Mr. DURBIN. I announce that the Senator from Delaware (Mr. BIDEN), the Senator from Connecticut (Mr. DODD), and the Senator from South Dakota (Mr. JOHNSON) are necessarily absent.

Mr. LOTT. The following Senators are necessarily absent: the Senator from Kansas (Mr. BROWNBACK), the Senator from Oklahoma (Mr. COBURN), and the Senator from Arizona (Mr. MCCAIN).

The PRESIDING OFFICER (Mr. MENENDEZ). Are there any other Senators in the Chamber desiring to vote?

The result was announced—yeas 37, nays 56, as follows:

[Rollcall Vote No. 216 Leg.]

YEAS—37

Akaka	Feinstein	Obama
Boxer	Harkin	Reed
Brown	Inouye	Sanders
Byrd	Kennedy	Schumer
Cantwell	Kerry	Sessions
Cardin	Lautenberg	Shelby
Carper	Leahy	Smith
Casey	Levin	Snowe
Clinton	Lieberman	Stabenow
Collins	Menendez	Whitehouse
Conrad	Mikulski	Wyden
Durbin	Murray	
Feingold	Nelson (FL)	

NAYS—56

Alexander	Dorgan	McCaskill
Allard	Ensign	McConnell
Baucus	Enzi	Murkowski
Bayh	Graham	Nelson (NE)
Bennett	Grassley	Pryor
Bingaman	Gregg	Reid
Bond	Hagel	Roberts
Bunning	Hatch	Rockefeller
Burr	Hutchison	Salazar
Chambliss	Inhofe	Specter
Cochran	Isakson	Stevens
Coleman	Klobuchar	Sununu
Corker	Kohl	Tester
Cornyn	Kyl	Thune
Craig	Landrieu	Vitter
Crapo	Lincoln	Voinovich
DeMint	Lott	Warner
Dole	Lugar	Webb
Domenici	Martinez	

NOT VOTING—6

Biden	Coburn	Johnson
Brownback	Dodd	McCain

The amendment (No. 1610) was rejected.

Mr. REID. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. REID. I ask unanimous consent the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. REID. Mr. President, I ask unanimous consent that Senator BAUCUS be recognized, following him, Senator ENZI, following him Senator GREGG.

Mr. GREGG. And Senator MURKOWSKI.

Mr. REID. Senator ENZI, how long do you wish to speak?

Mr. ENZI. Six to eight minutes.

Mr. REID. How long do you wish to speak, Senator GREGG?

Mr. GREGG. About 10 minutes.

Mr. REID. Senator MURKOWSKI, do you know?

Mr. GREGG. Senator MURKOWSKI for 5 minutes, I believe.

Ms. MURKOWSKI. Ten minutes.

Mr. REID. We will follow that by Senators MENENDEZ, SCHUMER, and BROWN, up to 10 minutes each. Is that OK? You have all that down? Thank you very much.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from Montana.

Mr. BAUCUS. Mr. President, I ask unanimous consent the pending amendments be temporarily set aside so I can offer an amendment incorporating the Finance Committee-reported energy tax package.

The PRESIDING OFFICER. Is there objection?

Mr. DOMENICI. I object.

Mr. ENZI. I object.

The PRESIDING OFFICER. Without objection.

Mr. BAUCUS. Mr. President, I send the amendment to the desk.

The PRESIDING OFFICER. Objection is heard.

Mr. BAUCUS. Mr. President, I don't know why there is objection. I note while there is objection, I will talk about it until we get the objection cleared. This is a Finance Committee amendment passed out of committee. It is very straightforward. We have a copy. The Senator from Wyoming objected?

Mr. ENZI. Mr. President, I think the objection was on the basis that we just got the file. We haven't looked at it at all.

Mr. BAUCUS. You will have time to look at it. We are not going to vote on it for a while. You will have lots of time to look at it. You will have time to look at it, believe me. This is a formality. It is good to bring it up now so we move the process along so the Senator and other Senators have time to look at it.

Mr. ENZI. I have no objection to someone talking on it, but I would like to take a look at it, whatever it is.

Mr. BAUCUS. I inform the Senator I am only asking the amendment be brought up. There will be plenty of time. In fact, the Senator could speak as long as he wants and other Senators could speak as long as they want as we look at the amendment.

The ordinary course is the amendment is brought up. This has been fully vetted in the Finance Committee. Senators on both sides of the aisle passed it by a vote of 15 to 5. Members on the Republican side voted for it in committee.

I hope we can at least get the amendment up, and then we can work the usual Senate will.

Mr. ENZI. Apparently, there are objections on our side. I have no objection to you going ahead and speaking to it, but they want to look at the amendment.

Mr. BAUCUS. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. REID. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BAUCUS. Mr. President, I ask unanimous consent that the pending amendments be temporarily laid aside so I may offer an amendment incorporating the Finance Committee-reported energy tax package.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 1704

Mr. BAUCUS. Mr. President, I call up amendment No. 1704.

The PRESIDING OFFICER. The clerk will report.

The assistant legislative clerk read as follows:

The Senator from Montana [Mr. BAUCUS], for himself, Mr. GRASSLEY, Mr. BINGAMAN, Mrs. LINCOLN, Mr. WYDEN, Mr. SCHUMER, Ms. CANTWELL and Mr. SALAZAR, proposes an amendment numbered 1704 to amendment No. 1502.

Mr. BAUCUS. Mr. President, I ask unanimous consent that the reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

(The amendment is printed in today's RECORD under ''Text of Amendments.'')

Mr. BAUCUS. Mr. President, I ask unanimous consent that Senators GRASSLEY, BINGAMAN, LINCOLN, WYDEN, SCHUMER, CANTWELL, and SALAZAR be added as cosponsors.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BAUCUS. Mr. President, I have a long statement here which I am not going to read. Essentially this is the Finance Committee amendment. It goes a long way to help create incentives for renewables and for carbon sequestration, which is so important. It is a $20-billion-plus amendment over 10 years. It is fully offset. It is all paid for. It passed out of the Finance Committee by a vote of 15 to 5 earlier today. We spent a lot of time on this amendment and I think it is one of which the Senate can be very proud.

Basically, we are building on the strong foundation we already have with respect to tax incentives in our country. We continue our commitment to clean energy and renewables. We extend existing tax incentives for solar power, wind power, fuel cells, and energy-efficient homes and buildings. We create a tax incentive for transmission projects related to renewable energy projects and provide more than $3.6 billion over 10 years for renewable energy bonds. I might say this will benefit all of the States and also is of particular interest to my home State of Montana, and I know also to the Senator from Iowa, Senator GRASSLEY.

But we are going further than all that. We are also trying to extend the frontier in three areas that are critical to our Nation's energy future. One is cellulosic ethanol. We give significant incentives for cellulosic ethanol development; hybrid cars, significant incentives for the purchase of hybrid cars as well as plug-ins for hybrids; and third, carbon sequestration.

We propose a $1.11 per gallon tax credit for up to 60 million gallons of cellulosic fuel produced from sawgrass, agricultural wastes, and other biomass.

Hybrid cars provide an opportunity to make transportation cleaner—high-mileage cars with almost no emissions. I think it is worth exploring. The amendment calls for a new credit for plug-in vehicles for $2,500 to $7,500.

We are also trying to take advantage of the vast reserves of coal we have in our country. We clearly also have great concerns about global warming. I think it is imperative that we use our coal to help meet our energy needs, but we also have to prevent carbon dioxide from escaping into the atmosphere.

There are various provisions here with respect to carbon sequestration. It depends upon whether it is known as a clean coal facility, but we use tax credits provided in this mark, which must capture and sequester at least 65 percent of its carbon dioxide emissions. That is with respect to power that is used to generate electricity. The utility industry tells us we can't go higher than 65 percent sequestration or captured sequestration for the utility industry. But we are going higher in other areas, and one is the coal-to-liquids sequestration. We extend the current 50-cent rate for coal-to-liquids to the year 2012. We also provide for a 75-percent capture of carbon for coal to liquids. This provision generated some controversy in the committee—some wanted it much higher, some wanted it lower. We felt that 72 percent is a pretty good compromise and a good place to begin.

I will also add that we provide 50 percent bonus depreciation for new dedicated pipelines that will be used to transport carbon dioxide from an industrial source to a geological formation for permanent disposal.

There are many other provisions in this amendment which I will not mention, except to say that this is a very great addition to the underlying package. We are turning the corner here. We are enacting legislation which will help move America away from the past and more toward the future. The future is renewable energies, alternative energies. It is conservation provisions which we also have in this bill. It is utilizing our coal reserves in the same way; that is, making sure the carbon is

sufficiently captured. It is all paid for, and it is paid for by closing some loopholes in the coal and gas industry and also by repealing the reduction for section 199 for the major oil companies. This applies only to the five majors.

We also propose a tax on gulf oil production. Some will say: Gee, aren't we discouraging domestic production by doing that in America with those provisions? But I must point out that since section 199 was enacted several years ago, the actual domestic production in the United States has declined. A few years ago when that provision was enacted, the price of gasoline was much lower than it is now. It is much higher today. In addition to that, the projected profits for the oil and gas industry for the next 10 years are projected to be $1 trillion. If you look at the profits, if you look at how much gasoline prices have risen, and if you look at the decline in domestic production in this country over the last several years, even with those very high profits, it is pretty clear this offset will not in any way diminish our prospects of domestic production and will not cause gasoline prices to increase. In fact, there is a study by the Joint Tax Committee which makes that very point; namely, since these provisions were put into effect a couple or 3 years ago, domestic production has not increased. It has not helped increase domestic production in the United States. Actually, domestic production has decreased.

So we feel this is a good package. It is paid for properly. It passed the committee by a vote of 15 to 5. I recommend this Finance Committee package to the full Senate. We will work our will on it over the next several days, but I think it is an excellent start.

I yield the floor.

The PRESIDING OFFICER. There is a previous order.

Mr. BINGAMAN. Mr. President, who is the next person to speak?

The PRESIDING OFFICER. The Senator from Wyoming, Mr. ENZI.

Mr. BINGAMAN. I yield the floor.

The PRESIDING OFFICER. The Senator from Wyoming is recognized for 8 minutes.

GRAND TETON NATIONAL PARK EXTENSION ACT OF 2007

Mr. ENZI. Mr. President, it was just a few days ago when we heard the news that we had lost our dear friend and colleague, Senator Craig Thomas. We lowered our flags and joined together as a family to say goodbye to someone who fought for what he believed in and worked to the end to make Wyoming and the West better places to live.

Craig is now gone, but the work he began lives on. That is why I am pleased to offer an amendment to S. 277, the Grand Teton National Park Extension Act of 2007. My amendment builds on the work begun by Craig and the efforts of Chairman BINGAMAN and Ranking Member DOMENICI who worked so hard to shepherd this bill through the legislative process. In addition, I also thank Majority Leader REID and Minority Leader MCCONNELL for bringing this bill to the floor so we can make one of Craig's legislative goals a reality.

It is no surprise that Craig worked so hard to develop, draft, and introduce this legislation. No one understood the needs of Wyoming and the West better than he did. Craig was a cowboy from the top of his hat to the tip of his boots. There was nothing he enjoyed more than riding a horse through our national forests and spending time in the great outdoors.

Craig's love for the wide open spaces of our State led him to introduce the Grand Teton National Park Extension Act of 2007. When it is signed into law, it will allow the Secretary of the Interior to accept the donation of approximately 50 acres of private land that will be added to Grand Teton National Park. In addition to Craig, we have the Halpin family to thank for their generosity. It will truly be a gift enjoyed by the people of Wyoming and the West, and the whole country, by all who come to visit our national parks every year.

When that land is added to Grand Teton National Park, it will have another little addition to it. That addition is to rename the visitors center the Craig Thomas Discovery and Visitor Center. It will provide the people with a place to stop and visit during their trips to Grand Teton where they can learn about the history of the park and the life of Craig Thomas. I cannot think of a better way to remember Craig's life than to share it with all who benefitted from his many years of hard work and public service.

Craig dedicated his life to protecting and preserving our State's natural resources, especially our parks. He was a tireless and true advocate for those important and precious facilities, and he fought for their protection when he served as chairman and later as ranking member of the National Park Subcommittee of the Committee on Energy and Natural Resources.

Craig had a proud history on the committee and in the Senate as he constantly and consistently advocated for the best administration and management of our park system. He authored legislation that provided critical funding and mandated management reforms that were necessary to keep our parks pristine and ensure they would be available for future generations to enjoy. He worked with all of his colleagues, regardless of their party affiliation, to increase funding for our parks so they could better deal with the maintenance backlog that exists. Now that he is gone, our parks have lost one of their best friends.

Renaming the visitors center will ensure Craig's legacy will continue and never be forgotten. As noted in a letter by the Grand Teton National Park Foundation:

> Senator Thomas championed this project since 1997. His leadership in securing an $8 million appropriation inspired the Foundation to raise $13.6 million in private funds for the project.

For his efforts on this and so many issues of importance to our national park system, the Grand Teton National Park Foundation supports the naming of the center after Senator Thomas.

I ask unanimous consent that a copy of their letter of support be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

GRAND TETON NATIONAL PARK FOUNDATION,
Moose, WY, June 12, 2007.

Hon. MICHAEL B. ENZI,
Senate Russell Office Building,
Washington, DC.

DEAR SENATOR ENZI: On behalf of the Board of the Grand Teton National Park Foundation I am writing to endorse the idea of naming the new Visitor Center in Grand Teton National Park after the late Senator Craig Thomas.

Senator Thomas loved the national parks and was a tireless advocate for them. The beautiful Grand Teton Discovery and Visitor Center which will open this summer is a model public/private partnership. Senator Thomas championed this project since 1997. His leadership in securing an $8 million appropriation inspired the Foundation to raise $13.6 million in private funds for the project.

The ribbon cutting on August 11th will be a special day for everyone who has been involved with this project. It will also be a very sad day because Senator Thomas will not be there with us to celebrate the culmination of years of work.

Feel free to contact me if you require any additional information.

Sincerely,

LESLIE MATTSON-EMERSON,
Executive Director.

Mr. ENZI. Mr. President, the ribbon-cutting ceremony for the newly constructed Grand Teton Visitors Center is August 11, 2007. It will be a day that will be long remembered by all who come to honor the memory of one of the park's greatest champions. By passing this legislation, we are making that day possible and ensuring that those who attend that special ceremony will be the first to enjoy all the Craig Thomas Discovery and Visitor Center will have to offer. This is an honor which I know would have pleased Craig and made him very proud. I can also see him riding tall in the saddle of a horse, taking it all in under the brim of his favorite cowboy hat.

Naming the visitors center for Craig Thomas will also mean a great deal to everyone who knew and loved him. It will be a tribute to a special American that will last for a long time to come.

Many years from today, when people come to the park and stop by the visitors center that bears his name, they will know that Craig Thomas was so many things in life—a marine, a Senator, a rancher, and a dedicated father and husband. But most of all, they will know Craig loved Wyoming and the West and fought with everything he had to maintain our precious resources.

I always said God saved some of his best handiwork for Wyoming. We are fortunate that he also gave us the best champion to fight to protect and preserve it all.

Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of Calendar No. 41, S. 277.

The PRESIDING OFFICER. The clerk will report the bill by title.

The assistant legislative clerk read as follows:

A bill (S. 277) to modify the boundaries of Grand Teton National Park to include certain land within the GT Park Subdivision, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. ENZI. Mr. President, I ask unanimous consent that the Enzi amendment at the desk be agreed to; that the bill, as amended, be read a third time and passed; that the motion to reconsider be laid upon the table; and that any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 1709) was agreed to, as follows:

(Purpose: To designate the Grand Teton Discovery and Visitor Center as the ''Craig Thomas Discovery and Visitor Center'')

Strike section 4 and insert the following:

SEC. 4. CRAIG THOMAS DISCOVERY AND VISITOR CENTER.

(a) FINDINGS.—Congress finds that—

(1) Craig Thomas was raised on a ranch just outside of Cody, Wyoming, near Yellowstone National Park and Grand Teton National Park, where he—

(A) began a lifelong association with those parks; and

(B) developed a deep and abiding dedication to the values of the public land of the United States;

(2) during his 18-year tenure in Congress, including service in both the Senate and the House of Representatives, Craig Thomas forged a distinguished legislative record on issues as diverse as public land management, agriculture, fiscal responsibility, and rural health care;

(3) as Chairman and Ranking Member of the National Parks Subcommittee of the Committee on Energy and Natural Resources of the Senate and a frequent visitor to many units of the National Park System, including Yellowstone National Park and Grand Teton National Park, Craig Thomas was a strong proponent for ensuring that people of all ages and abilities had a wide range of opportunities to learn more about the natural and cultural heritage of the United States;

(4) Craig Thomas authored legislation to provide critical funding and management reforms to protect units of the National Park System into the 21st century, ensuring quality visits to units of the National Park System and the protection of natural and cultural resources;

(5) Craig Thomas strongly supported public-private partnerships and collaboration between the National Park Service and other organizations that foster new opportunities for providing visitor services while encouraging greater citizen involvement in the stewardship of units of the National Park System;

(6) Craig Thomas was instrumental in obtaining the Federal share for a public-private partnership with the Grand Teton National Park Foundation and the Grand Teton Natural History Association to construct a new discovery and visitor center at Grand Teton National Park;

(7) on June 4, 2007, Craig Thomas passed away after battling cancer for 7 months;

(8) Craig Thomas is survived by his wife, Susan, and children, Patrick, Greg, Peter, and Lexie; and

(9) in memory of the distinguished career of service of Craig Thomas to the people of the United States, the dedication of Craig Thomas to units of the National Park System, generally, and to Grand Teton National Park, specifically, and the critical role of Craig Thomas in the new discovery and visitor center at Grand Teton National Park, the Grand Teton Discovery and Visitor Center should be designated as the ''Craig Thomas Discovery and Visitor Center''.

(b) THE CRAIG THOMAS DISCOVERY AND VISITOR CENTER.—

(1) DESIGNATION.—The Grand Teton Discovery and Visitor Center located in Moose, Wyoming, and scheduled for completion in August 2007 shall be known and designated as the ''Craig Thomas Discovery and Visitor Center''.

(2) REFERENCE.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the Grand Teton Discovery and Visitor Center referred to in paragraph (1) shall be deemed to be a reference to the ''Craig Thomas Discovery and Visitor Center''.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Secretary such sums as are necessary to carry out this Act.

The bill (S. 277), as amended, was ordered to be engrossed for a third reading, was read the third time, and passed, as follows:

S. 277

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Grand Teton National Park Extension Act of 2007''.

SEC. 2. DEFINITIONS.

In this Act:

(1) PARK.—The term ''Park'' means the Grand Teton National Park.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.

(3) SUBDIVISION.—The term ''Subdivision'' means the GT Park Subdivision, with an area of approximately 49.67 acres, as generally depicted on—

(A) the plat recorded in the Office of the Teton County Clerk and Recorder on December 16, 1997, numbered 918, entitled ''Final Plat GT Park Subdivision'', and dated June 18, 1997; and

(B) the map entitled ''2006 Proposed Grand Teton Boundary Adjustment'', numbered 136/80,198, and dated March 21, 2006, which shall be on file and available for inspection in appropriate offices of the National Park Service.

SEC. 3. ACQUISITION OF LAND.

(a) IN GENERAL.—The Secretary may accept from any willing donor the donation of any land or interest in land of the Subdivision.

(b) ADMINISTRATION.—On acquisition of land or an interest in land under subsection (a), the Secretary shall—

(1) include the land or interest in the boundaries of the Park; and

(2) administer the land or interest as part of the Park, in accordance with all applicable laws (including regulations).

(c) DEADLINE FOR ACQUISITION.—It is the intent of Congress that the acquisition of land or an interest in land under subsection (a) be completed not later than 1 year after the date of enactment of this Act.

(d) RESTRICTION ON TRANSFER.—The Secretary shall not donate, sell, exchange, or otherwise transfer any land acquired under this section without express authorization from Congress.

SEC. 4. CRAIG THOMAS DISCOVERY AND VISITOR CENTER.

(a) FINDINGS.—Congress finds that—

(1) Craig Thomas was raised on a ranch just outside of Cody, Wyoming, near Yellowstone National Park and Grand Teton National Park, where he—

(A) began a lifelong association with those parks; and

(B) developed a deep and abiding dedication to the values of the public land of the United States;

(2) during his 18-year tenure in Congress, including service in both the Senate and the House of Representatives, Craig Thomas forged a distinguished legislative record on issues as diverse as public land management, agriculture, fiscal responsibility, and rural health care;

(3) as Chairman and Ranking Member of the National Parks Subcommittee of the Committee on Energy and Natural Resources of the Senate and a frequent visitor to many units of the National Park System, including Yellowstone National Park and Grand Teton National Park, Craig Thomas was a strong proponent for ensuring that people of all ages and abilities had a wide range of opportunities to learn more about the natural and cultural heritage of the United States;

(4) Craig Thomas authored legislation to provide critical funding and management reforms to protect units of the National Park System into the 21st century, ensuring quality visits to units of the National Park System and the protection of natural and cultural resources;

(5) Craig Thomas strongly supported public-private partnerships and collaboration between the National Park Service and other organizations that foster new opportunities for providing visitor services while encouraging greater citizen involvement in the stewardship of units of the National Park System;

(6) Craig Thomas was instrumental in obtaining the Federal share for a public-private partnership with the Grand Teton National Park Foundation and the Grand Teton Natural History Association to construct a new discovery and visitor center at Grand Teton National Park;

(7) on June 4, 2007, Craig Thomas passed away after battling cancer for 7 months;

(8) Craig Thomas is survived by his wife, Susan, and children, Patrick, Greg, Peter, and Lexie; and

(9) in memory of the distinguished career of service of Craig Thomas to the people of the United States, the dedication of Craig Thomas to units of the National Park System, generally, and to Grand Teton National Park, specifically, and the critical role of Craig Thomas in the new discovery and visitor center at Grand Teton National Park, the Grand Teton Discovery and Visitor Center should be designated as the ''Craig Thomas Discovery and Visitor Center''.

(b) THE CRAIG THOMAS DISCOVERY AND VISITOR CENTER.—

(1) DESIGNATION.—The Grand Teton Discovery and Visitor Center located in Moose, Wyoming, and scheduled for completion in August 2007 shall be known and designated as the ''Craig Thomas Discovery and Visitor Center''.

(2) REFERENCE.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the Grand Teton Discovery and Visitor Center referred to in paragraph (1) shall be deemed to be a reference to the ''Craig Thomas Discovery and Visitor Center''.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Secretary such sums as are necessary to carry out this Act.

Mr. ENZI. I yield the floor.

Mr. GREGG. Mr. President, I thank the Senator from Wyoming for bringing forward this bill on behalf of Senator Thomas, who was such a force in this Chamber and especially a force on behalf of his State. It is a very appropriate thing to do.

CREATING LONG-TERM ENERGY ALTERNATIVES FOR THE NATION ACT OF 2007—Continued

The PRESIDING OFFICER. Under the previous order, the Senator from New Hampshire is recognized for 10 minutes.

Mr. GREGG. Mr. President, I rise to talk about an amendment I wish to offer—I will offer it later—relative to the tax package that was just introduced relative to this Energy bill.

Today, for those of us who live on the east coast, we would like to be able to buy ethanol at a reasonable price. In fact, we would like to be able to buy ethanol at all. The problem is, for ethanol to be shipped to the east coast, it has to go through pipelines. Transportation by truck or tank car is not viable, and thus ethanol, because of its components, cannot be shipped and is not stable in going through pipelines. So the east coast really does not have too many options for purchasing ethanol.

One option is to buy it from the Caribbean countries that produce it or from Brazil. Unfortunately, there is a tariff in place on Brazilian ethanol which amounts to 54 cents a gallon. That is a tariff which those of us on the east coast are subjected to and the effect of which is the price of ethanol is arbitrarily overstated.

This tariff was put in place quite a while ago and was put in during a period when the production of ethanol was not commercially viable because the cost of oil was still very low and when corn production was not oriented toward ethanol production. So this tariff was put in purely as a protective tariff for the purpose of allowing the corn industry in the Midwest to be successful in developing ethanol—at least that is the representation.

However, that position no longer has viability. The simple fact is that the corn industry in the Midwest is doing extraordinarily well because not only is it still a major feedstock for most of the traditional animal use to which it is applied, but it is also being used aggressively for the production of ethanol. In fact, we are looking at about 7 billion gallons of ethanol being produced this year.

Under this bill, for the purpose of gasoline replacement, it will be required that we have 36 billion gallons produced by the year 2022. So we are putting in place mandates which will absolutely require an expansion in the use of ethanol of dramatic proportions, which we should, and which will therefore raise the ship of the production of ethanol by the use of corn in the Midwest or sugar beets in the Northern Plains States as a form of producing ethanol. Therefore, they should not be concerned about the threat or the potential threat or the alleged threat of having ethanol come into this country from other producers in the Western Hemisphere, such as Brazil, because that is not going to affect their price and it is not going to affect their production capability.

Secondly, we still have in place in this bill and under the agricultural bills which we passed in the Senate a $3 billion annual subsidy for corn production—a $3 billion annual subsidy. The irony is we are subsidizing a product which is now extraordinarily productive and which has great viability—corn production—and, in fact, the cost of which has gone up so much that we are hearing complaints from many of the various farm communities, such as cattle producers who need corn, because the price has gone up so much as a result of the demand for corn. But at the same time, we are making it virtually impossible, because of the protective attitude of the Midwest on the issue of corn production for ethanol, to bring into the Northeast and into the Eastern States ethanol at a viable price and at a competitive price.

Our goal basically as an economy should be to get ourselves off oil, to move away from oil, and to move to ethanol production, which is the most efficient and cost competitive.

So the Northeast and the Eastern States should be allowed to purchase ethanol from Brazil without this arbitrary tariff that was put in place many years ago and continues.

In addition, if you just want to look at it on the basis of purchasing an overseas product—and some will argue this is just going to underwrite the foreign production of an energy source, ethanol, in Brazil—you can make that argument, but as a practical matter, if you make that argument, you have to ask yourself, would you rather buy ethanol from Brazil or oil from Venezuela because essentially the choice is just about that stark. You can buy your ethanol from Brazil or you can buy Venezuelan oil.

By making Brazilian ethanol more competitive and taking off this arbitrary 54-cents-a-gallon increase, which people from the East have to pay, you will actually make ethanol a more viable product in the East and thus reduce our reliance, for example, on Venezuelan oil or, for that matter, Middle Eastern oil. I personally would rather be buying ethanol from a country such as Brazil than buying oil from the Middle East or from Venezuela.

So the arguments for eliminating this tariff are myriad. They are that we should be purchasing ethanol at the most competitive price, that the Northeast and the East cannot purchase Midwestern ethanol anyway at a competitive value because it cannot be shipped by pipeline because it is so combustible.

The original concept of protecting corn producers in the Midwest no longer has viability in light of the fact that we have mandated an ethanol usage in this country that is going to absorb just about every ounce of corn produced, and we see corn prices are already at extraordinarily high price and that has put a lot of pressure as a feedstock commodity on various other industries, such as cattle production; and that it makes no sense in light of the $3 billion subsidy which we already have in place for corn to require people in the Northeast—who are paying that subsidy, by the way, through their taxes—to also have to pay an inflated price for ethanol which is produced in Brazil. If we are going to choose to use overseas sources of energy, which we are going to have to on the east coast, at least for the foreseeable future, why wouldn't we choose ethanol produced in Brazil over oil produced in the Middle East or Venezuela?

In addition, there is another argument, which is that if the Midwest is so concerned about having this tariff in place, they seem to be cutting off their nose to spite their face because the practical matter is that the more ethanol that is used on the east coast where the population of this country is concentrated to a large degree, the more the east coast will become dependent on ethanol, and when we get over this hurdle of moving ethanol through pipelines or other ways of moving it from the Midwest to suppliers and producers, we will see there is a demand that has been created, and

at that point we will have a competitive commodity, one presumes, with the Brazilian ethanol.

There is no logic to continuing this arbitrary tax on people from the Northeast and the East relative to the price on ethanol, a 54-cent-per-gallon tax. It should be repealed, and therefore I will be offering an amendment to repeal this tariff.

Mr. President, I yield the floor.

The PRESIDING OFFICER. Under the previous order, the Senator from Alaska is recognized for 5 minutes.

THIRTIETH ANNIVERSARY OF THE TRANS-ALASKA OIL PIPELINE

Ms. MURKOWSKI. Mr. President, I rise this evening to acknowledge the 30th anniversary of the first drop of oil passing through the Trans-Alaska Oil Pipeline. This is truly an engineering marvel which is a central component of the transportation of oil from the largest single domestic source in America's history—Prudhoe Bay—to the rest of the United States, where it powers industry and provides jobs to this day.

Alaska has been called a lot of different things, some not too complimentary, unfortunately. You may remember the term ''Seward's folly.'' This was after the United States approved the purchase of Alaska from Russia in 1867 which got the State of Alaska, the territory, for $7.2 million. ''Seward's folly'' was a reference to Secretary of State William Seward, who was an advocate for the purchase.

Alaskans themselves dubbed it ''Seward's icebox,'' reflecting the sentiment Americans had toward our supposedly barren, dark, ice-covered land. But we soon recognized there was far more than just dark, barren, empty land. It was not an icebox but instead a lush, resource-rich, and stunningly beautiful land.

Gold was discovered in the 1890s, and black gold, or oil, was discovered about 75 years later. While oil is often viewed in a negative context these days, the fact remains that this black gold has enabled America to grow into the economic power it is today.

Alaskan oil, quite honestly, could not have been found in a more inconvenient place. Prudhoe Bay, which is the location of the massive 1968 discovery, contained oil in ground that was permanently frozen up to 1,000 feet deep in the northernmost section of the State with three mountain ranges between it and the nearest ice-free port.

Seven oil companies got together to discuss how they might move the oil to the lower 48 States. There were several options that were proposed at the time. One of them was a water route that would use large ice-breaking tankers—essentially plowing through the ice—to get the oil down to the lower 48 market. A second option was a water route using submarines. A combined land and water system with a Trans-Alaska Pipeline and shipments from a southern Alaskan port was the third option and the option that was considered to be most feasible for several different reasons from the technical, the economic, and the legal issues that surrounded it.

The third option, this Trans-Alaska Pipeline, raised so many concerns and so many problems that for many it seemed an impossible task. The southern two-thirds of the proposed route was the most seismically active area in North America. This was the location of the very famous 1964 earthquake centered out of Valdez. The southern portion also contains a very high avalanche threat. Permafrost, which is the permanently frozen ground, runs about half the length of that pipeline route. You will find permafrost in that area. These all presented an unprecedented engineering challenge. The pipe would have to span a distance greater than the distance between Oregon and Mexico or, to put it in perspective as to where we are here, it would be the equivalent distance of going from this Capitol in Washington, DC, all the way south to Orlando, FL. That is the distance our Trans-Alaska Pipeline covers today.

Also, keep in mind we are not only talking about an incredibly long 800-mile pipe, but it is a stretch of land that includes thousands of rivers, three mountain ranges, and we have air temperatures ranging from minus 80 degrees below in the wintertime to a positive 95 degrees in the summer. So the challenges that faced the Nation as they looked to this engineering feat were quite incredible.

There were also political obstacles that were pretty steep. Environmental concerns, which, quite honestly, mirror the modern-day debate over oil development in the Coastal Plain of the Arctic National Wildlife Refuge, resulted in a 50–50 Senate tie on the vote for the pipeline's approval. Vice President Spiro Agnew cast the tie-breaking affirmative vote in this Chamber about 34 years ago.

It took 38 months, billions of the final $8 billion pricetag, and 1,347 State and Federal permits later for the construction to begin on one of the most ambitious engineering endeavors in the history of the world. During construction, thousands of would-be job seekers flocked to Alaska, and those workers battled the cold in the winter that caused the equipment to freeze up, and in the summer they battled sunken bogs when digging the concrete supports that allow the pipeline to shift in order to deal with the temperature changes and the seismic activity. They solved problems such as installing the pipe in both Atigun Pass and Thompson Pass, incredibly steep terrain just outside the southern terminus in Valdez. The terrain is so steep there that workers had to be tethered to the peaks by cables to keep them from falling down the slopes.

Mr. President, I think I have probably used my 5 minutes. I ask unanimous consent for an additional 2 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

Ms. MURKOWSKI. I thank the Chair.

Along the way, those working on this pipeline made major engineering advances, learning how to insulate the pipe and how to keep the permafrost ground frozen so that the pipe didn't sink out of site. When the project was completed in 1977, 3 years after construction started, we had a new domestic supply of oil made available to the United States—the single largest domestic source it has ever had.

On average, the Trans-Alaska Pipeline—we call it TAPS—now sees just over 800,000 barrels of oil pass through it each day. This is 231,000 barrels per hour and 22,000 gallons per minute. So, in other words, in the time I have been standing to address you, Mr. President, it has transported about 100,000 gallons of crude.

At peak production, TAPS provided the United States with about 2 million barrels of oil a day, or 30 percent more than Saudi Arabia does today, and nearly as much oil as the entire Persian Gulf provides our country today. And Alaskan oil, unlike Middle Eastern oil, does not come from unstable regimes, does not hinder our foreign policy options by bonding us and our allies to such regimes, and is not at risk of being cut off due to instability. We have been a stable domestic supplier of the oil needs of the United States for over 30 years.

The pipeline has turned out to be a much better deal than originally anticipated. The dire predictions of environmental disaster have been proven false. There have been minor spills, we acknowledge, but the environment and the wildlife have been unaffected by the Trans-Alaska Pipeline. Our caribou numbers have actually grown along the pipeline area, with estimates of up to sixfold in terms of the herd. Moose and bear have not been affected, and little oil has been added to the environment. All land spills have been completely cleaned up.

Additionally, while Prudhoe Bay was originally forecast to contain 9 billion barrels of recoverable oil, we will actually recover twice that much, about 18 billion barrels, by the time that field is depleted.

We recognize the days of abundant Prudhoe Bay oil are dwindling. We have produced about 15 billion barrels of oil, leaving only about 3 billion barrels remaining to recover. Output has fallen by more than 7 percent a year recently. According to the Energy Information Administration, Prudhoe Bay production will be down to 270,000 barrels per day by 2030, a level so low that the pipeline likely will not be able to function in winter's cold and may become inoperable. That could ''shut-in''

billions of barrels of future heavy oil deposits in the Greater Prudhoe Bay area and perhaps hamper oil recoveries from elsewhere in northern Alaska and the OCS off the State's coast.

In the meantime, U.S. oil imports have grown to account for 58 percent of our current net oil consumption. Twenty years from now, that number is forecasted to climb to 68 percent.

So I ask my colleagues and the American people, as we remember today what Alaska and the Trans-Alaska Pipeline system has given to our country, to consider also what Alaska could provide for America's future. The decision truly lies in the hands of Congress.

Mr. President, I appreciate the time, and I yield the floor.

The PRESIDING OFFICER. The Senator from Ohio.

Mr. BROWN. Mr. President, I ask unanimous consent to speak out of turn.

The PRESIDING OFFICER. Without objection, it is so ordered.

EMPLOYEE FREE CHOICE ACT

Mr. BROWN. Mr. President, historians who take a clear-eyed look at the last 30 years will tell you, and in particular economists will tell you, productivity has been rising, our economy has been expanding, and the workers responsible for our Nation's prosperity have not reaped anywhere near their share of the benefits which they have earned.

In 2005, the real median household income in America was down almost 3 percent from the median income in 2000. That is understanding that productivity has sharply increased among American workers. In Ohio, median income was down almost 10 percent. Meanwhile, the average CEO makes 411 times more than the average worker. As recently as 1990, the average CEO made 107 times more; so from 107 times more than the average worker in 1990 to now, 411 times more than the average worker.

Let me explain it another way. In the Agriculture Committee a couple of months ago, a young woman in her mid-thirties, with a 9-year-old son, came and testified about food stamps. The average food stamp beneficiary in our country gets about $1 per meal per person. She and her son got about $6 a day for food stamps. She works full time at a $9-an-hour job. She has no health care benefits. She gets a food stamp benefit. She is president of the local PTA at her son's school. She volunteers to teach Sunday school. And she is active in the Cub Scouts for her son. She works, as I said, full time, making $9 an hour, and gets a small food stamp benefit.

She says at the beginning of the month she serves her son porkchops a couple of times, and as the month goes on she takes him to a fast food restaurant once or twice, but by the last couple of days of the month she sits at the kitchen table with her son and doesn't eat. Her son asks her what is wrong, and she says she's just not feeling well. She simply runs out of money at the end of the month. This is somebody playing by the rules.

Later in the day, on the Banking Committee, a committee on which I sit with the Presiding Officer from New Jersey, Secretary Paulson was testifying, the Secretary of the Treasury, and I told him the story of this lady from Middletown, OH.

He said: Senator, you have to understand we have had 2½, 3 percent economic growth in the last year. Things in our country are going well.

Yes, things are going well in terms of profits for corporations. Things are going well in terms of top executives. But too often they really aren't. Just look at this chart from 1946 to 1973. Economic opportunities for poor and working families grew. The incomes of the country's workers are divided. The lowest 20 percent, second lowest, middle, and then the top 20, top 40 percent, and the top 20 percent here. Families who worked hard and played by the rules had a real chance of getting ahead. You can see those from 1947 to 1973, the lowest 20 percent of our wage earners had the highest growth in income; those who made the most had the lowest. So we are seeing all boats rise—boats rising a little faster for those in the lowest incomes.

Beginning in about 1973 and through to 2000, workers at the bottom and in the middle began to share less and less of the wealth they created. Even though their productivity was going up, their wealth didn't, their wages didn't. Economic growth flattened out for those same families. You can see there is still economic growth at the lowest 20, 40, 60 percent, but the fastest growth in incomes was in the top 20 percent. That was in 2000.

As the economic pie got bigger, the slice for most Americans got smaller. Here you can see the most devastating news of all in the last 4, 5, 6 years. The only people who had economic growth in this country were the top 1 percent. These are the five quintiles. The top 1 percent are the only ones who had economic growth, and those at the bottom fell the furthest and further behind.

Historians will also say that in 2006 the middle class spoke up and sent a message to Congress demanding change. This Congress raised the minimum wage for the first time in a decade. This Congress is fighting for fair trade like never before. And I speak today, Mr. President, in support of the Employee Free Choice Act, which goes to the heart of the plight of working families to reap the benefits of the productivity they created, to provide a home and health care and pensions for themselves and a college education for their kids.

The Employee Free Choice Act is a historic step for working families. It would give workers the right to organize so they can fight for fair wages and decent benefits. The efforts of labor organizers more than 100 years ago finally led to the progress made seven decades ago with the signing of the Wagner Act. The rights that became law then ensured fair pay and decent working conditions.

But more and more employers chose to flout the law by intimidating workers and suppressing union activities. All across Ohio, I talk with workers who have tried to form a union and who share with me the tactics taken by some employers—not all but some employers—to prevent workers from organizing.

I talked with Bill Lawthorn from Macomb, OH. Bill and his coworkers wanted a union so workers would be treated with the respect and dignity all laborers deserve. They hoped with the union they would get fair and decent wages, a decent retirement plan, and decent health care benefits. According to Bill, the company responded with threats, with intimidation, and harassment.

Bill said the company threatened to fire him even if the campaign for the union failed. The union lost the election, and the day after, Bill, in fact, was fired. Since then, various labor boards have held the company's actions were illegal. Bill has not been reinstated, though, or seen 1 cent of backpay, even though his firing was illegal. That is why we need the Employee Free Choice Act.

Despite the struggle, despite doing odd jobs to pay the bills and relying on friends, family, and neighbors, Bill says, if he had the chance to do it all over again, he would do everything exactly the same because he knew he was right. It was the right thing to do, he said, and the Employee Free Choice Act is the right thing to do.

In 2005 alone, 31,000 employees were awarded backpay by a very conservative pro-business National Labor Relations Board due to retaliatory firings and unfair labor practices. I repeat, 31,000 employees were given backpay because, according to the National Labor Relations Board, they were fired illegally and unfairly.

Many companies decide to fire union supporters. Even if employees later successfully prove their case, the penalties all too often are an insufficient deterrent. These practices must end. The Employee Free Choice Act is the first step.

For the first time in our history, our sons and daughters do not have the opportunities their moms and dads had. A son, in 1994, earned 5 percent higher wages than his dad did in 1964. You can see how wages went up in that generation. But in 2004, a son's wages were down 12 percent from what his father

made in 1974. You can see, too many kids are pessimistic about their futures.

We cannot continue this course. Unions are an agent for change. History will show that this Congress responded to the ever-increasing gap between the haves and have-nots. Fair trade, fair wages and benefits, the right to join a union—all three are basic to a society where work is rewarded and worker intimidation is not tolerated. Majority Leader REID is committed to moving forward on fair trade issues, on fair wages and fair benefits issues, as we already have, and equally importantly, the right to join a union.

The Employee Free Choice Act is a major step for working families. I urge my colleagues to support it.

The PRESIDING OFFICER. The majority leader.

Mr. REID. Mr. President, I first would like to express my appreciation to the distinguished Senator from Ohio for his advocacy for better trade policy for our country. I also appreciate his graphic illustration of what is happening in our country now, when sons are making less than their fathers.

It is difficult to comprehend, but that is the position in which we find ourselves, so we need a better trade policy, and we certainly need to pass the card check and Employees Free Choice Act.

I appreciate the statement of the Senator from Ohio and his constant advocacy for a better trade policy.

Mr. BYRD. Mr. President, today I voted in support of the NOPEC amendment to H.R. 6, which was offered by my colleague, Senator HERBERT KOHL. The amendment seeks to prevent OPEC nations from continuing to conspire to limit the supply of oil and to drive up America's already exorbitant energy costs. While I recognize that this is not a perfect piece of legislation, and that it may require the addition of certain clarifying provisions to ascertain its applicability in particular circumstances, I believe that it is a fine first step toward finally holding OPEC accountable for its actions. The time is long overdue for America's working families to send OPEC the message that West Virginians in particular will no longer be content to sit quietly by the side of the road, watching OPEC drive our gas and home heating prices to ever higher levels. This amendment is meant to send a signal—a signal to OPEC nations that the American people are not going to take it anymore. We will no longer be held hostage to OPEC's self-serving energy policies, which line their pockets, at the expense of our pocketbooks.

Mr. REID. Mr. President, I will be very brief, but I do want to say that I have been in the Senate now for a number of years, with Republican leaders and Democratic leaders, Democratic majorities and Republican majorities, and never have we had a situation like we have had this past 6 months. We have to move to cloture on virtually everything—everything. I am going to file, now, tonight, four cloture motions. Never have we had to do this before.

It is common practice, and has been for all the time we have been a Senate, that, because you are dealing with the House, you are offering a substitute amendment that takes place with the Senate bill. Without going into a lot of detail, we rarely in the past had to file cloture on not only the substitute but also the underlying bill. We have to do it on virtually everything. We have never had to file cloture on every motion to proceed. That is what we are having to do now. It is a tremendous waste of the time of the Senate and of the country, but that is what we have to do. That is what I am going to do tonight.

It is going to become apparent, and is to some people, and some writing is taking place on it now, that we had to file so many cloture motions. It is because we have on almost every occasion had to file cloture on everything. It is a struggle to get legislation here to the floor. The minority's goal, the Republicans' No. 1 goal, I guess, at this time is to see that we don't get anything done. But in spite of that, we have been able to get a lot done. It has been difficult. It has been slogging. It has been slow.

We have a list of things we have been able to accomplish, with which I think the country should be very happy—minimum wage; we have been able to get disaster relief for farmers for the first time in 3 years; we passed a balanced budget amendment; we funded the Government with a continuing resolution. We have been able to do a number of things. There is no need to run through the entire list tonight other than to say it is too bad it has been so difficult to get those things done. We are very close to being able to finish the conference on the lobbying ethics reform; 9/11—I spoke to Senator LIEBERMAN earlier this evening, that is basically all done.

We have a difficult schedule. Why? Because of having to jump through every procedural hoop. It would be different if we were doing it because of people who didn't like immigration. I understand that. But we are doing it on everything we bring through the Senate.

CLOTURE MOTION

Mr. REID. I send a cloture motion to the desk.

The PRESIDING OFFICER (Mr. BROWN). The cloture motion having been presented under rule XXII, the Chair directs the clerk to read the motion.

The legislative clerk read as follows:

CLOTURE MOTION

We, the undersigned Senators, in accordance with the provisions of rule XXII of the Standing Rules of the Senate, do hereby move to bring to a close debate on the Baucus tax amendment No. 1704 to H.R. 6, the Energy bill.

Max Baucus, Jay Rockefeller, Kent Conrad, Jeff Bingaman, John Kerry, Blanche L. Lincoln, Charles Schumer, Amy Klobuchar, Byron L. Dorgan, Ron Wyden, Maria Cantwell, Ken Salazar, Daniel K. Akaka, Daniel K. Inouye, Sheldon Whitehouse, Sherrod Brown, Harry Reid.

CLOTURE MOTION

Mr. REID. I send a cloture motion to the desk.

The PRESIDING OFFICER. The cloture motion having been presented under rule XXII, the Chair directs the clerk to read the motion.

The legislative clerk read as follows:

CLOTURE MOTION

We, the undersigned Senators, in accordance with the provisions of rule XXII of the Standing Rules of the Senate, do hereby move to bring to a close debate on the Reid substitute amendment No. 1502 to Calendar No. 9, H.R. 6, the Energy bill.

Jeff Bingaman, Barbara Boxer, Patty Murray, John Kerry, Robert Menendez, Kent Conrad, Pat Leahy, Russell Feingold, Jack Reed, Christopher Dodd, Ken Salazar, Joe Biden, Frank R. Lautenberg, Daniel K. Inouye, Dianne Feinstein, Jay Rockefeller, Byron L. Dorgan.

Mr. REID. Mr. President, I ask unanimous consent that on the first cloture motion I filed, the mandatory quorum required under rule XXII be waived.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. REID. Mr. President, on the one I just filed, I ask unanimous consent that the mandatory quorum call required under rule XXII be waived.

The PRESIDING OFFICER. Without objection, it is so ordered.

CLOTURE MOTION

Mr. REID. I send a cloture motion to the desk.

The PRESIDING OFFICER. The cloture motion having been presented under rule XXII, the Chair directs the clerk to read the motion.

CLOTURE MOTION

We, the undersigned Senators, in accordance with the provisions of rule XXII of the Standing Rules of the Senate, do hereby move to bring to a close debate on Calendar No. 9, H.R. 6, Comprehensive Energy legislation.

Jeff Bingaman, Barbara Boxer, Patty Murray, John Kerry, Robert Menendez, Kent Conrad, Pat Leahy, Russell Feingold, Jack Reed, Christopher Dodd, Ken Salazar, Joe Biden, Frank R. Lautenberg, Daniel K. Inouye, Dianne Feinstein, Jay Rockefeller, Byron L. Dorgan.

Mr. REID. I ask unanimous consent that the mandatory quorum call required under rule XXII be waived.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. REID. Mr. President, I was going to ask, on a number of these matters, unanimous consent that we move forward on them. I am not going to do

that tonight. I only appeal to my friends, the Republicans, that they take a look at this and find out if it is absolutely necessary that we have these cloture votes. If we follow through on all these, we will have to work both this weekend and part of the next weekend. I hope we do not have to do that. If it were productive time, it would be one thing, but it is basically a waste of time.

FREE CHOICE ACT OF 2007—MOTION TO PROCEED

Mr. REID. Mr. President, as I indicated, I was going to ask consent that the Senate proceed to consideration of Calendar No. 66, H.R. 800, the Free Choice Act of 2007, at a time to be determined by the majority leader following consultation with the Republican leader, but I am not going to do that.

CLOTURE MOTION

I now move to proceed to Calendar No. 66, S. 800, and send a cloture motion to the desk.

The PRESIDING OFFICER. The cloture motion having been presented under rule XXII, the Chair directs the clerk to read the motion.

The legislative clerk read as follows:

CLOTURE MOTION

We, the undersigned Senators, in accordance with the provisions of rule XXII of the Standing Rules of the Senate, do hereby move to bring to a close debate on the motion to proceed to Calendar No. 66, H.R. 800, the Free Choice Act of 2007.

Harry Reid, Ted Kennedy, Patty Murray, Bernard Sanders, Charles Schumer, Russell D. Feingold, Jack Reed, Barack Obama, Christopher Dodd, B.A. Mikulski, Pat Leahy, John Kerry, Robert Menendez, Claire McCaskill, Debbie Stabenow, Frank R. Lautenberg, Joe Biden, H.R. Clinton.

Mr. REID. I ask unanimous consent that the mandatory quorum required under rule XXII be waived.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. REID. Mr. President, I now withdraw the motion.

The PRESIDING OFFICER. The motion is withdrawn.

The Senator from New Jersey is recognized.

Mr. MENENDEZ. Mr. President, am I next in the order?

The PRESIDING OFFICER. The Parliamentarian shows the Senator from New Jersey is to be recognized for up to 10 minutes and then the senior Senator from New York for up to 10 minutes.

Mr. MENENDEZ. Mr. President, I rise in strong support of the Employee Free Choice Act, of which I am proud to be an original cosponsor. This bill will level the playing field for workers seeking a voice at work and ensure they have the freedom to choose to join a union without coercion. I applaud Senator KENNEDY for his passion to move this bill forward and his relentless fight to improve and uphold the rights of workers.

Some may ask why this change is needed. They may think that in 2007, in this great democratic Nation, the right of an employee to seek representation in their workplace is alive and well. It should be. But the fact is, under current law, there are loopholes that have been exploited, tactics that have been utilized, and actions taken against employees that have undermined the basic rights to which employees should be entitled.

We have a chart that shows the number of workers facing roadblocks trying to form a union. From start to finish, workers often face roadblock after roadblock in trying to seek union representation. Active union workers are fired; employers challenge and file appeals with the NLRB; and employers can simply stall the process and prevent it from moving forward.

We cannot ignore that there are some concerted and disturbing efforts that have tainted what should be a fair process. In that process, employees are fired in roughly one quarter of all private-sector organizing efforts. One in five workers who openly advocate for a union during an election campaign is fired.

In 2005 alone, some 30,000 workers experienced some form of discrimination for their participation in an organizing effort, resulting in lost wages or lost jobs. And, in an increasingly common trend, a vast majority of private employers are hiring union-busting consultants to fight unionization drives.

Clearly, existing law has not been enough to deter these types of tactics. The Employee Free Choice Act would close loopholes that have allowed employers to abuse the labor process without repercussion, and it would beef up the penalties for violation. Part of the problem is that under current law, there is not a strong enough incentive to follow the law.

While employers face stiff penalties for firing an employee based on race, gender, or disability, they face minimal penalties for firing an employee for union organizing.

In addition to enacting stronger penalties, this legislation would essentially enforce the steps that are supposed to take place, but often do not. A key part of this bill is that it will bring people to the table. It would ensure that when employees make their voices heard, the process moves forward. This is not forcing the hand of employers or employees, but it simply ensures that negotiations that are supposed to take place will take place.

Currently, employees can agree to join a union, but then the process is dragged out for months or years. This is not the spirit of the law. The Employee Free Choice Act will restore that spirit and uphold the meaning of the rights employees are supposed to have.

Improving the rights of workers is not just about fairness—it is also about equity. We know that workers who have a voice at work have better benefits and are able to provide a higher quality of life for their families. When nearly half of all Americans report having just ''enough to get by,'' it should be obvious that we need to take action to improve the economic standing of many of our workers.

The fact is, union membership means higher wages. According to the Department of Labor, union workers earn 30 percent higher weekly earnings than non-union workers—that is an average of $191 dollars per week, or more than $9,000 per year.

This is especially true for minorities. Latinos represented by unions typically earn median wages that are 46 percent higher than non-unionized Latinos. Women and African-Americans typically earn more than 30 percent higher median wages when they are unionized. By opening the door for more workers to seek union representation, we are helping ensure a pathway to fairness and hopefully, a pathway to a better quality of life.

Hardworking Americans deserve the chance that this bill provides. They deserve a strong law that will not allow employers to skirt its meaning; a law that will protect their decisions and ensure their voices will be heard.

That is why I support this bill. I believe a majority of voices should be upheld and I believe that our workplaces should be the very best they can be for our Nation's workers.

So I urge my colleagues to support the Employee Free Choice Act to protect and enforce the rights of any worker to freely join a union; free from intimidation, free from back-door tactics, free from fear of retribution. That is a right. That is a right that no worker in America should be denied.

I hope we will have the support of our colleagues when this comes to a vote on the floor.

I yield the floor.

The PRESIDING OFFICER (Mr. BROWN). The Senator from New York.

Mr. SCHUMER. Mr. President, I rise to first speak briefly about the Employee Free Choice Act, which is a very important piece of legislation. In fact, I introduced the original bill 4 years ago, worked hard to persuade many of my colleagues in the labor movement that this should be a top priority. I am so glad it is. I wish to salute the Senator from Massachusetts, Mr. KENNEDY, who has taken leadership on this issue. I am proud to be an original cosponsor of the bill.

Let me say this: Before the union movement in America, we had a few wealthy people and a lot of poor people and not much of a middle class. The great thing about the union movement

is it created a middle class. Through struggles of laboring men and women from about 1870 to 1960, America became a country that was about 30 or 35 percent unionized.

What that meant was that wages rose, benefits rose, health care rose, and America was a prosperous country. Without a middle class, America would not have prospered. Then, in the late 1970s and early 1980s, many employers who wished to prevent unions or beat back unions found new ways to basically thwart what was the original thrust of the NLRB, which was to freely allow men and women to organize.

They hired lawyers. There are law firms with hundreds of people whose whole job is to prevent unionization. They basically succeeded. So as old industries closed, new industries that have as much reason to organize did not. Factories closed, office towers came about, but the union jobs did not follow from the factories to the office towers, with the exception of the public sector.

So now we are in this situation where fewer than 10 percent of American workers are organized. That hurts America. That means that men and women are not able to bargain collectively for rights. When you talk about declining wages of the middle class, when you talk about declining health benefits of the middle class, one—not the only but one of the reasons is we do not have unions.

Fewer and fewer Americans are organized. What the legislation does, what the Employee Free Choice Act does, is very simply restore the balance so it would be as easy to organize a factory in an office tower in 2007 as it was to organize a factory in the 1930s or 1940s or 1950s.

To show you the law works, Canada has basically the same economic structure as America. Canada is over 30 percent organized and America is 8 percent organized. One reason, they have a law such as the Employee Free Choice Act which allows a majority of employees to sign a card and then a union takes effect.

One of the great problems in the new America is income inequality. The top 1 percent of America represents 9 percent of the income in 1980, 16 percent in 2001, and now it is over 20 percent by the latest statistics. One of the many ways to overcome that inequality is to make it a little easier for people to organize.

So I think this legislation is extremely important to the basic fabric of America. If we want middle-class people to continue to have wage growth and benefit growth, unions are basically essential. So I am proud to support this legislation.

I understand there are employers who fight it tooth and nail. I have seen some of the ads. There is one today in one of the papers, particularly vicious, with a picture of a union leader and then of two dictators. I thought it was the kind of cheap shot we shouldn't see in this country.

The bottom line is simple. This legislation is vital to the health, economic health of working men and women and vital to keeping a middle class in America and not reverting to the old days, when you had very few wealthy people and a large number of struggling people. I support the legislation.

AMENDMENTS NOS. 1604, 1605, 1606, AND 1656 TO H.R. 6

Second, I would like to speak about amendments 1604, 1605, 1606, and 1656, amendments I will be offering to H.R. 6. I am not going to offer them tonight because none of my colleagues from the opposing side are here. But they are important.

This is an energy bill that is vital to the country. We all want to curb the emission of CO_2, we want to curb our dependence on foreign oil, and we want to bring down the prices of gasoline, electricity, and all the other commodities that are petroleum dependent. There has been a great deal of talk and focus on alternative fuels. That is very good. But alternative fuels are the ''sizzle'' and conservation is the ''steak'' when it comes to reducing our dependence on oil and particularly foreign oil

It costs about a quarter as much to conserve as it does to create an alternative. So these amendments are very simple. I wish to thank the Finance Committee, first, for drafting a provision that will take billions of dollars in tax breaks and other benefits from the oil industry to create new, improved incentives to promote solar power and wind power and cellulosic ethanol.

But we also have to do energy efficiency. You do not have to be Thomas Edison to know that better energy efficiency is a win-win for American families. The Federal Government, thus far, has failed to take the lead in promoting commercializing or deploying energy efficiency technologies despite their cost-effectiveness and reliability.

Unlike the development of cutting new alternative and renewable fuel sources, we do not have to wait for new technologies to reap the benefits of energy efficiency in our homes. An excellent example is our largest State in population, California. Over the past 30 years, it has demonstrated significant efficiency gains that can be achieved through various energy efficiency measures, especially by increasing the efficiency of utilities, buildings, and appliances.

With these measures, California has generated more than 20 percent of energy savings since 1975. California's energy use, per capita, is similar to many countries in Europe because they did this 30 years ago. So if California can do it, so can America.

The four amendments I have mentioned, one on buildings, two on appliances, and one on electric generation, take the California legislation and basically apply it to America. I am going to discuss each.

The first amendment will create a national energy efficiency resource standard that would require utilities to achieve a small percentage of energy savings every year based on their annual sales.

Under my amendment, utilities can generate energy savings through a variety of ways, including helping their customers save energy through energy-efficient programs, improving energy efficiency in their own distribution systems or credit trading.

Energy savings requirements are phased in in small increments each year, which will give the utilities enough time to boost their energy savings program.

This is not a new idea. Many States already successfully have implemented EERS standards—not only California but Colorado, Connecticut, Hawaii, Minnesota, Nevada, Pennsylvania, Texas, Vermont, Virginia, and Washington.

Several States, including my State of New York, as well as New Jersey, Illinois, Massachusetts, and North Carolina, are actively working to implement the standard. Since the States are moving forward on this standard, it makes sense for Congress to create a national standard so all Americans can reap the benefit of increased energy savings.

According to the American Council for an Energy Efficient Economy, by 2020 a national EERS will reduce peak electric demand by 130,000 megawatts, saving enough to power 40 million households and reduce CO_2 emissions by more than 300 million metric tons. That is equivalent to taking 70 million cars off the road. Is that not incredible? By simply requiring our utilities to be efficient, it is equivalent to taking 70 million cars off the road. I hope we are going to do it. It would save U.S. consumers $26 billion from their utility bills. So this is a huge amendment that can do a great deal.

Now, my second amendment deals with buildings. Buildings account for 37 percent of the total energy used in the United States and two-thirds of the electricity. We all focus on cars. We are going to have a fight on CAFE standards. But buildings are as important as cars in producing efficiency. There is much less controversy and we can get it done more easily.

California has demonstrated that significant energy gains can be achieved through State building codes that are well designed and implemented. But despite the great savings made by California, many States have inadequate State building codes or none at all.

Again, the Federal Government has lagged behind the States in setting aggressive energy saving building codes.

Under my amendment, commercial and residential building codes will be required to meet specific energy use targets. Both must be 30 percent more efficient by 2015 and 50 percent more efficient by 2022.

States will be deemed compliant once they adopt an acceptable code and as long as 90 percent of all new buildings comply with the States's code. Even if a State is not in compliance, each city that meets the criteria will be in compliance.

I wish to salute the mayor of New York, Michael Bloomberg, for taking the lead in imposing such standards on the city of New York.

Finally, my amendment will authorize funding for technical assistance, training, and to help States ensure they are in compliance with these energy-efficient targets. Again, according to the Alliance to Save Energy, this amendment—listen to this—could save our country 5 percent of its total energy use. That simple amendment, done now in California, could be done here—5 percent of our total energy use. It would save consumers $50 billion a year and reduce greenhouse gas emissions by an equivalent of taking another 70 million cars off the road. So it is obvious we should do these things.

Finally, the amendments on appliances. Again, California took the lead in improving energy efficiency standards for appliances. However, Federal law has restricted the ability of States in favor of lower Federal standards that, in many cases, have languished at DOE. For example, earlier this year, the GAO found that DOE had missed 34 out of—guess how many—34—34 out of 34—Congressionally set deadlines for reviewing and updating appliance and equipment standards.

GAO found that delays on four of the overdue standards will cost consumers $28 billion in energy savings by 2030. In addition, even when DOE finally gets around to setting the new standards, these standards fail to meet the very real energy needs of our country.

My amendment also fixes these problems in the bill. First, they will strengthen the process through which the States can apply to DOE to set higher standards for appliances that are currently regulated by the Federal Government; second, to restore authority for efficiency standards—that is the second amendment—to the States when DOE misses legal deadlines for setting or revising standards.

My amendment states that if DOE misses legal deadlines for setting up updated efficiency standards, States may create higher standards that allow them to address their energy needs more effectively.

By cutting our energy use through these energy efficiency measures, while also increasing the use of clean, renewable alternative fuels, we can make a huge difference and begin to address our energy problems, from ending our dependence on unstable foreign sources of oil to helping consumers lower their rising energy bills. I urge adoption of these four commonsense efficiency measures and look forward to working with the managers of the bill as we go forward.

MORNING BUSINESS

Mr. SCHUMER. I ask unanimous consent that there be a period of morning business, with Senators permitted to speak therein for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

IRAQI HUMANITARIAN CRISIS

Mr. FEINGOLD. Mr. President, when the United States went to war with Iraq in 2003, a number of observers feared that a massive humanitarian crisis could occur if a smooth transition was not successful. Despite the quick collapse of Saddam Hussein's dictatorship, the heroic performance of our servicemembers, and the predictions of some in the administration, the transition was far from smooth. Nonetheless, we did not initially see a humanitarian emergency in Iraq.

Four years later, however, this emergency is now unfolding in the cruelest of ways. With Iraq enmeshed in civil war, the relentless violence has displaced numerous civilians not only within Iraq but outside of it as well.

There are a range of possible factors behind the current situation: as the war is increasingly defined by its sectarian nature, the growing potential for neighborhoods to be ''cleansed'' by one ethnicity or another may accelerate displacement patterns; the overall increase in violence that occurred following the golden dome shrine bombing of February 2006 may have served as a catalyst that changed the face of the war and the tactics of those fighting it.

Regardless of the reasons, the results are clear—millions of Iraqis have been forced from their homes because of entrenched fear and rampant violence. Basic survival needs such as food, clean water, shelter, sanitation, and health care are in short supply. The government infrastructure has collapsed—if it ever truly existed—taking with it the communities it served.

The U.N. High Commission for Refugees estimates that there are nearly 2 million displaced people within Iraq and close to 2.5 million seeking refuge in neighboring countries. In total, that is almost 4.5 million people, Mr. President, 4.5 million individuals or approximately 13 percent of the total Iraqi population. Many of these individuals are from Iraq's shattered middle class and will be critical to rebuilding the country. But who can say where they will be when that time comes and whether they will be willing or able to contribute to that process.

The United States has admitted only a small number of Iraqi refugees since the beginning of the war. According to the State Department, there have been just 687 Iraqi refugees admitted to the United States since the war began in 2003. We have a particular responsibility to provide aid and safe haven for Iraqis whose lives are threatened because they worked for us.

Fortunately, many neighboring countries have been willing to step up to the plate and allow those Iraqis fleeing their homeland to seek temporary shelter despite the fact that many of their needs are straining the already weak and overburdened social services. Indeed, most of Iraq's neighbors are unable to provide adequate assistance to those living within their borders, citizens and refugees alike. The introduction of more than 2 million additional people into these already precarious environments could tip the balance in the wrong direction.

This humanitarian disaster is emblematic of this administration's poor planning when it comes to virtually every aspect of the war in Iraq. The administration's failure to respond adequately to the needs of these refugees and displaced people will have dramatic consequences for regional and global stability. We still have a chance to reverse course in Iraq, however, to refocus our strategy, and regain our credibility so we can work with the international community and resolve this crisis appropriately.

HONORING OUR ARMED FORCES

SPECIALIST ADAM HEROLD

Mr. HAGEL. Mr. President, I rise to express my sympathy over the loss of U.S. Army SPC Adam Herold of Omaha, NE. Specialist Herold was killed on June 10 when an improvised explosive device detonated near his patrol in Karbala, Iraq. He was 23 years old.

Specialist Herold was the youngest of three brothers in a close-knit Nebraska family. He attended Roncalli High School and would later join the Job Corps in Utah to learn a trade.

In 2005, Specialist Herold made the decision to join the Army. He saw service in the Army as a means to a college education. But he also came from a family with a strong tradition of service to the country. Both of his grandfathers served in World War II.

Specialist Herold had been serving in Iraq since October 2006 with Headquarters and Headquarters Company, 2nd Battalion, 377th Parachute Field Artillery Regiment, 25th Infantry Division, based at Ford Richardson, AK.

We are proud of Specialist Herold's service to our country, as well as the thousands of other brave Americans serving in Iraq.

He is survived by his parents Lance and Debbie Herold, and brothers Andy and Kyle, both of Omaha.

I ask my colleagues to join me and all Americans in honoring SPC Adam Herold.

TRAGEDY IN CHARLESTON, SOUTH CAROLINA

Mr. GRAHAM. Mr. President, on June 18, 2007, in the face of blazing fire, sacrifice and duty overcame fear and surrender. With great sadness and the utmost respect, Senator DEMINT and I mourn the tremendous loss of nine of our finest firefighters, as well as the immeasurable loss experienced by their families and loved ones. As the flames engulfed the building, the brave men and women of the Charleston County Fire Department rushed into the collapsing building as others were running out, fleeing for their lives. May this extraordinary courage and sacrifice forever reflect the spirit of South Carolina, as well as that of our great Nation.

We extend our sincerest condolences to their families, their colleagues, and their friends. You give your loved ones to us to serve and protect our communities, putting public service above personal comfort. Our gratitude is boundless and our respect infinitely deep. We grieve beside you, and we take pride in and are humbled by this ultimate display of service and valor. In the midst of grief and devastation, may you find comfort in knowing that the memory of your loved ones will be forever etched in the minds of South Carolinians as the true embodiment of an American hero.

The United States has not experienced such a devastating loss of firefighters since the horrific events on September 11, 2001. May the Charleston County Fire Department, led by Chief Rusty Thomas, as well as emergency personnel around the country, forever fill this massive void with the legacy left behind by these brave fallen firefighters. Let their legacy not be engulfed by flames and reduced to rubble but rather let it embolden and encourage others to serve in their honor and continue their mission to public service. There is no higher call than to serve, and to the fallen, their families, and those that will fill their shoes, we are forever indebted to you for your noble sacrifices.

ADDITIONAL STATEMENTS

RECOGNITION OF BILL SIMMONS

● Mrs. BOXER. Mr. President, I would like to take a moment to reflect on the work of Bill Simmons, the director of the Yuba County Office of Education's Regional Career Center, and recognize Mr. Simmons' 21 years with the Yuba County Office of Education and commend his more than five decades of service to his country and his community.

In 1954, Bill Simmons began his 24-year career with the U.S. Air Force. He retired in 1977 as a first sergeant for the 9th Field Maintenance Squadron at Beale Air Force Base in Marysville, CA. After his retirement from the U.S. Air Force, Mr. Simmons remained in Marysville and began a long career of service to his community.

Bill Simmons used the leadership skills he gained in the Air Force and began his career with Yuba County as a group counselor in the juvenile probation system. He remained committed to improving the community as he worked to help build the One-Stop Center, a invaluable resource for the region that is the service provider for the Federal Workforce Investment Act's One-Stop Center for Business and Workforce Development.

I had the pleasure of working with Bill when he served on the Yuba County board of supervisors from 1997 to 2005, and we continue to collaborate on issues affecting Beale Air Force Base through Mr. Simmons' role as a member of the Beale Military Liaison Committee. For the last three decades, Bill Simmons has been a forceful advocate for Beale AFB, by both working to improve the on-base facilities and promoting the many values and strengths of Beale AFB throughout California and the country.

Bill Simmons has been a valuable local resource on education, military, and local issues affecting the entire Yuba-Sutter region, and I hope that he will remain active in his community beyond his retirement from the Yuba County Office of Education. I wish my friend the best as he embarks on this latest chapter of his distinguished career.●

2007 STANLEY CUP CHAMPIONS

● Mrs. BOXER. Mr. President, I ask my colleagues to join me in congratulating the 2006–2007 National Hockey League champions, the Anaheim Ducks. The Anaheim Ducks demonstrated remarkable skill, teamwork, and determination in becoming the first California hockey team to win the prestigious Stanley Cup.

The 2006 to 2007 season will be remembered as a truly landmark season for the Anaheim Ducks. During the course of the season, the Ducks played in the franchise's 1000th regular season game and recorded their 1000th point after a much-deserved 4 to 2 victory on March 11, 2007. The Ducks began their season in fine form as they set an NHL record by remaining undefeated in regulation play for the first 16 games of the season. The Ducks used a high-octane offense and a stout defense to achieve the first 100-point season and the first Pacific Division title in the franchise's history. Throughout the season, the Ducks were a model of hard work, dedication and consistency.

Under the leadership of a dedicated management and coaching staff and with contributions from an outstanding roster of seasoned veterans and promising young players, the Ducks defeated the Minnesota Wild, the Vancouver Canucks, and the Detroit Red Wings in their usual spirited fashion en route to winning the Western Conference title. In the finals, the Ducks triumphed over the Ottawa Senators in a fiercely contested series that ensured the oldest and most famous trophy in all of North American professional sports, the Stanley Cup, will finally make its way to California for the first time.

It is my pleasure to congratulate all the hard working members of the Ducks organization who worked tirelessly to bring so much joy and pride to the people of Orange County and to the State of California. Their successes are considerable, and I salute their accomplishments. As the Anaheim Ducks and their fans celebrate their first Stanley Cup victory, I congratulate them on a truly remarkable and memorable season and wish them more success in future seasons.●

125TH ANNIVERSARY OF LAMOURE

● Mr. DORGAN. Mr. President, it was 125 years ago that pioneers created the city of LaMoure, ND.

LaMoure and its surrounding territory got off to an unexpectedly strong start due to the work of a fellow named MAJ H.T. Elliott. He was employed by a real estate firm whose financial fortunes depended upon the prosperity and success of homesteaders and town builders in the LaMoure area.

To ensure that region boomed, Major Elliott was sent to the nearest railroad station to meet incoming emigrants. If they appeared to be bright, industrious, honest folks with adequate financial resources, Elliott directed them to the region around LaMoure. But if they were of a suspect type, Elliott sent them off in the opposite direction.

Elliott himself was the county's first citizen but had the misfortune to establish the town of Grand Rapids which immediately found itself in a fight with LaMoure over which should be the county seat. When Grand Rapids lost that election, LaMoure's citizens armed themselves and trooped across country in the dead of night to seize the governmental records.

They were met at Grand Rapids by barricaded doors and rifles bristling from the courthouse windows. But with the aid of a battering ram, they smashed their way in and the Grand Rapids defenders slipped away. LaMoure had its first triumph.

There have been many more since then—some headline making like State championship sports teams, installation of a Coast Guard radar site serving mariners and pilots all around the globe, a national award as an All-America City, home to U.S. Senator Milton Young.

But many more of its successes never garnered headlines. They were the quiet but meaningful stories of strong families, vibrant businesses, prosperous farms, good kids, and the warmth of citizens who cared about each other.

LaMoure is both a wellspring and a repository of what is best about America—old-fashioned values of honesty, decency, hard work, faith, and family. Its foundation is solid, and its people will continue to create a community where dreams are turned into reality.●

125TH ANNIVERSARY OF RUTLAND

● Mr. DORGAN. Mr. President, it was 125 years ago that pioneers in Dakota Territory created the community that is now Rutland, ND. Those pioneers included hopeful immigrants from Norway, Sweden, Germany, Ireland, Poland, England, and Scotland, seeking new homesteads on the unbroken prairie; hard-driving businessmen and railroad workers from the Eastern States finding opportunity on America's frontier; and the Wahpeton-Sisseton band of the Dakota people, adapting to changing times and preserving ancient traditions as their world changed around them.

These pioneers built a solid foundation of family, faith, and education for their community, establishing farm homes, churches, and schools first. When the Great Northern Railway built its line through the territory, the community was given its name in honor of Rutland, VT, the hometown of many of the pioneer railroaders. The green hills of the Coteau de Prairie south of the town, reminded them of their home in the Green Mountains.

In those early years, the pioneers of the Rutland community endured drought, harsh winters, and economic exploitation, but their faith, independent spirit, and cooperative attitude carried them through the tough times and made the good times better. It has been said that Rutland could be renamed Phoenix because, like that mythical bird, the city's business district has twice risen from the ashes of devastating fires to rebuild better and stronger each time. One of the business buildings destroyed by the second fire, back in 1941, was a unique combination of economic enterprises, perhaps a forerunner of today's megamalls. The second floor was a hotel, providing rest and refuge for weary travelers, while three businesses occupied the ground floor: In the front was a harness and shoe repair shop, keeping Rutland folks either afoot or on horseback, and they always knew which; at the center of the building was a cream station, where farm produce including chickens, eggs, cream, and butter was bought and sold; and at the rear of the building was a funeral parlor, which had a double life as an illicit gambling casino, when a paying customer was not laid out in somber repose. That building and those businesses went up in smoke many years ago, but this week, another new business, the Rutland General Store, has opened its doors on Rutland's Main Street, showing that the spirit of optimism that inspired our pioneer ancestors is still alive and thriving in the community they built. The optimism and patriotism of Rutland citizens is reflected in the fact that men and women from the community have served in the Nation's military service in every conflict from the Civil War to the current engagements in Iraq and Afghanistan.

Over the past 125 years, Rutland has been noted for many accomplishments: The home of one of North Dakota's outstanding amateur baseball teams, the Rutland Roosters; the Rutland Rockets and Sargent Central Cadets High School sports teams always tough and usually victorious; location of the Tewaukon National Wildlife Refuge, conserving and preserving our Nation's natural heritage; an award as a National Bicentennial Community in 1976; an award as a North Dakota Centennial Community in 1989; home to Obed Wyum, a national leader in the establishment of rural electric and rural telephone cooperatives; and making it into the ''Guinness Book of World Records'' with the world's largest hamburger, a 3,591-pound whopper, as part of the community's centennial celebration in 1982.

But many more of Rutland's successes never garnered headlines. They were the quiet but meaningful stories of strong families, vibrant businesses, prosperous farms, good kids, and the warmth of citizens who cared about each other.

Rutland is both a wellspring and a repository of what is best about America—old-fashioned values of honesty, decency, hard work, faith, and family. Its foundation is solid, and its people will continue to create a community where dreams are turned into reality.●

FORT ABERCROMBIE

● Mr. DORGAN. Mr. President, one of North Dakota's oldest communities celebrates its anniversary this week. Abercrombie and the nearby fort after which it is named date their origins back 150 years.

Fort Abercrombie is famous for having been the site of one of the most prolonged battles in the American West between Native Americans and U.S. soldiers. Fresh from their triumphs in a Minnesota uprising, Dakota warriors quickly moved to secure their gains by attacking the last military post between the decimated, burning white settlements and the wide open Great Plains.

The defenders of the fort were in a desperate pinch. The fort had no protective palisade and little else in the way of defense, it was several hundred miles from the nearest help, and, worst of all, rifle ammunition was critically low.

For a month the soldiers, and the citizens who had rushed to the protection of the fort, held off Little Crow's warriors. What saved them was the discovery that the metal balls with which the fort's cannon shells were packed were identical to what their rifles required for ammunition.

Fort Abercrombie has a storied history. Military trails radiated out to Fort Wadsworth, Fort Ransom, and Fort Totten. It was here that wagon trains embarked for Montana's gold fields, that the 1870 peace treaty between 900 Dakota and Chippewa delegates was signed, that oxcart caravans from Canada to the Twin Cities overnighted.

Fort Abercrombie is quiet now but houses a handsome State park and historical center. The adjacent community, however, continues to hum. In 1936, an observer called it ''an enterprising, live, wide-awake community.'' That is still an honest description, especially this weekend.

A street dance, military ball, school reunion, parades, wagon train, history tours, and a multitude of other events will fill the days. Although I expect the activity will be as intensive as it was in 1862, it will not be as desperate. Instead, it will be a classic festival of small town America—one of remembrance and homecoming, of neighbors and family, of heritage and pride. I send its citizens birthday greetings and a salute for its proud and singular history.●

NATIONAL VETERANS WHEELCHAIR GAMES

● Mr. FEINGOLD. Mr. President, this week Wisconsin is honored to host more than 600 veterans and athletes for the National Veterans Wheelchair Games in Milwaukee. At the largest annual wheelchair sports event in the world, hundreds of veterans who made tremendous sacrifices for our Nation will demonstrate not only their remarkable athletic abilities but also their unmatched courage and determination in the face of adversity.

World-class wheelchair athletes and newly disabled veterans will join together in Milwaukee for 17 competitive events and 2 exhibition events. The National Veterans Wheelchair Games is a great sporting event, and it is also a chance for athletes to develop lasting friendships with other veterans who

have faced and overcome similar obstacles.

I thank the Clement J. Zablocki VA Medical Center in Milwaukee and the Wisconsin Chapter of the Paralyzed Veterans of America for hosting the games, as well as the VA officials and volunteers who helped to make these games a reality. More than 3400 Wisconsinites are showing their support by volunteering during the games.

I encourage these athletes and their families to explore their unique and dynamic host city. I hope everyone has the opportunity to experience Milwaukee's wonderful lakefront and sample the outstanding food and drink that Milwaukee is known for.

I know Milwaukee will give a warm welcome to all the competitors and visitors who have come to the city for this week's games. Their competitive spirit and the incredible sacrifices they have made bravely serving our Nation are an inspiration to us all. I hope everyone enjoys what is sure to be an exciting and memorable week.●

HONORING THE LIFE OF JEFFREY ERLANGER

● Mr. FEINGOLD. Mr. President, today I pay tribute to the memory of Jeff Erlanger, an extraordinary person who was a prominent member of the Madison community, a family friend, and an inspiration to me and everyone lucky enough to know him.

To understand what a positive force Jeff was in people's lives, I will quote something he said in an ad he did for Wisconsin Public Television a few years ago: ''It doesn't matter what I can't do—what matters is what I can do.'' Those are words that everyone should live by, but Jeff, who was a quadriplegic, really did live by them. He never dwelled on the many challenges he faced; instead, he focused on helping others, making tremendous contributions of time and effort to a wide array of organizations.

He served on the Economic Development Commission, as chairman of the Commission on People with Disabilities, and as chairman of the board of the Community Living Alliance, as well as many other positions. Among his accomplishments was his successful push for the accessible taxicab service that exists in Madison today. He also ran for the Madison City Council in 2002. Jeff's commitment to public service says volumes about the kind of person he was and why his passing is such a loss for the Madison community.

Jeff used his personal experience to inspire others, visiting classrooms to talk about living with a disability, and appearing on ''Mr. Rogers' Neighborhood'' at the age of 10. He became good friends with Fred Rogers, speaking both at Rogers' induction to the Television Academy Hall of Fame and at a memorial service when Rogers passed away in 2003.

Throughout his adulthood, he continued to make life-changing connections with people he met. Incredibly, he saved the life of a Boston woman he was talking with online, calling both AOL and the Boston police after she told him she had cut her wrists but wouldn't tell him what her last name was or where she lived. They tracked the woman down and rushed her to an emergency room. It is just one amazing story from a truly amazing life.

I am proud to say that Jeff was an intern in my office. He was also a dear friend to members of my family. He meant so much to so many people, both those he knew, those he inspired through his appearances, and those he helped through his life of community service. I am deeply saddened by his passing, and my thoughts are with his parents, his family, and his friends. Jeff left behind a wonderful legacy, of hope, enthusiasm, and caring, and that is something everyone who knew him can cherish.●

TRIBUTE TO LIEUTENANT GENERAL EMERSON N. GARDNER JR.

● Ms. MIKULSKI. Mr. President, today I pay tribute to a marine officer from my home State of Maryland, LTG Emerson N. Gardner, Jr., now serving as the Deputy Commandant for Programs and Resources, Headquarters, United States Marine Corps, as he prepares to leave this position for one of even greater importance.

The position of Deputy Commandant for Programs and Resources is one of the most demanding and important jobs within Marine Corps Headquarters. For the past 2 years, as Deputy Commandant, Lieutenant General Gardner has been responsible for planning, programming, budgeting and executing total appropriations in excess of $100 billion. He has led the effort to ensure that the Marine Corps had the resources they needed for success in the current conflict and prepared to answer the nation's call in the future.

While Lieutenant General Gardner is responsible for many critical issues, he has been a champion in protecting our forces deployed to Iraq and Afghanistan. He has been a particularly strong advocate for the mine resistant ambush protected family of vehicles, or MRAP. These vehicles have the possibility of drastically reducing American casualties caused by improvised explosive devices and Lieutenant General Gardner has been leading the effort to secure support for them. Lieutenant General Gardner has taken the time to educate, encourage, guide—and when necessary to cajole and prod—decisionmakers and action officers wherever necessary to accelerate the fielding of MRAP vehicles. Throughout this process, he has been everywhere and involved in every aspect of the MRAP program. So ardent has Lieutenant General Gardner been in support of this life saving program, that he has become known within Headquarters Marine Corps and throughout the Pentagon as ''Mr. MRAP.''

I know that a grateful nation shares my admiration for Lieutenant General Gardner an indomitable leader whose tireless efforts have directly contributed to the timely delivery of MRAP vehicles to theater. I am confident that my colleagues will join me in expressing the gratitude of the Senate, and bestowing upon him the unofficial title of ''Mr. MRAP.''●

MESSAGE FROM THE PRESIDENT

The following message from the President of the United States was transmitted to the Senate by one of his secretaries:

REPORT ON THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE ACCUMULATION OF A LARGE VOLUME OF WEAPONS-USABLE FISSILE MATERIAL IN THE TERRITORY OF THE RUSSIAN FEDERATION AS DECLARED IN EXECUTIVE ORDER 13159 OF JUNE 21, 2000—PM 17

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent the enclosed notice to the *Federal Register* for publication, stating that the emergency declared with respect to the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation is to continue beyond June 21, 2007.

It remains a major national security goal of the United States to ensure that fissile material removed from Russian nuclear weapons pursuant to various arms control and disarmament agreements is dedicated to peaceful uses, subject to transparency measures, and protected from diversion to activities of proliferation concern. The accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United

States. For this reason, I have determined that it is necessary to continue the national emergency declared with respect to the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation and maintain in force these emergency authorities to respond to this threat.

GEORGE W. BUSH.
THE WHITE HOUSE, *June 19, 2007*.

MESSAGE FROM THE HOUSE

At 2:33 p.m., a message from the House of Representatives, delivered by Ms. Brandon, one of its reading clerks, announced that the House has passed the act (S. 1532) to designate the facility of the United States Postal Service located at 127 East Locust Street in Fairbury, Illinois, as the ''Dr. Francis Townsend Post Office Building''.

The message also announced that the House has passed the following bills, in which it requests the concurrence of the Senate:

H.R. 885. An act to support the establishment of an international regime for the assured supply of nuclear fuel for peaceful means and to authorize voluntary contributions to the International Atomic Energy Agency to support the establishment of an international nuclear fuel bank.

H.R. 2127. An act to designate the facility of the United States Postal Service located 408 West 6th Street in Chelsea, Oklahoma, as the ''Clem Rogers McSpadden Post Office Building''.

H.R. 2366. An act to reauthorize the veterans entrepreneurial development programs of the Small Business Administration, and for other purposes.

H.R. 2397. An act to reauthorize the women's entrepreneurial development programs of the Small Business Administration, and for other purposes.

H.R. 2563. An act to designate the facility of the United States Postal Service located at 309 East Linn Street in Marshalltown, Iowa, as the ''Major Scott Nisely Post Office''.

The message further announced that the House has agreed to the following concurrent resolutions, in which it requests the concurrence of the Senate:

H. Con. Res. 80. Concurrent resolution calling on the Government of Uganda and the Lord's Resistance Army (LRA) to recommit to a political solution to the conflict in northern Uganda by engaging in good-faith negotiations, and urging immediate and substantial support for the ongoing peace process from the United States and the international community.

H. Con. Res. 148. Concurrent resolution recognizing the significance of National Caribbean-American Heritage Month.

H. Con. Res. 151. Concurrent resolution noting the disturbing pattern of killings of numerous independent journalists in Russia since 2000, and urging Russian President Vladimir Putin to authorize cooperation with outside investigators in solving those murders.

H. Con. Res. 155. Concurrent resolution recognizing the historical significance of Juneteenth Independence Day, and expressing the sense of Congress that history should be regarded as a means for understanding the past and more effectively facing the challenges of the future.

The message also announced that pursuant to 16 U.S.C. 431 note, and the order of the House of January 4, 2007, the Speaker appoints the following Members of the House of Representatives to the Dwight D. Eisenhower Memorial Commission: Mr. MOORE of Kansas; Mr. BOSWELL of Iowa; Mr. THORNBERRY of Texas; and Mr. MORAN of Kansas.

At 6:30 p.m., a message from the House of Representatives, delivered by Ms. Brandon, one of its reading clerks, announced that the Speaker has signed the following enrolled bills:

H.R. 57. An act to repeal certain sections of the Act of May 26, 1936, pertaining to the Virgin Islands.

H.R. 692. An act to amend title 4, United States Code, to authorize the Governor of a State, territory, or possession of the United States to order that the National Flag be flown at half-staff in that State, territory, or possession in the event of the death of a member of the Armed Forces from that State, territory, or possession who dies while serving on active duty.

MEASURES REFERRED

The following bills were read the first and the second times by unanimous consent, and referred as indicated:

H.R. 885. An act to support the establishment of an international regime for the assured supply of nuclear fuel for peaceful means and to authorize voluntary contributions to the International Atomic Energy Agency to support the establishment of an international nuclear fuel bank; to the Committee on Foreign Relations.

H.R. 2127. An act to designate the facility of the United States Postal Service located at 408 West 6th Street in Chelsea, Oklahoma, as the ''Clem Rogers McSpadden Post Office Building''; to the Committee on Homeland Security and Governmental Affairs.

H.R. 2397. An act to reauthorize the women's entrepreneurial development programs of the Small Business Administration, and for other purposes; to the Committee on Small Business and Entrepreneurship.

H.R. 2563. An act to designate the facility of the United States Postal Service located at 309 East Linn Street in Marshalltown, Iowa, as the ''Major Scott Nisely Post Office''; to the Committee on Homeland Security and Governmental Affairs.

The following concurrent resolutions were read, and referred as indicated:

H. Con. Res. 80. Calling on the Government of Uganda and the Lord's Resistance Army (LRA) to recommit to a political solution to the conflict in northern Uganda by engaging in good-faith negotiations, and urging immediate and substantial support for the ongoing peace process from the United States and the international community; to the Committee on Foreign Relations.

H. Con. Res. 148. Concurrent resolution recognizing the significance of National Caribbean-American Heritage Month; to the Committee on the Judiciary.

H. Con. Res. 151. Noting the disturbing pattern of killings of numerous independent journalists in Russia since 2000, and urging Russian President Vladimir Putin to authorize cooperation with outside investigators in solving those murders; to the Committee on Foreign Relations.

MEASURES PLACED ON THE CALENDAR

The following bill was read the second time, and placed on the calendar:

S. 1639. A bill to provide for comprehensive immigration reform and for other purposes.

The following concurrent resolution was read, and placed on the calendar:

H. Con. Res. 155. Concurrent resolution recognizing the historical significance of Juneteenth Independence Day, and expressing the sense of Congress that history should be regarded as a means for understanding the past and more effectively facing the challenges of the future.

EXECUTIVE AND OTHER COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

EC–2310. A communication from the Assistant Secretary, Office of Legislative Affairs, Department of State, transmitting, pursuant to law, the certification of a proposed license for the manufacture of significant military equipment abroad and the export of technical data, defense services, and defense articles for the production of the Airborne Early Warning and Control System for ultimate sale to and end-use by the Republic of Korea; to the Committee on Foreign Relations.

EC–2311. A communication from the Director, Division for Strategic Human Resources Policy, Office of Personnel Management, transmitting, pursuant to law, the report of a rule entitled ''Locality-Based Comparability Payments and Evacuation Payments'' (RIN3206-AL09) received on June 14, 2007; to the Committee on Homeland Security and Governmental Affairs.

EC–2312. A communication from the Secretary of Labor, transmitting, pursuant to law, the Semiannual Report of the Pension Benefit Guaranty Corporation's Inspector General for the period of October 1, 2006, through March 31, 2007; to the Committee on Homeland Security and Governmental Affairs.

EC–2313. A communication from the Director of the Peace Corps, transmitting, pursuant to law, the Semiannual Report of the Organization's Inspector General for the period of October 1, 2006, through March 31, 2007; to the Committee on Homeland Security and Governmental Affairs.

EC–2314. A communication from the Counsel for Legislation and Regulations, Office of Public and Indian Housing, Department of Housing and Urban Development, transmitting, pursuant to law, the report of a rule entitled ''Self-Insurance Plans Under the Indian Housing Block Grant Program'' (RIN2577-AC58) received on June 14, 2007; to the Committee on Indian Affairs.

EC–2315. A communication from the Chief, Regulatory Management Division, Department of Homeland Security, transmitting, pursuant to law, the report of a rule entitled ''Adjustment of the Immigration and Naturalization Benefit Application and Petition Fee Schedule'' (RIN1615-AB53) received on June 14, 2007; to the Committee on the Judiciary.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM–128. A resolution adopted by the Monroe County Board of County Commissioners of the State of Florida urging Congress to appropriate the funds necessary to bring the Herbert Hoover Dike into compliance with current levee protection safety standards and to expedite funding for the improvements through the prompt enactment of the Energy and Water Appropriations Bill; to the Committee on Environment and Public Works.

POM–129. A joint resolution adopted by the Legislature of the State of Maine urging Congress and the Federal Communications Commission to forego imposing a cap on Federal Universal Service Fund support for Maine's rural wireless carriers; to the Committee on Commerce, Science, and Transportation.

JOINT RESOLUTION

We, your Memorialists, the Members of the One Hundred and Twenty-Third Legislature of the State of Maine now assembled in the First Regular Session, most respectfully present and petition the United States Congress and the Federal Communications Commission as follows:

Whereas, the federal Telecommunications Act of 1996 through the establishment of the Federal Universal Service Fund was intended to promote the availability of quality services at just, reasonable and affordable prices, increased access to advanced telecommunications services throughout the Nation and the availability of quality services to all consumers, including those in low-income, rural, insular and high-cost areas, at rates that are reasonably comparable to those charged in urban areas; and

Whereas, the intended goals of that legislation have not been met in the State of Maine, and many of Maine's communities have no wireless services or inadequate wireless service; and

Whereas, the failure to achieve the goals of improved and high-quality services has, and will continue to have, a direct and substantial negative impact on the health and safety of the people living and working in Maine's rural areas; and

Whereas, the failure to achieve this goal of high-quality wireless services at just, reasonable and affordable rates to everyone is a very significant barrier to the economic development of much of rural Maine; and

Whereas, there are 2 rural wireless carriers in Maine that have successfully sought certification as eligible telecommunications carriers and have used the federal universal service funding they have received to construct significant additional wireless infrastructure in rural Maine; and

Whereas, the Maine Public Utilities Commission has certified that these Maine rural wireless carriers have used the funds received from the federal universal service fund in a manner consistent with all laws and regulations governing the funds; and

Whereas, the Federal-State Joint Board on Universal Service has recommended that the Federal Communications Commission impose a cap on funding for competitive eligible telecommunications carriers; and

Whereas, this recommended cap would limit Federal Universal Service Fund support for Maine's rural wireless carriers currently receiving these funds; and

Whereas, the proposed cap on funding would serve to undercut the purpose and objective of the federal telecommunications Act of 1996 by impairing the ability of Maine's wireless eligible telecommunications carriers to expand infrastructure into rural Maine so that rural and urban wireless service is equal, as promised by that act; now, therefore, be it

Resolved, That We, your Memorialists, on behalf of the people we represent, take this opportunity to request that the Federal Communications Commission reject the cap proposed by the Federal State Joint Board on Universal Service; and be it further

Resolved, That We, your Memorialists, respectfully urge and request that the United States Congress take action to repeal the cap if it is adopted by the Federal Communications Commission; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable Kevin J. Martin, Chairman of the Federal Communications Commission, to the President of the United States Senate, to the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

POM–130. A joint resolution adopted by the Legislature of the State of Nevada urging the Secretary of the Interior to fully fund the interagency airtanker base programs for wildland fire suppression in Battle Mountain, Minden and Stead; to the Committee on Energy and Natural Resources.

ASSEMBLY JOINT RESOLUTION NO. 7

Whereas, the United States Department of the Interior, through the Bureau of Land Management, has provided vital fire suppression services to the State of Nevada; and

Whereas, these services include air support for wildland fire suppression in northern Nevada through interagency airtanker base operations at the Battle Mountain, Minden-Tahoe and Reno Stead Airports; and

Whereas, the areas of service include the forests and watershed surrounding Lake Tahoe, one of the nation's premiere natural treasures, and the Wildland urban interface along the Sierra Front in both Nevada and California; and

Whereas, in July 2006, Nevada ranked first in the nation in the amount of wildland acreage burned by wildfire in the United States; and

Whereas, the Federal Government owns and manages 87 percent of the land in Nevada; and

Whereas, the Bureau of Land Management has provided exemplary air support for fighting the wildland fires which have threatened Nevada's residents, private property, public lands and other valuable natural resources; and

Whereas, the Sierra Front has complex and challenging conditions that generate volatile and high-intensity wildland fires which are fought over rugged terrain, and airtankers are a critical component of the fight, being used primarily for initial attack and support; and

Whereas, continued funding for the full operation of the interagency airtanker base programs in Battle Mountain, Minden and Stead with single-engine airtankers that can provide the quick response needed for early suppression of a wildland fire is critical; and

Whereas, the Secretary of the Interior has the authority to authorize the expenditure of money to provide full funding for the interagency airtanker base programs: Now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, jointly, That the members of the 74th Session of the Nevada Legislature hereby urge the Secretary of the Interior to fully fund the interagency airtanker base programs for wildland fire suppression in Battle Mountain, Minden and Stead; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the Vice President of the United States as the presiding officer of the United States Senate, the Speaker of the House of Representatives, the Secretary of the Interior and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM–131. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to allow certain proceeds from the Southern Nevada Public Land Management Act of 1998 to be used for Nevada's state parks; to the Committee on Energy and Natural Resources.

ASSEMBLY JOINT RESOLUTION NO. 9

Whereas, in 1998, Congress passed the Southern Nevada Public Land Management Act of 1998, Public Law 105–263, which allows the Secretary of the Interior to sell certain federal lands in Clark County, Nevada, for possible development and authorizes use of the proceeds to acquire, conserve and protect environmentally sensitive lands in the State of Nevada; and

Whereas, under the provisions of the Act, 5 percent of the profits from sales of the land is allocated to help fund education, 10 percent is allocated for water and airport infrastructure projects and the remaining 85 percent is deposited into a special account for disbursement; and

Whereas, the money in the special account is specified for certain capital improvement projects, including projects at Lake Mead, Red Rock Canyon, the Desert National Wildlife Refuge and other federally managed recreational areas, the development of parks, trails and a multispecies habitat conservation plan in and around Clark County, the acquisition of environmentally sensitive lands, and restoration and conservation of the Lake Tahoe Basin; and

Whereas, since the first auction of land in 1999, this Act has generated approximately $3 billion, $2.5 billion of which has been disbursed from the special account; and

Whereas, although the money distributed pursuant to the Act has been used for the enhancement and conservation of many federally managed areas in Nevada, there are numerous state parks in Nevada which could also benefit from this money; and

Whereas, with the growing popularity of the many rural recreational and historic sites in Nevada, it is vital that Nevada's state parks be maintained and preserved for the continued enjoyment of the residents of Nevada and its tourists; Now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, jointly, That the members of the Nevada Legislature urge Congress to amend the Southern Nevada Public Land Management Act of 1998 to authorize the State of Nevada to use a portion of the money in the special account for the improvement and preservation of Nevada's state parks; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the Vice President of the United States as the presiding officer of the United States Senate, the Speaker of the House of Representatives, the Secretary of the Interior and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM–132. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to provide additional appropriations or any other form of assistance to federal agencies and the State of Nevada for the prevention and suppression of wildfires and the rehabilitation of public rangelands destroyed by wildfires in Nevada; to the Committee on Energy and Natural Resources.

SENATE JOINT RESOLUTION NO. 13

Whereas, during 2005, approximately 1,032,104 acres of land were burned by 794 wildfires occurring in Nevada; and

Whereas, during 2006, approximately 1,468,189 acres of land were burned in Nevada, thereby making Nevada one of the highest ranking states for the amount of land destroyed by wildfires; and

Whereas, the costs of suppressing wildfires for federal agencies nationwide is significant, totaling approximately $161,403,000 for the Bureau of Land Management and approximately $614,000,000 for the United States Forest Service for the fire season for 2005; and

Whereas, approximately 87 percent of the land in Nevada is controlled by the Federal Government, and much of that land includes public rangelands that are used in rural areas of Nevada to support the local ranching industry; and

Whereas, the production of livestock is an important asset for rural communities; and

Whereas, when wildfires occur on public land, those wildfires often destroy portions of the public rangelands in Nevada, thereby making them unavailable for use until rehabilitated; Now, therefore, be it

Resolved by the Senate and Assembly of the State of Nevada, jointly, That the members of the Nevada Legislature hereby urge Congress to provide additional appropriations or any other form of assistance to federal agencies and the State of Nevada in the prevention and suppression of wildfires and the rehabilitation of public rangelands destroyed by wildfires in Nevada; and be it further

Resolved, That the Secretary of the Senate prepare and transmit a copy of this resolution to the Vice President of the United States as the presiding officer of the United States Senate, the Speaker of the House of Representatives, the Chairman of the Committee on Appropriations of the United States Senate, the Chairman of the Committee on Appropriations of the United States House of Representatives and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM–133. A joint resolution adopted by the Legislature of the State of Maine urging Congress to fully appropriate the money for radioactive waste management; to the Committee on Environment and Public Works.

JOINT RESOLUTION

Whereas, a nuclear-powered electric generation facility was located in Maine at Wiscasset's Bailey Point; and

Whereas, spent nuclear fuel and greater-than-class-C, high-level radioactive waste is currently being stored in Maine in dry casks 300 yards from the coastal tide of the Sheepscot River, at only 21 feet above sea level; and

Whereas, dry cask storage is now being required at the Maine Yankee interim storage site well after the expiration of its license to produce electricity; and

Whereas, continued storage of high-level radioactive spent nuclear fuel and greater-than-class-C, high-level waste in dry casks at the Wiscasset site is not in the best interests of the citizens of that community, nor of the State of Maine; and

Whereas, the Federal Nuclear Waste Policy Act of 1982 established a national policy that the Federal Government is responsible for safe, permanent disposal in a geologic repository of all high-level radioactive waste, including spent nuclear fuel from commercial power reactors and greater-than-class-C waste, as well as military nuclear waste; and

Whereas, the 109th Congress failed to enact a budget for the nuclear waste disposal program for the current fiscal year and took no action on proposed legislation to reform the federal Nuclear Waste Fund to provide more reliable financing of the repository program; and

Whereas, the Federal Accountability for Nuclear Waste Storage Act of 2007 (S. 784) has been introduced in this Congress, requiring the Federal Government to assume legal ownership of all spent nuclear fuel in the country; and

Whereas, the ratepayers of nuclear energy, including Maine, have paid an estimated $19,000,000,000 into the federal Nuclear Waste Fund for the proper disposal of nuclear waste since 1983, and the ratepayers of nuclear energy pay into the Nuclear Waste Fund at least $750,000,000 each year for the purpose of a national repository; and

Whereas, the United States Department of Energy now affirms it cannot initiate retrieval of repository waste for disposal any sooner than 2017 at the very earliest, 19 years past the federal Nuclear Waste Policy Act of 1982 statutory mandate date for initiating retrieval, and the Department of Energy's Office of Civilian Radioactive Waste Management will need full funding to submit a construction application to the United States Nuclear Regulatory Commission by June 2008; and

Whereas, the United States Nuclear Regulatory Commission requires a minimum of 3 years to review such an application; and

Whereas, in order to meet the 2008 license application milestone, the President's budget for fiscal year 2008 requests $202,500,000 from the Nuclear Waste Fund and $292,000,000 from the Defense Nuclear Waste Disposal appropriation to achieve these goals; Now, therefore, be it

Resolved, That We, your Memorialists, respectfully urge and request that the United States Congress fully appropriate the $494,500,000 budget request for the civilian radioactive waste management program; and be it further

Resolved, That Congress should enact legislation that will ensure repository appropriations to match annual Nuclear Waste Fund fee revenue collected from ratepayers for this specific purpose, and ensuring the future availability of any and all surplus for its intended purpose; and be it further

Resolved, That the Legislature of the State of Maine opposes the proposed Federal Accountability for Nuclear Waste Storage Act of 2007 and any proposal for the Federal Government to take title to spent nuclear fuel in this State if the effect of such an action would be that spent nuclear fuel would be kept in Maine without any protection from its long-term effects on the State's population and from acts of intrusion that would endanger the State's environmental and economic well-being; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable George W. Bush, President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

POM–134. A resolution adopted by the General Assembly of the State of New Jersey urging Congress to enact the Military Death Benefit Improvement Act of 2005; to the Committee on Armed Services.

ASSEMBLY RESOLUTION NO. 126

Whereas, the bill before Congress known as the Military Death Benefit Improvement Act of 2005 proposes to increase the military death gratuity from $12,000 to $100,000; and

Whereas, the military death gratuity is money provided within 72 hours to assist with the immediate financial needs of families of service members who are killed while on active duty; and

Whereas, this legislation would apply not only to those who are currently serving on active duty in the military, but would also be applied retroactively to all active duty service members who have died since September 11, 2001; and

Whereas, the current military death gratuity of $12,000 is woefully inadequate to compensate families who have made the ultimate sacrifice; and

Whereas, in the face of the great emotional hardship caused by the loss of a loved one, the families of our brave servicemen and women should not also be faced with financial hardship; and

Whereas, the passage of the Military Death Benefit Improvement Act of 2005 will send a message to all men and women in uniform that their government and their country recognize and appreciate their service and sacrifice; now, therefore, be it

Resolved, by the General Assembly of the State of New Jersey:

1. This House strongly supports an increase in the military death gratuity from $12,000 to $100,000, and urges the President and Congress to enact legislation (H.R. 292 and S. 44) implementing this policy.

2. Duly authenticated copies of this resolution, signed by the Speaker of the General Assembly and attested by the Clerk of the General Assembly, shall be transmitted to the President of the United States, the Vice President of the United States, the Speaker of the House of Representatives, and each member of New Jersey's Congressional delegation.

POM–135. A resolution adopted by the General Assembly of the State of New Jersey expressing strong opposition to the surge of U.S. troops in Iraq; to the Committee on Foreign Relations.

ASSEMBLY RESOLUTION NO. 246

Whereas, President George W. Bush announced in January that he would send more United States armed forces to Iraq and extend the duty of many such troops already in that country in an effort to end the sectarian violence that has engulfed that nation and to provide stability to the new Iraqi government; and

Whereas, the United States has already committed 132,000 armed forces personnel to that country and plans to escalate troop levels by 21,500 for a total of 153,500, at a cost of $5.6 billion; and

Whereas, the president's ''surge'' comes at a time when a substantial majority of the American public have expressed opposition to the war, in general, and his plan to expand it, in particular; and

Whereas, the president's plan is also opposed by members of Congress, including many who are members of the same political party as the president, who believe that the United States is ultimately responsible for the civil war gripping Iraq; and

Whereas, many family members of service personnel fighting in Iraq are already deeply concerned about their loved ones' safety and are disappointed that the tour of many such soldiers will be extended by at least several months; and

Whereas, to date, the global war on terror, of which the war in Iraq is a part, has already had a significant impact on service men and women from New Jersey and their families, with over 6,000 State Army and Air National Guard and Reserve troops deployed and 83 service personnel killed and many more injured; and

Whereas, the surge will effect 159 members of the New Jersey National Guard currently in Iraq, so that instead of returning in March or April, members of the 117th Reconnaissance Surveillance Target Acquisition Unit and the 250th Brigade Support Battalion will now be returning in July or August; and

Whereas, it is clear to this House that sending more troops to Iraq will result in the death of more American service personnel but will do little to end the civil war in Iraq or bring lasting peace to the Iraqi people and stability to their new government; and

Whereas, despite this House's opposition to President Bush's action, it strongly and unequivocally supports the brave men and women in all branches of the Armed Forces of the United States who are currently in Iraq, those service personnel who will be sent to that county as a part of the surge and the families of such troops who remain at home concerned about their loved ones in the war zone; and

Whereas, it is therefore fitting and proper for this House to express its strong opposition to President Bush's surge in United States troops in Iraq; now, therefore, be it

Resolved, by the General Assembly of the State of New Jersey.

1. This House expresses its strong opposition to President George W. Bush's surge in United States troops in Iraq.

2. Duly authenticated copies of this resolution, signed by the Speaker of the General Assembly and attested by the Clerk thereof, shall be transmitted to the President George W. Bush and every member of Congress elected from New Jersey.

POM–136. A joint resolution adopted by the Legislature of the State of Nevada urging Congress to repeal the REAL ID Act of 2005; to the Committee on Homeland Security and Governmental Affairs.

ASSEMBLY JOINT RESOLUTION NO. 6

Whereas, in May 2005, the United States Congress enacted the REAL ID Act of 2005 as part of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005, Public Law 109–13, which was signed by President George W. Bush on May 11, 2005, and which becomes fully effective on May 11, 2008; and

Whereas, use of the federal minimum standards for state driver's licenses and state identification cards will be necessary for any type of federally regulated activity for which an identification card must be displayed; and

Whereas, the United States Department of Homeland Security, to date, has failed to promulgate rules for the implementation of the REAL ID Act; and

Whereas, the mandate to the states, through federal legislation, provides no funding for its requirements; and

Whereas, the American Association of Motor Vehicle Administrators, the National Governors' Association and the National Conference of State Legislatures have estimated that the cost to the states to implement the REAL ID Act will be more than $11 billion over 5 years; and

Whereas, the implementation of the REAL ID Act would cost Nevada taxpayers approximately $30 million during Fiscal Year 2007 and Fiscal Year 2008; and

Whereas, the State of Nevada would incur additional expenditures associated with the implementation of the national identification card through machine readable technology, increased training of Nevada's Department of Motor Vehicles employees and increased Department of Motor Vehicles employee work hours; and

Whereas, Nevada's compliance with the provisions of the REAL ID Act will require that, over the course of 4 years, an estimated 2 million Nevadans will be subjected to the unnecessary inconvenience of obtaining a REAL ID compliant driver's license or identification card in person at offices of Nevada's Department of Motor Vehicles; and

Whereas, the State of Nevada is committed to increased security and unimpeachable integrity of driver's licenses and identification cards within the State and the United States; and

Whereas, the State of Nevada is also committed to compliance with the REAL ID Act, should appropriate rules be adopted and federal funding be provided for implementation; now, therefore, be it

Resolved by the Assembly and Senate of the State of Nevada, jointly, That the State of Nevada urges Congress to repeal the REAL ID Act portion of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief, 2005; and be it further

Resolved, That the Chief Clerk of the Assembly prepare and transmit a copy of this resolution to the President of the United States, the Vice President of the United States as the presiding officer of the United States Senate, the Speaker of the House of Representatives and each member of the Nevada Congressional Delegation; and be it further

Resolved, That this resolution becomes effective upon passage.

POM–137. A resolution adopted by the General Assembly of the State of New Jersey opposing the federal legislation entitled ''Fairness in Asbestos Injury Resolution Act of 2005''; to the Committee on the Judiciary.

ASSEMBLY RESOLUTION NO. 100

Whereas, asbestos was used for decades, especially during and after World War II, in several industries in a variety of products, notably insulation, and exposure to asbestos has proven deadly to thousands of workers; and

Whereas, long-term exposure to asbestos has been associated with various types of cancer, including lung cancer, as well as asbestosis and pleural disease; and

Whereas, the discovery, on a nationwide basis, of the fatal effects of asbestos exposure has spawned a massive and still growing civil litigation industry; and

Whereas, the United States Supreme Court has called upon Congress to resolve the national asbestos litigation issue; and

Whereas, the ''Fairness in Asbestos Injury Resolution Act of 2005,'' pending in the United States Senate as Senate Bill 852 and sponsored by Senators Specter and Leahy, would seek to provide payouts to people sickened by exposure to asbestos by requiring that such individuals apply to the Department of Labor for compensation rather than take the case to court; and

Whereas, the bill would establish a $140 billion trust fund, primarily financed by businesses, from which damages would be paid on accordance with a schedule so that those with the most serious health problems related to asbestos exposure would receive the most money, with maximum damages capped at $1 million; and

Whereas, Senate Bill 852 has drawn reservations and opposition from many members of the United States Congress, organized labor and consumer groups, and some insurance companies, arguing that the bill would allow big businesses to avoid financial responsibility and that the fund would not adequately compensate all of the victims; and

Whereas, because contributions to the trust fund are capped at $27.5 million per company per year, several Fortune 500 companies stand to save billions of dollars under the bill and many companies will be liable for only 10 to 20 cents of every dollar that they would have owed if the cases went to court; now, therefore, be it

Resolved, by the General Assembly of the State of New Jersey:

1. This House opposes the ''Fairness in Asbestos Injury Resolution Act of 2005,'' currently pending in the United States Senate as Senate Bill 852.

2. Duly authenticated copies of this resolution, signed by the Speaker of the General Assembly and attested by the Clerk thereof, shall be transmitted to the President and Vice-President of the United States, the Speaker of the United States House of Representatives, the majority and minority leaders of the United States Senate and the United States House of Representatives, and each member of the Congress of the United States elected from this State.

REPORTS OF COMMITTEES

The following reports of committees were submitted:

By Mr. BYRD, from the Committee on Appropriations:

Special Report entitled ''Revised Allocation to Subcommittees of Budget Totals from the Concurrent Resolution for Fiscal Year 2008'' (Rept. No. 110–87).

By Mr. LIEBERMAN, from the Committee on Homeland Security and Governmental Affairs, without amendment:

S. 1099. A bill to amend chapter 89 of title 5, United States Code, to make individuals employed by the Roosevelt Campobello International Park Commission eligible to obtain Federal health insurance.

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

By Mrs. HUTCHISON:

S. 1647. A bill to amend title II of the Social Security Act to repeal the windfall elimination provision and protect the retirement of public servants; to the Committee on Finance.

By Mr. LEVIN:

S. 1648. A bill for the relief of Guy Vang, Genevieve Chong Foung, Caroline Vang, and Meline ''Melanie'' Vang; to the Committee on the Judiciary.

By Mr. FEINGOLD (for himself and Mr. CASEY):

S. 1649. A bill to provide for 2 programs to authorize the use of leave by caregivers for family members of certain individuals performing military service, and for other purposes; to the Committee on Homeland Security and Governmental Affairs.

By Mr. KERRY (for himself, Mr. WARNER, Mr. PRYOR, Mr. SMITH, and Mr. WEBB):

S. 1650. A bill to establish a digital and wireless network technology program, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mr. KENNEDY (for himself, Mr. SMITH, Mr. BIDEN, Mr. HAGEL, Mr. LEAHY, Mr. LEVIN, and Mr. LIEBERMAN):

S. 1651. A bill to assist certain Iraqis who have worked directly with, or are threatened by their association with, the United States, and for other purposes; to the Committee on the Judiciary.

By Mrs. DOLE (for herself and Ms. CANTWELL):

S. 1652. A bill to amend the Trade Act of 1974 with respect to trade adjustment assistance for textile and apparel workers, and for other purposes; to the Committee on Finance.

By Mr. INHOFE (for himself, Mr. CARPER, and Mr. VOINOVICH):

S. 1653. A bill to implement the Convention on Supplementary Compensation for Nuclear Damage, and for other purposes; to the Committee on Environment and Public Works.

By Mr. KYL:

S. 1654. A bill to prohibit the sale or provision of caller ID spoofing services; to the Committee on the Judiciary.

By Mr. KENNEDY (for himself, Mrs. MURRAY, and Mr. BYRD):

S. 1655. A bill to establish improved mandatory standards to protect miners during emergencies, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Ms. SNOWE (for herself and Mr. KERRY):

S. 1656. A bill to authorize loans for renewable energy systems and energy efficiency projects under the Express Loan Program of the Small Business Administration; to the Committee on Small Business and Entrepreneurship.

By Mr. KERRY (for himself and Ms. SNOWE):

S. 1657. A bill to establish a small business energy efficiency program, and for other purposes; to the Committee on Small Business and Entrepreneurship.

By Mr. GREGG:

S. 1658. A bill to amend the Servicemembers Civil Relief Act to provide protection for child custody arrangements for parents who are members of the Armed Forces deployed in support of a contingency operation; to the Committee on Veterans' Affairs.

By Mr. GREGG:

S. 1659. A bill to limit the simultaneous deployment to combat zones of dual-military couples who have minor dependents; to the Committee on Armed Services.

By Mr. GREGG:

S. 1660. A bill to require studies on support services for families of members of the National Guard and Reserve who are undergoing deployment; to the Committee on Armed Services.

By Mr. DORGAN (for himself, Mr. STEVENS, and Mr. INOUYE):

S. 1661. A bill to communicate United States travel policies and improve marketing and other activities designed to increase travel in the United States from abroad; to the Committee on Commerce, Science, and Transportation.

By Mr. KERRY (for himself and Ms. SNOWE):

S. 1662. A bill to amend the Small Business Investment Act of 1958 to reauthorize the venture capital program, and for other purposes; to the Committee on Small Business and Entrepreneurship.

By Mr. KERRY (for himself and Ms. SNOWE):

S. 1663. A bill to amend the Small Business Investment Act of 1958 to reauthorize the New Markets Venture Capital Program, and for other purposes; to the Committee on Small Business and Entrepreneurship.

SUBMISSION OF CONCURRENT AND SENATE RESOLUTIONS

The following concurrent resolutions and Senate resolutions were read, and referred (or acted upon), as indicated:

By Mr. SESSIONS (for himself, Mr. DEMINT, Mrs. DOLE, Mr. GRASSLEY, and Mr. VITTER):

S. Res. 239. A resolution expressing the sense of the Senate that the Administration should rigorously enforce the laws of the United States to substantially reduce illegal immigration and greatly improve border security; to the Committee on the Judiciary.

ADDITIONAL COSPONSORS

S. 38

At the request of Ms. MURKOWSKI, her name was added as a cosponsor of S. 38, a bill to require the Secretary of Veterans Affairs to establish a program for the provision of readjustment and mental health services to veterans who served in Operation Iraqi Freedom and Operation Enduring Freedom, and for other purposes.

S. 147

At the request of Mrs. BOXER, the name of the Senator from Illinois (Mr. DURBIN) was added as a cosponsor of S. 147, a bill to empower women in Afghanistan, and for other purposes.

S. 456

At the request of Mrs. FEINSTEIN, the name of the Senator from Texas (Mrs. HUTCHISON) was added as a cosponsor of S. 456, a bill to increase and enhance law enforcement resources committed to investigation and prosecution of violent gangs, to deter and punish violent gang crime, to protect law-abiding citizens and communities from violent criminals, to revise and enhance criminal penalties for violent crimes, to expand and improve gang prevention programs, and for other purposes.

S. 507

At the request of Mr. CONRAD, the name of the Senator from New Mexico (Mr. BINGAMAN) was added as a cosponsor of S. 507, a bill to amend title XVIII of the Social Security Act to provide for reimbursement of certified midwife services and to provide for more equitable reimbursement rates for certified nurse-midwife services.

S. 535

At the request of Mr. DODD, the name of the Senator from Illinois (Mr. OBAMA) was added as a cosponsor of S. 535, a bill to establish an Unsolved Crimes Section in the Civil Rights Division of the Department of Justice, and an Unsolved Civil Rights Crime Investigative Office in the Civil Rights Unit of the Federal Bureau of Investigation, and for other purposes.

S. 543

At the request of Mr. NELSON of Nebraska, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of S. 543, a bill to improve Medicare beneficiary access by extending the 60 percent compliance threshold used to determine whether a hospital or unit of a hospital is an inpatient rehabilitation facility under the Medicare program.

S. 594

At the request of Mrs. FEINSTEIN, the name of the Senator from New Mexico (Mr. BINGAMAN) was added as a cosponsor of S. 594, a bill to limit the use, sale, and transfer of cluster munitions.

S. 622

At the request of Mr. HARKIN, the name of the Senator from New York (Mrs. CLINTON) was added as a cosponsor of S. 622, a bill to enhance fair and open competition in the production and sale of agricultural commodities.

S. 651

At the request of Mr. HARKIN, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of S. 651, a bill to help promote the national recommendation of physical activity to kids, families, and communities across the United States.

S. 773

At the request of Ms. MURKOWSKI, her name was added as a cosponsor of S. 773, a bill to amend the Internal Revenue Code of 1986 to allow Federal civilian and military retirees to pay health insurance premiums on a pretax basis and to allow a deduction for TRICARE supplemental premiums.

At the request of Mr. WARNER, the name of the Senator from Mississippi (Mr. COCHRAN) was added as a cosponsor of S. 773, supra.

S. 807

At the request of Mrs. LINCOLN, the name of the Senator from Texas (Mr. CORNYN) was added as a cosponsor of S. 807, a bill to amend the Comprehensive Environmental Response Compensation and Liability Act of 1980 to provide that manure shall not be considered to be a hazardous substance, pollutant, or contaminant.

S. 871

At the request of Mr. LIEBERMAN, the names of the Senator from Washington (Ms. CANTWELL) and the Senator from Mississippi (Mr. COCHRAN) were added as cosponsors of S. 871, a bill to establish and provide for the treatment of Individual Development Accounts, and for other purposes.

S. 901

At the request of Mr. KENNEDY, the name of the Senator from Virginia (Mr. WEBB) was added as a cosponsor of S. 901, a bill to amend the Public Health Service Act to provide additional authorizations of appropriations for the health centers program under section 330 of such Act.

S. 932

At the request of Mrs. LINCOLN, the name of the Senator from Mississippi (Mr. COCHRAN) was added as a cosponsor of S. 932, a bill to amend title XVIII of the Social Security Act to authorize physical therapists to evaluate and treat Medicare beneficiaries without a requirement for a physician referral, and for other purposes.

S. 941

At the request of Mr. SANDERS, the name of the Senator from Connecticut (Mr. LIEBERMAN) was added as a cosponsor of S. 941, a bill to increase Federal support for Community Health Centers and the National Health Service Corps in order to ensure access to health care for millions of Americans living in medically-underserved areas.

S. 946

At the request of Mr. DURBIN, the name of the Senator from South Dakota (Mr. JOHNSON) was added as a cosponsor of S. 946, a bill to amend the Farm Security and Rural Investment Act of 2002 to reauthorize the McGovern-Dole International Food for Education and Child Nutrition Program, and for other purposes.

S. 961

At the request of Ms. MURKOWSKI, her name was added as a cosponsor of S. 961, a bill to amend title 46, United States Code, to provide benefits to certain individuals who served in the United States merchant marine (including the Army Transport Service and the Naval Transport Service) during World War II, and for other purposes.

S. 991

At the request of Mr. DURBIN, the name of the Senator from New Mexico (Mr. BINGAMAN) was added as a cosponsor of S. 991, a bill to establish the Senator Paul Simon Study Abroad Foundation under the authorities of the Mutual Educational and Cultural Exchange Act of 1961.

S. 999

At the request of Mr. COCHRAN, the name of the Senator from Louisiana (Mr. VITTER) was added as a cosponsor of S. 999, a bill to amend the Public Health Service Act to improve stroke prevention, diagnosis, treatment, and rehabilitation.

S. 1042

At the request of Mr. ENZI, the name of the Senator from North Dakota (Mr. DORGAN) was added as a cosponsor of S. 1042, a bill to amend the Public Health Service Act to make the provision of technical services for medical imaging examinations and radiation therapy treatments safer, more accurate, and less costly.

S. 1146

At the request of Ms. MURKOWSKI, her name was added as a cosponsor of S. 1146, a bill to amend title 38, United States Code, to improve health care for veterans who live in rural areas, and for other purposes.

S. 1149

At the request of Mr. KOHL, the name of the Senator from South Dakota (Mr. JOHNSON) was added as a cosponsor of S. 1149, a bill to amend the Federal Meat Inspection Act and the Poultry Products Inspection Act to authorize the interstate distribution of State-inspected meat and poultry if the Secretary of Agriculture determines that the State inspection requirements are at least equal to Federal inspection requirements and to require the Secretary to reimburse State agencies for part of the costs of the inspections.

S. 1172

At the request of Mr. LEAHY, his name was added as a cosponsor of S. 1172, a bill to reduce hunger in the United States.

S. 1183

At the request of Mr. HARKIN, the names of the Senator from Pennsylvania (Mr. SPECTER) and the Senator from Pennsylvania (Mr. CASEY) were added as cosponsors of S. 1183, a bill to enhance and further research into paralysis and to improve rehabilitation and the quality of life for persons living with paralysis and other physical disabilities, and for other purposes.

S. 1224

At the request of Mr. ROCKEFELLER, the name of the Senator from Arkansas (Mr. PRYOR) was added as a cosponsor of S. 1224, a bill to amend title XXI of the Social Security Act to reauthorize the State Children's Health Insurance Program, and for other purposes.

S. 1295

At the request of Mr. FEINGOLD, the name of the Senator from Maryland (Mr. CARDIN) was added as a cosponsor of S. 1295, a bill to amend the African Development Foundation Act to change the name of the Foundation, modify the administrative authorities of the Foundation, and for other purposes.

S. 1310

At the request of Mr. LEAHY, his name was added as a cosponsor of S. 1310, a bill to amend title XVIII of the Social Security Act to provide for an extension of increased payments for ground ambulance services under the Medicare program.

S. 1323

At the request of Mr. MCCONNELL, the name of the Senator from Colorado (Mr. ALLARD) was added as a cosponsor of S. 1323, a bill to prevent legislative and regulatory functions from being usurped by civil liability actions brought or continued against food manufacturers, marketers, distributors, advertisers, sellers, and trade associations for claims of injury relating to a person's weight gain, obesity, or any health condition associated with weight gain or obesity.

S. 1337

At the request of Mr. KERRY, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of S. 1337, a bill to amend title XXI of the Social Security Act to provide for equal coverage of mental health services under the State Children's Health Insurance Program.

S. 1382

At the request of Mr. REID, the names of the Senator from New Jersey (Mr. LAUTENBERG), the Senator from Louisiana (Mr. VITTER), the Senator from Virginia (Mr. WARNER) and the Senator from New York (Mr. SCHUMER) were added as cosponsors of S. 1382, a bill to amend the Public Health Service Act to provide the establishment of an Amyotrophic Lateral Sclerosis Registry.

S. 1406

At the request of Mr. KERRY, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of S. 1406, a bill to amend the Marine Mammal Protection Act of 1972 to strengthen polar bear conservation efforts, and for other purposes.

S. 1415

At the request of Mr. HARKIN, the name of the Senator from New Jersey (Mr. LAUTENBERG) was added as a cosponsor of S. 1415, a bill to amend the Public Health Service Act and the Social Security Act to improve screening and treatment of cancers, provide for survivorship services, and for other purposes.

S. 1428

At the request of Mr. HATCH, the name of the Senator from Mississippi (Mr. COCHRAN) was added as a cosponsor of S. 1428, a bill to amend part B of title XVIII of the Social Security Act to assure access to durable medical equipment under the Medicare program.

S. 1457

At the request of Mr. HARKIN, the name of the Senator from Illinois (Mr. OBAMA) was added as a cosponsor of S. 1457, a bill to provide for the protection of mail delivery on certain postal routes, and for other purposes.

S. 1460

At the request of Mr. HARKIN, the name of the Senator from Michigan (Ms. STABENOW) was added as a cosponsor of S. 1460, a bill to amend the Farm Security and Rural Development Act of 2002 to support beginning farmers and ranchers, and for other purposes.

S. 1469

At the request of Mr. HARKIN, the names of the Senator from Massachusetts (Mr. KENNEDY) and the Senator

from Delaware (Mr. BIDEN) were added as cosponsors of S. 1469, a bill to require the closure of the Department of Defense detention facility at Guantanamo Bay, Cuba, and for other purposes.

S. 1529

At the request of Mr. HARKIN, the names of the Senator from California (Mrs. BOXER) and the Senator from New Mexico (Mr. BINGAMAN) were added as cosponsors of S. 1529, a bill to amend the Food Stamp Act of 1977 to end benefit erosion, support working families with child care expenses, encourage retirement and education savings, and for other purposes.

S. 1571

At the request of Mr. BINGAMAN, the name of the Senator from South Dakota (Mr. JOHNSON) was added as a cosponsor of S. 1571, a bill to reform the essential air service program, and for other purposes.

S. 1572

At the request of Mr. BINGAMAN, the names of the Senator from California (Mrs. BOXER) and the Senator from Washington (Ms. CANTWELL) were added as cosponsors of S. 1572, a bill to increase the number of well-trained mental health service professionals (including those based in schools) providing clinical mental health care to children and adolescents, and for other purposes.

S. 1592

At the request of Mr. BROWN, the name of the Senator from California (Mrs. BOXER) was added as a cosponsor of S. 1592, a bill to reauthorize the Underground Railroad Educational and Cultural Program.

S. 1593

At the request of Mr. BAUCUS, the names of the Senator from Nebraska (Mr. NELSON), the Senator from Illinois (Mr. OBAMA) and the Senator from New Mexico (Mr. DOMENICI) were added as cosponsors of S. 1593, a bill to amend the Internal Revenue Code of 1986 to provide tax relief and protections to military personnel, and for other purposes.

S. 1603

At the request of Mr. MENENDEZ, the name of the Senator from Vermont (Mr. SANDERS) was added as a cosponsor of S. 1603, a bill to authorize Congress to award a gold medal to Jerry Lewis, in recognition of his outstanding service to the Nation.

S. 1605

At the request of Mr. CONRAD, the name of the Senator from Nebraska (Mr. HAGEL) was added as a cosponsor of S. 1605, a bill to amend title XVIII of the Social Security Act to protect and preserve access of Medicare beneficiaries in rural areas to health care providers under the Medicare program, and for other purposes.

S. 1606

At the request of Mr. LEVIN, the names of the Senator from Iowa (Mr. HARKIN), the Senator from New Mexico (Mr. BINGAMAN), the Senator from Maryland (Ms. MIKULSKI) and the Senator from Missouri (Mr. BOND) were added as cosponsors of S. 1606, a bill to provide for the establishment of a comprehensive policy on the care and management of wounded warriors in order to facilitate and enhance their care, rehabilitation, physical evaluation, transition from care by the Department of Defense to care by the Department of Veterans Affairs, and transition from military service to civilian life, and for other purposes.

S. 1616

At the request of Mr. DURBIN, the name of the Senator from Minnesota (Mr. COLEMAN) was added as a cosponsor of S. 1616, a bill to amend the Clean Air Act to promote and assure the quality of biodiesel fuel, and for other purposes.

S. 1618

At the request of Mr. SALAZAR, the name of the Senator from Minnesota (Mr. COLEMAN) was added as a cosponsor of S. 1618, a bill to amend the Internal Revenue Code of 1986 to provide a credit for the production of a cellulosic biofuel.

S. 1621

At the request of Mr. CONRAD, the name of the Senator from South Dakota (Mr. JOHNSON) was added as a cosponsor of S. 1621, a bill to amend the Internal Revenue Code of 1986 to treat certain farming business machinery and equipment as 5-year property for purposes of depreciation.

S. 1638

At the request of Mr. LEAHY, the name of the Senator from Massachusetts (Mr. KENNEDY) was added as a cosponsor of S. 1638, a bill to adjust the salaries of Federal justices and judges, and for other purposes.

S. 1642

At the request of Mr. KENNEDY, the name of the Senator from Maryland (Ms. MIKULSKI) was added as a cosponsor of S. 1642, a bill to extend the authorization of programs under the Higher Education Act of 1965, and for other purposes.

S. CON. RES. 1

At the request of Mr. ALLARD, the name of the Senator from California (Mrs. FEINSTEIN) was added as a cosponsor of S. Con. Res. 1, a concurrent resolution expressing the sense of Congress that an artistic tribute to commemorate the speech given by President Ronald Reagan at the Brandenburg Gate on June 12, 1987, should be placed within the United States Capitol.

S. CON. RES. 22

At the request of Mr. DURBIN, the name of the Senator from Georgia (Mr. ISAKSON) was added as a cosponsor of S. Con. Res. 22, a concurrent resolution expressing the sense of the Congress that the Citizens' Stamp Advisory Committee should recommend to the Postmaster General that a commemorative postage stamp be issued to promote public awareness of Down syndrome.

S. RES. 171

At the request of Ms. COLLINS, the name of the Senator from Louisiana (Mr. VITTER) was added as a cosponsor of S. Res. 171, a resolution memorializing fallen firefighters by lowering the United States flag to half-staff on the day of the National Fallen Firefighter Memorial Service in Emmitsburg, Maryland.

S. RES. 215

At the request of Mr. ALLARD, the names of the Senator from California (Mrs. BOXER), the Senator from Oregon (Mr. WYDEN), the Senator from Alaska (Ms. MURKOWSKI), the Senator from Louisiana (Ms. LANDRIEU), the Senator from New Mexico (Mr. DOMENICI), the Senator from Ohio (Mr. BROWN), the Senator from Minnesota (Mr. COLEMAN), the Senator from Hawaii (Mr. AKAKA), the Senator from Maryland (Ms. MIKULSKI) and the Senator from New York (Mrs. CLINTON) were added as cosponsors of S. Res. 215, a resolution designating September 25, 2007, as ''National First Responder Appreciation Day''.

S. RES. 224

At the request of Mrs. FEINSTEIN, the name of the Senator from Mississippi (Mr. LOTT) was added as a cosponsor of S. Res. 224, a resolution expressing the sense of the Senate regarding the Israeli-Palestinian peace process.

S. RES. 231

At the request of Mr. DURBIN, the names of the Senator from Arkansas (Mr. PRYOR), the Senator from New Jersey (Mr. LAUTENBERG), the Senator from Wisconsin (Mr. FEINGOLD), the Senator from Hawaii (Mr. AKAKA) and the Senator from Maryland (Ms. MIKULSKI) were added as cosponsors of S. Res. 231, a resolution recognizing the historical significance of Juneteenth Independence Day and expressing the sense of the Senate that history should be regarded as a means for understanding the past and solving the challenges of the future.

S. RES. 236

At the request of Mr. BAYH, the name of the Senator from Connecticut (Mr. LIEBERMAN) was added as a cosponsor of S. Res. 236, a resolution supporting the goals and ideals of the National Anthem Project, which has worked to restore America's voice by re-teaching Americans to sing the national anthem.

AMENDMENT NO. 1556

At the request of Mrs. LINCOLN, the names of the Senator from Nebraska (Mr. HAGEL) and the Senator from Texas (Mr. CORNYN) were added as cosponsors of amendment No. 1556 intended to be proposed to H.R. 6, a bill to reduce our Nation's dependency on

foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes.

AMENDMENT NO. 1610

At the request of Mr. CARDIN, the names of the Senator from Connecticut (Mr. LIEBERMAN) and the Senator from California (Mrs. FEINSTEIN) were added as cosponsors of amendment No. 1610 proposed to H.R. 6, a bill to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes.

AMENDMENT NO. 1628

At the request of Mr. BUNNING, the name of the Senator from Utah (Mr. HATCH) was added as a cosponsor of amendment No. 1628 proposed to H.R. 6, a bill to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. FEINGOLD (for himself and Mr. CASEY):

S. 1649. A bill to provide for 2 programs to authorize the use of leave by caregivers for family members of certain individuals performing military service, and for other purposes; to the Committee on Homeland Security and Governmental Affairs.

Mr. FEINGOLD. Mr. President, today I introduce legislation that should, and could, have been law 1 year ago, the Military Family Support Act. This bill provides modest but significant relief for the families of the brave American soldiers deployed overseas. I was disappointed that, after passing the Senate last year as an amendment to the fiscal year 2007 Defense Department authorization bill, this provision was removed in conference. I am pleased to be joined in this effort by Senator CASEY.

As part of the predeployment process, military personnel with dependent children or other dependent family members designate a caregiver for their dependents. Dependents may be children, elderly parents, an ill sibling; anyone who requires care. These caregivers act in the deployed personnel's place to provide care during the period of deployment. The caregiver could be a spouse, parent, sibling, or other responsible adult who is capable of caring, and willing to care, for the dependents in question.

The bill that I am introducing today, the Military Family Support Act, would create two programs to provide additional leave options for persons who have been designated as caregivers. The bill would require the Office of Personnel Management, OPM, to create a program under which Federal employees who are designated as caregivers could use accrued annual or sick leave, leave bank benefits, and other leave available to them under title 5 for purposes directly relating to or resulting from their designation as a caregiver.

The second program would be administered by the Department of Labor for private sector employees. The Department would create a voluntary program, allowing private sector companies to create similar programs for their employees. Many companies across the country are already working with employees to provide support when an employee or a family member of an employee is called to active duty. I commend these companies for their compassion and understanding, and I hope that this program would expand such options to more workers.

Lastly, this bill would require a report from the Government Accountability Office evaluating both the OPM and voluntary private sector program. If the report demonstrates that the program has helped military families, which I believe it will, Congress may act to expand the programs or make them permanent.

I want to be clear that the legislation I am introducing today specifically exempts Family Medical Leave Act leave from the types of leave that can be used by designated caregivers under this legislation. Last Congress, I introduced legislation to expand the FMLA to cover leave for designated caregivers. That legislation, however, met with opposition from some Members who object to the FMLA itself. While I continue to believe that this opposition is misguided and that family members of deployed servicemembers should be able to take leave under the FMLA, I have drafted this compromise measure to address those concerns.

This legislation has been endorsed by the National Military Family Association, the National Partnership for Women and Families, and the Military Officers Association of America.

In small towns and big cities all over this country, family members of deployed servicemembers are struggling to care for their children without their spouses' help. In addition, many servicemembers care for elderly parents and this responsibility often falls to a sibling or spouse when that servicemember is deployed abroad. While we may not be able to promise the safe return of each one of these brave men and women, we can provide this modest relief to their families here at home. I urge my colleagues to support this legislation and I yield the floor.

I ask unanimous consent that the text of the bill and letters of support be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

S. 1649

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Military Family Support Act of 2007''.

SEC. 2. PROGRAMS FOR USE OF LEAVE BY CAREGIVERS FOR FAMILY MEMBERS OF INDIVIDUALS PERFORMING CERTAIN MILITARY SERVICE.

(a) FEDERAL EMPLOYEES PROGRAM.—

(1) DEFINITIONS.—In this subsection:

(A) CAREGIVER.—The term ''caregiver'' means an individual who—

(i) is an employee;

(ii) is at least 21 years of age; and

(iii) is capable of self care and care of children or other dependent family members of a qualified member of the Armed Forces.

(B) COVERED PERIOD OF SERVICE.—The term ''covered period of service'' means any period of service performed by an employee as a caregiver while the individual who designated the caregiver under paragraph (3) remains a qualified member of the Armed Forces.

(C) EMPLOYEE.—The term ''employee'' has the meaning given under section 6331 of title 5, United States Code.

(D) FAMILY MEMBER.—The term ''family member'' includes—

(i) individuals for whom the qualified member of the Armed Forces provides medical, financial, and logistical support (such as housing, food, clothing, or transportation); and

(ii) children under the age of 19 years, elderly adults, persons with disabilities, and other persons who are unable to care for themselves in the absence of the qualified member of the Armed Forces.

(E) QUALIFIED MEMBER OF THE ARMED FORCES.—The term ''qualified member of the Armed Forces'' means—

(i) a member of a reserve component of the Armed Forces as described under section 10101 of title 10, United States Code, who has received notice to report to, or is serving on, active duty in the Armed Forces in support of a contingency operation as defined under section 101(a)(13) of title 10, United States Code; or

(ii) a member of the Armed Forces on active duty who is eligible for hostile fire or imminent danger special pay under section 310 of title 37, United States Code.

(2) ESTABLISHMENT OF PROGRAM.—The Office of Personnel Management shall establish a program to authorize a caregiver to—

(A) use any sick leave of that caregiver during a covered period of service in the same manner and to the same extent as annual leave is used; and

(B) use any leave available to that caregiver under subchapter III or IV of chapter 63 of title 5, United States Code, during a covered period of service as though that covered period of service is a medical emergency.

(3) DESIGNATION OF CAREGIVER.—

(A) IN GENERAL.—A qualified member of the Armed Forces shall submit a written designation of the individual who is the caregiver for any family member of that member of the Armed Forces during a covered period of service to the employing agency and the Office of Personnel Management.

(B) DESIGNATION OF SPOUSE.—Notwithstanding paragraph (1)(A)(ii), an individual less than 21 years of age may be designated as a caregiver if that individual is the spouse of the qualified member of the Armed Forces making the designation.

(4) USE OF CAREGIVER LEAVE.—Leave may only be used under this subsection for purposes directly relating to, or resulting from, the designation of an employee as a caregiver.

(5) REGULATIONS.—Not later than 120 days after the date of enactment of this Act, the Office of Personnel Management shall prescribe regulations to carry out this subsection.

(6) TERMINATION.—The program under this subsection shall terminate on December 31, 2012.

(b) VOLUNTARY PRIVATE SECTOR LEAVE PROGRAM.—

(1) DEFINITIONS.—

(A) CAREGIVER.—The term ''caregiver'' means an individual who—

(i) is an employee;

(ii) is at least 21 years of age; and

(iii) is capable of self care and care of children or other dependent family members of a qualified member of the Armed Forces.

(B) COVERED PERIOD OF SERVICE.—The term ''covered period of service'' means any period of service performed by an employee as a caregiver while the individual who designated the caregiver under paragraph (4) remains a qualified member of the Armed Forces.

(C) EMPLOYEE.—The term ''employee'' means an employee of a business entity participating in the program under this subsection.

(D) FAMILY MEMBER.—The term ''family member'' includes—

(i) individuals for whom the qualified member of the Armed Forces provides medical, financial, and logistical support (such as housing, food, clothing, or transportation); and

(ii) children under the age of 19 years, elderly adults, persons with disabilities, and other persons who are unable to care for themselves in the absence of the qualified member of the Armed Forces.

(E) QUALIFIED MEMBER OF THE ARMED FORCES.—The term ''qualified member of the Armed Forces'' means—

(i) a member of a reserve component of the Armed Forces as described under section 10101 of title 10, United States Code, who has received notice to report to, or is serving on, active duty in the Armed Forces in support of a contingency operation as defined under section 101(a)(13) of title 10, United States Code; or

(ii) a member of the Armed Forces on active duty who is eligible for hostile fire or imminent danger special pay under section 310 of title 37, United States Code.

(2) ESTABLISHMENT OF PROGRAM.—

(A) IN GENERAL.—The Secretary of Labor shall establish a program to authorize employees of business entities described under paragraph (3) to use sick leave, or any other leave available to an employee, during a covered period of service in the same manner and to the same extent as annual leave (or its equivalent) is used.

(B) EXCEPTION.—Subparagraph (A) shall not apply to leave made available under the Family and Medical Leave Act of 1993 (29 U.S.C. 2601 et seq.).

(3) VOLUNTARY BUSINESS PARTICIPATION.—The Secretary of Labor shall solicit business entities to voluntarily participate in the program under this subsection.

(4) DESIGNATION OF CAREGIVER.—

(A) IN GENERAL.—A qualified member of the Armed Forces shall submit a written designation of the individual who is the caregiver for any family member of that member of the Armed Forces during a covered period of service to the employing business entity.

(B) DESIGNATION OF SPOUSE.—Notwithstanding paragraph (1)(A)(ii), an individual less than 21 years of age may be designated as a caregiver if that individual is the spouse of the qualified member of the Armed Forces making the designation.

(5) USE OF CAREGIVER LEAVE.—Leave may only be used under this subsection for purposes directly relating to, or resulting from, the designation of an employee as a caregiver.

(6) REGULATIONS.—Not later than 120 days after the date of enactment of this Act, the Secretary of Labor shall prescribe regulations to carry out this subsection.

(7) TERMINATION.—The program under this subsection shall terminate on December 31, 2012.

(c) GAO REPORT.—Not later than June 30, 2010, the Government Accountability Office shall submit a report to Congress on the programs under subsections (a) and (b) that includes—

(1) an evaluation of the success of each program; and

(2) recommendations for the continuance or termination of each program.

(d) OFFSET.—The aggregate amount authorized to be appropriated for fiscal year 2008 for the use of the Department of Defense for research, development, test and evaluation shall be reduced by $2,000,000.

NATIONAL MILITARY FAMILY ASSOCIATION, INC.,
Alexandria, VA, June 14, 2007.

Hon. RUSS FEINGOLD,
U.S. Senate,
Washington, DC.

DEAR SENATOR FEINGOLD: The National Military Family Association (NMFA) is the only national organization whose sole focus is the military family and whose goal is to influence the development and implementation of policies that will improve the lives of the families of the Army, Navy, Air Force, Marine Corps, Coast Guard, and the Commissioned Corps of the Public Health Service and the National Oceanic and Atmospheric Administration. For more than 35 years, its staff and volunteers, comprised mostly of military family members, have built a reputation for being the leading experts on military family issues.

On behalf of NMFA and the families it serves, we commend you on your leadership in sponsoring the ''Military Family Support Act of 2007''. Authorizing federal employees who have been designated ''caregivers'' by the Armed Forces to use their previously earned leave time in a more flexible manner helps to alleviate some of the stress caregivers experience during a deployment. NMFA also applauds the inclusion of a provision that instructs the Department of Labor to solicit private businesses to voluntarily offer more accommodating leave time to employees affected by a service member's deployment overseas.

NMFA has heard from many families about the difficulty of balancing family obligations with job requirements when a close family member is deployed. Suddenly, they are single parents or, in the case of grandparents, assuming the new responsibility of caring for grandchildren. The days leading up to a deployment can be filled with pre-deployment briefings and putting legal affairs in order. Families also need the opportunity to spend precious time together prior to a long separation. The need is no less when the service member returns. Reintegration and transition requires training not only for the service member but for the family as well in order to be most effective.

Military families, especially those of deployed service members, are called upon to make extraordinary sacrifices. This amendment offers families some breathing room as they adjust to this time of separation.

Thank you for your support and interest in military families. If NMFA can be of any assistance to you in other areas concerning military families, please contact Jessica Perdew in the Government Relations Department at 703–931–6632 or by e-mail at jessica.perdew@nmfa.org.

Sincerely,

TANNA K. SCHMIDLI,
Chairman, Board of Governors.

NATIONAL PARTNERSHIP FOR WOMEN & FAMILIES,
Washington, DC, June 15, 2007.

Senator FEINGOLD
Hart Office Building,
Washington, DC.

DEAR SENATOR FEINGOLD: We are writing to express our support of the Military Family Support of 2007. This important legislation would allow federal employees to take job-protected leave to address family caregiving needs caused by the deployment of a family member and would authorize a similar voluntary project for the private sector to be administered by the Department of Labor. We applaud your leadership on this issue.

The National Partnership for Women & Families is a non-profit, non-partisan advocacy organization dedicated to promoting fairness in the workplace, access to quality health care and policies that help women and men meet the demands of work and family. We are proud to have led the coalition that helped enact the Family and Medical Leave Act (FMLA), which has helped over 60 million workers take time off from work to welcome a new child or deal with an acute medical need.

But there is more to be done to support America's families, including the 40 percent of workers who today cannot access the FMLA. This legislation will close a critical gap in the FMLA by addressing the specific needs of families with active military members, and could not come at a more critical time in the lives of our military families. Its passage will give them time to prepare, logistically and mentally, before or during a loved one's departure for active duty—without fear of losing a much needed job.

We thank you for supporting our troops by helping to ensure their families are cared for in times of need.

Sincerely,

DEBRA L. NESS,
President.

By Mr. KENNEDY (for himself, Mr. SMITH, Mr. BIDEN, Mr. HAGEL, Mr. LEAHY, Mr. LEVIN, and Mr. LIEBERMAN):

S. 1651. A bill to assist certain Iraqis who have worked directly with, or are threatened by their association with,

the United States, and for other purposes; to the Committee on the Judiciary.

Mr. KENNEDY. Mr. President, because of the war in Iraq, more than 2 million Iraqis have been internally displaced in their own country, and 2 million other Iraqis are in neighboring countries throughout the region, primarily Jordan and Syria.

The humanitarian needs of the refugees and internally displaced Iraqis are immense. If their needs are not quickly and adequately met, these populations could become a fertile recruiting ground for terrorists.

Iraqi refugees are also a significant financial burden on countries in the region. As the Iraq Study Group concluded, if the refugee crisis ''is not addressed, Iraq and the region could be further destabilized.''

Many Iraqis who have worked in critical positions in direct support of the U.S. Government in Iraq have been killed or injured in reprisals for their support of our effort. Many more Iraqis associated with the United States have fled their country in fear of being killed or injured.

Clearly, we cannot resettle all of Iraq's refugees in the United States, but we have a fundamental obligation to help the vast number of Iraqis displaced in Iraq and throughout the region by the war and the associated chaos, especially those who have supported America's efforts in Iraq.

In April 2007, Assistant Secretary of State Ellen Sauerbray said the United States ''could resettle up to 25,000 Iraqi refugees this year.'' In May 2007, Under Secretary Paula Dobriansky said, ''We are committed to honoring our moral debt to those Iraqis who have provided assistance to the United States military and embassy.'' On June 8, Secretary Rice said ''the people that I'm most worried about in the near term are the people who've worked with us who might be subject to recrimination and reprisal. And we're trying to step up our efforts on their behalf.''

It is essential for the United States to develop a comprehensive and effective approach to meet the rapidly growing needs of Iraq's refugees and internally displaced persons, especially those who are associated with the United States.

The legislation I am introducing today with Senators SMITH, BIDEN, HAGEL, LEAHY, LEVIN, and LIEBERMAN seeks to accomplish these goals.

First, the legislation would create a special category of applicants for refugee status in Iraq. Those eligible for this program, a P–2 category for refugees of special humanitarian concern, would be the Iraqis most closely associated with the United States. Iraqis who qualify would be those, 1. who have been employed by or worked directly with the U.S. Government in Iraq; or, 2. who were employed in Iraq by a media or nongovernmental organization based in the United States or by an organization or entity that has received a grant from, or entered into a cooperative agreement or contract with, the U.S. Government; or, 3. who are spouses, children, sons, daughters, siblings and parents of those who worked for or with us; or, 4. who are members of religious or minority communities and have close family members in the U.S.

Those eligible would not have to be referred to our Government by the United Nations High Commissioner for Refugees or a U.S. Embassy. All applicants, however, would need to demonstrate a well-founded fear of persecution. Applicants would be required to go through recently approved extensive security screening.

P–2 visas for these refugees would come out of the overall authorized admissions number for the refugee program, currently established at 70,000. That figure is determined every year by the President in close consultation with the Congress.

In addition to the new P–2 category of refugee applications, the legislation would expand the current U.S. Government program which provides special immigrant visas only to Iraqi and Afghan translators and interpreters. Those eligible for the expanded special immigrant visa program are Iraqis who have been employed by or worked directly with the United States for 1 year in the aggregate since 2003, and need not have served as a translator or interpreter for the military or Department of State.

Applicants for SIV visas would not need to demonstrate a well-founded fear of persecution, but they would need to meet security requirements, demonstrate that they provided faithful service to our Government, and provide a recommendation or evaluation. The Secretary of State would be required to provide applicants with protection or immediate removal from Iraq if they are in immediate danger. Five thousand of these visas would be available yearly for 5 years.

Importantly, our legislation requires the Secretary of State to establish a program for processing P–2 refugees and SIV applicants in Iraq and in countries in the region. The Secretary would be required to report to the Congress within 60 days on plans to establish this program. Currently, there is no mechanism for applying for refugee status in Iraq. Those fleeing persecution and seeking refugee status must find their way to Jordan or Syria, locate an official from the United Nations High Commissioner for Refugees, and then be referred to the U.S. Government by the United Nations. Because of the growing violence and risk for those associated with the United States, we need to find a way to address this problem for Iraqis inside Iraq. Our bill does not eliminate the referral system through the United Nations, or any other existing system, but it does create an essential mechanism for direct applications in country.

To oversee the implementation of this new program, the Secretary of State would be required to establish in the Embassy in Baghdad a Minister Counselor for Refugees and Internally Displaced Persons. This senior official would be responsible for overseeing the in-country processing of P–2 refugee and special immigrant visa applicants, and would have authority to refer them directly to the U.S. refugee resettlement program.

A parallel position would be created in the American embassies in Egypt, Jordan, Lebanon, and Syria to oversee the application process of P–2 refugees of special humanitarian concern. SIV applicants would work through regular consular channels in embassies in those countries.

Recognizing that the United States can only resettle a small number of the most vulnerable refugees within our borders, the Secretary of State would be required to consult with other countries about resettlement of refugee populations, develop mechanisms in countries with significant populations of displaced Iraqis to ensure the refugees' well-being and safety, and provide assistance to the countries in doing so.

In addition, the legislation would allow Iraqis denied asylum after March 2003 based on changed conditions to file a new petition with an immigration judge to reopen their cases. Those denied asylum, for example, on the grounds that Saddam Hussein is no longer in power and the United States is committed to building democracy in Iraq should be permitted to make their case again before a judge.

After 90 days, and annually thereafter, the President would be required to submit an unclassified report to Congress with a classified annex if necessary, assessing the financial, security, personnel, considerations and resources necessary to establish the programs required in the act. After 90 days, the Secretary of Homeland Security would be required to submit a report to Congress outlining plans to expedite processing of Iraqi refugees, including a temporary expansion of the Refugee Corps, and plans to enhance existing systems for conducting background and security checks for Iraqis applying through the program.

More than 5 years ago, Arthur Helton, perhaps this country's staunchest advocate for the rights of refugees wrote, ''Refugees matter . . . for a wide variety of reasons . . . Refugees are a product of humanity's worst instincts—the willingness of some persons to oppress others—as well as some of its best instincts—the willingness of many to assist and protect the helpless . . . In personal terms, we care about

refugees because of the seed of fear that lurks in all of us that can be stated so simply: it could be me.''

A year later, Arthur Helton gave his life for his beliefs. He was killed in Baghdad in 2003 while meeting with U.N. Special Envoy Sergio Vieira de Mello when a bomb destroyed the U.N. headquarters in Iraq.

But his words resonate today, especially when we consider the very human cost of the war in Iraq, and its tragic effect on the millions of Iraqis, men, women, and children, who have fled their homes and their country to escape the violence of a nation at war with itself.

America has a special obligation to keep faith with the Iraqis who now have a bulls-eye on their back because of their association with our Government.

At a hearing in the Senate Judiciary Committee in January, chilling testimony was presented about the dangers Iraqis face because of their association with America.

One Iraqi, Sami, was a translator for U.S. and Coalition forces and who now lives in the United States. He said, ''I too, have been targeted for my death. My name was listed on the doors of several mosques calling for my death. Supposed friends of mine saw my name on the list and turned on me because they believed I was traitor . . . In June 2006, I learned that I had been granted special status. As a result, today I live free from the fear of persecution and threats to my life that I faced on a daily basis in Iraq. My hope is that all brave Iraqis who worked and braved so much will have the same chance as I have had to live in freedom.''

Another Iraqi, John, worked as a water service man for U.S. troops. He said, ''My wife, my six children and myself fled Iraq after terrorist groups targeted me and my family because I aided the Americans by supplying water to their service camps.''

Ken Bacon, president of Refugees International, summed it up well when he said, ''There is a large group of Iraqis who have risked their lives to support the United States . . . people are sacrificing their lives to help the United States.''

The legislation has been endorsed by organizations including Refugees International, Refugee Council USA which encompasses Amnesty International USA, Arab-American and Chaldean Council, Chaldean Federation of America, Church World Service/Immigration and Refugee Program, Episcopal Migration Ministries, Hebrew Immigrant Aid Society, Human Rights First, International Rescue Committee, Jesuit Refugee Service/USA, Jubilee Campaign USA, Lutheran Immigration and Refugee Services, Migration & Refugee Services/United States Conference of Catholic Bishops, Southeast Asia Resource Action Center, U.S. Committee for Refugees and Immigrants, Women's Commission for Refugee Women and Children, and WorId Relief, the International Rescue Committee, and the PEN American center.

I urge my colleagues to support this legislation in order to keep the faith with those many brave Iraqis whose lives are in jeopardy because of their association with our forces in Iraq.

I ask unanimous consent that the letters of suport be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

REFUGEE COUNCIL USA,
Washington, DC, June 13, 2007.

Hon. EDWARD M. KENNEDY,
U.S. Senate, Russell Senate Office Building, Washington, DC.

DEAR SENATOR KENNEDY: On behalf of a diverse coalition of human rights, faith-based and refugee advocacy organizations around the country, we write to express our support for your legislation addressing the Iraqi refugee crisis unfolding in the Middle East Region.

As you know over two million refugees from Iraq are struggling to survive ound the region, and an additional two million are displaced within the country. Forced to flee because they practice a disfavored religion, were born into a marginalized minority, or agreed to work in support of the U.S. government, many of these refugees have no access to housing, health care or education. Although many of the refugees had temporary permission to remain in Jordan or Syria, they have now overstayed their visas to avoid desperate conditions back in Iraq. These refugees live in constant fear of being forcibly returned to Iraq, where they face death threats and further persecution. Many have already lost spouses, children and siblings to kidnappings and executions.

Although aware of this crisis, the United States has thus far failed to take the meaningful steps necessary to provide protection to these refugees and internally displaced persons. Your legislation is a welcome step in addressing the pressing protection needs of Iraqis.

Of particular concern to the United States are the men, women and children who face targeted persecution from insurgents due to their association with U.S. coalition forces—individuals who served as translators, drivers, doctors, and other contractors and employees of the United States, U.S. allies, and international NGOs serving in the region. The United States has a responsibility to provide protection for individuals who have put their lives on the line for the United States and who are consequently facing persecution due to this association. Your legislation commits the U.S. government to provide support and protection to Iraqi refugees and internally displaced persons in the rygion. In doing so it recognizes our nation's longstanding tradition of extending protection to people who are targeted because of their political opinions, ethnicity, or religion, among other reasons. As a result, we stand in support of this important effort.

Sincerely,

C. RICHARD PARKINS,
Chair, Refugee Council USA.

On behalf of the following organizations:

Sarnata Reynolds, Refugee Program Director, Amnesty International USA.

Radwan Khoury, Executive Director and COO, Arab-American and Chaldean Council.

Joseph Kassab, Executive Director, Chaldean Federation of America.

Joseph Roberson, Director, Church World Service/lmmigration and Refugee Program.

C. Richard Parkins, Director, Episcopal Migration Ministries.

Tsehaye Teferra, President, Ethiopian Community Development Council.

Gideon Aronoff, President & CEO, Hebrew Immigrant Aid Society (HIAS).

Elisa Massimino, Washington Director, Human Rights First.

Robert Carey, Vice President, Resettlement, International Rescue Committee.

Fr. Kenneth Gavin, S.J., National Director, Jesuit Refugee Service/USA

Ann Buwalda, Executive Director, Jubilee Campaign USA.

Ralston H. Deffenbaugh, Jr., President, Lutheran Immigration and Refugee Service.

Mark Franken, Executive Director, Migration & Refugee Services/United States Conference of Catholic Bishops.

Doua Thor, Executive Director, Southeast Asia Resource Action Center.

Lavinia Limón, President & CEO, U.S. Committee for Refugees and Immigrants.

Carolyn Makinson, Executive Director, Women's Commission for Refugee Women and Children.

Stephan Bauman, Senior Vice President, Programs World Relief.

JUNE 8, 2007.

Senator Edward M. Kennedy,
Russell Senate Office Building, Washington, DC.

DEAR SENATOR KENNEDY, I am writing to endorse your legislation to address the rapidly escalating crisis of Iraqi refugees and internally displaced persons (IDPs). We applaud your bold effort to provide a comprehensive framework to meet the growing needs of Iraq's two million internally displaced and the two million refugees in the region.

Refugees International believes that the United States has a special obligation to Iraqi refugees. This is the fastest growing refugee crisis in the world, and your legislation will bring greatly needed change in American policy, which has been too slow in its response to this humanitarian crisis. Currently, the Office of the United Nations High Commissioner for Refugees (UNHCR) estimates that near two million Iraqis have fled their homes and moved to other parts of Iraq to escape sectarian conflict, political reprisals and the insecurity that is increasingly prevalent in south and central Iraq. In addition, UNHCR estimates that another 2.2 million Iraqis have left the country to find refuge throughout the Middle East.

While Syria and Jordan have been generous to refugees and deserve international recognition for accepting them in large numbers, the burdens of the large refugee population are an increasing strain on their societies and economies. It is clear that the rapidly escalating refugee and IDP populations are not only grave humanitarian concern, but also a security concern for the region. The Iraq Study Group. among others, highlighted the destabilizing effect the escalating refugee crisis may have, and called upon the United States to take the lead in providing assistance to the refugees.

Your legislation is a greatly needed effort to address this crisis and ensure that the United States take the lead in accepting responsibility for providing safety and security for greater numbers of Iraqi refugees and IDPs. It is abundantly clear that we need to create a P–2 category for Iraqis closely associated with our effort in Iraq. Likewise, the

expansion of the Special Immigrant Visa program keeps faith with those who have worked most closely with our government. The bill's requirement for in country processing of refugees is absolutely essential to enable persons with credible fears of persecution to more effectively and expeditiously begin the process of seeking refugee status in Iraq.

Refugees International is presently conducting its third mission to Iraq and the region since last November and has found that the refugees are increasingly dispirited and desperate for assistance. We will strongly encourage the Senate to approve your legislation as an essential step to address this growing crisis and allow the U.S. to fulfill its share of the responsibility for assistance and protection for Iraqi refugees.

Sincerely,

KEN H. BACON,
President.

INTERNATIONAL RESCUE COMMITTEE,
New York, NY, June 6, 2007.

Hon. EDWARD M. KENNEDY,
Russell Senate Office Building,
Washington, DC.

DEAR TED: On behalf of the International Rescue Committee (IRC). I write in support of the legislation you are introducing today to address the critical issue of Iraqi refugees and internally displaced persons.

As you know, the Iraqi refugee crisis represents the greatest displacement of people in the Middle East in nearly 60 years, with more than two million Iraqis living as refugees in neighboring countries and another two million internally displaced within their own borders. To date, the U.S. response has failed to reflect the magnitude of the crisis.

As both an international aid organization and a U.S. refugee resettlement agency, the IRC has long advocated for a comprehensive U.S. response to the Iraqi refugee crisis that addresses the essential components of humanitarian assistance, protection in the region, and the admission to the U.S. of vulnerable Iraqis. Your legislation takes such a comprehensive approach.

We believe strongly in a humanitarian aid package that addresses the shelter, health, nutrition, education, and general protection needs of both the refugees and the internally displaced. We also support increased opportunities for the admission to the United States of Iraqis at risk because of association with Americans or because they are from religious, ethnic, minority, or other communities at special risk. While admission to the United States as refugees or special immigrants will be available to only a small fraction of vulnerable Iraqis, these options will save lives and will help convince host countries to keep their doors open.

We thank you for your continued leadership in U.S. refugee protection, and we look forward to working with you to help ensure the enactment of this critical legislation.

Sincerely,

GEORGE RUPP.

PEN AMERICAN CENTER,
June 11, 2007.

Senator EDWARD KENNEDY,
Russell Senate Office Building,
Washington, DC.

DEAR SENATOR KENNEDY, We are writing on behalf of the 3,400 members of PEN American Center to express our continuing gratitude for your efforts to address the Iraqi refugee crisis, and to offer our strong support for the Refugee Crisis in Iraq Act.

PEN American Center is the largest of 144 centers of International PEN, the worldwide association of writers that strives to protect writers and freedom of expression and promote the free exchange of literature and ideas around the globe. In keeping with this mission, for nearly two years PEN has been working to resettle Iraqi translators, journalists, and writers who have been targeted for death and forced into hiding in Iraq or neighboring countries for their efforts build a safe, free, and open society in Iraq. Thanks largely to our colleagues at Norwegian PEN, a handful of these men and women and their families have found safe havens in northern Europe. But to date, despite the extreme sacrifices so many Iraqis made to help Americans navigate the political and social realities of their country and encourage their fellow citizens to reject violence and extremism and support a pluralistic Iraq, we have not yet successfully assisted a single one of our colleagues in reaching the United States.

In recent months, as the world has come to recognize the magnitude of the refugee crisis in Iraq, the United States government has taken some important steps to open the way for a limited number of Iraqi refugees to be resettled in this country. With assistance from the U.S. Department of State, a small number of those on whose behalf PEN has been working have been screened by the United Nations High Commission for Refugees in Syria and referred to the United States for resettlement. But the process is complicated, protracted, and at times hostile. Forbidden from working in Syria, they have exhausted their financial resources long before the process will be completed, and those who had the closest associations with Coalition Forces and U.S. contractors have found that the stigma of ''collaborators'' has followed them across the border. Even so, these are the extremely fortunate few. No avenue whatsoever exists for their counterparts still in Iraq to seek refugee resettlement or relief. Even translators who served honorably as interpreters for U.S. forces, sustained serious combat wounds, survived assassination attempts, and live in constant fear they will be recognized and killed have no access to refugee processing inside Iraq.

The Refugee Crisis in Iraq Act directly addresses several of these glaring inadequacies in our country's current approach to the Iraqi refugee crisis. Taking particular note of the United States' obligation to those who worked with and are therefore endangered by their association with U.S.-based organizations and institutions, it significantly expands the numbers of Iraqis to be resettled in the United States and creates direct, efficient mechanisms for Iraqis to petition for resettlement. It expands and streamlines the Special Immigrant visa program for Iraqi and Afghan translators and interpreters, and creates a new P-2 visa category for Iraqi refugees of special humanitarian concern, a category that includes Iraqi writers, journalists, and media workers who worked with and for U.S.-based media organizations in Iraq. Perhaps most significantly, it requires the United States to establish direct visa processing outside the UNHCR system in neighboring countries and, for the first time, inside Iraq. We strongly support these proposals.

How history views the United States' intervention in Iraq will be colored in part by how we respond to the needs of those who took great risks to try to build a new Iraq and who fear for their lives as a result. PEN is grateful for your leadership in pressing the United States to act on its responsibilities to the growing number of Iraqi refugees, and we are honored to endorse this important legislation.

Sincerely,

FRANCINE PROSE,
President.
LARRY SIEMS,
Director,

HUMAN RIGHTS FIRST
June 14, 2007.

Hon. EDWARD M. KENNEDY,
Russell Senate Office Building,
Washington, DC.

DEAR SENATOR KENNEDY: I write to express Human Rights First's support of your bipartisan legislation, ''The Refugee Crisis in Iraq Act.'' By extending a lifeline to some of Iraq's most vulnerable refugees and displaced people, your bill would begin to fulfill the moral obligation of the United States to protect Iraqi refugees and provide critical assistance to countries that are already sheltering so many Iraqis in the region. We urge swift passage of this important legislation.

Historically, the United States has led the world in efforts to protect and resettle vulnerable refugees, admitting more than 2.6 million refugees since 1975. In the closing days of the Vietnam War, the United States airlifted more than 131,000 Vietnamese whose close ties to the U.S. effort put them at risk of persecution. In 1999, the United States resettled 14,000 Kosovars whose ethnicity made them vulnerable to persecution.

The United States is justifiably proud of this strong tradition of providing refuge to the persecuted and assistance to those displaced by war. Yet the administration's response to the Iraqi refugee situation fails utterly to match the scale and urgency of the current crisis. As we mark World Refugee Day next week, the United States will have resettled only 272 Iraqi refugees here since 2006.

This must change. Since 2003, more than 2.2 million Iraqis have fled violence and persecution in their homeland. Many have been targeted because of their work for the United States or with U.S. organizations. Others have been targeted because of their ethnicity or religion. Those who have fled to Jordan and Syria are living in dire conditions. Many are at risk of exploitation, detention, and deportation. They lack access to medical treatment, education for their children, food, and a means of supporting their families. As this crisis grows, the protection of refugees, the institution of asylum, and the stability of the region are all at risk.

With every day, the situation of Iraqi refugees in the region and of those displaced inside Iraq grows more urgent. It is past time for the United States to lead the international community in addressing this crisis in a comprehensive manner. The United States should begin by swiftly providing safe haven to those at risk because of their work with the United States or with U.S. organizations. In addition, the United States should create an ambitious and aggressive resettlement program to take in other refugees who have been forced to flee from Iraq. Finally, the United States must significantly increase aid to countries in the region that now play host to millions of refugees, in order to ensure adequate care for these refugees and to encourage these neighboring countries to continue to provide asylum to those who flee in search of refuge.

We believe the United States has a moral obligation to provide a meaningful solution to the Iraqi refugee crisis. Your bill is a vital step towards addressing this growing and complex crisis. As always, we are grateful for

your leadership on this issue, and we look forward to working with you to ensure swift passage of this important legislation.

Sincerely,

ELISA MASSIMINO,
Director of the Washington, DC, Office.

Mr. LEAHY. Mr. President, I am pleased to join Senators KENNEDY, SMITH, LEVIN, HAGEL, BIDEN, and LIEBERMAN to introduce this important legislation. In January of this year, the Judiciary Committee held a hearing to examine the plight of Iraq's refugees, during which we heard from the State Department, the United Nations High Commissioner for Refugees, nongovernmental organizations and individuals, and Iraqi citizens who had been targeted for assisting the United States. This hearing brought the enormity of the Iraq refugee situation into sharp focus and made clear that we must do more to address this crisis and provide assistance especially to those Iraqis who have assisted the United States with its mission. If enacted, this bill would help the United States fulfill the promises it has made to the people of Iraq.

In February of this year, the Bush administration announced that 7,000 Iraqi refugees would be permitted to enter the United States in 2007. Over the last 8 months, however, only 70 Iraqis have been allowed into the United States as refugees. Each year there are 20,000 unallocated slots for refugees that could be applied to Iraq, and an additional 5,000 for the Middle East. Yet the Department of Homeland Security has admitted approximately 700 Iraqis since the war began in 2003. We have an obligation to do better than this when an estimated 4 million Iraqis have been displaced within Iraq or have fled the country due to our involvement there. And we have a special obligation to do all we can for those Iraqis who have made tremendous sacrifices on behalf of the United States and who continue to live under the threat of torture and death.

Refugees International has called the Iraq refugee crisis the fastest growing refugee crisis in the world. It is estimated that nearly 2 million Iraqis have been internally displaced, while another 2 million have fled the country, with little more than they could carry. With this bill, we show our commitment not to repeat the tragic and immoral mistake from the Vietnam era and leave friends without refuge and subject to violent reprisals.

The United States has an obligation to the people of Iraq, and especially to those who have assisted the American military in its efforts there. When an Iraqi man or woman makes the choice to help the United States—whether as an interpreter or in some other role—and puts his or her life on the line, the United States bears a special responsibility to do what it can to reciprocate the loyalty that so many Iraqis have shown us.

The bill we introduce today will create a new P2 category for Refugees of Special Humanitarian Concern. Individuals who have assisted the United States, or who have worked for a company, NGO, or other entity that has received a grant or contract from the U.S. Government would be eligible for status as a refugee of special humanitarian concern. In order to implement this new program, the legislation would direct the establishment of consular processing facilities in Iraq to expedite the resettlement process for those Iraqis and their immediate families who qualify under the bill for special relief.

The bill also sets up a special immigrant visa category for individuals who have worked as interpreters or translators for the United States for an aggregate of 1 year between 2003 and the present. This new program would augment current efforts to provide protection for those individuals who have assisted the United States by providing interpreter or translation services.

The legislation would also direct the Secretary of State to establish an office of Minister Counselor in the U.S. Embassy in Baghdad. This office would be responsible for overseeing the new programs set up under this bill, and would be the primary point of contact for eligible individuals seeking protection. This official would also have the authority to refer individuals directly to the United States Refugee Resettlement Program. Additionally, parallel Minister Counselor offices would be established in Egypt, Jordan, Syria, and Lebanon to effectuate the P2 refugee program.

The Secretary of State would also be required to work with other nations currently hosting Iraqi refugees in order to provide support and to help ensure the safety and well-being of Iraqis located in countries surrounding Iraq. The legislation would also allow Iraqis who applied for asylum in the United States after 2003, and who were denied based on changed country conditions due to the overthrow of Saddam Hussein, to have those denials reviewed due to the continuing violence and dangerous conditions in the country. This change will allow our laws to reflect the current reality in Iraq.

This legislation will help provide some relief to the brave men and women who have assisted the United States in Iraq, and will help renew the commitment of the United States to the cause of protecting those who turn to us for help. I hope all Senators can join with us in support of the bill we introduce today.

By Mr. KYL:

S. 1654. A bill to prohibit the sale or provision of caller ID spoofing services; to the Committee on the Judiciary.

Mr. KYL. Mr. President, I rise today to introduce a bill that would prohibit the sale or provision of caller ID spoofing services. This bill would enact a legislative proposal that was made by the Justice Department in a letter to members of this committee. To facilitate commentary on this bill, I ask unanimous consent that the text of the bill and a letter from the Justice Department be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

S. 1654

Section 1040 of title 18, United States Code, is amended—

(1) by amending subsection (a) to read as follows:

''(a) OFFENSE.—Whoever, using any means or facility of interstate or foreign commerce—

(1) knowingly generates, transmits, or causes to be generated or transmitted—

(i) false caller ID information with intent wrongfully to obtain anything of value; or

(ii) caller ID information pertaining to an actual person or other entity without that person's or entity's consent and with intent to deceive any person or other entity about the identity of the caller; or

(2) knowingly offers, sells, or makes available a service that enables users to modify, generate, or transmit false or misleading caller ID information; or

attempts or conspires to do so, shall be punished as provided in subsection (b).''; and

(2) by adding at the end the following:

''(f) EXCEPTIONS.—Paragraph (a)(2) does not prohibit offering, selling, or making available any such service that transmits, in the signaling data with each call, (1) information sufficient to indicate to the recipient's telephone carrier that the caller ID information is not accurate, (2) if available, the originating telephone number or other information identifying the origin of the call, and (3) the identity of the provider of the service that enabled the user to modify, generate, or transmit the chosen caller ID information.''

U.S. DEPARTMENT OF JUSTICE,
OFFICE OF LEGISLATIVE AFFAIRS,
Washington, DC, April 25, 2007.

Hon. PATRICK J. LEAHY,
Chairman, Committee on the Judiciary, U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: The Department of Justice appreciates the opportunity to provide further comment on H.R. 740, the ''Preventing Harassment Through Outbound Number Enforcement Act'' (''PHONE Act of 2007''). The PHONE Act of 2007 was passed by the U.S. House of Representatives on March 21, 2007 and referred to the Senate, where consideration of the bill is currently pending before the Judiciary Committee. It is the Department's understanding that a substitute amendment will be offered during the Senate Judiciary Committee's consideration of this legislation. This letter reflects DOJ's views toward the amended version of this bill.

As the Department noted in its original comments on the PHONE Act submitted to Chairman Conyers on February 5, 2007, we support Congressional action to give law enforcement better tools to protect our citizens and our country from identity thieves, stalkers, and other criminals. In the February 5th letter, the Department of Justice made a number of recommendations to strengthen the bill, many of which were adopted. Those changes have made the

PHONE Act a more effective tool for combating threats such as identity theft, preying on the elderly, and the thwarting of important, time-sensitive investigations.

Although the PHONE Act is an important step toward addressing caller ID spoofing, the problem needs a solution that addresses not only users of caller ID spoofing, but also the services that make this capability to deceive widely available to the public. Several services today offer users the ability to manipulate information transmitted with a telephone call in order to cause a number of the caller's choosing to appear on the call recipient's caller ID display. Using such a service can be as easy as calling a toll-free number and entering calling card information.

As the Department has described in its testimony before the House of Representatives Subcommittee on Crime, Terrorism, and Homeland Security on the PHONE Act, the widespread availability of caller ID spoofing services poses several problems. First, the recipient of a spoofed call is led to believe that he or she has received the call from someone who did not actually place the call. Numerous such incidents have been reported, including examples of SWAT teams being misled into raiding innocent persons' houses based on 911 calls that incorrectly appeared to have come from the innocent person's home (a practice known as ''SWATting''), businesses being tricked into revealing personal data about the person whose number is spoofed (i.e., enabling ''pretexting''), and harassing calls being placed using the phone number of a political candidate in order to anger voters against that candidate.

The PHONE Act does not currently address these caller ID spoofing services that make it easy for anyone with a telephone to spoof caller ID. Simply criminalizing the use of spoofing capabilities for criminal or fraudulent purposes would not sufficiently diminish the availability of spoofing services. Because the use of caller ID spoofing is particularly hard to investigate and to prosecute, to address this problem effectively, Congress should also address the providers who make this capability widely available.

We have included recommended edits to section 2 of the bill in order to address caller ID spoofing services that do not at least notify call recipients that the caller ID information has been modified (attached hereto as Appendix A). We also suggest that Congress consider whether this legislation should contain an explicit exemption for entities complying with existing Federal regulations such as the Telemarketing Sales Rule that allow the substitution of caller ID information for limited purposes.

The Department appreciates the Committee's leadership in ensuring that our country's laws meet this new challenge. Thank you for the opportunity to comment on the bill and for your continuing support.

The Office of Management and Budget has advised that there is no objection to the presentation of these views from the standpoint of the Administration's program. If we may be of additional assistance, please do not hesitate to contact this office.

Sincerely,

RICHARD A. HERTLING,
Acting Assistant Attorney General.

By Mr. KENNEDY (for himself, Mrs. MURRAY, and Mr. BYRD):

S. 1655. A bill to establish improved mandatory standards to protect miners during emergencies, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

Mr. KENNEDY. Mr. President, last year, the Nation was stunned by the terrible tragedies at the Sago, Alma, and Darby mines. Those disasters exposed the many failures in our laws on mine safety and mine health, and made clear that it is essential to bring these protections into the modern world.

Last year, Congress came together to take a vital step toward protecting the Nation's miners with the passage of the MINER Act, which addressed critical lapses in mine safety and accident response, but advances in scientific research and technological development show us that there is much more to be done. In part through the new scrutiny that is taking place under the MINER Act, we have learned a great deal more about what puts miners in danger and how to prevent it.

We need to begin to address these other pressing safety and health needs. That is why today I am introducing the Miner Health and Safety Enhancement Act of 2007.

There is much we can do in the area of mine safety emergencies to increase miners' chances of survival, and this legislation encourages the development of technologies to do so. It requires stronger seal barriers to protect miners from explosions in hazardous mining areas. It also requires mine companies to adopt more sophisticated communications technology to stay in touch with miners underground, and to install rescue chambers to protect miners in the event of an explosion or fire.

The bill does more to eliminate dangerous conditions in mines before they harm miners, by banning the unsafe practice of ventilating mines in the same passageway as coal-dust laden conveyor belts. This practice, unfortunately, has been approved by the Bush administration, and it contributed to the tragic fire at Alma mine last year.

Other reforms are essential as well. Establishing a national call center can quickly coordinate emergency information and enhance mine rescue and recovery operations. To see that accident investigations are objective and thorough, the legislation requires an independent investigation to be conducted if miners or their families ask for one.

Successful prevention depends also on the willingness of miners to tell the truth about their working conditions. Safeguards are needed to allow them to speak out about on-the-job hazards without fearing for their jobs. The bill establishes an independent ombudsman, so miners' safety complaints can be heard and fully addressed, without jeopardizing miners who blow the whistle on job hazards.

Tragically, we continue to see miners developing symptoms of black lung disease and other deadly respiratory illnesses of the past. To protect them, the bill requires operators to provide miners with personal dust monitors developed and certified by the National Institute of Occupational Safety and Health. To make underground air safer, the bill adopts the Institute's levels for exposure to coal dust, silica dust, and other air contaminants. It also adopts the higher OSHA standard for asbestos. We cannot continue to allow miners to work without the protection of these important health standards.

Mining is an essential industry, and the nation's miners deserve the safest possible working conditions. We have a responsibility to see that our mine safety laws make our mines the safest and healthiest in the world. America's miners deserve no less. I urge my colleagues to support the Mine Health and Safety Enhancement Act of 2007.

Mr. BYRD. Mr. President, I am pleased to cosponsor the Miner Health and Safety Enhancement Act of 2007.

It is critical that the Congress continue to review the statutory safeguards for our Nation's coal miners. I want to do everything I can to encourage that effort.

Given reports recently about alarmingly aggressive cases of black lung around southern West Virginia, the Congress ought to seriously consider new standards for dust monitoring and control. I also support the bill's language requiring the installation of atmospheric monitoring systems in underground coal mines and requiring the Mine Safety and Health Administration, MSHA, to randomly test emergency breathing devices every 6 months.

I also very much support provisions in the bill that would clarify the intentions of the MINER Act and require the Department of Labor to issue regulations mandating the installation of refuge chambers and restricting the use of belt-air ventilation.

These are all good initiatives and something that the Congress should be advocating to ensure safer working conditions for miners. Nevertheless, I do have reservations about some of the provisions in the Miner Health and Safety Enhancement Act, which I hope can be addressed before the Senate Health, Education, Labor, and Pensions, HELP, Committee takes any action on this legislation.

The MINER Act that the Congress passed last year set a deadline requiring coal operators to install wireless emergency communications and tracking equipment by June 2009. In order to meet this deadline, the Congress appropriated $23 million through the fiscal year 2008 for NIOSH to expedite its research of emergency communications and tracking.

It is important that the Congress adhere closely to that schedule. To suddenly rewrite it, mandating the installation of technologies before NIOSH has completed its research, could undermine the intentions of the MINER Act and complicate the efforts of MSHA and the Congress to ensure

timely compliance. Let us not revisit timelines that have already been resolved and where implementation has already begun. It is better for the Congress to hold operators to the schedule outlined in the MINER Act and to allow NIOSH to perform the critical research that has already been mandated and funded.

The Congress should continue to exercise its oversight function to ensure rapid implementation of the MINER Act and also to review non-MINER Act priorities to ensure statutory safeguards are adequate. I proudly join the sponsors of this bill in that endeavor.

By Ms. SNOWE (for herself and Mr. KERRY):

S. 1656. A bill to authorize loans for renewable energy systems and energy efficiency projects under the Express Loan Program of the Small Business Administration; to the Committee on Small Business and Entrepreneurship.

Ms. SNOWE. Mr. President, as Ranking Member of the Senate Committee Small Business and Entrepreneurship, I rise today with Senator KERRY to introduce the Small Business Energy Efficiency Act of 2007. The energy debate now underway in this body is a positive initial step for our country, but it is only a first step. Frankly, America must become more innovative and invest in infrastructure that provides a lifetime of savings, both for its citizens and our global neighbors.

This year the Senate Committee on Small Business and Entrepreneurship, of which I am the Ranking Member, has paid particular attention to the effects of climate change and escalating fuel costs on small businesses, and the role America's entrepreneurs can play in affecting change in these areas. Chairman KERRY and I have already devoted two hearings during the 110th Congress to these subjects. Clearly, rising gas prices and global warming are having a devastating affect on the health of small business in this country.

As we all know, small business is the backbone of our Nation's economy. As the leading Republican on the Small Business Committee and as a longstanding steward of the environment, I firmly believe that small business has a pivotal role to play in finding a solution to global climate change. According to a recent survey conducted by the National Small Business Association, 75 percent of small businesses believe that energy efficiency can make a significant contribution to reducing greenhouse gas emissions. And yet, only 33 percent of those had successfully invested in energy efficiency programs for their businesses.

We need to significantly improve energy efficiency investment by small businesses. To that end, our measure will ensure that the SBA completes its requirements under the Energy Policy Act of 2005. Within 90 days of enactment, the SBA, through a final rulemaking, would be required to complete all of its requirements under the Energy Policy Act, including setting up a Energy Clearinghouse that builds on the Environmental Protection Agency's Energy Star program.

Our bill would also create the position of Assistant Administrator for Small Business Energy Policy within the SBA. The duties of this position include: 1. the oversight and administration the Small Business Energy Clearinghouse Program; and 2. the promotion of energy efficiency efforts and the reduction of energy costs for small businesses.

It would also create a Small Business Energy Efficiency Pilot Grant Program. This pilot, competitive grant program would be administered through the national network of Small Business Development Centers, SBDCs, which would provide ''energy audits'' to small businesses to enhance their energy efficiency practices, as well as providing access to information and resources on energy efficiency practices. These practices would include ''on-bill financing'' options.

Our bill would also encourage innovation in energy efficiency. Federal agencies shall give priority to Small Business Innovation Research, SBIR, and Small Business Technology Transfer, STTR, program solicitations by small businesses that participate in or conduct energy efficiency or renewable energy system research and development. The SBA will issue guidelines to assist Federal agencies and departments in determining whether priority has been given.

Finally, our bill would make the SBA's Express Loan Program available to small businesses who wish to purchase renewable energy systems or make energy efficiency improvements to their existing businesses. I firmly believe that the SBA Express Loan will be an attractive option to small business owners looking to make their businesses more energy efficient and environmentally sound because of the program's quick turnaround time and the ability of participating lenders to use their own forms and procedures for approval. Furthermore, lenders and borrowers can negotiate the interest rate, which can result in more favorable terms for a small business owner. The Express Program is the most widely used of SBA's loan products, representing 69 percent of all loans made. In fact, the SBA Express lender network is made up of almost 2,000 financial institutions nationwide.

Many small businesses are already leading the charge in combating global warming. For instance, in my home state of Maine, Oakhurst Dairy, an 86-year-old business, recently announced that it has converted its fleet of over 100 trucks and trailers to a bio-diesel fuel blend. Oakhurst's President Stanley Bennett sent me a letter stating: ''We firmly believe that doing the right thing environmentally is almost always the right thing to do for your business.'' It is my hope that our bill will spur more small firms to make the same investment in the environment and their businesses.

As we engage in this debate, we must remain mindful that potential solutions must fully consider the economic realities facing small businesses. According to the SBA Office of Advocacy, compliance with environmental regulations costs 364 percent more in small businesses than in larger businesses. So, in developing solutions Senator KERRY and I have worked to ensure that small businesses possess a range of cost-effective alternatives and have avoided a one-sized-fits-all approach.

In conclusion, this bipartisan measure will enable small businesses to play a leading role in combating global climate change. Assisting small firms in this regard will not only help the environment, but will also significantly lower the energy costs for cash-strapped small businesses.

By Mr. KERRY (for himself and Ms. SNOWE):

S. 1657. A bill to establish a small business energy efficiency program, and for other purposes; to the Committee on Small Business and Entrepreneurship.

Mr. KERRY. Mr. President, in March of this year, I convened a hearing in the Committee on Small Business and Entrepreneurship to look at what small businesses can do to confront global warming. In February, the Intergovernmental Panel on Climate Change put forward a report that has been referred to as ''the smoking gun'' on global warming, written by more than 600 scientists, reviewed by another 600 experts, and edited by officials from 154 governments, the report provides indisputable evidence that the ice caps are melting, the sea level is rising, and the earth's surface is heating up at an alarming and potentially catastrophic rate.

Senator SNOWE and I have worked together on a number of initiatives to combat global warming, including introducing the Global Warming Reduction Act of 2007, an effort to reduce greenhouse gas emissions by 65 percent by the year 2050. Today, we continue this partnership as chairman and ranking member of the Committee on Small Business and Entrepreneurship by introducing the Small Business Energy Efficiency Act of 2007.

There are nearly 26 million small businesses in this country, nearly 26 million business owners that are focused on keeping their doors open and putting food on the table for their families. And while climate change and national energy security sometimes seem

like distant threats compared to rising health care costs and staying competitive in an increasingly global economy, small business owners are telling us that energy costs are indeed a concern. The National Small Business Association recently conducted a poll of its members, asking how energy prices affected their business decisions. Seventy-five percent said that energy prices had at least a moderate effect on their businesses, with roughly the same number saying that reducing energy costs would increase their profitability. Despite these numbers, only 33 percent have invested in energy efficient programs.

The Environmental Protection Agency estimates that small businesses consume roughly 30 percent of the commercial energy consumed in this country, that is roughly 2 trillion kBtu of energy per year, and it is costing small business concerns approximately $29 million a year. Through efforts to increase energy efficiency, small businesses can contribute to America's energy security, help to combat global warming, and add to their bottom line all at the same time.

The Small Business Energy Efficiency Act of 2007 seeks to assist small business owners in doing all of these things. First, the bill requires the Small Business Administration, SBA, to implement an energy efficiency program that was mandated in the 2005 Energy Policy Act. To date, the SBA has dragged its feet in implementing a program that could help small business owners to become more energy efficient. Administrator Preston should implement this important program today, and this bill directs him to do so.

Second, the bill establishes a program to increase energy efficiency through energy audits at Small Business Development Centers, SBDCs. The Pennsylvania SBDC currently operates a similar program, and has successfully assisted hundreds of businesses to become more energy efficient. As a result of the program, six of the eight winners of the 2006 ENERGY STAR Small Business Awards given by the EPA went to Pennsylvania businesses. This program should be replicated so that small businesses across the country have the same opportunity to cut energy costs through the efficiency measures.

In addition, this bill authorizes the Administrator to guarantee on-bill financing agreements between businesses and utility companies, to cover a utility company's risk in entering into such an agreement. The federal government should encourage utility companies to pursue these agreements with businesses, where an electric utility will cover the up-front costs of implementing energy efficiency measures, and a business will repay these costs through the savings realized in their energy bill.

This bill also encourages telecommuting through a pilot program at SBA. The Administrator is authorized to establish a program that produces educational materials and performs outreach to small businesses on the benefits of telecommuting.

Finally, the bill encourages increased innovation by providing a priority status within the SBIR and STTR programs that ensures high priority be given to small business concerns participating in energy efficiency or renewable energy system research and development projects.

As a Nation, we have much to do to secure our future energy supply and to solve the international crisis that is global warming. This bill represents one step in that process—to engage our small business owners in this effort, and to assist them in becoming more aware of what is possible. I urge my colleagues to support this bill, and I thank Senator SNOWE for her work in this area.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 1657

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the ''Small Business Energy Efficiency Act of 2007''.

(b) TABLE OF CONTENTS.—The table of contents of this Act is as follows:

SEC. 2. FINDINGS.

Congress finds that:

(1) Small business concerns represent roughly 50 percent of the economy of the United States, employing 50 percent of all private sector employees, and producing more than 50 percent of nonfarm private gross domestic product.

(2) The Environmental Protection Agency estimates that, based on data from the 2003 Commercial Buildings Energy Consumption Survey of the Department of Energy, small business concerns consume roughly 2,000,000,000,000 kBtu of energy per year, costing small business concerns approximately $29,000,000,000.

(3) The Environmental Protection Agency estimate does not include additional energy that is used by small business concerns located outside of commercial buildings, such as home-based small business concerns. Additional, peer-reviewed research studies must be conducted to assess the amount of energy consumed by small business concerns.

(4) A recent survey conducted by the National Small Business Association revealed that 75 percent of small business concerns believe that energy efficiency can make a significant contribution to reducing greenhouse gas emissions. And yet, only 33 percent of those small business concerns had successfully invested in energy efficiency programs for their businesses.

(5) Small business concerns have demonstrated that they are capable of achieving realistic energy consumption reductions of 30 percent as a result of implementing the recommendations of targeted energy audits. These reductions have been demonstrated by clients of the Pennsylvania Small Business Development Centers and are supported by the national experience of the ENERGY STAR Small Business program of the Environmental Protection Agency.

(6) Small business concerns are a source for the technological innovations at the heart of the effort to find a solution to the challenge of climate change and to establish energy independence for the United States.

(7) On-bill financing arrangements, involving small business concerns, utilities, banks, and certified energy efficiency professionals, have demonstrated success in reducing energy usage by small business concerns across the country, and greater use of on-bill financing agreements should be encouraged.

(8) Telecommuting represents an established method for reducing fuel consumption, and information regarding the benefits of telecommuting should be made available to owners of small business concerns.

SEC. 3. DEFINITIONS.

In this Act—

(1) the terms ''Administration'' and ''Administrator'' mean the Small Business Administration and the Administrator thereof, respectively;

(2) the term ''association'' means the association of small business development centers established under section 21(a)(3)(A) of the Small Business Act (15 U.S.C. 648(a)(3)(A));

(3) the term ''disability'' has the meaning given that term in section 3 of the Americans with Disabilities Act of 1990 (42 U.S.C. 12102);

(4) the term ''electric utility'' has the meaning given that term in section 3 of the Public Utility Regulatory Policies Act of 1978 (16 U.S.C. 2602);

(5) the term ''on-bill financing'' means a low interest or no interest financing agreement between a small business concern and an electric utility for the purchase or installation of equipment, under which the regularly scheduled payment of that small business concern to that electric utility is not reduced by the amount of the reduction in cost attributable to the new equipment and that amount is credited to the electric utility, until the cost of the purchase or installation is repaid;

(6) the term ''small business concern'' has the meaning given that term in section 3 of the Small Business Act (15 U.S.C. 636);

(7) the term ''small business development center'' means a small business development center described in section 21 of the Small Business Act (15 U.S.C. 648);

(8) the term ''telecommuting'' means the use of telecommunications to perform work functions under circumstances which reduce or eliminate the need to commute; and

(9) the term ''veteran'' has the meaning given that term in section 101 of title 38, United States Code.

SEC. 4. IMPLEMENTATION OF SMALL BUSINESS ENERGY EFFICIENCY PROGRAM.

(a) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the

Administrator shall promulgate final rules establishing the Government-wide program authorized under subsection (d) of section 337 of the Energy Policy and Conservation Act (42 U.S.C. 6307) that ensure compliance with that subsection by not later than 6 months after such date of enactment.

(b) PLAN.—Not later than 90 days after the date of enactment of this Act, the Administrator shall publish a detailed plan regarding how the Administrator will—

(1) assist small business concerns in becoming more energy efficient; and

(2) build on the Energy Star for Small Business Program of the Department of Energy and the Environmental Protection Agency.

(c) ASSISTANT ADMINISTRATOR FOR SMALL BUSINESS ENERGY POLICY.—

(1) IN GENERAL.—There is in the Administration an Assistant Administrator for Small Business Energy Policy, who shall be appointed by, and report to, the Administrator.

(2) DUTIES.—The Assistant Administrator for Small Business Energy Policy shall—

(A) oversee and administer the requirements under this section and section 337(d) of the Energy Policy and Conservation Act (42 U.S.C. 6307(d)); and

(B) promote energy efficiency efforts for small business concerns and reduce energy costs of small business concerns.

(d) REPORTS.—The Administrator shall submit to the Committee on Small Business and Entrepreneurship of the Senate and the Committee on Small Business of the House of Representatives an annual report on the progress of the Administrator in encouraging small business concerns to become more energy efficient, including data on the rate of use of the Small Business Energy Clearinghouse established under section 337(d)(4) of the Energy Policy and Conservation Act (42 U.S.C. 6307(d)(4)).

SEC. 5. SMALL BUSINESS ENERGY EFFICIENCY.

(a) AUTHORITY.—The Administrator shall establish a Small Business Energy Efficiency Pilot Program (in this section referred to as the ''Efficiency Pilot Program'') to provide energy efficiency assistance to small business concerns through small business development centers.

(b) SMALL BUSINESS DEVELOPMENT CENTERS.—

(1) IN GENERAL.—In carrying out the Efficiency Pilot Program, the Administrator shall enter into agreements with small business development centers under which such centers shall—

(A) provide access to information and resources on energy efficiency practices, including on-bill financing options;

(B) conduct training and educational activities;

(C) offer confidential, free, one-on-one, in-depth energy audits to the owners and operators of small business concerns regarding energy efficiency practices;

(D) give referrals to certified professionals and other providers of energy efficiency assistance who meet such standards for educational, technical, and professional competency as the Administrator shall establish; and

(E) act as a facilitator between small business concerns, electric utilities, lenders, and the Administration to facilitate on-bill financing arrangements.

(2) REPORTS.—Each small business development center participating in the Efficiency Pilot Program shall submit to the Administrator and the Administrator of the Environmental Protection Agency an annual report that includes—

(A) a summary of the energy efficiency assistance provided by that center under the Efficiency Pilot Program;

(B) the number of small business concerns assisted by that center under the Efficiency Pilot Program;

(C) statistics on the total amount of energy saved as a result of assistance provided by that center under the Efficiency Pilot Program; and

(D) any additional information determined necessary by the Administrator, in consultation with the association.

(3) REPORTS TO CONGRESS.—Not later than 60 days after the date on which all reports under paragraph (2) relating to a year are submitted, the Administrator shall submit to the Committee on Small Business and Entrepreneurship of the Senate and the Committee on Small Business of the House of Representatives a report summarizing the information regarding the Efficiency Pilot Program submitted by small business development centers participating in that program.

(c) ELIGIBILITY.—A small business development center shall be eligible to participate in the Efficiency Pilot Program only if that center is certified under section 21(k)(2) of the Small Business Act (15 U.S.C. 648(k)(2)).

(d) SELECTION OF PARTICIPATING STATE PROGRAMS.—

(1) GROUPINGS.—

(A) SELECTION OF PROGRAMS.—The Administrator shall select the small business development center programs of 2 States from each of the groupings of States described in subparagraphs (B) through (K) to participate in the pilot program established under this section.

(B) GROUP 1.—Group 1 shall consist of Maine, Massachusetts, New Hampshire, Connecticut, Vermont, and Rhode Island.

(C) GROUP 2.—Group 2 shall consist of New York, New Jersey, Puerto Rico, and the Virgin Islands.

(D) GROUP 3.—Group 3 shall consist of Pennsylvania, Maryland, West Virginia, Virginia, the District of Columbia, and Delaware.

(E) GROUP 4.—Group 4 shall consist of Georgia, Alabama, North Carolina, South Carolina, Mississippi, Florida, Kentucky, and Tennessee.

(F) GROUP 5.—Group 5 shall consist of Illinois, Ohio, Michigan, Indiana, Wisconsin, and Minnesota.

(G) GROUP 6.—Group 6 shall consist of Texas, New Mexico, Arkansas, Oklahoma, and Louisiana.

(H) GROUP 7.—Group 7 shall consist of Missouri, Iowa, Nebraska, and Kansas.

(I) GROUP 8.—Group 8 shall consist of Colorado, Wyoming, North Dakota, South Dakota, Montana, and Utah.

(J) GROUP 9.—Group 9 shall consist of California, Guam, American Samoa, Hawaii, Nevada, and Arizona.

(K) GROUP 10.—Group 10 shall consist of Washington, Alaska, Idaho, and Oregon.

(e) MATCHING REQUIREMENT.—Subparagraphs (A) and (B) of section 21(a)(4) of the Small Business Act (15 U.S.C. 648(a)(4)) shall apply to assistance made available under the Efficiency Pilot Program.

(f) GRANT AMOUNTS.—Each small business development center selected to participate in the Efficiency Pilot Program under subsection (d) shall be eligible to receive a grant in an amount equal to—

(1) not less than $100,000 in each fiscal year; and

(2) not more than $300,000 in each fiscal year.

(g) EVALUATION AND REPORT.—The Comptroller General of the United States shall—

(1) not later than 30 months after the date of disbursement of the first grant under the Efficiency Pilot Program, initiate an evaluation of that pilot program; and

(2) not later than 6 months after the date of the initiation of the evaluation under paragraph (1), submit to the Administrator, the Committee on Small Business and Entrepreneurship of the Senate, and the Committee on Small Business of the House of Representatives, a report containing—

(A) the results of the evaluation; and

(B) any recommendations regarding whether the Efficiency Pilot Program, with or without modification, should be extended to include the participation of all small business development centers.

(h) GUARANTEE.—The Administrator may guarantee the timely payment of a loan made to a small business concern through an on-bill financing agreement on such terms and conditions as the Administrator shall establish through a formal rule making, after providing notice and an opportunity for comment.

(i) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—There are authorized to be appropriated to carry out this section—

(A) $5,000,000 for the first fiscal year beginning after the date of enactment of this Act; and

(B) $5,000,000 for each of the 3 fiscal years following the fiscal year described in subparagraph (A).

(2) LIMITATION ON USE OF OTHER FUNDS.—The Administrator may carry out the Efficiency Pilot Program only with amounts appropriated in advance specifically to carry out this section.

(j) TERMINATION.—The authority under this section shall terminate 4 years after the date of disbursement of the first grant under the Efficiency Pilot Program.

SEC. 6. SMALL BUSINESS TELECOMMUTING.

(a) PILOT PROGRAM.—

(1) IN GENERAL.—In accordance with this section, the Administrator shall conduct, in not more than 5 of the regions of the Administration, a pilot program to provide information regarding telecommuting to employers that are small business concerns and to encourage such employers to offer telecommuting options to employees (in this section referred to as the ''Telecommuting Pilot Program'').

(2) SPECIAL OUTREACH TO INDIVIDUALS WITH DISABILITIES.—In carrying out the Telecommuting Pilot Program, the Administrator shall make a concerted effort to provide information to—

(A) small business concerns owned by or employing individuals with disabilities, particularly veterans who are individuals with disabilities;

(B) Federal, State, and local agencies having knowledge and expertise in assisting individuals with disabilities, including veterans who are individuals with disabilities; and

(C) any group or organization, the primary purpose of which is to aid individuals with disabilities or veterans who are individuals with disabilities.

(3) PERMISSIBLE ACTIVITIES.—In carrying out the Telecommuting Pilot Program, the Administrator may—

(A) produce educational materials and conduct presentations designed to raise awareness in the small business community of the benefits and the ease of telecommuting;

(B) conduct outreach—

(i) to small business concerns that are considering offering telecommuting options; and

(ii) as provided in paragraph (2); and

(C) acquire telecommuting technologies and equipment to be used for demonstration purposes.

(4) SELECTION OF REGIONS.—In determining which regions will participate in the Telecommuting Pilot Program, the Administrator shall give priority consideration to regions in which Federal agencies and private-sector employers have demonstrated a strong regional commitment to telecommuting.

(b) REPORT TO CONGRESS.—Not later than 2 years after the date on which funds are first appropriated to carry out this section, the Administrator shall transmit to the Committee on Small Business and Entrepreneurship of the Senate and the Committee on Small Business of the House of Representatives a report containing the results of an evaluation of the Telecommuting Pilot Program and any recommendations regarding whether the pilot program, with or without modification, should be extended to include the participation of all regions of the Administration.

(c) TERMINATION.—The Telecommuting Pilot Program shall terminate 4 years after the date on which funds are first appropriated to carry out this section.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administration $5,000,000 to carry out this section.

SEC. 7. ENCOURAGING INNOVATION IN ENERGY EFFICIENCY.

Section 9 of the Small Business Act (15 U.S.C. 638) is amended by adding at the end the following:

''(z) ENCOURAGING INNOVATION IN ENERGY EFFICIENCY.—

''(1) FEDERAL AGENCY ENERGY-RELATED PRIORITY.—In carrying out its duties under this section to SBIR and STTR solicitations by Federal agencies, the Administrator shall—

''(A) ensure that such agencies give high priority to small business concerns that participate in or conduct energy efficiency or renewable energy system research and development projects; and

''(B) include in the annual report to Congress under subsection (b)(7) a determination of whether the priority described in subparagraph (A) is being carried out.

''(2) CONSULTATION REQUIRED.—The Administrator shall consult with the heads of other Federal agencies and departments in determining whether priority has been given to small business concerns that participate in or conduct energy efficiency or renewable energy system research and development projects, as required by this section.

''(3) GUIDELINES.—The Administrator shall, as soon as is practicable after the date of enactment of this subsection, issue guidelines and directives to assist Federal agencies in meeting the requirements of this section.

''(4) DEFINITIONS.—In this subsection—

''(A) the term 'biomass'—

''(i) means any organic material that is available on a renewable or recurring basis, including—

''(I) agricultural crops;

''(II) trees grown for energy production;

''(III) wood waste and wood residues;

''(IV) plants (including aquatic plants and grasses);

''(V) residues;

''(VI) fibers;

''(VII) animal wastes and other waste materials; and

''(VIII) fats, oils, and greases (including recycled fats, oils, and greases); and

''(ii) does not include—

''(I) paper that is commonly recycled; or

''(II) unsegregated solid waste;

''(B) the term 'energy efficiency project' means the installation or upgrading of equipment that results in a significant reduction in energy usage; and

''(C) the term 'renewable energy system' means a system of energy derived from—

''(i) a wind, solar, biomass (including biodiesel), or geothermal source; or

''(ii) hydrogen derived from biomass or water using an energy source described in clause (i).''.

SEC. 8. EXPRESS LOANS FOR RENEWABLE ENERGY AND ENERGY EFFICIENCY.

Section 7(a)(31) of the Small Business Act (15 U.S.C. 636(a)(31)) is amended by adding at the end the following:

''(F) EXPRESS LOANS FOR RENEWABLE ENERGY AND ENERGY EFFICIENCY.—

''(i) DEFINITIONS.—In this subparagraph, the terms 'energy efficiency project' and 'renewable energy system' have the meanings given those terms in section 9(z).

''(ii) LOANS.—Loans may be made under the 'Express Loan Program' for the purpose of—

''(I) purchasing a renewable energy system; or

''(II) an energy efficiency project for an existing business.''.

By Mr. GREGG:

S. 1658. A bill to amend the Servicemembers Civil Relief Act to provide protection for child custody arrangements for parents who are members of the Armed Forces deployed in support of a contingency operation; to the Committee on Veterans' Affairs.

Mr. GREGG. Mr. President, I rise today to speak about several of the personal problems currently being experienced by some military families due to the deployment of one or both parents and to introduce three pieces of legislation, the language of which is included in the recently passed House of Representatives Defense authorization bill, which are designed to help alleviate those problems.

But first, I would like to express my sincere thanks to the fathers and mothers, husbands and wives, sisters and brothers, and the sons and daughters of our Nation, who in these very tumultuous and dangerous times have volunteered to join our Armed Forces and serve our country around the world. In December 1776, another of the tumultuous times for our Nation, Thomas Paine wrote ''These are the times that try men's souls: The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of his country; but he that stands it now, deserves the love and thanks of man and woman.'' Our modern day Patriots, who are now serving in the Army, Navy, Marine Corps, Air Force and Coast Guard, also heard and answered our country's call and they surely deserve the love and thanks of our Nation.

In some cases, while a military parent is deployed overseas, courts have overturned custody arrangements of their child or children; this while the deployed military custodial parent was unable to appear before the court. The first piece of legislation, S. 1658, would provide protection of child custody arrangements for Armed Forces parents who are deployed in contingency operations. The legislation states that if a motion for change of custody of a child of a servicemember is filed while the servicemember is deployed in support of a contingency operation, no court may enter an order modifying or amending any previous judgment or order, or issue a new order that changes the child custody arrangement that existed as of the deployment date. An exception is allowed whereby the court may enter a temporary custody order if there is clear and convincing evidence that it is in the best interest of the child. Additionally, if a motion for the change of custody of the child of a servicemember who was deployed in support of a contingency operation is filed after the end of the deployment, no court may consider the absence of the servicemember by reason of that deployment in determining the best interest of the child.

The second piece of legislation, S. 1659, is intended to preclude some of the tension and anxiety that a child may suffer from the simultaneous deployment of both parents, as well as the grief that would result if both those parents were to lose their lives while simultaneously deployed. This bill would provide a limitation on simultaneous deployment to combat zones of dual-military couples who have minor dependents. It states that in the case of a member of the Armed Forces with minor dependents who has a spouse who is also a member of the Armed Forces, and the spouse is deployed in an area for which imminent danger pay is authorized, the member may request a deferment of a deployment to such an area until the spouse returns from such deployment.

And the third piece of legislation, S. 1660, would initiate studies that could hopefully lead to improved support services for families of members of the National Guard and Reserve who are undergoing deployment. This legislation would direct the Secretary of Defense to conduct a study of possible methods to enhance support services for children of members of the National Guard and Reserve who are deployed. Additionally, the legislation would require the Pentagon to carry out a study on establishment of a program on family-to-family support for families of deployed members of the National Guard and Reserve.

Mr. President, I ask that my fellow Senators consider these bills.

By Mr. DORGAN (for himself, Mr. STEVENS, and Mr. INOUYE):

S. 1661. A bill to communicate United States travel policies and improve marketing and other activities designed to increase travel in the United

States from abroad; to the Committee on Commerce, Science, and Transportation.

Mr. DORGAN. Mr. President, today I am introducing, along with Senators STEVENS and INOUYE, the Travel Promotion Act of 2007. We seek with this bill to increase travel to the United States and rebuild the country's place in the global travel market. After 9/11, the number of overseas travelers to the United States decreased dramatically and has still not recovered. Travel and tourism are a crucial part of our export industry, but other countries have gained market share to our detriment. Foreign travelers are going elsewhere.

The absence of federal leadership in travel promotion has resulted in States having to step in to fill that void. An example is the effort made by my home State of North Dakota, where tourism is the State's second largest industry, with visitors spending $3.36 billion in 2004. The investment that North Dakota made to encourage travel and tourism has reaped enormous benefits, with the State getting a return of investment of almost $82 for each dollar spent on travel promotion.

While States have made inroads to attracting travelers, the lack of a coordinated federal campaign creates a comparative disadvantage with countries that have centralized ministries or offices to encourage international travel to their countries. The example of North Dakota should be a lesson for the entire country. The United States offers unique and diverse destinations for travelers—a small investment in national coordination has the potential to create a significant windfall for our economy.

The Travel Promotion Act of 2007 will promote travel to the U.S., including areas not traditionally visited, highlighting the United States as a premier travel destination. The bill will improve communication of United States travel policies and perceptions of the process. Negative perceptions can often deter foreigners from traveling to the United States. Our communities will benefit from growth of this multi-billion dollar industry. With an increase in visitors they will experience an increase in jobs and expansion of local economies.

The bill initiates a nationally coordinated travel promotion campaign established in a public-private partnership to increase international travel to the United States. It creates a Corporation for Travel Promotion, an independent, nonprofit corporation, to run the travel promotion campaign. The program will be funded equally by a small fee paid by foreign travelers visiting the U.S. and matching contributions from the travel industry.

This is a great country, and we should welcome visitors to our shores to meet our people and experience our culture. I thank the Chair and Vice-Chair of the Committee on Commerce, Science, and Transportation for joining with me to develop this campaign and promote travel to our Nation.

I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 1661

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) This Act may be cited as the ''Travel Promotion Act of 2007.''.

(b) TABLE OF CONTENTS—The table of contents for this Act is as follows:

SEC. 2. THE CORPORATION FOR TRAVEL PROMOTION.

(a) ESTABLISHMENT.—The Corporation for Travel Promotion is established as a nonprofit corporation. The Corporation shall not be an agency or establishment of the United States Government. The Corporation shall be subject to the provisions of the District of Columbia Nonprofit Corporation Act (D.C. Code, section 29-1001 et seq.), to the extent that such provisions are consistent with this section, and shall have the powers conferred upon a nonprofit corporation by that Act to carry out its purposes and activities.

(b) BOARD OF DIRECTORS.—

(1) IN GENERAL.—The Corporation shall have a board of directors of 14 members, appointed by the Secretary of Commerce, who are United States citizens with professional expertise and experience in the fields of travel, international travel promotion, and marketing and broadly represent various regions of the Nation, of whom—

(A) 1 shall represent hotel accommodations providers;

(B) 2 shall represent restaurant and retail businesses;

(C) 2 shall represent attractions and recreation businesses;

(D) 1 shall represent the passenger air transportation business;

(E) 1 shall represent the car rental business;

(F) 3 shall represent State and local offices from disparate regions of the country;

(G) 1 shall be a Federal employee (as defined in section 2105 of title 5, United States Code);

(H) 1 shall represent the higher education community; and

(I) 2 shall represent the small business community.

(2) INCORPORATION.—The members of the initial board of directors shall serve as incorporators and shall take whatever actions are necessary to establish the Corporation under the District of Columbia Nonprofit Corporation Act (D.C. Code, section 29-1001 et seq.).

(3) TERM OF OFFICE.—The term of office of each member of the board appointed by the Secretary shall be 3 years, except that, of the members first appointed—

(A) 3 shall be appointed for terms of 1 year;

(B) 4 shall be appointed for terms of 2 years; and

(C) 4 shall be appointed for terms of 3 years.

(4) VACANCIES.—Any vacancy in the board shall not affect its power, but shall be filled in the manner required by this section. Any member whose term has expired may serve until the member's successor has taken office, or until the end of the calendar year in which the member's term has expired, whichever is earlier. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which that member's predecessor was appointed shall be appointed for the remainder of the predecessor's term. No member of the board shall be eligible to serve more than 2 consecutive full terms.

(5) ELECTION OF CHAIRMAN AND VICE CHAIRMAN.—Members of the board shall annually elect one of their members to be Chairman and elect 1 or more of their members as a Vice Chairman or Vice Chairmen.

(6) STATUS AS FEDERAL EMPLOYEES.—Notwithstanding any provision of law to the contrary, no member of the board may be considered to be a Federal employee of the United States by virtue of his or her service as a member of the board.

(7) COMPENSATION; EXPENSES.—No member shall receive any compensation from the Federal government for serving on the Council. Each member of the Council shall be paid actual travel expenses and per diem in lieu of subsistence expenses when away from his or her usual place of residence, in accordance with section 5703 of title 5, United States Code.

(c) OFFICERS AND EMPLOYEES.—

(1) IN GENERAL.—The Corporation shall have a President, and such other officers as may be named and appointed by the board for terms and at rates of compensation fixed by the board. No individual other than a citizen of the United States may be an officer of the Corporation. The corporation may hire and fix the compensation of such employees as may be necessary to carry out its purposes. No officer or employee of the Corporation may receive any salary or other compensation (except for compensation for services on boards of directors of other organizations that do not receive funds from the Corporation, on committees of such boards, and in similar activities for such organizations) from any sources other than the Corporation for services rendered during the period of his or her employment by the Corporation. Service by any officer on boards of directors of other organizations, on committees of such boards, and in similar activities for such organizations shall be subject to annual advance approval by the board and subject to the provisions of the Corporation's Statement of Ethical Conduct. All officers and employees shall serve at the pleasure of the board.

(2) NONPOLITICAL NATURE OF APPOINTMENT.—No political test or qualification shall be used in selecting, appointing, promoting, or taking other personnel actions with respect to officers, agents, or employees of the Corporation.

(d) NONPROFIT AND NONPOLITICAL NATURE OF CORPORATION.—

(1) STOCK.—The Corporation shall have no power to issue any shares of stock, or to declare or pay any dividends.

(2) PROFIT.—No part of the income or assets of the Corporation shall inure to the benefit of any director, officer, employee, or any other individual except as salary or reasonable compensation for services.

(3) POLITICS.—The Corporation may not contribute to or otherwise support any political party or candidate for elective public office.

(e) DUTIES AND POWERS.—

(1) IN GENERAL.—The Corporation shall develop and execute a plan—

(A) to provide useful information to foreign tourists and others interested in travelling to the United States, including the distribution of material provided by the Federal government concerning entry requirements, required documentation, fees, and processes, to prospective travelers, travel agents, tour operators, meeting planners, foreign governments, travel media and other international stakeholders;

(B) to counter and correct misperceptions regarding United States travel policy around the world;

(C) to maximize the economic and diplomatic benefits of travel to the United States by promoting the United States of America to world travelers through the use of, but not limited to, all forms of advertising, outreach to trade shows, and other appropriate promotional activities;

(D) to ensure that international travel benefits all States and the District of Columbia, including areas not traditionally visited by international travelers.; and

(E) to give priority to the Corporation's efforts in terms of countries and populations most likely to travel to the United States.

(2) SPECIFIC POWERS.—In order to carry out the purposes of this section, the Corporation may—

(A) obtain grants from and make contracts with individuals and private companies, State, and Federal agencies, organizations, and institutions;

(B) hire or accept the voluntary services of consultants, experts, advisory boards, and panels to aid the Corporation in carrying out its purposes; and

(C) take such other actions as may be necessary to accomplish the purposes set forth in this section.

(f) OPEN MEETINGS.—Meetings of the board of directors of the Corporation, including any committee of the board, shall be open to the public. The board may, by majority vote, close any such meeting only for the time necessary to preserve the confidentiality of commercial or financial information that is privileged or confidential, to discuss personnel matters, or to discuss legal matters affecting the Corporation, including pending or potential litigation.

(g) MAJOR CAMPAIGNS.—The board may not authorize the Corporation to obligate or expend more than $25,000,000 on any advertising campaign, promotion, or related effort unless—

(1) the obligation or expenditure is approved by an affirmative vote of at least ⅔ of the members of the board present at the meeting;

(2) at least 8 members of the board are present at the meeting at which it is approved; and

(3) each member of the board has been given at least 3 days advance notice of the meeting at which the vote is to be taken and the matters to be voted upon at that meeting.

(h) FISCAL ACCOUNTABILITY.

(1) FISCAL YEAR.—The Corporation shall establish as its fiscal year the 12-month period beginning on October 1.

(2) BUDGET.—The Corporation shall adopt a budget for each fiscal year.

(3) ANNUAL AUDITS.—The Corporation shall engage an independent accounting firm to conduct an annual financial audit of the Corporation's operations and shall publish the results of the audit. The Comptroller General shall have full and complete access to the books and records of the Corporation.

SEC. 3. ACCOUNTABILITY MEASURES.

(a) OBJECTIVES.—The Board shall establish annual objectives for the Corporation for each fiscal year subject to approval by the Secretary. The Corporation shall establish a marketing plan for each fiscal year not less than 60 days before the beginning of that year and provide a copy of the plan, and any revisions thereof, to the Secretary.

(b) BUDGET.—The board shall transmit a copy of the Corporation's budget for the forthcoming fiscal year to the Secretary no later than August 16 immediately preceding that fiscal year, together with an explanation of any expenditure provided for by the budget in excess of $5,000,000 for the fiscal year. The Corporation shall make a copy of the budget and the explanation available to the public and shall provide public access to the budget and explanation on the Corporation's website.

(c) ANNUAL REPORT TO CONGRESS.—The Corporation shall submit an annual report for the preceding fiscal year to the Secretary of Commerce for transmittal to the Congress on or before the 15th day of May of each year. The report shall include—

(1) a comprehensive and detailed report of the Corporation's operations, activities, financial condition, and accomplishments under this Act;

(2) a comprehensive and detailed inventory of amounts obligated or expended by the Corporation during the preceding fiscal year;

(3) an objective and quantifiable measurement of its progress, on an objective-by-objective basis, in meeting the objectives established by the board;

(4) an explanation of the reason for any failure to achieve an objective established by the board; and

(5) such recommendations as the Corporation deems appropriate.

SEC. 4. MATCHING PUBLIC AND PRIVATE FUNDING.

(a) ESTABLISHMENT OF TRAVEL PROMOTION FUND.—There is hereby established in the Treasury a fund which shall be known as the Travel Promotion Fund.

(b) FUNDING.—

(1) FIRST YEAR.—For fiscal year 2008, the Corporation may borrow from the Treasury beginning on October 1, 2007, such sums as may be necessary, but not to exceed $10,000,000, to cover its initial expenses and activities under this Act. Before October 1, 2012, the Corporation shall reimburse the Treasury, without interest, for any such amounts borrowed from the Treasury, using funds deposited in the Fund from non-Federal sources. Amounts reimbursed to the Treasury shall be treated as matching funds from non-Federal sources for purposes of subsection (c) in the fiscal year in which such reimbursements are made.

(2) SUBSEQUENT YEARS.—For each of fiscal years 2009 through 2012, from amounts deposited in the general fund of the Treasury during the preceding fiscal year from fees under section 5 of this Act, the Secretary of the Treasury shall transfer not more than $100,000,000 to the Fund, which shall be made available to the Corporation, subject to subsection (c) of this section, to carry out its functions under this Act. Transfers shall be made at least quarterly on the basis of estimates by the Secretary, and proper adjustments shall be made in amounts subsequently transferred to the extent prior estimates were in excess or less than the amounts required to be transferred.

(c) MATCHING REQUIREMENT.—

(1) IN GENERAL.—No amounts may be made available to the Corporation under this section after fiscal year 2008, except to the extent that—

(A) for fiscal year 2009, the Corporation provides matching funds from non-Federal sources equal in the aggregate to 50 percent or more of the amount transferred to the Fund under subsection (b); and

(B) for any fiscal year after fiscal year 2009, the Corporation provides matching funds from non-Federal sources equal in the aggregate to 100 percent of the amount transferred to the Fund under subsection (b) for the fiscal year.

(2) GOODS AND SERVICES.—For the purpose of determining the amount of matching funds, other than money, available to the Corporation—

(A) the fair market value of goods and services (including advertising) contributed to the Corporation for use under this Act may be included in the determination; but

(B) the fair market value of such goods and services may not account for more than 80 percent of the matching requirement for the Corporation in any fiscal year.

(3) RIGHT OF REFUSAL.—The Corporation may decline to accept any contribution in kind that it determines to be inappropriate, not useful, or commercially worthless.

(4) CARRYFORWARD.—The amount of any matching funds received by the Corporation in fiscal year 2009, 2010, or 2011 that cannot be used as matching funds in the fiscal year in which received may be carried forward and treated as having been received in the succeeding fiscal year for purposes of meeting the matching requirement of paragraph (1) in such succeeding fiscal year.

SEC. 5. TRAVEL PROMOTION FUND FEES.

If a fully automated electronic traveler authorization system to collect basic biographical information in order to determine, in advance of travel, the eligibility of an alien to travel to the United States is implemented, the United States Government may charge a fee to an applicant for the use of the system. The amount of any such fee initially shall be at least $10, plus such amounts as may be necessary to cover the cost of operating such a system, but may be reduced thereafter if that amount is not necessary to ensure that the Corporation is fully funded.

SEC. 6. ASSESSMENT AUTHORITY.

(a) IN GENERAL.—Except as otherwise provided in this section, the Corporation may impose an annual assessment on United States members of the international travel and tourism industry (other than those described in section 2(b)(1)(D), (H), or (I)) represented on the Board in proportion to their share of the aggregate international travel and tourism revenue of the industry.

(b) INITIAL ASSESSMENT LIMITED.—The Corporation may establish the initial assessment after the date of enactment of the Travel and Tourism Promotion Act at no greater, in the aggregate, than $20,000,000.

(c) REFERENDA.—

(1) IN GENERAL.—The Corporation may not impose an annual assessment unless—

(A) the Corporation submits the proposed annual assessment to members of the industry in a referendum; and

(B) the assessment is approved by a majority of those voting in the referendum.

(3) PROCEDURAL REQUIREMENTS.—In conducting a referendum under this subsection, the Corporation shall—

(A) provide written or electronic notice not less than 60 days before the date of the referendum;

(B) describe the proposed assessment or increase and explain the reasons for the referendum in the notice; and

(C) determine the results of the referendum on the basis of weighted voting apportioned according to each business entity's relative share of the aggregate annual United States international travel and tourism revenue for the industry per business entity, treating all related entities as a single entity.

(d) COLLECTION.—

(1) IN GENERAL.—The Corporation shall establish a means of collecting the assessment that it finds to be efficient and effective. The Corporation may establish a late payment charge and rate of interest to be imposed on any person who fails to remit or pay to the Corporation any amount assessed by the Corporation under this Act.

(2) ENFORCEMENT.—The Corporation may bring suit in Federal court to compel compliance with an assessment levied by the Corporation under this Act.

(e) INVESTMENT OF FUNDS.—Pending disbursement pursuant to a program, plan, or project, the Corporation may invest funds collected through assessments, and any other funds received by the Corporation, only in obligations of the United States or any agency thereof, in general obligations of any State or any political subdivision thereof, in any interest-bearing account or certificate of deposit of a bank that is a member of the Federal Reserve System, or in obligations fully guaranteed as to principal and interest by the United States.

SEC. 7. UNDER SECRETARY OF COMMERCE FOR TRAVEL PROMOTION.

(a) IN GENERAL.—Title II of the International Travel Act of 1961 (22 U.S.C. 2121 et seq.) is amended by inserting after section 201 the following:

''SEC. 202. OFFICE OF TRAVEL PROMOTION.

''(a) OFFICE ESTABLISHED.—There is established within the Department of Commerce an office to be known as the Office of Travel Promotion.

''(b) UNDER SECRETARY FOR TRAVEL PROMOTION.—

''(1) IN GENERAL.—The head of the Office shall be the Under Secretary of Commerce for Travel Promotion. The Under Secretary shall be appointed by the President, by and with the advice and consent of the Senate.

''(2) QUALIFICATIONS.—The Under Secretary shall—

''(A) be a citizen of the United States; and

''(B) have experience in a field directly related to the promotion of travel in the United States.

''(3) LIMITATION ON INVESTMENTS.—The Under Secretary may not own stock in, or have a direct or indirect beneficial interest in, a corporation or other enterprise engaged in the travel, transportation, or hospitality business or in a corporation or other enterprise that owns or operates theme park or other entertainment facility.

''(c) FUNCTION.—The Under Secretary shall—

''(1) serve as liaison to the Corporation for Travel Promotion established by section 2 of the Travel Promotion Act of 2007 and support and encourage the development of programs to increase the number of international visitors to the United States for business, leisure, educational, medical, exchange, and other purposes;

''(2) work with the Corporation, the Secretary of State, and the Secretary of Homeland Security—

''(A) to disseminate information more effectively to potential international visitors about documentation and procedures required for admission to the United States as a visitor; and

''(B) to ensure that arriving international visitors are processed efficiently and in a welcoming and respectful manner;

''(3) support State, regional, and private sector initiatives to promote travel to and within the United States;

''(4) supervise the operations of the Office of Travel and Tourism Industries; and

''(5) enhance the entry and departure experience for international visitors.

''(d) REPORTS TO CONGRESS.—Within a year after the date of enactment of the Travel Promotion Act of 2007, and periodically thereafter as appropriate, the Under Secretary shall transmit a report to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Energy and Commerce describing the Under Secretary's work with the Corporation, the Secretary of State, and the Secretary of Homeland Security to carry out subsection (c)(2).''.

(b) CONFORMING AMENDMENTS.—

(1) Section 5313 of title 5, United States Code, is amended by adding at the end the following:

''The Under Secretary of Commerce for Travel Promotion.''.

(2) The International Travel Act of 1961 (22 U.S.C. 2121 et seq.) is amended by striking ''Commerce (hereafter in this Act referred to as the 'Secretary')'' in section 201 (22 U.S.C. 2122) and inserting ''Commerce, acting through the Under Secretary for Travel Promotion,''.

SEC. 8. RESEARCH PROGRAM.

Title II of the International Travel Act of 1961 (22 U.S.C. 2121 et seq.), as amended by section 6, is further amended by inserting after section 202 the following:

''SEC. 203. RESEARCH PROGRAM.

''The Office of Travel and Tourism Industries shall expand and continue its research and development activities in connection with the promotion of international travel to the United States, including—

''(1) expanding access to the official Mexican travel surveys data to provide the States with traveler characteristics and visitation estimates for targeted marketing programs;

''(2) revising the Commerce Department's Survey of International Travelers questionnaire and report formats to accommodate a new survey instrument, expanding the respondent base, improving response rates, and improving market coverage;

''(3) developing estimates of international travel exports (expenditures) on a State-by-State basis to enable each State to compare its comparative position to national totals and other States;

''(4) evaluate the success of the Corporation in achieving its objectives and carrying out the purposes of the Travel Promotion Act of 2007; and

''(5) research to support the annual report required by section 202(d) of this Act.''.

''(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of Commerce for fiscal years 2008 through 2012 such sums as may be necessary to carry out this section.''.

SEC. 9. DEFINITIONS.

In this Act:

(1) BOARD.—The term ''Board'' means the board of directors of the Corporation.

(2) CORPORATION.—The term ''Corporation'' means the Corporation for Travel Promotion established by section 2.

(3) FUND.—The term ''Fund'' means the Travel Promotion Fund established by section 4.

(4) SECRETARY.—Except as otherwise expressly provided, the term ''Secretary'' means the Secretary of Commerce.

Mr. INOUYE. Mr. President, the travel and tourism industry is a driving force for our Nation's economy. In 2006, the industry generated a $7.3 billion trade surplus. In 2006, international receipts for travel-related tourism spending reached $107.8 billion. Travel and tourism supported 8.3 million American jobs in 2006, of which 1.1 million were supported by international travel and tourism. In Hawaii, tourism is the largest industry bringing in approximately $12 billion annually, $4 billion of which derives from international visitor spending.

International tourism brings more than economic returns. International travelers who visit our country can advance our standing overseas. Studies have shown that, after visiting the United States and interacting with Americans, 74 percent of visitors have a more favorable opinion of our country.

In recent years, overseas travel to the United States has suffered. In the wake of the September 11, 2001, terrorist attack, the United States made a number of necessary changes in the visa and entry processes to improve security, but some of those changes have confused and deterred visitors from even the friendliest countries. Many in the travel industry have continued to express concerns about the perception that the U.S. entry process is unnecessarily antagonistic.

In order to strengthen our competitiveness and recover lost international market share, we must improve and better explain the process for travelers coming to America. The world needs to know that the United States welcomes business and leisure travelers.

In addressing these concerns, and in recognizing the benefits of travel promotion, I am pleased to join my colleagues, Senator DORGAN and Vice Chairman STEVENS, in introducing the Travel Promotion Act of 2007. The bill establishes a nonprofit, independent corporation charged with reaching out to potential international travelers, clarifying the ease of travel to America, and encouraging them to visit. As experts have testified in hearings before the Commerce Committee, a unified effort to promote tourism to all areas of the United States is necessary and cannot be achieved by the industry alone.

The proposed corporation will be run by 14 board members, appointed by the Secretary of Commerce, who represent all aspects of the travel industry, including State tourism boards, hotels, and airlines, as well as the Federal Government. A small fee collected from international travelers to the United States will help fund the corporation, but its costs will be truly

shared with industry. In order to receive the funds collected by the Government, the corporation will need to raise matching funds from the travel industry. By working together, the Federal and State governments and business will be able to revitalize the travel industry and make America a stronger and more welcoming destination.

In most developed countries, the minister of tourism is one of the most powerful and important positions in the government. For too long, our Government has relegated travel and tourism to a second tier status. The bill seeks to improve that status by creating an Under Secretary of Commerce for Travel Promotion who would work with the State Department and the Department of Homeland Security, as well as the corporation, to improve travel promotion efforts and the entry process for international travelers.

The travel and tourism industry helps drive the U.S. economy. The Travel Promotion Act of 2007 will enhance our competitiveness while improving our image abroad, and I urge my colleagues to support this measure.

By Mr. KERRY (for himself and Ms. SNOWE):

S. 1662. A bill to amend the Small Business Investment Act of 1958 to reauthorize the venture capital program, and for other purposes; to the Committee on Small Business and Entrepreneurship.

Mr. KERRY. Mr. President, today I am introducing legislation with my colleague, Senator SNOWE, to increase access to venture capital for small businesses. This type of financing is essential to grow a company, but it's hard to come by, particularly for start-up firms. The Small Business Administration, SBA, has played an important role in filling this gap for almost 50 years with the Small Business Investment Company, SBIC, program.

Since the SBIC program's inception in 1958, SBIC firms have invested $48 billion in more than 100,000 small businesses. For fiscal year 2006 alone, 30 percent of all SBIC investment dollars went to companies that had been in business for two years or less. Overall in that year, SBIC financing supported more than 2,000 small businesses which employed a total of 286,000 Americans.

Many extremely successful companies that received their start from SBIC financing are now household names: Intel, Federal Express, Jenny Craig, and Outback Steakhouse are all SBIC success stories. Companies receiving SBIC financing have also consistently appeared on a variety of prominent business lists, including Inc. 500, BusinessWeek's ''Hot Growth Companies'' and ''Hot Growth Hall of Fame,'' Fortune magazine's ''Best Companies to Work For'' and ''Most Admired Companies,'' and the FSB 100. And they provide tens of thousands of jobs and contribute significantly to our Federal and local tax bases, paying back the investment many times over.

Given the important contribution SBIC funds have made to our economy, our bill reauthorizes the SBIC program for another 3 years, through 2010, ensuring the continued availability of this important small business financing tool. Additionally, the legislation simplifies the program's regulations to attract new investors and allow existing investors to increase their involvement. These provisions will ensure that dependable capital is available for small businesses for years to come.

Entrepreneurs may start out small, but the contribution they make to our economy is huge—and particularly important in underserved communities. This legislation will also increase the leverage cap for small businesses owned by women and minorities as well as those located in low-income areas. It will simplify existing incentives for investing in the smallest businesses in order to give every entrepreneur a fighting chance. Finally, we have included a provision which ensures that SBICs licensed under the participating securities program will be able to easily make follow-up investments in successful companies.

Small businesses are responsible for more than two-thirds of all new jobs in America. They employ more than half of the private sector work force, and pump over $900 billion into the economy annually. As small business owners are living the American dream, they should be able to count on the government to help create an environment where they can do what they do best: innovate, compete, and create good jobs for Americans.

I thank Senator SNOWE for joining me in introducing this bill, and I ask my colleagues to support it when it comes before the full Senate for consideration. Mr. President, I ask that the text of the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 1662

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Small Business Venture Capital Act of 2007''.

SEC. 2. REAUTHORIZATION.

Section 20 of the Small Business Act (15 U.S.C. 631 note) is amended by inserting after subsection (e) the following:

(1) the terms ''Administration'' and ''Administrator'' mean the Small Business Administration and the Administrator thereof, respectively;

(2) the term ''low-income geographic area'' has the same meaning as in section 351 of the Small Business Investment Act of 1958 (15 U.S.C. 689), as amended by this Act;

(3) the term ''New Markets Venture Capital company'' has the same meaning as in section 351 of the Small Business Investment Act of 1958 (15 U.S.C. 689); and

(4) the term ''New Markets Venture Capital Program'' means the program under part B of title III of the Small Business Investment Act of 1958 (15 U.S.C. 689 et seq.).

SEC. 3. DIVERSIFICATION OF NEW MARKETS VENTURE CAPITAL PROGRAM.

(a) SELECTION OF COMPANIES IN EACH GEOGRAPHIC REGION.—Section 354 of the Small Business Investment Act of 1958 (15 U.S.C. 689c) is amended by adding at the end the following:

''(f) GEOGRAPHIC REQUIREMENT.—In selecting companies to participate as New Markets Venture Capital companies in the program established under this part, the Administrator shall select, to the extent practicable, from among companies submitting applications under subsection (b), at least 1 company from each geographic region of the Administration.''.

(b) PARTICIPATION IN NEW MARKETS VENTURE CAPITAL PROGRAM.—

(1) ADMINISTRATION PARTICIPATION REQUIRED.—Section 353 of the Small Business Investment Act of 1958 (15 U.S.C. 689b) is amended in the matter preceding paragraph (1), by striking ''under which the Administrator may'' and inserting ''under which the Administrator shall''.

(2) SMALL MANUFACTURER PARTICIPATION AGREEMENTS REQUIRED.—Section 353 of the Small Business Investment Act of 1958 (15 U.S.C. 689b) is amended—

(A) by striking ''In accordance with this part,'' and inserting the following:

''(a) IN GENERAL.—In accordance with this part,'';

(B) in subsection (a)(1), as so designated by this paragraph, by inserting after ''section 352'' the following: ''(with at least 1 such agreement to be with a company engaged primarily in development of and investment in small manufacturers, to the extent practicable)''; and

(C) by adding at the end the following:

''(b) RULE OF CONSTRUCTION.—Subsection (a)(1) shall not be construed to authorize the Administrator to decline to enter into a participation agreement with a company solely on the basis that the company is not engaged primarily in development of and investment in small manufacturers.''.

SEC. 4. ESTABLISHMENT OF OFFICE OF NEW MARKETS VENTURE CAPITAL.

Title II of the Small Business Investment Act of 1958 (15 U.S.C. 671) is amended by adding at the end the following:

''SEC. 202. OFFICE OF NEW MARKETS VENTURE CAPITAL.

''(a) ESTABLISHMENT.—There is established in the Investment Division of the Administration, the Office of New Markets Venture Capital.

''(b) DIRECTOR.—The Office of New Markets Venture Capital shall be headed by a Director, who shall be a career appointee in the Senior Executive Service, as those terms are defined in section 3132 of title 5, United States Code.

''(c) RESPONSIBILITIES OF DIRECTOR.—The responsibilities of the Director of the Office of New Markets Venture Capital include—

''(1) to administer the New Markets Venture Capital Program under part B of title III;

''(2) to assess, not less frequently than once every 2 years, the nature and scope of the New Markets Venture Capital Program and to advise the Administrator on recommended changes to the program, based on such assessment;

''(3) to work to expand the number of small business concerns participating in the New Markets Venture Capital Program; and

''(4) to encourage investment in small manufacturing.''.

SEC. 5. LOW-INCOME GEOGRAPHIC AREAS.

(a) IN GENERAL.—Section 351 of the Small Business Investment Act of 1958 (15 U.S.C. 689) is amended—

(1) by striking paragraphs (2) and (3) and inserting the following:

''(2) LOW-INCOME GEOGRAPHIC AREA.—The term 'low-income geographic area' has the meaning given the term 'low-income community' in section 45D of the Internal Revenue Code of 1986 (relating to the new markets tax credit).''; and

(2) by redesignating paragraphs (4) through (8) as paragraphs (3) through (7), respectively.

(b) APPLICATION OF AMENDED DEFINITION TO CAPITAL REQUIREMENT.—The definition of a low-income geographic area in section 351(2) of the Small Business Investment Act of 1958, as amended by subsection (a), shall apply to private capital raised under section 354(d)(1) of the Small Business Investment Act of 1958 (15 U.S.C. 689c(d)(1)) before, on, or after the date of enactment of this Act.

SEC. 6. LIMITATION ON TIME FOR FINAL APPROVAL OF COMPANIES.

Section 354(d) of the Small Business Investment Act of 1958 (15 U.S.C. 689c(d)) is amended by striking ''a period of time, not to exceed 2 years,'' and inserting ''2 years''.

SEC. 7. APPLICATIONS FOR NEW MARKETS VENTURE CAPITAL PROGRAM.

Not later than 60 days after the date of enactment of this Act, the Administrator shall prescribe standard documents for an application for final approval by a New Markets Venture Capital company under section 354(e) of the Small Business Investment Act of 1958 (15 U.S.C. 689c(e)). The Administrator shall ensure that such documents are designed to substantially reduce the cost burden of the application process on a company making such an application.

SEC. 8. OPERATIONAL ASSISTANCE GRANTS.

Section 358(a)(4)(A) of the Small Business Investment Act of 1958 (15 U.S.C. 689g(a)(4)(A)) is amended to read as follows:

''(A) NEW MARKETS VENTURE CAPITAL COMPANIES.—Notwithstanding section 354(d)(2), the amount of a grant made under this subsection to a New Markets Venture Capital company shall be equal to the lesser of—

''(i) 10 percent of the private capital raised by the company; or

''(ii) $1,000,000.''.

SEC. 9. AUTHORIZATION OF APPROPRIATIONS.

Section 368(a) of the Small Business Investment Act of 1958 (15 U.S.C. 689q(a)) is amended—

(1) in the matter preceding paragraph (1), by striking ''fiscal years 2001 through 2006'' and inserting ''fiscal years 2007 through 2010''; and

(2) in paragraph (2), by striking ''$30,000,000'' and inserting ''$20,000,000''.

Ms. SNOWE. Mr. President, as Ranking Member of the Senate Committee on Small Business and Entrepreneurship, I rise today to join with Chairman KERRY in introducing the ''Small Business Venture Capital Act of 2007,'' a bill to reauthorize and improve the Small Business Administration's (SBA) Small Business Investment Company (SBIC) Program. I am deeply committed to supporting our nation's small businesses by increasing their access to capital. Small businesses employ more than half (57 percent) of the total private-sector workforce and are responsible for the creation of more than two-thirds of all new jobs. Clearly, increasing investments in small businesses is crucial to our on-going economic success.

This bill, a product of genuine bipartisan negotiation, will reform and enhance the SBIC program, which is so vital to fostering innovation, growth, and job creation in small businesses throughout our country. SBICs are privately owned and managed venture capital investment companies that are licensed and regulated by the SBA. SBICs use their own capital, combined with funds borrowed from other private investors and supported by an SBA guarantee, to make equity and debt investments in qualifying small businesses. The SBA shares in the profits of SBICs. The structure of the program is unique and has been a model for similar public-private partnerships around the world.

The program has been successful in mobilizing private venture capital investment and leveraging private investment with additional funds supported by SBA guarantees. According to the SBA's annual reports to Congress, the SBIC program has provided billions in financing to small businesses since its inception. For example, companies like Staples, FedEx, Outback Steakhouse, America Online, Costco, Apple Computers, and Intel have all received SBIC investments at one time in their history.

Each year, financing brought about by the SBIC program allows small businesses to create or retain tens of thousands of jobs. For example, during Fiscal Year 2006, the SBIC program invested $2.987 billion in 2,121 small businesses. Of these, 40 percent were located in government-designated Low and Moderate Income (LMI) areas of the county. Those LMI-district companies received $669 million of the total dollars invested by SBICs in 2006. Since its beginning in 1958, the SBIC program has provided approximately $48 billion of long-term debt and equity capital to more than 100,000 small businesses. In fact, in my home State of Maine, SBICs invested nearly $21 million during FY 2006.

A key proposal in this bill is a technical change made to simplify the maximum leverage limits contained in the current statute. Under current law, the maximum leverage cap or the maximum amount of government-guaranteed capital an SBIC can control for Fiscal Year 2007, is $127.2 million for any one SBIC or for multiple SBICs controlled by the same management team. The cap increases automatically on an annual basis by the percentage increase in the Consumer Price Index (CPI). The problem with current law is that because the leverage cap applies to a whole family of SBICs, it is often impossible for a successful SBIC to operate a second or third fund due to a lack of available leverage. Additional leverage would remedy this issue. Accordingly, the bill increases the leverage cap for anyone fund to $150 million, and the cap for multiple funds held under one management team to $225 million.

Furthermore, this bill will increase leverage available for investment in minority- and women-owned businesses, which are having trouble accessing SBIC dollars. In Fiscal Year 2004, minority-owned firms received 5.2 percent of financing dollars. Women-owned businesses obtained just 2.2 percent of financing dollars. To try to increase financing available to such small businesses, the bill increases leverage limits to $175 million for a single fund and $250 million for a group of funds held under an SBIC license if the SBIC certifies that at least 50 percent of its investments are made in companies that are owned by either women or minorities, or are located in a low-income geographic area.

Mr. President, I urge my colleagues to support this bill. Too much is at stake for small businesses, and the economy as a whole, to allow this critical legislation to languish. Failing to advance this bill would diminish our chances for innovation, and stifle the entrepreneurial opportunities this program has and will continue to produce.

By Mr. KERRY (for himself and Ms. SNOWE):

S. 1663. A bill to amend the Small Business Investment Act of 1958 to reauthorize the New Markets Venture Capital Program, and for other purposes; to the Committee on Small Business and Entrepreneurship.

Mr. KERRY. Mr. President, in addition to introducing a bill to reauthorize the Small Business Investment Company, SBIC, program, Senator SNOWE and I are introducing a bill to extend the New Markets Venture Capital, NMVC, program. The Securing Equity for the Economic Development of Low Income Areas Act of 2007, or the SEED Act, is important to states like Massachusetts and Maine.

Both of our States are home to pioneers in the field of development venture capital, which uses the discipline of traditional venture investing to focus on economic development in low-income areas. We know the benefits of this type of investment and believe the model should be expanded to other parts of the country.

Our support is not new. In my case, I was the sponsor of the Community Development and Venture Capital Act of 1999, which created the New Markets Venture Capital program. Its purpose was to stimulate economic development through public-private partnerships that invest venture capital in smaller businesses located in impoverished rural and urban areas or that employ low-income people.

Both innovative and fiscally sound, this program was built on two of the Small Business Administration's most popular programs. It developed a financial structure similar to that of the successful Small Business Investment Company, SBIC, program, mentioned earlier, while also incorporating a technical assistance component similar to that of SBA's microloan program.

However, unlike the SBIC program, which focuses on small businesses with high-growth potential, the New Markets Venture Capital program focuses on small businesses that show promise of both financial and social returns—what is referred to as a ''double bottom line.'' These businesses have special needs, and they tend to want intensive, ongoing financial, management and marketing assistance, be higher risk, and need longer periods to pay back money than SBIC investments. However, they more than balance out the equation by providing good, stable jobs and creating wealth in our neediest communities.

Unfortunately, the program expired in 2006, and it has been operating under temporary authority since then. The SEED Act seeks to reauthorize, expand, and improve this important program.

First, the bill will reauthorize the program for the next 3 years until 2010, making it possible for the SBA to license up to 20 more New Markets Venture Capital funds. Those funds will have the potential to invest $250 million in small businesses in low-income areas, by leveraging $150 million in debentures. Building on experiences with this program and the Rural Business Investment Company Program, which proved the matching requirement unreasonable and inefficient, the bill changes the operational assistance grants so that firms can get up to $1 million in funding in order to provide the companies they invest in with management assistance services. This support is absolutely necessary to make their business a success. Also important to making future funds successful, we have clarified that new markets venture capital companies have two years to raise their private capital. The committee has been troubled by the Agency's interpretation of the NMVC statute, which they viewed as giving SBA the authority to choose how much time it can give conditionally approved NMVCs to raise private-sector matching money. The chosen time frames were unreasonable and not what Congress intended. This bill clarifies that they get the full 2 years to raise the money. The bill also establishes an office of new markets venture capital so that there are resources devoted to its management and oversight, something lacking in past years. And to try to expand the reach of development capital in other parts of the country, the bill requires the SBA, to the extent practicable, to try and license funds in each of the Agency's ten regions, so that there is diversity. And it requires the SBA, to the extent practicable, to try and license a fund that focuses on investments in small manufacturers, as a way to help stem the loss of manufacturing in this country.

On behalf of the Nation's small businesses and entrepreneurs, I urge my colleagues to support this important legislation. Mr. President, I ask that the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 1663

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Securing Equity for the Economic Development of Low Income Areas Act of 2007'' or the ''SEED Act''.

SEC. 2. DEFINITIONS.

In this Act—

(1) the terms ''Administration'' and ''Administrator'' mean the Small Business Administration and the Administrator thereof, respectively;

(2) the term ''low-income geographic area'' has the same meaning as in section 351 of the Small Business Investment Act of 1958 (15 U.S.C. 689), as amended by this Act;

(3) the term ''New Markets Venture Capital company'' has the same meaning as in section 351 of the Small Business Investment Act of 1958 (15 U.S.C. 689); and

(4) the term ''New Markets Venture Capital Program'' means the program under part B of title III of the Small Business Investment Act of 1958 (15 U.S.C. 689 et seq.).

SEC. 3. DIVERSIFICATION OF NEW MARKETS VENTURE CAPITAL PROGRAM.

(a) SELECTION OF COMPANIES IN EACH GEOGRAPHIC REGION.—Section 354 of the Small Business Investment Act of 1958 (15 U.S.C. 689c) is amended by adding at the end the following:

''(f) GEOGRAPHIC REQUIREMENT.—In selecting companies to participate as New Markets Venture Capital companies in the program established under this part, the Administrator shall select, to the extent practicable, from among companies submitting applications under subsection (b), at least 1 company from each geographic region of the Administration.''.

(b) PARTICIPATION IN NEW MARKETS VENTURE CAPITAL PROGRAM.—

(1) ADMINISTRATION PARTICIPATION REQUIRED.—Section 353 of the Small Business Investment Act of 1958 (15 U.S.C. 689b) is amended in the matter preceding paragraph (1), by striking ''under which the Administrator may'' and inserting ''under which the Administrator shall''.

(2) SMALL MANUFACTURER PARTICIPATION AGREEMENTS REQUIRED.—Section 353 of the Small Business Investment Act of 1958 (15 U.S.C. 689b) is amended—

(A) by striking ''In accordance with this part,'' and inserting the following:

''(a) IN GENERAL.—In accordance with this part,'';

(B) in subsection (a)(1), as so designated by this paragraph, by inserting after ''section 352'' the following: ''(with at least 1 such agreement to be with a company engaged primarily in development of and investment in small manufacturers, to the extent practicable)''; and

(C) by adding at the end the following:

''(b) RULE OF CONSTRUCTION.—Subsection (a)(1) shall not be construed to authorize the Administrator to decline to enter into a participation agreement with a company solely on the basis that the company is not engaged primarily in development of and investment in small manufacturers.''.

SEC. 4. ESTABLISHMENT OF OFFICE OF NEW MARKETS VENTURE CAPITAL.

Title II of the Small Business Investment Act of 1958 (15 U.S.C. 671) is amended by adding at the end the following:

''SEC. 202. OFFICE OF NEW MARKETS VENTURE CAPITAL.

''(a) ESTABLISHMENT.—There is established in the Investment Division of the Administration, the Office of New Markets Venture Capital.

''(b) DIRECTOR.—The Office of New Markets Venture Capital shall be headed by a Director, who shall be a career appointee in the Senior Executive Service, as those terms are defined in section 3132 of title 5, United States Code.

''(c) RESPONSIBILITIES OF DIRECTOR.—The responsibilities of the Director of the Office of New Markets Venture Capital include—

''(1) to administer the New Markets Venture Capital Program under part B of title III;

''(2) to assess, not less frequently than once every 2 years, the nature and scope of the New Markets Venture Capital Program and to advise the Administrator on recommended changes to the program, based on such assessment;

''(3) to work to expand the number of small business concerns participating in the New Markets Venture Capital Program; and

''(4) to encourage investment in small manufacturing.''.

SEC. 5. LOW-INCOME GEOGRAPHIC AREAS.

(a) IN GENERAL.—Section 351 of the Small Business Investment Act of 1958 (15 U.S.C. 689) is amended—

(1) by striking paragraphs (2) and (3) and inserting the following:

''(2) LOW-INCOME GEOGRAPHIC AREA.—The term 'low-income geographic area' has the meaning given the term 'low-income community' in section 45D of the Internal Revenue Code of 1986 (relating to the new markets tax credit).''; and

(2) by redesignating paragraphs (4) through (8) as paragraphs (3) through (7), respectively.

(b) APPLICATION OF AMENDED DEFINITION TO CAPITAL REQUIREMENT.—The definition of a low-income geographic area in section 351(2) of the Small Business Investment Act of 1958, as amended by subsection (a), shall apply to private capital raised under section 354(d)(1) of the Small Business Investment Act of 1958 (15 U.S.C. 689c(d)(1)) before, on, or after the date of enactment of this Act.

SEC. 6. LIMITATION ON TIME FOR FINAL APPROVAL OF COMPANIES.

Section 354(d) of the Small Business Investment Act of 1958 (15 U.S.C. 689c(d)) is amended by striking ''a period of time, not to exceed 2 years,'' and inserting ''2 years''.

SEC. 7. APPLICATIONS FOR NEW MARKETS VENTURE CAPITAL PROGRAM.

Not later than 60 days after the date of enactment of this Act, the Administrator shall prescribe standard documents for an application for final approval by a New Markets Venture Capital company under section 354(e) of the Small Business Investment Act of 1958 (15 U.S.C. 689c(e)). The Administrator

shall ensure that such documents are designed to substantially reduce the cost burden of the application process on a company making such an application.

SEC. 8. OPERATIONAL ASSISTANCE GRANTS.

Section 358(a)(4)(A) of the Small Business Investment Act of 1958 (15 U.S.C. 689g(a)(4)(A)) is amended to read as follows:

''(A) NEW MARKETS VENTURE CAPITAL COMPANIES.—Notwithstanding section 354(d)(2), the amount of a grant made under this subsection to a New Markets Venture Capital company shall be equal to the lesser of—

''(i) 10 percent of the private capital raised by the company; or

''(ii) $1,000,000.''.

SEC. 9. AUTHORIZATION OF APPROPRIATIONS.

Section 368(a) of the Small Business Investment Act of 1958 (15 U.S.C. 689q(a)) is amended—

(1) in the matter preceding paragraph (1), by striking ''fiscal years 2001 through 2006'' and inserting ''fiscal years 2007 through 2010''; and

(2) in paragraph (2), by striking ''$30,000,000'' and inserting ''$20,000,000''.

Ms. SNOWE. Mr. President, as ranking member of the Senate Committee on Small Business and Entrepreneurship, I rise today to join with Chairman KERRY in introducing the Securing Equity for the Economic Development of Low Income Areas Act of 2007, a bill to reauthorize the New Markets Venture Capital, NMVC, Program. The NMVC program specializes in providing investment dollars to small businesses in underserved, low-wealth urban and rural communities.

Selected by the SBA through a competitive process, NMVC companies are privately owned and managed for-profit entities. They use their own private capital plus debentures obtained at favorable rates with SBA guarantees for investing. In addition, they provide technical assistance to the low-income enterprises in which they invest or intend to invest, by using private resources matched by the SBA in the form of operational assistance grants. While the Consolidated Appropriations Act of 2001, which established the program, contemplated 15 NMVC companies, unfortunately, only six NMVC companies have received final approval.

Despite the shortfall in the final numbers of approved companies, the NMVC program has achieved some remarkable success since Congress created it in 2000. According to the Community Development Venture Capital Alliance, as of March 31, 2006, the six NMVC companies had invested more than $13.4 million of capital into 29 small businesses. Not only have the NMVC Companies brought investment dollars to underinvested areas, but they have also created or maintained 1,626 jobs in low-income communities.

Although the statistics I have just cited pertain to the entire Nation, I want to share an example of how the NMVC program has been a tremendous benefit to my home State of Maine. In 2003, Mike Cote purchased Look's Canning Company in Whiting, ME, which had become one of the last of what had been dozens of canneries along Maine's coast. After changing the canning company's name to Look's Gourmet Food Company, Mike worked with Wiscasset, Maine, based Coastal Enterprises, Inc., a New Markets Venture Capital Company, to help grow the business. Look's Gourmet Food Company is now thriving by selling all-natural, high-quality, shelf-stable seafood products under the ''Bar Harbor T'' and ''Atlantic T'' brands all over the country. As Look's took off, it was able to create 18 new jobs with benefits in Maine's Washington County. That's no small feat for a company doing business in a county that had a 9.1 percent unemployment rate in February, the highest in Maine and more than double the national average. The bill introduced today will go a long way to assisting many low-income communities across America.

Other than reauthorizing the NMVC Program, this bill will make other changes to ensure the program is given the full opportunity to achieve its full potential. For example, the bill will conform the definition of ''low-income geographic area'' used in the NMVC program to the definition of a ''low-income community'' as defined by the New Markets Tax Credit, NMTC, program. This amendment is beneficial because many investors participate in both the NMVC and NMTC programs, and a uniform definition between the two programs would improve coordination between the two programs. This change would allow NMVC companies to invest in businesses that benefit a low-income population, as well as businesses located in low-income census tracts. This flexibility to serve low income ''targeted populations'' would be particularly important for NMVC companies operating in states like Maine which have large rural areas with dispersed populations. Additionally, the bill ensures that all existing NMVC companies can take advantage of the amended targeting for investments made with the capital they have already raised.

The entrepreneurial spirit of our 26 million small businesses dates back to our Nation's founding. Small businesses are the cornerstone of economic growth and job creation, and it is critical that we support the NMVC program that enables aspiring entrepreneurs to obtain the crucial financing dollars they need to start and grow their businesses. As ranking member of the Senate Committee on Small Business and Entrepreneurship, I have long fought to ensure the success and vitality of our country's small business sector. An investment in small business is an investment in the long-term economic prosperity of America, and I encourage my colleagues to support this vital legislation.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 239—EXPRESSING THE SENSE OF THE SENATE THAT THE ADMINISTRATION SHOULD RIGOROUSLY ENFORCE THE LAWS OF THE UNITED STATES TO SUBSTANTIALLY REDUCE ILLEGAL IMMIGRATION AND GREATLY IMPROVE BORDER SECURITY

Mr. SESSIONS (for himself, Mr. DEMINT, Mrs. DOLE, Mr. GRASSLEY, and Mr. VITTER) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. RES. 239

Whereas the President of the United States has the primary authority to employ Federal Government resources to enforce Federal immigration laws;

Whereas an estimated 40 percent of the estimated 12,000,000 to 20,000,000 illegal immigrants in the United States have overstayed their nonimmigrant visas;

Whereas the implementation of the United States Visitor and Immigrant Status Indicator Technology (US–VISIT) program would provide the Federal Government with information about whether people who entered the country on a short-term visa return to their countries of origin before such visas expire;

Whereas the decision of the Department of the Treasury to allow financial institutions to accept the Mexican matricula consular card as valid identification for the purpose of opening bank accounts encourages illegal immigrants to remain in the United States;

Whereas Federal Bureau of Investigation officials have testified under oath that the matricula consular card ''is not a reliable form of identification, due to the nonexistence of any means of verifying the true identity of the card holder'' and because the card is so vulnerable to fraud and forgery ''there are 2 major criminal threats posed by the cards, and 1 potential terrorist threat.'';

Whereas the current and previous Administrations have failed to enforce the legally binding affidavits of support signed by sponsors of immigrants;

Whereas the lack of such enforcement sends a message to immigrants that they can wrongfully take advantage of government benefits paid for by American taxpayers;

Whereas 98 percent of illegal immigrants arrested along the international border between the United States and Mexico between 2000 and 2005 were released across the border without prosecution, and many of such illegal immigrants were caught and released multiple times;

Whereas such a catch and return without prosecution policy encourages illegal immigrants to keep trying to enter illegally and creates a revolving door of illegal immigration;

Whereas the current and previous Administrations have largely ignored laws enacted as part of the Immigration Reform and Control Act of 1986 that impose fines on businesses that employ illegal workers;

Whereas in 2004, the Administration did not issue any final orders to employers for hiring illegal immigrants;

Whereas in 2005, the Administration issued only 10 such final orders;

Whereas not enforcing employer sanctions encourages the hiring of illegal immigrants

and the easy availability of jobs acts as a magnet that attracts illegal immigrants;

Whereas neither the Department of Homeland Security nor the Department of Justice has filed suit to stop any of the 10 States that allow colleges and universities to offer in-State tuition rates to illegal immigrants in violation of section 505 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996;

Whereas such a policy unfairly burdens United States citizens because there are fewer places for legal residents in those colleges or universities and out-of-State students pay higher tuition than the tuition charged to illegal immigrants;

Whereas in some judicial jurisdictions alien smugglers will not be prosecuted by the United States Attorney's Office unless they are caught smuggling at least 12 illegal immigrants;

Whereas such a policy acts as an incentive for smugglers to continue their trade as long as they do not breach the arbitrary threshold for prosecution;

Whereas, as of June 2007, there are only 13,500 active border patrol agents, which is 1,306 less than the number Congress required be in place by the end of fiscal year 2007 under section 5202 of the Intelligence Reform and Terrorism Prevention Act of 2004;

Whereas more Border Patrol agents would help ensure effective control of the international border between the United States and Mexico;

Whereas, as of June 2007, there are only 27,500 detention beds for holding illegal immigrants, which is 15,944 less than the number Congress required be in use by the end of fiscal year 2007 under section 5204 of the Intelligence Reform and Terrorism Prevention Act of 2004;

Whereas additional detention beds would help ensure that all criminal aliens and individuals apprehended while crossing the border illegally are detained prior to prosecution and deportation;

Whereas, as of June 2007, there are only 5,571 immigration investigators, which is less than the number Congress required be in place by the end of fiscal year 2007 under section 5203 of the Intelligence Reform and Terrorism Prevention Act of 2004;

Whereas additional investigators would help ensure that sufficient worksite enforcement is performed to impose employer sanctions on those who hire illegal immigrants;

Whereas the Secure Fence Act of 2006 requires that more than 700 miles of fencing be built along the international border between the United States and Mexico;

Whereas as of June 5, 2007, only 87 miles of fencing exists, even though such fencing helps deter illegal border crossing;

Whereas the Department of Homeland Security may use expedited removal procedures for any illegal immigrants who have not been admitted or paroled into the United States and who have not affirmatively shown that they have been inside the United States for 2 years;

Whereas the Department of Homeland Security only uses expedited removal procedures for illegal immigrants who are apprehended within 100 miles of the United States border and within 14 days of entry to the Unites States even though wider use of expedited removal would help decrease the number of appeals of removal orders which clog the Federal court system;

Whereas the current Immigration Violators File in the National Crime Information Center (NCIC) database is being underutilized and could be expanded so that State and local law enforcement could help locate the more than 600,000 alien absconders living in the United States; and

Whereas the current illegal immigration crisis is a direct result of this and previous Administrations failing to enforce or adequately enforce at least 8 immigration laws passed by Congress and enacted by the current and previous Administrations: Now, therefore, be it

Resolved, That the Senate believes that—

(1) the Administration should—

(A) implement the entry and exit portions of the United States Visitor and Immigrant Status Indicator Technology (US–VISIT) as required under the Illegal Immigration Reform and Immigrant Responsibility Act of 1996;

(B) reverse the United States Treasury Department decision to allow financial institutions to accept the Mexican matricula consular cards as valid identification for the purpose of opening bank accounts;

(C) enforce legally binding affidavits of support signed by sponsors of immigrants;

(D) end the practice of catching illegal immigrants at the border and returning them without prosecution;

(E) enforce the employer sanctions contained in the Immigration Reform and Control Act of 1986.

(F) enforce section 505 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, which prohibits in-State college tuition for illegal immigrants.

(G) require prosecution of anyone caught smuggling immigrants across the border regardless of how many immigrants are being smuggled.

(H) increase the number of full time border patrol agents by at least 1,306 by the end of fiscal year 2007, as authorized by the Intelligence Reform and Terrorism Prevention Act of 2004;

(I) increase the number of detention beds for illegal immigrants by at least 15,944 by the end of fiscal year 2007, as authorized under the Intelligence Reform and Terrorism Prevention Act of 2004;

(J) increase the number of full time immigration investigators by at least 1,600 by the end of fiscal year 2007, as authorized by the Intelligence Reform and Terrorism Prevention Act of 2004;

(K) comply with the Secure Fence Act of 2006 by building over 700 miles of fencing along the international border between the United States and Mexico;

(L) increase the use of expedited removal procedures for all illegal immigrants eligible for removal under United States immigration laws; and

(M) expand the Immigration Violators File in the NCIC database to include information on aliens with final orders of removal, aliens with expired voluntary departure agreements, aliens whom Federal immigration officers have confirmed are unlawfully present, and aliens whose visas have been revoked; and

(2) taking the steps set forth in paragraph (1)—

(A) will lead to a substantial reduction in illegal immigration; and

(B) will greatly improve the border security of the United States.

AMENDMENTS SUBMITTED AND PROPOSED

SA 1655. Mr. NELSON, of Florida (for himself and Mr. SANDERS) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table.

SA 1656. Mr. SCHUMER submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1657. Mr. ISAKSON submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1658. Mr. VITTER submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1659. Mr. SUNUNU submitted an amendment intended to be proposed by him to the bill H.R. 6, supra; which was ordered to lie on the table .

SA 1660. Mr. INHOFE (for himself and Mrs. CLINTON) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1661. Mr. CARPER submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1662. Ms. KLOBUCHAR (for herself, Mr. BOND, Mr. NELSON, of Nebraska, Mr. VOINOVICH, Mr. KERRY, and Mr. HAGEL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1663. Mr. MARTINEZ submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1664. Ms. KLOBUCHAR (for herself and Ms. CANTWELL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1665. Mr. SALAZAR (for himself and Mr. BROWN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1666. Mr. INHOFE (for himself, Mr. BURR, and Mrs. DOLE) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1667. Mr. INHOFE submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1668. Mr. INHOFE submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1669. Mr. INHOFE submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1670. Ms. MURKOWSKI (for herself and Mr. STEVENS) submitted an amendment intended to be proposed to amendment SA 1502

proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1671. Ms. LANDRIEU submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1672. Mr. SCHUMER (for himself and Mr. KENNEDY) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1673. Mr. BINGAMAN (for himself, Mr. DODD, Mr. ALLARD, Mr. REED, Mr. CRAPO, Mr. SCHUMER, Mr . MARTINEZ, Mr. CASEY, and Mr. BAYH) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1674. Mr. FEINGOLD submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1675. Mr. MENENDEZ submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1676. Mr. BROWN submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1677. Mr. BINGAMAN submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1678. Mrs. HUTCHISON (for herself and Mr. CORNYN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1679. Mrs. HUTCHISON (for herself and Mr. CORNYN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1680. Mr. HAGEL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1681. Mr. HAGEL (for himself and Mr. LIEBERMAN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1682. Mr. HAGEL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1683. Mr. VOINOVICH (for himself, Mr. CARPER, and Mr. INHOFE) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1684. Mrs. HUTCHISON (for herself and Mr. CORNYN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1685. Mr. HAGEL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1686. Mr. ALLARD submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1687. Mr. BURR submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1688. Mr. BURR submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1689. Mr. BURR submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1690. Mr. MENENDEZ (for himself and Mr. SANDERS) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1691. Mr. WYDEN (for himself and Mr. SUNUNU) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1692. Ms. MURKOWSKI submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1693. Mr. BINGAMAN (for himself, Mrs. BOXER, and Mr. REID) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1694. Mr. BINGAMAN (for himself, Mrs. BOXER, and Mr. REID) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1695. Mr. BINGAMAN (for himself, Mrs. BOXER, and Mr. REID) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1696. Mr. NELSON, of Nebraska (for himself, Mr. CRAIG, Mr. CRAPO, Mr. KOHL, Mr. ALLARD, and Mr. THUNE) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1697. Mr. WEBB submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1698. Ms. CANTWELL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1699. Ms. CANTWELL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1700. Ms. COLLINS submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1701. Mrs. DOLE submitted an amendment intended to be proposed by her to the bill S. 1639, to provide for comprehensive immigration reform and for other purposes; which was ordered to lie on the table.

SA 1702. Ms. SNOWE (for herself and Mr. KERRY) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table.

SA 1703. Ms. MURKOWSKI submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1704. Mr. BAUCUS (for himself, Mr. GRASSLEY, Mr. BINGAMAN, Ms. CANTWELL, Mr. WYDEN, Mr. SCHUMER, Mr. SALAZAR, and Ms. SNOWE) proposed an amendment to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra.

SA 1705. Mr. KERRY (for himself, Ms. CANTWELL, and Mr. TESTER) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1706. Mr. KERRY (for himself and Ms. SNOWE) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1707. Mr. KERRY submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1708. Mr. TESTER (for himself and Mr. COLEMAN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1709. Mr. ENZI proposed an amendment to the bill S. 277, to modify the boundaries of Grand Teton National Park to include certain land within the GT Park Subdivision, and for other purposes.

SA 1710. Mr. FEINGOLD (for himself, Mr. SANDERS, and Mr. MENENDEZ) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table.

SA 1711. Mr. PRYOR (for himself, Mr. BOND, Mr. LEVIN, Mr. VOINOVICH, Ms. STABENOW, and Mrs. MCCASKILL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1712. Mr. PRYOR (for himself, Mr. BOND, Mr. LEVIN, Mr. VOINOVICH, Ms. STABENOW, and Mrs. MCCASKILL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1713. Mr. PRYOR (for himself, Mr. BOND, Mr. LEVIN, Mr. VOINOVICH, Ms. STABENOW, and Mrs. MCCASKILL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, supra; which was ordered to lie on the table.

SA 1714. Mr. SCHUMER (for Mr. KENNEDY) proposed an amendment to the bill H.R. 1429, to reauthorize the Head Start Act, to improve program quality, to expand access, and for other purposes.

SA 1715. Mr. CRAIG submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table.

TEXT OF AMENDMENTS

SA 1655. Mr. NELSON of Florida (for himself and Mr. SANDERS) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 241, line 5, strike ''35'' and insert ''40''.

SA 1656. Mr. SCHUMER submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle F of title II, add the following:

SEC. 2___. ENERGY EFFICIENCY RESOURCE STANDARD FOR RETAIL ELECTRICITY AND NATURAL GAS DISTRIBUTORS.

Title VI of the Public Utility Regulatory Policies Act of 1978 (16 U.S.C. 2601 et seq.) is amended by adding at the end the following:

''SEC. 610. ENERGY EFFICIENCY RESOURCE STANDARD FOR RETAIL ELECTRICITY AND NATURAL GAS DISTRIBUTORS.

''(a) DEFINITIONS.—In this section:

''(1) BASE QUANTITY.—The term 'base quantity', with respect to a retail electricity or natural gas distributor, means the total quantity of electric energy or natural gas delivered by the retail electricity or natural gas distributor to retail customers (other than to an electricity distributor for purposes of electric generation) during the most recent calendar year for which information is available.

''(2) CHP SAVINGS.—

''(A) IN GENERAL.—The term 'CHP savings' means the increment of electric output of a new combined heat and power system that is attributable to the higher efficiency of the combined system (as compared to the efficiency of separate production of the electric and thermal outputs), as determined in accordance with such regulations as the Secretary may promulgate.

''(B) RELATED DEFINITION.—For purposes of subparagraph (A), the term 'new combined heat and power system' means a system that uses the same energy source for the generation of electrical or mechanical power and the production of steam or another form of useful thermal energy, if—

''(i) the facility at which the system is used meets such requirements relating to efficiency and other operating characteristics as the Secretary may promulgate by regulation;

''(ii) the net wholesale sales of electricity by the facility will not exceed 50 percent of total annual electric generation by the facility; and

''(iii) the facility commences operation after June 30, 2007.

''(3) CUSTOMER FACILITY SAVINGS.—The term 'customer facility savings' means a reduction in end-use electricity or natural gas consumption (including recycled energy savings) at a facility of an end-use consumer of electricity or natural gas served by a retail electricity or natural gas distributor, as compared to—

''(A) consumption at that facility during a base year;

''(B) in the case of new equipment, regardless of whether the new equipment replaces existing equipment at the end of the useful life of the existing equipment, consumption by new equipment of average efficiency; or

''(C) in the case of a new facility, consumption at a reference facility.

''(4) ELECTRICITY SAVINGS.—The term 'electricity savings' means, as determined in accordance with such regulations as the Secretary may promulgate—

''(A) customer facility savings of electricity consumption, adjusted to reflect any associated increase in fuel consumption at the facility;

''(B) reductions in distribution system losses of electricity achieved by a retail electricity distributor, as compared to losses attributable to new or replacement distribution system equipment of average efficiency (as defined in regulations to be promulgated by the Secretary); and

''(C) CHP savings.

''(5) NATURAL GAS SAVINGS.—The term 'natural gas savings' means, as determined in accordance with such regulations as the Secretary may promulgate—

''(A) customer facility savings of natural gas, adjusted to reflect any associated increase in electricity consumption at the facility; and

''(B) reductions in leakage, operational losses, and gas fuel consumption in the operation of a gas distribution system achieved by a retail gas distributor, as compared to similar losses during a base year.

''(6) RECYCLED ENERGY SAVINGS.—The term 'recycled energy savings' means a reduction in electricity or natural gas consumption that is attributable to electrical or mechanical power (or both), or thermal energy, produced by modifying an industrial or commercial system that was in operation before July 1, 2007, in order to recapture energy that would otherwise be wasted.

''(7) RETAIL ELECTRICITY OR NATURAL GAS DISTRIBUTOR.—The term 'retail electricity or natural gas distributor' means a person or Federal or State agency that—

''(A) owns or operates an electric or natural gas distribution facility; and

''(B) using the facility, delivers to consumers of the energy that are not affiliated with, and that are not lessees or tenants of, the person or agency, during the most recent calendar year for which data are available—

''(i) more than 800,000 megawatt hours of electricity; or

''(ii) more than 1,000,000,000 cubic feet of natural gas.

''(8) VERIFIED ELECTRICITY OR NATURAL GAS SAVINGS.—The term 'verified electricity or natural gas savings' means electricity savings or natural gas savings that meet the requirements of subsection (c).

''(b) PERFORMANCE STANDARD.—

''(1) IN GENERAL.—For calendar year 2010, and each calendar year thereafter, each retail electricity or natural gas distributor shall submit to the Secretary, by not later than March 31 of the calendar year after the applicable calendar year, a number of credits issued under subsection (d) equal to the following percentages of the base quantity of the retail electricity or natural gas distributor applicable to the calendar year:

Year	Electricity Credits (%)	Natural Gas Credits (%)
2010	0.5	0.3
2011	1.25	0.6
2012	2.0	1.0
2013	3.0	1.5
2014	4.0	2.0
2015	5.0	2.5
2016	6.0	3.0
2017	7.0	3.5

Year	Electricity Credits (%)	Natural Gas Credits (%)
2018	8.0	4.0
2019	9.0	4.5
2020	10.0	5.0

''(2) SUBSEQUENT CALENDAR YEARS.—For calendar year 2021 and each calendar year thereafter, each retail electricity or natural gas distributor shall submit to the Secretary, by not later than March 31 of the calendar year after the applicable calendar year, a number of credits issued under subsection (d) equal to such a percentage of the base quantity of the retail electricity or natural gas distributor as the Secretary may determine, by regulation, but in no case less than the applicable percentage for calendar year 2020.

''(c) MEASUREMENT AND VERIFICATION OF SAVINGS.—Not later than June 30, 2009, the Secretary shall promulgate regulations regarding measurement and verification of electricity and natural gas savings under this section, including—

''(1) procedures and standards for defining and measuring electricity savings and natural gas savings that will be eligible to receive credits under subsection (d)(2), which shall—

''(A) specify the types of energy efficiency and energy conservation measures that will be eligible for the credits;

''(B) require that energy consumption estimates for customer facilities or portions of facilities in the applicable base and current years be adjusted, as appropriate, to account for changes in weather, level of production, and building area;

''(C) account for the useful life of electricity savings measures;

''(D) include deemed savings values for specific, commonly-used efficiency measures;

''(E) specify the extent to which electricity savings and natural gas savings attributable to measures carried out before July 1, 2007, are eligible to receive credits under this section; and

''(F) exclude savings that—

''(i) are not properly attributable to measures carried out by the entity seeking the credit (or a designated agent of the entity); or

''(ii) have already been credited under this section to another entity; and

''(2) procedures and standards for third-party verification of reported electricity savings or natural gas savings.

''(d) CREDIT AND TRADING SYSTEM.—

''(1) CREDIT REGULATIONS.—

''(A) IN GENERAL.—Not later than June 30, 2009, the Secretary shall promulgate regulations regarding—

''(i) the issuance of credits under this section;

''(ii) a national credit trading system; and

''(iii) a system for independent monitoring of the market for the credits.

''(B) LIMITATIONS.—In promulgating regulations under subparagraph (A), the Secretary may establish such limitations as the Secretary determines to be appropriate with respect to the extent to which a retail electricity or natural gas distributor may achieve compliance with subsection (b) by submitting credits issued for electricity or natural gas savings that are not customer facility savings at a facility served by the retail electricity or natural gas distributor.

''(C) REQUIREMENT.—In promulgating regulations under subparagraph (A), the Secretary shall provide for the issuance of appropriate credits for the mechanical output of new combined heat and power systems.

''(2) ISSUANCE OF CREDITS.—In accordance with the regulations promulgated under paragraph (1), the Secretary shall issue credits for—

''(A) verified electricity and natural gas savings achieved by a retail electricity or natural gas distributor in a certain calendar year; and

''(B) verified electricity and natural gas savings achieved by other entities (including State agencies), if—

''(i)(I) no retail electricity or natural gas distributor paid a substantial portion of the cost of achieving the savings; or

''(II) if a retail electricity or natural gas distributor paid a substantial portion of the cost of achieving the savings, the retail electricity or natural gas distributor has waived any entitlement to the credit; and

''(ii) the measures used to achieve the verified electricity and natural gas savings were installed or placed in operation by the entity seeking certification (or a designated agent of the entity).

''(3) VALUE OF CREDITS.—A credit issued by the Secretary under this subsection shall have a value of—

''(A) 1,000 kilowatt-hours, in the case of an electricity savings credit; or

''(B) 10 therms, in the case of a natural gas savings credit.

''(4) FEE.—

''(A) IN GENERAL.—Subject to subparagraph (B), the Secretary shall charge the recipient of a credit under this section a fee in an amount equal to, as determined by the Secretary, the administrative costs of issuing, recording, monitoring the sale or exchange of, and receiving the credit.

''(B) MAXIMUM AMOUNT.—Notwithstanding subparagraph (A), the amount of a fee under this paragraph shall be not more than, as applicable—

''(i) $1 for a electric credit; or

''(ii) $0.10 for a natural gas credit.

''(C) USE OF FUNDS.—The Secretary shall use fees received under this paragraph for the administrative costs of carrying out this subsection.

''(5) CREDIT SALE AND USE.—In accordance with regulations promulgated under paragraph (1), any entity that receives a credit under this section may—

''(A) sell or transfer the credit to any other entity; or

''(B) use the credit to achieve compliance with the performance standard under subsection (b).

''(e) BUYOUT OPTION.—In lieu of submitting credits to achieve compliance with an applicable performance standard under subsection (b) for a calendar year, a retail electricity or natural gas distributor may pay to the Secretary, by not later than March 31 of the following calendar year, a buyout fee in an amount equal to, as adjusted for inflation in accordance with such regulations as the Secretary may promulgate—

''(1) $20 for each electricity savings credit otherwise required to be submitted by the retail electricity or natural gas distributor; or

''(2) $2 for each natural gas savings credit otherwise required to be submitted by the retail electricity or natural gas distributor.

''(f) STATE ADMINISTRATION.—On receipt of an application from the Governor of a State, the Secretary may authorize the State to administer and enforce an energy efficiency program in the State in lieu of the program under this section, if the Secretary determines that the State program will achieve electricity savings and natural gas savings at least equivalent to the electricity savings and natural gas savings that would be required to be achieved by electricity and natural gas distributors in the State under this section.

''(g) INFORMATION AND REPORTS.—In accordance with section 13 of the Federal Energy Administration Act of 1974 (15 U.S.C. 774), the Secretary may require any retail electricity or natural gas distributor or other entity that receives a credit under this section, and any other entity as the Secretary determines to be necessary, to provide such information and reports, and access to any records or facility of the entity, as the Secretary determines to be appropriate to carry out this section.

''(h) ENFORCEMENT.—

''(1) FAILURE TO SUBMIT CREDITS.—Except in a case in which a State program is carried out in lieu of the program under this section under subsection (f), if a retail electricity or natural gas distributor fails to submit to the Secretary any credit required for compliance with the applicable performance standard under subsection (b), or to pay to the Secretary an applicable buyout payment under subsection (e), the Secretary shall assess against the retail electricity or natural gas distributor a civil penalty for each such failure in an amount equal to, as adjusted for inflation in accordance with such regulations as the Secretary may promulgate—

''(A) $100 for each electricity savings credit or buyout payment failed to be made by the retail electricity or natural gas distributor; or

''(B) $10 for each natural gas savings credit or buyout payment failed to be made by the retail electricity or natural gas distributor.

''(2) PROCEDURE.—The procedures under section 31(c) of the Federal Power Act (16 U.S.C. 823b(c)) shall apply to a civil penalty assessed under paragraph (1).

''(i) STATE LAW.—Nothing in this section supersedes or otherwise affects any State or local law (including regulations) relating to electricity savings or natural gas savings, to the extent that the State or local law requires equal or greater electricity savings or natural gas saving than the savings required by this section.''.

SA 1657. Mr. ISAKSON submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting

new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 251, line 14, strike ''(e)'' and insert the following:

(e) ALTERNATIVE FUEL ECONOMY STANDARDS FOR LOW VOLUME MANUFACTURERS AND NEW ENTRANTS.—Section 32902(d) of title 49, United States Code, is amended to read as follows:

''(d) ALTERNATIVE AVERAGE FUEL ECONOMY STANDARD.—

''(1) IN GENERAL.—Upon the application of an eligible manufacturer, the Secretary of Transportation may prescribe an alternative average fuel economy standard for automobiles manufactured by that manufacturer if the Secretary determines that—

''(A) the applicable standard prescribed under subsection (a), (b), or (c) is more stringent than the maximum feasible average fuel economy level that manufacturer can achieve; and

''(B) the alternative average fuel economy standard prescribed under this subsection is the maximum feasible average fuel economy level that manufacturer can achieve.

''(2) APPLICATION OF ALTERNATIVE STANDARD.—The Secretary may provide for the application of an alternative average fuel economy standard prescribed under paragraph (1) to—

''(A) the manufacturer that applied for the alternative average fuel economy standard;

''(B) all automobiles to which this subsection applies; or

''(C) classes of automobiles manufactured by eligible manufacturers.

''(3) IMPORTERS.—Notwithstanding paragraph (1), an importer registered under section 30141(c) may not be exempted as a manufacturer under paragraph (1) for an automobile that the importer—

''(A) imports; or

''(B) brings into compliance with applicable motor vehicle safety standards prescribed under chapter 301 for an individual described in section 30142.

''(4) APPLICATION.—The Secretary of Transportation may prescribe the contents of an application for an alternative average fuel economy standard.

''(5) ELIGIBLE MANUFACTURER DEFINED.—In this section, the term 'eligible manufacturer' means a manufacturer that—

''(A) is not owned in part or in whole by another manufacturer that sold greater than 0.5 percent of the number of automobiles sold in the United States in the model year prior to the model year to which the application relates.

''(B) sold in the United States fewer than 0.5 percent of the number of automobiles sold in the United States in the model year that is 2 years before the model year to which the application relates; and

''(C) will sell in the United States fewer than 0.5 percent of the automobiles sold in the United States for the model year for which the alternative average fuel economy standard will apply.''.

(f)

SA 1658. Mr. VITTER submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. ___. USE OF COASTAL IMPACT ASSISTANCE TO IMPROVE HURRICANE OR FLOOD PROTECTION IN RESPONSE TO HURRICANE KATRINA OR RITA.

Section 31(d)(3) of the Outer Continental Shelf Lands Act (43 U.S.C. 1356a(d)(3)) is amended—

(1) by striking ''Not'' and inserting the following:

''(A) IN GENERAL.—Except as provided in subparagraph (B), no''; and

(2) by adding at the end the following:

''(B) USE FOR HURRICANE OR FLOOD PROTECTION IN RESPONSE TO CERTAIN HURRICANES.—Subparagraph (A) shall not apply to the extent that the 1 or more purposes are designed to improve the level of hurricane or flood protection in an area declared to be a major disaster in accordance with section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170) in response to Hurricane Katrina or Rita during calendar year 2005.''.

SA 1659. Mr. SUNUNU submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SECTION __. CREDIT FOR BIOMASS FUEL PROPERTY EXPENDITURES.

(a) ALLOWANCE OF CREDIT.—Subsection (a) of section 25D (relating to allowance of credit), as amended by this Act, is amended—

(1) by striking ''and'' at the end of paragraph (3),

(2) by striking the period at the end of paragraph (4) and inserting '', and'', and

(3) by adding at the end the following new paragraph:

''(5) 30 percent of the qualified biomass fuel property expenditures made by the taxpayer during such year.''.

(b) MAXIMUM CREDIT.—Paragraph (1) of section 25D(b) (relating to maximum credit), as amended by this Act, is amended—

(1) by striking ''and'' at the end of subparagraph (C),

(2) by striking the period at the end of subparagraph (D) and inserting '', and'', and

(3) by adding at the end the following new subparagraph:

''(E) $4,000 with respect to any qualified biomass fuel property expenditures.''.

(c) MAXIMUM EXPENDITURES.—Subparagraph (A) of section 25D(e)(4) (relating to maximum expenditures in case of joint occupancy) is amended—

(1) by striking ''and'' at the end of clause (ii),

(2) by striking the period at the end of clause (iii) and inserting '', and'', and

(3) by adding at the end the following new clause:

''(iv) $13,334 in the case of any qualified biomass fuel property expenditures.''.

(d) QUALIFIED BIOMASS FUEL PROPERTY EXPENDITURES.—Subsection (d) of section 25D (relating to definitions), as amended by this Act, is amended by adding at the end the following new paragraph:

''(5) QUALIFIED BIOMASS FUEL PROPERTY EXPENDITURE.—

''(A) IN GENERAL.—The term 'qualified biomass fuel property expenditure' means an expenditure for property—

''(i) which uses the burning of biomass fuel to heat a dwelling unit located in the United States and used as a residence by the taxpayer, or to heat water for use in such a dwelling unit, and

''(ii) which has a thermal efficiency rating of at least 75 percent.

''(B) BIOMASS FUEL.—For purposes of this section, the term 'biomass fuel' means any plant-derived fuel available on a renewable or recurring basis, including agricultural crops and trees, wood and wood waste and residues (including wood pellets), plants (including aquatic plants), grasses, residues, and fibers.''.

(e) EFFECTIVE DATE.—The amendments made by this subsection shall apply to expenditures paid or incurred in taxable years beginning after December 31, 2007.

SA 1660. Mr. INHOFE (for himself and Mrs. CLINTON) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

Strike sections 402 through 404 and insert the following:

SEC. 402. COST-EFFECTIVE AND GEOTHERMAL HEAT PUMP TECHNOLOGY ACCELERATION PROGRAM.

(a) DEFINITION OF ADMINISTRATOR.—In this section, the term ''Administrator'' means the Administrator of General Services.

(b) ESTABLISHMENT.—

(1) IN GENERAL.—The Administrator shall establish a program to accelerate the use of more cost-effective technologies and practices and geothermal heat pumps at GSA facilities.

(2) REQUIREMENTS.—The program established under this subsection shall—

(A) ensure centralized responsibility for the coordination of cost reduction-related and geothermal heat pump-related recommendations, practices, and activities of all relevant Federal agencies;

(B) provide technical assistance and operational guidance to applicable tenants to achieve the goal identified in subsection (c)(2)(B)(ii); and

(C) establish methods to track the success of Federal departments and agencies with respect to that goal.

(c) ACCELERATED USE OF TECHNOLOGIES.—

(1) REVIEW.—

(A) IN GENERAL.—As part of the program under this section, not later than 90 days

after the date of enactment of this Act, the Administrator shall conduct a review of—

(i) current use of cost-effective lighting technologies and geothermal heat pumps in GSA facilities; and

(ii) the availability to managers of GSA facilities of cost-effective lighting technologies and geothermal heat pumps.

(B) REQUIREMENTS.—The review under subparagraph (A) shall—

(i) examine the use of cost-effective lighting technologies, geothermal heat pumps, and other cost-effective technologies and practices by Federal agencies in GSA facilities; and

(ii) as prepared in consultation with the Administrator of the Environmental Protection Agency, identify cost-effective lighting technology and geothermal heat pump technology standards that could be used for all types of GSA facilities.

(2) REPLACEMENT.—

(A) IN GENERAL.—As part of the program under this section, not later than 180 days after the date of enactment of this Act, the Administrator shall establish, using available appropriations, a cost-effective lighting technology and geothermal heat pump technology acceleration program to achieve maximum feasible replacement of existing lighting, heating, cooling technologies with cost-effective lighting technologies and geothermal heat pump technologies in each GSA facility.

(B) ACCELERATION PLAN TIMETABLE.—

(i) IN GENERAL.—To implement the program established under subparagraph (A), not later than 1 year after the date of enactment of this Act, the Administrator shall establish a timetable, including milestones for specific activities needed to replace existing lighting, heating, cooling technologies with cost-effective lighting technologies and geothermal heat pump technologies, to the maximum extent feasible (including at the maximum rate feasible), at each GSA facility.

(ii) GOAL.—The goal of the timetable under clause (i) shall be to complete, using available appropriations, maximum feasible replacement of existing lighting, heating, and cooling technologies with cost-effective lighting technologies and geothermal heat pump technologies by not later than the date that is 5 years after the date of enactment of this Act.

(d) GSA FACILITY TECHNOLOGIES AND PRACTICES.—Not later than 180 days after the date of enactment of this Act, and annually thereafter, the Administrator shall—

(1) ensure that a manager responsible for accelerating the use of cost-effective technologies and practices and geothermal heat pump technologies is designated for each GSA facility; and

(2) submit to Congress a plan, to be implemented to the maximum extent feasible (including at the maximum rate feasible) using available appropriations, by not later than the date that is 5 years after the date of enactment of this Act, that—

(A) with respect to cost-effective technologies and practices—

(i) identifies the specific activities needed to achieve a 20-percent reduction in operational costs through the application of cost-effective technologies and practices from 2003 levels at GSA facilities by not later than 5 years after the date of enactment of this Act; and

(ii) describes activities required and carried out to estimate the funds necessary to achieve the reduction described in clause (i);

(B) includes an estimate of the funds necessary to carry out this section;

(C) describes the status of the implementation of cost-effective technologies and practices and geothermal heat pump technologies and practices at GSA facilities, including—

(i) the extent to which programs, including the program established under subsection (b), are being carried out in accordance with this subtitle; and

(ii) the status of funding requests and appropriations for those programs;

(D) identifies within the planning, budgeting, and construction processes, all types of GSA facility-related procedures that inhibit new and existing GSA facilities from implementing cost-effective technologies or geothermal heat pump technologies;

(E) recommends language for uniform standards for use by Federal agencies in implementing cost-effective technologies and practices and geothermal heat pump technologies and practices;

(F) in coordination with the Office of Management and Budget, reviews the budget process for capital programs with respect to alternatives for—

(i) permitting Federal agencies to retain all identified savings accrued as a result of the use of cost-effective technologies and geothermal heat pump technologies; and

(ii) identifying short- and long-term cost savings that accrue from the use of cost-effective technologies and practices and geothermal heat pump technologies and practices;

(G)(i) with respect to geothermal heat pump technologies, achieves substantial operational cost savings through the application of the technologies; and

(ii) with respect to cost-effective technologies and practices, achieves cost savings through the application of cost-effective technologies and practices sufficient to pay the incremental additional costs of installing the cost-effective technologies and practices by not later than the date that is 5 years after the date of installation; and

(H) includes recommendations to address each of the matters, and a plan for implementation of each recommendation, described in subparagraphs (A) through (G).

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section, to remain available until expended.

SEC. 403. ENVIRONMENTAL PROTECTION AGENCY DEMONSTRATION GRANT PROGRAM FOR LOCAL GOVERNMENTS.

(a) GRANT PROGRAM.—

(1) IN GENERAL.—The Administrator of the Environmental Protection Agency (referred to in this section as the ''Administrator'') shall establish a demonstration program under which the Administrator shall provide competitive grants to assist local governments (such as municipalities and counties), with respect to local government buildings—

(A) to deploy cost-effective technologies and practices; and

(B) to achieve operational cost savings, through the application of cost-effective technologies and practices, as verified by the Administrator.

(2) COST SHARING.—

(A) IN GENERAL.—The Federal share of the cost of an activity carried out using a grant provided under this section shall be 40 percent.

(B) WAIVER OF NON-FEDERAL SHARE.—The Administrator may waive up to 100 percent of the local share of the cost of any grant under this section should the Administrator determine that the community is economically distressed, pursuant to objective economic criteria established by the Administrator in published guidelines.

(3) MAXIMUM AMOUNT.—The amount of a grant provided under this subsection shall not exceed $1,000,000.

(b) GUIDELINES.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator shall issue guidelines to implement the grant program established under subsection (a).

(2) REQUIREMENTS.—The guidelines under paragraph (1) shall establish—

(A) standards for monitoring and verification of operational cost savings through the application of cost-effective technologies and practices reported by grantees under this section;

(B) standards for grantees to implement training programs, and to provide technical assistance and education, relating to the retrofit of buildings using cost-effective technologies and practices; and

(C) a requirement that each local government that receives a grant under this section shall achieve facility-wide cost savings, through renovation of existing local government buildings using cost-effective technologies and practices, of at least 40 percent as compared to the baseline operational costs of the buildings before the renovation (as calculated assuming a 3-year, weather-normalized average).

(c) COMPLIANCE WITH STATE AND LOCAL LAW.—Nothing in this section or any program carried out using a grant provided under this section supersedes or otherwise affects any State or local law, to the extent that the State or local law contains a requirement that is more stringent than the relevant requirement of this section.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $20,000,000 for each of fiscal years 2007 through 2012.

(e) REPORTS.—

(1) IN GENERAL.—The Administrator shall provide annual reports to Congress on cost savings achieved and actions taken and recommendations made under this section, and any recommendations for further action.

(2) FINAL REPORT.—The Administrator shall issue a final report at the conclusion of the program, including findings, a summary of total cost savings achieved, and recommendations for further action.

(f) TERMINATION.—The program under this section shall terminate on September 30, 2012.

SEC. 404. DEFINITIONS.

In this subtitle:

(1) COST-EFFECTIVE LIGHTING TECHNOLOGY.—

(A) IN GENERAL.—The term ''cost-effective lighting technology'' means a lighting technology that—

(i) will result in substantial operational cost savings by ensuring an installed consumption of not more than 1 watt per square foot; or

(ii) is contained in a list under—

(I) section 553 of Public Law 95–619 (42 U.S.C. 8259b); and

(II) Federal acquisition regulation 23–203.

(B) INCLUSIONS.—The term ''cost-effective lighting technology'' includes—

(i) lamps;

(ii) ballasts;

(iii) luminaires;

(iv) lighting controls;

(v) daylighting; and

(vi) early use of other highly cost-effective lighting technologies.

(2) COST-EFFECTIVE TECHNOLOGIES AND PRACTICES.—The term ''cost-effective technologies and practices'' means a technology or practice that—

(A) will result in substantial operational cost savings by reducing utility costs; and

(B) complies with the provisions of section 553 of Public Law 95–619 (42 U.S.C. 8259b) and Federal acquisition regulation 23–203.

(3) OPERATIONAL COST SAVINGS.—

(A) IN GENERAL.—The term ''operational cost savings'' means a reduction in end-use operational costs through the application of cost-effective technologies and practices or geothermal heat pumps, including a reduction in electricity consumption relative to consumption by the same customer or at the same facility in a given year, as defined in guidelines promulgated by the Administrator pursuant to section 403(b), that achieves cost savings sufficient to pay the incremental additional costs of using cost-effective technologies and practices or geothermal heat pumps by not later than—

(i) for cost-effective technologies and practices, the date that is 5 years after the date of installation; and

(ii) for geothermal heat pumps, as soon as practical after the date of installation of the applicable geothermal heat pump.

(B) INCLUSIONS.—The term ''operational cost savings'' includes savings achieved at a facility as a result of—

(i) the installation or use of cost-effective technologies and practices; or

(ii) the planting of vegetation that shades the facility and reduces the heating, cooling, or lighting needs of the facility.

(C) EXCLUSION.—The term ''operational cost savings'' does not include savings from measures that would likely be adopted in the absence of cost-effective technology and practices programs, as determined by the Administrator.

(4) GEOTHERMAL HEAT PUMP.—The term ''geothermal heat pump'' means any heating or air conditioning technology that—

(A) uses the ground or ground water as a thermal energy source to heat, or as a thermal energy sink to cool, a building; and

(B) meets the requirements of the Energy Star program of the Environmental Protection Agency applicable to geothermal heat pumps on the date of purchase of the technology.

(5) GSA FACILITY.—

(A) IN GENERAL.—The term ''GSA facility'' means any building, structure, or facility, in whole or in part (including the associated support systems of the building, structure, or facility) that—

(i) is constructed (including facilities constructed for lease), renovated, or purchased, in whole or in part, by the Administrator for use by the Federal Government; or

(ii) is leased, in whole or in part, by the Administrator for use by the Federal Government—

(I) except as provided in subclause (II), for a term of not less than 5 years; or

(II) for a term of less than 5 years, if the Administrator determines that use of cost-effective technologies and practices would result in the payback of expenses.

(B) INCLUSION.—The term ''GSA facility'' includes any group of buildings, structures, or facilities described in subparagraph (A) (including the associated energy-consuming support systems of the buildings, structures, and facilities).

(C) EXEMPTION.—The Administrator may exempt from the definition of ''GSA facility'' under this paragraph a building, structure, or facility that meets the requirements of section 543(c) of Public Law 95–619 (42 U.S.C. 8253(c)).

SA 1661. Mr. CARPER submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. ___. MODIFICATION OF EMISSION STANDARD FOR NEW QUALIFIED ADVANCED LEAN BURN MOTOR VEHICLE CREDIT.

Subclause (I) of section 30B(c)(3)(A)(iv) of the Internal Revenue Code of 1986 is amended by inserting ''(the Bin 8 Tier II emission standard so established in the case of a 2009 model vehicle)'' after ''model year vehicle''.

SA 1662. Ms. KLOBUCHAR (for herself, Mr. BOND, Mr. NELSON of Nebraska, Mr. VOINOVICH, Mr. KERRY, and Mr. HAGEL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle B of title I, add the following:

SEC. 131. RENEWABLE FUELS INFRASTRUCTURE DEVELOPMENT.

(a) DEFINITION OF RENEWABLE FUEL.—In this section, the term ''renewable fuel'' means—

(1) any fuel at least 85 percent of the volume of which consists of ethanol; and

(2) any mixture of biodiesel (as defined in section 40A(d)(1) of the Internal Revenue Code of 1986) and diesel fuel (as defined in section 4083(a)(3) of that Code), determined without regard to any use of kerosene, that contains at least 20 percent biodiesel.

(b) INFRASTRUCTURE DEVELOPMENT GRANT PROGRAM.—

(1) IN GENERAL.—The Secretary shall establish a program under which the Secretary shall provide grants to retail and wholesale motor fuel dealers and other entities for the installation, replacement, or conversion of motor fuel storage and dispensing infrastructure that will be used exclusively to store and dispense renewable fuel, including equipment used in the blending, distribution, and transport of those fuels.

(2) APPLICATION.—

(A) IN GENERAL.—To be eligible to receive a grant under this subsection, an entity shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary may require.

(B) COMBINED APPLICATIONS.—

(i) IN GENERAL.—A local government entity or a nonprofit entity may submit to the Secretary an application to receive a grant under this subsection—

(I) on behalf of a group of retailers within a certain geographical area; or

(II) to carry out a regional or multistate deployment project.

(ii) INCLUSIONS.—An application under clause (i) shall include—

(I) a description of the proposed project of the local government entity or a nonprofit entity;

(II) a certification of the ability of the local government entity or nonprofit entity to provide the non-Federal share of the cost of the proposed project, as required under subsection (e); and

(III) a list containing the name and location of each retailer that will receive the funds.

(c) RETAIL TECHNICAL AND MARKETING ASSISTANCE.—

(1) IN GENERAL.—The Secretary shall offer to enter into contracts with entities with demonstrated experience in assisting retail fueling stations in installing refueling systems and marketing renewable fuels nationally, for the provision of technical and marketing assistance to recipients of grants under this section.

(2) INCLUSIONS.—Assistance provided under paragraph (1) shall include—

(A) technical advice relating to compliance with applicable Federal and State environmental requirements;

(B) help in identifying supply sources and securing long-term contracts; and

(C) the provision of public outreach, education, and labeling materials.

(3) ALLOCATION.—Of amounts made available to carry out the grant program under subsection (b), the Secretary shall reserve not less than 15 percent for the provision of technical and marketing assistance under this subsection.

(d) SELECTION CRITERIA.—Not later than 1 year after the date of enactment of this Act, the Secretary shall establish criteria for evaluating applications for grants under this section in a manner that will maximize the availability and use of renewable fuels, including criteria that provide for priority consideration for applications that, as determined by the Secretary—

(1) are most likely to maximize displacement of petroleum consumption, measured as a total quantity and a percentage;

(2) are best able to incorporate existing infrastructure while maximizing, to the extent practicable, the use of renewable fuels; and

(3) demonstrate—

(A) the greatest commitment on the part of the applicant to ensure funding for the proposed project; and

(B) the greatest likelihood that the project will be maintained or expanded after the assistance provided under this section is expended.

(e) LIMITATION.—The amount of assistance provided to an entity under this section shall not exceed, as applicable—

(1) an amount equal to 20 percent of the estimated cost of the installation, replacement, or conversion of motor fuel storage and dispensing infrastructure; or

(2) $100,000 for a combination of equipment at any retail outlet location.

(f) REGULATIONS.—The Secretary shall promulgate such regulations as the Secretary determines to be necessary to carry out this section, including regulations requiring entities that receive assistance under this section—

(1) to provide to the public renewable fuel;

(2) to establish a marketing plan that informs consumers of the price and availability of the renewable fuel;

(3) to clearly label renewable fuel dispensers and related equipment; and

(4) to submit to the Secretary periodic reports on the status of—

(A) the renewable fuel sales of the entity;

(B) the type and quantity of renewable fuel dispensed at each location of the entity; and

(C) the average price of the renewable fuel.

(g) NOTIFICATION REQUIREMENTS.—

(1) IN GENERAL.—On or before the date on which an renewable fuel station for which assistance is provided under this section opens to offer renewable fuel to the public, the owner or operator of the station shall submit to the Secretary a notice of the opening.

(2) ACTION BY SECRETARY.—On receipt of a notice under paragraph (1), the Secretary shall include the name and location of the applicable renewable fuel station on a list to be published and maintained on the website of the Secretary.

(h) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary to carry out this section $25,000,000, to remain available until expended.

SA 1663. Mr. MARTINEZ submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 27, after line 23, add the following:

SEC. 1___. SUBSTANTIALLY SIMILAR FUELS.

(a) TREATMENT OF CERTAIN GASOLINE.—Section 211(f)(1) of the Clean Air Act (42 U.S.C. 7545(f)(1) is amended by adding at the end the following:

''(C) TREATMENT OF CERTAIN GASOLINE.—

''(i) IN GENERAL.—For the purpose of this subsection, gasoline described in clause (ii) shall be considered to be substantially similar to any fuel or fuel additive used in the certification of any model year 1975 vehicle or engine.

''(ii) DESCRIPTION OF GASOLINE.—Gasoline referred to in clause (i) is gasoline that contains—

''(I) not more than 3.7 percent oxygen, by weight, such that the oxygen weight of gasoline is not greater than the equivalent oxygen weight in E–10 gasoline: or

''(II) a greater quantity of oxygen, as the Administrator may determine by regulation.''.

(b) RULEMAKING.—

(1) IN GENERAL.—As soon as practicable after the date of enactment of this Act, the Administrator of the Environmental Protection Agency shall conduct a rulemaking to revise regulations under section 80.27 of title 40, Code of Federal Regulations (as in effect on the date of enactment of this Act), promulgated under section 211(h) of the Clean Air Act (42 U.S.C. 7545(h)), to clarify the maximum allowable quantity of ethanol, in fuels that are considered to be substantially similar and permitted to be introduced into commerce under section 211(f) of that Act (42 U.S.C. 7545(f)), that may be replaced by biobutanol and other higher-molecular-weight alcohol cosolvents.

(2) EFFECT OF SECTION.—Except with respect to the rulemaking required under paragraph (1), nothing in this section or the amendment made by subsection (a) affects section 211(h) of the Clean Air Act (42 U.S.C. 7545(h)).

SA 1664. Ms. KLOBUCHAR (for herself and Ms. CANTWELL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 47, after line 23, add the following:

SEC. 131. RIGHT TO RETAIL RENEWABLE FUEL.

(a) PROHIBITION ON RESTRICTION OF INSTALLATION OF ALTERNATIVE FUEL PUMPS.—Title I of the Petroleum Marketing Practices Act (15 U.S.C. 2801 et seq.) is amended by adding at the end the following:

''SEC. 107. PROHIBITION ON RESTRICTION OF INSTALLATION OF ALTERNATIVE FUEL PUMPS.

''(a) DEFINITIONS.—In this section—

''(1) the term 'alternative fuel' means any fuel—

''(A) at least 85 percent of the volume (or any other percentage, but not less than 70 percent, as determined by the Secretary, by rule, to provide for requirements relating to cold start, safety, or vehicle functions) of which consists of ethanol, natural gas, compressed natural gas, liquefied natural gas, liquefied petroleum gas, hydrogen, or any combination of such fuels; or

''(B) that consists of any mixture of biodiesel (as defined in section 40A(d)(1) of the Internal Revenue Code of 1986) and diesel fuel (as defined in section 4083(a)(3) of the Internal Revenue Code of 1986), determined without regard to any use of kerosene and containing at least 20 percent biodiesel; and

''(2) the term 'franchise-related document' means—

''(A) a franchise under this Act; and

''(B) any other contract or directive of a franchisor related to terms or conditions of the sale of fuel by a franchisee.

''(b) PROHIBITIONS.—(1) Notwithstanding any provision of a franchise-related document in effect on the date of the enactment of this section, a franchisee or affiliate of a franchisee may not be restricted from—

''(A) installing on the marketing premises of the franchisee an alternative fuel pump;

''(B) converting an existing tank and pump on the marketing premises of the franchisee for alternative fuel use;

''(C) advertising (including through the use of signage or logos) the sale of any alternative fuel; or

''(D) selling alternative fuel in any specified area on the marketing premises of the franchisee (including any area in which a name or logo of a franchisor or any other entity appears).

''(2)(A) Any restriction described in paragraph (1) that is contained in a franchise-related document and in effect on the date of enactment of this section—

''(i) shall be considered to be null and void as of that date; and

''(ii) may not be enforced under section 105.

''(B)(i) It shall be an unfair or deceptive act or practice in or affecting commerce (within the meaning of subsections (a)(1) and (n) of section 5 of the Federal Trade Commission Act (15 U.S.C. 45)) for any person to violate the requirements of this section. For purposes of the Federal Trade Commission Act (15 U.S.C. 41 et seq.), including any remedy or penalty applicable to any violation of such Act, such a violation shall be treated as a violation of a rule under such Act respecting unfair or deceptive acts or practices.

''(ii) The Federal Trade Commission shall enforce the requirements of this section. All of the functions and powers of the Federal Trade Commission under the Federal Trade Commission Act are available to the Commission to enforce compliance by any person subject to the jurisdiction of the Commission with the requirements imposed under this section.

''(c) EXCEPTION TO 3-GRADE REQUIREMENT.—A franchise-related document that requires that 3 grades of gasoline be sold by the applicable franchisee shall not prevent the franchisee from selling an alternative fuel instead of 1 grade of gasoline.''.

(b) CONFORMING AMENDMENTS.—

(1) IN GENERAL.—Section 101(13)(C) of the Petroleum Marketing Practices Act (15 U.S.C. 2801(13)(C)) is amended by striking ''(C)'' and all that follows through ''failure'' and inserting the following:

''(C) any failure''.

(2) TABLE OF CONTENTS.—The table of contents for such Act (15 U.S.C. 2801 note) is amended by inserting after the item relating to section 106 the following:

''Sec. 107. Prohibition on restriction of installation of alternative fuel pumps.''.

SA 1665. Mr. SALAZAR (for himself and Mr. BROWN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 117, strike line 21 and all that follows through page 118, line 7, and insert the following:

(a) IN GENERAL.—As soon as practicable after the date of enactment of this Act, the Secretary shall establish a research and development program to determine ways in which—

(1) the weight of vehicles may be reduced to improve fuel efficiency without compromising passenger safety;

(2) new materials (including cast metal composite materials) with a higher strength to weight ratio may be developed;

(3) the cost of lightweight materials (such as steel alloys, fiberglass, and metal and carbon composites) required for the construction of lighter-weight vehicles may be reduced; and

(4) the efficiency of automated manufacturing processes to produce materials with a higher strength to weight ratio may be improved.

SA 1666. Mr. INHOFE (for himself, Mr. BURR, and Mrs. DOLE) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle A of title I, add the following:

SEC. 113. AGRICULTURE EQUITY.

(a) ASSESSMENT OF FOOD AND FEED AVAILABILITY.—

(1) IN GENERAL.—The Administrator of the Environmental Protection Agency (referred to in this section as the ''Administrator'') shall conduct an assessment of the availability of corn for food and feed uses by not later than July 31 and November 30 of each calendar year after the date of enactment of this Act.

(2) REGIONAL WEATHER CONDITIONS.—

(A) IN GENERAL.—Not later than August 1, 2007, and annually thereafter, the Administrator, in consultation with the Secretary of Agriculture, the Secretary of Commerce, and the Association of American Feed Control Officials, shall submit to Congress, and publish in the Federal Register, an assessment of the Administrator regarding—

(i) regional weather conditions during the current crop year; and

(ii) the impact of the conditions on projected local corn supplies.

(B) FACTORS FOR CONSIDERATION.—In conducting the assessment under subparagraph (A), the Administrator shall take into consideration, as applicable—

(i) the impacts of drought, including reduced precipitation;

(ii) the impacts of flooding, including increased precipitation; and

(iii) projected local demand for corn during the following crop year.

(3) ESTIMATES.—

(A) IN GENERAL.—Not later than December 1, 2007, and annually thereafter, the Administrator shall conduct an assessment of the most current estimates of the ratio that, with respect to the marketing year beginning in September of the calendar year in which the assessment is conducted—

(i) United States domestic ending stocks of corn; bears to

(ii) total use of corn.

(B) FACTORS FOR CONSIDERATION.—In conducting the assessment under subparagraph (A), the Administrator shall take into consideration, and rely on, the data published by the Secretary of Agriculture in the monthly report entitled ''World Agricultural Supply and Demand Estimates'' (or similar public and authoritative estimates provided by the Secretary of Agriculture).

(b) POTENTIAL ECONOMIC AND CONSUMER HARM ASSESSMENT.—

(1) REGIONAL WEATHER CONDITIONS.—If the Administrator determines that an assessment of the Administrator under subsection (a)(2) indicates that there is a reasonable likelihood that the ratio described in subsection (a)(3)(A) will be equal to or less than 0.10, the Administrator shall publish the determination in the Federal Register by not later than 14 days after the date on which the determination is made.

(2) ESTIMATES.—If the Administrator determines that an assessment of the Administrator under subsection (a)(3) indicates that there is a reasonable likelihood that the ratio described in subsection (a)(3)(A) will be equal to or less than 0.10, the Administrator, in consultation with the Secretary and the Secretary of Agriculture, shall publish, by not later than 14 days after the date on which the determination is made, the intention of the Administrator to request the President to modify a portion of the requirement described in section 111(a)(2).

(3) REGIONAL DISRUPTION.—If the Administrator determines that an assessment of the Administrator under subsection (a)(2) indicates that a regional disruption to the availability of feed corn with respect to livestock producers will occur, the Administrator, in consultation with the Secretary of Agriculture, shall develop and implement a plan to ensure that regional food and feed supplies are maintained, to the maximum extent practicable, including through adjustments to the applicable renewable fuels standard under section 111(a) in the affected region.

(c) ACTIONS TO PREVENT ECONOMIC AND CONSUMER HARM.—

(1) IN GENERAL.—Subject to paragraph (2), the Administrator may submit to the President a petition to request a modification of a requirement under the renewable fuels standard under section 111(a) in a quantity of gallons sufficient to ensure, to the maximum extent practicable, that the ratio described in subsection (a)(3)(A) will be at least 0.10.

(2) LIMITATION.—A requirement under the renewable fuels standard under section 111(a) shall not be reduced by more than 15 percent during any calendar year.

(3) EFFECTIVE PERIOD.—A modification under paragraph (1) shall be effective during the 1-year period beginning on the effective date of the modification.

(d) PUBLIC PARTICIPATION.—

(1) IN GENERAL.—The Administrator shall—

(A) make each assessment conducted, and each modification provided, pursuant to this section available to the public; and

(B) provide an opportunity for public comment relating to each assessment and modification for a period of not more than 30 days.

(2) MODIFICATIONS.—Not later than 14 days after the end of the comment period described in paragraph (1)(B), the President shall promulgate the modification that is the subject to the comment period, unless the President, in consultation with the Administrator, determines that clear and compelling evidence demonstrates that the modification would not have a material effect on the quantity of corn available for food and feed use.

SA 1667. Mr. INHOFE submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 23, between lines 22 and 23, insert the following:

(iii) TREATMENT OF CERTAIN REFINERS AND REFINERIES.—

(I) IN GENERAL.—A refiner shall be eligible for an extension of an exemption under clause (ii) as a small business refiner after December 31, 2007, if the refiner makes an election under section 179C of the Internal Revenue Code of 1986.

(II) SMALL REFINERIES.—A small refinery owned by a refiner described in subclause (I) shall be eligible for an extension of an exemption under clause (ii) as a small refinery after December 31, 2007, if the refinery makes an election under section 179C of the Internal Revenue Code of 1986.

(III) MERGERS AND ACQUISITIONS.—An entity that is the result of a merger or acquisition by 1 or more refiners shall not be eligible for an extension under subclause (I) unless the merger or acquisition involves only refineries of small business refiners described in that subclause.

SA 1668. Mr. INHOFE submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle C of title I, add the following:

SEC. 151. STUDY OF INCREASED CONSUMPTION OF ETHANOL-BLENDED GASOLINE WITH HIGHER LEVELS OF ETHANOL.

(a) IN GENERAL.—The Administrator of the Environmental Protection Agency, in cooperation with the Secretary, the Secretary of Agriculture, and the Secretary of Transportation, and after providing notice and an opportunity for public comment, shall conduct a study of the feasibility of increasing consumption in the United States of ethanol-blended gasoline with levels of ethanol of not less than 10 percent and not more than 40 percent.

(b) STUDY.—The study under subsection (a) shall include—

(1) a review of production and infrastructure constraints on increasing the consumption of ethanol;

(2) an evaluation of the economic, market, and energy impacts of State and regional differences in ethanol blends;

(3) an evaluation of the economic, market, and energy impacts on gasoline retailers and consumers of separate and distinctly-labeled fuel storage facilities and dispensers;

(4) an evaluation on the environmental impacts of mid-level ethanol blends on evaporative and exhaust emissions from on-road, off-road and marine engines, recreational boats, vehicles, and equipment;

(5) an evaluation of the impacts of mid-level ethanol blends on the operation, durability and performance of onroad, off-road, and marine engines, recreational boats, vehicles, and equipment; and

(6) an evaluation of the safety impacts of mid-level ethanol blends on consumers that own and operate off-road and marine engines, recreational boats, vehicles, or equipment.

(c) REPORT.—Not later than 18 months after the date of enactment of this Act, the

Administrator shall submit to Congress a report describing the results of the study conducted under this section.

(d) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administrator to carry out the study under this section $1,000,000.

(e) TECHNICAL AMENDMENT.—Section 211(f)(4) of the Clean Air Act (42 U.S.C. 7545(f)(4)) is amended by striking the last sentence and inserting the following: ''The Administrator, after providing notice and an opportunity for public comment, shall approve or deny an application submitted under this paragraph by not later than 270 days after the date of receipt of the application.''.

SA 1669. Mr. INHOFE submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. _____. EMERGENCY SERVICE ROUTE.

Section 1948 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (Public Law 109–59; 119 Stat. 1514) is repealed.

SA 1670. Ms. MURKOWSKI (for herself and Mr. STEVENS) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end, add the following:

TITLE VIII—COASTAL PLAIN STRATEGIC PETROLEUM READY RESERVE

SEC. 801. SHORT TITLE.

This title may be cited as the ''Coastal Plain Strategic Petroleum Ready Reserve Act of 2007''.

SEC. 802. FINDINGS; PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) domestic production of crude oil is in sharp decline;

(2) more than 60 percent of the oil consumed in the United States is imported;

(3) traditional sources of foreign oil supply, including the Middle East, are facing terrorism, armed conflicts, instability, and political uncertainty, which increase the vulnerability and threaten the security of the oil imports on which the United States has become so dependent;

(4) crude oil production in Alaska, a major source of domestic oil for the United States has decreased from approximately 2,000,000 barrels a day in 1991 to approximately 800,000 barrels a day in 2007;

(5) the approximately 1,500,000–acre Coastal Plain area of the 19,000,000–acre Arctic National Wildlife Refuge is projected to contain—

(A) a median of 10,400,000,000 barrels of oil; and

(B) very large reserves of natural gas;

(6) there are legislative measures pending in Congress to designate all or a portion of the Coastal Plain as a wilderness, which would prevent the large crude oil and natural gas reserves of the Coastal Plain from being used as a strategic petroleum reserve; and

(7) the proposed designation of the Coastal Plain as wilderness is contrary to the critically important interests of the security and energy policy of the United States.

(b) PURPOSES.—The purposes of this title are—

(1) to designate the public land of the Coastal Plain area of the Arctic National Wildlife Refuge as a strategic petroleum reserve;

(2) to ensure that the reserves of crude oil and natural gas in the Coastal Plain are ready, but not actually made available until authorized by Act of Congress, for commercial production; and

(3) in recognition of the long lead times in Alaska associated with the transition from expressions of industry interest in leasing, exploration, and development of crude oil and natural gas to the actual leasing, exploration, and development, to authorize seismic and exploration activities in the Coastal Plain so that production of crude oil and natural gas can proceed in the Coastal Plain if Congress determines, after the date of enactment of this Act, that production of oil and natural gas in the Coastal Plain is necessary based on—

(A) the need for domestic oil; and

(B) political uncertainties and instability in major producing regions of the world.

SEC. 803. DEFINITIONS.

In this title:

(1) COASTAL PLAIN.—The term ''Coastal Plain'' means—

(A) the approximately 1,500,000 acres of land described in Appendix I to part 37 of subchapter C of chapter 1 of title 50, Code of Federal Regulations; and

(B) land within the exterior boundaries of the Refuge that is north of the area described in subparagraph (A).

(2) EXPLORATORY ACTIVITY.—The term ''exploratory activity'' means an activity described in subparagraph (A), (B), or (C) of section 804(c)(1).

(3) FINAL STATEMENT.—The term ''Final Statement'' means the final legislative environmental impact statement on the Coastal Plain, dated April 1987, and prepared pursuant to section 1002 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3142) and section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)).

(4) REFUGE.—The term ''Refuge'' means the Arctic National Wildlife Refuge in the State.

(5) RESERVE.—The term ''Reserve'' means the Coastal Plain Strategic Petroleum Ready Reserve designated by section 804(a).

(6) SECRETARY.—The term ''Secretary'' means the Secretary of the Interior.

(7) STATE.—The term ''State'' means the State of Alaska.

(8) WINTER.—The term ''winter'' means the applicable period of time defined for the winter season by the State Department of Natural Resources.

SEC. 804. COASTAL PLAIN STRATEGIC PETROLEUM READY RESERVE.

(a) IN GENERAL.—The public land in the Coastal Plain is designated as the Coastal Plain Strategic Petroleum Ready Reserve.

(b) ADMINISTRATION.—The public land in the Reserve shall be administered by the Secretary in accordance with—

(1) any law applicable to the Coastal Plain; and

(2) this title.

(c) AUTHORIZED EXPLORATORY ACTIVITIES.—

(1) IN GENERAL.—To enable the Secretary to expeditiously open the Coastal Plain to oil and natural gas production if Congress authorizes such production in the Reserve in accordance with section 807, beginning not later than winter 2008, the Secretary shall conduct, or shall enter into 1 or more contracts with other Federal agencies or private entities for the conduct of the following activities on public land in the Reserve and private land of the Kaktovik Inupiat Corporation or the Arctic Slope Regional Corporation in the Coastal Plain:

(A) Seismic exploration activities.

(B) Exploratory drilling to delineate the locations and provide firm estimates of the quantities of oil and natural gas holdings.

(C) The provision of any infrastructure necessary for the exploratory activities.

(2) CONTRACT TERMS AND CONDITIONS.—A contract for the conduct of exploratory activity entered into by the Secretary under paragraph (1) shall—

(A) provide that the Secretary may close, on a seasonal basis, such portions of the Coastal Plain to exploratory drilling activities as are necessary to protect caribou calving areas and other species of fish and wildlife;

(B) provide that the Federal Government shall be fully responsible and liable for the reclamation of land within the Coastal Plain and any other Federal land that is adversely affected in connection with exploratory activities within the Coastal Plain conducted under this title;

(C) contain terms and conditions relating to protection of fish and wildlife, fish and wildlife habitat, subsistence resources, and the environment as required under paragraph (3); and

(D) contain such other provisions as the Secretary determines to be necessary to ensure compliance with this title and regulations issued under this title.

(3) LIMITATION.—Any exploratory activity authorized under paragraph (1) shall be conducted only during the winter unless the President authorizes the exploratory activity to be conducted during additional periods based on a finding by the President that there is a national oil shortage.

(4) APPLICABLE LAW.—The Secretary shall conduct any exploratory activity authorized under paragraph (1) in accordance with applicable land use and environmental laws, including any regulations promulgated by the Secretary to carry out this title.

(d) PRIVATE LAND PROTECTIONS.—

(1) IN GENERAL.—The designation of the Reserve under subsection (a) does not affect property rights or title to private land located within the Coastal Plain that is owned by—

(A) the Kaktovik Inupiat Corporation; or

(B) the Arctic Slope Regional Corporation.

(2) ACCESS.—Access to and across the Reserve, including right-of-way access by Kaktovik Inupiat Corporation, Arctic Slope Regional Corporation, and shareholders of the Corporations, shall be permitted—

(A) for—

(i) subsistence, customary, and traditional uses; and

(ii) reasonable commercial purposes; and

(B) for access in accordance with sections 1110 and 1111 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3170, 3171).

(3) LIMITATION ON LEASING AND COMMERCIAL PRODUCTION ACTIVITIES.—

(A) IN GENERAL.—The Secretary shall not conduct any oil or natural gas production activity in the Reserve unless—

(i) the maximum quantity of surface acreage covered by production and support facilities (including airstrips and any area covered by gravel berms or piers for support of pipelines) does not exceed 2,000 acres on the Coastal Plain;

(ii) the President submits to Congress—

(I) a finding that oil or natural gas production in the Reserve is necessary for the economic or national security of the United States; and

(II) a plan for the production and storage of oil or natural gas produced from the Reserve; and

(iii) the oil or natural gas production is specifically authorized by an Act of Congress in accordance with section 807.

(B) COSTS.—The costs of any natural gas leasing or commercial production activity authorized under subparagraph (A) shall be paid by the United States.

(C) USE.—Any oil or natural gas produced in accordance with subparagraph (A) shall be made available for sale only in accordance with section 161 of the Energy Policy and Conservation Act (42 U.S.C. 6241).

(D) ROYALTIES.—Any royalties or revenues from the sale of oil or natural gas under subparagraph (C) shall be allocated in accordance with applicable law.

(4) INFRASTRUCTURE.—The Secretary may construct any infrastructure authorized under subsection (c)(1)(C) on private land in the Reserve only with the consent of the owner of the private land.

SEC. 805. COMPLIANCE WITH REQUIREMENTS UNDER CERTAIN LAWS.

(a) COMPATIBILITY.—For purposes of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd et seq.)—

(1) the exploratory activities authorized in the Reserve under this title shall be considered to be compatible with the purposes for which the Refuge was established; and

(2) no further findings or decisions shall be required to implement the exploratory activities.

(b) ADEQUACY OF FINAL STATEMENT.—The Final Statement shall be considered to satisfy the requirements under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) that apply with respect to pre-seismic and pre-exploration drilling activities, including actions authorized to be taken by the Secretary to develop and promulgate the regulations for the conduct of exploratory activities authorized by this title before the conduct of the activities.

(c) COMPLIANCE WITH NEPA FOR OTHER ACTIONS.—

(1) IN GENERAL.—Before conducting exploratory activities under this title, the Secretary shall prepare an environmental impact statement in accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) with respect to the actions authorized by this title that are not referred to in paragraph (2).

(2) IDENTIFICATION AND ANALYSIS.—Notwithstanding any other provision of law, in carrying out this subsection, the Secretary shall not be required—

(A) to identify nonexploratory alternative courses of action; or

(B) to analyze the environmental effects of those courses of action.

(3) IDENTIFICATION OF PREFERRED ACTION.—Not later than 18 months after the date of enactment of this Act, the Secretary shall—

(A) identify only a preferred action and a single alternative for exploratory activities; and

(B) analyze the environmental effects and potential mitigation measures for those 2 alternatives.

(4) PUBLIC COMMENTS.—In carrying out this subsection, the Secretary shall consider only public comments that are filed not later than 20 days after the date of publication of an environmental analysis.

(5) EFFECT OF COMPLIANCE.—Notwithstanding any other provision of law, compliance with this subsection shall be considered to satisfy all requirements for the analysis and consideration of the environmental effects of proposed exploratory activities under this title.

SEC. 806. COASTAL PLAIN ENVIRONMENTAL PROTECTION.

(a) NO SIGNIFICANT ADVERSE EFFECT STANDARD TO GOVERN AUTHORIZED COASTAL PLAIN ACTIVITIES.—The Secretary shall administer this title through regulations, terms, conditions, restrictions, prohibitions, stipulations, and other provisions that—

(1) ensure, to the maximum extent practicable, that exploratory activities will result in no significant adverse effect on fish and wildlife, fish and wildlife habitat, and the environment of the Coastal Plain; and

(2) require the application of the best commercially available technology for oil and gas exploration operations.

(b) SITE-SPECIFIC ASSESSMENT AND MITIGATION.—The Secretary shall require, with respect to any proposed exploratory drilling activities on the Coastal Plain, that—

(1) a site-specific environmental analysis be made of the probable effects, if any, that the drilling or related activities will have on fish and wildlife, fish and wildlife habitat, subsistence resources, subsistence uses, and the environment;

(2) a plan be implemented to avoid, minimize, and mitigate (in that order and to the maximum extent practicable) any significant adverse effect identified under paragraph (1); and

(3) the development of the plan occur after consultation with each agency having jurisdiction over matters mitigated by the plan.

(c) REGULATIONS TO PROTECT COASTAL PLAIN FISH AND WILDLIFE RESOURCES, SUBSISTENCE USERS, AND THE ENVIRONMENT.—Before conducting any exploratory activities authorized by this title, the Secretary shall prepare and issue regulations, terms, conditions, restrictions, prohibitions, stipulations, and other measures designed to ensure, to the maximum extent practicable, that the exploratory activities carried out on the Coastal Plain under this title are conducted in a manner consistent with the purposes and environmental requirements of this title.

(d) COMPLIANCE WITH FEDERAL AND STATE ENVIRONMENTAL LAWS AND OTHER REQUIREMENTS.—The proposed regulations, terms, conditions, restrictions, prohibitions, and stipulations for carrying out this title shall require—

(1) compliance with all applicable provisions of Federal and State environmental law (including regulations);

(2) implementation of and compliance with—

(A) standards that are at least as effective as the safety and environmental mitigation measures, as described in items 1 through 29 on pages 167 through 169 of the Final Statement, on the Coastal Plain;

(B) seasonal limitations on exploratory activities, as necessary, to avoid significant adverse effects during periods of concentrated fish and wildlife breeding, denning, nesting, spawning, and migration;

(C) appropriate prohibitions or restrictions on—

(i) access by all modes of transportation;

(ii) sand and gravel extraction; and

(iii) use of explosives;

(D) reasonable stipulations for protection of cultural and archaeological resources;

(E) measures to protect groundwater and surface water, including—

(i) avoidance, to the maximum extent practicable, of springs, streams, and river systems;

(ii) the protection of natural surface drainage patterns, wetland, and riparian habitats; and

(iii) the regulation of methods or techniques for developing or transporting adequate supplies of water for exploratory drilling; and

(F) research, monitoring, and reporting requirements;

(3) that exploratory activities (except surface geological studies) be limited to the period between approximately November 1 and May 1 of each year and be supported, if necessary, by ice roads, winter trails with adequate snow cover, ice pads, ice airstrips, and air transport methods (except that those exploration activities may be permitted at other times if the Secretary determines that the exploratory activities will have no significant adverse effect on fish and wildlife, fish and wildlife habitat, and the environment of the Coastal Plain);

(4) avoidance or reduction of air traffic-related disturbance to fish and wildlife;

(5) treatment and disposal of hazardous and toxic wastes, solid wastes, reserve pit fluids, drilling muds and cuttings, and domestic wastewater, including, in accordance with applicable Federal and State environmental laws (including regulations)—

(A) preparation of an annual waste management report;

(B) development and implementation of a hazardous materials tracking system; and

(C) prohibition on the use of chlorinated solvents;

(6) fuel storage and oil spill contingency planning;

(7) conduct of periodic field crew environmental briefings;

(8) avoidance of significant adverse effects on subsistence hunting, fishing, and trapping;

(9) compliance with applicable air and water quality standards;

(10) appropriate seasonal and safety zone designations around well sites, within which subsistence hunting and trapping shall be limited; and

(11) development and implementation of such other protective environmental requirements, restrictions, terms, and conditions as the Secretary determines to be necessary.

(e) CONSIDERATIONS.—In preparing and issuing regulations, terms, conditions, restrictions, prohibitions, and stipulations under this section, the Secretary shall take into consideration—

(1) the stipulations and conditions that govern the National Petroleum Reserve-Alaska leasing program, as set forth in the 1999 Northeast National Petroleum Reserve-Alaska Final Integrated Activity Plan/Environmental Impact Statement;

(2) the environmental protection standards that governed the initial Coastal Plain seismic exploration program under parts 37.31 through 37.33 of title 50, Code of Federal Regulations (or successor regulations); and

(3) the land use stipulations for exploratory drilling on the KIC–ASRC private land described in Appendix 2 of the agreement between Arctic Slope Regional Corporation and the United States dated August 9, 1983.

(f) FACILITY CONSOLIDATION PLANNING.—

(1) IN GENERAL.—After providing for public notice and comment, the Secretary shall prepare and periodically update a plan to govern, guide, and direct the siting and construction of facilities for the exploration of oil and gas resources from the Coastal Plain.

(2) OBJECTIVES.—The objectives of the plan shall be—

(A) the avoidance of unnecessary duplication of facilities and activities;

(B) the encouragement of consolidation of common facilities and activities;

(C) the location or confinement of facilities and activities to areas that will minimize impact on fish and wildlife, fish and wildlife habitat, and the environment;

(D) the use of existing facilities, to the maximum extent practicable; and

(E) the enhancement of compatibility between wildlife values and development activities.

SEC. 807. EXPEDITED PROCEDURE.

(a) DEFINITION OF BILL.—In this section, the term ''bill'' means only a bill to amend section 1003 of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3143) to authorize oil or natural gas production in the Reserve.

(b) MANDATORY INTRODUCTION.—Not later than 30 days after the date of receipt from the President of a bill described in subsection (a), the Chairperson of the Committee on Energy and Natural Resources of the Senate and the Chairperson of the Committee on Natural Resources of the House of Representatives shall introduce the bill, by request.

(c) REFERRAL TO COMMITTEE.—

(1) HOUSE OF REPRESENTATIVES.—A bill described in subsection (a) introduced in the House of Representatives shall be referred to the Committee on Natural Resources of the House of Representatives.

(2) SENATE.—A bill described in subsection (a) introduced in the Senate shall be referred to the Committee on Energy and Natural Resources of the Senate.

(3) TIMING.—A bill described in subsection (a) shall be reported not earlier than 60 days after the date of introduction of the bill.

(d) DISCHARGE OF COMMITTEE.—The committee to which a bill described in subsection (a) is referred shall be considered to have discharged the bill from further consideration, and the bill shall be placed on the appropriate calendar of the appropriate House, if the committee fails to report the bill by the earlier of—

(1) the date that is 90 calendar days after the date of introduction of the bill; and

(2) the end of the first day after there is reported to the applicable House a bill described in subsection (a).

(e) FLOOR CONSIDERATION.—

(1) IN GENERAL.—On the date on which the committee to which a bill is referred has reported, or is considered to be discharged from further consideration under subsection (d)—

(A) it shall be in order at any time (even if a previous motion to the same effect has been disagreed to) for any Member of the respective House to move to proceed to the consideration of the bill; and

(B) all points of order against the bill (and against consideration of the bill) are waived.

(2) TREATMENT OF MOTION.—

(A) IN GENERAL.—A motion under paragraph (1)(A) shall be considered to be—

(i) highly privileged in the House of Representatives;

(ii) privileged in the Senate; and

(iii) not debatable.

(B) AMENDMENTS AND OTHER MOTIONS NOT ALLOWED.—The motion shall not be subject to—

(i) an amendment;

(ii) a motion to postpone; or

(iii) a motion to proceed to the consideration of other business.

(C) MOTIONS TO RECONSIDER.—A motion to reconsider the vote by which the motion is agreed to or disagreed to shall not be in order.

(D) AGREEMENT TO MOTION TO PROCEED.—If a motion to proceed to the consideration of the bill is agreed to, the bill shall remain the unfinished business of the respective House until the bill is disposed of.

(3) DEBATE.—

(A) IN GENERAL.—Debate on the bill (including all debatable motions and appeals in connection with the bill) shall be limited to not more than 50 hours, which shall be divided equally between those favoring and those opposing the bill.

(B) MOTIONS TO FURTHER LIMIT DEBATE.—A motion to limit further debate on the bill is in order and not debatable.

(C) AMENDMENTS AND OTHER MOTIONS NOT ALLOWED.—The bill shall not be subject to—

(i) an amendment;

(ii) a motion to postpone;

(iii) a motion to proceed to the consideration of other business; or

(iv) a motion to recommit.

(D) MOTIONS TO RECONSIDER.—A motion to reconsider the vote by which the bill is agreed to or disagreed to is not in order.

(4) VOTE ON FINAL PASSAGE.—Immediately following the conclusion of the debate on a bill described in subsection (a), and a single quorum call at the conclusion of the debate, if requested in accordance with the rules of the appropriate House, the vote on final passage of the bill shall occur.

(5) RULINGS OF THE CHAIR ON PROCEDURE.—An appeal from a decision of the Chairperson relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedure relating to a bill described in subsection (a) shall be decided without debate.

(f) COORDINATION WITH ACTION BY OTHER HOUSE.—If, before the passage by 1 House of a bill of that House described in subsection (a), the House receives from the other House a bill described in subsection (a)—

(1) the bill of the other House shall not be referred to a committee; and

(2) with respect to a bill described in subsection (a) of the House receiving the bill—

(A) the procedure in that House shall be the same as if no bill had been received from the other House; but

(B) the vote on final passage shall be on the bill of the other House.

(g) RULES OF HOUSE OF REPRESENTATIVES AND SENATE.—This section is enacted by Congress—

(1) as an exercise of the rulemaking power of the Senate and House of Representatives, respectively, and as such—

(A) this section is deemed to be—

(i) a part of the rules of each House, respectively; but

(ii) applicable only with respect to the procedure to be followed in that House in the case of a bill described in subsection (a); and

(B) this section supersedes other rules only to the extent that this section is inconsistent with those rules; and

(2) with full recognition of the constitutional right of either House to change the rules (so far as relating to the procedure of that House) at any time, in the same manner, and to the same extent as in the case of any other rule of that House.

SEC. 808. STRATEGIC PETROLEUM RESERVE.

(a) ESTABLISHMENT.—

(1) POLICY.—Section 151(b) of the Energy Policy and Conservation Act (42 U.S.C. 6231(b)) is amended by striking ''1 billion'' and inserting ''1,500,000,000''.

(2) LEVEL.—Section 154(a) of the Energy Policy and Conservation Act (42 U.S.C. 6234(a)) is amended by striking ''1 billion'' and inserting ''1,500,000,000''.

(b) FILLING STRATEGIC PETROLEUM RESERVE TO CAPACITY.—Section 301(e) of the Energy Policy Act of 2005 (42 U.S.C. 6240 note; Public Law 109–58) is amended by striking ''1,000,000,000-barrel'' and inserting ''1,500,000,000-barrel''.

SEC. 809. ANNUAL REPORT.

Not later than June 30, 2008, and each June 30 thereafter, the Secretary and the Secretary of Energy shall jointly submit to the appropriate committees of Congress a report that describes—

(1) the volume of crude oil produced during the previous year in—

(A) the State; and

(B) the United States;

(2) the volume of crude oil imported into the United States during the previous year by—

(A) the country of origin; and

(B) the average price paid per barrel;

(3) the volume of petroleum products imported during the previous year by—

(A) the country of origin; and

(B) the average price paid per barrel;

(4) the average daily throughput of crude oil for the previous year by the trans-Alaska pipeline;

(5) updated projections of the potential and known reserves of crude oil and natural gas located in the Reserve; and

(6) the status of the activities authorized under section 804(c)(1).

SEC. 810. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out this title.

SA 1671. Ms. LANDRIEU submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 277, strike beginning with line 10 through page 288, line 2, and insert the following:

SEC. 602. DEFINITIONS.

In this title:

(1) AFFECTED AREA.—The term ''affected area'' means an area covered by a Presidential declaration of energy emergency as provided in section 606.

(2) SUPPLIER.—The term ''supplier'' means any person engaged in the trade or business

of selling or reselling, at retail or wholesale, or distributing road transportation fuels or domestic home heating oil.

(3) PRICE GOUGING.—The term ''price gouging'' means the charging of an unconscionably excessive price by a supplier in an affected area while a Presidential declaration of energy emergency is in effect.

(4) UNCONSCIONABLY EXCESSIVE PRICE.—The term ''unconscionably excessive price'' means an average price charged in an affected area for road transportation fuels or domestic home heating oil that—

(A)(i)(I) represents a gross disparity between the price at which it was offered for sale in the usual course of the supplier's business during the 30 days prior to the President's declaration of an energy emergency; and

(II) grossly exceeds the price at which the same or similar road transportation fuels or domestic home heating oil were readily obtainable by purchasers from other suppliers in the in the same relevant geographic market within the affected area; or

(ii) represents an exercise of unfair leverage or unconscionable means on the part of the supplier, during a period of declared energy emergency; and

(B) is not attributable to the justifiable price increases set forth in section 603(c).

(5) COMMISSION.—The term ''Commission'' means the Federal Trade Commission.

(6) WHOLESALE.—The term ''wholesale'' refers to a sale that occurs at a petroleum terminal rack or any sale thereafter, other than a retail sale to a consumer.

SEC. 603. PROHIBITION ON PRICE GOUGING DURING ENERGY EMERGENCIES.

(a) IN GENERAL.—During any energy emergency declared by the President under section 606, it is unlawful for any supplier to sell, or offer to sell, road transportation fuels or domestic home heating oil in, or for use in, the area to which that declaration applies at an unconscionably excessive price.

(b) FACTORS CONSIDERED.—In determining whether a violation of subsection (a) has occurred, there shall be taken into account, among other factors, whether—

(1) the price charged was a price that would reasonably exist in a competitive and freely functioning market; and

(2) the price at which the road transportation fuel or domestic home heating oil was sold reasonably reflects additional costs or risks, not within the control of the seller, that were paid or incurred by the seller.

(c) JUSTIFIABLE PRICE INCREASES.—The prohibition in subsection (a) does not apply to the extent that the increase in the price of the road transportation fuel or domestic home heating oil is substantially attributable to—

(1) an increase in the wholesale cost of road transportation fuel or domestic home heating oil to a retail seller or reseller;

(2) an increase in the replacement costs for road transportation fuel or domestic home heating oil sold;

(3) an increase in operational costs; or

(4) local, regional, national, or international market conditions.

SEC. 604. PROHIBITION ON MARKET MANIPULATION.

It is unlawful for any person, directly or indirectly, to use or employ, in connection with the purchase or sale of road transportation fuels or domestic home heating oil at wholesale, any manipulative or deceptive device or contrivance, in contravention of such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of United States citizens.

SEC. 605. PROHIBITION ON FALSE INFORMATION.

It is unlawful for any person to report information related to the wholesale price of road transportation fuels or domestic home heating oil distillates to a Federal department or agency if—

(1) that person knew, or reasonably should have known, the information to be false or misleading;

(2) the information was required by law to be reported; and

(3) the person intended the false or misleading data to affect data compiled by the Commission for statistical or analytical purposes with respect to the market for road transportation fuels or domestic home heating oil.

SEC. 606. PRESIDENTIAL DECLARATION OF ENERGY EMERGENCY.

(a) IN GENERAL.—If the President finds that the health, safety, welfare, or economic well-being of the citizens of the United States is at risk because of a shortage or imminent shortage of adequate supplies of road transportation fuels or domestic home heating oil due to a disruption in the national distribution system for road transportation fuels or domestic home heating oil (including such a shortage related to a major disaster (as defined in section 102(2) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2))), the President may declare that a Federal energy emergency exists.

(b) SCOPE AND DURATION.—The emergency declaration shall specify—

(1) the period, not to exceed 30 days, for which the declaration applies;

(2) the circumstance or condition necessitating the declaration; and

(3) the area or region to which it applies, which, for the 48 contiguous states may not be limited to a single State.

(c) EXTENSIONS.—The President may—

(1) extend a declaration under subsection (a) for a period of not more than 30 days; and

(2) extend such a declaration not more than twice.

SEC. 607. ENFORCEMENT BY THE FEDERAL TRADE COMMISSION.

(a) ENFORCEMENT.—This title shall be enforced by the Federal Trade Commission in the same manner, by the same means, and with the same jurisdiction as though all applicable terms of the Federal Trade Commission Act were incorporated into and made part of this title.

(b) VIOLATION IS UNFAIR OR DECEPTIVE ACT OR PRACTICE.—The violation of any provision of this title shall be treated as an unfair or deceptive act or practice proscribed under a rule issued under section 18(a)(1)(B) of the Federal Trade Commission Act (15 U.S.C. 57a(a)(1)(B)).

(c) COMMISSION ACTIONS.—Following the declaration of an energy emergency by the President under section 606, the Commission shall—

(1) maintain within the Commission—

(A) a toll-free hotline that a consumer may call to report an incident of price gouging in the affected area; and

(B) a program to develop and distribute to the public informational materials to assist residents of the affected area in detecting and avoiding price gouging;

(2) consult with the Attorney General, the United States Attorney for the districts in which a disaster occurred (if the declaration is related to a major disaster), and State and local law enforcement officials to determine whether any supplier in the affected area is charging or has charged an unconscionably excessive price for road transportation fuels or domestic home heating oil in the affected area; and

(3) conduct an investigation to determine whether any supplier in the affected area has violated section 603, and upon such finding, take any action the Commission determines to be appropriate to remedy the violation.

(d) LIMITED PREEMPTION.—This title shall preempt State laws only with respect to affected areas and only for the period of time that a declaration of energy emergency issued under section 606 is in effect. Nothing contained in this section shall otherwise prohibit an authorized State official from proceeding in State court to enforce a civil or criminal statute of that State.

SEC. 608. ENFORCEMENT BY STATE ATTORNEYS GENERAL.

(a) IN GENERAL.—A State, as parens partriae, may, on behalf of its residents, petition the Commission to enforce the provisions of section 603, or to impose the civil penalties authorized by section 609 for violations of section 603, whenever the Attorney General of the State has reason to believe that the interests of the residents of the State have been or are being threatened or adversely affected by a supplier engaged in the sale or resale, at retail or wholesale, or distribution of road transportation fuel or domestic home heating oil in violation of section 603.

(b) NOTICE.—The State shall petition the Commission to enforce the provisions of section 607 by filing with the Commission a written notice of probable violation which sets forth the State's reasons for believing section 603 has been violated.

(c) REQUIRED INVESTIGATION.—Upon receiving the notice required by subsection (b), the Commission shall commence or continue an investigation in accordance with section 607(c)(3), taking into account the claims set forth in the State's notice of probable violation.

(d) LIMITATION ON STATE ACTION WHILE FEDERAL ACTION IS PENDING.—If the Commission has instituted a civil action or an administrative action for violation of this title, a State attorney general, or official or agency of a State, may not bring an action during the pendency of that action against any defendant named in the complaint of the Commission or the other agency for any violation of this title alleged in the Commission's civil or administrative action.

(e) LIMITED PREEMPTION.—This title shall preempt State laws only with respect to affected areas and only for the period of time that a declaration of energy emergency under section 606 is in effect. Nothing contained in this section shall otherwise prohibit an authorized State official from proceeding in State court to enforce a civil or criminal statute of that State.

SEC. 609. EFFECT ON OTHER LAWS.

(a) OTHER AUTHORITY OF THE COMMISSION.—Nothing in this title shall be construed to limit or affect in any way the Commission's authority to bring enforcement actions or take any other measure under the Federal Trade Commission Act (15 U.S.C. 41 et seq.) or any other provision of law.

(b) STATE LAW.—Nothing in this title preempts any State law.

SA 1672. Mr. SCHUMER (for himself and Mr. KENNEDY) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting

new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. _. COMMUTER BENEFIT EQUITY.

(a) UNIFORM DOLLAR LIMITATION FOR ALL TYPES OF TRANSPORTATION FRINGE BENEFITS.—

(1) IN GENERAL.—Section 132(f)(2) of the Internal Revenue Code of 1986 (relating to limitation on exclusion) is amended—

(A) by striking ''$100'' in subparagraph (A) and inserting ''$200'', and

(B) by striking ''$175'' in subparagraph (B) and inserting ''$200''.

(2) INFLATION ADJUSTMENT CONFORMING AMENDMENTS.—Subparagraph (A) of section 132(f)(6) of the Internal Revenue Code of 1986 (relating to inflation adjustment) is amended—

(A) by striking the last sentence,

(B) by striking ''1999'' and inserting ''2008'', and

(C) by striking ''1998'' and inserting ''2007''.

(3) EFFECTIVE DATE.—The amendments made by this subsection shall apply to taxable years beginning after December 31, 2006.

(b) CLARIFICATION OF FEDERAL EMPLOYEE BENEFITS.—Section 7905 of title 5, United States Code, is amended—

(1) in subsection (a)—

(A) in paragraph (2)(C) by inserting ''and'' after the semicolon;

(B) in paragraph (3) by striking ''; and'' and inserting a period; and

(C) by striking paragraph (4); and

(2) in subsection (b)(2)(A) by amending subparagraph (A) to read as follows:

''(A) a qualified transportation fringe as defined in section 132(f)(1) of the Internal Revenue Code of 1986;''.

SA 1673. Mr. BINGAMAN (for himself, Mr. DODD, Mr. ALLARD, Mr. REED, Mr. CRAPO, Mr. SCHUMER, Mr. MARTINEZ, Mr. CASEY, and Mr. BAYH) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 157, line 5, strike ''and if'' and insert the following: ''the Secretary of Housing and Urban Development or the Secretary of Agriculture make a determination that the revised codes do not negatively affect the availability or affordability of new construction of assisted housing and single family and multifamily residential housing (other than manufactured homes) subject to mortgages insured under the National Housing Act (12 U.S.C. 1701 et seq.) or insured, guaranteed, or made by the Secretary of Agriculture under title V of the Housing Act of 1949 (42 U.S.C. 1471 et seq.), respectively, and''.

SA 1674. Mr. FEINGOLD submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 163, strike lines 8 and 9 and insert the following:

(b) PROTECTION FOR SMALL BUSINESS.—Section 111(c)(3) of the Public Utility Regulatory Policies Act of 1978 (16 U.S.C. 2621(c)(3)) is amended by striking ''subsection (d)(7) or (8)'' and inserting ''paragraph (7), (8), (16), or (17) of subsection (d)''.

(c) NATURAL GAS UTILITIES.—Section 303(b) of the Public Utility Regulatory Policies Act of 1978 (15 U.S.C. * * *

On page 164, between lines 20 and 21, insert the following:

(d) SMALL BUSINESS IMPACTS.—Section 303(d) of the Public Utility Regulatory Policies Act of 1978 (15 U.S.C. 3203(d)) is amended by striking ''subsection (b)(3) or (4)'' and inserting ''any of paragraphs (3) through (6) of subsection (b)''.

SA 1675. Mr. MENENDEZ submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end, add the following:

TITLE VIII—MISCELLANEOUS

SEC. 801. STUDY OF THE EFFECT OF PRIVATE WIRE LAWS ON THE DEVELOPMENT OF COMBINED HEAT AND POWER FACILITIES.

(a) STUDY.—

(1) IN GENERAL.—The Secretary, in consultation with the States and other appropriate entities, shall conduct a study of the laws (including regulations) affecting the siting of privately owned electric distribution wires on and across public rights-of-way.

(2) REQUIREMENTS.—The study under paragraph (1) shall include—

(A) an evaluation of—

(i) the purposes of the laws; and

(ii) the effect the laws have on the development of combined heat and power facilities;

(B) a determination of whether a change in the laws would have any operating, reliability, cost, or other impacts on electric utilities and the customers of the electric utilities; and

(C) an assessment of—

(i) whether privately owned electric distribution wires would result in duplicative facilities; and

(ii) whether duplicative facilities are necessary or desirable.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Secretary shall submit to Congress a report that describes the results of the study conducted under subsection (a).

SA 1676. Mr. BROWN submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 161, between lines 2 and 3, insert the following:

SEC. 26_. RENEWABLE ENERGY INNOVATION MANUFACTURING PARTNERSHIP.

(a) ESTABLISHMENT.—The Secretary shall carry out a program, to be known as the Renewable Energy Innovation Manufacturing Partnership Program (referred to in this section as the ''Program''), to make assistance awards to eligible entities for use in carrying out research, development, and demonstration relating to the manufacturing of renewable energy technologies.

(b) SOLICITATION.—To carry out the Program, the Secretary shall annually conduct a competitive solicitation for assistance awards for an eligible project described in subsection (e).

(c) PROGRAM PURPOSES.—The purposes of the Program are—

(1) to develop, or aid in the development of, advanced manufacturing processes, materials, and infrastructure;

(2) to increase the domestic production of renewable energy technology and components; and

(3) to better coordinate Federal, State, and private resources to meet regional and national renewable energy goals through advanced manufacturing partnerships.

(d) ELIGIBLE ENTITIES.—An entity shall be eligible to receive an assistance award under the Program to carry out an eligible project described in subsection (e) if the entity is composed of—

(1) 1 or more public or private nonprofit institutions or national laboratories engaged in research, development, demonstration, or technology transfer, that would participate substantially in the project; and

(2) 1 or more private entities engaged in the manufacturing or development of renewable energy system components (including solar energy, wind energy, biomass, geothermal energy, energy storage, or fuel cells).

(e) ELIGIBLE PROJECTS.—An eligible entity may use an assistance award provided under this section to carry out a project relating to—

(1) the conduct of studies of market opportunities for component manufacturing of renewable energy systems;

(2) the conduct of multiyear applied research, development, demonstration, and deployment projects for advanced manufacturing processes, materials, and infrastructure for renewable energy systems; and

(3) other similar ventures, as approved by the Secretary, that promote advanced manufacturing of renewable technologies.

(f) CRITERIA AND GUIDELINES.—The Secretary shall establish criteria and guidelines for the submission, evaluation, and funding of proposed projects under the Program.

(g) COST SHARING.—Section 988 of the Energy Policy Act of 2005 (42 U.S.C. 16352) shall apply to a project carried out under this section.

(h) DISCLOSURE.—Section 623 of the Energy Policy Act of 1992 (42 U.S.C. 13293) shall apply to a project carried out under this subsection.

(i) SENSE OF THE SENATE.—It is the sense of the Senate that the Secretary should ensure that small businesses engaged in renewable manufacturing be considered for loan guarantees authorized under title XVII of the Energy Policy Act of 2005 (42 U.S.C. 16511 et seq.).

(j) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $25,000,000 for each of fiscal years 2008 through 2013, to remain available until expended.

SA 1677. Mr. BINGAMAN submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 7, line 11, insert ''(including landfill gas and sewage waste treatment gas)'' after ''biogas''.

On page 7, strike lines 13 through 16 and insert the following:

biomass;

(vi) butanol or other alcohols produced through the conversion of organic matter from renewable biomass; and

(vii) other fuel derived from cellulosic biomass.

On page 9, line 13, strike '', boiler fuel,''.

On page 9, line 20, strike '', boiler,''.

On page 10, lines 17 and 18, strike ''motor vehicle fuel, home heating oil, and boiler fuel'' and insert ''motor vehicle fuel and home heating oil''.

On page 11, line 11, strike ''built'' and insert ''that commence operations''.

On page 44, lines 4 and 5, strike ''local biorefineries'' and insert ''local biorefineries, including by portable processing equipment''.

On page 44, lines 13 and 14, strike ''local biorefineries'' and insert ''local biorefineries, including by portable processing equipment''.

On page 47, strike lines 9 through 15 and insert the following:

(1) QUALITY REGULATIONS.—Not later than 180 days after the date of enactment of this Act, the President shall promulgate regulations to ensure that each diesel-equivalent fuel derived from renewable biomass and introduced into interstate commerce is tested and certified to comply with applicable standards of the American Society for Testing and Materials.

SA 1678. Mrs. HUTCHISON (for herself and Mr. CORNYN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 21, strike line 12 and insert the following:

(2) PETITIONS FOR WAIVER.—

(A) IN GENERAL.—The President,

On page 21, between lines 19 and 20, insert the following:

(B) IMMEDIATE RELIEF.—During the 90-day period described in subparagraph (A), the President may authorize the Administrator of the Environmental Protection Agency to adjust the requirements described in subsection (a) as the Administrator of the Environmental Protection Agency determines to be necessary to provide immediate relief until the date on which the President, in consultation with the Secretary of Energy, the Secretary of Agriculture, and the Administrator of the Environmental Protection Agency, approves or disapproves a State petition for a waiver under subparagraph (A).

SA 1679. Mrs. HUTCHISON (for herself and Mr. CORNYN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 26, strike lines 19 through 21 and insert the following:

(j) STUDY OF IMPACT OF RENEWABLE FUEL STANDARD.—

(1) IN GENERAL.—The Secretary shall enter into an arrangement with the National Academy of Sciences under which the Academy shall conduct a study to assess the impact of the requirements described in subsection (a)(2) on each industry relating to the production of feed grains, livestock, food, and energy.

(2) PARTICIPATION.—In conducting the study under paragraph (1), the National Academy of Sciences shall seek the participation, and consider the input, of—

(A) producers of feed grains;

(B) producers of livestock, poultry, and pork products;

(C) producers of food and food products;

(D) producers of energy;

(E) individuals and entities interested in issues relating to conservation, the environment, and nutrition; and

(F) users of renewable fuels.

(3) CONSIDERATIONS.—In conducting the study, the National Academy of Sciences shall consider—

(A) the likely impact on domestic animal agriculture feedstocks that, in any crop year, are significantly below current projections; and

(B) policy options to alleviate the impact on domestic animal agriculture feedstocks that are significantly below current projections.

(4) COMPONENTS.—The study shall include—

(A) a description of the conditions under which the requirements described in subsection (a)(2) should be suspended or reduced to prevent adverse impacts to domestic animal agriculture feedstocks described in paragraph (3)(B); and

(B) recommendations for the means by which the Federal Government could prevent or minimize adverse economic hardships and impacts.

(5) DEADLINE FOR COMPLETION OF STUDY.—Not later than 270 days after the date of enactment of this Act, the Secretary shall submit to Congress a report that describes the results of the study.

(6) PERIODIC REVIEWS.—

(A) IN GENERAL.—To allow for the appropriate adjustment of the requirements described in subsection (a)(2), the Secretary shall conduct periodic reviews of—

(i) existing technologies;

(ii) the feasibility of achieving compliance with the requirements; and

(iii) the impacts of the requirements described in subsection (a)(2) on each individual and entity described in paragraph (2).

(B) ADJUSTMENT OF REQUIREMENTS.—If, on completion of a periodic review under subparagraph (A), or on the date on which the Secretary submits to Congress the report under paragraph (5), the Secretary concludes that there will be a shortfall in the supply of domestic feed grain-based feedstocks or renewable fuels for the period covered by the review, as soon as practicable after the date on which the Secretary submits to Congress the report under that paragraph, the Administrator of the Environmental Protection Agency, in consultation with the Secretary, shall, after an opportunity for public notice and comment, promulgate regulations to establish a downward adjustment of the requirements described in subsection (a)(2) necessary to alleviate the shortfall, as determined by the Secretary.

(k) EFFECTIVE DATE.—Except as otherwise specifically provided in this section, this section takes effect on the date on which the National Academies of Science completes the study under subsection (j).

SA 1690. Mr. HAGEL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle D of title II, add the following:

SEC. 255. ENERGY-RELATED RESEARCH AND DEVELOPMENT.

(a) FINDINGS.—Congress finds that—

(1) information and opinions provided by individuals and entities of the academic and industrial sectors should be an important consideration with respect to energy-related research and development activities carried out by the Federal Government;

(2) in carrying out energy-related research and development activities, the Federal Government should regularly seek input from multiple sources, including the industrial sector, academia, and other relevant sectors;

(3) research is better focused around well-defined problems that need to be resolved;

(4) a number of potential problems to be resolved are likely to require input from a diverse selection of technologies and contributing sectors;

(5) sharing of information relating to energy research and development is important to the development and innovation of energy technologies;

(6) necessary intellectual property protection can lead to delays in sharing valuable information that could aid in resolving major energy-related problems;

(7) the Federal Government should facilitate the sharing of information from a diverse array of industries by ensuring the protection of intellectual property while simultaneously creating an environment of openness and cooperation; and

(8) the Federal Government should revise the methods of the Federal Government regarding energy-related research and development to encourage faster development and implementation of energy technologies.

(b) DEFINITIONS.—In this section:

(1) NETWORK.—The term ''network'' means the Energy Technologies Innovation Network established by subsection (d)(1).

(2) SECRETARY.—The term ''Secretary'' means the Secretary of Energy.

(3) SURVEY.—The term ''survey'' means a survey conducted pursuant to subsection (c).

(c) ENERGY-RELATED RESEARCH AND DEVELOPMENT PRIORITIES.—

(1) IN GENERAL.—As soon as practicable after the date of enactment of this Act, and on the dates that are 5 years and 10 years after that date, the Secretary shall conduct a survey in accordance with this subsection to determine the 10 highest-priority energy-related problems to resolve to ensure the goals of—

(A) maximizing the energy security of the United States;

(B) maximizing improvements in energy efficiency within the United States; and

(C) minimizing damage to the economy and the environment of the United States.

(2) SURVEY.—

(A) IN GENERAL.—Each survey shall contain a request that the respondent shall list, in descending order of priority, the 10 highest-priority energy-related problems that, in the opinion of the respondent, require resolution as quickly as practicable to ensure the goals described in paragraph (1).

(B) ANNOUNCEMENT.—The Secretary shall announce the existence of each survey by—

(i) publishing an announcement in the Federal Register; and

(ii) placing an announcement in a prominent position on the homepage of the website of the Department of the Energy.

(C) AVAILABILITY.—The Secretary shall ensure that each survey is made available—

(i) in an electronic format only through a link on the Department of Energy website;

(ii) for a period of not less than 21 days and not more than 30 days; and

(iii) to any individual or entity that elects to participate.

(D) ADDITIONAL INFORMATION GATHERING.—Each survey—

(i) shall require each respondent to provide information regarding—

(I) the age of the respondent;

(II) the occupational category of the respondent;

(III) the period of time during which the respondent has held the current occupation of the respondent; and

(IV) the State and country in which the respondent resides; and

(ii) may request, but shall not require—

(I) the name of the respondent;

(II) an identification of the employer of the respondent;

(III) the electronic mail address of the respondent; and

(IV) such other information as the Secretary determines to be appropriate.

(E) RESPONDENTS.—The Secretary shall seek responses to a survey from appropriate representatives of—

(i) the energy, transportation, manufacturing, construction, mining, and electronic industries;

(ii) academia;

(iii) research facilities;

(iv) nongovernmental organizations;

(v) the Federal Government; and

(vi) units of State and local government.

(F) NONPOLITICAL REQUIREMENT.—The Secretary shall ensure that each survey is conducted, to the maximum extent practicable—

(i) in a transparent, nonpolitical, and scientific manner; and

(ii) without any political bias.

(G) REPORT.—Not later than 180 days after the date on which a survey under this subsection is no longer available under subparagraph (C)(ii), the Secretary shall submit to Congress and make available to the public (including through publication in the Federal Register and on the website of the Department of Energy) a report that—

(i) describes the results of the survey; and

(ii) includes a list of the 10 highest-priority energy-related problems based on all responses to the survey.

(d) ENERGY TECHNOLOGIES INNOVATION NETWORK.—

(1) ESTABLISHMENT.—There is established an information and collaboration network, to be known as the ''Energy Technologies Innovation Network''.

(2) PURPOSE.—The purpose of the network shall be to provide a forum through which interested parties (including scientists and entrepreneurs) can present, discuss, and collaborate with respect to information and ideas relating to energy technologies.

(3) OPERATION OF NETWORK.—

(A) IN GENERAL.—The Secretary shall operate the network.

(B) USE OF THIRD-PARTY DATABASES.—In operating the network pursuant to subparagraph (A), the Secretary may use any relevant database of a third party that, as determined by the Secretary—

(i) has experience with respect to the establishment and maintenance of a comprehensive database of Federal research and development projects that—

(I) is easily searchable;

(II) is open to the public;

(III) is capable of expansion; and

(IV) requires only limited interaction with any database manager beyond the initial interaction necessary to register with the database;

(ii) provides a secure electronic forum to enable collaboration among users of the network; and

(iii) agrees to collaborate with the Secretary to protect the intellectual property rights of individual users and governmental agencies participating in the network in accordance with paragraph (6).

(4) REQUIRED CONTRIBUTORS.—Each research laboratory or other facility that receives Federal funding shall provide to the network the results of the research conducted using that funding, regardless of whether the research relates to energy, subject to the condition that revelation of the research will not adversely effect national security.

(5) OTHER CONTRIBUTORS.—Other entities, including entities in the academic and industrial sectors and individuals, may participate in the network to actively contribute to resolving—

(A) the energy-related problems included on the list of the report under subsection (c)(2)(G)(ii); or

(B) any other energy-related problem that the contributor determines would advance the goals described in subsection (c)(1).

(6) PROTECTION OF INFORMATION AND IDEAS.—In operating the network under paragraph (3), the Secretary shall employ such individuals and entities with experience relating to—

(A) intellectual property as the Secretary determines to be necessary to ensure that—

(i) information and ideas presented, and discussed in the network are—

(I) monitored with respect to the intellectual property owners and components of the information or ideas; and

(II) protected in accordance with applicable Federal intellectual property law (including regulations);

(ii) information and ideas developed within the network are—

(I) monitored with respect to the intellectual property components of the developers of the information or ideas; and

(II) protected in accordance with applicable Federal intellectual property law (including regulations); and

(iii) contributors to the network are provided adequate assurances that intellectual property rights of the contributors will be protected with respect to participation in the network;

(B) setting up, maintaining, and operating a network that ensures security and reliability.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this section.

SA 1681. Mr. HAGEL (for himself and Mr. LIEBERMAN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle E of title II, add the following:

SEC. 2___. REESTABLISHMENT OF OFFICE OF TECHNOLOGICAL ASSESSMENT.

(a) OFFICE OF TECHNOLOGY ASSESSMENT.—

(1) IN GENERAL.—Sections 113 and 114 of the Legislative Branch Appropriations Act, 1996 (Public Law 104–52; 109 Stat. 526), are repealed.

(2) APPLICATION.—The Technology Assessment Act of 1972 (Public Law 92–484; 86 Stat. 797) shall be applied and administered as if sections 113 and 114 of the Legislative Branch Appropriations Act, 1996 (Public Law 104–52; 109 Stat. 526) had not been enacted.

(b) AMENDMENT TO SHORT TITLE.—

(1) IN GENERAL.—The first section of the Technology Assessment Act of 1972 (Public Law 92–484; 86 Stat. 797) is amended by striking ''Technology Assessment Act of 1972''

and inserting ''Office of Technology Assessment Reestablishment Act of 2007''.

(2) CROSS-REFERENCES.—Any reference in a law, regulation, or other document of the United States to the ''Technology Assessment Act of 1972'' shall be considered to be a reference to the ''Office of Technology Assessment Reestablishment Act of 2007''.

(c) ESTABLISHMENT OF OFFICE.—Section 3(c) of the Office of Technology Assessment Reestablishment Act of 2007 (Public Law 92–484; 86 Stat. 797) is amended—

(1) by redesignating paragraphs (1) through (8) as paragraphs (6) through (13), respectively;

(2) in paragraph (12) (as redesignated by paragraph (1)), by striking ''paragraphs (1) through (5)'' and inserting ''paragraphs (6) through (10)''; and

(3) by inserting before paragraph (6) (as redesignated by paragraph (1)), the following:

''(1) provide Congress with timely, impartial analyses of scientific and technological information;

''(2) make assessments relating to the uses and application of technology toward achieving national policy goals;

''(3) assess and analyze technologies that could contribute to solving energy security related issues;

''(4) assess and analyze foreign sciences and technologies that could contribute to achieving national policy goals;

''(5) assess the impact of existing or probable policies on scientific and technological advances;''.

(d) PRIORITY OF ASSESSMENTS; REQUIREMENTS.—Section 3 of the Office of Technology Assessment Reestablishment Act of 2007 (Public Law 92–484; 86 Stat. 798) is amended by adding at the end the following:

''(f) PRIORITY OF ASSESSMENTS.—

''(1) IN GENERAL.—Except as provided in paragraph (2), requests for the conduct of assessment activities under subsection (d)(1) shall be addressed by the Office in the following order:

''(A) Requests with bipartisan and bicameral support.

''(B) Requests with bipartisan support.

''(C) Requests from individual members of Congress.

''(2) EXCEPT.—Notwithstanding paragraph (1), the Director of the Office, with the approval of the Board, may determine the final priority for requests within and among the categories described in subparagraphs (A) through (C) of paragraph (1).

''(g) DEADLINE.—In conducting assessments requested under subsection (d)(1), the Director and the person or entity submitting the request shall agree on a timeline for the delivery of the results of the assessment, including briefings, findings, draft reports, final reports, or any other appropriate information.

''(h) PEER REVIEW.—Each assessment report requested under subsection (d) shall be subject to peer review, which shall consist of rigorous vetting, checking, criticism, and recommendations for improvement by independent, qualified experts in the various aspects of the matters being assessed.

''(i) AVAILABILITY OF ASSESSMENTS.—The Office shall maintain an electronic resource that makes available to the public—

''(1) assessments produced by the Office; and

''(2) any other information determined to be appropriate by the Director.''.

(e) USE OF THE CONGRESSIONAL BUDGET OFFICE.—The Office of Technology Assessment Reestablishment Act of 2007 (Public Law 92–484; 86 Stat. 797) is amended—

(1) by redesignating sections 10, 11, and 12, as sections 11, 13, and 14, respectively; and

(2) by inserting after section 9 the following:

''SEC. 10. USE OF CONGRESSIONAL BUDGET OFFICE.

''(a) IN GENERAL.—The Director of the Congressional Budget Office may make available to the Office any services and assistance that may be appropriate to carry out the objectives of this Act, including all of the services and assistance which the Congressional Budget Office is otherwise authorized to provide to the Congress.

''(b) REIMBURSEMENT.—Services and assistance made available to the Office by the Director of the Congressional Budget Office under this section may be provided with or without reimbursement by the Office, as agreed upon by the Board and the Director of the Congressional Budget Office.

''(c) EFFECT.—Nothing in this section alters or modifies any services or responsibilities (other than services performed for, and responsibilities relating to, the Office) that the Director of the Congressional Budget Office performs for or on behalf of the Congress under any law.''.

(f) COORDINATION WITH NATIONAL ACADEMIES.—The Office of Technology Assessment Reestablishment Act of 2007 (Public Law 92–484; 86 Stat. 797) is amended by inserting after section 11 (as redesignated by subsection (e)(1)) the following:

''SEC. 12. COORDINATION WITH NATIONAL ACADEMIES.

''The Office shall maintain a continuing liaison with the National Academies of Science with respect to—

''(1) grants and contracts formulated or activated by the National Academies of Science for purposes of technology assessment;

''(2) the promotion of coordination in areas of technology assessment; and

''(3) the avoidance of unnecessary duplication or overlapping of research activities in the development of technology assessment techniques and programs.''.

(g) AUTHORIZATION OF APPROPRIATIONS.—The Office of Technology Assessment Reestablishment Act of 2007 (Public Law 92–484; 86 Stat. 797) is amended by striking section 14 (as redesignated by subsection (e)(1)) and inserting the following:

''SEC. 14. AUTHORIZATION OF APPROPRIATIONS.

''Of amounts in the Treasury not otherwise appropriated, there is authorized to be appropriated to the Office to carry out the duties of the Office pursuant to this Act $15,000,000 for each of fiscal years 2008 through 2013.''.

SA 1682. Mr. HAGEL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. ___. APPLIANCE EFFICIENCY STANDARDS COMMISSION.

(a) APPLIANCE EFFICIENCY STANDARDS COMMISSION.—Section 325 of the Energy Policy and Conservation Act (42 U.S.C. 6295) is amended by adding at the end the following:

''(hh) APPLIANCE EFFICIENCY STANDARDS COMMISSION.—

''(1) ESTABLISHMENT.—

''(A) ESTABLISHMENT.—There is established a commission to be known as the 'Appliance Efficiency Standards Commission' (referred to in this subsection as the 'Commission').

''(B) MEMBERSHIP.—

''(i) COMPOSITION.—The Commission shall be composed of 14 members appointed by the President, of whom—

''(I) 5 members shall be appointed to represent energy and manufacturing industries;

''(II) 3 members shall be appointed to represent consumer organizations;

''(III) 2 members shall be appointed from nongovernmental organizations that specialize in energy efficiency, environmental protection, or consumer advocacy; and

''(IV) 1 member shall be appointed from each of—

''(aa) the Department of Commerce;

''(bb) the National Academy of Sciences;

''(cc) the Department of Energy; and

''(dd) the Environmental Protection Agency.

''(ii) DATE OF APPOINTMENTS.—The appointment of a member of the Commission shall be made not later than 90 days after the date of enactment of this subsection.

''(C) TERM; VACANCIES.—

''(i) TERM.—Subject to clause (ii), the term of office of a member of the Commission shall be 3 years.

''(ii) STAGGERED INITIAL TERMS.—Of the initial members of the Commission appointed under clause (i), the term of office of—

''(I) 5 members shall be 3 years;

''(II) 5 members shall be 2 years; and

''(III) 4 members shall be 1 year.

''(iii) VACANCIES.—A vacancy on the Commission—

''(I) shall not affect the powers of the Commission; and

''(II) shall be filled in the same manner as the original appointment was made.

''(D) INITIAL MEETING.—Not later than 30 days after the date on which all members of the Commission have been appointed, the Commission shall hold the initial meeting of the Commission.

''(E) MEETINGS.—The Commission shall meet at the call of the Chairperson.

''(F) QUORUM.—A majority of the members of the Commission shall constitute a quorum, but a lesser number of members may hold hearings.

''(G) CHAIRPERSON AND VICE CHAIRPERSON.—The Commission shall select a Chairperson and Vice Chairperson from among the members of the Commission.

''(2) DUTIES.—The Commission shall—

''(A) conduct ongoing studies of the establishment or improvement of energy conservation standards and test protocols for consumer goods and appliances that will reduce the use of electricity use of consumer products and improve the competitiveness of the United States; and

''(B) based on the studies, make recommendations to the Secretary for the establishment or improvement of energy conservation standards and test protocols through expedited rulemaking under subsection (ii).

''(3) POWERS.—

''(A) HEARINGS.—The Commission may hold such hearings, meet and act at such times and places, take such testimony, and receive such evidence as the Commission considers advisable to carry out this subsection.

''(B) INFORMATION FROM FEDERAL AGENCIES.—

''(i) IN GENERAL.—The Commission may secure directly from a Federal agency such information as the Commission considers necessary to carry out this subsection.

''(ii) PROVISION OF INFORMATION.—On request of the Chairperson of the Commission, the head of the agency shall provide the information to the Commission.

''(C) POSTAL SERVICES.—The Commission may use the United States mails in the same manner and under the same conditions as other agencies of the Federal Government.

''(D) GIFTS.—The Commission may accept, use, and dispose of gifts or donations of services or property.

''(4) COMMISSION PERSONNEL MATTERS.—

''(A) COMPENSATION OF MEMBERS.—

''(i) NON-FEDERAL EMPLOYEES.—A member of the Commission who is not an officer or employee of the Federal Government shall be compensated at a rate equal to the daily equivalent of the annual rate of basic pay prescribed for level IV of the Executive Schedule under section 5315 of title 5, United States Code, for each day (including travel time) during which the member is engaged in the performance of the duties of the Commission.

''(ii) FEDERAL EMPLOYEES.—A member of the Commission who is an officer or employee of the Federal Government shall serve without compensation in addition to the compensation received for the services of the member as an officer or employee of the Federal Government.

''(B) TRAVEL EXPENSES.—A member of the Commission shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for an employee of an agency under subchapter I of chapter 57 of title 5, United States Code, while away from the home or regular place of business of the member in the performance of the duties of the Commission.

''(C) STAFF.—

''(i) IN GENERAL.—The Chairperson of the Commission may, without regard to the civil service laws (including regulations), appoint and terminate an executive director and such other additional personnel as are necessary to enable the Commission to perform the duties of the Commission.

''(ii) CONFIRMATION OF EXECUTIVE DIRECTOR.—The employment of an executive director shall be subject to confirmation by the Commission.

''(iii) COMPENSATION.—

''(I) IN GENERAL.—Except as provided in subclause (I), the Chairperson of the Commission may fix the compensation of the executive director and other personnel without regard to the provisions of chapter 51 and subchapter III of chapter 53 of title 5, United States Code, relating to classification of positions and General Schedule pay rates.

''(II) MAXIMUM RATE OF PAY.—The rate of pay for the executive director and other personnel shall not exceed the rate payable for level V of the Executive Schedule under section 5316 of title 5, United States Code.

''(D) DETAIL OF FEDERAL GOVERNMENT EMPLOYEES.—

''(i) IN GENERAL.—An employee of the Federal Government may be detailed to the Commission without reimbursement.

''(ii) CIVIL SERVICE STATUS.—The detail of the employee shall be without interruption or loss of civil service status or privilege.

''(E) PROCUREMENT OF TEMPORARY AND INTERMITTENT SERVICES.—The Chairperson of the Commission may procure temporary and intermittent services in accordance with section 3109(b) of title 5, United States Code, at rates for individuals that do not exceed the daily equivalent of the annual rate of basic pay prescribed for level V of the Executive Schedule under section 5316 of that title.

''(5) ADMINISTRATION.—Section 14 of the Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Commission.

''(6) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated such sums as are necessary to carry out this subsection, to remain available until expended.''.

(b) EXPEDITED RULEMAKINGS.—Section 325 of the Energy Policy and Conservation Act (42 U.S.C. 6295) (as amended by subsection (a)) is amended by adding at the end the following:

''(ii) EXPEDITED RULEMAKING FOR STANDARDS RECOMMENDED BY APPLIANCE EFFICIENCY STANDARDS COMMISSION.—

''(1) IN GENERAL.—The Secretary shall conduct an expedited rulemaking based on each energy conservation standard or test procedure recommended by the Appliance Efficiency Standards Commission established under subsection (hh).

''(2) PROCEDURE.—

''(A) IN GENERAL.—Notwithstanding subsection (p) or section 336(a), if the Secretary receives a recommendation of the Appliance Efficiency Standards Commission, the Secretary shall conduct an expedited rulemaking with respect to the standard or test procedure proposed in the recommendation in accordance with this paragraph.

''(B) ADVANCED NOTICE OF PROPOSED RULEMAKING.—If no advanced notice of proposed rulemaking has been issued under subsection (p)(1) with respect to the rulemaking covered by the recommendation, the requirements of subsection (p) with respect to the issuance of an advanced notice of proposed rulemaking shall not apply.

''(C) PROPOSED RULE.—

''(i) PUBLICATION.—Not later than 30 days after the receipt of a recommendation described in paragraph (1), the Secretary shall publish a proposed rule proposing the standard or test procedure covered by the recommendation.

''(ii) PUBLIC COMMENT PERIOD.—Notwithstanding paragraphs (2) and (3) of subsection (p), the public comment period for the proposed rule shall be the 30-day period beginning on the date of publication of the proposed rule in the Federal Register.

''(iii) PUBLIC HEARING.—Notwithstanding section 336(a), the Secretary may waive the holding of a public hearing with respect to the proposed rule.

''(D) FINAL RULE.—Notwithstanding subsection (p)(4), the Secretary—

''(i) may publish a final rule at any time after the 60-day period beginning on the date of publication of the proposed rule in the Federal Register; and

''(ii) shall publish a final rule not later than 120 days after the date of publication of the proposed rule in the Federal Register.''.

SA 1683. Mr. VOINOVICH (for himself, Mr. CARPER, and Mr. INHOFE) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of title VII, add the following:

SEC. 7___. CONVENTION ON SUPPLEMENTARY COMPENSATION FOR NUCLEAR DAMAGE CONTINGENT COST ALLOCATION.

(a) FINDINGS AND PURPOSE.—

(1) FINDINGS.—Congress finds that—

(A) section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) (commonly known as the ''Price-Anderson Act'')—

(i) provides a predictable legal framework necessary for nuclear projects; and

(ii) ensures prompt and equitable compensation in the event of a nuclear incident in the United States;

(B) section 170 of that Act, in effect, provides operators of nuclear powerplants with insurance for damage arising out of a nuclear incident and funds the insurance primarily through the assessment of a retrospective premium from each operator after the occurrence of a nuclear incident;

(C) the Convention on Supplementary Compensation for Nuclear Damage, done at Vienna on September 12, 1997, will establish a global system—

(i) to provide a predictable legal framework necessary for nuclear energy projects; and

(ii) to ensure prompt and equitable compensation in the event of a nuclear incident;

(D) the Convention benefits United States nuclear suppliers that face potentially unlimited liability for a nuclear incidents outside the coverage of section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) by replacing a potentially open-ended liability with a predictable liability regime that, in effect, provides nuclear suppliers with insurance for damage arising out of such an incident;

(E) the Convention also benefits United States nuclear facility operators that may be publicly liable for a Price-Anderson incident by providing an additional early source for a Price-Anderson incident by providing an additional early source of funds to compensate damage arising out of the Price-Anderson incident;

(F) the combined operation of the Convention, section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210), and this section will augment the quantity of assured funds available for victims in a wider variety of nuclear incidents while reducing the potential liability of United States suppliers without increasing potential costs to United States operators;

(G) the cost of those benefits is the obligation of the United States to contribute to the supplementary compensation fund established by the Convention;

(H) any such contribution should be funded in a manner that neither upsets settled expectations based on the liability regime established under section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) nor shifts to Federal taxpayers liability risks for nuclear incidents at foreign installations;

(I) with respect to a Price-Anderson incident, funds already available under section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) should be used; and

(J) with respect to a nuclear incident outside the United States not covered by section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210), a retrospective premium should be prorated among nuclear suppliers relieved from potential liability for which insurance is not available.

(2) PURPOSE.—The purpose of this section is to allocate the contingent costs associated with participation by the United States in the international nuclear liability compensation system established by the Convention on Supplementary Compensation for Nuclear Damage, done at Vienna on September 12, 1997—

(A) with respect to a Price-Anderson incident, by using funds made available under section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) to cover the contingent costs in a manner that neither increases the burdens nor decreases the benefits under section 170 of that Act; and

(B) with respect to a covered incident outside the United States that is not a Price-Anderson incident, by allocating the contingent costs equitably, on the basis of risk, among the class of nuclear suppliers relieved by the Convention from the risk of potential liability resulting from any covered incident outside the United States.

(b) DEFINITIONS.—In this section:

(1) COMMISSION.—The term ''Commission'' means the Nuclear Regulatory Commission.

(2) CONTINGENT COST.—The term ''contingent cost'' means the cost to the United States in the event of a covered incident the amount of which is equal to the amount of funds the United States is obligated to make available under paragraph 1(b) of Article III of the Convention.

(3) CONVENTION.—The term ''Convention'' means the Convention on Supplementary Compensation for Nuclear Damage, done at Vienna on September 12, 1997.

(4) COVERED INCIDENT.—The term ''covered incident'' means a nuclear incident the occurrence of which results in a request for funds pursuant to Article VII of the Convention.

(5) COVERED INSTALLATION.—The term ''covered installation'' means a nuclear installation at which the occurrence of a nuclear incident could result in a request for funds under Article VII of the Convention.

(6) COVERED PERSON.—

(A) IN GENERAL.—The term ''covered person'' means—

(i) a United States person; and

(ii) an individual or entity (including an agency or instrumentality of a foreign country) that—

(I) is located in the United States; or

(II) carries out an activity in the United States.

(B) EXCLUSIONS.—The term ''covered person'' does not include—

(i) the United States; or

(ii) any agency or instrumentality of the United States.

(7) NUCLEAR SUPPLIER.—The term ''nuclear supplier'' means a covered person (or a successor in interest of a covered person) that—

(A) supplies facilities, equipment, fuel, services, or technology pertaining to the design, construction, operation, or decommissioning of a covered installation; or

(B) transports nuclear materials that could result in a covered incident.

(8) PRICE-ANDERSON INCIDENT.—The term ''Price-Anderson incident'' means a covered incident for which section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) would make funds available to compensate for public liability (as defined in section 11 of that Act (42 U.S.C. 2014)).

(9) SECRETARY.—The term ''Secretary'' means the Secretary of Energy.

(10) UNITED STATES.—

(A) IN GENERAL.—The term ''United States'' has the meaning given the term in section 11 of the Atomic Energy Act of 1954 (42 U.S.C. 2014).

(B) INCLUSIONS.—The term ''United States'' includes—

(i) the Commonwealth of Puerto Rico;

(ii) any other territory or possession of the United States;

(iii) the Canal Zone; and

(iv) the waters of the United States territorial sea under Presidential Proclamation Number 5928, dated December 27, 1988 (43 U.S.C. 1331 note).

(11) UNITED STATES PERSON.—The term ''United States person'' means—

(A) any individual who is a resident, national, or citizen of the United States (other than an individual residing outside of the United States and employed by a person who is not a United States person); and

(B) any corporation, partnership, association, joint stock company, business trust, unincorporated organization, or sole proprietorship that is organized under the laws of the United States.

(c) USE OF PRICE-ANDERSON FUNDS.—

(1) IN GENERAL.—Funds made available under section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) shall be used to cover the contingent cost resulting from any Price-Anderson incident.

(2) EFFECT.—The use of funds pursuant to paragraph (1) shall not reduce the limitation on public liability established under section 170 e. of the Atomic Energy Act of 1954 (42 U.S.C. 2210(e)).

(d) EFFECT ON AMOUNT OF PUBLIC LIABILITY.—

(1) IN GENERAL.—Funds made available to the United States under Article VII of the Convention with respect to a Price-Anderson incident shall be used to satisfy public liability resulting from the Price-Anderson incident.

(2) AMOUNT.—The amount of public liability allowable under section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) relating to a Price-Anderson incident under paragraph (1) shall be increased by an amount equal to the difference between—

(A) the amount of funds made available for the Price-Anderson incident under Article VII of the Convention; and

(B) the amount of funds used under subsection (c) to cover the contingent cost resulting from the Price-Anderson incident.

(e) RETROSPECTIVE RISK POOLING PROGRAM.—

(1) IN GENERAL.—Except as provided in paragraph (2), each nuclear supplier shall participate in a retrospective risk pooling program in accordance with this section to cover the contingent cost resulting from a covered incident outside the United States that is not a Price-Anderson incident.

(2) DEFERRED PAYMENT.—

(A) IN GENERAL.—The obligation of a nuclear supplier to participate in the retrospective risk pooling program shall be deferred until the United States is called on to provide funds pursuant to Article VII of the Convention with respect to a covered incident that is not a Price-Anderson incident.

(B) AMOUNT OF DEFERRED PAYMENT.—The amount of a deferred payment of a nuclear supplier under subparagraph (A) shall be based on the risk-informed assessment formula determined under subparagraph (C).

(C) RISK-INFORMED ASSESSMENT FORMULA.—

(i) IN GENERAL.—Not later than 3 years after the date of enactment of this Act, and every 5 years thereafter, the Secretary shall, by regulation, determine the risk-informed assessment formula for the allocation among nuclear suppliers of the contingent cost resulting from a covered incident that is not a Price-Anderson incident, taking into account risk factors such as—

(I) the nature and intended purpose of the goods and services supplied by each nuclear supplier to each covered installation outside the United States;

(II) the quantity of the goods and services supplied by each nuclear supplier to each covered installation outside the United States;

(III) the hazards associated with the supplied goods and services if the goods and services fail to achieve the intended purposes;

(IV) the hazards associated with the covered installation outside the United States to which the goods and services are supplied;

(V) the legal, regulatory, and financial infrastructure associated with the covered installation outside the United States to which the goods and services are supplied; and

(VI) the hazards associated with particular forms of transportation.

(ii) FACTORS FOR CONSIDERATION.—In determining the formula, the Secretary may—

(I) exclude—

(aa) goods and services with negligible risk;

(bb) classes of goods and services not intended specifically for use in a nuclear installation;

(cc) a nuclear supplier with a de minimis share of the contingent cost; and

(dd) a nuclear supplier no longer in existence for which there is no identifiable successor; and

(II) establish the period on which the risk assessment is based.

(iii) APPLICATION.—In applying the formula, the Secretary shall not consider any covered installation or transportation for which funds would be available under section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210).

(iv) REPORT.—Not later than 5 years after the date of enactment of this Act and every 5 years thereafter, the Secretary shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Energy and Commerce of the House of Representatives a report on whether there is a need for continuation or amendment of this section, taking into account the effects of the implementation of the Convention on the United States nuclear industry and suppliers.

(f) REPORTING.—

(1) COLLECTION OF INFORMATION.—

(A) IN GENERAL.—The Secretary may collect information necessary for developing and implementing the formula for calculating the deferred payment of a nuclear supplier under subsection (e)(2).

(B) PROVISION OF INFORMATION.—Each nuclear supplier and other appropriate persons shall make available to the Secretary such information, reports, records, documents, and other data as the Secretary determines, by regulation, to be necessary or appropriate to develop and implement the formula under subsection (e)(2)(C).

(2) PRIVATE INSURANCE.—The Secretary shall make available to nuclear suppliers, and insurers of nuclear suppliers, information to support the voluntary establishment and maintenance of private insurance against any risk for which nuclear suppliers may be required to pay deferred payments under this section.

(g) EFFECT ON LIABILITY.—Nothing in any other law (including regulations) limits liability for a covered incident to an amount equal to less than the amount prescribed in paragraph 1(a) of Article IV of the Convention, unless the law—

(1) specifically refers to this section; and

(2) explicitly repeals, alters, amends, modifies, impairs, displaces, or supersedes the effect of this subsection.

(h) PAYMENTS TO AND BY THE UNITED STATES.—

(1) ACTION BY NUCLEAR SUPPLIERS.—

(A) NOTIFICATION.—In the case of a request for funds under Article VII of the Convention resulting from a covered incident that is not a Price-Anderson incident, the Secretary shall notify each nuclear supplier of the amount of the deferred payment required to be made by the nuclear supplier.

(B) PAYMENTS.—

(i) IN GENERAL.—Except as provided in clause (ii), not later than 60 days after receipt of a notification under subparagraph (A), a nuclear supplier shall pay to the general fund of the Treasury the deferred payment of the nuclear supplier required under subparagraph (A).

(ii) ANNUAL PAYMENTS.—A nuclear supplier may elect to prorate payment of the deferred payment required under subparagraph (A) in 5 equal annual payments (including interest on the unpaid balance at the prime rate prevailing at the time the first payment is due).

(C) VOUCHERS.—A nuclear supplier shall submit payment certification vouchers to the Secretary of the Treasury in accordance with section 3325 of title 31, United States Code.

(2) USE OF FUNDS.—

(A) IN GENERAL.—Amounts paid into the Treasury under paragraph (1) shall be available to the Secretary of the Treasury, without further appropriation and without fiscal year limitation, for the purpose of making the contributions of public funds required to be made by the United States under the Convention.

(B) ACTION BY SECRETARY OF TREASURY.—The Secretary of the Treasury shall pay the contribution required under the Convention to the court of competent jurisdiction under Article XIII of the Convention with respect to the applicable covered incident.

(3) FAILURE TO PAY.—If a nuclear supplier fails to make a payment required under this subsection, the Secretary may take appropriate action to recover from the nuclear supplier—

(A) the amount of the payment due from the nuclear supplier;

(B) any applicable interest on the payment; and

(C) a penalty of not more than twice the amount of the deferred payment due from the nuclear supplier.

(i) LIMITATION ON JUDICIAL REVIEW; CAUSE OF ACTION.—

(1) LIMITATION ON JUDICIAL REVIEW.—

(A) IN GENERAL.—In any civil action arising under the Convention over which Article XIII of the Convention grants jurisdiction to the courts of the United States, any appeal or review by writ of mandamus or otherwise with respect to a nuclear incident that is not a Price-Anderson incident shall be in accordance with chapter 83 of title 28, United States Code, except that the appeal or review shall occur in the United States Court of Appeals for the District of Columbia Circuit.

(B) SUPREME COURT JURISDICTION.—Nothing in this paragraph affects the jurisdiction of the Supreme Court of the United States under chapter 81 of title 28, United States Code.

(2) CAUSE OF ACTION.—

(A) IN GENERAL.—Subject to subparagraph (B), in any civil action arising under the Convention over which Article XIII of the Convention grants jurisdiction to the courts of the United States, in addition to any other cause of action that may exist, an individual or entity shall have a cause of action against the operator to recover for nuclear damage suffered by the individual or entity.

(B) REQUIREMENT.—Subparagraph (A) shall apply only if the individual or entity seeks a remedy for nuclear damage (as defined in Article I of the Convention) that was caused by a nuclear incident (as defined in Article I of the Convention) that is not a Price-Anderson incident.

(C) EFFECT OF PARAGRAPH.—Nothing in this paragraph limits, modifies, extinguishes, or otherwise affects any cause of action that would have existed in the absence of enactment of this paragraph.

(j) RIGHT OF RECOURSE.—This section does not provide to an operator of a covered installation any right of recourse under the Convention.

(k) PROTECTION OF SENSITIVE UNITED STATES INFORMATION.—Nothing in the Convention or this section requires the disclosure of—

(1) any data that, at any time, was Restricted Data (as defined in section 11 of the Atomic Energy Act of 1954 (42 U.S.C. 2014));

(2) information relating to intelligence sources or methods protected by section 102A(i) of the National Security Act of 1947 (50 U.S.C. 403–1(i)); or

(3) national security information classified under Executive Order 12958 (50 U.S.C. 435 note; relating to classified national security information) (or a successor regulation).

(l) REGULATIONS.—

(1) IN GENERAL.—The Secretary or the Commission, as appropriate, may prescribe regulations to carry out section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) and this section.

(2) REQUIREMENT.—Rules prescribed under this subsection shall ensure, to the maximum extent practicable, that—

(A) the implementation of section 170 of the Atomic Energy Act of 1954 (42 U.S.C. 2210) and this section is consistent and equitable; and

(B) the financial and operational burden on a Commission licensee in complying with section 170 of that Act is not greater as a result of the enactment of this section.

(3) APPLICABILITY OF PROVISION.—Section 553 of title 5, United States Code, shall apply with respect to the promulgation of regulations under this subsection.

(4) EFFECT OF SUBSECTION.—The authority provided under this subsection is in addition to, and does not impair or otherwise affect, any other authority of the Secretary or the Commission to prescribe regulations.

(m) EFFECTIVE DATE.—This section takes effect on the date of enactment of this Act.

SA 1684. Mrs. HUTCHISON (for herself and Mr. CORNYN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 21, strike lines 4 through 6 and insert the following:

(A) implementation of the requirement would significantly harm—

(i) the economy or environment of a State, region, or the United States; or

(ii) any industry located in a State, region, or the United States, particularly with respect to—

(I) producers of livestock, poultry, and pork products; and

(II) processors of food and food products;

SA 1685. Mr. HAGEL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle B of title II, add the following:

SEC. 2___. ADVANCED COAL GENERATION DEPLOYMENT OF ADVANCED COAL GENERATION UNITS.

(a) DEFINITIONS.—In this section:

(1) AIR SEPARATION UNIT.—The term ''air separation unit'' means a technology capable of using ambient air to separate and concentrate a gas with 95 percent oxygen concentration for use in oxy fuel technology.

(2) CAPTURE-READY.—The term ''capture ready'' means the design of a new coal-fired unit that reduces the cost of and facilitates the addition of carbon dioxide separation and capture technologies after the unit has been placed into service.

(3) OXY FUEL.—The term ''oxy fuel'' means a coal-fired boiler that burns coal in an environment with a 95 percent oxygen concentration.

(4) SUBCRITICAL PULVERIZED COAL UNIT.—The term ''subcritical pulverized coal unit'' means a coal-fired boiler that operates—

(A) at a pressure below 3,200 pounds per square inch; and

(B) below a temperature of 1,025 degrees Fahrenheit.

(5) SUPERCRITICAL PULVERIZED COAL UNIT.—The term ''supercritical pulverized coal unit'' means a coal-fired boiler that—

(A) reaches an electricity generating efficiency of from 37 percent to 40 percent (High Heating Value); and

(B) operates at a minimum pressure of 3,500 pounds per square inch and a minimum temperature of 1,050 degrees Fahrenheit.

(6) ULTRASUPERCRITICAL PULVERIZED COAL UNIT.—The term ''ultrasupercritical pulverized coal unit'' means a coal-fired boiler that—

(A) reaches an electricity generating efficiency of more than 43 percent (High Heating Value); and

(B) operates at a minimum pressure of 4,600 pounds per square inch and a minimum temperature of 1,110 degrees Fahrenheit.

(b) EXEMPTION FROM NEW SOURCE REVIEW.—Effective beginning on the date of enactment of this Act, any subcritical pulverized coal unit in existence on the date of enactment of this Act that is rebuilt with a supercritical pulverized coal unit, or an ultrasupercritical pulverized coal unit, that includes post-combustion carbon dioxide capture technology or an oxy fuel pulverized coal unit shall be exempt from new source review requirements under the Clean Air Act (42 U.S.C. 7401 et seq.) if—

(1) there is no appreciable increase in the rate of regulated emissions calculated by quantity of pollutants removed per ton of coal used; and

(2) the new unit does not—

(A) cause the area in which the unit is located to deteriorate from an attainment to a nonattainment area; or

(B) alter the progress of the State in achieving attainment under the applicable State implementation plan.

(c) LOAN GUARANTEES FOR OXY FUEL AIR SEPARATION UNITS AND AIR-BLOWN ULTRASUPERCRITICAL PULVERIZED COAL UNITS THAT ARE CAPTURE-READY.—Section 1703(b) of the Energy Policy Act of 2005 (42 U.S.C. 16513(b)) is amended by adding at the end the following:

''(11) Air separation units and air-blown ultrasupercritical pulverized coal units that are capture ready (as the terms are defined in section 2___(a) of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007).''.

SA 1686. Mr. ALLARD submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. _. EXTENSION OF QUALIFIED GREEN BUILDING AND SUSTAINABLE DESIGN PROJECT BONDS.

(a) Subsection (l) of section 142 (relating to qualified green building and sustainable design projects) is amended—

(1) by striking ''2009'' in paragraph (8) and inserting ''2012'', and

(2) by striking ''2009'' in paragraph (9) and inserting ''2012''.

(b) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after the date of the enactment of this Act.

SA 1687. Mr. BURR submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 292, strike line 7 and all that follows through page 293, line 6, and insert the following:

(4) the Department of Energy should be designated as the lead United States Government agency in charge of formulating and coordinating the national energy security policy of the United States, and in furtherance of these goals, there should be established within the Department of Energy an Assistant Secretary of Energy for Energy Security whose responsibilities should include—

(A) directing the development of the national energy security strategy of the United States;

(B) coordinating the national energy security policy of the United States with the Department of Defense, the Department of State, and the National Security Council, as appropriate, to address the impact of, and integrate national security and foreign policy on, the national energy security policy of the United States;

(C) monitoring international and domestic energy developments to gauge their impact on the national energy security policy of the United States and implementing changes in such policy as necessary to maintain the national security and energy security of the United States;

(D) identifying foreign sources of energy critical to the national energy security of the United States and developing strategies for ensuring United States access to critical foreign energy resources;

(E) developing strategies for reducing United States dependence on foreign sources of energy, including demand reduction, efficiency improvement, and development of alternative and new sources of domestic energy; and

(F) developing strategies in conjunction with the Department of State for working with major international producers and consumers, including China, Russia, the European Union, and Africa, to minimize politicization of global energy resources while ensuring access through global energy markets.

SA 1688. Mr. BURR submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 313, strike lines 20 and 21 and insert the following:

SEC. 707. ANNUAL NATIONAL ENERGY SECURITY STRATEGY REPORT.

(a) REPORTS.—

(1) IN GENERAL.—Subject to paragraph (2), on the date on which the President submits to Congress the budget for the following fiscal year under section 1105 of title 31, United States Code, the President shall submit to Congress a comprehensive report on the national energy security of the United States.

(2) NEW PRESIDENTS.—In addition to the reports required under paragraph (1), the President shall submit a comprehensive report on the national energy security of the United States by not later than 150 days after the date on which the President assumes the office of President after a presidential election.

(b) CONTENTS.—Each report under this section shall describe the national energy security strategy of the United States, including a comprehensive description of—

(1) the worldwide interests, goals, and objectives of the United States that are vital to the national energy security of the United States;

(2) the foreign policy, worldwide commitments, and national defense capabilities of the United States necessary—

(A) to deter political manipulation of world energy resources; and

(B) to implement the national energy security strategy of the United States;

(3) the proposed short-term and long-term uses of the political, economic, military, and other authorities of the United States—

(A) to protect or promote energy security; and

(B) to achieve the goals and objectives described in paragraph (1);

(4) the adequacy of the capabilities of the United States to protect the national energy security of the United States, including an evaluation of the balance among the capabilities of all elements of the national authority of the United States to support the implementation of the national energy security strategy; and

(5) such other information as the President determines to be necessary to inform Congress on matters relating to the national energy security of the United States.

(c) CLASSIFIED AND UNCLASSIFIED FORM.—Each national energy security strategy report shall be submitted to Congress in—

(1) a classified form; and

(2) an unclassified form.

SEC. 708. APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.

SA 1689. Mr. BURR submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

After section 706, insert the following:

SEC. 707. NATIONAL SECURITY COUNCIL REORGANIZATION.

Section 101(a) of the National Security Act of 1947 (50 U.S.C. 402(a)) is amended—

(1) by redesignating paragraphs (5), (6), and (7) as paragraphs (6), (7), and (8), respectively; and

(2) by inserting after paragraph (4) the following:

''(5) the Secretary of Energy;''.

SA 1690. Mr. MENENDEZ (for himself and Mr. SANDERS) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end, add the following:

TITLE VIII—SOLAR ENERGY

SEC. 801. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds that—

(1) solar energy is the most abundant energy source in the United States;

(2) solar energy can play a significant role in the economy of the United States;

(3) photovoltaic products are produced by domestic and foreign manufacturers and are purchased by thousands of people throughout the United States and foreign countries;

(4) photovoltaic products should be readily available and marketed efficiently to ensure that the people of the United States have adequate access to clean and renewable, domestically-produced energy;

(5) the maintenance and expansion of existing markets for solar energy are vital to the welfare of photovoltaic producers and those concerned with marketing, using, and producing photovoltaic products, as well as to the general economy of the United States; and

(6) photovoltaic products move in interstate and foreign commerce, and photovoltaic products that do not move in interstate or foreign commerce directly burden or affect interstate commerce of photovoltaic products.

(b) PURPOSES.—The purposes of this title are—

(1) to provide for the establishment of an orderly procedure for financing (through assessments on all photovoltaic products manufactured and shipped in the United States and on photovoltaic products imported into the United States) and carrying out a coordinated program of promotion and research designed to strengthen the position of the solar energy industry in the marketplace; and

(2) to maintain and expand domestic and foreign markets and uses for solar energy and solar energy products.

SEC. 802. DEFINITIONS.

In this title:

(1) ASSESSMENT.—The term ''assessment'' means a fee required to be paid for a photovoltaic product in accordance with an order at a rate equal to $.02 per watt, based on the nameplate capacity of the photovoltaic product (or an equivalent capacity of the photovoltaic product for balance-of-system components, as determined by the Secretary).

(2) BOARD.—The term ''Board'' means the Solar Energy Promotion and Research Board established under an order and described in section 803(b).

(3) CONSUMER INFORMATION.—The term ''consumer information'' means technology specifications, environmental data, and other information that would assist consumers and other persons in making evaluations and decisions regarding the purchase and use of solar energy products.

(4) DEPARTMENT.—The term ''Department'' means the Department of Energy.

(5) FOUNDATION.—The term ''Foundation'' means the Solar Energy Research and Education Foundation.

(6) IMPORTER.—The term ''importer'' means any person that imports a photovoltaic product into the United States.

(7) INDUSTRY INFORMATION.—The term ''industry information'' means information and programs that are designed to lead to the development of new markets, marketing strategies, increased efficiency, and activities to enhance the image of the solar energy industry.

(8) ORDER.—The term ''order'' means a final solar energy promotion and research order promulgated under section 803(b).

(9) PERSON.—The term ''person'' means any—

(A) individual;

(B) group of individuals;

(C) partnership;

(D) corporation;

(E) association;

(F) cooperative; or

(G) other entity.

(10) PHOTOVOLTAIC PRODUCT.—The term ''photovoltaic product'' means—

(A) any photovoltaic cell, module, or other solar electric product with a nameplate capacity that exceeds 1 watt; and

(B) any balance-of-system component (such as an inverter) used in a solar electric system.

(11) PRODUCER.—The term ''producer'' means any person that manufacturers photovoltaic products.

(12) PROMOTION.—The term ''promotion'' means any action (including paid advertising) to advance the image and desirability of solar energy products to improve the competitive position and stimulate the sales of solar energy products in the marketplace.

(13) RESEARCH.—The term ''research'' means—

(A) studies testing the effectiveness of market development and promotion efforts;

(B) studies relating to technological advancement or environmental benefit; and

(C) other related solar energy research and new product development.

(14) SECRETARY.—The term ''Secretary'' means the Secretary of Energy.

(15) STATE.—The term ''State'' means—

(A) a State; and

(B) the District of Columbia.

(16) UNITED STATES.—The term ''United States'' means the all of the States.

SEC. 803. ORDERS.

(a) PROPOSED ORDER.—Not later than January 1, 2008, the Secretary shall—

(1) publish in the Federal Register a proposed solar energy promotion and research order; and

(2) provide notice and opportunity for public comment on the proposed order.

(b) FINAL ORDER.—Not later than 120 days after the date of publication of a proposed order in accordance with subsection (a), the Secretary shall promulgate a final order, which shall take effect as of that date of promulgation.

(c) REQUIREMENTS.—A final order promulgated under subsection (b) shall—

(1) provide for the establishment and selection of a Solar Energy Promotion and Research Board, to be composed of members who are producers or importers appointed by the Secretary from nominations submitted by the Solar Energy Industries Association;

(2) define the powers and duties of the Board, which shall—

(A) hold at least an annual meeting; and

(B) include only the powers—

(i) to administer the order issued under this section, in accordance with the terms and conditions of the order;

(ii) to recommend to the Secretary rules to carry out the order;

(iii) to approve or disapprove budgets submitted by the Foundation;

(iv) to receive, investigate, and report to the Secretary complaints of violations of the order;

(v) to collect and use assessments in accordance with this subsection; and

(vi) to recommend to the Secretary amendments to the order;

(3) specify the circumstances under which special meetings of the Board may be held;

(4) provide that—

(A)(i) except as provided in clauses (ii) through (iv)—

(I) the term of a member appointed to the Board shall be 3 years; and

(II) no member appointed to the Board may serve more than 2 consecutive terms;

(ii) with respect to the initial appointments to the Board, members shall be appointed in staggered 1-, 2-, and 3-year terms, as determined by the Secretary;

(iii) the Secretary shall have a permanent appointment to the Board; and

(iv) the President of the Solar Energy Industries Association shall have a permanent appointment to the Board;

(B) Board members shall serve without compensation, but shall be reimbursed for their reasonable expenses incurred in carrying out the duties of the Board;

(C) the total costs of collection of assessments and administrative staff incurred by the Board during any fiscal year shall not exceed 5 percent of the projected total assessments to be collected by the Board for the fiscal year; and

(D) the Board shall use, to the maximum extent practicable, the resources, staff, and facilities of industry organizations to carry out the duties of the Board;

(5) provide that the Board shall oversee the disbursement of assessment funds to the Foundation for the promotion of solar energy;

(6) provide that the Foundation—

(A) shall develop plans or projects of promotion and advertising, research, consumer information, and industry information, to be funded by assessments collected by the Board;

(B) shall, in developing those plans or projects, to the maximum extent practicable, take into account similarities and differences between different solar technologies;

(C) to ensure coordination and efficient use of funds, shall enter into contracts or agreements with established nonprofit organizations to implement programs of promotion and advertising, research, consumer information, and industry information, on the condition that any such contract or agreement provides that—

(i) the person entering the contract or agreement shall develop and submit to the Foundation a proposal for a plan or project, together with 1 or more budgets that describe the estimated costs to be incurred for the plan or project;

(ii) the plan or project shall become effective on the approval of the Secretary; and

(iii) the person entering the contract or agreement shall, with respect to the plan or project—

(I) keep accurate records of all transactions;

(II) account for funds received and expended;

(III) submit to the Foundation periodic reports on activities conducted; and

(IV) submit such other reports as the Secretary, Board, or Foundation may require; and

(D) may use the resources, staff, and facilities of the Board and industry organizations to carry out the duties of the Foundation;

(7) provide that an employee of an industry organization—

(A) may not receive compensation for work performed for the Foundation; but

(B) shall be reimbursed from assessments collected by the Board for reasonable expenses incurred in performing that work;

(8) require the Board and the Foundation—

(A) to maintain such books and records, which shall be available to the Secretary for inspection and audit, as the Secretary may prescribe;

(B) to prepare and submit to the Secretary, from time to time, such reports as the Secretary may require; and

(C) to account for the receipt and disbursement of all funds received by the Board and Foundation;

(9) provide that—

(A) each producer shall, for each photovoltaic product produced by the producer, collect an assessment and remit the assessment to the Board in a manner prescribed by the order;

(B) each importer shall, for each photovoltaic product imported by the importer, pay to the Board an assessment in the manner prescribed by the order; and

(C) the Board shall use assessments received under this paragraph—

(i) to provide funds to the Foundation for use in carrying out solar energy projects;

(ii) to pay the costs of plans and projects carried out by the Board;

(iii) to reimburse employees as described in paragraph (7)(B);

(iv) to pay the administrative expenses incurred by the Board in carrying out the duties of the Board, and by the Secretary, after promulgation of the order (including administrative expenses incurred in carrying out a referendum under section 804); and

(v) to establish a reasonable reserve;

(10) permit the Board, with the approval of the Secretary, to invest funds collected through assessments, pending disbursement, only in—

(A) obligations of the United States (or any agency of the United States);

(B) general obligations of any State (or any political subdivision of a State);

(C) any interest-bearing account or certificate of deposit of a bank that is a member of the Federal Reserve System; or

(D) obligations fully guaranteed as to principal and interest by the United States;

(11) prohibit any funds received by the Board under the order from being used to pay the salary of any Federal employee, other than for recommending amendments to the order;

(12) require that each producer and importer—

(A) maintain and make available for inspection such books and records as may be required by the order, including records of persons from which the producer or importer received payment for photovoltaic products produced or imported by the producer or importer;

(B) submit reports at such time, in such manner, and having such content as is prescribed by the order; and

(C) make information described in subparagraphs (A) and (B) available to the Secretary, upon request, for use in administering and enforcing the order or this title; and

(13) contain such other terms and conditions as are consistent with this title and necessary to carry out the order.

(d) AVAILABILITY OF INFORMATION.—

(1) IN GENERAL.—Subject to paragraph (2), information made available to the Secretary in accordance with subsection (c)(12) shall be—

(A) kept confidential by all officers and employees of the Department; and

(B) disclosed only—

(i) in the course of a civil action or administrative proceeding involving the order—

(I) that is brought or initiated at the request of the Secretary; or

(II) to which the Secretary or any other officer of the United States is a party; and

(ii) to the extent that the Secretary or a court of law determines the information to be relevant.

(2) NO PROHIBITION ON ISSUANCE OR PUBLICATION OF CERTAIN INFORMATION.—Nothing in this paragraph prohibits—

(A) the issuance of any general statement, based on any report submitted to the Secretary under subsection (c)(12)(B), of the number of persons subject to the order or statistical data collected by those persons, on the condition that the statement does not identify the information provided by any person; or

(B) the publication, by direction of the Secretary, of the name of any person violating the order, together with a statement of the particular provisions of the order violated by the person.

(3) PROHIBITED DISCLOSURE.—

(A) IN GENERAL.—Except as otherwise provided in this subsection, no information obtained under this title or the order may be made available to any agency or officer of the United States for any purpose other than the implementation of this title and the order (including the conduct of any investigation or enforcement action necessary to implement this title or the order).

(B) PENALTY FOR VIOLATION.—A person that violates subparagraph (A) shall be—

(i) fined not more than $1,000, imprisoned for not more than 1 year, or both; and

(ii) if the person is an officer or employee of the Board or the Department, removed from office.

SEC. 804. REFERENDUM.

(a) CONTINUATION OR TERMINATION OF ORDER.—

(1) INITIAL REFERENDUM.—Not later than 4 years after the date of promulgation of the order or such earlier date as may be recommended by the Board, the Secretary shall conduct an initial referendum among persons who have been producers or importers during a representative period, as determined by the Secretary, to determine whether the producers and importers favor the termination of the order.

(2) SECOND REFERENDUM.—After conducting the initial referendum under paragraph (1), on the request of a representative group comprising 25 percent or more of the producers and importers that voted in the initial referendum, the Secretary may conduct a second referendum to determine whether producers and importers described in paragraph (1) favor the termination of the order.

(3) CONTINUATION OF ORDER.—The order shall remain in effect only if the Secretary determines that the order was approved by not less than—

(A) a majority of the producers and importers voting in the initial referendum under paragraph (1); or

(B) in the case of a second referendum conducted under paragraph (2), a majority of the producers and importers voting in that second referendum.

(4) FAILURE TO APPROVE CONTINUATION.—If the Secretary determines that continuation of the order is not approved by a majority of the persons voting in the initial referendum under paragraph (1) or a second referendum under paragraph (2), the Secretary shall—

(A) terminate the collection of assessments under the order by not later than 180 days after the date on which the Secretary makes that determination; and

(B) terminate the order, in an orderly manner, as soon as practicable after that date.

(b) ADMINISTRATIVE MATTERS.—

(1) REIMBURSEMENT.—Subject to section 803(c)(11)(A), the Department shall be reimbursed for expenditures relating to the conduct of a referendum under this section from assessments received by the Board in accordance with the order.

(2) TIME AND PLACE OF REFERENDUM; CERTIFICATION.—Subject to paragraph (3)—

(A) a referendum conducted under this section shall be conducted at local offices on a date and as determined by the Secretary; and

(B) at such a referendum, a producer or importer—

(i) shall certify that the producer or importer was engaged in the production of photovoltaic products during a representative period determined by the Secretary; and

(ii) on the same day, shall be provided an opportunity to vote in the referendum.

(3) ABSENTEE MAIL BALLOT.—The Secretary shall—

(A) provide for a producer or importer to receive an absentee mail ballot for use in voting in a referendum on request; and

(B) establish rules by which a producer or importer may use such an absentee mail ballot to vote in a referendum.

SEC. 805. ENFORCEMENT.

(a) RESTRAINING ORDER; CIVIL FINE.—If the Secretary determines that the administration and enforcement of this title or the order would be adequately served by the issuance of an administrative order or assessment of a civil penalty, following an opportunity for an administrative hearing on the record, the Secretary may—

(1) issue an administrative order to restrain or prevent a person from violating the order; and

(2) assess a civil fine of not more than $25,000 for each violation of the order.

(b) JURISDICTION OF DISTRICT COURT.—The United States district courts shall have exclusive jurisdiction over any civil action brought to enforce, or to prevent or restrain a person from violating, the order or this title.

(c) CIVIL ACTION TO BE REFERRED TO ATTORNEY GENERAL.—A civil action authorized to be brought under this section shall be referred to the Attorney General for appropriate action.

SEC. 806. INVESTIGATORY POWERS AND PROCEDURES.

(a) INVESTIGATIONS.—The Secretary may conduct such investigations as the Secretary determines to be necessary—

(1) for the effective administration of this title; or

(2) to determine whether any person subject to this title has engaged or is about to engage in any act that constitutes or will constitute a violation of the order or this title.

(b) POWERS.—

(1) IN GENERAL.—In conducting an investigation described in paragraph (1), the Secretary may administer such oaths and affirmations, subpoena and compel the attendance of such witnesses, receive such evidence, and require the production of such records as are relevant to the investigation.

(2) GEOGRAPHICAL BOUNDARY.—The attendance of witnesses and the production of records under paragraph (1) may be required from any place in the United States.

(3) JUDICIAL ACTION.—In a case of contumacy by, or refusal to obey a subpoena issued to, any person, the Secretary may request any court of the United States within the jurisdiction of which the investigation or proceeding is carried on, or in which the person resides or carries on business, to issue, and such a court may issue, an order requiring the attendance and testimony of the person and the production of any requested records.

(4) CONTEMPT.—Any failure to obey an order of a court issued under paragraph (3)

may be punished by the court as a contempt of the court.

(5) SERVICE OF PROCESS.—Process in any case described in this subsection may be served—

(A) in the judicial district in which a person is an inhabitant; or

(B) wherever the person may be found.

SEC. 807. EFFECT ON OTHER AUTHORITY.

Nothing in this title preempts, supercedes, or otherwise affects any other Federal or State program relating to solar energy promotion.

SEC. 808. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated such sums as are necessary to carry out the consumer education activities authorized by the order and this title.

SA 1691. Mr. WYDEN (for himself and Mr. SUNUNU) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. ___. REMOVAL OF ROYALTY RELIEF AUTHORITY.

Sections 344 and 345 of the Energy Policy Act of 2005 (42 U.S.C. 15904, 15905) are repealed.

SA 1692. Ms. MURKOWSKI submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. _____. LICENSING OF LAKE DIANA HYDROELECTRIC PROJECT.

(a) IN GENERAL.—Notwithstanding any other provision of law, the license to construct the project described in the Federal Energy Regulatory Commission preliminary permit application numbered 12716–000 is approved.

(b) PROJECT CONSTRUCTION REQUIREMENTS.—The project referred to in subsection (a) shall be carried out in accordance with the notice of intent dated March 29, 2007, as determined by the Federal Energy Regulatory Commission under subsection (c).

(c) APPROVAL.—The Federal Energy Regulatory Commission shall approve the project only if the Commission determines that the project—

(1) will be carried out in accordance with the notice of intent referred to in subsection (b); and

(2) will best develop the affected water resources, in accordance with section 10(a) of the Federal Power Act (16 U.S.C. 803(a)).

(d) LICENSE CONDITIONS.—The license for the project referred to in subsection (a) shall include conditions identical to the license conditions relating to the use of affected water determined to be necessary and appropriate by the Federal Energy Regulatory Commission under section 10(a) of that Act (16 U.S.C. 803(a)).

SA 1693. Mr. BINGAMAN (for himself, Mrs. BOXER, and Mr. REID) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 59, after line 21, insert the following:

Subtitle D—Environmental Safeguards

SEC. 161. GRANTS FOR PRODUCTION OF ADVANCED BIOFUELS.

(a) IN GENERAL.—The Secretary shall establish a grant program to encourage the production of advanced biofuels.

(b) REQUIREMENTS AND PRIORITY.—In making grants under this section, the Secretary—

(1) shall make awards to the proposals for advanced biofuels with the greatest reduction in lifecycle greenhouse gas emissions compared to the comparable motor vehicle fuel lifecycle emissions during calendar year 2007; and

(2) shall not make an award to a project that does not achieve at least a 50-percent reduction in such lifecycle greenhouse gas emissions.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $500,000,000 for the period of fiscal years 2008 through 2015.

SEC. 162. STUDIES OF EFFECTS OF RENEWABLE FUEL USE.

Section 211 of the Clean Air Act (42 U.S.C. 7545) is amended by adding at the end the following:

''(t) STUDIES OF EFFECTS OF RENEWABLE FUEL USE.—

''(1) IN GENERAL.—Not later than 1 year after the date of enactment of this subsection, the Administrator shall offer to enter into appropriate arrangements with the National Academy of Sciences and any other independent research institute determined to be appropriate by the Administrator, in consultation with appropriate Federal agencies, to conduct 2 studies on the effects of increased domestic use of renewable fuels under the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007.

''(2) MATTERS TO BE STUDIED.—

''(A) IN GENERAL.—The studies under this subsection shall assess, quantify, and recommend analytical methodologies in relation to environmental changes associated with the increased domestic use of renewable fuels under the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007, including production, handling, transportation, and use of the fuels.

''(B) SPECIFIC MATTERS.—The studies shall include an assessment and quantification, to the maximum extent practicable, of significant changes—

''(i) in air and water quality and the quality of other natural resources;

''(ii) in land use patterns;

''(iii) in the rate of deforestation in the United States and globally;

''(iv) to greenhouse gas emissions;

''(v) to significant geographic areas and habitats with high biodiversity values (including species richness, the presence of species that are exclusively native to a place, or the presence of endangered species); or

''(vi) in the long-term capacity of the United States to produce biomass feedstocks.

''(C) BASELINE COMPARISON.—In making an assessment or quantifying effects of increased use of renewable fuels, the studies shall use an appropriate baseline involving increased use of the conventional transportation fuels, if displacement by use of renewable fuels had not occurred.

''(3) REPORTS TO CONGRESS.—The Administrator shall submit to Congress a report summarizing the assessments and findings of—

''(A) the first study, along with any recommendations by the Administrator to mitigate adverse effects identified by the study, not later than 3 years after the date of enactment of this subsection; and

''(B) the second study, along with any recommendations by the Administrator to mitigate adverse effects identified by the study, not later December 31, 2015.''.

SEC. 163. INTEGRATED CONSIDERATION OF WATER QUALITY IN DETERMINATIONS ON FUELS AND FUEL ADDITIVES.

Section 211(c)(1) of the Clean Air Act (42 U.S.C. 7545(c)(1)) is amended—

(1) by striking ''nonroad vehicle (A) if in the judgment of the Administrator'' and inserting ''nonroad vehicle—

''(A) if, in the judgment of the Administrator, any fuel or fuel additive or'';

(2) in subparagraph (A), by striking ''air pollution which'' and inserting ''air pollution or water pollution (including any degradation in the quality of groundwater) that''; and

(3) by striking '', or (B) if'' and inserting the following: ''; or

''(B) if''.

SEC. 164. ANTI-BACKSLIDING.

Section 211 of the Clean Air Act (42 U.S.C. 7545) (as amended by section 162) is amended by adding at the end the following:

''(u) PREVENTION OF AIR QUALITY DETERIORATION.—

''(1) STUDY.—

''(A) IN GENERAL.—Not later than 18 months after the date of enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007, the Administrator shall complete a study to determine whether the renewable fuel volumes required by that Act will adversely impact air quality as a result of changes in vehicle and engine emissions of air pollutants regulated under this Act.

''(B) CONSIDERATIONS.—The study shall include consideration of—

''(i) different blend levels, types of renewable fuels, and available vehicle technologies; and

''(ii) appropriate national, regional, and local air quality control measures.

''(2) REGULATIONS.—Not later than 3 years after the date of enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007, the Administrator shall—

''(A) promulgate regulations to implement appropriate measures to mitigate, to the greatest extent achievable, considering the results of the study under paragraph (1), any adverse impacts on air quality, as the result of the renewable volumes required by that Act; or

''(B) make a determination that no such measures are necessary.

''(3) OTHER REQUIREMENTS.—Nothing in title I of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007 supercedes or otherwise affects any Federal or State requirement under any other provision of law that is more stringent than any requirement of this title.''.

SA 1694. Mr. BINGAMAN (for himself, Mrs. BOXER, and Mr. REID) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of the amendment, add the following:

SEC. 165. LIFECYCLE GREENHOUSE GAS EMISSIONS FOR ADVANCED BIOFUELS.

(a) 50-PERCENT REDUCTION.—In addition to or as part of the regulations promulgated under section 111(a)(1), the President shall promulgate regulations to ensure that advanced biofuels achieve at least a 50-percent reduction in lifecycle greenhouse gas emissions compared to the comparable transportation fuel.

(b) FAILURE TO ACHIEVE.—Notwithstanding paragraphs (1) and (3) of section 102 and section 111(a)—

(1) an advanced biofuel that achieves a reduction of at least 20 percent, but less than 50 percent, in lifecycle greenhouse gas emissions compared to gasoline shall be considered a conventional biofuel under section 111(a); and

(2) an advanced biofuel that achieves a reduction of less than 20 percent in lifecycle greenhouse gas emissions compared to gasoline shall not be considered to be a renewable fuel under section 111(a).

SA 1695. Mr. BINGAMAN (for himself, Mrs. BOXER, and Mr. REID) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 7, between lines 23 and 24, insert the following:

(4) LIFECYCLE GREENHOUSE GAS EMISSIONS.—The term ''lifecycle greenhouse gas emissions'' means the aggregate quantity of greenhouse gases attributable to the production, transportation, and use of renewable fuel, including the production, extraction, cultivation, distribution, marketing, and transportation of feedstocks, as modified by deducting, as determined by the Administrator of the Environmental Protection Agency—

(A) any greenhouse gases captured at the facility and sequestered; and

(B) the carbon content, expressed in units of carbon dioxide equivalent, of any feedstock that is renewable biomass.

On page 7, line 24, strike ''(4)'' and insert ''(5)''.

On page 9, line 11, strike ''(5)'' and insert ''(6)''.

On page 10, line 1, strike ''(6)'' and insert ''(7)''.

On page 10, line 3, strike ''(7)'' and insert ''(8)''.

SA 1696. Mr. NELSON of Nebraska (for himself, Mr. CRAIG, Mr. CRAPO, Mr. KOHL, Mr. ALLARD, and Mr. THUNE) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. 2. CREDIT FOR PRODUCTION OF BIOGAS FROM CERTAIN RENEWABLE FEEDSTOCKS.

(a) IN GENERAL.—Subpart D of part IV of subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by inserting after section 40A the following new section:

''SEC. 40B. BIOGAS PRODUCED FROM CERTAIN RENEWABLE FEEDSTOCKS.

''(a) GENERAL RULE.—For purposes of section 38, the qualified biogas production credit for any taxable year is an amount equal to the product of—

''(1) $4.27, and

''(2) each million British thermal units (mmBtu) of biogas—

''(A) produced by the taxpayer—

''(i) from qualified energy feedstock, and

''(ii) at a qualified facility, and

''(B) either—

''(i) sold by the taxpayer to an unrelated person during the taxable year, or

''(ii) used by the taxpayer during the taxable year.

''(b) DEFINITIONS.—

''(1) BIOGAS.—The term 'biogas' means a gas that—

''(A) is derived by processing qualified energy feedstock through anaerobic digestion, gasification, or other similar processes, and

''(B) is an energy or fuel alternative to fossil fuels such as coal, natural gas or petroleum-based products.''

''(2) QUALIFIED ENERGY FEEDSTOCK.—

''(A) IN GENERAL.—The term 'qualified energy feedstock' means—

''(i) manure of agricultural livestock, including litter, wood shavings, straw, rice hulls, bedding material, and other materials incidentally collected with the manure,

''(ii) any nonhazardous, cellulosic, or other organic agricultural or food industry byproduct or waste material that is derived from—

''(I) harvesting residues,

''(II) wastes or byproducts from fermentation processes, ethanol production, biodiesel production, slaughter of agricultural livestock, food production, food processing, or food service, or

''(III) other organic wastes, byproducts, or sources, or

''(iii) solid wood waste materials, including waste pallets, crates, dunnage, manufacturing and construction wood wastes, and landscape or right-of-way tree trimmings.

''(B) EXCLUSIONS.—The term 'qualified energy feedstock' does not include—

''(i) pressure-treated, chemically-treated, or painted wood wastes,

''(ii) municipal solid waste,

''(iii) landfills, or

''(iv) paper that is commonly recycled.

''(C) AGRICULTURAL LIVESTOCK.—The term 'agricultural livestock' means poultry, cattle, sheep, swine, goats, horses, mules, and other equines.

''(3) QUALIFIED FACILITY.—The term 'qualified facility' means a facility that—

''(A) uses anaerobic digestion technology, gasification technology, or other similar technologies to process qualified energy feedstock into biogas,

''(B) is owned by the taxpayer,

''(C) is located in the United States,

''(D) is originally placed in service before January 1, 2018, and

''(E) the biogas output of which is—

''(i) marketed through interconnection with a gas distribution or transmission pipeline, or

''(ii) used on-site or off-site in a quantity that is sufficient to offset the consumption of at least 50,000 mmBtu annually of commercially–marketed fuel derived from coal, crude oil, natural gas, propane, or other fossil fuel.

''(c) SPECIAL RULES.—For purposes of this section—

''(1) PRODUCTION ATTRIBUTABLE TO THE TAXPAYER.—In the case of a facility in which more than 1 person has an ownership interest, except to the extent provided in regulations prescribed by the Secretary, production from the qualified facility shall be allocated among such persons in proportion to their respective ownership interests in the gross sales from such qualified facility.

''(2) RELATED PERSONS.—Persons shall be treated as related to each other if such persons would be treated as a single employer under the regulations prescribed under section 52(b). In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated return, such corporation shall be treated as selling biogas to an unrelated person if such biogas is sold to such a person by another member of such group.

''(3) PASS-THRU IN THE CASE OF ESTATES AND TRUSTS.—Under regulations prescribed by the Secretary, rules similar to the rules of subsection (d) of section 52 shall apply.

''(4) COORDINATION WITH CREDIT FROM PRODUCING FUEL FROM A NONCONVENTIONAL SOURCE.—The amount of biogas produced and sold or used by the taxpayer during any taxable year which is taken into account under this section shall be reduced by the amount of biogas produced and sold by the taxpayer in such taxable year which is taken into account under section 45K.

''(5) CREDIT ELIGIBILITY IN THE CASE OF GOVERNMENT-OWNED FACILITIES USING POULTRY WASTE.—In the case of a facility using poultry waste to produce biogas and owned by a governmental unit, subparagraph (B) of subsection (b)(3) shall be applied by substituting

'is leased or operated by the taxpayer' for 'is owned by the taxpayer'.

''(d) TRANSFERABILITY OF CREDIT.—

''(1) IN GENERAL.—A taxpayer may transfer the credit under this section through an assignment to any person. Such transfer may be revoked only with the consent of the Secretary.

''(2) REGULATIONS.—The Secretary shall prescribe such regulations as necessary to ensure that any credit transferred under paragraph (1) is claimed once and not reassigned by such other person.

''(e) ADJUSTMENT BASED ON INFLATION.—

''(1) IN GENERAL.—The $4.27 amount under subsection (b)(1) shall be adjusted by multiplying such amount by the inflation adjustment factor for the calendar year in which the sale occurs. If any amount as increased under the preceding sentence is not a multiple of 0.1 cent, such amount shall be rounded to the nearest multiple of 0.1 cent.

''(2) COMPUTATION OF INFLATION ADJUSTMENT FACTOR.—

''(A) IN GENERAL.—The Secretary shall, not later than April 1 of each calendar year, determine and publish in the Federal Register the inflation adjustment factor in accordance with this paragraph.

''(B) INFLATION ADJUSTMENT FACTOR.—The term 'inflation adjustment factor' means, with respect to a calendar year, a fraction the numerator of which is the GDP implicit price deflator for the preceding calendar year and the denominator of which is the GDP implicit price deflator for calendar year 2007. The term 'GDP implicit price deflator' means the most recent revision of the implicit price deflator for the gross domestic product as computed and published by the Department of Commerce before March 15 of the calendar year.

''(f) APPLICATION OF SECTION.—This section shall apply with respect to biogas produced and sold—

''(1) after the date of the enactment of this section, and

''(2) before the date on which the Secretary of Energy certifies that 100,000,000 British thermal units of biogas have been produced at qualified facilities after such date.''.

(b) CREDIT TREATED AS BUSINESS CREDIT.—Section 38(b) of the Internal Revenue Code of 1986 is amended by striking ''plus'' at the end of paragraph (30), by striking the period at the end of paragraph (31) and inserting '', plus'', and by adding at the end the following new paragraph:

''(32) the qualified biogas production credit under section 40B(a).''.

(c) CREDIT ALLOWED AGAINST AMT.—Section 38(c)(4)(B) of the Internal Revenue Code of 1986 is amended by striking ''and'' at the end of clause (i), by striking the period at the end of clause (ii)(II) and inserting '', and'', and by adding at the end the following new clause:

''(iii) the credit determined under section 40B.''.

(d) CLERICAL AMENDMENT.—The table of sections for subpart D of part IV of subchapter A of chapter 1 of the Internal Revenue Code of 1986 is amended by inserting after the item relating to section 40A the following new item:

''Sec. 40B. Biogas produced from certain renewable feedstocks.''.

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to biogas produced and sold or used in taxable years beginning after the date of the enactment of this Act.

SA 1697. Mr. WEBB submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 283, after line 20, insert the following:

(d) MAJOR ENERGY PRODUCER RECORDS.—

(1) IN GENERAL.—Following the declaration of an energy emergency by the President under section 606, a major energy producer (as defined by section 702) shall maintain and shall make available to the Federal Trade Commission, such books, accounts, memoranda, and other records as the Commission determines are relevant to determine whether the producer is in violation of this title.

(2) RETENTION.—A major energy producer subject to paragraph (1) shall retain records required by paragraph (1) for a period of 1 year after the expiration of the declaration of an energy emergency.

SA 1698. Ms. CANTWELL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

In section 102(4), strike subparagraph (A) and insert the following:

(A) nonmerchantable materials or precommercial thinnings that—

(i) are byproducts of preventive treatments, such as trees, wood, brush, thinnings, chips, and slash, that are removed—

(I) to reduce hazardous fuels;

(II) to reduce or contain disease or insect infestation; or

(III) to restore forest health;

(ii) would not otherwise be used for higher-value products; and

(iii) are harvested from National Forest System land or public land (as defined in section 103 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1702))—

(I) where permitted by law; and

(II) in accordance with—

(aa) applicable land management plans; and

(bb) the requirements for old-growth maintenance, restoration, and management direction of paragraphs (2), (3), and (4) of subsection (e) and the requirements for large-tree retention of subsection (f) of section 102 of the Healthy Forests Restoration Act of 2003 (16 U.S.C. 6512); or

---

SA 1699. Ms. CANTWELL submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 117, strike line 21 and all that follows through page 118, line 10, and insert the following:

SEC. 241. LIGHTWEIGHT MATERIALS RESEARCH AND DEVELOPMENT.

(a) IN GENERAL.—As soon as practicable after the date of enactment of this Act, the Secretary shall establish a research and development program to determine ways in which—

(1) the weight of motor vehicle structures may be reduced to improve fuel efficiency without compromising passenger safety;

(2) the cost of primary lightweight materials (such as high-strength steel alloys, aluminum, magnesium, and carbon fiber for reinforced polymer composites) with the properties required for the construction of lighter-weight vehicles may be reduced; and

(3) the cost of processing, joining, and recycling lightweight materials for high-volume applications may be reduced.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to the appropriated to carry out this section $90,000,000 for each of fiscal years 2007 through 2012.

SA 1700. Ms. COLLINS submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end of subtitle B of title I, add the following:

SEC. 13__. RESEARCH AND DEVELOPMENT IN SUPPORT OF LOW-CARBON FUELS.

(a) DECLARATION OF POLICY.—Congress declares that, in order to achieve maximum reductions in greenhouse gas emissions, enhance national security, and ensure the protection of wildlife habitat, biodiversity, water quality, air quality, and rural and regional economies throughout the lifecycle of each low-carbon fuel, it is necessary and desirable to undertake a combination of basic and applied research, as well as technology development and demonstration, involving the colleges and universities of the United States, in partnership with the Federal Government, State governments, and the private sector.

(b) PURPOSE.—The purpose of this section is to provide for research support to facilitate the development of sustainable markets and technologies to produce and use woody biomass and other low-carbon fuels for the production of thermal and electric energy, biofuels, and bioproducts.

(c) DEFINITION OF FUEL EMISSION BASELINE.—In this section, the term ''fuel emission baseline'' means the average lifecycle greenhouse gas emissions per unit of energy of the fossil fuel component of conventional transportation fuels in commerce in the United States in calendar year 2008, as determined by the President.

(d) GRANT PROGRAM.—The President shall establish a program to provide to eligible entities (as identified by the President) grants for use in—

(1) providing financial support for not more than 4 nor less than 6 demonstration facilities that—

(A) use woody biomass to deploy advanced technologies for production of thermal and electric energy, biofuels, and bioproducts; and

(B) are targeted at regional feedstocks and markets;

(2) conducting targeted research for the development of cellulosic ethanol and other liquid fuels from woody or other biomass that may be used in transportation or stationary applications, such as industrial processes or industrial, commercial, and residential heating;

(3) conducting research into the best scientifically-based and periodically-updated methods of assessing and certifying the impacts of each low-carbon fuel with respect to—

(A) the reduction in lifecycle greenhouse gas emissions of each fuel as compared to—

(i) the fuel emission baseline; and

(ii) the greenhouse gas emissions of other sectors, such as the agricultural, industrial, and manufacturing sectors;

(B) the contribution of the fuel toward enhancing the energy security of the United States by displacing imported petroleum and petroleum products;

(C) any impacts of the fuel on wildlife habitat, biodiversity, water quality, and air quality; and

(D) any effect of the fuel with respect to rural and regional economies;

(4) conducting research to determine to what extent the use of low-carbon fuels in the transportation sector would impact greenhouse gas emissions in other sectors, such as the agricultural, industrial, and manufacturing sectors;

(5) conducting research for the development of the supply infrastructure that may provide renewable biomass feedstocks in a consistent, predictable, and environmentally-sustainable manner;

(6) conducting research for the development of supply infrastructure that may provide renewable low-carbon fuels in a consistent, predictable, and environmentally-sustainable manner; and

(7) conducting policy research on the global movement of low-carbon fuels in a consistent, predictable, and environmentally-sustainable manner.

(e) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section—

(1) $45,000,000 for fiscal year 2009;

(2) $50,000,000 for fiscal year 2010;

(3) $55,000,000 for fiscal year 2011;

(4) $60,000,000 for fiscal year 2012; and

(5) $65,000,000 for fiscal year 2013.

SA 1701. Mrs. DOLE submitted an amendment to be proposed by her to the bill S. 1639, to provide for comprehensive immigration reform and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

(s) DEFINITION OF AGGRAVATED FELONY AND ADDITIONAL GROUNDS FOR INELIGIBILITY FOR Z NONIMMIGRANT STATUS.—

(1) AGGRAVATED FELONY.—Section 101(a)(43) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(43)) is amended—

(A) by striking ''and'' at the end of subparagraph (T);

(B) by striking the period at the end of subparagraph (U) and inserting ''; and'' and

(C) by adding at the end the following:

''(V) a second conviction for drunk driving, regardless of the State in which the conviction occurred or whether the offense is classified as a misdemeanor or a felony under State law.''.

(2) GROUNDS FOR INELIGIBILITY.—In addition to the grounds of ineligibility described in subsection (d)(1)(F), an alien shall be ineligible for Z nonimmigrant status if the alien has been convicted of drunk driving, regardless of the State in which the conviction occurred or whether the offense is classified as a misdemeanor or a felony under State law.

SA 1702. Ms. SNOWE (for herself and Mr. KERRY) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 161, between lines 2 and 3, insert the following:

SEC. 269. EXPRESS LOANS FOR RENEWABLE ENERGY AND ENERGY EFFICIENCY.

Section 7(a)(31) of the Small Business Act (15 U.S.C. 636(a)(31)) is amended by adding at the end the following:

''(F) EXPRESS LOANS FOR RENEWABLE ENERGY AND ENERGY EFFICIENCY.—

''(i) DEFINITIONS.—In this subparagraph—

''(I) the term 'biomass'—

''(aa) means any organic material that is available on a renewable or recurring basis, including—

''(AA) agricultural crops;

''(BB) trees grown for energy production;

''(CC) wood waste and wood residues;

''(DD) plants (including aquatic plants and grasses);

''(EE) residues;

''(FF) fibers;

''(GG) animal wastes and other waste materials; and

''(HH) fats, oils, and greases (including recycled fats, oils, and greases); and

''(bb) does not include—

''(AA) paper that is commonly recycled; or

''(BB) unsegregated solid waste;

''(II) the term 'energy efficiency project' means the installation or upgrading of equipment that results in a significant reduction in energy usage; and

''(III) the term 'renewable energy system' means a system of energy derived from—

''(aa) a wind, solar, biomass (including biodiesel), or geothermal source; or

''(bb) hydrogen derived from biomass or water using an energy source described in item (aa).

''(ii) LOANS.—Loans may be made under the 'Express Loan Program' for the purpose of—

''(I) purchasing a renewable energy system; or

''(II) an energy efficiency project for an existing business.''.

SA 1703. Ms. MURKOWSKI submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place insert the following:

SEC. _____. TAX TREATMENT OF INCOME RECEIVED IN CONNECTION WITH THE EXXON VALDEZ LITIGATION.

(a) INCOME AVERAGING OF AMOUNTS RECEIVED FROM THE EXXON VALDEZ LITIGATION.—For purposes of section 1301 of the Internal Revenue Code of 1986—

(1) any qualified taxpayer who receives any qualified settlement income in any taxable year shall be treated as engaged in a fishing business (determined without regard to the commercial nature of the business), and

(2) such qualified settlement income shall be treated as income attributable to such a fishing business for such taxable year.

(b) QUALIFIED SETTLEMENT INCOME NOT INCLUDED IN SECA.—For purposes of chapter 2 of the Internal Revenue Code of 1986 and section 211 of the Social Security Act, no portion of qualified settlement income received by a qualified taxpayer shall be treated as self-employment income.

(c) QUALIFIED TAXPAYER.—For purposes of this section, the term ''qualified taxpayer'' means—

(1) any plaintiff in the civil action *In re Exxon Valdez*, No. 89–095–CV (HRH) (Consolidated) (D. Alaska); or

(2) any beneficiary of the estate of such a plaintiff who—

(A) acquired the right to receive qualified settlement income from that plaintiff; and

(B) was the spouse or an immediate relative of that plaintiff.

(d) QUALIFIED SETTLEMENT INCOME.—For purposes of this section, the term ''qualified settlement income'' means income, including interest and any punitive damage award, received (whether as lump sums or periodic payments) in connection with the civil action *In re Exxon Valdez*, No. 89–095–CV (HRH) (Consolidated) (D. Alaska) (whether pre- or post judgment and whether related to a settlement or judgment).

SA 1704. Mr. BAUCUS (for himself, Mr. GRASSLEY, Mr. BINGAMAN, Ms. CANTWELL, Mr. WYDEN, Mr. SCHUMER, Mr. SALAZAR, and Ms. SNOWE) proposed an amendment to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the end add the following:

TITLE VIII—ENERGY TAX PROVISIONS

SEC. 800. SHORT TITLE; ETC.

(a) SHORT TITLE.—This title may be cited as the ''Energy Advancement and Investment Act of 2007''.

(b) AMENDMENT OF 1986 CODE.—Except as otherwise expressly provided, whenever in this title an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of the Internal Revenue Code of 1986.

(c) TABLE OF CONTENTS.—The table of contents for this title is as follows:

Subtitle A—Energy Advancement and Investment

PART I—ADVANCED ELECTRICITY INFRASTRUCTURE

SEC. 801. EXTENSION AND MODIFICATION OF RENEWABLE ELECTRICITY, REFINED COAL, AND INDIAN COAL PRODUCTION CREDIT.

(a) EXTENSION.—

(1) IN GENERAL.—Section 45(d) (relating to qualified facilities) is amended—

(A) by striking ''January 1, 2009'' each place it appears in paragraphs (1), (2), (3), (4), (5), (6), (7), (8), and (9) and inserting ''January 1, 2014'', and

(B) by striking ''7-year period'' both places it appears in paragraph (10)(A) and inserting ''8-year period''.

(2) EFFECTIVE DATE.—The amendments made by this subsection shall take effect on the date of the enactment of this Act.

(b) CREDIT RATE FOR ELECTRICITY MAINTAINED AT 2007 LEVEL.—

(1) IN GENERAL.—Section 45(a)(1) (relating to general rule) is amended by striking ''1.5 cents'' and inserting ''2 cents''.

(2) NO INFLATION ADJUSTMENT.—Section 45(b)(2) (relating to credit and phaseout adjustment based on inflation) is amended by striking ''1.5 cent amount in subsection (a), the''.

(3) CONFORMING AMENDMENTS.—Section 45(b)(4)(A) is amended—

(A) by striking ''2003'' and inserting ''2006'', and

(B) by striking ''the amount in effect'' and all that follows and inserting ''subsection (a)(1) shall be applied by substituting '0.9 cent' for '2 cents'.''.

(4) EFFECTIVE DATE.—The amendments made by this subsection shall apply to electricity produced and sold after December 31, 2006.

(c) MODIFICATION OF REFINED COAL AS A QUALIFIED ENERGY RESOURCE.—

(1) ELIMINATION OF INCREASED MARKET VALUE TEST.—Section 45(c)(7)(A) (defining refined coal) is amended—

(A) by striking clause (iv),

(B) by adding ''and'' at the end of clause (ii), and

(C) by striking '', and'' at the end of clause (iii) and inserting a period.

(2) INCREASE IN REQUIRED EMISSION REDUCTION.—Section 45(c)(7)(B) (defining qualified emission reduction) is amended by inserting ''at least 40 percent of the emissions of'' after ''nitrogen oxide and''.

(3) EFFECTIVE DATE.—The amendments made by this subsection shall apply to coal produced and sold after December 31, 2007.

(d) CREDIT ALLOWED FOR ON-SITE USE OF ELECTRICITY PRODUCED FROM BIOMASS.—

(1) ON-SITE USE.—Section 45(e) (relating to definitions and special rules) is amended by adding at the end the following new paragraph:

''(12) CREDIT ALLOWED FOR ON-SITE USE OF ELECTRICITY PRODUCED FROM BIOMASS.—In the case of electricity produced after December 31, 2007, at any facility described in paragraph (2) or (3) which is equipped with net metering to determine electricity consumption or sale (such consumption or sale to be verified by a third party as determined by the Secretary), subsection (a)(2) shall be applied without regard to subparagraph (B) thereof.''.

(2) EFFECTIVE DATE.—The amendment made by this subsection shall take effect on the date of the enactment of this Act.

(e) EXPANSION OF RESOURCES TO WAVE, CURRENT, TIDAL, AND OCEAN THERMAL ENERGY.—

(1) IN GENERAL.—Section 45(c)(1) (defining qualified energy resources) is amended by striking ''and'' at the end of subparagraph (G), by striking the period at the end of subparagraph (H) and inserting '', and'', and by adding at the end the following new subparagraph:

''(I) wave, current, tidal, and ocean thermal energy.''.

(2) DEFINITION OF RESOURCES.—Section 45(c) is amended by adding at the end the following new paragraph:

''(10) WAVE, CURRENT, TIDAL, AND OCEAN THERMAL ENERGY.—The term 'wave, current, tidal, and ocean thermal energy' means electricity produced from any of the following:

''(A) Free flowing ocean water derived from tidal currents, ocean currents, waves, or estuary currents.

''(B) Ocean thermal energy.''.

(3) FACILITIES.—Section 45(d) is amended by adding at the end the following new paragraph:

''(11) WAVE, CURRENT, TIDAL, AND OCEAN THERMAL FACILITY.—In the case of a facility using resources described in subparagraph (A), (B), or (C) of subsection (c)(10) to produce electricity, the term 'qualified facility' means any facility owned by the taxpayer which is originally placed in service after the date of the enactment of this paragraph and before January 1, 2014, but such term shall not include a facility which includes impoundment structures or a small irrigation power facility.''.

(4) CREDIT RATE.—Section 45(b)(4)(A) (relating to credit rate), as amended by this section, is amended by striking ''or (9)'' and inserting ''(9), or (11)''.

(5) EFFECTIVE DATE.—The amendments made by this subsection shall take effect on the date of the enactment of this Act.

(f) TRASH FACILITY CLARIFICATION.—

(1) IN GENERAL.—Paragraph (7) of section 45(d) is amended—

(A) by striking ''facility which burns'' and inserting ''facility (other than a facility described in paragraph (6)) which uses'', and

(B) by striking ''COMBUSTION''.

(2) EFFECTIVE DATE.—The amendments made by this subsection shall apply to electricity produced and sold before, on, or after December 31, 2007.

SEC. 802. EXTENSION AND MODIFICATION OF CREDIT FOR CLEAN RENEWABLE ENERGY BONDS.

(a) INCREASE IN AMOUNT OF BONDS DESIGNATED; 4-YEAR EXTENSION.—

(1) IN GENERAL.—Section 54(f) (relating to limitation on amount of bonds designated) is amended by adding at the end the following new paragraph:

''(3) NATIONAL ANNUAL LIMITATION.—

''(A) IN GENERAL.—There is a national clean renewable energy bond annual limitation for each calendar year. Such limitation is $900,000,000 for 2008, 2009, 2010, and 2011, and, except as provided in subparagraph (C), zero thereafter.

''(B) ALLOCATION BY SECRETARY.—The national clean renewable energy bond limitation for a calendar year shall be allocated by the Secretary among qualified projects in such manner as the Secretary determines appropriate, except that the Secretary may not allocate more than $563,000,000 of such limitation for each calendar year to finance qualified projects of qualified borrowers which are governmental bodies, of which not less than one-half of such amount shall be allocated with respect to qualified projects equaling or exceeding $10,000,000 in capital expenditures per project.

''(C) CARRYOVER OF UNUSED LIMITATION.—If for any calendar year, the national clean renewable energy bond annual limitation for such year exceeds the amount of bonds allocated during such year, such limitation for the following calendar year shall be increased by the amount of such excess. Any carryforward of a limitation may be carried only to the first year following the unused limitation year. For purposes of the preceding sentence, a limitation shall be treated as used on a first-in first-out basis.''.

(2) CONFORMING AMENDMENT.—Section 54 is amended by striking subsection (m).

(b) LIMITATION ON TIME FOR ISSUANCE.—Section 54(d)(1)(A) (defining clean renewable energy bond) is amended by inserting '', or is issued by the qualified issuer pursuant to an allocation by the Secretary to such issuer of a portion of the national clean renewable energy bond annual limitation under subsection (f)(3) by not later than the end of the calendar year following the year of such allocation'' after ''subsection (f)(2)''.

(c) MODIFICATION OF RATABLE PRINCIPAL AMORTIZATION REQUIREMENT.—

(1) IN GENERAL.—Paragraph (5) of section 54(l) is amended to read as follows:

''(5) RATABLE PRINCIPAL AMORTIZATION REQUIRED.—A bond shall not be treated as a clean renewable energy bond unless it is part of an issue which provides for an equal amount of principal to be paid by the qualified issuer during each 12-month period that the issue is outstanding (other than the first 12-month period in the case of bonds issued pursuant to an allocation under subsection (f)(3)).''.

(2) CONFORMING AMENDMENT.—The third sentence of section 54(e)(2) is amended by striking ''subsection (l)(6)'' and inserting ''subsection (l)(5)''.

(d) QUALIFIED PROJECT INCLUDES CERTAIN TRANSMISSION LINES.—Section 54(d)(2)(A) (defining qualified project) is amended by inserting ''and any electric transmission property capital expenditures (as defined in section 172(b)(1)(I)(v)(I)) related to such facility'' after ''qualified borrower''.

(e) EFFECTIVE DATE.—The amendments made by this section shall take effect on the date of the enactment of this Act.

SEC. 803. CLEAN COAL ENERGY BONDS.

(a) IN GENERAL.—Subpart H of part IV of subchapter A of chapter 1 is amended by adding at the end the following new section:

''SEC. 54A. CREDIT TO HOLDERS OF CLEAN COAL ENERGY BONDS.

''(a) ALLOWANCE OF CREDIT.—If a taxpayer holds a clean coal energy bond on 1 or more credit allowance dates of the bond occurring during any taxable year, there shall be allowed as a credit against the tax imposed by this chapter for the taxable year an amount equal to the sum of the credits determined under subsection (b) with respect to such dates.

''(b) AMOUNT OF CREDIT.—

''(1) IN GENERAL.—The amount of the credit determined under this subsection with respect to any credit allowance date for a clean coal energy bond is 25 percent of the annual credit determined with respect to such bond.

''(2) ANNUAL CREDIT.—The annual credit determined with respect to any clean coal energy bond is the product of—

''(A) the credit rate determined by the Secretary under paragraph (3) for the day on which such bond was sold, multiplied by

''(B) the outstanding face amount of the bond.

''(3) DETERMINATION.—For purposes of paragraph (2), with respect to any clean coal energy bond, the Secretary shall determine daily or cause to be determined daily a credit rate which shall apply to the first day on which there is a binding, written contract for the sale or exchange of the bond. The credit rate for any day is the credit rate which the Secretary or the Secretary's designee estimates will permit the issuance of clean coal energy bonds with a specified maturity or redemption date without discount and without interest cost to the qualified issuer.

''(4) CREDIT ALLOWANCE DATE.—For purposes of this section, the term 'credit allowance date' means—

''(A) March 15,

''(B) June 15,

''(C) September 15, and

''(D) December 15.

''Such term also includes the last day on which the bond is outstanding.

''(5) SPECIAL RULE FOR ISSUANCE AND REDEMPTION.—In the case of a bond which is issued during the 3-month period ending on a credit allowance date, the amount of the credit determined under this subsection with respect to such credit allowance date shall be a ratable portion of the credit otherwise determined based on the portion of the 3-month period during which the bond is outstanding. A similar rule shall apply when the bond is redeemed or matures.

''(c) LIMITATION BASED ON AMOUNT OF TAX.—The credit allowed under subsection (a) for any taxable year shall not exceed the excess of—

''(1) the sum of the regular tax liability (as defined in section 26(b)) plus the tax imposed by section 55, over

''(2) the sum of the credits allowable under this part (other than subpart C, section 1400N(l), and this section).

''(d) CLEAN COAL ENERGY BOND.—For purposes of this section—

''(1) IN GENERAL.—The term 'clean coal energy bond' means any bond issued as part of an issue if—

''(A) the bond is issued by a qualified issuer pursuant to an allocation by the Secretary

to such issuer of a portion of the national clean coal energy bond limitation under subsection (f)(2),

''(B) 95 percent or more of the proceeds from the sale of such issue are to be used for capital expenditures incurred by qualified borrowers for 1 or more qualified projects,

''(C) the qualified issuer designates such bond for purposes of this section and the bond is in registered form, and

''(D) the issue meets the requirements of subsection (h).

''(2) QUALIFIED PROJECT; SPECIAL USE RULES.—

''(A) IN GENERAL.—The term 'qualified project' means a qualifying advanced coal project (as defined in section 48A(c)(1)) placed in service by a qualified borrower.

''(B) REFINANCING RULES.—For purposes of paragraph (1)(B), a qualified project may be refinanced with proceeds of a clean coal energy bond only if the indebtedness being refinanced (including any obligation directly or indirectly refinanced by such indebtedness) was originally incurred by a qualified borrower after the date of the enactment of this section.

''(C) REIMBURSEMENT.—For purposes of paragraph (1)(B), a clean coal energy bond may be issued to reimburse a qualified borrower for amounts paid after the date of the enactment of this section with respect to a qualified project, but only if—

''(i) prior to the payment of the original expenditure, the qualified borrower declared its intent to reimburse such expenditure with the proceeds of a clean coal energy bond,

''(ii) not later than 60 days after payment of the original expenditure, the qualified issuer adopts an official intent to reimburse the original expenditure with such proceeds, and

''(iii) the reimbursement is made not later than 18 months after the date the original expenditure is paid.

''(D) TREATMENT OF CHANGES IN USE.—For purposes of paragraph (1)(B), the proceeds of an issue shall not be treated as used for a qualified project to the extent that a qualified borrower takes any action within its control which causes such proceeds not to be used for a qualified project. The Secretary shall prescribe regulations specifying remedial actions that may be taken (including conditions to taking such remedial actions) to prevent an action described in the preceding sentence from causing a bond to fail to be a clean coal energy bond.

''(e) MATURITY LIMITATIONS.—

''(1) DURATION OF TERM.—A bond shall not be treated as a clean coal energy bond if the maturity of such bond exceeds the maximum term determined by the Secretary under paragraph (2) with respect to such bond.

''(2) MAXIMUM TERM.—During each calendar month, the Secretary shall determine the maximum term permitted under this paragraph for bonds issued during the following calendar month. Such maximum term shall be the term which the Secretary estimates will result in the present value of the obligation to repay the principal on the bond being equal to 50 percent of the face amount of such bond. Such present value shall be determined without regard to the requirements of subsection (l)(5) and using as a discount rate the average annual interest rate of tax of tax-exempt obligations having a term of 10 years or more which are issued during the month. If the term as so determined is not a multiple of a whole year, such term shall be rounded to the next highest whole year.

''(f) LIMITATION ON AMOUNT OF BONDS DESIGNATED.—

''(1) NATIONAL LIMITATION.—There is a national clean coal energy bond limitation of $3,000,000,000.

''(2) ALLOCATION BY SECRETARY.—The Secretary shall allocate the amount described in paragraph (1) among qualified projects in such manner as the Secretary determines appropriate, except that the Secretary may not allocate more than $1,875,000,000 of the national clean coal energy bond limitation to finance qualified projects of qualified borrowers which are governmental bodies.

''(g) CREDIT INCLUDED IN GROSS INCOME.—Gross income includes the amount of the credit allowed to the taxpayer under this section (determined without regard to subsection (c)) and the amount so included shall be treated as interest income.

''(h) SPECIAL RULES RELATING TO EXPENDITURES.—

''(1) IN GENERAL.—An issue shall be treated as meeting the requirements of this subsection if, as of the date of issuance, the qualified issuer reasonably expects—

''(A) at least 95 percent of the proceeds from the sale of the issue are to be spent for 1 or more qualified projects within the 5-year period beginning on the date of issuance of the clean coal energy bond,

''(B) a binding commitment with a third party to spend at least 10 percent of the proceeds from the sale of the issue will be incurred within the 6-month period beginning on the date of issuance of the clean coal energy bond or, in the case of a clean coal energy bond the proceeds of which are to be loaned to 2 or more qualified borrowers, such binding commitment will be incurred within the 6-month period beginning on the date of the loan of such proceeds to a qualified borrower, and

''(C) such projects will be completed with due diligence and the proceeds from the sale of the issue will be spent with due diligence.

''(2) EXTENSION OF PERIOD.—Upon submission of a request prior to the expiration of the period described in paragraph (1)(A), the Secretary may extend such period if the qualified issuer establishes that the failure to satisfy the 5-year requirement is due to reasonable cause and the related projects will continue to proceed with due diligence.

''(3) FAILURE TO SPEND REQUIRED AMOUNT OF BOND PROCEEDS WITHIN 5 YEARS.—To the extent that less than 95 percent of the proceeds of such issue are expended by the close of the 5-year period beginning on the date of issuance (or if an extension has been obtained under paragraph (2), by the close of the extended period), the qualified issuer shall redeem all of the nonqualified bonds within 90 days after the end of such period. For purposes of this paragraph, the amount of the nonqualified bonds required to be redeemed shall be determined in the same manner as under section 142.

''(i) SPECIAL RULES RELATING TO ARBITRAGE.—A bond which is part of an issue shall not be treated as a clean coal energy bond unless, with respect to the issue of which the bond is a part, the qualified issuer satisfies the arbitrage requirements of section 148 with respect to proceeds of the issue.

''(j) COOPERATIVE ELECTRIC COMPANY; CLEAN COAL ENERGY BOND LENDER; GOVERNMENTAL BODY; QUALIFIED BORROWER.—For purposes of this section—

''(1) COOPERATIVE ELECTRIC COMPANY.—The term 'cooperative electric company' means a mutual or cooperative electric company described in section 501(c)(12) or section 1381(a)(2)(C), or a not-for-profit electric utility which has received a loan or loan guarantee under the Rural Electrification Act.

''(2) CLEAN COAL ENERGY BOND LENDER.—The term 'clean coal energy bond lender' means a lender which is a cooperative which is owned by, or has outstanding loans to, 100 or more cooperative electric companies and is in existence on February 1, 2002, and shall include any affiliated entity which is controlled by such lender.

''(3) GOVERNMENTAL BODY.—The term 'governmental body' means any State, territory, possession of the United States, the District of Columbia, Indian tribal government, and any political subdivision thereof.

''(4) QUALIFIED ISSUER.—The term 'qualified issuer' means—

''(A) a clean coal energy bond lender,

''(B) a cooperative electric company, or

''(C) a governmental body.

''(5) QUALIFIED BORROWER.—The term 'qualified borrower' means—

''(A) a mutual or cooperative electric company described in section 501(c)(12) or 1381(a)(2)(C), or

''(B) a governmental body.

''(k) SPECIAL RULES RELATING TO POOL BONDS.—No portion of a pooled financing bond may be allocable to any loan unless the borrower has entered into a written loan commitment for such portion prior to the issue date of such issue.

''(l) OTHER DEFINITIONS AND SPECIAL RULES.—For purposes of this section—

''(1) BOND.—The term 'bond' includes any obligation.

''(2) POOLED FINANCING BOND.—The term 'pooled financing bond' shall have the meaning given such term by section 149(f)(4)(A).

''(3) PARTNERSHIP; S CORPORATION; AND OTHER PASS-THRU ENTITIES.—

''(A) IN GENERAL.—Under regulations prescribed by the Secretary, in the case of a partnership, trust, S corporation, or other pass-thru entity, rules similar to the rules of section 41(g) shall apply with respect to the credit allowable under subsection (a).

''(B) NO BASIS ADJUSTMENT.—Rules similar to the rules under section 1397E(l) shall apply.

''(4) BONDS HELD BY REGULATED INVESTMENT COMPANIES.—If any clean coal energy bond is held by a regulated investment company, the credit determined under subsection (a) shall be allowed to shareholders of such company under procedures prescribed by the Secretary.

''(5) RATABLE PRINCIPAL AMORTIZATION REQUIRED.—A bond shall not be treated as a clean coal energy bond unless it is part of an issue which provides for an equal amount principal to be paid by the qualified issuer during each 12-month period that the issue is outstanding (other than the first 12-month period).

''(6) REPORTING.—Issuers of clean coal energy bonds shall submit reports similar to the reports required under section 149(e).

''(m) TERMINATION.—This section shall not apply with respect to any bond issued after December 31, 2012.''.

(b) REPORTING.—Subsection (d) of section 6049 (relating to returns regarding payments of interest) is amended by adding at the end the following new paragraph:

''(9) REPORTING OF CREDIT ON CLEAN COAL ENERGY BONDS.—

''(A) IN GENERAL.—For purposes of subsection (a), the term 'interest' includes amounts includible in gross income under section 54A(g) and such amounts shall be treated as paid on the credit allowance date (as defined in section 54A(b)(4)).

''(B) REPORTING TO CORPORATIONS, ETC.—Except as otherwise provided in regulations,

in the case of any interest described in subparagraph (A), subsection (b)(4) shall be applied without regard to subparagraphs (A), (H), (I), (J), (K), and (L)(i) of such subsection.

''(C) REGULATORY AUTHORITY.—The Secretary may prescribe such regulations as are necessary or appropriate to carry out the purposes of this paragraph, including regulations which require more frequent or more detailed reporting.''.

(c) CONFORMING AMENDMENT.—Section 54(c)(2) is amended by inserting ''section 54A,'' after ''subpart C,''.

(d) CLERICAL AMENDMENT.—The table of sections for subpart H of part IV of subchapter A of chapter 1 is amended by adding at the end the following new item:

''Sec. 54A. Credit to holders of clean coal energy bonds.''.

(e) ISSUANCE OF REGULATIONS.—The Secretary of the Treasury shall issues regulations required under section 54A of the Internal Revenue Code of 1986 (as added by this section) not later than 120 days after the date of the enactment of this Act.

(f) EFFECTIVE DATE.—The amendments made by this section shall apply to bonds issued after December 31, 2007.

SEC. 804. EXTENSION AND MODIFICATION OF ENERGY CREDIT.

(a) EXTENSION.—

(1) QUALIFIED FUEL CELL PROPERTY.—Subparagraph (E) of section 48(c)(1) is amended by striking ''December 31, 2008'' and inserting ''December 31, 2016''.

(2) QUALIFIED MICROTURBINE PROPERTY.—Subparagraph (E) of section 48(c)(2) is amended by striking ''December 31, 2008'' and inserting ''December 31, 2016''.

(3) SOLAR PROPERTY.—Paragraphs (2)(i)(II) and (3)(A)(ii) of section 48(a) are each amended by striking ''January 1, 2009'' and inserting ''January 1, 2017''.

(b) REPEAL OF PUBLIC UTILITY PROPERTY EXCLUSION.—

(1) IN GENERAL.—Paragraph (3) of section 48(a), as amended by subsection (a)(3), is amended by striking the first sentence which follows subparagraph (D).

(2) CONFORMING AMENDMENTS.—

(A) Section 48(c)(1), as amended by subsection (a)(1), is amended by striking subparagraph (D) and by redesignating subparagraph (E) as subparagraph (D).

(B) Section 48(c)(2), as amended by subsection (a)(2), is amended by striking subparagraph (D) and by redesignating subparagraph (E) as subparagraph (D).

(c) REPEAL OF DOLLAR PER KILOWATT LIMITATION FOR FUEL CELL PROPERTY.—

(1) IN GENERAL.—Section 48(c)(1), as amended by subsection (b)(2)(A), is amended by striking subparagraph (B) and by redesignating subparagraphs (C) and (D) as subparagraphs (B) and (C), respectively.

(2) CONFORMING AMENDMENT.—Section 48(a)(1) is amended by striking ''paragraphs (1)(B) and (2)(B) of subsection (c)'' and inserting ''subsection (c)(2)(B)''.

(d) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by section shall apply to periods after the date of the enactment of this Act, in taxable years ending after such date, under rules similar to the rules of section 48(m) of the Internal Revenue Code of 1986 (as in effect on the day before the date of the enactment of the Revenue Reconciliation Act of 1990).

(2) EXTENSIONS.—The amendments made by subsection (a) shall take effect on the date of the enactment of this Act.

SEC. 805. ENERGY CREDIT FOR COMBINED HEAT AND POWER SYSTEM PROPERTY.

(a) IN GENERAL.—Section 48(a)(3)(A) (defining energy property) is amended by striking ''or'' at the end of clause (iii), by inserting ''or'' at the end of clause (iv), and by adding at the end the following new clause:

''(v) combined heat and power system property,''.

(b) COMBINED HEAT AND POWER SYSTEM PROPERTY.—Section 48 (relating to energy credit; reforestation credit) is amended by adding at the end the following new subsection:

''(d) COMBINED HEAT AND POWER SYSTEM PROPERTY.—For purposes of subsection (a)(3)(A)(v)—

''(1) COMBINED HEAT AND POWER SYSTEM PROPERTY.—The term 'combined heat and power system property' means property comprising a system—

''(A) which uses the same energy source for the simultaneous or sequential generation of electrical power, mechanical shaft power, or both, in combination with the generation of steam or other forms of useful thermal energy (including heating and cooling applications),

''(B) which has an electrical capacity of not more than 15 megawatts or a mechanical energy capacity of not more than 2,000 horsepower or an equivalent combination of electrical and mechanical energy capacities,

''(C) which produces—

''(i) at least 20 percent of its total useful energy in the form of thermal energy which is not used to produce electrical or mechanical power (or combination thereof), and

''(ii) at least 20 percent of its total useful energy in the form of electrical or mechanical power (or combination thereof),

''(D) the energy efficiency percentage of which exceeds 60 percent, and

''(E) which is placed in service before January 1, 2017.

''(2) SPECIAL RULES.—

''(A) ENERGY EFFICIENCY PERCENTAGE.—For purposes of this subsection, the energy efficiency percentage of a system is the fraction—

''(i) the numerator of which is the total useful electrical, thermal, and mechanical power produced by the system at normal operating rates, and expected to be consumed in its normal application, and

''(ii) the denominator of which is the lower heating value of the fuel sources for the system.

''(B) DETERMINATIONS MADE ON BTU BASIS.—The energy efficiency percentage and the percentages under paragraph (1)(C) shall be determined on a Btu basis.

''(C) INPUT AND OUTPUT PROPERTY NOT INCLUDED.—The term 'combined heat and power system property' does not include property used to transport the energy source to the facility or to distribute energy produced by the facility.

''(3) SYSTEMS USING BIOMASS.—If a system is designed to use biomass (within the meaning of paragraphs (2) and (3) of section 45(c) without regard to the last sentence of paragraph (3)(A)) for at least 90 percent of the energy source—

''(A) paragraph (1)(D) shall not apply, but

''(B) the amount of credit determined under subsection (a) with respect to such system shall not exceed the amount which bears the same ratio to such amount of credit (determined without regard to this paragraph) as the energy efficiency percentage of such system bears to 60 percent.''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to periods after the date of the enactment of this Act, in taxable years ending after such date, under rules similar to the rules of section 48(m) of the Internal Revenue Code of 1986 (as in effect on the day before the date of the enactment of the Revenue Reconciliation Act of 1990).

SEC. 806. SPECIAL DEPRECIATION ALLOWANCE FOR CERTAIN ELECTRIC TRANSMISSION PROPERTY.

(a) IN GENERAL.—Section 168 (relating to accelerated cost recovery system) is amended by adding at the end the following:

''(m) SPECIAL ALLOWANCE FOR CERTAIN ELECTRIC TRANSMISSION PROPERTY.—

''(1) ADDITIONAL ALLOWANCE.—In the case of any specified electric transmission property—

''(A) the depreciation deduction provided by section 167(a) for the taxable year in which such property is placed in service shall include an allowance equal to 50 percent of the adjusted basis of such property, and

''(B) the adjusted basis of such property shall be reduced by the amount of such deduction before computing the amount otherwise allowable as a depreciation deduction under this chapter for such taxable year and any subsequent taxable year.

''(2) SPECIFIED ELECTRIC TRANSMISSION PROPERTY.—The term 'specified electric transmission property' means property of a character subject to the allowance for depreciation—

''(A) which is used in the United States as a generator tie to solely transmit electricity from any qualified facility described in section 45(d) (without regard to any placed in service date or the last sentence of paragraph (4) thereof) to the grid,

''(B) the original use of which commences with the taxpayer after the date of the enactment of this subsection,

''(C) which is acquired by the taxpayer by purchase (as defined in section 179(d)) after the date of the enactment of this subsection, but only if no written binding contract for the acquisition was in effect on or before the date of the enactment of this subsection, and

''(D) which is placed in service by the taxpayer before January 1, 2014.

''(3) EXCEPTIONS.—

''(A) ALTERNATIVE DEPRECIATION PROPERTY.—Such term shall not include any property described in section 168(k)(2)(D)(i).

''(B) ELECTION OUT.—If a taxpayer makes an election under this subparagraph with respect to any class of property for any taxable year, this subsection shall not apply to all property in such class placed in service during such taxable year.

''(4) SPECIAL RULES.—For purposes of this subsection, rules similar to the rules of subparagraph (E) of section 168(k)(2) shall apply, except that such subparagraph shall be applied—

''(A) by substituting 'the date of the enactment of subsection (l)' for 'September 10, 2001' each place it appears therein,

''(B) by substituting 'January 1, 2014' for 'January 1, 2005' in clause (i) thereof, and

''(C) by substituting 'specified electric transmission property' for 'qualified property' in clause (iv) thereof.

''(5) RECAPTURE.—For purposes of this subsection, rules similar to the rules under section 179(d)(10) shall apply with respect to any specified electric transmission property which ceases to be specified electric transmission property.''.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to property placed in service after the date of the enactment of this Act in taxable years ending after such date.

SEC. 807. EXTENSION OF SPECIAL RULE TO IMPLEMENT FERC RESTRUCTURING POLICY.

(a) QUALIFYING ELECTRIC TRANSMISSION TRANSACTION.—

(1) IN GENERAL.—Section 451(i)(3) (defining qualifying electric transmission transaction) is amended by striking ''January 1, 2008'' and inserting ''January 1, 2010''.

(2) EFFECTIVE DATE.—The amendment made by this subsection shall apply to transactions after December 31, 2007.

(b) INDEPENDENT TRANSMISSION COMPANY.—

(1) IN GENERAL.—Section 451(i)(4)(B)(ii) (defining independent transmission company) is amended by striking ''December 31, 2007'' and inserting ''the date which is 2 years after the date of such transaction''.

(2) EFFECTIVE DATE.—The amendment made by this subsection shall take effect as if included in the amendments made by section 909 of the American Jobs Creation Act of 2004.

SEC. 808. EXTENSION AND MODIFICATION OF CREDIT FOR RESIDENTIAL ENERGY EFFICIENT PROPERTY.

(a) EXTENSION.—Section 25D(g) (relating to termination) is amended by striking ''December 31, 2008'' and inserting ''December 31, 2014''.

(b) MAXIMUM CREDIT FOR SOLAR ELECTRIC PROPERTY.—

(1) IN GENERAL.—Section 25D(b)(1)(A) (relating to maximum credit) is amended by striking ''$2,000'' and inserting ''$4,000''.

(2) CONFORMING AMENDMENT.—Section 25D(e)(4)(A)(i) is amended by striking ''$6,667'' and inserting ''$13,334''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to expenditures made after December 31, 2007.

SEC. 809. CREDIT FOR RESIDENTIAL WIND PROPERTY.

(a) IN GENERAL.—Section 25D(a) (relating to allowance of credit) is amended by striking ''and'' at the end of paragraph (2), by striking the period at the end of paragraph (3) and inserting '', and'', and by adding at the end the following new paragraph:

''(4) 30 percent of the qualified small wind energy property expenditures made by the taxpayer during such year.''.

(b) LIMITATION.—Section 25D(b)(1) (relating to maximum credit) is amended by striking ''and'' at the end of subparagraph (B), by striking the period at the end of subparagraph (A) and inserting '', and'', and by adding at the end the following new subparagraph:

''(D) $500 with respect to each half kilowatt of capacity (not to exceed $4,000) of wind turbines for which qualified small wind energy property expenditures are made.''.

(c) QUALIFIED SMALL WIND ENERGY PROPERTY EXPENDITURES.—

(1) IN GENERAL.—Section 25D(d) (relating to definitions) is amended by adding at the end the following new paragraph:

''(4) QUALIFIED SMALL WIND ENERGY PROPERTY EXPENDITURE.—The term 'qualified small wind energy property expenditure' means an expenditure for property which uses a wind turbine to generate electricity for use in connection with a dwelling unit located in the United States and used as a residence by the taxpayer.''.

(2) NO DOUBLE BENEFIT.—Section 45(d)(1) (relating to wind facility) is amended by adding at the end the following new sentence: ''Such term shall not include any facility with respect to which any qualified small wind energy property expenditure (as defined in subsection (d)(4) of section 25D) is taken into account in determining the credit under such section.''.

(d) MAXIMUM EXPENDITURES IN CASE OF JOINT OCCUPANCY.—Section 25D(e)(4)(A) (relating to maximum expenditures) is amended by striking ''and'' at the end of clause (iii), by striking the period at the end of clause (iv) and inserting '', and'', and by adding at the end the following new clause:

''(v) $1,667 in the case of each half kilowatt of capacity of wind turbines for which qualified small wind energy property expenditures are made.''.

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to expenditures after December 31, 2007.

SEC. 810. EXPANSION AND MODIFICATION OF ADVANCED COAL PROJECT INVESTMENT CREDIT.

(a) CREDIT RATE PARITY AMONG PROJECTS.—Section 48A(a) (relating to qualifying advanced coal project credit) is amended by striking ''equal to'' and all that follows and inserting ''equal to30 percent of the qualified investment for such taxable year.''.

(b) EXPANSION OF AGGREGATE CREDITS.—Section 48A(d)(3)(A) (relating to aggregate credits) is amended by striking ''$1,300,000,000'' and inserting ''$3,800,000,000''.

(c) AUTHORIZATION OF ADDITIONAL PROJECTS.—

(1) IN GENERAL.—Subparagraph (B) of section 48A(d)(3) (relating to aggregate credits) is amended to read as follows:

''(B) PARTICULAR PROJECTS.—Of the dollar amount in subparagraph (A), the Secretary is authorized to certify—

''(i) $800,000,000 for integrated gasification combined cycle projects the application for which is submitted during the period described in paragraph (2)(A)(i),

''(ii) $500,000,000 for projects which use other advanced coal-based generation technologies the application for which is submitted during the period described in paragraph (2)(A)(i),

''(iii) $1,500,000,000 for integrated gasification combined cycle projects the application for which is submitted during the period described in paragraph (2)(A)(ii), and

''(iv) $1,000,000,000 for other advanced coal-based generation technology projects the application for which is submitted during the period described in paragraph (2)(A)(ii).''.

(2) APPLICATION PERIOD FOR ADDITIONAL PROJECTS.—Subparagraph (A) of section 48A(d)(2) (relating to certification) is amended to read as follows:

''(A) APPLICATION PERIOD.—Each applicant for certification under this paragraph shall submit an application meeting the requirements of subparagraph (B). An applicant may only submit an application—

''(i) for an allocation from the dollar amount specified in clause (i) or (ii) of paragraph (3)(A) during the 3-year period beginning on the date the Secretary establishes the program under paragraph (1), and

''(ii) for an allocation from the dollar amount specified in clause (iii) or (iv) of paragraph (3)(A) during the 3-year period beginning at the earlier of the termination of the period described in clause (i) or the date prescribed by the Secretary.''.

(3) CAPTURE AND SEQUESTRATION OF CARBON DIOXIDE EMISSIONS REQUIREMENT.—Section 48A(e)(1) (relating to requirements) is amended by striking ''and'' at the end of subparagraph (E), by striking the period at the end of subparagraph (F) and inserting '', and'', and by adding at the end the following new subparagraph:

''(G) in the case of any project the application for which is submitted during the period described in paragraph (2)(A)(ii), the project includes equipment to separate and sequester 65 percent of such project's total carbon dioxide emissions.''.

(d) EFFECTIVE DATE.—The amendments made by this section shall take effect on the date of the enactment of this Act.

SEC. 811. EXPANSION AND MODIFICATION OF COAL GASIFICATION INVESTMENT CREDIT.

(a) CREDIT RATE.—Section 48B(a) (relating to qualifying gasification project credit) is amended by striking ''20 percent'' and inserting ''30 percent''.

(b) EXPANSION OF AGGREGATE CREDITS.—Section 48B(d)(1) (relating to qualifying gasification project program) is amended by striking ''$350,000,000'' and inserting ''$1,850,000,000 (of which $1,500,000,000 shall be allocated for qualifying gasification projects that include equipment to separate and sequester 75 percent of such a project's total carbon dioxide emissions)''.

(c) ELIGIBLE PROJECTS INCLUDE FISCHER-TROPSCH PROCESS.—Section 48B(c)(7) (defining eligible entity) is amended by striking ''and'' at the end of subparagraph (F), by striking the period at the end of subparagraph (G) and inserting '', and'', and by adding at the end the following new subparagraph:

''(H) transportation grade liquid fuels.''.

(d) EFFECTIVE DATE.—The amendments made by this section shall take effect on the date of the enactment of this Act.

SEC. 812. SEVEN-YEAR APPLICABLE RECOVERY PERIOD FOR DEPRECIATION OF QUALIFIED ENERGY MANAGEMENT DEVICES.

(a) IN GENERAL.—Section 168(e)(3)(C) (defining 7-year property) is amended by striking ''and'' at the end of clause (iv), by redesignating clause (v) as clause (vi), and by inserting after clause (iv) the following new clause:

''(v) any qualified energy management device, and''.

(b) DEFINITION OF QUALIFIED ENERGY MANAGEMENT DEVICE.—Section 168(i) (relating to definitions and special rules) is amended by inserting at the end the following new paragraph:

''(18) QUALIFIED ENERGY MANAGEMENT DEVICE.—

''(A) IN GENERAL.—The term 'qualified energy management device' means any energy management device which is placed in service before January 1, 2011, by a taxpayer who is a supplier of electric energy or a provider of electric energy services.

''(B) ENERGY MANAGEMENT DEVICE.—For purposes of subparagraph (A), the term 'energy management device' means any two-way communications network and associated equipment, including equipment installed on the premises of a consumer, which is used by the taxpayer—

''(i) to measure and record electricity usage data on a time-differentiated basis of at least 60 minutes, and

''(ii) to provide such data on demand to both consumers and the taxpayer.''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to property placed in service after the date of the enactment of this Act.

SEC. 813. LANDOWNER INCENTIVE TO ENCOURAGE ELECTRIC TRANSMISSION BUILD-OUT.

(a) IN GENERAL.—Part III of subchapter B of chapter 1 (relating to items specifically excluded from gross income) is amended by inserting after section 139A the following new section:

''SEC. 139B. ELECTRIC TRANSMISSION EASEMENT PAYMENTS.

''(a) IN GENERAL.—Gross income shall not include any qualified electric transmission easement payment.

''(b) QUALIFIED ELECTRIC TRANSMISSION EASEMENT PAYMENT.—For purposes of this section, the term 'qualified electric transmission payment' means any payment by an electric utility or electric transmission entity pursuant to an easement or other agreement granted by the payee (or any predecessor of such payee) for the right of such entity (or any successors of such entity) to locate on such payee's property transmission lines and equipment used to transmit electricity at 230 or more kilovolts primarily from qualified facilities described in section 45(d) (without regard to any placed in service date or the last sentence of paragraph (4) thereof) or energy property (as defined in section 48(a)(3)) placed in service after the date of the enactment of this section.

''(c) NO INCREASE IN BASIS.—Notwithstanding any other provision of this subtitle, no increase in the basis or adjusted basis of any property shall result from any amount excluded under this subsection with respect to such property.

''(d) DENIAL OF DOUBLE BENEFIT.—Notwithstanding any other provision of this subtitle, no deduction or credit shall be allowed (to the person for whose benefit a qualified electric transmission easement payment is made) for, or by reason of, any expenditure to the extent of the amount excluded under this section with respect to such expenditure.''.

(b) CLERICAL AMENDMENT.—The table of sections for such part III is amended by inserting after the item relating to section 139A the following new item:

''Sec. 139B. Electric transmission easement payments.''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to payments received after the date of the enactment of this Act.

PART II—CARBON DIOXIDE SEQUESTRATION

SEC. 815. TAX CREDIT FOR CARBON DIOXIDE SEQUESTRATION.

(a) IN GENERAL.—Subpart D of part IV of subchapter A of chapter 1 (relating to business credits) is amended by adding at the end the following new section:

''SEC. 45O. CREDIT FOR CARBON DIOXIDE SEQUESTRATION.

''(a) GENERAL RULE.—For purposes of section 38, the carbon dioxide sequestration credit for any taxable year is an amount equal to the sum of—

''(1) $20 per metric ton of qualified carbon dioxide which is—

''(A) captured by the taxpayer at a qualified facility, and

''(B) disposed of by the taxpayer in secure geological storage, and

''(2) $10 per metric ton of qualified carbon dioxide which is—

''(A) captured by the taxpayer at a qualified facility, and

''(B) used by the taxpayer as a tertiary injectant in a qualified enhanced oil or natural gas recovery project.

''(b) QUALIFIED CARBON DIOXIDE.—For purposes of this section—

''(1) IN GENERAL.—The term 'qualified carbon dioxide' means carbon dioxide captured from an industrial source which—

''(A) would otherwise be released into the atmosphere as industrial emission of greenhouse gas, and

''(B) is measured at the source of capture and verified at the point of disposal or injection.

''(2) RECYCLED CARBON DIOXIDE.—The term 'qualified carbon dioxide' includes the initial deposit of captured carbon dioxide used as a tertiary injectant. Such term does not include carbon dioxide that is re-captured, recycled, and re-injected as part of the enhanced oil and natural gas recovery process.

''(c) QUALIFIED FACILITY.—For purposes of this section, the term 'qualified facility' means any industrial facility—

''(1) which is owned by the taxpayer,

''(2) at which carbon capture equipment is placed in service, and

''(3) which captures not less than 500,000 metric tons of carbon dioxide during the taxable year.

''(d) SPECIAL RULES AND OTHER DEFINITIONS.—For purposes of this section—

''(1) ONLY CARBON DIOXIDE CAPTURED WITHIN THE UNITED STATES TAKEN INTO ACCOUNT.—The credit under this section shall apply only with respect to qualified carbon dioxide the capture of which is within—

''(A) the United States (within the meaning of section 638(1)), or

''(B) a possession of the United States (within the meaning of section 638(2)).

''(2) SECURE GEOLOGICAL STORAGE.—The Secretary, in consultation with the Administrator of the Environmental Protection Agency, shall establish regulations for determining adequate security measures for the geological storage of carbon dioxide under subsection (a)(1)(B) such that the carbon dioxide does not escape into the atmosphere. Such term shall include storage at deep saline formations and unminable coal seems under such conditions as the Secretary may determine under such regulations.

''(3) TERTIARY INJECTANT.—The term 'tertiary injectant' has the same meaning as when used within section 193(b)(1).

''(4) QUALIFIED ENHANCED OIL OR NATURAL GAS RECOVERY PROJECT.—The term 'qualified enhanced oil or natural gas recovery project' has the meaning given the term 'qualified enhanced oil recovery project' by section 43(c)(2), by substituting 'crude oil or natural gas' for 'crude oil' in subparagraph (A)(i) thereof.

''(5) CREDIT ATTRIBUTABLE TO TAXPAYER.—Any credit under this section shall be attributable to the person that captures and physically or contractually ensures the disposal of or the use as a tertiary injectant of the qualified carbon dioxide, except to the extent provided in regulations prescribed by the Secretary.

''(6) RECAPTURE.—The Secretary shall, by regulations, provide for recapturing the benefit of any credit allowable under subsection (a) with respect to any qualified carbon dioxide which ceases to be captured, disposed of, or used as a tertiary injectant in a manner consistent with the requirements of this section.

''(7) INFLATION ADJUSTMENT.—In the case of any taxable year beginning in a calendar year after 2008, there shall be substituted for each dollar amount contained in subsection (a) an amount equal to the product of—

''(A) such dollar amount, multiplied by

''(B) the inflation adjustment factor for such calendar year determined under section 43(b)(3)(B) for such calendar year, determined by substituting '2007' for '1990'.

''(e) APPLICATION OF SECTION.—The credit under this section shall apply with respect to qualified carbon dioxide before the end of the calendar year in which the Secretary, in consultation with the Administrator of the Environmental Protection Agency, certifies that 75,000,000 metric tons of qualified carbon dioxide have been captured and disposed of or used as a tertiary injectant.''.

(b) CONFORMING AMENDMENT.—Section 38(b) (relating to general business credit) is amended by striking ''plus'' at the end of paragraph (30), by striking the period at the end of paragraph (31) and inserting '', plus'', and by adding at the end of following new paragraph:

''(32) the carbon dioxide sequestration credit determined under section 45O(a).''.

(c) CLERICAL AMENDMENT.—The table of sections for subpart B of part IV of subchapter A of chapter 1 (relating to other credits) is amended by adding at the end the following new section:

''Sec. 45O. Credit for carbon dioxide sequestration.''.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply carbon dioxide captured after the date of the enactment of this Act.

SEC. 816. SEVEN-YEAR APPLICABLE RECOVERY PERIOD FOR DEPRECIATION OF QUALIFIED CARBON DIOXIDE PIPELINE PROPERTY.

(a) IN GENERAL.—Section 168(e)(3)(C) (defining 7-year property), as amended by this Act, is amended by striking ''and'' at the end of clause (v), by redesignating clause (vi) as clause (vii), and by inserting after clause (iv) the following new clause:

''(vi) any qualified carbon dioxide pipeline property—

''(I) the original use of which commences with the taxpayer after the date of the enactment of this clause,

''(II) the original purpose of which is to transport carbon dioxide, and

''(III) which is placed in service before January 1, 2014.''.

(b) DEFINITION OF QUALIFIED CARBON DIOXIDE PIPELINE PROPERTY.—Section 168(e) (relating to classification of property) is amended by inserting at the end the following new paragraph:

''(8) QUALIFIED CARBON DIOXIDE PIPELINE PROPERTY.—The term 'qualified carbon dioxide pipeline property' means property which is used in the United States solely to transmit qualified carbon dioxide (as defined in section 45O(b)) from the point of capture to the point of disposal (as described in section 45O(a)(1)(B)) or the point at which such qualified carbon dioxide is used as a tertiary injectant (as described in section 45O(a)(2)(B)).''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to property placed in service after the date of the enactment of this Act.

SEC. 817. CERTAIN INCOME AND GAINS RELATING TO INDUSTRIAL SOURCE CARBON DIOXIDE TREATED AS QUALIFYING INCOME FOR PUBLICLY TRADED PARTNERSHIPS.

(a) IN GENERAL.—Subparagraph (E) of section 7704(d)(1) (defining qualifying income) is amended by inserting ''or industrial source carbon dioxide'' after ''timber)''.

(b) EFFECTIVE DATE.—The amendment made by this section shall take effect on the date of the enactment of this Act, in taxable years ending after such date.

PART III—DOMESTIC FUEL SECURITY

SEC. 821. CREDIT FOR PRODUCTION OF CELLULOSIC BIOMASS ALCOHOL.

(a) IN GENERAL.—Subsection (a) of section 40 (relating to alcohol used as fuel) is amended by striking ''plus'' at the end of paragraph (2), by striking the period at the end of paragraph (3) and inserting '', plus'', and by adding at the end the following new paragraph:

''(4) the small cellulosic alcohol producer credit.''.

(b) SMALL CELLULOSIC ALCOHOL PRODUCER CREDIT.—

(1) IN GENERAL.—Subsection (b) of section 40 is amended by adding at the end the following new paragraph:

''(6) SMALL CELLULOSIC ALCOHOL PRODUCER CREDIT.—

''(A) IN GENERAL.—In addition to any other credit allowed under this section, there shall be allowed as a credit against the tax imposed by this chapter for the taxable year an amount equal to the applicable amount for each gallon of qualified cellulosic alcohol production.

''(B) APPLICABLE AMOUNT.—For purposes of subparagraph (A), the applicable amount means the excess of—

''(i) $1.11, over

''(ii) the sum of—

''(I) the amount of the credit allowable for alcohol which is ethanol under subsection (b)(1) (without regard to subsection (b)(3)) at the time of the qualified cellulosic alcohol production, plus

''(II) the amount of the credit allowable under subsection (b)(4) at the time of such production.

''(C) QUALIFIED CELLULOSIC ALCOHOL PRODUCTION.—For purposes of this section, the term 'qualified cellulosic alcohol production' means any cellulosic biomass alcohol which is produced by an eligible small cellulosic alcohol producer and which during the taxable year—

''(i) is sold by the taxpayer to another person—

''(I) for use by such other person in the production of a qualified alcohol mixture in such other person's trade or business (other than casual off-farm production),

''(II) for use by such other person as a fuel in a trade or business, or

''(III) who sells such cellulosic biomass alcohol at retail to another person and places such cellulosic biomass alcohol in the fuel tank of such other person, or

''(ii) is used or sold by the taxpayer for any purpose described in clause (i).

''(D) ADDITIONAL DISTILLATION EXCLUDED.—The qualified cellulosic alcohol production of any taxpayer for any taxable year shall not include any alcohol which is purchased by the taxpayer and with respect to which such producer increases the proof of the alcohol by additional distillation.

''(E) APPLICATION OF PARAGRAPH.—This paragraph shall apply with respect to qualified cellulosic alcohol production—

''(i) after December 31, 2007, and

''(ii) before the end of the later of—

''(I) December 31, 2012, or

''(II) the calendar year in which the Secretary, in consultation with the Administrator of the Environmental Protection Agency, certifies that 1,000,000,000 gallons of cellulosic biomass alcohol (as so defined) have been produced in or imported into the United States after such date.''.

(2) TERMINATION DATE NOT TO APPLY.—Subsection (e) of section 40 (relating to termination) is amended by adding at the end the following new paragraph:

''(3) EXCEPTION FOR SMALL CELLULOSIC ALCOHOL PRODUCER CREDIT.—Paragraph (1) shall not apply to the portion of the credit allowed under this section by reason of subsection (a)(4).''.

(c) ELIGIBLE SMALL CELLULOSIC ALCOHOL PRODUCER.—Section 40 is amended by adding at the end the following new subsection:

''(i) DEFINITIONS AND SPECIAL RULES FOR SMALL CELLULOSIC ALCOHOL PRODUCER.—For purposes of this section—

''(1) IN GENERAL.—The term 'eligible small cellulosic alcohol producer' means a person, who at all times during the taxable year, has a productive capacity for cellulosic biomass alcohol not in excess of 60,000,000 gallons.

''(2) CELLULOSIC BIOMASS ALCOHOL.—

''(A) IN GENERAL.—The term 'cellulosic biomass alcohol' has the meaning given such term under section 168(l)(3), but does not include any alcohol with a proof of less than 150.

''(B) DETERMINATION OF PROOF.—The determination of the proof of any alcohol shall be made without regard to any added denaturants.

''(3) AGGREGATION RULE.—For purposes of the 60,000,000 gallon limitation under paragraph (1), all members of the same controlled group of corporations (within the meaning of section 267(f)) and all persons under common control (within the meaning of section 52(b) but determined by treating an interest of more than 50 percent as a controlling interest) shall be treated as 1 person.

''(4) PARTNERSHIP, S CORPORATIONS, AND OTHER PASS-THRU ENTITIES.—In the case of a partnership, trust, S corporation, or other pass-thru entity, the limitation contained in paragraph (1) shall be applied at the entity level and at the partner or similar level.

''(5) ALLOCATION.—For purposes of this subsection, in the case of a facility in which more than 1 person has an interest, productive capacity shall be allocated among such persons in such manner as the Secretary may prescribe.

''(6) REGULATIONS.—The Secretary may prescribe such regulations as may be necessary to prevent the credit provided for in subsection (a)(4) from directly or indirectly benefitting any person with a direct or indirect productive capacity of more than 60,000,000 gallons of cellulosic biomass alcohol during the taxable year.

''(7) ALLOCATION OF SMALL CELLULOSIC PRODUCER CREDIT TO PATRONS OF COOPERATIVE.—Rules similar to the rules under subsection (g)(6) shall apply for purposes of this subsection.''.

(d) ALCOHOL NOT USED AS A FUEL, ETC.—

(1) IN GENERAL.—Paragraph (3) of section 40(d) is amended by redesignating subparagraph (D) as subparagraph (E) and by inserting after subparagraph (C) the following new subparagraph:

''(D) SMALL CELLULOSIC ALCOHOL PRODUCER CREDIT.—If—

''(i) any credit is allowed under subsection (a)(4), and

''(ii) any person does not use such fuel for a purpose described in subsection (b)(6)(C),

then there is hereby imposed on such person a tax equal to the applicable amount for each gallon of such cellulosic biomass alcohol.''.

(2) CONFORMING AMENDMENTS.—

(A) Subparagraph (C) of section 40(d)(3) is amended by striking ''PRODUCER'' in the heading and inserting ''SMALL ETHANOL PRODUCER''.

(B) Subparagraph (E) of section 40(d)(3), as redesignated by paragraph (1), is amended by striking ''or (C)'' and inserting ''(C), or (D)''.

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to fuel produced after December 31, 2007.

SEC. 822. EXPANSION OF SPECIAL ALLOWANCE TO CELLULOSIC BIOMASS ALCOHOL FUEL PLANT PROPERTY.

(a) IN GENERAL.—Paragraph (3) of section 168(l) (relating to special allowance for cellulosic biomass ethanol plant property) is amended to read as follows:

''(3) CELLULOSIC BIOMASS ALCOHOL.—For purposes of this subsection, the term 'cellulosic biomass alcohol' means any alcohol produced from any lignocellulosic or hemicellulosic matter that is available on a renewable or recurring basis.''.

(b) CONFORMING AMENDMENTS.—

(1) Subsection (l) of section 168 is amended by striking ''cellulosic biomass ethanol'' each place it appears and inserting ''cellulosic biomass alcohol''.

(2) The heading of section 168(l) is amended by striking ''CELLULOSIC BIOMASS ETHANOL'' and inserting ''CELLULOSIC BIOMASS ALCOHOL''.

(3) The heading of paragraph (2) of section 168(l) is amended by striking ''CELLULOSIC BIOMASS ETHANOL'' and inserting ''CELLULOSIC BIOMASS ALCOHOL''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to property placed in service after the date of the enactment of this Act, in taxable years ending after such date.

SEC. 823. EXTENSION OF SMALL ETHANOL PRODUCER CREDIT.

Paragraph (1) of section 40(e) (relating to termination) is amended—

(1) in subparagraph (A), by inserting ''(December 31, 2012, in the case of the credit allowed by reason of subsection (a)(3))'' after ''December 31, 2010'', and

(2) in subparagraph (B), by inserting ''(January 1, 2013, in the case of the credit allowed by reason of subsection (a)(3))'' after ''January 1, 2011''.

SEC. 824. CREDIT FOR PRODUCERS OF FOSSIL FREE ALCOHOL.

(a) IN GENERAL.—Subsection (a) of section 40 (relating to alcohol used as fuel), as amended by section 821, is amended by striking ''plus'' at the end of paragraph (3), by striking the period at the end of paragraph (4) and inserting '', plus'', and by adding at the end the following new paragraph:

''(5) the small fossil free alcohol producer credit.''.

(b) SMALL FOSSIL FREE ALCOHOL PRODUCER CREDIT.—

(1) IN GENERAL.—Subsection (b) of section 40, as amended by section 821, is amended by adding at the end the following new paragraph:

''(7) SMALL FOSSIL FREE ALCOHOL PRODUCER CREDIT.—

''(A) IN GENERAL.—In addition to any other credit allowed under this section, there shall be allowed as a credit against the tax imposed by this chapter for the taxable year an amount equal to 25 cents for each gallon of qualified fossil free alcohol production.

''(B) QUALIFIED FOSSIL FREE ALCOHOL PRODUCTION.—For purposes of this section, the term 'qualified fossil free alcohol production' means alcohol which is produced by an eligible small fossil free alcohol producer at a fossil free alcohol production facility and which during the taxable year—

''(i) is sold by the taxpayer to another person—

''(I) for use by such other person in the production of a qualified alcohol mixture in such other person's trade or business (other than casual off-farm production),

''(II) for use by such other person as a fuel in a trade or business, or

''(III) who sells such alcohol at retail to another person and places such alcohol in the fuel tank of such other person, or

''(ii) is used or sold by the taxpayer for any purpose described in clause (i).

''(C) ADDITIONAL DISTILLATION EXCLUDED.—The qualified fossil free alcohol production of any taxpayer for any taxable year shall not include any alcohol which is purchased by the taxpayer and with respect to which

such producer increases the proof of the alcohol by additional distillation.''.

(c) ELIGIBLE SMALL FOSSIL FREE ALCOHOL PRODUCER.—Section 40, as amended by section 821, is amended by adding at the end the following new subsection:

''(j) DEFINITIONS AND SPECIAL RULES FOR SMALL FOSSIL FREE ALCOHOL PRODUCER.—For purposes of this section—

''(1) IN GENERAL.—The term 'eligible small fossil free alcohol producer' means a person, who at all times during the taxable year, has a productive capacity for alcohol from all fossil free alcohol production facilities of the taxpayer which is not in excess of 60,000,000 gallons.

''(2) FOSSIL FREE ALCOHOL PRODUCTION FACILITY.—The term 'fossil free alcohol production facility' means any facility at which 90 percent of the fuel used in the production of alcohol is from biomass (as defined in section 45K(c)(3)).

''(3) AGGREGATION RULE.—For purposes of the 60,000,000 gallon limitation under paragraph (1), all members of the same controlled group of corporations (within the meaning of section 267(f)) and all persons under common control (within the meaning of section 52(b) but determined by treating an interest of more than 50 percent as a controlling interest) shall be treated as 1 person.

''(4) PARTNERSHIP, S CORPORATIONS, AND OTHER PASS-THRU ENTITIES.—In the case of a partnership, trust, S corporation, or other pass-thru entity, the limitation contained in paragraph (1) shall be applied at the entity level and at the partner or similar level.

''(5) ALLOCATION.—For purposes of this subsection, in the case of a facility in which more than 1 person has an interest, productive capacity shall be allocated among such persons in such manner as the Secretary may prescribe.

''(6) REGULATIONS.—The Secretary may prescribe such regulations as may be necessary to prevent the credit provided for in subsection (a)(5) from directly or indirectly benefitting any person with a direct or indirect productive capacity of more than 60,000,000 gallons of alcohol from fossil free alcohol production facilities during the taxable year.

''(7) ALLOCATION OF SMALL FOSSIL FREE ALCOHOL PRODUCER CREDIT TO PATRONS OF COOPERATIVE.—Rules similar to the rules under subsection (g)(6) shall apply for purposes of this subsection.''.

(d) ALCOHOL NOT USED AS A FUEL, ETC.—

(1) IN GENERAL.—Paragraph (3) of section 40(d), as amended by section 821, is amended by redesignating subparagraph (E) as subparagraph (F) and by inserting after subparagraph (D) the following new subparagraph:

''(E) SMALL FOSSIL FREE ALCOHOL PRODUCER CREDIT.—If—

''(i) any credit is allowed under subsection (a)(5), and

''(ii) any person does not use such fuel for a purpose described in subsection (b)(7)(B),

then there is hereby imposed on such person a tax equal to 25 cents for each gallon of such alcohol.''.

(2) CONFORMING AMENDMENT.—Subparagraph (E) of section 40(d)(3), as redesignated by paragraph (1) and amended by section 821, is amended by striking ''or (D)'' and inserting ''(C), or (E)''.

(e) TERMINATION.—Paragraph (1) of section 40(e), as amended by section 823, is amended—

(1) in subparagraph (A), by striking ''(December 31, 2012, in the case of the credit allowed by reason of subsection (a)(3))'' and inserting ''(December 31, 2012, in the case of the credits allowed by reason of paragraphs (3) and (5) of subsection (a))'', and

(2) in subparagraph (B), by striking ''(January 1, 2013, in the case of the credit allowed by reason of subsection (a)(3))'' and inserting ''(January 1, 2013, in the case of the credits allowed by reason of paragraphs (3) and (5) of subsection (a))''.

(f) EFFECTIVE DATE.—The amendments made by this section shall apply to fuel produced after December 31, 2007.

SEC. 825. MODIFICATION OF ALCOHOL CREDIT.

(a) INCOME TAX CREDIT.—Subsection (h) of section 40 (relating to reduced credit for ethanol blenders) is amended by adding at the end the following new paragraph:

''(3) REDUCED AMOUNT AFTER SALE OF 7,500,000,000 GALLONS.—

''(A) IN GENERAL.—In the case of any calendar year beginning after the date described in subparagraph (B), the last row in the table in paragraph (2) shall be applied by substituting '46 cents' for '51 cents'.

''(B) DATE DESCRIBED.—The date described in this subparagraph is the first date on which 7,500,000,000 gallons of ethanol (including cellulosic ethanol) have been produced in or imported into the United States after the date of the enactment of this paragraph, as certified by the Secretary, in consultation with the Administrator of the Environmental Protection Agency.''.

(b) EXCISE TAX CREDIT.—

(1) IN GENERAL.—Paragraph (2) of section 6426(b) (relating to alcohol fuel mixture credit) is amended by adding at the end the following new subparagraph:

''(C) REDUCED AMOUNT AFTER SALE OF 7,500,000,000 GALLONS.—In the case of any alcohol fuel mixture produced in a calendar year beginning after the date described in section 40(h)(3)(B), subparagraph (A) shall be applied by substituting '46 cents' for '51 cents'.''.

(2) CONFORMING AMENDMENT.—Subparagraph (A) of section 6426(b)(2) is amended by striking ''subparagraph (B)'' and inserting ''subparagraphs (B) and (C)''.

(c) EFFECTIVE DATE.—The amendments made by this section shall take effect on the date of the enactment of this Act.

SEC. 826. EXTENSION AND MODIFICATION OF CREDIT FOR BIODIESEL USED AS FUEL .

(a) EXTENSION.—

(1) INCOME TAX CREDITS FOR BIODIESEL AND RENEWABLE DIESEL AND SMALL AGRI-BIODIESEL PRODUCER CREDIT.—Section 40A(g) (relating to termination) is amended by striking ''December 31, 2008'' and inserting ''December 31, 2010 (December 31, 2012, in the case of the credit allowed by reason of subsection (a)(3))''.

(2) EXCISE TAX CREDIT.—Section 6426(c)(6) (relating to termination) is amended by striking ''2008'' and inserting ''2010''.

(3) FUELS NOT USED FOR TAXABLE PURPOSES.—Section 6427(e)(5)(B) (relating to termination) is amended by striking ''2008'' and inserting ''2010''.

(b) MODIFICATION OF CREDIT FOR RENEWABLE DIESEL.—

(1) IN GENERAL.—Section 40A(f) (relating to renewable diesel) is amended by adding at the end the following new paragraph:

''(4) SPECIAL RULE FOR CO-PROCESSED RENEWABLE DIESEL.—In the case of a taxpayer which produces renewable diesel through the co-processing of biomass and petroleum at any facility, this subsection shall not apply to so much of the renewable diesel produced at such facility and sold or used during the taxable year in a qualified biodiesel mixture as exceeds 60,000,000 gallons.''.

(c) MODIFICATION RELATING TO DEFINITION OF AGRI-BIODIESEL.—Paragraph (2) of section 40A(d) (relating to agri-biodiesel) is amended by striking ''and mustard seeds'' and inserting ''mustard seeds, and camelina''.

(d) EFFECTIVE DATES.—The amendments made by this section shall apply to fuel sold or used after the date of the enactment of this Act.

SEC. 827. EXTENSION AND MODIFICATION OF ALTERNATIVE FUEL CREDIT.

(a) EXTENSION.—

(1) ALTERNATIVE FUEL CREDIT.—Paragraph (4) of section 6426(d) (relating to alternative fuel credit) is amended by striking ''September 30, 2009'' and inserting ''December 31, 2012''.

(2) ALTERNATIVE FUEL MIXTURE CREDIT.—Paragraph (3) of section 6426(e) (relating to alternative fuel mixture credit) is amended by striking ''September 30, 2009'' and inserting ''December 31, 2012''.

(3) PAYMENTS.—Subparagraph (C) of section 6427(e)(5) (relating to termination) is amended by striking ''September 30, 2009'' and inserting ''December 31, 2012''.

(b) MODIFICATIONS.—

(1) ALTERNATIVE FUEL TO INCLUDE COMPRESSED OR LIQUIFIED BIOMASS GAS.—Paragraph (2) of section 6426(d) (relating to alternative fuel credit) is amended by striking ''and'' at the end of subparagraph (E), by redesignating subparagraph (F) as subparagraph (G), and by inserting after subparagraph (E) the following new subparagraph:

''(F) compressed or liquified biomass gas, and''.

(2) CREDIT ALLOWED FOR AVIATION USE OF FUEL.—Paragraph (1) of section 6426(d) is amended by inserting ''sold by the taxpayer for use as a fuel in aviation,'' after ''motorboat,''.

(c) CARBON CAPTURE REQUIREMENT FOR CERTAIN FUELS.—

(1) IN GENERAL.—Subsection (d) of section 6426, as amended by subsection (a), is amended by redesignating paragraph (4) as paragraph (5) and by inserting after paragraph (3) the following new paragraph:

''(4) CARBON CAPTURE REQUIREMENT.—The requirements of this paragraph are met if the fuel is certified, under such procedures as required by the Secretary, as having been produced at a facility which is primarily a liquid coal facility which separates and sequesters not less than 75 percent of such facility's total carbon dioxide emissions.''.

(2) CONFORMING AMENDMENT.—Subparagraph (E) of section 6426(d)(2) is amended by inserting ''which meets the requirements of paragraph (4) and which is'' after ''any liquid fuel''.

(d) EFFECTIVE DATES.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall apply to fuel sold or used after the date of the enactment of this Act.

(2) CARBON CAPTURE REQUIREMENTS.—The amendments made by subsection (c) shall apply to fuel sold or used after December 31, 2007.

SEC. 828. EXTENSION OF ALTERNATIVE FUEL VEHICLE REFUELING PROPERTY CREDIT.

Paragraph (2) of section 30C(g) (relating to termination) is amended by striking ''December 31, 2009'' and inserting ''December 31, 2012''.

SEC. 829. EXTENSION OF SUSPENSION OF TAXABLE INCOME LIMIT ON PERCENTAGE DEPLETION FOR OIL AND NATURAL GAS PRODUCED FROM MARGINAL PROPERTIES.

Subparagraph (H) of section 613A(c)(6) (relating to oil and gas produced from marginal properties) is amended by striking ''January 1, 2008'' and inserting ''January 1, 2010''.

SEC. 830. EXTENSION AND MODIFICATION OF ELECTION TO EXPENSE CERTAIN REFINERIES.

(a) EXTENSION.—Paragraph (1) of section 179C(c) (relating to qualified refinery property) is amended—

(1) by striking ''January 1, 2012'' in subparagraph (B) and inserting ''January 1, 2014'', and

(2) by striking ''January 1, 2008'' each place it appears in subparagraph (F) and inserting ''January 1, 2010''.

(b) INCLUSION OF FUEL DERIVED FROM SHALE AND TAR SANDS.—

(1) IN GENERAL.—Subsection (d) of section 179C is amended by inserting '', or directly from shale or tar sands'' after ''(as defined in section 45K(c))''.

(2) CONFORMING AMENDMENT.—Paragraph (2) of section 179C(e) is amended by inserting ''shale, tar sands, or'' before ''qualified fuels''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to property placed in service after the date of the enactment of this Act.

SEC. 831. ETHANOL TARIFF EXTENSION.

Headings 9901.00.50 and 9901.00.52 of the Harmonized Tariff Schedule of the United States are each amended in the effective period column by striking ''1/1/2009'' and inserting ''1/1/2011''.

SEC. 832. ELIMINATION AND REDUCTIONS OF DUTY DRAWBACK ON CERTAIN IMPORTED ETHANOL.

(a) IN GENERAL.—Section 313(p)(3)(A)(i)(I) of the Tariff Act of 1930 (19 U.S.C. 1313(p)(3)(A)(i)(I)) is amended by striking ''or'' and inserting the following: ''other than an article that contains either—

''(aa) imported ethyl alcohol (provided for in subheading 2207.10.60 or 2207.20.00 of such Schedule), or

''(bb) any imported mixture (provided for in heading 2710 or 3824 of such Schedule) that contains ethyl alcohol, or''.

(b) LIMITATIONS ON, AND REDUCTIONS OF, DRAWBACKS.—Section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) is amended by adding at the end the following new subsection:

''(z) LIMITATIONS ON, AND REDUCTIONS OF, DRAWBACKS.—

''(1) LIMITATIONS.—

''(A) IN GENERAL.—Ethyl alcohol or mixture containing ethyl alcohol described in subparagraph (B) may be treated as being of the same kind and quality under subsection (b) of this section or may be treated as being commercially interchangeable with any other ethyl alcohol or mixture containing ethyl alcohol under subsection (j)(2) of this section, only if the other ethyl alcohol or mixture—

''(i) if imported, is subject to the additional duty under subheading 9901.00.50 of the Harmonized Tariff Schedule of the United States; or

''(ii) if domestic, is subject to Federal excise tax under section 4041 or 4081 of the Internal Revenue Code of 1986 in an amount equal to or greater than the amount of drawback claimed.

''(B) ETHYL ALCOHOL OR MIXTURE CONTAINING ETHYL ALCOHOL DESCRIBED.—Ethyl alcohol or mixture containing ethyl alcohol described in this subparagraph means—

''(i) ethyl alcohol classifiable under subheading 2207.10.60 or 2207.20.00 of the Harmonized Tariff Schedule of the United States, or

''(ii) a mixture containing ethyl alcohol classifiable under heading 2710 or 3824 of the Harmonized Tariff Schedule of the United States,

which, if imported would be subject to additional duty under subheading 9901.00.50 of such Schedule.

''(2) REDUCTION OF DRAWBACK.—For purposes of subsections (b), (j)(2), and (p) of this section, the amount of the refund as drawback under this section shall be reduced by an amount equal to any Federal tax credit or refund of any Federal tax paid on the merchandise with respect to which the drawback is claimed.''.

(c) EFFECTIVE DATE.—The amendments made by this section apply to articles exported on or after the date that is 15 days after the date of the enactment of this Act.

SEC. 833. CERTAIN INCOME AND GAINS RELATING TO ALCOHOL FUEL MIXTURES, BIODIESEL FUEL MIXTURES, AND ALTERNATIVE FUEL TREATED AS QUALIFYING INCOME FOR PUBLICLY TRADED PARTNERSHIPS.

(a) IN GENERAL.—Subparagraph (E) of section 7704(d)(1) (defining qualifying income), as amended by this Act, is amended by inserting '', or the transportation or storage of any fuel described in subsection (b), (c), or (d) of section 6426'' after ''carbon dioxide)''.

(b) EFFECTIVE DATE.—The amendment made by this section shall take effect on the date of the enactment of this Act, in taxable years ending after such date.

SEC. 834. TECHNICAL AMENDMENTS.

(a) AMENDMENTS RELATED TO SECTION 11113 OF THE SAFE, ACCOUNTABLE, FLEXIBLE, EFFICIENT TRANSPORTATION EQUITY ACT: A LEGACY FOR USERS.—

(1) Paragraph (3) of section 6427(i) is amended—

(A) by inserting ''or under subsection (e)(2) by any person with respect to an alternative fuel (as defined in section 6426(d)(2))'' after ''section 6426'' in subparagraph (A),

(B) by inserting ''or (e)(2)'' after ''subsection (e)(1)'' in subparagraphs (A)(i) and (B), and

(C) by inserting ''AND ALTERNATIVE FUEL CREDIT'' after ''MIXTURE CREDIT'' in the heading thereof.

(2)(A) Subparagraph (G) of section 6426(d)(2), as redesignated by section 827, is amended by striking ''hydrocarbons'' and inserting ''fuel''.

(B) Section 6426 is amended by adding at the end the following new subsection:

''(h) DENIAL OF DOUBLE BENEFIT.—No credit shall be determined under subsection (d) or (e) with respect to any fuel which is described in subsection (b) or (c) or section 40 or 40A.''.

(3) The amendments made by this subsection shall take effect as if included in section 11113 of the SAFETEA–LU.

(b) AMENDMENTS RELATED TO THE ENERGY POLICY ACT OF 2005.—

(1) AMENDMENT RELATED TO SECTION 1342 OF THE ACT.—

(A) So much of subsection (b) of section 30C as precedes paragraph (1) thereof is amended to read as follows:

''(b) LIMITATION.—The credit allowed under subsection (a) with respect to all alternative fuel vehicle refueling property placed in service by the taxpayer during the taxable year at a location shall not exceed—''.

(B) Subsection (c) of section 30C is amended to read as follows:

''(c) QUALIFIED ALTERNATIVE FUEL VEHICLE REFUELING PROPERTY.——For purposes of this section, the term 'qualified alternative fuel vehicle refueling property' has the same meaning as the term 'qualified clean-fuel vehicle refueling property' would have under section 179A if—

''(1) paragraph (1) of section 179A(d) did not apply to property installed on property which is used as the principal residence (within the meaning of section 121) of the taxpayer, and

''(2) only the following were treated as clean burning fuels for purposes of section 179A(d):

''(A) Any fuel at least 85 percent of the volume of which consists of one or more of the following: ethanol, natural gas, compressed natural gas, liquified natural gas, liquefied petroleum gas, or hydrogen.

''(B) Biodiesel (as defined in section 40A(d)(1)).

''(C) Any mixture—

''(i) which consists of two or more of the following: biodiesel (as so defined), diesel fuel (as defined in section 4083(a)(3)), or kerosene, and

''(ii) at least 20 percent of the volume of which consists of biodiesel (as so defined) determined without regard to any kerosene in such mixture.''.

(2) AMENDMENTS RELATED TO SECTION 1362 OF THE ACT.—

(A)(i) Paragraph (1) of section 4041(d) is amended by adding at the end the following new sentence: ''No tax shall be imposed under the preceding sentence on the sale or use of any liquid if tax was imposed with respect to such liquid under section 4081 at the Leaking Underground Storage Tank Trust Fund financing rate.''.

(ii) Paragraph (3) of section 4042(b) is amended to read as follows:

''(3) EXCEPTION FOR FUEL ON WHICH LEAKING UNDERGROUND STORAGE TANK TRUST FUND FINANCING RATE SEPARATELY IMPOSED.—The Leaking Underground Storage Tank Trust Fund financing rate under paragraph (2)(B) shall not apply to the use of any fuel if tax was imposed with respect to such fuel under section 4041(d) or 4081 at the Leaking Underground Storage Tank Trust Fund financing rate.''.

(iii) Notwithstanding section 6430 of the Internal Revenue Code of 1986, a refund, credit, or payment may be made under subchapter B of chapter 65 of such Code for taxes imposed with respect to any liquid after September 30, 2005, and before the date of the enactment of this Act under section 4041(d)(1) or 4042 of such Code at the Leaking Underground Storage Tank Trust Fund financing rate to the extent that tax was imposed with respect to such liquid under section 4081 at the Leaking Underground Storage Tank Trust Fund financing rate.

(B)(i) Paragraph (5) of section 4041(d) is amended—

(I) by striking ''(other than with respect to any sale for export under paragraph (3) thereof)'', and

(II) by adding at the end the following new sentence: ''The preceding sentence shall not apply with respect to subsection (g)(3) and so much of subsection (g)(1) as relates to vessels (within the meaning of section 4221(d)(3)) employed in foreign trade or trade between the United States and any of its possessions.''

(ii) Section 4082 is amended—

(I) by striking ''(other than such tax at the Leaking Underground Storage Tank Trust Fund financing rate imposed in all cases other than for export)'' in subsection (a), and

(II) by redesignating subsections (f) and (g) as subsections (g) and (h) and by inserting after subsection (e) the following new subsection:

''(f) EXCEPTION FOR LEAKING UNDERGROUND STORAGE TANK TRUST FUND FINANCING RATE.—

''(1) IN GENERAL.—Subsection (a) shall not apply to the tax imposed under section 4081 at the Leaking Underground Storage Tank Trust Fund financing rate.

''(2) EXCEPTION FOR EXPORT, ETC.—Paragraph (1) shall not apply with respect to any fuel if the Secretary determines that such fuel is destined for export or for use by the purchaser as supplies for vessels (within the meaning of section 4221(d)(3)) employed in foreign trade or trade between the United States and any of its possessions.''.

(iii) Subsection (e) of section 4082 is amended—

(I) by striking ''an aircraft, the rate of tax under section 4081(a)(2)(A)(iii) shall be zero.'' and inserting ''an aircraft—

''(1) the rate of tax under section 4081(a)(2)(A)(iii) shall be zero, and

''(2) if such aircraft is employed in foreign trade or trade between the United States and any of its possessions, the increase in such rate under section 4081(a)(2)(B) shall be zero.''; and

(II) by moving the last sentence flush with the margin of such subsection (following the paragraph (2) added by clause (i)).

(iv) Section 6430 is amended to read as follows:

''SEC. 6430. TREATMENT OF TAX IMPOSED AT LEAKING UNDERGROUND STORAGE TANK TRUST FUND FINANCING RATE.

''No refunds, credits, or payments shall be made under this subchapter for any tax imposed at the Leaking Underground Storage Tank Trust Fund financing rate, except in the case of fuels—

''(1) which are exempt from tax under section 4081(a) by reason of section 4081(f)(2),

''(2) which are exempt from tax under section 4041(d) by reason of the last sentence of paragraph (5) thereof, or

''(3) with respect to which the rate increase under section 4081(a)(2)(B) is zero by reason of section 4082(e)(2).''.

(C) Paragraph (5) of section 4041(d) is amended by inserting ''(b)(1)(A)'' after ''subsections''.

(3) EFFECTIVE DATE.—

(A) IN GENERAL.—Except as otherwise provided in this paragraph, the amendments made by this subsection shall take effect as if included in the provisions of the Energy Policy Act of 2005 to which they relate.

(B) NONAPPLICATION OF EXEMPTION FOR OFF-HIGHWAY BUSINESS USE.—The amendment made by paragraph (2)(C) shall apply to fuel sold for use or used after the date of the enactment of this Act.

(C) AMENDMENT MADE BY THE SAFETEA–LU.—The amendment made by paragraph (2)(B)(iii)(II) shall take effect as if included in section 11161 of the SAFETEA–LU.

(c) AMENDMENTS RELATED TO SECTION 339 OF THE AMERICAN JOBS CREATION ACT OF 2004.—

(1)(A) Section 45H is amended by striking subsection (d) and by redesignating subsections (e), (f), and (g) as subsections (d), (e), and (f), respectively.

(B) Subsection (d) of section 280C is amended to read as follows:

''(d) CREDIT FOR LOW SULFUR DIESEL FUEL PRODUCTION.—The deductions otherwise allowed under this chapter for the taxable year shall be reduced by the amount of the credit determined for the taxable year under section 45H(a).''.

(C) Subsection (a) of section 1016 is amended by striking paragraph (31) and by redesignating paragraphs (32) through (37) as paragraphs (31) through (36), respectively.

(2)(A) Section 45H, as amended by paragraph (1), is amended by adding at the end the following new subsection:

''(g) ELECTION TO NOT TAKE CREDIT.—No credit shall be determined under subsection (a) for the taxable year if the taxpayer elects not to have subsection (a) apply to such taxable year.''.

(B) Subsection (m) of section 6501 is amended by inserting ''45H(g),'' after ''45C(d)(4),''.

(3)(A) Subsections (b)(1)(A), (c)(2), (e)(1), and (e)(2) of section 45H (as amended by paragraph (1)) and section 179B(a) are each amended by striking ''qualified capital costs'' and inserting ''qualified costs''.

(B) The heading of paragraph (2) of section 45H(c) is amended by striking ''CAPITAL''.

(C) Subsection (a) of section 179B is amended by inserting ''and which are properly chargeable to capital account'' before the period at the end.

(4) The amendments made by this subsection shall take effect as if included in section 339 of the American Jobs Creation Act of 2004.

PART IV—ADVANCED TECHNOLOGY VEHICLES

SEC. 841. EXPANSION AND MODIFICATION OF CREDIT FOR ALTERNATIVE FUEL MOTOR VEHICLES.

(a) EXTENSION.—Section 30B(j) (relating to termination) is amended—

(1) by striking ''December 31, 2014'' in paragraph (1) and inserting ''December 31, 2016'',

(2) by striking ''December 31, 2010'' in paragraph (2) and inserting ''December 31, 2012'',

(3) by striking ''December 31, 2009'' in paragraph (3) and inserting ''December 31, 2012'', and

(4) by striking ''December 31, 2010'' in paragraph (4) and inserting ''December 31, 2012''.

(b) MODIFICATION RELATING TO NEW QUALIFIED ALTERNATIVE FUEL MOTOR VEHICLE CREDIT.—The last sentence of section 30B(e)(2) is amended to read as follows: ''A new qualified alternative fuel motor vehicle which weighs more than 14,000 pounds gross vehicle weight rating shall be deemed to satisfy the preceding sentence if it is certified as exceeding the most stringent standard applicable to the model year in which such motor vehicle was produced.''.

(c) EFFECTIVE DATE.—The amendments made by this section shall take effect on the date of the enactment of this Act.

SEC. 842. CREDIT FOR PLUG-IN ELECTRIC DRIVE MOTOR VEHICLES.

(a) PLUG-IN ELECTRIC DRIVE MOTOR VEHICLE CREDIT.—

(1) IN GENERAL.—Subpart B of part IV of subchapter A of chapter 1 (relating to other credits) is amended by adding at the end the following new section:

''SEC. 30D. PLUG-IN ELECTRIC DRIVE MOTOR VEHICLE CREDIT.

''(a) ALLOWANCE OF CREDIT.—

''(1) IN GENERAL.—There shall be allowed as a credit against the tax imposed by this chapter for the taxable year an amount equal to the applicable amount with respect to each new qualified plug-in electric drive motor vehicle placed in service by the taxpayer during the taxable year.

''(2) APPLICABLE AMOUNT.—For purposes of paragraph (1), the applicable amount is sum of—

''(A) $2,500, plus

''(B) $400 for each kilowatt hour of traction battery capacity of at least 5 kilowatt hours, plus

''(C) $400 for each kilowatt hour of traction battery capacity in excess of 5 kilowatt hours.

''(b) LIMITATIONS.—

''(1) LIMITATION BASED ON WEIGHT.—The amount of the credit allowed under subsection (a) by reason of subsection (a)(2)(A) shall not exceed—

''(A) $7,500, in the case of any new qualified plug-in electric drive motor vehicle with a gross vehicle weight rating of not more than 10,000 pounds,

''(B) $10,000, in the case of any new qualified plug-in electric drive motor vehicle with a gross vehicle weight rating of more than 10,000 pounds but not more than 14,000 pounds,

''(C) $12,500, in the case of any new qualified plug-in electric drive motor vehicle with a gross vehicle weight rating of more than 14,000 pounds but not more than 26,000 pounds, and

''(D) $15,000, in the case of any new qualified plug-in electric drive motor vehicle with a gross vehicle weight rating of more than 26,000 pounds.

''(2) LIMITATION ON NUMBER OF PASSENGER VEHICLES AND LIGHT TRUCKS ELIGIBLE FOR CREDIT.—No credit shall be allowed under subsection (a) for any new qualified plug-in electric drive motor vehicle which is a passenger vehicle or light truck in any calendar year following the calendar year which includes the first date on which the total number of such new qualified plug-in electric drive motor vehicles sold for use in the United States after December 31, 2007, is at least 250,000.

''(c) NEW QUALIFIED PLUG-IN ELECTRIC DRIVE MOTOR VEHICLE.—For purposes of this section, the term 'new qualified plug-in electric drive motor vehicle' means a motor vehicle—

''(1) which draws propulsion using a traction battery with at least 4 kilowatt hours of capacity,

''(2) which uses an offboard source of energy to recharge such battery,

''(3) which, in the case of a passenger vehicle or light truck which has a gross vehicle weight rating of not more than 8,500 pounds, has received a certificate of conformity under the Clean Air Act and meets or exceeds the equivalent qualifying California low emission vehicle standard under section 243(e)(2) of the Clean Air Act for that make and model year, and

''(A) in the case of a vehicle having a gross vehicle weight rating of 6,000 pounds or less, the Bin 5 Tier II emission standard established in regulations prescribed by the Administrator of the Environmental Protection Agency under section 202(i) of the Clean Air Act for that make and model year vehicle, and

''(B) in the case of a vehicle having a gross vehicle weight rating of more than 6,000 pounds but not more than 8,500 pounds, the Bin 8 Tier II emission standard which is so established,

''(4) the original use of which commences with the taxpayer,

''(5) which is acquired for use or lease by the taxpayer and not for resale, and

''(6) which is made by a manufacturer.

''(d) APPLICATION WITH OTHER CREDITS.—

''(1) BUSINESS CREDIT TREATED AS PART OF GENERAL BUSINESS CREDIT.—So much of the credit which would be allowed under subsection (a) for any taxable year (determined without regard to this subsection) that is attributable to property of a character subject to an allowance for depreciation shall be treated as a credit listed in section 38(b) for such taxable year (and not allowed under subsection (a)).

''(2) PERSONAL CREDIT.—The credit allowed under subsection (a) (after the application of paragraph (1)) for any taxable year shall not exceed the excess (if any) of—

''(A) the regular tax liability (as defined in section 26(b)) reduced by the sum of the credits allowable under subpart A and sections 27, 30, 30B, and 30C, over

''(B) the tentative minimum tax for the taxable year.

''(e) OTHER DEFINITIONS AND SPECIAL RULES.—For purposes of this section—

''(1) MOTOR VEHICLE.—The term 'motor vehicle' has the meaning given such term by section 30(c)(2).

''(2) OTHER TERMS.—The terms 'passenger automobile', 'light truck', and 'manufacturer' have the meanings given such terms in regulations prescribed by the Administrator of the Environmental Protection Agency for purposes of the administration of title II of the Clean Air Act (42 U.S.C. 7521 et seq.).

''(3) TRACTION BATTERY CAPACITY.—Traction battery capacity shall be measured in kilowatt hours from a 100 percent state of charge to a zero percent state of charge.

''(4) REDUCTION IN BASIS.—For purposes of this subtitle, the basis of any property for which a credit is allowable under subsection (a) shall be reduced by the amount of such credit so allowed.

''(5) NO DOUBLE BENEFIT.—The amount of any deduction or other credit allowable under this chapter for a new qualified plug-in electric drive motor vehicle shall be reduced by the amount of credit allowed under subsection (a) for such vehicle for the taxable year.

''(6) PROPERTY USED BY TAX-EXEMPT ENTITY.—In the case of a vehicle the use of which is described in paragraph (3) or (4) of section 50(b) and which is not subject to a lease, the person who sold such vehicle to the person or entity using such vehicle shall be treated as the taxpayer that placed such vehicle in service, but only if such person clearly discloses to such person or entity in a document the amount of any credit allowable under subsection (a) with respect to such vehicle (determined without regard to subsection (b)(2)).

''(7) PROPERTY USED OUTSIDE UNITED STATES, ETC., NOT QUALIFIED.—No credit shall be allowable under subsection (a) with respect to any property referred to in section 50(b)(1) or with respect to the portion of the cost of any property taken into account under section 179.

''(8) RECAPTURE.—The Secretary shall, by regulations, provide for recapturing the benefit of any credit allowable under subsection (a) with respect to any property which ceases to be property eligible for such credit (including recapture in the case of a lease period of less than the economic life of a vehicle).

''(9) ELECTION TO NOT TAKE CREDIT.—No credit shall be allowed under subsection (a) for any vehicle if the taxpayer elects not to have this section apply to such vehicle.

''(10) INTERACTION WITH AIR QUALITY AND MOTOR VEHICLE SAFETY STANDARDS.—Unless otherwise provided in this section, a motor vehicle shall not be considered eligible for a credit under this section unless such vehicle is in compliance with—

''(A) the applicable provisions of the Clean Air Act for the applicable make and model year of the vehicle (or applicable air quality provisions of State law in the case of a State which has adopted such provision under a waiver under section 209(b) of the Clean Air Act), and

''(B) the motor vehicle safety provisions of sections 30101 through 30169 of title 49, United States Code.

''(f) REGULATIONS.—

''(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary shall promulgate such regulations as necessary to carry out the provisions of this section.

''(2) COORDINATION IN PRESCRIPTION OF CERTAIN REGULATIONS.—The Secretary of the Treasury, in coordination with the Secretary of Transportation and the Administrator of the Environmental Protection Agency, shall prescribe such regulations as necessary to determine whether a motor vehicle meets the requirements to be eligible for a credit under this section.

''(g) TERMINATION.—This section shall not apply to property purchased after December 31, 2014.''.

(2) COORDINATION WITH OTHER MOTOR VEHICLE CREDITS.—

(A) NEW QUALIFIED FUEL CELL MOTOR VEHICLES.—Paragraph (3) of section 30B(b) is amended by adding at the end the following new flush sentence:

''Such term shall not include any motor vehicle which is a new qualified plug-in electric drive motor vehicle (as defined by section 30D(c)).''.

(B) NEW QUALIFIED HYBRID MOTOR VEHICLES.—Paragraph (3) of section 30B(d) is amended by adding at the end the following new flush sentence:

''Such term shall not include any motor vehicle which is a new qualified plug-in electric drive motor vehicle (as defined by section 30D(c)).''.

(3) CONFORMING AMENDMENTS.—

(A) Section 38(b), as amended by this Act, is amended by striking ''plus'' at the end of paragraph (31), by striking the period at the end of paragraph (32) and inserting ''plus'', and by adding at the end the following new paragraph:

''(33) the portion of the new qualified plug-in electric drive motor vehicle credit to which section 30D(d)(1) applies.''.

(B) Section 55(c)(3) is amended by inserting ''30D(d)(2),'' after ''30C(d)(2),''.

(C) Section 1016(a), as amended by this Act, is amended by striking ''and'' at the end of paragraph (35), by striking the period at the end of paragraph (36) and inserting '', and'', and by adding at the end the following new paragraph:

''(37) to the extent provided in section 30D(e)(4).''.

(D) Section 6501(m) is amended by inserting ''30D(e)(9)'' after ''30C(e)(5)''.

(E) The table of sections for subpart B of part IV of subchapter A of chapter 1 is amended by adding at the end the following new item:

''Sec. 30D. Plug-in electric drive motor vehicle credit.''.

(b) CONVERSION KITS.—

(1) IN GENERAL.—Section 30B (relating to alternative motor vehicle credit) is amended by redesignating subsections (i) and (j) as subsections (j) and (k), respectively, and by inserting after subsection (h) the following new subsection:

''(i) PLUG-IN CONVERSION CREDIT.—

''(1) IN GENERAL.—For purposes of subsection (a), the plug-in conversion credit determined under this subsection with respect to any motor vehicle which is converted to a qualified plug-in electric drive motor vehicle is an amount equal to 10 percent of the cost of the plug-in traction battery module installed in such vehicle as part of such conversion.

''(2) LIMITATIONS.—The amount of the credit allowed under this subsection shall not exceed $2,500 with respect to the conversion of any motor vehicle.

''(3) DEFINITIONS AND SPECIAL RULES.—For purposes of this subsection—

''(A) QUALIFIED PLUG-IN ELECTRIC DRIVE MOTOR VEHICLE.—The term 'qualified plug-in electric drive motor vehicle' means any new qualified plug-in electric drive motor vehicle (as defined in section 30D(c), determined without regard to paragraphs (4) and (6) thereof).

''(B) PLUG-IN TRACTION BATTERY MODULE.—The term 'plug-in traction battery module' means an electro-chemical energy storage device which—

''(i) has a traction battery capacity of not less than 2.5 kilowatt hours,

''(ii) is equipped with an electrical plug by means of which it can be energized and recharged when plugged into an external source of electric power,

''(iii) consists of a standardized configuration and is mass produced,

''(iv) has been tested and approved by the National Highway Transportation Safety Administration as compliant with applicable motor vehicle and motor vehicle equipment safety standards when installed by a mechanic with standardized training in protocols established by the battery manufacturer as part of a nationwide distribution program, and

''(v) is certified by a battery manufacturer as meeting the requirements of clauses (i) through (iv).

''(C) CREDIT ALLOWED TO LESSOR OF BATTERY MODULE.—In the case of a plug-in traction battery module which is leased to the taxpayer, the credit allowed under this subsection shall be allowed to the lessor of the plug-in traction battery module.

''(D) CREDIT ALLOWED IN ADDITION TO OTHER CREDITS.—The credit allowed under this subsection shall be allowed with respect to a motor vehicle notwithstanding whether a credit has been allowed with respect to such motor vehicle under this section (other than this subsection) in any preceding taxable year.

''(4) TERMINATION.—This subsection shall not apply to conversions made after December 31, 2009.''.

(2) CREDIT TREATED AS PART OF ALTERNATIVE MOTOR VEHICLE CREDIT.—Section 30B(a) is amended by striking ''and'' at the end of paragraph (3), by striking the period at the end of paragraph (4) and inserting '', and'', and by adding at the end the following new paragraph:

''(5) the plug-in conversion credit determined under subsection (i).''.

(3) NO RECAPTURE FOR VEHICLES CONVERTED TO QUALIFIED PLUG-IN ELECTRIC DRIVE MOTOR VEHICLES.—Paragraph (8) of section 30B(h) is amended by adding at the end the following: '', except that no benefit shall be recaptured if such property ceases to be eligible for such credit by reason of conversion to a qualified plug-in electric drive motor vehicle.''

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to property placed in service after December 31, 2007, in taxable years beginning after such date.

SEC. 843. EXCLUSION FROM HEAVY TRUCK TAX FOR IDLING REDUCTION UNITS AND ADVANCED INSULATION ADDED AFTER PURCHASE.

(a) IN GENERAL.—Section 4053 (relating to exemptions) is amended by adding at the end the following new paragraphs:

''(7) IDLING REDUCTION DEVICE.—Any device or system of devices which—

''(A) is designed to provide to a vehicle those services (such as heat, air conditioning, or electricity) that would otherwise require the operation of the main drive engine while the vehicle is temporarily parked or remains stationary using either—

''(i) an all electric unit, such as a battery powered unit or from grid-supplied electricity, or

''(ii) a dual fuel unit powered by diesel or other fuels, and capable of providing such

services from grid-supplied electricity or on-truck batteries alone, and

''(B) is certified by the Secretary of Energy, in consultation with the Administrator of the Environmental Protection Agency and the Secretary of Transportation, to reduce long-duration idling of such vehicle at a motor vehicle rest stop or other location where such vehicles are temporarily parked or remain stationary.

For purposes of subparagraph (B), the term 'long-duration idling' means the operation of a main drive engine, for a period greater than 15 consecutive minutes, where the main drive engine is not engaged in gear. Such term does not apply to routine stoppages associated with traffic movement or congestion.

''(8) ADVANCED INSULATION.—Any insulation that has an R value of not less than R35 per inch.''.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to sales or installations after December 31, 2007.

PART V—CONSERVATION AND ENERGY EFFICIENCY

SEC. 851. EXTENSION AND MODIFICATION OF NONBUSINESS ENERGY PROPERTY CREDIT.

(a) EXTENSION OF CREDIT.—Section 25C(g) (relating to termination) is amended by striking ''December 31, 2007'' and inserting ''December 31, 2009''.

(b) NATURAL GAS FIRED HEAT PUMPS.—Section 25C(d)(3) (relating to energy-efficient building property) is amended—

(1) by striking ''and'' at the end of subparagraph (D),

(2) by striking the period at the end of subparagraph (E) and inserting '', and'', and

(3) by adding at the end the following new subparagraph:

''(F) a natural gas fired heat pump with a heating coefficient of performance (COP) of at least 1.1.''.

(c) MODIFICATIONS OF STANDARDS FOR ENERGY-EFFICIENT BUILDING PROPERTY.—

(1) INCREASED LIMITATION FOR OIL FURNACES AND NATURAL GAS, PROPANE, AND OIL HOT WATER BOILERS.—

(A) IN GENERAL.—Subparagraphs (B) and (C) of section 25C(b)(3) are amended to read as follows:

''(B) $150 for any qualified natural gas furnace or qualified propane furnace, and

''(C) $300 for—

''(i) any item of energy-efficient building property, and

''(ii) any qualified oil furnace, qualified natural gas hot water boiler, qualified propane hot water boiler, or qualified oil hot water boiler.''.

(B) CONFORMING AMENDMENT.—Clause (ii) of section 25C(d)(2)(A) is amended to read as follows:

''(ii) any qualified natural gas furnace, qualified propane furnace, qualified oil furnace, qualified natural gas hot water boiler, qualified propane hot water boiler, or qualified oil hot water boiler, or''.

(2) ELECTRIC HEAT PUMPS.—Subparagraph (B) of section 25C(d)(3) is amended to read as follows:

''(B) an electric heat pump which achieves the highest efficiency tier established by the Consortium for Energy Efficiency, as in effect on January 1, 2008.''.

(3) WATER HEATERS.—Subparagraph (E) of section 25C(d)(3) is amended to read as follows:

''(E) a natural gas, propane, or oil water heater which has either an energy factor of at least 0.80 or a thermal efficiency of at least 90 percent.''.

(4) OIL FURNACES AND HOT WATER BOILERS.—Paragraph (4) of section 25C(d) is amended to read as follows:

''(4) QUALIFIED NATURAL GAS, PROPANE, AND OIL FURNACES AND HOT WATER BOILERS.—

''(A) QUALIFIED NATURAL GAS FURNACE.—The term 'qualified natural gas furnace' means any natural gas furnace which achieves an annual fuel utilization efficiency rate of not less than 95.

''(B) QUALIFIED NATURAL GAS HOT WATER BOILER.—The term 'qualified natural gas hot water boiler' means any natural gas hot water boiler which achieves an annual fuel utilization efficiency rate of not less than 90.

''(C) QUALIFIED PROPANE FURNACE.—The term 'qualified propane furnace' means any propane furnace which achieves an annual fuel utilization efficiency rate of not less than 95.

''(D) QUALIFIED PROPANE HOT WATER BOILER.—The term 'qualified propane hot water boiler' means any propane hot water boiler which achieves an annual fuel utilization efficiency rate of not less than 90.

''(E) QUALIFIED OIL FURNACES.—The term 'qualified oil furnace' means any oil furnace which achieves an annual fuel utilization efficiency rate of not less than 90.

''(F) QUALIFIED OIL HOT WATER BOILER.—The term 'qualified oil hot water boiler' means any oil hot water boiler which achieves an annual fuel utilization efficiency rate of not less than 90.''.

(d) EFFECTIVE DATE.—The amendments made this section shall apply to expenditures made after December 31, 2007.

SEC. 852. EXTENSION AND MODIFICATION OF NEW ENERGY EFFICIENT HOME CREDIT.

(a) EXTENSION OF CREDIT.—Subsection (g) of section 45L (relating to termination), as amended by section 205 of division A of the Tax Relief and Health Care Act of 2006, is amended by striking ''December 31, 2008'' and inserting ''December 31, 2011''.

(b) MODIFICATION.—

(1) IN GENERAL.—Subparagraph (B) of section 45L(a)(1) is amended to read as follows:

''(B)(i) acquired by a person from such eligible contractor and used by any person as a residence during the taxable year, or

''(ii) used by such eligible contractor as a residence during the taxable year.''.

(2) EFFECTIVE DATE.—The amendments made by this subsection shall apply to homes purchased after December 31, 2008.

SEC. 853. EXTENSION AND MODIFICATION OF ENERGY EFFICIENT COMMERCIAL BUILDINGS DEDUCTION.

(a) EXTENSION.—Section 179D(h) (relating to termination) is amended by striking ''December 31, 2008'' and inserting ''December 31, 2013''.

(b) ADJUSTMENT OF MAXIMUM DEDUCTION AMOUNT.—

(1) IN GENERAL.—Subparagraph (A) of section 179D(b)(1) (relating to maximum amount of deduction) is amended by striking ''$1.80'' and inserting ''$2.25''.

(2) PARTIAL ALLOWANCE.—Paragraph (1) of section 179D(d) is amended—

(A) by striking ''$.60'' and inserting ''$0.75'', and

(B) by striking ''$1.80'' and inserting ''$2.25''.

(c) EFFECTIVE DATE.—The amendments made by this section shall apply to property placed in service after the date of the enactment of this Act.

SEC. 854. MODIFICATIONS OF ENERGY EFFICIENT APPLIANCE CREDIT FOR APPLIANCES PRODUCED AFTER 2007.

(a) IN GENERAL.—Section 45M of the Internal Revenue Code of 1986 is amended to read as follows:

''SEC. 45M. ENERGY EFFICIENT APPLIANCE CREDIT.

''(a) GENERAL RULE.—

''(1) IN GENERAL.—For purposes of section 38, the energy efficient appliance credit determined under this section for any taxable year is an amount equal to the sum of the credit amounts determined under paragraph (2) for each type of qualified energy efficient appliance produced by the taxpayer during the calendar year ending with or within the taxable year.

''(2) CREDIT AMOUNTS.—The credit amount determined for any type of qualified energy efficient appliance is—

''(A) the applicable amount determined under subsection (b) with respect to such type, multiplied by

''(B) the eligible production for such type.

''(b) APPLICABLE AMOUNT.—For purposes of subsection (a)—

''(1) DISHWASHERS.—The applicable amount is $75 in the case of a residential model dishwasher which—

''(A) is manufactured in calendar year 2008, 2009, or 2010, and

''(B) uses not more than 307 kilowatt hours per year and 5.0 gallons per cycle (5.5 gallons for dishwashers designed for greater than 12 place settings).

''(2) CLOTHES WASHERS.—The applicable amount is—

''(A) $125 in the case of a residential model top-loading clothes washer which—

''(i) is manufactured in calendar year 2008 or 2009, and

''(ii) meets or exceeds a 1.8 MEF and does not exceed a 7.5 water consumption factor,

''(B) $150 in the case of a residential or commercial model clothes washer which—

''(i) is manufactured in calendar year 2008, 2009, or 2010, and

''(ii) meets or exceeds a 2.0 MEF and does not exceed a 6.0 water consumption factor, and

''(C) $250 in the case of a residential or commercial model clothes washer which—

''(i) is manufactured in calendar year 2008, 2009, or 2010, and

''(ii) meets or exceeds a 2.2 MEF and does not exceed a 4.5 water consumption factor.

''(3) REFRIGERATORS.—The applicable amount is—

''(A) $75 in the case of a residential model refrigerator which—

''(i) is manufactured in calendar year 2008 or 2009, and

''(ii) consumes at least 23 percent, but not more than 24.9 percent, fewer kilowatt hours per year than the 2001 energy conservation standards,

''(B) $100 in the case of a residential model refrigerator which—

''(i) is manufactured in calendar year 2008, 2009, or 2010, and

''(ii) consumes at least 25 percent, but not more than 29.9 percent, fewer kilowatt hours per year than the 2001 energy conservation standards, and

''(C) $200 in the case of a residential model refrigerator which—

''(i) is manufactured in calendar year 2008, 2009, or 2010, and

''(ii) consumes at least 30 percent fewer kilowatt hours per year than the 2001 energy conservation standards.

''(c) ELIGIBLE PRODUCTION.—The eligible production in a calendar year with respect to each type of qualified energy efficient appliance is the excess of—

''(1) the number of appliances of such type which are produced in the United States by the taxpayer during such calendar year, over

''(2) the average number of appliances of such type which were produced in the United

States by the taxpayer (or any predecessor) during the preceding 2-calendar year period.

''(d) TYPES OF QUALIFIED ENERGY EFFICIENT APPLIANCES.—For purposes of this section, the types of qualified energy efficient appliances are—

''(1) dishwashers described in subsection (b)(1),

''(2) clothes washers described in subsection (b)(2), and

''(3) refrigerators described in subsection (b)(3).

''(e) LIMITATIONS.—

''(1) AGGREGATE CREDIT AMOUNT ALLOWED.—Except as provided in paragraph (2), the aggregate amount of credit allowed under subsection (a) with respect to a taxpayer for any taxable year shall not exceed $75,000,000 reduced by the amount of the credit allowed under subsection (a) to the taxpayer (or any predecessor) for all prior taxable years beginning after December 31, 2007.

''(2) LIMITATION BASED ON GROSS RECEIPTS.—The credit allowed under subsection (a) with respect to a taxpayer for the taxable year shall not exceed an amount equal to 2 percent of the average annual gross receipts of the taxpayer for the 3 taxable years preceding the taxable year in which the credit is determined beginning after December 31, 2007.

''(3) GROSS RECEIPTS.—For purposes of this subsection, the rules of paragraphs (2) and (3) of section 448(c) shall apply.

''(f) DEFINITIONS.—For purposes of this section:

''(1) DISHWASHER.—The term 'dishwasher' means a dishwasher subject to the energy conservation standards established by the Department of Energy.

''(2) CLOTHES WASHER.—The term 'clothes washer' includes a clothes washer subject to the energy conservation standards established by the Department of Energy.

''(3) TOP-LOADING CLOTHES WASHER.—The term 'top-loading clothes washer' means a clothes washer with the clothes container compartment access located on the top of the machine.

''(4) REFRIGERATOR.—The term 'refrigerator' means an automatic defrost refrigerator-freezer which has an internal volume of at least 16.5 cubic feet.

''(5) GALLONS PER CYCLE.—The term 'gallons per cycle' means the amount of water, expressed in gallons, required to complete a normal cycle of a dishwasher.

''(6) MEF.—The term 'MEF' means the modified energy factor established by the Department of Energy for compliance with the Federal energy conservation standard.

''(7) WATER CONSUMPTION FACTOR.—The term 'water consumption factor' means the quotient of the total weighted per-cycle water consumption divided by the cubic foot capacity of the clothes washer.

''(8) 2001 ENERGY CONSERVATION STANDARD.—The term '2001 energy conservation standard' means the energy conservation standards promulgated by the Department of Energy and effective July 1, 2001.

''(g) SPECIAL RULES.—For purposes of this section:

''(1) IN GENERAL.—Rules similar to the rules of subsections (c), (d), and (e) of section 52 shall apply.

''(2) CONTROLLED GROUP.—

''(A) IN GENERAL.—All persons treated as a single employer under subsection (a) or (b) of section 52 or subsection (m) or (o) of section 414 shall be treated as a single producer.

''(B) INCLUSION OF FOREIGN CORPORATIONS.—For purposes of subparagraph (A), in applying subsections (a) and (b) of section 52 to this section, section 1563 shall be applied without regard to subsection (b)(2)(C) thereof.

''(3) VERIFICATION.—No amount shall be allowed as a credit under subsection (a) with respect to which the taxpayer has not submitted such information or certification as the Secretary, in consultation with the Secretary of Energy, determines necessary.''.

(b) EFFECTIVE DATE.—The amendments made by this section shall apply to appliances produced after December 31, 2007.

PART VI—ACCOUNTABILITY STUDIES

SEC. 861. COST-BENEFIT ANALYSIS OF POLLUTION REDUCTION AND SAVING IN IMPORTED OIL PER DOLLAR OF TAX BENEFIT.

(a) COST-BENEFIT ANALYSIS.—The Secretary of the Treasury shall undertake a cost-benefit analysis of those provisions of this Act that use tax incentives to reduce the use of imported oil and to reduce the emissions of carbon dioxide and harmful air pollutants.

(b) REPORT.—Not later than December 31 of the 2nd calendar year after the date of the enactment of this Act, the Secretary of the Treasury shall prepare and submit to the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives a report on the cost-benefit analysis conducted pursuant to subsection (a).

SEC. 862. EFFECT OF ENERGY RELATED TAX BENEFITS ON PRICES FOR CONSUMER GOODS.

(a) STUDY.—The Secretary of the Treasury shall undertake a study of the estimated effects on the price of consumer goods that may result from the enactment of the amendments to the Internal Revenue Code of 1986 made by this Act, including the effect on the price of foodstuffs, soaps, automobiles, motor fuels, and any other product for which the amendments made by this Act may be expected to significantly alter the supply and demand conditions of a consumer goods market.

(b) REPORT.—Not later than December 31 of the 2nd calendar year after the date of the enactment of this Act, the Secretary of the Treasury shall prepare and submit to the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives a report on the study conducted pursuant to subsection (a).

SEC. 863. STUDY ON TAX-CREDIT BONDS.

(a) STUDY.—The Secretary of the Treasury shall undertake a study of the use of tax-credit bonds as a means of subsidizing the borrowing costs of the beneficiaries of such financing. In addition to providing a general examination of the effectiveness of the tax-credit bonds described in paragraph (2) and of the Federal subsidy provided by tax-credit bonds relative to the subsidy provided by tax-exempt bonds, the study shall—

(1) examine the extent to which projects eligible for tax-credit bonds also receive other Federal tax benefits under present law,

(2) examine any market or administrative issues associated with present-law tax-credit bonds under sections 54 and 1397E of the Internal Revenue Code of 1986 and sections 54A and 54B of such Code, as added by this Act, including—

(A) the effect of the Department of the Treasury setting the credit rate,

(B) the Department's selection of projects eligible for financing,

(C) the potential for arbitrage earnings and the extent to which this may affect the level of subsidy,

(D) the lack of uniform rules for tax-credit bonds, and

(E) the direct issuance of tax-credit bonds by private parties, and

(3) discuss the changes to present-law that would be necessary to provide a tax-credit bond that delivers a subsidy comparable to that provided by tax-exempt bonds and reduces the market and administrative issues associated with present-law tax-credit bonds.

(b) REPORT.—Not later than December 31 of the 2nd calendar year after the date of the enactment of this Act, the Secretary of the Treasury shall prepare and submit to the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives a report on the results of the study conducted pursuant to subsection (a).

PART VII—OTHER PROVISIONS

Subpart A—Timber Provisions

SEC. 871. DEDUCTION FOR QUALIFIED TIMBER GAIN.

(a) IN GENERAL.—Part I of subchapter P of chapter 1 is amended by adding at the end the following new section:

''SEC. 1203. DEDUCTION FOR QUALIFIED TIMBER GAIN.

''(a) IN GENERAL.—In the case of a taxpayer which elects the application of this section for a taxable year, there shall be allowed a deduction against gross income in an amount equal to 60 percent of the lesser of—

''(1) the taxpayer's qualified timber gain for such year, or

''(2) the taxpayer's net capital gain for such year.

''(b) QUALIFIED TIMBER GAIN.—For purposes of this section, the term 'qualified timber gain' means, with respect to any taxpayer for any taxable year, the excess (if any) of—

''(1) the sum of the taxpayer's gains described in subsections (a) and (b) of section 631 for such year, over

''(2) the sum of the taxpayer's losses described in such subsections for such year.

''(c) SPECIAL RULES FOR PASS-THRU ENTITIES.—

''(1) In the case of any qualified timber gain of a pass-thru entity (as defined in section 1(h)(10)) other than a real estate investment trust, the election under this section shall be made separately by each taxpayer subject to tax on such gain.

''(2) In the case of any qualified timber gain of a real estate investment trust, the election under this section shall be made by the real estate investment trust.

''(d) TERMINATION.—

''(1) IN GENERAL.—This section shall not apply to any taxable year beginning after the date that is 1 year after the date of the enactment of this section.

''(2) TAXABLE YEARS WHICH INCLUDE DATE OF TERMINATION.—In the case of any taxable year which includes the date of the termination described in paragraph (1), for purposes of this section, the taxpayer's qualified timber gain shall not exceed the excess that would be described in subsection (b) if only dispositions of timber before such date were taken into account.''.

(b) COORDINATION WITH MAXIMUM CAPITAL GAINS RATES.—

(1) TAXPAYERS OTHER THAN CORPORATIONS.—Paragraph (2) of section 1(h) is amended to read as follows:

''(2) REDUCTION OF NET CAPITAL GAIN.—For purposes of this subsection, the net capital gain for any taxable year shall be reduced (but not below zero) by the sum of—

''(A) the amount which the taxpayer takes into account as investment income under section 163(d)(4)(B)(iii), and

''(B) in the case of a taxable year with respect to which an election is in effect under section 1203, the lesser of—

''(i) the amount described in paragraph (1) of section 1203(a), or

''(ii) the amount described in paragraph (2) of such section.''.

(2) CORPORATIONS.—Section 1201 is amended by redesignating subsection (b) as subsection (c) and inserting after subsection (a) the following new subsection:

''(b) QUALIFIED TIMBER GAIN NOT TAKEN INTO ACCOUNT.—For purposes of this section, in the case of a corporation with respect to which an election is in effect under section 1203, the net capital gain for any taxable year shall be reduced (but not below zero) by the corporation's qualified timber gain (as defined in section 1203(b)).''.

(c) DEDUCTION ALLOWED WHETHER OR NOT INDIVIDUAL ITEMIZES OTHER DEDUCTIONS.—Subsection (a) of section 62 is amended by inserting before the last sentence the following new paragraph:

''(22) QUALIFIED TIMBER GAINS.—The deduction allowed by section 1203.''.

(d) DEDUCTION ALLOWED IN COMPUTING ADJUSTED CURRENT EARNINGS.—Subparagraph (C) of section 56(g)(4) is amended by adding at the end the following new clause:

''(vii) DEDUCTION FOR QUALIFIED TIMBER GAIN.—Clause (i) shall not apply to any deduction allowed under section 1203.''.

(e) DEDUCTION ALLOWED IN COMPUTING TAXABLE INCOME OF ELECTING SMALL BUSINESS TRUSTS.—Subparagraph (C) of section 641(c)(2) is amended by inserting after clause (iii) the following new clause:

''(iv) The deduction allowed under section 1203.''.

(f) TREATMENT OF QUALIFIED TIMBER GAIN OF REAL ESTATE INVESTMENT TRUSTS.—Paragraph (3) of section 857(b) is amended by inserting after subparagraph (F) the following new subparagraph:

''(G) TREATMENT OF QUALIFIED TIMBER GAIN.—For purposes of this part, in the case of a real estate investment trust with respect to which an election is in effect under section 1203—

''(i) REDUCTION OF NET CAPITAL GAIN.—The net capital gain of the real estate investment trust for any taxable year shall be reduced (but not below zero) by the real estate investment trust's qualified timber gain (as defined in section 1203(b)).

''(ii) ADJUSTMENT TO SHAREHOLDER'S BASIS ATTRIBUTABLE TO DEDUCTION FOR QUALIFIED TIMBER GAINS.—

''(I) IN GENERAL.—The adjusted basis of shares in the hands of the shareholder shall be increased by the amount of the deduction allowable under section 1203(a) as provided in subclauses (II) and (III).

''(II) ALLOCATION OF BASIS INCREASE FOR DISTRIBUTIONS MADE DURING TAXABLE YEAR.—For any taxable year of a real estate investment trust for which an election is in effect under section 1203, in the case of a distribution made with respect to shares during such taxable year of amounts attributable to the deduction allowable under section 1203(a), the adjusted basis of such shares shall be increased by the amount of such distributions.

''(III) ALLOCATION OF EXCESS.—If the deduction allowable under section 1203(a) for a taxable year exceeds the amount of distributions described in subclause (II), the excess shall be allocated to every shareholder of the real estate investment trust at the close of the trust's taxable year in the same manner as if a distribution of such excess were made with respect to such shares.

''(IV) DESIGNATIONS.—To the extent provided in regulations, a real estate investment trust shall designate the amounts described in subclauses (II) and (III) in a manner similar to the designations provided with respect to capital gains described in subparagraphs (C) and (D).

''(V) DEFINITIONS.—As used in this subparagraph, the terms 'share' and 'shareholder' shall include beneficial interests and holders of beneficial interests, respectively.

''(iii) EARNINGS AND PROFITS DEDUCTION FOR QUALIFIED TIMBER GAINS.—The deduction allowable under section 1203(a) for a taxable year shall be allowed as a deduction in computing the earnings and profits of the real estate investment trust for such taxable year. The earnings and profits of any such shareholder which is a corporation shall be appropriately adjusted in accordance with regulations prescribed by the Secretary.''.

(g) LOSS ATTRIBUTABLE TO BASIS ADJUSTMENT FOR DEDUCTION FOR QUALIFIED TIMBER GAIN OF REAL ESTATE INVESTMENT TRUSTS.—

(1) Section 857(b)(8) is amended by redesignating subparagraphs (B) and (C) as subparagraphs (C) and (D), respectively, and by inserting after subparagraph (A) the following new subparagraph:

''(B) LOSS ATTRIBUTABLE TO BASIS ADJUSTMENT FOR DEDUCTION FOR QUALIFIED TIMBER GAIN.—If—

''(i) a shareholder of a real estate investment trust receives a basis adjustment provided under subsection (b)(3)(G)(ii), and

''(ii) the taxpayer has held such share or interest for 6 months or less,

then any loss on the sale or exchange of such share or interest shall, to the extent of the amount described in clause (i), be disallowed.''.

(2) Subparagraph (D) of section 857(b)(8), as redesignated by paragraph (1), is amended by striking ''subparagraph (A)'' and inserting ''subparagraphs (A) and (B)''.

(h) CONFORMING AMENDMENTS.—

(1) Subparagraph (B) of section 172(d)(2) is amended to read as follows:

''(B) the exclusion under section 1202, and the deduction under section 1203, shall not be allowed.''.

(2) Paragraph (4) of section 642(c) is amended by striking the first sentence and inserting ''To the extent that the amount otherwise allowable as a deduction under this subsection consists of gain described in section 1202(a) or qualified timber gain (as defined in section 1203(b)), proper adjustment shall be made for any exclusion allowable to the estate or trust under section 1202 and for any deduction allowable to the estate or trust under section 1203.''

(3) Paragraph (3) of section 643(a) is amended by striking the last sentence and inserting ''The exclusion under section 1202 and the deduction under section 1203 shall not be taken into account.''.

(4) Subparagraph (C) of section 643(a)(6) is amended to read as follows:

''(C) Paragraph (3) shall not apply to a foreign trust. In the case of such a trust—

''(i) there shall be included gains from the sale or exchange of capital assets, reduced by losses from such sales or exchanges to the extent such losses do not exceed gains from such sales or exchanges, and

''(ii) the deduction under section 1203 shall not be taken into account.''.

(5) Paragraph (4) of section 691(c) is amended by inserting ''1203,'' after ''1202,''.

(6) Paragraph (2) of section 871(a) is amended by inserting ''or 1203,'' after ''1202,''.

(7) The table of sections for part I of subchapter P of chapter 1 is amended by adding at the end the following new item:

''Sec. 1203. Deduction for qualified timber gain.''.

(i) EFFECTIVE DATE.—

(1) IN GENERAL.—The amendments made by this section shall apply to taxable years ending after the date of the enactment of this Act.

(2) TAXABLE YEARS WHICH INCLUDE DATE OF ENACTMENT.—In the case of any taxable year which includes the date of the enactment of this Act, for purposes of the Internal Revenue Code of 1986, the taxpayer's qualified timber gain shall not exceed the excess that would be described in section 1203(b) of such Code, as added by this section, if only dispositions of timber after such date were taken into account.

SEC. 872. EXCISE TAX NOT APPLICABLE TO SECTION 1203 DEDUCTION OF REAL ESTATE INVESTMENT TRUSTS.

(a) IN GENERAL.—Subparagraph (B) of section 4981(b)(1) is amended to read as follows:

''(B) 95 percent of the real estate investment trust's capital gain net income, without regard to any reduction that would be applied for purposes of section 857(b)(3)(G)(i).''.

(b) EFFECTIVE DATE.—

(1) IN GENERAL.—The amendment made by this section shall apply to taxable years ending after the date of the enactment of this Act.

(2) TAXABLE YEARS WHICH INCLUDE DATE OF ENACTMENT.—In the case of any taxable year which includes the date of the enactment of this Act, for purposes of the Internal Revenue Code of 1986, the taxpayer's qualified timber gain shall not exceed the excess that would be described in section 1203(b) of such Code, as added by this Act, if only dispositions of timber after such date were taken into account.

SEC. 873. TIMBER REIT MODERNIZATION.

(a) IN GENERAL.—Section 856(c)(5) is amended by adding after subparagraph (G) the following new subparagraph:

''(H) TREATMENT OF TIMBER GAINS.—

''(i) IN GENERAL.—Gain from the sale of real property described in paragraph (2)(D) and (3)(C) shall include gain which is—

''(I) recognized by an election under section 631(a) from timber owned by the real estate investment trust, the cutting of which is provided by a taxable REIT subsidiary of the real estate investment trust;

''(II) recognized under section 631(b); or

''(III) income which would constitute gain under subclause (I) or (II) but for the failure to meet the 1-year holding period requirement.

''(ii) SPECIAL RULES.—

''(I) For purposes of this subtitle, cut timber, the gain of which is recognized by a real estate investment trust pursuant to an election under section 631(a) described in clause (i)(I) or so much of clause (i)(III) as relates to clause (i)(I), shall be deemed to be sold to the taxable REIT subsidiary of the real estate investment trust on the first day of the taxable year.

''(II) For purposes of this subtitle, income described in this subparagraph shall not be treated as gain from the sale of property described in section 1221(a)(1).

''(iii) TERMINATION.—

''(I) IN GENERAL.—This subparagraph shall not apply to dispositions on or after the termination date.

''(II) TERMINATION DATE.—For purposes of this subsection, the termination date is the date that is 1 year after the date of the enactment of this subparagraph.''.

(b) EFFECTIVE DATE.—The amendments made by this section shall apply to dispositions after the date of the enactment of this Act.

SEC. 874. MINERAL ROYALTY INCOME QUALIFYING INCOME FOR TIMBER REITS.

(a) IN GENERAL.—Section 856(c)(2) is amended by striking ''and'' at the end of subparagraph (G), by inserting ''and'' at the end of subparagraph (H), and by adding after subparagraph (H) the following new subparagraph:

''(I) mineral royalty income earned before the termination date, from real property owned by a timber real estate investment trust held, or once held, in connection with the trade or business of producing timber by such real estate investment trust;''.

(b) TIMBER REAL ESTATE INVESTMENT TRUST.—Section 856(c)(5), as amended by this Act, is amended by adding after subparagraph (H) the following new subparagraph:

''(I) TIMBER REAL ESTATE INVESTMENT TRUST.—The term 'timber real estate investment trust' means a real estate investment trust in which more than 50 percent in value of its total assets consists of real property held in connection with the trade or business of producing timber.''.

(c) EFFECTIVE DATES.—

(1) SUBSECTION (a).—The amendment made by subsection (a) shall apply to income earned after the date of the enactment of this Act.

(2) SUBSECTION (b).—The amendments made by subsection (b) shall apply to taxable years ending after the date of the enactment of this Act.

SEC. 875. MODIFICATION OF TAXABLE REIT SUBSIDIARY ASSET TEST FOR TIMBER REITS.

(a) IN GENERAL.—Section 856(c)(4)(B)(ii) is amended by inserting ''(in the case of a quarter which closes before the termination date, 25 percent in the case of a timber real estate investment trust)'' after ''not more than 20 percent of the value of its total assets is represented by securities of one or more taxable REIT subsidiaries''.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to quarters closing after the date of the enactment of this Act.

SEC. 876. SAFE HARBOR FOR TIMBER PROPERTY.

(a) IN GENERAL.—Section 857(b)(6) (relating to income from prohibited transactions) is amended by adding at the end the following new subparagraph:

''(G) SPECIAL RULES FOR SALES TO QUALIFIED ORGANIZATIONS.—

''(i) IN GENERAL.—In the case of sale of a real estate asset (as defined in section 856(c)(5)(B)) to a qualified organization (as defined in section 170(h)(3)) exclusively for conservation purposes (within the meaning of section 170(h)(1)(C)), subparagraph (D) shall be applied—

''(I) by substituting '2 years' for '4 years' in clause (i), and

''(II) by substituting '2-year period' for '4-year period' in clauses (ii) and (iii).

''(ii) TERMINATION.—This subparagraph shall not apply to sales on or after the termination date.''.

(b) PROHIBITED TRANSACTIONS.—Section 857(b)(6)(D)(v) is amended by inserting ''or, in the case of a sale before the termination date, a taxable REIT subsidiary'' after ''independent contractor (as defined in section 856(d)(3)) from whom the trust itself does not derive or receive any income''.

(c) SALES THAT ARE NOT PROHIBITED TRANSACTIONS.—Section 857(b)(6), as amended by subsection (a), is amended by adding at the end the following new subparagraph:

''(H) SALES OF PROPERTY THAT ARE NOT A PROHIBITED TRANSACTION.—In the case of a sale before the termination date, the sale of property which is not a prohibited transaction through application of subparagraph (D) shall be considered property held for investment or for use in a trade or business and not property described in section 1221(a)(1) for all purposes of this subtitle.''.

(d) TERMINATION DATE.—Section 857(b)(6), as amended by subsections (a) and (c), is amended by adding at the end the following new subparagraph:

''(I) TERMINATION DATE.—For purposes of this paragraph, the termination date is the date that is 1 year after the date of the enactment of this subparagraph.''.

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to dispositions after the date of the enactment of this Act.

Subpart B—Miscellaneous

SEC. 877. SPECIAL RULES FOR REFUND OF THE COAL EXCISE TAX TO CERTAIN COAL PRODUCERS AND EXPORTERS.

(a) REFUND.—

(1) COAL PRODUCERS.—

(A) IN GENERAL.—Notwithstanding subsections (a)(1) and (c) of section 6416 and section 6511 of the Internal Revenue Code of 1986, if—

(i) a coal producer establishes that such coal producer, or a party related to such coal producer, exported coal produced by such coal producer to a foreign country or shipped coal produced by such coal producer to a possession of the United States, the export or shipment of which was other than through an exporter who has filed a claim for a refund under paragraph (2),

(ii) such coal producer filed a return on or after October 1, 1990, and on or before the date of the enactment of this Act, and

(iii) such coal producer files a claim for refund not later than the close of the 30-day period beginning on the date of the enactment of this Act,

then the Secretary of the Treasury shall pay to such coal producer an amount equal to the tax paid under section 4121 of such Code on such coal exported by the coal producer or a party related to such coal producer.

(B) SPECIAL RULES FOR CERTAIN TAXPAYERS.—For purposes of this section—

(i) ESTABLISHMENT OF EXPORT.—If a coal producer or a party related to a coal producer has received a judgment described in clause (iii), such coal producer shall be deemed to have established the export of coal to a foreign country or shipment of coal to a possession of the United States under subparagraph (A)(i).

(ii) AMOUNT OF PAYMENT.—If a taxpayer described in clause (i) is entitled to a payment under subparagraph (A), the amount of such payment shall be reduced by any amount awarded under the judgment described in clause (iii).

(iii) JUDGMENT DESCRIBED.—A judgment is described in this subparagraph if such judgment—

(I) is made by a court of competent jurisdiction within the United States,

(II) relates to the constitutionality of any tax paid on exported coal under section 4121 of the Internal Revenue Code of 1986, and

(III) is in favor of the coal producer or the party related to the coal producer.

(iv) RECAPTURE.—In the case any judgment described in clause (iii) is overturned, the coal producer shall pay to the Secretary the amount of any payment received under subparagraph (A) unless the coal producer establishes the export of the coal to a foreign country or shipment of coal to a possession of the United States.

(2) EXPORTERS.—Notwithstanding subsections (a)(1) and (c) of section 6416 and section 6511 of the Internal Revenue Code of 1986, and a judgment described in paragraph (1)(B)(iii) of this subsection, if—

(A) an exporter establishes that such exporter exported coal to a foreign country or shipped coal to a possession of the United States, or caused such coal to be so exported or shipped,

(B) such exporter filed a return on or after October 1, 1990, and on or before the date of the enactment of this Act, and

(C) such exporter files a claim for refund not later than the close of the 30-day period beginning on the date of the enactment of this Act,

then the Secretary of the Treasury shall pay to such exporter an amount equal to $0.825 per ton of such coal exported by the exporter or caused to be exported by the exporter.

(b) LIMITATIONS.—Subsection (a) shall not apply with respect to exported coal if a credit or refund of tax imposed by section 4121 of such Code on such coal has been allowed or made to, or if a settlement with the Federal Government has been made with and accepted by, the coal producer, a party related to such coal producer, or the exporter, of such coal, as of the date that the claim is filed under this section with respect to such exported coal. For purposes of this subsection, the term ''settlement with the Federal Government'' shall not include any settlement or stipulation entered into as of the date of the enactment of this Act, the terms of which contemplate a judgment concerning which any party has reserved the right to file an appeal, or has filed an appeal.

(c) SUBSEQUENT REFUND PROHIBITED.—No refund shall be made under this section to the extent that a credit or refund of such tax on such exported coal has been paid to any person.

(d) DEFINITIONS.—For purposes of this section—

(1) COAL PRODUCER.—The term ''coal producer'' means the person in whom is vested ownership of the coal immediately after the coal is severed from the ground, without regard to the existence of any contractual arrangement for the sale or other disposition of the coal or the payment of any royalties between the producer and third parties. The term includes any person who extracts coal from coal waste refuse piles or from the silt waste product which results from the wet washing (or similar processing) of coal.

(2) EXPORTER.—The term ''exporter'' means a person, other than a coal producer, who does not have a contract, fee arrangement, or any other agreement with a producer or seller of such coal to sell or export such coal to a third party on behalf of the producer or seller of such coal and—

(A) is indicated in the shipper's export declaration or other documentation as the exporter of record, or

(B) actually exported such coal to a foreign country or shipped such coal to a possession of the United States, or caused such coal to be so exported or shipped.

(3) RELATED PARTY.—The term ''a party related to such coal producer'' means a person who—

(A) is related to such coal producer through any degree of common management, stock ownership, or voting control,

(B) is related (within the meaning of section 144(a)(3) of such Code) to such coal producer, or

(C) has a contract, fee arrangement, or any other agreement with such coal producer to sell such coal to a third party on behalf of such coal producer.

(e) TIMING OF REFUND.—With respect to any claim for refund filed pursuant to this section, the Secretary of the Treasury shall determine whether the requirements of this section are met not later than 180 days after such claim is filed. If the Secretary determines that the requirements of this section are met, the claim for refund shall be paid not later than 180 days after the Secretary makes such determination.

(f) INTEREST.—Any refund paid pursuant to this section shall be paid by the Secretary of the Treasury with interest from the date of overpayment determined by using the overpayment rate and method under section 6621 of such Code.

(g) DENIAL OF DOUBLE BENEFIT.—The payment under subsection (a) with respect to any coal shall not exceed—

(1) in the case of a payment to a coal producer, the amount of tax paid under section 4121 of the Internal Revenue Code of 1986 with respect to such coal by such coal producer or a party related to such coal producer, and

(2) in the case of a payment to an exporter, an amount equal to $0.825 per ton with respect to such coal exported by the exporter or caused to be exported by the exporter.

(h) APPLICATION OF SECTION.—This section applies only to claims on coal exported on or after October 1, 1990, through the date of the enactment of this Act.

(i) STANDING NOT CONFERRED.—

(1) EXPORTERS.—With respect to exporters, this section shall not confer standing upon an exporter to commence, or intervene in, any judicial or administrative proceeding concerning a claim for refund by a coal producer of any Federal or State tax, fee, or royalty paid by the coal producer.

(2) COAL PRODUCERS.—With respect to coal producers, this section shall not confer standing upon a coal producer to commence, or intervene in, any judicial or administrative proceeding concerning a claim for refund by an exporter of any Federal or State tax, fee, or royalty paid by the producer and alleged to have been passed on to an exporter.

SEC. 878. CREDIT TO HOLDERS OF RURAL RENAISSANCE BONDS.

(a) IN GENERAL.—Subpart H of part IV of subchapter A of chapter 1 (relating to credits against tax), as amended by this Act, is amended by adding at the end the following new section:

"SEC. 54B. CREDIT TO HOLDERS OF RURAL RENAISSANCE BONDS.

''(a) ALLOWANCE OF CREDIT.—In the case of a taxpayer who holds a rural renaissance bond on 1 or more credit allowance dates of the bond occurring during any taxable year, there shall be allowed as a credit against the tax imposed by this chapter for the taxable year an amount equal to the sum of the credits determined under subsection (b) with respect to such dates.

''(b) AMOUNT OF CREDIT.—

''(1) IN GENERAL.—The amount of the credit determined under this subsection with respect to any credit allowance date for a rural renaissance bond is 25 percent of the annual credit determined with respect to such bond.

''(2) ANNUAL CREDIT.—The annual credit determined with respect to any rural renaissance bond is the product of—

''(A) the credit rate determined by the Secretary under paragraph (3) for the day on which such bond was sold, multiplied by

''(B) the outstanding face amount of the bond.

''(3) DETERMINATION.—For purposes of paragraph (2), with respect to any rural renaissance bond, the Secretary shall determine daily or caused to be determined daily a credit rate which shall apply to the first day on which there is a binding, written contract for the sale or exchange of the bond. The credit rate for any day is the credit rate which the Secretary or the Secretary's designee estimates will permit the issuance of rural renaissance bonds with a specified maturity or redemption date without discount and without interest cost to the qualified issuer.

''(4) CREDIT ALLOWANCE DATE.—For purposes of this section, the term 'credit allowance date' means—

''(A) March 15,

''(B) June 15,

''(C) September 15, and

''(D) December 15.

Such term also includes the last day on which the bond is outstanding.

''(5) SPECIAL RULE FOR ISSUANCE AND REDEMPTION.—In the case of a bond which is issued during the 3-month period ending on a credit allowance date, the amount of the credit determined under this subsection with respect to such credit allowance date shall be a ratable portion of the credit otherwise determined based on the portion of the 3-month period during which the bond is outstanding. A similar rule shall apply when the bond is redeemed or matures.

''(c) LIMITATION BASED ON AMOUNT OF TAX.—The credit allowed under subsection (a) for any taxable year shall not exceed the excess of—

''(1) the sum of the regular tax liability (as defined in section 26(b)) plus the tax imposed by section 55, over

''(2) the sum of the credits allowable under this part (other than subpart C, section 1400N(l), and this section).

''(d) RURAL RENAISSANCE BOND.—For purposes of this section—

''(1) IN GENERAL.—The term 'rural renaissance bond' means any bond issued as part of an issue if—

''(A) the bond is issued by a qualified issuer pursuant to an allocation by the Secretary to such issuer of a portion of the national rural renaissance bond limitation under subsection (f)(2),

''(B) 95 percent or more of the proceeds from the sale of such issue are to be used for capital expenditures incurred by qualified borrowers for 1 or more qualified projects,

''(C) the qualified issuer designates such bond for purposes of this section and the bond is in registered form,

''(D) the issue meets the requirements of subsection (h), and

''(E) such bond is not a federally guaranteed bond (within the meaning of section 149(b)(2)).

''(2) QUALIFIED PROJECT; SPECIAL USE RULES.—

''(A) IN GENERAL.—The term 'qualified project' means 1 or more projects described in subparagraph (B) located in a rural area.

''(B) PROJECTS DESCRIBED.—A project described in this subparagraph is a project eligible for assistance under—

''(i) the utilities programs described in section 381E(d)(2) of the Consolidated Farm and Rural Development Act (7 U.S.C. 2009d(d)(2)),

''(ii) the distance learning or telemedicine programs authorized pursuant to chapter 1 of subtitle D of title XXIII of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 950aaa et seq.),

''(iii) the rural electric programs authorized pursuant to the Rural Electrification Act of 1936 (7 U.S.C. 901 et seq.),

''(iv) the rural telephone programs authorized pursuant to the Rural Electrification Act of 1936 (7 U.S.C. 901 et seq.),

''(v) the broadband access programs authorized pursuant to title VI of the Rural Electrification Act of 1936 (7 U.S.C. 950bb et seq.), and

''(vi) the rural community facility programs as described in section 381E(d)(1) of the Consolidated Farm and Rural Development Act (7 U.S.C. 2009d(d)(1)).

''(C) REFINANCING RULES.—For purposes of paragraph (1)(B), a qualified project may be refinanced with proceeds of a rural renaissance bond only if the indebtedness being refinanced (including any obligation directly or indirectly refinanced by such indebtedness) was originally incurred by a qualified borrower after the date of the enactment of this section.

''(D) REIMBURSEMENT.—For purposes of paragraph (1)(B), a rural renaissance bond may be issued to reimburse a qualified borrower for amounts paid after the date of the enactment of this section with respect to a qualified project, but only if—

''(i) prior to the payment of the original expenditure, the qualified borrower declared its intent to reimburse such expenditure with the proceeds of a rural renaissance bond,

''(ii) not later than 60 days after payment of the original expenditure, the qualified issuer adopts an official intent to reimburse the original expenditure with such proceeds, and

''(iii) the reimbursement is made not later than 18 months after the date the original expenditure is paid.

''(E) TREATMENT OF CHANGES IN USE.—For purposes of paragraph (1)(B), the proceeds of an issue shall not be treated as used for a qualified project to the extent that a qualified borrower or qualified issuer takes any action within its control which causes such proceeds not to be used for a qualified project. The Secretary shall prescribe regulations specifying remedial actions that may be taken (including conditions to taking such remedial actions) to prevent an action described in the preceding sentence from causing a bond to fail to be a rural renaissance bond.

''(F) TREATMENT OF OTHER SUBSIDIES.—For purposes of subparagraph (B), a qualified project does not include any portion of a project financed by grants or subsidized financing provided (directly or indirectly) under a Federal program, including any State or local obligation used to provide financing for such portion the interest on which is exempt from tax under section 103.

''(e) MATURITY LIMITATIONS.—

''(1) DURATION OF TERM.—A bond shall not be treated as a rural renaissance bond if the maturity of such bond exceeds the maximum term determined by the Secretary under paragraph (2) with respect to such bond.

''(2) MAXIMUM TERM.—During each calendar month, the Secretary shall determine the maximum term permitted under this paragraph for bonds issued during the following calendar month. Such maximum term shall be the term which the Secretary estimates will result in the present value of the obligation to repay the principal on the bond being equal to 50 percent of the face amount of such bond. Such present value shall be determined without regard to the requirements of paragraph (3) and using as a discount rate the average annual interest rate of tax-exempt obligations having a term of 10 years or more which are issued during the month. If the term as so determined is not a multiple

of a whole year, such term shall be rounded to the next highest whole year.

''(3) RATABLE PRINCIPAL AMORTIZATION REQUIRED.—A bond shall not be treated as a rural renaissance bond unless it is part of an issue which provides for an equal amount of principal to be paid by the qualified issuer during each calendar year that the issue is outstanding.

''(f) LIMITATION ON AMOUNT OF BONDS DESIGNATED.—

''(1) NATIONAL LIMITATION.—There is a national rural renaissance bond limitation of $400,000,000.

''(2) ALLOCATION BY SECRETARY.—

''(A) IN GENERAL.—In accordance with subparagraph (B), the Secretary shall allocate the amount described in paragraph (1) among at least 20 qualified projects, or such lesser number of qualified projects with proper applications filed after 12 months after the adoption of the selection process under subparagraph (B).

''(B) SELECTION PROCESS.—In consultation with the Secretary of Agriculture, the Secretary shall adopt a process to select projects described in subparagraph (A). Under such process, the Secretary shall not allocate more than 15 percent of the allocation under subparagraph (A) to qualified projects within a single State.

''(g) CREDIT INCLUDED IN GROSS INCOME.—Gross income includes the amount of the credit allowed to the taxpayer under this section (determined without regard to subsection (c)) and the amount so included shall be treated as interest income.

''(h) SPECIAL RULES RELATING TO EXPENDITURES.—

''(1) IN GENERAL.—An issue shall be treated as meeting the requirements of this subsection if, as of the date of issuance, the qualified issuer reasonably expects—

''(A) at least 95 percent of the proceeds from the sale of the issue are to be spent for 1 or more qualified projects within the 5-year period beginning on the date of issuance of the rural renaissance bond,

''(B) a binding commitment with a third party to spend at least 10 percent of the proceeds from the sale of the issue will be incurred within the 6-month period beginning on the date of issuance of the rural renaissance bond or, in the case of a rural renaissance bond the proceeds of which are to be loaned to 2 or more qualified borrowers, such binding commitment will be incurred within the 6-month period beginning on the date of the loan of such proceeds to a qualified borrower, and

''(C) such projects will be completed with due diligence and the proceeds from the sale of the issue will be spent with due diligence.

''(2) EXTENSION OF PERIOD.—Upon submission of a request prior to the expiration of the period described in paragraph (1)(A), the Secretary may extend such period if the qualified issuer establishes that the failure to satisfy the 5-year requirement is due to reasonable cause and the related projects will continue to proceed with due diligence.

''(3) FAILURE TO SPEND REQUIRED AMOUNT OF BOND PROCEEDS WITHIN 5 YEARS.—To the extent that less than 95 percent of the proceeds of such issue are expended by the close of the 5-year period beginning on the date of issuance (or if an extension has been obtained under paragraph (2), by the close of the extended period), the qualified issuer shall redeem all of the nonqualified bonds within 90 days after the end of such period. For purposes of this paragraph, the amount of the nonqualified bonds required to be redeemed shall be determined in the same manner as under section 142.

''(i) SPECIAL RULES RELATING TO ARBITRAGE.—A bond which is part of an issue shall not be treated as a rural renaissance bond unless, with respect to the issue of which the bond is a part, the qualified issuer satisfies the arbitrage requirements of section 148 with respect to proceeds of the issue.

''(j) DEFINITIONS AND SPECIAL RULES RELATING TO ISSUERS AND BORROWERS.—For purposes of this section—

''(1) QUALIFIED ISSUER.—The term 'qualified issuer' means—

''(A) a rural renaissance bond lender,

''(B) a cooperative electric company, or

''(C) a governmental body.

''(2) QUALIFIED BORROWER.—The term 'qualified borrower' means—

''(A) a mutual or cooperative electric company described in section 501(c)(12) or 1381(a)(2)(C), or

''(B) a governmental body.

''(3) RURAL RENAISSANCE BOND LENDER.—The term 'rural renaissance bond lender' means a lender which is a cooperative which is owned by, or has outstanding loans to, 100 or more cooperative electric companies and is in existence on February 1, 2002, and shall include any affiliated entity which is controlled by such lender.

''(4) COOPERATIVE ELECTRIC COMPANY.—The term 'cooperative electric company' means a mutual or cooperative electric company described in section 501(c)(12) or section 1381(a)(2)(C), or a not-for-profit electric utility which has received a loan or loan guarantee under the Rural Electrification Act.

''(5) GOVERNMENTAL BODY.—The term 'governmental body' means any State, territory, possession of the United States, the District of Columbia, Indian tribal government, and any political subdivision thereof.

''(k) SPECIAL RULES RELATING TO POOL BONDS.—No portion of a pooled financing bond may be allocable to loan unless the borrower has entered into a written loan commitment for such portion prior to the issue date of such issue.

''(l) OTHER DEFINITIONS AND SPECIAL RULES.—For purposes of this section—

''(1) BOND.—The term 'bond' includes any obligation.

''(2) POOLED FINANCING BOND.—The term 'pooled financing bond' shall have the meaning given such term by section 149(f)(4)(A).

''(3) RURAL AREA.—The term 'rural area' shall have the meaning given such term by section 1393(a)(2).

''(4) PARTNERSHIP; S CORPORATION; AND OTHER PASS-THRU ENTITIES.—

''(A) IN GENERAL.—Under regulations prescribed by the Secretary, in the case of a partnership, trust, S corporation, or other pass-thru entity, rules similar to the rules of section 41(g) shall apply with respect to the credit allowable under subsection (a).

''(B) NO BASIS ADJUSTMENT.—In the case of a bond held by a partnership or an S corporation, rules similar to the rules under section 1397E(i) shall apply.

''(5) BONDS HELD BY REGULATED INVESTMENT COMPANIES.—If any rural renaissance bond is held by a regulated investment company, the credit determined under subsection (a) shall be allowed to shareholders of such company under procedures prescribed by the Secretary.

''(6) REPORTING.—Issuers of rural renaissance bonds shall submit reports similar to the reports required under section 149(e).

''(7) TERMINATION.—This section shall not apply with respect to any bond issued after December 31, 2008.''.

(b) REPORTING.—Subsection (d) of section 6049 (relating to returns regarding payments of interest), as amended by this Act, is amended by adding at the end the following new paragraph:

''(10) REPORTING OF CREDIT ON RURAL RENAISSANCE BONDS.—

''(A) IN GENERAL.—For purposes of subsection (a), the term 'interest' includes amounts includible in gross income under section 54B(g) and such amounts shall be treated as paid on the credit allowance date (as defined in section 54B(b)(4)).

''(B) REPORTING TO CORPORATIONS, ETC.—Except as otherwise provided in regulations, in the case of any interest described in subparagraph (A), subsection (b)(4) shall be applied without regard to subparagraphs (A), (H), (I), (J), (K), and (L)(i) of such subsection.

''(C) REGULATORY AUTHORITY.—The Secretary may prescribe such regulations as are necessary or appropriate to carry out the purposes of this paragraph, including regulations which require more frequent or more detailed reporting.''.

(c) CONFORMING AMENDMENTS.—

(1) The table of sections for subpart H of part IV of subchapter A of chapter 1, as amended by this Act, is amended by adding at the end the following new item:

''Sec. 54B. Credit to holders of rural renaissance bonds.''.

(2) Section 54(c)(2), as amended by this Act, is amended by inserting ''section 54B,'' after ''section 54A,''.

(3) Section 54A(c)(2), as added by this Act, is amended by inserting ''section 54B,'' after ''subpart C,''.

(d) ISSUANCE OF REGULATIONS.—The Secretary of Treasury shall issue regulations required under section 54B of the Internal Revenue Code of 1986 (as added by this section) not later than 120 days after the date of the enactment of this Act.

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to bonds issued after the date of the enactment of this Act.

Subtitle B—Revenue Raising Provisions

SEC. 881. DENIAL OF DEDUCTION FOR MAJOR INTEGRATED OIL COMPANIES FOR INCOME ATTRIBUTABLE TO DOMESTIC PRODUCTION OF OIL, NATURAL GAS, OR PRIMARY PRODUCTS THEREOF.

(a) IN GENERAL.—Subparagraph (B) of section 199(c)(4) of the Internal Revenue Code of 1986 (relating to exceptions) is amended by striking ''or'' at the end of clause (ii), by striking the period at the end of clause (iii) and inserting '', or'', and by inserting after clause (iii) the following new clause:

''(iv) in the case of any major integrated oil company (as defined in section 167(h)(5)(B)), the production, refining, processing, transportation, or distribution of oil, natural gas, or any primary product thereof during any taxable year described in section 167(h)(5)(B).''.

(b) PRIMARY PRODUCT.—Section 199(c)(4)(B) of such Code is amended by adding at the end the following flush sentence:

''For purposes of clause (iv), the term 'primary product' has the same meaning as when used in section 927(a)(2)(C), as in effect before its repeal.''.

(c) CONFORMING AMENDMENTS.—Section 199(c)(4) of such Code is amended—

(1) in subparagraph (A)(i)(III) by striking ''electricity, natural gas,'' and inserting ''electricity'', and

(2) in subparagraph (B)(ii) by striking ''electricity, natural gas,'' and inserting ''electricity''.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after December 31, 2007.

SEC. 882. ELIMINATION OF THE DIFFERENT TREATMENT OF FOREIGN OIL AND GAS EXTRACTION INCOME AND FOREIGN OIL RELATED INCOME FOR PURPOSES OF THE FOREIGN TAX CREDIT.

(a) IN GENERAL.—Subsections (a) and (b) of section 907 (relating to special rules in case of foreign oil and gas income) are amended to read as follows:

''(a) REDUCTION IN AMOUNT ALLOWED AS FOREIGN TAX UNDER SECTION 901.—In applying section 901, the amount of any foreign oil and gas taxes paid or accrued (or deemed to have been paid) during the taxable year which would (but for this subsection) be taken into account for purposes of section 901 shall be reduced by the amount (if any) by which the amount of such taxes exceeds the product of—

''(1) the amount of the combined foreign oil and gas income for the taxable year,

''(2) multiplied by—

''(A) in the case of a corporation, the percentage which is equal to the highest rate of tax specified under section 11(b), or

''(B) in the case of an individual, a fraction the numerator of which is the tax against which the credit under section 901(a) is taken and the denominator of which is the taxpayer's entire taxable income.

''(b) COMBINED FOREIGN OIL AND GAS INCOME; FOREIGN OIL AND GAS TAXES.—For purposes of this section—

''(1) COMBINED FOREIGN OIL AND GAS INCOME.—The term 'combined foreign oil and gas income' means, with respect to any taxable year, the sum of—

''(A) foreign oil and gas extraction income, and

''(B) foreign oil related income.

''(2) FOREIGN OIL AND GAS TAXES.—The term 'foreign oil and gas taxes' means, with respect to any taxable year, the sum of—

''(A) oil and gas extraction taxes, and

''(B) any income, war profits, and excess profits taxes paid or accrued (or deemed to have been paid or accrued under section 902 or 960) during the taxable year with respect to foreign oil related income (determined without regard to subsection (c)(4)) or loss which would be taken into account for purposes of section 901 without regard to this section.''.

(b) RECAPTURE OF FOREIGN OIL AND GAS LOSSES.—Paragraph (4) of section 907(c) (relating to recapture of foreign oil and gas extraction losses by recharacterizing later extraction income) is amended to read as follows:

''(4) RECAPTURE OF FOREIGN OIL AND GAS LOSSES BY RECHARACTERIZING LATER COMBINED FOREIGN OIL AND GAS INCOME.—

''(A) IN GENERAL.—The combined foreign oil and gas income of a taxpayer for a taxable year (determined without regard to this paragraph) shall be reduced—

''(i) first by the amount determined under subparagraph (B), and

''(ii) then by the amount determined under subparagraph (C).

The aggregate amount of such reductions shall be treated as income (from sources without the United States) which is not combined foreign oil and gas income.

''(B) REDUCTION FOR PRE-2008 FOREIGN OIL EXTRACTION LOSSES.—The reduction under this paragraph shall be equal to the lesser of—

''(i) the foreign oil and gas extraction income of the taxpayer for the taxable year (determined without regard to this paragraph), or

''(ii) the excess of—

''(I) the aggregate amount of foreign oil extraction losses for preceding taxable years beginning after December 31, 1982, and before January 1, 2008, over

''(II) so much of such aggregate amount as was recharacterized under this paragraph (as in effect before and after the date of the enactment of the Energy Advancement and Investment Act of 2007) for preceding taxable years beginning after December 31, 1982.

''(C) REDUCTION FOR POST-2007 FOREIGN OIL AND GAS LOSSES.—The reduction under this paragraph shall be equal to the lesser of—

''(i) the combined foreign oil and gas income of the taxpayer for the taxable year (determined without regard to this paragraph), reduced by an amount equal to the reduction under subparagraph (A) for the taxable year, or

''(ii) the excess of—

''(I) the aggregate amount of foreign oil and gas losses for preceding taxable years beginning after December 31, 2007, over

''(II) so much of such aggregate amount as was recharacterized under this paragraph for preceding taxable years beginning after December 31, 2007.

''(D) FOREIGN OIL AND GAS LOSS DEFINED.—

''(i) IN GENERAL.—For purposes of this paragraph, the term 'foreign oil and gas loss' means the amount by which—

''(I) the gross income for the taxable year from sources without the United States and its possessions (whether or not the taxpayer chooses the benefits of this subpart for such taxable year) taken into account in determining the combined foreign oil and gas income for such year, is exceeded by

''(II) the sum of the deductions properly apportioned or allocated thereto.

''(ii) NET OPERATING LOSS DEDUCTION NOT TAKEN INTO ACCOUNT.—For purposes of clause (i), the net operating loss deduction allowable for the taxable year under section 172(a) shall not be taken into account.

''(iii) EXPROPRIATION AND CASUALTY LOSSES NOT TAKEN INTO ACCOUNT.—For purposes of clause (i), there shall not be taken into account—

''(I) any foreign expropriation loss (as defined in section 172(h) (as in effect on the day before the date of the enactment of the Revenue Reconciliation Act of 1990)) for the taxable year, or

''(II) any loss for the taxable year which arises from fire, storm, shipwreck, or other casualty, or from theft,

to the extent such loss is not compensated for by insurance or otherwise.

''(iv) FOREIGN OIL EXTRACTION LOSS.—For purposes of subparagraph (B)(ii)(I), foreign oil extraction losses shall be determined under this paragraph as in effect on the day before the date of the enactment of the Energy Advancement and Investment Act of 2007.''.

(c) CARRYBACK AND CARRYOVER OF DISALLOWED CREDITS.—Section 907(f) (relating to carryback and carryover of disallowed credits) is amended—

(1) by striking ''oil and gas extraction taxes'' each place it appears and inserting ''foreign oil and gas taxes'', and

(2) by adding at the end the following new paragraph:

''(4) TRANSITION RULES FOR PRE-2008 AND 2008 DISALLOWED CREDITS.—

''(A) PRE-2008 CREDITS.—In the case of any unused credit year beginning before January 1, 2008, this subsection shall be applied to any unused oil and gas extraction taxes carried from such unused credit year to a year beginning after December 31, 2007—

''(i) by substituting 'oil and gas extraction taxes' for 'foreign oil and gas taxes' each place it appears in paragraphs (1), (2), and (3), and

''(ii) by computing, for purposes of paragraph (2)(A), the limitation under subparagraph (A) for the year to which such taxes are carried by substituting 'foreign oil and gas extraction income' for 'foreign oil and gas income' in subsection (a).

''(B) 2008 CREDITS.—In the case of any unused credit year beginning in 2008, the amendments made to this subsection by the Energy Advancement and Investment Act of 2007 shall be treated as being in effect for any preceding year beginning before January 1, 2008, solely for purposes of determining how much of the unused foreign oil and gas taxes for such unused credit year may be deemed paid or accrued in such preceding year.''.

(d) CONFORMING AMENDMENT.—Section 6501(i) is amended by striking ''oil and gas extraction taxes'' and inserting ''foreign oil and gas taxes''.

(e) EFFECTIVE DATE.—The amendments made by this section shall apply to taxable years beginning after December 31, 2007.

SEC. 883. INCREASE AND EXTENSION OF OIL SPILL LIABILITY TRUST FUND TAX.

(a) INCREASE IN RATE.—

(1) IN GENERAL.—Section 4611(c)(2)(B) (relating to rates) is amended by striking ''5 cents'' and inserting ''10 cents''.

(2) EFFECTIVE DATE.—The amendment made by this subsection shall apply on and after the first day of the first calendar quarter beginning more than 60 days after the date of the enactment of this Act.

(b) EXTENSION.—

(1) IN GENERAL.—Section 4611(f) (relating to application of Oil Spill Liability Trust Fund financing rate) is amended by striking paragraphs (2) and (3) and inserting the following new paragraph:

''(2) TERMINATION.—The Oil Spill Liability Trust Fund financing rate shall not apply after December 31, 2017.''.

(2) CONFORMING AMENDMENT.—Section 4611(f)(1) is amended by striking ''paragraphs (2) and (3)'' and inserting ''paragraph (2)''.

(3) EFFECTIVE DATE.—The amendments made by this subsection shall take effect on the date of the enactment of this Act.

SEC. 884. LIMITATION ON DRAWBACK CLAIMED FOR AMOUNTS DEPOSITED INTO THE OIL SPILL LIABILITY TRUST FUND.

Section 313(j) of the Tariff Act of 1930 (19 U.S. C. 1313(j)) is amended by adding at the end the following new paragraph:

''(5) LIMITATION ON CERTAIN DRAWBACKS.—Any tax or fee imposed under section 4611 of the Internal Revenue Code of 1986 for deposit in the Oil Spill Liability Trust Fund pursuant to section 9509 of such Code shall not be eligible for refund as drawback under this section.''.

SEC. 885. TAX ON CRUDE OIL AND NATURAL GAS PRODUCED FROM THE OUTER CONTINENTAL SHELF IN THE GULF OF MEXICO.

(a) IN GENERAL.—Subtitle E (relating to alcohol, tobacco, and certain other excise taxes) is amended by adding at the end the following new chapter:

''CHAPTER 56—TAX ON SEVERANCE OF CRUDE OIL AND NATURAL GAS FROM THE OUTER CONTINENTAL SHELF IN THE GULF OF MEXICO

''SEC. 5896. IMPOSITION OF TAX.

''(a) IN GENERAL.—In addition to any other tax imposed under this title, there is hereby

imposed a tax equal to 13 percent of the removal price of any taxable crude oil or natural gas removed from the premises during any taxable period.

''(b) CREDIT FOR FEDERAL ROYALTIES PAID.—

''(1) IN GENERAL.—There shall be allowed as a credit against the tax imposed by subsection (a) with respect to the production of any taxable crude oil or natural gas an amount equal to the aggregate amount of royalties paid under Federal law with respect to such production.

''(2) LIMITATION.—The aggregate amount of credits allowed under paragraph (1) to any taxpayer for any taxable period shall not exceed the amount of tax imposed by subsection (a) for such taxable period.

''(c) TAX PAID BY PRODUCER.—The tax imposed by this section shall be paid by the producer of the taxable crude oil or natural gas.

''SEC. 5897. TAXABLE CRUDE OIL OR NATURAL GAS AND REMOVAL PRICE.

''(a) TAXABLE CRUDE OIL OR NATURAL GAS.—For purposes of this chapter, the term 'taxable crude oil or natural gas' means crude oil or natural gas which is produced from Federal submerged lands on the outer Continental Shelf in the Gulf of Mexico pursuant to a lease entered into with the United States which authorizes the production.

''(b) REMOVAL PRICE.—For purposes of this chapter—

''(1) IN GENERAL.—Except as otherwise provided in this subsection, the term 'removal price' means—

''(A) in the case of taxable crude oil, the amount for which a barrel of such crude oil is sold, and

''(B) in the case of taxable natural gas, the amount per 1,000 cubic feet for which such natural gas is sold.

''(2) SALES BETWEEN RELATED PERSONS.—In the case of a sale between related persons, the removal price shall not be less than the constructive sales price for purposes of determining gross income from the property under section 613.

''(3) OIL OR GAS REMOVED FROM PROPERTY BEFORE SALE.—If crude oil or natural gas is removed from the property before it is sold, the removal price shall be the constructive sales price for purposes of determining gross income from the property under section 613.

''(4) REFINING BEGUN ON PROPERTY.—If the manufacture or conversion of crude oil into refined products begins before such oil is removed from the property—

''(A) such oil shall be treated as removed on the day such manufacture or conversion begins, and

''(B) the removal price shall be the constructive sales price for purposes of determining gross income from the property under section 613.

''(5) PROPERTY.—The term 'property' has the meaning given such term by section 614.

''SEC. 5898. SPECIAL RULES AND DEFINITIONS.

''(a) ADMINISTRATIVE REQUIREMENTS.—

''(1) WITHHOLDING AND DEPOSIT OF TAX.—The Secretary shall provide for the withholding and deposit of the tax imposed under section 5896 on a quarterly basis.

''(2) RECORDS AND INFORMATION.—Each taxpayer liable for tax under section 5896 shall keep such records, make such returns, and furnish such information (to the Secretary and to other persons having an interest in the taxable crude oil or natural gas) with respect to such oil as the Secretary may by regulations prescribe.

''(3) TAXABLE PERIODS; RETURN OF TAX.—

''(A) TAXABLE PERIOD.—Except as provided by the Secretary, each calendar year shall constitute a taxable period.

''(B) RETURNS.—The Secretary shall provide for the filing, and the time for filing, of the return of the tax imposed under section 5896.

''(b) DEFINITIONS.—For purposes of this chapter—

''(1) PRODUCER.—The term 'producer' means the holder of the economic interest with respect to the crude oil or natural gas.

''(2) CRUDE OIL.—The term 'crude oil' includes crude oil condensates and natural gasoline.

''(3) PREMISES AND CRUDE OIL PRODUCT.—The terms 'premises' and 'crude oil product' have the same meanings as when used for purposes of determining gross income from the property under section 613.

''(c) ADJUSTMENT OF REMOVAL PRICE.—In determining the removal price of oil or natural gas from a property in the case of any transaction, the Secretary may adjust the removal price to reflect clearly the fair market value of oil or natural gas removed.

''(d) REGULATIONS.—The Secretary shall prescribe such regulations as may be necessary or appropriate to carry out the purposes of this chapter.''.

(b) DEDUCTIBILITY OF TAX.—The first sentence of section 164(a) (relating to deduction for taxes) is amended by inserting after paragraph (5) the following new paragraph:

''(6) The tax imposed by section 5896(a) (after application of section 5896(b)) on the severance of crude oil or natural gas from the outer Continental Shelf in the Gulf of Mexico.''.

(c) CLERICAL AMENDMENT.—The table of chapters for subtitle E is amended by adding at the end the following new item:

''CHAPTER 56. Tax on severance of crude oil and natural gas from the outer Continental Shelf in the Gulf of Mexico.''.

(d) EFFECTIVE DATE.—The amendments made by this section shall apply to crude oil or natural gas removed after the date of the enactment of this Act.

SEC. 886. TAXATION OF TAXABLE FUELS IN FOREIGN TRADE ZONES.

(a) TAX IMPOSED ON REMOVALS AND ENTRIES IN FOREIGN TRADE ZONES.—

(1) IN GENERAL.—Subsection (a) of section 4083 (relating to definitions) is amended by adding at the end the following new paragraph:

''(4) UNITED STATES.—The term 'United States' includes any foreign trade zone or bonded warehouse located in the United States.''.

(2) CONFORMING AMENDMENT.—Section 4081(a)(1)(A) (relating to imposition of tax) is amended—

(A) in clause (i), by inserting ''in the United States'' after ''refinery''; and

(B) in clause (ii), by inserting ''in the United States'' after ''terminal''.

(b) TREATMENT OF TAXABLE FUEL IN FOREIGN TRADE ZONES.—Paragraph (2) of section 81c(a) of title 19, United States Code, is amended by inserting ''(other than the provisions relating to taxable fuel (as defined under section 4083(a) of the Internal Revenue Code of 1986))'' after ''thereunder''.

(c) EFFECTIVE DATES.—

(1) SUBSECTION (a).—The amendments made by subsection (a) shall apply to removals and entries after December 31, 2007.

(2) SUBSECTION (b).—The amendment made by subsection (b) shall take effect on January 1, 2008.

SEC. 887. CLARIFICATION OF PENALTY FOR SALE OF FUEL FAILING TO MEET EPA REGULATIONS.

(a) IN GENERAL.—Subsection (a) of section 6720A (relating to penalty with respect to certain adulterated fuels) is amended by striking ''applicable EPA regulations (as defined in section 45H(c)(3))'' and inserting ''the requirements for diesel fuel under section 211 of the Clean Air Act, as determined by the Secretary,''.

(b) EFFECTIVE DATE.—The amendments made by this section shall apply to any transfer, sale, or holding out for sale or resale occurring after the date of the enactment of this Act.

SEC. 888. CLARIFICATION OF ELIGIBILITY FOR CERTAIN FUELS CREDITS FOR FUEL WITH INSUFFICIENT NEXUS TO THE UNITED STATES.

(a) IN GENERAL.—

(1) ALCOHOL CREDIT.—Subsection (d) of section 40 is amended by adding at the end the following new paragraph:

''(6) LIMITATION TO ALCOHOL WITH CONNECTION TO THE UNITED STATES.—

''(A) ALCOHOL CREDIT.—No alcohol credit shall be determined under this section with respect to any alcohol unless such alcohol is produced in the United States for consumption in the United States or entered into the United States for consumption in the United States.

''(B) ALCOHOL MIXTURE CREDIT.—No alcohol mixture credit shall be determined under this section with respect to any mixture unless such mixture is produced in the United States for consumption in the United States or entered into the United States for consumption in the United States.

''(C) NO CREDITS FOR ALCOHOL DESTINED FOR EXPORT.—No credit (other than the small ethanol producer credit) shall be determined under this section with respect to any mixture or alcohol if such mixture or alcohol is destined for export from the United States (as determined by the Secretary).

''(D) SPECIAL RULE FOR SMALL PRODUCER CREDITS.—No small ethanol producer credit, small cellulosic alcohol producer credit, or small fossil free alcohol producer credit shall be determined under this section with respect to any alcohol unless such alcohol is produced in the United States.''.

(2) BIODIESEL CREDIT.—Subsection (d) of section 40A is amended by adding at the end the following new paragraph:

''(5) LIMITATION TO BIODIESEL WITH CONNECTION TO THE UNITED STATES.—

''(A) BIODIESEL CREDIT.—No biodiesel credit shall be determined under this section with respect to any biodiesel unless such biodiesel is produced in the United States for consumption in the United States or is entered into the United States for consumption in the United States.

''(B) BIODIESEL MIXTURE CREDIT.—No biodiesel mixture credit shall be determined under this section with respect to any mixture unless such mixture is produced in the United States for consumption in the United States or is entered into the United States for consumption in the United States.

''(C) NO CREDITS FOR BIODIESEL DESTINED FOR EXPORT.—No credit (other than the small agri-biodiesel producer credit) shall be determined under this section with respect to any mixture or biodiesel if such mixture or biodiesel is destined for export from the United States (as determined by the Secretary).

''(D) SPECIAL RULE FOR SMALL AGRI-BIODIESEL PRODUCER CREDIT.—No small agri-biodiesel producer credit shall be determined under this section with respect to any agri-

biodiesel unless such agri-biodiesel is produced in the United States.''.

(3) EXCISE TAX CREDITS.—Section 6426, as amended by section 833, is amended by adding at the end the following new subsection:

''(i) LIMITATION TO FUELS WITH CONNECTION TO THE UNITED STATES.—

''(1) MIXTURE CREDITS.—No credit shall be determined under this section with respect to any mixture unless such mixture is produced in the United States for consumption in the United States or is entered into the United States for consumption in the United States.

''(2) ALTERNATIVE FUEL CREDIT.—No alternative fuel credit shall be determined under this section with respect to any alternative fuel unless such alternative fuel is produced in the United States for consumption in the United States or is entered into the United States for consumption in the United States.

''(3) NO CREDITS FOR FUELS DESTINED FOR EXPORT.—No credit shall be determined under this section with respect to any mixture or alternative fuel if such mixture or alternative fuel is destined for export from the United States (as determined by the Secretary).''.

(4) PAYMENTS.—Subsection (e) of section 6427 is amended by redesignating paragraph (5), as amended by this Act, as paragraph (6) and by inserting after paragraph (4) the following new paragraph:

''(5) LIMITATION TO FUELS WITH CONNECTION TO THE UNITED STATES.—No amount shall be payable under paragraph (1) or (2) with respect to any mixture or alternative fuel if credit is not allowed with respect to such mixture or alternative fuel by reason of section 6426(i).''.

(b) EFFECTIVE DATE.—The amendments made by this section shall apply to fuel sold or used after the date of the enactment of this Act.

SEC. 889. TREATMENT OF QUALIFIED ALCOHOL FUEL MIXTURES AND QUALIFIED BIODIESEL FUEL MIXTURES AS TAXABLE FUELS.

(a) IN GENERAL.—Subparagraph (A) of section 4083(a)(3) (relating to diesel fuel) is amended by striking ''and'' at the end of clause (ii), by redesignating clause (iii) as clause (v), and inserting after clause (ii) the following new clauses:

''(iii) any qualified mixture (as defined in section 40(b)(1)(B)) which is a mixture of alcohol and special fuel,

''(iv) any qualified biodiesel mixture (as defined in section 40A(b)(1)(B)), and''.

(b) EFFECTIVE DATE.—The amendments made by this section shall apply to fuels removed, entered, or sold after December 31, 2007.

SEC. 890. CALCULATION OF VOLUME OF ALCOHOL FOR FUEL CREDITS.

(a) IN GENERAL.—Paragraph (4) of section 40(d) (relating to volume of alcohol) is amended by striking ''the volume of alcohol'' and all that follows and inserting ''the volume of alcohol shall not include any denaturant added to such alcohol.''.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to fuel sold or used after December 31, 2007.

SEC. 891. BULK TRANSFER EXCEPTION NOT TO APPLY TO FINISHED GASOLINE.

(a) IN GENERAL.—Subparagraph (B) of section 4081(a)(1) (relating to tax on removal, entry, or sale) is amended by adding at the end the following new clause:

''(iii) EXCEPTION FOR FINISHED GASOLINE.—Clause (i) shall not apply to any gasoline which meets the requirements for gasoline under section 211 of the Clean Air Act.''.

(b) EXCEPTION TO TAX ON FINISHED GASOLINE FOR PRIOR TAXABLE REMOVALS.—Paragraph (1) of section 4081(a) is amended by adding at the end the following new subparagraph:

''(C) EXEMPTION FOR PREVIOUSLY TAXED FINISHED GASOLINE.—The tax imposed by this paragraph shall not apply to the removal of gasoline described in subparagraph (B)(iii) from any terminal if there was a prior taxable removal or entry of such fuel under clause (i), (ii), or (iii) of subparagraph (A). The preceding sentence shall not apply to the volume of any product added to such gasoline at the terminal unless there was a prior taxable removal or entry of such product under clause (i), (ii), or (iii) of subparagraph (A).''.

(c) EFFECTIVE DATE.—The amendment made by this section shall apply to fuel removed, entered, or sold after December 31, 2007.

SEC. 892. APPLICATION OF RULES TREATING INVERTED CORPORATIONS AS DOMESTIC CORPORATIONS TO CERTAIN TRANSACTIONS OCCURRING AFTER MARCH 20, 2002.

(a) IN GENERAL.—Section 7874(b) (relating to inverted corporations treated as domestic corporations) is amended to read as follows:

''(b) INVERTED CORPORATIONS TREATED AS DOMESTIC CORPORATIONS.—

''(1) IN GENERAL.—Notwithstanding section 7701(a)(4), a foreign corporation shall be treated for purposes of this title as a domestic corporation if such corporation would be a surrogate foreign corporation if subsection (a)(2) were applied by substituting '80 percent' for '60 percent'.

''(2) SPECIAL RULE FOR CERTAIN TRANSACTIONS OCCURRING AFTER MARCH 20, 2002.—

''(A) IN GENERAL.—If—

''(i) paragraph (1) does not apply to a foreign corporation, but

''(ii) paragraph (1) would apply to such corporation if, in addition to the substitution under paragraph (1), subsection (a)(2) were applied by substituting 'March 20, 2002' for 'March 4, 2003' each place it appears,

then paragraph (1) shall apply to such corporation but only with respect to taxable years of such corporation beginning after December 31, 2006.

''(B) SPECIAL RULES.—Subject to such rules as the Secretary may prescribe, in the case of a corporation to which paragraph (1) applies by reason of this paragraph—

''(i) the corporation shall be treated, as of the close of its last taxable year beginning before January 1, 2007, as having transferred all of its assets, liabilities, and earnings and profits to a domestic corporation in a transaction with respect to which no tax is imposed under this title,

''(ii) the bases of the assets transferred in the transaction to the domestic corporation shall be the same as the bases of the assets in the hands of the foreign corporation, subject to any adjustments under this title for built-in losses,

''(iii) the basis of the stock of any shareholder in the domestic corporation shall be the same as the basis of the stock of the shareholder in the foreign corporation for which it is treated as exchanged, and

''(iv) the transfer of any earnings and profits by reason of clause (i) shall be disregarded in determining any deemed dividend or foreign tax creditable to the domestic corporation with respect to such transfer.

''(C) REGULATIONS.—The Secretary may prescribe such regulations as may be necessary or appropriate to carry out this paragraph, including regulations to prevent the avoidance of the purposes of this paragraph.''.

(b) EFFECTIVE DATE.—The amendment made by this section shall apply to taxable years beginning after December 31, 2006.

SEC. 893. MODIFICATION OF EFFECTIVE DATE OF LEASING PROVISIONS OF THE AMERICAN JOBS CREATION ACT OF 2004.

(a) LEASES TO FOREIGN ENTITIES.—Section 849(b) of the American Jobs Creation Act of 2004 is amended by adding at the end the following new paragraph:

''(5) LEASES TO FOREIGN ENTITIES.—In the case of tax-exempt use property leased to a tax-exempt entity which is a foreign person or entity, the amendments made by this part shall apply to taxable years beginning after December 31, 2006, with respect to leases entered into on or before March 12, 2004.''.

(b) EFFECTIVE DATE.—The amendment made by this section shall take effect as if included in the enactment of the American Jobs Creation Act of 2004.

SEC. 894. REVISION OF TAX RULES ON EXPATRIATION OF INDIVIDUALS.

(a) IN GENERAL.—Subpart A of part II of subchapter N of chapter 1 is amended by inserting after section 877 the following new section:

''SEC. 877A. TAX RESPONSIBILITIES OF EXPATRIATION.

''(a) GENERAL RULES.—For purposes of this subtitle—

''(1) MARK TO MARKET.—Except as provided in subsections (d) and (f), all property of a covered expatriate to whom this section applies shall be treated as sold on the day before the expatriation date for its fair market value.

''(2) RECOGNITION OF GAIN OR LOSS.—In the case of any sale under paragraph (1)—

''(A) notwithstanding any other provision of this title, any gain arising from such sale shall be taken into account for the taxable year of the sale, and

''(B) any loss arising from such sale shall be taken into account for the taxable year of the sale to the extent otherwise provided by this title, except that section 1091 shall not apply to any such loss.

Proper adjustment shall be made in the amount of any gain or loss subsequently realized for gain or loss taken into account under the preceding sentence.

''(3) EXCLUSION FOR CERTAIN GAIN.—

''(A) IN GENERAL.—The amount which, but for this paragraph, would be includible in the gross income of any individual by reason of this section shall be reduced (but not below zero) by $600,000. For purposes of this paragraph, allocable expatriation gain taken into account under subsection (f)(2) shall be treated in the same manner as an amount required to be includible in gross income.

''(B) COST-OF-LIVING ADJUSTMENT.—

''(i) IN GENERAL.—In the case of an expatriation date occurring in any calendar year after 2007, the $600,000 amount under subparagraph (A) shall be increased by an amount equal to—

''(I) such dollar amount, multiplied by

''(II) the cost-of-living adjustment determined under section 1(f)(3) for such calendar year, determined by substituting 'calendar year 2006' for 'calendar year 1992' in subparagraph (B) thereof.

''(ii) ROUNDING RULES.—If any amount after adjustment under clause (i) is not a multiple of $1,000, such amount shall be rounded to the next lower multiple of $1,000.

''(4) ELECTION TO CONTINUE TO BE TAXED AS UNITED STATES CITIZEN.—

''(A) IN GENERAL.—If a covered expatriate elects the application of this paragraph—

''(i) this section (other than this paragraph and subsection (i)) shall not apply to the expatriate, but

''(ii) in the case of property to which this section would apply but for such election, the expatriate shall be subject to tax under this title in the same manner as if the individual were a United States citizen.

''(B) REQUIREMENTS.—Subparagraph (A) shall not apply to an individual unless the individual—

''(i) provides security for payment of tax in such form and manner, and in such amount, as the Secretary may require,

''(ii) consents to the waiver of any right of the individual under any treaty of the United States which would preclude assessment or collection of any tax which may be imposed by reason of this paragraph, and

''(iii) complies with such other requirements as the Secretary may prescribe.

''(C) ELECTION.—An election under subparagraph (A) shall apply to all property to which this section would apply but for the election and, once made, shall be irrevocable. Such election shall also apply to property the basis of which is determined in whole or in part by reference to the property with respect to which the election was made.

''(b) ELECTION TO DEFER TAX.—

''(1) IN GENERAL.—If the taxpayer elects the application of this subsection with respect to any property treated as sold by reason of subsection (a), the payment of the additional tax attributable to such property shall be postponed until the due date of the return for the taxable year in which such property is disposed of (or, in the case of property disposed of in a transaction in which gain is not recognized in whole or in part, until such other date as the Secretary may prescribe).

''(2) DETERMINATION OF TAX WITH RESPECT TO PROPERTY.—For purposes of paragraph (1), the additional tax attributable to any property is an amount which bears the same ratio to the additional tax imposed by this chapter for the taxable year solely by reason of subsection (a) as the gain taken into account under subsection (a) with respect to such property bears to the total gain taken into account under subsection (a) with respect to all property to which subsection (a) applies.

''(3) TERMINATION OF POSTPONEMENT.—No tax may be postponed under this subsection later than the due date for the return of tax imposed by this chapter for the taxable year which includes the date of death of the expatriate (or, if earlier, the time that the security provided with respect to the property fails to meet the requirements of paragraph (4), unless the taxpayer corrects such failure within the time specified by the Secretary).

''(4) SECURITY.—

''(A) IN GENERAL.—No election may be made under paragraph (1) with respect to any property unless adequate security is provided to the Secretary with respect to such property.

''(B) ADEQUATE SECURITY.—For purposes of subparagraph (A), security with respect to any property shall be treated as adequate security if—

''(i) it is a bond in an amount equal to the deferred tax amount under paragraph (2) for the property, or

''(ii) the taxpayer otherwise establishes to the satisfaction of the Secretary that the security is adequate.

''(5) WAIVER OF CERTAIN RIGHTS.—No election may be made under paragraph (1) unless the taxpayer consents to the waiver of any right under any treaty of the United States which would preclude assessment or collection of any tax imposed by reason of this section.

''(6) ELECTIONS.—An election under paragraph (1) shall only apply to property described in the election and, once made, is irrevocable. An election may be made under paragraph (1) with respect to an interest in a trust with respect to which gain is required to be recognized under subsection (f)(1).

''(7) INTEREST.—For purposes of section 6601—

''(A) the last date for the payment of tax shall be determined without regard to the election under this subsection, and

''(B) section 6621(a)(2) shall be applied by substituting '5 percentage points' for '3 percentage points' in subparagraph (B) thereof.

''(c) COVERED EXPATRIATE.—For purposes of this section—

''(1) IN GENERAL.—Except as provided in paragraph (2), the term 'covered expatriate' means an expatriate.

''(2) EXCEPTIONS.—An individual shall not be treated as a covered expatriate if—

''(A) the individual—

''(i) became at birth a citizen of the United States and a citizen of another country and, as of the expatriation date, continues to be a citizen of, and is taxed as a resident of, such other country, and

''(ii) has not been a resident of the United States (as defined in section 7701(b)(1)(A)(ii)) during the 5 taxable years ending with the taxable year during which the expatriation date occurs, or

''(B)(i) the individual's relinquishment of United States citizenship occurs before such individual attains age 18½, and

''(ii) the individual has been a resident of the United States (as so defined) for not more than 5 taxable years before the date of relinquishment.

''(d) EXEMPT PROPERTY; SPECIAL RULES FOR PENSION PLANS.—

''(1) EXEMPT PROPERTY.—This section shall not apply to the following:

''(A) UNITED STATES REAL PROPERTY INTERESTS.—Any United States real property interest (as defined in section 897(c)(1)), other than stock of a United States real property holding corporation which does not, on the day before the expatriation date, meet the requirements of section 897(c)(2).

''(B) SPECIFIED PROPERTY.—Any property or interest in property not described in subparagraph (A) which the Secretary specifies in regulations.

''(2) SPECIAL RULES FOR CERTAIN RETIREMENT PLANS.—

''(A) IN GENERAL.—If a covered expatriate holds on the day before the expatriation date any interest in a retirement plan to which this paragraph applies—

''(i) such interest shall not be treated as sold for purposes of subsection (a)(1), but

''(ii) an amount equal to the present value of the expatriate's nonforfeitable accrued benefit shall be treated as having been received by such individual on such date as a distribution under the plan.

''(B) TREATMENT OF SUBSEQUENT DISTRIBUTIONS.—In the case of any distribution on or after the expatriation date to or on behalf of the covered expatriate from a plan from which the expatriate was treated as receiving a distribution under subparagraph (A), the amount otherwise includible in gross income by reason of the subsequent distribution shall be reduced by the excess of the amount includible in gross income under subparagraph (A) over any portion of such amount to which this subparagraph previously applied.

''(C) TREATMENT OF SUBSEQUENT DISTRIBUTIONS BY PLAN.—For purposes of this title, a retirement plan to which this paragraph applies, and any person acting on the plan's behalf, shall treat any subsequent distribution described in subparagraph (B) in the same manner as such distribution would be treated without regard to this paragraph.

''(D) APPLICABLE PLANS.—This paragraph shall apply to—

''(i) any qualified retirement plan (as defined in section 4974(c)),

''(ii) an eligible deferred compensation plan (as defined in section 457(b)) of an eligible employer described in section 457(e)(1)(A), and

''(iii) to the extent provided in regulations, any foreign pension plan or similar retirement arrangements or programs.

''(e) DEFINITIONS.—For purposes of this section—

''(1) EXPATRIATE.—The term 'expatriate' means—

''(A) any United States citizen who relinquishes citizenship, and

''(B) any long-term resident of the United States who—

''(i) ceases to be a lawful permanent resident of the United States (within the meaning of section 7701(b)(6)), or

''(ii) commences to be treated as a resident of a foreign country under the provisions of a tax treaty between the United States and the foreign country and who does not waive the benefits of such treaty applicable to residents of the foreign country.

''(2) EXPATRIATION DATE.—The term 'expatriation date' means—

''(A) the date an individual relinquishes United States citizenship, or

''(B) in the case of a long-term resident of the United States, the date of the event described in clause (i) or (ii) of paragraph (1)(B).

''(3) RELINQUISHMENT OF CITIZENSHIP.—A citizen shall be treated as relinquishing United States citizenship on the earliest of—

''(A) the date the individual renounces such individual's United States nationality before a diplomatic or consular officer of the United States pursuant to paragraph (5) of section 349(a) of the Immigration and Nationality Act (8 U.S.C. 1481(a)(5)),

''(B) the date the individual furnishes to the United States Department of State a signed statement of voluntary relinquishment of United States nationality confirming the performance of an act of expatriation specified in paragraph (1), (2), (3), or (4) of section 349(a) of the Immigration and Nationality Act (8 U.S.C. 1481(a)(1)–(4)),

''(C) the date the United States Department of State issues to the individual a certificate of loss of nationality, or

''(D) the date a court of the United States cancels a naturalized citizen's certificate of naturalization.

Subparagraph (A) or (B) shall not apply to any individual unless the renunciation or voluntary relinquishment is subsequently approved by the issuance to the individual of a certificate of loss of nationality by the United States Department of State.

''(4) LONG-TERM RESIDENT.—The term 'long-term resident' has the meaning given to such term by section 877(e)(2).

''(f) SPECIAL RULES APPLICABLE TO BENEFICIARIES' INTERESTS IN TRUST.—

''(1) IN GENERAL.—Except as provided in paragraph (2), if an individual is determined under paragraph (3) to hold an interest in a trust on the day before the expatriation date—

''(A) the individual shall not be treated as having sold such interest,

''(B) such interest shall be treated as a separate share in the trust, and

''(C)(i) such separate share shall be treated as a separate trust consisting of the assets allocable to such share,

''(ii) the separate trust shall be treated as having sold its assets on the day before the expatriation date for their fair market value and as having distributed all of its assets to the individual as of such time, and

''(iii) the individual shall be treated as having recontributed the assets to the separate trust.

Subsection (a)(2) shall apply to any income, gain, or loss of the individual arising from a distribution described in subparagraph (C)(ii). In determining the amount of such distribution, proper adjustments shall be made for liabilities of the trust allocable to an individual's share in the trust.

''(2) SPECIAL RULES FOR INTERESTS IN QUALIFIED TRUSTS.—

''(A) IN GENERAL.—If the trust interest described in paragraph (1) is an interest in a qualified trust—

''(i) paragraph (1) and subsection (a) shall not apply, and

''(ii) in addition to any other tax imposed by this title, there is hereby imposed on each distribution with respect to such interest a tax in the amount determined under subparagraph (B).

''(B) AMOUNT OF TAX.—The amount of tax under subparagraph (A)(ii) shall be equal to the lesser of—

''(i) the highest rate of tax imposed by section 1(e) for the taxable year which includes the day before the expatriation date, multiplied by the amount of the distribution, or

''(ii) the balance in the deferred tax account immediately before the distribution determined without regard to any increases under subparagraph (C)(ii) after the 30th day preceding the distribution.

''(C) DEFERRED TAX ACCOUNT.—For purposes of subparagraph (B)(ii)—

''(i) OPENING BALANCE.—The opening balance in a deferred tax account with respect to any trust interest is an amount equal to the tax which would have been imposed on the allocable expatriation gain with respect to the trust interest if such gain had been included in gross income under subsection (a).

''(ii) INCREASE FOR INTEREST.—The balance in the deferred tax account shall be increased by the amount of interest determined (on the balance in the account at the time the interest accrues), for periods after the 90th day after the expatriation date, by using the rates and method applicable under section 6621 for underpayments of tax for such periods, except that section 6621(a)(2) shall be applied by substituting '5 percentage points' for '3 percentage points' in subparagraph (B) thereof.

''(iii) DECREASE FOR TAXES PREVIOUSLY PAID.—The balance in the tax deferred account shall be reduced—

''(I) by the amount of taxes imposed by subparagraph (A) on any distribution to the person holding the trust interest, and

''(II) in the case of a person holding a nonvested interest, to the extent provided in regulations, by the amount of taxes imposed by subparagraph (A) on distributions from the trust with respect to nonvested interests not held by such person.

''(D) ALLOCABLE EXPATRIATION GAIN.—For purposes of this paragraph, the allocable expatriation gain with respect to any beneficiary's interest in a trust is the amount of gain which would be allocable to such beneficiary's vested and nonvested interests in the trust if the beneficiary held directly all assets allocable to such interests.

''(E) TAX DEDUCTED AND WITHHELD.—

''(i) IN GENERAL.—The tax imposed by subparagraph (A)(ii) shall be deducted and withheld by the trustees from the distribution to which it relates.

''(ii) EXCEPTION WHERE FAILURE TO WAIVE TREATY RIGHTS.—If an amount may not be deducted and withheld under clause (i) by reason of the distributee failing to waive any treaty right with respect to such distribution—

''(I) the tax imposed by subparagraph (A)(ii) shall be imposed on the trust and each trustee shall be personally liable for the amount of such tax, and

''(II) any other beneficiary of the trust shall be entitled to recover from the distributee the amount of such tax imposed on the other beneficiary.

''(F) DISPOSITION.—If a trust ceases to be a qualified trust at any time, a covered expatriate disposes of an interest in a qualified trust, or a covered expatriate holding an interest in a qualified trust dies, then, in lieu of the tax imposed by subparagraph (A)(ii), there is hereby imposed a tax equal to the lesser of—

''(i) the tax determined under paragraph (1) as if the day before the expatriation date were the date of such cessation, disposition, or death, whichever is applicable, or

''(ii) the balance in the tax deferred account immediately before such date.

Such tax shall be imposed on the trust and each trustee shall be personally liable for the amount of such tax and any other beneficiary of the trust shall be entitled to recover from the covered expatriate or the estate the amount of such tax imposed on the other beneficiary.

''(G) DEFINITIONS AND SPECIAL RULES.—For purposes of this paragraph—

''(i) QUALIFIED TRUST.—The term 'qualified trust' means a trust which is described in section 7701(a)(30)(E).

''(ii) VESTED INTEREST.—The term 'vested interest' means any interest which, as of the day before the expatriation date, is vested in the beneficiary.

''(iii) NONVESTED INTEREST.—The term 'nonvested interest' means, with respect to any beneficiary, any interest in a trust which is not a vested interest. Such interest shall be determined by assuming the maximum exercise of discretion in favor of the beneficiary and the occurrence of all contingencies in favor of the beneficiary.

''(iv) ADJUSTMENTS.—The Secretary may provide for such adjustments to the bases of assets in a trust or a deferred tax account, and the timing of such adjustments, in order to ensure that gain is taxed only once.

''(v) COORDINATION WITH RETIREMENT PLAN RULES.—This subsection shall not apply to an interest in a trust which is part of a retirement plan to which subsection (d)(2) applies.

''(3) DETERMINATION OF BENEFICIARIES' INTEREST IN TRUST.—

''(A) DETERMINATIONS UNDER PARAGRAPH (1).—For purposes of paragraph (1), a beneficiary's interest in a trust shall be based upon all relevant facts and circumstances, including the terms of the trust instrument and any letter of wishes or similar document, historical patterns of trust distributions, and the existence of and functions performed by a trust protector or any similar adviser.

''(B) OTHER DETERMINATIONS.—For purposes of this section—

''(i) CONSTRUCTIVE OWNERSHIP.—If a beneficiary of a trust is a corporation, partnership, trust, or estate, the shareholders, partners, or beneficiaries shall be deemed to be the trust beneficiaries for purposes of this section.

''(ii) TAXPAYER RETURN POSITION.—A taxpayer shall clearly indicate on its income tax return—

''(I) the methodology used to determine that taxpayer's trust interest under this section, and

''(II) if the taxpayer knows (or has reason to know) that any other beneficiary of such trust is using a different methodology to determine such beneficiary's trust interest under this section.

''(g) TERMINATION OF DEFERRALS, ETC.—In the case of any covered expatriate, notwithstanding any other provision of this title—

''(1) any period during which recognition of income or gain is deferred shall terminate on the day before the expatriation date, and

''(2) any extension of time for payment of tax shall cease to apply on the day before the expatriation date and the unpaid portion of such tax shall be due and payable at the time and in the manner prescribed by the Secretary.

''(h) IMPOSITION OF TENTATIVE TAX.—

''(1) IN GENERAL.—If an individual is required to include any amount in gross income under subsection (a) for any taxable year, there is hereby imposed, immediately before the expatriation date, a tax in an amount equal to the amount of tax which would be imposed if the taxable year were a short taxable year ending on the expatriation date.

''(2) DUE DATE.—The due date for any tax imposed by paragraph (1) shall be the 90th day after the expatriation date.

''(3) TREATMENT OF TAX.—Any tax paid under paragraph (1) shall be treated as a payment of the tax imposed by this chapter for the taxable year to which subsection (a) applies.

''(4) DEFERRAL OF TAX.—The provisions of subsection (b) shall apply to the tax imposed by this subsection to the extent attributable to gain includible in gross income by reason of this section.

''(i) SPECIAL LIENS FOR DEFERRED TAX AMOUNTS.—

''(1) IMPOSITION OF LIEN.—

''(A) IN GENERAL.—If a covered expatriate makes an election under subsection (a)(4) or (b) which results in the deferral of any tax imposed by reason of subsection (a), the deferred amount (including any interest, additional amount, addition to tax, assessable penalty, and costs attributable to the deferred amount) shall be a lien in favor of the United States on all property of the expatriate located in the United States (without regard to whether this section applies to the property).

''(B) DEFERRED AMOUNT.—For purposes of this subsection, the deferred amount is the amount of the increase in the covered expatriate's income tax which, but for the election under subsection (a)(4) or (b), would have occurred by reason of this section for the taxable year including the expatriation date.

''(2) PERIOD OF LIEN.—The lien imposed by this subsection shall arise on the expatriation date and continue until—

''(A) the liability for tax by reason of this section is satisfied or has become unenforceable by reason of lapse of time, or

''(B) it is established to the satisfaction of the Secretary that no further tax liability may arise by reason of this section.

''(3) CERTAIN RULES APPLY.—The rules set forth in paragraphs (1), (3), and (4) of section 6324A(d) shall apply with respect to the lien imposed by this subsection as if it were a lien imposed by section 6324A.

''(j) REGULATIONS.—The Secretary shall prescribe such regulations as may be necessary or appropriate to carry out the purposes of this section.''.

(b) INCLUSION IN INCOME OF GIFTS AND BEQUESTS RECEIVED BY UNITED STATES CITIZENS AND RESIDENTS FROM EXPATRIATES.—Section 102 (relating to gifts, etc. not included in gross income) is amended by adding at the end the following new subsection:

''(d) GIFTS AND INHERITANCES FROM COVERED EXPATRIATES.—

''(1) TREATMENT OF GIFTS AND INHERITANCES.—

''(A) IN GENERAL.—Subsection (a) shall not exclude from gross income the value of any property acquired by gift, bequest, devise, or inheritance from a covered expatriate after the expatriation date.

''(B) DETERMINATION OF BASIS.—Notwithstanding sections 1015 or 1022, the basis of any property described in subparagraph (A) in the hands of the donee or the person acquiring such property from the decedent shall be equal to the fair market value of the property at the time of the gift, bequest, devise, or inheritance.

''(2) EXCEPTIONS FOR TRANSFERS OTHERWISE SUBJECT TO ESTATE OR GIFT TAX.—Paragraph (1) shall not apply to any property if either—

''(A) the gift, bequest, devise, or inheritance is—

''(i) shown on a timely filed return of tax imposed by chapter 12 as a taxable gift by the covered expatriate, or

''(ii) included in the gross estate of the covered expatriate for purposes of chapter 11 and shown on a timely filed return of tax imposed by chapter 11 of the estate of the covered expatriate, or

''(B) no such return was timely filed but no such return would have been required to be filed even if the covered expatriate were a citizen or long-term resident of the United States.

''(3) DEFINITIONS.—For purposes of this subsection, any term used in this subsection which is also used in section 877A shall have the same meaning as when used in section 877A.''.

(c) DEFINITION OF TERMINATION OF UNITED STATES CITIZENSHIP.—Section 7701(a) is amended by adding at the end the following new paragraph:

''(50) TERMINATION OF UNITED STATES CITIZENSHIP.—

''(A) IN GENERAL.—An individual shall not cease to be treated as a United States citizen before the date on which the individual's citizenship is treated as relinquished under section 877A(e)(3).

''(B) DUAL CITIZENS.—Under regulations prescribed by the Secretary, subparagraph (A) shall not apply to an individual who became at birth a citizen of the United States and a citizen of another country.''.

(d) INELIGIBILITY FOR VISA OR ADMISSION TO UNITED STATES.—

(1) IN GENERAL.—Section 212(a)(10)(E) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(10)(E)) is amended to read as follows:

''(E) FORMER CITIZENS NOT IN COMPLIANCE WITH EXPATRIATION REVENUE PROVISIONS.—Any alien who is a former citizen of the United States who relinquishes United States citizenship (within the meaning of section 877A(e)(3) of the Internal Revenue Code of 1986) and who is not in compliance with section 877A of such Code (relating to expatriation) is inadmissible.''.

(2) AVAILABILITY OF INFORMATION.—

(A) IN GENERAL.—Section 6103(l) (relating to disclosure of returns and return information for purposes other than tax administration) is amended by adding at the end the following new paragraph:

''(21) DISCLOSURE TO DENY VISA OR ADMISSION TO CERTAIN EXPATRIATES.—Upon written request of the Attorney General or the Attorney General's delegate, the Secretary shall disclose whether an individual is in compliance with section 877A (and if not in compliance, any items of noncompliance) to officers and employees of the Federal agency responsible for administering section 212(a)(10)(E) of the Immigration and Nationality Act solely for the purpose of, and to the extent necessary in, administering such section 212(a)(10)(E).''.

(B) SAFEGUARDS.—Section 6103(p)(4) (relating to safeguards) is amended by striking ''or (20)'' each place it appears and inserting ''(20), or (21)''.

(3) EFFECTIVE DATES.—The amendments made by this subsection shall apply to individuals who relinquish United States citizenship on or after the date of the enactment of this Act.

(e) CONFORMING AMENDMENTS.—

(1) Section 877 is amended by adding at the end the following new subsection:

''(h) APPLICATION.—This section shall not apply to an expatriate (as defined in section 877A(e)) whose expatriation date (as so defined) occurs on or after the date of the enactment of this subsection.''.

(2) Section 2107 is amended by adding at the end the following new subsection:

''(f) APPLICATION.—This section shall not apply to any expatriate subject to section 877A.''.

(3) Section 2501(a)(3) is amended by adding at the end the following new subparagraph:

''(C) APPLICATION.—This paragraph shall not apply to any expatriate subject to section 877A.''.

(4) Section 6039G(a) is amended by inserting ''or 877A'' after ''section 877(b)''.

(5) The second sentence of section 6039G(d) is amended by inserting ''or who relinquishes United States citizenship (within the meaning of section 877A(e)(3))'' after ''section 877(a))''.

(6) Section 7701(n) is amended by adding at the end the following new paragraph:

''(3) APPLICATION.—This subsection shall not apply to any expatriate subject to section 877A.''.

(f) CLERICAL AMENDMENT.—The table of sections for subpart A of part II of subchapter N of chapter 1 is amended by inserting after the item relating to section 877 the following new item:

''Sec. 877A. Tax responsibilities of expatriation.''.

(g) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in this subsection, the amendments made by this section shall apply to expatriates (within the meaning of section 877A(e) of the Internal Revenue Code of 1986, as added by this section) whose expatriation date (as so defined) occurs on or after the date of the enactment of this Act.

(2) GIFTS AND BEQUESTS.—Section 102(d) of the Internal Revenue Code of 1986 (as added by subsection (b)) shall apply to gifts and bequests received on or after the date of the enactment of this Act, from an individual or the estate of an individual whose expatriation date (as so defined) occurs after such date.

(3) DUE DATE FOR TENTATIVE TAX.—The due date under section 877A(h)(2) of the Internal Revenue Code of 1986, as added by this section, shall in no event occur before the 90th day after the date of the enactment of this Act.

Subtitle C—Secure Rural Schools and Community Self-Determination Program

SEC. 901. SECURE RURAL SCHOOLS AND COMMUNITY SELF-DETERMINATION PROGRAM.

(a) REAUTHORIZATION OF THE SECURE RURAL SCHOOLS AND COMMUNITY SELF-DETERMINATION ACT OF 2000.—The Secure Rural Schools and Community Self-Determination Act of 2000 (16 U.S.C. 500 note; Public Law 106–393) is amended by striking sections 1 through 403 and inserting the following:

''SECTION 1. SHORT TITLE.

''This Act may be cited as the 'Secure Rural Schools and Community Self-Determination Act of 2000'.

''SEC. 2. PURPOSES.

''The purposes of this Act are—

''(1) to stabilize and transition payments to counties to provide funding for schools and roads that supplements other available funds;

''(2) to make additional investments in, and create additional employment opportunities through, projects that—

''(A)(i) improve the maintenance of existing infrastructure;

''(ii) implement stewardship objectives that enhance forest ecosystems; and

''(iii) restore and improve land health and water quality;

''(B) enjoy broad-based support; and

''(C) have objectives that may include—

''(i) road, trail, and infrastructure maintenance or obliteration;

''(ii) soil productivity improvement;

''(iii) improvements in forest ecosystem health;

''(iv) watershed restoration and maintenance;

''(v) the restoration, maintenance, and improvement of wildlife and fish habitat;

''(vi) the control of noxious and exotic weeds; and

''(vii) the reestablishment of native species; and

''(3) to improve cooperative relationships among—

''(A) the people that use and care for Federal land; and

''(B) the agencies that manage the Federal land.

''SEC. 3. DEFINITIONS.

''In this Act:

''(1) ADJUSTED SHARE.—The term 'adjusted share' means the number equal to the quotient obtained by dividing—

''(A) the number equal to the quotient obtained by dividing—

''(i) the base share for the eligible county; by

''(ii) the income adjustment for the eligible county; by

''(B) the number equal to the sum of the quotients obtained under subparagraph (A) and paragraph (8)(A) for all eligible counties.

''(2) BASE SHARE.—The term 'base share' means the number equal to the average of—

''(A) the quotient obtained by dividing—

''(i) the number of acres of Federal land described in paragraph (7)(A) in each eligible county; by

''(ii) the total number acres of Federal land in all eligible counties in all eligible States; and

''(B) the quotient obtained by dividing—

''(i) the amount equal to the average of the 3 highest 25-percent payments and safety net payments made to each eligible State for each eligible county during the eligibility period; by

''(ii) the amount equal to the sum of the amounts calculated under clause (i) and paragraph (9)(B)(i) for all eligible counties in

all eligible States during the eligibility period.

''(3) COUNTY PAYMENT.—The term 'county payment' means the payment for an eligible county calculated under section 101(b).

''(4) ELIGIBLE COUNTY.—The term 'eligible county' means any county that—

''(A) contains Federal land (as defined in paragraph (7)); and

''(B) elects to receive a share of the State payment or the county payment under section 102(b).

''(5) ELIGIBILITY PERIOD.—The term 'eligibility period' means fiscal year 1986 through fiscal year 1999.

''(6) ELIGIBLE STATE.—The term 'eligible State' means a State or territory of the United States that received a 25-percent payment for 1 or more fiscal years of the eligibility period.

''(7) FEDERAL LAND.—The term 'Federal land' means—

''(A) land within the National Forest System, as defined in section 11(a) of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1609(a)) exclusive of the National Grasslands and land utilization projects designated as National Grasslands administered pursuant to the Act of July 22, 1937 (7 U.S.C. 1010–1012); and

''(B) such portions of the revested Oregon and California Railroad and reconveyed Coos Bay Wagon Road grant land as are or may hereafter come under the jurisdiction of the Department of the Interior, which have heretofore or may hereafter be classified as timberlands, and power-site land valuable for timber, that shall be managed, except as provided in the former section 3 of the Act of August 28, 1937 (50 Stat. 875; 43 U.S.C. 1181c), for permanent forest production.

''(8) 50-PERCENT ADJUSTED SHARE.—The term '50-percent adjusted share' means the number equal to the quotient obtained by dividing—

''(A) the number equal to the quotient obtained by dividing—

''(i) the 50-percent base share for the eligible county; by

''(ii) the income adjustment for the eligible county; by

''(B) the number equal to the sum of the quotients obtained under subparagraph (A) and paragraph (1)(A) for all eligible counties.

''(9) 50-PERCENT BASE SHARE.—The term '50-percent base share' means the number equal to the average of—

''(A) the quotient obtained by dividing—

''(i) the number of acres of Federal land described in paragraph (7)(B) in each eligible county; by

''(ii) the total number acres of Federal land in all eligible counties in all eligible States; and

''(B) the quotient obtained by dividing—

''(i) the amount equal to the average of the 3 highest 50-percent payments made to each eligible county during the eligibility period; by

''(ii) the amount equal to the sum of the amounts calculated under clause (i) and paragraph (2)(B)(i) for all eligible counties in all eligible States during the eligibility period.

''(10) 50-PERCENT PAYMENT.—The term '50-percent payment' means the payment that is the sum of the 50-percent share otherwise paid to a county pursuant to title II of the Act of August 28, 1937 (chapter 876; 50 Stat. 875; 43 U.S.C. 1181f), and the payment made to a county pursuant to the Act of May 24, 1939 (chapter 144; 53 Stat. 753; 43 U.S.C. 1181f–1 et seq.).

''(11) FULL FUNDING AMOUNT.—The term 'full funding amount' means—

''(A) $526,079,656 for fiscal year 2007;

''(B) $520,000,000 for fiscal year 2008; and

''(C) for fiscal year 2009 and each fiscal year thereafter, the amount that is equal to 90 percent of the full funding amount for the preceding fiscal year.

''(12) INCOME ADJUSTMENT.—The term 'income adjustment' means the square of the quotient obtained by dividing—

''(A) the per capita personal income for each eligible county; by

''(B) the median per capita personal income of all eligible counties.

''(13) PER CAPITA PERSONAL INCOME.—The term 'per capita personal income' means the most recent per capita personal income data, as determined by the Bureau of Economic Analysis.

''(14) SAFETY NET PAYMENTS.—The term 'safety net payments' means the special payment amounts paid to States and counties required by section 13982 or 13983 of the Omnibus Budget Reconciliation Act of 1993 (Public Law 103–66; 16 U.S.C. 500 note; 43 U.S.C. 1181f note).

''(15) SECRETARY CONCERNED.—The term 'Secretary concerned' means—

''(A) the Secretary of Agriculture or the designee of the Secretary of Agriculture with respect to the Federal land described in paragraph (7)(A); and

''(B) the Secretary of the Interior or the designee of the Secretary of the Interior with respect to the Federal land described in paragraph (7)(B).

''(16) STATE PAYMENT.—The term 'State payment' means the payment for an eligible State calculated under section 101(a).

''(17) 25-PERCENT PAYMENT.—The term '25-percent payment' means the payment to States required by the sixth paragraph under the heading of 'forest service' in the Act of May 23, 1908 (35 Stat. 260; 16 U.S.C. 500), and section 13 of the Act of March 1, 1911 (36 Stat. 963; 16 U.S.C. 500).

''TITLE I—SECURE PAYMENTS FOR STATES AND COUNTIES CONTAINING FEDERAL LAND

''SEC. 101. SECURE PAYMENTS FOR STATES CONTAINING FEDERAL LAND.

''(a) STATE PAYMENT.—For each of fiscal years 2007 through 2011, the Secretary of Agriculture shall calculate for each eligible State an amount equal to the sum of the products obtained by multiplying—

''(1) the adjusted share for each eligible county within the eligible State; by

''(2) the full funding amount for the fiscal year.

''(b) COUNTY PAYMENT.—For each of fiscal years 2007 through 2011, the Secretary of the Interior shall calculate for each eligible county that received a 50-percent payment during the eligibility period an amount equal to the product obtained by multiplying—

''(1) the 50-percent adjusted share for the eligible county; by

''(2) the full funding amount for the fiscal year.

''SEC. 102. PAYMENTS TO STATES AND COUNTIES.

''(a) PAYMENT AMOUNTS.—Except as provided in section 103, the Secretary of the Treasury shall pay to—

''(1) a State or territory of the United States an amount equal to the sum of the amounts elected under subsection (b) by each county within the State or territory for—

''(A) if the county is eligible for the 25-percent payment, the share of the 25-percent payment; or

''(B) the share of the State payment of the eligible county; and

''(2) a county an amount equal to the amount elected under subsection (b) by each county for—

''(A) if the county is eligible for the 50-percent payment, the 50-percent payment; or

''(B) the county payment for the eligible county.

''(b) ELECTION TO RECEIVE PAYMENT AMOUNT.—

''(1) ELECTION; SUBMISSION OF RESULTS.—

''(A) IN GENERAL.—The election to receive a share of the State payment, the county payment, a share of the State payment and the county payment, a share of the 25-percent payment, the 50-percent payment, or a share of the 25-percent payment and the 50-percent payment, as applicable, shall be made at the discretion of each affected county by August 1, 2007, and August 1 of each second fiscal year thereafter, in accordance with paragraph (2), and transmitted to the Secretary concerned by the Governor of each eligible State.

''(B) FAILURE TO TRANSMIT.—If an election for an affected county is not transmitted to the Secretary concerned by the date specified under subparagraph (A), the affected county shall be considered to have elected to receive a share of the State payment, the county payment, or a share of the State payment and the county payment, as applicable.

''(2) DURATION OF ELECTION.—

''(A) IN GENERAL.—A county election to receive a share of the 25-percent payment or 50-percent payment, as applicable shall be effective for 2 fiscal years.

''(B) FULL FUNDING AMOUNT.—If a county elects to receive a share of the State payment or the county payment, the election shall be effective for all subsequent fiscal years through fiscal year 2011.

''(3) SOURCE OF PAYMENT AMOUNTS.—The payment to an eligible State or eligible county under this section for a fiscal year shall be derived from—

''(A) any revenues, fees, penalties, or miscellaneous receipts, exclusive of deposits to any relevant trust fund, special account, or permanent operating funds, received by the Federal Government from activities by the Bureau of Land Management or the Forest Service on the applicable Federal land;

''(B) for fiscal year 2007, any funds appropriated to carry out this Act; and

''(C) to the extent of any shortfall, out of any amounts in the Treasury of the United States not otherwise appropriated.

''(c) DISTRIBUTION AND EXPENDITURE OF PAYMENTS.—

''(1) DISTRIBUTION METHOD.—A State that receives a payment under subsection (a) for Federal land described in section 3(7)(A) shall distribute the appropriate payment amount among the appropriate counties in the State in accordance with—

''(A) the Act of May 23, 1908 (16 U.S.C. 500); and

''(B) section 13 of the Act of March 1, 1911 (36 Stat. 963; 16 U.S.C. 500).

''(2) EXPENDITURE PURPOSES.—Subject to subsection (d), payments received by a State under subsection (a) and distributed to counties in accordance with paragraph (1) shall be expended as required by the laws referred to in paragraph (1).

''(d) EXPENDITURE RULES FOR ELIGIBLE COUNTIES.—

''(1) ALLOCATIONS.—

''(A) USE OF PORTION IN SAME MANNER AS 25-PERCENT PAYMENT OR 50-PERCENT PAYMENT, AS APPLICABLE.—Except as provided in paragraph (3)(B), if an eligible county elects to receive its share of the State payment or the county payment, not less than 80 percent,

but not more than 85 percent, of the funds shall be expended in the same manner in which the 25-percent payments or 50-percent payment, as applicable, are required to be expended.

''(B) ELECTION AS TO USE OF BALANCE.—Except as provided in subparagraph (C), an eligible county shall elect to do 1 or more of the following with the balance of any funds not expended pursuant to subparagraph (A):

''(i) Reserve any portion of the balance for projects in accordance with title II.

''(ii) Reserve not more than 7 percent of the total share for the eligible county of the State payment or the county payment for projects in accordance with title III.

''(iii) Return the portion of the balance not reserved under clauses (i) and (ii) to the Treasury of the United States.

''(C) COUNTIES WITH MODEST DISTRIBUTIONS.—In the case of each eligible county to which more than $100,000, but less than $350,000, is distributed for any fiscal year pursuant to either or both of paragraphs (1)(B) and (2)(B) of subsection (a), the eligible county, with respect to the balance of any funds not expended pursuant to subparagraph (A) for that fiscal year, shall—

''(i) reserve any portion of the balance for—

''(I) carrying out projects under title II;

''(II) carrying out projects under title III; or

''(III) a combination of the purposes described in subclauses (I) and (II); or

''(ii) return the portion of the balance not reserved under clause (i) to the Treasury of the United States.

''(2) DISTRIBUTION OF FUNDS.—

''(A) IN GENERAL.—Funds reserved by an eligible county under subparagraph (B)(i) or (C)(i) of paragraph (1) for carrying out projects under title II shall be deposited in a special account in the Treasury of the United States.

''(B) AVAILABILITY.—Amounts deposited under subparagraph (A) shall—

''(i) be available for expenditure by the Secretary concerned, without further appropriation; and

''(ii) remain available until expended in accordance with title II.

''(3) ELECTION.—

''(A) NOTIFICATION.—

''(i) IN GENERAL.—An eligible county shall notify the Secretary concerned of an election by the eligible county under this subsection not later than September 30 of each fiscal year.

''(ii) FAILURE TO ELECT.—Except as provided in subparagraph (B), if the eligible county fails to make an election by the date specified in clause (i), the eligible county shall—

''(I) be considered to have elected to expend 85 percent of the funds in accordance with paragraph (1)(A); and

''(II) return the balance to the Treasury of the United States.

''(B) COUNTIES WITH MINOR DISTRIBUTIONS.—In the case of each eligible county to which less than $100,000 is distributed for any fiscal year pursuant to either or both of paragraphs (1)(B) and (2)(B) of subsection (a), the eligible county may elect to expend all the funds in the same manner in which the 25-percent payments or 50-percent payments, as applicable, are required to be expended.

''(e) TIME FOR PAYMENT.—The payments required under this section for a fiscal year shall be made as soon as practicable after the end of that fiscal year.

''SEC. 103. TRANSITION PAYMENTS TO THE STATES OF CALIFORNIA, OREGON, AND WASHINGTON.

''(a) DEFINITIONS.—In this section:

''(1) ADJUSTED AMOUNT.—The term 'adjusted amount' means, with respect to a covered State—

''(A) for fiscal year 2007—

''(i) the sum of the amounts paid for fiscal year 2006 under section 102(a)(2) (as in effect on September 29, 2006) for the eligible counties in the covered State that have elected under section 102(b) to receive a share of the State payment for fiscal year 2007; and

''(ii) the sum of the amounts paid for fiscal year 2006 under section 103(a)(2) (as in effect on September 29, 2006) for the eligible counties in the State of Oregon that have elected under section 102(b) to receive the county payment for fiscal year 2007;

''(B) for fiscal year 2008, 90 percent of—

''(i) the sum of the amounts paid for fiscal year 2006 under section 102(a)(2) (as in effect on September 29, 2006) for the eligible counties in the covered State that have elected under section 102(b) to receive a share of the State payment for fiscal year 2008; and

''(ii) the sum of the amounts paid for fiscal year 2006 under section 103(a)(2) (as in effect on September 29, 2006) for the eligible counties in the State of Oregon that have elected under section 102(b) to receive the county payment for fiscal year 2008;

''(C) for fiscal year 2009, 81 percent of—

''(i) the sum of the amounts paid for fiscal year 2006 under section 102(a)(2) (as in effect on September 29, 2006) for the eligible counties in the covered State that have elected under section 102(b) to receive a share of the State payment for fiscal year 2009; and

''(ii) the sum of the amounts paid for fiscal year 2006 under section 103(a)(2) (as in effect on September 29, 2006) for the eligible counties in the State of Oregon that have elected under section 102(b) to receive the county payment for fiscal year 2009; and

''(D) for fiscal year 2010, 73 percent of—

''(i) the sum of the amounts paid for fiscal year 2006 under section 102(a)(2) (as in effect on September 29, 2006) for the eligible counties in the covered State that have elected under section 102(b) to receive a share of the State payment for fiscal year 2010; and

''(ii) the sum of the amounts paid for fiscal year 2006 under section 103(a)(2) (as in effect on September 29, 2006) for the eligible counties in the State of Oregon that have elected under section 102(b) to receive the county payment for fiscal year 2010.

''(2) COVERED STATE.—The term 'covered State' means each of the States of California, Oregon, and Washington.

''(b) TRANSITION PAYMENTS.—For each of fiscal years 2007 through 2010, in lieu of the payment amounts that otherwise would have been made under paragraphs (1)(B) and (2)(B) of section 102(a), the Secretary of the Treasury shall pay the adjusted amount to each covered State and the eligible counties within the covered State, as applicable.

''(c) DISTRIBUTION OF ADJUSTED AMOUNT IN OREGON AND WASHINGTON.—It is the intent of Congress that the method of distributing the payments under subsection (b) among the counties in the States of Oregon and Washington for each of fiscal years 2007 through 2010 be in the same proportion that the payments were distributed to the eligible counties in fiscal year 2006.

''(d) DISTRIBUTION OF PAYMENTS IN CALIFORNIA.—The following payments shall be distributed among the eligible counties in the State of California in the same proportion that payments under section 102(a)(2) (as in effect on September 29, 2006) were distributed to the eligible counties for fiscal year 2006:

''(1) Payments to the State of California under subsection (b).

''(2) The shares of the eligible counties of the State payment for California under section 102 for fiscal year 2011.

''(e) TREATMENT OF PAYMENTS.—For purposes of this Act, any payment made under subsection (b) shall be considered to be a payment made under section 102(a).

''TITLE II—SPECIAL PROJECTS ON FEDERAL LAND

''SEC. 201. DEFINITIONS.

''In this title:

''(1) PARTICIPATING COUNTY.—The term 'participating county' means an eligible county that elects under section 102(d) to expend a portion of the Federal funds received under section 102 in accordance with this title.

''(2) PROJECT FUNDS.—The term 'project funds' means all funds an eligible county elects under section 102(d) to reserve for expenditure in accordance with this title.

''(3) RESOURCE ADVISORY COMMITTEE.—The term 'resource advisory committee' means—

''(A) an advisory committee established by the Secretary concerned under section 205; or

''(B) an advisory committee determined by the Secretary concerned to meet the requirements of section 205.

''(4) RESOURCE MANAGEMENT PLAN.—The term 'resource management plan' means—

''(A) a land use plan prepared by the Bureau of Land Management for units of the Federal land described in section 3(7)(B) pursuant to section 202 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1712); or

''(B) a land and resource management plan prepared by the Forest Service for units of the National Forest System pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 19741 (16 U.S.C. 1604).

''SEC. 202. GENERAL LIMITATION ON USE OF PROJECT FUNDS.

''(a) LIMITATION.—Project funds shall be expended solely on projects that meet the requirements of this title.

''(b) AUTHORIZED USES.—Project funds may be used by the Secretary concerned for the purpose of entering into and implementing cooperative agreements with willing Federal agencies, State and local governments, private and nonprofit entities, and landowners for protection, restoration, and enhancement of fish and wildlife habitat, and other resource objectives consistent with the purposes of this Act on Federal land and on non-Federal land where projects would benefit the resources on Federal land.

''SEC. 203. SUBMISSION OF PROJECT PROPOSALS.

''(a) SUBMISSION OF PROJECT PROPOSALS TO SECRETARY CONCERNED.—

''(1) PROJECTS FUNDED USING PROJECT FUNDS.—Not later than September 30 for fiscal year 2007, and each September 30 thereafter for each succeeding fiscal year through fiscal year 2011, each resource advisory committee shall submit to the Secretary concerned a description of any projects that the resource advisory committee proposes the Secretary undertake using any project funds reserved by eligible counties in the area in which the resource advisory committee has geographic jurisdiction.

''(2) PROJECTS FUNDED USING OTHER FUNDS.—A resource advisory committee may submit to the Secretary concerned a description of any projects that the committee proposes the Secretary undertake using funds

from State or local governments, or from the private sector, other than project funds and funds appropriated and otherwise available to do similar work.

''(3) JOINT PROJECTS.—Participating counties or other persons may propose to pool project funds or other funds, described in paragraph (2), and jointly propose a project or group of projects to a resource advisory committee established under section 205.

''(b) REQUIRED DESCRIPTION OF PROJECTS.—In submitting proposed projects to the Secretary concerned under subsection (a), a resource advisory committee shall include in the description of each proposed project the following information:

''(1) The purpose of the project and a description of how the project will meet the purposes of this title.

''(2) The anticipated duration of the project.

''(3) The anticipated cost of the project.

''(4) The proposed source of funding for the project, whether project funds or other funds.

''(5)(A) Expected outcomes, including how the project will meet or exceed desired ecological conditions, maintenance objectives, or stewardship objectives.

''(B) An estimate of the amount of any timber, forage, and other commodities and other economic activity, including jobs generated, if any, anticipated as part of the project.

''(6) A detailed monitoring plan, including funding needs and sources, that—

''(A) tracks and identifies the positive or negative impacts of the project, implementation, and provides for validation monitoring; and

''(B) includes an assessment of the following:

''(i) Whether or not the project met or exceeded desired ecological conditions; created local employment or training opportunities, including summer youth jobs programs such as the Youth Conservation Corps where appropriate.

''(ii) Whether the project improved the use of, or added value to, any products removed from land consistent with the purposes of this title.

''(7) An assessment that the project is to be in the public interest.

''(c) AUTHORIZED PROJECTS.—Projects proposed under subsection (a) shall be consistent with section 2.

''SEC. 204. EVALUATION AND APPROVAL OF PROJECTS BY SECRETARY CONCERNED.

''(a) CONDITIONS FOR APPROVAL OF PROPOSED PROJECT.—The Secretary concerned may make a decision to approve a project submitted by a resource advisory committee under section 203 only if the proposed project satisfies each of the following conditions:

''(1) The project complies with all applicable Federal laws (including regulations).

''(2) The project is consistent with the applicable resource management plan and with any watershed or subsequent plan developed pursuant to the resource management plan and approved by the Secretary concerned.

''(3) The project has been approved by the resource advisory committee in accordance with section 205, including the procedures issued under subsection (e) of that section.

''(4) A project description has been submitted by the resource advisory committee to the Secretary concerned in accordance with section 203.

''(5) The project will improve the maintenance of existing infrastructure, implement stewardship objectives that enhance forest ecosystems, and restore and improve land health and water quality.

''(b) ENVIRONMENTAL REVIEWS.—

''(1) REQUEST FOR PAYMENT BY COUNTY.—The Secretary concerned may request the resource advisory committee submitting a proposed project to agree to the use of project funds to pay for any environmental review, consultation, or compliance with applicable environmental laws required in connection with the project.

''(2) CONDUCT OF ENVIRONMENTAL REVIEW.—If a payment is requested under paragraph (1) and the resource advisory committee agrees to the expenditure of funds for this purpose, the Secretary concerned shall conduct environmental review, consultation, or other compliance responsibilities in accordance with Federal laws (including regulations).

''(3) EFFECT OF REFUSAL TO PAY.—

''(A) IN GENERAL.—If a resource advisory committee does not agree to the expenditure of funds under paragraph (1), the project shall be deemed withdrawn from further consideration by the Secretary concerned pursuant to this title.

''(B) EFFECT OF WITHDRAWAL.—A withdrawal under subparagraph (A) shall be deemed to be a rejection of the project for purposes of section 207(c).

''(c) DECISIONS OF SECRETARY CONCERNED.—

''(1) REJECTION OF PROJECTS.—

''(A) IN GENERAL.—A decision by the Secretary concerned to reject a proposed project shall be at the sole discretion of the Secretary concerned.

''(B) NO ADMINISTRATIVE APPEAL OR JUDICIAL REVIEW.—Notwithstanding any other provision of law, a decision by the Secretary concerned to reject a proposed project shall not be subject to administrative appeal or judicial review.

''(C) NOTICE OF REJECTION.—Not later than 30 days after the date on which the Secretary concerned makes the rejection decision, the Secretary concerned shall notify in writing the resource advisory committee that submitted the proposed project of the rejection and the reasons for rejection.

''(2) NOTICE OF PROJECT APPROVAL.—The Secretary concerned shall publish in the Federal Register notice of each project approved under subsection (a) if the notice would be required had the project originated with the Secretary.

''(d) SOURCE AND CONDUCT OF PROJECT.—Once the Secretary concerned accepts a project for review under section 203, the acceptance shall be deemed a Federal action for all purposes.

''(e) IMPLEMENTATION OF APPROVED PROJECTS.—

''(1) COOPERATION.—Notwithstanding chapter 63 of title 31, United States Code, using project funds the Secretary concerned may enter into contracts, grants, and cooperative agreements with States and local governments, private and nonprofit entities, and landowners and other persons to assist the Secretary in carrying out an approved project.

''(2) BEST VALUE CONTRACTING.—

''(A) IN GENERAL.—For any project involving a contract authorized by paragraph (1) the Secretary concerned may elect a source for performance of the contract on a best value basis.

''(B) FACTORS.—The Secretary concerned shall determine best value based on such factors as—

''(i) the technical demands and complexity of the work to be done;

''(ii)(I) the ecological objectives of the project; and

''(II) the sensitivity of the resources being treated;

''(iii) the past experience by the contractor with the type of work being done, using the type of equipment proposed for the project, and meeting or exceeding desired ecological conditions; and

''(iv) the commitment of the contractor to hiring highly qualified workers and local residents.

''(3) MERCHANTABLE TIMBER CONTRACTING PILOT PROGRAM.—

''(A) ESTABLISHMENT.—The Secretary concerned shall establish a pilot program to implement a certain percentage of approved projects involving the sale of merchantable timber using separate contracts for—

''(i) the harvesting or collection of merchantable timber; and

''(ii) the sale of the timber.

''(B) ANNUAL PERCENTAGES.—Under the pilot program, the Secretary concerned shall ensure that, on a nationwide basis, not less than the following percentage of all approved projects involving the sale of merchantable timber are implemented using separate contracts:

''(i) For fiscal year 2007, 25 percent.

''(ii) For fiscal year 2008, 35 percent.

''(iii) For fiscal year 2009, 45 percent.

''(iv) For each of fiscal years 2010 and 2011, 50 percent.

''(C) INCLUSION IN PILOT PROGRAM.—The decision whether to use separate contracts to implement a project involving the sale of merchantable timber shall be made by the Secretary concerned after the approval of the project under this title.

''(D) ASSISTANCE.—

''(i) IN GENERAL.—The Secretary concerned may use funds from any appropriated account available to the Secretary for the Federal land to assist in the administration of projects conducted under the pilot program.

''(ii) MAXIMUM AMOUNT OF ASSISTANCE.—The total amount obligated under this subparagraph may not exceed $1,000,000 for any fiscal year during which the pilot program is in effect.

''(E) REVIEW AND REPORT.—

''(i) INITIAL REPORT.—Not later than September 30, 2009, the Comptroller General shall submit to the Committees on Agriculture, Nutrition, and Forestry and Energy and Natural Resources of the Senate and the Committees on Agriculture and Natural Resources of the House of Representatives a report assessing the pilot program.

''(ii) ANNUAL REPORT.—The Secretary concerned shall submit to the Committees on Agriculture, Nutrition, and Forestry and Energy and Natural Resources of the Senate and the Committees on Agriculture and Natural Resources of the House of Representatives an annual report describing the results of the pilot program.

''(f) REQUIREMENTS FOR PROJECT FUNDS.—The Secretary shall ensure that at least 50 percent of all project funds be used for projects that are primarily dedicated—

''(1) to road maintenance, decommissioning, or obliteration; or

''(2) to restoration of streams and watersheds.

''SEC. 205. RESOURCE ADVISORY COMMITTEES.

''(a) ESTABLISHMENT AND PURPOSE OF RESOURCE ADVISORY COMMITTEES.—

''(1) ESTABLISHMENT.—The Secretary concerned shall establish and maintain resource advisory committees to perform the duties in subsection (b), except as provided in paragraph (4).

''(2) PURPOSE.—The purpose of a resource advisory committee shall be—

''(A) to improve collaborative relationships; and

''(B) to provide advice and recommendations to the land management agencies consistent with the purposes of this title.

''(3) ACCESS TO RESOURCE ADVISORY COMMITTEES.—To ensure that each unit of Federal land has access to a resource advisory committee, and that there is sufficient interest in participation on a committee to ensure that membership can be balanced in terms of the points of view represented and the functions to be performed, the Secretary concerned may, establish resource advisory committees for part of, or 1 or more, units of Federal land.

''(4) EXISTING ADVISORY COMMITTEES.—

''(A) IN GENERAL.—An advisory committee that meets the requirements of this section, a resource advisory committee established before September 29, 2006, or an advisory committee determined by the Secretary concerned before September 29, 2006, to meet the requirements of this section may be deemed by the Secretary concerned to be a resource advisory committee for the purposes of this title.

''(B) CHARTER.—A charter for a committee described in subparagraph (A) that was filed on or before September 29, 2006, shall be considered to be filed for purposes of this Act.

''(C) BUREAU OF LAND MANAGEMENT ADVISORY COMMITTEES.—The Secretary of the Interior may deem a resource advisory committee meeting the requirements of subpart 1784 of part 1780 of title 43, Code of Federal Regulations, as a resource advisory committee for the purposes of this title.

''(b) DUTIES.—A resource advisory committee shall—

''(1) review projects proposed under this title by participating counties and other persons;

''(2) propose projects and funding to the Secretary concerned under section 203;

''(3) provide early and continuous coordination with appropriate land management agency officials in recommending projects consistent with purposes of this Act under this title;

''(4) provide frequent opportunities for citizens, organizations, tribes, land management agencies, and other interested parties to participate openly and meaningfully, beginning at the early stages of the project development process under this title;

''(5)(A) monitor projects that have been approved under section 204; and

''(B) advise the designated Federal official on the progress of the monitoring efforts under subparagraph (A); and

''(6) make recommendations to the Secretary concerned for any appropriate changes or adjustments to the projects being monitored by the resource advisory committee.

''(c) APPOINTMENT BY THE SECRETARY.—

''(1) APPOINTMENT AND TERM.—

''(A) IN GENERAL.—The Secretary concerned, shall appoint the members of resource advisory committees for a term of 4 years beginning on the date of appointment.

''(B) REAPPOINTMENT.—The Secretary concerned may reappoint members to subsequent 4-year terms.

''(2) BASIC REQUIREMENTS.—The Secretary concerned shall ensure that each resource advisory committee established meets the requirements of subsection (d).

''(3) INITIAL APPOINTMENT.—Not later than 180 days after the date of the enactment of this Act, the Secretary concerned shall make initial appointments to the resource advisory committees.

''(4) VACANCIES.—The Secretary concerned shall make appointments to fill vacancies on any resource advisory committee as soon as practicable after the vacancy has occurred.

''(5) COMPENSATION.—Members of the resource advisory committees shall not receive any compensation.

''(d) COMPOSITION OF ADVISORY COMMITTEE.—

''(1) NUMBER.—Each resource advisory committee shall be comprised of 15 members.

''(2) COMMUNITY INTERESTS REPRESENTED.—Committee members shall be representative of the interests of the following 3 categories:

''(A) 5 persons that—

''(i) represent organized labor or non-timber forest product harvester groups;

''(ii) represent developed outdoor recreation, off highway vehicle users, or commercial recreation activities;

''(iii) represent—

''(I) energy and mineral development interests; or

''(II) commercial or recreational fishing interests;

''(iv) represent the commercial timber industry; or

''(v) hold Federal grazing or other land use permits, or represent nonindustrial private forest land owners, within the area for which the committee is organized.

''(B) 5 persons that represent—

''(i) nationally recognized environmental organizations;

''(ii) regionally or locally recognized environmental organizations;

''(iii) dispersed recreational activities;

''(iv) archaeological and historical interests; or

''(v) nationally or regionally recognized wild horse and burro interest groups, wildlife or hunting organizations, or watershed associations.

''(C) 5 persons that—

''(i) hold State elected office (or a designee);

''(ii) hold county or local elected office;

''(iii) represent American Indian tribes within or adjacent to the area for which the committee is organized;

''(iv) are school officials or teachers; or

''(v) represent the affected public at large.

''(3) BALANCED REPRESENTATION.—In appointing committee members from the 3 categories in paragraph (2), the Secretary concerned shall provide for balanced and broad representation from within each category.

''(4) GEOGRAPHIC DISTRIBUTION.—The members of a resource advisory committee shall reside within the State in which the committee has jurisdiction and, to extent practicable, the Secretary concerned shall ensure local representation in each category in paragraph (2).

''(5) CHAIRPERSON.—A majority on each resource advisory committee shall select the chairperson of the committee.

''(e) APPROVAL PROCEDURES.—

''(1) IN GENERAL.—Subject to paragraph (3), each resource advisory committee shall establish procedures for proposing projects to the Secretary concerned under this title.

''(2) QUORUM.—A quorum must be present to constitute an official meeting of the committee.

''(3) APPROVAL BY MAJORITY OF MEMBERS.—A project may be proposed by a resource advisory committee to the Secretary concerned under section 203(a), if the project has been approved by a majority of members of the committee from each of the 3 categories in subsection (d)(2).

''(f) OTHER COMMITTEE AUTHORITIES AND REQUIREMENTS.—

''(1) STAFF ASSISTANCE.—A resource advisory committee may submit to the Secretary concerned a request for periodic staff assistance from Federal employees under the jurisdiction of the Secretary.

''(2) MEETINGS.—All meetings of a resource advisory committee shall be announced at least 1 week in advance in a local newspaper of record and shall be open to the public.

''(3) RECORDS.—A resource advisory committee shall maintain records of the meetings of the committee and make the records available for public inspection.

''SEC. 206. USE OF PROJECT FUNDS.

''(a) AGREEMENT REGARDING SCHEDULE AND COST OF PROJECT.—

''(1) AGREEMENT BETWEEN PARTIES.—The Secretary concerned may carry out a project submitted by a resource advisory committee under section 203(a) using project funds or other funds described in section 203(a)(2), if, as soon as practicable after the issuance of a decision document for the project and the exhaustion of all administrative appeals and judicial review of the project decision, the Secretary concerned and the resource advisory committee enter into an agreement addressing, at a minimum, the following:

''(A) The schedule for completing the project.

''(B) The total cost of the project, including the level of agency overhead to be assessed against the project.

''(C) For a multiyear project, the estimated cost of the project for each of the fiscal years in which it will be carried out.

''(D) The remedies for failure of the Secretary concerned to comply with the terms of the agreement consistent with current Federal law.

''(2) LIMITED USE OF FEDERAL FUNDS.—The Secretary concerned may decide, at the sole discretion of the Secretary concerned, to cover the costs of a portion of an approved project using Federal funds appropriated or otherwise available to the Secretary for the same purposes as the project.

''(b) TRANSFER OF PROJECT FUNDS.—

''(1) INITIAL TRANSFER REQUIRED.—As soon as practicable after the agreement is reached under subsection (a) with regard to a project to be funded in whole or in part using project funds, or other funds described in section 203(a)(2), the Secretary concerned shall transfer to the applicable unit of National Forest System land or Bureau of Land Management District an amount of project funds equal to—

''(A) in the case of a project to be completed in a single fiscal year, the total amount specified in the agreement to be paid using project funds, or other funds described in section 203(a)(2); or

''(B) in the case of a multiyear project, the amount specified in the agreement to be paid using project funds, or other funds described in section 203(a)(2) for the first fiscal year.

''(2) CONDITION ON PROJECT COMMENCEMENT.—The unit of National Forest System land or Bureau of Land Management District concerned, shall not commence a project until the project funds, or other funds described in section 203(a)(2) required to be transferred under paragraph (1) for the project, have been made available by the Secretary concerned.

''(3) SUBSEQUENT TRANSFERS FOR MULTIYEAR PROJECTS.—

''(A) IN GENERAL.—For the second and subsequent fiscal years of a multiyear project to be funded in whole or in part using project funds, the unit of National Forest System land or Bureau of Land Management District concerned shall use the amount of project

funds required to continue the project in that fiscal year according to the agreement entered into under subsection (a).

''(B) SUSPENSION OF WORK.—The Secretary concerned shall suspend work on the project if the project funds required by the agreement in the second and subsequent fiscal years are not available.

''SEC. 207. AVAILABILITY OF PROJECT FUNDS.

''(a) SUBMISSION OF PROPOSED PROJECTS TO OBLIGATE FUNDS.—By September 30 of each fiscal year through fiscal year 2011, a resource advisory committee shall submit to the Secretary concerned pursuant to section 203(a)(1) a sufficient number of project proposals that, if approved, would result in the obligation of at least the full amount of the project funds reserved by the participating county in the preceding fiscal year.

''(b) USE OR TRANSFER OF UNOBLIGATED FUNDS.—Subject to section 208, if a resource advisory committee fails to comply with subsection (a) for a fiscal year, any project funds reserved by the participating county in the preceding fiscal year and remaining unobligated shall be available for use as part of the project submissions in the next fiscal year.

''(c) EFFECT OF REJECTION OF PROJECTS.—Subject to section 208, any project funds reserved by a participating county in the preceding fiscal year that are unobligated at the end of a fiscal year because the Secretary concerned has rejected one or more proposed projects shall be available for use as part of the project submissions in the next fiscal year.

''(d) EFFECT OF COURT ORDERS.—

''(1) IN GENERAL.—If an approved project under this Act is enjoined or prohibited by a Federal court, the Secretary concerned shall return the unobligated project funds related to the project to the participating county or counties that reserved the funds.

''(2) EXPENDITURE OF FUNDS.—The returned funds shall be available for the county to expend in the same manner as the funds reserved by the county under subparagraph (B) or (C)(i) of section 102(d)(1).

''SEC. 208. TERMINATION OF AUTHORITY.

''(a) IN GENERAL.—The authority to initiate projects under this title shall terminate on September 30, 2011.

''(b) DEPOSITS IN TREASURY.—Any project funds not obligated by September 30, 2012, shall be deposited in the Treasury of the United States.

''TITLE III—COUNTY FUNDS

''SEC. 301. DEFINITIONS.

''In this title:

''(1) COUNTY FUNDS.—The term 'county funds' means all funds an eligible county elects under section 102(d) to reserve for expenditure in accordance with this title.

''(2) PARTICIPATING COUNTY.—The term 'participating county' means an eligible county that elects under section 102(d) to expend a portion of the Federal funds received under section 102 in accordance with this title.

''SEC. 302. USE.

''(a) AUTHORIZED USES.—A participating county, including any applicable agencies of the participating county, shall use county funds, in accordance with this title, only—

''(1) to carry out activities under the Firewise Communities program to provide to homeowners in fire-sensitive ecosystems education on, and assistance with implementing, techniques in home siting, home construction, and home landscaping that can increase the protection of people and property from wildfires;

''(2) to reimburse the participating county for search and rescue and other emergency services, including firefighting, that are—

''(A) performed on Federal land after the date on which the use was approved under subsection (b);

''(B) paid for by the participating county; and

''(3) to develop community wildfire protection plans in coordination with the appropriate Secretary concerned.

''(b) PROPOSALS.—A participating county shall use county funds for a use described in subsection (a) only after a 45-day public comment period, at the beginning of which the participating county shall—

''(1) publish in any publications of local record a proposal that describes the proposed use of the county funds; and

''(2) submit the proposal to any resource advisory committee established under section 205 for the participating county.

''SEC. 303. CERTIFICATION.

''(a) IN GENERAL.—Not later than February 1 of the year after the year in which any county funds were expended by a participating county, the appropriate official of the participating county shall submit to the Secretary concerned a certification that the county funds expended in the applicable year have been used for the uses authorized under section 302(a), including a description of the amounts expended and the uses for which the amounts were expended.

''(b) REVIEW.—The Secretary concerned shall review the certifications submitted under subsection (a) as the Secretary concerned determines to be appropriate.

''SEC. 304. TERMINATION OF AUTHORITY.

''(a) IN GENERAL.—The authority to initiate projects under this title terminates on September 30, 2011.

''(b) AVAILABILITY.—Any county funds not obligated by September 30, 2012, shall be returned to the Treasury of the United States.

''TITLE IV—MISCELLANEOUS PROVISIONS

''SEC. 401. REGULATIONS.

''The Secretary of Agriculture and the Secretary of the Interior shall issue regulations to carry out the purposes of this Act.

''SEC. 402. AUTHORIZATION OF APPROPRIATIONS.

''There are authorized to be appropriated such sums as are necessary to carry out this Act for each of fiscal years 2007 through 2011.

''SEC. 403. TREATMENT OF FUNDS AND REVENUES.

''(a) RELATION TO OTHER APPROPRIATIONS.—Funds made available under section 402 and funds made available to a Secretary concerned under section 206 shall be in addition to any other annual appropriations for the Forest Service and the Bureau of Land Management.

''(b) DEPOSIT OF REVENUES AND OTHER FUNDS.—All revenues generated from projects pursuant to title II, including any interest accrued from the revenues, shall be deposited in the Treasury of the United States.''.

(b) FOREST RECEIPT PAYMENTS TO ELIGIBLE STATES AND COUNTIES.—

(1) ACT OF MAY 23, 1908.—The sixth paragraph under the heading ''forest service'' in the Act of May 23, 1908 (16 U.S.C. 500) is amended in the first sentence by striking ''twenty-five percentum'' and all that follows through ''shall be paid'' and inserting the following: ''an amount equal to the annual average of 25 percent of all amounts received for the applicable fiscal year and each of the preceding 6 fiscal years from each national forest shall be paid''.

(2) WEEKS LAW.—Section 13 of the Act of March 1, 1911 (commonly known as the ''Weeks Law'') (16 U.S.C. 500) is amended in the first sentence by striking ''twenty-five percentum'' and all that follows through ''shall be paid'' and inserting the following: ''an amount equal to the annual average of 25 percent of all amounts received for the applicable fiscal year and each of the preceding 6 fiscal years from each national forest shall be paid''.

(c) PAYMENTS IN LIEU OF TAXES.—

(1) IN GENERAL.—Section 6906 of title 31, United States Code, is amended to read as follows:

''§ 6906. Funding

''For each of fiscal years 2008 through 2012—

''(1) each county or other eligible unit of local government shall be entitled to payment under this chapter; and

''(2) sums shall be made available to the Secretary of the Interior for obligation or expenditure in accordance with this chapter.''.

(2) CONFORMING AMENDMENT.—The table of sections for chapter 69 of title 31, United States Code, is amended by striking the item relating to section 6906 and inserting the following:

''6906. Funding.''.

(3) BUDGET SCOREKEEPING.—

(A) IN GENERAL.—Notwithstanding the Budget Scorekeeping Guidelines and the accompanying list of programs and accounts set forth in the joint explanatory statement of the committee of conference accompanying Conference Report 105–217, the amendment made by paragraph (1) shall be treated in the baseline for purposes of section 257 of the Balanced Budget and Emergency Deficit Control Act of 1985 (2 U.S.C. 907) (as in effect before September 30, 2002), by the Chairpersons of the Committee on the Budget of the House of Representatives and the Committee on the Budget of the Senate, as appropriate, for purposes of budget enforcement in the House of Representatives and the Senate, and under the Congressional Budget Act of 1974 (2 U.S.C. 601 et seq.) as if Payment in Lieu of Taxes (14-1114-0-1-806) were an account designated as Appropriated Entitlements and Mandatories for Fiscal Year 1997 in the joint explanatory statement of the committee of conference accompanying Conference Report 105-217.

(B) EFFECTIVE DATE.—This paragraph shall—

(i) be effective beginning on the date of enactment of this Act; and

(ii) remain in effect for any fiscal year for which the entitlement in section 6906 of title 31, United States Code (as amended by paragraph (1)), applies.

SA 1705. Mr. KERRY (for himself, Ms. CANTWELL, and Mr. TESTER) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 177, after line 21, insert the following:

SEC. 279. SMALL BUSINESS EMERGENCY FUEL ASSISTANCE.

(a) SHORT TITLE.—This section may be cited as the ''Small Business Emergency Fuel Assistance Act of 2007''.

(b) EMERGENCY FUEL ASSISTANCE PROGRAM.—There is established within the Economic Development Administration of the Department of Commerce, an emergency assistance program for small businesses dependent on fuel.

(c) DECLARATION OF FUEL EMERGENCY.—

(1) BY THE SECRETARY.—The Secretary of Commerce may declare a severe fuel supply interruption for small businesses if—

(A) the retail price of gasoline in the United States is at least 60 percent higher than the 5-year rolling average retail price for 2 consecutive weeks; and

(B) the price differential continues to increase during the most recent week for which price information is available.

(2) BY A GOVERNOR.—If the Secretary does not declare a fuel emergency during a period that meets the criteria described in paragraph (1)—

(A) a Governor may certify that small businesses in the State have incurred economic injury as a result of a fuel interruption in the State;

(B) a Governor may request financial assistance through the program established under this section; and

(C) the Secretary shall provide the Governor with a written determination not later than 30 days after receiving a request under subparagraph (B).

(d) GRANTS AUTHORIZED.—

(1) IN GENERAL.—The Secretary of Commerce is authorized to award grants to States under a declaration of fuel supply interruption in accordance with this section.

(2) IN GENERAL.—Subject to paragraph (3), the Secretary shall award grants to States, in accordance with an allocation formula established by the Secretary based on the pro rata share of each State of the total need among all States, as applicable, for emergency assistance for fuel interruption, as determined on the basis of—

(A) the number and percentage of qualifying small businesses operating within the State;

(B) the increase in the retail price of fuel in the State; and

(C) such other factors as the Secretary determines to be appropriate.

(3) ALLOCATION PLAN.—Each State shall establish, after giving notice to the public, an opportunity for public comment, and consideration of public comments received, an allocation plan for the distribution of financial assistance received under this subsection, which shall be submitted to the Secretary, shall be made available to the public by the State, and shall include—

(A) application requirements for qualifying small businesses seeking to receive assistance under this subsection, including a requirement that each application include—

(i) demonstration of need for assistance under this subsection;

(ii) a plan to decrease the total commercial energy usage of the small business through energy efficiency measures, such as those promoted through the Energy Star Program; and

(iii) if a small business has previously received assistance under this subsection, evidence that the small business has implemented the plan previously documented under clause (ii); and

(B) factors for selecting among small businesses that meet the application requirements, with preference given to applicants based on the percentage of operating costs expended on fuel.

(e) ELIGIBILITY.—A small business is eligible for a grant under this section if—

(1) the average gross receipts of the small business for the 3 preceding taxable years does not exceed $5,000,000; or

(2) the small business employed an average of more than 1 and fewer than 50 qualified employees on business days during the preceding taxable year.

(f) DEFINED TERM.—In this section, the term ''aggregate gross assets'' has the meaning given such term in section 1202(d)(2) of the Internal Revenue Code of 1986.

(g) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Department of Commerce $100,000,000 for each of the fiscal years 2008 through 2012 to carry out this section.

SA 1706. Mr. KERRY (for himself and Ms. SNOWE) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 161, between lines 2 and 3, insert the following:

SEC. 269. SMALL BUSINESS ENERGY EFFICIENCY.

(a) DEFINITIONS.—In this section—

(1) the terms ''Administration'' and ''Administrator'' mean the Small Business Administration and the Administrator thereof, respectively;

(2) the term ''association'' means the association of small business development centers established under section 21(a)(3)(A) of the Small Business Act (15 U.S.C. 648(a)(3)(A));

(3) the term ''disability'' has the meaning given that term in section 3 of the Americans with Disabilities Act of 1990 (42 U.S.C. 12102);

(4) the term ''electric utility'' has the meaning given that term in section 3 of the Public Utility Regulatory Policies Act of 1978 (16 U.S.C. 2602);

(5) the term ''on-bill financing'' means a low interest or no interest financing agreement between a small business concern and an electric utility for the purchase or installation of equipment, under which the regularly scheduled payment of that small business concern to that electric utility is not reduced by the amount of the reduction in cost attributable to the new equipment and that amount is credited to the electric utility, until the cost of the purchase or installation is repaid;

(6) the term ''small business concern'' has the meaning given that term in section 3 of the Small Business Act (15 U.S.C. 636);

(7) the term ''small business development center'' means a small business development center described in section 21 of the Small Business Act (15 U.S.C. 648);

(8) the term ''telecommuting'' means the use of telecommunications to perform work functions under circumstances which reduce or eliminate the need to commute; and

(9) the term ''veteran'' has the meaning given that term in section 101 of title 38, United States Code.

(b) IMPLEMENTATION OF SMALL BUSINESS ENERGY EFFICIENCY PROGRAM.—

(1) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator shall promulgate final rules establishing the Government-wide program authorized under subsection (d) of section 337 of the Energy Policy and Conservation Act (42 U.S.C. 6307) that ensure compliance with that subsection by not later than 6 months after such date of enactment.

(2) PLAN.—Not later than 90 days after the date of enactment of this Act, the Administrator shall publish a detailed plan regarding how the Administrator will—

(A) assist small business concerns in becoming more energy efficient; and

(B) build on the Energy Star for Small Business Program of the Department of Energy and the Environmental Protection Agency.

(3) ASSISTANT ADMINISTRATOR FOR SMALL BUSINESS ENERGY POLICY.—

(A) IN GENERAL.—There is in the Administration an Assistant Administrator for Small Business Energy Policy, who shall be appointed by, and report to, the Administrator.

(B) DUTIES.—The Assistant Administrator for Small Business Energy Policy shall—

(i) oversee and administer the requirements under this subsection and section 337(d) of the Energy Policy and Conservation Act (42 U.S.C. 6307(d)); and

(ii) promote energy efficiency efforts for small business concerns and reduce energy costs of small business concerns.

(4) REPORTS.—The Administrator shall submit to the Committee on Small Business and Entrepreneurship of the Senate and the Committee on Small Business of the House of Representatives an annual report on the progress of the Administrator in encouraging small business concerns to become more energy efficient, including data on the rate of use of the Small Business Energy Clearinghouse established under section 337(d)(4) of the Energy Policy and Conservation Act (42 U.S.C. 6307(d)(4)).

(c) SMALL BUSINESS ENERGY EFFICIENCY.—

(1) AUTHORITY.—The Administrator shall establish a Small Business Energy Efficiency Pilot Program (in this subsection referred to as the ''Efficiency Pilot Program'') to provide energy efficiency assistance to small business concerns through small business development centers.

(2) SMALL BUSINESS DEVELOPMENT CENTERS.—

(A) IN GENERAL.—In carrying out the Efficiency Pilot Program, the Administrator shall enter into agreements with small business development centers under which such centers shall—

(i) provide access to information and resources on energy efficiency practices, including on-bill financing options;

(ii) conduct training and educational activities;

(iii) offer confidential, free, one-on-one, in-depth energy audits to the owners and operators of small business concerns regarding energy efficiency practices;

(iv) give referrals to certified professionals and other providers of energy efficiency assistance who meet such standards for educational, technical, and professional competency as the Administrator shall establish; and

(v) act as a facilitator between small business concerns, electric utilities, lenders, and the Administration to facilitate on-bill financing arrangements.

(B) REPORTS.—Each small business development center participating in the Efficiency Pilot Program shall submit to the Administrator and the Administrator of the Environmental Protection Agency an annual report that includes—

(i) a summary of the energy efficiency assistance provided by that center under the Efficiency Pilot Program;

(ii) the number of small business concerns assisted by that center under the Efficiency Pilot Program;

(iii) statistics on the total amount of energy saved as a result of assistance provided by that center under the Efficiency Pilot Program; and

(iv) any additional information determined necessary by the Administrator, in consultation with the association.

(C) REPORTS TO CONGRESS.—Not later than 60 days after the date on which all reports under subparagraph (B) relating to a year are submitted, the Administrator shall submit to the Committee on Small Business and Entrepreneurship of the Senate and the Committee on Small Business of the House of Representatives a report summarizing the information regarding the Efficiency Pilot Program submitted by small business development centers participating in that program.

(3) ELIGIBILITY.—A small business development center shall be eligible to participate in the Efficiency Pilot Program only if that center is certified under section 21(k)(2) of the Small Business Act (15 U.S.C. 648(k)(2)).

(4) SELECTION OF PARTICIPATING STATE PROGRAMS.—

(A) GROUPINGS.—

(i) SELECTION OF PROGRAMS.—The Administrator shall select the small business development center programs of 2 States from each of the groupings of States described in clauses (ii) through (xi) to participate in the pilot program established under this subsection.

(ii) GROUP 1.—Group 1 shall consist of Maine, Massachusetts, New Hampshire, Connecticut, Vermont, and Rhode Island.

(iii) GROUP 2.—Group 2 shall consist of New York, New Jersey, Puerto Rico, and the Virgin Islands.

(iv) GROUP 3.—Group 3 shall consist of Pennsylvania, Maryland, West Virginia, Virginia, the District of Columbia, and Delaware.

(v) GROUP 4.—Group 4 shall consist of Georgia, Alabama, North Carolina, South Carolina, Mississippi, Florida, Kentucky, and Tennessee.

(vi) GROUP 5.—Group 5 shall consist of Illinois, Ohio, Michigan, Indiana, Wisconsin, and Minnesota.

(vii) GROUP 6.—Group 6 shall consist of Texas, New Mexico, Arkansas, Oklahoma, and Louisiana.

(viii) GROUP 7.—Group 7 shall consist of Missouri, Iowa, Nebraska, and Kansas.

(ix) GROUP 8.—Group 8 shall consist of Colorado, Wyoming, North Dakota, South Dakota, Montana, and Utah.

(x) GROUP 9.—Group 9 shall consist of California, Guam, American Samoa, Hawaii, Nevada, and Arizona.

(xi) GROUP 10.—Group 10 shall consist of Washington, Alaska, Idaho, and Oregon.

(5) MATCHING REQUIREMENT.—Subparagraphs (A) and (B) of section 21(a)(4) of the Small Business Act (15 U.S.C. 648(a)(4)) shall apply to assistance made available under the Efficiency Pilot Program.

(6) GRANT AMOUNTS.—Each small business development center selected to participate in the Efficiency Pilot Program under paragraph (4) shall be eligible to receive a grant in an amount equal to—

(A) not less than $100,000 in each fiscal year; and

(B) not more than $300,000 in each fiscal year.

(7) EVALUATION AND REPORT.—The Comptroller General of the United States shall—

(A) not later than 30 months after the date of disbursement of the first grant under the Efficiency Pilot Program, initiate an evaluation of that pilot program; and

(B) not later than 6 months after the date of the initiation of the evaluation under subparagraph (A), submit to the Administrator, the Committee on Small Business and Entrepreneurship of the Senate, and the Committee on Small Business of the House of Representatives, a report containing—

(i) the results of the evaluation; and

(ii) any recommendations regarding whether the Efficiency Pilot Program, with or without modification, should be extended to include the participation of all small business development centers.

(8) GUARANTEE.—The Administrator may guarantee the timely payment of a loan made to a small business concern through an on-bill financing agreement on such terms and conditions as the Administrator shall establish through a formal rule making, after providing notice and an opportunity for comment.

(9) AUTHORIZATION OF APPROPRIATIONS.—

(A) IN GENERAL.—There are authorized to be appropriated to carry out this subsection—

(i) $5,000,000 for the first fiscal year beginning after the date of enactment of this Act; and

(ii) $5,000,000 for each of the 3 fiscal years following the fiscal year described in clause (i).

(B) LIMITATION ON USE OF OTHER FUNDS.—The Administrator may carry out the Efficiency Pilot Program only with amounts appropriated in advance specifically to carry out this subsection.

(10) TERMINATION.—The authority under this subsection shall terminate 4 years after the date of disbursement of the first grant under the Efficiency Pilot Program.

(d) SMALL BUSINESS TELECOMMUTING.—

(1) PILOT PROGRAM.—

(A) IN GENERAL.—In accordance with this subsection, the Administrator shall conduct, in not more than 5 of the regions of the Administration, a pilot program to provide information regarding telecommuting to employers that are small business concerns and to encourage such employers to offer telecommuting options to employees (in this subsection referred to as the ''Telecommuting Pilot Program'').

(B) SPECIAL OUTREACH TO INDIVIDUALS WITH DISABILITIES.—In carrying out the Telecommuting Pilot Program, the Administrator shall make a concerted effort to provide information to—

(i) small business concerns owned by or employing individuals with disabilities, particularly veterans who are individuals with disabilities;

(ii) Federal, State, and local agencies having knowledge and expertise in assisting individuals with disabilities, including veterans who are individuals with disabilities; and

(iii) any group or organization, the primary purpose of which is to aid individuals with disabilities or veterans who are individuals with disabilities.

(C) PERMISSIBLE ACTIVITIES.—In carrying out the Telecommuting Pilot Program, the Administrator may—

(i) produce educational materials and conduct presentations designed to raise awareness in the small business community of the benefits and the ease of telecommuting;

(ii) conduct outreach—

(I) to small business concerns that are considering offering telecommuting options; and

(II) as provided in subparagraph (B); and

(iii) acquire telecommuting technologies and equipment to be used for demonstration purposes.

(D) SELECTION OF REGIONS.—In determining which regions will participate in the Telecommuting Pilot Program, the Administrator shall give priority consideration to regions in which Federal agencies and private-sector employers have demonstrated a strong regional commitment to telecommuting.

(2) REPORT TO CONGRESS.—Not later than 2 years after the date on which funds are first appropriated to carry out this subsection, the Administrator shall transmit to the Committee on Small Business and Entrepreneurship of the Senate and the Committee on Small Business of the House of Representatives a report containing the results of an evaluation of the Telecommuting Pilot Program and any recommendations regarding whether the pilot program, with or without modification, should be extended to include the participation of all regions of the Administration.

(3) TERMINATION.—The Telecommuting Pilot Program shall terminate 4 years after the date on which funds are first appropriated to carry out this subsection.

(4) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administration $5,000,000 to carry out this subsection.

(e) ENCOURAGING INNOVATION IN ENERGY EFFICIENCY.—Section 9 of the Small Business Act (15 U.S.C. 638) is amended by adding at the end the following:

''(z) ENCOURAGING INNOVATION IN ENERGY EFFICIENCY.—

''(1) FEDERAL AGENCY ENERGY-RELATED PRIORITY.—In carrying out its duties under this section to SBIR and STTR solicitations by Federal agencies, the Administrator shall—

''(A) ensure that such agencies give high priority to small business concerns that participate in or conduct energy efficiency or renewable energy system research and development projects; and

''(B) include in the annual report to Congress under subsection (b)(7) a determination of whether the priority described in subparagraph (A) is being carried out.

''(2) CONSULTATION REQUIRED.—The Administrator shall consult with the heads of other Federal agencies and departments in determining whether priority has been given to small business concerns that participate in or conduct energy efficiency or renewable energy system research and development projects, as required by this section.

''(3) GUIDELINES.—The Administrator shall, as soon as is practicable after the date of enactment of this subsection, issue guidelines and directives to assist Federal agencies in meeting the requirements of this section.

''(4) DEFINITIONS.—In this subsection—

''(A) the term 'biomass'—

''(i) means any organic material that is available on a renewable or recurring basis, including—

''(I) agricultural crops;

''(II) trees grown for energy production;

''(III) wood waste and wood residues;

''(IV) plants (including aquatic plants and grasses);

''(V) residues;

''(VI) fibers;

''(VII) animal wastes and other waste materials; and

''(VIII) fats, oils, and greases (including recycled fats, oils, and greases); and

''(ii) does not include—

''(I) paper that is commonly recycled; or

''(II) unsegregated solid waste;

''(B) the term 'energy efficiency project' means the installation or upgrading of equipment that results in a significant reduction in energy usage; and

''(C) the term 'renewable energy system' means a system of energy derived from—

''(i) a wind, solar, biomass (including biodiesel), or geothermal source; or

''(ii) hydrogen derived from biomass or water using an energy source described in clause (i).''.

SA 1707. Mr. KERRY submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy techniques, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

TITLE ____—ENERGY EMERGENCIES

SEC. __01. FINDINGS.

Congress finds that—

(1) a significant number of small business concerns in the United States, including nonfarm and agricultural producers, use heating oil, natural gas, propane, or kerosene to heat their facilities and for other purposes;

(2) a significant number of small business concerns in the United States sell, distribute, market, or otherwise engage in commerce directly related to heating oil, natural gas, propane, and kerosene; and

(3) significant increases in the price of heating oil, natural gas, propane, or kerosene—

(A) disproportionately harm small business concerns dependent on those fuels or that use, sell, or distribute those fuels in the ordinary course of their business, and can cause them substantial economic injury;

(B) can negatively affect the national economy and regional economies;

(C) occurred during the winters of 1983 to 1984, 1988 to 1989, 1996 to 1997, 1999 to 2000, 2000 to 2001, and 2004 to 2005; and

(D) can be caused by a host of factors, including international conflicts, global or regional supply difficulties, weather conditions, insufficient inventories, refinery capacity, transportation, and competitive structures in the markets, causes that are often unforeseeable to, and beyond the control of, those who own and operate small business concerns.

SEC. __02. SMALL BUSINESS ENERGY EMERGENCY DISASTER LOAN PROGRAM.

(a) IN GENERAL.—Section 7(b) of the Small Business Act (15 U.S.C. 636(b)) is amended by inserting after paragraph (3) the following:

''(4) ENERGY EMERGENCIES.—

''(A) DEFINITIONS.—In this paragraph—

''(i) the term 'base price index' means the moving average of the closing unit price on the New York Mercantile Exchange for heating oil, natural gas, or propane for the 10 days, in each of the most recent 2 preceding years, which correspond to the trading days described in clause (ii);

''(ii) the term 'current price index' means the moving average of the closing unit price on the New York Mercantile Exchange, for the 10 most recent trading days, for contracts to purchase heating oil, natural gas, or propane during the subsequent calendar month, commonly known as the 'front month';

''(iii) the term 'heating fuel' means heating oil, natural gas, propane, or kerosene; and

''(iv) the term 'significant increase' means—

''(I) with respect to the price of heating oil, natural gas, or propane, any time the current price index exceeds the base price index by not less than 40 percent; and

''(II) with respect to the price of kerosene, any increase which the Administrator, in consultation with the Secretary of Energy, determines to be significant.

''(B) AUTHORIZATION.—The Administration may make such loans, either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate or deferred basis, to assist a small business concern that has suffered or that is likely to suffer substantial economic injury as the result of a significant increase in the price of heating fuel occurring on or after October 1, 2004.

''(C) INTEREST RATE.—Any loan or guarantee extended under this paragraph shall be made at the same interest rate as economic injury loans under paragraph (2).

''(D) MAXIMUM AMOUNT.—No loan may be made under this paragraph, either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate or deferred basis, if the total amount outstanding and committed to the borrower under this subsection would exceed $1,500,000, unless such borrower constitutes a major source of employment in its surrounding area, as determined by the Administrator, in which case the Administrator, in the discretion of the Administrator, may waive the $1,500,000 limitation.

''(E) DECLARATIONS.—For purposes of assistance under this paragraph—

''(i) a declaration of a disaster area based on conditions specified in this paragraph shall be required, and shall be made by the President or the Administrator; or

''(ii) if no declaration has been made under clause (i), the Governor of a State in which a significant increase in the price of heating fuel has occurred may certify to the Administration that small business concerns have suffered economic injury as a result of such increase and are in need of financial assistance which is not otherwise available on reasonable terms in that State, and upon receipt of such certification, the Administration may make such loans as would have been available under this paragraph if a disaster declaration had been issued.

''(F) USE OF FUNDS.—Notwithstanding any other provision of law, loans made under this paragraph may be used by a small business concern described in subparagraph (B) to convert from the use of heating fuel to a renewable or alternative energy source, including agriculture and urban waste, geothermal energy, cogeneration, solar energy, wind energy, or fuel cells.''.

(b) CONFORMING AMENDMENTS RELATING TO HEATING FUEL.—Section 3(k) of the Small Business Act (15 U.S.C. 632(k)) is amended—

(1) by inserting '', significant increases in the price of heating fuel'' after ''civil disorders''; and

(2) by inserting ''other'' before ''economic''.

(c) EFFECTIVE PERIOD.—The amendments made by this section shall apply during the 4-year period beginning on the date on which guidelines are published by the Administrator of the Small Business Administration under section __04.

SEC. __03. AGRICULTURAL PRODUCER EMERGENCY LOANS.

(a) IN GENERAL.—Section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)) is amended—

(1) in the first sentence—

(A) by striking ''operations have'' and inserting ''operations (i) have''; and

(B) by inserting before '': *Provided*,'' the following: '', or (ii)(I) are owned or operated by such an applicant that is also a small business concern (as defined in section 3 of the Small Business Act (15 U.S.C. 632)), and (II) have suffered or are likely to suffer substantial economic injury on or after October 1, 2004, as the result of a significant increase in energy costs or input costs from energy sources occurring on or after October 1, 2004, in connection with an energy emergency declared by the President or by the Secretary'';

(2) in the third sentence, by inserting before the period at the end the following: ''or by an energy emergency declared by the President or by the Secretary''; and

(3) in the fourth sentence—

(A) by striking ''or natural disaster'' each place such term appears and inserting '', natural disaster, or energy emergency'';

(B) by inserting ''or declaration'' after ''emergency designation''; and

(C) by inserting ''or energy emergency'' after ''such natural disaster''.

(b) FUNDING.—Funds available on the date of the enactment of this Act for emergency loans under subtitle C of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 et seq.) shall be available to carry out the amendments made by subsection (a) to meet the needs resulting from energy emergencies.

(c) EFFECTIVE PERIOD.—The amendments made by this section shall apply during the 4-year period beginning on the date on which guidelines are published by the Secretary of Agriculture under section __04.

SEC. __04. GUIDELINES AND RULEMAKING.

(a) GUIDELINES.—Not later than 30 days after the date of the enactment of this Act, the Administrator of the Small Business Administration and the Secretary of Agriculture shall each issue such guidelines as the Administrator or the Secretary, as applicable, determines to be necessary to carry out this title and the amendments made by this title.

(b) RULEMAKING.—Not later than 30 days after the date of enactment of this Act, the Administrator, after consultation with the Secretary of Energy, shall promulgate regulations specifying the method for determining a significant increase in the price of kerosene under section 7(b)(4)(A)(iv)(II) of the Small Business Act, as added by section __02.

SEC. __05. REPORTS.

(a) SMALL BUSINESS ADMINISTRATION.—Not later than 12 months after the date on which the Administrator issues guidelines under section __04, and annually thereafter until the date that is 12 months after the end of the effective period of section 7(b)(4) of the Small Business Act, as added section __02,

the Administrator shall submit to the Committee on Small Business and Entrepreneurship of the Senate and the Committee on Small Business of the House of Representatives, a report on the effectiveness of the assistance made available under such section, including—

(1) the number of small business concerns that applied for a loan under such section and the number of those that received such loans;

(2) the dollar value of those loans;

(3) the States in which the small business concerns that received such loans are located;

(4) the type of heating fuel or energy that caused the significant increase in the cost for the participating small business concerns; and

(5) recommendations for ways to improve the assistance provided under such section, if any.

(b) DEPARTMENT OF AGRICULTURE.—

(1) IN GENERAL.—Not later than 1 year after the date on which the Secretary of Agriculture issues guidelines under section __04, and annually thereafter until the date that is 1 year after the end of the effective period of the amendments made to section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)) by this title, the Secretary shall submit a report to the committees listed in paragraph (2) that—

(A) describes the effectiveness of the assistance made available under section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)); and

(B) contains recommendations for ways to improve the assistance provided under such section 321(a), if any.

(2) REPORT RECIPIENTS.—The report described in paragraph (1) shall be submitted to—

(A) the Committee on Small Business and Entrepreneurship of the Senate;

(B) the Committee on Agriculture, Nutrition, and Forestry of the Senate;

(C) the Committee on Small Business of the House of Representatives; and

(D) the Committee on Agriculture of the House of Representatives.

SA 1708. Mr. TESTER (for himself, Mr. COLEMAN) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 177, after line 21, add the following:

SEC. 279. ENERGY EFFICIENT SCHOOLS.

(a) DEFINITIONS.—In this section:

(1) BASELINE ENERGY EFFICIENCY STANDARD.—The term ''baseline energy efficiency standard'' means—

(A) in the case of new construction of a building, the most recent version of applicable provisions of the International Energy Conservation Code; and

(B) in the case of renovation of a building, a standard to be calculated based on a 3-year, weather-normalized average for the building.

(2) HIGH-PERFORMANCE SCHOOL BUILDING.—The term ''high-performance school building'' means a school building that integrates and optimizes all major high-performance building attributes, including energy and water efficiency, renewable energy, indoor air quality, durability, lifecycle cost performance, and occupant productivity.

(3) RENEWABLE ENERGY.—The term ''renewable energy'' means—

(A) energy produced using solar, wind, biomass, ocean, geothermal, or hydroelectric energy; or

(B) heating and cooling from a ground source heat pump.

(4) SCHOOL.—The term ''school'' means an accredited public school that is—

(A) subject to the authority of a State education agency; and

(B)(i) an elementary school or secondary school (as those terms are defined in section 9101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801)); or

(ii) a BIA school (within the meaning of section 9101(26)(C) of that Act (20 U.S.C. 7801(26)(C))).

(5) STATE EDUCATIONAL AGENCY.—The term ''State educational agency'' has the meaning given the term in section 9101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801)).

(6) STATE ENERGY OFFICE.—The term ''State energy office'' means—

(A) the State agency that is responsible for developing State energy conservation plans under section 362 of the Energy Policy and Conservation Act (42 U.S.C. 6322); or

(B) if an agency described in subparagraph (A) does not exist in a State, a State agency designated by the Governor of the State.

(b) ESTABLISHMENT OF PROGRAM.—There is established in the Department of Energy a program, to be known as the ''High-Performance Schools Program'', under which the Secretary may provide grants to State energy offices to assist school districts in the State—

(1) to improve the energy efficiency of, and use of renewable energy in, school buildings;

(2) to educate students regarding—

(A) energy consumption in buildings; and

(B) the benefits of energy efficiency and renewable energy;

(3) to administer the program; and

(4) to promote participation in the program.

(c) CONDITIONS OF RECEIPT.—As a condition of receiving a grant under this section, a State energy office shall agree to use the grant only to provide assistance to school districts in the State that demonstrate to the satisfaction of the State energy office—

(1) financial need with respect to the construction of new or renovated high-performance school buildings;

(2) a commitment to use the grant funds to develop high-performance school buildings, in accordance with a plan that the State energy office, in consultation with the State educational agency, determines to be feasible and appropriate to achieve the purposes for which the grant is provided;

(3) a commitment to educate students and the public regarding the energy efficiency and renewable energy uses relating to the program; and

(4) that the school district has conducted an energy audit satisfactory to the State energy office of the baseline energy consumption of the district.

(d) ADMINISTRATION.—

(1) SELECTION OF PROJECTS.—In selecting school districts to receive funds provided under this section, the Secretary shall—

(A) give priority to States that carry out, or propose to carry out, projects that—

(i) achieve maximum increases in energy efficiency; and

(ii) achieve maximum cost savings as a result of that increased efficiency; and

(B) ensure geographical diversity of distribution of funds throughout the United States, to the maximum extent practicable.

(2) USE OF GRANTS BY STATE ENERGY OFFICES.—A State energy office may use a portion of a grant received under this section—

(A) to evaluate compliance by school districts in the State with the requirements of this section;

(B) to develop and conduct programs for school board members, school personnel, architects, engineers, and other interested persons to advance the concepts of high-performance school buildings;

(C) to obtain technical services and assistance in planning and designing high-performance school buildings;

(D) to collect and monitor data relating to high-performance school building projects; or

(E) for promotional and marketing activities.

(e) SUPPLEMENTING GRANT FUNDS.—Each State energy office that receives a grant under this section shall encourage each school district provided funds by the State energy office to supplement, to the maximum extent practicable, the funds using funds from other sources in the implementation of the plans of the school districts.

(f) OTHER FUNDS.—Of amounts made available to carry out this section, the Secretary may reserve an amount equal to the lesser of 10 percent of the amounts and $500,000 for a fiscal year to provide assistance to State energy offices with respect to the coordination and implementation of the program under this section, including the development of reference materials—

(1) to clarify and support the purposes of this section; and

(2) to increase the quantity in the States of high-performance school buildings.

(g) REPORT.—Not later than 3 years after the date on which the Secretary provides the initial grant to a State energy office pursuant to this section, the Secretary shall submit to the Committee on Energy and Natural Resources of the Senate and the Committee on Energy and Commerce of the House of Representatives a report that describes, with respect to each school that uses funds provided under this section—

(1) the projected quantity of energy savings of the school, as compared to the baseline energy efficiency standard applicable to a similar school that does not use—

(A) energy efficient technologies; or

(B) renewable energy;

(2) the projected amount of savings relating to reduced operation and maintenance costs due to use by the school of—

(A) any energy efficiency technology; or

(B) renewable energy; and

(3) the level of participation of students and faculty members of the school in each applicable energy efficiency and renewable energy technology.

(h) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $10,000,000 for each of fiscal years 2008 through 2012.

SA 1709. Mr. ENZI proposed an amendment to the bill S. 277, to modify the boundaries of Grand Teton National Park to include certain land within the GT Park Subdivision, and for other purposes; as follows:

Strike section 4 and insert the following:

SEC. 4. CRAIG THOMAS DISCOVERY AND VISITOR CENTER.

(a) FINDINGS.—Congress finds that—

(1) Craig Thomas was raised on a ranch just outside of Cody, Wyoming, near Yellowstone National Park and Grand Teton National Park, where he—

(A) began a lifelong association with those parks; and

(B) developed a deep and abiding dedication to the values of the public land of the United States;

(2) during his 18-year tenure in Congress, including service in both the Senate and the House of Representatives, Craig Thomas forged a distinguished legislative record on issues as diverse as public land management, agriculture, fiscal responsibility, and rural health care;

(3) as Chairman and Ranking Member of the National Parks Subcommittee of the Committee on Energy and Natural Resources of the Senate and a frequent visitor to many units of the National Park System, including Yellowstone National Park and Grand Teton National Park, Craig Thomas was a strong proponent for ensuring that people of all ages and abilities had a wide range of opportunities to learn more about the natural and cultural heritage of the United States;

(4) Craig Thomas authored legislation to provide critical funding and management reforms to protect units of the National Park System into the 21st century, ensuring quality visits to units of the National Park System and the protection of natural and cultural resources;

(5) Craig Thomas strongly supported public-private partnerships and collaboration between the National Park Service and other organizations that foster new opportunities for providing visitor services while encouraging greater citizen involvement in the stewardship of units of the National Park System;

(6) Craig Thomas was instrumental in obtaining the Federal share for a public-private partnership with the Grand Teton National Park Foundation and the Grand Teton Natural History Association to construct a new discovery and visitor center at Grand Teton National Park;

(7) on June 4, 2007, Craig Thomas passed away after battling cancer for 7 months;

(8) Craig Thomas is survived by his wife, Susan, and children, Patrick, Greg, Peter, and Lexie; and

(9) in memory of the distinguished career of service of Craig Thomas to the people of the United States, the dedication of Craig Thomas to units of the National Park System, generally, and to Grand Teton National Park, specifically, and the critical role of Craig Thomas in the new discovery and visitor center at Grand Teton National Park, the Grand Teton Discovery and Visitor Center should be designated as the ''Craig Thomas Discovery and Visitor Center''.

(b) THE CRAIG THOMAS DISCOVERY AND VISITOR CENTER.—

(1) DESIGNATION.—The Grand Teton Discovery and Visitor Center located in Moose, Wyoming, and scheduled for completion in August 2007 shall be known and designated as the ''Craig Thomas Discovery and Visitor Center''.

(2) REFERENCE.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the Grand Teton Discovery and Visitor Center referred to in paragraph (1) shall be deemed to be a reference to the ''Craig Thomas Discovery and Visitor Center''.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Secretary such sums as are necessary to carry out this Act.

SA 1710. Mr. FEINGOLD (for himself, Mr. SANDERS, and Mr. MENENDEZ) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 166, strike lines 17 through 19, and insert the following:

''(1) to reduce fossil fuel emissions created as a result of activities within the boundaries of the States or units of local government in an environmentally sustainable way that, to the maximum extent practicable, maximizes benefits for local and regional communities;

SA 1711. Mr. PRYOR (for himself, Mr. BOND, Mr. LEVIN, Mr. VOINOVICH, Ms. STABENOW, and Mrs. MCCASKILL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 239, strike line 16 and all that follows through page 277, line 5 and insert the following:

TITLE V—CORPORATE AVERAGE FUEL ECONOMY STANDARDS

SEC. 501. INCREASING THE EFFICIENCY OF AUTOMOBILES.

(a) DEFINITIONS.—In this section:

(1) AUTOMOBILE.—The term ''automobile'' means, as defined in regulations promulgated by the Administrator of the Environmental Protection Agency that are in effect on the date of the enactment of this Act—

(A) a light-duty truck; or

(B) a light-duty vehicle.

(2) ALTERNATIVE FUEL.—The term ''alternative fuel'' has the meaning given the term in section 32901(a) of title 49, United States Code.

(3) E85.—The term ''E85'' means a fuel blend containing 85 percent denatured ethanol and 15 percent gasoline by volume.

(4) FLEXIBLE FUEL AUTOMOBILE.—The term ''flexible fuel automobile'' means an automobile warrantied by the manufacturer of the vehicle to operate on any combination of gasoline, E85, and M85 or diesel fuel blends containing not less than 20 percent non-petroleum based fuel alternatives.

(5) HYBRID MOTOR VEHICLE.—The term ''hybrid motor vehicle'' means a new qualified hybrid motor vehicle (as defined in section 30B(d)(3) of the Internal Revenue Code of 1986) that achieves at least 125 percent of the model year 2002 city fuel economy.

(6) M85.—The term ''M85'' means a fuel blend containing 85 percent methanol and 15 percent gasoline by volume.

(7) PLUG-IN HYBRID AUTOMOBILE.—The term ''plug-in hybrid automobile'' means a hybrid automobile that—

(A) has an onboard, rechargeable storage device capable of propelling the vehicle by electricity for at least 10 miles; and

(B) achieves at least 125 percent of the model year 2002 city fuel economy.

(8) QUALIFIED AUTOMOBILE.—The term ''qualified automobile'' means—

(A) a new advanced lean burn technology motor vehicle (as defined in section 30B(c)(3) of the Internal Revenue Code of 1986) that achieves at least 125 percent of the model year 2002 city fuel economy;

(B) an alternative fueled automobile (as defined in section 32901(a) of title 49, United States Code);

(C) a flexible fuel automobile;

(D) a new qualified fuel cell motor vehicle (as defined in section 30B(b)(3) of the Internal Revenue Code of 1986);

(E) a hybrid automobile;

(F) a plug-in hybrid automobile;

(G) an electric automobile;

(H) a hydrogen internal combustion engine automobile; and

(I) any other appropriate automobile that uses substantially new technology and achieves at least 175 percent of the model year 2002 city fuel economy, as determined by the Secretary of Transportation, by regulation.

(b) REQUIREMENTS.—

(1) IN GENERAL.—For each model year, the percentage of new automobiles manufactured by a manufacturer for sale in the United States that are qualified automobiles shall be not less than the corresponding percentage in the following table:

For model year:	The percentage that are qualified automobiles shall be not less than:
2012	20 percent
2013	30 percent
2014	40 percent
2015 and thereafter	50 percent

(2) NEW TECHNOLOGY.—Not less than 10 percent of the number of qualified automobiles required to be manufactured by a manufacturer for sale in the United States in each model year after 2016 pursuant to paragraph (1), shall be—

(A) hybrid automobiles;

(B) plug-in hybrid automobiles;

(C) new advanced lean burn technology motor vehicles (as defined in section 30B(c)(3) of the Internal Revenue Code of 1986);

(D) new qualified fuel cell motor vehicles (as defined in section 30B(b)(3) of the Internal Revenue Code of 1986);

(E) electric automobiles; or

(F) any other appropriate automobile that uses substantially new technology and achieves at least 175 percent of the model year 2002 combined fuel economy, as determined by the Secretary of Transportation, by regulation.

(c) QUALIFIED AUTOMOBILE CREDITS.—

(1) IN GENERAL.—The Secretary shall issue qualified automobile production credits to manufacturers for automobiles manufactured for model year 2012 and for each subsequent model year, in accordance with this subsection.

(2) EFFECT OF CREDIT.—Each credit issued to a manufacturer under this subsection shall reduce the qualified automobile mandate requirement under subsection (b)(1) by 1

automobile for the model year to which the credit applies.

(3) RATE OF CREDIT ISSUANCE.—For each qualified automobile (except for automobiles described in subparagraphs (B) and (C) of subsection (a)(8)) manufactured for model year 2012, 2013, 2014, 2015, or 2016, the manufacturer shall be issued—

(A) 1.25 qualified automobile production credits if the combined fuel economy for such automobile is greater than 110 percent and less than 125 percent of the combined fuel economy of the model year 2002 inertia weight class;

(B) 1.5 qualified automobile production credits if the combined fuel economy for such automobile is at least 125 percent and less than 150 percent of the combined fuel economy of the model year 2002 inertia weight class;

(C) 2.0 qualified automobile production credits if the combined fuel economy for such automobile is at least 150 percent and less than 175 percent of the combined fuel economy of the model year 2002 inertia weight class; and

(D) 3.0 qualified automobile production credits if the combined fuel economy for such automobile is at least 175 percent of the combined fuel economy of the model year 2002 inertia weight class;

(4) DEFINED TERM.—For purposes of this paragraph, the term ''model year 2002 inertia weight class'' has the same meaning as the term ''vehicle inertia weight class'' as defined in Section 30B of the Internal Revenue Code of 1986.

(d) RULEMAKING.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Transportation shall promulgate regulations to carry out this section.

SEC. 502. AVERAGE FUEL ECONOMY STANDARDS FOR AUTOMOBILES.

(a) INCREASED STANDARDS.—Section 32902 of title 49, United States Code, is amended—

(1) by amending subsection (a) to read as follows:

''(a) NONPASSENGER AUTOMOBILES.—

''(1) ANNUAL PRESCRIPTION OF AVERAGE FUEL ECONOMY STANDARDS.—

''(A) IN GENERAL.—Not later than 18 months before the beginning of each model year, the Secretary of Transportation shall prescribe by regulation average fuel economy standards for nonpassenger automobiles manufactured by a manufacturer in that model year.

''(B) STANDARDS BASED ON CLASS.—The Secretary may prescribe separate standards for different classes of nonpassenger automobiles.

''(C) STANDARDS BASED ON VEHICLE ATTRIBUTES.—The Secretary may prescribe such standards based on vehicle attributes pursuant to subsection (j).

''(D) MINIMUM STANDARD.—Each standard prescribed under this paragraph shall be the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in that model year, consistent with subsection (e).

''(2) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2012 THROUGH 2014.—Not later than April 1, 2010, the Secretary shall establish average fuel economy standards for nonpassenger automobiles for each of the model years 2012, 2013, and 2014. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(3) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEAR 2015.—Not later than April 1, 2013, the Secretary shall establish the average fuel economy standard for nonpassenger automobiles for model year 2015—

''(A) at least 25.3 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(4) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2016 THROUGH 2019.—Not later than April 1, 2014, the Secretary shall establish average fuel economy standards for nonpassenger automobiles for each of the model years 2016, 2017, 2018, and 2019. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(5) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEAR 2020.—Not later than April 1, 2018, the Secretary shall establish the average fuel economy standard for nonpassenger automobiles for model year 2020—

''(A) at least 27.7 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(6) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2021 THROUGH 2024.—Not later than April 1, 2019, the Secretary shall establish average fuel economy standards for nonpassenger automobiles for each of the model years 2021, 2022, 2023, and 2024. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(7) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2025 AND THEREAFTER.—Not later than April 1, 2023, the Secretary shall establish the average fuel economy standard for nonpassenger automobiles for model year 2025 and each subsequent model year—

''(A) at least 30 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).''; and

(2) by amending subsection (b) to read as follows:

''(b) PASSENGER AUTOMOBILES.—

''(1) ANNUAL PRESCRIPTION OF AVERAGE FUEL ECONOMY STANDARDS.—

''(A) IN GENERAL.—Not later than 18 months before the beginning of each model year after model year 2011, the Secretary of Transportation shall prescribe by regulation average fuel economy standards for passenger automobiles manufactured by a manufacturer in that model year.

''(B) AUTHORITY FOR PRESCRIPTION OF DIFFERING STANDARDS BASED ON CLASS.—The Secretary may prescribe separate standards for different classes of passenger automobiles.

''(C) STANDARDS BASED ON VEHICLE ATTRIBUTES.—The Secretary may prescribe such standards based on vehicle attributes pursuant to subsection (j).

''(D) MINIMUM STANDARD.—Each standard prescribed under this paragraph shall be the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in that model year, consistent with subsection (e).

''(2) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEAR 2012.—Not later than April 1, 2010, the Secretary shall establish the average fuel economy standard for passenger automobiles for model year 2012—

''(A) at least 29 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(3) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2013 THROUGH 2016.—Not later than April 1, 2011, the Secretary shall establish average fuel economy standards for passenger automobiles for each of the model years 2013, 2014, 2015, and 2016. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(4) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2017.—Not later than April 1, 2015, the Secretary shall establish the average fuel economy standard for passenger automobiles for model year 2017—

''(A) at least 32.5 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(5) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2018 THROUGH 2021.—Not later than April 1, 2016, the Secretary shall establish average fuel economy standards for passenger automobiles for model years 2018, 2019, 2020, and 2021. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(6) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2022 AND THEREAFTER.—Not later than April 1, 2020, the Secretary shall establish the average fuel economy standard for passenger automobiles for model year 2022 and each subsequent model year—

''(A) at least 36 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(7) MINIMUM FOR AVERAGE FUEL ECONOMY STANDARDS BASED ON VEHICLE ATTRIBUTES.—

''(A) IN GENERAL.—Notwithstanding any other provision of this section, for any model year in which the Secretary prescribes average fuel economy standards for passenger automobiles on the basis of vehicle attributes pursuant to subsection (j), the average fuel economy standard for passenger automobiles manufactured by a manufacturer in that model year shall also provide for an alternative minimum standard that shall apply only to a manufacturer's domestically manufactured passenger automobiles, as calculated under section 32904 as in effect on the day before the date of the enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007.

''(B) ALTERNATIVE MINIMUM STANDARD.—The alternative minimum standard referred to in subparagraph (A) shall be the greater of—

''(i) 27.5 miles per gallon; or

''(ii) 92 percent of the average fuel economy projected by the Secretary for the combined domestic and foreign fleets manufactured for sale in the United States by all manufacturers in that model year, which projection shall be published in the Federal Register when the standard for that model year is promulgated in accordance with this section.

''(C) APPLICABILITY.—The alternative minimum standard under this paragraph shall apply to a manufacturer's domestically manufactured passenger automobiles only if the passenger automobile standard established on the basis of vehicle attributes pursuant to subsection (j), excluding any credits transferred by the manufacturer pursuant to subsection (g) from other categories of automobiles described in paragraph (5)(B), would allow that manufacturer to comply with a less stringent passenger automobile standard than the alternative minimum standard.''.

(b) REPEAL OF AUTHORITY TO AMEND PASSENGER AUTOMOBILE FUEL ECONOMY STANDARDS.—

(1) IN GENERAL.—Section 32902 of title 49, United States Code, is amended—

(A) by striking subsection (c); and

(B) by redesignating subsections (d) through (j) as subsections (c) through (i), respectively.

(2) CONFORMING AMENDMENTS.—

(A) Section 32901(a)(12) of such title is amended by striking ''section 32902(d)'' and inserting ''section 32902(c)''.

(B) Section 32902 of such title is amended—

(i) in subsection (c)(1), as redesignated by paragraph (1)(B), by striking ''under subsection (b) or (c)'' and inserting ''under subsection (b)'';

(ii) in subsection (d)(2), as redesignated by paragraph (1)(B), by striking ''under subsection (a), (b), (c), or (d)'' and inserting ''under subsection (a), (b), or (c)'';

(iii) in subsection (f), as redesignated by paragraph (1)(B)—

(I) in paragraph (1)—

(aa) by striking ''under subsection (a) or (d)'' and inserting ''under subsection (a), (b), or (c)''; and

(bb) by striking ''of subsection (a) or (d)'' and inserting ''of subsection (a), (b), or (c)''; and

(II) in paragraph (2), by striking ''(and submit the amendment to Congress when required under subsection (c)(2) of this section)'';

(iv) in subsection (g), as redesignated by paragraph (1)(B), by striking ''carrying out subsections (c), (f), and (g)'' and inserting ''carrying out subsections (a), (b), (e), and (f)''; and

(v) in subsection (i), as redesignated by paragraph (1)(B), by striking ''under subsection (a), (c), or (g) of this section'' and inserting ''under subsection (a), (b), or (f)''.

(C) Section 32904(a)(1)(B) of such title is amended by striking ''section 32902(b)-(d)'' and inserting ''subsections (b) and (c) of section 32902''.

(D) Section 32907(a)(4) of such title is amended by striking ''section 32902(d)'' and inserting ''section 32902(c)''.

(E) Section 32909(b) of such title is amended by striking '', except that a petition for review'' and all that follows through ''referred to in section 32902(c)(2)''.

(F) Section 32917(b)(1)(B) of such title is amended by striking ''or (c)''.

(c) AUTHORITY OF THE SECRETARY TO PRESCRIBE STANDARDS BASED ON VEHICLE ATTRIBUTES.—Section 32902 of title 49, United States Code, as amended by this section, is further amended by adding at the end the following:

''(j) AUTHORITY OF THE SECRETARY TO PRESCRIBE STANDARDS BASED ON VEHICLE ATTRIBUTES.—

''(1) IN GENERAL.—The authority of the Secretary of Transportation to prescribe by regulation average fuel economy standards for passenger automobiles and nonpassenger automobiles includes the authority to prescribe standards based on vehicle attributes related to fuel economy and to express any such attribute-based standard in the form of a mathematical function.

''(2) TRANSITION PERIOD.—If the Secretary prescribes standards for passenger automobiles on the basis of vehicle attributes, the Secretary shall provide a transition period during the first 3 model years in which an attribute-based standard would apply during which each manufacturer may elect whether to comply with the attribute-based standard or with the single corporate average fuel economy level prescribed under subsection (b).

''(3) PRESCRIPTION OF STANDARDS FOR MULTIPLE YEARS.—The authority of the Secretary to prescribe by regulation average fuel economy standards for automobiles includes the authority to prescribe standards by issuing regulations governing more than 1 model year at a time, up to 5 consecutive model years.''.

(d) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) Section 32901(a) of title 49, United States Code, is amended—

(A) by redesignating paragraph (16) as paragraph (17); and

(B) by inserting after paragraph (15) the following:

''(16) 'nonpassenger automobile' means an automobile that is not a passenger automobile; and''.

(2) Section 32903 of title 49, United States Code, is amended—

(A) by striking ''section 32902(b)–(d) of this title'' each place it appears and inserting ''subsections (b) and (c) of section 32902'';

(B) in subsection (a)(2), by striking ''clause (1) of this subsection,'' and inserting ''paragraph (1)''; and

(C) in subsection (e), by striking ''automobiles that are not passenger automobiles'' and inserting ''nonpassenger automobiles''.

(e) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall take effect on the date of the enactment of this Act.

(2) TRANSITION FOR PASSENGER AUTOMOBILES.—The standard or standards for passenger automobiles under the authority of section 32902(b) of title 49, United States Code, in effect on the day before the date of the enactment of this Act, shall remain in effect until a standard for passenger automobiles is established under the authority of section 32902(b) of such title, as amended by this section.

(3) AVERAGE FUEL ECONOMY STANDARD FOR NONPASSENGER AUTOMOBILES IN MODEL YEARS THROUGH 2011.—The average fuel economy standard for nonpassenger automobiles, under the authority of section 32902(a) of such title for model years through 2011, shall be the standard described in the final rule issued by the National Highway Traffic Safety Administration entitled ''Average Fuel Economy Standards for Light Trucks Model Years 2008–2011'' (71 Fed. Reg. 17566), as amended in a notice published by the National Highway Traffic Safety Administration on April 14, 2006 (71 Fed. Reg. 19449).

SEC. 503. FUEL ECONOMY TARGET FOR COMMERCIAL MEDIUM-DUTY AND HEAVY-DUTY ON-HIGHWAY VEHICLES.

Section 32902 of title 49, United States Code, as amended by section 502, is further amended by adding at the end the following:

''(k) COMMERCIAL MEDIUM- AND HEAVY-DUTY ON-HIGHWAY VEHICLES.—

''(1) STUDY.—Not later than 18 months after the date of the enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007, the Secretary of Transportation, in consultation with the Secretary of Energy and the Administrator of the Environmental Protection Agency, shall examine the fuel efficiency of commercial medium- and heavy-duty on-highway vehicles and determine—

''(A) the appropriate test procedures and methodologies for measuring commercial medium- and heavy-duty on-highway vehicle fuel efficiency;

''(B) the appropriate metric for measuring and expressing commercial medium- and heavy-duty on-highway vehicle fuel efficiency performance, taking into consideration, among other things, the work performed by such on-highway vehicles and types of operations in which they are used;

''(C) the range of factors, including, without limitation, design, functionality, use, duty cycle, infrastructure, and total overall energy consumption and operating costs that effect commercial medium- and heavy-duty on-highway vehicle fuel efficiency; and

''(D) such other factors and conditions that could have an impact on a program to improve commercial medium- and heavy-duty on-highway vehicle fuel efficiency.

''(2) RULEMAKING.—Not later than 24 months after completion of the study required under paragraph (1), the Secretary of Transportation, in consultation with the Secretary of Energy and the Administrator of the Environmental Protection Agency, and based on the results of that study, shall determine in a rulemaking procedure how to implement a commercial medium- and heavy-duty on-highway vehicle fuel efficiency improvement program and, as appropriate, shall adopt test methods, measurement metrics, fuel efficiency standards, and compliance and enforcement protocols that are appropriate, cost-effective, and technologically feasible for commercial medium- and heavy-duty on-highway vehicles.

''(3) LEAD-TIME; REGULATORY STABILITY.—Any commercial medium- and heavy-duty on-highway vehicle fuel efficiency regulatory program adopted pursuant to this subsection shall provide no less than 4 full model years of regulatory lead-time and 3 full model years of regulatory stability.

''(4) COMMERCIAL MEDIUM- AND HEAVY-DUTY ON-HIGHWAY VEHICLE DEFINED.—In this subsection, the term 'commercial medium- and heavy-duty on-highway vehicle' means a commercial on-highway vehicle with a gross vehicle weight rating of more than 10,000 pounds.''.

SEC. 504. CREDIT AVAILABILITY.

(a) IN GENERAL.—Section 32903 of title 49, United States Code, is amended—

(1) by striking ''section 32902(b)–(d) of this title'' each place it appears and inserting ''subsections (b) and (c) of section 32902'';

(2) in subsection (a)—

(A) by striking ''3 consecutive model years'' each place it appears and inserting ''5 consecutive model years''; and

(B) in paragraph (2), by striking ''clause (1) of this subsection,'' and inserting ''paragraph (1)'';

(3) in subsection (b)—

(A) in paragraph (1), by striking ''paragraph (2) of this subsection'' and inserting ''paragraph (2) and subsection (g)''; and

(B) in paragraph (2), by striking ''3 model years'' and inserting ''5 model years'';

(4) in subsection (e), by striking ''automobiles that are not passenger automobiles'' and inserting ''nonpassenger automobiles''; and

(5) by adding at the end the following:

''(g) CREDIT TRANSFERRING WITHIN A MANUFACTURER'S FLEET.—

''(1) AVERAGE FUEL ECONOMY CREDIT TRANSFERRING PROGRAM.—The Secretary of Transportation shall establish, by regulation, a corporate average fuel economy credit transferring program to allow any manufacturer whose automobiles exceed any of the average fuel economy standards prescribed under section 32902 to transfer the credits earned under this section and to apply them within that manufacturer's fleet to a compliance category of automobiles that fails to achieve the prescribed standards.

''(2) AVAILABILITY OF CREDITS TRANSFERRED.—Credits transferred under this section are available to be used in the same model years that the manufacturer could have applied them under subsections (a), (b), (d) and (e) as well as for the model year in which the manufacturer earned them. The maximum increase in any compliance category attributable to transferred credits is 1.0 mile per gallon in any single model year.

''(3) LIMITATION ON CREDIT TRANSFERS TO CATEGORY OF PASSENGER AUTOMOBILES.—In the case of transfers to the category of automobiles described in paragraph 5(B)(i), the transfer is limited to the extent that the fuel economy level of the manufacturer's fleet of passenger automobiles manufactured domestically shall comply with the provisions established under section 32902(b)(7), excluding any transfers from other categories of automobiles described in paragraph 5(B).

''(4) EFFECTIVE DATE.—A credit transferred in conformance with this section may only be so transferred if such credit is earned no earlier than the first model year after the date of the enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007.

''(5) DEFINITIONS.—In this subsection:

''(A) FLEET.—The term 'fleet' means all automobiles manufactured by a manufacturer in a given model year.

''(B) COMPLIANCE CATEGORY OF AUTOMOBILES.—The term 'compliance category of automobiles' means any of the 3 categories of automobiles for which compliance is separately calculated under this chapter, namely—

''(i) passenger automobiles manufactured domestically;

''(ii) passenger automobiles not manufactured domestically; and

''(iii) nonpassenger automobiles.''.

(b) FLEXIBLE FUELED VEHICLES.—

(1) EXTENSION OF ALTERNATIVE FUEL AUTOMOBILES MANUFACTURING INCENTIVES.—Section 32905 of title 49, United States Code, is amended—

(A) by striking ''1993–2010'' each place it appears and inserting ''1993 through 2020.'';

(B) by striking subsections (f) and (g); and

(C) by redesignating subsection (h) as subsection (f).

(2) EXTENSION OF MAXIMUM INCREASE PERIOD.—Section 32906(a) of title 49, United States Code, is amended—

(A) by striking ''1993–2010'' and inserting ''1993 through 2020'';

(B) in paragraph (1)—

(i) in subparagraph (A), by striking ''(A)''; and

(ii) by striking subparagraph (B); and

(C) in paragraph (2), by striking ''described—'' and all that follows and inserting ''is more than 1.2 miles per gallon, the limitation in paragraph (1) applies.''.

SEC. 505. RESEARCH ON AND DEVELOPMENT OF LEAP-AHEAD TECHNOLOGY.

(a) PROGRAM.—The Secretary of Energy (referred to in this section as the ''Secretary''), in cooperation with heads of other Federal agencies, shall carry out a comprehensive program to develop advanced vehicle technologies (including associated components and parts) that will offer—

(1) the potential for significantly-improved fuel economy; and

(2) significant reductions in emissions.

(b) COMPONENTS.—The program carried out under subsection (a) shall include research and development in the areas of—

(1) advanced lightweight materials;

(2) advanced battery technology;

(3) hybrid systems, including—

(A) power electronics, electric motors, power control units, and power controls;

(B) hydraulic accumulators or other energy storage devices; and

(C) testing and analysis;

(4) plug-in hybrids;

(5) advanced clean diesel;

(6) hydrogen internal combustion engines;

(7) fuel cell technology;

(8) hydrogen storage;

(9) fuel cell membranes;

(10) cellulosic ethanol;

(11) biodiesel fuel;

(12) biodiesel fuel and technology;

(13) ethanol and biofuels technology; and

(14) such other related areas as the Secretary determines to be appropriate.

(c) ADVANCED LIGHTWEIGHT MATERIALS.—In carrying out this section, the Secretary shall carry out an advanced lightweight materials research and development program the primary focuses of which shall include—

(1) the provision of—

(A) technical advice for compliance with applicable Federal and State environmental requirements;

(B) assistance in identifying supply sources and securing long-term contracts; and

(C) public outreach, education, and labeling materials; and

(2) the development of—

(A) low-cost, durable, abuse-tolerant lithium ion-based chemistries or other advanced chemistries;

(B) advanced lightweight steels that provide a 30-percent weight reduction;

(C) advanced lightweight metals (such as magnesium, aluminum, and titanium);

(D) advanced composites, particularly carbon fiber precursors and forming; and

(E) advanced forming and joining processes for lightweight materials, including mixed materials (such as combinations of steel, aluminum, magnesium, and carbon fiber into a single assembly or vehicle).

(d) ADVANCED BATTERIES.—

(1) IN GENERAL.—In carrying out this section, the Secretary shall carry out an advanced battery program the primary focuses of which shall be—

(A) research in the chemistry of exploratory battery technologies (other than lithium ion batteries); and

(B) battery and battery systems production process research and development.

(2) INDUSTRY ALLIANCE.—In carrying out the advanced battery program under this subsection, the Secretary shall competitively select an Industry Alliance to represent participants who are private, for-profit firms headquartered in the United States, the primary business of which is the manufacturing of batteries and battery systems.

(3) RESEARCH.—

(A) GRANTS.—The Secretary shall carry out research activities of the Initiative through competitively-awarded grants to—

(i) researchers, including Industry Alliance participants;

(ii) small businesses;

(iii) National Laboratories; and

(iv) institutions of higher education.

(B) INDUSTRY ALLIANCE.—The Secretary shall annually solicit from the Industry Alliance—

(i) comments to identify advanced battery technology needs relevant to electric drive technology;

(ii) an assessment of the progress of research activities of the Initiative; and

(iii) assistance in annually updating advanced battery technology road maps.

(4) AVAILABILITY TO THE PUBLIC.—The information and road maps developed under this subsection shall be available to the public.

(5) PREFERENCE.—In making awards under this subsection, the Secretary shall give preference to participants in the Industry Alliance.

(6) COST SHARING.—In carrying out this subsection, the Secretary shall require cost sharing in accordance with section 120(b) of title 23, United States Code.

(e) HYBRID SYSTEMS.—In carrying out this section, the Secretary shall carry out a program relating to hybrid systems, the primary focus of which shall be research on and development of—

(1) advanced electric traction systems and wheel motors;

(2) advanced power electronics;

(3) systems integration; and

(4) hydraulic accumulators or other energy storage devices.

(f) PLUG-IN HYBRIDS.—In carrying out this section, the Secretary shall carry out a program relating to plug-in hybrids, the primary focus of which shall be—

(1) research on and development of advanced batteries with appropriate power to energy ratios necessary for minimum electric range and vehicle performance, such as acceleration; and

(2) the early demonstration of vehicles and infrastructure through the provision of procurement assistance to fleet purchasers.

(g) ADVANCED CLEAN DIESEL.—In carrying out this section, the Secretary shall carry out a program of research and development relating to diesel combustion and emissions, the primary focuses of which shall be—

(1) the development of clean-burn and after treatment technologies, including advanced low-temperature combustion (including homogeneous charge compression-ignition);

(2) the development of mixed mode operation that combines attributes of compression- and spark-ignition engine technologies;

(3) the integration of advanced technologies, including increased expansion ratio, variable valve timing, reduced friction, and improved exhaust gas heat recovery;

(4) the development of NO_X after treatment systems, including absorber-catalysts, selective catalytic reduction, and lean NO_X catalysts;

(5) the development of particulate matter after treatment systems;

(6) the development of powertrain integration of engine and after treatment systems; and

(7) enhancements in durability and reliability and reduction of costs.

(h) HYDROGEN INTERNAL COMBUSTION ENGINES.—In carrying out this section, the Secretary shall carry out a program of research and development relating to hydrogen internal combustion engines, the primary focuses of which shall be—

(1) to advance hydrogen internal combustion engine technology to a level at which the robustness and durability of such an engine would be acceptable to real-world customers; and

(2) to use those engines to provide an affordable transition to a hydrogen economy by creating a demand for hydrogen refueling infrastructure and bridging to hydrogen-powered fuel cells.

(i) FUEL CELL TECHNOLOGY.—In carrying out this section, the Secretary shall carry out a program of research and development relating to fuel cell technology, the primary focuses of which shall be research on and development of—

(1) fuel cell stack components and fuel cell manufacturing processes; and

(2) materials resistant to hydrogen embrittlement.

(j) HYDROGEN STORAGE.—In carrying out this section, the Secretary shall carry out a program of research and development relating to hydrogen storage, the primary focus of which shall be research on and development of competitive storage methods for sufficient quantities of hydrogen onboard a vehicle (including a demonstration of hydrogen refueling infrastructure for not less than 10 nor more than 20 stations)—

(1) to enable increased development and use of hydrogen internal combustion engines and hydrogen-powered fuel cell vehicles; and

(2) to meet or surpass the customer-discernable attributes of vehicles available as of the date of enactment of this Act with respect to range and cost per mile.

(k) FUEL CELL MEMBRANES.—In carrying out this section, the Secretary shall carry out a program of research and development relating to fuel cell membranes, the primary focuses of which shall be—

(1) the achievement of a fundamental understanding of the catalytic materials for fuel cells; and

(2) the development of low-cost fuel cell membranes.

(l) CELLULOSIC ETHANOL.—In carrying out this section, the Secretary shall carry out a program of research and development relating to cellulosic ethanol, the primary focus of which shall be research on and development of enzymes necessary for the production of cellulosic ethanol.

(m) BIODIESEL FUEL.—In carrying out this section, the Secretary shall carry out a program of research and development relating to biodiesel fuel, the primary focuses of which shall be—

(1) the development of a national B–20 standard;

(2) fundamental research on biomass-to-liquid alternatives;

(3) total lifecycle analyses of the total potential for petroleum replacement, total fossil fuel replacement, or greenhouse gas reductions for biodiesel options;

(4) an assessment of feedstock options; and

(5) an assessment of the effects on engine durability and reliability including the effects due to fuel quality variations, stability, and degradation parameters.

(n) BIODIESEL FUEL AND TECHNOLOGY.—In carrying out this section, the Secretary shall carry out a program of research and development relating to biodiesel fuel, the primary focuses of which shall be—

(1) the evaluation and optimization of B–100 processing variables to enhance blendstock stability, maintain uniform quality and specifications, and reduce cost;

(2) the development and expansion of processing, blending, and distribution infrastructure;

(3) the development of standardized labeling and dispensing of equipment information;

(4) establishment of a consumer education outreach program;

(5) assessment and evaluation of biodiesel on advanced engine (such as high-pressure injector) and after treatment components; and

(6) assessment of the effects of biodiesel on advanced combustion clean-burn strategies.

(o) ETHANOL AND BIOFUELS TECHNOLOGY.—In carrying out this section, the Secretary shall carry out a program of research and development relating to ethanol and biofuels technology, the primary focus of which shall be research and development into—

(1) ethanol and biofuels transport systems, such as truck, rail, and pipelines;

(2) advanced high-efficiency combustion research for fuels, such as E–85;

(3) materials compatibility for E–85 fuel;

(4) E–85 vehicle engineering and calibration to speed conversion of systems; and

(5) advanced combustion and after-treatment systems to support fuel efficiency gains

(p) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated—

(1) to carry out subsection (a), $60,000,000 for each of fiscal years 2008 through 2012;

(2) to carry out subsection (b), $143,000,000 for each of the fiscal years 2008 through 2012;

(3) to conduct research and development into hybrid systems (power electronics, electric motors, hydraulic accumulators, other energy storage devices, testing, and analysis), $64,000,000 for each of the fiscal years 2008 through 2012;

(4) to conduct research and development into plug-in hybrids, $56,000,000 for each of the fiscal years 2008 through 2012;

(5) to conduct research and development into advanced clean diesel, $54,000,000 for each of the fiscal years 2008 through 2010;

(6) to conduct research and development into hydrogen internal combustion engines, $11,000,000 for each of the fiscal years 2008 through 2012;

(7) to conduct research and development into fuel cell technology, $40,000,000 for each of the fiscal years 2008 through 2012;

(8) to conduct research and development into hydrogen storage, $88,000,000 for each of the fiscal years 2008 through 2012;

(9) to conduct research and development into fuel cell membranes, $64,000,000 for each of the fiscal years 2008 through 2012;

(10) to conduct research and development into cellulosic ethanol, $340,000,000 for each of the fiscal years 2008 through 2012;

(11) to conduct research and development into biodiesel fuel and technology, $7,000,000 for each of the fiscal years 2008 through 2012; and

(12) to conduct research and development into ethanol biofuels technology, $23,000,000 for each of the fiscal years 2008 through 2012.

SEC. 506. PROHIBITION ON FRANCHISE AGREEMENT RESTRICTIONS RELATED TO ALTERNATIVE FUEL INFRASTRUCTURE.

(a) IN GENERAL.—Title I of the Petroleum Marketing Practices Act (15 U.S.C. 2801 et seq.) is amended by adding at the end the following:

''SEC. 107. PROHIBITION ON RESTRICTION OF INSTALLATION OF ALTERNATIVE FUEL PUMPS.

''(a) DEFINITION.—In this section:

''(1) ALTERNATIVE FUEL.—The term 'alternative fuel' means any fuel—

''(A) at least 85 percent of the volume of which consists of ethanol, natural gas, compressed natural gas, liquefied natural gas, liquefied petroleum gas, hydrogen, or any combination of those fuels; or

''(B) any mixture of biodiesel (as defined in section 40A(d)(1) of the Internal Revenue Code of 1986) and diesel fuel (as defined in section 4083(a)(3) of the Internal Revenue Code of 1986), determined without regard to any use of kerosene and containing at least 20 percent biodiesel.

''(2) FRANCHISE-RELATED DOCUMENT.—The term 'franchise-related document' means—

''(A) a franchise under this Act; and

''(B) any other contract or directive of a franchisor relating to terms or conditions of the sale of fuel by a franchisee.

''(b) PROHIBITIONS.—

''(1) IN GENERAL.—Notwithstanding any provision of a franchise-related document in effect on the date of enactment of this section, no franchisee or affiliate of a franchisee shall be restricted from—

''(A) installing on the marketing premises of the franchisee an alternative fuel pump or storage tank;

''(B) converting an existing tank and pump on the marketing premises of the franchisee for alternative fuel use;

''(C) advertising (including through the use of signage or logos) the sale of any alternative fuel;

''(D) selling alternative fuel in any specified area on the marketing premises of the franchisee (including any area in which a name or logo of a franchisor or any other entity appears);

''(E) purchasing alternative fuel solely from the franchisor if the franchisor does not offer its own renewable fuel for sale by the franchisee;

''(F) listing alternative fuel availability or prices, including on service station signs, fuel dispensers, or light poles; or

''(G) allowing payment of alternative fuel with a credit card.

''(2) ENFORCEMENT.—Any restriction described in paragraph (1) that is contained in a franchise-related document and in effect on the date of enactment of this section—

''(A) shall be considered to be null and void as of that date; and

''(B) shall not be enforced under section 105.

''(c) EXCEPTION TO 3-GRADE REQUIREMENT.—No franchise-related document that requires that 3 grades of gasoline be sold by the applicable franchisee shall prevent the franchisee from selling an alternative fuel in lieu of 1 grade of gasoline.''.

(b) CONFORMING AMENDMENTS.—

(1) IN GENERAL.—Section 101(13) of the Petroleum Marketing Practices Act (15 U.S.C. 2801(13)) is amended by adjusting the indentation of subparagraph (C) appropriately.

(2) TABLE OF CONTENTS.—The table of contents of the Petroleum Marketing Practices Act (15 U.S.C. 2801 note) is amended by inserting after the item relating to section 106 the following:

''Sec. 107. Prohibition on restriction of installation of alternative fuel pumps.''.

SEC. 507. PIPELINE FEASIBILITY STUDY.

(a) IN GENERAL.—The Secretary of Energy, in consultation with the Secretary of Transportation, shall conduct a study of the feasibility of the construction of dedicated ethanol pipelines.

(b) FACTORS.—In conducting the study, the Secretary of Energy shall consider—

(1) the quantity of ethanol production that would make dedicated pipelines economically viable;

(2) existing or potential barriers to dedicated ethanol pipelines, including technical, siting, financing, and regulatory barriers;

(3) market risk (including throughput risk) and means of mitigating the risk;

(4) regulatory, financing, and siting options that would mitigate risk in those areas and help ensure the construction of 1 or more dedicated ethanol pipelines;

(5) financial incentives that may be necessary for the construction of dedicated ethanol pipelines, including the return on equity that sponsors of the initial dedicated ethanol pipelines will require to invest in the pipelines;

(6) technical factors that may compromise the safe transportation of ethanol in pipelines, including an identification of any remedial or preventative measures to ensure pipeline integrity; and

(7) such other factors as the Secretary of Energy considers to be appropriate.

(c) REPORT.—Not later than 15 months after the date of enactment of this Act, the Secretary of Energy shall submit to Congress a report describing the results of the study conducted under this section.

SEC. 508. PUBLIC ACCESS TO FEDERAL ALTERNATIVE REFUELING STATIONS.

(a) DEFINITIONS.—In this section:

(1) ALTERNATIVE FUEL REFUELING STATION.—The term ''alternative fuel refueling station'' has the meaning given the term ''qualified alternative fuel vehicle refueling property'' in section 30C(c)(1) of the Internal Revenue Code of 1986.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of Energy.

(b) ACCESS TO FEDERAL ALTERNATIVE REFUELING STATIONS.—Not later than 18 months after the date of enactment of this Act—

(1) except as provided in subsection (d)(1), any Federal property that includes at least 1 fuel refueling station shall include at least 1 alternative fuel refueling station; and

(2) except as provided in subsection (d)(2), any alternative fuel refueling station located on property owned by the Federal government shall permit full public access for the purpose of refueling using alternative fuel.

(c) DURATION.—The requirements described in subsection (b) shall remain in effect until the sooner of—

(1) the date that is 7 years after the date of enactment of this Act; or

(2) the date on which the Secretary determines that not less than 5 percent of the commercial refueling infrastructure in the United States offers alternative fuels to the general public.

(d) EXCEPTIONS.—

(1) WAIVER.—Subsection (b)(1) shall not apply to any Federal property under the jurisdiction of a Federal agency if the Secretary determines that alternative fuel is not reasonably available to retail purchasers of the fuel, as certified by the head of the agency to the Secretary.

(2) NATIONAL SECURITY EXEMPTION.—Subsection (b)(2) does not apply to property of the Federal government that the Secretary, in consultation with the Secretary of Defense, has certified must be exempt for national security reasons.

(e) REPORT.—Not later than October 31 of each year beginning after the date of enactment of this Act, the President shall submit to Congress a report that describes the progress of the agencies of the Federal Government (including the Executive Office of the President) in complying with—

(1) the Energy Policy Act of 1992 (42 U.S.C. 13201 et seq.);

(2) Executive Order 13149 (65 Fed. Reg. 24595; relating to greening the government through Federal fleet and transportation efficiency); and

(3) the fueling center requirements of this section.

SA 1712. Mr. PRYOR (for himself, Mr. BOND, Mr. LEVIN, Mr. VOINOVICH, Ms. STABENOW, and Mrs. MCCASKILL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 239, strike line 16 and all that follows through page 263, line 8 and insert the following:

TITLE V—CORPORATE AVERAGE FUEL ECONOMY STANDARDS

SEC. 501. INCREASING THE EFFICIENCY OF AUTOMOBILES.

(a) DEFINITIONS.—In this section:

(1) AUTOMOBILE.—The term ''automobile'' means, as defined in regulations promulgated by the Administrator of the Environmental Protection Agency that are in effect on the date of the enactment of this Act—

(A) a light-duty truck;

(B) a light-duty vehicle; or

(C) a medium-duty passenger vehicle.

(2) ALTERNATIVE FUEL.—The term ''alternative fuel'' has the meaning given the term in section 32901(a) of title 49, United States Code.

(3) E85.—The term ''E85'' means a fuel blend containing 85 percent denatured ethanol and 15 percent gasoline by volume.

(4) FLEXIBLE FUEL AUTOMOBILE.—The term ''flexible fuel automobile'' means an automobile warrantied by the manufacturer of the vehicle to operate on any combination of gasoline, E85, and M85 or diesel fuel blends containing not less than 20 percent non-petroleum based fuel alternatives.

(5) HYBRID MOTOR VEHICLE.—The term ''hybrid motor vehicle'' means a new qualified hybrid motor vehicle (as defined in section 30B(d)(3) of the Internal Revenue Code of 1986) that achieves at least 125 percent of the model year 2002 city fuel economy.

(6) M85.—The term ''M85'' means a fuel blend containing 85 percent methanol and 15 percent gasoline by volume.

(7) PLUG-IN HYBRID AUTOMOBILE.—The term ''plug-in hybrid automobile'' means a hybrid automobile that—

(A) has an onboard, rechargeable storage device capable of propelling the vehicle by electricity for at least 10 miles; and

(B) achieves at least 125 percent of the model year 2002 city fuel economy.

(8) QUALIFIED AUTOMOBILE.—The term ''qualified automobile'' means—

(A) a new advanced lean burn technology motor vehicle (as defined in section 30B(c)(3) of the Internal Revenue Code of 1986) that achieves at least 125 percent of the model year 2002 city fuel economy;

(B) an alternative fueled automobile (as defined in section 32901(a) of title 49, United States Code);

(C) a flexible fuel automobile;

(D) a new qualified fuel cell motor vehicle (as defined in section 30B(b)(3) of the Internal Revenue Code of 1986);

(E) a hybrid automobile;

(F) a plug-in hybrid automobile;

(G) an electric automobile;

(H) a hydrogen internal combustion engine automobile; and

(I) any other appropriate automobile that uses substantially new technology and achieves at least 175 percent of the model year 2002 city fuel economy, as determined by the Secretary of Transportation, by regulation.

(b) REQUIREMENTS.—

(1) IN GENERAL.—For each model year, the percentage of new automobiles manufactured by a manufacturer for sale in the United States that are qualified automobiles shall be not less than the corresponding percentage in the following table:

For model year:	The percentage that are qualified automobiles shall be not less than:
2012	20 percent
2013	30 percent
2014	40 percent
2015 and thereafter	50 percent

(2) NEW TECHNOLOGY.—Not less than 10 percent of the number of qualified automobiles required to be manufactured by a manufacturer for sale in the United States in each model year after 2016 pursuant to paragraph (1), shall be—

(A) hybrid automobiles;

(B) plug-in hybrid automobiles;

(C) new advanced lean burn technology motor vehicles (as defined in section 30B(c)(3) of the Internal Revenue Code of 1986);

(D) new qualified fuel cell motor vehicles (as defined in section 30B(b)(3) of the Internal Revenue Code of 1986);

(E) electric automobiles; or

(F) any other appropriate automobile that uses substantially new technology and achieves at least 175 percent of the model year 2002 combined fuel economy, as determined by the Secretary of Transportation, by regulation.

(c) QUALIFIED AUTOMOBILE CREDITS.—

(1) IN GENERAL.—The Secretary shall issue qualified automobile production credits to manufacturers for automobiles manufactured for model year 2012 and for each subsequent model year, in accordance with this subsection.

(2) EFFECT OF CREDIT.—Each credit issued to a manufacturer under this subsection shall reduce the qualified automobile mandate requirement under subsection (b)(1) by 1 automobile for the model year to which the credit applies.

(3) RATE OF CREDIT ISSUANCE.—For each qualified automobile (except for automobiles described in subparagraphs (B) and (C) of subsection (a)(8)) manufactured for model year 2012, 2013, 2014, 2015, or 2016, the manufacturer shall be issued—

(A) 1.25 qualified automobile production credits if the combined fuel economy for such automobile is greater than 110 percent and less than 125 percent of the combined fuel economy of the model year 2002 inertia weight class;

(B) 1.5 qualified automobile production credits if the combined fuel economy for such automobile is at least 125 percent and less than 150 percent of the combined fuel economy of the model year 2002 inertia weight class;

(C) 2.0 qualified automobile production credits if the combined fuel economy for such automobile is at least 150 percent and less than 175 percent of the combined fuel economy of the model year 2002 inertia weight class; and

(D) 3.0 qualified automobile production credits if the combined fuel economy for such automobile is at least 175 percent of the combined fuel economy of the model year 2002 inertia weight class;

(4) DEFINED TERM.—For purposes of this paragraph, the term ''model year 2002 inertia weight class'' has the same meaning as the term ''vehicle inertia weight class'' as defined in Section 30B of the Internal Revenue Code of 1986.

(d) RULEMAKING.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Transportation shall promulgate regulations to carry out this section.

SEC. 502. AVERAGE FUEL ECONOMY STANDARDS FOR AUTOMOBILES.

(a) INCREASED STANDARDS.—Section 32902 of title 49, United States Code, is amended—

(1) by amending subsection (a) to read as follows:

''(a) NONPASSENGER AUTOMOBILES.—

''(1) ANNUAL PRESCRIPTION OF AVERAGE FUEL ECONOMY STANDARDS.—

''(A) IN GENERAL.—Not later than 18 months before the beginning of each model year, the Secretary of Transportation shall prescribe by regulation average fuel economy standards for nonpassenger automobiles manufactured by a manufacturer in that model year.

''(B) STANDARDS BASED ON CLASS.—The Secretary may prescribe separate standards for different classes of nonpassenger automobiles.

''(C) STANDARDS BASED ON VEHICLE ATTRIBUTES.—The Secretary may prescribe such standards based on vehicle attributes pursuant to subsection (j).

''(D) MINIMUM STANDARD.—Each standard prescribed under this paragraph shall be the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in that model year, consistent with subsection (e).

''(2) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2012 THROUGH 2014.—Not later than April 1, 2010, the Secretary shall establish average fuel economy standards for nonpassenger automobiles for each of the model years 2012, 2013, and 2014. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(3) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEAR 2015.—Not later than April 1, 2013, the Secretary shall establish the average fuel economy standard for nonpassenger automobiles for model year 2015—

''(A) at least 25.3 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(4) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2016 THROUGH 2019.—Not later than April 1, 2014, the Secretary shall establish average fuel economy standards for nonpassenger automobiles for each of the model years 2016, 2017, 2018, and 2019. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(5) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEAR 2020.—Not later than April 1, 2018, the Secretary shall establish the average fuel economy standard for nonpassenger automobiles for model year 2020—

''(A) at least 27.7 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(6) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2021 THROUGH 2024.—Not later than April 1, 2019, the Secretary shall establish average fuel economy standards for nonpassenger automobiles for each of the model years 2021, 2022, 2023, and 2024. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(7) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2025 AND THEREAFTER.—Not later than April 1, 2023, the Secretary shall establish the average fuel economy standard for nonpassenger automobiles for model year 2025 and each subsequent model year—

''(A) at least 30 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).''; and

(2) by amending subsection (b) to read as follows:

''(b) PASSENGER AUTOMOBILES.—

''(1) ANNUAL PRESCRIPTION OF AVERAGE FUEL ECONOMY STANDARDS.—

''(A) IN GENERAL.—Not later than 18 months before the beginning of each model year after model year 2011, the Secretary of Transportation shall prescribe by regulation average fuel economy standards for passenger automobiles manufactured by a manufacturer in that model year.

''(B) AUTHORITY FOR PRESCRIPTION OF DIFFERING STANDARDS BASED ON CLASS.—The Secretary may prescribe separate standards for different classes of passenger automobiles.

''(C) STANDARDS BASED ON VEHICLE ATTRIBUTES.—The Secretary may prescribe such standards based on vehicle attributes pursuant to subsection (j).

''(D) MINIMUM STANDARD.—Each standard prescribed under this paragraph shall be the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in that model year, consistent with subsection (e).

''(2) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEAR 2012.—Not later than April 1, 2010, the Secretary shall establish the average fuel economy standard for passenger automobiles for model year 2012—

''(A) at least 29 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(3) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2013 THROUGH 2016.—Not later than April 1, 2011, the Secretary shall establish average fuel economy standards for passenger automobiles for each of the model years 2013, 2014, 2015, and 2016. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(4) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2017.—Not later than April 1, 2015, the Secretary shall establish the average fuel economy standard for passenger automobiles for model year 2017—

''(A) at least 32.5 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(5) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2018 THROUGH 2021.—Not later than April 1, 2016, the Secretary shall establish average fuel economy standards for passenger automobiles for model years 2018, 2019, 2020, and 2021. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(6) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2022 AND THEREAFTER.—Not later than April 1, 2020, the Secretary shall establish the average fuel economy standard for passenger automobiles for model year 2022 and each subsequent model year—

''(A) at least 36 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(7) MINIMUM FOR AVERAGE FUEL ECONOMY STANDARDS BASED ON VEHICLE ATTRIBUTES.—

''(A) IN GENERAL.—Notwithstanding any other provision of this section, for any model year in which the Secretary prescribes average fuel economy standards for passenger automobiles on the basis of vehicle attributes pursuant to subsection (j), the average fuel economy standard for passenger automobiles manufactured by a manufacturer in that model year shall also provide for an alternative minimum standard that shall apply only to a manufacturer's domestically manufactured passenger automobiles, as calculated under section 32904 as in effect on the day before the date of the enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007.

''(B) ALTERNATIVE MINIMUM STANDARD.—The alternative minimum standard referred to in subparagraph (A) shall be the greater of—

''(i) 27.5 miles per gallon; or

''(ii) 92 percent of the average fuel economy projected by the Secretary for the combined domestic and foreign fleets manufactured for sale in the United States by all manufacturers in that model year, which projection shall be published in the Federal Register when the standard for that model year is promulgated in accordance with this section.

''(C) APPLICABILITY.—The alternative minimum standard under this paragraph shall apply to a manufacturer's domestically manufactured passenger automobiles only if the passenger automobile standard established on the basis of vehicle attributes pursuant to subsection (j), excluding any credits transferred by the manufacturer pursuant to subsection (g) from other categories of automobiles described in paragraph (5)(B), would allow that manufacturer to comply with a less stringent passenger automobile standard than the alternative minimum standard.''.

(b) REPEAL OF AUTHORITY TO AMEND PASSENGER AUTOMOBILE FUEL ECONOMY STANDARDS.—

(1) IN GENERAL.—Section 32902 of title 49, United States Code, is amended—

(A) by striking subsection (c); and

(B) by redesignating subsections (d) through (j) as subsections (c) through (i), respectively.

(2) CONFORMING AMENDMENTS.—

(A) Section 32901(a)(12) of such title is amended by striking ''section 32902(d)'' and inserting ''section 32902(c)''.

(B) Section 32902 of such title is amended—

(i) in subsection (c)(1), as redesignated by paragraph (1)(B), by striking ''under subsection (b) or (c)'' and inserting ''under subsection (b)'';

(ii) in subsection (d)(2), as redesignated by paragraph (1)(B), by striking ''under subsection (a), (b), (c), or (d)'' and inserting ''under subsection (a), (b), or (c)'';

(iii) in subsection (f), as redesignated by paragraph (1)(B)—

(I) in paragraph (1)—

(aa) by striking ''under subsection (a) or (d)'' and inserting ''under subsection (a), (b), or (c)''; and

(bb) by striking ''of subsection (a) or (d)'' and inserting ''of subsection (a), (b), or (c)''; and

(II) in paragraph (2), by striking ''(and submit the amendment to Congress when required under subsection (c)(2) of this section)'';

(iv) in subsection (g), as redesignated by paragraph (1)(B), by striking ''carrying out subsections (c), (f), and (g)'' and inserting ''carrying out subsections (a), (b), (e), and (f)''; and

(v) in subsection (i), as redesignated by paragraph (1)(B), by striking ''under subsection (a), (c), or (g) of this section'' and inserting ''under subsection (a), (b), or (f)''.

(C) Section 32904(a)(1)(B) of such title is amended by striking ''section 32902(b)-(d)'' and inserting ''subsections (b) and (c) of section 32902''.

(D) Section 32907(a)(4) of such title is amended by striking ''section 32902(d)'' and inserting ''section 32902(c)''.

(E) Section 32909(b) of such title is amended by striking '', except that a petition for review'' and all that follows through ''referred to in section 32902(c)(2)''.

(F) Section 32917(b)(1)(B) of such title is amended by striking ''or (c)''.

(c) AUTHORITY OF THE SECRETARY TO PRESCRIBE STANDARDS BASED ON VEHICLE ATTRIBUTES.—Section 32902 of title 49, United States Code, as amended by this section, is further amended by adding at the end the following:

''(j) AUTHORITY OF THE SECRETARY TO PRESCRIBE STANDARDS BASED ON VEHICLE ATTRIBUTES.—

''(1) IN GENERAL.—The authority of the Secretary of Transportation to prescribe by regulation average fuel economy standards for passenger automobiles and nonpassenger automobiles includes the authority to prescribe standards based on vehicle attributes related to fuel economy and to express any such attribute-based standard in the form of a mathematical function.

''(2) TRANSITION PERIOD.—If the Secretary prescribes standards for passenger automobiles on the basis of vehicle attributes, the Secretary shall provide a transition period during the first 3 model years in which an attribute-based standard would apply during which each manufacturer may elect whether to comply with the attribute-based standard or with the single corporate average fuel economy level prescribed under subsection (b).

''(3) PRESCRIPTION OF STANDARDS FOR MULTIPLE YEARS.—The authority of the Secretary to prescribe by regulation average fuel economy standards for automobiles includes the authority to prescribe standards by issuing regulations governing more than 1 model year at a time, up to 5 consecutive model years.''.

(d) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) Section 32901(a) of title 49, United States Code, is amended—

(A) by redesignating paragraph (16) as paragraph (17); and

(B) by inserting after paragraph (15) the following:

''(16) 'nonpassenger automobile' means an automobile that is not a passenger automobile; and''.

(2) Section 32903 of title 49, United States Code, is amended—

(A) by striking ''section 32902(b)–(d) of this title'' each place it appears and inserting ''subsections (b) and (c) of section 32902'';

(B) in subsection (a)(2), by striking ''clause (1) of this subsection,'' and inserting ''paragraph (1)''; and

(C) in subsection (e), by striking ''automobiles that are not passenger automobiles'' and inserting ''nonpassenger automobiles''.

(e) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall take effect on the date of the enactment of this Act.

(2) TRANSITION FOR PASSENGER AUTOMOBILES.—The standard or standards for passenger automobiles under the authority of section 32902(b) of title 49, United States Code, in effect on the day before the date of the enactment of this Act, shall remain in effect until a standard for passenger automobiles is established under the authority of section 32902(b) of such title, as amended by this section.

(3) AVERAGE FUEL ECONOMY STANDARD FOR NONPASSENGER AUTOMOBILES IN MODEL YEARS THROUGH 2011.—The average fuel economy standard for nonpassenger automobiles, under the authority of section 32902(a) of such title for model years through 2011, shall be the standard described in the final rule issued by the National Highway Traffic Safety Administration entitled ''Average Fuel Economy Standards for Light Trucks Model Years 2008–2011'' (71 Fed. Reg. 17566), as amended in a notice published by the National Highway Traffic Safety Administration on April 14, 2006 (71 Fed. Reg. 19449).

SEC. 503. FUEL EFFICIENCY TARGET FOR COMMERCIAL MEDIUM-DUTY AND HEAVY-DUTY ON-HIGHWAY VEHICLES.

Section 32902 of title 49, United States Code, as amended by section 502, is further amended by adding at the end the following:

''(k) COMMERCIAL MEDIUM- AND HEAVY-DUTY ON-HIGHWAY VEHICLES.—

''(1) STUDY.—Not later than 18 months after the date of the enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007, the Secretary of Transportation, in consultation with the Secretary of Energy and the Administrator of the Environmental Protection Agency, shall examine the fuel efficiency of commercial medium- and heavy-duty on-highway vehicles and determine—

''(A) the appropriate test procedures and methodologies for measuring commercial medium- and heavy-duty on-highway vehicle fuel efficiency;

''(B) the appropriate metric for measuring and expressing commercial medium- and heavy-duty on-highway vehicle fuel efficiency performance, taking into consideration, among other things, the work performed by such on-highway vehicles and types of operations in which they are used;

''(C) the range of factors, including, without limitation, design, functionality, use, duty cycle, infrastructure, and total overall energy consumption and operating costs that effect commercial medium- and heavy-duty on-highway vehicle fuel efficiency; and

''(D) such other factors and conditions that could have an impact on a program to improve commercial medium- and heavy-duty on-highway vehicle fuel efficiency.

''(2) RULEMAKING.—Not later than 24 months after completion of the study required under paragraph (1), the Secretary of Transportation, in consultation with the Secretary of Energy and the Administrator of the Environmental Protection Agency, and based on the results of that study, shall determine in a rulemaking procedure how to implement a commercial medium- and heavy-duty on-highway vehicle fuel efficiency improvement program and, as appropriate, shall adopt test methods, measurement metrics, fuel efficiency targets, and compliance and enforcement protocols that are appropriate, cost-effective, and technologically feasible for commercial medium- and heavy-duty on-highway vehicles.

''(3) LEAD-TIME; REGULATORY STABILITY.—Any commercial medium- and heavy-duty on-highway vehicle fuel efficiency regulatory program adopted pursuant to this subsection shall provide no less than 4 full model years of regulatory lead-time and 3 full model years of regulatory stability.

''(4) COMMERCIAL MEDIUM- AND HEAVY-DUTY ON-HIGHWAY VEHICLE DEFINED.—In this subsection, the term 'commercial medium- and heavy-duty on-highway vehicle' means a commercial on-highway vehicle with a gross vehicle weight rating of more than 10,000 pounds.''.

SEC. 504. CREDIT AVAILABILITY.

(a) IN GENERAL.—Section 32903 of title 49, United States Code, is amended—

(1) by striking ''section 32902(b)–(d) of this title'' each place it appears and inserting ''subsections (b) and (c) of section 32902'';

(2) in subsection (a)—

(A) by striking ''3 consecutive model years'' each place it appears and inserting ''5 consecutive model years''; and

(B) in paragraph (2), by striking ''clause (1) of this subsection,'' and inserting ''paragraph (1)'';

(3) in subsection (b)—

(A) in paragraph (1), by striking ''paragraph (2) of this subsection'' and inserting ''paragraph (2) and subsection (g)''; and

(B) in paragraph (2), by striking ''3 model years'' and inserting ''5 model years'';

(4) in subsection (e), by striking ''automobiles that are not passenger automobiles'' and inserting ''nonpassenger automobiles''; and

(5) by adding at the end the following:

''(g) CREDIT TRANSFERRING WITHIN A MANUFACTURER'S FLEET.—

''(1) AVERAGE FUEL ECONOMY CREDIT TRANSFERRING PROGRAM.—The Secretary of Transportation shall establish, by regulation, a corporate average fuel economy credit transferring program to allow any manufacturer whose automobiles exceed any of the average fuel economy standards prescribed under section 32902 to transfer the credits earned under this section and to apply them within that manufacturer's fleet to a compliance category of automobiles that fails to achieve the prescribed standards.

''(2) AVAILABILITY OF CREDITS TRANSFERRED.—Credits transferred under this section are available to be used in the same model years that the manufacturer could have applied them under subsections (a), (b), (d) and (e) as well as for the model year in which the manufacturer earned them. The maximum increase in any compliance category attributable to transferred credits is 1.0 mile per gallon in any single model year.

''(3) LIMITATION ON CREDIT TRANSFERS TO CATEGORY OF PASSENGER AUTOMOBILES.—In the case of transfers to the category of automobiles described in paragraph 5(B)(i), the transfer is limited to the extent that the fuel economy level of the manufacturer's fleet of passenger automobiles manufactured domestically shall comply with the provisions established under section 32902(b)(7), excluding any transfers from other categories of automobiles described in paragraph 5(B).

''(4) EFFECTIVE DATE.—A credit transferred in conformance with this section may only be so transferred if such credit is earned no earlier than the first model year after the date of the enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007.

''(5) DEFINITIONS.—In this subsection:

''(A) FLEET.—The term 'fleet' means all automobiles manufactured by a manufacturer in a given model year.

''(B) COMPLIANCE CATEGORY OF AUTOMOBILES.—The term 'compliance category of automobiles' means any of the 3 categories of automobiles for which compliance is separately calculated under this chapter, namely—

''(i) passenger automobiles manufactured domestically;

''(ii) passenger automobiles not manufactured domestically; and

''(iii) nonpassenger automobiles.''.

(b) FLEXIBLE FUELED VEHICLES.—

(1) EXTENSION OF ALTERNATIVE FUEL AUTOMOBILES MANUFACTURING INCENTIVES.—Section 32905 of title 49, United States Code, is amended—

(A) by striking ''1993–2010'' each place it appears and inserting ''1993 through 2020.'';

(B) by striking subsections (f) and (g); and

(C) by redesignating subsection (h) as subsection (f).

(2) EXTENSION OF MAXIMUM INCREASE PERIOD.—Section 32906(a) of title 49, United States Code, is amended—

(A) by striking ''1993–2010'' and inserting ''1993 through 2020'';

(B) in paragraph (1)—

(i) in subparagraph (A), by striking ''(A)''; and

(ii) by striking subparagraph (B); and

(C) in paragraph (2), by striking ''described—'' and all that follows and inserting ''is more than 1.2 miles per gallon, the limitation in paragraph (1) applies.''.

SEC. 505. RESEARCH ON AND DEVELOPMENT OF LEAP-AHEAD TECHNOLOGY.

(a) PROGRAM.—The Secretary of Energy (referred to in this section as the ''Secretary''), in cooperation with heads of other Federal agencies, shall carry out a comprehensive program to develop advanced vehicle technologies (including associated components and parts) that will offer—

(1) the potential for significantly-improved fuel economy; and

(2) significant reductions in emissions.

(b) COMPONENTS.—The program carried out under subsection (a) shall include research and development in the areas of—

(1) advanced lightweight materials;

(2) advanced battery technology and battery systems;

(3) hybrid systems, including—

(A) power electronics, electric motors, power control units, and power controls;

(B) hydraulic accumulators or other energy storage devices; and

(C) testing and analysis;

(4) plug-in hybrids;

(5) advanced clean diesel;

(6) hydrogen internal combustion engines;

(7) fuel cell technology;

(8) hydrogen storage;

(9) fuel cell membranes;

(10) cellulosic ethanol;

(11) biodiesel fuel;

(12) biodiesel fuel and technology;

(13) ethanol and biofuels technology; and

(14) such other related areas as the Secretary determines to be appropriate.

(c) ADVANCED LIGHTWEIGHT MATERIALS.—In carrying out this section, the Secretary shall carry out an advanced lightweight materials research and development program the primary focuses of which shall include—

(1) the provision of—

(A) technical advice for compliance with applicable Federal and State environmental requirements;

(B) assistance in identifying supply sources and securing long-term contracts; and

(C) public outreach, education, and labeling materials; and

(2) the development of—

(A) low-cost, durable, abuse-tolerant lithium ion-based chemistries or other advanced chemistries;

(B) advanced lightweight steels that provide a 30-percent weight reduction;

(C) advanced lightweight metals (such as magnesium, aluminum, and titanium);

(D) advanced composites, particularly carbon fiber precursors and forming; and

(E) advanced forming and joining processes for lightweight materials, including mixed materials (such as combinations of steel, aluminum, magnesium, and carbon fiber into a single assembly or vehicle).

(d) ADVANCED BATTERIES.—

(1) IN GENERAL.—In carrying out this section, the Secretary shall carry out an advanced battery program the primary focuses of which shall be—

(A) research in the chemistry of exploratory battery technologies (other than lithium ion batteries); and

(B) battery and battery systems production process research and development.

(2) INDUSTRY ALLIANCE.—In carrying out the advanced battery program under this subsection, the Secretary shall competitively select an Industry Alliance to represent participants who are private, for-profit firms headquartered in the United States, the primary business of which is the manufacturing of batteries and battery systems.

(3) RESEARCH.—

(A) GRANTS.—The Secretary shall carry out research activities of the Initiative through competitively-awarded grants to—

(i) researchers, including Industry Alliance participants;

(ii) small businesses;

(iii) National Laboratories; and

(iv) institutions of higher education.

(B) INDUSTRY ALLIANCE.—The Secretary shall annually solicit from the Industry Alliance—

(i) comments to identify advanced battery technology needs relevant to electric drive technology;

(ii) an assessment of the progress of research activities of the Initiative; and

(iii) assistance in annually updating advanced battery technology road maps.

(4) AVAILABILITY TO THE PUBLIC.—The information and road maps developed under this subsection shall be available to the public.

(5) PREFERENCE.—In making awards under this subsection, the Secretary shall give preference to participants in the Industry Alliance.

(6) COST SHARING.—In carrying out this subsection, the Secretary shall require cost sharing in accordance with section 120(b) of title 23, United States Code.

(e) HYBRID SYSTEMS.—In carrying out this section, the Secretary shall carry out a program relating to hybrid systems, the primary focus of which shall be research on and development of—

(1) advanced electric traction systems and wheel motors;

(2) advanced power electronics;

(3) systems integration; and

(4) hydraulic accumulators or other energy storage devices.

(f) PLUG-IN HYBRIDS.—In carrying out this section, the Secretary shall carry out a program relating to plug-in hybrids, the primary focus of which shall be—

(1) research on and development of advanced batteries with appropriate power to energy ratios necessary for minimum electric range and vehicle performance, such as acceleration; and

(2) the early demonstration of vehicles and infrastructure through the provision of procurement assistance to fleet purchasers.

(g) ADVANCED CLEAN DIESEL.—In carrying out this section, the Secretary shall carry out a program of research and development relating to diesel combustion and emissions, the primary focuses of which shall be—

(1) the development of clean-burn and after treatment technologies, including advanced low-temperature combustion (including homogeneous charge compression-ignition);

(2) the development of mixed mode operation that combines attributes of compression- and spark-ignition engine technologies;

(3) the integration of advanced technologies, including increased expansion ratio, variable valve timing, reduced friction, and improved exhaust gas heat recovery;

(4) the development of NO_x after treatment systems, including absorber-catalysts, selective catalytic reduction, and lean NO_x catalysts;

(5) the development of particulate matter after treatment systems;

(6) the development of powertrain integration of engine and after treatment systems; and

(7) enhancements in durability and reliability and reduction of costs.

(h) HYDROGEN INTERNAL COMBUSTION ENGINES.—In carrying out this section, the Secretary shall carry out a program of research and development relating to hydrogen internal combustion engines, the primary focuses of which shall be—

(1) to advance hydrogen internal combustion engine technology to a level at which

the robustness and durability of such an engine would be acceptable to real-world customers; and

(2) to use those engines to provide an affordable transition to a hydrogen economy by creating a demand for hydrogen refueling infrastructure and bridging to hydrogen-powered fuel cells.

(i) FUEL CELL TECHNOLOGY.—In carrying out this section, the Secretary shall carry out a program of research and development relating to fuel cell technology, the primary focuses of which shall be research on and development of—

(1) fuel cell stack components and fuel cell manufacturing processes; and

(2) materials resistant to hydrogen embrittlement.

(j) HYDROGEN STORAGE.—In carrying out this section, the Secretary shall carry out a program of research and development relating to hydrogen storage, the primary focus of which shall be research on and development of competitive storage methods for sufficient quantities of hydrogen onboard a vehicle (including a demonstration of hydrogen refueling infrastructure for not less than 10 nor more than 20 stations)—

(1) to enable increased development and use of hydrogen internal combustion engines and hydrogen-powered fuel cell vehicles; and

(2) to meet or surpass the customer-discernable attributes of vehicles available as of the date of enactment of this Act with respect to range and cost per mile.

(k) FUEL CELL MEMBRANES.—In carrying out this section, the Secretary shall carry out a program of research and development relating to fuel cell membranes, the primary focuses of which shall be—

(1) the achievement of a fundamental understanding of the catalytic materials for fuel cells; and

(2) the development of low-cost fuel cell membranes.

(l) CELLULOSIC ETHANOL.—In carrying out this section, the Secretary shall carry out a program of research and development relating to cellulosic ethanol, the primary focus of which shall be research on and development of enzymes necessary for the production of cellulosic ethanol.

(m) BIODIESEL FUEL.—In carrying out this section, the Secretary shall carry out a program of research and development relating to biodiesel fuel, the primary focuses of which shall be—

(1) the development of a national B–20 standard;

(2) fundamental research on biomass-to-liquid alternatives;

(3) total lifecycle analyses of the total potential for petroleum replacement, total fossil fuel replacement, or greenhouse gas reductions for biodiesel options;

(4) an assessment of feedstock options; and

(5) an assessment of the effects on engine durability and reliability including the effects due to fuel quality variations, stability, and degradation parameters.

(n) BIODIESEL FUEL AND TECHNOLOGY.—In carrying out this section, the Secretary shall carry out a program of research and development relating to biodiesel fuel, the primary focuses of which shall be—

(1) the evaluation and optimization of B–100 processing variables to enhance blendstock stability, maintain uniform quality and specifications, and reduce cost;

(2) the development and expansion of processing, blending, and distribution infrastructure;

(3) the development of standardized labeling and dispensing of equipment information;

(4) establishment of a consumer education outreach program;

(5) assessment and evaluation of biodiesel on advanced engine (such as high-pressure injector) and after treatment components; and

(6) assessment of the effects of biodiesel on advanced combustion clean-burn strategies.

(o) ETHANOL AND BIOFUELS TECHNOLOGY.—In carrying out this section, the Secretary shall carry out a program of research and development relating to ethanol and biofuels technology, the primary focus of which shall be research and development into—

(1) ethanol and biofuels transport systems, such as truck, rail, and pipelines;

(2) advanced high-efficiency combustion research for fuels, such as E–85;

(3) materials compatibility for E–85 fuel;

(4) E–85 vehicle engineering and calibration to speed conversion of systems; and

(5) advanced combustion and after-treatment systems to support fuel efficiency gains.

(p) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated—

(1) to carry out subsection (a), $60,000,000 for each of fiscal years 2008 through 2012;

(2) to carry out subsection (b), $143,000,000 for each of the fiscal years 2008 through 2012;

(3) to conduct research and development into hybrid systems (power electronics, electric motors, hydraulic accumulators, other energy storage devices, testing, and analysis), $64,000,000 for each of the fiscal years 2008 through 2012;

(4) to conduct research and development into plug-in hybrids, $56,000,000 for each of the fiscal years 2008 through 2012;

(5) to conduct research and development into advanced clean diesel, $54,000,000 for each of the fiscal years 2008 through 2010;

(6) to conduct research and development into hydrogen internal combustion engines, $11,000,000 for each of the fiscal years 2008 through 2012;

(7) to conduct research and development into fuel cell technology, $40,000,000 for each of the fiscal years 2008 through 2012;

(8) to conduct research and development into hydrogen storage, $88,000,000 for each of the fiscal years 2008 through 2012;

(9) to conduct research and development into fuel cell membranes, $64,000,000 for each of the fiscal years 2008 through 2012;

(10) to conduct research and development into cellulosic ethanol, $340,000,000 for each of the fiscal years 2008 through 2012;

(11) to conduct research and development into biodiesel fuel and technology, $7,000,000 for each of the fiscal years 2008 through 2012; and

(12) to conduct research and development into ethanol biofuels technology, $23,000,000 for each of the fiscal years 2008 through 2012.

SEC. 506. PROHIBITION ON FRANCHISE AGREEMENT RESTRICTIONS RELATED TO ALTERNATIVE FUEL INFRASTRUCTURE.

(a) IN GENERAL.—Title I of the Petroleum Marketing Practices Act (15 U.S.C. 2801 et seq.) is amended by adding at the end the following:

''SEC. 107. PROHIBITION ON RESTRICTION OF INSTALLATION OF ALTERNATIVE FUEL PUMPS.

''(a) DEFINITION.—In this section:

''(1) ALTERNATIVE FUEL.—The term 'alternative fuel' means any fuel—

''(A) at least 85 percent of the volume of which consists of ethanol, natural gas, compressed natural gas, liquefied natural gas, liquefied petroleum gas, hydrogen, or any combination of those fuels; or

''(B) any mixture of biodiesel (as defined in section 40A(d)(1) of the Internal Revenue Code of 1986) and diesel fuel (as defined in section 4083(a)(3) of the Internal Revenue Code of 1986), determined without regard to any use of kerosene and containing at least 20 percent biodiesel.

''(2) FRANCHISE-RELATED DOCUMENT.—The term 'franchise-related document' means—

''(A) a franchise under this Act; and

''(B) any other contract or directive of a franchisor relating to terms or conditions of the sale of fuel by a franchisee.

''(b) PROHIBITIONS.—

''(1) IN GENERAL.—Notwithstanding any provision of a franchise-related document in effect on the date of enactment of this section, no franchisee or affiliate of a franchisee shall be restricted from—

''(A) installing on the marketing premises of the franchisee an alternative fuel pump or storage tank;

''(B) converting an existing tank and pump on the marketing premises of the franchisee for alternative fuel use;

''(C) advertising (including through the use of signage or logos) the sale of any alternative fuel;

''(D) selling alternative fuel in any specified area on the marketing premises of the franchisee (including any area in which a name or logo of a franchisor or any other entity appears);

''(E) purchasing alternative fuel solely from the franchisor if the franchisor does not offer its own renewable fuel for sale by the franchisee;

''(F) listing alternative fuel availability or prices, including on service station signs, fuel dispensers, or light poles; or

''(G) allowing payment of alternative fuel with a credit card.

''(2) ENFORCEMENT.—Any restriction described in paragraph (1) that is contained in a franchise-related document and in effect on the date of enactment of this section—

''(A) shall be considered to be null and void as of that date; and

''(B) shall not be enforced under section 105.

''(c) EXCEPTION TO 3-GRADE REQUIREMENT.—No franchise-related document that requires that 3 grades of gasoline be sold by the applicable franchisee shall prevent the franchisee from selling an alternative fuel in lieu of 1 grade of gasoline.''.

(b) CONFORMING AMENDMENTS.—

(1) IN GENERAL.—Section 101(13) of the Petroleum Marketing Practices Act (15 U.S.C. 2801(13)) is amended by adjusting the indentation of subparagraph (C) appropriately.

(2) TABLE OF CONTENTS.—The table of contents of the Petroleum Marketing Practices Act (15 U.S.C. 2801 note) is amended by inserting after the item relating to section 106 the following:

''Sec. 107. Prohibition on restriction of installation of alternative fuel pumps.''.

SEC. 507. PUBLIC ACCESS TO FEDERAL ALTERNATIVE REFUELING STATIONS.

(a) DEFINITIONS.—In this section:

(1) ALTERNATIVE FUEL REFUELING STATION.—The term ''alternative fuel refueling station'' has the meaning given the term ''qualified alternative fuel vehicle refueling property'' in section 30C(c)(1) of the Internal Revenue Code of 1986.

(2) SECRETARY.—The term ''Secretary'' means the Secretary of Energy.

(b) ACCESS TO FEDERAL ALTERNATIVE REFUELING STATIONS.—Not later than 18 months after the date of enactment of this Act—

(1) except as provided in subsection (d)(1), any Federal property that includes at least 1 fuel refueling station shall include at least 1 alternative fuel refueling station; and

(2) except as provided in subsection (d)(2), any alternative fuel refueling station located on property owned by the Federal government shall permit full public access for the purpose of refueling using alternative fuel.

(c) DURATION.—The requirements described in subsection (b) shall remain in effect until the sooner of—

(1) the date that is 7 years after the date of enactment of this Act; or

(2) the date on which the Secretary determines that not less than 5 percent of the commercial refueling infrastructure in the United States offers alternative fuels to the general public.

(d) EXCEPTIONS.—

(1) WAIVER.—Subsection (b)(1) shall not apply to any Federal property under the jurisdiction of a Federal agency if the Secretary determines that alternative fuel is not reasonably available to retail purchasers of the fuel, as certified by the head of the agency to the Secretary.

(2) NATIONAL SECURITY EXEMPTION.—Subsection (b)(2) shall not apply to property of the Federal government that the Secretary, in consultation with the Secretary of Defense, has certified must be exempt for national security reasons.

(e) REPORT.—Not later than October 31 of each year beginning after the date of enactment of this Act, the President shall submit to Congress a report that describes the progress of the agencies of the Federal Government (including the Executive Office of the President) in complying with—

(1) the Energy Policy Act of 1992 (42 U.S.C. 13201 et seq.);

(2) Executive Order 13149 (65 Fed. Reg. 24595; relating to greening the government through Federal fleet and transportation efficiency); and

(3) the fueling center requirements of this section.

SEC. 508. LABELS FOR FUEL ECONOMY AND GREENHOUSE GAS EMISSIONS.

Section 32908(b) of title 49, United States Code, is amended—

(1) in paragraph (1)—

(A) by redesignating subparagraph (F) as subparagraph (H); and

(B) by inserting after subparagraph (E) the following:

''(F) a label (or a logo imprinted on a label required by this paragraph) that—

''(i) reflects an automobile's performance on the basis of criteria developed by the Administrator to reflect the fuel economy and greenhouse gas and other emissions consequences of operating the automobile over its likely useful life;

''(ii) permits consumers to compare performance results under clause (i) among all automobiles; and

''(iii) is designed to encourage the manufacture and sale of automobiles that meet or exceed applicable fuel economy standards under section 32902.

''(G) a fuelstar under paragraph (5).''; and

(2) by adding at the end the following:

''(4) GREEN LABEL PROGRAM.—

''(A) MARKETING ANALYSIS.—Not later than 2 years after the date of the enactment of the Ten-in-Ten Fuel Economy Act, the Administrator shall implement a consumer education program and execute marketing strategies to improve consumer understanding of automobile performance described in paragraph (1)(F).

''(B) ELIGIBILITY.—Not later than 3 years after the date described in subparagraph (A), the Administrator shall issue requirements for the label or logo required under paragraph (1)(F) to ensure that an automobile is not eligible for the label or logo unless it—

''(i) meets or exceeds the applicable fuel economy standard; or

''(ii) will have the lowest greenhouse gas emissions over the useful life of the vehicle of all vehicles in the vehicle attribute class to which it belongs in that model year.

''(5) FUELSTAR PROGRAM.—

''(A) IN GENERAL.—The Secretary shall establish a program, to be known as the 'Fuelstar Program', under which stars shall be imprinted on or attached to the label required by paragraph (1).

''(B) GREEN STARS.—Under the Fuelstar Program, a manufacturer may include on the label maintained on an automobile under paragraph (1)—

''(i) 1 green star for any automobile that meets the average fuel economy standard for the model year under section 32902;

''(ii) 1 additional green star for each 2 miles per gallon by which the automobile exceeds such standard; and

''(iii) 1 additional green star for the use of thermal management technologies, including energy efficient air conditioning systems, glass, and powertrain systems.

''(C) GOLD STARS.—Under the Fuelstar Program, a manufacturer may include a gold star on the label maintained on an automobile under paragraph (1) if the automobile attains a fuel economy of at least 50 miles per gallon.''.

SEC. 509. NATIONAL ACADEMY OF SCIENCES STUDIES.

(a) IN GENERAL.—As soon as practicable after the date of enactment of this Act, the Secretary of Transportation shall execute an agreement with the National Academy of Sciences to develop a report evaluating vehicle fuel economy standards, including—

(1) an assessment of automotive technologies and costs to reflect developments since the Academy's 2002 report evaluating the corporate average fuel economy standards was conducted;

(2) an analysis of existing and potential technologies that may be used practically to improve automobile fuel economy;

(3) an analysis of how such technologies may be practically integrated into the automotive manufacturing process; and

(4) an assessment of how such technologies may be used to meet the new fuel economy standards under chapter 329 of title 49, United States Code, as amended by this title.

(b) QUINQUENNIAL UPDATES.—After submitting the initial report, the Academy shall update the report at 5 year intervals thereafter through 2025.

(c) REPORT.—The Academy shall submit the report to the Secretary, the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Energy and Commerce, with its findings and recommendations no later than 18 months after the date on which the Secretary executes the agreement with the Academy.

SEC. 510. STANDARDS FOR EXECUTIVE AGENCY AUTOMOBILES.

(a) IN GENERAL.—Section 32917 of title 49, United States Code, is amended to read as follows:

''§ 32917. Standards for Executive agency automobiles

''(a) FUEL EFFICIENCY.—The head of an Executive agency shall ensure that each new automobile procured by the Executive agency is as fuel efficient as practicable.

''(b) DEFINITIONS.—In this section:

''(1) EXECUTIVE AGENCY.—The term 'Executive agency' has the meaning given that term in section 105 of title 5.

''(2) NEW AUTOMOBILE.—The term 'new automobile', with respect to the fleet of automobiles of an executive agency, means an automobile that is leased for at least 60 consecutive days or bought, by or for the Executive agency, after September 30, 2008. The term does not include any vehicle designed for combat-related missions, law enforcement work, or emergency rescue work.''.

(b) REPORT.—The Administrator of the General Services Administration shall develop a report describing and evaluating the efforts of the heads of the Executive agencies to comply with section 32917 of title 49, United States Code, for fiscal year 2009. The Administrator shall submit the report to Congress no later than December 31, 2009.

SA 1713. Mr. PRYOR (for himself, Mr. BOND, Mr. LEVIN, Mr. VOINOVICH, Ms. STABENOW, and Mrs. MCCASKILL) submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 239, strike line 16 and all that follows through page 263, line 8 and insert the following:

TITLE V—CORPORATE AVERAGE FUEL ECONOMY STANDARDS

SEC. 501. INCREASING THE EFFICIENCY OF AUTOMOBILES.

(a) DEFINITIONS.—In this section:

(1) AUTOMOBILE.—The term ''automobile'' means, as defined in regulations promulgated by the Administrator of the Environmental Protection Agency that are in effect on the date of the enactment of this Act—

(A) a light-duty truck;

(B) a light-duty vehicle; or

(C) a medium-duty passenger vehicle.

(2) ALTERNATIVE FUEL.—The term ''alternative fuel'' has the meaning given the term in section 32901(a) of title 49, United States Code.

(3) E85.—The term ''E85'' means a fuel blend containing 85 percent denatured ethanol and 15 percent gasoline by volume.

(4) FLEXIBLE FUEL AUTOMOBILE.—The term ''flexible fuel automobile'' means an automobile warrantied by the manufacturer of the vehicle to operate on any combination of gasoline, E85, and M85 or diesel fuel blends containing not less than 20 percent non-petroleum based fuel alternatives.

(5) HYBRID MOTOR VEHICLE.—The term ''hybrid motor vehicle'' means a new qualified hybrid motor vehicle (as defined in section 30B(d)(3) of the Internal Revenue Code of 1986) that achieves at least 125 percent of the model year 2002 city fuel economy.

(6) M85.—The term ''M85'' means a fuel blend containing 85 percent methanol and 15 percent gasoline by volume.

(7) PLUG-IN HYBRID AUTOMOBILE.—The term ''plug-in hybrid automobile'' means a hybrid automobile that—

(A) has an onboard, rechargeable storage device capable of propelling the vehicle by electricity for at least 10 miles; and

(B) achieves at least 125 percent of the model year 2002 city fuel economy.

(8) QUALIFIED AUTOMOBILE.—The term ''qualified automobile'' means—

(A) a new advanced lean burn technology motor vehicle (as defined in section 30B(c)(3) of the Internal Revenue Code of 1986) that achieves at least 125 percent of the model year 2002 city fuel economy;

(B) an alternative fueled automobile (as defined in section 32901(a) of title 49, United States Code);

(C) a flexible fuel automobile;

(D) a new qualified fuel cell motor vehicle (as defined in section 30B(b)(3) of the Internal Revenue Code of 1986);

(E) a hybrid automobile;

(F) a plug-in hybrid automobile;

(G) an electric automobile;

(H) a hydrogen internal combustion engine automobile; and

(I) any other appropriate automobile that uses substantially new technology and achieves at least 175 percent of the model year 2002 city fuel economy, as determined by the Secretary of Transportation, by regulation.

(b) REQUIREMENTS.—

(1) IN GENERAL.—For each model year, the percentage of new automobiles manufactured by a manufacturer for sale in the United States that are qualified automobiles shall be not less than the corresponding percentage in the following table:

For model year:	The percentage that are qualified automobiles shall be not less than:
2012	20 percent
2013	30 percent
2014	40 percent
2015 and thereafter	50 percent

(2) NEW TECHNOLOGY.—Not less than 10 percent of the number of qualified automobiles required to be manufactured by a manufacturer for sale in the United States in each model year after 2016 pursuant to paragraph (1), shall be—

(A) hybrid automobiles;

(B) plug-in hybrid automobiles;

(C) new advanced lean burn technology motor vehicles (as defined in section 30B(c)(3) of the Internal Revenue Code of 1986);

(D) new qualified fuel cell motor vehicles (as defined in section 30B(b)(3) of the Internal Revenue Code of 1986);

(E) electric automobiles; or

(F) any other appropriate automobile that uses substantially new technology and achieves at least 175 percent of the model year 2002 combined fuel economy, as determined by the Secretary of Transportation, by regulation.

(c) QUALIFIED AUTOMOBILE CREDITS.—

(1) IN GENERAL.—The Secretary shall issue qualified automobile production credits to manufacturers for automobiles manufactured for model year 2012 and for each subsequent model year, in accordance with this subsection.

(2) EFFECT OF CREDIT.—Each credit issued to a manufacturer under this subsection shall reduce the qualified automobile mandate requirement under subsection (b)(1) by 1 automobile for the model year to which the credit applies.

(3) RATE OF CREDIT ISSUANCE.—For each qualified automobile (except for automobiles described in subparagraphs (B) and (C) of subsection (a)(8)) manufactured for model year 2012, 2013, 2014, 2015, or 2016, the manufacturer shall be issued—

(A) 1.25 qualified automobile production credits if the combined fuel economy for such automobile is greater than 110 percent and less than 125 percent of the combined fuel economy of the model year 2002 inertia weight class;

(B) 1.5 qualified automobile production credits if the combined fuel economy for such automobile is at least 125 percent and less than 150 percent of the combined fuel economy of the model year 2002 inertia weight class;

(C) 2.0 qualified automobile production credits if the combined fuel economy for such automobile is at least 150 percent and less than 175 percent of the combined fuel economy of the model year 2002 inertia weight class; and

(D) 3.0 qualified automobile production credits if the combined fuel economy for such automobile is at least 175 percent of the combined fuel economy of the model year 2002 inertia weight class;

(4) DEFINED TERM.—For purposes of this paragraph, the term ''model year 2002 inertia weight class'' has the same meaning as the term ''vehicle inertia weight class'' as defined in Section 30B of the Internal Revenue Code of 1986.

(d) RULEMAKING.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Transportation shall promulgate regulations to carry out this section.

SEC. 502. AVERAGE FUEL ECONOMY STANDARDS FOR AUTOMOBILES.

(a) INCREASED STANDARDS.—Section 32902 of title 49, United States Code, is amended—

(1) by amending subsection (a) to read as follows:

''(a) NONPASSENGER AUTOMOBILES.—

''(1) ANNUAL PRESCRIPTION OF AVERAGE FUEL ECONOMY STANDARDS.—

''(A) IN GENERAL.—Not later than 18 months before the beginning of each model year, the Secretary of Transportation shall prescribe by regulation average fuel economy standards for nonpassenger automobiles manufactured by a manufacturer in that model year.

''(B) STANDARDS BASED ON CLASS.—The Secretary may prescribe separate standards for different classes of nonpassenger automobiles.

''(C) STANDARDS BASED ON VEHICLE ATTRIBUTES.—The Secretary may prescribe such standards based on vehicle attributes pursuant to subsection (j).

''(D) MINIMUM STANDARD.—Each standard prescribed under this paragraph shall be the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in that model year, consistent with subsection (e).

''(2) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2012 THROUGH 2014.—Not later than April 1, 2010, the Secretary shall establish average fuel economy standards for nonpassenger automobiles for each of the model years 2012, 2013, and 2014. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(3) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEAR 2015.—Not later than April 1, 2013, the Secretary shall establish the average fuel economy standard for nonpassenger automobiles for model year 2015—

''(A) at least 25.3 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(4) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2016 THROUGH 2019.—Not later than April 1, 2014, the Secretary shall establish average fuel economy standards for nonpassenger automobiles for each of the model years 2016, 2017, 2018, and 2019. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(5) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEAR 2020.—Not later than April 1, 2018, the Secretary shall establish the average fuel economy standard for nonpassenger automobiles for model year 2020—

''(A) at least 27.7 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(6) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2021 THROUGH 2024.—Not later than April 1, 2019, the Secretary shall establish average fuel economy standards for nonpassenger automobiles for each of the model years 2021, 2022, 2023, and 2024. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(7) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2025 AND THEREAFTER.—Not later than April 1, 2023, the Secretary shall establish the average fuel economy standard for nonpassenger automobiles for model year 2025 and each subsequent model year—

''(A) at least 30 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).''; and

(2) by amending subsection (b) to read as follows:

''(b) PASSENGER AUTOMOBILES.—

''(1) ANNUAL PRESCRIPTION OF AVERAGE FUEL ECONOMY STANDARDS.—

''(A) IN GENERAL.—Not later than 18 months before the beginning of each model year after model year 2011, the Secretary of Transportation shall prescribe by regulation average fuel economy standards for passenger automobiles manufactured by a manufacturer in that model year.

''(B) AUTHORITY FOR PRESCRIPTION OF DIFFERING STANDARDS BASED ON CLASS.—The Secretary may prescribe separate standards for different classes of passenger automobiles.

''(C) STANDARDS BASED ON VEHICLE ATTRIBUTES.—The Secretary may prescribe such standards based on vehicle attributes pursuant to subsection (j).

''(D) MINIMUM STANDARD.—Each standard prescribed under this paragraph shall be the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in that model year, consistent with subsection (e).

''(2) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEAR 2012.—Not later than April 1, 2010, the Secretary shall establish the average fuel economy standard for passenger automobiles for model year 2012—

''(A) at least 29 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(3) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2013 THROUGH 2016.—Not later than April 1, 2011, the Secretary shall establish average fuel economy standards for passenger automobiles for each of the model years 2013, 2014, 2015, and 2016. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(4) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2017.—Not later than April 1, 2015, the Secretary shall establish the average fuel economy standard for passenger automobiles for model year 2017—

''(A) at least 32.5 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(5) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2018 THROUGH 2021.—Not later than April 1, 2016, the Secretary shall establish average fuel economy standards for passenger automobiles for model years 2018, 2019, 2020, and 2021. Each such standard shall be set at the maximum feasible average fuel economy level that the Secretary determines the manufacturers can achieve in each such model year.

''(6) AVERAGE FUEL ECONOMY STANDARD FOR MODEL YEARS 2022 AND THEREAFTER.—Not later than April 1, 2020, the Secretary shall establish the average fuel economy standard for passenger automobiles for model year 2022 and each subsequent model year—

''(A) at least 36 miles per gallon, consistent with paragraph (1)(D); or

''(B) if the Secretary prescribes average fuel economy standards on the basis of vehicle attributes pursuant to subsection (j), at a level that yields estimated fuel savings not less than those that would be achieved by the average fuel economy standard described in subparagraph (A).

''(7) MINIMUM FOR AVERAGE FUEL ECONOMY STANDARDS BASED ON VEHICLE ATTRIBUTES.—

''(A) IN GENERAL.—Notwithstanding any other provision of this section, for any model year in which the Secretary prescribes average fuel economy standards for passenger automobiles on the basis of vehicle attributes pursuant to subsection (j), the average fuel economy standard for passenger automobiles manufactured by a manufacturer in that model year shall also provide for an alternative minimum standard that shall apply only to a manufacturer's domestically manufactured passenger automobiles, as calculated under section 32904 as in effect on the day before the date of the enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007.

''(B) ALTERNATIVE MINIMUM STANDARD.—The alternative minimum standard referred to in subparagraph (A) shall be the greater of—

''(i) 27.5 miles per gallon; or

''(ii) 92 percent of the average fuel economy projected by the Secretary for the combined domestic and foreign fleets manufactured for sale in the United States by all manufacturers in that model year, which projection shall be published in the Federal Register when the standard for that model year is promulgated in accordance with this section.

''(C) APPLICABILITY.—The alternative minimum standard under this paragraph shall apply to a manufacturer's domestically manufactured passenger automobiles only if the passenger automobile standard established on the basis of vehicle attributes pursuant to subsection (j), excluding any credits transferred by the manufacturer pursuant to subsection (g) from other categories of automobiles described in paragraph (5)(B), would allow that manufacturer to comply with a less stringent passenger automobile standard than the alternative minimum standard.''.

(b) REPEAL OF AUTHORITY TO AMEND PASSENGER AUTOMOBILE FUEL ECONOMY STANDARDS.—

(1) IN GENERAL.—Section 32902 of title 49, United States Code, is amended—

(A) by striking subsection (c); and

(B) by redesignating subsections (d) through (j) as subsections (c) through (i), respectively.

(2) CONFORMING AMENDMENTS.—

(A) Section 32901(a)(12) of such title is amended by striking ''section 32902(d)'' and inserting ''section 32902(c)''.

(B) Section 32902 of such title is amended—

(i) in subsection (c)(1), as redesignated by paragraph (1)(B), by striking ''under subsection (b) or (c)'' and inserting ''under subsection (b)'';

(ii) in subsection (d)(2), as redesignated by paragraph (1)(B), by striking ''under subsection (a), (b), (c), or (d)'' and inserting ''under subsection (a), (b), or (c)'';

(iii) in subsection (f), as redesignated by paragraph (1)(B)—

(I) in paragraph (1)—

(aa) by striking ''under subsection (a) or (d)'' and inserting ''under subsection (a), (b), or (c)''; and

(bb) by striking ''of subsection (a) or (d)'' and inserting ''of subsection (a), (b), or (c)''; and

(II) in paragraph (2), by striking ''(and submit the amendment to Congress when required under subsection (c)(2) of this section)'';

(iv) in subsection (g), as redesignated by paragraph (1)(B), by striking ''carrying out subsections (c), (f), and (g)'' and inserting ''carrying out subsections (a), (b), (e), and (f)''; and

(v) in subsection (i), as redesignated by paragraph (1)(B), by striking ''under subsection (a), (c), or (g) of this section'' and inserting ''under subsection (a), (b), or (f)''.

(C) Section 32904(a)(1)(B) of such title is amended by striking ''section 32902(b)-(d)'' and inserting ''subsections (b) and (c) of section 32902''.

(D) Section 32907(a)(4) of such title is amended by striking ''section 32902(d)'' and inserting ''section 32902(c)''.

(E) Section 32909(b) of such title is amended by striking '', except that a petition for review'' and all that follows through ''referred to in section 32902(c)(2)''.

(F) Section 32917(b)(1)(B) of such title is amended by striking ''or (c)''.

(c) AUTHORITY OF THE SECRETARY TO PRESCRIBE STANDARDS BASED ON VEHICLE ATTRIBUTES.—Section 32902 of title 49, United States Code, as amended by this section, is further amended by adding at the end the following:

''(j) AUTHORITY OF THE SECRETARY TO PRESCRIBE STANDARDS BASED ON VEHICLE ATTRIBUTES.—

''(1) IN GENERAL.—The authority of the Secretary of Transportation to prescribe by regulation average fuel economy standards for passenger automobiles and nonpassenger automobiles includes the authority to prescribe standards based on vehicle attributes related to fuel economy and to express any such attribute-based standard in the form of a mathematical function.

''(2) TRANSITION PERIOD.—If the Secretary prescribes standards for passenger automobiles on the basis of vehicle attributes, the Secretary shall provide a transition period during the first 3 model years in which an attribute-based standard would apply during which each manufacturer may elect whether to comply with the attribute-based standard or with the single corporate average fuel economy level prescribed under subsection (b).

''(3) PRESCRIPTION OF STANDARDS FOR MULTIPLE YEARS.—The authority of the Secretary to prescribe by regulation average fuel economy standards for automobiles includes the authority to prescribe standards by issuing regulations governing more than 1 model year at a time, up to 5 consecutive model years.''.

(d) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) Section 32901(a) of title 49, United States Code, is amended—

(A) by redesignating paragraph (16) as paragraph (17); and

(B) by inserting after paragraph (15) the following:

''(16) 'nonpassenger automobile' means an automobile that is not a passenger automobile; and''.

(2) Section 32903 of title 49, United States Code, is amended—

(A) by striking ''section 32902(b)–(d) of this title'' each place it appears and inserting ''subsections (b) and (c) of section 32902'';

(B) in subsection (a)(2), by striking ''clause (1) of this subsection,'' and inserting ''paragraph (1)''; and

(C) in subsection (e), by striking ''automobiles that are not passenger automobiles'' and inserting ''nonpassenger automobiles''.

(e) EFFECTIVE DATE.—

(1) IN GENERAL.—Except as provided in paragraph (2), the amendments made by this section shall take effect on the date of the enactment of this Act.

(2) TRANSITION FOR PASSENGER AUTOMOBILES.—The standard or standards for passenger automobiles under the authority of section 32902(b) of title 49, United States Code, in effect on the day before the date of the enactment of this Act, shall remain in effect until a standard for passenger automobiles is established under the authority of section 32902(b) of such title, as amended by this section.

(3) AVERAGE FUEL ECONOMY STANDARD FOR NONPASSENGER AUTOMOBILES IN MODEL YEARS THROUGH 2011.—The average fuel economy standard for nonpassenger automobiles, under the authority of section 32902(a) of such title for model years through 2011, shall be the standard described in the final rule issued by the National Highway Traffic Safety Administration entitled ''Average Fuel Economy Standards for Light Trucks Model Years 2008–2011'' (71 Fed. Reg. 17566), as amended in a notice published by the National Highway Traffic Safety Administration on April 14, 2006 (71 Fed. Reg. 19449).

SEC. 503. FUEL EFFICIENCY TARGET FOR COMMERCIAL MEDIUM-DUTY AND HEAVY-DUTY ON-HIGHWAY VEHICLES.

Section 32902 of title 49, United States Code, as amended by section 502, is further amended by adding at the end the following:

''(k) COMMERCIAL MEDIUM- AND HEAVY-DUTY ON-HIGHWAY VEHICLES.—

''(1) STUDY.—Not later than 18 months after the date of the enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007, the Secretary of Transportation, in consultation with the Secretary of Energy and the Administrator of the Environmental Protection Agency, shall examine the fuel efficiency of commercial medium- and heavy-duty on-highway vehicles and determine—

''(A) the appropriate test procedures and methodologies for measuring commercial medium- and heavy-duty on-highway vehicle fuel efficiency;

''(B) the appropriate metric for measuring and expressing commercial medium- and heavy-duty on-highway vehicle fuel efficiency performance, taking into consideration, among other things, the work performed by such on-highway vehicles and types of operations in which they are used;

''(C) the range of factors, including, without limitation, design, functionality, use, duty cycle, infrastructure, and total overall energy consumption and operating costs that effect commercial medium- and heavy-duty on-highway vehicle fuel efficiency; and

''(D) such other factors and conditions that could have an impact on a program to improve commercial medium- and heavy-duty on-highway vehicle fuel efficiency.

''(2) RULEMAKING.—Not later than 24 months after completion of the study required under paragraph (1), the Secretary of Transportation, in consultation with the Secretary of Energy and the Administrator of the Environmental Protection Agency, and based on the results of that study, shall determine in a rulemaking procedure how to implement a commercial medium- and heavy-duty on-highway vehicle fuel efficiency improvement program and, as appropriate, shall adopt test methods, measurement metrics, fuel efficiency targets, and compliance and enforcement protocols that are appropriate, cost-effective, and technologically feasible for commercial medium- and heavy-duty on-highway vehicles.

''(3) LEAD-TIME; REGULATORY STABILITY.—Any commercial medium- and heavy-duty on-highway vehicle fuel efficiency regulatory program adopted pursuant to this subsection shall provide no less than 4 full model years of regulatory lead-time and 3 full model years of regulatory stability.

''(4) COMMERCIAL MEDIUM- AND HEAVY-DUTY ON-HIGHWAY VEHICLE DEFINED.—In this subsection, the term 'commercial medium- and heavy-duty on-highway vehicle' means a commercial on-highway vehicle with a gross vehicle weight rating of more than 10,000 pounds.''.

SEC. 504. CREDIT AVAILABILITY.

(a) IN GENERAL.—Section 32903 of title 49, United States Code, is amended—

(1) by striking ''section 32902(b)–(d) of this title'' each place it appears and inserting ''subsections (b) and (c) of section 32902'';

(2) in subsection (a)—

(A) by striking ''3 consecutive model years'' each place it appears and inserting ''5 consecutive model years''; and

(B) in paragraph (2), by striking ''clause (1) of this subsection,'' and inserting ''paragraph (1)'';

(3) in subsection (b)—

(A) in paragraph (1), by striking ''paragraph (2) of this subsection'' and inserting ''paragraph (2) and subsection (g)''; and

(B) in paragraph (2), by striking ''3 model years'' and inserting ''5 model years'';

(4) in subsection (e), by striking ''automobiles that are not passenger automobiles'' and inserting ''nonpassenger automobiles''; and

(5) by adding at the end the following:

''(g) CREDIT TRANSFERRING WITHIN A MANUFACTURER'S FLEET.—

''(1) AVERAGE FUEL ECONOMY CREDIT TRANSFERRING PROGRAM.—The Secretary of Transportation shall establish, by regulation, a corporate average fuel economy credit transferring program to allow any manufacturer whose automobiles exceed any of the average fuel economy standards prescribed under section 32902 to transfer the credits earned under this section and to apply them within that manufacturer's fleet to a compliance category of automobiles that fails to achieve the prescribed standards.

''(2) AVAILABILITY OF CREDITS TRANSFERRED.—Credits transferred under this section are available to be used in the same model years that the manufacturer could have applied them under subsections (a), (b), (d) and (e) as well as for the model year in which the manufacturer earned them. The maximum increase in any compliance category attributable to transferred credits is 1.0 mile per gallon in any single model year.

''(3) LIMITATION ON CREDIT TRANSFERS TO CATEGORY OF PASSENGER AUTOMOBILES.—In the case of transfers to the category of automobiles described in paragraph 5(B)(i), the transfer is limited to the extent that the fuel economy level of the manufacturer's fleet of passenger automobiles manufactured domestically shall comply with the provisions established under section 32902(b)(7), excluding any transfers from other categories of automobiles described in paragraph 5(B).

''(4) EFFECTIVE DATE.—A credit transferred in conformance with this section may only be so transferred if such credit is earned no earlier than the first model year after the date of the enactment of the Renewable Fuels, Consumer Protection, and Energy Efficiency Act of 2007.

''(5) DEFINITIONS.—In this subsection:

''(A) FLEET.—The term 'fleet' means all automobiles manufactured by a manufacturer in a given model year.

''(B) COMPLIANCE CATEGORY OF AUTOMOBILES.—The term 'compliance category of automobiles' means any of the 3 categories of automobiles for which compliance is separately calculated under this chapter, namely—

''(i) passenger automobiles manufactured domestically;

''(ii) passenger automobiles not manufactured domestically; and

''(iii) nonpassenger automobiles.''.

(b) FLEXIBLE FUELED VEHICLES.—

(1) EXTENSION OF ALTERNATIVE FUEL AUTOMOBILES MANUFACTURING INCENTIVES.—Section 32905 of title 49, United States Code, is amended—

(A) by striking ''1993–2010'' each place it appears and inserting ''1993 through 2020.'';

(B) by striking subsections (f) and (g); and

(C) by redesignating subsection (h) as subsection (f).

(2) EXTENSION OF MAXIMUM INCREASE PERIOD.—Section 32906(a) of title 49, United States Code, is amended—

(A) by striking ''1993–2010'' and inserting ''1993 through 2020'';

(B) in paragraph (1)—

(i) in subparagraph (A), by striking ''(A)''; and

(ii) by striking subparagraph (B); and

(C) in paragraph (2), by striking ''described—'' and all that follows and inserting ''is more than 1.2 miles per gallon, the limitation in paragraph (1) applies.''.

SEC. 505. RESEARCH ON AND DEVELOPMENT OF LEAP-AHEAD TECHNOLOGY.

(a) PROGRAM.—The Secretary of Energy (referred to in this section as the ''Secretary''), in cooperation with heads of other Federal agencies, shall carry out a comprehensive program to develop advanced vehicle technologies (including associated components and parts) that will offer—

(1) the potential for significantly-improved fuel economy; and

(2) significant reductions in emissions.

(b) COMPONENTS.—The program carried out under subsection (a) shall include research and development in the areas of—

(1) advanced lightweight materials;

(2) advanced battery technology and battery systems;

(3) hybrid systems, including—

(A) power electronics, electric motors, power control units, and power controls;

(B) hydraulic accumulators or other energy storage devices; and

(C) testing and analysis;

(4) plug-in hybrids;

(5) advanced clean diesel;

(6) hydrogen internal combustion engines;

(7) fuel cell technology;

(8) hydrogen storage;

(9) fuel cell membranes;

(10) cellulosic ethanol;

(11) biodiesel fuel;

(12) biodiesel fuel and technology;

(13) ethanol and biofuels technology; and

(14) such other related areas as the Secretary determines to be appropriate.

(c) ADVANCED LIGHTWEIGHT MATERIALS.—In carrying out this section, the Secretary shall carry out an advanced lightweight materials research and development program the primary focuses of which shall include—

(1) the provision of—

(A) technical advice for compliance with applicable Federal and State environmental requirements;

(B) assistance in identifying supply sources and securing long-term contracts; and

(C) public outreach, education, and labeling materials; and

(2) the development of—

(A) low-cost, durable, abuse-tolerant lithium ion-based chemistries or other advanced chemistries;

(B) advanced lightweight steels that provide a 30-percent weight reduction;

(C) advanced lightweight metals (such as magnesium, aluminum, and titanium);

(D) advanced composites, particularly carbon fiber precursors and forming; and

(E) advanced forming and joining processes for lightweight materials, including mixed materials (such as combinations of steel, aluminum, magnesium, and carbon fiber into a single assembly or vehicle).

(d) ADVANCED BATTERIES.—

(1) IN GENERAL.—In carrying out this section, the Secretary shall carry out an advanced battery program the primary focuses of which shall be—

(A) research in the chemistry of exploratory battery technologies (other than lithium ion batteries); and

(B) battery and battery systems production process research and development.

(2) INDUSTRY ALLIANCE.—In carrying out the advanced battery program under this subsection, the Secretary shall competitively select an Industry Alliance to represent participants who are private, for-profit firms headquartered in the United States, the primary business of which is the manufacturing of batteries and battery systems.

(3) RESEARCH.—

(A) GRANTS.—The Secretary shall carry out research activities of the Initiative through competitively-awarded grants to—

(i) researchers, including Industry Alliance participants;

(ii) small businesses;

(iii) National Laboratories; and

(iv) institutions of higher education.

(B) INDUSTRY ALLIANCE.—The Secretary shall annually solicit from the Industry Alliance—

(i) comments to identify advanced battery technology needs relevant to electric drive technology;

(ii) an assessment of the progress of research activities of the Initiative; and

(iii) assistance in annually updating advanced battery technology road maps.

(4) AVAILABILITY TO THE PUBLIC.—The information and road maps developed under this subsection shall be available to the public.

(5) PREFERENCE.—In making awards under this subsection, the Secretary shall give preference to participants in the Industry Alliance.

(6) COST SHARING.—In carrying out this subsection, the Secretary shall require cost sharing in accordance with section 120(b) of title 23, United States Code.

(e) HYBRID SYSTEMS.—In carrying out this section, the Secretary shall carry out a program relating to hybrid systems, the primary focus of which shall be research on and development of—

(1) advanced electric traction systems and wheel motors;

(2) advanced power electronics;

(3) systems integration; and

(4) hydraulic accumulators or other energy storage devices.

(f) PLUG-IN HYBRIDS.—In carrying out this section, the Secretary shall carry out a program relating to plug-in hybrids, the primary focus of which shall be—

(1) research on and development of advanced batteries with appropriate power to energy ratios necessary for minimum electric range and vehicle performance, such as acceleration; and

(2) the early demonstration of vehicles and infrastructure through the provision of procurement assistance to fleet purchasers.

(g) ADVANCED CLEAN DIESEL.—In carrying out this section, the Secretary shall carry out a program of research and development relating to diesel combustion and emissions, the primary focuses of which shall be—

(1) the development of clean-burn and after treatment technologies, including advanced low-temperature combustion (including homogeneous charge compression-ignition);

(2) the development of mixed mode operation that combines attributes of compression- and spark-ignition engine technologies;

(3) the integration of advanced technologies, including increased expansion ratio, variable valve timing, reduced friction, and improved exhaust gas heat recovery;

(4) the development of NO_x after treatment systems, including absorber-catalysts, selective catalytic reduction, and lean NO_x catalysts;

(5) the development of particulate matter after treatment systems;

(6) the development of powertrain integration of engine and after treatment systems; and

(7) enhancements in durability and reliability and reduction of costs.

(h) HYDROGEN INTERNAL COMBUSTION ENGINES.—In carrying out this section, the Secretary shall carry out a program of research and development relating to hydrogen internal combustion engines, the primary focuses of which shall be—

(1) to advance hydrogen internal combustion engine technology to a level at which the robustness and durability of such an engine would be acceptable to real-world customers; and

(2) to use those engines to provide an affordable transition to a hydrogen economy by creating a demand for hydrogen refueling infrastructure and bridging to hydrogen-powered fuel cells.

(i) FUEL CELL TECHNOLOGY.—In carrying out this section, the Secretary shall carry out a program of research and development relating to fuel cell technology, the primary focuses of which shall be research on and development of—

(1) fuel cell stack components and fuel cell manufacturing processes; and

(2) materials resistant to hydrogen embrittlement.

(j) HYDROGEN STORAGE.—In carrying out this section, the Secretary shall carry out a program of research and development relating to hydrogen storage, the primary focus of which shall be research on and development of competitive storage methods for sufficient quantities of hydrogen onboard a vehicle (including a demonstration of hydrogen refueling infrastructure for not less than 10 nor more than 20 stations)—

(1) to enable increased development and use of hydrogen internal combustion engines and hydrogen-powered fuel cell vehicles; and

(2) to meet or surpass the customer-discernable attributes of vehicles available as of the date of enactment of this Act with respect to range and cost per mile.

(k) FUEL CELL MEMBRANES.—In carrying out this section, the Secretary shall carry out a program of research and development relating to fuel cell membranes, the primary focuses of which shall be—

(1) the achievement of a fundamental understanding of the catalytic materials for fuel cells; and

(2) the development of low-cost fuel cell membranes.

(l) CELLULOSIC ETHANOL.—In carrying out this section, the Secretary shall carry out a program of research and development relating to cellulosic ethanol, the primary focus of which shall be research on and development of enzymes necessary for the production of cellulosic ethanol.

(m) BIODIESEL FUEL.—In carrying out this section, the Secretary shall carry out a program of research and development relating to biodiesel fuel, the primary focuses of which shall be—

(1) the development of a national B–20 standard;

(2) fundamental research on biomass-to-liquid alternatives;

(3) total lifecycle analyses of the total potential for petroleum replacement, total fossil fuel replacement, or greenhouse gas reductions for biodiesel options;

(4) an assessment of feedstock options; and

(5) an assessment of the effects on engine durability and reliability including the effects due to fuel quality variations, stability, and degradation parameters.

(n) BIODIESEL FUEL AND TECHNOLOGY.—In carrying out this section, the Secretary shall carry out a program of research and development relating to biodiesel fuel, the primary focuses of which shall be—

(1) the evaluation and optimization of B–100 processing variables to enhance blendstock stability, maintain uniform quality and specifications, and reduce cost;

(2) the development and expansion of processing, blending, and distribution infrastructure;

(3) the development of standardized labeling and dispensing of equipment information;

(4) establishment of a consumer education outreach program;

(5) assessment and evaluation of biodiesel on advanced engine (such as high-pressure injector) and after treatment components; and

(6) assessment of the effects of biodiesel on advanced combustion clean-burn strategies.

(o) ETHANOL AND BIOFUELS TECHNOLOGY.—In carrying out this section, the Secretary shall carry out a program of research and development relating to ethanol and biofuels technology, the primary focus of which shall be research and development into—

(1) ethanol and biofuels transport systems, such as truck, rail, and pipelines;

(2) advanced high-efficiency combustion research for fuels, such as E–85;

(3) materials compatibility for E–85 fuel;

(4) E–85 vehicle engineering and calibration to speed conversion of systems; and

(5) advanced combustion and after-treatment systems to support fuel efficiency gains

(p) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated—

(1) to carry out subsection (a), $60,000,000 for each of fiscal years 2008 through 2012;

(2) to carry out subsection (b), $143,000,000 for each of the fiscal years 2008 through 2012;

(3) to conduct research and development into hybrid systems (power electronics, electric motors, hydraulic accumulators, other energy storage devices, testing, and analysis), $64,000,000 for each of the fiscal years 2008 through 2012;

(4) to conduct research and development into plug-in hybrids, $56,000,000 for each of the fiscal years 2008 through 2012;

(5) to conduct research and development into advanced clean diesel, $54,000,000 for each of the fiscal years 2008 through 2010;

(6) to conduct research and development into hydrogen internal combustion engines, $11,000,000 for each of the fiscal years 2008 through 2012;

(7) to conduct research and development into fuel cell technology, $40,000,000 for each of the fiscal years 2008 through 2012;

(8) to conduct research and development into hydrogen storage, $88,000,000 for each of the fiscal years 2008 through 2012;

(9) to conduct research and development into fuel cell membranes, $64,000,000 for each of the fiscal years 2008 through 2012;

(10) to conduct research and development into cellulosic ethanol, $340,000,000 for each of the fiscal years 2008 through 2012;

(11) to conduct research and development into biodiesel fuel and technology, $7,000,000 for each of the fiscal years 2008 through 2012; and

(12) to conduct research and development into ethanol biofuels technology, $23,000,000 for each of the fiscal years 2008 through 2012.

SEC. 506. LABELS FOR FUEL ECONOMY AND GREENHOUSE GAS EMISSIONS.

Section 32908(b) of title 49, United States Code, is amended—

(1) in paragraph (1)—

(A) by redesignating subparagraph (F) as subparagraph (H); and

(B) by inserting after subparagraph (E) the following:

''(F) a label (or a logo imprinted on a label required by this paragraph) that—

''(i) reflects an automobile's performance on the basis of criteria developed by the Administrator to reflect the fuel economy and

greenhouse gas and other emissions consequences of operating the automobile over its likely useful life;

''(ii) permits consumers to compare performance results under clause (i) among all automobiles; and

''(iii) is designed to encourage the manufacture and sale of automobiles that meet or exceed applicable fuel economy standards under section 32902.

''(G) a fuelstar under paragraph (5).''; and

(2) by adding at the end the following:

''(4) GREEN LABEL PROGRAM.—

''(A) MARKETING ANALYSIS.—Not later than 2 years after the date of the enactment of the Ten-in-Ten Fuel Economy Act, the Administrator shall implement a consumer education program and execute marketing strategies to improve consumer understanding of automobile performance described in paragraph (1)(F).

''(B) ELIGIBILITY.—Not later than 3 years after the date described in subparagraph (A), the Administrator shall issue requirements for the label or logo required under paragraph (1)(F) to ensure that an automobile is not eligible for the label or logo unless it—

''(i) meets or exceeds the applicable fuel economy standard; or

''(ii) will have the lowest greenhouse gas emissions over the useful life of the vehicle of all vehicles in the vehicle attribute class to which it belongs in that model year.

''(5) FUELSTAR PROGRAM.—

''(A) IN GENERAL.—The Secretary shall establish a program, to be known as the 'Fuelstar Program', under which stars shall be imprinted on or attached to the label required by paragraph (1).

''(B) GREEN STARS.—Under the Fuelstar Program, a manufacturer may include on the label maintained on an automobile under paragraph (1)—

''(i) 1 green star for any automobile that meets the average fuel economy standard for the model year under section 32902;

''(ii) 1 additional green star for each 2 miles per gallon by which the automobile exceeds such standard; and

''(iii) 1 additional green star for the use of thermal management technologies, including energy efficient air conditioning systems, glass, and powertrain systems.

''(C) GOLD STARS.—Under the Fuelstar Program, a manufacturer may include a gold star on the label maintained on an automobile under paragraph (1) if the automobile attains a fuel economy of at least 50 miles per gallon.''.

SEC. 507. NATIONAL ACADEMY OF SCIENCES STUDIES.

(a) IN GENERAL.—As soon as practicable after the date of enactment of this Act, the Secretary of Transportation shall execute an agreement with the National Academy of Sciences to develop a report evaluating vehicle fuel economy standards, including—

(1) an assessment of automotive technologies and costs to reflect developments since the Academy's 2002 report evaluating the corporate average fuel economy standards was conducted;

(2) an analysis of existing and potential technologies that may be used practically to improve automobile fuel economy;

(3) an analysis of how such technologies may be practically integrated into the automotive manufacturing process; and

(4) an assessment of how such technologies may be used to meet the new fuel economy standards under chapter 329 of title 49, United States Code, as amended by this title.

(b) QUINQUENNIAL UPDATES.—After submitting the initial report, the Academy shall update the report at 5 year intervals thereafter through 2025.

(c) REPORT.—The Academy shall submit the report to the Secretary, the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Energy and Commerce, with its findings and recommendations no later than 18 months after the date on which the Secretary executes the agreement with the Academy.

SEC. 508. STANDARDS FOR EXECUTIVE AGENCY AUTOMOBILES.

(a) IN GENERAL.—Section 32917 of title 49, United States Code, is amended to read as follows:

''§ 32917. Standards for Executive agency automobiles

''(a) FUEL EFFICIENCY.—The head of an Executive agency shall ensure that each new automobile procured by the Executive agency is as fuel efficient as practicable.

''(b) DEFINITIONS.—In this section:

''(1) EXECUTIVE AGENCY.—The term 'Executive agency' has the meaning given that term in section 105 of title 5.

''(2) NEW AUTOMOBILE.—The term 'new automobile', with respect to the fleet of automobiles of an executive agency, means an automobile that is leased for at least 60 consecutive days or bought, by or for the Executive agency, after September 30, 2008. The term does not include any vehicle designed for combat-related missions, law enforcement work, or emergency rescue work.''.

(b) REPORT.—The Administrator of the General Services Administration shall develop a report describing and evaluating the efforts of the heads of the Executive agencies to comply with section 32917 of title 49, United States Code, for fiscal year 2009. The Administrator shall submit the report to Congress no later than December 31, 2009.

SA 1714. Mr. SCHUMER (for Mr. KENNEDY) proposed an amendment to the bill H.R. 1429, to reauthorize the Head Start Act, to improve program quality, to expand access, and for other purposes; as follows:

Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Head Start for School Readiness Act''.

SEC. 2. STATEMENT OF PURPOSE.

Section 636 of the Head Start Act (42 U.S.C. 9831) is amended to read as follows:

''SEC. 636. STATEMENT OF PURPOSE.

''It is the purpose of this subchapter to promote the school readiness of low-income children by enhancing their cognitive and social development—

''(1) with a learning environment that supports cognitive development (including the growth of language, pre-literacy, and prematheматics skills) and the growth of social, emotional, and physical skills; and

''(2) through the provision to low-income children and their families of health, educational, nutritional, social, and other services that are determined, based on family needs assessments, to be necessary.''.

SEC. 3. DEFINITIONS.

Section 637 of the Head Start Act (42 U.S.C. 9832) is amended—

(1) in paragraph (2), by inserting ''(including a community-based organization, as defined in section 9101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801))'' after ''nonprofit'';

(2) in paragraph (3)(C), by inserting '', including financial literacy,'' after ''Parent literacy'';

(3) in paragraph (17), by striking ''Mariana Islands,'' and all that follows and inserting ''Mariana Islands.''; and

(4) by adding at the end the following:

''(18) The term 'deficiency' means—

''(A) a systemic or substantial material failure of an agency in an area of performance that the Secretary determines involves—

''(i) a threat to the health, safety, or civil rights of children or staff;

''(ii) a denial to parents of the exercise of their full roles and responsibilities related to program operations;

''(iii) a failure to comply with standards related to early childhood development and health services, family and community partnerships, or program design and management;

''(iv) the misuse of funds under this subchapter;

''(v) loss of legal status or financial viability, loss of permits, debarment from receiving Federal grants or contracts, or the improper use of Federal funds; or

''(vi) failure to meet any other Federal or State requirement that the agency has shown an unwillingness or inability to correct, after notice from the Secretary, within the period specified;

''(B) systemic failure of the board of directors of an agency to fully exercise its legal and fiduciary responsibilities;

''(C) substantial failure of an agency to meet the administrative requirements of section 644(b);

''(D) failure of an agency to demonstrate that the agency attempted to meet the coordination and collaboration requirements with entities described in section 640(a)(5)(D)(ii)(I); or

''(E) having an unresolved area of noncompliance.

''(19) The term 'homeless child' means a child described in section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)).

''(20) The term 'institution of higher education' has the meaning given the term in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).

''(21) The term 'interrater reliability' means the extent to which 2 or more independent raters or observers consistently obtain the same result when using the same assessment tool.

''(22) The term 'limited English proficient', used with respect to a child, means a child—

''(A) who is enrolled or preparing to enroll in a Head Start program (which may include an Early Head Start program), or other early care and education program;

''(B)(i) who was not born in the United States or whose native language is a language other than English;

''(ii)(I) who is a Native American, Alaska Native, or a native resident of an outlying area (as defined in section 9101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801)); and

''(II) who comes from an environment where a language other than English has had a significant impact on the child's level of English language proficiency; or

''(iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; and

''(C) whose difficulties in speaking or understanding the English language may be sufficient to deny such child—

''(i) the ability to successfully achieve in a classroom in which the language of instruction is English; or

''(ii) the opportunity to participate fully in society.

''(23) The term 'unresolved area of noncompliance' means failure to correct a noncompliance item within 120 days, or within such additional time (if any) authorized by the Secretary, after receiving from the Secretary notice of such noncompliance item, pursuant to section 641A(d).''.

SEC. 4. FINANCIAL ASSISTANCE FOR HEAD START PROGRAMS.

Section 638 of the Head Start Act (42 U.S.C. 9833) is amended by inserting ''for a period of 5 years'' after ''provide financial assistance to such agency''.

SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

Section 639 of the Head Start Act (42 U.S.C. 9834) is amended to read as follows:

''SEC. 639. AUTHORIZATION OF APPROPRIATIONS.

''(a) IN GENERAL.—There are authorized to be appropriated for carrying out the provisions of this subchapter $7,350,000,000 for fiscal year 2008, $7,650,000,000 for fiscal year 2009, $7,995,000,000 for fiscal year 2010, and such sums as may be necessary for each of fiscal years 2011 and 2012.

''(b) SPECIFIC PROGRAMS.—From the amount appropriated under subsection (a), the Secretary shall make available to carry out research, demonstration, and evaluation activities, including longitudinal studies under section 649, not more than $20,000,000 for fiscal year 2008, and such sums as may be necessary for each of fiscal years 2009 through 2012, of which not more than $7,000,000 for each of fiscal years 2008 through 2012 shall be available to carry out impact studies under section 649(g).''.

SEC. 6. ALLOTMENT OF FUNDS.

(a) ALLOTMENT.—Section 640(a) of the Head Start Act (42 U.S.C. 9835(a)) is amended—

(1) in paragraph (2)—

(A) by striking subparagraph (A) and inserting the following:

''(A) Indian Head Start programs, services for children with disabilities, and migrant and seasonal Head Start programs, except that the Secretary shall reserve for each fiscal year for use by Indian Head Start and migrant and seasonal Head Start programs (referred to in this paragraph as 'covered programs'), on a nationwide basis, a sum that is the total of a percentage specified by the Secretary that is not less than 4 percent of the amount appropriated under section 639 for that fiscal year (for Indian Head Start programs) and a percentage specified by the Secretary that is not less than 5 percent of that appropriated amount (for migrant and seasonal Head Start programs) (referred to in this paragraph as the 'specified percentages'), except that—

''(i) if reserving the specified percentages would reduce the number of children served by Head Start programs, relative to the number of children served on the date of enactment of the Head Start for School Readiness Act, taking into consideration an appropriate adjustment for inflation, the Secretary shall reserve percentages that approach, as closely as practicable, the specified percentages and that do not cause such a reduction; and

''(ii) notwithstanding any other provision of this subparagraph, the Secretary shall reserve for each fiscal year for use by Indian Head Start programs and by migrant and seasonal Head Start programs, on a nationwide basis, not less than the amount that was obligated for use by Indian Head Start programs and by migrant and seasonal Head Start programs for the previous fiscal year;'';

(B) by striking subparagraph (C) and inserting the following:

''(C) training and technical assistance activities that are sufficient to meet the needs associated with program expansion and to foster program and management improvement activities as described in any of paragraphs (1) through (18) of section 648(d), in an amount for each fiscal year that is not less than 2 percent of the amount appropriated under section 639 for such fiscal year, of which—

''(i) 50 percent shall be made available to Head Start agencies to use directly, or by establishing local or regional agreements with community experts, institutions of higher education, or private consultants, for any of the following training and technical assistance activities, including—

''(I) activities that ensure that Head Start programs meet or exceed the performance standards described in section 641A(a)(1);

''(II) activities that ensure that Head Start programs have adequate numbers of trained, qualified staff who have skills in working with children and families, including children who are limited English proficient and their families and children with disabilities;

''(III) activities to pay expenses, including direct training for expert consultants working with any staff, to improve the management and implementation of Head Start services and systems;

''(IV) activities that help ensure that Head Start programs have qualified staff who can promote language skills and literacy growth of children and who can provide children with a variety of skills that have been identified as predictive of later reading achievement, school success, and the skills, knowledge, abilities, development, and progress described in section 641A(a)(1)(B)(ii);

''(V) activities to improve staff qualifications and to assist with the implementation of career development programs and to encourage the staff to continually improve their skills and expertise, including developing partnerships with programs that recruit, train, place, and support college students in Head Start centers to deliver an innovative early childhood development program to preschool children;

''(VI) activities that help local programs ensure that the arrangement, condition, and implementation of the learning environments in Head Start programs are conducive to providing effective program services to children and families;

''(VII) activities to provide training necessary to improve the qualifications of Head Start staff and to support staff training, child counseling, health services, and other services necessary to address the needs of children enrolled in Head Start programs, including children from families in crises, children who experience chronic violence or homelessness, children who experience substance abuse in their families, and children under 3 years of age, where applicable;

''(VIII) activities to provide classes or in-service-type programs to improve or enhance parenting skills, job skills, adult and family literacy, including financial literacy, or training to become a classroom aide or bus driver in a Head Start program;

''(IX) additional activities determined appropriate for the improvement of Head Start agencies' programs, as determined in the agencies' technical assistance and training plans; or

''(X) any other activities regarding the use of funds as determined by the Secretary;

''(ii) 50 percent shall be made available to the Secretary—

''(I) to provide directly training and technical assistance on early childhood education and care or to support, through grants or other arrangements, a State system of training and technical assistance (which may include such a system for a consortium of States within a region); and

''(II) to assist local programs (including Indian Head Start programs and migrant and seasonal Head Start programs) in meeting the performance standards described in section 641A(a)(1); and

''(iii) not less than $3,000,000 of the amount in clause (ii) appropriated for such fiscal year shall be made available to carry out activities described in section 648(d)(4);'';

(C) in subparagraph (D), by striking ''agencies;'' and inserting ''agencies);''; and

(D) by adding at the end of the flush matter at the end the following: ''In no case shall the Secretary use funds appropriated under this subchapter to expand or create additional slots or services in non-Indian and non-migrant and seasonal Head Start programs until the amounts based on the specified percentages for Indian Head Start programs and migrant and seasonal Head Start programs pursuant to subparagraph (A) are reached. The Secretary shall require each Head Start agency to report at the end of each budget year on how funds provided to carry out subparagraph (C)(i) were used.'';

(2) in paragraph (3)—

(A) in subparagraph (A)(i)(I)—

(i) by striking ''60 percent of such excess amount for fiscal year 1999'' and all that follows through ''2003;''; and

(ii) by inserting the following: ''30 percent of such excess amount for fiscal year 2008, and 40 percent of such excess amount for each of fiscal years 2009 through 2012;'';

(B) in subparagraph (B)—

(i) in clause (i), by striking ''performance standards'' and all that follows and inserting ''performance standards pursuant to section 641A(a)(1).'';

(ii) by striking clause (ii) and inserting the following:

''(ii) Ensuring that such programs have adequate numbers of qualified staff, and that such staff is furnished adequate training, including training to promote the development of language, premathematics, and pre-literacy skills in young children and in working with limited English proficient children, children in foster care, children referred by child welfare services, and children with disabilities, when appropriate.'';

(iii) by striking clause (iii) and inserting the following:

''(iii) Developing and financing the salary scales and benefits standards under section 644(a) and section 653, in order to ensure that salary levels and benefits are adequate to attract and retain qualified staff for such programs.'';

(iv) by striking clause (iv) and inserting the following:

''(iv) Using salary increases to—

''(I) assist with the implementation of quality programs and improve staff qualifications;

''(II) ensure that staff can promote the language skills and literacy growth of children and can provide children with a variety of skills that have been identified, through scientifically based early reading research, as predictive of later reading achievement, as well as the skills, knowledge, abilities, development, and progress described in section 641A(a)(1)(B)(ii); and

''(III) encourage the staff to continually improve their skills and expertise—

''(aa) through the implementation of career development programs; and

''(bb) through the completion of postsecondary coursework in early childhood education.'';

(v) in clause (v)—

(I) by striking ''community-wide'' and inserting ''communitywide''; and

(II) by inserting '', including collaborations to increase program participation by underserved populations of eligible children'' before the period; and

(vi) by striking clauses (vii) and (viii) and inserting the following:

''(vii) Providing assistance to complete postsecondary coursework, to enable Head Start teachers to improve competencies and the resulting child outcomes, including informing the teachers of the availability of Federal and State incentive and loan forgiveness programs.

''(viii) Promoting the regular attendance and stability of all Head Start children with particular attention to highly mobile children, including children of migrant or seasonal farmworkers (where appropriate), homeless children, and children in foster care.

''(ix) Making such other improvements in the quality of such programs as the Secretary may designate.'';

(C) in subparagraph (C)—

(i) in clause (i)(I), by striking the last sentence and inserting ''Salary increases, in excess of cost-of-living allowances, provided with such funds shall be subject to the specific standards governing salaries and salary increases established pursuant to section 644(a).'';

(ii) in clause (ii)—

(I) in the matter preceding subclause (I), by striking ''education performance'' and all that follows through ''641A(a)(1)(B)''and inserting ''standards and measures described in section 641A'';

(II) in subclause (I), by inserting '', pre-literacy,'' after ''language'';

(III) by striking subclause (II) and inserting the following:

''(II) to help limited English proficient children attain the knowledge, skills, abilities, and development specified in section 641A(a)(1)(B)(ii) and to promote the acquisition of the English language by such children and their families;''; and

(IV) by striking subclause (IV) and inserting the following:

''(IV) to provide education and training necessary to improve the qualifications of Head Start staff, particularly assistance to enable more instructors to be fully competent and to meet the degree requirements under section 648A(a)(2)(A), and to support staff training, child counseling, and other services necessary to address the challenges of children participating in Head Start programs, including children from immigrant, refugee, and asylee families, children from families in crisis, homeless children, children in foster care, children referred to Head Start programs by child welfare agencies, and children who are exposed to chronic violence or substance abuse.'';

(iii) in clause (iii), by inserting '', educational staff who have the qualifications described in section 648A(a),'' after ''ratio'';

(iv) in clause (v), by striking ''programs, including'' and all that follows and inserting ''programs.'';

(v) by redesignating clause (vi) as clause (x); and

(vi) by inserting after clause (v) the following:

''(vi) To conduct outreach to homeless families in an effort to increase the program participation of homeless children.

''(vii) To conduct outreach to migrant and seasonal farmworker families and families with limited English proficient children.

''(viii) To partner with institutions of higher education and nonprofit organizations, including community-based organizations, that recruit, train, place, and support college students, to serve as mentors and reading partners to preschool children in Head Start programs.

''(ix) To upgrade the qualifications and skills of educational personnel to meet the professional standards described in section 648A(a)(1), including certification and licensure as bilingual education teachers, as teachers of English as a second language, and for other educational personnel who serve limited English proficient children.'';

(3) in paragraph (4), in the first sentence—

(A) in subparagraph (A), by striking ''1998'' and inserting ''2007''; and

(B) by striking subparagraph (B) and inserting the following:

''(B) any amount available after all allotments are made under subparagraph (A) for such fiscal year shall be distributed as follows:

''(i) Each State shall receive an amount sufficient to serve the same number of children in Head Start programs in each State as were served on the date of enactment of the Head Start for School Readiness Act, taking into consideration an appropriate adjustment for inflation.

''(ii) After ensuring that each State has received the amount described in clause (i), the Secretary shall distribute the remaining balance, by—

''(I) distributing 65 percent of the balance among the States serving less than 60 percent (as determined by the Secretary) of children who are 3 or 4 years of age from families whose income is below the poverty line, by allotting to each of those States an amount that bears the same relationship to that 65 percent as the number of children who are less than 5 years of age from families whose income is below the poverty line (referred to in this clause as 'young low-income children') in that State bears to the number of young low-income children in all those States; and

''(II) distributing 35 percent of the balance among the States, by allotting to each State an amount that bears the same relationship to that 35 percent as the number of young low-income children in that State bears to the number of young low-income children in all the States.'';

(4) in paragraph (5)—

(A) in subparagraph (A), by inserting after ''paragraph (4)'' the following: ''(and amounts reserved, before such allotments, for national administrative offices)'';

(B) by redesignating subparagraphs (E) and (F) as subparagraphs (G) and (H), respectively;

(C) by striking subparagraphs (B), (C), and (D) and inserting the following:

''(B)(i) From the reserved sums, the Secretary shall award a collaboration grant to each State and to each national administrative office serving Indian Head Start programs and migrant and seasonal Head Start programs to facilitate collaboration between Head Start agencies and entities (including the State or national administrative office) that carry out other activities designed to benefit low-income families and children from birth to school entry. The national administrative offices shall use the funds made available through the grants to carry out the authorities and responsibilities described in subparagraphs (B) and (C).

''(ii) Grants described in clause (i) shall be used to—

''(I) assist Head Start agencies to collaborate with entities involved in State and local planning processes to better meet the needs of low-income families and children from birth to school entry;

''(II) assist Head Start agencies to coordinate activities with the State agency responsible for administering the State program carried out under the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9858 et seq.) and entities providing resource and referral services in the State, to make full-working-day and full calendar year services available to children;

''(III) promote alignment of Head Start services with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards;

''(IV) promote better linkages between Head Start agencies and other child and family agencies, including agencies that provide health, mental health, or family services, or other child or family supportive services, such as services provided under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.); and

''(V) carry out the activities of the State Director of Head Start Collaboration authorized in subparagraph (D).

''(C) In order to improve coordination and delivery of early childhood education and care to children in the State, a State that receives a collaboration grant under subparagraph (B) shall—

''(i) appoint or designate an individual to serve as, or carry out the responsibilities of, the State Director of Head Start Collaboration;

''(ii) ensure that the State Director of Head Start Collaboration holds a position with sufficient authority and access to ensure that the collaboration described in subparagraph (B) is effective and involves a range of State agencies; and

''(iii) involve the State Head Start Association in the selection of the Director and involve the Association in determinations relating to the ongoing direction of the collaboration office involved.

''(D) The State Director of Head Start Collaboration, shall—

''(i) not later than 1 year after the State receives a collaboration grant under subparagraph (B), conduct an assessment that—

''(I) addresses the needs of Head Start agencies in the State with respect to collaboration, coordination of services, and alignment of services with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards;

''(II) shall be updated on an annual basis; and

''(III) shall be made available to the general public within the State;

''(ii) develop a strategic plan that is based on the assessment described in clause (i) that will—

''(I) enhance collaboration and coordination of Head Start services with other entities providing early childhood education and care (such as child care or services offered by museums), health care, mental health care, welfare, child protective services, education and community service activities, family literacy services, reading readiness programs (including such programs offered by public and school libraries), services relating to children with disabilities, other early childhood education and care for limited English proficient children and homeless children, and services provided for children in foster

care and children referred to Head Start programs by child welfare agencies, including agencies and State officials responsible for such services;

''(II) assist Head Start agencies to develop a plan for the provision of full-working-day, full calendar year services for children enrolled in Head Start programs who need such care;

''(III) assist Head Start agencies to align services with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards; and

''(IV) enable Head Start agencies in the State to better access professional development opportunities for Head Start staff, such as by—

''(aa) working with local Head Start agencies to meet the degree requirements described in section 648A(a)(2)(A), including providing distance learning opportunities for Head Start staff, where needed to make higher education more accessible to Head Start staff; and

''(bb) enabling the State Head Start agencies to better conduct outreach to eligible families;

''(iii) promote partnerships between Head Start agencies, State and local governments, and the private sector to help ensure that children from low-income families, who are in Head Start programs or are preschool age, are receiving comprehensive services to prepare the children to enter school ready to learn;

''(iv) consult with the chief State school officer, local educational agencies, and providers of early childhood education and care, regarding early childhood education and care at both the State and local levels;

''(v) promote partnerships (such as the partnerships involved with the Free to Grow initiative) between Head Start agencies, schools, law enforcement, relevant community-based organizations, and substance abuse and mental health treatment agencies to strengthen family and community environments and to reduce the impact on child development of substance abuse, child abuse, domestic violence, and other high risk behaviors that compromise healthy development;

''(vi) promote partnerships between Head Start agencies and other organizations in order to enhance the Head Start curriculum, including partnerships to promote inclusion of more books in Head Start classrooms and partnerships to promote coordination of activities with the Ready-to-Learn Television program carried out under subpart 3 of part D of title II of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6775 et seq.); and

''(vii) identify other resources and organizations (both public and private) for the provision of in-kind services to Head Start agencies in the State.

''(E)(i) The Governor of the State shall—

''(I) designate or establish a council to serve as the State Advisory Council on Early Childhood Education and Care, for children from birth to school entry (in this subchapter referred to as the 'State Advisory Council'); and

''(II) designate an individual to coordinate activities of the State Advisory Council, as described in clause (iv)(I).

''(ii) The Governor may designate an existing entity to serve as the State Advisory Council, if the entity includes representatives consistent with clause (iii).

''(iii) Members of the State Advisory Council shall include, to the maximum extent possible—

''(I) the State Director of Head Start Collaboration;

''(II) a representative of the State educational agency and local educational agencies;

''(III) a representative of institutions of higher education;

''(IV) a representative (or representatives) of the State agency (or agencies) responsible for health or mental health care;

''(V) a representative of the State agency responsible for professional standards, certification, and licensing for early childhood educators;

''(VI) a representative of the State agency responsible for child care;

''(VII) early childhood educators, including professionals with expertise in second language acquisition and instructional strategies in teaching limited English proficient children;

''(VIII) kindergarten teachers and teachers in grades 1 through 3;

''(IX) health care professionals;

''(X) child development specialists, including specialists in prenatal, infant, and toddler development;

''(XI) a representative of the State agency responsible for assisting children with developmental disabilities;

''(XII) a representative of the State agency responsible for programs under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.);

''(XIII) a representative of the State interagency coordinating councils established under section 641 of the Individuals with Disabilities Education Act (20 U.S.C. 1441);

''(XIV) a representative of the State Head Start Association (where appropriate), and other representatives of Head Start programs in the State;

''(XV) a representative of the State network of child care resource and referral agencies;

''(XVI) a representative of community-based organizations;

''(XVII) a representative of State and local providers of early childhood education and care;

''(XVIII) a representative of Indian Head Start programs (where appropriate) and a representative of migrant and seasonal Head Start programs (where appropriate);

''(XIX) parents;

''(XX) religious and business leaders;

''(XXI) the head of the State library administrative agency;

''(XXII) representatives of State and local organizations and other entities providing professional development to early childhood educators and child care providers;

''(XXIII) a representative from the Office of Coordinator for Education of Homeless Children and Youths in the State;

''(XXIV) a State legislator; and

''(XXV) a representative of other entities determined to be relevant by the Governor of the State.

''(iv)(I) The State Advisory Council shall be responsible for, in addition to responsibilities assigned to the council by the Governor of the State—

''(aa) conducting a periodic statewide needs assessment concerning early childhood education and care for children from birth to school entry and assessing the availability of high quality prekindergarten services for low-income children in the State;

''(bb) identifying barriers to, and opportunities for, collaboration and coordination among entities carrying out federally-funded and State-funded child development, child care, and early childhood education programs;

''(cc) developing recommendations regarding means of establishing a unified data collection system for early childhood education and care throughout the State;

''(dd) developing a statewide professional development and career ladder plan for early childhood education and care in the State;

''(ee) assisting 2-year and 4-year public and private institutions of higher education, which may include assisting the institutions with development of articulation agreements or model programs of early childhood education and care, including practica or internships for students to spend time in a Head Start or prekindergarten program; and

''(ff) undertaking collaborative efforts to develop, and make recommendations for improvements in, State early learning standards.

''(II) The State Advisory Council shall hold public hearings and provide an opportunity for public comment on the activities described in subclause (I). The State Advisory Council shall submit a statewide strategic report addressing the activities described in subclause (I) to the State Director of Head Start Collaboration and the Governor of the State.

''(III) After submission of a statewide strategic report under subclause (II), the State Advisory Council shall meet periodically to review any implementation of the recommendations in such report and any changes in State and local needs.

''(F)(i)(I) Prior to carrying out paragraph (4), the Secretary shall reserve a portion to carry out this subparagraph for a fiscal year. The Secretary shall reserve the portion from the amount (if any) by which the funds appropriated under section 639(a) for the fiscal year exceed the adjusted prior year appropriation (as defined in paragraph (3)(A)(ii)), without reducing the share available for quality improvement funds described in paragraph (3)(B).

''(II) To the extent consistent with subclause (I), the Secretary shall reserve $100,000,000 for fiscal year 2008. Funds reserved under this subclause shall remain available for obligation through fiscal year 2012.

''(ii) The Secretary shall use the portion reserved under clause (i) to award, on a competitive basis, one-time startup grants of not less than $500,000 to eligible States to enable such States to pay for the Federal share of the cost of further developing and implementing the recommendations and plans for which the State's State Advisory Council is responsible under subparagraph (E)(iv)(I). Such grants shall—

''(I) facilitate the development of high-quality systems of early childhood education and care designed to improve school preparedness;

''(II) increase and make effective use of existing and new delivery systems and funds for early childhood education and care; and

''(III) enhance existing early childhood education and care (in existence on the date on which the grant involved is awarded).

''(iii) To be eligible to receive a grant under this subparagraph, a State shall prepare and submit to the Secretary an application, for a 3-year period, at such time, in such manner, and containing such information as the Secretary shall require, including—

''(I) a description of the State's State Advisory Council's responsibilities under subparagraph (E)(iv)(I);

''(II) a description, for each fiscal year, of how the State will make effective use of funds available under this subparagraph,

with funds described in clause (iv), to create an early childhood education and care system, by developing or enhancing programs and activities described in subparagraph (E)(iv)(I);

''(III) a description of the State early learning standards and the State's goals for increasing the number of children entering kindergarten ready to learn;

''(IV) information identifying the agency or joint interagency office and individual designated to carry out the activities under this subparagraph, which may be the individual designated under subparagraph (E)(i)(II); and

''(V) a description of how the State plans to sustain activities under this subparagraph beyond the grant period.

''(iv) The Federal share of the cost described in clause (ii) shall be 30 percent, and the State shall provide the non-Federal share.

''(v) Funds made available under this subparagraph shall be used to supplement, and not supplant, other Federal, State, and local funds expended to carry out activities related to early childhood education and care in the State.

''(vi) Not later than 18 months after the date a State receives a grant under this subparagraph, the State shall submit an interim report to the Secretary. A State that receives a grant under this subparagraph shall submit a final report to the Secretary at the end of the grant period.''; and

(D) in subparagraph (G), as redesignated by subparagraph (B) of this paragraph—

(i) in clause (i)(I), by striking ''child care and early childhood education programs and resources'' and inserting ''early childhood education and care programs and resources''; and

(ii) in clause (ii), by striking ''Federal child care or early childhood education'' and inserting ''Federal early childhood education or child care''; and

(5) in paragraph (6)—

(A) in subparagraph (A), by striking ''7.5 percent'' and all that follows and inserting ''not less than 12 percent for fiscal year 2008, not less than 14 percent for fiscal year 2009, not less than 16 percent for fiscal year 2010, not less than 18 percent for fiscal year 2011, and not less than 20 percent for fiscal year 2012, of the amount appropriated pursuant to section 639(a).'';

(B) by striking subparagraph (B);

(C) in subparagraph (C)(i), by striking ''required to be'' each place it appears; and

(D) by redesignating subparagraph (C) as subparagraph (B).

(b) MINIMUM ENROLLMENT REQUIREMENT FOR CHILDREN WITH DISABILITIES.—The first sentence of section 640(d) of the Head Start Act (42 U.S.C. 9835(d)) is amended to read as follows: ''The Secretary shall establish policies and procedures to assure that, for fiscal year 2008 and thereafter, not less than 10 percent of the total number of children actually enrolled by each Head Start agency and each delegate agency will be children with disabilities who are eligible for special education or early intervention services, as appropriate, as determined under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), and that the Head Start agency or delegate agency involved will collaborate with the State or local agency providing services under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.) to ensure the provision of services to meet the special needs of such children.''.

(c) SERVICE DELIVERY MODELS.—Section 640(f) of the Head Start Act (42 U.S.C. 9835(f)) is amended—

(1) by striking ''(f) The'' and inserting ''(f)(1) Not later than 1 year after the date of enactment of the Head Start for School Readiness Act, the'';

(2) by striking ''needs.'' and inserting ''needs, including models that leverage the capacity and capabilities of the delivery system of early childhood education and care.''; and

(3) by adding at the end the following:

''(2) In establishing the procedures the Secretary shall establish procedures to provide for—

''(A) the conversion of part-day programs to full-day programs or part-day slots to full-day slots; and

''(B) serving additional infants and toddlers pursuant to section 645(a)(5).''.

(d) ADDITIONAL FUNDS.—Section 640(g)(2) of the Head Start Act (42 U.S.C. 9835(g)(2)) is amended—

(1) by striking subparagraph (C) and inserting the following:

''(C) the extent to which the applicant has undertaken communitywide strategic planning and needs assessments involving other community organizations and Federal, State, and local public agencies serving children and families (including organizations and agencies providing family support services and protective services to children and families and organizations serving families in whose homes English is not the language customarily spoken), and individuals, organizations, and public entities serving children with disabilities, children in foster care, and homeless children including the local educational agency liaison designated under section 722(g)(1)(J)(ii) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11432(g)(1)(J)(ii));'';

(2) in subparagraph (D)—

(A) by striking ''community'' the first place it appears and inserting ''community-wide''; and

(B) by striking ''other local'' and inserting ''the State and local'';

(3) in subparagraph (E)—

(A) by inserting ''would like to participate but'' after ''community who''; and

(B) by striking ''early childhood program'' and inserting ''early childhood education and care program'';

(4) in subparagraph (G), by inserting ''leverage the existing delivery systems of such services (existing as of the date of the allocation decision) and'' after ''manner that will''; and

(5) in subparagraph (H), by inserting '', including the local educational agency liaison designated under section 722(g)(1)(J)(ii) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11432(g)(1)(J)(ii)),'' after ''community involved''.

(e) VEHICLE SAFETY REQUIREMENTS.—Section 640(i) of the Head Start Act (42 U.S.C. 9835(i)) is amended—

(1) by striking ''(i)'' and inserting ''(i)(1)'';

(2) in paragraph (1), as so designated, by adding at the end the following: ''The regulations shall also establish requirements to ensure the appropriate supervision of, and appropriate background checks for, individuals with whom the agencies contract to transport those children.''; and

(3) by adding at the end the following:

''(2)(A) Section 1310.12(a) of title 45, Code of Federal Regulations, shall take effect 30 days after the date of enactment of this Act.

''(B)(i) Not later than 60 days after the National Highway Traffic Safety Administration of the Department of Transportation submits its study on occupant protection on Head Start transit vehicles (related to Government Accountability Office report GAO–06–767R), the Secretary of Health and Human Services shall review and shall revise as necessary the allowable alternate vehicle standards described in part 1310 of that title (or any corresponding similar regulation or ruling) relating to allowable alternate vehicles used to transport children for a Head Start program. In making any such revision, the Secretary shall revise the standards to be consistent with the findings contained in such study, including making a determination on the exemption of such a vehicle from Federal seat spacing requirements, and Federal supporting seating requirements related to compartmentalization, if such vehicle meets all other applicable Federal motor vehicle safety standards, including standards for seating systems, occupant crash protection, seat belt assemblies, and child restraint anchorage systems consistent with that part 1310 (or any corresponding similar regulation or ruling).

''(ii) Notwithstanding subparagraph (A), until such date as the Secretary of Health and Human Services completes the review and any necessary revision specified in clause (i), the provisions of section 1310.12(a) of that title relating to Federal seat spacing requirements, and Federal supporting seating requirements related to compartmentalization, for allowable alternate vehicles used to transport children for a Head Start program, shall not apply to such a vehicle if such vehicle meets all other applicable Federal motor vehicle safety standards, as described in clause (i).''.

(f) MIGRANT AND SEASONAL HEAD START PROGRAMS.—Section 640(l) of the Head Start Act (42 U.S.C. 9835(l)) is amended—

(1) in paragraph (1), by striking ''and seasonal farmworker families'' and inserting ''or seasonal farmworkers''; and

(2) by striking paragraph (3) and inserting the following:

''(3) In carrying out this subchapter, the Secretary shall continue the administrative arrangement at the national level for meeting the needs of Indian children and children of migrant or seasonal farmworkers and shall ensure—

''(A) that appropriate funding is provided to meet such needs, including training and technical assistance provided by staff with knowledge of and experience in working with such populations; and

''(B) the appointment of a national Indian Head Start collaboration director and a national migrant and seasonal Head Start program collaboration director.

''(4)(A) For the purposes of paragraph (3), the Secretary shall conduct an annual consultation in each affected Head Start region, with tribal governments operating Head Start (including Early Head Start) programs.

''(B) The consultations shall be for the purpose of better meeting the needs of American Indian and Alaska Native children and families pertinent to subsection (a)(2)(A), taking into consideration funding allocations, distribution formulas, and other issues affecting the delivery of Head Start services within tribal communities.

''(C) The Secretary shall publish a notification of the consultations in the Federal Register prior to conducting the consultations.

''(D) A detailed report of each consultation shall be prepared and made available, on a timely basis, to all tribal governments receiving funds under this subchapter.

''(5)(A) In order to increase access to Head Start services for children of migrant or seasonal farmworkers, the Secretary shall work

in collaboration with providers of migrant and seasonal Head Start programs, the Secretary of Agriculture, the Secretary of Labor, and the Secretary of Education to—

''(i) collect, report, and share data on farmworkers and their families in order to adequately account for the number of children of migrant or seasonal farmworkers who are eligible for Head Start services and determine how many of such children receive the services; and

''(ii) identify barriers that prevent children of migrant or seasonal farmworkers who are eligible for Head Start services from accessing Head Start services, and develop a plan for eliminating such barriers, including certain requirements relating to tracking, health records, and educational documents.

''(B) Not later than 1 year after the date of enactment of the Head Start for School Readiness Act, the Secretary shall publish in the Federal Register a notice about how the Secretary plans to carry out the activities identified in subparagraph (A) and shall provide a period for public comment. To the extent practicable, the Secretary shall consider comments received before implementing any of the activities identified in subparagraph (A).

''(C) Not later than 18 months after the date of enactment of the Head Start for School Readiness Act, the Secretary shall submit a report to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate detailing how the Secretary plans to carry out the activities identified in subparagraph (A).

''(D) The Secretary shall take appropriate caution to ensure the protection of the confidentiality of any personally identifiable data, information, and records collected or maintained regarding children and families served by migrant and seasonal Head Start programs.

''(E) Nothing in this paragraph shall be construed to authorize the development of a nationwide database of personally identifiable data, information, or records on individuals involved in studies or other collections of data under this paragraph.''.

(g) HOMELESS CHILDREN.—Section 640 of the Head Start Act (42 U.S.C. 9835) is amended by adding at the end the following:

''(m) ENROLLMENT OF HOMELESS CHILDREN.—The Secretary shall issue regulations to remove barriers to the enrollment and participation of homeless children in Head Start programs. Such regulations shall require Head Start agencies to—

''(1) implement policies and procedures to ensure that homeless children are identified and receive priority for enrollment;

''(2) allow homeless children to apply to, enroll in, and attend Head Start programs while required documents, such as proof of residency, proof of immunization, and other medical records, birth certificates, and other documents, are obtained within a reasonable timeframe; and

''(3) coordinate individual Head Start programs with efforts to implement subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.).

''(n) RULE OF CONSTRUCTION.—Nothing in this subchapter shall be construed to require a State to establish a program of early childhood education and care for children in the State, to require any child to participate in a program in order to attend preschool, or to participate in any initial screening prior to participation in a program of early childhood education and care, except as provided under section 612(a)(3) of the Individuals with Disabilities Education Act (20 U.S.C. 1412(a)(3)) and consistent with section 635(a)(5) of such Act (20 U.S.C. 1435(a)(5)).

''(o) CURRICULA.—All curricula funded under this subchapter shall be scientifically based, developmentally and linguistically based (to the extent practicable), and age appropriate. The curricula shall reflect all areas of child development and learning. Parents shall have the opportunity to examine any such curricula or instructional materials funded under this subchapter.''.

SEC. 7. DESIGNATION OF HEAD START AGENCIES.

Section 641 of the Head Start Act (42 U.S.C. 9836) is amended to read as follows:

''SEC. 641. DESIGNATION OF HEAD START AGENCIES.

''(a) DESIGNATION.—

''(1) IN GENERAL.—The Secretary is authorized to designate as a Head Start agency any local public or private nonprofit or for-profit agency, within a community, including a community-based organization that—

''(A) has power and authority to carry out the purpose of this subchapter and perform the functions set forth in section 642 within a community; and

''(B) is determined to have the capacity to plan, conduct, administer, and evaluate, either directly or by other arrangements, a Head Start program.

''(2) REQUIRED GOALS FOR DESIGNATION.—In order to be designated as a Head Start agency, an entity described in paragraph (1) shall—

''(A) establish program goals for improving the school readiness of children participating in a program under this subchapter, including goals for meeting the performance standards described in section 641A(a)(1) and shall establish results-based school readiness goals that are aligned with the Head Start Child Outcomes Framework, State early learning standards (as appropriate), and requirements and expectations for local public schools; and

''(B) have a governing body—

''(i) with legal and fiscal responsibility for administering and overseeing programs under this subchapter;

''(ii) that fully participates in the development, planning, and evaluation of the programs to ensure the operation of programs of high quality;

''(iii) that is responsible for ensuring compliance with Federal laws and regulations, including the performance standards described in section 641A(a)(1), as well as applicable State, tribal, and local laws and regulations, including laws defining the nature and operations of the governing body; and

''(iv) that has procedures to facilitate meaningful consultation and collaboration about decisions of the governing body and the policy council established under paragraph (3).

''(3) ESTABLISHMENT OF POLICY COUNCIL UPON DESIGNATION.—Upon receiving designation as a Head Start agency, the agency shall establish a policy council that—

''(A) in accordance with paragraph (5)(C), shall make decisions that influence the character of programs consistent with paragraph (5)(F); and

''(B) with the governing body, shall establish processes to resolve internal disputes.

''(4) ELIGIBILITY FOR SUBSEQUENT GRANTS.—In order to receive a grant under this subchapter subsequent to the initial grant provided following the date of enactment of the Head Start for School Readiness Act, an entity described in paragraph (1) shall demonstrate that the entity has met or is making progress toward meeting the goals described in paragraph (2)(A).

''(5) GOVERNING BODY AND POLICY COUNCIL.—

''(A) ESTABLISHMENT OF GOVERNING BODY.—Each Head Start agency shall establish a governing body in accordance with paragraph (2)(B).

''(B) COMPOSITION OF GOVERNING BODY.—

''(i) IN GENERAL.—The governing body shall be composed as follows:

''(I) Not less than 1 member of the governing body shall have a background in fiscal management.

''(II) Not less than 1 member of the governing body shall have a background in early childhood education and care.

''(III) Not less than 1 member of the governing body shall be a licensed attorney familiar with issues that come before the governing body.

''(IV) Additional members shall reflect the community to be served, and include parents of children who are currently, or were formerly, enrolled in Head Start programs.

''(V) In the case in which the governing body is a part of a Head Start agency that is a public agency, members of the governing body shall include elected or appointed public officials.

''(ii) CONSULTANTS.—In the case that persons described in clause (i) are not available to serve as members of the governing body, the governing body shall make use of consultants in the areas described in clause (i) to work directly with the governing body.

''(iii) CONFLICT OF INTEREST.—Members of the governing body shall—

''(I) not have a conflict of interest with the Head Start agency (including any delegate agency); and

''(II) not receive compensation for the purposes of serving on the governing body or for providing services to the Head Start agency.

''(C) RESPONSIBILITIES OF GOVERNING BODY.—

''(i) IN GENERAL.—The governing body shall be responsible for—

''(I) the selection of delegate agencies and such agencies' service areas;

''(II) establishing procedures and criteria for recruitment, selection, and enrollment;

''(III) all funding applications and amendments to funding applications for programs under this subchapter;

''(IV) establishing procedures and guidelines to access and collect the information described in paragraph (6);

''(V) review and approval of—

''(aa) the annual self-assessment, financial audit, and findings from the Federal monitoring review, of the Head Start agency (including any delegate agency); and

''(bb) such agency's progress in carrying out the programmatic and fiscal intent of such agency's grant application;

''(VI) developing procedures for how members of the policy council of the Head Start agency are selected, consistent with subparagraph (E)(ii);

''(VII) financial audits, accounting, and reporting;

''(VIII) personnel policies and procedures regarding hiring, termination, salary scales (and changes made to the scale), and salaries of the Executive Director, Head Start Director, the Director of Human Resources, the Chief Fiscal Officer, and any equivalent position; and

''(IX) review and approval of the community assessment, including any updates to such assessment.

''(ii) CONDUCT OF RESPONSIBILITIES.—The governing body shall ensure the development and approval of an internal control structure to facilitate those responsibilities in order to—

''(I) safeguard Federal funds;

''(II) comply with laws and regulations that have an impact on financial statements;

''(III) detect or prevent noncompliance with this subchapter; and

''(IV) receive financial audit reports and direct and monitor staff implementation of corrective actions.

''(iii) COMMITTEES.—The governing body shall, to the extent practicable and appropriate, establish—

''(I) advisory committees to oversee responsibilities related to financial auditing and finances of the Head Start agency, as well as compliance with Federal, State, and local laws and regulations; and

''(II) at the discretion of the governing body, additional advisory committees to study and make recommendations on areas related to the improvement of the Head Start program.

''(D) ESTABLISHMENT OF POLICY COUNCIL.—Each Head Start agency shall establish a policy council in accordance with paragraph (3).

''(E) COMPOSITION OF POLICY COUNCIL.—

''(i) IN GENERAL.—The policy council shall consist of—

''(I) parents of children currently enrolled in the programs of the Head Start agency (including any delegate agency), which shall constitute a majority of the membership of the policy council; and

''(II) members at large of the community served by the Head Start agency, which may include parents of children previously enrolled in the programs of the Head Start agency (including any delegate agency).

''(ii) SELECTION.—Parents serving on the policy council shall be elected by parents of children currently enrolled in the programs of the Head Start agency (including any delegate agency) and shall represent, proportionately, all program options and settings operated by the Head Start agency (including any delegate agency).

''(iii) CONFLICT OF INTEREST.—Members of the policy council shall—

''(I) not have a conflict of interest with the Head Start agency (including any delegate agency); and

''(II) not receive compensation for serving on the policy council or for providing services to the Head Start agency.

''(F) RESPONSIBILITIES OF POLICY COUNCIL.—The policy council shall be responsible for—

''(i) program planning, including—

''(I) program design, including long and short term program goals, all funding applications and amendments to funding applications, and objectives based on the annual communitywide assessment and self-assessment;

''(II) program recruitment, selection, and enrollment priorities; and

''(III) budget planning for program expenditures consistent with subparagraph (C)(i)(VII), including polices for reimbursement and participation in policy council activities;

''(ii) program operation consistent with subparagraph (C)(i)(VIII), including implementation of standards of conduct for program staff, contractors, and volunteers and criteria for the employment and dismissal of program staff; and

''(iii) activities to support the active involvement of parents in supporting program operations, including policies to ensure that the Head Start program is responsive to community and parent needs.

''(6) INFORMATION SHARING.—The governing body and the policy council shall share with each other regular and accurate information for use by both entities about program planning, policies, and Head Start agency operations, including—

''(A) monthly financial statements (including detailed credit card account expenditures for any employee with a Head Start agency credit card or who seeks reimbursement for charged expenses);

''(B) monthly program information summaries;

''(C) program enrollment reports, including attendance reports for children whose care is partially subsidized by another public agency;

''(D) monthly reports of meals and snacks provided through programs of the Department of Agriculture;

''(E) the financial audit;

''(F) the annual self-assessment, including any findings related to the annual self-assessment;

''(G) the community assessment of the Head Start agency's service area and any applicable updates;

''(H) communication and guidance from the Secretary; and

''(I) the program information reports.

''(7) TRAINING AND TECHNICAL ASSISTANCE.—Appropriate training and technical assistance shall be provided to the members of the governing body and the policy council to ensure that the members understand the information the members receive and can effectively oversee and participate in the programs of the Head Start agency.

''(b) COMMUNITIES.—For purposes of this subchapter, a community may be a city, county, or multicity or multicounty unit within a State, an Indian reservation (including Indians in any off-reservation area designated by an appropriate tribal government in consultation with the Secretary), or a neighborhood or other area (irrespective of boundaries or political subdivisions) that provides a suitable organizational base and possesses the commonality of interest needed to operate a Head Start program.

''(c) REDESIGNATION.—

''(1) IN GENERAL.—In administering the provisions of this section, the Secretary shall, in consultation with the Governor of the State involved, redesignate as a Head Start agency any Head Start agency (including any delegate agency) that is high performing, as determined by meeting each of the following criteria:

''(A) Is receiving assistance under this subchapter.

''(B) Meets or exceeds standards described in section 641A(a)(1) (including program and financial management requirements).

''(C) Has no unresolved deficiencies, including having resolved any deficiencies found during the last triennial review under section 641A(c).

''(D) Can demonstrate, through agreements such as memoranda of understanding, active collaboration with the State or local community in the provision of services for children (such as the provision of extended day services, education, professional development and training for staff, and other types of cooperative endeavors).

''(E) Completes and submits the appropriate reapplication forms as required by the Secretary.

''(2) LIMITATION.—A Head Start agency with a triennial review under section 641A(c) scheduled not later than 18 months after the date of enactment of the Head Start for School Readiness Act shall not be subject to the criteria described in paragraph (1) for that review in order to be redesignated. The Head Start agency shall be subject to the criteria for any subsequent triennial review.

''(d) DESIGNATION WHEN NO ENTITY IS REDESIGNATED.—If no entity in a community is redesignated according to subsection (c), the Secretary shall, after conducting an open competition, designate a Head Start agency from among qualified applicants in such community.

''(e) EFFECTIVENESS.—In selecting from among qualified applicants for designation as a Head Start agency, the Secretary shall consider the effectiveness of each such applicant to provide Head Start services, based on—

''(1) any past performance of such applicant in providing services comparable to Head Start services, including how effectively such applicant provided such comparable services;

''(2) the plan of such applicant to provide comprehensive health, educational, nutritional, social, and other services needed to aid participating children in attaining their full potential, and to prepare children to succeed in school;

''(3) the capacity of such applicant to serve eligible children with programs that use scientifically based research that promote school readiness of children participating in the program;

''(4) the plan of such applicant to meet standards set forth in section 641A(a)(1), with particular attention to the standards set forth in subparagraphs (A) and (B) of such section;

''(5) the plan of such applicant to coordinate the Head Start program the applicant proposes to carry out with other preschool programs, including—

''(A) the Early Reading First and Even Start programs under subparts 2 and 3 of part B of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6371 et seq., 6381 et seq.);

''(B) other preschool program under title I of that Act (20 U.S.C. 6301 et seq.);

''(C) programs under section 619 and part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.);

''(D) State prekindergarten programs;

''(E) child care programs;

''(F) the educational programs that the children in the Head Start program involved will enter at the age of compulsory school attendance; and

''(G) reading readiness programs such as those conducted by public and school libraries;

''(6) the plan of such applicant to coordinate the Head Start program that the applicant proposes to carry out with public and private entities who are willing to commit resources to assist the Head Start program in meeting its program needs;

''(7) the plan of such applicant to collaborate with a local library, where available, that is interested in that collaboration, to—

''(A) develop innovative programs to excite children about the world of books, such as programs that involve—

''(i) taking children to the library for a story hour;

''(ii) promoting the use of library cards;

''(iii) developing a lending library or using a mobile library van; and

''(iv) providing fresh books in the Head Start classroom on a regular basis;

''(B) assist in literacy training for Head Start teachers; and

''(C) support parents and other caregivers in literacy efforts;

''(8) the plan of such applicant—

''(A) to facilitate the involvement of parents of participating children in activities (at home and in the center involved where

practicable) designed to help such parents become full partners in the education of their children;

''(B) to afford such parents the opportunity to participate in the development and overall conduct of the program at the local level, including through providing transportation costs;

''(C) to offer (directly or through referral to local entities, such as entities carrying out Even Start programs under subpart 3 of part B of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6381 et seq.), public and school libraries, and entities carrying out family support programs) to such parents—

''(i) family literacy services; and

''(ii) parenting skills training;

''(D) to offer to parents of participating children substance abuse counseling (either directly or through referral to local entities), if needed, including information on the effect of drug exposure on infants and fetal alcohol syndrome;

''(E) at the option of such applicant, to offer (directly or through referral to local entities) to such parents—

''(i) training in basic child development (including cognitive development);

''(ii) assistance in developing literacy and communication skills;

''(iii) opportunities to share experiences with other parents (including parent mentor relationships);

''(iv) regular in-home visitation; or

''(v) any other activity designed to help such parents become full partners in the education of their children;

''(F) to provide, with respect to each participating family, a family needs assessment that includes consultation with such parents (including foster parents and grandparents, where applicable) about the benefits of parent involvement and about the activities described in subparagraphs (C), (D), and (E) in which such parents may choose to become involved (taking into consideration their specific family needs, work schedules, and other responsibilities); and

''(G) to extend outreach to fathers, in appropriate cases, in order to strengthen the role of fathers in families, in the education of their young children, and in the Head Start program, by working directly with fathers and father figures through activities such as—

''(i) in appropriate cases, including fathers in home visits and providing opportunities for direct father-child interactions; and

''(ii) targeting increased male participation in the conduct of the program;

''(9) the ability of such applicant to carry out the plans described in paragraphs (2), (4), and (5);

''(10) other factors related to the requirements of this subchapter;

''(11) the plan of such applicant to meet the needs of limited English proficient children and their families, including procedures to identify such children, plans to provide trained personnel, and plans to provide services to assist the children in making progress toward the acquisition of the English language;

''(12) the plan of such applicant to meet the needs of children with disabilities, including procedures to identify such children, procedures for referral of such children for evaluation to State and local agencies providing services under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq), and plans for collaboration with those State and local agencies;

''(13) the plan of such applicant who chooses to assist younger siblings of children who will participate in the Head Start program, to obtain health services from other sources;

''(14) the plan of such applicant to collaborate with other entities providing early childhood education and care in the community;

''(15) the plan of such applicant to meet the needs of homeless children and children in foster care, including the transportation needs of such children; and

''(16) the plan of such applicant to recruit and retain qualified staff.

''(f) INVOLVEMENT OF PARENTS AND AREA RESIDENTS.—The Secretary shall continue the practice of involving parents and area residents who are affected by programs under this subchapter in the selection of qualified applicants for designation as Head Start agencies.

''(g) PRIORITY.—In selecting from among qualified applicants for designation as a Head Start agency, the Secretary shall give priority to applicants that have demonstrated capacity in providing effective, comprehensive, and well-coordinated early childhood education and care to children and their families.

''(h) INTERIM BASIS.—If there is not a qualified applicant in a community for designation as a Head Start agency, the Secretary shall designate a qualified agency to carry out the Head Start program in the community on an interim basis until a qualified applicant from the community is so designated.

''(i) PROHIBITION AGAINST NON-INDIAN HEAD START AGENCY RECEIVING A GRANT FOR AN INDIAN HEAD START PROGRAM.—

''(1) IN GENERAL.—Notwithstanding any other provision of law except as provided in paragraph (2), under no condition may a non-Indian Head Start agency receive a grant to carry out an Indian Head Start program.

''(2) EXCEPTION.—In a community in which there is no Indian Head Start agency available for designation to carry out an Indian Head Start program, a non-Indian Head Start agency may receive a grant to carry out an Indian Head Start program but only until such time as an Indian Head Start agency in such community becomes available and is designated pursuant to this section.''.

SEC. 8. QUALITY STANDARDS; MONITORING OF HEAD START AGENCIES AND PROGRAMS.

Section 641A of the Head Start Act (42 U.S.C. 9836a) is amended—

(1) in subsection (a)—

(A) in paragraph (1)(A), by striking ''642(d)'' and inserting ''642(c)'';

(B) in paragraph (1)(B)—

(i) in clause (i), by striking ''education performance standards'' and inserting ''educational performance standards''; and

(ii) by striking clause (ii) and inserting the following:

''(ii) additional educational standards based on the recommendations of the National Academy of Sciences panel described in section 649(h) and other experts in the field, to ensure that the curriculum involved addresses, and that the children participating in the program show appropriate progress toward developing and applying, the recommended educational outcomes, after the panel considers the appropriateness of additional educational standards relating to—

''(I) language skills related to listening, understanding, speaking, and communicating;

''(II) pre-literacy knowledge and skills;

''(III) premathematics knowledge and skills;

''(IV) scientific abilities;

''(V) general cognitive abilities related to academic achievement and child development;

''(VI) social and emotional development related to early learning and school success;

''(VII) physical development; and

''(VIII) in the case of limited English proficient children, progress toward acquisition of the English language (which may include progress made with linguistically appropriate instructional services) while making meaningful progress in attaining the knowledge, skills, abilities, and development described in subclauses (I) through (VII);'';

(C) in paragraph (1)(D), by striking ''projects; and'' and inserting ''projects, including regulations that require that the facilities used by Head Start agencies (including Early Head Start agencies and including any delegate agencies) for regularly scheduled center-based and combination program option classroom activities—

''(i) shall be in compliance with State and local requirements concerning licensing for such facilities; and

''(ii) shall be accessible by State and local authorities for purposes of monitoring and ensuring compliance; and'';

(D) in paragraph (2)—

(i) in subparagraph (B)—

(I) in clause (i), by striking ''the date of enactment of this section'' and inserting ''the date of enactment of the Head Start for School Readiness Act'';

(II) in clause (ii), by striking ''the date of enactment of this Act'' and inserting ''the date of enactment of the Head Start for School Readiness Act'';

(III) in clause (iii)—

(aa) by striking ''early childhood education and development'' and inserting ''early childhood education and care''; and

(bb) by inserting ''homeless children, children in foster care,'' after ''children with disabilities,'';

(IV) in clause (vi), by striking ''including the language'' and all that follows and inserting ''and the language background and family structure of such children, and changes in the population and number of such children who are in foster care or are homeless children'';

(V) by striking clause (vii) and inserting the following:

''(vii) the need for Head Start agencies to maintain close and frequent communications with parents, including conducting periodic meetings to discuss the progress of individual children in Head Start programs; and

''(viii) the unique challenges faced by individual programs, including those programs that are seasonal or short term and those programs that serve rural populations;'';

(ii) in subparagraph (C)(ii), by striking ''the date of enactment of the Coats Human Services Reauthorization Act of 1998.'' and inserting ''the date of enactment of the Head Start for School Readiness Act; and''; and

(iii) by adding at the end the following:

''(D) consult with Indian tribes, American Indian and Alaska Native experts in early childhood education and care, linguists, and the National Indian Head Start Directors Association on the review and promulgation of standards under this subchapter (including standards for language acquisition and school readiness).'';

(E) by adding at the end the following:

''(4) EVALUATIONS AND CORRECTIVE ACTIONS FOR DELEGATE AGENCIES.—

''(A) PROCEDURES.—

''(i) IN GENERAL.—Subject to clause (ii), the Head Start agency shall establish procedures relating to its delegate agencies, including—

''(I) procedures for evaluating delegate agencies;

''(II) procedures for defunding delegate agencies; and

''(III) procedures for appealing a defunding decision relating to a delegate agency.

''(ii) TERMINATION.—The Head Start agency may not terminate a delegate agency's contract or reduce a delegate agency's service area without showing cause or demonstrating the cost-effectiveness of such a decision.

''(B) EVALUATIONS.—Each Head Start agency—

''(i) shall evaluate its delegate agencies using the procedures established pursuant to this section, including subparagraph (A); and

''(ii) shall inform the delegate agencies of the deficiencies identified through the evaluation that shall be corrected.

''(C) REMEDIES TO ENSURE CORRECTIVE ACTIONS.—In the event that the Head Start agency identifies a deficiency for a delegate agency through the evaluation, the Head Start agency shall take action, which may include—

''(i) initiating procedures to terminate the designation of the agency unless the agency corrects the deficiency;

''(ii) conducting monthly monitoring visits to such delegate agency until all deficiencies are corrected or the Head Start agency decides to defund such delegate agency; and

''(iii) releasing funds to such delegate agency—

''(I) only as reimbursements, until all deficiencies are corrected or the Head Start agency decides to defund such delegate agency; and

''(II) only if there is continuity of services for children and families.

''(D) RULE OF CONSTRUCTION.—Nothing in this paragraph shall be construed to impact or obviate the responsibilities of the Secretary with respect to Head Start agencies (including any delegate agencies) receiving funding under this subchapter.'';

(2) in subsection (b)—

(A) in paragraph (2)—

(i) by striking the paragraph heading and inserting the following:

''(2) CHARACTERISTICS AND USE OF MEASURES.—'';

(ii) in subparagraph (B), by striking '', not later than July 1, 1999; and'' and inserting a semicolon;

(iii) in subparagraph (C), by striking the period and inserting a semicolon;

(iv) by striking the flush matter following subparagraph (C); and

(v) by adding at the end the following:

''(D) measure characteristics that are strongly predictive (as determined on a scientific basis) of a child's school readiness and later performance in school;

''(E) be appropriate for the population served; and

''(F) be reviewed not less than every 4 years, based on advances in the science of early childhood development.

The performance measures shall be issued by regulation and shall include the performance standards and additional educational standards described in subparagraphs (A) and (B) of subsection (a)(1).'';

(B) in paragraph (3)—

(i) in subparagraph (A), by striking ''; and'' and inserting a semicolon;

(ii) in subparagraph (B), by striking the period and inserting ''; and''; and

(iii) by adding at the end the following:

''(C) to enable Head Start agencies to individualize programs of instruction to better meet the needs of the child involved.'';

(C) by striking paragraph (4);

(D) by redesignating paragraph (5) as paragraph (4); and

(E) by adding at the end the following:

''(5) RULE OF CONSTRUCTION.—Nothing in this subchapter shall be construed to authorize or permit the Secretary or any employee or contractor of the Department of Health and Human Services to mandate, direct, control, or suggest the selection of a curriculum, a program of instruction, or instructional materials, for a Head Start program.'';

(3) in subsection (c)—

(A) in paragraph (1)—

(i) by striking subparagraph (C) and inserting the following:

''(C) Unannounced site inspections for health and safety reasons, as appropriate.'';

(ii) by redesignating subparagraph (D) as subparagraph (E); and

(iii) by inserting after subparagraph (C) the following:

''(D) Followup reviews, including—

''(i) prompt return visits as necessary for failure to meet 1 or more of the performance measures developed by the Secretary under subsection (b);

''(ii) a review of agencies and programs with citations that include findings of deficiencies not later than 6 months after the date of such citation; and

''(iii) followup reviews that incorporate a monitoring visit without prior notice of the visit to the agency or program involved or with such limited prior notice as is necessary to ensure the participation of parents and key staff members.''; and

(B) by striking paragraph (2) and inserting the following:

''(2) CONDUCT OF REVIEWS.—

''(A) IN GENERAL.—The Secretary shall ensure that reviews described in paragraph (1)—

''(i) are performed, to the maximum extent practicable, by employees of the Department of Health and Human Services who are knowledgeable about Head Start programs;

''(ii) are conducted by review teams that shall include individuals who are knowledgeable about Head Start programs and other early childhood education and care and, to the maximum extent practicable, the diverse (including linguistic and cultural) needs of eligible children (including children with disabilities, homeless children, and children in foster care) and limited English proficient children and their families, and personnel management, financial accountability, and systems development and monitoring;

''(iii) include as part of the reviews of the programs, a review and assessment of program effectiveness, including strengths and weaknesses, as measured in accordance with the results-based performance measures developed by the Secretary pursuant to subsection (b) and with the performance standards established pursuant to subsection (a)(1);

''(iv) seek information from the communities and States where Head Start programs exist about innovative or effective collaborative efforts, barriers to collaboration, and the efforts of the Head Start agencies to collaborate with the entities providing early childhood education and care in the community;

''(v) include as part of the reviews of the programs, a review and assessment of whether the programs are in conformity with the income eligibility requirements under section 645 and regulations promulgated under such section;

''(vi) include as part of the reviews of the programs, a review and assessment of whether programs have adequately addressed population and community needs (including needs of populations of limited English proficient children and children of migrant or seasonal farmworkers);

''(vii) include as part of the reviews of the programs, a review and assessment of whether programs have adequately addressed the needs of children with disabilities, including whether the agencies involved have met the 10 percent minimum enrollment requirement specified in section 640(d) and whether the agencies have made sufficient efforts to collaborate with State and local agencies providing services under section 619 or part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.);

''(viii) include as part of the reviews of the programs, data from the results of periodic child assessments, and a review and assessment of child outcomes and performance as they relate to agency-determined school readiness goals described in section 641(a)(2)(A); and

''(ix) in the case of Early Head Start agencies and programs, are conducted by a review team that includes individuals who are knowledgeable about the development of infants and toddlers.

''(B) TRAINING; QUALITY AND CONSISTENCY.—The Secretary, from funds available under section 640(a)(2)(D), shall provide periodic training for supervisors and members of review teams in such topics as program management and financial audit performance. The Secretary shall ensure the quality and consistency across and within regions of reviews and non-compliance and deficiency determinations by conducting periodic interrater reliability checks.'';

(4) in subsection (d)(1)—

(A) in the matter preceding subparagraph (A), by inserting ''or fails to address the communitywide strategic plan and needs assessment identified in section 640(g)(2)(C),'' after ''subsection (b),''; and

(B) in subparagraph (A), by inserting ''and identify the assistance to be provided consistent with paragraph (3)'' after ''corrected'';

(5) in subsection (e), by striking the last sentence and inserting ''The information contained in such report shall be made available to parents with children receiving assistance under this subchapter in an understandable and uniform format, and to the extent practicable, in a language that the parents can understand. Such information shall be made widely available through public means such as distribution through public agencies, and, at a minimum, by posting such information on the Internet immediately upon publication.''; and

(6) by adding at the end the following:

''(f) SELF-ASSESSMENTS.—

''(1) IN GENERAL.—Not less frequently than once each program year, with the consultation and participation of policy councils, and, as applicable, policy committees, and, as appropriate, other community members, each agency receiving funds under this subchapter shall conduct a comprehensive self-assessment of the agency's effectiveness and progress in meeting program goals and objectives and in implementing and complying with performance standards described in subsection (a)(1).

''(2) REPORT AND IMPROVEMENT PLANS.—

''(A) REPORT.—An agency conducting a self-assessment shall report the findings of

the self-assessment to the relevant policy council, policy committee, governing body, and regional office of the Administration for Children and Families of the Department of Health and Human Services. Each self-assessment shall identify areas of strength and weakness.

''(B) IMPROVEMENT PLAN.—The agency shall develop an improvement plan approved by the governing body of the agency to strengthen any areas identified in the self-assessment as weaknesses or in need of improvement. The agency shall report the areas to the appropriate regional office of the Administration for Children and Families.

''(3) ONGOING MONITORING.—Each Head Start agency (including each Early Head Start agency and including any delegate agency) shall establish and implement procedures for the ongoing monitoring of their Head Start (including Early Head Start) programs, to ensure that the operations of the programs work toward meeting program goals and objectives and Head Start performance standards.

''(4) TRAINING AND TECHNICAL ASSISTANCE.—Funds may be made available, through section 648(d), for training and technical assistance to assist agencies in conducting self-assessments.

''(g) REDUCTION OF GRANTS AND REDISTRIBUTION OF FUNDS IN CASES OF UNDER-ENROLLMENT.—

''(1) DEFINITIONS.—In this subsection:

''(A) ACTUAL ENROLLMENT.—The term 'actual enrollment' means, with respect to the program of a Head Start agency, the actual number of children enrolled in such program and reported by the agency (as required in paragraph (2)) in a given month.

''(B) BASE GRANT.—The term 'base grant' means, with respect to a Head Start agency for a fiscal year, that portion of the grant derived—

''(i) from amounts reserved for use in accordance with section 640(a)(2)(A), for a Head Start agency administering an Indian Head Start program or migrant or seasonal Head Start program;

''(ii) from amounts reserved for payments under section 640(a)(2)(B); or

''(iii) from amounts available under section 640(a)(2)(D) or allotted among States under section 640(a)(4).

''(C) FUNDED ENROLLMENT.—The term 'funded enrollment' means, with respect to the program of a Head Start agency in a fiscal year, the number of children that the agency is funded to serve through a grant for the program during such fiscal year, as indicated in the grant award.

''(2) ENROLLMENT REPORTING REQUIREMENT FOR CURRENT FISCAL YEAR.—Each entity carrying out a Head Start program shall report on a monthly basis to the Secretary and the relevant Head Start agency—

''(A) the actual enrollment in such program; and

''(B) if such actual enrollment is less than the funded enrollment, any apparent reason for such enrollment shortfall.

''(3) SECRETARIAL REVIEW AND PLAN.—The Secretary shall—

''(A) on a semiannual basis, determine which Head Start agencies are operating with an actual enrollment that is less than the funded enrollment based on not less than 4 consecutive months of data;

''(B) for each such Head Start agency operating a program with an actual enrollment that is less than 95 percent of its funded enrollment, as determined under subparagraph (A), develop, in collaboration with such agency, a plan and timetable for reducing or eliminating under-enrollment taking into consideration—

''(i) the quality and extent of the outreach, recruitment, and communitywide needs assessment conducted by such agency;

''(ii) changing demographics, mobility of populations, and the identification of new underserved low-income populations;

''(iii) facilities-related issues that may impact enrollment;

''(iv) the ability to provide full-day programs, where needed, through funds made available under this subchapter or through collaboration with entities carrying out other preschool or child care programs, or programs with other funding sources (where available);

''(v) the availability and use by families of other preschool and child care options (including parental care) in the community served; and

''(vi) agency management procedures that may impact enrollment; and

''(C) provide timely and ongoing technical assistance to each agency described in subparagraph (B) for the purpose of implementing the plan described in such subparagraph.

''(4) IMPLEMENTATION.—Upon receipt of the technical assistance described in paragraph (3)(C), a Head Start agency shall immediately implement the plan described in paragraph (3)(B).

''(5) SECRETARIAL ACTION FOR CONTINUED UNDER-ENROLLMENT.—If, 1 year after the date of implementation of the plan described in paragraph (3)(B), the Head Start agency continues to operate a program at less than funded enrollment, the Secretary shall, where determined appropriate, continue to provide technical assistance to such agency.

''(6) SECRETARIAL REVIEW AND ADJUSTMENT FOR CHRONIC UNDER-ENROLLMENT.—

''(A) IN GENERAL.—If, after receiving technical assistance and developing and implementing a plan to the extent described in paragraphs (3), (4), and (5) for 9 months, a Head Start agency is still operating a program with an actual enrollment that is less than 95 percent of its funded enrollment, the Secretary may—

''(i) designate such agency as chronically under-enrolled; and

''(ii) recapture, withhold, or reduce the base grant for the program by a percentage equal to the percentage difference between funded enrollment and actual enrollment for the program for the most recent year in which the agency is determined to be under-enrolled under paragraph (3)(A).

''(B) WAIVER OR LIMITATION OF REDUCTIONS.—If the Secretary, after the implementation of the plan described in paragraph (3)(B), finds that—

''(i) the causes of the enrollment shortfall, or a portion of the shortfall, are beyond the agency's control (such as serving significant numbers of children of migrant or seasonal farmworkers, homeless children, children in foster care, or other highly mobile children);

''(ii) the shortfall can reasonably be expected to be temporary; or

''(iii) the number of slots allotted to the agency is small enough that under-enrollment does not constitute a significant shortfall, the Secretary may, as appropriate, waive or reduce the percentage recapturing, withholding, or reduction otherwise required by subparagraph (A).

''(C) PROCEDURAL REQUIREMENTS; EFFECTIVE DATE.—The actions taken by the Secretary under this paragraph with respect to a Head Start agency shall take effect 1 day after the date on which—

''(i) the time allowed for appeal under section 646(a) expires without an appeal by the agency; or

''(ii) the action is upheld in an administrative hearing under section 646.

''(7) REDISTRIBUTION OF FUNDS.—

''(A) IN GENERAL.—The Secretary shall use amounts recovered from a Head Start agency through recapturing, withholding, or reduction under paragraph (6) in a fiscal year—

''(i) in the case of a Head Start agency administering an Indian Head Start program or a migrant or seasonal Head Start program, whose base grant is derived from amounts specified in paragraph (1)(B)(i), to redirect funds to 1 or more agencies that—

''(I) are administering Head Start programs serving the same special population; and

''(II) demonstrate that the agencies will use such redirected funds to increase enrollment in their Head Start programs in such fiscal year; or

''(ii) in the case of a Head Start agency in a State, whose base grant is derived from amounts specified in clause (ii) or (iii) of paragraph (1)(B), to redirect funds to 1 or more agencies that—

''(I) are administering Head Start programs in the same State; and

''(II) make the demonstration described in clause (i)(II).

''(B) SPECIAL RULE.—If there is no agency located in a State that meets the requirements of subclauses (I) and (II) of subparagraph (A)(ii), in the case of a Head Start agency described in subparagraph (A)(ii), the Secretary shall use amounts described in subparagraph (A) to redirect funds to Head Start agencies located in other States that make the demonstration described in subparagraph (A)(i)(II).

''(C) ADJUSTMENT TO FUNDED ENROLLMENT.—The Secretary shall adjust as necessary the requirements relating to funded enrollment indicated in the grant agreement of a Head Start agency receiving redistributed amounts under this paragraph.

''(h) CONTRACT WITH NONPROFIT INTERMEDIARY ORGANIZATION.—From funds reserved under clause (i) or (ii) of section 640(a)(2)(C) or from whatever other resources the Secretary determines appropriate, in carrying out the provisions of this section, the Secretary or a Head Start agency may contract with a nonprofit intermediary organization that—

''(1) provides evaluations and technical assistance to improve overall performance management; and

''(2) has an exclusive focus of improving the performance management and the use of technology in assessing performance and meeting Head Start regulations and can provide on-site, hands-on guidance with the implementation of Head Start programs.''.

SEC. 9. CENTERS OF EXCELLENCE IN EARLY CHILDHOOD.

The Head Start Act is amended by inserting after section 641A (42 U.S.C. 9836a) the following:

''SEC. 641B. CENTERS OF EXCELLENCE IN EARLY CHILDHOOD.

''(a) DEFINITION.—In this section, the term 'center of excellence' means a Center of Excellence in Early Childhood designated under subsection (b).

''(b) DESIGNATION AND BONUS GRANTS.—The Secretary shall, subject to the availability of funds under this subchapter, including under subsection (f), establish a program under which the Secretary shall—

''(1) designate not more than 200 exemplary Head Start agencies (including Early Head

Start agencies, Indian Head Start agencies, and migrant and seasonal Head Start agencies) as Centers of Excellence in Early Childhood; and

''(2) make bonus grants to the centers of excellence to carry out the activities described in subsection (d).

''(c) APPLICATION AND DESIGNATION.—

''(1) APPLICATION.—

''(A) NOMINATION AND SUBMISSION.—

''(i) IN GENERAL.—To be eligible to receive a designation as a center of excellence under subsection (b), except as provided in clause (ii), a Head Start agency in a State shall be nominated by the Governor of the State and shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

''(ii) INDIAN AND MIGRANT AND SEASONAL HEAD START PROGRAMS.—In the case of an Indian Head Start agency or a migrant or seasonal Head Start agency, to be eligible to receive a designation as a center of excellence under subsection (b), such an agency shall be nominated by the head of the appropriate regional office of the Department of Health and Human Services and shall submit an application to the Secretary in accordance with clause (i).

''(B) CONTENTS.—At a minimum, the application shall include—

''(i) evidence that the Head Start program carried out by the agency has significantly improved the school readiness of, and enhanced academic outcomes for, children who have participated in the program;

''(ii) evidence that the program meets or exceeds performance standards described in section 641A(a)(1), as evidenced by successful completion of programmatic and monitoring reviews, and has no findings of deficiencies with respect to such standards;

''(iii) evidence that the program is making progress toward meeting the requirements described in section 648A;

''(iv) evidence demonstrating the existence of a collaborative partnership among the Head Start agency, the State (or a State agency), and other providers of early childhood education and care in the local community involved;

''(v) a nomination letter from the Governor, or appropriate regional office, demonstrating the agency's ability to provide the coordination, transition, and training services of the program to be carried out under the bonus grant involved, including coordination of activities with State and local agencies that provide early childhood education and care to children and families in the community served by the agency;

''(vi) information demonstrating the existence of a local council for excellence in early childhood, which shall include representatives of all the institutions, agencies, and groups involved in the work of the center for, and the local provision of services to, eligible children and other at-risk children, and their families; and

''(vii) a description of how the Center, in order to expand accessibility and continuity of quality early childhood education and care, will coordinate activities assisted under this section with—

''(I) programs carried out under the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9858 et seq.);

''(II) other programs carried out under this subchapter, including the Early Head Start programs carried out under section 645A;

''(III)(aa) Early Reading First and Even Start programs carried out under subparts 2 and 3 of part B of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6371 et seq., 6381 et seq.);

''(bb) other preschool programs carried out under title I of that Act (20 U.S.C. 6301 et seq.); and

''(cc) the Ready-to-Learn Television program carried out under subpart 3 of part D of title II of that Act (20 U.S.C. 6775 et seq.);

''(IV) programs carried out under section 619 and part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.);

''(V) State prekindergarten programs; and

''(VI) other programs of early childhood education and care.

''(2) SELECTION.—In selecting agencies to designate as centers of excellence under subsection (b), the Secretary shall designate not less than 1 from each of the 50 States, the District of Columbia, an Indian Head Start program, a migrant or seasonal Head Start program, and the Commonwealth of Puerto Rico.

''(3) PRIORITY.—In making bonus grant determinations under this section, the Secretary shall give priority to programs that, through their applications, demonstrate that they are of exceptional quality and would serve as exemplary models for programs in the same geographic region. The Secretary may also consider the populations served by the applicants, such as programs that serve large proportions of families of limited English proficient children or other underserved populations, and may make bonus grants to programs that do an exceptional job meeting the needs of children in such populations.

''(4) TERM OF DESIGNATION.—

''(A) IN GENERAL.—Subject to subparagraph (B), the Secretary shall designate a Head Start agency as a center of excellence for a 5-year term. During the period of that designation, subject to the availability of appropriations, the agency shall be eligible to receive a bonus grant under subsection (b).

''(B) REVOCATION.—The Secretary may revoke an agency's designation under subsection (b) if the Secretary determines that the agency is not demonstrating adequate performance or has had findings of deficiencies described in paragraph (1)(B)(ii).

''(5) AMOUNT OF BONUS GRANT.—The Secretary shall base the amount of funding provided through a bonus grant made under subsection (b) to a center of excellence on the number of children eligible for Head Start services in the community involved. The Secretary shall, subject to the availability of funding, make such a bonus grant in an amount of not less than $200,000 per year.

''(d) USE OF FUNDS.—

''(1) ACTIVITIES.—A center of excellence that receives a bonus grant under subsection (b)—

''(A) shall use the funds made available through the bonus grant to model and disseminate, to other Head Start centers in the State involved, best practices for achieving early academic success, including—

''(i) best practices for achieving school readiness and developing pre-literacy and prematheamtics skills for at-risk children and achieving the acquisition of the English language for limited English proficient children; and

''(ii) best practices for providing seamless service delivery for eligible children and their families;

''(B) may use the funds made available through the bonus grant—

''(i) to provide Head Start services to additional eligible children;

''(ii) to better meet the needs of working families in the community served by the center by serving more children in existing Early Head Start programs (existing as of the date the center is designated under this section) or in full-working-day, full calendar year Head Start programs;

''(iii) to further coordinate early childhood education and care and social services available in the community served by the center for at-risk children (birth through age 8), their families, and pregnant women;

''(iv) to provide training and cross training for Head Start teachers and staff, child care providers, public and private preschool and elementary school teachers, and other providers of early childhood education and care, and training and cross training to develop agency leaders;

''(v) to provide effective transitions between Head Start programs and elementary school, to facilitate ongoing communication between Head Start and elementary school teachers concerning children receiving Head Start services, and to provide training and technical assistance to providers who are public elementary school teachers and other staff of local educational agencies, child care providers, family service providers, and other providers of early childhood education and care, to help the providers described in this clause increase their ability to work with low-income, at-risk children and their families;

''(vi) to develop or maintain partnerships with institutions of higher education and nonprofit organizations, including community-based organizations, that recruit, train, place, and support college students to serve as mentors and reading partners to preschool children in Head Start programs; and

''(vii) to carry out other activities determined by the center to improve the overall quality of the Head Start program carried out by the agency and the program carried out under the bonus grant involved.

''(2) INVOLVEMENT OF OTHER HEAD START AGENCIES AND PROVIDERS.—A center that receives a bonus grant under subsection (b), in carrying out activities under this subsection, shall work with the center's delegate agencies and several additional Head Start agencies (especially agencies that are low-performing on the performance standards described in section 641A(a)(1)), and other providers of early childhood education and care in the community involved, to encourage the agencies and providers described in this paragraph to carry out model programs.

''(e) RESEARCH AND REPORTS.—

''(1) RESEARCH.—The Secretary shall, subject to the availability of funds to carry out this subsection, award a grant or contract to an independent organization to conduct research on the ability of the centers of excellence to improve the school readiness of children receiving Head Start services, and to positively impact school results in the earliest grades. The organization shall also conduct research to measure the success of the centers of excellence at encouraging the center's delegate agencies, additional Head Start agencies, and other providers of early childhood education and care in the communities involved to meet measurable improvement goals, particularly in the area of school readiness.

''(2) REPORT.—Not later than 48 months after the date of enactment of the Head Start for School Readiness Act, the organization shall prepare and submit to the Secretary and Congress a report containing the results of the research described in paragraph (1).

''(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for each of fiscal years 2008 through 2012—

''(1) $90,000,000 to make bonus grants to centers of excellence under subsection (b) to carry out activities described in subsection (d);

''(2) $500,000 to pay for the administrative costs of the Secretary in carrying out this section; and

''(3) $2,000,000 for research activities described in subsection (e).''.

SEC. 10. POWERS AND FUNCTIONS OF HEAD START AGENCIES.

Section 642 of the Head Start Act (42 U.S.C. 9837) is amended—

(1) by striking all that precedes ''In order'' the first place it appears and inserting the following:

''SEC. 642. POWERS AND FUNCTIONS OF HEAD START AGENCIES.

''(a) IN GENERAL.—''; and

(2) by striking subsections (b) through (e) and inserting the following:

''(b) ADDITIONAL REQUIREMENTS.—In order to be designated as a Head Start agency under this subchapter, a Head Start agency shall also—

''(1) establish a program with all standards set forth in section 641A(a)(1), with particular attention to the standards set forth in subparagraphs (A) and (B) of such section;

''(2) demonstrate the capacity to serve eligible children with scientifically based curricula and other interventions and support services that help promote the school readiness of children participating in the program;

''(3) establish effective procedures and provide for the regular assessment of Head Start children, including observational and direct formal assessment, where appropriate;

''(4) establish effective procedures, for determining the needs of children, that include high quality research based developmental screening tools that have been demonstrated to be valid, reliable, and accurate for children from a range of backgrounds;

''(5) establish effective procedures for timely referral of children with disabilities to State and local agencies providing services under section 619 and part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.), and collaboration with those agencies;

''(6) establish effective procedures for providing necessary services to children with disabilities prior to an eligibility determination by the State or local agency responsible for providing services under section 619 or part C of such Act;

''(7) require each delegate agency to create a policy committee, which shall—

''(A) be comprised of members of the community to be served, including parents of children who are currently enrolled in the Head Start programs of the Head Start agency; and

''(B) serve in an advisory capacity to the delegate agency, to make decisions and recommendations regarding program planning and operation and parental involvement.

''(8) seek the involvement of parents, area residents, and local business in the design and implementation of the program;

''(9) provide for the regular participation of parents and area residents in the implementation of the program;

''(10) provide technical and other support needed to enable such parents and area residents to secure, on their own behalf, available assistance from public and private sources;

''(11) establish effective procedures to carry out subparagraphs (A) and (B) of section 641(f)(8);

''(12) conduct outreach to schools in which Head Start children will enroll, local educational agencies, the local business community, community-based organizations, faith-based organizations, museums, and libraries to generate support and leverage the resources of the entire local community in order to improve school readiness;

''(13) establish effective procedures to carry out section 641(f)(8)(C);

''(14) establish effective procedures to carry out section 641(f)(8)(D);

''(15) establish effective procedures to carry out section 641(f)(8)(E);

''(16) establish effective procedures to carry out section 641(f)(8)(F);

''(17) consider providing services to assist younger siblings of children participating in its Head Start program, to obtain health services from other sources;

''(18) perform community outreach to encourage individuals previously unaffiliated with Head Start programs to participate in its Head Start program as volunteers;

''(19)(A) inform custodial parents in single-parent families that participate in programs, activities, or services carried out or provided under this subchapter about the availability of child support services for purposes of establishing paternity and acquiring child support; and

''(B) refer eligible parents to the child support offices of State and local governments;

''(20) provide parents of limited English proficient children outreach and information in an understandable and uniform format and, to the extent practicable, in a language that the parents can understand; and

''(21) at the option of such agency, partner with an institution of higher education and a nonprofit organization to provide college students with the opportunity to serve as mentors or reading partners to Head Start participants.

''(c) TRANSITION ACTIVITIES TO FACILITATE CONTINUED PROGRESS.—

''(1) IN GENERAL.—Each Head Start agency shall collaborate with the entities listed in this subsection, to the maximum extent possible, to ensure the successful transition of Head Start children to school, so that such children are able to build upon the developmental and educational gains achieved in Head Start programs in further schooling.

''(2) COORDINATION.—

''(A) LOCAL EDUCATIONAL AGENCY.—In communities where both public prekindergarten programs and Head Start programs operate, a Head Start agency shall collaborate and coordinate activities with the local educational agency or other public agency responsible for the operation of the prekindergarten program and providers of prekindergarten, including outreach activities to identify eligible children.

''(B) ELEMENTARY SCHOOLS.—Head Start staff shall, with the permission of the parents of children enrolled in Head Start programs, regularly communicate with the elementary schools such children will be attending to—

''(i) share information about such children;

''(ii) collaborate with the teachers in such elementary schools regarding teaching strategies and options; and

''(iii) ensure a smooth transition to elementary school for such children.

''(C) OTHER PROGRAMS.—The head of each Head Start agency shall coordinate activities and collaborate with the State agency responsible for administering the State program carried out under the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9858 et seq.), other entities providing early childhood education and care, and the agencies responsible for administering section 106 of the Child Abuse Prevention and Treatment Act (42 U.S.C. 5106a), parts B and E of title IV of the Social Security Act (42 U.S.C. 621 et seq. and 670 et seq.), programs under subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.), Even Start programs under subpart 3 of part B of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6381 et seq.), and programs under section 619 and part C of the Individuals with Disabilities Education Act (20 U.S.C. 1419, 1431 et seq.), serving the children and families served by the Head Start agency.

''(3) COLLABORATION.—A Head Start agency shall take steps to coordinate activities with the local educational agency serving the community involved and with schools in which children participating in a Head Start program operated by such agency will enroll following such program, including—

''(A) collaborating on the shared use of transportation and facilities, in appropriate cases;

''(B) collaborating to reduce the duplication of services while increasing the program participation of underserved populations of eligible children; and

''(C) exchanging information on the provision of noneducational services to such children.

''(4) PARENTAL INVOLVEMENT.—In order to promote the continued involvement of the parents of children that participate in Head Start programs in the education of their children, the Head Start agency shall—

''(A) provide training to the parents—

''(i) to inform the parents about their rights and responsibilities concerning the education of their children; and

''(ii) to enable the parents, upon the transition of their children to school—

''(I) to understand and work with schools in order to communicate with teachers and other school personnel;

''(II) to support the schoolwork of their children; and

''(III) to participate as appropriate in decisions relating to the education of their children; and

''(B) take other actions, as appropriate and feasible, to support the active involvement of the parents with schools, school personnel, and school-related organizations.

''(d) ASSESSMENT OR EVALUATION.—Each Head Start agency shall adopt, in consultation with experts in child development and with classroom teachers, an assessment or evaluation to measure whether classroom teachers have mastered the functions described in section 648A(a)(1) and have attained a level of literacy appropriate to implement Head Start curricula.

''(e) FUNDED ENROLLMENT; WAITING LIST.—Each Head Start agency shall enroll 100 percent of its funded enrollment and maintain an active waiting list at all times with ongoing outreach to the community and activities to identify underserved populations.

''(f) TECHNICAL ASSISTANCE AND TRAINING PLAN.—In order to receive funds under this subchapter, a Head Start agency shall develop an annual technical assistance and training plan. Such plan shall be based on the agency's self-assessment, the communitywide needs assessment, and the needs of parents to be served by such agency.''.

SEC. 11. HEAD START TRANSITION.

Section 642A of the Head Start Act (42 U.S.C. 9837a) is amended to read as follows:

''SEC. 642A. HEAD START TRANSITION AND ALIGNMENT WITH K–12 EDUCATION.

''(a) IN GENERAL.—Each Head Start agency shall take steps to coordinate activities with

the local educational agency serving the community involved and with schools in which children participating in a Head Start program operated by such agency will enroll following such program, which may include—

''(1) developing and implementing a systematic procedure for transferring, with parental consent, Head Start program records for each participating child to the school in which such child will enroll;

''(2) establishing ongoing channels of communication between Head Start staff and their counterparts in the schools (including, as appropriate, teachers, social workers, health staff, and local educational agency liaisons designated under section 722(g)(1)(J)(ii) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11432(g)(1)(J)(ii))) to—

''(A) facilitate coordination of programs;

''(B) develop continuity of developmentally appropriate curricular objectives and practices, in order to ensure an effective transition to school and appropriate shared expectations for the learning and development of children as they make the transition to school; and

''(C) provide appropriate linkages between the Head Start program and educational services, including services related to language, literacy, and numeracy, provided by such local educational agency;

''(3) establishing comprehensive transition policies and procedures that support children transitioning to school, including by engaging the local education agency in the establishment of such policies;

''(4) conducting outreach to parents, elementary school (such as kindergarten) teachers, and Head Start teachers to discuss the educational, developmental, and other needs of individual children;

''(5) organizing and participating in joint training, including transition-related training of school staff and Head Start staff;

''(6) developing and implementing a family outreach and support program, in cooperation with entities carrying out parental involvement efforts under title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.), and family outreach and support efforts under subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.), taking into consideration the language needs of parents of limited English proficient children;

''(7) assisting families, administrators, and teachers in enhancing educational and developmental continuity and continuity of parental involvement in activities between Head Start services and elementary school classes;

''(8) helping parents understand the importance of parental involvement in a child's academic success while teaching the parents strategies for maintaining parental involvement as their child moves from the Head Start program to elementary school;

''(9) helping parents understand the instructional and other services provided by the school in which their child will enroll after participation in the Head Start program; and

''(10) coordinating activities and collaborating to ensure that curricula used in the Head Start program are aligned with the Head Start Child Outcomes Framework and, as appropriate, State early learning standards, with regard to cognitive development (including language, pre-literacy, and prematematics competencies), and social, emotional, and physical competencies that children entering kindergarten are expected to demonstrate.

''(b) CONSTRUCTION.—In this section, a reference to a Head Start agency, or its program, services, facility, or personnel, shall not be construed to be a reference to an Early Head Start agency, or its program, services, facility, or personnel.''.

SEC. 12. SUBMISSION OF PLANS TO GOVERNORS.

Section 643 of the Head Start Act (42 U.S.C. 9838) is amended—

(1) in the first sentence—

(A) by striking ''chief executive officer'' and inserting ''Governor''; and

(B) by striking ''45'' and inserting ''30'';

(2) in the last sentence, by striking '', however,''; and

(3) by adding at the end the following: ''This section shall not apply to contracts, agreements, grants, loans, or other assistance for Indian Head Start programs and migrant and seasonal Head Start programs.''.

SEC. 13. COSTS OF DEVELOPING AND ADMINISTERING A PROGRAM.

Section 644(b) of the Head Start Act (42 U.S.C. 9839(b)) is amended—

(1) by striking ''Except'' and inserting ''(1) Except''; and

(2) by adding at the end the following:

''(2)(A) The limitation prescribed by paragraph (1) shall not prohibit a Head Start agency from expending an amount in excess of allowable direct costs associated with developing and administering a program assisted under this subchapter, if—

''(i) the agency submits an application for a grant year containing an assurance that—

''(I) the agency will serve a greater percentage of children in the community involved than were served in the preceding grant year; and

''(II) the agency will not diminish services provided to currently enrolled children (as of the date of the application), including the number of hours and days such services are provided;

''(ii) any such excess amount does not exceed 5 percent of the total costs, including the required non-Federal contributions to such costs, of such program; and

''(iii) in the event that the applicant applies to expend any such excess amount in a subsequent grant year, the applicant continues to serve the same number of children as proposed in the initial application submitted under this paragraph and accomplishes, relative to the prior Head Start agency, at least 3 of the 5 improved outcomes.

''(B) In subparagraph (A), the term 'improved outcome' means—

''(i) an increase in average teacher salary;

''(ii) an increase in the number of qualified teachers;

''(iii) a significant increase in the number of children who receive full-day Head Start services;

''(iv) a decrease in the caseload for family workers; or

''(v) an increase in transportation options for families.

''(C) The Secretary shall approve not more than 10 applications described in subparagraph (A) for a fiscal year, and to the extent practicable shall ensure participation under this paragraph of a diverse group of Head Start agencies, including public, private nonprofit, and for-profit agencies operating Head Start programs.''.

SEC. 14. PARTICIPATION IN HEAD START PROGRAMS.

Section 645 of the Head Start Act (42 U.S.C. 9840) is amended—

(1) in subsection (a)—

(A) in paragraph (1)—

(i) in subparagraph (A)—

(I) by inserting ''130 percent of'' after ''below''; and

(II) by striking ''and'' at the end;

(ii) by redesignating subparagraph (B) as subparagraph (C);

(iii) by inserting after subparagraph (A) the following:

''(B) that the Head Start agencies involved make efforts to ensure that the programs serve children from families with incomes below the poverty line prior to serving other income-eligible children; and''; and

(iv) in the flush matter at the end, by adding at the end the following: ''A homeless child shall be deemed eligible for Head Start services.''; and

(B) by adding at the end the following:

''(3)(A) In this paragraph:

''(i) The term 'dependent' has the meaning given the term in paragraphs (2)(A) and (4)(A)(i) of section 401(a) of title 37, United States Code.

''(ii) The terms 'member' and 'uniformed services' have the meanings given the terms in paragraphs (23) and (3), respectively, of section 101 of title 37, United States Code.

''(B) The following amounts of pay and allowance of a member of the uniformed services shall not be considered to be income for purposes of determining the eligibility of a dependent of such member for programs funded under this subchapter:

''(i) The amount of any special pay payable under section 310 of title 37, United States Code, relating to duty subject to hostile fire or imminent danger.

''(ii) The amount of basic allowance payable under section 403 of such title, including any such amount that is provided on behalf of the member for housing that is acquired or constructed under the alternative authority for the acquisition and improvement of military housing under subchapter IV of chapter 169 of title 10, United States Code, or any other related provision of law.

''(4) After demonstrating a need through a communitywide needs assessment, a Head Start agency may apply to the Secretary to convert part-day sessions, particularly consecutive part-day sessions, into full-day sessions.

''(5)(A) Consistent with a communitywide needs assessment, a Head Start agency may apply to the Secretary to serve additional infants and toddlers if the agency submits an application to the Secretary containing—

''(i) a description of how the needs of pregnant women, infants, and toddlers will be addressed in accordance with section 645A(b), and with regulations prescribed by the Secretary pursuant to section 641A in areas including the agency's approach to child development and provision of health services, approach to family and community partnerships, and approach to program design and management;

''(ii) a description of how the needs of eligible Head Start children are being and will be served;

''(iii) assurances that the agency will participate in technical assistance activities (including a planning period, start-up site visits, and national training activities) in the same manner as recipients of grants under section 645A; and

''(iv) evidence that the agency meets the same eligibility criteria as recipients of grants under section 645A.

''(B) In approving such applications, the Secretary shall take into account the costs of serving persons under section 645A.

''(C) Any Head Start agency designated under this section and permitted to use

grant funds under subparagraph (A) to serve additional infants and toddlers shall be considered to be an Early Head Start agency and shall be subject to the same rules, regulations, and conditions as apply to recipients of grants under section 645A for those grant funds.''; and

(2) in the first sentence of subsection (c), by striking ''(age 3 to compulsory school attendance)'' and inserting ''(other than children eligible for an Early Head Start program)''; and

(3) in subsection (d), by adding at the end the following:

''(4) Notwithstanding any other provision of this Act, an Indian tribe that operates both an Early Head Start program under section 645A and a Head Start program may, at its discretion, at any time during the grant period involved, reallocate funds between the Early Head Start program and the Head Start program in order to address fluctuations in client population, including pregnant women and children birth to compulsory school age. The reallocation of such funds between programs by an Indian tribe shall not serve as the basis for the Secretary to reduce a base grant (as defined in section 641A(g)(1)) for either program in succeeding years.''.

SEC. 15. EARLY HEAD START PROGRAMS.

Section 645A of the Head Start Act (42 U.S.C. 9840a) is amended—

(1) by striking the section heading and inserting the following:

''SEC. 645A. EARLY HEAD START PROGRAMS.'';

(2) in subsection (b)—

(A) in paragraph (4), by striking ''provide services to parents to support their role as parents'' and inserting ''provide additional services and research-based activities to parents to support their role as parents (including parenting skills training and training in basic child development)'';

(B) by redesignating paragraphs (5), (6), (7), (8), and (9) as paragraphs (6), (8), (11), (12), and (13), respectively;

(C) by inserting after paragraph (4) the following:

''(5) where appropriate and in conjunction with services provided under this section to the children's immediate families (or as approved by the Secretary), provide home-based services to family child care homes, and kin caregivers, caring for infants and toddlers who also participate in Early Head Start programs, to provide continuity in supporting the children's cognitive, social, emotional, and physical development;'';

(D) in paragraph (6), as redesignated by subparagraph (B)—

(i) by inserting ''(including home-based services)'' after ''with services'';

(ii) by inserting ''and homeless infants and toddlers'' after ''disabilities''; and

(iii) by inserting '', and family support services'' after ''health services'';

(E) by inserting after paragraph (6), as redesignated by subparagraph (B), the following:

''(7) ensure that children with documented behavioral problems, including problems involving behavior related to prior or existing trauma, receive appropriate screening and referral;'';

(F) by inserting after paragraph (8), as redesignated by subparagraph (B), the following:

''(9) develop and implement a systematic procedure for transitioning children and parents from an Early Head Start program to a Head Start program or another local program of early childhood education and care;

''(10) establish channels of communication between staff of Early Head Start programs and staff of Head Start programs or other local providers of early childhood education and care, to facilitate the coordination of programs;''; and

(G) in paragraph (12), as redesignated by subparagraph (B)—

(i) by striking ''and providers'' and inserting '', providers''; and

(ii) by inserting '', and the agencies responsible for administering section 106 of the Child Abuse Prevention and Treatment Act (42 U.S.C. 5106a) and parts B and E of title IV of the Social Security Act (42 U.S.C. 621 et seq. and 670 et seq.)'' after ''(20 U.S.C. 1400 et seq.)'';

(3) in subsection (d)—

(A) in paragraph (1), by inserting '', including tribal governments and entities operating migrant and seasonal Head Start programs'' after ''subchapter''; and

(B) in paragraph (2), by inserting '', including community-based organizations'' after ''private entities'';

(4) in subsection (g)(2)—

(A) in subparagraph (A), by adding at the end the following: ''In determining the amount so reserved, the Secretary shall consider the number of Early Head Start programs newly funded for that fiscal year.''; and

(B) in subparagraph (B)—

(i) in clause (ii), by inserting '', including supporting infant and toddler specialists to assist such staff and improve the programs carried out under this section'' after ''section''; and

(ii) by striking clause (iv) and inserting the following:

''(iv) providing professional development and personnel enhancement activities, including the provision of funds to recipients of grants under subsection (a), relating to—

''(I) effective methods of conducting parent education, home visiting, and promoting quality early childhood development;

''(II) recruiting and retaining qualified staff; and

''(III) increasing program participation for underserved populations of eligible children.''; and

(5) by adding at the end the following:

''(h) STAFF QUALIFICATIONS AND DEVELOPMENT.—

''(1) CENTER-BASED STAFF.—The Secretary shall establish staff qualification goals to ensure that, not later than September 30, 2012, all teachers providing direct services to Early Head Start children and families in Early Head Start centers have a minimum of a child development associate credential or an associate degree, and have been trained (or have equivalent course work) in early childhood development with a focus on infant and toddler development.

''(2) HOME VISITOR STAFF.—

''(A) STANDARDS.—In order to further enhance the quality of home visiting services provided to families of children participating in home-based, center-based, or combination program options under this subchapter, the Secretary shall establish standards for training, qualifications, and the conduct of home visits for home visitor staff in Early Head Start programs.

''(B) CONTENTS.—The standards for training, qualifications, and the conduct of home visits shall include content related to—

''(i) structured child-focused home visiting that promotes parents' ability to support the child's cognitive, social, emotional, and physical development;

''(ii) effective strengths-based parent education, including methods to encourage parents as their child's first teachers;

''(iii) early childhood development with respect to children from birth through age 3;

''(iv) methods to help parents promote emergent literacy in their children from birth through age 3, including use of research-based strategies to support the development of literacy and language skills for children who are limited English proficient;

''(v) health, vision, hearing, and developmental screenings;

''(vi) strategies for helping families coping with crisis; and

''(vii) the relationship of health and well-being of pregnant women to prenatal and early child development.''.

SEC. 16. APPEALS, NOTICE, AND HEARING AND RECORDS AND FINANCIAL AUDITS.

(a) APPEALS, NOTICE, AND HEARING.—Section 646(a) of the Head Start Act (42 U.S.C. 9841(a)) is amended by striking paragraphs (3) and (4) and inserting the following:

''(3) financial assistance under this subchapter may be terminated or reduced, and an application for refunding may be denied, after the recipient has been afforded reasonable notice and opportunity for a full and fair hearing, including—

''(A) a right to file a notice of appeal of a decision not later than 30 days after notice of the decision from the Secretary; and

''(B) access to a full and fair hearing of the appeal, not later than 120 days after receipt by the Secretary of the notice of appeal;

''(4) the Secretary shall develop and publish procedures (including mediation procedures) to be used in order to—

''(A) resolve in a timely manner conflicts potentially leading to an adverse action between—

''(i) recipients of financial assistance under this subchapter; and

''(ii) delegate agencies, or policy councils of Head Start agencies;

''(B) avoid the need for an administrative hearing on an adverse action; and

''(C) prohibit a Head Start agency from expending financial assistance awarded under this subchapter for the purpose of paying legal fees pursuant to an appeal under paragraph (3), except that such fees shall be reimbursed by the Secretary if the agency prevails in such decision; and

''(5) the Secretary may suspend funds to a grantee under this subchapter—

''(A) except as provided in subparagraph (B), for not more than 30 days; or

''(B) in the case of a grantee under this subchapter that has multiple and recurring deficiencies for 180 days or more and has not made substantial and significant progress toward meeting the goals of the grantee's quality improvement plan or eliminating all deficiencies identified by the Secretary, during the hearing of an appeal described in paragraph (3), for any amount of time, including permanently.''.

(b) RECORDS AND FINANCIAL AUDITS.—

(1) HEADING.—Section 647 of the Head Start Act (42 U.S.C. 9842) is amended by striking the section heading and inserting the following: ''RECORDS AND FINANCIAL AUDITS''.

(2) RECIPIENTS.—Section 647(a) of the Head Start Act (42 U.S.C. 9842(a)) is amended by striking ''Each recipient of'' and inserting ''Each Head Start center, including each Early Head Start center, receiving''.

(3) FINANCIAL AUDITS.—Subsections (a) and (b) of section 647 of the Head Start Act (42 U.S.C. 9842) are amended by striking ''audit'' and inserting ''financial audit''.

(4) ACCOUNTING.—Section 647 of the Head Start Act (42 U.S.C. 9842) is amended by adding at the end the following:

''(c) Each Head Start center, including each Early Head Start center, receiving financial assistance under this subchapter shall maintain, and annually submit to the Secretary, a complete accounting of its administrative expenses, including expenses for salaries and compensation funded under this subchapter and provide such additional documentation as the Secretary may require.''.

SEC. 17. TECHNICAL ASSISTANCE AND TRAINING.

Section 648 of the Head Start Act (42 U.S.C. 9843) is amended—

(1) in subsection (a)(2), by striking ''(b) and (c)'' and inserting ''(b), (c), and (d)'';

(2) by redesignating subsections (b) through (e) as subsections (c) through (f), respectively;

(3) by inserting after subsection (a) the following:

''(b) The Secretary shall make available funds set aside in section 640(a)(2)(C)(ii) to support a State system of training and technical assistance (which may include such a system for a consortium of States within a region) that improves the capacity of Head Start programs to deliver services in accordance with the standards described in section 641A(a)(1), with particular attention to the standards described in subparagraphs (A) and (B) of such section. The Secretary shall—

''(1) ensure that agencies with demonstrated expertise in providing high-quality training and technical assistance to improve the delivery of Head Start services, including the State Head Start Associations, State agencies, Indian Head Start agencies, migrant and seasonal Head Start agencies, and other entities providing training and technical assistance in early childhood education and care, for the State (including such a consortium of States within a region), are included in the planning and coordination of the system; and

''(2) encourage States (including such consortia) to supplement the funds authorized in section 640(a)(2)(C)(ii) with Federal, State, or local funds other than funds made available under this subchapter, to expand training and technical assistance activities beyond Head Start agencies to include other providers of other early childhood education and care within a State (including such a consortium).'';

(4) in paragraph (3) of subsection (c), as redesignated by paragraph (2), by striking ''child care and early childhood programs'' and inserting ''early childhood education and care programs'';

(5) in subsection (d), as redesignated by paragraph (2)—

(A) in paragraph (1)(B)(ii), by striking ''educational performance measures'' and inserting ''measures'';

(B) in paragraph (2), by inserting ''and for activities described in section 1222(d) of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6372(d))'' after ''children with disabilities'';

(C) in paragraph (3), by striking ''early childhood professional development systems'' and inserting ''professional development systems regarding early childhood education and care'';

(D) in paragraph (5), by inserting '', including assessing the needs of homeless children and their families'' after ''needs assessment'';

(E) by striking paragraph (7) and inserting the following:

''(7) assist Head Start agencies in better serving the needs of families with very young children, including providing support and program planning and implementation assistance for Head Start agencies that apply to serve or are serving additional infants and toddlers with funds previously used for 3- and 4-year-olds in accordance with section 645(a)(5);'';

(F) in paragraph (10), by striking ''; and'' and inserting a semicolon;

(G) in paragraph (11), by striking the period and inserting a semicolon; and

(H) by adding at the end the following:

''(12) assist Head Start agencies in increasing the program participation of homeless children;

''(13) provide training and technical assistance to members of governing bodies, policy councils, and, as appropriate, policy committees, to ensure that the members can fulfill their functions;

''(14) provide training and technical assistance to Head Start agencies to assist such agencies in conducting self-assessments;

''(15) assist Head Start agencies in improving outreach to, and the quality of services available to, families of limited English proficient children, including such services to help such families learn English, particularly in communities that have experienced a large percentage increase in the population of such families;

''(16) assist Head Start agencies and improve programs to increase the capacity of classroom staff to meet the needs of children with disabilities in Head Start classrooms;

''(17) provide activities that help ensure that Head Start programs have qualified staff who can promote prevention of childhood obesity by integrating into the programs developmentally appropriate research-based initiatives that stress the importance of physical activity and nutrition choices made by children and family, through daily classroom and family routines; and

''(18) assist Indian Head Start agencies to provide on-site and off-site training to staff, using approaches that identify and enhance the positive resources and strengths of Indian children and families, to improve parent and family engagement and staff development, particularly with regard to child and family development.'';

(6) in subsection (e), as redesignated by paragraph (2), by inserting ''including community-based organizations,'' after ''nonprofit entities,'';

(7) in subsection (f), as redesignated by paragraph (2)—

(A) by striking ''early childhood development and child care programs'' and inserting ''early childhood education and care programs''; and

(B) by inserting ''or providing services to children determined to be abused or neglected, training for personnel providing services to children referred by entities providing child welfare services or receiving child welfare services,'' after ''English language)''; and

(8) by adding at the end the following:

''(g) The Secretary shall provide, either directly or through grants or other arrangements, funds for training of Head Start personnel in addressing the unique needs of children with disabilities and their families, migrant and seasonal farmworker families, families of children with limited English proficiency, and homeless families.

''(h) Funds used under this section shall be used to provide high quality, sustained, and intensive, training and technical assistance in order to have a positive and lasting impact on classroom instruction. Funds shall be used to carry out activities related to 1 or more of the following:

''(1) Education and early childhood development.

''(2) Child health, nutrition, and safety.

''(3) Family and community partnerships.

''(4) Other areas that impact the quality or overall effectiveness of Head Start programs.

''(i) Funds used under this section for training shall be used for needs identified annually by a grant applicant (including any delegate agency) in its program improvement plan, except that funds shall not be used for long-distance travel expenses for training activities—

''(1) available locally or regionally; or

''(2) substantially similar to locally or regionally available training activities.

''(j)(1) To support local efforts to enhance early language and preliteracy development of children in Head Start programs, and to provide the children with high-quality oral language skills, and environments that are rich in literature, in which to acquire language and preliteracy skills, each Head Start agency, in coordination with the appropriate State office and the relevant State Head Start collaboration office, shall ensure that all of the agency's Head Start teachers receive ongoing training in language and emergent literacy (referred to in this subsection as 'literacy training'), including appropriate curricula and assessments to improve instruction and learning. Such training shall include training in methods to promote phonological awareness (including phonemic awareness) and vocabulary development in an age-appropriate and culturally and linguistically appropriate manner.

''(2) The literacy training shall be provided at the local level in order—

''(A) to be provided, to the extent feasible, in the context of the Head Start programs of the State involved and the children the program involved serves; and

''(B) to be tailored to the early childhood literacy background and experience of the teachers involved.

''(3) The literacy training shall be culturally and linguistically appropriate and support children's development in their home language.

''(4) The literacy training shall include training in how to work with parents to enhance positive language and early literacy development at home.

''(5) The literacy training shall include specific methods to best address the needs of children who are limited English proficient.

''(6) The literacy training shall include training on how to best address the language and literacy needs of children with disabilities, including training on how to work with specialists in language development.''.

SEC. 18. STAFF QUALIFICATION AND DEVELOPMENT.

Section 648A of the Head Start Act (42 U.S.C. 9843a) is amended—

(1) in subsection (a)—

(A) by striking paragraph (2) and inserting the following:

''(2) DEGREE REQUIREMENTS.—

''(A) IN GENERAL.—The Secretary shall establish staff qualification goals to ensure that—

''(i) not later than September 30, 2012, all Head Start teachers nationwide in center-based programs have at least—

''(I)(aa) an associate degree (or equivalent coursework) relating to early childhood; or

''(bb) an associate degree in a related educational area and, to the extent practicable, coursework relating to early childhood; and

''(II) demonstrated teaching competencies, as determined by the program director involved (including, at a minimum, an appropriate level of literacy, a demonstrated capacity to be highly engaged with children,

and a demonstrated ability to effectively implement an early childhood curriculum);

''(ii) not later than September 30, 2010, all Head Start curriculum specialists and education coordinators nationwide in center-based programs have—

''(I) the capacity to offer assistance to other teachers in the implementation and adaptation of curricula to the group and individual needs of a class; and

''(II)(aa) a baccalaureate or advanced degree relating to early childhood; or

''(bb) a baccalaureate or advanced degree and coursework equivalent to a major relating to early childhood;

''(iii) not later than September 30, 2010, all Head Start teaching assistants nationwide in center-based programs have—

''(I) at least a child development associate credential;

''(II) enrolled in a program leading to an associate or baccalaureate degree; or

''(III) enrolled in a child development associate credential program to be completed within 2 years; and

''(iv) not later than September 30, 2013, 50 percent of all Head Start teachers in center-based programs in each State (and geographic region for Indian Head Start programs and for migrant and seasonal Head Start programs) have a baccalaureate degree relating to early childhood (or a related educational area), and demonstrated teaching competencies, as determined by the program director involved (including, at a minimum, an appropriate level of literacy, a demonstrated capacity to be highly engaged with children, and a demonstrated ability to effectively implement an early childhood curriculum).

''(B) TEACHER IN-SERVICE REQUIREMENT.—Each Head Start teacher shall attend not less than 15 clock hours of professional development per year. Such professional development shall be high quality, sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction and the teacher's performance in the classroom, and regularly evaluated for effectiveness.

''(C) PROGRESS.—

''(i) REPORT.—The Secretary shall—

''(I) require Head Start agencies to—

''(aa) describe continuing progress each year toward achieving the goals described in subparagraph (A);

''(bb) submit to the Secretary a report indicating the number and percentage of classroom instructors in center-based programs with child development associate credentials or associate, baccalaureate, or advanced degrees; and

''(II) compile and submit a summary of all program reports described in subclause (I)(bb) to the Committee on Education and Labor of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate.

''(ii) DEMONSTRATE PROGRESS.—A Head Start agency may demonstrate that progress by partnering with institutions of higher education or other programs that recruit, train, place, and support college students to deliver an innovative program of early childhood education and care to preschool children.

''(D) SERVICE REQUIREMENTS.—The Secretary shall establish requirements to ensure that, in order to enable Head Start agencies to comply with the requirements of subparagraph (A), individuals who receive financial assistance under this subchapter to pursue a degree or credential described in subparagraph (A) shall—

''(i) teach or work in a Head Start program for a minimum of 3 years after receiving the degree; or

''(ii) repay the total or a prorated amount of the financial assistance received based on the length of service completed after receiving the degree.''; and

(B) in paragraph (3), by striking ''(i) or (ii)'' and inserting ''(i) or (iv)'';

(2) in subsection (c)—

(A) in paragraph (2), by striking ''and'' at the end;

(B) in paragraph (3), by striking the period and inserting ''; and''; and

(C) by adding at the end the following:

''(4) promote the use of appropriate strategies to meet the needs of special populations (including populations of limited English proficient children).'';

(3) in subsection (d)(3)(C) by inserting '', including a center,'' after ''any agency''; and

(4) by adding at the end the following:

''(f) PROFESSIONAL DEVELOPMENT PLANS.—Every Head Start agency and center shall create, in consultation with employees of the agency or center (including family service workers), a professional development plan for employees who provide direct services to children, including a plan for classroom teachers, curriculum specialists, and education coordinators, and teaching assistants to meet the requirements set forth in subsection (a).

''(g) CONSTRUCTION.—In this section, a reference to a Head Start agency, or its program, services, facility or personnel, shall not be considered to be a reference to an Early Head Start agency, or its program, services, facility or personnel. For purposes of this section, a teacher who is providing services, in a migrant or seasonal Head Start program, in a classroom for children under age 3, shall be considered to be a teacher in an Early Head Start program, as described in section 645A.''.

SEC. 19. TRIBAL COLLEGES AND UNIVERSITIES HEAD START PARTNERSHIP.

The Head Start Act (42 U.S.C. 9831 et seq.) is amended by inserting after section 648A the following:

''SEC. 648B. TRIBAL COLLEGE OR UNIVERSITY HEAD START PARTNERSHIP PROGRAM.

''(a) PURPOSE.—The purpose of this section is to promote social competencies and school readiness in Indian children.

''(b) TRIBAL COLLEGE OR UNIVERSITY HEAD START PARTNERSHIP PROGRAM.—

''(1) GRANTS.—The Secretary is authorized to award grants, for periods of not less than 5 years, to Tribal Colleges and Universities to—

''(A) implement education programs that include education concerning tribal culture and language and increase the number of associate, baccalaureate, and advanced degrees in early childhood education and related fields that are earned by Indian Head Start agency staff members, parents of children served by such an agency, and members of the tribal community involved;

''(B) develop and implement the programs under subparagraph (A) in technology-mediated formats, including providing the programs through such means as distance learning and use of advanced technology, as appropriate; and

''(C) provide technology literacy programs for Indian Head Start agency staff members and children and families of children served by such an agency.

''(2) STAFFING.—The Secretary shall ensure that the American Indian Programs Branch of the Head Start Bureau of the Department of Health and Human Services shall have staffing sufficient to administer the programs under this section and to provide appropriate technical assistance to Tribal Colleges and Universities receiving grants under this section.

''(c) APPLICATION.—Each Tribal College or University desiring a grant under this section shall submit an application to the Secretary, at such time, in such manner, and containing such information as the Secretary may require, including a certification that the Tribal College or University has established a partnership with 1 or more Indian Head Start agencies for the purpose of conducting the activities described in subsection (b).

''(d) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section, $10,000,000 for fiscal year 2008 and such sums as may be necessary for each of fiscal years 2009 through 2012.

''(e) DEFINITIONS.—In this section:

''(1) INSTITUTION OF HIGHER EDUCATION.—The term 'institution of higher education' has the meaning given such term in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).

''(2) TRIBAL COLLEGE OR UNIVERSITY.—The term 'Tribal College or University'—

''(A) has the meaning given such term in section 316 of the Higher Education Act of 1965 (20 U.S.C. 1059c); and

''(B) means an institution determined to be accredited or a candidate for accreditation by a nationally recognized accrediting agency or association.''.

SEC. 20. RESEARCH, DEMONSTRATIONS, AND EVALUATION.

Section 649 of the Head Start Act (42 U.S.C. 9844) is amended—

(1) in subsection (a)(1)(B), by inserting '', children determined to be abused or neglected, homeless children, and children in foster care'' after ''children with disabilities'';

(2) in subsection (d)—

(A) by redesignating paragraphs (5), (6), (7), (8), (9), and (10), as paragraphs (6), (8), (9), (10), (11), and (12);

(B) by inserting after paragraph (4) the following:

''(5)(A) identify successful strategies that promote good oral health and provide effective linkages to quality dental services through pediatric dental referral networks, for infants and toddlers participating in Early Head Start programs and children participating in other Head Start programs; and

''(B) identify successful strategies that promote good vision health through vision screenings for such infants, toddlers, and children, and referrals for appropriate followup care for those identified as having a vision problem;'';

(C) in paragraph (6), as redesignated by subparagraph (A), by striking ''child care, early childhood education, or child development services'' and inserting ''early childhood education and care services'';

(D) by inserting after that paragraph (6) the following:

''(7)(A) contribute to understanding the impact of services related to children with disabilities, delivered in Head Start classrooms, on both children with disabilities and typically-developing children; and

''(B) disseminate promising practices for increasing the availability and quality of such services;'';

(E) in paragraph (10), as redesignated by subparagraph (A), by adding ''and'' after the semicolon;

(F) by striking paragraph (11), as redesignated by subparagraph (A);

(G) by redesignating paragraph (12), as redesignated by subparagraph (A), as paragraph (11); and

(H) by striking the last sentence;

(3) in subsection (e)(3), by striking ''child care, early childhood education, or child development services'' and inserting ''early childhood education and care services'';

(4) in subsection (g)—

(A) in paragraph (1)(A)—

(i) in the matter preceding clause (i), by striking ''education, and early childhood programs'' and inserting ''and early childhood education and care programs'';

(ii) by striking clause (i); and

(iii) by redesignating clauses (ii) and (iii) as clauses (i) and (ii), respectively;

(B) in paragraph (2), by striking '', and research, education, and early childhood programs'' and inserting ''and research, and early childhood education and care programs'';

(C) in paragraph (5)(D)—

(i) in clause (i), by striking ''early childhood programs'' and inserting ''early childhood education and care programs''; and

(ii) in clause (ii), by striking ''early childhood program'' and inserting ''early childhood education and care program''; and

(D) in paragraph (7)(C)—

(i) in clause (i), by striking ''2003'' and inserting ''2008''; and

(ii) in clause (ii)—

(I) by striking ''Education and the Workforce'' and inserting ''Education and Labor''; and

(II) by striking ''Labor and Human Resources'' and inserting ''Health, Education, Labor, and Pensions''; and

(5) by striking subsection (h) and inserting the following:

''(h) REVIEW OF ASSESSMENTS.—

''(1) APPLICATION OF STUDY.—When the study on Developmental Outcomes and Assessments for Young Children by the National Academy of Sciences is made available to the Secretary, the Secretary shall—

''(A) incorporate the results of the study, as appropriate and in accordance with paragraphs (2) and (3), into each assessment used in the Head Start programs; and

''(B) use the results of the study to develop, inform, and revise the standards and measures described in section 641A.

''(2) DEVELOPMENT AND REFINEMENT.—In developing and refining any assessment used in the Head Start programs, the Secretary shall—

''(A) receive recommendations from the Panel on Developmental Outcomes and Assessments for Young Children of the National Academy of Sciences; and

''(B) with respect to the development or refinement of such assessment, ensure—

''(i) consistency with relevant, nationally recognized professional and technical standards;

''(ii) validity and reliability for all purposes for which assessments under this subchapter are designed and used;

''(iii) developmental and linguistic appropriateness of such assessments for children assessed, including children who are limited English proficient; and

''(iv) that the results can be used to improve the quality of, accountability of, and training and technical assistance in, Head Start programs.

''(3) ADDITIONAL REQUIREMENTS.—The Secretary, in carrying out the process described under paragraph (2), shall ensure that—

''(A) staff administering any assessments under this subchapter have received appropriate training to administer such assessments;

''(B) appropriate accommodations for children with disabilities and children who are limited English proficient are made;

''(C) the English and Spanish (and any other language, as appropriate) forms of such assessments are valid and reliable; and

''(D) such assessments are not used to exclude children from Head Start programs.

''(4) SUSPENDED IMPLEMENTATION OF NATIONAL REPORTING SYSTEM.—The Secretary shall—

''(A) suspend implementation and terminate further development and use of the National Reporting System; and

''(B) incorporate, as appropriate, recommendations under paragraph (2)(A) into any assessment used in the Head Start programs.

''(i) SPECIAL RULE.—The use of assessment items and data on any assessment authorized under this subchapter by any agent of the Federal Government to rank or compare individual children or teachers, or to provide rewards or sanctions for individual children or teachers is prohibited. The Secretary shall not use the results of a single assessment as the sole method for assessing program effectiveness or making grantee funding determinations at the national, regional, or local level under this subchapter.

''(j) SERVICES TO LIMITED ENGLISH PROFICIENT CHILDREN AND FAMILIES.—

''(1) STUDY.—The Secretary shall conduct a study on the status of limited English proficient children and their families in Head Start (including Early Head Start) programs.

''(2) REPORT.—The Secretary shall prepare and submit to Congress, not later than September 2011, a report containing the results of the study, including information on—

''(A) the demographics of limited English proficient children from birth through age 5, including the number of such children receiving Head Start (including Early Head Start) services and the geographic distribution of children described in this subparagraph;

''(B) the nature of Head Start (including Early Head Start) services provided to limited English proficient children and their families, including the types, content, duration, intensity, and costs of family services, language assistance, and educational services;

''(C) procedures in Head Start programs for the assessment of language needs and the transition of limited English proficient children to kindergarten, including the extent to which Head Start programs meet the requirements of section 642A for limited English proficient children;

''(D) the qualifications of and training provided to Head Start (including Early Head Start) teachers serving limited English proficient children and their families;

''(E) the rate of progress made by limited English proficient children and their families in Head Start (including Early Head Start) programs, including—

''(i) the rate of progress of the limited English proficient children toward meeting the additional educational standards described in section 641A(a)(1)(B)(ii) while enrolled in Head Start programs, measured between 1990 and 2006;

''(ii) the correlation between the progress described in this subparagraph and the type of instruction and educational program provided to the limited English proficient children; and

''(iii) the correlation between the progress described in this subparagraph and the health and family services provided by Head Start programs to limited English proficient children and their families; and

''(F) the extent to which Head Start programs make use of funds under section 640(a)(3) to improve the quality of Head Start services provided to limited English proficient children and their families.

''(k) RESEARCH AND EVALUATION ACTIVITIES RELEVANT TO DIVERSE COMMUNITIES.—For purposes of conducting the study in described in subsection (j), activities described in section 640(l)(5)(A), and other research and evaluation activities relevant to limited English proficient children and their families, migrant and seasonal farmworker families, and other families from diverse populations served by Head Start programs, the Secretary shall award, on a competitive basis, funds from amounts made available under section 639(b) to 1 or more organizations with a demonstrated capacity for serving and studying the populations involved.''.

SEC. 21. REPORTS.

Section 650 of the Head Start Act (42 U.S.C. 9846) is amended—

(1) in subsection (a)—

(A) in the matter preceding paragraph (1)—

(i) by striking ''Education and the Workforce'' and inserting ''Education and Labor'';

(ii) by striking ''Labor and Human Resources'' and inserting ''Health, Education, Labor, and Pensions''; and

(iii) by striking ''(including disabled and non-English language background children)'' and inserting ''(including children with disabilities, limited English proficient children, and children participating in Indian Head Start programs and migrant and seasonal Head Start programs)'';

(B) in paragraph (8), by inserting ''homelessness, children in foster care,'' after ''ethnic background,'';

(C) in paragraph (12), by inserting ''vision care,'' after ''dental care,'';

(D) in paragraph (14)—

(i) by striking ''Alaskan Natives'' and inserting ''Alaska Natives''; and

(ii) by striking ''migrant and'' and inserting ''migrant or''; and

(E) in the flush matter at the end—

(i) by striking ''Education and the Workforce'' and inserting ''Education and Labor''; and

(ii) by striking ''Labor and Human Resources'' and inserting ''Health, Education, Labor, and Pensions''; and

(2) in subsection (b)—

(A) by striking ''Education and the Workforce'' and inserting ''Education and Labor'';

(B) by striking ''Labor and Human Resources'' and inserting ''Health, Education, Labor, and Pensions''; and

(C) by striking ''Native Alaskan'' and inserting ''Alaska Native''.

SEC. 22. COMPARABILITY OF WAGES.

Section 653 of the Head Start Act (42 U.S.C. 9848) is amended—

(1) by striking ''The Secretary shall take'' and inserting ''(a) The Secretary shall take''; and

(2) by adding at the end the following:

''(b) No Federal funds shall be used to pay the compensation of an individual employed by a Head Start agency in carrying out programs under this subchapter, either as direct or indirect costs or any proration of such costs, in an amount in excess of an amount based on the rate payable for level II of the Executive Schedule under section 5313 of title 5, United States Code.''.

SEC. 23. LIMITATION WITH RESPECT TO CERTAIN UNLAWFUL ACTIVITIES.

Section 655 of the Head Start Act (42 U.S.C. 9850) is amended by inserting ''or in'' after ''assigned by''.

SEC. 24. POLITICAL ACTIVITIES.

Section 656 of the Head Start Act (42 U.S.C. 9851) is amended—

(1) by striking all that precedes ''chapter 15'' and inserting the following:

''SEC. 656. POLITICAL ACTIVITIES.

''(a) STATE OR LOCAL AGENCY.—For purposes of''; and

(2) by striking subsection (b) and inserting the following:

''(b) RESTRICTIONS.—

''(1) IN GENERAL.—A program assisted under this subchapter, and any individual employed by, or assigned to or in, a program assisted under this subchapter (during the hours in which such individual is working on behalf of such program), shall not engage in—

''(A) any partisan or nonpartisan political activity or any other political activity associated with a candidate, or contending faction or group, in an election for public or party office; or

''(B) any activity to provide voters or prospective voters with transportation to the polls or similar assistance in connection with any such election.

''(2) RULES AND REGULATIONS.—The Secretary, after consultation with the Director of the Office of Personnel Management, may issue rules and regulations to provide for the enforcement of this section, which may include provisions for summary suspension of assistance or other action necessary to permit enforcement on an emergency basis.''.

SEC. 25. PARENTAL CONSENT REQUIREMENT FOR HEALTH SERVICES.

The Head Start Act (42 U.S.C. 9831 et seq.) is amended by adding at the end the following new section:

''SEC. 657A. PARENTAL CONSENT REQUIREMENT FOR NONEMERGENCY INTRUSIVE PHYSICAL EXAMINATIONS.

''(a) DEFINITION.—The term 'nonemergency intrusive physical examination' means, with respect to a child, a physical examination that—

''(1) is not immediately necessary to protect the health or safety of the child involved or the health or safety of another individual; and

''(2) requires incision or is otherwise invasive, or involves exposure of private body parts.

''(b) REQUIREMENT.—A Head Start agency shall obtain written parental consent before administration of any nonemergency intrusive physical examination of a child in connection with participation in a program under this subchapter.

''(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to prohibit agencies from using established methods, for handling cases of suspected or known child abuse and neglect, that are in compliance with applicable Federal, State, or tribal law.''.

SEC. 26. CONFORMING AMENDMENT.

Section 2501(c)(1)(C) of the Children's Health Act of 2000 (42 U.S.C. 247b–1 note) is amended by striking ''9840a(h)'' and inserting ''9840a''.

SEC. 27. COMPLIANCE WITH THE IMPROPER PAYMENTS INFORMATION ACT OF 2002.

(a) DEFINITIONS.—In this section, the term—

(1) ''appropriate committees'' means—

(A) the Committee on Health, Education, Labor, and Pensions of the Senate; and

(B) the Committee on Education and Labor of the House of Representatives; and

(2) ''improper payment'' has the meaning given that term under section 2(d)(2) of the Improper Payments Information Act of 2002 (31 U.S.C. 3321 note).

(b) REQUIREMENT FOR COMPLIANCE CERTIFICATION AND REPORT.—The Secretary of Health and Human Services shall submit a report to the appropriate committees that—

(1) contains a certification that the Department of Health and Human Services has, for each program and activity of the Administration for Children and Families, performed and completed a risk assessment to determine programs and activities that are at significant risk of making improper payments; and

(2) describes the actions to be taken to reduce improper payments for the programs and activities determined to be at significant risk of making improper payments.

SA 1715. Mr. CRAIG submitted an amendment intended to be proposed to amendment SA 1502 proposed by Mr. REID to the bill H.R. 6, to reduce our Nation's dependency on foreign oil by investing in clean, renewable, and alternative energy resources, promoting new emerging energy technologies, developing greater efficiency, and creating a Strategic Energy Efficiency and Renewables Reserve to invest in alternative energy, and for other purposes; which was ordered to lie on the table; as follows:

On page 221, line 21, strike ''and''.

On page 221, between lines 21 and 22, insert the following:

(iv) wood products that are certified under all nationally recognized sustainable forest certification programs, as determined by the Director, that are carried out by a third party; and

On page 221, line 22, strike ''(iv)'' and insert ''(v)''.

NOTICE OF HEARING

COMMITTEE ON ENERGY AND NATURAL RESOURCES

Mr. BINGAMAN. Mr. President, I would like to announce for the information of the Senate and the public that a hearing has been scheduled before the Committee on Energy and Natural Resources. The hearing will be held on June 27, 2007, at 2:30 p.m. in Room 366 of the Dirksen Senate Office Building in Washington, DC.

The purpose of the hearing is to receive testimony on S. 1171, a bill to amend the Colorado River Storage Project Act and Public Law 87–483; to authorize the construction and rehabilitation of water infrastructure in northwestern New Mexico; to authorize the use of the reclamation fund to fund the Reclamation Water Settlements Fund; to authorize the conveyance of certain reclamation land and infrastructure; to authorize the Commissioner of Reclamation to provide for the delivery of water; and to resolve the Navajo Nation's water rights claims in the San Juan River basin in New Mexico.

Because of the limited time available for the hearing, witnesses may testify by invitation only. However, those wishing to submit written testimony for the hearing record should send it to the Committee on Energy and Natural Resources, U.S. Senate, Washington, DC 20510–6150, or by email to *Gina__Weinstock@energy.senate.gov*.

For further information, please contact Michael Connor at (202) 224–5479 or Gina Weinstock at (202) 224–5684.

AUTHORITY FOR COMMITTEES TO MEET

COMMITTEE ON ARMED SERVICES

Mr. BROWN. Mr. President, I ask unanimous consent that the Committee on Armed Services be authorized to meet during the session of the Senate on Tuesday, June 19, 2007, at 9:30 a.m., in open session to consider the nomination of the honorable Preston M. Geren, to be Secretary of the Army.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON FINANCE

Mr. BROWN. Mr. President, I ask unanimous consent that the Committee on Finance be authorized to meet during the session of the Senate on Tuesday, June 19, 2007, at 10 a.m., in 215 Dirksen Senate Office Building, to consider an original bill entitled the ''Energy Advancement and Investment Act of 2007.''

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON FOREIGN RELATIONS

Mr. BROWN. Mr. President, I ask unanimous consent that the Committee on Foreign Relations be authorized to meet during the session of the Senate on Tuesday, June 19, 2007, at 10 a.m. to hold a nomination hearing.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON FOREIGN RELATIONS

Mr. BROWN. Mr. President, I ask unanimous consent that the Committee on Foreign Relations be authorized to meet during the session of the Senate on Tuesday, June 19, 2007, at 2:30 p.m. to hold a hearing on the Western Hemisphere Travel Initiative.

The PRESIDING OFFICER. Without objection, it is so ordered.

COMMITTEE ON HOMELAND SECURITY AND GOVERNMENTAL AFFAIRS

Mr. BROWN. Mr. President, I ask unanimous consent that the Committee on Homeland Security and Governmental Affairs be authorized to meet during the session of the Senate, on Tuesday, June 19, 2007, at 9:30 a.m. in order to conduct a hearing entitled: ''The Juvenile Diabetes Research Foundation and the Federal Government: A Model Public-Private Partnership Accelerating Research Toward a Cure.''

The PRESIDING OFFICER. Without objection, it is so ordered.

SELECT COMMITTEE ON INTELLIGENCE

Mr. BROWN. Mr. President, I ask unanimous consent that the Select Committee on Intelligence be authorized to meet during the session of the

Senate on June 19, 2007 at 2:30 p.m. to hold an open hearing.

The PRESIDING OFFICER. Without objection, it is so ordered.

PRIVILEGES OF THE FLOOR

Mrs. MURRAY. Mr. President, I ask unanimous consent that Crystal Bridgeman, a fellow on my staff, be granted floor privileges for the remainder of this session.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. BINGAMAN. Mr. President, I ask unanimous consent that Jodie Sweitzer, an intern with my staff on the Energy and Natural Resources Committee, be granted the privileges of the floor during the remainder of debate on the energy bill.

The PRESIDING OFFICER. Without objection, it is so ordered.

IMPROVING HEAD START ACT OF 2007

Mr. SCHUMER. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration of Calendar No. 137, H.R. 1429, the Head Start authorization bill.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (H.R. 1429) to reauthorize the Head Start Act, to improve program quality, to expand access, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. KENNEDY. Mr. President, I welcome the Senate's action on this important legislation, the Head Start for School Readiness Act.

I commend Senator ENZI, Senator DODD, and Senator ALEXANDER for their bipartisan cooperation on this legislation, and I thank all the Senators on the HELP Committee for their contributions to improving Head Start to meet today's challenges. We began this process four years ago. Today, our bipartisan efforts have resulted in the strengthening of a 42 year old program that has been a lifeline of support for millions of low-income children preparing for school and for life.

Since the War on Poverty, Head Start has delivered the assistance needed to enable disadvantaged children to arrive at school, ready to learn. Its comprehensive services provide balanced meals for children, support visits to the doctor and dentist, and teach young children important learning and social skills. It helps families with the greatest needs get on their feet, and encourages parents to participate actively in their child's early development.

Years of evaluation have demonstrated that Head Start works. A Federal survey found that Head Start children make both academic and social gains under the program, and that these gains continue when children enter kindergarten. Once Head Start children complete their kindergarten year, they are near the national average of 100 in key areas, with scores of 93 in vocabulary, 96 in early writing, and 92 in early math.

Over the years, we've also learned more about how Head Start can be improved. This reauthorization applies that knowledge to make modifications in the program, and it will enable Head Start to be even more effective in the years ahead.

In this legislation, we expand Head Start to include thousands of low-income children who are not yet served by the program. We provide for better coordination of Head Start with State programs for low-income children. We strengthen Head Start's focus on critical early learning skills and school readiness. We enhance the educational goals for Head Start teachers. We preserve the community-based structure of the program to ensure that the needs of local neighborhoods and their children are the top priority. We also provide greater accountability for the program, including new policies to provide improved monitoring visits and guarantee that programs with deficiencies receive needed attention and support.

To strengthen Head Start, we must begin by providing more resources for it. Child poverty is on the rise again and the need for Head Start is greater than ever. Today, less than 50 percent of children eligible for Head Start participate in the program. Hundreds of thousands of 3- and 4-year-olds are left out because of inadequate funding. Early Head Start serves only 3 percent of eligible infants and toddlers. It is shameful that 97 percent of the children eligible for Early Head Start have no access to it. This legislation expands access to Head Start to serve as many infants, toddlers, and preschool children and their families as possible.

The bill establishes goals to increase funding and expand the program to provide nearly $8 billion worth of services by 2010. These funding levels are essential to carry out the essential reforms in the legislation and to serve thousands of additional children and families.

In 1994, we enacted Early Head Start to benefit infants, toddlers, and their families. It has worked ever since. Early Head Start children have larger vocabularies, lower levels of aggressive behavior, and higher levels of sustained attention than children not enrolled in the program. Early Head Start parents are more likely to play with their children and read to them. These activities increase a child's desire to learn and strengthen a family's commitment to education. Our bill doubles the size of Early Head Start over the course of the authorization, and includes a commitment to serve 56,000 additional children.

The bill also establishes a Head Start Collaboration Office in every State to improve support for Head Start children, to align Head Start with kindergarten classrooms, and to strengthen its local partnerships with other agencies. These offices will work hand in hand with the Head Start network of training and technical assistance to support grantees in meeting the goals of preparing children for school.

I'm especially pleased that the bill provides the blueprint needed to upgrade and strengthen other early childhood education programs and services in the states. The bill provides an active role for states in coordinating early childhood education and development programs, and designates an Early Care and Education Council in each state to undertake the activities essential to developing a comprehensive system for the nation's youngest children. The councils will conduct an inventory of children's needs, develop plans for data collection, support early childhood educators, review and upgrade early learning standards, and make recommendations on technical assistance and training. For States ready to move forward and implement their statewide plan, the legislation offers $100 million to support incentive grants for States to implement these important efforts.

Over the past four decades, Head Start has developed quality and performance standards to guarantee a full range of services, so that children are educated in the basics about letters, numbers, and books, and are also healthy, well-fed, and supported in stable and nurturing relationships. Head Start is already a model program, but we can enhance its quality even more.

The bill strengthens literacy efforts currently underway in Head Start programs. We know the key to future reading success is to get young children excited about letters and books and numbers. The bill emphasizes language and literacy, by enhancing the literacy training required of Head Start teachers, continuing to promote parent literacy, and working to put more books into Head Start classrooms and into children's homes.

In addition, we make a commitment in the bill to upgrade all of the educational components of Head Start, and ensure that the services are aligned with expectations for children's kindergarten year and continue to be driven by the effective Head Start Child Outcomes Framework.

At the heart of Head Start's success are its teachers and staff. They are caring, committed leaders who know the children they serve and are dedicated to improving their lives. They help children learn to identify letters of the alphabet and arrange the pieces of puzzles. They teach them to brush their teeth, wash their hands, make friends and follow rules. Yet their salary is

only half the salary of kindergarten teachers, and the turnover is high, about 11 percent a year.

Because teacher quality is directly related to a child's outcome, our bill establishes a goal to ensure that every Head Start teacher earns an A.A. degree, and that half earn their B.A. degree by the next time Congress revisits the program. Head Start teachers and staff are the greatest resource for children and families in the program, and investing in their development must be a priority. I look forward to working with my colleagues to match these ambitious goals with the funding needed to make them a reality.

Our legislation also gives local Head Start programs greater authority to assess the needs of families in their communities and define the services necessary to meet those needs. We've lifted the eligibility requirements under the program, so that families living below 130 percent of the Federal poverty rate can qualify and participate in Head Start. Yet we still prioritize services to children who need them the most. If programs determine that a greater share of infants and toddlers need services, our bill allows them to apply to the Secretary to convert and expand services to our youngest children. If programs identify a need to provide full-day or full-year care for children and families, they can take steps to do this as well.

Accountability is a cornerstone of excellence in education and should start early. Head Start should be accountable for its commitment to provide safe and healthy learning environments, to support each child's individual pattern of development and learning, to cement community partnerships in services for children, and to involve parents in their child's growth.

Head Start reviews are already among the most extensive in the field. Our bill takes a further step to improve this process by ensuring that monitoring results and feedback are available to programs and used for their improvement. We also take steps to address programs with serious deficiencies, and ensure that substantial problems in programs do not languish at the expense of children. If a local program is unable to meet Head Start's high standards of quality, others should step in. Every Head Start child deserves to develop and learn in a high-quality program.

Our bill also takes an important step to suspend the Head Start National Reporting System. Four years ago, many of us insisted that instead of rushing forward with a national test of hundreds of thousands of children, Head Start would be better served if plans were developed more deliberately to ensure an appropriate means to gather and report child outcomes in programs. That appeal was ignored, and the Administration proceeded with an assessment—without sufficient authorization or oversight from Congress—that was later proven flawed and inconsistent with professional standards for testing and measurement.

This legislation requires that the assessments used in Head Start must be held to the highest standard. Head Start's measures must be valid and reliable, fair to children from all backgrounds, balanced in what they assess, and sufficient to reflect the development of the whole child. We've called on the National Academy of Sciences to survey and study the state of assessments and outcomes appropriate for young children in environments like Head Start. Their study will be of great value as we consider how best to move forward in Head Start and other early childhood settings.

Finally, the bill maintains the essential Federal-to-local structure of Head Start, and rejects other proposals that would dilute this important focus. Head Start's design enables it to tailor its services to meet local community needs. Head Start's regulations guarantee a universal standard of quality across all programs. Yet each program is unique and specifically adapted to its children and families. The focus on local neighborhoods and their children must always be at the heart of Head Start.

One of our highest priorities in Congress is to expand educational opportunities for every American. In this age of globalization, every citizen deserves a chance to acquire the educational skills needed to compete in the modem economy. This process starts early—it begins at birth and continues throughout the early years, long before children enter kindergarten.

The Head Start for School Readiness Act of 2007 will keep Head Start on its successful path, and enable this vital program to continue to thrive and improve. I look forward to swift passage of this legislation in the Senate, and a productive Conference with the House on the important reforms in this bill.

Mr. ENZI. Mr. President, I rise today in support of the Head Start for School Readiness Act of 2007. This legislation is a bipartisan effort by the Health, Education, Labor and Pensions Committee to reauthorize the Head Start Act.

The Head Start Program was established in 1965 as part of the war on poverty by President Lyndon B. Johnson. The purpose of the program was, and remains, to provide educational and other developmental services to children in very low-income families. Since its creation, Head Start has been a comprehensive early childhood development program that provides educational, health, nutritional, social, and other services to low-income preschool-aged children and their families. Head Start currently provides services to over 900,000 children and their families through a network of over 1,600 public and private agencies.

The legislation before us today builds on work started last Congress by the HELP Committee under my leadership. The Head Start for School Readiness Act ensures that low-income children receive the educational and developmental services they need to be ready to learn and be successful in school.

I want to thank Senator KENNEDY for his ongoing commitment to working on a bipartisan basis, which has resulted in legislation that meets the needs of children and families who participate in the Head Start Program throughout our Nation. I would also like to thank our colleagues, Senators ALEXANDER and DODD, for their fine work and dedication to this important program.

Head Start was created to level the playing field for low-income children by providing them with education and development activities. This program recognizes that children do not start school with the same set of experiences and knowledge and helps provide low-income children with some of the experiences and knowledge their more affluent peers have as they start their elementary school experience. The Head Start Program also recognizes the important role that families play in a child's development and encourages their regular participation in the program.

This legislation helps ensure that children in the Head Start Program will be better prepared to enter school with the skills necessary to succeed. It is well documented in early childhood education research that students who are not reading at grade level by the third grade will struggle with reading the rest of their lives. Head Start provides early education for over 900,000 children each year, most of whom would not have the opportunity to attend preschool programs elsewhere. The future of these children is why we have all worked so hard to improve and strengthen this act. The legislation before us today will help Head Start Programs provide children with the early learning skills and early childhood development activities they need to be successful. Head Start introduces many of these children to books, the alphabet, numbers, as well as how to play and share with their classmates. Head Start provides the building blocks children need for success later in life.

The Head Start for School Readiness Act builds on what many great Head Start providers are already doing. Working from recommendations from the National Academy of Sciences, this bill adds educational standards related to language skills, literacy and numeracy skills, as well as cognitive, emotional, and physical development. Steps are also taken to ensure that limited English proficient children are provided assistance in acquiring the English language.

I am particularly pleased with the accountability provisions put forth in this legislation. The legislation before us today includes important changes to the Head Start Program related to the evaluation and review of grantees. The timeframe for Head Start grantees to appeal decisions made by the Secretary to terminate grants is now limited. In some instances, Head Start grantees have been found to be operating programs that are unsafe or misusing Federal funds—and are often continuing those bad practices for months—as long as 600 days in some cases—during the termination process. This equates to children not receiving quality services, and instead of being prepared for success, they fall further behind.

Additional steps have been taken in this legislation to increase the quality of Head Start Programs, including providing the Secretary the authority to terminate a grantee that has multiple and recurring deficiencies that has not made significant and substantial progress toward correcting those deficiencies. This legislation provides greater clarity for grantees as to what constitutes a program deficiency. Many of us have heard from grantees across the country who expressed frustration with the lack of consistency with which the provisions of the Head Start Program is enforced. For that reason this legislation includes provisions related to interrator reliability—this will help ensure consistency in the review of Head Start Programs across the country.

Changes were made to the distribution of grant funds to ensure that programs maintain their funded levels of enrollment. We understand that families served by the Head Start Program tend to be more migratory and that full enrollment at Centers is often difficult to maintain. However, we also know that many programs have waiting lists and that thousands of eligible children are not currently being served. This legislation balances those needs by providing flexibility in meeting full enrollment, but also requiring funds to be moved from chronically under-enrolled programs.

Senator DODD has provided valuable leadership as we worked to develop a clear policy on the roles and responsibilities of the governing bodies and policy councils. We have worked together to clarify and strengthen the roles of the governing body and policy councils while preserving the important role of parents. After careful review, the committee found that many of the important fiscal and legal responsibilities of Head Start grantees were not explicitly assigned.

Unfortunately there have been too many examples of programs that have failed the children, families, and community they were funded to serve due to appalling financial mismanagement. Cases were brought to the committee that detailed excessive and inappropriate expenditures, lost funds, and reduced services to children because proper financial management techniques were not in place. Too often the truth was hidden from governing bodies and policy councils alike.

The bill clarifies those responsibilities leading to more consistent, high-quality fiscal and legal management, which will ensure these programs are serving children in the best possible way. Changes in this legislation address the concerning situations mentioned earlier by placing fiscal responsibility with the governing body. It is absolutely necessary and vital that one entity maintain fiscal and legal control of the Federal grant dollars. That said, we maintain the equally vital and necessary role of the policy councils in setting program priorities, classroom activities, and personnel changes. We believe this careful balance will help ensure the continued integrity of the Head Start Program for years to come.

We recognize that a vast majority of the Head Start agencies provide high quality, comprehensive services for children in the Head Start Programs. However, the provisions in this bill will create an important incentive for programs to operate at their best and in the best interest of the children they serve.

I want to particularly note emphasis we have placed on the role of parents in Head Start Programs. It is vital to remember that this program provides services to children and their families. Parents provide valuable insight and experience as to what a Head Start Program should do for children. In fact, this legislation increases the presence of parents in Head Start Programs, strengthens services for families, and provides training and development opportunities for parents that do serve on the policy councils and governing bodies.

This legislation also increases the coordination, collaboration, and excellence of early childhood education and care programs. It enhances the role of the State director of Head Start collaboration to ensure that Head Start Programs are maximizing their potential by stretching dollars, promoting partnerships to meet State and local needs, and developing strategic plans to meet future and current goals. This legislation also allows each State to apply for funds to support a State advisory council on early care and education to conduct a statewide needs assessment, identify collaboration opportunities, and support additional data collection. Additional encouragement of coordination and collaboration will stretch Federal, State and local resources to provide additional resources to disadvantaged children across the country.

Finally, this legislation requires the Department of Health and Human Services to cease any further development or implementation of the National Reporting System. While I believe that the assessment of children in the Head Start Program is important, I believe that the assessment must be both age and developmentally appropriate. This legislation requires a review and update of the assessments, standards, and measures used in Head Start Programs by the Panel on Developmental Outcomes and Assessments for Young Children of the National Academy of Sciences. Once the panel completes its recommendations, the Secretary is then allowed to revisit the issue of assessment in Head Start Programs.

The members of the HELP Committee, and in particular Senators ALEXANDER, KENNEDY, and DODD, have worked tirelessly on this legislation. The final product before us today is a comprehensive and bipartisan reauthorization of the Head Start Program. I wish to thank Senators KENNEDY, ALEXANDER, and DODD and the other members of the committee for their assistance in moving this legislation to the floor. Passage of this legislation will ensure that low-income children are prepared not only for success in school but for later success in life.

Finally, I would like to thank the staff of members of the HELP Committee who have spent countless hours preparing this legislation for passage by the Senate. In particular I would like to thank Roberto Rodriguez with Senator KENNEDY, Catherine Hildum and Sharon Lewis with Senator DODD, David Cleary and Sarah Rittling with Senator ALEXANDER, and Beth Buehlmann and Lindsay Hunsicker of my staff.

It is my hope that our bipartisan efforts will continue to produce results as we move to final passage of this legislation and on to a conference committee with the House of Representatives. We must all work together to get a bipartisan product to President Bush for his signature as soon as possible.

Mr. REID. Mr. President, I am pleased to speak today about the passage of H.R. 1429, the Head Start for School Readiness Act. This bipartisan legislation reauthorizes the Head Start program, something the Congress has not done since 2003.

In 1965, President Lyndon Johnson launched a summer program for low-income children and their families, and called it Project Head Start. The program's mission was simple: prepare low-income, preschool-aged children for success in school. Today, Head Start serves children and their families in urban and rural areas across the United States. And, since its inception, more than 20 million children and families have benefited from the Head Start program.

Nevada's eight centers range from a Head Start and Early Head Start Center in rural Ely, to larger, more urban

centers in Reno, to a Tribal Head Start center in Gardnerville. Each of these programs is unique and, with the input and involvement of parents and families, help meet the needs of the communities they serve.

Head Start currently provides comprehensive early education and health services to almost one million low-income preschool children to help them prepare for and succeed in school. Unfortunately, this is only a fraction of the number of children that could benefit from Head Start services. In my own state of Nevada, there are just under 10,000 3- and 4-year-olds that are eligible for Head Start programs. But, last year, only about 27 percent of those eligible were able to participate.

The bill that we have passed will allow many of these children in Nevada and across the Nation to get the early childhood services that they need, by expanding access and eligibility for low-income children and families.

The legislation also makes a number of other important changes to the Head Start program. It focuses on developing the skills that children will need to enter school ready to learn by aligning Head Start standards and services with state child care and preschool programs and local public schools, and requiring new research-based standards and assessments.

And, to ensure that Head Start programs are effective, the bill requires greater accountability through improved monitoring and recompetition for poor performing Head Start centers. Finally, this bill strengthens the Head Start workforce by setting new education and training goals for Head Start teachers and curriculum specialists.

With proven and lasting results, Head Start is a wise investment in our future. I applaud the good work of the HELP Committee, and thank Senators KENNEDY, ENZI, DODD, and ALEXANDER for their efforts on behalf of low-income children across the Nation.

(At the request of Mr. REID, the following statement was ordered to be printed in the RECORD.)

● Mr. DODD. Mr. President, I am delighted to join my colleagues in supporting the Head Start for School Readiness Act, which reauthorizes this critically important program to help prepare our most disadvantaged young children to attend school. We have worked hard to bring this bipartisan bill to the floor, and I particularly thank Senators KENNEDY, ENZI, and ALEXANDER for their leadership on this issue.

For more than 40 years, Head Start provided comprehensive early childhood development services to low-income children, creating an important bridge to kindergarten and beyond.

Head Start addresses the comprehensive needs of children and their families by offering not only academic opportunities, but also supports for health, nutrition, social skills, and more. More than 900,000 children across the Nation, including nearly 9,000 children in Connecticut, depend on Head Start to support their social, emotional, physical, and cognitive development. Head Start is the foundation for a lifetime of learning for many of our most vulnerable children, and this reauthorization provides for continued success, while also strengthening the program.

Among the many improvements in this legislation, of great importance is the expanded access to Head Start for more disadvantaged children. In Connecticut and other States where the cost of living is particularly high, many poor families aren't able to enroll their children in Head Start because they earn incomes just above the poverty level. This reauthorization allows programs to serve families with incomes up to 130 percent of the Federal poverty level, and expands opportunities for children of migrant families, Indian children, homeless children, foster children, as well as additional infants and toddler in Early Head Start programs.

Currently, only half of all eligible children are served in Head Start, and fewer than 5 percent are served in Early Head Start. Head Start programs are also facing tremendous increases in operating costs, including transportation, health care premiums, facilities maintenance, and training for staff; yet Head Start has essentially been flatfunded for years. This legislation authorizes an increase from $6.9 billion in the current fiscal year, to $7.3 billion in fiscal year 2008, $7.5 billion in fiscal year 2009, and $7.9 billion in fiscal year 2010, which will begin to meet the needs of Head Start children and allow for more enrollment opportunities. However, we must also acknowledge that we still have far to go before we provide adequate resources to this invaluable program.

We know that children struggle when their families are not involved in their education; and that parents play the most important role in ensuring the success of their children. This legislation encourages a high level of family involvement, maintains the integral participation of parents in the day-to-day operations of the programs, and offers family members key roles as decisionmakers.

I am pleased that this bill also improves program accountability by further clarifying governance responsibilities and enhancing teacher quality expectations. While we establish goals for improving educational standards for staff, we acknowledge that current resources may not adequately support staff to pursue additional training, nor provide enough for increased wages; therefore, we do not make these standards mandatory.

Head Start must continue to maintain a core and integral role in our broader early childhood care and education systems as we expand our efforts to improve early education across this country. The legislation encourages greater collaboration and coordination with other early childhood development programs.

Passing the Head Start for School Readiness Act today is an important step forward to improve opportunities for low-income children. Nothing reduces poverty like learning, and Head Start gives children what they need to learn early. I look forward to working with my colleagues to see that this important legislation becomes law.●

STATE ADVISORY COUNCILS

Mrs. MURRAY. Mr. President, I would like to inquire of Chairman KENNEDY regarding the State advisory councils on early childhood education and care included in S. 556, the Head Start for School Readiness Act.

Mr. KENNEDY. Mr. President, S. 556 affirms the active role that States have in coordinating their system of early childhood education programs, and encourages States to enhance that role to increase the quality of programs available to young children. The act designates an early care and education council in each State for the purposes of conducting an inventory of children's needs and exploring the availability of prekindergarten opportunities; exploring areas for collaboration and coordination across programs; developing plans for data collection and to support the professional development of early childhood educators; and providing for the review and upgrading of State early learning standards. For those States prepared and interested in moving forward with a statewide plan encompassing these activities, S. 556 provides for one-time incentive grants to further develop and implement these important efforts.

S. 556 also permit States to designate an existing entity to serve as the State advisory council on early childhood education and care, if such entity includes representation consistent with members mentioned in the act.

Mrs. MURRAY. I thank the chairman for his explanation of these provisions. I am concerned, however, that it may not be practical for States with existing advisory councils to reconfigure their membership to reflect all of the individuals mentioned in the Head Start bill. In my home State of Washington, we are leading the way on early childhood coordination and reform with the establishment in 2005 of Governor Gregoire's cabinet-level Department of Early Learning and the Early Learning Council, which became the Early Learning Advisory Council. The council is working hard to make sure early learning programs in my State are aligned and are providing high quality services. However, I want to

make sure that the council is not unduly burdened for being a leader, and that it will not have to reconstitute its membership. I ask the chairman for his commitment to work with me as this bill is considered in conference with the House, to further resolve this issue.

Mr. KENNEDY. I agree and would be happy to work with you on this issue. S. 556 directs Governors to designate specific individuals as members of the State advisory council to the maximum extent possible. While some members may need to be added by States to their existing councils in order to meet the goals of this legislation, I agree fully that Governors will need some flexibility in this function. Therefore, I support grant additional discretion as they consider the makeup and function of their existing councils in relation to the roles and responsibilities under this Act.

Mr. DODD. Mr. President, I share Senator MURRAY's concerns and appreciate the commitment to working with us on this issue.

S. 556 also includes specific responsibilities of the State advisory council regarding early childhood activities, professional development and opportunities for coordination and collaboration. My State of Connecticut has been a leader in promoting the coordination and improvement of early learning opportunities for young children and has successfully carried out activities that complement the responsibilities under this act. Connecticut's Early Childhood Education Cabinet, which includes many of the members required by the Head Start Act, already advises the State on policy and on initiatives to meet early childhood goals, conducts statewide evaluations of the school readiness programs, and promotes collaboration and consistency of quality services.

Is it the intention that States would be required to abandon the progress made with their existing efforts and begin new initiatives to fulfill their responsibilities under S. 556?

Mr. KENNEDY. I appreciate the Senator's inquiry on this important point. That is not my intention, and S. 556 does not stipulate any requirements for States to conduct new efforts concerning their assessment of children's needs, opportunities for collaboration and coordination, the establishment of a unified data system, professional development activities, or other efforts described under the responsibilities of the State Advisory Council in this legislation. My own State of Massachusetts has also been a leader in carrying out several of these efforts through our own State Department of Early Care and Education.

Preexisting and current efforts in States to improve and enhance the quality of early childhood education programs would certainly help fulfill and count toward the responsibilities stipulated by the Head Start for School Readiness Act.

I ask Senator ENZI if he agrees with this point.

Mr. ENZI. I do agree with the chairman and would be happy to join him, Senator DODD, and Senator MURRAY in further clarifying these points as the conference committee considers S. 556 and begins its work on the reauthorization of the Head Start Act.

Mr. KENNEDY. I thank my colleagues for their work with me on these issues, and I commend them for their leadership on the important reforms in this bill.

Mr. SCHUMER. I ask unanimous consent that the substitute amendment at the desk be considered and agreed to and the motion to reconsider be laid upon the table; that the bill, as amended, be read three times, passed, and the motion to reconsider be laid upon the table; that the Senate insist upon its amendment, request a conference with the House on the disagreeing votes of the two Houses, and the Chair be authorized to appoint conferees on the part of the Senate; and that the HELP Committee be appointed as conferees, with the above occurring without further intervening action or debate.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 1714) was agreed to.

(The amendment is printed in today's RECORD under ''Text of Amendments.'')

The amendment was ordered to be engrossed and the bill to be read a third time.

The bill was read the third time and passed.

The PRESIDING OFFICER appointed Senators KENNEDY, DODD, HARKIN, MIKULSKI, BINGAMAN, MURRAY, REED, CLINTON, OBAMA, SANDERS, BROWN, ENZI, GREGG, ALEXANDER, BURR, ISAKSON, MURKOWSKI, HATCH, ROBERTS, ALLARD, and COBURN conferees on the part of the Senate.

ORDERS FOR WEDNESDAY, JUNE 20, 2007

Mr. SCHUMER. Mr. President, I ask unanimous consent that when the Senate completes its business today, it stand adjourned until 9:30 a.m., Wednesday, June 20; that on Wednesday, following the prayer and pledge, the Journal of proceedings be approved to date, the morning hour be deemed expired, and the time for the two leaders reserved for their use later in the day; that the Senate then resume consideration of H.R. 6 and resume consideration of the DeMint amendment No. 1546 and that there be 30 minutes of debate prior to a vote in relation to the amendment, with the time equally divided and controlled between Senators DEMINT and BINGAMAN or their designees; that no amendment be in order prior to a vote in relation to the amendment; that upon the use or yielding back of time, the Senate proceed to vote in relation to the amendment, without further intervening action or debate.

The PRESIDING OFFICER. Without objection, it is so ordered.

ADJOURNMENT UNTIL 9:30 A.M. TOMORROW

Mr. SCHUMER. Mr. President, if there is no further business to come before the Senate today, I now ask unanimous consent that the Senate stand adjourned under the previous order.

There being no objection, the Senate, at 8:18 p.m., adjourned until Wednesday, June 20, 2007, at 9:30 a.m.

EXTENSIONS OF REMARKS

CONGRATULATING MR. AND MRS. TORRY KIDD, SR. ON THE OCCASION OF THEIR 65TH WEDDING ANNIVERSARY

HON. JO BONNER

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. BONNER. Madam Speaker, I rise today to congratulate Mr. and Mrs. Torry Kidd, Sr., on the occasion of their 65th wedding anniversary. Torry Kidd, Sr., and Lydia Stallworth were married on June 26, 1942, at Parsonages at Mt. Zion Baptist Church in Mobile, Alabama.

Mr. Kidd is a respected member of his church and community. He has been a member of the Greater Mount Olive Baptist Church #2 for over 60 years, recently serving as trustee. In 1942, he began his service with the U.S. Army. Following an honorable discharge, he went to work for McGowin & Lyons Hardware and Supply Company, while earning his degree from Spaulding Business School. Mr. Kidd then went to work for Moore Handley and became the company's first African-American salesperson. When the company relocated, Mr. Kidd became the building manager for World Wide Crating and Packing Company. He retired in 1984 and started Kidd Janitorial Service.

A member of Andrew Street Church of Christ for over 60 years, Mrs. Kidd was born Lydia Stallworth in Gordonville, Alabama. A graduate of Lowndes County Training School, her first job was with a janitorial service. After raising 11 children, Mrs. Kidd returned to the work force and began caring for elderly patients at Cogburn Nursing Home and later at the Medic Center in Mobile. Her skills combined with her compassionate heart led to requests for her service as a private duty nurse, which she was for over 30 years.

Their 11 children: Torry, Jr., Winston, Sr., Anthony, Sr., Christina, Wayne, Sr., Donna, Arnold, Sr., Amos, Beverly, Mark, Sr., and Phillip, Sr. would like me to pass on a special word of appreciation to their parents for the example they have set, the encouragement they have given; and yes, even the discipline they have administered. Mr. and Mrs. Kidd's family are grateful for the love they shared not only with them but with their many friends.

Madam Speaker, in these times where there is so much trouble and turmoil on the television set and all around us in our communities, it is refreshing to know a family that is committed to the values and outstanding morals that Mr. and Mrs. Torry Kidd, Sr., have encouraged in their marriage and family. I have no doubt that this marriage symbolizes the strength of character and love of God that every American should emulate. I know their 11 children, 25 grandchildren, 32 great grandchildren, and their many friends join with me in congratulating Mr. and Mrs. Kidd on their 65th anniversary and wishing for them many more happy celebrations to come.

MAJOR GENERAL JAMES H. PILLSBURY

HON. SOLOMON P. ORTIZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. ORTIZ. Madam Speaker, I rise to pay tribute to Major General James H. Pillsbury and his dynamic wife Becky Pillsbury. We hail from the same great State of Texas. These two wonderful public servants have committed their careers to serving our Nation.

This summer will mark the end of Maj. Gen. Pillsbury's tenure as Commander of the Army's Aviation and Missile Command at Redstone Arsenal in Huntsville, Alabama, a command he assumed on December 1, 2003. Leaving Huntsville with him is his wife Becky, who has made a lasting impression in the Huntsville community as an area school teacher for the disabled and board member for a long list of organizations serving soldiers and their families.

Maj. Gen. Pillsbury is a graduate of Trinity University in San Antonio, Texas where he earned a Bachelor of Arts Degree in History. After that, he attended Troy State University, earning a Masters of Science in International Relations. He has completed Infantry Officer Basic Course, Transportation Officer Advanced Course, United States Army Command and General Staff College, and the United States Army War College.

For the past 34 years Maj. Gen. Pillsbury has risen through the Army ranks, first commissioned as a Second Lieutenant in May of 1973. He has served here at home and abroad; his most recent position overseas was as the Deputy Chief of Staff, G–4, United States Army Europe and Seventh Army. Maj. Gen. Pillsbury has been decorated with numerous military honors including: The Defense Superior Service Medal, the Legion of Merit, the Meritorious Service Medal, and the Army Commendation Medal.

Becky also attended Trinity where she graduated with a degree in Elementary Education and Education for the Hearing Impaired and then pursuing her love for children with disabilities by earning a Masters from Pacific Lutheran University in Elementary Education and Learning Disabilities.

She has set a high standard for military wives at Redstone Arsenal. She co-founded the ''Dream Factory,'' a wish granting organization for seriously and terminally ill children; and more recently co-founded ''Still Serving Veterans,'' which affects the lives of thousand of new veterans in offering a wide range of support services as they transition to the civilian workforce.

Even though this outstanding couple is leaving the Huntsville community, they will not hesitate to come back and visit.

I ask my colleagues to join me in congratulating Maj. Gen. James H. Pillsbury and his wife Becky on a phenomenal job in Huntsville . . . and wishing them the best of luck with the next chapter in their lives.

IN HONOR OF MRS. WENDY HARDING

HON. LYNN A. WESTMORELAND

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. WESTMORELAND. Madam Speaker, I rise today to recognize and honor Mrs. Wendy Harding, the 2007 Muscogee County School District Teacher of the Year.

Almost every student that passes through a school, from the teacher's pet to the class clown, has a fond memory of a special teacher who positively influenced their lives. For many students at Columbus' Hardaway High School, that teacher has been a Spanish teacher named Wendy Harding.

Harding knows how to stick with a good thing once she's found it. She stayed happily married and raised two high-achieving children with her high school sweetheart Phil, who was also an educator, until his death from cancer 7 years ago. And Harding has spent every single day of her 31-year professional career at Hardaway High, making her the longest-serving teacher there.

Principal Matt Bell told the Columbus Ledger-Enquirer that Harding is an integral part of the school's success: ''She's a leader in the school. She teaches everyone. She heads our mentor program. She cares about every student who comes through her doorway as well as students who don't. If a student doesn't learn in her class, she takes it personally. They all learn at a high level. They see her enthusiasm for her subject and her zest for life and it's just contagious.''

Harding says she's wanted to become a teacher since she was 7 years old. Now, she mentors the next generation of teachers, encouraging her own students to pick up the torch that enlightens young minds. Those influenced by her example include her daughter, who last year was named First Year Teacher of the Year in a Texas school district. The skills needed to excel at the head of the classroom obviously run deep in the family blood.

I would like to personally thank Mrs. Harding for her many years of outstanding service to the young people of Muscogee County. Teachers such as her, across Georgia and the United States, make a positive difference every day.

On behalf of Georgia's 3rd Congressional District, I congratulate the Muscogee County

Teacher of the Year and wish her many years of continued success.

TRIBUTE TO DR. PETER B. AJLUNI

HON. JOE KNOLLENBERG

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. KNOLLENBERG. Madam Speaker, I rise today to congratulate Dr. Peter B. Ajluni of Bloomfield Hills, Michigan on his election to the position of 111th president of the American Osteopathic Association.

In 1965, Dr. Peter B. Ajluni graduated from the Chicago College of Osteopathy to become a board certified osteopathic physician. For 35 years, Dr. Ajluni has delivered high quality service to his patients.

Currently, Dr. Ajluni is a senior orthopedic surgeon in the Bone and Joint Center at the Regional Medical Center in Mount Clemens, Michigan. He has also served as president of both the Michigan Osteopathic Association and the Michigan Osteopathic Academy of Orthopedic Surgeons. Furthermore, Dr. Ajluni has served on the American Osteopathic Association Board of Trustees since 1998.

As president of the American Osteopathic Association, Dr. Ajluni will lead 59,000 osteopathic physicians to deliver high quality and cost-effective health care in this vital profession. In addition, Dr. Ajluni will help to ensure the osteopathic community is united in their profession and that they receive the highest quality of education and training programs.

Dr. Ajluni resides in Michigan's Ninth Congressional district with his wife Judy. They have a daughter and two sons. I am proud to have the Ajluni family as constituents.

Madam Speaker, once again, I congratulate Dr. Ajluni on his election as the President of the American Osteopathic Association and for his long dedication to high quality patient care.

H.R. 2775, A BILL TO AUTHORIZE FUNDING FOR THE EMERGENCY MANAGEMENT PERFORMANCE GRANT PROGRAM

HON. JAMES L. OBERSTAR

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. OBERSTAR. Madam Speaker, today I introduce H.R. 2775, a bill to authorize funding for the Emergency Management Performance Grant (''EMPG'') program.

H.R. 2775 authorizes $1.35 billion for Fiscal Years 2009 through 2011 for the Administrator of the Federal Emergency Management Agency (''FEMA'') to continue to implement the EMPG program. The bill codifies the EMPG program under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (''Stafford Act'').

EMPG is the Federal Government's principal program to build the capability of State and local governments to prepare for, respond to, recover from, and mitigate all hazards. Administered by FEMA, EMPG is truly a partnership between the Federal Government and State and local governments that has withstood the test of time. This grant program has been in existence, under different names, since the 1950s and derives its authority from the Stafford Act.

As recent history has shown, despite the grave potential threat that terrorism poses, our country faces and responds to the threats of natural hazards far more frequency. The terror of Katrina is still fresh in our memories, and our Nation faces smaller-scale natural disasters every day. Just last month, a region of my district was devastated by a threat that started in the U.S., then roared across the Canadian border: not a terrorist attack, but a 75,000 acre forest fire.

Despite the risk that our country faces from all hazards, EMPG receives a small fraction of what the Federal Government spends on terrorism-specific programs. In April, the Subcommittee on Economic Development, Public Buildings, and Emergency Management held a hearing on the Federal Government's programs related to preparedness for all hazards. At that hearing, Members of the Subcommittee learned that in FY 2006, EMPG received only a small fraction—about 10 percent—of the funding allocated to terrorism preparedness programs.

EMPG has a long, successful history of fostering true preparedness capabilities at the State and local level. The program requires a non-Federal share of 50 percent, but state and local governments overmatch Federal funds by approximately $96 million each year. This 50-percent cost share is specifically designed to require State and local governments to contribute their resources to building strong emergency management capabilities. This is why, unlike many other Federal grant programs, State and local governments have not sought an increased Federal cost share for this program.

Recently, some in Congress and in the Administration have sought to undermine and undo the EMPG program, by proposing changes that stand to gut the core all hazards nature of the program. I introduce this bill today to provide the current EMPG program with statutory reinforcement.

The administration proposed in its FY 2008 Budget request that EMPG should be combined with terrorism programs. I am pleased that the FY 2008 Homeland Security Appropriations bill, passed by the House last week, rejected this misguided proposal and funds EMPG as a separate program. The Committee on Appropriations recognized the importance of the EMPG program as ''the one true all-hazard sources of funding for emergency managers,'' as stated in the Committee report. In the same manner that Congress must wall off and protect the appropriation for EMPG, we must act to reinforce this program through an authorization.

It has been suggested, in the other body, that the EMPG program be codified as an amendment to an act other than the Stafford Act. In fact, the Senate does exactly that in its version of the 9/11 Commission Recommendations Bill (S. 4). This approach would be a mistake. If EMPG is authorized outside of the Stafford Act, DHS may use its administrative authority to turn EMPG into another terrorism preparedness program. This shift would undercut all-hazards preparedness and place States in danger of not being ready for natural disasters and other non- terrorism hazards, which are significantly, even drastically, more likely to occur.

The Stafford Act is the natural and historic home for this program. The authority to prepare for all hazards must be kept together with the authority to respond to, recover from, and mitigate against all hazards, which is found in the Stafford Act. This view is supported by the nation's State and local emergency managers.

One of the key lessons learned from Hurricane Katrina is that separating the programs and organizations that prepare for disasters from the rest of the emergency management system leads to sluggish and ineffective response. Recognizing this mistake, Congress reunited preparedness with the rest of emergency management functions in FEMA at the end of the 109th Congress, by passing the Post Katrina Emergency Management Reform Act. This reorganization of FEMA became effective less than 3 months ago, on April 1, 2007. Authorizing EMPG as a program separate from the other emergency management programs would begin to undo this much-needed reform, and reinstate the mistakes that led to the Department of Homeland Security's dismal response to Hurricane Katrina.

IN HONOR OF LENORE GOLDEN SHACKELFORD

HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 19, 2007

Mr. BISHOP of Georgia. Madam Speaker, I rise today to honor Ms. Lenore Golden Shackelford of Quitman, GA. In recognition of her 60 plus years of service to her community in south Georgia and her nomination by the National Coalition of One Hundred Black Women as a ''Woman Who Inspires.''

Ms. Shackelford, a native of Quitman, GA, has spent the greater balance of her life in service to the community there. In 1950 she started her professional career as a Social studies teacher and Girls' Basketball Coach at Morven Rosenwald High School in Brooks County. She went on to teach the fourth and fifth grades at New Empress Elementary School in Brooks County before returning to school and receiving her Certification in Guidance and Counseling from Florida A & M University in 1959.

She returned to service in education as a Social Studies Teacher and School Counselor at Washington Street High School in Quitman, GA. Ms. Shackelford was one of the first certified school counselors in the state of Georgia and the first school counselor in Brooks County.

Ms. Shackelford was a devoted teacher and counselor, who made it her mission to have direct interaction with each of her students in order to help them have productive futures. During her 30 years as a school counselor, Ms. Shackelford was also very active in her community. She coordinated community committees to address personnel issues in the

Brooks County School System, organized Human Rights Committees, and played an instrumental role in establishing Martin Luther King, Jr. Day in Brooks County Public Schools.

So, on this the 19th day of June, 2007, I with great honor commend Ms. Lenore Golden Shackelford, for her many years of unheralded service to the people of Brooks County. She is truly a credit to the Second Congressional District of Georgia, the State of Georgia, and the United States as a whole.

$8 GASOLINE IN AMERICA'S SAUDI ARABIA

HON. DON YOUNG

OF ALASKA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. YOUNG of Alaska. Alaska is America's Energy Ace in the Hole. If our Nation truly wanted to kick our OPEC habit, we would be using our own abundant resources of all kinds, including our conventional resources in Alaska. Not only is Alaska home to North America's largest producing oil field, it is also home to more clean coal than the entire lower 48 States. With modern technology, this resource could be used to produce clean energy and transportation fuels that would last for centuries. The people of the State of Alaska also claim the largest natural gas reserves and by far the largest unconventional natural gas reserves in a form of frozen natural gas known as methane hydrates. It is also home to that small part of ANWR that holds the promise as the largest energy complex yet discovered on our continent. Between its tens of billions of barrels of oil and untold amounts of clean burning natural gas, it could help Americans and generate revenues while providing high paying jobs here at home.

Unfortunately, there has been a decades-long campaign to deny America and Alaskans the benefits of this domestic energy. The consequence is that Alaska's pipeline that once sent over 2 million barrels each day of U.S. oil to American consumers now sends less than 800,000 barrels per day. America now imports the 1.2 million barrels per day that Alaska used to send to the West Coast. America now sends $84 million per day, over $30 billion per year, to foreign nations like Venezuela and nations in the Middle East who hate everything America stands for. The oil that isn't produced in Alaska also increases prices for all Americans, who can see it daily at the pump or monthly in their utility bills.

Recently a reporter for the Wall Street Journal, Mr. Russell Gold, traveled to the village of Shungnak, Alaska, to find out what impacts the increased cost of energy are having on the people who live there. It is rich irony, Madame Speaker, that in a State with huge energy resources people are suffering from high energy prices because their government has outlawed the production of this energy. It is reminiscent of Coleridge's lament in the Rime of the Ancient Mariner: ''Water, water, everywhere, nor any drop to drink.''

It is shameful that it is government policy that some people should suffer from higher costs of energy because others who do not suffer believe costs are not high enough and energy is too available for Americans. I hope Members will take the time to read what may be a story coming to their neighborhoods soon, if Alaska's energy resources continue to be locked away from the American people.

[From the Wall Street Journal, June 9, 2007]

RUNNING ON EMPTY ON A ROAD TO NOWHERE

(By Russell Gold)

SHUNGNAK, ALASKA—When Genevieve Norris was born 59 years ago in this remote Eskimo village, hunters used dog sleds to pursue caribou and moose. Wood stoves kept out the cold during the long, dark winters.

Then Shungnak entered the petroleum age, and fuel was barged up the Kobuk River every summer. Noisy electrical generators arrived, which allowed lights and indoor plumbing to be installed. Soon, nearly every home had snowmobiles, fourwheelers and heaters.

Now as crude-oil prices have doubled in the past couple of years, Ms. Norris and the rest of the village are being priced back out of the petroleum age. She heats her home with wood as much as possible and only occasionally buys gasoline for an outboard engine to go fishing. ''Fuel right now, I'm only purchasing if I have to,'' says Ms. Norris.

Even though Shungnak is in energy-rich Alaska, home to the largest U.S. oilfield discovered in the past half century, it is at the very end of the oil-distribution system. By the time gasoline makes it here from where it is refined, it costs $8.11 a gallon, more than twice the current U.S. average.

The U.S. has long enjoyed among the lowest oil prices in the industrialized world—and until recently, even in remote Alaska, fossil fuel was affordable to the majority of people. Decades of cheap energy prompted Americans to use more and more petroleum, lengthening their commutes in the lower 48 states and trading in dog sleds for snowmobiles in Alaskan villages.

Today, the price of oil and all the products made from it has surged and seem likely to remain high for some time. This has raised the unsettling question: What happens to a community accustomed to cheap energy when the energy is no longer cheap?

Remote villages like Shungnak have long been fragile economies with little to offer residents by way of jobs and opportunity. High fuel prices have made a bad situation worse, threatening the survival of Shungnak as well as more than a hundred other remote villages. Some of the estimated 101,000 people living in these villages have left for Alaska's large cities, creating what one former state elected official has called ''energy refugees.''

These native-Alaskan villages are among countless poorer communities across the world that have been hammered by the new century's energy-price boom. Over all, strong economies such as China and most of the U.S. have held up well despite the sting of higher fuel prices. But in poor regions, the price shock has hit hard. Thousands of Nepalese took to the streets of Katmandu last year, resulting in bloody clashes with police, to protest a 25% rise in gasoline prices. In July 2005, under pressure from the International Monetary Fund, the Yemeni government lifted gasoline subsidies and the resulting riots left 22 people dead. The government buckled and restored subsidies. In Africa, Guinea's decision to reduce gasoline subsidies over the past two years helped spark general strikes and riots that claimed at least 11 lives.

The village of Shungnak was officially founded in 1899, but Eskimos have lived in the region for thousands of years traveling between summer camps and winter camps. Today, the village is a collection of 75 homes, a store, a school, a community health clinic and a city office building along a half dozen dirt streets. The foothills of the Brooks Range rise in the distance over the tundra.

Petroleum didn't arrive here until the middle of the 1960s. As the crow flies, Shungnak is only 310 miles northwest from the Flint Hills Resources refinery outside of Fairbanks, Alaska. But since there are no roads to Shungnak, the journey is a complex route that stretches more than 2,000 miles, passing mountain meadows where grizzly bears graze, caribou herds sipping from glacier-fed streams and mile after mile of rugged, unpopulated coastline.

TANKER CARS

First, fuel from the Fairbanks refinery is loaded onto rolling tanker cars and taken south through Denali National Park, past Mount McKinley and into the Port of Anchorage. Then it's loaded onto a barge and towed through the Unimak Pass, a navigable break in the Aleutian Islands, before it heads north for Kotzebue on the coast.

From there, the fuel is loaded once a year on a shallow-draft barge and pushed up the Kobuk River during a brief period when the snow melt engorges the river and makes it navigable. By the time it gets to Shungnak, it has traveled a distance equivalent to the drive from New York to Las Vegas.

Last year, one of the barge companies made it up the river and delivered distillate—a blend of heating oil and diesel that powers nearly everything from generators to furnaces—to the school and electric company. The other barge company, less experienced in the region's serpentine rivers, couldn't make it up to Shungnak during the brief window of time that the river thawed. Fuel had to be flown in from Fairbanks on propeller cargo planes, raising the cost to $8.11 for a gallon of gasoline and $6.50 for a gallon of heating oil. In February, heat in the town's only two-story building, which holds the city offices, post office and tribal-council office, went out for three days because the tank ran out and no one was willing to pay to fill it up again. The temperature inside dropped to 30 degrees below zero.

MANY JOBLESS

Half of Shungnak village is jobless, according to the state. Commerce Department data suggest that Alaskans living in remote villages like Shungnak already receive about 50% of their income from government programs, two and halftimes the average in the U.S. Now the situation is exacerbated because it is difficult to attract economic activity because of the high energy costs. Village leaders say their only choice is even more government aid.

''Half the village doesn't know how to go out and do a subsistence way of life . . . their lifestyle is living off the store, even though you hear them say 'We're natives, we can survive,' '' says Raymond Woods, a member of the Shungnak tribal government.

Some residents are leaving town. Ms. Norris's daughter moved to South Dakota and her high-school-aged son talks about leaving after he graduates.

Those that remain behind are scraping along. Henry Douglas, 48, says he eats less meat and fish than he used to. Like most people here, he receives state energy assistance—credit at the tribal store. He got $1,500

in January to pay for heating oil. It lasted him through March. Afterward, he used a wood stove in the main room of the log cabin where he lives with his sister and his nephew.

His younger brother, George Douglas, 39, says he's fortunate to have a job as a school-maintenance worker. The paycheck gives him the $100 required to fuel up his Polaris snowmobile. He uses it to hunt caribou and distributes the meat to three households of relatives, including his brothers. Few of his relatives can afford to hunt much anymore because of the high cost of fuel.

Signs of the cost are everywhere in Shungnak. On a recent visit, there were photocopied fliers posted throughout the village with a stark reminder: May 29 is the day the Alaska Village Electric Cooperative bill collector was scheduled to be in Shungnak. The co-op, known as Avec, has seen past-due accounts soar in the past couple of years. Last year, it took out ads in local papers threatening to cut off paying customers if they allow delinquent customers to move in with them.

Researchers at the University of Alaska Anchorage estimated that one-quarter of household income in remote villages last year went to paying utility bills, double the percentage in 2000. The poorest residents in remote villages spent 61% of their income on utility bills, also double the level a few years ago.

Fuel bills are also swallowing the city's budget. Last November, the village's fuel and electrical bill accounted for 61% of total expenditures, according to town administrator Helen Mitchell. In response, it has cut costs. The hours for city workers were cut to six hours from eight hours a day last year. The part-time patrolman position was eliminated a couple of years ago.

The result of these crushing bills is that remote villages face a slow decline. Four schools in the last two years have shut their doors when they fell below 10 students and lost most state funding. In Shungnak, school enrollment is off 7% in the past decade. A few miles down the Kobuk River, the village of Ambler has lost 29% of its school-aged population.

Despite shrinking enrollment, the regional school district has been on a building boom in recent years, largely supported by state grants. That, in turn, has only increased its need for fuel. The new schools, despite better insulation, require more petroleum to operate.

NEW SCHOOL

In nearby Noatak, an 18,000-square-foot school was torn down and replaced with one more than twice as large with a new air-circulating system and more lights.

''We have a very fragile economy in most of these villages already and then you add the jolt of high fuel-oil prices. It's my guess that many of these communities will not find themselves viable if fuel prices stay here,'' says Mike Black, director of community advocacy at Alaska's Department of Commerce, Community and Economic Development. The villages, he says, ''are begging, borrowing and stealing to get enough fuel.''

The extreme costs of fuel in rural Alaska have led to numerous energy experiments. But various efforts to reduce rural Alaska's dependence on petroleum-based energy have struggled. Petroleum is easy to store, handle and transport, says Brent Sheets, head of the federal government's Arctic Energy Office in Fairbanks. ''It is hard to beat diesel fuel,'' he says.

A proposal to build a small nuclear power plant for one small town was shelved when a study concluded that the federal security requirements made the project uneconomic. Solar isn't a good fit for Alaska, because fuel demand goes up in the winter when the state gets little sunlight. The Energy Department office even looked at turbines designed to harness river energy, dodging logs and car-sized icebergs, but plans never made it past the theoretical stage.

One alternative-energy success story is in Kotzebue, the hub community to the west of Shungnak on the Chukchi Sea. On the tundra outside of Kotzebue, where the only sign of life is paw prints from an Arctic fox, are 17 windmills capable of generating one megawatt of electricity. The windmills ''are a hedge against rising fuel costs,'' says Brad Reeve, a Minnesotan who came to the town 30 years ago to run the public-radio station and now heads up the electric cooperative.

As the cost of bringing in diesel has grown, electricity from the windmills has looked better and better. But the windmills have a high upfront cost—they sit on special pilings with chemicals that ensure the tundra remains frozen to hold the windmills steady. And on a recent morning, as a computer in the coop's offices showed 2.8 megawatts of demand, the wind wasn't blowing. All of the electricity came from distillate-burning generators, a reminder that Kotzebue needs to keep a steady supply of oil.

In Shungnak, Mr. Woods, the tribal-government official, says he expects the oil will keep on flowing. Eskimos are accustomed to adapting to extreme conditions, he says. But there is little effort being made to teach children how to hunt the old way. ''Their lifestyle now is so convenient,'' he says.

Hanging out on the steps of the village store after school with friends, 11th-grader Dion Tickett says he didn't grow up learning how to hunt or take care of a team of Alaskan huskies. He grew up watching television and riding snowmobiles, something he and his friends do to pass the time. ''There's nothing to do around here,'' he says.

After school let out on a recent afternoon, Mr. Woods spent $90 to fill up his Arctic Cat snowmobile to take his son out hunting. But he doesn't expect his son to need these skills. In a couple of years, when his son enters high school, Mr. Woods plans to move his family to east Texas, where he was stationed in the military. Gasoline there costs just under $3.00 a gallon.

LEWISTON'S RECOGNITION AS ONE OF TEN ALL-AMERICAN CITIES

HON. MICHAEL H. MICHAUD

OF MAINE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. MICHAUD. Mr. Speaker, I rise today in celebration of the fact that Lewiston, Maine, has been recognized as 1 of 10 All-American Cities by the National Civic League.

Lewiston truly embodies both dynamic change and proud tradition and is extremely deserving of this award. Located in my congressional district in Maine, the city of Lewiston was first settled in 1770 by Franco-American and Acadian settlers, who came to Lewiston to find employment in the mills powered by the nearby Androscoggin River. Textile mills flourished as women from the surrounding countryside came for employment opportunities. The city continued to grow and expand, and by the 1950s, Lewiston had become the State's primary manufacturing center.

Unfortunately, the subsequent decline of textile manufacturing led to unemployment, decreased wages, and a need for new ideas and new industries. In the 1990s, the city began to focus on new downtown construction, bold development strategies, improved post-secondary educational prospects, expanded health care, and new cultural events. In 1992, the town acquired the Bates mill and redeveloped 500,000 square feet of space. Lewiston also joined in a partnership with Auburn, ME, for economic development, busing, 911 services and drinking water. In the downtown area, the Southern Gateway project established Maine's first fully-fiber optic community for telephone, cable and broadband services. University of Southern Maine has begun a new expansion which makes the Lewiston-Auburn College the fastest growing campus within the University of Maine system, while Bates College has been recognized as a best value college by a national publication.

Since 2003, Lewiston has invested $20 million in affordable housing to provide opportunities for families, and since 2000, it has seen $350 million in new business construction.

Today, Lewiston is thriving. It is home to almost 36,000 residents, and it is clear that her citizens are working together with great pride to continue building the community. Local institutions are deeply involved in helping Lewiston to grow and evolve. The Androscoggin Leadership Institute is helping the community to understand its current and future needs and find new opportunities for individuals to contribute. The local Thongragg Nature Center Project is now the largest bird sanctuary within New England; volunteers there ensure safe access to 5 miles of recreational trails. And since the city is now home to a large Somali community, the group United Somali Women of Maine has created a DVD that stresses the importance of education, changing roles of women, and the commitment to preserving their culture for the youth of Lewiston.

It is clear that Lewiston today is a center of business, volunteerism, education, environmental action, and diversity. The citizens are mindful of their proud traditions, and have made something very special in Lewiston, ME. Their achievements are truly something to commemorate, and I congratulate the city of Lewiston for their achievements and for the well-deserved recognition of this award.

CONGRATULATIONS TO BOB WILLIAMS ON THE OCCASION OF HIS RETIREMENT FROM THE WAVE TRANSIT SYSTEM

HON. JO BONNER

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. BONNER. Madam Speaker, it is with great pride and pleasure that I rise today to recognize the outstanding service and leadership of Bob Williams on the occasion of his retirement after 35 years of service in public transportation. For the past 6 years, Bob has served Mobile as the general manager of the Wave Transit System.

Bob began his career in Peoria, Illinois, as a bus operator and rose to assistant general manager. In 1988, he was selected to be assistant general manager of the Transit System in Charlotte, North Carolina, where he served for 12 years.

In 2001, Bob came to Mobile and was responsible for the overall management of day-to-day operations. He oversaw the opening of the renovated GM&O building and helped coordinate relief efforts during Hurricanes Dennis and Katrina. Bob forever changed the face of public transportation in Mobile—new carriers, the MODA, user-friendly routing, neighborhood pick-up service, comfortable rider stations, litter free bus rides, and increased ridership.

Madam Speaker, I ask my colleagues to join with me in commending Bob Williams for his tireless service to public transportation in Mobile. I know Bob's colleagues, his family, and his many friends join with me in praising his significant accomplishments and extending thanks for all his efforts on behalf of the citizens of the First Congressional District.

HONORING RODOLFO AND DORA MIRABAL FROM CORPUS CHRISTI, TEXAS

HON. SOLOMON P. ORTIZ

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. ORTIZ. Madam Speaker, I rise today to pay tribute to the accomplishments of two pioneers in the national Hispanic community, and their home in south Texas. Rodolfo Zepeda Mirabal, Sr., and Dora Cervera Mirabal, were two activists and organizers in the Corpus Christi community who answered the call of patriots and did much to make our community a better, more transparent, place to live.

Rodolfo was among the original founders of the League of United Latin American Citizens, LULAC, and in the 1920s he began publishing his own Spanish-language newspaper, called El Demócrata. In the 1930s Dora began an annual publication of a traditional form of Mexican satirical verse for Dia de los Muertos (Day of the Dead or All Souls Day).

Always civically engaged, Dora founded a bilingual school called El Círculo de Nuestros Amigos Para Los Estudiantes Bilingües, which operated at the Mirabal Printing Company and helped Spanish speakers learn English. She became the first female member of the Corpus Christi Mexican Chamber of Commerce, and served as an officer in the Corpus Christi Ladies' LULAC Chapter.

Together Rodolfo and Dora operated Mirabal Printing Company in the heart of the Mexican-American community of Corpus Christi.

In 1938 the couple began publishing a weekly, full-size Spanish language newspaper in Corpus Christi, El Progreso, which kept the community informed for 41 years. This paper not only served as a crucial resource to the Hispanic community for local, national, and international issues, but it tried to give the Mexican-Americans in the Coastal Bend inspiration and a voice.

Following Rodolfo's death in 1968, Dora Cervera Mirabal continued work on El Progreso until she died of cancer on December 4, 1979. The Mirabals were succeeded by three children: Rodolfo, Jr.; Rosie; and Robert, all of whom carry on the family's printing business today.

Rodolfo and Dora Mirabal were ''lost giants'' in the advancement of the Mexican-American civil rights movement who inspired not just my generation, but generations to come.

I ask the House of Representatives to join me today in remembering this extraordinary couple and their outstanding record of civic service to the city of Corpus Christi and the south Texas community.

PERSONAL EXPLANATION

HON. LYNN A. WESTMORELAND

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. WESTMORELAND. Madam Speaker, on Friday, June 15 until the end of the legislative day, I was home in Georgia due to an unexpected medical condition of a family member. As a result, I missed a number of votes. Had I been present, I would have voted the following:

''Aye'' on the McHenry 2nd Degree Amendment to the Fox Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 466).

''Aye'' on the Fox Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 467).

''Aye'' on the Fallin Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 468).

''Aye'' on the Drake Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 469).

''Aye'' on the King (NY) Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 470).

''Aye'' on the Brown-Waite Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 471).

''Aye'' on the Burgess Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 472).

''Aye'' on the Ferguson Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 473).

''Aye'' on the McHenry Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 474).

''Aye'' on the Pearce Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 475).

''Aye'' on the Carter Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (rollcall 476).

''Aye'' on the McCaul (TX) Amendment No. 98 to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 477).

''Aye'' on the King (IA) Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 478).

''Aye'' on the Bilbray Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 479).

''Aye'' on the McCaul (TX) Amendment No. 99 to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 480).

''Aye'' on the Rogers Amendment No. 2 to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 481).

''Aye'' on the Poe Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 482).

''No'' on the LaTourette Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 483).

''Aye'' on the Tancredo Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 484).

''Aye'' on the Tancredo Amendment No. 7 to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 485).

''Aye'' on the Royce Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 486).

''Aye'' on the Forbes Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 487).

''Aye'' on the Rogers (KY) Amendment to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 488).

''Aye'' on the Rogers (KY) Amendment No. 1 to H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 489).

''Aye'' on the Motion to Recommit H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 490).

''No'' on Passage of H.R. 2638, the Department of Homeland Security Appropriations Act for Fiscal Year 2008 (Rollcall 491).

''Aye'' on Hayes Amendment to H.R. 2642, the Military Construction and Veterans Affairs Appropriations for Fiscal Year 2008 (Rollcall 492).

''No'' on the Blumenauer Amendment to H.R. 2642, the Military Construction and Veterans Affairs Appropriations for Fiscal Year 2008 (Rollcall 493).

''Aye'' on the Price (GA) Amendment No. 17 to H.R. 2642, the Military Construction and Veterans Affairs Appropriations for Fiscal Year 2008 (Rollcall 494).

''Aye'' on the Moran (KS) Amendment to H.R. 2642, the Military Construction and Veterans Affairs Appropriations for Fiscal Year 2008 (Rollcall 495).

''Aye'' on the Garrett Amendment No. 1 to H.R. 2642, the Military Construction and Veterans Affairs Appropriations for Fiscal Year 2008 (Rollcall 496).

"Aye" on the Musgrave Amendment to H.R. 2642, the Military Construction and Veterans Affairs Appropriations for Fiscal Year 2008 (Rollcall 497).

"Aye" on Passage of H.R. 2642, the Military Construction and Veterans Affairs Appropriations for Fiscal Year 2008 (Rollcall 498).

IN RECOGNITION OF PASTOR DOUGLAS P. JONES

HON. JOE KNOLLENBERG

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. KNOLLENBERG. Madam Speaker, I rise today to recognize and congratulate Reverend Douglas P. Jones, who celebrates his 18th anniversary as pastor of the Welcome Missionary Baptist Church in Pontiac, Michigan, on June 18, 2007, as well as his birthday on June 10, 2007.

After graduating from the University of Cincinnati, Pastor Jones continued his studies in pastoral care administration at Cincinnati Bible College. On April 8, 1989, the Welcome Ministry Baptist Church voted to call Reverend Jones as their pastor. During his years of service, he has earned certificates in various workshops and counseling sessions, as well as special training in administration, management, and planning. Under his leadership, the congregation has seen its membership grow from 165 to over 3,600.

Pastor Jones' tireless efforts and continued dedication to the ministry has allowed him to develop strong support that extends throughout the city of Pontiac and Oakland County. This includes serving as the Chaplain of the Oakland County Sheriff's Department, Board Chair of North Oakland Medical Center, and acting as a board member for the Pontiac Oakland Symphony, the Minority Chamber of Commerce, and the Salvation Army. Pastor Jones is more than deserving of the numerous honors and awards that he has received over the past 18 years, including commendations from the City of Pontiac, the State of Michigan, and even recognition from President Bill Clinton.

The impact that Pastor Jones has had on the community is immeasurable. As founder and President of the Greater Pontiac Community Coalition and board member of the Pontiac Youth Assistance Board, he has established programs that guide our youth to a brighter future. In addition, the scholarship established by his church has helped open the doors of success to hundreds of young men and women.

Today I recognize Reverend Douglas P. Jones for his commitment to his faith and community. He has truly worked to help better those around him. I wish him many years of continued success and a happy and healthy birthday.

IN RECOGNITION OF STAFF SERGEANT SHANNON WEAVER

HON. MIKE ROGERS

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. ROGERS of Alabama. Madam Speaker, SSG Shannon Weaver was killed on May 21, 2007, in Baghdad, Iraq, when his vehicle was struck by an I.E.D. Staff Sergeant Weaver was assigned to the A Company, 425th Brigade Special Troops Battalion, 25th Infantry Division stationed in Fort Richardson, Alaska.

Staff Sergeant Weaver had previously completed two operational deployments and was on his second tour of duty in Iraq. Staff Sergeant Weaver will be dearly missed by family and the community of his youth, Piedmont, Alabama. Shannon was a graduate of Piedmont High School where he was a member of the football team. His former teammates recall a young man known for his strong will and determination.

Words cannot express the sense of sadness we have for his family and for the gratitude our country feels for his service. Staff Sergeant Weaver, like other brave men and women who have served in uniform, died serving not just the United States but the entire cause of liberty. Indeed, like those who have served before him, he was a true American.

We will forever hold him closely in our hearts, and remember his sacrifice and that of his family as a remembrance of his bravery and willingness to serve our Nation. Thank you, Madam Speaker, for the House's remembrance at this mournful occasion.

COMMEMORATING UCLA'S 100TH NCAA CHAMPIONSHIP

HON. HENRY A. WAXMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Mr. WAXMAN. Madam Speaker, I would like to take this opportunity to recognize the University of California, Los Angeles for winning its 100th NCAA championship. UCLA is the first university to reach this historic milestone through the hard work and dedication of gifted young student-athletes and their coaches. Beginning with the university's first NCAA championship in tennis in 1950, 16 different men's and women's athletics programs have contributed to these 100 championships, establishing an unparalleled record of excellence. The most recent championship victory was achieved when the women's water polo team captured the 2007 NCAA title. For the talented young women of the water polo team, this represents their third consecutive championship and fifth overall.

Madam Speaker, while this is an occasion to commend these athletes, their coaches, the athletics staff, and the fans who proudly wear the blue and gold, we should recognize not only their athletic achievements, but also UCLA's outstanding tradition of nurturing student-athletes who excel both on and off the field and the contributions they make to their communities as they do so. I am proud and delighted to congratulate UCLA on this occasion. Go Bruins.

PERSONAL EXPLANATION

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 19, 2007

Ms. ESHOO. Madam Speaker. I was not present during rollcall votes Nos. 444–447 on June 7, 2007, and rollcall votes Nos. 492–498 on June 14, 2007.

On rollcall vote No. 444 I would have voted "yes."

On rollcall vote No. 445 I would have voted "yes."

On rollcall vote No. 446 I would have voted "no."

On rollcall vote No. 447 I would have voted "yes."

On rollcall vote No. 492 I would have voted "no."

On rollcall vote No. 493 I would have voted "yes."

On rollcall vote No. 494 I would have voted "no."

On rollcall vote No. 495 I would have voted "yes."

On rollcall vote No. 496 I would have voted "no."

On rollcall vote No. 497 I would have voted "yes."

On rollcall vote No. 498 I would have voted "yes."

HOUSE OF REPRESENTATIVES—*Wednesday, June 20, 2007*

The House met at 10 a.m. and was called to order by the Speaker pro tempore (Mr. SIRES).

DESIGNATION OF THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
June 20, 2007.

I hereby appoint the Honorable ALBIO SIRES to act as Speaker pro tempore on this day.

NANCY PELOSI,
Speaker of the House of Representatives.

PRAYER

The Chaplain, the Reverend Daniel P. Coughlin, offered the following prayer:

As a people, we protect our privacy and prize our secrets. Perhaps this is why, O Lord, we have difficulty in accepting You as infinite self-disclosure.

Out of love for us, You continue to reveal Yourself in Your creation, by speaking Your word and breathing forth Your spirit upon us and the work of Congress.

Today, again, Lord, speak Your word and Your servants will try to listen more attentively. In the midst of the many problems and concerns before Congress, Your servants can seem at times distracted or even dissipated. Let faith open their minds and hearts.

Send forth Your spirit to free these leaders in government, touch individual consciences, and help them collaborate with one another to address the priorities of Your people as a focused agenda.

By Your revelation to them and in them may Your servants accomplish mighty deeds in Your holy name.

Amen.

THE JOURNAL

The SPEAKER pro tempore. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentleman from Texas (Mr. POE) come forward and lead the House in the Pledge of Allegiance.

Mr. POE led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair will entertain up to 15 one-minute speeches on each side.

STAND BY OUR VALUES, IDEALS, AND PRINCIPLES

(Mr. MORAN of Virginia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MORAN of Virginia. Mr. Speaker, in a recent international survey, we find that nations around the world think China could be better trusted to lead this world than the United States. It's a devastating conclusion. It would not have been the case even 6 years ago.

It's not that people around the world don't acknowledge our military power, but it is our arrogance and the fact that we don't live up to our principles and ideals that this survey reflects.

If we are going to win this so-called global war on terrorism, it is not going to be through a military victory. It is going to be because we stand by the values and ideals and principles that define us as a nation and as a people.

One of the things that every day undermines those defining principles is keeping the Guantanamo detention facility open, keeping hundreds of people detained without charging them, without enabling them to know what they are charged with and thus being able to defend themselves. It's the antithesis of what this country stands for. That detention facility needs to be shut down. And we need to regain our rightful position as the leader of the free world.

THE NINE FIREFIGHTERS OF CHARLESTON

(Mr. POE asked and was given permission to address the House for 1 minute.)

Mr. POE. Mr. Speaker, firefighters are a special brand of people. When others are fleeing burning buildings, firefighters suit up and charge head first into the searing infernos and blackening smoke, not stopping until that beast is tamed. They go where others fear to tread.

In Charleston, South Carolina, on Monday night, firefighters were called to a blaze at a local furniture store. As they were trained to do, they entered the engulfed building. Moments later, without warning, the roof of the furniture store collapsed, trapping and killing nine firefighters.

Last night, at 7:00 p.m., 24 hours after the tragedy, at 30,000-plus fire stations across the plains of America, firefighters stood in reverent silence for their brothers. This devastation in Charleston is the single greatest sacrifice of American firefighters since 343 of them were killed on September 11.

This Nation's firefighters are ordinary citizens armed with extraordinary bravery and dedication to the public. When danger occurs, most run from the danger, but America's firefighters are not like most. They run to the danger.

And that's just the way it is.

DEMOCRATS INVESTING IN RIGHT PRIORITIES

(Mr. WELCH of Vermont asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WELCH of Vermont. Mr. Speaker, to govern is to choose. For the past 6 years, the choices made by the Republican leadership in this Congress have been wrong for America: tax cuts for the very wealthy, budget cuts for everyone else in health care, in education and the environment. It has led to the largest deficit in the history of this country.

The new Congress is making a different choice, promising to invest in America's priorities, first by bringing back fiscal responsibility and then making government work for average working families. Last week this House passed a Homeland Security bill. It improves aviation and port security, restores cuts to first responders across the Nation.

This week we passed an Energy and Water appropriations bill that finally provides a significant investment in studying the effects of global warming, something that's been ignored for far too long.

This new Congress is moving this country in a new direction and has made a new choice.

COMMENDING THE WORK OF HOUSE CONSERVATIVES

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, last week the House engaged in an important debate regarding the transparency and accountability of Member project requests. As Democrat leaders sought to earmark taxpayer dollars in the dark of night, and away from public scrutiny, House Republicans took them to task, demanding the reforms we past last year be upheld.

I am grateful for the work of my colleagues on the Republican Study Committee who are committed to returning our party to its roots of fiscal discipline. Budget Committee ranking member PAUL RYAN has worked tirelessly in his fight against the Democrat budget, which amounts to the largest tax increase in American history.

RSC chairman JEB HENSARLING and his staff are working night and day literally to promote conservative philosophy. I am especially thankful for the work of communications director Brad Dayspring, who works some of the longest hours on Capitol Hill to accomplish this goal.

In conclusion, God bless our troops and we will never forget September 11th.

FUNDING FOR VETERANS HEALTH CARE, DEMOCRATS PROVIDE LARGEST FUNDING INCREASE EVER

(Mr. GRIJALVA asked and was given permission to address the House for 1 minute.)

Mr. GRIJALVA. Mr. Speaker, many of our soldiers returning from service in Iraq and Afghanistan suffer from a loss of limb or other serious wounds. Our VA and military hospitals have state-of-the-art facilities to treat these wounds and to help our soldiers make a recovery that they need and deserve.

But the same is not true for those soldiers who return from combat suffering from post-traumatic stress syndrome. A Washington Post series chronicled the struggles faced by many of our soldiers seeking psychological assistance and support from our medical facilities and from the VA. The Post writers concluded that Walter Reed lacks sufficient psychiatrists and clinicians to properly treat the growing numbers of soldiers returning with combat stress.

I am proud to say help is on the way. The historic VA funding which passed the House last week provides 600 million more than the President requested to treat PTSD and finally, finally, begin to address a disturbing problem. Let us not repeat the mistake we have made with our Vietnam veterans and begin to help our veterans now.

WORLD REFUGEE DAY

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, today is World Refugee Day, and I rise to draw the attention of this body to the plight of millions of refugees and internally displaced people around the world.

As a beacon of hope and freedom, the United States has historically been a leader in raising awareness and providing assistance to the world's refugees, and the need is certainly great.

Thousands, for instance, of Iraqis have been forced to flee their homeland and face a daily existence that denies them even the most basic protections. The military dictatorship in Burma has inflicted such horrific violence on the Burmese people that hundreds of thousands of people have been forced to flee just to save their own lives. These are just two examples. The list goes on.

There are over 8 million refugees, nearly 24 million IDPs, internally displaced people, worldwide. Combined, that's nearly equal to the population of California.

On this World Refugee Day, let us remember the plight of these people. Try to find ways that we can help and support them.

ST. JUDE CHILDREN'S RESEARCH HOSPITAL AND STEM CELL RESEARCH

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, Saturday night Memphis, Tennessee, will celebrate the 50th anniversary of ALSAC, which is the fund-raising arm of St. Jude Hospital, an institution of which I am extremely proud.

St. Jude has used science to bring cures to cancer and to fight cancer for children. It is a leading institution in our country. President Bush has a stem cell bill before him that this House and the Senate have passed. It needs his signature to become law.

I plead to the President to allow that bill to become law, as Nancy Reagan has pleaded to the President when she saw her husband suffering from Alzheimer's; as Christopher Reeve pleaded when he had spinal cord injuries and some hope for his future, but didn't see it and died; as people with Parkinson's, multiple sclerosis and cancer hope.

Today I speak to you as a victim of polio. I wish we had stem cell research 50 years ago so we could regrow the muscle in my leg, and I would be whole, and I could play on the baseball team that the Congress has going to play next month. But I can't do it.

We didn't have that research. We didn't have stem cells. We have it today. We need to invest it for the people of the 20th century and to cure illness. Please, Mr. President, sign the bill.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Members are reminded to address their remarks to the Chair.

DEMOCRATS ARE TAXING AND SPENDING

(Mr. AKIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. AKIN. Mr. Speaker, congressional Democrats are looking to fund $190 billion in spending projects. However, they don't have $190 billion. So the Democrats seem to be disguising the truth from the American people by playing hide and seek. They are hiding $190 billion by claiming it's in a reserve fund. But there isn't any reserve fund.

So where will $190 billion come from? Well, the Democrats have voted to terminate the Republican tax cuts of 2001 through 2003. The money will come from the American taxpayers.

As much as I strongly disagree with tax increases, the least the Democrats can do is to level with the American people.

Rather than playing hide and seek, the Democrats should have the political courage to admit that they are taxing and spending. The American people deserve to know the truth. After all, it's their money.

FUNDING FOR HEALTH CARE OF AMERICAN SOLDIERS

(Mr. MAHONEY of Florida asked and was given permission to address the House for 1 minute.)

Mr. MAHONEY of Florida. Mr. Speaker, it's an unfortunate fact of war young American soldiers are not only losing their lives on the battlefield, but many soldiers who survive traumatic combat injuries are returning home with equally serious psychological wounds. Unfortunately, the Veterans Administration has not been given, by this administration, the personnel and the funding necessary to address the problem.

A recent series of Washington Post articles followed the stories of several soldiers returning home from service in Iraq who suffer from post-traumatic stress disorder. The articles paint a harrowing picture of the challenges that face these veterans, suicidal patients left in waiting rooms, psychiatric wards with terrible odors and a disconcerting lack of therapy and treatment.

Mr. Speaker, last week this House took action to help our military personnel who are suffering from post-traumatic stress syndrome. We passed the largest increase for funding for veterans health care in the VA's history. This includes treatment for PTSD.

It is clear that these funds are desperately needed to provide better care for our men and women returning from serving our Nation.

□ 1015

AMERICA IS AT AN ENERGY CROSSROAD

(Mrs. BLACKBURN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BLACKBURN. Mr. Speaker, we in America are at an energy crossroad. Now, one road will lead to price controls and a potential energy crisis that would remind us of the 1970s. The other would lead to cutting-edge technology that will provide affordable, reliable energy for decades to come.

Yet, the liberal leadership in this House has chosen to revert to the 1970s and repeat that history. Today, the Energy appropriations bill under consideration will underfund nuclear production by $20 million in one account, hydroelectric power by $20 million in another account, and other forms of American productivity by hundreds of millions of dollars.

And where does the money go? Well, it goes to fund research for climate change in another bow to the religion of global warming.

And in coordination with other House and some Senate legislation, we find out that some of these proposals could end up raising the price of a gallon of gas over the next couple of decades to $6 a gallon.

We need to focus on energy independence today. It is what the American people want.

SOME THINGS ARE MORE IMPORTANT THAN POLITICS

(Mr. EMANUEL asked and was given permission to address the House for 1 minute.)

Mr. EMANUEL. Mr. Speaker, some things are more important than politics. Lifesaving research that has the potential to cure diseases and end suffering for millions of Americans ought to be one of them.

But for President Bush, certain things aren't above politics. The President formed his opinion on stem cell research and now he has America ensnarled in his political straitjacket.

The American people see stem cell research as a cure to illnesses that plague their family and family members.

So today, as the President vetoes legislation that is backed by 72 percent of the American people, he will attempt to fool the American public and soothe his conscience with a symbolic gesture that is empty of medical value.

The American people will not be fooled. They know that the President has failed to lead and, instead, made a decision that is a crushing blow to millions of Americans suffering from diseases like Parkinson's, Alzheimer's and ALS.

Sixty years ago, when America was plagued with polio, this Nation and its political leaders rose to the challenge and took on the medical challenge of their time. Thank goodness we are not facing that challenge now, and we had leaders then who put medical science ahead of political stance.

CATHEDRAL HIGH SCHOOL WINS CLASS 2A BASEBALL TOURNAMENT

(Mrs. BACHMANN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BACHMANN. Mr. Speaker, I rise today for a happy occasion to congratulate the St. Cloud Cathedral High School Crusaders for winning the Class 2A High School Baseball Tournament Championship in Minnesota.

This was a thrill, Mr. Speaker, when the Crusaders came from behind in the final inning, in a most dramatic 7–6 victory over the great students from Glencoe-Silver Lake. It doesn't get much better than this in Minnesota, Mr. Speaker.

The championship is a long tradition of success for the Cathedral students. And over the course of 13 State appearances, the Crusaders have come a way with six State titles.

This continued success of the program for the Cathedral Crusaders is no doubt due to the steady leadership of the head coach, Mr. Bob Karn who, in his 37 seasons of coaching the Crusaders, brought his team once more to a great victory.

Mr. Speaker, I ask that this body would join me in congratulating Coach Karn and the Cathedral Crusaders on their Class 2A State Baseball Championship.

DEMOCRATS CONTINUE TO WORK TO BRING REAL ACCOUNTABILITY TO WASHINGTON

(Mr. HODES asked and was given permission to address the House for 1 minute.)

Mr. HODES. Mr. Speaker, when Democrats took control of Congress earlier this year, we vowed to restore accountability here in Washington. Unfortunately, President Bush is stubbornly resistant to any changes in the status quo.

Case in point: Earlier this year we passed the Accountability in Contracting Act which cleans up government contracting abuses and no-bid contracts that companies like Halliburton and KBR have made infamous. The bill overwhelmingly passed here in the House, and yet the Bush administration says it currently opposes the bill.

We've all heard about the $100 million compensation packages that executives walk away with at the same time their company is laying off their employees. So we in Congress passed a corporate accountability bill that enhances the accountability of corporate management shareholders by allowing a nonbinding vote by shareholders on executive compensation plans. But the administration opposes this legislation in its current form.

Mr. Speaker, despite opposition from the President and his party, Democrats will continue to serve as a catalyst for change to care about ordinary, hardworking Americans and bring real accountability here in Washington.

START ADDRESSING THE PRIORITIES OF THE AMERICAN PEOPLE

(Ms. FOXX asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. FOXX. Mr. Speaker, during the first months of this new Congress, Democrats have passed resolutions congratulating sports teams and renaming post offices, along with the largest tax increase in American history. But they've done nothing to lower the tax burden on hardworking American families, enact legislation to address skyrocketing gasoline prices, or enact legislation to secure our borders.

I know what my district needs. Families in my district want a lower tax bill. They want us to spend their tax dollars sparingly and wisely. My constituents want to pay less for gas at the pump. They want to know our borders are secure, and that our ports and airports are safe from terrorists.

It's time for this Congress to start addressing the priorities of the American public. It's time we stopped passing resolutions congratulating sports teams and started enacting legislation into law.

I urge my Democrat colleagues not to continue to languish as a do-nothing Congress, but to let us start enacting some of the legislative priorities of our constituents into law.

A CHANGE IN DIRECTION IS NEEDED IN IRAQ

(Mr. ELLISON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ELLISON. Mr. Speaker, this weekend, General David Petraeus acknowledged that we will not see any significant improvements in the situation on the ground in Iraq by September.

When President Bush first proposed the troop escalation plan at the beginning of this year, he said we should

know if it's actually working by the beginning of the summer. A couple of months later, when the troops were actually on the ground, the President revised that time frame, saying that we should have a good grasp if the plan is working by September.

Now we have confirmation from the President's top general on the ground that positive signs in Iraq will continue to be elusive.

The question now is, will the administration do as it has in the past and change the deadline?

Moving deadlines are simply no longer acceptable. President Bush has been promising for months that we would see significant changes come September, and since that is no longer possible, a significant change in direction is needed in Iraq.

It is time for the President and the congressional Republicans to realize that Petraeus is now admitting that no improvements will be seen by September.

ADDRESSING VETERANS' INVISIBLE WOUNDS

(Mr. KENNEDY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KENNEDY. Mr. Speaker, our troops are returning from all over the world having suffered from many wounds, but many of the wounds that they're suffering from are not visible to the naked eye. Those wounds are psychological wounds. And tragically, our veterans system is not equipped, as we've seen this last week from a series by the Washington Post, to address many of those concerns.

Our Nation needs to be better prepared to address the psychological and emotional wounds that our veterans are facing. And tragically, this country has not come to grips with the mental health crisis that even our own citizens face.

This Congress needs to address this problem. It needs to address it within the Veterans Administration, and it needs to address it for this country by passing mental health parity and by making sure that we address PTSD for our veterans, making sure we have oversight of the VA, and making sure that they address the needs of our veterans, both visible and invisible wounds of our Nation's veterans.

BUSH ADMINISTRATION BLOCKING DEMOCRATIC ATTEMPTS TO MOVE AMERICA IN A NEW DIRECTION

(Mr. ARCURI asked and was given permission to address the House for 1 minute.)

Mr. ARCURI. Mr. Speaker, over the last 6 months the new Democratic Congress has passed over 37 major pieces of legislation, many of them with bipartisan support, which have helped millions of Americans. Unfortunately, President Bush seems content with the status quo, opposing two-thirds of our forward-agenda.

Today, the President will again veto legislation providing for a serious Federal investment in lifesaving stem cell research, supported by 70 percent of the American people. Further stem cell research would give new hope to millions of American families across the country suffering from life threatening and debilitating diseases like lupus, juvenile diabetes and Parkinson's.

Earlier this year, we approved a defense authorization bill that includes a 3.5 percent pay raise for military personnel. The President's response was a veto threat. He believed a 3.5 percent raise was too much.

Mr. Speaker, there is never too much gratitude and respect we can show for our troops. We don't show gratitude with lip service, we show it by action.

Mr. Speaker, I was elected in November to move this country in a new direction, and my fellow Democrats are serious about real change. And I respectfully ask the President to join us.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which a recorded vote or the yeas and nays are ordered, or on which the vote is objected to under clause 6 of rule XX.

Record votes on postponed questions will be taken later today.

EMMETT TILL UNSOLVED CIVIL RIGHTS CRIME ACT OF 2007

Mr. SCOTT of Virginia. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 923) to establish an Unsolved Crimes Section in the Civil Rights Division of the Department of Justice, and an Unsolved Civil Rights Crime Investigative Office in the Civil Rights Unit of the Federal Bureau of Investigation, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 923

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ''Emmett Till Unsolved Civil Rights Crime Act of 2007''.

SEC. 2. SENSE OF CONGRESS.

It is the sense of Congress that all authorities with jurisdiction, including the Federal Bureau of Investigation and other entities within the Department of Justice, should—

(1) expeditiously investigate unsolved civil rights murders, due to the amount of time that has passed since the murders and the age of potential witnesses; and

(2) provide all the resources necessary to ensure timely and thorough investigations in the cases involved.

SEC. 3. DEPUTY CHIEF OF THE CRIMINAL SECTION OF THE CIVIL RIGHTS DIVISION.

(a) IN GENERAL.—The Attorney General shall designate a Deputy Chief in the Criminal Section of the Civil Rights Division of the Department of Justice.

(b) RESPONSIBILITY.—

(1) IN GENERAL.—The Deputy Chief shall be responsible for coordinating the investigation and prosecution of violations of criminal civil rights statutes that occurred not later than December 31, 1969, and resulted in a death.

(2) COORDINATION.—In investigating a complaint under paragraph (1), the Deputy Chief may coordinate investigative activities with State and local law enforcement officials.

(c) STUDY AND REPORT.—

(1) STUDY.—The Attorney General shall annually conduct a study of the cases under the jurisdiction of the Deputy Chief or under the jurisdiction of the Supervisory Special Agent and, in conducting the study, shall determine—

(A) the number of open investigations within the Department for violations of criminal civil rights statutes that occurred not later than December 31, 1969;

(B) the number of new cases opened pursuant to this Act since the previous year's study;

(C) the number of unsealed Federal cases charged within the study period, including the case names, the jurisdiction in which the charges were brought, and the date the charges were filed;

(D) the number of cases referred by the Department to a State or local law enforcement agency or prosecutor within the study period, the number of such cases that resulted in State charges being filed, the jurisdiction in which such charges were filed, the date the charges were filed, and if a jurisdiction declines to prosecute or participate in an investigation of a case so referred, the fact it did so;

(E) the number of cases within the study period that were closed without Federal prosecution, the case names of unsealed Federal cases, the dates the cases were closed, and the relevant federal statutes;

(F) the number of attorneys who worked, in whole or in part, on any case described in subsection (b)(1); and

(G) the applications submitted for grants under section 5, the award of such grants, and the purposes for which the grant amount were expended.

(2) REPORT.—Not later than 6 months after the date of enactment of this Act, and each year thereafter, the Attorney General shall prepare and submit to Congress a report containing the results of the study conducted under paragraph (1).

SEC. 4. SUPERVISORY SPECIAL AGENT IN THE CIVIL RIGHTS UNIT OF THE FEDERAL BUREAU OF INVESTIGATION.

(a) IN GENERAL.—The Attorney General shall designate a Supervisory Special Agent in the Civil Rights Unit of the Federal Bureau of Investigation of the Department of Justice.

(b) RESPONSIBILITY.—

(1) IN GENERAL.—The Supervisory Special Agent shall be responsible for investigating violations of criminal civil rights statutes that occurred not later than December 31, 1969, and resulted in a death.

(2) COORDINATION.—In investigating a complaint under paragraph (1), the Supervisory Special Agent may coordinate the investigative activities with State and local law enforcement officials.

SEC. 5. GRANTS TO STATE AND LOCAL LAW ENFORCEMENT.

(a) IN GENERAL.—The Attorney General may award grants to State or local law enforcement agencies for expenses associated with the investigation and prosecution by them of criminal offenses, involving civil rights, that occurred not later than December 31, 1969, and resulted in a death.

(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated $2,000,000 for each of the fiscal years 2008 through 2017 to carry out this section.

SEC. 6. AUTHORIZATION OF APPROPRIATIONS.

(a) IN GENERAL.—There are authorized to be appropriated, in addition to any other amounts otherwise authorized to be appropriated for this purpose, to the Attorney General $10,000,000 for each of the fiscal years 2008 through 2017 for the purpose of investigating and prosecuting violations of criminal civil rights statutes that occurred not later than December 31, 1969, and resulted in a death. These funds shall be allocated by the Attorney General to the Deputy Chief of the Criminal Section of the Civil Rights Division and the Supervisory Special Agent of the Civil Rights Unit of the Federal Bureau of Investigation in order to advance the purposes set forth in this Act.

(b) COMMUNITY RELATIONS SERVICE OF THE DEPARTMENT OF JUSTICE.—In addition to any amounts authorized to be appropriated under title XI of the Civil Rights Act of 1964 (42 U.S.C. 2000h et seq.), there are authorized to be appropriated to the Community Relations Service of the Department of Justice $1,500,000 for fiscal year 2008 and each subsequent fiscal year, to enable the Service (in carrying out the functions described in title X of such Act (42 U.S.C. 2000g et seq.)) to provide technical assistance by bringing together law enforcement agencies and communities in the investigation of violations of criminal civil rights statutes, in cases described in section 4(b).

SEC. 7. DEFINITION OF "CRIMINAL CIVIL RIGHTS STATUTES".

In this Act, the term ''criminal civil rights statutes'' means—

(1) section 241 of title 18, United States Code (relating to conspiracy against rights);

(2) section 242 of title 18, United States Code (relating to deprivation of rights under color of law);

(3) section 245 of title 18, United States Code (relating to federally protected activities);

(4) sections 1581 and 1584 of title 18, United States Code (relating to involuntary servitude and peonage);

(5) section 901 of the Fair Housing Act (42 U.S.C. 3631); and

(6) any other Federal law that—

(A) was in effect on or before December 31, 1969; and

(B) the Criminal Section of the Civil Rights Division of the Department of Justice enforced, before the date of enactment of this Act.

SEC. 8. SUNSET.

Sections 2 through 6 of this Act shall cease to have effect at the end of fiscal year 2017.

SEC. 9. AUTHORITY OF INSPECTORS GENERAL.

Title XXXVII of the Crime Control Act of 1990 (42 U.S.C. 5779 et seq.) is amended by adding at the end the following:

''SEC. 3703. AUTHORITY OF INSPECTORS GENERAL.

''(a) IN GENERAL.—An Inspector General appointed under section 3 or 8G of the Inspector General Act of 1978 (5 U.S.C. App.) may authorize staff to assist the National Center for Missing and Exploited Children—

''(1) by conducting reviews of inactive case files to develop recommendations for further investigations; and

''(2) by engaging in similar activities.

''(b) LIMITATIONS.—

''(1) PRIORITY.—An Inspector General may not permit staff to engage in activities described in subsection (a) if such activities will interfere with the duties of the Inspector General under the Inspector General Act of 1978 (5 U.S.C. App.).

''(2) FUNDING.—No additional funds are authorized to be appropriated to carry out this section.''.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Virginia (Mr. SCOTT) and the gentleman from Texas (Mr. SMITH) each will control 20 minutes.

The Chair recognizes the gentleman from Virginia.

Mr. SCOTT of Virginia. Mr. Speaker, I yield such time as he may consume to the gentleman from Michigan (Mr. CONYERS).

Mr. CONYERS. I thank my chairman of the Subcommittee on Crime.

Mr. Speaker, today is a very important day. What we're doing is recalling a difficult period in American history to understand the combined climate at that time that coexisted with fear and violence during the civil rights era. And so we have the Emmett Till Unsolved Civil Rights Crime Act.

The first thing I want to do is try to recapture, for the moment, all those who were not in the Judiciary Committee the day of the testimony, because it moved both Republicans and Democrats and visitors when we had Myrlie Evers, the widow of Medgar Evers, who was himself a victim of the violence that marked the civil rights era, talking to us about Emmett Till and how this youngster's life was taken.

And it was one of those moments in judiciary history that we were all electrified by the ability of our witnesses to recapture this moment in our history.

□ 1030

It was a remarkable hearing. I commend the gentleman from Virginia (Mr. SCOTT) and others, including the ranking member of the Judiciary Committee, LAMAR SMITH, and also I lift up the name of STEVE KING of Iowa. Everybody was moved by this determination that at this point in American history we are now moving forward at a pace that may not always be recognized, faster than we think. And the reason I say that is that we are now going back into history to make the corrections that law enforcement could have and should have made at that earlier time. So it is to me a very powerful determination of the Committee on the Judiciary to bring H.R. 923 to the floor for the expedited action that is required this morning.

Mr. SMITH of Texas. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of H.R. 923, the Emmett Till Unsolved Civil Rights Crime Act of 2007. I am a cosponsor of H.R. 923, which has broad bipartisan support.

At the full committee markup of this legislation last week, members from both sides of the aisle, as Chairman CONYERS just mentioned, and from all backgrounds and experiences joined together to ensure the swift prosecution of civil rights-era crimes, which were oftentimes ignored.

It is appropriate that the House consider this legislation today, Mr. Speaker. Last week marked the 44th anniversary of the murder of civil rights leader Medgar Evers. Before his death, Medgar Evers was a primary, although unofficial, investigator of the Emmett Till murder. The committee was privileged to hear from his widow, Mrs. Myrlie Evers William. She movingly testified that the conviction of Medgar's killer in 1994, 31 years after his murder, gave a sense of hope to those who experienced this bleak time in our Nation's history.

Last week also marked an enormous victory in the fight to bring justice to unsolved civil rights-era murders. A Mississippi jury convicted former Klansman James Ford Seale for his role in the 1964 kidnapping and murder of 19-year-olds Charlie Eddie Moore and Henry Hezekiah Dee.

Unfortunately, time is running out for other unsolved civil rights-era murders. To date, the FBI has identified nearly 100 outstanding cases that still need to be solved. Many of these crimes are 30 to 40 years old. Evidence has been lost or destroyed, witnesses and defendants have died, and memories have dimmed. We must act swiftly to help bring long overdue justice to the victims, their families, and the communities that these brutal crimes affected.

H.R. 923 directs the Attorney General to designate a deputy chief within the Civil Rights Division of the Department of Justice to coordinate the investigation and prosecution of unsolved civil rights-era murders. The bill also directs the Attorney General to designate a supervisory special agent within the Civil Rights Unit of the FBI to further investigate these outstanding cases.

Finally, the bill provides much-needed resources to the Department of Justice, the FBI, and State and local law enforcement officials to prosecute these same cases.

Mr. Speaker, I want to especially thank Chairman CONYERS and Representatives NADLER, FRANKS, SCOTT, and FORBES, members of the Judiciary Committee, for their commitment to this legislation.

I hope my colleagues will support this much-needed bill.

Mr. Speaker, I yield the balance of my time to the gentleman from Virginia (Mr. FORBES), the ranking member of the Crime Subcommittee, and I ask unanimous consent that he be allowed to control that time.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Texas?

There was no objection.

Mr. SCOTT of Virginia. Mr. Speaker, I yield the balance of my time to the gentleman from Michigan (Mr. CONYERS), and I ask unanimous consent that he be allowed to control that time on this side.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Virginia?

There was no objection.

Mr. CONYERS. Mr. Speaker, I thank the gentleman from Virginia (Mr. SCOTT), and I yield him such time as he may consume.

Mr. SCOTT of Virginia. Mr. Speaker, I thank the gentleman for yielding.

Mr. Speaker, I rise in support of H.R. 923, the Emmett Till Unsolved Civil Rights Crime Act of 2007. This important bill enjoys wide bipartisan and bicameral support. The bill will assist Federal, State, and local governments with the important task of solving unsolved civil rights-era crimes.

Mr. Speaker, at the recent joint hearing held by the Subcommittee on Crime, Terrorism, and Homeland Security and the Subcommittee on Constitution, Civil Rights, and Civil Liberties, we heard from six excellent witnesses. The most moving of these were Mrs. Myrlie Evers Williams and Mrs. Rita Schwerner Bender, both of whose husbands the Ku Klux Klan assassinated because of the import civil rights work they were doing. The Klan assassinated Medgar Evers on June 12, 1963, and Michael Schwerner on June 21, 1964. The gentleman from Georgia (Mr. LEWIS) has asked us to take up this act now because it coincides with the anniversary of these two important events. In both cases it took government authorities decades before the killers were convicted of these brutal murders.

Unfortunately, these cases were not isolated incidents. There are dozens of cases, probably hundreds, like these, some of which have never been acknowledged, investigated, or prosecuted. Indeed, we don't even know how many people were murdered during the 1950s and 1960s, because retaliation was so common that many families did not dare report that their loved ones had been murdered. The FBI has identified more than 100 cold cases that should be investigated and, when possible, charges should be brought against the accused killers.

I support H.R. 923 because it will hold the Department of Justice and the FBI accountable for following through on these investigations and prosecutions. The act requires the Attorney General to appoint a specific high-ranking employee in each agency to be accountable for this work. The act also requires the Department of Justice to report to Congress annually on the progress it has made towards solving these cases, and the first such report is due 6 months after the bill becomes law.

Lastly, the bill authorizes funds to the Department of Justice, the FBI, and when appropriate, State and local enforcement agencies, to investigate and prosecute these cases.

The FBI has already made a start in investigating these cases when it kicked off the Cold Cases Campaign in February of 2006 and expanded on this campaign in February 2007 when it solicited assistance from major civil rights organizations. However, there is still much more work that needs to be done, and Federal resources are necessary to do it. H.R. 923 will provide these necessary resources.

I urge my colleagues to support this important bill.

Mr. FORBES. Mr. Speaker, I yield 5 minutes to the distinguished gentleman from Missouri (Mr. HULSHOF).

Mr. HULSHOF. Mr. Speaker, I thank my friend for yielding me the time this morning.

Mr. Speaker, in 1963, while confined in the Birmingham city jail, Dr. Martin Luther King, Jr. wrote a letter to eight Alabama clergymen regarding his recent demonstrations. In that letter, Dr. King eloquently wrote: ''Injustice anywhere is a threat to justice everywhere.'' Dr. King's words ring true today in this debate on H.R. 923, the Emmett Till Unsolved Civil Rights Crime Act. We can no longer stand by and allow those civil rights cold cases to collect dust on our shelves. As a Nation, we owe it to the victims and their families and the country generally to provide them with long overdue justice.

Before I begin, I see waiting in the wings my good friend and colleague, the gentleman from Georgia (Mr. LEWIS). His diligence and perseverance on this legislation has been instrumental in getting us here today.

Mr. Chairman, thank you for considering this bill.

It is truly an honor to stand in league with my friend from Georgia as we began this bill, actually, this trek in the last session of Congress, and certainly he is a giant in the civil rights legislation and it is a privilege for me, Mr. LEWIS, to stand with you on this bill.

I also want to thank Alvin Sykes, who is the president of the Emmett Till Justice Campaign, and also former Senator Jim Talent from Missouri. Had it not been for them, I don't think we would be standing here today. Mr. Sykes was inspirational in opening the Emmett Till case, for whom this legislation is named. He came to Senator Talent two years ago with the idea that ultimately spawned this legislation.

I think in the short time of this calendar year, a couple of months ago we commemorated as a Nation the 150-year anniversary of the Dred Scott decision. As the gentleman from Michigan eloquently stated a moment ago, there have been chapters in our country's history that are not proud chapters, and yet we cannot turn past those chapters in the book of history, but instead must focus and right wrongs.

For those of you who don't know the story of Emmett Till, Emmett was a 14-year-old African American boy from Chicago who spent his summer vacation with relatives in Mississippi. One afternoon, young Emmett spotted a Caucasian woman and allegedly whistled. For this indiscretion he was kidnapped from his house, brutally beaten, and thrown into a river with weights around his neck. And although Emmett's murderers were quickly arrested and placed on trial, the jury acquitted them and they walked out of the courtroom as free men. What makes this story even more tragic is that about a year later, one of the murderers confessed to his guilty conduct, without remorse no less, in an interview in Look magazine.

As an original cosponsor of this bill, I rise today to express my strong support for this legislation as I hope it will help bring closure to countless families who continue to suffer from injustices perpetrated so long ago. As has been noted, this legislation will establish an Unsolved Civil Rights Crime Investigative Office within the FBI to investigate these pre-1970 cases in conjunction with, that is, in conjunction with, State and local authorities. H.R. 923 will also create an Unsolved Crime Section to prosecute these cold cases.

In my previous life as a prosecutor, I tried some three dozen or so murder cases. And with any trial, particularly murder trials, time is of the essence. And that is especially true with cold cases that this legislation addresses. Over the past nearly 20 years, we have had 29 unsolved civil rights murder cases that have been reopened, reexamined. Thankfully, 22 convictions have resulted. We have seen justice brought to the families of Henry Dee and Charlie Moore, who were only 19 when they were murdered. What were their infractions that caused this horrific end to their lives? Henry and Charlie were believed to have knowledge about African Americans importing firearms into the country. And for this James Ford Seale and a group of fellow Klansmen kidnapped Henry and Charlie, took them into the woods, brutally beat them, and drove them into Parker's Landing in Mississippi. Henry was tied to an engine block and thrown into the Mississippi River, still alive. Charlie had to sit there and watch his friend drown, knowing that his fate would be no different. Their bodies were found several months later, Henry still tied to the engine block, Charlie to a pile of iron weights.

After more than 40 years, James Ford Seale was finally held accountable for his actions, convicted just last week for his role in the murders. A fellow Klansman was given immunity in exchange for testifying about Seale's role in the murders.

The Nation has witnessed the conviction of Edgar Ray Killen for his part in the murders of civil rights activists Andrew Goodman, Michael Schwerner, and James Chaney. Ironically, tomorrow, June 21, actually marks the anniversary of those murders.

We have recently seen authorities reexamine the murders of Johnnie Mae Chappell in Florida and Jimmie Lee Jackson in Alabama and hopefully, hopefully, with the enactment of H.R. 923, many more.

Supreme Court Justice Thurgood Marshall once said: ''Justice too long delayed is justice denied.'' I urge all my colleagues to support this legislation so we can continue to help heal the Nation, rectify the inequities of the past, and provide justice to those who have been seemingly forgotten.

□ 1045

Mr. CONYERS. Mr. Speaker, in recognizing the gentleman from Georgia, JOHN LEWIS, I can't help but observe that the difference between this crime, the Emmett Till crime of 52 years ago, and today is that passionately held beliefs about justice and fairness could cost you your life. There are only a few people left in America today who put their lives on the line knowingly in this struggle for justice, and the one in this body, the 110th Congress, is none other than JOHN LEWIS of Georgia, and I yield him as much time as he may consume.

Mr. LEWIS OF Georgia. Mr. Speaker, I want to thank my good friend, the chairman of the Judiciary Committee, (Mr. CONYERS) for those kind words.

Mr. Speaker, I am so pleased the Emmett Till Unsolved Civil Rights Crime Act is being considered today before the full House of Representatives.

I would like to thank the lead cosponsor of this bill, my good friend, Representative KENNY HULSHOF from Missouri, and my good friends in the United States Senate, Senator CHRIS DODD of Connecticut, and Senator PATRICK LEAHY of Vermont for their distinguished support in this effort.

Again, I must thank Chairman CONYERS for all of his help and for all of his support in bringing this bill before us today. Also, Subcommittee Chairs SCOTT and NADLER for coordinating a powerful hearing on this legislation.

Mr. Speaker, the time has come for the sake of history, for the sake of justice, for the sake of closure, the 110th Congress must pass this legislation.

On August 28, 1955, almost 52 years ago, a 14-year-old boy from Chicago, a young African American boy, was visiting his uncle in Money, Mississippi. He was pulled from his bed in the darkness of night. He was beaten until he could hardly be recognized. He was shot in the head, and his body was dumped in the Tallahatchie River, all because somebody said he had been fresh with a white woman.

Several years later, an intelligent and dignified NACP leader named Medgar Evers was gunned down in front of his home in Mississippi in June of 1963. Some historians said it was the injustice of these unsolved two murders that began the mass movement in the American South that we call the modern-day civil rights movement.

Who can forget the NAACP leader and his wife, Harry and Harriette Moore, who were killed by a bomb on Christmas night as they celebrated their 25th wedding anniversary in 1951 in Florida? Who can forget the two black couples lynched about 60 miles east of Atlanta in 1946, or the death of Lemuel Penn, a lieutenant colonel in the United States Army Reserve from Washington, DC, who was a veteran trying to get home from Fort Benning, Georgia for a little rest. He was killed in 1964 as members of the KKK drove by him on a highway.

Who can forget Viola Liuzzo, shot down in Alabama in 1965, from the hometown of our chairman, Chairman CONYERS from Detroit, trying to bring nonviolent activists back to their home after the Selma-to-Montgomery march?

There are hundreds, maybe even thousands, of these crimes that were never brought to justice. There are murderers who have walked free for decades while the families of victims cry out for justice. Passing this bill is the least we can do. And we must do something to right these wrongs.

I will never forget the three civil rights workers, 3 young men I knew, Andy Goodman, James Chaney and Mickey Schwerner. They came to Mississippi with a simple mission, to register as many black voters as possible. They were stopped, arrested, taken to jail. Later that night, June 21, 1964, they were taken from jail by the sheriff and his deputy, turned over to the Klan, where they were beaten, shot and killed. They didn't die in Vietnam. They didn't die in Eastern Europe. They died right here in the United States. They died in Philadelphia, Mississippi.

Viola Liuzzo didn't die on a road or some street in Baghdad, she died right there in Alabama on Highway 80. Lemuel Penn, Medgar Evers, Emmett Till and countless others didn't die in the Middle East; they died right here in our own country fighting for simple justice.

Mr. Speaker, we have an obligation, we have a mission, we have a mandate. The blood of hundreds of innocent men and women is calling out to us. Then, no one came to their aid. But today we can help make it right. Let us move to close this dark chapter in our history. Let us try to wash away the stains on our democracy. So I call on all of my colleagues to pass this legislation and pass it today.

Mr. Speaker, I submit the following letters of support for H.R. 923, the Emmett Till Unsolved Civil Rights Crimes Act.

LAWYERS' COMMITTEE FOR
CIVIL RIGHTS UNDER LAW,
Washington, DC, June 18, 2007.

Hon. NANCY PELOSI,
U.S. House of Representatives,
Washington, DC.

DEAR MADAM SPEAKER: I am writing on behalf of the Lawyers' Committee for Civil Rights Under Law to express our strong support for H.R. 923/S. 535, the Emmett Till Unsolved Civil Rights Crime Act. The bill, sponsored by Congressman John Lewis of Georgia, will give the U.S. Department of Justice the funding and tools necessary to investigate and prosecute civil rights era murders.

Ever since our founding by President John F. Kennedy in 1963, the Lawyers' Committee has sought to attain equal justice under law for all Americans, and the Unsolved Civil Rights Crime Act is an important step in continuing that mission.

We are hopeful that the House of Representatives will pass the bill this week, as June 21 represents an incredibly symbolic day in the history of the civil rights movement. On that date in 1964, KKK member Edgar Ray Killen assembled a mob to hunt down three civil rights workers in Mississippi. The victims' names were James Chaney, Andrew Goodman, and Michael Schwerner. Those young men sacrificed their lives in pursuit of equal rights for all Americans, yet their killer roamed free for decades until a court finally convicted him on June 21, 2005.

We urge Congress to mark this important anniversary by passing H.R. 923.

The bill assigns offices within the Justice Department the specific responsibility of investigating and prosecuting civil rights murders before 1970. Then, civil rights murder cases that went to trial often ended in hung juries. However, today, different attitudes and improved race relations could result in color-blind justice, and technological advancements could allow prosecutors to present more persuasive evidence at trial.

To this end, H.R. 923 will provide the Justice Department with $11.5 million in funds to carry out their duties, a sum publicly supported by a D.O.J. representative at a recent House subcommittee hearing.

At that same hearing, Myrlie Evers-Williams, the widow of slain civil rights worker Medgar Evers, spoke in support of the bill. Her husband was assassinated in 1963, and three decades later, a jury convicted 74 year-old Byron de la Beckwith of the murder, proof that justice knows no time limitations.

Although the Lawyers' Committee and Americans-at-large are thankful that the Evers family and others have received some level of closure, we know that countless American families are still waiting to see justice served. Just last week, a federal jury convicted James Ford Seale of two counts of kidnapping in relation to the 1964 murders of two African-American teenagers. Passage of the Emmett Till Unsolved Crimes Act will help the Justice Department investigate and prosecute cases similar to the Killen, Seale, and De la Beckwith trials.

With your support of this measure, aging murderers who have subverted our legal system for decades could finally face a court of

law. The long-grieving families of numerous victims could hope to see closure. Perhaps most importantly, this bill could assist the United States government in upholding justice, no matter how long overdue.

Again, we urge you to mark this important anniversary by scheduling a floor vote on H.R. 923/S. 535 this week. Please feel free to contact me if you have any questions regarding this request.

Sincerely,

JOHN G. BRITTAIN,
Chief Counsel.

LEADERSHIP CONFERENCE
ON CIVIL RIGHTS,
Washington, DC, June 4, 2007.

Hon. JOHN LEWIS,
Cannon House Office Building,
Washington, DC.
Hon. CHRISTOPHER J. DODD,
Russell Senate Office Building,
Washington, DC.
Hon. KENNY C. HULSHOF,
Cannon House Office Building,
Washington, DC.
Hon. PATRICK J. LEAHY,
Russell Senate Office Building,
Washington, DC.

DEAR COLLEAGUES: On behalf of the Leadership Conference on Civil Rights (LCCR), the nation's oldest, largest, and most diverse civil and human rights coalition, with nearly 200 member organizations, we urge you to cosponsor and support the bipartisan Emmett Till Unsolved Civil Rights Crime Act (S. 535/H.R. 923). LCCR believes that it is imperative to put resources behind investigating and prosecuting those individuals involved with committing the unsolved civil rights era crimes.

The historic conviction of Edgar Ray Killen, for the 1964 deaths of three Mississippi Civil Rights workers, Andrew Goodman, James Chaney, and Michael Schwerner, demonstrates how it is imperative that our nation bring murderers to justice, even if several decades have passed since these heinous crimes were committed. However, time is running out because the witnesses to these crimes are elderly.

S. 535/H.R. 923 will create two new offices to investigate and prosecute unsolved civil rights era murders. The Unsolved Civil Rights Crime Investigative Office, a new FBI office headed by a Chief Investigator, will aggressively investigate pre-1970 murder cases in coordination with state and local law enforcement. The second office will be the Unsolved Crimes Section in the Civil Rights Division of the DOJ, which will focus specifically on prosecuting these cases. If a crime other than murder is discovered during the course of an inquiry, it will be referred to the appropriate law enforcement officials.

The bill authorizes $11.5 million in annual appropriations: $5 million for the Unsolved Crimes Section, $5 million for the Unsolved Civil Rights Crime Investigative Office and $1.5 million for Community Relations Service of the Department of Justice to work with local communities in identifying these cases.

We hope that you co-sponsor and support the Emmet Till Unsolved Civil Rights Crime Act (S. 535/H.R. 923), which will bring to justice individuals who committed heinous crimes against civil rights activists and individual African Americans.

Sincerely,

WADE HENDERSON,
President & CEO.
NANCY ZIRKIN,
Vice President/Director of Public Policy.

NATIONAL ASSOCIATION FOR THE
ADVANCEMENT OF COLORED PEOPLE,
Washington, DC, June 5, 2007.

Re H.R. 923, the Emmett Till Unsolved Civil Rights Crime Act.

Hon. JOHN LEWIS,
U.S. House of Representatives,
Washington, DC.
Hon. KENNY HULSHOF,
U.S. House of Representatives,
Washington, DC.

DEAR CONGRESSMEN LEWIS AND HULSHOF: On behalf of the National Association for the Advancement of Colored People (NAACP), our nation's oldest, largest and most widely-recognized/grassroots civil rights organization, I would like to thank you for your sponsorship of and leadership behind H.R. 923 the Emmett Till Unsolved Civil Rights Crime Act. It is imperative to bring murderers of early civil rights activists to justice, to show the victims' families, as well as the Nation, that their sacrifices continue to outrage our Nation. The United States' government needs to commit the resources necessary to see that these heinous crimes intended to intimidate are resolved.

Witnesses and evidence to these crimes are aging and time is of the essence. As proven by the historic 2005 conviction of Edgar Ray Killen for the 1964 deaths of three Civil Rights workers, Andrew Goodman, James Chaney, and Michael Schwerner, and the 1994 conviction of Byron De La Beckwith of the murder of Medgar Evers, more than 40 years earlier, there is no time limit on justice.

As you know, this bill creates two new offices within the Department of Justice whose sole purpose is to investigate these crimes. The Unsolved Civil Rights Crime Investigative Office, a new FBI office headed by a Chief Investigator, will aggressively investigate pre-1970 cases in coordination with state and local law enforcement officials that resulted in death and remain unsolved. This office will do everything possible to make certain those who have committed these murders are brought to justice. The Unsolved Crimes Section, a new office within the Civil Rights Division of the Department of Justice, will focus specifically on prosecuting these cases. If a crime other than murder is discovered during the course of an inquiry it will be referred to the appropriate law enforcement officials. Lastly, the bill authorizes $11.5 million in annual appropriations: $5 million for the Unsolved Crimes Section, $5 million for the Unsolved Civil Rights Crime Investigative Office and $1.5 million for Community Relations Service of the Department of Justice to work with local communities in identifying these cases.

In order for our Nation to fully begin to move beyond these heinous orimes, the federal government needs to resolve these cases. Thank you again for your leadership on this bill; the NAACP deeply appreciates all you are doing on this issue. Please feel free to contact me if you have any questions or comments on the NAACP position, or if there is any way that I can be helpful to you as we move ahead with this legislation.

Sincerely,

HILARY O. SHELTON,
Director.

Mr. FORBES. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, it is both humbling and an honor to speak on this bill after the distinguished gentleman, Congressman LEWIS, has just spoken. And I join my colleagues in strong support of H.R. 923, the Emmett Till Unsolved Civil Rights Crime Act OF 2007, and also compliment Chairman CONYERS for his leadership and work on bringing this bill forward.

It is important that Congress adopt this legislation as quickly as possible; 30 to 40 years have passed since many of these murders were committed.

Under normal circumstances, trying a murder case is difficult and costly. Add to that the loss or destruction of evidence, witnesses who have died or are unavailable, and numerous procedural hurdles, it only increases the difficulty and cost of prosecuting these crimes. But law enforcement officers and prosecutors are continuing to pursue these cases, and we applaud their efforts.

In 2006, the FBI directed all 56 of its field offices to comb through their own cold case files and assess how many could be prosecuted. The FBI identified roughly 100 such cases. Many cases are confined to a handful of field offices that must complete rigorous in-depth investigations before it's too late.

H.R. 923 directs the Attorney General to designate a deputy chief within the Civil Rights Division of the Department of Justice to coordinate the investigation and prosecution of unsolved civil rights-era murders. The bill also directs the Attorney General to designate a supervisory special agent within the Civil Rights Unit of the FBI to investigate these outstanding cases.

Mr. Speaker, most of these cases, if viable, will lack the requisite Federal nexus for prosecution by the Department of Justice. Yet, the Department and the FBI are able to provide valuable assistance to State prosecutors in their investigations. The Emmett Till Unsolved Civil Rights Crime Act provides additional resources to fully assess these cases and bring the offenders to justice.

I urge my colleagues to support this bill.

Mr. Speaker, I reserve the balance of my time.

Mr. CONYERS. Mr. Speaker, may I inquire as to the time remaining?

The SPEAKER pro tempore. The gentleman from Michigan has 7 minutes. The gentleman from Virginia controls 13 minutes.

Mr. CONYERS. Mr. Speaker, I am pleased now to yield to the articulate gentlelady from Texas, SHEILA JACKSON-LEE, a distinguished member of the committee, as much time as she may consume.

Ms. JACKSON-LEE of Texas. Mr. Speaker, allow me to take a moment of personal privilege to acknowledge the chairman of the full Judiciary Committee. It has only been a little over 6 months, or almost 6 months, that Mr. CONYERS has taken the realm of this

august body. And I think if history is to be accurate, to recount the volcanic change that has come about on the life-changing legislative initiatives that have been able to be moved out of this committee, we recognize that hate should not be applauded, but it should be made illegal.

We have confronted the issues dealing with the creativity of America, addressing the questions of patent reform. We are looking closely at the idea of how do we find a balance on the issue of immigration. We are listening, we are learning, we are sympathetic. We are, in fact, what the Judiciary Committee, one of the oldest committees, was really intended to do: to listen to the grievances of people and be able to find relief.

Let me thank the ranking member of the subcommittee, the ranking member of the full committee, for they have partnered on a number of initiatives, and we have found, sometimes, common ground. Today I rise on that very shining example of a common ground.

Allow me to thank Congressman HULSHOF of Missouri for his passion and his commitment, and Mr. Sykes, who was a witness and who humbly said he was simply a public servant, someone who thought this idea was long in coming.

And so why we are here today is to talk about what many of you perceive as a television program called Cold Cases. I wish it was as simple as that. On that program, you do see the impact on families, but it is, in fact, a television program. Today, we speak of lives, lives long left on the dusty road of unsolved crimes, lives that are broken, torn, full of tears, looking for just a semblance of justice and hope in America. Maybe they were thinking of the words of Winston Churchill when he spoke to President Roosevelt in the dark ways of World War II, ''Give us the tools, and we will finish the job.'' That is what this bill does today; it gives the tools to America's prosecutors to pick up the broken pieces of the civil rights movement.

In 1989, we put together a memorial for those who had lost their lives in the civil rights era. They lost their lives not because they were criminals, not because they were caught in an unfortunate accident, but they lost their lives because they were on the battlefield for justice. They were murdered because they were active in the civil rights movement. They were killed by organized hate groups as acts of terror aimed at intimidating blacks and civil rights activists of many different colors and religious backgrounds. Their death, like the death of Emmett Till, helped to galvanize the movement by demonstrating the brutality faced by African Americans in the South. It is an era of terror which all of us have come to stand against, proudly so, which makes you very proud to stand here as an American, frankly, the greatest country in the world. For we have traveled a blood-stained road, but yet as we've traveled it, there have been those who have tried to go back and be able to bring us forward, united, arm in arm together, sweeping across America talking about the injustices of the past, but looking forward to the future for our children.

And so this bill is in tribute to the likes of Rita Bender, a witness who was brought before this committee. It was in recognition of the lives that we have heard of, Schwerner, Goodman and Chaney, buried deep in a mud pile. It was a testimony to JOHN LEWIS, who sits among us as an icon of conscience, who will tell you that in those muddy fields of Mississippi and Alabama, there are still skeletons that have yet been found. For many were killed, unnamed, and the relatives were too frightened to ever come forward. Maybe now, because this bill has a section in it on community relations, and I am hoping that as we provide oversight on this bill, we will increase those dollars from $1.5 million to $2 million or $2.5 million, because one of the witnesses said they could not have prosecuted the case had it not been for the persistence and the heart and determination of the family members, having lived under the shadow of this sin for so long.

This bill does create a deputy chief in the Criminal Division of the Civil Rights Division. Many of us would have preferred a division, some separate fixture standing with the responsibility to have the hammer, if you will, of rightness. But we support this legislation, and we hope that as our chairman has been diligent and vigilant, as he looks forward, that we will ensure that that deputy chief does the right thing and provides a vigorous advocacy and prosecution of those unsolved crimes.

□ 1100

Let me, Mr. Speaker, just recount very briefly the moving testimony that was given of the witnesses. Let me home in, if I could, on Myrlie Evers Williams. Why? Because it is part of my psyche to have seen Medgar Evers folding down on his front yard as he was murdered going into his home to see his wife and his children.

Can you imagine the horror of waiting for daddy to come home, waiting for your husband to come home, the dinner on the table, the radio playing, the children making the kinds of pleasant noises that children make? Her husband was a warrior, but a gentle man, a man of peace, a man who was willing to sacrifice his own future so that he might bring justice to some.

Let me, Mr. Speaker, as I close, simply ask my colleagues to remember this past and go to the future as I ask for support for this legislation.

I thank you, JOHN LEWIS, and I thank you, JOHN CONYERS.

Mr. Speaker, I rise in strong of H.R. 923, the ''Emmett Till Unsolved Civil Rights Crimes Act of 2007.'' This legislation, which I am proud to co-sponsor and strongly support, is intended to complete some of the Nation's most important unfinished business. And that is to solve some of the most depraved acts of violence against persons belonging to a racial group that was vulnerable, politically powerless, and innocent, and against those persons who risked life and limb to help them secure the rights promised in the Declaration of Independence and made real in the Constitution.

The Emmett Till Unsolved Civil Rights Crimes Act of 2007 is long overdue. I thank our colleague, JOHN LEWIS of Georgia, who is widely recognized as the moral conscience of the House for sponsoring this legislation and I thank Chairmen CONYERS, SCOTT, and NADLER for their work in shepherding it through the legislative process.

Mr. Speaker, in 1989, the Civil Rights Memorial was dedicated in Montgomery, Alabama, the birthplace of the modern Civil Rights Movement. The Memorial honors the lives and memories of 40 martyrs who were slain during the movement from 1954 to 1968, including Emmett Till. But we know that many more people lost their lives to racial violence during that era. In fact, at the time the Memorial was dedicated, the killers of 13 of the 40 martyrs whose names are inscribed on the Memorial had not been prosecuted or convicted. In 10 of the 40 deaths, defendants were either acquitted by all-white juries or served only token prison sentences. We also know there are many cases that still cry out for justice. These unsolved crimes represent a continuing stain on our Nation's honor and mock its commitment to equal justice under law. The legislation before us is intended to help us remove that stain once and for all.

The 40 victims selected for inclusion in the Civil Rights Memorial fit at least one of three criteria: (1) they were murdered because they were active in the civil rights movement; (2) they were killed by organized hate groups as acts of terror aimed at intimidating blacks and civil rights activists; or, (3) their deaths, like the death of Emmett Till, helped to galvanize the movement by demonstrating the brutality faced by African Americans in the South. The 40 persons who fit the selection criteria ranged in age from 11 to 66. Seven were white, and 33 were black. They were students, farmers, ministers, truck drivers, a homemaker and a Nobel laureate.

But Mr. Speaker, there are many, many other victims besides the 40 who are remembered on the Memorial. The Southern Poverty Law Center reports that its research uncovered approximately 75 other people who died violently between 1952 and 1968 under circumstances suggesting that they were victims of racial violence. For most of them the reason their names were not added to the Memorial is because not enough was known about the details surrounding their deaths. Sadly, the reason so little is known about these cases is because they were never fully investigated or, in some cases, law enforcement officials were involved in the killings or subsequent coverups. And because the killings of African Americans were often covered up or never seriously investigated, there is little reason to

doubt that many slayings were never even recorded by the authorities.

The reason justice had not been served was the callous indifference, and often the criminal collusion, of many white law enforcement officials in the segregated South. There simply was no justice for African Americans during the civil rights era. The whole criminal justice system—from the police, to the prosecutors, to the juries, and to the judges—was perverted by racial bigotry. African Americans were routinely beaten, bombed and shot with impunity. Sometimes, the killers picked their victims on a whim. Sometimes, they targeted them for their activism. In other cases, prominent white citizens were involved and no consequences followed. Herbert Lee of Liberty, Mississippi, for example, was shot in the head by a state legislator in broad daylight in 1961.

It is, of course, fitting and proper that H.R. 923 bears the name of Emmett Till, whose slaying in 1955 and his mother's decision to have an open casket at his funeral stirred the Nation's conscience and galvanized a generation of Americans to join the fight for equality. Sadly, hundreds of them were killed in that struggle, and many of the killers, like those of Emmett himself, were never successfully prosecuted.

Mr. Speaker, I am very pleased to learn that the Department of Justice strongly supports this legislation. It should. No government agency has done more through the years to protect and defend the civil rights of African Americans and other victims of injustice. I hope the DOJ's embrace of this legislation represents a rededication to its historic role of ensuring equal justice under law for all, even the poor, powerless, and vulnerable.

Mr. Speaker, the heart of this legislation is sections 3 and 4. Section 3 establishes a Deputy Chief of the Criminal Section of the Civil Rights Division. Section 3 requires the Attorney General to designate a Deputy Chief of the Criminal Section of the Civil Rights division who will be responsible for coordinating the investigation and prosecution of violations of criminal civil rights statutes that occurred before December 31, 1969, and ended in death.

Section 3 also requires a study and report to Congress about the number of cases opened, the number of Federal prosecutions commenced, the number of cases of State and local prosecutions where the DOJ assisted, the number of cases that have been closed, and the number of open pending cases. The report shall be made not later than 6 months after the enactment of the Act.

Section 4 of the bill establishes a parallel component in the Civil Rights Unit of the Federal Bureau of Investigation to be headed by a Supervisory Special Agent designated by the Attorney General. This Supervisory Special Agent in the Civil Rights Unit is responsible for investigating violations of criminal civil rights statutes that occurred not later than December 31, 1969, and resulted in death. The Supervisory Special Agent should, where appropriate, coordinate investigations with State and local law enforcement officials.

Mr. Speaker, although I strongly support H.R. 923, I believe the bill would be even stronger if it incorporated three small but important amendments. First, I would recommend an amendment containing Congressional findings of fact that help explain to the nation and the world why the Congress was compelled to enact this vitally important legislation. We are enacting this legislation not because of who the perpetrators of these unsolved criminal violations of civil rights statutes are, but who we are, and who their victims were.

Mr. Speaker, over the past half century, the United States has made tremendous progress in overcoming the badges and vestiges of slavery. But this progress has been purchased at great cost. From Reconstruction through the modern Civil Rights Movement, heinous and depraved acts of violence were committed against persons belonging to a racial group that was innocent, vulnerable, and politically powerless, and also against those persons who risked life and limb to help them secure the rights promised in the Declaration of Independence and made real in the Constitution. Many of these crimes remain unsolved and no one has ever been held accountable.

Examples of unsolved cases include the 1968 ''Orangeburg Massacre'' at South Carolina State University where state police shot and killed three student protesters; the 1967 shooting death of Carrie Brumfield, whose body was found on a rural Louisiana road; the 1957 murder of Willie Joe Sanford, whose body was fished out of a creek in Hawkinsville, GA; the 1946 killing of a black couple, including a pregnant woman, who was pulled out of a car in Monroe, GA, and dragged down a wagon trail before being shot in front of 200 people.

These unsolved crimes represent a continuing stain on our Nation's honor and mock its commitment to equal justice under the law. Solving these cases is part of the unfinished work of America. President Kennedy said it so well 44 years ago, when he addressed the Nation on June 11, 1963: ''this Nation, for all its hopes and all its boasts, will not be fully free until all its citizens are free.''

A second amendment I would recommend is the establishment of a specially created section within the Civil Rights Division with dedicated resources, personnel, and budgetary authority to investigate and prosecute notorious and neglected pre-1970 criminal violations of the civil rights statutes.

I believe that in designating the Deputy Chief required by this legislation, the Attorney General must also be required to delegate to the Deputy Chief authority over the necessary personnel and budgetary resources. The high hope of H.R. 923 is that it may help bring justice to those whom justice has been delayed for more than two generations. The Deputy Chief, therefore, has an awesome responsibility. If we are to expect positive results, it is incumbent upon us to provide the Deputy Chief the resources and authority needed to be successful. As Winston Churchill said to President Roosevelt during the dark days of 1940: ''Give us the tools and we will finish the job!''

I am pleased, however, that the bill authorizes annual appropriations of $10 million for each of fiscal years 2008 through 2017 for the purpose of investigating and prosecuting pre-1970 criminal violations of the civil rights statutes that resulted in a death. Similarly, I am pleased that the bill authorizes annual appropriations of $1,500,000 to the Community Relations Service of the Department of Justice to provide technical assistance by bringing together law enforcement agencies and communities in the investigation of criminal violations of civil rights statutes.

My third amendment I would recommend is to increase the amount of this annual appropriation by $500,000 to $2 million and to make this funding source available to assist the families of victims in coping with the loss of a loved one through counseling and other support services, financial and otherwise. Such assistance must be available to the victim's families because in many cases the testimony of a family member may be indispensable to government investigators and prosecutors. I am particularly mindful that the witnesses testifying before the Judiciary Committee hearing affirmed their belief that the government's ability successfully to investigate and solve criminal civil rights violations would be greatly enhanced were assistance and support available to the victims' families.

Mr. Speaker, 44 years ago, Medgar Evers was murdered in Jackson, Mississippi; justice would not be done in his case for more than twenty years. But that day was foretold because the evening before the death of Medgar Evers, on June 11, 1963, President John F. Kennedy addressed the Nation from the Oval Office on the state of race relations and civil rights in America. In his historic speech to the nation President Kennedy said:

> We are confronted primarily with a moral issue. It is as old as the scriptures and is as clear as the American Constitution.
>
> One hundred years of delay have passed since President Lincoln freed the slaves, yet their heirs, their grandsons, are not fully free. They are not yet freed from the bonds of injustice. They are not yet freed from social and economic oppression. And this Nation, for all its hopes and all its boasts, will not be fully free until all its citizens are free.

H.R. 923 is intended to help bring justice to those whom justice has been delayed for more than two generations. In doing so, this legislation will help this Nation fulfill its hopes and justify its boast that in America all persons live in freedom.

Mr. Speaker. I strongly support this historic legislation and urge all Members to join me in voting for its passage.

Mr. FORBES. Mr. Speaker, I yield 2 minutes to the distinguished gentleman from California (Mr. DANIEL E. LUNGREN).

Mr. DANIEL E. LUNGREN of California. Mr. Speaker, this is an important bill. The fact that it is on suspension ought not to suggest that it is not an important bill. This bill is another in a number of bills that helps us heal some tremendous wounds in this country that go to the very essence of this country.

The Civil War, which caused more bloodshed than any other war that this Nation has been engaged in, is viewed as the tremendous act of expiation with the effort of this Nation to resolve, in its own mind, what it meant by every man and woman being equal.

That began the process that was followed through in a remarkable period

of time during the last century called the civil rights revolution. But that revolution has not ended. There are still things that need to be done.

One of the terrible stains left on this Nation is the lack of justice done for those who suffered at the hands of people who believed this country would never recognize the rights of all; those who thought they could act with impunity to threaten, to terrorize, to murder other human beings merely because of the color of their skin.

I call this bill the ''last chance bill,'' the ''now or never bill.'' If we don't do this now, we will never have the chance to do it again, because those individuals who were involved in these crimes may not be around, and the family members of those who were victims of these crimes may not be around. We give ourselves a 10-year period of time in which we make a real effort to try and bring those to justice who should have been brought to justice a long time ago.

In the process, we say to all Americans, We understand the injustice that was done. We will make sure it is never repeated again. We will work to make this country a better place now and in the future.

Mr. FORBES. Mr. Speaker, I yield 2 minutes to the gentleman from Texas (Mr. GOHMERT).

Mr. GOHMERT. Mr. Speaker, I thank our subcommittee chairman, and I thank our full committee chairman and subcommittee ranking member as well.

Mr. Speaker, this is an important bill. As it has been said, there exists in America an open sore that is yet to be remedied. I note that sometimes people see an amount of money that is being spent and say that is too much money. But in this case, there is an injustice that cries out for healing and for addressing.

When one American, regardless of race, creed, color, gender, religion, national origin, when one is struck down, then all of us are struck down. We need to address this. Now, I am not one of those who believes that we need to run forward and apologize for the sins of others that we didn't commit. But in this case, this bill addresses an injustice.

We have the power. We have the wherewithal and the ability to address this wrongdoing and this injustice. If we were not to take action, then this body would owe an apology, and I do not want to see that become necessary.

There are times that we hear moving testimony, and our heart is moved. But we know for the greater good of the country we must do something else. This is one of those cases in which we heard testimony that was very moving, and the heart is aligned with the head. This requires action. I appreciate the leadership moving this forward so that this injustice, this open sore, can finally be addressed.

Mr. FORBES. Mr. Speaker, this bill, partnered by the gentleman from Georgia, a Democrat, and the gentleman from Missouri, a Republican, shows what we can do when we just pause and take a breath from the partisanship, the finger pointing, the negative attacks by the press and even some Members of our own body against this great body and join together to move this country forward.

I want to thank all of the individuals who worked on this bill, especially the chairman of the Judiciary Committee.

At this time I would like to yield to the chairman of the Judiciary Committee.

Mr. CONYERS. Mr. Speaker, I want to thank the ranking member, Mr. FORBES. I think this is an important step forward. I have been amazed by the congeniality and the cooperation that has been extended to me by all of the members of the House Judiciary Committee.

Things come around. This is a historic moment. It has been expressed with great articulateness by Members on your side of the aisle, Mr. FORBES, as well as mine. But the witnesses on that day in Judiciary, and Myrlie Evers Williams stands out more than anyone else, were so amazing that I want everyone to go back and read the testimony that just electrified us all.

Mr. THOMPSON of Mississippi. Mr. Speaker, I'd like to thank my dear friend and colleague, Mr. LEWIS of Georgia for leading this effort.

The murder and subsequent miscarriage of justice in the unresolved civil rights cases still remains this country's biggest transgression. The first step towards erasing the injustices that has haunted the families of the victims is to, as a nation, acknowledge and give due diligence to these unsolved murders.

According to the FBI, there are roughly 100 unsolved homicide cases from that time period. Among those is the murder of Emmett Till—for whom the bill is named—an African-American teenager who was brutally beaten and shot in 1955. His killers tied a cotton gin to his neck and threw his body into a Mississippi river. That became a major event in the civil rights movement. Two men were prosecuted for the crime but were acquitted.

H.R. 923 authorizes $10 million annually for fiscal years 2008–2017 for the Justice Department to hire special investigators to work on solving civil rights crimes dating back to before 1969.

Justice being served in these cases is a reality. To name a few examples in Mississippi: The 1994 conviction of Byron De La Beckwith for his role in the assassination of Medgar Evers. The 2005 conviction of Edgar Ray Killen for his role in the deaths of Schwerner, Chaney and Goodman, the three civil rights workers in Mississippi in 1964. The conviction was based, in part, on new evidence that he had boasted of the killing at a Ku Klux Klan rally and to others over the three decades after the crime; and most recently, James Ford Seale, convicted last Thursday, June 14, 2007, for his role in the abduction of two Charles Eddie Moore and Henry Hezekiah Dee, the African-American teenagers in Meadville, Mississippi, in 1964.

This bill provides an honest effort to bring closure to the more than 40 families of unresolved civil rights cases in Mississippi.

Such as the Family of Charles Brown of Yazoo City, Miss., 1957—A white man shot Brown, who was visiting the white man's sister. The Justice Department handed the case over to the state.

The Family of Jessie Brown of Winona, Miss., 1965—The 1965 NAACP annual report claimed white farmer R.M. Gibson killed Brown.

The Family of Eli Brumfield of McComb, Miss., 1961—Police officer B. F. Elmore alleged self-defense after shooting Brumfield. Police claimed Brumfield jumped from his car with a pocket knife after police pulled him over for speeding.

The Family of Silas (Ernest) Caston of Jackson, Miss., 1964—Caston was shot by a local police officer. CORE and NAACP filed a civil suit against Deputy Sheriff Herbert Sullivan. The result of that suit is unknown.

The Family of Vincent Dahmon of Natchez, Miss., 1966—Dahmon, 65, was shot in the head around the time of a march in support of James Meredith.

The Family of Woodrow Wilson Daniels of Water Valley, Miss., 1958—Sheriff Buster Treloar, identified by four witnesses as the man who beat Daniels to death in a prison, was freed after 23 minutes of deliberation by an all-white jury. ''By God,'' Treloar said after the trial. ''Now I can get back to rounding up bootleggers and damn niggers.''

The Family of Pheld Evans of Canton, Miss., 1964—Medgar Evers identified Evans as having been killed under mysterious circumstances.

The Family of J. E. Evanston of Long Lake, Miss., 1955—Evanston's body is fished out of Long Lake in December. Evanston was a teacher in the local elementary school.

The Family of Jasper Greenwood of Vicksburg, Miss., 1964—Greenwood was found shot to death near his car on a rural road. Police said the slaying was not racially motivated.

The Family of Jimmie Lee Griffin of Sturgis, Miss., 1965—Griffin was killed in a hit-and-run accident. A coroner's report revealed Griffin was run over at least twice.

The Family of Luther Jackson of Philadelphia, Miss., 1959—Jackson was killed by police after he and his girlfriend were found talking in their car, which was stalled in a ditch. Police claim Jackson attacked them.

The Family of Ernest Jells of Clarksdale, Miss., 1964—Jells was accused of stealing a banana from a grocery and pointing a rifle at pursuing police officers. The officers were exonerated.

The Family of John Lee of Goshen Springs, Miss., 1965—Lee's body was found beaten on a country road.

The Family of Willie Henry Lee of Rankin County, Miss., 1965—Lee, who was known to have attended civil rights meetings, was found beaten on a country road. An autopsy revealed he died by strangulation from gas.

The Family of George Love of Indianola, Miss., 1958—Love was killed in a gun battle

with police who believed he was responsible for a murder and arson. He was later cleared of any connection to the murder.

The Family of Sylvester Maxwell of Canton, Miss., 1963—Maxwell's castrated and mutilated body was found by his brother-in-law less than 500 yards from the home of a white family.

The Family of Robert McNair of Pelahatchie, Miss., 1965—McNair was killed by a town constable.

The Family of Clinton Melton of Sumner, Miss., 1956—Elmer Otis Kimbell was cleared in Melton's death. Kimbell claimed Melton fired at him three times before he returned fire with a shotgun. No gun was found in Melton's car or on his body.

The Family of Booker T. Mixon of Clarksdale, Miss., 1959—Mixon's body was found lying on the side of the road, completely nude. Police claimed it was a hit-and-run, though family members cited his naked body and the extensive amount of flesh torn from his body as evidence of murder.

The Family of Nehemiah Montgomery of Merigold, Miss., 1964—Montgomery, 60, was shot by police after allegedly refusing to pay for gas. Police were acquitted, and the shooting was called justifiable homicide.

The Family of Sam O'Quinn of Centreville, Miss., 1959—O'Quinn, derided by some local whites for being ''uppity,'' was shot after joining the NAACP.

The Family of Hubert Orsby of Pickens, Miss., 1964—Orsby's body was found in the Black River. It was reported that he was wearing a t-shirt with ''CORE,'' written on it, representing the Congress of Racial Equality.

The Family of William Roy Prather of Corinth, Miss., 1959—Prather, 15, was killed in an anti-black Halloween prank. One of eight youths involved was indicted on manslaughter charges.

The Family of Johnny Queen of Fayette, Miss., 1965—A white off-duty constable was named in the pistol slaying of Johnny Queen. The shooting was not connected to any arrest.

The Family of Donald Rasberry of Okolona, Miss., 1965—Rasberry was shot to death by his plantation boss.

The Family of Jessie James Shelby of Yazoo City, Miss., 1956—Shelby, 23, was fatally wounded by a police officer who claimed he shot Shelby because he resisted arrest.

The Family of Ed Smith of State Line, Miss., 1958—A grand jury refused to indict L.D. Clark in the death of Smith, who was shot in his yard in front of his wife. Clark later reportedly bragged about the killing.

The Family of Eddie James Stewart of Crystal Springs, Miss., 1966—Stewart was reportedly beaten and shot while in police custody. Police claimed he was shot while trying to escape.

The Family of Isaiah Taylor of Ruleville, Miss., 1964—Taylor was shot by a police officer after allegedly lunging at him with a knife. The shooting was ruled a justifiable homicide.

The Family of Freddie Lee Thomas of LeFlore County, Miss., 1965—Federal investigators looked into the death of Thomas, 16. Thomas's brother believed he was murdered as a warning against black voter registration. The result of the investigation is unknown.

The Family of Saleam Triggs of Hattiesburg, Miss., 1965—The body of Mrs. Triggs was found mysteriously burned to death.

The Family of Clifton Walker of Adams County, Miss., 1964—Walker was killed by a shotgun blast at close range. The result of a federal investigation is unknown; and a host of others.

We must act—not only to bring these criminals to justice, but to also cleanse our Nation of this stain. The unsolved case of Emmett Till and other victims of the civil rights movement represent a terrible chapter in our Nation's history. Over the years there have been sporadic efforts to prosecute some of the civil rights era slayings that were ignored at the time. We need to address these injustices before it is too late—before they become permanent scars on our Nation's history. It is essential that Congress pass this legislation mandating a well-coordinated and well-funded effort to investigate and prosecute unsolved crimes from the civil rights era.

Mr. FORBES. Mr. Speaker, the chairman should have the last word on this, and so he has.

I yield back the balance of my time.

The SPEAKER pro tempore (Mr. SNYDER). The question is on the motion offered by the gentleman from Virginia (Mr. SCOTT) that the House suspend the rules and pass the bill, H.R. 923, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. FORBES. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this question will be postponed.

GENERAL LEAVE

Mr. CONYERS. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks on H.R. 923.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Michigan?

There was no objection.

PROVIDING FOR CONSIDERATION OF H.R. 2764, THE DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2008

Mr. HASTINGS of Florida. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 498 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 498

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 2764) making appropriations for the Department of State, foreign operations, and related programs for the fiscal year ending September 30, 2008, and for other purposes. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived except those arising under clause 9 or 10 of rule XXI. General debate shall be confined to the bill and shall not exceed one hour equally divided and controlled by the chairman and ranking minority member of the Committee on Appropriations. After general debate the bill shall be considered for amendment under the five-minute rule. Points of order against provisions in the bill for failure to comply with clause 2 of rule XXI are waived. During consideration of the bill for amendment, the Chairman of the Committee of the Whole may accord priority in recognition on the basis of whether the Member offering an amendment has caused it to be printed in the portion of the Congressional Record designated for that purpose in clause 8 of rule XVIII. Amendments so printed shall be considered as read. When the committee rises and reports the bill back to the House with a recommendation that the bill do pass, the previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommit with or without instructions.

SEC. 2. During consideration in the House of H.R. 2764 pursuant to this resolution, notwithstanding the operation of the previous question, the Chair may postpone further consideration of the bill to such time as may be designated by the Speaker.

The SPEAKER pro tempore. The gentleman from Florida (Mr. HASTINGS) is recognized for 1 hour.

Mr. HASTINGS of Florida. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Florida, my good friend, Mr. DIAZ-BALART. All time yielded during consideration of the rule is for debate only.

Mr. Speaker, I yield myself such time as I may consume.

GENERAL LEAVE

Mr. HASTINGS of Florida. I also ask unanimous consent that all Members be given 5 legislative days in which to revise and extend their remarks on House Resolution 498.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Florida?

There was no objection.

□ 1115

Mr. HASTINGS of Florida. Mr. Speaker, House Resolution 498 is an open rule that provides for consideration of H.R. 2764, the fiscal year 2008 appropriations for the Department of State, Foreign Operations, and related programs.

Mr. Speaker, I have seen 15 State and Foreign Operations measures go through the House of Representatives in almost 16 years of serving in this body. Some bills were well-intentioned, but fell short of meeting America's critical needs and objectives, while others missed the target altogether.

Regarding today's State and Foreign Operations bill, I must commend Chairwoman LOWEY, Ranking Member WOLF,

their respective staffs and the rest of the committee for coming together in a bipartisan fashion to craft this meaningful piece of legislation. Despite critical budget constraints and critical concerns, the bill is fiscally responsible and begins to address our Nation's foreign policy initiatives as they relate to fulfilling our commitments abroad.

In my capacity as chairman of the Commission on Security and Cooperation in Europe and as a senior member of the House Permanent Select Committee on Intelligence, I believe I can speak to our country's need to restore world stability after years of following misguided and shortsighted foreign policy.

This bill provides $34.2 billion overall for foreign assistance and State Department operations, with much-needed emphasis placed on international AIDS programs, children's health care, basic education programs and targeted peacekeeping operations. By increasing funds for critical global health, basic education, refugee and disaster assistance programs, we are heightening world stability and rebuilding our image abroad as a nation builder, not divider.

In an effort to shift away from a Middle East foreign policy that focused a little too narrowly on Iraq, we are now reaching out to neighboring Mediterranean countries that need our attention and assistance. The escalating situation in Iraq has forced thousands, indeed millions, of refugees to flee into neighboring countries, Jordan being one of the most heavily affected.

During a trip to the region almost 2 weeks ago, Mr. Speaker, I witnessed firsthand the heart-wrenching effects of people displaced. What I learned in Jordan and saw in Kosovo is that there are people in this world being forced to live in conditions so inhumane that even our wildest nightmares could not comprehend. As such, I am pleased to support the bill's allocation of $830 million to provide refugees worldwide with food, water and shelter. As I spoke last evening during the testimony in the Rules Committee, I said to Mrs. LOWEY and to Mr. WOLF that I am hopeful in conference that they will be able to add funds specifically for Jordan for reasons that I perceive are necessary.

While we must remain vigilant and diligent on combating the evils of terrorism, we must also simultaneously seize opportunities to establish, maintain and strengthen diplomatic ties in every region of the world. I am pleased also to see that the bill provides $365 million to enhance our public diplomacy efforts, and allocates $501 million for cultural, educational and professional exchange programs globally.

The underlying legislation includes critical foreign aid to our allies in the world, including Israel. It also restores funding in many of the areas which the present administration sought to cut.

As I mentioned, I serve as chairman of the U.S. Helsinki Commission, and the President Emeritus of the Organization for Security and Cooperation in Europe's Parliamentary Assembly. Mr. Speaker, I am fond of saying that if you can say all of that, you ought to be president of the assembly. I am deeply appreciative that this bill funds America's commitment to the OSCE and the Helsinki Commission, and I indeed thank the chairwoman and ranking member, especially the chairwoman, for her efforts toward this end.

Mr. Speaker, America has a responsibility in the world. We are, as is constantly reported, the last remaining Superpower. Contrary to what many might argue later in this debate, our power cannot and must not be flexed only in our military might. On the contrary, our power must be flexed in what we do to help repair many of the things that are broken in the world.

The underlying legislation is a critical component in this effort. I am pleased to support this open rule and the underlying legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. LINCOLN DIAZ-BALART of Florida. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, first I would like to thank the gentleman from Florida, my good friend, Mr. HASTINGS, for the time. I would also like to thank Chairwoman LOWEY and Ranking Member WOLF for their efforts on this undeniably important piece of legislation.

This bill funds a number of U.S. Government programs and activities, including the State Department, the United States Agency for International Development, foreign, economic and military assistance, contributions to international organizations and international broadcasting programs.

Even though aspects of this bill have clearly bipartisan support, there are significant areas of concern with some of the priorities that the majority has set forth in this legislation.

Just over a year ago, the people of Colombia reelected President Uribe to a second term with over 62 percent of the vote. President Uribe is the first President in over 100 years to be reelected by the Colombian people. His reelection and his extraordinarily high current approval ratings are a testament to his efforts to curb terrorism, corruption and narcotrafficking in Colombia.

For years, designated terrorist organizations in Colombia have hampered efforts by the people of that great country to live in a peaceful democracy. Proactive action must continue to be taken to ensure that armed terrorists are not allowed to create social unrest through violence. With the current landscape in the world today, foreign assistance, Mr. Speaker, is as strategically important to our national interest as it is morally just.

I am concerned that the underlying legislation cuts funding for Plan Colombia $59 million below the President's request and $86.5 million below fiscal year 2007. Plan Colombia has achieved significant results. When it began, that country was facing a civil war that was tearing it apart. Now that the plan has had time to take effect, and with President Uribe's leadership, kidnappings have fallen by 75 percent and the gross domestic product of Colombia has increased to 7 percent annually.

We must not take progress in the Andean region for granted, however. If the United States turns its back on the region, it will falter and create a scenario that will require greater U.S. investment and sacrifice at a time when obviously we have significant responsibilities worldwide, not to mention that we would be spurning a democratically elected ally that has bravely fought corruption and narcotrafficking.

Mr. Speaker, I would like to thank President Bush for his continued support for a democratic transition in Cuba. Pursuant to the recommendations of his Commission for Assistance to a Free Cuba, the President requested $45 million in economic support funds for Cuba pro-democracy activities. These funds would support efforts for a transition to democracy in the Western Hemisphere's only totalitarian dictatorship through support for dissidents, human rights activists, independent librarians and others who risk their lives each day for freedom in that enslaved island. Unfortunately, the bill brought forth by the majority is cutting the funds needed to support pro-democracy efforts in Cuba and funding less than 20 percent of the President's request.

I would note that under the bill, the other countries in the Western Hemisphere will receive over 95 percent of the funds requested by the President, and I think that is good. Yet funds to support a democratic transition in the Western Hemisphere's only totalitarian dictatorship constitute approximately 19 percent of the President's request.

Mr. Speaker, these acts include from staging a hunger strike; to demanded access to e-mail and the Internet and going to prison for it; to having the audacity of possessing books by Gandhi and Orwell and Martin Luther King in their homes and offering those books as an independent library to their neighbors, an act of great courage that is met by the dictatorship's goon squads with violence, confiscation of the books and often prison time; to the independent journalists who risk their lives and their families' safety by writing the truth about life under the totalitarian nightmare, and who need paper and typewriters and faxes and telephones to send their stories out; to the children of political prisoners who have received the only toys they have

ever seen because of the solidarity of this United States program of assistance; to those from all walks of life who dare to join a human rights organization in a totalitarian police state; to the physicians who open their homes to their neighbors for the practice of medicine and dispense medicines, risking prison for breaking the rules of the totalitarian state, the only employer in the country, or the physicians who refuse to perform the forced abortions ordered by the state when there is any indication whatsoever of a problematic pregnancy, so the regime can keep its infant mortality statistics low.

Mr. Speaker, that is how one of my heroes, Dr. Oscar Elias Biscet began his heroic journey as a pro-democracy activist. He subsequently has become a great pro-democracy leader. I carry a card with his photograph with me at all times. He is currently in a dark and damp dungeon, sentenced to 25 years in the gulag for having the audacity of peacefully advocating for democracy and free elections in Cuba.

Mr. Speaker, we cannot send aid to him in prison. The regime will not allow it. But we can help his family and his colleagues in the struggle for freedom.

These are the acts of civic resistance that have grown exponentially in recent years, despite a tremendous increase in the dictatorship's brutal repression, and those are the people, the heroes that I have mentioned, that we help with this program, that we will seek to increase funding for through the President's requested level by an amendment that I will introduce with my friend and colleague Representative ALBIO SIRES of New Jersey, and that I will ask all freedom-loving Members of this House to support.

Last February, Mr. Speaker, the six Cuban American Members of this Congress, BOB MENENDEZ, MEL MARTINEZ, ILEANA ROS-LEHTINEN, ALBIO SIRES, MARIO DIAZ-BALART and myself, received a letter from nine pro-democracy leaders in Cuba. They know the risks that they were and are taking by sending us that letter. They knew that it would be utilized publicly in forums such as today's.

In that letter, that group of dissidents and pro-democracy leaders, representing an extraordinarily wide spectrum of ideology and opinion, some with whom I have had disagreements in the past, came together and told us of the importance of this aid that we will be debating in this bill. They stated in their letter, ''We can affirm that the aid that for years has flowed to the pro-democracy movement takes into account the vast range of needs, from medicine to keep a political prisoner or dissident from dying, to food, water filters, medical equipment, clothing, shoes, coats, toys for the children of political prisoners, who suffer doubly the loss of a loved one and social repression on the streets and in school, essential vitamins, office supplies, and the tools of democracy, computers, printers, phones, fax machines, among others, that account for a long list of articles and materials that have been made possible in Cuba.''

Today, with the amendment that I have filed along with Representative SIRES, we reply to the letter sent in February by those pro-democracy leaders, and, as I stated, Mr. Speaker, we will ask all of our colleagues on both sides of the aisle to support the aid requested by those pro-democracy leaders in that letter, the assistance for the pro-democracy movement.

□ 1130

Mr. Speaker, on other subjects in this important legislation, the bill cuts by approximately 40 percent the President's request for the Millennium Challenge account. The Millennium Challenge, which President Bush called a new compact for global development, provides assistance through a competitive selection process to developing nations that are pursuing political and economic reforms in three areas: ruling justly, investing in people, and fostering economic freedom. Contributions from that account are linked to greater responsibility from developing nations. The new responsibilities these nations accept in exchange for the funds ensure that the funds we provide do not go to waste and have the greatest possible impact on those who need the help the most.

That account encourages transparency, and it is a good aspect of our foreign policy, and it is very important that it be increased as this legislation moves forward.

Lastly, I would mention that this bill faces a veto threat by the President because of language which may undermine what is known as the Mexico City policy. The Mexico City policy currently in effect requires that foreign NGOs agree as a condition of receipt of Federal funds for family-planning activities that the organization will neither perform nor promote abortion as a method of family planning. The Mexico City policy applies only to family-planning programs and is designed to protect the integrity of U.S.-funded international family-planning programs by creating a bright line of separation between abortion and family planning.

There is concern by the President and many Members in this Congress that U.S. taxpayer family-planning funds could possibly go to NGOs that promote or provide abortions under the language in the underlying legislation.

I understand the gentleman from New Jersey (Mr. SMITH) and the gentleman from Michigan (Mr. STUPAK) will introduce an amendment to address this issue, and I urge Members to consider that very important amendment.

The majority correctly currently brings this important legislation to the floor under an open rule. The House has traditionally considered appropriations bills under open rules in order to allow each Member an opportunity to offer germane amendments without having to preprint their amendments or receive approval from the Rules Committee. I hope that the majority will live up to their campaign promise of running a transparent House and will continue our tradition of open rules with the rest of the appropriations bills this year.

Mr. Speaker, I reserve the balance of my time.

Mr. HASTINGS of Florida. Mr. Speaker, I yield 5 minutes to the second-ranking member on the majority side on the Rules Committee, the gentleman from Massachusetts (Mr. MCGOVERN).

Mr. MCGOVERN. Mr. Speaker, I want to thank my friend, the gentleman from Florida (Mr. HASTINGS), for yielding me the time.

Mr. Speaker, I rise in support of this open rule and the underlying bill, H.R. 2764, the State-Foreign Operations Appropriations Act for Fiscal Year 2008. There is so much to praise in this bill: its emphasis on funding our core bilateral development programs; its emphasis on funding basic education, child survival and global health initiatives. And most importantly, its emphasis on providing for our national security and our global economic interests.

I would like to praise Subcommittee Chairwoman LOWEY and Ranking Member WOLF and the Foreign Operations Subcommittee in particular for the work they have done on aid to Colombia. This bill makes some badly needed and long overdue changes to our aid program for Colombia. The results of the past several years, particularly where illegal drugs are concerned, made clear that it is time to try a different and more comprehensive approach.

The 2008 bill rebalances our priorities in Colombia. It recognizes that the response to violence, narcotrafficking and instability in our South American neighbor must be multifaceted, helping to guarantee lasting security through good governance.

Colombia is an important friend of the United States and it is the largest recipient of U.S. assistance outside the troubled Middle East region. Colombia deserves our support; and even though I have been a critic of many of our past policies, I have never and I will never advocate walking away from Colombia or its people.

The new approach in this bill will make our counternarcotics policy more effective by helping small farmers transition permanently away from illegal drug production, increasing funds to investigate and prosecute major drug traffickers, and continuing drug

interdiction programs. Aerial fumigation and sporadic military offenses are no substitute for helping Colombia to govern its own territory. The results make that clear: 7 years and $5.4 billion later, the old policy has resulted in more coca growing in Colombia, and the price of cocaine on the streets of America is actually lower than before we started.

It is time for a change, for a new more balanced direction, and this bill provides more funding for judges and prosecutors, roads, clean water, jobs and aid for vulnerable people. It looks to fund the need of today's Colombia, not yesterday's. Many Colombians are working today to clean house in Colombia, going after politically powerful criminals who send drugs to our shores and wreak violence and mayhem in Colombia. The aid in this bill will help them. Success hinges on Colombia's judicial system which faces serious challenges. This bill provides them with new resources to meet those challenges.

Mr. Speaker, unless Colombia deals with the overriding issue of impunity, many of us are going to continue to fight for even more changes in our policy, restricting security assistance to the Colombian military which is responsible for a lot of the human rights violations, and we are going to continue to insist that no free trade agreement move forward until the human rights situation improves in Colombia.

If the United States of America stands for anything, it should stand out loud and foursquare for human rights. And for too many years, we have turned our backs on the harsh reality in Colombia where thousands of trade unionists have disappeared or been murdered, thousands of people have been victimized by security forces and their allies in the paramilitary forces.

We should not be sending money in a way that does not acknowledge that those security forces need to do better. Mr. Speaker, success also depends on Colombia's ability to govern and create employment, especially in the lawless zones where drug traffickers and paramilitary groups still operate. This bill allows USAID to expand badly needed efforts to those communities in coca-growing areas that up until now have been beyond our reach due to lack of funds.

Finally, success depends on Colombia's ability to care for and reintegrate victims of violence. This includes helping Colombia's internally displaced population which is second in the world only to Sudan. That is not a list you want to be on, Mr. Speaker. It means protecting people coming forward to testify who are seeking redress. It also means helping people recover stolen land through violence and helping Afro-Colombian and indigenous people who have been disproportionately hit by violence.

Mr. Speaker, this bill does a good job of achieving balance between economic development and security aid for Colombia. It demonstrates a level of support for Colombia's democratic future that we have not been able to articulate before now. I support this new balanced direction for Colombia, and I applaud the work of the Appropriations Committee for not only these provisions but for its judicious approach of supporting what works best in our global development programs.

Mr. LINCOLN DIAZ-BALART of Florida. Mr. Speaker, I reserve the balance of my time.

Mr. HASTINGS of Florida. Mr. Speaker, I yield 4 minutes to the gentleman from Vermont (Mr. WELCH).

Mr. WELCH of Vermont. Mr. Speaker, I thank my colleague from Florida for yielding me this time.

I also join in the praise for the bipartisan work of the Foreign Operations Subcommittee, the excellent work of Chairwoman LOWEY and Ranking Member WOLF.

Mr. Speaker, the job of the next President of the United States, whoever that may be, whatever party that person may represent, is very straightforward. They are going to have to reintroduce America to the world. They are going to have to reintroduce the America of cooperation, of working together, of multilateralism rather than unilateralism, of diplomacy rather than force, and strength through persuasion and cooperation.

This Foreign Operations appropriations bill is the introduction to a new relationship that America will have with the world and a new relationship that our appropriations bill will have with the taxpayers of this country. It really does two things. One, it restores accountability. That is best seen in the fact that it does not give a blank check on more money to Iraq that will go down the sink hole. Number two, it recognizes that we have to be a participant in cooperating with other countries in order to solve global problems.

Mr. Speaker, our Appropriations Committee is to be commended for this strong bipartisan work. Our image in the world has been tarnished by the foreign policies of this administration, from the war in Iraq to the rejection of multilateral agreements such to the Kyoto Protocol, the International Criminal Court, to human rights abuses at Abu Ghraib and Guantanamo. Through this appropriations measure, we have the opportunity to send the world a different message about America's priorities. We do that in this bill by allocating $6.5 billion to combat global health crises, including HIV/AIDS, tuberculosis, and malaria. We have provided needed help to those suffering from genocide in Darfur by investing $949 million in development assistance.

We offer needed food, water and shelter for refugees around the world, and we make good on our obligations to international organizations investing $334 million in multilateral programs to address the global challenges, and we pay $1.3 billion in U.N. peacekeeping operations. The bill also helps protect the American taxpayer and brings needed accountability from the administration.

I would also like to commend the committee for restoring funding for a small but extremely important initiative, the Middle East Regional Cooperation, or MERC program. Established in 1979 by my colleague from California, MERC provides grants for collaborative scientific research projects between Israel and its Arab neighbors. MERC grants have made it possible for many Vermont students to travel to the Middle East to conduct environmental research at an innovative program called the Arava Institute.

This incredible program, working together on difficult environmental problems, has allowed Vermonters and others to live and work alongside Israeli and Arab colleagues, working together on environmental problems that affect the entire region. MERC grants have made this experience possible, and I applaud the committee for working to make sure this invaluable program receives the funding it deserves.

Mr. Speaker, in addition to supporting important work in the Middle East, this bill implements needed changes to our policy in another conflicted region, Colombia, as was eloquently described by the gentleman from Massachusetts (Mr. MCGOVERN). This bill recognizes that it is time for change in our Colombia policy.

Mr. LINCOLN DIAZ-BALART of Florida. Mr. Speaker, again I thank my dear friend for yielding me the time initially.

I would like to, with regard to the issue of the amendment that I made reference to previously, note that I will be bringing to the floor along with my friend and colleague, Representative SIRES, to restore to the President's request by offsetting funds from the administration account billions of dollars of the State Department, approximately $30 million, to bring to the President's request level the assistance for Cuban democracy programs.

Not today on the floor in the context of the rule but last night in the Rules Committee, a colleague who previously spoke made reference to a GAO report to impugn and to impeach the program of assistance to the Cuban pro-democracy movement and oppose efforts to restore the level to the President's request.

I have in my office and I highly recommend to all colleagues precisely that GAO report. We would inform colleagues where to download it. It is a very important report, and there are a couple of things I would like to point

out from the report that is used to impeach or attempt to impeach the program and impugn the program, criticize the program, of assistance to the dissidents in Cuba.

□ 1145

The GAO report found that from 1996 to 2006, the Cuba program provided the following assistance:

385,000 pounds of medicine, food, and clothing to the pro-democracy movement.

More than 23,000 shortwave radios.

Millions of books, newsletters and other informational materials.

U.S. assistance, the GAO found, supported journalism correspondence courses for more than 200 Cuban journalists.

The publication of approximately 23,000 reports by independent journalists in Cuba.

And with regard to the recommendations of the GAO report, as you know, Mr. Speaker, the GAO often when it reviews in-depth, as it does, a government program or agency, it often recommends cuts in that program, and the GAO makes no recommendation of a cut. It makes recommendations for the more efficient running of the Cuban democracy programs.

And in response to the GAO report, and I have this letter in my office and it's available to any Member who would like to read it and I highly recommend it, the agency that administers these programs, the U.S. Agency for International Development, USAID, in a letter dated January 16 of this year, responding to the GAO report, informs specifically, with specificity, how all of the recommendations of the GAO report have been implemented.

And so I highly recommend the reading of the GAO report and also the response by the administrating agency with regard to the implementation of the recommendations of the GAO report, Mr. Speaker.

It's important that we help those who risk their lives and the safety of their families day in and day out to achieve freedom, a democratic transition in our closest neighbor, 90 miles away, that at this time is a state sponsor of terrorism and an anti-American totalitarian regime. And what those heroes of the pro-democracy movement are risking their lives and their families' freedom for is a democratic transition to a reality with the rule of law, obviously a democratically elected government that will no longer be allied with state sponsors of terrorism, anti-American state sponsors of terrorism but that will, rather, be worried and working for the needs to better the lives of the long oppressed people within Cuba.

Mr. Speaker, again I thank my good friend Mr. HASTINGS for yielding the time. I thank any of my colleagues who may have been listening to this debate for their attention. Once again I would plead that they join from both sides of the aisle to bring up to the President's request the assistance for the Cuba pro-democracy movement.

With that, Mr. Speaker, and acknowledging the complexities and yet the importance of the underlying legislation brought to the floor today by this rule, I yield back the balance of my time.

Mr. HASTINGS of Florida. Mr. Speaker, America's leadership role is not limited to the Presidency. Nor does it solely fall upon the shoulders of this body. Branches of our government must share responsibility.

During this critical time in world history, when America's image as a global leader is tarnished and questioned, we must lead from this Chamber. We must take it upon ourselves to make it possible for America's image in the world to be restored. We must make it our business to try and make all that is wrong right.

When America leads in a constructive, inclusive and thoughtful manner, others in the world follow. This approach toward global leadership is not, as some have charged, a soft approach to conducting the war on terrorism. On the contrary, it is a clear recognition that America cannot do this alone.

If we have learned anything in the last 6 years, it is that no one in this world is safe from the directions of terrorism. It will take a global effort to curb the efforts of those who are seeking to destroy us and others in the world.

But if we have learned anything else during the last 6 years, it is that the policies of the present administration have failed and America's standing in the world is in dire need of restoration.

Parts of the Middle East, from Iraq to Gaza, are living in a civil war. People are dying in Darfur as we and others around the world do nothing. And children throughout the world are starving to death and dying of malnourishment and lack of potable fresh water.

The underlying legislation, the first Foreign Operations appropriations bill of this new Democratic majority, sends a clear message to our friends and enemies alike that America's priorities in the world are making must-needed changes.

I urge a ''yes'' vote on the previous question and on the rule.

Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered.

The resolution was agreed to.

A motion to reconsider was laid on the table.

MESSAGE FROM THE SENATE

A message from the Senate by Ms. Curtis, one of its clerks, announced that the Senate has passed with an amendment in which the concurrence of the House is requested, a bill of the House of the following title:

H.R. 1429. An act to reauthorize the Head Start Act, to improve program quality, to expand access, and for other purposes.

The message also announced that the Senate has passed a bill of the following title in which the concurrence of the House is requested:

S. 277. An act to modify the boundaries of Grand Teton National Park to include certain land within the GT Park Subdivision, and for other purposes.

The message also announced that the Senate insists upon its amendment to the bill (H.R. 1429) ''An Act to reauthorize the Head Start Act, to improve program quality, to expand access, and for other purposes,'' requests a conference with the House on the disagreeing votes of the two Houses thereon, and appoints Mr. KENNEDY, Mr. DODD, Mr. HARKIN, Ms. MIKULSKI, Mr. BINGAMAN, Mrs. MURRAY, Mr. REED, Mrs. CLINTON, Mr. OBAMA, Mr. SANDERS, Mr. BROWN, Mr. ENZI, Mr. GREGG, Mr. ALEXANDER, Mr. BURR, Mr. ISAKSON, Ms. MURKOWSKI, Mr. HATCH, Mr. ROBERTS, Mr. ALLARD, and Mr. COBURN, to be the conferees on the part of the Senate.

The message also announced that pursuant to the provisions of S. Res. 105 (adopted April 13, 1989), as amended by S. Res. 149 (adopted October 5, 1993), as amended by Public Law 105–275, further amended by S. Res. 75 (adopted March 25, 1999), amended by S. Res. 383 (adopted October 27, 2000), and amended by S. Res. 355 (adopted November 13, 2002), and further amended by S. Res. 480 (adopted November 20, 2004), the Chair, on behalf of the Republican Leader, announces the appointment of the following Senators to serve as members of the Senate National Security Working Group for the One Hundred Tenth Congress:

The Senator from Indiana (Mr. LUGAR).

The Senator from Virginia (Mr. WARNER).

The Senator from Alabama (Mr. SESSIONS).

The Senator from New Mexico (Mr. DOMENICI).

The Senator from Tennessee (Mr. CORKER).

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, proceedings will resume on motions to suspend the rules previously postponed.

Votes will be taken in the following order:

H.R. 923, by the yeas and nays;

H. Con. Res. 21, by the yeas and nays;

H.R. 2359, by the yeas and nays;

H.R. 2284, by the yeas and nays.

The first electronic vote will be conducted as a 15-minute vote. Remaining

electronic votes will be conducted as 5-minute votes.

EMMETT TILL UNSOLVED CIVIL RIGHTS CRIME ACT OF 2007

The SPEAKER pro tempore. The unfinished business is the vote on the motion to suspend the rules and pass the bill, H.R. 923, as amended, on which the yeas and nays were ordered.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Virginia (Mr. SCOTT) that the House suspend the rules and pass the bill, H.R. 923, as amended.

The vote was taken by electronic device, and there were—yeas 422, nays 2, not voting 8, as follows:

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). There are 2 minutes remaining on the vote.

□ 1217

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. WICKER. Mr. Speaker, on rollcall No. 512, I was unavoidably detained. Had I been present, I would have voted "yea."

MOMENT OF SILENCE IN MEMORY OF THE LATE ROBIN BEARD

(Mrs. BLACKBURN asked and was given permission to address the House for 1 minute.)

Mrs. BLACKBURN. Mr. Speaker, I rise to make the body aware of the loss of our colleague and friend, Robin Beard, former Congressman from the old Sixth District, who passed away last Saturday. His district basically overlapped with the current Seventh District of Tennessee. He served in this body from 1973 until 1983.

Robin Beard really had a storied and amazing life in which he dedicated himself to public service, and he did love it.

He received a B.A. in history from Vanderbilt in 1962. He was a veteran, serving 4 years in the Marine Corps, where he was a Marine Corps officer in charge of the Gemini IV offshore recovery mission, and attained the rank of lieutenant colonel.

While in Congress, he served on the Armed Services Committee. He was a strong supporter of and friend to Fort Campbell, which was located in both his district and mine.

He was appointed by the House Speaker as a congressional advisor to the Strategic Arms Negotiations in Geneva and the U.N. General Assembly Special Session on Disarmament.

He also served as an assistant Republican whip, was cochairman of the Republican Research Committee on Defense, and an executive committee member of the Republican Study Committee.

His expertise extended to domestic issues, and he served as an executive committee member of the Congressional Task Force on Economic Policy.

After leaving Congress, he continued to serve the public, twice named as NATO Deputy Secretary General.

He is being laid to rest today in the Protestant French Huguenot Church in Charleston, South Carolina.

He is survived by his wife, Cathy, two children and five grandchildren.

Mr. Speaker, I yield to the gentleman from Tennessee (Mr. TANNER).

Mr. TANNER. Mr. Speaker, I'd like to thank Mrs. BLACKBURN for bringing this to our attention.

Robin Beard was a friend of all of ours from Tennessee, and many of you, both professionally and personally. I

actually got to know him when he served two stints as Assistant Secretary General in NATO parliamentary, or the NATO organization in Brussels.

He had a keen sense of humor, and he was a man who enjoyed the collegiality of the House. He was a House man, and he served his country well, both in uniform and out, when he was with NATO.

And so I join on behalf of all of our Members from Tennessee and, really, all of the House and Mrs. BLACKBURN in this tribute to our fallen colleague, Mr. Beard.

Mrs. BLACKBURN. Mr. Speaker, I would ask that the body join our Tennessee delegation in a moment of silence in remembrance of our former colleague, Robin Beard.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Without objection, 5-minute voting will continue.

There was no objection.

CALLING ON UNITED NATIONS SECURITY COUNCIL TO CHARGE IRANIAN PRESIDENT WITH CERTAIN VIOLATIONS BECAUSE OF HIS CALLS FOR DESTRUCTION OF ISRAEL

The SPEAKER pro tempore. The unfinished business is the vote on the motion to suspend the rules and agree to the concurrent resolution, H. Con. Res. 21, as amended, on which the yeas and nays were ordered.

The Clerk read the title of the resolution.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from California (Ms. WATSON) that the House suspend the rules and agree to the concurrent resolution, H. Con. Res. 21, as amended.

This will be a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 411, nays 2, answered ''present'' 11, not voting 8, as follows:

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). There are 2 minutes remaining in this vote.

□ 1229

So (two-thirds being in the affirmative) the rules were suspended and the concurrent resolution, as amended, was agreed to.

The result of the vote was announced as above recorded.

The title was amended so as to read: ''Concurrent resolution calling on the United Nations Security Council to charge Iranian leader Mahmoud Ahmadinejad with violating the 1948 Convention on the Prevention and Punishment of the Crime of Genocide and the United Nations Charter because of his calls for the destruction of the State of Israel.''.

A motion to reconsider was laid on the table.

SBA ENTREPRENEURIAL DEVELOPMENT PROGRAMS ACT OF 2007

The SPEAKER pro tempore. The unfinished business is the vote on the motion to suspend the rules and pass the bill, H.R. 2359, on which the yeas and nays were ordered.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Ms. VELÁZQUEZ) that the House suspend the rules and pass the bill, H.R. 2359.

This will be a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 405, nays 18, not voting 9, as follows:

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). Two minutes are remaining in this vote.

□ 1244

So (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. COLE of Oklahoma. Mr. Speaker, I was unavoidably absent for rollcall vote No. 515, on suspending the rules and passing H.R. 2284. Had I been present, I would have voted "yea."

APPOINTMENT OF MEMBERS TO BOARD OF VISITORS TO UNITED STATES AIR FORCE ACADEMY

The SPEAKER pro tempore. Pursuant to 10 U.S.C. 9355(a), amended by Public Law 108–375, and the order of the House of January 4, 2007, the Chair announces the Speaker's appointment of the following Members of the House to the Board of Visitors to the United States Air Force Academy:

Mr. DEFAZIO, Oregon

Ms. LORETTA SANCHEZ, California

Mr. LAMBORN, Colorado

ENERGY AND WATER DEVELOPMENT AND RELATED AGENCIES APPROPRIATIONS ACT, 2008

The SPEAKER pro tempore. Pursuant to House Resolution 481 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the further consideration of the bill, H.R. 2641.

□ 1248

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the further consideration of the bill (H.R. 2641) making appropriations for energy and water development and related agencies for the fiscal year ending September 30, 2008, and for other purposes, with Mr. LYNCH (Acting Chairman) in the chair.

The Clerk read the title of the bill.

The Acting CHAIRMAN. When the Committee of the Whole rose on Tuesday, June 19, 2007, amendment No. 19 offered by the gentleman from Minnesota (Mr. KLINE) had been disposed of and the bill had been read through page 25, line 6.

Mr. VISCLOSKY. Mr. Chairman, I move to strike the last word.

The Acting CHAIRMAN. The gentleman is recognized for 5 minutes.

Mr. VISCLOSKY. I would like to use my time and recognize the gentleman from South Carolina for a colloquy.

Mr. INGLIS of South Carolina. I thank the gentleman for yielding.

Mr. Chairman, I thank you and the ranking member for your work on this bill.

Two weeks ago the House passed the H-Prize Act of 2007. The H-Prize was overwhelmingly supported here in the House with a vote of 408–8, and last year 416–6. The H-Prize is a nonbureaucratic way for government to achieve its goal of harnessing America's entrepreneurial spirit to tackle our energy challenges. The best part is, if no one wins the government doesn't have to pay.

We need $6 million, Mr. Chairman, to fund the H-Prize at its inception. Of that amount, $1 million would be used to fund a prize for advancements in components or systems related to hydrogen storage, $4 million would be used to fund a prize for development of prototypes of hydrogen-powered vehicles or other hydrogen-based products, and $1 million would be used for administration of the prize competitions.

The Secretary of Energy was granted authorization for creating prizes in the Energy Policy Act of 2005. The H-Prize gives structure to this prize authority in accordance with recommendations from industry, academia, government and venture capitalists.

I would ask the chairman if he would work with Mr. LIPINSKI, the gentleman from Illinois, and me to provide funding for the H-Prize as we move forward in conference with the Senate.

Mr. VISCLOSKY. Mr. Chairman, I appreciate the gentleman and Mr. LIPINSKI's request for funding for this very worthwhile program, and certainly look forward to working with him as well as the gentleman from Illinois as we go to conference.

Mr. INGLIS of South Carolina. I thank the gentleman.

The Acting CHAIRMAN. The Clerk will read.

The Clerk read as follows:

DEPARTMENTAL ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

For salaries and expenses of the Department of Energy necessary for departmental administration in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the hire of passenger motor vehicles and official reception and representation expenses not to exceed $5,000, $304,782,000, to remain available until expended, of which $2,390,000 shall be available for necessary administrative expenses to carry out the loan guarantee program under title XVII of Public Law 109–58, plus such additional amounts as necessary to cover increases in the estimated amount of cost of work for others notwithstanding the provisions of the Anti-Deficiency Act (31 U.S.C. 1511 et seq.): *Provided*, That such increases in cost of work are offset by revenue increases of the same or greater amount, to remain available until expended: *Provided further*, That moneys received by the Department for miscellaneous revenues estimated to total $161,818,000 in fiscal year 2008 may be retained and used for operating expenses within this account, and may remain available until expended, as authorized by section 201 of Public Law 95–238, notwithstanding the provisions of 31 U.S.C. 3302: *Provided further*, That fees collected pursuant to section 1702(h) of Public Law 109–58 shall be credited as offsetting collections to this account: *Provided further*, That the sum herein appropriated shall be reduced by the amount of miscellaneous revenues received during 2008, and any related appropriated receipt account balances remaining from prior years' miscellaneous revenues, so as to result in a final fiscal year 2008 appropriation from the general fund estimated at not more than $142,964,000.

AMENDMENT NO. 4 OFFERED BY MR. SPACE

Mr. SPACE. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 4 offered by Mr. SPACE:

Page 25, line 14, after the second dollar amount insert ''(reduced by $30,000,000)''.

Page 37, line 19, after the dollar amount insert ''(increase by $30,000,000)''.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from Ohio (Mr. SPACE) and a Member opposed each will control 5 minutes.

The chairman recognizes the gentleman from Ohio.

Mr. SPACE. Mr. Chairman, I yield myself 2 minutes.

Mr. Chairman, I am offering this bipartisan amendment with Congressman ADERHOLT to restore funding for the ARC, Appalachian Regional Commission, to $65 million in this bill. This amendment brings the Commission's funding up so that it's equal to the President's request in the previous year's funding level.

The Appalachian Regional Commission is very important to my district and many other districts from New York to Mississippi. The Appalachian Regional Commission is a model for Federal economic development initiatives, and has been a responsible steward of the Federal funds it has received over the years. For example, in fiscal year 2006, across all investment areas, each dollar of ARC funding was matched by $3.14 in non-ARC public project funding, and each ARC dollar invested leveraged $11.55 in private investment in ARC projects over time. This restoration of funds will be offset by a $30 million reduction to the Department of Energy's administrative account.

I understand that the Appropriations Committee must make difficult decisions this year. However, over the last 10 years, funding for the ARC has remained level, at around $65 million, and the region continues to receive less Federal assistance per capita than the rest of the country. Additionally, the House of Representatives had voted to authorize the ARC at levels much higher than $65 million.

The 410-county region still faces a complex set of economic and social challenges, and will need continued support from Congress. Without basic infrastructure, economic development and improvements in the overall quality of life, the Appalachian region will continue to lag well behind the rest of the Nation.

I ask my colleagues to support this bipartisan amendment to restore funding for the commission to levels equal with the President's request and the current funding level for this program.

Mr. Chairman, I would like to yield 2 minutes to the gentleman from Alabama (Mr. ADERHOLT).

Mr. ADERHOLT. Mr. Chairman, I rise today in support of Congressman SPACE's amendment, which is of course funding for the ARC, Appalachian Regional Commission, in this year's Energy and Water appropriations bill.

Many Americans may not be aware that this was a program that was established back in 1965. ARC was created to address the persistent poverty and the growing economic despair of the Appalachian region, which is an area that extends from southern New York to northeast Mississippi. At that time in 1965, one out of every three Appalachians lived in poverty. Per capita income was 23 percent lower than the U.S. average, and high unemployment and harsh living conditions had, in the 1950s, forced more than 2 million people in that area to leave their homes and seek work in other regions.

Even today, ongoing changes in declining sectors of the economy, such as manufacturing and textiles, exacerbated by globalization, changes in technology, and the recent downturn in the economy have hit this region very, very hard. It has threatened to reverse a lot of the economic gains that were made in these communities over the past several years. For an area that has suffered economically for so long, we can't allow this to happen.

By funding the ARC at least at last year's level, $65 million, we will ensure that the people and the businesses of Appalachia have the knowledge, have the skills and the access to telecommunications and the technology to compete in a technology-based economy.

As has been mentioned here by Congressman SPACE, this restoration of funds will be offset by $30 million for the Department of Energy's administrative account. ARC has been a responsible steward for the Federal funds that it has received over the past several years. For example, in fiscal year 2006, across all investment areas each dollar of ARC funding was matched by $3.14 in non-ARC public project funding, and each ARC dollar invested leveraged $11.55 in private investment in ARC projects over time.

The 410-county region still faces a complex set of issues. However, this program has made a difference, and we are seeing results.

Over the last 10 years, funding for the ARC has remained level at $65 million. And the region continues to receive less Federal assistance per capita than the rest of the country. Additionally, in the past, the House of Representatives has voted to authorize the ARC levels at the higher level of $65 million.

I would like to thank Congressman SPACE for his assistance in this program, and also Chairman VISCLOSKY for his attention to this matter.

Mr. SPACE. I thank the gentleman from Alabama and would yield 1 additional minute to the Congresswoman from West Virginia (Mrs. CAPITO).

Mrs. CAPITO. I want to thank Mr. SPACE for offering his amendment to something that I believe in very much, and that is more funding for the Appalachian Regional Commission.

The ARC encompasses all 55 counties of the State of West Virginia and is an important resource to the lower economic communities across Appalachia. Some of the good news is, since the ARC was created, poverty in the region has dropped from 31 percent to 13 percent, and more adults have high school diplomas. The percentage rate has risen to 70 percent. Over 400 rural primary health care facilities have been built. And in my district, three of the counties of my district have recently been removed from the list of economically distressed counties. We have already seen that ARC is a solid investment for our government by leveraging both private and public dollars.

The Appalachian region still lags behind the Nation in water and wastewater facilities, health care and poverty. And the ARC is a major part of continuing to address these challenges in my district and across the region. Now is not the time to cut ARC funding. This amendment will simply bring ARC funds back up to last year's level and the President's requested level of $65 million.

I look forward to bipartisan support of this amendment.

Mr. VISCLOSKY. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIRMAN. The gentleman is recognized for 5 minutes.

Mr. VISCLOSKY. Mr. Chairman, I rise to engage in a colloquy with the gentleman, Mr. SPACE, to express my appreciation for the concern he has for his constituency, as well as the gentlelady from West Virginia, and my colleague on the committee, Mr. ADERHOLT, who also raised an amendment in the full committee.

Again, I appreciate their work and their concern for the people in economic development of not only their individual constituencies, but their region, and certainly would pledge to continue to work with them to address their concerns.

Having said that, I would ask my colleague from Ohio to withdraw his amendment.

□ 1300

Mr. SPACE. Mr. Chairman, with that commitment to work for the concerns of those in Appalachia, I would, at this point, withdraw the amendment and continue to work with my colleagues on this important issue.

Mr. Chairman, I ask unanimous consent to withdraw my amendment.

The Acting CHAIRMAN. Is there objection to the request of the gentleman from Ohio?

There was no objection.

AMENDMENT NO. 18 OFFERED BY MS. FOXX

Ms. FOXX. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 18 offered by Ms. FOXX:

Page 25, line 14, after the second dollar amount, insert ''(reduced by $27,950,000)''.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentlewoman from North Carolina (Ms. FOXX) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from North Carolina.

Ms. FOXX. Mr. Chairman, my amendment would reduce funding for the Department of Energy Departmental Administration to the fiscal year 2007 level. This amendment would save $28 million, reducing the account from $304.782 million to $276.832 million, the fiscal year 2007 enacted level.

The Energy and Water appropriations bill is already $1.1 billion over the President's request. This amendment would reduce the funding in the Departmental Administration account, putting it at last year's enacted level. The bill provides a 10 percent increase for DOE's Departmental Administration account.

There has been at least $105.5 billion in new Federal spending over the next 5 years authorized by the House Democratic leadership this year. In enacting the largest tax increase in American history, the Democrats' budget allows for $28 billion in spending over that of the President's budget request.

This amendment is designed to save the taxpayers almost $30 million, just a small dent in the unnecessary increases in Federal spending this year, which is being fueled by huge tax increases. We've constantly heard on the floor, around this bill especially, the problem of increased rules and regulations. What happens when you have additional administrators? What you are going to get are more rules and more regulations.

We are constantly adding administrative costs to all of the Federal Government. I think we can make a very small dent, but an important dent, in our deficit spending by cutting these funds. This should not hurt at all the administration of the Department and the administration of programs.

If we were going to put in additional funding anywhere, we ought to put that money in for direct services and not for administration. We hear more and more about too much administration in the education field, but I think we have it all over the Federal Government, State governments, local governments.

We are talking about deficits, not surpluses. If we had a huge surplus in this country, we might be wanting to talk about spending additional money. But we don't need to be doing that. This will benefit the taxpayers all over this country. And what we need to do is to cut spending, not increase spending. That is what we heard all last year from the majority party. I am surprised that we aren't continuing to hear it this year. When they are in charge, they want to spend lots of money.

So, Mr. Chairman, I respectfully ask my colleagues to support this, which would save $28 million and make a small dent in our deficit.

Mr. Chairman, I yield back the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I rise in opposition to the gentlewoman's amendment.

The Acting CHAIRMAN. The gentleman is recognized for 5 minutes.

Mr. VISCLOSKY. Mr. Chairman, this amendment would reduce DOE's Office of Administration by over $27 million. The bill provides $304 million, a decreased amount under the President's request.

The Departmental Administration account funds the guts of the Department; the chief financial officer, human resources, the general counsel, the chief information officer, all are integral to the functioning of the $25 billion operation of the Department of Energy.

What I am particularly concerned about relative to the gentlewoman's amendment is that the bill has initiatives that would not be funded as a result of the reductions.

There are funds provided in this bill for additional legal counsel to expedite energy efficiency standards for appliances. There has been a significant accumulation of backlog for this work. We can expedite this work and save energy in this country.

The bill also funds a review by the National Academy of Public Administration for the contracting in human resources process. Mentioned yesterday during debate, the Department of Energy has been on a high-risk list with the GAO for 17 years. The purpose of the subcommittee of having the National Academy of Public Administration come in is to get DOE off so that they stop wasting and mismanaging money. And I would hate to see that function not occur because of the gentlewoman's amendment.

Mr. Chairman, I would urge rejection of it.

Mr. Chairman, I reserve the balance of my time.

Mr. HOBSON. Mr. Chairman, I move to strike the last word.

The Acting CHAIRMAN. The gentleman is recognized for 5 minutes.

Mr. HOBSON. Mr. Chairman, I rise in opposition to the gentlewoman's amendment. And while they say miracles never cease, this is living proof. Despite my frustrations with the leadership of the Department of Energy, and they are great, I am rising to oppose the gentlewoman's motion to cut the DOE's Departmental Administration and make a case for why they need the level requested by the President.

For too long, DOE has been stuck in a quagmire of mismanagement, operating devoid of leadership and vision. But cutting funds that are critical to the successful management of our Nation's energy programs, especially at such a critical time in terms of our energy security, I think is a foolish time to do that. A cut of close to $30 million to this account will cost far more in terms of our Nation's energy needs than the good message it might send.

So don't be misled by the gentlewoman's argument that cutting $28 million in discretionary funds in this account will reduce the deficit. It might. But I think it will do the opposite. It will undermine DOE's efforts to oversee climate change research, improve the use of renewable energy, and provide national scientific leadership.

But DOE, I hope, is listening today and gets the message. They need to get their act together, and I agree with the fact that they don't have their act together. But I don't think this is the way to get their attention at this moment. But if I thought it was, I would agree with the gentlewoman, because I believe the intent here is more than just to cut the deficit. It is to wake them up to get some reasonable management in that quagmire that is over there and just answers to the other body's needs all the time for additional spending. So it is unfortunate, but I do oppose the gentlewoman's amendment.

Mr. VISCLOSKY. Mr. Chairman, I would yield back my time and urge a ''no'' vote.

The Acting CHAIRMAN. The question is on the amendment offered by the gentlewoman from North Carolina (Ms. FOXX).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Ms. FOXX. Mr. Chairman, I demand a recorded vote.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentlewoman from North Carolina will be postponed.

The Clerk will read.

The Clerk read as follows:

OFFICE OF INSPECTOR GENERAL

For necessary expenses of the Office of Inspector General in carrying out the provisions of the Inspector General Act of 1978, $47,732,000, to remain available until expended.

AMENDMENT OFFERED BY MR. MATHESON

Mr. MATHESON. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment offered by Mr. MATHESON:

Page 26, line 17, after the dollar amount insert ''(reduced by $1,000,000) (increased by $1,000,000)''.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from Utah (Mr. MATHESON) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Utah.

Mr. MATHESON. Mr. Chairman, the Department of Energy is currently managing 206 ongoing projects and, unfortunately, the agency has a long record of inadequate management and oversight of contracts. DOE's failure to hold contractors accountable led the GAO to designate DOE contract administration and project management as a high-risk area for waste, fraud, abuse and mismanagement way back in 1990. Although DOE has made some oversight improvements in the intervening years, GAO noted in reports completed this year, 17 years after the 1990 report, that major problems exist in contracting management at the agency.

One quick example: On a project started in 2004 to demonstrate an alternative waste treatment technology at DOE's Hanford site, DOE officials decided to accelerate the project's schedule. As a result, the project was initiated without using key project management tools, such as an independent review of the cost and schedule baseline. After the project experienced significant schedule and technical problems and the estimated cost more than tripled to about $230 million, DOE began requiring that the project be managed consistent with its project management requirements.

Furthermore, on four additional projects, estimated to cost over $100 million each, cost and schedule information was not being reported into DOE's project tracking system, resulting in less senior management oversight.

My amendment would simply require DOE's Inspector General to conduct a root-cause analysis to fully understand the causes of its contract and management problems, as has been recommended by the GAO.

I encourage everyone to support this amendment as a necessary first step in order to better address the contract management challenges faced by the DOE.

Mr. Chairman, I yield to the gentleman from Indiana (Mr. VISCLOSKY).

Mr. VISCLOSKY. Mr. Chairman, I accept the gentleman's amendment. I understand his concern, as I and Mr. HOBSON have grave concerns about the department's record on contracting and project management as well.

This bill requires the department to develop an action plan due to Congress that will get DOE off the GAO high-risk list for their contract management performance as soon as possible, as I indicated in the previous debate, where they have been since 1990; follow its own guidelines in Management Order 413.3 for project management; and contract with the National Academy of Public Administration for a review of the departmental contracting processes, which have been a choke point of getting work done.

Again, I would be pleased to accept the gentleman's amendment and the record that is established for the department to follow through on GAO's recommendation to examine the root causes of poor contract management.

Mr. HOBSON. Mr. Chairman, if the gentleman will yield, I wish to associate myself with the chairman's comments. I have no objection to the amendment.

Mr. MATHESON. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from Utah (Mr. MATHESON).

The amendment was agreed to.

The Acting CHAIRMAN. The Clerk will read.

The Clerk read as follows:

ATOMIC ENERGY DEFENSE ACTIVITIES

NATIONAL NUCLEAR SECURITY ADMINISTRATION

WEAPONS ACTIVITIES

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other incidental expenses necessary for atomic energy defense weapons activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, $5,879,137,000 to remain available until expended.

DEFENSE NUCLEAR NONPROLIFERATION

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other incidental expenses necessary for atomic energy defense, defense nuclear nonproliferation activities, in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, $1,683,646,000, to remain available until expended.

NAVAL REACTORS

For Department of Energy expenses necessary for naval reactors activities to carry out the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition (by purchase, condemnation, construction, or otherwise) of real property, plant, and capital equipment, facilities, and facility expansion, $808,219,000, to remain available until expended.

OFFICE OF THE ADMINISTRATOR

For necessary expenses of the Office of the Administrator in the National Nuclear Security Administration, including official reception and representation expenses not to exceed $12,000, $415,879,000, to remain available until expended.

DEFENSE ENVIRONMENTAL CLEANUP

(INCLUDING TRANSFER OF FUNDS)

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other expenses necessary for atomic energy defense environmental cleanup activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, and the purchase of not to exceed three passenger motor vehicles for replacement only, $5,766,561,000, to remain available until expended, of which $463,000,000 shall be transferred to the ''Uranium Enrichment Decontamination and Decommissioning Fund''.

OTHER DEFENSE ACTIVITIES

(INCLUDING TRANSFER OF FUNDS)

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other expenses, necessary for atomic energy defense, other defense activities, and classified activities, in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, and the purchase of not to exceed twelve passenger motor vehicles for replacement only, $604,313,000, to remain available until expended: *Provided*, That of the funds provided under this heading in Public Law 109–103, $4,900,000 are transferred to ''Weapons Activities'' for planning activities associated with special nuclear material consolidation.

AMENDMENT OFFERED BY MR. UDALL OF NEW MEXICO

Mr. UDALL of New Mexico. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. Is there objection to considering the amendment at this point in the reading?

There was no objection

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment offered by Mr. UDALL of New Mexico:

Page 27, line 4, after the dollar amount, insert ''(increased by $192,123,000)''.

Page 28, line 2, after the second dollar amount, insert ''(reduced by $192,123,000)''.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from New Mexico (Mr. UDALL) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from New Mexico.

□ 1315

Mr. UDALL of New Mexico. First let me thank the chairman and ranking member for their work on this bill, which provides a bold vision for moving this country forward along a path of clean energy independence and limits spending on new nuclear weapons.

My district has a particular interest in this bill, as I represent the scientists, employees, and community of Los Alamos National Laboratory, also known as LANL. The scientists at LANL are the best in the world and they work with a commitment to both national security and the pursuit of scientific knowledge. In recent years, there have been administrative and managerial difficulties, which we all agree are unacceptable. Nevertheless, the mission of the lab and the workers are the two things that I will always fiercely defend.

Stockpile stewardship, the core mission at LANL, certifies to the President every year that the nuclear stockpile is safe, reliable and accurate. My amendment will help ensure the stability of that mission and thus the rigor of our Nation's security, while also building a bridge to the future.

It will restore funding to the President's request for three specific areas, including upgrades to the Road Runner computer; the readiness and technical base and facilities at LANL; and the scientific campaign. In so doing, I propose to reduce spending in the office of the NNSA Administrator.

The Road Runner computer upgrades will increase LANL's supercomputing capability and keep the lab's ability to conduct computer simulated weapons testing at state-of-the-art. Additionally, the capacity can also be used for advanced non-weapons materials research, and thus broaden the scientific capability of the lab. The amendment restores proposed reductions in Readiness in Technical Base and Facilities at LANL, which would grind to a halt any safety improvements in the lab's infrastructure.

Finally, the science campaign is at the heart of stockpile stewardship. It sustains our Nation's capabilities and understanding of nuclear weapons, which is essential to protecting our Nation. It also allows us to keep our treaty commitments and not perform nuclear testing.

I believe that the cuts in this bill to our Nation's premier national security laboratory hurt the core mission and inhibit the laboratory's ability to transition toward the necessary work on energy independence.

LANL must prepare for the future, which includes diversification of its mission. As Chairman VISCLOSKY has recognized in this legislation, securing our Nation's energy independence is one of the most critical areas of our national security. LANL has an important role to play in this regard.

Mr. Chairman, I reserve the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I rise in strong opposition to the gentleman's amendment, and would hope that at the end of this debate he consider the withdrawal of his amendment.

The Acting CHAIRMAN. The gentleman from Indiana is recognized for 5 minutes.

Mr. VISCLOSKY. Mr. Chairman, I have a great deal of respect for Mr. UDALL and also appreciate the fact that he has made a significant contribution to the full Appropriations Committee and also understand the circumstances that he is presented with.

Contrary to what I think the belief of some Members are, we have made cuts in this bill, but they were thoughtful cuts, given a number of considerations. I would point out that the means by which the gentleman is trying to secure additional weapons money would cut the Administrator's office and potentially terminate most of the Nation's nonproliferation programs.

The nuclear nonproliferation programs are one of the few activities at the Department of Energy that are staffed, managed and run by Federal employees. In the end, Federal employees tend to be generally younger professionals with fewer years of public service and would bear the brunt of any Federal reduction in force.

Secondly, I wish that our national labs, which are treasures and do great work, would also be as adamant and as concerned about their security as they are about their budget line. I would ask to submit additional materials in the RECORD, but would point out we had serious security breaches at Los Alamos in December of 1999, June of 2000, November of 2003, May of 2004, July of 2004, in 2005, in 2006. There was an incident in January of 2007 that made Time Magazine. This has got to stop.

But the breach that causes me and should cause every Member here the most heartburn is what happened to a gentleman by the name of Shawn Carpenter. Mr. Carpenter worked at Los Alamos, Mr. Carpenter was concerned about security at Los Alamos, and Mr. Carpenter went to the Federal Bureau of Investigation to express his concern. He did not go to a local newspaper. He went to the FBI, and he was terminated. There was a trial relative to that wrongful termination. And I would point out that the gentleman who fired Mr. Carpenter, and he subsequently won a judgment of $4.6 million for wrongful termination, got a bonus. He got a bonus after he fired Mr. Carpenter, and Mr. Carpenter went to the FBI to protect the secrets of this Nation as far as our nuclear security.

The third concern I have is some of these moneys would find their way back into the proposal made by the administration that we have eliminated in this bill for a new nuclear weapon. As we have extensively pointed out in the committee report language, since the termination of the Cold War, since regional conflicts such as Kosovo, since 9/11, we have not developed a new nuclear strategy. This is not a time to build a new nuclear weapon.

We have significant cost overruns and time overruns on three buildings we were told were needed for stockpile stewardship. None of them are done. All of them are over budget. Now let's take a turn in the road. I am adamantly opposed.

Mr. Chairman, I reserve the balance of my time.

Mr. HOBSON. Mr. Chairman, I move to strike the last word.

The Acting CHAIRMAN. The gentleman is recognized for 5 minutes.

Mr. HOBSON. Mr. Chairman, I rise in strong opposition also to the gentleman's amendment. This is not personal between me and the gentleman, and I hope it wouldn't be when I get over too, because I am really opposed to this amendment, and I am really in support of the chairman on this, because this is something we have worked on for a long period of time.

I know the administration and some Members, those from New Mexico, are not pleased with the cuts to the weapons program. I have heard from the other body, and they may claim these funding reductions somehow threaten our national security.

I also recognize it is politically convenient to move money from a so-called bureaucracy in Washington to what is portrayed as a field-level purpose. Sorry, folks, but I don't buy either of these arguments, and I strongly believe this bill puts our nuclear weapons programs in the proper perspective.

I have been a member of the Energy and Water Subcommittee for the past 5 years, and I have personally visited every single nuclear weapons lab, plant and site in DOE's complex, and I honestly can't tell you how much our national security is protected, whether we fund the nuclear weapons account at $6.5 billion, $6 billion, or even $5.5 billion. And I certainly can't tell you what benefit we will gain by adding $192 million back to the weapons program and devastating NNSA's management office, as the gentleman proposes.

I also sit on the Defense Appropriations Subcommittee, as does my chairman, and we both are all too aware of the funding shortfalls in the conventional defense area to believe that nuclear weapons are somehow a higher security priority.

So after years of looking at this from virtually every angle, I can tell you definitively that what we need is a national strategy for nuclear weapons and a clearly defined set of military requirements that is derived from that strategy. Then, and only then, will NNSA be able to lay out what a modern weapons complex, capability of producing a specified number of reliable replacement warheads will look like.

In the meantime, we have many nuclear nonproliferation priorities that need to be addressed. This will have real security benefits today, not at some weapons design lab tomorrow.

This bill balances our national security needs by making the prudent recommendations on weapons we have discussed and by putting an additional $398 billion above the President's request towards defense nuclear nonproliferation activities. These funds will play down the risk of nuclear smuggling by improving programs such as the elimination of weapons-grade plutonium production; international nuclear materials production and cooperation; second line of defense and cooperation; MegaPorts; MegaAirports;

and global coordination among domestic security agencies, such as DHS and foreign governments.

Furthermore, these additional funds will support the implementation of an International Nuclear Fuel Bank, a priority for security experts ranging from National Security Advisor Steve Hadley to former Senator Sam Nunn to the leadership of the International Atomic Energy Agency.

Getting our national security priorities right is what this bill is about, and it is a rational approach I wholeheartedly support. But let's call it what it is. This amendment isn't really about national security. It is all about jobs at these DOE weapons facilities.

In particular, the Los Alamos National Laboratory is in the gentleman's State of New Mexico. This lab has held a preeminent place at the Federal trough for years, and now fears the loss of jobs because of this bill's recommended funding levels. Los Alamos has the largest number of employees of any DOE field site, with employees who receive the highest level of compensation, and a lab that has the highest overhead rate of any DOE operation. All told, Los Alamos receives close to $2 billion a year from our bill, plus additional reimbursement of work from other agencies. And I cannot tell you what we get in return for that investment.

I do know that Los Alamos has chronic management problems, and I can read a long litany of security failures, safety accidents and costs and schedule overruns brought to you by the 9,000 highly paid folks at Los Alamos. Don't let anyone tell you that these problems are a thing of the past. DOE just informed us this week of yet another security screwup at Los Alamos, and this is after a number of others.

Given this track record, do we really believe adding another $192 million will improve security? I would argue our national security might actually be improved by cutting 1,800 jobs from a facility that can't seem to manage sensitive information. We would have a lot less people to watch.

The bottom line is that gutting the office of the NNSA Administrator by reducing its funding by almost half will undermine any chance of the NNSA actually managing the weapons and nuclear nonproliferation programs. Does the gentleman expect us to believe that jobs in New Mexico are more important than the overall national management of these sensitive national security programs?

So I am, you can tell, opposed to the gentleman's amendment. I believe the priorities are misguided. The weapons program has no clear strategy of a way forward. And this bill report addresses the shortcomings with its prudent funding recommendations and bold direction.

I urge my colleagues to vote against this ill-conceived amendment.

Mr. VISCLOSKY. Mr. Chairman, I yield the balance of my time to the gentleman from Michigan (Mr. STUPAK), chairman of the Oversight and Investigations Subcommittee of the Committee of Energy and Commerce.

The Acting CHAIRMAN. The gentleman from Michigan is recognized for 1 minute.

Mr. STUPAK. Mr. Chairman, I urge my colleagues to oppose this amendment, which would fund new nuclear weapons development by taking $193 million from the National Nuclear Security Administration nonproliferation account.

NNSA plays a very important role in helping us to secure nuclear weapons, ''loose nukes,'' as we call them in committee, around the world. The program helps secure nuclear material in Russia and elsewhere.

This funding includes $412 million for the installation of radiation portal monitors at over 200 border crossings in Russia, the Baltic States and the Caucasus region, $293 million more than the President's budget.

Rather than commit billions of dollars to manufacturing another generation of nuclear weapons, our existing nuclear arsenal can be sustained using the life extension program managed by NNSA. If we cut $193 million from it, there will be no way we can maintain this life extension program.

The JASON Report, a panel of independent nuclear weapons experts, reported last year that the existing plutonium pit will remain reliable for 100 years, far longer than the 45 or 60 years.

We don't need new weapons. Let's put the money where it will do the most good, to secure ''loose nukes'' around the world. Support the chairman in this position, and do not support the Udall amendment.

□ 1330

Mr. UDALL of New Mexico. Mr. Chairman, in closing, first of all, the NNSA is the problem, not the scientists. NNSA was put there to bring a better security situation, and security has deteriorated since they are there, and that is why I take the money away from the NNSA Administration.

Secondly, I know we can't legislate on an appropriations bill, but I think it would be very appropriate to take a look at the role that NNSA should play in this whole situation, if not return to the Department of Energy managing the nuclear complex. They did a better job.

The vast majority of scientists at Los Alamos work on a broad variety of subjects, not only weapons activities. They stand ready to conduct the research that is most essential to our Nation. However, we need to make sure that these top scientists can do their jobs and have the support they need to work on other missions.

Mr. PEARCE. Mr. Chairman, I rise today to support this amendment that will restore a portion of the fundmg which is critical to maintaining our commitment to safety and security of our nuclear stewardship responsibilities.

I deeply regret that the Majority has decided to cut these programs and irrevocably harm our nuclear weapon programs and fail to maintain our nuclear stockpile. Our responsibility is to protect the American people and ensure that our weapons programs operate in a responsible and secure manner.

These important programs are our national deterrent against rogue nations who would threaten us with weapons of mass destruction. In addition, these cuts will erode our non-proliferation efforts worldwide, as our allies would have to consider expanding their own nuclear arsenals to make up for our reductions.

The cuts proposed today will cut nearly 40 percent of the funding for our Nuclear weapons programs operated at Los Alamos National Laboratory. I would ask the sponsors of these cuts if they believe that the threats from rogue states and aggressive dictators have reduced by 40 percent? If not, why are we cutting our ability to defend ourselves by 40 percent? These cuts will damage our ability to retain good scientists, preserve the knowledge base of our laboratory, and our preparedness to respond to our future nuclear needs.

In addition, these cuts decimate the nation's Stockpile Stewardship Program. Since we have stopped testing nuclear weapons, our country relies on Los Alamos to ensure that our strategic weapon capabilities are safe, reliable and secure. Failure do so abdicates our responsibility to the protect the American people.

These programs are critical to the mission of Los Alamos and critical to America. We shouldn't just simply fold up our tent and allow these programs to be deeply cut or nearly eliminated and I urge all my colleagues to stand up and support this amendment and furthermore support restoring the full funding to these important programs.

Mr. UDALL of New Mexico. Mr. Chairman, I also want to state what my amendment does not do. It does not provide any funding for the Reliable Replacement Warhead (RRW) program or any new weapon development. It does not take specific funds from non-proliferation activities, activities which I support. And it does not, regardless of the misunderstanding or misstatement of others, in any way make it easier for terrorists to acquire nuclear materials. In fact, my amendment would actually restore funding cuts for security measures that keep our nuclear materials safe at our national laboratories.

I understand that in an amendment that moves this much money there can be great concern, and there should be great concern. Yet, it must be understood exactly what is and is not happening—and the entire purpose, the entire substance, of this amendment is meant to help protect the core missions of the labs. Ultimately, this will accelerate a diversification of their missions in order to better meet the national concerns and priorities that we will continue to face in the future.

Mr. UDALL of New Mexico. Mr. Chairman, today this body debated the Energy and Water

Appropriations bill for the upcoming fiscal year. During debate, I offered an amendment which would have added $192 million for the purpose of supporting and diversifying the core mission of our Nation's laboratories. Although my amendment did not pass, I remain strongly committed to the idea that a diversification of the mission of our labs is essential and must take place now if we are going to continue to face—and solve—the major national security challenges of the future.

The debate of the amendment brought up several misconceptions and misunderstandings, and I want to take this time to reiterate the purpose and substance of the amendment.

First, some said that my amendment would increase ''funding for new nuclear weapon development.'' This is simply not true. My amendment would return spending approximately to current levels—thereby not providing for the funding of new weapons. As I stated in my previous remarks, my amendment would target funding for three programs, all of which support securing and maintaining our Nation's existing weapons and the core mission of the laboratory. In fact, two of the three programs—the Road Runner Supercomputer and the Science Campaign—help ensure our current weapons supply remains safe, reliable and accurate through computer simulations of weapons in the place of real weapons testing. In the past, I have expressed great concern with the Reliable Replacement Warhead (RRW) program, and I continue to believe that numerous important questions regarding this proposal need to be answered before it proceeds. I doubt our need for a new weapon.

Second, some said that my amendment could ''terminate most of the Nation's nonproliferation programs'' and that opposing the amendment would ''stop terrorists from acquiring nuclear materials.'' This is also not true. According to the committee report, $75 million of the Office of the NNSA Administrator is set aside for the Defense Nuclear Nonproliferation program. My amendment would have set total funding for the Office of the NNSA Administrator at $215 million, more than enough to continue to fund the nonproliferation program. Further, my amendment did not in any way stipulate that the funding would come from the nonproliferation program. It should be noted that current funding for the Office is $340 million. Clearly the $415 million provided in this bill is a substantial increase for all programs. Even if my amendment had been adopted, the agency still could have completed these important tasks.

Third, some said that my amendment indicated that ''jobs in New Mexico are more important than the overall national management of these sensitive national security programs.'' Certainly representing the constituency needs of the Third Congressional District of New Mexico is my primary concern. And, yes, those who would lose their jobs under this bill—technical, academic and support jobs in which many have spent decades—are worried. But let me be absolutely clear about this: Neither I nor a single member of the Los Alamos community would for a moment rather protect these jobs than protect the safety and defense of our national security programs. The men and women who work at Los Alamos take great pride in their mission and service to our Nation. They understand the unique undertaking of the lab, and it is my honor to represent them.

Mr. Chairman, I held a telephone town hall with the community of Los Alamos on this issue. During the town hall an informal poll question asked whether people support a diversification of the lab's mission. Eighty-four percent of the respondents—over half of whom were employees at LANL—supported such a diversification.

I do not believe that we must continue with a status quo mission for our national laboratories. Nor do I believe that creating a national security strategy in a policy vacuum without any regard for the needs of the future is the way to proceed. There is an absolute need, and, in fact, a great opportunity, for our national laboratories to diversify their missions and expand the scientific research being conducted in order to meet the challenges we are facing. From energy independence to health care to climate change modeling, we have the capacity for this diversification. I hope that in the coming months and years I will be joined by others who believe in this cause.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from New Mexico (Mr. UDALL).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Mr. HOBSON. Mr. Chairman, I demand a recorded vote.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from New Mexico will be postponed.

Mr. HOBSON. Mr. Chairman, I move to strike the last word.

The Acting CHAIRMAN. The gentleman from Ohio is recognized for 5 minutes.

Mr. HOBSON. Mr. Chairman, I yield to the gentleman from Michigan (Mr. ROGERS) for a colloquy.

Mr. ROGERS of Michigan. Mr. Chairman, I thank the gentleman from Ohio (Mr. HOBSON) for yielding me this time.

Mr. Chairman, in the report accompanying H.R. 2641, the subcommittee commends the nuclear physics research community for its efforts to rescope the next generation rare isotope research facility in light of the current fiscal constraints. However, the report contends that ''the rare isotope beams will involve modifications to existing accelerators rather than the construction of a new rare isotope accelerator, RIA.''

As you know, National Superconducting Cyclotron Laboratory, located at Michigan State University, is the leading rare isotope facility in the United States and needs an upgrade to stay on the leading edge of rare isotope science. Michigan State's upgrade proposal includes the reuse of several major components of the existing NSCL. However, it does not intend to use its existing cyclotron accelerators, as they would not be suitable for the beam strengths contemplated by the new facility. As a result, if one were to interpret this language literally, Michigan State would not be eligible for any potential DOE funded facility since it is not proposing ''modifications to existing accelerators.''

Mr. Chairman, I am assuming this is a problem created by ambiguous wording and does not represent a substantive shift in the position of the subcommittee. Would you concur with my assumption, sir?

Mr. VISCLOSKY. Mr. Chairman, will the gentleman yield?

Mr. HOBSON. I yield to the gentleman from Indiana.

Mr. VISCLOSKY. Mr. Chairman, as a Notre Dame grad, I would like to interject myself into this colloquy. I thank the gentleman from Michigan for his interest in this area.

The gentleman is correct. The subcommittee's objection was to praise the nuclear physics community's adaptiveness in adjusting its facilities plan to our current budgetary realities. It was not meant in any way to define or alter the scope of the proposed facility or limit Michigan State's ability to compete. The subcommittee remains steadfastly committed to ensuring that DOE user facilities are subject to full and open competition and will monitor the process very closely to make sure that all potential competitors are treated fairly by DOE. Again, I appreciate the gentleman for yielding and bringing this matter up.

Mr. HOBSON. I yield to the gentleman from Michigan.

Mr. ROGERS of Michigan. I want to thank the chairman of the subcommittee for his work on this issue. You have given me a whole renewed look at Notre Dame University.

The Acting CHAIRMAN. The Clerk will read.

The Clerk read as follows:

DEFENSE NUCLEAR WASTE DISPOSAL

For nuclear waste disposal activities to carry out the purposes of Public Law 97–425, as amended, including the acquisition of real property or facility construction or expansion, $292,046,000, to remain available until expended.

POWER MARKETING ADMINISTRATIONS

BONNEVILLE POWER ADMINISTRATION FUND

Expenditures from the Bonneville Power Administration Fund, established pursuant to Public Law 93–454, are approved for official reception and representation expenses in an amount not to exceed $1,500. During fiscal year 2008, no new direct loan obligations may be made.

OPERATION AND MAINTENANCE, SOUTHEASTERN POWER ADMINISTRATION

For necessary expenses of operation and maintenance of power transmission facilities and of electric power and energy, including transmission wheeling and ancillary services pursuant to section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the

southeastern power area, $6,463,000, to remain available until expended: *Provided,* That notwithstanding 31 U.S.C. 3302, up to $48,413,000 collected by the Southeastern Power Administration pursuant to the Flood Control Act of 1944 to recover purchase power and wheeling expenses shall be credited to this account as offsetting collections, to remain available until expended for the sole purpose of making purchase power and wheeling expenditures.

OPERATION AND MAINTENANCE, SOUTHWESTERN POWER ADMINISTRATION

For necessary expenses of operation and maintenance of power transmission facilities and of marketing electric power and energy, for construction and acquisition of transmission lines, substations and appurtenant facilities, and for administrative expenses, including official reception and representation expenses in an amount not to exceed $1,500 in carrying out section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the southwestern power area, $30,442,000, to remain available until expended: *Provided,* That, notwithstanding 31 U.S.C. 3302, up to $35,000,000 collected by the Southwestern Power Administration pursuant to the Flood Control Act to recover purchase power and wheeling expenses shall be credited to this account as offsetting collections, to remain available until expended for the sole purpose of making purchase power and wheeling expenditures.

CONSTRUCTION, REHABILITATION, OPERATION AND MAINTENANCE, WESTERN AREA POWER ADMINISTRATION

For carrying out the functions authorized by title III, section 302(a)(1)(E) of the Act of August 4, 1977 (42 U.S.C. 7152), and other related activities including conservation and renewable resources programs as authorized, including the operation, maintenance, and purchase through transfer, exchange, or sale of one helicopter for replacement only, and official reception and representation expenses in an amount not to exceed $1,500; $201,030,000, to remain available until expended, of which $191,094,000 shall be derived from the Department of the Interior Reclamation Fund: *Provided,* That of the amount herein appropriated, $7,167,000 is for deposit into the Utah Reclamation Mitigation and Conservation Account pursuant to title IV of the Reclamation Projects Authorization and Adjustment Act of 1992: *Provided further,* That notwithstanding the provision of 31 U.S.C. 3302, up to $258,702,000 collected by the Western Area Power Administration pursuant to the Flood Control Act of 1944 and the Reclamation Project Act of 1939 to recover purchase power and wheeling expenses shall be credited to this account as offsetting collections, to remain available until expended for the sole purpose of making purchase power and wheeling expenditures.

FALCON AND AMISTAD OPERATING AND MAINTENANCE FUND

For operation, maintenance, and emergency costs for the hydroelectric facilities at the Falcon and Amistad Dams, $2,500,000, to remain available until expended, and to be derived from the Falcon and Amistad Operating and Maintenance Fund of the Western Area Power Administration, as provided in section 423 of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995.

FEDERAL ENERGY REGULATORY COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Federal Energy Regulatory Commission to carry out the provisions of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including services as authorized by 5 U.S.C. 3109, the hire of passenger motor vehicles, and official reception and representation expenses not to exceed $3,000, $255,425,000, to remain available until expended: *Provided,* That notwithstanding any other provision of law, not to exceed $255,425,000 of revenues from fees and annual charges, and other services and collections in fiscal year 2008 shall be retained and used for necessary expenses in this account, and shall remain available until expended: *Provided further,* That the sum herein appropriated from the general fund shall be reduced as revenues are received during fiscal year 2008 so as to result in a final fiscal year 2008 appropriation from the general fund estimated at not more than $0.

GENERAL PROVISIONS—DEPARTMENT OF ENERGY

SEC. 301. CONTRACT COMPETITION.—(a) None of the funds in this or any other appropriations Act for fiscal year 2008 or any previous fiscal year may be used to make payments for a noncompetitive management and operating contract, or a contract for environmental remediation or waste management in excess of $100,000,000 in annual funding at a current or former management and operating contract site or facility, or award a significant extension or expansion to an existing management and operating contract, or other contract covered by this section, unless such contract is awarded using competitive procedures or the Secretary of Energy grants, on a case-by-case basis, a waiver to allow for such a deviation. The Secretary may not delegate the authority to grant such a waiver.

(b) Within 30 days of formally notifying an incumbent contractor that the Secretary intends to grant such a waiver, the Secretary shall submit to the Subcommittees on Energy and Water Development of the Committees on Appropriations of the House of Representatives and the Senate a report notifying the Subcommittees of the waiver and setting forth, in specificity, the substantive reasons why the Secretary believes the requirement for competition should be waived for this particular award.

SEC. 302. UNFUNDED REQUESTS FOR PROPOSALS.—None of the funds appropriated by this Act may be used to prepare or initiate requests for proposals for a program if the program has not been funded by Congress.

SEC. 303. UNEXPENDED BALANCES.—The unexpended balances of prior appropriations provided for activities in this Act may be available to the same appropriation accounts for such activities established pursuant to this title. Available balances may be merged with funds in the applicable established accounts and thereafter may be accounted for as one fund for the same time period as originally enacted.

SEC. 304. BONNEVILLE POWER ADMINISTRATION SERVICE TERRITORY.—None of the funds in this or any other Act for the Administrator of the Bonneville Power Administration may be used to enter into any agreement to perform energy efficiency services outside the legally defined Bonneville service territory, with the exception of services provided internationally, including services provided on a reimbursable basis, unless the Administrator certifies in advance that such services are not available from private sector businesses.

SEC. 305. USER FACILITIES.—When the Department of Energy makes a user facility available to universities or other potential users, or seeks input from universities or other potential users regarding significant characteristics or equipment in a user facility or a proposed user facility, the Department shall ensure broad public notice of such availability or such need for input to universities and other potential users. When the Department of Energy considers the participation of a university or other potential user as a formal partner in the establishment or operation of a user facility, the Department shall employ full and open competition in selecting such a partner. For purposes of this section, the term ''user facility'' includes, but is not limited to: (1) A user facility as described in section 2203(a)(2) of the Energy Policy Act of 1992 (42 U.S.C. 13503(a)(2)); (2) a National Nuclear Security Administration Defense Programs Technology Deployment Center/User Facility; and (3) any other Departmental facility designated by the Department as a user facility.

SEC. 306. INTELLIGENCE ACTIVITIES.—Funds appropriated by this or any other Act, or made available by the transfer of funds in this Act, for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414) during fiscal year 2008 until the enactment of the Intelligence Authorization Act for fiscal year 2008.

SEC. 307. LABORATORY DIRECTED RESEARCH AND DEVELOPMENT.—Of the funds made available by the Department of Energy for activities at government-owned, contractor-operator operated laboratories funded in this Act, the Secretary may authorize a specific amount, not to exceed 8 percent of such funds, to be used by such laboratories for laboratory-directed research and development: *Provided,* That the Secretary may also authorize a specific amount not to exceed 3 percent of such funds, to be used by the plant manager of a covered nuclear weapons production plant or the manager of the Nevada Site office for plant or site-directed research and development funding.

SEC. 308. CONTRACTOR PENSION BENEFITS.—None of the funds made available in title III of this Act shall be used for implementation of the Department of Energy Order N 351.1 modifying contractor employee pension and medical benefits policy.

SEC. 309. INTERNATIONAL NUCLEAR FUEL BANK.—Of the funds made available in the first paragraph under the heading ''Atomic Energy Defense Activities—Other Defense Activities'' in chapter 2 of title I of division B of Public Law 105–277, $100,000,000 shall be available until expended, subject to authorization, for the contribution of the United States to create a low-enriched uranium stockpile for an International Nuclear Fuel Bank supply of nuclear fuel for peaceful means under the International Atomic Energy Agency.

TITLE IV—INDEPENDENT AGENCIES

APPALACHIAN REGIONAL COMMISSION

For expenses necessary to carry out the programs authorized by the Appalachian Regional Development Act of 1965, notwithstanding section 14704 of title 40, United States Code, and, for necessary expenses for the Federal Co-Chairman and the alternate on the Appalachian Regional Commission, for payment of the Federal share of the administrative expenses of the Commission, including services as authorized by section 3109 of title 5, United States Code, and hire passenger motor vehicles, $35,000,000, to remain available until expended.

AMENDMENT NO. 17 OFFERED BY MR. NEUGEBAUER

Mr. NEUGEBAUER. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 17 offered by Mr. NEUGEBAUER:

Page 37, strike lines 9 through 19.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from Texas (Mr. NEUGEBAUER) and the gentleman from Indiana (Mr. VISCLOSKY) each will control 5 minutes.

The Chair recognizes the gentleman from Texas.

Mr. NEUGEBAUER. Mr. Chairman, my amendment would strike funding for the Appalachian Regional Commission. This commission is a perfect example of Ronald Reagan's belief that the nearest thing to eternal life we will ever see on this Earth is a government program.

Established more than 40 years ago, this commission has evolved into an inequitable and duplicative Federal program, yet it receives $35 million in next year's budget.

Although most of ARC funding is spent building State roads, the agency also spends tax dollars on water programs, housing projects, business development, and health care.

However, this funding is only available to 13 States. In other words, this is a bracketed bill. The ARC is a redundant layer of bureaucracy. Several other Federal agencies have similar missions as the ARC. For example, an Appalachian community applying for an economic development grant would be eligible to use 20 other programs across five other agencies and receive funding for the exact same purposes. For every ARC program, it is duplicated by another Federal program.

According to the Department of Agriculture's Web site, USDA's Rural Development Agency supports such essential public facilities and services as water and sewer systems, housing, health clinics and promotes economic development. In other words, under the current Department of Agriculture programs, these communities could apply for these grants instead of having a separate bracketed amount of money.

At the Department of Housing and Urban Development, there is a rural housing and economic development program within the Department of Housing and Urban Development.

Departments of Transportation and Commerce, for example, and even the Department of Defense, have programs whose mission is to help rural communities.

Therefore, if we were to eliminate the ARC, applicants could still apply for countless other grants from other agencies that are already providing funding for rural communities.

I represent a rural community, and so I understand the unique challenges facing rural America today. However, as we work to help communities overcome their challenges, we should do it in such a way that we are not wasting taxpayer dollars.

Mr. Chairman, I reserve the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, as I stated earlier, there is a role and a need for the ARC to assist distressed counties in Appalachia with local economic development and to provide infrastructure requirements.

Of the original 223 distressed counties, 74 remain in that category; and clearly the mission of the ARC has not yet been fully realized. The fact is the committee did reduce the administration's request for this account by $30 million and has targeted all of the funds in this bill for those distressed counties. So I would be in opposition to the gentleman's amendment.

Mr. Chairman, I reserve the balance of my time.

Mr. NEUGEBAUER. Mr. Chairman, I yield to the gentleman from Ohio (Mr. HOBSON).

Mr. HOBSON. Mr. Chairman, I rise in support of the amendment to eliminate funding for the Appalachian Regional Commission. I have been against the Appalachian Regional Commission since I was on the Budget Committee in 1995. But I do appreciate the chairman's cutting the funding back because we always have a problem dealing with the Senate on this issue.

But let me tell you, for all of the heartburn we have had over congressional earmarks and administration earmarks, I would point out that funding for the Appalachian Regional Commission basically provides earmarks designated by the Governors of 13 Appalachian States. If we are cutting our earmarks, then we should be reducing these as well. The one thing we should not do is delegate our decision-making to the authority of these Governors, no matter how well intended the purposes are.

And I have to tell you, we have been throwing this money into these counties for all these years, and they are still at these levels. It doesn't do any good. It just goes down the tube. We should do programs that really help the quality of life in these regions and help them move out, rather than doing these little projects that keep them in the poverty level. So I support the gentleman's amendment.

Mr. NEUGEBAUER. Mr. Chairman, I was going to point out exactly the point that the gentleman made about the earmarks. There is $300,000 for central Pennsylvania's largest kitchen, $20,000 to renovate an abandoned hospital for a possible visual arts center, $7,000 to place 16 poster-size vignettes in culturally significant areas in Connellsville, Pennsylvania.

Mr. Chairman, economic development is important to all America. It is important to rural America; but what is also important to America is fiscal responsibility, keeping taxes lower.

If we keep spending money the way we are spending money now, we are going to have to raise taxes. In fact, the Democratic budget passed what is going to be the largest tax increase in American history. The government doesn't have an income problem; the government has a spending problem. When you look at the revenues over the last few years because we lowered taxes and let the American people keep their money and let the American people invest and let small businesses create jobs all across America, what happened? Well, the economy got better. What happened to tax revenues? Tax revenues are increasing at a fairly substantial rate.

What we have to do is cut spending so spending is growing at a slower rate than the revenues. That is the only way we are ever going to be able to balance our budget. I urge support of my amendment.

Mr. VISCLOSKY. Mr. Chairman, despite the eloquence and persuasiveness of my ranking member and good friend, Mr. HOBSON, I remain opposed and would ask the membership to vote against the amendment.

Mr. SPACE. Mr. Chairman, I rise to oppose this amendment.

For four decades now, the Appalachian Regional Commission has worked to bring Appalachia to economic parity with the rest of the country.

The statistics are devastating. Twenty percent of Appalachian households still do not have access to community water systems. Sixty-two percent of Appalachian counties have a higher unemployment rate than the national average.

I want to make one thing clear. The Commission's programs are NOT duplicative. They complement Federal activities and extend the reach of those programs into the most challenging parts of Appalachia.

The Commission acts as a key financial partner in attracting private and non-profit investment to the region. In Fiscal Year 2006, every dollar of ARC funding leveraged $3.14 in other public funding and $11.55 in private investment.

The modest amount of money we spend on this program is fiscally responsible and enormously beneficial to the taxpayer. The President's own Budget requests that the Commission's funding level continue at $65 million.

I urge my colleagues to oppose this amendment.

Mr. ARCURI. Mr. Chairman, I rise in strong opposition to this amendment. Unfortunately, my colleague from Texas has failed to closely examine the benefits the Appalachian Regional Commission has provided numerous economically distressed counties in the region since its establishment over 40 years ago.

Mr. Chairman, the ARC has enhanced the region's economic progress by improving living conditions, enhancing the employability of the workforce, and strengthening the region's basic infrastructure.

Simply put, the numbers speak for themselves. Since its creation, the ARC has reduced the number of severely distressed

counties in the region by more than 65 percent, cut the poverty rate from 31 percent to 15 percent, and created 1.6 million jobs.

Mr. Chairman, my upstate New York district has been plagued with struggling local economies for quite some time. Population exodus, significant job losses in the manufacturing sector and slow economic development have all contributed to the downturn in economic prosperity in the region.

These communities are in dire need of exposure to new innovative technologies—such as alternative energy projects—and attracting private investment to spur economic activity and improve their quality of life. The ARC helps our communities do just that. The ARC provides the framework and the guidance for these communities to begin to move towards sustainable economic growth.

Mr. Chairman, six counties in my upstate New York district have experienced success as members of the ARC. The Village of Sherburne, NY in Chenango County is a great example of how small ARC grants are extremely helpful in leveraging additional funds from State, local, and private sources for economic development initiatives that create jobs. A $200,000 grant from the ARC for the enhancement of aging water infrastructure in Sherburne—a problem that is plaguing many States in the Northeast—was able to leverage close to $4 million in State and local community investment.

Mr. Chairman, for each one dollar of ARC funding invested, it leverages $3.14 in other public funding and $11.55 in private investment. Now that sounds like a responsible and wise investment of taxpayer dollars.

It would be unwise and irresponsible to deny the people in 13 States in the region the funds to help them achieve socioeconomic parity with the Nation. I ask my colleagues on both sides of the aisle to oppose the amendment to zero-out funding for the ARC. Mr. Chairman, I also strongly urge my colleagues to support my freshman colleague from Ohio's amendment to fully restore the President's FY08 budget request of $65 million for the ARC in this bill.

Mr. VISCLOSKY. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from Texas (Mr. NEUGEBAUER).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Mr. NEUGEBAUER. Mr. Chairman, I demand a recorded vote.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Texas will be postponed.

□ 1345

The Clerk will read.

The Clerk read as follows:

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

For necessary expenses of the Defense Nuclear Facilities Safety Board in carrying out activities authorized by the Atomic Energy Act of 1954, $22,499,000, to remain available until expended.

DELTA REGIONAL AUTHORITY

For necessary expenses of the Delta Regional Authority and to carry out its activities, as authorized by the Delta Regional Authority Act of 2000, notwithstanding sections 382C(b)(2), 382F(d), and 382M(b) of said Act, $6,000,000, to remain available until expended.

DENALI COMMISSION

For expenses of the Denali Commission including the purchase, construction and acquisition of plant and capital equipment as necessary and other expenses, $1,800,000, to remain available until expended, notwithstanding the limitations contained in section 306(g) of the Denali Commission Act of 1998.

AMENDMENT NO. 16 OFFERED BY MRS. MUSGRAVE

Mrs. MUSGRAVE. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 16 offered by Mrs. MUSGRAVE:

Page 38, strike lines 7 through 13.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentlewoman from Colorado (Mrs. MUSGRAVE) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Colorado.

Mrs. MUSGRAVE. Mr. Chairman, my amendment would eliminate funding for the Denali Commission. This amendment would save taxpayers $1.8 million.

In fiscal year 2007, the Denali Commission received $49.5 million. The President's request in this fiscal year for 2008 is $1.8 million and the bill provides that entire amount.

When we look at the State of Alaska, it has a very low tax burden. Alaska has no State income tax. It has the lowest taxes as a percentage of per capita income of any State in the country. Also, Alaska is actually a relatively wealthy State in terms of per capita income.

Mr. VISCLOSKY. Mr. Chairman, will the gentlewoman yield?

Mrs. MUSGRAVE. I yield to the gentleman from Indiana.

Mr. VISCLOSKY. I would simply indicate that I would be happy to accept the gentlewoman's amendment and if my colleague the ranking member would have an observation, I would invite him to.

Mr. HOBSON. I am also willing to accept the amendment.

Mrs. MUSGRAVE. Reclaiming my time, I thank both the gentlemen and look forward to our efforts to save the American taxpayers $1.8 million.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentlewoman from Colorado (Mrs. MUSGRAVE).

The amendment was agreed to.

The Acting CHAIRMAN. The Clerk will read.

The Clerk read as follows:

NUCLEAR REGULATORY COMMISSION

For necessary expenses of the Commission in carrying out the purposes of the Energy Reorganization Act of 1974 and the Atomic Energy Act of 1954, including official representation expenses (not to exceed $21,000), $925,559,000, to remain available until expended: *Provided*, That of the amount appropriated herein, $37,250,000 shall be derived from the Nuclear Waste Fund: *Provided further*, That revenues from licensing fees, inspection services, and other services and collections estimated at $757,720,000 in fiscal year 2008 shall be retained and used for necessary salaries and expenses in this account, notwithstanding 31 U.S.C. 3302, and shall remain available until expended: *Provided further*, That the sum herein appropriated shall be reduced by the amount of revenues received during fiscal year 2008 so as to result in a final fiscal year 2008 appropriation estimated at not more than $167,839,000.

OFFICE OF INSPECTOR GENERAL

For necessary expenses of the Office of Inspector General in carrying out the provisions of the Inspector General Act of 1978, $8,144,000, to remain available until expended: *Provided*, That revenues from licensing fees, inspection services, and other services and collections estimated at $7,330,000 in fiscal year 2008 shall be retained and be available for necessary salaries and expenses in this account, notwithstanding 31 U.S.C. 3302: *Provided further*, That the sum herein appropriated shall be reduced by the amount of revenues received during fiscal year 2008 so as to result in a final fiscal year 2008 appropriation estimated at not more than $814,000.

NUCLEAR WASTE TECHNICAL REVIEW BOARD

For necessary expenses of the Nuclear Waste Technical Review Board, as authorized by Public Law 100–203, section 5051, $3,621,000, to be derived from the Nuclear Waste Fund, and to remain available until expended.

OFFICE OF THE FEDERAL COORDINATOR FOR ALASKA NATURAL GAS TRANSPORTATION PROJECTS

For necessary expenses for the Office of the Federal Coordinator for Alaska Natural Gas Transportation Projects pursuant to the Alaska Natural Gas Pipeline Act of 2004, $2,322,000.

TITLE V

GENERAL PROVISIONS

SEC. 501. None of the funds appropriated by this Act may be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress as described in 18 U.S.C. 1913.

SEC. 502. None of the funds made available in this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by, or transfer authority provided in this Act or any other appropriation Act.

AMENDMENT OFFERED BY MRS. SCHMIDT

Mrs. SCHMIDT. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment offered by Mrs. SCHMIDT:

At the end of the bill, before the short title, insert the following:

SEC. 503. None of the funds made available by this Act may be used for the Global Nuclear Energy Partnership initiative for the transfer or storage of spent nuclear fuel or high-level radioactive waste to any site that is not a site where facilities for reprocessing of that fuel or waste have been constructed or are under construction, or used to retain spent nuclear fuel or high-level radioactive waste for permanent storage at such a site where facilities for reprocessing of fuel or waste have been constructed or are under construction.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentlewoman from Ohio (Mrs. SCHMIDT) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Ohio.

Mrs. SCHMIDT. Mr. Chairman, I yield myself such time as I may consume.

This amendment that I am offering, and plan to withdraw, is based on legislation I have introduced with Congressmen WILSON and SPACE, H.R. 2282, the Nuclear Waste Storage Prohibition Act.

Currently, there are 11 sites around our Nation that are under consideration for hosting one or more facilities related to the Global Nuclear Energy Partnership, called GNEP. It's an initiative that is being studied as we speak. The Portsmouth Gaseous Diffusion Plant located in my district in Piketon, Ohio, is one of the 11 sites. The other sites include locations in Tennessee, South Carolina, Kentucky, New Mexico, Illinois, Washington and Idaho. Everyone representing one of these sites or an area nearby has a strong interest in how this important initiative proceeds.

The point of my amendment is to ensure that none of these GNEP sites that have been under consideration only become a de facto storage site for spent nuclear fuel. My amendment prohibits DOE from using funds to transfer spent nuclear fuel or high-level radioactive waste to any site unless it is a site where the reprocessing facility for this material is either under construction or has been completed.

In addition, my amendment also ensures the final end product after the fuel has been recycled is moved offsite as quickly as possible, either to the next stage in the nuclear fuel recycling process or to Yucca Mountain, which remains our Nation's long-term and permanent storage facility.

DOE has not made any statements to suggest that any of those 11 sites would ever become a de facto waste storage site. On the contrary, DOE and this Congress have made clear over the years that the final end product will be permanently stored at Yucca Mountain. However, based on feedback from my constituents, who generally speaking are very excited by the potential opportunities of this initiative, there are some concerns related to long-term storage. I am sure I am not the only one who has heard these concerns, and Congress must assure these communities that their worst fears will never become a reality. This amendment would help accomplish this goal.

Mr. Chairman, I reserve the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIRMAN. The gentleman is recognized for 5 minutes.

Mr. VISCLOSKY. I appreciate the recognition. I understand the gentlelady's concern and, with the observation that she is going to withdraw her amendment, have a number of points to make but will simply enter those into the RECORD.

Proceeding with construction of nuclear spent fuel recycling facilities at this time is premature.

Geologic capacity exists at Yucca Mountain to accommodate much more high level waste than currently permitted by legislation.

Spent fuel recycling is not economically viable given affordable fresh supplies of uranium fuel.

On-site storage of nuclear spent fuel is safe for 50 to 100 years, so there is no rush, but there could be cost savings from removing spent fuel from the nine decommissioned nuclear reactor sites.

Mr. Chairman, I yield back the balance of my time.

Mrs. SCHMIDT. Mr. Chairman, how much time do I have left?

The Acting CHAIRMAN. The gentlewoman from Ohio has 2½ minutes remaining.

Mrs. SCHMIDT. I yield to the ranking member.

Mr. HOBSON. Mr. Chairman, I appreciate the gentlelady's withdrawing of the amendment. At the time this proposal came up, I was the chairman of the committee and we worked together on this with the current chairman. GNEP was a proposal that was put out for people to raise their hand if they were interested in the project. It was never intended that the project be a permanent disposition site. So I think your people should understand that it was only an interim site. I would recommend that the record show that it is only an interim site that is intended if they are successful in receiving a GNEP award.

Mrs. SCHMIDT. I appreciate the ranking member's comments. I would like to continue to work with you so that we can put some language into the record that would assure the folks in the 11 States where GNEP is being pursued that this is indeed an interim storage facility and not a permanent storage facility.

Mr. Chairman, I ask unanimous consent to withdraw my amendment.

The Acting CHAIRMAN. Without objection, the amendment is withdrawn.

There was no objection.

AMENDMENT NO. 9 OFFERED BY MRS. MUSGRAVE

Mrs. MUSGRAVE. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 9 offered by Mrs. MUSGRAVE:

At the end of the bill (before the short title), insert the following new section:

SEC. 503. Each amount appropriated or otherwise made available by this Act that is not required to be appropriated or otherwise made available by a provision of law is hereby reduced by 0.5 percent.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentlewoman from Colorado (Mrs. MUSGRAVE) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Colorado.

Mrs. MUSGRAVE. Thank you, Mr. Chairman.

My amendment would cut one-half of 1 percent spending from the Energy and Water appropriations bill. I am offering this amendment to this bill to make a cut of just one-half percent of the overall funding of the bill.

With the national debt at an all-time high, Mr. Chairman, of $8.8 trillion, Congress is leaving a very sad legacy for the next generation. I believe that we in Congress must take responsibility for this burden by establishing Federal spending priorities and setting spending caps for some programs and eliminating unnecessary spending for others. When you look at this amount of money, when you look at this huge amount that we are spending, I believe that it is very reasonable to ask for this modest cut. We owe it to the taxpayers whose money we are spending to make a serious commitment to fiscal responsibility and we need to exercise fiscal restraint.

The simple truth is that the money we stand here today to spend is not our own. The funds that we are appropriating come from the hard-earned incomes of families across this country. The families in my district in eastern Colorado need money for groceries, to buy gas for their cars, to educate their children, and I think that when we are here on this floor talking about this issue, we ought to think about the families in Colorado and around the Nation that work very hard to make ends meet.

I know that there are worthy programs in this bill and I commend the work of the chairman and the ranking member, but I think we need to realize that this fiscal responsibility is what we should be exercising right now. I urge my colleagues to support my amendment and really to demonstrate to the American public that we remember where this money comes from as we spend it and make our decisions here in this Chamber.

Mr. Chairman, I yield back the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I rise in opposition to the gentlewoman's amendment.

The Acting CHAIRMAN. The gentleman is recognized for 5 minutes.

Mr. VISCLOSKY. Mr. Chairman, I rise in strong objection to the gentlelady's amendment and would point out a couple of things. One, as we stated in opening debate, we very carefully looked at all the accounts in this bill and, among other things, made cuts in over 57 programs to make sure that funds were available for positive programs that make a difference in people's lives. One of those areas is in the area of energy and specifically the high cost of gasoline for consumers across the country.

One of the things that we did do is to add money in this legislation, $130 million above the President's request, to provide $503 million for new vehicle technologies and for biofuels. Another area as far as the energy crisis was the change in the overall request relative to climate change and, again, funds were made available for such things as research, development and demonstration of new energy technologies in solar, geothermal, wind, hydropower, fossil and nuclear energy as well as research, development and demonstration of conservation technologies for buildings and industries as well as the deployment of energy conservation through weatherization in Federal buildings.

There are a lot of very positive things that we have done in this legislation to advance a positive energy agenda. The gentlewoman's amendment would be hurtful to those efforts and I am opposed to her amendment.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentlewoman from Colorado (Mrs. MUSGRAVE).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Mrs. MUSGRAVE. Mr. Chairman, I demand a recorded vote.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentlewoman from Colorado will be postponed.

□ 1400

AMENDMENT OFFERED BY MRS. WILSON OF NEW MEXICO

Mrs. WILSON of New Mexico. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment offered by Mrs. WILSON of New Mexico:

At the end of the bill (before the short title), insert the following:

SEC. ____. Of the funds made available in title III under the heading ''Science'', $37,000,000 is for the Medical Applications and Measurement Science Program.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentlewoman from New Mexico (Mrs. WILSON) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from New Mexico.

Mrs. WILSON of New Mexico. Mr. Chairman, I have offered an amendment, and I will tell my colleagues I intend to withdraw it at the end of my presentation, but there is an issue that has been festering between two agencies that I think Congress needs to go ahead and take action to resolve.

This amendment ensures that the Department of Energy Office of Science and the Office of Biological and Environmental Research spends $37 million on medical isotope research in an account that is known as Medical Applications and Measurement Science. This would restore the funding to FY 2005 levels.

Medical isotopes are used extensively in imaging technology for the diagnosis and treatment of cancer, heart disease, and several neurological disorders. The program that DOE runs funds basic research in new diagnostic and therapeutic applications using nuclear isotopes. This research has identified new metabolic labels and imaging detectors that have helped identify colon cancer, brain tumors, bone cancers and many other cancers.

In addition, this research would fund new radiopharmaceuticals to attach to specific cancer cells and treat them and prevent metastasis.

Congress reduced this program in fiscal year 2006 by $23 million because of pressures on the other part of the DOE budget, but also directed them to transfer the program over to the National Institutes of Health, particularly the National Cancer Institute. The NIH did not pick up this research; and in a recent meeting with scientists who do this research, Dr. Elias Zerhouni, who is the director at NIH, said NIH does not do this type of research; NIH cannot do this type of research. They don't have the expertise in the nuclear materials required, and also that this research must go forward.

The new director of Office of Biological and Environmental Research has said that he understands the need for DOE to conduct this research and has said he could provide the funding within his own budget within this research at the fiscal year 2005 level if directed to do so by Congress. The National Academy of Sciences is currently conducting a review of this program, and I think this program does need to go forward.

The funds in this particular program, in the last year that it was at this level, FY 2005, funded on the basis of competitive grants programs and research projects in 40 different locations, largely universities, some national laboratories, most of them in the State of California, although also at Case Western University in Ohio in New York, and across the country, but it is critical research using radiopharmaceuticals and targets, enriched targets, that really only the Department of Energy works with. For that reason, that's the appropriate place to do this research.

Now, for technical and procedural reasons, I understand that there is a legitimate point of order against this particular amendment that's legitimate, but I did want to at least raise this issue and say we need to sort this out, that the appropriate place for this nuclear research is actually in the Department of Energy rather than at the NIH, and the NIH has said, no, we don't have the expertise to do it.

We need to sort this out to continue this highly successful research. I strongly support it, and I hope that we would be able to work with the Senate in conference to make sure that this program is appropriately funded through the Office of Science.

Mr. Chairman, I yield to the ranking member of the committee.

Mr. HOBSON. I appreciate the gentlewoman's concerns, and we will work to try to address them in conference.

I also appreciate her withdrawing the amendment.

Mrs. WILSON of New Mexico. Mr. Chairman, I ask unanimous consent to withdraw my amendment.

The Acting CHAIRMAN. Is there objection to the request of the gentlewoman from New Mexico?

There was no objection.

AMENDMENT OFFERED BY MR. MURPHY OF CONNECTICUT

Mr. MURPHY of Connecticut. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment offered by Mr. MURPHY of Connecticut:

At the end of the bill (before the short title), insert the following:

SEC. ____ None of the funds made available in this Act may be used by the Federal Energy Regulatory Commission to issue a permit or other authorization for any action that may affect land use in any locality if a request has been made to the Commission for a public hearing in the locality concerned and such request has not been granted.

Mr. VISCLOSKY. Mr. Chairman, I reserve a point of order on the gentleman's amendment.

The Acting CHAIRMAN. A point of order is reserved.

Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from Connecticut (Mr. MURPHY) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Connecticut.

Mr. MURPHY of Connecticut. Mr. Chairman, first I would like to thank Chairman VISCLOSKY for all his hard work on this bill.

As a former appropriator in the Connecticut General Assembly, I know how hard this job is, and I am honored to stand next to him today.

Mr. Chairman, my amendment at the desk will bar the Federal Energy Regulatory Commission, or FERC, from using funds to issue permits for projects that have not been the subject of a local public hearing.

This amendment is based on a simple premise. Public policymakers cannot and should not act without the input of citizens who will be affected by the decisions that they make. As legislators, we know that we can't sample public opinion by just sitting here in Washington. We need to go back to our districts and solicit opinion, whether it be in public forums, town fairs, or even at the supermarket or the post office.

A regulatory agency should be held to the same standard. This amendment does nothing to alter or constrain the final decisionmaking authority of FERC. It just assures that the commission hears all sides before making any determination on land-use issues.

Though this amendment would help many communities where FERC has refused to hold a public hearing in an affected locality, and I know Mr. ARCURI from New York, who may not be able to join us, holds this concern as well, I come to this issue with my concern through my constituents who live surrounding the Candlewood Lake area in Connecticut, the largest inland body of water in the State.

My constituents there have been unable to secure a public hearing from FERC to air their concerns regarding a shoreline management plan proposed by the utility that owns the lake. This shoreline management plan will change how they enjoy the land surrounding their homes and the price they will pay for the privilege of living on the lake.

Local feelings on the appropriateness of the plan are mixed. However, whatever residents may think, what is clear is that they should have the opportunity to directly make their case to FERC. FERC has continued to deny requests, both from my office and from constituents to hold a local hearing, and this is unacceptable, I think, to every Member of Congress.

I understand the Appropriations Committee, as well as the Energy and Commerce Committee, may like some more time to look into this issue.

Mr. Chairman, if the chairman of the subcommittee would be willing to work with me on this issue, I would be honored to yield to him at this point.

Mr. VISCLOSKY. I appreciate the gentleman yielding very much and certainly appreciate his passion and concern about the health and safety of his constituents and this important issue to him.

The problem we have incurred on the committee, and this is not the only regulatory issue regarding FERC that has been brought to our attention, is we are not a regulatory body and obviously have jurisdictional issues that are set aside over and above the issues of substance relative to the gentleman's amendment.

But we do appreciate his concern. Certainly we would be happy to stay in touch with him, without making a commitment, that this issue will be resolved through the appropriations process. We do believe that the higher this issue could be raised as far as the public and the regulatory commission, the better off all the citizens of his community are going to be.

Again, I thank the gentleman for raising the issue and appreciate the fact that he apparently will be withdrawing his amendment.

Mr. MURPHY of Connecticut. Mr. Chairman, with the subcommittee chairman's concern on this issue, at this time I would ask unanimous consent to withdraw the amendment.

The Acting CHAIRMAN. Is there objection to the request of the gentleman from Connecticut?

There was no objection.

AMENDMENT NO. 1 OFFERED BY MR. BISHOP OF NEW YORK

Mr. BISHOP of New York. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 1 offered by Mr. BISHOP of New York:

At the end of the bill, before the short title, insert the following new section:

SEC. 503. None of the funds made available by this Act may be used by the Federal Energy Regulatory Commission to review the application for the Broadwater Energy proposal, dockets CP06–54–000, CP06–55–000, and CP06–56–000.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from New York (Mr. BISHOP) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from New York.

Mr. BISHOP of New York. Mr. Chairman, I am joined in offering this amendment by Mr. COURTNEY and Ms. DELAURO of Connecticut.

Mr. Chairman, I yield myself 2 minutes.

Let me start by thanking Chairman VISCLOSKY and Ranking Member HOBSON for their work on this bill. I think it's a first-rate appropriations bill, and I particularly want to thank them for their efforts to fully fund Brookhaven Laboratory in my district.

This amendment is a very straightforward amendment. It would prohibit any funds in this act from being used by FERC to advance the pending application of a floating storage and regasification unit known as Broadwater in the middle of Long Island Sound.

We offer this amendment for several reasons. Let me cite three. The first is that there are serious and debilitating environmental impacts associated with this project. Serious environmental concerns have been raised by the EPA, by the New York State Department of Environmental Conservation, the United States Department of the Interior, the National Marine Fisheries Service, and the Army Corps of Engineers.

The second is that there are significant safety and security concerns associated with this application, and even the Coast Guard, which would be charged with securing this facility, has indicated that a much more full public discussion needs to take place in order to determine who is going to provide that security and who will fund it.

Lastly, this is the only means available to me to represent my constituents. My constituents are overwhelmingly opposed to this application, to this facility, and yet current law vests in the FERC final authority to grant licensing for this project without any input from local government at all.

This is the only means by which I as a Member of Congress can exercise the will of the constituents I represent.

So I urge my colleagues to join me and Mr. COURTNEY and Ms. DELAURO in supporting this amendment.

Mr. Chairman, I yield 1½ minutes to Mr. COURTNEY of Connecticut.

Mr. COURTNEY. Mr. Chairman, I rise in strong support of the Bishop-DeLauro-Courtney amendment.

It's unfortunate that it's necessary for the United States Congress to intercede into a pending matter before the Federal Energy Regulatory Commission. However, despite repeated warnings from independent, scientific, and public safety analysts that this application for a floating liquid natural gas facility in Long Island Sound needs more investigation, FERC has refused every request for more time to study the implications of this facility in one of the most populated areas of the United States.

The need for more time was highlighted again just a few weeks ago with the release of a 43-page report by the Government Accountability Office that looked at the public safety consequences of a terrorist attack on a tanker carrying liquid natural gas. GAO reviewed what would be the effect of a liquid LNG spill and explosion.

The bottom line: more research is needed. Experts disagreed on what would happen if there was a cascading failure of an LNG tanker, and GAO recommended that the Department of Energy study this issue more thoroughly.

GAO's report should settle the question of whether applications such as Broadwater should proceed. If DOE determines from an expert opinion that a

cascading failure would cause a hazard beyond 1 mile, then this application is fatally flawed, literally. At some point it is incumbent on the Congress of the United States to act upon the recommendations of the GAO, which is an agency funded and created by us as an independent branch of government.

When GAO says that it is premature to conclude that LNGs are safe in populous areas of our Nation, then we have an obligation to act on that advice. This amendment accomplishes that goal. I strongly urge its passage.

Mr. BISHOP of New York. Mr. Chairman, I yield to the gentlewoman from Connecticut.

Ms. DELAURO. Mr. Chairman, I rise in strong support of this amendment. We have 28 million people living within 50 miles of the Long Island Sound. It contributes more than $5 billion to our economy annually. It provides environmental, recreational, and economic opportunity for our communities.

It is an estuary designated by Congress for its national significance. Our responsibility is to keep major and potentially dangerous industrial product out of our fragile sound. That includes the LNG Broadwater facility. This would install a floating vessel, roughly the size of Queen Mary 2, 10.2 miles off the Connecticut coast, 9 miles off the Long Island coast.

It calls for the installation of a 25-mile pipeline in the middle of prime territory for lobstering and fishing. It creates an exclusionary zone, prohibits any vessels from coming within a certain distance of the facility itself and delivery tankers. It would fall to the Coast Guard to maintain our security.

Their funds are stretched thin. Instead of being able to manage fisheries, conducting lifesaving operations, and dealing with port security, we will be diverting resources to these tankers. It would propose a new security risk.

I commend Mr. BISHOP and my colleague, Mr. COURTNEY. This amendment gives DOE the time to address these concerns.

Mr. BISHOP of New York. Mr. Chairman, I yield back the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIRMAN. The gentleman from Indiana is recognized for 5 minutes.

Mr. VISCLOSKY. Mr. Chairman, I rise in opposition to the amendment, but let me first begin my discussion by expressing my sincere respect for the gentleman who has offered the amendment, Mr. BISHOP, as well as the two speakers who have followed him in support of it, particularly my colleague on the Appropriations Committee, the chairwoman, Ms. DELAURO.

□ 1415

I would point out to the body that this is the second FERC issue that has been brought up on a regulatory matter before the subcommittee on the floor. We have had other inquiries from Members that have not reached this level that are very similar in substance in other areas of the country. I would not pretend to deny that there is a problem, but I am not competent to sort through that fact as I am not a regulator myself, to make a determination, and do not believe that this is a venue to make those particular determinations.

The amendment before us undoes the Natural Gas Act for the orderly review and decision making process for energy infrastructure and limits energy development efforts. FERC's consideration of applications to site energy facilities does not imply that the applications will be granted, or if granted, will not require appropriate environmental protection measures. Moreover, all FERC authorizations are subject to judicial review.

I do believe that FERC's application process ought to be able to run its course. And again, I regret that I have to stand in objection to the amendment but trust that my colleagues understand the impetus for that.

Mr. HOBSON. Mr. Chairman, will the gentleman yield?

Mr. VISCLOSKY. I yield to the gentleman from Ohio.

Mr. HOBSON. I want to associate my comments with the chairman. I have the utmost regard for all the Members who spoke on this, but I do oppose the amendment and join with the chairman.

Mr. GENE GREEN of Texas. Mr. Chairman, I rise in strong opposition to the Bishop/Courtney/DeLauro Amendment.

The amendment would unfairly target a single liquefied natural gas project, "Broadwater," that is mid-way through a very extensive Federal and State regulatory process. Interfering with this regulatory review would undermine the very process that is designed to provide a thorough assessment of environmental, safety, security and energy supply impacts of the project.

I understand the desire of the proponents of this amendment to ensure the ultimate security of their constituents, but I hope this amendment is not simply a red herring to utimately stop further efforts to site LNG terminals across the U.S.

LNG has a record of relative safety for the last 40 years, and no LNG tanker or land-based facility has been attacked by terrorists. Since September 11, 2001, the U.S. LNG industry and federal agencies have put new mesures in place to respond to the possibility of terrorism. Federal initiatives to secure LNG are still evolving, but a variety of industry and agency representatives suggest they are reducing the vulnerability of LNG to terrorism.

Here in America we only have two options to increase our supply of natural gas to meet our energy needs—we can build more LNG import plants and we can produce more gas offshore. There is no alternative to natural gas in many cases.

Unfortunately, the opponents of both options are often the same people—they oppose LNG and they oppose drilling for gas. Without increased exploration or LNG facilities, where will we receive the energy America needs in the immediate future?

Natural gas is the cleanest energy source we have besides solar or wind, and it is a critical fuel for industrial facilities and is a feedstock for the petrochemical industry that makes plastic.

If we cannot produce natural gas here, we are going to have to import gas to heat our homes and import more plastic in bulk or in consumer products. That hurts our balance of trade.

For these reasons, I urge my colleagues to oppose the Bishop-Courtney-DeLauro Amendment, and I yield back the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from New York (Mr. BISHOP).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Mr. BISHOP of New York. Mr. Chairman, I demand a recorded vote.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from New York will be postponed.

AMENDMENT NO. 14 OFFERED BY MR. JORDAN OF OHIO

Mr. JORDAN of Ohio. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. Is the gentleman the designee of the gentleman from California?

Mr. JORDAN of Ohio. Yes, the Campbell amendment. Number 14.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 14 offered by Mr. JORDAN of Ohio:

At the end of the bill (before the short title), insert the following:

SEC. 503. Appropriations made in this Act are hereby reduced in the amount of $1,305,000,000.

The Acting CHAIRMAN. Pursuant to the order of the House of June 19, 2007, the gentleman from Ohio (Mr. JORDAN) and a Member opposed each will control 15 minutes.

The Chair recognizes the gentleman from Ohio.

Mr. JORDAN of Ohio. I thank the Chair, and I also want to thank the chairman of the subcommittee and the ranking member. I have great respect for their work, particularly the ranking member, who is a friend, colleague and actually neighbor of mine. I appreciate his work over the years here in the United States Congress.

This amendment is pretty simple. It takes spending levels in the bill back to the fiscal 2007 year levels; represents a $1.3 billion savings to taxpayers and families across the country.

Mr. Chairman, government spends too much. And I said ''government.'' I didn't say Republicans or Democrats. Both parties need to work on this area when it comes to public policy.

But today the Federal Government spends $23,000 per household. Excessive spending hurts America. Deficits hurt America, and a rising national debt hurts America.

You don't have to take my word for it. Our staff went through and we looked at the Budget Chairman, Mr. SPRATT's committee, some notes from their committee hearings on the budget. And I want to just quote from Dr. Edward Gramlich, former Governor of the Federal Reserve Board. He said this: ''Deficits represent negative public saving, which tends to drive down national saving. Lower national savings means a smaller stock of capital for the future, which reduces the productivity and wages of future workers. Budget deficits lead to less economic growth and a lower level of economic activity than would otherwise be the case.''

Excessive spending leads to deficits, leads to lower economic growth. Excessive spending leads to tax increases, all bad for our growing economy, all bad for American families.

And it's particularly, I think, important to recognize why this is so crucial that we get a handle on it as we think about the marketplace we find ourselves in today, the changing international market.

Just a couple of numbers. Four weeks ago the Wall Street Journal reported that China's economic growth rate, annual growth rate, is 10.4 percent. Now, think about this: one billion, 300 million people in China with a growth rate of 10.4 percent. That's what we're competing against.

There was a point in the past where elected officials could maybe enact policies that weren't in our best interest or weren't good for our economic growth. But now, because of the fact that the competition is so stiff, it's important that public policymakers get it right. Keep taxes low, keep spending under control.

In the end, Mr. Chairman, it's not just about deficits and the national debt and GDP. It's about people because, in the end, it's people who pay taxes. It's people who have to deal with this debt and the deficits that we're causing by spending at these levels.

I want to also quote from the same document from Chairman SPRATT's committee, from the Comptroller General, Mr. Walker. He said, ''Deficits matter for the world we leave our children and our grandchildren.'' Mr. Walker said this, and I quote, ''Today we are failing in one of our most important stewardship responsibilities, our duty to pass on a country better positioned to deal with the challenges of the future than the one we were given.'' And that's so true.

This amendment is real simple. It's going to allow families and people across this country to keep more of their money to spend on their goals, their dreams. And it's simply taking us back to last year's fiscal level.

There are all kind of families, all kinds of individuals across this country who are living on last year's budget. A simple, across-the-board amendment that says we're going to do what so many American families have to do all the time, and we're going to live within our means.

Mr. Chairman, I yield to the gentlelady from Tennessee (Mrs. BLACKBURN).

Mrs. BLACKBURN. Mr. Chairman, one of the things that we know is that the Federal Government does spend too much money. We all hear it from our constituents. They are really aggravated with the amount of spending that they see coming out of this town, and there is a good reason for that. It is because it is their money. They earn that money and they send it to Washington, and then there is a lot of aggravation with how we choose to spend their hard-earned dollars.

And the gentleman is so correct in his amendment, moving this back to last year's levels.

Now, Mr. Chairman, one of the things that we know is it would give a $1.3 billion savings for the American taxpayer, and we know that principles like this and operations like this work. When you go through spending reduction, it works.

Our States are great labs for finding ways to find efficiencies in government, and there's a reason for that. It's because many of our States have balanced budget amendments. And many of our States have frozen at previous years' levels, or they've been reduced 1 percent, 2 percent or 5 percent across the board.

And what they have found out is that, in their operations, they can move in and find efficiencies and find ways to seek a savings, and still have the same caliber and quality of program that they have had. But, Mr. Chairman, one of the things that they do find is that many times those programs are more effective.

So I commend Mr. JORDAN for the work that he has done to find a $1.3 billion savings to make certain that the pressure is there on these departments to live within their means, to try to do our best, to avoid what the Democrats are wanting to pass, which is the single largest tax increase in history, and to make certain that we give a message to our constituents that we have heard them and we agree with them. Government spends too much of their hard-earned money.

Mr. JORDAN of Ohio. Mr. Chairman, I reserve the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I claim the time in opposition.

The Acting CHAIRMAN. The gentleman is recognized for 15 minutes.

Mr. VISCLOSKY. I reserve my time at this time, Mr. Chairman.

Mr. JORDAN of Ohio. Mr. Chairman, I yield 2 minutes to the gentleman from Michigan (Mr. WALBERG).

Mr. WALBERG. Mr. Chairman, I thank my colleague from Ohio for putting up this amendment. It's a very simple amendment that I think does well for us to consider in context with what we have to wrestle with, the consideration coming from the largest tax increase in the history of the United States being offered, $400 billion on the taxpayers. And I take it into context as I looked here with this amendment offering a $1.3 billion cut in spending, going back to last year's levels, and saying let's live within our means.

I come from a Great Lakes State. When we talk about water, I do know about water. I know the impact that it can have, the impact upon all of our way of life.

But I also come from a State that's struggling at this point in time with economic conditions that comes from too large government, too much spending, too much taxation. And in the process of trying to deal with that, going the opposite direction of where they should, they're still frustrating what's going on and producing unemployment rates that rival any in history, and frustrating Michigan from having the same type of impact that we see just last week talked about in the New York Times of a 40-State growth rate that goes on with States that not only, because of tax cuts and spending within their means, have seen the ability not only to increase some of their services, set aside rainy day funds, but also talk about further tax cuts. That's what we need to be doing here; not considering spending more in a time in our history when we ought to be considering what comes with the future.

If we see a $400 billion tax increase go in place, we see a tax that goes on for working, a tax that goes on if you get married, a tax that goes on if you have a child, a tax that will go on, even if you die. Those are issues of great concern.

And so to be fiscally responsible here and use an amendment that simply takes us back to a reasonable standard of expenditures, puts us in a place that we can afford and fund to do the necessary services, we do ourself well.

Mr. JORDAN of Ohio. Mr. Chairman, I reserve the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, we may only have one speaker on our side, so I would still reserve my time.

Mr. JORDAN of Ohio. Mr. Speaker, I yield 3 minutes to the gentleman from North Carolina (Mr. MCHENRY).

Mr. MCHENRY. I thank my colleague from Ohio for offering this amendment.

We're debating now on a 3.5 percent across-the-board cut to an appropriations bill. It's an amazing thing in Congress; with one vote, we can slash $1.3 billion out of an appropriations bill.

What we're debating here is not simply a small cut. We're debating on whether or not the American taxpayers can depend on the Bush tax cuts from 2001 and 2003. We're trying to determine what kind of economic growth we'll have as a Nation, based on how much the government spends in taxes.

This is more than a debate about spending. This is a debate about the size and scope of government.

Well, let's put the facts on the table. The American Government costs $2.7 trillion a year. That is the largest government on Earth. And further perspective here: It's the largest government in the history of mankind.

Now, to put this further into perspective, there are only two economies outside of the United States that are equal to the size of our Federal spending. That's Germany and Japan. And what is amazing about this, what is absolutely amazing about this, is that we have a Federal Government that's larger than most economies on Earth. In fact, our Federal Government spends more than the whole of China's economy.

Now, that's simply amazing. I think it shows that, while we're debating on extending the Bush tax cuts, the American people understand that we don't have a revenue problem, we have a spending problem here in the United States.

This Congress is addicted to spending. In fact, in just a week's time, they appropriated $100 billion. Now, that's fast work even for Washington, DC.

The American people, Mr. Chairman, understand that we need to tighten our belt. A 3.5 percent across-the-board cut is a good start. That'll save $1.3 billion of the American taxpayers' hard-earned money.

I commend my colleague for offering this amendment, and I urge its adoption.

□ 1430

Mr. JORDAN of Ohio. Mr. Chairman, I yield 1½ minutes to the gentleman from Texas.

Mr. CULBERSON. Mr. Chairman, I rise in strong support of the gentleman from Ohio's amendment, and I want to thank him for offering it.

Today in this amendment, the gentleman from Ohio is offering American taxpayers a $1.3 billion tax cut on an appropriations bill. And it is important for everyone to understand, Mr. Chairman, that this amendment is a $1.3 billion tax cut for Americans because the Democrat budget that they have produced, which pays for these increases in their appropriations bill, this Democrat budget spends all that new money by raising taxes.

The Democrat budget assumes that the Bush tax cuts are going to all go away. And by eliminating the Bush tax cuts, the effect is the largest tax increase in American history, which the Democrat majority has orchestrated in a way that they can allow it to go away without even having to cast a vote. The budget that the Democrats use to pay for these massive increases in this appropriations bill are paid for by the biggest tax increase in American history. And, therefore, the gentleman's amendment, Congressman JORDAN's amendment, is a $1.3 billion tax cut. And that is a critical point that I think everyone needs to make sure they understand.

When they vote for this amendment, they are voting to cut the taxes of our constituents by $1.3 billion. And it is really just that simple. And I could not thank him enough. It is an extraordinarily important amendment. There are vitally important functions in this Energy and Water appropriations bill that need to be funded, but this increase is not affordable at the time of record debt and deficit, and I applaud the gentleman and urge Members to vote for a $1.3 billion tax cut.

Mr. JORDAN of Ohio. Mr. Chairman, I reserve the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I yield such time as he may consume to the gentleman from Massachusetts (Mr. OLVER).

Mr. OLVER. Mr. Chairman, I thank the gentleman for yielding me time, but he shouldn't really yield me all the time that I might consume because I might consume it all. So please inform me when I have used about 4 minutes, and then I might use an additional 1.

Mr. Chairman, each of the people who have already spoken in favor of this piece of legislation, which would take $1.3 billion or $1.8 billion, whichever it is, I don't remember precisely, out of the recommended budget, the budget that has been recommended by the chairman and ranking member with a unanimous vote out of the Appropriations Committee, each of the people who had spoken in favor of this amendment has made the comment that the budget resolution has raised taxes by the largest amount ever in the history of this country. Each of the Members has made that allegation.

Each of the Members knows perfectly well that you cannot raise taxes, you cannot raise taxes by that mechanism; that any raise in taxes has to be passed by the House and the Senate in exactly the same form and then signed by the President of the United States. So it is simply incorrect, and each and every Member knows that it is incorrect that the budget raises taxes, raises the largest tax increase in the history of the country.

The last gentleman who spoke pointed out that the adoption of this amendment, which would reduce this particular bill, recommended by both the chairman and the ranking member, by $1.3 billion, that that would be a $1.3 billion tax reduction. The gentleman who made that comment also knows that no reduction in taxes can occur except by legislation that is passed by both Houses and signed by the President. So, again, it is totally incorrect to make that allegation.

Now, the first speaker, who has offered this amendment, has said that this bill spends too much. Well, I think the measure of whether a bill spends too much is whether we are doing what is necessary for the security of this country and for the well-being of the people of America. And I think what has been done by the chairman and ranking member falls very much in the point of providing for the security of the country and also for the well-being of the American citizens.

I would point out that the chairman and the ranking member and the full subcommittee that brings forward this legislation has reduced by over $800 million the President's request, actually $900 million over the President's request, in programs that have been terminated or reduced, in all of those that have been terminated and reduced. Now, what they have done, after making those reductions from the President's request and in their responsibility to provide for the budget for the country, they have then added moneys. They have added about $400 million in the provisions for renewable energy, which have to deal with solar energy, biofuel energy, nuclear energy and geothermal, wind, and all the other good renewable energy sources which we need desperately for our national security to remove ourselves from the heavy dependence that we have on foreign oil. So that is a place where if this amendment were adopted and we were to go back to the 2007 numbers, then we would lose that increase, that very important increase of $400 billion.

The Acting CHAIRMAN. The gentleman asked to be notified when he has gone past 4 minutes. The gentleman has gone past 4 minutes.

Mr. OLVER. Thank you very much, Mr. Chairman.

We would lose that $400 million of very important investments for the security and well-being of this country.

And I would just also like to point out that there are substantial increases, which the ranking member has pointed out, that deal with the deficits, the deficits in investments in our water infrastructure under the Corps of Engineers and also under the Bureau of Reclamation, those places where we have dams that are in need of investment that has not been done over recent years and investments that should be done in our ports in order to make our commerce go better, a whole series of things which the ranking member

had laid out very carefully in his initial remarks in relation to this legislation. All of those things which are increases that are in this legislation, part of that $1.3 billion, which would be removed, then those pieces of investments would thereby become unnecessary.

So I think this legislation is right on target for securing this Nation and for securing the well-being of the people of America. And I hope that the gentleman's amendment will be rejected.

Mr. VISCLOSKY. Mr. Chairman, I yield myself such time as I may consume.

Again, I stand in opposition to the gentleman's amendment and apologize to the gentleman for having his State of origin incorrect, especially because he is from the great State of Ohio. But I would emphasize that this is the Energy and Water Development Appropriations Act for the coming year, and we are in an energy crisis and it transcends the cost of the price of gasoline at the pump. It is a true economic situation and crisis that we face. It is a national security issue that we face. My good friend, the senior Senator from the State of Indiana, Senator LUGAR, has characterized the energy crisis we face as the albatross around our national security neck. It is also an environmental issue as far as a potential catastrophic climate change that will occur if we do not deal with the issue of CO_2.

This bill makes an investment in solving that crisis we face. It will not solve all the problems tomorrow morning, but it will put us on firm footing to do so in the future.

Let's talk about vehicle technology. The bill recommends $93 million for hybrid electric systems, an increase of $13 million over the President's request. Of the increase, $10 million is for energy storage research and development for advanced batteries for electric, hybrid electric, and plug-in hybrid electric vehicles, and $3 million is for independent test and evaluation of all vehicles developed in the upcoming demonstration phase.

This bill also includes $49 million for advanced combustion engine research and development, an increase of $15 million over the President's request to restore funding for heavy truck engine research that was eliminated in the administration's request.

It does include $48 million, $15 million over the budget, for materials technology research, to accelerate the development of cost-effective materials and manufacturing processes that contribute to fuel-efficient passenger and commercial vehicles.

It includes $10 million more than the administration's request for nonpetroleum-based fuels and lubricants evaluation to expand and accelerate research and development for the optimum ethanol fuel.

And we also have an increase for technology integration of $6 million in this bill for vehicle technologies and deployment, formerly the Clean Cities Program. We have moneys in here to advance geothermal technology, to demonstrate cost-share industry that will allow accelerated research into new geothermal technologies.

We have moneys in here for hydropower; for research, development, and demonstration of ocean, tidal, and instream hydropower energy systems. We have made an investment in this bill for electricity supply and delivery research, for applied research on semiconductor material, device and processing issues, technology acceptance and technology evaluation.

We have investment moneys in this bill for solar energy research, and the gentleman from the State of Massachusetts talked about that briefly, to develop cost-neutral designs and technologies to better integrate solar heating and lighting into building designs. We have made an investment in this bill for facilities to research, test, and demonstrate the new renewable technologies.

It would be a mistake to change these funding levels and turn the clock back as far as trying to make progress to solve the energy problems we face in this Nation.

Mr. HOBSON. Mr. Chairman, will the gentleman yield?

Mr. VISCLOSKY. I yield to the gentleman from Ohio.

Mr. HOBSON. Mr. Chairman, I rise to associate myself with the gentleman's comments.

Mr. VISCLOSKY. Mr. Chairman, I reserve the balance of my time.

Mr. JORDAN of Ohio. Mr. Chairman, I yield the balance of my time to the minority whip from Missouri (Mr. BLUNT).

Mr. BLUNT. Mr. Chairman, I thank the gentleman for yielding.

I am here in support of this amendment. This amendment is one of the things that we have to look at, one of the alternatives, to just stop this spending spree that we see ourselves on.

In just over 6 months the new majority has passed and paved the way for over $100 billion in increased spending. We already enacted $6.1 billion of new spending in the continuing resolution and $17 billion of new spending in the supplemental.

□ 1445

And these appropriations bills have over $80 billion in new spending. As Everett Dirksen once famously said, ''A billion here, a billion there, before you know it you're talking about real money.'' And here we're talking about $100 billion of new spending.

Mr. CAMPBELL's amendment only proposes that we reduce this spending in this particular bill to the President's level. This bill increases spending by $1.3 billion over last year, 4.3 percent higher than last year. If you add this increase to the increases already proposed and passed by House Democrats last week, we are spending $20.7 billion, or 15.6 percent, more than last year. Where is all this money going to go?

In this bill, $682 million, or a 35 percent increase, for operations and maintenance within the Corps of Engineers; $1 billion, or a 4 percent increase, to the Department of Energy; $108 million, or an increase of 13 percent, for salaries and expenses at the Nuclear Regulatory Commission. These are excessive changes in spending that this bill doesn't justify.

The only thing this amendment does is say let's go back to the President's level. Let's go back to an amount of money that, while it still provides for our immediate advances in energy and water, doesn't do this in a way that American taxpayers can't pay for it. And how does this majority intend to pay for it? The budget that would pay for it has, unarguably, the second biggest tax increase in American history, and arguably, the biggest tax increase in American history. In other words, there is no question that we intend to spend $217 billion more money that has to be raised from new taxes. And it's still an open question as to how close we're going to let that get to $400 billion.

Now, this is the question: Are the American taxpayers going to be asked to provide 217 billion to 400 billion new dollars, or are we going to simply take this bill as the first step back to the President's level?

This is a good amendment. This amendment deserves the approval of our friends. I hope our friends on both sides of the aisle, the conservative Democrats, the Blue Dogs, stand up with most of the Republicans to make this amendment happen.

Mr. VISCLOSKY. Mr. Chairman, I stress my opposition to the amendment, and I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from Ohio (Mr. JORDAN).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Mr. JORDAN of Ohio. Mr. Chairman, I demand a recorded vote.

The Acting Chairman. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Ohio will be postponed.

AMENDMENT NO. 27 OFFERED BY MR. WYNN

Mr. WYNN. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 27 offered by Mr. WYNN:

At the end of the bill, before the short title, insert the following:

SEC. 503. Of the amount made available for Energy Efficiency and Renewable Energy for the Department of Energy, $213,000,000 shall be made available for hydrogen technologies as authorized by section 974 of the Energy Policy Act of 2005 (42 U.S.C. 16314).

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from Maryland (Mr. WYNN) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Maryland.

Mr. WYNN. Mr. Chairman, we have a very simple amendment here today. It would basically restore $18.4 million for hydrogen technology, which would bring the account up to the level that the administration, through the Department of Energy, recommended.

This amendment is supported by the Hydrogen Fuel Cell Caucus. I would note the leadership, particularly Mr. LARSEN, in crafting this amendment, also the work of Mr. INGLIS of South Carolina and Mr. DENT as part of the Caucus.

There are some who would say that hydrogen is too far away. In fact, hydrogen is emissions-free and it is here today. GM has 100,000 vehicles ready to go. Honda has vehicles ready to go. BMW released vehicles last year. There are buses, motorcycles, all of which are being fueled by hydrogen fuel cells. Japan is talking about 50,000 vehicles by 2015. We need to keep pace. We need to put the money into hydrogen technology.

Mr. Chairman, I reserve the balance of my time.

Mr. OLVER. Mr. Chairman, I am willing to accept for the majority the amendment offered by the gentleman from Maryland.

Mr. HOBSON. Mr. Chairman, I am willing to accept the amendment, also.

Mr. WYNN. As an old trial lawyer, I know when to stop. Thank you, gentlemen, for the acceptance.

Mr. TERRY. Mr. Chairman, I rise to speak in support of the Wynn amendment to the Energy & Water Appropriations bill.

Contrary to statements in the Energy & Water Committee Report questioning the level of hydrogen technology research and development, fuel cells technology is much closer than 2050.

Mr. Chairman, our Nation took 60 years from the first Wright Brothers flight to putting a man on the Moon; it will not take us that long to make hydrogen fuel cells mainstream. Hydrogen cars and fueling stations exist; we are almost there. The funding levels in the Fiscal Year 2008 Energy & Water appropriations bill will help provide the final push we need to overcome remaining obstacles and see hydrogen cars and fueling stations become a reality.

Additionally, Mr. Chairman, Hydrogen Fuel Cells are already in use in larger facilities. In my own District, the Henry Doorly Zoo uses fuel cells to generate electricity for its Lied Jungle exhibit, making it more energy efficient. Additionally, the U.S. Air Force is using fuel cell technology for its Global Observer program.

Mr. Chairman, energy security and independence have to become a reality. Hydrogen is a potentially limitless supply and a renewable, clean resource that deserves to be funded at its current level, if not more.

Mr. WYNN. Mr. Chairman, I relinquish the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from Maryland (Mr. WYNN).

The amendment was agreed to.

AMENDMENT NO. 11 OFFERED BY MS. HARMAN

Ms. HARMAN. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 11 offered by Ms. HARMAN:

At the end of the bill (before the short title), insert the following:

SEC. 503. None of the funds made available in this Act may be used to purchase light bulbs unless the light bulbs have the ''ENERGY STAR'' designation.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentlewoman from California (Ms. HARMAN) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from California.

Ms. HARMAN. Mr. Chairman, I hope there is no one opposed. I offer this amendment with Mr. UPTON, Mr. LIPINSKI and Mr. INGLIS of South Carolina in order to help the government set an example for the rest of the country by purchasing energy-efficient light bulbs.

Mr. Chairman, existing law requires Federal agencies to buy products that meet Department of Energy, Energy Star or Federal Energy Management program standards. This amendment adds teeth to that standard, stating that no funds may be used to purchase any light bulb that does not meet it. Identical language has already been adopted in prior appropriations bills. Our intention is to offer this amendment as the Upton-Harman amendment on the next appropriations bill and to continue this until we are through the appropriations cycle.

Our bottom line is: The Federal Government must set the example. This is already the law, but it needs to be the practice as well.

Let me close with the fact that incandescent bulbs, which are used by most Americans, are 10 percent efficient. This sounds like Congress. I think our goal ought to be much greater efficiency here in this body, and much greater efficiency with respect to the lighting that we use. It takes 18 seconds to change a light bulb. It will take more time than that to change Congress. But it is my hope that this amendment will pass attached to every appropriations bill.

I yield the remainder of my time to the gentleman from Michigan.

Mr. UPTON. I thank the gentlelady, and I join in bipartisan spirit to get this amendment adopted as we've done on the other appropriations bills.

I might just note that this shining amendment will save the taxpayers literally $30 for every bulb that is ultimately replaced. It is not going to require that we take existing bulbs that work out when they expire. We will put in energy-efficient Energy Star bulbs. It will save the taxpayers ultimately hundreds of millions of dollars.

This is a bipartisan amendment. We found two additional cosponsors in terms of Mr. LIPINSKI and Mr. INGLIS of South Carolina. We're also in the middle of a markup, so to be more efficient, I think both of us would like to yield back our time.

Ms. HARMAN. Mr. Chairman, I yield back the balance of my time.

Mr. OLVER. Mr. Chairman, I move to strike the last word.

The Acting CHAIRMAN. The gentleman is recognized for 5 minutes.

Mr. OLVER. I am certainly not going to use my time in this instance. I, for the majority, am willing to accept the gentlewoman and gentleman's amendment.

Mr. HOBSON. I am also willing to accept the amendment for the minority. I think it's a good amendment.

Mr. OLVER. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentlewoman from California (Ms. HARMAN).

The amendment was agreed to.

AMENDMENT NO. 7 OFFERED BY MS. BERKLEY

Ms. BERKLEY. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 7 offered by Ms. BERKLEY:

At the end of the bill, before the short title, insert the following new section:

SEC. 503. None of the funds made available by this Act may be used to administer the ''Yucca Mountain Youth Zone'' website.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentlewoman from Nevada (Ms. BERKLEY) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentlewoman from Nevada.

Ms. BERKLEY. Mr. Chairman, I would like to thank Chairman VISCLOSKY for his assistance on this issue and Congressman HOBSON for his agreement to accept this amendment.

My amendment is based on a simple concept—the Department of Energy, or any government entity for that matter, should not be using taxpayer funds to ''educate'' the children of America about one side of a very complicated and contentious issue. The Department of Energy's Web site includes a section

called the ''Yucca Mountain Youth Zone,'' featuring the cartoon character Yucca Mountain Johnny, along with games and activities designed to convince kids that the proposed Yucca Mountain nuclear waste repository is a good idea.

My position on Yucca Mountain should not be a mystery to any member of this body. I have long opposed the plan to bury nuclear waste in the Nevada desert following what I consider to be a process based on politics rather than sound science. But I recognize that reasonable people can disagree about such an important issue. What I do not accept, however, is that the Department of Energy can get away with trivializing a very serious debate by using a Nuclear Joe Camel to promote Yucca Mountain to children.

My amendment would eliminate funding for the Yucca Mountain Youth Zone Web site. Regardless of whether you support Yucca Mountain or oppose it, all members of the House should agree that this Web site is not an appropriate use of taxpayer funds.

If the Department of Energy really wants to remain in the cartoon business, I suggest they come up with a new character that would educate our children on the need for clean and renewable energy—how about Solar Sally or Geothermal George? In any case, I urge my colleagues to join me in dumping Yucca Mountain Johnny.

What I would like to do right now, in accordance with our agreement, is yield to Mr. VISCLOSKY.

Mr. VISCLOSKY. Mr. Chairman, I simply want to indicate that I am happy to accept the amendment.

Mr. HOBSON. Mr. Chairman, I will not oppose the amendment.

The Acting CHAIRMAN. The question is on the amendment offered by the gentlewoman from Nevada (Ms. BERKLEY).

The amendment was agreed to.

AMENDMENT NO. 5 OFFERED BY MR. CONAWAY

Mr. CONAWAY. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 5 offered by Mr. CONAWAY:

At the end of the bill (before the short title), insert the following:

SEC. ____. It is the sense of the House of Representatives that any reduction in the amount appropriated by this Act achieved as a result of amendments adopted by the House should be dedicated to deficit reduction.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from Texas (Mr. CONAWAY) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Texas.

Mr. VISCLOSKY. Mr. Chairman, I would reserve a point of order on the gentleman's amendment.

The Acting CHAIRMAN. The gentleman reserves a point of order.

Mr. CONAWAY. Mr. Chairman, during this process of the debate over the last several hours, Member after Member on our side have come to the aisle and proposed amendments that would reduce spending off of this appropriations bill. They do it in good faith but the truth of the matter is, were any of those to pass and should any of those pass subsequent to the actual recorded votes, that money actually stays within the jurisdiction of the committee and gets spent somewhere else.

What my amendment would do is say that if we were able to succeed on one of the amendments that reduces spending or cuts spending, that that money instead of going back into the committee of jurisdiction pool or subcommittee of jurisdiction pool would actually go against the deficit. And should it be an unusual occurrence in the future with a surplus circumstance, that money would simply increase the surplus.

This is straightforward, no tricks, no gimmicks. It is just simply if the cuts are successful, that money actually does not get spent.

Mr. Chairman, I am happy to yield as much time as he may consume to the gentleman from Texas.

Mr. CULBERSON. Mr. Chairman, I just want to compliment my colleague from Texas on this superb amendment because this has always been a concern. I am proud to be a member of the Appropriations Committee. And the effort that a lot of Members have made to try to eliminate earmarks isn't going to go anywhere and save taxpayers any money unless we're able to actually eliminate the earmark or pass a cut that then shifts money into a deficit reduction account.

My colleague from west Texas is exactly right. I would encourage Mr. FLAKE and others to pay close attention to what Mr. CONAWAY is doing because this is precisely what I and others, Mr. CONAWAY has been working on this for some time, have suggested you need a deficit reduction account. You eliminate the earmark if you're worried about controlling spending. A lot of those earmarks are important and necessary and we all need to post them on our Web sites. I've been doing that for a long, long time. Every earmark I make I'm proud of, it's there on the Web site. The starting answer is ''no'' for all appropriations requests, but if you earn an earmark, be proud of it. But those earmarks that we want to eliminate, cut them and put them in this deficit reduction account.

Mr. CONAWAY is exactly right. This is a tremendous amendment. I hope all Members will support it because the taxpayers deserve to save this money and have it go towards reducing the deficit.

I thank you very much, Mr. CONAWAY. It's a great amendment. And I will work hard to help you pass it.

Mr. CONAWAY. I thank the gentleman for his support.

I understand there is a valid point of order against this amendment. If there is any possibility whatsoever of working with the other side and trying to accomplish what my colleague on the Appropriations Committee and I would like to do, we would like to work with you.

Mr. Chairman, I ask unanimous consent to withdraw my amendment.

The Acting CHAIRMAN (Mr. ANDREWS). Without objection, the amendment is withdrawn.

There was no objection.

AMENDMENT OFFERED BY MR. SHADEGG

Mr. SHADEGG. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment offered by Mr. SHADEGG:

At the end of the bill, before the short title, insert the following:

SEC. 503. LIMITATION ON FUNDS RELATED TO FEDERAL DAMS.

No funds appropriated in or made available by this Act may be used to study or implement any plan to breach, decommission, or remove any Federal dams producing hydropower.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from Arizona (Mr. SHADEGG) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from Arizona.

□ 1500

Mr. SHADEGG. Mr. Chairman, I yield myself 2 minutes.

Mr. Chairman, I want to begin by complimenting the chairman of the committee, the gentleman from Indiana (Mr. VISCLOSKY), and the ranking member, the gentleman from Ohio (Mr. HOBSON), for showing support for hydropower in the base bill.

Hydropower has long been overlooked as a source for clean energy. I am very pleased that this bill, and the report that goes along with it, support hydropower and encourage its use and its utilization.

My amendment builds off of that effort by simply saying that the existing hydropower that we have should not be decommissioned at this point in time.

As everybody in this body knows, we are very concerned about greenhouse gases, both on the Commerce Committee, where I serve, and on the Select Committee on Global Warming and Energy Independence.

We are looking at the danger posed to this country by greenhouse gases. Indeed, that is a threat to this economy, to this Nation, and to this world. My amendment simply says that hydropower manages to address that issue by producing both clean power and power which has no hydrocarbons whatsoever.

Hydropower is emission-free, and it is also completely renewable; so therefore

this amendment simply says that none of the funds in this legislation shall be used to decommission any existing Federal dam which is currently producing hydroelectric power.

Now, I know of no dam that has currently been proposed to be decommissioned that is a Federal dam and is producing electric power. But it seems to me that this is an action item. This is an opportunity for us to say we are serious about greenhouse gas reduction. We are serious about renewable energy. We are serious about a clean environment. We are serious about not doing more damage by simply saying none of these funds shall be used to decommission or remove from current production any existing hydroelectric power dam that is producing electricity for Americans today.

It truly is clean, and it truly is renewable; and I urge my colleagues to join me in supporting this amendment.

Mr. Chairman, I reserve the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIRMAN. The gentleman from Indiana is recognized for 5 minutes.

Mr. VISCLOSKY. Mr. Chairman, I appreciate, I truly do, the gentleman's concerns regarding the breaching of hydropower dams. Certainly, this country and the government should proceed very carefully before any such decision is made.

I would point out, however, Mr. Chairman, that there are no funds in this bill for that purpose. Indeed, I would remind my colleagues that authorization and direct appropriations for this purpose would also be needed. So I do rise in opposition to the gentleman's amendment. But I would also point out in a positive fashion that there is $95 million in this bill for the rehabilitation of existing hydroelectric facilities on our waterways.

I certainly do think they make a significant, and can make even a greater, contribution to the energy demands of this country. But again, Mr. Chairman, I stand in opposition to the gentleman's amendment.

Mr. Chairman, I reserve the balance of my time.

Mr. SHADEGG. Mr. Chairman, I yield 1 minute to the gentleman from California (Mr. BILBRAY), the former chairman of the Clean Air Resources Board in California.

Mr. BILBRAY. Mr. Chairman, as a former member of the Clean Air Resources Board in California, as I think a lot of people in this town know, one of the premier air pollution agencies in the world, the one thing that we have got to send a message out there is ''do no harm.'' Even though the chairman may think that there isn't a need to send a message, I think we need to say very clearly that climate change is a threat, something we need to address. We have to be willing to make sure we do the right things now.

This amendment is really a way for us to start off right from the get-go that we are not going to allow a mistake to happen that could cause major impacts on climate emissions and that we just didn't care enough to pass this resolution.

I strongly support the amendment of the gentleman from Arizona (Mr. SHADEGG) because I think we should say right off, our first step at reducing greenhouse gas emissions is to make sure we do not decommission any zero generators from this point forward unless it is part of a comprehensive plan to reduce greenhouse gases. So please, here is a motion at least we can stand up and say, we did no harm; we made sure that a mistake wasn't made.

Mr. VISCLOSKY. Mr. Chairman, I would yield such time as he may consume to my colleague from Ohio (Mr. HOBSON).

Mr. HOBSON. Mr. Chairman, I rise in opposition to the amendment. But I want to tell you I am very sympathetic to the gentleman's concerns. We should preserve hydropower wherever we can. We should advance hydropower. He is correct in those statements.

However, I think the amendment is too broadly written and could lead to unintended negative consequences because there may be certain structures that because of environmental reasons or economic reasons we need to take some action on.

So what I would like to suggest to everyone is that we oppose the amendment, but we work together to see, because I think the chairman shares the concern for hydropower and that we would try to work to see how we can get some language at some point that might address the problem in a more appropriate way. So I do reluctantly oppose the amendment, but I am certainly within the spirit of the amendment.

Mr. VISCLOSKY. Mr. Chairman, I would certainly be happy to cooperate with my colleague and ranking member, Mr. HOBSON, in that regard.

Mr. SHADEGG. Mr. Chairman, I thank both the gentlemen for their comments.

Mr. Chairman, I would yield 1 minute to the gentleman from California (Mr. DOOLITTLE).

Mr. DOOLITTLE. Mr. Chairman, I do hope something can be worked out here, because hydropower is the original renewable resource. And there is starting to be a bias in this country against hydropower. There is also starting to be a bias in this country in some quarters in favor of tearing dams down.

I think it is very, very important, and by the way with reference to hydropower, just look at California's greenhouse gas reduction plan. They do not give any credit for power generated by hydropower. I think that is very bad.

I think Mr. SHADEGG is on the right track. We have got to speak up for hydropower. We have got to slow down this effort to tear down dams. I know the chairman and ranking member have the best of intentions. I am glad they are running the committee. I would just like to lend my voice for this very responsible amendment that Mr. SHADEGG has offered. I hope that we can work something out.

Mr. VISCLOSKY. Mr. Chairman, I yield back the balance of my time.

Mr. SHADEGG. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I thank both of the gentlemen. I would be happy to work with them. I simply want to stress, we understand, and I think everyone here does, that hydropower is more efficient than virtually all other energy. Ninety percent of its available energy is converted into electricity by hydropower. By contrast, the best fossil fuel power converts only 50 percent of its energy.

Hydropower produces zero greenhouse gas emissions. And we have avoided some 160 million tons of carbon emissions by the use of hydropower here in the United States in the last year.

The report says hydropower is reliable, it is efficient, it is domestic, and it is emissions-free. Indeed, as I state in my comments, the report is very supportive of hydropower. I think this amendment is an opportunity to take a concrete step both toward renewable energy and toward clean energy that produces no greenhouse gases.

I urge my colleagues to support this amendment.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from Arizona (Mr. SHADEGG).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Mr. SHADEGG. Mr. Chairman, I demand a recorded vote.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Arizona will be postponed.

AMENDMENT NO. 8 OFFERED BY MR. GARRETT OF NEW JERSEY

Mr. GARRETT of New Jersey. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 8 offered by Mr. GARRETT of New Jersey:

At the end of the bill, before the short title, insert the following new section:

SEC. 503. None of the funds made available in this Act may be used to send or otherwise pay for the attendance of more than 50 employees from a Federal department or agency at any single conference occurring outside the United States.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from New Jersey (Mr. GARRETT) and a Member opposed each will control 5 minutes.

The Chair recognizes the gentleman from New Jersey.

Mr. GARRETT of New Jersey. Thank you, Mr. Chairman.

How many times do we have Members come before us on this floor with an amendment, and they begin their statement by saying, here I have a commonsense amendment to this piece of legislation. Well, in this case, I do believe I have a commonsense amendment to this legislation, and in fact most Members of this House I believe would agree with that statement as well.

Why I say that is because the language of this amendment is similar, or dare I say identical, to language that I have used in previous amendments on appropriation bills in past Congresses, and these amendments, quite fortunately, have passed pretty much by voice vote in those Congresses.

Mr. VISCLOSKY. Mr. Chairman, if the gentleman will yield, I would indicate to the gentleman that I am happy to accept his amendment.

Mr. HOBSON. Mr. Chairman, if the gentleman will yield, I also am in support of the amendment.

Mr. GARRETT of New Jersey. Mr. Chairman, reclaiming my time, I appreciate that. For those who are watching, let me let them know what the amendment does.

What this amendment does, and I appreciate both gentlemen's accepting this, is to say our Federal agencies should use common sense when they go to international conferences.

In the past, there were extravagances. There were cases when over 100 individuals, government employees, would go to these conferences overseas, costing literally millions of taxpayers' dollars to do so. We are saying, let's rein that in a little bit. Let's put a number on that. Some people say this number is too high. This number puts it at 50. So any particular agency going overseas, Africa, Asia, wherever else, let's have them not send more than 50. Some of us would like it to be lower, but we will put it at 50 of their agency employees to that conference. I think just like any business or family, they would have to absolutely exercise priorities and common sense as well. We do so here.

Mr. Chairman, I thank both gentlemen for accepting this amendment.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from New Jersey (Mr. GARRETT).

The amendment was agreed to.

AMENDMENT NO. 12 OFFERED BY MR. PRICE OF GEORGIA

Mr. PRICE of Georgia. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 12 offered by Mr. PRICE of Georgia:

At the end of the bill, before the short title, insert the following new section:

SEC. 503. Each amount appropriated or otherwise made available by this Act that is not required to be appropriated or otherwise made available by a provision of law is reduced by 1 percent.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from Georgia (Mr. PRICE) and a Member opposed each will control 15 minutes.

The Chair recognizes the gentleman from Georgia.

□ 1515

Mr. PRICE of Georgia. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I appreciate the leadership's support in allowing me to bring this amendment forward. I also want to recognize former Congressman Joel Hefley. This has come to be known as the Hefley amendment. So I want to thank former Congressman Hefley for his leadership on fiscal responsibility issues in Congresses past.

There has been a lot of talk about money on this bill, Mr. Chairman, and this is the appropriate time, because it is appropriations time. Most of the programs that we have discussed are indeed worthy programs. But I think it is imperative that we always remember where this money comes from that we are appropriating, that we are spending.

The money isn't Washington's money. The money is the money of the hardworking American taxpayer, and we ought not ever lose sight of that. As such, we ought to bend over backwards to make certain we are being as responsible as possible in its expenditure.

The big picture on this bill is the Energy and Water appropriations. The big picture is that last year this government spent, Washington spent on these programs, $30.2 billion. That is with a ''B,'' Mr. Chairman. This year, the proposal is to spend $31.6 billion; $31.6 billion, an increase of 4.3 percent.

This amendment is very simple. It says simply that we ought to decrease that overall amount by 1 percent, in an effort to save one penny on the dollar, as families all across this Nation have to do when they are having some tight fiscal times.

It would be an increase of 3.3 percent over last year. I know there are those who would like it to be lower. I am one of those. But I think it is important that Congress ought to make a statement that we can indeed be fiscally responsible. This 3.3 percent increase, this amendment would provide for that, and would be a reduction of 1 percent over the amount in the bill.

Mr. Chairman, I wish to thank a number of Members who have offered similar pieces of legislation or amendments, Congresswoman BLACKBURN, Congressman CAMPBELL, Congressman JORDAN, Congressman FEENEY, Congresswoman MUSGRAVE and Congressman HENSARLING, for their leadership on these issues.

I think this a commonsense issue. It is a matter that I believe ought to garner great support in this Congress and demonstrate to all that we indeed have an interest in fiscal responsibility. So I urge my colleagues to support the amendment.

Mr. Chairman, I am pleased to yield 2 minutes to my good friend the gentleman from Virginia (Mr. CANTOR), the chief deputy whip of this conference.

Mr. CANTOR. Mr. Chairman, I thank the gentleman from Georgia for yielding.

Mr. Chairman, I rise in support of the amendment offered by the gentleman from Georgia. It is a very straightforward amendment. It simply applies an across-the-board cut of 1 percent to this bill to send the signal that this Congress gets it; that we understand what the American people said, both during the election of last year and what they continue to say today.

As the American public continues to watch Congress, as we have now engaged upon and entered upon the spending season, as the spending and appropriations process is in full bloom, I think we owe it to the American people to do what the gentleman from Georgia says, which is to recognize that these dollars don't belong to the government. They are the hard-earned dollars of the taxpayers of this country.

Now, the underlying bill, as the gentleman said, spends considerably more than what this similar bill spent last year and this Congress spent in this bill last year. In fact, the increase in the level of spending is 10 percent in this bill alone. That is triple the rate of inflation and that means $1.3 billion, billion with a B, taxpayer dollars, more on this one bill.

Mr. Chairman, what that means in real terms to me and to my constituents, that means more than 3 years' worth of property taxes for every household and every business in my home County of Henrico in the Richmond area of Virginia. That is an awful lot of money.

So the public expects us to return Washington to fiscal sanity. The message that was sent last November was that the public expected us to operate differently. Frankly, I don't believe that this bill moves us in that direction. But I do know one thing for sure: that the spending in this bill, if we don't adopt this amendment, will further erode the public trust, not only in this body but in government as a whole.

Mr. VISCLOSKY. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIRMAN. The gentleman from Indiana is recognized for 15 minutes.

Mr. VISCLOSKY. Mr. Chairman, I yield such time as he may consume to the gentleman from Ohio (Mr. RYAN).

Mr. RYAN of Ohio. Mr. Chairman, I also rise in opposition. I have been listening to this debate over the past couple of days. It seems like the past couple of years. It has been a lengthy debate.

Our friends on the other side, Mr. Chairman, after running up over $3 trillion in debt, are now going to lecture us about how we should be thrifty. You had 6 years to try to close the annual deficits, and your budget you are submitting again this year will be over $200 billion in deficit.

Now, we are not here to be lectured to. Three trillion dollars. And the Republican House, the Republican Senate and the Republican White House in the past 6 years borrowed more money from foreign interests than all of the previous Presidents and Congresses combined.

So, my colleague from Ohio, Mr. JORDAN, who was up here earlier talking about now we have got to try to compete with China, well, it is very tough to compete with them when the Republican Party, Mr. Chairman, borrows money from them hand over fist like drunken sailors over the past 6 years.

Now we are here to clean up the mess, and our budget that we pass will balance it. What your amendment is going to do is it is going to take away from research that is going to help grow the economy. You are going to cut biomass research. You are going to cut geothermal research. You are going to cut hydro research, where your own party was just up here saying what a great thing it is. You are going to cut solar research. You are going to cut wind research. You are going to cut concentrating solar power research. Solar heating and lighting research will be cut under this. Solar PV ratings will be cut under this. Hybrid electric system. We are getting testimonials from all our constituents in our districts about how they want lower gas prices. You do that by reducing your dependence on foreign oil and investing in alternative energy. That is what we are doing in this bill, and your amendment will cut that.

Advanced combustion engine research will be cut in this, materials technology research will be cut in this, fuels technology will be cut in this, technology integration will be cut under this amendment.

This is a responsible bill that was voted by both Republicans and Democrats out of the Energy and Water Committee. It makes great investments. It turns the page on the past of not balancing your budgets, not making the investments, Mr. Chairman, and I commend you and Mr. HOBSON for putting a great bill together and stand to ask our Members to reject this amendment.

Mr. PRICE of Georgia. Mr. Chairman, I appreciate the passion of my good friend from Ohio as he talks about cut after cut after cut, and I would just remind him that this amendment, this amendment, would reduce the overall bill by 1 percent which, Mr. Chairman, as you know, is a 3.3 percent increase over last year. So nobody is talking about cutting anything.

That might be the problem here in Washington. This would be a 1 percent reduction on the remarkable amount of increased money that the majority party has brought with this bill.

Mr. Chairman, I yield 2 minutes to the gentleman from Minnesota (Mr. KLINE).

Mr. KLINE of Minnesota. Mr. Chairman, I thank the gentleman for yielding and for his leadership here. I think many of us miss the presence of our former colleague Mr. Hefley from Colorado, and I am very pleased to see that Mr. PRICE has stepped up to fill that gap, because what we are talking about here is trying to control runaway spending.

We are spending billions and billions of dollars, and this proposal suggests that we try to pare back 1 percent, $316 million in this bill.

Some speakers from the other side have said when the Republicans were in charge, the Republicans spent too much. In fact, the gentleman from Ohio just reminded us of that. He is right. Republicans, when we were in the majority, spent too much.

But the Democrat answer to spend more just doesn't make sense. We are increasing spending here by billions and billions of dollars, and that apparently is backed up by a budget which is reportedly balanced in 5 years by giving us the largest tax increase in American history. That is how you balance the budget in 5 years, with the level of spending that is being proposed here today, billions of dollars too much.

My friend, the great gentleman from Georgia, is proposing a 1 percent, 1 percent across-the-board cut. I commend him for that.

We are spending too much. Let's get this under control. This is a very modest proposal. I commend him for it.

Mr. VISCLOSKY. Mr. Chairman, I yield 30 seconds to the gentleman from Ohio (Mr. RYAN).

Mr. RYAN of Ohio. Mr. Chairman, I just want to clarify something. In 2008, there will not be a tax increase. And no one has to believe me, Mr. Chairman. No one has to believe our friends on the other side. What the American people need to do is keep their tax forms from this year and compare them to their tax forms from next year. There will be zero increase in taxes.

This is a balanced budget, which the other side has not done, and it makes strategic investments so that we can create alternative energy resources here so we reduce our dependence on foreign oil.

Mr. VISCLOSKY. Mr. Chairman, I yield 3 minutes to the gentleman from Massachusetts (Mr. OLVER) a member of the subcommittee.

Mr. OLVER. Mr. Chairman, I thank the chairman of the subcommittee for yielding me time. I will try to cover my points in those 3 minutes.

I just want to remind the members of the committee, of the Congress, of the body, that this bill came from the subcommittee with full support of the subcommittee members, with the ranking member and the chairman in strong support, with a very good and thoughtful look at what energy and water expenditures ought to be.

There are increases in moneys that are investments in flood control, in dam safety, in putting money into dealing with our ports which need dredging, things of that sort. There are substantial increases, that is true, in renewable energy, which is the one place where we can really get at our dependence upon oil that comes from very unstable parts of this world.

There were some wonderful recommendations that in large part are a balance between nuclear nonproliferation, so important, because that is where our real danger is to the security of this country in the future, our major danger, versus some unnecessary expenditures in nuclear weapons development, nuclear weaponry development. That recommendation is here.

We have had about 12 hours now of debate in this committee with 50 amendments, with offers of amendments to cut and reduce, offers of amendments to increase expenditures, to shift expenditures. There are some that have been adopted. Most of them have been refused. But everybody has had a chance. And the basic body of the bill remains as it was, as it was recommended by the chairman and the ranking member of the committee with the support of the subcommittee and the Appropriations Committee.

Here now we have a 1 percent reduction which attempts at this late date, after all those amendments have been dealt with one by one, increases and decreases, and the issues have been discussed, then to reduce by 1 percent, $300-plus million, which then has an effect on all those earlier decisions that have been made by this committee as a whole.

So I would hope that this amendment would not be adopted. I think that this is a basically irresponsible way of going about budgeting. If you can't deal with the issues and then come to a conclusion on the budget that you have adopted in that process, then one should not do what is being proposed

here. I hope that the amendment will be resoundingly defeated.

Mr. PRICE of Georgia. Mr. Chairman, if I may inquire of the time remaining on each side.

The Acting CHAIRMAN. The gentleman from Georgia has 8½ minutes remaining. The gentleman from Indiana has 9 minutes remaining.

Mr. PRICE of Georgia. I thank the Chair.

I appreciate again the comments of my good friend from Ohio, who previously talked about there being no tax increase in 2008, and he urged the American people to take a look at their tax bill.

He is right. There won't be, because of Washington shenanigans. Because what we do here is budget in a 5-year window, and in fact the largest tax increase in the history of our Nation will hit the American people, curiously, Mr. Chairman, after the next election.

But you can check the record. It is indeed there, and all the American people have to do is recognize that, and they will. And they will.

Mr. Chairman, I am pleased to yield 2 minutes to my good friend the gentleman from Arizona (Mr. SHADEGG).

□ 1530

Mr. SHADEGG. Mr. Chairman, I think this is a very enlightening debate. Fortunately, I think the American people are smart enough to understand this debate. They understand that, for example, even though there won't be a tax increase before the election in 2008, that policies that get adopted this year will force tax increases in future years. I think they understand that.

I want to comment on the remarks of the committee Chair who just spoke. I think he made a compelling case for leaving the priorities that are in this bill precisely where they are. I think your committee, with the help of the minority, worked diligently to produce a sound product, a product that attempts to allocate the resources amongst the various priorities.

But there will come a time when this Nation wakes up. There will come a time when we will have to be responsible about spending on this floor.

The speaker before the last speaker criticized Republicans and said, ''You spent too much on your watch,'' and he was dead right.

This is the Hefley amendment. I voted for the Hefley amendment every time, trying to get us to cut 1 percent. Let me explain why. Because in 1994 when I was elected to Congress, and in 1995 and in 1996, we went across America, Republicans and Democrats alike, and we asked the American people if they wanted us to continue spending at that pace or if they were willing to see us reduce that pace of spending to reduce the burden on our children and our grandchildren.

One after another of them rose and said, ''Don't cut my program''; but one after another of them, every single one of them that I heard, at field hearings in Prescott, Arizona, and in Wyoming and Montana, said that if the cuts are even, if the cuts are evenly spread and fair to everyone, then, yes, you are right. We have to rein in spending to a level we can live with. That is what this amendment does. It is responsible. It is good public policy. I urge my colleagues to adopt it.

Mr. VISCLOSKY. Mr. Chairman, I yield 30 seconds to the gentleman from Ohio (Mr. RYAN).

Mr. RYAN of Ohio. I would like to clarify. The other side is trying to say that if there are tax increases in the future, it all has to do with this bill which we just increased by a few hundred million. It has nothing to do with the $3 trillion debt that was run up in the last 6 years, Mr. Chairman. The 2007 tax returns versus next year's, the American people need to look at them, no increase. Our friends are saying ''the largest tax increase in the history of the United States'' and it happens 2 years from now. I thought history was in the past. For 2008, check your returns, no tax increases.

Mr. PRICE of Georgia. Mr. Chairman, I yield 2 minutes to the gentleman from California (Mr. BILBRAY).

Mr. BILBRAY. Mr. Chairman, the American people have listened to Democrats and Republicans blame each other about budget crises. I became a Member in 1995. I left for 5 years. How things change. The parties change names, but it is the same tactics.

The American people want us working together on the budget. This amendment is a minimal effort of just saying to the American people, look, we recognize that even the best operation and the best budget can still be operated on 99 percent of what was projected. It is a minimalist kind of approach to this. If you can't vote for a 1 percent across-the-board cut, go to your town hall meetings, go into your communities and say, well, I really didn't want to do it because of what it symbolized. The fact is that this is the minimum of what we can do to say, look, we are trying to get back in the discipline of doing the right thing by the American taxpayer.

And if you can't vote for a 1 percent, how can you expect in the long run to be able to control the Federal budget, and that is exactly what the constituency wants us to do.

So I just say dump the Republican and Democrat argument. You get back to the fact that you have a motion that says quite clearly: we will make the effort of a 1 percent reduction across the board. That is a very small, little step towards fiscal responsibility and let's get together, Democrats and Republicans, and do the right thing and support the new Hefley amendment as authored by the gentleman from Georgia. If you can't do that, please don't think you can stand up and carry the mantle of self-righteousness when it comes to budget. We all bear the responsibility. Even those of us who weren't here bear the responsibility of doing the right thing and dumping the jargon about being Democrat or Republican and the other guy is at fault. We all bear that responsibility, and the voters and the taxpayers will blame all of us, regardless of our party affiliation, if we can't even make this minimal stance of a 1 percent across-the-board.

Mr. VISCLOSKY. Mr. Chairman, I reserve the balance of my time. I have one remaining speaker, and it is my understanding it is my prerogative to close.

Mr. PRICE of Georgia. Mr. Chairman, is it the chairman's prerogative to close?

The Acting CHAIRMAN. Yes, the chairman is defending the bill, and it is his prerogative to close.

Mr. PRICE of Georgia. I yield 2 minutes to the gentleman from Nebraska (Mr. TERRY).

Mr. TERRY. Mr. Chairman, let me first say I support this 1 percent, just like I did last year and the year before. Just to make sure that the American public understands, this is 1 percent off of the nearly 5 percent increase. So it isn't even a reduction from last year's number of 1 percent. It is simply shaving 1 percent off of the increase.

I came down here because I heard some of the speakers on the other side, or at least one, that was talking about they had to correct the problems of the Republicans spending like drunken sailors, which kind of amazed me considering that the debate on the House floor in the last 2 years on appropriations was how we weren't giving enough money.

When I looked up to see what the Republican bill was last year when we were in the majority, it was a 1.5-percent increase versus the nearly 5 percent this time. So they are up here talking about an increase of about 2½ times, maybe three times what we originally proposed last year. And by the way, I supported the 1 percent when it was only a 1.5-percent increase below the rate of inflation. I think that is the type of drunken spending that the American taxpayers told us in the last election that they did not want. They want that type of fiscal restraint, not two or three times the rate of inflation. They want fiscal responsibility injected back into our reasoning and the bills that we are passing.

So I think a reduction of this 4.5-, 4.7-percent increase is simply the responsible thing to do.

The gentleman from Georgia, I appreciate you bringing this 1 percent. I think that this is something that the voters, strike voters, the American public thinks we should be doing this

year. We come off the heels last week of voting for bills with double-digit increases. So this is a time to inject some reasonableness.

Mr. PRICE of Georgia. Mr. Chairman, I yield myself the balance of my time.

I think this has been a helpful debate. I want to recognize the efforts of Congressman Hefley in the past and urge my colleagues to support the former Hefley amendment of a 1-percent reduction in the increase, Mr. Chairman. As I remind our colleagues, the portion appropriated for this area of Federal spending last year was $30.2 billion. This year the request in this bill is for $31.6 billion. This amendment would simply reduce it by 1 percent. It would be a 3.3-percent increase. It would be a symbolic decrease, but it would be a recognition that Washington needs to get its fiscal house in order.

My good friends on the other side of the aisle talk about the importance of reducing spending. But yet we see a significant increase over, as the gentleman from Nebraska (Mr. TERRY) just said, significantly over what we brought last year. Yes, it would be a symbolic decrease, but it would ever so slightly reduce that slope, that increasing slope of Federal spending. I think that is indeed what the American people desire.

Spending in this bill, as in other appropriations bills that are coming before us, will be allocating money, Mr. Chairman, that the Congress doesn't have. The Congress doesn't have it, and it continues to spend more than it takes in. I think it is imperative that we harken back and remember that wonderful Reagan admonition that Washington spends too much, it is not that it doesn't gain enough revenue. There is certainly enough revenue to provide for appropriate services.

And I will be the first to tell my colleagues that there are wonderful programs within this bill. The question is whether or not we are going to demonstrate to the American people that we have the fiscal responsibility, the reasonable standards in terms of what ought to be spent at the Federal level based upon what has been spent in the past and the incredible hardworking American taxpayers who send their money year after year after year. I urge my colleagues to support this commonsense 1-percent reduction.

Mr. VISCLOSKY. Mr. Chairman, it is my pleasure to yield such time as he may consume to a member of the subcommittee, the gentleman from Arizona (Mr. PASTOR).

Mr. PASTOR. Mr. Chairman, Joel Hefley was a dear friend of mine. We worked together on the Ethics Committee. I have to tell you, Joel and I would talk about his 1 percent across-the-board cuts. While the Republicans were in the majority, they failed. They failed because Republicans and Democrats knew that in this particular bill, Energy and Water, you had the chairman and the vice chairman working in cooperation with Republicans and Democrats looking at the priorities and developing a bill that would invest in the infrastructure of America.

As you know, Mr. Chairman, for many years the investment in infrastructure has either been static, and in many cases has been declining. Hearing after hearing after hearing, we had businessmen, barge owners, operators, grain operators coming to the committee and saying you need to invest more money in the infrastructure of America because it is the commerce that the Mississippi River handles. It is the commerce that comes into our harbors. It is the commerce that is driving America and making it a productive country.

And so when you have the business community, elected officials coming to you and telling you that there is a decline in the investment in infrastructure, it is the Subcommittee on Energy and Water that begins to respond to that need.

As an example, in Brunswick, Georgia, the request came that we need to deepen the harbor so that the harbor can allow more ships to come in and be able to continue that driving engine, commerce.

In Sacramento, California, we have had untold numbers of public officials come to tell us you need to invest in flood control because we are this close to being over our heads in water. Again, an investment in infrastructure.

In Kentucky we had a Congressman in our markup in to ask why is it that my particular flood control project, an investment in infrastructure, is not being considered in an earmark. We are being threatened by not having this flood control structure. Again, an investment in infrastructure to protect our communities.

We had people from New York and New Jersey: we need to deepen the harbor. We have to make sure that the ships coming from overseas not only have secured cargo, but that we have cargo coming in so that the commerce can continue to develop.

Oakland Harbor, Los Angeles Harbor, Long Beach Harbor, Galveston, Corpus Christi, New Orleans.

The New Orleans elected officials came and said we need development of flood control structures in New Orleans in order to protect if there is another hurricane.

But the one that impressed me the most was the people along the Mississippi. They said grain, coal, a number of products go up and down the Mississippi. It is the blood line of commerce for this country. And the problem we have is that our locks are not working properly.

So in this bill we are investing in improving, and in some cases bringing in new locks, so that from the most northern point of this country to the most southern point of this country along the Mississippi River, we can have commerce, so grain can be moved, coal can be moved, so this country can be competitive on a global basis.

□ 1545

So I tell you, Mr. Chairman, this work, the Energy and Water Subcommittee bill that is before us, it deals with infrastructure development. A 1 percent cut would begin to deny many of these improvements that we have, improvements that the American public have asked us to do because they know it is a sound investment. They want to make sure that commerce continues. They want to make sure that they're protected.

And as Joel Hefley would probably tell me, ED, I couldn't do it in the majority, I probably won't do it in the minority, because the American people think that 1 percent is not the proper way to go, because I would like to have that money that belongs to me to be invested in order that we protect our communities and ensure that we have commerce.

Mr. VISCLOSKY. I appreciate the gentleman's comments very much.

Mr. Chairman, I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from Georgia (Mr. PRICE).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Mr. PRICE of Georgia. Mr. Chairman, I demand a recorded vote.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Georgia will be postponed.

AMENDMENT NO. 15 OFFERED BY MR. WILSON OF SOUTH CAROLINA

Mr. WILSON of South Carolina. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment No. 15 offered by Mr. WILSON of South Carolina:

At the end of the bill (before the short title), insert the following:

SEC. 503. Appropriations made in this Act are hereby reduced in the amount of $1,130,000,000.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from South Carolina (Mr. WILSON) and a Member opposed each will control 15 minutes.

The Chair recognizes the gentleman from South Carolina.

Mr. WILSON of South Carolina. Thank you, Mr. Chairman, and I want to thank Congressman JOHN CAMPBELL

of California who originally was the proponent of this amendment. I am very happy to adopt this amendment because I believe that it truly expresses the concerns of the people of our country.

The Energy and Water appropriations bill, which spends $31.6 billion, is $1.13 billion, or 3.7 percent over the President's request. This amendment would reduce overall funding in the bill to the President's request, thus saving taxpayers $1.13 billion. If this amendment passes, the total amount of spending in the Energy and Water bill will still be $175 million greater than last year.

By enacting the largest tax increase in American history, the Democrat budget allows for $23 billion in spending over that of the President's budget request. This amendment is designed to save the taxpayers $1.13 billion which will reduce some of the unnecessary increases in Federal spending this year which is fueled by the huge tax increases. This is an amendment that is an across-the-board reduction that does not destroy, interrupt or terminate needed projects, many that we just heard about that are very, very worthy. But it does provide for our Federal administrators to reduce expenditures by limiting travel, delaying filling employee vacancies, postponing equipment purchases and other innovative and creative initiatives to save taxpayers' money. Even the reduction of growth is an increase of spending of $175 million.

Prior to being elected to Congress, I served in the State senate of my home State and over and over again we would work toward across-the-board budget cuts and each time that we were able to achieve these, we were able to maintain the programs to benefit the citizens of our State; but, indeed, the programs were not terminated, they were made better. I have faith in government employees that they can accommodate a 3.7 percent reduction without hurting recipients of worthy projects.

Mr. Chairman, I reserve the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I rise in opposition to the amendment.

The Acting CHAIRMAN. The gentleman from Indiana is recognized for 15 minutes.

Mr. VISCLOSKY. Mr. Chairman, I reserve the balance of my time.

Mr. WILSON of South Carolina. Mr. Chairman, I yield 2 minutes to the gentleman from Minnesota, Congressman JOHN KLINE.

Mr. KLINE of Minnesota. I thank my friend and colleague, Mr. WILSON, for his leadership.

Mr. Chairman, I rise because we have had a debate here about how much money we're spending and how much we're taxing. There seems to be some confusion about that. We on this side of the aisle have been accused of having spent too much money. And, as I said in discussing an earlier amendment, I fully agree. The Republican majority spent too much money. But what we have before us is a proposal to spend even more money while we're getting criticism for having spent too much, and I have a hard time balancing those out.

We need to get spending under control. And we've had my colleagues, colleague after colleague have come to the floor to propose amendments to make modest reductions in what appears to be runaway spending, billions of dollars too much. And then we've had an argument that said, well, we're not taxing too much because we're not going to add to the tax burden in 2008. I suppose that remains to be seen before the process is over, but I think it's undeniable that the Democrats passed a budget which in order to balance in 5 years results in the largest tax increase in American history. And as the spending goes up to make that match in the end, they force all of the tax cuts which we have fought so hard to get into place, that have spurred this economy and caused jobs to be created and rapid growth in the economy, all those tax cuts would go away, taxes would go up, and we would in fact see the largest tax increase in American history. So we have a huge tax increase, huge spending, that's not the way to see this economy grow. Let's take some steps to curb this explosive rate of spending and stop the semantic arguments here. Let's slow down this runaway spending.

Mr. WILSON of South Carolina. Inquiry. Does the chairman have any witnesses at this time or any further testimony?

Mr. VISCLOSKY. I simply have two speakers and would prefer to reserve at this moment.

Mr. WILSON of South Carolina. Mr. Chairman, again what we're talking about with this particular amendment is to reduce the overall expenditures to the President's request, which is a reduction of $1.13 billion. It's a 3.7 percent reduction. But actually because this is the request of the President, there has been an increase of nearly $175 million. We've heard the presentation, very eloquent, a few minutes ago of many of the wonderful programs and projects, and when you think of Energy and Water appropriations, I think of extraordinarily important appropriations, indeed, the infrastructure of our country, it's so important, as to the alternative fuels, promoting the alternative fuels. But, indeed, I have seen firsthand in my experience working in public office since 1984, you can reduce and still provide for the services to be provided.

I know that again in my State experience one time, we had a midyear budget crisis where, in fact, the State budget was reduced by 7½ percent and we had previously proposed that there be a budget reduction of 1 percent. Unfortunately, it was turned down. It was incredible that, indeed, with the 7½ percent across-the-board cut by people of another political party from me, it worked. And the services were still provided. That was, in effect, almost a 15 percent across-the-board cut.

And so what we are proposing today, I believe, is very reasonable and responsible and in the interest of the taxpayers of the United States.

At this time I am happy to yield to the minority leader of the House of Representatives, a person who is so widely respected, the Congressman from Ohio, JOHN BOEHNER.

The Acting CHAIRMAN. The distinguished minority leader is recognized for 1 minute.

Mr. BOEHNER. I appreciate my colleague for yielding and I appreciate the work he is doing bringing this amendment to the floor.

I came to Washington 17 years ago because I thought government was too big, I thought it spent too much and didn't think that it was being held accountable. And the reason I am here this afternoon on this bill is because this amendment offered by Mr. WILSON and Mr. CAMPBELL will reduce the overall spending level in this bill to the President's request.

The President submitted a budget back in January that said we can balance the budget over the next 5 years without raising taxes. But to do that, it's dependent upon us holding the line on spending. Even at the President's level, there is an increase over last year, and I believe that bringing the level of spending down in this bill to what the President requested puts this bill in a position to actually move through the process and become law.

If you looked over the course of this year, our friends on the other side of the aisle have a budget that will balance over the next 5 years, but with the largest tax increase in American history. If we want to review the bidding on spending here in Washington this year, you go back to February with a CR that was some $6 billion over the President's request. And then we can look at the supplemental spending bill for Iraq and Katrina and other things that was $17 billion over the President's request. And now if we look at the appropriations process that we're in the midst of, we have an additional $20 billion over and above where the President is.

At the end of the day, the American people want to keep more of the money that they earn and want to send less of that money here to Washington. And I think to the extent we can hold the line on spending, we're protecting the taxpayers, protecting their wallets.

I think this is a modest amendment that reduces the spending in this bill by some $1.13 billion, it's the right

move, and our colleagues ought to support the amendment.

Mr. VISCLOSKY. Mr. Chairman, I yield such time as he may consume to my good friend and colleague from New York, a member of the subcommittee, Mr. ISRAEL.

Mr. ISRAEL. I thank my distinguished chairman.

Mr. Chairman, I rise in opposition to this amendment. I have listened very carefully to my friends from the other side suggest that this bill is just too expensive, that it needs to be cut. Well, let me tell you what's far more expensive.

Thirty years ago, President Carter told the American people that we were going to declare the moral equivalent of war on foreign oil. And the only thing we've managed to do in the 30 years since then is double our imports of oil from the Middle East and cut investments in renewable research and development by about 80 percent. So we tried it your way. We cut those investments 80 percent in the past 30 years. And what's the result? We've doubled our imports of foreign oil from the Persian Gulf.

You want to know why this is so expensive a problem? It is a military vulnerability. Two years ago, the Department of Defense spent $10.6 billion on basic energy costs because of this dependence on foreign oil. $10.6 billion paid for by the taxpayer. Of that, the Air Force spent half, $4.7 billion, on one thing: buying fuel, which is also paid for by the American taxpayer.

Now, I believe, as many of my friends do, in robust military budgets. I am a very strong supporter of our military and I believe we need to spend what it takes to defend freedom, and my friends would agree. The problem is this: Because of the fact that we tried it their way and our dependence on foreign oil has actually increased, we're in a position right now where we are borrowing money from China to fund our military budgets to buy oil from the Persian Gulf to fuel our military to protect us from China and the Persian Gulf. A $550 billion military budget and we have to borrow the money from our adversaries. And, guess what, our taxpayers have to pay the interest on the money that we're borrowing from our adversaries to fuel our military to protect us from our adversaries. It makes no sense whatsoever. We've tried it their way, Mr. Chairman, and it hasn't worked.

I don't believe any one of my colleagues would suggest that we should cut the Department of Defense budget. We all believe in national security, and I'm with my colleagues on that.

□ 1600

But as a matter of national security, we should not cut this budget either, because this budget is a national security budget, because it is not acceptable that a Stryker combat vehicle that is ferrying our troops into some very dangerous environments gets between 5 and 10 miles to the gallon, sounds like a 1957 Buick and is a loud, moving target. It is not acceptable that our C–17s burn 3,000 gallons of fuel an hour and that we have to rely on our adversaries to fuel those systems.

I would appeal to my colleagues on the other side that just as they are strong supporters of the Department of Defense and would never think to suggest just a 1 or 2 percent reduction in military budgets, the same should hold true on this.

I would add one other thing, if I may, Mr. Chairman. One of the things that worries all of us, and worries our military planners, is not just the threats that we see in Iran, and we passed a resolution earlier today that I supported that would take a hard line on Iran and its development, attempted development on nuclear weapons, not just those things, but loose nukes. But the fact that there is a tremendous quantity of nuclear materials proliferating around the world that we have to find, identify and secure, because we don't want a rogue nation packing those loose nukes into a suitcase and bringing them across our borders.

Well, this bill contains funding for the Global Threat Reduction Initiative, whose mission is to locate, secure and remove and facilitate disposal of high-risk vulnerable nuclear material and equipment locations. It does increase the President's funding level. I think the American people would want us to find the money to secure those loose nukes. Now, maybe that means there is a little less money to go to Halliburton and no-bid contracts.

My final point is this: the other side continues to say that this is a tax increase. It is not a tax increase. It will not be a tax increase. The other side is not accurately explaining this to the American people, is the most diplomatic way I can put it.

I will say this, it does require different priorities. The other side has no problem allowing big corporations to register themselves in offshore P.O. boxes so that they can avoid paying their fair share of taxes. The other side has no problem funding and bull-dozing money to Halliburton in no-bid contracts. The other side had no problem shoveling tax cuts to the richest oil company executives on Earth.

If the money was there for that, the money is there for this bill. Maybe we need to take the money from those priorities and put them into this priority.

For America's energy security, for a strong future, and to get our troops out of those Stryker combat vehicles that are loud gas guzzlers and put them on something safer. This bill makes those investments. Those investments are, ultimately, in our national security.

Mr. WILSON of South Carolina. Mr. Chairman, I yield 2 minutes to the distinguished gentleman from Nebraska (Mr. TERRY).

Mr. TERRY. Mr. Chairman, I rise in support of this amendment to reduce the size of this bill, the cost of this bill.

I have got to tell you I grew up in the late 1970s. I remember pretty distinctly the policies of Jimmy Carter. I remember the high unemployment rates. I remember the high inflation rates.

I recall getting my driver's license and getting that 1970 station wagon to drive and waiting in a line for gas two blocks long; and when you got there, there was one pump yet working and the others had the 11 by 8 piece of paper that said ''out of gas'' on it. I think those are the policies which some of my friends on the left are advocating today. I just have to openly wonder how well Honda Civics would work in the sand in Iraq if we can't use military vehicles because of their gas mileage.

But let's get back to the real issue of what we're talking about here today, and that's ways of controlling spending. Yes, it is showing a difference between the majority party and the minority party in the sense of spending.

We are here fighting to reduce the size of their bill. We would like to bring it to last year's level where it was only a 1.6 percent increase, and they were yakking about how we needed to spend more, and when they got in control, they were able to do that.

They have a bill here before us today that increases the spending way above the President's request. This amendment just simply brings it down, $1.13 billion to the President's request. So either way we can fight to reduce the size of their bills, and last week's bill. Again, they were both double-digit increases.

I think this type of debate is healthy. It also does show, as one of the previous speakers mentioned, that there are policy differences. There are priority differences between the two parties, and we are showing how we are the party of fiscal responsibility.

Mr. VISCLOSKY. Mr. Chairman, I reserve the balance of my time.

Mr. WILSON of South Carolina. Mr. Chairman, indeed, as I am here, proposing a cut of around 3.7 percent, this is across the board. Actually, it's an affirmation of the significance of the projects that are in the bill.

I am not saying they should be terminated. I am saying that they should be stalled. I am certainly not indicating they should be interrupted or destroyed. My being here is to propose that there be a reduction in spending, except that it's really a reduction to the President's recommendation, which is an increase in spending of $175 million.

But it is a savings to the taxpayers of $1.13 billion. That's, indeed, a key reason that I ran for Congress was to, indeed, protect the taxpayers, look out

for the taxpayers, make sure that the government programs that are so worthy are handled well.

At this time, I yield such time as he may consume to the Congressman from California (Mr. CAMPBELL).

Mr. CAMPBELL of California. I thank the gentleman from South Carolina.

Mr. Chairman, let's be clear what we are doing here: we are not cutting anything. We are proposing to do less of an increase in this bill than what has been proposed by the majority party.

Just to illustrate, as I have done before, what I will do again, because I keep hearing talk about cuts: one equals one; two is more than one, even if you want three. This bill, what we have proposed is to have two, is to spend more than the one that was spent before, to spend two. There are some people who would like to spend three. We think that's too much.

We think that we have a deficit. We think that we have seen the majority party propose to increase taxes by however much money they happen to spend. We think they should spend less. We think government should spend less so that the taxpayers can keep more of their own money that they earned.

Mr. Chairman, we can get this budget under control. We can get this deficit under control without cutting spending and without raising taxes, if we just control how much we increase the spending by.

Instead of increasing it by 7 or 8 or 9 or 10 percent, 9, over 9 percent, which overall has been proposed in this budget, if, instead, we only increase it by 6, not a bad increase, but just increase it by 6, and we do that year after year, we will eliminate this deficit without digging more into the taxpayers' pockets, because we already dig into their pockets too much.

So that's what this whole debate, that's what the amendment of the gentleman from South Carolina is about, just controlling the growth of spending to something that is reasonable but manageable and will enable people to keep their own money and this government to return to a fiscal responsibility position without deficits.

Mr. WILSON of South Carolina. Mr. Chairman, I yield back the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, we have had a lot of debate and discussion about this legislation over the last 2 days. I certainly have tried to emphasize that it represents an investment in this country. Some of that investment is represented by cuts we made, over 50 cuts in programs we did not feel were commensurate with the value of the monies that the taxpayers have sent to the United States Government.

Many of those other dollars have been invested in programs we believe inure to the benefit of people's health and safety, to the movement of commerce and to the growth of our economy.

I am going to be the last speaker on our side on this amendment and would conclude in another vein, and that is the national security of our country. I think most people, when they look at the Department of Energy, believe that you have a Department that spends all of its money on energy and energy research.

As our colleagues know, this simply is not true. Only $1 out of about every $10 inure to that purpose. Most of it deals with cleaning up nuclear waste. Much of it is keeping our nuclear arsenal secure, as well as making sure that it is safe and reliable.

Our national security is at stake when we consider many of the elements in this bill. We are charged in this subcommittee to try to make wise decisions as to what pertains to people and this country's security and what does not.

I would draw attention to a fundamental issue that affects every one of us, and that is the possibility of the nuclear conflict. There is a proposal pending by the administration to build a new nuclear weapon.

We had to make what I think is a very profound decision on behalf of the people of this country as to what course of action should we take. We decided, in a bipartisan fashion on this subcommittee, to not proceed for a number of reasons. One is essentially what the perspective of our allies and those who do not have our interests at heart internationally would be if we proceed.

In testimony before the subcommittee, former chairman of the Armed Services Committee in the Senate, Sam Nunn, who is only one of two people I have ever met in my 57 years who has been nominated for a Nobel Peace Prize, the other being my senior Senator in Indiana, Senator LUGAR, said that on the RRW itself, the new nuclear weapon, if Congress gives a green light to this in our current world environment, I believe this will be misunderstood by our allies, exploited by our adversaries, complicate our work to prevent the spread and the use of nuclear weapons. I will not fund additional work on RRW at this time.

Another concern we had on the subcommittee is what is our strategy for the use or, hopefully not the use, of those weapons, as well as our strategy as far as eliminating weapons internationally. We have not developed as a Nation and as a government a new strategy subsequent to the end of the Cold War. We have had regional conflicts thereafter in policies like Kosovo. We have had the events of 9/11, and we find ourselves in conflict the most today.

We should have a broad national policy, not the policy of the Bush administration or any administration, but a national policy that stands the test of time through various administrations, as our last one did for half a century, and a strategy that also lasts through Congresses controlled by Republicans, Congresses controlled by Democrats over a generation; and that strategy does not exist.

I am very heartened that the Armed Services Committee, under the leadership, particularly, of Subcommittee Chairman TAUSCHER, as well as her ranking member, Mr. EVERETT, on your side of the aisle, has asked for a commission to study that very issue.

I am also very concerned that in the past, beginning in the late 1990s, the taxpayers of this country have been asked to invest billions of dollars in the so-called Stockpile Stewardship Program that I support. It is to ensure this we do not have to perform nuclear tests, but to ensure the safety and reliability of our nuclear weapons.

But we were also told, by several administrations of both parties and by the Department of Energy for over a decade, that we need the National Ignition Facility built. Well, it's 6 years behind schedule, and it's 226 percent over budget by a factor of $2.428 billion.

We were told by several administrations and the Department of Energy, both parties, that we need the Microsystems Science Engineering and Applications Lab at Sandia National Laboratory. That is currently 29.5 percent over budget.

We were told by administrations of both parties that we need a dual-axis radiographic hydrotest facility. That is now 6 years behind. That is 35 percent over budget. None of them have been completed. None of them are going to come in on time.

□ 1615

I would grant that the Advanced Simulation and Computational Initiative has taken hold and has produced results and has been a valuable investment.

To now, after more than a decade of investment that has not come to total fruition, to make a hard turn in the road and start spending new money on new construction without a strategy would be a mistake. And this subcommittee has made a determination not to waste the American taxpayers' dollars on that project.

We have asked, and it began 2 years ago under the leadership of then-Chairman HOBSON, that we have an arsenal of 10,000 nuclear warheads, we have a Cold War complex. We need to rationalize and, in effect, downsize that to meet the new threats to make sure that we are nimble, that we are safe, and that we save the taxpayers as much money as possible.

The administration has come back in and said, well, let us build a new nuclear weapon by 2012. And you know what? We're going to take care of the

rationalization of the complex, and we're going to downsize and we're going to do that in 2030.

My point is, I wish the administration and, in this case particularly, the Department of Energy, had as much aggression and commitment to downsizing the complex as they do on developing a weapon.

And what they also would suggest that we do, before we downsize is, well, let's begin construction of this new nuclear weapon in the existing complex. So now we will have the old and we will have the new. And I think everyone, Mr. Chairman, knows the end of that story. Nothing will ever change.

It's hard to attach an exact dollar and figure on that critical issue of our national security. But many of the dollars we have saved and not spent, and we have cut in this bill, is to make sure that we take the right approach as far as our nuclear strategy and our nuclear safety, and I am very proud of that.

I see the gentleman from Ohio (Mr. HOBSON) on his feet. And if he would want time, I would be happy to yield to him.

Mr. HOBSON. I just wanted to take a moment to comment that I really appreciate the Chairman's very thoughtful comments, especially on all the issues that he talked about, but certainly, when it comes to NNSA and the lack of management of the weapons systems.

The gentleman remarked to me over here, do we have 9,000 weapons, or 10,000 weapons? Well, the number we've been trying to get out for a long time, cause it's a good news story. But we can't tell you here how good news the story is, because it's still secure. And we've tried for a number of years to get out this issue of how many weapons we have and to get this complex sized appropriately.

But we're very disturbed, in a bipartisan way, about the management of the entire Department of Energy. And I want to associate myself with the gentleman's comments and his opposition to the amendment.

Mr. VISCLOSKY. And Mr. Chairman, I want people to truly appreciate Mr. HOBSON's dedication as a member of not only this subcommittee, and as chairman for 4 years, but as a member of the Defense Subcommittee when there was a similar proposal several years ago and he thought it was the incorrect proposal. He stopped what I think was incorrect public policy from taking place. He saved the taxpayers of this country money.

And the only reason today I believe we have even a 20–30 proposition from the administration as far as downsizing the complex, that I find totally unsatisfactory but at least it is a proposal, is because of the work that Mr. HOBSON did. And I thank him for that very much, and do ask my colleagues to oppose this amendment.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from South Carolina (Mr. WILSON).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Mr. WILSON of South Carolina. Mr. Chairman, I demand a recorded vote.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from South Carolina will be postponed.

AMENDMENT OFFERED BY MR. HINCHEY

Mr. HINCHEY. Mr. Chairman, I offer an amendment.

The Acting CHAIRMAN. The Clerk will designate the amendment.

The text of the amendment is as follows:

Amendment offered by Mr. HINCHEY:

Page 40, after line 18, insert the following:

SEC. 503. None of the funds made available in this Act may be used by the Secretary of Energy to designate any geographic area as a national interest electric transmission corridor under section 216(a) of the Federal Power Act (as added by section 1221 of the Energy Policy Act of 2005), and none of the funds made available in this Act may be used by the Federal Energy Regulatory Commission to take any action related to the processing or issuance of a permit under section 216(b) of the Federal Power Act.

The Acting CHAIRMAN. Pursuant to the order of the House of Tuesday, June 19, 2007, the gentleman from New York (Mr. HINCHEY) and the gentleman from Indiana (Mr. VISCLOSKY) each will control 10 minutes.

The Chair recognizes the gentleman from New York.

Mr. HINCHEY. Mr. Chairman, I yield myself 15 seconds.

Mr. Chairman, first of all I want to extend my appreciation and gratitude to Chairman VISCLOSKY and Ranking Member HOBSON for putting together a very fine bill.

However, what we want to do is oppose a certain part of this, denying funding for monopolistic corporations to impede upon States rights and people's private personal proper rights. It's an important amendment and I ask everyone to consider it.

Mr. Chairman, I yield 1 minute to the gentleman from Virginia (Mr. WOLF).

Mr. WOLF. Mr. Chairman, this is going to be the only vote that you're going to have on this issue. When the power lines are coming through your district, and this is coming through your district, how will you explain to your constituents, to your neighbors, your friends, your local elected officials, your farmers, that you had a chance to slow this down and you didn't do it?

How are you going to tell them that you sided with the power companies and not with the citizens?

This is a time out. It will give us a chance to reexamine the process.

These corridors divide communities, neighborhoods. They destroy landscapes. In fact, the current corridor in the Mid-Atlantic includes Antietam, where 20,000 people died in 1 day. We need to make sure that we take time to do it right, and don't bow to the scare tactics and the false Dear Colleague letters.

This is your first and likely your only vote on this issue. Don't let this vote come back to haunt you. Voting against the Hinchey amendment means you don't want to make sure these corridors are sited properly.

I strongly urge the Members to vote aye for the Hinchey amendment.

Mr. HINCHEY. Mr. Chairman, I yield 1 minute to the gentleman from New York (Mr. HALL).

Mr. HALL of New York. Mr. Chairman, I urge support of the Hinchey-Wolf amendment to force the DOE to take a time-out from its rush to subject giant stretches of this country to eminent domain for energy interests.

In my State, in my district, the New York Regional Interconnect, for instance, NIRE, is an internationally financed private entity which will receive eminent domain rights to seize private land for private profit. It would remove the State environmental review process and all property rights and States rights from the equation and give that all to FERC. I think this is something that needs much closer examination.

New York City, I would reassure my colleagues from downstate, does not need NIRE to have power, especially not this route. In fact, there are alternate routes that the State could and would look at if it had the time that it would normally have under CCRA.

I urge support for the Hinchey-Wolf amendment in the interest of property rights and States rights.

The Acting CHAIRMAN. Does the gentleman from Massachusetts rise as the designee of the gentleman from Indiana?

Mr. OLVER. Yes, Mr. Chairman.

The Acting CHAIRMAN. The gentleman from Massachusetts is recognized for 10 minutes.

Mr. OLVER. Mr. Chairman, I yield 2 minutes to the distinguished Member from Texas (Mr. GREEN).

Mr. GENE GREEN of Texas. Mr. Chairman, I rise in strong opposition to the Hinchey-Wolf amendment.

Today, more than ever, America needs a transmission grid that will deliver reliable and affordable electricity to consumers across the Nation. The Energy Information Agency projects that electricity consumption will increase 43 percent by 2030. Other studies project growth and demand to grow by 19 percent over the next 10 years, while power capacity will grow by only 6 percent over that same time. It stands to reason we're going to have to move power where we have excess to where we need it.

Recognizing the fact the Energy Policy Act of 2005, EPACT, allowed for the

designation of national interest corridors where congestion in the electricity grid is jeopardizing reliable service and raising the cost to electricity consumers, this designation is not a mandate that a transmission line be built but, instead, an incentive for stakeholders to address the grid capacity issues. FERC is authorized to get involved only if the State is unwilling to or cannot act, then only after exhaustive Federal considerations.

The Hinchey-Wolf amendment, unfortunately, seeks to block funding for the National Electricity Transmission Corridors as contained in the authorizing legislation. Failing to address congestion and transmission infrastructure will do absolutely nothing for electricity consumers who will see their energy bills continue to climb in the future. And more blackouts.

Our constituents deserve a robust energy transmission infrastructure, and EPACT encourages congested States to resolve the problems in a timely manner. And we know the issue of blackouts, particularly in mid-America to the Northeast.

I urge my colleagues to oppose the Hinchey-Wolf amendment because all it will do is raise electric prices because we can't move power where we really need it.

Mr. HINCHEY. Mr. Chairman, I yield 1 minute to the gentleman from New York (Mr. ARCURI).

Mr. ARCURI. Mr. Chairman, I rise in very strong support of this amendment. And I'd like to start off by saying to my colleague that I respect a great deal from Texas, this amendment is not about sharing power. It's not about giving power from one part of the country to another. It's about how do we do it. Do we do it in a thoughtful way? Do we do it in a reasonable way? Or do we do it in a way by using eminent domain, by running high power lines over people's land, by taking people's land? Is that the American way? Is that the way we want to have our energy policy dictated to the States and the localities? I think not.

I think there is a better way to do it. There is a more thoughtful way to do it. We are facing such a plan in New York, and it's ill-conceived and poorly thought out. And that's not the way we should be running our energy policy in this country. It should be in a more thoughtful way.

I strongly support this amendment because we need to stand up to the power companies and not let them take our land and not let them run power lines over people's property.

Mr. VISCLOSKY. Mr. Chairman, I would be happy to yield 2 minutes to a member of the committee, Mr. PETERSON.

Mr. PETERSON of Pennsylvania. Mr. Chairman, I think this is one of the more important amendments we're going to deal with today.

America needs available power, and especially electric power. We have a system that has not worked. The legislation doesn't give the Federal Government the right to usurp States rights. It only gets involved when multiple States can't get their job done. I was in State government for 19 years, and I wouldn't bet the farm on four PUCs adequately performing on a time basis so we could connect our grid.

Here's what Bill Richardson said in 2001. ''The United States has a first-rate economy. We're the Superpower of the world, the best military, a booming technological economy, but we've got a grid that is antiquated, that is Third World, that needs beefing up. We've got very weak power transmission lines to connect our generation capacity.''

And here's what Sam Bodman said in 2006, a year ago. ''The Nation is currently facing serious near problems in adequately delivering electricity to its customers.''

It means we have to fix the grid. And we've been unable to get States to work together collectively. This is a process that only kicks in when the States can't get their job done.

Connecting this country is a national issue. I don't want my State in charge of the national grid. I had a Governor's person come into my office protesting a power line that was proposed. It had been off of the table by the PGM for a year and a half and they didn't even know it. It wasn't even up for consideration. And the three States that were involved in the little piece that was left was not that State.

Folks, there's a lot of disinformation out here. The connectivity of our electric system is vital to our economic future and we need a process. This was put in the energy bill because it wasn't working, because we couldn't upgrade our grid.

And two Secretaries of Energy and leaders across this country, the Edison Institute, all say, don't pass this amendment.

Mr. HINCHEY. Mr. Chairman, I yield 1 minute to the gentleman from Ohio (Mr. KUCINICH).

□ 1630

Mr. KUCINICH. Mr. Chairman, it is pretty clear from the record of their activities that the Department of Energy has been in cahoots with the electric utilities and they are running roughshod over Americans everywhere.

My subcommittee, the Subcommittee on Domestic Policy, held a hearing on this exact matter, and we heard about concerns about the law and about the Department of Energy's implementation.

These concerns include whether the Department of Energy would take into account the protection of national parks, State parks, conservation easements, and historical sites like battlefields when determining where an electric transmission corridor should be designated. The answer is they don't.

Whether the Department of Energy is considering the effects of a corridor designation on the private property rights of landowners. They did not.

Whether the Department is considering the environmental impact of corridor designations. The answer is they did not.

Whether the Department of Energy is considering alternatives to constructing new electric transmission lines, like demand-side management, distributed generation, and energy efficiency. They did not.

Whether the Department has adequately considered the actual benefit utility consumers would receive. They did not.

Support the Hinchey amendment.

Mr. VISCLOSKY. Mr. Chairman, I yield 1½ minutes to the gentleman from California (Mr. COSTA).

Mr. COSTA. Mr. Chairman, I rise to oppose this amendment.

The 2005 energy law required the Department of Energy to identify geographical areas throughout the country where congestion in the electric grid is raising prices and creating reliability concerns.

Ladies and gentlemen, I don't think I have to tell anybody here on the floor that we have an energy crisis in this country, and there are a host of reasons why we have an energy crisis in this country. And I think most of us understand that, frankly, there is not one silver bullet that is going to resolve these issues.

The designation of this 2005 energy law creates interest of corridors, clearly vests States with the primary responsibility for siting transmission lines and considering what local or regional benefits and consequences exist.

I think it is clear that in the 2005 law that we are seeking to amend here that the national designation does not, does not, usurp State authority for siting transmission lines. Yet we have a lot of challenges on a regional basis.

In California we are attempting to try to work with Arizona to the mutual benefit of citizens living in both States to try to allow for the conductivity of that energy back and forth as well as to try to maintain the stability of much-needed electricity for our constituents in the Southwest.

This amendment, I think, would do great harm to that. And that is precisely why I think the 2005 law was designed to address short-sighted and narrow interests blocking the public good.

I ask that you reject this amendment.

Mr. HINCHEY. Mr. Chairman, I reserve the balance of my time.

Mr. VISCLOSKY. Mr. Chairman, I would be happy to yield 1 minute to the gentleman from Nebraska (Mr. TERRY).

Mr. TERRY. Mr. Chairman, I rise in opposition of this amendment.

As a member of the Energy Committee, I want to debunk a couple of myths that have been perpetrated today in the debate. First of all, that this was done hastily and thoughtlessly. The fact of the matter is the issue of the transmission of electricity has been an issue for many years. Many hearings have been held, much debate. It was part of the Energy Act. What we have to do is resolve the issue how we get energy from generator A to consumer B. In between we have to figure out how to do that.

Myth number two is that this runs roughshod over States' and communities' rights. The reality is that they are involved in the process. They are involved in working with FERC, and FERC has to work with them on the siting issues. And only when there is a conflict do they get to break that conflict by rising above it.

We in this Nation have to figure out how we get electricity from point A to consumer B. Think of this corridor as a transportation highway. And when we think of it as a highway, we understand why we have to do it this way.

Mr. HINCHEY. Mr. Chairman, I yield 1 minute to the gentleman from Arizona (Mr. PASTOR).

Mr. PASTOR. Mr. Chairman, I rise in support of the Hinchey amendment.

In Arizona, which is one of the fastest-growing States, we, as a growing State, have enough energy and power to meet the power needs of our State. But what has happened is that since California has a moratorium on building generating plants, the tendency is to have power plants be built in Arizona to generate power and then power lines to be taken into California.

Very recently, about 1½ months ago, the Arizona State Corporation Commission, which has the responsibility for siting the power lines, rejected, and it was an issue of local control in that the power lines that were being proposed would have endangered the wildlife. There were problems with the enhancement features of our land.

The issue for me is local control; so that is why I support the Hinchey amendment.

Mr. HINCHEY. Mr. Chairman, I yield 1 minute to the gentleman from New York (Mr. ARCURI).

Mr. ARCURI. Mr. Chairman, again, I rise in very strong opposition to this bill.

This bill does so few things in terms of getting power to where it needs to be. They talk about the fact that the original 1221 was intended to help get power to places that need it to help alleviate congestion. But, in fact, the NYRI proposal in New York State does nothing whatsoever to prevent congestion. Rather, it does more to create congestion than to alleviate it.

I strongly support the Hinchey-Wolf amendment because I believe that using eminent domain to take people's property in order to run power lines over it is the wrong thing. It is not the American way. It is not what we came to Congress for. And I strongly oppose that.

Mr. VISCLOSKY. Mr. Chairman, I reserve the balance of my time.

Mr. HINCHEY. Mr. Chairman, I yield 1 minute to the gentleman from New York (Mr. HALL).

Mr. HALL of New York. Mr. Chairman, I thank the gentleman for yielding.

I just want to point out, in response to a couple of remarks that were made, this project that Mr. ARCURI, Mr. HINCHEY, and I are concerned with, which could happen anywhere in the country to any of you, is not an interstate project. It occurs entirely within New York State, mysteriously starting in Utica and mysteriously ending in the little town of Campbell Hall. The other shoes have not dropped yet. But in New York State's Environmental Quality Review Act, nothing gets approved in under a year.

The proposal in section 1221 that after a year it kicks up authority to FERC is patently meant to usurp State authority. You can't get a subdivision, a power plant, a landfill, hardly any public project approved that fast. It usually takes a draft environmental impact statement; public comment; a final environmental impact statement; and at long last, approval. But two years is the shortest that I have ever seen. So to have this be one year means to me that the law was written to usurp State authority.

Mr. HOBSON. Mr. Chairman, I move to strike the last word.

The Acting CHAIRMAN. The gentleman from Ohio is recognized for 5 minutes.

Mr. HOBSON. Mr. Chairman, I yield to the gentleman from Virginia (Mr. TOM DAVIS).

Mr. TOM DAVIS of Virginia. Mr. Chairman, I rise today in support of this amendment barring funding in this bill to be used to designate any area as a ''national interest electric transmission corridor,'' or a NIET. NIET designation and the corresponding authority that has been given to FERC blatantly usurps States rights to designate and site transmission lines in accordance with what is best for its citizenry. There is a well-established successful history of States executing this authority, and there is no real reason to take it away.

I understand there needs to be a holistic approach to our energy policy, but absent clear and definitive reasons to grant this authority to FERC, why are we allowing this Federal entity to circumvent State siting decisions, State comprehensive energy plans, and State efforts to promote energy efficiency and independence? It is clear more analysis and consideration is needed.

This amendment would not strike this provision forever. Rather, it would allow us more time to have debate, oversight, and public comment on the issue. When this provision was passed in the last Congress by the Senate and signed into law, it was a small piece of a broad energy overhaul. It received no debate on this floor and no vote in this body. Now, with the prospect of towering transmission lines running through 214 counties in 11 States across our Nation, and that is just the first chapter, we must take a time out to reexamine this provision.

What will you tell your constituents when these towering lines are denied by your State regulators, but mandated by FERC? You had your vote today and you need to vote for this amendment.

I urge my colleagues to support this amendment. Vote ''yes'' to allow us to give needed consideration to the broad ramifications of proposed NIET corridors and ensure that the rights of States are not unduly trampled.

Mr. HOBSON. Mr. Chairman, I yield to the gentleman from New York (Mr. WALSH).

Mr. WALSH of New York. Mr. Chairman, I rise in strong support of this amendment.

Section 1221 of the Energy Policy Act of 2005 is an abridgement of the rights of State and local governments to influence Federal policy as it pertains to their communities. In fact, section 1221, regarding the siting of overhead electricity transmission lines, permits the FERC to outright ignore State decisions and local considerations.

We are elected to represent a select constituency and our States, to advocate for their needs, and to advance our national interest. In this instance those responsibilities collide.

I recognize that the Federal Government can and should do more to modernize our Nation's aging and congested electric power infrastructure. But the Northeast corridor proposal negatively impacts the environment, decreases property values, poses health risks, and hurts local property tax revenue. What is worse is that it provides State and local regulatory agencies no ability to involve themselves.

By failing to support this amendment, Members of Congress will, in essence, allow unknown bureaucrats in Washington, huddled around a faceless map, to make critical decisions that affect the lives and financial well-being of thousands of American families. Surely that wasn't our Founding Fathers' intent. There has to be a better way than to circumvent a State's decisions and disregard property owners' rights. By supporting this amendment, we create time to find that better way.

Mr. HOBSON. Might I inquire how much time I have left.

The Acting CHAIRMAN. The gentleman has 1½ minutes remaining.

Mr. HOBSON. I yield the balance of my time to the gentleman from Virginia (Mr. WOLF).

Mr. Chairman, I might say I am doing this out of courtesy to these gentlemen. I happen to oppose the amendment, but I think they have a right to be heard.

Mr. WOLF. I thank the gentleman.

We are not asking for a repeal. We are asking for time.

Again, this section, and it is amazing, was never voted on in the House. The power industry lobbyists have been roaming this Hill. Your constituents are back in their districts expecting you to represent them.

□ 1645

The corridor goes over and includes Gettysburg, where Lincoln gave the Gettysburg Address. Antietam, 20,000 people died. No environmental impact statement. No consideration of energy efficiency technology. No consideration for historic lands. It is an assault on property rights.

In the last Congress, we all got worked up on the Kelo decision. This is, in essence, whereby they can do this. And someone said, well, you go through the State. The power companies won't really try to go through the States. They will pro forma it, knowing that they can go to FERC and FERC will do it.

Here's what the FERC administrator said: ''The authority to lawfully deny a permit is critically important to the States for ensuring that the interests of the local communities and the citizens are protected.''

What the Commission does today, it's a significant inroad in traditional State transmission citing authority. It gives States two options: Either issue a permit, or we will do it for them. Obviously, there is no choice.

I strongly urge, in the interest of all these things we're talking about, a vote for the Hinchey amendment.

Mr. VISCLOSKY. Mr. Chairman, I have 3½ minutes left and understand I have the right to close. What I would like to do is to yield that 3½ minutes to the gentleman from New York before he seeks recognition, and would simply emphasize to the membership that I am doing this as a courtesy. I am in opposition to the gentleman's amendment. But I would yield my remaining time to the gentleman from New York.

Mr. HINCHEY. I want to express my deep appreciation to Chairman VISCLOSKY, not just for his excellent work in putting this appropriations bill together, but also for yielding me this time.

It's important for every Member of this House to focus their attention on what is happening here and what we are trying to do.

What we are dealing with here in the context of this appropriations bill, which, if this amendment is successful, will function out there for only 1 year, what we are attempting to deal with is an obscure provision in the 2005 Energy Policy Act, which hardly any Member of this House, I bet, understood when that bill was passed because of the obscurity of this provision.

What does this provision do? This provision tramples on States rights. It says if any State, any State in the Nation is unable to agree to a location for a high-tension transmission line, or if they stipulate that certain corrections have to be made, if that takes more than 1 year, which it would in almost every case, then the Federal Energy Agency steps in and they designate where the corridor will go, overriding States rights. I believe that this provision is contrary to a very significant provision in the United States Constitution, and this provision overrides States rights. That alone is good reason to vote for this amendment.

But beyond that, that provision in the Energy Policy Act of 2005, which this amendment would stop in its tracks for just 1 year so that we could give it further consideration, that provision stipulates that the Federal Energy Regulatory Commission can exercise eminent domain on people's private personal property. That means that FERC can condemn anyone's private personal property in order to establish one of these high-tension transmission corridors. That in itself is bad enough.

But that provision in the Energy Policy Act of 2005 goes even further. It says that FERC, the Federal Energy Regulatory Commission, can grant that power of condemnation of individual citizens' private personal property rights to a private corporation so that the private corporation can now go in and declare eminent domain and condemn people's private personal property.

This provision in this Energy Policy Act overrides States rights and the individual rights of private American citizens. It was put in there inappropriately. Hardly anybody was aware of it when that bill passed. Many of us voted against it nevertheless. Still, it is part of the law.

What we are saying here in this amendment to this appropriations bill is give us another year to look at this issue. Let this issue be considered more carefully. We should not have this kind of impediment against States rights and people's private personal property rights.

I ask you, on behalf of all of your constituents, please join us in support of this amendment.

Ms. HARMAN. Mr. Chairman, those of us who lived through the brown-outs and rolling black-outs during the California energy crisis remember well how difficult the Federal Energy Regulatory Commission was to deal with, and it pains me to vote for a national policy that I hope will not need to be used.

However, after carefully reviewing the issue, I do not see a better alternative. My vote is a vote to keep the lights on in Southern California.

Mr. FRELINGHUYSEN. Mr. Chairman, I rise in support of the Hinchey-Wolf amendment and thank the authors for highlighting Section 1221 of the Energy Policy Act of 2005, which could allow DOE to designate large transmission corridors across the country and override States' decisions about transmission line placement.

Mr. Chairman, we all recognize that the energy requirements of our growing economy will place increasing demands on existing transmission facilities. In this regard, modernization is an important goal.

But we want to make certain that our State, county and local communities are fully engaged in the process to determine where transmission lines are located. Local leaders and property-owners have the clearest view of how these lines will affect their communities.

The goal of this amendment is to allow additional time for consideration of DOE and FERC's implementation process, so that there will be more complete deliberation and consideration of this potential regulation.

Municipal, county, and State officials want and need to be full partners in the process that leads to the siting of new transmission lines.

I urge support of the Hinchey-Wolf amendment.

Mr. SHUSTER. Mr. Chairman, I rise in opposition to the Hinchey-Wolf amendment. My constituents need electricity in their homes, their businesses and their communities. This amendment will deprive my constituents and the people of Pennsylvania of low-cost energy.

In 2005, the Republican-led Congress passed the bipartisan Energy Policy Act, 275–156. In section 1221 of the Energy Policy Act, the Department of Energy was required to identify and report a National Transmission Congestion and Constraint Study.

The study identified two areas as inadequate: the Mid-Atlantic region, which encompasses my district, and the southwest-southern California region. With no coincidence, in 2002 these same areas were identified as problem areas. They were identified in two separate studies, 5 years apart, because there is an overwhelming need to build the infrastructure to supply the increasing demand for energy. The lack of necessary infrastructure in these areas imposes billions of dollars on consumers annually and leaves the citizens of the country vulnerable to rolling blackouts.

On April 26, 2007, the Department of Energy issued two draft versions for transmission corridors, one traversing my home State and its neighboring regions and the other in southern California. The public comment period remains open for written submissions until July 6. In addition, the Energy Policy Act requires studies every 3 years.

This amendment would require a needless, burdensome study, which in effect, would study two previous and congruent studies. At best, with this amendment, we are questioning whether or not to repeal sections of a successful, bipartisan bill, extensively debated and enacted less than 2 years ago, when the process so clearly works, the need is clearly

there and the effects of inaction are so clearly dire. Let's allow the process to work. Let us have faith in our positive work in the Energy Policy Act.

Mrs. MALONEY of New York. Mr. Chairman, I rise in support of the Hinchey-Wolf amendment, which would prohibit funds in this bill from being used to designate any area as a National Interest Electric Transmission Corridor (NIETC).

By providing a 1-year time out in the designation of NIETCs, the amendment will force the Department of Energy, the Federal Energy Regulatory Commission, Congress, States and the public to reexamine the process for designating these areas to ensure that States' rights are upheld and people's personal property rights are protected.

Specifically, this amendment will postpone a flawed plan by the Department of Energy to designate two vast swaths of the country as NIETCs. Far from narrow ''corridors,'' these massive areas encompass 214 counties and 9 cities in 11 states, including large areas in my home State of New York.

The way these areas have been designated has come under intense scrutiny, and for good reason. In a hearing in the Oversight and Government Reform Subcommittee on Domestic Policy earlier this year, it was made clear that the DOE did not adequately consult with the States on this issue and that the designations would actually hinder the States' efforts to address climate change. In addition, the congestion study which the proposed corridor designations are based on was fundamentally flawed. Last, the DOE simply failed to consider the appropriate alternatives to corridor designation.

At that hearing Paul D. Tonko, Chairman, Committee on Energy, New York State Assembly said, ''There is little confidence, at this moment, that federal government officials—who are far removed from the physical and socio-economic location of local proposals—will be able to fully appreciate the environmental, economic and social impacts of long-range, high-voltage transmission lines in local communities.''

I also want to note that Governor Eliot Spitzer of New York strongly supports the Hinchey amendment. He has made clear that the NIETC designation in New York is not only unnecessary, it would actually be counter-productive because if it is finalized, the FERC would be able to preempt parts of New York's long-established and efficient process for siting transmission lines.

Most appallingly, if we do not pass the Hinchey amendment, the FERC could eventually have the ability to give energy companies the power of Federal eminent domain to force private landowners to sell parts of their property. We just cannot allow States' rights to be trampled and private property rights to be taken away.

Yes, we absolutely need to make sure that there is an efficient process in place to meet the critical energy needs of my constituents in New York City and in other large urban areas. However, that process must also be fair. It must protect the rights of private property owners, take into account environmental and historic preservation concerns, and not unnecessarily usurp States' rights. That's why I will cast my vote in favor of the Hinchey amendment.

Mr. BLUMENAUER. Mr. Chairman, I supported the Hinchey-Wolf amendment to the FY 2008 Energy and Water Development Appropriations Bill. This amendment would have established a one-year spending limitation with regard to the designation of National Interest Electric Transmission Corridors under section 1221 of the Energy Policy Act of 2005. I supported this limitation amendment because section 1221 is a flawed provision of federal law, and the Department of Energy's implementation of the provision has enhanced concerns about the law rather than addressed them.

Section 1221 of the Energy Policy Act grants the Department of Energy unprecedented siting and construction authority for transmission lines. While I strongly support the upgrade of our nation's transmission infrastructure and believe that states and the federal government need tools to make this happen, section 1221 goes too far. The provision invites only illusory participation from the states—one year is much too short a timeframe for states to make any decision about transmission siting, much less the right one.

I look forward to working with my colleagues to provide a realistic backstop for the federal government that gives the states time and flexibility to suggest alternatives. I hope that this Congress can advance a more balanced approach.

Mr. VISCLOSKY. I yield back the balance of my time.

The Acting CHAIRMAN. The question is on the amendment offered by the gentleman from New York (Mr. HINCHEY).

The question was taken; and the Acting Chairman announced that the noes appeared to have it.

Mr. HINCHEY. Mr. Chairman, I demand a recorded vote.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from New York will be postponed.

Mr. HOBSON. Mr. Chairman, I move to strike the last word, and I yield to the gentleman from Alaska.

Mr. YOUNG of Alaska. I thank the gentleman for yielding.

Mr. Chairman, I rise to comment on the last speaker from New York about States rights and private property rights.

The taking of land is dear to me. And this Congress took 147 million acres of land in 1980 and made it into wilderness, parks and refuges. I bring that up because, of that 147, 27 of them were picked by the State. But we did it. That was private property.

But I am, Mr. Chairman, dismayed by this Congress, including Members of my own party, who voted today to eliminate funding for the Denali Commission and cripple the economic life to hundreds of small and impoverished communities throughout rural Alaska.

I am standing here today in the well defending the funding for the Denali Commission because the Federal Government has, time and time again, as I mentioned, limited the ability of Alaskans to provide for themselves. We have trillions of dollars' worth of resources in our State; we haven't been able to produce them. This Congress has said no to ANWR. Many of the speakers who just spoke voted no on ANWR, no to any new mining, no to more Alaskan oil and natural gas. Not letting Alaskans provide for themselves is economic terrorism by this body.

We sent over 15.5 billion barrels of oil through the pipeline. At today's prices, that's equivalent to $1.1 trillion. We have trillions of dollars' worth more of energy. If the State were allowed to manage its own resources, we wouldn't need the commission. And we wouldn't be sending trillions of American dollars overseas, to countries that hate us, for the energy Americans could be producing at home.

Unfortunately, energy ignorance in this body is increasing almost as fast as our dependence on foreign oil. Until Alaska is permitted to produce its own resources for themselves and for America, Alaskans will need the Denali Commission.

In 1998, Congress passed the Denali Commission Act. It provides job training and other economic development services for rural communities, chiefly in troubled communities, where unemployment exceeds 50 percent. It promotes rural development by providing power generation and transmission facilities, modern communication systems, water and sewer systems, and other infrastructure needs.

To give you an idea, my State of Alaska is 656,425 square miles, more than twice the size of Texas. Individual Alaskans own less than 1 percent of their land. The Federal Government owns over 60 percent. Flush toilets are just a luxury, and the Denali Commission tries to provide good sanitation to all Alaskans that do not have the ability to have potable water or remove the sewage they create. The fact is, I doubt if any of you have ever heard of a honey bucket.

How many of my colleagues have communities in their districts with no water and sewer? Well, Mr. Chairman, I have several. The Denali Commission has brought these systems to many of my rural communities, but there are still over 150 areas that suffer from poor sanitation and a lack of safe drinking water.

There are rural communities that are completely isolated, and my Alaskans can only get to and from their homes by boat or by small plane. There are no roads connecting these communities outside of Anchorage and Fairbanks.

The Commission also works carefully to ensure these communities have telephones, a reliable supply of electricity, and in some cases, Internet access.

Mr. Chairman, these are all things we in the Lower 48 take for granted, but

for thousands of Alaskans they are luxuries.

In 2006, the Denali Commission leveraged its funding to develop basic infrastructure in over 100 Alaska communities. It invested money towards replacing aging fuel tanks and upgrading rural power plants, while at the same time pushing for wind generation, hydro, geothermal and biomass energy projects.

In addition to constructing several essential village primary care clinics, the Denali Commission funded major design initiatives for needed replacement hospitals in Nome and Barrow. It has now completed clinics in over 65 of these remote communities.

The Commission also provided funding to construct housing for teachers in nine frontier communities, which is essential for recruiting and retaining teachers to the remote areas of my State. The Commission worked tirelessly each year to make sure that my Alaskans are not treated like second-class citizens. The amendment will cripple the Denali Commission's ability to provide these basic resources and cripple many rural communities that are already on crutches.

Mr. Chairman, I can say this respectfully for one thing. We talk a lot about the economics of this Nation and energy. This Congress has lacked in a positive way. I am deeply disturbed that this amendment was adopted by my own party and by the opposite party. I hope you reconsider this when we go to conference.

ANNOUNCEMENT BY THE ACTING CHAIRMAN.

The Acting CHAIRMAN. Pursuant to clause 6 of rule XVIII, proceedings will now resume on those amendments on which further proceedings were postponed, in the following order:

An amendment by Mr. PORTER of Nevada.

Amendment No. 18 by Ms. FOXX of North Carolina.

An amendment by Mr. UDALL of New Mexico.

Amendment No. 17 by Mr. NEUGEBAUER of Texas.

Amendment No. 9 by Mrs. MUSGRAVE of Colorado.

Amendment No. 1 by Mr. BISHOP of New York.

Amendment No. 14 by Mr. JORDAN of Ohio.

An amendment by Mr. SHADEGG of Arizona.

Amendment No. 12 by Mr. PRICE of Georgia.

Amendment No. 15 by Mr. WILSON of South Carolina.

An amendment by Mr. HINCHEY of New York.

The Chair will reduce to 2 minutes the time for any electronic vote after the first vote in this series.

AMENDMENT OFFERED BY MR. PORTER

The Acting CHAIRMAN. The unfinished business is the demand for a recorded vote on the amendment offered by the gentleman from Nevada (Mr. PORTER) on which further proceedings were postponed and on which the noes prevailed by voice vote.

The Clerk will redesignate the amendment.

The text of the amendment is as follows:

Amendment offered by Mr. PORTER:

Page 21, strike line 22 and all that follows through page 24, line 9.

RECORDED VOTE

The Acting CHAIRMAN. A recorded vote has been demanded.

A recorded vote was ordered.

The vote was taken by electronic device, and there were—ayes 80, noes 351, not voting 6, as follows:

Ms. ROYBALL-ALLARD, Ms. WASSERMAN SCHULTZ and Mrs. CAPITO and Messrs. LARSON of Connecticut, REYNOLDS, BROWN of South Carolina, KILDEE, RUPPERSBERGER, SHULER, WALDEN of Oregon, TOWNS, TOM DAVIS

of Virginia and ELLISON changed their vote from ''aye'' to ''no.''

Ms. LORETTA SANCHEZ of California, Ms. ZOE LOFGREN of California, Ms. ESHOO, Ms. LEE, Mrs. JONES of Ohio and Mrs. CHRISTENSEN and Messrs. THOMPSON of California, PALLONE, ALEXANDER, BERMAN, RODRIGUEZ, GRIJALVA, ENGEL, SIRES, MCDERMOTT, JACKSON of Illinois, WEINER, MEEHAN, CONYERS, COHEN, LANTOS and CAMPBELL of California changed their vote from ''no'' to ''aye.''

So the amendment was rejected.

The result of the vote was announced as above recorded.

AMENDMENT NO. 18 OFFERED BY MS. FOXX

The Acting CHAIRMAN. The pending business is the demand for a recorded vote on the amendment offered by the gentlewoman from North Carolina (Ms. FOXX) on which further proceedings were postponed and on which the noes prevailed by voice vote.

The Clerk will redesignate the amendment.

The Clerk redesignated the amendment.

ANNOUNCEMENT BY THE ACTING CHAIRMAN

The Acting CHAIRMAN (during the vote). One minute remains in this vote.

□ 1801

So the amendment was rejected.

The result of the vote was announced as above recorded.

AMENDMENT NO. 15 OFFERED BY MR. WILSON OF SOUTH CAROLINA

The Acting CHAIRMAN. The unfinished business is the demand for a recorded vote on the amendment offered by the gentleman from South Carolina (Mr. WILSON) on which further proceedings were postponed and on which the noes prevailed by voice vote.

The Clerk will redesignate the amendment.

The Clerk redesignated the amendment.

RECORDED VOTE

The Acting CHAIRMAN. A recorded vote has been demanded.

A recorded vote was ordered.

The Acting CHAIRMAN. This is a 2-minute vote.

The vote was taken by electronic device, and there were—ayes 138, noes 295, not voting 4, as follows:

ANNOUNCEMENT BY THE ACTING CHAIRMAN

The Acting CHAIRMAN (during the vote). There is 1 minute remaining in this vote.

□ 1810

Mr. GUTIERREZ changed his vote from ''no'' to ''aye.''

So the amendment was rejected.

The result of the vote was announced as above recorded.

Ms. JACKSON-LEE of Texas. Mr. Chairman, I rise to speak in strong support of H.R. 2641, the ''Energy and Water Appropriations Act of 2007.'' I also rise to express my sincere appreciation to Mr. VISCLOSKY, the chairman of the Energy and Water Subcommittee and his Ranking Member, Mr. HOBSON of Ohio, for working together in a constructive effort to renew America's dependence on foreign oil and cutting greenhouse gas emissions.

Moreover, this bill merits our support because it increases the Nation's commitment to long-term basic research by increasing the Federal investment that is so critical to developing the next generation of scientific breakthroughs. Federal funding for research and development has declined steadily over the last decade, and sound science has been compromised by political interference. This legislation takes a giant step toward reversing this disturbing trend.

Mr. Chairman, in the 1970s, our Nation faced an energy crisis unlike any we had ever experienced before. The OPEC oil embargo of 1973 led to skyrocketing prices, long gas lines, gas sales only every other day, and shortages where gas was simply unavailable. We experienced another oil shock in the late 1970s and under the leadership of President Jimmy Carter, America responded with unprecedented initiatives for energy research. But over the years, gas prices came down, incentive was lost, and these efforts fell by the wayside.

Today, we again face an energy crisis, only this time it is coupled with the enormous challenge of addressing the reality of global climate change. H.R. 2641 attempts to face these twin crises with over three billion dollars to address global climate change—researching its effects and working on technologies to slow it down—and investment in renewable energy programs that both reduce greenhouse gases and help our Nation meet its energy needs.

The bill cuts funding for poorly thought-out plans for nuclear weapons recognizing that because of the enormous cost and the importance to our national security they require smart strategies not blank checks. Instead it works to keep Americans safe with a 75 percent increase in funding for nuclear non-proliferation efforts. It also funds the Army Corps of Engineers, strengthening our Nation's navigation infrastructure and improving flood control programs.

Before I highlight some of the more attractive provisions of this legislation, which by the way contains no earmarks, let me explain briefly why this energy and water legislation is so near and dear to the people I represent in the 18th Congressional District of Texas.

In the past 2 years, Houston, the center of my district, has experienced some of the most devastating acts of nature in its history.

Six years ago this month, in June 2001, Tropical Storm Allison hit Southeast Texas. Until Hurricane Katrina, this storm would become the costliest tropical storm in U.S. history. Flash flooding initiated quite rapidly during Houston's rush hour late Friday afternoon and on into the evening hours. Widespread street flooding was the initial threat, but the high rainfall amounts forced almost all the major Houston area bayou systems into severe flooding, with some to record levels. All major freeways in the Houston area were severely flooded at at least one location during this event. During this single event alone, rainfall in Harris County ranged from just 2 inches in the extreme west to in excess of 20 inches over Green's Bayou in the east. Countywide, the average rainfall was 8 inches with over two-thirds of the county receiving over 10 inches.

The total damage across Southeast Texas approached $5 billion ($4.88 billion in Harris County alone). Twenty-two deaths were caused by Allison, with each of these fatalities occurred in Harris County. At this time, thunderstorms began to train and merge across the Houston metro area, and the system evolved into a powerful complex right over the most populated portion of our CWA that evening. This complex progressed south and east into the early morning hours of Saturday, June 9. Very heavy rainfall was observed for up to 10 hours in some locations, and rainfall rates of 4 inches or more per hour were observed throughout the night. A station in northeast Houston recorded over 26 inches of rain in almost 10 hours.

In response, the Tropical Storm Allison Recovery Project was launched. TSARP is a joint study effort by the Federal Emergency Management Agency, FEMA, and the Harris County Flood Control District, the District. The purpose of the TSARP project is to develop technical products that will assist the local community in recovery from the devastating flooding, and provide the community with a greater understanding of flooding and flood risks. The end product of the study is new Flood Insurance Rate Maps.

TSARP mission statement is: To assist residents of Harris County in recovery from Tropical Storm Allison and minimize damages from future floods by investigating the flood event and by developing current, accurate, and timely flood hazard information.

TSARP used state-of-the-art technology. TSARP has yielded many products that will help us better understand our flood risk. These products will assist citizens in making important decisions, and will assist public agencies in infrastructure planning. The hoped for end result of TSARP is a more informed and disaster resistant community and one that is better prepared.

Purchasing flood insurance before June 18 allowed people to ''grandfather'' their existing floodplain status and pay lower premiums for flood insurance. Once the maps became official on June 18, residents and business owners whose properties are categorized in higher-risk flood zones on the new maps may pay higher rates.

According to FEMA, a ''Regulatory Floodway'' means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than a designated height. Communities must regulate development in these floodways to ensure that there are no increases in upstream flood elevations. For streams and other watercourses where FEMA has provided Base Flood Elevations, BFEs, but no floodway has been designated, the community must review floodplain development on a case-by-case basis to ensure that increases in water surface elevations do not occur, or identify the need to adopt a floodway if adequate information is available.

FEMA regulations say ''Communities must regulate development in these floodways to ensure that there are no increases in upstream flood elevations.'' The City of Houston interprets that as no development within the floodway. This is not necessarily correct. Construction can take place but it cannot obstruct the water. Elevating the structure gets the same effect but the city denies this as they said (debris may collect under the structure). They will only allow a remodeling permit if the improvements do not exceed 50 percent of the structures value.

There is one neighborhood along White Oak Bayou that is greatly affected. The homes are of higher value than most of the district. Alternatives to resolve their issue includes widening the bayou or diverting floodwater.

The Harris County Flood District is now investigating these alternatives. Otherwise, the only solution would be a change in the city's ordinance allowing construction in the floodway.

I am looking forward to working with colleagues on the Energy and Water Appropriations Subcommittee to explore ways and means of resolving this problem so that Houstonians will not be forced out of their homes and unable to afford flood insurance.

Mr. Chairman, let me provide this partial listing of some of the many good provisions in this legislation. First, H.R. 2641 will improve U.S. waterways and flood protection by increasing funding for the Army Corps of Engineers by $713.4 million above the President's request to address a $1 billion backlog of operations and needed maintenance. This backlog needs to be addressed to sustain the coastal and inland navigation infrastructure critical to the U.S. economy, and the gaps in flood protection highlighted in Hurricane Katrina.

Second, the legislation will help reduce dependence on foreign oil and cut greenhouse gas emissions. Renewable energy and energy efficiency programs are funded at $1.9 billion—a 50 percent increase in energy efficiency and renewable energy programs. This is in addition to the additional $300 million added in the FY 2007 joint resolution. In contrast, the President's FY 2008 request for renewable energy and energy efficiency research is the same as it was in 2001 in real terms.

Funding for research and development of alternative fuels such as corn based and cellulosic ethanol and biodiesel is increased by 40 percent above the President's request. Solar Energy demonstration projects receive a 34 percent increase above the President's request. There is also $22 million to research new ways of generating power from water flow, and $44.3 million for geothermal energy,

neither of which were funded in the President's request. (This is on top of the $95 million for upgrades to existing hydropower dams funded under the Army Corps.)

I could go on and on. This thoughtful legislation provides funding to invest in new vehicle technology; energy efficient buildings; weatherization; carbon capture and sequestration; and climate change science. And it cuts wasteful spending as well.

For example, H.R. 2641 directs the Energy Department to develop a concrete plan to improve its contract management. The Energy Department has been on the GAO list of programs that are at high-risk for waste, fraud, abuse and mismanagement for seventeen years in a row.

The bill also cuts Global Nuclear Energy Partnership, GNEP, funding by $285 million below the President's request and $47.5 million below 2007 for this initiative to reprocess spent nuclear fuel and burn long-lived radioactive materials. There are concerns that this project is unsafe, will cost tens of billions of dollars, and could make it far easier for terrorists to obtain plutonium to make nuclear weapons.

The bill also secures substantial savings by cutting wasteful and unnecessary nuclear weapons programs by $5.9 billion, $632 million below the President's request and $396 million below 2007. It cuts to 37 specific weapons program accounts, including the Reliable Replacement Warhead program. The existing stockpile will continue to provide the Nation's nuclear deterrent for the next two decades, and certainly until the President develops a strategic nuclear weapons plan to transform the nuclear weapons complex away from its expensive Cold War configuration to a more affordable, sustainable structure.

Mr. Chairman, I strongly support H.R. 2641 and urge my colleagues to join me. I thank Chairman VISCLOSKY for his fine work in bringing this exceptional legislation to the House floor where it should receive an overwhelmingly favorable vote.

Ms. CASTOR. Mr. Chairman, the Energy and Water Appropriations bill charts an important new direction for improved public health and a cleaner environment throughout America. The bill also makes important new investments in renewable energy as we must reduce our dependence on foreign oil and cut greenhouse gas emissions. We must rapidly expand the production of clean, alternative fuels and increase energy efficiency. Our country has lost momentum due to the Bush-Cheney White House's inaction on global warming and energy independence. The new Congress will change course today.

A healthy and clean environment and renewable energy solutions are vital to the State of Florida and the Tampa Bay area. In my Tampa Bay area district, we are working to increase energy efficiency through organizations like the Clean Energy Research Center at the University of South Florida. My recent Tampa energy forum ''Turning Green for the Red, White and Blue'' drew great community interest. Our neighbors now are focusing on commonsense conservation initiatives. Nevertheless, leadership at the Federal level is vital.

The Energy and Water Appropriations bill invests $3 billion in global climate change science and in renewable energy technologies that both reduce greenhouse gases and help our Nation meet its energy needs. Additionally, this bill will provide a 50 percent increase into research on energy efficiency and renewable energy, including solar, biofuels, hydropower, and geothermal, as well as new vehicle technology and energy efficient buildings and homes. Solar energy holds great promise for Floridians and I strongly support the new investment of $200 million for research, development and demonstration projects to make solar energy more affordable.

On the first day of the new Congress, the House passed legislation to repeal $14 billion in taxpayer subsidies given to Big Oil companies that are earning record profits while we pay record profits at the pump. Those monies now will be channeled into clean alternative energy technologies and energy efficiency. Doing so enhances our national security as our country will lessen its foreign entanglements with questionable, petrocentric nations.

Climate change is potentially the greatest threat to our national security and prosperity. Energy independence is vital to our future. I urge the Congress to act swiftly for the sake of my community and all Americans.

Mr. HOLT. Mr. Chairman, I rise today in strong support of H.R. 2641, the Energy and Water and Related Agencies Appropriations Bill for Fiscal Year 2008. I would like to thank Chairman VISCLOSKY and the Energy and Water Subcommittee for drafting a bill that clearly defines what our Nation's priorities should be in promoting and developing sustainable energy sources as well as taking a firm approach to dealing with our Nation's nuclear weapons complex.

This Energy and Water Appropriations bill is making two very important statements. The first relates to our Nation's energy path and climate change. I believe this bill starts to direct us to where we should be—which is on a sustainable energy course. By increasing the investment we are making to sustainable energy sources, we are making a commitment to developing an energy plan that promotes renewable energy, promotes efficiency and promotes conservation.

Last year, I criticized the Energy and Water bill for continuing the status quo and for not putting us on a path for a sustainable energy future. Today, the bill we are considering is vastly different. We have increased by 52 percent over the President's budget for energy efficiency and renewable energy programs. This funding is used for energy efficiency programs such as technologies to make buildings more efficient and programs like EnergyStar. This bill also provides significant funding for alternative energy sources such as biomass, solar, and hydropower. These are the technologies of the near future and we must make the investment now.

Equally important is the public policy statement that this bill makes about nuclear nonproliferation and how we as a Nation bring rationality to our own nuclear weapons complex. Last year Congress approved a nuclear cooperation agreement with India. That deal, I believe, created a more dangerous and unstable world. We spoke at great length about the details of this cooperative agreement. We spoke at great length about how good a friend India is to us. We talked about the so-called reality of an imperfect ability to control the militarization of nuclear reactions. I said last year during that debate, that if we really believe that nuclear proliferation and loose nukes are the greatest threat to world peace and security, as I do, then we should be holding on to every tool we can find to prevent that threat.

That is why I am pleased that this bill sends a clear message about how we view our nuclear weapons complex. I believe that instead of wasting billions of additional dollars on a nuclear weapons program we don't need and that would only undermine our global nonproliferation efforts, our country should be dismantling its excess nuclear weapons and working to get other nuclear powers to join us in the effort to create a world free of nuclear weapons. Equally important, our country should be expanding its effort to secure loose or inadequately safeguarded nuclear materials in the former Soviet states. Securing these materials is our best insurance policy against terrorists getting their hands on such material and using it against us or our allies. For these reasons, I am pleased that the Energy and Water bill cuts the Department of Energy's portion of the RRW program. We must set a global example, and this is a start on moving us towards global nonproliferation.

Also, by way of my background as a scientist and researcher at the Princeton Plasma Physics Lab, I understand how essential it is to fully invest in programs like the Fusion Energy Sciences Program. I applaud the $427.9 million investment in this program. Never has a national commitment to fusion energy research been more timely or important to our Nation's energy future than it is right now. Fusion energy is the power of the sun and the stars, and holds the promise to become an economical, safe and clean domestic energy source. Fusion is an energy source that has the potential to increase our national energy security, while also decreasing overall world carbon dioxide emissions. I am glad to see that the Committee has decided to honor our Nation's commitment to ITER, which is a seven nation fusion program being developed currently in Cadarache, France, by allocating $160 million in funding. The remaining $267.9 million will allow the United States to be competitive in the development and deployment of fusion energy and to train and retrain the next generation of young fusion researchers who will be expected to work on ITER and in the field of fusion energy research beyond ITER.

This is a good start for an energy appropriations bill. I thank the Chairman for his cooperation and leadership on this bill and I urge my colleagues to support it.

Mr. CAMP of Michigan. Mr. Chairman, I rise today in support of a project that deserves the support of every member of this House. The Great Lakes Energy Research Park, which is to be located in the heart of the district I represent, will be the first Integrated Gasification Combined-Cycle facility in the world to coproduce (1) over 728 Mw of electric power and (2) permanently sequester over 3.8 million tons per year of carbon dioxide which will ultimately recover over 180 million barrels of stranded oil. Let me repeat that—180 million barrels of stranded oil. I'm not talking about new drilling in environmentally sensitive areas

and I'm not talking about opening up new wells. I am talking about finally tapping much needed resources that yesterday's technology simply could not drive out of the ground. Additionally, it is important to note that this bed of oil reserves is located in the geographic center of Michigan—not in the Great Lakes, and far from Hurricane Alley, where most of our crude wells lie. As we learned from Katrina, geographic diversity is as an important topic in the energy debate as is alternative energies. So, as we discuss utilizing new technologies, clean technologies to solve our dependence on foreign crude, we would be foolish to ignore the types of technology being put in place in Alma, Michigan.

This project, however, is about much more than recovering stranded oil. This facility is designed in such a way to virtually utilize every byproduct of energy production. With this type of forward thinking it is no wonder that the project has received support from a wide variety of local community groups, institutions, citizens and organizations. Included among the list of proponents are the City of Alma, Michigan, Firstbank of Alma, Michigan, the Gratiot Medical Center, Alma College, the Gratiot County Board of Commissioners and the Gratiot Area Chamber of Commerce.

Mr. Chairman, as American families and businesses grapple with rising energy costs, the Great Lakes Energy Research Park can be a part of the solution. I urge my colleagues to join me in supporting this unique effort to produce more energy here in America.

Mr. VISCLOSKY. Mr. Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. ALTMIRE) having assumed the chair, Mr. ANDREWS, Acting Chairman of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 2641) making appropriations for energy and water development and related agencies for the fiscal year ending September 30, 2008, and for other purposes, had come to no resolution thereon.

EMMETT TILL UNSOLVED CIVIL RIGHTS CRIME ACT OF 2007

The SPEAKER pro tempore. Without objection, the title to H.R. 923 is amended so as to read: ''A bill to provide for the investigation of certain unsolved civil rights crimes, and for other purposes.''.

There was no objection.

GENERAL LEAVE

Mrs. LOWEY. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 2764, and that I may include tabular material on the same.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

THE DEPARTMENT OF STATE, FOREIGN OPERATIONS AND RELATED PROGRAMS APPROPRIATIONS ACT, 2008

The SPEAKER pro tempore. Pursuant to House Resolution 498 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the consideration of the bill, H.R. 2764.

□ 1814

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the consideration of the bill (H.R. 2764) making appropriations for the Department of State, foreign operations, and related programs for the fiscal year ending September 30, 2008, and for other purposes, with Mr. CAPUANO in the chair.

The Clerk read the title of the bill.

The CHAIRMAN. Pursuant to the rule, the bill is considered read the first time.

The gentlewoman from New York (Mrs. LOWEY) and the gentleman from Virginia (Mr. WOLF) each will control 30 minutes.

The Chair recognizes the gentlewoman from New York.

Mrs. LOWEY. Mr. Chairman, I yield myself as much time as I may consume.

Mr. Chairman, I'm pleased to present to the House H.R. 2764, the fiscal year 2008 appropriations bill for the Department of State, foreign operations and related programs.

I'm particularly pleased that the appropriations bill that I bring to the floor as chairwoman of the State Foreign Operations Subcommittee reflects a bipartisan process, and that the ranking member, FRANK WOLF, was instrumental in pulling this bill together, as well as a very talented and engaged subcommittee.

I'm very proud of our product. The bill before you totals $34.243 billion in new discretionary budget authority, $2.9 billion above fiscal year 2007, not counting supplemental appropriations, and $700 million below the President's request. This is the largest increase over the prior year enacted level that this subcommittee has received in over a decade. I appreciate Chairman OBEY's recognition of the importance of this bill and the programs it funds.

The bill includes over $7 billion to address our strategic priorities and national security interests, as well as increases for programs that promote development and reduce low global poverty, meet humanitarian needs, and respond to urgent health crises, priorities at the core of our interests abroad.

For the war on terror, this bill includes $2.656 billion in economic assistance for our strategic partners and $4.509 billion in military assistance. While the bill includes $1.057 billion for Afghanistan, there are no additional funds for Iraq. In light of the $2.86 billion provided for Iraq reconstruction in the recently passed supplemental appropriations bill, and the $2.89 billion requested by the administration in the 2008 supplemental, I feel extremely strongly that there is no need at this time for additional funds for the same purposes in this bill, given the extraordinary needs to be met around the world.

The bill includes over $4.7 billion to support State Department operations, both in the United States and abroad. The recommendation fully funds the President's request for worldwide security upgrades, and provides $364 million for public diplomacy efforts at the State Department, as well as $501 million for educational and cultural exchanges.

The bill also provides $6.517 billion for global health. Addressing tuberculosis, avian flu, HIV/AIDS and other health threats is one of the best preventive measures to protect the health of the United States. We provide $5.082 billion for international HIV/AIDS efforts, which, in addition to appropriations in other bills, brings the total for international HIV/AIDS to $5.876 billion. This is $550 million above the President's fiscal year 2008 budget request, and includes $850 million for the global fund to fight AIDS, tuberculosis and malaria.

The bill also includes $1.73 billion for development programs managed by the U.S. Agency for International Development, an increase of $225 million above the fiscal year 2007 enacted level. The increased resources will fund an initiative on basic education for developing countries, as well as an expansion of safe water and environment programs.

As many of you know, basic education has been one of my top priorities for years and, I'm pleased to say, a top priority of the members of this committee. I'm convinced that access to quality primary education not only improves an individual's chances for a better, more productive life, it creates a more tolerant and informed citizenry. I've provided a total of $750 million for basic education in the bill, an increase of $200 million from the fiscal year 2007 House-passed bill.

This bill also provides $501 million for the environment and clean energy programs, including $106 million for the global environmental facility, and $175 million for biodiversity programs at USAID. We've also included a provision that encourages the Export-Import Bank to support projects in renewable energy and other environmentally beneficial products. This initiative could result in an estimated $1 billion in additional green exports in 2008.

There is $1.8 billion for the Millennium Challenge Account. This is a $1.2

billion reduction from the request, but $48 million above the fiscal year 2007 enacted level. I'm supportive of the MCA. I want to make this very clear. And while I believe the MCA is under the strong and capable management of Ambassador Danilovich, I would like to see more results on the ground from the $6 billion that has already been appropriated, $2.1 billion of which is not yet even obligated, before we significantly scale-up the MCA. The reduction to MCA helps us address the shortfalls for development assistance and health accounts. We have also funded a basic education initiative as well as expansion of safe water and environmental programs.

With an investment of over $5 billion in the 6 years that Plan Colombia has been in effect, the numbers of hectares involved in coca production has increased by 42 percent. Because our efforts to combat narcotics in Colombia have been ineffective for some time, this bill restructures assistance for Colombia. We cut overall funding by 10 percent, or $59 million, and shift greater resources to the development, interdiction, rule of law and justice programs. It is time for the Colombians to take ownership over their eradication and military assistance programs, and this cut reflects that position.

The bill provides over $5.4 billion for Africa, including a total of $949.3 million for Sudan, $210.5 million of which is for Darfur, $104 million above the request. We have provided $100 million in increased funding for the African Union Force in Darfur.

This bill allows us to fully meet the President's request for Israel and Egypt. And I want to make it clear that Egypt is a friend, an important ally in the war on terror and a partner for peace in the Middle East. However, there are growing concerns about the independence of its judiciary, police abuses, and the smuggling operation from Egypt into Gaza. As a result, this bill requires the Secretary of State to certify that steps are being taken to address these issues before a portion of the military aid to Egypt can be released.

Lastly, as you know, U.S. Government assistance for family planning is prohibited for groups that provide, promote, refer or counsel on abortions. Groups that merely exercise their legal rights to advocate for policies such as the legalization of abortion are denied U.S. assistance. This bill provides an exemption to those restrictions simply for the provision of contraceptive commodities. Foreign family planning organizations, which have been denied USAID family planning funds, could receive contraceptives from USAID to help reduce unintended and high-risk pregnancies, abortions and the spread of HIV, as well as save the lives of mothers and infants.

This provision does not amend any of the provisions in existing law that prohibit assistance for abortions or otherwise restrict family planning funds. They're all there; 10 of them are all there; and 5 for restricting family planning; 10 to be sure that there's no money for abortion, and 5 to restrict family planning. All there.

Mr. Chairman, this package of foreign assistance before you preserves our Nation's interests, reflects the values and priorities of the American people, and most importantly, helps to protect the security of Americans at home and abroad. It was developed in a bipartisan manner, and I expect it to have wide support as it passes the House.

In closing, let me say again that it has been a pleasure working with Ranking Member WOLF and the minority staff, Christine Kojac, Rob Blair, Mike Ringler, Alice Hogans and Molly Miller. I would like to thank my vice chair, JESSE JACKSON, Jr. for his hard work on this bill. I greatly appreciate the outstanding work and support of Nisha Desai, Lucy Heenan, Craig Higgins, Steve Marchese, Michele Sumilas, Mark Lopes and Celia Alvarado. They're all competent, professional and really a joy to work with. The work we have accomplished together in this bill will help make America more secure and will improve the lives of millions throughout the world.

Mr. Chairman, I am pleased to submit this bill, and urge your favorable consideration.

□ 1830

Mr. WOLF. Mr. Chairman, I yield myself such time as I may consume.

Let me start by commending the chairwoman on putting together a thoughtful bill, her first as the chairwoman of this new and important subcommittee. I must also recognize the chairwoman's continuation of this subcommittee's bipartisan tradition, as well as stating how much I appreciate the chairwoman's willingness to listen to our concerns and accommodate them as much as possible.

Overall, I think it is a very good bill, but I do have some concerns.

First and foremost, I believe this bill sends a terrible message to the State Department's officers and foreign service nationals and our military fighting in Iraq. The report accompanying the bill clearly states that there is no funding provided for Iraq. I intend to offer an amendment to restore $158 million of the $391 million that the President requested. I believe that not providing the requested funding for counterterrorism and de-mining activities is shortsighted and potentially dangerous. This program has trained more than 1,000 Iraqis in explosive detection and removal, therefore helping to protect the lives of our military and also improving public safety to reduce insurgent access to deadly munitions.

No funds are provided to develop effective civilian law enforcement and anti-terrorism programs in Iraq, specifically to focus on strengthening terrorist financing and money laundering.

No funds are provided to continue English language training and professional training for military officers in the United States. This training focuses on international human rights, fostering respect for civilian control of the military and the rule of law. Such funding is crucial if public statements by Members about wanting Iraqis to be able to defend themselves are, in fact, accurate and not purely rhetorical.

Also, this fits into the recommendations made by the Iraq Study Group, and when the resolution came up a while back that the other side had, I think 220-some Members said they supported the Iraq Study Group.

Well, no funding is provided to help Iraq manage their national budget, a crucial step towards Iraq self-reliance. No funding is included to enable Iraq to stimulate local economies to counter the impact of the insurgents. Assistance was requested and denied that would help Iraq create jobs in the agriculture sector and create food production, thereby stimulating Iraq's second largest economic sector after the oil area. These funds would directly weaken the insurgent base in rural areas, which we all on both sides want to do.

Finally, no funding is included to help national reconciliation, political reform, and fair provincial elections in 2008 and fair national elections in 2009. Additional funding was requested to develop the Iraqi criminal justice system. These necessary funds would allow the Iraqi government to identify, bring to justice, and incarcerate insurgents and terrorists who are trying to destabilize the country. So, hopefully, we can adopt that amendment.

The second issue of concern for me is there are new provisions regarding funding for family planning programs overseas. The President clearly stated in a May 3, 2007, letter to the Speaker of the House that he would veto any legislation that weakens current Federal policies and laws on abortion. As a result of these language changes alone, I believe the bill will now be vetoed, which is unfortunate because there are so many good things in the bill.

Thirdly, the bill does not include any funding to support the recommendations by Commission for Assistance to a Free Cuba. The Castro regime is the only nondemocratically elected government in the Western Hemisphere. So now is the time to demonstrate a commitment to the future of freedom for Cuba and to fund the programs that will facilitate peaceful democratic transition. And, again, this has nothing to do with the whole trade issue that this place talks about or the whole travel issue. This is to help the democratic movement in Cuba.

In conclusion, I believe this bill has the potential to do a lot of good, and I want to say that this bill will help save a lot of lives not only here but around the world. This is the work of the Lord. And I know Members are going to come down and are going to be against the bill. And I hope that we can change some of these things to prevent a veto, but this bill, eventually when it passes, assuming it will be vetoed, is really to feed the poor, the hungry, the naked, the sick. Almost a better title would be a Matthew 25 bill. So it has the potential to do a lot of good, and I hope to work with Chairwoman LOWEY to ensure the State Department has what it needs to do these things, the war on terror, to provide humanitarian assistance to the most needy, and to improve human rights around the world.

And Members on our side are offering amendments with regard to cutting. This is actually under the allocation with regard to the administration.

I look forward to working with the chairwoman to resolve the differences.

I also want to thank Nisha Desai, Craig Higgins, Steve Markes, Michel Sumilas, Celia, Rob, and also Christine, who were too embarrassed to put their names down. I wanted to put them down too. And I also want to thank the full committee staff on both sides, who have been very helpful.

Mr. Chairman, I reserve the balance of my time.

Mrs. LOWEY. Mr. Chairman, I am very pleased to yield 3 minutes to our distinguished vice chairman, a very hardworking member of our subcommittee, my partner in this effort, Mr. JACKSON of Illinois.

Mr. JACKSON of Illinois. Mr. Chairman, I thank the gentlewoman for yielding.

I rise to voice my strong support for H.R. 2764, The State, Foreign Operations and Related Programs Appropriations bill. I can think of few things we do on an annual basis that are more important and crucial to the success of U.S. foreign policy than passing this bill.

I would be remiss if I did not begin my comments by thanking the chairwoman, Congresswoman NITA LOWEY, the first woman to chair this subcommittee and, in a very short time already, its most extraordinary chairman. I also want to thank Ranking Member WOLF and the majority and minority subcommittee staff for helping to produce a great bill.

Despite the fact that the allocation for this bill is $700 million below the President's request, this is a well-written, well-measured bill, taking into account the concerns of both the majority and the minority. However, I am worried about the amendments I have seen that want to cut some of the vital programs in this bill in the name of fiscal discipline.

I am worried, Mr. Chairman, because yesterday around the world nearly 15,000 to 20,000 people died of extreme poverty. Today around the world 15,000 to 20,000 people will die of extreme poverty. Tomorrow around the world 15,000 to 20,000 people will die of extreme poverty. Extreme poverty like malnutrition and disease are claiming tens of thousands of lives every day.

This bill has a real opportunity to reverse these facts. Look at what has been done to date with our foreign aid bill. Smallpox eradication began in the 1960s; control of river blindness in the 1970s; increased child immunizations in the 1980s; initiatives to fight Guinea worm, trachoma, and leprosy in the 1990s; and the effort to end polio in this decade. Measurable results produced with the dollars in this bill.

Mr. Chairman, let me point out some of the highlights of this measure. This bill before us today makes significant improvements in our aid package to Colombia, especially for Afro-Colombians, by emphasizing alternative development and rule of law, programs that work.

This bill, Mr. Chairman, provides increases for both our multilateral and bilateral peacekeeping obligations. These funds will provide security for trouble spots like the Darfur region of Sudan and the Democratic Republic of the Congo.

This bill provides increases for global health programs that fight the scourge of HIV, TB, and malaria. This bill provides increases for development assistance programs. Some of these funds are

educating children and providing clean drinking water and sanitation around the world.

The increases in this bill are the least we can do. I don't understand why some Members plan to offer amendments that cut some of the increases in key development programs, tearing apart the majority party as tax and spenders. Our former colleague from Illinois, my friend John Porter, used the term ''noblesse oblige,'' the belief that the wealthy and the privileged are obliged to help those who are less fortunate. In Luke chapter 12, verse 48, Jesus simply says, ''To whom much is given, much is expected.'' In Matthew chapter 6, verse 21, Jesus said, ''For where your treasure is, there will your heart be also.'' If this verse is true, what does it say about these amendments that want to cut these crucial programs that are improving millions of lives around the world? I have a master's degree in theology from the Chicago Theological Seminary, and I have read my Bible from cover to cover. And nowhere does it say, ''only clothe the naked and feed the poor after you have cut taxes for very wealthy people.''

In 1984, referring to Marxist-ruled Ethiopia, President Ronald Reagan said, ''A hungry child knows no politics.'' All he knows is that he is hungry.

I urge my colleagues to vote for H.R. 2764, the State, Foreign Operations Appropriations bill. I hope that Democrats and Republicans will rally behind an extraordinary product created by the chairman of this committee, the ranking member of this committee, and the extraordinary Foreign Operations staff.

Mr. WOLF. Before I yield to Mr. LEWIS, I want to comment on the gentleman's remarks. I wouldn't question what his interpretation is, but in Luke it says ''To whom much is given, much is required.'' Some versions say ''expected,'' but it is actually a requirement, and we know a requirement in college, you have to do it to pass. So I think the authentic version says ''To whom much is given, much is required.'' But I see it makes the gentleman's statement much more powerful, and I appreciate the reference.

Mr. Chairman, I yield such time as he may consume to the former chairman and the ranking member, who has been very generous and very interested in this subcommittee's work, Mr. LEWIS.

Mr. LEWIS of California. Mr. Chairman, I thank the gentleman for yielding.

Mr. WOLF and Madam Chairman, I can't tell you how much I respect the work that the two of you have done together, and to join on the floor with my friend JESSIE JACKSON in expressing support for this bill, indeed, is a privilege.

Mr. Chairman, I am pleased to rise today to support H.R. 2764, the State, Foreign Operations and Related Programs Appropriations bill for the fiscal year 2008.

I want to express my appreciation for the work of Mrs. LOWEY as well as Mr. WOLF. They are a demonstration project of what we can do when we set partisanship aside and work together on behalf of really our responsibility to lead in this world.

This bill is the primary legislative vehicle through which Congress reviews the U.S. international affairs budget and influences our foreign policy. It provides a total of $34.243 billion including $10.76 billion for State Department operations, international broadcasting, and related agencies, and $23.62 billion for foreign assistance programs. The total is $2.95 billion over last year's level and $700 million less than the President's request.

This bill addresses critical issues such as the AIDS pandemic, Child Survival and Health programs, anti-narcotics programs, and our efforts in the global war on terror.

Mr. Chairman, it is important that we realize what a critical role this bill plays in the well-being of the world and the security of our Nation. The United States is the last remaining superpower and the sole voice of freedom and democracy around the world. What we do in this bill saves the lives of countless numbers of people in nations that are less fortunate than ours. These funds stabilize fragile democracies around the globe and help our allies in the global war on terror.

Now, I know most Members feel they weren't elected to support international assistance programs. In fact, Mr. Chairman, I am sure there are many Members who feel that the United States should dramatically reduce the amount of money we spend around the world and focus our resources on domestic priorities. This sort of isolationist point of view has no place in today's shrinking world. One needs only to look to Europe as an example of a once powerful and influential nation withdrew its resources from around the world and focused inward. What has since been termed as the ''French model'' resulted in massive inflation, high unemployment rates within the country, and severe internal crises. The United States should not follow the ''French model,'' a misguided path that essentially has caused the French to disappear as a powerful force in the world.

□ 1845

I remember as a young man attending UCLA I was fortunate to participate in a program that preceded the Peace Corps called Project India. As I joined other young students in traveling to villages around a country where poverty and ever-present caste systems were always visible, I was struck by the importance that personal freedom and opportunity have on the human condition, especially if you had the good fortune of being born in the United States of America.

Today, India has outlawed the caste system and is the largest democracy in the world, as well as our strong ally in the global war on terror. I am particularly pleased that in any congressional district there are large numbers of my constituents who are actively involved, advocating for increases in our international assistance program.

In recent meetings with the Results Group, with CARE, Bread for the World and others, I have noticed that more and more people are beginning to understand that they, too, have a role in our role for leadership in the world. Theirs are the voices from the grass roots, a perspective that we need as Americans to recognize that we must continue to lead in the world, for indeed, without our leadership, the poor of the world will suffer most.

Mr. Chairman, I am pleased to support this fabulous demonstration of work on both sides of the aisle together.

Mrs. LOWEY. Mr. Chairman, I am very pleased to yield 2 minutes to the gentleman from California, a valuable member of our subcommittee, who has focused his intellect on nuclear nonproliferation, on counterterrorism and on demining and I look forward to working together for many years on this committee (Mr. SCHIFF).

Mr. SCHIFF. I want to begin by commending Chairwoman LOWEY for her extraordinary work on this bill and the really exemplary way that she has chaired this committee. I also want to commend our ranking member, Mr. WOLF.

Our Chair and ranking member have crafted a bill that I think reflects the bipartisan approach to America's engagement in the world that we should have. It supports a view that I share that a healthier, better educated and more secure developing world means a safer world for America.

After several years where diplomacy was marginalized and the men and women of the State Department were relegated to junior-partner status in the national security policymaking apparatus, this committee is moving our policy towards a new primacy for diplomacy.

This bill is important to our efforts to fight terrorism, foster peaceful diplomacy, and improve the quality of life for millions of the world's most vulnerable citizens.

The bill recognizes the inextricable ties between development and security. It is mindful of the fact that we are ultimately locked in a struggle for hearts and minds and that an excessive reliance on military force as the primary lever of American policy can be counterproductive, and that terrorists often seek to draw an American military response and may be strengthened by it.

I also want to point to two provisions that I think have broad implications for the global environment and the quest to stem the proliferation of small arms and light weapons.

The bill supports innovative new approaches to fostering renewable energy that STEVE ISRAEL and I have advocated by including a provision to encourage the Export-Import Bank to seek out investments in renewable energy and other environmentally beneficial products. This initiative could result in an estimated $1 billion in additional green exports in 2008 and will encourage the use of renewable energy worldwide while helping the U.S. producers of renewable energy and green products. This is a step forward in our competitiveness and a step forward for the environment.

The bill also includes language that supports the Small Arms/Light Weapons destruction program, a State Department initiative to destroy grenades, guns and man-portable air defense systems that might otherwise fall into hostile hands. By funding this important program, we have increased our commitment to countering the proliferation of small arms and light weapons, weapons that could end up in the hands of terrorists, criminals and human rights-abusing governments around the world.

I thank the chair and ranking member for their extraordinary efforts.

Mr. WOLF. I recognize the gentleman from Michigan (Mr. KNOLLENBERG) for 5 minutes.

Mr. KNOLLENBERG. I thank the gentleman from Virginia for yielding. I appreciate the opportunity to speak this evening.

Mr. Chairman, I rise to speak to the importance of this bill and the many issues associated with U.S. foreign policy.

As a member of the Foreign Operations Subcommittee for over 12 years, I commend first the new chairwoman, Mrs. LOWEY, as well as the new ranking member, Mr. WOLF, for putting together a good bill with the allocations that they received. But let me be clear. The chairwoman and the ranking member have done a commendable job crafting our foreign assistance policies, and I support most of this bill. However, there are a few provisions that are in strong contrast to my views.

First let me highlight the provisions I strongly support. The bill fully funds the administration's request for Israel and Egypt. Ten years ago, the U.S. entered into a proportional agreement with the two countries. This bill marks the last year of this agreement. I am pleased that Congress has met its obligations to these two important allies in the Middle East.

The committee has also fully funded the Refugee Resettlement Program in Israel at $40 million. And further, this legislation almost doubles the President's request for Armenia. This funding is absolutely crucial as Armenia is still dealing with an illegal blockade by its neighbors, Turkey and Azerbaijan. Armenia's economy has suffered, but U.S. assistance has helped stymie the economic detriment of these blockades.

The administration continues to deny Armenia adequate economic support in their request, and I commend the chairwoman again for seeing the importance of our ally, Armenia, and increasing economic funding for the country. Chairwoman LOWEY has also continued military parity between Armenia and Azerbaijan, which sends a strong signal that the United States does not condone Azerbaijan's military threats towards Armenia.

Now, there are also a number of provisions and funding levels within this bill that trouble me. First among them is funding for the Millenium Challenge Account.

In 2004, Congress authorized a new and innovative program which fundamentally changed the way we view foreign assistance. The MCA provides assistance to developing nations that are pursuing political and economic reforms. Their motto, ''reducing poverty through growth'' speaks to the validity of the program. The MCA specifically awards compacts to countries that have shown improvement in eliminating corruption and investing in people and ruling justly, and fostering enterprise and entrepreneurship.

Before entering into a compact, the MCA and the eligible country work together to draft the parameters of the compact. Each compact is different because the needs of individual countries are different. For instance, the MCA and Armenia signed a compact that focuses on rural development and Armenia's agricultural industry.

What this program also does is to ensure that U.S. taxpayer dollars are not wasted. Eligible countries are held accountable for how the money is spent as well as how their government is performing. I strongly believe that this program is the future of U.S. foreign assistance, where accountability and results are the top priorities.

This bill, however, underfunds the MCA by $1.2 billion. While I understand the subcommittee made every effort to accommodate funding given its allocation, funding the MCA at only $1.8 billion for fiscal year 2008 will stop the program in its tracks and slow the process of signing compacts with eligible countries.

Last year during the debate on the fiscal year 2007 Foreign Operations bill, the House approved $2 billion for the MCA. Now, a year later, the new majority has cut the MCA below the President's request and below the House-passed level for fiscal year 2007. This is no way to grow a program.

Mr. Chairman, during the full committee markup of the bill, the chairwoman expressed her support for the MCA and her willingness to work with me to find more funding for the MCA through the process. I very much appreciate her support and look forward to continuing to work with her on what I believe is a very, very important issue.

Lastly, Mr. Chairman, there are provisions within this bill that go against the fundamental value of life. The United States has a long history of supporting nongovernmental organizations and other groups that support abstinence and prevention but do not promote abortion. Current policy is fair and balanced and has worked for years. However, this bill, I believe, goes against the will of the U.S. citizens and allows NGOs that promote abortion to receive U.S. Federal assistance. I understand there are going to be amendments to strike these provisions within this bill, and I intend to support these amendments. And although there are many things I support in this bill, if those amendments fail, I cannot support final passage.

I would hope the majority would work with the President and the minority to ensure that core American values are upheld as the bill moves forward.

Mrs. LOWEY. I am very pleased to yield 2 minutes to a new member of the committee, a valuable addition, an expert on Africa and HIV/AIDS, Ms. LEE of California.

Ms. LEE. I thank the gentlelady for yielding. But also let me just commend you, Chairman LOWEY, for your brilliance, your leadership and your hard work in crafting this very good bipartisan bill. It is an honor to serve with you and our ranking member (Mr. WOLF) on the committee because I see how you two work together to make this a bill that we can all support.

Let me just highlight three provisions of this bill. First, I'm pleased that it includes $949 million for humanitarian assistance in the Sudan. Of this, $210 million is specifically designed to help the victims of the genocide in Darfur. Having traveled there three times, I have seen the plight of the Darfurian people firsthand. This bill will help the United Nations and the African Union to bring food, clean water, security, and other basic humanitarian assistance. It also urges our good friend and ally, Egypt, to do more to help the genocide.

Secondly, I am pleased that this bill includes nearly $5.1 billion to fight the global AIDS pandemic, including $550 million for the Global Fund to Fight AIDS, TB and Malaria.

In 25 years, HIV and AIDS has infected nearly 70 million people throughout the world and has killed more than 25 million. We have made significant steps in the last few years, and this increase reaffirms our commitment to stop the spread of this dreadful disease.

As the bill moves ahead, however, I hope we can go even further. As the New York Times pointed out in a recent editorial on Monday, we must try to provide $1.3 billion to the global fund this year and help put the world on course to universal access to AIDS treatment by 2010.

Mr. Chairman, I would like to insert the New York Times editorial into the RECORD.

[From the New York Times, June 18, 2007]

TWO CHEERS ON GLOBAL AIDS

Now that the Group of 8 industrialized nations has pledged to commit $60 billion to combat AIDS and other diseases around the world in coming years—a substantial sum by any reckoning—Congress and other national legislatures ought to look hard for additional funds to close a looming gap between the funds committed and the needs of desperate patients.

The advanced nations—both the G–8 countries and other donor nations—have greatly increased their funding for AIDS programs in recent years in belated recognition that the epidemic threatens to destroy not just its victims, but also the social and economic fabric of many countries in sub-Saharan Africa. We are pleased that President Bush has proposed spending some $30 billion to combat AIDS abroad over a five-year period, from 2009 to 2013, but in truth that represents only a modest increase from the spending trajectory we were already on. At its recent summit meeting, the Group of 8 pledged to commit $60 billion to fight AIDS, tuberculosis and malaria ''over the coming years,'' including the American contribution.

Yet even these pledges will not be enough to keep up with the devastating epidemics. Tens of billions of dollars more will be needed to provide treatment, care and preventive services for AIDS alone over the next five years.

Although the Group of 8 pledges are welcome, they actually represent a retreat from previous goals. In 2005, at its meeting in Gleneagles, Scotland, the group pledged to provide ''as close as possible to universal access to treatment'' for all people suffering from AIDS by 2010. That should mean at least 10 million people in treatment by then, judging from estimates by United Nations AIDS experts. Yet at the recent meeting, the G–8 said it was aiming to treat only some five million patients in Africa by an unspecified date. That sounds like consigning millions of untreated people to death and disability.

To its credit, the United States has been by far the largest AIDS donor in recent years, providing almost half of the funding commitments made by donor governments. But when measured against the size of the national economy, the American donations rank only fifth. There is room to do more.

As Congress wrestles with the fiscal 2008 appropriations bills this year, it ought to provide the full $1.3 billion being sought by Congressional health advocates as the American contribution to a global fund to combat the three diseases—not just $300 mlilion as proposed by the administration or the $850 million approved by the House Appropriations Committee. Congress should also set the nation—and by its example, the world—on course toward universal access to AIDS treatment by 2010.

This bill, Mr. Chairman, also takes steps to recognize the importance of our Caribbean neighbors by urging the State Department to promote professional and scholastic exchanges within the region. This is a significant way to welcome the heads of the Caribbean countries, CARICOM, as they convene in Washington, D.C. this week to consider our common future as neighbors. This is a region which has been, for the most part, neglected and ignored.

In closing, Mr. Chairman, let me just say that this bill provides the correct path to global peace and security, and does take care of and address the least of these. However, I only wish the amount in this bill was more than just the 1 percent of the Federal budget, which is what this is. This is a $34 billion bill, but I wish, Mr. Chairman, that it was $340 billion.

Mr. WOLF. Mr. Chairman, I recognize the gentleman from Illinois (Mr. KIRK) for 5 minutes.

Mr. KIRK. I want to thank Mr. WOLF and our chairwoman for building a bipartisan bill that I think we all should support.

This legislation funds critical programs that advance our values overseas, it supports key allies of the United States, and it meets many of the humanitarian aspirations of the American people to do our part to relieve human suffering.

As a staffer, I helped found the global program on AIDS in 1985, and in this bill we have record funding to accomplish a great humanitarian mission of fighting the HIV/AIDS pandemic.

In this legislation, we support our best ally in the Middle East, Israel, now caught between two satellites of Iran: Hezbollah in Lebanon and Hamas in Gaza. In this bill, I helped sponsor language that increased the audit responsibilities over UNRWA programs in the West Bank and Gaza, a $2 million audit especially to look at incidents in which an al Qaeda cell was allowed to form in a UNRWA camp now bedeviling the Government of Lebanon, and where we saw Gaza Islamic University, a U.S.-funded foreign assistance recipient who is running in its chemistry lab a cell of Iranian military officers training students in the chemistry of making suicide bombs.

In this bill, I also helped fund increasing assistance in the Frontier Autonomous Tribal area of Pakistan. This is a program of almost theologic importance to the people of the United States because it is in north and south Waziristan and surrounding areas, that we think the world's most wanted man, Osama bin Laden, is hiding. And with this $20 million assistance package, we will bring new links and new friends in this region to help complete the arrest and bringing to justice of Ayman Al-Zawahiri and Osama bin Laden for the murder of 3,000 Americans.

In this bill we also preserved new funding in fiscal year 2007 to help Christian communities in Iraq. There are still 600,000 Christians in Iraq, now concentrating in the Nineveh plain.

□ 1900

The $10 million designation we do there is a great help to these communities.

This bill makes a major forward step also in supporting a new democracy program for Syria, that one day that murderous and pernicious dictatorship may one day be replaced; and also backing women's rights programs in Iran, another country in need of a serious democracy make-over.

Lastly, this bill continues funding for Radio Free Asia and a voice supporting Western values, democracy, and human rights in a critical part of the world.

Before I was elected to Congress, I was a staff member with this subcommittee. I want to thank Christine Kojac and Rob Blair, Mike Ringler and Nisha Desai, Clelia Alvarado, Steve Marchese, Craig Higgins and Michele Sumilas, Mark Lopes, Lucy Heenan, Molly Miller, and my staff member, Richard Goldberg, for their work on this legislation.

In sum, this appropriations bill is bipartisan. It is supporting the interests of the United States, and it is strongly backed by our allies. It makes peace more likely and achieves important humanitarian goals of the United States.

Mrs. LOWEY. Mr. Chairman, I am very pleased to yield 3 minutes to my good friend and colleague from New York, another new member of the subcommittee, who has had a particular interest and has great knowledge in the environment and made a major contribution to this bill in encouraging Ex-Im to focus on supporting projects that will contribute to the environment.

Mr. ISRAEL. Mr. Chairman, I thank my distinguished chairwoman and my wonderful partner in the New York delegation for her wonderful leadership. I want to thank the ranking member, Mr. WOLF, for producing a bill that says to adversaries and allies alike that politics can stop at the water's edge here in the United States Congress, that when it comes to foreign policy, Republicans and Democrats work together and strive to work together because we understand that a strong, muscular, fair foreign policy is in the best national security interests of our country, that where we can produce and facilitate stability and the conditions of peace, that we won't have to exert military force.

I want to thank the chairwoman and the ranking member for supporting three very specific provisions that I sought. One the chairwoman had mentioned, and that is asking the Export-Import Bank to dedicate part of their export authority to green exports, to renewable energy investments.

The Ex-Im Bank has supported $400 billion of U.S. exports in the past 70 years. That is job creation here in the United States. It is the formation of

capital that supports businesses right here. I support the Ex-Im Bank. But we are hoping that they will focus on new efforts to create green jobs, green manufacturing jobs to reduce global warming, which is a national security issue. And the provision that Congressman SCHIFF and I requested would require the Ex-Im Bank to dedicate some of its export authority to those green technologies and could result in an estimated $1 billion in additional exports in 2008, encouraging the use of renewable energy worldwide.

The second provision that I am very proud of concerns Libya and the bombing of Pan Am Flight 103. It is a matter of fact that in 1988 Libyan-backed terrorists killed 270 people, including 189 Americans, by bombing Pan Am Flight 103. They made an agreement. They agreed to a settlement that would provide payment to those families. That settlement, those promises have not been kept. I am very proud of language that we added that says that the government of Libya, if it wants to be part of the international community, if Libya wants to be part of the community of nations, they need to keep their promises, and funds for diplomatic relations to Libya will not be expended unless those promises are kept.

Kara Weipz, as the President of Victims of Pan Am Fight 103, said that they are deeply encouraged by this important step by Congress to hold Libya accountable before it is rewarded with diplomatic relations, and that this settlement represents a promise to the families, an acknowledgement of the victims, and some form of punishment to the perpetrators.

Finally, Mr. Chairman, I want to thank the chairwoman and ranking member for their steadfast support against the genocide in Darfur. As we debate this bill tonight and tomorrow, a genocide is being perpetrated in our midst. We have said to other genocides, never again. This bill turns that statement into action.

I want to thank the gentlewoman and the gentleman for their commitment to make sure that never again means never again.

Mr. WOLF. I yield 5 minutes to the gentleman from Florida (Mr. WELDON).

Mr. WELDON of Florida. Mr. Chairman, I thank the gentleman for yielding.

Mr. Chairman, I want to commend Chairwoman LOWEY for working diligently on this bill. She has produced a fairly good product here, and I want to commend her more for working with Mr. WOLF and myself to address many of our concerns.

She has produced a bill that is good in many respects. I appreciate the efforts as well of the staff that have worked very hard on this bill. A great example of working together is what my colleague from New York, Mr. ISRAEL, was talking about in dealing with Darfur. I want to commend Mr. WOLF for his passion on that issue and his passion for the issue of human rights throughout the globe. I also want to commend Ranking Member WOLF and Chairwoman LOWEY for their work on Colombia, and I am very pleased with the final product that they have there.

I am also very pleased that we have included language dealing with better accountability for the Global Fund to provide greater transparency. I commend Chairwoman LOWEY for including the language that I introduced, the amendment, to get a better understanding of why the participation of faith-based organizations in the Global Fund appears to be significantly underrepresented. Numerous faith-based groups have been on the ground providing health care in many of those these countries for decades. In recent decades they have been on the frontlines in fighting against the spread of AIDS.

I saw the critical role that many of those faith-based groups provided firsthand when I visited Africa twice in recent years. I can tell you what part of the problem is, and it is really spelled out very nicely, and I will include for the RECORD this brief 3-page article from Catholic News Services, ''African Churches Find Global Fund Money Fairly Inaccessible.''

Basically, what I feel is going on here with those faith-based groups is relatively simple. They are small. They are out there. They are going into these villages on foot and on mopeds. They don't have the ability to apply for grants with multi-billion dollar organizations in Geneva. It is going to require the Global Fund to reach into these countries, identify the groups, the church groups, the faith-based groups, that are doing the work. Frequently, they are on the pointy end of the spear. So I commend the gentlewoman for that language.

I know there are a few issues that we disagree on. The Mexico City policy language, we will have amendments to address that. Certainly, I understand that the gentlewoman has tried to reach out on this issue.

For me personally, the issue is an organization that is not only maybe providing abortion but as well is actually actively lobbying to overturn pro-life laws in many of those countries. We should not be supporting them even indirectly.

Finally, let me just close on the PEPFAR language. I played a role in getting the President's plan through the Congress, the authorizing language and the appropriations language. To me one of the most important things was the requirement that a portion, actually a small portion, I think it is 20, 25 percent of the preventive dollars go to abstinence education and abstinence training.

I want to make it very clear to my colleagues the reason why I felt so strongly about that and why I feel that we should continue the requirement that abstinence education be included in the preventive dollars is my experience in going into Uganda. Uganda lowered its AIDS incidence from 18 percent to 6 percent, a two-thirds reduction in AIDS.

The Global Fund didn't exist. PEPFAR did not exist when they did this. They did not do this through distributing condoms and comprehensive sex education. They did it through what they called ABC, abstinence before marriage, be faithful in marriage. We all know, you can't expect everybody to comply. But what is amazing to me is when you educate people on this thousands of people comply.

I just want to share with my colleagues that I had a meeting just 2 weeks ago with a Parliamentarian from Uganda who was an epidemiologist and a physician who was there from the ground up, and he verified just what I said, that people responded to the message.

Let me just finish up on that. Last July, southern African AIDS experts met and they officially listed ''reducing multiple and concurrent partnerships'' as their number one priority for the prevention of spreading HIV. It was not distributing condoms and comprehensive sex education, it was reducing concurrent and multiple partnerships. That is what this is really all about.

Let me just close and again commend the gentlewoman for a bill that has a lot of good in it. I am focusing on some of the things I disagree with. But for everything I disagree with, there are 10 to 20 different things that are good in it.

The spending level, I am very concerned that the President may veto this bill. I know there are a lot of worthwhile programs covered in the spending. I certainly would like to see us get a bill enacted into law. I think that would be to the credit of the chairwoman and the ranking member, the good gentleman from Virginia.

[From the Catholic News Service]

AFRICAN CHURCHES FIND GLOBAL FUND MONEY FAIRLY INACCESSIBLE

(By Michael Swan)

NAIROBI, KENYA (CNS)—In Kenya churches provide about 40 percent of all health care in remote and impoverished areas with no government services, but for their AIDS programs, churches receive no money from The Global Fund to Fight AIDS, Tuberculosis and Malaria.

''Since the inception of the Global Fund, the Kenyan bishops' conference has not accessed any direct funding from the Global Fund, even after applying to all the rounds,'' said Titus Munene, an HIV/AIDS program coordinator for the Kenyan bishops' conference.

''It isn't rocket science to say if 40 percent of the health care is in the church system in

Kenya, you would think a good portion of (Global Fund money) is going to go to our operational system. But unfortunately, it isn't that way,'' said Maryknoll Father Ed Phillips, who runs seven community-based health care clinics.

The Geneva-based Global Fund, established in 2002, is a partnership among governments, civil society, the private sector and affected communities.

The Catholic Church alone provides more than 25 percent of all AIDS care in the world, according to Caritas Internationalis, the Catholic aid network. All faith-based organizations combined have received just 6 percent of the Global Fund's money since the first disbursements in 2002.

The Southern African Catholic Bishops' Conference, which represents South Africa, Botswana and Swaziland, has almost stopped applying for Global Fund money.

More than 18 percent of adult South Africans are HIV-positive, and the church is the largest health care provider after the government. But church bodies have been unable to access Global Fund money either directly or through the South African National AIDS Council, which coordinates South African applications to the Global Fund.

''I have sat on SANAC, the South African National AIDS Council, which is also the CCM (country coordinating mechanism) for the Global Fund. It has not been a helpful process,'' Dominican Sister Alison Munro said in an e-mail from Pretoria, South Africa.

''The Global Fund process is too large and too cumbersome for the churches,'' said Sister Alison. ''If they (the churches) could apply directly to the Global Fund, some would. They can't because of the procedures. . . . The work involved is too much for any church group other than a national structure or a group with lots of capacity.''

While many nongovernmental organizations employ grant application experts, church-based agencies have tended to regard such functions as wasteful of donor money.

Munene said when the churches do not get Global Fund money it weakens the fight against AIDS among some of the poorest Africans. A lack of international and Kenyan-government funding has forced mission hospitals, clinics and dispensaries to charge some of the poorest people in Kenya for AIDS treatment and services, while relatively well-off people in the cities are accessing free services.

Munene said when church agencies charge for health care it ''means some of the poor cannot access services, since there are no government facilities in those rural areas.''

The 6 percent of Global Fund money going to faith-based organizations translates into $325 million spread over five years in dozens of countries. The Global Fund recognizes the number is too low, said spokesman Oliver Sabot.

''Given the essential role that they play in health care in many countries, particularly in Africa, we would like to see the amount of funding to FBOs (faith-based organizations) increase,'' Sabot said.

Part of the problem has been that churches have not done enough to fulfill conditions that might be expected from major international funders, such as making detailed applications for funding and monitoring expenditures to the satisfaction of donors, said Father Robert Vitillo of Caritas Internationalis, the Vatican's most prominent adviser on HIV/AIDS policy.

''Each of these funding mechanisms comes with its own set of challenges for (faith-based organizations), which are more expert in providing support, care, treatment and prevention education than in completing such complicated funding applications and then in monitoring and reporting on the funds received,'' said Father Vitillo.

Even if it is a lot of red tape, church organizations have to be willing to fight through it in order to continue delivering effective AIDS prevention and care, said Father Phillips. But the Global Fund also has a responsibility to help churches through the red tape, he said.

''The churches have to get more proactive,'' said Father Phillips. Sabot said the Global Fund has taken steps to ensure that faith-based organizations are able to apply for money. But by relying on countries' coordinating agencies or mechanisms, the Global Fund has become subject to the politics of Africa.

''This hands-off approach does mean that bias at the country level is sometimes reflected,'' said Sabot. He said sometimes faith-based groups are excluded from country proposals ''either because of deliberate efforts by the government or other groups, or simply because they are less experienced with applying for international aid funding, and not enough outreach and support was provided to them'' by country coordinating agencies.

''We have taken steps to help correct both these problems, but there is still more to be done,'' Sabot said.

Father Phillips said more than bureaucratic bias is involved in shutting churches out of national applications to the Global Fund.

''The church was considered in some of these countries to be the opposition to the government,'' he said. ''Naturally, if they are considered to be opposition, well, they're (government mechanisms) going to make sure they're not going to target a lot of money'' for the church.

Father Phillips said African bishops must get tough and vocal about demanding that they be represented fairly in national applications to the Global Fund, but Munene said the churches may be talking to a brick wall when they demand fair representation.

''The Kenyan bishops have made frantic efforts to meet the minister of health on several occasions, and even his excellency, the president. And promises were given, but to date the pledges have not been fulfilled,'' Munene said.

Mrs. LOWEY. Mr. Chairman, I am very pleased to yield 2 minutes to the distinguished gentleman from California (Mr. FARR), a valuable member of the full committee, an alumnus of the Peace Corps and an advocate for so many parts of this bill. He was a real partner in helping us craft this great bill.

Mr. FARR. Thank you, Madam Chairman, for yielding.

Mr. Chairman, I rise in strong support and with a congratulatory note to Chairwoman NITA LOWEY for her bold leadership on this bill, and also to the ranking member, FRANK WOLf.

I am particularly proud of the fact that the committee, for the first time in many, many years, fully funded the Peace Corps. As a returned Peace Corps volunteer, a volunteer that served in Colombia, I am also a strong supporter of that country and the programs we are doing there. I want to thank the committee for rebalancing the United States-Colombia policy in the Andean Initiative.

I believe Colombia is a country of enormous potential. But Colombia's full potential as a democratic nation is not being realized because of its coca production. The Colombia that I know and loved as a Peace Corps volunteer is often not seen through the debate of the coca problems.

Eighty percent of the U.S. assistance has been allocated on military assistance and aerial fumigation, yet 80 percent of rural Colombians still live below the poverty line. Let me say that again. Eighty percent of the rural Colombians still live below the poverty line.

Tragically, after 7 years and $4 billion-plus in U.S. assistance, it is overwhelmingly apparent that we must change our course in this country. Imagine if 80 percent of rural Americans lived below the poverty line. There would be riots in the streets, and every farmer would be growing coca in their backyards to feed their families.

Folks, we need to wake up and smell the coffee, preferably Colombian coffee. It is the poverty in Colombia that breeds the problems. Coca is a symptom.

The bill realigns Colombia-U.S. assistance so that 45 percent is allocated to economic and alternative development, which enables campesinos to grow crops like coffee, tropical fruits and chocolate that command better market prices so they can feed their families.

Why does this matter to you? Because stemming Colombia coca production stops the flow of drugs to Main Street USA.

Yesterday in El Tiempo, a Colombian newspaper equivalent to the New York Times, in an editorial stated ''Alternative development should stop being a little sister charity case to the anti-drug strategy, and a substantial part of the assistance should go to rural development.'' This committee does that, and I commend them.

I hope soon that the State Department will comply with U.S. policy and force contractors to reach benchmarks when they must transfer their counter-narcotic programs to Colombians to run.

I must urge my colleagues to support the Foreign Operations bill. Help Colombia realize its potential to eliminate the root causes of the culture of poverty. Support these increased funds for economic and alternative development.

□ 1915

Mr. WOLF. Mr. Chairman, I yield back the balance of my time.

Mrs. LOWEY. Mr. Chairman, I want to thank Mr. WOLF, my ranking member, again. I do believe that we have

created a good, strong bipartisan bill. I appreciated the comments on both sides of the aisle. Although there may be some differences, I know that when the amendments are presented, these differences will be apparent.

I do hope in the final analysis, as a result again of both Republican and Democratic members of the committee, this bill passes. This is a good, strong bill, and it is so needed by the people of this world. I know that both my ranking member and all the members of the committee and myself understand the important responsibility we have in this committee, and I look forward to passing this bill tomorrow with a good, strong vote.

Mr. Chairman, I yield back the balance of my time.

The CHAIRMAN. All time for general debate has expired.

Mrs. LOWEY. Mr. Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Ms. CLARKE) having assumed the chair, Mr. CAPUANO, Chairman of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 2764) making appropriations for the Department of State, foreign operations, and related programs for the fiscal year ending September 30, 2008, and for other purposes, had come to no resolution thereon.

REPORT ON RESOLUTION PROVIDING FOR CONSIDERATION OF H.R. 2771, LEGISLATIVE BRANCH APPROPRIATIONS ACT, 2007

Ms. SUTTON, from the Committee on Rules, submitted a privileged report (Rept. No. 110–201) on the resolution (H. Res. 502) providing for consideration of the bill (H.R. 2771) making appropriations for the Legislative Branch for the fiscal year ending September 30, 2008, and for other purposes, which was referred to the House Calendar and ordered to be printed.

SPECIAL ORDERS

The SPEAKER pro tempore. Under the Speaker's announced policy of January 18, 2007, and under a previous order of the House, the following Members will be recognized for 5 minutes each.

RENAMING THE DEPARTMENT OF THE NAVY

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from North Carolina (Mr. JONES) is recognized for 5 minutes.

Mr. JONES of North Carolina. Madam Speaker, as of today, H.R. 346, my legislation to redesignate the Department of the Navy as the Department of the Navy and Marine Corps has 60 cosponsors. Although the language of this bill has already been passed by the full House last month as part of the Defense authorization bill, I want to encourage my colleagues on the floor of the House to join in cosponsoring this legislation. When the 2008 National Defense Authorization Act goes to conference in the fall, a large number of cosponsors of H.R. 346 will show the Senate the House strongly supports this change in name.

This is the sixth year in a row that the House has voted to support this change. This year, I hope the Senate will support the House position and join in bringing the proper respect to the fighting team of the Navy and Marine Corps. I am thankful to the Senate Armed Services Committee chairman, CARL LEVIN, who has said publicly that he will ''keep an open mind'' on this issue.

Changing the name of the Department of the Navy to the Department of the Navy and Marine Corps is a symbolic gesture, but it is important to the team. This change is about recognizing the true meaning of the department. The Marines do not serve beneath the Navy. They are co-equal partners.

Madam Speaker, there is no cost to this change. It is the right thing to do for the Marine Corps and the Navy. This legislation has received the support of numerous military leaders in both the Navy and the Marine Corps.

Madam Speaker, let me quote the Honorable Wade Sanders, Deputy Assistant Secretary of the Navy for Reserve Affairs during the years of 1993 and 1998, who voiced his support for the change. I quote the Honorable Wade Sanders: ''As a combat veteran and formal Naval officer, I understand the importance of the team dynamic and the importance of recognizing the contributions of team components. The Navy and Marine Corps team is just that, a dynamic partnership, and it is important to symbolically recognize the balance of that partnership.''

I further would like to quote General Carl Mundy, the 30th Commandant of the Marine Corps. He stated, ''I believe the changes you propose will do much to clarify the relationship, responsibility and functions of the appointed civilian authority over the United States naval services. I believe that any Secretary, present, past, or future, will be proud to bear the title 'Marine,' as well as 'Navy.' ''

Madam Speaker, I have beside me, and I would read very carefully, ''The President of the United States takes pleasure in presenting this Silver Star posthumously to Sergeant Michael Bitz, United States Marine Corps.''

Madam Speaker, the reason this is important, this Marine gave his life for his country. He left a wife and three children, twins hat he never saw that were born after he was deployed to Iraq. And yet, as you can see in these orders for the Silver Star, there is the Secretary of the Navy, Washington, D.C., and the zip code and Navy flag. There is nothing in the heading that says ''Marine.''

Madam Speaker, what this bill will do, if the President should sign it, is to say that this Marine who died for this country, that the orders for the Silver Star clearly state the team's name. The name of the team is the Department of the Navy and Marine Corps.

But what the heading would say in this order for the Silver Star is the Secretary of the Navy and Marine Corps, Washington, DC, with the flag of the Marine Corps and the flag of the Navy.

Madam Speaker, I hope that my colleagues in the House this year will join me, and let's get over 150, maybe 200 of my colleagues in both parties, to sign this legislation so we can say to the Senate in the fall of this year, it is time that the Marine Corps be recognized as an equal to the Navy. They both are equal in the services, and it is time that the Department of the Navy carry the name Marine Corps.

Madam Speaker, I ask God to please bless our men and women in uniform, and may God continue to bless America.

A TRIBUTE TO W. HORACE CARTER

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from North Carolina (Mr. MCINTYRE) is recognized for 5 minutes.

Mr. MCINTYRE. Madam Speaker, on April 15, 1947, Jackie Robinson took the field as a member of the Brooklyn Dodgers baseball team and broke the color barrier as the first African American to play in the major leagues. His courage, determination and integrity have served as an inspiration to generations, and opened the door to thousands to play our national pastime. Rightly, our Nation stopped recently to celebrate the 60th anniversary of this historic milestone.

However, as many of us know, the practice of discrimination and racism continued for many years, unfortunately, even after Mr. Robinson's historic first game. Indeed, there were other courageous individuals who joined in the fight for equality and justice for all.

One such man was W. Horace Carter of Tabor City, North Carolina. On a July night in 1950, thick with the heat and humidity of the deep south, Horace Carter watched as Ku Klux Klansmen made their violent way through his hometown of Tabor City, North Carolina. One hundred Klansmen in 29 cars robbed and terrorized this small community of farmers and merchants with threats and racism.

Although just 29 years old at the time and the new publisher, editor and newsman for the Tabor City Tribune, Mr. Carter knew this was his moment of decision. He wrote, ''I searched my soul that evening and on into the next week. Was it worth sacrificing our happiness, shattering the tranquil life of running a little newspaper in a small town, taking part in Red Cross drives, church covered-dish suppers and annual yam festival promotion, just because I believed in a principle? Was it worth the risk that the print shop might be burned, our home dynamited? I could be dragged from our house with the frantic screams of my family ringing in my ears. I might suffer a brutal lashing by a band of masked hoodlums or even death if I dared to oppose them. Is it the time to stand up for principles, even before I am fully aware of what this Klan proposes,'' he wrote.

''I didn't want to sound pious or self-righteous,'' he said, ''but I reasoned that if I were ever to campaign against this Klan reorganization, I should do it from its inception. That was now. I sat down at my used $15 Royal typewriter with my experienced hunt-and-peck typing skill and I wrote an editorial.''

Thus began a 3-year crusade Horace Carter took against the Klan in the editorial pages of this small, southeastern North Carolina newspaper. Mr. Carter's courage, determination and words helped in the convictions and prison time for Ku Klux Klansmen. From his doing the right thing, Mr. Carter catapulted the Tabor City Tribune into national prominence, which received the Pulitzer Prize for Meritorious Community Service, the most prestigious of the Pulitzers.

Madam Speaker, Jackie Robinson once said, ''A life is not important except in the impact it has on others' lives.''

Well, Mr. Carter's life has continued to be one of honor, leadership and service. And although Mr. Robinson didn't know W. Horace Carter, there is no doubt that his words were about persons just like him.

Mr. Carter was elected mayor of Tabor City in 1954 and was a judge in the weekly city court. He served as president of the Tabor City Chamber of Commerce, the Tabor City Rotary Club, the Columbus County Economic Development Commission, the County Library Board, Tabor Industrial Development, Inc., Tabor City Recreation Commission and a Sunday school teacher in the Baptist Church.

A graduate of the University of North Carolina at Chapel Hill and a World War II Navy veteran, Mr. Carter and his wife Lucille have three children: Rusty Carter, Linda Carter Metzger and Velda Carter Hughes.

May God's blessings continue to shine upon this most special man and his enduring legacy, a man who stood for equality, a man who stood for justice.

□ 1930

CONGRATULATING MARIA CONTRERAS ON BECOMING A UNITED STATES CITIZEN

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Utah (Mr. BISHOP) is recognized for 5 minutes.

Mr. BISHOP of Utah. Madam Speaker, as we begin our debate here in this country on the issue of immigration, I think it is important that we remind ourselves of the literally hundreds and hundreds of thousands of immigrants who obeyed the law and who entered this country the right way.

I rise today to speak of one such individual who is illustrative of the many immigrants that we openly welcome into this country. I wish to speak about one of my newest constituents, one of the newest citizens in this country, Maria Contreras.

Maria was born in Michoacan, Mexico, and entered this country legally 14 years ago. Three years after that she met and married her husband, also a legal immigrant, and to this union has been blessed two beautiful daughters, one 11, one a year and a half. About 4 years into the marriage, Maria's husband became a citizen of the United States. It was he that insisted and encouraged Maria to go on that same path.

A couple of years ago this couple bought a home on a quiet street in a northern Utah city, Brigham City. They went to work on the yard, planting flowers, trimming the trees in the back. They worked on the home doing some painting, repairing the roof. Both of them did this work after putting in a full day at their regular occupation. They even brought back souvenirs for their neighbors from their family trips. I know their neighbors in Brigham City found this family to be a pleasure and a welcomed addition to the neighborhood, and I can say this because the Contreras family is my next door neighbors. We share the same driveway.

It was a thrill for me one day while working in the yard to have Maria and her daughter come over and ask me some questions about government as she was now studying for her citizenship test.

On January 27 of this year, this test was administered to her in her second language of English. I am proud to say she passed it perfectly, getting 100 percent correct on this particular test. Many of my students I taught in high school, taking that same test in their native language, would be hard-pressed to have that same kind of score. In fact, it is probably wise that Members of Congress are not administered that same particular test as well.

On March 21, 2007, a great day for the Contreras family, Maria was sworn in as a new citizen of the United States. Maria did it the legal way, and as we talk about ways of limiting illegal entrance into this country, it is important also to remember that we should be mindful of ways of making it easier for people to legally enter into this country as well.

The Contreras people have the kind of entrepreneurial spirit that we want to welcome into this country, that builds this country and makes it better for all of us. As Maria said, It is great to be here. I love it here. It is a better life with more opportunities.

So I am very pleased today, Madam Speaker, to welcome a great neighbor, a new American, hopefully I can convince her to be a voter, because I am very proud of the price she paid to do things the right way, to become a new citizen in this new land. I congratulate Maria Contreras and the entire family as they enter into this new situation and for what they have done and the commitments that they have made. I am very proud of them all.

CONGRATULATING TOM AND LOIS MILLER

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Illinois (Mr. DAVIS) is recognized for 5 minutes.

Mr. DAVIS of Illinois. Madam Speaker, I rise to extend congratulations to two of the citizens of my community, two of my constituents who have made invaluable contributions to the lives of people in the neighborhoods where they live, as well as people throughout America.

Madam Speaker, Tom and Lois Miller became and still are pillars of their community. They raised four daughters, have four grandchildren and two great-grandchildren. Ever since their marriage, they have been rocks of the Greater Zion Missionary Baptist Church. They are founding members of the 4500 West Congress Block Club in Chicago, and have been active in many other civic and social endeavors. For the past 10 years, they have lived in the village of West Chester, Illinois, where they have immersed themselves in community life.

Madam Speaker, 50 years is a long time and when you can spend those 50 years in a state of peace, happiness and productive engagement, you have been truly blessed, just as you have been able to bless others. I have been told that ''to those to whom much is given, much is expected in return.''

The Millers have been fortunate to have a great family, great children, grandchildren, friends and relatives. They have given much to those who have known them, and have received much in return.

Mr. Miller has retired after having worked at Alcola Company for more than 30 years, a productive career. Mrs. Miller established her own business, a

beauty shop, that has been in operation now for more than 47 years. And so I simply pause, take this opportunity to commend them for their tremendous civic and religious involvement, wish them well as they celebrate their 50 years of marriage, and trust that they will have many more productive, happy and beneficial years.

U.S. ATTORNEY GONE WILD

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Texas (Mr. POE) is recognized for 5 minutes.

Mr. POE. Madam Speaker, before I came to Congress, I had a career in public service in Texas, first as a prosecutor for 8 years. I was a chief felony prosecutor and tried felony cases in Houston, Texas. And then I assumed the bench for 22 years and tried felony criminal cases and heard over 25,000 felony cases.

And I say that to say during that time, both as a prosecutor and as a judge, I heard cases where peace officers were the victims of crime and I heard cases where peace officers were accused of criminal conduct against other individuals, people they had arrested. And I want to talk about a situation that has occurred down to the Texas-Mexico border involving a Border Patrol agent by the name of David Sipes. David Sipes was a Border Patrol agent patrolling the south Texas area, and he came in contact with a coyote. A coyote is a phrase we use in the vernacular for a person who is a smuggler of human beings into the United States. He makes money off of the plight of people who want to be in the United States for economic reasons.

David Sipes arrested a coyote by the name of Jose Guevara, who resisted arrest. There was a fight that ensued and David Sipes hit Jose Guevara in the back of the head when he resisted arrest and he was charged with smuggling people into the United States.

But what happened was, the U.S. Attorney's Office, rather than prosecute the human smuggler, they decided to prosecute the Border Patrol agent for using too much force in arresting the coyote and charged him with civil rights violations against the illegal in this country smuggling other human beings.

David Sipes was tried for that offense. This all occurred back in April 2000. He was tried for that offense, civil rights violations, and the U.S. Attorney's Office vigorously and relentlessly prosecuted him for this so-called offense. But after the trial it turned out, after he was convicted of the civil rights violation, that the U.S. Attorney's Office hid evidence from David Sipes and his lawyer.

So the district judge ordered a new trial because the U.S. Attorney's Office cannot hide evidence in a criminal case, but they did so against this Border Patrol agent. Why? We don't know, but they did. So the district judge ordered the case to be retried. But before it could be retried, the U.S. Attorney's Office appealed the judge's decision, and the Fifth Circuit agreed with the trial judge that David Sipes was entitled to a new trial and the Federal Government's appeal was thrown out and this year David Sipes was retried.

The jury heard all of the evidence, evidence that the U.S. Attorney's Office hid from the jury when it was first tried, and in less than an hour David Sipes was found not guilty, and properly so.

The evidence that the U.S. Attorney's Office hid from the jury, well, first of all they never told the jury that the U.S. Attorney's Office gave this drug smuggler travel expenses so he could go back and forth to Mexico, that they gave him witness fees, that they gave him free telephone access, that they gave him a border crossing permit, that they gave him a U.S. Social Security card, and they even gave him a Texas driver's license. But the biggest thing that the jury never heard about, besides all these benefits, back room deals he was given, it turns out that this human smuggler brought in another load of humans into the United States and the jury never heard about the second situation.

Why does our U.S. Attorney's Office hide this type of evidence from a jury? We are going to find out why, Madam Speaker. Not only that, but Guevara was given $80,000 by our United States Government when he threatened to sue our government for his so-called illegal arrest, and reports are that he has gone back to Mexico and bought himself a ranch down there with American taxpayer money.

Madam Speaker, just last week David Sipes asked to receive back pay. Of course, our Federal Government fought that, too, but he received back pay for the 6 or 7 years that he was out of service with the Border Patrol. But his life was destroyed. His wife divorced him because of this. He went bankrupt. He is destitute and he lives with his original trial lawyer. All of this because our Federal Government fought every inch of the way to prosecute a Border Patrol agent for arresting a criminal on our border smuggling human beings instead of prosecuting a human smuggler, a coyote.

Our government had the choice, prosecute border agent or prosecute human smuggler, and our government chose poorly, and they prosecuted a Border Patrol agent.

Of course we all know this isn't the end of the story because with agents Ramos and Compean the same situation has occurred. But, Madam Speaker, justice is the one thing we should always find. And finally, after 7 years, a jury heard all of the evidence in this particular case and David Sipes was vindicated and our government chose the wrong side. We are going to follow this case and other cases and see why the government has gone wild about prosecuting Border Patrol agents.

And that's just the way it is.

□ 1945

THE OFFICIAL TRUTH SQUAD

The SPEAKER pro tempore. Under the Speaker's announced policy of January 18, 2007, the gentleman from Georgia (Mr. PRICE) is recognized for 60 minutes as the designee of the minority leader.

Mr. PRICE of Georgia. Madam Speaker, I want to thank the leadership for allowing me to come to the floor this evening and spend a few moments and talk about some of the activity that has gone on here in the House over the past couple of weeks. This is an edition of the Truth Squad that I am pleased to be able to host.

The Truth Squad is a group of individuals who endeavor to come to the floor of the House and try to shed a little light, a little truth, a little honesty on the matters that are discussed here on the House floor. It is my privilege to come to the floor of the House tonight and talk about the work that is being done here in the House right now and in Congress.

On the House side, we are in the appropriations process, the time when we determine as a Congress, as a House of Representatives, how to prioritize, how to spend hard earned American taxpayer money. It has been an interesting process, Madam Speaker, as you well know.

Last week we had a fascinating time that really brought light to one of our favorite quotes and that is this quote here from Senator Patrick Moynihan.

Senator Moynihan said that everyone's entitled to their own opinion but no one's entitled to their own facts.

And so last week we had one of the appropriations bills come to the floor of the House and the majority party had determined that they were intent upon making certain that earmarks, or special projects, were never seen by not just the American people during the process of the debate but by Members of Congress. The appropriations process was such that the majority party had determined that these special programs or special projects in individuals' districts, what have come to be known as earmarks, some people know them as pork, that these special projects would not be seen by Members of Congress until the very end of the process, until the conference committee occurred, and then they would be put into the bill. The reason that that is important is that there would be no way from a procedural standpoint or parliamentary standpoint, no way to be able to

have a Member of this House of Representatives stand up and say, I think that we ought to have a separate vote on spending X amount of dollars for this project. And that's just wrong, Madam Speaker.

And so what we did on our side was to say, that's not what the American people want. That's not democracy. That's not what we're here for. That's not a process that gives honor to the House of Representatives. That's not a process that says that, yes, we are interested in being responsible with hard-earned American taxpayer money. So we spent a lot of time last week trying to make certain that that point was brought to the floor, that that point was brought to the American people. In so doing, we got some attention. We got some attention, because I think for a small moment that many people across this Nation appreciated that there were people fighting as hard as they could here in this Congress to make certain that there was some fiscal responsibility, that there were individuals who were doing their dead level best to make certain that if this Congress was going to spend as much money as the majority appears to desire to spend, if we were going to do that, that we were going to make certain that every dollar was held accountable.

We got a lot of individuals, a lot of newspapers, a lot of press across this Nation who agreed with us, who said, that's absolutely right. How on earth can you have a process that hides money, that hides money until the very last moment? That's not the way it ought to be done. I have here a number of pages, a number of editorials that were written all across this Nation agreeing with our perspective: Roll call, the Wall Street Journal, The Washington Post, the Hill, the Washington Times, on and on and on, around the Nation far and wide, really remarkable, Chicago Tribune, papers all across this Nation agreed.

What they said was that they were proud of Republicans, proud of conservative Members finally standing up and saying, no, we're not going to have that kind of process here.

And so the majority party relented. They said, okay, we agree. We ought not do what we said we were going to do, we're going to work to make certain that those projects are transparent, that there is accountability, that individuals when they present and desire to have special projects in their district that they have their name attached to it, something we've been fighting for for a long time. It was proof that democracy works. It was proof that hard work and diligence and that when you fight in that way for the American people, for the American taxpayer, that yes, there are times when you can be victorious. I was proud to work with my colleagues in the Republican Conference and on the Republican side of the aisle and some of our friends on the other side who joined us and said that you've just got to change that.

It has been a curious situation here these past couple of weeks as the majority party has brought appropriations bills to the floor. I am reminded in this process as we bring up some of the remarkable irresponsible spending that continues to go on here in Washington, Madam Speaker, of some experience that I had back at the State level. I represent a district in Georgia on the northern side of Atlanta, the northern suburban Atlanta area. I served four terms in the State senate before coming to the House of Representatives. In that process, there were also individuals there who were interested in spending what many of us believed was too much of hardworking American taxpayer money, and so we came up with an award that we entitled the ''stuck pig award.'' I was reminded of it this week, because when we have pointed out the amount of spending, increased spending, irresponsible in many instances spending, on the part of the majority party, you hear them squawk and squeal. And so we came up with, at the State level, what we called the stuck pig award and we would award it to somebody who defended the most ridiculous kind of spending. It may be, Madam Speaker, that we need to come up with the same kind of award here in Washington, because there would certainly be a number of candidates for the stuck pig award. But maybe we'll leave that for another day.

I want to highlight a number of things that happened on the floor just today. Today we had, Madam Speaker, as you remember, the Energy and Water appropriations bill, a bill that is very important for our Nation, an area that sets priorities in terms of spending for our Nation and the amount of money that ought to be spent on projects all across this Nation that in many areas are needed desperately. Last year, Madam Speaker, in that area of appropriations, we spent, this Nation spent, $30.2 billion. The administration's request in the areas where they felt appropriate to fund for this year, for fiscal year 2008, was $30.4 billion, an increase of about 0.6 percent, under 1 percent and certainly under the rate of inflation, which is what we attempted to do when we were in the majority, was to keep these levels increasing at a rate less than inflation. Many of us believe that we ought to have actual decreases, but keeping it less than inflation is certainly a step in the right direction.

But what happened this year is that the majority party brought this bill to the floor, the appropriations bill for Energy and Water, at a rate of spending of $31.6 billion. That's a 4.3 percent increase, which is about three times the rate of increase that we had when we brought the bill to the floor last year.

Now, many of us believe that that's simply too much money, that that doesn't prioritize the Federal budget in the way that Americans across this Nation have to prioritize their family budget. And so we offered a number of amendments, which is really the only way that you can kind of get to who is interested in being fiscally responsible and who isn't. Because, Madam Speaker, as you know, people can stand up and give speeches about anything they want and they can say anything they want, but as Senator Moynihan said, everyone's entitled to their own opinion but not their own facts.

We learned some facts today on the floor of the House, Madam Speaker, about who is interested truly in fiscal responsibility. A number of us offered amendments that would have resulted in some decrease in the amount of spending. These amendments covered various levels. One of the amendments offered by the gentleman from California (Mr. CAMPBELL) said that we ought to keep the spending in this area of the appropriations, in this area of our budgetary process, to exactly what it was last year, to have no actual percentage increase, which results in a functional decrease because of the rate of inflation, something that many people believe to be responsible at a time when the Federal Government spends more than it takes in, which the Federal Government currently does. So Mr. CAMPBELL offered an amendment that said you ought to keep it at last year's level, which is about a $1.3 billion savings.

Mr. JORDAN, the gentleman from Ohio, said that may be appropriate, but if our friends on the other side of the aisle or in this Chamber don't think that that's a little too much to save, then I'll offer an amendment that says we ought to keep it at the President's level, the 0.6 percent increase. What that would do would save about $1.1 billion.

I offered an amendment that said, well, there may be some people who believe that keeping it at last year's level is not an appropriate level, that keeping it at the level that the President and the administration requested is not an appropriate level, that, well, then maybe we just ought to decrease it or reduce it by 1 percent. Now, Madam Speaker, this isn't a 1 percent cut. This would be a 1 percent reduction in the increase. The increase is about 4.3 percent. This would be a 1 percent reduction, increasing it about 3.3 percent. So if you didn't believe that we ought to keep it at last year's number, if you didn't believe that we ought to put it at the number that the President requested, then you might believe that we ought to just reduce

spending by 1 percent, decrease it by 1 percent in the reduction of the increase. And so we offered that amendment.

And then a final amendment, overall amendment, was offered by Mrs. MUSGRAVE, the gentlelady from Colorado. She said, in essence, well, you may not believe that we ought to keep it at last year's amount, you may not believe that we ought to go to the President's amount, you may not believe that you ought to cut 1 percent, that may seem to be too much, but you ought to believe that you could cut a half a percent. You ought to believe that you could cut a half a percent, so 50 cents out of every $100, that you ought to be able to cut that amount.

Those four amendments were offered on the floor of the House today. The fact is, Madam Speaker, that each and every one of those amendments failed, that the vast majority of the Members of the majority party, the Democrat Party, voted against those to carry the day. So that they believe that, no, you ought not keep the spending level, as a matter of fact, you ought not keep the spending level in this area of the budget to last year. You ought not save $1.3 billion.

And they voted that you ought not have the amount of spending be at the level that the administration, that the President requested. This is the executive branch, the branch that is responsible for carrying out the laws and the bills and the priorities that we pass here in Congress, you ought not keep it at that level. You aren't interested in saving $1.1 billion. Again, a fact.

They also said, as a matter of fact, Madam Speaker, that you don't want to cut it 1 percent. You don't want to have a reduction of 1 percent. Remember, a reduction in the increase. Not a reduction in real numbers but a reduction in the increase. None of these amendments would have reduced in real dollars. All of them were a percentage reduction in the increase.

The majority party, in fact as a majority said, no, we don't as a matter of fact want to reduce the increase by 1 percent. Also, as a matter of fact, Madam Speaker, they said that they didn't want to reduce it by one-half of 1 percent. They didn't want to realize savings that would result in a 50 cent savings out of every $100 spent by the Federal Government in the area of Energy and Water appropriations.

Now, Madam Speaker, I don't know about you, but when times are tight in our household, when times are tight in the household of my constituents, when times are tight in households all across this Nation, when American families have times when they are spending more or budgeting more than is coming in, what they do is they look at their budget, they look at their family budget and say, Where can we save some money? Sometimes they say, Well, we'll just cut everything a little bit. We'll spend a little less on everything. That's the similar story. That's the analogy to the family budget.

But what this Congress said, what this majority party said is that, no, we don't believe that we're not spending enough. In fact, we believe that we ought to spend more. We ought to spend more than the increase last year, we ought to spend more than was requested by the administration, we just ought to spend more. And so it rings on deaf ears, Madam Speaker, when the majority party says, and had said before the election in November, we will rein in Federal spending.

Well, this is a clear example, once again, of what I have dubbed Orwellian democracy, after George Orwell, the famous author, who famously in his books demonstrated that policies of governments oftentimes say one thing and do exactly the opposite.

□ 2000

That's what we find now in, I believe, this majority party, is that they say one thing and do exactly the opposite. So they say, with a straight face, that we are reining in government spending, that we are reining in Federal spending.

But, in fact, what's happening is a significant increase in Federal spending and an increase of greater than the amount that they railed against last year, which strikes me as being somewhat disingenuous and also misleading to the American people. The American people go to the polls every 2 years, and they vote based upon what people are going to tell them what they are going to do. I believe before that our side of the aisle had gotten a little wayward in terms of spending. So the message of reining in Federal spending fell on receptive ears.

The problem is that it hasn't been followed up by action. So it's a leadership that continues to say one thing and to do another, truly, truly remarkable.

Now, I want to talk a little bit about the issue of taxes and the tax increases that will be required to cover the amount of spending that the new majority has begun to march down a path to spend. The appropriations bill last week was an example of that, the appropriations bill today was an example of that, and most of them, as they come up through the 12 bills of the appropriations process will, indeed, demonstrate the lack of fiscal responsibility.

So what the other side is going to have to do is to find revenue. Instead of doing what our party did, and this President did, and President Reagan did, and, in fact, President Kennedy did in order to gain increased economic activity and in order to increase revenue to the Federal Government, those three individuals, President Bush, President Reagan and President Kennedy, all decreased taxes in a somewhat nonintuitive kind of activity, increased revenue to the Federal Government.

Because when you decrease taxes, what you do is you allow people to keep more of their money, you allow them to keep more of their money in their back pocket and in their pocketbook. Hence, they are able to decide for themselves when to save or when to spend or when to invest. When they spend, because they have more money, what results is increased economic activity.

Well, the current majority party demonstrates clear differences between a conservative Republican philosophy and a liberal Democrat philosophy. The difference is that we believe taxes ought to be reduced in order to increase economic activity. The other side clearly believes that the taxes ought to be increased, with the peculiar notion that if you just increase taxes enough, you will gain enough revenue to the Federal Government to equal the appetite for spending.

So they passed a budget, and their budget would increase taxes for every single American that pays taxes, every single American that pays taxes. The largest tax increase in the history of our Nation was passed by this majority just a few short months ago.

When you ask, well, what would that cover, what happens is that all of the tax, the appropriate tax reductions of earlier in this decade, 2001 and 2003, if the budget that was adopted by this majority is allowed to proceed over the next number of years, all of those tax reductions go away. All of the tax increases come back.

What happens on December 31, 2010, which isn't too far away, what happens is that the tax rates on ordinary income go from 35 percent overnight to 39.6 percent. The capital gains tax goes from 15 percent to 20 percent overnight. Dividends tax goes from 15 percent to 39.6, overnight. Estate tax, this is the death tax, this is what individuals, individuals' families, their estate has to pay when they die. It would be 0 percent on December 31, 2010, under the majority party's budget, and under the budget that they adopted. Again, this is the largest tax increase in the history of our Nation. It will jump to 55 percent overnight in 1 second.

Child tax credit, which would rest at $1,000 in 2010, would decrease in half. It would be cut in half, decrease child tax credits by 50 percent down to $500. The lowest tax bracket, those at the lower end of the economic spectrum who currently pay 10 percent would pay 15 percent, a significant increase in their taxes, nearly about half of what they would currently pay.

Now, it just doesn't make any sense to have that kind of tax policy in place when, in fact, what they have said before is that they would responsibly

spend American hard-earned taxpayer money and be fiscally responsible. Instead, what they have done is gone back to a tried and true method of tax and spend. So everybody's taxes, nearly $400 billion, will shoot up virtually overnight.

Now, in their budgetary process, and that might be all right for some people, that whole tax increase and gaining, supposedly gaining new revenue for the Federal Government. Some people will say that's fine, if you are really solving problems, if you are truly solving problems, then it may be appropriate for us to do that.

As you well know, the largest problem that we have in our Nation from a fiscal standpoint is the issue of entitlement spending, automatic spending that occurs in our Federal Government programs, primarily three programs, Social Security, Medicare and Medicaid.

This chart here outlines the percentage of the Federal budget that goes for those programs. These are the programs that are on automatic pilot. They just kind of continued to increase because of the demographics of our society, aging population. The monies for these programs continue to increase year after year unless there is particular reform.

So, in 1995, those three programs that are in this yellow portion of this pie chart here were about 48.7 percent of the Federal budget. In 2005, they measured 53 percent. They are a little over 54 percent now. In 2017, they will be 62.2 percent with no changes, and within another, oh, 10 to 15 years beyond that, they will consume the entire Federal budget, if the budget remains at its current level, which is its historic rate.

Now, many of my constituents might say if you are going to increase taxes like the majority party has done by adopting the largest tax increase in the history of our Nation, nearly a $400 billion tax increase, if you are going to do that, that might be okay if you are going to solve real problems, if you are going to solve real problems. But the fact of the matter is that the budget didn't solve any of the problems, none, zero.

When we look at this graph, this graph is evidence of the absolute emptiness of the promise that the majority party had to reform entitlement spending, to reform automatic spending, mandatory spending. In our budget, in 1997, we had 125, $130 billion in appropriate reform and reductions. The Deficit Reduction Act, in 2005, had about $43 billion in appropriate reductions.

The budget just adopted for the coming years, by the new majority party, had zero, zero, no money at all for appropriate fiscal reform, responsible reform in the area of Medicare, Medicaid, Social Security.

Those programs are social compacts with the American people, but they are programs that left on their current course will not be able to survive. They will not be able to survive. So every day that we wait, the problems get greater, the solution gets more elusive for each of those programs. So it is imperative, it is imperative that we move forward.

I would challenge my friends on the other side of the aisle to join together with those of us who are interested in true fiscal responsibility and true entitlement reform, and let's get it done. Let's get it done on behalf of the American people, because, frankly, that's what they sent us here to Washington to do, to solve big problems.

This graph demonstrates that we are not solving big problems here. As I say, if you were going to increase significantly the amount of taxes that the American people are paying, then many of them may say, I think there is a better way to do it, as I mentioned. Because I think tax reductions increase revenue to a greater degree to the Federal Government.

But many people across this Nation might say, well, I am all right paying a little more taxes if we are solving real problems, but not if we're on a spending spree that appears to be what is occurring with this new majority. This graph demonstrates the commitment to entitlement reform, which apparently in this new majority is zero. So I urge my colleagues to rethink the process and the policies that they put in place that will result in no significant entitlement reform.

As they are looking, once again, at their budget and at their policies, I would urge them also to look back into history. The next graph demonstrates clearly what kind of economic policy does work. This graph could be a number of things that show, that demonstrate negative growth or negative activity in the economy to positive activity in the economy over the years of this decade.

This graph, as a matter of fact, is the graph about job creation. How many new jobs have been created in our Nation since the beginning of 2001? As you can see, what we have here for month after month after month after month, between 2001 and 2003, virtually negative job growth during that period of time, no new jobs, in fact, losing jobs in the economy. For every single quarter, with the exception of four during that 4-year period.

Something happened, miraculously, in the beginning of 2003, the early months of 2003, in this vertical line here that marks the beginning of moving toward quarter after quarter after quarter after quarter of increased job growth, over 7 million new jobs since the summer of 2003.

What happened at that time is, as you know, this is when the final appropriate tax reductions were adopted by the Republican majority with this administration and this Congress. What that has resulted in is remarkable increase in job growth across our Nation. Virtually every single State, virtually every single State has seen increase in job growth over that period of time, average job gain of 168,000 new jobs per month on average.

So one would think that if you were charged with coming up with economic policy for our Nation that you would look back and say, well, this looks to be a pretty good program here that has resulted in significant job growth.

As I said before, this could be economic development, you could see a significant decrease in unemployment. All sorts of things could go on these axis, and you would see positive activity during this same period of time.

So if you were charged with coming up with economic policy for our Nation, one would think that you would look at this and say what happened, what happened at that point that made the resulting number of quarters to the current time, made it so productive? How did we become so productive as a Nation compared to where we were earlier in this decade?

Well, as I said, what happened during that time was appropriate tax reductions, making it so that individuals paid less of their hard-earned taxpayer money, that they are allowed to keep more of their money so that they decide when they spend, or they save or they invest. It's those kinds of policies that have resulted in can significant economic growth and economic activity.

I would urge my colleagues on the other side of the aisle, as they are working through their process, as they are trying to figure out how to make certain that we stay a global, world competitive economic engine, that what they ought to do is look into history. Just a few short years ago there was a policy that was adopted by this Congress that resulted in remarkable, remarkable economic activity. So that we have the most economically productive Nation in the world, the industrialized world.

We continue to perform month after month after month. One of the main reasons for that is, indeed, the decrease, the appropriate reductions in taxes all across the Nation so that anybody who has paid taxes pays fewer taxes, less taxes today from a percentage standpoint than they did prior to that early point in 2003.

That's what results in increasing economic activity. It's not something that is unique to these tax reductions in 2003. In fact, that's what we saw when President Reagan decreased taxes in the 1980s, decreased taxes for the American people. Many folks said, oh, you can't do that, you won't be able to fund the programs in the Federal Government.

But what happened is that, as happened here, it increased revenue to the

Federal Government because you decreased taxes because you cut taxes and because you allow the American people to keep more of their hard-earned money.

□ 2015

And that's what results in increasing economic activity. And it hasn't only been on the Republican side of the aisle. Democrats, indeed, have shown this same kind of discipline in the past. When President Kennedy, in the early 1960s, in fact, cut taxes, decreased taxes, appropriate tax reductions for the American people, because he knew that if you decrease taxes to the American people, what happens is that they will determine for themselves responsibly when to save or to spend or invest and, in fact, that increases economic activity for our Nation.

It points out, Mr. Speaker, one of the fundamental differences that I talked about between a conservative Republican philosophy and a liberal Democrat philosophy, and that is that we believe that the American people know best how to spend their money, not Washington. There are very few times when Washington knows better how to spend someone's money than themselves. And it just makes common sense, because only an individual, only people know their priorities.

Now, there are certain things that we have to spend common money on, without a doubt, and we talked about one of those that we dealt with earlier today. But there's a responsible way to do it, and that responsible way to do it, Mr. Speaker, is to identify, clearly identify those programs that ought to be absolute priorities.

And I would suggest, Mr. Speaker, that that is so many fewer programs than this Federal Government is currently undertaking. But the Democrat liberal majority has a mentality that tends to come from San Francisco, I guess, which means that you just ought to spend just as much as you can get. You just ought to spend as much as you can get.

And so I'm pleased to join with my colleagues and point out that the economic policies that have been successful in the past and will continue to be successful if they're adopted, are those policies that will result in more hard-earned taxpayer money being able to be kept by hard-earned American taxpayers.

I just want to highlight once more a chart that demonstrates exactly that. And that is that when you reduce taxes to the American people, when you reduce, appropriately, taxes so that the American people can keep more of their hard-earned money, which is what occurred here in the early part of 2003, tax revenues were going down and down and down, 3 straight years of decreases between 2000 and 2003, tax reductions occurred with the Tax Relief Act being passed, and then the revenues increased significantly so that greater revenues than ever seen by the Federal Government because of tax reductions. And that's the kind of responsible economic policy that we believe, that I believe, ought to be put in place and kept in place, so that you decrease the tax burden on the American people, you allow them to determine when they save or they spend or they invest their own money. And then what happens is that the economy flourishes because there's more money available to drive the economy, more jobs created, more economic activity, more independence, and more liberty, more liberty and more freedom, because when people are able to keep their own money, they're freer, they're freer to make decisions about how they indeed spend or save or invest their own money.

So we're talking some economic policy tonight, Mr. Speaker, and hopefully, we'll be able to encourage our friends on the other side of the aisle to adopt some of these commonsense reforms.

I'm pleased to be joined by my good friend from Texas (Mr. GOHMERT) who's going to talk a little bit also about some economic activity that's been going on here in Washington, and I'm pleased to yield to my friend.

Mr. GOHMERT. And I appreciate the gentleman from Georgia yielding, and appreciate the work he's been doing and pointing out some real economic truths. Some of these things are just so basic. As we've talked about before, you mentioned before, Ronald Reagan said we don't have a taxing problem, we've got a spending problem. And he was so right.

But over the last 2½ years, Mr. Speaker, that my friend from Georgia and I have been here together, we've seen lots of indications, lots of signs out in front of offices talking about the national debt, and your share is so much. And I just think those are so good and so helpful.

As we see here, Blue Dog Coalition, today the U.S. national debt is $8,809,000,000, and your share is $29,000. I mean, that's just staggering. And frankly, you know, I've begun to think I want one of those signs, because we know who's in control. And there are those of us for the last 2½ years, or the last 2 years that we've actually been here, that have been trying to push this body into having more economic responsibility. And we did see, last year, great strides made in the first time that discretionary spending wasn't just held even, it actually was cut. So we were making some real progress.

We saw the Federal revenues come streaming up, as the gentleman from Georgia points out, that real progress is being made. And so I just want to applaud what has been done because really it's consistent with the efforts that so many of us have made, like earmark reform. We were trying to get earmark reform. And it only took a few dozen conservative Republicans to band together and not vote for key legislation unless we got some earmark reform.

□ 2030

And that is when we finally got some earmark reform. Of course, you wouldn't know it to listen to me. They never talked about what we got accomplished, but being able to object, make a point of order on earmark reform. But I think this is a good idea to keep reminding everybody of how high the debt is, how much everybody's responsibility is. And, frankly, I want one of these signs. I may have to change the name to the ''Blue Hound Dog Coalition'' or something, but I would like to see everybody encouraging this Congress to move as we were able to push the Congress in doing in the last year or so, and hopefully there are people on the other side of the aisle that will be able to push the Democratic majority away from this just uncontrolled spending. Not only is the President's request up in most every area, but the proposals for appropriations from the Democratic majority just skyrocket above that in so many areas.

So I don't know what the gentleman from Georgia intends to do. But I tell you, I like reminding the majority it is time to do something. We made some real progress the last 2 years, and I am hoping that folks are not going to let that die. Even though there is a major effort to try to get that killed, I think we should keep pushing, keep pushing. I just encourage all Republicans get a sign outside your door. Let's remind folks, not just the 36 that pushed for earmark reform. Let's get everybody out there reminding the majority.

I appreciate the gentleman from Georgia's yielding, and I would just encourage you in all your efforts, let's get this done.

Mr. PRICE of Georgia. Mr. Speaker, I thank the gentleman for his comments, and I appreciate his bringing that sign because it highlights the Orwellian nature of this majority. You say you have got folks who are members of the Blue Dog coalition and what they say is that they are opposed to increasing that number. But, Mr. Speaker, what happened earlier this year is that the 8 trillion plus dollars of debt that have increased over multiple administrations have been increased to over $9 trillion now. The debt ceiling was increased by the Democrat majority, along with the Blue Dogs, to over $9 trillion. By this majority. By this majority, Mr. Speaker. Something they said they would never do. But, in fact, that is exactly what they did do. And in so doing, they adopted the second largest debt increase in our history.

So it is important for the American people to be listening and watching. It

is important for them to appreciate what happens when you decrease taxes, that Federal revenues increase. It is important for them to appreciate, as this chart demonstrates, what track we are on for spending with this new majority.

This green line here, Mr. Speaker, that is moving along demonstrates the significant increase in spending. And much of that is driven by the entitlements that we talked about earlier, the mandatory spending, Medicare, Medicaid, Social Security, and demands reform. Demands reform. But that is not what has been enacted by this majority. The problem is that this majority is adopting policies in their current appropriations bills that will not decrease that line; it will increase. It will further increase that slope. And that is not the kind of leadership that America needs or deserves or desires or, Mr. Speaker, I believe, not the kind of leadership that they voted for in November.

One of the things that they did do in November was send us a good new Member on our side of the aisle, Mr. LAMBORN, and I am pleased to see him join us this evening and I look forward to his comments on economic policy.

Mr. LAMBORN. Mr. Speaker, will the gentleman from Georgia yield for purposes of a colloquy?

Mr. PRICE of Georgia. I would be happy to yield to you.

Mr. LAMBORN. To the gentleman from Georgia, you have been in Congress for about 3 years now, I believe, if I am not mistaken, and you came from the Georgia legislature. Like you, I came from the Colorado legislature. And one thing that the great State of Georgia and the great State of Colorado share, as do all 48 other States, is that they have a balanced budget amendment. It is written into the State Constitution of both Georgia and Colorado that every year we have to balance the budget.

Now, unfortunately, I think the biggest glaring problem with our national budget is we don't have such a balanced budget requirement every year, and it is so easy to go into debt. If we had strong willpower, we could hold the line, and that is what we are going to talk about here, and I have some questions for you. But in the absence of that strong fiscal strength of character, moral fiber, whatever you want to call it, it is so easy to want to please everybody, spend for the projects, not prioritize, and we run up massive deficits. And I know that in the past deficits have been run up under all kinds of administrations of both parties.

But to the gentleman from Georgia, what would be the difference here if we had some kind of balanced budget amendment? I mean until we have that and if it takes a constitutional amendment, which I would favor but that is going to take two-thirds of the House and Senate and three-quarters, or 38 of the 50 States, to ratify that, and until that day comes, we just have to have the strength of will and the commitment to the American people and the taxpayer that we will balance the budget.

Could you respond to that?

Mr. PRICE of Georgia. I appreciate the gentleman's comments, Mr. Speaker. And I am so pleased that he brought that up because oftentimes when we have these discussions, you hear people never provide any solutions, and you have put a solution on the table that I think is very important.

As you mentioned, I have been here just 3 years. This is my third year in Congress. And I came from the State level, where you have to balance the budget, and the reason you have to balance the budget is because you can't print money. States can't print money and Washington can, and that may be the crux of the problem right there. But I recognized early on that all of the inertia, and we see it during this appropriations season, all of the inertia here in Washington is to spend money, to spend more money. There are very few institutional, if any institutional, parameters in place that force you to hold the line on spending, which is why a balanced budget amendment is so incredibly important. And it is one of the reasons that many of us have supported a taxpayer bill of rights at the Federal level. We certainly did at the State level. I know I did. I suspect you did as well at the State level.

But we believe and we have introduced legislation for a Federal taxpayer bill of rights because we believe taxpayers have a right to know that the Federal Government doesn't grow beyond their means; that they have a right to receive back every single dollar that they put into their retirement program, into the Social Security program. We believe that taxpayers have a right to a balanced budget amendment without raising taxes, which is one of the issues that you stated. And it is so important, and the reason it is important is because of the programs and the policies and the traditions, if you will, of Washington. And the American people understand this clearly. The traditions are to continue programs that are already in place and then add some more on. It is just the natural tendency, and that is simply not what the American people want or desire, I believe.

I am happy to yield to my friend.

Mr. LAMBORN. Thank you. And it is probably a concern to you, as it is to me, that the current appropriations bills, about 12 of them, that are going through the House have an excess of $23 billion over what the President has requested. And if it was me in the President's place, I might have even had that lower. But let's go with that as a base amount to start with. We are going $23 billion over that. And he has said that, with the exception of the military construction bill, he is ready to veto bills that go over his spending requests. So let's say eight or nine of those get vetoed. Doesn't that mean we are going to have to come back? You have been through this process a full cycle, and I have not. Doesn't that mean we are going to have to come back later this summer, go through these bills all over again, and start from scratch?

Mr. PRICE of Georgia. I thank my friend for his comment.

I am hopeful that the President will follow through on his admonition to Congress to toe the line on spending, and I am hopeful that he will indeed veto a bill that gets to his desk that has an increase in spending.

Remember, the amount that the administration requested is the amount that the departments believe is the appropriate level of spending to carry out the needs of the American people.

Now, it is perfectly appropriate I believe for Congress to reprioritize within that basket, to say we think we ought to be spending, as a Nation, more here as opposed to here. I am one of those who believe we ought to be spending less as a Nation; so I would hope we would reprioritize and say this program is a priority of the Federal Government and, in fact, this one is best done elsewhere, maybe even the private sector and consequently doesn't need to be funded.

But what will happen, I trust, is that the President will be good to his word and veto legislation that spends more than the departments asked for and then it comes back to the Congress in order to rewrite a bill that will provide and allow for the President to sign. And as I say, I am hopeful that that kind of fiscally responsible activity occurs as we move through this process.

And I am pleased to yield again to my friend.

Mr. LAMBORN. Thank you for that answer.

And as a follow-up to that, I would have to say that in the absence of a balanced budget amendment, at least we have the possibility of sticking to the numbers that the President has given us. Those numbers are still in excess of the rate of inflation. He is asking some departments for a 6 or 8, 9 percent increase as opposed to 2 or 3 percent, which would be the inflationary rate. So his numbers are very generous just right there. But when our colleagues across the aisle are going $23 billion on top of that, I just see a chance for a little bit of fiscal restraint if they would back off $23 billion and say let's stick within what the President has recommended. There are still many things that can be done that are worthy projects within that amount. And I just see that we are missing a golden opportunity here, and I just

think that until we have a balanced budget amendment, we have to do it by our own sense of fiscal discipline.

Mr. PRICE of Georgia. Mr. Speaker, I appreciate my friend's comments. And I will point out that our side of the aisle, when we had responsibility for these budgets over the past at least 2 years that I have been here, we kept the rate of increase in the discretionary programs to less than the rate of inflation. And that was something that I and many others here thought was important.

I think it is important to put on the table solutions because the American people want solutions. They want us to work together in a positive way and provide solutions. And the Taxpayer Bill of Rights is indeed a program of solutions, making certain that we don't grow beyond our means, that the Federal Government budget doesn't grow faster than the rate of inflation and the increase in population. Perfectly appropriate. Making certain that the Social Security Trust Fund money is spent on Social Security.

We heard a lot about that from our friends before the election, that that is exactly what they would do. In fact, they have had an opportunity to put that in place and have not done so.

A balanced budget amendment without raising taxes, it is clearly possible from historical precedent and from economic policy that has been written before that it is easily done to balance this budget without raising taxes. You will hear our friends on the other side say, no, you have got to raise taxes in order to balance the budget.

I am happy to yield to my friend.

Mr. LAMBORN. Thank you. And I have another question from the gentleman from Georgia.

You were here over the last 2 years before January, when I was sworn in and I came on, although I am new since then. Isn't it true that we had a rule that the Republicans initiated that said it took 60 percent to raise taxes, not in statute but in rules, and that that was one of the first things that went out the window when we turned control over to the Democrats?

Mr. PRICE of Georgia. I thank my friend for asking it because it is one of the things that resulted in a 12-year history in this Congress of no increase in taxes. And one of the reasons for that was we required in our rules a super majority to raise taxes. And you are absolutely correct. On that first day there were a lot of rules that changed that determined how the House works. One of the rules that was changed said, no, you don't need a super majority; all you need is a simple majority, which, as you know and as the American people know, means that the majority party can do anything they want in terms of taxes, which was how they were able to pass a budget that includes the largest tax increase in the history of our Nation, nearly $400 billion in the future.

So I appreciate my good friend's comments and would yield to him if he has another question or comment.

Mr. LAMBORN. Yes. And then I will turn it back over to you.

But you remember the year 2001 in the Georgia legislature. I remember that very well in Colorado. When 9/11 happened, the tragedy involved with that, and then on top of that the subsequent horrendous economic problems that our country had, and each State suffered losses of revenues. We had to look at cutting programs or doing with less. But at the same time, the American public and families had to do with less also.

□ 2045

But then when times were better, we had more, and we can spend more, if necessary.

So I just think that it's unfortunate that we don't have such a balanced budget amendment. But it's good that we had rules, at least up until January, where we took a supermajority before we had a tax increase, and even now we have an opportunity, if we will all only seize upon it, to say, okay, we'll stick with the President's numbers. I think we can do even better than that in terms of saving money for the taxpayers. But let's say we stick with the President's numbers, that would still be a $23 billion savings over what our friends across the aisle are proposing in these various appropriations bills. And that we would, by going to the President's numbers, we would still be over the rate of inflation in most of the different agencies.

So, I just think it's a tragedy that we're not seizing upon this opportunity. I just expected better when I got sworn into Congress because I had heard talk during the campaign that if the majority party would take power, that they would be more fiscally responsible in different ways. And unfortunately, I haven't seen that fully carried out, and I've been very disappointed.

At this point, I'm going to yield back to the gentleman from Georgia.

Mr. PRICE of Georgia. I thank my friend from Colorado for coming down this evening and sharing his comments and his perspective. It's similar to mine. And the disappointment is shared as well because the American people did expect more. And I think that the numbers that we've seen, Mr. Speaker, and the polls that are out now that demonstrate the impression of the American people of Congress is at its lowest point in decades, that that's reflective of the disappointment that they have in this new majority. So I appreciate your comments.

I do just want to end, Mr. Speaker, by highlighting once again what we believe the solutions are. And there are solutions, and they're positive solutions. And they are solutions that we can embrace together, Republicans and Democrats, who truly desire to be fiscally responsible. And they are incorporated in the Taxpayer Bill of Rights at the Federal level. Again, it means that the Federal Government ought not grow faster than the rate of inflation and the increase in population; that every single dollar that goes into the Social Security trust fund ought to be spent on Social Security; that that money ought to be preserved for individuals who send that money to the Federal Government; that a balanced budget occurs without raising taxes. It's very doable. We have demonstrated it time and time again, that you increase revenue to the Federal Government when you decrease taxes. So, a balanced budget amendment without raising taxes.

And fundamental and fair tax reform. Our tax system is woefully flawed, and it is a system that is crying out for reform, crying out for repair. It's unfair for people all across the spectrum, and demands, indeed demands, fundamental reform.

And finally, a supermajority required for any tax increase, as my friend from Colorado highlighted. We had no tax increase over the 12 years when my party was in charge. And one of the reasons for that was that it required a supermajority to pass a tax increase. And that just makes common sense. If you are going to take more of the hard-earned American taxpayer money, then you ought to do it with significant majorities. Thomas Jefferson, I believe, said that ''You ought not make major changes with minor majorities.'' It's something that I think this majority ought to adhere to.

Mr. Speaker, let me just close by saying that we live in a wonderful and glorious Nation, a Nation that allows us to be elected and to come and represent the finest people on the face of the Earth. I challenge my colleagues on both sides of the aisle to endeavor to do that in a way that's responsible, that respects the hard work that they do day in and day out, that respects the importance in the correlation between liberty and freedom, and allowing the American people to keep more of their money. When they're able to keep more money, they're more free, they have greater independence and greater liberty. And by so doing, we adhere to fundamental principles that are uniquely American.

I yield back the balance of my time.

PROVIDING FOR FURTHER CONSIDERATION OF H.R. 2764, THE DEPARTMENT OF STATE, FOREIGN OPERATIONS AND RELATED PROGRAMS APPROPRIATIONS ACT, 2008

Mrs. LOWEY (during Special Order of Mr. PRICE of Georgia). Mr. Speaker, I

ask unanimous consent that, during further consideration of H.R. 2764 in the Committee of the Whole pursuant to House Resolution 498, notwithstanding clause 11 of rule XVIII, no amendment to the bill may be offered except:

Pro forma amendments offered at any point in the reading by the chairman or ranking minority member of the Committee on Appropriations or their designees for the purpose of debate;

An amendment by Mr. LINCOLN DIAZ-BALART of Florida or Mr. SIRES regarding funding for Cuba Democracy assistance programs, which shall be debatable for 20 minutes;

An amendment by Mr. WOLF regarding funding for certain assistance programs for Iraq, which shall be debatable for 20 minutes;

An amendment by Mr. SHAYS regarding funding for Iraq Study Group;

An amendment by Mr. GARRETT of New Jersey regarding funding for antiterrorism programs;

An amendment by Mr. MCCAUL of Texas regarding funding for international narcotics control and law enforcement programs;

An amendment by Mr. GARRETT of New Jersey regarding certain reporting requirements related to U.N. employees participating in U.N. peacekeeping missions;

An amendment by Mr. MACK regarding funding for broadcasting to Venezuela;

An amendment by Mr. SHADEGG to strike language designating funds for renewable energy;

An amendment by Mr. SHERMAN regarding funding for the International Development Association;

An amendment by Mr. PAYNE regarding funding for tuberculosis through Child Survival and Health;

An amendment by Ms. JACKSON-LEE of Texas regarding funding for Liberia;

An amendment by Mr. BLUMENAUER regarding funding for Pakistan;

An amendment by Mr. CULBERSON regarding funding for rural water and sanitation projects in East Africa;

An amendment by Mr. SHAYS regarding funding for community assistance programs in Iraq;

An amendment by Mr. FORBES regarding ESF funding for Ethiopia;

An amendment by Mr. KNOLLENBERG regarding funding for the Millennium Challenge Corporation;

An amendment by Mr. PITTS regarding funding for HIV/AIDS abstinence prevention programs, which shall be debatable for 30 minutes;

An amendment by Mr. PRICE of Georgia regarding funding for Israel;

An amendment by Ms. ROS-LEHTINEN regarding funding for the U.N. Development Program;

An amendment by Ms. MOORE of Wisconsin regarding notification requirements on Liberia;

An amendment by Mr. SKELTON regarding oversight of Iraq reconstruction;

An amendment by Mr. WEINER regarding military assistance for Egypt;

An amendment by Mr. SMITH of New Jersey or Mr. STUPAK regarding the Mexico City policy on family planning assistance, which shall be debatable for 45 minutes and shall remain in order even if proposing to strike language inserted by amendment;

An amendment by Mrs. LOWEY making changes to section 622, which shall be debatable for 45 minutes;

An amendment by Mr. LAMBORN regarding a prohibition on funds for certain individuals and entities for West Bank and Gaza programs;

An amendment by Mr. KING of Iowa regarding basing rights in Iraq;

An amendment by Mr. BOUSTANY to strike section 699;

An amendment by Mr. FORTENBERRY regarding foreign military financing funds for Egypt for certain border security efforts;

An amendment by Mr. MCGOVERN limiting assistance for Western Hemisphere Institute for Security Cooperation, which shall be debatable for 30 minutes;

An amendment by Mr. WEINER limiting funding for Saudi Arabia;

An amendment by Mr. UPTON or Ms. HARMAN regarding use of Energy Star certified light bulbs;

An amendment by Mr. TIERNEY regarding funding for Pakistan;

An amendment by Ms. JACKSON-LEE of Texas regarding health infrastructure in Africa;

An amendment by Mr. GINGREY regarding a prohibition on funds for negotiations related to the visa waiver program;

An amendment by Mr. PENCE regarding a limitation on the use of liquidated assets from an enterprise fund to establish a new foundation or entity;

An amendment by Mr. GARRETT of New Jersey limiting the use of funds for international conferences;

An amendment by Ms. ROS-LEHTINEN regarding a prohibition on the use of funds for contributions to the U.N. for the United Nations Human Rights Council;

An amendment by Mr. PRICE of Georgia regarding an across-the-board reduction in funding, which shall be debatable for 20 minutes;

An amendment by Mr. POE regarding a prohibition on funds to issue visas to citizens of certain countries based on certain extradition policies;

An amendment by Mr. POE or Mr. TANCREDO regarding a prohibition on the use of funds in contravention of 8 U.S.C. 1253;

An amendment by Mr. FLAKE limiting the use of funds to certain nongovernmental organizations other than through the competitive bidding process;

An amendment by Mr. KING of Iowa limiting the use of funds for travel by certain House officials to certain countries;

An amendment by Mr. GOODLATTE or Ms. HERSETH SANDLIN regarding a prohibition on the use of funds for the diversity visa program;

An amendment by Mr. PENCE limiting the use of funds for the Palestinian Authority;

An amendment by Mr. PENCE regarding a prohibition on funds for U.S. contributions to the United Nations Relief and Works Agency for Gaza;

An amendment by Mrs. MUSGRAVE regarding an across-the-board reduction in funding, which shall be debatable for 20 minutes;

An amendment by Mr. JORDAN of Ohio reducing funds in the bill, which shall be debatable for 20 minutes;

An amendment by Mr. CONAWAY regarding use of reductions made through amendments for deficit reduction;

An amendment by Mr. HENSARLING reducing funds in the bill;

An amendment by Mr. TANCREDO prohibiting funds to enforce certain guidelines regarding relations with Taiwan;

An amendment by Mr. BLUNT prohibiting funds for the International Seabed Authority;

An amendment by Mr. SHADEGG prohibiting funds for countries providing assistance to Iran related to nuclear and missile programs;

An amendment by Mr. SHADEGG prohibiting funds for countries providing refined petroleum to Iran;

An amendment by Mr. OBEY regarding earmarks; and

An amendment or amendments by Mrs. LOWEY regarding funding levels.

Each such amendment may be offered only by the Member named in this request or a designee, or by the Member who caused it to be printed in the RECORD or a designee, shall be considered as read, shall not be subject to amendment except that the chairman and ranking minority member of the Committee on Appropriations and the Subcommittee on State, Foreign Operations, and Related Programs each may offer one pro forma amendment for the purpose of debate; and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole.

Except as otherwise specified, each amendment shall be debatable for 10 minutes, equally divided and controlled by the proponent and an opponent. An amendment shall be considered to fit the description stated in this request if it addresses in whole or in part the object described.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

HIGHEST DEBT IN HISTORY

The SPEAKER pro tempore (Mr. ALTMIRE). Under the Speaker's announced policy of January 18, 2007, the gentleman from Ohio (Mr. RYAN) is recognized for 60 minutes as the designee of the majority leader.

Mr. RYAN of Ohio. Mr. Speaker, it's an honor to be on the House floor. And I must say that free speech is a beautiful thing in the United States of America. Our friends on the other side can pretty much say anything they want in this wonderful Chamber in this country, with absolutely no ramifications or connection to the truth at all. And I want to just share with the American people and I want to share with other Members of Congress, Mr. Speaker, and my good friend here from Connecticut, some facts that have been absent over the last hour and really over the last couple of days.

I think it is important to just go back and piece the history together. Over the past 6 years there has been a Republican House, a Republican Senate, and a Republican White House. The gentlemen on the other side, fine men from fine families who have been speaking here, have completely forgotten about the last 6 years. They think that they ran up a high bar tab and that it can be fixed rather easily. The fact of the matter is they ran up, the Republican House, Republican Senate, Republican White House, $3 trillion in debt, $3 trillion over the last 6 years.

They just got out of office in January, and here it is June, and they're acting like this is ancient history. Three trillion dollars. They had the debt limit raised five or six times, which means they had to pass legislation out of here that would allow the Department of Treasury to borrow more money. And then 5 months after they're out of office, they come here, Mr. Speaker, and they talk like they've had nothing to do with this.

Now, we saw our friend from Texas earlier hold up the Blue Dog Coalition debt limit sign, over $8 trillion, almost to $9 trillion in debt and act like they had nothing to do with it. But the American people recognized in November and asked for a change in government, and they got it.

Let me clear up another fact that has been misrepresented here today and yesterday and over the past couple of weeks. This is their quote, ''The Democrats are somehow going to raise taxes. It is the largest tax increase in the history of the United States of America.'' Not accurate. Not true. I ask the American people, and as I speak and it is written into the CONGRESSIONAL RECORD, we need to ask all Americans to keep their tax forms from this year and hold on to them and match them to next year's tax forms. There will be no increase in taxes from the Democrats. None. And take the statements that have been said here, take your tax forms. Don't believe me. Don't believe Mr. MURPHY or Mr. MEEK or any of our other 30-Something friends who are going to come here, keep your own forms.

Now the bottom line is this; we know how to govern. Our friends on the other side have had their chance. They got the keys to the car in 2000 when President Bush won and they controlled all levers of government and failed miserably; $3 trillion in debt, a foreign policy that's a complete disaster, a FEMA organization agency that can't even respond to natural disasters in the United States of America. They can't even get the American citizens their passports. So save the lectures for somebody who wants to listen to them, because quite frankly, we don't, and the American people do not want to listen to them. That's the bottom line. When you can get the American people their passports on time, then come talk to us about worrying about environment and creating jobs and the economy and foreign policy. Enough is enough.

My friends, Mr. Speaker, on the other side are putting all of their trust in Mr. Bush, our President, because he says he's going to veto all our bills. Well, let's just look at what the Republican Congress did. President Bush, Mr. Speaker, said that he's going to veto all our bills if they come in one dollar above what his submission was to the Congress. Let's look at what happened in 2005.

This is the defense bill in 2005. The Congress spent, Republican Congress, $45 billion more than President Bush requested. President Bush signed the bill on December 30, 2005. Transportation appropriations bill, Republican Congress spent $7.2 billion more than President Bush requested. President Bush signed the bill on November 30, 2005. Labor, Health and Education. Republican Congress spent $5 billion more than President Bush. President Bush signed that bill into law on December 30th. On and on and on. And I can go through agriculture, military, I will submit this for the record so that all of America can go and check this out. Three trillion dollars in debt. Some of the highest deficits in the history of our country were run up by the Republican House, Republican Senate, Republican White House.

Here we go. Exploding national debt under the Bush, now Mr. Nussle, who is joining the team, projected 10-year budget surplus of $5.6 trillion turned into a projected 10-year deficit of $3 trillion. The surpluses were gone. In the largest budget deficits in American history, Mr. Speaker, $378 billion in 2003, $412 billion in 2004, $318 billion in 2005.

Now, you look at the Democratic budget, Mr. MURPHY, and you will see that we balance the budget. Keep your 2008 forms. We do not raise your taxes. Just to prove what the other side is saying to us, keep them. We don't raise your taxes and we balance the budget. And I can't even wait until all of these pass and we can go all around the country, Mr. MURPHY, and talk about what we have done. The largest increase, and I will be happy to yield to you in a second, my friend, the largest increase in veterans spending in the history of the VA. So all of the problems that our veterans have been having, backlogs, they don't have enough workers in the VA system to process the claims, all of that is going to be taken care of. All of our kids that are coming back and our adults and our soldiers coming back, there is $500 million in this bill for post-traumatic stress. There is money in here for amputees. There is money in here for prosthetics. There is money in here for brain injuries. There is money in here to make sure the veterans don't have a huge increase in their copay and user fees, as the Republican Congress and President Bush nickeled and dimed their veterans to death. And this budget that we prepared for the veterans was approved by Disabled Vets, Paralyzed Vets. Everyone has approved and said this is a monumental step.

So we can get into energy, and I'm sure we will tonight; we can get into Homeland Security, which I'm sure we will tonight; we can get into Labor, Health and Education, which I'm sure we will tonight, and basically say, Mr. Speaker, that we have delivered for the American people exactly what they want.

I understand what the polls say right now, but our budget has not been implemented yet. And when people go next year and they apply for a Pell Grant and they're allowed to get $700 more so they can send their kid to college, and their student loans rates are cut in half and they get the minimum wage in July, and there are community health centers being built all over our country so that middle-class families who can't afford health care can go to a clinic at least and get their kids care. When you have a million more kids on SCHIP. Next year this is all going to happen, and some will happen before that, the American people will recognize that it was the Democratic Congress that pushed this agenda. And let the President veto it, let him.

I yield to my friend from Connecticut.

Mr. MURPHY of Connecticut. Thank you very much, Mr. RYAN.

I think what happened here over the last 12 years, and I was watching it all from the outside, is that the Republicans, for a very long time, vastly overestimated the gullibility of the American people. They thought they could stand up here and say over and over again that the Republicans are being fiscally responsible, and that the American people wouldn't notice that

they were racking up record amounts of debt, $3 trillion, up to $9 trillion now is the amount of Federal debt that this government has racked up. The fact that they wouldn't notice that every single dime for this war in Iraq and Afghanistan has been borrowed money. I think you give them too much credit, Mr. RYAN. You said they were spending like a bunch of drunken sailors. Well, drunken sailors spend their own money at least, they probably don't spend it very wisely, but their own money. These are like a bunch of thieving drunken sailors. They were spending other people's money, my money, my parents' money, my neighbor's money, all the while kind of pretending that we weren't ever going to have to pay it back.

So what we've seen here tonight and what we've seen over the last few days is a Republican minority now that continues to vastly overestimate the gullibility of the American people. They think they can stand here, try to make disappear everything that happened over the last 12 years, and that once again they can stand here and talk about being fiscally responsible, while the very mess that we're here cleaning up is all theirs in the making.

□ 2100

Mr. MURPHY of Connecticut. Now, Mr. Speaker, here is what we are doing. You mentioned that we have a balanced budget, in 5 years we are going to balance this budget. But on top of that, we are starting to fix some of the biggest messes they left this Democratic Congress.

Take for example the Alternative Minimum Tax. Now, not a lot of people know what this thing is. You know it if you are paying it, and you are going to start paying it year after year. More people will start paying more and more. This is the biggest middle-class tax increase potentially in the history of this country, imposed by a Republican Congress. And, guess what? We are going to fix it. We are going to take it on.

For the first time, legislation that comes before this House actually has to be paid for as we go along; the pay-as-you-go rule. Every spending increase that this Congress proposed has to be accompanied by either a revenue offset or a spending offset. That's real fiscal responsibility; rules passed by the Democratic majority here that are going to finally impose some fiscal discipline on this place.

So the Republicans and the minority can say over and over again whatever they want. They can hope that if they say it often enough that they will believe it and maybe a few people out there will believe it.

But what is going to happen here over the next few months is results, Mr. RYAN. It is going to be rhetoric matched with results: Fixing the AMT, balancing the Federal budget over 5 years, making sure that every bill that comes before this House is paid for as we go along, record increases for veterans programs, for education programs, for the things that people want to have funded in their communities.

There are finally going to be some words that are matched with actions here. As much as the other side of the aisle may try to make this disappear, they are going to find an American people that isn't as gullible as they used to think they were.

Mr. RYAN of Ohio. I would be happy to yield to my good friend, the Cardinal from Florida (Ms. WASSERMAN SCHULTZ).

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I would like to thank Mr. RYAN and Mr. MURPHY.

Mr. Speaker, I am really pleased to be here with my colleagues from the 30-Something Working Group once again.

Just to jump off what our good friend Mr. MURPHY was talking about, we are in the midst of the ''New Direction Congress.'' Mr. RYAN, Mr. MEEK and I spent the last several years on this floor railing about the ''culture of corruption,'' railing against our good friends on the other side of the aisle, whose only interest when they spoke about tax cuts was providing those tax cuts to the wealthiest few in this country.

Now, what is amazing about our ability to move this country in a new direction is that we can really focus on those targeted tax cuts that will help the average working family, the regular folks, the people who don't have the ability to just kick back, put their feet up on the desk and live on Easy Street day in and day out.

We are talking about people who live paycheck to paycheck. Not poor people who live paycheck to paycheck, but people in middle America, who make sure that all their bills are paid, just like we are trying to do here with our PAYGO provision, but make sure all their bills are paid. But it takes every dollar they have to do it.

Then you add to their budget the increased price of gas, which increases the price of food, which impacts everything that regular, everyday working families have to deal with. And we hit them under the Republican-led Congress with an Alternative Minimum Tax, that was never supposed to be directed at them, but ultimately scooped up so many of those hardworking taxpayers. And you know we listened to the garbage rhetoric that is so tired on the other side.

Mr. RYAN of Ohio. Mr. Speaker, it is like the 1992–1993 talking points have been taken off the shelf somewhere in the cloakroom and dusted off.

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I am glad the gentleman jumped in. It is like either they have a tape recorder that is stuck on rewind, or maybe we are trapped in ''Groundhog Day'' and we don't know it, or maybe they are just tired.

We used to be in meetings, and I have sat in many meetings where I have had colleagues and supporters express frustration because they marvel at our Republican friends' ability to come up with these pithy, cute, packaged messages and that ours aren't as cute and pithy and succinct.

Well, do you know what? That is because we don't have purely simplistic solutions to complex problems. The American people saw right through the pithy, cute, succinct, tired slogans that the Republicans have been throwing at them year after year and don't believe them anymore. They reached the point where they won't just take what they say when they repeat it over and over again at face value.

Mr. RYAN of Ohio. Mr. Speaker, let's look at what happened here in the last couple of days. Right here, about 20 minutes ago, we heard two of our friends on the other side, Mr. Speaker, talk about a balanced budget amendment. They just ran up $3 trillion in debt, raised the debt limit five times, and it is like it never happened. Let's put on a balanced budget amendment, the constitutional amendment.

It is unbelievable.

Ms. WASSERMAN SCHULTZ. Mr. Speaker, they also talked about earmark reform. They were railing on and on about earmark reform.

Who brought earmark reform to Congress? We did. Who brought about the beginning of the end of the war in Iraq, hopelessly mired in a chaotic conflict in another country? If you rewind back to pre-November 7, what was their cute, pithy, succinct little saying? Stay the course. We can't pull out. We can't cut and run.

Who is scrambling to make sure they can protect their own political hides now and be supportive of making sure that we can withdraw, but in a responsible fashion? Well, it is they that spend plenty of time talking about that. We are the ones that are bringing about the beginning of the end of this war by putting those votes up on that board and bringing those bills to this floor that they refused to yield on.

Mr. RYAN of Ohio. Mr. Speaker, the beautiful thing about this is that for how many years they talked about the protecting the homeland, about homeland security, that it make us safer fighting there so we don't have to fight here, all their rhetoric hasn't delivered.

So here we come, right? We come with an increase in funding so we can fund the ''loose nukes'' program, the Nunn-Lugar program, so we have more people out with more money buying more loose nuclear weapons that are getting spread around the world, we put hundreds of millions of dollars more into this program, which is going to keep us safe.

Mr. Speaker, last week, the mother of all rhetorical contortions, we are passing a Homeland Security bill here, or trying to pass, where 3,000 Border Patrol agents will be funded; technology for all our ports to monitor chemical and biological weapons coming in; grants for first responders, police, fire. We also passed 50,000 new cops for the country for communities who can't afford them, a lot like mine. And they held up the bill. They held up the bill.

Mr. Speaker, we are trying to pass funding for 3,000 Border Patrol agents, and they are trying to hold up the bill. Now, who is for homeland security now? And on and on and on.

But what we have shown, and this is what I love about it, is that when these bills pass, those men and women who get hired to be Border Patrol agents will know it was the Democrats. When the minimum wage goes in this summer, they will know it was the Democrats. When you go to get a Pell grant, they will know it was the Democrats.

Ms. WASSERMAN SCHULTZ. Mr. Speaker, when we bring an energy package the week before we leave for the July 4 recess that really begins to make sure that we end our addiction to foreign oil, they will know it was the Democrats. When we make sure we bring about an end to this war in Iraq, they will know it was the Democrats. And they will say repeatedly, ''they'' being the smart American citizens, American voters, they will say to our good friends on the other side of the aisle exactly what they said to them on November 7, after listening over and over to the same tired slogans, ''Talk to the hand. We don't want to hear it anymore. We see through your garbage. And we are voting to make sure we can move this country in a new direction.''

Mr. MURPHY of Connecticut. Mr. Speaker, let me tell you what happened in my district, because it happened in 40 other districts around the country last fall.

All the people who are fiscal conservatives, people who were concerned about fiscal responsibility frankly probably voted Republican for a long time because they did believe that the words were backed up by the actions, finally saw through all that rhetoric. And all those true fiscal conservatives came out and voted Democrat.

My district hadn't been Democrat for 24 years. And, guess what? It wasn't just the social progressives and the anti-war activists who came out and said we want change. It was the fiscal conservatives, the people who were concerned about the absolute and utter incompetency in this Government that came out and decided to change this place.

And, guess what? They are seeing results here. They are seeing results because what they did was they saw a party that over the years started out as a collection of ideas that ended up just being a collection of special interests.

Mr. Speaker, the words they used were still the same. Their allegiances changed over time. Their allegiances didn't happen to sit with the ideas that they held. Their allegiances sat with the lobbyists and the special interests and the folks that they were protecting every single day on this House floor. Those voters who came out and voted Democrat based on fiscally sound and fiscally responsible principles last year are going to do the same thing 2 years from now because they are going to see that balanced budget. They are going to see the Alternative Minimum Tax. They are going to see the pay-as-you-go rules. Those are all results. Those are going to be voters that will be sticking with the Democratic Party.

□ 2115

Mr. RYAN of Ohio. They are not going to see a tax increase. Again, keep your tax forms from this year, compare them to what you fill out next year. There will be no tax increase. Period, dot, Mr. Speaker. When you wonder why the fiscal conservatives gave the Democrats a chance and why we are passing balanced budgets, why we passed a rule in the House called PAYGO which says if you spend money, you got to pay for it. You got to find a cut somewhere to cut it out.

Here is why they voted for us: This President and the Republican Congress, as we have stated ad nauseam on this floor, have borrowed more money from foreign interests in the last 6 years than any other President and Congress before them combined. Combined. From foreign interests.

Now, look here: Japan; China; UK; Caribbean; OPEC countries, $67 billion of our debt; Japan; China, $349 billion.

Now, we are trying to compete with China. And one of our friends was up here earlier today with an amendment. We have to compete against China. No kidding. Well, then why did you, he wasn't here, but why did his predecessors before him borrow over $600 billion from China, and then turn around and say, hey, aren't we competing with the bank we are borrowing from? How are we going to work this out?

Mr. MURPHY of Connecticut. Mr. RYAN, one of the most perplexing bars on that graph is the amount of money that we have borrowed from OPEC nations. You want to talk about why we can't stand across the table from the countries that are pillaging American consumers with these ridiculously, monstrously high gas prices?

Guess what? We can't sit across and be an honest broker from them because they hold the mortgage to this country. The same can be said of the Chinese and the same can be said of European nations. We have lost so much of our ability to sit and be an honest broker in negotiations over energy policy and foreign policy, because they own our currency. They hold all of our debt.

So beyond how terrible this is for the American taxpayers, it is also terrible for the American foreign relations. It has to stop.

Ms. WASSERMAN SCHULTZ. You stand here and scratch your head and wonder how it is they could allow it to get to this point. There is no logical, rational explanation. The only thing I could come up with is, A, they think we are dealing with Monopoly money here and it is not real money and it is not real debt; or, B, it is not really my personal debt, so it doesn't affect my personal bottom line, so it doesn't matter; or, C, which is the worst, they just didn't care.

It just didn't matter. Their rhetoric was of the utmost importance to them. Making sure they could continue to pass tax cuts that benefited the wealthiest 1 percent of Americans, the debt be damned, the deficit be damned, none of that mattered to them, as long as they could keep their contributors happy.

Mr. MURPHY of Connecticut. Even when they did spend money, they spent it in such a ludicrous way as to waste the taxpayers' money on essential programs like the prescription drug benefit. Even when they chose to roll out a brand new and expensive new domestic program, they overspent to the tune of potentially $50 billion a year by cutting a deal with the drug companies so as to prohibit the Federal Government from using its bulk purchasing power.

Ms. WASSERMAN SCHULTZ. Mr. MURPHY, to add insult to injury, the administration, now that they are not in power here, the administration is using its ability through their agencies to try to cram new formulas down the throats of our hospitals so their reimbursement rate is dramatically impacted, dramatically cut, so that they aren't able to serve the people who need the most help.

So not only are our seniors getting nailed by not being able to make sure that they have truly the lowest possible prices that they can pay, that we could negotiate on their behalf for prescription drugs, but our hospitals are facing major cuts at the hands of the administration without any input from elected officials, just bureaucrats in the Bush White House's administration.

They actually have one proposed formula change that would presume that hospitals are just going to game the system, so they are cutting money out of their budgets, just because. Pretty much just because they think they are going to play with their numbers. Because they are going to make that assumption, they are going to take the money away, rather than prove that

they do that and then take the money away.

That is accountability? That is like what is that game that you play on the street, Three Card Monte. They are playing Three Card Monte with people's health care. I don't know. Maybe it is because most of the people who run this country in the Bush administration can afford to pay their own medical bills, so maybe it is just they have hired too many people who don't understand what it is like to try to pay the bills every month. Really, it is just beyond baffling.

Mr. MURPHY of Connecticut. I think it was a pretty simple formula. It was that we were going to squeeze and squeeze the people who have the least in this society, and that is the hospitals that care for the sick and the uninsured, it is the families that have the courage to send their loved ones off to war, it is middle-class families who can't afford to pay another dime. Those are the people that are going to get soaked in order to fund these giant tax cuts for the people.

Ms. WASSERMAN SCHULTZ. It is people who need to be able tomorrow pay for their gas in their car and who are running businesses who need to pay for the vehicles their employees are operating so they can make sure they can serve their customers so they can stay in business and pay their employees. Those are the people they are not thinking about.

I had a press conference a couple of weeks ago with Congressman KLEIN who also replaced a Member in a district that had not been represented by a Democrat for 26 years. We were out there with some of our small business owners who talked about the impact of gas prices on their bottom line.

I have a constituent in Southwest Ranches who runs a repair business. He literally last year employed 24 people, Mr. RYAN, and now employs 14. He directly attributes this to the fact that he can't afford the gas that he needs to be able to run his trucks around to the businesses that want to hire him to do the repair work. That is just unbelievable.

Mr. RYAN of Ohio. I think it is important for us to say, we know that the government can't do everything. We know that we can't solve every problem. We have got some basic responsibilities though, defense and what not.

One of the things we are doing here when it comes to gas and oil in the bill that we were on the floor today with, the Energy appropriations bill, is to invest into alternative energy sources. It is very important for us to recognize and for the American people to recognize what we are doing with our budget, because we had a lot of amendments and ''cut this'' and ''cut that.''

This bill passed out as a bipartisan bill on the House Energy and Water Subcommittee, led by Mr. HOBSON from Ohio, who is a great ranking member and was a great chair of this committee. But, finally, over the hurdles of many Republicans, over the hurdles of the President, we are now investing into renewable energy and energy efficiency procedures here $1.9 billion, a 50 percent increase in energy efficiency and renewable energy technology. An additional $300 million was added from the joint resolution 2007 resolution we passed.

We are investing in biofuels. Solar energy, hydropower, geothermal, new vehicle technology, new materials technology so we can have lighter vehicles that don't use as much fossil fuel, weatherization grants, carbon capture and sequestration, climate change science research.

You want to talk about moving the country forward? This bill funds 3,500 scientists.

Ms. WASSERMAN SCHULTZ. Could I ask you a question, Mr. RYAN? We are both on the Appropriations Committee and the committee is working very hard in a bipartisan way, I might add, to produce a product that we can really have the American people be proud of.

Is the President talking about signing this bill into law?

Mr. RYAN of Ohio. The President is talking about vetoing this bill, my good friend.

Ms. WASSERMAN SCHULTZ. Vetoing this bill. Isn't this the same President that talked, again more words, no action, talked about the need for America to end our addiction to foreign oil in his State of the Union that we sat right in this Chamber and heard him say?

Mr. MURPHY of Connecticut. Ms. WASSERMAN SCHULTZ, I think in four or five or six State of the Union speeches in a row. Not just the last one.

Mr. RYAN of Ohio. Here we have a budget that actually funds scientists, funds research. There is a great report that has come out called Rising Above the Coming Storm, something along those lines, a beautiful panel of experts led by the former CEO of Lockheed Martin, probably not a Democrat, if I had to guess, but a very detailed report on what we need to do.

One of the key components was focus on basic research in the physical sciences. That is what this bill does. Our friend, when I mentioned this the other day, I said, this is a jobs bill. This is the next generation of people that are going to benefit from the research money. They are going to get into research. They are going to partner with businesses and spring out in more research and development and manufacturing and everything else.

He said, well, this is not a jobs bill. I take issue with what the Member from Ohio is saying.

Well, I am sorry. If we figured out a way to do research and create jobs from it and create new industries, isn't that a good thing? That we were able to get a real good bang for our buck in the investments that we have made?

I just think, Mr. Speaker, that illustrates the difference in philosophy. We have one party in this country who comes to the floor and says they can solve every complex issue with two words: Smaller government, lesser taxes, this and that.

We have a bill that doesn't raise taxes and we are able, because we peeled off $14 billion in corporate welfare that we were giving to the oil companies last year and we put it in alternative energy research, we were able to make that investment without raising taxes. Don't be mad at us. Don't be a hater.

Mr. MURPHY of Connecticut. I am not a hater. As a new Member, I am loving every minute of this, Mr. RYAN.

Listen to me: From every standpoint it makes sense. You talk about the jobs that an investment in alternative energy is going to bring. Undoubtedly it is going to make our air cleaner. It is going to reduce our contribution to global warming. We know in the long run it is going to bring prices down. It is going to be the thing that finally breaks our dependence on the high prices of foreign oil.

Also it is about national security. It is about finally breaking us free of dependency on the countries that produce that oil, that compromise a lot of our conversations in places in the world like the Middle East, compromised additionally by the amount of debt those OPEC nations hold. So, it is kind of a win-win-win-win-win-win scenario.

So the question is why didn't it happen? Well, it didn't happen because the agenda here wasn't about the economy. The agenda wasn't about cleaning up the air. The agenda wasn't about lowering gas prices. The agenda was about helping a bunch of people in the oil industry.

This is what happens when you break this place free of special interests. Good policy starts to happen. You get wins for everybody when you start making this about Main Street, right, instead of about the few people that get in the room and write the legislation based on how much money they have given to campaigns and how much influence they have inside the Beltway.

Ms. WASSERMAN SCHULTZ. You know, Mr. MURPHY, what you and Mr. RYAN just outlined is what Speaker PELOSI always talks about when we are in our Caucus meetings and when I have heard her talk about the direction that she is helping us lead this country, and that is the budget, and by extension the appropriations bills, are an expression of our values.

Mr. RYAN, you talked about our colleague on the other side, and I was in the Chamber when you stood up and talked about that. It really is an expression of our values and a stark contrast in the difference between ours

and theirs. Their values were expressed in the energy bills that they passed in the 109th Congress, which gave away $14 billion in subsidies to the oil industry, which when we came into the majority we included in our first 100-hour agenda. The first six bills we passed, one of those was repealing those $14 billion in subsidies so we could responsibly use that money to expand alternative energy research. We earmarked that money appropriately and are holding it so that we can make sure we spend it on really ending our addiction to foreign oil.

So if you look at the Homeland Security bill, the Military Construction bill, the Energy and Water bill, all of the appropriations bills that we are going through right now, they are an expression of our values. They show these stark and clear differences between the way we choose to take this country, in the direction we choose to take this country, versus the direction that they had us on, which was careening into oblivion.

Mr. MURPHY of Connecticut. I think I work pretty hard. I get back to the district every minute I can. I see as many people as I am able to. But you don't have to work that hard to hear what the values of the American people are. I mean, you don't have to be everywhere at all times in your district to understand that when people were crying out for energy reform, energy reform wasn't giving more tax giveaways to big oil.

Ms. WASSERMAN SCHULTZ. No, but you do have to be listening. It is very easy to stand as a Member of Congress in front of a group of people, have a town hall meeting, be in a room sitting on your couch in your office, and you are there but you are not listening.

Mr. MURPHY of Connecticut. All I mean by that is it makes it even more inexcusable that all you had to do was go out and listen a little bit to hear the cries from people.

There are these sort of ''are you kidding me'' moments that happen out there. They happened in my district, when people are asking, listen, do something about energy policy. And the ''do something'' was let's just empower the oil companies even more.

People are crying out for change in our policy towards Iraq, and the answer was we are going to commit ourselves to even more troops and even more money and an even greater failed policy.

People stand there and say, are you kidding me? Did you hear anything I said? And for 12 years, the answer increasingly was no. We didn't hear anything you said. We didn't try, and in fact our ears were attuned to a very different set of people.

So now, this revolution that happened here isn't terribly revolutionary. We are finally starting to listen to people again, and that means investing in alternative energy, that means setting a new course in Iraq, that means making it easier for kids to go to college.

These aren't new ideas. These are ideas that people have been talking about in bars and in diners and pancake breakfasts and pasta dinners for years.

Mr. RYAN of Ohio. I don't want to say it is fun, because there are a lot of people that are still struggling, but it is so much better now to go back to your district and people ask you, what are you doing about gas prices? And we have got a great budget, and it is not immediate. That is the painful thing that you have to realize. People are struggling and people who are driving from lab to lab, they somehow have to use a lot of transportation, it is hard.

But we have something here that we are passing from the House that is going to significantly over time reduce our dependence on foreign oil, and it is going to benefit the average American consumer.

So, let's look at this in the broad sense. Of all the promises, the Democrats made promises, they got in, we gave them a shot. We are taking advantage of this shot. One, we didn't raise taxes, first of all.

But look at what we did. If you are the average person sitting out there, you now in July will have an increase in the minimum wage to over $7 an hour. So anyone who is associated with that will get an increase. Those people slightly above will also get an increase. Included in that was a tax cut for small businesses, so that those people who are bearing the brunt of this will benefit as well.

Then you are getting $700 more in your Pell Grant. So if you have got kids in school, you are going to get an extra $700 a year grant money. If you are in Ohio, Governor Strickland's budget, a former Democratic Member of Congress who is now Governor, passed a budget where there is a zero percent increase in tuition in Ohio next year, zero percent the following year, which traditionally has been almost a 9 percent increase over the past 5 or 6 years.

So if you are a student in Ohio, you are getting a 9 percent cut in your tuition from an increase that would have happened to zero, and you are getting an extra $700 Pell Grant. You are talking about an almost $2,000 tax cut for average families in Ohio if you go to school.

So you got the minimum wage, you got the Pell Grant, you have community health clinics, about $400 million increase between the supplemental and what we are doing in this year's bill. There will be hundreds of more health clinics around the country this year. People can get their healthcare. We are investing in research, 3,500 scientists will be funded through this bill in all of these different areas for alternative energy research. Increased funding in Head Start, Even Start, after school programs. This is a bill for the people.

Ms. WASSERMAN SCHULTZ. These are bills, because it is plural, that truly think about what the needs are of the average person, the person that we have been talking about for this whole hour that has a paycheck come in and has to figure out how they are going to pay all the bills with the money that comes in.

The help that we need to give them to do is to make sure not that we put money in their pocket, because like you said, Mr. RYAN, government can't do everything. Government is here to provide assistance when it is needed, when the person doesn't have the ability to deal with the issue on their own.

□ 2130

Like the cost of a student loan, like making sure that they earn a minimal amount of money so they can pay their bills and making sure that the government ensures that the domestic homeland security needs are taken care of, that we have an appropriate number of Border Patrol which has been woefully and inadequately funded under the Bush administration.

They spend a whole lot of time beating on their chest and saying how important it is that we have a strong Border Patrol. The Bush administration did not fund as many or even ask for as many Border Patrol agents as the Clinton administration did. It is just rampant hypocrisy. That is all I have seen in the 2½ years that I have been here. It is blah, blah, blah. All they do is talk, and it is hollow and empty behind the words.

They have the wrong kind of transparency on their side of the aisle, and folks see through it. That is why they are counting on us to make sure that we take care of these things.

Mr. MURPHY of Connecticut. One of the miracles of what is happening here, we are starting to change those priorities without spending more money in order to do that. You can tack onto your list of help to kids and families the fact that we passed legislation that could bring on average $4,000 in relief to students by lowering the interest rate on student loans. That is $4,000 back in the pocket of a young man or woman graduating from college, that is going to be looking to pile on a mortgage on top of their debt. And we did it at no additional expense to the taxpayers. We changed in a small way the amount of money that we guarantee to banks, and the banks are doing pretty well out there already, and we got $4,000 back in the pockets of American students and graduates without costing anybody else a dime. Same thing on the energy policy.

Mr. RYAN of Ohio. When you look at why are we doing this, because we are competing against 1.3 billion people in

China. We are competing with 1.2 citizens in India. Not only do we have to do that, but we have to put the pedal to the metal and increase the speed of what we are doing here. This is just the beginning of what we need to do to be competitive, to make sure that we have enough engineers and scientists doing the kind of research that we are passing bills on now, starting to lay the groundwork for, so more kids can afford college.

And we have to ask all of the citizens of this country to step up to bat and really make sure that you are developing your skills and talents to the best of your ability because we can't do it for you. We are going to help with funding and after school. We are going to make sure that kids get the kind of support that they need, but we need Americans to step up to bat and develop the kids so we can compete.

We only have 300 million people in the country. We are competing against 1.3 billion in China and 1.2 billion in India. We need everybody to develop to their fullest extent.

One final point, we are creating through these bills new industries that will pay dividends for our country. The alternative energy is one. With all of the funding in research, it is going to create things and scientists are going to develop things and partner with the private sector. Ten years from now, we can't even imagine what will come with this investment just this year.

In committee we had testimony that there was a blip in energy research, an increase in the late seventies when President Carter was here, and then it went right back down. In those 2 years, solar panels were developed. In those 2 years of that increase in funding.

Give these bright people the resources they need. And also, we have been able to move stem cell research which the President has vetoed. We can't even imagine the health care advances that will come from that research.

So we are creating new areas for young people to grow into and to create jobs for American people.

Ms. WASSERMAN SCHULTZ. Mr. RYAN, you try to come up with what you can compare this to as far as the situation we are in and who we are dealing with here. It is like we are in the 21st century and we are negotiating with the Cro-Magnon man, people who are stuck in the Paleozoic era. How do you even begin a conversation?

If it is not their values, maybe it is that they are literally—maybe the tape recorder is broken. Maybe they are stuck in the age of dinosaurs. You can watch TV and see there are commercials on with Cro-Magnon man. Maybe they have infiltrated the United States Congress.

Mr. RYAN of Ohio. I see a commercial here. They are going to be mad at you. Why are you making fun of the caveman?

Ms. WASSERMAN SCHULTZ. I know, I know, I am going to offend the cavemen. But we work with a lot of them. People who think like cavemen. That is not a constituency I have to worry about too much right now. Really, that is what we have to deal with.

Can you imagine sitting around the negotiating table with a caveman. How easy would be it to move the caveman off their view. Not very easy. We need the American people to help continue to communicate with our colleagues and tug them into the 21st century where we are dwelling.

Mr. MURPHY of Connecticut. I am excited that we almost got to the end of the hour without a five syllable word until Paleozoic. That is in part why I joined the 30-Something Working Group, to get that kind of vocabulary help.

There is a lot of anger coming from the minority side right now, and I think there is probably reason for them to be angry. When 1 or 2 percent of the population gets the run of the place for 12 years.

Ms. WASSERMAN SCHULTZ. They brought it on themselves. They have only themselves to blame.

Mr. MURPHY of Connecticut. When the other 98 percent get their government back, I would be angry myself if all of a sudden my day was over.

But let's not overstate the partisan differences here because when we have put on the House floor good legislation for the American people, that student loan cut that we talked about, investment in alternative energy, stem cell research, when we put that before the House a lot of Republicans came over and supported it.

So there is a group of leadership, that is frankly the ones that come down the House floor and do most of talking, but there are a bunch of Republicans when Democrats finally put an agenda that is sticking up for regular people, they are going to support us on that. The newspapers and the TV talk shows are filled with the Republican leadership who, frankly, it seems to me, after 6 months on the job, don't speak for a lot of people on that side of the aisle.

I think what we are doing here over time is when you get past a lot of the rhetoric, a lot of the votes end up being pretty bipartisan because when you get beyond the leadership, you have Republicans who are appreciative of the fact that Democrats have finally returned this place to the American people.

Mr. RYAN of Ohio. It is going to be interesting to watch the contortions with our friends on the other side of the aisle, you can see their strategy is to blame the $3 trillion that they ran up somehow on us when we weren't in charge of anything, and then they are going to start taking credit for things like the earmark transparency that we, we are in charge here, so if it passes, we have done it. What we have done they are going to try to take credit for.

But it will be so much nicer, I think, next year when all of this is passed and the American people recognize it is the Democrats that has done this. And if the President vetoes it, let's go out and campaign, take that one to the American people and let the President defend not hiring 3,500 scientists in DOE to do alternative energy research. Let him say he is going to veto the Pell Grants. It will be easier because we won't have to come to the floor as much, occasionally just to remind the American people what we are doing instead of trying to push what we are doing now. I think that will be a good time for us.

So we are happy that we do get some support. As I stated earlier, the gentleman from Ohio (Mr. HOBSON) has been a tremendous advocate for putting this budget together through the Energy Department, but the extremists in their party which have been governing their party for the last 6 years, are still coming kicking and screaming into the high-tech research and development economy that we are in now, and somehow think if they cut taxes for a millionaire and that millionaire invests that money in a plant in China, that somehow is benefiting average Americans. Wages have been stagnant for 30 years. So we are trying to create new economies, new sectors of the economy that will grow and provide opportunity for most people.

I just saw a poll yesterday, 7 in 10 Americans think the economy is getting worse for them. That is obviously not shared prosperity, and our friends come to the floor and say the stock market is doing great. Well, that is great if you have stocks. And even if you do, I don't know if it makes up for the stagnant wages and the 20 percent increase in health care costs.

Ms. WASSERMAN SCHULTZ. We need some more bipartisanship. And the Six in 06 agenda, the Medicare legislation to ensure that we can negotiate for lower drug prices, the repeal of the $14 billion in subsidies, the passage of the 9/11 Commission recommendations, the minimum wage, those bills had an average of 65 Republican votes. We are glad to have the rank and file Members who clearly were stymied and strangled by their leadership in the majority who are willing to do the right thing and come along with us.

I wish we could see more of that bipartisanship and wide open eyes on the war in Iraq because we still have a bunch of lemmings who continue to just be willing to walk off the plank and not ask any questions and continue the same mantra. It is really startling.

The bills that we put out on this floor to establish a timeline and to establish benchmarks and to ensure that we can begin to turn this conflict over

to the Iraq government, maybe we got two Republican votes on those bills. And one we got one Republican vote on it.

You know, over the weekend, because we have been waiting, and they all say wait until September. There are 14 who went to the White House and said to the President, you have until September. We are going to hang with you, but in September we better see some results or else.

Over the weekend, in my papers we saw commentary from General Petraeus who said, you know, it is not looking like we are going to be able to do any significant draw down or any draw down of troops in September. In fact, we may need to be in Iraq for 10 years. Ten years.

Mr. Speaker, my children will be adults in 10 years. My oldest kids are 8. That means we will have spent virtually because what we are going on, 6 years in Iraq now, that means we will have spent my children's entire life in Iraq. Can you imagine. Their entire childhood twisted and mired in another country's conflict that we created for no good reason or at least for a reason that wasn't accurate with an administration who can't admit when they are wrong. There is no bipartisanship there, and let's just make that clear.

When, God forbid, when we are still twisted in this war in Iraq next year, we will do our best that we vote to bring those troops home and establish those benchmarks and some accountability. But if we don't have the votes to override a veto with our Republican colleagues, we will still be there next year, and that is what is going to decide the 2008 election.

It is not that I hope that happens because I don't. I want to make sure that the troops come home and are reunited with their family, but we will have a Democratic President at that point because the American people are done. Stick a fork in them, done.

Mr. MURPHY of Connecticut. Mr. Speaker, for all those people out there who came out to the polls and voted on national security or fiscal responsibility or competence in government, no matter what you hear late at night here or on the talk radio shows from the Republicans, pay attention to what happens here in the House of Representatives over the coming weeks and months.

Pay attention to the Democratic majority's plan to balance this budget, to pass on tax relief to people that need it, to start restoring order in this world so we are fighting the right fight at the right time. Pay attention to what happens here.

□ 2145

As we have said over and over again, for the first time in over a decade, words are going to be matched with actions. From one side of this Chamber, from the Republican side, you're going to see words. From the Democratic side, you're going to see words and action to follow. As a new Member of the 30-somethings and as a new Member of this Congress, that's what makes me proud to be here, is that we're saying the right things and then we're doing the right things behind it. All those people who came out and cast their votes based on those ideas are going to find those ideas put into action here.

Mr. RYAN of Ohio. Let's reassure those soldiers and their families who are serving that this will not be another Vietnam when these kids come home. I think we've already seen that. In the VA budget, $1.7 billion above the President's request for medical services. We have major construction, $3.6 billion, $193 million over the President's request. For medical administration, these vets have been backlogged for years, mental health and substance abuse, increase $100 million over the 07 request. Assistance for homeless vets, health care sharing incentive fund. A lot of money that's going to take care of them.

Ms. WASSERMAN SCHULTZ. Two things I just wanted to add on that. For veterans, it means the largest single increase in the 77-year history for veterans health care in the Veterans Administration. What that means is that the people that I serve and that you serve that are veterans who are waiting 7 and 8 months to get their health care taken care of at their local VA hospitals, they're going to get taken care of. Actions to match words, just like the gentleman from Connecticut said.

Mr. RYAN of Ohio. Let's just remember that we're doing all this without raising taxes. Check your form this year, compare it to next year, there will be no tax increase. We're reducing the budget. We balance it in 5 years, unlike what has happened over the past 6 years with a Republican House, a Republican Senate and a Republican White House.

Mr. Speaker, I think it's important to remind the American people of this, that they borrowed billions and billions, $644 billion from Japan, $349 billion from China, $100 billion in 06 from OPEC countries in order to begin the largest debt, $3 trillion. Our friends on the other side have raised the debt limit while they were in charge five times so they can borrow more money from Japan and China and put our national security at risk here and, quite frankly, not account for the budget in the United States like they should.

It was an honor to be here with our friend from Florida.

Ms. WASSERMAN SCHULTZ. Same here.

Mr. RYAN of Ohio. Our friend from Connecticut.

Mr. MURPHY of Connecticut. Thank you, Mr. RYAN.

It's a privilege to be a part of the 30-Somethings, Speaker PELOSI's working group. You can e-mail us at 30somethingdems@mail.house.gov. You can visit us on the Speaker's Web page, www.speaker.gov and there's a link there to the 30-something's page.

Mr. RYAN of Ohio. Mr. Speaker, I yield back the balance of my time.

CELEBRATING THE 100TH ANNIVERSARY OF THE TOWN OF RONDA

The SPEAKER pro tempore (Mr. ALTMIRE). Under a previous order of the House, the gentlewoman from North Carolina (Ms. FOXX) is recognized for 5 minutes.

Ms. FOXX. Mr. Speaker, I rise today in recognition of the centennial of the town of Ronda, North Carolina. This week, Ronda celebrates the 100th anniversary of its 1907 incorporation.

Ronda, a thriving community in Wilkes County, North Carolina, is home to a rich heritage of hardworking families, and I am very proud to represent them.

The town traces its roots all the way back to 1779, when the surrounding area was deeded to Benjamin Cleveland in what would become the eastern part of Wilkes County.

Cleveland established a farming operation which became known as Roundabout Farm, named for the way the Yadkin River cut through the land around the farm. As these things usually turn out, the term Roundabout was shortened and the name Ronda was born.

Manufacturing operations and agriculture have played a large role in the town's 100-year history, making Ronda one of the economic epicenters of Wilkes County during the past century. While the town of Ronda has certainly seen its share of economic storms, it remains a strong and united American community today.

I wish to honor this fine North Carolina community for its steadfast commitment to the small town values that help make this Nation great. Happy centennial, Ronda. Here's to 100 more years of small town living.

LEAVE OF ABSENCE

By unanimous consent, leave of absence was granted to:

Mr. ORTIZ (at the request of Mr. HOYER) for today and the balance of the week on account of personal health reasons.

Mr. MCCOTTER (at the request of Mr. BOEHNER) for June 18.

Mr. SULLIVAN (at the request of Mr. BOEHNER) for today and June 19.

Mr. WALDEN of Oregon (at the request of Mr. BOEHNER) for June 19.

SPECIAL ORDERS GRANTED.

By unanimous consent, permission to address the House, following the legislative program and any special orders heretofore entered, was granted to:

(The following Members (at the request of Mr. CAPUANO) to revise and extend their remarks and include extraneous material:)

Ms. WATERS, for 5 minutes, today.

Ms. WOOLSEY, for 5 minutes, today.

Mr. DEFAZIO, for 5 minutes, today.

Mr. DAVIS of Illinois, for 5 minutes, today.

Ms. KAPTUR, for 5 minutes, today.

Mr. SESTAK, for 5 minutes, today.

Mr. MCINTYRE, for 5 minutes, today.

(The following Members (at the request of Mr. JONES of North Carolina) to revise and extend their remarks and include extraneous material:)

Mr. POE, for 5 minutes, June 27.

Mr. JONES of North Carolina, for 5 minutes, June 27.

Mr. BISHOP of Utah, for 5 minutes, today and June 21.

(The following Member (at her own request) to revise and extend her remarks and include extraneous material:)

Ms. FOXX, for 5 minutes, today.

SENATE BILLS REFERRED

A bill of the Senate of the following title was taken from the Speaker's table and, under the rule, referred as follows:

S. 277. An act to modify the boundaries of Grand Teton National Park to include certain land within the GT Park Subdivision, and for other purposes to the Committee on Natural Resources.

ADJOURNMENT

Mr. DONNELLY. Mr. Speaker, I move that the House do now adjourn.

The motion was agreed to; accordingly (at 9 o'clock and 50 minutes p.m.), the House adjourned until tomorrow, Thursday, June 21, 2007, at 10 a.m.

EXECUTIVE COMMUNICATIONS, ETC.

Under clause 8 of rule XII, executive communications were taken from the Speaker's table and referred as follows:

2270. A letter from the Chief, Regulations and Administrative Law, Department of Homeland Security, transmitting the Department's final rule — Drawbridge Operation Regulations; California Route 12 Drawbridge, near Isleton, CA [CGD11-07-011] (RIN: 1625-AA09) received June 13, 2007, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

2271. A letter from the Chief, Regulations and Administrative Law, Department of Homeland Security, transmitting the Department's final rule — Drawbridge Operation Regulations; Illinois Waterway, Beardstown, IL [CGD08-07-012] received June 13, 2007, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

2272. A letter from the Chief, Regulations and Administrative Law, Department of Homeland Security, transmitting the Department's final rule — Drawbridge Operation Regulation; Burns Cutoff, Stockton, CA [CGD11-07-010] (RIN: 1625-AA09) received June 13, 2007, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

2273. A letter from the Chief, Regulations and Administrative Law, Department of Homeland Security, transmitting the Department's final rule — Large Passenger Vessel Crew Requirements [USCG-2007-27761] (RIN: 1625-AB16) received June 13, 2007, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

2274. A letter from the Chief, Regulations and Administrative Law, Department of Homeland Security, transmitting the Department's final rule — Navigation and Navigable Waters; Technical, Organizational, and Conforming Amendments [USCG-2006-25150] (RIN: 1625-ZA08) received June 13, 2007, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Transportation and Infrastructure.

2275. A letter from the Chief, Publications and Regulations, Internal Revenue Service, transmitting the Service's final rule — Guidance to clarify the treatment of certain distributions under Internal Revenue Code section 897(h)(1) [Notice 2007-55] received June 15, 2007, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Ways and Means.

2276. A letter from the Chief, Regulations and Publications Branch, Internal Revenue Service, transmitting the Service's final rule — 26 CFR 601.201: Rulings and determination letters (Also, Part 1, 401; 1.401(b)-1.) (Rev. Proc. 2007-44) received June 15, 2007, pursuant to 5 U.S.C. 801(a)(1)(A); to the Committee on Ways and Means.

REPORTS OF COMMITTEES ON PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XIII, reports of committees were delivered to the Clerk for printing and reference to the proper calendar, as follows:

Mr. CARDOZA: Committee on Rules. House Resolution 502. Resolution providing for consideration of the bill (H.R. 2771) making appropriations for the Legislative Branch for the fiscal year ending September 30, 2008, and for other purposes (Rept. 110–201). Referred to the House Calendar.

PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XII, public bills and resolutions were introduced and severally referred, as follows:

By Mr. PETERSON of Pennsylvania (for himself, Mr. ABERCROMBIE, Mrs. DRAKE, Mr. NUNES, Mr. EDWARDS, and Mr. MELANCON):

H.R. 2784. A bill to greatly enhance the Nation's environmental, energy, economic, and national security by terminating long-standing Federal prohibitions on the domestic production of abundant offshore supplies of natural gas, to dedicate fixed percentages of the resultant royalties for environmental restoration projects, renewable energy and carbon sequestration research, and weatherization and energy assistance for those in need, and to share a portion of such royalties with producing States, and for other purposes; to the Committee on Natural Resources, and in addition to the Committees on Rules, and the Budget, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. WELCH of Vermont:

H.R. 2785. A bill to amend the Internal Revenue Code of 1986 to provide that the exception from the treatment of publicly traded partnerships as corporations for partnerships with passive-type income shall not apply to partnerships directly or indirectly deriving income from providing investment adviser and related asset management services; to the Committee on Ways and Means.

By Mr. KILDEE (for himself, Mr. PEARCE, Ms. WATERS, Mr. BOREN, Mr. RENZI, Mr. COLE of Oklahoma, and Mr. FRANK of Massachusetts):

H.R. 2786. A bill to reauthorize the programs for housing assistance for Native Americans; to the Committee on Financial Services.

By Mr. ELLSWORTH (for himself, Ms. GRANGER, and Mr. MOORE of Kansas):

H.R. 2787. A bill to amend the National Manufactured Housing Construction and Safety Standards Act of 1974 to require that weather radios be installed in all manufactured homes manufactured or sold in the United States; to the Committee on Financial Services.

By Mr. FLAKE:

H.R. 2788. A bill to require each piece included in a mass mailing sent by a Member of the House of Representatives as franked mail to include a statement of the costs of producing and mailing the mass mailing, and for other purposes; to the Committee on House Administration.
