Mr. SAUL. Mr. Speaker, today I join the Chinese community in ushering in the Lunar New Year and celebrating the Year of the Dog.

Since the earliest days of this country, people from all cultures have journeyed to our Nation seeking the promise of freedom, opportunity, and the American dream. As an integral part of our society, Chinese Americans are leaders in public service, government, science, law, education, athletics, and the arts. As business entrepreneurs, Chinese Americans are helping to strengthen our economy and our communities through their hard work and ingenuity. As patriots, Chinese Americans continue to risk their lives defending liberty.

I am pleased to help celebrate the Year of the Dog and commend those organizing events in its honor. These events promote greater understanding of the Chinese culture and society and honor not only the historical contributions of Chinese traditions, but also encourage greater awareness of the modern contributions of Chinese Americans.

As a member of the Congressional Asian Pacific Islander American Caucus, I am proud to pay tribute to the 120,000 individuals of Asian descent I represent in California’s 32nd Congressional District. Residents of Rosemead, Monterey Park, Covina, West Covina, and other cities throughout my district know first hand the economic and cultural contributions of the Asian and Pacific Islander communities.

Gung Hay Fat Choy, Xin Nien Kuai Le.

Mr. BURGESS. Mr. Speaker, I rise today to remember Dr. Charles Hanson Saunders, a wonderful man and a friend to the community of Denton, Texas. Dr. Saunders passed away peacefully on Monday, December 26th, 2005 at his home at the age of 90.

Dr. Saunders was born on March 17, 1915 to Mr. and Mrs. Charles and Frances Saunders. His formal education began at North Texas State Teachers College where he earned a Bachelor of Science in 1935. Later, Dr. Saunders attended Baylor University College of Dentistry and went on to receive his Doctor of Dental Surgery degree from the University of Michigan College of Dentistry in 1938.

After graduation, Dr. Charles Saunders returned to Denton and established his dental practice alongside his father. Later, he volunteered and entered the Army Air Force Dental Corps where he served his country while stationed in England during World War II with the 39200 Bomber Group. He returned and married Ms. Mabel Pearson, and they celebrated their 60th Anniversary in early 2005.

Dr. Saunders returned to his dental practice in Denton and then specialized in the practice of periodontics until his retirement in 1986. A lifetime member of the Denton Kiwanis Club, Dr. Saunders served on the board of directors as well as on the board of directors for the Children’s Clinic Trust. He received the Hixon Award from Kiwanis International for his outstanding service to the club. Additionally, he was extremely involved in the First Presbyterian Church of Denton. INTRODUCTION OF THE FUEL SECURITY AND CONSUMER CHOICE ACT

HON. EDWARD J. MARKEY
OF MASSACHUSETTS
IN THE HOUSE OF REPRESENTATIVES

Mr. MARKEY. Mr. Speaker, we have an opportunity to change fundamentally the relationship of the United States to energy in a way that helps the consumer, reduces pollution, reduces greenhouse gases, and reduces the need to use military force to protect oil fields in countries thousands of miles from our shores. Nearly 70 percent of all the oil we use in countries thousands of miles from our shores. Nearly 70 percent of all the oil we use is controlled by the tyrant, so we must look for alternatives to imported oil for fueling our cars and trucks. Today, advances in the production of ethanol—the refining of starch, sugar and cellulose into auto
