Social Security Act; and

(B) consideration of systems other than current coding and documentation requirements for payment for such physician services.

(3) CONSULTATION WITH PRACTICING PHYSICIANS.—In designing and carrying out the study under paragraph (1), the Secretary shall consult with practicing physicians, including physicians who are part of group practices and including both generalists and specialists.

(4) APPLICATION OF HIPAA UNIFORM CODING REQUIREMENTS.—In developing an alternative system under paragraph (2), the Secretary

shall consider requirements of administrative simplification under part C of title XI of the Social Security Act.

(5) REPORT TO CONGRESS.—(A) Not later than October 1, 2005, the Secretary shall submit to Congress a report on the results of the study conducted under paragraph (1).

(B) The Medicare Payment Advisory Commission shall conduct an analysis of the results of the study included in the report under subparagraph (A) and shall submit a report on such analysis to Congress.

(e) STUDY ON APPROPRIATE CODING OF CERTAIN EXTENDED OFFICE VISITS.—The Secretary shall conduct a study of the appropriateness of coding in cases of extended office visits in which there is no diagnosis made. Not later than October 1, 2005, the Secretary shall submit a report to Congress on such study and shall include recommendations on how to code appropriately for such visits in a manner that takes into account the amount of time the physician spent with the patient.

(f) DEFINITIONS.—In this section—

(1) the term ''rural area'' has the meaning given that term in section 1886(d)(2)(D) of the Social Security Act (42 U.S.C. 1395ww(d)(2)(D)); and

(2) the term ''teaching settings'' are those settings described in section 415.150 of title 42, Code of Federal Regulations.

SEC. 542. IMPROVEMENT IN OVERSIGHT OF TECHNOLOGY AND COVERAGE.

(a) COUNCIL FOR TECHNOLOGY AND INNOVATION.—Section 1868 (42 U.S.C. 1395ee), as amended by section 521(a), is amended by adding at the end the following new subsection:

''(c) COUNCIL FOR TECHNOLOGY AND INNOVATION.—

''(1) ESTABLISHMENT.—The Secretary shall establish a Council for Technology and Innovation within the Centers for Medicare & Medicaid Services (in this section referred to as 'CMS').

''(2) COMPOSITION.—The Council shall be composed of senior CMS staff and clinicians and shall be chaired by the Executive Coordinator for Technology and Innovation (appointed or designated under paragraph (4)).

''(3) DUTIES.—The Council shall coordinate the activities of coverage, coding, and payment processes under this title with respect to new technologies and procedures, including new drug therapies, and shall coordinate the exchange of information on new technologies between CMS and other entities that make similar decisions.

''(4) EXECUTIVE COORDINATOR FOR TECHNOLOGY AND INNOVATION.—The Secretary shall appoint (or designate) a noncareer appointee (as defined in section 3132(a)(7) of title 5, United States Code) who shall serve as the Executive Coordinator for Technology and Innovation. Such executive coordinator shall report to the Administrator of CMS, shall chair the Council, shall oversee the execution of its duties, and shall serve as a single point of contact for outside groups and entities regarding the coverage, coding, and payment processes under this title.''.

(b) METHODS FOR DETERMINING PAYMENT BASIS FOR NEW LAB TESTS.—Section 1833(h) (42 U.S.C. 1395l(h)) is amended by adding at the end the following:

''(8)(A) The Secretary shall establish by regulation procedures for determining the basis for, and amount of, payment under this subsection for any clinical diagnostic laboratory test with respect to which a new or substantially revised HCPCS code is assigned on or after January 1, 2005 (in this paragraph referred to as 'new tests').

''(B) Determinations under subparagraph (A) shall be made only after the Secretary—

''(i) makes available to the public (through an Internet website and other appropriate mechanisms) a list that includes any such test for which establishment of a payment amount under this subsection is being considered for a year;

''(ii) on the same day such list is made available, causes to have published in the Federal Register notice of a meeting to receive comments and recommendations (and data on which recommendations are based) from the public on the appropriate basis under this subsection for establishing payment amounts for the tests on such list;

''(iii) not less than 30 days after publication of such notice convenes a meeting, that includes representatives of officials of the Centers for Medicare & Medicaid Services involved in determining payment amounts, to receive such comments and recommendations (and data on which the recommendations are based);

''(iv) taking into account the comments and recommendations (and accompanying data) received at such meeting, develops and makes available to the public (through an Internet website and other appropriate mechanisms) a list of proposed determinations with respect to the appropriate basis for establishing a payment amount under this subsection for each such code, together with an explanation of the reasons for each such determination, the data on which the determinations are based, and a request for public written comments on the proposed determination; and

''(v) taking into account the comments received during the public comment period, develops and makes available to the public (through an Internet website and other appropriate mechanisms) a list of final determinations of the payment amounts for such tests under this subsection, together with the rationale for each such determination, the data on which the determinations are based, and responses to comments and suggestions received from the public.

''(C) Under the procedures established pursuant to subparagraph (A), the Secretary shall—

''(i) set forth the criteria for making determinations under subparagraph (A); and

''(ii) make available to the public the data (other than proprietary data) considered in making such determinations.

''(D) The Secretary may convene such further public meetings to receive public comments on payment amounts for new tests under this subsection as the Secretary deems appropriate.

''(E) For purposes of this paragraph:

''(i) The term 'HCPCS' refers to the Health Care Procedure Coding System.

''(ii) A code shall be considered to be 'substantially revised' if there is a substantive change to the definition of the test or procedure to which the code applies (such as a new analyte or a new methodology for measuring an existing analyte-specific test).''.

(c) GAO STUDY ON IMPROVEMENTS IN EXTERNAL DATA COLLECTION FOR USE IN THE MEDICARE INPATIENT PAYMENT SYSTEM.—

(1) STUDY.—The Comptroller General of the United States shall conduct a study that analyzes which external data can be collected in a shorter timeframe by the Centers for Medicare & Medicaid Services for use in computing payments for inpatient hospital services. The study may include an evaluation of the feasibility and appropriateness of using quarterly samples or special surveys or any other methods. The study shall include an analysis of whether other executive agencies, such as the Bureau of Labor Statistics in the Department of Commerce, are best suited to collect this information.

(2) REPORT.—By not later than October 1, 2004, the Comptroller General shall submit a report to Congress on the study under paragraph (1).

SEC. 543. TREATMENT OF HOSPITALS FOR CERTAIN SERVICES UNDER MEDICARE SECONDARY PAYOR (MSP) PROVISIONS.

(a) IN GENERAL.—The Secretary shall not require a hospital (including a critical access hospital) to ask questions (or obtain information) relating to the application of section 1862(b) of the Social Security Act (relating to medicare secondary payor provisions) in the case of reference laboratory services described in subsection (b), if the Secretary does not impose such requirement in the case of such services furnished by an independent laboratory.

(b) REFERENCE LABORATORY SERVICES DESCRIBED.—Reference laboratory services described in this subsection are clinical laboratory diagnostic tests (or the interpretation of such tests, or both) furnished without a face-to-face encounter between the individual entitled to benefits under part A or enrolled under part B, or both, and the hospital involved and in which the hospital submits a claim only for such test or interpretation.

SEC. 544. EMTALA IMPROVEMENTS.

(a) PAYMENT FOR EMTALA-MANDATED SCREENING AND STABILIZATION SERVICES.—

(1) IN GENERAL.—Section 1862 (42 U.S.C. 1395y) is amended by inserting after subsection (c) the following new subsection:

''(d) For purposes of subsection (a)(1)(A), in the case of any item or service that is required to be provided pursuant to section 1867 to an individual who is entitled to benefits under this title, determinations as to whether the item or service is reasonable and necessary shall be made on the basis of the information available to the treating physician or practitioner (including the patient's presenting symptoms or complaint) at the time the item or service was ordered or furnished by the physician or practitioner (and not on the patient's principal diagnosis). When making such determinations with respect to such an item or service, the Secretary shall not consider the frequency with which the item or service was provided to the patient before or after the time of the admission or visit.''.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall apply to items and services furnished on or after January 1, 2004.

(b) NOTIFICATION OF PROVIDERS WHEN EMTALA INVESTIGATION CLOSED.—Section 1867(d) (42 U.S.C. 42 U.S.C. 1395dd(d)) is amended by adding at the end the following new paragraph:

''(4) NOTICE UPON CLOSING AN INVESTIGATION.—The Secretary shall establish a procedure to notify hospitals and physicians when an investigation under this section is closed.''.

(c) PRIOR REVIEW BY PEER REVIEW ORGANIZATIONS IN EMTALA CASES INVOLVING TERMINATION OF PARTICIPATION.—

(1) IN GENERAL.—Section 1867(d)(3) (42 U.S.C. 1395dd(d)(3)) is amended—

(A) in the first sentence, by inserting ''or in terminating a hospital's participation under this title'' after ''in imposing sanctions under paragraph (1)''; and

(B) by adding at the end the following new sentences: ''Except in the case in which a

delay would jeopardize the health or safety of individuals, the Secretary shall also request such a review before making a compliance determination as part of the process of terminating a hospital's participation under this title for violations related to the appropriateness of a medical screening examination, stabilizing treatment, or an appropriate transfer as required by this section, and shall provide a period of 5 days for such review. The Secretary shall provide a copy of the organization's report to the hospital or physician consistent with confidentiality requirements imposed on the organization under such part B.''.

(2) EFFECTIVE DATE.—The amendments made by paragraph (1) shall apply to terminations of participation initiated on or after the date of the enactment of this Act.

SEC. 545. EMERGENCY MEDICAL TREATMENT AND LABOR ACT (EMTALA) TECHNICAL ADVISORY GROUP.

(a) ESTABLISHMENT.—The Secretary shall establish a Technical Advisory Group (in this section referred to as the ''Advisory Group'') to review issues related to the Emergency Medical Treatment and Labor Act (EMTALA) and its implementation. In this section, the term ''EMTALA'' refers to the provisions of section 1867 of the Social Security Act (42 U.S.C. 1395dd).

(b) MEMBERSHIP.—The Advisory Group shall be composed of 19 members, including the Administrator of the Centers for Medicare & Medicaid Services and the Inspector General of the Department of Health and Human Services and of which—

(1) 4 shall be representatives of hospitals, including at least one public hospital, that have experience with the application of EMTALA and at least 2 of which have not been cited for EMTALA violations;

(2) 7 shall be practicing physicians drawn from the fields of emergency medicine, cardiology or cardiothoracic surgery, orthopedic surgery, neurosurgery, pediatrics or a pediatric subspecialty, obstetrics-gynecology, and psychiatry, with not more than one physician from any particular field;

(3) 2 shall represent patients;

(4) 2 shall be staff involved in EMTALA investigations from different regional offices of the Centers for Medicare & Medicaid Services; and

(5) 1 shall be from a State survey office involved in EMTALA investigations and 1 shall be from a peer review organization, both of whom shall be from areas other than the regions represented under paragraph (4).

In selecting members described in paragraphs (1) through (3), the Secretary shall consider qualified individuals nominated by organizations representing providers and patients.

(c) GENERAL RESPONSIBILITIES.—The Advisory Group—

(1) shall review EMTALA regulations;

(2) may provide advice and recommendations to the Secretary with respect to those regulations and their application to hospitals and physicians;

(3) shall solicit comments and recommendations from hospitals, physicians, and the public regarding the implementation of such regulations; and

(4) may disseminate information on the application of such regulations to hospitals, physicians, and the public.

(d) ADMINISTRATIVE MATTERS.—

(1) CHAIRPERSON.—The members of the Advisory Group shall elect a member to serve as chairperson of the Advisory Group for the life of the Advisory Group.

(2) MEETINGS.—The Advisory Group shall first meet at the direction of the Secretary. The Advisory Group shall then meet twice per year and at such other times as the Advisory Group may provide.

(e) TERMINATION.—The Advisory Group shall terminate 30 months after the date of its first meeting.

(f) WAIVER OF ADMINISTRATIVE LIMITATION.—The Secretary shall establish the Advisory Group notwithstanding any limitation that may apply to the number of advisory committees that may be established (within the Department of Health and Human Services or otherwise).

SEC. 546. AUTHORIZING USE OF ARRANGEMENTS TO PROVIDE CORE HOSPICE SERVICES IN CERTAIN CIRCUMSTANCES.

(a) IN GENERAL.—Section 1861(dd)(5) (42 U.S.C. 1395x(dd)(5)) is amended by adding at the end the following:

''(D) In extraordinary, exigent, or other non-routine circumstances, such as unanticipated periods of high patient loads, staffing shortages due to illness or other events, or temporary travel of a patient outside a hospice program's service area, a hospice program may enter into arrangements with another hospice program for the provision by that other program of services described in paragraph (2)(A)(ii)(I). The provisions of paragraph (2)(A)(ii)(II) shall apply with respect to the services provided under such arrangements.

''(E) A hospice program may provide services described in paragraph (1)(A) other than directly by the program if the services are highly specialized services of a registered professional nurse and are provided non-routinely and so infrequently so that the provision of such services directly would be impracticable and prohibitively expensive.''.

(b) CONFORMING PAYMENT PROVISION.—Section 1814(i) (42 U.S.C. 1395f(i)), as amended by section 212(b), is amended by adding at the end the following new paragraph:

''(5) In the case of hospice care provided by a hospice program under arrangements under section 1861(dd)(5)(D) made by another hospice program, the hospice program that made the arrangements shall bill and be paid for the hospice care.''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to hospice care provided on or after the date of the enactment of this Act.

SEC. 547. APPLICATION OF OSHA BLOODBORNE PATHOGENS STANDARD TO CERTAIN HOSPITALS.

(a) IN GENERAL.—Section 1866 (42 U.S.C. 1395cc), as amended by section 206, is amended—

(1) in subsection (a)(1)—

(A) in subparagraph (T), by striking ''and'' at the end;

(B) in subparagraph (U), by striking the period at the end and inserting '', and''; and

(C) by inserting after subparagraph (U) the following new subparagraph:

''(V) in the case of hospitals that are not otherwise subject to the Occupational Safety and Health Act of 1970 (or a State occupational safety and health plan that is approved under 18(b) of such Act), to comply with the Bloodborne Pathogens standard under section 1910.1030 of title 29 of the Code of Federal Regulations (or as subsequently redesignated).''; and

(2) by adding at the end of subsection (b) the following new paragraph:

''(4)(A) A hospital that fails to comply with the requirement of subsection (a)(1)(V) (relating to the Bloodborne Pathogens standard) is subject to a civil money penalty in an amount described in subparagraph (B), but is not subject to termination of an agreement under this section.

''(B) The amount referred to in subparagraph (A) is an amount that is similar to the amount of civil penalties that may be imposed under section 17 of the Occupational Safety and Health Act of 1970 for a violation of the Bloodborne Pathogens standard referred to in subsection (a)(1)(U) by a hospital that is subject to the provisions of such Act.

''(C) A civil money penalty under this paragraph shall be imposed and collected in the same manner as civil money penalties under subsection (a) of section 1128A are imposed and collected under that section.''.

(b) EFFECTIVE DATE.—The amendments made by this subsection (a) shall apply to hospitals as of July 1, 2004.

SEC. 548. BIPA-RELATED TECHNICAL AMENDMENTS AND CORRECTIONS.

(a) TECHNICAL AMENDMENTS RELATING TO ADVISORY COMMITTEE UNDER BIPA SECTION 522.—(1) Subsection (i) of section 1114 (42 U.S.C. 1314)—

(A) is transferred to section 1862 and added at the end of such section; and

(B) is redesignated as subsection (j).

(2) Section 1862 (42 U.S.C. 1395y) is amended—

(A) in the last sentence of subsection (a), by striking ''established under section 1114(f)''; and

(B) in subsection (j), as so transferred and redesignated—

(i) by striking ''under subsection (f)''; and

(ii) by striking ''section 1862(a)(1)'' and inserting ''subsection (a)(1)''.

(b) TERMINOLOGY CORRECTIONS.—(1) Section 1869(c)(3)(I)(ii) (42 U.S.C. 1395ff(c)(3)(I)(ii)) is amended—

(A) in subclause (III), by striking ''policy'' and inserting ''determination''; and

(B) in subclause (IV), by striking ''medical review policies'' and inserting ''coverage determinations''.

(2) Section 1852(a)(2)(C) (42 U.S.C. 1395w–22(a)(2)(C)) is amended by striking ''policy'' and ''POLICY'' and inserting ''determination'' each place it appears and ''DETERMINATION'', respectively.

(c) REFERENCE CORRECTIONS.—Section 1869(f)(4) (42 U.S.C. 1395ff(f)(4)) is amended—

(1) in subparagraph (A)(iv), by striking ''subclause (I), (II), or (III)'' and inserting ''clause (i), (ii), or (iii)'';

(2) in subparagraph (B), by striking ''clause (i)(IV)'' and ''clause (i)(III)'' and inserting ''subparagraph (A)(iv)'' and ''subparagraph (A)(iii)'', respectively; and

(3) in subparagraph (C), by striking ''clause (i)'', ''subclause (IV)'' and ''subparagraph (A)'' and inserting ''subparagraph (A)'', ''clause (iv)'' and ''paragraph (1)(A)'', respectively each place it appears.

(d) OTHER CORRECTIONS.—Effective as if included in the enactment of section 221(c) of BIPA, section 1154(e) (42 U.S.C. 1320c–3(e)) is amended by striking paragraph (5).

(e) EFFECTIVE DATE.—Except as otherwise provided, the amendments made by this section shall be effective as if included in the enactment of BIPA.

SEC. 549. CONFORMING AUTHORITY TO WAIVE A PROGRAM EXCLUSION.

The first sentence of section 1128(c)(3)(B) (42 U.S.C. 1320a–7(c)(3)(B)) is amended to read as follows: ''Subject to subparagraph (G), in the case of an exclusion under subsection (a), the minimum period of exclusion shall be not less than five years, except that, upon the request of the administrator of a Federal health care program (as defined in section 1128B(f)) who determines that the exclusion would impose a hardship on individuals entitled to benefits under part A of title XVIII or enrolled under part B of such title, or both,

the Secretary may, after consulting with the Inspector General of the Department of Health and Human Services, waive the exclusion under subsection (a)(1), (a)(3), or (a)(4) with respect to that program in the case of an individual or entity that is the sole community physician or sole source of essential specialized services in a community.''.

SEC. 550. TREATMENT OF CERTAIN DENTAL CLAIMS.

(a) IN GENERAL.—Section 1862 (42 U.S.C. 1395y) is amended by adding at the end, after the subsection transferred and redesignated by section 548(a), the following new subsection:

''(k)(1) Subject to paragraph (2), a group health plan (as defined in subsection (a)(1)(A)(v)) providing supplemental or secondary coverage to individuals also entitled to services under this title shall not require a medicare claims determination under this title for dental benefits specifically excluded under subsection (a)(12) as a condition of making a claims determination for such benefits under the group health plan.

''(2) A group health plan may require a claims determination under this title in cases involving or appearing to involve inpatient dental hospital services or dental services expressly covered under this title pursuant to actions taken by the Secretary.''.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall take effect on the date that is 60 days after the date of the enactment of this Act.

SEC. 551. FURNISHING HOSPITALS WITH INFORMATION TO COMPUTE DSH FORMULA.

Beginning not later than 1 year after the date of the enactment of this Act, the Secretary shall arrange to furnish to subsection (d) hospitals (as defined in section 1886(d)(1)(B) of the Social Security Act, 42 U.S.C. 1395ww(d)(1)(B)) the data necessary for such hospitals to compute the number of patient days used in computing the disproportionate patient percentage under such section for that hospital for the current cost reporting year. Such data shall also be furnished to other hospitals which would qualify for additional payments under part A of title XVIII of the Social Security Act on the basis of such data.

SEC. 552. REVISIONS TO REASSIGNMENT PROVISIONS.

(a) IN GENERAL.—Section 1842(b)(6)(A) (42 U.S.C. 1395u(b)(6)(A)) is amended by striking ''or (ii) (where the service was provided in a hospital, critical access hospital, clinic, or other facility) to the facility in which the service was provided if there is a contractual arrangement between such physician or other person and such facility under which such facility submits the bill for such service,'' and inserting ''or (ii) where the service was provided under a contractual arrangement between such physician or other person and an entity, to the entity if, under the contractual arrangement, the entity submits the bill for the service and the contractual arrangement meets such program integrity and other safeguards as the Secretary may determine to be appropriate,''.

(b) CONFORMING AMENDMENT.—The second sentence of section 1842(b)(6) (42 U.S.C. 1395u(b)(6)) is amended by striking ''except to an employer or facility as described in clause (A)'' and inserting ''except to an employer or entity as described in subparagraph (A)''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to payments made on or after the date of the enactment of this Act.

SEC. 553. OTHER PROVISIONS.

(a) GAO REPORTS ON THE PHYSICIAN COMPENSATION.—

(1) SUSTAINABLE GROWTH RATE AND UPDATES.—Not later than 6 months after the date of the enactment of this Act, the Comptroller General of the United States shall submit to Congress a report on the appropriateness of the updates in the conversion factor under subsection (d)(3) of section 1848 of the Social Security Act (42 U.S.C. 1395w–4), including the appropriateness of the sustainable growth rate formula under subsection (f) of such section for 2002 and succeeding years. Such report shall examine the stability and predictability of such updates and rate and alternatives for the use of such rate in the updates.

(2) PHYSICIAN COMPENSATION GENERALLY.—Not later than 12 months after the date of the enactment of this Act, the Comptroller General shall submit to Congress a report on all aspects of physician compensation for services furnished under title XVIII of the Social Security Act, and how those aspects interact and the effect on appropriate compensation for physician services. Such report shall review alternatives for the physician fee schedule under section 1848 of such title (42 U.S.C. 1395w–4).

(b) ANNUAL PUBLICATION OF LIST OF NATIONAL COVERAGE DETERMINATIONS.—The Secretary shall provide, in an appropriate annual publication available to the public, a list of national coverage determinations made under title XVIII of the Social Security Act in the previous year and information on how to get more information with respect to such determinations.

(c) GAO REPORT ON FLEXIBILITY IN APPLYING HOME HEALTH CONDITIONS OF PARTICIPATION TO PATIENTS WHO ARE NOT MEDICARE BENEFICIARIES.—Not later than 6 months after the date of the enactment of this Act, the Comptroller General of the United States shall submit to Congress a report on the implications if there were flexibility in the application of the medicare conditions of participation for home health agencies with respect to groups or types of patients who are not medicare beneficiaries. The report shall include an analysis of the potential impact of such flexible application on clinical operations and the recipients of such services and an analysis of methods for monitoring the quality of care provided to such recipients.

(d) OIG REPORT ON NOTICES RELATING TO USE OF HOSPITAL LIFETIME RESERVE DAYS.—Not later than 1 year after the date of the enactment of this Act, the Inspector General of the Department of Health and Human Services shall submit a report to Congress on—

(1) the extent to which hospitals provide notice to medicare beneficiaries in accordance with applicable requirements before they use the 60 lifetime reserve days described in section 1812(a)(1) of the Social Security Act (42 U.S.C. 1395d(a)(1)); and

(2) the appropriateness and feasibility of hospitals providing a notice to such beneficiaries before they completely exhaust such lifetime reserve days.

TITLE VI—MEDICAID AND MISCELLANEOUS PROVISIONS

Subtitle A—Medicaid Provisions

SEC. 601. MEDICAID DISPROPORTIONATE SHARE HOSPITAL (DSH) PAYMENTS.

(a) TEMPORARY INCREASE.—Section 1923(f)(3) (42 U.S.C. 1396r–4(f)(3)) is amended—

(1) in subparagraph (A), by striking ''subparagraph (B)'' and inserting ''subparagraphs (B) and (C)''; and

(2) by adding at the end the following new subparagraphs:

''(C) SPECIAL, TEMPORARY INCREASE IN ALLOTMENTS ON A ONE-TIME, NON-CUMULATIVE BASIS.—The DSH allotment for any State (other than a State with a DSH allotment determined under paragraph (5))—

''(i) for fiscal year 2004 is equal to 116 percent of the DSH allotment for the State for fiscal year 2003 under this paragraph, notwithstanding subparagraph (B); and

''(ii) for each succeeding fiscal year is equal to the DSH allotment for the State for fiscal year 2004 or, in the case of fiscal years beginning with the fiscal year specified in subparagraph (D) for that State, the DSH allotment for the State for the previous fiscal year increased by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average), for the previous fiscal year.

''(D) FISCAL YEAR SPECIFIED.—For purposes of subparagraph (C)(ii), the fiscal year specified in this subparagraph for a State is the first fiscal year for which the Secretary estimates that the DSH allotment for that State will equal (or no longer exceed) the DSH allotment for that State under the law as in effect before the date of the enactment of this subparagraph.''.

(b) INCREASE IN FLOOR FOR TREATMENT AS A LOW DSH STATE.—Section 1923(f)(5) (42 U.S.C. 1396r–4(f)(5)) is amended to read as follows:

''(5) SPECIAL RULE FOR LOW DSH STATES.—In the case of a State in which the total expenditures under the State plan (including Federal and State shares) for disproportionate share hospital adjustments under this section for fiscal year 2000, as reported to the Administrator of the Centers for Medicare & Medicaid Services as of August 31, 2003, is greater than 0 but less than 3 percent of the State's total amount of expenditures under the State plan for medical assistance during the fiscal year, the DSH allotment for the State with respect to—

''(A) fiscal year 2004 shall be the DSH allotment for the State for fiscal year 2003 increased by 16 percent;

''(B) each succeeding fiscal year before fiscal year 2009 shall be the DSH allotment for the State for the previous fiscal year increased by 16 percent; and

''(C) fiscal year 2009 and any subsequent fiscal year, shall be the DSH allotment for the State for the previous year subject to an increase for inflation as provided in paragraph (3)(A).''.

(c) ALLOTMENT ADJUSTMENT.—Section 1923(f) (42 U.S.C. 1396r–4(f)) is amended—

(1) in paragraph (3)(A), by striking ''The DSH'' and inserting ''Except as provided in paragraph (6), the DSH'';

(2) by redesignating paragraph (6) as paragraph (7); and

(3) by inserting after paragraph (5) the following:

''(6) ALLOTMENT ADJUSTMENT.—Only with respect to fiscal year 2004 or 2005, if a statewide waiver under section 1115 is revoked or terminated before the end of either such fiscal year and there is no DSH allotment for the State, the Secretary shall—

''(A) permit the State whose waiver was revoked or terminated to submit an amendment to its State plan that would describe the methodology to be used by the State (after the effective date of such revocation or termination) to identify and make payments to disproportionate share hospitals, including children's hospitals and institutions for mental diseases or other mental health facilities (other than State-owned institutions or facilities), on the basis of the

proportion of patients served by such hospitals that are low-income patients with special needs; and

''(B) provide for purposes of this subsection for computation of an appropriate DSH allotment for the State for fiscal year 2004 or 2005 (or both) that would not exceed the amount allowed under paragraph (3)(B)(ii) and that does not result in greater expenditures under this title than would have been made if such waiver had not been revoked or terminated.

In determining the amount of an appropriate DSH allotment under subparagraph (B) for a State, the Secretary shall take into account the level of DSH expenditures for the State for the fiscal year preceding the fiscal year in which the waiver commenced.''.

(d) INCREASED REPORTING AND OTHER REQUIREMENTS TO ENSURE THE APPROPRIATE USE OF MEDICAID DSH PAYMENT ADJUSTMENTS.—Section 1923 (42 U.S.C. 1396r–4) is amended by adding at the end the following new subsection:

''(j) ANNUAL REPORTS AND OTHER REQUIREMENTS REGARDING PAYMENT ADJUSTMENTS.—With respect to fiscal year 2004 and each fiscal year thereafter, the Secretary shall require a State, as a condition of receiving a payment under section 1903(a)(1) with respect to a payment adjustment made under this section, to do the following:

''(1) REPORT.—The State shall submit an annual report that includes the following:

''(A) An identification of each disproportionate share hospital that received a payment adjustment under this section for the preceding fiscal year and the amount of the payment adjustment made to such hospital for the preceding fiscal year.

''(B) Such other information as the Secretary determines necessary to ensure the appropriateness of the payment adjustments made under this section for the preceding fiscal year.

''(2) INDEPENDENT CERTIFIED AUDIT.—The State shall annually submit to the Secretary an independent certified audit that verifies each of the following:

''(A) The extent to which hospitals in the State have reduced their uncompensated care costs to reflect the total amount of claimed expenditures made under this section.

''(B) Payments under this section to hospitals that comply with the requirements of subsection (g).

''(C) Only the uncompensated care costs of providing inpatient hospital and outpatient hospital services to individuals described in paragraph (1)(A) of such subsection are included in the calculation of the hospital-specific limits under such subsection.

''(D) The State included all payments under this title, including supplemental payments, in the calculation of such hospital-specific limits.

''(E) The State has separately documented and retained a record of all of its costs under this title, claimed expenditures under this title, uninsured costs in determining payment adjustments under this section, and any payments made on behalf of the uninsured from payment adjustments under this section.''.

(e) CLARIFICATION REGARDING NON-REGULATION OF TRANSFERS.—

(1) IN GENERAL.—Nothing in section 1903(w) of the Social Security Act (42 U.S.C. 1396b(w)) shall be construed by the Secretary as prohibiting a State's use of funds as the non-Federal share of expenditures under title XIX of such Act where such funds are transferred from or certified by a publicly-owned regional medical center located in another State and described in paragraph (2), so long as the Secretary determines that such use of funds is proper and in the interest of the program under title XIX.

(2) CENTER DESCRIBED.—A center described in this paragraph is a publicly-owned regional medical center that—

(A) provides level 1 trauma and burn care services;

(B) provides level 3 neonatal care services;

(C) is obligated to serve all patients, regardless of State of origin;

(D) is located within a Standard Metropolitan Statistical Area (SMSA) that includes at least 3 States, including the States described in paragraph (1);

(E) serves as a tertiary care provider for patients residing within a 125 mile radius; and

(F) meets the criteria for a disproportionate share hospital under section 1923 of such Act in at least one State other than the one in which the center is located.

(3) EFFECTIVE PERIOD.—This subsection shall apply through December 31, 2005.

SEC. 602. CLARIFICATION OF INCLUSION OF INPATIENT DRUG PRICES CHARGED TO CERTAIN PUBLIC HOSPITALS IN THE BEST PRICE EXEMPTIONS FOR THE MEDICAID DRUG REBATE PROGRAM.

(a) IN GENERAL.—Section 1927(c)(1)(C)(i)(I) (42 U.S.C. 1396r–8(c)(1)(C)(i)(I)) is amended by inserting before the semicolon the following: ''(including inpatient prices charged to hospitals described in section 340B(a)(4)(L) of the Public Health Service Act)''.

(b) ANTI-DIVERSION PROTECTION.—Section 1927(c)(1)(C) (42 U.S.C. 1396r–8(c)(1)(C)) is amended by adding at the end the following:

''(iii) APPLICATION OF AUDITING AND RECORDKEEPING REQUIREMENTS.—With respect to a covered entity described in section 340B(a)(4)(L) of the Public Health Service Act, any drug purchased for inpatient use shall be subject to the auditing and recordkeeping requirements described in section 340B(a)(5)(C) of the Public Health Service Act.''.

SEC. 603. EXTENSION OF MORATORIUM.

(a) IN GENERAL.—Section 6408(a)(3) of the Omnibus Budget Reconciliation Act of 1989, as amended by section 13642 of the Omnibus Budget Reconciliation Act of 1993 and section 4758 of the Balanced Budget Act of 1997, is amended—

(1) by striking ''until December 31, 2002'', and

(2) by striking ''Kent Community Hospital Complex in Michigan or.''

(b) EFFECTIVE DATES.—

(1) PERMANENT EXTENSION.—The amendment made by subsection (a)(1) shall take effect as if included in the amendment made by section 4758 of the Balanced Budget Act of 1997.

(2) MODIFICATION.—The amendment made by subsection (a)(2) shall take effect on the date of enactment of this Act.

Subtitle B—Miscellaneous Provisions

SEC. 611. FEDERAL REIMBURSEMENT OF EMERGENCY HEALTH SERVICES FURNISHED TO UNDOCUMENTED ALIENS.

(a) TOTAL AMOUNT AVAILABLE FOR ALLOTMENT.—

(1) IN GENERAL.—Out of any funds in the Treasury not otherwise appropriated, there are appropriated to the Secretary $250,000,000 for each of fiscal years 2005 through 2008 for the purpose of making allotments under this section for payments to eligible providers in States described in paragraph (1) or (2) of subsection (b).

(2) AVAILABILITY.—Funds appropriated under paragraph (1) shall remain available until expended.

(b) STATE ALLOTMENTS.—

(1) BASED ON PERCENTAGE OF UNDOCUMENTED ALIENS.—

(A) IN GENERAL.—Out of the amount appropriated under subsection (a) for a fiscal year, the Secretary shall use $167,000,000 of such amount to make allotments for such fiscal year in accordance with subparagraph (B).

(B) FORMULA.—The amount of the allotment for payments to eligible providers in each State for a fiscal year shall be equal to the product of—

(i) the total amount available for allotments under this paragraph for the fiscal year; and

(ii) the percentage of undocumented aliens residing in the State as compared to the total number of such aliens residing in all States, as determined by the Statistics Division of the Immigration and Naturalization Service, as of January 2003, based on the 2000 decennial census.

(2) BASED ON NUMBER OF UNDOCUMENTED ALIEN APPREHENSION STATES.—

(A) IN GENERAL.—Out of the amount appropriated under subsection (a) for a fiscal year, the Secretary shall use $83,000,000 of such amount to make allotments, in addition to amounts allotted under paragraph (1), for such fiscal year for each of the 6 States with the highest number of undocumented alien apprehensions for such fiscal year.

(B) DETERMINATION OF ALLOTMENTS.—The amount of the allotment for each State described in subparagraph (A) for a fiscal year shall be equal to the product of—

(i) the total amount available for allotments under this paragraph for the fiscal year; and

(ii) the percentage of undocumented alien apprehensions in the State in that fiscal year as compared to the total of such apprehensions for all such States for the preceding fiscal year.

(C) DATA.—For purposes of this paragraph, the highest number of undocumented alien apprehensions for a fiscal year shall be based on the apprehension rates for the 4-consecutive-quarter period ending before the beginning of the fiscal year for which information is available for undocumented aliens in such States, as reported by the Department of Homeland Security.

(c) USE OF FUNDS.—

(1) AUTHORITY TO MAKE PAYMENTS.—From the allotments made for a State under subsection (b) for a fiscal year, the Secretary shall pay the amount (subject to the total amount available from such allotments) determined under paragraph (2) directly to eligible providers located in the State for the provision of eligible services to aliens described in paragraph (5) to the extent that the eligible provider was not otherwise reimbursed (through insurance or otherwise) for such services during that fiscal year.

(2) DETERMINATION OF PAYMENT AMOUNTS.—

(A) IN GENERAL.—Subject to subparagraph (B), the payment amount determined under this paragraph shall be an amount determined by the Secretary that is equal to the lesser of—

(i) the amount that the provider demonstrates was incurred for the provision of such services; or

(ii) amounts determined under a methodology established by the Secretary for purposes of this subsection.

(B) PRO-RATA REDUCTION.—If the amount of funds allotted to a State under subsection (b) for a fiscal year is insufficient to ensure that

each eligible provider in that State receives the amount of payment calculated under subparagraph (A), the Secretary shall reduce that amount of payment with respect to each eligible provider to ensure that the entire amount allotted to the State for that fiscal year is paid to such eligible providers.

(3) METHODOLOGY.—In establishing a methodology under paragraph (2)(A)(ii), the Secretary—

(A) may establish different methodologies for types of eligible providers;

(B) may base payments for hospital services on estimated hospital charges, adjusted to estimated cost, through the application of hospital-specific cost-to-charge ratios;

(C) shall provide for the election by a hospital to receive either payments to the hospital for—

(i) hospital and physician services; or

(ii) hospital services and for a portion of the on-call payments made by the hospital to physicians; and

(D) shall make quarterly payments under this section to eligible providers.

If a hospital makes the election under subparagraph (C)(i), the hospital shall pass on payments for services of a physician to the physician and may not charge any administrative or other fee with respect to such payments.

(4) LIMITATION ON USE OF FUNDS.—Payments made to eligible providers in a State from allotments made under subsection (b) for a fiscal year may only be used for costs incurred in providing eligible services to aliens described in paragraph (5).

(5) ALIENS DESCRIBED.—For purposes of paragraphs (1) and (2), aliens described in this paragraph are any of the following:

(A) Undocumented aliens.

(B) Aliens who have been paroled into the United States at a United States port of entry for the purpose of receiving eligible services.

(B) Mexican citizens permitted to enter the United States for not more than 72 hours under the authority of a biometric machine readable border crossing identification card (also referred to as a ''laser visa'') issued in accordance with the requirements of regulations prescribed under section 101(a)(6) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(6)).

(d) APPLICATIONS; ADVANCE PAYMENTS.—

(1) DEADLINE FOR ESTABLISHMENT OF APPLICATION PROCESS.—

(A) IN GENERAL.—Not later than September 1, 2004, the Secretary shall establish a process under which eligible providers located in a State may request payments under subsection (c).

(B) INCLUSION OF MEASURES TO COMBAT FRAUD AND ABUSE.—The Secretary shall include in the process established under subparagraph (A) measures to ensure that inappropriate, excessive, or fraudulent payments are not made from the allotments determined under subsection (b), including certification by the eligible provider of the veracity of the payment request.

(2) ADVANCE PAYMENT; RETROSPECTIVE ADJUSTMENT.—The process established under paragraph (1) may provide for making payments under this section for each quarter of a fiscal year on the basis of advance estimates of expenditures submitted by applicants for such payments and such other investigation as the Secretary may find necessary, and for making reductions or increases in the payments as necessary to adjust for any overpayment or underpayment for prior quarters of such fiscal year.

(e) DEFINITIONS.—In this section:

(1) ELIGIBLE PROVIDER.—The term ''eligible provider'' means a hospital, physician, or provider of ambulance services (including an Indian Health Service facility whether operated by the Indian Health Service or by an Indian tribe or tribal organization).

(2) ELIGIBLE SERVICES.—The term ''eligible services'' means health care services required by the application of section 1867 of the Social Security Act (42 U.S.C. 1395dd), and related hospital inpatient and outpatient services and ambulance services (as defined by the Secretary).

(3) HOSPITAL.—The term ''hospital'' has the meaning given such term in section 1861(e) of the Social Security Act (42 U.S.C. 1395x(e)), except that such term shall include a critical access hospital (as defined in section 1861(mm)(1) of such Act (42 U.S.C. 1395x(mm)(1)).

(4) PHYSICIAN.—The term ''physician'' has the meaning given that term in section 1861(r) of the Social Security Act (42 U.S.C. 1395x(r)).

(5) INDIAN TRIBE; TRIBAL ORGANIZATION.—The terms ''Indian tribe'' and ''tribal organization'' have the meanings given such terms in section 4 of the Indian Health Care Improvement Act (25 U.S.C. 1603).

(6) STATE.—The term ''State'' means the 50 States and the District of Columbia.

SEC. 612. COMMISSION ON SYSTEMIC INTEROPERABILITY.

(a) ESTABLISHMENT.—The Secretary shall establish a commission to be known as the ''Commission on Systemic Interoperability'' (in this section referred to as the ''Commission'').

(b) DUTIES.—

(1) IN GENERAL.—The Commission shall develop a comprehensive strategy for the adoption and implementation of health care information technology standards, that includes a timeline and prioritization for such adoption and implementation.

(2) CONSIDERATIONS.—In developing the comprehensive health care information technology strategy under paragraph (1), the Commission shall consider—

(A) the costs and benefits of the standards, both financial impact and quality improvement;

(B) the current demand on industry resources to implement this Act and other electronic standards, including HIPAA standards; and

(C) the most cost-effective and efficient means for industry to implement the standards.

(3) NONINTERFERENCE.—In carrying out this section, the Commission shall not interfere with any standards development of adoption processes underway in the private or public sector and shall not replicate activities related to such standards or the national health information infrastructure underway within the Department of Health and Human Services.

(4) REPORT.—Not later than October 31, 2005, the Commission shall submit to the Secretary and to Congress a report describing the strategy developed under paragraph (1), including an analysis of the matters considered under paragraph (2).

(c) MEMBERSHIP.—

(1) NUMBER AND APPOINTMENT.—The Commission shall be composed of 11 members appointed as follows:

(A) The President shall appoint 3 members, one of whom the President shall designate as Chairperson.

(B) The Majority Leader of the Senate shall appoint 2 members.

(C) The Minority Leader of the Senate shall appoint 2 members.

(D) The Speaker of the House of Representatives shall appoint 2 members.

(E) The Minority Leader of the House of Representatives shall appoint 2 members.

(2) QUALIFICATIONS.—The membership of the Commission shall include individuals with national recognition for their expertise in health finance and economics, health plans and integrated delivery systems, reimbursement of health facilities, practicing physicians, practicing pharmacists, and other providers of health services, health care technology and information systems, and other related fields, who provide a mix of different professionals, broad geographic representation, and a balance between urban and rural representatives.

(d) TERMS.—Each member shall be appointed for the life of the Commission.

(e) COMPENSATION.—

(1) RATES OF PAY.—Members shall each be paid at a rate not to exceed the daily equivalent of the rate of basic pay for level IV of the Executive Schedule for each day (including travel time) during which they are engaged in the actual performance of duties vested in the Commission.

(2) PROHIBITION OF COMPENSATION OF FEDERAL EMPLOYEES.—Members of the Commission who are full-time officers or employees of the United States or Members of Congress may not receive additional pay, allowances, or benefits by reason of their service on the Commission.

(3) TRAVEL EXPENSES.—Each member shall receive travel expenses, including per diem in lieu of subsistence, in accordance with applicable provisions under subchapter I of chapter 57 of title 5, United States Code.

(f) QUORUM.—A majority of the members of the Commission shall constitute a quorum but a lesser number may hold hearings.

(g) DIRECTOR AND STAFF OF COMMISSION; EXPERTS AND CONSULTANTS.—

(1) DIRECTOR.—The Commission shall have a Director who shall be appointed by the Chairperson. The Director shall be paid at a rate not to exceed the rate of basic pay for level IV of the Executive Schedule.

(2) STAFF.—With the approval of the Commission, the Director may appoint and fix the pay of such additional personnel as the Director considers appropriate.

(3) APPLICABILITY OF CERTAIN CIVIL SERVICE LAWS.—The Director and staff of the Commission may be appointed without regard to the provisions of title 5, United States Code, governing appointments in the competitive service, and may be paid without regard to the provisions of chapter 51 and subchapter III of chapter 53 of that title relating to classification and General Schedule pay rates, except that an individual so appointed may not receive pay in excess of level IV of the Executive Schedule.

(4) EXPERTS AND CONSULTANTS.—With the approval of the Commission, the Director may procure temporary and intermittent services under section 3109(b) of title 5, United States Code.

(5) STAFF OF FEDERAL AGENCIES.—Upon request of the Chairperson, the head of any Federal department or agency may detail, on a reimbursable basis, any of the personnel of that department or agency to the Commission to assist it in carrying out its duties under this Act.

(h) POWERS OF COMMISSION.—

(1) HEARINGS AND SESSIONS.—The Commission may, for the purpose of carrying out this Act, hold hearings, sit and act at times and places, take testimony, and receive evidence as the Commission considers appropriate.

(2) POWERS OF MEMBERS AND AGENTS.—Any member or agent of the Commission may, if authorized by the Commission, take any action which the Commission is authorized to take by this section.

(3) OBTAINING OFFICIAL DATA.—The Commission may secure directly from any department or agency of the United States information necessary to enable it to carry out this Act. Upon request of the Chairperson of the Commission, the head of that department or agency shall furnish that information to the Commission.

(4) GIFTS, BEQUESTS, AND DEVISES.—The Commission may accept, use, and dispose of gifts, bequests, or devises of services or property, both real and personal, for the purpose of aiding or facilitating the work of the Commission. Gifts, bequests, or devises of money and proceeds from sales of other property received as gifts, bequests, or devises shall be deposited in the Treasury and shall be available for disbursement upon order of the Commission. For purposes of Federal income, estate, and gift taxes, property accepted under this subsection shall be considered as a gift, bequest, or devise to the United States.

(5) MAILS.—The Commission may use the United States mails in the same manner and under the same conditions as other departments and agencies of the United States.

(6) ADMINISTRATIVE SUPPORT SERVICES.—Upon the request of the Commission, the Administrator of General Services shall provide to the Commission, on a reimbursable basis, the administrative support services necessary for the Commission to carry out its responsibilities under this Act.

(7) CONTRACT AUTHORITY.—The Commission may enter into contracts or make other arrangements, as may be necessary for the conduct of the work of the Commission (without regard to section 3709 of the Revised Statutes (41 U.S.C. 5)).

(i) TERMINATION.—The Commission shall terminate on 30 days after submitting its report pursuant to subsection (b)(3).

(j) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated such sums as may be necessary to carry out this section.

SEC. 613. RESEARCH ON OUTCOMES OF HEALTH CARE ITEMS AND SERVICES.

(a) RESEARCH, DEMONSTRATIONS, AND EVALUATIONS.—

(1) IMPROVEMENT OF EFFECTIVENESS AND EFFICIENCY.—

(A) IN GENERAL.—To improve the quality, effectiveness, and efficiency of health care delivered pursuant to the programs established under titles XVIII, XIX, and XXI of the Social Security Act, the Secretary acting through the Director of the Agency for Healthcare Research and Quality (in this section referred to as the ''Director''), shall conduct and support research to meet the priorities and requests for scientific evidence and information identified by such programs with respect to—

(i) the outcomes, comparative clinical effectiveness, and appropriateness of health care items and services (including prescription drugs); and

(ii) strategies for improving the efficiency and effectiveness of such programs, including the ways in which such items and services are organized, managed, and delivered under such programs.

(B) SPECIFICATION.—To respond to priorities and information requests in subparagraph (A), the Secretary may conduct or support, by grant, contract, or interagency agreement, research, demonstrations, evaluations, technology assessments, or other activities, including the provision of technical assistance, scientific expertise, or methodological assistance.

(2) PRIORITIES.—

(A) IN GENERAL.—The Secretary shall establish a process to develop priorities that will guide the research, demonstrations, and evaluation activities undertaken pursuant to this section.

(B) INITIAL LIST.—Not later than 6 months after the date of the enactment of this Act, the Secretary shall establish an initial list of priorities for research related to health care items and services (including prescription drugs).

(C) PROCESS.—In carrying out subparagraph (A), the Secretary—

(i) shall ensure that there is broad and ongoing consultation with relevant stakeholders in identifying the highest priorities for research, demonstrations, and evaluations to support and improve the programs established under titles XVIII, XIX, and XXI of the Social Security Act;

(ii) may include health care items and services which impose a high cost on such programs, as well as those which may be underutilized or overutilized and which may significantly improve the prevention, treatment, or cure of diseases and conditions (including chronic conditions) which impose high direct or indirect costs on patients or society; and

(iii) shall ensure that the research and activities undertaken pursuant to this section are responsive to the specified priorities and are conducted in a timely manner.

(3) EVALUATION AND SYNTHESIS OF SCIENTIFIC EVIDENCE.—

(A) IN GENERAL.—The Secretary shall—

(i) evaluate and synthesize available scientific evidence related to health care items and services (including prescription drugs) identified as priorities in accordance with paragraph (2) with respect to the comparative clinical effectiveness, outcomes, appropriateness, and provision of such items and services (including prescription drugs);

(ii) identify issues for which existing scientific evidence is insufficient with respect to such health care items and services (including prescription drugs);

(iii) disseminate to prescription drug plans and MA–PD plans under part D of title XVIII of the Social Security Act, other health plans, and the public the findings made under clauses (i) and (ii); and

(iv) work in voluntary collaboration with public and private sector entities to facilitate the development of new scientific knowledge regarding health care items and services (including prescription drugs).

(B) INITIAL RESEARCH.—The Secretary shall complete the evaluation and synthesis of the initial research required by the priority list developed under paragraph (2)(B) not later than 18 months after the development of such list.

(C) DISSEMINATION.—

(i) IN GENERAL.—To enhance patient safety and the quality of health care, the Secretary shall make available and disseminate in appropriate formats to prescription drugs plans under part D, and MA–PD plans under part C, of title XVIII of the Social Security Act, other health plans, and the public the evaluations and syntheses prepared pursuant to subparagraph (A) and the findings of research conducted pursuant to paragraph (1). In carrying out this clause the Secretary, in order to facilitate the availability of such evaluations and syntheses or findings at every decision point in the health care system, shall—

(I) present such evaluations and syntheses or findings in a form that is easily understood by the individuals receiving health care items and services (including prescription drugs) under such plans and periodically assess that the requirements of this subclause have been met; and

(II) provide such evaluations and syntheses or findings and other relevant information through easily accessible and searchable electronic mechanisms, and in hard copy formats as appropriate.

(ii) RULE OF CONSTRUCTION.—Nothing in this section shall be construed as—

(I) affecting the authority of the Secretary or the Commissioner of Food and Drugs under the Federal Food, Drug, and Cosmetic Act or the Public Health Service Act; or

(II) conferring any authority referred to in subclause (I) to the Director.

(D) ACCOUNTABILITY.—In carrying out this paragraph, the Secretary shall implement activities in a manner that—

(i) makes publicly available all scientific evidence relied upon and the methodologies employed, provided such evidence and method are not protected from public disclosure by section 1905 of title 18, United States Code, or other applicable law so that the results of the research, analyses, or syntheses can be evaluated or replicated; and

(ii) ensures that any information needs and unresolved issues identified in subparagraph (A)(ii) are taken into account in priority-setting for future research conducted by the Secretary.

(4) CONFIDENTIALITY.—

(A) IN GENERAL.—In making use of administrative, clinical, and program data and information developed or collected with respect to the programs established under titles XVIII, XIX, and XXI of the Social Security Act, for purposes of carrying out the requirements of this section or the activities authorized under title IX of the Public Health Service Act (42 U.S.C. 299 et seq.), such data and information shall be protected in accordance with the confidentiality requirements of title IX of the Public Health Service Act.

(B) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to require or permit the disclosure of data provided to the Secretary that is otherwise protected from disclosure under the Federal Food, Drug, and Cosmetic Act, section 1905 of title 18, United States Code, or other applicable law.

(5) EVALUATIONS.—The Secretary shall conduct and support evaluations of the activities carried out under this section to determine the extent to which such activities have had an effect on outcomes and utilization of health care items and services.

(6) IMPROVING INFORMATION AVAILABLE TO HEALTH CARE PROVIDERS, PATIENTS, AND POLICYMAKERS.—Not later than 18 months after the date of enactment of this Act, the Secretary shall identify options that could be undertaken in voluntary collaboration with private and public entities (as appropriate) for the—

(A) provision of more timely information through the programs established under titles XVIII, XIX, and XXI of the Social Security Act, regarding the outcomes and quality of patient care, including clinical and patient-reported outcomes, especially with respect to interventions and conditions for which clinical trials would not be feasible or raise ethical concerns that are difficult to address;

(B) acceleration of the adoption of innovation and quality improvement under such programs; and

(C) development of management tools for the programs established under titles XIX and XXI of the Social Security Act, and with respect to the programs established under such titles, assess the feasibility of using administrative or claims data, to—

(i) improve oversight by State officials;

(ii) support Federal and State initiatives to improve the quality, safety, and efficiency of services provided under such programs; and

(iii) provide a basis for estimating the fiscal and coverage impact of Federal or State program and policy changes.

(b) RECOMMENDATIONS.—

(1) DISCLAIMER.—In carrying out this section, the Director shall—

(A) not mandate national standards of clinical practice or quality health care standards; and

(B) include in any recommendations resulting from projects funded and published by the Director, a corresponding reference to the prohibition described in subparagraph (A).

(2) REQUIREMENT FOR IMPLEMENTATION.—Research, evaluation, and communication activities performed pursuant to this section shall reflect the principle that clinicians and patients should have the best available evidence upon which to make choices in health care items and services, in providers, and in health care delivery systems, recognizing that patient subpopulations and patient and physician preferences may vary.

(3) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to provide the Director with authority to mandate a national standard or require a specific approach to quality measurement and reporting.

(c) RESEARCH WITH RESPECT TO DISSEMINATION.—The Secretary, acting through the Director, may conduct or support research with respect to improving methods of disseminating information in accordance with subsection (a)(3)(C).

(d) LIMITATION ON CMS.—The Administrator of the Centers for Medicare & Medicaid Services may not use data obtained in accordance with this section to withhold coverage of a prescription drug.

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section, $50,000,000 for fiscal year 2004, and such sums as may be necessary for each fiscal year thereafter.

SEC. 614. HEALTH CARE THAT WORKS FOR ALL AMERICANS: CITIZENS HEALTH CARE WORKING GROUP.

(a) FINDINGS.—Congress finds the following:

(1) In order to improve the health care system, the American public must engage in an informed national public debate to make choices about the services they want covered, what health care coverage they want, and how they are willing to pay for coverage.

(2) More than a trillion dollars annually is spent on the health care system, yet—

(A) 41,000,000 Americans are uninsured;

(B) insured individuals do not always have access to essential, effective services to improve and maintain their health; and

(C) employers, who cover over 170,000,000 Americans, find providing coverage increasingly difficult because of rising costs and double digit premium increases.

(3) Despite increases in medical care spending that are greater than the rate of inflation, population growth, and Gross Domestic Product growth, there has not been a commensurate improvement in our health status as a nation.

(4) Health care costs for even just 1 member of a family can be catastrophic, resulting in medical bills potentially harming the economic stability of the entire family.

(5) Common life occurrences can jeopardize the ability of a family to retain private coverage or jeopardize access to public coverage.

(6) Innovations in health care access, coverage, and quality of care, including the use of technology, have often come from States, local communities, and private sector organizations, but more creative policies could tap this potential.

(7) Despite our Nation's wealth, the health care system does not provide coverage to all Americans who want it.

(b) PURPOSES.—The purposes of this section are—

(1) to provide for a nationwide public debate about improving the health care system to provide every American with the ability to obtain quality, affordable health care coverage; and

(2) to provide for a vote by Congress on the recommendations that result from the debate.

(c) ESTABLISHMENT.—The Secretary, acting through the Agency for Healthcare Research and Quality, shall establish an entity to be known as the Citizens' Health Care Working Group (referred to in this section as the ''Working Group'').

(d) MEMBERSHIP.—

(1) NUMBER AND APPOINTMENT.—The Working Group shall be composed of 15 members. One member shall be the Secretary. The Comptroller General of the United States shall appoint 14 members.

(2) QUALIFICATIONS.—

(A) IN GENERAL.—The membership of the Working Group shall include—

(i) consumers of health services that represent those individuals who have not had insurance within 2 years of appointment, that have had chronic illnesses, including mental illness, are disabled, and those who receive insurance coverage through medicare and medicaid; and

(ii) individuals with expertise in financing and paying for benefits and access to care, business and labor perspectives, and providers of health care.

The membership shall reflect a broad geographic representation and a balance between urban and rural representatives.

(B) PROHIBITED APPOINTMENTS.—Members of the Working Group shall not include Members of Congress or other elected government officials (Federal, State, or local). Individuals appointed to the Working Group shall not be paid employees or representatives of associations or advocacy organizations involved in the health care system.

(e) PERIOD OF APPOINTMENT.—Members of the Working Group shall be appointed for a life of the Working Group. Any vacancies shall not affect the power and duties of the Working Group but shall be filled in the same manner as the original appointment.

(f) DESIGNATION OF THE CHAIRPERSON.—Not later than 15 days after the date on which all members of the Working Group have been appointed under subsection (d)(1), the Comptroller General shall designate the chairperson of the Working Group.

(g) SUBCOMMITTEES.—The Working Group may establish subcommittees if doing so increases the efficiency of the Working Group in completing its tasks.

(h) DUTIES.—

(1) HEARINGS.—Not later than 90 days after the date of the designation of the chairperson under subsection (f), the Working Group shall hold hearings to examine—

(A) the capacity of the public and private health care systems to expand coverage options;

(B) the cost of health care and the effectiveness of care provided at all stages of disease;

(C) innovative State strategies used to expand health care coverage and lower health care costs;

(D) local community solutions to accessing health care coverage;

(E) efforts to enroll individuals currently eligible for public or private health care coverage;

(F) the role of evidence-based medical practices that can be documented as restoring, maintaining, or improving a patient's health, and the use of technology in supporting providers in improving quality of care and lowering costs; and

(G) strategies to assist purchasers of health care, including consumers, to become more aware of the impact of costs, and to lower the costs of health care.

(2) ADDITIONAL HEARINGS.—The Working Group may hold additional hearings on subjects other than those listed in paragraph (1) so long as such hearings are determined to be necessary by the Working Group in carrying out the purposes of this section. Such additional hearings do not have to be completed within the time period specified in paragraph (1) but shall not delay the other activities of the Working Group under this section.

(3) THE HEALTH REPORT TO THE AMERICAN PEOPLE.—Not later than 90 days after the hearings described in paragraphs (1) and (2) are completed, the Working Group shall prepare and make available to health care consumers through the Internet and other appropriate public channels, a report to be entitled, ''The Health Report to the American People''. Such report shall be understandable to the general public and include—

(A) a summary of—

(i) health care and related services that may be used by individuals throughout their life span;

(ii) the cost of health care services and their medical effectiveness in providing better quality of care for different age groups;

(iii) the source of coverage and payment, including reimbursement, for health care services;

(iv) the reasons people are uninsured or underinsured and the cost to taxpayers, purchasers of health services, and communities when Americans are uninsured or underinsured;

(v) the impact on health care outcomes and costs when individuals are treated in all stages of disease;

(vi) health care cost containment strategies; and

(vii) information on health care needs that need to be addressed;

(B) examples of community strategies to provide health care coverage or access;

(C) information on geographic-specific issues relating to health care;

(D) information concerning the cost of care in different settings, including institutional-based care and home and community-based care;

(E) a summary of ways to finance health care coverage; and

(F) the role of technology in providing future health care including ways to support the information needs of patients and providers.

(4) COMMUNITY MEETINGS.—

(A) IN GENERAL.—Not later than 1 year after the date on which all the members of the Working Group have been appointed under subsection (d)(1) and appropriations are first made available to carry out this

section, the Working Group shall initiate health care community meetings throughout the United States (in this paragraph referred to as ''community meetings''). Such community meetings may be geographically or regionally based and shall be completed within 180 days after the initiation of the first meeting.

(B) NUMBER OF MEETINGS.—The Working Group shall hold a sufficient number of community meetings in order to receive information that reflects—

(i) the geographic differences throughout the United States;

(ii) diverse populations; and

(iii) a balance among urban and rural populations.

(C) MEETING REQUIREMENTS.—

(i) FACILITATOR.—A State health officer may be the facilitator at the community meetings.

(ii) ATTENDANCE.—At least 1 member of the Working Group shall attend and serve as chair of each community meeting. Other members may participate through interactive technology.

(iii) TOPICS.—The community meetings shall, at a minimum, address the following questions:

(I) What health care benefits and services should be provided?

(II) How does the American public want health care delivered?

(III) How should health care coverage be financed?

(IV) What trade-offs are the American public willing to make in either benefits or financing to ensure access to affordable, high quality health care coverage and services?

(iv) INTERACTIVE TECHNOLOGY.—The Working Group may encourage public participation in community meetings through interactive technology and other means as determined appropriate by the Working Group.

(D) INTERIM REQUIREMENTS.—Not later than 180 days after the date of completion of the community meetings, the Working Group shall prepare and make available to the public through the Internet and other appropriate public channels, an interim set of recommendations on health care coverage and ways to improve and strengthen the health care system based on the information and preferences expressed at the community meetings. There shall be a 90-day public comment period on such recommendations.

(i) RECOMMENDATIONS.—Not later than 120 days after the expiration of the public comment period described in subsection (h)(4)(D), the Working Group shall submit to Congress and the President a final set of recommendations.

(j) ADMINISTRATION.—

(1) EXECUTIVE DIRECTOR.—There shall be an Executive Director of the Working Group who shall be appointed by the chairperson of the Working Group in consultation with the members of the Working Group.

(2) COMPENSATION.—While serving on the business of the Working Group (including travel time), a member of the Working Group shall be entitled to compensation at the per diem equivalent of the rate provided for level IV of the Executive Schedule under section 5315 of title 5, United States Code, and while so serving away from home and the member's regular place of business, a member may be allowed travel expenses, as authorized by the chairperson of the Working Group. For purposes of pay and employment benefits, rights, and privileges, all personnel of the Working Group shall be treated as if they were employees of the Senate.

(3) INFORMATION FROM FEDERAL AGENCIES.—The Working Group may secure directly from any Federal department or agency such information as the Working Group considers necessary to carry out this section. Upon request of the Working Group, the head of such department or agency shall furnish such information.

(4) POSTAL SERVICES.—The Working Group may use the United States mails in the same manner and under the same conditions as other departments and agencies of the Federal Government.

(k) DETAIL.—Not more than 10 Federal Government employees employed by the Department of Labor and 10 Federal Government employees employed by the Department of Health and Human Services may be detailed to the Working Group under this section without further reimbursement. Any detail of an employee shall be without interruption or loss of civil service status or privilege.

(l) TEMPORARY AND INTERMITTENT SERVICES.—The chairperson of the Working Group may procure temporary and intermittent services under section 3109(b) of title 5, United States Code, at rates for individuals which do not exceed the daily equivalent of the annual rate of basic pay prescribed for level V of the Executive Schedule under section 5316 of such title.

(m) ANNUAL REPORT.—Not later than 1 year after the date of enactment of this Act, and annually thereafter during the existence of the Working Group, the Working Group shall report to Congress and make public a detailed description of the expenditures of the Working Group used to carry out its duties under this section.

(n) SUNSET OF WORKING GROUP.—The Working Group shall terminate on the date that is 2 years after the date on which all the members of the Working Group have been appointed under subsection (d)(1) and appropriations are first made available to carry out this section.

(o) ADMINISTRATION REVIEW AND COMMENTS.—Not later than 45 days after receiving the final recommendations of the Working Group under subsection (i), the President shall submit a report to Congress which shall contain—

(1) additional views and comments on such recommendations; and

(2) recommendations for such legislation and administrative actions as the President considers appropriate.

(p) REQUIRED CONGRESSIONAL ACTION.—Not later than 45 days after receiving the report submitted by the President under subsection (o), each committee of jurisdiction of Congress, the Committee on Finance of the Senate, the Committee on Health, Education, Labor, and Pensions of the Senate, the Committee on Ways and Means of the House of Representatives, the Committee on Energy and Commerce of the House of Representatives, Committee on Education and the Workforce of the House of Representatives, shall hold at least 1 hearing on such report and on the final recommendations of the Working Group submitted under subsection (i).

(q) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—There are authorized to be appropriated to carry out this section, other than subsection (h)(3), $3,000,000 for each of fiscal years 2005 and 2006.

(2) HEALTH REPORT TO THE AMERICAN PEOPLE.—There are authorized to be appropriated for the preparation and dissemination of the Health Report to the American People described in subsection (h)(3), such sums as may be necessary for the fiscal year in which the report is required to be submitted.

SEC. 615. FUNDING START-UP ADMINISTRATIVE COSTS FOR MEDICARE REFORM.

(a) IN GENERAL.—There are appropriated to carry out this Act (including the amendments made by this Act), to be transferred from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund—

(1) not to exceed $1,000,000,000 for the Centers for Medicare & Medicaid Services; and

(2) not to exceed $500,000,000 for the Social Security Administration.

(b) AVAILABILITY.—Amounts provided under subsection (a) shall remain available until September 30, 2005.

(c) APPLICATION.—From amounts provided under subsection (a)(2), the Social Security Administration may reimburse the Internal Revenue Service for expenses in carrying out this Act (and the amendments made by this Act).

(d) TRANSFER.—The President may transfer amounts provided under subsection (a) between the Centers for Medicare & Medicaid Services and the Social Security Administration. Notice of such transfers shall be transmitted within 15 days to the authorizing committees of the House of Representatives and of the Senate.

SEC. 616. HEALTH CARE INFRASTRUCTURE IMPROVEMENT PROGRAM.

Title XVIII is amended by adding at the end the following new section:

''HEALTH CARE INFRASTRUCTURE IMPROVEMENT PROGRAM

''SEC. 1897. (a) ESTABLISHMENT.—The Secretary shall establish a loan program that provides loans to qualifying hospitals for payment of the capital costs of projects described in subsection (d).

''(b) APPLICATION.—No loan may be provided under this section to a qualifying hospital except pursuant to an application that is submitted and approved in a time, manner, and form specified by the Secretary. A loan under this section shall be on such terms and conditions and meet such requirements as the Secretary determines appropriate.

''(c) SELECTION CRITERIA.—

''(1) IN GENERAL.—The Secretary shall establish criteria for selecting among qualifying hospitals that apply for a loan under this section. Such criteria shall consider the extent to which the project for which loan is sought is nationally or regionally significant, in terms of expanding or improving the health care infrastructure of the United States or the region or in terms of the medical benefit that the project will have.

''(2) QUALIFYING HOSPITAL DEFINED.—For purposes of this section, the term 'qualifying hospital' means a hospital that—

''(A) is engaged in research in the causes, prevention, and treatment of cancer; and

''(B) is designated as a cancer center for the National Cancer Institute or is designated by the State as the official cancer institute of the State.

''(d) PROJECTS.—A project described in this subsection is a project of a qualifying hospital that is designed to improve the health care infrastructure of the hospital, including construction, renovation, or other capital improvements.

''(e) STATE AND LOCAL PERMITS.—The provision of a loan under this section with respect to a project shall not—

''(1) relieve any recipient of the loan of any obligation to obtain any required State or local permit or approval with respect to the project;

''(2) limit the right of any unit of State or local government to approve or regulate any

rate of return on private equity invested in the project; or

''(3) otherwise supersede any State or local law (including any regulation) applicable to the construction or operation of the project.

''(f) FORGIVENESS OF INDEBTEDNESS.—The Secretary may forgive a loan provided to a qualifying hospital under this section under terms and conditions that are analogous to the loan forgiveness provision for student loans under part D of title IV of the Higher Education Act of 1965 (20 U.S.C. 1087a et seq.), except that the Secretary shall condition such forgiveness on the establishment by the hospital of—

''(A) an outreach program for cancer prevention, early diagnosis, and treatment that provides services to a substantial majority of the residents of a State or region, including residents of rural areas;

''(B) an outreach program for cancer prevention, early diagnosis, and treatment that provides services to multiple Indian tribes; and

''(C)(i) unique research resources (such as population databases); or

''(ii) an affiliation with an entity that has unique research resources.

''(g) FUNDING.—

''(1) IN GENERAL.—There are appropriated, out of amounts in the Treasury not otherwise appropriated, to carry out this section, $200,000,000, to remain available during the period beginning on July 1, 2004, and ending on September 30, 2008.

''(2) ADMINISTRATIVE COSTS.—From funds made available under paragraph (1), the Secretary may use, for the administration of this section, not more than $2,000,000 for each of fiscal years 2004 through 2008.

''(3) AVAILABILITY.—Amounts appropriated under this section shall be available for obligation on July 1, 2004.

''(h) REPORT TO CONGRESS.—Not later than 4 years after the date of the enactment of this section, the Secretary shall submit to Congress a report on the projects for which loans are provided under this section and a recommendation as to whether the Congress should authorize the Secretary to continue loans under this section beyond fiscal year 2008.''.

By Mrs. CLINTON:

S. 1927. A bill to establish an award program to encourage the development of effective bomb-scanning technology; to the Committee on Commerce, Science, and Transportation.

Mrs. CLINTON. Mr. President, ever since the events of September 11, 2001 awakened this Nation to the very real dangers of the world we live in, we have been struggling to defend ourselves against terrorism. Our aviation system remains a primary target for terrorists, and we must be every vigilant in the fight to keep that system safe. The economic viability, not to mention safety and security, of our country is at stake in that fight.

Nowhere is this more obvious than in New York. Not only did we bear the brunt of the worst terrorist attack in our Nation's history, but we also depend on our airports to fuel our state economy. John F. Kennedy Airport in Queens is the Nation's premier international gateway and contributes approximately $30 billion to the regional economy while employing 35,000 people. LaGuardia Airport, also in Queens, handles over 20 million passengers a year despite having only two 7000-foot runways on 680 acres. Our airports in Albany, Syracuse, Rochester, and Buffalo have seen strong growth in recent years with the arrival of low-cost carriers.

Unfortunately, our economic and physical security remains at risk because we still have not developed a way to effectively scan each piece of passenger luggage for explosives. We have recognized that in the current world environment, we must scan each bag, but technology has not kept up with our needs. The current technology used in most airports in this country is known to have a false-positive rate of approximately 20 percent. This means that machines incorrectly identify 20 percent of all bags going through them as containing explosives, thus slowing down the process considerably as well as costing time and money. Even more dangerous is the false-negative rate of these machines. This number, the percentage of bags going undetected through these machines with bombs inside of them during test runs, should be close to zero. The actual false-negative rate is not publicized for obvious reasons, but it is known to be well above zero.

I am proposing a bill today that seeks to create a major incentive for firms to invent a bomb-scanning technology that actually works. It will award $20 million to any firm that can successfully produce a machine that has a false-positive rate less than 10 percent, a false negative rate less than 2 percent, and is feasible for deployment en masse at our Nation's airports. Although we are currently spending money on researching this technology, that funding is clearly not getting us there fast enough. This new award will help to spur the private sector to develop new technology that will make a major difference in the safety of our aviation system.

By Mr. SARBANES (for himself, Mr. SCHUMER, Ms. STABENOW, Mr. CORZINE, Mr. DURBIN, Mr. KERRY, Ms. MIKULSKI, Mrs. CLINTON, Mr. LEVIN, Mr. LEAHY, Mr. AKAKA, Mr. KENNEDY, Mr. LAUTENBERG, Mr. DAYTON, and Mr. DODD):

S. 1928. A bill to amend the Truth in Lending Act to protect consumers against predatory practices in connection with high cost mortgage transactions, to strengthen the civil remedies available to consumers under existing law, and for other purposes; to the Committee on Banking, Housing, and Urban Affairs.

Mr. SARBANES. Mr. President, in July of 2001, and continuing through January of the following year, the Committee on Banking, Housing, and Urban Affairs held a series of hearings to shine a bright light on the deceptive and destructive practices of predatory mortgage lenders. At those hearings, the Committee heard from housing experts, community groups, legal advocates, industry representatives and victims of predatory lending in an effort to determine how best to address this terrible problem. Today, I am introducing legislation, the ''Predatory Lending Consumer Protection Act of 2003,'' along with a number of my colleagues, that would begin to address the problems that came to light in those hearings.

Homeownership is the American Dream. Indeed, the Committee has already passed legislation this year that would authorize a new $200 million downpayment assistance program to ensure that more people can achieve this goal.

We have taken this step because homeownership is the best opportunity for most Americans to put down roots and start creating equity for themselves and their families. Homeownership has been the path to building wealth for generations of Americans, wealth that can be tapped to send children to college, pay for a secure retirement, or simply work as a reserve against unexpected emergencies. It has been the key to ensuring stable communities, good schools, and safe streets. Common sense tells us, and the evidence confirms, that homeowners are more engaged citizens and more active in their communities.

Little wonder, then, that so many Americans, young and old, aspire to achieve this dream.

Unhappily, predatory lenders cynically play on these hopes and dreams to cheat people out of their wealth. These lenders target lower income, elderly, and, often, uneducated homeowners for their abusive practices. Study after study has shown that predatory lenders also target minorities, driving a wedge between these families and the hope of a productive life in the economic and financial mainstream of America.

We owe it to these hardworking families to provide protections against these unscrupulous players.

Let me share with you one of the stories we heard at our hearings. Mary Ann Podelco, a widowed waitress from West Virginia, used $19,000 from her husband's life insurance to pay off the balance on her mortgage, thus owning her home free and clear. Before her husband's death, she had never had a checking account or a credit card. She then took out a $11,921 loan for repairs. At the time, her monthly income from Social Security was $458, and her loan payments were more than half this amount. Ms. Podelco, who has a sixth grade education, testified that after her first refinancing, ''I began getting calls from people trying to refinance my mortgage all hours of the day and

night.'' Within 2 years, having been advised to refinance seven times—each time seeing high points and fees being financed into her new loan—she owed $64,000, and lost her home to foreclosure.

Ms. Podelco's story is all too typical. Unfortunately, most of the sharp practices used by unscrupulous lenders and brokers, while unethical and clearly abusive, are not illegal. This bill is designed to address that problem by tightening the interest rate and fee triggers that define high cost loans; the bill improves protections for borrowers receiving such loans by prohibiting the financing of exorbitant fees, ''packing'' in of unnecessary and costly products, such as single premium credit insurance, and limiting prepayment penalties. Finally, it protects these consumers' rights to seek redress by prohibiting mandatory arbitration, as the Federal Trade Commission (FTC) proposed unanimously in 2000.We often hear about the importance of improved enforcement as a way to combat this problem. As the FTC pointed out, mandatory arbitration prevents homeowners from exercising any of their rights to enforce existing law.

We cannot extol the virtues of homeownership, as we so often do, without seeking at the same time to preserve this benefit for so many elderly, minority, and unsophisticated Americans who are the targets of unscrupulous lenders and brokers. This legislation will help achieve this important goal. This bill has been endorsed by the Leadership Conference on Civil Rights, the U.S. Conference of Mayors, the National Council of La Raza, the National Consumer Law Center, ACORN, National Consumer Reinvestment Coalition, Consumer Federation of America, the NAACP, the Self-Help Credit Union, the National Association of Local Housing Finance Agencies, the National Community Development Association, the National Association of Consumer Advocates, and the National League of Cities, among others.

Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

S. 1928

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Predatory Lending Consumer Protection Act of 2003''.

SEC. 2. TRUTH IN LENDING ACT DEFINITIONS.

(a) HIGH COST MORTGAGES.—

(1) IN GENERAL.—The portion of section 103(aa) of the Truth in Lending Act (15 U.S.C. 1602(aa)) that precedes paragraph (2) is amended to read as follows:

''(aa) MORTGAGE REFERRED TO IN THIS SUBSECTION.—

''(1) DEFINITION.—

''(A) IN GENERAL.—A mortgage referred to in this subsection means a consumer credit transaction—

''(i) that is secured by the principal dwelling of the consumer, other than a reverse mortgage transaction; and

''(ii) the terms of which provide that—

''(I) the transaction is secured by a first mortgage on the principal dwelling of the consumer, and the annual percentage rate on the credit, at the consummation of the transaction, will exceed by more than 6 percentage points the yield on Treasury securities having comparable periods of maturity on the 15th day of the month immediately preceding the month in which the application for the extension of credit is received by the creditor;

''(II) the transaction is secured by a junior or subordinate mortgage on the principal dwelling of the consumer, and the annual percentage rate on the credit, at the consummation of the transaction, will exceed by more than 8 percentage points the yield on Treasury securities having comparable periods of maturity on the 15th day of the month immediately preceding the month in which the application for the extension of credit is received by the creditor; or

''(III) the total points and fees payable on the transaction will exceed the greater of 5 percent of the total loan amount, or $1,000, excluding not more than 2 bona fide discount points.

''(B) INTRODUCTORY RATES NOT TAKEN INTO ACCOUNT.—For purposes of subparagraph (A)(ii), the annual percentage rate of interest shall be determined—

''(i) in the case of a fixed-rate loan in which the annual percentage rate will not vary during the term of the loan, as the rate in effect on the date of consummation of the transaction;

''(ii) in the case of a loan in which the rate of interest varies according to an index, or is less than the rate of interest which will apply after the end of an initial or introductory period, by adding the index rate in effect on the date of consummation of the transaction to the maximum margin permitted at any time during the loan agreement; and

''(iii) in the case of any other loan in which the rate may vary at any time during the term of the loan for any reason, by including in the finance charge component of the annual percentage rate—

''(I) the interest charged on the loan at the maximum rate that may be charged during the term of the loan; and

''(II) any other applicable charges that would otherwise be included in accordance with section 106.''.

(2) TECHNICAL AND CONFORMING AMENDMENT.—Section 103(aa)(2) of the Truth in Lending Act (15 U.S.C. 1602(aa)(2)) is amended—

(A) by striking subparagraph (B); and

(B) by redesignating subparagraph (C) as subparagraph (B).

(b) POINTS AND FEES.—Section 103(aa)(4) of the Truth in Lending Act (15 U.S.C. 1602(aa)(4)) is amended—

(1) by striking subparagraph (B) and inserting the following:

''(B) all compensation paid directly or indirectly by a consumer or a creditor to a mortgage broker;'';

(2) by redesignating subparagraph (D) as subparagraph (G); and

(3) by striking subparagraph (C) and inserting the following:

''(C) each of the charges listed in section 106(e) (except an escrow for future payment of taxes and insurance);

''(D) the cost of all premiums financed by the lender, directly or indirectly, for any credit life, credit disability, credit unemployment or credit property insurance, or any other life or health insurance, or any payments financed by the lender, directly or indirectly, for any debt cancellation or suspension agreement or contract, except that, for purposes of this subparagraph, insurance premiums or debt cancellation or suspension fees calculated and paid on a monthly basis shall not be considered financed by the lender;

''(E) the maximum prepayment penalties that may be charged or collected under the terms of the loan documents;

''(F) all prepayment fees or penalties that are charged to the borrower if the loan refinances a previous loan made by the same creditor or an affiliate of that creditor; and''.

(c) HIGH COST MORTGAGE LENDER.—Section 103(f) of the Truth in Lending Act (15 U.S.C. 1602(f)) is amended by striking the last sentence and inserting ''Any person who originates 2 or more mortgages referred to in subsection (aa) in any 12-month period, any person who originates 1 or more such mortgages through a mortgage broker or acted as a mortgage broker between originators and consumers on more than 5 mortgages referred to in subsection (aa) within the preceding 12-month period, and any creditor-affiliated party shall be considered to be a creditor for purposes of this title.''.

(d) BONA FIDE DISCOUNT POINTS AND BENCHMARK RATE DEFINED.—Section 103 of the Truth in Lending Act (15 U.S.C. 1602) is amended by adding at the end the following:

''(cc) OTHER INTEREST RATE RELATED TERMS.—

''(1) BENCHMARK RATE.—The term 'benchmark rate' means an interest rate that the borrower may reduce by paying bona fide discount points, not to exceed the weekly average yield of United States Treasury securities having a maturity of 5 years, on the 15th day of the month immediately preceding the month in which the loan is made, plus 5 percentage points.

''(2) BONA FIDE DISCOUNT POINTS.—The term 'bona fide discount points' means loan discount points which are—

''(A) knowingly paid by the borrower;

''(B) paid for the express purpose of lowering the benchmark rate;

''(C) in fact reducing the interest rate or time-price differential applicable to the loan from an interest rate which does not exceed the benchmark rate; and

''(D) recouped within the first 4 years of the scheduled loan payments.

''(3) RECOUPMENT.—For purposes of paragraph (2)(D), loan discount points shall be considered to be recouped within the first 4 years of the scheduled loan payments if the reduction in the interest rate that is achieved by the payment of the loan discount points reduces the interest charged on the scheduled payments, such that the dollar amount of savings in payments made by the borrower over the first 4 years is equal to or exceeds the dollar amount of loan discount points paid by the borrower.''.

SEC. 3. AMENDMENTS TO EXISTING REQUIREMENTS FOR HIGH COST CONSUMER MORTGAGES.

(a) ADDITIONAL DISCLOSURES.—Section 129(a)(1) of the Truth in Lending Act (15 U.S.C. 1639(a)(1)) is amended by adding at the end the following:

''(C) 'The interest rate on this loan is much higher than most people pay. This means the chance that you will lose your home is much higher if you do not make all payments under the loan.'.

''(D) 'You may be able to get a loan with a much lower interest rate. Before you sign

any papers, you have the right to go see a housing or consumer credit counseling agency, as well as to consult other lenders to find ways to get a cheaper loan.'.

''(E) 'If you are taking out this loan to repay other loans, look to see how many months it will take to pay for this loan and what the total amount is that you will have to pay before this loan is repaid. Even though the total amount you will have to pay each month for this loan may be less than the total amount you are paying each month for those other loans, you may have to pay on this loan for many more months than those other loans which will cost you more money in the end.' ''.

(b) PREPAYMENT PENALTY PROVISIONS.—Section 129(c) of the Truth in Lending Act (15 U.S.C. 1639(c)) is amended to read as follows:

''(c) PREPAYMENT PENALTY PROVISIONS.—

''(1) NO PREPAYMENT PENALTIES AFTER END OF 24-MONTH PERIOD.—A mortgage referred to in section 103(aa) may not contain terms under which a consumer must pay any prepayment penalty for any payment made after the end of the 24-month period beginning on the date the mortgage is consummated.

''(2) NO PREPAYMENT PENALTIES IF MORE THAN 3 PERCENT OF POINTS AND FEES WERE FINANCED.—Subject to subsection (l)(1), a mortgage referred to in section 103(aa) may not contain terms under which a consumer must pay any prepayment penalty for any payment made at or before the end of the 24-month period referred to in paragraph (1) if the creditor financed points or fees in connection with the consumer credit transaction in an amount equal to or greater than 3 percent of the total amount of credit extended in the transaction.

''(3) LIMITED PREPAYMENT PENALTY FOR EARLY REPAYMENT UNDER CERTAIN CIRCUMSTANCES.—Subject to paragraph (2), the terms of a mortgage referred to in section 103(aa) may contain terms under which a consumer must pay a prepayment penalty for any payment made at or before the end of the 24-month period referred to in paragraph (1) to the extent that the sum of the total amount of points or fees financed by the creditor, if any, in connection with the consumer credit transaction and the total amount payable as a prepayment penalty does not exceed the amount which is equal to 3 percent of the total amount of credit extended in the transaction.

''(4) CONSTRUCTION.—For purposes of this subsection, any method of computing a refund of unearned scheduled interest is a prepayment penalty if it is less favorable to the consumer than the actuarial method (as that term is defined in section 933(d) of the Housing and Community Development Act of 1992).

''(5) PREPAYMENT PENALTY DEFINED.—The term 'prepayment penalty' means any monetary penalty imposed on a consumer for paying all or part of the principal with respect to a consumer credit transaction before the date on which the principal is due.''.

(c) ALL BALLOON PAYMENTS PROHIBITED.—Section 129(e) of the Truth in Lending Act (15 U.S.C. 1639(e)) is amended by striking ''having a term of less than 5 years''.

(d) ASSESSMENT OF ABILITY TO REPAY.—Section 129(h) of the Truth in Lending Act (15 U.S.C. 1639(h)) is amended—

(1) by striking ''CONSUMER.—A creditor'' and inserting ''CONSUMER.—

''(1) PROHIBITION ON PATTERNS AND PRACTICES.—A creditor''; and

(2) by adding at the end the following:

''(2) CASE-BY-CASE ASSESSMENTS OF CONSUMER ABILITY TO PAY REQUIRED.—

''(A) IN GENERAL.—In addition to the prohibition in paragraph (1) on engaging in certain patterns and practices, a creditor may not extend any credit in connection with any mortgage referred to in section 103(aa) unless the creditor has determined, at the time such credit is extended, that 1 or more of the resident obligors, when considered individually and collectively, will be able to make the scheduled payments under the terms of the transaction based on a consideration of the current and expected income, current obligations, employment status, and other financial resources of any such obligor, without taking into account any equity of any such obligor in the dwelling which is the security for the credit.

''(B) REGULATIONS.—The Board shall prescribe, by regulation, the appropriate format for determining the ability of a consumer to make payments and the criteria to be considered in making that determination.

''(C) RESIDENT OBLIGOR.—For purposes of this paragraph, the term 'resident obligor' means an obligor for whom the dwelling securing the extension of credit is, or upon the consummation of the transaction will be, the principal residence.

''(3) VERIFICATION.—The requirements of paragraphs (1) and (2) shall not be deemed to have been met unless any information relied upon by the creditor for purposes of any such paragraph has been verified by the creditor independently of information provided by any resident obligor.''.

(e) REQUIREMENTS RELATING TO HOME IMPROVEMENT CONTRACTS.—Section 129(i) of the Truth in Lending Act (15 U.S.C. 1639(i)) is amended—

(1) by striking ''IMPROVEMENT CONTRACTS.—A creditor'' and inserting ''IMPROVEMENT CONTRACTS.—

''(1) IN GENERAL.—A creditor''; and

(2) by adding at the end the following:

''(2) AFFIRMATIVE CLAIMS AND DEFENSES.—Notwithstanding any other provision of law, any assignee or holder, in any capacity, of a mortgage referred to in section 103(aa) which was made, arranged, or assigned by a person financing home improvements to the dwelling of a consumer shall be subject to all affirmative claims and defenses which the consumer may have against the seller, home improvement contractor, broker, or creditor with respect to such mortgage or home improvements.''.

(f) CLARIFICATION OF RESCISSION RIGHTS.—Section 129(j) of the Truth in Lending Act (15 U.S.C. 1639(j)) is amended to read as follows:

''(j) CONSEQUENCE OF FAILURE TO COMPLY.—

''(1) IN GENERAL.—The consummation of a consumer credit transaction resulting in a mortgage referred to in section 103(aa) shall be treated as a failure to deliver the material disclosures required under this title for the purpose of section 125, if—

''(A) the mortgage contains a provision prohibited by this section or does not contain a provision required by this section; or

''(B) a creditor or other person fails to comply with the provisions of this section, whether by an act or omission, with regard to such mortgage at any time.

''(2) RULE OF APPLICATION.—In any application of section 125 to a mortgage described in section 103(aa) under circumstances described in paragraph (1), paragraphs (2) and (4) of section 125(e) shall not apply or be taken into account.''.

SEC. 4. ADDITIONAL REQUIREMENTS FOR HIGH COST CONSUMER MORTGAGES.

(a) SINGLE PREMIUM CREDIT INSURANCE.—Section 129 of the Truth in Lending Act (15 U.S.C. 1639) is amended—

(1) by redesignating subsections (k) and (l) as subsections (s) and (t), respectively; and

(2) by inserting after subsection (j), the following:

''(k) SINGLE PREMIUM CREDIT INSURANCE.—

''(1) IN GENERAL.—The terms of a mortgage referred to in section 103(aa) may not require, and no creditor or other person may require or allow in connection with any such mortgage, whether paid directly by the consumer or financed by the consumer through such mortgage—

''(A) the advance collection of a premium, on a single premium basis, for any credit life, credit disability, credit unemployment, or credit property insurance, and any analogous product; or

''(B) the advance collection of a fee for any debt cancellation or suspension agreement or contract.

''(2) RULE OF CONSTRUCTION.—Paragraph (1) shall not be construed as affecting the right of a creditor to collect premium payments on insurance or debt cancellation or suspension fees referred to in paragraph (1) that are calculated and paid on a regular monthly basis, if the insurance transaction is conducted separately from the mortgage transaction, the insurance may be canceled by the consumer at any time, and the insurance policy is automatically canceled upon repayment or other termination of the mortgage referred to in paragraph (1).''.

(b) RESTRICTION ON FINANCING POINTS AND FEES.—Section 129 of the Truth in Lending Act (15 U.S.C. 1639) is amended by inserting after subsection (k) (as added by subsection (a) of this section) the following:

''(l) RESTRICTION ON FINANCING POINTS AND FEES.—

''(1) LIMIT ON AMOUNT OF POINTS AND FEES THAT MAY BE FINANCED.—Subject to paragraphs (2) and (3) of subsection (c), no creditor may, in connection with the formation or consummation of a mortgage referred to in section 103(aa), finance, directly or indirectly, any portion of the points, fees, or other charges payable to the creditor or any third party in an amount in excess of the greater of 3 percent of the total loan amount or $600.

''(2) PROHIBITION ON FINANCING CERTAIN POINTS, FEES, OR CHARGES.—No creditor may, in connection with the formation or consummation of a mortgage referred to in section 103(aa), finance, directly or indirectly, any of the following fees or other charges payable to the creditor or any third party:

''(A) Any prepayment fee or penalty required to be paid by the consumer in connection with a loan or other extension of credit which is being refinanced by such mortgage if the creditor, with respect to such mortgage, or any affiliate of the creditor, is the creditor with respect to the loan or other extension of credit being refinanced.

''(B) Any points, fees, or other charges required to be paid by the consumer in connection with such mortgage if—

''(i) the mortgage is being entered into in order to refinance an existing mortgage of the consumer that is referred to in section 103(aa); and

''(ii) if the creditor, with respect to such new mortgage, or any affiliate of the creditor, is the creditor with respect to the existing mortgage which is being refinanced.''.

(c) CREDITOR CALL PROVISION.—Section 129 of the Truth in Lending Act (15 U.S.C. 1639) is amended by inserting after subsection (l)

(as added by subsection (b) of this section) the following:

"(m) CREDITOR CALL PROVISION.—

"(1) IN GENERAL.—A mortgage referred to in section 103(aa) may not include terms under which the indebtedness may be accelerated by the creditor, in the sole discretion of the creditor.

"(2) EXCEPTION.—Paragraph (1) shall not apply when repayment of the loan has been accelerated as a result of a bona fide default.".

(d) PROHIBITION ON ACTIONS ENCOURAGING DEFAULT.—Section 129 of the Truth in Lending Act (15 U.S.C. 1639) is amended by inserting after subsection (m) (as added by subsection (c) of this section) the following:

"(n) PROHIBITION ON ACTIONS ENCOURAGING DEFAULT.—No creditor may make any statement, take any action, or fail to take any action before or in connection with the formation or consummation of any mortgage referred to in section 103(aa) to refinance all or any portion of an existing loan or other extension of credit, if the statement, action, or failure to act has the effect of encouraging or recommending the consumer to default on the existing loan or other extension of credit at any time before, or in connection with, the closing or any scheduled closing on such mortgage.".

(e) MODIFICATION OR DEFERRAL FEES.—Section 129 of the Truth in Lending Act (15 U.S.C. 1639) is amended by inserting after subsection (n) (as added by subsection (d) of this section) the following:

"(o) MODIFICATION OR DEFERRAL FEES.—

"(1) IN GENERAL.—Except as provided in paragraph (2), a creditor may not charge any consumer with respect to a mortgage referred to in section 103(aa) any fee or other charge—

"(A) to modify, renew, extend, or amend such mortgage, or any provision of the terms of the mortgage; or

"(B) to defer any payment otherwise due under the terms of the mortgage.

"(2) EXCEPTION FOR MODIFICATIONS FOR THE BENEFIT OF THE CONSUMER.—Paragraph (1) shall not apply with respect to any fee imposed in connection with any action described in subparagraph (A) or (B) if—

"(A) the action provides a material benefit to the consumer; and

"(B) the amount of the fee or charge does not exceed—

"(i) an amount equal to 0.5 percent of the total loan amount; or

"(ii) in any case in which the total loan amount of the mortgage does not exceed $60,000, an amount in excess of $300.".

(f) CONSUMER COUNSELING REQUIREMENTS.—Section 129 of the Truth in Lending Act (15 U.S.C. 1639) is amended by inserting after subsection (o) (as added by subsection (e) of this section) the following:

"(p) CONSUMER COUNSELING REQUIREMENT.—

"(1) IN GENERAL.—A creditor may not extend any credit in the form of a mortgage referred to in section 103(aa) to any consumer, unless the creditor has provided to the consumer, at such time before the consummation of the mortgage and in such manner as the Board shall provide by regulation—

"(A) all warnings and disclosures regarding the risks of the mortgage to the consumer;

"(B) a separate written statement recommending that the consumer take advantage of available home ownership or credit counseling services before agreeing to the terms of any mortgage referred to in section 103(aa); and

"(C) a written statement containing the names, addresses, and telephone numbers of counseling agencies or programs reasonably available to the consumer that have been certified or approved by the Secretary of Housing and Urban Development, a State housing finance authority (as defined in section 1301 of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989), or the agency referred to in subsection (a) or (c) of section 108 with jurisdiction over the creditor as qualified to provide counseling on—

"(i) the advisability of a high cost loan transaction; and

"(ii) the appropriateness of a high cost loan for the consumer.

"(2) COMPLETE AND UPDATED LISTS REQUIRED.—Any failure to provide as complete or updated a list under paragraph (1)(C) as is reasonably possible shall constitute a violation of this section.".

(g) ARBITRATION.—Section 129 of the Truth in Lending Act (15 U.S.C. 1639) is amended by inserting after subsection (p) (as added by subsection (f) of this section) the following:

"(q) ARBITRATION.—

"(1) IN GENERAL.—A mortgage referred to in section 103(aa) may not include terms which require arbitration or any other nonjudicial procedure as the method for resolving any controversy or settling any claims arising out of the transaction.

"(2) POST-CONTROVERSY AGREEMENTS.—Subject to paragraph (3), paragraph (1) shall not be construed as limiting the right of the consumer and the creditor to agree to arbitration or any other nonjudicial procedure as the method for resolving any controversy at any time after a dispute or claim under the transaction arises.

"(3) NO WAIVER OF STATUTORY CAUSE OF ACTION.—No provision of any mortgage referred to in section 103(aa) or any agreement between the consumer and the creditor shall be applied or interpreted so as to bar a consumer from bringing an action in an appropriate district court of the United States, or any other court of competent jurisdiction, pursuant to section 130 or any other provision of law, for damages or other relief in connection with any alleged violation of this section, any other provision of this title, or any other Federal law.".

(h) PROHIBITION ON EVASIONS.—Section 129 of the Truth in Lending Act (15 U.S.C. 1639) is amended by inserting after subsection (q) (as added by subsection (g) of this section) the following:

"(r) PROHIBITIONS ON EVASIONS, STRUCTURING OF TRANSACTIONS, AND RECIPROCAL ARRANGEMENTS.—

"(1) IN GENERAL.—A creditor may not take any action—

"(A) for the purpose or with the intent to circumvent or evade any requirement of this title, including entering into a reciprocal arrangement with any other creditor or affiliate of another creditor or dividing a transaction into separate parts, for the purpose of evading or circumventing any such requirement; or

"(B) with regard to any other loan or extension of credit for the purpose or with the intent to evade the requirements of this title, including structuring or restructuring a consumer credit transaction as another form of loan, such as a business loan.

"(2) OTHER ACTIONS.—In addition to the actions prohibited under paragraph (1), a creditor may not take any action which the Board determines, by regulation, constitutes a bad faith effort to evade or circumvent any requirement of this section with regard to a consumer credit transaction.

"(3) REGULATIONS.—The Board shall prescribe such regulations as the Board determines to be appropriate to prevent circumvention or evasion of the requirements of this section or to facilitate compliance with the requirements of this section.".

SEC. 5. AMENDMENTS RELATING TO RIGHT OF RESCISSION.

(a) TIMING OF WAIVER BY CONSUMER.—Section 125(a) of the Truth in Lending Act (15 U.S.C. 1635(a)) is amended—

(1) by striking "(a) Except as otherwise provided" and inserting "(a) RIGHT ESTABLISHED.—

"(1) IN GENERAL.—Except as otherwise provided"; and

(2) by adding at the end the following:

"(2) TIMING OF ELECTION OF WAIVER BY CONSUMER.—No election by a consumer to waive the right established under paragraph (1) to rescind a transaction shall be effective if—

"(A) the waiver was required by the creditor as a condition for the transaction;

"(B) the creditor advised or encouraged the consumer to waive such right of the consumer; or

"(C) the creditor had any discussion with the consumer about a waiver of such right during the period beginning when the consumer provides written acknowledgement of the receipt of the disclosures and the delivery of forms and information required to be provided to the consumer under paragraph (1) and ending at such time as the Board determines, by regulation, to be appropriate.".

(b) NONCOMPLIANCE WITH REQUIREMENTS AS RECOUPMENT IN FORECLOSURE PROCEEDING.—Section 130(e) of the Truth in Lending Act (15 U.S.C. 1640(e)) is amended by inserting after the second sentence the following: "This subsection also does not bar a person from asserting a rescission under section 125, in an action to collect the debt as a defense to a judicial or nonjudicial foreclosure after the expiration of the time periods for affirmative actions set forth in this section and section 125.".

SEC. 6. AMENDMENTS TO CIVIL LIABILITY PROVISIONS.

(a) INCREASE IN AMOUNT OF CIVIL MONEY PENALTIES FOR CERTAIN VIOLATIONS.—Section 130(a) of the Truth in Lending Act (15 U.S.C. 1640(a)) is amended—

(1) in paragraph (2)(A)(iii), by striking "$2,000" and inserting "$10,000"; and

(2) in paragraph (2)(B), by striking "lesser of $500,000 or 1 percentum of the net worth of the creditor" and inserting "the greater of—

"(i) the amount determined by multiplying the maximum amount of liability under subparagraph (A) for such failure to comply in an individual action by the number of members in the certified class; or

"(ii) the amount equal to 2 percent of the net worth of the creditor.".

(b) STATUTE OF LIMITATIONS EXTENDED FOR SECTION 129 VIOLATIONS.—Section 130(e) of the Truth in Lending Act (15 U.S.C. 1640(e)) (as amended by section 5(b) of this Act) is amended—

(1) in the first sentence, by striking "Any action" and inserting "Except as provided in the subsequent sentence, any action"; and

(2) by inserting after the first sentence the following: "Any action under this section with respect to any violation of section 129 may be brought in any United States district court, or in any other court of competent jurisdiction, before the end of the 3-year period beginning on the date of the occurrence of the violation.".

SEC. 7. AMENDMENT TO FAIR CREDIT REPORTING ACT.

Section 623 of the Fair Credit Reporting Act (15 U.S.C. 1681s–2) is amended by adding at the end the following:

''(e) DUTY OF CREDITORS WITH RESPECT TO HIGH COST MORTGAGES.—

''(1) IN GENERAL.—Each creditor who enters into a consumer credit transaction which is a mortgage referred to in section 103(aa), and each successor to such creditor with respect to such transaction, shall report the complete payment history, favorable and unfavorable, of the obligor with respect to such transaction to a consumer reporting agency that compiles and maintains files on consumers on a nationwide basis at least quarterly, or more frequently as required by regulation or in guidelines established by participants in the secondary mortgage market, while such transaction is in effect.

''(2) DEFINITIONS.—For purposes of paragraph (1), the term 'credit' and 'creditor' have the same meanings as in section 103 of the Truth in Lending Act (15 U.S.C. 1602).''.

SEC. 8. REGULATIONS.

The Board of Governors of the Federal Reserve System shall publish regulations implementing this Act and the amendments made by this Act in final form before the end of the 6-month period beginning on the date of enactment of this Act.

By Mr. BROWNBACK (for himself, Mr. ENSIGN, Mr. ENZI, Mr. HAGEL, Mr. INHOFE, Mr. NICKLES, Mr. SANTORUM, and Mr. SESSIONS):

S. 1930. A bill to provide that the approved application under the Federal Food, Drug and Cosmetic Act for the drug commonly known as RU–486 is deemed to have been withdrawn, to provide for the review by the Comptroller General of the United States of the process by which the Food and Drug Administration approved such drug, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

Mr. BROWNBACK. Mr. President, I rise today to introduce a very important piece of legislation, the RU–486 Suspension and Review Act of 2003. The abortion drug RU–486 increases in infamy as its lethal nature continues to reveal itself. As my colleagues may remember, in September, RU–486 claimed two more lives, one of whom was an 18-year-old woman. Holly Patterson, a resident of the San Francisco suburb of Livermore, died from an infection caused by fragments of her baby left in her uterus after she was administered RU–486 at a Planned Parenthood facility. This tragedy underscores the dangerous nature of this drug.

The available data from the U.S. trials of RU–486 raises serious questions in my mind as to whether or not this drug truly is ''safe'' for the women who use it. Women who participated in the U.S. trials of this drug were carefully screened, and only those who were in the most physically ideal condition were accepted. Even so, among these physically ideal participants, troubling results emerged. Two-percent of the women participating hemorrhaged; one-percent had to be hospitalized; several others required surgery to stop the bleeding—some of whom needed blood transfusions; and one woman in Iowa, after losing between one-half to two-thirds of her total blood volume, would have died if she had not undergone emergency surgery. If these side-effects occurred in the most physically ideal candidates, what about those who are not in the physically ideal category? Is this drug ''safe'' for women? I believe medical results suggest it is not.

The bill I am introducing today will require the suspension of the Food and Drug Administration's approval of RU–486. Following this suspension, the General Accounting Office is directed to review the process the FDA used to approve RU–486 and to determine whether the FDA followed its own guidelines. If it is determined that the FDA violated its guidelines, RU–486 will be suspended indefinitely. Monty and Helen Patterson, the parents of Holly Patterson, have expressed their firm support for this legislation and have requested that it be known as ''Holly's Law'' in honor of their daughter whose life was prematurely ended. I ask that their open letter on this subject be printed in the RECORD.

The Food and Drug Administration should not have authorized this dangerous drug. RU–486 is perilous both to the baby and to the woman who uses it. I urgently call on my colleagues in this Chamber to support ''Holly's Law'' to prevent more unnecessary deaths.

There being no objection, the letter was ordered to be printed in the RECORD, as follows:

LIVERMORE, CA,
November 20, 2003.

DEAR SIR OR MADAM: The Alameda County Coroner's report has validated what we already believed to be true. Holly has died from an RU–486 chemical induced abortion. There are no quick fixes for a pregnancy or magical pills that will make it go away. Our family, friends and community are all deeply saddened and forever marred by Holly's tragic and preventable death.

Holly lived as an adult by law for only 19 days, yet she became pregnant when she was just 17 years old. We now know that she learned about her pregnancy in the second week of August and was so distraught over her unplanned pregnancy that she sought help for depression from her family doctor on September 10, 2003—the very day that she began the drug induced abortion process.

Holly was a strong, healthy, intelligent and ambitious teenager who fell victim of a process that wholly failed her, beginning with the 24-year-old man who had unprotected sex with her, impregnated her, and then proceeded to facilitate the secrecy that surrounded her pregnancy and abortion. Under this conspiracy of silence, Holly suffered and depended on the safety of the FDA approved pill administered by Planned Parenthood and emergency room treatment by Valley Care Medical Center where she received pain killers for severe cramping and was sent home. On Saturday and Sunday, Holly cried and complained of severe cramping and constipation, and even allowed us to comfort her but could not tell us what she was really going through. On September 17, 2003, she succumbed to septic shock and died while many members of our family waited anxiously, yet expectantly in the Critical Care Unit for her to recover until we were forced behind the curtain when it was clear that she was dying.

And in those last moments of her life feeling utter disbelief and desperation we formed a circle just beyond the curtain and prayed aloud, cried and screamed, ''We love you, Holly'' hoping beyond hope that those words would ring out and save her life. And the other members of our family who drove and flew from all over the country to be by her side did not make it in time to say, ''I love you'' just one last time. Holly was not alone, unloved, unprotected or unsupported; she had a large family who willingly supported her throughout her short life and tragic death.

In the weeks since we buried Holly's body we are now able to recall and share the memories of our daughter's brilliant blue eyes, engaging smile, laughter, unwavering determination and sheer gentle beauty that invoked our natural instinct to protect and love her, but we will never be able to forget those last moments of her life when she was too weak to talk and could barely squeeze our hands in acknowledgement of our words of encouragement. ''We love you, Holly'', ''Just hang in there, the whole family is coming,'' ''You fight this Holly, you can do it.''

Because Holly has died this way, we have educated ourselves about the grave dangers of this drug, become conscious of the current lack of parental notification/consent laws in California and now recognize the critical need for accurate, impartial sources of information and resources for parents, teenagers and young women who want to learn about the real dangers and risks of unplanned pregnancy and abortion and the dire need for a national movement to encourage prevention and open dialogue in the home about unplanned pregnancy and abortion.

We will actively support ''Holly's Law'' in Congress by Reps. DeMint, Bartlett and Senator Brownback to suspend and review the abortion drug RU–486, the Tell-A-Parent (TAP) bill, which requires parental notification laws in California and a campaign to encourage prevention and open dialogue about unplanned pregnancy and abortion in the home.

As parents, we cannot allow our beautiful Holly's horrible death to be in vain. RU–486 has caused serious injury and has been implicated in the deaths of other young women. Now it has killed our daughter. We have learned that the initial trials were rushed and the drug was lumped in and approved with drugs designed for life threatening illnesses such as cancer and AIDS. Pregnancy is a natural process that a woman's body is designed to support and has never been classified as a life threatening illness. We need help to develop a website and provide a place for teenagers and women to report their stories and testimonials of their experience on the serious and adverse affects using RU–486.

The FDA has failed to carry out its mission of ensuring RU–486 is a safe and effective abortion drug regimen. According to the FDA, it is ''responsible for protecting the public health by assuring the safety, efficacy, and security of human and veterinary drugs, biological products, medical devices, our nation's food supply, cosmetics, and products that emit radiation.'' Holly has already paid the ultimate price. The RU–486 abortion drug should not be either a Pro Life or Pro Choice issue. The most primary concern here must be the health and welfare of our children and young women. Hopefully, all parents can learn from Holly's horrible death and our loss.

According to Danco Laboratories, the abortion drug's distributor, the RU–486 regimen fails to work 7–8 percent of the time. Over a year ago the FDA received 400 reports of adverse reactions to the drug including several deaths.

Holly is yet another victim who was subject to an unacceptable risk to a drug that has a significant failure rate. And we demand that FDA Commissioner Mark McClellan and Health and Human services Secretary, Tommy Thompson take RU–486 off the market immediately pending an extensive investigation by the Comptroller General of the United States before more parents suffer and women die.

We respectfully request the name of the bill that is to be presented to the House of Representatives, an Act as the ''[RU–486 Approval and Review Act of 2003]'' to be known as ''Holly's Law.'' With actively support a bill that halts the use of the drug that took Holly's young life.

We demand an investigation by the FDA and the California State Health Department as to why abortion clinics like Planned Parenthood are not following FDA approved regulations to administer the drug. We question the purity of the drugs they administer, especially when they are made in foreign countries, such as China.

In addition to the dangers of this drug and its administration, we believe that health care providers such as Valley Medical Center don't appear to be fully prepared to evaluate and treat patients with RU–486 complications in emergency situations. Holly was in the hospital twice and died within 20 minutes before her follow up appointment with Planned Parenthood.

FDA Commissioner Mark McClellan and Health and Human Services Secretary, Tommy Thompson should now have enough evidence to pull this drug from the market. How many more teenagers and young women will have to pay the price with their health or with their life, before the FDA decides to act?

Currently in California, teenage girls under the age of 18 can't get their ears pierced or go on a school trip, but they can have a medical or surgical abortion without parental knowledge or consent. This prevents parents from being able to talk to their children about a pregnancy that would allow them to keep a baby or to be able to follow the abortion process.

The first line of defense for a child is a parent. Kids wouldn't be walking into clinics under a veil of secrey if parents were notified first hand where they could talk to their children about abortion risks. We have now learned that Holly first sought a pregnancy test in the months leading up to her pregnancy while she was still 17 years old. We know now that a parental notification law would have brought Holly's activity to our attention and her needless death could have been prevented if we had been aware and intervened.

We actively support the Tell-A-Parent (TAP) ballot initative sponsored by Life on The Ballot www.LifeontheBallot.org. With enough petitions, this initiative will be on the 2004 ballot and requires parental notification 48 hours prior to an abortion in California. As parents, we are concerned about the health and welfare of all daughters; we are ''Pro Holly'' and look to our California Senators Barbara Boxer and Dianne Feinstein to support this initiative for the safety and protection of all young women in California.

Finally, we have suffered greatly with the realization that it's not enough to avoid the issue or talk to our children about why we don't want them to be involved in an unplanned pregnancy or abortion, but as parents, we must also talk about the tragic realities of unwanted pregnancy and abortion and reassure both, our daughters and sons that while we don't want this to happen, we will support them. We must focus on prevention and they must be told that they are not alone in this or any other unfortunate circumstances, regardless of the outcome.

We feel strongly that this country needs a national campaign to promote open and frank discussions in the home about unplanned pregnancy and the options that are available to our daughters who find themselves in this unfortunate predicament. We are eager to support such a campaign designed to bring about awareness, encourage parental involvement, and provide accurate information to minors, women, and parents about abstinence, birth control, unplanned pregnancy, abortion, parenting, and adoption options.

While parents would prefer that their daughters abstain from sex and many do, we must deal with the reality that many don't. In addition to unplanned pregnancy, girls can contract HIV and other STIs. As parents we need to prevent unplanned pregnancy instead of relying upon abortion clinics and agencies to educate our children and provide them with inaccurate information. No parent wants to see his or her teenage or college age daughter in the unfortunate situation that Holly was faced with.

We have lost our daughter, Holly, but we can still help to prevent this terrible tragedy from happening in other families. Holly's drive and determination to accomplish her goals gives us strength to pursue these critical issues in her name. Holly's memory and light will live on in our hearts, family, friends and our work. We will actively support the bill to suspend and review ''Holly's Law'' in Congress by Reps. DeMint and Bartlett and Senator Brownback to suspend and review the abortion drug RU–486, the Tell-A-Parent (TAP) bill, which requires parental notification laws in California and a campaign to encourage prevention and open dialogue about unplanned pregnancy and abortion in the home. Please contact us with any questions or requests for support of these very important issues.

Sincerely,

MONTY AND HELEN PATTERSON.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 271—URGING THE PRESIDENT AND THE UNITED STATES DIPLOMATIC CORPS TO DISSUADE MEMBER STATES OF THE UNITED NATIONS FROM SUPPORTING RESOLUTIONS THAT UNFAIRLY CASTIGATE ISRAEL AND TO PROMOTE WITHIN THE UNITED NATIONS GENERAL ASSEMBLY MORE BALANCED AND CONSTRUCTIVE APPROACHES TO RESOLVING CONFLICT IN THE MIDDLE EAST

Mr. COLEMAN (for himself, Mr. CORZINE, Mr. VOINOVICH, and Mr. LAUTENBERG) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 271

Whereas the United Nations General Assembly and United Nations Security Council have over a period of many years engaged in a pattern of introducing and enacting measures and resolutions unfairly castigating and condemning the state of Israel;

Whereas despite the myriad of challenges facing the world community, the United Nations General Assembly has devoted a disproportionate amount of time and resources to castigating Israel;

Whereas during the fifty-seventh session of the United Nations General Assembly, the General Assembly adopted a total of 69 resolutions by roll call vote, 22 of which related to Israel;

Whereas many member states of the United Nations General Assembly continue to engage in a discriminatory campaign against Israel, including enacting on October 21, 2003 a resolution that condemns Israeli security measures without proportional condemnation of terrorist attacks launched against Israel;

Whereas the discriminatory voting patterns in the United Nations have historically been driven by voting blocs and ideological divides originating from Cold War rivalries that are obsolete in the post-Cold War period; and

Whereas in the post-Cold War geopolitical environment, the United States has a special responsibility to promote fair and equitable treatment of all nations in the context of international institutions, including the United Nations: Now, therefore, be it

Resolved, That the Senate urges the President and all members of the United States diplomatic corps—

(1) to dissuade member states of the United Nations from voting in support of General Assembly resolutions that unfairly castigate Israel; and

(2) to promote within the United Nations General Assembly more balanced and constructive approaches to resolving conflict in the Middle East.

Mr. COLEMAN. Mr. President, today I am proud to submit, along with my good friend and colleague Senator CORZINE, a bipartisan resolution dealing with the unfair treatment of Israel at the United Nations.

For too long, Israel has been singled out for castigation by the United Nations General Assembly. Israeli defensive actions are condemned, while terrorism against Israeli civilians goes largely unnoticed. There are whole bodies designed to do nothing but produce anti-Israel materials. There is a Division of Palestinian Rights which sits at the same level in the U.N. organization as a single division for the Americas and Europe, a single division for Asia and the Pacific, and two Africa divisions. Of all the resolutions adopted by rollcall vote at the last session of the UN General Assembly, one-third singled out Israel.

Let me be clear on this point: I do think it is appropriate to help the Palestinian people, and I do share President Bush's vision of two states living side by side in peace.

But for the United Nations to spend so much of its time on this one crisis, with an unbalanced approach, ultimately undermines its ability to contribute constructively to the peace process. To accord the Palestinian people—however serious their problems

are the same level of attention as entire continents is inappropriate in a world where there are so many other oppressed groups and nations. Why is there no Division of Tibetan Rights? Why no Division of Chechen Rights?

If you look at the General Assembly voting records, there are too many one-sided resolutions dealing with Israel that pass with only a handful of negative votes—cast by the U.S., Israel, Micronesia, the Marshall Islands, Nauru and Palau. Last Friday, I was pleased to note Australia joined us as well.

The good news is that we are starting to see some progress. A joint U.S.-European-Israeli effort to consolidate seven resolutions on UNRWA into one resolution recently was a good start. The resolution was passed out of the committee by a vote of 109 to 0, albeit with 54 abstentions. True, several superfluous resolutions on UNRWA were also approved by the committee. But this year, it was five resolutions instead of seven.

When the U.S., Europe, and Israel can work together on a resolution dealing with Palestinian refugees—and one that is passed without any negative votes—we get a glimpse of the U.N.'s potential for bringing parties together.

I would be remiss if I did not commend the work of U.S. diplomats, and applaud their increased attention to this issue. This resolution gives them a tool to use with their diplomatic counterparts—a strong statement from the U.S. Senate that we are paying attention to these votes, and that we support a more balanced approach toward the Middle East at the United Nations.

It should be a goal we can all agree upon. By reducing the number of anti-Israel resolutions passed by the General Assembly, the United Nations can live up to the promise of its charter: "to practice tolerance and live together in peace with one another as good neighbors."

Mr. CORZINE. Mr. President, today, along with Senators COLEMAN, LAUTENBERG and VOINOVICH, I am submitting a resolution to address a serious and persistent problem: the unfair and inequitable treatment of Israel in the United Nations. The resolution urges the President and all members of the United States diplomatic corps to dissuade member states of the United Nations from voting in support of General Assembly resolutions that unfairly castigate Israel, and to promote within the United Nations General Assembly more balanced and constructive approaches to resolving conflict in the Middle East.

On October 21, 2003, the United Nations General Assembly ratified a resolution condemning Israeli security measures. The resolution did not call on the Palestinian Authority to dismantle terrorist organizations, nor did it name those organizations. Yet it passed by a vote of 144–4, with 12 abstentions. Other than the United States, only Micronesia, the Marshall Islands, and Israel itself voted against the resolution.

This resolution was only the latest in a long line of General Assembly resolutions castigating Israel with little regard to the security threats that Israel faces. For decades, the Assembly has devoted a disproportionate amount of time and resources to resolutions related to Israel—conducting, for example, 22 rollcall votes on UN General Assembly resolutions that related to Israel out of the 69 for all of the 57th Session of the Assembly. Besides distracting the United Nations from the countless other critical issues the world faces, these resolutions undermine efforts to achieve peace in the Middle East by casting blame almost entirely on one party. They are also unfair in that they subject Israel to discriminatory treatment not accorded to any other member state of the UN.

It is long past time for the General Assembly to stop ratifying these biased, unproductive resolutions. Voting patterns that discriminate against Israel appeared during the Cold War, when conflict in the Middle East was fueled by the rivalry between the West and the Soviet bloc. The Cold War has ended. So, too, should the polarization it engendered. We have also seen new alliances and relationships emerge in the global war on terrorism, and have witnessed the world come together in condemning terrorist violence. I refer to UN Security Council Resolution 1373, passed on September 28, 2001, which reaffirmed that any act of international terrorism constitutes a threat to international peace and security and called on states to work together to prevent and suppress terrorist acts.

Resolution 1373 reminded us of what the United Nations was meant to be—a forum for the world to come together to identify common threats and find common ways to address them. It offered the hope of a world united in its resolve to fight terrorism, with the United States leading that fight—in Afghanistan and in other parts of the world where international terrorists operate.

It is therefore with great disappointment that we witness business as usual at the General Assembly. The spirit of unity that prevailed for a time after September 11 has not led to a common approach to the conflict in the Middle East, and the United States has thus far been unable to enlist its friends and allies in its effort to ensure that Israel is treated fairly.

Since the inception of the United Nations, the United States has played a unique and critical role in ensuring that the U.N. lives up to the promise of its Charter—to maintain peace and security. As the sole remaining superpower, we have an opportunity to shape a global consensus on terrorism and security, one that requires new, more productive approaches to the conflict in the Middle East. This requires that we recognize the harm that comes from repeated, biased condemnations of a valuable ally in the United Nations General Assembly. It also requires sustained efforts, in the United Nations and within our bilateral and multilateral relationships, to change the voting patterns of friends, allies, and other member states.

We must bring our own values and our own vision of peace and security to the United Nations. Voting against resolutions that unfairly castigate Israel is not enough, particularly when we find ourselves in a tiny minority. We must seek to ally the world with us on this critical matter. The resolution we are introducing today thus urges the President and all members of the United States diplomatic corps to dissuade member states of the United Nations from voting in support of General Assembly resolutions that unfairly castigate Israel, and to promote within the Nations General assembly more balanced and constructive approaches to resolving conflict in the Middle East.

The United Nations can be—must be—a forum for defending our values. Through committed leadership, we can begin to change how other countries approach the General Assembly and how they vote on issues related to the Middle East. By doing so, we will be taking an important step toward peace.

SENATE RESOLUTION 272—DESIGNATING THE WEEK BEGINNING NOVEMBER 16, 2003, AS AMERICAN EDUCATION WEEK

Ms. SNOWE (for herself, Mrs. MURRAY, Mr. WARNER, Mr. BREAUX, Mr. CRAPO, Mr. CONRAD, Mr. DASCHLE, Mr. EDWARDS, Mr. KENNEDY, Mr. JOHNSON, and Mr. GRASSLEY) submitted the following resolution; which was considered and agreed to:

S. RES. 272

Whereas schools are the backbone of democracy in the United States, providing young people with the tools necessary to maintain the precious values of freedom, civility, and equality;

Whereas, by equipping students with both practical skills and broader intellectual abilities, schools give young people in the United States hope for, and access to, a bright and productive future;

Whereas education employees, whether they provide educational, administrative, technical, or custodial services, work tirelessly to serve the children and communities of the United States with care and professionalism;

Whereas schools are the keystones of communities in the United States, bringing together adults and children, educators and volunteers, business leaders, and elected officials in a common enterprise; and

Whereas public school educators first observed American Education Week in 1921 and

are now celebrating the 82nd annual observance of American Education Week: Now, therefore, be it

Resolved, That the Senate—

(1) designates the week beginning November 16, 2003, as American Education Week; and

(2) recognizes the importance of public education and the accomplishments of the many education professionals who contribute to the achievement of students across the United States.

SENATE CONCURRENT RESOLUTION 84—RECOGNIZING THE SACRIFICES MADE BY MEMBERS OF THE REGULAR AND RESERVE COMPONENTS OF THE ARMED FORCES, EXPRESSING CONCERN ABOUT THEIR SAFETY AND SECURITY, AND URGING THE SECRETARY OF DEFENSE TO TAKE IMMEDIATE STEPS TO ENSURE THAT THE RESERVE COMPONENTS ARE PROVIDED WITH THE SAME EQUIPMENT AS REGULAR COMPONENTS

Mr. DASCHLE (for Mr. KERRY) submitted the following concurrent resolution; which was referred to the Committee on Armed Services:

S. CON. RES. 84

Whereas, on September 11, 2001, the National Guard and Reserve responded to the horrific terrorist attacks on the United States with professionalism and courage, rescued the injured, saved lives in New York City, provided protection to the Pentagon, and flew combat air patrols over Washington, D.C., and other major cities;

Whereas, on September 14, 2001, in Executive Order 13223, President Bush proclaimed a national emergency, and exercised his authority under section 12302 of title 10, United States Code, to allow him to call up as many as 1,000,000 National Guard and Reserve members to active duty for up to two years;

Whereas more than 300,000 National Guard and Reserve members have been called to active duty under this Executive Order, serving on the front lines by fighting terrorists in Africa and Asia and keeping the peace in Afghanistan, the Balkans, and Iraq;

Whereas the National Guard and Reserve are taking on unprecedented challenges;

Whereas 64 percent of National Guard and Reserve members have been called up for active duty during at least one of the seven major mobilizations since 1990;

Whereas 7,800 National Guard and Reserve members have been mobilized more than once to serve in the Global War on Terrorism, and members serve between 60 and 120 days per year;

Whereas 42,000 of the approximately 160,000 United States troops currently in Iraq are members of the National Guard and Reserve;

Whereas the National Guard and Reserve are being deployed to Iraq without critical protective equipment, such as body armor, carbines, laser sights, night vision goggles, desert boots, Camel Back water carriers, aviation holsters, aviation protective masks, radios, and desert camouflage uniforms;

Whereas many National Guard and Reserve units are using older and outdated equipment;

Whereas, due to equipment shortages throughout the National Guard and Reserve, units are being stripped of equipment in favor of units being deployed, leaving other units without equipment with which to train;

Whereas at least one National Guard and Reserve unit asked hospitals in the United States to donate medical supplies to cover its shortages; and

Whereas a poll taken in Iraq by *Stars & Stripes* reveals that 48 percent of National Guard and Reserve troops consider their morale ‘‘low’’ or ‘‘very low’’, compared with only 15 percent reporting ‘‘high’’ or ‘‘very high’’ morale: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That Congress—

(1) recognizes the sacrifices made by the members in the regular and reserve components of the Armed Forces;

(2) expresses concern about their safety and security; and

(3) urges the Secretary of Defense to take immediate steps to ensure that the National Guard and Reserves are provided with the same equipment as the regular components.

(At the request of Mr. DASCHLE, the following statement was ordered to be printed in the RECORD.)

● Mr. KERRY. Mr. President, the relationship between the active and reserve components in the United States military is known as the ‘‘total-force’’ concept. Active duty units cannot fight wars without the support and participation of units from the National Guard and Reserve. It is this aspect of the all volunteer military that distinguishes the American armed forces from the praetorian armies of old and links the broader public, intimately, to the costs and sacrifices of war.

The men and women of the American military continue to preform magnificently. They are executing difficult missions in distant lands around the globe. There are more than 130,000 troops in Iraq, 30,000 in Kuwait, 37,000 in Korea, and 10,000 in Afghanistan. At this moment, more than 164,000 national guardsmen and reservists are on active duty, and the Pentagon has recently announced two more rounds of activation, increasing that number by another 58,000 troops. With more than 60 percent of the Army's active combat strength deployed or preparing to deploy, the men and women of the National Guard and Reserves are essential to our efforts in the war on terrorism and the stabilization of Iraq and Afghanistan.

These deployed ‘‘weekend warriors’’ are much more than part-time soldiers; they are full-time war-fighters serving alongside active duty units, performing the same missions, facing the same dangers, paying the same bloody price.

Despite this fact, the equipment of the National Guard and Reserves has been substandard when compared to the equipment available to members of the active units for far too long. This peace-time nuisance is a mortal danger in war. It is inexcusable that any U.S. units, whether active or reserve, would deploy to a combat zone without the latest equipment and technology.

But we have heard concerns about National Guard and Reserve units lacking the latest gear or technology: helicopters lacking basic defense systems; Humvees without the additional armor needed to protect their occupants; and inadequate supplies of personal body armor. It is a dereliction of duty to send anyone into harm's way without basic protective gear.

The Concurrent Resolution submit today, expresses our concern for the welfare and security of all the men and women of the United states military, whether they serve in the active duty military, the National Guard, or the reserves. If this is to truly be a ‘‘total-force,’’ then we must also commit ourselves to equipping it as such. The courageous, young men and women of our armed forces deserve no less.●

SENATE CONCURRENT RESOLUTION 85—EXPRESSING THE SENSE OF CONGRESS THAT THE CONTINUED PARTICIPATION OF THE RUSSIAN FEDERATION IN THE GROUP OF 8 NATIONS SHOULD BE CONDITIONED ON THE RUSSIAN GOVERNMENT VOLUNTARILY ACCEPTING AND ADHERING TO THE NORMS AND STANDARDS OF DEMOCRACY

Mr. MCCAIN (for himself and Mr. LIEBERMAN) submitted the following concurrent resolution; which was referred to the Committee on Foreign Relations:

S. CON. RES. 85

Whereas the countries that comprise the Group of 7 nations are pluralistic societies with democratic political institutions and practices, committed to the observance of universally recognized standards of human rights, respect for individual liberties, and democratic principles;

Whereas in 1991 and subsequent years, the leaders of the Group of 7 nations, heads of the governments of the major free market economies of the world who meet annually in a summit meeting, invited then-Russian President Boris Yeltsin to a post-summit dialogue;

Whereas in 1998, the leaders of the Group of 7 nations formally invited President Boris Yeltsin of Russia to participate in an annual gathering that subsequently was known as the Group of 8 nations, although the Group of 7 nations have continued to hold informal summit meetings and ministerial meetings that do not include the Russian Federation;

Whereas the invitation to President Yeltsin to participate in the annual summits was in recognition of his commitment to democratization and economic liberalization, despite the fact that the Russian economy remained weak and the commitment of the Russian Government to democratic principles was uncertain;

Whereas under the leadership of President Vladimir Putin, the Russian Government has attempted to control the activities of independent media enterprises, nongovernmental organizations, religious organizations, and other pluralistic elements of Russian society in an attempt to mute criticism of the government;

Whereas the suppression by the Russian Government of independent media enterprises has resulted in widespread government

control and influence over the media in Russia, stifling freedom of expression and individual liberties that are essential to any functioning democracy;

Whereas the arrest and prosecution of prominent Russian business leaders who had supported the political opposition to President Putin are examples of selective application of the rule of law for political purposes;

Whereas the courts of Great Britain, Spain, and Greece have consistently ruled against extradition warrants issued by the Russian Government after finding that the cases presented by the Prosecutor General of the Russian Federation have been inherently political in nature;

Whereas Russian military forces continue to commit brutal atrocities against the civilian population in Chechnya;

Whereas the rise to influence within the Russian Government of unelected security officials from the KGB of the former Soviet Union is increasingly undermining the commitment of the Russian Government to democratic principles, accountability, and transparency;

Whereas a wide range of observers at think tanks and nongovernmental organizations have expressed deep concern that the Russian Federation is moving away from the political and legal underpinnings of a market economy; and

Whereas the continued participation of the Russian Federation in the Group of 8 nations, including the opportunity for the Russian Government to host the Group of 8 nations in 2006 as planned, is a privilege that is premised on the Russian Government voluntarily accepting and adhering to the norms and standards of democracy: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That it is the sense of Congress that—

(1) the selective prosecution of political opponents and the suppression of free media by the Russian Federation, and the continued commission of widespread atrocities in the conduct of the brutal war in Chechnya, do not reflect the minimum standards of democratic governance and rule of law that characterize every other member state in the Group of 8 nations;

(2) the continued participation of the Russian Federation in the Group of 8 nations, including the opportunity for the Russian Government to host the Group of 8 nations summit in 2006 as planned, should be conditioned on the Russian Government accepting and adhering to the norms and standards of free, democratic societies as generally practiced by every other member nation of the Group of 8 nations, including—

(A) the rule of law, including protection from selective prosecution and protection from arbitrary state-directed violence;

(B) a court system free of political influence and manipulation;

(C) a free and independent media;

(D) a political system open to participation by all citizens and which protects freedom of expression and association; and

(E) the protection of universally recognized human rights; and

(3) the President of the United States and the Secretary of State should work with the other members of the Group of 7 nations to take all necessary steps to suspend the participation of the Russian Federation in the Group of 8 nations until the President, after consultation with the other members of the Group of 7 nations, determines and reports to Congress that the Russian Government is committed to respecting and upholding the democratic principles described in paragraph (2).

AMENDMENTS SUBMITTED & PROPOSED

SA 2209. Mr. FRIST (for Mr. DODD) proposed an amendment to the bill S. 1680, to reauthorize the Defense Production Act of 1950, and for other purposes.

SA 2210. Mr. FRIST (for Mr. INHOFE (for himself, Mr. JEFFORDS, Mr. VOINOVICH, and Mrs. CLINTON)) proposed an amendment to the bill S. 1279, to amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act to authorize the President to carry out a program for the protection of the health and safety of residents, workers, volunteers, and others in a disaster area.

SA 2211. Mr. FRIST (for Mr. MCCAIN (for himself and Mr. HOLLINGS)) proposed an amendment to the bill S. 579, to reauthorize the National Transportation Safety Board, and for other purposes.

TEXT OF AMENDMENTS

SA 2209. Mr. FRIST (for Mr. DODD) proposed an amendment to the bill S. 1680, to reauthorize the Defense Production Act of 1950, and for other purposes; as follows:

On page 6, strike line 1 and all that follows through page 7, line 2, and insert the following:

SEC. 7. REPORT ON IMPACT OF OFFSETS ON DOMESTIC CONTRACTORS AND LOWER TIER SUBCONTRACTORS.

(a) EXAMINATION OF IMPACT REQUIRED.—

(1) IN GENERAL.—As part of the annual report required under section 309(a) of the Defense Production Act of 1950 (50 U.S.C. App. 2099(a)), the Secretary of Commerce (in this section referred to as the ''Secretary'') shall—

(A) detail the number of foreign contracts involving domestic contractors that use offsets, industrial participation agreements, or similar arrangements during the preceding 5-year period;

(B) calculate the aggregate, median, and mean values of the contracts and the offsets, industrial participation agreements, and similar arrangements during the preceding 5-year period; and

(C) describe the impact of international or foreign sales of United States defense products and related offsets, industrial participation agreements, and similar arrangements on domestic prime contractors and, to the extent practicable, the first 3 tiers of domestic contractors and subcontractors during the preceding 5-year period in terms of domestic employment, including any job losses, on an annual basis.

(2) USE OF INTERNAL DOCUMENTS.—To the extent that the Department of Commerce is already in possession of relevant data, the Department shall use internal documents or existing departmental records to carry out paragraph (1).

(3) INFORMATION FROM NON-FEDERAL ENTITIES.—

(A) EXISTING INFORMATION.—In carrying out paragraph (1), the Secretary shall only require a non-Federal entity to provide information that is available through the existing data collection and reporting systems of that non-Federal entity.

(B) FORMAT.—The Secretary may require a non-Federal entity to provide information to the Secretary in the same form that is already provided to a foreign government in fulfilling an offset arrangement, industrial participation agreement, or similar arrangement.

(b) REPORT.—

(1) IN GENERAL.—Before the end of the 8-month period beginning on the date of enactment of this Act, the Secretary shall submit to Congress a report containing the findings and conclusions of the Secretary with regard to the examination made pursuant to subsection (a).

(2) COPIES OF REPORT.—The Secretary shall also transmit copies of the report prepared under paragraph (1) to the United States Trade Representative and the interagency team established pursuant to section 123(c) of the Defense Production Act Amendments of 1992 (50 U.S.C. App. 2099 note).

(c) RESPONSIBILITIES REGARDING CONSULTATION WITH FOREIGN NATIONS.—Section 123(c) of the Defense Production Act Amendments of 1992 (50 U.S.C. App. 2099 note) is amended to read as follows:

''(c) NEGOTIATIONS.—

''(1) INTERAGENCY TEAM.—

''(A) IN GENERAL.—It is the policy of Congress that the President shall designate a chairman of an interagency team comprised of the Secretary of Commerce, Secretary of Defense, United States Trade Representative, Secretary of Labor, and Secretary of State to consult with foreign nations on limiting the adverse effects of offsets in defense procurement without damaging the economy or the defense industrial base of the United States or United States defense production or defense preparedness.

''(B) MEETINGS.—The President shall direct the interagency team to meet on a quarterly basis.

''(C) REPORTS.—The President shall direct the interagency team to submit to Congress an annual report, to be included as part of the report required under section 309(a) of the Defense Production Act of 1950 (50 U.S.C. App. 2099(a)), that describes the results of the consultations of the interagency team under subparagraph (A) and the meetings of the interagency team under subparagraph (B).

''(2) RECOMMENDATIONS FOR MODIFICATIONS.—The interagency team shall submit to the President any recommendations for modifications of any existing or proposed memorandum of understanding between officials acting on behalf of the United States and 1 or more foreign countries (or any instrumentality of a foreign country) relating to—

''(A) research, development, or production of defense equipment; or

''(B) the reciprocal procurement of defense items.''.

SA 2210. Mr. FRIST (for Mr. INHOFE (for himself, Mr. JEFFORDS, Mr. VOINOVICH, and Mrs. CLINTON)) proposed an amendment to the bill S. 1279, to amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act to authorize the President to carry out a program for the protection of the health and safety of residents, workers, volunteers, and others in a disaster area; as follows:

On page 19, line 16, insert '', including a local health department,'' after ''institution''.

On page 21, between lines 18 and 19, insert the following:

''(7) PRIVACY.—The President shall carry out each program under paragraph (1) in accordance with regulations relating to privacy promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–2 note; Public Law 104–191).

At the end, add the following:

SEC. 4. PREDISASTER HAZARD MITIGATION.

Section 203(m) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5133(m)) is amended by striking ''December 31, 2003'' and inserting ''September 30, 2006''.

SA 2211. Mr. FRIST (for Mr. MCCAIN (for himself and Mr. HOLLINGS)) proposed an amendments to the bill S. 579, to reauthorize the National Transportation Safety Board, and for other purposes; as follows:

On page 2, line 15, strike ''$3,000,000.'' and insert ''$4,000,000.''.

On page 3, line 6, strike ''paragraph'' and insert ''subsection''.

On page 3, line 16, strike the closing quotation marks and the second period.

On page 3, line 17, strike ''(c)'' and insert '' '(d)''.

On page 3, line 21, insert closing quotation marks and a period after the period.

On page 5, strike lines 7 through 21, and insert the following:

SEC. 4. RELIEF FROM CONTRACTING REQUIREMENTS FOR INVESTIGATIONS SERVICES.

(a) IN GENERAL.—From the date of enactment of this Act through September 30, 2006, the National Transportation Safety Board may enter into agreements or contracts under the authority of section 1113 (b)(1)(B) of title 49, United States Code for investigations conducted under section 1131 of that title without regard to any other provision of law requiring competition if necessary to expedite the investigation.

(b) REPORT ON USAGE.—On February 1, 2006, the National Transportation Safety Board shall transmit a report to the House of Representatives Committee on Transportation and Infrastructure, the House of Representatives Committee on Government Reform, the Senate Committee on Commerce, Science, and Transportation, and the Senate Committee on Government Affairs that—

(1) describes each contract for $25,000 or more executed by the Board to which the authority provided by subsection (a) was applied; and

(2) sets forth the rationale for dispensing with competition requirements with respect to such contract.

On page 5, after line 21, add the following:

SEC. 5. ACCIDENT AND SAFETY DATA CLASSIFICATION AND PUBLICATION.

Section 1119 of title 49, United States Code, is amended by adding at the end the following:

''(c) APPEALS.—

''(1) NOTIFICATION OF RIGHTS.—In any case in which an employee of the Board determines that an occurrence associated with the operation of an aircraft constitutes an accident, the employee shall notify the owner or operator of that aircraft of the right to appeal that determination to the Board.

''(2) PROCEDURE.—The Board shall establish and publish the procedures for appeals under this subsection.

''(3) LIMITATION ON APPLICABILITY.—This subsection shall not apply in the case of an accident that results in a loss of life.''.

SEC. 6. SECRETARY OF TRANSPORTATION'S RESPONSES TO SAFETY RECOMMENDATIONS.

Section 1135(d) of title 49, United States Code, is amended to read as follows:

''(d) REPORTING REQUIREMENTS.—

''(1) ANNUAL SECRETARIAL REGULATORY STATUS REPORTS.—On February 1 of each year, the Secretary shall submit a report to Congress and the Board containing the regulatory status of each recommendation made by the Board to the Secretary (or to an Administration within the Department of Transportation) that is on the Board's 'most wanted list'. The Secretary shall continue to report on the regulatory status of each such recommendation in the report due on February 1 of subsequent years until final regulatory action is taken on that recommendation or the Secretary (or an Administration within the Department) determines and states in such a report that no action should be taken.

''(2) FAILURE TO REPORT.—If on March 1 of each year the Board has not received the Secretary's report required by this subsection, the Board shall notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate of the Secretary's failure to submit the required report.

''(3) TERMINATION.—This subsection shall cease to be in effect after the report required to be filed on February 1, 2008, is filed.''.

SEC. 7. TECHNICAL AMENDMENTS.

Section 1131(a)(2) of title 49, United States Code, is amended by moving subparagraphs (B) and (C) 4 ems to the left.

SEC. 8. DOT INSPECTOR GENERAL INVESTIGATIVE AUTHORITY.

(a) IN GENERAL.—Section 228 of the Motor Carrier Safety Improvement Act of 1999 (113 Stat. 1773) is transferred to, and added at the end of, subchapter III of chapter 3 of title 49, United States Code, as section 354 of that title.

(b) CONFORMING AMENDMENTS.—

(1) The caption of the section is amended to read as follows:

''§ 354. Investigative authority of Inspector General''.

(2) The chapter analysis for chapter 3 of title 49, United States Code, is amended by adding at the end the following:

''354. Investigative authority of Inspector General''.

SEC. 9. REPORTS ON CERTAIN OPEN SAFETY RECOMMENDATIONS.

(a) INITIAL REPORT.—Within 1 year after the date of enactment of this Act, the Secretary of Transportation shall submit a report to Congress and the National Transportation Safety Board containing the regulatory status of each open safety recommendation made by the Board to the Secretary concerning—

(1) 15-passenger van safety;

(2) railroad grade crossing safety; and

(3) medical certifications for a commercial driver's license.

(b) BIENNIAL UPDATES.—The Secretary shall continue to report on the regulatory status of each such recommendation (and any subsequent recommendation made by the Board to the Secretary concerning a matter described in paragraph (1), (2), or (3) of subsection (a)) at 2-year intervals until—

(1) final regulatory action has been taken on the recommendation;

(2) the Secretary determines, and states in the report, that no action should be taken on that recommendation; or

(3) the report, if any, required to be submitted in 2008 is submitted.

(c) FAILURE TO REPORT.—If the Board has not received a report required to be submitted under subsection (a) or (b) within 30 days after the date on which that report is required to be submitted, the Board shall notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

AUTHORITY FOR COMMITTEES TO MEET

COMMITTEE ON ENERGY AND NATURAL RESOURCES

Mr. CRAIG. Mr. President, I ask unanimous consent that the Committee on Energy and Natural Resources be authorized to meet during the session of the Senate on Friday, November 21 at 9:30 a.m.

The purpose of the oversight hearings is to receive testimony on the implementation of the Energy Employees Occupational Illness Compensation Program.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON FINANCE

Mr. CRAIG. Mr. President, I ask unanimous consent that the Committee on Finance be authorized to meet in open Executive Session during the session on Friday, November 21, 2003; to consider nomination of Arnold I. Havens, to be General Counsel for the Department of the Treasury.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON FOREIGN RELATIONS

Mr. CRAIG. Mr. President, I ask unanimous consent that the Committee on Foreign Relations be authorized to meet during the session of the Senate on Friday, November 21, 2003 at 9 a.m. to hold a hearing on Nominations.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON GOVERNMENTAL AFFAIRS

Mr. CRAIG. Mr. President, I ask unanimous consent that the Committee on Governmental Affairs be authorized to meet on Friday, November 21, 2003 at a time and location to be determined to hold a business meeting to consider the nominations of James M. Loy to be Deputy Secretary of Homeland Security, Department of Homeland Security; and Scott J. Bloch to be Special Counsel, Office of Special Counsel.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON HEALTH, EDUCATION, LABOR, AND PENSIONS

Mr. CRAIG. Mr. President, I ask unanimous consent that the Committee on Health, Education, Labor, and Pensions be authorized to meet for a hearing on The Nomination of Steven J. Law, of the District of Columbia, to be Deputy Secretary of Labor during

the session of the Senate on Friday, November 21, 2003 at 10 a.m. in SD–430.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON VETERANS' AFFAIRS

Mr. CRAIG. Mr. President, I ask unanimous consent that the Committee on Veterans' Affairs be authorized to meet during the session of the Senate on November 21, 2003, for a markup on the nominations of Gordon H. Mansfield to be Deputy Secretary of Veterans Affairs, Cynthia R. Church to be Assistant Secretary of Veterans Affairs for Public and Intergovernmental Affairs, Robert N. McFarland to be Assistant Secretary of Veterans Affairs for Information and Technology, Lawrence B. Hagel to be Judge, U.S. Court of Appeals for Veterans Claims, and Alan G. Lance, Sr. to be Judge, U.S. Court of Appeals for Veterans Claims.

The meeting will take place in the Senate Reception Room in the Capitol after the first rollcall vote of the day.

The PRESIDING OFFICER. Without objection, it is so ordered.

PRIVILEGE OF THE FLOOR

Mr. GRAHAM. Mr. President, I ask unanimous consent that Mr. Chad Littleton, a Congressional Fellow in my office, be granted the privilege of the floor for the remainder of the Senate's consideration of this bill.

The PRESIDING OFFICER. Without objection, it is so ordered.

Ms. LANDRIEU. Mr. President, I ask unanimous consent that Neil Naraine be granted the privileges of the floor for the duration of the debate.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. GRASSLEY. I ask unanimous consent that Christine Evans, of the Finance Committee staff, be afforded the privilege of the floor for the remainder of today's session.

The PRESIDING OFFICER. Without objection, it is so ordered.

FEDERAL RECOGNITION TO CONFEDERATED TRIBES OF GRAND RONDE COMMUNITY OF OREGON MEMORIALIZED

Mr. FRIST. Mr. President, I ask unanimous consent that the Indian Affairs Committee be discharged from further consideration of S. Res. 246 and the Senate proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (S. Res. 246) expressing the sense of the Senate that November 22, 1983, the date of the restoration by the Federal Government of Federal recognition to the Confederated Tribes of the Grand Ronde Community of Oregon, should be memorialized.

There being no objection, the Senate proceeded to consider the resolution.

Mr. FRIST. I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 246) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 246

Whereas the Grand Ronde Restoration Act (25 U.S.C. 713 et seq.), which was signed by the President on November 22, 1983, restored Federal recognition to the Confederated Tribes of the Grand Ronde Community of Oregon;

Whereas the Confederated Tribes of the Grand Ronde Community of Oregon historically inhabited land that extended from the summit of the Cascade Range, west along the shores of the Columbia River to the summit of the Coast Range, and south to the California border;

Whereas in addition to restoring Federal recognition, that Act and other Federal Indian statutes have provided the means for the Confederated Tribes to achieve the goals of cultural restoration, economic self-sufficiency, and the attainment of a standard of living equivalent to that enjoyed by other citizens of the United States;

Whereas by enacting the Grand Ronde Restoration Act (25 U.S.C. 713 et seq.), the Federal Government—

(1) declared that the Confederated Tribes of the Grand Ronde Community of Oregon were eligible for all Federal services and benefits provided to federally recognized tribes;

(2) established a tribal reservation; and

(3) granted the Confederated Tribes of the Grand Ronde Community of Oregon self-government for the betterment of tribal members, including the ability to set tribal rolls;

Whereas the Confederated Tribes of the Grand Ronde Community of Oregon have embraced Federal recognition and self-sufficiency statutes and are actively working to better the lives of tribal members; and

Whereas economic self-sufficiency, which was the goal of restoring Federal recognition for the Confederated Tribes of the Grand Ronde Community of Oregon, is being realized through many projects: Now, therefore, be it

Resolved, That it is the sense of the Senate that November 22, 1983, should be memorialized as the date on which the Federal Government restored Federal recognition to the Confederated Tribes of the Grand Ronde Community of Oregon.

DEFENSE PRODUCTION REAUTHORIZATION ACT OF 2003

Mr. FRIST. I ask unanimous consent that the Chair now lay before the Senate the House message to accompany S. 1680, the Defense Production Reauthorization Act.

The PRESIDING OFFICER laid before the Senate the following message from the House, as follows:

Resolved, That the bill from the Senate (S. 1680) entitled "An Act to reauthorize the Defense Production Act of 1950, and for other purposes", do pass with the following amendment:

Strike out all after the enacting clause and insert:

SECTION 1. SHORT TITLE.

This Act may be cited as the "Defense Production Act Reauthorization of 2003".

SEC. 2. REAUTHORIZATION OF DEFENSE PRODUCTION ACT OF 1950.

(a) IN GENERAL.—The 1st sentence of section 717(a) of the Defense Production Act of 1950 (50 U.S.C. App. 2166(a)) is amended—

(1) by striking "sections 708" and inserting "sections 707, 708,"; and

(2) by striking "September 30, 2003" and inserting "September 30, 2008".

(b) AUTHORIZATION OF APPROPRIATIONS.—Section 711(b) of the Defense Production Act of 1950 (50 U.S.C. App. 2161(b)) is amended by striking "through 2003" and inserting "through 2008".

SEC. 3. RESOURCE SHORTFALL FOR RADIATION-HARDENED ELECTRONICS.

(a) IN GENERAL.—Notwithstanding the limitation contained in section 303(a)(6)(C) of the Defense Production Act of 1950 (50 U.S.C. App. 2093(a)(6)(C)), the President may take actions under section 303 of the Defense Production Act of 1950 to correct the industrial resource shortfall for radiation-hardened electronics, to the extent that such Presidential actions do not cause the aggregate outstanding amount of all such actions to exceed $200,000,000.

(b) REPORT BY THE SECRETARY.—Before the end of the 6-month period beginning on the date of the enactment of this Act, the Secretary of Defense shall submit a report to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives describing—

(1) the current state of the domestic industrial base for radiation-hardened electronics;

(2) the projected requirements of the Department of Defense for radiation-hardened electronics;

(3) the intentions of the Department of Defense for the industrial base for radiation-hardened electronics; and

(4) the plans of the Department of Defense for use of providers of radiation-hardened electronics beyond the providers with which the Department had entered into contractual arrangements under the authority of the Defense Production Act of 1950, as of the date of the enactment of this Act.

SEC. 4. CLARIFICATION OF PRESIDENTIAL AUTHORITY.

Subsection (a) of section 705 of the Defense Production Act of 1950 (50 U.S.C. App. 2155(a)) is amended by inserting after the end of the 1st sentence the following new sentence: "The authority of the President under this section includes the authority to obtain information in order to perform industry studies assessing the capabilities of the United States industrial base to support the national defense.".

SEC. 5. CRITICAL INFRASTRUCTURE PROTECTION AND RESTORATION.

Section 702 of the Defense Production Act of 1950 (50 U.S.C. App. 2152) is amended—

(1) by redesignating paragraphs (3) through (17) as paragraphs (4) through (18), respectively;

(2) by inserting after paragraph (2) the following new paragraph:

"(3) CRITICAL INFRASTRUCTURE.—The term 'critical infrastructure' means any systems and assets, whether physical or cyber-based, so vital to the United States that the degradation or destruction of such systems and assets would have a debilitating impact on national security, including, but not limited to, national economic security and national public health or safety."; and

(3) in paragraph (14) (as so redesignated by paragraph (1) of this section), by inserting "and critical infrastructure protection and restoration" before the period at the end of the last sentence.

SEC. 6. REPORT ON CONTRACTING WITH MINORITY- AND WOMEN-OWNED BUSINESSES.

(a) REPORT REQUIRED.—Before the end of the 1-year period beginning on the date of the enactment of this Act, the Secretary of Defense shall submit a report to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives on the extent to which contracts entered into during the fiscal year ending before the end of such 1-year period under the Defense Production Act of 1950 have been contracts with minority- and women-owned businesses.

(b) CONTENTS OF REPORT.—The report submitted under subsection (a) shall include the following:

(1) The types of goods and services obtained under contracts with minority- and women-owned businesses under the Defense Production Act of 1950 in the fiscal year covered in the report.

(2) The dollar amounts of such contracts.

(3) The ethnicity of the majority owners of such minority- and women-owned businesses.

(4) A description of the types of barriers in the contracting process, such as requirements for security clearances, that limit contracting opportunities for minority- and women-owned businesses, together with such recommendations for legislative or administrative action as the Secretary of Defense may determine to be appropriate for increasing opportunities for contracting with minority- and women-owned businesses and removing barriers to such increased participation.

(c) DEFINITIONS.—For purposes of this section, the terms ''women-owned business'' and ''minority-owned business'' have the meanings given such terms in section 21A(r) of the Federal Home Loan Bank Act, and the term ''minority'' has the meaning given such term in section 1204(c)(3) of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989.

SEC. 7. REPORT ON IMPACT OF OFFSETS ON DOMESTIC CONTRACTORS AND HIGHER-TIER SUBCONTRACTORS.

(a) ASSESSMENT OF IMPACT REQUIRED.—In addition to the information required to be included in the annual report under section 309 of the Defense Production Act of 1950, the Secretary of Commerce shall assess the net impact, in the defense trade, of foreign sales and related foreign contracts that have been awarded through offsets, industrial participation agreements, or similar arrangements on domestic prime contractors and at least the first 3 tiers of domestic subcontractors during the 5-year period beginning on January 1, 1998.

(b) REPORT.—Before the end of the 1-year period beginning on the date of the enactment of this Act, the Secretary of Commerce shall submit a report to the Congress containing findings and the conclusions of the Secretary with regard to the assessment made pursuant to subsection (a).

(c) COPIES OF REPORT.—Copies of the report prepared pursuant to subsection (b) shall also be transmitted to the United States Trade Representative and the interagency team established pursuant to section 123(c) of the Defense Production Act Amendments of 1992.

Mr. FRIST. I ask unanimous consent that the Senate concur with the House amendment with an amendment, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 2209) was agreed to, as follows:

(Purpose: To modify the reporting requirements of the Secretary of Commerce and for other purposes)

On page 6, strike line 1 and all that follows through page 7, line 2, and insert the following:

SEC. 7. REPORT ON IMPACT OF OFFSETS ON DOMESTIC CONTRACTORS AND LOWER TIER SUBCONTRACTORS.

(a) EXAMINATION OF IMPACT REQUIRED.—

(1) IN GENERAL.—As part of the annual report required under section 309(a) of the Defense Production Act of 1950 (50 U.S.C. App. 2099(a)), the Secretary of Commerce (in this section referred to as the ''Secretary'') shall—

(A) detail the number of foreign contracts involving domestic contractors that use offsets, industrial participation agreements, or similar arrangements during the preceding 5-year period;

(B) calculate the aggregate, median, and mean values of the contracts and the offsets, industrial participation agreements, and similar arrangements during the preceding 5-year period; and

(C) describe the impact of international or foreign sales of United States defense products and related offsets, industrial participation agreements, and similar arrangements on domestic prime contractors and, to the extent practicable, the first 3 tiers of domestic contractors and subcontractors during the preceding 5-year period in terms of domestic employment, including any job losses, on an annual basis.

(2) USE OF INTERNAL DOCUMENTS.—To the extent that the Department of Commerce is already in possession of relevant data, the Department shall use internal documents or existing departmental records to carry out paragraph (1).

(3) INFORMATION FROM NON-FEDERAL ENTITIES.—

(A) EXISTING INFORMATION.—In carrying out paragraph (1), the Secretary shall only require a non-Federal entity to provide information that is available through the existing data collection and reporting systems of that non-Federal entity.

(B) FORMAT.—The Secretary may require a non-Federal entity to provide information to the Secretary in the same form that is already provided to a foreign government in fulfilling an offset arrangement, industrial participation agreement, or similar arrangement.

(b) REPORT.—

(1) IN GENERAL.—Before the end of the 8-month period beginning on the date of enactment of this Act, the Secretary shall submit to Congress a report containing the findings and conclusions of the Secretary with regard to the examination made pursuant to subsection (a).

(2) COPIES OF REPORT.—The Secretary shall also transmit copies of the report prepared under paragraph (1) to the United States Trade Representative and the interagency team established pursuant to section 123(c) of the Defense Production Act Amendments of 1992 (50 U.S.C. App. 2099 note).

(c) RESPONSIBILITIES REGARDING CONSULTATION WITH FOREIGN NATIONS.—Section 123(c) of the Defense Production Act Amendments of 1992 (50 U.S.C. App. 2099 note) is amended to read as follows:

''(c) NEGOTIATIONS.—

''(1) INTERAGENCY TEAM.—

''(A) IN GENERAL.—It is the policy of Congress that the President shall designate a chairman of an interagency team comprised of the Secretary of Commerce, Secretary of Defense, United States Trade Representative, Secretary of Labor, and Secretary of State to consult with foreign nations on limiting the adverse effects of offsets in defense procurement without damaging the economy or the defense industrial base of the United States or United States defense production or defense preparedness.

''(B) MEETINGS.—The President shall direct the interagency team to meet on a quarterly basis.

''(C) REPORTS.—The President shall direct the interagency team to submit to Congress an annual report, to be included as part of the report required under section 309(a) of the Defense Production Act of 1950 (50 U.S.C. App. 2099(a)), that describes the results of the consultations of the interagency team under subparagraph (A) and the meetings of the interagency team under subparagraph (B).

''(2) RECOMMENDATIONS FOR MODIFICATIONS.—The interagency team shall submit to the President any recommendations for modifications of any existing or proposed memorandum of understanding between officials acting on behalf of the United States and 1 or more foreign countries (or any instrumentality of a foreign country) relating to—

''(A) research, development, or production of defense equipment; or

''(B) the reciprocal procurement of defense items.''.

MENTAL HEALTH PARITY REAUTHORIZATION ACT OF 2003

Mr. FRIST. I ask unanimous consent that the Senate proceed to the immediate consideration of S. 1929, which was introduced earlier today.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

A bill (S. 1929) to amend the Employee Retirement Income Security Act of 1974 and the Public Health Service Act to extend the mental health benefits parity provisions, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. FRIST. I ask unanimous consent that the bill be read a third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (S. 1929) was read the third time and passed, as follows:

S. 1929

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Mental Health Parity Reauthorization Act of 2003''.

SEC. 2. EXTENSION OF MENTAL HEALTH PROVISIONS.

(a) ERISA.—Section 712(f) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1185a(f)) is amended by striking ''December 31, 2003'' and inserting ''December 31, 2004''.

(b) PHSA.—Section 2705(f) of the Public Health Service Act (42 U.S.C. 300gg–5(f)) is amended by striking ''December 31, 2003'' and inserting ''December 31, 2004''.

VETERANS' COMPENSATION COST-OF-LIVING ADJUSTMENT ACT OF 2003

Mr. FRIST. I ask unanimous consent that the Veterans Affairs Committee be discharged from further consideration of H.R. 1683 and the Senate proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 1683) to increase, effective as of December 1, 2003, the rates of disability compensation for veterans with service-connected disabilities and the rates of dependency and indemnity compensation for survivors of certain service-connected disabled veterans, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. FRIST. I ask unanimous consent that the bill be read a third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 1683) was read the third time and passed.

SERVICEMEMBERS CIVIL RELIEF ACT

Mr. FRIST. I ask unanimous consent the Senate now proceed to the immediate consideration of Calendar No. 393, S. 1136.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1136) to restate, clarify, and revise the Soldiers' and Sailors' Civil Relief Act of 1940.

There being no objection, the Senate proceeded to consider the bill which had been reported from the Committee on Veterans' Affairs, with an amendment to strike all after the enacting clause and insert in lieu thereof the following:

[Strike the part shown in black brackets and insert the part shown in italic.]

S. 1136

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

[SECTION 1. RESTATEMENT OF ACT.

[The Soldiers' and Sailors' Civil Relief Act of 1940 (50 U.S.C. App. 501 et seq.) is amended to read as follows:

[''SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

[''(a) SHORT TITLE.—This Act may be cited as the 'Servicemembers Civil Relief Act'.

[''SEC. 2. PURPOSES.

[''The purposes of this Act are—

[''(1) to provide for, strengthen, and expedite the national defense through protection extended by this Act to servicemembers of the United States to enable such persons to devote their entire energy to the defense needs of the Nation; and

[''(2) to provide for the temporary suspension of judicial and administrative proceedings and transactions that may adversely affect the civil rights of servicemembers during their military service.

[''TITLE I—GENERAL PROVISIONS

[''SEC. 101. DEFINITIONS.

[''For the purposes of this Act:

[''(1) SERVICEMEMBER.—The term 'servicemember' means a member of the uniformed services, as that term is defined in section 101(a)(5) of title 10, United States Code.

[''(2) MILITARY SERVICE.—

[''(A) With respect to a member of the Army, Navy, Air Force, Marine Corps, or Coast Guard, the term 'military service' means active duty, as that term is defined in section 101(d)(1) of title 10, United States Code.

[''(B) Active service of commissioned officers of the Public Health Service or National Oceanic and Atmospheric Administration shall be deemed to be 'military service' for the purposes of this Act.

[''(C) Service of a member of the National Guard under a call to active service authorized by the President or the Secretary of Defense for a period of more than 30 consecutive days under section 502(f) of title 32, United States Code, for purposes of responding to a national emergency declared by the President and supported by Federal funds shall be deemed to be 'military service' for the purposes of this Act.

[''(3) PERIOD OF MILITARY SERVICE.—The term 'period of military service' means the period beginning on the date on which a servicemember enters military service and ending on the date on which the servicemember is released from military service or dies while in military service.

[''(4) DEPENDENT.—The term 'dependent', with respect to a servicemember, means—

[''(A) the servicemember's spouse;

[''(B) the servicemember's child (as defined in section 101(4) of title 38, United States Code); or

[''(C) an individual for whom the servicemember provided more than one-half of the individual's support for 180 days immediately preceding an application for relief under this Act.

[''(5) COURT.—The term 'court' means a court or an administrative agency of the United States or of any State (including any political subdivision of a State), whether or not a court or administrative agency of record.

[''(6) STATE.—The term 'State' includes—

[''(A) a commonwealth, territory, or possession of the United States; and

[''(B) the District of Columbia.

[''(7) SECRETARY CONCERNED.—The term 'Secretary concerned'—

[''(A) with respect to a member of the armed forces, has the meaning given that

term in section 101(a)(9) of title 10, United States Code;

[''(B) with respect to a commissioned officer of the Public Health Service, means the Secretary of Health and Human Services; and

[''(C) with respect to a commissioned officer of the National Oceanic and Atmospheric Administration, means the Secretary of Commerce.

[''(8) MOTOR VEHICLE.—The term 'motor vehicle' has the meaning given that term in section 30102(a)(6) of title 49, United States Code.

["SEC. 102. JURISDICTION AND APPLICABILITY OF ACT.

[''(a) JURISDICTION.—This Act applies to—

[''(1) the United States;

[''(2) each of the States, including the political subdivisions thereof; and

[''(3) all territory subject to the jurisdiction of the United States.

[''(b) APPLICABILITY TO PROCEEDINGS.—This Act applies to any judicial or administrative proceeding commenced in any court or agency in any jurisdiction subject to this Act. This Act does not apply to criminal proceedings.

[''(c) COURT IN WHICH APPLICATION MAY BE MADE.—When under this Act any application is required to be made to a court in which no proceeding has already been commenced with respect to the matter, such application may be made to any court which would otherwise have jurisdiction over the matter.

["SEC. 103. PROTECTION OF PERSONS SECONDARILY LIABLE.

[''(a) EXTENSION OF PROTECTION WHEN ACTIONS STAYED, POSTPONED, OR SUSPENDED.—Whenever pursuant to this Act a court stays, postpones, or suspends (1) the enforcement of an obligation or liability, (2) the prosecution of a suit or proceeding, (3) the entry or enforcement of an order, writ, judgment, or decree, or (4) the performance of any other act, the court may likewise grant such a stay, postponement, or suspension to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily subject to the obligation or liability the performance or enforcement of which is stayed, postponed, or suspended.

[''(b) VACATION OR SET-ASIDE OF JUDGMENTS.—When a judgment or decree is vacated or set aside, in whole or in part, pursuant to this Act, the court may also set aside or vacate, as the case may be, the judgment or decree as to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily liable on the contract or liability for the enforcement of the judgment or decree.

[''(c) BAIL BOND NOT TO BE ENFORCED DURING PERIOD OF MILITARY SERVICE.—A court may not enforce a bail bond during the period of military service of the principal on the bond when military service prevents the surety from obtaining the attendance of the principal. The court may discharge the surety and exonerate the bail, in accordance with principles of equity and justice, during or after the period of military service of the principal.

[''(d) WAIVER OF RIGHTS.—

[''(1) WAIVERS NOT PRECLUDED.—This Act does not prevent a waiver in writing by a surety, guarantor, endorser, accommodation maker, comaker, or other person (whether primarily or secondarily liable on an obligation or liability) of the protections provided under subsections (a) and (b). Any such waiver is effective only if it is executed as an instrument separate from the obligation or liability with respect to which it applies.

[''(2) WAIVER INVALIDATED UPON ENTRANCE TO MILITARY SERVICE.—If a waiver under paragraph (1) is executed by an individual who after the execution of the waiver enters military service, or by a dependent of an individual who after the execution of the waiver enters military service, the waiver is not valid after the beginning of the period of such military service unless the waiver was executed by such individual or dependent during the period specified in section 106.

["SEC. 104. EXTENSION OF PROTECTIONS TO CITIZENS SERVING WITH ALLIED FORCES.

[''A citizen of the United States who is serving with the forces of a nation with which the United States is allied in the prosecution of a war or military action is entitled to the relief and protections provided under this Act if that service with the allied force is similar to military service as defined in this Act. The relief and protections provided to such citizen shall terminate on the date of discharge or release from such service.

["SEC. 105. NOTIFICATION OF BENEFITS.

[''The Secretary concerned shall ensure that notice of the benefits accorded by this Act is provided to persons in military service and to persons entering military service.

["SEC. 106. EXTENSION OF RIGHTS AND PROTECTIONS TO RESERVES ORDERED TO REPORT FOR MILITARY SERVICE AND TO PERSONS ORDERED TO REPORT FOR INDUCTION.

[''(a) RESERVES ORDERED TO REPORT FOR MILITARY SERVICE.—A member of a reserve component who is ordered to report for military service is entitled to the rights and protections of this title and titles II and III during the period beginning on the date of the member's receipt of the order and ending on the date on which the member reports for military service (or, if the order is revoked before the member so reports, or the date on which the order is revoked).

[''(b) PERSONS ORDERED TO REPORT FOR INDUCTION.—A person who has been ordered to report for induction under the Military Selective Service Act (50 U.S.C. App. 451 et seq.) is entitled to the rights and protections provided a servicemember under this title and titles II and III during the period beginning on the date of receipt of the order for induction and ending on the date on which the person reports for induction, on the date on which the order is revoked).

["SEC. 107. WAIVER OF RIGHTS PURSUANT TO WRITTEN AGREEMENT.

[''(a) IN GENERAL.—A servicemember may waive any of the rights and protections provided by this Act. In the case of a waiver that permits an action described in subsection (b), the waiver is effective only if made pursuant to a written agreement of the parties that is executed during or after the servicemember's period of military service. The written agreement shall specify the legal instrument to which the waiver applies and, if the servicemember is not a party to that instrument, the servicemember concerned.

[''(b) ACTIONS REQUIRING WAIVERS IN WRITING.—The requirement in subsection (a) for a written waiver applies to the following:

[''(1) The modification, termination, or cancellation of—

[''(A) a contract, lease, or bailment; or

[''(B) an obligation secured by a mortgage, trust, deed, lien, or other security in the nature of a mortgage.

[''(2) The repossession, retention, foreclosure, sale, forfeiture, or taking possession of property that—

[''(A) is security for any obligation; or

[''(B) was purchased or received under a contract, lease, or bailment.

[''(c) COVERAGE OF PERIODS AFTER ORDERS RECEIVED.—For the purposes of this section—

[''(1) a person to whom section 106 applies shall be considered to be a servicemember; and

[''(2) the period with respect to such a person specified in subsection (a) or (b), as the case may be, of section 106 shall be considered to be a period of military service.

["SEC. 108. EXERCISE OF RIGHTS UNDER ACT NOT TO AFFECT CERTAIN FUTURE FINANCIAL TRANSACTIONS.

[''Application by a servicemember for, or receipt by a servicemember of, a stay, postponement, or suspension pursuant to this Act in the payment of a tax, fine, penalty, insurance premium, or other civil obligation or liability of that servicemember shall not itself (without regard to other considerations) provide the basis for any of the following:

[''(1) A determination by a lender or other person that the servicemember is unable to pay the civil obligation or liability in accordance with its terms.

[''(2) With respect to a credit transaction between a creditor and the servicemember—

[''(A) a denial or revocation of credit by the creditor;

[''(B) a change by the creditor in the terms of an existing credit arrangement; or

[''(C) a refusal by the creditor to grant credit to the servicemember in substantially the amount or on substantially the terms requested.

[''(3) An adverse report relating to the creditworthiness of the servicemember by or to a person engaged in the practice of assembling or evaluating consumer credit information.

[''(4) A refusal by an insurer to insure the servicemember.

[''(5) An annotation in a servicemember's record by a creditor or a person engaged in the practice of assembling or evaluating consumer credit information, identifying the servicemember as a member of the National Guard or a reserve component.

[''(6) A change in the terms offered or conditions required for the issuance of insurance.

["SEC. 109. LEGAL REPRESENTATIVES.

[''(a) REPRESENTATIVE.—A legal representative of a servicemember for purposes of this Act is either of the following:

[''(1) An attorney acting on the behalf of a servicemember.

[''(2) An individual possessing a power of attorney.

[''(b) APPLICATION.—Whenever the term 'servicemember' is used in this Act, such term shall be treated as including a reference to a legal representative of the servicemember.

["TITLE II—GENERAL RELIEF

["SEC. 201. PROTECTION OF SERVICEMEMBERS AGAINST DEFAULT JUDGMENTS.

[''(a) APPLICABILITY OF SECTION.—This section applies to any civil action or proceeding in which the defendant does not make an appearance.

[''(b) AFFIDAVIT REQUIREMENT.—

[''(1) PLAINTIFF TO FILE AFFIDAVIT.—In any action or proceeding covered by this section, the court, before entering judgment for the plaintiff, shall require the plaintiff to file with the court an affidavit—

[''(A) stating whether or not the defendant is in military service and showing necessary facts to support the affidavit; or

[''(B) if the plaintiff is unable to determine whether or not the defendant is in military service, stating that the plaintiff is unable to determine whether or not the defendant is in military service.

[''(2) APPOINTMENT OF ATTORNEY TO REPRESENT DEFENDANT IN MILITARY SERVICE.—If in an action covered by this section it appears that the defendant is in military service, the court may not enter a judgment until after the court appoints an attorney to represent the defendant. If an attorney appointed under this section to represent a servicemember cannot locate the servicemember, actions by the attorney in the case shall not waive any defense of the servicemember or otherwise bind the servicemember.

[''(3) DEFENDANT'S MILITARY STATUS NOT ASCERTAINED BY AFFIDAVIT.—If based upon the affidavits filed in such an action, the court is unable to determine whether the defendant is in military service, the court, before entering judgment, may require the plaintiff to file a bond in an amount approved by the court. If the defendant is later found to be in military service, the bond shall be available to indemnify the defendant against any loss or damage the defendant may suffer by reason of any judgment for the plaintiff against the defendant, should the judgment be set aside in whole or in part. The bond shall remain in effect until expiration of the time for appeal and setting aside of a judgment under applicable Federal or State law or regulation or under any applicable ordinance of a political subdivision of a State. The court may issue such orders or enter such judgments as the court determines necessary to protect the rights of the defendant under this Act.

[''(4) SATISFACTION OF REQUIREMENT FOR AFFIDAVIT.—The requirement for an affidavit under paragraph (1) may be satisfied by a statement, declaration, verification, or certificate, in writing, subscribed and certified or declared to be true under penalty of perjury.

[''(c) PENALTY FOR MAKING OR USING FALSE AFFIDAVIT.—A person who makes or uses an affidavit permitted under subsection (b) (or a statement, declaration, verification, or certificate as authorized under subsection (b)(4)) knowing it to be false, shall be fined as provided in title 18, United States Code, imprisoned for not more than one year, or both.

[''(d) STAY OF PROCEEDINGS.—In an action covered by this section in which the defendant is in military service, the court shall grant a stay of proceedings for a minimum period of 90 days under this subsection upon application of counsel, or on the court's own motion, if the court determines that—

[''(1) there may be a defense to the action and a defense cannot be presented without the presence of the defendant; or

[''(2) after due diligence, counsel has been unable to contact the defendant or otherwise determine if a meritorious defense exists.

[''(e) INAPPLICABILITY OF SECTION 202 PROCEDURES.—A stay of proceedings under subsection (d) shall not be controlled by procedures or requirements under section 202.

[''(f) SECTION 202 PROTECTION.—If a servicemember who is a defendant in an action covered by this section receives actual notice of the action, the servicemember may request a stay of proceeding under section 202.

[''(g) VACATION OR SETTING ASIDE OF DEFAULT JUDGMENTS.—

[''(1) AUTHORITY FOR COURT TO VACATE OR SET ASIDE JUDGMENT.—If a default judgment is entered in an action covered by this section against a servicemember during the servicemember's period of military service (or within 60 days after termination of or release from such military service), the court entering the judgment shall, upon application by or on behalf of the servicemember, reopen the judgment for the purpose of allowing the servicemember to defend the action if it appears that—

[''(A) the servicemember was materially affected by reason of that military service in making a defense to the action; and

[''(B) the servicemember has a meritorious or legal defense to the action or some part of it.

[''(2) TIME FOR FILING APPLICATION.—An application under this subsection must be filed not later than 90 days after the date of the termination of or release from military service.

[''(h) PROTECTION OF BONA FIDE PURCHASER.—If a court vacates, sets aside, or reverses a default judgment against a servicemember and the vacating, setting aside, or reversing is because of a provision of this Act, that action shall not impair a right or title acquired by a bona fide purchaser for value under the default judgment.

[''SEC. 202. STAY OF PROCEEDINGS WHEN SERVICEMEMBER DEFENDANT HAS NOTICE.

[''(a) APPLICABILITY OF SECTION.—This section applies to any civil action or proceeding in which the defendant at the time of filing an application under this section—

[''(1) is in military service or is within 90 days after termination of or release from military service; and

[''(2) has received notice of the action or proceeding.

[''(b) AUTOMATIC STAY.—

[''(1) AUTHORITY FOR STAY.—At any stage before final judgment in a civil action or proceeding in which a servicemember described in subsection (a) is a party, the court may on its own motion and shall, upon application by the servicemember, stay the action for a period of not less than 90 days, if the conditions in paragraph (2) are met.

[''(2) CONDITIONS FOR STAY.—An application for a stay under paragraph (1) shall include the following:

[''(A) A letter or other communication setting forth facts stating the manner in which current military duty requirements materially affect the servicemember's ability to appear and stating a date when the servicemember will be available to appear.

[''(B) A letter or other communication from the servicemember's commanding officer stating that the servicemember's current military duty prevents appearance and that military leave is not authorized for the servicemember at the time of the letter.

[''(c) APPLICATION NOT A WAIVER OF DEFENSES.—An application for a stay by a servicemember or a servicemember's representative under this section does not constitute an appearance for jurisdictional purposes and does not constitute a waiver of any substantive or procedural defense (including a defense relating to lack of personal jurisdiction).

[''(d) ADDITIONAL STAY.—

[''(1) APPLICATION.—A servicemember who is granted a stay of a civil action or proceeding under subsection (b) may apply for an additional stay based on continuing material affect of military duty on the servicemember's ability to appear. Such an application may be made by the servicemember at the time of the initial application under subsection (b) or when it appears that the servicemember is unavailable to prosecute or defend the action. The same information required under subsection (b)(2) shall be included in an application under this subsection.

[''(2) APPOINTMENT OF COUNSEL WHEN ADDITIONAL STAY REFUSED.—If the court refuses to grant an additional stay of proceedings under paragraph (1), the court shall appoint counsel to represent the servicemember in the action or proceeding.

[''(e) COORDINATION WITH SECTION 201.—A servicemember who applies for a stay under this section and is unsuccessful may not seek the protections afforded by section 201.

[''(f) INAPPLICABILITY TO SECTION 301.—The protections of this section do not apply to section 301.

[''SEC. 203. FINES AND PENALTIES UNDER CONTRACTS.

[''(a) PROHIBITION OF PENALTIES.—When an action for compliance with the terms of a contract is stayed pursuant to this Act, a penalty shall not accrue for failure to comply with the terms of the contract during the period of the stay.

[''(b) REDUCTION OR WAIVER OF FINES OR PENALTIES.—If a servicemember fails to perform an obligation arising under a contract and a penalty is incurred arising from that nonperformance, a court may reduce or waive the fine or penalty if—

[''(1) the servicemember was in military service at the time the fine or penalty was incurred; and

[''(2) the ability of the servicemember to perform the obligation was materially affected by such military service.

[''SEC. 204. STAY OR VACATION OF EXECUTION OF JUDGMENTS, ATTACHMENTS, AND GARNISHMENTS.

[''(a) COURT ACTION UPON MATERIAL AFFECT DETERMINATION.—If a servicemember, in the opinion of the court, is materially affected by reason of military service in complying with a court judgment or order, the court may on its own motion and shall on application by the servicemember—

[''(1) stay the execution of such judgment or order entered against the servicemember; and

[''(2) vacate or stay an attachment or garnishment of property, money, or debts in the possession of the servicemember or a third party, whether before or after such judgment.

[''(b) APPLICABILITY.—This section applies to an action or proceeding commenced in a court against a servicemember before or during the period of the servicemember's military service or within 60 days after such service terminates.

[''SEC. 205. DURATION AND TERM OF STAYS; CODEFENDANTS NOT IN SERVICE.

[''(a) PERIOD OF STAY.—A stay of an action, proceeding, attachment, or execution made pursuant to the provisions of this Act by a court may be ordered for the period of military service and 90 days thereafter, or for any part of that period. The court may set the terms and amounts for such installment payments as is considered reasonable by the court.

[''(b) CODEFENDANTS.—If the servicemember is a codefendant with others who are not in military service and who are not entitled to the relief and protections provided under this Act, the plaintiff may proceed against those other defendants with the approval of the court.

[''(c) INAPPLICABILITY OF SECTION.—This section does not apply to sections 202 and 701.

[''SEC. 206. STATUTE OF LIMITATIONS.

[''(a) TOLLING OF STATUTES OF LIMITATION DURING MILITARY SERVICE.—The period of a

servicemember's military service may not be included in computing any period limited by law, regulation, or order for the bringing of any action or proceeding in a court, or in any board, bureau, commission, department, or other agency of a State (or political subdivision of a State) or the United States by or against the servicemember or the servicemember's heirs, executors, administrators, or assigns.

[''(b) REDEMPTION OF REAL PROPERTY.—A period of military service may not be included in computing any period provided by law for the redemption of real property sold or forfeited to enforce an obligation, tax, or assessment.

[''(c) INAPPLICABILITY TO INTERNAL REVENUE LAWS.—This section does not apply to any period of limitation prescribed by or under the internal revenue laws of the United States.

[''SEC. 207. MAXIMUM RATE OF INTEREST ON DEBTS INCURRED BEFORE MILITARY SERVICE.

[''(a) INTEREST RATE LIMITATION.—

[''(1) 6-PERCENT LIMIT.—An obligation or liability bearing interest at a rate in excess of 6 percent per year that is incurred by a servicemember, or the servicemember and the servicemember's spouse jointly, before the servicemember enters military service shall not bear interest at a rate in excess of 6 percent per year during the period of military service.

[''(2) APPLICABILITY TO STUDENT LOANS.—Notwithstanding section 428(d) of the Higher Education Act of 1965 (20 U.S.C. 1078(d)), paragraph (1) applies with respect to an obligation or liability of a servicemember, or the servicemember and the servicemember's spouse jointly, entered into under the Higher Education Act of 1965 (20 U.S.C. 1001 et seq.)

[''(3) FORGIVENESS OF INTEREST IN EXCESS OF 6 PERCENT.—Interest at a rate in excess of 6 percent per year that would otherwise be incurred but for the prohibition in paragraph (1) is forgiven.

[''(4) PREVENTION OF ACCELERATION OF PRINCIPAL.—The amount of any periodic payment due from a servicemember under the terms of the instrument that created an obligation or liability covered by this section shall be reduced by the amount of the interest forgiven under paragraph (3) that is allocable to the period for which such payment is made.

[''(b) IMPLEMENTATION OF LIMITATION.—

[''(1) WRITTEN NOTICE TO CREDITOR.—In order for an obligation or liability of a servicemember to be subject to the interest rate limitation in subsection (a), the servicemember shall provide to the creditor written notice and a copy of the military orders calling the servicemember to military service and any orders further extending military service, not later than 180 days after the date of the servicemember's termination or release from military service.

[''(2) LIMITATION EFFECTIVE AS OF DATE OF ORDER TO ACTIVE DUTY.—Upon receipt of written notice and a copy of orders calling a servicemember to military service, the creditor shall treat the debt in accordance with subsection (a), effective as of the date on which the servicemember is called to military service.

[''(c) CREDITOR PROTECTION.—A court may grant a creditor relief from the limitations of this section if, in the opinion of the court, the ability of the servicemember to pay interest upon the obligation or liability at a rate in excess of 6 percent per year is not materially affected by reason of the servicemember's military service.

[''(d) INTEREST DEFINED.—As used in this section, the term 'interest' means simple interest plus service charges, renewal charges, fees, or any other charges (except bona fide insurance) with respect to an obligation or liability.

[''TITLE III—RENT, INSTALLMENT CONTRACTS, MORTGAGES, LIENS, ASSIGNMENT, LEASES

[''SEC. 301. EVICTIONS AND DISTRESS.

[''(a) COURT-ORDERED EVICTION.—Except by court order, a landlord (or another person with paramount title) may not—

[''(1) evict a servicemember, or the dependents of a servicemember, during a period of military service of the servicemember, from premises—

[''(A) that are occupied or intended to be occupied primarily as a residence; and

[''(B) for which the monthly rent does not exceed the greater of—

[''(i) $1,950; or

[''(ii) the monthly basic allowance for housing to which the servicemember is entitled under section 403 of title 37, United States Code; or

[''(2) subject such premises to a distress during the period of military service.

[''(b) STAY OF EXECUTION.—

[''(1) COURT AUTHORITY.—Upon an application for eviction or distress with respect to premises covered by this section, the court may on its own motion and shall, if a request is made by or on behalf of a servicemember whose ability to pay the agreed rent is materially affected by military service—

[''(A) stay the proceedings for a period of 90 days, unless in the opinion of the court, justice and equity require a longer or shorter period of time; or

[''(B) adjust the obligation under the lease to preserve the interests of all parties.

[''(2) RELIEF TO LANDLORD.—If a stay is granted under paragraph (1), the court may grant to the landlord (or other person with paramount title) such relief as equity may require.

[''(c) PENALTIES.—

[''(1) MISDEMEANOR.—Except as provided in subsection (a), a person who knowingly takes part in an eviction or distress described in subsection (a), or who knowingly attempts to do so, shall be fined as provided in title 18, United States Code, imprisoned for not more than one year, or both.

[''(2) PRESERVATION OF OTHER REMEDIES AND RIGHTS.—The remedies and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion (or wrongful eviction) otherwise available under the law to the person claiming relief under this section, including any award for consequential and punitive damages.

[''(d) RENT ALLOTMENT FROM PAY OF SERVICEMEMBER.—To the extent required by a court order related to property which is the subject of a court action under this section, the Secretary concerned shall make an allotment from the pay of a servicemember to satisfy the terms of such order, except that any such allotment shall be subject to regulations prescribed by the Secretary concerned establishing the maximum amount of pay of servicemembers that may be allotted under this subsection.

[''(e) LIMITATION OF APPLICABILITY.—Section 202 is not applicable to this section.

[''SEC. 302. PROTECTION UNDER INSTALLMENT CONTRACTS FOR PURCHASE OR LEASE.

[''(a) PROTECTION UPON BREACH OF CONTRACT.—

[''(1) PROTECTION AFTER ENTERING MILITARY SERVICE.—After a servicemember enters military service, a contract by the servicemember for—

[''(A) the purchase of real or personal property (including a motor vehicle); or

[''(B) the lease or bailment of such property,

may not be rescinded or terminated for a breach of terms of the contract occurring before or during that person's military service, nor may the property be repossessed for such breach without a court order.

[''(2) APPLICABILITY.—This section applies only to a contract for which a deposit or installment has been paid by the servicemember before the servicemember enters military service.

[''(b) PENALTIES.—

[''(1) MISDEMEANOR.—A person who knowingly resumes possession of property in violation of subsection (a), or in violation of section 108, or who knowingly attempts to do so, shall be fined as provided in title 18, United States Code, imprisoned for not more than one year, or both.

[''(2) PRESERVATION OF OTHER REMEDIES AND RIGHTS.—The remedies and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including any award for consequential and punitive damages.

[''(c) AUTHORITY OF COURT.—In a hearing based on this section, the court—

[''(1) may order repayment to the servicemember of all or part of the prior installments or deposits as a condition of terminating the contract and resuming possession of the property;

[''(2) may, on its own motion, and shall on application by a servicemember when the servicemember's ability to comply with the contract is materially affected by military service, stay the proceedings for a period of time as, in the opinion of the court, justice and equity require; or

[''(3) may make other disposition as is equitable to preserve the interests of all parties.

[''SEC. 303. MORTGAGES AND TRUST DEEDS.

[''(a) MORTGAGE AS SECURITY.—This section applies only to an obligation on real or personal property owned by a servicemember that—

[''(1) originated before the period of the servicemember's military service and for which the servicemember is still obligated; and

[''(2) is secured by a mortgage, trust deed, or other security in the nature of a mortgage.

[''(b) STAY OF PROCEEDINGS AND ADJUSTMENT OF OBLIGATION.—In an action filed during, or within 90 days after, a servicemember's period of military service to enforce an obligation described in subsection (a), the court may after a hearing and on its own motion and shall upon application by a servicemember when the servicemember's ability to comply with the obligation is materially affected by military service—

[''(1) stay the proceedings for a period of time as justice and equity require, or

[''(2) adjust the obligation to preserve the interests of all parties.

[''(c) SALE OR FORECLOSURE.—A sale, foreclosure, or seizure of property for a breach of an obligation described in subsection (a) shall not be valid if made during, or within 90 days after, the period of the servicemember's military service except—

[''(1) upon a court order granted before such sale, foreclosure, or seizure with a return made and approved by the court; or

[''(2) if made pursuant to an agreement as provided in section 108.

[''(d) PENALTIES.—

[''(1) MISDEMEANOR.—A person who knowingly makes or causes to be made a sale, foreclosure, or seizure of property that is prohibited by subsection (c), or who knowingly attempts to do so, shall be fined as provided in title 18, United States Code, imprisoned for not more than one year, or both.

[''(2) PRESERVATION OF OTHER REMEDIES.—The remedies and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including consequential and punitive damages.

["SEC. 304. SETTLEMENT OF STAYED CASES RELATING TO PERSONAL PROPERTY.

[''(a) APPRAISAL OF PROPERTY.—When a stay is granted pursuant to this Act in a proceeding to foreclose a mortgage on or to repossess personal property, or to rescind or terminate a contract for the purchase of personal property, the court may appoint three disinterested parties to appraise the property.

[''(b) EQUITY PAYMENT.—Based on the appraisal, and if undue hardship to the servicemember's dependents will not result, the court may order that the amount of the servicemember's equity in the property be paid to the servicemember, or the servicemember's dependents, as a condition of foreclosing the mortgage, repossessing the property, or rescinding or terminating the contract.

["SEC. 305. TERMINATION OF LEASES BY LESSEES.

[''(a) COVERED LEASES OF REAL PROPERTY.—This section applies to the lease of premises occupied, or intended to be occupied, by a servicemember or a servicemember's dependents for a residential, professional, business, agricultural, or similar purpose if—

[''(1) the lease is executed by or on behalf of a person who thereafter and during the term of the lease enters military service; or

[''(2) the servicemember, while in military service, executes a lease and thereafter receives military orders for a permanent change of station or to deploy with a military unit for a period of not less than 90 days.

[''(b) COVERED LEASES OF VEHICLES.—This section applies to the lease of a motor vehicle used, or intended to be used, by a servicemember or a servicemember's dependents if the lease is executed by or on behalf of a person who thereafter and during the term of the lease enters military service.

[''(c) NOTICE TO LESSOR.—

[''(1) DELIVERY OF NOTICE.—A lease described in subsection (a) or (b) is terminated when written notice is delivered by the lessee to the lessor (or the lessor's grantee) or to the lessor's agent (or the agent's grantee).

[''(2) TIME FOR NOTICE.—The written notice may be delivered at any time after the lessee's entry into military service or, in the case of a lease described in subsection (a), the date of the military orders for a permanent change of station or to deploy for a period of not less than 90 days.

[''(3) NATURE OF NOTICE.—Delivery may be accomplished—

[''(A) by hand delivery;

[''(B) by private business carrier; or

[''(C) by placing the written notice in an envelope with sufficient postage and addressed to the lessor (or the lessor's grantee) or to the lessor's agent (or the agent's grantee) and depositing the written notice in the United States mails.

[''(d) EFFECTIVE DATE OF TERMINATION.—

[''(1) LEASE WITH MONTHLY RENT.—Termination of a lease providing for monthly payment of rent shall be effective 30 days after the first date on which the next rental payment is due and payable after the date on which the notice is delivered.

[''(2) OTHER LEASE.—All other leases terminate on the last day of the month following the month in which the notice is delivered.

[''(e) ARREARAGES.—Rents or lease amounts unpaid for the period preceding termination shall be paid on a prorated basis.

[''(f) AMOUNTS PAID IN ADVANCE.—Rents or lease amounts paid in advance for a period succeeding termination shall be refunded to the lessee by the lessor (or the lessor's assignee or the assignee's agent).

[''(g) RELIEF TO LESSOR.—Upon application by the lessor to a court before the termination date provided in the written notice, relief granted by this section to a servicemember may be modified as justice and equity require.

[''(h) PENALTIES.—

[''(1) MISDEMEANOR.—Any person who knowingly seizes, holds, or detains the personal effects, security deposit, or other property of a servicemember or a servicemember's dependent who lawfully terminates a lease covered by this section, or who knowingly interferes with the removal of such property from premises covered by such lease, for the purpose of subjecting or attempting to subject any of such property to a claim for rent or lease payments accruing after the date of termination of such lease, or attempts to do so, shall be fined as provided in title 18, United States Code, imprisoned for not more than one year, or both.

[''(2) PRESERVATION OF OTHER REMEDIES.—The remedy and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including any award for consequential or punitive damages.

["SEC. 306. PROTECTION OF LIFE INSURANCE POLICY.

[''(a) ASSIGNMENT OF POLICY PROTECTED.—If a life insurance policy on the life of a servicemember is assigned before military service to secure the payment of an obligation, the assignee of the policy (except the insurer in connection with a policy loan) may not exercise, during a period of military service of the servicemember or within one year thereafter, any right or option obtained under the assignment without a court order.

[''(b) EXCEPTION.—The prohibition in subsection (a) shall not apply—

[''(1) if the assignee has the written consent of the insured made during the period described in subsection (a);

[''(2) when the premiums on the policy are due and unpaid; or

[''(3) upon the death of the insured.

[''(c) ORDER REFUSED BECAUSE OF MATERIAL AFFECT.—A court which receives an application for an order required under subsection (a) may refuse to grant such order if the court determines the ability of the servicemember to comply with the terms of the obligation is materially affected by military service.

[''(d) TREATMENT OF GUARANTEED PREMIUMS.—For purposes of this subsection, premiums guaranteed under the provisions of title IV shall not be considered due and unpaid.

[''(e) PENALTIES.—

[''(1) MISDEMEANOR.—A person who knowingly takes an action contrary to this section, or attempts to do so, shall be fined as provided in title 18, United States Code, imprisoned for not more than one year, or both.

[''(2) PRESERVATION OF OTHER REMEDIES.—The remedy and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including any consequential or punitive damages.

["SEC. 307. ENFORCEMENT OF STORAGE LIENS.

[''(a) LIENS.—

[''(1) LIMITATION ON FORECLOSURE OR ENFORCEMENT.—A person holding a lien on the property or effects of a servicemember may not, during any period of military service of the servicemember and for 90 days thereafter, foreclose or enforce any lien on such property or effects without a court order granted before foreclosure or enforcement.

[''(2) LIEN DEFINED.—For the purposes of paragraph (1), the term 'lien' includes a lien for storage, repair, or cleaning of the property or effects of a servicemember or a lien on such property or effects for any other reason.

[''(b) STAY OF PROCEEDINGS.—In a proceeding to foreclose or enforce a lien subject to this section, the court may on its own motion, and shall if requested by a servicemember whose ability to comply with the obligation resulting in the proceeding is materially affected by military service—

[''(1) stay the proceeding for a period of time as justice and equity require; or

[''(2) adjust the obligation to preserve the interests of all parties.

The provisions of this subsection do not affect the scope of section 303.

[''(c) PENALTIES.—

[''(1) MISDEMEANOR.—A person who knowingly takes an action contrary to this section, or attempts to do so, shall be fined as provided in title 18, United States Code, imprisoned for not more than one year, or both.

[''(2) PRESERVATION OF OTHER REMEDIES.—The remedy and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including any consequential or punitive damages.

["SEC. 308. EXTENSION OF PROTECTIONS TO DEPENDENTS.

[''Upon application to a court, a dependent of a servicemember is entitled to the protections of this title if the dependent's ability to comply with a lease, contract, bailment, or other obligation is materially affected by reason of the servicemember's military service.

["TITLE IV—INSURANCE

["SEC. 401. DEFINITIONS.

[''For the purposes of this title:

[''(1) POLICY.—The term 'policy' means any contract for whole, endowment, universal, or term life insurance, including any benefit in the nature of such insurance arising out of membership in any fraternal or beneficial association which—

[''(A) provides that the insurer may not—

[''(i) decrease the amount of coverage or increase the amount of premiums if the insured is in military service; or

[''(ii) limit or restrict coverage for any activity required by military service; and

[''(B) is in force not less than 180 days before the date of the insured's entry into military service and at the time of application under this title.

[''(2) PREMIUM.—The term 'premium' means the amount specified in an insurance policy to be paid to keep the policy in force.

[''(3) INSURED.—The term 'insured' means a servicemember whose life is insured under a policy.

[''(4) INSURER.—The term 'insurer' includes any firm, corporation, partnership, association, or business that is chartered or authorized to provide insurance and issue contracts or policies by the laws of a State or the United States.

["SEC. 402. INSURANCE RIGHTS AND PROTECTIONS.

[''(a) RIGHTS AND PROTECTIONS.—The rights and protections under this title apply to the insured when the insured, the insured's designee, or the insured's beneficiary applies in writing for protection under this title, unless the Secretary of Veterans Affairs determines that the insured's policy is not entitled to protection under this title.

[''(b) NOTIFICATION AND APPLICATION.—The Secretary of Veterans Affairs shall notify the Secretary concerned of the procedures to be used to apply for the protections provided under this title. The applicant shall send the original application to the insurer and a copy to the Secretary of Veterans Affairs.

[''(c) LIMITATION ON AMOUNT.—The total amount of life insurance coverage protection provided by this title for a servicemember may not exceed $250,000, or an amount equal to the Servicemember's Group Life Insurance maximum limit, whichever is greater, regardless of the number of policies submitted.

["SEC. 403. APPLICATION FOR INSURANCE PROTECTION.

[''(a) APPLICATION PROCEDURE.—An application for protection under this title shall—

[''(1) be in writing and signed by the insured, the insured's designee, or the insured's beneficiary, as the case may be;

[''(2) identify the policy and the insurer; and

[''(3) include an acknowledgement that the insured's rights under the policy are subject to and modified by the provisions of this title.

[''(b) ADDITIONAL REQUIREMENTS.—The Secretary of Veterans Affairs may require additional information from the applicant, the insured, and the insurer to determine if the policy is entitled to protection under this title.

[''(c) NOTICE TO THE SECRETARY BY THE INSURED.—Upon receipt of the application of the insured, the insurer shall furnish a report concerning the policy to the Secretary of Veterans Affairs as required by regulations prescribed by the Secretary.

[''(d) POLICY MODIFICATION.—Upon application for protection under this title, the insured and the insurer shall have constructively agreed to any policy modification necessary to give this title full force and effect.

["SEC. 404. POLICIES ENTITLED TO PROTECTION AND LAPSE OF POLICIES.

[''(a) DETERMINATION.—The Secretary of Veterans Affairs shall determine whether a policy is entitled to protection under this title and shall notify the insured and the insurer of that determination.

[''(b) LAPSE PROTECTION.—A policy that the Secretary determines is entitled to protection under this title shall not lapse or otherwise terminate or be forfeited for the nonpayment of a premium, or interest or indebtedness on a premium, after the date of the application for protection.

[''(c) TIME APPLICATION.—The protection provided by this title applies during the insured's period of military service and for a period of two years thereafter.

["SEC. 405. POLICY RESTRICTIONS.

[''(a) DIVIDENDS.—While a policy is protected under this title, a dividend or other monetary benefit under a policy may not be paid to an insured or used to purchase dividend additions without the approval of the Secretary of Veterans Affairs. If such approval is not obtained, the dividends or benefits shall be added to the value of the policy to be used as a credit when final settlement is made with the insurer.

[''(b) SPECIFIC RESTRICTIONS.—While a policy is protected under this title, cash value, loan value, withdrawal of dividend accumulation, unearned premiums, or other value of similar character may not be available to the insured without the approval of the Secretary. The right of the insured to change a beneficiary designation or select an optional settlement for a beneficiary shall not be affected by the provisions of this title.

["SEC. 406. DEDUCTION OF UNPAID PREMIUMS.

[''(a) SETTLEMENT OF PROCEEDS.—If a policy matures as a result of a servicemember's death or otherwise during the period of protection of the policy under this title, the insurer in making settlement shall deduct from the insurance proceeds the amount of the unpaid premiums guaranteed under this title, together with interest due at the rate fixed in the policy for policy loans.

[''(b) INTEREST RATE.—If the interest rate is not specifically fixed in the policy, the rate shall be the same as for policy loans in other policies issued by the insurer at the time the insured's policy was issued.

[''(c) REPORTING REQUIREMENT.—The amount deducted under this section, if any, shall be reported by the insurer to the Secretary of Veterans Affairs.

["SEC. 407. PREMIUMS AND INTEREST GUARANTEED BY UNITED STATES.

[''(a) GUARANTEE OF PREMIUMS AND INTEREST BY THE UNITED STATES.—

[''(1) GUARANTEE.—Payment of premiums, and interest on premiums at the rate specified in section 406, which become due on a policy under the protection of this title is guaranteed by the United States. If the amount guaranteed is not paid to the insurer before the period of insurance protection under this title expires, the amount due shall be treated by the insurer as a policy loan on the policy.

[''(2) POLICY TERMINATION.—If, at the expiration of insurance protection under this title, the cash surrender value of a policy is less than the amount due to pay premiums and interest on premiums on the policy, the policy shall terminate. Upon such termination, the United States shall pay the insurer the difference between the amount due and the cash surrender value.

[''(b) RECOVERY FROM INSURED OF AMOUNTS PAID BY THE UNITED STATES.—

[''(1) DEBT PAYABLE TO THE UNITED STATES.—The amount paid by the United States to an insurer under this title shall be a debt payable to the United States by the insured on whose policy payment was made.

[''(2) COLLECTION.—Such amount may be collected by the United States, either as an offset from any amount due the insured by the United States or as otherwise authorized by law.

[''(3) DEBT NOT DISCHARGEABLE IN BANKRUPTCY.—Such debt payable to the United States is not dischargeable in bankruptcy proceedings.

[''(c) CREDITING OF AMOUNTS RECOVERED.—Any amounts received by the United States as repayment of debts incurred by an insured under this title shall be credited to the appropriation for the payment of claims under this title.

["SEC. 408. REGULATIONS.

[''The Secretary of Veterans Affairs shall prescribe regulations for the implementation of this title.

["SEC. 409. REVIEW OF FINDINGS OF FACT AND CONCLUSIONS OF LAW.

[''The findings of fact and conclusions of law made by the Secretary of Veterans Affairs in administering this title may be reviewed by the Board of Veterans' Appeals and the United States Court of Appeals for Veterans Claims.

["TITLE V—TAXES AND PUBLIC LANDS

["SEC. 501. TAXES RESPECTING PERSONAL PROPERTY, MONEY, CREDITS, AND REAL PROPERTY.

[''(a) APPLICATION.—This section applies in any case in which a tax or assessment, whether general or special (other than a tax on personal income), falls due and remains unpaid before or during a period of military service with respect to a servicemember's—

[''(1) personal property; or

[''(2) real property occupied for dwelling, professional, business, or agricultural purposes by a servicemember or the servicemember's dependents or employees—

[''(A) before the servicemember's entry into military service; and

[''(B) during the time the tax or assessment remains unpaid.

[''(b) SALE OF PROPERTY.—

[''(1) LIMITATION ON SALE OF PROPERTY TO ENFORCE TAX ASSESSMENT.—Property described in subsection (a) may not be sold to enforce the collection of such tax or assessment except by court order and upon the determination by the court that military service does not materially affect the servicemember's ability to pay the unpaid tax or assessment.

[''(2) STAY OF COURT PROCEEDINGS.—A court may stay a proceeding to enforce the collection of such tax or assessment, or sale of such property, during a period of military service of the servicemember and for a period not more than 180 days after the termination of, or release of the servicemember from, military service.

[''(c) REDEMPTION.—When property described in subsection (a) is sold or forfeited to enforce the collection of a tax or assessment, a servicemember shall have the right to redeem or commence an action to redeem the servicemember's property during the period of military service or within 180 days after termination of or release from military service. This subsection may not be construed to shorten any period provided by the law of a State (including any political subdivision of a State) for redemption.

[''(d) INTEREST ON TAX OR ASSESSMENT.—Whenever a servicemember does not pay a tax or assessment on property described in subsection (a) when due, the amount of the tax or assessment due and unpaid shall bear interest until paid at the rate of 6 percent per year. An additional penalty or interest shall not be incurred by reason of nonpayment. A lien for such unpaid tax or assessment may include interest under this subsection.

[''(e) JOINT OWNERSHIP APPLICATION.—This section applies to all forms of property described in subsection (a) owned individually by a servicemember or jointly by a servicemember and a dependent or dependents.

["SEC. 502. RIGHTS IN PUBLIC LANDS.

[''(a) RIGHTS NOT FORFEITED.—The rights of a servicemember to lands owned or controlled by the United States, and initiated or acquired by the servicemember under the laws of the United States (including the mining and mineral leasing laws) before military

service, shall not be forfeited or prejudiced as a result of being absent from the land, or by failing to begin or complete any work or improvements to the land, during the period of military service.

[''(b) TEMPORARY SUSPENSION OF PERMITS OR LICENSES.—If a permittee or licensee under the Act of June 28, 1934 (43 U.S.C. 315 et seq.), enters military service, the permittee or licensee may suspend the permit or license for the period of military service and for 180 days after termination of or release from military service.

[''(c) REGULATIONS.—Regulations prescribed by the Secretary of the Interior shall provide for such suspension of permits and licenses and for the remission, reduction, or refund of grazing fees during the period of such suspension.

[''SEC. 503. DESERT-LAND ENTRIES.

[''(a) DESERT-LAND RIGHTS NOT FORFEITED.—A desert-land entry made or held under the desert-land laws before the entrance of the entryman or the entryman's successor in interest into military service shall not be subject to contest or cancellation—

[''(1) for failure to expend any required amount per acre per year in improvements upon the claim;

[''(2) for failure to effect the reclamation of the claim during the period the entryman or the entryman's successor in interest is in the military service, or for 180 days after termination of or release from military service; or

[''(3) during any period of hospitalization or rehabilitation due to an injury or disability incurred in the line of duty.

The time within which the entryman or claimant is required to make such expenditures and effect reclamation of the land shall be exclusive of the time periods described in paragraphs (2) and (3).

[''(b) SERVICE-RELATED DISABILITY.—If an entryman or claimant is honorably discharged and is unable to accomplish reclamation of, and payment for, desert land due to a disability incurred in the line of duty, the entryman or claimant may make proof without further reclamation or payments, under regulations prescribed by the Secretary of the Interior, and receive a patent for the land entered or claimed.

[''(c) FILING REQUIREMENT.—In order to obtain the protection of this section, the entryman or claimant shall, within 180 days after entry into military service, cause to be filed in the land office of the district where the claim is situated a notice communicating the fact of military service and the desire to hold the claim under this section.

[''SEC. 504. MINING CLAIMS.

[''(a) REQUIREMENTS SUSPENDED.—The provisions of section 2324 of the Revised Statutes of the United States (30 U.S.C. 28) specified in subsection (b) shall not apply to a servicemember's claims or interests in claims, regularly located and recorded, during a period of military service and 180 days thereafter, or during any period of hospitalization or rehabilitation due to injuries or disabilities incurred in the line of duty.

[''(b) REQUIREMENTS.—The provisions in section 2324 of the Revised Statutes that shall not apply under subsection (a) are those which require that on each mining claim located after May 10, 1872, and until a patent has been issued for such claim, not less than $100 worth of labor shall be performed or improvements made during each year.

[''(c) PERIOD OF PROTECTION FROM FORFEITURE.—A mining claim or an interest in a claim owned by a servicemember that has been regularly located and recorded shall not be subject to forfeiture for nonperformance of annual assessments during the period of military service and for 180 days thereafter, or for any period of hospitalization or rehabilitation described in subsection (a).

[''(d) FILING REQUIREMENT.—In order to obtain the protections of this section, the claimant of a mining location shall, before the end of the assessment year in which military service is begun or within 60 days after the end of such assessment year, cause to be filed in the office where the location notice or certificate is recorded a notice communicating the fact of military service and the desire to hold the mining claim under this section.

[''SEC. 505. MINERAL PERMITS AND LEASES.

[''(a) SUSPENSION DURING MILITARY SERVICE.—A person holding a permit or lease on the public domain under the Federal mineral leasing laws who enters military service may suspend all operations under the permit or lease for the duration of military service and for 180 days thereafter. The term of the permit or lease shall not run during the period of suspension, nor shall any rental or royalties be charged against the permit or lease during the period of suspension.

[''(b) NOTIFICATION.—In order to obtain the protection of this section, the permittee or lessee shall, within 180 days after entry into military service, notify the Secretary of the Interior by registered mail of the fact that military service has begun and of the desire to hold the claim under this section.

[''(c) CONTRACT MODIFICATION.—This section shall not be construed to supersede the terms of any contract for operation of a permit or lease.

[''SEC. 506. PERFECTION OR DEFENSE OF RIGHTS.

[''(a) RIGHT TO TAKE ACTION NOT AFFECTED.—This title shall not affect the right of a servicemember to take action during a period of military service that is authorized by law or regulations of the Department of the Interior, for the perfection, defense, or further assertion of rights initiated or acquired before entering military service.

[''(b) AFFIDAVITS AND PROOFS.—

[''(1) IN GENERAL.—A servicemember during a period of military service may make any affidavit or submit any proof required by law, practice, or regulation of the Department of the Interior in connection with the entry, perfection, defense, or further assertion of rights initiated or acquired before entering military service before an officer authorized to provide notary services under section 1044a of title 10, United States Code, or any superior commissioned officer.

[''(2) LEGAL STATUS OF AFFIDAVITS.—Such affidavits shall be binding in law and subject to the same penalties as prescribed by section 1001 of title 18, United State Code.

[''SEC. 507. DISTRIBUTION OF INFORMATION CONCERNING BENEFITS OF TITLE.

[''(a) DISTRIBUTION OF INFORMATION BY SECRETARY CONCERNED.—The Secretary concerned shall issue to servicemembers information explaining the provisions of this title.

[''(b) APPLICATION FORMS.—The Secretary concerned shall provide application forms to servicemembers requesting relief under this title.

[''(c) INFORMATION FROM SECRETARY OF THE INTERIOR.—The Secretary of the Interior shall furnish to the Secretary concerned information explaining the provisions of this title (other than sections 501, 510, and 511) and related application forms.

[''SEC. 508. LAND RIGHTS OF SERVICEMEMBERS.

[''(a) NO AGE LIMITATIONS.—Any servicemember under the age of 21 in military service shall be entitled to the same rights under the laws relating to lands owned or controlled by the United States, including mining and mineral leasing laws, as those servicemembers who are 21 years of age.

[''(b) RESIDENCY REQUIREMENT.—Any requirement related to the establishment of a residence within a limited time shall be suspended as to entry by a servicemember in military service until 180 days after termination of or release from military service.

[''(c) ENTRY APPLICATIONS.—Applications for entry may be verified before a person authorized to administer oaths under section 1044a of title 10, United States Code, or under the laws of the State where the land is situated.

[''SEC. 509. REGULATIONS.

[''The Secretary of the Interior may issue regulations necessary to carry out this title (other than sections 501, 510, and 511).

[''SEC. 510. INCOME TAXES.

[''(a) DEFERRAL OF TAX.—Upon notice to the Internal Revenue Service or the tax authority of a State or a political subdivision of a State, the collection of income tax on the income of a servicemember falling due before or during military service shall be deferred for a period not more than 180 days after termination of or release from military service, if a servicemember's ability to pay such income tax is materially affected by military service.

[''(b) ACCRUAL OF INTEREST OR PENALTY.—No interest or penalty shall accrue for the period of deferment by reason of nonpayment on any amount of tax deferred under this section.

[''(c) STATUTE OF LIMITATIONS.—The running of a statute of limitations against the collection of tax deferred under this section, by seizure or otherwise, shall be suspended for the period of military service of the servicemember and for an additional period of 270 days thereafter.

[''(d) APPLICATION LIMITATION.—This section shall not apply to the tax imposed on employees by section 3101 of the Internal Revenue Code of 1986.

[''SEC. 511. RESIDENCE FOR TAX PURPOSES.

[''(a) RESIDENCE OR DOMICILE.—A servicemember shall neither lose nor acquire a residence or domicile for purposes of taxation with respect to the person, personal property, or income of the servicemember by reason of being absent or present in any tax jurisdiction of the United States solely in compliance with military orders.

[''(b) MILITARY SERVICE COMPENSATION.—Compensation of a servicemember for military service shall not be deemed to be income for services performed or from sources within a tax jurisdiction of the United States if the servicemember is not a resident or domiciliary of the jurisdiction in which the servicemember is serving in compliance with military orders.

[''(c) PERSONAL PROPERTY.—

[''(1) RELIEF FROM PERSONAL PROPERTY TAXES.—The personal property of a servicemember shall not be deemed to be located or present in, or to have a situs for taxation in, the tax jurisdiction in which the servicemember is serving in compliance with military orders.

[''(2) EXCEPTION FOR PROPERTY WITHIN MEMBER'S DOMICILE OR RESIDENCE.—This subsection applies to personal property or its use within any tax jurisdiction other than the servicemember's domicile or residence.

[''(3) EXCEPTION FOR PROPERTY USED IN TRADE OR BUSINESS.—This section does not prevent taxation by a tax jurisdiction with respect to personal property used in or arising from a trade or business, if it has jurisdiction.

[''(4) RELATIONSHIP TO LAW OF STATE OF DOMICILE.—Eligibility for relief from personal property taxes under this subsection is not contingent on whether or not such taxes are paid to the State of domicile.

[''(d) INCREASE OF TAX LIABILITY.—A tax jurisdiction may not use the military compensation of a nonresident servicemember to increase the tax liability imposed on other income earned by the nonresident servicemember or spouse subject to tax by the jurisdiction.

[''(e) FEDERAL INDIAN RESERVATIONS.—An Indian servicemember whose legal residence or domicile is a Federal Indian reservation shall be taxed by the laws applicable to Federal Indian reservations and not the State where the reservation is located.

[''(f) DEFINITIONS.—For purposes of this section:

[''(1) PERSONAL PROPERTY.—The term 'personal property' means intangible and tangible property (including motor vehicles).

[''(2) TAXATION.—The term 'taxation' includes licenses, fees, or excises imposed with respect to motor vehicles and their use, if the license, fee, or excise is paid by the servicemember in the servicemember's State of domicile or residence.

[''(3) TAX JURISDICTION.—The term 'tax jurisdiction' means a State or a political subdivision of a State.

[''TITLE VI—ADMINISTRATIVE REMEDIES

[''SEC. 601. INAPPROPRIATE USE OF ACT.

[''If a court determines, in any proceeding to enforce a civil right, that any interest, property, or contract has been transferred or acquired with the intent to delay the just enforcement of such right by taking advantage of this Act, the court shall enter such judgment or make such order as might lawfully be entered or made concerning such transfer or acquisition.

[''SEC. 602. CERTIFICATES OF SERVICE; PERSONS REPORTED MISSING.

[''(a) PRIMA FACIE EVIDENCE.—In any proceeding under this Act, a certificate signed by the Secretary concerned is prima facie evidence as to any of the following facts stated in the certificate:

[''(1) That a person named is, is not, has been, or has not been in military service.

[''(2) The time and the place the person entered military service.

[''(3) The person's residence at the time the person entered military service.

[''(4) The rank, branch, and unit of military service of the person upon entry.

[''(5) The inclusive dates of the person's military service.

[''(6) The monthly pay received by the person at the date of the certificate's issuance.

[''(7) The time and place of the person's termination of or release from military service, or the person's death during military service.

[''(b) CERTIFICATES.—The Secretary concerned shall furnish a certificate under subsection (a) upon receipt of an application for such a certificate. A certificate appearing to be signed by the Secretary concerned is prima facie evidence of its contents and of the signer's authority to issue it.

[''(c) TREATMENT OF SERVICEMEMBERS IN MISSING STATUS.—A servicemember who has been reported missing is presumed to continue in service until accounted for. A requirement under this Act that begins or ends with the death of a servicemember does not begin or end until the servicemember's death is reported to, or determined by, the Secretary concerned or by a court of competent jurisdiction.

[''SEC. 603. INTERLOCUTORY ORDERS.

[''An interlocutory order issued by a court under this Act may be revoked, modified, or extended by the court upon its own motion or otherwise, upon notification to affected parties as required by the court.

[''TITLE VII—FURTHER RELIEF

[''SEC. 701. ANTICIPATORY RELIEF.

[''(a) APPLICATION FOR RELIEF.—A servicemember may, during military service or within 180 days of termination of or release from military service, apply to a court for relief—

[''(1) from any obligation or liability incurred by the servicemember before the servicemember's military service; or

[''(2) from a tax or assessment falling due before or during the servicemember's military service.

[''(b) TAX LIABILITY OR ASSESSMENT.—In a case covered by subsection (a), the court may, if the ability of the servicemember to comply with the terms of such obligation or liability or pay such tax or assessment has been materially affected by reason of military service, after appropriate notice and hearing, grant the following relief:

[''(1) STAY OF ENFORCEMENT OF REAL ESTATE CONTRACTS.—

[''(A) In the case of an obligation payable in installments under a contract for the purchase of real estate, or secured by a mortgage or other instrument in the nature of a mortgage upon real estate, the court may grant a stay of the enforcement of the obligation—

[''(i) during the servicemember's period of military service; and

[''(ii) from the date of termination of or release from military service, or from the date of application if made after termination of or release from military service.

[''(B) Any stay under this paragraph shall be—

[''(i) for a period equal to the remaining life of the installment contract or other instrument, plus a period of time equal to the period of military service of the servicemember, or any part of such combined period; and

[''(ii) subject to payment of the balance of the principal and accumulated interest due and unpaid at the date of termination or release from the applicant's military service or from the date of application in equal installments during the combined period at the rate of interest on the unpaid balance prescribed in the contract or other instrument evidencing the obligation, and subject to other terms as may be equitable.

[''(2) STAY OF ENFORCEMENT OF OTHER CONTRACTS.—

[''(A) In the case of any other obligation, liability, tax, or assessment, the court may grant a stay of enforcement—

[''(i) during the servicemember's military service; and

[''(ii) from the date of termination of or release from military service, or from the date of application if made after termination or release from military service.

[''(B) Any stay under this paragraph shall be—

[''(i) for a period of time equal to the period of the servicemember's military service or any part of such period; and

[''(ii) subject to payment of the balance of principal and accumulated interest due and unpaid at the date of termination or release from military service, or the date of application, in equal periodic installments during this extended period at the rate of interest as may be prescribed for this obligation, liability, tax, or assessment, if paid when due, and subject to other terms as may be equitable.

[''(c) AFFECT OF STAY ON FINE OR PENALTY.—When a court grants a stay under this section, a fine or penalty shall not accrue on the obligation, liability, tax, or assessment for the period of compliance with the terms and conditions of the stay.

[''SEC. 702. POWER OF ATTORNEY.

[''(a) AUTOMATIC EXTENSION.—A power of attorney of a servicemember shall be automatically extended for the period the servicemember is in a missing status (as defined in section 551(2) of title 37, United States Code) if the power of attorney—

[''(1) was duly executed by the servicemember—

[''(A) while in military service; or

[''(B) before entry into military service but after the servicemember—

[''(i) received a call or order to report for military service; or

[''(ii) was notified by an official of the Department of Defense that the person could receive a call or order to report for military service;

[''(2) designates the servicemember's spouse, parent, or other named relative as the servicemember's attorney in fact for certain, specified, or all purposes; and

[''(3) expires by its terms after the servicemember entered a missing status.

[''(b) LIMITATION ON POWER OF ATTORNEY EXTENSION.—A power of attorney executed by a servicemember may not be extended under subsection (a) if the document by its terms clearly indicates that the power granted expires on the date specified even though the servicemember, after the date of execution of the document, enters a missing status.

[''SEC. 703. PROFESSIONAL LIABILITY PROTECTION.

[''(a) APPLICABILITY.—This section applies to a servicemember who—

[''(1) after July 31, 1990, is ordered to active duty (other than for training) pursuant to sections 688, 12301(a), 12301(g), 12302, 12304, 12306, or 12307 of title 10, United States Code, or who is ordered to active duty under section 12301(d) of such title during a period when members are on active duty pursuant to any of the preceding sections; and

[''(2) immediately before receiving the order to active duty—

[''(A) was engaged in the furnishing of health-care or legal services or other services determined by the Secretary of Defense to be professional services; and

[''(B) had in effect a professional liability insurance policy that does not continue to cover claims filed with respect to the servicemember during the period of the servicemember's active duty unless the premiums are paid for such coverage for such period.

[''(b) SUSPENSION OF COVERAGE.—

[''(1) SUSPENSION.—Coverage of a servicemember referred to in subsection (a) by a professional liability insurance policy shall be suspended by the insurance carrier in accordance with this subsection upon receipt of a written request from the servicemember, or the servicemember's legal representative, by the insurance carrier.

[''(2) PREMIUMS FOR SUSPENDED CONTRACTS.—A professional liability insurance carrier—

[''(A) may not require that premiums be paid by or on behalf of a servicemember for

any professional liability insurance coverage suspended pursuant to paragraph (1); and

[''(B) shall refund any amount paid for coverage for the period of such suspension or, upon the election of such servicemember, apply such amount for the payment of any premium becoming due upon the reinstatement of such coverage.

[''(3) NONLIABILITY OF CARRIER DURING SUSPENSION.—A professional liability insurance carrier shall not be liable with respect to any claim that is based on professional conduct (including any failure to take any action in a professional capacity) of a servicemember that occurs during a period of suspension of that servicemember's professional liability insurance under this subsection.

[''(4) CERTAIN CLAIMS CONSIDERED TO ARISE BEFORE SUSPENSION.—For the purposes of paragraph (3), a claim based upon the failure of a professional to make adequate provision for a patient, client, or other person to receive professional services or other assistance during the period of the professional's active duty service shall be considered to be based on an action or failure to take action before the beginning of the period of the suspension of professional liability insurance under this subsection, except in a case in which professional services were provided after the date of the beginning of such period.

[''(c) REINSTATEMENT OF COVERAGE.—

[''(1) REINSTATEMENT REQUIRED.—Professional liability insurance coverage suspended in the case of any servicemember pursuant to subsection (b) shall be reinstated by the insurance carrier on the date on which that servicemember transmits to the insurance carrier a written request for reinstatement.

[''(2) TIME AND PREMIUM FOR REINSTATEMENT.—The request of a servicemember for reinstatement shall be effective only if the servicemember transmits the request to the insurance carrier within 30 days after the date on which the servicemember is released from active duty. The insurance carrier shall notify the servicemember of the due date for payment of the premium of such insurance. Such premium shall be paid by the servicemember within 30 days after receipt of that notice.

[''(3) PERIOD OF REINSTATED COVERAGE.—The period for which professional liability insurance coverage shall be reinstated for a servicemember under this subsection may not be less than the balance of the period for which coverage would have continued under the insurance policy if the coverage had not been suspended.

[''(d) INCREASE IN PREMIUM.—

[''(1) LIMITATION ON PREMIUM INCREASES.—An insurance carrier may not increase the amount of the premium charged for professional liability insurance coverage of any servicemember for the minimum period of the reinstatement of such coverage required under subsection (c)(3) to an amount greater than the amount chargeable for such coverage for such period before the suspension.

[''(2) EXCEPTION.—Paragraph (1) does not prevent an increase in premium to the extent of any general increase in the premiums charged by that carrier for the same professional liability coverage for persons similarly covered by such insurance during the period of the suspension.

[''(e) CONTINUATION OF COVERAGE OF UNAFFECTED PERSONS.—This section does not—

[''(1) require a suspension of professional liability insurance protection for any person who is not a person referred to in subsection (a) and who is covered by the same professional liability insurance as a person referred to in such subsection; or

[''(2) relieve any person of the obligation to pay premiums for the coverage not required to be suspended.

[''(f) STAY OF CIVIL OR ADMINISTRATIVE ACTIONS.—

[''(1) STAY OF ACTIONS.—A civil or administrative action for damages on the basis of the alleged professional negligence or other professional liability of a servicemember whose professional liability insurance coverage has been suspended under subsection (b) shall be stayed until the end of the period of the suspension if—

[''(A) the action was commenced during the period of the suspension;

[''(B) the action is based on an act or omission that occurred before the date on which the suspension became effective; and

[''(C) the suspended professional liability insurance would, except for the suspension, on its face cover the alleged professional negligence or other professional liability negligence or other professional liability of the servicemember.

[''(2) DATE OF COMMENCEMENT OF ACTION.—Whenever a civil or administrative action for damages is stayed under paragraph (1) in the case of any servicemember, the action shall have been deemed to have been filed on the date on which the professional liability insurance coverage of the servicemember is reinstated under subsection (c).

[''(g) EFFECT OF SUSPENSION UPON LIMITATIONS PERIOD.—In the case of a civil or administrative action for which a stay could have been granted under subsection (f) by reason of the suspension of professional liability insurance coverage of the defendant under this section, the period of the suspension of the coverage shall be excluded from the computation of any statutory period of limitation on the commencement of such action.

[''(h) DEATH DURING PERIOD OF SUSPENSION.—If a servicemember whose professional liability insurance coverage is suspended under subsection (b) dies during the period of the suspension—

[''(1) the requirement for the grant or continuance of a stay in any civil or administrative action against such servicemember under subsection (f)(1) shall terminate on the date of the death of such servicemember; and

[''(2) the carrier of the professional liability insurance so suspended shall be liable for any claim for damages for professional negligence or other professional liability of the deceased servicemember in the same manner and to the same extent as such carrier would be liable if the servicemember had died while covered by such insurance but before the claim was filed.

[''(i) DEFINITIONS.—For purposes of this section:

[''(1) The term 'active duty' has the meaning given that term in section 101(d)(1) of title 10, United States Code.

[''(2) The term 'profession' includes occupation.

[''(3) The term 'professional' includes occupational.

["SEC. 704. HEALTH INSURANCE REINSTATEMENT.

[''(a) REINSTATEMENT OF HEALTH INSURANCE.—A servicemember who, by reason of military service as defined in section 703(a)(1), is entitled to the rights and protections of this Act shall also be entitled upon termination or release from such service to reinstatement of any health insurance that—

[''(1) was in effect on the day before such service commenced; and

[''(2) was terminated effective on a date during the period of such service.

[''(b) NO EXCLUSION OR WAITING PERIOD.—The reinstatement of health care insurance coverage for the health or physical condition of a servicemember described in subsection (a), or any other person who is covered by the insurance by reason of the coverage of the servicemember, shall not be subject to an exclusion or a waiting period, if—

[''(1) the condition arose before or during the period of such service;

[''(2) an exclusion or a waiting period would not have been imposed for the condition during the period of coverage; and

[''(3) if the condition relates to the servicemember, the condition has not been determined by the Secretary of Veterans Affairs to be a disability incurred or aggravated in the line of duty (within the meaning of section 105 of title 38, United States Code).

[''(c) EXCEPTIONS.—Subsection (a) does not apply to a servicemember entitled to participate in employer-offered insurance benefits pursuant to the provisions of chapter 43 of title 38, United States Code.

[''(d) TIME FOR APPLYING FOR REINSTATEMENT.—An application under this section must be filed not later than 120 days after the date of the termination of or release from military service.

["SEC. 705. GUARANTEE OF RESIDENCY FOR MILITARY PERSONNEL.

[''For the purposes of voting for any Federal office (as defined in section 301 of the Federal Election Campaign Act of 1971 (2 U.S.C. 431)) or a State or local office, a person who is absent from a State in compliance with military or naval orders shall not, solely by reason of that absence—

[''(1) be deemed to have lost a residence or domicile in that State, without regard to whether or not the person intends to return to that State;

[''(2) be deemed to have acquired a residence or domicile in any other State; or

[''(3) be deemed to have become a resident in or a resident of any other State.

["SEC. 706. BUSINESS OR TRADE OBLIGATIONS.

[''(a) AVAILABILITY OF NON-BUSINESS ASSETS TO SATISFY OBLIGATIONS.—If the trade or business (without regard to the form in which such trade or business is carried out) of a servicemember has an obligation or liability for which the servicemember is personally liable, the assets of the servicemember not held in connection with the trade or business may not be available for satisfaction of the obligation or liability during the servicemember's military service.

[''(b) RELIEF TO OBLIGORS.—Upon application to a court by the holder of an obligation or liability covered by this section, relief granted by this section to a servicemember may be modified as justice and equity require.

["SEC. 707. RETURN TO CLASSES AT NO ADDITIONAL COST.

[''(a) IN GENERAL.—Each institution of higher education that receives Federal assistance or participates in a program assisted under the Higher Education Act of 1965 (20 U.S.C. 1001 et seq.) shall permit each student who is enrolled in the institution and enters into military service—

[''(1) to return to the institution of higher education after completion of the period of military service; and

[''(2) complete, at no additional cost, each class the student was unable to complete as a result of the period of military service.

[''(b) INSTITUTION OF HIGHER EDUCATION DEFINED.—In this section, the term 'institution of higher education' has the meaning

given the term in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001).''.

[SEC. 2. CONFORMING AMENDMENTS.

[(a) MILITARY SELECTIVE SERVICE ACT.—Section 14 of the Military Selective Service Act (50 U.S.C. App. 464) is repealed.

[(b) TITLE 5, UNITED STATES CODE.—(1) Section 5520a(k)(2)(A) of title 5, United States Code, is amended by striking ''Soldiers' and Sailors' Civil Relief Act of 1940'' and inserting ''Servicemembers Civil Relief Act''; and

[(2) Section 5569(e) of title 5, United States Code, is amended—

[(A) in paragraph (1), by striking ''provided by the Soldiers' and Sailors' Civil Relief Act of 1940'' and all that follows through ''of such Act'' and inserting ''provided by the Servicemembers Civil Relief Act, including the benefits provided by section 702 of such Act but excluding the benefits provided by sections 104 and 106, title IV, and title V (other than sections 501 and 510) of such Act''; and

[(B) in paragraph (2), by striking ''person in the military service'' and inserting ''servicemember''.

[(c) TITLE 10, UNITED STATES CODE.—Section 1408(b)(1)(D) of title 10, United States Code, is amended by striking ''Soldiers' and Sailors' Civil Relief Act of 1940'' and inserting ''Servicemembers Civil Relief Act''.

[(d) INTERNAL REVENUE CODE.—Section 7654(d)(1) of the Internal Revenue Code of 1986 is amended by striking ''Soldiers' and Sailors' Civil Relief Act'' and inserting ''Servicemembers Civil Relief Act''.

[(e) PUBLIC LAW 91–621.—Section 3(a)(3) of Public Law 91–621 (33 U.S.C. 857–3(a)(3)) is amended by striking ''Soldiers' and Sailors' Civil Relief Act of 1940, as amended'' and inserting ''Servicemembers Civil Relief Act''.

[(f) PUBLIC HEALTH SERVICE ACT.—Section 212(e) of the Public Health Service Act (42 U.S.C. 213(e)) is amended by striking ''Soldiers' and Sailors' Civil Relief Act of 1940'' and inserting ''Servicemembers Civil Relief Act''.

[(g) ELEMENTARY AND SECONDARY EDUCATION ACT OF 1965.—Section 8001 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7701) is amended by striking ''section 514 of the Soldiers' and Sailors' Civil Relief Act of 1940 (50 U.S.C. App. 574)'' in the matter preceding paragraph (1) and inserting ''section 511 of the Servicemembers Civil Relief Act''.

[SEC. 3. EFFECTIVE DATE.

[The amendment made by section 1 shall apply to any case decided after the date of the enactment of this Act.]

SECTION 1. RESTATEMENT OF ACT.

The Soldiers' and Sailors' Civil Relief Act of 1940 (50 U.S.C. App. 501 et seq.) is amended to read as follows:

''SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

''(a) SHORT TITLE.—This Act may be cited as the 'Servicemembers Civil Relief Act'.

''(b) TABLE OF CONTENTS.—The table of contents of this Act is as follows:

''Sec. 1. Short title; table of contents.
''Sec. 2. Purpose.

''TITLE I—GENERAL PROVISIONS

''Sec. 101. Definitions.

''Sec. 701. Anticipatory relief.
''Sec. 702. Power of attorney.
''Sec. 703. Professional liability protection.
''Sec. 704. Health insurance reinstatement.
''Sec. 705. Guarantee of residency for military personnel.
''Sec. 706. Business or trade obligations.

''SEC. 2. PURPOSE.

''The purposes of this Act are—

''(1) to provide for, strengthen, and expedite the national defense through protection extended by this Act to servicemembers of the United States to enable such persons to devote their entire energy to the defense needs of the Nation; and

''(2) to provide for the temporary suspension of judicial and administrative proceedings and transactions that may adversely affect the civil rights of servicemembers during their military service.

''TITLE I—GENERAL PROVISIONS

''SEC. 101. DEFINITIONS.

''For the purposes of this Act:

''(1) SERVICEMEMBER.—The term 'servicemember' means a member of the uniformed services, as that term is defined in section 101(a)(5) of title 10, United States Code.

''(2) MILITARY SERVICE.—The term 'military service' means—

''(A) in the case of a servicemember who is a member of the Army, Navy, Air Force, Marine Corps, or Coast Guard—

''(i) active duty, as defined in section 101(d)(1) of title 10, United States Code, and

''(ii) in the case of a member of the National Guard, includes service under a call to active service authorized by the President or the Secretary of Defense for a period of more than 30 consecutive days under section 502(f) of title 32, United States Code, for purposes of responding to a national emergency declared by the President and supported by Federal funds;

''(B) in the case of a servicemember who is a commissioned officer of the Public Health Service or the National Oceanic and Atmospheric Administration, active service; and

''(C) any period during which a servicemember is absent from duty on account of sickness, wounds, leave, or other lawful cause.

''(3) PERIOD OF MILITARY SERVICE.—The term 'period of military service' means the period beginning on the date on which a servicemember enters military service and ending on the date on which the servicemember is released from military service or dies while in military service.

''(4) DEPENDENT.—The term 'dependent', with respect to a servicemember, means—

''(A) the servicemember's spouse;

''(B) the servicemember's child (as defined in section 101(4) of title 38, United States Code); or

''(C) an individual for whom the servicemember provided more than one-half of the individual's support for 180 days immediately preceding an application for relief under this Act.

''(5) COURT.—The term 'court' means a court or an administrative agency of the United States or of any State (including any political subdivision of a State), whether or not a court or administrative agency of record.

''(6) STATE.—The term 'State' includes—

''(A) a commonwealth, territory, or possession of the United States; and

''(B) the District of Columbia.

''(7) SECRETARY CONCERNED.—The term 'Secretary concerned'—

''(A) with respect to a member of the armed forces, has the meaning given that term in section 101(a)(9) of title 10, United States Code;

''(B) with respect to a commissioned officer of the Public Health Service, means the Secretary of Health and Human Services; and

''(C) with respect to a commissioned officer of the National Oceanic and Atmospheric Administration, means the Secretary of Commerce.

''(8) MOTOR VEHICLE.—The term 'motor vehicle' has the meaning given that term in section 30102(a)(6) of title 49, United States Code.

''SEC. 102. JURISDICTION AND APPLICABILITY OF ACT.

''(a) JURISDICTION.—This Act applies to—

''(1) the United States;

''(2) each of the States, including the political subdivisions thereof; and

''(3) all territory subject to the jurisdiction of the United States.

''(b) APPLICABILITY TO PROCEEDINGS.—This Act applies to any judicial or administrative

proceeding commenced in any court or agency in any jurisdiction subject to this Act. This Act does not apply to criminal proceedings.

''(c) COURT IN WHICH APPLICATION MAY BE MADE.—When under this Act any application is required to be made to a court in which no proceeding has already been commenced with respect to the matter, such application may be made to any court which would otherwise have jurisdiction over the matter.

''SEC. 103. PROTECTION OF PERSONS SECONDARILY LIABLE.

''(a) EXTENSION OF PROTECTION WHEN ACTIONS STAYED, POSTPONED, OR SUSPENDED.—Whenever pursuant to this Act a court stays, postpones, or suspends (1) the enforcement of an obligation or liability, (2) the prosecution of a suit or proceeding, (3) the entry or enforcement of an order, writ, judgment, or decree, or (4) the performance of any other act, the court may likewise grant such a stay, postponement, or suspension to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily subject to the obligation or liability the performance or enforcement of which is stayed, postponed, or suspended.

''(b) VACATION OR SET-ASIDE OF JUDGMENTS.—When a judgment or decree is vacated or set aside, in whole or in part, pursuant to this Act, the court may also set aside or vacate, as the case may be, the judgment or decree as to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily liable on the contract or liability for the enforcement of the judgment or decree.

''(c) BAIL BOND NOT TO BE ENFORCED DURING PERIOD OF MILITARY SERVICE.—A court may not enforce a bail bond during the period of military service of the principal on the bond when military service prevents the surety from obtaining the attendance of the principal. The court may discharge the surety and exonerate the bail, in accordance with principles of equity and justice, during or after the period of military service of the principal.

''(d) WAIVER OF RIGHTS.—

''(1) WAIVERS NOT PRECLUDED.—This Act does not prevent a waiver in writing by a surety, guarantor, endorser, accommodation maker, comaker, or other person (whether primarily or secondarily liable on an obligation or liability) of the protections provided under subsections (a) and (b). Any such waiver is effective only if it is executed as an instrument separate from the obligation or liability with respect to which it applies.

''(2) WAIVER INVALIDATED UPON ENTRANCE TO MILITARY SERVICE.—If a waiver under paragraph (1) is executed by an individual who after the execution of the waiver enters military service, or by a dependent of an individual who after the execution of the waiver enters military service, the waiver is not valid after the beginning of the period of such military service unless the waiver was executed by such individual or dependent during the period specified in section 106.

''SEC. 104. EXTENSION OF PROTECTIONS TO CITIZENS SERVING WITH ALLIED FORCES.

''A citizen of the United States who is serving with the forces of a nation with which the United States is allied in the prosecution of a war or military action is entitled to the relief and protections provided under this Act if that service with the allied force is similar to military service as defined in this Act. The relief and protections provided to such citizen shall terminate on the date of discharge or release from such service.

''SEC. 105. NOTIFICATION OF BENEFITS.

''The Secretary concerned shall ensure that notice of the benefits accorded by this Act is provided in writing to persons in military service and to persons entering military service.

''SEC. 106. EXTENSION OF RIGHTS AND PROTECTIONS TO RESERVES ORDERED TO REPORT FOR MILITARY SERVICE AND TO PERSONS ORDERED TO REPORT FOR INDUCTION.

''(a) RESERVES ORDERED TO REPORT FOR MILITARY SERVICE.—A member of a reserve component who is ordered to report for military service is entitled to the rights and protections of this title and titles II and III during the period beginning on the date of the member's receipt of the order and ending on the date on which the member reports for military service (or, if the order is revoked before the member so reports, or the date on which the order is revoked).

''(b) PERSONS ORDERED TO REPORT FOR INDUCTION.—A person who has been ordered to report for induction under the Military Selective Service Act (50 U.S.C. App. 451 et seq.) is entitled to the rights and protections provided a servicemember under this title and titles II and III during the period beginning on the date of receipt of the order for induction and ending on the date on which the person reports for induction (or, if the order to report for induction is revoked before the date on which the person reports for induction, on the date on which the order is revoked).

''SEC. 107. WAIVER OF RIGHTS PURSUANT TO WRITTEN AGREEMENT.

''(a) IN GENERAL.—A servicemember may waive any of the rights and protections provided by this Act. In the case of a waiver that permits an action described in subsection (b), the waiver is effective only if made pursuant to a written agreement of the parties that is executed during or after the servicemember's period of military service. The written agreement shall specify the legal instrument to which the waiver applies and, if the servicemember is not a party to that instrument, the servicemember concerned.

''(b) ACTIONS REQUIRING WAIVERS IN WRITING.—The requirement in subsection (a) for a written waiver applies to the following:

''(1) The modification, termination, or cancellation of—

''(A) a contract, lease, or bailment; or

''(B) an obligation secured by a mortgage, trust, deed, lien, or other security in the nature of a mortgage.

''(2) The repossession, retention, foreclosure, sale, forfeiture, or taking possession of property that—

''(A) is security for any obligation; or

''(B) was purchased or received under a contract, lease, or bailment.

''(c) COVERAGE OF PERIODS AFTER ORDERS RECEIVED.—For the purposes of this section—

''(1) a person to whom section 106 applies shall be considered to be a servicemember; and

''(2) the period with respect to such a person specified in subsection (a) or (b), as the case may be, of section 106 shall be considered to be a period of military service.

''SEC. 108. EXERCISE OF RIGHTS UNDER ACT NOT TO AFFECT CERTAIN FUTURE FINANCIAL TRANSACTIONS.

''Application by a servicemember for, or receipt by a servicemember of, a stay, postponement, or suspension pursuant to this Act in the payment of a tax, fine, penalty, insurance premium, or other civil obligation or liability of that servicemember shall not itself (without regard to other considerations) provide the basis for any of the following:

''(1) A determination by a lender or other person that the servicemember is unable to pay the civil obligation or liability in accordance with its terms.

''(2) With respect to a credit transaction between a creditor and the servicemember—

''(A) a denial or revocation of credit by the creditor;

''(B) a change by the creditor in the terms of an existing credit arrangement; or

''(C) a refusal by the creditor to grant credit to the servicemember in substantially the amount or on substantially the terms requested.

''(3) An adverse report relating to the creditworthiness of the servicemember by or to a person engaged in the practice of assembling or evaluating consumer credit information.

''(4) A refusal by an insurer to insure the servicemember.

''(5) An annotation in a servicemember's record by a creditor or a person engaged in the practice of assembling or evaluating consumer credit information, identifying the servicemember as a member of the National Guard or a reserve component.

''(6) A change in the terms offered or conditions required for the issuance of insurance.

''SEC. 109. LEGAL REPRESENTATIVES.

''(a) REPRESENTATIVE.—A legal representative of a servicemember for purposes of this Act is either of the following:

''(1) An attorney acting on the behalf of a servicemember.

''(2) An individual possessing a power of attorney.

''(b) APPLICATION.—Whenever the term 'servicemember' is used in this Act, such term shall be treated as including a reference to a legal representative of the servicemember.

''TITLE II—GENERAL RELIEF

''SEC. 201. PROTECTION OF SERVICEMEMBERS AGAINST DEFAULT JUDGMENTS.

''(a) APPLICABILITY OF SECTION.—This section applies to any civil action or proceeding in which the defendant does not make an appearance.

''(b) AFFIDAVIT REQUIREMENT.—

''(1) PLAINTIFF TO FILE AFFIDAVIT.—In any action or proceeding covered by this section, the court, before entering judgment for the plaintiff, shall require the plaintiff to file with the court an affidavit—

''(A) stating whether or not the defendant is in military service and showing necessary facts to support the affidavit; or

''(B) if the plaintiff is unable to determine whether or not the defendant is in military service, stating that the plaintiff is unable to determine whether or not the defendant is in military service.

''(2) APPOINTMENT OF ATTORNEY TO REPRESENT DEFENDANT IN MILITARY SERVICE.—If in an action covered by this section it appears that the defendant is in military service, the court may not enter a judgment until after the court appoints an attorney to represent the defendant. If an attorney appointed under this section to represent a servicemember cannot locate the servicemember, actions by the attorney in the case shall not waive any defense of the servicemember or otherwise bind the servicemember.

''(3) DEFENDANT'S MILITARY STATUS NOT ASCERTAINED BY AFFIDAVIT.—If based upon the affidavits filed in such an action, the court is unable to determine whether the defendant is in military service, the court, before entering judgment, may require the plaintiff to file a bond in an amount approved by the court. If the defendant is later found to be in military service, the bond shall be available to indemnify the defendant against any loss or damage the defendant may suffer by reason of any judgment for the plaintiff against the defendant, should the judgment be set aside in whole or in part. The bond shall remain in effect until expiration of the time for appeal and setting aside of a judgment under applicable Federal or State law or regulation or under any applicable ordinance of a political subdivision of a State. The court may issue such orders or enter such judgments as the court determines necessary to protect the rights of the defendant under this Act.

''(4) SATISFACTION OF REQUIREMENT FOR AFFIDAVIT.—The requirement for an affidavit under paragraph (1) may be satisfied by a statement, declaration, verification, or certificate, in writing, subscribed and certified or declared to be true under penalty of perjury.

''(c) PENALTY FOR MAKING OR USING FALSE AFFIDAVIT.—A person who makes or uses an affidavit permitted under subsection (b) (or a statement, declaration, verification, or certificate as authorized under subsection (b)(4)) knowing it to be false, shall be fined as provided in title 18, United States Code, or imprisoned for not more than one year, or both.

''(d) STAY OF PROCEEDINGS.—In an action covered by this section in which the defendant is in military service, the court shall grant a stay of proceedings for a minimum period of 90 days under this subsection upon application of counsel, or on the court's own motion, if the court determines that—

''(1) there may be a defense to the action and a defense cannot be presented without the presence of the defendant; or

''(2) after due diligence, counsel has been unable to contact the defendant or otherwise determine if a meritorious defense exists.

''(e) INAPPLICABILITY OF SECTION 202 PROCEDURES.—A stay of proceedings under subsection (d) shall not be controlled by procedures or requirements under section 202.

''(f) SECTION 202 PROTECTION.—If a servicemember who is a defendant in an action covered by this section receives actual notice of the action, the servicemember may request a stay of proceeding under section 202.

''(g) VACATION OR SETTING ASIDE OF DEFAULT JUDGMENTS.—

''(1) AUTHORITY FOR COURT TO VACATE OR SET ASIDE JUDGMENT.—If a default judgment is entered in an action covered by this section against a servicemember during the servicemember's period of military service (or within 60 days after termination of or release from such military service), the court entering the judgment shall, upon application by or on behalf of the servicemember, reopen the judgment for the purpose of allowing the servicemember to defend the action if it appears that—

''(A) the servicemember was materially affected by reason of that military service in making a defense to the action; and

''(B) the servicemember has a meritorious or legal defense to the action or some part of it.

''(2) TIME FOR FILING APPLICATION.—An application under this subsection must be filed not later than 90 days after the date of the termination of or release from military service.

''(h) PROTECTION OF BONA FIDE PURCHASER.—If a court vacates, sets aside, or reverses a default judgment against a servicemember and the vacating, setting aside, or reversing is because of a provision of this Act, that action shall not impair a right or title acquired by a bona fide purchaser for value under the default judgment.

''SEC. 202. STAY OF PROCEEDINGS WHEN SERVICEMEMBER HAS NOTICE.

''(a) APPLICABILITY OF SECTION.—This section applies to any civil action or proceeding in which the defendant at the time of filing an application under this section—

''(1) is in military service or is within 90 days after termination of or release from military service; and

''(2) has received notice of the action or proceeding.

''(b) STAY OF PROCEEDINGS.—

''(1) AUTHORITY FOR STAY.—At any stage before final judgment in a civil action or proceeding in which a servicemember described in subsection (a) is a party, the court may on its own motion and shall, upon application by the servicemember, stay the action for a period of not less than 90 days, if the conditions in paragraph (2) are met.

''(2) CONDITIONS FOR STAY.—An application for a stay under paragraph (1) shall include the following:

''(A) A letter or other communication setting forth facts stating the manner in which current military duty requirements materially affect the servicemember's ability to appear and stating a date when the servicemember will be available to appear.

''(B) A letter or other communication from the servicemember's commanding officer stating that the servicemember's current military duty prevents appearance and that military leave is not authorized for the servicemember at the time of the letter.

''(c) APPLICATION NOT A WAIVER OF DEFENSES.—An application for a stay under this section does not constitute an appearance for jurisdictional purposes and does not constitute a waiver of any substantive or procedural defense (including a defense relating to lack of personal jurisdiction).

''(d) ADDITIONAL STAY.—

''(1) APPLICATION.—A servicemember who is granted a stay of a civil action or proceeding under subsection (b) may apply for an additional stay based on continuing material affect of military duty on the servicemember's ability to appear. Such an application may be made by the servicemember at the time of the initial application under subsection (b) or when it appears that the servicemember is unavailable to prosecute or defend the action. The same information required under subsection (b)(2) shall be included in an application under this subsection.

''(2) APPOINTMENT OF COUNSEL WHEN ADDITIONAL STAY REFUSED.—If the court refuses to grant an additional stay of proceedings under paragraph (1), the court shall appoint counsel to represent the servicemember in the action or proceeding.

''(e) COORDINATION WITH SECTION 201.—A servicemember who applies for a stay under this section and is unsuccessful may not seek the protections afforded by section 201.

''(f) INAPPLICABILITY TO SECTION 301.—The protections of this section do not apply to section 301.

''SEC. 203. FINES AND PENALTIES UNDER CONTRACTS.

''(a) PROHIBITION OF PENALTIES.—When an action for compliance with the terms of a contract is stayed pursuant to this Act, a penalty shall not accrue for failure to comply with the terms of the contract during the period of the stay.

''(b) REDUCTION OR WAIVER OF FINES OR PENALTIES.—If a servicemember fails to perform an obligation arising under a contract and a penalty is incurred arising from that nonperformance, a court may reduce or waive the fine or penalty if—

''(1) the servicemember was in military service at the time the fine or penalty was incurred; and

''(2) the ability of the servicemember to perform the obligation was materially affected by such military service.

''SEC. 204. STAY OR VACATION OF EXECUTION OF JUDGMENTS, ATTACHMENTS, AND GARNISHMENTS.

''(a) COURT ACTION UPON MATERIAL AFFECT DETERMINATION.—If a servicemember, in the opinion of the court, is materially affected by reason of military service in complying with a court judgment or order, the court may on its own motion and shall on application by the servicemember—

''(1) stay the execution of any judgment or order entered against the servicemember; and

''(2) vacate or stay an attachment or garnishment of property, money, or debts in the possession of the servicemember or a third party, whether before or after judgment.

''(b) APPLICABILITY.—This section applies to an action or proceeding commenced in a court against a servicemember before or during the period of the servicemember's military service or within 90 days after such service terminates.

''SEC. 205. DURATION AND TERM OF STAYS; CODEFENDANTS NOT IN SERVICE.

''(a) PERIOD OF STAY.—A stay of an action, proceeding, attachment, or execution made pursuant to the provisions of this Act by a court may be ordered for the period of military service and 90 days thereafter, or for any part of that period. The court may set the terms and amounts for such installment payments as is considered reasonable by the court.

''(b) CODEFENDANTS.—If the servicemember is a codefendant with others who are not in military service and who are not entitled to the relief and protections provided under this Act, the plaintiff may proceed against those other defendants with the approval of the court.

''(c) INAPPLICABILITY OF SECTION.—This section does not apply to sections 202 and 701.

''SEC. 206. STATUTE OF LIMITATIONS.

''(a) TOLLING OF STATUTES OF LIMITATION DURING MILITARY SERVICE.—The period of a servicemember's military service may not be included in computing any period limited by law, regulation, or order for the bringing of any action or proceeding in a court, or in any board, bureau, commission, department, or other agency of a State (or political subdivision of a State) or the United States by or against the servicemember or the servicemember's heirs, executors, administrators, or assigns.

''(b) REDEMPTION OF REAL PROPERTY.—A period of military service may not be included in computing any period provided by law for the redemption of real property sold or forfeited to enforce an obligation, tax, or assessment.

''(c) INAPPLICABILITY TO INTERNAL REVENUE LAWS.—This section does not apply to any period of limitation prescribed by or under the internal revenue laws of the United States.

''SEC. 207. MAXIMUM RATE OF INTEREST ON DEBTS INCURRED BEFORE MILITARY SERVICE.

''(a) INTEREST RATE LIMITATION.—

''(1) LIMITATION TO 6 PERCENT.—An obligation or liability bearing interest at a rate in excess of 6 percent per year that is incurred by a servicemember, or the servicemember and the servicemember's spouse jointly, before the servicemember enters military service shall not bear interest at a rate in excess of 6 percent per year during the period of military service.

''(2) FORGIVENESS OF INTEREST IN EXCESS OF 6 PERCENT.—Interest at a rate in excess of 6 percent per year that would otherwise be incurred but for the prohibition in paragraph (1) is forgiven.

''(3) PREVENTION OF ACCELERATION OF PRINCIPAL.—The amount of any periodic payment due from a servicemember under the terms of the instrument that created an obligation or liability covered by this section shall be reduced by the amount of the interest forgiven under paragraph (2) that is allocable to the period for which such payment is made.

''(b) IMPLEMENTATION OF LIMITATION.—

''(1) WRITTEN NOTICE TO CREDITOR.—In order for an obligation or liability of a servicemember to be subject to the interest rate limitation in subsection (a), the servicemember shall provide to the creditor written notice and a copy of the military orders calling the servicemember to military service and any orders further extending military service, not later than 180 days after the date of the servicemember's termination or release from military service.

''(2) LIMITATION EFFECTIVE AS OF DATE OF ORDER TO ACTIVE DUTY.—Upon receipt of written notice and a copy of orders calling a

servicemember to military service, the creditor shall treat the debt in accordance with subsection (a), effective as of the date on which the servicemember is called to military service.

''(c) CREDITOR PROTECTION.—A court may grant a creditor relief from the limitations of this section if, in the opinion of the court, the ability of the servicemember to pay interest upon the obligation or liability at a rate in excess of 6 percent per year is not materially affected by reason of the servicemember's military service.

''(d) INTEREST.—As used in this section, the term 'interest' includes service charges, renewal charges, fees, or any other charges (except bona fide insurance) with respect to an obligation or liability.

''TITLE III—RENT, INSTALLMENT CONTRACTS, MORTGAGES, LIENS, ASSIGNMENT, LEASES

''SEC. 301. EVICTIONS AND DISTRESS.

''(a) COURT-ORDERED EVICTION.—

''(1) IN GENERAL.—Except by court order, a landlord (or another person with paramount title) may not—

''(A) evict a servicemember, or the dependents of a servicemember, during a period of military service of the servicemember, from premises—

''(i) that are occupied or intended to be occupied primarily as a residence; and

''(ii) for which the monthly rent does not exceed $2,400, as adjusted under paragraph (2) for years after 2003; or

''(B) subject such premises to a distress during the period of military service.

''(2) HOUSING PRICE INFLATION ADJUSTMENT.—(A) For calendar years beginning with 2004, the amount in effect under paragraph (1)(A)(ii) shall be increased by the housing price inflation adjustment for the calendar year involved.

''(B) For purposes of this paragraph—

''(i) The housing price inflation adjustment for any calendar year is the percentage change (if any) by which—

''(I) the CPI housing component for November of the preceding calendar year, exceeds

''(II) the CPI housing component for November of 1984.

''(ii) The term 'CPI housing component' means the index published by the Bureau of Labor Statistics of the Department of Labor known as the Consumer Price Index, All Urban Consumers, Rent of Primary Residence, U.S. City Average.

''(3) PUBLICATION OF HOUSING PRICE INFLATION ADJUSTMENT.—The Secretary of Defense shall cause to be published in the Federal Register each year the amount in effect under paragraph (1)(A)(ii) for that year following the housing price inflation adjustment for that year pursuant to paragraph (2). Such publication shall be made for a year not later than 60 days after such adjustment is made for that year.

''(b) STAY OF EXECUTION.—

''(1) COURT AUTHORITY.—Upon an application for eviction or distress with respect to premises covered by this section, the court may on its own motion and shall, if a request is made by or on behalf of a servicemember whose ability to pay the agreed rent is materially affected by military service—

''(A) stay the proceedings for a period of 90 days, unless in the opinion of the court, justice and equity require a longer or shorter period of time; or

''(B) adjust the obligation under the lease to preserve the interests of all parties.

''(2) RELIEF TO LANDLORD.—If a stay is granted under paragraph (1), the court may grant to the landlord (or other person with paramount title) such relief as equity may require.

''(c) PENALTIES.—

''(1) MISDEMEANOR.—Except as provided in subsection (a), a person who knowingly takes part in an eviction or distress described in subsection (a), or who knowingly attempts to do so, shall be fined as provided in title 18, United States Code, or imprisoned for not more than one year, or both.

''(2) PRESERVATION OF OTHER REMEDIES AND RIGHTS.—The remedies and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion (or wrongful eviction) otherwise available under the law to the person claiming relief under this section, including any award for consequential and punitive damages.

''(d) RENT ALLOTMENT FROM PAY OF SERVICEMEMBER.—To the extent required by a court order related to property which is the subject of a court action under this section, the Secretary concerned shall make an allotment from the pay of a servicemember to satisfy the terms of such order, except that any such allotment shall be subject to regulations prescribed by the Secretary concerned establishing the maximum amount of pay of servicemembers that may be allotted under this subsection.

''(e) LIMITATION OF APPLICABILITY.—Section 202 is not applicable to this section.

''SEC. 302. PROTECTION UNDER INSTALLMENT CONTRACTS FOR PURCHASE OR LEASE.

''(a) PROTECTION UPON BREACH OF CONTRACT.—

''(1) PROTECTION AFTER ENTERING MILITARY SERVICE.—After a servicemember enters military service, a contract by the servicemember for—

''(A) the purchase of real or personal property (including a motor vehicle); or

''(B) the lease or bailment of such property, may not be rescinded or terminated for a breach of terms of the contract occurring before or during that person's military service, nor may the property be repossessed for such breach without a court order.

''(2) APPLICABILITY.—This section applies only to a contract for which a deposit or installment has been paid by the servicemember before the servicemember enters military service.

''(b) PENALTIES.—

''(1) MISDEMEANOR.—A person who knowingly resumes possession of property in violation of subsection (a), or in violation of section 107 of this Act, or who knowingly attempts to do so, shall be fined as provided in title 18, United States Code, or imprisoned for not more than one year, or both.

''(2) PRESERVATION OF OTHER REMEDIES AND RIGHTS.—The remedies and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including any award for consequential and punitive damages.

''(c) AUTHORITY OF COURT.—In a hearing based on this section, the court—

''(1) may order repayment to the servicemember of all or part of the prior installments or deposits as a condition of terminating the contract and resuming possession of the property;

''(2) may, on its own motion, and shall on application by a servicemember when the servicemember's ability to comply with the contract is materially affected by military service, stay the proceedings for a period of time as, in the opinion of the court, justice and equity require; or

''(3) may make other disposition as is equitable to preserve the interests of all parties.

''SEC. 303. MORTGAGES AND TRUST DEEDS.

''(a) MORTGAGE AS SECURITY.—This section applies only to an obligation on real or personal property owned by a servicemember that—

''(1) originated before the period of the servicemember's military service and for which the servicemember is still obligated; and

''(2) is secured by a mortgage, trust deed, or other security in the nature of a mortgage.

''(b) STAY OF PROCEEDINGS AND ADJUSTMENT OF OBLIGATION.—In an action filed during, or within 90 days after, a servicemember's period of military service to enforce an obligation described in subsection (a), the court may after a hearing and on its own motion and shall upon application by a servicemember when the servicemember's ability to comply with the obligation is materially affected by military service—

''(1) stay the proceedings for a period of time as justice and equity require, or

''(2) adjust the obligation to preserve the interests of all parties.

''(c) SALE OR FORECLOSURE.—A sale, foreclosure, or seizure of property for a breach of an obligation described in subsection (a) shall not be valid if made during, or within 90 days after, the period of the servicemember's military service except—

''(1) upon a court order granted before such sale, foreclosure, or seizure with a return made and approved by the court; or

''(2) if made pursuant to an agreement as provided in section 107.

''(d) PENALTIES.—

''(1) MISDEMEANOR.—A person who knowingly makes or causes to be made a sale, foreclosure, or seizure of property that is prohibited by subsection (c), or who knowingly attempts to do so, shall be fined as provided in title 18, United States Code, or imprisoned for not more than one year, or both.

''(2) PRESERVATION OF OTHER REMEDIES.—The remedies and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including consequential and punitive damages.

''SEC. 304. SETTLEMENT OF STAYED CASES RELATING TO PERSONAL PROPERTY.

''(a) APPRAISAL OF PROPERTY.—When a stay is granted pursuant to this Act in a proceeding to foreclose a mortgage on or to repossess personal property, or to rescind or terminate a contract for the purchase of personal property, the court may appoint three disinterested parties to appraise the property.

''(b) EQUITY PAYMENT.—Based on the appraisal, and if undue hardship to the servicemember's dependents will not result, the court may order that the amount of the servicemember's equity in the property be paid to the servicemember, or the servicemember's dependents, as a condition of foreclosing the mortgage, repossessing the property, or rescinding or terminating the contract.

''SEC. 305. TERMINATION OF RESIDENTIAL OR MOTOR VEHICLE LEASES.

''(a) TERMINATION BY LESSEE.—The lessee on a lease described in subsection (b) may, at the lessee's option, terminate the lease at any time after—

''(1) the lessee's entry into military service; or

''(2) the date of the lessee's military orders described in paragraph (1)(B) or (2)(B) of subsection (b), as the case may be.

''(b) COVERED LEASES.—This section applies to the following leases:

''(1) LEASES OF PREMISES.—A lease of premises occupied, or intended to be occupied, by a servicemember or a servicemember's dependents for a residential, professional, business, agricultural, or similar purpose if—

''(A) the lease is executed by or on behalf of a person who thereafter and during the term of the lease enters military service; or

''(B) the servicemember, while in military service, executes the lease and thereafter receives military orders for a permanent change of station or to deploy with a military unit for a period of not less than 90 days.

''(2) LEASES OF MOTOR VEHICLES.—A lease of a motor vehicle used, or intended to be used, by a

servicemember or a servicemember's dependents for personal or business transportation if—

''(A) the lease is executed by or on behalf of a person who thereafter and during the term of the lease enters military service under a call or order specifying a period of not less than 180 days (or who enters military service under a call or order specifying a period of 180 days or less and who, without a break in service, receives orders extending the period of military service to a period of not less than 180 days); or

''(B) the servicemember, while in military service, executes the lease and thereafter receives military orders for a permanent change of station outside of the continental United States or to deploy with a military unit for a period of not less than 180 days.

''(c) MANNER OF TERMINATION.—

''(1) IN GENERAL.—Termination of a lease under subsection (a) is made—

''(A) by delivery by the lessee of written notice of such termination, and a copy of the servicemember's military orders, to the lessor (or the lessor's grantee), or to the lessor's agent (or the agent's grantee); and

''(B) in the case of a lease of a motor vehicle, by return of the motor vehicle by the lessee to the lessor (or the lessor's grantee), or to the lessor's agent (or the agent's grantee), not later than 15 days after the date of the delivery of written notice under subparagraph (A).

''(2) DELIVERY OF NOTICE.—Delivery of notice under paragraph (1)(A) may be accomplished—

''(A) by hand delivery;

''(B) by private business carrier; or

''(C) by placing the written notice in an envelope with sufficient postage and with return receipt requested, and addressed as designated by the lessor (or the lessor's grantee) or to the lessor's agent (or the agent's grantee), and depositing the written notice in the United States mails.

''(d) EFFECTIVE DATE OF LEASE TERMINATION.—

''(1) LEASE OF PREMISES.—In the case of a lease described in subsection (b)(1) that provides for monthly payment of rent, termination of the lease under subsection (a) is effective 30 days after the first date on which the next rental payment is due and payable after the date on which the notice under subsection (c) is delivered. In the case of any other lease described in subsection (b)(1), termination of the lease under subsection (a) is effective on the last day of the month following the month in which the notice is delivered.

''(2) LEASE OF MOTOR VEHICLES.—In the case of a lease described in subsection (b)(2), termination of the lease under subsection (a) is effective on the day on which the requirements of subsection (c) are met for such termination.

''(e) ARREARAGES AND OTHER OBLIGATIONS AND LIABILITIES.—Rents or lease amounts unpaid for the period preceding the effective date of the lease termination shall be paid on a prorated basis. In the case of the lease of a motor vehicle, the lessor may not impose an early termination charge, but any taxes, summonses, and title and registration fees and any other obligation and liability of the lessee in accordance with the terms of the lease, including reasonable charges to the lessee for excess wear, use and mileage, that are due and unpaid at the time of termination of the lease shall be paid by the lessee.

''(f) RENT PAID IN ADVANCE.—Rents or lease amounts paid in advance for a period after the effective date of the termination of the lease shall be refunded to the lessee by the lessor (or the lessor's assignee or the assignee's agent) within 30 days of the effective date of the termination of the lease.

''(g) RELIEF TO LESSOR.—Upon application by the lessor to a court before the termination date provided in the written notice, relief granted by this section to a servicemember may be modified as justice and equity require.

''(h) PENALTIES.—

''(1) MISDEMEANOR.—Any person who knowingly seizes, holds, or detains the personal effects, security deposit, or other property of a servicemember or a servicemember's dependent who lawfully terminates a lease covered by this section, or who knowingly interferes with the removal of such property from premises covered by such lease, for the purpose of subjecting or attempting to subject any of such property to a claim for rent accruing subsequent to the date of termination of such lease, or attempts to do so, shall be fined as provided in title 18, United States Code, or imprisoned for not more than one year, or both.

''(2) PRESERVATION OF OTHER REMEDIES.—The remedy and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including any award for consequential or punitive damages.

''SEC. 306. PROTECTION OF LIFE INSURANCE POLICY.

''(a) ASSIGNMENT OF POLICY PROTECTED.—If a life insurance policy on the life of a servicemember is assigned before military service to secure the payment of an obligation, the assignee of the policy (except the insurer in connection with a policy loan) may not exercise, during a period of military service of the servicemember or within one year thereafter, any right or option obtained under the assignment without a court order.

''(b) EXCEPTION.—The prohibition in subsection (a) shall not apply—

''(1) if the assignee has the written consent of the insured made during the period described in subsection (a);

''(2) when the premiums on the policy are due and unpaid; or

''(3) upon the death of the insured.

''(c) ORDER REFUSED BECAUSE OF MATERIAL AFFECT.—A court which receives an application for an order required under subsection (a) may refuse to grant such order if the court determines the ability of the servicemember to comply with the terms of the obligation is materially affected by military service.

''(d) TREATMENT OF GUARANTEED PREMIUMS.—For purposes of this subsection, premiums guaranteed under the provisions of title IV of this Act shall not be considered due and unpaid.

''(e) PENALTIES.—

''(1) MISDEMEANOR.—A person who knowingly takes an action contrary to this section, or attempts to do so, shall be fined as provided in title 18, United States Code, or imprisoned for not more than one year, or both.

''(2) PRESERVATION OF OTHER REMEDIES.—The remedy and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including any consequential or punitive damages.

''SEC. 307. ENFORCEMENT OF STORAGE LIENS.

''(a) LIENS.—

''(1) LIMITATION ON FORECLOSURE OR ENFORCEMENT.—A person holding a lien on the property or effects of a servicemember may not, during any period of military service of the servicemember and for 90 days thereafter, foreclose or enforce any lien on such property or effects without a court order granted before foreclosure or enforcement.

''(2) LIEN DEFINED.—For the purposes of paragraph (1), the term 'lien' includes a lien for storage, repair, or cleaning of the property or effects of a servicemember or a lien on such property or effects for any other reason.

''(b) STAY OF PROCEEDINGS.—In a proceeding to foreclose or enforce a lien subject to this section, the court may on its own motion, and shall if requested by a servicemember whose ability to comply with the obligation resulting in the proceeding is materially affected by military service—

''(1) stay the proceeding for a period of time as justice and equity require; or

''(2) adjust the obligation to preserve the interests of all parties.

The provisions of this subsection do not affect the scope of section 303.

''(c) PENALTIES.—

''(1) MISDEMEANOR.—A person who knowingly takes an action contrary to this section, or attempts to do so, shall be fined as provided in title 18, United States Code, or imprisoned for not more than one year, or both.

''(2) PRESERVATION OF OTHER REMEDIES.—The remedy and rights provided under this section are in addition to and do not preclude any remedy for wrongful conversion otherwise available under law to the person claiming relief under this section, including any consequential or punitive damages.

''SEC. 308. EXTENSION OF PROTECTIONS TO DEPENDENTS.

''Upon application to a court, a dependent of a servicemember is entitled to the protections of this title if the dependent's ability to comply with a lease, contract, bailment, or other obligation is materially affected by reason of the servicemember's military service.

''TITLE IV—LIFE INSURANCE

''SEC. 401. DEFINITIONS.

''For the purposes of this title:

''(1) POLICY.—The term 'policy' means any individual contract for whole, endowment, universal, or term life insurance (other than group term life insurance coverage), including any benefit in the nature of such insurance arising out of membership in any fraternal or beneficial association which—

''(A) provides that the insurer may not—

''(i) decrease the amount of coverage or require the payment of an additional amount as premiums if the insured engages in military service (except increases in premiums in individual term insurance based upon age); or

''(ii) limit or restrict coverage for any activity required by military service; and

''(B) is in force not less than 180 days before the date of the insured's entry into military service and at the time of application under this title.

''(2) PREMIUM.—The term 'premium' means the amount specified in an insurance policy to be paid to keep the policy in force.

''(3) INSURED.—The term 'insured' means a servicemember whose life is insured under a policy.

''(4) INSURER.—The term 'insurer' includes any firm, corporation, partnership, association, or business that is chartered or authorized to provide insurance and issue contracts or policies by the laws of a State or the United States.

''SEC. 402. INSURANCE RIGHTS AND PROTECTIONS.

''(a) RIGHTS AND PROTECTIONS.—The rights and protections under this title apply to the insured when—

''(1) the insured,

''(2) the insured's legal representative, or

''(3) the insured's beneficiary in the case of an insured who is outside a State,

applies in writing for protection under this title, unless the Secretary of Veterans Affairs determines that the insured's policy is not entitled to protection under this title.

''(b) NOTIFICATION AND APPLICATION.—The Secretary of Veterans Affairs shall notify the Secretary concerned of the procedures to be used

to apply for the protections provided under this title. The applicant shall send the original application to the insurer and a copy to the Secretary of Veterans Affairs.

''(c) LIMITATION ON AMOUNT.—The total amount of life insurance coverage protection provided by this title for a servicemember may not exceed $250,000, or an amount equal to the Servicemember's Group Life Insurance maximum limit, whichever is greater, regardless of the number of policies submitted.

''SEC. 403. APPLICATION FOR INSURANCE PROTECTION.

''(a) APPLICATION PROCEDURE.—An application for protection under this title shall—

''(1) be in writing and signed by the insured, the insured's legal representative, or the insured's beneficiary, as the case may be;

''(2) identify the policy and the insurer; and

''(3) include an acknowledgement that the insured's rights under the policy are subject to and modified by the provisions of this title.

''(b) ADDITIONAL REQUIREMENTS.—The Secretary of Veterans Affairs may require additional information from the applicant, the insured and the insurer to determine if the policy is entitled to protection under this title.

''(c) NOTICE TO THE SECRETARY BY THE INSURER.—Upon receipt of the application of the insured, the insurer shall furnish a report concerning the policy to the Secretary of Veterans Affairs as required by regulations prescribed by the Secretary.

''(d) POLICY MODIFICATION.—Upon application for protection under this title, the insured and the insurer shall have constructively agreed to any policy modification necessary to give this title full force and effect.

''SEC. 404. POLICIES ENTITLED TO PROTECTION AND LAPSE OF POLICIES.

''(a) DETERMINATION.—The Secretary of Veterans Affairs shall determine whether a policy is entitled to protection under this title and shall notify the insured and the insurer of that determination.

''(b) LAPSE PROTECTION.—A policy that the Secretary determines is entitled to protection under this title shall not lapse or otherwise terminate or be forfeited for the nonpayment of a premium, or interest or indebtedness on a premium, after the date on which the application for protection is received by the Secretary.

''(c) TIME APPLICATION.—The protection provided by this title applies during the insured's period of military service and for a period of two years thereafter.

''SEC. 405. POLICY RESTRICTIONS.

''(a) DIVIDENDS.—While a policy is protected under this title, a dividend or other monetary benefit under a policy may not be paid to an insured or used to purchase dividend additions without the approval of the Secretary of Veterans Affairs. If such approval is not obtained, the dividends or benefits shall be added to the value of the policy to be used as a credit when final settlement is made with the insurer.

''(b) SPECIFIC RESTRICTIONS.—While a policy is protected under this title, cash value, loan value, withdrawal of dividend accumulation, unearned premiums, or other value of similar character may not be available to the insured without the approval of the Secretary. The right of the insured to change a beneficiary designation or select an optional settlement for a beneficiary shall not be affected by the provisions of this title.

''SEC. 406. DEDUCTION OF UNPAID PREMIUMS.

''(a) SETTLEMENT OF PROCEEDS.—If a policy matures as a result of a servicemember's death or otherwise during the period of protection of the policy under this title, the insurer in making settlement shall deduct from the insurance proceeds the amount of the unpaid premiums guaranteed under this title, together with interest due at the rate fixed in the policy for policy loans.

''(b) INTEREST RATE.—If the interest rate is not specifically fixed in the policy, the rate shall be the same as for policy loans in other policies issued by the insurer at the time the insured's policy was issued.

''(c) REPORTING REQUIREMENT.—The amount deducted under this section, if any, shall be reported by the insurer to the Secretary of Veterans Affairs.

''SEC. 407. PREMIUMS AND INTEREST GUARANTEED BY UNITED STATES.

''(a) GUARANTEE OF PREMIUMS AND INTEREST BY THE UNITED STATES.—

''(1) GUARANTEE.—Payment of premiums, and interest on premiums at the rate specified in section 406, which become due on a policy under the protection of this title is guaranteed by the United States. If the amount guaranteed is not paid to the insurer before the period of insurance protection under this title expires, the amount due shall be treated by the insurer as a policy loan on the policy.

''(2) POLICY TERMINATION.—If, at the expiration of insurance protection under this title, the cash surrender value of a policy is less than the amount due to pay premiums and interest on premiums on the policy, the policy shall terminate. Upon such termination, the United States shall pay the insurer the difference between the amount due and the cash surrender value.

''(b) RECOVERY FROM INSURED OF AMOUNTS PAID BY THE UNITED STATES.—

''(1) DEBT PAYABLE TO THE UNITED STATES.—The amount paid by the United States to an insurer under this title shall be a debt payable to the United States by the insured on whose policy payment was made.

''(2) COLLECTION.—Such amount may be collected by the United States, either as an offset from any amount due the insured by the United States or as otherwise authorized by law.

''(3) DEBT NOT DISCHARGEABLE IN BANKRUPTCY.—Such debt payable to the United States is not dischargeable in bankruptcy proceedings.

''(c) CREDITING OF AMOUNTS RECOVERED.—Any amounts received by the United States as repayment of debts incurred by an insured under this title shall be credited to the appropriation for the payment of claims under this title.

''SEC. 408. REGULATIONS.

''The Secretary of Veterans Affairs shall prescribe regulations for the implementation of this title.

''SEC. 409. REVIEW OF FINDINGS OF FACT AND CONCLUSIONS OF LAW.

''The findings of fact and conclusions of law made by the Secretary of Veterans Affairs in administering this title are subject to review on appeal to the Board of Veterans' Appeals pursuant to chapter 71 of title 38, United States Code, and to judicial review only as provided in chapter 72 of such title.

''TITLE V—TAXES AND PUBLIC LANDS

''SEC. 501. TAXES RESPECTING PERSONAL PROPERTY, MONEY, CREDITS, AND REAL PROPERTY.

''(a) APPLICATION.—This section applies in any case in which a tax or assessment, whether general or special (other than a tax on personal income), falls due and remains unpaid before or during a period of military service with respect to a servicemember's—

''(1) personal property (including motor vehicles); or

''(2) real property occupied for dwelling, professional, business, or agricultural purposes by a servicemember or the servicemember's dependents or employees—

''(A) before the servicemember's entry into military service; and

''(B) during the time the tax or assessment remains unpaid.

''(b) SALE OF PROPERTY.—

''(1) LIMITATION ON SALE OF PROPERTY TO ENFORCE TAX ASSESSMENT.—Property described in subsection (a) may not be sold to enforce the collection of such tax or assessment except by court order and upon the determination by the court that military service does not materially affect the servicemember's ability to pay the unpaid tax or assessment.

''(2) STAY OF COURT PROCEEDINGS.—A court may stay a proceeding to enforce the collection of such tax or assessment, or sale of such property, during a period of military service of the servicemember and for a period not more than 180 days after the termination of, or release of the servicemember from, military service.

''(c) REDEMPTION.—When property described in subsection (a) is sold or forfeited to enforce the collection of a tax or assessment, a servicemember shall have the right to redeem or commence an action to redeem the servicemember's property during the period of military service or within 180 days after termination of or release from military service. This subsection may not be construed to shorten any period provided by the law of a State (including any political subdivision of a State) for redemption.

''(d) INTEREST ON TAX OR ASSESSMENT.—Whenever a servicemember does not pay a tax or assessment on property described in subsection (a) when due, the amount of the tax or assessment due and unpaid shall bear interest until paid at the rate of 6 percent per year. An additional penalty or interest shall not be incurred by reason of nonpayment. A lien for such unpaid tax or assessment may include interest under this subsection.

''(e) JOINT OWNERSHIP APPLICATION.—This section applies to all forms of property described in subsection (a) owned individually by a servicemember or jointly by a servicemember and a dependent or dependents.

''SEC. 502. RIGHTS IN PUBLIC LANDS.

''(a) RIGHTS NOT FORFEITED.—The rights of a servicemember to lands owned or controlled by the United States, and initiated or acquired by the servicemember under the laws of the United States (including the mining and mineral leasing laws) before military service, shall not be forfeited or prejudiced as a result of being absent from the land, or by failing to begin or complete any work or improvements to the land, during the period of military service.

''(b) TEMPORARY SUSPENSION OF PERMITS OR LICENSES.—If a permittee or licensee under the Act of June 28, 1934 (43 U.S.C. 315 et seq.), enters military service, the permittee or licensee may suspend the permit or license for the period of military service and for 180 days after termination of or release from military service.

''(c) REGULATIONS.—Regulations prescribed by the Secretary of the Interior shall provide for such suspension of permits and licenses and for the remission, reduction, or refund of grazing fees during the period of such suspension.

''SEC. 503. DESERT-LAND ENTRIES.

''(a) DESERT-LAND RIGHTS NOT FORFEITED.—A desert-land entry made or held under the desert-land laws before the entrance of the entryman or the entryman's successor in interest into military service shall not be subject to contest or cancellation—

''(1) for failure to expend any required amount per acre per year in improvements upon the claim;

''(2) for failure to effect the reclamation of the claim during the period the entryman or the entryman's successor in interest is in the military service, or for 180 days after termination of or release from military service; or

''(3) during any period of hospitalization or rehabilitation due to an injury or disability incurred in the line of duty.

The time within which the entryman or claimant is required to make such expenditures and effect reclamation of the land shall be exclusive of the time periods described in paragraphs (2) and (3).

''(b) SERVICE-RELATED DISABILITY.—If an entryman or claimant is honorably discharged and is unable to accomplish reclamation of, and payment for, desert land due to a disability incurred in the line of duty, the entryman or claimant may make proof without further reclamation or payments, under regulations prescribed by the Secretary of the Interior, and receive a patent for the land entered or claimed.

''(c) FILING REQUIREMENT.—In order to obtain the protection of this section, the entryman or claimant shall, within 180 days after entry into military service, cause to be filed in the land office of the district where the claim is situated a notice communicating the fact of military service and the desire to hold the claim under this section.

''SEC. 504. MINING CLAIMS.

''(a) REQUIREMENTS SUSPENDED.—The provisions of section 2324 of the Revised Statutes of the United States (30 U.S.C. 28) specified in subsection (b) shall not apply to a servicemember's claims or interests in claims, regularly located and recorded, during a period of military service and 180 days thereafter, or during any period of hospitalization or rehabilitation due to injuries or disabilities incurred in the line of duty.

''(b) REQUIREMENTS.—The provisions in section 2324 of the Revised Statutes that shall not apply under subsection (a) are those which require that on each mining claim located after May 10, 1872, and until a patent has been issued for such claim, not less than $100 worth of labor shall be performed or improvements made during each year.

''(c) PERIOD OF PROTECTION FROM FORFEITURE.—A mining claim or an interest in a claim owned by a servicemember that has been regularly located and recorded shall not be subject to forfeiture for nonperformance of annual assessments during the period of military service and for 180 days thereafter, or for any period of hospitalization or rehabilitation described in subsection (a).

''(d) FILING REQUIREMENT.—In order to obtain the protections of this section, the claimant of a mining location shall, before the end of the assessment year in which military service is begun or within 60 days after the end of such assessment year, cause to be filed in the office where the location notice or certificate is recorded a notice communicating the fact of military service and the desire to hold the mining claim under this section.

''SEC. 505. MINERAL PERMITS AND LEASES.

''(a) SUSPENSION DURING MILITARY SERVICE.—A person holding a permit or lease on the public domain under the Federal mineral leasing laws who enters military service may suspend all operations under the permit or lease for the duration of military service and for 180 days thereafter. The term of the permit or lease shall not run during the period of suspension, nor shall any rental or royalties be charged against the permit or lease during the period of suspension.

''(b) NOTIFICATION.—In order to obtain the protection of this section, the permittee or lessee shall, within 180 days after entry into military service, notify the Secretary of the Interior by registered mail of the fact that military service has begun and of the desire to hold the claim under this section.

''(c) CONTRACT MODIFICATION.—This section shall not be construed to supersede the terms of any contract for operation of a permit or lease.

''SEC. 506. PERFECTION OR DEFENSE OF RIGHTS.

''(a) RIGHT TO TAKE ACTION NOT AFFECTED.—This title shall not affect the right of a servicemember to take action during a period of military service that is authorized by law or regulations of the Department of the Interior, for the perfection, defense, or further assertion of rights initiated or acquired before entering military service.

''(b) AFFIDAVITS AND PROOFS.—

''(1) IN GENERAL.—A servicemember during a period of military service may make any affidavit or submit any proof required by law, practice, or regulation of the Department of the Interior in connection with the entry, perfection, defense, or further assertion of rights initiated or acquired before entering military service before an officer authorized to provide notary services under section 1044a of title 10, United States Code, or any superior commissioned officer.

''(2) LEGAL STATUS OF AFFIDAVITS.—Such affidavits shall be binding in law and subject to the same penalties as prescribed by section 1001 of title 18, United State Code.

''SEC. 507. DISTRIBUTION OF INFORMATION CONCERNING BENEFITS OF TITLE.

''(a) DISTRIBUTION OF INFORMATION BY SECRETARY CONCERNED.—The Secretary concerned shall issue to servicemembers information explaining the provisions of this title.

''(b) APPLICATION FORMS.—The Secretary concerned shall provide application forms to servicemembers requesting relief under this title.

''(c) INFORMATION FROM SECRETARY OF THE INTERIOR.—The Secretary of the Interior shall furnish to the Secretary concerned information explaining the provisions of this title (other than sections 501, 510, and 511) and related application forms.

''SEC. 508. LAND RIGHTS OF SERVICEMEMBERS.

''(a) NO AGE LIMITATIONS.—Any servicemember under the age of 21 in military service shall be entitled to the same rights under the laws relating to lands owned or controlled by the United States, including mining and mineral leasing laws, as those servicemembers who are 21 years of age.

''(b) RESIDENCY REQUIREMENT.—Any requirement related to the establishment of a residence within a limited time shall be suspended as to entry by a servicemember in military service until 180 days after termination of or release from military service.

''(c) ENTRY APPLICATIONS.—Applications for entry may be verified before a person authorized to administer oaths under section 1044a of title 10, United States Code, or under the laws of the State where the land is situated.

''SEC. 509. REGULATIONS.

''The Secretary of the Interior may issue regulations necessary to carry out this title (other than sections 501, 510, and 511).

''SEC. 510. INCOME TAXES.

''(a) DEFERRAL OF TAX.—Upon notice to the Internal Revenue Service or the tax authority of a State or a political subdivision of a State, the collection of income tax on the income of a servicemember falling due before or during military service shall be deferred for a period not more than 180 days after termination of or release from military service, if a servicemember's ability to pay such income tax is materially affected by military service.

''(b) ACCRUAL OF INTEREST OR PENALTY.—No interest or penalty shall accrue for the period of deferment by reason of nonpayment on any amount of tax deferred under this section.

''(c) STATUTE OF LIMITATIONS.—The running of a statute of limitations against the collection of tax deferred under this section, by seizure or otherwise, shall be suspended for the period of military service of the servicemember and for an additional period of 270 days thereafter.

''(d) APPLICATION LIMITATION.—This section shall not apply to the tax imposed on employees by section 3101 of the Internal Revenue Code of 1986.

''SEC. 511. RESIDENCE FOR TAX PURPOSES.

''(a) RESIDENCE OR DOMICILE.—A servicemember shall neither lose nor acquire a residence or domicile for purposes of taxation with respect to the person, personal property, or income of the servicemember by reason of being absent or present in any tax jurisdiction of the United States solely in compliance with military orders.

''(b) MILITARY SERVICE COMPENSATION.—Compensation of a servicemember for military service shall not be deemed to be income for services performed or from sources within a tax jurisdiction of the United States if the servicemember is not a resident or domiciliary of the jurisdiction in which the servicemember is serving in compliance with military orders.

''(c) PERSONAL PROPERTY.—

''(1) RELIEF FROM PERSONAL PROPERTY TAXES.—The personal property of a servicemember shall not be deemed to be located or present in, or to have a situs for taxation in, the tax jurisdiction in which the servicemember is serving in compliance with military orders.

''(2) EXCEPTION FOR PROPERTY WITHIN MEMBER'S DOMICILE OR RESIDENCE.—This subsection applies to personal property or its use within any tax jurisdiction other than the servicemember's domicile or residence.

''(3) EXCEPTION FOR PROPERTY USED IN TRADE OR BUSINESS.—This section does not prevent taxation by a tax jurisdiction with respect to personal property used in or arising from a trade or business, if it has jurisdiction.

''(4) RELATIONSHIP TO LAW OF STATE OF DOMICILE.—Eligibility for relief from personal property taxes under this subsection is not contingent on whether or not such taxes are paid to the State of domicile.

''(d) INCREASE OF TAX LIABILITY.—A tax jurisdiction may not use the military compensation of a nonresident servicemember to increase the tax liability imposed on other income earned by the nonresident servicemember or spouse subject to tax by the jurisdiction.

''(e) FEDERAL INDIAN RESERVATIONS.—An Indian servicemember whose legal residence or domicile is a Federal Indian reservation shall be taxed by the laws applicable to Federal Indian reservations and not the State where the reservation is located.

''(f) DEFINITIONS.—For purposes of this section:

''(1) PERSONAL PROPERTY.—The term 'personal property' means intangible and tangible property (including motor vehicles).

''(2) TAXATION.—The term 'taxation' includes licenses, fees, or excises imposed with respect to motor vehicles and their use, if the license, fee, or excise is paid by the servicemember in the servicemember's State of domicile or residence.

''(3) TAX JURISDICTION.—The term 'tax jurisdiction' means a State or a political subdivision of a State.

''TITLE VI—ADMINISTRATIVE REMEDIES

''SEC. 601. INAPPROPRIATE USE OF ACT.

''If a court determines, in any proceeding to enforce a civil right, that any interest, property, or contract has been transferred or acquired with the intent to delay the just enforcement of such right by taking advantage of this Act, the court shall enter such judgment or make such order as might lawfully be entered or made concerning such transfer or acquisition.

''SEC. 602. CERTIFICATES OF SERVICE; PERSONS REPORTED MISSING.

''(a) PRIMA FACIE EVIDENCE.—In any proceeding under this Act, a certificate signed by the Secretary concerned is prima facie evidence

as to any of the following facts stated in the certificate:

''(1) That a person named is, is not, has been, or has not been in military service.

''(2) The time and the place the person entered military service.

''(3) The person's residence at the time the person entered military service.

''(4) The rank, branch, and unit of military service of the person upon entry.

''(5) The inclusive dates of the person's military service.

''(6) The monthly pay received by the person at the date of the certificate's issuance.

''(7) The time and place of the person's termination of or release from military service, or the person's death during military service.

''(b) CERTIFICATES.—The Secretary concerned shall furnish a certificate under subsection (a) upon receipt of an application for such a certificate. A certificate appearing to be signed by the Secretary concerned is prima facie evidence of its contents and of the signer's authority to issue it.

''(c) TREATMENT OF SERVICEMEMBERS IN MISSING STATUS.—A servicemember who has been reported missing is presumed to continue in service until accounted for. A requirement under this Act that begins or ends with the death of a servicemember does not begin or end until the servicemember's death is reported to, or determined by, the Secretary concerned or by a court of competent jurisdiction.

''SEC. 603. INTERLOCUTORY ORDERS.

''An interlocutory order issued by a court under this Act may be revoked, modified, or extended by that court upon its own motion or otherwise, upon notification to affected parties as required by the court.

''TITLE VII—FURTHER RELIEF

''SEC. 701. ANTICIPATORY RELIEF.

''(a) APPLICATION FOR RELIEF.—A servicemember may, during military service or within 180 days of termination of or release from military service, apply to a court for relief—

''(1) from any obligation or liability incurred by the servicemember before the servicemember's military service; or

''(2) from a tax or assessment falling due before or during the servicemember's military service.

''(b) TAX LIABILITY OR ASSESSMENT.—In a case covered by subsection (a), the court may, if the ability of the servicemember to comply with the terms of such obligation or liability or pay such tax or assessment has been materially affected by reason of military service, after appropriate notice and hearing, grant the following relief:

''(1) STAY OF ENFORCEMENT OF REAL ESTATE CONTRACTS.—

''(A) In the case of an obligation payable in installments under a contract for the purchase of real estate, or secured by a mortgage or other instrument in the nature of a mortgage upon real estate, the court may grant a stay of the enforcement of the obligation—

''(i) during the servicemember's period of military service; and

''(ii) from the date of termination of or release from military service, or from the date of application if made after termination of or release from military service.

''(B) Any stay under this paragraph shall be—

''(i) for a period equal to the remaining life of the installment contract or other instrument, plus a period of time equal to the period of military service of the servicemember, or any part of such combined period; and

''(ii) subject to payment of the balance of the principal and accumulated interest due and unpaid at the date of termination or release from the applicant's military service or from the date of application in equal installments during the combined period at the rate of interest on the unpaid balance prescribed in the contract or other instrument evidencing the obligation, and subject to other terms as may be equitable.

''(2) STAY OF ENFORCEMENT OF OTHER CONTRACTS.—

''(A) In the case of any other obligation, liability, tax, or assessment, the court may grant a stay of enforcement—

''(i) during the servicemember's military service; and

''(ii) from the date of termination of or release from military service, or from the date of application if made after termination or release from military service.

''(B) Any stay under this paragraph shall be—

''(i) for a period of time equal to the period of the servicemember's military service or any part of such period; and

''(ii) subject to payment of the balance of principal and accumulated interest due and unpaid at the date of termination or release from military service, or the date of application, in equal periodic installments during this extended period at the rate of interest as may be prescribed for this obligation, liability, tax, or assessment, if paid when due, and subject to other terms as may be equitable.

''(c) AFFECT OF STAY ON FINE OR PENALTY.—When a court grants a stay under this section, a fine or penalty shall not accrue on the obligation, liability, tax, or assessment for the period of compliance with the terms and conditions of the stay.

''SEC. 702. POWER OF ATTORNEY.

''(a) AUTOMATIC EXTENSION.—A power of attorney of a servicemember shall be automatically extended for the period the servicemember is in a missing status (as defined in section 551(2) of title 37, United States Code) if the power of attorney—

''(1) was duly executed by the servicemember—

''(A) while in military service; or

''(B) before entry into military service but after the servicemember—

''(i) received a call or order to report for military service; or

''(ii) was notified by an official of the Department of Defense that the person could receive a call or order to report for military service;

''(2) designates the servicemember's spouse, parent, or other named relative as the servicemember's attorney in fact for certain, specified, or all purposes; and

''(3) expires by its terms after the servicemember entered a missing status.

''(b) LIMITATION ON POWER OF ATTORNEY EXTENSION.—A power of attorney executed by a servicemember may not be extended under subsection (a) if the document by its terms clearly indicates that the power granted expires on the date specified even though the servicemember, after the date of execution of the document, enters a missing status.

''SEC. 703. PROFESSIONAL LIABILITY PROTECTION.

''(a) APPLICABILITY.—This section applies to a servicemember who—

''(1) after July 31, 1990, is ordered to active duty (other than for training) pursuant to sections 688, 12301(a), 12301(g), 12302, 12304, 12306, or 12307 of title 10, United States Code, or who is ordered to active duty under section 12301(d) of such title during a period when members are on active duty pursuant to any of the preceding sections; and

''(2) immediately before receiving the order to active duty—

''(A) was engaged in the furnishing of healthcare or legal services or other services determined by the Secretary of Defense to be professional services; and

''(B) had in effect a professional liability insurance policy that does not continue to cover claims filed with respect to the servicemember during the period of the servicemember's active duty unless the premiums are paid for such coverage for such period.

''(b) SUSPENSION OF COVERAGE.—

''(1) SUSPENSION.—Coverage of a servicemember referred to in subsection (a) by a professional liability insurance policy shall be suspended by the insurance carrier in accordance with this subsection upon receipt of a written request from the servicemember by the insurance carrier.

''(2) PREMIUMS FOR SUSPENDED CONTRACTS.—A professional liability insurance carrier—

''(A) may not require that premiums be paid by or on behalf of a servicemember for any professional liability insurance coverage suspended pursuant to paragraph (1); and

''(B) shall refund any amount paid for coverage for the period of such suspension or, upon the election of such servicemember, apply such amount for the payment of any premium becoming due upon the reinstatement of such coverage.

''(3) NONLIABILITY OF CARRIER DURING SUSPENSION.—A professional liability insurance carrier shall not be liable with respect to any claim that is based on professional conduct (including any failure to take any action in a professional capacity) of a servicemember that occurs during a period of suspension of that servicemember's professional liability insurance under this subsection.

''(4) CERTAIN CLAIMS CONSIDERED TO ARISE BEFORE SUSPENSION.—For the purposes of paragraph (3), a claim based upon the failure of a professional to make adequate provision for a patient, client, or other person to receive professional services or other assistance during the period of the professional's active duty service shall be considered to be based on an action or failure to take action before the beginning of the period of the suspension of professional liability insurance under this subsection, except in a case in which professional services were provided after the date of the beginning of such period.

''(c) REINSTATEMENT OF COVERAGE.—

''(1) REINSTATEMENT REQUIRED.—Professional liability insurance coverage suspended in the case of any servicemember pursuant to subsection (b) shall be reinstated by the insurance carrier on the date on which that servicemember transmits to the insurance carrier a written request for reinstatement.

''(2) TIME AND PREMIUM FOR REINSTATEMENT.—The request of a servicemember for reinstatement shall be effective only if the servicemember transmits the request to the insurance carrier within 30 days after the date on which the servicemember is released from active duty. The insurance carrier shall notify the servicemember of the due date for payment of the premium of such insurance. Such premium shall be paid by the servicemember within 30 days after receipt of that notice.

''(3) PERIOD OF REINSTATED COVERAGE.—The period for which professional liability insurance coverage shall be reinstated for a servicemember under this subsection may not be less than the balance of the period for which coverage would have continued under the insurance policy if the coverage had not been suspended.

''(d) INCREASE IN PREMIUM.—

''(1) LIMITATION ON PREMIUM INCREASES.—An insurance carrier may not increase the amount of the premium charged for professional liability insurance coverage of any servicemember for the minimum period of the reinstatement of such coverage required under subsection (c)(3) to an amount greater than the amount chargeable for such coverage for such period before the suspension.

''(2) EXCEPTION.—Paragraph (1) does not prevent an increase in premium to the extent of any general increase in the premiums charged by that carrier for the same professional liability coverage for persons similarly covered by such insurance during the period of the suspension.

''(e) CONTINUATION OF COVERAGE OF UNAFFECTED PERSONS.—This section does not—

''(1) require a suspension of professional liability insurance protection for any person who is not a person referred to in subsection (a) and who is covered by the same professional liability insurance as a person referred to in such subsection; or

''(2) relieve any person of the obligation to pay premiums for the coverage not required to be suspended.

''(f) STAY OF CIVIL OR ADMINISTRATIVE ACTIONS.—

''(1) STAY OF ACTIONS.—A civil or administrative action for damages on the basis of the alleged professional negligence or other professional liability of a servicemember whose professional liability insurance coverage has been suspended under subsection (b) shall be stayed until the end of the period of the suspension if—

''(A) the action was commenced during the period of the suspension;

''(B) the action is based on an act or omission that occurred before the date on which the suspension became effective; and

''(C) the suspended professional liability insurance would, except for the suspension, on its face cover the alleged professional negligence or other professional liability negligence or other professional liability of the servicemember.

''(2) DATE OF COMMENCEMENT OF ACTION.—Whenever a civil or administrative action for damages is stayed under paragraph (1) in the case of any servicemember, the action shall have been deemed to have been filed on the date on which the professional liability insurance coverage of the servicemember is reinstated under subsection (c).

''(g) EFFECT OF SUSPENSION UPON LIMITATIONS PERIOD.—In the case of a civil or administrative action for which a stay could have been granted under subsection (f) by reason of the suspension of professional liability insurance coverage of the defendant under this section, the period of the suspension of the coverage shall be excluded from the computation of any statutory period of limitation on the commencement of such action.

''(h) DEATH DURING PERIOD OF SUSPENSION.—If a servicemember whose professional liability insurance coverage is suspended under subsection (b) dies during the period of the suspension—

''(1) the requirement for the grant or continuance of a stay in any civil or administrative action against such servicemember under subsection (f)(1) shall terminate on the date of the death of such servicemember; and

''(2) the carrier of the professional liability insurance so suspended shall be liable for any claim for damages for professional negligence or other professional liability of the deceased servicemember in the same manner and to the same extent as such carrier would be liable if the servicemember had died while covered by such insurance but before the claim was filed.

''(i) DEFINITIONS.—For purposes of this section:

''(1) ACTIVE DUTY.—The term 'active duty' has the meaning given that term in section 101(d)(1) of title 10, United States Code.

''(2) PROFESSION.—The term 'profession' includes occupation.

''(3) PROFESSIONAL.—The term 'professional' includes occupational.

''SEC. 704. HEALTH INSURANCE REINSTATEMENT.

''(a) REINSTATEMENT OF HEALTH INSURANCE.—A servicemember who, by reason of military service as defined in section 703(a)(1), is entitled to the rights and protections of this Act shall also be entitled upon termination or release from such service to reinstatement of any health insurance that—

''(1) was in effect on the day before such service commenced; and

''(2) was terminated effective on a date during the period of such service.

''(b) NO EXCLUSION OR WAITING PERIOD.—The reinstatement of health care insurance coverage for the health or physical condition of a servicemember described in subsection (a), or any other person who is covered by the insurance by reason of the coverage of the servicemember, shall not be subject to an exclusion or a waiting period, if—

''(1) the condition arose before or during the period of such service;

''(2) an exclusion or a waiting period would not have been imposed for the condition during the period of coverage; and

''(3) if the condition relates to the servicemember, the condition has not been determined by the Secretary of Veterans Affairs to be a disability incurred or aggravated in the line of duty (within the meaning of section 105 of title 38, United States Code).

''(c) EXCEPTIONS.—Subsection (a) does not apply to a servicemember entitled to participate in employer-offered insurance benefits pursuant to the provisions of chapter 43 of title 38, United States Code.

''(d) TIME FOR APPLYING FOR REINSTATEMENT.—An application under this section must be filed not later than 120 days after the date of the termination of or release from military service.

''SEC. 705. GUARANTEE OF RESIDENCY FOR MILITARY PERSONNEL.

''For the purposes of voting for any Federal office (as defined in section 301 of the Federal Election Campaign Act of 1971 (2 U.S.C. 431)) or a State or local office, a person who is absent from a State in compliance with military or naval orders shall not, solely by reason of that absence—

''(1) be deemed to have lost a residence or domicile in that State, without regard to whether or not the person intends to return to that State;

''(2) be deemed to have acquired a residence or domicile in any other State; or

''(3) be deemed to have become a resident in or a resident of any other State.

''SEC. 706. BUSINESS OR TRADE OBLIGATIONS.

''(a) AVAILABILITY OF NON-BUSINESS ASSETS TO SATISFY OBLIGATIONS.—If the trade or business (without regard to the form in which such trade or business is carried out) of a servicemember has an obligation or liability for which the servicemember is personally liable, the assets of the servicemember not held in connection with the trade or business may not be available for satisfaction of the obligation or liability during the servicemember's military service.

''(b) RELIEF TO OBLIGORS.—Upon application to a court by the holder of an obligation or liability covered by this section, relief granted by this section to a servicemember may be modified as justice and equity require.''.

SEC. 2. CONFORMING AMENDMENTS.

(a) MILITARY SELECTIVE SERVICE ACT.—Section 14 of the Military Selective Service Act (50 U.S.C. App. 464) is repealed.

(b) TITLE 5, UNITED STATES CODE.—

(1) Section 5520a(k)(2)(A) of title 5, United States Code, is amended by striking ''Soldiers' and Sailors' Civil Relief Act of 1940'' and inserting ''Servicemembers Civil Relief Act''; and

(2) Section 5569(e) of title 5, United States Code, is amended—

(A) in paragraph (1), by striking ''provided by the Soldiers' and Sailors' Civil Relief Act of 1940'' and all that follows through ''of such Act'' and inserting ''provided by the Servicemembers Civil Relief Act, including the benefits provided by section 702 of such Act but excluding the benefits provided by sections 104, 105, and 106, title IV, and title V (other than sections 501 and 510) of such Act''; and

(B) in paragraph (2)(A), by striking ''person in the military service'' and inserting ''servicemember''.

(c) TITLE 10, UNITED STATES CODE.—Section 1408(b)(1)(D) of title 10, United States Code, is amended by striking ''Soldiers' and Sailors' Civil Relief Act of 1940'' and inserting ''Servicemembers Civil Relief Act''.

(d) INTERNAL REVENUE CODE.—Section 7654(d)(1) of the Internal Revenue Code of 1986 is amended by striking ''Soldiers' and Sailors' Civil Relief Act'' and inserting ''Servicemembers Civil Relief Act''.

(e) PUBLIC HEALTH SERVICE ACT.—Section 212(e) of the Public Health Service Act (42 U.S.C. 213(e)) is amended by striking ''Soldiers' and Sailors' Civil Relief Act of 1940'' and inserting ''Servicemembers Civil Relief Act''.

(f) ELEMENTARY AND SECONDARY EDUCATION ACT OF 1965.—Section 8001 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7701) is amended by striking ''section 514 of the Soldiers' and Sailors' Civil Relief Act of 1940 (50 U.S.C. App. 574)'' in the matter preceding paragraph (1) and inserting ''section 511 of the Servicemembers Civil Relief Act''.

(g) NOAA COMMISSIONED OFFICER CORPS ACT OF 2002.—Section 262(a)(2) of National Oceanic and Atmospheric Administration Commissioned Officer Corps Act of 2002 (33 U.S.C. 3072(a)(2)) is amended to read as follows:

''(2) The Servicemembers Civil Relief Act.''.

SEC. 3. EFFECTIVE DATE.

The amendment made by section 1 shall apply to any case that is not final before the date of the enactment of this Act.

Mr. GRAHAM of Florida. Mr. President, as ranking member of the Committee on Veterans' Affairs, I ask my colleagues to join me today in passing S. 1136, the Servicemembers' Civil Relief Act. This important bill would restate and update the Soldiers' and Sailors' Civil Relief Act of 1940, a law that protects servicemembers from worrying about civil lawsuits and pre-existing debts while they are in uniform defending the United States. The bill reasserts our commitment to protect and care for those servicemen and women who often make tremendous sacrifices to serve our nation.

Civil protections have been afforded to servicemembers in the United States since the War of 1812. The first modern version of the SSCRA was enacted after the U.S. entered World War I. In 1940, Congress reenacted many of the WWI provisions, but raised the protection on rent evictions by $30 to reflect the rise in the cost of living. Congress continued to update and supplement provisions over the years to adapt the protections to the changing needs and circumstances of servicemembers. In 2002, responding to the lengthy mobilization of National Guard members to safeguard the nation's airports after the attacks of September 11, Congress extended SSCRA protections to Guard members called up by the President to respond to national emergencies who

remain under the authority of the State Governors.

This legislation would restate, clarify, and revise the Soldiers' and Sailors' Civil Relief Act of 1940, SSCRA, and its subsequent amendments. The SSCRA's main purpose has been to suspend some of the legal obligations incurred by military personnel prior to entry into the service or mobilization for active service in the Reserves or the National Guard. The core protections provided by the SSCRA are: stays of civil legal proceedings during a person's period of military service; an interest rate cap of 6 percent on debts incurred before active duty; protection from eviction and termination of pre-service residential leases; and legal residency protection. Also, servicemembers are able to terminate a lease on a home if given orders to move. Because of the SSCRA, servicemembers have not had to worry about being sued or being evicted from their homes while deployed. Instead, the legislation has allowed them to properly keep their focus on military duties.

The legislation before us, S. 1136, would update the SSCRA to better address the obligations servicemembers incur today. For example, due to the escalating costs of rental housing over the past few decades, this act will provide greater protection for servicemembers and their families from being evicted during times of military service. Currently, servicemembers are protected from eviction if they have a monthly rent of $1200 or less. This legislation will raise the bar to $2,400, to be adjusted annually based on the annual increase in the Consumer Price Index, thus avoiding the future need for frequent amendments to the law.

Continuing the effort to make the SSCRA applicable to today's servicemembers' lifestyles, this legislation would allow servicemembers to be released from a lease for an automobile if they are deployed for an extended period of time or moved overseas. It was necessary to add this protection because auto leasing has become such a popular alternative to purchasing in recent times, yet many leases prohibit the removal of cars from the United States.

This bill would also look after the needs of small business owners who serve, particularly those in the Reserves and National Guard. If passed, the bill would preserve the assets of small business owners during military service if the servicemember is personally liable for trade or business debts.

I thank the leadership of my colleagues who serve on the House Committee on Veterans' Affairs, the Chairman of the Senate Committee on Veterans' Affairs, Senator SPECTER, and Senators BEN NELSON and ZELL MILLER, who have all worked together to provide a comprehensive and necessary set of benefits which will relieve many of the personal burdens some of our servicemembers face when they are called into duty. The benefits will allow them to continue focusing their efforts on their heroic duties for our Nation.

I urge my colleagues to support this critical measure and restore the fundamental justice due our veterans.

Mr. FRIST. I ask unanimous consent the committee substitute amendment be agreed to; the bill, as amended, be read a third time, and the Veterans' Affairs Committee then be discharged from further consideration of H.R. 100, and the Senate proceed to its consideration. I further ask all after the enacting clause be stricken, the text of S. 1136, as amended, be inserted in lieu thereof, the bill as amended be read a third time and passed, the motions to reconsider be laid on the table en bloc, S. 1136 then be returned to the calendar, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The committee amendment in the nature of a substitute was agreed to.

The bill was ordered to be engrossed for a third reading and was read the third time.

The bill (H.R. 100), as amended, was read the third time and passed.

DEPARTMENT OF HOMELAND SECURITY FINANCIAL ACCOUNTABILITY ACT

Mr. FRIST. I ask unanimous consent the Senate now proceed to consideration of Calendar No. 405, S. 1567.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1567) to amend title 31, United States Code, to improve financial accountability requirements applicable to the Department of Homeland Security and for other purposes.

There being no objection, the Senate proceeded to consider the bill which had been reported from the Committee on Governmental Affairs, with an amendment to strike all after the enacting clause and insert in lieu thereof the following:

[Strike the part shown in black brackets and insert the part shown in italic.]

S. 1567

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

[SECTION 1. SHORT TITLE.

[This Act may be cited as the ''Department of Homeland Security Financial Accountability Act''.

[SEC. 2. CHIEF FINANCIAL OFFICER OF THE DEPARTMENT OF HOMELAND SECURITY.

[(a) IN GENERAL.—Section 901(b)(1) of title 31, United States Code, is amended—

[(1) by redesignating subparagraphs (G) through (P) as subparagraphs (H) through (Q), respectively; and

[(2) by inserting after subparagraph (F) the following:

[''(G) The Department of Homeland Security.''.

[(b) APPOINTMENT OR DESIGNATION OF CFO.—The President shall appoint or designate a Chief Financial Officer of the Department of Homeland Security under the amendment made by subsection (a) by not later than 180 days after the date of the enactment of this Act.

[(c) CONTINUED SERVICE OF CURRENT OFFICIAL.—The individual serving as Chief Financial Officer of the Department of Homeland Security immediately before the enactment of this Act may continue to serve in that position until the date of the confirmation or designation, as applicable (under section 901(a)(1)(B) of title 31, United States Code), of a successor under the amendment made by subsection (a).

[(d) CONFORMING AMENDMENTS.—

[(1) HOMELAND SECURITY ACT OF 2002.—The Homeland Security Act of 2002 (Public Law 107–296) is amended—

[(A) in section 103 (6 U.S.C. 113)—

[(i) in subsection (d) by striking paragraph (4), and redesignating paragraph (5) as paragraph (4);

[(ii) by redesignating subsection (e) as subsection (f); and

[(iii) by inserting after subsection (d) the following:

[''(e) CHIEF FINANCIAL OFFICER.—There shall be in the Department a Chief Financial Officer, as provided in chapter 9 of title 31, United States Code.''; and

[(B) in section 702 (6 U.S.C. 342) by striking ''shall report'' and all that follows through the period and inserting ''shall perform functions as specified in chapter 9 of title 31, United States Code.''.

[(2) FEMA.—Section 901(b)(2) of title 31, United States Code, is amended by striking subparagraph (B), and by redesignating subparagraphs (D) through (H) as subparagraphs (C) through (G), respectively.

[SEC. 3. FUNCTIONS OF CHIEF FINANCIAL OFFICER OF THE DEPARTMENT OF HOMELAND SECURITY.

[Section 3516 of title 31, United States Code, is amended by adding at the end the following:

[''(f) The Secretary of Homeland Security—

[''(1) shall submit for fiscal year 2004, and for each subsequent fiscal year, a performance and accountability report under subsection (a) that incorporates the program performance report under section 1116 of this title for the Department of Homeland Security; and

[''(2) shall include in each performance and accountability report an audit opinion of the Department's internal controls over its financial reporting.''.]

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Department of Homeland Security Financial Accountability Act''.

SEC. 2. CHIEF FINANCIAL OFFICER OF THE DEPARTMENT OF HOMELAND SECURITY.

(a) IN GENERAL.—Section 901(b)(1) of title 31, United States Code, is amended—

(1) by redesignating subparagraphs (G) through (P) as subparagraphs (H) through (Q), respectively; and

(2) by inserting after subparagraph (F) the following:

''(G) The Department of Homeland Security.''.

(b) APPOINTMENT OR DESIGNATION OF CFO.—The President shall appoint or designate a Chief Financial Officer of the Department of Homeland Security under the amendment made by

subsection (a) by not later than 180 days after the date of the enactment of this Act.

(c) CONTINUED SERVICE OF CURRENT OFFICIAL.—The individual serving as Chief Financial Officer of the Department of Homeland Security immediately before the enactment of this Act may continue to serve in that position until the date of the confirmation or designation, as applicable (under section 901(a)(1)(B) of title 31, United States Code), of a successor under the amendment made by subsection (a).

(d) CONFORMING AMENDMENTS.—

(1) HOMELAND SECURITY ACT OF 2002.—The Homeland Security Act of 2002 (Public Law 107–296) is amended—

(A) in section 103 (6 U.S.C. 113)—

(i) in subsection (d) by striking paragraph (4), and redesignating paragraph (5) as paragraph (4);

(ii) by redesignating subsection (e) as subsection (f); and

(iii) by inserting after subsection (d) the following:

''(e) CHIEF FINANCIAL OFFICER.—There shall be in the Department a Chief Financial Officer, as provided in chapter 9 of title 31, United States Code.''; and

(B) in section 702 (6 U.S.C. 342) by striking ''shall report'' and all that follows through the period and inserting ''shall perform functions as specified in chapter 9 of title 31, United States Code.''.

(2) FEMA.—Section 901(b)(2) of title 31, United States Code, is amended by striking subparagraph (B), and by redesignating subparagraphs (C) through (H) as subparagraphs (B) through (G), respectively.

SEC. 3. FUNCTIONS OF CHIEF FINANCIAL OFFICER OF THE DEPARTMENT OF HOMELAND SECURITY.

(a) PERFORMANCE AND ACCOUNTABILITY REPORTS.—Section 3516 of title 31, United States Code, is amended by adding at the end the following:

''(f) The Secretary of Homeland Security—

''(1) shall for each fiscal year submit a performance and accountability report under subsection (a) that incorporates the program performance report under section 1116 of this title for the Department of Homeland Security; and

''(2) shall include in each performance and accountability report an audit opinion of the Department's internal controls over its financial reporting.''.

(b) IMPLEMENTATION OF AUDIT OPINION REQUIREMENT.—The Secretary of Homeland Security shall include audit opinions in performance and accountability reports under section 3516(f) of title 31, United States Code, as amended by subsection (a), only for fiscal years after fiscal year 2004.

(c) ASSERTION OF INTERNAL CONTROLS.—The Secretary of Homeland Security shall include in the performance and accountability report for fiscal year 2004 submitted by the Secretary under section 3516(f) of title 31, United States Code, an assertion of the internal controls that apply to financial reporting by the Department of Homeland Security.

SEC. 4. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Secretary of Homeland Security such sums as are necessary to carry out this Act.

Mr. FRIST. I ask unanimous consent the committee substitute be agreed to, the bill, as amended, be read a third time and passed, the motion to reconsider be laid on the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The committee amendment in the nature of a substitute was agreed to.

The bill (S. 1567), as amended, was read the third time and passed.

UNANIMOUS CONSENT AGREEMENT—S. 1248

Mr. FRIST. I ask unanimous consent that at a time to be determined by the majority leader in consultation with the minority leader, the Senate proceed to consideration of Calendar No. 362, S. 1248, the IDEA Act Reauthorization bill, and that it be considered under the following limitations: That the following amendments be the only first-degree amendments in order, other than the committee-reported substitute amendment, and that any second-degree amendments be relevant to the first-degree amendment to which they are offered: Gregg or his designee, IDEA attorney's fees; Gregg or his designee, IDEA funding; Gregg or his designee, IDEA paperwork reduction; Gregg or his designee, IDEA relevant; Harkin, IDEA funding; Murray, IDEA for the homeless; Clinton, coordinating data on developmental disabilities; Kennedy or his designee, IDEA relevant; Gregg-Kennedy, managers' amendment.

I further ask that upon disposition of all amendments, the committee substitute as amended be agreed to, the bill as amended be read a third time, and the HELP Committee be discharged from further consideration of H.R. 1350, the House companion bill, and the Senate then proceed to its immediate consideration; provided further that all after the enacting clause be stricken, and the text of S. 1248, as amended, be inserted in lieu thereafter, the bill, as amended, be read a third time and the Senate proceed to a vote on passage, without any intervening action or debate, and following the vote the motion to reconsider be laid upon the table. I further ask that after the vote on passage, S. 1248 be returned to the calendar.

The PRESIDING OFFICER. Without objection, it is so ordered.

CHIEF JUSTICE JOHN MARSHALL COMMEMORATIVE COIN ACT

Mr. FRIST. Mr. President, I ask unanimous consent that the Banking Committee be discharged from further consideration of S. 1531 and that the Senate proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1531) to require the Secretary of the Treasury to mint coins in commemoration of Chief Justice John Marshall.

There being no objection, the Senate proceeded to consider the bill.

Mr. HATCH. Mr. President, I rise today in strong support of S. 1531, the Chief Justice John Marshall Commemorative Coin Act. I am the sponsor of this significant legislation and I believe its passage is indeed a tribute to the most important Chief Justice to serve on the Supreme Court of the United States since our nation's founding.

John Marshall served as the fourth Chief Justice of the Supreme Court for over 34 years. He is the longest serving Chief Justice in our Nation's history. Throughout his years on the Supreme Court, he authored over 500 opinions, many of which significantly impacted the operations and interpretations of the Constitution. He was a distinguished leader who made a lasting impression on the Supreme Court.

For example, probably Marshall's most famous opinion, Marbury v. Madison, instilled in the Supreme Court the authority to review the constitutionality of congressional acts and instituted the doctrine of judicial review. Without judicial review, the Supreme Court and the lower courts of our great nation would not have the ability to uphold and sustain the Constitution and stop any unauthorized intrusion into the sacred freedoms that great document protects.

The Marshall Court decided numerous landmark and historically significant cases that have forever fashioned the Nation's constitutional law and history—including McCullough v. Maryland, Cohens v. Virginia, Stuart v. Laird, Dartmouth College v. Woodward, and Gibbons v. Ogden, just to name a few. These cases are still cited today by our Federal courts and State courts as impressive precedents important to recognize that establish significant legal doctrines and relevant constitutional interpretations.

Chief Justice Marshall is not only the longest serving Chief Justice in the history of the United States, but he has authored more opinions for the Court than any other Chief Justice in the Supreme Court's history. That impressive record remains in place today.

It is noteworthy to recognize that Chief Justice Marshall also introduced and implemented the practice of allowing one justice to speak for the Court while having the remaining justices either sign on to that opinion or issue their own concurring or dissenting opinion. Prior to Chief Justice Marshall's tenure, Justices usually wrote their own opinions and a party in a case had to thoroughly study the particular nuances in each individual Justice's opinion in order to discover which side prevailed.

Chief Justice Marshall was also a Revolutionary War veteran, Envoy Extraordinary and Minister Plenipotentiary to France, Member of the United States House of Representatives, and Secretary of State under President John Adams.

I believe minting a coin is a fitting honor for the Great Chief Justice. This

coin will commemorate the 250th anniversary of the birth of Chief Justice Marshall, which will take place in the year 2005.

This legislation will allow the Supreme Court Historical Society to receive the necessary revenue it needs for worthwhile endeavors. The Supreme Court Historical Society is an established national organization whose programs and endeavors benefit Americans in every State in the Union. The Supreme Court Historical Society operates a Summer Institute for Teachers, with brings teachers from across the nation to Washington to study the Supreme Court and the Constitution first hand. This particular program helps to improve public school education about the role and importance of the Court in our Government.

The Supreme Court Historical Society collects antiques and historical artifacts for the use of the Court Curator's educational displays at the Supreme Court Building. There are still many artifacts and antiques that would preserve the precious history of the Court that the Society lacks the funds to acquire.

The Supreme Court Historical Society also holds public lectures at the Supreme Court Building and around the country which usually feature current Justices on the Supreme Court and other important leaders in constitutional and legal scholarship.

The Chief Justice John Marshall Commemorative Coin Act will allow for 400,000 coins bearing the likeness of the Great Chief Justice, John Marshall, in 2005, with a surcharge of $10 per coin. The sale of these coins has the capability to produce nearly $4,000,000 in direct support of the Supreme Court Historical Society's programs and functions.

Furthermore, I put a provision in this bill to ensure that there is no net cost to the Federal Government in minting this coin. This provision is important, especially in a time when many are concerned about controlling deficit spending and making sure Congress does not unduly burden the American people with unnecessary debt.

Never in the history of this country has a coin been minted focusing on the history of the Supreme Court or on its profound influence on our constitutional form of government. Unless citizens have some form of legal training or a scholarly interest, the Supreme Court and our Federal courts are usually the least understood of the three branches of the government. Yet what it does has an impact, both direct and indirect, on the rights of every citizen.

The Chief Justice John Marshall Commemorative Coin Act has the support of every sitting Justice on the Supreme Court of the United States. It is likewise supported by the Citizens Commemorative Coin Advisory Committee and the former Solicitors General across party lines.

I encourage my colleagues to support this bill, as many have. I am confident this bill will benefit the entire country and as it will help preserve and protect the history of the Supreme Court of the United States.

Mr. LEAHY. Mr. President, I am pleased that the Senate has passed the John Marshall Commemorative Coin Act, S. 1531.

As an original cosponsor of the John Marshall Commemorative Coin Act, I have worked closely with Senator HATCH to do all that we possibly can to speedily pass it into law.

This bill authorizes the Treasury Department to mint and issue coins in honor of Chief Justice John Marshall in the year 2005. Funds raised by sale of the coin will support the Supreme Court Historical Society. Sales of the coin also cover all of the costs of minting and issuing these coins, so that the American taxpayer is not bearing any cost whatsoever of this commemoration.

That sales of a coin that bears the likeness of Chief Justice Marshall will be used to the support of the Supreme Court Historical Society is fitting. The society is a nonprofit organization whose purpose is to preserve and disseminate the history of the Supreme Court of the United States. Founded by Chief Justice Warren Burger, the society's mission is to provide information and historical research on our Nation's highest court. The society accomplishes this mission by conducting programs, publishing books, supporting historical research and collecting antiques and artifacts related to the Court's history. John Marshall is known as ''the great Chief Justice'' of the Supreme Court. Marshall served on the bench for 34 years and established many of the constitutional doctrines we revere today. He is best known and respected for the fundamental principles of checks and balance of our democratic government.

In our successful efforts to gender support for the bill, we gained over 75 cosponsors in the U.S. Senate. Given the noble cause, it was not a hard sell. Yet, the sheer numbers of bipartisan supporters are a fitting tribute to the Great Chief Justice John Marshall. We are happy to assist a worthwhile organization like the Supreme Court Historical Society.

I thank all the Senators who supported this bill—too numerous to name. I also thank the Supreme Court Historical Society for its dedication to this important cause.

Mr. FRIST. Mr. President, I ask unanimous consent that the bill be read a third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (S. 1531) was read the third time and passed, as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Chief Justice John Marshall Commemorative Coin Act''.

SEC. 2. FINDINGS.

Congress finds that—

(1) John Marshall served as the Chief Justice of the Supreme Court of the United States from 1801 to 1835, the longest tenure of any Chief Justice in the Nation's history;

(2) Under Marshall's leadership, the Supreme Court expounded the fundamental principles of constitutional interpretation, including judicial review, and affirmed national supremacy, both of which served to secure the newly founded United States against dissolution; and

(3) John Marshall's service to the nascent United States, not only as Chief Justice, but also as a soldier in the Revolutionary War, as a member of the Virginia Congress and the United States Congress, and as Secretary of State, makes him one of the most important figures in our Nation's history.

SEC. 3. COIN SPECIFICATIONS.

(a) DENOMINATION.—In commemoration of the 250th anniversary of the birth of Chief Justice John Marshall, the Secretary of the Treasury (in this Act referred to as the ''Secretary'') shall mint and issue not more than 400,000 $1 coins, each of which shall—

(1) weigh 26.73 grams;

(2) have a diameter of 1.500 inches; and

(3) contain 90 percent silver and 10 percent copper.

(b) LEGAL TENDER.—The coins minted under this Act shall be legal tender, as provided in section 5103 of title 31, United States Code.

(c) NUMISMATIC ITEMS.—For purposes of sections 5134 and 5136 of title 31, United States Code, all coins minted under this Act shall be considered to be numismatic items.

SEC. 4. DESIGN OF COINS.

(a) DESIGN REQUIREMENTS.—

(1) IN GENERAL.—The design of the coins minted under this Act shall be emblematic of Chief Justice John Marshall and his contributions to the United States.

(2) DESIGNATION AND INSCRIPTIONS.—On each coin minted under this Act, there shall be—

(A) a designation of the value of the coin;

(B) an inscription of the year ''2005''; and

(C) inscriptions of the words ''Liberty'', ''In God We Trust'', ''United States of America'', and ''E Pluribus Unum''.

(b) SELECTION.—The design for the coins minted under this Act shall be—

(1) selected by the Secretary, after consultation with the Commission of Fine Arts, and the Supreme Court Historical Society; and

(2) reviewed by the Citizens Coinage Advisory Committee.

SEC. 5. ISSUANCE OF COINS.

(a) QUALITY OF COINS.—Coins minted under this Act shall be issued in uncirculated and proof qualities.

(b) MINT FACILITY.—Only one facility of the United States Mint may be used to strike any particular quality of the coins minted under this Act.

(c) COMMENCEMENT OF ISSUANCE.—The Secretary may issue coins minted under this Act beginning on January 1, 2005.

(d) TERMINATION OF MINTING AUTHORITY.—No coins may be minted under this Act after December 31, 2005.

SEC. 6. SALE OF COINS.

(a) SALE PRICE.—The coins minted under this Act shall be sold by the Secretary at a price equal to the sum of—

(1) the face value of the coins;

(2) the surcharge provided in section 7 with respect to such coins; and

(3) the cost of designing and issuing the coins (including labor, materials, dies, use of machinery, overhead expenses, marketing, and shipping).

(b) BULK SALES.—The Secretary shall make bulk sales of the coins minted under this Act at a reasonable discount.

(c) PREPAID ORDERS.—

(1) IN GENERAL.—The Secretary shall accept prepaid orders for the coins minted under this Act before the issuance of such coins.

(2) DISCOUNT.—Sale prices with respect to pre-paid orders under paragraph (1) shall be at a reasonable discount.

SEC. 7. SURCHARGES.

(a) IN GENERAL.—All sales of coins minted under this Act shall include a surcharge of $10 per coin.

(b) DISTRIBUTION.—Subject to section 5134(f) of title 31, United States Code, all surcharges received by the Secretary from the sale of coins issued under this Act shall be promptly paid by the Secretary to the Supreme Court Historical Society for the purposes of—

(1) historical research about the Supreme Court and the Constitution of the United States and related topics;

(2) supporting fellowship programs, internships, and docents at the Supreme Court; and

(3) collecting and preserving antiques, artifacts, and other historical items related to the Supreme Court and the Constitution of the United States and related topics.

(c) AUDITS.—The Supreme Court Historical Society shall be subject to the audit requirements of section 5134(f)(2) of title 31, United States Code, with regard to the amounts received by the Society under subsection (b).

SEC. 8. FINANCIAL ASSURANCES.

(a) NO NET COST TO THE GOVERNMENT.—The Secretary shall take such actions as may be necessary to ensure that the minting and issuance of the coins referred to in section 3(a) shall result in no net cost to the Federal Government.

(b) PAYMENT FOR THE COINS.—The Secretary may not sell a coin referred to in section 3(a) unless the Secretary has received—

(1) full payment for the coin;

(2) security satisfactory to the Secretary to indemnify the Federal Government for full payment; or

(3) a guarantee of full payment satisfactory to the Secretary from a depository institution, the deposits of which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or the National Credit Union Administration Board.

AWARDING A CONGRESSIONAL GOLD MEDAL TO DR. DOROTHY HEIGHT

Mr. FRIST. Mr. President, I ask unanimous consent that the Banking Committee be discharged from further consideration of H.R. 1821, and the Senate proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 1821) to award a Congressional Gold Medal to Dr. Dorothy Height in recognition of her many contributions to the Nation.

There being no objection, the Senate proceeded to consider the bill.

Mr. FRIST. Mr. President, I ask unanimous consent that the bill be read a third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 1821) was read the third time and passed.

ENVIRONMENTAL POLICY AND CONFLICT RESOLUTION ADVANCEMENT ACT OF 2003

Mr. FRIST. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of H.R. 421, which is at the desk.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 421) to reauthorize the United States Institute for Environmental Conflict Resolution, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. FRIST. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 421) was read the third time and passed.

SOUTHERN UTE AND COLORADO INTERGOVERNMENTAL AGREEMENT IMPLEMENTATION ACT OF 2003

Mr. FRIST. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 401, S. 551.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 551) to provide for the implementation of air quality programs developed in accordance with an Intergovernmental Agreement between the Southern Ute Indian Tribe and the State of Colorado concerning Air Quality Control on the Southern Ute Indian Reservation, and for other purposes.

There being no objection, the Senate proceeded to consider the bill which had been reported from the Committee on Environment and Public Works with an amendment.

[Strike the part shown in black brackets and insert the part shown in italic.]

S. 551

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Southern Ute and Colorado Intergovernmental Agreement Implementation Act of 2003''.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress, after review and in recognition of the purposes and uniqueness of the Intergovernmental Agreement between the Southern Ute Indian Tribe and the State of Colorado, finds that—

(1) the Intergovernmental Agreement is consistent with the special legal relationship between Federal Government and the Tribe; and

(2) air quality programs developed in accordance with the Intergovernmental Agreement and submitted by the Tribe for approval by the Administrator may be implemented in a manner that is consistent with the Clean Air Act (42 U.S.C. 7401 et seq.).

(b) PURPOSE.—The purpose of this Act is to provide for the implementation and enforcement of air quality control programs under the Clean Air Act (42 U.S.C. 7401 et seq.) and other air quality programs developed in accordance with the Intergovernmental Agreement that provide for—

(1) the regulation of air quality within the exterior boundaries of the Reservation; and

(2) the establishment of a Southern Ute Indian Tribe/State of Colorado Environmental Commission.

SEC. 3. DEFINITIONS.

In this Act:

(1) ADMINISTRATOR.—The term ''Administrator'' means the Administrator of the Environmental Protection Agency.

(2) COMMISSION.—The term ''Commission'' means the Southern Ute Indian Tribe/State of Colorado Environmental Commission established by the State and the Tribe in accordance with the Intergovernmental Agreement.

(3) INTERGOVERNMENTAL AGREEMENT.—The term ''Intergovernmental Agreement'' means the agreement entered into by the Tribe and the State on December 13, 1999.

(4) RESERVATION.—The term ''Reservation'' means the Southern Ute Indian Reservation.

(5) STATE.—The term ''State'' means the State of Colorado.

(6) TRIBE.—The term ''Tribe'' means the Southern Ute Indian Tribe.

SEC. 4. TRIBAL AUTHORITY.

(a) AIR PROGRAM APPLICATIONS.—

(1) IN GENERAL.—The Administrator is authorized to treat the Tribe as a State for the purpose of any air program applications submitted to the Administrator by the Tribe under section 301(d) of the Clean Air Act (42 U.S.C. 7601(d)) to carry out, in a manner consistent with the Clean Air Act (42 U.S.C. 7401 et seq.), the Intergovernmental Agreement.

(2) APPLICABILITY.—If the Administrator approves an air program application of the Tribe, the approved program shall be applicable to all air resources within the exterior boundaries of the Reservation.

(b) TERMINATION.—If the Tribe or the State terminates the Intergovernmental Agreement, the Administrator shall promptly take appropriate administrative action to withdraw treatment of the Tribe as a State for the purpose described in subsection (a)(1).

[SEC. 5. CIVIL ENFORCEMENT.

[If any person fails to comply with a final civil order of the Tribe or the Commission made in accordance with a program under the Clean Air Act (42 U.S.C. 7401 et seq.) or any other air quality program established under the Intergovernmental Agreement, the Tribe or the Commission, as appropriate, may bring a civil action for declaratory or

injunctive relief, or for other orders in aid of enforcement, in the United States District Court for the District of Colorado.]

SEC. 5. CIVIL ENFORCEMENT.

(a) IN GENERAL.—If any person fails to comply with a final civil order of the Tribe or the Commission made in accordance with the Clean Air Act (42 U.S.C. 7401 et seq.) or any other air quality program established under the Intergovernmental Agreement, the Tribe or the Commission, as appropriate, may bring a civil action for declaratory or injunctive relief, or for other orders in aid of enforcement, in the United States District Court for the District of Colorado.

(b) NO EFFECT ON RIGHTS OR AUTHORITY.—Nothing in this Act alters, amends, or modifies any right or authority of any person (as defined in section 302(e) of the Clean Air Act (42 U.S.C. 7601(e)) to bring a civil action under section 304 of the Clean Air Act (42 U.S.C. 7603).

SEC. 6. JUDICIAL REVIEW.

Any decision by the Commission that would be subject to appellate review if it were made by the Administrator—

(1) shall be subject to appellate review by the United States Court of Appeals for the Tenth Circuit; and

(2) may be reviewed by the Court of Appeals applying the same standard that would be applicable to a decision of the Administrator.

SEC. 7. DISCLAIMER.

Nothing in this Act—

(1) modifies any provision of—

(A) the Clean Air Act (42 U.S.C. 7401 et seq.);

(B) Public Law 98–290 (25 U.S.C. 668 note); or

(C) any lawful administrative rule promulgated in accordance with those statutes; or

(2) affects or influences in any manner any past or prospective judicial interpretation or application of those statutes by the United States, the Tribe, the State, or any Federal, tribal, or State court.

Mr. FRIST. Mr. President, I ask unanimous consent that the committee amendment be agreed to, the bill, as amended, be read a third time and passed, the motions to reconsider be laid upon the table en bloc, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The committee amendment was agreed to.

The bill (S. 551), as amended, was read the third time and passed, as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Southern Ute and Colorado Intergovernmental Agreement Implementation Act of 2003''.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress, after review and in recognition of the purposes and uniqueness of the Intergovernmental Agreement between the Southern Ute Indian Tribe and the State of Colorado, finds that—

(1) the Intergovernmental Agreement is consistent with the special legal relationship between Federal Government and the Tribe; and

(2) air quality programs developed in accordance with the Intergovernmental Agreement and submitted by the Tribe for approval by the Administrator may be implemented in a manner that is consistent with the Clean Air Act (42 U.S.C. 7401 et seq.).

(b) PURPOSE.—The purpose of this Act is to provide for the implementation and enforcement of air quality control programs under the Clean Air Act (42 U.S.C. 7401 et seq.) and other air quality programs developed in accordance with the Intergovernmental Agreement that provide for—

(1) the regulation of air quality within the exterior boundaries of the Reservation; and

(2) the establishment of a Southern Ute Indian Tribe/State of Colorado Environmental Commission.

SEC. 3. DEFINITIONS.

In this Act:

(1) ADMINISTRATOR.—The term ''Administrator'' means the Administrator of the Environmental Protection Agency.

(2) COMMISSION.—The term ''Commission'' means the Southern Ute Indian Tribe/State of Colorado Environmental Commission established by the State and the Tribe in accordance with the Intergovernmental Agreement.

(3) INTERGOVERNMENTAL AGREEMENT.—The term ''Intergovernmental Agreement'' means the agreement entered into by the Tribe and the State on December 13, 1999.

(4) RESERVATION.—The term ''Reservation'' means the Southern Ute Indian Reservation.

(5) STATE.—The term ''State'' means the State of Colorado.

(6) TRIBE.—The term ''Tribe'' means the Southern Ute Indian Tribe.

SEC. 4. TRIBAL AUTHORITY.

(a) AIR PROGRAM APPLICATIONS.—

(1) IN GENERAL.—The Administrator is authorized to treat the Tribe as a State for the purpose of any air program applications submitted to the Administrator by the Tribe under section 301(d) of the Clean Air Act (42 U.S.C. 7601(d)) to carry out, in a manner consistent with the Clean Air Act (42 U.S.C. 7401 et seq.), the Intergovernmental Agreement.

(2) APPLICABILITY.—If the Administrator approves an air program application of the Tribe, the approved program shall be applicable to all air resources within the exterior boundaries of the Reservation.

(b) TERMINATION.—If the Tribe or the State terminates the Intergovernmental Agreement, the Administrator shall promptly take appropriate administrative action to withdraw treatment of the Tribe as a State for the purpose described in subsection (a)(1).

SEC. 5. CIVIL ENFORCEMENT.

(a) IN GENERAL.—If any person fails to comply with a final civil order of the Tribe or the Commission made in accordance with the Clean Air Act (42 U.S.C. 7401 et seq.) or any other air quality program established under the Intergovernmental Agreement, the Tribe or the Commission, as appropriate, may bring a civil action for declaratory or injunctive relief, or for other orders in aid of enforcement, in the United States District Court for the District of Colorado.

(b) NO EFFECT ON RIGHTS OR AUTHORITY.—Nothing in this Act alters, amends, or modifies any right or authority of any person (as defined in section 302(e) of the Clean Air Act (42 U.S.C. 7601(e)) to bring a civil action under section 304 of the Clean Air Act (42 U.S.C. 7603).

SEC. 6. JUDICIAL REVIEW.

Any decision by the Commission that would be subject to appellate review if it were made by the Administrator—

(1) shall be subject to appellate review by the United States Court of Appeals for the Tenth Circuit; and

(2) may be reviewed by the Court of Appeals applying the same standard that would be applicable to a decision of the Administrator.

SEC. 7. DISCLAIMER.

Nothing in this Act—

(1) modifies any provision of—

(A) the Clean Air Act (42 U.S.C. 7401 et seq.);

(B) Public Law 98–290 (25 U.S.C. 668 note); or

(C) any lawful administrative rule promulgated in accordance with those statutes; or

(2) affects or influences in any manner any past or prospective judicial interpretation or application of those statutes by the United States, the Tribe, the State, or any Federal, tribal, or State court.

DISASTER AREA HEALTH AND ENVIRONMENTAL MONITORING ACT OF 2003

Mr. FRIST. I ask unanimous consent that the Senate now proceed to consideration of Calendar 360, S. 1279.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1279) to amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act to authorize the President to carry out a program for the protection of the health and safety of residents, workers, volunteers, and others in a disaster area.

There being no objection, the Senate proceeded to consider the bill which had been reported from the Committee on Environment and Public Works, with an amendment to strike all after the enacting clause and insert in lieu thereof the following:

[Strike the part shown in black brackets and insert the part shown in italic.]

S. 1279

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

[SECTION 1. SHORT TITLE.

[This Act may be cited as the ''Disaster Area Health and Environmental Monitoring Act of 2003''.

[SEC. 2. PROTECTION OF HEALTH AND SAFETY OF INDIVIDUALS IN A DISASTER AREA.

[Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act is amended by inserting after section 408 (42 U.S.C. 5174) the following:

[''SEC. 409. PROTECTION OF HEALTH AND SAFETY OF INDIVIDUALS IN A DISASTER AREA.

[''(a) DEFINITIONS.—In this section:

[''(1) INDIVIDUAL.—The term 'individual' includes—

[''(A) a worker or volunteer who responds to a disaster, including—

[''(i) a police officer;

[''(ii) a firefighter;

[''(iii) an emergency medical technician;

[''(iv) any participating member of an urban search and rescue team; and

[''(v) any other relief or rescue worker or volunteer that the President determines to be appropriate;

[''(B) a worker who responds to a disaster by assisting in the cleanup or restoration of critical infrastructure in and around a disaster area;

[''(C) a person whose place of residence is in a disaster area;

[''(D) a person who is employed in or attends school, child care, or adult day care in a building located in a disaster area; and

[''(E) any other person that the President determines to be appropriate.

[''(2) PROGRAM.—The term 'program' means a program described in subsection (b) that is carried out for a disaster area.

[''(3) SUBSTANCE OF CONCERN.—The term 'substance of concern' means any chemical or substance associated with potential acute or chronic human health effects, the risk of exposure to which could potentially be increased as the result of a disaster.

[''(b) PROGRAM.—

[''(1) IN GENERAL.—If the President determines that 1 or more substances of concern are being, or have been, released in an area declared to be a disaster area under this Act, the President may carry out a program for the protection, assessment, monitoring, and study of the health and safety of individuals to ensure that—

[''(A) the individuals are adequately informed about and protected against potential health impacts of the substance of concern and potential mental health impacts in a timely manner;

[''(B) the individuals are monitored and studied over time, including through baseline and follow-up clinical health examinations, for—

[''(i) any short- and long-term health impacts of any substance of concern; and

[''(ii) any mental health impacts;

[''(C) the individuals receive health care referrals as needed and appropriate; and

[''(D) information from any such monitoring and studies is used to prevent or protect against similar health impacts from future disasters.

[''(2) ACTIVITIES.—A program under paragraph (1) may include such activities as—

[''(A) collecting and analyzing environmental exposure data;

[''(B) developing and disseminating information and educational materials;

[''(C) performing baseline and follow-up clinical health and mental health examinations and taking biological samples;

[''(D) establishing and maintaining an exposure registry;

[''(E) studying the long-term human health impacts of any exposures through epidemiological and other health studies; and

[''(F) providing assistance to individuals in determining eligibility for health coverage and identifying appropriate health services.

[''(3) TIMING.—To the maximum extent practicable, a program under paragraph (1) shall be established, and activities under the program shall be commenced (including baseline health examinations), in a timely manner that will ensure the highest level of public health protection and effective monitoring.

[''(4) PARTICIPATION IN REGISTRIES AND STUDIES.—

[''(A) IN GENERAL.—Participation in any registry or study that is part of a program under paragraph (1) shall be voluntary.

[''(B) PROTECTION OF PRIVACY.—The President shall take appropriate measures to protect the privacy of any participant in a registry or study described in subparagraph (A).

[''(5) COOPERATIVE AGREEMENTS.—The President may carry out a program under paragraph (1) through a cooperative agreement with a medical institution, or a consortium of medical institutions, that is—

[''(A) located near the disaster area, and near groups of individuals that worked or volunteered in response to the disaster in the disaster area, with respect to which the program is carried out; and

[''(B) experienced in the area of environmental or occupational health, toxicology, and safety, including experience in—

[''(i) developing clinical protocols and conducting clinical health examinations, including mental health assessments;

[''(ii) conducting long-term health monitoring and epidemiological studies;

[''(iii) conducting long-term mental health studies; and

[''(iv) establishing and maintaining medical surveillance programs and environmental exposure or disease registries.

[''(6) INVOLVEMENT.—

[''(A) IN GENERAL.—In establishing and maintaining a program under paragraph (1), the President shall ensure the involvement of interested and affected parties, as appropriate, including representatives of—

[''(i) Federal, State, and local government agencies;

[''(ii) labor organizations;

[''(iii) local residents, businesses, and schools (including parents and teachers);

[''(iv) health care providers; and

[''(v) other organizations and persons.

[''(B) COMMITTEES.—Involvement under subparagraph (A) may be provided through the establishment of an advisory or oversight committee or board.

[''(c) REPORTS.—Not later than 1 year after the establishment of a program under subsection (b)(1), and every 5 years thereafter, the President, or the medical institution or consortium of such institutions having entered into a cooperative agreement under subsection (b)(5), shall submit to the Secretary of Homeland Security, the Secretary of Health and Human Services, the Secretary of Labor, the Administrator of the Environmental Protection Agency, and appropriate committees of Congress a report on programs and studies carried out under the program.''.

[SEC. 3. BLUE RIBBON PANEL ON DISASTER AREA HEALTH PROTECTION AND MONITORING.

[(a) ESTABLISHMENT.—Not later than 60 days after the date of enactment of this section, the Secretary of Homeland Security, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency shall jointly establish a Blue Ribbon Panel on Disaster Area Health Protection and Monitoring (referred to in this section as the ''Panel'').

[(b) MEMBERSHIP.—

[(1) IN GENERAL.—The Panel shall be composed of—

[(A) 15 voting members, to be appointed by the Secretary of Homeland Security, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency in accordance with paragraph (2); and

[(B) officers or employees of the Department of Health and Human Services, the Department of Homeland Security, the Environmental Protection Agency, and other Federal agencies, as appropriate, to be appointed by the Secretary of Health and Human Services, the Secretary of Homeland Security, and the Administrator of the Environmental Protection Agency as nonvoting, ex officio members of the Panel.

[(2) BACKGROUND AND EXPERTISE.—The voting members of the Panel shall be individuals who—

[(A) are not officers or employees of the Federal Government; and

[(B) have expertise in—

[(i) environmental health, safety, and medicine;

[(ii) occupational health, safety, and medicine;

[(iii) clinical medicine, including pediatrics;

[(iv) toxicology;

[(v) epidemiology;

[(vi) mental health;

[(vii) medical monitoring and surveillance;

[(viii) environmental monitoring and surveillance;

[(ix) environmental and industrial hygiene;

[(x) emergency planning and preparedness;

[(xi) public outreach and education;

[(xii) State and local health departments;

[(xiii) State and local environmental protection departments;

[(xiv) functions of workers that respond to disasters, including first responders; and

[(xv) public health and family services.

[(c) DUTIES.—

[(1) IN GENERAL.—The Panel shall provide advice and recommendations regarding protecting and monitoring the health and safety of individuals potentially exposed to any chemical or substance associated with potential acute or chronic human health effects as the result of a disaster, including advice and recommendations regarding—

[(A) the implementation of programs under section 409 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (as added by section 2); and

[(B) the establishment of protocols for the monitoring of and response to releases of substances of concern (as defined in section 409(a) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (as added by section 2)) in a disaster area for the purpose of protecting public health and safety, including—

[(i) those substances of concern for which samples should be collected in the event of a disaster, including a terrorist attack;

[(ii) chemical-specific methods of sample collection, including sampling methodologies and locations;

[(iii) chemical-specific methods of sample analysis;

[(iv) health-based threshold levels to be used and response actions to be taken in the event that thresholds are exceeded for individual chemicals or substances;

[(v) procedures for providing monitoring results to—

[(I) appropriate Federal, State, and local government agencies;

[(II) appropriate response personnel; and

[(III) the public;

[(vi) responsibilities of Federal, State and local agencies for—

[(I) collecting and analyzing samples;

[(II) reporting results; and

[(III) taking appropriate response actions; and

[(vii) capabilities and capacity within the Federal Government to conduct appropriate environmental monitoring and response in the event of a disaster, including a terrorist attack; and

[(C) other issues as specified by the Secretary of Homeland Security, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency.

[(2) REPORT.—Not later than 1 year after the date of establishment of the Panel, the Panel shall submit to the Secretary of Homeland Security, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency a report of the findings and recommendations of the Panel under this section, including recommendations for such legislative and administrative actions as the Panel considers to be appropriate.

【(d) POWERS.—

【(1) HEARINGS.—The Panel may hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence as the Panel considers necessary to carry out this section.

【(2) INFORMATION FROM FEDERAL AGENCIES.—

【(A) IN GENERAL.—The Panel may secure directly from any Federal department or agency such information as the Panel considers necessary to carry out this section.

【(B) FURNISHING OF INFORMATION.—On request of the Panel, the head of the department or agency shall furnish the information to the Panel.

【(3) POSTAL SERVICES.—The Panel may use the United States mails in the same manner and under the same conditions as other departments and agencies of the Federal Government.

【(e) PERSONNEL.—

【(1) TRAVEL EXPENSES.—The members of the Panel shall not receive compensation for the performance of services for the Panel, but shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, United States Code, while away from their homes or regular places of business in the performance of services for the Panel.

【(2) VOLUNTARY AND UNCOMPENSATED SERVICES.—Notwithstanding section 1342 of title 31, United States Code, the Secretary may accept the voluntary and uncompensated services of members of the Panel.

【(3) DETAIL OF GOVERNMENT EMPLOYEES.—Any Federal Government employee may be detailed to the Panel without reimbursement, and such detail shall be without interruption or loss of civil service status or privilege.

【(4) STAFF, INFORMATION, AND OTHER ASSISTANCE.—The Secretary of Homeland Security, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency shall provide to the Panel such staff, information, and other assistance as may be necessary to carry out the duties of the Panel.

【(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

【(g) TERMINATION OF AUTHORITY.—This section, the authority provided under this section, and the Panel shall terminate on the date that is 18 months after the date of enactment of this Act.】

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Disaster Area Health and Environmental Monitoring Act of 2003''.

SEC. 2. PROTECTION OF HEALTH AND SAFETY OF INDIVIDUALS IN A DISASTER AREA.

Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act is amended by inserting after section 408 (42 U.S.C. 5174) the following:

''SEC. 409. PROTECTION OF HEALTH AND SAFETY OF INDIVIDUALS IN A DISASTER AREA.

''(a) DEFINITIONS.—In this section:

''(1) INDIVIDUAL.—The term 'individual' includes—

''(A) a worker or volunteer who responds to a disaster, including—

''(i) a police officer;

''(ii) a firefighter;

''(iii) an emergency medical technician;

''(iv) any participating member of an urban search and rescue team; and

''(v) any other relief or rescue worker or volunteer that the President determines to be appropriate;

''(B) a worker who responds to a disaster by assisting in the cleanup or restoration of critical infrastructure in and around a disaster area;

''(C) a person whose place of residence is in a disaster area;

''(D) a person who is employed in or attends school, child care, or adult day care in a building located in a disaster area; and

''(E) any other person that the President determines to be appropriate.

''(2) PROGRAM.—The term 'program' means a program described in subsection (b) that is carried out for a disaster area.

''(3) SUBSTANCE OF CONCERN.—The term 'substance of concern' means a chemical or other substance that is associated with potential acute or chronic human health effects, the risk of exposure to which could potentially be increased as the result of a disaster, as determined by the President.

''(b) PROGRAM.—

''(1) IN GENERAL.—If the President determines that 1 or more substances of concern are being, or have been, released in an area declared to be a disaster area under this Act, the President may carry out a program for the protection, assessment, monitoring, and study of the health and safety of individuals to ensure that—

''(A) the individuals are adequately informed about and protected against potential health impacts of any substance of concern and potential mental health impacts in a timely manner;

''(B) the individuals are monitored and studied over time, including through baseline and followup clinical health examinations, for—

''(i) any short- and long-term health impacts of any substance of concern; and

''(ii) any mental health impacts;

''(C) the individuals receive health care referrals as needed and appropriate; and

''(D) information from any such monitoring and studies is used to prevent or protect against similar health impacts from future disasters.

''(2) ACTIVITIES.—A program under paragraph (1) may include such activities as—

''(A) collecting and analyzing environmental exposure data;

''(B) developing and disseminating information and educational materials;

''(C) performing baseline and followup clinical health and mental health examinations and taking biological samples;

''(D) establishing and maintaining an exposure registry;

''(E) studying the short- and long-term human health impacts of any exposures through epidemiological and other health studies; and

''(F) providing assistance to individuals in determining eligibility for health coverage and identifying appropriate health services.

''(3) TIMING.—To the maximum extent practicable, activities under any program established under paragraph (1) (including baseline health examinations) shall be commenced in a timely manner that will ensure the highest level of public health protection and effective monitoring.

''(4) PARTICIPATION IN REGISTRIES AND STUDIES.—

''(A) IN GENERAL.—Participation in any registry or study that is part of a program under paragraph (1) shall be voluntary.

''(B) PROTECTION OF PRIVACY.—The President shall take appropriate measures to protect the privacy of any participant in a registry or study described in subparagraph (A).

''(5) COOPERATIVE AGREEMENTS.—

''(A) IN GENERAL.—The President may carry out a program under paragraph (1) through a cooperative agreement with a medical institution or a consortium of medical institutions.

''(B) SELECTION CRITERIA.—To the maximum extent practicable, the President shall select to carry out a program under paragraph (1) a medical institution or a consortium of medical institutions that—

''(i) is located near—

''(I) the disaster area with respect to which the program is carried out; and

''(II) any other area in which there reside groups of individuals that worked or volunteered in response to the disaster; and

''(ii) has appropriate experience in the areas of environmental or occupational health, toxicology, and safety, including experience in—

''(I) developing clinical protocols and conducting clinical health examinations, including mental health assessments;

''(II) conducting long-term health monitoring and epidemiological studies;

''(III) conducting long-term mental health studies; and

''(IV) establishing and maintaining medical surveillance programs and environmental exposure or disease registries.

''(6) INVOLVEMENT.—

''(A) IN GENERAL.—In establishing and maintaining a program under paragraph (1), the President shall involve interested and affected parties, as appropriate, including representatives of—

''(i) Federal, State, and local government agencies;

''(ii) groups of individuals that worked or volunteered in response to the disaster in the disaster area;

''(iii) local residents, businesses, and schools (including parents and teachers);

''(iv) health care providers; and

''(v) other organizations and persons.

''(B) COMMITTEES.—Involvement under subparagraph (A) may be provided through the establishment of an advisory or oversight committee or board.

''(c) REPORTS.—Not later than 1 year after the establishment of a program under subsection (b)(1), and every 5 years thereafter, the President, or the medical institution or consortium of such institutions having entered into a cooperative agreement under subsection (b)(5), shall submit to the Secretary of Homeland Security, the Secretary of Health and Human Services, the Secretary of Labor, the Administrator of the Environmental Protection Agency, and appropriate committees of Congress a report on programs and studies carried out under the program.''.

SEC. 3. NATIONAL ACADEMY OF SCIENCES REPORT ON DISASTER AREA HEALTH AND ENVIRONMENTAL PROTECTION AND MONITORING.

(a) IN GENERAL.—The Secretary of Homeland Security, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency shall jointly enter into a contract with the National Academy of Sciences to conduct a study and prepare a report on disaster area health and environmental protection and monitoring.

(b) EXPERTISE.—The report under subsection (a) shall be prepared with the participation of individuals who have expertise in—

(1) environmental health, safety, and medicine;

(2) occupational health, safety, and medicine;

(3) clinical medicine, including pediatrics;

(4) toxicology;

(5) epidemiology;

(6) mental health;

(7) medical monitoring and surveillance;

(8) environmental monitoring and surveillance;

(9) environmental and industrial hygiene;

(10) emergency planning and preparedness;

(11) public outreach and education;

(12) State and local health departments;

(13) State and local environmental protection departments;

(14) functions of workers that respond to disasters, including first responders; and

(15) public health and family services.

(c) CONTENTS.—The report under subsection (a) shall provide advice and recommendations regarding protecting and monitoring the health and safety of individuals potentially exposed to any chemical or other substance associated with potential acute or chronic human health effects as the result of a disaster, including advice and recommendations regarding—

(1) the establishment of protocols for the monitoring of and response to chemical or substance releases in a disaster area for the purpose of protecting public health and safety, including—

(A) chemicals or other substances for which samples should be collected in the event of a disaster, including a terrorist attack;

(B) chemical- or substance-specific methods of sample collection, including sampling methodologies and locations;

(C) chemical- or substance-specific methods of sample analysis;

(D) health-based threshold levels to be used and response actions to be taken in the event that thresholds are exceeded for individual chemicals or other substances;

(E) procedures for providing monitoring results to—

(i) appropriate Federal, State, and local government agencies;

(ii) appropriate response personnel; and

(iii) the public;

(F) responsibilities of Federal, State and local agencies for—

(i) collecting and analyzing samples;

(ii) reporting results; and

(iii) taking appropriate response actions; and

(G) capabilities and capacity within the Federal Government to conduct appropriate environmental monitoring and response in the event of a disaster, including a terrorist attack; and

(2) other issues as specified by the Secretary of Homeland Security, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency.

(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

Mr. FRIST. I ask unanimous consent that the Inhofe amendment at the desk be agreed to; the committee substitute amendment, as amended, be agreed to; the bill, as amended, be read the third time and passed, the motion to reconsider be laid upon the table, and any statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 2210) was agreed to, as follows:

(Purpose: To require that health and safety programs be carried out in accordance with certain privacy regulations)

On page 19, line 16, insert ", including a local health department," after "institution".

On page 21, between lines 18 and 19, insert the following:

"(7) PRIVACY.—The President shall carry out each program under paragraph (1) in accordance with regulations relating to privacy promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–2 note; Public Law 104–191).

At the end, add the following:

SEC. 4. PREDISASTER HAZARD MITIGATION.

Section 203(m) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5133(m)) is amended by striking "December 31, 2003" and inserting "September 30, 2006".

The committee amendment in the nature of a substitute, as amended, was agreed to.

The bill (S. 1279), as amended, was read the third time and passed, as follows:

S. 1279

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Disaster Area Health and Environmental Monitoring Act of 2003".

SEC. 2. PROTECTION OF HEALTH AND SAFETY OF INDIVIDUALS IN A DISASTER AREA.

Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act is amended by inserting after section 408 (42 U.S.C. 5174) the following:

"SEC. 409. PROTECTION OF HEALTH AND SAFETY OF INDIVIDUALS IN A DISASTER AREA.

"(a) DEFINITIONS.—In this section:

"(1) INDIVIDUAL.—The term 'individual' includes—

"(A) a worker or volunteer who responds to a disaster, including—

"(i) a police officer;

"(ii) a firefighter;

"(iii) an emergency medical technician;

"(iv) any participating member of an urban search and rescue team; and

"(v) any other relief or rescue worker or volunteer that the President determines to be appropriate;

"(B) a worker who responds to a disaster by assisting in the cleanup or restoration of critical infrastructure in and around a disaster area;

"(C) a person whose place of residence is in a disaster area;

"(D) a person who is employed in or attends school, child care, or adult day care in a building located in a disaster area; and

"(E) any other person that the President determines to be appropriate.

"(2) PROGRAM.—The term 'program' means a program described in subsection (b) that is carried out for a disaster area.

"(3) SUBSTANCE OF CONCERN.—The term 'substance of concern' means a chemical or other substance that is associated with potential acute or chronic human health effects, the risk of exposure to which could potentially be increased as the result of a disaster, as determined by the President.

"(b) PROGRAM.—

"(1) IN GENERAL.—If the President determines that 1 or more substances of concern are being, or have been, released in an area declared to be a disaster area under this Act, the President may carry out a program for the protection, assessment, monitoring, and study of the health and safety of individuals to ensure that—

"(A) the individuals are adequately informed about and protected against potential health impacts of any substance of concern and potential mental health impacts in a timely manner;

"(B) the individuals are monitored and studied over time, including through baseline and followup clinical health examinations, for—

"(i) any short- and long-term health impacts of any substance of concern; and

"(ii) any mental health impacts;

"(C) the individuals receive health care referrals as needed and appropriate; and

"(D) information from any such monitoring and studies is used to prevent or protect against similar health impacts from future disasters.

"(2) ACTIVITIES.—A program under paragraph (1) may include such activities as—

"(A) collecting and analyzing environmental exposure data;

"(B) developing and disseminating information and educational materials;

"(C) performing baseline and followup clinical health and mental health examinations and taking biological samples;

"(D) establishing and maintaining an exposure registry;

"(E) studying the short- and long-term human health impacts of any exposures through epidemiological and other health studies; and

"(F) providing assistance to individuals in determining eligibility for health coverage and identifying appropriate health services.

"(3) TIMING.—To the maximum extent practicable, activities under any program established under paragraph (1) (including baseline health examinations) shall be commenced in a timely manner that will ensure the highest level of public health protection and effective monitoring.

"(4) PARTICIPATION IN REGISTRIES AND STUDIES.—

"(A) IN GENERAL.—Participation in any registry or study that is part of a program under paragraph (1) shall be voluntary.

"(B) PROTECTION OF PRIVACY.—The President shall take appropriate measures to protect the privacy of any participant in a registry or study described in subparagraph (A).

"(5) COOPERATIVE AGREEMENTS.—

"(A) IN GENERAL.—The President may carry out a program under paragraph (1) through a cooperative agreement with a medical institution, including a local health department, or a consortium of medical institutions.

"(B) SELECTION CRITERIA.—To the maximum extent practicable, the President shall select to carry out a program under paragraph (1) a medical institution or a consortium of medical institutions that—

"(i) is located near—

"(I) the disaster area with respect to which the program is carried out; and

"(II) any other area in which there reside groups of individuals that worked or volunteered in response to the disaster; and

"(ii) has appropriate experience in the areas of environmental or occupational health, toxicology, and safety, including experience in—

"(I) developing clinical protocols and conducting clinical health examinations, including mental health assessments;

"(II) conducting long-term health monitoring and epidemiological studies;

"(III) conducting long-term mental health studies; and

"(IV) establishing and maintaining medical surveillance programs and environmental exposure or disease registries.

"(6) INVOLVEMENT.—

"(A) IN GENERAL.—In establishing and maintaining a program under paragraph (1), the President shall involve interested and affected parties, as appropriate, including representatives of—

"(i) Federal, State, and local government agencies;

"(ii) groups of individuals that worked or volunteered in response to the disaster in the disaster area;

"(iii) local residents, businesses, and schools (including parents and teachers);

"(iv) health care providers; and

"(v) other organizations and persons.

"(B) COMMITTEES.—Involvement under subparagraph (A) may be provided through the establishment of an advisory or oversight committee or board.

"(7) PRIVACY.—The President shall carry out each program under paragraph (1) in accordance with regulations relating to privacy promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–2 note; Public Law 104–191).

"(c) REPORTS.—Not later than 1 year after the establishment of a program under subsection (b)(1), and every 5 years thereafter, the President, or the medical institution or consortium of such institutions having entered into a cooperative agreement under subsection (b)(5), shall submit to the Secretary of Homeland Security, the Secretary of Health and Human Services, the Secretary of Labor, the Administrator of the Environmental Protection Agency, and appropriate committees of Congress a report on programs and studies carried out under the program.".

SEC. 3. NATIONAL ACADEMY OF SCIENCES REPORT ON DISASTER AREA HEALTH AND ENVIRONMENTAL PROTECTION AND MONITORING.

(a) IN GENERAL.—The Secretary of Homeland Security, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency shall jointly enter into a contract with the National Academy of Sciences to conduct a study and prepare a report on disaster area health and environmental protection and monitoring.

(b) EXPERTISE.—The report under subsection (a) shall be prepared with the participation of individuals who have expertise in—

(1) environmental health, safety, and medicine;

(2) occupational health, safety, and medicine;

(3) clinical medicine, including pediatrics;

(4) toxicology;

(5) epidemiology;

(6) mental health;

(7) medical monitoring and surveillance;

(8) environmental monitoring and surveillance;

(9) environmental and industrial hygiene;

(10) emergency planning and preparedness;

(11) public outreach and education;

(12) State and local health departments;

(13) State and local environmental protection departments;

(14) functions of workers that respond to disasters, including first responders; and

(15) public health and family services.

(c) CONTENTS.—The report under subsection (a) shall provide advice and recommendations regarding protecting and monitoring the health and safety of individuals potentially exposed to any chemical or other substance associated with potential acute or chronic human health effects as the result of a disaster, including advice and recommendations regarding—

(1) the establishment of protocols for the monitoring of and response to chemical or substance releases in a disaster area for the purpose of protecting public health and safety, including—

(A) chemicals or other substances for which samples should be collected in the event of a disaster, including a terrorist attack;

(B) chemical- or substance-specific methods of sample collection, including sampling methodologies and locations;

(C) chemical- or substance-specific methods of sample analysis;

(D) health-based threshold levels to be used and response actions to be taken in the event that thresholds are exceeded for individual chemicals or other substances;

(E) procedures for providing monitoring results to—

(i) appropriate Federal, State, and local government agencies;

(ii) appropriate response personnel; and

(iii) the public;

(F) responsibilities of Federal, State and local agencies for—

(i) collecting and analyzing samples;

(ii) reporting results; and

(iii) taking appropriate response actions; and

(G) capabilities and capacity within the Federal Government to conduct appropriate environmental monitoring and response in the event of a disaster, including a terrorist attack; and

(2) other issues as specified by the Secretary of Homeland Security, the Secretary of Health and Human Services, and the Administrator of the Environmental Protection Agency.

(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

SEC. 4. PREDISASTER HAZARD MITIGATION.

Section 203(m) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5133(m)) is amended by striking "December 31, 2003" and inserting "September 30, 2006".

NATIONAL TRANSPORTATION SAFETY BOARD REAUTHORIZATION ACT OF 2003

Mr. FRIST. Mr. President, I ask unanimous consent that the Senate now proceed to the immediate consideration of Calendar No. 112, S. 579.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 579) to reauthorize the National Transportation Safety Board, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. MCCAIN. Mr. President, I am pleased that the Senate is now considering S. 579, the National Transportation Safety Board Reauthorization Act of 2003. This bill was introduced by Senators HOLLINGS, LOTT, HUTCHISON, ROCKEFELLER and myself, and it was unanimously approved by the Senate Committee on Commerce, Science, and Transportation on March 22, 2003.

Each year, the National Transportation Safety Board, NTSB, investigates more than 2,000 transportation accidents and events, including all fatal aviation accidents, and hundreds of railroad, highway, maritime, and pipeline transportation accidents. The NTSB also conducts safety studies, and evaluates the effectiveness of other government agencies' programs for preventing transportation accidents. Most importantly, the NTSB makes safety recommendations, based on its investigations, to federal, state and local government agencies and to the transportation industry regarding actions that should be taken to prevent accidents.

This legislation would authorize appropriations for the NTSB for fiscal years 2003 through 2006. It also would allow the NTSB to relinquish responsibility for providing assistance to families of victims of accidents to the FBI if it takes over the investigation, and give the NTSB expedited procurement procedures to aid in accident investigations.

The bill is being proposed along with an amendment that incorporates provisions from the House-passed version of its NTSB reauthorization bill, H.R. 1527. The amendment was developed in cooperation with the House Transportation and Infrastructure Committee. Among other things, it includes a provision that would require the Secretary of Transportation to submit annual status reports on the Department's progress in meeting the safety recommendations stemming from the NTSB's "most wanted list."

The NTSB's safety investigations and the resulting recommendations play a vital role in ensuring the safe and efficient operation of our nation's transportation system. It is my understanding that the NTSB supports this legislation.

I urge the Senate to pass this important legislation so the House of Representatives can consider it before they adjourn for the year.

Mr. FRIST. I ask unanimous consent that the McCain-Hollings amendment at the desk be agreed to; the bill, as amended, be read the third time and passed; the motion to reconsider be laid upon the table en bloc, and any statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 2211) was agreed to, as follows:

(Purpose: To add provisions relating to accident and safety data classification and publication from H.R. 1527, as passed by the House of Representatives, and for other purposes)

On page 2, line 15, strike "$3,000,000." and insert "$4,000,000.".

On page 3, line 6, strike "paragraph" and insert "subsection".

On page 3, line 16, strike the closing quotation marks and the second period.

On page 3, line 17, strike "(c)" and insert " '(d)".

On page 3, line 21, insert closing quotation marks and a period after the period.

On page 5, strike lines 7 through 21, and insert the following:

SEC. 4. RELIEF FROM CONTRACTING REQUIREMENTS FOR INVESTIGATIONS SERVICES.

(a) IN GENERAL.—From the date of enactment of this Act through September 30, 2006, the National Transportation Safety Board may enter into agreements or con tracts under the authority of section 1113(b)(1)(B) of title 49, United States Code for investigations conducted under section 1131 of that title without regard to any other provision of law requiring competition if necessary to expedite the investigation.

(b) REPORT ON USAGE.—On February 1, 2006, the National Transportation Safety Board shall transmit a report to the House of Representatives Committee on Transportation and Infrastructure, the House of Representatives Committee on Government Reform, the

Senate Committee on Commerce, Science, and Transportation, and the Senate Committee on Government Affairs that—

(1) describes each contract for $25,000 or more executed by the Board to which the authority provided by subsection (a) was applied; and

(2) sets forth the rationale for dispensing with competition requirements with respect to such contract.

On page 5, after line 21, add the following:

SEC. 5. ACCIDENT AND SAFETY DATA CLASSIFICATION AND PUBLICATION.

Section 1119 of title 49, United States Code, is amended by adding at the end the following:

''(c) APPEALS.—

''(1) NOTIFICATION OF RIGHTS.—In any case in which an employee of the Board determines that an occurrence associated with the operation of an aircraft constitutes an accident, the employee shall notify the owner or operator of that aircraft of the right to appeal that determination to the Board.

''(2) PROCEDURE.—The Board shall establish and publish the procedures for appeals under this subsection.

''(3) LIMITATION ON APPLICABILITY.—This subsection shall not apply in the case of an accident that results in a loss of life.''.

SEC. 6. SECRETARY OF TRANSPORTATION'S RESPONSES TO SAFETY RECOMMENDATIONS.

Section 1135(d) of title 49, United States Code, is vended to read as follows:

''(d) REPORTING REQUIREMENTS.—

''(1) ANNUAL SECRETARIAL REGULATORY STATUS REPORTS.—On February 1 of each year, the Secretary shall submit a report to Congress and the Board containing the regulatory status of each recommendation made by the Board to the Secretary (or to an Administration within the Department of Transportation) that is on the Board's 'most wanted list'. The Secretary shall continue to report on the regulatory status of each such recommendation in the report due on February 1 of subsequent years until final regulatory action is taken on that recommendation or the Secretary (or an Administration within the Department) determines and states in such a report that no action should be taken.

''(2) FAILURE TO REPORT.—If on March 1 of each year the Board has not received the Secretary's report required by this subsection, the Board shall notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate of the Secretary's failure to submit the required report.

''(3) TERMINATION.—This subsection shall cease to be in effect after the report required to be filed on February 1, 2008, is filed.''.

SEC. 7. TECHNICAL AMENDMENTS.

Section 1131(a)(2) of title 49, United States Code, is amended by moving subparagraphs (B) and (C) 4 ems to the left.

SEC. 8. DOT INSPECTOR GENERAL INVESTIGATIVE AUTHORITY.

(a) IN GENERAL.—Section 228 of the Motor Carrier Safety Improvement Act of 1999 (113 Stat. 1773) is transferred to, and added at the end of, subchapter III of chapter 3 of title 49, United States Code, as section 354 of that title.

(b) CONFORMING AMENDMENTS.—

(1) The caption of the section is amended to read as follows:

"§ 354. Investigative authority of Inspector General".

(2) The chapter analysis for chapter 3 of title 49, United States Code, is amended by adding at the end the following:

''354. Investigative authority of Inspector General''.

SEC. 9. REPORTS ON CERTAIN OPEN SAFETY RECOMMENDATIONS.

(a) INITIAL REPORT.—Within 1 year after the date of enactment of this Act, the Secretary of Transportation shall submit a report to Congress and the National Transportation Safety Board containing the regulatory status of each open safety recommendation made by the Board to the Secretary concerning—

(1) 15-passenger van safety;

(2) railroad grade crossing safety; and

(3) medical certifications for a commercial driver's license.

(b) BIENNIAL UPDATES.—The Secretary shall continue to report on the regulatory status of each such recommendation (and any subsequent recommendation made by the Board to the Secretary concerning a matter described in paragraph (1), (2), or (3) of subsection (a)) at 2-year intervals until—

(1) final regulatory action has been taken on the recommendation;

(2) the Secretary determines, and states in the report, that no action should be taken on that recommendation; or

(3) the report, if any, required to be submitted in 2008 is submitted.

(c) FAILURE TO REPORT.—If the Board has not received a report required to be submitted under subsection (a) or (b) within 30 days after the date on which that report is required to be submitted, the Board shall notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

The bill (S. 579), as amended, was read the third time and passed, as follows:

S. 579

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''National Transportation Safety Board Reauthorization Act of 2003''.

SEC. 2. AUTHORIZATION OF APPROPRIATIONS.

(a) FISCAL YEARS 2003–2006.—Section 1118(a) of title 49, United States Code, is amended—

(1) by striking ''and''; and

(2) by striking ''such sums to'' and inserting the following: ''$73,325,000 for fiscal year 2003, $78,757,000 for fiscal year 2004, $83,011,000 for fiscal year 2005, and $87,539,000 for fiscal year 2006. Such sums shall''.

(b) EMERGENCY FUND.—Section 1118(b) of such title is amended by striking the second sentence and inserting the following: ''In addition, there are authorized to be appropriated such sums as may be necessary to increase the fund to, and maintain the fund at, a level not to exceed $4,000,000.''.

(c) NTSB ACADEMY.—Section 1118 of such title is amended by adding at the end the following:

''(c) ACADEMY.—

''(1) AUTHORIZATION.—There are authorized to be appropriated to the Board for necessary expenses of the National Transportation Safety Board Academy, not otherwise provided for, $3,347,000 for fiscal year 2003, $4,896,000 for fiscal year 2004, $4,995,000 for fiscal year 2005, and $5,200,000 for fiscal year 2006. Such sums shall remain available until expended.

''(2) FEES.—The Board may impose and collect such fees as it determines to be appropriate for services provided by or through the Academy.

''(3) RECEIPTS CREDITED AS OFFSETTING COLLECTIONS.—Notwithstanding section 3302 of title 31, any fee collected under this subsection—

''(A) shall be credited as offsetting collections to the account that finances the activities and services for which the fee is imposed;

''(B) shall be available for expenditure only to pay the costs of activities and services for which the fee is imposed; and

''(C) shall remain available until expended.

''(4) REFUNDS.—The Board may refund any fee paid by mistake or any amount paid in excess of that required.

''(d) REPORT ON ACADEMY OPERATIONS.—The National Transportation Safety Board shall transmit an annual report to the Congress on the activities and operations of the National Transportation Safety Board Academy.''.

SEC. 3. ASSISTANCE TO FAMILIES OF PASSENGERS INVOLVED IN AIRCRAFT ACCIDENTS.

(a) RELINQUISHMENT OF INVESTIGATIVE PRIORITY.—Section 1136 of title 49, United States Code, is amended by adding at the end the following:

''(j) RELINQUISHMENT OF INVESTIGATIVE PRIORITY.—

''(1) GENERAL RULE.—This section (other than subsection (g)) shall not apply to an aircraft accident if the Board has relinquished investigative priority under section 1131(a)(2)(B) and the Federal agency to which the Board relinquished investigative priority is willing and able to provide assistance to the victims and families of the passengers involved in the accident.

''(2) BOARD ASSISTANCE.—If this section does not apply to an aircraft accident because the Board has relinquished investigative priority with respect to the accident, the Board shall assist, to the maximum extent possible, the agency to which the Board has relinquished investigative priority in assisting families with respect to the accident.''.

(b) REVISION OF MOU.—Not later than 1 year after the date of enactment of this Act, the National Transportation Safety Board and the Federal Bureau of Investigation shall revise their 1977 agreement on the investigation of accidents to take into account the amendments made by this section and shall submit a copy of the revised agreement to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

SEC. 4. RELIEF FROM CONTRACTING REQUIREMENTS FOR INVESTIGATIONS SERVICES.

(a) IN GENERAL.—From the date of enactment of this Act through September 30, 2006, the National Transportation Safety Board may enter into agreements or contracts under the authority of section 1113(b)(1)(B) of title 49, United States Code for investigations conducted under section 1131 of that title without regard to any other provision of law requiring competition if necessary to expedite the investigation.

(b) REPORT ON USAGE.—On February 1, 2006, the National Transportation Safety Board shall transmit a report to the House of Representatives Committee on Transportation and Infrastructure, the House of Representatives Committee on Government Reform, the

Senate Committee on Commerce, Science, and Transportation, and the Senate Committee on Government Affairs that—

(1) describes each contract for $25,000 or more executed by the Board to which the authority provided by subsection (a) was applied; and

(2) sets forth the rationale for dispensing with competition requirements with respect to such contract.

SEC. 5. ACCIDENT AND SAFETY DATA CLASSIFICATION AND PUBLICATION.

Section 1119 of title 49, United States Code, is amended by adding at the end the following:

''(c) APPEALS.—

''(1) NOTIFICATION OF RIGHTS.—In any case in which an employee of the Board determines that an occurrence associated with the operation of an aircraft constitutes an accident, the employee shall notify the owner or operator of that aircraft of the right to appeal that determination to the Board.

''(2) PROCEDURE.—The Board shall establish and publish the procedures for appeals under this subsection.

''(3) LIMITATION ON APPLICABILITY.—This subsection shall not apply in the case of an accident that results in a loss of life.''.

SEC. 6. SECRETARY OF TRANSPORTATION'S RESPONSES TO SAFETY RECOMMENDATIONS.

Section 1135(d) of title 49, United States Code, is amended to read as follows:

''(d) REPORTING REQUIREMENTS.—

''(1) ANNUAL SECRETARIAL REGULATORY STATUS REPORTS.—On February 1 of each year, the Secretary shall submit a report to Congress and the Board containing the regulatory status of each recommendation made by the Board to the Secretary (or to an Administration within the Department of Transportation) that is on the Board's 'most wanted list'. The Secretary shall continue to report on the regulatory status of each such recommendation in the report due on February 1 of subsequent years until final regulatory action is taken on that recommendation or the Secretary (or an Administration within the Department) determines and states in such a report that no action should be taken.

''(2) FAILURE TO REPORT.—If on March 1 of each year the Board has not received the Secretary's report required by this subsection, the Board shall notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate of the Secretary's failure to submit the required report.

''(3) TERMINATION.—This subsection shall cease to be in effect after the report required to be filed on February 1, 2008, is filed.''.

SEC. 7. TECHNICAL AMENDMENTS.

Section 1131(a)(2) of title 49, United States Code, is amended by moving subparagraphs (B) and (C) 4 ems to the left.

SEC. 8. DOT INSPECTOR GENERAL INVESTIGATIVE AUTHORITY.

(a) IN GENERAL.—Section 228 of the Motor Carrier Safety Improvement Act of 1999 (113 Stat. 1773) is transferred to, and added at the end of, subchapter III of chapter 3 of title 49, United States Code, as section 354 of that title.

(b) CONFORMING AMENDMENTS.—(1) The caption of the section is amended to read as follows:

''§ 354. Investigative authority of Inspector General''.

(2) The chapter analysis for chapter 3 of title 49, United States Code, is amended by adding at the end the following:

''354. Investigative authority of Inspector General''.

SEC. 9. REPORTS ON CERTAIN OPEN SAFETY RECOMMENDATIONS.

(a) INITIAL REPORT.—Within 1 year after the date of enactment of this Act, the Secretary of Transportation shall submit a report to Congress and the National Transportation Safety Board containing the regulatory status of each open safety recommendation made by the Board to the Secretary concerning—

(1) 15-passenger van safety;

(2) railroad grade crossing safety; and

(3) medical certifications for a commercial driver's license.

(b) BIENNIAL UPDATES.—The Secretary shall continue to report on the regulatory status of each such recommendation (and any subsequent recommendation made by the Board to the Secretary concerning a matter described in paragraph (1), (2), or (3) of subsection (a)) at 2-year intervals until—

(1) final regulatory action has been taken on the recommendation;

(2) the Secretary determines, and states in the report, that no action should be taken on that recommendation; or

(3) the report, if any, required to be submitted in 2008 is submitted.

(c) FAILURE TO REPORT.—If the Board has not received a report required to be submitted under subsection (a) or (b) within 30 days after the date on which that report is required to be submitted, the Board shall notify the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

AMERICAN JEWISH HISTORY MONTH

Mr. FRIST. I ask unanimous consent that the Judiciary Committee be discharged and the Senate proceed to the immediate consideration of H. Con. Res. 106, American Jewish History Month.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (H. Con. Res. 106) recognizing and honoring America's Jewish community on the occasion of its 350th anniversary, supporting the designation of an ''American Jewish History Month,'' and for other purposes.

There being no objection, the Senate proceeded to consider the resolution.

Mr. FRIST. I ask unanimous consent that the concurrent resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table, and any statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The concurrent resolution (H. Con. Res. 106) was agreed to.

The preamble was agreed to.

DESIGNATING AMERICAN EDUCATION WEEK

Mr. FRIST. I ask unanimous consent that the Senate now proceed to consideration of S. Res. 272, submitted by Senator SNOWE earlier today.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (S. Res. 272) designating the week beginning November 16, 2003, as American Education Week.

There being no objection, the Senate proceeded to consider the resolution.

Mr. FRIST. I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table en bloc, and any statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 272) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 272

Whereas schools are the backbone of democracy in the United States, providing young people with the tools necessary to maintain the precious values of freedom, civility, and equality;

Whereas, by equipping students with both practical skills and broader intellectual abilities, schools give young people in the United States hope for, and access to, a bright and productive future;

Whereas education employees, whether they provide educational, administrative, technical, or custodial services, work tirelessly to serve the children and communities of the United States with care and professionalism;

Whereas schools are the keystones of communities in the United States, bringing together adults and children, educators and volunteers, business leaders, and elected officials in a common enterprise; and

Whereas public school educators first observed American Education Week in 1921 and are now celebrating the 82nd annual observance of American Education Week: Now, therefore, be it

Resolved, That the Senate—

(1) designates the week beginning November 16, 2003, as American Education Week; and

(2) recognizes the importance of public education and the accomplishments of the many education professionals who contribute to the achievement of students across the United States.

AUTHORIZING SALARY ADJUSTMENTS FOR JUSTICES AND JUDGES OF THE UNITED STATES

Mr. FRIST. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration of Calendar No. 371, H.R. 3349.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 3349) to authorize salary adjustments for Justices and judges of the United States for fiscal year 2004.

There being no objection, the Senate proceeded to consider the bill.

Mr. LEAHY. Mr. President, I am pleased that the Senate is taking up and passing legislation to authorize salary adjustments for Justices and judges of the United States for fiscal year 2004.

As a member of both the Senate Judiciary Committee and the Appropriations Subcommittee on Commerce, Justice, State and the Judiciary, I have worked hard to help preserve a fair and independent judiciary. I have repeatedly introduced and cosponsored legislation to give our Federal judges meaningful and significant pay raises. I have been disappointed that the Continuing Resolutions approved by Congress fail to give the Federal judiciary even a cost-of-living adjustment, COLA.

In 1975, Congress enacted the Executive Salary Cost-of-Living Adjustment Act, intended to give judges, Members of Congress, and other high ranking executive branch officials automatic COLAs as accorded other Federal employees unless rejected by Congress. In 1981, Congress enacted section 140 of Public Law 97–92, mandating specific congressional action to give COLAs to judges. During the 21 years of section 140's existence, Congress has always accorded to the Federal judiciary coequal respect by suspending section 140 whenever Congress has granted to itself and other Federal employees a COLA. With the end of the last Congress, however, the continuing resolutions providing funding failed to suspend section 140, thus ensuring that no COLA would be provided for Federal judges during the current fiscal year, unless other action is taken.

In April of this year, I introduced legislation to respond to the shortfall in real judicial compensation, to repeal the link of judicial pay to congressional pay, to improve survivorship benefits, and to instill greater public confidence in our courts. This legislation would have obviated the annual need to pass judicial cost of living adjustments. Unfortunately, the Fair and Independent Judiciary Act of 2003 was never put on the agenda in committee for consideration.

I hope we can all agree that the Judiciary deserves a cost of living adjustment. I look forward to Senate passage of this bill to give our federal judges a cost of living adjustment. I hope the President will promptly sign our legislation into law.

Mr. FRIST. Mr. President, I ask unanimous consent that the bill be read a third time and passed, the motion to reconsider be laid upon the table, and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 3349) was read the third time and passed.

MEASURE PLACED ON THE CALENDAR—H.R. 1274

Mr. FRIST. Mr. President, I understand that there is a bill at the desk that is due for a second reading.

The PRESIDING OFFICER. The clerk will read the bill for the second time.

The legislative clerk read as follows:

A bill (H.R. 1274) to direct the Administrator of General Services to convey to Fresno County, California, the existing Federal courthouse in that county.

Mr. FRIST. Mr. President, I would object to further proceedings on the measure at this time.

The PRESIDING OFFICER. The bill will be placed on the calendar.

NOMINATIONS DISCHARGED

Mr. FRIST. Mr. President, as in executive session, I ask unanimous consent that the HELP Committee be discharged from further consideration of a list of nominations that I send to the desk; further, that the nominations be placed on the calendar.

The PRESIDING OFFICER. Without objection, it is so ordered.

The list is as follows:

NATIONAL COMMISSION ON LIBRARIES AND INFORMATION SCIENCE

Jose Aponte
Sandra Ashworth
Edward Bertorelli
Carol Diehl
Allison Druin
Beth Fitzsimmons
Patricia Hines
Colleen Huebner
Stephen Kennedy
Bridget Lamont
Mary Perdue
Herman Totten

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

David Eisner
Carol Kinsley

DEPARTMENT OF EDUCATION

Raymond Simon

NATIONAL MEDIATION BOARD

Read Van de Water

JAMES MADISON FOUNDATION

Drew McCoy

NATIONAL COUNCIL ON THE ARTS

James McBride

DEPARTMENT OF LABOR

Steven J. Law

PUBLIC HEALTH SERVICE

174 nominees

U.S. INSTITUTE OF PEACE

Laurie S. Fulton
John West

DEPARTMENT OF EDUCATION

Susan Sclafani

Mr. FRIST. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. FRIST. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

RECESS SUBJECT TO THE CALL OF THE CHAIR

Mr. FRIST. Mr. President, I ask unanimous consent that the Senate stand in recess subject to the call of the Chair.

There being no objection, the Senate, at 9:39 p.m., recessed subject to the call of the Chair and reassembled at 10:26 p.m. when called to order by the Presiding Officer (Mr. ENSIGN).

MAKING FURTHER CONTINUING APPROPRIATIONS FOR FISCAL YEAR 2004

Mr. FRIST. Mr. President, I ask unanimous consent that the Senate now proceed to the immediate consideration of H.J. Res. 79; that the resolution be read three times and passed; and that the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The joint resolution (H.J. Res. 79) was read the third time and passed.

UNANIMOUS CONSENT AGREEMENT—H.R. 1

Mr. FRIST. Mr. President, I ask unanimous consent that the contingent upon its availability, the Senate proceed to the consideration of the conference report to accompany H.R. 1, the Medicare Prescription Drug Modernization Act, at 10 a.m. tomorrow; provided that for duration of tomorrow's session, consideration of the conference report be for debate only, and the speakers be recognized in an alternating fashion.

The PRESIDING OFFICER. Without objection, it is so ordered.

ORDERS FOR SATURDAY, NOVEMBER 22, 2003

Mr. FRIST. Mr. President, I ask unanimous consent that when the Senate completes its business today, it adjourn until 10 a.m., Saturday, November 22. I further ask unanimous consent that following the prayer and pledge, the morning hour be deemed expired, the Journal of proceedings be approved to date, the time for the two leaders be reserved for their use later in the day, and the Senate then begin consideration of the conference report to accompany H.R. 1, the Medicare Prescription Drug Modernization Act, as provided under the previous order.

The PRESIDING OFFICER. Without objection, it is so ordered.

PROGRAM

Mr. FRIST. Mr. President, tomorrow morning, the Senate will begin debate

on the Medicare conference report. Senators who wish to make statements on this historic bill are encouraged to come to the floor during tomorrow's session. In addition, I inform my colleagues that there will be no rollcall votes during tomorrow's session. It is my hope that we will be able to schedule a vote on the conference report for Monday. I will continue to work with the Democratic leadership to reach an agreement for a final vote.

In addition, we will in all likelihood be in session on Sunday as well to continue the debate on Medicare. I will tomorrow make further announcements about Sunday.

ADJOURNMENT UNTIL 10 A.M. TOMORROW

Mr. FRIST. Mr. President, if there is no further business to come before the Senate, I ask unanimous consent that the Senate stand in adjournment under the previous order.

There being no objection, the Senate, at 10:28 p.m., adjourned until Saturday, November 22, 2003, at 10 a.m.

NOMINATIONS

Executive nominations received by the Senate November 21, 2003:

DEPARTMENT OF DEFENSE

LAWRENCE T. DI RITA, OF MICHIGAN, TO BE AN ASSISTANT SECRETARY OF DEFENSE, VICE VICTORIA CLARKE.

WITHDRAWALS

Executive message transmitted by the President to the Senate on November 21, 2003, withdrawing from further Senate consideration the following nominations:

APRIL H. FOLEY, OF NEW YORK, TO BE A MEMBER OF THE BOARD OF DIRECTORS OF THE EXPORT-IMPORT BANK OF THE UNITED STATES FOR A TERM EXPIRING JANUARY 20, 2007, WHICH WAS SENT TO THE SENATE ON APRIL 10, 2003.

APRIL H. FOLEY, OF NEW YORK, TO BE A MEMBER OF THE BOARD OF DIRECTORS OF THE EXPORT-IMPORT BANK OF THE UNITED STATES FOR A TERM EXPIRING JANUARY 20, 2007, WHICH WAS SENT TO THE SENATE ON MAY 14, 2003.

HOUSE OF REPRESENTATIVES—*Friday, November 21, 2003*

The House met at 9 a.m.

The Chaplain, the Reverend Daniel P. Coughlin, offered the following prayer:

Lord our God, grant Your servants patience and perseverance.

Patience calms the soul within.

Perseverance reaches beyond oneself to accomplish the task at hand.

Humbled by our own frailty and sometimes overwhelmed by the expectations laid upon us, we need Your mighty assistance.

Unsure which comes first, perseverance or patience, touch each Member of this House personally that all may contribute to the ways of freedom and the work of justice.

May virtue flourish here that all may see that by helping others to persevere we find the strength and purpose to persevere ourselves; for we are Your servants, both now and forever.

Amen.

THE JOURNAL

The SPEAKER. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentleman from Georgia (Mr. GINGREY) come forward and lead the House in the Pledge of Allegiance.

Mr. GINGREY led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain five 1-minute speeches on each side.

ST. URSULA BULLDOGS WIN OHIO STATE VOLLEYBALL CHAMPIONSHIP

(Mr. CHABOT asked and was given permission to address the House for 1 minute.)

Mr. CHABOT. Mr. Speaker, this morning I would like to recognize the achievement of an exceptional group of young women in my Cincinnati congressional district, the St. Ursula Bulldogs volleyball team.

St. Ursula battled Ursuline Academy, another outstanding Cincinnati school, for Ohio's State volleyball championship. St. Ursula emerged victorious, capping off an undefeated season. With 29 wins and zero losses. St. Ursula was also declared national champion.

The victory marked St. Ursula's eighth State volleyball title, making it the only Ohio school to accomplish this feat in history.

Mr. Speaker, these are two excellent schools academically as well as in sports. They have faced each other three straight years for the State title. They are shining examples of what can be accomplished with hard work, perseverance, and teamwork.

It gives me great pleasure, especially since my niece, Maria, is a student at St. Ursula, to acknowledge in the United States Congress the success and achievement of these exceptional young women and their coaches, St. Ursula's Julie Perry and Ursuline's Amie Meyer.

Congratulations.

MEDICARE CONFERENCE REPORT'S RURAL PACKAGE

(Mr. GINGREY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GINGREY. Mr. Speaker, I rise today in support of the rural package provided for in the House-Senate Medicare agreement. The package corrects existing inequities for rural and small town hospitals and providers by equalizing the disproportionate reimbursement payments they have been experiencing in the past.

Rural hospitals' base payment rate will be permanently extended by 1.6 percent to match the urban hospital payment rate and the amount of disproportionate share payments will be more than doubled to 12 percent of total Medicare inpatient payments.

The bill additionally pays cost plus 1 percent to the Critical Access Hospitals to ensure that they can improve access and services.

And that, Mr. Speaker, is exactly the purpose of the rural package: To provide immediate help to rural area and small city hospitals so that they can provide sustained access and quality service to their patients.

Our seniors deserve nothing less than that, and I urge my colleagues to vote in favor of our Nation's rural hospitals. Pass the Medicare conference report.

CONGRESS COULD DO BETTER FOR SENIORS

(Mr. DEFAZIO asked and was given permission to address the House for 1 minute.)

Mr. DEFAZIO. Mr. Speaker, today the House will take up an incredibly complicated $400 million bill which purports to provide seniors something they need: help in buying pharmaceuticals. We could do this more simply and more cost effectively. We could have the government negotiate lower drug prices on behalf of seniors as they do for the Veterans' Administration, a minimum of a 24-percent reduction for veterans' drugs and actually an average of about 50 percent.

There is a bigger group of Medicare people. We could do better. It would not cost anything.

We could also allow the free reimportation of FDA-approved, U.S.-certified, U.S.-manufactured drugs from Canada and other countries. Many seniors in my district are doing that now, saving an average of 50 percent. But, no. Instead, this bill is going to prohibit the reimportation. This bill is going to prohibit the government from negotiating lower prices for pharmaceuticals, all to protect the profits of the pharmaceutical industry at a time when many seniors cannot afford the drugs they need to maintain their health.

PRESIDENT BUSH'S SPEECH IN LONDON

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, this week President George W. Bush gave an inspiring speech at Whitehall in London, while visiting the Royal Family and Prime Minister Tony Blair. The President stated clearly that the United States is committed to winning the war on terrorism.

In one of the most important moments of the speech, President Bush explains why we cannot forget September the 11th and the innocent thousands that were killed that day. The President said, ''The hope that danger has passed is comforting, it is understandable, and it is false. The attacks that followed on Bali, Jakarta, Casa Blanca, Bombay, Mombassa, Najaf, Jerusalem, Riyadh, Baghdad and Istanbul were not dreams. They're part of the global campaign by terrorist networks to intimidate and demoralize those who oppose them.''

The President is absolutely correct and I encourage all Americans to remember the act of war brought upon our Nation just 2 years ago. I have confidence that our military will win the global war on terror and I commend the dozens of coalition countries that have joined us in this fight for freedom.

Mr. Speaker, in conclusion, may God bless our troops.

BUSINESS WILL NOT ALLOW GOVERNMENT TO OPERATE LIKE A BUSINESS

(Mr. GEORGE MILLER of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GEORGE MILLER of California. Mr. Speaker, very often when we go out and hold town hall meetings, people stand up in the town hall and say: Congressman, why do you not run the government more like a business?

The answer is when we try to run the government like a business, business won't let us.

If one is a Wal-Mart, they negotiate their pharmaceutical prices. They negotiate the prices of goods sold in their store.

If one is a COSTCO, they negotiate pharmaceutical prices and people go to COSTCO to buy their pharmaceuticals.

But if the government wants to negotiate the prices as the largest purchaser of pharmaceuticals in the world, we will not be allowed to because the Republican bill prohibits the Secretary of Health and Human Services from negotiating a better price for America's seniors and American families.

We cannot run the Congress like a business when the businesses are all lobbying to keep a monopoly, to keep high prices, to keep people from going to Canada and getting FDA-approved drugs. That is what suppliers do. People go where there are lower prices. They can search the world over in the globalized economy for lower prices. But American seniors who need lifesaving drugs cannot search the world over for lower prices like the businesses can, because business will not let government run the government like a business.

JOBS AND GROWTH PACKAGE REAPING BENEFITS FOR WORKING FAMILIES

(Mr. SHUSTER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SHUSTER. Mr. Speaker, it has become apparent that the Jobs and Growth Tax Relief Package passed by Congress earlier this year has helped fuel the recent surge in the economy. The American economy grew at a rapid pace of 7.2 percent during the third quarter of this year, the best since 1984.

The seeds of economic growth are beginning to take hold. Our economy is rebounding. We have created strong economic policy built on a foundation of tax relief. The jobs and growth package that Congress passed has been responsible for putting taxpayers' hard earned dollars back in their own pockets.

This week we further our focus on jobs by passing an important comprehensive energy package and we will have an opportunity to strengthen our health care system by passing an important Medicare prescription drug bill later today. These building blocks will continue to provide substantial stimulus over the coming months.

Most importantly, we must remember that America's strength comes from its workers, its small business owners, and its families dedicated to a better way of life. As a Congress, we must continue to assist our working men and women by removing the obstacles so they can capture the American dream.

NEVER NEVER LAND OF CORPORATE WELFARE

(Mr. EMANUEL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. EMANUEL. Mr. Speaker, my colleagues on the other side of the aisle always talk about being the protectors of the free market system and believes if the free market would operate without government hindrance, business would be fine and society would be fine.

This week this House passed an energy bill that gave $20 billion of taxpayer money to companies to do drilling for oil, do their basic services, when they should be doing that on their own without taxpayer subsidies.

Now, we are about to pass a prescription drug bill that pays HMOs $80 billion to provide health insurance.

These are the bastions of capitalism? We used to have "end welfare as we know it." This is a new form of welfare. These are businesses who have come to rely on the government subsidies as the only way to operate their businesses. I think that today, rather than being the culture of the protectors of capitalism and the principles of capitalism, the Republican Party has become the bastions of the culture of welfare and we need to end welfare as it is being abused in our society.

Lately, the way I have seen our government turn into literally a culture of welfare for corporate and special interests, I am beginning to think that we have been caught captive in the Never Never Land. It is not Michael Jackson, it is us who have been caught here in this culture of welfare that has come to dominate and be used by businesses that have come to rely on the government, and the taxpayers more importantly, to afford their basic bottom line.

ADOPTION INFORMATION ACT

(Mrs. JO ANN DAVIS of Virginia asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. JO ANN DAVIS of Virginia. Mr. Speaker, this Saturday, November 22, numerous organizations will join together in celebration of National Adoption Day to recognize the many blessings afforded by adoption. In honor of this day, I would like to draw attention to a bill that I introduced this year that seeks to raise awareness of adoption, the Adoption Information Act, H.R. 1229.

Essentially, the Adoption Information Act would require all federally funded clinics to provide a detailed pamphlet of adoption referral information to all people seeking family planning services. All too often, women seeking pregnancy counseling do not receive all the information necessary to make an informed decision. Information on what adoption is and referral for adoption services are rarely discussed at all, and when they are that information is often inaccurate and incomplete.

H.R. 1229 aims to ensure that women are empowered with the accurate and complete information they need to make informed decisions.

Mr. Speaker, I urge my colleagues to support the Adoption Information Act.

FIRST DO NO HARM

(Mrs. CHRISTENSEN asked and was given permission to address the House for 1 minute.)

Mrs. CHRISTENSEN. Mr. Speaker, I want to respond to one of my physician colleagues who was on the floor last evening and speak to others who think that they and we ought to support the conference report on Medicare reform. One of the most important tenets of the oath we take as physicians is that we must do no harm. This is to guide us in our practice and our interactions with both our patients and society.

The Medicare bill that will be before us today will do much harm by threatening to take away retiree prescription drug coverage. By refusing to provide wraparound coverage for poor seniors and disabled on Medicare, it will exclude many poor, disabled, and elderly by means testing, and most of all it will begin to destroy this important program which so many depend on and need.

Mr. Speaker, if this bill were to pass tomorrow, it would not help one senior next year. We have time to do it right and fulfill the promise we made to provide a comprehensive plan. Physicians, do not allow our profession to be used to pass a bad bill or hurt our patients.

I urge physicians to call their representatives and tell them to vote ''no.'' I urge my colleagues to vote ''no.''

Whether physician or Member of Congress, above all we must do no harm.

PROVIDING FOR CONSIDERATION OF MOTIONS TO SUSPEND THE RULES

Mr. SESSIONS. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 456 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 456

Resolved, That it shall be in order at any time on the legislative day of Friday, November 21, 2003, for the Speaker to entertain motions that the House suspend the rules. The Speaker or his designee shall consult with the Minority Leader or her designee on the designation of any matter for consideration pursuant to this resolution.

□ 0915

The SPEAKER pro tempore (Mr. SIMPSON). The gentleman from Texas (Mr. SESSIONS) is recognized for 1 hour.

Mr. SESSIONS. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Massachusetts (Mr. MCGOVERN), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Mr. Speaker, this rule provides for suspensions that will be in order at any time on the legislative day of Friday, November 21, 2003. It also provides that the Speaker or his designee will consult with the minority leader or her designee on any suspension considered under the rule.

Mr. Speaker, as I noted yesterday, the Republican leadership of this House has set out on an aggressive legislative plan for this week on behalf of the American people. The goal of this plan is to pass a number of bills over the next few days which will dramatically improve the quality of life for all Americans.

This week we have already succeeded in passing an energy conference report that will bring our Nation's outdated energy policy into the 21st century through comprehensive legislation that promotes conservation, reduces America's growing dependence on foreign oil, and creates new jobs and cleaner skies.

Today we will consider legislation to make sure that America uses best practices technology and procedures to prevent tragic wildfires, like the ones that California just suffered through, from ravaging our Nation's forests. This important bipartisan legislation takes a healthy step forward in providing a better approach to addressing the problems that have to date prevented the proper management of forest health on private forest land.

This bill creates new programs to detect and suppress dangerous forest pests. It also creates two new programs which help family forest owners to manage their forests, protect watersheds, and help to protect wildlife on private lands. Both of these programs use a nonregulatory, incentive-based approach to promote conservation, rather than a top-down, one-size-fits-all regulatory approach.

For the balance of the week, we are slated to consider legislation to, among other things:

Number one, to authorize spending levels for the intelligence activities we need to win the war.

Number two, to reform Medicare to make sure that more of our seniors have the prescription drug coverage that they need while giving them much more and more choices for their health care coverage, and also to allow all Americans to begin planning for their health needs through savings accounts that can be purchased, can grow, and can be used on a tax free basis.

Number three, and to provide for a uniform national credit reporting system that ensures that consumers are protected from identity theft while giving them access to the fast and reliable credit that makes our economy the envy of the world.

I understand that Members on either side of the aisle may have different views about how to address each of these issues that I have talked about, but we will have an opportunity to hear a great deal of debate from both sides over the next few days on each one of these issues, and so many other things. However, a great deal of the legislation that the Republican House leadership has also scheduled on behalf of all Americans has broad support from both the majority and the minority, and in an attempt to make sure that this important work is finished by the end of this legislative week as well, we are here today to pass a rule to provide for the consideration of those bills.

Mr. Speaker, this balanced rule provides the minority with the ability to consult with the Speaker on any suspension that is offered, ensuring that their input and views are duly considered before any legislation considered under this rule is brought to the floor.

Mr. Speaker, I encourage my colleagues on both sides of the aisle to support this uncontroversial and balanced rule which passed yesterday by a voice vote.

Mr. Speaker, I reserve the balance of my time.

Mr. MCGOVERN. Mr. Speaker, I thank the gentleman from Texas for yielding me 30 minutes, and I yield myself such time as I may consume.

Mr. Speaker, we have no objection to this rule which would allow for this House to consider suspension bills today. We are not going to ask for a vote. There is no controversy over this and there is no reason to debate this. But I do want to just take a couple of minutes to alert my colleagues to something that I think is quite serious, and that is the fact that we probably some time today will consider the so-called Medicare prescription drug bill.

Mr. Speaker, this bill, if I understand correctly, was filed at about 1:20 a.m. this morning and under House rules, Mr. Speaker, all Members of this House, Democrats and Republicans, are supposed to have 3 days, 3 days to review any conference report so they can actually read what is in it so that they will know what, in fact, that they are voting on. It is obvious, as has been the case so many times over and over, that the Republican majority is choosing to ignore the rules of this House and it is particularly disturbing that they have chosen to do so once again with regard to a bill that I think is so very important.

This is a bill, in my opinion, that is going to end Medicare as we know it. It is going to privatize Medicare and is not going to provide our senior citizens with the prescription drug benefits that they expect. But yet we are rushing it to the floor with very little consideration and with almost no opportunity for Members to know what is in it.

Mr. Speaker, let me read today the lead paragraph in an editorial that appeared in today's Washington Post. ''Before we say anything else about the Medicare bill that the House-Senate conference committee approved yesterday, it is important to point out that the process by which this bill was created hardly reflects well on our political culture. This is an extremely expensive, 1,100-page bill that will have a profound effect on the Nation's fiscal and physical health and although it was not finished until yesterday afternoon after several months of a largely secret conference, last night House leaders were planning to bring it up for a vote tomorrow. If they do, most Members will have no real idea of what they are voting for or against.''

Now, my colleagues on the other side will say, gee, we are coming up to Thanksgiving and we all need to go home and we need to get everything done before Thanksgiving. Well, most Americans have a couple of days off at Thanksgiving and then they go back to work the following week. There is no reason why this House cannot go to work the following week and do the people's business and do it right.

One of the problems with not being able to read bills before they come to the floor is that oftentimes days later, weeks later, sometimes months later we find out that there are little goodies, special interest provisions that are hidden in these bills that are very expensive, that help one particular special interest, but do great harm to the American people.

Mr. Speaker, I do not want anyone to have an excuse that they do not know what is in this bill. And there are people on the other side of the aisle who also had requested early on that we have at least 3 days to review this important piece of legislation. I think it is unfortunate that we are moving today on a very important piece of legislation, a bill, as I said before, that in my mind undermines one of the most important and successful social programs in the history of this country, and is being rushed to the floor without giving Members or their staff the opportunity to read the bill or to go home and check with their constituents.

In case my colleagues forgot, constituents are the people who elect us. We are supposed to be serving constituents who have elected us to this high office, and I think we are doing a great disservice to those by allowing this Medicare bill to come to the floor without at least respecting the rules.

Mr. Speaker, let me finally say if my Republican colleagues want to continue to waive these rules and not report rules, why do they not just repeal all the rules? There is no sense to have rules of this House if they are not going to follow them.

Mr. Speaker, I reserve the balance of my time.

Mr. SESSIONS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the gentleman from Massachusetts (Mr. MCGOVERN) is exactly correct. We are going to this morning, in about 35 minutes, walk upstairs here in the Capitol. We are going to go to the Committee on Rules. Our young chairman, the gentleman from California (DAVID DREIER), will open up the meeting where we will be open for debate and I am sure controversy. But most of all, it will be part of the process that has been something that the Committee on Rules in this House has done for a long time, and that is follow through with the process to make sure that people at 10 o'clock Eastern time in Washington, D.C., and Members of Congress have a chance to walk upstairs and to talk about this bill and to present their ideas and to talk about what this conference report is all about.

Obviously, this conference report is debatable. It is nonamendable. It will be an up-or-down vote. This is part of a process that has taken place where Members of this great body, with our colleagues on the other side of the Capitol, the Senate, got together, worked through problems. But I think that if we were trying to wait until today, as my colleague from Massachusetts would suggest, to find out what people want back home, I think we have made a terrible mistake. I think Members on this side of the aisle have already gone home and listened to people. That is what this is about, to be a body that has heard people. And we have passed not only this legislation as a result also of consultation back home, but even last January when we handled the budget we talked about what we thought this bill would look like. And, of course, our colleagues on the other side of the aisle, said there is no way that we could do that. We just would never pull that off.

Well, Mr. Speaker, today it looks like we have. And I would like to describe a little of what we pulled off. We will hear the details at 10 o'clock upstairs, but those details essentially include competition in the area of health care. This competition that we are talking about, which will be debated up in the Committee on Rules, is about allowing families back home, including people who may not be in Medicare yet, to begin saving for their future. We are going to have something that is called health savings accounts that were previously known as MSAs. These health savings accounts are going to allow people to save on a pre-tax basis and then save this money on a tax-free basis and then spend it in health care on a tax-free basis.

Why is this important? This is important because over the lifetime of a person and their family they will be able to prepare with this money for what their needs are going to be for health care. Why is that important? That is important to our Nation because a consumer that has money in their pockets can make wiser decisions, rather than showing up in a system like Medicare where many times they cannot even find where their doctor accepts Medicare.

This will change health care for this country as we continue on a moving-forward basis. It empowers people. We think it is the right thing. We think that is what people are asking for back home.

Mr. Speaker, on the prescription drug angle, no question in my mind, the Washington Post is probably right. Oh, my gosh, this is an expensive bill. But you know what? We did it in a way that will help people who need the most help and I am proud of that.

So, Mr. Speaker, I know that my friends want to talk about all the things that are going on up in the Committee on Rules here in just a few minutes. I can assure them and the American public that what we are all about is about process and doing the right thing for people back home.

Mr. Speaker, I reserve the balance of my time.

□ 0930

Mr. MCGOVERN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I appreciate the gentleman from Texas' comments, but he missed the whole point of what I was trying to say. On substance, we will debate that later.

This bill is a lousy bill. It privatizes Medicare. It does not provide our seniors with a prescription drug benefit that they believe they are going to get, and that they expect and deserve. This is a lousy bill.

But what I was talking about was the process. We will talk about the substance later. This process stinks, and the bottom line is that you and the majority continually ignore the rules of this House or waive the rules of this House.

The rules are that when you file a conference report, you are supposed to have 3 days to review it. This was filed, this important historical legislation that you talk about, was filed at 1:20 a.m. in the morning. All right. I do not know whether you read the whole thing, but I am going to tell you, most Members on both sides did not.

Let me read you a letter that was sent to the gentleman from Illinois (Speaker HASTERT); to the gentleman from Texas (Mr. DELAY), the majority leader; and to the majority whip, the gentleman from Missouri (Mr. BLUNT).

Dear gentleman: We write to request that if the conferees on the Medicare Prescription Drug and Modernization Act of 2003 report to the House a conference report, that copies of the text of the conference report, the text of the explanatory statement and the text of the Congressional Budget Office cost estimate for the conference report be made available to all Members at least 3 calendar days after filing, excluding Saturdays, Sundays and legal holidays, unless the House is in session on those days, and prior to consideration of the conference report or to any measure reported from the Committee on Rules providing for the consideration of the conference report.

''The general public will evaluate not only what Congress does regarding Medicare and prescription drugs, but the way in which it does it. A bill proposing such substantive changes to its Medicare system and costing an estimated $400 billion over the next decade deserves the careful and thoughtful consideration of all Members.''

It goes on and on. I will include this letter for the RECORD, Mr. Speaker.

OCTOBER 29, 2003.

Hon. J. DENNIS HASTERT,
Speaker, House of Representatives, Washington, DC.

Hon. ROY BLUNT,
Majority Whip, House of Representatives, Washington, DC.

Hon. TOM DELAY,
Majority Leader, House of Representatives, Washington, DC.

DEAR GENTLEMEN: We write to request that if the Conferees on the Medicare Prescription Drug and Modernization Act of 2003 report to the House a Conference Report, copies of the text of the Conference Report, the text of the explanatory statement, and the text of Congressional Budget Office cost estimate for the Conference report be made available to all Members at least three calendar days after filing (excluding Saturdays, Sundays, and legal holidays, unless the House is in session on those days) and prior to consideration of the Conference Report or

to any measure reported from the Committee on Rules providing for the consideration of the Conference Report.

The general public will evaluate not only what Congress does regarding Medicare and prescription drugs, but the way in which it does it. A bill proposing such substantive changes to the Medicare system and costing an estimated $400 billion over the next decade deserves the careful and thoughtful consideration of all Members.

Allowing Members adequate time to properly evaluate the Conference Report will avoid a needless and difficult internal fight on the Rule, and allow Leadership to concentrate its efforts on final passage of the Conference Report. It will also lead to more public confidence in the legislative process and greater acceptance of that process' final product.

Therefore, while some of us are likely to support and others to oppose the Conference Report on H.R. 1, each of us strongly urges you to abide by regular order and provide at least three calendar days for Members to review the Conference Report and materials necessary to properly evaluate the Conference Report.

Sincerely,

Mr. John Kline, Mr. C. Michael Burgess, Mr. Randy Neugebauer, Mr. Johnny Isakson, Mr. Tom Tancredo, Mr. Dave Weldon, Mr. Virgil H. Goode, Jr., Mr. Donald Manzullo, Mr. Jim Ryun, Mr. Todd Akin, Mr. Gil Gutknecht, Mr. Ernest J. Istook, Jr., Mr. Jeff Flake, Mrs. Sue Myrick, Mr. Jeff Miller, Mr. Phil Crane, Mr. Trent Franks, Mr. Mike Pence, Mrs. Marilyn Musgrave, Mr. Pete Hoekstra, Mr. Joseph R. Pitts, Mr. Scott Garrett, Mr. Tom Feeney, Mr. Kevin Brady, Mr. Roscoe Bartlett, Mr. William ''Mac'' Thornberry, Mr. Tim Murphy, Mr. Steve King, Mr. Ron Paul, Mr. Johnson Boozman, Mr. John Culberson, Mr. J. Gresham Barrett, Mr. John Carter, Mr. John N. Hostettler, Mr. Devin Nunes, Mr. J. Randy Forbes, Mr. Mark E. Souder, Mr. Jim DeMint, Mr. Mark Kennedy, Mr. Charlie Norwood, Mr. Chris Chocola.

This was signed by 41 Republican Members of this House, and it is clear by the fact that we are moving in the fashion that we are today that not only do you not care that those of us on the Democrat side feel it is important, but you do not even care what your Republican Members think with regard to being able to read this bill.

So, Mr. Speaker, I would say to my colleague from Texas, what I am complaining about right now is the process, and on a bill this important, Members, staff and our constituents deserve to know what is in this bill. Quite frankly, the sound bites and the press releases from the leadership of this House, from the gentleman from California (Mr. THOMAS) and others, that does not cut it. We have been there, we have done that before.

What we need to do is read the fine print to find out what other special interest goodies are tucked in there for the pharmaceutical industry or the HMOs.

Mr. Speaker, I yield 4 minutes to the gentleman from California (Mr. GEORGE MILLER)

Mr. GEORGE MILLER of California. Mr. Speaker, I thank the gentleman for yielding me time. I think he makes a very important point.

We thought we had an agreement. In fact, we had the word of the Speaker of the House there would be a 3-day layover period for this legislation so Members and interested parties could read this legislation to discover exactly what is in it.

The Republicans make a great deal out of the fact that this bill will provide for competition. We know it will not provide for price competition on pharmaceuticals, because it specifically prohibits price competition. It does not let the Secretary of Health and Human Services negotiate lower prices, lower costs, for senior citizens in the Medicare program.

But, interestingly enough, Mr. Speaker, and maybe every Member of Congress will want to read the bill very closely, the gentleman on the other side says what we do here is we promote competition. We are going to put in place private health plans that are going to compete with Medicare, and people are going to get better services, more services, at a lower cost.

Now, that is an interesting notion of competition. I don't know where the free market is, but they decided now in this bill that they are going to have to give these plans almost a 30 percent increase, more than they pay for Medicare, to try to make these plans run. But this competition is such a good idea, and it is pushed by the Republicans. The victims are going to be the senior citizens, but the Republicans are saying this competition is a great idea.

Well, I want to tell my Republican friends in the House who have not read the bill, pick up the Wall Street Journal today. See what your Senators have done. This is a great bill for competition. It is so good, it is so good, that Senator GORDON SMITH of Oregon, Senator KYL of Arizona, Senator SPECTER, and there is one other Senator whose name I cannot pick out of the story here, have decided it is so good, they have excluded their areas in their States from the competition.

They say, ''Oh, no, you are not going to do this in my area. You are not going to do this with my senior citizens.'' The Senators apparently are a little closer to the process here, and they have read the bill. They said, ''You know, we had one of these demonstrations a number of years ago, and it blew up in our face, both in terms of cost and in terms of services to the senior citizens.''

So, Senators, you know how they make their deals over there; we cannot do this over here because of the Committee on Rules, they got in there in the last minute and said, ''Exclude my area in Pennsylvania, exclude my area in Arizona, exclude my area in Oregon. I am not having any of this competition for my senior citizens. Just those lucky-duckies over there in the House that have one of these competition plans lands on their congressional district. Then we will see how it goes.''

That is why you want to read the bill. That is why you want to be able to have a 3-day layover period to protect the rights of every Member of this House and the constituents and the people that they represent in their congressional districts.

But the arrogance of this leadership, the arrogance of the Speaker, the arrogance of the Committee on Rules just constantly suggests that democracy means very little to them; the rights of each and every Member mean very little to them. They now have the power, the Republicans have the power, and, with that power, slowly has come arrogance. And they have decided that there is no reason for debate; there is no reason for us to be able to try to tell the American people what is in this bill before we vote on it so maybe they can participate.

They want to run the Congress like AARP runs their organization; one person at the top makes a decision, and 30 million people out there are put in jeopardy. That is not the democratic process. That is not the democratic process.

I cannot wait to see the Constitution you guys want to write in Iraq. If this is what you are doing to the People's House on the most important piece of social legislation in this country, you want to shut down debate, you do not want to give people time to read it.

If you cannot read the bill, my colleagues in the House, read the Wall Street Journal. Read the Wall Street Journal, because maybe you, too, can scramble up to the Committee on Rules in the next hour and get an exemption from competition like those wonderful, powerful Senators have done. Do not read the bill, read the Wall Street Journal.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. SIMPSON). The Chair would remind all Members that they should refrain from improper references to Senators.

Mr. GEORGE MILLER of California. Mr. Speaker, I do not know how to identify them if I do not identify them by name.

The SPEAKER pro tempore. The Chair would remind all Members they should refrain from identifying individual Senators by name.

Mr. SESSIONS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this competition angle is an important part of what this Medicare bill will be. You see, we Members of Congress that occasionally go home who are aware of the things that happen at home in the real marketplace, some of those things that are very exciting in the world of competition are happening in health care. They are happening all across this country.

Sometimes when you go home and you open up a newspaper, or you watch

on TV and they talk about LASIK eye surgery. LASIK eye surgery used to be $1,200 an eye. Due to competition, due to machines, due to procedures now becoming available, they are $299 an eye. That means that as a result of competition, as a result of physicians, medical doctors, learning how to do these procedures, we have sent these teachers all across the country, and they have perfected this technique. That is an example of where competition does work. Over 1 year these surgeries have gone from over $1,200 to $299 an eye. We think competition will be a huge part of the success of this Medicare bill.

But let us go back to the process. The process is that this has been debated not only in the public and in newspapers and TV and on this House floor since January, or before, when many of our colleagues on the other side were saying, where is that prescription drug bill? Where is that prescription drug bill?

Mr. Speaker, we now have it on the floor of the House of Representatives. It will be in the Committee on Rules today and on this floor very quickly. It will be something that has, by popular demand, been asked for, and it comes as a result of these two bodies, the House and the Senate, working through very difficult negotiations.

It is a process that has been followed, it is a process that works, it is a process that I think has allowed people for a long time to know the answer as to what is in this bill, so much so that the Democrat leadership has already blasted the AARP a week ago for supporting the bill because they knew what was in the bill.

So I think it is a misnomer to think that we just do not know or do not understand. People who wish to know, people who wish to be a part of this bill could gain the information. I am proud of what we are doing today. The gentleman from California (Chairman DREIER) will open up the Committee on Rules in about 20 minutes, and the debate there will start.

But, let us not forget, this is not about amending a bill. This is a conference report. This is not like one Member in this body can change one word that is in this document, because that is not our process or procedure. It will be an up-or-down vote. It will be based upon what a Member thinks is the right thing to do. I trust their judgment.

Mr. Speaker, I reserve the balance of my time.

Mr. McGOVERN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the gentleman from Texas keeps on talking about the Committee on Rules and the action we are about to take, as if something important is going to happen.

What is going to happen in the Committee on Rules is we are going to waive all the rules. We are going to waive the rule that says Members have a right to read this bill. So I guess it is historic in the fact that once again we are going to trample on the rights of Members of both parties.

I should say to the gentleman from Texas, it is not just Democrats that are complaining about the need to read the bill. I just cited to him a letter that was signed by 41 of some of the most conservative Republicans in this House who said, we should read the bill. One of the reasons why, I suspect, is if you read the Washington Post today, there is a headline, ''Drug Makers Protect Their Turf.'' I will insert this article in the RECORD.

[From the Washington Post, Nov. 21, 2003]

DRUGMAKERS PROTECT THEIR TURF

MEDICARE BILL REPRESENTS SUCCESS FOR PHARMACEUTICAL LOBBY

(By Ceci Connolly)

No industry in negotiations over the $400 billion Medicare prescription drug bill headed to the House floor today outpaced the pharmaceutical lobby in securing a favorable program design and defeating proposals most likely to cut into its profits, according to analysts in and out of the industry.

If the legislation passes as Republican leaders predict, it will generate millions of new customers who currently lack drug coverage. At the same time, drug-manufacturing lobbyists overcame efforts to legalize the importation of lower-cost medicines from Canada and Europe and instead inserted language that explicitly prohibits the federal government from negotiating prices on behalf of Medicare recipients.

''It couldn't be clearer there is going to be a positive effect overall,'' said Dan Mendelson, president of Health Strategies Consultancy, which bills itself as a think tank and consulting firm. ''The volume will definitely go up. There will be a lot of people who didn't have coverage before who will have it now and a lot of people getting an upgrade in terms of coverage.''

Democrats and consumer advocates complain that the Republican-crafted compromise does little to contain soaring drug costs. They say that by handing the Medicare drug program's administration to private insurers, Congress missed a chance to exert pressure on pharmaceutical companies to reduce prices.

But Republicans and some industry analysts say that adopting a drug-purchasing mechanism similar to those in corporate health plans is the best way to extract discounts from drugmakers.

If Medicare negotiated on behalf of its 40 million beneficiaries, ''I wouldn't be negotiating; I'd just be fixing the price,'' said Thomas Scully, the program's administrator. ''Let's get seniors organized into big purchasing pools and get bulk discounts and see how they fare.''

Representatives of the industry's main lobbying arm, the Pharmaceutical Research and Manufacturers of America (PhRMA), declined yesterday to discuss the legislation. But the clearest indication that the bill offers a brighter future for the industry came from Wall Street, where pharmaceutical stock prices have steadily risen over the past week as the legislation's prospects for passage improved. Analysts at Goldman Sachs & Co. project the new Medicare benefit could increase industry revenue by 9 percent, or about $13 billion a year.

After objecting for years to proposals to add prescription drug coverage to Medicare, the pharmaceutical lobby recently shifted positions and poured enormous resources into shaping the legislation. Since the 2000 election cycle, the industry has contributed $60 million in political donations and spent $37.7 million in lobbying in the first six months of this year.

The lobbying continued in earnest this week with a television and print advertising campaign urging passage of the bill. In one series of witty commercials sponsored by the industry-backed Alliance to Improve Medicare, elderly citizens look into the camera and demand: ''When ya gonna get it done?''

One Republican with ties to the industry said drugmakers eluded the three things they feared most: legalized importation of lower-cost medicines, many of them patented or made in the United States; government price controls; and easier market access for generic drugs that cost considerably less than brand-name drugs. ''In their view, by improving access for all seniors, we will ameliorate any pressure on the industry toward price controls or reimportation,'' the source said.

About 24 percent of Medicare beneficiaries—nearly 10 million senior citizens—do not have any prescription benefits. some of them buy medicine at the highest retail prices. Academic studies and anecdotal evidence suggest, however, they many go without prescription medicines and would become new customers for drugmakers if the bill becomes law. The remaining 30 million Medicare recipients but some supplemental drug coverage, according to the most recent government figures.

Even those with some drug coverage are expected to spend more with the new benefit, said Fredric E. Russell, whose investment management company owns several drug stocks. Whenever a new health benefit is offered, he said, patients and doctors jump at the chance to take advantage of it.

Under the bill, beginning in 2006, all Medicare beneficiaries would have the option of buying a drug plan for about $35 a month, plus a $275 annual deductible. Insurance companies and pharmacy benefit managers (PBMs) would administer the programs for the government.

The great unknown is what sort of prices those insurers will ultimately negotiate on behalf of their Medicare clients, said Kristine Bryan, senior health care analyst at Brown Brothers Harriman & Co. ''Generally, when you have a large purchaser, you have the ability to demand better pricing,'' she said.

Republican congressional staffers also point out that because the bill waives a requirement that state Medicaid programs receive the ''best price'' available, the new private insurers could save Medicare $18 billion. It would, however, likely increase states' drug costs.

Many Democrats say private purchases have not been as successful at bargaining as have government programs such as the Veterans Administration and Medicaid, which secure some of the steepest drug discounts available.

''We've been going through PBMs for 10 years and nothing's happened except the price of drugs has gone up,'' said Democratic presidential candidate Howard Dean, a physician.

Perhaps the most striking political victory for the pharmaceutical industry was the decision to reject provisions that would have allowed Americans to legally import drugs

from Canada and Europe, where medications retail for as much as 75 percent less than in the United States. Polls show that an overwhelming majority supports the change, and the House approved the provision, 243 to 186. But the Bush administration and pharmaceutical lobby said the move was dangerous and would cut into future research and development.

The provision was dropped from the bill's final version.

□ 0945

Mr. Speaker, it talks about all the special sweetheart deals that are in this bill for the pharmaceutical industry. I do not know whether the gentleman was aware of all these little deals that were cut. I suspected they were there, but now I want to find out who is getting what and how much. I want to connect all the dots here. That is why we want to read the bill.

So, again, what we are saying here is not anything radical, quite frankly. We are saying follow the House rules. We have rules of this House. If you do not want to follow the House rules, if you keep on ignoring them, then do away with the rules. Do not have any rules. But we do have rules to protect not only the rights of the minority, but your Members, so they know what you are voting on.

Mr. Speaker, I yield 4 minutes to the gentleman from Oregon (Mr. DEFAZIO).

Mr. DEFAZIO. Mr. Speaker, I thank the gentleman for yielding me time.

Mr. Speaker, 14,345 days. That is how long it has been since Medicare was enacted, the most important social program to lift seniors out of poverty in the history of the United States.

I worked with seniors, ran a senior citizen program, studied in the field of gerontology. Before Medicare, we had double the rate of poverty among seniors because they were driven there because of the cost of medical care.

Medicare has been a tremendous benefit to our seniors. It was opposed by the Republicans, it was opposed by the AMA, it was opposed by the nursing homes and all of them. Now, of course, they are the greatest supporters of the program because of the reimbursement and the business it provides.

But now we are about to make the most important changes in the 13,435-day history of Medicare, and we cannot have 1 day. We are not to be allowed 1 day to read a 791-page bill, which, to the best of my knowledge, and the gentleman can correct me on his own time if this is wrong, is not available in printed form. Some people like to read 791 pages on a computer screen. I do not. I think there are a lot of other Members of this Congress and the public who would like to actually have a printed copy in their hand to be able to flip back and forth easily and understand what this bill really does. But we are not going to have printed copies, or perhaps we will at some point when the debate begins. But even with speed reading, that is going to be tough.

So a 791-page, unbelievably complicated bill making extraordinary changes in a program which we have had for 39 years, and we cannot take 24 hours, or even, as the rules would provide, 72 hours to read it. What would be the harm in voting on Monday? Let it sit over the weekend. Let everybody have a chance to read it. I would be willing to stay over the weekend, work through the weekend, get through the other work and vote on this bill on Monday.

The gentleman talks about competition in the marketplace. This is a bizarre bazaar of a marketplace, because this is more like a souk, where there are all these back-room deals, and you do not know what is going on.

Competition? Well, it has subsidies for the private health insurance industry, HMOs, who still continue to enjoy an antitrust exemption, so there will be no requirement that they offer these plans; there will be no requirement that they guarantee seniors coverage beyond a 1-year basis; and there will be no requirement for them to take seniors who are not good risks or keep seniors after they make a claim. As many of my constituents know, as soon as you claim against an insurance company these days, they tell you are going to be terminated when your renewable comes up. That is what is going to happen to seniors in these private plans.

Then we have protectionism. The party of free trade, free trade over here, the Republicans are trading our jobs to China and all these other places, this bill is protectionist. It is not going to allow Americans to reimport FDA-approved, U.S.-manufactured drugs from Canada or any of the other developed industrial nations who bargain on behalf of their citizens and get huge price reductions. So Americans are going to have the door slammed on the one place they can get less expensive drugs. And none of the benefits under the bill, even at the cost of $400 billion, will reach the simple benefit that my constituents can get by importing FDA-approved, U.S.-manufactured drugs from Canada.

So we are going to spend $400 billion, create this unbelievable Rube Goldberg, and the benefit for every one of my constituents will be less than they can get today by buying from Canada, and we are going to slam that door with this bill. So they are not going to have that opportunity any more. They are going to be forced to buy drugs at higher prices, even with the so-called coverage under this bill. That is price fixing.

So we have a bill that has protectionism, price fixing, subsidies for the HMOs, the insurance industry is exempt from antitrust laws, and the gentleman says somehow this is the marketplace of competition.

What a bizarre view of a true, free and competitive marketplace. We could more simply allow these Medicare constituents to have a negotiated price for the reduction of their drugs, as we do for VA, but the industry is opposed to that because there would be too much market force, too much market clout on the part of the government in those negotiations, and allow the continued, safe reimportation of drugs from Canada.

And there is a big red herring here. The administration says FDA-approved, U.S.-manufactured drugs reimported from Canada are not safe, they cannot guarantee their safety, except we know that the drug custody chain in the United States of America is much more compromised than in Canada.

Canada first negotiates about a 50 percent reduction in prices, licenses the importers, licenses everybody, and tracks all the people who touch the drugs. In the U.S., the pharmaceutical companies dump huge amounts of drugs into an unregulated secondary market that is licensed by the States, into these phony closed-door pharmacies, and organized crime is involved in getting counterfeit drugs into the system here in the United States.

There is a huge breach of the integrity and safety of the system here in the United States, which there is no concern about because the industry is making money by having that system, but we are going to say, oh, those Canadian drugs, they are not safe. They are safer, in all probability. There have been no instances proven in Canada, unlike the United States, of organized crime getting counterfeit drugs into the system.

Mr. Speaker, we could do something simpler and cheaper if we defeat this bill.

Mr. SESSIONS. Mr. Speaker, I have the honor and privilege to yield 4 minutes to the gentleman from Florida (Mr. FOLEY), a young man who serves on the Committee on Ways and Means.

Mr. FOLEY. Mr. Speaker, I thank the gentleman for bringing the rule to the floor and for yielding me time.

Mr. Speaker, there is a commercial on these days that has a catch line, and it says, ''What is in your wallet?'' Well, I ask Members of Congress to ask themselves that very question, what is in your wallet?

I will tell you what is in mine. It is a card that I get as a Member of Congress. It says BlueCross BlueShield Federal Employee Program. It is a PPO. It has a prescription drug benefit attached to it, a $35 copayment. Certain attributes of this plan work for Members of this Congress.

In my congressional district I have the fifth largest Medicare-eligible population of 435 Members of this body, the fifth largest Medicare-eligible population. When I go home to my town hall meetings, they say, ''I want what you have. I want choice. I want opportunity.'' Interestingly enough, they do

not say, ''I want it all, and I want it free.'' They want fairness, because they want the system to continue.

The harangues on this floor the last couple days are amazing. We have heard repeatedly, speaker after speaker, ''We haven't seen this bill; we haven't read this bill.'' But we have spent hours of time talking about what is bad about what is in this bill, so either they have not seen the bill, or they are just guessing what must be in the final work product.

For 4 years I have been on this committee, and I have met over on the other side of the Chamber with the respected Senator BOB GRAHAM, Senator HARRY REID, at that time Senator CHUCK ROBB and a number of Members of the Senate as we tried to work out an opportunity to find a prescription drug plan that would suit the test of time and be financially equivalent, if you will.

In our bill there is a wellness provision which allows us to do diagnostic testing for cardiovascular disease, allows us to test for diabetes early, before the onset of these diseases. There is, in fact, a drug discount card that will be offered to those lower-income individuals who need assistance. That drug discount card will have, much like an ATM, $600 of purchasing power so they will have an opportunity to buy the vital drugs they need.

Many people on the other side of the aisle decided politically to sign the AARP pledge. If you read the pledge, it says all Medicare beneficiaries will have access to a stable prescription drug benefit on a voluntary basis. Not forced, not coerced, not mandatory. Affordable prices will be the rule, not the exception. We are trying to do that.

To those who suggest just reimport drugs from Canada, let me ask the basic question; read the articles in Florida in the newspapers where there have been numerous arrests because of counterfeit drugs coming from Canada.

Reasonable premiums, deductibles and copayments. Those are in the bill. Prescription coverage will leave no individual with extraordinary out-of-pocket costs. There is a catastrophic provision written into this legislation. Reduction in soaring drug costs will keep the program affordable. Extra help for low-income individuals. Help for rural communities that I represent with their hospitals, their ambulances, their doctors. We talk about a number of things in the bill that I think provide relief for every American. Increased fees, if you will, for physicians, increased index for the hospital what we call the market basket.

So if you look at the Medicare bill, yes, there may be problems for some. But AARP, which was, up until last week, described as the ''gold standard'' of senior lobbying organizations, has decided to take this first step with us.

Will this be a perfect vehicle? No. No legislation I have ever worked on in this process has ever been perfect. We have had to come back, work it, amend it, and deal with some of the consequences. And if we fail to make this critical step and pass this rule and pass this legislation, we will have surrendered our ability to bring seniors a necessary improvement to the Medicare health delivery system that they so vitally need.

So I urge my colleagues, support the rule and support the underlying legislation. Let us do for seniors what Claude Pepper and Franklin Delano Roosevelt tried to do to enhance their safety and security.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair would remind Members to refrain from improper references to Senators.

Mr. McGOVERN. Mr. Speaker, I yield 30 seconds to the gentleman from California (Mr. GEORGE MILLER).

Mr. GEORGE MILLER of California. Mr. Speaker, the President stood in the well and said he wanted the senior citizens to have a drug benefit like Members of Congress have with this card. Under our prescription drug benefit, the government pays 80 percent, we pay 20 percent. Under this bill, of the first $5,000, the seniors pay 80 percent and the plan pays 20 percent.

You guys have reversed the figures on the senior citizens. Out of the first $5,000, the seniors pay $4,200. Out of our first $5,000, the government pays 80 percent. Somewhere between the President's speech there and this bill, you lost 80 percent of the benefits for seniors.

Mr. SESSIONS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, there was a statement that was made that I think we just need to set the record straight on, and that is that this bill does not talk about reimportation from Canada, where Congress makes a decision on that issue. We allow the FDA to make that decision. It is not the Congress that makes that decision.

Mr. Speaker, I reserve the balance of my time.

Mr. McGOVERN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, let me just say to the gentleman from Texas, he knows very well what is going on here. The administration already decided they are not going to allow citizens to be able to get their drugs from Canada, even though they are cheaper. They already made their decision.

What we have in this bill basically is to protect the status quo, which means our senior citizens get gouged and gouged and gouged and gouged.

Mr. Speaker, I yield 3 minutes to the distinguished gentleman from Florida (Mr. HASTINGS), my colleague on the Committee on Rules.

Mr. HASTINGS of Florida. Mr. Speaker, I thank my good friend from Massachusetts for yielding me time.

Mr. Speaker, it is very difficult to not get involved in the discussion that is ongoing. There is a great need for us to correct a few things, and I hope that I can without exuding the passion that I normally bring to debate.

I would borrow from an article in today's New York Times written by Paul Krugman where he says, ''Let's step back a minute. This is a bill with huge implications for the future of Medicare. It is also, at best, highly controversial. One might therefore have expected an advocacy group for retired Americans to take its time in responding, to make sure that major groups of retirees won't actually be hurt, and to poll its members to be sure that they are well informed about what the bill contains and do not object to it. Instead, AARP executives have thrown their weight behind an effort to ram the bill through before Thanksgiving. And, no, it is not urgent to get the bill passed so retirees can get immediate relief. The plan won't kick in until 2006 in any case, so no harm will be done if the Nation takes some time to consider.''

What we have asked for here is 3 days. That is a part of the Rules of this House of Representatives, and every Member of this body, particularly those of us on the Committee on Rules, know that to be true. Despite my Democratic colleagues' best efforts to make this an inclusive and comprehensive process, one that addresses the real concerns of all of America's seniors and disabled, we were shut out from negotiations. We were shut out in June, and we are shut out now.

What we have before us, plain and simple, is an evisceration of Medicare. This bill was filed at 1:30 a.m. this morning. There is an axiom that says, ''He who makes the rules, rules.'' All of us in the minority know that the majority rules. We should, however, in this great country be exemplars of fairness, lest we be perceived as fools making rules. If we cannot be fair, who can? And it is that this process is wrong, and it is just that simple. It is not a question about Medicare or anything, if we did this on the next bill, the forest measure, if we did it on yesterday's bill. This is the first time in the whole of this year that we have brought a bill in the daylight, and my colleagues know that.

What we are doing here is critically important. I, for one, do not want to go back to my district that joins the district of my good friend the gentleman from Florida (Mr. FOLEY), where both of us have as high as 34 percent seniors, and tell them that I sure did read this information that is in this bill. Never mind about castigating anybody, the fact of the matter is most Members of this body, all of them on this side, have not read the present contents of the bill.

Yes, there were hearings; yes, there were opportunities for people to talk

through the years. I came here along with many of you 11 years ago. We were talking about prescription drugs then. I read my clippings. I was saying, ''I am going up there and try to get you prescription drugs.'' The Democrats were in the majority, we did not get it. The Republicans have been in the majority, and we have not gotten it. And what we are getting ready to get is have this country in turmoil because we are not protecting all of our seniors.

□ 1000

Mr. SESSIONS. Mr. Speaker, I yield myself such time as I may consume. The Committee on Rules begins testimony in 2 minutes. We came down to the floor this morning to make sure that we were going to have the ability to have a same-day rule. I am satisfied that we have broken into a lot of other things to talk about this morning.

Mr. Speaker, I reserve the balance of my time.

Mr. McGOVERN. Mr. Speaker, I yield myself the balance of my time.

Let me just conclude by saying that on the substance of the bill that we are talking about, the Medicare prescription drug bill, there is a fundamental disagreement between me and some of my friends on the other side of the aisle because to me protecting Medicare is nonnegotiable. I think we are going down a very dangerous road here with this bill.

But what my frustration is at this particular moment is that we are going down that road when most Members of this House have no idea exactly what is in this bill. We get little bits and pieces and some of what we are finding out, quite frankly, I think most Americans do not like, little special interest deals for pharmaceutical companies, for HMOs, a not-so-generous prescription drug benefit for senior citizens, something that does not kick in for another 2 years. I think the American people and the Members of this Congress deserve having all of us go into this with our eyes wide open.

I read to you before, I say to my colleague from Texas, a letter signed by 41 of some of the most conservative Republicans in this House who asked your leadership, made one simple request of your leadership, and that is that they respect the rules of this House and give them and the entire House 3 days to review the contents of this bill. That is not too much to ask for. I think people on both sides of the aisle, even those who are going to support this bill, want to know exactly what is in it. They do not.

The fact of the matter is we are about to go up to the Committee on Rules, we are going to waive all the rules, disregard them once again as has become a habit in this place, and I think it is sad, especially on a bill this important. Our constituents deserve better.

Mr. Speaker, I would hope that maybe between the time the gentleman from Texas and I leave the House floor to go up to the Committee on Rules that there might be a change of mind and the leadership might actually respect the rules of this House, but I doubt it. Having said that, I think it is unfortunate. I think the losers are the American people.

Mr. Speaker, I yield back the balance of my time.

Mr. SESSIONS. Mr. Speaker, I yield myself the balance of my time. I thank the time that the Speaker has given us this morning to debate this rule. I believe it is a fair rule. I have not heard much debate about it.

Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered.

The resolution was agreed to.

A motion to reconsider was laid on the table.

WAIVING POINTS OF ORDER AGAINST CONFERENCE REPORT ON H.R. 1904, HEALTHY FORESTS RESTORATION ACT OF 2003

Mr. HASTINGS of Washington. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 457 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 457

Resolved, That upon adoption of this resolution it shall be in order to consider the conference report to accompany the bill (H.R. 1904) to improve the capacity of the Secretary of Agriculture and the Secretary of the Interior to plan and conduct hazardous fuels reduction projects on National Forest System lands and Bureau of Land Management lands aimed at protecting communities, watersheds, and certain other at-risk lands from catastrophic wildfire, to enhance efforts to protect watersheds and address threats to forest and rangeland health, including catastrophic wildfire, across the landscape, and for other purposes. All points of order against the conference report and against its consideration are waived. The conference report shall be considered as read.

The SPEAKER pro tempore. The gentleman from Washington (Mr. HASTINGS) is recognized for 1 hour.

Mr. HASTINGS of Washington. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to my good friend and namesake, the gentleman from Florida (Mr. HASTINGS), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Mr. Speaker, House Resolution 457 is a rule providing for the consideration of the conference report to accompany H.R. 1904, the Healthy Forests Restoration Act of 2003. The rule waives all points of order against the conference report and its consideration and provides that the conference report shall be considered as read.

Mr. Speaker, recent reports of catastrophic wildfires in the West have helped millions of Americans to understand what Members of western districts have known for years, that steps must be taken to improve our management of national forests in order to reduce the risk of runaway forest fires that threaten lives, property and even entire communities.

H.R. 1904, the Healthy Forests Restoration Act, contains several key measures that will enable Federal land managers to better manage potentially explosive stands of timber and underbrush. Passage of the bill would also enable local communities to play a more meaningful role in the management of lands that pose potential threats. H.R. 1904 would authorize the removal of dead, dying and diseased trees and underbrush from Federal lands. It would also strengthen the ability of land managers to pursue fire prevention strategies under an expedited system that would limit excessive court challenges to proposed changes in management plans for Federal lands.

The bill authorizes $760 million annually for fire prevention, suppression and management activities, a significant increase over current allocations.

Mr. Speaker, the conferees have done an excellent job of protecting the House position on this legislation, which passed the House by a large margin back in May 2003. The conferees should be commended for moving to complete the work on this important legislation before Congress adjourns and we in turn should pass it without further delay.

Accordingly, Mr. Speaker, I urge my colleagues to support both the rule and the underlying conference report.

Mr. Speaker, I reserve the balance of my time.

Mr. HASTINGS of Florida. Mr. Speaker, I thank my good friend and namesake, the gentleman from Washington (Mr. HASTINGS), for yielding me the time.

Mr. Speaker, I am pleased to yield 4 minutes to the gentleman from Oregon (Mr. DEFAZIO).

Mr. DEFAZIO. I thank the gentleman for yielding me this time.

Mr. Speaker, it was just a little over a year ago that the Biscuit fire was raging in southwest Oregon in an area shared by myself and the gentleman from Oregon (Mr. WALDEN). We held a hearing in the Committee on Resources during that fire about the issue of the fuel buildup in our forests. After I listened to a few of the witnesses, I really did not ask any questions, I gave a pretty impassioned speech about how I was tired of the fact that we all kind of went to our political corners on this

issue when a real solution was warranted. Surprisingly after the hearing I was approached by a number of Members that people would be surprised could sit down in a room and work together on an issue like this, but notably the gentleman from Colorado (Mr. MCINNIS) came forward and said to me, I really agreed with a lot of what you said and I would like to try and work something out, as did the gentleman from Arizona (Mr. SHADEGG), the gentleman from Oregon (Mr. WALDEN), and the gentleman from California (Mr. GEORGE MILLER). We sat down and began some very difficult negotiations.

Unfortunately, last year the clock ran out on us. We had an election year, so we did not get the bill done. But now here we are hopefully at the point of adopting the bill in the House and the Senate and seeing it signed into law. This is not exactly the bill I would have written. It is not exactly what we negotiated last year, but I believe it is a bill that can get the job done. Most importantly, it authorizes $760 million. I think we could even authorize and do more work than that on an annual basis given the unnatural buildup of fuels in the forests, but if we can get that money actually spent, it will provide for a lot of jobs. It will provide for tremendous protection for communities and resources.

The bill has language about how the work should be conducted. The idea is to leave the big old fire-resistant trees and return the forest to what we call a presettlement condition, before we began unnaturally repressing fire more than 100 years ago with the settlement of the West. What you need to do, and there was a dramatic example at the Davis fire in central Oregon this year, you could see where the lodgepole pines were growing up into the crowns of the big old fire-resistant Ponderosas and unfortunately a lot of those Ponderosas went because that is called a ladder fuel. It just ran up this crummy old lodgepole and right up into the beautiful old Ponderosa and we lost everything. We need to go in and remove those lodgepole pines and other unnatural fuel buildups. That will provide both for jobs, potentially for some merchantable material in certain areas, and eventually we will be able to manage our forests back or help return them to a state where low-intensity fires can burn through, fires that do not destroy whole stands, that do not turn the Earth into glass and sterilize it. That is the condition that prevails today in the West.

This bill is not without controversy. That is again part of the process. I think the protections are there. People still have a right to appeal but appeals will be expedited. People have to participate meaningfully in the process. I do not have a problem with that. I think people should participate meaningfully in the process and we should open it up to everybody who is concerned. People will still have a right to go to court if they feel that the law is being violated but we are going to have the money, we are going to have the tools and if this administration applies this properly, if they get and spend all the money that is promised under this bill, we will begin a very long process of restoring our forests to a more natural state in the western United States and in a state that will not lead to a multi-number of catastrophic fires on an annual basis, which is the state we are seeing today.

I want to thank my colleagues on that side. I neglected the Committee on Agriculture, where I do not serve, but I know that the Committee on Agriculture also played a key role in this legislation. I think we will be all the better for it.

Mr. HASTINGS of Washington. Mr. Speaker, I am pleased to yield 4 minutes to the distinguished gentleman from Virginia (Mr. GOODLATTE), chairman of the Committee on Agriculture.

Mr. GOODLATTE. Mr. Speaker, I thank the gentleman from Washington for yielding me this time and for bringing this rule to the floor and I thank the Committee on Rules for very expeditiously moving this process. I know that when I left the Committee on Rules last night it was close to 9:30 and they were still going on to other legislative business. So often the members of the Committee on Rules have to do that. Of course part of the reason for that is that we are so very near the end of this session of Congress. So it is critically important given what happened in California just a few weeks ago and what is going to happen again next year that we pass this legislation promptly so we can begin the process. It is going to take a long time.

The gentleman from Oregon is correct. There are not enough resources nor are there enough acres being addressed in this legislation, but nonetheless this is a very important first step and this is the first major piece of legislation related to forestry to be passed out of a House-Senate conference committee in more than 20 years. This is a very, very important development. We have a tremendous opportunity today, and when the Senate acts to send to the President a good bill that will give us the first step in this process.

It has been a fair process that has involved everybody in it. Over 2 weeks ago, we came to the floor to appoint conferees. The ranking Democrat on the House Committee on Agriculture who has worked with us every step of the way, and I might add that I believe 19 of the 24 House Democrats on the Committee on Agriculture voted for the original House-passed legislation, very strong bipartisan support in crafting this legislation. He made a motion to instruct conferees calling for the prompt action at an open conference to report back a bill a week ago. Unfortunately, the other body did not respond in that fashion and did not appoint their conferees until yesterday morning. Nonetheless, in the meantime there was a tremendous amount of bipartisan and bicameral discussions going on about how to move the House and the Senate closer together on these pieces of legislation and we achieved that. Then yesterday we did have in the short period of time after the Senate appointed conferees the opportunity for an open conference, Members were given the opportunity to offer amendments, there was clearly a tremendous amount of consensus on both sides of the Capitol and in both parties on the need to move forward with this and we had a very expeditious conference.

Nonetheless, I think we kept the commitment made by the House on the motion of the ranking member, the gentleman from Texas, to have an open conference and to move as expeditiously as the process allowed us to do.

This bill is going to allow us to take major steps to let the Forest Service do the job they are charged with doing, protecting our national forests. This will also allow us to make absolutely certain that we have a process that is open and fair to everybody who is concerned about our national forests from any perspective. We are accelerating the process so that when ideas about what needs to be done to protect our forests take place, they can take place promptly, but we are not excluding the public in any way from this process. They will have the opportunity from start to—a judicial review if that becomes necessary—finish to have input in the process, but it will be done in such a way that the system can no longer be rigged to stretch out these decisions for many years and have our forests destroyed in the meantime.

□ 1015

That is vitally important.

I want to thank everybody who has been involved in this process. The gentleman from California (Chairman POMBO), the Committee on Resources, made important contributions. The gentleman from Colorado (Mr. MCINNIS), the subcommittee chairman, was also vitally important. He introduced the legislation. And certainly the gentleman from Oregon (Mr. WALDEN) has been with us every step of the way as well. The same thing has been true on the other side of the aisle, whether they have agreed with all the measures or not. We thank them for their input.

Mr. Speaker, I urge my colleagues to support this rule and the underlying bill.

Mr. HASTINGS of Florida. Mr. Speaker, I yield 4 minutes to the distinguished gentleman from California (Mr. GEORGE MILLER), my good friend.

Mr. GEORGE MILLER of California. Mr. Speaker, I, too, want to join in this in thanking Members on both sides of the aisle for their participation and cooperation in this legislation. As the gentleman from Oregon (Mr. DEFAZIO) noted, we started some 2 years ago with the gentleman from Colorado (Mr. MCINNIS) and others talking about what would be possible. The gentleman from Oregon (Mr. WALDEN) and we came up with what we thought was possible, we did not make it, went back this year and continued that process.

And we passed a bill out of the House, a bill that I did not agree with in its entirety by any means, but then the Senate was also able to pass legislation. And as a result of those negotiations, which I wish had been a little bit more open, but the fact of the matter is as a result of those negotiations, we now have this, we will have this bill before us later today. And I want to thank the Committee on Rules for providing us this opportunity.

Mr. Speaker, let me just say this one point. I wish the firefighter protections that had been offered and accepted in the Senate, they were offered by Senator BOXER of California, would have been kept in the bill. I think it is important now as we see these larger, more catastrophic fires, as we see fires that move through residential areas, to understand that the firefighters there are put in jeopardy from many other things besides just the fires themselves, but also the chemicals and building materials and the rest of it that are caught up in these huge winds created by the fires.

But let me say as to the bill, I think this is a bill that is a vast improvement over what left the House. In this compromise, in this conference report we will target half of the appropriated money into those areas most likely to have the most catastrophic fires. The rest of the money can be used in forest treatment and other areas of the national forest. That is important.

It is also important that we involve the communities, and communities can come up with those plans that they think serve their area best. Hopefully, they will use community resources, small businesses, and others to develop those plans. People are also entitled to have some review of those plans.

But what this bill does not allow you to do is to drag the process out forever, forever and ever. You have got to come in, make your case, you made it or you have not made it. But those rights are protected, and you can appeal that to court.

Some people do not like the fact that the bill extends the urban interface area out to a mile and a half. The fact of the matter is when you see the size of some of these fires, the treatment in the urban interface area is nothing more than a firebreak. And a little tiny area is not going to stop some of these fires that we have seen over the last decade in the West.

Finally, with respect to the treatment in the larger forest, the goods for services contracts are still allowed, but as the gentleman from Oregon (Mr. DEFAZIO) pointed out, the important part of this bill, what Senator FEINSTEIN was able to do was get an authorized amount of money in here, because if we just do it on goods for services, we will either have to cut down all the trees to save them in order to get enough money to carry out the project, or we will not be able to treat those areas, as we saw in southern California, of negligible timber value but high risk to the communities.

And so we need to have an appropriation to follow this authorization so we can treat those areas of high intensity, of great potential of catastrophic fires, the potential to engulf communities. We have got to go there with some Federal dollars and some goods for services. And I think that is a balance that makes sense.

I spend several weeks a year backpacking in the high country and the forests and parks of this country. You do not have to walk very long in the forest to see the need for treatment. If you love the big old trees, as the gentleman from Oregon (Mr. DEFAZIO) again pointed out, you have got to understand that we have allowed a ladder to build up in these forests. And the big ponderosas, the big sugar pines are at risk because of the understory, the undergrowth that is there that will take the flames right into the crowns. And, obviously, once in the crowns, with any wind they move so fast that we cannot deal with them.

So, Mr. Speaker, I would like to say that I think that this is a product that the House should vote for. Members on both sides of the aisle should support this. It is very, very important to so many of our communities and very important to the stewardship of our natural resources.

Mr. HASTINGS of Washington. Mr. Speaker, I yield 4 minutes to the gentleman from Oregon (Mr. WALDEN), an individual that has had a great deal of impact on this legislation.

Mr. WALDEN of Oregon. Mr. Speaker, I want to thank my colleague from Washington, with whom I have worked closely on this and other legislation to improve the great Northwest and certainly improve and protect America's forests. I want to thank the chairman of the Committee on Agriculture, the gentleman from Virginia (Mr. GOODLATTE), and the gentleman from California (Mr. POMBO), the chairman of the Committee on Resources, and certainly my friend and colleague, the gentleman from Colorado (Mr. MCINNIS), for their yeoman's effort on this legislation; my friend, the gentleman from California (Mr. GEORGE MILLER), and the gentleman from Oregon (Mr. DEFAZIO) as well for their work; and certainly the President of the United States, who on not one, but two occasions has come out to the Northwest to drive home the point that we had to pass legislation that embodies the principles contained in H.R. 1904.

I think it is especially important. There are not many of us who do not recognize that if we do not remove the ladder fuels that my colleague from California talked about, the old growth policy that will be out there is one of let it burn, because that is what is happening today in America's forests. Because we have taken natural fire out of the equation and taken human management out of the equation, these forests have become completely overstocked. So it is like any other fire, it is about the fuel load. And the fuel load is such that when fire starts today, unlike 100 years ago, when it starts today, it burns catastrophically.

We witnessed it in the Biscuit Fire in southern Oregon a year ago. We witnessed it in the B&B fire this summer in my district. We witnessed it in California. We can see it all across America's great forests and rangelands that when there is too much fuel, the fire is nearly uncontrollable and certainly catastrophic.

Let us talk about the human consequences, because we saw it especially this year in California, but we have seen it before. Last year 23 firefighters lost their lives, and the American taxpayer spent $1.5 billion containing 2002's record fires.

This shows you a scene that, unfortunately, is one that has been seen far too often: a home that has been destroyed in a forested area. This next shot shows you what happens to fish habitat. This was in my district in eastern Oregon, a fire that took place in 1989. This is a stream that used to be part of the spring Chinook salmon habitat. You can see it is nothing but a mudflow here. There is no buffer. These are all dead trees. It looks like a moonscape or a Mars-scape. This was in the Wallowa Whitman National Forest. This is what you get when you cannot control forest fires.

This, on the other hand, is an example of how a fire that has been treated like we are talking about treating performs. This is an area where President Bush accompanied me and Senator SMITH and others, Senator WYDEN, up to the Squires Peak fire in 2002. And you can see where the land had been treated, there are good healthy trees left behind. There is a fire burning here, but it has fallen to the ground, because that is what happens when you treat in these areas. The fire drops to the ground, and our firefighters are able to control and contain it. The damage is not that significant. In fact, it can be very positive in terms of when a fire burns like this to regenerate.

But just on the other side of this hill where the same people who fought the fire have been doing the thinning work, it was completely obvious because they had not thinned there yet. Where they had not thinned, the fire had been in the canopy, it had been at the top. It had been catastrophic and extraordinarily destructive.

Finally, let me make this point. By streamlining this process we are going to be able to get in and do this kind of work sooner so we do not end up with that kind of devastation I showed you earlier. But we also, as a policy, as a Congress, need to take a look at what happens after a catastrophic fire. How can we get in and restore America's great conifer forests instead of letting them become brush? How do we get in and protect the habitat that remains after a fire and improve it so our fish runs can come back? That is a debate we will have to have in the future.

Today, though, I am delighted that we are at this point with a comprehensive bipartisan, bicameral plan that will move us an enormous generation forward to protect and preserve America's forests, create jobs in our rural communities, and make sure fire, when it burns, is not catastrophic.

Mr. HASTINGS of Florida. Mr. Speaker, I would like to thank the gentleman from Oregon (Mr. WALDEN) and the gentleman from Virginia (Mr. GOODLATTE) and the ranking members. I know that they have done a serious and yoeperson's job in bringing us this far, which, while I thank them, I still have reservations, and I know the gentleman from Oregon (Mr. WALDEN) and I have talked about them. But that does not mean that they did not work hard.

Mr. Speaker, I yield 3 minutes to the gentleman from Washington (Mr. INSLEE), my good friend.

Mr. INSLEE. Mr. Speaker, unfortunately, actually the way this final package was developed was a continuation of the sad deterioration of an effort to actually reach consensus in this body. And the reason I say that is the way this package was put together is some folks went into a closed room and excluded other Members of the House from consideration. In fact, the ranking Democrat on the Subcommittee on Forests and Forest Health of the Committee on Resources was excluded from consideration to try to reach a consensus product here, as was virtually anyone who questioned the original bill who left the House.

This is the system, if you can imagine, when they are sitting around a table in Iraq right now and they ask, how do you do democracy in America, I guess you would have to say, in the House we just have this secret group and exclude Members from the minority party who are ranking Members. And that is what happened here, and it is unfortunate because we may have been able to reach a consensus of unanimity here on the House floor.

Now, let me point out a couple significant concerns with this final product. Number one, it does not cut the mustard in saving our houses and our towns from fire. We just witnessed this enormous devastation in California as a result of these fires, hundreds and hundreds of houses that were burned. And we do not have enough money in the Federal Treasury to come close to treating all of the acres that need treatment. At most, under this bill, we will only treat about 2 percent of the acres that need treating a year in our forests. That means we have got to be smart and target our resources where it is going to do the most good, and where it is going to do the most good fastest is around our homes and our towns to prevent the devastation that happened in California.

It ought to be a clear, unanimous consensus in this House that we put the majority of our resources protecting our families and our homes and our towns. And this bill does not do it. Yes, it is better than the House version because it says 50 percent, but what are you going to tell people next time? Sure, you had 200 houses burned, we will save 100 of them this time. Well, 50 percent is not good enough saying we are just going to save half your town; 50 percent is not good enough when we say we are going to save half your subdivision.

We ought to put a clear majority of our resources in protecting these belts, these protective moats, if you will, around our houses, and we are not doing it. Why we are not doing it? Because the timber industry has driven a lot of this debate. Who is for this is the timber industry. And who is against it is the Sierra Club. And it is too bad we did not really reach a consensus when we could have on this bill.

Mr. HASTINGS of Washington. Mr. Speaker, I yield 3 minutes to the gentleman from Colorado (Mr. MCINNIS), who has worked extremely hard on this issue and has been working on this issue.

Mr. MCINNIS. Mr. Speaker, I thank the chairman for yielding me time. I also thank the Members and my colleagues on the Democratic side who worked with me on my bill. This is a bill I introduced. I have been working on it in great detail for a number of years.

Now, it is true that in the process I did not include 435 Members to come to our meetings to come to some kind of compromise. Now, there are reasons I did not include 435. First of all, that is not routine. Second of all, we could not get them all into one location. Third of all, not very many of them were interested. They are interested, most of them, in the final product, but they are not interested because they have their own priorities in putting this together.

And, finally, there is a very definite class of people that you cannot bring in to a room and expect a compromise. My good colleague, the gentleman from Washington (Mr. INSLEE), is not one of those people that I felt that I could bring into these negotiations and come out with anything positive.

□ 1030

I have got to get people in there that are willing to come up with a solution, and I will give you two good examples, two very ardent spokesmen for the environment, the gentleman from California (Mr. GEORGE MILLER) and the gentleman from Oregon (Mr. DEFAZIO).

Those are about two of the toughest individuals on this House floor when it comes to speaking about environmental issues. While the gentleman from Washington (Mr. INSLEE), for example, is very tough on environmental issues, the fact is I can negotiate with the gentleman from California (Mr. GEORGE MILLER). I can negotiate with the gentleman from Oregon (Mr. DEFAZIO). And that is exactly why the gentleman from California (Mr. GEORGE MILLER) and the gentleman from Oregon (Mr. DEFAZIO) and the gentleman from Oregon (Mr. WALDEN) and myself and the gentleman from Virginia (Mr. GOODLATTE) and the gentleman from California (Mr. POMBO), that is exactly why that group of people came together to work out a compromise with the Senate to come up with a bill that is good for all of us.

So what we are seeing today is not opposition to the content of the bill by the gentleman from Washington (Mr. INSLEE). What we are seeing with all due respect to the gentleman from Washington (Mr. INSLEE) is sour grapes. Hey, I did not get to play in the game. I was not invited to the meeting.

As I said, there is a reason why the gentleman from Washington (Mr. INSLEE) was not invited to the meeting. I wanted a meeting with production. I needed to have a meeting that would come out with a product that could pass both the Senate and the House and accomplish something out there with our forests, and that is exactly what this bill does. That is exactly why we should pass this rule and that is exactly why I expect this bill in both the Senate and the House, the Senate and the House, to pass with bipartisan; that is, Republican and Democratic, support.

Mr. HASTINGS of Florida. Mr. Speaker, I yield myself such time as I may consume. I thank again my good friend from Washington (Mr. HASTINGS) for having yielded me time.

As the gentleman previously mentioned, this is a typical rule for a conference report and I will not oppose it. I will, however, oppose the underlying conference report, not because my good friend said it would not have been productive to have some of us in the conference. I do not serve on the committee so I do not know how I got

thrown into that. I would not have been in the conference in the first place and perhaps he should not have been.

But, Mr. Speaker, President Theodore Roosevelt told Congress in 1907, ''The conservation of our natural resources and the proper use constitute the fundamental problem which underlies almost every other problem of our national life.''

Indeed, it does, Mr. Speaker.

In 2002 alone, wildfires burned more than 6½ million acres at a cost to taxpayers of more than $1 billion. Hundreds of families were evacuated and uncontrollable fires caused millions of dollars worth of damage. The images of the recent wildfires in southern California are fresh in our minds and pictures of homes burning to the ground and thoughts of livelihoods being destroyed will never be forgotten.

Yes, the underlying report takes significant steps to improve our ability to combat and mitigate wildfires. And, again, I congratulate the gentleman from Oregon (Mr. WALDEN), the gentleman from Virginia (Mr. GOODLATTE) and their ranking members and their committee for their work. But in my opinion it goes a bit too far. And for anyone who says that this or any other bill is not a perfect bill but we should support it anyway, I say absolutely not. If we know that a problem exists in the legislation, then let us fix it. Let us fix it before it becomes law.

The underlying conference report loosens current law regarding the logging and controlled burning of our Nation's forests. Moreover, it eviscerates environmental studies and the ability of organizations and private citizens to submit appeals on the cutting down of as many as 20 million acres. Under the report, appeals are subject to, in my view, unnecessary and unrealistic deadliness that insult the process and force Federal judges to adhere to judicial deadlines that make it impossible to fully consider the complexities of the appeal.

Mr. Speaker, at a time when more than half of the United States is experiencing some form of drought and dryness, it is critical for Congress to consider legislation that is proactive in defending and responding to the adverse effects of wildfires. And I spoke last night with the gentleman from Oregon (Mr. WALDEN) and the gentleman from Virginia (Mr. GOODLATTE) and my friends in the Committee on Rules about the fact that drought is an attendant feature that must deal with our concerns about forest fires.

It is equally critical for Congress to also consider legislation that helps communities mitigate the effects of the reoccurring events that often result in an excessive and prolonged fire season. In fact, my colleague on the other side of the aisle, the gentleman from Montana (Mr. REHBERG) and I have introduced a bill that does just that. H.R. 2871, the National Drought Preparedness Act, moves our country away from an ad hoc response-oriented approach and towards a more proactive mitigation-based approach.

Our bill provides States and local communities with the resources and tools to develop drought preparedness plans and think about the ramifications of drought before we find ourselves in one.

We are now faced with a vote clearly indicative of the concerns raised by President Roosevelt nearly one century ago. Whether we answer the challenge made by the late President or allow his legacy to fall victim to an influential timber lobby is a decision that Members will have to make later today.

I realize we do not oppose removing excess vegetation that increases the risk and facilitates the spread of wildfires. I certainly do not take issue with the report's efforts to address insect manifestations in forests. It is, in fact, crucial that Congress address these two issues.

What I do take issue with, however, is why the majority cannot just stop there. Instead, it uses the report to further its agenda under the blanket of healthy forests. Cutting down national forests and limiting public participation and administrative reviews does not get us any closer to stopping the spread of wildfires, and it certainly does not make our forests any healthier.

Teddy Roosevelt once noted, ''Forests are the lungs of our land, purifying the air and giving fresh strength to our people.'' He continued, ''A nation that destroys its soils destroys itself.''

Mr. Speaker, we must not allow the late President Roosevelt's warning to be realized by the 108th Congress. I urge my colleagues to support the rule and oppose the underlying report.

Mr. Speaker, I yield back the balance of my time.

Mr. HASTINGS of Washington. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the bill that this rule allows to be taken up is a very significant piece of legislation, and I just want to make one point that I do not think has been made in the debate on this rule regarding this underlying legislation, and that is that this legislation is geared towards what we call multiple use areas within our national system, our national forests and our BLM lands. Multiple use by definition means it should be open for recreation, commercial activity, and so forth. But, unfortunately, with policies that have been enacted de facto in the past 10 or 15 years, in fact, we have closed up these multiple use areas.

This legislation addresses these problems that have built up for a time and as a result has built up to unhealthy forests and unhealthy BLM lands. So it is a significant first start, an extremely significant first start.

With that, Mr. Speaker, I urge my colleagues to support the rule and support the underlying legislation.

Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered.

The resolution was agreed to.

A motion to reconsider was laid on the table.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered or on which a vote is objected to under clause 6 of rule XX.

Record votes on postponed questions will be taken later today.

HIGHLANDS CONSERVATION ACT

Mr. CALVERT. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 1964) to establish the Highlands Stewardship Area in the States of Connecticut, New Jersey, New York, and Pennsylvania, and for other purposes, as amended.

The Clerk read as follows:

H.R. 1964

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Highlands Conservation Act''.

SEC. 2. FINDINGS.

Congress finds the following—

(1) The Highlands region is a physiographic province that encompasses more than 2,000,000 acres extending from eastern Pennsylvania through the States of New Jersey and New York to northwestern Connecticut.

(2) The Highlands region is an environmentally unique area that—

(A) provides clean drinking water to over 15,000,000 people in metropolitan areas in the States of Connecticut, New Jersey, New York, and Pennsylvania;

(B) provides critical wildlife habitat, including habitat for 247 threatened and endangered species;

(C) maintains an important historic connection to early Native American culture, colonial settlement, the American Revolution, and the Civil War;

(D) contains recreational resources for 14 million visitors annually;

(E) provides other significant ecological, natural, tourism, recreational, educational, and economic benefits; and

(F) provides homeownership opportunities and access to affordable housing that is safe, clean, and healthy.

(3) An estimated 1 in 12 citizens of the United States live within a 2-hour drive of the Highlands region.

(4) More than 1,400,000 residents live in the Highlands region.

(5) The Highlands region forms a greenbelt adjacent to the Philadelphia-New York City-

Hartford urban corridor that offers the opportunity to preserve water, forest and agricultural resources, wildlife habitat, recreational areas, and historic sites, while encouraging sustainable economic growth and development in a fiscally and environmentally sound manner.

(6) Continued population growth and land use patterns in the Highlands region—

(A) reduce the availability and quality of water;

(B) reduce air quality;

(C) fragment the forests;

(D) destroy critical migration corridors and forest habitat; and

(E) result in the loss of recreational opportunities and scenic, historic, and cultural resources.

(7) The water, forest, wildlife, recreational, agricultural, and cultural resources of the Highlands region, in combination with the proximity of the Highlands region to the largest metropolitan areas in the United States, make the Highlands region nationally significant.

(8) The national significance of the Highlands region has been documented in—

(A) the New York-New Jersey Highlands Regional Study conducted by the Forest Service in 1990;

(B) the New York-New Jersey Highlands Regional Study: 2002 Update conducted by the Forest Service;

(C) the bi-State Skylands Greenway Task Force Report;

(D) the New Jersey State Development and Redevelopment Plan;

(E) the New York State Open Space Conservation Plan;

(F) the Connecticut Green Plan: Open Space Acquisition FY 2001–2006;

(G) the open space plans of the State of Pennsylvania; and

(H) other open space conservation plans for States in the Highlands region.

(9) The Highlands region includes or is adjacent to numerous parcels of land owned by the Federal Government or federally designated areas that protect, conserve, or restore resources of the Highlands region, including—

(A) the Wallkill River National Wildlife Refuge;

(B) the Shawanagunk Grasslands Wildlife Refuge;

(C) the Morristown National Historical Park;

(D) the Delaware and Lehigh Canal Corridors;

(E) the Hudson River Valley National Heritage Area;

(F) the Delaware River Basin;

(G) the Delaware Water Gap National Recreation Area;

(H) the Upper Delaware Scenic and Recreational River;

(I) the Appalachian National Scenic Trail;

(J) the United States Military Academy at West Point, New York;

(K) the Highlands National Millenium Trail;

(L) the Great Swamp National Wildlife Refuge;

(M) the proposed Crossroads of the Revolution National Heritage Area;

(N) the proposed Musconetcong National Scenic and Recreational River in New Jersey; and

(O) the Farmington River Wild and Scenic Area in Connecticut.

(10) It is in the interest of the United States to protect, conserve, and restore the resources of the Highlands region for the residents of, and visitors to, the Highlands region.

(11) The States of Connecticut, New Jersey, New York, and Pennsylvania, and units of local government in the Highlands region have the primary responsibility for protecting, conserving, preserving, restoring and promoting the resources of the Highlands region.

(12) Because of the longstanding Federal practice of assisting States in creating, protecting, conserving, and restoring areas of significant natural and cultural importance, and the national significance of the Highlands region, the Federal Government should, in partnership with the Highlands States and units of local government in the Highlands region, protect, restore, and preserve the water, forest, agricultural, wildlife, recreational and cultural resources of the Highlands region.

SEC. 3. PURPOSES.

The purposes of this Act are as follows:

(1) To recognize the importance of the water, forest, agricultural, wildlife, recreational and cultural resources of the Highlands, and the national significance of the Highlands region to the United States.

(2) To authorize the Secretary of the Interior to work in partnership with the Secretary of Agriculture to provide financial assistance to the Highlands States to preserve and protect high priority conservation lands in the Highlands region.

(3) To continue the ongoing Forest Service programs in the Highlands region to assist the Highlands States, local units of government and private forest and farm landowners in the conservation of lands and natural resources in the Highlands region.

SEC. 4. DEFINITIONS.

In this Act:

(1) HIGHLANDS REGION.—The term ''Highlands region'' means the physiographic province, defined by the Reading Prong and ecologically similar adjacent upland areas, that encompasses more than 2,000,000 acres extending from eastern Pennsylvania through the States of New Jersey and New York to northwestern Connecticut.

(2) HIGHLANDS STATE.—The term ''Highlands State'' means—

(A) the State of Connecticut;

(B) the State of New Jersey;

(C) the State of New York;

(D) the State of Pennsylvania; and

(E) any agency or department of any Highlands State.

(3) LAND CONSERVATION PARTNERSHIP PROJECT.—The term ''land conservation partnership project'' means a land conservation project located within the Highlands region identified as having high conservation value by the Forest Service in which a non-Federal entity acquires land or an interest in land from a willing seller for the purpose of permanently protecting, conserving, or preserving the land through a partnership with the Federal Government.

(4) NON-FEDERAL ENTITY.—The term ''non-Federal entity'' means any Highlands State, or any agency or department of any Highlands State with authority to own and manage land for conservation purposes, including the Palisades Interstate Park Commission.

(5) STUDY.—The term ''study'' means the New York-New Jersey Highlands Regional Study conducted by the Forest Service in 1990.

(6) UPDATE.—The term ''update'' means the New York-New Jersey Highlands Regional Study: 2002 Update conducted by the Forest Service.

SEC. 5. LAND CONSERVATION PARTNERSHIP PROJECTS IN THE HIGHLANDS REGION.

(a) SUBMISSION OF PROPOSED PROJECTS.—Annually, the Governors of the Highlands States, with input from pertinent units of local government and the public, may jointly identify land conservation partnership projects in the Highlands region that shall be proposed for Federal financial assistance and submit a list of those projects to the Secretary of the Interior.

(b) CONSIDERATION OF PROJECTS.—The Secretary of the Interior, in consultation with the Secretary of Agriculture, shall annually submit to Congress a list of those land conservation partnership projects submitted under subsection (a) that are eligible to receive financial assistance under this section.

(c) ELIGIBILITY CONDITIONS.—To be eligible for financial assistance under this section for a land conservation partnership project, a non-Federal entity shall enter into an agreement with the Secretary of the Interior that—

(1) identifies the non-Federal entity that shall own or hold and manage the land or interest in land;

(2) identifies the source of funds to provide the non-Federal share required under subsection (d);

(3) describes the management objectives for the land that will assure permanent protection and use of the land for the purpose for which the assistance will be provided;

(4) provides that, if the non-Federal entity converts, uses, or disposes of the land conservation partnership project for a purpose inconsistent with the purpose for which the assistance was provided, as determined by the Secretary of the Interior, the United States may seek specific performance of the conditions of financial assistance in accordance with paragraph (3) in Federal court and shall be entitled to reimbursement from the non-Federal entity in an amount that is, as determined at the time of conversion, use, or disposal, the greater of—

(A) the total amount of the financial assistance provided for the project by the Federal Government under this section; or

(B) the amount by which the financial assistance increased the value of the land or interest in land; and

(5) provides that land conservation partnership projects will be consistent with areas identified as having high conservation value in the following:

(A) Important Areas portion of the Forest Service study.

(B) Conservation Focal Areas portion of the Forest Service update.

(C) Conservation Priorities portion of the update.

(D) Lands identified as having higher or highest resource value in the Conservation Values Assessment portion of the update.

(d) NON-FEDERAL SHARE REQUIREMENT.—The Federal share of the cost of carrying out a land conservation partnership project under this section shall not exceed 50 percent of the total cost of the land conservation partnership project.

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary of the Interior from the general funds of the Treasury or the Land and Water Conservation Fund to carry out this section $10,000,000 for each of the fiscal years 2005 through 2014. Amounts appropriated pursuant to this authorization of appropriations shall remain available until expended.

SEC. 6. FOREST SERVICE AND USDA PROGRAMS IN THE HIGHLANDS REGION.

(a) IN GENERAL.—In order to meet the land resource goals of, and the scientific and conservation challenges identified in, the study, update, and any future study that the Forest Service may undertake in the Highlands region, the Secretary of Agriculture, acting through the Chief of the Forest Service and in consultation with the Chief of the National Resources Conservation Service, shall continue to assist the Highlands States, local units of government, and private forest and farm landowners in the conservation of lands and natural resources in the Highlands region.

(b) DUTIES.—The Forest Service shall—

(1) in consultation with the Highlands States, undertake other studies and research as appropriate in the Highlands region consistent with the purposes of this Act;

(2) communicate the findings of the study and update and maintain a public dialogue regarding implementation of the study and update; and

(3) assist the Highland States, local units of government, individual landowners, and private organizations in identifying and using Forest Service and other technical and financial assistance programs of the Department of Agriculture.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary of Agriculture to carry out this section $1,000,000 for each of the fiscal years 2005 through 2014.

SEC. 7. PRIVATE PROPERTY PROTECTION AND LACK OF REGULATORY EFFECT.

(a) ACCESS TO PRIVATE PROPERTY.—Nothing in this Act shall be construed to—

(1) require any private property owner to permit public access (including Federal, State, or local government access) to such private property; and

(2) modify any provision of Federal, State, or local law with regard to public access to or use of private lands.

(b) LIABILITY.—Nothing in this Act shall be construed to create any liability, or to have any effect on any liability under any other law, of any private property owner with respect to any persons injured on such private property.

(c) RECOGNITION OF AUTHORITY TO CONTROL LAND USE.—Nothing in this Act shall be construed to modify any authority of Federal, State, or local governments to regulate land use.

(d) PARTICIPATION OF PRIVATE PROPERTY OWNERS.—Nothing in this Act shall be construed to require the owner of any private property located in the Highlands region to participate in the land conservation, financial, or technical assistance or any other programs established under this Act.

(e) PURCHASE OF LANDS OR INTERESTS IN LANDS FROM WILLING SELLERS ONLY.—Funds appropriated to carry out this Act shall be used to purchase lands or interests in lands only from willing sellers.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. CALVERT) and the gentlewoman from the Virgin Islands (Mrs. CHRISTENSEN) each will control 20 minutes.

The Chair recognizes the gentleman from California (Mr. CALVERT).

GENERAL LEAVE

Mr. CALVERT. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 1964.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. CALVERT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 1964, introduced by my good friend, the gentleman from New Jersey (Mr. FRELINGHUYSEN) and amended by the Committee on Resources, would authorize the Secretary of the Interior and the Secretary of Agriculture to provide financial assistance to States to preserve and protect high priority conservation lands in the Highlands region. This geographic region encompasses over 2 million acres of land stretching from western Connecticut across the Lower Hudson River Valley and northern New Jersey into northeastern Pennsylvania.

Mr. Speaker, not only has the U.S. Forest Service documented the national significance of the Highlands area in two extensive studies in 1990 and 2002, but the President in his 2004 budget recognized the New York-New Jersey Highlands forest area as one of nine priority forests areas in the country that are threatened.

H.R. 1964, as amended, is supported by the administration and the majority and minority of the committee. I urge adoption of this bill.

Mr. Speaker, I reserve the balance of my time.

Mrs. CHRISTENSEN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, we fully support the goals of H.R. 1964. The purpose of this legislation is to facilitate conservation and preservation, ideals we fight for in this Congress on a regular basis.

However, we must point out that the scope of H.R. 1964 is truly stunning. This legislation will create a new Federal conservation program covering 2 million acres and 1.4 million people in 4 States. The precise boundaries of this new Federally created area are only generally defined in the bill, and there are no references to a map to allow property owners to know if their property is included or not.

Furthermore, the goals of this new conservation program are sweeping. The bill states that the Federal Government should work with States, units of local government and private property owners to ''protect, restore and preserve the water, forest, agricultural, wildlife, recreational and cultural resources'' contained in this new Federal area. It is difficult to imagine a broader conservation mandate.

Given the ongoing and severe underfunding of the land and water conservation funds, we continue to have concerns regarding the impact of this new $100 million effort may have on other worthy conservation programs funded with LWCF dollars. However, we will support H.R. 1964 at this time.

Mr. Speaker, I reserve the balance of my time.

Mr. CALVERT. Mr. Speaker, I yield 3 minutes to the gentleman from New Jersey (Mr. FRELINGHUYSEN).

Mr. FRELINGHUYSEN. Mr. Speaker, I thank the gentleman for yielding me time.

My thanks to the gentleman from California (Mr. CALVERT), and particular thanks to the chairman, the gentleman from California (Mr. POMBO), the chair of the House Committee on Resources, for all of his work and the work of his staff that have helped improve this bill and make it possible for us to discuss it and vote on it today. I also thank the ranking member for her assistance and recognize the gentleman from New York (Mr. ENGEL), who is going to speak later, as well as the gentlewoman New York (Mrs. KELLY) and the gentleman from Pennsylvania (Mr. GERLACH) and over 30 Members of Congress that are sponsoring this bill.

Mr. Speaker, the Highlands is one of the last open treasures in the most densely populated area of the United States. In New Jersey alone, my home State, it includes more than a million acres of forests, farms, streams, wetlands, lakes, reservoirs and historic sites. We need to preserve these assets.

The Highlands Conservation Act represents a major commitment to protect them. While remaining mindful of property rights, this bill complements ongoing State, private and local partnerships that are actively working to protect open space. Our bill does not ask the Federal Government to become the landowner or steward to these lands; rather, the people of New Jersey, New York, Connecticut and Pennsylvania would retain ownership and responsibility for caretaking of these lands. Indeed, the government will not be taking any land. Participants would all be willing sellers.

Mr. Speaker, the President recognized the national significance of the Highlands in his 2004 budget message in January and designated the Highlands as one of nine national priorities areas threatened by development.

□ 1045

These lands, as the gentleman from California (Mr. CALVERT) has said, have been identified by the U.S. Forest Service in virtually all other Federal, State and local entities as critical lands in need of preservation.

This bill represents an opportunity for the Federal Government to work with the State government and local groups to preserve the Highlands. It is a unique opportunity, an historic opportunity, and it is a symbolic opportunity of the Federal Government to work with so many partners.

This legislation also represents a landmark commitment of the Federal Government to the Highlands. It is a genuine partnership. It is important to preserving open space. I am proud to support the bill and to have so many partners in that regard.

Mrs. CHRISTENSEN. Mr. Speaker, I yield 5 minutes to the gentleman from New York (Mr. ENGEL).

Mr. ENGEL. Mr. Speaker, I thank the gentlewoman for yielding time to me, and I rise in strong support of H.R. 1954, the Highland Stewardship Act. I am proud to be an original cosponsor of this bill. I pledged that I would do everything in my power to pass this bill, and I am delighted that this bill is on the floor today.

I want to start by thanking the Committee on Resources chairman, the gentleman from California (Mr.

POMBO), the gentleman from West Virginia (Mr. RAHALL), the ranking member, and the gentleman from California (Mr. RADANOVICH), the subcommittee chairman, and the gentlewoman from the Virgin Islands (Mrs. CHRISTENSEN), the subcommittee ranking member, for their assistance and support.

More importantly, I want to commend the sponsor of this legislation the gentleman from New Jersey (Mr. FRELINGHUYSEN). It is because of his vigorous and stalwart support of this bill and his active participation in moving it forward that we are here today. It has been a pleasure to work with him, and this is a very, very important bill not only for his district and my district, but for many, many districts and many, many States in the Northeast.

I represent Rockland County. We have a pristine area there which is very, very important, and we need to protect this area. We very often talk about suburban sprawl and development, which is unwanted and which would mar this pristine land. This bill gives us the opportunity to balance that. That is what is so important.

The Highlands in my district encompasses an area totally of 1.5 million acres from the lower Hudson River Valley in New York to the Delaware River in New Jersey. Within this area are some spectacular things to see and do, and, of course, many people, 1.4 million people, live within the Highlands area.

The Highlands adjoins a metropolitan area, the New York metropolitan area, with a population of more than 20 million people. More than 11 million people rely on the Highlands' drinking water resources, which serves at least half of New York City's water supply. More than 14 million people visit the Highlands each year for recreational opportunities. Over 240 species of birds, mammals, amphibians and reptiles depend on Highlands habitat, and more than 160 historical and cultural sites have been identified in the region.

Where once apple farms and bungalows dotted the landscape, we now have 300,000 people living in Rockland County, and as I mentioned before, it is very, very important to have that balance between development and preserving pristine areas such as this.

The Federal Government has an important role to play in protecting our area of national significance here in our own backyard. I have supported increased funding for Forest Service programs such as the Forest Legacy Program, the Forest Stewardship Program and the new Forest Land Enhancement Program that protect environmentally sensitive forestlands such as the Highlands.

Again, I want to say that it is vitally important that the Federal Government facilitate partnerships between all levels of government to protect the Highlands and prevent the region from suffering from further urban sprawl. My district is a combination of an urban district and a suburban district, and I am very, very sensitive to the needs of the suburbs, and this bill and the money put into this bill goes a long way in keeping that balance and keeping these lands pristine.

The Highlands Act will really move us far along in this effort because we do not want further urban sprawl. So I thank the chairs and ranking members and, again, most of all, my friend from New Jersey (Mr. FRELINGHUYSEN). This is truly bipartisan and truly a very, very good day for the American people.

Mr. CALVERT. Mr. Speaker, I yield what time he may consume to the gentleman from California (Mr. POMBO), the chairman of the Committee on Resources.

Mr. POMBO. Mr. Speaker, I thank the chairman for yielding me the time.

I come to the floor today to speak in support of this bill. This is the kind of legislation that in the past I have opposed and have had concerns about, but I have to give all due credit to my colleague the gentleman from New Jersey (Mr. FRELINGHUYSEN) and the gentleman from New Jersey (Mr. SAXTON) for the work that they put into this bill.

When they originally introduced this legislation, I had some concerns over it, and they came in and sat down with me, and we were able to work through all of the concerns that I had, and they were very good at coming in and sitting down and working through the property rights concerns that I had, what impact this would have on small property owners that were involved with this area, and gave me the assurances that as we worked our way through this process, that their private property rights would be protected. They were willing to accept language into the bill that protects those small property owners, and I think that that is extremely important.

I will tell my colleagues, on any legislation like this in the future that we choose to move through the Committee on Resources, we will use this bill as a template, as a way to get things done in a bipartisan way in trying to move forward with a Federal and a local partnership in protecting lands that are environmentally sensitive and that are important, but at the same time protecting the property rights of those individual owners, which is something that is extremely important to me.

So I just want to come down here and tell my colleagues I strongly support this legislation. I think that the work that the gentleman from New Jersey (Mr. SAXTON) and the gentleman from New Jersey (Mr. FRELINGHUYSEN) did on this is a very, very positive step for the future. I know that they are going to do great things with this. I know that this land is extremely important to them. So I look forward to working with them in future and making sure that these lands are protected, at the same time that small property owners are protected.

So I thank them for all of the great work that they did, and I urge my colleagues to support this legislation.

Mrs. CHRISTENSEN. Mr. Speaker, I yield 5 minutes to the gentleman from New Jersey (Mr. PASCRELL), my good friend and classmate.

Mr. PASCRELL. Mr. Speaker, I rise in very strong support of H.R. 1964, the Highlands Conservation Act.

I want to congratulate the chairmen and ranking members for getting this to the floor, but I want to pay particular attention, and I know he does not like this but I will do it anyway, to the gentleman from New Jersey (Mr. FRELINGHUYSEN). This has been a continuation, Mr. Speaker, of his work in the New Jersey State Legislature, not to balance anything, but to secure and preserve lands not only in New Jersey, but to set a model throughout the United States, and I think he has done that, and he has done it in a most professional way.

I am proud to work with my colleagues across the aisle for years to preserve and protect this magnificent sweep of the Appalachian ridges, stretching for 1.5 million acres across New Jersey and New York.

The Highlands are an essential source of drinking water, we have heard that already, clean air, and wildlife habitat, and recreational opportunities for nearly 25 million people located right in the backyard of our Nation's most densely populated region. The irony is staring us right in the face.

The Highlands region has been in grave danger throughout the last decade. The region lost 5,200 acres a year to intensive development of strip malls and office campuses. Development also threatens the water supply for millions of residents in New Jersey and endangers critical wildlife.

In land right next to my district, millions of residents enjoy the drinking water and the recreational resources of the Ramapo Mountains, the Wyanokie Highlands and the Pequannock Watershed. This bill will provide millions of dollars in land preservation assistance to protect this core of wilderness in our region.

The Highlands Conservation Act should be a model for future land preservation efforts. We have debated land preservation on this very floor, and yes, we need to have a sensible approach to it and respect, as the gentleman from California pointed out, property rights.

This legislation encourages a strong partnership between the Federal, State and local communities, and the gentleman from New Jersey, my colleague in the State legislature, this has been the center of his work on preservation,

and it is fitting, it is fitting on this floor that we salute his efforts, particularly at a time when things can get downright contentious here.

The bipartisan efforts we have made to create innovative legislation that preserves critical land while respecting the rights of property owners should set a standard for this House. Advocates for this bill worked tirelessly with environmentalists and private industry to create a worthy compromise that does a service to the legislative process.

So preservation of the Highlands will benefit all Americans. Indeed, the Highlands is not just a New Jersey resource. As in any other parts in this country, it is a national treasure.

Mr. CALVERT. Mr. Speaker, I yield myself such time as I may consume.

Again, I want to point out that this bill eliminated the Office of Highlands Stewardship and the accompanied regulatory process. It reduced the authorization level from $25 million annually to $10 million annually over 10 years. It focused conservation efforts only on those resources most important. This bill clarified that the bill would not establish a wholly new programmatic category of land use, and, finally, it assured landowners in the Highlands region that private property rights will be protected by including safeguards for those landowners potentially at risk.

So, Mr. Speaker, this is a good piece of legislation. It has been developed over a long period of time.

Mr. Speaker, I reserve the balance of my time.

Mrs. CHRISTENSEN. Mr. Speaker, I yield myself such time as I may consume.

As stated, we did have some concerns about the expense of the bill and the funding for it, given the limitations of the land and water conservation fund, but we are supportive of the bill.

Mr. HOLT. Mr. Speaker, I rise today in support of the Highlands Conservation Act.

To anyone in this Congress who questions the value of efforts to preserve open space, I invite them to come to New Jersey. My constituents, like most people around the state, have seen the ills of sprawl and the consequences of poor planning and meager preservation efforts.

Despite the fact that many see rampant commercial and industrial development in New Jersey, however, there are still some wonderful tracts of land left in some areas of our state. One in particular is part of this tract we are trying to save through today's legislation, the Highlands Region. These are important not just for aesthetically pleasing vistas, but especially for the health of our environment, our water, our air, and mostly our people.

The Highlands is an incredible 2 million acre swath across four states—New Jersey, New York, Connecticut, and Pennsylvania. This tract is home to nearly one and a half million people and is still a quick drive away from New York City and other major metropolitan areas.

Even more importantly, the Highlands provides and protects the drinking water supplies for over 15 million people who live in the Philadelphia-New York-Hartford metropolitan area, which cuts right through my central New Jersey district.

That is why it is so important that the House today pass the Highlands Conservation Act. This bill authorizes federal Land and Water Conservation Fund money that will be matched at least one to one by local, state, and private funding. The governors of the four Highlands states will identify which lands are best eligible for conservation efforts, then apply to the federal government for funding. I know that the governor of New Jersey is ready and eager to get to work identifying these areas and preserving more green space in the state.

I also want to highlight provisions in the bill that provide technical assistance to communities and organizations involved in conservation efforts for the Highlands. So many people in the region have already done so much wonderful work to help preserve the area, and they will now get the added benefit of assistance and expertise from the federal government.

I want to recognize Mr. FRELINGHUYSEN for his leadership on this issue and his hard work to get the legislation on the floor. I also want to salute the work of former Representative Ben Gilman, who led the effort on this legislation during the last Congress.

I also want to thank Chairman POMBO, Ranking Member RAHALL, Subcommittee Chairman RADANOVICH, and Ranking Member CHRISTENSEN for helping see this legislation through the Resources committee. This bill means a lot to New Jersey, and I urge my colleagues to support it.

Mrs. CHRISTENSEN. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. SIMPSON). The question is on the motion offered by the gentleman from California (Mr. CALVERT) that the House suspend the rules and pass the bill, H.R. 1964, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read: ''A bill to assist the States of Connecticut, New Jersey, New York, and Pennsylvania in conserving priority lands and natural resources in the Highlands region, and for other purposes.''.

A motion to reconsider was laid on the table.

TWENTY-FIRST CENTURY WATER COMMISSION ACT OF 2003

Mr. CALVERT. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 135) to establish the ''Twenty-First Century Water Commission'' to study and develop recommendations for a comprehensive water strategy to address future water needs, as amended.

The Clerk read as follows:

H.R. 135

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Twenty-First Century Water Commission Act of 2003''.

SEC. 2. FINDINGS.

Congress finds that—

(1) the Nation's water resources will be under increasing stress and pressure in the coming decades;

(2) a thorough assessment of technological and economic advances that can be employed to increase water supplies or otherwise meet water needs in every region of the country is important and long overdue; and

(3) a comprehensive strategy to increase water availability and ensure safe, adequate, reliable, and sustainable water supplies is vital to the economic and environmental future of the Nation.

SEC. 3. ESTABLISHMENT.

There is established a commission to be known as the ''Twenty-First Century Water Commission'' (in this Act referred to as the ''Commission'').

SEC. 4. DUTIES.

The duties of the Commission shall be to—

(1) use existing water assessments and conduct such additional assessments as may be necessary to project future water supply and demand;

(2) study current water management programs of Federal, Interstate, State, and local agencies, and private sector entities directed at increasing water supplies and improving the availability, reliability, and quality of freshwater resources; and

(3) consult with representatives of such agencies and entities to develop recommendations consistent with laws, treaties, decrees, and interstate compacts for a comprehensive water strategy which—

(A) respects the primary role of States in adjudicating, administering, and regulating water rights and water uses;

(B) identifies incentives intended to ensure an adequate and dependable supply of water to meet the needs of the United States for the next 50 years;

(C) suggests strategies that avoid increased mandates on State and local governments;

(D) eliminates duplication and conflict among Federal governmental programs;

(E) considers all available technologies and other methods to optimize water supply reliability, availability, and quality, while safeguarding the environment;

(F) recommends means of capturing excess water and flood water for conservation and use in the event of a drought;

(G) suggests financing options for comprehensive water management projects and for appropriate public works projects;

(H) suggests strategies to conserve existing water supplies, including recommendations for repairing aging infrastructure; and

(I) includes other objectives related to the effective management of the water supply to ensure reliability, availability, and quality, which the Commission shall consider appropriate.

SEC. 5. MEMBERSHIP.

(a) NUMBER AND APPOINTMENT.—The Commission shall be composed of 9 members who shall be appointed not later than 90 days after the date of enactment of this Act. Member shall be appointed as follows:

(1) 5 members appointed by the President;

(2) 2 members appointed by the Speaker of the House of Representatives, in consultation with the Minority Leader of the House of Representatives; and

(3) 2 members appointed by the Majority Leader of the Senate, in consultation with the Minority Leader of the Senate.

(b) QUALIFICATIONS.—Members shall be appointed to the Commission from among individuals who—

(1) are of recognized standing and distinction in water policy issues; and

(2) while serving on the Commission, do not hold any other position as an officer or employee of the United States, except as a retired officer or retired civilian employee of the United States.

(c) OTHER CONSIDERATIONS.—In appointing members of the Commission, every effort shall be made to ensure that the members represent a broad cross section of regional and geographical perspectives in the United States.

(d) CHAIRPERSON.—The Chairperson of the Commission shall be designated by the President.

(e) TERMS.—Members of the Commission shall be appointed not later than 90 days after the date of enactment of this Act and shall serve for the life of the Commission.

(f) VACANCIES.—A vacancy on the Commission shall not affect its operation, and shall be filled in the same manner as the original appointment provided under subsection (a).

(g) COMPENSATION AND TRAVEL EXPENSES.—Members of the Commission shall serve without compensation, except members shall receive travel expenses, including per diem in lieu of subsistence, in accordance with applicable provisions under subchapter I of chapter 57, United States Code.

SEC. 6. MEETINGS AND QUORUM.

(a) MEETINGS.—The Commission shall hold its first meeting not later than 60 days after the date on which all members have been appointed under section 5, and shall hold additional meetings at the call of the Chairperson or a majority of its members.

(b) QUORUM.—A majority of the members of the Commission shall constitute a quorum for the transaction of business.

SEC. 7. DIRECTOR AND STAFF.

A Director shall be appointed by the Speaker of the House of Representatives and the Majority Leader of the Senate, in consultation with the Minority Leader and chairmen of the Resources and Transportation and Infrustructure Committees of the House of Representatives, and the Minority Leader and chairmen of the Energy and Natural Resources and Environment and Public Works Committees of the Senate. The Director and any staff reporting to the Director shall be paid a rate of pay not to exceed the maximum rate of basic pay for GS–15 of the General Schedule.

SEC. 8. POWERS AND PROCEEDINGS OF THE COMMISSION.

(a) HEARINGS.—The Commission shall hold no fewer than 10 hearings during the life of the Commission. Hearings may be held in conjunction with meetings of the Commission. The Commission may take such testimony and receive such evidence as the Commission considers appropriate to carry out this Act. At least 1 hearing shall be held in Washington, D.C., for the purpose of taking testimony of representatives of Federal agencies, national organizations, and Members of Congress. Other hearings shall be scheduled in distinct geographical regions of the United States and should seek to ensure testimony from individuals with a diversity of experiences, including those who work on water issues at all levels of government and in the private sector.

(b) INFORMATION AND SUPPORT FROM FEDERAL AGENCIES.—Upon request of the Commission, any Federal agency shall—

(1) provide to the Commission, within 30 days of its request, such information as the Commission considers necessary to carry out the provisions of this Act; and

(2) detail to temporary duty with the Commission on a reimbursable basis such personnel as the Commission considers necessary to carry out the provisions of this Act, in accordance with section 5(b)(5), Appendix, title 5, United States Code.

SEC. 9. REPORTS.

(a) INTERIM REPORTS.—Not later than 6 months after the date of the first meeting of the Commission, and every 6 months thereafter, the Commission shall transmit an interim report containing a detailed summary of its progress, including meetings and hearings conducted in the interim period, to—

(1) the President;

(2) the Committee on Resources and the Committee on Transportation and Infrastructure of the House of Representatives; and

(3) the Committee on Energy and Natural Resources and the Committee on the Environment and Public Works of the Senate.

(b) FINAL REPORT.—As soon as practicable, but not later than 3 years after the date of the first meeting of the Commission, the Commission shall transmit a final report containing a detailed statement of the findings and conclusions of the Commission, and recommendations for legislation and other policies to implement such findings and conclusions, to—

(1) the President;

(2) the Committee on Resources and the Committee on Transportation and Infrastructure of the House of Representatives; and

(3) the Committee on Energy and Natural Resources and the Committee on the Environment and Public Works of the Senate.

SEC. 10. TERMINATION.

The Commission shall terminate not later than 30 days after the date on which the Commission transmits a final report under section 7(b).

SEC. 11. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated $9,000,000 to carry out this Act.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. CALVERT) and the gentlewoman from the Virgin Islands (Mrs. CHRISTENSEN) each will control 20 minutes.

The Chair recognizes the gentleman from California (Mr. CALVERT).

GENERAL LEAVE

Mr. CALVERT. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. CALVERT. Mr. Speaker, I yield myself such time as I may consume.

H.R. 135, introduced by the gentleman from Georgia (Mr. LINDER), and cosponsored by a wide range of Members from both parties, creates a national commission to develop increased water supplies. The gentleman from Georgia (Mr. LINDER) and his colleagues have properly recognized that drought is a national problem, not just a Western issue.

This bill creates a process while adhering to States' rights to address this problem. I urge my colleagues to support this bill.

Mr. Speaker, I reserve the balance of my time.

□ 1100

Mrs. CHRISTENSEN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 135. This legislation would establish the 21st Century Water Policy Commission to study Federal, State, local, and private water management programs in an effort to develop recommendations for a comprehensive national water strategy.

Mr. Speaker, the objectives of H.R. 135 are worthwhile, and I appreciate the cooperation we have received from the sponsor of this bill. I urge my colleagues to support this legislation.

Mr. Speaker, I yield 10 minutes to the gentleman from Illinois (Mr. COSTELLO) and ask unanimous consent that he be allowed to control said time.

The SPEAKER pro tempore (Mr. SIMPSON). Is there objection to the request of the gentlewoman from the Virgin Islands?

There was no objection.

Mr. CALVERT. Madam Speaker, I yield 10 minutes to the gentleman from Tennessee (Mr. DUNCAN) and ask unanimous consent that he be allowed to control that time.

The SPEAKER pro tempore (Mrs. BIGGERT). Is there objection to the request of the gentleman from California?

There was no objection.

Mr. DUNCAN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, first of all, I want to commend my colleague, the gentleman from Georgia (Mr. LINDER), and I rise in strong support of H.R. 135, the 21st Century Water Commission Act of 2003.

Madam Speaker, I yield 5 minutes to the gentleman from Georgia (Mr. LINDER).

Mr. LINDER. Madam Speaker, I thank the gentleman for yielding me time.

Madam Speaker, I rise in support of H.R. 135, the 21st Century Water Commission Act of 2003. H.R. 135 is designed to bring together our Nation's premier water experts to recommend strategies for meeting our water challenges in the next century.

I would like to first thank the gentleman from California (Chairman CALVERT) and his staff and the gentleman from Tennessee (Chairman DUNCAN) and his staff for being so helpful in bringing this bill to the floor and having hearings.

Ensuring fresh water for U.S. citizens will be a critical challenge facing the United States as we enter the 21st Century. Water related issues have been of interest to me for many years. In fact, I wrote an article in 1978 that predicted that one of the 12 major challenges for

our country in the next century would be providing enough fresh water for our booming population.

Since that time, about 25 years ago, America still does not have an integrated or comprehensive water policy, even with hundreds of thousands of Federal, State, local and private sector employees working to solve water problems. If we wait another 10 or 20 years to get serious about meeting our demand for clean water, it will be too late.

According to the October 27, 2003, edition of U.S. News and World Report, ''Our population has more than doubled since World War II, and at this rate, we could be on our way to 1 billion people living in the United States by the end of this century.'' The population growth will clearly put a strain on our already-burdened water supply.

As my colleagues are aware, many States across the Nation are currently facing a water crisis. Once thought to be a problem only in the arid West, severe droughts last summer caused water shortages up and down the east coast. States once accustomed to an unlimited access to water realized that they are not immune to the problems which the West has experienced for decades.

In addition, numerous news articles over the past few years have increased our attention to other water problems that we currently face. To name just a few, aquifers are being challenged by salt water intrusion, rivers and wells are drying up all over the country, crops are being threatened, and our aging water pipes leak billions of gallons of fresh water in our cities all over the country. For example, New York City loses 36 million gallons per day and Philadelphia loses 85 million per day just through leaks in infrastructure.

Let me be clear about one thing: my bill does not give the Federal Government more direct authority or control over water. This commission is designed to make recommendations about how we can coordinate water management efforts on all levels, so that localities, States, and the Federal Government can work together.

Some highlights of the bill are as follows:

The commission will look for ways to ensure fresh water for citizens for the next 50 years.

The commission will be composed of nine members, appointed by the President and key leaders in the House and Senate.

The commission will look for ways to eliminate duplication and conflict among Federal Government agencies.

The commission will consider all available technologies and other methods to optimize water supply reliability.

The commission will hold hearings in distinct geographical regions of the United States and in Washington, D.C., to seek a diversity of views, comments, and input.

Not later than 6 months after the date of the first meeting of the commission, and every 6 months thereafter, the commission will transmit a report to the Congress. A final report will be due within 3 years of the commission's inception.

In John Steinbeck's novel, ''East of Eden,'' the narrator observes, ''It never failed that during the dry years that people forgot about the rich years, and during the wet years they lost all memory of the dry years. It was always that way.''

The United States cannot afford to reevaluate its water policies every time a crisis hits. Now is the time to get ahead of this issue, and I believe the 21st Century Water Commission can serve as the channel for doing so.

Mr. COSTELLO. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise today in support of H.R. 135, the 21st Century Water Commission Act of 2003. This bill is a step towards addressing the availability of clean and safe water resources to meet the Nation's needs.

Madam Speaker, clean, safe and available sources of water are essential to the physical and economic well-being of this country. Commercial fishing, agriculture, real estate, manufacturing, and recreation and tourism are just a few of the economic sectors that rely on clean water to operate and ensure productivity. Every day, the U.S. economy relies on the availability of clean water to grow, process, or deliver products and services.

However, at the same time, there is an emerging concern about the availability of adequate safe supplies of water to meet the growing list of often competing needs.

Throughout the first three-quarters of the 20th century, demand for water in the United States dramatically increased.

However, this Nation made progress in reducing the overall consumption of water resources in the past 20 years. Water withdrawals in the United States are now 10 percent below their peak. In addition, industrial water use dropped nearly 40 percent from its height as industrial water-use efficiency improved and as the mix of U.S. industries changed. At the same time, industrial productivity continues to rise, demonstrating that improvements in water-use efficiency are possible without negatively impacting economic growth.

In the past few years, considerable media attention has focused on the availability of adequate water supplies to meet current and future demands. In the last 2 years, regions of the country that have not traditionally experienced water resource concerns, including the Midwest and the Northeast, often found themselves with a greater demand for water resources than were available—and were forced, in some communities to ration water use.

While this debate has long existed in the more arid regions of the West, these experiences in the eastern half of the country have served as a wake-up call to the fact that water supply problems can occur in almost every region of the country. The question is now being asked, "What can be done to ensure adequate water to meet current and future needs?"

This legislation would create a Federal commission of experts on water policy to study this issue, and to recommend strategies and changes to current law that may be necessary to ensure the availability of adequate water resources for future generations.

Madam Speaker, it is important for this Nation to have a dialogue on what can be done to ensure that sufficient water resources are available to meet current and future needs. I do have some concerns with this legislation, and with the broader topic of planning for water resource needs. We need to fully discuss what the Federal role in water resource planning should be, and how Federal financial resources are to be expended to address this growing concern.

In addition, I believe that the scope of any national water resource planning study must include all affected parties, and must look to both structural and non-structural approaches to reduce consumption and ensure adequate, safe, and reliable sources of water for generations to come.

If this Congress truly wants to enter the debate on a national water resource policy, we must make sure that the record is complete, and that all alternatives are examined to determine the appropriate means to resolve this important question.

I hope that we can continue to work together on this legislation as it continues through the legislative process.

Mr. DUNCAN. Madam Speaker, I yield such time as he may consume to the gentleman from Pennsylvania (Mr. SHUSTER).

Mr. SHUSTER. Madam Speaker, I thank the gentleman for yielding me time.

Madam Speaker, this legislation deals with an issue which I have considered a priority for some time, our water resources and the ability of the Federal Government to provide our communities with effective solutions to their problems.

Our economy depends on our Nation's water resources. In fact, the United States economy base has grown both geographically and economically through its efficient and effective water system. We must realize that water is a precious resource, and we take steps to ensure its proper use.

This legislation establishes a 21st Century Water Commission to study and develop recommendations for a comprehensive water strategy to address future waters needs. This commission would assess our current and future water supply needs and consider all available technologies for increasing water supply efficiently while safeguarding the environment. Additionally, this commission will suggest financing options and strategies to preserve existing water supplies.

Most importantly, the commission will pursue strategies that avoid increasing mandates on State and local governments. We understand that unfunded mandates take away from local decisionmaking. When the first withdrawal from a municipality's finances must go for an unfunded mandate, that community then has less discretion in paying for vital services and programs expected by its citizens. It is critical to the health of our local communities not to burden them with these types of mandates.

I would like to thank the gentleman from Tennessee (Chairman DUNCAN) and the ranking member, the gentleman from Illinois (Mr. COSTELLO), and the entire Committee on Resources for all their hard work.

I support H.R. 135 wholeheartedly and ask that my colleagues do the same.

Mrs. CHRISTENSEN. Madam Speaker, I yield back the balance of my time.

Mr. DUNCAN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I have the privilege of chairing the Subcommittee on Water Resources and Environment. We held a hearing on this legislation, and the then chairman, the gentleman from Alaska (Mr. YOUNG), and I and the ranking member, the gentleman from Minnesota (Mr. OBERSTAR), and the ranking member of my subcommittee, the gentleman from Illinois (Mr. COSTELLO), all approved bringing this legislation to the floor at this time.

As I said a few moments ago, I rise in strong support of H.R. 135, the 21st Century Water Commission Act of 2003. I want to commend the gentleman from Georgia (Mr. LINDER) for his foresight and his hard work in bringing this legislation to this point.

A couple of years ago, the New York Times had a series of articles in which they called water the oil of the 21st century. There is probably nothing that people take more for granted than a clean, safe, adequate water supply.

This bill begins the hard work of tackling one of the most important and difficult environmental and economic issues facing our Nation, and that is ensuring that we have an adequate water supply. We need water for our homes, farms, and factories. Water also supports navigation, generates power, and sustains our environment. Communities cannot grow or even exist without adequate water.

As we enter the 21st century, demands for water are growing and are outstripping supplies in many areas, both in the West and the East, leading to disputes over water supply and allocation. In response, many municipalities, businesses and land developers are trying to secure more water rights so they will have adequate water supplies now and in the future.

Last year's drought in the East made it clear that while water may be abundant in many areas, it is not limitless, and even our Nation's most water-rich regions can run dry. Even though the East has been wet this year, much of the West remains very, very dry. Policymakers no longer can ignore this issue. We need to start planning for the future.

H.R. 135, the 21st Century Water Commission Act of 2003, will help start that planning process by looking at our Nation's available water supply and the projected demand for water and making recommendations on how to meet that demand.

Because of the importance of water to our Nation's economy and well-being, I held a series of hearings this past spring on water scarcity problems, ways businesses and communities are responding, and how H.R. 135 can help States and communities address their water problems. The witnesses strongly supported greater planning for future water needs, involving all levels of government, and supported H.R. 135 as a means to help start that process.

H.R. 135 respects the primary role that States play in addressing water supply issues, but the Federal Government can provide expertise and technical assistance. Numerous parties strongly support this legislation, including the U.S. Conference of Mayors, Urban Water Council, the American Farm Bureau Federation, the National Water Resources Association, the National Association of Homebuilders, the Association of California Water Agencies, and many others.

I urge all of my colleagues to support this very important bill and once again commend our colleague, the gentleman from Georgia (Mr. LINDER), for leading this effort.

Madam Speaker, I yield back the balance of my time.

Mr. CALVERT. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, once again I want to commend the gentleman from Georgia (Mr. LINDER) for his leadership on this bill. As the chairman of the Subcommittee on Water and Power, I have witnessed firsthand throughout this country water problems that tend to grow, not shrink, as our country faces the problem of less water and water quality issues throughout our country.

Vision is an important thing that we do around here that sometimes we forget. The gentleman from Georgia (Mr. LINDER) certainly is showing vision to make sure that we have adequate water in the future.

The 21st Century Water Commission, I refer to it as the Linder Water Commission, will recommend a strategy that recognizes and respects the primary role of States and water rights laws while eliminating duplication and conflict among governmental agencies. This is an incredibly important strategy. We need dependable water supplies that are safe and secure for our future generations.

Again, I commend the gentleman from Georgia (Mr. LINDER) for his leadership.

Madam Speaker, I yield back the balance of my time.

Mr. COSTELLO. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I support this legislation strongly. I commend our colleague, the gentleman from Georgia (Mr. LINDER), who came before our committee for a hearing, and to urge the adoption of this legislation.

Mr. OBERSTAR. Madam Speaker, I rise today in support of H.R. 135, a bill to establish a commission to examine the issue of clean, safe, and reliable water supplies for this generation and for generations to come.

Madam Speaker, water may well be the most precious resource the earth provides to humankind. The existence of water set the stage for the evolution of life and is an essential ingredient of all life today.

Recognizing the importance of this vital resource, the United Nations designated 2003 as the "International Year of Freshwater." Throughout the year, the United Nations has been conducting a series of international meetings to raise awareness on the importance of available sources of clean and safe fresh water. According to the U.N., throughout the world roughly one person in six lives without regular access to safe drinking water, and over twice that number—or 2.4 billion—lack access to adequate sanitation. In addition, water-related diseases kill a child every eight seconds.

In the United States, we have avoided many of these concerns through careful planning and decades of investment in our water infrastructure. Nationally, a combination of Federal, State, and local funds have built 16,024 wastewater treatment facilities that provide service to 190 million people, or 73 percent of the total population.

In addition, 268 million people in the United States—or 92 percent of the total population—are currently served by public drinking water systems, which provide a safe and reliable source of drinking water for much of the Nation.

As I noted earlier, clean, safe, and reliable sources of water are critical to this Nation's health and livelihood. However, in the past few decades, a series of natural and potentially human induced events have demonstrated that our Nation remains vulnerable to shortages of water.

In my own State, shortages of snowfall and rain of over the past few years have had an adverse impact on local water supplies, agriculture, and recreation and tourism, and have resulted in a lowering of water levels in Great Lakes to historic levels. One thing that is certain is that no area of this country is immune to the threat of diminished water supplies, and we must be vigilant to prepare for such occurrences.

This bill is a part of the debate on the very important issue of water resource planning in this country. The gentleman from Georgia, Mr. LINDER, has taken an important step in encouraging this debate, calling for the creation

of a Federal commission to examine issues related to national water resource planning, and to report its findings on potential ways to insure against large-scale water shortages in the future.

While I believe that the legislation introduced by our colleague is a good starting point, we must be sure to fully examine all of the relevant issues for ensuring adequate supplies of clean and safe water to meet current and future needs.

For example, water resource planning should work toward increasing the efficiency of water consumption as well as increasing the supply of water. Simply increasing the supply of water can be a more costly approach to meeting future water needs, and in any case, merely postpones any potential water resource crisis.

In addition, it is important to remember that issues of water supply are closely related to water quality. Contaminated sources of freshwater serve little use to this Nation's health or livelihood, and merely increase the overall cost of providing safe a reliable water resources to the population. In addition, human activities, whether through the pollution of waterbodies from point or non-point sources, the elimination of natural filtration abilities of wetlands, or through the destruction and elimination of aquifer recharge points, can have a significant impact on available supplies of usable water.

We cannot base our future water resource planning needs on the possibility of continually finding "new" sources of freshwater while, at the same time, continuing to destroy or contaminate existing sources. Such a practice is unsustainable and unconscionable.

I urge my colleagues to support the bill.

Mr. STENHOLM. Madam Speaker, I rise today in strong support of H.R. 135, the Twenty-First Century Water Commission Act.

One thing I've learned since being elected twenty-five years ago, is that Congress can't pass a bill and make it rain.

This morning I look at the United States Drought Monitor again and I was reminded of a disturbing trend that several states have experienced for many years. Twenty-five states are suffering from drought conditions, and with no definite starting or ending point, droughts are extremely hard to predict.

But, as a cotton farmer from West Texas, I am always optimistic that the rains will come eventually. In the meantime, we cannot afford to leave a single stone unturned in our efforts to ensure that our citizens have a safe and adequate water supply.

Will my district be able to meet our water needs fifty years from Now? We aren't able to answer that question today, and we sure can't wait until that time is upon us to find out.

This is why I joined my colleagues in cosponsoring the 21st Century Water Policy Commission Act. This legislation does what so many communities in my West Texas district are already trying to do. It establishes commission to consider all aspects of water management, water supply and demand, and it recommends comprehensive policy for meeting our nation's water needs in the 21st Century. For these reasons, I'm glad to support H.R. 135.

Mr. COSTELLO. Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. CALVERT) that the House suspend the rules and pass the bill, H.R. 135, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

CONVEYANCE OF DECOMMISSIONED SHIP TO UTROK ATOLL

Mr. CALVERT. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 2584) to provide for the conveyance to the Utrok Atoll local government of a decommissioned National Oceanic and Atmospheric Administration ship, as amended.

The Clerk read as follows:

H.R. 2584

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—UTROK ATOLL RADIOLOGICAL MONITORING SUPPORT

SEC. 101. UTROK ATOLL RADIOLOGICAL MONITORING SUPPORT.

(a) In support of radiological monitoring, rehabilitation, and resettlement of Utrok Atoll, whose residents were affected by United States nuclear testing, the Secretary of Commerce may convey to the Utrok Atoll local government without consideration, all right, title, and interest of the United States in and to a decommissioned National Oceanic and Atmospheric Administration ship in operable condition.

(b) The Government of the United States shall not be responsible or liable for any maintenance or operation of a vessel conveyed under this section after the date of the delivery of the vessel to Utrok.

TITLE II—RATIFICATION OF CERTAIN NOAA APPOINTMENTS, PROMOTIONS, AND ACTIONS

SEC. 201. RATIFICATION OF CERTAIN NOAA APPOINTMENTS, PROMOTIONS, AND ACTIONS.

All action in the line of duty by, and all Federal agency actions in relation to (including with respect to pay, benefits, and retirement) a de facto officer of the commissioned corps of the National Oceanic and Atmospheric Administration who was appointed or promoted to that office without Presidential action, and without the advice and consent of the Senate, during such time as the officer was not properly appointed in or promoted to that office, are hereby ratified and approved if otherwise in accord with the law, and the President alone may, without regard to any other law relating to appointments or promotions in such corps, appoint or promote such a de facto officer temporarily, without change in the grade currently occupied in a de facto capacity, as an officer in such corps for a period ending not later than 180 days from the date of enactment of this Act.

TITLE III—INTERNATIONAL FISHERIES REAUTHORIZATION

SEC. 301. SHORT TITLE.

This title may be cited as the "International Fisheries Reauthorization Act of 2003".

SEC. 302. EXTENSION OF PERIOD FOR REIMBURSEMENT UNDER FISHERMEN'S PROTECTIVE ACT OF 1967.

Section 7(e) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1977(e)) is amended by striking "2003" and inserting "2008".

SEC. 303. REAUTHORIZATION OF YUKON RIVER SALMON ACT OF 2000.

Section 208 of the Yukon River Salmon Act of 2000 (16 U.S.C. 5727) is amended by striking "2000" and all that follows through "2003" and inserting "2004 through 2008".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. CALVERT) and the gentlewoman from the Virgin Islands (Mrs. CHRISTENSEN) each will control 20 minutes.

The Chair recognizes the gentleman from California (Mr. CALVERT).

GENERAL LEAVE

Mr. CALVERT. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 2584, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. CALVERT. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, H.R. 2584 will transfer a decommissioned NOAA vessel to the Utrok Atoll local government in the Republic of the Marshall Islands. The Utrok Atoll is one of 29 low coral atolls in the Marshall Islands that is inhabited by 600 people.

This small atoll has been exposed to the horrible effects of radioactive pollution during our nuclear bomb testing period. These citizens require ongoing tests, monitoring and medical care; and it is currently difficult for them to obtain access to that care.

The fundamental goal of this legislation is to provide these citizens with a reliable, safe means of transportation to the city of Majuro. This city is the capital of the Marshall Islands and is more than 300 miles from the Utrok Atoll.

The NOAA vessel likely affected by this measure is the McArthur. The ship is 175 feet long, has a cruising speed of 10 knots, a cruising range of over 6,000 nautical miles and a draft of 12 feet. It was commissioned as a NOAA research vessel in 1966 and decommissioned on May 20, 2003.

Under the terms of H.R. 2584, all rights, title, and interest in the ship are transferred to the Utrok Atoll government. The vessel must be in operable condition prior to the actual transfer; but in the future, all maintenance, responsibility, and liabilities are conveyed to the Utrok Atoll government.

□ 1115

Title II of the bill is a corrective measure for the Department of Commerce which may approve appointments and confirmations made for the

NOAA Corps in the Clinton and Bush administrations. This measure has been unanimously adopted by the other body.

Title III of the bill reauthorizes two important laws dealing with international fisheries, the Fisherman's Protective Act and the Yukon River Salmon Act. Identical language was incorporated in H.R. 2048 which unanimously passed the House of Representatives on October 20 of this year. This title is noncontroversial and simply extends these two acts for an additional 5 years at existing funding levels.

Madam Speaker, I compliment the gentleman from American Samoa (Mr. FALEOMAVAEGA) for sponsoring this bill, and urge my colleagues to support this important humanitarian effort.

Madam Speaker, I reserve the balance of my time.

Mrs. CHRISTENSEN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, as stated by the previous speaker, H.R. 2584 is noncontroversial legislation that would convey a decommissioned research vessel formerly operated by the National Oceanic and Atmospheric Administration to the local government of Utrok Atoll located in the Republic of the Marshall Islands.

Congress should do whatever we can to help the residents of Utrok Atoll. It is imperative that they receive the critical medical testing and treatment necessary to address the increased rates of thyroid cancer and birth defects that have arisen as a result of the U.S. nuclear testing program we conducted in the Northern Marshall Islands between 1946 and 1958.

The conveyance of this former NOAA vessel will allow more convenient and less expensive transportation for these residents who have to make a 265-mile trip to the neighboring islands of Majuro where the medical facilities are located.

I commend the gentleman from American Samoa (Mr. FALEOMAVAEGA) for introducing this legislation to help the residents of this very remote atoll in the Pacific Ocean.

This legislation also contains a very important amendment to address a problem regarding serious lapses in procedure affecting past appointments and promotions for NOAA's Uniformed Corps of Officers.

It is important that the chain of command of the NOAA Corps not be disrupted. And while any future repeat of these procedural lapses may not be tolerated, this matter must be addressed expeditiously to prevent any operational or command dysfunction from arising.

I urge all Members to support this legislation.

Mr. FALEOMAVAEGA. Madam Speaker, I rise in support of H.R. 2584, a bill I introduced to assist our friends from Utrõk Atoll as they continue efforts to resettle and rehabilitate their islands as a result of the effects of the United States nuclear testing in the Marshal Islands. I would like to express my gratitude to Chairman RICHARD POMBO and Ranking Member NICK RAHALL of the Resources Committee for their continued support of Pacific Island issues. I would also like to thank my distinguished colleagues and co-sonsors—Congressmen ANIBAL ACEVEDO-VILÁ (PR), DAN BURTON (IN), JOHN DOOLITTLE (CA), ELTON GALLEGLY (CA), JEFF FLAKE (AZ) and Congresswoman MADELEINE BORDALLO (Guam).

The purpose of this proposed legislation is simply to authorize the Secretary of Commerce to convey a decommissioned, operable NOAA vessel to the Government of Utrõk. The vessel would be used to provide support for radiological monitoring, rehabilitation and resettlement of Utrõk, an atoll that is part of the Republic of the Marshall Islands.

As you know, many of the Marshall Islands atolls were devastated by the effects of the U.S. Nuclear Testing activities during the 1940's and 50's. Utrõk was one of four atolls acknowledged by the U.S. Government and suffering unsafe radiologicval exposure and its residents were forced to evacuate 72 hours after the miscalculated Bravo shot. Two months later, the people of Utrõk were assured it was safe to return home. We know now that this was a grave mistake because Utrõk residents have since suffered increased radiological illnesses and birth defects. Today, the people of Utrõk are seeking to rehabilitate their home island so that it is a safe place to live.

Last year a comprehensive scientific report recommended a potassium fertilizer treatment to accompany the ongoing resettlement process on Utrõk, a treatment which would suppress the remaining radioactive Cesium-137 in the soil and prevent its further uptake in the food supply. In addition, the U.S. Department of Energy concluded a MOU with Utrõk that committed the DOE to build a Whole body Counting (WBC) facility in order to monitor radioactivity levels in the people of Utrõk. This new facility is located about 265 miles away in Majuro and will be used to ensure that the potassium fertilizer regime is effective and the administration of the fertilizer treatment is done properly. However, Utrõk residents are responsible for their own transportation to Majuro. Transportation by plane is expensive and available only once per week, and is unreliable, as the Utrõk runway is in disrepair and the airline often declines to land. Travel by commercial ships, although less expensive, is infrequent and unfeasible.

One solution to help facilitate transportation between Utrõk and Majuro is to transfer a decommissioned NOAA vessel to the Utrõk Atoll Local Government. In addition to transport of Utrõk residents to the WBC facility, the vessel will be used for moving several tons of potassium fertilizer, transporting equipment and materials for radiological remediation, and transporting USDA food supplies. Because of the Cesium-137 contamination is locally grown food, at least 50% of the diet of Utrõk residents must be imported to limit the risk of radiological poisoning.

The Utrõk Atoll Local Government also fully supports this measure and adopted are solution (022–03) on July 4th 2003 stating that the NOAA vessel transfer would be "one of the crucial needs that will fully support our future goals to develop, rehabilitate and resettle the atoll after the aftermath of the 'Bravo' fallout". The Utrõk Government also expects the ship to be available for use by other atolls for their respective communities, who will help pay for the ongoing maintenance of the vessel.

Mr. Speaker, I am hopeful that this bill will remind the Congress of our ongoing responsibility to the people of RMI for the mistakes the United States made regarding its nuclear testing activities in the Asia Pacific region. Once again, I urge my colleagues to support this important legislation and I thank my colleagues for their support.

Mrs. CHRISTENSEN. Madam Speaker, I yield back the balance of my time.

Mr. CALVERT. Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mrs. BIGGERT). The question is on the motion offered by the gentleman from California (Mr. CALVERT) that the House suspend the rules and pass the bill, H.R. 2584, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read: ''A bill to provide for the conveyance to the Utrok Atoll local government of a decommissioned National Oceanic and Atmospheric Administration ship, and for other purposes.''.

A motion to reconsider was laid on the table.

MESSAGE FROM THE SENATE

A message from the Senate by Mr. Monahan, one of its clerks, announced that the Senate has passed without amendment bills and a concurrent resolution of the House of the following titles:

H.R. 3038. An act to make certain technical and conforming amendments to correct the Health Care Safety Net Amendments of 2002.

H.R. 3140. An act to provide for availability of contact lens prescriptions to patients, and for other purposes.

H.R. 3166. An act to designate the facility of the United States Postal Service located at 57 Old Tappan Road in Tappan, New York, as the ''John G. Dow Post Office Building''.

H.R. 3185. An act to designate the facility of the United States Postal Service located at 38 Spring Street in Nashua, New Hampshire, as the ''Hugh Gregg Post Office Building''.

H.R. 3491. An act to establish within the Smithsonian Institution the National Museum of African American History and Culture, and for other purposes.

H. Con. Res. 320. Concurrent resolution expressing the sense of the Congress regarding the importance of motorsports.

The message also announced that the Senate has passed with amendments in which the concurrence of the House is requested, a joint resolution of the House of the following title:

H.J. Res. 78. Making further continuing appropriations for the fiscal year 2004, and for other purposes.

The message also announced that the Senate has passed bills of the following titles in which the concurrence of the House is requested:

S. 1152. An act to reauthorize the United States Fire Administration, and for other purposes.

S. 1561. An act to preserve existing judgeships on the Superior Court of the District of Columbia.

PREDISASTER MITIGATION PROGRAM REAUTHORIZATION ACT OF 2003

Mr. LATOURETTE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 3181) to amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act to reauthorize the predisaster mitigation program, and for other purposes.

The Clerk read as follows:

H.R. 3181

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Predisaster Mitigation Program Reauthorization Act of 2003''.

SEC. 2. PREDISASTER HAZARD MITIGATION.

Section 203(m) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5133(m)) is amended by striking ''December 31, 2003'' and inserting ''September 30, 2006''.

SEC. 3. HAZARD MITIGATION.

(a) IN GENERAL.—The last sentence of section 404(a) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170c(a)) is amended by striking ''7.5'' and inserting ''15''.

(b) APPLICABILITY.—The amendment made by subsection (a) shall apply with respect to a major disaster declared by the President after September 30, 2002.

SEC. 4. REPAIR ASSISTANCE TO INDIVIDUALS AND HOUSEHOLDS.

(a) IN GENERAL.—Section 408(c)(2) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5174(c)(2)) is amended—

(1) in subparagraph (B) by inserting ''initial'' before ''assistance'' the first place it appears;

(2) in subparagraph (C)—

(A) in the subparagraph heading by inserting ''INITIAL'' before ''ASSISTANCE''; and

(B) by inserting ''initial'' before ''assistance''; and

(3) by adding at the end the following:

''(D) ADDITIONAL ASSISTANCE.—Subject to the limitation contained in subsection (h), the President may provide additional repair assistance under this paragraph to an individual or household that is unable to complete the repairs described in subparagraph (A) using insurance proceeds, loans, or other financial assistance, including assistance from the Small Business Administration.''.

(b) APPLICABILITY.—The amendments made by subsection (a) shall apply with respect to a major disaster declared by the President after the date of enactment of this Act.

SEC. 5. STUDY REGARDING COST REDUCTION.

Section 209 of the Disaster Mitigation Act of 2000 (42 U.S.C. 5121 note; 114 Stat. 1571) is amended by striking ''3 years after the date of the enactment of this Act'' and inserting ''September 30, 2005''.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Ohio (Mr. LATOURETTE) and the gentleman from Oregon (Mr. BLUMENAUER) each will control 20 minutes.

The Chair recognizes the gentleman from Ohio (Mr. LATOURETTE).

Mr. LATOURETTE. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, H.R. 3181, the Predisaster Mitigation Program Reauthorization Act of 2003 reauthorizes the Predisaster Mitigation Program for an additional 3 years and allows the President to offer additional home repair assistance to disaster victims; restores the percentage of Hazard Mitigation Grant Program funds to previously authorized levels; and requires the completion of a Congressional Budget Office study on the cost-effectiveness of the program.

This program, which was originally authorized as a pilot program as a part of the Disaster Mitigation Act of 2000 was intended to study the effectiveness of mitigation grants in the absence of a disaster, as opposed to solely following a disaster, as is currently the practice.

In addition to reauthorizing the Predisaster Mitigation Program, the bill makes two changes to other programs within the Stafford Act. H.R. 3181 authorizes the President to give additional home repair assistance when the initial amount is insignificant, and it also restores the percentage of funding available under the HMGP. In the omnibus appropriation bill that concluded the last Congress, this percentage was modified, and there was compelling testimony before our subcommittee and also brought to the attention of the members of the full Committee on Transportation and Infrastructure by people in emergency management administrations across the country that the previous levels authorized by the Committee on Transportation and Infrastructure were absolutely essential to the work that they do.

The bill also requires the completion of a CBO study on the effectiveness of the PDM. This study is required by December 30, 2006, by which time it is expected that there will be more information on which to study the effectiveness of the PDM.

This legislation is the product of a comprehensive and inclusive legislative process. It is, I believe, a balanced approach to disaster mitigation and worthy of our support. I thank the ranking member of our subcommittee, the gentlewoman from the District of Columbia (Ms. NORTON), for her invaluable assistance in crafting this legislation, and also the chairman of the Committee on Transportation and Infrastructure, the gentleman from Alaska (Mr. YOUNG) and the distinguished ranking member, the gentleman from Minnesota (Mr. OBERSTAR). Madam Speaker, I urge immediate adoption of H.R. 3181.

Madam Speaker, I reserve the balance of my time.

Mr. BLUMENAUER. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise in support of H.R. 3181 the Predisaster Mitigation Reauthorization Act. As the gentleman from Ohio (Mr. LATOURETTE) pointed out, the purpose is to reauthorize predisaster mitigation which provides assistance on a competitive basis to States and localities to undertake hazard mitigation projects. It is absolutely incontrovertible that if we take steps early in the process, we will protect lives, we will protect property. There is an added benefit in keeping disaster costs down and insurance rates in check.

One way or another, we all pay for natural disaster events through Federal disaster relief and insurance premiums. Nationwide, annual homeowner insurance premiums have increased 42.2 percent since 1995. In the last 25 years, there have been almost 1,000 Presidential disasters declared, and the GAO has estimated that Federal disaster relief has increased fivefold in the course of the last decade. From 1998 to 2001, this is almost $40 billion.

Not only will this legislation help homeowners be whole again, but it will save taxpayers billions of dollars in disaster assistance in the long haul.

One of the concerns I and a number of Members had when we had the Federal Emergency Management Agency with its long history of helping our Nation deal with natural disasters moved into the Department of Homeland Security was the concern that the focus on the day-to-day disaster preparedness and emergency response, I would be lost in that large bureaucracy. I am hopeful that in the course of our heightened homeland security concerns, that we do not allow the focus of that agency to become blurred. Maintaining the Hazard Mitigation Grant Program is an essential part of maintaining that focus.

By funding mitigation projects after disasters at the time when communities are most closely focused on the benefits of mitigation and protecting families from future loss, we are able to invent resources and make a difference. Sadly, there are already stories in the newspapers in southern California after, the disastrous fires and the testimony to inadequate planning and enforcement even of local regulations, the people are talking about moving back into harm's way.

The Predisaster Mitigation Program Reauthorization Act we bring to the floor today provides the balance between the predisaster program and reaffirming our support for postmitigation.

The pilot project, as has been referenced would provide for the distribution of grants to carry out disaster mitigation programs, was created to promote appropriate mitigation efforts without having to wait for a disaster to trigger the availability of funds in the future.

Even though authorized to start in 1999, it only began this calendar year, and the competitive grants have yet to be received or awarded. Even though we want to evaluate the effectiveness of the program, and the CBO cannot yet compete its mandate due to the lack of substantive information, it is appropriate for us to reauthorize for 3 years to make sure we get the evidence.

We ought to be very clear that we want to have the facts and figures to support being able to do more in the future. I deeply appreciate the work of our chairman, the gentleman from Alaska (Mr. YOUNG), and the ranking member, the gentleman from Minnesota (Mr. OBERSTAR), and the work of the chairman of the subcommittee, the gentleman from Ohio (Mr. LATOURETTE), and the ranking member, the gentlewoman from the District of Columbia (Ms. NORTON). They provide continuing focus on this important area that too often fail to get the attention it deserves. If we do our job right, we will make a difference for people all across the country: taxpayers, homeowners, and the people who have the tough jobs working in the trenches.

Madam Speaker, I reserve the balance of my time.

Mr. LATOURETTE. Madam Speaker, I yield such time as he may consume to the gentleman from Georgia (Mr. BURNS), a very valuable new member of our subcommittee and full committee. A lot of Members join the Committee on Transportation and Infrastructure, but few have understood it as quickly as the gentleman from Georgia.

□ 1130

Mr. BURNS. Madam Speaker, I rise today to support passage of H.R. 3181, the Predisaster Mitigation Program Reauthorization Act of 2003. This comprehensive bill, developed on a bipartisan basis, extends the predisaster mitigation program for an additional 3 years, makes two important changes to the Stafford Act, and requires a Congressional Budget Office study of the program's effectiveness.

This program, which was originally included in the Disaster Mitigation Act of 2000, takes the next step in protecting our communities from the devastating effects of disasters. By encouraging communities to engage in cost-effective disaster mitigation projects before disasters strike, we can dramatically reduce the response and recovery cost of these disasters.

Unlike terrorism, natural disasters can and will strike every State and territory in the United States. From the ice storms that we suffer in my home State of Georgia to hurricanes that have even impacted Washington, D.C., every State and locality can prepare itself to reduce its risk from disasters. Whether it be seismic retrofits of buildings, safe rooms in schools, improved levees, or awareness programs, the actions that we take today will determine how we fare in a disaster. This program makes necessary funds available for such projects.

H.R. 3181 also makes two very important changes to the Stafford Act. These changes have been requested by professional organizations and have strong bipartisan support. H.R. 3181 restores to previously authorized levels the percentage of HMGP funds available following disasters and authorizes additional home repair assistance for individuals when the initial amount of $5,000 is insufficient. Each of these changes will make recovering from a disaster and preparing for disasters easier, thereby reducing future costs.

Finally, this bill requires a CBO study of the effectiveness of this program, a study which will guide future considerations for our efforts in the United States to ensure disaster relief.

I urge the adoption of H.R. 3181.

Mr. BLUMENAUER. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. LATOURETTE. Madam Speaker, I yield myself the balance of my time.

I want to thank my friend from Oregon for participating, also my friend from Georgia, again thank all the members of the subcommittee and those in the emergency management field across the country that helped participate and craft this legislation. The very able and capable staff of the committee has reminded me that yesterday we had on the floor a bill dealing with flood insurance which has a mitigation program; and although they have done mighty work, to date they have only secured 938 properties and removed them from further flood damage. This program that we are reauthorizing today has engaged in the purchase of 20,000 properties.

Again, the testimony before the subcommittee was stark and it was clear. It is easy to get a community to come together and spend money after a flood, after a hurricane, after a tornado. It is very difficult to get people to make that investment prior to, but the testimony is clear that if you make that investment in seismic upgrading of buildings or other features throughout parts of the country, you can literally save billions of dollars. It is a good program. I urge support.

Mr. OBERSTAR. Madam Speaker, I rise in support of H.R. 3181, the Predisaster Mitigation Reauthorization Act of 2003. This bill makes a limited number of necessary amendments to the Stafford Act. The Stafford Act governs the Federal Emergency Management Agency's (FEMA) responsibilities to help communities prepare for and respond to disasters. Many of the FEMA's functions were transferred to the Department of Homeland Security's Directorate of Emergency Preparedness and Response when that Department was created last year.

Over the last 25 years, this country has had nearly one thousand presidential disaster declarations in the United States and the Insular Territories. These disasters have cost our Nation billions of dollars and taken an untold number of lives.

The Stafford Act authorizes programs that not only provide funding for post-disaster recovery, but also provide funding for importance pre-disaster hazard mitigation projects.

In October 2000, Congress passed the Disaster Mitigation Act of 2000 (DMA), which reauthorized the Stafford Act and created several new programs. One of those new programs was a pre-disaster mitigation program that allowed FEMA to award grants to States on a competitive basis to implement pre-disaster mitigation plans. Although authorized to begin in fiscal year 1999, the program began in earnest only a few months ago. No competitive grant applications have yet been received by FEMA, and none of the competitive grants have been awarded. In light of this, H.R. 3181 extends the authorization of this program for another three years in order to give FEMA the time to implement the program and to give Congress the time to fairly evaluate it. In addition, the bill redirects the Congressional Budget Office (CBO) to conduct a study on the program's effectiveness.

Further, the bill reaffirms our support for the Hazard Mitigation Grant Program (HMGP) that seeks to substantially reduce the risk of future damage, hardship, or loss in any area affected by a major disaster. This program has a proven record of success. It is successful in large part because it funds hazard mitigation projects immediately after a disaster strikes, when the public and local governments are most focused on mitigation measures. In addition, it has the strong support of State and local governments.

Finally, this bill would allow the Undersecretary to provide additional home repair assistance for a homeowner upon the homeowner's showing of an inability to make the necessary repairs by other means. Not being able to properly repair a home after a disease can add further distress to an already devastating situation. While current law provides for a $5,000 cap on home repair assistance for individuals who have been impacted by a disaster, there is a significant percentage of homeowners who continue to struggle with unmet needs. This bill remedies that concern.

Madam Speaker, I'd also like to thank my colleagues on the Transportation and Infrastructure Committee, Chairman YOUNG, Subcommittee Chairman LATOURETTE, and Subcommittee Democratic Ranking Member NORTON, for their work on this important bill. I believe this bill provides a balanced approach to mitigation by providing for both pre- and post-disaster mitigation programs. I urge my colleagues to join me in supporting it.

Mr. COSTELLO. Madam Speaker, I raise today in support of H.R. 3181, the Predisaster Mitigation Act Reauthorization Act of 2002. I

would like to commend my colleagues on the Transportation and Infrastructure Committee, Chairman YOUNG, Subcommittee Chairman LATOURETTE and Subcommittee Democratic Ranking Member NORTON, for all of their work on this important bill.

This bill makes a limited number of necessary amendments to the Stafford Act, which governs the Federal Emergency Management Agency's (FEMA) responsibilities to help communities prepare for and respond to disasters. The Stafford Act authorizes programs that provide funding for both post-disaster recovery, and for important pre-disaster hazard mitigation projects.

The pre-disaster mitigation program was authorized to begin in fiscal year 1999; however, the program began in earnest only a few months ago. The program allowed FEMA to award grants to states on a competitive basis to implement pre-disaster mitigation plans. Because of its late start, no competitive grant applications have yet been received by FEMA, and none of the competitive grants have been awarded. Among other things, this bill extends the authorization of this program for another three years to give FEMA the time necessary to implement the program and to give Congress the time necessary to fairly evaluate it.

Madam Speaker, I believe this is a good bill that provides a balanced approach to both pre- and post-disaster mitigation programs. I urge my colleagues to join me in supporting the bill.

Mr. LATOURETTE. Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mrs. BIGGERT). The question is on the motion offered by the gentleman from Ohio (Mr. LATOURETTE) that the House suspend the rules and pass the bill, H.R. 3181.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. LATOURETTE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 3181.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

UNITED STATES FIRE ADMINISTRATION REAUTHORIZATION ACT of 2003

Mr. BOEHLERT. Madam Speaker, I move to suspend the rules and pass the Senate bill (S. 1152) to reauthorize the United States Fire Administration, and for other purposes.

The Clerk read as follows:

S. 1152

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—UNITED STATES FIRE ADMINISTRATION REAUTHORIZATION

SEC. 101. SHORT TITLE.

This title may be cited as the ''United States Fire Administration Reauthorization Act of 2003''.

SEC. 102. RE-ESTABLISHMENT OF POSITION OF UNITED STATES FIRE ADMINISTRATOR.

Section 1513 of the Homeland Security Act of 2002 (6 U.S.C. 553) does not apply to the position or office of Administrator of the United States Fire Administration, who shall continue to be appointed and compensated as provided by section 5(b) of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2204(b)).

SEC. 103. AUTHORIZATION OF APPROPRIATIONS.

Section 17(g)(1) of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2216(g)) is amended by striking subparagraphs (A) through (K) and inserting the following:

''(A) $63,000,000 for fiscal year 2005, of which $2,266,000 shall be used to carry out section 8(f);

''(B) $64,850,000 for fiscal year 2006, of which $2,334,000 shall be used to carry out section 8(f);

''(C) $66,796,000 for fiscal year 2007, of which $2,404,000 shall be used to carry out section 8(f); and

''(D) $68,800,000 for fiscal year 2008, of which $2,476,000 shall be used to carry out section 8(f).''.

TITLE II—FIREFIGHTING RESEARCH AND COORDINATION

SEC. 201. SHORT TITLE.

This title may be cited as the ''Firefighting Research and Coordination Act''.

SEC. 202. NEW FIREFIGHTING TECHNOLOGY.

Section 8 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2207) is amended—

(1) by redesignating subsection (e) as subsection (g); and

(2) by inserting after subsection (d) the following:

''(e) ASSISTANCE TO OTHER FEDERAL AGENCIES.—At the request of other Federal agencies, including the Department of Agriculture and the Department of the Interior, the Administrator may provide assistance in fire prevention and control technologies, including methods of containing insect-infested forest fires and limiting dispersal of resultant fire particle smoke, and methods of measuring and tracking the dispersal of fine particle smoke resulting from fires of insect-infested fuel.

''(f) TECHNOLOGY EVALUATION AND STANDARDS DEVELOPMENT.—

''(1) IN GENERAL.—In addition to, or as part of, the program conducted under subsection (a), the Administrator, in consultation with the National Institute of Standards and Technology, the Inter-Agency Board for Equipment Standardization and Inter-Operability, the National Institute for Occupational Safety and Health, the Directorate of Science and Technology of the Department of Homeland Security, national voluntary consensus standards development organizations, interested Federal, State, and local agencies, and other interested parties, shall—

''(A) develop new, and utilize existing, measurement techniques and testing methodologies for evaluating new firefighting technologies, including—

''(i) personal protection equipment;

''(ii) devices for advance warning of extreme hazard;

''(iii) equipment for enhanced vision;

''(iv) devices to locate victims, firefighters, and other rescue personnel in above-ground and below-ground structures;

''(v) equipment and methods to provide information for incident command, including the monitoring and reporting of individual personnel welfare;

''(vi) equipment and methods for training, especially for virtual reality training; and

''(vii) robotics and other remote-controlled devices;

''(B) evaluate the compatibility of new equipment and technology with existing firefighting technology; and

''(C) support the development of new voluntary consensus standards through national voluntary consensus standards organizations for new firefighting technologies based on techniques and methodologies described in subparagraph (A).

''(2) STANDARDS FOR NEW EQUIPMENT.—

(A) The Administrator shall, by regulation, require that new equipment or systems purchased through the assistance program established by the first section 33 meet or exceed applicable voluntary consensus standards for such equipment or systems for which applicable voluntary consensus standards have been established. The Administrator may waive the requirement under this subparagraph with respect to specific standards.

''(B) If an applicant for a grant under the first section 33 proposes to purchase, with assistance provided under the grant, new equipment or systems that do not meet or exceed applicable voluntary consensus standards, the applicant shall include in the application an explanation of why such equipment or systems will serve the needs of the applicant better than equipment or systems that do meet or exceed such standards.

''(C) In making a determination whether or not to waive the requirement under subparagraph (A) with respect to a specific standard, the Administrator shall, to the greatest extent practicable—

''(i) consult with grant applicants and other members of the fire services regarding the impact on fire departments of the requirement to meet or exceed the specific standard;

''(ii) take into consideration the explanation provided by the applicant under subparagraph (B); and

''(iii) seek to minimize the impact of the requirement to meet or exceed the specific standard on the applicant, particularly if meeting the standard would impose additional costs.

''(D) Applicants that apply for a grant under the terms of subparagraph (B) may include a second grant request in the application to be considered by the Administrator in the event that the Administrator does not approve the primary grant request on the grounds of the equipment not meeting applicable voluntary consensus standards.''.

SEC. 203. COORDINATION OF RESPONSE TO NATIONAL EMERGENCY.

(a) IN GENERAL.—Section 10 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2209) is amended—

(1) by redesignating subsection (b) as subsection (c); and

(2) by inserting after subsection (a) the following:

''(b) MUTUAL AID SYSTEMS.—

''(1) IN GENERAL.—The Administrator shall provide technical assistance and training to State and local fire service officials to establish nationwide and State mutual aid systems for dealing with national emergencies that—

''(A) include threat assessment and equipment deployment strategies;

''(B) include means of collecting asset and resource information to provide accurate and timely data for regional deployment; and

''(C) are consistent with the Federal Response Plan.

''(2) MODEL MUTUAL AID PLANS.—The Administrator shall develop and make available to State and local fire service officials model mutual aid plans for both intrastate and interstate assistance.''.

(b) REPORT ON STRATEGIC NEEDS.—Within 90 days after the date of enactment of this Act, the Administrator of the United States Fire Administration shall report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Science on the need for a strategy concerning deployment of volunteers and emergency response personnel (as defined in section 6 of the Firefighters' Safety Study Act (15 U.S.C. 2223e)), including a national credentialing system, in the event of a national emergency.

(c) REPORT ON FEDERAL RESPONSE PLAN.—Within 180 days after the date of enactment of this Act, the Department of Homeland Security shall transmit a report to the Senate Committee on Commerce, Science, and Transportation, the Senate Committee on Governmental Affairs, and the House of Representatives Committee on Science describing plans for revisions to the Federal Response Plan and its integration into the National Response Plan, including how the revised plan will address response to terrorist attacks, particularly in urban areas, including fire detection and suppression and related emergency services.

SEC. 204. TRAINING.

(a) IN GENERAL.—Section 7(d)(1) of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2206(d)(1)) is amended—

(1) by striking ''and'' after the semicolon in subparagraph (E);

(2) by redesignating subparagraph (F) as subparagraph (N); and

(3) by inserting after subparagraph (E) the following:

''(F) strategies for building collapse rescue;

''(G) the use of technology in response to fires, including terrorist incidents and other national emergencies;

''(H) response, tactics, and strategies for dealing with terrorist-caused national catastrophes;

''(I) use of and familiarity with the Federal Response Plan;

''(J) leadership and strategic skills, including integrated management systems operations and integrated response;

''(K) applying new technology and developing strategies and tactics for fighting forest fires;

''(L) integrating the activities of terrorism response agencies into national terrorism incident response systems;

''(M) response tactics and strategies for fighting fires at United States ports, including fires on the water and aboard vessels; and''.

(b) CONSULTATION ON FIRE ACADEMY CLASSES.—The Superintendent of the National Fire Academy may consult with other Federal, State, and local agency officials in developing curricula for classes offered by the Academy.

(c) COORDINATION WITH OTHER PROGRAMS TO AVOID DUPLICATION.—The Administrator of the United States Fire Administration shall coordinate training provided under section 7(d)(1) of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2206(d)(1)) with the Attorney General, the Secretary of Health and Human Services, and the heads of other Federal agencies—

(1) to ensure that such training does not duplicate existing courses available to fire service personnel; and

(2) to establish a mechanism for eliminating duplicative training programs.

(d) COURSES AND TRAINING ASSISTANCE.—Section 7(l) of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2206(l)) is amended by adding at the end the following: ''The Superintendent shall offer, at the Academy and at other sites, courses and training assistance as necessary to accommodate all geographic regions and needs of career and volunteer firefighters.''.

SEC. 205. FIREFIGHTER ASSISTANCE GRANTS PROGRAM.

(a) ADMINISTRATION.—The first section 33 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2229) is amended—

(1) by striking subsection (b)(2) and inserting the following:

''(2) ADMINISTRATIVE ASSISTANCE.—The Director shall establish specific criteria for the selection of recipients of assistance under this section and shall provide grant-writing assistance to applicants.''; and

(2) by striking ''operate the office established under subsection (b)(2) and'' in subsection (e)(2).

(b) MARITIME FIREFIGHTING.—Subsection (b)(3)(B) of the first section 33 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2229(b)(3)(B)) is amended by inserting ''maritime firefighting,'' after ''arson prevention and detection,''.

(c) FIREFIGHTING IN REMOTE AREAS.—The first section 33 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2229) is amended—

(1) by inserting ''equipment for fighting fires with foam in remote areas without access to water, and'' after ''including'' in subsection (b)(3)(H); and

(2) by inserting ''Of the amounts authorized in this paragraph, $3,000,000 shall be made available each year through fiscal year 2008 for foam firefighting equipment.'' at the end of subsection (e)(1).

SEC. 206. NATIONAL FALLEN FIREFIGHTERS FOUNDATION.

(a) MEMBERS.—Section 151303(b) of title 36, United States Code, is amended—

(1) by striking ''9'' in paragraph (2) and inserting ''12'';

(2) by striking ''six'' in subparagraph (D) of paragraph (2) and inserting ''nine''; and

(3) by striking ''3 members'' in paragraph (3) and inserting ''4 members''.

(b) COMPENSATION.—Section 151304(b)(3) of title 36, United States Code, is amended by inserting ''15 percent above'' after ''more than''.

(c) PERIOD OF AUTHORIZED ASSISTANCE.—Section 151307 of title 36, United States Code, is amended in subsection (a)(1), by striking ''During the 10-year period beginning on the date of the enactment of the Fire Administration Authorization Act of 2000, the'' and inserting ''The''.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New York (Mr. BOEHLERT) and the gentleman from Texas (Mr. RODRIGUEZ) each will control 20 minutes.

The Chair recognizes the gentleman from New York (Mr. BOEHLERT).

GENERAL LEAVE

Mr. BOEHLERT. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and to include extraneous material on S. 1152, the bill now under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New York?

There was no objection.

Mr. BOEHLERT. Madam Speaker, I yield myself such time as I may consume.

I rise in support of the U.S. Fire Administration Reauthorization Act, which began life in the House as H.R. 2692, introduced by the gentleman from Michigan (Mr. SMITH), subcommittee chairman. Most Americans have never heard of the U.S. Fire Administration, but it has enhanced the protection of all of our communities, our neighborhoods; and firefighters know the agency well.

The funds we are authorizing in this bill will continue to train our local firefighters both at the National Fire Academy in Emmitsburg and in State and local training centers. These funds will also help promote residential fire sprinklers, fire prevention activities, and other activities that save lives. The U.S. Fire Administration has also administered the FIRE program, which helps our local fire departments purchase desperately needed fire equipment. It is one of the most successful Federal assistance programs devised by this Congress or any previous Congress.

One of the great things about this program is that the politicians, and I have fondness for politicians, but the politicians are sort of taking a back seat. It is the people involved, the firefighters themselves in every day protecting our homes and our neighborhoods and communities that established the criteria for this massive grant program and do the actual evaluating. It is a program with unquestioned integrity. I say that because I have watched it in operation, and all of our congressional districts across the country are taking advantage of it, not for selfish reasons but to protect our people in their homes, in their neighborhoods, in their communities, where they live.

I will tell my colleagues a personal experience in my own congressional district. Utica, New York, had an arson rate three times the national average. It was a serious problem in New York. I sat down with the previous administrator of FEMA and said, let's work with this community because this is a serious problem and it has to be addressed and it is far beyond the ability of the individual community to come to grips with it in any meaningful way without some added guidance and inspiration and, quite frankly, some financial support from beyond our borders. FEMA did it. We did it. Collectively, Utica has enjoyed its best day in the last couple of years. The arson rate is down dramatically. People feel

more comfortable and safer in their homes. It is all because of some work that came out of the U.S. Fire Administration.

I would say for a whole lot of the right reasons, I urge approval of this bill which will help our localities in very tangible ways, meaningful ways that touch the lives of individual families. We owe it to our firefighters both paid and volunteer. Incidentally, let me just stress, paid and volunteer. I have heard some people suggest on occasion that we have professional firefighters and we have volunteer firefighters. There is no such differential. We have paid and unpaid but those volunteers from coast to coast are some of the most dedicated, professional, able, committed people we will find anyplace. Thank God for the volunteer firefighters of America. That is not to indicate I do not appreciate what the paid firefighters do day in and day out or making a professional career of it, but those volunteers in communities all across this land do outstanding work, give of their time and their talent and their energy to protect us and our communities. I want to salute them, and I want to dedicate passage of this bill to them.

Madam Speaker, I reserve the balance of my time.

Mr. RODRIGUEZ. Madam Speaker, I yield myself such time as I may consume.

I rise in support of S. 1152, the United States Fire Administration Reauthorization Act. I want to thank all the Members who had a part, including the gentleman from New York (Mr. BOEHLERT). The gentlewoman from Texas (Ms. EDDIE BERNICE JOHNSON) is on her way. I know she has worked on this very diligently.

Madam Speaker, I reserve the balance of my time.

Mr. BOEHLERT. Madam Speaker, I yield myself such time as I may consume.

I want to add something here. There was some confusion about section 204(c) of this bill regarding coordination of firefighting training activities. I want to clarify that the reference to ''other Federal agencies'' in this section includes the Office of Domestic Preparedness and does not conflict with the counterterrorism training provisions in the Homeland Security Act of 2002.

I also would like to place in the RECORD at this juncture an exchange of letters between me as chairman of the Committee on Science and Chairman YOUNG of the Committee on Transportation and Infrastructure. I also serve on that committee, too, so in some respects I am writing to myself. This is an exchange of letters that further clarifies it.

HOUSE OF REPRESENTATIVES, COMMITTEE ON TRANSPORTATION AND INFRASTRUCTURE,
Washington, DC, November 21, 2003.

Hon. SHERWOOD, L. BOEHLERT,
Chairman, Committee on Science,
Washington, DC.

DEAR MR. CHAIRMAN: I am writing to you concerning the jurisdictional interest of the Transportation and Infrastructure Committee in matters contained in S. 1152, the United States Fire Administration Reauthorization Act of 2003.

Our Committee recognizes the importance of S. 1152 and the need for the legislation to move expeditiously. Therefore, while we have a valid claim to jurisdiction over certain provisions of the bill, I agree not to request a referral and allow the bill to be considered in the House under suspension of the rules. This, of course, is conditional on our mutual understanding my decision to forego a sequential referral waives, reduces or otherwise affects the jurisdiction of the Transportation and Infrastructure Committee, and that a copy of this letter and of your response acknowledging our jurisdictional interest will be included as part of the Congressional Record during consideration of this bill by the House.

Thank you for your cooperation in this matter.

Sincerely,

DON YOUNG,
Chairman.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON SCIENCE,
Washington, DC, November 21, 2003.

Hon. DON YOUNG,
Chairman Committee on Transportation and Infrastructure, Washington, DC.

DEAR MR. CHAIRMAN: Thank you for your letter concerning the jurisdictional interest of the Transportation and Infrastructure Committee over matters contained in S. 1152, the United States Fire Administration Reauthorization Act of 2003.

I appreciate your not requesting a referral of this bill and allowing it to be considered by the House under suspension of the rules. Specifically, I acknowledge that your Committee has a valid claim to jurisdiction over certain provisions of the bill as drafted. I agree that by forgoing a sequential referral you do not waive, reduce, or otherwise affect the jurisdiction of the Committee on Transportation and Infrastructure.

I also agree that a copy of this letter and of your letter will be included as part of the Congressional Record during consideration of this bill by the House.

Thank you for your cooperation in this matter.

Sincerely,

SHERWOOD L. BOEHLERT,
Chairman.

Madam Speaker, I reserve the balance of my time.

Mr. RODRIGUEZ. Madam Speaker, I yield myself such time as I may consume.

I want to take this opportunity to commend the gentlewoman from Texas (Ms. EDDIE BERNICE JOHNSON) on this specific legislation. I know that she has been working on this diligently. We recognize that there are a great number of deaths as a result of fire. We need to continue to work in this area. We know we have had natural disasters also in this area. I want to take this opportunity to thank the Members that have played a role.

Madam Speaker, I yield the balance of my time to the gentlewoman from Texas (Ms. EDDIE BERNICE JOHNSON) and ask unanimous consent that she be permitted to control that time.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, let me apologize for being late. I was told to be here by 12, and I was in a briefing, so I came running.

Let me thank the chairman of the Subcommittee on Research of the Committee on Science, the staff and the other leadership of the committee for working on this bill. I rise in support of Senate bill 1152, the United States Fire Administration Reauthorization Act of 2003.

This legislation is closely related to H.R. 2692, which I joined Research Subcommittee Chairman SMITH in introducing and which was ordered reported by the Committee on Science on July 22. I would like to thank Chairman SMITH for working with me in a collegial way in the development of the fire authorization bill. The version of the authorization bill before the House preserves the key features of H.R. 2692.

The Federal Fire Prevention and Control Act of 1974, which created the U.S. Fire Administration, was intended to address a serious problem affecting the safety of all Americans. Much progress has been made as a result of this legislation to advance public education about fire safety, to improve the effectiveness of the fire services throughout the Nation, and to foster the wider use of home fire safety devices.

Nevertheless, the United States still has one of the highest fire death rates among advanced nations, and fire deaths exceed the loss of life from all natural disasters combined. Clearly, much work remains to be done in order to make needed improvements in the Nation's fire safety record. I believe that S. 1152 will ensure that the U.S. Fire Administration has the resources and policies in place to help achieve this goal.

□ 1145

One matter of concern is that the effectiveness of the U.S. fire administration could suffer due to its submersion in the new Department of Homeland Security, which understandably must concentrate its efforts on combating threats from terrorism. The legislation seeks to preserve the status and visibility of the fire administration and its vital programs to advance fire safety within the Department of Homeland Security.

To achieve this result, the bill reestablishes the position of fire administrator as a Presidentially appointed and Senate-confirmed post. This is appropriate given the role of the Fire Administrator as the lead advocate for fire services within the Federal Government.

Another important function of the U.S. Fire Administration is to support research and development and testing of new firefighting technologies. This bill reemphasizes this role and authorizes new funding to help carry it out, including support for the process for developing consensus standards for the performance of new fire protection and control technologies.

Consistent with supporting the development of appropriate voluntary consensus standards for new firefighting equipment, the bill requires that equipment provided under the fire grants program conform to such standards where they exist. Fire grants provide fire departments across the Nation with the equipment and training they need to meet their important responsibilities in protecting the public from fire hazards. The Fire Administrator is given flexibility in applying the standards requirement for these grants so that the fire departments may propose solutions that make the most sense for their particular circumstances. Provision for this flexibility in the bill is in accordance with the recommendations received during the Committee on Science hearing on the legislation. The bill makes an additional modification to the statute creating the Fire Grants Program by specifying that awards to support training may include training firefighting personnel and maritime firefighting. The need for such training was ably advocated by the gentleman from Oregon (Mr. WU), championed this provision.

Madam Speaker, this bill is a bipartisan piece of legislation that authorizes the activities of a small, but extremely valuable, Federal agency that contributes to the safety of all Americans. I am pleased to commend the measure to my colleagues and ask for their support in the passage of this bill in the House.

Madam Speaker, I reserve the balance of my time.

Mr. BOEHLERT. Madam Speaker, I yield 3 minutes to the distinguished gentleman from Michigan (Mr. SMITH), the chairman of the Research Subcommittee and a real friend of the firefighters.

Mr. SMITH of Michigan. Madam Speaker, I thank the chairman for being one of the original congressional leaders for first responders and firefighters. And to the gentlewoman from Texas (Ms. EDDIE BERNICE JOHNSON), who is the vice chairman or ranking member of our Research Subcommittee, I thank her for her help.

We have come a long way in this Congress helping first responders, and I think it has struck all of us after 9/11, the tremendous contribution that first responders add to the security of this country. So we are now asking even more of our firefighters and medical personnel. I would like to also commend Administrator Paulison, who has done an excellent job in terms of increasing the productivity and the efficiency of the United States Fire Administration.

This legislation is consistent with the President's request of a 3 percent increase in funding for the U.S. Fire Administration, but still at the same time with the help of the gentleman from Maryland (Mr. HOYER) and the gentleman from New Jersey (Mr. PASCRELL) on that side, certainly the gentleman from Pennsylvania (Mr. WELDON) and the chairman of this committee and myself and many others on the Republican side of the aisle, we worked together to make sure that we try to give firefighters the kind of training and support that they need to more effectively and efficiently conduct their business.

I would also like to commend the gentleman from Michigan (Mr. CAMP) for initiating the standards requirement that allows different fire departments to know the quality of some of the equipment and the machinery and the items that they might buy in that fire department to make sure that they do not, for lack of a better expression, get ripped off with equipment that is not as good as it seems.

Let me conclude by saying this is the bill I introduced and we passed in the House. It is a good bill. This Congress and America have increased our understanding that first responders and firefighters are very important to this country. Eighty percent of our firefighters in the United States are volunteers, but the full-time firefighter represents 80 percent of the people. So we have got to continue to support both the full-time firefighters and the volunteers, and that is what this bill does.

Madam Speaker, the legislation before us today would reauthorize the United States Fire Administration, which is charged with helping to prevent and control fire-related losses through leadership, advocacy, education, and support. This bill has been endorsed by a number of leading fire organizations including the Congressional Fire Services Institute, International Association of Fire Fighters, National Fire Protection Association, and National Volunteer Fire Council.

S. 1152, which is companion legislation to a bill that the distinguished Ranking Member of the Research Subcommittee and I introduced earlier this year, adheres to the Administration's budget request and provides 3 percent increases each year from 2005–2008. It would also restore the position of U.S. Fire Administrator as a Presidentially-appointed, Senate-confirmed position, after it was inadvertently eliminated by the Homeland Security Act of 2002.

USFA coordinates federal fire service training, public education, research, and data collection and analysis activities. In addition, USFA has administered the fire grant program, which supports fire departments by providing them with the tools and resources necessary to protect the health and safety of the public and firefighting personnel. USFA Administrator David Paulison has done an excellent job since being appointed in 2001, and I'd like to take this opportunity to publicly recognize his outstanding service.

This legislation also directs USFA to develop standards for firefighting equipment and technology. The new standards will help to ensure that firefighters have access to the highest quality equipment available. Equipment purchased through the fire grant program must meet the new standards, although under unique circumstances, the Administrator is given flexibility to waive this requirement.

There was an effort to attach language similar to Representative BOB ETHERIDGE's bill H.R. 919, the Hometown Heroes Survivor Benefit Act, to the bill before us today. I am one of 281 cosponsors of H.R. 919, which would ensure that the family of a public safety officer who suffers a fatal heart attack or stroke in the line of duty receives survivor benefits. These families are often forced to wrangle with the Justice Department to obtain compensation. In the interest of passing the USFA reauthorization expeditiously the language was eventually dropped. However, I would like to express my commitment to continuing to work for passage of H.R. 919.

In closing, I am pleased that we were able to work closely with members of the minority as well as members of the fire services community in drafting this bipartisan legislation. I urge every Member to support S. 1152 so that we can insure the long-term viability of this important program.

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I yield 3 minutes to the gentleman from New Jersey (Mr. PASCRELL).

Mr. PASCRELL. Madam Speaker, I rise in strong support of the United States Fire Administration Reauthorization Act. And I want to commend the gentleman from New York (Mr. BOEHLERT) and the gentleman from Texas (Mr. HALL) not only for bringing this important legislation to the floor, but for their exemplary leadership they have displayed on behalf of the fire community over these many years.

Providing firefighters with the training and equipment they need to protect our communities is about as important a job as the Congress is charged with. This Congress and the previous Congress have risen to the occasion. And I am heartened by the advancement of this goal in recent years. So to the Chair and ranking members, they have done a spectacular job.

We started with the passage of the FIRE Act in 2000, to provide Federal grants directly to local fire departments to help address equipment and training and other firefighter-related needs. Since then communities have received close to 13,000 awards nationwide. There are 32,000 fire departments. Figure out the math. This has been an amazing achievement.

Two weeks ago we were able to pass the ''Staffing for Adequate Fire and Emergency Response,'' the SAFER program. That authorizes $7.6 billion through 2010 to combat the dangerous crisis of inadequate staffing in our Nation's career fire departments and volunteer departments at a time when it is more crucial than ever. We have come a long way. We have come a long way, indeed.

America's fire death rate is still one of the highest per capita in the industrial world. Fire kills 3,700 people per year, injures 20,000, and approximately 100 firefighters die annually while doing their work.

The USFA's National Fire Academy offers educational opportunities for firefighters in fire prevention and life safety activities, and, of course, we want it also to deal with the terrorist threat that is at hand. As a member of the Select Committee on Homeland Security, I find nothing to be more important than the defense of our families and our streets.

Through research, testing, and evaluation, USFA works with the public and private entities to promote and improve fire and life safety. Additionally, the data collection of the National Fire Safety Data Center is absolutely critical to identify problem areas for which prevention and mitigation strategies are needed. Firefighters, whose bravery and valor protect our Nation every day, deserve all that we can give them, and a strong, flourishing Fire Administration will assist in this regard.

And again, in conclusion, Madam Speaker, I think this is a great day for the fire services throughout the United States and a great day for our firefighters. They have earned it, and we are glad to participate in getting this legislation through today.

Mr. CAMP. Madam Speaker, I rise today in support of S. 1152, the United States Fire Administration Reauthorization Act. This bill appropriately recognizes the value of the United States Fire Administration (USFA) for its national leadership in reducing the threat of fires and educating Americans about fire prevention methods. I want to thank Research Subcommittee Chairman NICK SMITH and Science Chairman BOEHLERT for their leadership on this issue and their support for the inclusion of a bill I introduced, H.R. 545, the Firefighting Research and Coordination Act. I appreciate Senator MCCAIN'S leadership on this bill and for his hard work getting it passed last night in the Senate.

The Firefighting Research and Coordination Act helps address current policy questions on how the federal government can most effectively provide firefighters with the training and equipment necessary to protect lives. The bill gives appropriate weight to top fire service needs: the development of voluntary consensus standards for firefighting equipment and technology; establishing nationwide and State mutual aid systems for dealing with national emergencies; and authorizing the National Fire Academy to train firefighters to respond to acts of terrorism and other national emergencies.

This legislation enjoys wide bipartisan support and the endorsement of many national fire groups including the Congressional Fire Services Institute, National Fire Protection Association, and the International Association of Firefighters and Fire Chiefs, among others. With the tools this bill provides, I am confident the USFA will continue to be recognized as the preeminent authority in fire education and fire prevention. I urge my colleagues to support this critical legislation.

Mr. HOYER. Madam Speaker, I am pleased to support S. 1152, bipartisan legislation to reauthorize the important work done by U.S. Fire Administration R. David Paulison and his dedicated staff in Emmittsburg, MD and Washington, DC.

The Federal Fire Prevention and Control Act of 1974 established the United States Fire Administration and its National Fire Academy to reduce life and economic losses due to fire and related emergencies, through leadership, advocacy, coordination and support.

Since that time, through data collection, public education, research ad training efforts, USFA has helped reduce fire deaths by at least half—making our communities and our citizens safer. For the past three years, the Fire Administrator has been tasked with administering the Assistance to Firefighters Grant program, created by Congress to adequately train and equip our career and volunteer firefighters across the country.

This $750 million program is vital to our firefighters, too many of whom risk their lives on a daily basis to protect our homes and our families without the modern equipment and advanced training they deserve. The Fire Grant program has succeeded at getting much-needed dollars to fire departments in fair, efficient manner, and USFA has been widely praised for its work in administering the program.

Authority for the Fire Grant program has now been moved to the Department of Homeland Security, and Members of the Fire Caucus, and all supporters of the fire community, will closely monitor the administration of the Grant program to guarantee that it continues to meet the needs of our fire departments.

Madam Speaker, this legislation also contains provisions important to the National Fallen Firefighters Foundations, which was established more than a decade ago through the leadership of Senator PAUL SARBANES to create an organization that would properly honor all of America's fallen fire heroes—and take care of the surviving families and loved ones as they cope with their grief and attempt to move on after their loss.

The Foundation carries out this mission with great compassion and dedication, and they have achieved a tremendous record of assisting the families of our fallen firefighters through the many programs, projects and activities they promote throughout the year. The provisions included in this legislation will allow the Foundation to continue, and to improve upon, the important work we have charged them to do.

Mr. Speaker, I am pleased to support this legislation, and urge my colleagues to do the same.

Ms. EDDIE BERNICE JOHNSON of Texas. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. BOEHLERT. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore (Mrs. BIGGERT). The question is on the motion offered by the gentleman from New York (Mr. BOEHLERT) that the House suspend the rules and pass the Senate bill, S. 1152.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the Senate bill was passed.

A motion to reconsider was laid on the table.

CONDEMNING TERRORIST ATTACKS IN ISTANBUL, TURKEY, ON NOVEMBER 15, 2003

Mr. SMITH of New Jersey. Madam Speaker, I move to suspend the rules and agree to the resolution (H. Res. 453) condemning the terrorist attacks in Istanbul, Turkey, on November 15, 2003, expressing condolences to the families of the individuals murdered and expressing sympathies to the individuals injured in the terrorist attacks, and standing in solidarity with Turkey in the fight against terrorism, as amended.

The Clerk read as follows:

Whereas in Istanbul, Turkey, on November 15, 2003, two explosions, set off minutes apart during Sabbath morning services, devastated Neve Shalom, the city's largest synagogue, and the Beth Israel Synagogue, about three miles away;

Whereas more than 20 people, both Muslims and Jews, were killed, and more than 300 people, both Muslims and Jews, were wounded, in the bombing attacks on the synagogues;

Whereas on November 20, 2003, two bombs exploded at the Consulate of the United Kingdom in Istanbul and at the HSBC Bank;

Whereas among the more than 25 killed and 450 wounded in the November 20 bombing attacks on the consulate general and commercial buildings were Muslims and Christians—Turks, British diplomats, and visitors to the Turkish Republic;

Whereas the United Kingdom is an ally of the United States and Turkey in the global war on terrorism;

Whereas the acts of murder committed on November 15 and 20, 2003, in Istanbul, Turkey, were cowardly and brutal manifestations of international terrorism;

Whereas the Government of Turkey immediately condemned the terrorist attacks in the strongest possible terms and has vowed to bring the perpetrators to just at all costs;

Whereas the United States, the United Kingdom, and Turkey equally abhor and denounce these hateful, repugnant, and loathsome acts of terrorism;

Whereas with anti-Semitic activities escalating the safety and security of Jewish people throughout the world is a matter of serious concern;

Whereas since Turkey cherishes its traditions of hospitality and religious tolerance and in particular its history of more than

five hundred years of good Jewish-Muslim relations, the attacks on synagogues and consular premises came as a special shock to the Turkish people and to their friends throughout the world;

Whereas the United States and turkey are allied by shared values and a common interest in building a stable, peaceful, and prosperous world;

Whereas Turkey, a predominantly Muslim nation with a secular government, has close relations with Israel and is also the only predominantly Muslim member of the North Atlantic Treaty Organization; and

Whereas as the acts of murder committed on November 15 and 20, 2003 show again that terrorism respects neither boundaries nor borders:

Now, therefore, be it *Resolved*, That the House of Representatives

(1) condemns in the strongest possible terms the terrorist attacks in Istanbul, Turkey, on November 15 and 20, 2003;

(2) expresses its condolences to the families of the individuals murdered in the terrorist attacks, expresses its sympathies to the individuals injured in the attacks, and conveys its hope for the rapid and complete recovery of all such injured individuals;

(3) expresses its condolences to the people and government of the Turkish Republic and of the United Kingdom over the losses they have suffered; and

(4) expresses its solidarity with the United Kingdom, the Turkish republic, and all other countries which stand united against terrorism and which work together to bring to justice the perpetrators of these and other terrorist attacks.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. SMITH) and the gentleman from California (Mr. LANTOS) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey (Mr. SMITH).

GENERAL LEAVE

Mr. SMITH of New Jersey. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and to include extraneous material on the resolution under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. SMITH of New Jersey. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, the resolution before us condemns the terrorist attacks in Istanbul last Saturday as well as yesterday morning. I want to thank the gentleman from Florida (Mr. HASTINGS), my friend, for proffering this resolution and for the prompt consideration that is being given to it by our leadership in scheduling it very quickly before the body today.

This resolution conveys our deepest and heartfelt sympathy to the victims and their families and states that the United States stands in solidarity with the Turkish people in the fight against terrorism. These attacks, Madam Speaker, bear all the hallmarks of al Qaeda, and that terrorist group has claimed responsibility for these cruel and cowardly acts.

This demonstrates, once again, that the target of global terrorists is not just the United States of America, but all those who reject their hateful vision of a clash of civilizations and governments by religious extremism.

I thought President Bush in the United Kingdom the other day said it so well when he said, ''I want to express my deep sympathy for the loss of life in Turkey. The nature of the terrorist enemy is evident once again. We see their contempt, their utter contempt, for innocent life. They hate freedom,'' the President went on. ''They hate free nations. Today, once again, we saw their ambitions of murder. The cruelty is part of their strategy. The terrorists hope to intimidate; they hope to demoralize. They particularly want to intimidate and demoralize free nations. They're not going to succeed.''

Madam Speaker, despite some significant human rights issues, and no one has been more of a critic of Turkey than I have in the past, although they are making some progress, despite all of that, Turkey remains one of the few successful democracies in the Muslim world, with a tradition of religious tolerance. The Turkish Republic is an example of how a predominantly Muslim country can enjoy a secular, democratic government. Turkey has shown that the Islamic faith of its citizens and a secular democracy can flourish side by side.

By targeting synagogues and Turkish citizens of the Jewish faith on Saturday, the terrorists attacked the notion that Muslims can live in peace and harmony with other faiths. It was a profoundly anti-Semitic act. The terrorists know that the successful example of Turkey lays bear the emptiness of their own hateful vision. It is working in Turkey, and yet now they are trying to give a different impression to the world.

By targeting the British Consulate General and a leading British bank, these terrorists viciously illustrated that all of our allies and their targets must remain united with our allies in the fight against terrorism.

Madam Speaker, these contemptible acts killed almost 50 people, including the British Consul General in Istanbul, and injured more than 750 innocent people. Our deepest condolences go out to their families and to their nations.

Turkey has been a strong American ally, as we all know, the underbelly of NATO for more than 50 years. By agreeing to this resolution, we affirm our mutual commitment to that common defense.

I would remind my colleagues that after the September 11 of 2001 attacks, NATO invoked its collective defense clause, declaring that the al Qaeda attacks in the United States were attacks against the entire alliance.

□ 1200

I thought British Prime Minister Tony Blair summed it up very well when he said, ''And when they say is this an attack directed against our alliance, indeed, it is directed against anybody who stands in the way of that fanaticism'' he went on to say, ''That is why our response has got to be to say to them as clearly as we possibly can, you are not going to defeat us because our will to defend what we believe is, in actuality, and in the end, stronger, better, more determined than your will to inflict damage on innocent people.''

Madam Speaker, let me conclude by saying this: Turkey and the United Kingdom both played important roles to drive al Qaeda from its base in Afghanistan and to replace the Taliban government that harbored those terrorists. They were the first two countries to command the International Security Assistance Force, which has stabilized the Kabul region and supported the Karzai government. Turkey and the United Kingdom stood by the United States when our Nation was the target of global terrorism. By passing this timely resolution today in a bipartisan way, Democrats, Republicans, moderates, liberals and conservatives, we affirm our determination to stand by our longtime allies and to defeat the terrorists who bear the guilt for these highly reprehensible acts.

Madam Speaker, I reserve the balance of my time.

Mr. LANTOS. Madam Speaker, I yield myself such time as I may consume. I am strongly in support of this resolution.

First, let me pay tribute to my dear friend, the gentleman from Florida (Mr. HASTINGS), for initiating this important legislation and to recognize the contributions of my friends, the gentleman from Florida (Mr. WEXLER) and the gentleman from New Jersey (Mr. SMITH). I particularly want to thank the gentleman from Illinois (Chairman HYDE) for being so gracious late yesterday afternoon in expediting the handling of this legislation.

Madam Speaker, at least 50 people are dead and over 700 are injured in a sickening and appalling wave of suicide bombings in Istanbul over this past week. The attacks targeted Jewish places of worship and British governmental and business institutions; but the overwhelming majority of the victims are Muslim Turks, proof positive of the total cynicism and utter phoniness of these so-called Islamist assassins.

This is not just a war on the Jews, though it is also that. It is not just a war on the British or on our own country, although it is that. It is a war on the entire civilized and democratic world and its values. It is now clear that al Qaeda and its Turkish supporters have declared war on the democratic Republic of Turkey as part of

that overall assault. Al Qaeda recognizes that the existence of Turkey, 99 percent Muslim, pro-Western, a secular democracy on the frontiers of the Western world, makes a mockery of al Qaeda's religious extremism. These terrorists want to roll back Western values by destabilizing and destroying Turkish democracy.

Madam Speaker, the Turkish Government has behaved admirably in this dark hour. It condemned the action and it vowed to catch the perpetrators, and I have no doubt that they shall. Now, the hard work of finding these terrorists, destroying their cells, and preventing future attacks begins.

The Turkish Government and the Turkish people should know that the American people will be steadfast in our support of them in this dark hour. All civilized nations must do likewise. The Turkish Interior Minister is correct to dismiss what he calls the crocodile tears of those who express condolences, but do nothing to fight terrorism.

Madam Speaker, we mourn the deaths, we pray for the wounded, and our hearts go out to the families of all of the victims. And to all the citizens of Istanbul and all of Turkey whose lives have been so brutally violated, let us honor them by joining with Turkey and with all who believe in freedom to fight the extremist criminals who want to end our way of life. They will fail and we shall prevail. I strongly support this resolution, and I urge all of my colleagues to do likewise.

Madam Speaker, I am delighted to yield 6 minutes to the distinguished gentleman from Florida (Mr. HASTINGS), my good friend and the author of this resolution.

Mr. HASTINGS of Florida. Madam Speaker, I want to begin by thanking my good friend of long-standing here in the House of Representatives and a vigorous fighter for human rights and the protector of the rights of people who are set upon as this despicable act has done. I would also like to thank the gentleman from New Jersey (Mr. SMITH), my friend, and have him to know that I, along with him, am deeply saddened because so many of our colleagues that we serve with in the Organization for Security and Cooperation in Europe were affected. I have contacted Bruce George, our President's office from the U.K., and Dr. Yaleintas, or Professor Yaleintas, and expressed our condolences to them.

Most importantly, I would like to thank the gentleman from Illinois (Chairman HYDE), as the gentleman from California (Mr. LANTOS) has already, for expediting this matter for us and giving us an opportunity to go to the majority leader and the minority leader; and I thank them for expediting this process. The majority leader's office has been extremely helpful in that regard.

It would be remiss of me if I did not take this opportunity to commend the gentleman from Florida (Mr. WEXLER), who is my good friend and my soulmate geographically in Florida, as well as in our friendship; the gentlewoman from Texas (Ms. GRANGER) and the gentleman from Kentucky (Mr. WHITFIELD) from the majority side, my good friends that I have gotten to know through our efforts, not only in this resolution, but others; and also the gentlewoman from Nevada (Ms. BERKLEY); and countless others who have had direct involvement.

I had the good fortune less than 2 months ago to travel to Turkey with Brent Scowcroft, and it was the most illuminating and enlightening experience. It was not my first visit to Turkey; I have been there now a total of seven times.

On November 15, 2003, two explosions set off minutes apart devastated Nev Shalom Synagogue, Istanbul's largest synagogue and symbolic center to the city's 25,000-member Jewish community, and the Beth Israel Synagogue about 3 miles away. In addition, yesterday, explosions hit the Turkish headquarters of the London-based HSBC Bank and the British Consulate General, killing at least 26 people, including Roger Short, someone that I knew and the British Consul-General, and wounding over 450.

In the span of 5 days, terror claimed over 50 lives and injured more than 800 people in Turkey.

The House of Representatives gathers here today united in expressing that we abhor and denounce these hateful, repugnant, and loathsome acts of terrorism. We gather here to, in unison, make sure that the world understands our outrage by this week's attacks.

The United States is determined to stand by Turkey in the fight against the scourge of terrorism. The acts of murder committed in Istanbul were a cowardly and brutal manifestation of the moral vacuum directing the disease of international terrorism. My and all of our heartfelt condolences go out to the victims and their families.

Madam Speaker, the United States and Turkey are natural allies based on our shared values and common interests in building a stable, peaceful, and prosperous world. Moreover, as a predominantly Muslim nation with a secular government, Turkey is an example, as the gentleman from New Jersey (Mr. SMITH) has pointed out, of a successful secular Muslim democracy. Turkey is a pivotal showcase of the Muslim world that fundamentalists hate. Turkey is an ally of the United States and a friend of Israel and is NATO's only predominantly Muslim member. It has supported the war against terrorism, commandeering and offering peacekeeping forces in Afghanistan and offering peacekeepers for Iraq.

Terrorism respects neither boundaries nor borders. Instead, it intends to harm every nation that respects democracy, freedom, equality, and the rule of law.

These acts further demonstrate that the war on terrorism is not a war between civilizations. The attacks in Turkey were perpetrated by Muslim terrorists against a predominantly Muslim nation. They suggest that this is not a religious war, but one that is based on politics, culture, and our way of life.

Madam Speaker, I conclude by once again denouncing these vial, anti-Semitic, and anti-Muslim attacks against men, women, and children and expressing my sympathies to the individuals and families of the victims. I urge my colleagues to support this resolution.

Mr. SMITH of New Jersey. Madam Speaker, I yield such time as he may consume to the gentleman from Kentucky (Mr. WHITFIELD), my good friend and colleague.

Mr. WHITFIELD. Madam Speaker, I think it is certainly appropriate that we at this time are speaking about the nation of Turkey. As the gentleman from Florida so eloquently stated, Turkey has been a loyal ally of the U.S., a member of NATO, a Muslim secular country that is a great model for a Muslim democracy. Turkey has played a vital role and I think can play a much more vital role in helping with peace in the Middle East. They have a great relationship with the country of Israel. They have a large Jewish population and, as I said earlier, it is a 99 percent Muslim country.

We all abhor violence of any kind, and these acts of terrorism that seem to become more frequent throughout the world are causing all of us great heartache: the families that are involved, the suffering that is involved, the senselessness of the acts.

So I stand here today simply to express my condolences to the families in Turkey, to the nation of Turkey, and remind the American people, once again, that Turkey is a valuable and important ally of the United States. We have common interests, and I am quite confident that our nations will continue to work for peace in the Middle East and, by acts of goodness and kindness, will eventually be able to overcome these random acts of violence, this planned terrorism around the world.

Mr. LANTOS. Madam Speaker, I am very pleased to yield 3 minutes to the gentlewoman from Nevada (Ms. BERKLEY), a distinguished member of the Committee on International Relations and a steadfast fighter against global terrorism.

Ms. BERKLEY. Madam Speaker, I would like to thank the gentleman from California (Mr. LANTOS) for giving me the opportunity to speak and share my thoughts with my colleagues, and

the gentleman from New Jersey (Mr. SMITH) for being stellar on this issue.

I rise today, Madam Speaker, in strong support of House Resolution 453, condemning the terrorist attacks in Istanbul, Turkey, on November 15 of this year and expressing my sincerest condolences to the victims and their families.

□ 1215

This past Saturday, as they gathered together to observe the holy Sabbath, two explosions devastated the Jewish community in Istanbul, Turkey. The first occurred at the city's largest synagogue and symbolic center to the city's 25,000-member Jewish community and the second at Beth Israel synagogue about three miles away.

More than 20 people lost their lives and more than 300 were injured as terrorism, yet again, tore the fabric of civilized society and shattered innocent lives. Most of those killed in the blasts, ironically, were Muslim Turks who lived or worked near the synagogues who were passing by when the bombs exploded. This is not the first time that al-Qaeda has targeted the Jewish institutions. In 2002, they killed 12 people in an attack at a synagogue in Tunisia.

The Turkish Government immediately condemned the terrorist attacks in the strongest possible terms and I am pleased that the Turkish people have reacted in strong solidarity with the Nation's small and long-established Jewish community.

Madam Speaker, as a youngster growing up in Las Vegas, I belonged to the Jewish youth groups, and occasionally the Anti-Defamation League would bring in films of the liberation of the concentration camps in World War II. I cannot minimize the impact of those films and their impact on my life then and now. And I would sit there and watch the films and ask myself how could one human being do such a horrific thing to another, and how is it that more people throughout the world did not stand up and vilify this horrific act.

I am here in the United States of America because my grandparents walked across Europe in order to come to this country to escape the persecution that 6 million of my fellow Jews were unable to escape in World War II. For me to have the opportunity to be on the floor of the House of Representatives and not condemn this horrific act of terrorism would be a shame and an insult to not only the 20 people that lost their lives recently in Istanbul, but the millions of other people across the world, Jewish and not Jewish, who have lost their lives senselessly and needlessly to terrorists.

I call upon my colleagues to join us, and vote for this resolution taking a strong stance against bigotry and intolerance, racism and anti-Semitism, violence and terrorism. These are very difficult and challenging times that we are living through. But it is incumbent upon all Americans, we in the House of Representatives leading the way, to stand up and condemn this sort of activity before it becomes pervasive and matter of fact.

Mr. LANTOS. Madam Speaker, I yield 3 minutes to the gentleman from Florida (Mr. WEXLER), my good friend, a distinguished member of the Committee on International Relations.

Mr. WEXLER. Madam Speaker, I want to also thank my good friend and close associate, the gentleman from Florida (Mr. HASTINGS), and my colleagues on the Congressional Turkey Caucus for initiating this vitally important resolution condemning the horrific terrorist attacks in Turkey over the past week. I also want to thank the gentleman from Illinois (Chairman HYDE), the gentleman from California (Ranking Member LANTOS), the gentleman from New Jersey (Mr. SMITH), for especially expeditiously bringing this very important resolution to the Floor.

I rise to express my most profound and heartfelt condolences to the Turkish people and to the Turkish Government on the terrorist attacks in Istanbul and pledge the support of each Member of Congress as we listen to this debate in the full Congress to bring to justice those individuals responsible for these heinous acts. Americans know all too well the horrors of terror, and today we mourn with the Turkish and British people for this senseless loss of life.

Madam Speaker, the recent bombings in Turkey epitomize the fact that terrorism knows no boundaries and does not distinguish between religion, nation or culture. What these attacks demonstrate the common thread of terror facing the United States, Turkey, and our allies throughout the world. They also serve as a solemn reminder of our Nation's shared principles of democracy, freedom, tolerance, and the pursuit of peace.

For over 50 years Turkey has stood shoulder to shoulder with the United States as a valued strategic partner, Nato ally, and friend. It is in this same spirit of partnership that the United States and the American people stand today with the Turkish people, ready to assist in punishing those murderers who carried out these cowardly actions. Together we will continue our pursuit of justice so that we may ensure that all victims of terror, whether in Turkey, the United States or elsewhere throughout the world, will not have died in vain.

As the gentleman from Florida (Mr. HASTINGS) stated earlier, I too have had the privilege of visiting Turkey on many occasions. The Turkish people are a warm and caring people. They have great national pride, they are patriots. That will continue. And we, the American people, must continue to assist them in their pursuit of terrorism within their boundaries.

Mr. LANTOS. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, before yielding back our time, I would merely like to mention that a number of us coming back from Baghdad were in Ankara, Turkey's capital, just a couple of weeks ago. We had a lengthy and significant discussion with the distinguished Foreign Minister of Turkey. We reaffirmed, as did our Turkish counterparts, our firm commitment to fight terrorism globally. These tragic events in Istanbul since our visit to Ankara underscore the urgency and the importance of our stand. I call on all of our colleagues to support this very important resolution.

Mr. BEREUTER. Madam Speaker, this Member, as a cosponsor of the resolution and a committed friend of the Turkish people, rises in strong support of H. Res. 453. This Member would like to thank the distinguished gentleman from Florida (Mr. HASTINGS) for introducing this very timely resolution. Mr. HASTINGS has worked closely with Members and staff of the Committee on International Relations and its Europe Subcommittee—including the distinguished ranking members of the full committee and subcommittee, Mr. LANTOS and Mr. WEXLER—to craft the resolution that is before us this morning.

This Member would also like to thank the distinguished gentleman from New Jersey (Mr. SMITH) for his leadership on this issue and his very thoughtful remarks. Mr. SMITH is the leader of the U.S. delegation to the Parliamentary Assembly of the Organization for Security and Cooperation in Europe, and Mr. HASTINGS is an active member of that delegation, and this Member commends them for their work.

Madam Speaker, this Member serves as President of the NATO Parliamentary Assembly (NATO PA) and Chairman of the House Delegation. Though such assemblies, Members get to know their counterparts from other nations first-hand and to visit these nations to understand more about these lands and their people.

This Member already has written to Mr. Vahit Erdem, the chairman of the Turkish delegation, expressing our deepest sympathies to the Turkish parliament and the Turkish people, particularly the families of the victims.

One year ago, the NATO PA met in Istanbul, in a conference center overlooking the Bosporus straits, separating Europe from Asia. From our hotel rooms, we could look south to see the Taksim neighborhood that was devastated by the bombing of the British Consulate General yesterday. Indeed, several of us had the opportunity at night to stroll the busy, historic streets of that district.

As we discussed the key issues in the transAtlantic relationship, we also had an opportunity to experience the great city of Istanbul, one of the most historically important cities in the world. Istanbul literally lies between Europe and Asia, the only city in the world on two continents, and its history is that of a bridge between east and west.

The reprehensible terrorist attacks of last Saturday, directed against Turks of the Jewish faith, were an attempt to directly assault the religious tolerance that has been a hallmark of the Turkish Republic. Yesterday's attacks, against the British Consulate and a British bank, were an attack on the strong ties between Turkey and its allies in Europe and in North America and on the long and extraordinary transAtlantic relationship between the United Kingdom and the United States of America by further inflaming the British critics of the Iraq war and our transAtlantic relationship.

Sadly, they remind us that international terrorism remains a grave threat to all nations of the North Atlantic Alliance. Two years ago, when NATO invoked Article 5 of the North Atlantic Treaty, both Turkey and the United Kingdom showed that they were prepared to play a leading role in the war against terrorism, both alternatively taking the command of the International Security Assistance Force in Afghanistan. We remember their clear and strongly anti-terrorism, pro-American response to the al-Qaeda attacks on the United States, and in this resolution today, we pledge our support to Turkey in response to this latest terrorist atrocity.

NATO already has declared that the September 11, 2001, attacks by al Qaeda constituted an attack on the entire Alliance. Likewise, these attacks on an ally are an attack on all allies. Article 5 has already been invoked against al Qaeda. As a result NATO today is in Afghanistan, working to defeat that terrorist organization and their Taliban allies.

In the words of Lord Robertson, the NATO secretary general: "If we fail, we will find Afghanistan on all of our doorsteps. Worse still, NATO's credibility will be shattered, along with that of every NATO government. Who will stand with us in the war against terror if we take on a commitment such as this and then fail to deliver?"

The bombings in Istanbul are a vicious reminder of the stakes in the global war on terrorism and the need to ensure that Afghanistan never again becomes a haven for those who seek to murder our people and destroy our societies. We all must provide the resources needed to win this war and protect our citizens.

Madam Speaker, in closing, this Member urges his colleague to pass this resolution.

Mr. ORTIZ. Madam Speaker, I rise to offer my condolences to the Turkish people and the Turkish government for the horrific terrorist attacks in Istanbul on November 15 and 20.

As al Qaeda has proved again and again, they intend to fight this 21st Century's first global war against civilians and non-combatants. As we have proved again and again, we will fight this war wherever it flares up. And we will win, because we have the fortitude to do the right thing.

Turkey is one of our strongest allies in the fight on global terrorism—and has repeatedly stood by our side in NATO matters (as a NATO ally) and in the war on terror, in understated ways. I have a number of friends and people we know there, that I met on numerous House Armed Services Committee trips to visit NATO allies.

All South Texans condemn the cowardly and senseless killing of innocent people in Turkey, one of the finest examples of a democracy in practice, and one of the few Muslim nations to practice democracy.

We have shared principles of democracy, freedom, tolerance and the pursuit of peace—and today we stand with our Turkish friends. Those who opposed democracy will eventually learn that to kill democracy is to kill all those who love democracy. Al Qaeda doesn't have enough bombs to kill all those who love democratic principals around the world.

My family and I are praying for the families and victims injured and perished in this atrocity.

The United States Congress hereby offers our judgment that this attack was cowardly, and we stand with our Turkish friends in this hour of great loss.

Mr. POMEROY. Madam Speaker, I rise today in support of this resolution condemning the terrorist attacks in Istanbul, Turkey on November 15 and 20, 2003. I wish to express my most sincere and heartfelt condolences to the Turkish government and the relatives of those killed or injured. My thoughts are with Turkey and its people in this time of sorrow.

If there is one thing these cowardly acts have demonstrated, it is that terrorism knows no borders. These catastrophic attacks were not just an attack on Turkey, but an attack on humanity and civilization. As Americans who have experienced terrorism firsthand, we share in Turkey's grief.

I am convinced that the United States must stand shoulder to shoulder with Turkey as it defends its safety and protects its liberty by bringing to justice those responsible for these heinous acts. Together, we must stand ready to provide any assistance deemed necessary to ensure that justice is served—not solely to account for the lives taken and injuries inflicted against the Turkish people, but in defense of freedom around the world.

In the end, Madam Speaker, these tragedies will be remembered as a time of incredible loss and sadness. But it will also mark a time when America and Turkey came even closer together to respond to global terrorism. We are united today as never to ensure that terrorism is defeated, completely and finally.

Mr. BURTON of Indiana. Madam Speaker, today I come to the House floor in strong support of H. Res. 453, a House resolution condemning the terrorist attacks in Istanbul, Turkey and expressing condolences to the families of the individuals murdered.

On November 15 and 20, four horrific terrorist attacks rocked Istanbul. Two Jewish synagogues, the British Consulate and the London-based HSBC bank were the targets. Faceless, cowardly terrorists who thrive on inflicting fear and terror on the innocent carried out these attacks. These recent attacks epitomize the fact that terrorism knows no boundaries and does not distinguish between religion, nationality or culture.

Terrorism must be condemned in the strongest terms whenever and wherever it occurs. The Government of Turkey appropriately did so and has vowed to bring the perpetrators to justice. But, no one country can do this alone. In order for the perpetrators of terrorism to be brought to justice, all the countries of the world must stand united against terrorism that targets the civilized world.

For over fifty years, Turkey has stood shoulder-to-shoulder with the U.S. as one of our most valued strategic partners and it is only fitting that Congress express sympathy for those murdered and wounded, extend condolences to the bereaved families and affirm our unity with Turkey in the ongoing fight against terror. I am pleased that the House Leadership scheduled H. Res. 453 for floor action today.

Mr. ROTHMAN. Madam Speaker, I rise today to express my sorrow and rage over the Saturday bombings of the Neve Shalom and Beth Israel synagogues and the Thursday bombings of the British Consulate and HSBC Bank in Istanbul, Turkey. Tragically, 51 innocent victims of the War on Terror have died in Turkey this week and over 750 were wounded. These victims died or were wounded simply because they gathered to pray on a Saturday morning in honor of Shabbat, the Jewish day of reflection and rest, or were going about their normal daily lives in Istanbul.

Turkish officials have identified the bombers of the Neve Shalom and Beth Israel synagogues as Turkish militants, with possible connections to al Qaeda, who loaded bombs, each with about 500 pounds of ammonium sulfate, nitrate, and fuel oil, into trucks they pulled in front of the synagogues and detonated nearly simultaneously. Among those who died were 6 Jews and 17 Muslims—each buried near the remains of the 22 victims killed in a 1986 bombing at Neve Shalom. Initial reports indicate that truck bombs were also used in the terrorist attacks against the British Consulate and London based HSBC Holdings, which killed at least 27 and wounded over 450 people.

Madam Speaker, approximately 30,000 Jews live in Turkey—a 99.8% Muslim nation. For years Jews have lived peacefully and freely and have in fact thrived in a predominately Muslim nation. Much of this is due to Turkey's historically good treatment of its Jewish residents—dating back to the early influx of Jews during the Spanish Inquisition and later to Turkey's refusal to deport and exterminate its Jewish population during the Holocaust despite its longstanding relationship with Germany. Today, a benevolent relationship has grown between the Turkish and Israeli governments who share close ties and hold joint military exercises.

The attacks in Turkey this week aim to undermine the relationship between Turkey, the U.S., and Britain, and highlight the growing resurgence of al Qaeda and its worldwide network. The attacks in Turkey follow the suspected hand of al Qaeda in incidents in Saudi Arabia, Indonesia, and Morocco. The attacks on Thursday also highlight the fact that Turkey is a secular Muslim country that leans West through its business dealings, culture, and government affairs. The terrorists are determined to undermine the links between Turkey and the Western world.

Madam Speaker, as fighting has flared up in Iraq and al Qaeda has again regrouped and gained strength, and as President Bush returns from his trip to England while Israel and the Palestinian Authority tentatively reach out to each other in hopes of a cease fire and peace, now is not the time to turn our backs on the War on Terror. Now is the time to

stand together with our friends and allies around the world as we all mourn those who died in Turkey this past week and those we have lost to terror attacks in the past, while jointly taking a stand to continue to fight for our survival in our war of self-defense against these madmen. We must work to ensure that all our allies help us root out terror at its source by sharing intelligence, auditing finances and doing whatever else is necessary in the hopes that like the Jews and Muslims have done for years in Turkey: we can all live together in peace.

Mr. LANTOS. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. SMITH of New Jersey. Madam Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore (Mrs. BIGGERT). The question is on the motion offered by the gentleman from New Jersey (Mr. SMITH) that the House suspend the rules and agree to the resolution, H. Res. 453, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. SMITH of New Jersey. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

VETERANS HEALTH CARE, CAPITAL ASSET, AND BUSINESS IMPROVEMENT ACT OF 2003

Mr. SMITH of New Jersey. Madam Speaker, I move to suspend the rules and pass the Senate bill (S. 1156) to amend title 38, United States Code, to improve and enhance provision of health care for veterans, to authorize major construction projects and other facilities matters for the Department of Veterans Affairs, to enhance and improve authorities relating to the administration of personnel of the Department of Veterans Affairs, and for other purposes.

The Clerk read as follows:

S. 1156

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the "Veterans Health Care, Capital Asset, and Business Improvement Act of 2003".

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

Sec. 1. Short title; table of contents.
Sec. 2. References to title 38, United States Code.

TITLE I—HEALTH CARE AUTHORITIES AND RELATED MATTERS

Sec. 101. Improved benefits for former prisoners of war.
Sec. 102. Provision of health care to veterans who participated in certain Department of Defense chemical and biological warfare testing.
Sec. 103. Eligibility for Department of Veterans Affairs health care for certain Filipino World War II veterans residing in the United States.
Sec. 104. Enhancement of rehabilitative services.
Sec. 105. Enhanced agreement authority for provision of nursing home care and adult day health care in contract facilities.
Sec. 106. Five-year extension of period for provision of noninstitutional extended-care services and required nursing home care.
Sec. 107. Expansion of Department of Veterans Affairs pilot program on assisted living for veterans.
Sec. 108. Improvement of program for provision of specialized mental health services to veterans.

TITLE II—CONSTRUCTION AND FACILITIES MATTERS

Subtitle A—Program Authorities

Sec. 201. Increase in threshold for major medical facility construction projects.
Sec. 202. Enhancements to enhanced-use lease authority.
Sec. 203. Simplification of annual report on long-range health planning.

Subtitle B—Project Authorizations

Sec. 211. Authorization of major medical facility projects.
Sec. 212. Authorization of major medical facility leases.
Sec. 213. Advance planning authorizations.
Sec. 214. Authorization of appropriations.

Subtitle C—Capital Asset Realignment for Enhanced Services Initiative

Sec. 221. Authorization of major construction projects in connection with Capital Asset Realignment Initiative.
Sec. 222. Advance notification of capital asset realignment actions.
Sec. 223. Sense of Congress and report on access to health care for veterans in rural areas.

Subtitle D—Plans for New Facilities

Sec. 231. Plans for facilities in specified areas.
Sec. 232. Study and report on feasibility of coordination of veterans health care services in South Carolina with new university medical center.

Subtitle E—Designation of Facilities

Sec. 241. Designation of Department of Veterans Affairs medical center, Prescott, Arizona, as the Bob Stump Department of Veterans Affairs Medical Center.
Sec. 242. Designation of Department of Veterans Affairs health care facility, Chicago, Illinois, as the Jesse Brown Department of Veterans Affairs Medical Center.
Sec. 243. Designation of Department of Veterans Affairs medical center, Houston, Texas, as the Michael E. DeBakey Department of Veterans Affairs Medical Center.
Sec. 244. Designation of Department of Veterans Affairs medical center, Salt Lake City, Utah, as the George E. Wahlen Department of Veterans Affairs Medical Center.
Sec. 245. Designation of Department of Veterans Affairs outpatient clinic, New London, Connecticut.
Sec. 246. Designation of Department of Veterans Affairs outpatient clinic, Horsham, Pennsylvania.

TITLE III—PERSONNEL MATTERS

Sec. 301. Modification of certain authorities on appointment and promotion of personnel in the Veterans Health Administration.
Sec. 302. Appointment of chiropractors in the Veterans Health Administration.
Sec. 303. Additional pay for Saturday tours of duty for additional health care workers in the Veterans Health Administration.
Sec. 304. Coverage of employees of Veterans' Canteen Service under additional employment laws.

TITLE IV—OTHER MATTERS

Sec. 401. Office of Research Oversight in Veterans Health Administration.
Sec. 402. Enhancement of authorities relating to nonprofit research corporations.
Sec. 403. Department of Defense participation in Revolving Supply Fund purchases.
Sec. 404. Five-year extension of housing assistance for homeless veterans.
Sec. 405. Report date changes.

SEC. 2. REFERENCES TO TITLE 38, UNITED STATES CODE.

Except as otherwise expressly provided, whenever in this Act an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of title 38, United States Code.

TITLE I—HEALTH CARE AUTHORITIES AND RELATED MATTERS

SEC. 101. IMPROVED BENEFITS FOR FORMER PRISONERS OF WAR.

(a) OUTPATIENT DENTAL CARE FOR ALL FORMER PRISONERS OF WAR.—Section 1712(a)(1)(F) is amended by striking "and who was detained or interned for a period of not less than 90 days".

(b) EXEMPTION FROM PHARMACY COPAYMENT REQUIREMENT.—Section 1722A(a)(3) is amended—

(1) by striking "or" at the end of subparagraph (A);

(2) by redesignating subparagraph (B) as subparagraph (C); and

(3) by inserting after subparagraph (A) the following new subparagraph (B):

"(B) to a veteran who is a former prisoner of war; or".

SEC. 102. PROVISION OF HEALTH CARE TO VETERANS WHO PARTICIPATED IN CERTAIN DEPARTMENT OF DEFENSE CHEMICAL AND BIOLOGICAL WARFARE TESTING.

Section 1710(e) is amended—

(1) in paragraph (1), by adding at the end the following new subparagraph:

"(E) Subject to paragraphs (2) and (3), a veteran who participated in a test conducted by the Department of Defense Deseret Test Center as part of a program for chemical and biological warfare testing from 1962 through 1973 (including the program designated as

'Project Shipboard Hazard and Defense (SHAD)' and related land-based tests) is eligible for hospital care, medical services, and nursing home care under subsection (a)(2)(F) for any illness, notwithstanding that there is insufficient medical evidence to conclude that such illness is attributable to such testing.'';

(2) in paragraph (2)(B)—

(i) by striking out ''paragraph (1)(C) or (1)(D)'' and inserting ''subparagraph (C), (D), or (E) of paragraph (1)''; and

(ii) by striking ''service described in that paragraph'' and inserting ''service or testing described in such subparagraph''; and

(3) in paragraph (3)—

(A) by striking ''and'' at the end of subparagraph (B);

(B) by striking the period at the end of subparagraph (C) and inserting ''; and''; and

(C) by adding at the end the following new subparagraph:

''(D) in the case of care for a veteran described in paragraph (1)(E), after December 31, 2005.''.

SEC. 103. ELIGIBILITY FOR DEPARTMENT OF VETERANS AFFAIRS HEALTH CARE FOR CERTAIN FILIPINO WORLD WAR II VETERANS RESIDING IN THE UNITED STATES.

The text of section 1734 is amended to read as follows:

''(a) The Secretary shall furnish hospital and nursing home care and medical services to any individual described in subsection (b) in the same manner, and subject to the same terms and conditions, as apply to the furnishing of such care and services to individuals who are veterans as defined in section 101(2) of this title. Any disability of an individual described in subsection (b) that is a service-connected disability for purposes of this subchapter (as provided for under section 1735(2) of this title) shall be considered to be a service-connected disability for purposes of furnishing care and services under the preceding sentence.

''(b) Subsection (a) applies to any individual who is a Commonwealth Army veteran or new Philippine Scout and who—

''(1) is residing in the United States; and

''(2) is a citizen of the United States or an alien lawfully admitted to the United States for permanent residence.''.

SEC. 104. ENHANCEMENT OF REHABILITATIVE SERVICES.

(a) REHABILITATIVE SERVICES THROUGH MEDICAL CARE AUTHORITY.—Section 1701(8) is amended by striking ''(other than those types of vocational rehabilitation services provided under chapter 31 of this title)''.

(b) EXPANSION OF AUTHORIZED REHABILITATIVE SERVICES.—(1) Section 1718 is amended—

(A) by redesignating subsections (d), (e), and (f) as subsections (e), (f), and (g), respectively; and

(B) by inserting after subsection (c) the following new subsection (d):

''(d) In providing to a veteran rehabilitative services under this chapter, the Secretary may furnish the veteran with the following:

''(1) Work skills training and development services.

''(2) Employment support services.

''(3) Job development and placement services.''.

(2) Subsection (c) of such section is amended—

(A) in paragraph (1), by striking ''subsection (b) of this section'' and inserting ''subsection (b) or (d)''; and

(B) in paragraph (2)—

(i) by striking ''subsection (b) of this section'' and inserting ''subsection (b) or (d)''; and

(ii) by striking ''paragraph (2) of such subsection'' and inserting ''subsection (b)(2)''.

SEC. 105. ENHANCED AGREEMENT AUTHORITY FOR PROVISION OF NURSING HOME CARE AND ADULT DAY HEALTH CARE IN CONTRACT FACILITIES.

(a) ENHANCED AUTHORITY.—Subsection (c) of section 1720 is amended—

(1) by designating the existing text as paragraph (2); and

(2) by inserting before paragraph (2), as so designated, the following new paragraph (1):

''(1)(A) In furnishing nursing home care, adult day health care, or other extended care services under this section, the Secretary may enter into agreements for furnishing such care or services with—

''(i) in the case of the medicare program, a provider of services that has entered into a provider agreement under section 1866(a) of the Social Security Act (42 U.S.C. 1395cc(a)); and

''(ii) in the case of the medicaid program, a provider participating under a State plan under title XIX of such Act (42 U.S.C. 1396 et seq.).

''(B) In entering into an agreement under subparagraph (A) with a provider of services described in clause (i) of that subparagraph or a provider described in clause (ii) of that subparagraph, the Secretary may use the procedures available for entering into provider agreements under section 1866(a) of the Social Security Act.''.

(b) CONFORMING AMENDMENT.—Subsection (f)(1)(B) of such section is amended by inserting ''or agreement'' after ''contract'' each place it appears.

SEC. 106. FIVE-YEAR EXTENSION OF PERIOD FOR PROVISION OF NONINSTITUTIONAL EXTENDED-CARE SERVICES AND REQUIRED NURSING HOME CARE.

(a) NONINSTITUTIONAL EXTENDED CARE SERVICES.—Section 1701(10)(A) is amended by striking ''the date of the enactment of the Veterans Millennium Health Care and Benefits Act and ending on December 31, 2003,'' and inserting ''November 30, 1999, and ending on December 31, 2008,''.

(b) REQUIRED NURSING HOME CARE.—Section 1710A(c) is amended by striking ''December 31, 2003'' and inserting ''December 31, 2008''.

SEC. 107. EXPANSION OF DEPARTMENT OF VETERANS AFFAIRS PILOT PROGRAM ON ASSISTED LIVING FOR VETERANS.

Section 103(b) of the Veterans Millennium Health Care and Benefits Act (Public Law 106–117; 113 Stat. 1552; 38 U.S.C. 1710B note) is amended—

(1) by striking ''LOCATION OF PILOT PROGRAM.—'' and inserting ''LOCATIONS OF PILOT PROGRAM.—(1)''; and

(2) by adding at the end the following new paragraph:

''(2)(A) In addition to the health care region of the Department selected for the pilot program under paragraph (1), the Secretary may also carry out the pilot program in not more than one additional designated health care region of the Department selected by the Secretary for purposes of this section.

''(B) Notwithstanding subsection (f), the authority of the Secretary to provide services under the pilot program in a health care region of the Department selected under subparagraph (A) shall cease on the date that is three years after the commencement of the provision of services under the pilot program in the health care region.''.

SEC. 108. IMPROVEMENT OF PROGRAM FOR PROVISION OF SPECIALIZED MENTAL HEALTH SERVICES TO VETERANS.

(a) INCREASE IN FUNDING.—Subsection (c) of section 116 of the Veterans Millennium Health Care and Benefits Act (Public Law 106–117; 113 Stat. 1559; 38 U.S.C. 1712A note) is amended—

(1) in paragraph (1), by striking ''$15,000,000'' and inserting ''$25,000,000 in each of fiscal years 2004, 2005, and 2006'';

(2) in paragraph (2), by striking ''$15,000,000'' and inserting ''$25,000,000''; and

(3) in paragraph (3)—

(A) by inserting ''(A)'' after ''(3)''; and

(B) by adding at the end the following new subparagraph:

''(B) For purposes of this paragraph, in fiscal years 2004, 2005, and 2006, the fiscal year used to determine the baseline amount shall be fiscal year 2003.''.

(b) ALLOCATION OF FUNDS.—Subsection (d) of that section is amended—

(1) by striking ''The Secretary'' and inserting ''(1) In each of fiscal years 2004, 2005, and 2006, the Secretary''; and

(2) by adding at the end the following new paragraphs:

''(2) In allocating funds to facilities in a fiscal year under paragraph (1), the Secretary shall ensure that—

''(A) not less than $10,000,000 is allocated by direct grants to programs that are identified by the Mental Health Strategic Health Care Group and the Committee on Care of Severely Chronically Mentally Ill Veterans;

''(B) not less than $5,000,000 is allocated for programs on post-traumatic stress disorder; and

''(C) not less than $5,000,000 is allocated for programs on substance use disorder.

''(3) The Secretary shall provide that the funds to be allocated under this section during each of fiscal years 2004, 2005, and 2006 are funds for a special purpose program for which funds are not allocated through the Veterans Equitable Resource Allocation system.''.

TITLE II—CONSTRUCTION AND FACILITIES MATTERS

Subtitle A—Program Authorities

SEC. 201. INCREASE IN THRESHOLD FOR MAJOR MEDICAL FACILITY CONSTRUCTION PROJECTS.

Section 8104(a)(3)(A) is amended by striking ''$4,000,000'' and inserting ''$7,000,000''.

SEC. 202. ENHANCEMENTS TO ENHANCED-USE LEASE AUTHORITY.

(a) NOTIFICATION OF PROPERTY TO BE LEASED.—Section 8163 is amended—

(1) in the first sentence of subsection (a)—

(A) by striking ''designate a property to be leased under an enhanced-use lease'' and inserting ''enter into an enhanced-use lease with respect to certain property''; and

(B) by striking ''before making the designation'' and inserting ''before entering into the lease'';

(2) in subsection (b), by striking ''of the proposed designation'' and inserting ''to the congressional veterans' affairs committees and to the public of the proposed lease''; and

(3) in subsection (c)—

(A) in paragraph (1)—

(i) by striking ''designate the property involved'' and inserting ''enter into an enhanced-use lease of the property involved''; and

(ii) by striking ''to so designate the property'' and inserting ''to enter into such lease'';

(B) in paragraph (2), by striking ''90-day period'' and inserting ''45-day period'';

(C) in paragraph (3)—

(i) by striking ''general description'' in subparagraph (D) and inserting ''description of the provisions''; and

(ii) by adding at the end the following new subparagraph:

''(G) A summary of a cost-benefit analysis of the proposed lease.''; and

(D) by striking paragraph (4).

(b) DISPOSITION OF LEASED PROPERTY.—Section 8164 is amended—

(1) in subsection (a)—

(A) by striking ''by requesting the Administrator of General Services to dispose of the property pursuant to subsection (b)'' in the first sentence; and

(B) by striking the third sentence;

(2) in subsection (b)—

(A) by striking ''Secretary and the Administrator of General Services jointly determine'' and inserting ''Secretary determines''; and

(B) by striking ''Secretary and the Administrator consider'' and inserting ''Secretary considers''; and

(3) in subsection (c), by striking ''90 days'' and inserting ''45 days''.

(c) USE OF PROCEEDS.—Section 8165 is amended—

(1) in subsection (a)(2), by striking ''and remaining after any deduction from such funds under the laws referred to in subsection (c)'';

(2) in subsection (b), by adding at the end the following new sentence: ''The Secretary may use the proceeds from any enhanced-use lease to reimburse applicable appropriations of the Department for any expenses incurred in the development of additional enhanced-use leases.''; and

(3) by striking subsection (c).

(d) CLERICAL AMENDMENTS.—(1) The heading of section 8163 is amended to read as follows:

''§ 8163. Hearing and notice requirements regarding proposed leases''.

(2) The item relating to section 8163 in the table of sections at the beginning of chapter 81 is amended to read as follows:

''8163. Hearing and notice requirements regarding proposed leases.''.

SEC. 203. SIMPLIFICATION OF ANNUAL REPORT ON LONG-RANGE HEALTH PLANNING.

Section 8107(b) is amended by striking paragraphs (3) and (4).

Subtitle B—Project Authorizations

SEC. 211. AUTHORIZATION OF MAJOR MEDICAL FACILITY PROJECTS.

The Secretary of Veterans Affairs may carry out the following major medical facility projects, with each project to be carried out in an amount not to exceed the amount specified for that project:

(1) Construction of a long-term care facility in Lebanon, Pennsylvania, $14,500,000.

(2) Construction of a long-term care facility in Beckley, West Virginia, $20,000,000.

(3) Construction of a new bed tower to consolidate two inpatient sites of care in the city of Chicago at the West Side Division of the Department of Veterans Affairs health care system in Chicago, Illinois, in an amount not to exceed $98,500,000.

(4) Seismic corrections to strengthen Medical Center Building 1 of the Department of Veterans Affairs health care system in San Diego, California, in an amount not to exceed $48,600,000.

(5) A project for (A) renovation of all inpatient care wards at the West Haven, Connecticut, facility of the Department of Veterans Affairs health system in Connecticut to improve the environment of care and enhance safety, privacy, and accessibility, and (B) establishment of a consolidated medical research facility at that facility, in an amount not to exceed $50,000,000.

(6) Construction of a Department of Veterans Affairs-Department of the Navy joint venture comprehensive outpatient medical care facility to be built on the grounds of the Pensacola Naval Air Station, Pensacola, Florida, in an amount not to exceed $45,000,000.

SEC. 212. AUTHORIZATION OF MAJOR MEDICAL FACILITY LEASES.

The Secretary of Veterans Affairs may enter into leases for medical facilities as follows:

(1) For an outpatient clinic in Charlotte, North Carolina, in an amount not to exceed $3,000,000.

(2) For an outpatient clinic extension, Boston, Massachusetts, in an amount not to exceed $2,879,000.

SEC. 213. ADVANCE PLANNING AUTHORIZATIONS.

The Secretary of Veterans Affairs may carry out advance planning for a major medical facility project at each of the following locations, with such planning to be carried out in an amount not to exceed the amount specified for that location:

(1) Denver, Colorado, in an amount not to exceed $30,000,000, of which $26,000,000 shall be provided by the Secretary of Veterans Affairs and $4,000,000 shall be provided by the Secretary of Defense.

(2) Pittsburgh, Pennsylvania, in an amount not to exceed $9,000,000.

(3) Las Vegas, Nevada, in an amount not to exceed $25,000,000.

(4) Columbus, Ohio, in an amount not to exceed $9,000,000.

(5) East Central, Florida, in an amount not to exceed $17,500,000.

SEC. 214. AUTHORIZATION OF APPROPRIATIONS.

(a) IN GENERAL.—There are authorized to be appropriated for the Secretary of Veterans Affairs for fiscal year 2004—

(1) for the Construction, Major Projects, account, a total of $363,100,000, of which—

(A) $276,600,000 is for the projects authorized in section 211; and

(B) $86,500,000 is for the advance planning authorized in section 213; and

(2) for the Medical Care account, $5,879,000 for the leases authorized in section 212.

(b) LIMITATION.—The projects authorized in section 211 may only be carried out using—

(1) funds appropriated for fiscal year 2004 pursuant to the authorization of appropriations in subsection (a);

(2) funds appropriated for Construction, Major Projects, for a fiscal year before fiscal year 2004 that remain available for obligation; and

(3) funds appropriated for Construction, Major Projects, for fiscal year 2004 for a category of activity not specific to a project.

Subtitle C—Capital Asset Realignment for Enhanced Services Initiative

SEC. 221. AUTHORIZATION OF MAJOR CONSTRUCTION PROJECTS IN CONNECTION WITH CAPITAL ASSET REALIGNMENT INITIATIVE.

(a) AUTHORITY TO CARRY OUT MAJOR CONSTRUCTION PROJECTS.—Subject to subsection (b), the Secretary of Veterans Affairs may carry out major construction projects as specified in the final report of the Capital Asset Realignment for Enhanced Services Commission and approved by the Secretary.

(b) LIMITATION.—The Secretary may not exercise the authority in subsection (a) until 45 days after the date of the submittal of the report required by subsection (c).

(c) REPORT ON PROPOSED MAJOR CONSTRUCTION PROJECTS.—(1) The Secretary shall submit to the Committees on Veterans' Affairs and the Committees on Appropriations of the Senate and House of Representatives not later than February 1, 2004, a report describing the major construction projects the Secretary proposes to carry out in connection with the Capital Asset Realignment for Enhanced Services initiative.

(2) The report shall list each proposed major construction project in order of priority, with such priority determined in the order as follows:

(A) The use of the facility to be constructed or altered as a replacement or enhancement facility necessitated by the loss, closure, or other divestment of major infrastructure or clinical space at a Department of Veterans Affairs medical facility currently in operation, as determined by the Secretary.

(B) The remedy of life and safety code deficiencies, including seismic, egress, and fire deficiencies at such facility.

(C) The use of such facility to provide health care services to a population that is determined under the Capital Asset Realignment for Enhanced Services initiative to be underserved or not currently served by such facility.

(D) The renovation or modernization of such facility, including the provision of barrier-free design, improvement of building systems and utilities, or enhancement of clinical support services.

(E) The need for such facility to further an enhanced-use lease or sharing agreement.

(F) Any other factor that the Secretary considers to be of importance in providing care to eligible veterans.

(3) In developing the list of projects and according a priority to each project, the Secretary should consider the importance of allocating available resources equitably among the geographic service areas of the Department and take into account recent shifts in populations of veterans among those geographic service areas.

(d) SUNSET.—The Secretary may not enter into a contract to carry out major construction projects under the authority in subsection (a) after September 30, 2006.

SEC. 222. ADVANCE NOTIFICATION OF CAPITAL ASSET REALIGNMENT ACTIONS.

(a) REQUIREMENT FOR ADVANCE NOTIFICATION.—If the Secretary of Veterans Affairs approves a recommendation resulting from the Capital Asset Realignment for Enhanced Services initiative, then before taking any action resulting from that recommendation that would result in—

(1) a medical facility closure;

(2) an administrative reorganization described in subsection (c) of section 510 of title 38, United States Code; or

(3) a medical facility consolidation,

the Secretary shall submit to Congress a written notification of the intent to take such action.

(b) LIMITATION.—Upon submitting a notification under subsection (a), the Secretary may not take any action described in the notification until the later of—

(1) the end of the 60-day period beginning on the date on which the notification is received by Congress; or

(2) the end of a period of 30 days of continuous session of Congress beginning on the date on which the notification is received by Congress or, if either House of Congress is not in session on such date, the first day after such date on which both Houses of Congress are in session.

(c) CONTINUOUS SESSION OF CONGRESS.—For the purposes of subsection (b)—

(1) the continuity of a session of Congress is broken only by an adjournment of Congress sine die; and

(2) any day on which either House is not in session because of an adjournment of more

than three days to a day certain is excluded in the computation of any period of time in which Congress is in continuous session.

(d) MEDICAL FACILITY CONSOLIDATION.—For the purposes of subsection (a), the term ''medical facility consolidation'' means an action that closes one or more medical facilities for the purpose of relocating those activities to another medical facility or facilities within the same geographic service area.

SEC. 223. SENSE OF CONGRESS AND REPORT ON ACCESS TO HEALTH CARE FOR VETERANS IN RURAL AREAS.

(a) SENSE OF CONGRESS.—Recognizing the difficulties that veterans residing in rural areas encounter in gaining access to health care in facilities of the Department of Veterans Affairs, it is the sense of Congress that the Secretary of Veterans Affairs should take steps to ensure that an appropriate mix of facilities and clinical staff is available for health care for veterans residing in rural areas.

(b) REPORT.—Not later than 120 days after the date of the enactment of this Act, the Secretary of Veterans Affairs shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report describing the steps the Secretary is taking, and intends to take, to improve access to health care for veterans residing in rural areas.

Subtitle D—Plans for New Facilities

SEC. 231. PLANS FOR FACILITIES IN SPECIFIED AREAS.

(a) SOUTHERN NEW JERSEY.—(1) The Secretary of Veterans Affairs shall develop a plan for meeting the future hospital care needs of veterans who reside in southern New Jersey.

(2) For purposes of paragraph (1), the term ''southern New Jersey'' means the following counties of the State of New Jersey: Ocean, Burlington, Camden, Gloucester, Salem, Cumberland, Atlantic, and Cape May.

(b) FAR SOUTH TEXAS.—(1) The Secretary shall develop a plan for meeting the future hospital care needs of veterans who reside in far south Texas.

(2) For purposes of paragraph (1), the term ''far south Texas'' means the following counties of the State of Texas: Bee, Calhoun, Crockett, DeWitt, Dimmit, Goliad, Jackson, Victoria, Webb, Aransas, Duval, Jim Wells, Kleberg, Nueces, Refugio, San Patricio, Brooks, Cameron, Hidalgo, Jim Hogg, Kenedy, Starr, Willacy, and Zapata.

(c) NORTH CENTRAL WASHINGTON.—(1) The Secretary shall develop a plan for meeting the future hospital care needs of veterans who reside in north central Washington.

(2) For purposes of paragraph (1), the term ''north central Washington'' means the following counties of the State of Washington: Chelan, Douglas, Ferry, Grant, Kittitas, and Okanogan.

(d) PENSACOLA AREA.—(1) The Secretary shall develop a plan for meeting the future hospital care needs of veterans who reside in the Pensacola area.

(2) For purposes of paragraph (1), the term ''Pensacola area'' means—

(A) the counties of Escambia, Santa Rosa, Okaloosa, Walton, Holmes, Washington, Bay, Jackson, Calhoun, Liberty, Gulf, and Franklin of the State of Florida; and

(B) the counties of Covington, Geneva, Houston, and Escambia of the State of Alabama.

(e) CONSIDERATION OF USE OF CERTAIN EXISTING AUTHORITIES.—In developing the plans under this section, the Secretary shall, at a minimum, consider options using the existing authorities of sections 8111 and 8153 of title 38, United States Code, to—

(1) establish a hospital staffed and managed by employees of the Department, either in private or public facilities, including Federal facilities; or

(2) enter into contracts with existing Federal facilities, private facilities, and private providers for that care.

(f) REPORT.—The Secretary shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on each plan under this section not later than April 15, 2004.

SEC. 232. STUDY AND REPORT ON FEASIBILITY OF COORDINATION OF VETERANS HEALTH CARE SERVICES IN SOUTH CAROLINA WITH NEW UNIVERSITY MEDICAL CENTER.

(a) STUDY REQUIRED.—The Secretary of Veterans Affairs shall conduct a study to examine the feasibility of coordination by the Department of Veterans Affairs of its needs for inpatient hospital, medical care, and long-term care services for veterans with the pending construction of a new university medical center at the Medical University of South Carolina, Charleston, South Carolina.

(b) MATTERS TO BE INCLUDED IN STUDY.—(1) As part of the study under subsection (a), the Secretary shall consider the following:

(A) Integration with the Medical University of South Carolina of some or all of the services referred to in subsection (a) through contribution to the construction of that university's new medical facility or by becoming a tenant provider in that new facility.

(B) Construction by the Department of Veterans Affairs of a new independent inpatient or outpatient facility alongside or nearby the university's new facility.

(2) In carrying out paragraph (1), the Secretary shall consider the degree to which the Department and the university medical center would be able to share expensive technologies and scarce specialty services that would affect any such plans of the Secretary or the university.

(3) In carrying out the study, the Secretary shall especially consider the applicability of the authorities under section 8153 of title 38, United States Code (relating to sharing of health care resources between the Department and community provider organizations), to govern future arrangements and relationships between the Department and the Medical University of South Carolina.

(c) CONSULTATION WITH SECRETARY OF DEFENSE.—The Secretary of Veterans Affairs shall consult with the Secretary of Defense in carrying out the study under this section. Such consultation shall include consideration of establishing a Department of Veterans Affairs-Department of Defense joint health-care venture at the site referred to in subsection (a).

(d) REPORT.—Not later than April 15, 2004, the Secretary shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on the results of the study. The report shall include the Secretary's recommendations with respect to coordination described in subsection (a), including recommendations with respect to each of the matters referred to in subsection (b).

Subtitle E—Designation of Facilities

SEC. 241. DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER, PRESCOTT, ARIZONA, AS THE BOB STUMP DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER.

The Department of Veterans Affairs Medical Center located in Prescott, Arizona, shall after the date of the enactment of this Act be known and designated as the ''Bob Stump Department of Veterans Affairs Medical Center''. Any reference to such medical center in any law, regulation, map, document, or other paper of the United States shall be considered to be a reference to the Bob Stump Department of Veterans Affairs Medical Center.

SEC. 242. DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS HEALTH CARE FACILITY, CHICAGO, ILLINOIS, AS THE JESSE BROWN DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER.

The Department of Veterans Affairs health care facility located at 820 South Damen Avenue in Chicago, Illinois, shall after the date of the enactment of this Act be known and designated as the ''Jesse Brown Department of Veterans Affairs Medical Center''. Any reference to such facility in any law, regulation, map, document, record, or other paper of the United States shall be considered to be a reference to the Jesse Brown Department of Veterans Affairs Medical Center.

SEC. 243. DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER, HOUSTON, TEXAS, AS THE MICHAEL E. DEBAKEY DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER.

The Department of Veterans Affairs Medical Center in Houston, Texas, shall after the date of the enactment of this Act be known and designated as the ''Michael E. DeBakey Department of Veterans Affairs Medical Center''. Any reference to such facility in any law, regulation, map, document, record, or other paper of the United States shall be considered to be a reference to the Michael E. DeBakey Department of Veterans Affairs Medical Center.

SEC. 244. DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER, SALT LAKE CITY, UTAH, AS THE GEORGE E. WAHLEN DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER.

The Department of Veterans Affairs Medical Center in Salt Lake City, Utah, shall after the date of the enactment of this Act be known and designated as the ''George E. Wahlen Department of Veterans Affairs Medical Center''. Any references to such facility in any law, regulation, map, document, record, or other paper of the United States shall be considered to be a reference to the George E. Wahlen Department of Veterans Affairs Medical Center.

SEC. 245. DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS OUTPATIENT CLINIC, NEW LONDON, CONNECTICUT.

The Department of Veterans Affairs outpatient clinic located in New London, Connecticut, shall after the date of the enactment of this Act be known and designated as the ''John J. McGuirk Department of Veterans Affairs Outpatient Clinic''. Any reference to such outpatient clinic in any law, regulation, map, document, record, or other paper of the United States shall be considered to be a reference to the John J. McGuirk Department of Veterans Affairs Outpatient Clinic.

SEC. 246. DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS OUTPATIENT CLINIC, HORSHAM, PENNSYLVANIA.

The Department of Veterans Affairs outpatient clinic located in Horsham, Pennsylvania, shall after the date of the enactment of this Act be known and designated as the ''Victor J. Saracini Department of Veterans Affairs Outpatient Clinic''. Any reference to such outpatient clinic in any law, regulation, map, document, record, or other paper

of the United States shall be considered to be a reference to the Victor J. Saracini Department of Veterans Affairs Outpatient Clinic.

TITLE III—PERSONNEL MATTERS

SEC. 301. MODIFICATION OF AUTHORITIES ON APPOINTMENT AND PROMOTION OF PERSONNEL IN THE VETERANS HEALTH ADMINISTRATION.

(a) POSITIONS TREATABLE AS HYBRID STATUS POSITIONS.—(1) Section 7401 is amended—

(A) by striking paragraph (2) and inserting the following new paragraph (2):

''(2) Scientific and professional personnel, such as microbiologists, chemists, and biostatisticians.''; and

(B) by striking paragraph (3) and inserting the following new paragraph (3):

''(3) Audiologists, speech pathologists, and audiologist-speech pathologists, biomedical engineers, certified or registered respiratory therapists, dietitians, licensed physical therapists, licensed practical or vocational nurses, medical instrument technicians, medical records administrators or specialists, medical records technicians, medical and dental technologists, nuclear medicine technologists, occupational therapists, occupational therapy assistants, kinesiotherapists, orthotist-prosthetists, pharmacists, pharmacy technicians, physical therapy assistants, prosthetic representatives, psychologists, diagnostic radiologic technicians, therapeutic radiologic technicians, and social workers.''.

(2) Personnel appointed to the Veterans Health Administration before the date of the enactment of this Act who are in an occupational category of employees specified in paragraph (3) of section 7401 of title 38, United States Code, by reason of the amendment made by paragraph (1)(B) of this subsection shall, as of such date, be deemed to have been appointed to the Administration under such paragraph (3).

(b) APPOINTMENTS AND PROMOTIONS.—Section 7403 of such title is amended—

(1) in subsection (f)(3)—

(A) by inserting ''reductions-in-force, the applicability of the principles of preference referred to in paragraph (2), rights of part-time employees,'' after ''adverse actions,'';

(B) by inserting '', whether appointed under this section or section 7405(a)(1)(B) of this title'' after ''such positions''; and

(C) by inserting a comma after ''status)''; and

(2) by adding at the end the following new subsection:

''(h)(1) If the Secretary uses the authority provided in subsection (c) for the promotion and advancement of an occupational category of employees described in section 7401(3) of this title, as authorized by subsection (f)(1)(B), the Secretary shall do so through one or more systems prescribed by the Secretary. Each such system shall be planned, developed, and implemented in collaboration with, and with the participation of, exclusive employee representatives of such occupational category of employees.

''(2)(A) Before prescribing a system of promotion and advancement of an occupational category of employees under paragraph (1), the Secretary shall provide to exclusive employee representatives of such occupational category of employees a written description of the proposed system.

''(B) Not later than 30 days after receipt of the description of a proposed system under subparagraph (A), exclusive employee representatives may submit to the Secretary the recommendations, if any, of such exclusive employee representatives with respect to the proposed system.

''(C) The Secretary shall give full and fair consideration to any recommendations received under subparagraph (B) in deciding whether and how to proceed with a proposed system.

''(3) The Secretary shall implement immediately any part of a system of promotion and advancement under paragraph (1) that is proposed under paragraph (2) for which the Secretary receives no recommendations from exclusive employee representatives under paragraph (2).

''(4) If the Secretary receives recommendations under paragraph (2) from exclusive employee representatives on any part of a proposed system of promotion and advancement under that paragraph, the Secretary shall determine whether or not to accept the recommendations, either in whole or in part. If the Secretary determines not to accept all or part of the recommendations, the Secretary shall—

''(A) notify the congressional veterans' affairs committees of the recommendations and of the portion of the recommendations that the Secretary has determined not to accept;

''(B) meet and confer with such exclusive employee representatives, for a period not less than 30 days, for purposes of attempting to reach an agreement on whether and how to proceed with the portion of the recommendations that the Secretary has determined not to accept;

''(C) at the election of the Secretary, or of a majority of such exclusive employee representatives who are participating in negotiations on such matter, employ the services of the Federal Mediation and Conciliation Service during the period referred to in subparagraph (B) for purposes of reaching such agreement; and

''(D) if the Secretary determines that activities under subparagraph (B), (C), or both are unsuccessful at reaching such agreement and determines (in the sole and unreviewable discretion of the Secretary) that further meeting and conferral under subparagraph (B), mediation under subparagraph (C), or both are unlikely to reach such agreement—

''(i) notify the congressional veterans' affairs committees of such determinations, identify for such committees the portions of the recommendations that the Secretary has determined not to accept, and provide such committees an explanation and justification for determining to implement the part of the system subject to such portions of the recommendations without regard to such portions of the recommendations; and

''(ii) commencing not earlier than 30 days after notice under clause (i), implement the part of the system subject to the recommendations that the Secretary has determined not to accept without regard to those recommendations.

''(5) If the Secretary and exclusive employee representatives reach an agreement under paragraph (4) providing for the resolution of a disagreement on one or more portions of the recommendations that the Secretary had determined not to accept under that paragraph, the Secretary shall immediately implement such resolution.

''(6) In implementing a system of promotion and advancement under this subsection, the Secretary shall—

''(A) develop and implement mechanisms to permit exclusive employee representatives to participate in the periodic review and evaluation of the system, including peer review, and in any further planning or development required with respect to the system as a result of such review and evaluation; and

''(B) provide exclusive employee representatives appropriate access to information to ensure that the participation of such exclusive employee representative in activities under subparagraph (A) is productive.

''(7)(A) The Secretary may from time to time modify a system of promotion and advancement under this subsection.

''(B) In modifying a system, the Secretary shall take into account any recommendations made by the exclusive employee representatives concerned.

''(C) In modifying a system, the Secretary shall comply with paragraphs (2) through (5) and shall treat any proposal for the modification of a system as a proposal for a system for purposes of such paragraphs.

''(D) The Secretary shall promptly submit to the congressional veterans' affairs committees a report on any modification of a system. Each report shall include—

''(i) an explanation and justification of the modification; and

''(ii) a description of any recommendations of exclusive employee representatives with respect to the modification and a statement whether or not the modification was revised in light of such recommendations.

''(8) In the case of employees who are not within a unit with respect to which a labor organization is accorded exclusive recognition, the Secretary may develop procedures for input from representatives under this subsection from any appropriate organization that represents a substantial percentage of such employees or, if none, in such other manner as the Secretary considers appropriate, consistent with the purposes of this subsection.

''(9) In this subsection, the term 'congressional veterans' affairs committees' means the Committees on Veterans' Affairs of the Senate and the House of Representatives.''.

(c) TEMPORARY, PART-TIME, AND WITHOUT COMPENSATION APPOINTMENTS.—Section 7405 of such title is amended—

(1) in subsection (a)—

(A) in paragraph (1), by striking subparagraphs (B) and (C) and inserting the following new subparagraphs:

''(B) Positions listed in section 7401(3) of this title.

''(C) Librarians.''; and

(B) in paragraph (2), by striking subparagraph (B) and inserting the following new subparagraph (B):

''(B) Positions listed in section 7401(3) of this title.''; and

(2) in subsection (c)(1), by striking ''section 7401(1)'' and inserting ''paragraphs (1) and (3) of section 7401''.

(d) AUTHORITY FOR ADDITIONAL PAY FOR CERTAIN HEALTH CARE PROFESSIONALS.—Section 7454(b)(1) of such title is amended by striking ''certified or registered'' and all that follows through ''occupational therapists,'' and inserting ''individuals in positions listed in section 7401(3) of this title,''.

SEC. 302. APPOINTMENT OF CHIROPRACTORS IN THE VETERANS HEALTH ADMINISTRATION.

(a) APPOINTMENTS.—Section 7401 is amended—

(1) in the matter preceding paragraph (1), by striking ''medical'' and inserting ''health''; and

(2) in paragraph (1), by inserting ''chiropractors,'' after ''podiatrists,''.

(b) QUALIFICATIONS OF APPOINTEES.—Section 7402(b) is amended—

(1) by redesignating paragraph (10) as paragraph (11); and

(2) by inserting after paragraph (9) the following new paragraph (10):

''(10) CHIROPRACTOR.—To be eligible to be appointed to a chiropractor position, a person must—

''(A) hold the degree of doctor of chiropractic, or its equivalent, from a college of chiropractic approved by the Secretary; and

''(B) be licensed to practice chiropractic in a State.''.

(c) PERIOD OF APPOINTMENTS AND PROMOTIONS.—Section 7403(a)(2) is amended by adding at the end the following new subparagraph:

''(H) Chiropractors.''.

(d) GRADES AND PAY SCALES.—Section 7404(b)(1) is amended by striking the third center heading in the table and inserting the following:

''CLINICAL PODIATRIST, CHIROPRACTOR, AND OPTOMETRIST SCHEDULE''.

(e) MALPRACTICE AND NEGLIGENCE PROTECTION.—Section 7316(a) is amended—

(1) in paragraph (1), by striking ''medical'' each place it appears and inserting ''health''; and

(2) in paragraph (2)—

(A) by striking ''medical'' the first place it appears and inserting ''health''; and

(B) by inserting ''chiropractor,'' after ''podiatrist,''.

(f) TREATMENT AS SCARCE MEDICAL SPECIALISTS FOR CONTRACTING PURPOSES.—Section 7409(a) is amended by inserting ''chiropractors,'' in the second sentence after ''optometrists,''.

(g) COLLECTIVE BARGAINING EXEMPTION.—Section 7421(b) is amended by adding at the end the following new paragraph:

''(8) Chiropractors.''.

(h) EFFECTIVE DATE.—The amendments made by this section shall take effect at the end of the 180–day period beginning on the date of the enactment of this Act.

SEC. 303. ADDITIONAL PAY FOR SATURDAY TOURS OF DUTY FOR ADDITIONAL HEALTH CARE WORKERS IN THE VETERANS HEALTH ADMINISTRATION.

(a) IN GENERAL.—Section 7454(b) is amended by adding at the end the following new paragraph:

''(3) Employees appointed under section 7408 of this title shall be entitled to additional pay on the same basis as provided for nurses in section 7453(c) of this title.''.

(b) APPLICABILITY.—The amendment made by subsection (a) shall take effect with respect to the first pay period beginning on or after January 1, 2004.

SEC. 304. COVERAGE OF EMPLOYEES OF VETERANS' CANTEEN SERVICE UNDER ADDITIONAL EMPLOYMENT LAWS.

(a) COVERAGE.—Paragraph (5) of section 7802 is amended by inserting before the semicolon a period and the following: ''An employee appointed under this section may be considered for appointment to a Department position in the competitive service in the same manner that a Department employee in the competitive service is considered for transfer to such position. An employee of the Service who is appointed to a Department position in the competitive service under the authority of the preceding sentence may count toward the time-in-service requirement for a career appointment in such position any previous period of employment in the Service''.

(b) TECHNICAL AMENDMENTS.—Such section is further amended—

(1) by striking the semicolon at the end of each of paragraphs (1) through (10) and inserting a period;

(2) by striking ''The Secretary '' and all that follows through ''(1) establish,'' and inserting ''(a) LOCATIONS FOR CANTEENS.—The Secretary shall establish,'';

(3) by redesignating paragraphs (2) through (11) as subsections (b) through (k), respectively, and by realigning those subsections (as so redesignated) so as to be flush to the left margin;

(4) in subsection (b) (as so redesignated), by inserting ''WAREHOUSES AND STORAGE DEPOTS.—The Secretary shall'' before ''establish'';

(5) in subsection (c) (as so redesignated), by inserting ''SPACE, BUILDINGS, AND STRUCTURES.—The Secretary shall'' before ''furnish'';

(6) in subsection (d) (as so redesignated), by inserting ''EQUIPMENT, SERVICES, AND UTILITIES.—The Secretary shall'' before ''transfer'';

(7) in subsection (e) (as so redesignated and as amended by subsection (a)), by inserting ''PERSONNEL.—The Secretary shall'' before ''employ'';

(8) in subsection (f) (as so redesignated), by inserting ''CONTRACTS AND AGREEMENTS.—The Secretary shall'' before ''make all'';

(9) in subsection (g) (as so redesignated), by inserting ''PRICES.—The Secretary shall'' before ''fix the'';

(10) in subsection (h) (as so redesignated), by inserting ''GIFTS AND DONATIONS.—The Secretary may'' before ''accept'';

(11) in subsection (i) (as so redesignated), by inserting ''RULES AND REGULATIONS.—The Secretary shall'' before ''make such'';

(12) in subsection (j) (as so redesignated), by inserting ''DELEGATION.—The Secretary may'' before ''delegate such''; and

(13) in subsection (k) (as so redesignated), by inserting ''AUTHORITY TO CASH CHECKS, ETC.—The Secretary may'' before ''authorize''.

TITLE IV—OTHER MATTERS

SEC. 401. OFFICE OF RESEARCH OVERSIGHT IN VETERANS HEALTH ADMINISTRATION.

(a) STATUTORY CHARTER.—(1) Chapter 73 is amended by inserting after section 7306 the following new section:

''§ 7307. Office of Research Oversight

''(a) REQUIREMENT FOR OFFICE.—(1) There is in the Veterans Health Administration an Office of Research Oversight (hereinafter in this section referred to as the 'Office'). The Office shall advise the Under Secretary for Health on matters of compliance and assurance in human subjects protections, research safety, and research impropriety and misconduct. The Office shall function independently of entities within the Veterans Health Administration with responsibility for the conduct of medical research programs.

''(2) The Office shall—

''(A) monitor, review, and investigate matters of medical research compliance and assurance in the Department with respect to human subjects protections; and

''(B) monitor, review, and investigate matters relating to the protection and safety of human subjects and Department employees participating in medical research in Department programs.

''(b) DIRECTOR.—(1) The head of the Office shall be a Director, who shall report directly to the Under Secretary for Health (without delegation).

''(2) Any person appointed as Director shall be—

''(A) an established expert in the field of medical research, administration of medical research programs, or similar fields; and

''(B) qualified to carry out the duties of the Office based on demonstrated experience and expertise.

''(c) FUNCTIONS.—(1) The Director shall report to the Under Secretary for Health on matters relating to protections of human subjects in medical research projects of the Department under any applicable Federal law and regulation, the safety of employees involved in Department medical research programs, and suspected misconduct and impropriety in such programs. In carrying out the preceding sentence, the Director shall consult with employees of the Veterans Health Administration who are responsible for the management and conduct of Department medical research programs.

''(2) The matters to be reported by the Director to the Under Secretary under paragraph (1) shall include allegations of research impropriety and misconduct by employees engaged in medical research programs of the Department.

''(3)(A) When the Director determines that such a recommendation is warranted, the Director may recommend to the Under Secretary that a Department research activity be terminated, suspended, or restricted, in whole or in part.

''(B) In a case in which the Director reasonably believes that activities of a medical research project of the Department place human subjects' lives or health at imminent risk, the Director shall direct that activities under that project be immediately suspended or, as appropriate and specified by the Director, be limited.

''(d) GENERAL FUNCTIONS.—(1) The Director shall conduct periodic inspections and reviews, as the Director determines appropriate, of medical research programs of the Department. Such inspections and reviews shall include review of required documented assurances.

''(2) The Director shall observe external accreditation activities conducted for accreditation of medical research programs conducted in facilities of the Department.

''(3) The Director shall investigate allegations of research impropriety and misconduct in medical research projects of the Department.

''(4) The Director shall submit to the Under Secretary for Health, the Secretary, and the Committees on Veterans' Affairs of the Senate and House of Representatives a report on any suspected lapse, from whatever cause or causes, in protecting safety of human subjects and others, including employees, in medical research programs of the Department.

''(5) The Director shall carry out such other duties as the Under Secretary for Health may require.

''(e) SOURCE OF FUNDS.—Amounts for the activities of the Office, including its regional offices, shall be derived from amounts appropriated for the Veterans Health Administration for Medical Care.

''(f) ANNUAL REPORT.—Not later than March 15 each year, the Director shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on the activities of the Office during the preceding calendar year. Each such report shall include, with respect to that year, the following:

''(1) A summary of reviews of individual medical research programs of the Department completed by the Office.

''(2) Directives and other communications issued by the Office to field activities of the Department.

''(3) Results of any investigations undertaken by the Office during the reporting period consonant with the purposes of this section.

"(4) Other information that would be of interest to those committees in oversight of the Department medical research program.

"(g) MEDICAL RESEARCH.—For purposes of this section, the term 'medical research' means medical research described in section 7303(a)(2) of this title.".

(2) The table of sections at the beginning of such chapter is amended by inserting after the item relating to section 7306 the following new item:

"7307. Office of Research Oversight.".

(b) CONFORMING AMENDMENT.—Section 7303 is amended by striking subsection (e).

SEC. 402. ENHANCEMENT OF AUTHORITIES RELATING TO NONPROFIT RESEARCH CORPORATIONS.

(a) COVERAGE OF PERSONNEL UNDER TORT CLAIMS LAWS.—(1) Subchapter IV of chapter 73 is amended by inserting after section 7364 the following new section:

"§ 7364A. Coverage of employees under certain Federal tort claims laws

"(a) An employee of a corporation established under this subchapter who is described by subsection (b) shall be considered an employee of the Government, or a medical care employee of the Veterans Health Administration, for purposes of the following provisions of law:

"(1) Section 1346(b) of title 28.

"(2) Chapter 171 of title 28.

"(3) Section 7316 of this title

"(b) An employee described in this subsection is an employee who—

"(1) has an appointment with the Department, whether with or without compensation;

"(2) is directly or indirectly involved or engaged in research or education and training that is approved in accordance with procedures established by the Under Secretary for Health for research or education and training; and

"(3) performs such duties under the supervision of Department personnel.".

(2) The table of sections at the beginning of such chapter is amended by inserting after the item relating to section 7364 the following new item:

"7364A. Coverage of employees under certain Federal tort claims laws.".

(b) CLARIFICATION OF EXECUTIVE DIRECTOR'S ETHICS CERTIFICATION DUTIES.—Section 7366(c) is amended—

(1) by inserting "(1)" after "(c)";

(2) by striking "any year—" and all that follows through "shall be subject" and inserting "any year shall be subject";

(3) by striking "functions; and" and inserting "functions."; and

(4) by striking paragraph (2) and inserting the following:

"(2) Each corporation established under this subchapter shall each year submit to the Secretary a statement signed by the executive director of the corporation verifying that each director and employee has certified awareness of the laws and regulations referred to in paragraph (1) and of the consequences of violations of those laws and regulations in the same manner as Federal employees are required to so certify.".

(c) FIVE-YEAR EXTENSION OF AUTHORITY TO ESTABLISH RESEARCH CORPORATIONS.—Section 7368 is amended by striking "December 31, 2003" and inserting "December 31, 2008".

SEC. 403. DEPARTMENT OF DEFENSE PARTICIPATION IN REVOLVING SUPPLY FUND PURCHASES.

(a) ENHANCEMENT OF DEPARTMENT OF DEFENSE PARTICIPATION.—Section 8121 is amended—

(1) by redesignating subsections (b) and (c) as subsections (d) and (e), respectively;

(2) by designating the last sentence of subsection (a) as subsection (c); and

(3) by inserting after paragraph (3) of subsection (a) the following new subsection (b):

"(b) The Secretary may authorize the Secretary of Defense to make purchases through the fund in the same manner as activities of the Department. When services, equipment, or supplies are furnished to the Secretary of Defense through the fund, the reimbursement required by paragraph (2) of subsection (a) shall be made from appropriations made to the Department of Defense, and when services or supplies are to be furnished to the Department of Defense, the fund may be credited, as provided in paragraph (3) of subsection (a), with advances from appropriations available to the Department of Defense.".

(b) EFFECTIVE DATE.—The amendments made by subsection (a) shall apply only with respect to funds appropriated for a fiscal year after fiscal year 2003.

SEC. 404. FIVE-YEAR EXTENSION OF HOUSING ASSISTANCE FOR HOMELESS VETERANS.

Section 2041(c) is amended by striking "December 31, 2003" and inserting "December 31, 2008".

SEC. 405. REPORT DATE CHANGES.

(a) SENIOR MANAGERS QUARTERLY REPORT.—Section 516(e)(1)(A) is amended by striking "30 days" and inserting "45 days".

(b) ANNUAL REPORT ON ASSISTANCE TO HOMELESS VETERANS.—Section 2065(a) is amended by striking "April 15 of each year" and inserting "June 15 of each year".

(c) ANNUAL REPORT OF COMMITTEE ON CARE OF SEVERELY CHRONICALLY MENTALLY ILL VETERANS.—Section 7321(d)(2) is amended by striking "February 1, 1998, and February 1 of each of the six following years" and inserting "June 1 of each year through 2008".

(d) ANNUAL REPORT ON SHARING OF HEALTH CARE RESOURCES.—Section 8153(g) is amended—

(1) by striking "not more than 60 days after the end of each fiscal year" and inserting "not later than February 1 of each year"; and

(2) by inserting "during the preceding fiscal year" after "under this section".

(e) ANNUAL REPORT OF SPECIAL COMMITTEE ON PTSD.—Section 110(e)(2) of the Veterans' Health Care Act of 1984 (38 U.S.C. 1712A note) is amended by striking "February 1 of each of the three following years" and inserting "May 1 of each year through 2008".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. SMITH) and the gentleman from Texas (Mr. RODRIGUEZ) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey (Mr. SMITH).

Mr. SMITH of New Jersey. Madam Speaker, I yield such time as he may consume to the gentleman from Connecticut (Mr. SIMMONS), the chairman of our Subcommittee on Health, who is the prime author of this legislation.

Mr. SIMMONS. Madam Speaker, I thank the gentleman from New Jersey (Mr. SMITH) the distinguished chairman of the Committee on Veterans' Affairs, for all the hard work that he has done over the course of this year, and in previous years, in an effort to bring this legislation to final passage today. He is truly a friend of America's veterans.

Madam Speaker, the bill before us combines substantial portions of seven House and Senate bills dealing with veterans health care matters. As the Subcommittee on Health chairman, I am pleased that we are proposing to rebuild substantial portions of the Department of Veterans Affairs aging capital infrastructure, which is a fancy way of saying their hospital and health care facilities.

Most Members know that America cares for her veterans more than any other country in the world and has provided health care facilities for her veterans for over 100 years. That is the good news. Regrettably, the bad news is that many of these facilities, which provide excellent health care services to our veterans, show signs of aging. They need upgrading or replacement, and that is one of the purposes of the bill before us today.

This legislation is the result of compromise between the House and the Senate. It is the product of many minds. And I am grateful to my ranking member, the gentleman from Texas (Mr. RODRIGUEZ) for all of his help in bringing us to this point here today.

In summary, the bill would authorize six new medical building probables at a total cost of $276.6 million in Chicago, San Diego, West Haven, Lebanon, Beckley, and Pensacola. It also authorizes advance planning of $86.5 million for the Veterans Administration to design five new projects in Denver, Colorado, Columbus, Ohio, Pittsburgh, Pennsylvania, Las Vegas, Nevada, and East Central, Florida. I am confident these projects will be funded once they are fully designed with the authorization provided in this bill.

The Denver project, for example, is a joint venture involving the Veterans Administration and the Air Force to establish a new Fitzsimmons Hospital Center. We believe this project will move forward with $26 million from the VA added to $4 million from the Air Force. And I thank my colleagues, the gentleman from Colorado (Mr. BEAUPREZ) and the gentleman from Colorado (Mr. HEFLEY) for all of their hard work on this project.

Another very important planning project in our bill is for Columbus, Ohio. It would relocate and expand an existing VA clinic to available Federal property. And while this committee wanted to provide the full authorization this year, and, in fact, this body did so, that was opposed by the other body. In the spirit of compromise the committees agreed to provide $9 million for advance planning for the new clinic in Columbus. I thank the gentleman from Ohio (Mr. HOBSON) for his leadership and help with this matter. I personally look forward to going out to Ohio, hopefully, in the company of Secretary Principi, to review the project.

In Pittsburgh, Pennsylvania, the VA needs a new health facility to replace

two aging hospitals, both of which are over 50 years old. The committee has agreed to provide planning funds of $9 million for this project as well.

In addition to these projects, the bill with also delegate to Secretary Principi the ability to prioritize construction projects coming out of VA's so-called ''CARES'' process, provided appropriations to support these projects would be available. And we are confident this approach is a responsible way to proceed. With this delegation of authority to the Secretary, however, we also impose some limits on the VA in this bill. If, for example, as a result of CARES, the Secretary is closing VA medical facilities, or significantly reducing health care staff or consolidating two or more hospitals, we request that VA report these plans to Congress and wait 60 days before proceeding.

In closing, Madam Speaker, I would like to mention two hospital or facility naming pieces of this legislation. First of all, I had the honor as a member of the Committee on Armed Services to serve under Chairman Bob Stump, who also was a distinguished chairman of the Committee on Veterans' Affairs. There is no truer friend to America's veterans than Bob Stump. And we lost him earlier this year, unfortunately, to a long illness. But we wanted to memorialize his service to American veterans in an appropriate and respectful way, which is why our bill names the Prescott, Arizona, VA Medical Center the Bob Stump Department of Veterans Affairs Medical Center.

As well, I want to honor a very distinguished veteran from my own district, John McGuirk, a native of Connecticut, who enlisted in the United States Navy during World War II, serving as a salvage diver. He hazarded death and injury every day of his service, serving in the South Pacific from Pearl Harbor to Manila in the Philippines, including service aboard the salvage ship U.S.S. Laysan Island.

John McGuirk was instrumental in establishing a community-based outreach clinic in New London, Connecticut, on the grounds of the U.S. Coast Guard Academy. And this legislation will memorialize him by naming this clinic after him.

Madam Speaker, I urge all Members to vote in support of final passage of this legislation, the Veterans Health Care Capital Asset and Business Improvement Act of 2003.

□ 1230

Mr. RODRIGUEZ. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise in support of S. 1156, as amended, the Veterans Health Care, Capital Assets and Business Improvement Act of 2003.

This legislation draws the best from provisions offered in this body and the Senate. I have worked closely on the bill with the chairman of the Subcommittee on Health, the gentleman from Connecticut (Mr. SIMMONS). I want to thank him for his graciousness and the hard work. I would also like to thank the gentleman from New Jersey (Mr. SMITH) and also the ranking member, the gentleman from Illinois (Mr. EVANS), for their assistance in finalizing this bill.

I am very pleased that the bill includes important provisions from H.R. 2433, as amended, a bill I introduced with the support of the gentleman from Connecticut (Mr. SIMMONS). I also appreciate the persistence of the gentleman from California (Mr. THOMPSON), who will be speaking, in ensuring that these tests were brought to light in the items that we would be bringing before in this piece of legislation.

This bill will take important steps to remedy the serious wrong done to some of our veterans during the Cold War era. The military conducted a series of about 50 tests over almost a decade to determine the effects of the number of biological and chemical exposures to military operations and whether such exposures could be adequately protected. Many of these veterans participated without their knowledge, and too often veterans who participated in these tests were not properly protected from exposure to the number of stimulants as well as, occasionally, live agents. These agents included sarin and VX nerve gas, as well as biological war agents including Q fever and rabbit fever.

The military has now completed a number of investigations into the operations of the Deseret Test Center and concluded that as many as 6,000 veterans may have been involved. Veteran participation is unacceptable, and we recognize this, and we are concerned; and we want to assure them that if they are suffering lasting health consequence that we will do something about this.

I am very pleased that this legislation does something about that. This bill provides high-priority eligibility for the next 2 years to allow them to seek and receive VA treatment for the health problems including those that may be related to the problems, especially to the exposure of these hazardous agents.

This authority will allow them, and it will not adequately compensate them for what they have gone through, but we are at least beginning to try to correct the situation that we find ourselves in. Allowing them to have their health care concerns addressed may begin to give them the peace of mind this Nation owes them.

I am also pleased the final bill includes many provisions on the bill H.R. 1720, as amended. Madam Speaker, this bill authorizes many worthy construction projects to which the VA has given high priority. Unfortunately, the VA major medical construction has suffered for years as Congress has waited for the results of the CARES program, which is Capital Assets Realignment for Enhanced Services. I hope now that VA is about to approve a final plan, Congress will see fit to provide the appropriations VA requires to invest in its outdated infrastructure that we know is lacking. So we are hoping that we can do more as the report comes out.

A provision in our bill is designed to assure Congress that we are also adequately informed of some less positive developments that may result from this process, facility closures, staff realignments, as well as consolidations that may affect many veterans.

I am also pleased that this bill would give us both the assurance of this notification and the time to respond to these developments. Regardless of its outcome, CARES gave us at least one thing of value and that is the information that it has provided us. Last fall, the VA came forward with data that confirmed the ongoing concerns. I, along with my good friend, the gentleman from Texas (Mr. ORTIZ), have talked about the veterans of south Texas. I know the gentleman from Texas (Mr. ORTIZ) will be speaking today. They suffered long, miserable journeys, up to 6 hours one way, to receive hospital care and some specialized services. And I do not think that anyone knew many of our veterans had the worst access to acute hospital care in the Nation like in south Texas.

I am pleased this bill will require the VA to report to us on the steps it intends to take to resolve this long-lasting problem in south Texas.

This bill will also provide new benefits to former prisoners of war. Under the current law, neither Jessica Lynch nor her comrades who suffered internment in Iraq would be eligible to receive outpatient dental care from the VA. Why? Because they were in captivity for fewer than 90 days. Veterans who have experienced the trauma associated with being prisoners of war deserve dental care regardless of the time of the captivity.

This bill will also do away with these veterans medication co-payments. Surely we can all agree that these veterans have paid enough. This bill will extend and enhance long-term care and mental health programs. The VA continues to study how it will provide care in the future. Congress must remain vigilant about the programs that are needed by some of the most vulnerable veterans in the system.

I am pleased we have continued to support two internal watchdogs to monitor and report to Congress on the methods of improving mental health programs within the VA for the seriously mentally ill and for victims of post-traumatic stress disorder.

With troops who have seen the consequences of combat still in the field, we need the VA permanent programs to be available to both men and women who have trouble readjusting to civilian life.

Madam Speaker, there are numerous additional provisions in the bill that will allow the VA to provide better care to our veterans. I would like to thank the committee leadership and the staff for their hard work on this bill.

Madam Speaker, I rise in support of S. 1156, as amended, the Veterans Health Care, Capital Asset And Business Improvement Act of 2003. The bill draws the best from provisions offered in this body and in the Senate. I have worked closely on this bill with the Chairman of the Health Subcommittee, Mr. SIMMONS. I would also like to thank Chairman SMITH and Ranking Member EVANS for their assistance in finalizing this bill.

I am most pleased that the bill includes important provisions from H.R. 2433, as amended, a bill I introduced with the support of my Chairman, Mr. SIMMONS. I also appreciate the persistence of the gentleman from California, MIKE THOMPSON in ensuring that these tests were brought to light. This bill will take important steps to remedy a serious wrong done to some veterans during the Cold War era. The military conducted a series of about 50 tests over almost a decade to determine the effect of a number of biological and chemical exposures on military operations and whether such exposures could be adequately detected. Too often veterans who participated, sometimes unwittingly, in these tests were not properly protected from exposures to a number of stimulants and, occasionally, live agents. These agents included Sarin and VX nerve gas as well as biological war agents including Q fever and rabbit fever.

The military has now completed a number of investigations into the operations of the Deseret Test Center and concluded that as many as 6000 veterans may have been involved. Veteran participants are understandably concerned and want assurances that they are not suffering lasting health consequences related to these tests. This bill provides high-priority health care eligibility to these veterans for the next two years to allow them to seek and receive VA treatment for any health problems, including those they believe may be related to exposures to these hazardous agents. This authority will never adequately compensate veterans for their participation in dangerous tests, but allowing them to have their health care concerns addressed may begin to give them the peace-of-mind the nation owes them.

I am also pleased that the final bill includes many of the provisions from H.R. 1720, as amended. Madam Speaker, this bill authorizes many worthy construction projects to which VA has given high priority. Unfortunately, VA's major medical construction has languished for years as Congress has waited for the results of the Capital Assets Realignment for Enhanced Services (CARES) study. I hope now that VA is about to approve a final plan, Congress will see fit to provide the appropriations VA requires to invest in its outdated infrastructure. If so, this will be a positive outcome of CARES. A provision of our bill is designed to ensure Congress that we are also adequately informed of some less positive developments that may result from this process—facility closures, staff reassignments and consolidations that may affect many veterans. I am pleased that this bill will give us both the assurance of this notification and the time to respond to these developments.

Regardless of its outcomes, CARES gave us at least one thing of value—information. Last fall, VA came forward with data that confirm ongoing concerns I, along with my good friend Solomon Ortiz, have had about the veterans of South Texas. We knew they often suffered long, miserable journeys—up to 6 hours one way—to receive hospital care and some specialized services, but I don't think anyone knew many of our veterans had the worst access to acute hospital care in the nation! I am pleased this bill will require VA to report to us on steps it intends to take to resolve this longstanding problem.

This bill will provide new benefits to former prisoners-of-war. Under current law, neither Jessica Lynch nor her comrades who suffered internment in Iraq would be eligible to receive outpatient dental care from the VA. Why? Because they were in captivity for fewer than 90 days. While this limitation on eligibility was based on a rationale, it now seems capricious. Veterans who have experienced the trauma associated with being a prisoner of war deserve dental care regardless of their time in captivity. This bill will also do away with these veterans' medication copayments. Surely we can all agree that these veterans have paid enough.

This bill will extend and enhance long-term care and mental health problems. As VA continues to study how it will provide health care in the future Congress must remain vigilant about these programs that consume many resources but are needed by some of the most vulnerable veterans in the system. I am pleased we will also require two internal watchdogs that have made solid recommendations for improving mental health programs to continue to report to Congress on the VA's services for the seriously mentally ill and for veterans with Post-Traumatic Stress Disorder. With troops who have seen the consequences of combat still in the field we will need VA's pre-eminent programs to be available to the men and women who have trouble readjusting to civilian life.

Madam Speaker, there are a number of additional provisions in this bill that will allow VA to provide better care to our veterans. I thank the Committee leadership and the staff for their hard work on the bill and want to commend it to all of my colleagues.

Madam Speaker, I reserve the balance of my time.

Mr. SMITH of New Jersey. Madam Speaker, I yield 3 minutes to the gentleman from Indiana (Mr. BUYER), the distinguished chairman of our Subcommittee on Oversight and Investigations.

Mr. BUYER. Madam Speaker, this is excellent bipartisan legislation, not only between the Members of this body but also between the House and the Senate. This is a good compromise, not only with regard to major facility construction, whether it is to improve, renovate, replace, update and establish new health care facilities around the country. That is an excellent portion of this bill.

I would like to bring to my colleagues' attention that included in this compromise package is some legislation I authored to ensure the ethical treatment and safety of veterans who participate in VA medical research. We spend a lot of money on VA medical research, and there have been some incidents over the years whereby veterans have been harmed. And just the title of what it is called, Human Subject Protection, by calling humans subjects, it even sort of desensitizes the issue that there is a human being here at stake.

The VA medical research human subject protections section of this bill does the following:

We will establish an independent office to oversee research and compliance and assurance.

This bill will also provide that the new office counsels the Under Secretary for Health on all matters related to the protection of human research subjects, research misconduct and impropriety, and also the ethical conduct of research, and research safety.

That office shall investigate allegations of research, misconduct and impropriety; suspend or restrict research to ensure the safety and ethical treatment of human subjects; and assure compliance in the conduct of research.

The director of the office shall conduct periodic inspections at research facilities, observe external accreditation site visits, investigate allegations of research misconduct and improprieties.

This bill also requires the immediate notification of the Under Secretary for Health when endangerment of human research subjects is evident or suspected and requires that Congress be notified when research misconduct or impropriety has been discovered.

This bill provides that funding for the new office would be independent from the Office of Research and Development.

Finally, the bill mandates that the Comptroller General of the United States conduct a study of the effectiveness of this new office and submit a report to Congress by January 1, 2006.

I want to thank all Members of the House Committee on Veterans' Affairs and the Senate for including this language in section IV of the bill. In particular, I want to thank the gentleman from New Jersey (Mr. SMITH) and the ranking member, the gentleman from Illinois (Mr. EVANS), and the ranking member of the Subcommittee on Oversight and Investigations, the gentlewoman from Oregon (Ms. HOOLEY), for co-sponsoring the legislation. Also, in

particular, the gentleman from Connecticut (Mr. SIMMONS) and the ranking member, the gentleman from Texas (Mr. RODRIGUEZ), for this bill at the subcommittee level, for bringing this to the attention of all of our colleagues. This is good legislation and good work, and I thank everyone for their efforts.

Mr. RODRIGUEZ. Madam Speaker, I yield 2 minutes to the gentleman from Illinois (Mr. EVANS), the ranking Democrat.

Mr. EVANS. Madam Speaker, I rise to support the Veterans Health Care, Capital Asset and Business Improvement Act of 2003. I want to start out by thanking the gentleman from New Jersey (Mr. SMITH) again for his willingness to work closely with me and the Democratic members of the committee to develop this as a final package. Credit goes to the gentleman from Connecticut (Mr. SIMMONS) and the ranking member, the gentleman from Texas (Mr. RODRIGUEZ), for moving these measures to the floor today.

The bill anticipates the final approval of the CARES plan, identifying Congress's priorities requiring notification of major initiatives that come before the plan. I will continue to work behind the curtain and in front of the public to get this legislation passed.

The bill memorializes two great friends of mine: Bob Stump, who was an advocate for veterans throughout his career. We truly miss him not being on the committee anymore. He was a great American, and we salute his courage in standing up for what he believed in. Also, Jesse Brown, a veterans advocate as well, the former Secretary of Veterans Affairs for veterans. And we recognize these contributions of these two veterans with the passage of this bill.

This is a laudable effort for improving services for elderly and mentally-ill veterans. It strives to make VA the first choice. I am proud of the committee's work.

Madam Speaker, I rise to support the Veterans Health Care, Capital Asset and Business Improvement Act of 2003. I want to thank Chairman SMITH for his ongoing commitment to veterans and his willingness to work closely with us on the development of this final package.

There are many important provisions in this bill. I appreciate the good bipartisan work of Chairman SIMMONS and Ranking Member RODRIGUEZ in shepherding these measures from the Health Subcommittee to our consideration of a final conference package on the floor today.

This bill anticipates the final approval of the National Capital Asset Realignment for Enhanced Services (CARES) Plan. This Plan may set the framework for the first significant investment in the VA medical care system's infrastructure in several years. We are now way behind in making the needed investments—some estimate that the deficit is as high as $6 billion in delayed VA projects. VA's Phase I Study in VISN 12 has offered interested parties a view to the future under a CARES-like process. I had to look no further than upstate Illinois to see how the administration might handle the hundreds of new proposals it has on tap if most of the recommendations in the Draft CARES Plan are adopted.

The answers I received about the plan for VISN 12 were unsettling. This is particularly true since this Phase I study is the prototype for the larger National plan. VA planned to close one of the divisions of VA Chicago without sure funding for a modern new bed tower at the other division. This replacement facility was, in my view and many others, the linchpin to a successful integration. There are still no plans to develop the on-site multispecialty outpatient clinic veterans were promised.

This spring I introduced H.R. 2349 which authorized funds to construct the new bed tower at the West Side division of VA in Chicago. It also attempted to hold VA's feet to the fire to fund and build the new bed tower by prohibiting VA from disposing of the closed facility until it began construction on its replacement. Instead of the restrictions I put on VA in my bill, I have agreed to establish priorities for spending appropriations designated for CARES projects. This conference package gives the highest priority to facilities, such as West Side, that are needed to replace capacity at facilities that CARES will recommend closing, consolidating or converting in some fashion. It also gives high priorities to projects that remedy life safety and seismic deficiencies.

My bill contained additional projects that are worthy of our appropriators' consideration. It authorizes $48,600,000 for the correction of seismic deficiencies in San Diego, California, and $50,000,000 for medical care and research renovations in West Haven, Connecticut. My bill included lease authority for Las Vegas. We have since learned that VA's needs there may be evolving and settled on appropriating advance planning funds in the amount of $25,000,000 for a major medical facility project there.

The bill also adopts language inspired by a provision introduced by my friend from Kansas, DENNIS MOORE. His bill has tremendous and broad-based support in this body. The provision requires VA to notify Congress in writing of actions proposed under the CARES initiative that would result in medical facility closures, significant staff realignments or medical facility consolidations and prohibits VA from taking these actions before 45 days following the notification or 30 days of continuous session of Congress.

I plan to continue to look behind the CARES process to ensure that VA is making its decisions in the best interest of veterans—not the bottom line.

In addition to honoring my friend, the late Jesse Brown, the former Secretary "for" Veterans Affairs by naming the VA Medical Center (West Side Division) in Chicago for him, this final package will name the Prescott VA Medical Center for our Committee's former Chairman, and my personal friend, the late Bob Stump. We honor two true veterans' advocates with the passage of this bill, and I am pleased to be associated with it.

Madam Speaker, I am pleased that we are finally able to authorize VA to provide health care to certain Filipino World War II veterans of the Philippines Commonwealth Army and former Philippines "New Scouts" who permanently reside in the United States, in the same manner as provided to U.S. veterans. I commend my colleague, Mr. FILNER, for his persistence in seeing this to fruition.

Several years ago, my friend from California, MIKE THOMPSON, discovered that many veterans had participated in a series of dangerous tests to identify the military's ability to detect and protect itself from biological and chemical attacks. His doggedness led the military to admit responsibility for conducting these tests which involved spraying American troops with agents that were, in some cases, extremely potent. The ranking member of the Health Subcommittee, CIRO RODRIGUEZ, saw an opportunity to do some justice for these veterans by giving them access to VA health care for any condition for two years. This will allow these veterans to seek care for conditions they believe may be related to their exposures. I am pleased to support this provision.

This bill is laudable for improving services for elderly and mentally ill veterans. One provision allows VA authority to provide work skills training and development services, employment support services and job development and placement services as part of a more comprehensive rehabilitation package. This is likely to improve the therapeutic outcomes for seriously mentally ill veterans, homeless veterans and veterans with substance use disorders—those who can truly benefit from hands-on job coaching services. It extends authority for VA to provide properties foreclosed under its home loan program to nonprofit homeless service providers. VA has made extensive use of this authority and nonprofits have provided many nights of care to homeless veterans as a result.

The bill extend VA's authority to provide a range of non-institutional extended care services and a mandate to provide medically necessary, institutional nursing care services to severely service-connected disabled veterans through December 31, 2008. It allows VA to extend and add a site to its important pilot program on assisted living for veterans. It provides earmarked funding for specialized mental health services for veterans in each of the next three fiscal years. It also continues the reports of two important VA advisory groups who have made a series of solid recommendations to the Under Secretary for Health and the Congress about programs for seriously mentally ill veterans and veterans with post-traumatic stress disorder.

Finally, this bill strives to make VA an employer of choice. We have reached one of those rare compromises that seem to offer something to everyone by creating a new appointment and promotion authority for certain clinical personnel, such as clinical psychologists, social workers, audiologists, kinesiologists, and others in the Veterans Health Administration (VHA). This authority will allow these employees to enjoy some of the same protections other Federal workers have, but will also provide VA with greater hiring and

promotion flexibility. Some health care workers, mostly nursing assistants, will enjoy Saturday premium pay under this bill. It will allow VA to appoint employees of the Veterans' Canteen Service taking into consideration their time in service in that capacity. We have offered VHA the authority to hire chiropractors to enhance the types of health care services it routinely offers veterans.

Madam Speaker, I am proud of the Committee's work on this bill and encourage all of my colleagues to approve it.

Mr. SMITH of New Jersey. Madam Speaker, I yield 2 minutes to the distinguished gentleman from Arizona (Mr. RENZI), a member of the committee, and a very active one at that.

Mr. RENZI. Madam Speaker, I want to begin by commending the chairman, the gentleman from New Jersey (Mr. SMITH), and the gentleman from Illinois (Mr. EVANS), the gentleman from Connecticut (Mr. SIMMONS), and the gentleman from Texas (Mr. RODRIGUEZ) for their hard work in crafting a comprehensive bill that gives great improvements to veterans health care programs.

It is imperative at this time especially that we honor the service of veterans and provide for the quality of life they have helped foster for their years of service to us and this Nation.

This bill ensures the VA health care system will continue to provide the highest quality health care services to our Nation's patriots.

I would like to take a minute to highlight a provision in this bill that honors the memory of a veteran that served in this body. Congressman Bob Stump dedicated his life to the service of this country, first in World War II as a Navy medic, then as an elected official in the State of Arizona, and also in the House of Representatives here in Washington.

Throughout his career, he devoted his efforts to taking care of men and women in uniform on and off the battlefield who committed themselves to defend this Nation and our Constitution. As the previous chairman of the House Committee on Veterans' Affairs, he worked for over 20 years in support of increased health care benefits for veterans and in strengthening the Montgomery GI Bill to allow veterans to have greater access to education and training.

This bill honors the legacy of Bob Stump and his steadfast commitment to veterans by renaming the Prescott Veterans Affairs Medical Center in Prescott, Arizona, the Bob Stump Veterans Affairs Medical Center.

I would like to thank members of his staff, Delores Dunn, Joanne Keeane, and Susan Hosinpellar, who continue to carry on the tradition of his service. It is they who brought forward this idea, along with the Arizona delegation who helped make it happen. It is a fitting tribute to one of our Nation's greatest heroes.

Mr. RODRIGUEZ. Madam Speaker, I yield 3 minutes to the gentleman from California (Mr. FILNER).

Mr. FILNER. Madam Speaker, I also rise in support of S. 1156 as it comes to the House.

As I said yesterday on the floor of the House and I will say again to the chairman of the Committee on Veterans' Affairs and the ranking member, the gentleman from New Jersey (Mr. SMITH) and the gentleman from Illinois (Mr. EVANS), if we take the benefits package that we passed yesterday and the health package that we will pass today, the sum together of these make this year one of the most productive years ever for benefits and health care for our Nation's veterans.

□ 1245

I want to congratulate our leadership on that.

Let me just speak quickly to two of the provisions in this bill. One of them provides access to the veterans medical facilities to all Filipino World War II veterans who legally reside in the United States. This is a benefit that comes from my bill, H.R. 664, and for which I have been fighting for many years, and I thank all the folks involved, the gentleman from Connecticut (Chairman SIMMONS), the gentleman from Texas (Ranking Member RODRIGUEZ), as well as Veterans' Affairs Secretary Principi for bringing this to the floor today.

The Filipino soldiers during World War II helped us win the war in the Pacific, and their brave, courageous stands in the epic battles of Bataan and Corregidor, their critical participation in guerrilla warfare that slowed up the Japanese advance, caused them to suffer greatly after the war when the Congress of 1946 deprived them of the very benefits in both health and benefits that they had been promised.

These veterans are now in their seventies and eighties. Their most urgent need is health care. So it is with great joy that I urge my colleagues to vote for this bill. It will restore dignity and honor to these brave veterans where over 50 years of injustice burns in their hearts. Their sons and daughters and they themselves, I know, are watching this floor today and are going to have great celebration when we pass this bill later on.

What we are saying here today is that these veterans are indeed United States veterans, and we are going to begin remedying the historical injustice that we inflicted upon them. We will make good on the promise of America for these brave veterans.

In addition, as has been mentioned, this bill contains major medical investments in many areas of this country, including San Diego, California. The average health care facility in the VA is more than 50 years old. So we have to update these buildings. The building in San Diego is in dire need of seismic correction, and it is one of 60 projects that the VA has identified that need these seismic corrections. So we cannot turn our heads away without acting any longer. We cannot continue to leave VA patients and employees in harm's way.

For all these reasons and more, I urge passage of Senate bill 1156.

Mr. SMITH of New Jersey. Mr. Speaker, because there have been so many requests for time on our side, as well as on the Democratic side, I ask unanimous consent that we extend this debate by 10 minutes equally divided between the minority and majority.

The SPEAKER pro tempore (Mr. BURGESS). Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. SMITH of New Jersey. Mr. Speaker, I yield 2 minutes to the gentleman from Colorado (Mr. HEFLEY), the distinguished chairman of the Committee on Standards of Official Conduct.

Mr. HEFLEY. Mr. Speaker, let me tell my colleagues this is a good bill. This recognizes needs that have gone unmet for in some cases seems like generations, and I am not going to go through and describe the bill in its totality because other speakers have done it better than I can, but let me just say an area that I am particularly interested in is the authorization for the Secretary of Veterans' Affairs to enter into a contract in the amount of $26 million for the advance planning and engineering for the VA medical facility project at the former Fitzsimons Army Medical Center site in Aurora, Colorado.

As the gentleman from Connecticut (Mr. SIMMONS) said, the University of Colorado Hospital is moving to this new medical campus, which is really going to be something to see when it is completed, and they have cooperated with the veterans hospital over the years, and now to bring the veterans hospital out there with the savings that goes with that, it is going to be a magnificent medical facility.

The VA Medical Center at Fitzsimons, with this co-location with the Colorado Health Sciences Center and University of Colorado Hospital will be a veteran-friendly, state-of-the-art medical campus providing veterans with highly specialized medical needs with easy access to the best diagnostic and treatment programs that America can provide for veterans anywhere in America.

The Denver Veterans Medical Center's relocation is a unique opportunity to provide solid and constructive solutions to the challenges of aging facilities issues and new facilities costs while providing enhanced quality of medical care for veterans.

I believe that co-locating the Denver Veterans Medical Center with the University of Colorado Hospital will

achieve the goals of providing the most modern, comprehensive and cost-effective medical care that our Nation can provide our veterans.

Congress has a duty to provide the best medical care it can to our Nation's veterans, and we must always strive for the very best health care services it can by utilizing the most cost-effective measures available, and for this reason, I am very much in support of Senate bill 1156 and encourage my colleagues to vote for it.

I have said it before, and so I am being redundant, but I will say it again, no one cares more about the veterans of this Nation than the gentleman from New Jersey (Mr. SMITH) and the gentleman from Connecticut (Mr. SIMMONS), and they have just done a magnificent job of putting this bill together with the limitations we have. It is a wonderful bill.

Mr. RODRIGUEZ. Mr. Speaker, I yield 3½ minutes to the gentlewoman from Nevada (Ms. BERKLEY), a member of the committee.

Ms. BERKLEY. Mr. Speaker, I thank the gentleman from Texas for his leadership in this issue.

Mr. Speaker, I rise today in support of this legislation which contains so many worthwhile VA medical construction projects across the country, including a medical complex in southern Nevada. I would like to thank the gentleman from New Jersey (Mr. SMITH), the Committee on Veterans' Affairs chairman, and the gentleman from Illinois (Mr. EVANS), the ranking member, for working closely with me and other members on this important measure.

Southern Nevada's veterans population is one of the fastest growing in the United States. The VA predicts that the number of annual visits by veterans in the Las Vegas Valley to their primary health care clinic will rise from 200,000 to more than a half a million by 2010. That is a mere 7 years from now, and the number of hospital beds needed to serve the veterans in my community will increase by 50 percent.

The VA is already struggling to address and meet the current demands on the VA health care structure in the Las Vegas valley. Last year, 1,500 southern Nevada veterans were sent to neighboring States because we could not provide the needed services locally. This is a terrible burden on those veterans and their families. They should not have to travel hundreds of miles across the country for needed care.

In addition, due to the decrepit conditions and structural deficiencies, the VA evacuated the Addelier D. Guy VA Clinic in Las Vegas after only 5 years in operation, forcing veterans to rely on a string of temporary clinics scattered across the Las Vegas Valley. I cannot tell my colleagues what a travesty it is when I see 80-year-old veterans waiting for a shuttle in 110 degree temperature in the middle of Las Vegas summers, waiting for a shuttle to pick them up to take them from one location to another for their health care needs. It is a horrible sight to see and must be corrected as quickly as possible.

In short, southern Nevada is facing a veterans health care crisis. Recently, the Department of Veterans' Affairs released the CARES document which proposes $4.6 billion worth of VA construction projects across the country. The CARES initiative directs funding to construct new facilities in areas where veterans populations are growing such as the Las Vegas Valley. Because of the explosive growth in the number of veterans living in and around Las Vegas, the CARES initiative calls for the construction of a full-scale medical facility, including a full-service patient care hospital and outpatient clinic and a comprehensive long-term care nursing facility of which we have none of those.

To fully understand the current health and medical care needs of the 5 million veterans and veteran services that will be needed in the next 20 years, the CARES Commission evaluated the plan and heard testimony in 38 public hearings across the country, including Las Vegas, from veterans, Members of Congress, VA employees, local government officials and veteran service groups. I commend the work of the CARES Commission. This process was done with our veterans squarely in mind, focused not only on those areas that have multiple facilities but also on the fastest growing regions, like southern Nevada, which lack the facilities needed to keep pace with the sudden influx of veterans from other areas of the country. Any plan to address shortcomings in veterans' care must reflect the need to expand services in areas where our veterans live.

This bill that I speak of, and that we are here today to discuss, authorizes the Secretary of the VA to provide $25 million to carry out the advance planning of a full-scale VA medical complex in Las Vegas, Nevada, as outlined through the draft of the CARES plan. This authorization is the first step in addressing the health care crisis of the veterans in southern Nevada.

I urge my colleagues to support this legislation. I cannot tell my colleagues how important it is to the veterans across the country.

Mr. SMITH of New Jersey. Mr. Speaker, I yield 2 minutes to the distinguished gentleman from Colorado (Mr. BEAUPREZ), who along with the gentleman from Colorado (Mr. HEFLEY) worked very, very hard for the Fitzsimons Hospital, and I am very grateful for their help.

Mr. BEAUPREZ. Mr. Speaker, I thank the gentleman for yielding me the time.

Mr. Speaker, I am proud to speak today in support of the Veterans Health Care Capital Asset and Business Improvement Act of 2003.

Like many systems in the VA, the Denver Medical Veterans Center in Colorado was constructed about 50 years ago primarily to provide low-volume inpatient care to our veteran population in Colorado. Today, we have an opportunity to provide health care in a much more efficient manner.

This legislation, as has already been mentioned, will allow for the relocation of the VA hospital to the new Fitzsimons campus. Such relocation would allow for a modern facility to deliver modern health care on a state-of-the-art medical campus. The VA would be able to continue the synergistic University of Colorado partnership which will provide numerous operational efficiencies, as well as access to an extensive staff of doctors, technicians and specialists. S. 1156 would authorize this critical relocation.

It is my belief that the savings in operational efficiencies at Fitzsimons in itself will pay for the construction of the new hospital. Construction of a new hospital at Fitzsimons also allows for the ability to build a much-needed spinal cord injury center.

This new hospital and the strengthened partnership holds potential for cutting edge enhancements in veteran health care through collaborative research with the university. The unparalleled quality of health care that will be afforded to our veterans with this unique partnership is not something that we should deny our veterans. In addition to the university and the VA, this legislation authorizes the DOD to join the Fitzsimons VA partnership to provide health care to the nearby Buckley Air Force Base. Many of us believe that the new Fitzsimons VA Hospital may become a new model for delivery of health care for our veteran population.

Regardless of where our veterans happen to live, they deserve the best care possible, and as the House votes today on this measure, I ask that we all keep in mind the long-term planning mission of the VA, which is to improve access to and the quality and cost-effectiveness of veteran health care.

I want to particularly thank and commend my colleagues, the gentleman from Colorado (Mr. HEFLEY), especially the gentleman from New Jersey (Mr. SMITH), the chairman; and the gentleman from Connecticut (Mr. SIMMONS), subcommittee chairman; the gentleman from Texas (Mr. RODRIGUEZ), the subcommittee ranking member, and the gentleman from Illinois (Mr. EVANS), the ranking member, for their passionate, unrelenting service on behalf of our veterans and for bringing this legislation to the floor. I commend them, and I also thank my

colleagues in the other body for looking favorably on this critical project. I strongly support the passage of S. 1156.

Mr. Speaker, I am proud to speak today in support of S. 1156, the Veterans Health Care Capital Asset and Business Improvement Act of 2003. Many facilities in the VA healthcare system are run-down, decrepit buildings that are not conducive to providing quality healthcare to our veterans.

The Denver Veterans Medical Center in Colorado was constructed about 50 years ago primarily to provide low-volume inpatient care to our veteran population. In Colorado today, we have an opportunity to provide health care in a much more efficient manner.

The Denver Veterans Medical Center in its decaying state is faced with two main alternatives with regard to their facility. The first alternative is to invest in the renovation of this facility to make it capable of handling the medical needs of our current veteran population, and the changing needs of that population over the next 20 years. After such a renovation, not only would the VA still be left with a 50-year old buildings, but it would also be an orphaned medical center, as the University of Colorado Health Science Center—the VA partner for 50 years—is relocating to the redeveloping Fitzsimons Army Base.

The second alternative is to relocate the VA Hospital to the new Fitzsimons campus, as well. Such relocation would allow for a modern facility to deliver modern health care on a state of the art medical campus. The VA would be able to continue the synergistic University of Colorado partnership, which will provide numerous operational efficiencies as well as access to an extensive staff of doctors, technicians, and specialists. S. 1156 would authorize this critical relocation.

It is my belief that the savings in operational efficiencies at Fitzsimons in itself will pay for the construction of the new hospital. Construction of a new hospital at Fitzsimons also allows for the ability to build a much-needed Spinal Cord Injury center.

One final reason construction of a new VA hospital at Fitzsimons is a better option, lies in the hospital's potential for cutting-edge enhancements in veteran health care through collaborative research with the university. The unparallel quality of healthcare that will be afforded to veterans with this unique partnership is not something we can deny to our veterans. Additionally, this legislation authorizes the DOD to join in the Fitzsimons VA partnership to provide healthcare to the nearby Buckley Air Force Base. Many of us believe that the new Fitzsimons VA Hospital may become a new model for delivery of healthcare for our military veterans.

Regardless of where our veterans happen to live, they deserve the best care possible. As the House votes on this measure today, I ask that we all keep in mind the long-term planning mission of the VA: "to improve access to, and the quality and cost effectiveness of, veterans health care." I would like to thank my colleagues Mr. HEFLEY, Chairman SMITH and Chairman SIMMONS for their leadership on their efforts to bring this measure to the floor. I also thank my colleagues in the other body for looking favorably on this critical project. I strongly support S. 1156 and hope my colleagues will join me in passing this important legislation.

Mr. RODRIGUEZ. Mr. Speaker, I yield 3 minutes to the gentlewoman from California (Ms. MILLENDER-MCDONALD).

Ms. MILLENDER-MCDONALD. Mr. Speaker, I rise in strong support of the Department of Veterans Affairs Long-Term Care and Personnel Authorities Enhancement Act of 2003. I would like to thank the gentleman from New Jersey (Chairman SMITH) and the gentleman from Illinois (Ranking Member EVANS) for their commitment to veterans issues and their steadfast leadership and dedication to those men and women who have served us admirably in this country and throughout the world.

I want to also thank the gentleman from Connecticut (Mr. SIMMONS), subcommittee chair, and the gentleman from Texas (Mr. RODRIGUEZ), the ranking member, for their dedication and leadership. They are all steadfast in ensuring that veterans have their proper stay in terms of care.

Another person who has worked tirelessly for the committee and for Filipino veterans is my colleague and friend from California (Mr. FILNER). His commitment and resolve has been stellar on behalf of these veterans whom we both serve.

□ 1300

This bill, Mr. Speaker, is a long time coming. There are many, many good measures in this bill. I applaud the committee for doing good and timely work.

Mr. Speaker, addressing the current and future needs of our veterans must continue to be a national top priority. There is one important measure in this bill, though, that has been particularly close to me for the past several years. I want to applaud and thank members of the Committee on Veterans' Affairs for including the authorization to provide hospital and nursing home care and medical services to Filipino World War II veterans of the Philippines Commonwealth Army and former Philippines New Scouts in the same manner that is provided for other U.S. veterans and who reside permanently in the United States.

Currently, there are 11,000 World War II Filipino veterans who are citizens or legal residents of the United States. Many of these brave veterans are in their seventies and eighties and in desperate need of health benefits, and I am proud to represent many of them in my district. Passage of this language provides health benefits to these brave men, as well as benefiting our communities across the country.

I represent a district with approximately 35,000 Filipinos, the largest population of Filipino veterans in America. And for several years now, I have put my heart and soul into the welfare of many Filipino veterans who have asked me to help them in their struggle for recognition and equity in acquiring benefits.

I have witnessed firsthand how providing these long overdue health benefits will affect our families, our neighborhoods, our friends and, ultimately, our communities. I urge my colleagues to support this very important legislation on behalf of all of our veterans, and especially these Filipino veterans who have waited long enough.

Finally, I want to commend the committee on H.R. 2297, the Veterans Benefit Act of 2003, which passed the floor last night. This legislation addressed many issues that are also very important to the Filipino community. H.R. 2297 included language that extended eligibility for burial in the National Cemeteries to new Filipino scouts.

For this, Mr. Speaker, and for all other reasons and the great provisions of this bill, I want to thank the committee, and especially thank the Secretary of Veterans Affairs, Secretary Principi, for his leadership and guidance.

Mr. SMITH of New Jersey. Mr. Speaker, I yield 1 minute to my good friend, the gentleman from Nevada (Mr. GIBBONS).

Mr. GIBBONS. Mr. Speaker, in honor of our former friend and colleague, a World War II veteran, the veterans' great friend across this country, the late Bob Stump, I rise in strong support of this legislation, S. 1156, the Department of Veterans Affairs Long-Term Care and Personnel Authorities Enhancement Act of 2003. I want to add my voice in support of those who have already spoken in support of this legislation.

This bill goes a long way in providing our Nation's veterans with the medical care that they have earned and deserve. The long-term health care that this bill provides communities across the country, including southern Nevada, is desperately needed. Southern Nevada, as you have already heard, has one of the highest, fastest-growing veterans populations in the country; and their needs have far outstrip the current care capacity of the current VA facilities in the area.

Fulfilling the current and future health care needs of our veterans must remain a high priority. I applaud the commitment of our colleagues in the House, especially the Nevada delegation, in meeting the needs of Nevada's veterans. I also applaud the work of my colleagues in the other Chamber on this bill.

I urge my colleagues in the House to support S. 1156. The assistance it provides to Nevada's veterans and veterans across this country is long overdue.

Mr. RODRIGUEZ. Mr. Speaker, I yield 3 minutes to the gentleman from California (Mr. THOMPSON), who has

been in the forefront of the issue of Project SHAD and Project 112.

Mr. THOMPSON of California. Mr. Speaker, I thank the ranking member for yielding me time.

Mr. Speaker, I rise today in support of this bill. It includes a number of provisions that are of critical importance to our veterans community. One such inclusion is based on the bill authored by the gentleman from Texas (Mr. RODRIGUEZ) that would provide health care free of charge to veterans who participated in what are known as Project 112 and Project SHAD. These projects were a series of over 100 tests that subjected our servicemen and our servicewomen to harmful chemical and biological agents and possibly to decontaminates now believed to be harmful. While we still have a long way to go in getting to the bottom of this issue, this bill provides important care to our veterans who, in many cases, unknowingly participated in these trials. I commend the gentleman from Texas (Mr. RODRIGUEZ) and the other members of the committee for working to provide for this critical health care provision.

My own experience with this came when a constituent of mine called and said that he had participated in Project SHAD. He and a number of his shipmates now have cancer, and he wanted help.

After 3 years of investigation, the Department of Defense revealed last year that these tests involved live agents, in some cases, VX nerve gas, sarin nerve gas, and E. coli. The Department of Defense describes VX as one of the most lethal substances ever synthesized, and sarin, as we all know, was used in that tragic terrorist attack, not only tragic, but deadly terrorist attack, on the Tokyo subway a few years ago. We put at least 5,000 of our servicemembers at risk by exposing them to these hazardous agents.

We have a duty to rectify this disgraceful conduct on the part of the Department of Defense. Project 112 and Project SHAD and similar cases of chemical and biological testing involving servicemembers are issues of trust and integrity. Our military personnel put their trust in our government to protect them, and our integrity has been compromised because, nearly 40 years later, we are still not protecting them.

I urge all Members of this House to vote for this bill and take one step towards renewing this trust in our veterans, whom we so respect and so depend upon.

Mr. SMITH of New Jersey. Mr. Speaker, I yield 2 minutes to the distinguished gentleman from Nebraska (Mr. OSBORNE).

Mr. OSBORNE. Mr. Speaker, I would like to especially thank the gentleman from New Jersey (Chairman SMITH), the gentleman from Connecticut (Chairman SIMMONS), and the gentleman from Texas (Mr. RODRIGUEZ) for their work on this bill. It is an excellent piece of legislation.

Mr. Speaker, the biggest veterans health care issue in my district, which is largely rural, is access. We have a great many veterans who are driving hundreds of miles and sometimes many hours to a clinic; and as a result, many of them, particularly the oldest and the sickest, simply cannot get there. They do not have access. Also, of course, they are facing waiting lists sometimes of several months.

Mr. Speaker, what I did was I submitted legislation to provide vouchers for health care to local hospitals. That legislation is not in this particular bill. However, this legislation expresses the sense of Congress that the Secretary of Veterans Affairs should take steps to ensure that an appropriate mix of facilities and clinical staff is available for health care for veterans residing in rural areas. I really applaud members for getting that in there, because I think that is badly needed.

In addition, the legislation also contains a requirement that 120 days after the date of enactment of this legislation, the Secretary of Veterans Affairs shall submit to the Committee on Veterans' Affairs of the Senate and the House a report describing the steps the Secretary is taking to improve access to health care for veterans residing in rural areas.

So I applaud Members for getting that in there and also requiring at least a 120-day report. We appreciate this. I would like to thank my colleagues for including these important provisions, and thank them for this bill. I urge support.

Mr. RODRIGUEZ. Mr. Speaker, I yield 2 minutes to the gentleman from Texas (Mr. ORTIZ), whom we consider our dean, who is also responsible for some of this legislation.

Mr. ORTIZ. Mr. Speaker, I thank the gentleman for yielding me time.

Mr. Speaker, this bill requires a plan for in-patient services for veterans in south Texas by January 31, 2004, either through VA or through contracts with private hospitals.

Of course, I would like to thank my good friend, the gentleman from Ohio (Mr. HOBSON), for his help in finding more health services for our veterans; and also my good friend, the gentleman from New Jersey (Chairman SMITH); the gentleman from Illinois (Chairman SIMMONS), my good friend; the gentleman from Illinois (Mr. EVANS); and, of course, the gentleman from Texas (Mr. RODRIGUEZ), who intervened at a critical point to ensure south Texas was kept in this bill.

In my district I have four military installations. Through the years, we know what happens when a veteran gets ready to retire. What he does is he moves close to a military installation. Well, in this case the hospital that we had was shut down several years ago. But now under this bill and with this contract that they are talking about, opening up for in-patient care, it gives hope to the veterans who live in the area.

Mr. Speaker, we have veterans from the Second World War and the Korean War. Some of them are bed-ridden, and it takes 6 to 7 hours for them to go to the nearest VA hospital, which happens to be in San Antonio. I think that part of the healing process is the idea of being close to your family. But when you are removed from your family and have to travel and take that patient away from his family to a point that is 200 to 300 miles away, it does not work.

They deserve no less than this. The Lord knows that these VA patients and veterans have waited for a long, long time.

I am glad that this bill is also honoring my good friend that I got to know for a long time, Bob Stump from Arizona. I am glad that we are honoring his memory.

Please, I ask my friends to vote for this bill.

Mr. SMITH of New Jersey. Mr. Speaker, I yield 2 minutes to the distinguished gentleman from Florida (Mr. MILLER), and thank him for the great work he did on the Pensacola Outpatient Clinic, the $45 million that he was instrumental in putting in there.

Mr. MILLER of Florida. Mr. Speaker, I will not say many of the things that a lot of my colleagues have already said on the floor today, but I do want to say thank you to our chairman, the gentleman from New Jersey (Mr. SMITH), our subcommittee chairman, the gentleman from Illinois (Mr. SIMMONS), and certainly the ranking member. In fact, I thank all the members of the Committee on Veterans' Affairs on both sides of the aisle.

I want to say that the first district of Florida probably includes some of the most striking examples of access to care challenges that this country ever had. I have almost 100,000 veterans that live in the Panhandle. All of them are eligible to receive health care through the VA. Pensacola ranks in the top 10 in veteran populations in the Nation, and Fort Walton Beach tops that list.

Despite these numbers, our community-based outpatient clinic in Pensacola treats twice the number of Panhandle veterans than it was designed to do. Veterans in Fort Walton and farther east must travel to the other side of Eglin Air Force Base, which spans over 700 square miles in the middle of my district, in order to even reach the Pensacola clinic. For VA in-patient care, all of my patients must go to Biloxi, Mississippi, a trip upwards of 200 miles for some of my residents.

I would say in VA's budget submission for this fiscal year, the Pensacola facility was described as ''obsolete.''

This description does not even come close to painting an accurate picture of the crowded and totally inadequate facility. The time to move forward on providing a new facility is now, and this bill sets the pace.

I am proud that the Naval Hospital Pensacola has been ahead of the bell curve on the implementation of cosharing agreements, as has the 96th Medical Group at Eglin Air Force Base. Whereas both facilities have the potential to set the pace for the rest of the Nation in regards to issues of VA and DOD resource-sharing, the CARES Commission report acknowledges this in its ''highest priority project request'' for land to build a replacement Pensacola clinic at the Naval Hospital Pensacola, with the Navy to provide contract hospitalization for medicine and surgical care.

This bill, Mr. Speaker, underscores the solidarity amongst all stakeholders in this endeavor. I would say that nothing makes me prouder than to represent the veterans of northwest Florida, and I urge my colleagues to support S. 1156.

Mr. RODRIGUEZ. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, let me take this opportunity, first of all, to thank the gentleman from New Jersey (Chairman SMITH) and the gentleman from Illinois (Chairman SIMMONS) for their hard work on this particular bill.

I also want to take time to also recognize our leading Democrat, the gentleman from Illinois (Mr. EVANS), for his hard work on this specific bill. I also want to take this opportunity to thank all the Members who participated to make this happen, such as the gentleman from Texas (Mr. ORTIZ) and the gentleman from California (Mr. THOMPSON), as well as those on the Republican side.

Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

□ 1315

Mr. SMITH of New Jersey. Mr. Speaker, I yield 1 minute to the gentleman from Ohio (Mr. TIBERI), and thank the gentleman for his work on the Columbus, Ohio project which has advance planning funds to the tune of $9 million in this bill.

Mr. TIBERI. Mr. Speaker, I am very disappointed that this final bill does not fully authorize a new veterans health care facility in central Ohio, as was done in the House bill we approved earlier this year, thanks to the hard work by the gentleman from Ohio (Chairman HOBSON), my central Ohio colleague; but as importantly, the gentleman from New Jersey (Chairman SMITH) and the subcommittee chairman, the gentleman from Connecticut (Mr. SIMMONS), who worked extremely hard to get that commitment in the bill that we passed here, a facility badly in need of expansion. That $90 million represented a beginning-to-end commitment that this House made. This bill before us includes only $9 million for planning purposes. That cut was made by the other body, and is something that we in the House knew nothing about, were not consulted with, and we are stuck with the version before us today.

The money included in this bill for the new central Ohio veterans' facility is a start for an area long underserved by the veterans administration, but it is only a start. I want to assure the veterans community in central Ohio that I am committed to finishing the job and making a new expanded health care facility a reality in the years to come.

Mr. SMITH of New Jersey. Mr. Speaker, I yield 1 minute to the gentleman from Connecticut (Mr. SIMMONS).

Mr. SIMMONS. Mr. Speaker, I would like to briefly respond to the gentleman from Ohio (Mr. TIBERI) to say that it is a start, it is a good start, and we are going to be with the gentleman all the way. I look forward to coming to Ohio with Secretary Principi to visit the facility.

I would also like to thank the subcommittee staff director, John Bradley, and the minority staff director, Susan Edgerton for their hard work, and I would like to make a comment. Over 100 years ago, the U.S. Marine Corps was dispatched to China to relieve the diplomatic legations in that country that were under great pressure from the Boxer Rebellion, and when they came back, they adopted the term ''gung-ho.'' To be gung-ho, to be enthusiastic, to be filled with vigor for something. But the term ''gung-ho'' comes from the Chinese. I see the gentleman from Illinois (Mr. EVANS) is smiling, he probably knows, which means work together.

Under the leadership of the chairman and the ranking member, we have worked together on this legislation, and we have accomplished something that we have not accomplished for 5 years, which is an authorization bill, hopefully, heading to the White House for the President's signature.

Mr. SMITH of New Jersey. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, first of all, I thank the gentleman from Illinois (Mr. EVANS). Again, we have collaborated on a bill working with the subcommittee chairman, the gentleman from Connecticut (Mr. SIMMONS), and the ranking member, the gentleman from Texas (Mr. RODRIGUEZ), and we have produced an extraordinarily good piece of legislation.

We worked with the other body, and I want to thank Senator ARLEN SPECTER, the chairman, and the ranking member, Senator GRAHAM. There was give and take, obviously. We began working on this very comprehensive product last spring. Again, this is a combination of a number of bills rolled and packaged into one bill. Project Shad was mentioned earlier by my colleague from California, and the gentleman from Texas (Mr. RODRIGUEZ) mentioned it as well. This bill is not everything we would like. The next time I find a bill on this floor that is will be the first time.

We did pass over to the other body the full money for the Columbus project, and we got back advance planning funding from the other body. While it is not everything we wanted, it certainly will ensure that that project goes forward. The $9 million is not chump change and will be sufficient to get the job done. I want to assure my colleagues we have done our due diligence. This is a very good piece of veterans legislation.

I want to thank our staff, Pat Ryan; John Bradley, who is the staff director for the subcommittee; Kingston Smith, our deputy chief counsel; Jeannie McNally; Mary McDermott; Peter Dickinson; Steve Kirkland; Bernie Dotson; Summer Larson; Kathleen Greve; Delores Dunn; Paige McManus; Devon Seibert; and Veronica Crowe. As my colleague mentioned, we have had great cooperation with our friends on the other side of the aisle.

Again, this is a quintessential bipartisan piece of legislation, something that this entire body can be proud of, and it will advance the ball significantly when it comes to veterans health care as well as the construction project.

Let me also remind my colleagues that we have passed over to the other body H.R. 11 and another bill that I sponsored and a bill that the gentleman from Kansas (Mr. MORAN) sponsored in the last Congress, and they never came back. They listed a number of projects that should have but did not get funded and were not authorized. Now, finally in this Congress, under the great leadership of the gentleman from Connecticut (Mr. SIMMONS), we have gotten that product back from the Senate, and it will go to President Bush for his signature. This is a great day for veterans. Again, I thank all of my colleagues for their cooperation and leadership.

Mr. Speaker, I include for the RECORD a joint explanatory statement.

EXPLANATORY STATEMENT ON S. 1156, AS AMENDED, VETERANS HEALTH CARE, CAPITAL ASSET, AND BUSINESS IMPROVEMENT ACT OF 2003

S. 1156, as amended, the Veterans Health Care, Capital Asset, and Business Improvement Act of 2003 (''Compromise Agreement'') reflects a negotiated agreement reached by the Senate and House of Representatives Committees on Veterans' Affairs concerning provisions in a number of bills considered by the House and Senate during the 1st session

of the 108th Congress. The measures considered in this compromise are: S. 1156, as amended, as reported by the Senate Committee on Veterans' Affairs on November 10, 2003; S. 1815 introduced on November 4, 2003 (''Senate Bill''); H.R. 2357, as amended, passed the House on July 21, 2003; H.R. 2433, as amended, passed the House on September 10, 2003; H.R. 1720, as amended, passed the House on October 29, 2003; H.R. 3260, as introduced in the House on October 8, 2003; and H.R. 3387, as introduced in the House on October 29, 2003 (''House Bill'').

The House and Senate Committees on Veterans' Affairs have prepared the following explanation of the Compromise Agreement. Differences between the provisions contained in the Compromise Agreement and the related provisions of the Senate bill and the House bills are noted, except for clerical corrections, conforming changes made necessary by the Compromise Agreement, and minor drafting, technical, and clarifying changes.

TITLE I—HEALTH CARE AUTHORITIES AND RELATED MATTERS

IMPROVED BENEFITS FOR FORMER PRISONERS OF WAR

Current Law

Section 1712 of title 38, United States Code, authorizes outpatient dental services and related dental appliances to veterans who are former prisoners of war (POWs) if they were detained or interned for a period of at least 90 days.

Section 1722A of title 38, United States Code, requires veterans who are not service-connected with a disability rated at more than 50 percent or eligible for pensions under section 1521 of title 38, United States Code, to make copayments for medications.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 3 of H.R. 3260 would authorize veterans who are former POWs to receive outpatient dental care, irrespective of the number of days held captive, and would exempt former POWs from the requirement to make copayments on outpatient prescription medications.

Compromise Agreement

Section 101 of the Compromise Agreement follows the House language.

PROVISION OF HEALTH CARE TO VETERANS WHO PARTICIPATED IN CERTAIN DEPARTMENT OF DEFENSE CHEMICAL AND BIOLOGICAL WARFARE TESTING

Current Law

There is no comparable provision in current law.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 2 of H.R. 2433, as amended, would authorize the Department of Veterans Affairs (''VA'' or ''Department'') to provide higher priority health care to veterans who participated in Project Shipboard Hazard and Defense (SHAD), Project 112 or related land-based tests conducted by the Department of Defense Deseret Test Center, from 1962 through 1973, without those veterans needing an adjudicated service-connected disability to establish their priority for care.

Compromise Agreement

Section 102 of the Compromise Agreement follows the House language.

ELIGIBILITY FOR DEPARTMENT OF VETERANS AFFAIRS HEALTH CARE FOR CERTAIN FILIPINO WORLD WAR II VETERANS RESIDING IN THE UNITED STATES

Current Law

Section 1734 of title 38, United States Code, establishes that veterans of the Commonwealth Army and New Philippine Scouts residing legally in the United States are eligible for VA health care services for the treatment of service-connected disabilities and, in the case of Commonwealth Army veterans, for non-service-connected conditions if they are in receipt of disability compensation.

Senate Bill

Section 421 of S. 1156 contains a similar provision.

House Bill

Section 3 of H.R. 2357, as amended, would authorize VA health care for additional World War II Filipino veterans who reside legally in the United States. These veterans of the Commonwealth Army and new Philippine Scouts, would be subject to the same eligibility and means test requirements as U.S. veterans. The House bill would require the Secretary of Veterans Affairs (''Secretary'') to certify each fiscal year that sufficient resources are available at the VA health care facilities where the majority of these veterans would seek care.

Compromise Agreement

Section 103 of the Compromise Agreement follows the House language, except the Compromise Agreement does not include the resource availability certification requirement.

ENHANCEMENT OF REHABILITATIVE SERVICES

Current Law

Chapter 31 of title 38, United States Code, authorizes VA to provide vocational rehabilitation services. VA is authorized under chapter 17 of title 38 to offer medical care and compensated work therapy to certain veterans.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 3 of H.R. 3387 would authorize the Secretary to provide therapeutic employment support services (i.e., skills training and development services, employment support services, and job development and placement services) to patients in need of rehabilitation for mental health disorders, including serious mental illness and substance use disorders.

Section 3 of H.R. 3387 would also authorize VA to use funds in the Special Therapeutic and Rehabilitation Activities Fund (STRAF) authorized under section 1718(c) of title 38, United States Code, to furnish such therapeutic employment support services.

Compromise Agreement

Section 104 of the Compromise Agreement follows the House language.

ENHANCED AGREEMENT AUTHORITY FOR PROVISION OF NURSING HOME CARE AND ADULT DAY HEALTH CARE IN CONTRACT FACILITIES

Current Law

Section 1720 of title 38, United States Code, authorizes VA to contract for the provision of nursing home care and adult day health care for certain veterans and members of the Armed Forces.

Senate Bill

Section 102 of S. 1156 would expand VA's authority to enter into relationships based upon ''provider agreements'' with Centers for Medicare and Medicaid Services (CMS)-certified, small, community-based nursing homes and non-institutional extended care providers, by permitting VA to use provider agreements similar to those used by CMS.

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 105 of the Compromise Agreement generally follows the Senate language.

FIVE-YEAR EXTENSION OF PERIOD FOR PROVISION OF NONINSTITUTIONAL EXTENDED-CARE SERVICES AND REQUIRED NURSING HOME CARE

Current Law

Section 1701(10)(A) of title 38, United States Code, requires VA to provide noninstitutional extended care services to enrolled veterans. In addition, section 1710A(c) of title 38, United States Code, requires VA to provide nursing home care to high-priority veterans in need of care.

Senate Bill

Section 101 of S. 1156 would extend the authorities for noninstitutional extended care and required nursing home care through December 31, 2008.

House Bill

Section 2 of H.R. 3260 would extend the authorities for the noninstitutional extended care services and required nursing home care to December 31, 2008. The report required under section 101 of Public Law 106–117 would be extended until January 1, 2008.

Compromise Agreement

Section 106 of the Compromise Agreement follows the House language from subsection 2(a) and (b) of H.R. 3260.

EXPANSION OF DEPARTMENT OF VETERANS AFFAIRS PILOT PROGRAM ON ASSISTED LIVING FOR VETERANS

Current Law

Section 103(b) of Public Law 106–117 authorizes the establishment of a pilot program in one VA geographic health care region to provide assisted living services to veterans.

Senate Bill

Section 103 of S. 1156 would authorize the establishment of one additional assisted living pilot program for three years from the commencement of the provision of assisted living services under the program.

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 107 of the Compromise Agreement follows the Senate language.

IMPROVEMENT OF PROGRAM FOR PROVISION OF SPECIALIZED MENTAL HEALTH SERVICES TO VETERANS

Current Law

Section 116(c) of Public Law 106–117 provides funding in the amount of $15,000,000 for specialized mental health services in fiscal years 2004, 2005 and 2006.

Senate Bill

Section 104 of S. 1156 would increase the funding authorization for these specialized mental health services from $15,000,000 to $25,000,000, and would specify allocation of these funds outside the Veterans Equitable Resource Allocation system.

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 108 of the Compromise Agreement follows the Senate language.

TITLE II—CONSTRUCTION AND FACILITIES MATTERS

Subtitle A—Program Authorities

INCREASE IN THRESHOLD FOR MAJOR MEDICAL FACILITY CONSTRUCTION PROJECTS

Current Law

Section 8104(a)(3) of title 38, United States Code, defines a major medical facility project as a project for construction, alteration, or acquisition of a medical facility involving a total expenditure of more than $4,000,000.

Senate Bill

Section 201 of S. 1156 would raise the threshold for major medical facility projects from $4,000,000 to $9,000,000.

House Bill

Section 7 of H.R. 1720, as amended, would raise the threshold for major medical facility projects from $4,000,000 to $6,000,000.

Compromise Agreement

Section 201 of the Compromise Agreement would raise the threshold for major medical facility projects from $4,000,000 to $7,000,000.

ENHANCEMENTS TO ENHANCED-USE LEASE AUTHORITY

Current Law

Section 8162 of title 38, United States Code, authorizes the Secretary to enter into enhanced-use leases of Veterans Health Administration (VHA) real property under the jurisdiction of the Secretary.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 4 of H.R. 3260 would extend the jurisdiction of this authority to the Veterans Benefits Administration (VBA) and National Cemetery Administration (NCA), for properties of these Administrations under the control of the Secretary. Further, the bill would streamline the process and notification requirements and allow proceeds from an enhanced-use lease to be credited to accounts for use by VHA, VBA or NCA as appropriate. The bill would allow individual VA facilities to be reimbursed for the expenses incurred by the development and execution of enhanced-use leases.

Compromise Agreement

Section 202 of the Compromise Agreement adopts the provisions of the House bill which streamline the approval process for enhanced use leases in VHA. The provisions concerning the expansion of this authority to properties of NCA and VBA have been omitted due to mandatory spending concerns.

SIMPLIFICATION OF ANNUAL REPORT ON LONG-RANGE HEALTH PLANNING

Current Law

Section 8107 of title 38, United States Code, requires VA to submit annually a report regarding the long-range health planning of the Department. Included in that report is a five-year strategic plan for the provision of health care services to veterans, a plan for the coordination of care among the geographic health care regions of the Department, a profile of each such region, any planned changes to the mission of any medical facility of the Department, and a listing of the 20 VA major medical facility projects with the highest priority.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 7(d) of H.R. 3260 would change the report date on the Annual Report on Long-Range Health Planning to June 1 of each year.

Compromise Agreement

Section 203 of the Compromise Agreement rescinds section 8107(b)(3) and (4) of title 38, United States Code, to simplify the required report by removing the detailed prescription of its content.

Subtitle B—Project Authorizations

AUTHORIZATION OF MAJOR MEDICAL FACILITY PROJECTS

Current Law

Section 8104(2) of title 38, United States Code, requires Congressional authorization of any VA major medical facility construction project.

Senate Bill

Section 211 of S. 1156 would authorize the following major construction projects:

Location	Purpose	Cost
Lebanon, PA	New Long-Term Care Facility	$14,500,000
Beckley, WV	New Long-Term Care Facility	20,000,000

House Bill

Section 3 of H.R. 1720, as amended, would authorize the following major construction projects:

Location	Purpose	Cost
Chicago, IL	New Inpatient Bed Tower	$98,500,000
San Diego, CA	Seismic Corrections, Building 1.	48,600,000
West Haven, CT	Renovate Inpatient Wards & Consolidate Research Facilities.	50,000,000
Columbus, OH	New Medical Facility	90,000,000
Pensacola, FL	New VA-Navy Joint Venture Outpatient Clinic.	45,000,000

Compromise Agreement

Section 211 of the Compromise Agreement authorizes the major construction projects for Lebanon, Pennsylvania; Beckley, West Virginia; Chicago, Illinois; San Diego, California; West Haven, Connecticut; and Pensacola, Florida.

AUTHORIZATION OF MAJOR MEDICAL FACILITY LEASES

Current Law

Section 8104 of title 38, United States Code, requires Congressional authorization of any VA medical facility lease with an annual lease payment of more than $600,000.

Senate Bill

Section 212 of S. 1156 would authorize the following leases:

Location	Purpose	Cost
Denver, CO	Relocate Health Administration Center.	$4,080,000
Pensacola, FL	Relocate Outpatient Clinic	3,800,000
Boston, MA	Extend Outpatient Clinic	2,879,000
Charlotte, NC	Relocate Outpatient Clinic	2,626,000

House Bill

Section 3 of H.R. 1720, as amended, would authorize the following leases:

Location	Purpose	Cost
Charlotte, NC	Outpatient Clinic	$3,000,000
Clark County, NV	Multi-specialty Outpatient Clinic.	6,500,000
Aurora, CO	Regional Federal Medical Center.	30,000,000

Compromise Agreement

Section 212 of the Compromise Agreement authorizes the leases for Charlotte, North Carolina; and Boston, Massachusetts.

The Compromise Agreement contains the provision of Section 211 of H.R. 1720, as amended, to authorize a major construction project for Pensacola, Florida. It was determined that no lease authority for the Pensacola site was necessary. Further, the Compromise Agreement would not authorize a lease supporting relocation and expansion of the Health Administration Center (HAC) in Denver, Colorado. The Committees believe the Department has not justified the continuing expansion of activities at the HAC. The Committees are concerned that this administrative function, originally authorized to process reimbursement claims for the Civilian Health and Medical Program for the VA (CHAMPVA), has inflated its activities well beyond its original responsibilities. The Committees urge VA to reconsider whether the long-term obligation of leased space and the significant growth of staff at the HAC, as opposed to other methods of accomplishing these various tasks, are warranted.

The Compromise Agreement generally follows the Senate language on the Regional Federal Medical Center lease at the former Fitzsimons Army Medical Center in Aurora, Colorado, pending a decision by the Secretaries of Veterans Affairs and Defense on the nature of any joint venture undertaking at the site. However, advance planning is authorized for this project under section 213 of the Compromise Agreement.

ADVANCE PLANNING AUTHORIZATIONS

Current Law

Section 8104(2) of title 38, United States Code, requires Congressional authorization of all VA major medical facility construction project.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 3 of H.R. 1720, as amended, would authorize major construction projects in Columbus, Ohio; Denver (Aurora), Colorado; and the lease of a Multi-specialty Outpatient Clinic in Clark County (Las Vegas), Nevada.

Compromise Agreement

Section 213 of the Compromise Agreement authorizes advance planning funds for fiscal year 2004 for purposes of developing new medical facilities at the following locations:

Location	Purpose	Cost
Columbus, OH	Advance Planning	$9,000,000
Las Vegas, NV	Advance Planning	25,000,000
Pittsburgh, PA	Advance Planning	9,000,000
Denver (Aurora), CO	Advance Planning	26,000,000
East Central Florida	Advance Planning	17,500,000

The Committees concluded these projects, while warranted, require further development. The Committees believe these projects should be considered high priorities from VA's ongoing review of future health care infrastructure needs, the Capital Asset Realignment for Enhanced Services (CARES) initiative.

Given VA's documented plan to pursue significant capital investments and improvements in health care infrastructure and the Committees' understanding that the Appropriations Committees of the House and Senate are hesitant to provide funds for new VA medical facility construction prior to the completion of the CARES process, the Compromise agreement authorizes $86,500,000 to allow for planning of projects at these sites.

AUTHORIZATION OF APPROPRIATIONS

Current Law

Section 8104(2) of title 38, United States Code, requires Congressional authorization

of appropriations for VA major medical facility projects.

Senate Bill

Section 213 of S. 1156 would authorize $34,500,000 for fiscal year 2004 for projects authorized and $4,984,000 for the leases authorized by this bill.

House Bill

Section 3 of H.R. 1720, as amended, would authorize $332,100,000 to be appropriated in fiscal year 2004 for the projects authorized by this bill.

Compromise Agreement

Section 214 of the Compromise Agreement would authorize $276,600,000 for fiscal year 2004 for the major construction projects authorized in section 211 of the Compromise Agreement. In addition, section 214 of the Compromise Agreement authorizes the appropriation of $86,500,000 for advanced planning projects identified in section 213 of the Compromise Agreement.

Subtitle C—Capital Asset Realignment for Enhanced Services Initiative

AUTHORIZATION OF MAJOR CONSTRUCTION PROJECTS IN CONNECTION WITH CAPITAL ASSET REALIGNMENT INITIATIVE

Current Law

Section 8104(2) of title 38, United States Code, requires Congressional authorization of all VA major medical facility projects.

Senate Bill

Section 402 of S. 1156 would authorize the Secretary to carry out major construction projects outlined in the final report on the CARES initiative. This authority would be subject to a 60-day advance notification to Congress. The Secretary would be required to submit a list containing each major project in order of priority, based on the criteria specified in the bill. The bill also would add a provision authorizing multi-year contract authority for major construction projects.

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 221 of the Compromise Agreement follows the Senate language with modifications. The Compromise Agreement would require a 45-day advance notification to Congress prior to carrying out major medical facility construction projects selected by the Secretary. The Secretary would be required to submit a one-time report to Congress by February 1, 2004, that lists each proposed major construction project in order of priority. The Compromise Agreement establishes these priorities as follows: (a) to replace or enhance a facility necessitated by the loss, closure or other divestment of a VA medical facility currently in operation; (b) to remedy life-safety deficiencies, including seismic, egress, and fire deficiencies; (c) to provide health care services to an underserved population; (d) to renovate or modernize facilities, including providing barrier free design, improving building systems and utilities, or enhancing clinical support services; (e) to further an enhanced-use lease or sharing agreement; and (f) to give the Secretary discretion to select other projects of importance in providing care to veterans.

The authority to enter into any major medical facility construction contracts for projects selected under the authority of section 221 of the Compromise Agreement would expire on September 30, 2006.

ADVANCE NOTIFICATION OF CAPITAL ASSET REALIGNMENT ACTIONS

Current Law

There is no comparable provision in current law.

Senate Bill

Section 401 of S. 1156 would require the Secretary to provide Congress a 60–day advance notification of any actions proposed by the Department under the CARES initiative.

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 222 of the Compromise Agreement follows the Senate language with modifications. VA would be required to notify Congress in writing of actions under the CARES initiative that would result in medical facility closures, significant staff realignments or medical facility consolidations. The Compromise Agreement would prohibit such actions for 60 days (or 30 days of continuous session of Congress) after such notifications are made.

SENSE OF CONGRESS AND REPORT ON ACCESS TO HEALTH CARE FOR VETERANS IN RURAL AREAS.

Current Law

There is no comparable provision in current law.

Compromise Agreement

Section 223 of the Compromise Agreement would express the sense of Congress recognizing the difficulties in access to VA health care faced by veterans residing in rural areas and require VA to report to the Committees on Veterans' Affairs with a plan of action to improve access to health care for veterans residing in rural areas. A report of VA's plan to improve access to health care for these veterans would be due not later than 120 days after the date of enactment of this Act.

Subtitle D—Plans for New Facilities

PLANS FOR HOSPITAL CARE FACILITIES IN SPECIFIED AREAS

Current Law

There is no comparable provision in current law.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 6 of H.R. 1720, as amended, would require the Secretary to develop plans for meeting the future hospital care needs of veterans who reside in a number of counties of southern New Jersey and far southern counties of Texas, with a report to the Committees by January 31, 2004.

Compromise Agreement

Section 231 of the Compromise Agreement follows the House language and would add a requirement for plans for the Florida Panhandle and North Central Washington. The due date of the report required would be adjusted in section 231 of the Compromise Agreement to April 15, 2004.

STUDY AND REPORT ON FEASIBILITY OF COORDINATION OF VETERANS HEALTH CARE SERVICES IN SOUTH CAROLINA WITH NEW UNIVERSITY MEDICAL CENTER

Current Law

There is no comparable provision in current law.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 8 of H.R. 1720, as amended, would require the Secretary to conduct a feasibility study in coordination with the Medical University of South Carolina and in consultation with the Secretary of Defense, to consider establishing a joint health-care venture to deliver inpatient, outpatient and/or long-term care to veterans, military personnel, and other beneficiaries who reside in Charleston, South Carolina, with a report to the Committees by March 31, 2004.

Compromise Agreement

Section 232 of the Compromise Agreement follows the House language and adjusts the due date of the report to April 15, 2004.

Subtitle E—Designation of Facilities

DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER, PRESCOTT, ARIZONA, AS THE BOB STUMP DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER

Current Law

Section 531 of title 38, United States Code, requires a Department facility, structure or real property to be named after the geographic area in which the facility, structure or real property is located, except as expressly provided by law.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 8 of H.R. 3260 would name the VA Medical Center in Prescott, Arizona, the ''Bob Stump Department of Veterans Affairs Medical Center.''

Compromise Agreement

Section 241 of the Compromise Agreement follows the House language.

DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS HEALTH CARE FACILITY, CHICAGO, ILLINOIS, AS THE JESSE BROWN DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER

Current Law

Section 531 of title 38, United States Code, requires a Department facility, structure or real property to be named after the geographic area in which the facility, structure or real property is located, except as expressly provided by law.

Senate Bill

Section 222 of S. 1156 contains a similar provision.

House Bill

Section 9 of H.R. 1720, as amended, would name the VA Chicago Health Care System, West Side Division, the ''Jesse Brown Department of Veterans Affairs Medical Center.''

Compromise Agreement

Section 242 of the Compromise Agreement contains this provision.

DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER, HOUSTON, TEXAS, AS THE MICHAEL E. DEBAKEY DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER

Current Law

Section 531 of title 38, United States Code, requires a Department facility, structure or real property to be named after the geographic area in which the facility, structure or real property is located, except as expressly provided by law.

Senate Bill

Section 223 of S. 1156 would name the VA Medical Center located in Houston, Texas, the ''Michael E. DeBakey Department of Veterans Affairs Medical Center.''

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 243 of the Compromise Agreement follows the Senate language.

DESIGNATION OF THE DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER, SALT LAKE CITY, UTAH, AS THE GEORGE E. WAHLEN DEPARTMENT OF VETERANS AFFAIRS MEDICAL CENTER

Current Law

Section 531 of title 38, United States Code, requires a Department facility, structure or real property to be named after the geographic area in which the facility, structure or real property is located, except as expressly provided by law.

Senate Bill

S. 1815 would name the VA Medical Center located in Salt Lake City, Utah, the ''George E. Wahlen Department of Veterans Affairs Medical Center.''

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 244 of the Compromise Agreement follows the Senate language.

DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS OUTPATIENT CLINIC, NEW LONDON, CONNECTICUT

Current Law

Section 531 of title 38, United States Code, requires a Department facility, structure or real property to be named after the geographic area in which the facility, structure or real property is located, except as expressly provided by law.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 10 of H.R. 1720, as amended, would name the outpatient clinic located in New London, Connecticut, the ''John J. McGuirk Department of Veterans Affairs Outpatient Clinic.''

Compromise Agreement

Section 245 of the Compromise Agreement follows the House language.

DESIGNATION OF DEPARTMENT OF VETERANS AFFAIRS OUTPATIENT CLINIC, HORSHAM, PENNSYLVANIA

Current Law

Section 531 of title 38, United States Code, requires a Department facility, structure or real property to be named after the geographic area in which the facility, structure or real property is located, except as expressly provided by law.

Senate Bill

Section 221 of S. 1156 would name the VA Outpatient Clinic located in Horsham, Pennsylvania, the ''Victor J. Saracini Department of Veterans Affairs Outpatient Clinic.''

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 246 of the Compromise Agreement follows the Senate language.

TITLE III—PERSONNEL MATTERS

MODIFICATION OF CERTAIN AUTHORITIES ON APPOINTMENT AND PROMOTION OF PERSONNEL IN THE VETERANS HEALTH ADMINISTRATION

Current Law

Section 7401 of title 38, United States Code, authorizes VA to appoint medical care personnel, under title 5, United States Code, or title 38, United States Code, depending on the duties of such personnel.

Senate Bill

Section 301 of S. 1156 would modify title 38, United States Code, to authorize the appointment of psychologists, kinesiologists and social workers, under title 38 provisions as opposed to title 5, United States Code, provisions.

House Bill

The House Bill contains no comparable provision.

Compromise Agreement

Section 301 of the Compromise Agreement follows the Senate language with modifications. The Compromise Agreement reflects two important policy goals: first, VA will be permitted to hire clinical staff in a timely fashion through use of the direct appointment authority provided in title 38, United State Code; second, employee representatives will be afforded an opportunity to participate in a dialogue and process with VA management to determine the best system under which to promote the clinicians appointed under this section.

The Committees believe that VA management and the promotion policy for clinical staff can benefit from interactions with employee representatives. The Committees would allow the Secretary the discretion to develop a system for judging the merits of an individual's advancement in VA, provided that the Secretary reports to the Committees the actions taken under this authority.

APPOINTMENT OF CHIROPRACTORS IN THE VETERANS HEALTH ADMINISTRATION

Current Law

Public Law 107–135 requires VA to establish a Veterans Health Administration-wide program for chiropractic care.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 2 of H.R. 2357, as amended, would authorize VA appointment of chiropractors under title 38, United States Code. The House bill would establish the qualifications of appointees, the period of appointments and promotions, set grades and pay scales, provide temporary and part-time appointments, authorize residencies and internships, extend malpractice and negligence protection coverage, define chiropractors as scarce medical specialists for contracting purposes, authorize reimbursement of continuing professional education expenses, and exempt chiropractors from collective bargaining, consistent with the provisions in chapter 74 of title 38, the United States Code. The bill would provide for an effective date of 180 days from enactment.

Compromise Agreement

Section 302 of the Compromise Agreement follows the House language with modifications that would redefine ''medical care'' occupations as ''health care'' occupations and eliminate provisions that would provide for residencies and internships and reimbursement of continuing professional education expenses.

ADDITIONAL PAY FOR SATURDAY TOURS OF DUTY FOR ADDITIONAL HEALTH CARE WORKERS IN THE VETERANS HEALTH ADMINISTRATION

Current Law

Title 38, United States Code, specifies in sections 7453 and 7454 that nurses, physician assistants, and expanded-function dental auxiliaries are entitled to additional pay for working regular tours of duty of Saturdays. Under this authority, respiratory therapists, physical therapists, practical or vocational nurses, pharmacists and occupational therapists are also entitled to additional pay for Saturday tours, if the Secretary determines it is necessary in order to hire and retain these health care professionals.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 4 of H.R. 2433, as amended, would amend section 7454(b) of title 38, United States Code, to authorize premium pay for Saturday tours of duty for additional VHA health care workers.

Compromise Agreement

Section 303 of the Compromise Agreement follows the House language.

COVERAGE OF EMPLOYEES OF VETERANS' CANTEEN SERVICE UNDER ADDITIONAL EMPLOYMENT LAWS

Current Law

Section 7802 of title 38, United States Code, authorizes appointment of Veterans' Canteen Service (VCS) employees.

Senate Bill

Section 302 of S. 1156 contains a similar provision.

House Bill

Section 5 of H.R. 2433, as amended, would authorize hourly workers of VCS to be qualified for competitive title 5, United States Code, appointments in VA in recognition of time-in service obtained in the VCS.

Compromise Agreement

Section 304 of the Compromise Agreement contains this provision.

TITLE IV—OTHER MATTERS

OFFICE OF RESEARCH OVERSIGHT IN VETERANS HEALTH ADMINISTRATION

Current Law

There is no comparable provision in current law.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 11 of H.R. 1720, as amended, would add a new section 7307 to title 38, United States Code, to establish an Office of Research Oversight within the Veterans Health Administration to monitor, review and investigate matters of medical research compliance and assurance in VA, including matters relating to the protection and safety of human subjects, research animals and VA employees participating in VA medical research programs. The bill would require an annual report to the Committees on Veterans' Affairs of the Senate and House of Representatives on the activities of the Office of Research Oversight during the preceding calendar year and require that the activities of the Office of Research Oversight be funded from amounts appropriated for VA medical care.

Further, under the bill, the General Accounting Office (GAO) would be required to submit a report to Congress not later than January 1, 2006, on the results of the establishment of the Office of Research Oversight and any recommendations for other legislative and administrative actions. Finally, the Secretary would be required to submit a report to Congress setting forth the Department's implementation of the requirement

to establish an Office of Research Oversight, and related provisions, not later than 180 days after the date of enactment.

Compromise Agreement

Section 401 of the Compromise Agreement follows the House language with modifications that would not include references to animal welfare, research animals and laboratory animals. Section 7307(c)(2)(A) of title 38, United States Code, referencing peer review responsibilities would also not be included in the Compromise Agreement, along with the required reports from GAO and the Secretary.

ENHANCEMENT OF AUTHORITIES RELATING TO NONPROFIT RESEARCH CORPORATIONS

Current Law

Sections 7361 through 7366 of title 38, United States Code, establish the authority for VA's Nonprofit Research Corporations. Section 7368 of title 38, United States Code, provides that no such corporations may be established after December 31, 2003.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 6 of H.R. 3260 would cover employees of Nonprofit Research Corporations under the Federal Tort Claims Act and would extend the authority to create new Nonprofit Research Corporations through December 31, 2008.

Compromise Agreement

Section 402 of the Compromise Agreement follows the House language.

DEPARTMENT OF DEFENSE PARTICIPATION IN REVOLVING SUPPLY FUND PURCHASES

Current Law

Section 8121 of title 38, United States Code, establishes authority for VA to use a revolving supply fund to operate and maintain its supply system.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 5 of H.R. 3260 would extend authority to the Secretary of Defense to purchase medical equipment, services and supplies through VA's revolving supply fund beginning in fiscal year 2004. The Department of Defense (DOD) would be required to reimburse VA's revolving supply fund using DOD appropriations.

Compromise Agreement

Section 403 of the Compromise Agreement follows the House language.

FIVE-YEAR EXTENSION OF HOUSING ASSISTANCE FOR HOMELESS VETERANS

Current Law

Section 2041(c) of title 38, United States Code, authorizes the Secretary to enter into housing assistance agreements for homeless veterans until December 31, 2003.

Senate Bill

Section 411 of S. 1156 would extend the authority of the Secretary to enter into housing assistance agreements through December 31, 2006.

House Bill

Section 6 of H.R. 3387 would extend the authority of the Secretary to enter into housing assistance agreements until December 31, 2008.

Compromise Agreement

Section 404 of the Compromise Agreement follows the House language.

REPORT DATE CHANGES

Current Law

Title 38, United States Code, requires:

(a) in section 516(e)(1)(A), a quarterly report summarizing the employment discrimination complaints filed against senior managers; the report is due no later than 30 days after the end of each quarter;

(b) in section 2065(a), an annual report on assistance to homeless veterans; the report is due no later than April 15 each year;

(c) in section 7321(d)(2), an annual report of the Committee on Care of Severely Chronically Mentally Ill Veterans; the report is due no later than February 1 each year through 2004;

(d) in section 8107, an annual report on long-range health planning; due June 1 of each year;

(e) in section 8153(g), an annual report on sharing of health care resources; the report is due no later than 60 days after the end of each fiscal year;

(f) in section 1712A note and enacted in section 110(e)(2) of Public Law 106–117, an annual report of the Special Committee on PTSD; the report is due February 1 of each of the three following years.

Senate Bill

The Senate Bill contains no comparable provision.

House Bill

Section 7 of H.R. 3260, subsection (a) would extend the Senior Managers Quarterly Report from 30 days to 45 days following each quarter; subsection (b) would change the report due date from April 15 to June 15 of each year for the annual report on Assistance to Homeless Veterans; subsection (c) would change the report due date from February 1 to June 1 of each year for the annual report of the Committee on Care of Severely Chronically Mentally Ill Veterans through 2004; subsection (d) would change the report date on the Annual Reports on Long-Range Health Planning to June 1 of each year; subsection (e) would change the report due dates on the Annual Report on Sharing of Health Care Resources to February 1 of each year; and subsection (f) would change the report due date on the Annual Report of the Special Committee on PTSD to May 1 of each year through 2004.

Section 7(a) of H.R. 3387 would extend the annual reporting requirement for the Committee on Care of Severely Chronically Mentally Ill Veterans in Section 7321(d)(2) to February 1, 2009. Section 7(b) of H.R. 3387 would extend the annual report of the Special Committee on PTSD to February 1, 2009.

Compromise Agreement

Section 405 of the Compromise Agreement follows the House language on the provisions in subsections (a), (b), and (e) of the House bill and would extend the reports in subsections (c) and (f) of the House bill through 2008. Section 405 of the Compromise Agreement would simplify the reporting requirements in subsection (d) of the House bill without altering the report due date.

LEGISLATIVE PROVISIONS NOT ADOPTED

DEMOLITION OF OBSOLETE, DILAPATED, AND HAZARDOUS STRUCTURES ON DEPARTMENT OF VETERANS AFFAIRS PROPERTY

Current Law

There is no similar provision in current law.

Senate Bill

Section 202 of S. 1156 would add section 8171 to title 38, United States Code, to authorize the demolition of obsolete, dilapidated, and hazardous structures; would establish a specific fund in the Treasury designated as the Department of Veterans Affairs Facilities Demolition Fund; and would authorize an appropriation of $25,000,000 for fiscal year 2004 for this Demolition Fund.

House Bill

The House Bill contains no comparable provision.

SUPPLEMENTARY MATTERS

SAN JUAN, PUERTO RICO VA MEDICAL CENTER

In 1999, Congress provided $50,000,000 to the VA Medical Center in San Juan, Puerto Rico, to assist that facility in correcting numerous structural safety issues. Since then, VA has spent $4,000,000 of those funds on the design and planning of a bed tower that will alleviate the strain on the older bed tower currently in use. The remaining $46,000,000 will be used for the tower's construction, with a projected Spring 2004 groundbreaking. The Committees understand that the Secretary has pledged at least an additional $25,000,000 to enhance this project and minimize any reduction of total beds at this facility. Even with the completion of this construction, the Committees are advised that additional seismic and utility upgrades are needed at the San Juan VA. The Committees encourage the Secretary to honor this pledge and continue the practice of providing high quality services to the veterans of Puerto Rico.

Mr. ACEVEDO-VILÁ. Mr. Speaker, I rise today to urge my colleagues to vote in favor of S. 1156—Department of Veterans Affairs Long-Term Personnel Authorities Act of 2003. This bill represents a step in the right direction for many of our veteran communities.

In the interest of my constituents, this bill and the language contained within brings to the forefront the problems at the San Juan VA Medical Center and opens opportunities to provide immediate relief for the Veterans in Puerto Rico to receive the care they need and deserve.

Through the actions of these two committees, the Democrats and Republicans alike, they have sent a clear message of appreciation to the over 140,000 Puerto Rican veterans for their service in defense of our shared values. Puerto Ricans have served proudly in every armed conflict since the First World War. The language in this bill acknowledges the value of their service.

Currently, there are over 5,000 Puerto Rican men and women who are serving in the armed forces in Iraq, Afghanistan, Guantanamo and many other regions throughout the world. The language in this bill sends the right message to these young men and women that when they serve their Nation well, the United States Congress will serve them well.

I congratulate my colleagues on a job well done. Through long hours of deliberation and patient listening and understanding, both chambers of this Congress have come to what I believe is an impressive piece of bipartisan work. Now, it is my hope that the Secretary will move swiftly to reprogram the necessary funds to build a new bed tower at the San Juan VA Medical Center. Without the additional dollars mentioned in this bill, the San Juan VA Medical Center would have been forced to provide services with a bed loss of 120. This would have put additional burdens on a facility, which the C.A.R.E.S. Committee

has deemed to be spatially deficient. The Committees understood this and worked to include language to encourage the Secretary to move forward.

The construction of the new bed tower will allow the San Juan VA Medical Center to provide safer and more modern services for the immediate future to the veterans and the service people returning from Iraq and Afghanistan.

I would like to personally thank Chairman SMITH, the Ranking Member, Mr. FILNER, Ms. CORRINE BROWN and the other members of the committee for working with me on these vital projects. The report language is more than a listing of projects—it is sending the right message to the 140,000 veterans in Puerto Rico; it sends the right message to the 5,000 Puerto Ricans who have been called to active service in Iraq, and it certainly sends the right message to the families of the 13 Puerto Ricans who have sacrificed their lives this year in service of the United States against the war on terror.

I look forward to continually working with my colleagues in both chambers to provide for the veterans in Puerto Rico. Again, I thank my colleagues for working so diligently on these first steps to improve healthcare for our veterans and urge my colleagues to vote "yes" to approve this bill.

Mr. MATHESON. Mr. Speaker, as a strong supporter of the military, I am pleased to support this legislation, which enhances veterans health care.

I am especially pleased that this bill also honors George E. Wahlen, Utah's only living Medal of Honor winner. George Wahlen is a dedicated American and Utah is proud to pay tribute to his service by renaming the Salt Lake Veterans Affairs Medical Center in his honor.

George Wahlen's twenty-year service to this nation as a soldier was not his only contribution. Even now, he continues to serve as an advocate for both active troops and veterans. I am proud to honor this patriot, just as I am proud of all Americans who serve their country.

Mr. SMITH of New Jersey. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. BURGESS). The question is on the motion offered by the gentleman from New Jersey (Mr. SMITH) that the House suspend the rules and pass the Senate bill, S. 1156.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. SMITH of New Jersey. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

A FURTHER MESSAGE FROM THE SENATE

A further message from the Senate by Mr. Monahan, one of its clerks, announced that the Senate agreed to the report of the committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2417) "An Act to authorize appropriations for fiscal year 2004 for intelligence and intelligence-related activities of the United States Government, the Community Management Account, and the Central Intelligence Agency Retirement and Disability System, and for other purposes."

SUPPORTING NATIONAL MARROW DONOR PROGRAM AND OTHER BONE MARROW DONOR PROGRAMS

Mr. WALDEN of Oregon. Mr. Speaker, I move to suspend the rules and agree to the concurrent resolution (H. Con. Res. 206) supporting the National Marrow Donor Program and other bone marrow donor programs and encouraging Americans to learn about the importance of bone marrow donation.

The Clerk read as follows:

H. CON. RES. 206

Whereas up to 30,000 people each year are diagnosed with leukemia or other blood diseases and approximately 20,000 will not find a marrow donor match within their family and must rely upon strangers;

Whereas diseases such as leukemia, aplastic anemia, and defective immune systems can lead to a rapid deterioration in an individual's health and ultimately the individual's death if potential marrow donors are not identified;

Whereas volunteers in donor programs provide a life-saving service to those that are afflicted with leukemia or other blood diseases;

Whereas since the founding of the National Marrow Donor Program in 1986, it has facilitated more than 15,000 unrelated transplants for patients with leukemia or other blood diseases;

Whereas the National Marrow Donor Program provides potential donors with information on how to become a bone marrow donor;

Whereas the National Marrow Donor Program has a worldwide reach and a large database of potential donors;

Whereas the National Marrow Donor Program currently facilitates more than 160 transplants each month; and

Whereas the National Marrow Donor Program makes a positive impact on the lives of thousands of Americans: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That the Congress—

(1) supports the goals and ideals of the National Marrow Donor Program and other bone marrow donor programs; and

(2) encourages all Americans to learn about the importance of bone marrow donation and to discuss such donation with their families and friends.

The SPEAKER pro tempore (Mr. SIMMONS). Pursuant to the rule, the gentleman from Oregon (Mr. WALDEN) and the gentleman from Ohio (Mr. BROWN) each will control 20 minutes.

The Chair recognizes the gentleman from Oregon (Mr. WALDEN).

GENERAL LEAVE

Mr. WALDEN of Oregon. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and to insert extraneous material on the bill.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Oregon?

There was no objection.

Mr. WALDEN of Oregon. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased that the House is considering House Concurrent Resolution 206 introduced by the gentleman from Texas (Mr. BURGESS) to recognize the important work that the National Marrow Donor Program and other bone marrow donor programs do to save lives.

Bone marrow transplants are often one of the last options available to patients struggling to fight debilitating and often terminal illnesses. Unfortunately, finding a bone marrow match is very difficult. In fact, every year nearly two-thirds of patients in need of a bone marrow transplant will not find a marrow donor match within their family and, therefore, must rely on the help of strangers.

Each month the National Bone Marrow Registry coordinates more than 150 transplants. With a diverse registry of more than 4 million potential bone marrow and cord blood donors, the National Bone Marrow Registry offers hope to thousands of patients. Just last month, the House approved H.R. 3034, the National Bone Marrow Donor Registry Reauthorization Act, to reauthorize the national bone marrow registry for an additional 5-year period.

Since 1986, the National Bone Marrow Donor Program has facilitated more than 15,000 transplants for patients. I hope the Senate will join us soon in extending this program to guarantee that thousands more will benefit. This resolution will raise awareness about the bone marrow donor programs, and will encourage more Americans to donate, and I urge all of my colleagues to support this resolution today.

Mr. Speaker, I reserve the balance of my time.

Mr. BROWN of Ohio. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I commend the gentleman from Texas (Mr. BURGESS) for raising awareness regarding the importance of bone marrow donation. There are at least 20,000 Americans today who need a bone marrow transplant but cannot find a compatible donor within their own family.

National Marrow Awareness Month is a vehicle for encouraging more people

to join the bone marrow registry, a noble goal, and it is right that Congress acknowledge the importance of this month.

But, Mr. Speaker, the timing is unfortunate. The Republican majority today is giving this body fewer than 24 hours to consider legislation which will have a dramatic impact on the financial security of 39 million retirees and disabled Americans, as well as their families. This bill takes $400 billion out of taxpayers' pockets and puts much of that money in the pockets of the drug industry and the insurance industry, the two industries that sat in back rooms with Republican leaders and wrote this bill. Every American has a stake in the outcome of this. Less than 24 hours to review, debate and vote on an 1,100-page bill that erects a brand new private insurance system for stand-alone drug coverage which replaces tried and true Medicare. The bill features such a meager drug benefit that seniors will still be unable to afford the medicines they need, a bill that creates a fast-track process to expedite reductions in Medicare benefits, a bill that makes different seniors pay different premiums for the exact same coverage, and a bill that launches a private insurance experiment, privatizing Medicare, forcing millions of seniors in this country to pay more or join an HMO. We received that bill yesterday, that 1,100-page Medicare bill, and are being forced to vote on that bill today.

With all due respect, I support this Burgess legislation and applaud the gentleman's efforts, but we need every minute we can get to try to get a handle on just how dramatically this Medicare privatization bill will turn our world upside down.

Mr. Speaker, we all know what is going to happen tonight. We have seen this same scenario play out month after month this year. In April, it started where in the middle of the night Congress passed contentious, important tax legislation by a handful of votes. Every single month during the summer, Congress voted on important, controversial legislation: Head Start, budget reconciliation, the tax cut, Medicare, last year the trade promotion bill authority, always between 12 midnight and four in the morning, always in the dead of night, always on Thursday night so the papers did not pick it up until Saturday, always when the media had gone to bed and the American public had turned off their television sets, and never appearing in the paper the next day, always held over to Saturday's paper because of that.

I hope, Mr. Speaker that does not happen with this Medicare bill tonight. I hope we can actually debate it during the late afternoon and early evening so people in this country can see what in fact is in it.

On this legislation we are considering today, I appreciate the efforts of the gentleman from Texas (Mr. BURGESS), but on a day when this body is asked to participate in such remarkably irresponsible decisionmaking on the most important health care vote of this session, no Member right now can devote to this Burgess resolution the attention it deserves.

Mr. Speaker, I reserve the balance of my time.

Mr. WALDEN of Oregon. Mr. Speaker, I yield such time as he may consume to the gentleman from Texas (Mr. BURGESS), the author of this measure.

Mr. BURGESS. Mr. Speaker, I thank the gentleman from Louisiana (Mr. TAUZIN) and the gentleman from Oregon (Mr. WALDEN) for bringing this resolution to the floor. I would like to thank the leadership for allowing this resolution to come to the floor late in the session; and I would disagree that the timing is unfortunate, I think the timing is perfect. I would also like to thank the staff of the Committee on Energy and Commerce for their hard work on this issue.

Bone marrow donation is critical to millions of cancer patients. Every year, nearly 30,000 people are diagnosed with leukemia or other treatable blood diseases. Oftentimes, the only course of treatment is donation of bone marrow from one person to another.

The House Concurrent Resolution 206 urges Americans to register with the National Marrow Donor Registry. Since the National Donor Registry was founded some 16 years ago, it has facilitated the more than 15,000 donations for patients with blood disorders. The registry now has 5 million volunteers. I am one of those volunteers, having joined the registry in 1999. The 15,000 volunteers that have been called on to donate marrow to sick and dying patients have saved thousands of lives, but they have impacted even thousands more by saving the lives of a mother, a father, a brother, a sister, a son or a daughter, keeping loving families whole and communities intact.

□ 1330

On June 7 of this year, I had the opportunity to celebrate the life of one of my constituents who had been diagnosed with non-Hodgkin's lymphoma, Mr. Cliff Ackerman. A donor to the national marrow donor registry program saved Mr. Ackerman's life. Mr. Ackerman was diagnosed with cancer in March of 1998 and did not have a stem cell match in his family. He was forced to find a match through the National Bone Marrow Registry. A match was found from a donor in Washington, D.C., Mr. Perry Apelbaum. Perry is a member of the House Judiciary Committee staff. Mr. Apelbaum joined the registry in 1990. As fate would have it when Mr. Ackerman got sick, Mr. Apelbaum turned out to be a perfect match. This example underscores how important the program is: a congressional staffer here in Washington, D.C. turned out to save the life of a man in my district in Lewisville, Texas.

The marrow donor program has helped thousands of families who will experience a second chance to enjoy life with a child, with a husband or wife, or with a brother or sister. I thank the countless number of heroes who have given the gift of life or who are waiting on the donor list to provide a lifesaving service to those who are afflicted with leukemia or other blood disorders.

The House has already reauthorized the marrow donor program this year in a bipartisan manner. It is now up to the other body to complete this work. We hope that they will. But in the meantime, we must continue to raise the profile of this important program, and this resolution does just that.

Mr. BROWN of Ohio. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. WALDEN of Oregon. Mr. Speaker, I yield myself the balance of my time.

I urge my colleagues to support this resolution. I think it is critically important that we do that to move this program forward.

Mr. YOUNG of Florida. Mr. Speaker, I rise in strong support of H. Con. Res. 206, legislation expressing Congressional support for the National Marrow Donor Program during this National Marrow Awareness Month.

At the outset, let me thank my colleague from Texas, Mr. BURGESS, for sponsoring this legislation, and Chairman TAUZIN of the Energy and Commerce Committee, and the Chairman of the Subcommittee on Health, my colleague and neighbor from Florida Mr. BILIRAKIS, for helping expedite consideration of this legislation.

Mr. Speaker, the National Marrow Donor Program is a true modern medical miracle that saves lives here and throughout the world every single day of the year. Since its establishment more than 16 years ago, the registry has grown to more than 5,000,000 volunteers. These are true volunteers in every sense of the word. They have given of their time to take a simple blood test to be listed in the national registry. For the more than 17,000 volunteers who have been called upon to donate marrow, they have undergone a relatively simple surgical procedure to donate their bone marrow to save the life of a man, woman or child with leukemia or one of 60 otherwise fatal blood disorders.

Earlier this year in a sign of strong Congressional support, the House unanimously approved my legislation, H.R. 3034, the National Bone Marrow Donor Registry Reauthorization Act, to continue the work of registry's work for another five years. We look forward to its passage in the other body.

The National Marrow Donor Program is a precious national resource, and I want to pay tribute to the men and women there who work tirelessly to ensure that Americans in need of life-saving transplants receive the bone marrow, peripheral blood steam cells, or umbilical cord blood they need.

Recognizing the need for a single source of information, Congress endorsed by request in 1986 for a small appropriation to the United States Navy to establish the National Bone Marrow Donor Registry. Our goal was to improve the facilitation of bone marrow transplants by coordinating adult, volunteer marrow donors as well as a full range of supporting services to donors, patients and physicians. With the funded I have provided every year since through appropriations bills for the Navy and the Department of Health and Human Services, The National Marrow Donor Program has operated the Registry first under contract with the Navy and now under a competitively awarded contract with the Department of Health and Human Services. During that time, I have watched proudly as the Registry has developed into the international leader in marrow, blood stem cell, and umbilical cord blood transplantation.

Having had the great pleasure to meet with hundreds of donors and patients, I can tell you that donating bone marrow is a true life-changing experience. The experience of giving life to another human being is beyond mere words. Today, the National Marrow Donor Program remains the single source for physicians and patients searching for marrow to treat a variety of diseases. Through a network of 91 Donor Centers, 11 Cord Blood Banks, 150 Transplant Centers, and 19 International Cooperative Registries, it allows physicians to select for the best matched source of adult stem cells whether it be from volunteer marrow or blood donors or umbilical cord blood units. This large network has made marrow donation a world-changing experience. On any given day, bone marrow from our registry is being flown around the world at the same time bone marrow is being flown to a U.S. hospital through our formal relationship with the international registries.

A diverse Registry of volunteer bone marrow donors has been recruited. And now the Registry also lists more than 28,000 units of umbilical cord blood for potential transfer. Additionally, the National Marrow Donor Program has helped more than 250 patients receive cord blood transplants since the inclusion of umbilical cord blood units in the Registry began in 1999. Working with the National Marrow Donor Program and individually, the NMDP network of 11 cord blood banks have provided more than 881 cord blood units for transplantation since 1997. This network represents the single largest number of cord blood donations in the U.S.—232—in the past year.

The National Marrow Donor Program also recognizes the importance of maintaining an infrastructure that supports the Registry. To help physicians maximize the time they spend with their patients and minimize the time it takes to search the Registry, the Program has developed a real-time, electronic searching database that links more than 400 partnering organizations. The resulting transplants are made possible through the efforts of millions of volunteers and professionals, connected through an award-winning integrated information system that quickly records, analyzes, and electronically transmits millions of pieces of critical medical data every day to and from hundreds of medical organizations.

There is more to providing marrow and other sources of blood stem cells than simply helping physicians search the Registry. Patients also need assistance. Therefore, the Program provides support services for individual patients to help them through the transplant process. The Patient Advocacy program provides patients with services such as information about transplants, assistance in intervening with insurers to determine coverage, and financial assistance. These efforts include patients assistance funds, case management services, referring physician education, consultation on the best match sources, and accelerated searching to facilitate transplants with an urgent need. The Program also provides support to patients after the transplant occurs to ensure that they can return to a normal, healthy life. Without this support, many patients would not be able to obtain life-saving transplants.

Even with these wonderful successes, we all recognize that the number of donors is not sufficient to meet the needs of every American. Each year more than 30,000 children and adults are diagnosed with life-threatening blood diseases, such as leukemia and plastic anemia, as well as certain immune system and genetic disorders for which a marrow or blood stem cell transplant can be a cure. These transplants require matching certain tissue traits of the donor and patient. Because these traits are inherited, a patient's most likely match is someone of the same heritage. Thus, men and women of the National Marrow Donor Program work continuously to recruit more donors, especially minorities who historically have difficulty finding matches. Since 1995, the Program has more than tripled the number of minority donors.

Mr. Speaker, at a time when our nation seeks to bring the nations and the people of the world closer together, to live in peace, and better understand each other, we can look to the National Marrow Donor Program as one important way to achieve these goals. There is no greater cause than to save a life, and with the ongoing support of every member of this House we can adopt this Resolution today to support the many heroes who have contributed to the work and vision of this program.

From the early days when we sought a home for the program, and had a few doors slammed in our faces, there was Admiral Elmo Zumwalt, Jr. and Dr. Bob Graves. There was Captain Bob Hartzman of the United States Navy who connected us with the Navy Medical Command where we appropriated the first small amount of funding to give birth to the program. There were the early medical pioneers such as Dr. Robert Good, Dr. John Hansen, Dr. Donnell Thomas, and Dr. Jerry Barbosa, all of whom helped perfect the science of marrow transplantation and who assisted us in our legislative quest to establish a federal registry.

There were the members of Congress, past and present, who stood by me as I sought funding to start up the program, to recruit marrow donors, and to perfect the marrow transplant procedures. There were my colleagues on the Appropriations and Energy and Commerce Committees who helped expedite these funding requests and the consideration of several authorization bills.

There were the members of the board of the National Marrow Donor Program and the Marrow Foundation, who have volunteered their time to establish a finely tuned international registry that quickly and efficiently matches marrow donors and patients to give them the best chance of a successful transplant. There is the staff of the NMDP, based in Minneapolis, Minnesota but with operations throughout our nation, who manage the flow of information, marrow and cord blood around the world. And there is the staff and medical teams at the transplant and donor centers who use their medical expertise to complete the transplantation procedures.

Finally, there are the true heroes of the program, the patients and donors. Every patient that has sought a transplant has helped the doctors and researchers perfect the marrow or cord blood transplant procedure to improve the outcome for every future patient. And every donor who has signed up for the national registry has given the ultimate gift of life. They are the heroes without whom we would not have this tremendously successful national and international life-saving program.

Mr. Speaker, in closing, let me again thank the sponsors of this Resolution. Let me thank every member of this House for their partnership in helping us continue the work of the National Marrow Donor Program. With your support, we are giving hope to thousands of patients here and throughout the world today and into the future.

I call on my colleagues to continue their support for the National Marrow Donor Program and its important mission. Whether it is working with physicians and patients to find the best source for a transplant, helping a patient navigate the complexities of the health care system and insurance, or encouraging more Americans to become part of the life-saving Registry, the Program has proven itself a critical part of our Nation's health care infrastructure. Today, we proudly support the work of the National Marrow Donor Program during National Marrow Awareness Month and share in the celebration of the program's successes. However, our work is not finished. We must continue to help all Americans in need of umbilical cord blood, bone marrow, or peripheral blood stem cells to have access to the life saving services and the patient advocacy programs of the National Marrow Donor Program.

Ms. BORDALLO. Mr. Speaker, I wholeheartedly support House Concurrent Resolution 206 supporting the National Marrow Donor Program and other bone marrow donor programs and encouraging Americans to learn about the importance of bone marrow donation. I commend Mr. BURGESS for introducing this legislation.

The importance of National Marrow Donor Program (NMDP) and other bone marrow donor programs cannot be overstated. Each year thousands of people are diagnosed with leukemia or other blood diseases which may be cured through a blood stem cell transplant may be a cure. Some will find a matched donor, but many others will have to rely on the kindness of strangers. For those of African-American, Asian, Pacific Islander, Hispanic, Native American, Native Alaskan descent, this is especially challenging.

I commend NMDP and other on their education and outreach initiatives particularly

those programs aimed at recruiting donors from minority populations. In 1993, the NMDP Registry included 37,601 donors of African-American, Asian, Pacific Islander, Hispanic, Native American, Native Alaskan heritage. As of August 2003, the number is now 1,145,000 donors. This an increase of approximately 3,000 percent. But there is still a critical need for donors from minority populations.

Her name was Justice Taitague, She was one of the 70 percent who could not find a matched donor from among her family members. Sadly, the donor registry at the time could not provide a match. Through the efforts of Dr. Thomas Shieh, the Guam Medical Society, and the National and Hawaiian Marrow Donor Programs, the first ever marrow drive on Guam was held on her behalf. This "Drive for Justice" registered thirty-four hundred volunteers in just three days. But it was too late for Justice, who passed away a few days after the drive.

Justice will never know the impact her life, her story has had on others. She has given us a gift—the gift of understanding of the importance of the National Marrow Donor Program and other bone marrow donor programs and she has given hope to others of Asian/Pacific Island descent searching for a donor.

Mr. Speaker, I fully support House Concurrent Resolution 206 supporting the National Marrow Donor Program and other bone marrow donor programs and encouraging Americans to learn about the importance of bone marrow donation. For me and the people of Guam, it's a matter of Justice.

Mr. WALDEN of Oregon. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. SIMMONS). The question is on the motion offered by the gentleman from Oregon (Mr. WALDEN) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 206.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. WALDEN of Oregon. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

CONFERENCE REPORT ON H.R. 1904, HEALTHY FORESTS RESTORATION ACT OF 2003

Mr. GOODLATTE. Mr. Speaker, pursuant to House Resolution 457, I call up the conference report on the bill (H.R. 1904) to improve the capacity of the Secretary of Agriculture and the Secretary of the Interior to plan and conduct hazardous fuels reduction projects on National Forest System lands and Bureau of Land Management lands aimed at protecting communities, watersheds, and certain other at-risk lands from catastrophic wildfire, to enhance efforts to protect watersheds and address threats to forest and rangeland health, including catastrophic wildfire, across the landscape, and for other purposes.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Pursuant to House Resolution 457, the conference report is considered as having been read.

(For conference report and statement, see proceedings of the House of November 20, 2003, at page 30421.)

The SPEAKER pro tempore. The gentleman from Virginia (Mr. GOODLATTE) and the gentleman from Texas (Mr. STENHOLM) each will control 30 minutes.

Mr. INSLEE. Mr. Speaker, I respectfully demand one-third of the time under clause 8 of rule XXII.

The SPEAKER pro tempore. Is the gentleman from Texas opposed to the conference report?

Mr. STENHOLM. No, Mr. Speaker, I am in favor of the conference report.

The SPEAKER pro tempore. Under clause 8(d) of rule XXII, the Chair will divide the hour of debate on the conference report as follows: the gentleman from Virginia (Mr. GOODLATTE), the gentleman from Texas (Mr. STENHOLM), and the gentleman from Washington (Mr. INSLEE) each will control 20 minutes.

The Chair recognizes the gentleman from Virginia (Mr. GOODLATTE).

Mr. GOODLATTE. Mr. Speaker, I ask unanimous consent that the gentleman from California (Mr. POMBO), chairman of the Committee on Resources, be recognized for 10 minutes for the purposes of controlling debate.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Virginia?

There was no objection.

Mr. GOODLATTE. Mr. Speaker, I yield myself such time as I may consume.

Today, we are finally able to bring the Healthy Forests Restoration Act, H.R. 1904, for a vote. In spite of a severely flawed process to arrive at this point, we have driven a hard bargain, and we have got a bill that the President will sign. I believe it will make a difference on the ground, but it is only a first step towards fixing what is wrong with the management of our public lands.

I worked with two other distinguished full committee chairmen, the gentleman from California (Mr. POMBO) of the Committee on Resources and the gentleman from Wisconsin (Mr. SENSENBRENNER) of the Committee on the Judiciary, to craft a bipartisan bill that passed earlier this year by an overwhelming, and bipartisan, majority. I also want to note the outstanding efforts of my counterpart in the other Chamber, Agriculture Committee Chairman COCHRAN, and our distinguished ranking member, the gentleman from Texas (Mr. STENHOLM), for their efforts.

This bill seeks to address the issues that have tied the hands of our forest managers: National Environmental Policy Act analysis that drags on for months, administrative appeals that spring up at the last minute, and court actions that stall projects for so long that areas proposed for treatment frequently are destroyed by fires long before the judicial process concludes. The conference process has produced a bill that does not do as much as I would like to address on these issues. I understand there are many in both Chambers who would like to have seen a stronger product. But this bill creates the first real relief from bureaucratic gridlock after over 8 years of legislative effort. It sends a clear signal that the Congress favors results over process and that protecting our communities, our watersheds, and our people is more important than producing mountains of paperwork.

There are over 190 million acres of forests and rangelands which remain at risk of catastrophic wildfires, insect and disease, a landmass larger than New England. Our bill takes the modest step of addressing the hazardous conditions on only 20 million acres of this total. This bill also takes an innovative approach to forest health on private lands, creating new nonregulatory, incentive-based approaches to promote conservation on private lands. In short, it takes a national approach to a national problem.

H.R. 1904 has enjoyed broad support from groups such as the Society of American Foresters, the National Volunteer Fire Council, the International Association of Fire Chiefs and others. Professional wildlife managers, sportsmen, and serious conservation groups all support this bill.

We as a Congress have more work to do to perfect our forest management laws. Forest fires are a symptom of a land management system that suffers from procedural, managerial, and practical gridlock. Our forest management laws, environmental laws, and procedural laws do not work well together. They create a process that only highly trained legal minds can comprehend; and while claiming to encourage citizen participation, they often achieve just the opposite. So we need to do more, but we should be proud of what we are doing today. We are taking a bipartisan step toward better management of our forests. We are saying that protecting our communities, our watersheds, and our people comes before protecting the dilatory tactics of those who oppose any type of sensible land management.

I applaud President Bush for helping to bring this about. We would not be on the verge of passing this bill without his leadership. I hope he continues to exert leadership in this field to ensure that the Federal land managers act aggressively to implement this program

as quickly as possible. I will do my utmost to ensure that bureaucratic inaction does not delay implementation. I urge my colleagues to support this conference report.

Mr. Speaker, I reserve the balance of my time.

Mr. STENHOLM. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of the Healthy Forests Restoration Act conference report, and I am pleased to be here on the verge of completing legislation that will give us a chance to return America's cherished forests back to a healthy landscape. For the last century, public land managers have suppressed all forms of wildfire, including natural small-scale fires that restore forest ecosystems.

The unintended result of this policy is a decades-long buildup of forest fuel, woody biomass, and dense underbrush that is as close as the next lightning strike or escaped campfire from exploding into a massive fire. In some areas, tree density has increased from 50 trees per acre to as many as 500 trees per acre, according to the Forest Service and fire ecologists. These unnaturally dense forests are a small-scale ignition away from a large-scale wildfire. These natural small-scale fires burn at the ground level and at relatively low temperatures, allowing some trees to survive and, in the process, renewing the forest.

The suppression of these natural small-scale fires, however, has resulted in an accumulation of fuel that supports catastrophic wildfires of unnatural intensity that burn hotter, spread faster and cause long-term severe environmental damage, sometimes even sterilizing the soil. America's forest ecosystems are being decimated at an alarming rate by large-scale catastrophic wildfire and massive outbreaks of disease, insect infestation, and invasive species. Federal foresters estimate that an astounding 190 million acres of land managed by the Secretary of Agriculture and the Secretary of the Interior are at unnatural risk to catastrophic wildfire. Of that, over 70 million acres are at extreme risk to catastrophic wildfire in the immediate future.

During the second year of the National Fire Plan implementation, we witnessed the second largest fire season this Nation has seen in half a century. An early widespread drought, unparalleled since the Dust Bowl of the 1930s, affected 45 percent of the country. On June 21, 2002, the national level of readiness rose to the highest level possible, 5 weeks earlier than ever before, and remained at that level for a record-setting 62 days. In fact, wildland fires burned 7.2 million acres, or nearly double the 10-year average. Colorado, Arizona and Oregon recently recorded their largest timber fires of the century. And then we saw the devastation in Southern California.

Forest ecologists, professional land managers, and many environmental groups agree, the exploding incidence of catastrophic wildfire and disease and insect infestation pose a massive threat to the health, diversity, and sustainability of America's national forests. The Nature Conservancy, one of the world's largest and most acclaimed environmental groups, has been a leader in the environmental community in building public awareness about the environmental calamities that catastrophic wildfires cause.

Of the three factors that most influence wildland fire behavior, weather, topography and fuel, land managers can effectively affect only fuel. Unless we take a proactive approach to fuel reduction, the remaining components of the National Fire Plan, which include firefighting, rehabilitation, community assistance and research, will only continue to increase in cost. Local governments, volunteer firefighters, professional foresters, conservationists, and labor organizations agree, it is time to act to protect our forests.

Fortunately, the Healthy Forests Restoration Act addresses these concerns by giving Federal land managers the opportunity to restore our forests to a more natural balance while maintaining important environmental requirements. The conference report before us allows for authorized hazardous fuel reduction projects on Federal lands, helps communities in the wildland-urban interface prepare for wildfires, improves the NEPA analysis process, and augments public involvement and review. Additionally, the report includes titles allowing grants to use biomass, providing watershed forestry assistance, addressing insect infestation research, and establishing private forest reserves.

In closing, let me remind Members that this is not a new issue to come before the United States Congress. We have been talking about this issue for years. I remember the tremendous work done by former House Agriculture Committee chairman Bob Smith and his efforts to reach out and find a compromise, only to go down in flames because of the inability of extreme sides of this question to come together.

I am disappointed that certain Members of the House were excluded from the process that got us here today. That certainly has not been the case with the House Committee on Agriculture. I commend Chairman GOODLATTE for his bipartisanship and leadership on this important issue. We all have differing opinions about the various components of the legislation before us; but in passing this legislation, we will restore America's treasured landscapes by reducing the risks of catastrophic wildfires and insect and disease infestations.

Mr. Speaker, I reserve the balance of my time.

Mr. INSLEE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, it is abundantly clear to all of us of all political persuasions and parts of the country that we need a vigorous, well-funded, well-prioritized hazardous fuels reduction program in our national forests.

□ 1345

The Nation needs that because of a ''perfect storm,'' if I may use that term, of enormous changes in our climate which have led to drought, particularly in the western United States, leaving the most explosive conditions due to the lack of moisture in over 100 years and because of our misguided and mutually ignorant policy over the last several decades, if not century, of suppressing all fire, thereby allowing certain additional density to increase. All of us know we need a well-prioritized, well-funded, well-defined hazardous fuels reduction program.

But I, regretfully, cannot support this bill because it fails in several fundamental ways. It fails to prioritize the taxpayers' dollars where they ought to be prioritized which is the protect of human health and property first. It fails to protect our most treasured crown jewels in our Forest Service of our roadless areas, which I have to tell the Members in the part of the world where I come from, we treasure the roadless areas on our weekends and afternoons. It is part of our culture and our families, and they are unprotected in this bill. Third, it fails to adequately solve the problem as to why we cannot get these programs completed, which is money, and I will come back to that. We today change the law, but not the appropriations that we need to get this job done.

Let me start with a failure to prioritize in this bill. If I may, this ought to be job one for the U.S. Congress when it comes to hazardous fuels reduction. Job one for the U.S. Congress ought to be protecting, with a protective buffer, the homes and towns and cabins and barns in our thousands of acres from voracious forest fire, and this bill does not follow a fundamental precept that when we have got job one and when we have got limited dollars, we prioritize. To govern is to choose, and this bill consciously chose not to give the majority of funds in this program to protect these areas with moats, if I may, to protect them from this horrendous fire. And we have seen what happens in California when that occurs. And it ought to be a totally unanimous agreement here that the majority of our funds in our program ought to be directed to the areas around our towns and cities rather than spent up in Timbuktu harvesting commercial lumber.

We have seen that they split the baby 50/50, but spliting the baby 50/50 is not always right nor is it fair, and I will

tell my colleagues why. This conference report says 50 percent of this money will go to the Wildland-Urban Interface. It will not do to tell people in this community that we have saved half their houses, and we have sacrificed the other half to the demands of those who want to continue commercial logging in our roadless areas. We failed in our duty to prioritize our precious dollars where they belong, and we have offered a modest amendment to improve that in the conference committee which were rejected out of hand.

And let me tell the Members why this prioritization is so important. Of the dollars we have spent next year, if we double the amount that has been appropriated by the majority party, whom I respect, and I respect their positions on this bill, but if we even double the amount that was spent in the last 3 years, we will still only do 2 to 3, maybe 4 percent of the acreage of the millions of acres that need to be treated. We have to prioritize. This bill did not do it.

The second thing this bill did not do, it did not protect our roadless areas. We have 58 million acres of roadless areas which are the crown jewels of our national forest, which are pristine, and everyone loves the trees in our roadless areas. The problem is some of them love them vertically and some of them like them horizontally. This bill does not protect our roadless areas from the ones who want to do commercial logging so that they will be horizontal. It does not protect them one wit in those roadless areas, and that is most discomforting, and I will tell the Members why. We should have been able to fashion a unanimous way to protect those roadless areas. Let me just suggest one way to do it. I offered an amendment in the conference committee that would simply say that if we have to, if there is some terrible disease-ridden patch in the roadless area that we have to build a road to get to it, to do an emergency program that would be allowed under this bill, okay; but let us at least restore the road after the project is completed to its original topography. How can anyone object to that? How could anyone object to that precept? If we are building a road in a roadless area to do a hazardous fuels reduction program, when we are done with the program, why not put the road back in its natural topography. Who could object to it? I will tell the Members who does object to it. The timber industry who wants to use these roads to punch them into the heart of our most virginal forests and then make them available for commercial harvest, and we do not need to do that to accomplish our ends here, and it is regrettable we did not solve that problem.

The third thing that this bill does not do, it does not cut to the heart of the problem. This bill, its whole fundamental idea is if we just cut off those pesky environmentalists, by gum there will not be any more forest fires. I will give the Members bad news. We can outlaw environmentalists if we want to, and I see some nods. My friend over on this side of the aisle would like to do that. I take a different view. They are my constituents. They are people who like to go up and have clean water out of the roadless areas. They are people who like to go on a picnic in the roadless areas, and they know, as I do, that if all we try to do to fix this program is to cut off citizen participation, we will not solve the problem of getting these fuels reduction programs in line, and I will tell the Members why we will not. The reason we have we are not getting the job done and giving therapy to our forests is that we have not appropriated one tenth of the money that is necessary to get this job done. It is not appeals. Come on. The GAO, in their last study, after four rounds to make sure they got it right, said that 92 percent of all of these fuels reduction projects go lickity-split right through the process without any problems and only 3 percent of them were litigated. Ninety-seven percent of these projects go through without litigation. So why have we not cut the mustard? Why have we not done enough therapy on these forests? It is because we have not invested the money to do it. We have only invested enough money to do 2 to 3 percent, and that is not going to significantly improve in this bill. Doubling does not even cut it, even if we got the appropriation. So we are united, I think, unanimously on this floor in the belief that we need to have a strong fuels reduction program, but we cannot say that this bill will provide what the American people need to get this job done in a reasonable fashion.

The fourth, if I can, problem with this bill: It is clear that we have got to cut down a whole bunch of trees to solve this problem because they are dense, they have grown up because of our misguided fuels suppression program, and now we have got this cataclysmic fire situation. But the question is what do we cut and where? That is really the issue we need to resolve on the floor of this House. And here is a tree, a mature tree. I wish I could tell the age, marked for cutting in the fuels reduction program. There is no reason to cut that tree except for commercial purposes. We needed to develop a firm definition, so that the Forest Service can use it to determine what trees to cut, and it would have been easier if we provided them adequate money to do it, so they do not have an incentive to log bigger trees to generate money for this program. But we did not do it, because the appropriations process did not cut the mustard. So we have a problem that we have not given adequate definition of what to cut and where.

Mr. Speaker, I reserve the balance of my time.

Mr. POMBO. Mr. Speaker, I yield myself 2 minutes.

I am glad that the gentleman from Washington (Mr. INSLEE) claimed the time in opposition to this because I think it is important for everyone to see just how difficult this bill has been to finally arrive at this point of developing a bill and a conference report that is so widely supported in both this Chamber and the Chamber across the Capitol, that we have brought together such divergent interests, so many people who may have initially opposed this bill that are now on board because of the great compromise that was reached to bring this bill to the floor.

The history behind the Healthy Forests initiative, it has been, I think, 8 years now since the very first bill was introduced and the work began to finally get to this point, and we have gone through, I believe, close to 75 hearings in Committee on Resources alone on this legislation. There has been a countless number of people that have testified, and we have gone back and forth. And these past 3 years, we actually have to give a lot of credit to two of my colleagues in the House, the gentleman from Colorado (Mr. MCINNIS), subcommittee chairman, and the gentleman from Oregon (Mr. WALDEN) for the work that they did in pulling together with all of the different interests to bring something together, the gentleman from California (Mr. GEORGE MILLER), former ranking member on the committee, and the gentleman from Oregon (Mr. DEFAZIO) and others to put together a bill that was really a great balance between so many different interests. And I found with interest the gentleman from Washington's (Mr. INSLEE) talk about a particular tree and saying that we need to resolve on the floor of the House whether or not that should be cut down. I have got to tell him, we do not know. That is the job of the professional foresters. The focus of this bill is to go out into the forests and let the professionals, the scientists, the people who really do understand what is going on out there, have them decide where the best place to do thinning projects is, not on the floor of the House. That is ridiculous to think that we on the floor of the House should be doing that.

But this is a grand compromise. It is a great bill, and I urge my colleague to support it.

Mr. GOODLATTE. Mr. Speaker, I yield 2 minutes to the gentleman from Minnesota (Mr. GUTKNECHT), chairman of the Department Operations, Oversight, Nutrition, and Forestry Subcommittee of the House Committee on Agriculture.

Mr. GUTKNECHT. Mr. Speaker, I thank the chairman for yielding me this time.

And I want to especially thank all those who have been involved, the gentleman from Virginia (Chairman GOODLATTE), the gentleman from California (Chairman POMBO), and the gentleman from Texas (Mr. STENHOLM), ranking member, for all of their work on this legislation. And in addition, I think we should thank President Bush because of his leadership on this issue.

Nearly half of the 190 million acres managed by the Secretaries of Agriculture and Interior are at extreme risk to wildfire. Millions of acres across the South, the East, and in my home State of Minnesota are facing disease and insect epidemics. And yet Federal land managers will treat only about 2.5 million of those acres each year because of the extraordinarily lengthy procedural and documentation requirements.

Time and again, we have seen the destruction that forest mismanagement and drought can cause to our landscape and to our families. This year alone 4.3 million acre of our Nation's forests have burned and 29 firefighters have lost their lives. Recently, more than 750,000 acres have been burned in southern California, and 22 Californians died trying to escape those fires.

Many see the fires on TV and think this is only an issue for ''out West.'' Unfortunately, poor forest health is a national problem. The lack of forest management of our national forests in States across our country, including my home State of Minnesota, has placed private forests and communities at risk of fires, insects, and disease. Almost 3 million acres of the National Forest System lands in Minnesota are at high risk. Standing by and doing nothing to protect this precious resource is tantamount to criminal neglect. Congress has an obligation to ensure that we do not neglect our national forest lands and ensure that they are available for generations to come. Too often, excessive regulation and what I call ''paralysis by analysis'' has made even the simplest management project an ordeal of years instead of weeks. H.R. 1904 is critical to begin to solve the problems of proper management of our forests.

I urge all Members to support this important legislation.

□ 1400

Mr. STENHOLM. Mr. Speaker, I yield 3 minutes to the gentleman from Oregon (Mr. DEFAZIO).

Mr. DEFAZIO. Mr. Speaker, I thank the gentleman from Texas for yielding me this time, and I thank all of the members of the Committee on Agriculture and the Committee on Resources who have put so much time and effort into this. Yes, it was a long process, but I believe that a good result is worth the work. I wish we had got it done a year ago; but, hey, we are now finally going to get something in place long ahead of next year's fire season.

This bill, if properly implemented, will begin to carefully undo 100 years of mismanagement of our national forests. It recognizes that this is going to be a long and expensive process. It recognizes that it cannot be done for nothing. This bill includes a $760 million-a-year authorization. I think we could even go higher. Mr. Speaker, $1 billion a year could be productively spent in the West, given the magnitude of the problem; but it is a significant increase over the commitments we are currently making.

It will bring jobs to hard-hit rural areas in the forests. It sets a priority that half the funds should be spent in proximity to high-risk communities in the West, and it also sets priorities for protection of other high-value resources in high-risk areas.

If properly implemented and fully funded, I believe that we can begin to step incrementally away from the catastrophic, or potentially catastrophic, conditions that exist throughout the West today.

It contains old-growth language that clearly reflects the intent of Congress that the objective is to return the forests to presettlement conditions, which means there will be large, fire-resistant trees more widely spaced, particularly in the inter-mountain areas; that we would leave native stands intact, but we would aggressively thin from below. We would remove ladder fuels, we would remove trees that are growing into the crowns of the larger trees.

I mentioned earlier the Davis fire in Oregon and the lodgepole that carried the fire into the crowns of the Ponderosa, that would have survived the fire otherwise, had we gotten in there and removed those lodgepoles, which have little commercial value. That is why this program will be expensive. In many areas, what needs to be removed has little or no commercial value. Where it has commercial value, we will use that to offset the costs and to amplify the program.

It does not unduly restrict the right of appeal. It does require that people participate meaningfully in the process if they are going to appeal, and that is the way it should be. I want people to be involved from the beginning in communities, meaningfully commenting on the plans and proposals of the Forest Service. It allows judicial review if the bill is misapplied by this or any future administration.

But it will move the process along, and we will begin to chip away at the backlog. But make no mistake, even if we get the $760 million a year, this is going to take a long time to return our forests to their natural state.

Mr. INSLEE. Mr. Speaker, I yield 3 minutes to the gentleman from New York (Mr. HINCHEY).

Mr. HINCHEY. Mr. Speaker, this is an example of not just an act that will destroy good policy, but it also destroys the language; and it is consistent with the kind of thing that has been happening here recently, particularly with regard to environmental policy.

What is the name of this bill? The Healthy Forest Restoration Act. It reminds me very much of the Clear Skies Initiative that the President was pushing and the majority in this House was solidly behind. What did we get from the Clear Skies Initiative? Increased greenhouse gases, increased acid rain, a big gift to the polluters so that they do not have to upgrade their equipment. The same kind of thing occurs here.

The rationale behind this legislation as it is stated is that we need this act in order to carry out thinning processes in places where fires are likely to occur. Now, one would have the idea, based upon that, that these thinning processes are being held up. That is what they want us to believe, these thinning processes are being held up by litigation and things of that nature.

Well, what does the General Accounting Office say? The General Accounting Office has a lot of credibility around here. The General Accounting Office tells us that the appeals and litigation are not slowing thinning projects at all. In fact, 92 percent of the thinning projects are being completed without delay.

Now, why, then, are we engaged in this?

Well, the real reason is, just like under the Clear Skies Initiative, we were not interested in cleaning up the skies, and here we are not interested in healthy forests. What we are interested in is a big giveaway to the people who want to go out and cut down the trees that are on public land. That is what this is all about.

Now, another interesting aspect of it to me is a lot of people in this House who are dead set against any activity by the Federal Government, they want the Federal Government out of everything. Now, however, under this piece of legislation it is, no problem, just give them this authority, trust the administration, trust the Federal Government. They will do everything right. Totally inconsistent, obviously.

So what else does this bad bill do? It fails to focus on projects in communities that are actually in need of protection. It undercuts NEPA by eliminating the requirement to consider a full range of reasonable alternatives. It fails to treat or provide assistance to State, tribal, and private lands. It throws up unprecedented roadblocks to citizens across the country and their access to the courts, and it is a direct threat to the independence of the judiciary in this country on this specific issue. It curtails the rights to appeal bad projects and authorizes a new appeals process with no sideboards to be created by the Secretary.

This is an example of a bad bill and specious arguments driving bad policy.

Mr. POMBO. Mr. Speaker, I yield 1 minute to the gentleman from California (Mr. LEWIS).

Mr. LEWIS of California. Mr. Speaker, I thank the gentleman for yielding me this time. While I am doing so, I want to express my deep appreciation to the leadership on both sides of the aisle who have gone about the compromises necessary to bring this bill to the floor in the first place.

It is important to know that we have been mismanaging our forests for all too long now; and if there is a need for a demonstration project relative to that, all one has to do is look at the recent devastating fires in Southern California.

My territory is directly impacted. We have lost thousands and thousands of homes. We have lost dozens of lives as a direct result of mismanagement of our forests. And as of this moment, the most pristine areas of Southern California are in jeopardy of total loss because of mismanagement by this body and by the Federal Government of their forestlands.

This bill is a good step in the right direction. It is going to cost some money, but not nearly the billions and billions of losses that we have already suffered in Southern California.

Mr. GOODLATTE. Mr. Speaker, I yield 1 minute to the gentleman from Montana (Mr. REHBERG).

Mr. REHBERG. Mr. Speaker, I would like to add my voice to the chorus of accolades thanking the various chairmen and subcommittee chairmen and Members who have worked so hard on this piece of legislation.

It is ironic in this country when something like September 11 occurs, or a tornado or a flood that creates massive destruction quickly, we roll up our sleeves and we get to work rebuilding. Yet the cancer that is caused by drought and insect infestation, disease and such that is occurring within our forests somehow is treated differently.

What have we seen over the years? In 1988 we burned a large area of Montana, the Yellowstone ecosystem. We assumed that something would be done, but it was not. It got stuck back in Washington, D.C., and what did they do? They talked and talked and talked. And over the years, while we talked about solutions, what have we done? We have talked our forests to death. And eventually we go to the corners, and then we sue our ways back out. It is stupid. It is ridiculous. That is not the way to present a better forest. This piece of legislation in fact will now manage the lawsuits.

Please support this compromise. It is a good one.

Mr. STENHOLM. Mr. Speaker, I yield 2 minutes to the gentleman from Michigan (Mr. STUPAK).

Mr. STUPAK. Mr. Speaker, as cosponsor of H.R. 1904, the Healthy Forest Restoration Act of 2003, I rise in support of this legislation because of the relief it provides to combat the challenges facing our forest system today. From hazardous fuel reduction to insect and disease infestation research, this bill gives our forest managers and our private citizens the money and the technical assistance they need to help bring our forests back to health.

Mr. Speaker, H.R. 1904 will work to alleviate the fire hazards that currently plague our forests. As evident by the rampant spread of the wildfires that recently ravaged Southern California, our Nation's forest system is overwhelmed with excess brush and foliage which could fuel catastrophic wildfires.

This bill provides thinning programs for up to 20 million acres of at-risk lands near communities and their water supplies, at-risk lands that serve as habitat for threatened and endangered species, and at-risk land that is particularly susceptible to disease or insect infestation.

Mr. Speaker, H.R. 1904 also provides money and technical assistance to stop the growing problem of insect and disease infestation. In southeastern Michigan, for example, Forest Service managers are battling the emerald ash borer. This insect has decimated the population of ash trees located in a 6-county area. Luckily, officials have responded quickly, and we are in the process of containing this threat. H.R. 1904 will assist in our fight against invasive species like the emerald ash borer and others around our country by promoting new research and quick action to reduce the impacts on these forest pests.

I strongly urge my colleagues to pass this conference agreement on H.R. 1904. I want to thank the ranking member, the chair, and all of the staff for their hard work on this. It is time we reduce the threat of wildfires to our communities and our environment. Support H.R. 1904.

Mr. POMBO. Mr. Speaker, I yield 1 minute to the gentleman from Arizona (Mr. HAYWORTH).

Mr. HAYWORTH. Mr. Speaker, I thank the chairman of the committee, my friend from California, and I thank him for yielding me this time. I rise in strong support of this conference report, which at once is an important first step and, at the same time, is long overdue.

It has been interesting to listen to the conflicting philosophies on the floor. There is one point of view represented that true environmentalism means therapy for the forests.

Mr. Speaker, I think the questions are accurate to be asked. Is it therapeutic to have such destruction in the forests that the number of particulates in the air eclipses rush hour in many of our major metropolitan areas? Is it therapeutic in the forests to see watersheds destroyed? Is it therapeutic in the forests to see land burned so badly that, as the gentleman from Texas pointed out, the land is sterilized?

No, the sound environmental position is to have sound scientific principles embracing healthy forest management. And to the effort of protecting homes and property and people like the 20-plus who perished in California, this job is long overdue. We must pass this bill; and, quite frankly, we should do more, not only for rural America, but for suburbanites who perished in the recent fires in California.

Mr. STENHOLM. Mr. Speaker, I yield 2 minutes to the gentlewoman from Oregon (Ms. HOOLEY).

Ms. HOOLEY of Oregon. Mr. Speaker, I thank the gentleman for yielding me this time and for all the hard work he has put in on this particular piece of legislation. I also want to especially thank my two colleagues, the gentlemen from Oregon (Mr. WALDEN) and (Mr. DEFAZIO), for their enormous work on this piece of legislation.

Mr. Speaker, this is an issue that is very important to my home State and to my congressional district. Reduction of hazardous fuels. Oregon has been hit hard by wildfires in recent years, and I am very happy that we are finally taking steps in this House to make up for years of neglect of our Federal forests. Forests and timber are vitally important to the citizens of Oregon. The economic costs of forest fires in Oregon have been astronomical and the human costs have been even higher. It is essential we do something about it, and something sooner rather than later.

Prior to coming to Congress, I served as a county commissioner in Clackamas County, which owned thousands of acres of forest land. I was responsible for management of those forests. I know from experience that it is possible to manage and protect a forest and that in many cases, it is necessary to manage a forest in order to protect it.

This legislation before us will have a positive impact. Not only will it help save people's homes and people's lives, it will focus money on lands that need it most and provide environmental protections.

□ 1415

At the same time it allows local communities and citizens to remain involved in the process. What I am most pleased about, however, is that this legislation provides funding for fuel reduction. The $760 million authorized in this bill is a great start and will help protect our forest and our communities.

The House and the Senate have reached an important compromise that is balanced, and provides money to get the job done. Mr. Speaker, I urge my colleagues to join with me in supporting this legislation that fosters a

healthy management and protection of our national forests.

Mr. INSLEE. Mr. Speaker, I yield 2 minutes to the gentleman from New Mexico (Mr. UDALL).

Mr. UDALL of New Mexico. Mr. Speaker, I compliment the gentleman from Washington (Mr. INSLEE) for his management of this bill. Let me just talk a little bit about the judicial review test here, because I think that we are embarking on new ground. When we put in a test that talks about short-term and long-term, really what we are ending up doing is saying that if you cut down the whole forest and it is okay in 100 years, then that is all right. I mean, that is the kind of test that we are putting into this piece of legislation. We do not know what that means. And so we are encroaching into the judicial arena, trying to tell the courts what to do. This is a new test. It is a new standard. It has never been used before.

And what is going to happen? We hear all the talk about lawsuits and litigation from this side of the aisle. Guess what, folks? This is going to be a lawyers employment bill. If there is anything that is going to come out of this, it is going to be more litigation, it is going to be more billable time, it is going to be more lawyers involved in this process. And I think what is going to happen further, if we allow this to happen, if we allow this to happen, we are going to see this appear across the board in other areas, workers' rights, OSHA, any place where Federal agency decision-making is going on, this is going to be imposed on the Federal courts. And I think that is why the committees that supervise in the Congress judicial review have such a hard time with this provision.

With that, I would just urge my colleagues to vote against this bill.

The recent firestorm in Southern California acted to once again remind us of the gravity of rampant wildfires in the west. However, this issue is of such great importance that I am extremely concerned about, and strongly object to, the manner that this legislation was brought before us today.

You may recall that the Committee Print of the Healthy Forests Restoration Act was released to the members of the Resources Committee during a recess period, on the Friday afternoon before it was scheduled to be marked up in Resources committee, a few days later.

Similarly, we are called upon today to vote on the Healthy Forests Conference Committee report. This report was just released yesterday. It is my understanding that the rules for the House call for a minimum of 3 days of review of a conference report before it is voted upon.

So, in what now seems to be standard operating procedure of the House, we have barely had twenty-four hours, if that, to read and digest its contents. One day is hardly sufficient to allow all Members to carefully and thoughtfully consider this vital legislation.

I would like to point out that H.R. 1904 was not the sole option available for our protection from wildfire devastation. Mr. UDALL of Colorado and I introduced H.R. 1042, the Forest Restoration and Fire Risk Reduction Act.

Had we had an opportunity to hold hearings on our bill, Mr. UDALL and I would have been able to formally raise some of the issues that I view are not adequately addressed in H.R. 1904 or the conference report, but that are critically important to wildlife prevention and protection.

Our bill would place greater emphasis on protection of the "wildland/urban interface" without imposing the unprecedented deadlines and standards for injunctive relief on the Federal judiciary, and without emasculating our environmental laws that are present in both H.R. 1904 and the Report.

While the results of the conference are better than the version passed by the House, the provisions that I view to be most controversial remain in the text. The agreement places a greater emphasis on thinning forests very close to communities, but, like the House bill, it significantly limits environmental reviews of forest thinning projects and insect infestation field research projects.

I reemphasize that I believe that we must conduct thinning projects to help reduce the likelihood of unusually severe fires. However, I do not support the contention that to facilitate such projects we need to expunge our environmental laws and procedures for public comment and participation.

The limits placed on fire-risk reduction projects from environmental review and administrative appeals, especially in the wildland urban interface, in effect constrain the provisions of the National Environmental Policy Act. Furthermore, denying the public the full and fair opportunity to have viable alternatives to agency action considered circumvents established policy of public participation.

Such participation is an important aspect of our democratic process for making decisions affecting public lands. Limiting public comment and ignoring the provisions of NEPA and other laws designed to protect our environment does not assist in developing sound forest management.

I believe, however, that the conference report is a better bill than the version passed by the House. The Report contains specific provisions to protect the wildland urban interface. Furthermore, the report authorizes tribal watershed management programs for Indian tribes, an issue that I have strongly advocated for since we began working on this legislation in the 107th Congress.

Nonetheless, I am afraid that this legislation is just another assault by the Bush Administration on our Nation's forests. Most of the attacks over the last year have been below the radar—in arcane rules, stealth riders and misnamed legislation. In this many-fronted assault, big timber is the winner.

Under the guise of buzz words such as forest health, catastrophic-wildfire prevention and streamlining, the Administration's initiatives transform forest policy in ways that are staggering in their scope as well as in their implications for democracy.

The changes revamp laws fundamental to sound forest management, including the National Forest Management Act, the Appeals Reform Act and NEPA. The cumulative effect of these changes is to undermine or eliminate open decisionmaking, agency accountability, resource protection and recourse in the courts.

It began in December 2002, when the Administration proposed a forest-planning regulation that renders public involvement virtually meaningless. The rule ignores scientific involvement, eliminates fish and wildlife protection, and fails to protect roadless areas.

It skews the planning process to favor logging, mining and off-road vehicle use. It renders plan standards more discretionary, further reducing agency accountability. Most shocking, the final rule, due out imminently, exempts forest plans from environmental analysis and eliminates the opportunity for the public to appeal the final plan.

The Forest Service assured critics that it would undertake in-depth environmental studies when specific logging projects were proposed. Not so.

In June 2003, the Administration abolished environmental review of logging done in the name of "hazardous fuels reduction" on up to 1,000 acres of land as well as post-fire rehabilitation projects on up to 4,200 acres.

One month later, the Administration carved out more loopholes for National Environmental Policy Act exemptions for commercial logging by setting acreage limits of 70 acres for timber sales and 250 acres for salvage sales. These projects have few, if any, meaningful constraints.

For example, the projects must be "consistent" with local forest plans. Yet, under the soon-to-be final planning regulations, forest plans can be amended simply by changing the plan on an interim basis with no public notice.

Under the banner of hazardous fuels reductions, large-scale, intensive commercial logging projects may take place virtually anywhere in our forests, regardless of forest type or tree size. In effect, the conference report allows logging and associated road building with limited environmental analysis, administrative appeals, judicial review and public involvement.

The Appeals Reform Act of 1992 gave citizens a statutory right of appeal after the Forest Service tried to eliminate appeals on timber sales. Although billed as part of the "Healthy Forests Initiative," changes to these regulations significantly curtail rights to appeal a broad range of timber sales and land management decisions—not just those pertaining to fire risk.

H.R. 1904 sets no time frames for appeal, no required stay of action provision during the appeal, and no guaranteed right to appeal. Instead, the Forest Service would have 30 days after enactment of this legislation to develop the new administrative appeals process.

This legislation also pushes citizens out of the picture. In addition to altering the intentions of the Appeals Reform Act, H.R. 1904 reduces environmental review on logging projects not already given a wholesale exemption and severely restricts opportunities for public involvement.

Furthermore, it encroaches upon the courts' ability to review the legality of logging projects almost anywhere on our publicly owned forests, including roadless areas and old growth.

If bug and disease-control are the purported reasons for logging, projects up to 1,000 acres will bypass all environmental review and appeals.

With millions of dollars authorized in the act for any hazardous fuels project on public lands, logging without laws can proceed throughout the backcountry.

The synergistic effects of these radical rollbacks are breathtaking. I predict that the assault will only foment more controversy and stimulate more distrust of the Forest Service for years to come.

I urge my colleagues to vote "no."

Mr. STENHOLM. Mr. Speaker, I yield 1 minute to the gentleman from Pennsylvania (Mr. PETERSON).

Mr. PETERSON of Pennsylvania. Mr. Speaker, I rise to urge everyone if you want forests to be healthy and be managed, to support this bill. I have heard stated here that we have mismanaged, that the Forest Service and other agencies cannot manage forests under the current law. It is impossible to manage.

In the Allegheny National Forest in Pennsylvania, the finest hardwood forest in America, we just had 10,000 to 20,000 acres of blow-down in July. It has been assessed at somewhere between $50 to $100 million in value lying on the ground. The Forest Service chief there just determined that it would be at least 3 years before he could have people there harvesting trees on the ground. Tell me that the system isn't broke, that it makes sense to have $100 million worth of American assets to lie there and rot because in 3 years they are of little value at all.

Folks, this system is broken. We do not want judges managing our forests. We want soil scientists, fish and wildlife biologists, and all the people that our Forest Service hires. They have every kind of scientist there is managing our forests. They should make those decisions.

Mr. POMBO. Mr. Speaker, I yield 1 minute to the gentleman from Arizona (Mr. RENZI), who brought a renewed vigor to this debate.

Mr. RENZI. Mr. Speaker, I want to thank the chairman for his leadership, and I especially want to thank the gentleman from Colorado (Mr. MCINNIS) for his fighting spirit and 3 years of perseverance that it took us to finally get to this point.

I also maybe want to offer a little bit of a different view for those limousine environmentalists from the inner city, who do not necessarily live in the forests as we do. Coming from Flagstaff, Arizona, the largest Ponderosa pine forest in the world, where we suffered the likes of the Rodeo-Chedeski fire, a fire of 500 thousand acres.

I want my colleagues to know there is a science that is being ignored here. We are taking half the money and putting it into wildland urban interface right on the boundaries of our communities. Yet the forest managers want to be able to attack fire in the outlands. What they understand is in the West we have canyons. While they may have concrete canyons in New York City, we have real canyons in Arizona. In those canyons, we have up-slope terrain. When up-slope terrain combines with wind and temperature, that fire burns so hot and so fast that wildland urban interface and limiting the money will not be able to give us fallback positions for our firemen. It is a compromise that we have proposed here. Vote in favor of the bill.

Mr. GOODLATTE. Mr. Speaker, I yield 1 minute to the gentleman from Georgia (Mr. BURNS).

Mr. BURNS. Mr. Speaker, I want to join my colleagues in support of H.R. 1904, the Healthy Forest Initiatives. I want to thank the gentleman from Virginia (Mr. GOODLATTE), the gentleman from California (Mr. POMBO), my distinguished colleague from Texas (Mr. STENHOLM). We think about the healthy forests, we think about our homes, the wildlife, the lives of the men and women who live near and certainly the forest, and we want to protect those.

In California, we saw the devastating fires of this year. I can think of no better way to ease the minds of those in the West than to pass the Healthy Forest Initiative.

In Georgia, we do not have the wildfires and the large forest fires that we see in the West, but we have pests, and we have disease. We have millions of acres that are at risk in Georgia due to the southern pine beetle and other insects. We have seen a 278 percent in increase in pine beetle infestation last year alone. This Healthy Forest Restoration Act provides the Federal land managers with great flexibility to deal with the fire dangers in the West, but it also provides them with the authority to do innovative things in detection and suppression of pests that really threaten eastern forests.

Mr. Speaker, the Healthy Forest Restoration Act is a national solution to a national problem. I urge Congress to vote yes.

Mr. STENHOLM. Mr. Speaker, I reserve the balance of my time.

Mr. POMBO. Mr. Speaker, I yield 2 minutes to the gentleman from Oregon (Mr. WALDEN), the coauthor of the legislation.

Mr. WALDEN of Oregon. Mr. Speaker, this legislation provides for major improvements in how we will manage our forests. First of all, it reduces unneeded government analysis. Second, it provides for actually more public involvement, especially in the beginning, through better notice and better participation requirements. It requires and reforms the appeals process so we can end the costly delays that do keep our professional foresters from doing the work they need to do to make our forests more healthy.

Finally, it does require the courts to more quickly move on appeals and, more importantly, consider the catastrophic affect on forest health of preventing these projects from going forward.

Now, we have heard today about the problem with the General Accounting Office, but let us talk about what the General Accounting Office actually found. This is what the GAO report found: 58 percent of eligible thinning projects in the United States were appealed in fiscal year 2001 and fiscal year 2002. Fifty-two percent of the eligible forest thinning projects proposed near communities in the wildland urban interface were appealed. Half the projects, half the projects right around communities were appealed. The GAO found an overwhelming number of Forest Service appeals were found to be without merit. Seventy-three percent of the appeals were rejected.

Ladies and gentlemen, we have to change the process. That is what we are doing today. We are going to fund the work that needs to be done. This year alone we are going to spend $420 million to go in and thin out our forests so we will not have catastrophic fires in the future. I would like to see this bill expanded beyond 11 percent of the forests that need this kind of treatment, but that is as far as we could get under this act. I want to see our communities protected.

This legislation relies on the underlying National Forest management plans to protect old growth forests. My colleague, the gentleman from Washington (Mr. INSLEE) talks about protecting old growth. We do that in this bill because the underlying plans protect the old growth. And the alternative of defeating this bill is to have old growth forests that are blackened, burned and destroyed, and I will not stand for that. Vote for the bill.

Mr. GOODLATTE. Mr. Speaker, I yield 1 minute to the gentlewoman from Colorado (Mrs. MUSGRAVE).

Mrs. MUSGRAVE. Mr. Speaker, I would like to offer my gratitude to the chairman of the Committee on Agriculture, the gentleman from Virginia (Mr. GOODLATTE), the ranking member, the gentleman from Texas (Mr. STENHOLM), the gentleman from California (Mr. POMBO), and especially to my colleague, the gentleman from Colorado (Mr. MCINNIS).

In the West we care very deeply about this legislation, particularly in Colorado. We have had the Buffalo Creek Fire, we have had the Hayman Fire in Colorado, we have had massive loss in acres of our beautiful forest land. We have had immeasurable damage to the environment, to our water quality.

The Denver Water Board spent over $20 million cleaning up after the last fire. Habitat has been destroyed. Our tourism industry has been harmed

greatly. And, more importantly, we have lost the lives of our brave firefighters in Colorado.

We are in strong support, those of us that care about our national forests and our private forests, are in strong support of this conference committee report. And I commend all those who have worked so hard on this conference committee and this legislation.

The SPEAKER pro tempore (Mr. BASS). The Chair would like to announce that the gentleman from California (Mr. POMBO) has 3 minutes remaining, the gentleman from Virginia (Mr. GOODLATTE) has 1 minute remaining, the gentleman from Texas (Mr. STENHOLM) has 7 minutes remaining, the gentleman from Washington (Mr. INSLEE) has 5 minutes remaining.

Mr. STENHOLM. Mr. Speaker, I yield 2 minutes to the gentleman from California (Mr. DREIER).

Mr. DREIER. Mr. Speaker, I rise in strong support of this conference report. And I was told that I had to spend my entire 2 minutes praising the gentleman from Texas (Mr. STENHOLM), but I am going to instead talk about the benefits of this bill. And I want to compliment my colleague, the gentleman from California (Mr. POMBO), and the chairman of the conference, our good friend, the gentleman from Virginia (Mr. GOODLATTE), the chairman of the Committee on Agriculture, the gentleman from Oregon (Mr. WALDEN), and others who have been so involved in this measure.

I happen to represent the Los Angeles area in southern California. And the world knows that we have just suffered devastating fires in the southern California area. It impacted the districts of my colleague, the gentleman from California (Mr. LEWIS) who represents the area in the Inland Empire to the east of Los Angeles, further east of the area I represent, and several others of our colleagues in San Diego. I know that my colleague, the gentleman from California (Mr. HUNTER), as we all know, lost his home. And this impacted the district of the gentleman from California (Mr. CUNNINGHAM). And I can go through the litany of our colleagues. Many members of the California delegation had their districts impacted by this. We lost lives, we lost a tremendous, tremendous amount of property. I lost in excess of 50 homes in the area that I represent.

And I was very pleased when the gentleman from Virginia (Mr. GOODLATTE) was before the Committee on Rules yesterday and talked about the fact that within this measure we will be able to have resources to deal with things like the bark beetle which has played a role in creating a problem in southern California when these trees were not cleared. And that played a role in starting these fires.

We know that some resources were provided through the Department of Agriculture to deal with this, but it was not handled appropriately from the reports that we had from the head of the Office of Emergency Services there. It is important for us to do everything that we can to ensure that the loss of life and property is diminished. I am convinced that passage of this conference report will go a long way towards doing just that. And I thank all my friends who played such an important role in making this happen.

The SPEAKER pro tempore (Mr. BASS). The Chair will advise that the closing order will be the gentleman from California (Mr. POMBO) first, the gentleman from Texas (Mr. STENHOLM) second, the gentleman from Washington (Mr. INSLEE) third, and the gentleman from Virginia (Mr. GOODLATTE) fourth.

□ 1430

Mr. POMBO. Mr. Speaker, I have one additional speaker to close.

Mr. Speaker, I reserve the balance of my time.

Mr. STENHOLM. Mr. Speaker, I yield 1 minute to the gentleman from Michigan (Mr. SMITH).

Mr. SMITH of Michigan. Mr. Speaker, our Committee on Agriculture is a great committee in terms of Republicans and Democrats working together.

Our forests in this country are one of our strong resources that not only help us economically but also help the environment, and conserving the environment is important. Our forests certainly are an important part of Michigan, but they are also a very important part of our economic strength in the United States.

In the West, catastrophic wildfires recently have decimated those forests over the last several years. We have made a mistake over how we want to control forests. And sometimes in our overzealousness to protect from fires, we have increased the potential of additional damage. Two days ago, we passed an energy bill. In this bill there is also language to utilize the natural renewable resources of our woodlands of America to also contribute to energy.

Removing some of the bureaucratic red tape for performing fire prevention measures is not only environmentally friendly but also fiscally responsible, as fire prevention costs American taxpayers approximately one-fourth of what it costs to fight catastrophic forest fires. The Healthy Forests Restoration Act authorizes the Bureau of Land Management (BLM) to reduce the amount of underbrush and deadwood buildup in forests that serve as kindling and fuel for the hottest, most dangerous fires. It would regulate BLM's activities by putting limits on the tree removal and road construction that has provoked controversy at times in the past. This would give BLM the tools it needs to confront the increasing threat of destructive forest fires on federal lands that have had serious impacts both on people and wildlife.

The bill takes additional measures to improve our forests. These include provisions to encourage energy production from renewable energy sources, protection of watersheds in forest areas and the creation of a forest reserve program aimed at preserving and rehabilitating up to one million acres of degraded and rare forest lands.

Disease and insect infestations are not only detrimental to our woodlands, but also to our tree-lined streets and backyards. In southeast Michigan, we are combating an exotic beetle known as the Emerald Ash Borer. The bettles' larvae feed on the sapwood and eventually kill branches and entire trees. This invasive pest has resulted in the quarantine of all ash products in six counties and southeastern Michigan. There are 28 million ash trees in the six quarantined counties and an estimated 700 million ash trees in Michigan. We are not finding that the pest is spreading into Ohio. The magnitude of this problem is serious. Preliminary data from the Forest Service estimates that the potential national impact of the Emerald Ash Borer is a loss of ash trees up to 2 percent of total timber with a value loss of between $20–60 billion.

Following discussions with Secretary Veneman and gaining the support of the Michigan delegation, Michigan Department of Agriculture, and DNR we were able to get the approval of substantial millions of dollars in emergency assistance from USDA to combat the Emerald Ash Borer. This federal funding will supplement resources provided by state and local authorities and will be used for pest surveillance, quarantine of infected areas, and some tree removal. In order to more efficiently combat destructive pests like the Emerald Ash Borer, the Healthy Forest Restoration Act puts in place measures that will allow accelerated information gathering on such insect infestations. By removing bureaucratic red tape and being more proactive in maintaining forest health, the Healthy Forest Restoration Act is a step in the right direction towards efficiently managing our forests, preventing catastrophic fires, controlling damaging insect infestations, and protecting our environment.

Mr. STENHOLM. Mr. Speaker, I ask unanimous consent to give two of my remaining minutes to the gentleman from Virginia (Mr. GOODLATTE) for the purposes of closing.

The SPEAKER pro tempore (Mr. BASS). Is there objection to the request of the gentleman from Texas?

There was no objection.

The SPEAKER pro tempore. The gentleman from Virginia (Mr. GOODLATTE) has 2 extra minutes.

Mr. POMBO. Mr. Speaker, I yield the balance of our time to the gentleman from Colorado (Mr. MCINNIS), the subcommittee chairman and co-author of the legislation.

Mr. MCINNIS. Mr. Speaker, I appreciate the yeoman's work of the chairman and the guidance of making sure that we could get this bill through. I also wish to acknowledge deeply the gentleman from Virginia's (Mr. GOODLATTE) service and especially the service of the staff who have worked so hard in making sure that we could

come together on this side of the aisle so that when we approached this side of the aisle we had a package that had common sense. We had a package that people like the gentleman from Texas (Mr. STENHOLM), the gentleman from California (Mr. GEORGE MILLER), and the gentleman from Oregon (Mr. DEFAZIO) could come to the table and work with us on. And a lot of that was guided, a lot of the going back and forth was guided by someone who I consider an artist and that is the gentleman from Oregon (Mr. WALDEN), somebody who can negotiate between both the Republicans and the Democrats.

It was about 99 years ago when Teddy Roosevelt used his State of the Union address to urge Congress to create a national forest system to ensure proper stewardship of these tremendous assets that we have in our huge public lands. And by the way, I live in a district that has 23 million acres of public lands. It is fitting now that 99 years later, 99 years later we have one of the most significant pieces of forest legislation that has come in since.

What this piece of legislation does is over the 99 years we have seen the leadership, the guidance, the expertise and the science taken away from the Green Hats, who I complimentarily refer to as our Forest Service people, the people who understand the forests, the people who dream of running the forest, the people who have been educated in the forests. We have seen through some very tactical maneuvers their power and their authority taken by the Sierra Club-types and moved to the courts and moved to the Congress.

What this bill does is this bill allows this authority to go back to those people on a commonsense approach, on a balanced approach which is demonstrated by the fact that this will pass with bipartisan support, to let it go back to the Green Hats, to let the Forest Service manage those forests.

The passage of this legislation today means that the Congress, all of us are responding to the America forests health crisis, the crisis that was demonstrated recently in the State of California, the crisis which we have seen in the State of Oregon, the crisis through bug infestation, not just fires, but bug infestation down in the South. Storm King Mountain, the mountain that I grew up on, the mountain that I took bodies off of, we finally are responding and we are coming back. I am pleased that we are coming back and giving that authority where Theodore Roosevelt thought that authority ought to exist, and that is with the United States Forest Service.

Once again I want to compliment my colleagues on the Democratic side that have worked with us. And I want to point out those who have not. It amazes me that one like the gentleman from New York City (Mr. HINCHEY) would stand up and make the kind of statements that he made and speak from a wooden podium. A little ironic.

This is a good bill. It is bipartisan, and it is going to make a big, big difference.

Mr. INSLEE. Mr. Speaker, I will be closing, so when the appropriate order comes, I will take my turn.

The SPEAKER pro tempore. The closing order will be the gentleman from Texas (Mr. STENHOLM), the gentleman from Washington (Mr. INSLEE), and, lastly, the gentleman from Virginia (Mr. GOODLATTE).

Mr. STENHOLM. Mr. Speaker, I yield myself such time as I may consume.

I will yield to the gentleman from Virginia (Mr. GOODLATTE) if he would like to engage in a colloquy on monitoring.

Mr. GOODLATTE. Mr. Speaker, will the gentleman yield?

Mr. STENHOLM. I yield to the gentleman from Virginia.

Mr. GOODLATTE. Mr. Speaker, I will clarify a point that the gentleman from Texas (Mr. STENHOLM) is interested in. Let me state that the projects authorized by title IV are primarily scientific efforts, and scientific methods should be the primary means of assessing them. While we encourage multiparty monitoring, it is not our intent to require it, particularly for projects conducted under title IV.

Mr. STENHOLM. Mr. Speaker, I will state I certainly agree with the chairman. I understand the benefit of multiparty monitoring. However, the chairman is correct in expressing that our intent with respect to projects conducted under title IV are to be scientifically conducted and multiparty monitoring is not a requirement of these projects.

Mr. Speaker, I would like to conclude by thanking all who have worked so diligently for so long to bring us to this point to where we truly have a compromise that will move our forest policy in a desirable direction.

I thank the staff, all who have worked on both sides on the aisle so diligently under somewhat trying conditions from time to time as we have had some of the internal strife that unfortunately finds its way into this House of Representatives. But that certainly has not been the case regarding the House Committee on Agriculture, and the bipartisan support there is something that I have enjoyed and working with the chairman and the gentleman from California (Mr. POMBO) and others as we have strived to put together what is basically a good bill.

When you read the bill, much of the complaints about what we have heard today are not in the bill. If you are going to have sound forests, if you are going to have a sound forest policy, sound science, common sense has got to replace the opinions of many who have a difference of opinion regarding what is good conservation, what is good management, and how we do, in fact, manage our forests so that we do have lumber for housing and other projects.

So all in all, this is a good sound compromise worthy of overwhelming support of this body. I thank all of those who have worked on it. It certainly has been something that I personally have worked on for many, many years. I am glad to see it is getting to this point. I urge a very strong vote in favor of the project.

Mr. INSLEE. Mr. Speaker, how much time do I have remaining?

The SPEAKER pro tempore. The gentleman from Washington (Mr. INSLEE) has 5 minutes remaining.

Mr. INSLEE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I commend all of the people who have worked on this bill. There are a lot of technical and difficult issues trying to fashion a hazardous fuels reduction program. And I am unable to support this and I hope my colleagues will join me and the Sierra Club and the League of Conservation Voters and other main-line commonsense groups who have committed their lives to protecting our national forests in defeating this bill and moving on to a better one, and I hope that my colleagues will join me.

Underlying that position is the basic belief that the medicine that we are providing here is both inadequate and misguided. It is misguided because it is based on a myth; and that myth rising to an urban legend is that these fires have consumed thousands of acres because people have questioned what some government officials have done, and that is an abject falsehood.

The GAO report shows that 92 percent of these projects go ahead unimpeded. In California, you know why the California projects did not get done? It was not environmental project appeals. In the last 3 years, there has not been one hazardous fuel reduction program that held up national forests in Southern California the last 3 years. The reason some of this work did not get done is Uncle Sam, us, did not appropriate enough money for California to do the job. The State of California asked for $430 million last April to solve this problem. And what did Uncle Sam do in the Bush administration? They did not give it to them. And the fires occurred.

This is a failure of appropriations, not a failure because certain citizens once in a blue moon have the temerity to stand up on their back legs and question decisions by the Forest Service to do disguised commercial logging which has on occasion happened, thankfully not very often. Maybe 2 percent of the time. We are not doing enough to really solve this problem.

What we have done is in one of the most serious reductions of citizens'

ability to question their government is reduce the ability to have their oversight of our Federal officials.

Now, it is kind of a conservative position to be rightfully sometimes distrustful of our Federal officials. Now, I have got to say there have been occasions, thankfully few, where these projects have been disguised timber sales. And the reason is because we are not appropriating enough to the Forest Service to do their job. And when that has happened, less than three pearls of the time there has been a brief appeal of that decision, and most frequently these things get worked out. But until we increase tenfold our appropriations, we are not going to cut the mustard in this program.

Now, let me mention something else, too. We have not talked about what the real debate is about here. The debate is as much about roads as it is about forests, because the real issue here is where we are going to build roads. We have 440,000 miles of Forest Service roads in our forests, 440,000 miles. They are falling apart, and we ought to be putting our money in and fixing those roads before we punch new roads into roadless areas.

Let me put this into real-life perspective. Take a couple in northeast Washington who is not getting adequately protected by this bill. Their house is surrounded by pine trees in the national forest. We have not prioritized those pine forests around their home for treatment like we should have in this bill. We did not do it. Now, when that couple leaves their home to drive over to the Olympic Peninsula to the Jupiter Ridge Roadless Area, if they hike out to a nice little picnic spot, they will find two trees. They are about maybe 6, 7, 8 feet in diameter, cedars, right next to each other. We call them Jefferson and Washington.

In this bill, neither protects that couple in their home surrounded by the pine forest, nor the two trees they go to visit in the roadless area.

Their home is not protected from fire adequately, and those two trees are not protected from chainsaws adequately in this bill.

It is my hope that this bill will be defeated and we will come back and make some very modest but important improvements on it to solve both of those problems.

Mr. Speaker, I yield back the balance of my time.

Mr. GOODLATTE. Mr. Speaker, I yield myself such time as I may consume.

Let me start by thanking the gentleman from Texas (Mr. STENHOLM) for yielding me 2 additional minutes for this close, but more importantly for the very cooperative way in which the House Committee on Agriculture has produced this legislation. This is truly the example of why this bill will pass by an overwhelming margin here today.

It passed out of the House Committee on Agriculture originally on a voice vote; and when it came to the floor, I believe, 19 of the 24 Democrats on the committee, Members who represent rural areas, Members who represent areas that are forests, voted for this legislation, nearly 80 percent.

Had we had that kind of support elsewhere in the Congress, this legislation would have been adopted a long time ago. It has been 8 years that we have been working on it. And I would have to say to the gentleman from Washington State (Mr. INSLEE) that if we were not to pass this conference report, not to send it to the President, we would be working on this for many more years. We would see more years like this year where 6½ million acres of forest land in this country were burned to the ground.

□ 1445

That is what we are faced with. That is why we need to begin this first step of solving this problem by giving the Forest Service the tools that it needs.

It is absolutely incorrect that these forest fires are not related to the problems that the Forest Service is presented with. Certainly, money is a problem. Certainly, we are going to have to deal with that, but in addition, massive parts of the Western part of this country are tied up in legal cases, including the entire southern California area that is tied up over litigation related to the spotted owl. This is clearly, clearly needed to address the problems that we face across the country.

I want to thank also the gentleman from California (Mr. POMBO). He recognizes very clearly the nature of this problem, and the gentleman from Colorado (Mr. MCINNIS), I want to congratulate him on his leadership in bringing this bill to the floor as well. He is leaving the Congress at the end of this term, and this is his signature bill. This is his legacy in the Congress. So I commend him as well.

I also commend Members who have fought against this process like the gentleman from California (Mr. GEORGE MILLER) and the gentleman from Oregon (Mr. DEFAZIO). They have seen the light. They understand what it takes. They understand that it is time to get about the business of solving the problem, rather than another 8 years of fighting, and I would say to those few remaining who do not understand, get on board, get this done.

Yes, there is additional work that needs to be done. Yes, we will look forward to working with them in future Congresses, but now is the time to give the President the ability to sign a bill that will put our Forest Service to work, to get this problem underway. We will come back for additional legislation because this problem is going to persist, and this is only a beginning.

Support this conference report. It is a good one.

Ms. LORETTA SANCHEZ of California. Mr. Speaker, my home state of California has just been through a terrible series of wildfires. The fires burned more than 800,000 acres, destroyed over 3,300 homes, caused over $12 billion in property damage, and tragically took the lives of 22 people.

What could have been done to prevent it? What should we do now to prevent such occurrences in the future?

The answer, it seems to me, is active management and control of overgrown areas near development, usually referred to as the Woodland-Urban Interface. This will go a long way to preventing fires from destroying homes and worse, killing our citizens.

We have a bill in front of us today, H.R. 1904, The Health Forests Initiative, that its proponents tell us will help prevent the kind of devastation that we endured in California.

This conference report is certainly better than the initial House version of the bill. In the House bill, money used for clearing would have had to come from nearby logging activities. In the chaparral of Southern California, there is no logging, and that means no removal of forest fuels would have occurred to protect our homes and our families.

The House-Senate compromise that is before us today is a step in the right direction. Most importantly, it provides $760 million to fund clearing forest fuels to prevent catastrophic wildfires. Nevertheless, there remain some fundamental problems with the bill.

First of all, the Healthy Forests Initiative is only effective for federal lands. Roughly two-thirds of the lands that burned in California was not federal land, and therefore would be unaffected by the healthy forests initiative.

Second, only half of the $760 million is set aside for forest clearing within 1½ miles of structures—the Wildlife-Urban Interface. The other half will go toward thinning in other areas. Moreover, where in the initial bill the clearing was paid for by nearby profitable logging, now we are giving $365 million to commercial loggers for these thinning activities. So, instead of asking logging companies to contribute their fair share to forest management and fire mitigation, we are subsidizing them to do it.

I am disappointed with this bill. We had an opportunity to craft a bipartisan bill, one that would have addressed the pressing issue of protecting lives and property in the Wildlife-Urban Interface. Instead, the Healthy Forests Initiative puts commercial logging interests ahead of protecting our vulnerable communities. Once again, the Republican-controlled Congress has it priorities all wrong.

While this bill does not sufficiently address this important priority, I am supporting an effort that does. I am working to provide more funding for community and individual-initiated and driven initiatives to clear fire fuels in their areas. We should be empowering local communities to clear these areas—they have the greatest knowledge of the environments in which they live, and the greatest personal stake in the success of these efforts. I am hopeful that this initiative will generate broad bipartisan support.

In the meantime, I regret that I must oppose the Health Forests Initiatives, principally because it uses a great deal of resources, but it

won't do very much to make our Southern Californian forests any healthier.

Mr. GEORGE MILLER of California. Mr. Speaker, today the House of Representatives accepted the conference report for H.R. 1904, the Healthy Forests Restoration Act. I was appointed as a conferee, as was Representative INSLEE of Washington and Representative CONYERS of Michigan. Unfortunately, instead of using the conference process to reconcile differences between the House and Senate versions of the legislation, certain members of the conference committee were included in bicameral meetings to craft a compromise acceptable to the group of negotiators. In short, the negotiating group picked people from the conference committee who would agree with them and did not invite others to participate. Official members of the conference committee were invited to a conference meeting to consider the product negotiated outside the conference process. The conference consideration did not provide for a real debate of amendments and the Chair moved to close the conference 30 minutes after it began. This does not contain the elements of a democracy but the elements of arrogance of power.

Mr. UDALL of Colorado. Mr. Speaker, I am going to vote for this conference report.

It has flaws. But if its provisions are properly implemented it can help reduce the risk of severe wildfire damage that now threatens lives and property in many communities in Colorado and other States—and for me that is the bottom line.

I am convinced we need to act to protect our communities and their water supplies. For that, a variety of things must be done, including working to reduce the built-up fuels that can increase the severity of the wildland fires that will periodically occur nearby.

That's why I have introduced legislation to expedite those thinning projects. It is also why last year I joined with my Colorado colleague, Representative MCINNIS, and other Members to develop a bill that was approved by the Resources Committee.

I voted for that bill last year, and if H.R. 1904 as it came to the House floor earlier this year had been the same as that bill, I would have voted for it again. But it wasn't the same bill, which was why I voted against it.

Instead of building on last year's work in the Resources Committee, the Resources and Agriculture Committees this year brought forth a quite different measure—one that added a long list of new provisions while omitting some of the key parts of last year's bill. As a result, it has taken much longer than I though it should have for us to reach the point of being ready to vote on a measure that has a good chance of clearing both chambers and being sent to the President for signing into law.

Because H.R. 1904 as passed by the House rejected key compromises that we worked our last year, the bill encountered more resistance in the Senate than otherwise would have been the case, and it was that much harder to shape compromises on a number of difficult points.

However, in the end the Senate passed a bill that made important improvements on the House version—and this conference report, while far from perfect, is itself a definite improvement over the legislation that I voted against earlier this year.

Let me briefly outline some of the ways in which the conference report is enough of an improvement over the House bill that I can and will vote for it today:

FUNDING FOCUS

Like the Senate bill, the conference report requires that at least 50 percent of all thinning-project funds be spent in the interface areas. Last year's Resources Committee bill would have required 70 percent of the money to be spent in the interface, but H.R. 1904 as passed by the House did not include any such requirement. So, the conference report is an improvement over the House bill in this area.

WILDLAND/URBAN INTERFACE

I think the highest priority for fuel-reduction work needs to be on the forest lands where accumulated fuels present the most immediate risks to our communities—those within the wildland/urban interface, or the ''red zone,'' as it is called in Colorado—and to municipal water supplies. These are the places where forest conditions present the greatest risks to people's lives, health, and property, and so they should be where our finite resources—time, money, and people—are concentrated.

To properly focus on these areas, we have to properly identify them. In that regard, I had no quarrel with the provisions of H.R. 1904 as passed by the House. By referring to lands within either an ''interface'' or ''intermix'' community, it provided an appropriate limitation on the discretion of the agencies without drawing an arbitrary mileage line that would not appropriately reflect the reality that a community's exposure to the risk of wildfire depends on terrain, forest conditions, and other factors that can vary greatly from one place to another and over time.

However, proper focus also requires assured priority status for funds to carry out projects to protect communities and their water supplies. The bill reported by the Resources Committee last year required that at least 70 percent of the funds provided a for fuel-reduction purposes would have to be used for such projects—but no similar provision is included in H.R. 1904. I offered an amendment to restore the provision, and its absence was a major reason I voted against the House bill.

The Senate bill had a basic limit of one-half mile from a community's boundary, with some exceptions—if a larger area was identified in a community protection plan developed through a collaborative process; or if land near a community was steep; or if there was a geographical feature that would provide a firebreak within three-quarters of a mile, in which case the interface would go to that feature. The ''community protection plan'' provision was particularly good, in my opinion, because it did not require an arbitrary cutoff, and because it allowed both Federal and non-Federal land to be included. The rest of the definition was problematical.

The conference report improves somewhat on the Senate bill. It (1) retains the ''community protection plan'' part of the definition; (2) keeps the basic one-half mile limit; but (3) allows the interface to go to 1½ mile, if the slopes are steep or if there is a firebreak-feature within that distance and the lands are very susceptible to fire. Like the Senate bill, it also defines the interface as including a route identified as necessary for escape from a threatened community.

I think it is well established that reducing the fuels closest to structures pays big dividends in terms of reduced fire risks. However, I do into favor defining the interface in terms of arbitrary lines on the map, because fires do not respect those lines and because our experience in Colorado has shown that some of the high-priority ''red zone'' areas are extensive. A prime example is the Hayman fire—it was among the largest in our State's history, but all of the lands involved were within the ''red zone'' as defined by our State Forester (a definition that is included in my bill, H.R. 1042).

Nonetheless, on balance, I think the conference report is acceptable on this point because of the emphasis that it puts on community-protection plans. This should encourage at-risk communities, like those along the Front Range, to develop protection plans and to encourage owners of non-Federal lands to join in working to reduce fire risks.

COMMUNITY-PROTECTION PLANS

I strongly support increased public involvement during the planning and other initial stages of fuel-reduction projects. That was the purpose of an amendment I offered during the markup of the House bill. The ideal is to make it less likely those projects will be delayed by controversies or lawsuits, by developing support at the front end for projects that are urgently needed, narrowly tailored and scientifically sound. I think the conference report's provisions related to community protection plans can foster such involvement and promote a collaborative approach that will do much more to reduce conflicts and delays than will the provisions related to NEPA analysis, administrative appeals, and judicial review.

NEPA ANALYSIS AND JUDICIAL REVIEW OF THINNING PROJECTS

On judicial review, the Senate bill is slightly better than the House bill, and the conference report follows the Senate bill.

On NEPA analysis, the conference report is a compromise between the House and Senate bills. Under the House bill, no alternatives to a proposed action would have to be analyzed; under the Senate bill at least the ''no-action'' alternative would have to be analyzed, and so would a third if proposed during scoping. The conference report would follow the House bill for projects within the interface, but follow the Senate bill for projects outside the interface.

As passed by the House, H.R. 1904 clearly reflected the premise that the land-managing agencies are laboring under procedural burdens that unnecessarily delay work on fuel-reduction projects—a premise that I think has not been proved beyond doubt.

The Chief of the Forest Service has testified that the agency has been slow to act to reduce the risks of catastrophic wildfire because of ''analysis paralysis,'' meaning that the fear of appeals or litigation has made Forest Service personnel excessively cautious in the way they formulate and analyze fuel-reduction—and other—projects. The chief may be correct in that diagnosis—certainly he is in a better position that I am to evaluate the mental states of his subordinates. But it is important to remember that the Chief has also testified that he does not think revision of the environmental laws is required in order to treat this

condition—and on that point I am in full agreement.

Nonetheless, I supported some restrictions on NEPA analysis last year, and because the conference report does not go as far in that direction as the House bill I am prepared to reluctantly accept this part of the conference report as well as its provisions related to administrative appeals and judicial review even though I would have preferred the provisions of last year's Resources Committee bill or this year's Senate bill dealing with those topics.

OLD GROWTH AND BIG TREES

The House bill had no specific protection for old-growth stands, and only weak language to require that thinning projects focus on removing small trees. The Senate bill had provisions intended to protect old-growth stands and slightly stronger language to put emphasis on thinning out smaller trees. The conference report falls far short of ideal in these areas—in this respect it is weaker than either the Udall-Hefley bill of 2001 or H.R. 1042. However, it is an improvement over the House-passed bill.

FUNDING

The House bill had no specific authorization for funding thinning projects; the Senate bill authorized $760 million per year, and the conference report follows the Senate bill.

This part of the conference report is a definite improvement over the House bill, because the main obstacle to getting needed work done has been lack of funds, and lack of focus on red zone areas, not the environmental laws or the appeals process.

Of course, an authorization alone will not assure appropriation of adequate amounts, and nothing in the conference report will protect the funding that is appropriated for thinning projects from being used to fight fires if Congress does not provide adequate funding for that essential purpose. However, the specific authorization may assist in both respects by demonstrating the importance that Congress attaches to thinning projects.

OMITTED PROVISIONS

The conference report drops a number of provisions that the Senate added to the original House bill. I think some of those provisions should have been retained, such as those dealing with health monitoring of firefighters, monitoring of air quality, increases in the fines for violations of regulations related to fires on Federal lands, and the enforcement of animal fighting provisions of the Animal Welfare Act. I also would have preferred the deletion of some parts of the original House bill that have been retained in the conference report. On balance, however, neither the omission of some good Senate provisions nor the retention of some defective House provisions is enough to make the conference report unacceptable to me.

In conclusion, Mr. Speaker, let me say that while I am voting for this conference report, I do not expect this to be the last time Congress addresses the matters it addresses. I am under no illusions about the flaws in this legislation, and will be working to improve it. I will also do all I can to make sure that it is implemented in a way that is consistent with sound, balanced management of the Federal lands.

Mr. BLUMENAUER. Mr. Speaker, the problem of forest fires in the West that are aggravated, in some cases caused, by human mismanagement has been a problem as long as I have been in Congress. I am pleased that with the work of Oregonians Representative PETER DEFAZIO, Senator RON WYDEN and Representative GREG WALDEN, the bill that's moving forward is better than the bill I voted against in the past.

I wish I could vote for H.R. 1904 in good conscience, but it still has three fundamental problems. First, the procedural fix far exceeds any procedural problem. This bill would undermine the National Environmental Protection Act, the judicial process, and the system of administrative appeals to fix a perceived problem of too many projects being tied up in environmental litigation. However, the Government Accounting Office estimates that only 1 percent of forest management projects have been tied up in litigation. This type of sweeping procedural change is unnecessary.

Second, the bill opens up our forests to much broader timber harvest. This should be debated on its own merits and not under the guise of forest health and fire prevention. If we want to substantially increase timber harvest on Federal lands we ought to be clear and deal with it directly.

Last, and most troubling of all for me, is that this bill does not adequately protect families whose lives and property are at risk because of forest fire hazard. This bill does not focus our resources on the interface between residential properties and forest land, in what we are coming to know as the ''flame zone.'' Focused hazardous fuel reduction around communities could substantially reduce the risk of fire damage by providing a buffer to help slow and stop advancing fires.

This is a better bill than before but it is still a missed opportunity. To adequately protect families and businesses we need to take a few, simple, proactive steps. We need to strengthen building codes and insurance requirements for ''firewise'' construction and ''defensible space'' landscaping. According to Forest Service scientists, these precautions can increase a home's ability to survive a wildfire by more than 90 percent. We need to educate homeowners of the dangers before wildfires start so they can adequately prepare, and make informed choices on where to live. We need to implement smart land-use planning that guides development away from fire-prone areas. And, we need to provide affordable, livable housing options for families away from danger.

Mr. RAHALL. Mr. Speaker, I rise in opposition to the conference report. Others will come to the floor to discuss the threat of wild fire to the health and general welfare of segments of the American population.

Others will come to the floor to discuss other elements of this legislation, such as its provisions concerning insect infestation which threatens some of our forests and forest industries.

I am not unmindful of the need to address the issues raised by the bill, but in our view, we would do so in a more prudent and responsible manner.

There is one issue in the pending legislation, however, which transcends the debate over forest fires and forest health: the independence of our judiciary and the right of Americans to seek redress from the courts when they believe they are aggrieved by a governmental action.

Indeed, the judicial review provisions of this bill would set a dangerous precedent for anybody concerned with civil liberties, civil rights, workers' rights and any other issue that may come before our judiciary.

Simply put, this legislation curtails access to the courts by American citizens by limiting where challenges can be brought, by whom, and on what issues.

This legislation interferes with how judges run their courtrooms. It arbitrarily requires courts to lift injunctions and stays after 60 days unless affirmatively renewed by the court.

A dangerous precedent and very bad policy. Our Constitution clearly delineates three branches of government. This conference report tramples on that tenant of our Constitution.

Incredible. Simply incredible.

This bill tells the court that litigation involving thinning trees is more important than prosecuting suspected Al Qaeda terrorists.

To judge suits over forest thinning projects more important than all other civil cases, let alone criminal cases, is seriously misguided. To make this policy law is absurd.

I have been here long enough to remember when conservatives did not trust the federal government and did not endorse expanded and unchecked federal powers.

It is unfortunate, it really is, that the sponsors of this bill chose to inject this controversial attack on the independence of our judiciary in a measure of this nature.

These provisions are a poison pill, and do a disservice to our addressing issues such as forest insect infestation and forest fires in a prudent and responsible fashion.

Mr. TANCREDO. Mr. Speaker, I rise today in support of H.R. 1904, the Healthy Forest Restoration Act. I would like to thank leadership for allowing this long overdue bill to come to the floor today, and most importantly, I would like to thank Forest Subcommittee Chairman SCOTT MCINNIS, whose hard work and dedication this bill has brought us to this point today.

Mr. Speaker, there are many reasons to cut through the current procedural and bureaucratic thicket that has engulfed the U.S. Forest Service. It is time to eliminate the ''analysis paralysis'' of administrative appeals and litigation that has heretofore prevented the U.S. Forest Service from conducting badly needed thinning projects that are needed to protect communities and wildlife.

The fires of the last few years have ravaged the west. My district was no exception, where the 137,000 acre Hayman Fire tore through the Pike National Forest last year. That wildfire—the largest and most destructive in state history—burned homes, fouled streams and reservoirs, and may even have pushed an endangered butterfly into extinction. Fires like these have proven once and for all that no management on our public lands, is bad management.

Unfortunately, much of the destruction caused by these fires is attributable to the bureaucracy, appeals, and red tape that have hamstrung land managers for years. The

Hayman Fire, for example, occurred in part in an area slated for treatment. Unfortunately, the treatments took years to plan because of arcane procedural rules, and were then further held up by frivolous appeals filed by a host of environmental groups. Before the treatments could begin, the fires reduced the area to ashes. This bill will seek to streamline that process, and curtail frivolous litigation so that we can avoid the large scale environmental devastation caused by these catastrophic fires in the future. In addition, the bill will help reduce costs to the American taxpayer.

The cost to extinguish these abnormally massive fires to protect communities and their water supplies has cost more than $1 billion. With the passage of H.R. 1904, rather than continuing to treat the expensive symptoms of this dangerous buildup of dead and diseased trees in our forests—we will finally get at the root cause of the problem.

Mr. Speaker, I believe every dollar we spent on a thinning project that prevents a fire, is several dollars saved in suppression and first responder costs when the fire starts. Restoring our forests to a healthier state by clearing out dead fuel and bug-infested trees before they feed wildfires isn't just good environmental policy, it's good fiscal policy too.

Mr. HERGER. Mr. Speaker, I rise in strong support of H.R. 1904, the "Healthy Forests Restoration Act of 2003." For the Northern California Congressional District I represent, this bill is long overdue. My District comprises 5 national forests, and wildfires are an annual and growing threat. Each day, month and year that good forest management is stymied, communities are placed in greater danger.

Mr. Speaker, in my view, this bill doesn't go far enough to address our monumental and compounding forest health crisis. With 190 million acres of forests at risk, and only 2 million acres being treated annually, we have to do much, much more. But it takes an important first step forward in the face of tremendous resistance from the radical environmentalists. And I want to commend my colleagues—Chairman POMBO, Chairman GOODLATTE, Chairman MCINNIS and Congressman WALDEN—for their staunch leadership and dedication in fashioning a collaborative bill that is able to win a majority of the House and Senate. President Bush also deserves a great deal of credit and thanks for his efforts in bringing our growing forest health crisis to the attention of the American public, and to the forefront of our environmental policy debate.

An extraordinarily cumbersome environmental review process, which can delay forest health projects for years, has elevated the review "process" over good management and professional judgment. The Forest Service Chief, Dale Bosworth, testified to Congress that his agenda spends 40% of its time on planning and process activities. Litigation and an appeals process that is ripe for abuse have been utilized by radical environmental groups to stop community-supported forest health projects. A General Accounting Office study indicated that 59% of all projects eligible for appeal are appealed, the vast majority from radical environmental groups. The percentage is even higher in California. Meantime, our forests are literally burning up. Lives are being lost. Catastrophic fires are causing billions in property damage and costing the taxpayer billions in suppression and rehabilitation costs. Public health and safety demands that something be done.

For too long radical environmental groups have hijacked our forests to advance their own so-called "environmental agenda." Their handiwork has contributed to an immense forest health crisis where lives and property are threatened, billions of taxpayer dollars are spent to suppress destructive fires—instead of on common sense forest health projects that could prevent them—and millions are wasted on endless environmental reviews and litigation. It's high time for the rest of us to take our forests back.

This bill will not solve this enormous and compounding crisis. But it takes an important step forward by streamlining environmental reviews and preventing abuses of the appeals process, which will allow urgently needed management to move forward in a small portion of our at-risk forests. It will give forest professionals the tools they desperately need, and provide positive momentum for continuing active management throughout all of our forests to restore them to a healthy condition, and address a very serious and growing threat to lives and property. I urge my colleagues to support it.

Mr. MATHESON. Mr. Speaker, I rise today in support of the Healthy Forests bill. This legislation will help restore Utah's forests that have been devastated by fire, drought, and insect infestations.

I am hopeful that this legislation will prevent a repeat of this year's severe wildfire season and stop fires from spreading so quickly and affecting our communities. This legislation focuses its resources on hazardous fuel reduction efforts close to home by prioritizing efforts to prevent fires within a mile and a half of at-risk communities. This bill also provides grants for states and local communities to perform the fuel reduction activities that will benefit them the most.

Not only will this legislation help prevent forest fires, but it will address the infestation of the bark beetle that has affected much of southern Utah. This bill requires the Forest Service to develop a plan to combat insect infestation and allows for the expedition of projects that would help eliminate this problem that has turned Cedar Mountain in the Dixie National Forest into a skeleton of what it once was.

The passage of this bill is critical to protecting the health of the forests in Utah and throughout the West. We've seen too much devastation and damage in recent years to allow the situation to go unchanged. I am committed to this legislation as an important first step toward remediating our forests.

The SPEAKER pro tempore (Mr. BASS). All time has expired.

Without objection, the previous question is ordered on the conference report.

There was no objection.

The SPEAKER pro tempore. The question is on the conference report.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. GOODLATTE. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, this 15-minute vote on the conference report will be followed by 5-minute votes on H. Res. 453, on which the yeas and nays were ordered, and S. 1156, on which the yeas and nays were ordered.

The vote was taken by electronic device, and there were—yeas 286, nays 140, not voting 8, as follows:

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. BASS) (during the vote). Members are advised 2 minutes remain in this vote.

□ 1509

Ms. JACKSON-LEE of Texas and Messrs. CROWLEY, EVANS, ABERCROMBIE, DEUTSCH, LANTOS, OWENS, DELAHUNT, COSTELLO and JEFFERSON changed their vote from ‘‘yea’’ to ‘‘nay.’’

Mr. STRICKLAND changed his vote from ‘‘nay’’ to ‘‘yea.’’

So the conference report was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the remainder of this series of votes will be conducted as 5-minute votes.

CONDEMNING TERRORIST ATTACKS IN ISTANBUL, TURKEY ON NOVEMBER 15, 2003

The SPEAKER pro tempore. The pending business is the question of suspending the rules and agreeing to the resolution, H. Res. 453, as amended.

The Clerk read the title of the resolution.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. SMITH) that the House suspend the rules and agree to the resolution, H. Res. 453, as amended, on which the yeas and nays are ordered.

This will be a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 426, nays 0, not voting 8, as follows:

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). Members are advised 2 minutes remain in this vote.

□ 1520

So (two-thirds having voted in favor thereof) the rules were suspended and the resolution, as amended, was agreed to.

The result of the vote was announced as above recorded.

The title of the resolution was amended so as to read: ''A resolution condemning the terrorist attacks in Istanbul, Turkey, on November 15 and 20, 2003, expressing condolences to the families of the individuals murdered and expressing sympathies to the individuals injured in the terrorist attacks, and expressing solidarity with Turkey and the United Kingdom in the fight against terrorism.''.

A motion to reconsider was laid on the table.

VETERANS HEALTH CARE, CAPITAL ASSET, AND BUSINESS IMPROVEMENT ACT OF 2003

The SPEAKER pro tempore (Mr. BASS). The pending business is the question of suspending the rules and passing the Senate bill, S. 1156.

The Clerk read the title of the Senate bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. SMITH) that the House suspend the rules and pass the Senate bill, S. 1156, on which the yeas and nays are ordered.

This will be a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 423, nays 2, not voting 9, as follows:

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). Members are advised 2 minutes remain in this vote.

□ 1529

So (two-thirds having voted in favor thereof) the rules were suspended and the Senate bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERSONAL EXPLANATION

Mr. GREEN of Texas. Mr. Speaker, I regret I was unavoidably detained and missed the three votes earlier today.

Had I been present, I would have voted in the following manner: rollcall 656, approving H.R. 1904, the Healthy Forests Restoration Act of 2003, I would have voted ''nay.''

On rollcall 657, approving H.R. 453, I would have voted ''yea.''

On rollcall 658, approving S. 1156, I would have voted ''yea.''

□ 1530

REPORT ON RESOLUTION WAIVING POINTS OF ORDER AGAINST CONFERENCE REPORT ON H.R. 1, MEDICARE PRESCRIPTION DRUG, IMPROVEMENT, AND MODERNIZATION ACT OF 2003

Ms. PRYCE of Ohio, from the Committee on Rules, submitted a privileged report (Rept. No. 108–394) on the resolution (H. Res. 463) waiving points of order against the conference report to accompany the bill (H.R. 1) to amend title XVIII of the Social Security Act to provide for a voluntary program for prescription drug coverage under the Medicare Program, to modernize the Medicare Program, to amend the Internal Revenue Code of 1986 to allow a deduction to individuals for amounts contributed to health savings security accounts and health savings

accounts, to provide for the disposition of unused health benefits in cafeteria plans and flexible spending arrangements, and for other purposes, which was referred to the House Calendar and ordered to be printed.

WAIVING REQUIREMENT OF CLAUSE 6(a) OF RULE XIII WITH RESPECT TO CONSIDERATION OF CERTAIN RESOLUTIONS

Ms. PRYCE of Ohio. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 459 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 459

Resolved, That the requirement of clause 6(a) of rule XIII for a two-thirds vote to consider a report from the Committee on Rules on the same day it is presented to the House is waived with respect to any resolution reported on the legislative day of November 21, 2003, providing for consideration or disposition of a conference report to accompany the bill (H.R. 1) to amend title XVIII of the Social Security Act to provide for a voluntary program for prescription drug coverage under the Medicare Program, to modernize the Medicare Program, to amend the Internal Revenue Code of 1986 to allow a deduction to individuals for amounts contributed to health savings security accounts and health savings accounts, to provide for the disposition of unused health benefits in cafeteria plans and flexible spending arrangements, and for other purposes.

The SPEAKER pro tempore (Mr. BASS). The gentlewoman from Ohio (Ms. PRYCE) is recognized for 1 hour.

Ms. PRYCE of Ohio. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentlewoman from New York (Ms. SLAUGHTER), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Mr. Speaker, yesterday the Committee on Rules met and passed this resolution waiving clause 6(a) of rule XIII, requiring a two-thirds vote to consider a rule on the same day it is reported from the Committee on Rules against certain resolutions reported from the Committee on Rules. The resolution applies the waiver to a special rule reported on or before the legislative day of Friday, November 21, 2003, providing for consideration or disposition of the conference report to accompany the bill, H.R. 1, the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

Mr. Speaker, as my colleagues are aware, the conference committee has completed its work and the conference report has been filed. In the spirit of bipartisanship to accommodate the request of the minority, the Committee on Rules met this morning, as opposed to last night, to give members of the minority an opportunity to come to the Committee on Rules at a convenient time and so that the witnesses could come to the Committee on Rules at a convenient time to talk about this extraordinarily important conference report which delivers to America's seniors a voluntary, universal, and guaranteed prescription drug benefit.

This morning, the Committee on Rules received testimony for more than 4 hours on this conference report from many Members in anticipation of reporting a rule to bring this very important and historic legislation before the House. Adoption of this same-day rule and a subsequent rule will simply allow us to consider the historic prescription drug and Medicare modernization plan today, hopefully moving us one day closer to sending this measure to the President of the United States for his signature and sending a strong message to the American people that this Congress is committed to ensuring our seniors that they have access to affordable medications that will keep them healthy and active.

Mr. Speaker, I strongly urge my colleagues to support this rule and allow the House to complete its work on this landmark legislation. America's seniors have waited far too long. It is time for us to act.

Mr. Speaker, I reserve the balance of my time.

Ms. SLAUGHTER. Mr. Speaker, I thank the gentlewoman from Ohio for yielding me the customary 30 minutes, and I yield myself such time as I may consume.

Mr. Speaker, the rules of this body require that before considering a conference report, a copy of the report and the joint explanatory statement must be available to Members for 3 business days. The Medicare drug conference report and accompanying explanatory statement were filed very early this morning, 1:17 a.m. But here we are, Mr. Speaker, debating a special rule waiving the House rule prohibiting the same-day consideration of the Medicare conference report that is more than 1,000 pages long. This defies common sense. This tramples on the rights of the Members of this body. How are we to make the best informed decisions for our constituents and the Nation about monumental legislation when we do not have the required opportunity to examine this report? What should be bipartisan conference committees are, in fact, clandestine meetings held behind closed doors. Democratic House Members were deliberately excluded from the conference committee. The only African Americans on the Committee on Ways and Means were banned from a place at the negotiating table speaking for our African American citizens. That included the ranking member of the Committee on Ways and Means, who was appointed to the conference by the Speaker of the House. Key policy bargains were made out of sight of Members and hidden from public inspection.

What is it that we and the American people are not supposed to see in the fine print? Does this plan hand billions of dollars to the wealthy drug companies and insurance industry? Does this plan hurt seniors more than it helps? Will seniors end up paying more and receiving less? What will the impact be on minority seniors? They were not represented at the table. Is this bill a Trojan horse of privatizing and dismantling Medicare? If this bill is the answer to seniors' cries for help combating the skyrocketing prices charged for medications, why are we not allowed to carefully review the hundreds of pages of this report? News reports and a quick glance at the bill indicate that nothing is done to freeze or control out-of-control drug prices.

Just this morning, Thomas Scully, administrator of the Centers for Medicare and Medicaid Services, told a senior Member of the other body that he misunderstood this plan and needs to read the bill. That is a wonderful suggestion, Mr. Speaker. Too bad that we will not have that chance as the Senate has. Medicare is much too precious to kill because we will never, ever in our lifetimes and probably anybody else's in my voice's range be able to institute another program like this in America.

I remind my colleagues of the Medicare Catastrophic Coverage Act which was passed without providing Members and seniors sufficient opportunity to read the pages and pages of fine print. The result was a momentous backlash. American seniors were outraged by the legislation, so outraged that Congress was forced to repeal the law the very next year.

Mr. Speaker, I reserve the balance of my time.

Ms. PRYCE of Ohio. Mr. Speaker, I yield such time as he may consume to the gentleman from California (Mr. DREIER), chairman of the Committee on Rules.

Mr. DREIER. Mr. Speaker, I rise in strong support of this rule, and obviously we at this moment have begun the debate on what is clearly one of the most important issues that we will face in our entire careers here. We all know that 38 years ago the Medicare program was established, and it has met the very important needs of many retirees, many of our seniors. But we are also well aware of the fact that there have been more than a few problems with the Medicare program, and for years and years and years people have talked about bringing about reform of Medicare. There has been a lot of talk; and in just a few hours, we are going to finally have an opportunity to vote ''yes'' on this conference report which will effectively address many of those concerns which have existed for many, many years.

We all know, Mr. Speaker, that this measure will include a number of other very important items. Back in 1987, I

had the privilege of introducing in this House legislation calling for the establishment of what we then called MSA, medical savings accounts, the opportunity for people to put dollars aside, tax deductible, so that they could plan for their future health care needs purchasing either health insurance or direct health benefits. Health needs that they had could be addressed with those dollars. We have already proceeded with bipartisan support in putting into place pilot programs, and there has been a great deal of success. Why? Because it does help diminish the demand for Federal programs by allowing people to again privately plan and privately save with some incentive as they look toward those health care needs in the future.

We also, Mr. Speaker, with this plan are doing something that is unprecedented, and it is a need which Democrats and Republicans alike have said needs to be met. We know that in the last Presidential campaign, both Vice President Al Gore, who was a candidate, and now President George Bush, when he was a candidate, talked about the need to ensure that we for our seniors provide an opportunity for them to have access to affordable prescription drugs. One of the things that is often said, our majority leader points it out, I have said it for a long period of time, 38 years ago when the Medicare program was established, the only prescription drug available was that doctors would say, ''Take two aspirin and call me in the morning.'' We know that if today we were putting into place a Medicare program, there would clearly be a prescription drug component included in that program. That is why, Mr. Speaker, I believe we are taking this very bold and important step to enhance the availability of prescription drugs for our retirees.

Mr. Speaker, having said that, we know that we included $400 billion in our budget, but there are many who have projected that this program could in fact spiral out of control, that it could become another massive new entitlement program which would get us into a great deal of fiscal trouble for the future. That is why I am very pleased at the direction of the Speaker, who, as we all know, has been intimately involved in working on health care issues for years.

He was very involved, of course, in the medical savings account issue earlier. He has headed task forces on this issue. He instructed me and my colleagues on the Committee on Rules to work on a cost-containment vehicle that would help us take steps to diminish the prospects of having this program spiral out of control so that there would be a degree of accountability here in this institution. That is why I say, Mr. Speaker, this legislation that we are going to be voting on later this evening includes this unprecedented cost-containment requirement that will ensure the fiscal integrity of Medicare for more than just a generation of Americans.

The legislation protects Medicare in two ways. First, it instructs the Medicare trustees to keep a constant vigil over the ebbs and flows of revenues in their different systems. We need that kind of monitoring mechanism to make sure that the programs are working and to make sure that the cost stays within our expectations. More important than that, Mr. Speaker, however, this legislation defends against the creation of another out-of-control entitlement program. As Members know, this is one of the most serious and debilitating and unintended consequences of the good intentions of so many of our programs here, that the costs run way, way beyond what are anticipated. There are already too many entitlement programs, we know, over which we have very little or, in fact, no fiscal control. We know them as mandatory programs. This legislation is different because it sets up an early warning system that alerts us to unexpected and unintended spending increases and gives us a mechanism for applying the brakes if spending is driven out of control by events and circumstances we could not have foreseen.

Under this legislation, the Medicare trustees are required to notify the Congress if 45 percent or more of Medicare outlays are predicted to be funded through general revenue.

□ 1545

Two such notifications in consecutive years require both Presidential and congressional action. Within 15 days of his annual budget submission, the President then has to propose legislation to resolve the funding difficulties. Continuing under expedited procedures, the House then has 3 legislative days to introduce the measure, and any such legislation introduced on the President's behalf, or any legislation introduced by a Member with the same purpose, must be certified by the chairman of the Committee on the Budget to ensure that it adequately address the problem.

At this point, Mr. Speaker, it would be easy for some in Congress to take the path of least resistance and let the difficult solutions die in the committee process. I want to underscore to the Members that this legislation does not allow that to happen. It does not allow us to just push it off to the committee process. By July 30 of any year after a Medicare Funding Warning is issued, it is in order, under this legislation's special provisions, to move to discharge any committee that is holding up any legitimate attempt to address the funding gap. The motion to discharge would be in order with the support of one-fifth, one-fifth, of the House Members; that is, 87 Members can stand up.

After the legislation has been discharged, the measure would have to be considered on the floor within 3 days and must result in a vote. Mr. Speaker, this mechanism ensures that we are not going to in any way abrogate our constitutional duty to watch over the Federal Treasury even in the case of what is considered to be entitlement spending.

I want to congratulate the gentlewoman from North Carolina (Mrs. MYRICK), my Committee on Rules colleague, for working very closely with us on this issue, and I believe that taking this step, putting this mechanism into place which has never been put in place before, to help us ensure that we do not see the spending spiral out of control will go a long way towards addressing the need of making sure that we have a prescription drug program for our seniors and at the same time making sure that we do it in a fiscally responsible way. We do have a very unique opportunity ahead of us, and again I want to congratulate the gentleman from Illinois (Speaker HASTERT) for the vision that he has shown on this, the fact that we have worked in a bipartisan way.

And I want to say that as we proceed with work on the same-day rule and the rule that will allow for consideration of the conference report, we want to ensure that every Member has an opportunity to be heard. We will have an hour on this rule, an hour on the second rule, and then the traditional hour on the conference report; and we have been working on an arrangement which will allow an opportunity to at least double the amount of time on the conference report.

So I believe we have a very good measure here. I think that it is deserving of strong bipartisan support since both Democrats and Republicans have consistently said that we do need to address this need of both reforming Medicare and at the same time making sure that seniors have access to affordable prescription drugs.

So I thank my friend for yielding me this time for me to provide this explanation for our colleagues, and we look forward to strong passage of this rule, the next rule, and the conference report itself.

Ms. SLAUGHTER. Mr. Speaker, I yield myself such time as I may consume.

I feel compelled to say that two-thirds of this bill could have been paid for by the money that the United States owes the Medicare Trust Fund today, $270 billion.

Mr. Speaker, I yield 3 minutes to the gentleman from New York (Mr. RANGEL), ranking member of Committee on Ways and Means, who stood at the door and knocked.

Mr. RANGEL. Mr. Speaker, let me congratulate the chairman of the Committee on Rules for the splendid job he

has done in explaining, as he sees it, a 1,000-page bill to this House, and why we should shove this down the throats of the Members of the House of Representatives without being privy to what he is privy to.

I do not know how in the world anybody can get to this well and say we are talking about a bipartisan bill when they had the Sergeant of Arms blocking out Democrats from the House from getting anywhere near the preparation of this bill.

Some people claim that they know what is in it. The eloquence of the chairman of the Committee on Rules was overwhelming. Why will he not allow the rest of the House to take a look at this 1,000-page bill so that they can be just as eloquent as he.

Let me tell the Members one thing. There are people in this House today that believe that in that 1,000-page bill is a plan to eliminate completely the Medicare system as we know it.

I know that you know better.

There are people here that really believe this is a payoff to the pharmaceuticals, to the HMOs, and even some of the folks that run around saying they represent old folks.

I know you know better.

There are people who truly believe that employees and retirees are going to lose out in this bill.

Republicans know better, but they want to keep it a secret. It is a Republican thing. Democrats not invited.

All we are saying is you put this bill together yourselves. You think you know what is the best for the Nation. You believe that Democrats have no contribution to make, whether they belong to the Congressional Black Caucus, you do not have one; the Hispanic Caucus; you do not have one; the nonexistent Jewish caucus, you have got one. No matter what you have got, you really believe that we have to be excluded until you decide what is best for us.

You know something, you just may be right. All we are asking for is let us have a day to take a look at it. Let us see what makes you right. Let us see why all of these people are calling us every day say that you are wrong, and you are trying to kill the system. Tell us why would you not let into the conference the gentleman from Michigan (Mr. DINGELL), the son of the author of the Medicare bill, the dean of the House of Representatives? Why is it that you believe that he would have nothing to offer to this bill? All I am saying is that you know what is in the bill. Give the House of Representatives, not the Republicans, not the Democrats, but the people's House, give us a chance to see what we truly believe is going to be good for the American people and our seniors. If you do that, maybe you are right. If you are afraid, you will not give us any more time.

Ms. PRYCE of Ohio. Mr. Speaker, I yield myself such time as I may consume.

This bill has been online on the Committee on Ways and Means Web site and the Committee on Rules Web site since last night. This is no secret to anyone, least of all the American public, and anyone is free to look it up and read it at their leisure.

Mr. Speaker, I yield 2 minutes to the gentleman from Georgia (Mr. LINDER), my friend and colleague of the Committee on Rules.

Mr. LINDER. Mr. Speaker, I would like to say something about the rule. It is a fair rule. It is a rule that was used often as long as I have been here toward the end of a session to get pieces of legislation to the floor. The rule gives an extra hour for those opposing this bill to argue about it, and we are going to hear lots of arguing and lots of whining. But in the event we get through this rule and the rule on Medicare reformation and get to the bill, I think the public is going to know an awful lot about what is in it. Frankly, the substance of this agreement was known last Sunday, several days ago. And the 3-day rule layover that we are avoiding this time is normal for the end of year.

I just want to make one comment about something that I heard twice in a 4-hour hearing today in the Committee on Rules, and we will hear it later on the floor. On two occasions, it was said that former Speaker Gingrich said in a speech to the Blue Cross organization, or Blue Shield, that he wanted Medicare to wither on the vine. That was made into a commercial by AFL–CIO and run across the country. And Brooks Jackson on July 15, 1996, did an expose on that. He showed the entire speech, and he showed that what they had done was cut up a piece. What Newt Gingrich was talking about was not Medicare or its beneficiaries, but the bureaucracy that runs it. He said that given the opportunity to make free choices, our seniors will voluntarily, voluntarily, opt out of the Health Care Financing Administration, and it will wither on the vine. When Brooks Jackson did that expose, he said what the unions were doing was dishonest.

I want to make this point before the debate starts because I want you to know that we know that you know you are dishonest.

Ms. SLAUGHTER. Mr. Speaker, I yield 2 minutes to the gentleman from New Jersey (Mr. PASCRELL).

Mr. PASCRELL. Mr. Speaker, I just heard the epitome of hypocrisy from the gentleman from California when he tried to interrupt the gentleman from New York (Mr. RANGEL) and he would not let the gentleman from New York (Mr. RANGEL) into the room and the likes of the leadership. If this is not hypocrisy, what is? The movie ''Thelma and Louise,'' watch it. Louise turns to Thelma and says ''You get what you settle for.'' And how right she was.

This prescription drug bill is the worst example of accepting what we are given. The administration is telling seniors that they should settle. They have convinced that the AARP that they are getting half a loaf, which is, of course, better than no bread at all. But, seniors, beware. They are not getting a slice even, they are not getting a half a loaf. These are the crumbs off the table. Our seniors will be settling for crumbs while the special interests are getting fat, and are they happy this week.

Today, the leaders on the other side are here to try to pass a bill that provides a weak prescription drug benefit, that fails to lower drug costs because the bill prohibits the government to try to help negotiate down the cost of the drugs. They specifically put that into the legislation. And it privatizes Medicare. It changes Medicare as we know it, pushing millions of seniors into HMOs. And this is fiscally irresponsible. Do the Members know what HMOs have done in New Jersey? They have shoved 79,000 people out of those HMOs since 1999. That is what awaits our seniors.

You cannot ignore that. Democrats have led the charge for years to add a prescription drug benefit, but we are not going to settle. We will compromise. We will discuss, but at least invite us to the table to compromise. This is America, not the Soviet Union.

Ms. PRYCE of Ohio. Mr. Speaker, I yield such time as he may consume to the gentleman from the great State of Texas (Mr. SESSIONS), my friend and colleague from the Committee on Rules.

Mr. SESSIONS. Mr. Speaker, I thank the gentlewoman from Ohio (Ms. PRYCE) for yielding me this time.

There is a lot of talk today about what is occurring with procedures and whether it is right or wrong, but I want to stand up today and talk about the bill. I want to talk about the bill and the things that it does for not only families like mine, but also for millions of other families across this great Nation.

What this bill does is it modernizes Medicare and so much more because it then gets into health care for families. It talks about the opportunity for families to be able to save money on a pretax and tax-free basis. Why is that important to my family? That is important to me because I have got a beautiful wife of 19 years, I have got a son who is 14 years old, who plays football and wrestles, and he sometimes gets hurt, and I have a 9-year-old Down's syndrome son who spends an extensive amount of time needing help with physicians and health care professionals. Not always do we get an answer back from the insurance company that they want to cover the needs of my family. Sometimes the needs of my family go well beyond those needs of

what insurance pays for. But my family, like millions of other families, will now be helped because of the extreme generosity of the gentleman from California (Mr. THOMAS) and the gentleman from Louisiana (Mr. TAUZIN) who have written a bill that will allow families to save up to $5,000 a year. Even if it is just $2,000 a year, if that is what we have got left over, then we can put that money in there, and it means that this money can grow, tax free, and then be used, tax free, on health care. It means that my family and myself will now be able to supplement those things that may not be covered under our health care. It means that we will be able to be decision-makers to get the right things if we need something that goes beyond what insurance pays for.

I cannot tell the Members how important that is because there are millions of other families that are less fortunate than mine who many times go without the ability to have the services that are necessary for their children.

□ 1600

This is a way that people can help. They can help their children. They can help their families. They can make sure that they supplement those things that insurance provides, and that is good.

We have heard today that all this is about is about rich people or about rich organizations. Let me tell my colleagues, when you have someone who is sick or hurt in your family and you find out that insurance does not cover everything you need, and then you look at the tab that is out there, you will look and say, thank goodness for what Republicans have done.

I am proud of what this bill does. It modernizes health care today the way it ought to be, where we can participate, where we can do the right things. So I am proud of what the gentlewoman from Ohio (Ms. PRYCE) is standing up for today, to stand for this House to confirm this rule, to make sure that this Republican body can deliver to Americans and their families and senior citizens not only the health care that they need, but as a result of listening to what people need, we will deliver prescription drugs and those things that America has been asking for.

And then we will have a President who will sign this bill and do the right thing. And in the scheme of things, us doing the right things to help people today and to make sure families can be prepared for tomorrow is part of the oath and obligation that I took when I said I will support and defend this Constitution and make sure that the people I represent get the best from what we can come up with.

Mr. Speaker, I support this rule. I support this bill. I encourage every single Member to think about what this is about. It is not about politics. It is not about ourselves. It is about our families, our children, and our future.

Ms. SLAUGHTER. Mr. Speaker, I yield 3 minutes to the gentleman from New Jersey (Mr. PALLONE).

Mr. PALLONE. Mr. Speaker, I appreciate that the gentleman from Texas is proud of this legislation, but I want to tell him, I am ashamed of this legislation, and I am ashamed of what we are about to do; and I hope we do not do it.

Secondly, he said his constituents are going to be helped. They are not going to be helped; they are going to be hurt. When he says this is a good bill, it is not a good bill; it is a bad bill. My constituents are calling, the gentleman from New York (Mr. RANGEL) said his constituents are calling, and they are calling me because they are scared to death about what you are going to do, because they think that Medicare is going to die, to disappear and that they are not going to get any kind of decent prescription drug benefit.

Let me tell my colleagues why they are right. There is no question that you are not going to get any kind of drug benefit under this bill unless you go private. You have to join an HMO. If you do not join an HMO and lose your choice of doctor or your choice of hospital, then you are not going to get the drug benefit. They are scared, because they do not want to do that. They do not want to have to trade and lose their doctor in order to get some kind of drug benefit.

Secondly, they are upset because there is no benefit here. There is nothing here for them to benefit from. They are going to have to pay more out, shell more out of their pocket than they are going to get back in terms of a prescription drug benefit. If we look at what this bill does, first of all, we do not know what the premium is going to be. You might have a premium of $75, $85 month. You have to pay a deductible of $275 a month. After you pay out $2,200, for the next $3,000 or so, you get no benefit at all, no drug benefit. You have to pay 100 percent out-of-pocket while you continue to pay probably a very high premium.

So they figure, I am going to lose my choice of doctor. I may lose my choice of hospital. And at the same time, I am not getting any benefit because of this doughnut hole and what you are causing me to pay out.

Then they say, they are expecting there is going to be some kind of controls on the price of prescription drugs, but you have a clause in the bill that says that we cannot even negotiate price. So the costs of prescription drugs will continue to rise, as all of these other terrible things are happening.

Then they say, my constituents say to me, Congressman, is it true that this bill does not even take effect until 2006 with the drug benefit? The answer is yes. That is what the bill says. Read the bill: 2006 before the drug benefit kicks in. You know what my constituents say? That is a joke. What kind of a joke is this? You are going to have some election in 2004 and then you are all going to run for election and say what a great thing this is and this is not even going to kick in. They want a prescription drug benefit now. Why can it not start January 1 of 2004?

Lastly, the reason they are really scared is because of the privatization. I heard the gentleman from California (Mr. DREIER) say ''privatize'' three times. That is what this is all about: privatizing, not just the prescription drug benefit, but Medicare as a whole. Because even though we are only going to have these demonstration programs in certain parts of the country, the bottom line is they are going to impact the whole country and ultimately, by the year 2010, you are going to force people to take a voucher, try to go out in the private sector and buy their Medicare as a whole, and if they cannot find it or they do not like what they are offering for that voucher, that set amount of money, then they are not going to be able to stay in traditional Medicare, fee-for-service Medicare.

Privatize Medicare, privatize the drug benefit, it does not even start until 2006, and you lose your doctor. That is why they are scared to death.

Ms. PRYCE of Ohio. Mr. Speaker, I must take 1 minute to say that the gentleman has misspoken. Our most needy seniors, the seniors who need it most will be getting help with their prescription drugs, the best tool medicine has to offer, by next spring if we pass this bill. But if we delay, if we continue to defeat our efforts, the Republican efforts to bring prescription drugs to the American people, we will never provide them help. We have to start and we have to pass this bill today.

Mr. Speaker, I yield 2 minutes to the distinguished gentleman from Georgia (Mr. GINGREY), someone who should know a lot about this.

Mr. GINGREY. Mr. Speaker, I thank the gentlewoman from Ohio for yielding me this time, and I promise to tone down the rhetoric just for a couple of minutes.

Mr. Speaker, I rise today in support of the rule for the Medicare agreement. Today, we face a Medicare reality, a reality that requires change, reform, and willing leadership.

Though not a perfect solution, the Medicare agreement is a big step in the right direction, a step in the right direction by providing our seniors with assistance to pay for the rising cost of prescription medications, medications that will help them live longer and help their lives; a step in the right direction by supplying appropriate reimbursement updates for hospitals, and updates to ensure that hospitals sustain the ability to provide needed

goods and quality services for their patients; a step in the right direction by blocking the proposed cut in Medicare reimbursements to physicians and, instead, provide a positive update, reimbursements that will allow physicians to properly serve their patients and curb the trend of reduced access.

I urge my colleagues to take this step to help our seniors, our hospitals, and our physicians and adopt this rule so we can pass the Medicare conference report.

Ms. SLAUGHTER. Mr. Speaker, I am pleased to yield 2 minutes to the gentleman from Rhode Island (Mr. LANGEVIN).

Mr. LANGEVIN. Mr. Speaker, I thank the gentlewoman for yielding me this time.

I rise in strong opposition to the proposed rule to consider the Medicare Modernization and Prescription Drug Act of 2003. We are about to vote on legislation that will have an enormous impact on every single American. While we know very little about the details, since we were only given this bill late last night, what we do know is that it offers a completely inadequate drug benefit, does nothing to contain the rapidly increasing cost of prescription drugs, and takes steps toward privatizing Medicare. When our seniors find out about the truth of what this bill will do to their health plans, they will be outraged. This is shameful, because it does not have to be this way.

We are poised to make the most significant changes to Medicare in history, and we are proposing to vote on it while the ink is still drying, a 600-page bill that we have scarcely been able to read. This is no way to make good public policy.

Mr. Speaker, as President Woodrow Wilson once said, ''Whenever any business affecting the public is conducted, wherever any plans affecting the public are laid, over that place a voice must speak with the divine prerogative of the people's will the words 'let there be light.' '' Mr. Speaker, there is no light in our work here today, and the Members of this House and the people that we represent deserve better.

I urge all of my colleagues, regardless of their position on this bill, to vote against this rule.

Ms. PRYCE of Ohio. Mr. Speaker, I reserve the balance of my time.

Ms. SLAUGHTER. Mr. Speaker, I am happy to yield 3 minutes to the gentleman from Oregon (Mr. DEFAZIO).

Mr. DEFAZIO. Mr. Speaker, I thank the gentlewoman for yielding me this time.

Would every Member who is on the floor and who has read all 691 pages of this bill since it was made available at 1:30 in the morning please raise your hand. I do not see any hands raised, but we are going to vote on it very soon. We are not doing a service to the American public by violating the rules of the House and not allowing this bill to be held over for 3 days, as required by the rules, so Members of Congress, and maybe even members of the public and the fourth estate, could read it, analyze it, and report it so we could better hear the opinion of the American people. But from what I know of it and the bits I have read, it is not much of a benefit, and it is not what seniors need.

Americans pay more for U.S. manufactured, FDA-approved drugs than anybody else in the world. Our neighbors in Canada pay half as much, on average, for drugs manufactured in the United States of America. Now, how could that be? Well, the government of Canada bargains lower prices on behalf of Canadians. Well, maybe that would be a solution to the problem here in the United States: let us lower the extortionate price of drugs. Let us put the 40 million people in Medicare into a buying group, that would not cost anything, and let us negotiate lower prices. No.

This bill, at the behest of the pharmaceutical industry, a generous contributor to the Republican Party and the President, prohibits the Government of the United States of America, unlike any other industrial nation or democracy on Earth, from negotiating lower drug prices for its citizens with these multinational conglomerate pharmaceutical companies. There is no pain for the pharmaceutical industry in this bill. In fact, their stock has gone up dramatically in the last week. The analysts have read it, and they said, what a sweet deal for the pharmaceutical industry. Too bad it will not give seniors what they need.

Well, there are $400 billion of taxpayer money, copayments, premiums, deductibles, the doughnut exclusion. There is a nice $20 billion subsidy to private HMO insurance companies who might or might not offer benefits. But seniors, on average, are going to get a benefit that is less than they could get by mail-ordering their drugs from Canada. Oh.

Well, the bill is going to take care of that problem too. Despite the fact that this House of Representatives is on record by a large margin allowing the free reimportation of U.S.-manufactured, FDA-approved drugs for Americans from other industrialized nations that regulate safely those drugs, this bill is going to begin to block that process. They say, oh, well, that is not in the bill. We give the authority to the Secretary of Health and Human Services to allow the importation if he sees fit. Yes, sure. Except he has already said that he does not see fit and he will never, ever do that; and the FDA commissioner has said oh, no, we are not going to ever do that. We cannot certify that those U.S.-manufactured, FDA-approved drugs that took a little vacation in Canada are safe.

This is simply legislation that is not going to provide the benefits that seniors need at an extraordinary cost to the ultimate detriment of the core Medicare program. Vote ''no.''

Ms. PRYCE of Ohio. Mr. Speaker, I continue to reserve my time.

Ms. SLAUGHTER. Mr. Speaker, the gentleman is absolutely correct. There is no great list of dead Canadians from taking bad medicines.

Mr. Speaker, I yield 2 minutes to the gentleman from Washington State (Mr. BAIRD).

Mr. BAIRD. Mr. Speaker, at the beginning of this debate, the distinguished chairman of the Committee on Rules pointed out that this is one of the most important bills we have faced possibly in our careers. Indeed, he is correct. Yet, we are given less than 24 hours to consider this. The most important bill in our careers, 24 hours to consider it.

It is part of a very troubling pattern, and I call my colleagues' attention to this: in the last 7 legislative days in this Congress, we have either authorized or appropriated more than $1.26 trillion of the people's money. The defense authorization bill we were given 3 hours to read before the vote. The Medicare bill, we may have a total of about 28 hours, clock hours, if we read around the clock to read this. The intelligence authorization bill, 8 hours. A total of $1.26 trillion, and we are going to have an omnibus appropriation bill shortly.

I would like to yield, if I may, to the gentlewoman from Ohio. I have asked one of the pages to take her a piece of text from this legislation, and I would like her to explain this to me. If we have had adequate time to study it, then we should know what is in it.

The text reads as follows, and I will invite the gentlewoman to explain what it means.

□ 1615

On page 13, actually of the interpretive paper from the Republican party, it reads, ''Plans would be permitted to substitute cost-sharing requirements for costs up to the initial coverage limit that were actuarially consistent with an average expected 25 percent coinsurance for costs up to the initial coverage limit. They could also apply tiered copayment, provided such copayments were actuarially consistent with the average 25 percent cost-sharing requirement.''

I yield to the gentlewoman from Ohio (Ms. PRYCE) to explain what that means.

Ms. PRYCE of Ohio. Mr. Speaker, I thank the gentleman from Washington (Mr. BAIRD) for yielding. This was just put in front of me. I would defer to the chairman of the Committee on Ways and Means or a member of the Committee on Ways and Means because this is their jurisdiction and certainly not

the jurisdiction of the Committee on Rules.

Mr. BAIRD. Mr. Speaker, reclaiming my time. I believe the gentlewoman from Ohio (Ms. PRYCE) has pointed out we have had adequate time to study the legislation. I presume she is going to vote on it. This is a summary provided by her Republican party, yet she fails to be able to explain it.

I would invite anyone here present with us today from the majority party, or who plans to vote from the minority party, to please explain what it is we are voting on. I would invite the next person to offer that explanation.

Ms. PRYCE of Ohio. Mr. Speaker, I will continue to reserve my time. We do not have any more speakers at this point.

Ms. SLAUGHTER. Mr. Speaker, I yield 2 minutes to the gentlewoman from Texas (Ms. JACKSON-LEE).

Ms. JACKSON-LEE of Texas. Mr. Speaker, my good friend has really laid it out for us. We are not yet debating the bill. I thank the distinguished gentlewoman from New York (Ms. SLAUGHTER) from the Committee on Rules, both of them in fact, we are debating the process. I think it is important because this is historic.

I sat for 2½ hours in the Committee on Rules, and I want to thank the Committee on Rules for giving me the 2½ hours to sit, and then the opportunity to express my opposition and challenges to this legislation. I have been taught as a child that it is all about who shows up. Not about whether you can finish or whether or not you are the best, but who shows up. Who shows up in school, who stays in school.

Let me tell about this legislation and what I went to the Committee on Rules about. I asked them to reserve what we call points or order. Because I believe this bill is fatally flawed. It has killer bees in the midst. It has a lot of roses in it. And people are talking about hospitals and doctors. I am glad to see the American Nurses Association is against this bill. But roses have thorns and thorns make you bleed. And there is a lot of bleeding going on in this bill.

This bill is a subsidy for HMOs and a subsidy, if you will, for prescription drug companies. And as I said, it is all about who shows up. And HMOs do not show up.

Take any city and any county and any State and when an HMO finds out they cannot make a profit, they close up. Take Harris County, 4 years ago, six HMOs, they closed up shop on our seniors because they could not make a profit.

And what does this bill do? It hurts low-income seniors and those who are disabled. I cannot imagine how we would vote for a bill that unravels Medicare by its premium support, even if it is an example program. It gives premium support to defer you over to a private insurance program and leaves Medicare unraveling on the vine.

In addition, it does not take a law graduate to understand what anticompetitiveness means. We call that antitrust violations. And how can you give benefits to private insurance companies and pharmaceutical companies when you allow them to establish the cost of the drugs, and you do not allow the Federal Government to compete fairly by bringing down the cost of the drugs. Some people say it is dumber than dumb. This is a dumber than dumb plan. We should have the opportunity to take 3 days to review this. This is a dumb plan, a dumb procedure. And, Mr. Speaker, how can you leave Democrats off the conference committee and say this is a good plan.

Ms. SLAUGHTER. Mr. Speaker, I yield 2 minutes to the gentleman from Tennessee (Mr. COOPER).

Mr. COOPER. Mr. Speaker, this is a very sad day for this House. I bring a unique perspective, I think, to this legislation because I represent probably more hospitals than any other Member of this body. Because Nashville, Tennessee, is the headquarters town for most of the for-profit hospitals in America. We also have a leading academic medical center and many nonprofit hospitals with some 300 health care companies headquartered in our city. We are Health Care U.S.A.

I have also been a professor of health care policy at Vanderbilt Business School; the last 7 years studying these issues. And in my prior service in Congress, I was one of the leaders in trying to craft bipartisan health care policy, getting Democrats and Republicans to work together, to do the right thing for our Nation's seniors and for all of our citizens.

This bill, which we were finally allowed to see a few short hours ago, is a travesty. First of all, very few, if any, Members really know what is in it. There simply has not been enough time. And our seniors deserve better than a martial law rule. Why not at least the regular 3 days, so Americans can see what is in this bill? What is the other side afraid of? What are they afraid of?

Sunshine is the best policy. Sunshine is the best disinfectant for what may or may not be in this bill.

Now, I had a head start, I have been trying to follow proceedings closely over the last several months of the conference from which all Democrats have been excluded in the House. But I have tried to pick up bits and pieces here or there. I have tried to read everything available on this. And the best I can tell, the policies in this bill come up way short.

Now, our hospitals in Nashville are proud of the 3 to 5 percent of the bill that covers their activities, but the rest of the bill, the other 95 percent, has severe policy shortcomings that I am afraid the other side feels cannot stand the light of day, cannot stand full debate.

So our seniors deserve better, Mr. Speaker. Let us give them a better bill. Let us take the time to do it right.

Ms. PRYCE of Ohio. Mr. Speaker, I yield myself such time as I may consume.

And in light of the comments of the gentleman from Tennessee (Mr. COOPER), the last speaker, I would say that every major hospital association in this Nation is on board with this legislation. He should be supportive of it. Not only the hospital associations, but the American Association of Retired Persons, the AARP, who speaks for every senior in this country. They are on board. The AIDS Institute, the Alzheimer's Association, the Coalition for Medicare Choices, Hepatitis C Global Foundation, International Patient Advocacy Association, Kidney Cancer Association, National Alliance for the Mentally Ill, the National Council on the Aging, the Seniors Coalition, United Seniors International Association, We Are Family Foundation, Academy of Family Practice Residence Directors, Alliance for Quality Nursing Home Care, Alliance to Improve Medicare, American Academy of Dermatology Association, American Academy of Family Practitioners and Physicians, American Academy of Home Care Physicians, American Academy of Neurology, Ophthalmology, Osteopathy, Pharmaceutical Physicians.

Mr. Speaker, this list is pages and pages long. Every significant health care provider, every significant person in this country who is touched by health care and feels the pain of seniors and understands their health care needs is on board with this legislation. Anyone who cares about the future of health care for seniors should be on board as well.

Mr. Speaker, I reserve the balance of my time.

Ms. SLAUGHTER. Mr. Speaker, I am interested in the list that the gentlewoman from Ohio (Ms. PRYCE) read off. I hope that they know what is in the bill, because we sure do not.

Mr. Speaker, I yield 3 minutes to the gentleman from Arkansas (Mr. ROSS).

Mr. ROSS. Mr. Speaker, I thank the gentlewoman from New York (Ms. SLAUGHTER).

And to the gentlewoman from Ohio (Ms. PRYCE), let me assure you that AARP no longer speaks for America's seniors. The National Committee to Preserve Social Security and Medicare is the Nation's second largest senior advocacy group. Unlike AARP, they are not in the pharmacy business, and they are not in the discount prescription card business. And Max Richmond, their executive director said what? He said, "You ever heard of Medicare fraud? This Republican prescription drug bill is Medicare fraud." And let me tell you why: It is obscene that the Republicans in Congress would lock the door and refuse to allow the Democratic conferees in the room while this

bill was being finalized. If that is not enough, now they are trying to use a parliamentary procedure to immediately bring this bill up for a vote, a bill that is 681 pages. It was received in my office just a few hours ago. I have not read it all. It is 681 pages, and I just got it.

If there is any Republican here who has already read it, then they have been through some kind of speed reading course that I have not been through. But I have gotten through a few pages. Page 54 is a good place to start. Surely to goodness, no one here has read page 54, because if they have, they would not be asking for this bill to be brought up immediately. They would want time to read it, because page 54 says what? It says the Federal Government shall be prohibited from negotiating with the big drug manufacturers to bring down the high cost of medicine. And they call this a seniors bill? Give me a break.

And if that is not enough, my colleagues can turn to page 18 of the bill. Page 18 of the bill tells us what seniors are going to get, or, really, what seniors are not going to get. This is clearly a bill written by the big drug manufacturers and the big insurance companies, not to benefit our seniors, not to bring down the high cost of medicine, but to benefit the big drug manufacturers and the big insurance companies.

Make no mistake about it, seniors, it is important the Members here understand, understand what the seniors get in this bill. There is a $420 yearly premium, $35 a month. There is a $250 deductible, and then, from $250 to $2,250, Medicare pays 75 percent of the bill leaving the senior to pay 25 percent. That part sounds pretty good. But then from $2,250 all the way up to $5,100, guess what? The senior is back stuck paying the full price for the prescription drug while still being required, under this bill, to pay a $35-a-month premium.

This legislation boils down to this: Of the first $5,100 worth of medicine, seniors are going to still be stuck paying $4,020 while Members of Congress, who wrote and approved this bill, only pay $1,275.

Ms. PRYCE of Ohio. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the gentleman from Arkansas (Mr. ROSS) says that the AARP does not speak for seniors of America? The AARP represents 35 million seniors, dues-paying, card-carrying voting seniors. These seniors care what we do, and they are watching what we do, and we better do right by them.

Mr. Speaker, I reserve the balance of my time.

Ms. SLAUGHTER. Mr. Speaker, I yield 2 minutes to the gentleman from Mississippi (Mr. TAYLOR).

Mr. TAYLOR of Mississippi. Mr. Speaker, a little over a year ago, the President of the United States, Secretary of Defense Donald Rumsfeld, Under Secretary of Defense Paul Wolfowitz all told me, me, that not only did the Iraqis have weapons of mass destruction, but that they had their finger on the trigger and were getting ready to use them. Now, 7 months after we have occupied Iraq, the only thing harder to find than a Republican who will tell me where those weapons of mass destruction are is a Republican who will tell me how they are going to pay for this bill.

In the 29 months since the passage of their budget, their spending, their tax cuts, they have increased our Nation's debt by $1,229,407,000.

□ 1630

This bill alone will add another $400 billion to our staggering $6.8 trillion debt.

But if you have noticed, not one of my Republican colleagues will say how they are going to pay for it, because they do not want you to know that a few seniors will benefit from this, but all of us will end up paying interest on it. And we are already squandering $1 billion of your money a day on that interest.

This is nothing but an auction to the insurance companies and the pharmaceutical companies of this Nation, for campaign contributions to the Republican party. And I want one Republican to hold up one prescription and just tell me how much less it is going to be 1 year from today, 2 years from today, because that is what seniors really want. They do not want another bureaucracy. They do not want $400 billion worth of debt.

The people who are seniors now are the Greatest Generation, and the last thing the Greatest Generation wanted is the country they fought for in World War II and Korea to be bankrupted by some political prank now.

So I ask the gentlewoman from Ohio (Ms. PRYCE) how are you going to pay for it, and please name one drug that will be cheaper 1 year from today.

Ms. PRYCE of Ohio. Mr. Speaker, I yield myself such time as I may consume.

I would just like to remind the gentleman that last year's Democrat prescription drug bill cost $1 trillion, $1 trillion, almost three times what this bill costs.

Mr. Speaker, I reserve the balance of my time.

Ms. SLAUGHTER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, whether you support this bill or not, the Members should be very concerned that we are about to cast a vote on a major, major piece of legislation that only a small handful of House Members have actually read because it was not finalized and filed until 1:30 this morning.

They should be very concerned that this marshal law rule waives the House rule that requires the conference report layover for 3 days before coming to the floor for a vote. Of course, it was not supposed to be this way.

Just a few weeks ago, 44 members of the Republican Study Committee demanded that the Republican leadership allow Members 3 days to read the conference report after it was filed and before forcing them to vote on it. It was a reasonable demand since that is what the rules of the House say.

The gentleman from Illinois (Mr. HASTERT) agreed to it as has been publicly reported. Here is how the November 3, 2003, edition of Roll Call reported it: "At a GOP conference meeting that was called exclusively to update Members on the Medicare talks, Hastert assured his troops that they would now get regular briefings on the Medicare bill and would have at leave 3 days to look over the conference report before having to vote on it, according to several Members who attended.

" 'The Speaker wants to make sure that Members are comfortable making this historic change' to Medicare, said Hastert spokesman John Feehery."

The November 7, 2003, edition of Congress Daily quoted the gentleman from Georgia (Mr. NORWOOD) "referring to a promise made by House Speaker HASTERT."

The gentleman from Georgia (Mr. NORWOOD) said, "The thing I'm happiest about is we get 3 days with the language."

Now, we all know the Speaker of the House is an honorable man, but apparently the Republican leadership is willing to renege on his commitment and to ensure Members do not get 3 days with the language. Because while various summaries, press releases, and drafts may have been posted on Web sites of today, the final language of that conference report was not filed until early this morning. And 3 days from Friday morning is Monday morning, not Friday afternoon.

For that reason, Mr. Speaker, I urge Members to join me in opposing the important parliamentary vote known as the previous question. If it is defeated, I will amend the rule so that it no longer waives the House's rule requiring a 3-day layover for all conference reports.

Voting no will not defeat the Republican Medicare bill, but it is the only way to uphold the commitment of the Speaker of the House and to allow Members and the public to examine this 700-page $400 billion Medicare bill before voting on it.

I urge Members to vote "no" on the previous question.

Mr. Speaker, I yield back the balance of my time.

Ms. PRYCE of Ohio. Mr. Speaker, I yield myself such time as I may consume.

I remind my colleagues that this body is about to embark on a monumental endeavor. We are about to consider the most significant benefit America's seniors have ever seen since the creation of the Medicare program nearly 40 years ago. We are about to give seniors the best tool that medicine has to offer, prescription drugs. A tool that they have been denied, that our government has not supplied to them. We are about to give that to them, Mr. Speaker. That is not even to mention the most significant and deliberative reform that Medicare has ever seen.

I urge my colleagues to support American seniors, to support the future of the Medicare program, and to support this Congress in one of the most promising endeavors I have ever been a part of in my years in this esteemed body. Join me in taking a bold step closer to consideration of this extraordinary legislation. I ask the Democrats, stop defeating these attempts, stop delaying help to our seniors, and stop destroying their trust in their government.

Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The SPEAKER pro tempore (Mr. BASS). The question is on ordering the previous question.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Ms. SLAUGHTER. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

WAIVING REQUIREMENT OF CLAUSE 6(a) OF RULE XIII WITH RESPECT TO CONSIDERATION OF CERTAIN RESOLUTIONS

Mr. LINDER. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 458 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 458

Resolved, That the requirement of clause 6(a) of rule XIII for a two-thirds vote to consider a report from the Committee on Rules on the same day it is presented to the House is waived with respect to any resolution reported on the legislative day of November 21, 2003, providing for consideration or disposition of any of the following measures:

(1) A bill or joint resolution making further continuing appropriations for the fiscal year 2004, or any amendment thereto.

(2) A bill or joint resolution making general appropriations for the fiscal year ending September 30, 2004, any amendment thereto, or any conference report thereon.

The SPEAKER pro tempore. The gentleman from Georgia (Mr. LINDER) is recognized for 1 hour.

Mr. LINDER. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Texas (Mr. FROST), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Mr. Speaker, H. Res. 458 is a rule that waives clause 6(a) of rule XIII with respect to same-day consideration against certain resolutions reported from the Committee on Rules. Specifically, this rule waives the requirement for a two-thirds majority vote in the House to consider a rule on the same day it has been reported by the Committee on Rules.

This rule's waiver applies to any special rule reported on the legislative day of November 21, 2003, providing for the consideration or disposition of any of the following:

A, a bill or joint resolution making further continuing appropriations for fiscal year 2004 or any amendments thereto; or

B, a bill or joint resolution making general appropriations for the fiscal year ending September 30, 2004, any amendment thereto or any conference reported thereon.

I urge my colleagues in the House to join me in approving H. Res. 458. Its passage will help expedite the consideration of either another continuing resolution, if that becomes needed, or even conference reports on the last few remaining fiscal year 2004 appropriations bills, including the Foreign Operations bill, Transportation-Treasury bill, the Agriculture bill, the VA–HUD bill, the Commerce-Justice bill, the District of Columbia bill, and the Labor-HHS bill.

I believe that we are in the waning days of this year's legislative session with only a relatively small number of must-do legislative items still left to finish. Approving this same-day waiver rule will help provide for prompt consideration of these important funding bills.

Mr. Speaker, the Committee on Rules approved this rule last night, and I urge my colleagues to join me in supporting its passage.

Mr. Speaker, I reserve the balance of my time.

Mr. FROST. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, marshal law rules like this one are symptomatic of the failure of this Republican government. Republicans are doing such harm to America, from Medicare and the economy to foreign policy and homeland security, that keeping the public in the dark has become their chief priority.

So today, Republican leaders are yet again waiving the rules of the House. Later today they plan to do it in order to force through their plan to end Medicare as we know it, which is how the chief author of the Republican Medicare bill describes their goal.

But first, Republican leaders want to pass this marshal law rule so that they can rush through a spending bill before Members, the press, and the public have had the chance to find out what is really in it.

Mr. Speaker, they will not even tell us which spending bill they plan to hide from us today. All we know is that it will either spend tens of billions of dollars in taxpayer money, or that it will spend hundreds of billions of dollars in taxpayer money. Either way, it will become law before it has even been read by anyone except for a handful of Republicans at the White House and in the Congress. But since these are the same Republicans who have exploded the budget deficit to nearly $500 billion, raising the debt tax on all Americans, no one has much faith in them anymore.

Mr. Speaker, after nearly a decade of controlling the Congress, the Republican Party's fundamental goal is simply protecting its own power by hiding from the public the damage they are doing to America. Of course, if you look at the Republican record, you can understand why they are so desperate to keep it hidden. In the nearly 3 years since George Bush became President, Republicans have created a whole host of problems for the American people.

On national security, the Bush administration has plunged this Nation into its worst foreign policy crisis since the end of the cold war because they would not trust the American people with the truth about Iraq and because they could not work with our allies around the world. And while U.S. taxpayers are spending hundreds of billions of dollars on Iraq, our homeland defense needs here in the United States remain dangerously unmet.

On domestic policy, of course, Republicans are going for the right wing gold. Later today they will try to finalize Newt Gingrich's dream of forcing Medicare to wither on the vine, shattering Medicare's nearly 40-year-old promise to American citizens. That debate, Mr. Speaker, will be a case study in the public dishonesty that is fundamental to the Republican government.

Over and over again, Republicans will repeat their poll-tested sound bytes. They will save Medicare reform and hope that millions of seniors do not notice the Republicans are forcing them out of traditional Medicare and into HMOs and insurance companies. They will talk about choice and ignore the fact that millions of seniors will lose the ability to choose their own doctors. And they will decry skyrocketing prescription prices and hope no one notices that they are actually protecting drug company profits by making it illegal for Medicare to negotiate lower prices for senior citizens.

Mr. Speaker, Republicans will wax poetic about the generosity of their drug benefit, hiding the fact that premiums and benefits will actually be set

by HMOs and insurance companies; and that even under the Republicans rosiest scenario, seniors with average drug bills will still have to pay about $2,500 per year out of their own pockets. Of course, Republicans will not say a thing about the $12 billion slush funds they are setting up for HMOs or insurance companies or the $139 billion in windfall profits they are giving to the big drug companies.

Mr. Speaker, no wonder the Republican Medicare bill does not take effect until after the election. Republican political strategists are desperately hoping that seniors do not discover this truth about this assault on Medicare before they go to the polls in 2004. But make no mistake, when seniors sit down at their kitchen tables to pay their bills, they are going to do the math, and they are going to see that Republicans have sold them a very expensive and very harmful bill of goods.

Mr. Speaker, the false promise of the Republican Medicare plan will remind a lot of Americans of the false promise of the Republican economic plan. In less than 3 years, the Republicans have taken a historic budget surplus and turned it into a monumental deficit. They have done it through reckless fiscal irresponsibility and through an obsession with spending billions of taxpayer dollars for a small elite of the wealthiest few, people like the Bush campaign fund-raising Pioneers.

As a result, instead of using the budget surplus to help address priorities like skyrocketing prescription prices and strengthening Social Security and Medicare, Republicans have created a fiscal crisis and raised the debt tax on all Americans.

Along the way, nearly 3 million jobs have been lost, giving George W. Bush the worst job performance of any President since The Great Depression. Millions of families no longer share in the prosperity of the nineties. Of course, you would never know the facts if you just listened to Republican rhetoric. But talking points cannot cancel out the truth. And the truth is, Mr. Speaker, that Americans continue to be unemployed at alarmingly high rates. More than 2 million workers have been unable to find a job in this economy for more than 6 months, and many of them will lose their unemployment insurance over the holidays if this Republican Congress does not act this year before we adjourn.

□ 1645

That is why, Mr. Speaker, I intend to oppose the important parliamentary vote known as the previous question. That is the only way to ensure Republicans do not leave town for their own holiday vacations without providing unemployed Americans with the help they so desperately need.

Mr. Speaker, Americans are smarter than Republican leaders give them credit for. They know the difference between rhetoric and reality. So I urge my Republican friends to look past their leader's rhetoric and join me in providing real help to Americans suffering through this economy.

Mr. Speaker, I reserve the balance of my time.

Mr. LINDER. Mr. Speaker, I reserve the balance of my time.

Mr. FROST. Mr. Speaker, I yield 4 minutes to the gentleman from Maryland (Mr. CARDIN).

Mr. CARDIN. Mr. Speaker, let me thank my friend from Texas for yielding me this time.

Mr. Speaker, this rule will allow us to consider an additional continuing resolution which will allow us to go home over the holidays, and at this time, there is no indication from the majority that they are prepared to bring up an extension of the unemployment insurance benefits for thousands of our fellow citizens who will be running out of unemployment insurance benefits during that period of time. So, Mr. Speaker, I would hope that we would not approve the previous question so that we could bring up this unemployment insurance extension.

Let me just remind my colleagues that 1 year ago we were in a similar position, and the majority did not bring up an extension of the unemployment insurance benefits, and at Christmastime, we had to tell hundreds of thousands of Americans that they ran the risk of losing the Federal benefits that they needed during this recession. We are faced with the situation again.

Two days after Christmas, the current Federal 13-week unextended benefit program is scheduled to expire. If we do not do anything about it, 80- to 90,000 people in this Nation, every week, will exhaust their State extended benefits and will not be entitled to any Federal extended benefits; 1.4 million Americans during that 6-month period, until June of next year, are anticipated would be without benefits.

The exhaustion rate, those who have exhausted their State unemployment benefits without finding employment has reached the highest level on record, the highest level on record, 43 percent. Two million workers have been unemployed for more than 6 months, nearly triple the amount compared to the beginning of 2001. We have 2.4 million fewer jobs today compared to 2½ years ago.

Mr. Speaker, the majority leader recently said, I see no reason to be extending unemployment compensation since every economic indicator is better off than in 1993 when the Democrats ended the Federal unemployment program. Mr. Speaker, nothing could be further from what the record shows, and I could go through a list of the economic indicators from the last downturn in our economy and this time, but this one I think really puts it all in proper perspective.

The current amount of jobs that were created before we terminated the Federal unemployment benefits in the 1990s was 2.9 million additional jobs. What we are looking at now is 2.4 million less jobs in this recession. The majority leader refers to some slight job growth that we had, and we hope that continues, because, currently, if someone's looking for a job, there are three people looking for every job that is available today. These are people who cannot find employment, but the loss of employment in our economy in the last couple of years is 2.4 million jobs. The jobs are not there. People want work. They cannot find work. That is why we have the Federal unemployment benefit program.

There is $20 billion in the fund today to fund this program. The money is there. The money is there for this purpose. We should extend it before we go home. So I hope we will use this opportunity because, quite frankly, Mr. Speaker, I do not see any other opportunities coming along. This may be our last chance by using this vehicle so that we can consider legislation that would extend the Federal unemployment benefits for some additional weeks, and by the way, we should also take care of those who have already exhausted all their benefits.

The economy just is not there yet. We all hope we will get there. We usually do this on a bipartisan basis. Let us get together and help our uninsured.

Mr. LINDER. Mr. Speaker, I reserve the balance of my time.

Mr. FROST. Mr. Speaker, I yield 3 minutes to the gentleman from Michigan (Mr. LEVIN).

Mr. LEVIN. Mr. Speaker, I join the gentleman from Maryland (Mr. CARDIN), and I want to say to the Republicans, do not think this is a procedural vote on the previous question. This is a vote of substance. This is a vote questioning whether my colleagues will agree to bring up an unemployment compensation extension program.

As the gentleman from Maryland (Mr. CARDIN) said, the majority leader stated, "I see no reason to be extending unemployment compensation since every economic indicator is better than in 1993 when the Democrats ended the Federal unemployment program." He could not be further from the truth.

If we do not act, 90,000 a week who are out of work, exhausting their benefits, will be out in the cold; 90,000 a week, 350,000 more or less a month, and they will join the 1.4 million long-term unemployed in this country, and the percentage of unemployed workers who have exhausted their benefits, contrary to what the gentleman from Texas (Mr. DELAY) has said, will reach an all-time high, almost 44 percent, and even with this modest increase in jobs the last couple of months, the U.S. economy still has 2.4 million fewer jobs today than 2½ years ago.

I want to refer to Michigan. The unemployment figures just came out: 7.6 is the unemployment rate, a 3-year high, an 11-year high, actually, and higher than when the temporary unemployment program was set up.

So this is not a test on procedure. This is a test whether my colleagues will stand with those who are unemployed, looking for work or turn a cold shoulder to them. There is nothing compassionate about this kind of action, conservatism or anything else.

So I urge all my colleagues, Democrats and Republicans, to vote no on the previous question and stand up for those millions of Americans, millions who are looking for work, who cannot find it, who want not charity but unemployment compensation that they worked for. Vote no on the previous question.

Mr. LINDER. Mr. Speaker, I yield myself such time as I may consume just to observe the lesson I just learned from the gentleman from Michigan. When President Clinton ran for President, he said we had the worst economy in 50 years, and just a few months later, he turned everything around. Things were so wonderful that he could stop unemployment compensation. I had not realized he had done it so quickly.

Mr. Speaker, I reserve the balance of my time.

Mr. FROST. Mr. Speaker, I yield 3 minutes to the gentleman from Washington (Mr. MCDERMOTT).

Mr. MCDERMOTT. Mr. Speaker, several times this week the House has used emergency procedures to pass partisan legislation.

Yesterday, the Congress found time to give tax credits to Wal-Mart, but the Republican majority refuses to consider what is truly an emergency to millions of families, the fact that they do not have jobs, and millions of these workers are about to run out of unemployment insurance.

Last year, the same thing happened. The Republican Congress left town about Christmastime without extending the temporary program that provides employment benefits, leaving hundreds of thousands of unemployed workers to worry over the holidays about whether they were going to get the unemployment benefits that they had been expecting.

We have heard it has been reported that the majority leader said, ''I see no reason to be extending unemployment compensation since every economic indicator is better than in 1993 when the Democrats ended the Federal unemployment program.'' Mr. Speaker, the esteemed majority leader does not know what he is talking about.

Washington State's unemployment is still among the highest in the Nation. It has grown for two solid years as we felt the brunt of the Bush recession. If the Congress does not extend the Federal program that provides unemployment compensation and fix a technical flaw in the Federal-State extended benefits program, over 83,000 workers in my State will stop, at Christmastime, receiving unemployment benefits.

I know the economy created 100,000 jobs last month, but 150,000 jobs must be created each month to maintain the employment rate because our population continues to grow.

Two days after Christmas, the temporary Federal unemployment benefits program is scheduled to expire, denying benefits to nearly 90,000 workers every single week. The unemployment picture today simply is not much better than it was last year, Mr. Speaker.

According to the Department of Labor, there is still only one job opening for every three unemployed workers. In other words, of the 9 million unemployed American workers, 6 million of them have no chance of finding a job in the current economic climate.

I urge my colleagues to vote against the previous question so that Congress can consider an emergency that faces millions of families, the Nation's unemployment problem.

It is Thanksgiving for heaven's sakes, and we are not even going to provide them a turkey at Thanksgiving or at Christmastime. That is really Scrooge, and it is really hard-hearted.

I urge my colleagues to vote against the previous question.

STATE OF WASHINGTON,
EMPLOYMENT SECURITY DEPARTMENT,
Olympia, WA, November 13, 2003.

Hon. JIM MCDERMOTT,
House of Representatives, Longworth Building, Washington, DC.

DEAR CONGRESSMAN MCDERMOTT: This letter is in response to your request (dated November 7, 2003) for unemployment projections and data.

Washington State's Seasonally Adjusted Total Unemployment Rate (SATUR) remained at 7.5 percent for the month of September, and this percentage is 116 percent of the same rate two years ago, keeping the State of Washington in a period of Extended Benefits (EB). The next issuance of the SATUR numbers is scheduled for November 21, 2003. Our forecast for October still shows that the State of Washington will again be above the required 110 percent of the same period for either of the past two years, and will remain in EB status for that period as well. Statistics due out on December 19, 2003 are indicating that the 110 percent criteria will not be met, and we would thus be out of EB for weeks after January 10, 2004.

Tables 1 and 2, enclosed, provide SATUR forecasts through calendar year 2005. As shown, the State of Washington Forecast Council estimates that the State of Washington's SATUR will remain above 6.5 percent through 2005.

Table 3 provides a count of claimants exhausting all benefits, by entitlement, for the first six months of 2003. Unemployment statistics are very cyclical and we believe the exhaustion rates for the first six months of 2004 will be very similar to those of 2003. Claimants exhausting Regular UI benefits become eligible for the TEUC program and claimants exhausting TEUC become eligible for the EB program. If the TEUC program were not continued, we estimate that close to 54,000 claimants would be without benefits in the first six months of 2004. Additionally, if the EB program were to end in January of 2004 due to the ''look-back'' provision, an additional 28,508 claimants exhausting the TEUC program would be without benefits.

Table 4 provides a summary of total dollars paid out to claimants by month ad entitlement, for the first six months of 2003. Similar to exhaustion rates, we believe that payment totals will be very similar in 2004. We estimate that we would pay $282 million out under the TEUC program and close to $83 million under the EB program.

Also enclosed for your information is an additional fact sheet on current unemployment insurance data.

Please let me know if you have any additional questions, or if we can be of further assistance.

Sincerely,

ANNETTE M. COPELAND,
Assistant Commissioner.

Mr. LINDER. Mr. Speaker, I reserve the balance of my time.

Mr. FROST. Mr. Speaker, I yield 3 minutes to the gentleman from Oregon (Mr. DEFAZIO).

Mr. DEFAZIO. Mr. Speaker, Congress has one last opportunity to provide unemployment benefits for Americans who have lost their jobs and been unable to find new jobs.

It is quite astounding. We at this point have what is called a jobless recovery. In my State, tens of thousands of people are unable to find employment with their benefits exhausted or near exhaustion. Across America it is millions.

I know budgets are tight around here. I know that Congress can afford to borrow money to pay Iraqis for no-show jobs, but the President says we cannot afford to spend down the $20 billion balance in the Unemployment Trust Fund, taxes paid by employers and employees, for just such a situation. So we cannot afford that. We cannot afford to spend that. We can borrow money to send to Iraq, but we cannot spend down the trust fund for unemployed Americans.

□ 1700

Is he saying it is their fault they are unemployed? Is he saying he does not care they are unemployed? Is he saying he does not care they might lose their home; they cannot feed their kids; they cannot afford essentials; they cannot even buy gas for the car to go out and look for work; that they are having their phones shut off?

I am getting those kinds of calls. We have the highest unemployment rate in the United States in Oregon. It is chronic. And there are a lot of people who want to work and cannot find jobs. The least this Nation could do would be to help them with a modest extension of unemployment benefits.

Now, this is not the first time this has happened. Last year, Congress skipped out of town, the President did not raise any concern, and unemployment benefits expired for millions of

Americans. This year, we are confronted with the same situation. Two days after Christmas, Merry Christmas, 90,000 workers will lose their extended unemployment benefits and have no income, and yet they cannot find a job. And it will be 90,000 workers a week. In 6 months, 2.2 million Americans will have lost everything, probably their homes, maybe their families, because this kind of breaks up families.

This is, of course, a family-friendly Republican majority and White House, but they just do not seem to care about these people wanting and needing jobs. Their jobs are being exported and have disappeared in the jobless recovery, or whatever. They cannot find work. In my State, it will be 43,000 people by February who will lose benefits.

Now, there is $20 billion, that is 20,000 million dollars, in the Unemployment Trust Fund. We do not even have to borrow the money to give Americans a little bit of help to stay in their homes and keep their families together. We do not have to borrow it because they pay the taxes, their employers pay the taxes. All the President has to do is say, I think that is a good idea, and the Republican majority will jump to it. We could do it right here, now, on the floor, by voting ''no'' and bringing that bill up today.

Mr. LINDER. Mr. Speaker, I reserve the balance of my time.

Mr. FROST. Mr. Speaker, I yield 2 minutes to the gentlewoman from Oregon (Ms. HOOLEY).

Ms. HOOLEY of Oregon. Mr. Speaker, I thank my colleague for yielding me this time, and I rise in opposition to this bill.

While Congress dithers in what is probably the waning days of the first session of the 108th Congress, it is inexcusable that we are considering adjournment without first passing an extension of unemployment benefits for the millions of American workers who are currently jobless. In my home State of Oregon, the unemployment rate is still 7.6 percent, nearly 2 percentage points higher than the U.S. average. Even that number, though, is misleading, since it only counts the workers who are still looking for work. It does not include those people who have been off work, who no longer receive unemployment benefits.

Mr. Speaker, to me it is inexcusable and unconscionable that the bill offered by our colleague, the gentleman from Maryland (Mr. CARDIN), is not being brought to the floor right now. Instead, the Republican leadership has chosen to force a vote on a 2-day CR because they are unable to fund the government by passing appropriation bills on time and in regular order.

Let me tell you just a little bit about these people who are looking for work, Mr. Speaker. These are people who are out of work through no fault of their own. They go out every single day and look for a job. One gentleman said to me that it is like playing musical chairs. He says, I go in, I think I have this wonderful resume, I meet all of the criteria, and I go in and there are 200 people that all have the same qualifications to meet that job. So he said it is a little bit like playing musical chairs with 200 people in the room and only one chair.

One woman told me she had to sell her home. She has been looking for work every day. She has sold her home and is living off the profits of her home. She does not know what she is going to do when those run out.

Another gentleman said, I have been trying to reeducate myself, so every day I am out looking for work. He said, I just feel like if I can just hold on for a little longer that job is going to be there.

Let us tide over the 90,000 Americans per week who will lose their unemployment benefits by the end of this year. Congress can and should pass an extension that will allow workers who are seeking employment to provide for their most basic needs as the holidays approach. Let us get on with this. Let us extend those unemployment benefits.

Mr. LINDER. Mr. Speaker, I reserve the balance of my time.

Mr. FROST. Mr. Speaker, I yield 2 minutes to the gentleman from California (Mr. STARK).

Mr. STARK. Mr. Speaker, I insert for the RECORD at this point a letter addressed to the chairman of the Committee on Rules that outlines some of the bases for our request for more time to evaluate the bill.

COMMITTEE ON RULES,
HOUSE OF REPRESENTATIVES,
Washington, DC, Nov. 19, 2003.

Hon. DAVID DREIER,
Chairman, House Committee on Rules, The Capitol, Washington, DC.

DEAR MR. CHAIRMAN: For the second time this week we are forced to write to you to protest the fact that the Republican majority will bring to the House floor a conference report on a major legislative proposal of enormous impact on every single American and is more than likely to do so without giving the Members of the House the opportunity to know what is in the bill. We are referring, of course, to the conference agreement on Medicare which we understand will be filed at some point today, this evening, or perhaps sometime in the wee hours of the morning.

Given our experience with the modus operandi of the Republican House Leadership, we believe we can safely assume that once that conference agreement has been filed the Rules Committee will convene in short order to report a rule. We must protest in the strongest possible terms. To bring this legislation to the Rules Committee in the middle of the night or at seven o'clock in the morning is a gross distortion and perversion of the legislative process and any sense of fairness to the Members of this institution and to the American people. Further, bringing this legislation to the floor while the ink is still drying on the paper, would renege on the promise made by the Speaker of the House in response to a letter signed by 41 Members of the Republican Conference who requested that the text of the Conference Report, its joint explanatory statement, and the CBO cost estimate be made available for three days before its consideration.

That letter reads: ''We write to request if the Conferees on the Medicare Prescription Drug and Modernization Act of 2003 report to the House a Conference Report, copies of the text of the Conference Report, the text of the explanatory statement, and the text of the Congressional Budget Office cost estimate for the Conference report be made available to all Members at least three calendar days after filing (excluding Saturdays, Sundays, and legal holidays, unless the House is in session on those days) and prior to consideration of the Conference Report or to any measure reported from the Committee on Rules providing for the consideration of the Conference Report.

''The general public will evaluate not only what Congress does regarding Medicare and prescription drugs, but the way in which it does it. A bill proposing such substantive changes to the Medicare system and costing an estimated $400 billion over the next decade deserves the careful and thoughtful consideration of all Members.''

As has been publicly reported, at a meeting of the Republican Conference on October 30 Speaker Hastert assured these members that they would indeed have three days to review the bill as they had requested. From the November 3, 2003 edition of Roll Call: ''So last Thursday, at a GOP Conference meeting that was called exclusively to update Members on the Medicare talks, Hastert assured his troops that they would now get regular briefings on the Medicare bill and would have at least three days to look over the conference report before having to vote on it, according to several Members who attended. . . 'The Speaker wants to make sure that Members are comfortable making this historic change' to Medicare, said Hastert spokesman John Feehery.''

On November 7, Congress Daily reported on the Speaker's promise: ''. . . time is required for those outside the room to look over what everyone agrees are the most sweeping changes being made to Medicare in a generation. 'The thing I'm happiest about is we get three days with the language,' said Rep. Charlie Norwood, R–GA, referring to a promise made by House Speaker Hastert.'' Clearly, this was a promise that Members of the Republican Conference felt would be kept.

On November 12, at a symposium on the modern day Speaker of the House, Speaker Hastert outlined his own set of principles that guide him in his work: ''When you are Speaker, people expect you to keep your word, and they will not quickly forgive you if you cannot deliver. I've learned that keeping your word is the most important part of this job. You are better off not saying anything than making a promise that you cannot keep. And you have to keep both the big promises and the small promises.''

We believe the Speaker to be a man of honor and a man who lives up to the high-minded principles he outlined in his speech. Yet, yesterday it was reported in Congress Daily that the Majority Leader—who had previously said that Members would have three full days to look over the agreement—said that the clock had started running on Sunday.

Mr. Chairman, on Sunday there was an announcement that an agreement had been reached and a summary of the agreement was posted on the Web; but as of today, no finalized text of the bill, the joint explanatory

statement of managers, or the CBO cost estimate have been released to Members of the House.

If the Rules Committee convenes at some point today or early tomorrow morning to pave the way for the consideration of this conference report, the Republican Leadership will have shown that political expediency, rather than the wishes of its own Members and the promise of the Speaker of the House, is what drives its agenda. Perhaps your Leadership can mollify these Members who wrote to the Speaker making a reasonable and rational request. Perhaps Members of the Republican Conference will agree to vote for a rule without ever knowing what is really in this bill. But we would consider that to be a sad turn of events, Mr. Chairman, and we would urge you to object to this process if for no other reason than to protect the prerogatives of Members of Congress to have the opportunity to understand what they are voting for or against.

Mr. Chairman, once again House Democratic conferees were deliberately excluded from negotiations on major legislation. Chairman Thomas stated on more than one occasion when asked about the Medicare conference that there was no reason to include anyone who did not want to reach an agreement. We believe what he really meant to say was there was no reason to include anyone in the negotiations who would not agree with him or the other Republican conferees. This attitude seems to pervade the manner in which this institution is being run and the fact that an agreement of this magnitude few people have seen will be rushed to the floor for a vote only adds to this perception. May we remind you that perception often become reality?

We are perfectly aware that our protests will most likely fall on deaf ears. But, for the sake of this institution and the United States, we urge you to ensure that the Republican Leadership keeps the promise made by the Speaker of the House.

We look forward to a response at your earliest convenience.

Sincerely,

MARTIN FROST.
JIM MCGOVERN.
LOUISE M. SLAUGHTER.
ALCEE L. HASTINGS.

Mr. Speaker, I just wanted to point out on the Medicare bill, getting back to that, that by not having time to review it and perhaps correct some of the technicalities, whether one thinks this is a good benefit or not, I am sure that many of my colleagues on the right take the same view as I do about privacy, and particularly privacy of our personal financial records.

I am sure that most of them are unaware that private contractors will now be able to willy nilly get tax returns from anybody who may be required to pay a higher premium under the income-adjusted premiums. This means that for the first time in the history of the Internal Revenue Code, we are making available personal tax information to private enterprise operators at will, and I am not sure my colleagues want to do that.

I hope our friends on the right will think about it and think about what unscrupulous folks might do with private personal tax information, which has been one of the bedrock principles of privacy in this country. And I would like to think that the Republicans would not support that. But they do not know what is in this bill. The chairman does not know what is in the bill. And I would submit that the members of the Committee on Rules do not know what is in the bill.

To vote in that kind of ignorance is an affront to the principles, if you have any, which you might stand for.

Mr. LINDER. Mr. Speaker, I reserve the balance of my time.

Mr. FROST. Mr. Speaker, I yield 2 minutes to the gentleman from Texas (Mr. GREEN).

Mr. GREEN of Texas. Mr. Speaker, I thank the ranking member and the dean of our Texas delegation for yielding me this time.

Mr. Speaker, martial law rules, it is interesting to note, always come up in the later part of the session because we always want to get finished. We did a martial law on Medicare so we could pass a 600-page document without having to digest it. Now we have a continuing resolution martial law.

But I really want to talk about the prescription drug provision in Medicare, because that is what will come up later. Our Houston Chronicle wrote an interesting editorial today which talks about the ''scribbled prescription'' in the bill that we are going to consider as an ''intended cure could be worse than Medicare disease.'' It talks about the provisions of this bill we are going to consider tonight is stingy because it does not begin until 2006; and that there is such a donut hole in the middle that people will lose, if they have $300 a month in prescription drugs, because they will fall into that donut hole. So it is stingy.

The critics point out that providing a drug component to Medicare encourages businesses to dump their retirees. I had a constituent call me the other day from a utility company who said he was worried his retiree benefits for prescription drugs would be cut. And I said unless you have a collective bargaining agreement, that could happen.

A concern I have, as they quote in the Chronicle editorial, is that the ''AARP, the most powerful senior citizen organization, has endorsed'' this proposal. Again, I am quoting the Houston Chronicle, ''But, as the plan before Congress offers such limited help for seniors with high prescription costs, it's no wonder so many people believe AARP's decision was motivated more by its own political dealmaking than concern for its 35 million members' best interests.'' And that is a direct quote.

Mr. Speaker, when I first came to Congress, a prescription drug bill was the goal, to pass something; but this bill actually goes in the wrong direction. It prohibits Medicare from negotiating for lower prices. HMOs do it, the Veterans Administration does it, companies do it; and yet now we are prohibiting Medicare from doing it by law. That ought to outrage our seniors, including those 35 million AARP members.

Mr. LINDER. Mr. Speaker, I reserve the balance of my time.

Mr. FROST. Mr. Speaker, how much time remains?

The SPEAKER pro tempore (Mr. THORNBERRY). The gentleman from Texas (Mr. FROST) has 5 minutes remaining, and the gentleman from Georgia (Mr. LINDER) has 28 minutes remaining,

Mr. FROST. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, if the previous question is defeated, I will offer an amendment to the rule. My amendment will provide that immediately after the House passes this resolution, it will take up legislation to extend the Federal unemployment insurance that is set to expire for new enrollees just 2 days after Christmas.

This legislation would continue the extended unemployment insurance program through the first 6 months of next year. The bill would also increase to 26 weeks the amount of benefits provided under that program, up from 13 weeks. This would provide new help to the 1.4 million workers who have already exhausted their extended benefits and have yet to find work.

This measure is identical to the text of H.R. 3244, the Rangel-Cardin unemployment extension; and it also contains the text of H.R. 3554, sponsored by the gentleman from Washington (Mr. MCDERMOTT), which would fix a flaw in current law that penalizes people in States with exceptionally high long-term unemployment rates by preventing them from receiving the unemployment benefits they need.

Here is why it is needed, Mr. Speaker. Americans continue to be unemployed at alarmingly high rates. The percentage of Americans exhausting their unemployment benefits without finding a job has reached its highest level on record. More than 2 million workers have been unemployed for more than 6 months. These Americans need relief, and they need it immediately. If we do not fix this today, over 400,000 jobless Americans will not be eligible for unemployment compensation after the first of the year.

Mr. Speaker, it appears likely that Congress will adjourn sine die within the next few days. This will very likely be the only opportunity we have to help unemployed Americans this year. Let us not abandon them today.

Let me make very clear that a ''no'' vote on the previous question will not stop consideration of this resolution for consideration of the appropriations items, but a ''no'' vote will allow the House to vote on legislation to help provide some much-needed relief to our Nation's unemployed workers, some relief that might be nice during the upcoming holiday season.

Again, I urge a ''no'' vote on the previous question.

Mr. Speaker, I ask unanimous consent that the text of the amendment be printed in the RECORD immediately before the vote on the previous question.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. FROST. Mr. Speaker, I yield back the balance of my time.

Mr. LINDER. Mr. Speaker, I yield myself such time as I may consume, and I urge my colleagues to vote ''yes'' on the previous question and ''yes'' on the rule, so we can hopefully have an appropriation bill later this evening or this weekend we can vote on and finish things up.

The text of the amendment previously referred to by Mr. FROST, is as follows:

PREVIOUS QUESTION FOR H. RES. 458—RULE ON WAIVING 2/3RDS FOR C/R AND APPROPRIATIONS MEASURES

At the end of the resolution add the following new section:

SEC. 2. ''Immediately after disposition of this resolution, it shall be in order without intervention of any point of order to consider in the House the bill (H.R. 3568) to provide extended unemployment benefits to displaced workers, and to make other improvements in the unemployment insurance system. The bill shall be considered as read for amendment. The previous question shall be considered as ordered on the bills to final passage without intervening motion except: (1) one hour of debate equally divided and controlled by the Chairman and ranking Minority Member of the Committee on the Ways and Means; and (2) one motion to recommit with or without instructions.

Mr. LINDER. Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The SPEAKER pro tempore. The question is on ordering the previous question.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. FROST. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.

A FURTHER MESSAGE FROM THE SENATE

A further message from the Senate by Mr. Monahan, one of its clerks, announced that the Senate agrees to the report of the committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 1904) ''An Act to improve the capacity of the Secretary of Agriculture and the Secretary of the Interior to plan and conduct hazardous fuels reduction projects on National Forest System lands and Bureau of Land Management lands aimed at protecting communities, watersheds, and certain other at-risk lands from catastrophic wildfire, to enhance efforts to protect watersheds and address threats to forest and rangeland health, including catastrophic wildfire, across the landscape, and for other purposes.''

CONTROLLING THE ASSAULT OF NON-SOLICITED PORNOGRAPHY AND MARKETING ACT OF 2003

Mr. TAUZIN. Mr. Speaker, I move to suspend the rules and pass the Senate bill (S. 877) to regulate interstate commerce by imposing limitations and penalties on the transmission of unsolicited commercial electronic mail via the Internet, as amended.

The Clerk read as follows:

S. 877

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Controlling the Assault of Non-Solicited Pornography and Marketing Act of 2003'', or the ''CAN-SPAM Act of 2003''.

SEC. 2. CONGRESSIONAL FINDINGS AND POLICY.

(a) FINDINGS.—The Congress finds the following:

(1) Electronic mail has become an extremely important and popular means of communication, relied on by millions of Americans on a daily basis for personal and commercial purposes. Its low cost and global reach make it extremely convenient and efficient, and offer unique opportunities for the development and growth of frictionless commerce.

(2) The convenience and efficiency of electronic mail are threatened by the extremely rapid growth in the volume of unsolicited commercial electronic mail. Unsolicited commercial electronic mail is currently estimated to account for over half of all electronic mail traffic, up from an estimated 7 percent in 2001, and the volume continues to rise. Most of these messages are fraudulent or deceptive in one or more respects.

(3) The receipt of unsolicited commercial electronic mail may result in costs to recipients who cannot refuse to accept such mail and who incur costs for the storage of such mail, or for the time spent accessing, reviewing, and discarding such mail, or for both.

(4) The receipt of a large number of unwanted messages also decreases the convenience of electronic mail and creates a risk that wanted electronic mail messages, both commercial and noncommercial, will be lost, overlooked, or discarded amidst the larger volume of unwanted messages, thus reducing the reliability and usefulness of electronic mail to the recipient.

(5) Some commercial electronic mail contains material that many recipients may consider vulgar or pornographic in nature.

(6) The growth in unsolicited commercial electronic mail imposes significant monetary costs on providers of Internet access services, businesses, and educational and nonprofit institutions that carry and receive such mail, as there is a finite volume of mail that such providers, businesses, and institutions can handle without further investment in infrastructure.

(7) Many senders of unsolicited commercial electronic mail purposefully disguise the source of such mail.

(8) Many senders of unsolicited commercial electronic mail purposefully include misleading information in the message's subject lines in order to induce the recipients to view the messages.

(9) While some senders of commercial electronic mail messages provide simple and reliable ways for recipients to reject (or ''opt-out'' of) receipt of commercial electronic mail from such senders in the future, other senders provide no such ''opt-out'' mechanism, or refuse to honor the requests of recipients not to receive electronic mail from such senders in the future, or both.

(10) Many senders of bulk unsolicited commercial electronic mail use computer programs to gather large numbers of electronic mail addresses on an automated basis from Internet websites or online services where users must post their addresses in order to make full use of the website or service.

(11) Many States have enacted legislation intended to regulate or reduce unsolicited commercial electronic mail, but these statutes impose different standards and requirements. As a result, they do not appear to have been successful in addressing the problems associated with unsolicited commercial electronic mail, in part because, since an electronic mail address does not specify a geographic location, it can be extremely difficult for law-abiding businesses to know with which of these disparate statutes they are required to comply.

(12) The problems associated with the rapid growth and abuse of unsolicited commercial electronic mail cannot be solved by Federal legislation alone. The development and adoption of technological approaches and the pursuit of cooperative efforts with other countries will be necessary as well.

(b) CONGRESSIONAL DETERMINATION OF PUBLIC POLICY.—On the basis of the findings in subsection (a), the Congress determines that—

(1) there is a substantial government interest in regulation of commercial electronic mail on a nationwide basis;

(2) senders of commercial electronic mail should not mislead recipients as to the source or content of such mail; and

(3) recipients of commercial electronic mail have a right to decline to receive additional commercial electronic mail from the same source.

SEC. 3. DEFINITIONS.

In this Act:

(1) AFFIRMATIVE CONSENT.—The term ''affirmative consent'', when used with respect to a commercial electronic mail message, means that—

(A) the recipient expressly consented to receive the message, either in response to a clear and conspicuous request for such consent or at the recipient's own initiative; and

(B) if the message is from a party other than the party to which the recipient communicated such consent, the recipient was given clear and conspicuous notice at the time the consent was communicated that the recipient's electronic mail address could be transferred to such other party for the purpose of initiating commercial electronic mail messages.

(2) COMMERCIAL ELECTRONIC MAIL MESSAGE.—

(A) IN GENERAL.—The term ''commercial electronic mail message'' means any electronic mail message the primary purpose of which is the commercial advertisement or promotion of a commercial product or service (including content on an Internet website operated for a commercial purpose).

(B) TRANSACTIONAL OR RELATIONSHIP MESSAGES.—The term ''commercial electronic

mail message'' does not include a transactional or relationship message.

(C) REGULATIONS REGARDING PRIMARY PURPOSE.—Not later than 12 months after the date of the enactment of this Act, the Commission shall issue regulations pursuant to section 13 further defining the relevant criteria to facilitate the determination of the primary purpose of an electronic mail message.

(D) REFERENCE TO COMPANY OR WEBSITE.—The inclusion of a reference to a commercial entity or a link to the website of a commercial entity in an electronic mail message does not, by itself, cause such message to be treated as a commercial electronic mail message for purposes of this Act if the contents or circumstances of the message indicate a primary purpose other than commercial advertisement or promotion of a commercial product or service.

(3) COMMISSION.—The term ''Commission'' means the Federal Trade Commission.

(4) DOMAIN NAME.—The term ''domain name'' means any alphanumeric designation which is registered with or assigned by any domain name registrar, domain name registry, or other domain name registration authority as part of an electronic address on the Internet.

(5) ELECTRONIC MAIL ADDRESS.—The term ''electronic mail address'' means a destination, commonly expressed as a string of characters, consisting of a unique user name or mailbox (commonly referred to as the ''local part'') and a reference to an Internet domain (commonly referred to as the ''domain part''), whether or not displayed, to which an electronic mail message can be sent or delivered.

(6) ELECTRONIC MAIL MESSAGE.—The term ''electronic mail message'' means a message sent to a unique electronic mail address.

(7) FTC ACT.—The term ''FTC Act'' means the Federal Trade Commission Act (15 U.S.C. 41 et seq.).

(8) HEADER INFORMATION.—The term ''header information'' means the source, destination, and routing information attached to an electronic mail message, including the originating domain name and originating electronic mail address, and any other information that appears in the line identifying, or purporting to identify, a person initiating the message.

(9) INITIATE.—The term ''initiate'', when used with respect to a commercial electronic mail message, means to originate or transmit such message or to procure the origination or transmission of such message, but shall not include actions that constitute routine conveyance of such message. For purposes of this paragraph, more than 1 person may be considered to have initiated a message.

(10) INTERNET.—The term ''Internet'' has the meaning given that term in the Internet Tax Freedom Act (47 U.S.C. 151 nt).

(11) INTERNET ACCESS SERVICE.—The term ''Internet access service'' has the meaning given that term in section 231(e)(4) of the Communications Act of 1934 (47 U.S.C. 231(e)(4)).

(12) PROCURE.—The term ''procure'', when used with respect to the initiation of a commercial electronic mail message, means intentionally to pay or provide other consideration to, or induce, another person to initiate such a message on one's behalf.

(13) PROTECTED COMPUTER.—The term ''protected computer'' has the meaning given that term in section 1030(e)(2)(B) of title 18, United States Code.

(14) RECIPIENT.—The term ''recipient'', when used with respect to a commercial electronic mail message, means an authorized user of the electronic mail address to which the message was sent or delivered. If a recipient of a commercial electronic mail message has 1 or more electronic mail addresses in addition to the address to which the message was sent or delivered, the recipient shall be treated as a separate recipient with respect to each such address. If an electronic mail address is reassigned to a new user, the new user shall not be treated as a recipient of any commercial electronic mail message sent or delivered to that address before it was reassigned.

(15) ROUTINE CONVEYANCE.—The term ''routine conveyance'' means the transmission, routing, relaying, handling, or storing, through an automatic technical process, of an electronic mail message for which another person has identified the recipients or provided the recipient addresses.

(16) SENDER.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the term ''sender'' means a person who initiates such a message and whose product, service, or Internet web site is advertised or promoted by the message.

(B) SEPARATE LINES OF BUSINESS OR DIVISIONS.—If an entity operates through separate lines of business or divisions and holds itself out to the recipient of the message, in complying with the requirement under section 5(a)(5)(B), as that particular line of business or division rather than as the entity of which such line of business or division is a part, then the line of business or the division shall be treated as the sender of such message for purposes of this Act.

(17) TRANSACTIONAL OR RELATIONSHIP MESSAGE.—

(A) IN GENERAL.—The term ''transactional or relationship message'' means an electronic mail message the primary purpose of which is—

(i) to facilitate, complete, or confirm a commercial transaction that the recipient has previously agreed to enter into with the sender;

(ii) to provide warranty information, product recall information, or safety or security information with respect to a commercial product or service used or purchased by the recipient;

(iii) to provide—

(I) notification concerning a change in the terms or features of;

(II) notification of a change in the recipient's standing or status with respect to; or

(III) at regular periodic intervals, account balance information or other type of account statement with respect to,

a subscription, membership, account, loan, or comparable ongoing commercial relationship involving the ongoing purchase or use by the recipient of products or services offered by the sender;

(iv) to provide information directly related to an employment relationship or related benefit plan in which the recipient is currently involved, participating, or enrolled; or

(v) to deliver goods or services, including product updates or upgrades, that the recipient is entitled to receive under the terms of a transaction that the recipient has previously agreed to enter into with the sender.

(B) MODIFICATION OF DEFINITION.—The Commission by regulation pursuant to section 13 may modify the definition in subparagraph (A) to expand or contract the categories of messages that are treated as transactional or relationship messages for purposes of this Act to the extent that such modification is necessary to accommodate changes in electronic mail technology or practices and accomplish the purposes of this Act.

SEC. 4. PROHIBITION AGAINST PREDATORY AND ABUSIVE COMMERCIAL E-MAIL.

(a) OFFENSE.—

(1) IN GENERAL.—Chapter 47 of title 18, United States Code, is amended by adding at the end the following new section:

''§ 1037. Fraud and related activity in connection with electronic mail

''(a) IN GENERAL.—Whoever, in or affecting interstate or foreign commerce, knowingly—

''(1) accesses a protected computer without authorization, and intentionally initiates the transmission of multiple commercial electronic mail messages from or through such computer,

''(2) uses a protected computer to relay or retransmit multiple commercial electronic mail messages, with the intent to deceive or mislead recipients, or any Internet access service, as to the origin of such messages,

''(3) materially falsifies header information in multiple commercial electronic mail messages and intentionally initiates the transmission of such messages,

''(4) registers, using information that materially falsifies the identity of the actual registrant, for 5 or more electronic mail accounts or online user accounts or 2 or more domain names, and intentionally initiates the transmission of multiple commercial electronic mail messages from any combination of such accounts or domain names, or

''(5) falsely represents oneself to be the registrant or the legitimate successor in interest to the registrant of 5 or more Internet protocol addresses, and intentionally initiates the transmission of multiple commercial electronic mail messages from such addresses,

or conspires to do so, shall be punished as provided in subsection (b).

''(b) PENALTIES.—The punishment for an offense under subsection (a) is—

''(1) a fine under this title, imprisonment for not more than 5 years, or both, if—

''(A) the offense is committed in furtherance of any felony under the laws of the United States or of any State; or

''(B) the defendant has previously been convicted under this section or section 1030, or under the law of any State for conduct involving the transmission of multiple commercial electronic mail messages or unauthorized access to a computer system;

''(2) a fine under this title, imprisonment for not more than 3 years, or both, if—

''(A) the offense is an offense under subsection (a)(1);

''(B) the offense is an offense under subsection (a)(4) and involved 20 or more falsified electronic mail or online user account registrations, or 10 or more falsified domain name registrations;

''(C) the volume of electronic mail messages transmitted in furtherance of the offense exceeded 2,500 during any 24-hour period, 25,000 during any 30-day period, or 250,000 during any 1-year period;

''(D) the offense caused loss to 1 or more persons aggregating $5,000 or more in value during any 1-year period;

''(E) as a result of the offense any individual committing the offense obtained anything of value aggregating $5,000 or more during any 1-year period; or

''(F) the offense was undertaken by the defendant in concert with 3 or more other persons with respect to whom the defendant occupied a position of organizer or leader; and

''(3) a fine under this title or imprisonment for not more than 1 year, or both, in any other case.

''(c) FORFEITURE.—

''(1) IN GENERAL.—The court, in imposing sentence on a person who is convicted of an offense under this section, shall order that the defendant forfeit to the United States—

''(A) any property, real or personal, constituting or traceable to gross proceeds obtained from such offense; and

''(B) any equipment, software, or other technology used or intended to be used to commit or to facilitate the commission of such offense.

''(2) PROCEDURES.—The procedures set forth in section 413 of the Controlled Substances Act (21 U.S.C. 853), other than subsection (d) of that section, and in Rule 32.2 of the Federal Rules of Criminal Procedure, shall apply to all stages of a criminal forfeiture proceeding under this section.

''(d) DEFINITIONS.—In this section:

''(1) LOSS.—The term 'loss' has the meaning given that term in section 1030(e) of this title.

''(2) MATERIALLY.—For purposes of paragraphs (3) and (4) of subsection (a), header information or registration information is materially misleading if it is altered or concealed in a manner that would impair the ability of a recipient of the message, an Internet access service processing the message on behalf of a recipient, a person alleging a violation of this section, or a law enforcement agency to identify, locate, or respond to a person who initiated the electronic mail message or to investigate the alleged violation.

''(3) MULTIPLE.—The term 'multiple' means more than 100 electronic mail messages during a 24-hour period, more than 1,000 electronic mail messages during a 30-day period, or more than 10,000 electronic mail messages during a 1-year period.

''(4) OTHER TERMS.—Any other term has the meaning given that term by section 3 of the CAN-SPAM Act of 2003.''.

(2) CONFORMING AMENDMENT.—The chapter analysis for chapter 47 of title 18, United States Code, is amended by adding at the end the following:

''Sec.
''1037. Fraud and related activity in connection with electronic mail.''.

(b) UNITED STATES SENTENCING COMMISSION.—

(1) DIRECTIVE.—Pursuant to its authority under section 994(p) of title 28, United States Code, and in accordance with this section, the United States Sentencing Commission shall review and, as appropriate, amend the sentencing guidelines and policy statements to provide appropriate penalties for violations of section 1037 of title 18, United States Code, as added by this section, and other offenses that may be facilitated by the sending of large quantities of unsolicited electronic mail.

(2) REQUIREMENTS.—In carrying out this subsection, the Sentencing Commission shall consider providing sentencing enhancements for—

(A) those convicted under section 1037 of title 18, United States Code, who—

(i) obtained electronic mail addresses through improper means, including—

(I) harvesting electronic mail addresses of the users of a website, proprietary service, or other online public forum operated by another person, without the authorization of such person; and

(II) randomly generating electronic mail addresses by computer; or

(ii) knew that the commercial electronic mail messages involved in the offense contained or advertised an Internet domain for which the registrant of the domain had provided false registration information; and

(B) those convicted of other offenses, including offenses involving fraud, identity theft, obscenity, child pornography, and the sexual exploitation of children, if such offenses involved the sending of large quantities of electronic mail.

(c) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) Spam has become the method of choice for those who distribute pornography, perpetrate fraudulent schemes, and introduce viruses, worms, and Trojan horses into personal and business computer systems; and

(2) the Department of Justice should use all existing law enforcement tools to investigate and prosecute those who send bulk commercial e-mail to facilitate the commission of Federal crimes, including the tools contained in chapters 47 and 63 of title 18, United States Code (relating to fraud and false statements); chapter 71 of title 18, United States Code (relating to obscenity); chapter 110 of title 18, United States Code (relating to the sexual exploitation of children); and chapter 95 of title 18, United States Code (relating to racketeering), as appropriate.

SEC. 5. OTHER PROTECTIONS FOR USERS OF COMMERCIAL ELECTRONIC MAIL.

(a) REQUIREMENTS FOR TRANSMISSION OF MESSAGES.—

(1) PROHIBITION OF FALSE OR MISLEADING TRANSMISSION INFORMATION.—It is unlawful for any person to initiate the transmission, to a protected computer, of a commercial electronic mail message, or a transactional or relationship message, that contains, or is accompanied by, header information that is materially false or materially misleading. For purposes of this paragraph—

(A) header information that is technically accurate but includes an originating electronic mail address, domain name, or Internet protocol address the access to which for purposes of initiating the message was obtained by means of false or fraudulent pretenses or representations shall be considered materially misleading;

(B) a ''from'' line (the line identifying or purporting to identify a person initiating the message) that accurately identifies any person who initiated the message shall not be considered materially false or materially misleading; and

(C) header information shall be considered materially misleading if it fails to identify accurately a protected computer used to initiate the message because the person initiating the message knowingly uses another protected computer to relay or retransmit the message for purposes of disguising its origin.

(2) PROHIBITION OF DECEPTIVE SUBJECT HEADINGS.—It is unlawful for any person to initiate the transmission to a protected computer of a commercial electronic mail message if such person has actual knowledge, or knowledge fairly implied on the basis of objective circumstances, that a subject heading of the message would be likely to mislead a recipient, acting reasonably under the circumstances, about a material fact regarding the contents or subject matter of the message (consistent with the criteria are used in enforcement of section 5 of the Federal Trade Commission Act (15 U.S.C. 45)).

(3) INCLUSION OF RETURN ADDRESS OR COMPARABLE MECHANISM IN COMMERCIAL ELECTRONIC MAIL.—

(A) IN GENERAL.—It is unlawful for any person to initiate the transmission to a protected computer of a commercial electronic mail message that does not contain a functioning return electronic mail address or other Internet-based mechanism, clearly and conspicuously displayed, that—

(i) a recipient may use to submit, in a manner specified in the message, a reply electronic mail message or other form of Internet-based communication requesting not to receive future commercial electronic mail messages from that sender at the electronic mail address where the message was received; and

(ii) remains capable of receiving such messages or communications for no less than 30 days after the transmission of the original message.

(B) MORE DETAILED OPTIONS POSSIBLE.—The person initiating a commercial electronic mail message may comply with subparagraph (A)(i) by providing the recipient a list or menu from which the recipient may choose the specific types of commercial electronic mail messages the recipient wants to receive or does not want to receive from the sender, if the list or menu includes an option under which the recipient may choose not to receive any commercial electronic mail messages from the sender.

(C) TEMPORARY INABILITY TO RECEIVE MESSAGES OR PROCESS REQUESTS.—A return electronic mail address or other mechanism does not fail to satisfy the requirements of subparagraph (A) if it is unexpectedly and temporarily unable to receive messages or process requests due to a technical problem beyond the control of the sender if the problem is corrected within a reasonable time period.

(4) PROHIBITION OF TRANSMISSION OF COMMERCIAL ELECTRONIC MAIL AFTER OBJECTION.—

(A) IN GENERAL.—If a recipient makes a request using a mechanism provided pursuant to paragraph (3) not to receive some or any commercial electronic mail messages from such sender, then it is unlawful—

(i) for the sender to initiate the transmission to the recipient, more than 10 business days after the receipt of such request, of a commercial electronic mail message that falls within the scope of the request;

(ii) for any person acting on behalf of the sender to initiate the transmission to the recipient, more than 10 business days after the receipt of such request, of a commercial electronic mail message with actual knowledge, or knowledge fairly implied on the basis of objective circumstances, that such message falls within the scope of the request;

(iii) for any person acting on behalf of the sender to assist in initiating the transmission to the recipient, through the provision or selection of addresses to which the message will be sent, of a commercial electronic mail message with actual knowledge, or knowledge fairly implied on the basis of objective circumstances, that such message would violate clause (i) or (ii); or

(iv) for the sender, or any other person who knows that the recipient has made such a request, to sell, lease, exchange, or otherwise transfer or release the electronic mail address of the recipient (including through any transaction or other transfer involving mailing lists bearing the electronic mail address of the recipient) for any purpose other than compliance with this Act or other provision of law, except where the recipient has given express consent.

(B) OPT BACK IN.—A prohibition in clause (i), (ii), or (iii) of subparagraph (A) does not apply if there is affirmative consent by the recipient subsequent to the request under subparagraph (A).

(5) INCLUSION OF IDENTIFIER, OPT-OUT, AND PHYSICAL ADDRESS IN COMMERCIAL ELECTRONIC MAIL.—

(A) It is unlawful for any person to initiate the transmission of any commercial electronic mail message to a protected computer unless the message provides—

(i) clear and conspicuous identification that the message is an advertisement or solicitation;

(ii) clear and conspicuous notice of the opportunity under paragraph (3) to decline to receive further commercial electronic mail messages from the sender; and

(iii) a valid physical postal address of the sender.

(B) Subparagraph (A)(i) does not apply to the transmission of a commercial electronic mail if the recipient has given prior affirmative consent to receipt of the message.

(6) SUBSEQUENT AFFIRMATIVE CONSENT.—The prohibitions in subparagraphs (A), (B), and (C) do not apply to the initiation of transmission of commercial electronic mail to a recipient who, subsequent to a request using a mechanism provided pursuant to paragraph (3) not to receive commercial electronic mail messages from the sender, has granted affirmative consent to the sender to recieve such messages.

(7) MATERIALLY.—For purposes of paragraph (1)(A), header information shall be considered to be materially misleading if it is altered or concealed in a manner that would impair the ability of an Internet access service processing the message on behalf of a recipient, a person alleging a violation of this section, or a law enforcement agency to identify, locate, or respond to the person who initiated the electronic mail message or to investigate the alleged violation, or the ability of a recipient of the message to respond to a person who initiated the electronic message.

(b) AGGRAVATED VIOLATIONS RELATING TO COMMERCIAL ELECTRONIC MAIL.—

(1) ADDRESS HARVESTING AND DICTIONARY ATTACKS.—

(A) IN GENERAL.—It is unlawful for any person to initiate the transmission, to a protected computer, of a commercial electronic mail message that is unlawful under subsection (a), or to assist in the origination of such message through the provision or selection of addresses to which the message will be transmitted, if such person had actual knowledge, or knowledge fairly implied on the basis of objective circumstances, that—

(i) the electronic mail address of the recipient was obtained using an automated means from an Internet website or proprietary online service operated by another person, and such website or online service included, at the time the address was obtained, a notice stating that the operator of such website or online service will not give, sell, or otherwise transfer addresses maintained by such website or online service to any other party for the purposes of initiating, or enabling others to initiate, electronic mail messages; or

(ii) the electronic mail address of the recipient was obtained using an automated means that generates possible electronic mail addresses by combining names, letters, or numbers into numerous permutations.

(B) DISCLAIMER.—Nothing in this paragraph creates an ownership or proprietary interest in such electronic mail addresses.

(2) AUTOMATED CREATION OF MULTIPLE ELECTRONIC MAIL ACCOUNTS.—It is unlawful for any person to use scripts or other automated means to register for multiple electronic mail accounts or online user accounts from which to transmit to a protected computer, or enable another person to transmit to a protected computer, a commercial electronic mail message that is unlawful under subsection (a).

(3) RELAY OR RETRANSMISSION THROUGH UNAUTHORIZED ACCESS.—It is unlawful for any person knowingly to relay or retransmit a commercial electronic mail message that is unlawful under subsection (a) from a protected computer or computer network that such person has accessed without authorization.

(c) SUPPLEMENTARY RULEMAKING AUTHORITY.—The Commission shall by rule, pursuant to section 13—

(1) modify the 10-business-day period under subsection (a)(4)(A) or subsection (a)(4)(B), or both, if the Commission determines that a different period would be more reasonable after taking into account—

(A) the purposes of subsection (a);

(B) the interests of recipients of commercial electronic mail; and

(C) the burdens imposed on senders of lawful commercial electronic mail; and

(2) specify additional activities or practices to which subsection (b) applies if the Commission determines that those activities or practices are contributing substantially to the proliferation of commercial electronic mail messages that are unlawful under subsection (a).

(d) REQUIREMENT TO PLACE WARNING LABELS ON COMMERCIAL ELECTRONIC MAIL CONTAINING SEXUALLY ORIENTED MATERIAL.—

(1) IN GENERAL.—No person may initiate in or affecting interstate commerce the transmission, to a protected computer, of any commercial electronic mail message that includes sexually oriented material and—

(A) fail to include in subject heading for the electronic mail message the marks or notices prescribed by the Commission under this subsection; or

(B) fail to provide that the matter in the message that is initially viewable to the recipient, when the message is opened by any recipient and absent any further actions by the recipient, includes only—

(i) to the extent required or authorized pursuant to paragraph (2), any such marks or notices;

(ii) the information required to be included in the message pursuant to subsection (a)(5); and

(iii) instructions on how to access, or a mechanism to access, the sexually oriented material.

(2) PRIOR AFFIRMATIVE CONSENT.—Paragraph (1) does not apply to the transmission of an electronic mail message if the recipient has given prior affirmative consent to receipt of the message.

(3) PRESCRIPTION OF MARKS AND NOTICES.—Not later than 120 days after the date of the enactment of this Act, the Commission in consultation with the Attorney General shall prescribe clearly identifiable marks or notices to be included in or associated with commercial electronic mail that contains sexually oriented material, in order to inform the recipient of that fact and to facilitate filtering of such electronic mail. The Commission shall publish in the Federal Register and provide notice to the public of the marks or notices prescribed under this paragraph.

(4) DEFINITION.—In this subsection, the term ''sexually oriented material'' means any material that depicts sexually explicit conduct (as that term is defined in section 2256 of title 18, United States Code), unless the depiction constitutes a small and insignificant part of the whole, the remainder of which is not primarily devoted to sexual matters.

(4) PENALTY.—Whoever knowingly violates paragraph (1) shall be fined under title 18, United States Code, or imprisoned not more than 5 years, or both.

SEC. 6. BUSINESSES KNOWINGLY PROMOTED BY ELECTRONIC MAIL WITH FALSE OR MISLEADING TRANSMISSION INFORMATION.

(a) IN GENERAL.—It is unlawful for a person to promote, or allow the promotion of, that person's trade or business, or goods, products, property, or services sold, offered for sale, leased or offered for lease, or otherwise made available through that trade or business, in a commercial electronic mail message the transmission of which is in violation of section 5(a)(1) if that person—

(1) knows, or should have known in ordinary course of that person's trade or business, that the goods, products, property, or services sold, offered for sale, leased or offered for lease, or otherwise made available through that trade or business were being promoted in such a message;

(2) received or expected to receive an economic benefit from such promotion; and

(3) took no reasonable action—

(A) to prevent the transmission; or

(B) to detect the transmission and report it to the Commission.

(b) LIMITED ENFORCEMENT AGAINST THIRD PARTIES.—

(1) IN GENERAL.—Except as provided in paragraph (2), a person (hereinafter referred to as the ''third party'') that provides goods, products, property, or services to another person that violates subsection (a) shall not be held liable for such violation.

(2) EXCEPTION.—Liability for a violation of subsection (a) shall be imputed to a third party that provides goods, products, property, or services to another person that violates subsection (a) if that third party—

(A) owns, or has a greater than 50 percent ownership or economic interest in, the trade or business of the person that violated subsection (a); or

(B)(i) has actual knowledge that goods, products, property, or services are promoted in a commercial electronic mail message the transmission of which is in violation of section 5(a)(1); and

(ii) receives, or expects to receive, an economic benefit from such promotion.

(c) EXCLUSIVE ENFORCEMENT BY FTC.—Subsections (f) and (g) of section 7 do not apply to violations of this section.

(d) SAVINGS PROVISION.—Subject to section 7(f)(7), nothing in this section may be construed to limit or prevent any action that may be taken under this Act with respect to any violation of any other section of this Act.

SEC. 7. ENFORCEMENT GENERALLY.

(a) VIOLATION IS UNFAIR OR DECEPTIVE ACT OR PRACTICE.—Except as provided in subsection (b), this Act shall be enforced by the Commission as if the violation of this Act were an unfair or deceptive act or practice proscribed under section 18(a)(1)(B) of the Federal Trade Commission Act (15 U.S.C. 57a(a)(1)(B)).

(b) ENFORCEMENT BY CERTAIN OTHER AGENCIES.—Compliance with this Act shall be enforced—

(1) under section 8 of the Federal Deposit Insurance Act (12 U.S.C. 1818), in the case of—

(A) national banks, and Federal branches and Federal agencies of foreign banks, by the Office of the Comptroller of the Currency;

(B) member banks of the Federal Reserve System (other than national banks), branches and agencies of foreign banks

(other than Federal branches, Federal agencies, and insured State branches of foreign banks), commercial lending companies owned or controlled by foreign banks, organizations operating under section 25 or 25A of the Federal Reserve Act (12 U.S.C. 601 and 611), and bank holding companies, by the Board;

(C) banks insured by the Federal Deposit Insurance Corporation (other than members of the Federal Reserve System) insured State branches of foreign banks, by the Board of Directors of the Federal Deposit Insurance Corporation; and

(D) savings associations the deposits of which are insured by the Federal Deposit Insurance Corporation, by the Director of the Office of Thrift Supervision;

(2) under the Federal Credit Union Act (12 U.S.C. 1751 et seq.) by the Board of the National Credit Union Administration with respect to any Federally insured credit union;

(3) under the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.) by the Securities and Exchange Commission with respect to any broker or dealer;

(4) under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) by the Securities and Exchange Commission with respect to investment companies;

(5) under the Investment Advisers Act of 1940 (15 U.S.C. 80b–1 et seq.) by the Securities and Exchange Commission with respect to investment advisers registered under that Act;

(6) under State insurance law in the case of any person engaged in providing insurance, by the applicable State insurance authority of the State in which the person is domiciled, subject to section 104 of the Gramm-Bliley-Leach Act (15 U.S.C. 6701), except that in any State in which the State insurance authority elects not to exercise this power, the enforcement authority pursuant to this Act shall be exercised by the Commission in accordance with subsection (a);

(7) under part A of subtitle VII of title 49, United States Code, by the Secretary of Transportation with respect to any air carrier or foreign air carrier subject to that part;

(8) under the Packers and Stockyards Act, 1921 (7 U.S.C. 181 et seq.) (except as provided in section 406 of that Act (7 U.S.C. 226, 227)), by the Secretary of Agriculture with respect to any activities subject to that Act;

(9) under the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.) by the Farm Credit Administration with respect to any Federal land bank, Federal land bank association, Federal intermediate credit bank, or production credit association; and

(10) under the Communications Act of 1934 (47 U.S.C. 151 et seq.) by the Federal Communications Commission with respect to any person subject to the provisions of that Act.

(c) EXERCISE OF CERTAIN POWERS.—For the purpose of the exercise by any agency referred to in subsection (b) of its powers under any Act referred to in that subsection, a violation of this Act is deemed to be a violation of a Federal Trade Commission trade regulation rule. In addition to its powers under any provision of law specifically referred to in subsection (b), each of the agencies referred to in that subsection may exercise, for the purpose of enforcing compliance with any requirement imposed under this Act, any other authority conferred on it by law.

(d) ACTIONS BY THE COMMISSION.—The Commission shall prevent any person from violating this Act in the same manner, by the same means, and with the same jurisdiction, powers, and duties as though all applicable terms and provisions of the Federal Trade Commission Act (15 U.S.C. 41 et seq.) were incorporated into and made a part of this Act. Any entity that violates any provision of that subtitle is subject to the penalties and entitled to the privileges and immunities provided in the Federal Trade Commission Act in the same manner, by the same means, and with the same jurisdiction, power, and duties as though all applicable terms and provisions of the Federal Trade Commission Act were incorporated into and made a part of that subtitle.

(e) AVAILABILITY OF CEASE-AND-DESIST ORDERS AND INJUNCTIVE RELIEF WITHOUT SHOWING OF KNOWLEDGE.—Notwithstanding any other provision of this Act, in any proceeding or action pursuant to subsection (b), (c), or (d) of this section to enforce compliance, through an order to cease and desist or an injunction, with section 5(a)(2), subparagraph (B) or (C) of section 5(a)(4), or section 5(b)(1)(A), neither the Commission nor the Federal Communications Commission shall be required to allege or prove the state of mind required by such section or subparagraph.

(f) ENFORCEMENT BY STATES.—

(1) CIVIL ACTION.—In any case in which the attorney general of a State, or an official or agency of a State, has reason to believe that an interest of the residents of that State has been or is threatened or adversely affected by any person who violates paragraph (1) or (2) of section 5(a), or who engages in a pattern or practice that violates paragraph (3), (4), or (5) of section 5(a) of this Act, the attorney general, official, or agency of the State, as parens patriae, may bring a civil action on behalf of the residents of the State in a district court of the United States of appropriate jurisdiction—

(A) to enjoin further violation of section 5 of this Act by the defendant; or

(B) to obtain damages on behalf of residents of the State, in an amount equal to the greater of—

(i) the actual monetary loss suffered by such residents; or

(ii) the amount determined under paragraph (2).

(2) AVAILABILITY OF INJUNCTIVE RELIEF WITHOUT SHOWING OF KNOWLEDGE.—Notwithstanding any other provision of this Act, in a civil action under paragraph (1)(A) of this subsection, the attorney general, official, or agency of the State shall not be not required to allege or prove the state of mind required by section 5(a)(2), subparagraph (B) or (C) of section 5(a)(4), or section 5(b)(1)(A).

(3) STATUTORY DAMAGES.—

(A) IN GENERAL.—For purposes of paragraph (1)(B)(ii), the amount determined under this paragraph is the amount calculated by multiplying the number of violations (with each separately addressed unlawful message received by or addressed to such residents treated as a separate violation) by up to $250.

(B) LIMITATION.—For any violation of section 5 (other than section 5(a)(1)), the amount determined under subparagraph (A) may not exceed $2,000,000.

(C) AGGRAVATED DAMAGES.—The court may increase a damage award to an amount equal to not more than three times the amount otherwise available under this paragraph if—

(i) the court determines that the defendant committed the violation willfully and knowingly; or

(ii) the defendant's unlawful activity included one or more of the aggravating violations set forth in section 5(b).

(D) REDUCTION OF DAMAGES.—In assessing damages under subparagraph (A), the court may consider whether—

(i) the defendant has established and implemented, with due care, commercially reasonable practices and procedures to effectively prevent such violations; or

(ii) the violation occurred despite commercially reasonable efforts to maintain compliance with such practices and procedures.

(3) ATTORNEY FEES.—In the case of any successful action under paragraph (1), the State may be awarded the costs of the action and reasonable attorney fees as determined by the court.

(4) RIGHTS OF FEDERAL REGULATORS.—The State shall serve prior written notice of any action under paragraph (1) upon the Federal Trade Commission or the appropriate Federal regulator determined under subsection (b) and provide the Commission or appropriate Federal regulator with a copy of its complaint, except in any case in which such prior notice is not feasible, in which case the State shall serve such notice immediately upon instituting such action. The Federal Trade Commission or appropriate Federal regulator shall have the right—

(A) to intervene in the action;

(B) upon so intervening, to be heard on all matters arising therein;

(C) to remove the action to the appropriate United States district court; and

(D) to file petitions for appeal.

(5) CONSTRUCTION.—For purposes of bringing any civil action under paragraph (1), nothing in this Act shall be construed to prevent an attorney general of a State from exercising the powers conferred on the attorney general by the laws of that State to—

(A) conduct investigations;

(B) administer oaths or affirmations; or

(C) compel the attendance of witnesses or the production of documentary and other evidence.

(6) VENUE; SERVICE OF PROCESS.—

(A) VENUE.—Any action brought under paragraph (1) may be brought in the district court of the United States that meets applicable requirements relating to venue under section 1391 of title 28, United States Code.

(B) SERVICE OF PROCESS.—In an action brought under paragraph (1), process may be served in any district in which the defendant—

(i) is an inhabitant; or

(ii) maintains a physical place of business.

(7) LIMITATION ON STATE ACTION WHILE FEDERAL ACTION IS PENDING.—If the Commission or other appropriate Federal agency under subsection (b) has instituted a civil action or an administrative action for violation of this Act, no State attorney general, or official or agency of a State, may bring an action under this subsection during the pendency of that action against any defendant named in the complaint of the Commission or the other agency for any violation of this Act alleged in the complaint.

(8) REQUISITE SCIENTER FOR CERTAIN CIVIL ACTIONS.—Except as provided in subsections (a)(2), (a)(4)(B), (a)(4)(C), (b)(1), and (d) of section 5, and paragraph (2) of this subsection, in a civil action brought by a State attorney general, or an official or agency of a State, to recover monetary damages for a violation of this Act, the court shall not grant the relief sought unless the attorney general, official, or agency establishes that the defendant acted with actual knowledge, or knowledge fairly implied on the basis of objective circumstances, of the act or omission that constitutes the violation.

(g) ACTION BY PROVIDER OF INTERNET ACCESS SERVICE.—

(1) ACTION AUTHORIZED.—A provider of Internet access service adversely affected by a violation of section 5(a) or of section 5(b), or a pattern or practice that vioalted paragraph (2), (3), (4), or (5) of section 5(a), may bring a civil action in any district court of the United States with jurisdiction over the defendant—

(A) to enjoin further violation by the defendant; or

(B) to recover damages in an amount equal to the greater of—

(i) actual monetary loss incurred by the provider of Internet access service as a result of such violation; or

(ii) the amount determined under paragraph (3).

(2) SPECIAL DEFINITION OF ''PROCURE''.—In any action brought under paragraph (1), this Act shall be applied as if the definition of the term ''procure'' in section 3(12) contained, after ''behalf'' the words ''with actual knowlege, or by consciously avoiding knowing, whether such person is engaging, or will engage, in a pattern or practice that violates this Act''.

(3) STATUTORY DAMAGES.—

(A) IN GENERAL.—For purposes of paragraph (1)(B)(ii), the amount determined under this paragraph is the amount calculated by multiplying the number of violations (with each separately addressed unlawful message that is transmitted or attempted to be transmitted over the facilities of the provider of Internet access service, or that is transmitted or attempted to be transmitted to an electronic mail address obtained from the provider of Internet access service in violation of section 5(b)(1)(A)(i), treated as a separate violation) by—

(i) up to $100, in the case of a violation of section 5(a)(1); or

(ii) $25, in the case of any other violation of section 5.

(B) LIMITATION.—For any violation of section 5 (other than section 5(a)(1)), the amount determined under subparagraph (A) may not exceed $1,000,000.

(C) AGGRAVATED DAMAGES.—The court may increase a damage award to an amount equal to not more than three times the amount otherwise available under this paragraph if—

(i) the court determines that the defendant committed the violation willfully and knowingly; or

(ii) the defendant's unlawful activity included one or more of the aggravated violations set forth in section 5(b).

(D) REDUCTION OF DAMAGES.—In assessing damages under subparagraph (A), the court may consider whether—

(i) the defendant has established and implemented, with due care, commercially reasonable practices and procedures to effectively prevent such violations; or

(ii) the violation occurred despite commercially reasonable efforts to maintain compliance with such practices and procedures.

(4) ATTORNEY FEES.—In any action brought pursuant to paragraph (1), the court may, in its discretion, require an undertaking for the payment of the costs of such action, and assess reasonable costs, including reasonable attorneys' fees, against any party.

SEC. 8. EFFECT ON OTHER LAWS.

(a) FEDERAL LAW.—

(1) Nothing in this Act shall be construed to impair the enforcement of section 223 or 231 of the Communications Act of 1934 (47 U.S.C. 223 or 231, respectively), chapter 71 (relating to obscenity) or 110 (relating to sexual exploitation of children) of title 18, United States Code, or any other Federal criminal statute.

(2) Nothing in this Act shall be construed to affect in any way the Commission's authority to bring enforcement actions under FTC Act for materially false or deceptive representations or unfair practices in commercial electronic mail messages.

(b) STATE LAW.—

(1) IN GENERAL.—This Act supersedes any statute, regulation, or rule of a State or political subdivision of a State that expressly regulates the use of electronic mail to send commercial messages, except to the extent that any such statute, regulation, or rule prohibits falsity or deception in any portion of a commercial electronic mail message or information attached thereto.

(2) STATE LAW NOT SPECIFIC TO ELECTRONIC MAIL.—This Act shall not be construed to preempt the applicability of—

(A) State laws that are not specific to electronic mail, including State trespass, contract, or tort law; or

(B) other State laws to the extent that those laws relate to acts of fraud or computer crime.

(c) NO EFFECT ON POLICIES OF PROVIDERS OF INTERNET ACCESS SERVICE.—Nothing in this Act shall be construed to have any effect on the lawfulness or unlawfulness, under any other provision of law, of the adoption, implementation, or enforcement by a provider of Internet access service of a policy of declining to transmit, route, relay, handle, or store certain types of electronic mail messages.

SEC. 9. DO-NOT-E-MAIL REGISTRY.

(a) IN GENERAL.—Not later than 6 months after the date of enactment of this Act, the Commission shall transmit to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Energy and Commerce a report that—

(1) sets forth a plan and timetable for establishing a nationwide marketing Do-Not-E-mail registry;

(2) includes an explanation of any practical, technical, security, privacy, enforceability, or other concerns that the Commission has regarding such a registry; and

(3) includes an explanation of how the registry would be applied with respect to children with e-mail accounts.

(b) AUTHORIZATION TO IMPLEMENT.—The Commission may establish and implement the plan, but not earlier than 9 months after the date of enactment of this Act.

SEC. 10. STUDY OF EFFECTS OF COMMERCIAL ELECTRONIC MAIL.

(a) IN GENERAL.—Not later than 24 months after the date of the enactment of this Act, the Commission, in consultation with the Department of Justice and other appropriate agencies, shall submit a report to the Congress that provides a detailed analysis of the effectiveness and enforcement of the provisions of this Act and the need (if any) for the Congress to modify such provisions.

(b) REQUIRED ANALYSIS.—The Commission shall include in the report required by subsection (a)—

(1) an analysis of the extent to which technological and marketplace developments, including changes in the nature of the devices through which consumers access their electronic mail messages, may affect the practicality and effectiveness of the provisions of this Act;

(2) analysis and recommendations concerning how to address commercial electronic mail that originates in or is transmitted through or to facilities or computers in other nations, including initiatives or policy positions that the Federal government could pursue through international negotiations, fora, organizations, or institutions; and

(3) analysis and recommendations concerning options for protecting consumers, including children, from the receipt and viewing of commercial electronic mail that is obscene or pornographic.

SEC. 11. IMPROVING ENFORCEMENT BY PROVIDING REWARDS FOR INFORMATION ABOUT VIOLATIONS; LABELING.

The Commission shall transmit to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Energy and Commerce—

(1) a report, within 9 months after the date of enactment of this Act, that sets forth a system for rewarding those who supply information about violations of this Act, including—

(A) procedures for the Commission to grant a reward of not less than 20 percent of the total civil penalty collected for a violation of this Act to the first person that—

(i) identifies the person in violation of this Act; and

(ii) supplies information that leads to the successful collection of a civil penalty by the Commission; and

(B) procedures to minimize the burden of submitting a complaint to the Commission concerning violations of this Act, including procedures to allow the electronic submission of complaints to the Commission; and

(2) a report, within 18 months after the date of enactment of this Act, that sets forth a plan for requiring commercial electronic mail to be identifiable from its subject line, by means of compliance with Internet Engineering Task Force Standards, the use of the characters ''ADV'' in the subject line, or other comparable identifier, or an explanation of any concerns the Commission has that cause the Commission to recommend against the plan.

SEC. 12. RESTRICTIONS ON OTHER TRANSMISSIONS.

Section 227(b)(1) of the Communications Act of 1934 (47 U.S.C. 227(b)(1)) is amended, in the matter preceding subparagraph (A), by inserting '', or any person outside the United States if the recipient is within the United States'' after ''United States''.

SEC. 13. REGULATIONS.

(a) IN GENERAL.—The Commission may issue regulations to implement the provisions of this Act (not including the amendments made by sections 4 and 12). Any such regulations shall be issued in accordance with section 553 of title 5, United States Code.

(b) LIMITATION.—Subsection (a) may not be construed to authorize the Commission to establish a requirement pursuant to section 5(a)(5)(A) to include any specific words, characters, marks, or labels in a commercial electronic mail message, or to include the identification required by section 5(a)(5)(A) in any particular part of such a mail message (such as the subject line or body).

SEC. 14. APPLICATION TO WIRELESS.

(a) EFFECT ON OTHER LAW.—Nothing in this Act shall be interpreted to preclude or override the applicability of section 227 of the Communications Act of 1934 (47 U.S.C. 227) or the rules prescribed under section 3 of the Telemarketing and Consumer Fraud and Abuse Prevention Act (15 U.S.C. 6102). To the extent that a requirement of such Acts, or rules or regulations promulgated thereunder, is inconsistent with the requirement of this Act, the requirement of such other Acts, or rules or regulations promulgated thereunder, shall take precedence.

(b) FCC RULEMAKING.—The Federal Communications Commission, in consultation with the Federal Trade Commission, shall promulgate rules within 270 days to protect consumers from unwanted mobile service commercial messages. The rules shall, to the extent consistent with subsection (c)—

(1) provide subscribers to commercial mobile services the ability to avoid receiving mobile service commercial messages unless the subscriber has provided express prior authorization, except as provided in paragraph (3);

(2) allow recipients of mobile service commercial messages to indicate electronically a desire not to receive future mobile service commercial messages from the initiator;

(3) take into consideration, in determining whether to subject providers of commercial mobile wireless services to paragraph (1), the relationship that exists between providers of such services and their subscribers, but if the Commission determines that such providers should not be subject to paragraph (1), the rules shall require such providers, in addition to complying with the other provisions of this Act, to allow subscribers to indicate a desire not to receive future mobile service commercial messages at the time of subscribing to such service, and in any billing mechanism; and

(4) determine how initiators of mobile service commercial messages may comply with the provisions of this Act, considering the unique technical aspects, including the functional and character limitations, of devices that receive such messages.

(c) OTHER FACTORS CONSIDERED.—The Federal Communications Commission shall consider the ability of an initiator of an electronic mail message to reasonably determine that the electronic mail message is a mobile service commercial message.

(d) MOBILE SERVICE COMMERCIAL MESSAGE DEFINED.—In this section, the term ''mobile service commercial message'' means a commercial electronic mail message that contains text, graphics, or images for visual display that is transmitted directly to a wireless device that—

(1) is utilized by a subscriber of commercial mobile service (as such term is defined in section 332(d) of the Communications Act of 1934 (47 U.S.C. 332(d)) in connection with such service; and

(2) is capable of accessing and displaying such a message.

SEC. 15. SEPARABILITY.

If any provision of this Act or the application thereof to any person or circumstance is held invalid, the remainder of this Act and the application of such provision to other persons or circumstances shall not be affected.

SEC. 16. EFFECTIVE DATE.

The provisions of this Act, other than section 9, shall take effect on January 1, 2004.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Louisiana (Mr. TAUZIN) and the gentleman from Massachusetts (Mr. MARKEY) each will control 20 minutes.

The Chair recognizes the gentleman from Louisiana (Mr. TAUZIN).

GENERAL LEAVE

Mr. TAUZIN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and to insert extraneous material on S. 877.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Louisiana?

There was no objection.

Mr. TAUZIN. Mr. Speaker, I ask unanimous consent that the gentleman from Wisconsin (Mr. SENSENBRENNER) be given control of 10 minutes of my time.

The SPEAKER pro tempore. Without objection, the request of the gentleman from Louisiana is granted.

There was no objection.

Mr. TAUZIN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, for the second time in just a few months, Congress is on the verge of passing watershed consumer protection legislation. Less than 2 months ago, we enacted, in record time I might add, legislation that codified the ability of the Federal Trade Commission to implement the Do Not Call Registry on telemarketing phone calls. Today, we take an equivalent step in the Internet area. S. 877, with the substitute I have called up, will give millions of Americans the ability to block unwanted and unsolicited commercial e-mail, what we now derisively call spam.

The Internet has given us abilities beyond our wildest dreams; and as it continues to grow in popularity and functionality, the time will come when every American, from school kids to senior citizens, homemakers to CEOs, will rely on it for crucial aspects of their lives. I received, by the way, my first e-mail from my mom just this month. And she was thrilled, and I was thrilled to see her enter the Internet Age.

But one of the terrific aspects of the Internet, the ability to send and receive e-mail, has given us enormous headaches because of spam. It cripples computer networks and makes regular e-mail checking a seemingly endless hassle.

□ 1715

Even worse, a great deal of spam channels in pornography and other subjects not worthy of discussion on a family cable channel, and this spam frequently preys on defenseless, unsuspecting children.

Well, we are here to provide the necessary tools to end the nonsense and to bring some peace of mind back to parents around the country. The substitute before us will empower American consumers with a right to opt out of all unwanted, unsolicited commercial e-mail, or spam, and it will also provide the Federal Trade Commission with the authority to set up a Do-Not-Spam Registry based upon the Do-Not-Call Registry. The substitute grants strong protection for parents and consumers to say no to the receipt of pornographic spam, and makes it a crime subject to 5 years in prison to send fraudulent spam. And finally, it gives the FTC and State attorneys general the ability to vigorously enforce the new law.

I am pleased to report that the product before us now enjoys broad bipartisan support here in the House and also in the other body. The bill can and should go to President Bush before we adjourn the first session of the 108th Congress. Mr. Speaker, I urge my colleagues to vote for this much-needed, bipartisan bill.

Mr. Speaker, I reserve the balance of my time.

Mr. MARKEY. Mr. Speaker, I yield 2 minutes to the gentleman from Texas (Mr. GREEN).

Mr. GREEN of Texas. Mr. Speaker, I would like to thank our ranking member on the Subcommittee on Telecommunications and the Internet for yielding me this time.

I rise in strong support of S. 877, the compromise which has been worked out on the antispam legislation.

First, I want to thank the gentlewoman from New Mexico (Mrs. WILSON) for the many years of work she has put in with me and other members of the Committee on Energy and Commerce.

I also thank the leadership of our committee, the ranking member, the gentleman from Michigan (Mr. DINGELL) and the gentleman from Louisiana (Chairman TAUZIN) for their strong commitment to this effort which the gentlewoman from New Mexico (Mrs. WILSON) and I began almost 5 years ago. She had a terrible personal experience with spam, and I heard from constituents some of the same stories, and my wife and I have received some of that same unsolicited spam on our own personal e-mail account.

This legislation will set the fair and clear standards for e-mail marketing that consumers and the Internet need desperately. The future of e-mail is at stake, and the time to act is now. Congress is delivering the enforcement tools we need.

Importantly, this compromise has clear definitions of commercial e-mail which the FTC can enforce and any individual consumer's request to not receive further commercial e-mail from a sender will have the force of the law. Spammers who lie and deceive with false header information and deceptive subject lines will be lawbreakers and will be prosecuted as such.

After we enact this legislation, spammers will no longer be able to harvest e-mail addresses from Web pages across the Internet without the threat of prosecution. There are so many good things in this bill that it is hard to go over all of them in 2 minutes.

We will come after spammers from all angles. State attorneys general are empowered, and Internet service providers are empowered to seek damages up to $250 per e-mail or $6 million total.

After the success of the FTC's Do-Not-Call list, the Do-Not-Spam registry implementation is feasible. I

thank the gentleman from Louisiana (Mr. TAUZIN) and our ranking member, and I also thank the many cosponsors of our original bill, H.R. 2515, on the antispam effort.

Mr. SENSENBRENNER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of the House-modified version of Senate 877, and wish to thank my fellow chairman, the gentleman from Louisiana (Mr. TAUZIN), as well as the gentleman from Michigan (Mr. DINGELL) and the gentleman from Massachusetts (Mr. MARKEY) in working out this compromise which deals with a very vexatious question, and I think provides a win/win situation for everybody except the few bad actors that flood the electronic media with spam.

The Internet has revolutionized commerce and communications by permitting businesses to reach consumers in a digital, global marketplace and has allowed individuals to communicate through the speed and convenience of electronic mail. Unfortunately, the massive growth of unsolicited e-mail or ''spam'' now threatens to kill the utility of this popular media. Last year over 6 trillion e-mails were transmitted. Today, almost half of those emails are unsolicited or unwanted.

Commercial e-mail is good, and a necessary and valuable component of electronic commerce. It allows legitimate businesses to customize offers of products and services and transmit them immediately to customers.

However, the same features that make e-mail a valuable commercial tool also lead to its abuse by spammers. Once a portable to the global network is obtained, sending e-mail is instantaneous and virtually costless. There are no stamps in cyberspace, no per-message cost, not even a post office. The costs of delivery are borne more by the recipient and the transmission network than by the sender. The exponential growth of spam and the advancing sophistication of efforts to block it threaten to turn the information superhighway into a nightmare for every info-commuter and parent.

Like other means of communication, e-mail can be used to cheat, defraud, and deceive consumers and also has been used to distribute computer viruses that have caused millions of dollars in economic damages. Unscrupulous spammers have transformed electronic inboxes and the Internet into virtual minefields strewn with lewd and pornographic images and solicitations, imperiling a medium that can serve as a critical learning tool for children.

I am pleased to support this version of Senate 877, which is substantially similar to H.R. 2214 introduced by the gentleman from North Carolina (Mr. BURR), the gentleman from Louisiana (Mr. TAUZIN) and myself earlier this year. I believe it will provide a remedial enforcement mechanism that private, regulatory, and individual State action cannot.

The criminal provisions contained in this legislation are central to its purpose and to its effectiveness. In order to provide a credible deterrent to spammers, this legislation enhances criminal penalties for predatory spamming, and provides law enforcement personnel far more authority to prosecute spammers whose electronic presence can shift with a keystroke.

The bill provides significant criminal penalties for the most egregious spammers by making it a crime to intentionally falsify the identity of the sender or disguise the routing and source information of e-mails. Other spammer tactics made criminal under this bill include the hijacking protected computers to send spam from the addresses of unsuspecting Internet users.

The House modification of S. 877 also provides for much higher penalties and more effective civil and criminal enforcement against spammers who send unwanted sexually explicit materials. This bill even requires special labels for this most offensive category of email. The gentlewoman from Pennsylvania (Ms. HART) deserves special recognition for her work to get this provision into law.

Overall, the bill provides consumers with more information and choices to stop receiving all forms of unwanted commercial e-mail while providing law enforcement officials and providers of Internet access with the tools to go after spammers.

While S. 877 accomplishes these vital goals, there are some activities that it deliberately does not reach. Specifically, the legislation concerns only commercial and sexually explicit email and is not intended to intrude on the burgeoning use of e-mail to communicate for political, news, personal and charitable purposes.

Moreover, this legislation, while preempting State spam specific laws with a uniform national standard, also preserves a role for State law enforcement officials to help combat this growing electronic menace. The bill also allows for State laws that deal with fraud and computer crimes to remain in effect. However, there is specific language in the bill limiting this authority to law enforcement officials or agencies of the State, and it is not the intent of Congress to allow outsourcing of this truly State function to the plaintiff's bar.

The House-modified legislation also contains other necessary amendments to the bill passed by the other body and reflects a thoughtful, bipartisan and bicameral approach to address the growing scourge of spam while preserving and promoting the commercial vitality of the Internet. I urge my colleagues to support this legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. MARKEY. Mr. Speaker, I yield myself 2½ minutes.

Mr. Speaker, this is a very important bill, and it would not have been possible without the good work of the gentleman from Louisiana (Mr. TAUZIN) and his staff, David Cavicke, along with the gentleman from Michigan (Mr. DINGELL) and his staff, David Schooler and Gregg Rothschild, working with the majority. I think we have come to an excellent result. It builds upon the work that the gentlewoman from New Mexico (Mrs. WILSON) and the gentleman from Texas (Mr. GREEN) have been making for years in this area. I think that the public is really going to be a beneficiary from this product this evening. I would be remiss, of course, not to single out the gentleman from Wisconsin (Mr. SENSENBRENNER) as well and his staff for their excellent work on this bill.

In addition to the other provisions mentioned by other Members, this legislation now contains a modified version of the wireless spam amendment that I had offered for inclusion. The legislation preserves important authority of the Federal Communications Commission and FTC where it serves consumer interests. It also requires the FCC to initiate a rule-making for wireless spam so that no loopholes are created, but in a way to ensure that wireless consumers have greater protection than that accorded in the underlying bill.

As we attempt to tackle the issue of spam that is sent to our desktop computers, we must also recognize that millions of wireless consumers in the United States run the risk of being inundated by wireless spam. Unsolicited wireless text messages have plagued wireless users in Europe, South Korea and Japan over the last few years as wireless companies in such countries have offered wireless messaging services.

In Japan alone, NTT DoCoMo estimates that its wireless network processes some 800 million wireless spam messages a day. That is a day. As cumbersome and annoying as spam to a desktop computer is, at least a consumer can turn off their computer and walk away. Wireless spam is even more intrusive because spam to wireless phones is the kind of spam that follows you wherever you go, and according to the U.S. wireless carriers, is already on the rise.

Mr. Speaker, I reserve the balance of my time.

Mr. TAUZIN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I thank the gentleman from Massachusetts for thanking the majority staff. I wish I could introduce Mr. Cavicke because he has done such a great job on this bill, but he is not a Member.

Mr. Speaker, I yield 2 minutes to the gentlewoman from New Mexico (Mrs. WILSON) to speak on the bill.

Mrs. WILSON of New Mexico. Mr. Speaker, 5 years ago spam was a nuisance, and now it is a nightmare. It is interrupting people's legitimate use of the Internet and their ability to communicate without having a lot of junk to go through every morning.

I think today is a great victory for consumers and for parents. Parents should not have to worry about the kinds of things coming into their kids' inboxes. For the first time, Americans who use the Internet and get e-mail will have the right to say take me off your list, I do not want this in my house. That is a tremendous right to be given to citizens in this Nation.

I am glad we have a strong bill with strong enforcement that requires labels for sexually explicit material, and allows users to opt out without having things that are required to be viewed in order to do so.

E-mail has been called the ''killer ap'' of the Internet, the killer application. And now today, we are saying that the people who use it are going to have the right to take it back and own it without an encumbrance by spammers.

Mr. Speaker, I want to thank the gentleman from Louisiana (Mr. TAUZIN), the gentleman from Wisconsin (Mr. SENSENBRENNER), the gentleman from Texas (Mr. GREEN) with whom I have been working on this issue for over 4 years, and the gentleman from Michigan (Mr. DINGELL) who has also been a wonderful leader in this effort, as well as the gentlewoman from Pennsylvania (Ms. HART) and the gentleman from North Carolina (Mr. BURR) for their efforts. We have put together a good bill, and it is a better bill because we have all worked on it together.

Mr. MARKEY. Mr. Speaker, I yield 2 minutes to the gentleman from Texas (Mr. GREEN).

Mr. GREEN of Texas. Mr. Speaker, I would like to talk about some of the good things about this agreement that is in the bill S. 877.

Spammers who lie and deceive with false header information and deceptive subject lines will be lawbreakers and prosecuted. After we enact this legislation, spammers will no longer be able to harvest e-mail addresses from Web pages across the Internet without the threat of prosecution.

□ 1730

Our bill cracks down on automated ''dictionary'' spam attacks, the spam version of the auto-dialer that sends spam to every possible e-mail combination. Most importantly for our families, and something that the gentlewoman from New Mexico (Mrs. WILSON) experienced with her daughter, this bill requires warning labels on sexually explicit e-mail; and we will be able to refuse further e-mail without having to view the offensive content. It will go after spammers again from all angles, from the Federal Trade Commission, from the States attorneys general and also Internet service providers who, as the gentleman from Wisconsin (Mr. SENSENBRENNER) said, 50 percent of the networks oftentimes are unsolicited e-mail. They will be able to sue for damages of $250 per e-mail or a total of $6 million. It is there so our attorneys general have the ability and our ISPs will do it.

Finally, after the success of the Do-Not-Call list, the FTC is to plan a Do-Not-Spam registry within 6 months and will implement it if it is feasible.

Like my colleagues, our staff worked hard on it in both our committees, Judiciary and Energy and Commerce. I thank my personal staff, Drew Wallace, for working on this with all the folks involved.

Mr. SENSENBRENNER. Mr. Speaker, I yield 2 minutes to the gentleman from Virginia (Mr. GOODLATTE).

Mr. GOODLATTE. Mr. Speaker, I thank the gentleman from Wisconsin, chairman of the Committee on the Judiciary, and the gentleman from Louisiana, chairman of the Committee on Energy and Commerce, for their leadership in pulling these two committees together. We have been working on this for a long time. It is that kind of teamwork that has resulted in this legislation today as well as a great deal of cooperation on the other side of the aisle. We really appreciate what it takes to write good legislation.

Spam is not just a nuisance anymore. Over half of the e-mail sent today is spam. Unsolicited e-mail, such as advertisements, solicitations, or chain letters is the junk mail of the Information Age. At best these unwanted messages burden consumers by slowing down their e-mail connections. At worst these messages bombard American families with unsolicited, sexually explicit materials and fraudulent information. It is time to can spam.

The bill before us makes it a criminal offense to send a commercial e-mail that falsifies the sender's identity. In addition, the House amendments which have been incorporated into this bill strengthen the provisions that punish spammers for failing to place warning labels on sexually explicit materials.

This bill makes the necessary changes to the Senate's ''can spam act'' to establish clear, uniform guidelines for those who send commercial e-mail and to criminalize fraudulent conduct. The bill provides State attorneys general, ISPs, the FTC, and the Department of Justice with the appropriate tools to enforce the bill against bad actors.

Because no legislation can provide a cure-all for spam, this bill is technology-friendly. It protects the ability of ISPs and small businesses to develop innovative technological solutions to combat spam and to protect consumers, such as filtering and blocking technologies. This bill establishes clear guidelines for legitimate businesses and punishes fraudulent conduct, not going after the good guys. It accomplishes these objectives without overregulating and without taking the information out of the Information Age.

I urge my colleagues to support this important legislation.

Mr. MARKEY. Mr. Speaker, I yield 5 minutes to the gentleman from Michigan (Mr. DINGELL), the ranking Democrat on the Committee on Energy and Commerce.

Mr. DINGELL. Mr. Speaker, we can work well together around here. I am sure that a lot of people are surprised.

I want to pay a congratulations and compliment to my distinguished friend, the gentleman from Louisiana (Mr. TAUZIN), the chairman of the committee, and also to the distinguished gentleman from Wisconsin (Mr. SENSENBRENNER) for his labors. I want to thank my good friend, the gentleman from Massachusetts (Mr. MARKEY), for his leadership in this valiant effort and undertaking, and I want to pay particular tribute to both the distinguished gentleman from Texas (Mr. GREEN) and the wonderful gentlewoman from New Mexico (Mrs. WILSON) for their outstanding leadership, for the courage and for the dedication with which they stood hitched on this difficult issue and these difficult negotiations. Congratulations to all of the above. And also to Mr. Gregg Rothschild, Mr. David Cavicke, Mr. Bryce Dustman, and Peter Filon of the staff; also David Schooler and Shannon Vildostegui for their wonderful work as members of the staff because their efforts have helped make this possible.

This is a good bill and it is worthy of our support. There are things that we could have done that would have been a little better, but it is a piece of legislation which is going to solve a concern of the American people, something which is good and is in the public interest. And it is an important first step in restoring consumers' control over their inboxes and stopping some of the evil and rascality that we are seeing in the telecommunications industry. It requires marketers to let people know who they are and where they can be located. It prohibits false and misleading transmission information so that marketers cannot hide their identity. It prohibits marketers from deceiving consumers by using false headers or subject lines. Importantly, it affords the Federal Trade Commission and the States full enforcement authority over these consumer protection provisions.

I am particularly pleased that the bill permits law enforcement to go after those who disguise sexual messages and through such deception are

able to send sexual material into our homes and into the hands of our children. This is a critical first step against those who profit by sending unwanted and offensive sexual commercial messages. It will stop much wrongdoing.

I am also pleased that the House has adopted the Senate provision creating a do-not-spam registry. I expect the FTC to take their charge seriously under this provision and to do all that is necessary to implement such a registry at the earliest possible time.

Finally, I am pleased that the House has added a new provision to grant even stronger protections from spam to users of wireless cell phones. The gentleman from Massachusetts deserves the thanks of all of us for that. In connection with this provision, I commend the hard work of our dear friend, the ranking Democrat on the Subcommittee on Telecommunications and the Internet.

Mr. Speaker, I want to be clear that I do not expect this bill to solve totally the growing problem of unwanted spam. It must be recognized that the people who engage in this practice are most diligent, most able, and have a huge financial incentive to do it. It is quite possible that we will have to visit the matter again. It is regrettable that it does not contain an important deterrence against spam, citizen suits; but we can address that at a future time. It also has the regrettable practice in it of preempting stronger State laws, something which I do not favor. It is, however, a distinct improvement over the Senate-passed bill, and the hard work that has brought us to agreement on the part of those who have worked on it is something which merits the thanks of the public for work in the public interest.

I plan to work to try and expand this in future times and to do the things that are necessary to assure that our people are not abused by these people.

Mr. TAUZIN. Mr. Speaker, I thank the distinguished gentleman from Michigan for his statement and his kind friendship.

Mr. Speaker, I yield 2 minutes to the distinguished gentleman from Michigan (Mr. UPTON), chairman of the Subcommittee on Telecommunications and the Internet.

Mr. UPTON. Mr. Speaker, today on the heels of our recent efforts to ensure that the do-not-call list was implemented, we are taking yet another major step forward in our efforts to protect consumers from unwanted commercial solicitations. With passage of this bill tonight, we are one more step closer to giving American consumers a Federal law which will for the first time allow them to just say no to unwanted commercial e-mails, otherwise known as spam. And we back it up with strong enforcement by the FTC, State attorneys general, and Internet service providers as well.

As the father of two young kids, I am particularly pleased that this bill requires warning labels on commercial e-mails which contain sexually oriented material, and it protects our kids from being unwittingly exposed to such garbage that might pop up in the family's inbox. As chairman of the Subcommittee on Telecommunications and the Internet, I am particularly pleased to have worked with my colleagues on this, particularly the gentleman from Massachusetts (Mr. MARKEY); the gentleman from Michigan (Mr. DINGELL); certainly the gentleman from North Carolina (Mr. BURR); and my chairman, the gentleman from Louisiana (Mr. TAUZIN), on provisions which direct the Federal Communications Commission to implement added protections against spam for cell phones and other wireless devices. What a nightmare ready to happen. On our staff I want to particularly thank Will Nordwind, who spent countless hours as we negotiated this the last number of months.

Mr. Speaker, I want to relate a small family story. When my dad came back from World War II, my mom fixed his first dinner. It was Spam. Dad said, no way. Battle of the Bulge, we had enough of that. No more are we going to have that junk. My family thankfully was spared that for 50 years. Sadly, American consumers have not been spared from that awful stuff called spam because this is spam on the Internet.

I can remember when e-mails came first off, everyone loved to get an e-mail. I thought we were finally making some headway. But lo and behold, my wife was out of town, and I did not realize she was deleting it. Every morning she would get up at 5:30 or 6 in the morning. She has been gone all week. Today just from last night, I had 150 spams.

Pass this bill. End this stuff. I cannot call it what I really think. God bless America.

Mr. MARKEY. Mr. Speaker, I yield 1 additional minute to the gentleman from Texas (Mr. GREEN).

Mr. GREEN of Texas. Mr. Speaker, I know we are getting down to the last few minutes, but, like my colleague from Michigan, I ate a lot of Spam. I am holding up my gift of Spam from my cosponsor. Like him, the only way I could ever survive Spam was with A–1 steak sauce. I remember the story that my first time, somebody showing up at a town hall meeting and saying, I'm tired of spam and I said, thank goodness I haven't had to eat it in years. But I do remember it tasted pretty good in college when I needed it.

But now as my colleague from Michigan said, spam will not have a bad name for people who use the Internet. Again, I would like to thank the gentlewoman from New Mexico (Mrs. WILSON) for providing me a can of Spam. I am not going to cook it. I am going to put it on the wall so hopefully I will not have to.

Mr. SENSENBRENNER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, after hearing about that stuff that the gentleman from Texas was waving around, let me say that we Yankees knew that Spam was bad 50 years ago. It has taken a long time for you rebels to do that.

Mr. Speaker, I yield 1 minute to the gentlewoman from Pennsylvania (Ms. HART).

Ms. HART. Mr. Speaker, I also thank the gentleman from Wisconsin (Mr. SENSENBRENNER), the gentleman from Louisiana (Mr. TAUZIN), the gentleman from Michigan (Mr. DINGELL), and the general public, really, for helping us move this bill forward. I am pleased we were able to work out a deal on this legislation. It has taken some time, but the product is well worth it. The American public has been flooded with millions of pieces of unsolicited e-mail every day. This legislation will help us provide the teeth in the law to stop this. But it is the content of certain e-mails, particularly e-mails containing sexually explicit material which is especially problematic.

I compliment the gentlewoman from New Mexico (Mrs. WILSON) for working together with us on language that is similar to the Pennsylvania law that I sponsored to help label and help us rid our computers of these sexually explicit e-mails. I am pleased this was put into the bill. We want our children to use the Internet and e-mail, but many parents fear what the children may see. Parents are stuck in the middle. They want their kids to use the educational tool of the Internet, they want them to be very capable of utilizing it, and it will help them in their schoolwork on one hand, but on the other when my Senator was sitting behind one of his children, in fact, he said to me, I could not believe what came up on the screen.

It is important for us to make sure that we control it but we allow freedom of speech. I compliment my colleagues. I look forward to a spam-free e-mail.

Mr. MARKEY. Mr. Speaker, I yield myself 2 minutes.

The reality is that this whole movement began as people several years ago saw what the impact would be of unwanted spam on their home or work computers. As the gentleman from Michigan (Mr. UPTON) pointed out, he had in one day 150 unwanted spam messages on his home computer. What this legislation does is to help every American to deal with that problem. What I ask the Members to do as well is to deal with another issue that quite likely is going to rise to a level of being a problem that eclipses even computer spam and that would be cell phone spam.

Imagine if you reach a point where there are 150 unwanted rings on your phone, your cell phone, this zone of privacy which we all have as these marketers are calling into your cell phone all day long. What this legislation does is it ensures that the Federal Communications Commission and the Federal Trade Commission take the actions which give protections against this being the new battleground. It is already a full scale epidemic in Europe, in Japan, in South Korea.

□ 1745

It is heading our way. Probably by the time the FCC has a chance to put the regulations on the books, maybe a year from now, we will have already seen its growth so those protections against these cell phones just ringing all day long becomes the epidemic that really just drives people crazy. So the bill will require the FCC to consider certain provisions with an eye towards assessing the problems and perhaps the unique capabilities or limitations of wireless devices. We have to be sure that wireless consumers and carriers can functionally implement the new legal requirements. But the Federal spam legislation ought to reflect the particular characteristics of the wireless technology and use this bill as a way to ensure that we have promulgated rules requiring a consumer opt-in for wireless e-mail messages so that the consumer has affirmatively said that they want these messages to come into their life. Otherwise, this device that is so valuable now to 170 million Americans would just be the single greatest nuisance ever invested.

Mr Speaker. I rise in support of the compromise spam legislation that we bring to the House Floor today.

Mr. Speaker, this legislation reflects a series of agreements between advocates for the two alternative House spam bills—one offered by Chairman TAUZIN, and the other offered by Ms. WILSON and Mr. GREEN of which I am an original cosponsor, as well as a series of compromises with our Senate counterparts. While not a perfect bill, I believe it merits support.

In addition, Mr. Speaker, this legislation now contains a modified version of the wireless spam amendment that I had offered for inclusion. The legislation preserves important authority of the FCC and FTC where it serves consumer interests. It also requires the FCC to initiate a rulemaking for wireless spam so that no loopholes are created but in a way to ensure that wireless consumers have greater protection than that accorded in the underlying bill.

As we attempt to tackle the issue of spam that is sent to our desktop computers, we must also recognize the millions of wireless consumers in the United States run the risk of being inundated with wireless spam. Unsolicited wireless text messages have plagued wireless users in Europe, South Korea, and Japan over the last few years as wireless companies in such countries have offered wireless messaging services. In Japan alone, NTT DoCoMo estimates that its wireless network processes some 800 million wireless spam messages a day. As cumbersome and annoying as spam to a desktop computer is, at least a consumer can turn off their computer and walk away. Wireless spam is even more intrusive because spam to wireless phones is the kind of spam that follows you wherever you go and according to U.S. wireless carriers, is already on the rise.

To prevent wireless spam from overwhelming the American wireless marketplace as it has networks in other countries, this legislation tasks the FCC to promulgate rules in order to put strong consumer protections on the books. In addition, the bill requires the FCC to consider certain provisions with an eye toward assessing them given the perhaps unique capabilities or limitations of wireless devices. We must be sure that wireless consumers and carriers can functionally implement the legal requirements. Federal spam legislation ought to reflect the particular characteristics of wireless technology and use and this bill will allow the FCC to promulgate rules requiring a consumer "opt-in" for wireless email messages while examining the nature of a consumer's relationship with their wireless phone and service to take into account the unique service and technical characteristics that may warrant wireless-specific rules affecting consumer and carrier rights and obligations.

The wireless spam provision of the bill offers wireless consumers relief by requiring an "opt-in" for spam to wireless consumers. This reflects the fact that spam to a mobile phone is more intrusive to consumers and the fact that some wireless payment plans currently charge users for the amount of text messages they receive.

The provision would require "express prior authorization" from the consumer before an entity could send spam to their wireless device. My intent is that this "express prior authorization" be implemented in a way that a request for "express prior authorization" is conspicuous and easily understood by consumers and that each entity seeking to send mobile service commercial messages pursuant to Section 14(b)(1) obtain such consumer authorization. In addition, the wireless spam provision requests that the FCC consider the ability of an initiator of spam to reasonably determine whether an electronic mail message is a mobile service commercial message. Obviously, as wireless service evolves, more and more consumers will receive Internet emails via their commercial mobile service provider's network and directly to their wireless device. If a person ha an email address from their commercial mobile service provide and it can be readily identified as a wireless address, such as name@verizonwireless.net or name@wireless.net then the reasonable ability of a potential spammer to recognize that as such is relatively easy. Hopefully, commercial mobile service providers—and consumers—will see the benefit of having an email address that can be reasonably determined to be a wireless address, so that the prospect of massive amounts of spam to consumers over wireless networks can be thwarted and consumers can enjoy the benefits of entities needing their express prior authorization before sending them wireless spam.

Spam sent to desktop computer email address, and which is then forwarded over a wireless network to a wireless devices, i.e., delivered "indirectly" from the initiator to the wireless device, would be treated by the rest of this bill and not by the wireless specific provisions we subject to an FCC rulemaking.

This legislation also represents an improvement in other areas over the Senate-passed bill. For example, the compromise doubles the damage caps in the Senate bill. It also eliminates the knowledge standards for the Federal Communications Commission (FCC), the Federal Trade Commission (FTC) and state Attorney General injunctive relief. The bill provides for rulemaking authority to clarify and tighten the definition of what constitutes a "commercial email." Requires that identifiers and a postal address musts be on all commercial emails to desktop computers. Finally, the bill also shortens the time frame from which an "opt-out" request would become enforceable.

All of these represent important improvements over the Senate bill.

I want to commend Chairman TAUZIN, Ranking Member Mr. DINGELL for their excellent work in this area. I want to salute Representatives HEATHER WILSON and GENE GREEN for spearheading House spam efforts in this session as well as in the previous Congress as the lead sponsors of the House bill.

Mr. Speaker, I reserve the balance of my time.

Mr. SENSENBRENNER. Mr. Speaker, I have no further requests for time from Committee on the Judiciary, and I yield the balance of my time to the gentleman from North Carolina (Mr. BURR).

Mr. BURR. Mr. Speaker, I ask unanimous consent to control the time of the gentleman from Louisiana (Mr. TAUZIN) as well as the time of the gentleman from Wisconsin (Mr. SENSENBRENNER).

The SPEAKER pro tempore (Mr. THORNBERRY). Is there objection to the request of the gentleman from North Carolina (Mr. BURR)?

There was no objection.

The SPEAKER pro tempore. The gentleman from North Carolina (Mr. BURR) has 5 minutes remaining, and the gentleman from Massachusetts (Mr. MARKEY) has 6 minutes remaining.

Mr. BURR. Mr. Speaker, I yield myself 2 minutes. Mr. Speaker, we are here today to get rid of unwanted sexually explicit e-mail, but we are also here to protect those individuals who want to use e-mail as a commercial tool in a responsible way based upon the rules, and the challenge for us was to design something that allowed commerce to take place but that got at the heart of what all of us wanted to do, and that is to get the smut off of our screen, to make sure that the ones that were unsolicited and that we did not want to see again, that we had the opportunity to get rid of them. And I am going to tell the Members it was tough, I think we would all agree, trying to find the right language, the right word in some cases, to make sure that the

right penalty was in place but it did not go too far. And I think it is safe to say today that there is no single piece of legislation that will ultimately solve the spam problem.

It is my hope that this bill is an excellent first start. I believe that it is appropriate to praise the gentleman from Louisiana (Chairman TAUZIN) and the gentleman from Michigan (Mr. DINGELL), ranking member, and Gregg Rothschild and David Cavicke and many other committee staff and personal staffs that worked tirelessly to try to come up with a solution to the problem that we had. The FTC's own estimates estimate that 20 percent of all spam contains advertising of pornography. That is not counting the spam that we received that has deceptive content and fraudulent content.

Mr. Speaker, we are here today because we think we found the right blueprint. We think those businesses that are reputable can continue, and they can live within the framework, and they can live by the rules, and, hopefully, this will help to chase those that intended not to live by the rules out of the system and off our screen.

I want to praise once again both committees, the Committee on the Judiciary and the Committee on Energy and Commerce, the staffs and the members, and urge support for this bill.

Mr. MARKEY. Mr. Speaker, I yield 1 minute to the gentleman from Michigan (Mr. DINGELL).

Mr. DINGELL. Mr. Speaker, I thank the distinguished gentleman from Massachusetts for yielding me this time.

And I just want the attention of the gentleman from North Carolina (Mr. BURR). I want to pay tribute to him for the very honorable and splendid way in which he has worked with us to bring this matter to conclusion. Without his labors and those of the gentleman from Louisiana (Mr. TAUZIN), chairman of the Committee on Energy and Commerce, we would not be here talking about this matter. And I thank both gentlemen, and I thank also Jonathan Cordone.

Mr. MARKEY. Mr. Speaker, I yield myself such time as I may consume.

And I yield myself that time in order to conclude the debate for the Democratic side, and I would like to point out how important this bill is.

Congress many times acts in areas where most Americans say "How does that affect me?" This legislation will now affect every computer in the United States in the way in which it affects the user of that computer, and it will affect every user of a cell phone in the way that that cell phone is used or, to be more explicit, the way in which marketers abuse those phones and computers. So this is a great day, and the gentlewoman from New Mexico (Mrs. WILSON) and the gentleman from Texas (Mr. GREEN) did a great job in bringing it to our attention, and the gentleman from Louisiana (Chairman TAUZIN) and the gentleman from Michigan (Mr. DINGELL), in putting together an environment in which we can negotiate this bill out in a bipartisan fashion.

The litany of saints is long, and I mentioned many of them earlier. I would like to add the gentleman from Michigan (Mr. CONYERS), the ranking member of the Committee on the Judiciary. He and his staff contributed significantly to this legislation. To the gentleman from North Carolina (Mr. BURR), I want to congratulate him and his excellent work on this legislation. The consumers will be the beneficiary. I want to mention the gentlewoman from Silicon Valley, California (Ms. ESHOO) for all of her wonderful work on this legislation. The gentleman from New Jersey (Mr. HOLT), who had a deep interest in the wireless aspects of this legislation, I think he deserves credit for what is happening here today. The gentleman from Louisiana (Chairman TAUZIN), David Cavicke did a great job, and I think I should mention Howard Waltzman as well on the chairman's staff for his excellent work; on the gentleman from Michigan's (Mr. UPTON) staff, Will Nordwind, who has been working on this for several months, as well with the chairman. And I would conclude by thanking my own staff, Colin Crowell, who throughout this year had a plan to include a wireless cell phone antispam provision in the legislation, and today we see the fruition of all of his excellent work, and I think that consumers will be the beneficiary for the generation ahead. So I conclude by complimenting the chairman.

Mr. Speaker, I yield back the balance of my time.

Mr. TAUZIN. Mr. Speaker, I yield myself such time as I may consume.

In concluding, let me, first of all, again signal the extraordinary cooperation that exists between the Committee on the Judiciary and the Committee on Energy and Commerce as we conclude this debate and also to echo thanks and congratulations the gentleman from Massachusetts (Mr. MARKEY) has extended to so many of our staff and the members who have worked on this.

This is a consumer protection piece of legislation. Very often when we come to these consumer protection-type pieces of legislation, we will see this extraordinary bipartisanism and this ability of committees that often have conflicting versions of bills work them out as we have today. This is a huge consumer protection piece of legislation.

And I want to say something that I hope all the Federal judges of America will pay attention to tonight very carefully. This legislation specifically authorizes the Federal Trade Commission to create a Do Not Spam Registry. No one should have any doubt about it. It is as clear, it is explicit. When this legislation passes the Congress and is signed into law, the FTC will explicitly have that authority, and a Do Not Spam Registry will be available in our future.

I want to particularly thank the gentlewoman from New Mexico (Mrs. WILSON), the gentleman from North Carolina (Mr. BURR), the gentleman from Texas (Mr. GREEN). Of all the members who have put in yeoman hours in time and effort, these three members of our committee have done an extraordinary job. And I particularly, again, want to single out the gentleman from Michigan (Mr. DINGELL) and the gentleman from Massachusetts (Mr. MARKEY) with, again, the bipartisan spirit in which we worked together when we can and do work together so well. This is a good example where America will benefit because we are legislating as Americans and not as party members as we often do on this floor. And I want to thank the gentleman, again, for that respect and that spirit of cooperation that he always extended to the chair and to the management of our committee affairs.

Again, Mr. Speaker, this is an important day for consumers in America. Very soon a Do Not Spam Registry will be available to them. They will be able to call and have their names put on that registry. People who refuse to pay attention to that registry and spam them regardless will be subject to severe penalties. People who fraudulently continue to spam without identifying who they are, when they are caught, will pay a big price. Attorney Generals and the FTC are given enforcement authority under this compromise, and I think we are affording Americans with a brand new tool to protect themselves against the entry of material they do not want in their homes whether it comes in through the computer, through the telephone, or via the mail. This is a great step forward, and I urge adoption of this bill.

Ms. ESHOO. Mr. Speaker, I support the conference report and thank the chairman and ranking member for their work in this effort. I'm particularly pleased that the serious shortcomings of the bill which I've raised at our committee have been addressed.

The problem of spam has become so prolific that by the end of this year half of all e-mails sent will be spam.

The numbers are staggering: 76 billion spam e-mails will be delivered in 2003; 50 percent of kids have received e-mails containing pornographic or sexually explicit information; and U.S. businesses will spend close to $10 billion to fight spam this year.

And marketers have brazenly claimed that the success of the "Do Not Call List" will drive them to spam even more, costing U.S. businesses and consumers even more.

I sponsored legislation to curb the epidemic of spam and crafted the original proposal to empower the FTC to replicate the enormous

success of the "Do Not Call List" by creating a "Cannot Spam List." I'm very pleased that a version of this measure has been included in the conference report, which I hope the FTC will implement soon after enactment of this bill.

I'm also pleased that the conference report strengthens some of the weaknesses of the Senate bill, especially by giving greater authority to states to enforce these laws.

This legislation does not end the entire problem of spam. I'll continue to fight for measures to prevent unauthorized and unwanted e-mail from flooding our inboxes and our computer networks. But this is a good start and important and I urge my colleagues to support it.

Mr. HOLT. Mr. Speaker, I rise in support of the anti-spam legislation before us, S. 877.

I am glad to see that Congress has finally taken definitive action on this issue. During my first term in Congress, I worked with my colleagues GENE GREEN and HEATHER WILSON, who have shown great leadership here, on anti-spam legislation that passed the House in 2000.

Today we have before us legislation to help address the mounting problem of unsolicited e-mail advertising, or spam, which has become perhaps the biggest nuisance of the Information Age and a drain on our economy.

I am particularly pleased that this legislation includes a provision intended to combat a related problem that has gotten out of hand in some countries and is growing ever worse in the United States—spam sent to wireless phones through text messaging.

As many of my colleagues know, I introduced legislation intended to draw attention to this issue—the Wireless Telephone Spam Protection Act. This bill was intended to launch what could be called a preemptive attack against wireless spam before it spins out of control in the United States. Congress too often acts once the fire is already lit. This time, we can put the fire out before it gets out of control.

The Japanese are already fighting off a tsunami of cell phone spam. On one recent day, the 38 million customers of the largest Japanese wireless company, NTT DoCoMo, received 150 million pieces of spam. Even today, after passage of anti-spam laws in Japan, DoCoMo's subscribers still receive up to 30 million wireless spam messages each day. This has caused millions of Japanese wireless phone users to simply stop using their cell phone service.

So far, U.S. cell phone users have been largely sparred this torrent of annoying, unwanted messages. I presume this is because a lot of telemarketers don't believe there are enough text-capable cell phones in the country. Most new phones are text capably, however, and the number of text messages sent in this country has been rising rapidly, quadrupling from 250 million messages sent in December 2001 to 1 billion messages sent in December 2002. Seventeen percent of cellular customers, about 23 million people, currently use text messaging—including 45 percent of cell phone users in the lucrative 18-to-25-year-old category. Direct marketers are already beginning to salivate.

That is why I am glad to see that this legislation includes a provision instructing the Federal Trade Commission to promulgate an opt-in rule for wireless spam. I would like to thank Mr. MARKEY for his work on this issue, and I would like to salute all of those who put this legislation together. It is by no means cure-all, but it is certainly a good first step towards ending the onslaught of e-mail spam and the tsunami of wireless spam. I urge my colleagues to support this bill.

Mr. STUPAK. Mr. Speaker, for several Congresses now we have had hearings and markups in the Energy and Commerce Committee on the nuisance of spam, but no progress has been made. I am pleased that a bill has finally come forward that looks headed for passage into law.

Through all this time, the flood of unsolicited e-mails has only grown, ISPs have become more and more overwhelmed, and consumers more aggravated.

I know that this bill will come as a welcome relief to many who are fed up with opening their e-mail accounts only have to unwanted commercial e-mails clogging up their Internet mailboxes.

Consumers have to waste time deleting numerous spam emails, and even worse, if they do unsuspectingly open one of these e-mails, they are often faced with offensive pornography.

I commend the members of the Judiciary and Energy and Commerce Committees for their ongoing efforts to address this problem, and I am pleased to support this bill.

I do believe that the bill falls short in one area, in that it does not provide a private right of action for individual consumers to seek their own remedies. But this legislation does much to strengthen enforcement, provide protection from harmful pornographic e-mails, and to set up a Do Not Spam Registry, which I can only guess will be as popular as the Do Not Call Registry.

I hope that this bill will put control over Internet mailboxes back in the hands of consumers, so that they can choose to receive e-mails that they want, and to get rid of e-mails that they do not.

And to those businesses and individuals that violate these provisions and send out spam illegally, this bill will provide the Federal Trade Commission, state attorney generals, and Internet Service Providers with the tools to crack down on these violators.

As the House attempts to wrap up its work for the session, there have been several bills coming to the floor that I do not believe have merit. This bill, however, shows that when we want to, Congress can truly act for the public benefit.

Mr. STEARNS. Mr. Speaker, I am pleased to join Chairman TAUZIN, Chairman SENSENBRENNER, Messrs. DINGELL and BURR, and Mrs. WILSON in supporting a good consumer protection bill that I hope will help us, as consumers, fight the scourge that is spam.

No one disputes the great utility of e-mail, the fact that it has brought great efficiency and productivity gains, not only to our professional lives but also our personal lives. Nonetheless, our daily routine of scouring through and reviewing our e-mail also tells us that e-mail as a critical communications medium is under assault from unwanted e-mail—most peddling goods or services ranging from the real to the absurd. I do not have a problem with e-marketing per se, after all, our consumer based economy is highly dependent on marketing. However, e-mail communications make accountability more difficult. Therefore, unscrupulous people use it to advance fraudulent and deceptive acts and even good commercial actors are tempted to take advantage of this lack of accountability.

Effective and narrowly tailored legislation, like the one before us today, can help bring greater accountability to e-mail solicitations. That greater accountability is achieved by making sure that fraud and deception is prosecuted and subjected to severe penalties.

Legislation is only part of the solution, and in my view a smaller part. Rather, technology, consumer education, and industry cooperation, in my view, are the key tools in combating spam and injecting real and effective accountability. Finally, combating spam requires international cooperation. I think my bi-partisan bill, H.R. 3143, which strengthens the Federal Trade Commission's ability to address the growing problem of transnational fraud, will go a long way in fighting spam that is not home grown.

Mr. TAUZIN. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Louisiana (Mr. TAUZIN) that the House suspend the rules and pass the Senate bill, S. 877, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. TAUZIN. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

CONFERENCE REPORT ON H.R. 2622, FAIR AND ACCURATE CREDIT TRANSACTIONS ACT OF 2003

Mr. OXLEY (during consideration of H. Res. 458) submitted the following conference report and statement on the bill (H.R. 2622) to amend the Fair Credit Reporting Act, to prevent identity theft, improve resolution of consumer disputes, improve the accuracy of consumer records, make improvements in the use of, and consumer access to, credit information, and for other purposes:

CONFERENCE REPORT (H. REPT. 108–396)

The committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2622), to amend the Fair Credit Reporting Act, to prevent identity theft, improve resolution of consumer disputes, improve the accuracy of consumer records, make improvements in the use of, and consumer access to, credit information, and for other purposes, having met, after full and free conference,

have agreed to recommend and do recommend to their respective Houses as follows:

That the House recede from its disagreement to the amendment of the Senate and agree to the same with an amendment as follows:

In lieu of the matter proposed to be inserted by the Senate amendment, insert the following:

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Fair and Accurate Credit Transactions Act of 2003''.

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

Sec. 1. Short title; table of contents.
Sec. 2. Definitions.
Sec. 3. Effective dates.

TITLE I—IDENTITY THEFT PREVENTION AND CREDIT HISTORY RESTORATION

Subtitle A—Identity Theft Prevention

Sec. 111. Amendment to definitions.
Sec. 112. Fraud alerts and active duty alerts.
Sec. 113. Truncation of credit card and debit card account numbers.
Sec. 114. Establishment of procedures for the identification of possible instances of identity theft.
Sec. 115. Authority to truncate social security numbers.

Subtitle B—Protection and Restoration of Identity Theft Victim Credit History

Sec. 151. Summary of rights of identity theft victims.
Sec. 152. Blocking of information resulting from identity theft.
Sec. 153. Coordination of identity theft complaint investigations.
Sec. 154. Prevention of repollution of consumer reports.
Sec. 155. Notice by debt collectors with respect to fraudulent information.
Sec. 156. Statute of limitations.
Sec. 157. Study on the use of technology to combat identity theft.

TITLE II—IMPROVEMENTS IN USE OF AND CONSUMER ACCESS TO CREDIT INFORMATION

Sec. 211. Free consumer reports.
Sec. 212. Disclosure of credit scores.
Sec. 213. Enhanced disclosure of the means available to opt out of prescreened lists.
Sec. 214. Affiliate sharing.
Sec. 215. Study of effects of credit scores and credit-based insurance scores on availability and affordability of financial products.
Sec. 216. Disposal of consumer report information and records.
Sec. 217. Requirement to disclose communications to a consumer reporting agency.

TITLE III—ENHANCING THE ACCURACY OF CONSUMER REPORT INFORMATION

Sec. 311. Risk-based pricing notice.
Sec. 312. Procedures to enhance the accuracy and integrity of information furnished to consumer reporting agencies.
Sec. 313. FTC and consumer reporting agency action concerning complaints.
Sec. 314. Improved disclosure of the results of reinvestigation.
Sec. 315. Reconciling addresses.
Sec. 316. Notice of dispute through reseller.
Sec. 317. Reasonable reinvestigation required.
Sec. 318. FTC study of issues relating to the Fair Credit Reporting Act.
Sec. 319. FTC study of the accuracy of consumer reports.

TITLE IV—LIMITING THE USE AND SHARING OF MEDICAL INFORMATION IN THE FINANCIAL SYSTEM

Sec. 411. Protection of medical information in the financial system.
Sec. 412. Confidentiality of medical contact information in consumer reports.

TITLE V—FINANCIAL LITERACY AND EDUCATION IMPROVEMENT

Sec. 511. Short title.
Sec. 512. Definitions.
Sec. 513. Establishment of Financial Literacy and Education Commission.
Sec. 514. Duties of the Commission.
Sec. 515. Powers of the Commission.
Sec. 516. Commission personnel matters.
Sec. 517. Studies by the Comptroller General.
Sec. 518. The national public service multimedia campaign to enhance the state of financial literacy.
Sec. 519. Authorization of appropriations.

TITLE VI—PROTECTING EMPLOYEE MISCONDUCT INVESTIGATIONS

Sec. 611. Certain employee investigation communications excluded from definition of consumer report.

TITLE VII—RELATION TO STATE LAWS

Sec. 711. Relation to State laws.

TITLE VIII—MISCELLANEOUS

Sec. 811. Clerical amendments.

SEC. 2. DEFINITIONS.

As used in this Act—

(1) the term ''Board'' means the Board of Governors of the Federal Reserve System;

(2) the term ''Commission'', other than as used in title V, means the Federal Trade Commission;

(3) the terms ''consumer'', ''consumer report'', ''consumer reporting agency'', ''creditor'', ''Federal banking agencies'', and ''financial institution'' have the same meanings as in section 603 of the Fair Credit Reporting Act, as amended by this Act; and

(4) the term ''affiliates'' means persons that are related by common ownership or affiliated by corporate control.

SEC. 3. EFFECTIVE DATES.

Except as otherwise specifically provided in this Act and the amendments made by this Act—

(1) before the end of the 2-month period beginning on the date of enactment of this Act, the Board and the Commission shall jointly prescribe regulations in final form establishing effective dates for each provision of this Act; and

(2) the regulations prescribed under paragraph (1) shall establish effective dates that are as early as possible, while allowing a reasonable time for the implementation of the provisions of this Act, but in no case shall any such effective date be later than 10 months after the date of issuance of such regulations in final form.

TITLE I—IDENTITY THEFT PREVENTION AND CREDIT HISTORY RESTORATION

Subtitle A—Identity Theft Prevention

SEC. 111. AMENDMENT TO DEFINITIONS.

Section 603 of the Fair Credit Reporting Act (15 U.S.C. 1681a) is amended by adding at the end the following:

''(q) DEFINITIONS RELATING TO FRAUD ALERTS.—

''(1) ACTIVE DUTY MILITARY CONSUMER.—The term 'active duty military consumer' means a consumer in military service who—

''(A) is on active duty (as defined in section 101(d)(1) of title 10, United States Code) or is a reservist performing duty under a call or order to active duty under a provision of law referred to in section 101(a)(13) of title 10, United States Code; and

''(B) is assigned to service away from the usual duty station of the consumer.

''(2) FRAUD ALERT; ACTIVE DUTY ALERT.—The terms 'fraud alert' and 'active duty alert' mean a statement in the file of a consumer that—

''(A) notifies all prospective users of a consumer report relating to the consumer that the consumer may be a victim of fraud, including identity theft, or is an active duty military consumer, as applicable; and

''(B) is presented in a manner that facilitates a clear and conspicuous view of the statement described in subparagraph (A) by any person requesting such consumer report.

''(3) IDENTITY THEFT.—The term 'identity theft' means a fraud committed using the identifying information of another person, subject to such further definition as the Commission may prescribe, by regulation.

''(4) IDENTITY THEFT REPORT.—The term 'identity theft report' has the meaning given that term by rule of the Commission, and means, at a minimum, a report—

''(A) that alleges an identity theft;

''(B) that is a copy of an official, valid report filed by a consumer with an appropriate Federal, State, or local law enforcement agency, including the United States Postal Inspection Service, or such other government agency deemed appropriate by the Commission; and

''(C) the filing of which subjects the person filing the report to criminal penalties relating to the filing of false information if, in fact, the information in the report is false.

''(5) NEW CREDIT PLAN.—The term 'new credit plan' means a new account under an open end credit plan (as defined in section 103(i) of the Truth in Lending Act) or a new credit transaction not under an open end credit plan.

''(r) CREDIT AND DEBIT RELATED TERMS—

''(1) CARD ISSUER.—The term 'card issuer' means—

''(A) a credit card issuer, in the case of a credit card; and

''(B) a debit card issuer, in the case of a debit card.

''(2) CREDIT CARD.—The term 'credit card' has the same meaning as in section 103 of the Truth in Lending Act.

''(3) DEBIT CARD.—The term 'debit card' means any card issued by a financial institution to a consumer for use in initiating an electronic fund transfer from the account of the consumer at such financial institution, for the purpose of transferring money between accounts or obtaining money, property, labor, or services.

''(4) ACCOUNT AND ELECTRONIC FUND TRANSFER.—The terms 'account' and 'electronic fund transfer' have the same meanings as in section 903 of the Electronic Fund Transfer Act.

''(5) CREDIT AND CREDITOR.—The terms 'credit' and 'creditor' have the same meanings as in section 702 of the Equal Credit Opportunity Act.

''(s) FEDERAL BANKING AGENCY.—The term 'Federal banking agency' has the same meaning as in section 3 of the Federal Deposit Insurance Act.

''(t) FINANCIAL INSTITUTION.—The term 'financial institution' means a State or National bank, a State or Federal savings and loan association, a mutual savings bank, a State or Federal credit union, or any other person that, directly or indirectly, holds a transaction account (as defined in section 19(b) of the Federal Reserve Act) belonging to a consumer.

''(u) RESELLER.—The term 'reseller' means a consumer reporting agency that—

''(1) assembles and merges information contained in the database of another consumer reporting agency or multiple consumer reporting agencies concerning any consumer for purposes of furnishing such information to any third party, to the extent of such activities; and

''(2) does not maintain a database of the assembled or merged information from which new consumer reports are produced.

''(v) COMMISSION.—The term 'Commission' means the Federal Trade Commission.

''(w) NATIONWIDE SPECIALTY CONSUMER REPORTING AGENCY.—The term 'nationwide specialty consumer reporting agency' means a consumer reporting agency that compiles and maintains files on consumers on a nationwide basis relating to—

''(1) medical records or payments;

''(2) residential or tenant history;

''(3) check writing history;

''(4) employment history; or

''(5) insurance claims.''.

SEC. 112. FRAUD ALERTS AND ACTIVE DUTY ALERTS.

(a) FRAUD ALERTS.—The Fair Credit Reporting Act (15 U.S.C. 1681 et seq.) is amended by inserting after section 605 the following:

''§ 605A. Identity theft prevention; fraud alerts and active duty alerts

''(a) ONE-CALL FRAUD ALERTS.—

''(1) INITIAL ALERTS.—Upon the direct request of a consumer, or an individual acting on behalf of or as a personal representative of a consumer, who asserts in good faith a suspicion that the consumer has been or is about to become a victim of fraud or related crime, including identity theft, a consumer reporting agency described in section 603(p) that maintains a file on the consumer and has received appropriate proof of the identity of the requester shall—

''(A) include a fraud alert in the file of that consumer, and also provide that alert along with any credit score generated in using that file, for a period of not less than 90 days, beginning on the date of such request, unless the consumer or such representative requests that such fraud alert be removed before the end of such period, and the agency has received appropriate proof of the identity of the requester for such purpose; and

''(B) refer the information regarding the fraud alert under this paragraph to each of the other consumer reporting agencies described in section 603(p), in accordance with procedures developed under section 621(f).

''(2) ACCESS TO FREE REPORTS.—In any case in which a consumer reporting agency includes a fraud alert in the file of a consumer pursuant to this subsection, the consumer reporting agency shall—

''(A) disclose to the consumer that the consumer may request a free copy of the file of the consumer pursuant to section 612(d); and

''(B) provide to the consumer all disclosures required to be made under section 609, without charge to the consumer, not later than 3 business days after any request described in subparagraph (A).

''(b) EXTENDED ALERTS.—

''(1) IN GENERAL.—Upon the direct request of a consumer, or an individual acting on behalf of or as a personal representative of a consumer, who submits an identity theft report to a consumer reporting agency described in section 603(p) that maintains a file on the consumer, if the agency has received appropriate proof of the identity of the requester, the agency shall—

''(A) include a fraud alert in the file of that consumer, and also provide that alert along with any credit score generated in using that file, during the 7-year period beginning on the date of such request, unless the consumer or such representative requests that such fraud alert be removed before the end of such period and the agency has received appropriate proof of the identity of the requester for such purpose;

''(B) during the 5-year period beginning on the date of such request, exclude the consumer from any list of consumers prepared by the consumer reporting agency and provided to any third party to offer credit or insurance to the consumer as part of a transaction that was not initiated by the consumer, unless the consumer or such representative requests that such exclusion be rescinded before the end of such period; and

''(C) refer the information regarding the extended fraud alert under this paragraph to each of the other consumer reporting agencies described in section 603(p), in accordance with procedures developed under section 621(f).

''(2) ACCESS TO FREE REPORTS.—In any case in which a consumer reporting agency includes a fraud alert in the file of a consumer pursuant to this subsection, the consumer reporting agency shall—

''(A) disclose to the consumer that the consumer may request 2 free copies of the file of the consumer pursuant to section 612(d) during the 12-month period beginning on the date on which the fraud alert was included in the file; and

''(B) provide to the consumer all disclosures required to be made under section 609, without charge to the consumer, not later than 3 business days after any request described in subparagraph (A).

''(c) ACTIVE DUTY ALERTS.—Upon the direct request of an active duty military consumer, or an individual acting on behalf of or as a personal representative of an active duty military consumer, a consumer reporting agency described in section 603(p) that maintains a file on the active duty military consumer and has received appropriate proof of the identity of the requester shall—

''(1) include an active duty alert in the file of that active duty military consumer, and also provide that alert along with any credit score generated in using that file, during a period of not less than 12 months, or such longer period as the Commission shall determine, by regulation, beginning on the date of the request, unless the active duty military consumer or such representative requests that such fraud alert be removed before the end of such period, and the agency has received appropriate proof of the identity of the requester for such purpose;

''(2) during the 2-year period beginning on the date of such request, exclude the active duty military consumer from any list of consumers prepared by the consumer reporting agency and provided to any third party to offer credit or insurance to the consumer as part of a transaction that was not initiated by the consumer, unless the consumer requests that such exclusion be rescinded before the end of such period; and

''(3) refer the information regarding the active duty alert to each of the other consumer reporting agencies described in section 603(p), in accordance with procedures developed under section 621(f).

''(d) PROCEDURES.—Each consumer reporting agency described in section 603(p) shall establish policies and procedures to comply with this section, including procedures that inform consumers of the availability of initial, extended, and active duty alerts and procedures that allow consumers and active duty military consumers to request initial, extended, or active duty alerts (as applicable) in a simple and easy manner, including by telephone.

''(e) REFERRALS OF ALERTS.—Each consumer reporting agency described in section 603(p) that receives a referral of a fraud alert or active duty alert from another consumer reporting agency pursuant to this section shall, as though the agency received the request from the consumer directly, follow the procedures required under—

''(1) paragraphs (1)(A) and (2) of subsection (a), in the case of a referral under subsection (a)(1)(B);

''(2) paragraphs (1)(A), (1)(B), and (2) of subsection (b), in the case of a referral under subsection (b)(1)(C); and

''(3) paragraphs (1) and (2) of subsection (c), in the case of a referral under subsection (c)(3).

''(f) DUTY OF RESELLER TO RECONVEY ALERT.—A reseller shall include in its report any fraud alert or active duty alert placed in the file of a consumer pursuant to this section by another consumer reporting agency.

''(g) DUTY OF OTHER CONSUMER REPORTING AGENCIES TO PROVIDE CONTACT INFORMATION.—If a consumer contacts any consumer reporting agency that is not described in section 603(p) to communicate a suspicion that the consumer has been or is about to become a victim of fraud or related crime, including identity theft, the agency shall provide information to the consumer on how to contact the Commission and the consumer reporting agencies described in section 603(p) to obtain more detailed information and request alerts under this section.

''(h) LIMITATIONS ON USE OF INFORMATION FOR CREDIT EXTENSIONS..—

''(1) REQUIREMENTS FOR INITIAL AND ACTIVE DUTY ALERTS.—

''(A) NOTIFICATION.—Each initial fraud alert and active duty alert under this section shall include information that notifies all prospective users of a consumer report on the consumer to which the alert relates that the consumer does not authorize the establishment of any new credit plan or extension of credit, other than under an open-end credit plan (as defined in section 103(i)), in the name of the consumer, or issuance of an additional card on an existing credit account requested by a consumer, or any increase in credit limit on an existing credit account requested by a consumer, except in accordance with subparagraph (B).

''(B) LIMITATION ON USERS.—

''(i) IN GENERAL.—No prospective user of a consumer report that includes an initial fraud alert or an active duty alert in accordance with this section may establish a new credit plan or extension of credit, other than under an open-end credit plan (as defined in section 103(i)), in the name of the consumer, or issue an additional card on an existing credit account requested by a consumer, or grant any increase in credit limit on an existing credit account requested by a consumer, unless the user utilizes reasonable policies and procedures to form a reasonable belief that the user knows the identity of the person making the request.

''(ii) VERIFICATION.—If a consumer requesting the alert has specified a telephone number to be used for identity verification purposes, before authorizing any new credit plan or extension described in clause (i) in the name of such consumer, a user of such consumer report shall contact the consumer using that telephone number or take reasonable steps to verify the consumer's identity and confirm that the application for a new credit plan is not the result of identity theft.

''(2) REQUIREMENTS FOR EXTENDED ALERTS.—

''(A) NOTIFICATION.—Each extended alert under this section shall include information that provides all prospective users of a consumer report relating to a consumer with—

''(i) notification that the consumer does not authorize the establishment of any new credit plan or extension of credit described in clause (i), other than under an open-end credit plan (as defined in section 103(i)), in the name of the consumer, or issuance of an additional card on an existing credit account requested by a consumer, or any increase in credit limit on an existing credit account requested by a consumer, except in accordance with subparagraph (B); and

''(ii) a telephone number or other reasonable contact method designated by the consumer.

''(B) LIMITATION ON USERS.—No prospective user of a consumer report or of a credit score generated using the information in the file of a consumer that includes an extended fraud alert in accordance with this section may establish a new credit plan or extension of credit, other than under an open-end credit plan (as defined in section 103(i)), in the name of the consumer, or issue an additional card on an existing credit account requested by a consumer, or any increase in credit limit on an existing credit account requested by a consumer, unless the user

contacts the consumer in person or using the contact method described in subparagraph (A)(ii) to confirm that the application for a new credit plan or increase in credit limit, or request for an additional card is not the result of identity theft.''.

(b) RULEMAKING.—The Commission shall prescribe regulations to define what constitutes appropriate proof of identity for purposes of sections 605A, 605B, and 609(a)(1) of the Fair Credit Reporting Act, as amended by this Act.

SEC. 113. TRUNCATION OF CREDIT CARD AND DEBIT CARD ACCOUNT NUMBERS.

Section 605 of the Fair Credit Reporting Act (15 U.S.C. 1681c) is amended by adding at the end the following:

''(g) TRUNCATION OF CREDIT CARD AND DEBIT CARD NUMBERS.—

''(1) IN GENERAL.—Except as otherwise provided in this subsection, no person that accepts credit cards or debit cards for the transaction of business shall print more than the last 5 digits of the card number or the expiration date upon any receipt provided to the cardholder at the point of the sale or transaction.

''(2) LIMITATION.—This subsection shall apply only to receipts that are electronically printed, and shall not apply to transactions in which the sole means of recording a credit card or debit card account number is by handwriting or by an imprint or copy of the card.

''(3) EFFECTIVE DATE.—This subsection shall become effective—

''(A) 3 years after the date of enactment of this subsection, with respect to any cash register or other machine or device that electronically prints receipts for credit card or debit card transactions that is in use before January 1, 2005; and

''(B) 1 year after the date of enactment of this subsection, with respect to any cash register or other machine or device that electronically prints receipts for credit card or debit card transactions that is first put into use on or after January 1, 2005.''.

SEC. 114. ESTABLISHMENT OF PROCEDURES FOR THE IDENTIFICATION OF POSSIBLE INSTANCES OF IDENTITY THEFT.

Section 615 of the Fair Credit Reporting Act (15 U.S.C. 1681m) is amended—

(1) by striking ''(e)'' at the end; and

(2) by adding at the end the following:

''(e) RED FLAG GUIDELINES AND REGULATIONS REQUIRED.—

''(1) GUIDELINES.—The Federal banking agencies, the National Credit Union Administration, and the Commission shall jointly, with respect to the entities that are subject to their respective enforcement authority under section 621—

''(A) establish and maintain guidelines for use by each financial institution and each creditor regarding identity theft with respect to account holders at, or customers of, such entities, and update such guidelines as often as necessary;

''(B) prescribe regulations requiring each financial institution and each creditor to establish reasonable policies and procedures for implementing the guidelines established pursuant to subparagraph (A), to identify possible risks to account holders or customers or to the safety and soundness of the institution or customers; and

''(C) prescribe regulations applicable to card issuers to ensure that, if a card issuer receives notification of a change of address for an existing account, and within a short period of time (during at least the first 30 days after such notification is received) receives a request for an additional or replacement card for the same account, the card issuer may not issue the additional or replacement card, unless the card issuer, in accordance with reasonable policies and procedures—

''(i) notifies the cardholder of the request at the former address of the cardholder and provides to the cardholder a means of promptly reporting incorrect address changes;

''(ii) notifies the cardholder of the request by such other means of communication as the cardholder and the card issuer previously agreed to; or

''(iii) uses other means of assessing the validity of the change of address, in accordance with reasonable policies and procedures established by the card issuer in accordance with the regulations prescribed under subparagraph (B).

''(2) CRITERIA.—

''(A) IN GENERAL.—In developing the guidelines required by paragraph (1)(A), the agencies described in paragraph (1) shall identify patterns, practices, and specific forms of activity that indicate the possible existence of identity theft.

''(B) INACTIVE ACCOUNTS.—In developing the guidelines required by paragraph (1)(A), the agencies described in paragraph (1) shall consider including reasonable guidelines providing that when a transaction occurs with respect to a credit or deposit account that has been inactive for more than 2 years, the creditor or financial institution shall follow reasonable policies and procedures that provide for notice to be given to a consumer in a manner reasonably designed to reduce the likelihood of identity theft with respect to such account.

''(3) CONSISTENCY WITH VERIFICATION REQUIREMENTS.—Guidelines established pursuant to paragraph (1) shall not be inconsistent with the policies and procedures required under section 5318(l) of title 31, United States Code.''.

SEC. 115. AUTHORITY TO TRUNCATE SOCIAL SECURITY NUMBERS.

Section 609(a)(1) of the Fair Credit Reporting Act (15 U.S.C. 1681g(a)(1)) is amended by striking ''except that nothing'' and inserting the following: ''except that—

''(A) if the consumer to whom the file relates requests that the first 5 digits of the social security number (or similar identification number) of the consumer not be included in the disclosure and the consumer reporting agency has received appropriate proof of the identity of the requester, the consumer reporting agency shall so truncate such number in such disclosure; and

''(B) nothing''.

Subtitle B—Protection and Restoration of Identity Theft Victim Credit History

SEC. 151. SUMMARY OF RIGHTS OF IDENTITY THEFT VICTIMS.

(a) IN GENERAL.—

(1) SUMMARY.—Section 609 of the Fair Credit Reporting Act (15 U.S.C. 1681g) is amended by adding at the end the following:

''(d) SUMMARY OF RIGHTS OF IDENTITY THEFT VICTIMS.—

''(1) IN GENERAL.—The Commission, in consultation with the Federal banking agencies and the National Credit Union Administration, shall prepare a model summary of the rights of consumers under this title with respect to the procedures for remedying the effects of fraud or identity theft involving credit, an electronic fund transfer, or an account or transaction at or with a financial institution or other creditor.

''(2) SUMMARY OF RIGHTS AND CONTACT INFORMATION.—Beginning 60 days after the date on which the model summary of rights is prescribed in final form by the Commission pursuant to paragraph (1), if any consumer contacts a consumer reporting agency and expresses a belief that the consumer is a victim of fraud or identity theft involving credit, an electronic fund transfer, or an account or transaction at or with a financial institution or other creditor, the consumer reporting agency shall, in addition to any other action that the agency may take, provide the consumer with a summary of rights that contains all of the information required by the Commission under paragraph (1), and information on how to contact the Commission to obtain more detailed information.

''(e) INFORMATION AVAILABLE TO VICTIMS.—

''(1) IN GENERAL.—For the purpose of documenting fraudulent transactions resulting from identity theft, not later than 30 days after the date of receipt of a request from a victim in accordance with paragraph (3), and subject to verification of the identity of the victim and the claim of identity theft in accordance with paragraph (2), a business entity that has provided credit to, provided for consideration products, goods, or services to, accepted payment from, or otherwise entered into a commercial transaction for consideration with, a person who has allegedly made unauthorized use of the means of identification of the victim, shall provide a copy of application and business transaction records in the control of the business entity, whether maintained by the business entity or by another person on behalf of the business entity, evidencing any transaction alleged to be a result of identity theft to—

''(A) the victim;

''(B) any Federal, State, or local government law enforcement agency or officer specified by the victim in such a request; or

''(C) any law enforcement agency investigating the identity theft and authorized by the victim to take receipt of records provided under this subsection.

''(2) VERIFICATION OF IDENTITY AND CLAIM.—Before a business entity provides any information under paragraph (1), unless the business entity, at its discretion, otherwise has a high degree of confidence that it knows the identity of the victim making a request under paragraph (1), the victim shall provide to the business entity—

''(A) as proof of positive identification of the victim, at the election of the business entity—

''(i) the presentation of a government-issued identification card;

''(ii) personally identifying information of the same type as was provided to the business entity by the unauthorized person; or

''(iii) personally identifying information that the business entity typically requests from new applicants or for new transactions, at the time of the victim's request for information, including any documentation described in clauses (i) and (ii); and

''(B) as proof of a claim of identity theft, at the election of the business entity—

''(i) a copy of a police report evidencing the claim of the victim of identity theft; and

''(ii) a properly completed—

''(I) copy of a standardized affidavit of identity theft developed and made available by the Commission; or

''(II) an affidavit of fact that is acceptable to the business entity for that purpose.

''(3) PROCEDURES.—The request of a victim under paragraph (1) shall—

''(A) be in writing;

''(B) be mailed to an address specified by the business entity, if any; and

''(C) if asked by the business entity, include relevant information about any transaction alleged to be a result of identity theft to facilitate compliance with this section including—

''(i) if known by the victim (or if readily obtainable by the victim), the date of the application or transaction; and

''(ii) if known by the victim (or if readily obtainable by the victim), any other identifying information such as an account or transaction number.

''(4) NO CHARGE TO VICTIM.—Information required to be provided under paragraph (1) shall be so provided without charge.

''(5) AUTHORITY TO DECLINE TO PROVIDE INFORMATION.—A business entity may decline to provide information under paragraph (1) if, in

the exercise of good faith, the business entity determines that—

''(A) this subsection does not require disclosure of the information;

''(B) after reviewing the information provided pursuant to paragraph (2), the business entity does not have a high degree of confidence in knowing the true identity of the individual requesting the information;

''(C) the request for the information is based on a misrepresentation of fact by the individual requesting the information relevant to the request for information; or

''(D) the information requested is Internet navigational data or similar information about a person's visit to a website or online service.

''(6) LIMITATION ON LIABILITY.—Except as provided in section 621, sections 616 and 617 do not apply to any violation of this subsection.

''(7) LIMITATION ON CIVIL LIABILITY.—No business entity may be held civilly liable under any provision of Federal, State, or other law for disclosure, made in good faith pursuant to this subsection.

''(8) NO NEW RECORDKEEPING OBLIGATION.—Nothing in this subsection creates an obligation on the part of a business entity to obtain, retain, or maintain information or records that are not otherwise required to be obtained, retained, or maintained in the ordinary course of its business or under other applicable law.

''(9) RULE OF CONSTRUCTION.—

''(A) IN GENERAL.—No provision of subtitle A of title V of Public Law 106–102, prohibiting the disclosure of financial information by a business entity to third parties shall be used to deny disclosure of information to the victim under this subsection.

''(B) LIMITATION.—Except as provided in subparagraph (A), nothing in this subsection permits a business entity to disclose information, including information to law enforcement under subparagraphs (B) and (C) of paragraph (1), that the business entity is otherwise prohibited from disclosing under any other applicable provision of Federal or State law.

''(10) AFFIRMATIVE DEFENSE.—In any civil action brought to enforce this subsection, it is an affirmative defense (which the defendant must establish by a preponderance of the evidence) for a business entity to file an affidavit or answer stating that—

''(A) the business entity has made a reasonably diligent search of its available business records; and

''(B) the records requested under this subsection do not exist or are not reasonably available.

''(11) DEFINITION OF VICTIM.—For purposes of this subsection, the term 'victim' means a consumer whose means of identification or financial information has been used or transferred (or has been alleged to have been used or transferred) without the authority of that consumer, with the intent to commit, or to aid or abet, an identity theft or a similar crime.

''(12) EFFECTIVE DATE.—This subsection shall become effective 180 days after the date of enactment of this subsection.

''(13) EFFECTIVENESS STUDY.—Not later than 18 months after the date of enactment of this subsection, the Comptroller General of the United States shall submit a report to Congress assessing the effectiveness of this provision.''.

(2) RELATION TO STATE LAWS.—Section 625(b)(1) of the Fair Credit Reporting Act (15 U.S.C. 1681t(b)(1), as so redesignated) is amended by adding at the end the following new subparagraph:

''(G) section 609(e), relating to information available to victims under section 609(e);''.

(b) PUBLIC CAMPAIGN TO PREVENT IDENTITY THEFT.—Not later than 2 years after the date of enactment of this Act, the Commission shall establish and implement a media and distribution campaign to teach the public how to prevent identity theft. Such campaign shall include existing Commission education materials, as well as radio, television, and print public service announcements, video cassettes, interactive digital video discs (DVD's) or compact audio discs (CD's), and Internet resources.

SEC. 152. BLOCKING OF INFORMATION RESULTING FROM IDENTITY THEFT.

(a) IN GENERAL.—The Fair Credit Reporting Act (15 U.S.C. 1681 et seq.) is amended by inserting after section 605A, as added by this Act, the following:

''§ 605B. Block of information resulting from identity theft

''(a) BLOCK.—Except as otherwise provided in this section, a consumer reporting agency shall block the reporting of any information in the file of a consumer that the consumer identifies as information that resulted from an alleged identity theft, not later than 4 business days after the date of receipt by such agency of—

''(1) appropriate proof of the identity of the consumer;

''(2) a copy of an identity theft report;

''(3) the identification of such information by the consumer; and

''(4) a statement by the consumer that the information is not information relating to any transaction by the consumer.

''(b) NOTIFICATION.—A consumer reporting agency shall promptly notify the furnisher of information identified by the consumer under subsection (a)—

''(1) that the information may be a result of identity theft;

''(2) that an identity theft report has been filed;

''(3) that a block has been requested under this section; and

''(4) of the effective dates of the block.

''(c) AUTHORITY TO DECLINE OR RESCIND.—

''(1) IN GENERAL.—A consumer reporting agency may decline to block, or may rescind any block, of information relating to a consumer under this section, if the consumer reporting agency reasonably determines that—

''(A) the information was blocked in error or a block was requested by the consumer in error;

''(B) the information was blocked, or a block was requested by the consumer, on the basis of a material misrepresentation of fact by the consumer relevant to the request to block; or

''(C) the consumer obtained possession of goods, services, or money as a result of the blocked transaction or transactions.

''(2) NOTIFICATION TO CONSUMER.—If a block of information is declined or rescinded under this subsection, the affected consumer shall be notified promptly, in the same manner as consumers are notified of the reinsertion of information under section 611(a)(5)(B).

''(3) SIGNIFICANCE OF BLOCK.—For purposes of this subsection, if a consumer reporting agency rescinds a block, the presence of information in the file of a consumer prior to the blocking of such information is not evidence of whether the consumer knew or should have known that the consumer obtained possession of any goods, services, or money as a result of the block.

''(d) EXCEPTION FOR RESELLERS.—

''(1) NO RESELLER FILE.—This section shall not apply to a consumer reporting agency, if the consumer reporting agency—

''(A) is a reseller;

''(B) is not, at the time of the request of the consumer under subsection (a), otherwise furnishing or reselling a consumer report concerning the information identified by the consumer; and

''(C) informs the consumer, by any means, that the consumer may report the identity theft to the Commission to obtain consumer information regarding identity theft.

''(2) RESELLER WITH FILE.—The sole obligation of the consumer reporting agency under this section, with regard to any request of a consumer under this section, shall be to block the consumer report maintained by the consumer reporting agency from any subsequent use, if—

''(A) the consumer, in accordance with the provisions of subsection (a), identifies, to a consumer reporting agency, information in the file of the consumer that resulted from identity theft; and

''(B) the consumer reporting agency is a reseller of the identified information.

''(3) NOTICE.—In carrying out its obligation under paragraph (2), the reseller shall promptly provide a notice to the consumer of the decision to block the file. Such notice shall contain the name, address, and telephone number of each consumer reporting agency from which the consumer information was obtained for resale.

''(e) EXCEPTION FOR VERIFICATION COMPANIES.—The provisions of this section do not apply to a check services company, acting as such, which issues authorizations for the purpose of approving or processing negotiable instruments, electronic fund transfers, or similar methods of payments, except that, beginning 4 business days after receipt of information described in paragraphs (1) through (3) of subsection (a), a check services company shall not report to a national consumer reporting agency described in section 603(p), any information identified in the subject identity theft report as resulting from identity theft.

''(f) ACCESS TO BLOCKED INFORMATION BY LAW ENFORCEMENT AGENCIES.—No provision of this section shall be construed as requiring a consumer reporting agency to prevent a Federal, State, or local law enforcement agency from accessing blocked information in a consumer file to which the agency could otherwise obtain access under this title.''.

(b) CLERICAL AMENDMENT.—The table of sections for the Fair Credit Reporting Act (15 U.S.C. 1681 et seq.) is amended by inserting after the item relating to section 605 the following new items:

''605A. Identity theft prevention; fraud alerts and active duty alerts.

''605B. Block of information resulting from identity theft.''.

SEC. 153. COORDINATION OF IDENTITY THEFT COMPLAINT INVESTIGATIONS.

Section 621 of the Fair Credit Reporting Act (15 U.S.C. 1681s) is amended by adding at the end the following:

''(f) COORDINATION OF CONSUMER COMPLAINT INVESTIGATIONS.—

''(1) IN GENERAL.—Each consumer reporting agency described in section 603(p) shall develop and maintain procedures for the referral to each other such agency of any consumer complaint received by the agency alleging identity theft, or requesting a fraud alert under section 605A or a block under section 605B.

''(2) MODEL FORM AND PROCEDURE FOR REPORTING IDENTITY THEFT.—The Commission, in consultation with the Federal banking agencies and the National Credit Union Administration, shall develop a model form and model procedures to be used by consumers who are victims of identity theft for contacting and informing creditors and consumer reporting agencies of the fraud.

''(3) ANNUAL SUMMARY REPORTS.—Each consumer reporting agency described in section 603(p) shall submit an annual summary report to the Commission on consumer complaints received by the agency on identity theft or fraud alerts.''.

SEC. 154. PREVENTION OF REPOLLUTION OF CONSUMER REPORTS.

(a) PREVENTION OF REINSERTION OF ERRONEOUS INFORMATION.—Section 623(a) of the Fair

Credit Reporting Act (15 U.S.C. 1681s–2(a)) is amended by adding at the end the following:

''(6) DUTIES OF FURNISHERS UPON NOTICE OF IDENTITY THEFT-RELATED INFORMATION.—

''(A) REASONABLE PROCEDURES.—A person that furnishes information to any consumer reporting agency shall have in place reasonable procedures to respond to any notification that it receives from a consumer reporting agency under section 605B relating to information resulting from identity theft, to prevent that person from refurnishing such blocked information.

''(B) INFORMATION ALLEGED TO RESULT FROM IDENTITY THEFT.—If a consumer submits an identity theft report to a person who furnishes information to a consumer reporting agency at the address specified by that person for receiving such reports stating that information maintained by such person that purports to relate to the consumer resulted from identity theft, the person may not furnish such information that purports to relate to the consumer to any consumer reporting agency, unless the person subsequently knows or is informed by the consumer that the information is correct.''.

(b) PROHIBITION ON SALE OR TRANSFER OF DEBT CAUSED BY IDENTITY THEFT.—Section 615 of the Fair Credit Reporting Act (15 U.S.C. 1681m), as amended by this Act, is amended by adding at the end the following:

''(f) PROHIBITION ON SALE OR TRANSFER OF DEBT CAUSED BY IDENTITY THEFT.—

''(1) IN GENERAL.—No person shall sell, transfer for consideration, or place for collection a debt that such person has been notified under section 605B has resulted from identity theft.

''(2) APPLICABILITY.—The prohibitions of this subsection shall apply to all persons collecting a debt described in paragraph (1) after the date of a notification under paragraph (1).

''(3) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to prohibit—

''(A) the repurchase of a debt in any case in which the assignee of the debt requires such repurchase because the debt has resulted from identity theft;

''(B) the securitization of a debt or the pledging of a portfolio of debt as collateral in connection with a borrowing; or

''(C) the transfer of debt as a result of a merger, acquisition, purchase and assumption transaction, or transfer of substantially all of the assets of an entity.''.

SEC. 155. NOTICE BY DEBT COLLECTORS WITH RESPECT TO FRAUDULENT INFORMATION.

Section 615 of the Fair Credit Reporting Act (15 U.S.C. 1681m), as amended by this Act, is amended by adding at the end the following:

''(g) DEBT COLLECTOR COMMUNICATIONS CONCERNING IDENTITY THEFT.—If a person acting as a debt collector (as that term is defined in title VIII) on behalf of a third party that is a creditor or other user of a consumer report is notified that any information relating to a debt that the person is attempting to collect may be fraudulent or may be the result of identity theft, that person shall—

''(1) notify the third party that the information may be fraudulent or may be the result of identity theft; and

''(2) upon request of the consumer to whom the debt purportedly relates, provide to the consumer all information to which the consumer would otherwise be entitled if the consumer were not a victim of identity theft, but wished to dispute the debt under provisions of law applicable to that person.''.

SEC. 156. STATUTE OF LIMITATIONS.

Section 618 of the Fair Credit Reporting Act (15 U.S.C. 1681p) is amended to read as follows:

''§ 618. Jurisdiction of courts; limitation of actions

''An action to enforce any liability created under this title may be brought in any appropriate United States district court, without regard to the amount in controversy, or in any other court of competent jurisdiction, not later than the earlier of—

''(1) 2 years after the date of discovery by the plaintiff of the violation that is the basis for such liability; or

''(2) 5 years after the date on which the violation that is the basis for such liability occurs.''.

SEC. 157. STUDY ON THE USE OF TECHNOLOGY TO COMBAT IDENTITY THEFT.

(a) STUDY REQUIRED.—The Secretary of the Treasury shall conduct a study of the use of biometrics and other similar technologies to reduce the incidence and costs to society of identity theft by providing convincing evidence of who actually performed a given financial transaction.

(b) CONSULTATION.—The Secretary of the Treasury shall consult with Federal banking agencies, the Commission, and representatives of financial institutions, consumer reporting agencies, Federal, State, and local government agencies that issue official forms or means of identification, State prosecutors, law enforcement agencies, the biometric industry, and the general public in formulating and conducting the study required by subsection (a).

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of the Treasury for fiscal year 2004, such sums as may be necessary to carry out the provisions of this section.

(d) REPORT REQUIRED.—Before the end of the 180-day period beginning on the date of enactment of this Act, the Secretary shall submit a report to Congress containing the findings and conclusions of the study required under subsection (a), together with such recommendations for legislative or administrative actions as may be appropriate.

TITLE II—IMPROVEMENTS IN USE OF AND CONSUMER ACCESS TO CREDIT INFORMATION

SEC. 211. FREE CONSUMER REPORTS.

(a) IN GENERAL.—Section 612 of the Fair Credit Reporting Act (15 U.S.C. 1681j) is amended—

(1) by redesignating subsection (a) as subsection (f), and transferring it to the end of the section;

(2) by inserting before subsection (b) the following:

''(a) FREE ANNUAL DISCLOSURE.—

''(1) NATIONWIDE CONSUMER REPORTING AGENCIES.—

''(A) IN GENERAL.—All consumer reporting agencies described in subsections (p) and (w) of section 603 shall make all disclosures pursuant to section 609 once during any 12-month period upon request of the consumer and without charge to the consumer.

''(B) CENTRALIZED SOURCE.—Subparagraph (A) shall apply with respect to a consumer reporting agency described in section 603(p) only if the request from the consumer is made using the centralized source established for such purpose in accordance with section 211(c) of the Fair and Accurate Credit Transactions Act of 2003.

''(C) NATIONWIDE SPECIALTY CONSUMER REPORTING AGENCY.—

''(i) IN GENERAL.—The Commission shall prescribe regulations applicable to each consumer reporting agency described in section 603(w) to require the establishment of a streamlined process for consumers to request consumer reports under subparagraph (A), which shall include, at a minimum, the establishment by each such agency of a toll-free telephone number for such requests.

''(ii) CONSIDERATIONS.—In prescribing regulations under clause (i), the Commission shall consider—

''(I) the significant demands that may be placed on consumer reporting agencies in providing such consumer reports;

''(II) appropriate means to ensure that consumer reporting agencies can satisfactorily meet those demands, including the efficacy of a system of staggering the availability to consumers of such consumer reports; and

''(III) the ease by which consumers should be able to contact consumer reporting agencies with respect to access to such consumer reports.

''(iii) DATE OF ISSUANCE.—The Commission shall issue the regulations required by this subparagraph in final form not later than 6 months after the date of enactment of the Fair and Accurate Credit Transactions Act of 2003.

''(iv) CONSIDERATION OF ABILITY TO COMPLY.—The regulations of the Commission under this subparagraph shall establish an effective date by which each nationwide specialty consumer reporting agency (as defined in section 603(w)) shall be required to comply with subsection (a), which effective date—

''(I) shall be established after consideration of the ability of each nationwide specialty consumer reporting agency to comply with subsection (a); and

''(II) shall be not later than 6 months after the date on which such regulations are issued in final form (or such additional period not to exceed 3 months, as the Commission determines appropriate).

''(2) TIMING.—A consumer reporting agency shall provide a consumer report under paragraph (1) not later than 15 days after the date on which the request is received under paragraph (1).

''(3) REINVESTIGATIONS.—Notwithstanding the time periods specified in section 611(a)(1), a reinvestigation under that section by a consumer reporting agency upon a request of a consumer that is made after receiving a consumer report under this subsection shall be completed not later than 45 days after the date on which the request is received.

''(4) EXCEPTION FOR FIRST 12 MONTHS OF OPERATION.—This subsection shall not apply to a consumer reporting agency that has not been furnishing consumer reports to third parties on a continuing basis during the 12-month period preceding a request under paragraph (1), with respect to consumers residing nationwide.'';

(3) by redesignating subsection (d) as subsection (e);

(4) by inserting before subsection (e), as redesignated, the following:

''(d) FREE DISCLOSURES IN CONNECTION WITH FRAUD ALERTS.—Upon the request of a consumer, a consumer reporting agency described in section 603(p) shall make all disclosures pursuant to section 609 without charge to the consumer, as provided in subsections (a)(2) and (b)(2) of section 605A, as applicable.'';

(5) in subsection (e), as redesignated, by striking ''subsection (a)'' and inserting ''subsection (f)''; and

(6) in subsection (f), as redesignated, by striking ''Except as provided in subsections (b), (c), and (d), a'' and inserting ''In the case of a request from a consumer other than a request that is covered by any of subsections (a) through (d), a''.

(b) CIRCUMVENTION PROHIBITED.—The Fair Credit Reporting Act (15 U.S.C. 1681 et seq.) is amended by adding after section 628, as added by section 216 of this Act, the following new section:

''§ 629. Corporate and technological circumvention prohibited

''The Commission shall prescribe regulations, to become effective not later than 90 days after the date of enactment of this section, to prevent a consumer reporting agency from circumventing or evading treatment as a consumer reporting agency described in section 603(p) for purposes of this title, including—

''(1) by means of a corporate reorganization or restructuring, including a merger, acquisition,

dissolution, divestiture, or asset sale of a consumer reporting agency; or

''(2) by maintaining or merging public record and credit account information in a manner that is substantially equivalent to that described in paragraphs (1) and (2) of section 603(p), in the manner described in section 603(p).''.

(c) SUMMARY OF RIGHTS TO OBTAIN AND DISPUTE INFORMATION IN CONSUMER REPORTS AND TO OBTAIN CREDIT SCORES.—Section 609(c) of the Fair Credit Reporting Act (15 U.S.C. 1681g) is amended to read as follows:

''(c) SUMMARY OF RIGHTS TO OBTAIN AND DISPUTE INFORMATION IN CONSUMER REPORTS AND TO OBTAIN CREDIT SCORES.—

''(1) COMMISSION SUMMARY OF RIGHTS REQUIRED.—

''(A) IN GENERAL.—The Commission shall prepare a model summary of the rights of consumers under this title.

''(B) CONTENT OF SUMMARY.—The summary of rights prepared under subparagraph (A) shall include a description of—

''(i) the right of a consumer to obtain a copy of a consumer report under subsection (a) from each consumer reporting agency;

''(ii) the frequency and circumstances under which a consumer is entitled to receive a consumer report without charge under section 612;

''(iii) the right of a consumer to dispute information in the file of the consumer under section 611;

''(iv) the right of a consumer to obtain a credit score from a consumer reporting agency, and a description of how to obtain a credit score;

''(v) the method by which a consumer can contact, and obtain a consumer report from, a consumer reporting agency without charge, as provided in the regulations of the Commission prescribed under section 211(c) of the Fair and Accurate Credit Transactions Act of 2003; and

''(vi) the method by which a consumer can contact, and obtain a consumer report from, a consumer reporting agency described in section 603(w), as provided in the regulations of the Commission prescribed under section 612(a)(1)(C).

''(C) AVAILABILITY OF SUMMARY OF RIGHTS.—The Commission shall—

''(i) actively publicize the availability of the summary of rights prepared under this paragraph;

''(ii) conspicuously post on its Internet website the availability of such summary of rights; and

''(iii) promptly make such summary of rights available to consumers, on request.

''(2) SUMMARY OF RIGHTS REQUIRED TO BE INCLUDED WITH AGENCY DISCLOSURES.—A consumer reporting agency shall provide to a consumer, with each written disclosure by the agency to the consumer under this section—

''(A) the summary of rights prepared by the Commission under paragraph (1);

''(B) in the case of a consumer reporting agency described in section 603(p), a toll-free telephone number established by the agency, at which personnel are accessible to consumers during normal business hours;

''(C) a list of all Federal agencies responsible for enforcing any provision of this title, and the address and any appropriate phone number of each such agency, in a form that will assist the consumer in selecting the appropriate agency;

''(D) a statement that the consumer may have additional rights under State law, and that the consumer may wish to contact a State or local consumer protection agency or a State attorney general (or the equivalent thereof) to learn of those rights; and

''(E) a statement that a consumer reporting agency is not required to remove accurate derogatory information from the file of a consumer, unless the information is outdated under section 605 or cannot be verified.''.

(d) RULEMAKING REQUIRED.—

(1) IN GENERAL.—The Commission shall prescribe regulations applicable to consumer reporting agencies described in section 603(p) of the Fair Credit Reporting Act, to require the establishment of—

(A) a centralized source through which consumers may obtain a consumer report from each such consumer reporting agency, using a single request, and without charge to the consumer, as provided in section 612(a) of the Fair Credit Reporting Act (as amended by this section); and

(B) a standardized form for a consumer to make such a request for a consumer report by mail or through an Internet website.

(2) CONSIDERATIONS.—In prescribing regulations under paragraph (1), the Commission shall consider—

(A) the significant demands that may be placed on consumer reporting agencies in providing such consumer reports;

(B) appropriate means to ensure that consumer reporting agencies can satisfactorily meet those demands, including the efficacy of a system of staggering the availability to consumers of such consumer reports; and

(C) the ease by which consumers should be able to contact consumer reporting agencies with respect to access to such consumer reports.

(3) CENTRALIZED SOURCE.—The centralized source for a request for a consumer report from a consumer required by this subsection shall provide for—

(A) a toll-free telephone number for such purpose;

(B) use of an Internet website for such purpose; and

(C) a process for requests by mail for such purpose.

(4) TRANSITION.—The regulations of the Commission under paragraph (1) shall provide for an orderly transition by consumer reporting agencies described in section 603(p) of the Fair Credit Reporting Act to the centralized source for consumer report distribution required by section 612(a)(1)(B), as amended by this section, in a manner that—

(A) does not temporarily overwhelm such consumer reporting agencies with requests for disclosures of consumer reports beyond their capacity to deliver; and

(B) does not deny creditors, other users, and consumers access to consumer reports on a time-sensitive basis for specific purposes, such as home purchases or suspicions of identity theft, during the transition period.

(5) TIMING.—Regulations required by this subsection shall—

(A) be issued in final form not later than 6 months after the date of enactment of this Act; and

(B) become effective not later than 6 months after the date on which they are issued in final form.

(6) SCOPE OF REGULATIONS.—

(A) IN GENERAL.—The Commission shall, by rule, determine whether to require a consumer reporting agency that compiles and maintains files on consumers on substantially a nationwide basis, other than one described in section 603(p) of the Fair Credit Reporting Act, to make free consumer reports available upon consumer request, and if so, whether such consumer reporting agencies should make such free reports available through the centralized source described in paragraph (1)(A).

(B) CONSIDERATIONS.—Before making any determination under subparagraph (A), the Commission shall consider—

(i) the number of requests for consumer reports to, and the number of consumer reports generated by, the consumer reporting agency, in comparison with consumer reporting agencies described in subsections (p) and (w) of section 603 of the Fair Credit Reporting Act;

(ii) the overall scope of the operations of the consumer reporting agency;

(iii) the needs of consumers for access to consumer reports provided by consumer reporting agencies free of charge;

(iv) the costs of providing access to consumer reports by consumer reporting agencies free of charge; and

(v) the effects on the ongoing competitive viability of such consumer reporting agencies if such free access is required.

SEC. 212. DISCLOSURE OF CREDIT SCORES.

(a) STATEMENT ON AVAILABILITY OF CREDIT SCORES.—Section 609(a) of the Fair Credit Reporting Act (15 U.S.C. 1681g(a)) is amended by adding at the end the following new paragraph:

''(6) If the consumer requests the credit file and not the credit score, a statement that the consumer may request and obtain a credit score.''.

(b) DISCLOSURE OF CREDIT SCORES.—Section 609 of the Fair Credit Reporting Act (15 U.S.C. 1681g), as amended by this Act, is amended by adding at the end the following:

''(f) DISCLOSURE OF CREDIT SCORES.—

''(1) IN GENERAL.—Upon the request of a consumer for a credit score, a consumer reporting agency shall supply to the consumer a statement indicating that the information and credit scoring model may be different than the credit score that may be used by the lender, and a notice which shall include—

''(A) the current credit score of the consumer or the most recent credit score of the consumer that was previously calculated by the credit reporting agency for a purpose related to the extension of credit;

''(B) the range of possible credit scores under the model used;

''(C) all of the key factors that adversely affected the credit score of the consumer in the model used, the total number of which shall not exceed 4, subject to paragraph (9);

''(D) the date on which the credit score was created; and

''(E) the name of the person or entity that provided the credit score or credit file upon which the credit score was created.

''(2) DEFINITIONS.—For purposes of this subsection, the following definitions shall apply:

''(A) CREDIT SCORE.—The term 'credit score'—

''(i) means a numerical value or a categorization derived from a statistical tool or modeling system used by a person who makes or arranges a loan to predict the likelihood of certain credit behaviors, including default (and the numerical value or the categorization derived from such analysis may also be referred to as a 'risk predictor' or 'risk score'); and

''(ii) does not include—

''(I) any mortgage score or rating of an automated underwriting system that considers one or more factors in addition to credit information, including the loan to value ratio, the amount of down payment, or the financial assets of a consumer; or

''(II) any other elements of the underwriting process or underwriting decision.

''(B) KEY FACTORS.—The term 'key factors' means all relevant elements or reasons adversely affecting the credit score for the particular individual, listed in the order of their importance based on their effect on the credit score.

''(3) TIMEFRAME AND MANNER OF DISCLOSURE.—The information required by this subsection shall be provided in the same timeframe and manner as the information described in subsection (a).

''(4) APPLICABILITY TO CERTAIN USES.—This subsection shall not be construed so as to compel a consumer reporting agency to develop or disclose a score if the agency does not—

''(A) distribute scores that are used in connection with residential real property loans; or

''(B) develop scores that assist credit providers in understanding the general credit behavior of a consumer and predicting the future credit behavior of the consumer.

''(5) APPLICABILITY TO CREDIT SCORES DEVELOPED BY ANOTHER PERSON.—

''(A) IN GENERAL.—This subsection shall not be construed to require a consumer reporting agency that distributes credit scores developed by another person or entity to provide a further explanation of them, or to process a dispute arising pursuant to section 611, except that the consumer reporting agency shall provide the consumer with the name and address and website for contacting the person or entity who developed the score or developed the methodology of the score.

''(B) EXCEPTION.—This paragraph shall not apply to a consumer reporting agency that develops or modifies scores that are developed by another person or entity.

''(6) MAINTENANCE OF CREDIT SCORES NOT REQUIRED.—This subsection shall not be construed to require a consumer reporting agency to maintain credit scores in its files.

''(7) COMPLIANCE IN CERTAIN CASES.—In complying with this subsection, a consumer reporting agency shall—

''(A) supply the consumer with a credit score that is derived from a credit scoring model that is widely distributed to users by that consumer reporting agency in connection with residential real property loans or with a credit score that assists the consumer in understanding the credit scoring assessment of the credit behavior of the consumer and predictions about the future credit behavior of the consumer; and

''(B) a statement indicating that the information and credit scoring model may be different than that used by the lender.

''(8) FAIR AND REASONABLE FEE.—A consumer reporting agency may charge a fair and reasonable fee, as determined by the Commission, for providing the information required under this subsection.

''(9) USE OF ENQUIRIES AS A KEY FACTOR.—If a key factor that adversely affects the credit score of a consumer consists of the number of enquiries made with respect to a consumer report, that factor shall be included in the disclosure pursuant to paragraph (1)(C) without regard to the numerical limitation in such paragraph.''.

(c) DISCLOSURE OF CREDIT SCORES BY CERTAIN MORTGAGE LENDERS.—Section 609 of the Fair Credit Reporting Act (15 U.S.C. 1681g), as amended by this Act, is amended by adding at the end the following:

''(g) DISCLOSURE OF CREDIT SCORES BY CERTAIN MORTGAGE LENDERS.—

''(1) IN GENERAL.—Any person who makes or arranges loans and who uses a consumer credit score, as defined in subsection (f), in connection with an application initiated or sought by a consumer for a closed end loan or the establishment of an open end loan for a consumer purpose that is secured by 1 to 4 units of residential real property (hereafter in this subsection referred to as the 'lender') shall provide the following to the consumer as soon as reasonably practicable:

''(A) INFORMATION REQUIRED UNDER SUBSECTION (f).—

''(i) IN GENERAL.—A copy of the information identified in subsection (f) that was obtained from a consumer reporting agency or was developed and used by the user of the information.

''(ii) NOTICE UNDER SUBPARAGRAPH (D).—In addition to the information provided to it by a third party that provided the credit score or scores, a lender is only required to provide the notice contained in subparagraph (D).

''(B) DISCLOSURES IN CASE OF AUTOMATED UNDERWRITING SYSTEM.—

''(i) IN GENERAL.—If a person that is subject to this subsection uses an automated underwriting system to underwrite a loan, that person may satisfy the obligation to provide a credit score by disclosing a credit score and associated key factors supplied by a consumer reporting agency.

''(ii) NUMERICAL CREDIT SCORE.—However, if a numerical credit score is generated by an automated underwriting system used by an enterprise, and that score is disclosed to the person, the score shall be disclosed to the consumer consistent with subparagraph (C).

''(iii) ENTERPRISE DEFINED.—For purposes of this subparagraph, the term 'enterprise' has the same meaning as in paragraph (6) of section 1303 of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992.

''(C) DISCLOSURES OF CREDIT SCORES NOT OBTAINED FROM A CONSUMER REPORTING AGENCY.—A person that is subject to the provisions of this subsection and that uses a credit score, other than a credit score provided by a consumer reporting agency, may satisfy the obligation to provide a credit score by disclosing a credit score and associated key factors supplied by a consumer reporting agency.

''(D) NOTICE TO HOME LOAN APPLICANTS.—A copy of the following notice, which shall include the name, address, and telephone number of each consumer reporting agency providing a credit score that was used:

'''NOTICE TO THE HOME LOAN APPLICANT

'''In connection with your application for a home loan, the lender must disclose to you the score that a consumer reporting agency distributed to users and the lender used in connection with your home loan, and the key factors affecting your credit scores.

'''The credit score is a computer generated summary calculated at the time of the request and based on information that a consumer reporting agency or lender has on file. The scores are based on data about your credit history and payment patterns. Credit scores are important because they are used to assist the lender in determining whether you will obtain a loan. They may also be used to determine what interest rate you may be offered on the mortgage. Credit scores can change over time, depending on your conduct, how your credit history and payment patterns change, and how credit scoring technologies change.

'''Because the score is based on information in your credit history, it is very important that you review the credit-related information that is being furnished to make sure it is accurate. Credit records may vary from one company to another.

'''If you have questions about your credit score or the credit information that is furnished to you, contact the consumer reporting agency at the address and telephone number provided with this notice, or contact the lender, if the lender developed or generated the credit score. The consumer reporting agency plays no part in the decision to take any action on the loan application and is unable to provide you with specific reasons for the decision on a loan application.

'''If you have questions concerning the terms of the loan, contact the lender.'.

''(E) ACTIONS NOT REQUIRED UNDER THIS SUBSECTION.—This subsection shall not require any person to—

''(i) explain the information provided pursuant to subsection (f);

''(ii) disclose any information other than a credit score or key factors, as defined in subsection (f);

''(iii) disclose any credit score or related information obtained by the user after a loan has closed;

''(iv) provide more than 1 disclosure per loan transaction; or

''(v) provide the disclosure required by this subsection when another person has made the disclosure to the consumer for that loan transaction.

''(F) NO OBLIGATION FOR CONTENT.—

''(i) IN GENERAL.—The obligation of any person pursuant to this subsection shall be limited solely to providing a copy of the information that was received from the consumer reporting agency.

''(ii) LIMIT ON LIABILITY.—No person has liability under this subsection for the content of that information or for the omission of any information within the report provided by the consumer reporting agency.

''(G) PERSON DEFINED AS EXCLUDING ENTERPRISE.—As used in this subsection, the term 'person' does not include an enterprise (as defined in paragraph (6) of section 1303 of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992).

''(2) PROHIBITION ON DISCLOSURE CLAUSES NULL AND VOID.—

''(A) IN GENERAL.—Any provision in a contract that prohibits the disclosure of a credit score by a person who makes or arranges loans or a consumer reporting agency is void.

''(B) NO LIABILITY FOR DISCLOSURE UNDER THIS SUBSECTION.—A lender shall not have liability under any contractual provision for disclosure of a credit score pursuant to this subsection.''.

(d) INCLUSION OF KEY FACTOR IN CREDIT SCORE INFORMATION IN CONSUMER REPORT.—Section 605(d) of the Fair Credit Reporting Act (15 U.S.C. 1681c(d)) is amended—

(1) by striking ''DISCLOSED.—Any consumer reporting agency'' and inserting ''DISCLOSED.—

''(1) TITLE 11 INFORMATION.—Any consumer reporting agency''; and

(2) by adding at the end the following new paragraph:

''(2) KEY FACTOR IN CREDIT SCORE INFORMATION.—Any consumer reporting agency that furnishes a consumer report that contains any credit score or any other risk score or predictor on any consumer shall include in the report a clear and conspicuous statement that a key factor (as defined in section 609(f)(2)(B)) that adversely affected such score or predictor was the number of enquiries, if such a predictor was in fact a key factor that adversely affected such score. This paragraph shall not apply to a check services company, acting as such, which issues authorizations for the purpose of approving or processing negotiable instruments, electronic fund transfers, or similar methods of payments, but only to the extent that such company is engaged in such activities.''.

(e) TECHNICAL AND CONFORMING AMENDMENTS.—Section 625(b) of the Fair Credit Reporting Act (15 U.S.C. 1681t(b)), as so designated by section 214 of this Act, is amended—

(1) by striking ''or'' at the end of paragraph (2); and

(2) by striking paragraph (3) and inserting the following:

''(3) with respect to the disclosures required to be made under subsection (c), (d), (e), or (g) of section 609, or subsection (f) of section 609 relating to the disclosure of credit scores for credit granting purposes, except that this paragraph—

''(A) shall not apply with respect to sections 1785.10, 1785.16, and 1785.20.2 of the California Civil Code (as in effect on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003) and section 1785.15 through section 1785.15.2 of such Code (as in effect on such date);

''(B) shall not apply with respect to sections 5–3–106(2) and 212–14.3–104.3 of the Colorado Revised Statutes (as in effect on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003); and

''(C) shall not be construed as limiting, annulling, affecting, or superseding any provision of the laws of any State regulating the use in an insurance activity, or regulating disclosures concerning such use, of a credit-based insurance score of a consumer by any person engaged in the business of insurance;

''(4) with respect to the frequency of any disclosure under section 612(a), except that this paragraph shall not apply—

''(A) with respect to section 12–14.3–105(1)(d) of the Colorado Revised Statutes (as in effect on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003);

''(B) with respect to section 10–1–393(29)(C) of the Georgia Code (as in effect on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003);

''(C) with respect to section 1316.2 of title 10 of the Maine Revised Statutes (as in effect on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003);

''(D) with respect to sections 14–1209(a)(1) and 14–1209(b)(1)(i) of the Commercial Law Article of the Code of Maryland (as in effect on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003);

''(E) with respect to section 59(d) and section 59(e) of chapter 93 of the General Laws of Massachusetts (as in effect on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003);

''(F) with respect to section 56:11–37.10(a)(1) of the New Jersey Revised Statutes (as in effect on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003); or

''(G) with respect to section 2480c(a)(1) of title 9 of the Vermont Statutes Annotated (as in effect on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003); or''.

SEC. 213. ENHANCED DISCLOSURE OF THE MEANS AVAILABLE TO OPT OUT OF PRESCREENED LISTS.

(a) NOTICE AND RESPONSE FORMAT FOR USERS OF REPORTS.—Section 615(d)(2) of the Fair Credit Reporting Act (15 U.S.C. 1681m(d)(2)) is amended to read as follows:

''(2) DISCLOSURE OF ADDRESS AND TELEPHONE NUMBER; FORMAT.—A statement under paragraph (1) shall—

''(A) include the address and toll-free telephone number of the appropriate notification system established under section 604(e); and

''(B) be presented in such format and in such type size and manner as to be simple and easy to understand, as established by the Commission, by rule, in consultation with the Federal banking agencies and the National Credit Union Administration.''.

(b) RULEMAKING SCHEDULE.—Regulations required by section 615(d)(2) of the Fair Credit Reporting Act, as amended by this section, shall be issued in final form not later than 1 year after the date of enactment of this Act.

(c) DURATION OF ELECTIONS.—Section 604(e) of the Fair Credit Reporting Act (15 U.S.C. 1681b(e)) is amended in each of paragraphs (3)(A) and (4)(B)(i)), by striking ''2-year period'' each place that term appears and inserting ''5-year period''.

(d) PUBLIC AWARENESS CAMPAIGN.—The Commission shall actively publicize and conspicuously post on its website any address and the toll-free telephone number established as part of a notification system for opting out of prescreening under section 604(e) of the Fair Credit Reporting Act (15 U.S.C. 1681b(e)), and otherwise take measures to increase public awareness regarding the availability of the right to opt out of prescreening.

(e) ANALYSIS OF FURTHER RESTRICTIONS ON OFFERS OF CREDIT OR INSURANCE.—

(1) IN GENERAL.—The Board shall conduct a study of—

(A) the ability of consumers to avoid receiving written offers of credit or insurance in connection with transactions not initiated by the consumer; and

(B) the potential impact that any further restrictions on providing consumers with such written offers of credit or insurance would have on consumers.

(2) REPORT.—The Board shall submit a report summarizing the results of the study required under paragraph (1) to the Congress not later than 12 months after the date of enactment of this Act, together with such recommendations for legislative or administrative action as the Board may determine to be appropriate.

(3) CONTENT OF REPORT.—The report described in paragraph (2) shall address the following issues:

(A) The current statutory or voluntary mechanisms that are available to a consumer to notify lenders and insurance providers that the consumer does not wish to receive written offers of credit or insurance.

(B) The extent to which consumers are currently utilizing existing statutory and voluntary mechanisms to avoid receiving offers of credit or insurance.

(C) The benefits provided to consumers as a result of receiving written offers of credit or insurance.

(D) Whether consumers incur significant costs or are otherwise adversely affected by the receipt of written offers of credit or insurance.

(E) Whether further restricting the ability of lenders and insurers to provide written offers of credit or insurance to consumers would affect—

(i) the cost consumers pay to obtain credit or insurance;

(ii) the availability of credit or insurance;

(iii) consumers' knowledge about new or alternative products and services;

(iv) the ability of lenders or insurers to compete with one another; and

(v) the ability to offer credit or insurance products to consumers who have been traditionally underserved.

SEC. 214. AFFILIATE SHARING.

(a) LIMITATION.—The Fair Credit Reporting Act (15 U.S.C. 1601 et seq.) is amended—

(1) by redesignating sections 624 (15 U.S.C. 1681t), 625 (15 U.S.C. 1681u), and 626 (15 U.S.C. 6181v) as sections 625, 626, and 627, respectively; and

(2) by inserting after section 623 the following:

''§ 624. Affiliate sharing

''(a) SPECIAL RULE FOR SOLICITATION FOR PURPOSES OF MARKETING.—

''(1) NOTICE.—Any person that receives from another person related to it by common ownership or affiliated by corporate control a communication of information that would be a consumer report, but for clauses (i), (ii), and (iii) of section 603(d)(2)(A), may not use the information to make a solicitation for marketing purposes to a consumer about its products or services, unless—

''(A) it is clearly and conspicuously disclosed to the consumer that the information may be communicated among such persons for purposes of making such solicitations to the consumer; and

''(B) the consumer is provided an opportunity and a simple method to prohibit the making of such solicitations to the consumer by such person.

''(2) CONSUMER CHOICE.—

''(A) IN GENERAL.—The notice required under paragraph (1) shall allow the consumer the opportunity to prohibit all solicitations referred to in such paragraph, and may allow the consumer to choose from different options when electing to prohibit the sending of such solicitations, including options regarding the types of entities and information covered, and which methods of delivering solicitations the consumer elects to prohibit.

''(B) FORMAT.—Notwithstanding subparagraph (A), the notice required under paragraph (1) shall be clear, conspicuous, and concise, and any method provided under paragraph (1)(B) shall be simple. The regulations prescribed to implement this section shall provide specific guidance regarding how to comply with such standards.

''(3) DURATION.—

''(A) IN GENERAL.—The election of a consumer pursuant to paragraph (1)(B) to prohibit the making of solicitations shall be effective for at least 5 years, beginning on the date on which the person receives the election of the consumer, unless the consumer requests that such election be revoked.

''(B) NOTICE UPON EXPIRATION OF EFFECTIVE PERIOD.—At such time as the election of a consumer pursuant to paragraph (1)(B) is no longer effective, a person may not use information that the person receives in the manner described in paragraph (1) to make any solicitation for marketing purposes to the consumer, unless the consumer receives a notice and an opportunity, using a simple method, to extend the opt-out for another period of at least 5 years, pursuant to the procedures described in paragraph (1).

''(4) SCOPE.—This section shall not apply to a person—

''(A) using information to make a solicitation for marketing purposes to a consumer with whom the person has a pre-existing business relationship;

''(B) using information to facilitate communications to an individual for whose benefit the person provides employee benefit or other services pursuant to a contract with an employer related to and arising out of the current employment relationship or status of the individual as a participant or beneficiary of an employee benefit plan;

''(C) using information to perform services on behalf of another person related by common ownership or affiliated by corporate control, except that this subparagraph shall not be construed as permitting a person to send solicitations on behalf of another person, if such other person would not be permitted to send the solicitation on its own behalf as a result of the election of the consumer to prohibit solicitations under paragraph (1)(B);

''(D) using information in response to a communication initiated by the consumer;

''(E) using information in response to solicitations authorized or requested by the consumer; or

''(F) if compliance with this section by that person would prevent compliance by that person with any provision of State insurance laws pertaining to unfair discrimination in any State in which the person is lawfully doing business.

''(5) NO RETROACTIVITY.—This subsection shall not prohibit the use of information to send a solicitation to a consumer if such information was received prior to the date on which persons are required to comply with regulations implementing this subsection.

''(b) NOTICE FOR OTHER PURPOSES PERMISSIBLE.—A notice or other disclosure under this section may be coordinated and consolidated with any other notice required to be issued under any other provision of law by a person that is subject to this section, and a notice or other disclosure that is equivalent to the notice required by subsection (a), and that is provided by a person described in subsection (a) to a consumer together with disclosures required by any other provision of law, shall satisfy the requirements of subsection (a).

''(c) USER REQUIREMENTS.—Requirements with respect to the use by a person of information received from another person related to it

by common ownership or affiliated by corporate control, such as the requirements of this section, constitute requirements with respect to the exchange of information among persons affiliated by common ownership or common corporate control, within the meaning of section 625(b)(2).

''(d) DEFINITIONS.—For purposes of this section, the following definitions shall apply:

''(1) PRE-EXISTING BUSINESS RELATIONSHIP.—The term 'pre-existing business relationship' means a relationship between a person, or a person's licensed agent, and a consumer, based on—

''(A) a financial contract between a person and a consumer which is in force;

''(B) the purchase, rental, or lease by the consumer of that person's goods or services, or a financial transaction (including holding an active account or a policy in force or having another continuing relationship) between the consumer and that person during the 18-month period immediately preceding the date on which the consumer is sent a solicitation covered by this section;

''(C) an inquiry or application by the consumer regarding a product or service offered by that person, during the 3-month period immediately preceding the date on which the consumer is sent a solicitation covered by this section; or

''(D) any other pre-existing customer relationship defined in the regulations implementing this section.

''(2) SOLICITATION.—The term 'solicitation' means the marketing of a product or service initiated by a person to a particular consumer that is based on an exchange of information described in subsection (a), and is intended to encourage the consumer to purchase such product or service, but does not include communications that are directed at the general public or determined not to be a solicitation by the regulations prescribed under this section.''.

(b) RULEMAKING REQUIRED.—

(1) IN GENERAL.—The Federal banking agencies, the National Credit Union Administration, and the Commission, with respect to the entities that are subject to their respective enforcement authority under section 621 of the Fair Credit Reporting Act and the Securities and Exchange Commission, and in coordination as described in paragraph (2), shall prescribe regulations to implement section 624 of the Fair Credit Reporting Act, as added by this section.

(2) COORDINATION.—Each agency required to prescribe regulations under paragraph (1) shall consult and coordinate with each other such agency so that, to the extent possible, the regulations prescribed by each such entity are consistent and comparable with the regulations prescribed by each other such agency.

(3) CONSIDERATIONS.—In promulgating regulations under this subsection, each agency referred to in paragraph (1) shall—

(A) ensure that affiliate sharing notification methods provide a simple means for consumers to make determinations and choices under section 624 of the Fair Credit Reporting Act, as added by this section;

(B) consider the affiliate sharing notification practices employed on the date of enactment of this Act by persons that will be subject to that section 624; and

(C) ensure that notices and disclosures may be coordinated and consolidated, as provided in subsection (b) of that section 624.

(4) TIMING.—Regulations required by this subsection shall—

(A) be issued in final form not later than 9 months after the date of enactment of this Act; and

(B) become effective not later than 6 months after the date on which they are issued in final form.

(c) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) DEFINITIONS.—Section 603(d)(2)(A) of the Fair Credit Reporting Act (15 U.S.C. 1681(d)(2)(A)) is amended by inserting ''subject to section 624,'' after ''(A)''.

(2) RELATION TO STATE LAWS.—Section 625(b)(1) of the Fair Credit Reporting Act (15 U.S.C. 1681t(b)(1)), as so designated by subsection (a) of this section, is amended—

(A) by striking ''or'' after the semicolon at the end of subparagraph (E); and

(B) by adding at the end the following new subparagraph:

''(H) section 624, relating to the exchange and use of information to make a solicitation for marketing purposes; or''.

(3) CROSS REFERENCE CORRECTION.—Section 627(d) of the Fair Credit Reporting Act (15 U.S.C. 1681v(d)), as so designated by subsection (a) of this section, is amended by striking ''section 625'' and inserting ''section 626''.

(4) TABLE OF SECTIONS.—The table of sections for title VI of the Consumer Credit Protection Act (15 U.S.C. 1601 et seq.) is amended by striking the items relating to sections 624 through 626 and inserting the following:

''624. Affiliate sharing.
''625. Relation to State laws.
''626. Disclosures to FBI for counterintelligence purposes.
''627. Disclosures to governmental agencies for counterintelligence purposes.''

(e) STUDIES OF INFORMATION SHARING PRACTICES.—

(1) IN GENERAL.—The Federal banking agencies, the National Credit Union Administration, and the Commission shall jointly conduct regular studies of the consumer information sharing practices by financial institutions and other persons that are creditors or users of consumer reports with their affiliates.

(2) MATTERS FOR STUDY.—In conducting the studies required by paragraph (1), the agencies described in paragraph (1) shall—

(A) identify—

(i) the purposes for which financial institutions and other creditors and users of consumer reports share consumer information;

(ii) the types of information shared by such entities with their affiliates;

(iii) the number of choices provided to consumers with respect to the control of such sharing, and the degree to and manner in which consumers exercise such choices, if at all; and

(iv) whether such entities share or may share personally identifiable transaction or experience information with affiliates for purposes—

(I) that are related to employment or hiring, including whether the person that is the subject of such information is given notice of such sharing, and the specific uses of such shared information; or

(II) of general publication of such information; and

(B) specifically examine the information sharing practices that financial institutions and other creditors and users of consumer reports and their affiliates employ for the purpose of making underwriting decisions or credit evaluations of consumers.

(3) REPORTS.—

(A) INITIAL REPORT.—Not later than 3 years after the date of enactment of this Act, the Federal banking agencies, the National Credit Union Administration, and the Commission shall jointly submit a report to the Congress on the results of the initial study conducted in accordance with this subsection, together with any recommendations for legislative or regulatory action.

(B) FOLLOWUP REPORTS.—The Federal banking agencies, the National Credit Union Administration, and the Commission shall, not less frequently than once every 3 years following the date of submission of the initial report under subparagraph (A), jointly submit a report to the Congress that, together with any recommendations for legislative or regulatory action—

(i) documents any changes in the areas of study referred to in paragraph (2)(A) occurring since the date of submission of the previous report;

(ii) identifies any changes in the practices of financial institutions and other creditors and users of consumer reports in sharing consumer information with their affiliates for the purpose of making underwriting decisions or credit evaluations of consumers occurring since the date of submission of the previous report; and

(iii) examines the effects that changes described in clause (ii) have had, if any, on the degree to which such affiliate sharing practices reduce the need for financial institutions, creditors, and other users of consumer reports to rely on consumer reports for such decisions.

SEC. 215. STUDY OF EFFECTS OF CREDIT SCORES AND CREDIT-BASED INSURANCE SCORES ON AVAILABILITY AND AFFORDABILITY OF FINANCIAL PRODUCTS.

(a) STUDY REQUIRED.—The Commission and the Board, in consultation with the Office of Fair Housing and Equal Opportunity of the Department of Housing and Urban Development, shall conduct a study of—

(1) the effects of the use of credit scores and credit-based insurance scores on the availability and affordability of financial products and services, including credit cards, mortgages, auto loans, and property and casualty insurance;

(2) the statistical relationship, utilizing a multivariate analysis that controls for prohibited factors under the Equal Credit Opportunity Act and other known risk factors, between credit scores and credit-based insurance scores and the quantifiable risks and actual losses experienced by businesses;

(3) the extent to which, if any, the use of credit scoring models, credit scores, and credit-based insurance scores impact on the availability and affordability of credit and insurance to the extent information is currently available or is available through proxies, by geography, income, ethnicity, race, color, religion, national origin, age, sex, marital status, and creed, including the extent to which the consideration or lack of consideration of certain factors by credit scoring systems could result in negative or differential treatment of protected classes under the Equal Credit Opportunity Act, and the extent to which, if any, the use of underwriting systems relying on these models could achieve comparable results through the use of factors with less negative impact; and

(4) the extent to which credit scoring systems are used by businesses, the factors considered by such systems, and the effects of variables which are not considered by such systems.

(b) PUBLIC PARTICIPATION.—The Commission shall seek public input about the prescribed methodology and research design of the study described in subsection (a), including from relevant Federal regulators, State insurance regulators, community, civil rights, consumer, and housing groups.

(c) REPORT REQUIRED.—

(1) IN GENERAL.—Before the end of the 24-month period beginning on the date of enactment of this Act, the Commission shall submit a detailed report on the study conducted pursuant to subsection (a) to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate.

(2) CONTENTS OF REPORT.—The report submitted under paragraph (1) shall include the findings and conclusions of the Commission, recommendations to address specific areas of

concerns addressed in the study, and recommendations for legislative or administrative action that the Commission may determine to be necessary to ensure that credit and credit-based insurance scores are used appropriately and fairly to avoid negative effects.

SEC. 216. DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS.

(a) IN GENERAL.—The Fair Credit Reporting Act (15 U.S.C. 1681 et seq.), as amended by this Act, is amended by adding at the end the following:

''§ 628. Disposal of records

''(a) REGULATIONS.—

''(1) IN GENERAL.—Not later than 1 year after the date of enactment of this section, the Federal banking agencies, the National Credit Union Administration, and the Commission with respect to the entities that are subject to their respective enforcement authority under section 621, and the Securities and Exchange Commission, and in coordination as described in paragraph (2), shall issue final regulations requiring any person that maintains or otherwise possesses consumer information, or any compilation of consumer information, derived from consumer reports for a business purpose to properly dispose of any such information or compilation.

''(2) COORDINATION.—Each agency required to prescribe regulations under paragraph (1) shall—

''(A) consult and coordinate with each other such agency so that, to the extent possible, the regulations prescribed by each such agency are consistent and comparable with the regulations by each such other agency; and

''(B) ensure that such regulations are consistent with the requirements and regulations issued pursuant to Public Law 106–102 and other provisions of Federal law.

''(3) EXEMPTION AUTHORITY.—In issuing regulations under this section, the Federal banking agencies, the National Credit Union Administration, the Commission, and the Securities and Exchange Commission may exempt any person or class of persons from application of those regulations, as such agency deems appropriate to carry out the purpose of this section.

''(b) RULE OF CONSTRUCTION.—Nothing in this section shall be construed—

''(1) to require a person to maintain or destroy any record pertaining to a consumer that is not imposed under other law; or

''(2) to alter or affect any requirement imposed under any other provision of law to maintain or destroy such a record.''.

(b) CLERICAL AMENDMENT.—The table of sections for title VI of the Consumer Credit Protection Act (15 U.S.C. 1601 et seq.) is amended by inserting after the item relating to section 627, as added by section 214 of this Act, the following:

''628. Disposal of records.
''629. Corporate and technological circumvention prohibited.''.

SEC. 217. REQUIREMENT TO DISCLOSE COMMUNICATIONS TO A CONSUMER REPORTING AGENCY.

(a) IN GENERAL.—Section 623(a) of the Fair Credit Reporting Act (15 U.S.C. 1681s–2(a)) as amended by this Act, is amended by inserting after paragraph (6), the following new paragraph:

''(7) NEGATIVE INFORMATION.—

''(A) NOTICE TO CONSUMER REQUIRED.—

''(i) IN GENERAL.—If any financial institution that extends credit and regularly and in the ordinary course of business furnishes information to a consumer reporting agency described in section 603(p) furnishes negative information to such an agency regarding credit extended to a customer, the financial institution shall provide a notice of such furnishing of negative information, in writing, to the customer.

''(ii) NOTICE EFFECTIVE FOR SUBSEQUENT SUBMISSIONS.—After providing such notice, the financial institution may submit additional negative information to a consumer reporting agency described in section 603(p) with respect to the same transaction, extension of credit, account, or customer without providing additional notice to the customer.

''(B) TIME OF NOTICE.—

''(i) IN GENERAL.—The notice required under subparagraph (A) shall be provided to the customer prior to, or no later than 30 days after, furnishing the negative information to a consumer reporting agency described in section 603(p).

''(ii) COORDINATION WITH NEW ACCOUNT DISCLOSURES.—If the notice is provided to the customer prior to furnishing the negative information to a consumer reporting agency, the notice may not be included in the initial disclosures provided under section 127(a) of the Truth in Lending Act.

''(C) COORDINATION WITH OTHER DISCLOSURES.—The notice required under subparagraph (A)—

''(i) may be included on or with any notice of default, any billing statement, or any other materials provided to the customer; and

''(ii) must be clear and conspicuous.

''(D) MODEL DISCLOSURE.—

''(i) DUTY OF BOARD TO PREPARE.—The Board shall prescribe a brief model disclosure a financial institution may use to comply with subparagraph (A), which shall not exceed 30 words.

''(ii) USE OF MODEL NOT REQUIRED.—No provision of this paragraph shall be construed as requiring a financial institution to use any such model form prescribed by the Board.

''(iii) COMPLIANCE USING MODEL.—A financial institution shall be deemed to be in compliance with subparagraph (A) if the financial institution uses any such model form prescribed by the Board, or the financial institution uses any such model form and rearranges its format.

''(E) USE OF NOTICE WITHOUT SUBMITTING NEGATIVE INFORMATION.—No provision of this paragraph shall be construed as requiring a financial institution that has provided a customer with a notice described in subparagraph (A) to furnish negative information about the customer to a consumer reporting agency.

''(F) SAFE HARBOR.—A financial institution shall not be liable for failure to perform the duties required by this paragraph if, at the time of the failure, the financial institution maintained reasonable policies and procedures to comply with this paragraph or the financial institution reasonably believed that the institution is prohibited, by law, from contacting the consumer.

''(G) DEFINITIONS.—For purposes of this paragraph, the following definitions shall apply:

''(i) NEGATIVE INFORMATION.—The term 'negative information' means information concerning a customer's delinquencies, late payments, insolvency, or any form of default.

''(ii) CUSTOMER; FINANCIAL INSTITUTION.—The terms 'customer' and 'financial institution' have the same meanings as in section 509 Public Law 106–102.''.

(b) MODEL DISCLOSURE FORM.—Before the end of the 6-month period beginning on the date of enactment of this Act, the Board shall adopt the model disclosure required under the amendment made by subsection (a) after notice duly given in the Federal Register and an opportunity for public comment in accordance with section 553 of title 5, United States Code.

TITLE III—ENHANCING THE ACCURACY OF CONSUMER REPORT INFORMATION

SEC. 311. RISK-BASED PRICING NOTICE.

(a) DUTIES OF USERS.—Section 615 of the Fair Credit Reporting Act (15 U.S.C. 1681m), as amended by this Act, is amended by adding at the end the following:

''(h) DUTIES OF USERS IN CERTAIN CREDIT TRANSACTIONS.—

''(1) IN GENERAL.—Subject to rules prescribed as provided in paragraph (6), if any person uses a consumer report in connection with an application for, or a grant, extension, or other provision of, credit on material terms that are materially less favorable than the most favorable terms available to a substantial proportion of consumers from or through that person, based in whole or in part on a consumer report, the person shall provide an oral, written, or electronic notice to the consumer in the form and manner required by regulations prescribed in accordance with this subsection.

''(2) TIMING.—The notice required under paragraph (1) may be provided at the time of an application for, or a grant, extension, or other provision of, credit or the time of communication of an approval of an application for, or grant, extension, or other provision of, credit, except as provided in the regulations prescribed under paragraph (6).

''(3) EXCEPTIONS.—No notice shall be required from a person under this subsection if—

''(A) the consumer applied for specific material terms and was granted those terms, unless those terms were initially specified by the person after the transaction was initiated by the consumer and after the person obtained a consumer report; or

''(B) the person has provided or will provide a notice to the consumer under subsection (a) in connection with the transaction.

''(4) OTHER NOTICE NOT SUFFICIENT.—A person that is required to provide a notice under subsection (a) cannot meet that requirement by providing a notice under this subsection.

''(5) CONTENT AND DELIVERY OF NOTICE.—A notice under this subsection shall, at a minimum—

''(A) include a statement informing the consumer that the terms offered to the consumer are set based on information from a consumer report;

''(B) identify the consumer reporting agency furnishing the report;

''(C) include a statement informing the consumer that the consumer may obtain a copy of a consumer report from that consumer reporting agency without charge; and

''(D) include the contact information specified by that consumer reporting agency for obtaining such consumer reports (including a toll-free telephone number established by the agency in the case of a consumer reporting agency described in section 603(p)).

''(6) RULEMAKING.—

''(A) RULES REQUIRED.—The Commission and the Board shall jointly prescribe rules.

''(B) CONTENT.—Rules required by subparagraph (A) shall address, but are not limited to—

''(i) the form, content, time, and manner of delivery of any notice under this subsection;

''(ii) clarification of the meaning of terms used in this subsection, including what credit terms are material, and when credit terms are materially less favorable;

''(iii) exceptions to the notice requirement under this subsection for classes of persons or transactions regarding which the agencies determine that notice would not significantly benefit consumers;

''(iv) a model notice that may be used to comply with this subsection; and

''(v) the timing of the notice required under paragraph (1), including the circumstances under which the notice must be provided after the terms offered to the consumer were set based on information from a consumer report.

''(7) COMPLIANCE.—A person shall not be liable for failure to perform the duties required by this section if, at the time of the failure, the person maintained reasonable policies and procedures to comply with this section.

''(8) ENFORCEMENT.—

''(A) NO CIVIL ACTIONS.—Sections 616 and 617 shall not apply to any failure by any person to comply with this section.

''(B) ADMINISTRATIVE ENFORCEMENT.—This section shall be enforced exclusively under section 621 by the Federal agencies and officials identified in that section.''.

(b) RELATION TO STATE LAWS.—Section 625(b)(1) of the Fair Credit Reporting Act (15 U.S.C. 1681t(b)(1)), as so designated by section 214 of this Act, is amended by adding at the end the following:

''(I) section 615(h), relating to the duties of users of consumer reports to provide notice with respect to terms in certain credit transactions;''.

SEC. 312. PROCEDURES TO ENHANCE THE ACCURACY AND INTEGRITY OF INFORMATION FURNISHED TO CONSUMER REPORTING AGENCIES.

(a) ACCURACY GUIDELINES AND REGULATIONS.—Section 623 of the Fair Credit Reporting Act (15 U.S.C. 15 U.S.C. 1681s–2) is amended by adding at the end the following:

''(e) ACCURACY GUIDELINES AND REGULATIONS REQUIRED.—

''(1) GUIDELINES.—The Federal banking agencies, the National Credit Union Administration, and the Commission shall, with respect to the entities that are subject to their respective enforcement authority under section 621, and in coordination as described in paragraph (2)—

''(A) establish and maintain guidelines for use by each person that furnishes information to a consumer reporting agency regarding the accuracy and integrity of the information relating to consumers that such entities furnish to consumer reporting agencies, and update such guidelines as often as necessary; and

''(B) prescribe regulations requiring each person that furnishes information to a consumer reporting agency to establish reasonable policies and procedures for implementing the guidelines established pursuant to subparagraph (A).

''(2) COORDINATION.—Each agency required to prescribe regulations under paragraph (1) shall consult and coordinate with each other such agency so that, to the extent possible, the regulations prescribed by each such entity are consistent and comparable with the regulations prescribed by each other such agency.

''(3) CRITERIA.—In developing the guidelines required by paragraph (1)(A), the agencies described in paragraph (1) shall—

''(A) identify patterns, practices, and specific forms of activity that can compromise the accuracy and integrity of information furnished to consumer reporting agencies;

''(B) review the methods (including technological means) used to furnish information relating to consumers to consumer reporting agencies;

''(C) determine whether persons that furnish information to consumer reporting agencies maintain and enforce policies to assure the accuracy and integrity of information furnished to consumer reporting agencies; and

''(D) examine the policies and processes that persons that furnish information to consumer reporting agencies employ to conduct reinvestigations and correct inaccurate information relating to consumers that has been furnished to consumer reporting agencies.''.

(b) DUTY OF FURNISHERS TO PROVIDE ACCURATE INFORMATION.—Section 623(a)(1) of the Fair Credit Reporting Act (15 U.S.C. 1681s–2(a)(1)) is amended—

(1) in subparagraph (A), by striking ''knows or consciously avoids knowing that the information is inaccurate'' and inserting ''knows or has reasonable cause to believe that the information is inaccurate''; and

(2) by adding at the end the following:

''(D) DEFINITION.—For purposes of subparagraph (A), the term 'reasonable cause to believe that the information is inaccurate' means having specific knowledge, other than solely allegations by the consumer, that would cause a reasonable person to have substantial doubts about the accuracy of the information.''.

(c) ABILITY OF CONSUMER TO DISPUTE INFORMATION DIRECTLY WITH FURNISHER.—Section 623(a) of the Fair Credit Reporting Act (15 U.S.C. 1681s–2(a)), as amended by this Act, is amended by adding at the end the following:

''(8) ABILITY OF CONSUMER TO DISPUTE INFORMATION DIRECTLY WITH FURNISHER.—

''(A) IN GENERAL.—The Federal banking agencies, the National Credit Union Administration, and the Commission shall jointly prescribe regulations that shall identify the circumstances under which a furnisher shall be required to reinvestigate a dispute concerning the accuracy of information contained in a consumer report on the consumer, based on a direct request of a consumer.

''(B) CONSIDERATIONS.—In prescribing regulations under subparagraph (A), the agencies shall weigh—

''(i) the benefits to consumers with the costs on furnishers and the credit reporting system;

''(ii) the impact on the overall accuracy and integrity of consumer reports of any such requirements;

''(iii) whether direct contact by the consumer with the furnisher would likely result in the most expeditious resolution of any such dispute; and

''(iv) the potential impact on the credit reporting process if credit repair organizations, as defined in section 403(3), including entities that would be a credit repair organization, but for section 403(3)(B)(i), are able to circumvent the prohibition in subparagraph (G).

''(C) APPLICABILITY.—Subparagraphs (D) through (G) shall apply in any circumstance identified under the regulations promulgated under subparagraph (A).

''(D) SUBMITTING A NOTICE OF DISPUTE.—A consumer who seeks to dispute the accuracy of information shall provide a dispute notice directly to such person at the address specified by the person for such notices that—

''(i) identifies the specific information that is being disputed;

''(ii) explains the basis for the dispute; and

''(iii) includes all supporting documentation required by the furnisher to substantiate the basis of the dispute.

''(E) DUTY OF PERSON AFTER RECEIVING NOTICE OF DISPUTE.—After receiving a notice of dispute from a consumer pursuant to subparagraph (D), the person that provided the information in dispute to a consumer reporting agency shall—

''(i) conduct an investigation with respect to the disputed information;

''(ii) review all relevant information provided by the consumer with the notice;

''(iii) complete such person's investigation of the dispute and report the results of the investigation to the consumer before the expiration of the period under section 611(a)(1) within which a consumer reporting agency would be required to complete its action if the consumer had elected to dispute the information under that section; and

''(iv) if the investigation finds that the information reported was inaccurate, promptly notify each consumer reporting agency to which the person furnished the inaccurate information of that determination and provide to the agency any correction to that information that is necessary to make the information provided by the person accurate.

''(F) FRIVOLOUS OR IRRELEVANT DISPUTE.—

''(i) IN GENERAL.—This paragraph shall not apply if the person receiving a notice of a dispute from a consumer reasonably determines that the dispute is frivolous or irrelevant, including—

''(I) by reason of the failure of a consumer to provide sufficient information to investigate the disputed information; or

''(II) the submission by a consumer of a dispute that is substantially the same as a dispute previously submitted by or for the consumer, either directly to the person or through a consumer reporting agency under subsection (b), with respect to which the person has already performed the person's duties under this paragraph or subsection (b), as applicable.

''(ii) NOTICE OF DETERMINATION.—Upon making any determination under clause (i) that a dispute is frivolous or irrelevant, the person shall notify the consumer of such determination not later than 5 business days after making such determination, by mail or, if authorized by the consumer for that purpose, by any other means available to the person.

''(iii) CONTENTS OF NOTICE.—A notice under clause (ii) shall include—

''(I) the reasons for the determination under clause (i); and

''(II) identification of any information required to investigate the disputed information, which may consist of a standardized form describing the general nature of such information.

''(G) EXCLUSION OF CREDIT REPAIR ORGANIZATIONS.—This paragraph shall not apply if the notice of the dispute is submitted by, is prepared on behalf of the consumer by, or is submitted on a form supplied to the consumer by, a credit repair organization, as defined in section 403(3), or an entity that would be a credit repair organization, but for section 403(3)(B)(i).''.

(d) FURNISHER LIABILITY EXCEPTION.—Section 623(a)(5) of the Fair Credit Reporting Act (15 U.S.C. 1681s–2(a)(5)) is amended—

(1) by striking ''A person'' and inserting the following:

''(A) IN GENERAL.—A person'';

(2) by inserting ''date of delinquency on the account, which shall be the'' before ''month'';

(3) by inserting ''on the account'' before ''that immediately preceded''; and

(4) by adding at the end the following:

''(B) RULE OF CONSTRUCTION.—For purposes of this paragraph only, and provided that the consumer does not dispute the information, a person that furnishes information on a delinquent account that is placed for collection, charged for profit or loss, or subjected to any similar action, complies with this paragraph, if—

''(i) the person reports the same date of delinquency as that provided by the creditor to which the account was owed at the time at which the commencement of the delinquency occurred, if the creditor previously reported that date of delinquency to a consumer reporting agency;

''(ii) the creditor did not previously report the date of delinquency to a consumer reporting agency, and the person establishes and follows reasonable procedures to obtain the date of delinquency from the creditor or another reliable source and reports that date to a consumer reporting agency as the date of delinquency; or

''(iii) the creditor did not previously report the date of delinquency to a consumer reporting agency and the date of delinquency cannot be reasonably obtained as provided in clause (ii), the person establishes and follows reasonable procedures to ensure the date reported as the date of delinquency precedes the date on which the account is placed for collection, charged to profit or loss, or subjected to any similar action, and reports such date to the credit reporting agency.''.

(e) LIABILITY AND ENFORCEMENT.—

(1) CIVIL LIABILITY.—Section 623 of the Fair Credit Reporting Act (15 U.S.C. 1681s–2) is

amended by striking subsections (c) and (d) and inserting the following:

''(c) LIMITATION ON LIABILITY.—Except as provided in section 621(c)(1)(B), sections 616 and 617 do not apply to any violation of—

''(1) subsection (a) of this section, including any regulations issued thereunder;

''(2) subsection (e) of this section, except that nothing in this paragraph shall limit, expand, or otherwise affect liability under section 616 or 617, as applicable, for violations of subsection (b) of this section; or

''(3) subsection (e) of section 615.

''(d) LIMITATION ON ENFORCEMENT.—The provisions of law described in paragraphs (1) through (3) of subsection (c) (other than with respect to the exception described in paragraph (2) of subsection (c)) shall be enforced exclusively as provided under section 621 by the Federal agencies and officials and the State officials identified in section 621.''.

(2) STATE ACTIONS.—Section 621(c) of the Fair Credit Reporting Act (15 U.S.C. 1681s(c)) is amended—

(A) in paragraph (1)(B)(ii), by striking ''of section 623(a)'' and inserting ''described in any of paragraphs (1) through (3) of section 623(c)''; and

(B) in paragraph (5)—

(i) in each of subparagraphs (A) and (B), by striking ''of section 623(a)(1)'' each place that term appears and inserting ''described in any of paragraphs (1) through (3) of section 623(c)''; and

(ii) by amending the paragraph heading to read as follows:

''(5) LIMITATIONS ON STATE ACTIONS FOR CERTAIN VIOLATIONS.—''.

(f) RULE OF CONSTRUCTION.—Nothing in this section, the amendments made by this section, or any other provision of this Act shall be construed to affect any liability under section 616 or 617 of the Fair Credit Reporting Act (15 U.S.C. 1681n, 1681o) that existed on the day before the date of enactment of this Act.

SEC. 313. FTC AND CONSUMER REPORTING AGENCY ACTION CONCERNING COMPLAINTS.

(a) IN GENERAL.—Section 611 of the Fair Credit Reporting Act (15 U.S.C. 1681i) is amended by adding at the end the following:

''(e) TREATMENT OF COMPLAINTS AND REPORT TO CONGRESS.—

''(1) IN GENERAL.—The Commission shall—

''(A) compile all complaints that it receives that a file of a consumer that is maintained by a consumer reporting agency described in section 603(p) contains incomplete or inaccurate information, with respect to which, the consumer appears to have disputed the completeness or accuracy with the consumer reporting agency or otherwise utilized the procedures provided by subsection (a); and

''(B) transmit each such complaint to each consumer reporting agency involved.

''(2) EXCLUSION.—Complaints received or obtained by the Commission pursuant to its investigative authority under the Federal Trade Commission Act shall not be subject to paragraph (1).

''(3) AGENCY RESPONSIBILITIES.—Each consumer reporting agency described in section 603(p) that receives a complaint transmitted by the Commission pursuant to paragraph (1) shall—

''(A) review each such complaint to determine whether all legal obligations imposed on the consumer reporting agency under this title (including any obligation imposed by an applicable court or administrative order) have been met with respect to the subject matter of the complaint;

''(B) provide reports on a regular basis to the Commission regarding the determinations of and actions taken by the consumer reporting agency, if any, in connection with its review of such complaints; and

''(C) maintain, for a reasonable time period, records regarding the disposition of each such complaint that is sufficient to demonstrate compliance with this subsection.

''(4) RULEMAKING AUTHORITY.—The Commission may prescribe regulations, as appropriate to implement this subsection.

''(5) ANNUAL REPORT.—The Commission shall submit to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives an annual report regarding information gathered by the Commission under this subsection.''.

(b) PROMPT INVESTIGATION OF DISPUTED CONSUMER INFORMATION.—

(1) STUDY REQUIRED.—The Board and the Commission shall jointly study the extent to which, and the manner in which, consumer reporting agencies and furnishers of consumer information to consumer reporting agencies are complying with the procedures, time lines, and requirements under the Fair Credit Reporting Act for the prompt investigation of the disputed accuracy of any consumer information, the completeness of the information provided to consumer reporting agencies, and the prompt correction or deletion, in accordance with such Act, of any inaccurate or incomplete information or information that cannot be verified.

(2) REPORT REQUIRED.—Before the end of the 12-month period beginning on the date of enactment of this Act, the Board and the Commission shall jointly submit a progress report to the Congress on the results of the study required under paragraph (1).

(3) CONSIDERATIONS.—In preparing the report required under paragraph (2), the Board and the Commission shall consider information relating to complaints compiled by the Commission under section 611(e) of the Fair Credit Reporting Act, as added by this section.

(4) RECOMMENDATIONS.—The report required under paragraph (2) shall include such recommendations as the Board and the Commission jointly determine to be appropriate for legislative or administrative action, to ensure that—

(A) consumer disputes with consumer reporting agencies over the accuracy or completeness of information in a consumer's file are promptly and fully investigated and any incorrect, incomplete, or unverifiable information is corrected or deleted immediately thereafter;

(B) furnishers of information to consumer reporting agencies maintain full and prompt compliance with the duties and responsibilities established under section 623 of the Fair Credit Reporting Act; and

(C) consumer reporting agencies establish and maintain appropriate internal controls and management review procedures for maintaining full and continuous compliance with the procedures, time lines, and requirements under the Fair Credit Reporting Act for the prompt investigation of the disputed accuracy of any consumer information and the prompt correction or deletion, in accordance with such Act, of any inaccurate or incomplete information or information that cannot be verified.

SEC. 314. IMPROVED DISCLOSURE OF THE RESULTS OF REINVESTIGATION.

(a) IN GENERAL.—Section 611(a)(5)(A) of the Fair Credit Reporting Act (15 U.S.C. 1681i(a)(5)(A)) is amended by striking ''shall'' and all that follows through the end of the subparagraph, and inserting the following: ''shall—

''(i) promptly delete that item of information from the file of the consumer, or modify that item of information, as appropriate, based on the results of the reinvestigation; and

''(ii) promptly notify the furnisher of that information that the information has been modified or deleted from the file of the consumer.''.

(b) FURNISHER REQUIREMENTS RELATING TO INACCURATE, INCOMPLETE, OR UNVERIFIABLE INFORMATION.—Section 623(b)(1) of the Fair Credit Reporting Act (15 U.S.C. 1681s–2(b)(1)) is amended—

(1) in subparagraph (C), by striking ''and'' at the end; and

(2) in subparagraph (D), by striking the period at the end and inserting the following: ''; and

''(E) if an item of information disputed by a consumer is found to be inaccurate or incomplete or cannot be verified after any reinvestigation under paragraph (1), for purposes of reporting to a consumer reporting agency only, as appropriate, based on the results of the reinvestigation promptly—

''(i) modify that item of information;

''(ii) delete that item of information; or

''(iii) permanently block the reporting of that item of information.''.

SEC. 315. RECONCILING ADDRESSES.

Section 605 of the Fair Credit Reporting Act (15 U.S.C. 1681c), as amended by this Act, is amended by adding at the end the following:

''(h) NOTICE OF DISCREPANCY IN ADDRESS.—

''(1) IN GENERAL.—If a person has requested a consumer report relating to a consumer from a consumer reporting agency described in section 603(p), the request includes an address for the consumer that substantially differs from the addresses in the file of the consumer, and the agency provides a consumer report in response to the request, the consumer reporting agency shall notify the requester of the existence of the discrepancy.

''(2) REGULATIONS.—

''(A) REGULATIONS REQUIRED.—The Federal banking agencies, the National Credit Union Administration, and the Commission shall jointly, with respect to the entities that are subject to their respective enforcement authority under section 621, prescribe regulations providing guidance regarding reasonable policies and procedures that a user of a consumer report should employ when such user has received a notice of discrepancy under paragraph (1).

''(B) POLICIES AND PROCEDURES TO BE INCLUDED.—The regulations prescribed under subparagraph (A) shall describe reasonable policies and procedures for use by a user of a consumer report—

''(i) to form a reasonable belief that the user knows the identity of the person to whom the consumer report pertains; and

''(ii) if the user establishes a continuing relationship with the consumer, and the user regularly and in the ordinary course of business furnishes information to the consumer reporting agency from which the notice of discrepancy pertaining to the consumer was obtained, to reconcile the address of the consumer with the consumer reporting agency by furnishing such address to such consumer reporting agency as part of information regularly furnished by the user for the period in which the relationship is established.''.

SEC. 316. NOTICE OF DISPUTE THROUGH RESELLER.

(a) REQUIREMENT FOR REINVESTIGATION OF DISPUTED INFORMATION UPON NOTICE FROM A RESELLER.—Section 611(a) of the Fair Credit Reporting Act (15 U.S.C. 1681i(a)(1)(A)) is amended—

(1) in paragraph (1)(A)—

(A) by striking ''If the completeness'' and inserting ''Subject to subsection (f), if the completeness'';

(B) by inserting '', or indirectly through a reseller,'' after ''notifies the agency directly''; and

(C) by inserting ''or reseller'' before the period at the end;

(2) in paragraph (2)(A)—

(A) by inserting ''or a reseller'' after ''dispute from any consumer''; and

(B) by inserting ''or reseller'' before the period at the end; and

(3) in paragraph (2)(B), by inserting ''or the reseller'' after ''from the consumer''.

(b) REINVESTIGATION REQUIREMENT APPLICABLE TO RESELLERS.—Section 611 of the Fair Credit Reporting Act (15 U.S.C. 1681i), as amended by this Act, is amended by adding at the end the following:

''(f) REINVESTIGATION REQUIREMENT APPLICABLE TO RESELLERS.—

''(1) EXEMPTION FROM GENERAL REINVESTIGATION REQUIREMENT.—Except as provided in paragraph (2), a reseller shall be exempt from the requirements of this section.

''(2) ACTION REQUIRED UPON RECEIVING NOTICE OF A DISPUTE.—If a reseller receives a notice from a consumer of a dispute concerning the completeness or accuracy of any item of information contained in a consumer report on such consumer produced by the reseller, the reseller shall, within 5 business days of receiving the notice, and free of charge—

''(A) determine whether the item of information is incomplete or inaccurate as a result of an act or omission of the reseller; and

''(B) if—

''(i) the reseller determines that the item of information is incomplete or inaccurate as a result of an act or omission of the reseller, not later than 20 days after receiving the notice, correct the information in the consumer report or delete it; or

''(ii) if the reseller determines that the item of information is not incomplete or inaccurate as a result of an act or omission of the reseller, convey the notice of the dispute, together with all relevant information provided by the consumer, to each consumer reporting agency that provided the reseller with the information that is the subject of the dispute, using an address or a notification mechanism specified by the consumer reporting agency for such notices.

''(3) RESPONSIBILITY OF CONSUMER REPORTING AGENCY TO NOTIFY CONSUMER THROUGH RESELLER.—Upon the completion of a reinvestigation under this section of a dispute concerning the completeness or accuracy of any information in the file of a consumer by a consumer reporting agency that received notice of the dispute from a reseller under paragraph (2)—

''(A) the notice by the consumer reporting agency under paragraph (6), (7), or (8) of subsection (a) shall be provided to the reseller in lieu of the consumer; and

''(B) the reseller shall immediately reconvey such notice to the consumer, including any notice of a deletion by telephone in the manner required under paragraph (8)(A).

''(4) RESELLER REINVESTIGATIONS.—No provision of this subsection shall be construed as prohibiting a reseller from conducting a reinvestigation of a consumer dispute directly.''.

(c) TECHNICAL AND CONFORMING AMENDMENT.—Section 611(a)(2)(B) of the Fair Credit Reporting Act (15 U.S.C. 1681i(a)(2)(B)) is amended in the subparagraph heading, by striking ''FROM CONSUMER''.

SEC. 317. REASONABLE REINVESTIGATION REQUIRED.

Section 611(a)(1)(A) of the Fair Credit Reporting Act (15 U.S.C. 1681i(a)(1)(A)) is amended by striking ''shall reinvestigate free of charge'' and inserting ''shall, free of charge, conduct a reasonable reinvestigation to determine whether the disputed information is inaccurate''.

SEC. 318. FTC STUDY OF ISSUES RELATING TO THE FAIR CREDIT REPORTING ACT.

(a) STUDY REQUIRED.—

(1) IN GENERAL.—The Commission shall conduct a study on ways to improve the operation of the Fair Credit Reporting Act.

(2) AREAS FOR STUDY.—In conducting the study under paragraph (1), the Commission shall review—

(A) the efficacy of increasing the number of points of identifying information that a credit reporting agency is required to match to ensure that a consumer is the correct individual to whom a consumer report relates before releasing a consumer report to a user, including—

(i) the extent to which requiring additional points of such identifying information to match would—

(I) enhance the accuracy of credit reports; and

(II) combat the provision of incorrect consumer reports to users;

(ii) the extent to which requiring an exact match of the first and last name, social security number, and address and ZIP Code of the consumer would enhance the likelihood of increasing credit report accuracy; and

(iii) the effects of allowing consumer reporting agencies to use partial matches of social security numbers and name recognition software on the accuracy of credit reports;

(B) requiring notification to consumers when negative information has been added to their credit reports, including—

(i) the potential impact of such notification on the ability of consumers to identify errors on their credit reports; and

(ii) the potential impact of such notification on the ability of consumers to remove fraudulent information from their credit reports;

(C) the effects of requiring that a consumer who has experienced an adverse action based on a credit report receives a copy of the same credit report that the creditor relied on in taking the adverse action, including—

(i) the extent to which providing such reports to consumers would increase the ability of consumers to identify errors in their credit reports; and

(ii) the extent to which providing such reports to consumers would increase the ability of consumers to remove fraudulent information from their credit reports;

(D) any common financial transactions that are not generally reported to the consumer reporting agencies, but would provide useful information in determining the credit worthiness of consumers; and

(E) any actions that might be taken within a voluntary reporting system to encourage the reporting of the types of transactions described in subparagraph (D).

(3) COSTS AND BENEFITS.—With respect to each area of study described in paragraph (2), the Commission shall consider the extent to which such requirements would benefit consumers, balanced against the cost of implementing such provisions.

(b) REPORT REQUIRED.—Not later than 1 year after the date of enactment of this Act, the chairman of the Commission shall submit a report to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives containing a detailed summary of the findings and conclusions of the study under this section, together with such recommendations for legislative or administrative actions as may be appropriate.

SEC. 319. FTC STUDY OF THE ACCURACY OF CONSUMER REPORTS.

(a) STUDY REQUIRED.—Until the final report is submitted under subsection (b)(2), the Commission shall conduct an ongoing study of the accuracy and completeness of information contained in consumer reports prepared or maintained by consumer reporting agencies and methods for improving the accuracy and completeness of such information.

(b) BIENNIAL REPORTS REQUIRED.—

(1) INTERIM REPORTS.—The Commission shall submit an interim report to the Congress on the study conducted under subsection (a) at the end of the 1-year period beginning on the date of enactment of this Act and biennially thereafter for 8 years.

(2) FINAL REPORT.—The Commission shall submit a final report to the Congress on the study conducted under subsection (a) at the end of the 2-year period beginning on the date on which the final interim report is submitted to the Congress under paragraph (1).

(3) CONTENTS.—Each report submitted under this subsection shall contain a detailed summary of the findings and conclusions of the Commission with respect to the study required under subsection (a) and such recommendations for legislative and administrative action as the Commission may determine to be appropriate.

TITLE IV—LIMITING THE USE AND SHARING OF MEDICAL INFORMATION IN THE FINANCIAL SYSTEM

SEC. 411. PROTECTION OF MEDICAL INFORMATION IN THE FINANCIAL SYSTEM.

(a) IN GENERAL.—Section 604(g) of the Fair Credit Reporting Act (15 U.S.C. 1681b(g)) is amended to read as follows:

''(g) PROTECTION OF MEDICAL INFORMATION.—

''(1) LIMITATION ON CONSUMER REPORTING AGENCIES.—A consumer reporting agency shall not furnish for employment purposes, or in connection with a credit or insurance transaction, a consumer report that contains medical information about a consumer, unless—

''(A) if furnished in connection with an insurance transaction, the consumer affirmatively consents to the furnishing of the report;

''(B) if furnished for employment purposes or in connection with a credit transaction—

''(i) the information to be furnished is relevant to process or effect the employment or credit transaction; and

''(ii) the consumer provides specific written consent for the furnishing of the report that describes in clear and conspicuous language the use for which the information will be furnished; or

''(C) the information to be furnished pertains solely to transactions, accounts, or balances relating to debts arising from the receipt of medical services, products, or devises, where such information, other than account status or amounts, is restricted or reported using codes that do not identify, or do not provide information sufficient to infer, the specific provider or the nature of such services, products, or devices, as provided in section 605(a)(6).

''(2) LIMITATION ON CREDITORS.—Except as permitted pursuant to paragraph (3)(C) or regulations prescribed under paragraph (5)(A), a creditor shall not obtain or use medical information pertaining to a consumer in connection with any determination of the consumer's eligibility, or continued eligibility, for credit.

''(3) ACTIONS AUTHORIZED BY FEDERAL LAW, INSURANCE ACTIVITIES AND REGULATORY DETERMINATIONS.—Section 603(d)(3) shall not be construed so as to treat information or any communication of information as a consumer report if the information or communication is disclosed—

''(A) in connection with the business of insurance or annuities, including the activities described in section 18B of the model Privacy of Consumer Financial and Health Information Regulation issued by the National Association of Insurance Commissioners (as in effect on January 1, 2003);

''(B) for any purpose permitted without authorization under the Standards for Individually Identifiable Health Information promulgated by the Department of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996, or referred to under section 1179 of such Act, or described in section 502(e) of Public Law 106–102; or

''(C) as otherwise determined to be necessary and appropriate, by regulation or order and

subject to paragraph (6), by the Commission, any Federal banking agency or the National Credit Union Administration (with respect to any financial institution subject to the jurisdiction of such agency or Administration under paragraph (1), (2), or (3) of section 621(b), or the applicable State insurance authority (with respect to any person engaged in providing insurance or annuities).

''(4) LIMITATION ON REDISCLOSURE OF MEDICAL INFORMATION.—Any person that receives medical information pursuant to paragraph (1) or (3) shall not disclose such information to any other person, except as necessary to carry out the purpose for which the information was initially disclosed, or as otherwise permitted by statute, regulation, or order.

''(5) REGULATIONS AND EFFECTIVE DATE FOR PARAGRAPH (2).—

''(A) REGULATIONS REQUIRED.—Each Federal banking agency and the National Credit Union Administration shall, subject to paragraph (6) and after notice and opportunity for comment, prescribe regulations that permit transactions under paragraph (2) that are determined to be necessary and appropriate to protect legitimate operational, transactional, risk, consumer, and other needs (and which shall include permitting actions necessary for administrative verification purposes), consistent with the intent of paragraph (2) to restrict the use of medical information for inappropriate purposes.

''(B) FINAL REGULATIONS REQUIRED.—The Federal banking agencies and the National Credit Union Administration shall issue the regulations required under subparagraph (A) in final form before the end of the 6-month period beginning on the date of enactment of the Fair and Accurate Credit Transactions Act of 2003.

''(6) COORDINATION WITH OTHER LAWS.—No provision of this subsection shall be construed as altering, affecting, or superseding the applicability of any other provision of Federal law relating to medical confidentiality.''.

(b) RESTRICTION ON SHARING OF MEDICAL INFORMATION.—Section 603(d) of the Fair Credit Reporting Act (15 U.S.C. 1681a(d)) is amended—

(1) in paragraph (2), by striking ''The term'' and inserting ''Except as provided in paragraph (3), the term''; and

(2) by adding at the end the following new paragraph:

''(3) RESTRICTION ON SHARING OF MEDICAL INFORMATION.—Except for information or any communication of information disclosed as provided in section 604(g)(3), the exclusions in paragraph (2) shall not apply with respect to information disclosed to any person related by common ownership or affiliated by corporate control, if the information is—

''(A) medical information;

''(B) an individualized list or description based on the payment transactions of the consumer for medical products or services; or

''(C) an aggregate list of identified consumers based on payment transactions for medical products or services.

(c) DEFINITION.—Section 603(i) of the Fair Credit Reporting Act (15 U.S.C. 1681a(i)) is amended to read as follows:

''(i) MEDICAL INFORMATION.—The term 'medical information'—

''(1) means information or data, whether oral or recorded, in any form or medium, created by or derived from a health care provider or the consumer, that relates to—

''(A) the past, present, or future physical, mental, or behavioral health or condition of an individual;

''(B) the provision of health care to an individual; or

''(C) the payment for the provision of health care to an individual.

''(2) does not include the age or gender of a consumer, demographic information about the consumer, including a consumer's residence address or e-mail address, or any other information about a consumer that does not relate to the physical, mental, or behavioral health or condition of a consumer, including the existence or value of any insurance policy.''.

(d) EFFECTIVE DATES.—This section shall take effect at the end of the 180-day period beginning on the date of enactment of this Act, except that paragraph (2) of section 604(g) of the Fair Credit Reporting Act (as amended by subsection (a) of this section) shall take effect on the later of—

(1) the end of the 90-day period beginning on the date on which the regulations required under paragraph (5)(B) of such section 604(g) are issued in final form; or

(2) the date specified in the regulations referred to in paragraph (1).

SEC. 412. CONFIDENTIALITY OF MEDICAL CONTACT INFORMATION IN CONSUMER REPORTS.

(a) DUTIES OF MEDICAL INFORMATION FURNISHERS.—Section 623(a) of the Fair Credit Reporting Act (15 U.S.C. 1681s–2(a)), as amended by this Act, is amended by adding at the end the following:

''(9) DUTY TO PROVIDE NOTICE OF STATUS AS MEDICAL INFORMATION FURNISHER.—A person whose primary business is providing medical services, products, or devices, or the person's agent or assignee, who furnishes information to a consumer reporting agency on a consumer shall be considered a medical information furnisher for purposes of this title, and shall notify the agency of such status.''.

(b) RESTRICTION OF DISSEMINATION OF MEDICAL CONTACT INFORMATION.—Section 605(a) of the Fair Credit Reporting Act (15 U.S.C. 1681c(a)) is amended by adding at the end the following:

''(6) The name, address, and telephone number of any medical information furnisher that has notified the agency of its status, unless—

''(A) such name, address, and telephone number are restricted or reported using codes that do not identify, or provide information sufficient to infer, the specific provider or the nature of such services, products, or devices to a person other than the consumer; or

''(B) the report is being provided to an insurance company for a purpose relating to engaging in the business of insurance other than property and casualty insurance.''.

(c) NO EXCEPTIONS ALLOWED FOR DOLLAR AMOUNTS.—Section 605(b) of the Fair Credit Reporting Act (15 U.S.C. 1681c(b)) is amended by striking ''The provisions of subsection (a)'' and inserting ''The provisions of paragraphs (1) through (5) of subsection (a)''.

(d) COORDINATION WITH OTHER LAWS.—No provision of any amendment made by this section shall be construed as altering, affecting, or superseding the applicability of any other provision of Federal law relating to medical confidentiality.

(e) FTC REGULATION OF CODING OF TRADE NAMES.—Section 621 of the Fair Credit Reporting Act (15 U.S.C. 1681s), as amended by this Act, is amended by adding at the end the following:

''(g) FTC REGULATION OF CODING OF TRADE NAMES.—If the Commission determines that a person described in paragraph (9) of section 623(a) has not met the requirements of such paragraph, the Commission shall take action to ensure the person's compliance with such paragraph, which may include issuing model guidance or prescribing reasonable policies and procedures, as necessary to ensure that such person complies with such paragraph.''.

(f) TECHNICAL AND CONFORMING AMENDMENTS.—Section 604(g) of the Fair Credit Reporting Act (15 U.S.C. 1681b(g)), as amended by section 411 of this Act, is amended—

(1) in paragraph (1), by inserting ''(other than medical contact information treated in the manner required under section 605(a)(6))'' after ''a consumer report that contains medical information''; and

(2) in paragraph (2), by inserting ''(other than medical information treated in the manner required under section 605(a)(6))'' after ''a creditor shall not obtain or use medical information''.

(g) EFFECTIVE DATE.—The amendments made by this section shall take effect at the end of the 15-month period beginning on the date of enactment of this Act.

TITLE V—FINANCIAL LITERACY AND EDUCATION IMPROVEMENT

SEC. 511. SHORT TITLE.

This title may be cited as the ''Financial Literacy and Education Improvement Act''.

SEC. 512. DEFINITIONS.

As used in this title—

(1) the term ''Chairperson'' means the Chairperson of the Financial Literacy and Education Commission; and

(2) the term ''Commission'' means the Financial Literacy and Education Commission established under section 513.

SEC. 513. ESTABLISHMENT OF FINANCIAL LITERACY AND EDUCATION COMMISSION.

(a) IN GENERAL.—There is established a commission to be known as the ''Financial Literacy and Education Commission''.

(b) PURPOSE.—The Commission shall serve to improve the financial literacy and education of persons in the United States through development of a national strategy to promote financial literacy and education.

(c) MEMBERSHIP.—

(1) COMPOSITION.—The Commission shall be composed of—

(A) the Secretary of the Treasury;

(B) the respective head of each of the Federal banking agencies (as defined in section 3 of the Federal Deposit Insurance Act), the National Credit Union Administration, the Securities and Exchange Commission, each of the Departments of Education, Agriculture, Defense, Health and Human Services, Housing and Urban Development, Labor, and Veterans Affairs, the Federal Trade Commission, the General Services Administration, the Small Business Administration, the Social Security Administration, the Commodity Futures Trading Commission, and the Office of Personnel Management; and

(C) at the discretion of the President, not more than 5 individuals appointed by the President from among the administrative heads of any other Federal agencies, departments, or other Federal Government entities, whom the President determines to be engaged in a serious effort to improve financial literacy and education.

(2) ALTERNATES.—Each member of the Commission may designate an alternate if the member is unable to attend a meeting of the Commission. Such alternate shall be an individual who exercises significant decisionmaking authority.

(d) CHAIRPERSON.—The Secretary of the Treasury shall serve as the Chairperson.

(e) MEETINGS.—The Commission shall hold, at the call of the Chairperson, at least 1 meeting every 4 months. All such meetings shall be open to the public. The Commission may hold, at the call of the Chairperson, such other meetings as the Chairperson sees fit to carry out this title.

(f) QUORUM.—A majority of the members of the Commission shall constitute a quorum, but a lesser number of members may hold hearings.

(g) INITIAL MEETING.—The Commission shall hold its first meeting not later than 60 days after the date of enactment of this Act.

SEC. 514. DUTIES OF THE COMMISSION.

(a) DUTIES.—

(1) IN GENERAL.—The Commission, through the authority of the members referred to in section 513(c), shall take such actions as it deems necessary to streamline, improve, or augment the financial literacy and education programs, grants, and materials of the Federal Government, including curricula for all Americans.

(2) AREAS OF EMPHASIS.—To improve financial literacy and education, the Commission shall emphasize, among other elements, basic personal income and household money management and planning skills, including how to—

(A) create household budgets, initiate savings plans, and make strategic investment decisions for education, retirement, home ownership, wealth building, or other savings goals;

(B) manage spending, credit, and debt, including credit card debt, effectively;

(C) increase awareness of the availability and significance of credit reports and credit scores in obtaining credit, the importance of their accuracy (and how to correct inaccuracies), their effect on credit terms, and the effect common financial decisions may have on credit scores;

(D) ascertain fair and favorable credit terms;

(E) avoid abusive, predatory, or deceptive credit offers and financial products;

(F) understand, evaluate, and compare financial products, services, and opportunities;

(G) understand resources that ought to be easily accessible and affordable, and that inform and educate investors as to their rights and avenues of recourse when an investor believes his or her rights have been violated by unprofessional conduct of market intermediaries;

(H) increase awareness of the particular financial needs and financial transactions (such as the sending of remittances) of consumers who are targeted in multilingual financial literacy and education programs and improve the development and distribution of multilingual financial literacy and education materials;

(I) promote bringing individuals who lack basic banking services into the financial mainstream by opening and maintaining an account with a financial institution; and

(J) improve financial literacy and education through all other related skills, including personal finance and related economic education, with the primary goal of programs not simply to improve knowledge, but rather to improve consumers' financial choices and outcomes.

(b) WEBSITE.—

(1) IN GENERAL.—The Commission shall establish and maintain a website, such as the domain name ''FinancialLiteracy.gov'', or a similar domain name.

(2) PURPOSES.—The website established under paragraph (1) shall—

(A) serve as a clearinghouse of information about Federal financial literacy and education programs;

(B) provide a coordinated entry point for accessing information about all Federal publications, grants, and materials promoting enhanced financial literacy and education;

(C) offer information on all Federal grants to promote financial literacy and education, and on how to target, apply for, and receive a grant that is most appropriate under the circumstances;

(D) as the Commission considers appropriate, feature website links to efforts that have no commercial content and that feature information about financial literacy and education programs, materials, or campaigns; and

(E) offer such other information as the Commission finds appropriate to share with the public in the fulfillment of its purpose.

(c) TOLL-FREE HOTLINE.—The Commission shall establish a toll-free telephone number that shall be made available to members of the public seeking information about issues pertaining to financial literacy and education.

(d) DEVELOPMENT AND DISSEMINATION OF MATERIALS.—The Commission shall—

(1) develop materials to promote financial literacy and education; and

(2) disseminate such materials to the general public.

(e) COORDINATION OF EFFORTS.—The Commission shall take such steps as are necessary to coordinate and promote financial literacy and education efforts at the State and local level, including promoting partnerships among Federal, State, and local governments, nonprofit organizations, and private enterprises.

(f) NATIONAL STRATEGY.—

(1) IN GENERAL.—The Commission shall—

(A) not later than 18 months after the date of enactment of this Act, develop a national strategy to promote basic financial literacy and education among all American consumers; and

(B) coordinate Federal efforts to implement the strategy developed under subparagraph (A).

(2) STRATEGY.—The strategy to promote basic financial literacy and education required to be developed under paragraph (1) shall provide for—

(A) participation by State and local governments and private, nonprofit, and public institutions in the creation and implementation of such strategy;

(B) the development of methods—

(i) to increase the general financial education level of current and future consumers of financial services and products; and

(ii) to enhance the general understanding of financial services and products;

(C) review of Federal activities designed to promote financial literacy and education, and development of a plan to improve coordination of such activities; and

(D) the identification of areas of overlap and duplication among Federal financial literacy and education activities and proposed means of eliminating any such overlap and duplication.

(3) NATIONAL STRATEGY REVIEW.—The Commission shall, not less than annually, review the national strategy developed under this subsection and make such changes and recommendations as it deems necessary.

(g) CONSULTATION.—The Commission shall actively consult with a variety of representatives from private and nonprofit organizations and State and local agencies, as determined appropriate by the Commission.

(h) REPORTS.—

(1) IN GENERAL.—Not later than 18 months after the date of the first meeting of the Commission, and annually thereafter, the Commission shall issue a report, the Strategy for Assuring Financial Empowerment (''SAFE Strategy''), to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives on the progress of the Commission in carrying out this title.

(2) CONTENTS.—The report required under paragraph (1) shall include—

(A) the national strategy for financial literacy and education, as described under subsection (f);

(B) information concerning the implementation of the duties of the Commission under subsections (a) through (g);

(C) an assessment of the success of the Commission in implementing the national strategy developed under subsection (f);

(D) an assessment of the availability, utilization, and impact of Federal financial literacy and education materials;

(E) information concerning the content and public use of—

(i) the website established under subsection (b); and

(ii) the toll-free telephone number established under subsection (c);

(F) a brief survey of the financial literacy and education materials developed under subsection (d), and data regarding the dissemination and impact of such materials, as measured by improved financial decisionmaking;

(G) a brief summary of any hearings conducted by the Commission, including a list of witnesses who testified at such hearings;

(H) information about the activities of the Commission planned for the next fiscal year;

(I) a summary of all Federal financial literacy and education activities targeted to communities that have historically lacked access to financial literacy materials and education, and have been underserved by the mainstream financial systems; and

(J) such other materials relating to the duties of the Commission as the Commission deems appropriate.

(3) INITIAL REPORT.—The initial report under paragraph (1) shall include information regarding all Federal programs, materials, and grants which seek to improve financial literacy, and assess the effectiveness of such programs.

(i) TESTIMONY.—The Commission shall annually provide testimony by the Chairperson to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives.

SEC. 515. POWERS OF THE COMMISSION.

(a) HEARINGS.—

(1) IN GENERAL.—The Commission shall hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence as the Commission deems appropriate to carry out this title.

(2) PARTICIPATION.—In hearings held under this subsection, the Commission shall consider inviting witnesses from, among other groups—

(A) other Federal Government officials;

(B) State and local government officials;

(C) consumer and community groups;

(D) nonprofit financial literacy and education groups (such as those involved in personal finance and economic education); and

(E) the financial services industry.

(b) INFORMATION FROM FEDERAL AGENCIES.—The Commission may secure directly from any Federal department or agency such information as the Commission considers necessary to carry out this title. Upon request of the Chairperson, the head of such department or agency shall furnish such information to the Commission.

(c) PERIODIC STUDIES.—The Commission may conduct periodic studies regarding the state of financial literacy and education in the United States, as the Commission determines appropriate.

(d) MULTILINGUAL.—The Commission may take any action to develop and promote financial literacy and education materials in languages other than English, as the Commission deems appropriate, including for the website established under section 514(b), at the toll-free number established under section 514(c), and in the materials developed and disseminated under section 514(d).

SEC. 516. COMMISSION PERSONNEL MATTERS.

(a) COMPENSATION OF MEMBERS.—Each member of the Commission shall serve without compensation in addition to that received for their service as an officer or employee of the United States.

(b) TRAVEL EXPENSES.—The members of the Commission shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, United States Code, while away from their homes or regular places of business in the performance of services for the Commission.

(c) ASSISTANCE.—

(1) IN GENERAL.—The Director of the Office of Financial Education of the Department of the

Treasury shall provide assistance to the Commission, upon request of the Commission, without reimbursement.

(2) DETAIL OF GOVERNMENT EMPLOYEES.—Any Federal Government employee may be detailed to the Commission without reimbursement, and such detail shall be without interruption or loss of civil service status or privilege.

SEC. 517. STUDIES BY THE COMPTROLLER GENERAL.

(a) EFFECTIVENESS STUDY.—Not later than 3 years after the date of enactment of this Act, the Comptroller General of the United States shall submit a report to Congress assessing the effectiveness of the Commission in promoting financial literacy and education.

(b) STUDY AND REPORT ON THE NEED AND MEANS FOR IMPROVING FINANCIAL LITERACY AMONG CONSUMERS.—

(1) STUDY REQUIRED.—The Comptroller General of the United States shall conduct a study to assess the extent of consumers' knowledge and awareness of credit reports, credit scores, and the dispute resolution process, and on methods for improving financial literacy among consumers.

(2) FACTORS TO BE INCLUDED.—The study required under paragraph (1) shall include the following issues:

(A) The number of consumers who view their credit reports.

(B) Under what conditions and for what purposes do consumers primarily obtain a copy of their consumer report (such as for the purpose of ensuring the completeness and accuracy of the contents, to protect against fraud, in response to an adverse action based on the report, or in response to suspected identity theft) and approximately what percentage of the total number of consumers who obtain a copy of their consumer report do so for each such primary purpose.

(C) The extent of consumers' knowledge of the data collection process.

(D) The extent to which consumers know how to get a copy of a consumer report.

(E) The extent to which consumers know and understand the factors that positively or negatively impact credit scores.

(3) REPORT REQUIRED.—Before the end of the 12-month period beginning on the date of enactment of this Act, the Comptroller General shall submit a report to Congress on the findings and conclusions of the Comptroller General pursuant to the study conducted under this subsection, together with such recommendations for legislative or administrative action as the Comptroller General may determine to be appropriate, including recommendations on methods for improving financial literacy among consumers.

SEC. 518. THE NATIONAL PUBLIC SERVICE MULTIMEDIA CAMPAIGN TO ENHANCE THE STATE OF FINANCIAL LITERACY.

(a) IN GENERAL.—The Secretary of the Treasury (in this section referred to as the ''Secretary''), after review of the recommendations of the Commission, as part of the national strategy, shall develop, implement, and conduct a pilot national public service multimedia campaign to enhance the state of financial literacy and education in the United States.

(b) PROGRAM REQUIREMENTS.—

(1) PUBLIC SERVICE CAMPAIGN.—The Secretary, after review of the recommendations of the Commission, shall select and work with a nonprofit organization or organizations that are especially well-qualified in the distribution of public service campaigns, and have secured private sector funds to produce the pilot national public service multimedia campaign.

(2) DEVELOPMENT OF MULTIMEDIA CAMPAIGN.—The Secretary, after review of the recommendations of the Commission, shall develop, in consultation with nonprofit, public, or private organizations, especially those that are well qualified by virtue of their experience in the field of financial literacy and education, to develop the financial literacy national public service multimedia campaign.

(3) FOCUS OF CAMPAIGN.—The pilot national public service multimedia campaign shall be consistent with the national strategy, and shall promote the toll-free telephone number and the website developed under this title.

(c) MULTILINGUAL.—The Secretary may develop the multimedia campaign in languages other than English, as the Secretary deems appropriate.

(d) PERFORMANCE MEASURES.—The Secretary shall develop measures to evaluate the effectiveness of the pilot national public service multimedia campaign, as measured by improved financial decision making among individuals.

(e) REPORT.—For each fiscal year for which there are appropriations pursuant to the authorization in subsection (e), the Secretary shall submit a report to the Committee on Banking, Housing, and Urban Affairs and the Committee on Appropriations of the Senate and the Committee on Financial Services and the Committee on Appropriations of the House of Representatives, describing the status and implementation of the provisions of this section and the state of financial literacy and education in the United States.

(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary, not to exceed $3,000,000 for fiscal years 2004, 2005, and 2006, for the development, production, and distribution of a pilot national public service multimedia campaign under this section.

SEC. 519. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Commission such sums as may be necessary to carry out this title, including administrative expenses of the Commission.

TITLE VI—PROTECTING EMPLOYEE MISCONDUCT INVESTIGATIONS

SEC. 611. CERTAIN EMPLOYEE INVESTIGATION COMMUNICATIONS EXCLUDED FROM DEFINITION OF CONSUMER REPORT.

(a) IN GENERAL.—Section 603 of the Fair Credit Reporting Act (15 U.S.C. 1681a), as amended by this Act is amended by adding at the end the following:

''(x) EXCLUSION OF CERTAIN COMMUNICATIONS FOR EMPLOYEE INVESTIGATIONS.—

''(1) COMMUNICATIONS DESCRIBED IN THIS SUBSECTION.—A communication is described in this subsection if—

''(A) but for subsection (d)(2)(D), the communication would be a consumer report;

''(B) the communication is made to an employer in connection with an investigation of—

''(i) suspected misconduct relating to employment; or

''(ii) compliance with Federal, State, or local laws and regulations, the rules of a self-regulatory organization, or any preexisting written policies of the employer;

''(C) the communication is not made for the purpose of investigating a consumer's credit worthiness, credit standing, or credit capacity; and

''(D) the communication is not provided to any person except—

''(i) to the employer or an agent of the employer;

''(ii) to any Federal or State officer, agency, or department, or any officer, agency, or department of a unit of general local government;

''(iii) to any self-regulatory organization with regulatory authority over the activities of the employer or employee;

''(iv) as otherwise required by law; or

''(v) pursuant to section 608.

''(2) SUBSEQUENT DISCLOSURE.—After taking any adverse action based in whole or in part on a communication described in paragraph (1), the employer shall disclose to the consumer a summary containing the nature and substance of the communication upon which the adverse action is based, except that the sources of information acquired solely for use in preparing what would be but for subsection (d)(2)(D) an investigative consumer report need not be disclosed.

''(3) SELF-REGULATORY ORGANIZATION DEFINED.—For purposes of this subsection, the term 'self-regulatory organization' includes any self-regulatory organization (as defined in section 3(a)(26) of the Securities Exchange Act of 1934), any entity established under title I of the Sarbanes-Oxley Act of 2002, any board of trade designated by the Commodity Futures Trading Commission, and any futures association registered with such Commission.''.

(b) TECHNICAL AND CONFORMING AMENDMENT.—Section 603(d)(2)(D) of the Fair Credit Reporting Act (15 U.S.C. 1681a(d)(2)(D)) is amended by inserting ''or (x)'' after ''subsection (o)''.

TITLE VII—RELATION TO STATE LAWS

SEC. 711. RELATION TO STATE LAWS.

Section 625 of the Fair Credit Reporting Act (15 U.S.C. 1681t), as so designated by section 214 of this Act, is amended—

(1) in subsection (a), by inserting ''or for the prevention or mitigation of identity theft,'' after ''information on consumers,'';

(2) in subsection (b), by adding at the end the following:

''(5) with respect to the conduct required by the specific provisions of—

''(A) section 605(g);

''(B) section 605A;

''(C) section 605B;

''(D) section 609(a)(1)(A);

''(E) section 612(a);

''(F) subsections (e), (f), and (g) of section 615;

''(G) section 621(f);

''(H) section 623(a)(6); or

''(I) section 628.''; and

(3) in subsection (d)—

(A) by striking paragraph (2);

(B) by striking ''(c)—'' and all that follows through ''do not affect'' and inserting ''(c) do not affect''; and

(C) by striking ''1996; and'' and inserting ''1996.''.

TITLE VIII—MISCELLANEOUS

SEC. 811. CLERICAL AMENDMENTS.

(a) SHORT TITLE.—Section 601 of the Fair Credit Reporting Act (15 U.S.C. 1601 note) is amended by striking ''the Fair Credit Reporting Act.'' and inserting ''the 'Fair Credit Reporting Act'.''.

(b) SECTION 604.—Section 604(a) of the Fair Credit Reporting Act (15 U.S.C. 1681b(a)) is amended in paragraphs (1) through (5), other than subparagraphs (E) and (F) of paragraph (3), by moving each margin 2 ems to the right.

(c) SECTION 605.—

(1) Section 605(a)(1) of the Fair Credit Reporting Act (15 U.S.C. 1681c(a)(1)) is amended by striking ''(1) cases'' and inserting ''(1) Cases''.

(2)(A) Section 5(1) of Public Law 105–347 (112 Stat. 3211) is amended by striking ''Judgments which'' and inserting ''judgments which''.

(B) The amendment made by subparagraph (A) shall be deemed to have the same effective date as section 5(1) of Public Law 105–347 (112 Stat. 3211).

(d) SECTION 609.—Section 609(a) of the Fair Credit Reporting Act (15 U.S.C. 1681g(a)) is amended—

(1) in paragraph (2), by moving the margin 2 ems to the right; and

(2) in paragraph (3)(C), by moving the margins 2 ems to the left.

(e) SECTION 617.—Section 617(a)(1) of the Fair Credit Reporting Act (15 U.S.C. 1681o(a)(1)) is amended by adding ''and'' at the end.

(f) SECTION 621.—Section 621(b)(1)(B) of the Fair Credit Reporting Act (15 U.S.C. 1681s(b)(1)(B)) is amended by striking ''25(a)'' and inserting ''25A''.

(g) TITLE 31.—Section 5318 of title 31, United States Code, is amended by redesignating the second item designated as subsection (l) (relating to applicability of rules) as subsection (m).

(h) CONFORMING AMENDMENT.—Section 2411(c) of Public Law 104–208 (110 Stat. 3009–445) is repealed.

And the Senate agreed to the same.

For consideration of the House bill and the Senate amendment, and modifications committed to conference:

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the House to the bill (H.R. 2622) to amend the Fair Credit Reporting Act, to prevent identity theft, improve resolution of consumer disputes, improve the accuracy of consumer records, make improvements in the use of, and consumer access to, credit information, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

The Senate amendment to the text of the bill struck all of the House bill after the enacting clause and inserted a substitute text.

The House recedes from its disagreement to the amendment of the Senate with an amendment that is a substitute for the House bill and the Senate amendment. The Committee of Conference met on November 21, 2003 (the Senate Chairing) and resolved their differences. The differences between the House bill, the Senate amendment, and the substitute agreed to in conference are noted below, except for clerical corrections, conforming changes made necessary by agreements reached by the conferees, and minor drafting and clerical changes.

The Fair Credit Reporting Act was enacted in 1970, and substantially amended in 1996. The amendments made at that time were necessary to make the law relevant in an information age. Included in the 1996 amendment were a number of provisions that explicitly preempt state laws. These preemptions expire on January 1, 2004.

Since 1996, the national credit markets have undergone significant change. Most of these changes were the result of technological innovations. Technology has expanded the availability of credit, and permitted instant credit decisions. Mortgage financing that once took weeks now takes hours, and home ownership rates are at historic highs. Consumer credit can be obtained at the point of sale for major items like automobiles. Technology and the prudently-regulated free flow of consumer information under the FCRA has made much of this possible. We live in a mobile society in which 40 million Americans move annually. The FCRA permits consumers to transport their credit with them wherever they go. Both Committees of jurisdiction have developed detailed records regarding the benefits that our national credit reporting system has visited upon consumers of financial products.

Despite the myriad benefits of technology to the American consumer, there has been one drawback. Namely, the free flow information has enabled the explosive growth of a new crime—identity theft. Both Committees developed comprehensive hearing records regarding the growth of this crime, and the havoc it visits upon the lives of its victims. Law enforcement professionals are cognizant of the growth of this crime, and have worked with the affected industries to combat it. While criminal prosecutions and strict fraud detection protocols can curtail identity theft, and punish the wrongdoers, not enough had been done heretofore to aid the real victims of this crime—the consumer whose identity is assumed, and can spend months or years trying to rehabilitate their credit and re-order their affairs.

The House bill and the Senate amendment contain a number of identical provisions. In other instances, the provisions in the respective bills addressed the same issue in a slightly different manner. Both the House bill and the Senate amendment addressed the provisions of the FCRA that preempted state laws, and are due to expire on January 1, 2004. Both bills addressed identity theft, medical information privacy and promote greater consumer access to their credit reports.

The House bill, H.R. 2622, and the bill that served as the core of the Senate amendment (S. 1753) are each the result of an extensive deliberative and legislative process with a three-fold purpose: to assist the victims of identity theft; modernize the FCRA and; enhance the national credit reporting system. Readers should refer to the Committee Reports for the respective bills for further elaboration. The conference agreement contains provisions to accomplish these goals. It is the conferees' belief that this legislation will assist the victims of identity theft, and ensure the operational efficiency of our national credit system by creating a number of preemptive national standards.

For consideration of the House bill and the Senate amendment, and modifications committed to conference:

CHRISTOPHER J. DODD,
TIM JOHNSON,
Managers on the Part of the Senate.

Mr. OXLEY. Mr. Speaker, I move to suspend the rules and agree to the conference report on the bill (H.R. 2622) to amend the Fair Credit Reporting Act, to prevent identity theft, improve resolution of consumer disputes, improve the accuracy of consumer records, make improvements in the use of, and consumer access to, credit information, and for other purposes.

The Clerk read the title of the bill.

(For conference report and statement, see prior proceedings of the House of today.)

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Ohio (Mr. OXLEY) and the gentleman from Massachusetts (Mr. FRANK) each will control 20 minutes.

The Chair recognizes the gentleman from Ohio (Mr. OXLEY).

GENERAL LEAVE

Mr. OXLEY. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on the conference report and insert extraneous material thereon.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

Mr. OXLEY. Mr. Speaker, I yield myself 6 minutes.

Mr. Speaker, I am proud to bring before the House today the conference report on H.R. 2622, the Fair and Accurate Credit Transactions Act of 2003. This is a bipartisan bill that will foster economic growth and development throughout this country. When 9/11 hit our country, Congress responded quickly with the passage of the USA PATRIOT Act and the Terrorism Risk Insurance Act. When corporate scandals threatened to undermine the integrity of the stock market, we responded with the passage of the Sarbanes-Oxley Act. And today, as the laws governing our national credit markets are set to expire, we must again respond swiftly and responsibly with the passage of this bipartisan solution to keep the American economy stable and growing and assure that the American consumer continues to enjoy the benefits of a robust national credit granting system.

□ 1800

One of the hallmarks of the modern U.S. economy is quick and convenient access to consumer credit. Though it would seem unimaginable a generation ago, consumers can now qualify for a

mortgage over the telephone, walk into a showroom and finance the purchase of a car in one sitting, and get department store credit within minutes. As the distinguished Federal Trade Commission chairman Tim Muris has stated, the ''miracle of instant credit'' created by our national credit reporting system has given American consumers a level of access to financial services and products that is unrivaled anywhere in the world. The protection and growth of these services, as provided for in this legislation, are critical to the success of our economy.

Since the Fair Credit Reporting Act's uniform national standards were established in 1996, we have achieved some of the lowest mortgage rates and credit rates on record, with more competition and more offerings for consumers than ever before. This has led to the record level of credit available today to all Americans, regardless of income level. Over the past 30 years, the availability of nonmortgage credit to households in the lowest income bracket has increased by nearly 70 percent, including a nearly threefold increase in the number of low-income households owning credit cards just in this last decade. The increase of available credit, coupled with the declining price of this credit, has also fueled the record homeownership levels we are experiencing today, again with the largest gains achieved by low- and moderate-income groups. These improvements in the credit and mortgage systems have saved consumers nearly $100 billion annually, according to some estimates.

In addition to preserving our vital national credit system, this legislation is an extremely comprehensive consumer protection bill. The protections are designed to meet head-on the growing crime of identity theft which has accompanied the expanding credit market in our country. The FTC released a study in early September which revealed the damaging extent of this crime in our country. Ten million Americans were victimized by identity thieves last year alone, costing consumers and businesses over $55 billion, not counting the 300 million hours spent by victims to try to repair damaged credit records. The financial costs are staggering, with over $10,000 stolen in the average fraud.

The Committee on Financial Services has worked tirelessly to explore and find solutions to this destructive crime. Over 100 witnesses have come before the committee since last April to discuss the renewal of the Fair Credit Reporting Act, and many of them focused their statements on the urgent need to increase safeguards designed to protect consumers and businesses alike from this crime. With the bipartisan support in the House, as well as valuable input and assistance from our friends in the Senate, we have a bill before us today that empowers both consumers and businesses as we attempt to eliminate this terrible crime. Congress needs to pass strong, uniform identity theft protection; and it needs to do it now.

This conference report preserves many key elements designed to fight identity theft from the bill that passed the House with close to 400 votes. These strong new identity theft provisions standards established by the bill will be national, ensuring uniform protection for consumers in all 50 States.

This legislation includes provisions that allow consumers to place fraud alerts, allowing consumers to block information from being given to a credit bureau, providing identity theft victims with a summary of their rights, giving consumers the right to see their credit scores, giving all consumers the right to a free copy of their credit report, restricting access to consumers' sensitive health information, simplifying the way consumers can limit unsolicited marketing offers, ensuring improved accuracy of credit reporting procedures, and providing consumers with one-call-for-all protection by requiring credit bureaus to share consumer calls on identity theft, including requested fraud alert blocking.

This legislation also provides valuable tools and resources to financial institutions to ensure accuracy and prevent identity theft. These provisions include requiring creditors to take certain precautions before extending credit to consumers who have placed fraud alerts in their files; prohibiting merchants from printing more than the last five digits of a payment card on an electronic receipt, and others.

Mr. Speaker, this is a rather lengthy and long statement, and I will submit this for the RECORD.

I want to thank my ranking member, the gentleman from Massachusetts, for taking on this challenging and important legislation. Also to the chairman of our Subcommittee on Financial Institutions, the gentleman from Alabama (Mr. BACHUS), who sat through hours of hearings, over 100 witnesses in eight separate hearings; to Chairman SHELBY who chaired the conference committee and also, of course, is the chairman of the Banking Committee in the Senate, as well as Ranking Member Sarbanes for working in good faith on this effort.

Mr. Speaker, this was indeed truly a bipartisan, bicameral effort. We worked very closely with the White House and the Treasury to put together this conference report. This is good public policy. It is good for the country's economy, maintaining this constant flow of credit that we have come to take for granted. This is positive legislation, and I urge all Members to give it their strong support.

This legislation also provides valuable tools and resources to financial institutions to ensure accuracy and prevent identity theft. These provisions include:

Requiring creditors to take certain precautions before extending credit to consumers who have placed "fraud alerts" in their files; prohibiting merchants from printing more than the last 5 digits of a payment card on an electronic receipt; requiring banks to develop policies and procedures to identify potential instances of identity theft; and requiring financial institutions to reconcile potentially fraudulent consumer address information.

It is our duty to protect our national credit system and the economic growth that this system promotes by continuing to provide Americans with the most affordable and accessible credit market in the world today. We must ensure that the U.S. remains the engine of growth for the global economy.

I want to thank my ranking member from Massachusetts, Mr. FRANK, for taking on this challenging and imperative legislative project and for engaging all the major stakeholders in crafting a bipartisan piece of well balanced, highly effective legislation. I would also like to thank my friends from the Senate Banking Committee, Chairman SHELBY and Ranking Member SARBANES, for working in good faith to resolve differences between the House and Senate products. And finally, a huge debt of gratitude is owed by Members of this body to the gentleman from Alabama, SPENCER BACHUS, who wrote the House version of this bill; presided over countless hearings in his capacity as Chairman of the Financial Institutions and Consumer Credit Subcommittee; and helped lead the House conferees to a successful outcome in our negotiations with the Senate. Without the gentleman from Alabama, we would not be standing on the House floor today about to pass this historic consumer protection legislation.

The final FCRA legislation states that no requirement or prohibition may be imposed under the laws of any State with respect to the conduct required under the nine specific provisions included in the new identity theft preemption provision of the law. Accordingly, States cannot act to impose any requirements or prohibitions with respect to the conduct addressed by any of these provisions or the conduct addressed by any of the federal regulations adopted under these nine provisions. All of the rules and requirements governing the conduct of any person in these areas are governed solely by federal law and any State that attempts to impose requirements or prohibitions in these areas would be preempted.

I should note that the legislation lists the provisions to be preempted. However, to the extent such provisions would enjoy preemption under another provision in the FCRA, the other provision would control.

One of the central elements of the approach taken by the bill that the House passed overwhelmingly last September was to make the new fraud prevention and mitigation provisions contained in the legislation the new uniform national standards on those subject matters. The bill was drafted in this way because identity theft is a national concern, not only because of its impact on our system of granting credit, but because it knows no boundaries. The consumer victim may be in one State, the financial institution victim in another State, and the perpetrator may be in a third State. The

credit bureaus that receive and report information relating to a fraudulent account may be in yet a fourth State.

In drafting the House bill, we were careful to stipulate—and to clarify in a colloquy on the House floor among the gentleman from Massachusetts, Mr. FRANK, the gentleman from Alabama, Mr. BACHUS, and myself—that the uniform national standards for identity theft were limited to the subject matters that the bill's provisions actually address, such as fraud alerts, blocking bad credit information, and truncating credit card account numbers at the point of sale. Thus, for example, this national uniformity would not affect State criminal statutes, or State laws governing the public display of social security numbers.

The conference committee further refined this standard, by providing that the new uniform national standards on identity theft created by this legislation apply with respect to the conduct required by those specific provisions.

I strongly urge my colleagues to vote for this Conference Report.

Mr. Speaker, I reserve the balance of my time.

Mr. FRANK of Massachusetts. Mr. Speaker, I am glad to yield 2½ minutes to the gentlewoman from Oregon (Ms. HOOLEY), a member of this committee who really did extraordinarily good work here and who early on became our task force head on identity theft, and this bill is really path-breaking in what it does for identity theft.

Ms. HOOLEY of Oregon. Mr. Speaker, I thank my good friend, the gentleman from Massachusetts, for yielding me this time.

During floor debate of the Fair and Accurate Credit Transaction Act back in September, I told a story of a constituent who had her purse stolen and ended up spending hours trying to clean up her credit files as a result. It got so bad, in fact, that the police officer suggested it would be easier for her to change her name than to deal with the damage caused by the result of a theft. At that time, I continued on to say that something is wrong with the law when a law enforcement official suggests changing your identity in order to protect yourself from identity theft.

Well, I am ecstatic to report to everyone that after 4 years' struggle, the law is changing. Today the House and Senate conferees met and approved the Fair and Accurate Credit Transaction Act, a bill that will do many things to protect consumers and safeguard our Nation's credit system. Above all, however, this legislation will put in place landmark protections against identity theft, the fastest-growing crime in the United States.

This legislation has been a long time coming and is the result of a lot of hard work by a number of Members of Congress. I would especially like to thank the gentleman from Massachusetts (Mr. FRANK) and the gentleman from Ohio (Mr. OXLEY) for all of their incredible work; Senator SARBANES and Senator SHELBY for the leadership they have shown through a bipartisan conference process; and a special thanks to the gentleman from Alabama (Mr. BACHUS) and the gentleman from Ohio (Mr. LATOURETTE) for the long hours they put in on this piece of legislation. Because of these leaders' work and the incredible staff that worked with us, we have a conference report that takes the best provisions from the Senate and the best provisions from the House to pass this piece of legislation.

I will share a few of the consumer protections it provides, and I will insert the remainder of this list in the CONGRESSIONAL RECORD.

First of all, it provides consumers with a free credit report, gives consumers the right to see their credit scores, provides consumers with broad new medical privacy rights, gives the consumers the ability to opt out of information-sharing between affiliated companies for marketing purposes, and establishes a financial literacy commission. Those are just a few.

I am proud of how the committee worked together. I think we were the poster child of how this process should be run. I am proud of the substance of this conference report that is good for consumers and good for businesses. I urge all of my colleagues on both sides of the aisle to support our Nation's consumers by voting "yes" for the conference report.

The agreement reached by conferees today will:

General Provisions:

Provide consumers with a free credit report every year from each of the three national credit bureaus, from a single centralized source;

Give consumers the right to see their credit scores;

Provide consumers with broad new medical privacy rights;

Give consumers the ability to opt-out of information sharing between affiliated companies for marketing purposes;

Establish a financial literacy commission and a national financial literacy campaign;

Ensure that consumers are notified if merchants are going to report negative information to the credit bureaus about them; and

Extend the seven expiring provisions of the Fair Credit Reporting Act.

Identify Theft Provisions:

Allow consumers to place "fraud alerts" in their credit reports to prevent identify thieves from opening accounts in their names; including special provisions to protect active duty military personnel;

Require creditors to take certain precautions before extending credit to consumers who have placed "fraud alerts" in their files;

Allow consumers to block information from being given to a credit bureau and from being reported by a credit bureau if such information results from identify theft;

Provide identify theft victims with a summary of their rights;

Provide consumers with one-call-for-all protection by requiring credit bureaus to share consumer calls on identify theft, including requested fraud alert blocking.

Prohibiting merchants from printing more than the last 5 digits of a payment care on an electronic receipt;

Require banks to develop policies and procedures to identify potential instances of identify theft;

Require financial institutions to reconcile potentially fraudulent consumer address information; and

Require lenders to disclose their contact information on consumer reports.

Mr. OXLEY. Mr. Speaker, I yield 3 minutes to the distinguished gentleman from Alabama (Mr. BACHUS), the chairman of the Subcommittee on Financial Institutions and Consumer Credit, who has done such a wonderful job on this bill.

Mr. BACHUS. Mr. Speaker, I thank the chairman for yielding me this time.

I am going to limit my time to thanking Members, because this legislation I think more than anything is a testimony of what we as Members do when we all work in the best interests of the American public.

This bill contains sweeping new protections against identity fraud. It also will enable consumers, which make up 70 percent of our economy, to have available more credit and more choices. And as important as that is, it does a third thing. It has many different tools to ensure that our credit information is accurately reported and that our private information and confidential information such as medical records are not shared.

At this time, I would like to thank the cosponsors. This bill was introduced by me; the gentlewoman from Oregon (Ms. HOOLEY), whom we have heard from; the gentlewoman from Illinois (Mrs. BIGGERT); and the gentleman from Kansas (Mr. MOORE). The gentlewoman from Oregon (Ms. HOOLEY), the gentlewoman from Illinois (Mrs. BIGGERT), and the gentleman from Kansas (Mr. MOORE) all had significant input into this legislation. The gentleman from Ohio (Mr. LATOURETTE), a lot of the fraud provisions were drafted by him or the gentlewoman from Oregon (Ms. HOOLEY). The gentleman from Pennsylvania (Mr. KANJORSKI), the gentleman from Delaware (Mr. CASTLE), the gentlewoman from New York (Mrs. MALONEY), the gentleman from Arizona (Mr. SHADEGG), the gentleman from Tennessee (Mr. FORD), the gentleman from Ohio (Mr. TIBERI), the gentleman from Texas (Mr. HINOJOSA), the gentleman from Texas (Mr. HENSARLING), the gentleman from New York (Mr. CROWLEY), the gentleman from Texas (Mr. SESSIONS), the gentleman from Arizona (Mr. ROSS), the gentleman from Utah (Mr. MATHESON), the gentleman from Alabama (Mr. DAVIS), the gentleman from Louisiana (Mr. BAKER), the gentleman from New York (Mr. KING), the gentleman from Oklahoma (Mr. LUCAS), and the gentleman from Kentucky (Mr. LUCAS), the gentleman from Ohio (Mr. NEY),

the gentlewoman from New York (Mrs. KELLY), the gentleman from North Carolina (Mr. JONES), the gentleman from New York (Mr. ISRAEL), the gentlewoman from Pennsylvania (Ms. HART), the gentleman from North Carolina (Mr. MILLER), the gentlewoman from West Virginia (Mrs. CAPITO), the gentlewoman from New York (Mrs. MCCARTHY), the gentleman from South Carolina (Mr. BARRETT), the gentleman from Florida (Mr. FEENEY), and the gentlewoman from Florida (Ms. HARRIS).

All of these Members participated in this process, and the bill, which was passed almost unanimously by the House, went over to the Senate; and I would like to credit the other body for working, I think, in a professional manner and improving what we thought was a wonderful bill. And then, in conference, I would finally like to salute the gentleman from Ohio (Chairman OXLEY), first, for giving me the opportunity of working on this legislation; and secondly, I would like to salute him and the gentleman from Massachusetts (Mr. FRANK), our conferees, Mr. SARBANES and Chairman SHELBY. All of the people I have named deserve particular praise for a wonderful piece of legislation.

Mr. Speaker, I rise in strong support of the conference report to H.R. 2622, the Fair and Accurate Credit Transactions Act (''FACT Act''). H.R. 2622 represents the culmination of my efforts, and those of my colleagues, to craft legislation to strengthen our economy and to provide consumers with meaningful identity theft protections. The FACT Act is the bi-partisan product of a thorough review of the Fair Credit Reporting Act (''FCRA''), identity theft, and related issues, Indeed, the legislation was approved overwhelmingly in the House by a vote of 392–30 and in the Senate by a vote of 95–2.

I want to express my deepest sense of gratitude to Chairman OXLEY who gave me the opportunity to introduce this landmark piece of legislation and then skillfully guided it through the legislative process. In my career as a legislator, it is only on a rare occasion when you get the chance to draft legislation in such a bipartisan and cooperative atmosphere. The Chairman deserves a lot of credit for establishing such a collegial process, and I think our legislative product is better because of his efforts.

As Chairman of the Subcommittee on Financial Institutions and Consumer Credit. I conducted 8 hearings on the FCRA and related issues over the past year, receiving testimony from nearly one hundred witnesses including consumer groups, businesses, law enforcement, and various government regulators. On June 26, 2003, I introduced H.R. 2622 with Representatives HOOLEY, BIGGERT, and MOORE. The FACT Act—a byproduct of our hearings and bipartisan cooperation—passed its version of FCRA legislation—S. 1753—by a vote of 95–2. This week, the conference report to H.R. 2622 was approved almost unanimously by the conferees from both the House and Senate. H.R. 2622 is supported by a broad coalition of interested parties, including large financial institutions, community banks, credit unions, retailers as well as the Administration.

H.R. 2622 will benefit consumers and our economy by ensuring the continuity of our national uniform credit system. Indeed, our economy depends on several national delivery systems—each represented by incredible amounts of investment and infrastructure. For example, the national interstate highway system and our telecommunications networks are all critical to our national economy. Today we can drive from state to state without worrying about whether a road will come to an abrupt end at the state line. Our consumer credit system is similar to these examples—we do not really think about it, we just expect that it will work. Although not perfect, our consumer credit system makes life better, easier, and cheaper for American consumers.

Just as our highway and telecommunications networks have improved and become more efficient over the years, so has our credit system. Creditors have always needed to evaluate the likelihood that a borrower would repay a loan. As a result of the framework established by the FCRA, creditors, no longer need to ''eyeball'' an applicant and review application materials for days or weeks. Rather, our national credit system has produced a virtually seamless system whereby consumers can apply for, and receive a decision on, credit within minutes. The national uniform system has also lowered costs and increased choice and convenience for American consumers. By far the most striking result of our national credit system is the dramatically increased availability of credit—or the ''democratization'' of credit. However, this system could be put in jeopardy if the state law uniform standards in the FCRA were permitted to expire on January 1, 2004. H.R. 2622 would ensure the continuity of our national credit system by making these standards permanent.

The conference report also directly addresses the problem of identity theft.

Sec. 151 of the conference report requires that the FTC and the federal banking regulators provide identify theft victims with a summary of their rights. It is important for the agencies to let consumers know that identity thieves target home computers because they contain a goldmine of personal financial information about individuals. In educating the public about how to avoid becoming a victim of identity theft, the FTC and the federal banking regulators should inform consumers about the risks associated with having an 'always on' Internet connection not secured by a firewall, not protecting against viruses or other malicious codes, using peer-to-peer file trading software that might expose diverse contents of their hard drives without their knowledge, or failing to use safe computing practices in general.

Identity theft occurs when a criminal obtains enough information about an individual to allow the criminal to ''assume'' that individual's identity for nefarious purposes. My Subcommittee heard from two identity theft victims. Their stories were truly nightmarish, and we need to work to prevent countless others from joining the ranks of identity theft victims. Not only does identity theft harm the direct victims, but it also has an impact on all consumers. Financial institutions lose millions of dollars each year as a result of identity theft. This increased cost on financial institutions is absorbed, at least in part, through increased costs of financial products and services to all consumers.

H.R. 2622 will also improve consumers' access and understanding of their credit information by allowing consumers to request a free credit report annually from each credit bureau. In addition, consumers will have the opportunity to obtain their credit scores from credit bureaus. Transparency in the credit granting and reporting process will increase consumers' financial literacy and improve their confidence in the financial services system in general.

I want to commend Chairman OXLEY for the tremendous leadership he has shown in steering this complex bill through the legislative process. I also want to thank the Ranking Member of the Committee, Mr. FRANK, for his support of this important piece of legislation. In addition, let me commend Ms. HOOLEY, Ms. BIGGERT, Mr. MOORE, Mr. LATOURETTE and the Members of the Financial Services Committee on each of their efforts. I also appreciate the efforts of Mr. SANDERS, the Ranking Member on my subcommittee, for his work on this issue. Lastly, I want to mention my appreciation for the input we received from the Administration, particularly from Treasury Secretary John Snow and Treasury Assistant Secretary for Financial Institutions Wayne Abernathy.

Let me also take this opportunity to thank the staff members on the House Financial Services Committee who worked on this legislation. Both Chairman OXLEY and Ranking Member FRANK are to be commended for assembling such a talented group of staff to work on H.R. 2622. On the majority side, I would like to thank Bob Foster, Hugh Halpern, Carter McDowell, Jim Clinger; Robert Gordon, Charles Symington, Karen Lynch—who no longer works for the committee but did a lot of work on this issue before leaving—and Dina Ellis, my designee on the Committee. I would also like to thank Warren Tryon of my staff for his work on this issue. On the minority staff, I would like to thank the following staff members: Jeanne Roslanowick, Jaime Lizarraga, Ken Swab, Erika Jeffers, Dean Sagar and Warren Gunnels.

In conclusion, I would like to note that I am proud of the work we have done in crafting H.R. 2622. This has been, by necessity, a long and thorough process. I believe H.R. 2622 presents a solid achievement in protecting the security of consumers' personal information, enhancing the transparency of the credit reporting process, and ensuring continued access to a wide variety of financial products at low cost.

Mr. Speaker, our economy today is important to all of us. That goes without saying. But what a lot of people do not realize is that two-thirds of our economy is consumer spending. That is the driver in our economy today. And consumer spending today is contingent upon maintaining a national uniform credit reporting system. I urge all of my colleagues to support our economy by voting for H.R. 2622.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. THORNBERRY). The Chair would remind

all Members it is inappropriate to characterize the other body, even in positive terms.

Mr. FRANK of Massachusetts. Mr. Speaker, I yield 2½ minutes to the gentleman from Vermont (Mr. SANDERS), the ranking member of the subcommittee from which this bill came.

Mr. SANDERS. Mr. Speaker, I thank the gentleman for yielding me this time.

Mr. Speaker, this bill has a number of important and positive provisions. The idea that consumers will receive free credit reports is important. The provision strengthening identity theft is also very important.

But basically, the positive provisions in this bill do not outweigh the negative. And, in my view, this bill should be defeated. It should be defeated because it preempts States throughout this country from going forward with stronger consumer protections. And to my mind, States, in fact, are the laboratories of democracy; and it is a bad idea, especially from our conservative friends, who year after year have told us how bad it was for the Federal Government to have all this power, to now give power to the Federal Government and tell the State of Vermont, the State of California, that if you have specific needs dealing with consumer issues, you may not go forward. That is wrong. And for that reason alone, this legislation should be defeated, sent back, and strengthened in terms of consumer needs.

I would point out that virtually every consumer organization in America, the Consumer Federation of America, U.S. Public Interest Research Group, et cetera, oppose the preemption aspects of this legislation.

Second of all, Mr. Speaker, one of the great rip-offs that is taking place in America now deals with credit cards which, at a time of very, very low interest rates, are charging people up to 25 or 29 percent interest. And one way they do it, Mr. Speaker, is they send out notices and they say, come in and sign up: zero interest rate. What they forget to tell the consumer is that for any reason whatsoever, through a bait-and-switch scam, they can raise interest rates. So 5 years before, you were late on a student loan, you were late on an automobile payment, suddenly, you are going to be paying 15, 20 percent interest, and you do not know it.

This legislation rejected any effort to protect consumers in that way, not only outlawing this bait-and-switch scam, but even preventing strong disclosure. This legislation should be defeated, sent back, and improved.

□ 1815

Mr. OXLEY. Mr. Speaker, I yield 2 minutes to the gentlewoman from New York (Mrs. KELLY), the chairwoman of the Subcommittee on Oversight and Investigations.

Mrs. KELLY. Mr. Speaker, it happens I do not agree with the previous speaker. I rise in strong support of the conference report before us. I would like to commend the gentleman from Ohio (Chairman OXLEY) and the gentleman from Massachusetts (Ranking Member FRANK) and their counterparts in the Senate for moving this legislation with great thoroughness, deliberation, and really in a strong spirit of bipartisanship.

At the heart of the legislation is the permanent reauthorization of the Fair Credit Reporting Act. It has provided a national uniform credit reporting system that has effectively lowered the cost of credit. And it has increased the choice and convenience for millions of Americans across the country.

The FCRA has helped to address other vital security issues such as combating identity theft and blocking terrorist financing under the U.S.A. Patriot Act, both issues that I have held hearings on in my subcommittee.

Combating identity theft and drying up terrorist financing requires a collaborative effort of law enforcement and regulatory agencies, consumers, and financial institutions, all with access to appropriate information.

We have also made some other important improvements to the FCRA in order to protect the sanctity of privacy for the American people throughout the credit granting process. I believe that one of the most important pieces of that is medical information. The medical information of consumers should be kept private. It does not need to be shared or be distributed by creditors or listed on credit reports.

Individuals should know that their personal medical information belongs to them and it is not released for any other purposes, whether it is for the credit-granting process or employee background checks. And we have done that with our legislation by coding the information.

I would like to thank the gentleman from Arkansas (Mr. ROSS) and the gentleman from North Carolina (Mr. WATT) for working with me on this amendment that will protect medical information of individuals without disrupting the access to low-cost credit and the security of information.

By allowing consumers to benefit from reporting the financial aspects of their transactions to credit bureaus while maintaining the sanctity of their medical privacy, this legislation is a real win for all Americans.

Finally, I am pleased we were able to include a new title in the legislation, which creates a Commission on Financial Literacy and Education, or the SAFE Act. As a result of that strategy, we will have a clear vision of the future financial literacy that will be the benefit of all Americans.

Mr. Speaker, I strongly support this legislation.

Mr. Speaker, I rise in strong support of the Conference Report before us.

I would like to commend Chairman OXLEY and Ranking Member FRANK—and their counterparts in the Senate—for moving this legislation with great thoroughness and deliberation and in the spirit of bipartisanship.

The legislation, "The FACT Act", is the result of a dozen hearings, one hundred witnesses, and months of deliberations by my colleagues on both sides of the aisle, and both sides of the Capitol.

At the heart of the legislation is the permanent reauthorization of the Fair Credit Reporting Act, or FCRA. FCRA has provided a national uniform credit reporting system that has effectively lowered the cost of credit, and increased choice and convenience for millions of Americans across the country.

As a conferee on this report, I can tell you that we worked with many diverse interests before we reached a unified, solid product. And in this product, we have built on the framework of FCRA to ensure that the legislation continues to lower the cost of credit and help fuel our economy—while also creating new opportunities for populations who have never had access. That's why this legislation has overwhelmingly bipartisan support.

FCRA has also helped address other vital security issues, such as combating identity theft and blocking of terrorist financing under the USA PATRIOT Act—both issues which I have held numerous hearings on in my Oversight Subcommittee. Combating identity theft and drying up terrorist financing requires the collaborative effort of law enforcement and regulatory agencies, consumers and financial institutions—all with access to appropriate information.

I am extremely pleased that this conference report addresses these important issues, and improves our ability to combat identity theft and help law enforcement officials track down illicit money. The information-sharing under this legislation is essential to protecting the American people by detecting suspicious activity and weeding out wrongdoers.

The national uniform standards under FCRA have also facilitated a financial institution's ability to utilize additional authentications and identity verifications to protect consumer security. And the increased protections incorporated in this legislation are critically important in enabling victims to correct the damage to their credit histories created by identity thieves.

This legislation will further help law enforcement combat financial fraud and track down criminals and terrorists. And it adds new protections that are important to achieving these goals.

We have also made other important improvements to FCRA in order to protect the sanctity of privacy for the American people throughout the credit-granting process.

I believe the medical information of consumers should be kept private, and it does not need to be shared or distributed by creditors or listed on credit reports. Individuals should know that their personal medical information belongs to them and is not released for other purposes, whether it is for the credit granting process or employee background checks. And we have done this in our legislation by coding this information.

I would like to thank Reps. ROSS and WATT for working with me on an amendment that will protect the medical information of individuals without disrupting access to low cost credit and the security of information.

By allowing consumers to benefit from reporting the financial aspects of their transactions to credit bureaus while maintaining the sanctity of their medical privacy, this legislation is a real win for all Americans.

Finally, I am pleased that we were able to include a new title in the legislation, which creates a Commission on Financial Literacy and Education to improve the financial literacy of millions of Americans of all ages.

At the crux of this language is the creation of the first ever national strategy for financial literacy—which will facilitate new public, private and nonprofit partnerships to help educate all Americans in financial literacy. The national strategy, and its subsequent report to Congress, will be known as "The Strategy for Assuring Financial Empowerment" or "SAFE strategy", based on legislation that I introduced—H.R. 3520, "The SAFE Act".

As as result, the "SAFE strategy" will provide a clear vision for the future of financial literacy. The vision will provide a systematic approach to identify effective ways to increase the general education level of current, and future, consumers of financial services and products. The Commission and the "SAFE strategy" will be goal-oriented and subject to reviews by Congress through annual testimony.

Mr. Speaker, I strongly support this legislation that is crucial to the economy and the security of the American people.

I thank you for addressing these important issues and urge my colleagues to support this conference report.

Mr. FRANK of Massachusetts. Mr. Speaker, I yield 1½ minutes to the gentleman from Pennsylvania (Mr. KANJORSKI), who is the second ranking member of the full committee and the ranking member of the Subcommittee on Capital Markets, Insurance and Government Sponsored Enterprises and who has a major input to this bill.

Mr. KANJORSKI. Mr. Speaker, just as an aside, if I may, I urge all my colleagues on this side of the aisle and on the other side of the aisle to support one of the most bipartisan pieces of legislation. I want to congratulate the chairman of the committee, the gentleman from Ohio (Mr. OXLEY), the ranking member of the committee, the gentleman from Massachusetts (Mr. FRANK), and the chairman of the subcommittee, the gentleman from Alabama (Mr. BACHUS), and the ranking member of the subcommittee on our side of the aisle for a job well done.

And the fact that we set a new course of activity here in the House as to how this function of legislation should be done from not only the subcommittee, the full committee, the House and Senate, and the conference committee, but now as they work back today, I urge all my colleagues to support the legislation.

Mr. Speaker, I would like to enter into a colloquy with the gentleman from Alabama (Mr. BACHUS) on the Federal FTC advertising campaign.

Section 213 of the bill directs the Federal Trade Commission to increase public awareness regarding the availability of consumer rights to opt out of receiving prescreened credit offer solicitations. Is that his understanding as well?

I yield to the gentleman from Alabama.

Mr. BACHUS. Mr. Speaker, it is, yes.

Mr. KANJORSKI. Mr. Speaker, does the gentleman share with me the understanding that the FTC's public awareness campaign is to be designed to increase public awareness, not only of the right to opt out of receiving prescreened solicitations, but also of the benefits and consequences of opting out?

Mr. BACHUS. Mr. Speaker, yes, I share that understanding. Not only should consumers know they can opt out of getting these offers, they should also know that opting out or not affects their chances of getting additional credit offers with competitive terms.

Mr. KANJORSKI. Mr. Speaker, and if the FTC's public awareness campaign increases their understanding of the opt-out, consumers will make more informed better decisions. Does the gentleman agree?

Mr. BACHUS. Mr. Speaker, yes, I agree.

Mr. KANJORSKI. Mr. Speaker, I thank the gentleman from Alabama (Mr. BACHUS).

Mr. Speaker, I rise in very strong support of the conference report for H.R. 2622, the Fair and Accurate Credit Transactions Act.

The bill before us is an excellent piece of legislation. It advances consumer protection. It combats identity theft. And it allows businesses to operate efficiently when offering credit.

Moreover, the bill before us is a model of how the legislative process should work on a bipartisan basis. We held numerous hearings on the legislation. We deliberated on these matters thoroughly. We worked with one another on a bipartisan basis. The results of our efforts produced a bill that originally passed the House overwhelmingly.

If we fail to extend the expiring provisions of the Fair Credit Reporting Act before the end of this year, conflicting state laws could place financial institutions in a difficult compliance position, and the current efficiencies in obtaining credit could significantly decrease. We would, moreover, create more difficulties for our already struggling economy.

The Fair Credit Reporting Act and its 1996 amendments, in my view, have created a nationwide consumer credit system that works increasingly well. This law has expanded access to credit, lowered the price of credit, and accelerated decisions to grant credit. One reason that the law works so well is the establishment of a uniform system of national standards for credit reporting. As my colleagues may recall, Mr. Speaker, I strongly supported creating these state preemptions in the early 1990s. I also believe that we should extend them now.

In addition to extending the expiring preemptions of state law, H.R. 2622 will make a number of important improvements to current law with respect to consumer protection. These provisions, among other things, will improve the accuracy of and correction process for credit reports, and establish strong privacy protections for consumers' sensitive medical information.

Furthermore, identity theft is a growing problem in our country. A recent report by the Federal Trade Commission found that 27.3 million Americans have been victims of identity theft in the last five years. I am therefore particularly pleased that H.R. 2622 includes several provisions designed to combat these crimes and aid consumers.

Before I close, Mr. Speaker, I want to again commend the Ranking Member of the Committee [Mr. FRANK] for his work leading to a very strong bill, as well as the gentlelady from Oregon [Ms. HOOLEY] for her important work on identity theft. As I have already noted, we also worked on a bipartisan basis and in a pragmatic way with the Chairman of the Committee [Mr. OXLEY] and the Chairman of the Subcommittee [Mr. BACHUS] to produce a very worthwhile legislative product in the House and in the conference with the Senate on which I served.

Mr. Speaker, H.R. 2622 contains many important consumer protection provisions in a framework of uniform national standards. It is a good bill. I encourage my colleagues to support its passage.

Mr. OXLEY. Mr. Speaker, I yield 2 minutes to the gentlewoman from Illinois (Mrs. BIGGERT).

Mrs. BIGGERT. Mr. Speaker, I would like to commend the hard work that the gentleman from Ohio (Chairman OXLEY) and the gentleman from Alabama (Mr. BACHUS), subcommittee chairman, the gentleman from Massachusetts (Ranking Member FRANK), and the committee staff have done on this extremely important piece of legislation.

Mr. Speaker, to its sponsors and its cosponsors, every bill is an important bill. But there are few bills that we will take up this session or this Congress that are as critically important to our economy as reauthorizing and making permanent the expiring protections contained in the Fair Credit Reporting Act.

The FCRA may not be a household word, but it nonetheless touches virtually every aspect of our lives and our economy.

Without this reauthorization, there can be no national credit system, without a national credit system there will be less credit, slower credit, inaccurate credit, inefficient credit, and in some cases, no credit at all. Less, slower, inefficient and no credit will lead inevitably to less spending, slower growth, lower incomes, and fewer jobs.

That would be noticed by the American consumer and it would be a disaster for the American economy. That

is why FCRA is a must-pass bill for this session.

This conference report addresses the challenges and problems created by new technologies as well. Chief among these are the provisions addressing identity theft. I am particularly pleased that this conference report contains language addressing the challenges of financial literacy.

As a member of the Committee on Financial Services and the Committee on Education and the Workforce, I have come to recognize the positive impact that a marriage of financial literacy and basic economics can have on millions of future investors.

I especially want to thank Senators Enzi and Sarbanes for working with me to perfect this language included in this conference report. H.R. 2622 is a good bill that provides important new protections for consumers and stops identity theft before it happens. I urge my colleagues to support this legislation and yield back the balance of my time.

Mr. FRANK of Massachusetts. Mr. Speaker, I yield 1½ minutes to the gentleman from Illinois (Mr. EMANUEL), who was very active particularly with regard to the medical privacy provision of this bill.

Mr. EMANUEL. Mr. Speaker, I would like to commend the Members on both sides of the aisle who worked in a bipartisan way to draft a good, strong bill with new identity theft protections and consumer protection. A special thanks to the gentleman from Ohio (Chairman OXLEY), to the gentleman from Massachusetts (Mr. FRANK), and to my colleague, the gentleman from California (Mr. OSE) for cosponsoring the amendment ensuring that this conference report has landmark provisions preventing banks and insurance companies from accessing and using the most sensitive private information of a consumer, medical information.

This medical privacy bill gives consumers a safe harbor they deserve by blacking out the use of medical information and making it off limits to banks and insurance companies. They cannot access it, period. This agreement makes that the law.

These new protections should go a long way to addressing America's concerns that their medical, mental health, or DNA information could be shared or used against them by banks and credit bureaus, when they apply for a mortgage, rent an apartment, or join a club. No one applying for a home should have to worry about a bank using their past cancer treatments against them. When this becomes law, they will not have to. This is a win for consumers and for the financial services industry.

Mr. OXLEY. Mr. Speaker, I yield 3 minutes to the gentlewoman from Florida (Ms. HARRIS).

Ms. HARRIS. Mr. Speaker, I want to discuss some of the exciting opportunities in the FCRA, specifically the aspects that Florida has engaged in. And I would like to enter a colloquy with the gentleman from Alabama (Mr. BACHUS) to discuss those.

Mr. Speaker, I would yield to the gentleman from Alabama (Mr. BACHUS).

Mr. BACHUS. Mr. Speaker, if the gentlewoman would yield, I would be glad to engage in a colloquy. I think what the gentlewoman from Florida (Ms. HARRIS) was inquiring into was that the Florida Banking Association has created a system that permits banks to combat identity theft, check fraud, and other criminal activity. And as I understand it, this system it produces reports that banks use exclusively to fight fraud not for the purpose, either in whole or part, of determining an individual's eligibility for credit insurance and employment.

And she has asked me to confirm that information that is provided for the exclusive purpose of detecting, preventing, or deterring a financial crime identity theft, or the funding of a criminal activity does not constitute a consumer report under the Fair Credit Reporting Act, even as amended by this bill. And my response to that is that is correct. Such information was not a consumer report under the Fair Credit Reporting Act as it existed before this legislation, nor will it constitute a consumer report as amended by this bill.

Ms. HARRIS. Mr. Speaker, reclaiming my time, I think that many people were confused by that, so I really appreciate the clarification that this information is not a consumer report under the Fair Credit Act neither before it was passed nor after it has been amended. So I really appreciate that clarification.

In fact, I think one of the biggest problems has been that the fraud and identity theft has created billions of dollars of losses in the U.S. economy and continues to create serious problems for individuals. The technology allows criminals to perpetuate this fraud with increasing rapidity.

Financial institutions and law enforcement need to fight the increases in fraud and identity theft with technology. So the proposed amendment would free the antifraud networks from compliance with certain requirements of the Fair Credit Reporting Act. But the amendment preserves the consumer protection features in the Fair Credit Reporting Act because it requires a notice to consumers and an opportunity to respond.

What is exciting about the Florida bankers is they actually created something called Fraud Net in 2000 and it was implemented in 2002. This is really sort of a neighborhood watch for bankers, if you will. Because banks post alerts when they experience a fraudulent or criminal act. It does not deal with individual transactions, opening accounts, credit insurance, or employment. Today 14 States are employing the specific program, and they expect 10 additional users next year.

So I thank the gentleman from Alabama (Mr. BACHUS) for clarifying.

Mr. FRANK of Massachusetts. Mr. Speaker, I yield 2 minutes to the gentlewoman from Indiana (Ms. CARSON), one of our most active and energetic members of our committee.

Ms. CARSON of Indiana. Mr. Speaker, I would like to thank the gentleman from Massachusetts (Mr. FRANK) and the gentleman from Alabama (Mr. BACHUS) for the bipartisan spirit to move the bill to the floor.

Mr. Speaker, the Fair Credit Reporting Act has been crucial to extending credit services to underserved populations and in protecting consumers from egregious abuses of their financial and personal privacy. However, the violations and abuses continue to persist. I have assisted a number of constituents who have had credit problems because of inaccurate credit reporting. In many instances, people have no idea there is a problem until they try to secure a loan or credit.

What I found especially troubling is larger than expected numbers of inaccuracies credit reporting agencies have on consumers. So H.R. 2622 provides a number of new important consumer protections that will make credit reports less frustrating for our consumers. The bill would give every person in America the ability to consider request an annual free credit report.

I certainly hope every American takes advantage of this. The bill deals a tremendous blow to identity thieves whose crimes are rising rapidly. Consumers will be able to place fraud alerts on their credit report when erroneous information is present. I applaud the leadership on this bill, a very needed bill. I encourage the Members to support it.

Mr. OXLEY. Mr. Speaker, I yield 1 minute to the gentleman from Texas (Mr. SESSIONS), a distinguished member of the Committee on Rules, who has an important measure in this legislation.

Mr. SESSIONS. Mr. Speaker, I wish to thank the great chairman of the committee, the gentleman from Ohio (Mr. OXLEY), and also the gentleman from Massachusetts (Mr. FRANK) for working with me on an important aspect of this Fair Credit Reporting Act.

I learned, Mr. Speaker, from one of my constituents, Bill Asher back in Dallas, Texas, during a town hall meeting about how the Federal Trade Commission had applied privacy rules to workplace misconduct which meant that in a workplace misconduct circumstance, a person who violated another person or who broke the law would actually have to be given information about any investigation that

might take place against that individual under privacy rules and regulations passed by and supported by the Federal Trade Commission.

□ 1830

This Federal Trade Commission now will be reversed; their ruling will be reversed by this Fair Credit Reporting Act to make sure that misconduct in a workplace, privacy rules do not apply.

I want to thank the gentleman from Massachusetts (Mr. FRANK) for his work on this, to ensure this became law, and also our great chairman, the gentleman from Alabama (Mr. BACHUS), and our great chairman, the gentleman from Ohio (Mr. OXLEY).

Mr. FRANK of Massachusetts. Mr. Speaker, I yield 1½ minutes to the gentleman from New York (Mr. CROWLEY), another member of our committee who played a very active role in this.

Mr. CROWLEY. Mr. Speaker, I would like to call this the comity before the storm. It is interesting that we have such comity here in the House on the floor dealing with the FACT Act, the Fair Credit Reporting Act. This has been a bipartisan piece of legislation.

It is interesting that we will take up a bill later on this evening that will not be as bipartisan, and it certainly will be a more partisan bill. I want to thank the gentleman from Ohio (Mr. OXLEY) for his extension of his arm. I wish the other committee, the Committee on Ways and Means, would act in kind; and hopefully that will happen at some point.

I want to thank the ranking member, the gentleman from Massachusetts (Mr. FRANK), for his work on this bill; the gentleman from Alabama (Mr. BACHUS), the subcommittee chairman; the ranking member, the gentleman from Vermont (Mr. SANDERS). Although he has indicated he will not support the bill, he certainly acted in a very bipartisan manner in helping to craft the legislation.

This bill represents the best of the House where Democrats, Republicans, and Independents work together to craft a bill that addresses real problems. But besides good procedure, this bill is also good policy.

It will provide permanency to our Nation's credit grantors to ensure the easy and available flow of capital to our constituents. It toughens up the law with respect to identity theft and ensures that health information is walled off and cannot be used in any credit-making decisions, ensuring the integrity of one's health privacy.

This bill is good for American consumers, and I am pleased to support it. I only wish that later on this evening I could also support a Medicare bill that was bipartisan as well.

Mr. OXLEY. Mr. Speaker, I yield 1 minute to the gentleman from Ohio (Mr. GILLMOR), a valuable member of the committee.

Mr. GILLMOR. Mr. Speaker, I thank the gentleman for yielding me time.

I want to commend both the chairman and the subcommittee chairman, as well as the ranking members, for the great job they did on this bill.

I rise in strong support of the conference report. Passage of this legislation is essential to maintaining our current national credit reporting system. This legislation maintains the free flow of credit reporting information to lenders, financial services providers, while it also creates some strong new consumer protections.

It also includes a provision that I introduced, H.R. 2622, to improve the transparency of the credit scoring systems by mandating that if the number of credit inquiries on a consumers account negatively affect their score, it must be disclosed in their consumer report. This ensures a consumer and a prospective lender are fully informed; and this important new requirement will allow conscientious consumers to shop around for the best loans and rates.

I urge my colleagues to support the report.

Mr. FRANK of Massachusetts. Mr. Speaker, I yield 1½ minutes to the gentlewoman from New York (Mrs. MALONEY), who played an important role in this bill.

Mrs. MALONEY. Mr. Speaker, I thank the gentleman for yielding me time. I thank our ranking member and chair and my colleagues.

I rise in support of this legislation that permanently reauthorizes the Fair Credit and Reporting Act, which is extremely important to our economy and our national credit system. It also greatly enhances legal protections for identity theft victims, protects medical information, and provides groundbreaking new limits on the sharing of private consumer information among the affiliates of financial services companies.

My constituents need this legislation because New York City claims the sad distinction of having the largest number of identity theft cases of any city in the entire country. The FACT Act helps break the cycle of identity theft with new consumer protections including the right to a free annual credit report, a new consumer-initiated fraud alert system, new protections that will prevent the recycling or repollution of consumer information that is known to be the product of fraud, mandatory truncation of credit and debt card numbers to prevent theft.

In addition to identity theft, this bill contains groundbreaking limits on how financial services companies can share the sensitive consumer financial information among affiliates. These are important consumer protections given that some of today's largest financial companies have more than 1,000 affiliates. While the identity theft and privacy provisions will have the most direct impact on our constituents, the FACT Act also ensures the long-term viability of our national credit market by extending the FCRA beyond the end of the year.

Today I rise in support of legislation that permanently reauthorizes the Fair Credit Reporting Act (FCRA) which is very important to our economy and our national credit system. It also greatly enhances legal protections for identity theft victims, protects medical information, and provides groundbreaking new limits on the sharing of private consumer information among the affiliates of financial services companies.

My constituents need this legislation because New York City claims the sad distinction of having the largest number of identity theft cases of any city in the country.

In addition, this bill contains groundbreaking limits on how financial services companies can share their sensitive customer financial information among affiliates.

These are important consumer protections given that some of today's largest financial companies have more than 1,000 affiliates.

Finally, while the identity theft and privacy provisions will have the most direct impact on our constituents, the FACT Act also ensures the long-term viability of our national credit market by extending the FCRA beyond the end of this year.

Mr. OXLEY. Mr. Speaker, I yield 1 minute to the gentleman from Ohio (Mr. LATOURETTE), a former prosecutor, who has done such great work, particularly in the identity theft part of the legislation.

Mr. LATOURETTE. Mr. Speaker, I want to first begin by commending the gentleman from Ohio (Mr. OXLEY) and the ranking member, the gentleman from Massachusetts (Mr. FRANK), for their hard work together with the conferees. I think the gentlewoman from Illinois (Mrs. BIGGERT) said earlier that this is the most important piece of legislation to come out of this committee this year, and I agree.

I also want to pay special tribute to the gentlewoman from Oregon (Ms. HOOLEY). When we began working in the 106th Congress on identity theft, some people had not heard of it. Today, I think every Member has a horror story about identity theft. In my district it was Maureen Mitchell. She and her husband found out that they owned not one, but two, luxury SUVs in the period of a couple of hours in Chicago, Illinois, that they had not participated in or purchased.

I think the conferees have produced a good bill. They have not only produced a good bill; they have produced a bill that does not have a one-size-fits-all remedy, and it still gives the regulators flexibility to deal with the ever-evolving strategies that identify thieves come up with.

Lastly, I want to pay tribute to the gentleman from Alabama (Mr. BACHUS), the chairman of the subcommittee, because he sat through hours and hours

of hearings to make sure that we got it right; and, lastly, the ranking member, the gentleman from Vermont (Mr. SANDERS), I think he had some excellent ideas on bait and switch. I hope we revisit that in the next Congress.

Mr. FRANK of Massachusetts. Mr. Speaker, I yield 1½ minutes to the gentleman from Texas (Mr. HINOJOSA), another active member of our committee.

Mr. HINOJOSA. Mr. Speaker, I rise in strong support of the conference report to accompany the Fair and Accurate Transactions Act of 2003. And I congratulate the gentleman from Ohio (Mr. OXLEY) and the ranking member, the gentleman from Massachusetts (Mr. FRANK), the subcommittee chairman, the gentleman from Alabama (Mr. BACHUS), and the ranking member, the gentleman from Vermont (Mr. SANDERS), and all the committee staff for the wonderful work they did in completing this conference report.

This conference report will strengthen the provisions of the Fair Credit Reporting Act. I am proud to have been an original co-sponsor of this legislation, to have supported it in committee, and to have voted in favor of it on the House floor.

Let me take this opportunity to thank the conferees for including in the financial literacy provision of the legislation language that will allow the financial literacy commission the bill creates to take any action to develop and promote financial literacy and educational materials in languages other than English. This will apply to the hot line, Web site, and educational materials the commission produces or recommends.

It is imperative that financial literacy materials be created and disseminated in languages other than English to recognize the diversity of our great Nation. I especially want to thank the ranking member, the gentleman from Massachusetts (Mr. FRANK), for his assistance with this language and Jaime Lizarraga of his staff.

Rest assured that the Congressional Hispanic Caucus and the Hispanic community appreciate your efforts and the language you inserted into the conference report.

Mr. Speaker, I rise in strong support of the conference report to accompany The Fair and Accurate Transactions Act of 2003. I congratulate Chairman OXLEY and Ranking Member FRANK, Subcommittee Chairman BACHUS and Ranking Member SANDERS and all the House and Senate conferees on completing this conference report.

This conference report will strengthen the provisions of the Fair Credit Reporting Act. I am proud to have been an original cosponsor of this legislation, to have supported it in Committee and to have voted in favor of it on the House floor.

I want to read at this time a portion of a letter Federal Reserve Board Chairman Alan Greenspan sent to me dated February 28, 2003. Chairman Greenspan was responding to a question I submitted to him in writing asking what would happen to the U.S. economy if the exceptions to the Fair Credit Reporting Act were allowed to expire after January 1, 2004. In his letter, Chairman Greenspan warned that: "Limits on the flow of information among financial market participants, or increased costs resulting form restrictions that differ based on geography, may lead to an increase in the price or a reduction in the availability of credit, as well as a reduction in the optimal sharing of risk and reward."

I am very pleased that this conference report heeded Chairman Greenspan's warning, and I believe that its passage will help our struggling economy to improve.

Let me take this opportunity to thank the conferees for including in the financial literacy provision of the legislation language that will allow the Financial Literacy Commission the bill creates to "take any action to develop and promote financial literacy and education materials in languages other than English." This will apply to the hotline, website, and educational materials the Commission produces or recommends. It is imperative that financial literacy materials be created and disseminated in languages other than English to recognize the diversity of our great nation.

I especially want to thank Ranking Member FRANK for his assistance with this language and Jaime Lizarraga of his staff. Rest assured that the Congressional Hispanic Caucus and the Hispanic community appreciate your efforts and the language you inserted into the conference report.

The SPEAKER pro tempore (Mr. THORNBERRY). The gentleman from Ohio (Mr. OXLEY) has 1 minute remaining. The gentleman from Massachusetts (Mr. FRANK) has 6 minutes remaining.

Mr. OXLEY. Mr. Speaker, does the gentleman have any further speakers?

Mr. FRANK of Massachusetts. Mr. Speaker, I have several.

Mr. OXLEY. Mr. Speaker, I reserve the balance of my time.

I have the right to close, is that correct, Mr. Speaker?

The SPEAKER pro tempore. The gentleman is correct.

Mr. FRANK of Massachusetts. Mr. Speaker, I yield 1¼ minutes to the gentleman from Massachusetts (Mr. MARKEY), who has been so active on the privacy issue.

Mr. MARKEY. Mr. Speaker, I thank my friend, and I congratulate him for all the good things that are in this bill, all the credit report and the negative statement issues that are dealt with.

But there is one concern which I have which is consumers are, by this bill, going to see the California privacy law preempted, as they are going to see as well other States who want to make stronger privacy protection for their constituents something that is part of the law.

My concern is that increasingly what we see with companies like TransUnion and Equifax is that they are sending the records off shore. For example, TransUnion, one of the three major credit reporting agencies' spokesman said last month, 100 percent of our mail regarding customer disputes is going to India at some point. We expect to sign that contract by the end of the year.

My hope is that as the years go by we will be able to return to this issue because the globalization of the information marketplace is going to make clear that Americans are going to want more protection as their information is going to be put in the hands of foreigners with no laws on the books or the ability to police them.

I rise to opposition to this legislation.

I understand that some good things have been done in this bill, such as the provisions granting consumers free access to copies of their credit report, notice of negative statements being added to their credit reports, or adverse credit decisions being made based on their credit report. I support these provisions, and I also support stronger protections against identify theft.

The problem is that consumers are being asked to pay a price for these provisions—their privacy. As I read this bill, we are permanently pre-empting any stronger state privacy laws, such as the California law, in favor of a federal standard that provides consumers with only a very narrow "opt-out" right to block affiliate sharing of the consumer's information for marketing purposes. I do not believe that an "Opt Out" is appropriate. Companies should have to obtain the affirmative consent of the consumer—an "Opt In" before they share information about their transactions or experiences with the consumer with other affiliates or with unaffiliated third parties.

Moreover, I am concerned that by limiting the ability of a consumer to exercise their Opt-Out solely to marketing, this bill allows affiliates to share information about the consumers for other purposes without any consumer right to say "No." I am also concerned that even after a consumer has "opted out," their decision to do so gets sunsetted after 5 years and they have to "opt out" again. If the consumer has said no, that should mean no illness and until the consumer says yes.

I also want to raise a concern about some statements I have seen in the press from the credit reporting agencies suggesting that if these companies are forced to provide consumers with free credit reports, they will accelerate their current efforts to transfer their databases and back office operations off-shore.

TransUnion and Equifax, two out of the three major credit reporting agencies already are in the process of offshoring the processing of detailed credit files on 220 million U.S. consumers.

Earlier this month, a TransUnion spokesman said that "A hundred percent of our mail regarding customer disputes is going to go to India at some point. We expect to sign that contract by the end of the year."

Equifax has had a vendor in Jamaica for four years, where Jamacian workers handle data entry at the beginning of the reinvestigation process for disputed credit reports.

Experian, the third of the three major credit reporting agencies, is considering whether to offshore some of its operations: "We definitely

are evaluating every option on the table, and offshoring is one of them. I don't want to be quoted as saying we'll never do it.''

Privacy experts are concerned about offshoring of the Social Security numbers, addresses and other personal information contained in credit reports:

''Consumers should be worried. The infrastructure to protect information just isn't there in a lot of these places.'' (Beth Givens, director, Privacy Rights Clearing House)

''The problem is not that they're in India, the problem is that American laws are not going to be enforced in India.'' (Chris Hoofnagle, Electronic Privacy Information Center)

''If you're an international crime ring, and you want Social Security numbers for identity theft, you're going to look at the weakest link, and that's quite possibly these overseas companies.'' (Beth Givens)

In October, a Pakistani woman threatened to post UCSF patient files on the Internet, unless she was paid for the medical transcription services she had performed. In the email she sent to UCSF, the woman wrote: ''Your patient records are out in the open to be exposed, so you better track that person and make him pay my dues or otherwise I will expose all the voice files and patient records on the Internet.''

That is the future that we are looking at with the credit reporting agencies. Consumers may be able to call up to get a free copy of their credit report, but the person on the other end of the line may be in Karachi or New Delhi, where U.S. privacy standards do not apply.

Indeed, this bill may provide Americans with the most expensive ''free'' credit report they'll ever get. They'll pay with their privacy.

That is why I think that we need to put the consumer back in control of their own information. We need an ''opt-in'' not a limited ''opt-out'', and we need to ensure that American's privacy does not get offshored at the same time that their jobs are getting offshored.

I urge the defeat of this legislation.

Mr. FRANK of Massachusetts. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, I want to begin by saying that if we on the Democratic side were in the majority, this would be a different bill. We are not, so we have the bill that we have here.

Given that, given that there are some differences, I must tell you that this is a better bill than I had hoped we would see. And I am very appreciative of my colleagues on the other side. They did not give in on any issues of principle that are important to them. We have on both sides of the aisle a strong commitment to making sure that the free-market system in this country can work.

These credit allocations have become a very important part of that free-mark system. And this bill, I believe, preserves that system, the credit allocation system for individuals as well as need be.

We also, though, have, as we often do with the free market, a situation where the market does well what it is supposed to do, but it does not do everything. There are areas where we need to step in and help the market. What is important is for us to do that in ways that do not impinge on the market function.

I believe that working together we have come closer in doing that in this bill than I had thought. I would like if there had been fewer preemptions in the field, for instance, of identity theft; but as a result of a meeting which we had this morning, I think we agreed to preserve the integrity of the identity theft provisions that we have in there, to make sure that they can function without interference and without distraction, but did not unduly preempt if the States want to be additive in other areas. So there is, in fact, room for States to do something as long as the scheme that has been set forward in this bill is not interfered with, detracted from, and in particular, companies are not subjected to conflicting or confusing multiple requirements.

We have done other things. People, as a result of this, will be able to get a lot more information. Until recently, credit and credit scoring have been kind of mystical things to a lot of people. Consumers, home buyers, automobile buyers, others have found their lives affected financially by factors of which they were only dimly aware. As a result of several provisions in this bill, the system will be allowed to work, but consumers will have a lot more information about it. And they will get that information in many cases early enough to act on it.

Frankly, one of the things that some of our friends in the business community were skeptical of I think will wind up helping them. A requirement that people be notified if something they have either done or failed to do will cause them to have a negative comment on the credit report, I think that will have an incentivizing effect. I think the first time someone is late unneccessarily with a payment for a mortgage and is notified that this will be on your credit report, you are likely to see much less lateness. We also took steps to improve the accuracy of the data.

The system on the whole works very well, but no system works perfectly. I think this credit system was a little bit flawed in that it did not adequately give people a chance to correct errors. We do a much better job of this. I would have liked there to have been a sunset on the preemptions.

I think this bill benefits from the fact that it was here today. Congress did this 7 years ago. There was a sunset. And as a result, we are here today doing what everybody agrees is improving the bill. I would have liked, and my colleague from Pennsylvania (Mr. KANJORSKI) offered an amendment to give us a chance to do that again. We lost on the floor, and that is the way the votes went. But I do hope and I believe that we may very well from experience learn that more has to be done or things have to be done differently.

□ 1845

When this bill was passed in 1996, identity theft was not a big issue. The fact that it was sunsetted gave us a chance to deal with identity theft I think in a very effective way. This will not be the last time that the crooked people in this world will think of a way to swindle the great majority of the honest ones.

So I just want to make it clear that while we will not have this automatically coming up, I hope we are all committed, and I believe we are, that as new problems come up we will be able to deal with them.

Given the fact that the majority is the majority, I believe that we did a good job, not a perfect one, in adding consumer protections and safety factors to this general system of allowing the credit allocation to individuals to work, and for that reason, I would urge Members to vote for the bill.

Mr. OXLEY. Mr. Speaker, I yield myself the remaining time.

First of all, I want to thank the staff. I always tend to forget to do that, and we have been through a lot on this bill. This is a complicated piece of legislation that got more complicated as we took on this whole issue of identity theft, and throughout this process, the staff on both sides of the aisle have been just superb, working late nights and early mornings to get us where we are today, and I want to personally thank them for their efforts. They know who they are, and I know who they are and we most appreciate it, and also to the Members, I think this is, Mr. Speaker, perhaps a textbook example of how the legislative process ought to work in terms of hearings, in terms of everybody having an opportunity to have their say, involving Members on both sides of the aisle, many of them newer Members, freshmen Members, to really get their feet wet on an important piece of legislation that we bring to the floor today and this conference report that will close it out.

This is truly a historic day, and I think in the real traditional way that we have started in the Committee on Financial Services of turning out good legislation in a bipartisan manner, and for that, I am very thankful to all concerned.

Mr. BEREUTER. Mr. Speaker, as a member of the Financial Services Committee and a conferee, this member rises today to express his strong support for the conference report of H.R. 2622, the Fair and Accurate Credit Transactions Act of 2003 (FACT Act). This important legislation permanently extends those provisions in the Fair Credit Reporting Act (FCRA) which relate to the preemption of State laws—a very necessary step in this instance. The current provisions in the FCRA are set to expire on December 31, 2003. Thus

when this conference report is enacted into law, it will continue the nationwide credit system while providing important consumer protections.

This member would like to thank the distinguished gentleman from Alabama, Mr. BACHUS, the chairman of the House Financial Services Subcommittee on Financial Institutions and Consumer Credit on which this member serves, for introducing the legislation on which this conference report is largely based. Furthermore, this member would like to thank both the distinguished gentleman from Ohio, Mr. OXLEY, the chairman of the House Financial Services Committee, and the distinguished gentleman from Massachusetts, Mr. FRANK, the ranking member of this committee, for their outstanding effort in bringing this excellent conference report to the House floor. As was suggested at the conclusion of the conference, this may be an instance where most of the conferees from both the House and Senate believe the conference report is better than either original Chamber's product.

The FCRA is the Federal law which governs the furnishing of reports on the credit worthiness of consumers. This member supports this conference report which would permanently extend the FCRA for many reasons. However, he would like to focus on the following three reasons.

First, this conference report provides for a free credit report annually for consumers. Typically, credit reporting agencies charge consumers up to $9 for the disclosure of the information in their credit files. Under current law, a consumer may receive a free consumer report from a reporting agency only under certain circumstances, such as when a consumer receives a notice of an adverse action by a reporting agency. The FACT Act would provider a free credit report annually for consumers for any reason. This member believes that this provision will promote consumer awareness of a person's credit history as well as provide an opportunity for the consumer to correct any inaccurate information on one's credit report.

Second, this conference report provides important provisions to curb identity theft. To illustrate the need for these provisions, the Federal Trade Commission (FTC) released a survey at the beginning of September of this year which showed that a staggering 27.3 million Americans had been victims of identity theft in the last 5 years, including 9.9 million people in the last year alone. This conference report, among other things, allows consumers to place "fraud alerts" in their credit reports to prevent identity thieves from opening accounts in their names.

Lastly, this conference report continues the Federal preemption of State laws as it relates to the corporate affiliate sharing of financial information. During the consideration of the 1996 amendments to the FCRA, this member authored a provision, which was signed into law, that required a consumer opt-out when nontransactional information is shared among corporate affiliates. Examples of nontransaction information include data from a consumer credit report and information on an application such as a consumer's income or assets. This provision on consumer notice is very important as it was the first consumer "opt out" on the sharing of financial information that this member is aware of that was signed into Federal Law.

Mr. Speaker, in conclusion, for the reasons stated above and many others, this member encourages his colleagues to support the conference report of H.R. 2622.

Mr. CANTOR. Mr. Speaker, I rise today on behalf of the Fair and Accurate Credit Transactions Act, H.R. 2622. This sound piece of legislation will aid in the prevention of identity theft. Additionally, it will guarantee that consumers have access to affordable credit.

I do have one concern, and I would like to clarify congressional intent in regard to this legislation. It is vitally important for consumers that the information reported about them to credit bureaus is accurate. When errors occur, they must be corrected. The overwhelming majority of disputes are properly handled through existing procedures as defined in section 611 of the Fair Credit Reporting Act. Nevertheless, a very small percentage of unusual disputes are not completely resolved through the reinvestigation process. Section 312 of the conference report for the bill provides a means by which some of these cases could be submitted directly to the furnisher for possible resolution.

I recognize that there are potential risks in the adoption of this section. For example, I am very concerned that any mechanism designed to address these few cases is not burdensome. If it becomes burdensome, furnishers may become discouraged from reporting complete and accurate information in the first instance. Additionally, this could lead to misuse by credit repair clinics to overwhelm furnishers in an attempt to cause them to change accurate information.

The conference report for H.R. 2622 has charged the relevant agencies with issuing rules only after they have determined the benefits of a direct resolution process. Congress has provided the agencies with four criteria to review in connection with any rulemaking pertaining to the direct reinvestigation of consumer disputes with furnishers. This criteria must be satisfied before any rules are to be issued.

I believe it is a positive piece of legislation that will give consumers the tools to fight identity theft and continue to access affordable credit.

Mr. Speaker, I urge passage of this legislation.

The SPEAKER pro tempore (Mr. THORNBERRY). The question is on the motion offered by the gentleman from Ohio (Mr. OXLEY) that the House suspend the rules and agree to the conference report on the bill, H.R. 2622.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. SANDERS. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

FURTHER MESSAGE FROM THE SENATE

A further message from the Senate by Mr. Monahan, one of its clerks, announced that the Senate has passed a bill of the following title in which the concurrence of the House is requested:

S. 1741. An act to provide a site for the National Women's History Museum in the District of Columbia.

The message also announced that the Senate agrees to the report of the committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2115) "An Act to amend title 49, United States Code, to reauthorize programs for the Federal Aviation Administration, and for other purposes."

VITIATION OF MOTION TO INSTRUCT CONFEREES ON H.R. 1, MEDICARE PRESCRIPTION DRUG AND MODERNIZATION ACT OF 2003

The SPEAKER pro tempore. Under clause 8 of rule XX, the filing of the conference report on H.R. 1 has vitiated the motion to instruct conferees offered by the gentleman from Washington (Mr. INSLEE) which was debated yesterday and on which further proceedings were postponed.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, and the Chair's prior announcement, the Chair will now put each question on which further proceedings were postponed earlier today in the following order:

Previous question on H. Res. 459, by the yeas and nays;

H. Res. 459, if ordered;

Previous question on H. Res. 458, by the yeas and nays;

H. Res. 458, if ordered;

H. Con. Res. 206, by the yeas and nays.

The Chair will reduce to 5 minutes the time for any electronic vote after the first such vote in this series.

WAIVING REQUIREMENT OF CLAUSE 6(a) OF RULE XIII WITH RESPECT TO CONSIDERATION OF CERTAIN RESOLUTIONS

The SPEAKER pro tempore. The pending business is the vote on ordering the previous question on H. Res. 459, on which the yeas and nays are ordered.

The Clerk read the title of the resolution.

The SPEAKER pro tempore. The question is on ordering the previous question.

The vote was taken by electronic device, and there were—yeas 225, nays 202, not voting 7, as follows:
